In the Matter of:
Excellerx, Inc.
Registration No. NR0230

NOTICE OF APPARENT LIABILITY

Pursuant to New Hampshire RSA 318:29; RSA 318:30; RSA 318:31; Pharmacy Administrative Rule ("Ph") 204; Ph 309; and Ph 402, the New Hampshire Board of Pharmacy ("Board") has the authority to investigate allegations of professional misconduct and, at any time, to dispose of such allegations by *Notice of Apparent Liability*, without commencing a disciplinary hearing. The Board also has the authority to assess and collect administrative fines against entities such as Excellerx, Inc. ("Excellerx") that are permitted by the Board and whose conduct is found to violate state or federal laws and/or the New Hampshire Pharmacy Board Administrative Rules. *See* RSA 318:29; Ph 309.13; and Ph 309.14.

As authorized to do so, the Board hereby issues a *Notice of Apparent Liability* to Excellerx.

In support of the *Notice of Apparent Liability*, the Board sets forth the following facts:

1. On March 1, 2012, the Board received Excellerx's April 1, 2012 – March 31, 2013 renewal application. In its renewal application, Excellerx reported past discipline.
2. On or about September 13, 2011, Excellerx entered into a Consent Order with the State of Tennessee Board of Pharmacy ("Tennessee Board") to resolve allegations that Excellerx dispensed schedule II controlled substances to patients prior to

obtaining a physician's signature for authorization to dispense and without meeting emergency authorization procedures. Under the terms of the consent order, Excellerx was been placed on probation for five years.

3. Excellerx failed to notify the New Hampshire Board of the disciplinary action by the Tennessee Board within five days. Notification to the New Hampshire Board was not made until March 1, 2012 when the Board received Excellerx's renewal application.

4. Based on the facts set forth above, the Board finds that:

(a) Excellerx was first granted a mail-order pharmacy registration in the State of New Hampshire on April 12, 2002.

(b) Excellerx entered into a Consent Order with the Tennessee Board to resolve allegations that Excellerx dispensed schedule II controlled substances to patients prior to obtaining a physician's signature for authorization to dispense and without meeting emergency authorization procedures. Under the terms of the consent order, Excellerx was been placed on probation for five years.

(c) Under the terms of Ph 905.01(b), Excellerx was obligated to report disciplinary action to the New Hampshire Board within five days.

(d) Excellerx failed to report the Tennessee Board's discipline within five days in that the New Hampshire Board did not receive notification of the discipline until it received Excellerx's renewal application on March 1, 2012.

5. Excellerx neither admits nor denies the facts set forth in paragraphs 4(a)-(d) above, but consents to the Board's authority to make findings against Excellerx as set forth in paragraphs 4(a)-(d) above, and accepts the following sanction imposed by this *Notice of Apparent Liability*:

   (a) Based upon the violations of law set forth in paragraphs above, the Board hereby assesses Excellerx an administrative fine in the amount of $5,000 dollars. The entire amount ($5,000) is to be paid within thirty (30) days of the issuance of this *Notice of Apparent Liability* by mailing or delivering a certified bank check or money order made payable to "Treasurer, State of New Hampshire" to the Board's office at 57 Regional Drive, Concord, NH 03301.

6. Excellerx agrees to pay the administrative fine as specified above within thirty (30) days of the issuance of the *Notice of Apparent Liability* or request that a public administrative hearing be scheduled by the Board. If a hearing is requested, the *Notice of Apparent Liability* shall be withdrawn and a *Notice of Hearing* shall be proposed for issuance by the Board. At such a hearing, the Board's disciplinary options shall not be limited to the assessment of a civil administrative penalty.

7. Except as provided herein, the payment of the assessed administrative fine shall bar the commencement of further action by the Board based upon the conduct described above. However, the Board may consider this conduct in the event that similar conduct is proven against Excellerx in the future.

FINDINGS OF FACT, ULTIMATE FINDINGS OF FACT, CONCLUSIONS OF LAW AND ORDER

The Indiana Board of Pharmacy ("Board") held an administrative hearing on December 9, 2013, in Room W064 of the Indiana State Government Center South, 402 West Washington Street, Indianapolis, Indiana 46204, concerning an Amended Complaint ("Complaint") filed against ExcelleRx PA dba Hospice Pharmacia, license number 64000693A ("Respondent – Sharon Hill"); ExcelleRx, license number 64000385A ("Respondent – Memphis"); and, ExcelleRx, license number 64000985A ("Respondent – Cherry Street") (collectively "Respondents") on October 9, 2013 by the State of Indiana ("Petitioner").

The Petitioner was represented by Darren R. Covington, Deputy Attorney General. Respondents appeared in person and chose to proceed without counsel.

The Board, after considering the evidence presented and taking official notice of its file in this matter, by a vote of 5-0, issues the following Findings of Fact, Ultimate Findings of Fact, Conclusions of Law and Order:

FINDINGS OF FACT

1. Respondent – Sharon Hill's address on file with the Indiana Professional Licensing Agency is 512 Elmwood Avenue, Sharon Hill, Pennsylvania, 19079.

2. Respondent – Sharon Hill is a licensed non-resident pharmacy in the State of Indiana having been issued license number 64000693A on January 25, 2006.

3. Respondent – Memphis' address on file with the Indiana Professional Licensing Agency is 2525 Horizon Lake Drive, Suite 101, Memphis, Tennessee 38133.

7. Respondent – Sharon Hill and Memphis hold licenses in Maine and Tennessee.

8. On or around October 2, 2007 the Respondents' parent company, excelleRx, Inc., entered into a consent decree with the Drug Enforcement Administration (DEA). This consent decree was related to Respondents dispensing approximately 7,000 schedule II controlled substances to hospice patients without meeting the emergency authorization procedure established under 21 CFR § 290.10. Under the consent decree, Respondents neither admitted nor denied liability. Respondents agreed to pay a civil penalty in the amount of $540,000.

11. On or around October 23, 2012, the Respondents – Sharon Hill and Memphis entered into a consent agreement with the Maine Board of Pharmacy, ordering the Respondents to pay $2,000. This discipline was based upon Respondents' consent decree with the DEA and Respondents' failure to report this consent decree on its 2007 renewal.

ULTIMATE FINDINGS OF FACT

1. Respondents – Sharon Hill and Memphis violated Ind. Code § 25-1-9 4(a)(7) in that Respondent has had disciplinary action taken against its Tennessee and Maine license on grounds similar to Ind. ORDER

Based upon the above Findings of Fact, Ultimate Findings of Fact, and Conclusions of Law, the Board issues the following Order:

Attn: Katherine Lee
302 West Washington Street, 5th Floor
Indianapolis, IN 46204

4. Respondents' violation of the Final Order, any non-compliance with the statutes or regulations regarding the practice of pharmacy may result in the State requesting a summary suspension of Respondents' license, an Order to Show Cause as may be issued by the Board, or a new cause of action pursuant to Ind. Code § 25-1-9-4, any or all of which could lead to additional sanctions, up to and including a revocation of Respondent's license.

Thomas Stieritz is authorized to act as agent for and enter into binding agreements on behalf of Respondent pharmacy.

2. Respondent acknowledges that Respondent enters into this Stipulation knowingly and voluntarily.

3. Respondent understands that Respondent has the right to be represented by counsel in this matter and Respondent's signature below signifies that Respondent has either consulted with an attorney or Respondent waives Respondent's right to counsel in this matter.

4. Respondent understands that by signing this document Respondent hereby knowingly and intelligently waives the right to a hearing, the right to call witnesses on Respondent's own behalf, the right to call witnesses, the right to confront adverse witnesses, and any other rights to which Respondent may be entitled in connection with said hearing. Respondent understands that by signing this document Respondent hereby knowingly and intelligently waives the right to all administrative and judicial review as set forth in Utah Code Ann. §§ 63G-4-301 through 63G-4-405, and Utah Administrative Code R151-4-901 through R151-4-907. Respondent and the Division hereby express their intent that this matter be resolved expeditiously through stipulation as contemplated in Utah Code Ann. § 63G-4-102(4).

5. Respondent waives the right to the issuance of a Petition and a Notice of Agency Action in this matter.

6. Respondent understands that this Stipulation and Order, if adopted by the Director of the Division, will be classified as a public document. The Division may release this Stipulation and Order, and will release other information about this disciplinary action against Respondent's license, to other persons and entities.

7. Respondent admits the following facts are true:

   a. Respondent's pharmacy located in Memphis, Tennessee, excellRx-Memphis, was first licensed to operate as a Class D pharmacy and to dispense controlled substances in the State of Utah on July 31, 2003 under Utah license number 5135389-1708.

   b. Respondent represents that Respondent's pharmacy, located in Sharon Hill, Pennsylvania, was licensed to operate as a Class D pharmacy and to dispense controlled substances in the State of Utah on February 9, 2006 under Utah license number 6118456-1708.

   c. Respondent represents that Respondent's pharmacies are licensed to operate in Tennessee, Maine, and New Hampshire.

   d. Respondent represents the following: that on or about October 2, 2007, Respondent entered into a Settlement Agreement with the Drug Enforcement Administration ("DEA").

      (i) In support of the Settlement Agreement, the DEA alleged that Respondent filled prescriptions before or without a physician's signature as required in 21 U.S.C. § 842(a)(1) and that it did not meet the requirements for use of the emergency authorization procedures defined in 21 C.F.R.§ 290.10.

      (ii) Respondent denied the allegations and the Settlement Agreement states that nothing therein shall be construed as an admission of fact, liability or wrongdoing, or evidence of a valid claim.

      (iii) Respondent paid $540,000 to settle the matter.

   e. On or about September 13, 2011, Respondent entered into a Consent Order with the Tennessee Board of Pharmacy ("Tennessee") regarding its Memphis pharmacy.

      (i) In support of the Consent Order, Tennessee alleged that if the allegations contained in Respondent's 2007 DEA Settlement Agreement "had been proven to be true, corresponding violations of federal law would likely have constituted violations" of Tenn. Code Ann. §63-10-305(4).

(ii) The Consent Order states that it is not an admission of liability or evidence of a valid claim.

(iii) The Consent Order placed Respondent's Memphis pharmacy on probation for five (5) years.

f. Respondent represents the following: On or about October 23, 2012, Respondent entered into a Consent Agreement with the Maine Board of Pharmacy ("Maine") regarding its Memphis and Sharon Hill pharmacies.

(i) In support of the Consent Agreement, Maine alleged that Respondent failed to report the 2007 DEA Settlement Agreement on its 2007 license renewal applications for the Memphis and Sharon Hill pharmacies.

(ii) The Consent Agreement issued a warning and imposed a $2,000 civil penalty.

g. Respondent represents the following: On or about January 22, 2013, Respondent entered into a Notice of Apparent Liability with the New Hampshire Board of Pharmacy ("New Hampshire") regarding its Memphis pharmacy.

(i) In support of the Notice of Apparent Liability, New Hampshire found that Respondent reported the 2011 Tennessee Consent Order on its license renewal application but failed to notify New Hampshire within five (5) days as required by Ph 905.01(b).

(ii) The Notice of Apparent Liability states that Respondent neither admits nor denies the facts.

(iii) The Notice of Apparent Liability imposed a $5,000 administrative fine.

