◈ REGULAR AGENDA ◈

8. Applications for Pharmaceutical Technician in Training Registration (NAC 639.242) – Appearance. (**FOR POSSIBLE ACTION)**

A. Sheyanne Moore

Sheyanne Moore appeared and was sworn in by President Park prior to answering questions and offering testimony.

David Wuest, Executive Secretary of the Nevada Board of Pharmacy, provided background on her appearance regarding a completed evaluation that was requested by the Board. He commented that the counselor stated she is fit to work; however, she should continue bi-weekly meetings for a year. Since the motion did not state this information, he is bringing this request in front of the Board for approval.

Ms. Moore is in favor of the suggestion by her counselor.

Board Action:

Motion: Jade Jacobo moved to approve Pharmaceutical Technician in Training Registration for Sheyanne Moore with conditions that she continues her bi-weekly meetings with her counselor for one year.

Second: Wayne Mitchell

Action: Passed unanimously.

B. Clinton Rickman

Clinton Rickman appeared and was sworn in by President Park prior to answering questions and offering testimony.

Yenh Long, Deputy Secretary of the Nevada Board of Pharmacy, provided background on disclosure regarding trafficking controlled substances.

The Board questioned Mr. Rickman regarding the events that occurred with his disclosure and why he wants to become a Pharmaceutical Technician.

Mr. Rickman answered questions to the Board's satisfaction.

Board discussion ensued regarding Mr. Rickman's career in a pharmacy. Many Board members had reservations approving his licensure.

Board Action:

Motion: Jade Jacobo moved to deny Pharmaceutical Technician in Training Registration for Clinton Rickman.

Second: Rolf Zakariassen

Action: Passed unanimously.

26. Discussion and possible action to request an Attorney General Opinion pursuant to NRS 228.150 on whether Nevada law requires any pharmacist compounding or dispensing any prescription for a controlled substance or dangerous drug for a patient located in Nevada to be registered with the Board. **(FOR POSSIBLE ACTION)**

Mr. Kandt provided background to the Board on the agenda item.

President Park opened public comment.

Roger Morris, attorney with Quarles & Brady, commented that an Attorney General's Opinion (AGO) is needed on this matter and referred to written comments submitted by his firm.

Bill Head from Pharmaceutical Care Management Association commented that this interpretation of the law needs to be reviewed carefully, and he appreciates Board staff's openness on this issue.

Liz McMenamin from the Retail Association of Nevada commented that this interpretation of Nevada law may bring restrictions to pharmacies during the pandemic and questioned how this will help patient safety.

Mr. Wuest commented that Board staff is working with out-of-state pharmacists to grant temporary registrations while applications are pending.

Board discussion ensued regarding whether an AGO is necessary.

Board Action:

Motion: Jade Jacobo moved to seek a formal opinion from the AGO on whether Nevada law requires any pharmacist compounding or dispensing any prescription for a controlled substance or dangerous drug for a patient located in Nevada to be registered with the Board.

Second: Gener Tejero

Aye: Park, Jacobo, Tejero, Freitas, Mitchell, Zakariassen

Nay: Tomasso

Action: Motion carries.

9. Applications for Advance Practice Registered Nurse – Prescribe Registration (NAC 639.850) – Appearance. (**FOR POSSIBLE ACTION)**

B. Ma. Celestina Aguilar

Ma. Celestina Aguilar appeared and was sworn in by President Park prior to answering questions and offering testimony.

Courtney Lee, General Counsel of the Nevada Board of Pharmacy, provided background on disclosure regarding money laundering.

The Board questioned Ms. Aguilar on the events that occurred with her disclosure.

Ms. Aguilar answered questions to the Board's satisfaction.

Board Action:

Motion: Jade Jacobo moved to approve Advance Practice Registered Nurse – Prescribe Registration for Ma. Celestina Aguilar.

Jason Bellak appeared and was sworn in by President Park prior to answering questions and offering testimony.

Ms. Long provided background on disclosures regarding substance abuse, a DUI, child abuse, and battery.

The Board questioned Mr. Bellak regarding the events that occurred with his disclosures and his license status with other pharmacy boards.

Mr. Bellak answered questions to the Board's satisfaction.

Board discussion ensued regarding Mr. Bellak's past discipline and a possible evaluation.

Board Action:

Motion: Jade Jacobo moved to approve for Controlled Substance Registration for Jason Bellak.

Second: Rolf Zakariassen

Board discussion ensued regarding if Mr. Bellak should receive an evaluation before approval of licensure.

Aye: Park, Jacobo, Freitas, Tomasso, Zakariassen

Nay: Mitchell, Tejero

Action: Motion carries.

B. Victor Bruce

Victor Bruce appeared and was sworn in by President Park prior to answering questions and offering testimony.

John Hunt appeared as counsel on behalf of Dr. Bruce.

Ms. Lee provided background on Dr. Bruce's federal conviction in 2014 for conspiracy to distribute oxycodone and his 2020 citation and fine from the Board for dispensing controlled substances without a registration.

Mr. Hunt and Dr. Bruce contested that Dr. Bruce had dispensed controlled substances without a registration.

Brett Kandt, General Counsel for the Board, objected to Dr. Bruce's arguing the merits of the citation and fine at this juncture since he dropped his appeal, waived his right to a hearing, and paid the fine.

The Board questioned Dr. Bruce regarding his disclosures and past work history.

Board discussion ensued regarding Dr. Bruce being a risk to the public.

Board Action:

Motion: Jade Jacobo moved to deny Victor Bruce's application for a controlled substance registration pursuant to NRS. 453.231 (1)(d) and (h).

Mark Vellek appeared and was sworn in by President Park prior to answering questions and offering testimony.

Ms. Lee provided background on disclosures regarding a record keeping issue.

Mr. Vellek clarified that he did not divert drugs, but the issue was his staff did not properly record keeping the drugs.

Board Action:

Motion: Jade Jacobo moved to approve Controlled Substance Registration for Mark Vellek.

Second: Krystal Freitas

Action: Passed unanimously.

12. Application for Nevada Pharmacy License (NRS 639.230) – Appearance (**FOR POSSIBLE ACTION**)

A. Allivet – Las Vegas, NV

Leticia Vasquez (Director of Compliance), Jerry Depa (Managing Pharmacist for Las Vegas, NV), and Mitchell Manor (Managing Pharmacist for Fishers, IN) appeared and were sworn in by President Park prior to answering questions and offering testimony.

President Park requested a Letter of Authorization for Ms. Vasquez to speak on behalf of Allivet.

Ms. Lee provided background on Allivet's disclosures regarding unlicensed practice and actions taken by other pharmacy boards due to their disciplinary actions.

The Board questioned Mr. Depa about the business model and his work history.

Mr. Depa answered Board's questions and commented that he is working from home.

Mr. Wuest commented that Mr. Depa needs to request a permission from the Board to work outside of a pharmacy.

Board discussion ensued regarding if they should license this location and putting possible conditions on licensure.

Board Action:

Motion: Jade Jacobo moved to approve Allivet's application for a Nevada Pharmacy License pending favorable inspection. Also, quarterly inspections for a year at the company's expense.

Second: Richard Tomasso

Aye: Jacobo, Tejero, Freitas, Tomasso, Zakariassen, Mitchell

Nay: Park

Action: Motion carries.

14. Applications for Out-of-State Pharmacy License (NRS 639.2328) – Appearance

A. Allivet – Fishers, IN

Ms. Lee commented that the disclosures are the same as Agenda Item 12A.

The Board questioned Allivet to see if they have a Nevada licensed pharmacist.

Ms. Vasquez commented that Stuart Tolman who is a pharmacist at this location is licensed with Nevada.

Board Action:

Motion: Richard Tomasso moved to approve Allivet's Out-of-State Pharmacy License.

Second: Jade Jacobo

B. Elemental Pharmacy – Las Vegas, NV

Richard Tomasso was excused from the meeting at 12:06pm.

Randy Case, Chief Executive Officer, and Jenner Sinang, Managing Pharmacist, appeared and were sworn in by President Park prior to answering questions and offering testimony.

Joe Dodge, Nevada Board of Pharmacy Inspector, provided background on the application.

Mr. Dodge questioned Mr. Case regarding the business model, types of products being sold, and how he chose the location for the pharmacy.

Mr. Dodge questioned Mr. Sinang about how he found this position and his work history.

Mr. Case and Mr. Sinang answered Board's questions to their satisfaction.

The Board questioned Mr. Sinang regarding his work history as the documentation in the application is not clear. They do not know how he worked full-time in Nevada and Texas during the same time frame.

Mr. Sinang tried to clarify to the Board and explained that he is having a hard time putting his hours into words.

Board discussion ensued.

Mr. Case requested to table the application to work on clarifying Mr. Sinang's work history.

President Park tabled Elemental Pharmacy's application at Mr. Case's request.

9. Applications for Advance Practice Registered Nurse – Prescribe Registration (NAC 639.850) – Appearance. (**FOR POSSIBLE ACTION)**

5. Disciplinary hearings pursuant to NRS 639.247. (**FOR POSSIBLE ACTION**)

A. David Potter, MD (19-260-CS-N)

Lyn Beggs appeared as counsel representing David Potter.

Dr. Potter was not present for the hearing.

Brett Kandt prosecuted the case and made an opening statement that Dr. Potter had diverted dangerous drugs from a Pyxis automated medication dispensing system at the hospital where he was employed.

Mr. Kandt and Ms. Beggs stipulated to the entry into the record of the "Statement of Dr. David Potter" on pages 904-905 of the supporting materials. President Park admitted the statement into evidence.

Ms. Beggs represented that Dr. Potter is no longer practicing medicine in Nevada.

Mr. Kandt made reference to the proposed order on pages 906-910 and noted with regard to proposed finding of fact no. 5 that Dr. Potter failed to renew his certificate of registration no. CS28902. The Board cannot revoke an expired registration, which is forfeited pursuant to NRS 639.180(6).

In addition, the proposed order requires a fine of $1,000 and $500 to partially reimburse the Board for reasonable attorney's fees and recoverable costs incurred in investigating and prosecuting this matter.

Mr. Kandt requested that the Board make Findings of Fact, Conclusions of Law, and impose discipline consistent with the proposed order.

Board Action:

Motion: Richard Tomasso moved to make Findings of Fact consistent with paragraphs 1-6 of the proposed order.

Second: Wayne Mitchell

Action: Passed unanimously.

Board Action:

Motion: Richard Tomasso moved to make Conclusions of Law consistent with those set forth in the proposed order.

Second: Krystal Freitas

Action: Passed unanimously.

Motion: Richard Tomasso moved to impose discipline as set forth in paragraphs 1-8 of the proposed order.

Second: Wayne Mitchell

Action: Passed unanimously.

N. Gail Popelka Krivan, MD (21-090-CS-N)

Wayne Mitchell recused himself from this matter as he worked with Dr. Krivan.

Lyn Beggs appeared as counsel representing Dr. Krivan.

Dr. Krivan appeared and was sworn in by President Park prior to answering questions and offering testimony.

Mr. Kandt provided background on the charges of Dr. Krivan violating Federal and State law related to prescribing controlled substances to treat acute or chronic pain, her resulting

discipline by the Nevada State Board of Medical Examiners, and a proposed Stipulation and Order on pages 1079-1084.

Dr. Krivan's Certificate of Registration No. CS10632 is suspended; the suspension is stayed and respondent is placed on probation for a period of one year subject to the following: 1) public reprimand; 2) a fine of $2,500 for the violations; 3) $1,000 to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter; 4) respondent establish and put into practice all necessary policies and procedures to ensure that any controlled substance prescription issued for the treatment of acute or chronic pain complies with the provisions of Federal and State law; and 5) respondent shall comply with all Federal and State laws regarding controlled substances and dangerous drugs, and have no additional charges filed while on probation.

Board discussion ensued.

Board Action:

Motion: Krystal Freitas moved to approve the proposed Stipulation and Order for Dr. Gail Krivan.

Second: Rolf Zakariassen

Board discussion ensued.

Action: Passed unanimously (Mitchell recused).

D. Walgreen's Pharmacy #5814 (18-117-PHN-S)
E. Shanela Blas-Catacutan, RPH (18-117-RPH-A-S)
F. Rexequiel Ner, RPH (18-117-RPH-B-S)

Gener Tejero disclosed that he has a professional relationship with Mr. Stilling but stated that he could participate in this matter fairly and without bias.

Bill Stilling appeared as counsel representing Shanela Blas-Catacutan, Rexequiel Ner, and Walgreens.

Shanela Blas-Catacutan and Rexequiel Ner appeared and were sworn in by President Park prior to answering questions and offering testimony.

Ms. Lee provided background on the case regarding a duplication error on a prescription.

Ms. Lee provided a proposed Stipulation and Order for the Board's consideration.

The Order stipulates to the following penalties for Walgreens #5814 Certificate of Registration No. PHN01519: 1) The respondent pay a fine of $500 2) The respondent shall pay a fine of $500 to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter.

The Order stipulates to the following penalties for Ms. Blas-Catacutan Certificate of Registration No. 17360: 1) The respondent pay a fine of $500 2) The respondent shall pay a fine of $500 to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter 3) The respondent shall complete 2

additional hours of continuing education regarding record keeping within 90 days of the effective Order date.

The Order stipulates to the following penalties for Mr. Ner Certificate of Registration No. 18472: The respondent pay a fine of $500 2) The respondent shall pay a fine of $500 to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter 3) The respondent shall complete 2 additional hours of continuing education regarding record keeping within 90 days of the effective Order date.

Mr. Stilling requested to see if general error prevention would suffice their continuing education requirement.

Board discussion ensued.

Sophia Long, Nevada Board of Pharmacy Counsel, commented that if the Board, Mr. Stilling, and his clients agree to changing the continuing education requirement in the Order, it will be allowed.

Board Action:

Motion: Krystal Freitas moved to approve the Stipulation and Order as proposed by Ms. Lee with changes to the continuing education requirement to state record keeping or error prevention.

Second: Wayne Mitchell

Action: Passed unanimously.

G. Walgreen's Pharmacy #5814 (18-042-PHN-S)
H. Shanela Blas-Catacutan, RPH (18-042-RPH-S)

Ms. Lee presented Stipulated Facts for the Board's consideration.

Mr. Stilling had no objections to the Stipulated Facts.

Ms. Lee read the Stipulated Facts into the record that Ms. Blas-Catacutan erroneously performed the final data entry, data verification, and production verification for the prescription which was supposed to contain Methylphenidate 5mg. Ms. Blas-Catacutan failed to detect that Methadone 5mg was filled instead and marked it as accurate during her final product review. Thereafter, the patient ingested one tablet which resulted in a visit to the hospital where the child experienced symptoms of mood swings.

Ms. Lee recommended penalties for Walgreens Pharmacy #5814 and Ms. Blas-Catacutan for the Board's consideration.

Walgreens Pharmacy# 5814 would receive the following penalties for Certificate of Registration No. PHN01519: 1) The respondent will receive a public reprimand 2) The respondent will pay a fine of $3,000 3) The respondent will pay $1,000 to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter.

Ms. Blas-Catacutan would receive the following penalties for Certificate of Registration No. 17360: 1) The respondent will receive a public reprimand 2) The respondent will pay a fine of $2,000 3) The respondent will pay $598 to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter 4) The respondent completes two extra hours of continuing education regarding error prevention or verification processes within 90 days of the effective Order date.

Mr. Stilling suggested that the Walgreens reprimand be removed from the penalties.

Board discussion ensued.

Ms. Lee requested the Board to make Conclusions of Law consistent with paragraphs 7-10 of the Notice of Intended Action and Accusation.

Board Action:

Motion: Jade Jacobo moved to make Conclusions of Law consistent with paragraphs 7-10 of the Notice of Intended Action and Accusation.

Second: Rolf Zakariassen

Action: Passed unanimously.

Second: Rolf Zakariassen

The Board questioned Ms. Blas-Catacutan about how this occurred and the process for mislabels.

Ms. Blas-Catacutan answered questions to the best of her knowledge.

Board staff suggested that Holly Prievo provide insight as she knows more about the processes.

Holly Prievo, Healthcare Supervisor for Walgreens, appeared and was sworn in by President Park prior to answering questions and offering testimony.

President Park disclosed that she has a professional relationship with Ms. Prievo but stated that she could participate in this matter fairly and without bias.

Ms. Prievo provided further clarification to Board regarding the prescription filling process for Walgreens and the process for misfills.

Action: Krystral Freitas and Rolf Zakariassen withdrew their motion.

Board discussion ensued regarding possible discipline for Ms. Blas-Catacutan.

Board Action:

Motion: Wayne Mitchell moved to approve the following penalties for Ms. Blas-Catacutan: 1) The respondent will receive a public reprimand 2) The respondent will pay a fine of $2,000 3) The respondent will pay $598 to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter 4) The respondent completes ten additional hours of continuing education regarding error prevention, pediatrics, and dosing or verification processes within 90 days of the effective Order date.

Second: Gener Tejero

Action: Passed unanimously.

K. Ravi Krishnan, MD (17-090-CS-S)

Lyn Beggs appeared as counsel representing Dr. Ravi Krishnan.

Dr. Krishnan was not present for the hearing.

Mr. Kandt provided background on the charges of Dr. Krishnan permitting his practice manager to access, possess, furnish and/or administer dangerous drugs, and presented and a proposed Stipulation and Order on pages 1017-1022.

Dr. Krishan, Certificate of Registration No. CS10632, stipulates to the following penalties: 1) public reprimand; 2) a fine of $2,500; 3) $1,000 to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter; 4) respondent establish polices and procedure within his practice; 5) respondent shall not dispense without obtaining a dispensing practitioner registration; and 6) respondent shall comply with all federal and state laws regarding controlled substances and dangerous drugs, and have no additional charges filed while on probation.

Ms. Beggs commented that Dr. Krishnan did not dispense any controlled substances to patients.

Board discussion ensued.

Board Action:

Motion: Wayne Mitchell moved to approve the proposed Stipulation and Order for Dr. Ravi Krishnan.

B. American Buffalo Xpress (20-226-N)

Gerald Sargent, Managing member of American Buffalo Xpress, appeared and was sworn in by President Park prior to answering questions and offering testimony.

Mr. Kandt made an opening statement that American Buffalo Xpress engaged in the business of receiving, storing and delivering prescription drugs for Walmart, Inc., from Sacramento, CA, into Nevada and to the pharmacies located in Nevada. American Buffalo Xpress is not licensed to engage in business as an authorized warehouse in Nevada.

On May 10, 2021, a Cease and Desist/Citation and Fine was served upon American Buffalo Xpress; On June 4, 2021, American Buffalo Xpress appealed. Kandt noted that neither the Cease and Desist/Citation and Fine nor the appeal request were included in the Board materials; Kandt had those documents entered in the record.

Mr. Sargent made an opening statement that he does not believe that American Buffalo Xpress required a license for these activities and only stored the drugs in a storage facility for only a few hours.

Mr. Kandt called Monica Segedy, Nevada Board of Pharmacy Investigator, as a witness. Ms. Segedy was sworn in by President Park prior to answering questions and offering testimony.

Ms. Segedy testified as to the investigation and determination that American Buffalo Xpress engaged in the business of receiving, storing and delivering prescription drugs for Walmart, Inc., from Sacramento, CA, into Nevada and to the pharmacies located in Nevada. Segedy testified that beginning in August 2020, American Buffalo Xpress operated from Security Self Storage, 355 E. Greg Street, Sparks, Nevada, Unit #218; this facility lacked climate control or an alarm system.

Mr. Kandt requested that Mr. Sargent stipulate to entering a document entitled “Statement of Gerald D. Sargent” into the record. Mr. Sargent had no objection.

President Park admitted the statement into the record. Kandt questioned Ms. Segedy on the statement. Mr. Sargent had no questions for the witness and the witness was excused.

Mr. Kandt called David Wuest, Nevada Board of Pharmacy Executive Secretary, as a witness.

Mr. Wuest was sworn in by President Park prior to answering questions and offering testimony.

Mr. Wuest testified as to the investigation and determination that the drugs delivered by American Buffalo Xpress were not dispensed to the patients but were destroyed after Walmart was notified. Mr. Sargent had no questions for the witness and the witness was excused.

Mr. Sargent testified that American Buffalo Xpress required a license for these activities and only stored the drugs in the storage facility for only a few hours.

Board discussion ensued.

Mr. Kandt requested that the Board make Findings of Fact consistent with paragraphs 1-4 of the Statement of the Respondent and Notice of Hearing.

Board Action:

Mr. Kandt made an opening statement on the charges that Mr. Hall falsified prescriptions for himself and his admissions in his Answer and Notice of Defense at pages 1105-1106.

Mr. Hall apologized to the Board for his actions. He commented that he was overworked and was not thinking properly and meant no harm to Sandra Deveny, APRN.

Mr. Kandt called Monica Segedy, Nevada Board of Pharmacy Investigator, as a witness. Ms. Segedy was sworn in by President Park prior to answering questions and offering testimony.

Ms. Segedy testified as to the investigation and determination that Mr. Hall misappropriated the credentials of APRN Deveny to falsify prescriptions for himself. Segedy provided foundation testimony for signed statement from Mr. Hall dated July 15, 2021.

Mr. Kandt requested that the statement be entered into the record. Mr. Hall had no objection.

President Park admitted the statement into the record.

Mr. Sargent had no questions for the witness and the witness was excused.

The Board questioned Mr. Hall on the charges and sought clarification on his prior discipline from the California Board of Pharmacy for falsifying a prescription for his wife.

Mr. Kandt requested that the Board make Findings of Fact consistent with paragraphs 1-5 of the Notice of Intended Action and Accusation.

Board Action:

Motion: Jade Jacobo moved to make Findings of Fact consistent with paragraphs 1-5 of the Notice of Intended Action and Accusation.

Second: Rolf Zakariassen

Re: Nevada State Board of Pharmacy MDEG Application; Notification of Change of Ownership of AccessClosure, Inc. (License No.: MP01258)

Dear Sir or Madam:

On behalf of Access Closure, Inc. ("ACI"), we are submitting this letter to notify you of a change in ownership interest in ACI (License No.: MP01258) that occurred in connection with a corporate transaction that closed on August 2, 2021. Upon the closing of this transaction, 100% of the stock of ACI transferred to Bayou Purchaser, Inc., including the facility and assets related to the above Medical Products Provider – Medical Devices, Equipment and Gases (MDEG) License.

The transaction described above did not result in any change to the location, services, personnel, or the day-to-day operations and quality management of the ACI facility. Further, the proposed transaction did not result in any change to the facility's federal tax identification number. For avoidance of doubt, please note that the name on the existing license is "AccessClosure, Inc", and the name on the new license, once approved, should be "Access Closure, Inc." (consistent with the company's legal corporate name).

As a result of the transaction and in compliance with the Nevada Board of Pharmacy requirements, we submit the enclosed application for your consideration within five days of the effective date of this change. It is our understanding that this application satisfies any Nevada Board of Pharmacy requirements for this type of transaction with respect to a MDEG license. Please let us know at your earliest convenience whether you require any additional information or documentation to complete your review and approval of this application.

Please direct any questions or comments regarding ACI's MDEG license application to:

Alabama State Board of Pharmacy

RE: 2019 Manufacturer New Permit Application for Biom'up USA, Inc. – Response to Observation #1

Dear Alabama Board of Pharmacy:

Please accept this letter in response to your Observation #1. Although the New York State Board of Pharmacy declined our request to provide a company-specific proof of exemption, we have attached a general advisory letter that they sent to another company, outlining what types of manufacturers are required to register in New York. The letter expressly states that registration is only required for in-state manufacturers that wholesale prescription drugs, not manufacturers of medical devices: "A manufacturer or wholesale establishment must be registered with the NY Board of Pharmacy if physically located within New York State and wholesaling prescription drugs. . . . **NYS does not require registration for manufacturing** or wholesaling **prescription devices.**"

Their stated position is rooted in the plain language of the pertinent statute: N.Y. Educ. Law § 6808(1). While it provides that registration is required for manufacturing activities concerning "drugs, prescriptions, or poisons," it does not include medical devices:

> No person, firm, corporation or association shall possess drugs, prescriptions or poisons for the purpose of compounding, dispensing, retailing, wholesaling, or manufacturing, or shall offer drugs, prescriptions or poisons for sale at retail or wholesale unless registered by the department as a pharmacy, wholesaler, manufacturer or outsourcing facility.

Moreover, the statutory definition of "drugs" expressly excludes medical devices: "Drugs means . . . [a]rticles intended for use as a component of any article specified in paragraphs a, b, or c; **but does not include devices** or their components, parts or accessories." N.Y. Educ. Law § 6802(7). Thus, just like the New York Board of Pharmacy's stated position, the pertinent statute clearly does not extend its registration requirements to medical device manufacturers.

Dear Sir/Madam:

NYS does not require registration for a wholesaler of OTC products.

A manufacturer or wholesale establishment must be registered with the NY Board of Pharmacy if physically located within New York State and wholesaling prescription drugs.

A non-resident establishment must be registered as a manufacturer or wholesaler if shipping, mailing, delivering, invoicing or providing drugs or drug samples into NYS.

NYS does not require registration for manufacturing or wholesaling prescription devices. The Education Department, Board of Pharmacy and the Department of Health, Bureau of Narcotic Enforcement are in agreement that wholesaler registration is not required to wholesale syringes and needles within NYS or into NYS when being supplied to wholesalers, pharmacies or prescribers. In NYS such devices require a prescription to be dispensed by a pharmacy for an individual patient.

If an establishment is wholesaling durable medical equipment (DME) or devices which do not require a prescription but instead contain a caution *"Federal law restricts this device to sale by or on the order of a physician"* there is no registration requirement in the state of New York.

Sincerely,

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN,* later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9.*

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

Franchise Tax Account Status

Certificates of Account Status

Use our online search to find a taxpayer's Franchise Tax Account Status page.

"Certificates of Account Status," previously called "Certificates of Good Standing," provide the status of an entity's right to transact business in Texas. Franchise tax account status may be required in order to conduct real estate or financial transactions. Search results reflect the information in the Comptroller's records at the time the query is made.

The Comptroller is required by law to forfeit a company's right to transact business in Texas if the company has not filed a franchise tax report or paid a franchise tax required under Chapter 171. The law also requires the Comptroller to give at least 45 days after the notice of pending forfeiture is mailed before the actual forfeiture. Any franchise tax deficiencies must be cured during that period to avoid the forfeiture of the right to transact business in Texas. If the corporate privileges are forfeited, the entity will be denied the right to sue or defend itself in a Texas court and each director or officer will be liable for the debt of the entity. See Texas Tax Code 171.255.

Secretary of State Filings

Franchise tax account status printed from our online search is not acceptable for filings with the Secretary of State (SOS).

Complete Form 05-359, Request for Certificate of Account Status to Terminate a Taxable Entity's Existence in Texas [comptroller.texas.gov/forms/05-359.pdf], to obtain a certificate for filing with the Secretary of State. The certificate is available in hard copy or PDF format.

Audit Summary

NEW NON-CONFORMITIES: _0_Major _0_Minor _0_OFIs (OFIs can be found in the audit notes section). Is a corrective action plan and root cause analysis required to be submitted 30 days from the date of this audit? ___YES _X_NO. If YES, you will receive an automated email with a link to respond in the system. Use Work Instruction 214 for guidance. Additional Resource is the "Client NCR Use" video under "Tutorials" inside EMIS.

Audit Summary:
Provide a summary of the audit results, including comments related to:
(1) The effectiveness of the quality management system to achieve expected outcomes,
(2) The ability of the organization to constantly provide product that meets customer and applicable regulatory requirements,
(3) The ability of the organization's quality management system to meets its objectives and continually improve its effectiveness. Provide info on demonstrated results, customer satisfaction results, trends, measured effectiveness of key organizational processes, previous NCR issues.
(4) Significant changes that may impact mgt. system, since last audit.

*****All Fields to the right MUST be completed.**

Effectiveness of the Internal Audit System (evidence):
Reviewed procedure, schedule, report, results, and auditor qualifications. Audits are process-based, well documented, and used to enhance the maturing of the QMS. Process is suitable and effective.

Effectiveness of the Corrective Action System(evidence):
Reviewed procedure, log, and CA reports. Root causes are identified and corrected with permanent actions to the system. Process is suitable and effective.

Effectiveness of the Management Review(evidence):
Reviewed agenda and minutes with supporting data and action items. Management has the data they need to make effective, risk-based decisions on the resources of the organization and to drive the growth and development of the company, the product, and the QMS. Process is suitable and effective.