8. Respondent neither admits nor denies that the facts described above constitute unprofessional conduct, but consents that the Division's authority to impose disciplinary action against Respondent's license pursuant to Utah Code Ann. § 58-1-501(2)(d); and that said conduct justifies disciplinary action against Respondent's license pursuant to Utah Code Ann. § 58-1-

401(2)(a). Respondent agrees that an Order, which constitutes disciplinary action against Respondent's licenses by the Division pursuant to Utah Administrative Code R156-1-102(6) and Utah Code Ann. § 58-1-401(2), shall be entered in this matter as follows:

(a) Respondent shall pay a fine to the Division in the amount of $5,000.00 (five-thousand dollars), pursuant to Utah Code Ann. § 58-17b-401(6), § 58-17b-504(5), and Utah Administrative Code R156-17b-402. The fine shall be immediately stayed. If Respondent violates any term or condition of this Stipulation and Order, then the Division may take action to lift the stay of the fine.

9. Upon approval by the Director of the Division this Stipulation and Order shall be the final compromise and settlement of this non-criminal administrative matter. Respondent acknowledges that the Director is not required to accept the terms of this Stipulation and Order and that if the Director does not do so, this Stipulation and the representations contained therein shall be null and void, except that the Division and the Respondent waive any claim of bias or prejudgment they might otherwise have with regard to the Director by virtue of her having reviewed this Stipulation, and this waiver shall survive such nullification.

10. Respondent shall abide by and comply with all applicable federal and state laws, regulations, rules and orders related to the Respondent's licensed practice. If the Division files a Petition alleging that Respondent has engaged in new misconduct or files an Order to Show Cause Petition alleging that Respondent has violated any of the terms and conditions contained in this Stipulation and Order, the period of Respondent's probation shall be tolled during the period that the Petition or Order to Show Cause Petition has been filed and is unresolved.

11. This document constitutes the entire agreement between the parties and supersedes and cancels any and all prior negotiations, representations, understandings or agreements between the parties regarding the subject of this Stipulation and Order. There are no verbal

agreements that modify, interpret, construe or affect this Stipulation. Respondent agrees not to take any action or make any public statement, that creates, or tends to create, the impression that any of the matters set forth in this Stipulation and Order are without factual basis. A public statement includes statements to one or more Board members during a meeting of the Board. Any such action or statement shall be considered a violation of this Stipulation and Order.

12. The accompanying Order becomes effective immediately upon the approval of this Stipulation and signing of the Order by the Division Director. Respondent shall comply with all the terms and conditions of this Stipulation immediately following the Division Director's signing of the Order page of this Stipulation and Order. Respondent shall comply with and timely complete all the terms and conditions of probation. If a time period for completion of a term or condition is not specifically set forth in the Stipulation and Order, Respondent agrees that the time period for completion of that term or condition shall be set by the Board. Failure to comply with and timely complete a term or condition shall constitute a violation of the Stipulation and Order and may subject Respondent to revocation or other sanctions.

13. If Respondent violates any term or condition of this Stipulation and Order, the Division may take action against Respondent, including imposing appropriate sanction, in the manner provided by law. Such sanction may include revocation or suspension of Respondent's license, or other appropriate sanction.

14. Respondent understands that the disciplinary action taken by the Division in this Stipulation and Order may adversely affect any license that Respondent may possess in another state or any application for licensure Respondent may submit in another state.

15. Respondent has read each and every paragraph contained in this Stipulation and

Order. Respondent understands each and every paragraph contained in this Stipulation and Order. Respondent has no questions about any paragraph or provision contained in this Stipulation and Order.

Re: LETTER OF PUBLIC REPROVAL
In the Matter of the Accusation Against:
ExcelleRx Inc., Non-Resident Pharmacy Permit Nos. NRP 714 and NRP 715

Dear ExcelleRx, Inc.:

On May 3, 2014, the Board of Pharmacy, Department of Consumer Affairs, State of California, filed an Accusation against your Non-Resident Pharmacy Permits. The Accusation alleged that you engaged in unprofessional conduct under Business and Professions Code section 4301(n) based upon out of state discipline.

Taking into consideration that no admissions were made in the underlying action, you change procedures for filing prescriptions, you notified the Board of the discipline by the states of Tennessee, Maine, and Indiana, and that there are other mitigating circumstances in this case that support the determination that you are safe to practice as a non-resident pharmacy, the Board has decided that the charges warrant a public reproval.

Accordingly, in resolution of this matter under the authority provided under Business and Professions Code section 495, the Board of Pharmacy, Department of Consumer Affairs issues this letter of public reproval.

Sincerely,

Virginia Herold

JOINT AGREED DISCIPLINARY ORDER

Based upon the foregoing, the parties mutually agree and stipulate that the following shall constitute the disciplinary order entered by the Board in this matter under the authority of Section 621.045.3, RSMo:

1. Respondent's drug distributor permit numbered 2003015952 shall be placed on **PROBATION** until September 13, 2016. The period of probation shall constitute the disciplinary period. The terms of discipline shall be as follows:

A. Respondent shall pay all required fees for licensing to the Board and shall renew its drug distributor license prior to October 31 of each licensing year.

B. Respondent shall comply with all provisions of Chapter 338, Chapter 195, and all applicable federal and state drug laws, rules and regulations and with all federal and state criminal laws. "State" here includes the State of Missouri and all other states and territories of the United States.

C. If, after disciplinary sanctions have been imposed, the Respondent fails to keep its drug distributor license current, the period of unlicensed status shall not be deemed or taken as any part of the time of discipline so imposed.

D. Respondent shall report to the Board, on a preprinted form supplied by the Board office, once every six (6) months (due by each January 1 and July 1), beginning with whichever date occurs first after this Agreement becomes effective, stating truthfully whether or not it has complied with all terms and conditions of its disciplinary order.

E. Respondent shall make a representative of the drug distributor available for personal interviews to be conducted by a member of the Board or the Board of Pharmacy staff. Said meetings will be at the Board's discretion and may occur periodically during the disciplinary period. Respondent will be notified and given sufficient time to arrange these meetings.

F. Respondent's failure to comply with any condition of discipline set forth herein constitutes a violation of this disciplinary Agreement.

G. The parties to this Agreement understand that the Board of Pharmacy will maintain this Agreement as an open record of the Board as provided in Chapters 324, 338, 610, RSMo.

2. Upon the expiration of said discipline, Respondent's license as a drug distributor in Missouri shall be fully restored if all other requirements of law have been satisfied provided, however, that in the event the Board determines that the Respondent has violated any term or condition of this Settlement Agreement, the Board may, in its discretion, after an evidentiary hearing, vacate and set aside the discipline imposed herein and may suspend, revoke, or otherwise lawfully discipline the Respondent.

3. No order shall be entered by the Board pursuant to the preceding paragraph of this Settlement Agreement without notice and an opportunity for hearing before the Board in accordance with the provisions of Chapter 536, RSMo.

4. If the Board determines that Respondent has violated a term or condition of this Settlement Agreement, which violation would also be actionable in a proceeding before the Administrative Hearing Commission or the circuit court, the Board may elect to pursue any lawful remedies or procedures afforded it and is not bound by this Settlement Agreement in its determination of appropriate legal actions concerning that violation. If any alleged violation of this Settlement Agreement occurred during the disciplinary period, the Board may choose to conduct a hearing before it either during the disciplinary period, or as soon thereafter as a hearing can be held to determine whether a violation occurred and, if so, it may impose further discipline. The Board retains jurisdiction to hold a hearing to determine if a violation of this Settlement Agreement has occurred.

5. The terms of this Settlement Agreement are contractual, legally enforceable, binding, and not merely recitals. Except as otherwise contained herein, neither this Settlement Agreement nor any of its provisions may be changed, waived, discharged, or terminated, except by an instrument in writing signed by the party against whom the enforcement of the change, waiver, discharge, or termination is sought.

6. Respondent hereby waives and releases the Board, its members and any of its employees, agents, or attorneys, including any former board members, employees, agents, and attorneys, of, or from, any liability, claim, actions, causes of action, fees, costs, and expenses, and compensation, including, but not limited to, any claims for attorney's fees and expenses, including any claims pursuant to Section 536.087, RSMo, or any claim arising under 42 U.S.C. §1983, which may be based upon, arise out of, or relate to any of the matters raised in this litigation, or from the negotiation or execution of this Settlement Agreement. The parties acknowledge that this paragraph is severable from the remaining portions of this Settlement Agreement in that it survives in perpetuity even in the event that any court of law deems this Settlement Agreement or any portion thereof void or unenforceable.

RESPONDENT, AS EVIDENCED BY THE INITIALS ON THE APPROPRIATE LINE,

_____REQUESTS

_____DOES NOT REQUEST

THE ADMINISTRATIVE HEARING COMMISSION TO DETERMINE IF THE FACTS SET FORTH HEREIN ARE GROUNDS FOR DISCIPLINING RESPONDENT'S PERMIT AS A DRUG DISTRIBUTOR.

If Respondent has requested review, Respondent and Board jointly request that the Administrative Hearing Commission determine whether the facts set forth herein are grounds for disciplining Respondent's permit and issue findings of fact and conclusions of law stating that the facts agreed to by the parties are grounds for disciplining Respondent's permit. Effective fifteen (15) days from the date the Administrative Hearing Commission determines that the Settlement Agreement sets forth cause for disciplining Respondent's permit, the agreed upon discipline set forth herein shall go into effect.

IN RE:	)	
	)	
ENCLARA PHARMACIA, INC	)	CONSENT AGREEMENT
	)	
Complaint No. 2016-PHA-12180	)	

PARTIES

This document is a Consent Agreement regarding Enclara Pharmacia, Inc.'s pending application for licensure as a Mail Order Pharmacy (License No. MO40001953). The parties to this Consent Agreement are: Enclara Pharmacia, Inc. ("Enclara"), the Maine Board of Pharmacy ("the Board"), and the Office of the Maine Attorney General ("the Attorney General"). This Consent Agreement is entered into pursuant to 10 M.R.S. § 8003(5-A).

STATEMENT OF FACTS

1. Enclara operates multiple mail order pharmacies in various locations, which hold the following Maine licensees:

a. Maine License Number: MO 40001714 (former license number MO 4000705) physically located at 512 Elmwood Avenue, Sharon Hill, Pennsylvania.

b. Maine License Number: MO 40001715 physically located at 2525 Horizon Lake Drive, Suite 101, Memphis, Tennessee.

2. Enclara also operates a call center located at 1601 Cherry Street, Suite 1800, in Philadelphia, Pennsylvania, (pending Maine License Number MO 40001953) which provides services to its customers related to the prescription orders filled and dispensed by its various mail order pharmacies.

3. On August 21, 2014, Eagle Rx, Inc. acquired 100% of the stock of Enclara from Omnicare, Inc. Prior to the acquisition Omnicare had not licensed the call center as a pharmacy in Maine.

4. Following a post-acquisition compliance review, Enclara determined that its Philadelphia call center should be licensed as a mail order pharmacy in Maine.

5. On October 14, 2015, the Board received an application from Enclara to license its Philadelphia call center.

6. Enclara then continued to operate the call center without it being licensed.

7. During the period from August 21, 2014, to April 1, 2016, this call center provided support functions including, but not limited to, drug utilization review, claims submission, claims resolution and adjudication, data entry, refill authorizations, interventions, and other phone calls pertaining to a total of 18,278 prescription orders for drugs shipped to consumers located in the State of Maine.

8. At its meeting on April 7, 2016, the Board reviewed this matter and voted to preliminarily deny Enclara's application for licensure as a mail order pharmacy. In lieu of the denial, the Board also voted to offer Enclara this Consent Agreement.

9. Absent requesting, in writing, a hearing to appeal the preliminary denial within thirty (30) days of receipt of the Notice of Preliminary Denial, or acceptance of this Consent Agreement by signing and dating it and returning it to Kelly McLaughlin, Comprehensive Health Planner I, Maine Board of Pharmacy, 35 State House Station, Augusta, ME 04333, by **June 26, 2016**, the preliminary denial of Enclara's application for licensure as a Mail Order Pharmacy will become final.

COVENANTS

In order to resolve this matter fully without further legal proceedings, it is agreed to among the parties as follows:

10. Enclara admits to the facts as stated above and admits that such conduct constitutes grounds for denial of or refusal to renew licensure and for the imposition of discipline as practicing pharmacy without a license in violation of 32 M.R.S. § 13731(1).

11. As discipline for the violations admitted to above, Enclara agrees to accept the following DISCIPLINARY ACTION:

    a) A REPRIMAND; and

b) The imposition of a CIVIL PENALTY in the amount of: fifteen hundred dollars ($1,500.00). Payment of this civil penalty shall be made by certified check or money order payable to the "Treasurer, State of Maine" and delivered to Kelly McLaughlin, Comprehensive Health Planner I, Maine Department of Professional and Financial Regulation, 35 State House Station, Augusta, Maine 04333, at the time of acceptance of this Consent Agreement. Upon the Board's receipt of this Consent Agreement signed by Enclara, the Board will issue Enclara the subject mail order pharmacy license.

12. Violation of any of the terms or conditions of this Consent Agreement by Enclara shall constitute grounds for discipline, including but not limited to modification, suspension, or revocation of licensure or the denial of licensure or re-licensure.

13. This Consent Agreement is not appealable and is effective until modified or terminated by the parties hereto.

14. The Board and the Attorney General may communicate and cooperate regarding any matter related to this Consent Agreement.

15. This Consent Agreement is a public record within the meaning of 1 M.R.S. § 402 and will be available for inspection and copying by the public pursuant to 1 M.R.S. § 408-A.

16. Nothing in this Consent Agreement shall be construed to affect any right or interest of any person not a party hereto.

Enclara acknowledges by its duly authorized representative's signature hereto that it has had an opportunity to consult with an attorney before executing this Consent Agreement, that it executes this Consent Agreement voluntarily, and that it agrees to abide by all terms and conditions set forth herein.

The Commonwealth of Pennsylvania, Department of State, Bureau of Professional and Occupational Affairs ("Commonwealth") and **Enclara Pharmacia, Inc.** ("Respondent") stipulate as follows in settlement of the above-captioned case.

APPLICABLE LAW

1. This matter is before the State Board of Pharmacy ("Board") pursuant to the Pharmacy Act, Act of September 27, 1961, P.L. 1700, ("Act"), *as amended,* 63 P.S. §§ 390-1 to 390-13; and/or the Act of July 2, 1993, P.L. 345, No. 48 ("ACT 48"), *as amended,* 63 P.S. §§ 2201-2207.

LICENSURE STATUS

2. At all relevant and material times, Respondent held the following permit to practice as a pharmacy in the Commonwealth of Pennsylvania: permit no. PP481458, which was originally issued on June 15, 2005, and which is currently set to expire on August 31, 2017.

STIPULATED FACTS

3. The Respondent admits that the following allegations are true:

a. Absent additional Board action, Respondent's permit may be continually reactivated, renewed, or reinstated upon the filing of the appropriate documentation and payment of the necessary fees.

b. Respondent's last known office address, as on file with the Board is: 1601 Cherry Street Suite 1800, Philadelphia, PA 19102.

c. At all relevant and material times, Respondent was authorized to practice as a Mail Order Pharmacy in the State of Maine, license number MO40001953.

d. On or about June 23, 2016, the Maine State Board of Pharmacy ("Maine Board") approved a Consent Agreement In Re: Enclara Pharmacia, Inc. at Complaint No. 2016-PHA-12180.

e. A true and correct copy of the Maine Board's Consent Agreement is attached as **Exhibit 1** and is incorporated by reference.

f. Pursuant to the Maine Board's Consent Agreement, Respondent was issued a reprimand and assessed a civil penalty in the amount of $1,500.00.

ALLEGED VIOLATIONS

4. The Commonwealth alleges that the Board is authorized to suspend or revoke, or otherwise restrict Respondent's license under Sections 5(a) & (8) of the Act, 63 P.S. §§ 390-5(a) & 390-8; or impose a civil penalty under Sections 5(a) & (8) of the Act, 63 P.S. §§ 390-5(a) & 390-8, and/or Section 5(b)(4) of ACT 48, 63 P.S. §2205(b)(4) and/or impose the costs of investigation under Section 5(b)(5) of ACT 48, 63 P.S. § 2205(b)(5), because Respondent violated Section 5(b)(7) of the Act, 63 P.S. §390-5(b)(7), in that Respondent's nonresident pharmacy license issued by the proper licensing authority of another state was disciplined.

PROPOSED ORDER

5. The parties, intending to be legally bound, consent to the issuance of the following Order in settlement of this matter:

a. The Board finds that it is authorized to suspend or revoke, or otherwise restrict Respondent's license under Sections 5(a) & (8) of the Act, 63 P.S. §§ 390-5(a) & 390-8; or impose a civil penalty under Sections 5(a) & (8) of the Act, 63 P.S. §§ 390-5(a) & 390-8, and/or Section 5(b)(4) of ACT 48, 63 P.S. §2205(b)(4) and/or impose the costs of investigation under Section 5(b)(5) of ACT 48, 63 P.S. § 2205(b)(5), because Respondent violated Section 5(b)(7) of the Act, 63 P.S. §390-5(b)(7), in that Respondent's nonresident pharmacy license issued by the proper licensing authority of another state was disciplined.

b. Respondent understands that the Board is empowered to impose discipline upon licensees disciplined by another state licensing authority, and is not limited by the terms and conditions of the reciprocal discipline in imposing its own level of disciplinary sanction. However, the Bureau of Professional and Occupational Affairs had historically proposed, and the Board has historically accepted, voluntary Consent Agreements which impose the same level of discipline as that imposed in the reciprocal state.

REPRIMAND

c. A **REPRIMAND** shall be placed on Respondent's record with the Board.

CIVIL PENALTY

d. A **CIVIL PENALTY** of one thousand five hundred dollars ($1,500.00) is levied upon Respondent. Respondent shall tender the full sum of

one thousand five hundred dollars ($1,500.00) with this executed Consent Agreement and shall be paid by certified check, cashier's check, attorney's check, or money order issued by a usual, customary, and reputable issuer (e.g. U.S. Postal Money Order, Western Union Money Order, etc.). Payment shall be made payable to the "Commonwealth of Pennsylvania," and shall be valid for a period of at least one hundred eighty (180) days. Respondent agrees that payment shall only be made by one of the methods indicated above and shall not be made by uncertified personal or corporate check.

e. This Order constitutes disciplinary action by the Board and shall be reported to other licensing authorities and any applicable national licensing databank as a disciplinary action by the Board.

f. This case shall be deemed settled and discontinued upon the Board issuing an Order adopting this Consent Agreement.

ADMISSIBILITY OF CONSENT AGREEMENT IN FUTURE PROCEEDINGS

6. Respondent agrees that if Respondent is charged with a violation of an Act enforced by this Board in the future, this Consent Agreement and Order shall be admitted into evidence without objection in that proceeding.

ACKNOWLEDGMENT OF NOTICE AND WAIVER OF HEARING

7. Respondent acknowledges receipt of an Order to Show Cause in this matter. Respondent knowingly and voluntarily waives the right to an administrative hearing in this matter, and knowingly and voluntarily waives the following rights related to that hearing: to be represented by counsel at the hearing; to present witnesses and testimony in defense or in mitigation of any sanction that may be imposed for a violation; to cross-examine witnesses and

to challenge evidence presented by the Commonwealth; to present legal arguments by means of a brief; and to take an appeal from any final adverse decision.

ACKNOWLEDGMENT OF RIGHT TO ATTORNEY

8. Respondent acknowledges that it has the right to consult with, and/or be represented by private legal counsel of Respondent's choosing and at Respondent's expense when reviewing, considering and accepting the terms of this Consent Agreement. Respondent had an opportunity to consult with Attorney John R. Loxterman, regarding this Consent Agreement.

WAIVER OF CLAIM OF COMMINGLING AND OTHER CONSTITUTIONAL CLAIMS

9. Respondent expressly waives any constitutional rights and issues, such as commingling of prosecutorial and adjudicative functions by the Board or its counsel, which may arise or have arisen during the negotiation, preparation and/or presentation of this Consent Agreement. Respondent specifically agrees that if the Board rejects this agreement, it may assume that the facts and averments as alleged in this Consent Agreement are true and correct for the limited purpose of recommending a sanction, based on those assumed facts, that would be acceptable to the Board before hearing the case. In the event that the Board does assume the facts and averments as alleged in this Consent Agreement are true for purposes of making a recommendation as to an acceptable sanction, such action shall not constitute commingling of prosecutorial and adjudicative functions by the Board or its counsel, and the Respondent expressly waives any constitutional rights and issues related to alleged commingling, bias, or violation of due process rights to have an unbiased and impartial adjudicator in any subsequent hearing. If a hearing is subsequently held, neither this Consent Agreement nor the proposed terms of settlement may be admitted into evidence and any facts, averments, and allegations contained in the Consent Agreement must be proven at hearing unless otherwise separately

stipulated. This paragraph is binding on the participants even if the Board does not approve this Consent Agreement.

NO MODIFICATION OF ORDER

10. Respondent agrees, as a condition of entering into this Consent Agreement, not to seek modification at a later date of the Stipulated Order adopting and implementing this Consent Agreement without first obtaining the express written concurrence of the Prosecution Division.

AGREEMENT NOT BINDING ON OTHER PARTIES

11. The Office of General Counsel has approved this Consent Agreement as to form and legality; however, this Consent Agreement shall have no legal effect unless and until the Board issues an Order approving and adopting this Consent Agreement.

EFFECT OF BOARD'S REJECTION OF CONSENT AGREEMENT

12. Should the Board not approve this Consent Agreement, presentation to and consideration of this Consent Agreement and other documents and matters by the Board shall not prejudice the Board or any of its members from further participation in the adjudication of this matter. This paragraph is binding on the participants even if the Board does not approve this Consent Agreement.

AGREEMENT DOES NOT PREVENT ADDITIONAL DISCIPLINE BASED ON OTHER COMPLAINTS

13. Nothing in this Order shall preclude the Prosecution Division for the Commonwealth from filing charges or the Board from imposing disciplinary or corrective measures for violations or facts not contained in this Consent Agreement;

ENTIRE AGREEMENT

14. This agreement contains the whole agreement between the participants; provided however, that the captions printed in the various provisions of this agreement are for ease of reading only and are not to be interpreted as forming any part of this agreement. There are no

other terms, obligations, covenants, representations, statements or conditions, or otherwise, of any kind whatsoever concerning this agreement.