Focus for the next audit:
Purchasing, Production Controls and Validation

AUDIT SUMMARY (See left):
The company and the product are still under development at this time. Current emphasis is on developing effective production controls and validating the production process. The "Dayspring" product was cleared by the FDA June 16. 2020. The product is a powered massaging device to be worn an hour at a time to improve post-surgical blood circulation and prevent blood clots while the patient is ambulatory. Current devices require patients to be stationary during treatment.

1) To the extent of the product maturity, the QMS is at an appropriate level of implementation. All required procedures are in place, records are available for most activities. There are several processes which have not yet been able to be fully deployed since the required activity has not yet occurred (for example, process validation; complaints are recorded and responded to however there are no marketed devices to date and these complaints were from clinical studies and used to assist in product development and risk assessment).

2) As the OEM, Koya defines the product requirements. FDA clearance of Dayspring's 510k application provides evidence of conformity to regulatory requirements. No international product approvals to date.

3) Quality objectives have been established for all processes however several are unmeasurable as yet since there is no data available at this time. Results for measurable objectives include:

Metric	***Target***	***2020 Actual***
QP Training	90% of employees trained	100% complete
External audit	<5 major NCs/audit	0 majors to date
CAPA closure	<30 days	100% closed w/in 30 days (21 days average)
ECN closure	<30 days	100% closed w/in 30 days (5 days average)

4) Significant changes from last year include the move of the company from San Francisco to Oakland and FDA approval of the Dayspring product.

CONCLUSION: Audit objectives have been fulfilled. Has this audit determined that the quality management system should be recommended for continued registration?
☒ YES ☐ NO ☐ HOLD Pending Corrective Actions.

*Auditing is based on a sampling process of the available information.

Justification

Date	Adjustment	Justification Statement
08/05/2019	MED-System covers high complex processes or relatively high number of unique activities	time added for risk of MED 03 technical area

Auditor Validation: **MED03 presumes a higher risk as a device under power, however this device is battery operated, not plugged in and is worn for about 1 hour at a time. Medium risk is appropriate. Time shouldn't be added for risk, but the audit time is appropriate to ensure effective auditing.**

Re: K193288
Trade/Device Name: Koya Dayspring
Regulation Number: 21 CFR 870.5800
Regulation Name: Compressible Limb Sleeve
Regulatory Class: Class II
Product Code: JOW
Dated: May 19, 2020
Received: May 19, 2020

Dear Robert Packard:

We have reviewed your Section 510(k) premarket notification of intent to market the device referenced above and have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to legally marketed predicate devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act) that do not require approval of a premarket approval application (PMA). You may, therefore, market the device, subject to the general controls provisions of the Act. Although this letter refers to your product as a device, please be aware that some cleared products may instead be combination products. The 510(k) Premarket Notification Database located at https://www.accessdata.fda.gov/scripts/cdrh/cfdocs/cfpmn/pmn.cfm identifies combination product submissions. The general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration. Please note: CDRH does not evaluate information related to contract liability warranties. We remind you, however, that device labeling must be truthful and not misleading.

If your device is classified (see above) into either class II (Special Controls) or class III (PMA), it may be subject to additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 898. In addition, FDA may publish further announcements concerning your device in the Federal Register.

Please be advised that FDA's issuance of a substantial equivalence determination does not mean that FDA has made a determination that your device complies with other requirements of the Act or any Federal statutes and regulations administered by other Federal agencies. You must comply with all the Act's

requirements, including, but not limited to: registration and listing (21 CFR Part 807); labeling (21 CFR Part 801); medical device reporting (reporting of medical device-related adverse events) (21 CFR 803) for devices or postmarketing safety reporting (21 CFR 4, Subpart B) for combination products (see https://www.fda.gov/combination-products/guidance-regulatory-information/postmarketing-safety-reporting-combination-products); good manufacturing practice requirements as set forth in the quality systems (QS) regulation (21 CFR Part 820) for devices or current good manufacturing practices (21 CFR 4, Subpart A) for combination products; and, if applicable, the electronic product radiation control provisions (Sections 531-542 of the Act); 21 CFR 1000-1050.

Also, please note the regulation entitled, "Misbranding by reference to premarket notification" (21 CFR Part 807.97). 510(k) Number *(if known)*
K193288

Device Name
Koya Dayspring

Indications for Use *(Describe)*
The Koya Dayspring system is a prescription only wearable compression system that is intended for use in a clinic or home setting by medical professionals and patients who are under medical supervision for the treatment of the following:

- Lymphedema
- Primary lymphedema
- Post mastectomy edema
- Edema following trauma and sports injuries
- Post immobilization edema
- Venous insufficiency
- Reducing wound healing time

The Koya Dayspring system is developed on a wearable compression technology platform, which is designed to provide mobility for patients.

II. DEVICE

Name of Device:	Koya Dayspring™
Classification Name:	Compressible Limb Sleeve
Regulation:	21 CFR § 870.5800
Regulatory Class:	Class II
Product Classification Code:	JOW

III. PREDICATE DEVICE

Predicate Manufacturer:	Tactile Systems Technology, Inc. (dba Tactile Medical)
Predicate Trade Name:	Flexitouch Plus System, Model PD32-G3
Predicate 510(k):	K170216
Reference Device:	K162481

IV. DEVICE DESCRIPTION

The Koya Dayspring™ system is powered by an active smart compression technology that is calibrated, instant-acting, and silent. This technology uses a Nickel Titanium (Ni-Ti) shape-memory alloy programmed by a controller system. A disposable stockinette is worn as an accessory under the device to prevent direct patient contact with the device. The device is wrapped around the patient's arm so that the device fits snugly. The device has up to 16 independently controlled sections in each arm. The controller can be programmed to provide sequential compression therapy to the affected area over a range of 0-100 mmHg. The device is powered by a rechargeable Lithium-ion battery pack. The device was developed to provide patients with untethered access and a functional range of motion and mobility while treating chronic lymphedema.

V. INDICATIONS FOR USE

The Koya Dayspring system is a prescription only wearable compression system that is intended for use in a clinic or home setting by medical professionals and patients who are under medical supervision for the treatment of the following:

- Lymphedema
- Primary lymphedema
- Post mastectomy edema
- Edema following trauma and sports injuries

- Post immobilization edema
- Venous insufficiency
- Reducing wound healing time

The system is developed on a wearable compression technology platform, which is designed to provide mobility for patients.

VI. COMPARISON OF TECHNOLOGICAL CHARACTERISTICS WITH THE PREDICATE DEVCE

A reference device, K162481, was provided to address the concern that the subject device is using a different principle of operation (i.e., shape-memory materials) when compared to the predicate device (i.e., air pressure). The reference device identified uses the same principle as the subject device.

The following characteristics were compared between the subject device and the predicate device in order to demonstrate substantial equivalence:

Feature	Subject Device (K193288)	Predicate Device (K170216)
Indications for Use	The Koya Dayspring system is a prescription only wearable compression system that is intended for use in a clinic or home setting by medical professionals and patients who are under medical supervision for the treatment of the following: • Lymphedema • Primary lymphedema • Post mastectomy edema • Edema following trauma and sports injuries • Post immobilization edema • Venous insufficiency • Reducing wound healing time The Koya Dayspring system is developed on a wearable compression technology platform, which is designed to provide mobility for patients.	The Flexitouch Plus System and garments for legs, arms, trunk, and chest are intended for use by medical professionals and patients who are under medical supervision, for the treatment of many conditions such as: • Lymphedema • Primary lymphedema • Post mastectomy edema • Edema following trauma and sports injuries • Post immobilization edema • Venous insufficiency • Reducing wound healing time • Treatment and assistance in healing stasis dermatitis, venous stasis ulcers, or arterial and diabetic leg ulcers The Flexitouch Plus System and garments for the head and neck are intended for use by medical professionals and patients who are under medical supervision for the treatment of head and

		neck lymphedema.

VII. PERFORMANCE DATA

The following performance data were provided in support of the substantial equivalence determination.

Sterilization & Shelf-life Testing

Device is non-sterile, and components are unlikely to deteriorate with age with the exception of Li-ion battery. Battery shelf-life and charge/discharge testing data was provided.

Biocompatibility Testing

The patient contacting portion of the device is the stockinette liner which is a biocompatible, Class 1 device that is marketed in the USA. Since the material comes in contact with intact skin with an exposure duration of less than 24 hours, it was tested to ensure the safety using cytotoxicity study (ISO 10993-5), sensitization study (ISO 10993-10), and irritation study (ISO 10993-10). All results were found to be acceptable and the material found to safe for the intended use.

Electrical safety and electromagnetic compatibility (EMC)

Electrical safety and EMC testing included:

- ANSI AAMI ES60601-1:2005/(R)2012 And A1:2012,
- IEC 60601-1-2 Ed. 4.0
- IEC 60601-1-11 Ed. 2.0
- IEC 62133-2 Ed. 1.0

Software Verification and Validation Testing
Software verification and validation testing was performed in accordance with IEC 62304 Ed. 1.1. Additional software verification and validation testing was conducted and documentation was provided as recommended by the following FDA Guidance documents for Industry and FDA Staff:

- Guidance for the Content of Premarket Submissions for Software Contained in Medical Devices
- Guidance for Industry, FDA Reviewers and Compliance on Off-The-Shelf Software Use in Medical Devices
- Guidance for Industry and Food and Drug Administration Staff Content of Premarket Submissions for Management of Cybersecurity in Medical Devices
- Guidance for Industry, FDA Reviewers and Compliance on Postmarket Management of Cybersecurity in Medical Devices

Mechanical and acoustic Testing
A benchtop mechanical testing study was performed to compare the pressure applied by the subject device with the pressure applied by the predicate device. Additionally, transport shipping testing was conducted in accordance with ASTM D4169.

Animal Study
Animal performance testing was not required to demonstrate safety and effectiveness of the device.

Clinical Studies
Clinical testing was not required to demonstrate the safety and effectiveness of the Koya Dayspring™ system. Instead, substantial equivalence is based upon benchtop performance testing.

VIII. CONCLUSIONS

The data included in this submission demonstrates that the Koya Dayspring™ is substantially equivalent to the legally marketed predicate device, Flexitouch Plus® PD32-G3 (K170216).

EAGLE Registrations Inc. Service-Integrity-Value	**ICT Process Auditing Notes**
SITE AUDITED USING ICT PROCESS:	Koya Inc./ Oakland, CA

Information and Communications Technology (ICT) may include, for example, teleconferencing, web meetings, interactive web-based communications, or remote electronic access to the management system documentation and/or remote management system processes.

The security and confidentiality of electronic or electronically transmitted documentation is particularly important when using ICT. Security measures should be considered and any deviation from EAGLE planning (tools identified) should be addressed with office.

- Ensure sampling is random and auditor directed as best as possible. Identify any concerns.
- Ensure confidentiality protocol is followed per ICT Training
- Schedule must clearly reflect use of ICT versus on-site audit activity

Process audited using ICT	ICT Method Involved
List Hardware and software used as part of the ICT audit activity	Windows Computers, tablets, & Smartphones. ICT software used was Zoom. Objective evidence gathered from interviews, Word, Excel, & PDF.
Summarize the ICT audit activity effectiveness including issues encountered and resolution	No concerns with the remote activity.
Were there any areas that were not able to be audited as planned?	No
Would you recommend this site for future ICT audit activity (explain)- Address if audit time is sufficient.	Yes, many key contributors work remotely and they are very comfortable with the online communications technology. There were no issues with the audit duration. There was sufficient time to address all processes.

*Ensure Schedule, Notes and NCRs identified in the report clearly denote if they were identified during ICT auditing versus on-site, if the audit is a combination of both ICT and on-site.

To whom it may concern,

Our home state of California does not require us to have an HMDR license since we do not dispense, hold prescription devices or dispense any OTC devices pursuant to a prescription.
Please see the attached email from California Department of Public Health stating that an HMDR license is not required, and a copy of the California Bill regulating HMDR facilities.

Should you have any additional questions, please feel free to contact us at: complianceconcerns@teladoc.com.

Thank you,

MINNESOTA
BOARD OF PHARMACY

General FAQs

- ✚I just received a prescription for Methadone. Can I dispense it
- ✚Can I mail prescription medications containing narcotics or other controlled substances?
- ✚Can I fill a prescription for a Schedule II drug written by a mid-level practitioner?
- ✚Where can I find a chart showing the daily limits for retail pseudoephedrine sales?
- ✚Are electronic prescriptions for controlled substances allowed in Minnesota?
- ✚What information can be changed (or added) to a Schedule II prescription and Schedule III-V prescriptions by a pharmacist? 10/21/2013
- ✚Is there a time limit between the date a prescription for a Schedule II drug is issued and the date when it may be filled?
- ✚Is there a six month/five refill limit on Schedule V drugs?

Immunizations

- ✚Does the Board have information about pharmacist provided immunizations?

Licenses and Registrations

- ✚I allowed my license to practice pharmacy in Minnesota to lapse and now I want it reinstated. What do I need to do?
- ✚Does your Board have license verification on the internet?
- ✚Does your Board of Pharmacy license or register medical device or medical supply manufacturers, wholesale distributors, supplies or retailers?
  The Board does not license or register companies that exclusively manufacture, distribute, supply or sell medical devices or supplies. If a company that handles medical devices or supplies also manufactures or distributes drugs, it must be licensed as a drug manufacturer or drug wholesaler. Exception if the drug is coated on or embedded in the device (e.g. drug-coated stents) and the resultant product is approved by the FDA as a device, the company does not have to be licensed as a manufacturer or wholesale distributor.

Miscellaneous

- ✚I have received e-mail (spam) and/or a fax from a company claiming to be a pharmacy licensed by the Minnesota Board of Pharmacy. (Or, I have visited a website that displays a license supposedly issued by the Board). Has the Board issued a license to this company or website? If not, what can the Board do to stop the company from sending me spam or faxes? Can the Board make them remove charges from my credit card? I have received a telephone call from someone claiming to work for a licensed pharmacy who encourages me to order from them or asks me for credit card information. Can the Board stop them from calling me?
- ✚Minnesota Statutes § 151.461 prohibits gifts to practitioners by drug wholesales and manufacturers. Can you provide additional information about this law?

Pharmacy Technicians

- Where can I find information about the Board's continuing education requirement for pharmacy technicians?

Prescriptions

- Can prescriptions be transferred more than once in Minnesota?
- Can I fill or refill a prescription from an out-of-state prescriber?
- How long must I keep prescription records?
- Can I accept a new prescription via a facsimile machine?

Medical Cannabis

- What information can the Board provide regarding the use of medical cannabis?

Hello Tammy,

I am a bit confused.

The question that you marked "yes" is the same question that the two new applications for La Vergne, TN and Las Vegas, NV were marked as "No".

Please see question below –

Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been charged, or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea)?

I can update the NEW application. If you can send over the explanation and court documents so I can attach to the application.

Ok I can update that but when we read the new applications you published this did not fit the description of the current question. Do you still need me to add this? If so I will. I had him read the question as well and he stated it no longer fit the description.

Please let me know as I just mailed two new applications for a location in Las Vegas we are opening.

Thanks for you help and information on this.

Hello Tammy,

I am following up on this email.

As a courtesy, your previous application disclosed a reckless misdemeanor against Mark Seitz.
Your current applications does not have Mark's disclosure notated.

Please be advise that your current application and future applications should have this disclosure mentioned.

Would you like us to update the application? If so, please provide the court documents and explanation of events that occurred.

CERTIFICATE OF INCORPORATION

OF

SOMNICS HEALTH, INC.

A DELAWARE CORPORATION

The undersigned, a natural person (the "***Sole Incorporator***"), for the purpose of organizing a corporation to conduct the business and promote the purposes hereinafter stated, under the provisions and subject to the requirements of the laws of the State of Delaware hereby certifies that:

I.

The name of this corporation is Somnics Health, Inc.

II.

The registered office of the corporation in the State of Delaware shall be 16192 Coastal Highway, Lewes, Delaware 19958-9776, County of Sussex and the name of the registered agent of the corporation in the State of Delaware at such address is Harvard Business Services, Inc.

III.

The purpose of this corporation is to engage in any lawful act or activity for which a corporation may be organized under the Delaware General Corporation Law.

IV.

This corporation is authorized to issue only one class of stock, to be designated Common Stock. The total number of shares of Common Stock presently authorized is 10,000,000, each having a par value of $0.00001.

V.

A. The management of the business and the conduct of the affairs of the corporation shall be vested in its Board of Directors. The number of directors which shall constitute the whole Board of Directors shall be fixed by the Board of Directors in the manner provided in the Bylaws.

B. Directors shall be elected at each annual meeting of stockholders to hold office until the next annual meeting. Each director shall hold office either until the expiration of the term for which elected or appointed and until a successor has been elected and qualified, or until such director's death, resignation or removal. No decrease in the number of directors constituting the Board of Directors shall shorten the term of any incumbent director.

C. No person entitled to vote at an election for directors may cumulate votes to which such person is entitled unless required by applicable law at the time of such election. During such time or times that applicable law requires cumulative voting, every stockholder entitled to vote at an election for directors may cumulate such stockholder's votes and give one candidate a number of votes equal to the number of

directors to be elected multiplied by the number of votes to which such stockholder's shares are otherwise entitled, or distribute the stockholder's votes on the same principle among as many candidates as such stockholder desires. No stockholder, however, shall be entitled to so cumulate such stockholder's votes unless (A) the names of such candidate or candidates have been placed in nomination prior to the voting and (B) the stockholder has given notice at the meeting, prior to the voting, of such stockholder's intention to cumulate such stockholder's votes. If any stockholder has given proper notice to cumulate votes, all stockholders may cumulate their votes for any candidates who have been properly placed in nomination. Under cumulative voting, the candidates receiving the highest number of votes, up to the number of directors to be elected, are elected.

D. Subject to any limitations imposed by applicable law, the Board of Directors or any director may be removed from office at any time, with or without cause, by the affirmative vote of the holders of a majority of the voting power of all then-outstanding shares of capital stock of the corporation entitled to vote generally at an election of directors.

E. The Board of Directors is expressly empowered to adopt, amend or repeal the Bylaws of the corporation. The stockholders shall also have power to adopt, amend or repeal the Bylaws of the corporation; provided, however, that, in addition to any vote of the holders of any class or series of stock of the corporation required by law or by this Certificate of Incorporation, such action by stockholders shall require the affirmative vote of the holders of at least a majority of the voting power of all of the then-outstanding shares of the capital stock of the corporation entitled to vote generally in the election of directors, voting together as a single class.

F. Unless and except to the extent that the bylaws of the corporation shall so require, the election of directors of the corporation need not be by written ballot.

VI.

A. The liability of the directors for monetary damages for breach of fiduciary duty as a director shall be eliminated to the fullest extent under applicable law.

B. To the fullest extent permitted by applicable law, the corporation is authorized to provide indemnification of (and advancement of expenses to) directors, officers and agents of the corporation (and any other persons to which applicable law permits the Company to provide indemnification) through Bylaw provisions, agreements with such agents or other persons, vote of stockholders or disinterested directors or otherwise in excess of the indemnification and advancement otherwise permitted by such applicable law. If applicable law is amended after approval by the stockholders of this Article VI to authorize corporate action further eliminating or limiting the personal liability of directors, then the liability of a director to the corporation shall be eliminated or limited to the fullest extent permitted by applicable law as so amended.

C. Any repeal or modification of this Article VI shall only be prospective and shall not affect the rights or protections or increase the liability of any officer or director under this Article VI in effect at the time of the alleged occurrence of any act or omission to act giving rise to liability or indemnification.

VII.

The corporation reserves the right to amend, alter, change or repeal any provision contained in this Certificate of Incorporation, in the manner now or hereafter prescribed by statute, and all rights conferred upon the stockholders herein are granted subject to this reservation.

VIII.

Subject: Re: Nevada Out of State MDEG Application - Need more information

Hello Darlene

Thank you for your email.
I have the MDEG admin form on my desk, signed as of July 28th.
Do you need the original one I assume? or can I scan it and send it to you?

Also Somnics Health is a wholly owned subsidiary of a Taiwan corporation. So we have only one officer and director, which is the CEO of the Taiwan corporation ("sole incorporator"). This is stated in the certificate of incorporation that I sent you already.
We don't have other documentation about a list of officers or directors, because we don't have them in the US.

Can you help me finding the best documentation to comply?

thank you

Best Regards

> Sorry, I was out of office. I reviewed your application.
> We received the Personal History record.

However, we need the MDEG Administrator form and a list of officers and directors. Can you please provide?

When received, we can work to add you to our Consent Agenda for our October Meeting for approval if everything looks good.

Dear SUMMIT SERVICES & SUPPLIES LLC:

Thank you for your request to the National Supplier Clearinghouse for a letter verifying your Medicare DMEPOS billing number, effective date, and participation status.

Your billing status is active and was effective May 17, 2021. Your participation status is Participating. Please note the billing status is valid only for the location listed below. Each location where a DMEPOS supplier provides Medicare-covered items to beneficiaries must obtain billing privileges.

Federal law (OBRA 1989) requires suppliers to file a Medicare claim for all beneficiaries to whom they have provided Medicare Part B services. You will use your National Provider Identifier (NPI) that was issued to the location listed below to bill claims to the Durable Medical Equipment Medicare Administrative Contractors (DME MACs).

Please note your supplier number 7911390001 is now referred to as your Provider Transaction Access Number (PTAN). The PTAN is an identifier to be used when contacting the NSC or the DME MACs with general inquiries. The DME MACs may refer to the PTAN as the supplier or legacy number.

All suppliers are required to maintain compliance with the Medicare DMEPOS supplier standards. To promote a higher level of ethical and lawful conduct within the DMEPOS program, the Office of Inspector General (OIG) has developed a Program Compliance Guidance. This information can be reviewed by visiting www.oig.hhs.gov/authorities/docs/frdme.pdf.

Suppliers are also required to notify the NSC of any changes to the information provided on the CMS 855S application form within 30 days (supplier standards #2). Inaccurate supplier information may impact claims processing.

If you have questions regarding the DMEPOS enrollment process, please contact the NSC at (866) 238-9652 or visit the NSC website at www.PalmettoGBA.com/NSC. For questions

regarding billing, please contact your DME MAC.

Sincerely,

Barry McManus, Director
National Supplier Clearinghouse

Good afternoon Madonna,

They may refer to the Wyoming Pharmacy Act, the Wyoming Controlled Substances Act, and the Board's Rules and Regulations which are available on the Board's website at https://pharmacyboard.wyo.gov/laws. The Centers for Medicare & Medicaid Services (CMS) may maintain a database of all licenses that are required of businesses and individuals that supply DME. I hope this information helps.

Thank you for contacting the Wyoming State Board of Pharmacy.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 107235715

Application/License No. _____

Abraxis Bioscience, LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 86 Morris Ave, Summit, NJ 07901 (Address of Applicant/Principal), as PRINCIPAL, and Travelers Casualty and Surety Company of America (Surety Company), a corporation organized under the laws of the state of CT (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is One Tower Square , Hartford, CT 06183 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on May 22, 2020 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 22nd day of May, 2020.

Akorn, Inc., a Louisiana corporation, recently transferred its assets to Akorn Operating Company LLC, a Delaware limited liability company, d/b/a Akorn, Inc. Akorn has reported this change and filed the required forms with the Illinois Board of Pharmacy. Akorn has also reported this change to the DEA and once the Illinois Board of Pharmacy license is issued, Akorn can submit the applications to DEA to obtain new Controlled Substance Registrations from DEA. Akorn's current DEA license(s) are enclosed. Once the Illinois Board of Pharmacy License reflecting this change has been issued and the new DEA license received, Akorn will update this application to provide the new Illinois and DEA license information.

Maria,

Please find attached correspondence from the Illinois Board of Pharmacy permitting Akorn's continued operations. The IL BOP is not able to conduct an on-site inspection until COVID is over and therefore won't be issuing new license until after COVID. As a result, the IL BOP is permitting Akorn to continue operate under current approvals.

We will order new good standing certificates and I should have those over to you soon. Please let me know if you need anything else.

Thank you,

April,

Thanks for providing the management agreement. Go ahead and renew the Decatur license as well. That is actually assigned to another investigator and it is a similar situation where the inspection won't be done before the end of the year and we don't want you to operate without being licensed.

Tim,

Please renew the current Gurnee license for the upcoming year.

There are many moving parts with the Decatur location that we would like to figure out first.

Thanks,

This bond term shall become effective on January 11, 2021 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

Current Date: 30-SEP-2020
Labeler DUNS: 117565108
Labeler Name: Cipla Therapeutics Inc.
Labeler Code Assigned: 80735

The Food and Drug Administration (FDA) has assigned the above Labeler Code to your firm. **The number cannot be used until you have confirmed the assignment. Please revise and resubmit your Labeler Code Request SPL to include the assigned number above to complete the process. To do this, open the previous Labeler Code Request SPL file and fill in the new information (your assigned Labeler Code) without changing the other existing information. Fill in a new root id and new version number with the original set id and the appropriate effective time.**
For CDER Direct Users: Open the previously submitted and accepted Labeler Code Request, click Create New Version, enter the Labeler Code assigned in the field for "Labeler Code", and Submit SPL.

This Labeler Code should be used to create the NDC (National Drug Code) assigned to all drugs you manufacture or distribute for U.S. commercial distribution. The assignment of NDC is extensively discussed in Title 21 of Code of Federal Regulations (CFR) 207.35. The NDC for each drug must be submitted as part of drug listing information submitted to FDA. Per 21 CFR Part 207, owners or operators of an establishment entering into the manufacture or processing of a drug or drugs shall drug list, every drug in commercial distribution within 5 days after the beginning of operation. Labeler Codes are assigned by FDA and may be inactivated at any time upon violation of the Federal Food, Drug and Cosmetic Act.

Note that receipt of this letter is not to be construed as Federal Government endorsement or approval of the establishment or its products.

For additional information please visit Drug Registration and Listing System or reply back to this email (edrls@fda.hhs.gov).

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 2450536

Application/License No. _____

Cipla Therapeutics, Inc. (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 10 Independence Blvd, Suite 400, Warren, NJ 07059 (Address of Applicant/Principal), as PRINCIPAL, and Great American Insurance Company (Surety Company), a corporation organized under the laws of the state of Ohio (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 301 E. 4th Street, Cincinnati, OH 45202 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on May 18. 2021 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 18th day of May, 2021.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. K15754205

Application/License No. _____

Datascope Corp. (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 1300 MacArthur Blvd. Mahwah, New Jersey 07430 (Address of Applicant/Principal), as PRINCIPAL, and Federal Insurance Company (Surety Company), a corporation organized under the laws of the state of Indiana (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 202B Halls Mill Road, PO Box 1650 Whitehouse Station, NJ 08889 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on March 29th, 2021 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 29th day of March, 2021.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. K15754266

Application/License No. _____

Getinge USA Sales, LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 1 Geoffrey Way, Wayne, NJ 07470 (Address of Applicant/Principal), as PRINCIPAL, and Federal Insurance Company (Surety Company), a corporation organized under the laws of the state of Indiana (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 202B Halls Mill Road, PO Box 1650 Whitehouse Station, NJ 08889 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on May 3,2021 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 3rd day of May, 2021.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 83BSBIR4857

Application/License No. _____

MEDEXUS PHARMA, INC. (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 29 N. Wacker Dr., Suite 704 Chicago, IL 60606 (Address of Applicant/Principal), as PRINCIPAL, and HARTFORD FIRE INSURANCE COMPANY (Surety Company), a corporation organized under the laws of the state of CT (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is One Hartford Plaza Hartford, CT 06155 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on July 23, 2021 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 23rd day of July, 2021.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 810009418

Application/License No. _____

Kartha Pharmaceuticals, Inc. (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 1135 Four Lakes Drive, Suite F, Matthews, NC 28105-1727 (Address of Applicant/Principal), as PRINCIPAL, and Atlantic Specialty Insurance Company (Surety Company), a corporation organized under the laws of the state of New York (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is One State Street Plaza, 31st Floor, New York, NY 10004 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on July 29, 2021 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 29th day of July, 2021.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 2316501

Application/License No. _____

Ossur Americas, Inc (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 680 Grove Road West Deptford NJ 08086 (Address of Applicant/Principal), as PRINCIPAL, and North American Specialty Insurance company (Surety Company), a corporation organized under the laws of the state of NH (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 1200 Main Street, Suite 800 Kansas City, MO 64105 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on August 13, 2021 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 13th day of August, 2021.

Prosthetics sales in 2020 amounted to USD 372 million and declined by 7% organic. Sales of bionic products accounted for 20% of prosthetics component sales in 2020. Bracing and supports (B&S) sales in 2020 amounted to USD 257 million and declined by 15% organic.