VERIFICATION OF FACTS AND STATEMENTS

15. Respondent verifies that the facts and statements set forth in this Consent Agreement are true and correct to the best of Respondent's knowledge, information and belief. Respondent understands that statements in this Consent Agreement are made subject to the criminal penalties of 18 Pa.C.S.A. § 4904 relating to unsworn falsification to authorities.

Texas State Board of Pharmacy
"Red Flags" Checklist for Pharmacies
YOU MIGHT BE A PILL MILL IF...

Check all that apply:

	(1) Your pharmacy fills a discernable pattern of prescriptions for prescribers who write essentially the same prescriptions for numerous persons, indicating a lack of individual drug therapy.
	(2) Your pharmacy operates with limited hours of operation or closes after a certain threshold of controlled substance prescriptions are dispensed, and has overall low prescription dispensing volume.
	(3) Prescriptions presented to the pharmacy are for controlled substances with popularity as street drugs, such as opiates, benzodiazepines, muscle relaxants, psychostimulants, and/or cough syrups, or any combination of these drugs.
	(4) The prescriptions for controlled substances contain nonspecific or no diagnoses.
	(5) The prescriptions are commonly for the highest strength of the drug and/or for large quantities.
	(6) Dangerous drugs or OTC products (such as multi-vitamins or laxatives) are added to the controlled substance prescriptions, maintaining relatively consistent 1:1 ratio of controlled substances to dangerous drugs and/or OTC products dispensed as prescriptions.
	(7) Prescriptions are authorized by the same prescriber with what appears to be different handwriting on the hardcopy prescription drug order forms.
	(8) Upon contact with the prescriber's office, you are unable to engage in comprehensive discussion with the actual prescriber, or he/she is unconcerned about your apprehensions regarding his/her prescribing practices or unwilling to provide additional information, such as treatment goals and/or prognosis with prescribed drug therapy.
	(9) You rely solely on the prescriber's representation, or on the representation of the individual answering the phone at the number on the prescription, that prescriptions are legitimate.
	(10) The prescriber's clinic is not registered as a pain management clinic by the Texas Medical Board, despite routinely receiving prescriptions from the prescriber for opiates, benzodiazepines, and/or muscle relaxants.
	(11) Drugs prescribed are inconsistent with the prescriber's area of practice.
	(12) The prescriber of the drugs is located a significant distance from your pharmacy.
	(13) The prescriber has been subject to disciplinary action by the licensing board, had his/her DEA registration removed, or been subject to criminal action.
	(14) The Texas PMP system indicates that persons are obtaining prescriptions for the same drugs from multiple prescribers or that persons are filling prescriptions for the same drugs at multiple pharmacies.
	(15) The person's address is a significant distance from your pharmacy and/or from the prescriber's office.
	(16) Multiple persons with the same address present prescriptions from the same prescriber.
	(17) Persons pay with cash or credit card more often than through insurance.
	(18) Persons presenting controlled substance prescriptions are doing so in such a manner that varies from seeking routine pharmacy services (e.g., willing to wait in long lines to receive drugs, persons arrive in the same vehicle with prescriptions from same prescriber, one person presents to pick up prescriptions for multiple others, persons refer to drugs by "street names" and/or comment on drug's color, persons seek early refills, persons travel from outside reasonable trade area of pharmacy).
	(19) Your pharmacy charges and persons are willing to pay more for controlled substances than they would at nearby pharmacies.
	(20) Your pharmacy routinely orders controlled substances from more than one drug supplier, or your pharmacy has been discontinued by a drug supplier related to controlled substance orders.
	(21) Sporadic and non-consistent dispensing volume (including zero dispensing) varies from day to day and week to week, and your pharmacy does not maintain operational hours each week on Monday through Friday.
	(22) Your pharmacy employs or contracts security personnel during operational hours to prevent problems.
	(23) Your pharmacy has been previously warned or disciplined by the Texas State Board of Pharmacy for inappropriate dispensing of controlled substances (i.e., corresponding responsibility).

If you checked any of the above items, you should review the laws and rules regarding corresponding responsibility and non-therapeutic dispensing, especially Board rule §291.29, in the law book or on our website: www.pharmacy.texas.gov (click on *Texas Pharmacy Rules and Laws*). Additional educational material is available at: http://www.pharmacy.texas.gov/Nontherapeutic.asp. Failure of pharmacies and pharmacists to detect patterns of inappropriate dispensing of prescription drugs is unprofessional practice and constitutes grounds for disciplinary action.

Re: RICO Case No. PHA 2017-36-L

Gentlepersons:

The Regulated Industries Complaints Office (RICO) received a request for investigation from the Hawaii Board of Pharmacy ("Board") after Revival Animal Health (Revival) reported disciplinary action taken by the State of Maine. Like most state boards of pharmacy, the Board can impose reciprocal discipline based on orders from other states. Hawaii Revised Statutes § 436B-19(13) addresses disciplinary actions by other state and federal agencies.

This case has been identified for possible early resolution by our office and we ask that you carefully consider the following:

1. RICO could file a formal Petition for Disciplinary Action against Revival's Hawaii permit based on the disciplinary action taken by Maine, however, in order to conserve on the time and expense of litigation, RICO is proposing early resolution of this case based on the terms of the enclosed Settlement Agreement.

2. The Settlement Agreement should be read very carefully because this letter provides only a brief summary of its terms.

3. Any Settlement Agreement entered into must be approved by the Board.

4. Briefly, if the Settlement Agreement is executed and the Board approves it, Revival would be waiving its right to an administrative hearing and agreeing to pay administrative costs in the amount of $250.00.

5. If Revival wishes to resolve this matter on the terms set forth in the agreement, please execute the Settlement Agreement **before a notary** and return the entire document to the Regulated Industries Complaints Office, Attn.: John T. Hassler, Esq., 235 S. Beretania Street, 9th Floor, Honolulu, Hawaii 96813. RICO will then submit the Settlement Agreement to the Board for its consideration.

6. Please note any payment due must be paid by **cashier's check or money order** at the time the Settlement Agreement is submitted to RICO.

7. If Revival chooses to have an attorney represent it in this matter, please provide us with his or her name, address and telephone number so that we can revise the Settlement Agreement accordingly.

This settlement offer will expire by the close of business on ***June 30, 2017***. If we do not receive a response, we will assume that Revival does not wish to settle this matter and will proceed accordingly, and all of RICO's rights and remedies in the matter are expressly reserved.

We look forward to hearing from you.

Very truly yours,

4. Respondent provided a copy of a Consent Agreement issued to Respondent by the Maine Board of Pharmacy in Complaint No. 2015-PHA-11547 (hereinafter "the Maine Agreement") (Exhibit "1"). 5. RICO alleges Respondent was disciplined by the State of Maine.

6. The foregoing allegations, if proven at an administrative hearing before the Board, would constitute violations of the following statute(s) and/or rule(s): Hawaii Revised Statutes ("HRS") § 436B-19(13) (disciplinary action by another state or federal agency).

7. The Board has jurisdiction over the subject matter herein and over the parties hereto.

2. Respondent enters into this Settlement Agreement freely, knowingly, voluntarily, and under no coercion or duress.

3. Respondent is aware of the right to have a hearing to adjudicate the issues in the case. Pursuant to HRS § 91-9(d), Respondent freely, knowingly, and voluntarily waives the right to a hearing, and agrees to dispose of this case in accordance with the terms and conditions of this Settlement Agreement.

4. Respondent, being at all times relevant herein permitted as a miscellaneous permit holder by the Board, acknowledges that Respondent is subject to penalties including but not limited to, revocation, suspension or limitation of the permit and administrative fines, if the foregoing allegations are proven at hearing.

5. Respondent further understands that RICO enters into this Settlement Agreement, and agrees to the specific terms contained in this Settlement Agreement, based upon Respondent's representations made herein.

6. Respondent represents Exhibit "1" is a true and correct copy of the Consent Agreement issued to Respondent by the Maine Board of Pharmacy in Complaint No. 2015-PHA-11547.

7. Respondent understands that any false or untrue statement or any material misrepresentation or omission of fact by Respondent in this settlement agreement may be grounds for further disciplinary action under HRS chapters 436B and 461.

8. Respondent does not admit to violating any law or rule, but acknowledges that RICO has sufficient cause to file a Petition for Disciplinary Action against Respondent's permit.

Katie Sulivan katie.sullivan@kirkland.com

9. Respondent enters into this Settlement Agreement as a compromise of the claims and to conserve on the expenses of proceeding with an administrative hearing on this matter.

10. Respondent agrees that this Settlement Agreement is intended to resolve the issues raised in RICO's investigation in RICO Case No. PHA 2017-36-L.

11. Respondent understands that this Settlement Agreement may be subject to reporting requirements.

12. Respondent understands this Settlement Agreement is public record pursuant to Hawaii Revised Statutes chapter 92F.

C. TERMS OF SETTLEMENT:

1. Administrative costs. Respondent agrees to pay costs in the amount of TWO HUNDRED FIFTY AND NO/100 DOLLARS ($250.00). Payment shall be made by **cashier's check or money order made payable to "DCCA - Compliance Resolution Fund"** and mailed to the Regulated Industries Complaints Office, Attn.: John T. Hassler, Esq., 235 S. Beretania Street, 9th Floor, Honolulu, Hawaii 96813. Payment shall be due at the time this Settlement Agreement is returned to RICO.

Katie Sulivan katie.sullivan@kirkland.com

2. Failure to Comply with Settlement Agreement. If Respondent fails to fully and timely comply with the terms of this Settlement Agreement as set forth in paragraph C.1. above, Respondent's permit shall be automatically revoked upon RICO's filing of an affidavit with the Board attesting to such failure. In case of such revocation, Respondent shall turn in all indicia of licensure to the Executive Officer of the Board within ten (10) days after receipt of notice of the revocation. In case of such revocation, Respondent understands Respondent cannot apply for a new permit until the expiration of at least five (5) years after the effective date of the revocation. Respondent understands that if Respondent desires to become permitted again, Respondent must apply to the Board for a new permit pursuant to and subject to HRS §§ 92-17, 436B-21, and all other applicable laws and rules in effect at the time.

3. Possible further sanction. The Board, at its discretion, may pursue additional disciplinary action as provided by law to include further fines and other sanctions as the Board may deem appropriate if Respondent violates any provision of the statutes or rules governing the conduct of pharmacies in the State of Hawaii, or if Respondent fails to abide by the terms of this Settlement Agreement.

4. Approval of the Board. Respondent agrees that, except for the representations, agreements and covenants contained in Paragraphs C.5., C.6., C.7., and C.8. below, this Settlement Agreement shall not be binding on any of the parties unless and until it is approved by the Board.

5. No Objection if Board Fails to Approve. If the Board does not approve this Settlement Agreement, does not issue an order pursuant thereto, or does not approve a lesser remedy, but instead an administrative hearing is conducted against Respondent in the Board's

usual and customary fashion pursuant to the Administrative Procedure Act, Respondent agrees that neither Respondent, nor any attorney that Respondent may retain, will raise as an objection in any administrative proceeding or in any judicial action, to the Board's proceeding against Respondent on the basis that the Board has become disqualified to consider the case because of its review and consideration of this Settlement Agreement.

6. Any Ambiguities Shall be Construed to Protect the Consuming Public. It is agreed that any ambiguity in this Settlement Agreement is to be read in the manner that most completely protects the interests of the consuming public.

7. No Reliance on Representations by RICO. Other than the matters specifically stated in this Settlement Agreement, neither RICO nor anyone acting on its behalf has made any representation of fact, opinion, or promise to Respondent to induce entry into this Settlement Agreement, and Respondent is not relying upon any statement, representation or opinion, or promise made by RICO or any of its agents, employees, representatives, or attorneys concerning the nature, extent or duration of exposure to legal liability arising from the subject matter of this Settlement Agreement or concerning any other matter.

8. Complete Agreement. This Settlement Agreement is a complete settlement of the rights, responsibilities and liabilities of the parties hereto with respect to the subject matter hereof; contains the entire agreement of the parties; and may only be modified, changed or amended by written instrument duly executed by all parties hereto.

IN WITNESS WHEREOF, the parties have signed this Settlement Agreement on the date(s) set forth below.

RE: REVIVAL ANIMAL HEALTH; Case No. 2016-08609

Dear REVIVAL ANIMAL HEALTH,

In order to resolve the case opened as a result of your sister state disciplinary action in Maine, the Illinois Department of Financial and Professional Regulation ("Department") has recommended the enclosed Non-Disciplinary Consent Order. Please carefully review the document.

If you choose to agree to the terms of the Order, please return the entire document with your original signature(s). The Order will then be presented to a member of the Illinois State Board of Pharmacy, to my supervisors, and ultimately to the Director of the Division of Professional Regulation for his final approval.

This Order represents a proposal. It is at the discretion of the Director of the Division of Professional Regulation whether or not to accept this proposal as a settlement agreement. Should the Director accept the proposal, upon her signature, you will receive a copy by mail. If she chooses to reject the proposed Order you will be notified.

Please note that if you choose to agree to the terms of the attached Order, you must return it to me within thirty (30) days from the date of this letter or else the attached Order is deemed withdrawn. Further, the terms of the Order will not be representative of the Department's position and will not constitute admissions at Formal Hearing.

Please do not hesitate to call if you have any questions.

Sincerely,

NON-DISCIPLINARY CONSENT ORDER

The Illinois Department of Financial and Professional Regulation, Division of Professional Regulation (hereinafter the "Department") by Frank Lamas, Chief of Health Related Prosecutions, and REVIVAL ANIMAL HEALTH, Respondent, agree to the following:

Katie Sulivan
katie.sullivan@kirkland.com

STIPULATIONS

REVIVAL ANIMAL HEALTH, is a licensed pharmacy in the State of Illinois, holding License No. 054-017554. Said license is presently in ACTIVE status. At all times material to the matters set forth in this Non-Disciplinary Consent Order, the Illinois Department of Financial and Professional Regulation of the State of Illinois had jurisdiction over the subject matter and parties to this Non-Disciplinary Consent Order.

On or about September 1, 2016, Respondent's Maine mail order pharmacy license, License No. MO40001132, was disciplined by the State of Maine Board of Pharmacy for failing to file a change of pharmacist-in-charge application with the Board no later than seven (7) days after the change. On or about June 15, 2015, Respondent had a change in pharmacist-in-charge. However, Respondent did not file a change of pharmacist-in-charge application until July 17, 2015, thirty-two (32) days after the change. The State of Maine Board of Pharmacy and Respondent agreed to the following discipline: a Warning, and a Civil Penalty in the amount of one thousand dollars ($1,000.00). Respondent paid the civil penalty in full.

If these allegations were proven at a hearing to be true, then these allegation(s) may constitute grounds for discipline of Respondent's license as a pharmacy in the State of Illinois, on the authority of 225 ILCS 85/30(a)(8).

Respondent has been advised of the right to have the pending allegation(s) reduced to written charges, the right to a hearing, the right to counsel, the right to contest any charges brought, and the right to administrative review of any Order resulting from a hearing. Respondent knowingly waives each of these rights, as well as any right to administrative review of this Non-Disciplinary Consent Order. Such waiver ceases if this Non-Disciplinary Consent Order is rejected by either Illinois State Board of Pharmacy or the Director of the Division of Professional Regulation of the Illinois Department of Financial and Professional Regulation. Respondent acknowledges that it has entered into this Non-Disciplinary Consent Order freely and of its own will without threat or coercion by the Department or any person. Respondent acknowledges that the Department attorney may be requested to communicate with the Illinois State Board of Pharmacy or the Director of the Division of Professional Regulation of the Illinois Department of Financial and Professional Regulation in furtherance of the approval of this Non-Disciplinary Consent Order.

Katie Sullivan
katie.sullivan@kirkland.com

Respondent and the Department have agreed, in order to resolve this matter, that Respondent be permitted to enter into a Non-Disciplinary Consent Order with the Department, providing for the imposition of non-disciplinary measures which are fair and equitable under the circumstances and which are consistent with the best interests of the people of the State of Illinois.

TERMS AND CONDITIONS

WHEREFORE, the Department, through Frank Lamas, Chief of Health Related Prosecutions, and REVIVAL ANIMAL HEALTH, Respondent, agree on the following Terms and Conditions:

A. REVIVAL ANIMAL HEALTH, holder of Pharmacy License No. 054-017554, shall pay a NON-DISCIPLINARY FEE of one thousand dollars ($1,000.00) within sixty

(60) days of the effective date of this Order. The non-disciplinary fee is to be paid by personal check, cashiers check, or personal money order. Said check shall be made payable to:

Illinois Dept. of Financial and Professional Regulation
SSC- Accounts Receivable Section- Fines
PO BOX 7086
Springfield, Illinois 62791-7086

In the notation portion of the check, this Case No. 2016-08609 and License No. 054-017554 shall be reflected.

B. In the event the non-disciplinary fee of one thousand dollars ($1,000.00) is not paid to the Department, within sixty (60) days of the effective date of this Consent Order, Respondent acknowledges and agrees that its failure to pay the full amount of the non-disciplinary fee will permit the Director of the Division of Professional Regulation to issue an Order forthwith mandating the automatic, indefinite and immediate suspension of Respondent's pharmacy license, License No. 054-017554. This suspension shall not preclude the Department from taking any other disciplinary or other action it deems appropriate. This suspension shall remain in full force and effect until such time as the Department receives the full amount of the non-disciplinary fee of one thousand ($1,000.00) dollars. In the event Respondent contests in writing the factual basis underlying said suspension and does so within thirty (30) days of the imposition of the automatic suspension, Respondent shall be afforded a hearing on the merits.

C. If Respondent fails to pay the aforementioned non-disciplinary fee, or any portion of the non-disciplinary fee, and the Department initiates a collection effort to retrieve the non-disciplinary fee, or any portion of the non-disciplinary fee, Respondent shall be responsible for all costs and fees incurred by the Department in said collection effort.

Katie Sulivan
katie.sullivan@kirkland.com

D. This Order is not a formal discipline that is reportable to a National Practitioner Data Bank; this Order is not published on the Department's website; this Order is not disclosed to the general public; and the Department will not report to any third party that Respondent entered into a Non-Disciplinary Order with the Department.

E. The above named Respondent consents to electronic service in lieu of service by certified mail. Service shall be made upon Respondent's counsel's email address and Respondent's email address.

F. This Non-Disciplinary Consent Order shall become effective immediately upon signing and approval by the Director of the Division of Professional Regulation of the Illinois Department of Financial and Professional Regulation.

Re: MedQuest Pharmacy, Inc., 669 West 900 North, North Salt Lake, UT 84054, Permit #: PH01470

Dear Licensing Authority:

State License Servicing, Inc. represents MedQuest Pharmacy, Inc. in the servicing of their state licenses. This letter shall serve as notice of a direct parent ownership correction for MedQuest Pharmacy, Inc. Applications had previously listed the grandparent / ultimate owner (Jeffery Rex Bray 90% and Jacque Neilson Butler 10%) instead of the direct parent. The actual direct parent is and has been Innovations Group, Inc. (IGI), a holding group, that is ultimately owned 90% by Jeffery Rex Bray and 10% by Jacque Neilson Butler.

Additionally, this flash serves as advance notice of a change of ***Grandparent Ownership***. Effective on or about April 27, 2021, MedQuest Pharmacy Inc.'s new ***Grandparent Ownership*** will be UpHealth Inc. a soon to be publicly owned company, as a result of a merger between UpHealth Holdings Inc., Cloudbreak Health and GigCapital2. Please note that IGI will remain the actual direct parent of MedQuest Pharmacy, Inc.

In spite of the above correction and change, please be advised that the controlling ownership for MedQuest Pharmacy Inc. sits and has always sat with Jeffery Rex Bray and Jacque Neilson Butler, and that has been constant until now. A pre and post organizational chart is attached for your reference.

Please advise if this notification will effectuate this correction of direct parent ownership and change of **Grandparent** ownership or if your state requires any additional forms, filings and associated fees.

If you need any additional information, please feel free to call or email me at the address below.

Kind Regards,

Re: MedQuest Change of Ownership
History of MedQuest Disciplinary Actions

This letter accompanies MedQuest Pharmacy's request for change of ownership and contains a description of all disciplinary actions MedQuest has had. The attached tables list disciplinary actions by various states dating back to 2007. Exhibit 1 is a list of all disciplinary actions with descriptions of the basis for each action. Exhibit 2 is a list of original state actions (first column) and the other states that filed piggyback (reciprocal) actions based on the actions of the original states.

This "Infinity of Mirrors," results from reporting state actions and then being subject to other states' disciplinary actions. In this case, disciplinary actions that arose in 2007 and 2009 continued to reflect and to engender new reciprocal actions through 2019. This situation has been terribly frustrating because no matter how fastidiously MedQuest operates, it can be subject to discipline based on actions from the distant past. We hope the long trail of reciprocal actions is finally at an end.

I. INTRODUCTION AND BACKGROUND

MedQuest has received disciplinary actions from several boards of pharmacy over the last 14 years. But there have been few *substantive* actions and no state has ever claimed patients were put at risk. Rather, most of the actions were reciprocal or, similarly, inadvertently not disclosing actions in a timely manner.

The first substantive action was in 2007 when MedQuest let its license lapse at the end of 2006 because its Louisiana-licensed pharmacist left. MedQuest entered a consent agreement and paid a fine. The next substantive problem occurred in 2009 because MedQuest was not aware that an Oklahoma agency, separate from the Board of Pharmacy required a license for controlled substances (i.e., the Oklahoma BNDD). MedQuest entered a Stipulated and Agreed Order in 2009. In 2012, Colorado admonished MedQuest for not submitting "zeros" to its PDP database for ten days which turned out to be more of a problem with Colorado not being able to receive the data in the format provided rather than MedQuest not sending data. Finally, in 2015, MedQuest notified Maine by email prior to its PIC change. However, Maine fined MedQuest for not notifying the Board in writing and applying for a new license within 7 days of that change. MedQuest is licensed and in good standing in all of these states.