In Americas and key European markets, sales have gradually recovered from a low point in April. Average sales during the year compared to the same period last year were as follows. January and February 2020 were around 100% of last year's sales, March 80-90%, April 60-70%, May 70-80%, June 80-90%, and through the remainder of the year between 90-100%.

The COVID-19 pandemic has impacted prosthetics and B&S differently. Throughout the COVID-19 pandemic prosthetics sales have been more resilient than B&S. The demand for prosthetic solutions is, for the markets that Össur generates the majority of sales, mostly driven by servicing the existing amputee population with maintenance, renewals, and upgrades of their prosthesis. Sale of mechanical prosthetic products is stable in 2020 compared to 2019, while bionics, which require more time for fitting and training have declined in sales more than the average for prosthetics. It is expected that there will be some pent-up demand in prosthetics for both mechanical and bionic products. The demand for B&S products is largely driven by injuries, surgeries, and prevalence of osteoarthritis (OA). The COVID-19 pandemic and the associated lockdowns have had a significant impact on amateur sports and activity levels that have resulted in fewer injuries. Recent data from hospital systems in Europe show double-digit declines for various types of injuries to joints and ligaments. It is not expected that there will be pent-up demand for injury solutions. COVID-19 has impacted volumes of elective surgeries such as knee replacement surgeries, that drive demand for post-operative bracing solutions. OA bracing sales have also been impacted, primarily due to limitations to physician access. Some pent-up demand is expected for post-op and OA bracing.

Letter from the CEO

The year 2020 will be remembered as no other. A year when words such as unprecedented, self-isolation and social distancing were spoken daily, and the world was impacted in ways that were unimaginable only a year ago.

Our focus throughout the year has been to ensure business continuity and the safety of our employees and customers. Our manufacturing and distribution employees, as well as the front-line employees in our clinics, have done an incredible job of keeping up service levels on site while office-based employees picked up and moved their desks to makeshift home offices. We were all required to think and act in new ways with our IT infrastructure proving solid, and digital solutions used to their utmost for service, collaboration, and training purposes.

While sales were negatively impacted as social distancing and lockdown measures were implemented in all our major markets, we saw a gradual recovery towards the latter part of the year. Our cost reduction initiatives enabled us to maintain a strong operating profit considering the impact on sales, which underlines that profitability will return to normalized levels as sales continue to recover. We remain confident that there will be no long-term change in the demand for our products and services.

We were able to overcome numerous challenges during the year and are proud of the new products we brought to market which include the Balance™ Foot S and Connect™ TF Socket, both ideal for the low active population as well as the CTi™ Mission ligament knee brace. Product development continues strong and we are excited about our healthy product pipeline. We were also pleased to close the acquisition of College Park Industries as well as the divestment of both Gibaud and entities focused on B&S sales in the US.

Our employees are our most valuable asset, and we were proud to yet again be voted one of Orange County's Best Workplaces and our annual Workplace Survey confirmed a high employee satisfaction score once again. Certainly not something we take for granted, particularly during such challenging circumstances. We know the added personal and professional pressures have taken their toll this year and couldn't be prouder of the strength and resilience our team has shown.

My sincere thanks to our employees, customers, end-users, and shareholders for their partnership and support during this unprecedented year. Our shared passion for improving people's mobility will ensure continued success as we embark on what will be Össur's 50th anniversary year. A year where we can celebrate past achievements and make ambitious plans for the future. I'm proud to say that our 50th anniversary year will also be marked by our commitment to sustainable development. Össur will be carbon neutral in 2021. Not a small endeavour and one of hopefully many more milestones that we can celebrate during the year. It's time for a new chapter and the future is bright.

USER STORIES

Sandro Borges

Football (soccer) is the most popular sport in Portugal and the most practiced. With the national team often amongst the higher-rated teams in both Europe and the world, Portuguese children dream of joining the ranks of professional football. With equal parts hard work and natural talent, Sandro Borges would have an opportunity to live his dream and play professionally for his beloved Portugal. Unfortunately a car accident at age 21 cut this dream short.

His injuries were serious and potentially life threatening. His left leg, damaged beyond repair, required immediate amputation.

"The first reaction was a state of shock...the consequences of what had just happened, knowing that I would never more able to run, walk, go out at night with my friends or pick up my son from school, had a significant impact and shook my confidence in myself."

Despite his shock and sadness, Sandro promised himself that no matter how difficult, he would recover. He received his first prosthetic shortly after his surgery and began an aggressive rehabilitation effort.

"Above all, I wanted to get my life back and make up for lost time. So, I went back to the gym as often as possible and I concentrated all my efforts on recovery. I wanted to do better every time."

Today, Sandro is a boxing trainer who uses Pro-Flex XC Torsion because, as he says, "it helps me move the way I want to move." He continues to push himself in the ring and is an outspoken proponent of physical fitness, sport activities and a life without limitations.

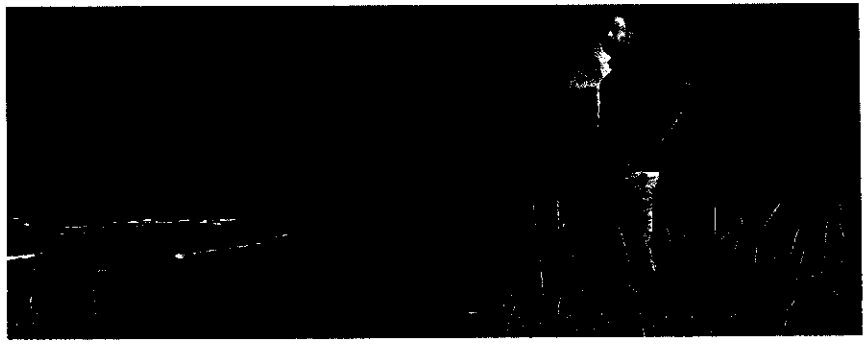
"I lead a perfectly normal life, both personally and professionally. Life has given me the opportunity to try boxing after being a professional football player and I grabbed it, without doubts or hesitations."

Össur at a glance

We improve people's mobility

Össur is a global leader in non-invasive orthopaedics, innovating, producing, and providing advanced technological solutions within the prosthetics and bracing & supports market. Our mission is to improve the mobility of our users, so they can live their Life Without Limitations®.

Össur was founded in 1971 and has since grown through a healthy combination of organic development and acquisitions in both prosthetics and bracing & supports. Today, Össur has a strong global position in the industry and key markets and in a good position to leverage future growth opportunities. Össur has been listed since 1999, has operations in over 27 countries and more than 3,500 FTEs.



Our users are at the core of everything we do

Individuals can be living with limb loss or limb difference for a variety of reasons. Vascular disease, diabetes, trauma, and congenital defects are some of the more common reasons. There are also individuals who develop knee pain, are diagnosed with osteoarthritis in their joints, incur fractures to their ligaments or injure themselves resulting in movement impairment. For years Össur has helped these individuals focus on new goals rather than limitations by offering comprehensive solutions that are designed with the needs of the user top of mind.

World class innovation capabilities

Össur is a pioneer of advanced technology where our brand recognition is based on innovative and scientifically proven solutions that deliver effective clinical outcomes. By listening to and understanding people's needs and pushing the boundaries of technology, we continue to create some of the best products and services available in the fields of prosthetics and bracing & supports. Every year Össur invests the equivalent of 5% of sales in R&D efforts to work on new innovative products for the benefit of our users. In 2020 we introduced more than 20 new products to the market.

Our segments

Ossur operates within two market segments of the orthopaedic market: bracing & supports and prosthetics. Prosthetic products include artificial limbs and related products for amputees. Bracing & supports products are primarily used to support joints and other body parts, both for preventive and therapeutic purposes.

Prosthetic solutions

Össur's prosthetics portfolio includes a full spectrum of premium lower and upper limb prosthetic components. The portfolio ranges from solutions to support low active individuals who may struggle to maintain the ideal balance of safety, comfort, and mobility all the way to solutions designed to enable especially active people to engage in high-impact endeavors.

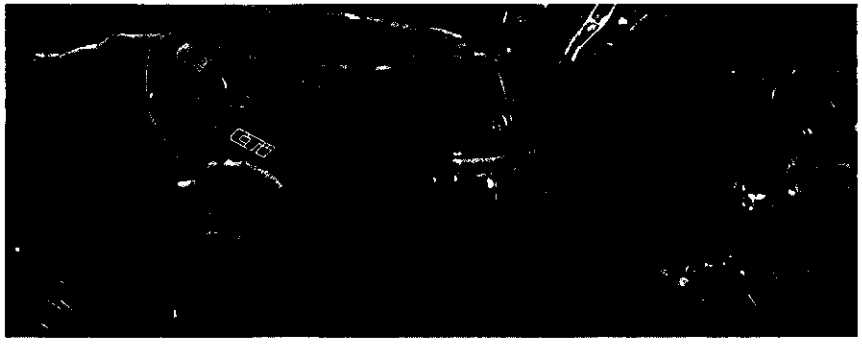
Bracing & supports

OA solutions

Ossur's osteoarthritis (OA) solutions are designed to enhance quality of life, reduce pain, and improve mobility for people living with osteoarthritis. Ossur offers the Unloader One® range of knee braces that relieve pain from knee osteoarthritis, as well as the Unloader® Hip which is designed to reduce pain by optimizing load dispersion for patients suffering from mild and moderate osteoarthritis of the hip.

Injury Solutions

Ossur's injury solutions are designed for people recovering from fractures, ligament injuries or for those in need of post-operative treatment solutions. These solutions are designed to support the healing process of bone and soft tissue injuries. Several of these products come with the Functional Healing seal that signifies a clinically validated healing solution that helps enhance the body's natural healing process while maximizing mobility.



Who are the users that benefit from our solutions?

Performance in 2020

Financial performance in FY 2020 impacted by the COVID-19 pandemic and M&A activity

- Sales declined by 8% in local currency in 2020 and by 10% organic. Sales were impacted by measures to control the COVID-19 pandemic but gradually recovered during the year
- The prosthetics segment declined by 7% organic in 2020 and the B&S segment declined by 15%
- Gross profit margin for 2020 was 62% compared to 64% for 2019
- EBITDA margin for 2020 was 15% compared to an EBITDA margin before special items of 22% for 2019. In addition to the impact of COVID-19, EBITDA was impacted by extraordinary items related to acquisitions, divestments, litigation, severance and government grants
- In 2017, Ossur announced efficiency initiatives in the areas of Manufacturing, Distribution and Sourcing. The savings target of USD 30 million in 2020 was reached, corresponding to USD 4 million in additional savings when compared to the previous year.
- Net profit for 2020 amounted to USD 8 million and 1% of sales as it was impacted by extraordinary items related to divestments, acquisitions, litigation, severance, and government grants in addition to COVID-19
- Cash flow was strong in 2020, mainly due to inventory management efforts and lower capital expenditure. Cash generated by operations amounted to USD 118 million or 19% of sales in 2020 compared to USD 120 million or 17% of sales in 2019
- Ossur's liquidity position remains strong. Bank balances and cash equivalents in addition to undrawn facilities at the end of 2020 amounted to USD 275 million. NIBD/EBITDA was 4.1x at end of 2020 primarily due to temporarily lower EBITDA in 2020. The current NIBD/EBITDA is above the target ratio of 1.5x-2.5x
- Ossur purchased 1,249,450 of own shares during the year for USD 9 million. It should be noted that the share buyback program was temporarily put on-hold on 17 March 2020 due to the impact of COVID-19, as the net interest-bearing debt to EBITDA ratio is temporarily above the level in the Capital Structure and Dividend policy.
- In 2020, Ossur paid out cash dividends in the amount of USD 9 million, corresponding to DKK 0.15 per share or 113% of net profit in 2019.
- Ossur completed several acquisitions in 2020, including the prosthetics manufacturer College Park Industries, with combined annual sales of USD 59 million and an acquisition in the first week of January 2021.
- Ossur completed the divestment of Cabourg in France and entities focused on B&S sales in the US in 2020. The sold entities generated a total of USD 21 million of sales.
- The financial guidance for the full year 2021 is 10-15% organic sales growth, 21-23% EBITDA margin before special items, 3-4% CAPEX of sales, and an effective tax rate of 23-24%

Operations

Gross profit for 2020 amounted to USD 391 million or 62% of sales compared to USD 439 million or 64% of sales for 2019. During a large part of 2020, manufacturing capacity was reduced due to lower sales in relation to COVID-19, which resulted in a lower gross profit margin. Utilization of manufacturing capacity has been increasing in line with sales recovery.

Operating expenses amounted to USD 363 million or 58% of sales for 2020 compared to USD 341 million or 50% of sales for 2019. Excluding extraordinary items related to acquisitions, divestments, litigation, severance, and government grants, OPEX would have amounted to net USD 334 mill on or 53% of sales and declined by 2% compared to OPEX excluding special items in 2019. Lower variable cost s as a result of less traveling, lower marketing and selling costs, the efficiency in tiatives which were announced in 2017 and cost-saving efforts implemented in September 2020

- Sales & marketing (S&M) expenses declined by 2% and amounted to 36% of sales compared to 34% of sales in 2019.
- Research & development (R&D) expenses declined by 1% and amounted to 5% of sales, the same as in 2019.
- General & administrative (G&A) expenses increased by 2% and amounted to 12% of sales compared to 11% of sales in 2019. Excluding extraordinary items, G&A expenses would have declined

Management remains focused on m anaging cost s in line with sales recovery with the ultimate objective to maintain and increase profitability as sales normal ze.

Efficiency initiatives

In September 2017, Ossur announced efficiency initiatives in the areas of distribution, manufacturing, and sourcing, to further increase scalability and profitability. The savings target of USD 10 million in 2020 was reached, corresponding to USD 4 m illion in additional sav ngs which compared to the previous year.

Operating profit

EBITDA in 2020 amounted to USD 93 million or 15% of sales compared to EBITDA before special items of USD 150 million or 22% of sales in 2019. Currency impact on EBITDA margin net of hedge was posit ve by about 60 basis point s for 2020. It should be noted that the EBITDA in 2020 was impacted by extraordinary items in the amount of net USD 11 million.

Financial items, income tax and net profit

Net financial expenses for 2020 amounted to USD 16 million, compared to USD 7 million in 2019.

Income tax amounted to USD 5 million in 2020, corresponding to a 38% effective tax rate. The tax rate is impacted by non-deductible expenses for tax in relation to the divestments. Excluding the impact from these items, the effective tax rate would have amounted to 25% in 2020, compared to 24% in 2019. It should however be noted that the tax rate is further impacted due to the impact that COVID-19 is having on Ossur's operating results. All else equal, as sales and profit return to normalized levels, the effective tax rate is expected to return to levels comparable with 2019

Net profit in 2020 amounted to USD 8 million compared to USD 69 million profit in 2019. Diluted earnings per share in 2020 amounted to 1.9 US cents compared to 16.2 US cents in 2019. Net profit was impacted by extraordinary items related to divestments, acquisition s, litigation, severance, and government grants, in addition to COVID-19.

Cash flow

Cash flow was strong in 2020 with a primary focus on inventory management and lower capital expenditures. Cash generated by operations amounted to USD 119 million or 19% of sales for 2020 compared to USD 120 million or 17% of sales for 2019.

Cap tal expenditures for 2020 amounted to USD 24 million or 4% of sales, compared to USD 32 million or 5% of sales for 2019.

Bank balances and cash equivalents amounted to USD 102 million at the end of 2020 and USD 173 million of existing facilities are undrawn. Bank balances and cash equivalents in addition to undrawn credit facilities at the end of 2020, therefore, amounted to USD 275 million.

Capital structure

Net-interest bearing debt

Net interest-bearing debt, including lease liabilities, at year-end 2020 amounted to USD 381 million compared to USD 302 million at year-end 2019. Net interest-bearing debt to EBITDA corresponded to 4.1x at year-end 2020. Due to the impact of COVID-19, the net interest-bearing debt to EBITDA ratio is temporarily above the level in the Capital Structure and Dividend policy (1.5x-2.5x NIBD/EBITDA).

Share buybacks and dividends

During 2020, Ossur purchased 1,295,450 of own shares under share buyback programs. The total purchase price was USD 9 million. The purpose of the share buyback programs is to adjust the capital structure in line with a desired capital level of 1.5-2.5x net interest-bearing debt to EBITDA outlined in Ossur's Capital Structure and Dividend Policy. It should be noted that the share buyback program was temporarily put on 17 March 2020 due to the impact of COVID-19, as the net interest-bearing debt to EBITDA ratio is temporarily above the level in the Capital Structure and Dividend policy. At year-end 2020, treasury shares totaled 902,277.

In 2020, Ossur paid out cash dividends in the amount of USD 9 million, corresponding to DKK 0.15 per share or 13% of net profit in 2019.

Acquisitions and divestments

Divestment of Gibaud in France

Following the approval from employee representative bodies of Gibaud and Ionothera, Ossur completed the divestment of Gibaud SAS (Gibaud) in France to Ionothera on 30 September. Ossur's bracing & supports business in France has mainly been operating under the brand name of Gibaud, a local leader in the design, production, and distribution of bracing, soft goods, and compression therapy products, with primary focus on the pharmacy channel in France. Gibaud's

sales amounted to USD 51 million in 2019. Gibaud employs around 360 FTEs and operates two production facilities in France. Ossur remains committed to servicing its Orthotic & Prosthetics (O&P) customers in France from Ossur's offices in Lyon. As a result of the divestment, Ossur's sales in France will primarily go through the O&P channel which is Ossur's primary sales channel in Europe. Gibaud and Ossur will continue to be business partners for a selected B&S product range.

Divestment of B&S sales entities

In 2008 and 2010 Ossur acquired companies focused on sales of B&S products primarily in California and Texas. The rationale for the investment was to strengthen market access in these important markets for B&S in the US. As a result of product rationalization in recent years and changes in reimbursement, the focus of these sales entities has gradually shifted away from selling products manufactured by Ossur. In addition, Ossur has in recent years increased focus on the O&P channel. Ossur therefore decided to divest the entities which was completed on 29 December. The sold entities generated USD 20 million of sales in 2020 and in recent years EBIT has been negative. The divested companies and Ossur will continue to be business partners for a selected B&S product range.

Acquisitions

Ossur made good progress with the external growth strategy through several acquisitions during the year. The combined full year sales amount to around USD 59 million (including an acquisition in January 2021). These acquisitions are in line with Ossur's strategy to invest in companies that strengthen Ossur's position in regional markets.

Impact of acquisitions and divestments

In 2019 and 2020, Ossur has made several acquisitions and divestments. Over these two years, acquired sales on a full-year basis amount to USD 80 million while divested sales amount to USD 71 million.

Using 2019 as a reference year, as it is not impacted by COVID-19, and normalizing 2019 for pro-forma figures of acquired and divested companies, Ossur's sales in 2019 (reported figures in brackets) would have amounted to USD 696 million (USD 686 million) and organic growth would have been 6% (7%). Gross profit margin would have been 64% (64%). EBITDA margin before special items would have been 23% (22%). B&S sales would have amounted to 38% (45%) of total sales.

Ossur's sales in 2020 (reported figures in brackets) would have amounted to USD 628 million (USD 630 million) and organic decline would have been 10% (10%). Gross profit margin would have been 62% (62%). EBITDA margin before special items would have been 16% (15%). B&S sales would have amounted to 36% (41%) of total sales.

Outlook for 2021

FINANCIAL GUIDANCE FOR 2021

	Guidance FY 2021	Actual FY 2020
Sales growth/(decline), organic	10-15%	(10%)
EBITDA margin before special items	21-23%	15%
CAPEX as % of sales	3-4%	4%
Effective tax rate	23-24%	38%

The financial guidance assumes continued impact from COVID-19 in 1H 2021, mainly in Q1 and gradually subsiding in Q2, while Q3 and Q4 are expected to be largely unaffected with some realized pent-up demand. No major fluctuation of main operating currencies is assumed. It is emphasized that the outlook for 2021 is more uncertain than usual as changes in measures to control the COVID-19 pandemic in Ossur's main markets can have significant implications for financial performance in 2021. It should be noted that quarter one is, and has been historically, seasonally the weakest quarter of the year in terms of sales and profitability.

Acquisitions and divestments in 2019 and 2020 have impacted Ossur's business mix. Further information on the impact can be found in the section "Acquisitions and divestments".

Given the current situation in Ossur's key markets, the organic sales growth outlook for 2021 is expected to be in the range of 10-15%. Higher end of the guidance assumes continued recovery in sales during the first half of 2021 and a strong recovery in the second half with some realized pent-up demand while the lower end assumes slower recovery in 1H and slower realization of pent-up demand.

EBITDA margin before special items is expected to be in the range of 21-23%. Underlying increase in profitability is expected as sales recover, supported by growth in higher margin products, divestments, and scalability in core operations. Acquisitions are expected to have a slightly negative impact on the EBITDA margin. At current foreign exchange rates, keeping all other variables constant, currency movements are expected to have a positive impact of around 50 basis points in 2021 when compared to 2020.

CAPEX is expected to be in the range of 3-4% of sales. Main CAPEX items include maintenance CAPEX in manufacturing, continuation of the implementation of a new CRM software, investments in computer equipment, software, leasehold improvements, and fixtures.

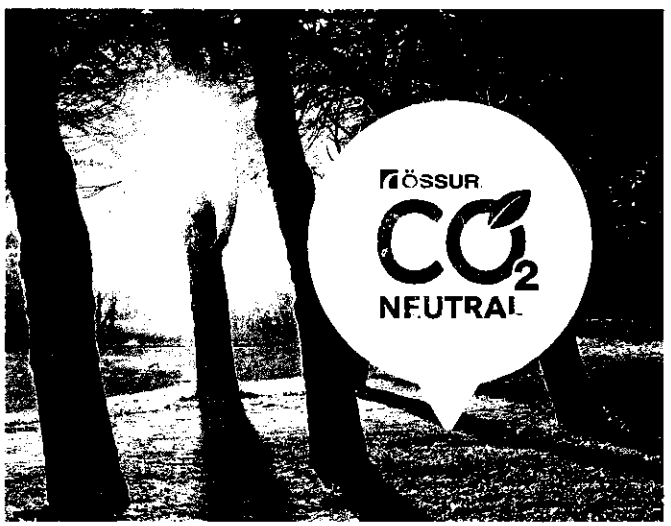
Based on the current mix of taxable income, the expectation is that the 2021 effective tax rate will be in the range of 23-24%.

IN THE SPOTLIGHT

Össur will be Carbon Neutral in 2021

In recognition of our commitment to sustainable development and to commemorate the Company's 50th anniversary, Össur will be Carbon Neutral in 2021 for energy and fuel consumption, waste generation, business travel and transportation of goods. This represents direct and indirect emissions (scope 1 and 2) and selected Scope 3 emissions, according to The Greenhouse Gas Protocol.

Össur has partnered with First Climate, a leading service provider of carbon emissions management, to achieve carbon neutrality. Össur aims to source all electricity from renewable sources and offset emissions through VCS and Gold Standard projects to support the UN Sustainable Development Goals.



Markets

Economic development around the world and global macrotrends in the market create demand and opportunities for growth. We have selected six trends that create opportunities for Össur.

INDUSTRY TRENDS CREATE OPPORTUNITY

Aging and more active population

1. The global population of 65 and older is increasing and so is the absolute population
2. Growing number of people afflicted by vascular disease, the leading cause of amputation
3. Increased amount of arthritis, joint instability and joint affliction

Growing middle class in emerging markets

1. Global economic growth will be powered by emerging markets
2. Disposable income is creating more opportunity as people begin to pay out-of-pocket
3. Increasing healthcare coverage in emerging markets

Increased pressure on healthcare budgets

1. Healthcare providers increasing efforts to manage cost
2. Demand for cost-effective solutions without compromising quality
3. Consolidation in patient care

Increased penetration of new technologies and high-end products

1. New innovative technologies being accessed for reimbursement
2. Gradual transition from volume to value-based payment in healthcare
3. Increased acknowledgement of total healthcare outcome, benefits of osseo- and OA treatment

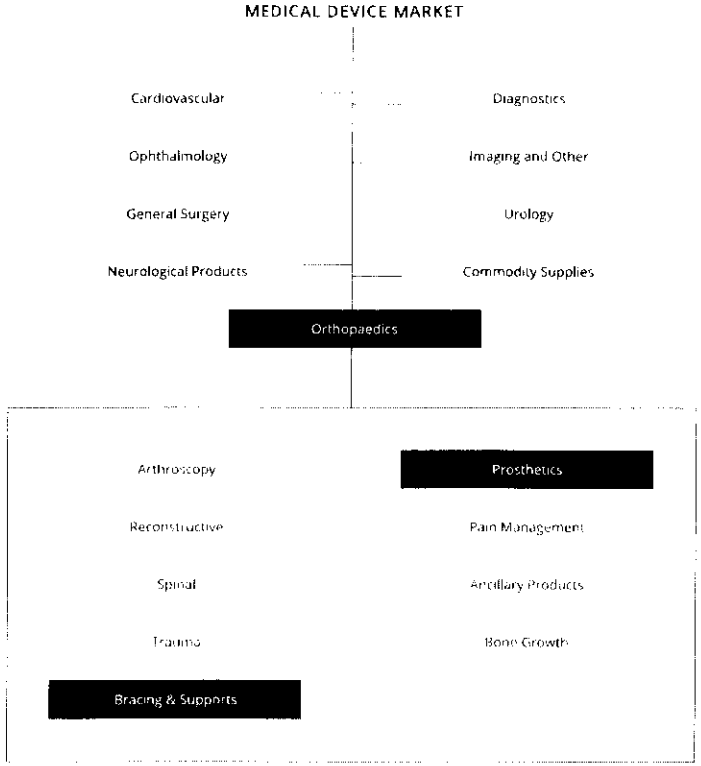
Increasing regulatory requirements

1. Investments in people and processes to adapt to changing healthcare requirements
2. Product development to meet prevailing regulatory requirements
3. Increasing importance of digital and personal data security

Improved treatment options

1. Earlier diabetic detection, limb salvage and alternative treatment options
2. Surgery, wound care and easily accessible pain medication provide alternatives to bracing
3. Increasing healthcare coverage and better access to patients

Ossur operates within the global non-invasive orthopaedic industry, delivering advanced and innovative solutions within the prosthetics and bracing & supports markets.



The prosthetics market

Prosthetics include artificial limbs and related products for individuals who were born without limbs or who have had limbs amputated. Ossur offers a full range of premium lower- and upper-limb prosthetics, including feet, knees, hands, liners, and other components.

The size of the global prosthetics component market is estimated to be approximately USD 1.3-1.4 billion. Ossur is the second largest company operating in prosthetics with a market share estimated at 23-24%. The share has increased from our previous estimates of 22-23%, largely due to the acquisition of the prosthetics manufacturer College Park which was completed during the year.

The growth rate of the prosthetics market is estimated to be 3-5%. Volume growth in the market is estimated to be moderate. Volume growth is determined by a relatively stable global amputee population and a moderate increase in the number of new amputees that get fitted with a prosthesis every year. Pricing in the prosthetics market is on average relatively stable. Growth in the prosthetics industry is mainly driven by increased utilization of higher quality prosthetics that lead to increased mobility and quality of life for the users.

PROSTHETIC MARKET

Market size	Market share	Market growth	Primary Sales Channels
USD billion **1.3-1.4**	**23-24%**	**3-5%** Moderate volume growth ↗ Relatively stable pricing → Positive product mix ↑	Orthotic & Prosthetic clinics (O&P)

The bracing & supports market

Bracing & supports (B&S) include products used to support joints and other body parts for therapeutic and preventative purposes. The B&S market includes devices supporting spinal, knee, hip, foot, ankle, and hands. Ossur offers a comprehensive line of products with primary focus on osteoarthritis and injury solutions.

The size of the global B&S product market is estimated to be approximately USD 2.7-3.0 billion. Ossur's market share is estimated at 5-7% compared to previous estimates of 6-8%. The change in market share is largely due to Ossur's divestment of Catsdon which was completed during the year.

The growth rate of the B&S market is estimated to be 3-5%. Market growth is driven by a healthy volume growth in the B&S market supported by global healthcare trends such as an aging and more active population. Price levels are relatively stable as B&S products are fully reimbursed in most of the markets that Ossur operates in. For some markets, there is moderate price pressure for selected product categories, mainly products of a lower innovation level. In addition measures such as Competitive Bidding for off-the-shelf spinal and back braces in the US which came into effect in January 2021 puts further pressure on pricing for certain products. Increased utilization of high-end innovative products such as Unloader bracing supports market growth in B&S.

BRACING & SUPPORTS MARKET

Market size	Market share	Market growth	Primary Sales Channels
USD billion **2.7 - 3.0**	**5-7%**	**3 - 5%** Healthy volume growth ↑ Moderate stable price pressure ↘ Positive product mix ↑	Orthotic & Prosthetic clinics (O&P) Hospitals Orthopaedic clinics

Orthopaedic industry stakeholders

In the orthopaedic industry, many stakeholders and decision makers are involved in the purchasing decision. Stakeholders can be categorized into five groups.

ORTHOPAEDIC INDUSTRY STAKEHOLDERS

End-Users	Prescribers	Providers	Payers	Influencers
Individuals that use the products.	Healthcare professionals who prescribe the products, based on the functional clinical indication of the user.	Healthcare professionals who provide users with products, such as O.P.'s, doctors, podiatrists.	Public and private insurance companies. About 95% of Ossur products are reimbursed by a third party.	Healthcare systems, insurance companies, medical associations, end-users and their families.

USER STORIES

Jami Goldman Marseilles

In December 1982, Jami and her good friend Lisa were stranded during a brutal snowstorm in the Arizona desert. Eleven days later, they were found dehydrated and near starving. Both women would fall victim to severe frostbite. For Jami, that would mean battling gangrene and eventual amputation of both legs below the knee. Within a matter of days, Jami's life was up ended as she experienced grief, sadness and loss.

Over the next several years, Jami began an aggressive physical therapy routine, incorporated nutrition and wellness and learned how to walk again with the aid of prosthetics. But that was just the beginning.

"I was watching the 1996 Paralympic Games and decided then to become a professional Paralympic runner," said Jami. From that moment on, she became a runner. Buoyed by a strong family support network and fitted with her now well-recognized prosthetic running blades, she began a rigorous training regime that would ultimately lead her to join the US Paralympic Track and Field team and later compete in several triathlons, marathons and more.

On October 11, 2015 Jami became the first bilateral below knee female amputee to finish any marathon (Chicago Marathon), and on April 18, 2016 she became the first bilateral below knee female amputee to finish the Boston Marathon.

As a wife, mother, teacher, philanthropist – and now, cancer-survivor – Jami's story serves as a remarkable testament to the power of hope, strength and gratitude.

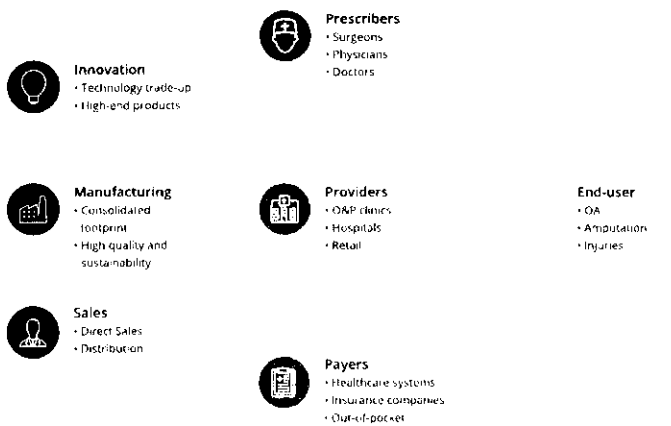
"Overcoming is living your life full of love, passion and perseverance."

Business model

Össur's business model in brief

Ossur develops, manufactures, and brings to market a wide range of prosthetics and bracing & supports solutions with high standards of quality. These high-end products are developed with the objective to improve the mobility of end-users. The products are delivered to the end-users through healthcare providers who specialize in assisting individuals who suffer from movement impairment. Ossur's products are in most cases reimbursed by public or private insurance (payers). Ossur makes a significant investment every year in R&D to further advance products and technologies for the benefit of all stakeholders.

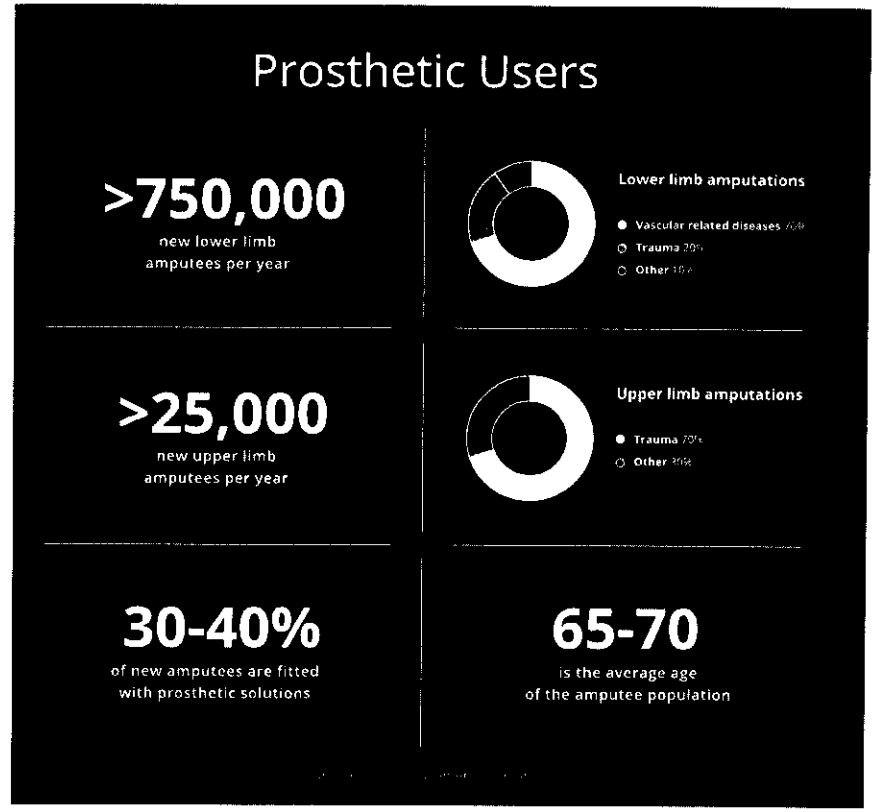
BUSINESS MODEL



The end-users

End-users include lower and upper extremity amputees who have lost a limb due to, for example, vascular diseases, including diabetes, trauma, and cancer. They also include individuals who require support as they may have, for example, developed osteoarthritis in knee or hip ligaments, incurred temporary immobilization, or require enhanced healing after surgery.

By collaborating closely with the end-users Ossur gains a better understanding of their needs and challenges. In turn, Ossur improves their mobility by providing new technologically advanced products to achieve their goals. The involvement with the end-user is not limited to research and development as there is also an aim to provide them with quality services, directly through clinics operated by Ossur or indirectly through customer service programs.



Research & Development

Ossur develops prosthetic and bracing & supports, from an idea to a finished product. With every product, the aim is to deliver cost effective medical solutions that provide value for end-users and the healthcare system. When a product is designed, Ossur accumulates medical and biomechanical data during the development process to verify product safety and efficacy before launch. Also, to obtain independent clinical evidence for product outcomes as well as health economic data, Ossur initiates and promotes clinical studies in cooperation with leading scientists, institutions, and healthcare professionals in the field.

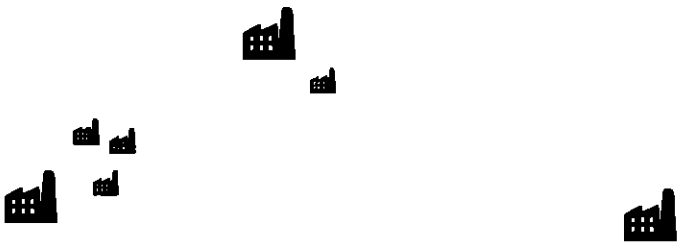
Ossur supports open collaboration within the industry and academia. An example of such an initiative is the collaboration between Ossur and the Alfred Mann Foundation on the development and licensing of a myoelectric sensor system (IMES™). The solution utilizes implantable sensors that collect signals from the amputee's muscles and translate these into prosthetic movements. In other words, mind-controlled prosthetics.

Manufacturing & Quality

Ossur maintains a strong global manufacturing function. Manufacturing of advanced prosthetic solutions, including bionics, takes place in Iceland and Scotland. Manufacturing of other prosthetics solutions, components and premium bracing solutions takes place in Mexico. Ossur outsources the manufacturing of soft goods to China. At Ossur there is a continuous strive for profitability improvements, which includes finding ways to optimize the manufacturing process.

Great emphasis is placed on quality and it is highly important that quality is an intrinsic part of processes whereby Ossur has had a certified quality system in place since 1993. Ossur complies with various global quality and regulatory requirements for medical devices and is currently certified with the ISO9001:2008/2015, ISO14001:2015 and ISO13485:2016 standards.

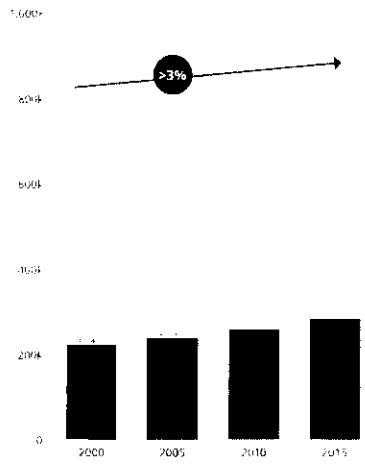
MANUFACTURING LOCATIONS



Sales & Marketing

Ossur operates within a highly specialized industry where the primary customers are specialized healthcare providers who provide and fit individuals with Ossur products. In prosthetics these customers are orthopaedic and prosthetic (O&P) clinics and in bracing & supports it is a combination of O&P clinics, hospitals, and surgery centers. In a few selected markets, Ossur operates its own O&P clinics. In most cases, when a user has been fitted with a product Ossur's customers claim reimbursement from the relevant public institutions or private insurance companies. Ossur largely sells its products through its own direct sales network.

PROSTHETIC USERS



Payers, providers, and prescribers

Prescribers include healthcare professionals who prescribe products based on the clinical indication of the user. These include orthopaedic surgeons, non-surgical physicians, and emergency physicians as well as other professionals providing medical diagnosis.

Providers are healthcare professionals who provide users with prosthetic and bracing products, and related services. These include certified prosthetists and orthotists (CPOs) working at O&P clinics, durable medical equipment (DME) clinics, orthopaedic clinics, and hospitals. Many providers not only recommend specific products but also fit and tailor-make certain products. For non-reimbursed products, a provider can be a pharmacy or sports store.

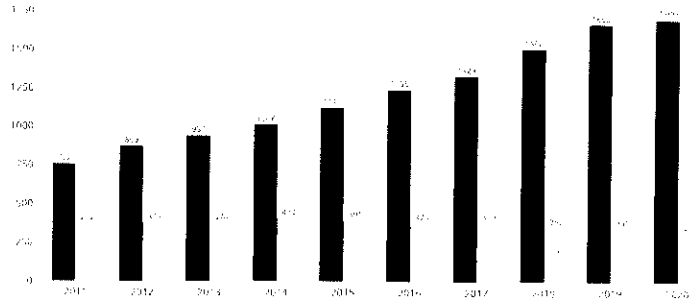
Payers include government reimbursement or insurance companies, where over 95% of Ossur's products are estimated to be reimbursed by a third party. It should be noted that reimbursement systems vary substantially between countries. In other cases, the end-user would pay for the products out of pocket.

Innovation

Strong intellectual property portfolio

Ossur protects its investment in R&D by strategically growing its intellectual property portfolio. Proprietary technologies and products are protected with various types of intellectual property rights, such as patents, design registrations and, trade secrets. The IP portfolio is well diversified and representative of the business areas and markets in which Ossur operates. In recent years, the portfolio has grown around 10% annually, which is mostly contributed to in-house innovation efforts. In 2020 alone, Ossur was granted 85 new patents in addition to filing 117 new patent applications. At year-end 2020, Ossur had over 1,700 granted patents and some 317 patent applications pending. In addition, Ossur's brand is protected by more than 500 trademark registrations.

PATENT PORTFOLIO



Prosthetics

In 2020, Ossur introduced three new product groups catering specifically for the less active amputees and facilitating functional trade-up through technology for this population. To continue Ossur's journey towards innovation for the elderly, development of the Mobili Knee™ has been one of the focus points in 2020. Mobili Knee is a microprocessor controlled, motorized prosthetic knee, based on Ossur's powered knee technology, to be launched in 2021.

Ossur first introduced powered technology to the prosthetics market in 2005 by launching the first generation of Power Knee™ which remains the only powered knee joint commercially available. The second generation was introduced in 2010 and the third generation, which has been in development for the past years, will launch in 2021. This third generation

will cater for the higher active population as its predecessors and will continue to carry the name Power Knee. The knee is intended to facilitate symmetrical loading during various activities, provide confidence when negotiating obstacles and cover greater distances. Another version of the third generation, the Mobili Knee, is specifically tailored to the needs of the low active population. The objective is to apply power to assist users to move from a seated position to a standing one and facilitate safe and assisted walking, allowing the amputee to ambulate in their desired environment and encouraging increased mobility. The launch of the Mobili Knee marks an important milestone in Össur's ambition to bring innovation to this user group.

Innovation in powered prosthetics is based on Össur's vision to replace lost muscle function by applying a specialized motor which is controlled by an internal computer. Above knee amputees typically rely solely on their sound side limb and arms to lift themselves up from a chair, putting strain on the body and compromising balance throughout this activity. By utilizing powered knee extension, the Power Knee and Mobili Knee can extend the joint under load and lift the prosthetic wearer from a seated to a standing position. The technology enables the user to stand up in a symmetrical fashion, putting equal amount of load on both legs and therefore achieving improved balance.

Amputees, specifically lower active and elderly amputees, name stumbles and the risks of falling as their key fear and contribution to insecurity while walking. During ambulation, it is important to create enough space between the foot and the ground when swinging the leg through to avoid the toe from stubbing on the floor as this can lead to stumbles or falls. The motorized control of Össur's powered knees allows for active control of the degree of knee flexion (against the gravity driven extension) during forward swing of the leg and thereby the possibility of influencing this important parameter of ground clearance of the foot, a major determinant for stumbles and falls.

By applying the powered technology to prosthetics, Össur is living up to its mission to improve people's mobility.

Bracing & Supports

Össur launched five new and exciting products within bracing & supports (B&S) during the year for both reimbursed channels as well as our direct-to-consumer (DTC) platform. Throughout the year, the B&S team continued on its innovation journey with focus on products that are designed and built to fulfill the needs of our customers and end users all while continuing to offer competitive pricing without compromising patient care.

A new walker boot is an excellent example of a product that is expected to set new standards in compliance, function, and biomechanics within the B&S industry. When launched, this new walker boot will have a clear differentiation from other competing products and will address unmet needs in the marketplace.

Össur launched a direct-to-consumer platform in 2020 offering braces, compression, sleeves, accessories, and parts. Since launch Össur has focused on technology that provides the ultimate end user experience, for example with the CTi Ultra brace which is designed to offer best in class protection and stabilization of the knee joint. The development of the CTi Ultra has distilled decades of experience into Össur's first ever dedicated DTC product and will come to market in 2021.

By listening to the needs of our customers and end users, Össur continues to be in the forefront of innovation within the B&S industry.

Strategy

Össur is a pioneer of advanced technology and by listening to people's needs and pushing the boundaries of technology continues to create some of the best products and services available in the fields of prosthetics and bracing & supports. In the end, we strive to create a Life Without Limitations for all our users. Össur's mission is to improve people's mobility and its vision is to be a leading company in the non-invasive orthopaedics market.

Össur will continue to generate value for individuals and healthcare systems by focusing our business strategy on successful product innovation, sustainable growth, and efficiency.

Innovation

Execute Ideas that add Value

We embrace innovation in all our actions by creating value for our customers. We will be at the forefront of industrial and related innovation to ensure our consistently strong position in the market.

In 2020, Össur continued to invest in research & development amounting to 5% of sales or USD 31 million. Össur launched more than 20 new products and incremental updates to the market.

In 2020, Össur introduced new product groups catering specifically for the less active amputees and for treating functional trade up through technology for this population. These include the Balance Foot 3 and new Direct Socket TF and Connect TF socket technologies. The Balance Foot 3 was developed to support less-active prosthetic users, ideal for people who want a lightweight, comfortable foot for everyday use. Direct Socket TF is a socket solution for transtemporal amputees of all activity levels. Connect TF is an adjustable socket indicated for low activity amputees, including an open socket donning feature.

Össur also launched new and existing products within bracing & supports during the year for both reimbursed channels as well as our direct-to-consumer platform. Product launches for example include the Unloader One X Custom knee brace, which is manufactured to fit the patient's leg contour.

During the year, good progress continued to be made in research & development of new technologies for our users. For example, within powered prosthetic technology with products anticipated to be launched in 2021 and a new walker boot within B&S which will have a clear differentiation from other competing products and will address unmet needs in the marketplace.

Growth

Maintain Sustainable Growth

We will achieve growth by successfully commercializing our innovation through our local go-to-market strategy and commitment to our customers' needs. We will further develop our business and leverage untapped market opportunities.

Organic sales declined by 10% in 2020 as sales during the year were impacted in most markets by measures to control the COVID-19 pandemic. Due to these measures, average sales compared to the same period last year were as follows during the year: January and February 2020 were around 100% of last year's sales, March 80-90%, April 60-70%, May 70-80%, June 80-90%, and through the remainder of the year between 90-100%. The impact from the pandemic is expected to be short-term and that the long-term prospects and underlying fundamental drivers of the business are unchanged.

A key growth opportunity is within emerging markets where penetration of prosthetics and bracing is still relatively low. Ossur continued to invest in selected emerging markets during the year by establishing direct sales and infrastructure. The goal in these markets is to drive conversion, technology trade-up, and offer partnership services.

Ossur made good progress during the year with its partnership service model. These services include professional education, solutions to ease the reimbursement claim process, tools to enhance clinical outcomes, and outsourced fabrication.

Ossur's strategy furthermore includes exploring growth opportunities through acquisitions, and additionally divestments were made during the year to further focus the business. Ossur completed the acquisition of the prosthetics manufacturer College Park Industries during the year and additionally acquired several other companies. The combined full year sales of these acquisitions amount to USD 59 million (incl. an acquisition in the first week of January 2021). Divestments completed during the year include Gibaud in France and entities focused on B&S sales in the US. The combined full year sales of these divestments amount to USD 71 million.

Efficiency

Conduct Business Efficiently

We strive to increase efficiency and drive continuous improvement. We run efficient operations in the most optimal locations, hire passionate employees and deliver strong profit and cash flow.

EBITDA margin for 2020 was 15%. Profitability was strong despite the impact on topline due to COVID-19 and underlines that profitability will return to normalized levels as sales recover.

Gross profit for 2020 amounted to 62% of sales compared to 65% of sales for 2019. During a large part of 2020, manufacturing capacity was reduced due to lower sales in relation to COVID-19, which resulted in a lower gross profit margin.

Good progress was made with the ongoing efficiency initiatives this year which are focused on distribution, manufacturing, and strategic sourcing. The savings target of USD 10 million in 2020 was reached, corresponding to USD 4 million in additional savings when compared to the previous year.

Ossur has been investing in an increasingly scalable infrastructure. As an example, the global manufacturing platform is consolidating with about 12 fewer locations since the year 2009. Investments have been made in centralized procurement (strategic sourcing) and implementation of a new CRM platform. The shared service center in Poland supports around 60% of Ossur's entities and the global IT department which is supporting majority of Ossur's entities.

People

At Ossur we nurture a spirit of innovation, we offer an open and vibrant environment where each employee can achieve his or her full potential. We live by a set of values that are the foundation for our strategy and success. Our core values are Honesty, Frugality, and Courage; and these values guide our decisions. We live these values every day in everything that we do—in our interactions with colleagues and customers, and in our work efforts.

We have about 3,500 employees working in over 30 countries. While we are a diverse company, we work as one to improve people's mobility. Different ideas and points of view are beneficial to our business, and we believe in creating an environment where diversity, knowledge, skills, and strengths are fully utilized. As individuals, our employees can expect fair and equal treatment and equal opportunities for growth within Ossur. Our employees take responsibility, both for their current job and for their career advancement. We offer various learning opportunities, so employees can build lasting and rewarding careers with us.

We measure our employees' motivation once a year and we are proud that our employee satisfaction and motivation is high. Our employees' passion, drive, and capabilities to help our customers are our greatest assets.

We have a Competency Framework within Ossur that allows us to identify the behaviors that drive successful performance and supports business strategy. Our competencies are collaboration, communication, driving results, customer focus and change. Regular check-ins are encouraged between employees and managers to discuss both performance and development of these competencies which are supported by Ossur's Development Guide that lists training and development opportunities for each competency. All employees regardless of their role or location, have access to thousands of on-line and virtual courses to learn and grow.

Ossur recruits competent and ambitious individuals that can work on demanding projects, and we are proud that we've been able to provide advancement opportunities for our talented employees. Our hiring decisions are based

on a potential employee's skills and abilities. Our global team of talented professionals is passionate about helping people live a Life Without Limitations. While innovation drives us as we strive to be the leading company in non-invasive orthopaedics, it's the people that work at Össur that make this possible.

If you are interested in joining our team you can view and apply for an open position on Össur's applicant portal.

Diversity and Equality

Every day we interact with people from a wide range of cultures and backgrounds. We do business in numerous locations around the world, working and communicating with many different colleagues, customers and other stakeholders in our industry.

Diversity and equality are extremely important to us. Different ideas and points of view are beneficial to our business, and we believe in creating an environment where all our knowledge, skills and strengths are fully utilized. As individuals, we can expect equal treatment and equal opportunities for growth within Össur.

Risk management

Four key risks

Investment in Össur's shares involves various risks where the business, financial conditions, and results of operations going forward rest upon certain assumptions and could be negatively affected if any of the factors described in this chapter occur. Össur has chosen to highlight four key risks which are currently considered most relevant (apart from the expected short-term impact of COVID-19). Össur cannot ensure that given assumptions for the description of the risks is correct. Furthermore, additional risks and uncertainties which are listed on Össur's corporate website, or not presently known to Össur, or that the Company currently deems immaterial, may adversely affect its business operations and financial results, to an even greater extent, than the four risks identified here.

CHANGES IN REIMBURSEMENT

Description

Most of Össur's products and services are reimbursed by third-party payers, including government healthcare programs and private health insurance plans. All third-party payers continue to develop methods of controlling healthcare costs, including review of claims, selective contracting, and competitive bidding.

Potential impact

These cost-control methods may limit or even eliminate the coverage and the amount of payment for which third-party payers may be willing to pay for Össur's products and services. As a result, sales may decline significantly, and customers may reduce or eliminate purchases. Reviews of claims may lead to repayment of prior sales.

Mitigative actions

Össur only brings products to the market that have medical indication and are clinically validated. Össur applies its reimbursement knowledge from the earliest stages of product development to the post-sale education of customers. Össur also pursues several strategies to manage the reimbursement of its products and services.

REGULATORY REQUIREMENTS

Description

Össur's products are medical devices that are subject to extensive global regulations by the respective authorities in countries where Össur conducts its business. Such regulations can restrict virtually all aspects of a medical device's design and testing, manufacturing, safety, labeling, storage, recordkeeping, reporting, clearance and approval, promotion, distribution, and services.

Potential impact

Failure to comply with the regulatory requirements of the applicable authority may subject Össur to sanctions, ranging from warning letters to penalties and product withdrawal. Össur's failure to comply with regulatory requirements or receive regulatory clearance and approval for its products or operations would adversely affect Össur's sales and potential for future growth.

Mitigative actions

Össur maintains a robust global quality system that complies with international medical device standards and is an intrinsic part of internal processes. Furthermore, employees actively monitor the medical device regulation landscape and stay on top of changes to international and local regulations in the countries where Össur markets and sells medical devices.

ÖSSUR MAY BE UNABLE TO DEVELOP OR SECURE THE USE OF NEW TECHNOLOGIES

Description

Össur operates in markets that are characterized by rapid technological change, driven by extensive research that is carried out by market participants. Technological innovation takes place at various stages in Össur's value chain and may include individual components, design, and functionalities of Össur products, and patient care.

Potential impact

The development by any suppliers or competitors of substitute products or components that better satisfy market demands could have a material adverse effect on Össur's business and results of operations. A failure to develop new products or enhance existing products could also have a material adverse effect on Össur's operations and potential for future growth.

Mitigative actions

Significant reinvestment into R&D and constant strive to find new technologies has resulted in a vast IP portfolio and enables a strong position to compete with potential new entries. External connections and appeal to universities, research institutes and investors provides the opportunity to stay informed and review emerging innovation as part of acquisitions or research cooperation initiatives.

INDUSTRY CONSOLIDATION AND FORWARD INTEGRATION

Description

Major parts in Össur's marketplace include the consolidation of prosthetic manufacturers in recent years and the additional momentum that forward integration is gaining in the industries where Össur operates. Given the nature of acquisitions, it is uncertain to what degree Össur will be able to participate in further consolidation and to what degree forward integration will affect Össur's operations.

Potential impact

The consolidation has been a material contributor to the growth of Össur in the past. If Össur were not to participate in further consolidation or forward integration, it might limit Össur's potential for future growth. In addition, these shifts may impact the competitive landscape of the industries and the associated market shares. Changes in the industry may furthermore impact Össur's customers.

Mitigative actions

Össur continuously reviews value enhancing acquisitions and investment opportunities in its business segments and keeps a good relationship with the relevant stakeholders in the industry. Össur operates its own clinics in certain regions and has partnership programs in place with patient care providers to offer high-quality services.

Other relevant risk factors

For other relevant risk factors please see the Investor Relations section on our corporate website.

Shareholder information

The Össur stock price decreased by 7% in 2020, compared to an increase of 36% of the OMXC25GI index, a leading index for the Danish equity market. Össur returned USD 18.6 million to its shareholders in 2020, in the form of USD 9.3 million share buybacks and USD 9.3 million in dividends.

Össur's stock is listed on Nasdaq Copenhagen and was the 25th largest company listed on Nasdaq Copenhagen when measured in terms of market value at year-end 2020.

Stock performance

Ossur's share price decreased by 7% in 2020, from DKK 52.3 per share at year-end 2019 to DKK 48.5 per share at year-end 2020. Ossur's market capitalization was DKK 20.5 billion (USD 3.4 billion) at year-end 2020 compared to DKK 22.2 billion (USD 3.3 billion) at year-end 2019.

STOCK PERFORMANCE

Share buybacks

During 2020, Ossur purchased 1,295,450 of own shares (approx. 0.3% of outstanding shares) under share buyback programs. The total purchase price was DKK 63 million (USD 9 million). The purpose of the share buyback programs is to adjust the capital structure in line with a desired capital level of 1.5-2.5x net interest-bearing debt to EBITDA outlined in Ossur's Capital Structure and Dividend Policy. It should be noted that the share buyback program was temporarily put on-hold on 17 March 2020 due to the impact of COVID-19, as the net interest-bearing debt to EBITDA ratio is temporarily above the level in the Capital Structure and Dividend policy. At year-end 2020, treasury shares totaled 902,277.

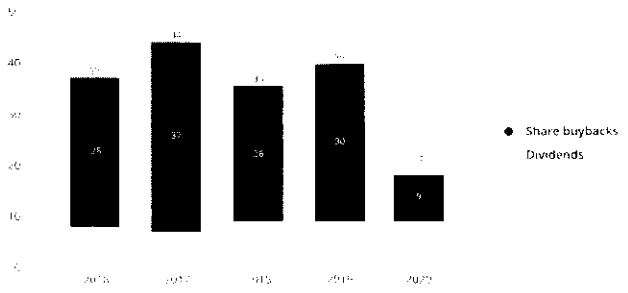
The Board of Directors will not propose to the Annual General Meeting 2021 to reduce the share capital by way of cancelling shares as Ossur's current shareholding will be utilized to meet share option obligations.

Dividends

During 2020, Össur paid out cash dividends in the amount of DKK 64 million (USD 9 million) corresponding to DKK 0.15 per share or 13% of net profit in 2019.

The Board of Directors will not propose to the Annual General Meeting in 2021 that Össur pays cash dividends for the financial year 2020 as the net interest-bearing debt to EBITDA ratio is temporarily above the level in the Capital Structure and Dividend policy.

SHARE BUYBACKS AND DIVIDENDS



Over the last five years, Össur has paid out USD 174 million to shareholders in the form of share buybacks and dividends.

Corporate Governance

Recommendations on Corporate Governance

Ossur applies the Danish Recommendations on Corporate Governance ("Recommendations"). The Recommendations are the best practice guidelines for companies admitted to trading on a regulated market in Denmark.