The remaining actions resulted from the "Infinity of Mirrors" because a substantive sanction from many years ago continues to reflect back and different boards raised issues about the original case. These follow-on actions include: (i) a state claiming these events were not timely reported (e.g., Hawaii issued a fine for not reporting within 30 days) or (ii) a state claiming that the Louisiana or Oklahoma action would have been a violation of that state's laws and then issuing a piggyback fine even though there was no separate claim for a violation related to residents of that state (e.g., Alabama in 2016 for settlements in 2007 (Louisiana), 2009 (Oklahoma), and 2012 (Maine for not reporting in 2007)). Despite MedQuest's substantial and

continuing efforts to improve compliance and to foster a compliance mindset, these old disciplinary actions have continued to haunt MedQuest, at least through the beginning of 2019.

II. DISCIPLINARY ACTIONS

A chronological list summarizing all disciplinary actions against MedQuest and a summary of those actions that piggyback prior state board actions are attached as Exhibit 1 and 2 respectively.

A. MEDQUEST ACTIONS TO CREATE A COMPLIANCE CULTURE

Until 2010, MedQuest tried to keep up with all state reporting requirements with in-house personnel and on occasion failed to meet a deadline or to file a required application. After experiencing internal problems administering some state licensing requirements, MedQuest expended substantial effort and resources to be in compliance with state licensing and reporting laws. MedQuest replaced the individual responsible for compliance with several individuals who had extensive experience in creating a compliance team. MedQuest also outsourced the management of licensing and notifications to states when it retained State Licensing Services ("SLS"). Since hiring SLS, MedQuest has been better able to comply with the administrative requirements and deadlines in the states where it is licensed. MedQuest's compliance department works closely with SLS. Internally, MedQuest has instilled a compliance culture, which has resulted in fastidious attention to state and federal laws. But, there are still remnants of old matters that continue to plague MedQuest because those matters generally form the sole basis for state actions such as the most recent action in 2019 by Illinois, which was based solely on prior disciplinary actions by other states dating back to 2007.

Importantly, MedQuest has passed multiple inspections by Utah, which is a Blueprint State for the NABP's Multistate Pharmacy Inspection Blueprint Program. The reason for the most recent inspection on October 23, 2020, was that MedQuest had constructed a new state-of-the-art compounding facility to comply with anticipated changes to USP <800>.

A. DISCIPLINARY ACTIONS SUMMARIES

1. LOUISIANA Consent Order (2007)

Louisiana requires a non-resident pharmacy to employ at least one pharmacist licensed in Louisiana. The MedQuest Louisiana-licensed pharmacist left MedQuest's employment around the time of the Louisiana license renewal period at the end of 2006. This caused a delay in MedQuest processing its renewal application. Because of the internal administrative problems described above, MedQuest's license lapsed for a short period. As a result, MedQuest entered into a Consent Order on August 9, 2007, which included a letter of warning and a fine with administrative fees that totaled $5,250. MedQuest has had a license in good standing in Louisiana continually since the entry of the Consent Order.

2. OKLAHOMA Stipulation and Agreed Order (2009)

In February 2009, MedQuest entered into a Stipulation and Agreed Order with the Oklahoma Bureau of Narcotics and Dangerous Drug Control ("OBNDD") after it shipped about twenty-five prescriptions for testosterone into Oklahoma. The Stipulation and Order specifically recognized that MedQuest's lack of OBNDD registration was unintentional because

it "mistakenly believed it was acting lawfully by having a pharmacy registration." MedQuest agreed to pay a $22,500 administrative penalty to resolve the case.

The Stipulation and Agreed Order was not with the Oklahoma Board of Pharmacy, but with the OBNDD. In Oklahoma, a pharmacy must obtain registration from a separate agency, the OBNDD, not the Board of Pharmacy, to dispense controlled substances. MedQuest's failure to obtain an OBNDD registration was due to the belief that the board of pharmacy would have provided the controlled substance license application if one had been necessary. As noted above, MedQuest replaced the personnel from 2009 with a new compliance team. MedQuest has been continually registered in good standing with the OBNDD since the 2009 Order.

3. *HAWAII Settlement Agreement (June 3, 2010)*

Prior to retaining SLS, the individual who oversaw state licenses for MedQuest believed MedQuest had to report adverse actions at the time of license renewal for each state. Hawaii requires a pharmacy to report any action by another pharmacy board within thirty days of the final action. MedQuest simply did not know about this short time frame and failed to notify Hawaii. Hawaii fined MedQuest $2,500 based on not reporting the Louisiana Board matter within thirty days. MedQuest has been continually registered in good standing with the Hawaii.

4. *COLORADO Letter of Admonition (July 3, 2012)*

The Colorado admonition resulted from a ten-day period (February 1, 2012 through February 10, 2012) when MedQuest had not been able to upload controlled substances data to Colorado's Prescription Drug Monitoring Program ("PDMP"). There were no allegations that MedQuest had not complied with the Colorado PDMP except for this short, ten-day period. MedQuest believed it had submitted data during this time, but apparently the files were submitted in an incompatible format. As a result, the Board of Pharmacy, through the Colorado Department of Regulatory Agencies ("DORA") admonished MedQuest without a fine. Each state's PDMP has different technical and administrative requirements, which sometimes cause a pharmacy to have submission problems in one state and not others. MedQuest continues to be licensed and in good standing in Colorado.

5. *MAINE Consent Agreement (2012 based on 2007 omission of reporting Louisiana Consent Agreement)*

The Consent Agreement between the Maine Board of Pharmacy and MedQuest Pharmacy was based on MedQuest not reporting the 2007 Louisiana Action on its Maine November 14, 2007 renewal application. On December 10, 2010, MedQuest made another application for a Maine pharmacy license. The Maine Board never alleged MedQuest failed to disclose the Louisiana disciplinary proceeding on the 2010 application. In fact, we believe the Maine Board discovered the Louisiana action from MedQuest's disclosure in its 2010 Maine application. Apparently, the Maine Board reviewed the 2007 and 2010 applications at its February 2, 2012 meeting. MedQuest agreed to a reprimand and to pay a $500 fine.

This 2012 fine by the Maine Board of Pharmacy reflected back to MedQuest not reporting the Louisiana Consent Order to Maine five years earlier in 2007. MedQuest has been licensed and in good standing in Maine since the 2012 Consent Agreement.

6. TEXAS Agreed Board Order #L-12-027 (June 18, 2013)

The Texas Board of Pharmacy issued a Reprimand and fined MedQuest $1,000 for: (i) not reporting the Louisiana and Maine actions on its Texas license application in 2009 and (ii) the Maine Board of Pharmacy's action in 2012, which MedQuest had reported. Again, the Texas Board discovered the Louisiana action when MedQuest reported the Maine action, which in turn referenced the Louisiana action. MedQuest continues to be licensed and in good standing with Texas.

7. HAWAII Settlement Agreement (May 21, 2013)

This action relates back to the 2007 Louisiana discipline. When MedQuest timely reported the 2012 Maine action, Hawaii noticed the Maine action was based on the 2007 Louisiana action and fined MedQuest for not reporting the 2007 Louisiana fine. Prior to retaining SLS, the individual who oversaw state licenses for MedQuest believed MedQuest had to report adverse actions at the time of license renewal for each state. Hawaii requires a pharmacy to report any action by another pharmacy board within 30 days of the final action. MedQuest simply did not know about this short time frame and failed to notify Hawaii. Hawaii fined MedQuest $2,500. MedQuest replaced the personnel who did not notify Hawaii with a compliance team and SLS now manages such notifications. MedQuest has continually been licensed in good standing in Hawaii.

8. MICHIGAN (December 11, 2013)

The Michigan Board of Pharmacy issued a $500 fine against MedQuest because MedQuest had been subject to an administrative action in Louisiana, Colorado, and Maine. The basis for the fine was § 17768(2)(d) of the Michigan Public Health Code that allows the Michigan Board of Pharmacy to discipline a pharmacy owner if its "license or federal registration . . . has been subject to any other criminal, civil, or administrative penalty." MedQuest continues to be licensed in good standing in Michigan.

9. MAINE (October 6, 2015)

MedQuest changed its pharmacist-in-charge as of November 7, 2014. Three days prior to the change, November 4, 2014, MedQuest, through its agent State License Servicing, sent a letter to the Maine Board of Pharmacy by email. On November 6 and 7, MedQuest prepared a check and a new pharmacy application for Maine. However, the hard copy of the notification letter, check, and application were not sent to the Maine Board of Pharmacy until November 25, 2014. The Maine Board documented the package with these items as arriving on December 2, 2014. On October 9, 2015, MedQuest and the Maine Board of Pharmacy entered into a Consent Agreement for MedQuest not timely providing an application for a new license within 7 days of the PIC change, which included a warning and a $750 fine. The reason for the Consent Agreement is that Maine law requires pharmacies to notify the Maine Board by mail or fax no later than 7 days after a PIC change. 32 M.R.S. § 13753(l)(C). Maine rules require the pharmacy to file a new application by registered mail no later than 7 days after the PIC change. Board Rule Chapter 11, § 3. The Consent Agreement imposes a warning and fine for violation of the rule requiring a new application. Given that MedQuest notified the Maine Board of the PIC

change prior to thechange date and prepared the application and check the same day as the PIC change, it was clear that MedQuest intended to inform the Maine Board of the PIC change. Unfortunately, the inadvertent mailing delay caused a regulatory violation. MedQuest has taken steps to make sure such a delay will not occur again. MedQuest continues to be licensed in good standing with Maine.

10. ALABAMA (October 6, 2016)

The Alabama Final Order is based solely on the Louisiana Consent Order, the Oklahoma Stipulation and Agreed Order, and the Maine Consent Agreement, which was itself based on the 2007 Louisiana Action. This reflection back to a 2007 action in Louisiana is maddening for a pharmacy that made a mistake, fixed the mistake, and yet continued to be sanctioned nearly a decade later. The Alabama Board of Pharmacy made no separate allegations of unprofessional or unlawful conduct.

11. Illinois (January 25, 2019)

MedQuest and the Illinois Division of Professional Regulation ("DPR") entered into a Consent Order effective January 25, 2019 under which MedQuest's license was reprimanded. The Illinois DPR did not fine MedQuest or otherwise restrict its nonresident pharmacy license and the license remains active. The reprimand is another reciprocal action based on same past actions by other state boards of pharmacy described above. The Consent Order specifically finds that MedQuest had self-reported those disciplinary actions and makes no allegations that any of the reporting to Illinois was untimely. The Consent Order does not allege nor find that MedQuest violated any Illinois laws separate from the behaviors that were the subject of other states' disciplinary actions. Those previous violations occurred as far back as 12 years ago before the Consent Order. MedQuest continues to be licensed in good standing with Illinois.

These documents have been requested and are currently pending issuance. The missing items will be provided as soon as they are available.

If you have any questions, or need additional clarification, please contact Leslie Sparrow at (859) 887-0013 or by email at leslie@tailormadehealth.com. Thank you for your assistance.