Each year the Board of Directors evaluates and decides to what extent the Company should comply with the Recommendations and consequently whether relevant rules, policies and processes should be adopted or amended. When reporting on corporate governance, Ossur comments and provides information on each recommendation. In the few cases where Ossur has decided to deviate from the Recommendations, the "comply or explain" principle is applied, and well-founded explanations are provided why the relevant recommendation is not considered appropriate or desirable for the Company.

Ossur's Corporate Governance Report is approved by the Board of Directors. The Report includes both the statutory statement on corporate governance as well as comments and information on each item in the Recommendations. The report is available here on Ossur's website.

Governance Structure

Shareholders' Meetings

The supreme authority in Ossur's affairs is in the hands of lawful Shareholders' Meetings, within the limits provided for in the Company's Articles of Association and law.

At each Annual General Meeting the shareholders confirm the Company's consolidated financial statements, approve the Company's remuneration policy and decide on remuneration for the Board of Directors. The Board of Directors and an auditor are also elected at the Annual General Meeting, for a term of one year. Other resolutions are made on an ad-hoc basis, such as amendments to the Company's articles of association including capital reductions or authorizations for the Board of Directors to increase share capital) as well as authorizations to the Board of Directors (including to purchase own shares, initiate share buyback programs, or initiate share incentive programs).

Resolutions at Shareholders' Meetings generally require a simple majority. However, resolutions to amend the Company's Articles of Association usually require two-thirds of the votes cast and capital represented.

William Demant Invest A/S holds the voting majority at Ossur's Shareholders' Meetings due to its majority ownership of the Company.

Minutes of Shareholders' Meetings are available here on Ossur's website.

The Board of Directors is composed of five individuals, all elected by the shareholders at the Annual General Meeting for a term of one year. The Board shall be represented by at least 40% of each gender, and currently there are three men and two women on the Board. The Board members have all served for several years, which ensures consistency and good insight into the Company's business and markets.

The Chairman and the Vice Chairman of the Board of Directors are elected each year following the Company's Annual General Meeting. The Chairman's main responsibility is to ensure that the Board performs its duties in an orderly and efficient manner. In the absence of the Chairman, the Vice Chairman performs his duties. Niels Jacobsen has served as the Chairman since 2006 and Kristján Tómas Ragnarsson as the Vice Chairman since 2012.

The Board of Directors conducts a performance evaluation each year, which includes evaluation of individual contribution, co-operation within the Board and with the CEO, the Chairman's leadership and setup of meetings, quality of board material, committee structure, etc. The Board also evaluates its composition each year to ensure that the members of the Board have between them the relevant knowledge, professional experience, expertise and skills required to perform the Board's tasks in the best interest of the Company. The Chairman oversees the evaluation process and proposes the actions to be taken, if any. The Chairman shall seek external assistance at least every three years.

Further information on each member of the Board of Directors is available here on Össur's website.

Audit Committee

The Audit Committee acts as an advisor to the Board of Directors but has no authority to take any decision on behalf of the Board. The principal duty of the Audit Committee is to ensure good quality of the Company's Consolidated Financial Statements and other financial information as well as the independence of the Company's Auditors. The Audit Committee's role and responsibilities are further described in the Audit Committee's rules of procedure, which are available here on Össur's website.

The Audit Committee is composed of three Board Members. The majority of the Audit Committee shall be independent of the Company, the CEO and the Auditor. The Members of the Audit Committee shall possess the knowledge and expertise needed to perform the tasks of the Audit Committee. At least one Member of the Audit Committee shall have solid knowledge and experience in the field of financial statements or auditing. Arne Boye Nielsen has served as the Chairman of the Audit Committee since 2012.

Further information on each member of the Audit Committee is available here on Össur's website.

Executive Board

According to Össur's Articles of Association the Executive Board is formally composed of the CEO alone. He is not a member of the Board of Directors.

The CEO is responsible for the Company's daily operations and is obliged to follow the Board of Directors' policy and directions, within the limits provided for by the Company's articles of association and law. The daily operations do not include measures that are unusual or extraordinary, which may generally only be taken if specially authorized by the Board.

The Board of Directors evaluates the CEO's performance each year and then the Chairman of the Board and the CEO have a meeting to discuss the results of the evaluation and the actions to be taken, if any.

Össur also has a wider executive committee consisting of the CEO, the CFO and Executive Vice Presidents ("Executive Management"). The Executive Management generally meets every week and collectively prepares and implements the Company's strategic plans. The CEO is responsible for the work and results of the Executive Management. The CEO evaluates the performance of the Executive Management each year and discusses the results of the evaluation with each member and the actions to be taken, if any.

Further information on each member of the Executive Management is available here on Össur's website.

Corporate Social Responsibility

Össur joined the UN Global Compact in 2011 and signed the UN Women's Empowerment Principles in 2014. In 2019, Össur evaluated its impact on the UN Sustainable Development Goals and selected four goals to support. Initiatives related to the selected goals started in 2020 and therefore this is the first time Össur reports on the progress. This chapter will give a high-level overview of the selected SDG's and ESG measurements in accordance with the Nasdaq ESG Guidance. Össur publishes annually a separate Progress Report on its sustainability efforts which discusses the Company's initiatives and progress in more detail.

Össur's contribution to the UN Sustainable Development Goals (SDG)

Össur's largest impact on society is through the Company's innovative products, research activities and expertise in the field of prosthetics and bracing and supports. Össur works with individuals, clinicians, and diverse communities around the world to support a better quality of life and increase the mobility of millions of people. Consequently, Össur's greatest impact is on Goal 3, Good Health and Well-Being. Additionally, Össur will also contribute to Goal 5 on Gender Equality, Goal 12 on Responsible Consumption and Production and Goal 13 on Climate Action. Össur's sustainability vision is to provide products and services that contribute to good health, using responsible production methods and supporting climate action, while being a sponsor for gender equality.

3 GOOD HEALTH AND WELL-BEING

Access to healthcare for elderly amputees

Össur's main initiative supporting this goal is to design products that offer additional benefits for the elderly, increasing their independency and quality of life. To secure access and availability of these solutions, Össur works closely with healthcare professionals in its field. At the end of 2020, Össur had already launched three products that are specially designed for this user group, and 30% of ongoing clinical investigations were related to this subject which will deliver valuable information and insights to further understand the need and potential benefits.

The numbers in the table below show the status at year-end 2020. As this is the first year Össur reports on these initiatives, these results serve as a baseline and next year will demonstrate the progress achieved.

5 GENDER EQUALITY

Our Ongoing Commitment

Ossur achieves in diversity in its broadest sense and the importance of gender equality and a culture of positive contribution to the workplace and the society. We set targets supporting the goal to maintain an even gender split among employees (+/- 10%), increase management positions held by women, and continue to encourage greater diversity and inclusiveness in the industry.

Actions and progress	Target	2020 Status
Gender split among employees	50% (+/- 10%)	46% Female 54% Male
Female Managers (percentage of total number of managers)	YoY increase	36%
Ossur's Women's Leadership initiative (OWLI) Encourage greater diversity and inclusiveness in the industry	Annual conferences* and webinars	6 webinars

12 RESPONSIBLE CONSUMPTION AND PRODUCTION

Reducing the environmental footprint of our products

Ossur is taking a product-centric approach to environmental management and aims to reduce the product's environmental footprint throughout the full lifecycle, from development, through production, use and disposal. Our approach is to start initiatives with selected product lines and expand into the portfolio going forward.

Actions and progress	Target	2020 Status
Sustainable product design	• Establish data on carbon footprint of the current product portfolio • Identify opportunities for carbon footprint reduction • Build internal development processes to act on carbon footprint of future products	• Selected products in current product portfolio analysed with respect to their carbon footprint • Opportunities for carbon footprint reduction of selected products identified • Internal education and awareness • Sustainability Workshops
Reduce material in product packaging	• Eliminate single use plastic • Reduce total material consumption	• Pro-Flex Foot line packaging re-design o 100% reduction in polyurethane o 10% less in total material o 50% recycled material • Recycling information incorporated

13 CLIMATE ACTION

Actively working towards a carbon neutral operation

Ossur is committed to reducing it's greenhouse gas emissions and improving the efficiency of its energy and resource consumption.

In recognition of our commitment to sustainable development and to commemorate Ossur's 50th anniversary, Ossur will be Carbon neutral in 2021 for energy and fuel consumption, waste generation, business travel and transportation of goods. This represents direct and indirect emissions (Scope 1 and 2) and selected Scope 3 emissions, according to Greenhouse Gas Protocol.

Ossur has partnered with First Climate, a leading service provider of carbon emissions management, to achieve carbon neutrality. Ossur aims to source all electricity from renewable sources and offset emissions through VCS and Gold Standard projects to support the UN Sustainable Development Goals.

Actions and progress	Target	2020 Status
Continuously improve Ossur's Greenhouse Gas emission reporting	Establish an overview of Ossur's carbon footprint	Emission data added for • 6 Ossur locations • Transportation of goods • Clinics • Car fleet • Finished Goods Suppliers electricity consumption
Source electricity from renewable energy sources	100%	24% of electricity with Guarantee of Origin (GO) certification

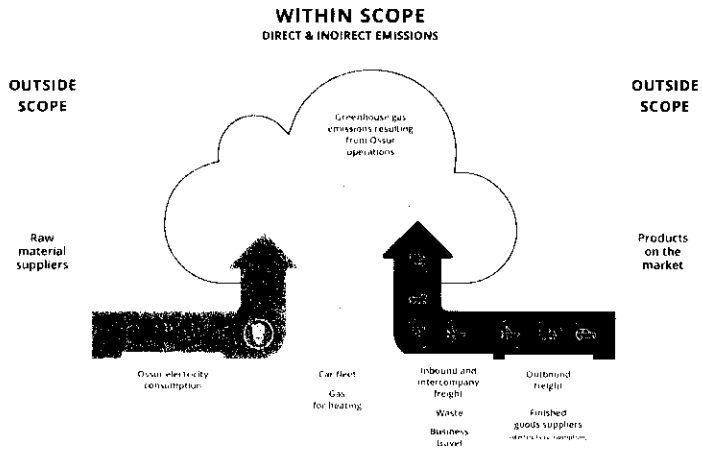
THE GLOBAL COMPACT WE SUPPORT

The UN Global Compact asks companies to embrace, support and enact, within their sphere of influence, a set of core values in the areas of human rights, labor standards, the environment and anti-corruption.

How will we do it?

Actively reduce emissions from our operations.	**Improve energy efficiency** at our locations.
Source 100% electricity from **renewable energy sources.**	**Offset remaining emissions** by supporting emission reduction projects



Environment

Below reporting on environmental metrics is in accordance with the Nasdaq ESG guidance. Ossur strives to continuously improve its Greenhouse Gas emission reporting with more extensive data from suppliers and service providers.

USER STORIES

Rudy Garcia-Tolson

"A brave heart is a powerful weapon and people should never let their challenges define who they are"

At an age when most children must be reminded to brush their teeth or take out the trash, Rudy Garcia Tolson was charting his course to Ironmans Triathlon victory and Paralympic gold. Born with multiple birth defects, Rudy endured 15 surgeries by the age of five before telling his parents he would prefer a double leg amputation. Soon after, Rudy began to swim and run, participating in his first triathlon at age 8, as the swimmer in a winning relay team. By age 10, on a visit to Össur in Iceland, he provided product input which became key in the development of the Flex-Run™ prosthetic. Shortly thereafter, Rudy completed the first of many individual triathlons.

Today he is a multi-hyphenate. Rudy is a swimmer, runner, cyclist, triathlete, ESPN's ARETE Courage in Sports Award Winner, ESPY nominee, motivational speaker and four-time paralympian.

On a day-to-day basis, Rudy uses Össur's Rheo Knee® and Pro-Flex® XC. For athletics, he uses Össur's Flex-Run. As a four-time Paralympian (2004, 2008, 2012, 2016) and five-time medalist, Rudy devotes himself to inspiring the younger generation of challenged athletes. Today, he is training in hopes of competing at his fifth Paralympics in Tokyo next year.

"Never let people tell you that you can't do something. Prove them wrong. The only disability in life is a negative attitude."

Statement by the Board of Directors and President and CEO

It is the opinion of the Board of Directors and the President and CEO of Össur hf. (the Company), that these Consolidated Financial Statements present the necessary information to evaluate the financial position of the Company at year end, the operating results for the year and financial developments during the year 2020. Össur Consolidated Financial Statements are prepared in accordance with International Financial Reporting Standards (IFRS) as adopted by the European Union and additional Danish disclosure requirements for listed companies and additional requirements in the Icelandic Financial Statement Act no. 3/2006.

Össur hf. designs, manufactures and sells orthopedic products specializing in prosthetics and bracing and supports solutions. The Company is headquartered in Iceland and the Company owns and operates subsidiaries in multiple countries around the world. The Company sells its products worldwide, but the principal market areas are North America and Europe.

A requirement to conclude on non-financial information has been made part of Icelandic law from 2016 as part of the implementation of EU directive 2013/34/EU that became effective for Member States in 2017. It is the Board of Directors opinion that necessary information to analyze the environmental, social and employee aspects of the business can be obtained by reviewing information in the Annual Report to help provide fundamental understanding of the Company's development, performance and position on non-financial matters. Össur joined the UN Global Compact in 2011 and signed the UN Women's Empowerment Principles in 2014. Annually, Össur publishes a progress report, reporting on the progress of key projects in the four categories set forth by the Global Compact; environmental concerns, labor practices, human rights and anti-corruption. Further information about Össur's corporate social responsibilities (CSR) activities can be found in the Annual Report and 2020 progress report, available on the Company's website: https://corporate.ossur.com/corporate/our-responsibility

The total sales of the Company amounted to USD 629.5 million (2019: USD 686.3 million) and decreased by 8% from the preceding year. Organic local currency sales decline was 10%. Net profit amounted to USD 7.9 million (2019: USD 68.9 million). Diluted Earnings per Share amounted to US cents 1.9 (2019: US cents 16.2.). Earnings before Interest, taxes, depreciation, impairment and amortization (EBITDA) amounted to USD 93.0 million (2019: USD 141.3 million).

The total assets of the Company amounted to USD 1,214.3 million at year end, liabilities were USD 637.1 million and equity was USD 577.2 million. The equity ratio at year end was 48%, (2019: 52%).

The Compeny employed on average 3,505 employees in 2020 (2019: 3,382) and 3,385 at year end (2019: 3,449).

Össur's shares are admitted to trading on the Nasdaq Copenhagen stock exchange. The market value of the Company at year end was USD 3,380 million (YE 2019: USD 3,340 million) and the share price in DKK decreased by 7,4% during the year. At year end, registered shareholders in Össur were 4,512 compared to 4,322 at the beginning of the year. It should be noted that due to the concentration of trading in Nasdaq Copenhagen in 2017, about 1,600 shareholders that held shares listed in Iceland were consolidated into a few nominee accounts. The ten largest shareholders and their ownership percentage are: William Demant Invest A/S - 51.8%, Islandsbanki Bank – 17.2% (nominee), Arbejdsmarkedets Tillaegspension (ATP) - 5.5%, State Street Bank – 4,8%, SEB Stockholm - 2.2% (nominee, of which the vast majority is held by Lannebo Fonder), Landsbankinn Bank - 2.1% (nominee), SEB SV SMABOL – 1,4%, Clearstream – 1.3% (nominee), Verdipapirfond Odin Norden – 1.1% and JP Morgan Bank - 1.1% (nominee). William Demant Invest A/S (WDI) ownership in Össur exceeded 50% in January 2018. According to WDI's announcement at the time, their intention is to hold 50-60% of Össur's shares going forward and WDI has no intention of taking over Össur or delisting Össur's shares from Nasdaq Copenhagen. Furthermore, WDI has no intention of making changes to Össur's strategy, management or operations.

In 2020, Össur acquired in total 1,295,450 shares at the average price of DKK 48.57. The share buyback programs are managed by Nordea, which make its trading decisions independently and without influence by the Company regarding

the timing of the purchases. The Company's purchases under the program are announced every Monday for the previous week. The purpose of the program is to reduce the Company's share capital and adjust the capital structure by distributing capital to shareholders in line with the Company's Capital Structure and Dividend Policy in addition to being able to meet the Company's share option obligations. It should be noted that the share buyback program was temporarily put on hold on 17 March 2020. Share options contracts amounting to 1,375,000 Össur shares were exercised during the year.

The Company follows the Danish Recommendations for Corporate Governance issued by the Danish Committee on Corporate Governance, available at: https://corporategovernance.dk/. The Board of Directors complies with the Articles of Association of the Company and the Board of Directors' Rules of Procedure, which address the Board's roles and responsibilities etc. The Board of Directors is composed of five members elected at each Annual General Meeting for a term of one year. The Board of Directors consists of two women and three men in compliance with Icelandic law on gender ratio. No Össur employee sits on the Board of Directors. The Audit Committee complies with the Committee's Rules of procedures, which address the Committee's roles and responsibilities etc. The Audit Committee is composed of three members elected by the Board. The CEO manages the Company's daily operations. The Board has approved an Equal Opportunity Policy that prohibits all discrimination. The policy is available on the Company's website: https://corporate.ossur.com/corporate/careers/equal-opportunity-policy - and reporting on the progress and objectives of the Policy is made in the Company's Corporate Social Responsibility report available on the Company's website: https://corporate.ossur.com/corporate/our-responsibility . The Board approves a corporate governance report that includes all the information to be included in the statutory statement referred to in Article 66 (c) of the Icelandic Financial Statement Act no. 3/2006, as well as explanations, comments and information on each recommendation in the Danish Recommendation for Corporate Governance. The report is available on the Company's website: https://corporate.ossur.com/corporate/investor-relations/corporate-governance

The Board of Directors will not propose to the Annual General Meeting in 2021 to reduce the share capital because the Company acquired a limited number of shares in 2020 and they will all be used to fulfill obligations under share option agreements that have vested or will be vesting in 2021. The Board of Directors will not propose to the Annual General Meeting in 2021 to pay cash dividend because the Company's level of interest-bearing debt to EBITDA is above the target range of 1.5-2.5x.

Össur's financials 2020 are affected by the Covid-19 world wide pandemic. Össur monitor the development of the COVID-19 pandemic closely with a primary focus on business continuity and the safety of employees and customers. Guidelines from local and global healthcare authorities are being followed.

Sales in 2020 have been negatively impacted in many of Össur's main markets as social distancing and lockdown measures were implemented. As a result, patient flow and referrals have been impacted with O&P clinics (Össur's main customers) subject to various operational challenges leading to reduced operational capacity, postponement of elective surgeries, and access restrictions in hospitals to non-essential care. The combination of these factors had a material short-term negative impact on demand. Some restrictions are still in place, but O&P clinics have gradually been increasing their operational capacity. O&P clinicians have started to be vaccinated in some regions where they work closely with hospitals. It should be noted that the long-term prospects or underlying fundamental drivers of the prosthetics and B&S markets are not expected to change. The impact from COVID-19 is expected to lead to some pent-up demand.

Further information can be found in notes in the Company's Consolidated Financial Statement.

The Board of Directors and President and CEO of Össur hf. hereby confirm the Consolidated Financial Statements of Össur for the year 2020 with their signatures.

To the Shareholders of Össur hf.

Opinion

We have audited the Consolidated Financial Statements of Össur hf. and its subsidiaries (the Company), which comprise the Consolidated Balance Sheet as at December 31, 2020, the Consolidated Income Statement, the Consolidated Statement of Comprehensive Income, the Consolidated Statement of Cash Flow, the Consolidated Statement of Changes in Equity for the year then ended, and the Notes to the Consolidated Financial Statements, including a summary of significant accounting policies.

In our opinion, the accompanying Consolidated Financial Statements give a true and fair view of the Company financial position at December 31, 2020, and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union, additional Danish disclosure requirements for listed companies and additional requirements in the Icelandic Financial Statement Act no. 3/2006.

Our opinion in this report on the consolidated financial statements is consistent with the content of the additional report that has been submitted to the parent company's audit committee in accordance with the EU Audit Regulation 537/2014 Article 11.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Iceland, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. This includes that, based on the best of our knowledge and belief, no prohibited services referred to in the EU Audit Regulation 537/2014 Article 5.1 has been provided to the audited company or, where applicable, its parent company or its controlled companies within the EU. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Impairment of goodwill

Book value of goodwill at year end amounted to 612 million. The change in goodwill consist of provisional additions due to current year acquisitions and adjustments to prior year provisional values amounting to 80.9 million, derecognition on disposal of subsidiary amounting to 5.2 million and currency difference gain amounting to 15.5 million. The management consider that each geographical segment constitutes its own cash generating unit ('CGU'). The key assumptions applied by the managements in the impairment reviews are segment specific discount rates; future revenue growth; and expected future margins. Determining whether the carrying value of goodwill is recoverable requires management to make significant estimates regarding the future cash flows, discount rates and long-term growth rates based on management's view of future business prospects. Determining whether the carrying value of goodwill is recoverable requires management to make significant estimates regarding the future cash flows, discount rates and long-term growth rates based on management's view of future business prospects.

Due to the relative sensitivity of certain inputs to the impairment testing process, in particular the future cash flows of the CGUs noted above, the valuation of goodwill is considered a key audit matter.

In order to address this key audit matter, we audited the assumptions used in the impairment model for goodwill. As part of our work, we engaged our internal specialists to assist with:

- Critically evaluating whether the model used by management to calculate the value in use of the individual Cash Generating Units (CGU's) complies with the requirements of IAS 36 Impairment of Assets.
- Validating the assumptions used to calculate the discount rates and recalculating these rates.
- Considering the projected future cash flows, understanding variances between the forecast and actual results for the year ended 31 December 2020 and comparing the forecast growth trends to historic trends.
- Comparing the long-term growth rates for each CGU to external market data.
- Evaluating the appropriateness of the sensitivity analysis applied by management to the impairment testing model including considering whether the scenarios reasonably represent possible changes in key assumptions.
- Performing further sensitivity analysis based on recent trading activity and our understanding of the future prospects to identify whether these scenarios could give rise to further impairment; and

Analysing the future projected cash flows used in the models to determine whether they are reasonable and supportable given the current macroeconomic climate and expected future performance of the CGU's.

We also reviewed the disclosures presented in note 14 to the Consolidated Financial Statements to confirm compliance with the requirements within IAS 36.

Other information

Management is responsible for other information. Other information consists of Statement by the Board of Directors and President and CEO. Our opinion on the Consolidation Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon except the confirmation regarding Statement of Board of Director and President and CEO as stated below. In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the information in the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

In accordance with Paragraph 2 article 104 of the Icelandic Financial Statement Act no. 3/2006, we confirm to the best of our knowledge that the accompanying report of the board of directors includes all information required by the Icelandic Financial Statement Act that is not disclosed elsewhere in the financial statements.

Responsibilities of management and those charged with governance for the consolidated financial statements

Management and those charged with governance is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with IFRS as adopted by the European Union, additional Danish disclosure requirements for listed companies and additional requirements in the Icelandic Financial Statement Act no. 3/2006, and for such internal control as management and those charged with governance determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated Financial Statements, management and those charged with governance is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management and those charged with governance either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We are also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the Company audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our

report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

In addition to our work as the auditors of Össur hf., Deloitte has provided the firm with permitted additional services such as other assurance engagements and consultation on tax matters. Deloitte has in place internal procedures in order to ensure its independence before acceptance of additional services. Össur hf. audit committee also has in place internal procedures to approve additional services before they commence. The audit committee also evaluates the independence of the company's auditors on yearly basis in order to ensure their independence and objectivity.

Deloitte was appointed auditor of Össur hf. by the general meeting of shareholders on 12 March 2020. Deloitte have been elected since the Company's founding in 1971.

Notes to the Consolidated Financial Statements

1. General information

Össur is a limited liability company incorporated and domiciled in Iceland. The address of its registered office is Grjothals 5, Reykjavik. Its ultimate controlling party is William Demant Invest A/S. The Consolidated Financial Statements of the Company as at and for the year ended 31 December 2020 comprise the Company and its subsidiaries (together referred to as "the Company" or "Össur").

The Company is a global orthopaedics company, specializing in the design, development, manufacturing and sales of prosthetics and bracing and supports products. The Company sells its products worldwide, but the principal market areas are North America and Europe.

The Consolidated Financial Statements are presented in US dollars and all values are rounded to the nearest thousand ('000), except when otherwise indicated. In preparing the Consolidated Financial Statements, the Company has applied the concept of materiality to the presentation and level of disclosure. It is the option of management that essential and mandatory information is disclosed which is relevant to an understanding by the reader of these Consolidated Financial Statements.

These Consolidated Financial Statements have been approved for issue by the Board of Directors and CEO on 2 February 2021. The Consolidated Financial Statements as presented in this report are subject to approval by the Annual General Meeting of Shareholders, to be held on 8 March 2021.

The Company is listed on the Nasdaq Copenhagen Stock Exchange.

EBITDA	92,987	23,644	35,549	12,060	21,734
EBITDA margin	15%	14%	21%	9%	14%

EBITDA is calculated as earnings before interest, taxes, depreciation, impairment and amortization. Financial items and share in net profit or loss of associated companies are not included in the EBITDA measurement.

Management monitors the performance measure EBITDA before special items, at a consolidated level and considers the measure relevant to an understanding of the Company's financial performance as it facilitates a better comparison of the Consolidated Income Statement between periods. Special items comprise material amounts of a non-recurring nature, such as costs relating to divestments, closure or restructuring, lawsuits, etc.

No special items are shown in 2020 despite cost related to divestments, acquisitions and legal settlements (USD 11 million) as this year's whole operation can be considered extraordinary due to COVID-19.

At 31 December	**612,191**	**521,046**

The initial accounting for the acquisitions has been provisionally determined at balance sheet date. The fair value of assets and liabilities related to recent acquisitions has been provisionally determined to be around USD 2 million based on management's best estimate. Fair value changes related to prior year acquisitions amounted to USD 1.7 million.

During the year, the Company assessed the recoverable amount of goodwill and determined that none of the Company's cash-generating units have suffered an impairment loss. The Company recognized USD 5.2 million impairment related to divestment of subsidiaries during the year, the impairment is shown as part of other income / (expenses) in the Income Statement 2020.

The carrying amount of goodwill was allocated to the following cash-generating units:

	WACC %	31.12.2020	31.12.2019
Americas	8.1 / 9.6	383,011	348,534
EMEA	8.1 / 8.8	211,652	156,442
APAC	9.0 / 9.9	17,528	16,070
Total		**612,191**	**521,046**

The recoverable amount of the cash-generating units is determined based on a value in use calculation which uses cash flow projections based on the financial forecast for 2021 approved by management and the Board of Directors. The discount rate of 8.1 - 9.0% (2019: 8.8 - 9.9%) per annum was used.

Cash flow projections in the forecast are based on the same expected gross margins and raw material prices throughout the period. Cash flows beyond 2025 have been extrapolated using a steady 2,5% per annum growth rate for all cash-generating units. This growth rate does not exceed the long-term average growth rate for the market in each market area. Management believes that any reasonable change in the key assumptions on which the recoverable amount is based would not cause the carrying amount to exceed its recoverable amount. Management believes that COVID-19 has only short-term impact on the Company's financials and does not expect changes in long-term market fundamentals.

Inventories of USD 13.5 million (2019: USD 14.1 million) are expected to be sold or used in production after more than twelve months.

In the preparation of the Consolidated Financial Statements, accumulated gains in inventories from intercompany transactions amounting to USD 24.3 million (2019: USD 27.9 million) were eliminated. This has an effect on the income tax expense of the consolidated companies, and an adjustment of USD 5.7 million (2019: USD 6.5 million) is made in the Consolidated Financial Statements to adjust income tax expense.

The cost of inventories recognized as an expense includes USD 2.1 million (2019: USD 2.0 million) in respect of write-downs of inventory to net realizable value. Reserve for obsolete inventories at year end is USD 5.5 million compared to USD 3.7 million in 2019.

The expected credit loss (ECL) on trade receivables is estimated using a provision matrix by reference to past default experience, general economic conditions and an assessment of both the current as well as expected conditions, including time value of money where appropriate. Individual allowance and adjustments to the collective bad debt provision are made based on the individual assessment of customers' situation and probability of incoming payments. Refer to note 39.17 for further details.

Due to the Covid-19 pandemic payment terms have been extended resulting in higher risk of bad debt. The expected credit loss rate was increased due to this uncertainty. The Company writes off a trade receivable when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the debtor has been placed under liquidation or has entered into bankruptcy proceedings.

Total Össur shares aquired in 2020			1,295,450	48.57

The share buyback programs are managed by Nordea, which make its trading decisions independently and without influence by the Company regarding the timing of the purchases. The Company's purchases under the program are announced every Monday for the previous week. The purpose of the program is to reduce the Company's share capital and adjust the capital structure by distributing capital to shareholders in line with the Company's Capital Structure and Dividend Policy in addition to being able to meet the Company's share option obligations. It should be noted that the share buyback program was temporarily put on hold on 17 March 2020. Share options contracts amounting to 1,375,000 Össur shares were exercised during the year.

23. Share option contracts

The Company has in place a share option plan, approved at the Company's Annual General Meetings, under which managers may be granted options to purchase ordinary shares at an exercise price, determined by the average closing price on shares traded on the OMX Copenhagen stock exchange over the 20 trading days prior to the issue date. The employee must remain continuously employed with the Company until expiring date, either as an employee or in any other way, deemed satisfactory by the Company.

Each employee share option converts into one ordinary share on exercise. No amounts are paid or payable by the recipient to the Company on receipt of the option. The options carry neither rights to dividends nor voting rights and are valued using the Black-Scholes pricing model. The expected volatility assumptions used to value the options range from 30.67% to 31.25% and the annual discount rate range from -0.7% to -0.5%. The options expire one year after the exercise date. If a share option vests during a closed period for insider trading the vesting period is automatically extended until the next open window for insider trading.

ÖSSUR

Notes to the Consolidated Financial Statements

33. Financial instruments

33.1 Capital risk management

The Company manages capital to ensure that affiliates within the consolidation will be able to continue as a going concern while maximizing the return to stakeholders through the optimization of the debt and equity balance. The Company's overall strategy remains unchanged from 2019.

The capital structure of the Company consists of debt, which includes the borrowings disclosed in note 24, cash and cash equivalents and equity attributable to equity holders of the parent, comprising issued capital, reserves and retained earnings as disclosed in the equity overview.

Net debt to EBITDA before special items ratio

Company's management continuously reviews the capital structure. As a part of this review, the management considers, amongst other, the cost of capital and net debt to EBITDA before special items.

The net debt to EBITDA before special items at period end was as follows:

	31.12.2020	31.12.2019
Net debt	381,030	301,609
EBITDA before special items	92,987	149,622
Net debt/EBITDA before special items	**4.1**	**2.0**

33.2 Significant accounting policies

Details of the significant accounting policies and methods adopted, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognized, in respect of each class of financial asset, financial liability and equity instrument are disclosed in note 39 to the Consolidated Financial Statements.

33.3 Financial risk management objectives

The Company's Corporate Finance function provides services to the business, coordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations of the Company through internal risk reports which analyze exposures by degree and magnitude of risks. These risks include liquidity risk, interest rate risk, foreign exchange risk and counterparty credit risk.

The general policy is to apply natural hedging to the extent possible but Össur has decided to amend its hedging policy and allow for active hedging of currency exposure that is not covered by the natural hedge in sales and costs by currency. The use of financial derivatives is governed by the Company's policies approved by the Board of Directors, which provide written principles on foreign exchange risk, interest rate risk, credit risk, the use of financial derivatives and non-derivative financial instruments and the investment of excess liquidity. The Company does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

The Company is exposed to normal business risk in collecting accounts receivable. Adequate allowance is made for bad debt expenses.

33.4 Foreign currency risk management

The Company operates on a global market, hence exposure to exchange rate fluctuations arises. Exchange rate exposures are managed within approved policy parameters. The general policy is to apply natural exchange rate hedging to the extent possible.

Össur currently uses a twelve month, quarterly layered hedging strategy to limit ISK and EUR exposure. This is done with forward currency contracts where Össur sells EUR for ISK. At each balance sheet date Össur has outstanding contracts covering appr. 50% of yearly ISK costs. Due to the layered approach, hedge ratio of closed contracts is approximately 80% of ISK costs. At balance sheet date eleven forward contracts are open. The fair value of the contracts is positive of USD 0.1 million at year end 2020.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the reporting date are as follows:

	Liabilities		Assets	
	31.12.2020	31.12.2019	31.12.2020	31.12.2019
EUR	266,675	208,171	64,731	36,392
USD	222,452	170,490	100,274	93,710
ISK	30,292	29,118	12,699	12,285
SEK	26,634	27,414	13,075	13,260
GBP	5,565	5,115	8,772	7,368
Other	32,310	28,266	37,616	35,349
	583,928	468,576	237,168	198,365

Foreign currency sensitivity analysis

The Company is mainly exposed to the fluctuation of the Iceland (ISK) and the Eurozone (EUR) currency.

The following table details the Company's sensitivity to a 10% decrease in USD against the relevant foreign currencies with all other variables fixed. The sensitivity analysis includes all foreign currency denominated items and adjusts their translation at the period end for a 10% change in foreign currency rates. The table below indicates the effect on profit or loss and other equity where USD weakens 10% against the relevant currency. For a 10% strengthening of USD against the relevant currency, there would be an equal and opposite impact on the profit or loss and other equity.

	EUR [i]		ISK [ii]	
	2020	2019	2020	2019
Net profit	1,236	3,709	(3,628)	(4,730)
Equity	(1,248)	576	(2,136)	(746)

(i) 20% (2019: 19%) of the Company's COGS and OPEX is in EUR against 22% (2019: 24%) of its sales causing an increase in profit if the USD decreases against the EUR.

(ii) 10% (2019: 11%) of the Company's COGS and OPEX is in ISK against 0.3% (2019: 0.3%) of its sales causing a decrease in profits if the USD decreases against the ISK.

The Company is hedging approximately 80% of its ISK exposure using forward currency contracts. This is not considered in the above calculations.

ÖSSUR

Notes to the Consolidated Financial Statements

33.5 Interest rate risk management

The Company is exposed to interest rate risks as funds are borrowed at floating interest rates. Interest rate risk is managed by the Company's Treasury function and fixed rate loans or interest rate swap contracts may be used to maintain an appropriate mix between fixed and floating rate borrowings. Hedging activities are evaluated regularly to align with interest rate views and defined risk appetite, ensuring optimal hedging strategies are applied. The Company did not have interest rate swap agreements outstanding during the year.

The Company's exposures to interest rates on financial assets and financial liabilities are detailed in the liquidity risk management section of this note.

Management believes that realistic changes in floating interest rates will not materially affect the Income Statement or the Company's equity.

33.6 Liquidity risk management

The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities. To mitigate the liquidity risk due to COVID-19, the Company secured additional financing of USD 225 million. At period end the Company had a total liquidity of USD 275.6 million, consisting of undrawn revolving credit facilities of USD 173.2 million (2019: USD 32.4 million) and cash and cash equivalents of USD 102.4 million.

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The table includes both interest and principal cash flows.

		128,004	331,370	39,826	499,200

33.7 Credit risk management

The Company does not undertake trading activity in financial instruments.

Accounts receivables consist of a large number of customers spread across geographical areas. Ongoing credit evaluation is performed on the financial condition of accounts receivables. Refer to note 19 for assessment of expected credit loss (ECL) and accounting policy on impairment on financial assets.

Book value of financial assets measured at amortized cost represents the maximum exposure to credit risk.

33.8 Fair value of financial instruments

Except as detailed in the following table, management considers that the carrying amounts of financial assets and financial liabilities recognized in the Consolidated Financial Statements approximate their fair values.

	31.12.2020		31.12.2019	
	Carrying amount	Fair value	Carrying amount	Fair value

34. Litigation

In November 2019, Vincent Systems GmbH ("Vincent Systems") filed a patent infringement action against Össur in the US. Vincent Systems contended that Össur willfully infringed a US patent by selling certain products, including i-Digits and i-Limb prosthetic hands. The litigation was settled in Q3 2020.

35. Other information

Unusual conditions caused by the Covid-19 pandemic are resulting in uncertainty in the Company's economic environment and are impacting the financial performance of the Company. It is, however, the opinion of the Company's management that this does not effect the Company's ability to continue operating on a going concern basis. Management believes that COVID-19 has only short-term impact on the Company's financials and does not changes in long-term market fundamentals.

36. The Consolidation

Information about the main composition of the Company at the end of the reporting period is as follows:

Name of company	Place of registration and operation	Ownership %	Principal activity
APC Prosthetics PTY Ltd	Australia	100%	Sales, distribution and services
Össur Americas Inc	USA	100%	Sales, R&D, distribution and services
Össur Australia PTY Ltd	Australia	100%	Sales, distribution and services
Össur Canada Inc	Canada	100%	Sales, distribution and services
College Park Industries, Inc	USA	100%	Sales, distribution and manufacturer
OCH Ortopedi AS	Norway	100%	Sales, distribution and services
Ortos A/S	Denmark	100%	Sales, distribution and services
Össur Deutschland GmbH	Germany	100%	Sales, distribution and services
Össur Europe BV	Netherlands	100%	Sales, distribution and services
Össur France Sarl	France	100%	Sales, distribution and services
Össur Hong Kong Ltd	Hong Kong	100%	Sales, distribution and services
Össur Iceland ehf	Iceland	100%	R&D and manufacturer
Össur Mexico S. de R.L. de C.V.	Mexico	100%	Manufacturer
Össur Nordic AB	Sweden	100%	Sales, distribution and services

Össur UK Ltd	UK	100%	Sales, distribution and services
TeamOlmed AB	Sweden	100%	Sales, distribution and services
Touch Bionics Ltd	UK	100%	Manufacturer and R&D

At end of September 2020 Össur completed the divestment of Gibaud SAS in France. Gibaud and Össur will continue to be business partners for a selected B&S product range.

Touch Bionics Ltd, Össur UK ltd and UK Holding ltd. are claiming exemption from preparing individual audited accounts based on section 479A of the UK Companies Act 2006.

37. Insurance

	31.12.2020		31.12.2019	
	Insurance value	Book value	Insurance value	Book value
Fixed assets and inventories	244,239	157,196	233,914	180,934

The Company has purchased a Property Damage & Business Interruption insurance intended to compensate for damages on owned property and temporary loss of income due to such loss. Additionally Össur has numerous insurances in place as are necessary to insure against the risks to its operations, including but not limited to product and professional liability insurance, product recall insurance, directors & officers liability and certain types of frauds towards the company.

38. Adoption of new and revised standards

38.1 New and amended IFRS standards that are effective for the current year

The following amendments to IFRS standards became mandatorily effective in the current year. The application of the below amendments has minor effects on the Consolidated Financial Statements:

- Amendments to IFRS 3 - Business Combination, Definition of a business;

- Amendments to IAS 1 - Presentation of Financial Statements & IAS 8 - Accounting Policies, Change in Accounting Estimates and Errors, Definition of 'Material'

38.2 New and revised IFRS standards in issue but not yet effective

At the date of authorization of these Financial Statements, the Company has not applied new and revised IFRS standards that have been issued but are not yet effective.

Management of the Company does not expect that the adoption of the standards will have a material impact on the Financial Statements of the Company in future periods.

39. Summary of Significant Accounting Policies

39.1 Statement of compliance

The Consolidated Financial Statements have been prepared in accordance with International Financial Reporting Standards as adopted by the European Union, additional Danish disclosure requirements for listed companies and additional requirements in the Icelandic Financial Statement Act no. 3/2006.

39.2 Basis of preparation

The Consolidated Financial Statements have been prepared under the historical cost basis except for certain financial instruments that are measured at fair values. Historical cost is generally based on the fair value of the consideration given in exchange for assets. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company considers the characteristics of the asset or liability as market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these Consolidated Financial Statements is determined on such a basis, except for share-based payment transactions that are within the scope of IFRS 2 and measurements that have some similarities to fair value but are not fair value, such as net realizable value of inventories in IAS 2 or value of assets in use in IAS 36.

39.3 Basis of consolidation

The Consolidated Financial Statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries. Control is achieved when the Company:
- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- can use its power to affect its returns.

The Company reassesses whether it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.
When the Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether the Company's voting rights in an investee are sufficient to give it power, including:

- the size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Company, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Company gains control until the date when the Company ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Company's accounting policies. All intercompany assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Company are eliminated in full on consolidation.

Changes in the Company's ownership interests in subsidiaries that do not result in the Company losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Company's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognized directly in equity and attributed to owners of the Company.

39.4 Business combination

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Company, liabilities incurred by the Company to the former owners of the acquiree and the equity interests issued by the Company in exchange for control of the acquiree. Acquisition-related costs are recognized in profit or loss as incurred.

The acquiree's identifiable assets, liabilities and contingent liabilities that meet the conditions for recognition under IFRS 3 are recognized at their fair value at the acquisition date, except that:
- deferred tax assets or liabilities and liabilities or assets related to employee benefit arrangements are recognized and measured in accordance with IAS 12 Income Taxes and IAS 19 Employee Benefits respectively;
- liabilities or equity instruments related to share-based payment arrangements of the acquiree or share-based payment arrangements of the Company entered into to replace share-based payment arrangements of the acquiree are measured in accordance with IFRS 2 Share-based Payment at the acquisition date;
- assets (or disposal groups) that are classified as held for sale in accordance with IFRS 5 Non-current Assets Held for Sale and Discontinued Operations are measured in accordance with that standard.

Goodwill arising on acquisition is recognized as an asset and initially measured at cost, being the excess of the purchase price of the business combination over the Company's interest in the net fair value of the identifiable assets, liabilities, contingent liabilities, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree. If, after reassessment, the Company's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities exceeds the cost of the business combination, the excess is recognized immediately in profit or loss. Non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation may be initially measured either at fair value or at the non-controlling interests' proportionate share of the recognized amounts of the acquiree's identifiable net assets. The choice of measurement basis is made on a transaction-by-transaction basis. Other types of non-controlling interests are measured at fair value or, when applicable, on the basis specified in another IFRS.

When the consideration transferred by the Company in a business combination includes assets or liabilities resulting from a contingent consideration arrangement, the contingent consideration is measured at its acquisition-date fair value and included as part of the consideration transferred in a business combination. Changes in the fair value of the contingent consideration that qualify as measurement period adjustments are adjusted retrospectively, with corresponding adjustments against goodwill. Measurement period adjustments are adjustments that arise from additional information obtained during the 'measurement period' about facts and circumstances that existed at the acquisition date.
The subsequent accounting for changes in the fair value of the contingent consideration that do not qualify as measurement period adjustments depends on how the contingent consideration is classified. Contingent consideration that is classified as equity is not remeasured at subsequent reporting dates and its subsequent settlement is accounted for within equity. Contingent consideration that is classified as an asset or a liability is remeasured at subsequent reporting dates in accordance with IFRS 9, or IAS 37 Provisions, Contingent Liabilities and Contingent Assets, as appropriate, with the corresponding gain or loss being recognized in profit or loss.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Company reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted during the measurement period (see below), or additional assets or liabilities are recognized, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognized at that date.

When a business combination is achieved in stages, the Company's previously held equity interest in the acquire is remeasured to fair value at the acquisition date (i.e., the date when the Company obtains control) and the resulting gain or loss, if any, is recognized in profit or loss. Amounts arising from interests in the acquire prior to the acquisition date that have previously been recognized in other comprehensive income are reclassified to profit or loss where such treatment would be appropriate if that interest were disposed of.

The measurement period is the period from the date of acquisition to the date the Company obtains complete information about facts and circumstances that existed as of the acquisition date – and is subject to a maximum of one year.

39.5 Investments in associates

An associate is an entity over which the Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.
The results, assets and liabilities of associates are incorporated in the Consolidated Financial Statements using the equity method of accounting. Under the equity method, investments in associates are initially recognized in the balance sheet and adjusted for post-acquisition changes in the Company's share of the net assets of the associate, less any impairment in the value of individual investments. Losses of an associate more than the Company's interest in that associate are recognized only to the extent that the Company has incurred legal or constructive obligations or made payments on behalf of the associate.

Any excess of the cost of acquisition over the Company's share of the net fair value of the identifiable assets, liabilities and contingent liabilities of the associate recognized at the date of acquisition is recognized as goodwill. The goodwill is included within the carrying amount of the investment and is assessed for impairment as part of that investment. Any excess of the Company's share of the net fair value of the identifiable assets, liabilities and contingent liabilities over the cost of acquisition, after reassessment, is recognized immediately in profit or loss.

The requirements of IAS 36 are applied to determine whether it is necessary to recognize any impairment loss with respect to the Company's investment in an associate. When necessary, the entire carrying amount of the investment (including goodwill) is tested for impairment in accordance with IAS 36 Impairment of Assets as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs of disposal) with its carrying amount. Any impairment loss recognized forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognized in accordance with IAS 36 to the extent that the recoverable amount of the investment subsequently increases

Upon loss of significant influence over the associate, the Company measures and recognizes any retained investment at its fair value. Any difference between the carrying amount of the associate upon loss of significant influence and the fair value of the retained investment and proceeds from disposal is recognized in profit or loss.

39.6 Goodwill

Goodwill is initially recognized as an asset at cost and is subsequently measured at cost less any accumulated impairment losses.

Goodwill is not amortized but is reviewed for impairment at least annually. For impairment testing, goodwill is allocated to each of the Company's cash-generating units expected to benefit from the synergies of the combination. Cash-generating units to which goodwill has been allocated are tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata on the basis of the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognized directly in profit or loss in the Consolidated Income Statement. An impairment loss recognized for goodwill is not reversed in a subsequent period.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

The Company's policy for goodwill arising on the acquisition of an associate is described at 39.5 above.

39.7 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for estimated customer returns, rebates and other similar allowances.

Sale of goods and services

The Company sells Bracing and Support products and Prosthetics products and related services both as wholesaler and directly to customers through its own distribution channels.

Revenue is recognized for the sale of products including standard warranty when control of the goods has transferred. Control is considered transferred when the goods have been shipped or directly delivered to retail customer. Following shipment, it is considered that our customers have full discretion over the manner of distribution and price to sell the goods, have the primary responsibility when selling the goods, and bear the risks of obsolescence and loss in relation to the goods. A receivable is recognized by the Company when the goods are shipped to the customer as this represents the point in time at which the right to consideration becomes unconditional, as only the passage of time is required before payment is due. Sales related standard warranties serve as an assurance that the products sold comply with agreed-upon specifications, those warranties are accounted for in accordance with IAS 37 Provisions.

For some Prosthetics products, a service check is included in the standard warranty and is treated as a distinct service and is accounted for as a separate performance obligation. The customer has an option to purchase an additional warranty which is treated as a distinct service because the Company promises to provide the service to the customer in addition to the product and the standard warranty. That warranty is accounted for as a separate performance obligation. Revenues from the sale of additional warranties are deferred when sold and released on a straight-line basis within the warranty period. Revenues from service checks included in the standard warranty are deferred when sold and released when the service has been rendered or the service obligation has ended. Deferred revenues are shown separately within liabilities in the Balance sheet

Under the Company's standard contract terms, customers have a right of return within 30-90 days. At the point of sale, a refund liability and a corresponding adjustment to revenue is recognized for those products expected to be returned.

The Company uses its accumulated historical experience to estimate the number of returns on a portfolio level using the expected value method. It is considered highly unlikely that a significant reversal in the cumulative revenue recognized will occur given the consistent level of returns over previous years.

Royalties

Royalty revenue is recognized on an accrual basis in accordance with the substance of the relevant agreement. Royalties determined on a time basis are recognized on a straight-line basis over the period of the agreement. Royalty arrangements that are based on production, sales, and other measures are recognized by reference to the underlying arrangement (provided that it is probable that the economic benefits will flow to the Company and the amount of revenue can be measured reliably).

Interest revenue and dividend

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition. Dividend income from investments is recognized when the shareholder's right to receive payment has been established.

39.8 Right of use asset and lease liabilities

The Company assesses whether a contract is or contains a lease, at inception of the contract. The Company recognizes a right of use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, the Company uses its incremental borrowing rate. The lease payments included in the measurement of the lease liability comprise fixed payments less any incentives, variable lease payments that depend on an index or rate, expected residual guarantees and the exercise price of purchase options if the Company expects to exercise the option.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made. The Company remeasures the lease liability if the lease term has changed, when lease payments changes in an index or rate or when a lease contract is modified, and the modification is not accounted for as a separate lease.

Right of use assets are depreciated over the shorter period of lease term and useful life of the underlying asset. If a lease transfers ownership of the underlying asset or the cost of the right-of-use asset reflects that the Company expects to exercise a purchase option, the related right-of-use asset is depreciated over the useful life of the underlying asset. The depreciation starts at the commencement date of the lease.

Variable rents that depend on usage are not included in the measurement of the lease liability and the right of use asset. The related payments are recognized as an expense in the period in which the event or condition that triggers those payments occurs.

As a practical expedient, IFRS 16 permits a lessee not to separate non-lease components, and instead account for any lease and associated non-lease components as a single arrangement. The Company has used this practical expedient.

39.9 Foreign currencies

For consolidation purposes, the assets and liabilities of the Company's foreign operations are expressed in USD using exchange rates prevailing at the balance sheet date.
Income and expense items are translated at the average exchange rates for each month. Exchange differences arising, if any, are classified as equity and transferred to the Company's translation reserve (attributed to non-controlling interests as appropriate).

Goodwill and fair value adjustments arising on the acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the closing rate. Exchange differences arising, if any, are recognized in equity.

Exchange differences are recognized in the Income Statement in the period they occur, except for exchange differences on monetary items receivable from or payable to a foreign operation, which are recognized initially in other comprehensive income and reclassified from equity to profit or loss on repayment of the monetary items.

Transactions in currencies other than local currency are initially recorded at the rates of exchange prevailing on the dates of the transactions. Other assets, such as inventories and operating fixed assets, purchased in foreign currencies are to be valued at cost at the exchange rate prevailing on the date of the transaction.

39.10 Share-based payments

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date. Details regarding the determination of the fair value of equity-settled share-based transactions are set out in note 23.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognized in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

39.11 Taxation

Income tax expense represents the sum of the tax currently payable and deferrad tax.

Current tax

The tax currently payable is based on taxable profit for the period. Taxable profit differs from net profit as reported in the Consolidated Income Statement because it excludes items of income or expense that are taxable or deductible in other periods and it further excludes items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the Consolidated Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognized for taxable temporary differences associated with investments in subsidiaries, except where the Company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognized to the extent that it is probable that there will be sufficient taxable profits against which to utilize the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

In the preparation of the Consolidated Financial Statements, accumulated gains in inventories from intercompany transactions are eliminated. This influences the income tax expenses of the consolidated companies, and an adjustment is included in the deferred tax asset. Income tax expense is calculated in accordance with tax rates in the countries where the inventories are purchased.

Current and deferred tax for the year

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognized in Other Comprehensive Income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

39.12 Property, plant and equipment

Property, plant and equipment are recognized as an asset when it is probable that future economic benefits associated with the asset will flow to the Company and the cost of the asset can be measured in a reliable manner.

Property, plant and equipment which qualify for recognition as an asset are initially measured at cost. The cost of a property, plant and equipment comprises its purchase price and any directly attributable cost of bringing the asset to working condition for its intended use.

The depreciable amount of the asset is allocated on a straight-line basis over its useful life. The depreciation charge for each period is recognized as an expense. The estimated useful lives, residual values and depreciation method are reviewed at each balance sheet date, with the effect of any changes in estimate accounted for on a prospective basis.

The following useful lives are used in the calculation of depreciation:

Buildings & sites	25 - 50 years
Machinery and equipment	5 - 10 years
Fixtures and office equipment	3 - 10 years
Computer equipment	2 - 5 years

The gain or loss arising on the disposal or retirement of an asset is determined as the difference between the sales proceeds and the carrying amount of the asset at the date of the sale transaction and is recognized in the Consolidated Income Statement.

39.13 Intangible assets

Intangible assets acquired separately

Intangible assets with finite useful life are reported at cost less accumulated amortization and accumulated impairment losses. Amortization is allocated on a straight-line basis over their estimated useful lives. The estimated useful life and amortization method are reviewed at the end of each balance sheet date, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives are carried at cost less accumulated impairment losses.

Intangible assets with finite useful lives are amortized on a straight- line basis over their useful lives.

The following useful lives are used in the calculation of amortization:

Customer and distribution relationships	4 - 10 years
Patents	5 – 50 years
Trademarks	3 – infinitive
Software and other	2 - 10 years

Internally generated intangible assets

Expenditure on research activities is recognized as an expense in the period in which it is incurred.

An internally-generated intangible asset arising from the Company's development is recognized only if all of the following conditions are met: the technical feasibility of completing the intangible asset so that it will be available for use or sale; the intention to complete the intangible asset and use or sell it; the ability to use or sell the intangible asset; the intangible asset will generate probable future economic benefits; the availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset and the ability to measure reliably the expenditure attributable to the intangible asset during its development.

The amount initially recognized for internally generated intangible assets is the sum of the expenditure incurred from the date when the intangible asset first meets the recognition criteria listed above. Where internally generated intangible asset cannot be recognized, development expenditure is charged to profit or loss in the period in which it is incurred.

After initial recognition, internally generated intangible assets are reported at cost less accumulated amortization and accumulated impairment losses, on the same basis as intangible assets acquired separately.

Intangible assets acquired in a business combination

Intangible assets acquired in a business combination are identified and recognized separately from goodwill where they satisfy the definition of an intangible asset and their fair values can be measured reliably. The cost of such intangible assets is their fair value at the acquisition date.

After initial recognition, intangible assets acquired in a business combination are reported at cost less accumulated amortization and accumulated impairment losses, on the same basis as intangible assets acquired separately.

Derecognition of intangible assets

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognized in profit or loss when the asset is derecognized.

39.14 Impairment of tangible and intangible assets excluding goodwill

At each balance sheet date, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated to determine the extent of the impairment loss. Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. Where a reasonable and consistent basis of allocation can be identified, assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in profit or loss.

39.15 Inventories

Inventories are stated at the lower of cost and net realizable value. Costs, including an appropriate portion of fixed and variable overhead expenses, are assigned to inventories held by the method most appropriate to the class of inventory, with the majority being valued on a standard cost basis. Net realizable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

39.16 Provisions

Provisions are recognized when the Company has a present obligation as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the balance sheet date, considering the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Warranties

Warranty provision includes expected warranty costs for products sold with standard warranty and are recognized at the date of sale of the relevant products, at management's best estimate of the expenditure required to settle the Company's obligation.

Other

Other provisions are mainly related to restructuring and earnouts related to acquisitions of companies. Restructuring provision is recognized when the Company has developed a detailed formal plan for the restructuring and has started to implement it or announcing its main features to those affected by it. The measurement of a restructuring provision

includes only the direct expenditures arising from the restructuring, which are those amounts that are both necessarily entailed by the restructuring and not associated with the ongoing activities of the entity.

39.17 Financial instruments

Financial assets and financial liabilities are recognized in the Company's Balance Sheet when the Company becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

Effective interest method

The effective interest method is a method of calculating the amortized cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees on points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument or, where appropriate, a shorter period to the net carrying amount on initial recognition.

Income is recognized on an effective interest basis for debt instruments other than those financial assets classified as at fair value through profit or loss (FVTPL).

Financial assets

All regular way purchases or sales of financial assets are recognized and derecognized on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognized financial assets are measured subsequently in their entirety at either amortized cost or fair value, depending on the of the financial assets.

Classification of financial assets

Debt instruments that meet the following conditions are measured subsequently at amortized cost:
- the financial asset is held within a business model whose objective is to hold financial assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets that do not meet the criteria for being measured at amortized cost are measured at FVTPL. Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any fair value gains or losses recognized in profit or loss to the extent they are not part of a designated hedging relationship. The net gain or loss recognized in profit or loss includes any dividend or interest earned on the financial asset. Fair value is determined in the manner described in note 39.2.

Impairment of financial assets

The Company recognizes a loss allowance for expected credit losses on investments in debt instruments that are measured at amortized cost and account receivables. The amount of expected credit loss is updated at each reporting date to reflect changes in credit risk from initial recognition of the respective financial instrument. The Company measures the collective allowance for trade receivables at an amount equal to lifetime expected credit loss (ECL). The expected credit loss on trade receivables is estimated using a provision matrix by reference to past default experience, general economic conditions and an assessment of both the current as well as expected conditions, including time value of money where appropriate. Individual allowance and adjustments to the collective bad debt provision are made based

on the individual assessment of customers' situation and probability of incoming payments. As the Company's historical credit loss experience does not show significantly different loss patterns for different customer segments, the provision for loss allowance based on past due status is not further distinguished between the Company's different customer segments.