Pharmacy provided response to FDA on 11/16/18. 1. As part of the investigation of a batch failing sterility testing, the pharmacy did not evaluate other products produced in the same time-period. Pharmacy replied that all batches are sterility tested. 2. Pharmacy did not have hold time studies for stoppers, vials and seals to be stored once autoclaved prior to being used in sterile operations.- Corrected by Pharmacy. 3. Protective apparel is not worn as necessary to protect drug products from contamination. - Pharmacy replied stating gowning, cleansing of hands with alcohol-based surgical scrub with persistent activity, then donning sterile gloves per USP<797>. 4. Smoke Studies were performed under static conditions and do not incorporate the lyophilization process. - Corrected by Pharmacy. 5. PreEmpt RTU product is not sterile. - Pharmacy replied stating that this is not a requirement of USP <797> or KY SBOP, however they now purchase sterile cleaners. 6. Personnel monitoring is done every six months with fingertip testing only. - Pharmacy replied that they follow <797> requirements and have added additional random validation tests and will take into consideration other touch area testing (forehead, mask, chest). Pressure monitor differentials are logged only once daily and there is no alarm. -Pharmacy replied that they now monitor at start of day and during production, added electronic gauges to monitor during production with audible alarms. 7 Batch labels for Tesamorelin 1 mg Subcutaneous Inj. were incorrectly labeled with a BUD of 1 year, rather than the correct BUD of 180 days. Due to this finding the pharmacy initiated a voluntary recall (class II) of these vials in September, 2018, and initiated a new quality check to be performed on the labels prior to placing product in quarantine. Communication between the pharmacy and FDA regarding the Recall was reported in the FDA Enforcement Report. The pharmacy provided FDA with the Medication Destruction Documentation. 8. Testing and release of product did not include appropriate determination of satisfactory conformance. Product released with OOS potency results. - Corrected by Pharmacy. 9. Pharmacy does not perform identity testing on incoming raw materials. - Pharmacy replied that they evaluate all COA's, and look at HPLC studies performed by suppliers upon receiving API's. 10. No written stability program, several products were not within BUD date due to lower potency results. - Pharmacy replied that they are in the process of correcting this by conducting stability tests to replace time point studies previously performed. 11. No hold time studies for how long glassware used in sterile operations can be stored before use, after depyrogenation in the convection oven. Pharmacy has not conducted 3 log reduction studies for endotoxins. - Corrected. 12. Pressure Gauge used to perform bubble point testing has not be calibrated. - Corrected.

Title of SOP: Media Fill for High Risk Compounding Using Repeater Pump

Original: Yes_x__ No___ Revision: Yes___ No_x__ Revision No.:_____

==========

Responsibility:

The pharmacist-in-charge is responsible for this procedure.

Purpose:

The purpose of this standard operating procedure is to provide testing for personal techniques in the high risk compounding of sterile preparations (CSPs) under *United States Pharmacopeia (USP)* Chapter <797> guidelines.

Equipment/Materials:

- Incubator
- 9 Sterile 20-ml Vials
- 100 mL of Nonbacteriostatic water
- 6 Sterile adhesive seals
- 6 Sterile 0.2-mcm porosity filter units and 20-gauge needles
- Standard operating procedures (includes both electronic and hard copies)
- Sterile hood or equipment that provides International Organization for Standardization (ISO) Class 5 air quality
- Three g of nonsterile commercially available Soybean-Casein Digest Medium
- Three 30-mL sterile syringes

Introduction:

A media-fill test that represents high-risk level compounding is to be performed semi-annually by each person authorized to compound high-risk level CSPs. This or an equivalent test should be performed under conditions that closely simulate the most challenging or stressful conditions encountered during compounding of high-risk level CSPs. This particular test is determine

proper technique when using a repeater pump during compounding

Procedure:

1. Perform the high-risk media-fill test under all requirements of *USP* <797>.
2. Perform this test without interruptions.
3. Perform this test within an ISO Class 5 air quality environment.
4. Label the empty sterile 20ml vials with the date the challenge is performed and the initials of the person performing the procedure. Label three of the vials "Control 1", Control 2" and "Control3". Label the remaining six vials with the numbers 1 through 6.
5. Dissolve 3 g of nonsterile commercially available Soybean-Casein Digest Medium in 100 mL of nonbacteriostatic water to make a 3% solution.
6. Draw 25 mL of the medium into a 30-mL sterile syringes. Attach repeater pump tubing to end of syringe
7. Transfer 5 mL of the broth via repeater pump to the vial labeled as "Contrl 1" of the 20-mL sterile vials. *Note: These vials are the controls, and they generate exponential microbial growth, indicated by visible turbidity upon incubation.*
8. Using aseptic technique, affix a sterile 0.2 mcm porosity filter unit and a 20-gauge needle to the end of the repeater pump tubing using strict aseptic compounding.
9. Inject the next 10 mL from each syringe into two separate 20-mL sterile vials labeled 1 and 2 using strict aseptic compounding.
10. Aseptically remove the filter unit and needle. Withdraw another 25ml of the non sterile Tryptic soy broth. Transfer 5ml of the broth to the vial labeled as "Control 2".
11. Repeat steps 8 and 9 using vials 3 and 4
12. Aseptically remove the filter unit and needle. Withdraw another 25ml of the non-sterile Tryptic Soy Broth. Transfer 5ml of the broth to the vial labeled as "Control 3"

Tailor Made COMPOUNDING	TITLE: Media Fill for High Risk Compounding Using Repeater Pump

Date Effective: 11/01/18	Adapted from: ACHC 7.007.3	

13. Repeat steps 8 and 9 using vials labeled 5 and 6.
14. Aseptically apply sterile adhesive seals to the rubber closures of the nine vials.
15. Place all nine vials in a bag and transport to the incubator.
16. Incubate the vials at 20 to 25 degrees celcius for 14 days.
17. Record results on the "Results Log Sheet"
18. Discard all used syringed, needles, filters and completed test vials as biomedical waste.
19. continue to allow the technician to compound sterile preparations if a pass result is obtained.
20 Discontinue the compound of sterile preparations if a failure test result is obtained until a successful media fill test is completed.

Interpretation of results

In the control vials the expected result is growth or turbidity because the medium was not sterile and was unfiltered.

Visible turbidity or growth observed in the vials containing filtered medium, on or before 14 days of incubation, is a positive test for the bacteria. The media fill challenge test has failed and indicated that a non-sterile technique was used during the test.

Re: Tailor Made Compounding, LLC, License # PH03640

To Whom it May Concern:

This letter is to inform you about the entry of a guilty plea by Tailor Made Compounding, LLC ("Seller") and one of its indirect owners and manager, Jeremy Delk. On October 29, 2020, Seller pled guilty to one misdemeanor and Mr. Delk pled guilty to one felony. The plea agreements for both Seller and Mr. Delk are attached.

As you are aware, Seller has entered into an Asset Purchase Agreement dated October 19, 2020 pursuant to which Seller intends to sell substantially all of its assets to TMC Acquisition, LLC ("Buyer"). The parties anticipate closing the sale around November 20, 2020. Following the sale transaction, Mr. Delk will no longer be an owner, manager or officer of the pharmacy. The pharmacy will have new ownership and management.

Following discussions with the US Food and Drug Administration ("FDA") earlier this year and receipt of a warning letter from the FDA, Seller determined that it would be in the best interest of its pharmacy and patients for Mr. Delk to lessen his role in the pharmacy and ultimately sell the business. Mr. Delk has generally not been involved in the day to day operations of the pharmacy since the FDA issued the warning letter in April. In addition, he formally resigned as CEO on October 29, 2020.

If there are any further questions or concerns, please do not hesitate to contact the undersigned at 859-887-0013 or blake@tailormadecompounding.com.

JEREMY DELK and
TAILOR MADE COMPOUNDING LLC

* * * * *

THE UNITED STATES ATTORNEY CHARGES:

At all relevant times:

Background

1. **JEREMY DELK** was a resident of the Eastern District of Kentucky.

2. **TAILOR MADE COMPOUNDING LLC ("TMC")** was a Kentucky company formed by **DELK** with its principal place of business in the Eastern District of Kentucky. Located in Nicholasville, Kentucky, **TMC** was at all times subject to the licensure requirements for pharmacies under Kentucky Revised Statutes, Chapter 315. **TMC** received its Kentucky pharmacy license in November 2015. Under Federal law, **TMC** was a 503A compounding pharmacy, as is explained below.

3. The Kentucky Board of Pharmacy, located in Frankfort, Franklin County, in the Eastern District of Kentucky, was statutorily obligated to oversee the implementation of K.R.S. Chapter 315 and to regulate pharmacists, pharmacies, wholesale drug distributors, and others operating in the industries covered by Chapter

315.

4. The Food and Drug Administration ("FDA") of the United States Department of Health and Human Services regulated the manufacture, distribution, and marketing of all drugs shipped or received in interstate commerce through enforcement of the Federal Food, Drug, and Cosmetic Act. 21 U.S.C. § 301, et seq. ("FDCA"). The requirements of the FDCA, in part, were meant to ensure that drugs sold for human use are safe and effective and bear labeling that contains accurate and adequate information.

5. The FDCA defined a "drug" in relevant part, as (1) any article intended for use in the diagnosis, cure, mitigation, treatment or prevention of disease in man or other animal; (2) any article (other than food) intended to affect the structure or any function of the body; or (3) any article used as a component of either. 21 U.S.C. § 321(g).

6. Under the FDCA, a "new drug" was defined as any drug the composition of which is not generally recognized, among experts qualified by scientific training and experience to evaluate the safety and effectiveness of drugs, as safe and effective for use under the conditions prescribed, recommended, or suggested in its labeling. 21 U.S.C. § 321(p). It was a prohibited act for any person to introduce or deliver for introduction or to cause the introduction into interstate commerce any new drug unless it has been the subject of a new drug application approved by FDA. 21 U.S.C. § 331(d), 355(a).

7. Compounding pharmacies that met the conditions of section 503A of the FDCA ("section 503A") qualified for exemption from certain provisions of the FDCA. Those conditions included compliance with current good manufacturing practices (CGMP) (section 501(a)(2)(B)); labeling with adequate directions for use (section

502(f)(1)); FDA approval prior to marketing (section 505); and receipt of valid prescriptions for individually-identified patients. *See* 21 U.S.C. §§ 351(a)(2)(B), 352(f)(1) and 355(a).

8. For a compounded drug product to qualify for exemptions under section 503A, the bulk drug substances used must: (i) comply with the standards of an applicable United States Pharmacopeia (USP) or National Formulary (NF) monograph, if a monograph exists, and the USP chapter on pharmacy compounding; (ii) if such a monograph does not exist, be components of FDA approved drugs; or (iii) if such a monograph does not exist and the drug substance is not a component of an FDA approved drug, it must appear on a list developed by the FDA through regulation ("503A bulks list") (section 503A(b)(1)(A)(i) of the FDCA). Drugs that did not meet these criteria were unapproved new drugs.

9. The FDCA also prohibited any business or person from engaging in the wholesale distribution of prescription drugs unless the business or person had a license from the designated state authority from the state from which the distribution was made and, if the distribution was interstate, also from the designated state authority into which the wholesale distribution was to be delivered. As part of its duties under K.R.S. 315.402, the Kentucky Board of Pharmacy was the designated authority that inspected and licensed wholesale distributors of prescription drugs shipped to and from Kentucky.

10. At no time did TMC apply for or receive a permit, license, or authority from the Kentucky Board of Pharmacy to act as a wholesale distributor of prescription drugs.