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about significant financial difficulty of the borrower. An allowance for credit-impaired financial assets is measured on an individual basis.

The Company writes off a financial asset when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery, e.g., when the debtor has been placed under liquidation or has entered into bankruptcy proceedings. Financial assets written off may still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognized in profit or loss.

Derecognition of financial assets

The Company derecognizes a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

On derecognition of a financial asset, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognized in profit or loss.

Financial liabilities

All financial liabilities are measured subsequently at amortized cost using the effective interest method or at FVTPL.

Financial liabilties are classified as at FVTPL when the financial liability is (i) contingent consideration of an acquirer in a business combination, (ii) held for trading or (iii) it is designated as at FVTPL.

A financial liability is classified as held for trading if:
- it has been acquired principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative, except for a derivative that is a financial guarantee contract or a designated and effective hedging instrument.

Derecognition of financial liabilities

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in profit or loss. When the Company exchanges with the existing lender one debt instrument into another one with the substantially different terms, such exchange is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, the Company accounts for substantial modification of terms of an existing liability or part of it as an extinguishment of the original financial liability and the recognition of a new liability. It is assumed that the terms are substantially different if the discounted present value of the cash flows under the new terms, including any fees paid net of any fees received and discounted using the original effective rate is at least 10 per cent different from the discounted present value of the remaining cash flows of the original financial liability. If the modification is not substantial, the difference between: (1) the carrying amount of the liability before the modification; and (2) the present value of the cash flows after modification should be recognized in profit or loss as the modification gain or loss within other gains and losses.

39.18 Employee benefits

ÖSSUR

Notes to the Consolidated Financial Statements

Retirement benefit costs and termination benefits

The company has defined contribution retirement benefit plans in place. Payments to defined contribution retirement benefit plans are recognized as an expense when employees have rendered service entitling them to the contributions.

A liability for a termination benefit is recognized at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognizes any related restructuring costs.

39.19 Derivative financial instruments

The Company enters into derivative financial instruments to manage its exposure to currency risk. Further details of derivative financial instruments are disclosed in note 33.

Derivatives are initially recognized at fair value at the date a derivative contract is entered into and are subsequently remeasured to their fair value at each balance sheet date. The resulting gain or loss is recognized in profit or loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedge relationship. The Company designates certain derivatives as either hedges of cash flow of recognized liabilities or hedges of net investments in foreign operations.

A derivative is presented as a non-current asset or a non-current liability if the remaining maturity of the instrument is more than 12 months and it is not expected to be realized or settled within 12 months. Other derivatives are presented as current assets or current liabilities.

Hedge accounting

The Company designates certain hedging instruments, which include derivatives and non-derivatives in respect of foreign currency risk, as either cash flow hedges or hedges of net investment in foreign operations.

At the inception of the hedge relationship the entity documents the relationship between the hedging instrument and hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Company documents whether the hedging instrument that is used in a hedging relationship is effective in offsetting changes in fair values or cash flows of the hedged item attributable to the hedge risk, which is when the hedging relationships meet all of the following hedge effectiveness requirements:

- there is an economic relationship between the hedged item and the hedging instrument;
- the effect of credit risk does not dominate the value changes that result from that economic relationship; and
- the hedge ratio of the hedging relationship is the same as that resulting from the quantity of the hedged item that the Company actually hedges and the quantity of the hedging instrument that the Company actually uses to hedge that quantity of hedged item.

If a hedging relationship ceases to meet the hedge effectiveness requirement relating to the hedge ratio but the risk management objective for that designated hedging relationship remains the same, the Company adjusts the hedge ratio of the hedging relationship (i.e., rebalances the hedge) so that it meets the qualifying criteria again.

The hedging reserve within equity represents the cumulative portion of gains and losses on hedging instruments deemed effective in cash flow hedges. The cumulative deferred gain or loss on the hedging instrument is reclassified to profit or loss only when the hedged transaction affects the profit or loss, or is included as a basis adjustment to the non-financial hedged item, consistent with the relevant accounting policy.

Hedges of net investments in foreign operations

Any gain or loss on the hedging instrument relating to the effective portion of the hedge is recognized in equity in the foreign currency translation reserve.

999

Gains and losses deferred in the foreign currency translation reserve are recognized in profit or loss on disposal of the foreign operation.

Cash flow hedges

The effective portion of changes in the fair value of derivatives, that are designated and qualify as cash flow hedges, is recognized in other comprehensive income and accumulated under the heading of hedging reserve. The gain or loss relating to the ineffective portion is recognized immediately in profit or loss, and is included in the 'other financial expense / income' line item.

Amounts previously recognized in Other Comprehensive Income and accumulated in equity are reclassified to profit or loss in the periods when the hedged item is recognized in profit or loss, in the same line of the Income Statement as the recognized hedged item. However, when the hedged forecast transaction results in the recognition of a non-financial asset or a non-financial liability, the gains and losses previously recognized in Other Comprehensive Income and accumulated in equity are transferred from equity and included in the initial measurement of the cost of the non-financial asset or non-financial liability.

Hedge accounting is discontinued when the Company revokes the hedging relationship, when the hedging instrument expires, is sold, terminated, exercised, or when it no longer qualifies for hedge accounting. Any gain or loss recognized in Other Comprehensive Income and accumulated in equity at that time remains in equity and is recognized when the forecast transaction is ultimately recognized in profit or loss. When a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity is recognized immediately in the Income Statement.

39.20 Significant accounting judgments, estimates and assumptions

In the application of the Company's accounting policies, which are described in note 39, management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised. Revision of accounting estimates can also affect future periods.

Determining whether goodwill is impaired requires an estimation of the value in use of the cash-generating units to which goodwill has been allocated. The value in use calculation requires the entity to estimate the future cash flows expected to arise from the cash-generating unit and a suitable discount rate in order to calculate present value. Details of impairment calculations are set out in note 14.

As described in note 39.12, the Company reviews the estimated useful lives of property, plant and equipment at the end of each balance sheet date.

39.21 Government grants

Government grants are not recognized until there is reasonable assurance that the Company will comply with the set conditions and that the grants will be received. Government grants are recognized in profit or loss in the periods in which the Company recognizes the related expenses for which the grants are intended to compensate. Government grants that are received as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Company with no future related costs are recognized in profit or loss in the period in which they are received. Government grants that are compensating for revenue loss are presented as Other income / (expenses) in the Income Statement.

Notes to the Consolidated Financial Statements

1. Summary of Significant Accounting Policies

Statement of compliance

The Condensed Interim Consolidated Financial Statements are prepared in accordance with International Financial Reporting Standards for Interim Financial Reporting, IAS 34 as adopted by the EU. The Condensed Interim Consolidated Financial Statements are presented in accordance with the new and revised standards (IFRS / IAS) and new interpretations (IFRIC), applicable in the period. New and amended IFRS Standards that are effective for the current year did not have any impact on the Company's Financial Statements. The Company has not early applied new and revised IFRS standards that have been issued but are not yet effective. The Financial Statements are presented in USD, which is the Company's functional currency. They do not include all of the information required for full Annual Financial Statements and should be read in conjunction with the Company's Annual Financial Statements for the period ended 31 December 2020. The Company's Annual Financial Statements can be found on the Company's website www.ossur.com.

Basis of preparation

The Condensed Interim Consolidated Financial Statements have been prepared under the historical cost basis except for certain financial instruments that are measured at fair value. Historical cost is generally based on the fair value of the consideration given in exchange for assets. The Consolidated Financial Statements are presented in US dollars and all values are rounded to the nearest thousand ('000), except when otherwise indicated. The accounting policies adopted are consistent with those followed in the preparation of the Company's Annual Consolidated Financial Statements for the period ended 31 December 2020.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 9th day of July, 2021.

Provide explanation below:

On May 7, 1993 I was arrested in Deadwood, South Dakota and subsequently charged with the misdemeanor offense of Displaying Another's License (State of South Dakota v. Kara Sandler, County of Lawrence, Case Number CRI 93-436). On August 25, 1993, through my attorney, I pled guilty to the charge of Displaying Another's License under South Dakota's Suspended Imposition of Sentence provisions and was placed on unsupervised probation for one year. On September 29, 1994, following the expiration of the one-year probation and pursuant to an Order to Dismiss Misdemeanor, Discharge Defendant and Seal Recorder an Order, the case was dismissed, and my record was sealed.

KARA SANDLER, Defendant.	)	

An Information was filed in this Court on the 25th day of August, 1993, charging the Defendant with the crime of DISPLAYING ANOTHER'S LICENSE (SDCL 32-12-70).

The Defendant was arraigned on said Information and received a copy thereof on the 25th day of August, 1993. The Defendant's attorney Jerry Rachetto, and Hillary J. Brady as prosecuting attorney appeared at the Defendant's arraignment. The Court advised the Defendant of all constitutional and statutory rights pertaining to the charge that had been filed against the Defendant, including but not limited to the right against self-incrimination, the right on confrontation, and the right to a jury trial. The Defendant waived these rights and pled guilty to the charge of DISPLAYING ANOTHER'S LICENSE (SDCL 32-12-70), by an through her attorney Jerry Rachetto.

It is the determination of the Court that the Defendant has been regularly held to answer for said offense; that said plea was voluntary, knowing and intelligent; that the Defendant was represented by competent counsel; and that a factual basis existed for the plea.

Upon this 25th day of August, 1993, the Court being satisfied that the ends of justice and the best interest of the public as well as the Defendant will be served thereby and the Court receiving a plea of guilty to a crime that is not punishable by life imprisonment and the Defendant never before having been convicted of a crime which would constitute a felony in this State, this Court exercises is judicial clemency under SDCL 23A-27-13 and

with the consent of the Defendant.

IT IS HEREBY ORDERED that the imposition of sentence is suspended pursuant to SDCL 23A-17-13 and the Defendant is placed on probation for a period of 1 year upon the following terms and conditions:

(1) That the Defendant be on unsupervised probation for a period of one (1) year.

(2) That the Defendant pay a fine of $173.50 and costs of $26.50.

(3) That the Defendant violate no laws for a period of one (1) year.

IT IS FURTHER ORDERED that any bond posted herein be exonerated.

IT IS FURTHER ORDERED that the Court expressly reserves control and jurisdiction over the Defendant for the period of sentence imposed and that this Court may revoke the suspension at any time and reinstate the sentence without diminishment or credit for any of the time that the Defendant was on probation.

IT IS FURTHER ORDERED that the Court reserved the right to amend any or all of the terms of this Order at any time.

Kara A. Sandler vs. Scott R. Hymel				
Name of Business/Industry/Entity				

Provide explanation below:

On October 13, 1998, I filed a claim (No. 98-30582) against Scott R. Hymel (the "Defendant") with the Small Claims Division of the First City Court, State of Louisiana. On June 16, 1998, I entered in an agreement with the Defendant whereby the Defendant agreed to sublet the apartment that I leased in New Orleans, Louisiana for one month. The Defendant breached our agreement by: (i) failing to pay all utilities per our agreement; (ii) failing to vacate the apartment for more than four weeks after the termination date of the agreement; and (iii) causing damage to the apartment. I filed this action after several attempts to resolve this matter with the defendant. On October 27, 1998 after the defendant failed to answer the complaint, I received a judgment in the amount of $1,012.89 plus interest and court costs. Please see attached Judgment.

Provide explanation below:

I purchased a lighted mirror through a retailer, which was shipped directly from the manufacturer. Upon receipt, it was discovered that the mirror was defective. The retailer made several requests to the manufacturer to issue a replacement. When those requests went unanswered, I contacted the manufacturer directly to make a warranty claim. The manufacturer denied that there was a manufacturing defect, while refusing to inspect it. Due to the unwillingness of the manufacturer to respond to the retailer's and my requests for a resolution, I filed an action in Small Claims Court. Following receipt of the claim, the manufacturer agreed to reimburse me in full in exchange. Upon receipt of the reimbursement check, I filed an Agreement for Judgment and Acknowledgment of Satisfaction of Judgment.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 810007621

Application/License No. _____

Provepharm, Inc (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 100 Springhouse Dr, Suite 105, Collegeville, Pennsylvania 19426-4709, United States (Address of Applicant/Principal), as PRINCIPAL, and Atlantic Specialty Insurance Company (Surety Company), a corporation organized under the laws of the state of New York (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is One State Street Plaza, 31st Floor, New York, NY 10004 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on January 27, 2021 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 27th day of January, 20 21.

Verification of an In State or Nonresident Pharmacy, Manufacturer/Repacker/Wholesaler or individuals Licensed in New York:

Online verification of the registration status of an in State or Nonresident pharmacy, and/or manufacturer/repacker/wholesaler, as well as the license and registration status of licensed professionals, can be performed free of charge at http://www.op.nysed.gov/opsearches.htm. An additional search can be performed on each verification screen to determine if an establishment or licensee has been disciplined by this Department at http://www.op.nysed.gov/opd/rasearch.htm

Note: No other form of verification is available for pharmacy establishments. Please do not use "request for Written Confirmation of New York State Licensure" for verification of a registered establishment; that form is used only for certification or verification of licensed individuals.

Verification of Licensed Professionals (not establishments):

The Board Office cannot provide letters of good standing or license verification; however, the Certification/Verification Unit can provide documentation that will likely meet your needs.

A form must be submitted with the appropriate fee for either a certification or verification of a license. The difference between certification and verification is explained on the form which is available at http://www.op.nysed.gov/opcertvertinfo.htm

I hope this information is helpful.

Thank you.

WE ASSIGNED YOU AN EMPLOYER IDENTIFICATION NUMBER

Thank you for applying for an Employer Identification Number (EIN). We assigned you EIN 85-2448908. This EIN will identify you, your business accounts, tax returns, and documents, even if you have no employees. Please keep this notice in your permanent records.

When filing tax documents, payments, and related correspondence, it is very important that you use your EIN and complete name and address exactly as shown above. Any variation may cause a delay in processing, result in incorrect information in your account, or even cause you to be assigned more than one EIN. If the information is not correct as shown above, please make the correction using the attached tear off stub and return it to us.

Based on the information received from you or your representative, you must file the following form(s) by the date(s) shown.

Form 1120 01/15/2021

If you have questions about the form(s) or the due date(s) shown, you can call us at the phone number or write to us at the address shown at the top of this notice. If you need help in determining your annual accounting period (tax year), see Publication 538, *Accounting Periods and Methods.*

We assigned you a tax classification based on information obtained from you or your representative. It is not a legal determination of your tax classification, and is not binding on the IRS. If you want a legal determination of your tax classification, you may request a private letter ruling from the IRS under the guidelines in Revenue Procedure 2004-1, 2004-1 I.R.B. 1 (or superseding Revenue Procedure for the year at issue). Note: Certain tax classification elections can be requested by filing Form 8832, *Entity Classification Election.* See Form 8832 and its instructions for additional information.

IMPORTANT INFORMATION FOR S CORPORATION ELECTION:

If you intend to elect to file your return as a small business corporation, an election to file a Form 1120-S must be made within certain timeframes and the corporation must meet certain tests. All of this information is included in the instructions for Form 2553, *Election by a Small Business Corporation.*

(Address of Surety)
SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on April 29, 2021.
(Effective Date)

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 29 day of April, 2021.

Yes, that appears to be a misprint. It should be 57664.

Thanks!

VICE-PRESIDENT OF PHARMACEUTICAL PRODUCTION/OPERATIONS

Highly progressive and results-driven Global Pharmaceutical Manufacturing Executive with significant years of proven leadership and success developing and implementing operational initiatives to reduce production costs, increase profitability and operational efficiencies. Demonstrated ability to identify and analyze complex production issues while creating innovative and effective solutions. Expedited process re-engineering and automated manufacturing processes to gain competitive advantage. Dynamic communicator with strong expertise in developing productive management teams that are cross-functional, complemented with an empowered, motivated work force capable of meeting and exceeding quality and cost initiatives to drive results.

AREAS OF EXPERTISE

- **Production Start-Up/Reorganization/ Integration**
- **Process Mapping/Re-Engineering/ Work Standardization**
- **Staff Development and Management**
- **Cross Functional and Interdepartmental Coordination & Leadership**
- **Product Transfers**
- **Complex Capital/Quality Improvement Project LEAN/Kaizen Implementation**
- **Strategic Research, Planning and Implementation of Manufacturing Systems**
- **Manufacturing Executable System (MES)**
- **MRPII and SAP Upgrades**
- **Automating Manufacturing Processes**
- **FDA/EMA Regulations/Inspections**

CAREER HIGHLIGHTS

- Successful build-out and on-time startup and staffing of new aseptic processing and manufacturing facility to support cell therapy product development, Phase 1 – Phase 3 clinical trial material, fill and finish operations, and commercial product manufacturing.
- Reduced operational costs by $40 million in 16 months by spearheading the development and implementation of LEAN Manufacturing to decrease inventory, work in process (WIP) and cycle time.
- Directed a two-year, $3.8 million Automated Electronic Batch Record (Manufacturing Executable System or MES) Project for all solid dosage forms, eliminating paper batch records, reducing human error by 10%, reducing operational costs by $1.2 million, and increasing regulatory compliance.
- Directed and implemented a $1.1 million high-speed press project that addressed capacity issues for coated tablet production. This increased production capacity and generated additional annual sales of $80 million.
- Orchestrated integration of all activities pertaining to transfer of 30 products within 14 months (4 months ahead of schedule) to new facility, including design, construction and start-up.
- Initiated the development and design of a $4 million Clean Zone Project for solid dosage forms. With international regulatory approval product is distributed from the U.S. to Europe.
- Introduced and instituted an integrated, high-speed sample bottle line (500 bottles per minute) project for Novartis physician sample portfolio to keep up with the growth of the sales force.
- Diminished "Change-Over Times" within Manufacturing and Packaging Departments by 35% through process mapping, re-engineering and work standardization.
- Recipient of the Business Excellence Award for the Inventory Control Project.
- Created a new and innovative compensation program to implement team-based work groups. This resulted in increased skill flexibility of the work force.
- Developed and implemented a Process Improvement Program (PIP) to substantially increase product yields, first-time quality and Operational Asset Efficiency (OAE) by increased training of staff resulting in improved customer satisfaction.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 0797367

Application/License No. _____

Sun Pharmaceutical Industries, Inc. (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 1 Commerce Drive, Unit B, Cranbury, NJ 08512 (Address of Applicant/Principal), as PRINCIPAL, and Harco National Insurance Company (Surety Company), a corporation organized under the laws of the state of Illinois (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 4200 Six Forks Rd, Suite 1400 Raleigh, NC 27609 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on June 14, 2021 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 15th day of June, 2021.

This bond term shall become effective on August 15, 2021 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

13BSBIS4479

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 10th day of August, 2021.

Maria,

Please find attached correspondence from the Illinois Board of Pharmacy permitting Akorn's continued operations. The IL BOP is not able to conduct an on-site inspection until COVID is over and therefore won't be issuing new license until after COVID. As a result, the IL BOP is permitting Akorn to continue operate under current approvals.

We will order new good standing certificates and I should have those over to you soon. Please let me know if you need anything else.

Thank you,

April,

Thanks for providing the management agreement. Go ahead and renew the Decatur license as well. That is actually assigned to another investigator and it is a similar situation where the inspection won't be done before the end of the year and we don't want you to operate without being licensed.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. E617314

Application/License No. _____

UPS Supply Chain Solutions, Inc (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 17825 Indian Street Moreno Valley, CA 92551 (Address of Applicant/Principal), as PRINCIPAL, and Great American Insurance Company (Surety Company), a corporation organized under the laws of the state of Ohio (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 17825 Indian Street Moreno Valley, CA 92551 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on 01/27/2021 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 27th day of January, 2021

Disciplinary Statement
UPS Supply Chain Solutions, Inc. ("UPS SCS")

WHOLESALE LICENSE

Matters Related to Colorado Order
1645 Satellite Blvd, Duluth, GA

Final
As previously disclosed by UPS Supply Chain Solution, Inc. (UPS SCS), to your agency in 2010, the Colorado Board of Pharmacy's Stipulation and Final Agency Order ("Colorado Order") was effective October 18, 2010, with regard to UPS SCS's Duluth, GA facility's Colorado Out-of-State Wholesaler License # WHO-7462. UPS SCS's Duluth facility did not file Colorado's required notice of change of Designated Representative within Colorado's required 14-day timeframe to file such notice. UPS SCS implemented corrective actions and has successfully completed the terms of the Colorado order. Please note, UPS SCS's Colorado Out-of-State Wholesaler License # WHO-7462 was not and is not restricted, modified, revoked or limited in any way. UPS SCS has a copy of the Colorado Case No. 2011-000273 documentation related to the Colorado Order on file with the UPS SCS Regulatory Affairs Department.

Final
On November 15, 2011, UPS SCS informed your agency of the Iowa Board of Pharmacy's (IBoP) action concerning Iowa Wholesale Drug License #5820 and which became effective November 11, 2011. This Iowa Stipulation and Consent Order (the "Iowa Order") relates to the Colorado Order and the untimely filing of notice regarding the Colorado Order to the IBoP. UPS SCS has successfully completed the terms of the Iowa Order and Iowa Wholesale Drug License #5820 has not and is not restricted, modified, revoked or limited in any way. UPS SCS has a copy of the Iowa Case No. 2010-162 documentation on file with the UPS SCS Regulatory Affairs Department. Note: This Iowa matter is a spin-off of the Colorado matter summarized above. It is based on the same underlying facts that gave rise to the Colorado matter. It is **not** based on an independent set of facts.

Final
On October 18, 2013, UPS SCS informed your agency of the Consent Order and Stipulation between the Michigan Board of Pharmacy (BOP) and UPS SCS based on the underlying Colorado matter summarized above, which was executed by the Michigan BOP on October 9, 2013 (the "Michigan Order"). As previously disclosed to you, pursuant to this Consent Order, UPS SCS paid a fine of two thousand five hundred dollars. The Consent Order and Stipulation specifically provided that "no patient safety issues were involved," and the BOP did not impose any other penalty. UPS SCS's Michigan licenses have not been restricted, modified, revoked, or limited in any way. Note: The Michigan Order is directly related to the Colorado matter summarized above. It is based on the same underlying facts that gave rise to the Colorado matter. It is not based on an independent set of facts.

PHARMACY LICENSE

Matters Related to Kentucky Agreed Orders
1860 Outer Loop Road, Louisville, KY

Final

UPS SCS dispenses medical devices, including diabetes-related pumps, to consumers from its Kentucky licensed pharmacy facility. Not all states recognize the Durable Medical Equipment or Home Medical Equipment provider category for entities that dispense medical devices rather than drugs. Those states that do not recognize these categories require a non-resident or out of state pharmacy permit for dispensing medical devices. Accordingly, UPS SCS obtained a home-state pharmacy permit in Kentucky and numerous non-resident pharmacy permits and DME/HME permits in other states. On September 12, 2012, the Kentucky Board of Pharmacy ("KYBoP") and UPS SCS executed final Agreed Orders relating to minor violations under Kentucky Administrative Regulations 2:270 and Kentucky Revised Statutes Sec. 315.121(6) in connection with late filing of pharmacy technician registrations at UPS SCS's Louisville, Kentucky facility (the "Kentucky Orders"). UPS SCS and the KYBoP agreed to address the Kentucky Orders informally by entering in the aforementioned Agreed Orders in lieu of the KYBoP filing a formal complaint. UPS SCS self-reported this action to your agency on September 18, 2012. UPS SCS takes this and all regulatory matters seriously and has implemented corrective action. Moreover, UPS SCS has instituted internal safeguards to ensure that applicable regulatory compliance is maintained in the future. UPS SCS's Kentucky pharmacy license (Kentucky Pharmacy License #P07277) remains current and in good standing and was not and has not been restricted, modified, revoked, or limited in any way.

Final

On May 14, 2013, UPS SCS informed your agency of the Texas Board of Pharmacy's (TXBoP) action concerning UPS SCS Texas Class E Nonresident Pharmacy License #26160 and which became effective May 7, 2013. As already disclosed to you, on May 14, 2013, the Texas Board of Pharmacy (TXBoP) and UPS SCS executed a final Agreed Board Order (the "Texas Order") relating to the above-mentioned Kentucky Pharmacy License Agreed Orders. Pursuant to the Texas Agreed Board Order, the TXBoP reprimanded UPS SCS's Nonresident Pharmacy License. The Texas Board of Pharmacy did not levy a fine or any other penalty on the License. The License was not and is not restricted, modified, revoked or limited in any way. UPS SCS has a copy of the Texas Agreed Board Order # L-13-004 on file with the UPS SCS Regulatory Affairs Department. Note: The Texas Order is directly related to the Kentucky pharmacy license matter summarized above. It is based on the same underlying facts that gave rise to the Kentucky matter. It is <u>not</u> based on an independent set of facts.

Final

On April 22, 2014, UPS SCS informed your agency of the Consent Order and Stipulation between the Michigan Board of Pharmacy (BOP) and UPS SCS based on the Kentucky Order summarized above, which was adopted by the Michigan BOP on April 9, 2014 (the "Michigan Order"). As previously disclosed to you, pursuant to this Consent Order, UPS SCS paid a fine of two hundred fifty dollars. The Consent Order and Stipulation specifically provided that "no patient safety issues were involved," and the BOP did not impose any other penalty. UPS SCS's Michigan licenses have not been restricted, modified, revoked, or limited in any way. Note: The Michigan Order is directly related to the Kentucky matter summarized above. It is based on the same underlying facts that gave rise to the Kentucky matter. It is not based on an independent set of facts.

STATE OF COLORADO

Case No. 2011-000273

STIPULATION AND FINAL AGENCY ORDER

IN THE MATTER OF DISCIPLINARY PROCEEDING REGARDING THE NON-RESIDENT PRESCRIPTION DRUG WHOLESALER REGISTRATION OF UPS SUPPLY CHAIN SOLUTIONS, INC., REGISTRATION NO. WHO-7462,

Respondent.

IT IS HEREBY STIPULATED AND AGREED by and between the Colorado State Board of Pharmacy ("Board") and UPS Supply Chain Solutions, Inc. ("Respondent") to resolve all matters pertaining to Board Case Number 2011-000273, as follows:

FINDINGS AND CONCLUSIONS

1. The Board has jurisdiction over Respondent, its registration as a non-resident prescription drug wholesaler, and the subject matter of this Stipulation and Final Agency Order ("Final Agency Order") pursuant to the provisions of the Pharmaceuticals and Pharmacists Act at Title 12, Article 22, C.R.S.

2. Respondent was originally registered as an non-resident prescription drug wholesaler in the State of Colorado on December 8, 2008, being issued registration number WHO-7462, and has been so registered at all times relevant to this disciplinary action.

3. Respondent does not contest these findings and hereby waives any further proof in this proceeding before the Board regarding the following findings.

4. Respondent failed to timely submit an application to the Board detailing a change in designated representative and fee. In this case, forty-six (46) days transpired between the date the previous designated representative ceased the position and the date the application and fee were received.

5. Respondent states and affirms that it was never without the proper oversight of a designated representative but failed to timely submit the change application to the Board because of human error. Further, Respondent states and affirms that it has identified the cause of the error and has implemented corrective actions.

6. Respondent does not contest that the conduct described above constitutes violations of the following sections of the Colorado Revised Statutes and Board Regulations:

12-22-125. Unprofessional conduct - grounds for discipline.

(1) The board may suspend, revoke, refuse to renew, or otherwise discipline any license or registration issued by it, after a hearing held in accordance with the provisions of this section, upon proof that the licensee or registrant:

(c) Has violated:

(I) Any of the provisions of this part 1, including but not limited to any acts in section 12-22-126;

(II) The lawful rules of the board; or

(III) Any state or federal law pertaining to drug.

12-22-802. Wholesaler license requirements

(2)(b) An applicant for a license shall pay any reasonable fee required by the accreditation body or the board and comply with any rules promulgated by the board;

(3) (VII) The name of the applicant's designated representative for the facility, the fingerprints of the designated representative, and a personal information statement for the designated representative that includes information as required by the board, including but not limited to the information in subsection (5) of this section; and

(5)(i) Update all of the information required in this part 8 whenever changes occur.

Regulation 15.01.11 Minimum required information for registration.

a. The following minimum information shall be required from each wholesaler as part of the registration:

(8) The name of the applicant's designated representative, who must meet the following requirements:

(a) Be at least twenty-one years of age;

(b) Have at least three years of full-time employment history with a pharmacy or a wholesaler in a capacity related to the dispensing and distribution of and the recordkeeping related to prescription drugs;

(c) Be employed by the applicant in a full-time managerial position;

(d) Be actively involved in and aware of the actual daily operation of the wholesaler;

(e) Be physically present at the facility of the applicant during regular business hours, except when the absence of the designated representative is authorized, including, but not limited to, sick leave and vacation leave;

(f) Serve in the capacity of a designated representative for only one applicant or wholesaler at a time, except where more than one licensed wholesaler is co-located in the same facility and the wholesalers are members of an affiliated group as defined by section 1504 of the federal "Internal Revenue code of 1986."

(g) Not have any convictions under federal, state, or local law relating to wholesale or retail prescription drug distribution or controlled substances;

(h) Not have an felony convictions pursuant to federal, state, or local law; and

(i) Undergo a background check as required by CRS 12-22-803. And

(9) Wholesalers that distribute animal drugs exclusively are exempt from the requirements of 15.01.11(a)(8).

(b) Changes in any information in section 15.01.11 shall be submitted to the Colorado Board of Pharmacy within fourteen calendar days thereof.

Regulation 15.01.14 Change of name, location, or ownership, or designated representative

c. Any change in the designated representative of a wholesaler shall be reported to the board on a form supplied by the board within 14 calendar days of such change. The incoming designated representative must undergo the required background check.

7. The Board finds and concludes, and Respondent agrees, that based upon the above-described violations of the Pharmaceuticals and Pharmacists Act and relevant rules and regulations, the following discipline is just and appropriate under the circumstances.

TERMS OF DISCIPLINE

8. **Fine with Surcharge.** Pursuant to §12-22-125.2(5), C.R.S., Respondent shall pay a fine of Five Thousand Dollars and No Cents ($5,000.00). Respondent understands and acknowledges that, pursuant to §24-34-108, C.R.S., the Executive Director of the Department of Regulatory Agencies shall impose an additional surcharge of 10% of this fine. Respondent shall therefore pay a total amount of Five Thousand Five Hundred Dollars and No Cents ($5,500.00). The total amount shall be payable to the State of Colorado and shall be remitted in one lump sum to be included when Respondent submits this signed Final Agency Order to the Board.

9. **Compliance.** Respondent shall submit all future applications detailing a change in designated representative and fee to the Board within fourteen (14) days of the previous designated representative ceasing the position.

10. **Other Requirements.** Respondent acknowledges and agrees that, as a condition of this Final Agency Order, Respondent shall:

a. promptly pay all Respondent's own fees and costs associated with this Final Agency Order;

b. comply fully with this Final Agency Order; and

c. comply fully with the Pharmacists and Pharmaceuticals Act, all Board rules and regulations, and any other state and federal laws and regulations related to pharmacists and pharmaceuticals in the State of Colorado.

11. **Advisements and Waivers.** Respondent enters into this Final Agency Order freely and voluntarily, whether or not Respondent has consulted with legal counsel. Respondent acknowledges its understanding that it has the following rights:

a. to have formal notice of hearing and charges served upon it;

b. to respond to said formal notice of charges;

c. to have a formal disciplinary hearing pursuant to Sections 12-22-125 and 12-22-125.2(2)(a), C.R.S.; and

d. to appeal this Final Agency Order.

Respondent freely **waives** these rights, and acknowledges that such waiver is made voluntarily in consideration for the Board's limiting the action taken against Respondent to the sanctions imposed herein.

12. **Acknowledgments.** Respondent has read this Final Agency Order in its entirety and acknowledges, whether or not Respondent has consulted with legal counsel, that Respondent understands its legal consequences and agrees that none of its terms or conditions are unconscionable. Respondent is not relying on any statements, promises or representations from the Board other than as may be contained in this Final Agency Order. Respondent further acknowledges that it is not entering into this Final Agency Order under any duress.

13. **Violations.** Time is of the essence in this Final Agency Order. It is the responsibility of Respondent to take all appropriate steps to comply fully with this Final Agency Order. Respondent acknowledges and agrees that any violation of this Final Agency Order shall constitute a willful violation of a lawful Board order, may be sanctioned as provided under §12-22-125.2(4), C.R.S., and may be sufficient grounds for additional discipline, including but not limited to revocation of Respondent's registration. The pendency of any suspension or disciplinary action arising out of an alleged violation of this Final Agency Order shall not affect the obligation of Respondent to comply with all terms and conditions of this Final Agency Order.

14. **Integration and Severability.** Upon execution by all parties, this Final Agency Order shall represent the entire and final agreement of and between the parties. In the event any provision of this Final Agency Order is deemed invalid or unenforceable by a court of law, it shall be severed and the remaining provisions of this Final Agency Order shall be given full force and effect.

15. **Public Record.** Upon execution by all parties, this Final Agency Order shall be a public record, maintained in the custody of the Board.

16. **Effective Date.** This Final Agency Order shall become effective upon signature by a Board representative.

Pursuant to Iowa Code §§ 17A.10 and 272C.3(4) (2011), The Iowa Board of Pharmacy (hereinafter, the "Board") and UPS Supply Chain Solutions, L.L.C. (hereinafter, "Respondent"), have agreed to settle a contested case currently on file with the Board. The Statement of Charges filed against Respondent on September 13, 2011, and the licensee disciplinary proceeding related to the charges shall be resolved without a hearing, as the Board and Respondent have agreed to the following Stipulation and Consent Order:

1. Respondent's license to operate a wholesale drug business was renewed November 19, 2010, as evidenced by Wholesale Drug License Number 5820, recorded in the permanent records of the Board.

2. Wholesale Drug License Number 5820 issued to and held by Respondent is current and in force until December 31, 2011.

3. The Board has jurisdiction over the parties and the subject matter herein.

4. A Statement of Charges was filed against Respondent on September 13, 2011. The Statement of Charges alleges Respondent violated the pharmacy laws of the State of Colorado and failed to timely report the violation to the Board.

5. The records of the investigation indicate that Respondent has successfully

completed the terms of the Colorado Stipulation and Final Agency Order.

6. Respondent has chosen not to contest the allegations set forth in the Statement of Charges and acknowledges that the allegations, if proven in a contested case proceeding, would constitute grounds for the discipline described herein.

7. Upon the Board's approval of this Stipulation and Consent Order, Respondent shall be assessed a civil penalty in the amount of $1000. The civil penalty payment shall be made by check, payable to the Treasurer of Iowa and mailed to the executive director of the Board within 10 days after Respondent's receipt of notice of the Board's approval of this Stipulation and Consent Order. All civil penalty payments shall be deposited into the State of Iowa general fund. Upon the Board's receipt of the civil penalty, this disciplinary proceeding shall be concluded without further order of the Board.

8. The Board does not mandate any further corrective action.

9. Respondent agrees to obey all federal and state laws, rules, and regulations substantially related to the operation of a wholesale drug business.

10. Should Respondent violate or fail to comply with any of the terms or conditions of this Stipulation and Consent Order, the Board may initiate action to revoke or suspend Respondent's Iowa license to operate a wholesale drug business or to impose other licensee discipline as authorized by Iowa Code chapters 272C and 155A (2011), and 657 Iowa Administrative Code § 36.1.

11. This Stipulation and Consent Order is the resolution of a contested case. By entering into this stipulation, Respondent waives all rights to a contested case

hearing on the allegations contained in the Statement of Charges, and waives any objections to this Stipulation and Consent Order.

12. This Stipulation and Consent Order is a proposed settlement subject to approval by a majority of the full Board. If the Board fails to approve this Stipulation and Consent Order, it shall be of no force or effect to either party. If the Board approves this Stipulation and Consent Order, it shall be the full and final resolution of this matter.

13. The Board's approval of this Stipulation and Consent Order shall constitute a FINAL ORDER of the Board in a disciplinary action.

This Stipulation and Consent Order is voluntarily submitted by UPS Supply Chain Solutions, L.L.C., to the Iowa Board of Pharmacy for its consideration on this 21st day of October 2011.

CONSENT ORDER AND STIPULATION

CONSENT ORDER

WHEREAS, an Administrative Complaint, hereafter Complaint, was issued on September 23, 2011, charging UPS Supply Chain Solutions Inc., hereafter Respondent Wholesaler, with having violated section 17768(2)(d) of the Public Health Code, 1978 PA 368, as amended; MCL 333.1101 et seq; and

WHEREAS, Respondent Wholesaler neither admits nor denies the facts alleged in the Complaint dated September 23, 2011, but agrees that the Disciplinary Subcommittee of the Michigan Board of Pharmacy, hereafter Disciplinary Subcommittee, shall treat the allegations as true, which finding shall have the same force and effect for purposes of this Consent Order as if evidence and arguments were presented in support of the allegations; and

WHEREAS, the Disciplinary Subcommittee reviewed the Stipulation and, based upon the matters asserted therein, agrees that the public interest is best served by resolution of the outstanding Complaint; now, therefore,

IT IS HEREBY FOUND that the facts alleged in the Complaint are true for the purposes of this Consent Order and constitute a violation of section 17768(2)(d) of the Public Health Code, supra.

Accordingly,

IT IS HEREBY ORDERED that for the cited violation of the Public Health Code, Respondent Wholesaler is FINED in the amount of $2,500.00 to be paid to the State of Michigan within 60 days of the effective date of this Order.

IT IS FURTHER ORDERED that the fine shall be mailed to the **Department of Licensing and Regulatory Affairs, Bureau of Health Care Services, Sanction Monitoring, P.O. Box 30189, Lansing, MI 48909**. The fine shall be paid by check or money order, made payable to the State of Michigan, and the check or money order shall clearly display file number **53-10-118763.**

IT IS FURTHER ORDERED that in the event Respondent violates any provision of this Order, the Disciplinary Subcommittee may proceed to take disciplinary action pursuant to 1996 AACS, R338.1632 and section 16221(h) of the Public Health Code, supra.

STIPULATION

1. Respondent Wholesaler neither admits nor denies the facts alleged in the Complaint dated September 23, 2011, but agrees that the Disciplinary Subcommittee shall treat the allegations as true, which finding shall have the same force and effect for purposes of this Consent Order as if evidence and arguments were presented in support thereof.

2. Respondent Wholesaler understands and intends that by signing this Stipulation, Respondent Wholesaler is waiving the right, pursuant to the Public Health Code, the rules promulgated thereunder, and the Administrative Procedures Act of 1969, 1969 PA 306, as amended; MCL 24.201 et seq, to require the Department of Licensing and Regulatory Affairs, hereafter Department, to prove the charges set forth in the Complaint by presentation of evidence and legal authority, and Respondent Wholesaler is waiving the right to appear with an attorney and such witnesses as Respondent Wholesaler may desire to present a defense to said charges.

3. Factors taken into consideration in the formulation of the within Consent Order are as follows:

> Subsequent to the adverse actions, Respondent Wholesaler submitted information about steps implemented by Respondent Wholesaler, in the state of Colorado, to ensure that this type of action will not recur, including establishing strategy groups and tactical teams which ensure regulations are met and all locations are compliant. Respondent Wholesaler indicated that a single manager coordinates the local teams to ensure all information is consistently distributed. No patient safety issues were involved in Respondent Wholesaler's actions.
>
> Respondent Wholesaler was cooperative in resolution of this matter. Respondent Wholesaler has been licensed in the state of Michigan since 2008 and has no other complaints against its license.

4. Patricia A. Smeelink, R.Ph., a member of the Michigan Board of Pharmacy who supports this proposal, and the Department's representative are both free to discuss this matter with the Disciplinary Subcommittee and recommend acceptance of the resolution set forth in the foregoing Consent Order.

5. The foregoing Consent Order is approved as to form and substance by Respondent Wholesaler and the Department and may be entered as the final order of the Disciplinary Subcommittee in said cause.

COMMONWEALTH OF KENTUCKY
KENTUCKY BOARD OF PHARMACY
Case No. 11-0062A

IN RE: PHARMACY PERMIT NO. P07277 HELD BY UPS SUPPLY CHAIN SOLUTIONS, INC.

AGREED ORDER

Come the parties, the Kentucky Board of Pharmacy ("the Board") and UPS Supply Chain Solutions, Inc. ("Respondent"), and both having been fully informed regarding the matter set forth herein, state as follows:

(1) Respondent is a pharmacy in the Commonwealth of Kentucky, having been assigned pharmacy permit no. P07277.

(2) (a) An investigation of Respondent's pharmacy revealed that numerous technicians worked on various dates in 2010, without being timely registered with the Board. The Respondent assured the technicians that it would take care of ensuring they were properly registered. Respondent subsequently properly registered the technicians. Nonetheless, the Respondent was in violation of KRS 315.121(1)(g).

(b) The technicians that worked without being appropriately registered with the Board were: Chelsea Hutchins, Alisha Netherton, Brittany Barger, Lauren Fisher, Karen Millay, Meghan Rae Yates, Michelle Green, Amanda Gracie, Faith Joway, Taylor Parker, Manoj Bhandari, Jonathan Pruitt, Whitney Wilson, Dustin R. Harris, Fabrice Mboya, Lauren Howell, Coco Boards, Benjamin Bickett, Jessica Horlander, Jason Cope, William Robert Bennett Jr, Thomas Hicks, Nimo Muhumed Mohamud, Harold Keith Newcom, Rodrick G Parrish, Johnathan Borho, Antoya Blackburn, Jonathan Graves, and Leilani Roach.

(c) The above facts subject Respondent to discipline pursuant to KRS 315.121(1) (h).

(3) Respondent takes compliance with KRS 315 seriously and as part of its corporate compliance program presented to the Board a detailed corrective action plan intended to ensure on-going compliance with KRS 315.121(1)(g).

(4) This matter is considered a violation pursuant to KRS 315.121(6) and 201 KAR 2:270.

(5) The Board and Respondent have agreed to address this matter informally by

entering into this Agreed Order, in lieu of the Board filing a formal Complaint.

WHEREFORE, IT IS HEREBY AGREED AND ORDERED THAT:

(A) Respondent shall be fined $2900.00 ($100 per technician) payable by September 5, 2012. Respondent's check shall be made payable to the Kentucky State Treasurer and sent to the Kentucky Board of Pharmacy, State Office Bldg., Annex, Ste. 300, 125 Holmes St., Frankfort, Kentucky 40601.

(B) By entering into this Agreed Order, Respondent expressly acknowledges that Respondent was fully and completely informed of Respondent's right to due process, that Respondent fully understands those rights, and that Respondent knowingly, voluntarily, and willingly agrees to waive those rights and to enter into this Agreed Order.

(C) The above information shall be reported to the National Association of Boards of Pharmacy ("NABP"), and is subject to disclosure under the Kentucky Open Records Act.

AGREED BOARD ORDER #L-13-004

RE: IN THE MATTER OF
UPS SUPPLY CHAIN SOLUTIONS, INC.
(CLASS E NONRESIDENT
PHARMACY LICENSE #26160)

BEFORE THE TEXAS STATE
BOARD OF PHARMACY

On this day came on to be considered by the Texas State Board of Pharmacy ("Board") the matter of Class E nonresident pharmacy license number 26160 issued to UPS Supply Chain Solutions, Inc. ("Respondent"), 1860 Outer Loop Road, Louisville, Kentucky 40219.

On September 8, 2012, Respondent self-reported to the Board the entry of two Agreed Orders by the Kentucky Board of Pharmacy, as described below in Counts (1) and (2).

By letter dated February 22, 2013, the Board gave preliminary notice to Respondent of its intent to take disciplinary action. This action was taken as a result of an investigation which produced evidence indicating that Respondent may have violated:

> Section 565.002 (a)(13); and Section 565.002(c) of the Texas Pharmacy Act, TEX. OCC. CODE ANN. Title 3, Subtitle J (2011), as alleged in the Counts below.

The conduct described in the Kentucky Board of Pharmacy's Agreed Orders is substantially similar to conduct described in:

> Section 565.002(a)(3); and Section 568.002(a) of the Texas Pharmacy Act, TEX. OCC. CODE ANN. Title 3, Subtitle J (2011); and
>
> Section 297.3(a)(1) of the Texas Pharmacy Board Rules, 22 TEX. ADMIN. CODE (2012).

COUNTS

(1) On or about September 12, 2012, the Kentucky Board of Pharmacy entered an Agreed Order in case number 11-0061A against the Kentucky pharmacy permit number P07277 held by UPS Supply Chain Solutions, Inc. The Order was based on allegations that from April through November of 2010, the pharmacy allowed an unregistered individual to perform duties of a pharmacy technician without being registered with the Kentucky Board of Pharmacy. The Order imposed an administrative penalty of $125.

(2) On or about September 12, 2012, the Kentucky Board of Pharmacy entered an Agreed Order in case number 11-0062A against the Kentucky pharmacy permit number P07277 held by UPS Supply Chain Solutions, Inc. The Order was based on allegations that, on various dates in 2010, the pharmacy allowed twenty-nine (29) unregistered individuals to

perform duties of a pharmacy technician without being registered with the Kentucky Board of Pharmacy. The Order imposed an administrative penalty of $2900.

An informal conference was held in the office of the Texas State Board of Pharmacy on April 2, 2013. Phillip Vowels, R.Ph., Pharmacist-in-Charge of Respondent; Sue Young, Director, Global Healthcare Compliance, for Respondent; Amy Carney, Regulatory Affairs Manager, for Respondent; Maureen O'Brien, Senior Quality Assurance Manager, for Respondent; Emily Johnson, Legal Counsel for Respondent; Hannah Heck, Legal Counsel for Respondent; and Michelle Williams, Legal Counsel for Respondent, appeared via teleconference. The informal conference was heard by a Board panel comprised of: Jeanne D. Waggener, R.Ph., Board Member; Gay Dodson, R.Ph., Executive Director/Secretary; and Carol Fisher, R.Ph., M.P.A., Director of Enforcement; with Kerstin E. Arnold, General Counsel. Stacy E. Martyak, Staff Attorney, was also in attendance.

By signing this Order, Daniel Silvernale, Vice President, for and on behalf of Respondent, neither admits nor denies the truth of the matters previously set out in this Order, and agrees that the Board has jurisdiction in this matter and waives the right to notice of hearing, formal administrative hearing, and judicial review of this Order.

The parties acknowledge that this Order resolves the allegations set forth herein, and agree to the terms and conditions set forth in the ORDER OF THE BOARD below.

ORDER OF THE BOARD

THEREFORE, PREMISES CONSIDERED, the Board does hereby ORDER that Respondent's license is hereby reprimanded.

And it is so ORDERED.

THIS ORDER IS A PUBLIC RECORD.

Form DEA-223 (9/2016)

BOND NO. 34BSBIL2139

Know All Men By These Presents,

That we, Wellgistics, LLC

of 358 Eagles Landing Dr, Lakeland, FL 33810 as Principal.

and Hartford Fire Insurance Company a corporation organized under the laws of the State of Connecticut having its principal office in the City of Hartford as Surety, are held and firmly bound unto Nevada State Board of Pharmacy

in the sum of Twenty-Five Thousand Dollars ($25,000) lawful money of the United States, for which payment well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

Whereas, the above bounden Principal has been granted a

Pharmaceutical Wholesaler.

Now, Therefore, the Condition of this Obligation is Such, that if the above Principal shall indemnify and save harmless the Nevada State Board of Pharmacy against loss to which the Nevada State Board of Pharmacy may be subject by reason of said Principal's breach of any ordinance, rule or regulation relating to the above described license or permit, then this obligation shall be null and void, otherwise to remain in full force and effect.

This obligation may be canceled by said Surety by giving thirty (30) days notice in writing to:

Nevada State Board of Pharmacy 985 Damonte Ranch Pkwy, Ste 206, Reno, NV 89521

and the said Surety shall be relieved of any further liability under this bond thirty (30) days after receipt of said notice by the said Nevada State Board of Pharmacy.

No cause of action shall lie against the surety unless commenced within two years from the date the cause of action accrues against the principal.

Regardless of the number of years this bond shall continue in force and the number of premiums which shall be payable or paid, the surety's total limit of liability shall not be cumulative from year to year or period to period.

Signed, sealed and dated this 10th day of September, 2020.

Phathom
PHARMACEUTICALS

DESCRIPTION OF OPERATIONS

Phathom Pharmaceuticals, Inc. ("Phathom") is a late clinical-stage biopharmaceutical company focused on developing and commercializing new treatments for GI disorders. Phathom has licensed the exclusive rights in the United States, Europe, and Canada to vonoprazan, a potassium competitive acid blocker (P-CAB) in late clinical-stage development for the treatment of gastric acid-related disorders. Vonoprazan has the potential to be the first gastric anti-secretory agent from a new class approved in the United States, Europe, or Canada in over 30 years. We have completed a Phase 3 clinical trial for the treatment of *H. pylori* infection and completed enrollment of a second Phase 3 clinical trial for the treatment of erosive GERD.

Phathom is a virtual manufacturer located at 100 Campus Drive, Suite 102, Florham Park, NJ 07932.
Phathom is a publicly traded company on the NASDAQ (NASDAQ Symbol: "PHAT")
Phathom's hours of operations are 9:00 a.m. – 5:00 p.m. (Eastern Time), Monday through Friday.

THIRD-PARTY LOGISTICS

Phathom's products are manufactured by contract manufacturers and distributed to customers by their third-party logistics provider ("3PL"), Specialty Pharmaceutical Services, Cardinal Health (SPS).
Phathom utilizes the following SPS location for distribution.

Cardinal Health dba Specialty Pharmaceutical Services
501 Mason Road Ste. 200
La Vergne, TN 37086

CONTRACT MANUFACTURER

Phathom Pharmaceuticals uses the following contract manufacturers to produce product. At no time does any contract manufacturer own Phathom's product, contract with Phathom's customers, invoice or sell Phathom's products.

Sandoz GmbH
Biochemiestrasse 10
Kundl, Tyrol
Austria, A-6250

Catalent Pharma Solutions, LLC
1100 Enterprise Drive
Winchester, KY 40391

Labeler DUNS: 117232216
Labeler Name: Phathom Pharmaceuticals, Inc.
Labeler Code Assigned: 81520

The Food and Drug Administration (FDA) has assigned the above Labeler Code to your firm. **The number cannot be used until you have confirmed the assignment. Please revise and resubmit your Labeler Code Request SPL to include the assigned number above to complete the process. To do this, open the previous Labeler Code Request SPL file and fill in the new information (your assigned Labeler Code) without changing the other existing information. Fill in a new root id and new version number with the original set id and the appropriate effective time.**

For CDER Direct Users: Open the previously submitted and accepted Labeler Code Request, click Create New Version, enter the Labeler Code assigned in the field for "Labeler Code", and Submit SPL.

This Labeler Code should be used to create the NDC (National Drug Code) assigned to all drugs you manufacture or distribute for U.S. commercial distribution. The assignment of NDC is extensively discussed in Title 21 of Code of Federal Regulations (CFR) 207.35. The NDC for each drug must be submitted as part of drug listing information submitted to FDA. Per 21 CFR Part 207, owners or operators of an establishment entering into the manufacture or processing of a drug or drugs shall drug list, every drug in commercial distribution within 5 days after the beginning of operation. Labeler Codes are assigned by FDA and may be inactivated at any time upon violation of the Federal Food, Drug and Cosmetic Act.

Note that receipt of this letter is not to be construed as Federal Government endorsement or approval of the establishment or its products.

For additional information please visit Drug Registration and Listing System or reply back to this email (edrls@fda.hhs.gov).

This annual report on Form 10-K contains forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act. All statements other than statements of historical facts contained in this annual report, including statements regarding our future results of operations and financial position, business strategy, research and development plans and costs, the timing and likelihood of regulatory filings and approvals, commercialization plans, pricing and reimbursement, the potential to develop future product candidates, the timing and likelihood of success of the plans and objectives of management for future operations, and future results of anticipated product development efforts, are forward-looking statements. These statements involve known and unknown risks, uncertainties and other important factors that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. This annual report on Form 10-K also contains estimates and other statistical data made by independent parties and by us relating to market size and growth and other data about our industry. This data involves a number of assumptions and limitations, and you are cautioned not to give undue weight to such estimates. In addition, projections, assumptions and estimates of our future performance and the future performance of the markets in which we operate are necessarily subject to a high degree of uncertainty and risk.

In some cases, you can identify forward-looking statements by terms such as "may," "will," "should," "expect," "plan," "anticipate," "could," "intend," "target," "project," "contemplates," "believes," "estimates," "predicts," "potential" or "continue" or the negative of these terms or other similar expressions. The forward-looking statements in this annual report are only predictions. We have based these forward-looking statements largely on our current expectations and projections about future events and financial trends that we believe may affect our financial condition, operating results, business strategy, and short term and long term business operations and objectives. These forward-looking statements speak only as of the date of this annual report and are subject to a number of risks, uncertainties and assumptions, including those described in Part I, Item 1A, "Risk Factors." The events and circumstances reflected in our forward-looking statements may not be achieved or occur and actual results could differ materially from those projected in the forward-looking statements. Moreover, we operate in an evolving environment. New risk factors and uncertainties may emerge from time to time, and it is not possible for management to predict all risk factors and uncertainties. Except as required by applicable law, we do not plan to publicly update or revise any forward-looking statements contained herein, whether as a result of any new information, future events, changed circumstances or otherwise.

Item 1. Business

Overview

We are a late clinical-stage biopharmaceutical company focused on developing and commercializing novel treatments for gastrointestinal, or GI, diseases. Our initial product candidate, vonoprazan, is an oral small molecule potassium-competitive acid blocker, or P-CAB. P-CABs are a novel class of medicines that block acid secretion in the stomach. Vonoprazan has shown rapid, potent, and durable anti-secretory effects and has demonstrated clinical benefits over the current standard of care as a single agent in the treatment of gastroesophageal reflux disease, or GERD, and in combination with antibiotics for the treatment of *Helicobacter pylori*, or *H. pylori*, infection. Takeda Pharmaceutical Company Limited, or Takeda, developed vonoprazan and has received marketing approval in fourteen countries in Asia and Latin America. Vonoprazan generated approximately $650 million in net sales in its fifth full year on the market since its approval in Japan in late 2014. In May 2019, we in-licensed the U.S., European, and Canadian rights to vonoprazan from Takeda.

We believe we can leverage Takeda's extensive clinical data, including results from 19 Phase 3 clinical trials, to advance vonoprazan through pivotal trials in the United States and Europe. We initiated two pivotal Phase 3 clinical trials in the fourth quarter of 2019 for vonoprazan: one for the treatment of erosive GERD (PHALCON-EE), also known as erosive esophagitis, or EE, and a second for the treatment of *H. pylori* infection (PHALCON-HP). In March 2020, due to global efforts to combat the coronavirus, COVID-19 pandemic, we announced a temporary pause in randomization of new patients in our Pbase 3 trials. In June 2020, we announced that we had recommenced randomization of new patients in both of our Phase 3 trials. Despite the pause, we completed patient enrollment in PHALCON-EE in November 2020 and in PHALCON-HP in January 2021, and we expect to report top-line data from PHALCON-EE in the second half 2021 and from PHALCON-HP in the second quarter of 2021. We believe that the successful completion of our Phase 3 clinical trials, together with the existing clinical data, will support regulatory submissions in 2021 and 2022 for marketing approval for the treatment of *H. pylori* infection and erosive esophagitis, respectively. In August 2019, we received qualified infectious disease product, or QIDP, and Fast Track designations from the U.S. Food and Drug Administration, or FDA, for vonoprazan tablets in combination with amoxicillin tablets and clarithromycin tablets and with amoxicillin tablets alone, for the treatment of *H. pylori* infection. In November 2020, we requested additional QIDP and Fast Track designations to include amoxicillin capsules in addition to amoxicillin tablets. The FDA granted these additional Fast Track designations and advised us that the request for additional QIDP designations for these products remains under review. QIDP designation provides potential eligibility for priority review and extension of any regulatory exclusivity awarded, if approved. Vonoprazan has the potential to be the first gastric anti-secretory agent from a novel class approved in the United States, Europe, or Canada in over 30 years.

GERD and *H. pylori* infection are two of the most common acid-related GI diseases and impact millions of people. The prevalence of GERD is estimated to be 20% of the U.S. population and 15% of the population in the five major countries in Europe (France, Germany, Italy, Spain and the United Kingdom, or the EU5). GERD is a disease that develops when the reflux of acidic stomach contents causes troublesome symptoms and/or complications. Approximately 30% of GERD patients have erosive esophagitis. *H. pylori* is a bacterial pathogen that infects approximately 35% of the U.S. population and 45% of the EU5 population. As a result of the chronic inflammation induced by *H. pylori* infection, approximately 20% of infected patients will develop a range of pathologies, including dyspepsia, peptic ulcer disease, gastric cancer, and mucosa-associated lymphoid tissue (MALT) lymphoma.