11. Selective androgen receptor modulators ("SARMS") were synthetic chemicals designed to mimic the effects of testosterone and other anabolic steroids. Products containing SARMS were often marketed and sold for body-building purposes, to increase muscle mass. FDA issued a public safety alert in 2017 warning consumers about ingesting products containing SARMS because these products had been linked to life-threatening reactions, including liver toxicity, and that these products have the potential to increase the risk of heart attack and stroke. SARMS were an unapproved new drug and did not meet the exemptions under section 503A.

12. Methylcobalamin is a form of vitamin B-12, which the FDA generally recognizes as safe for human consumption, provided it is manufactured and distributed in accordance with relevant state and federal regulations.

COUNT 1
21 U.S.C. §§ 331(t) & 353(e)

13. Paragraphs 1 through 12 are re-alleged and incorporated by reference as if fully set forth herein.

14. Between on or about October 23, 2018, and May 14, 2020, in the Eastern District of Kentucky, and elsewhere,

JEREMY DELK

knowingly engaged in wholesale distribution of a prescription drug, namely Methylcobalamin 10mg/ml 10mL, distributing the drug in interstate commerce in violation of Title 21 of United States Code section 353(e), by at no time licensing TMC as a wholesale distributor with the Board of Pharmacy for the Commonwealth of

Kentucky.

All in violation of Title 21, United States Code, Sections 331(t), 353(e), and 333(b)(1)(D).

COUNT 2
21 U.S.C. §§ 331(d) & 355

15. Paragraphs 1 through 11 are re-alleged and incorporated by reference as if fully set forth herein.

16. From in or about October 25, 2018, through on or about April 1, 2020,

TAILOR MADE COMPOUNDING LLC

introduced, delivered for introduction, and caused the introduction and delivery for introduction into interstate commerce of quantities of new drugs, including SARMS and other substances, that the FDA had not approved for distribution in the United States, from the Eastern District of Kentucky throughout the United States and elsewhere.

All in violation of Title 21, United States Code, Sections 331(d), 355, and 331(a)(1).

FORFEITURE ALLEGATION
21 U.S.C. § 334
28 U.S.C. § 2461

17. Upon conviction of the offense in violation of Title 21, United States Code, Section 331(d) set forth in this Information, the defendant, **TAILOR MADE COMPOUNDING LLC**, shall forfeit to the United States of America the unapproved new drugs that were shipped from the Eastern District of Kentucky to locations throughout the United States, pursuant to Title 21, United States Code, Section 334 and

Title 28, United States Code, Section 2461.

18. Because the above-described forfeitable property has been transferred and sold to third parties, and cannot be located upon the exercise of due diligence, the United States intends to seek a forfeiture money judgment in the amount of $1,788,906.82, pursuant to Title 21, United States Code, Section 853(p), as incorporated by Title 28, United States Code, Section 2461(c).

CRIMINAL ACTION NO. 3:20-CR-15-GFVT

UNITED STATES OF AMERICA **PLAINTIFF**

V. **PLEA AGREEMENT**

JEREMY DELK **DEFENDANT**

* * * * *

1. Pursuant to Federal Rule of Criminal Procedure 11(c), the Defendant will enter a guilty plea to Count 1 of the Information, charging a violation of 21 U.S.C. § 331(t), unlawful wholesale distribution of prescription drugs.

2. The essential elements of 21 U.S.C. § 331(t) are:

(a) The defendant engaged in wholesale distribution of a prescription drug;

(b) The distribution was in interstate commerce;

(c) The defendant was not licensed by the State from which the drug was distributed; and

(d) The defendant did so knowingly.

3. As to Count 1 of the Information, the United States could prove the following facts that establish the essential elements of the offense beyond a reasonable doubt, and the Defendant admits these facts:

(a) Jeremy Delk was the owner and chief executive officer of Tailor Made Compounding, LLC ("TMC"), a compounding pharmacy located in Nicholasville, Kentucky, in the Eastern District of Kentucky, and subject to the provisions of

Kentucky Revised Statutes, Chapter 315 and the Food, Drug, and Cosmetics Act ("FDCA"). The Kentucky Board of Pharmacy, located in Frankfort, Franklin County, in the Eastern District of Kentucky, is statutorily obligated to oversee the implementation of K.R.S. Chapter 315 and to regulate pharmacists, pharmacies, wholesale drug distributors, and others operating in the industries covered by Chapter 315. Following an on-site inspection by the Kentucky Board of Pharmacy, TMC received its Kentucky pharmacy license in November 2015.

(b) The Food, Drug, and Cosmetics Act prohibits any business or person from engaging in the wholesale distribution of prescription drugs unless the business or person has a license from the designated state authority from which the distribution is made and, if the distribution is interstate, also from the designated state authority into which the wholesale distribution is to be delivered. As part of its duties under K.R.S. 315.402, the Kentucky Board of Pharmacy is the designated authority that inspects and licenses wholesale distributors of prescription drugs shipped to and from Kentucky. At no time did TMC apply for or receive a permit, license, or authority from the Kentucky Board of Pharmacy to act as a wholesale distributor of prescription drugs.

(c) Doctor 1 is a licensed physician who operates an anti-aging/wellness clinic in the Greater Los Angeles, California area. His practice focuses on optimized muscular health, optimized physical fitness, and sex drive, among many others. As part of his treatment of patients, Doctor 1 routinely prescribes various peptides and other drugs designed to enhance vitality, physical strength, and sexual performance. Beginning on October 23, 2018, and continuing through May 14, 2020, Doctor 1 ordered Methylcobalamin 10mg/ml 10mL, a prescription form of vitamin B12, from TMC. Rather than sending individualized, patient-specific prescriptions to TMC as is required by law, Doctor 1 made bulk orders of Methylcobalamin 10mg/ml 10mL without issuing prescriptions or providing accurate patient names. TMC filled these orders, totaling 112 vials, without patient specific names on the vials. TMC sold Doctor 1 bulk, wholesale distributions of Methylcobalamin 10mg/ml 10mL that moved in interstate commerce without the issuance of any individualized prescriptions, all in violation of 21 U.S.C. § 331(t). The volumes of Doctor 1's orders were such that the Methylcobalamin he received was far more than a *de minimis* amount for in-office use.

(d) During the time of the Methylcobalamin wholesale distributions to Doctor 1, Jeremy Delk, as owner and chief executive officer of TMC, was aware that TMC had never applied for permission from the Kentucky Board of Pharmacy for TMC to act as a wholesale distributor of prescription drugs. Despite this knowledge, Jeremy Delk knowingly caused TMC to fill and ship bulk, wholesale

distributions of Methylcobalamin to Doctor 1. When authorities from the FDA and the Kentucky Board of Pharmacy inspected TMC between August 20 and October 24, 2018, Jeremy Delk took steps to hide records of TMC's wholesale distributions of Methylcobalamin, as well as other records.

4. The statutory punishment for the charge in the Information is imprisonment for not more than 10 years, a fine of not more than $250,000, and a term of supervised release of not more than 3 years. A mandatory special assessment of $100 applies, and the Defendant will pay this assessment to the U.S. District Court Clerk at the time of the entry of the plea.

5. Pursuant to Rule 11(c)(1)(B), the United States and the Defendant recommend the following sentencing guidelines calculations, and they may object to or argue in favor of other calculations. This recommendation does not bind the Court.

(a) United States Sentencing Guidelines (U.S.S.G.), November 1, 2018, manual, will determine the Defendant's guidelines range.

(b) Pursuant to U.S.S.G. § 1B1.3, the Defendant's relevant conduct includes the unlawful wholesale distribution of prescription drugs to Doctor 1.

(c) Pursuant to U.S.S.G. § 2N2.1, the base offense level is 6.

(d) Pursuant to U.S.S.G. § 3B1.1, increase the offense level by 2 levels for his role in the offense.

(e) Pursuant to U.S.S.G. § 3C1.1, increase the offense level by 2 levels for obstruction of justice.

(f) Pursuant to U.S.S.G. § 3E1.1 and unless the Defendant commits another crime, obstructs justice, or violates a court order, decrease the offense level by 2 levels for the Defendant's acceptance of responsibility. If the offense level determined prior to this 2-level decrease is level 16 or greater, the United States will move at sentencing to decrease the offense level by 1 additional level based on the Defendant's timely notice of intent to plead guilty.

(g) Pursuant to U.S.S.G. § 5E1.2, a fine is appropriate.

6. No agreement exists about the Defendant's criminal history category pursuant to U.S.S.G. Chapter 4.

7. The Defendant will not file a motion for a decrease in the offense level based on a mitigating role pursuant to U.S.S.G. § 3B1.2 or a departure motion pursuant to U.S.S.G. Chapter 5, Parts H or K. The Defendant also will not seek a sentence below the advisory sentencing guidelines range as set forth in Paragraph 5.

8. The Defendant waives the right to appeal the guilty plea and conviction. The Defendant waives the right to appeal any determination made by the Court at sentencing with the sole exception that the Defendant may appeal any aspect of the sentence if the length of the term of imprisonment exceeds the advisory sentencing guidelines range as set forth in Paragraph 5. Except for claims of ineffective assistance of counsel, the Defendant also waives the right to attack collaterally the guilty plea, conviction, and sentence.

9. The United States will recommend releasing the Defendant on a personal recognizance bond for future court appearances if the Defendant does not violate the terms of the order setting conditions of release.

10. The Defendant agrees to cooperate fully with the United States Attorney's Office by making a full and complete financial disclosure. Within 30 days of pleading guilty, the Defendant agrees to complete and sign a financial disclosure statement or affidavit disclosing all assets in which the Defendant has any interest or over which the Defendant exercises control, directly or indirectly, including those held by a spouse,

nominee, or other third party, and disclosing any transfer of assets that has taken place within three years preceding the entry of this plea agreement. The Defendant will submit to an examination, which may be taken under oath and may include a polygraph examination. The Defendant will not encumber, transfer, or dispose of any monies, property, or assets under the Defendant's custody or control without written approval from the United States Attorney's Office. If the Defendant is ever incarcerated in connection with this case, the Defendant will participate in the Bureau of Prisons Inmate Financial Responsibility Program, regardless of whether the Court specifically directs participation or imposes a schedule of payments. If the Defendant fails to comply with any of the provisions of this paragraph, the United States, in its discretion, may refrain from moving the Court pursuant to U.S.S.G. § 3E1.1(b) to reduce the offense level by one additional level, and may argue that the Defendant should not receive a two-level reduction for acceptance of responsibility under U.S.S.G. § 3E1.1(a).

11. The Defendant understands and agrees that, pursuant to 18 U.S.C. § 3613, whatever monetary penalties are imposed by the Court will be due and payable immediately and subject to immediate enforcement by the United States. If the Court imposes a schedule of payments, the Defendant agrees that it is merely a minimum schedule of payments and not the only method, nor a limitation on the methods, available to the United States to enforce the judgment. The Defendant waives any requirement for demand of payment on any fine, restitution, or assessment imposed by the Court and agrees that any unpaid obligations will be submitted to the United States Treasury for offset. The

Defendant authorizes the United States to obtain the Defendant's credit reports at any time. The Defendant authorizes the U.S. District Court to release funds posted as security for the Defendant's appearance bond in this case, if any, to be applied to satisfy the Defendant's financial obligations contained in the judgment of the Court.

12. Pursuant to Rule 11(c)(1)(A), the United States will not bring additional charges against the Defendant based upon evidence in its possession at the time of the execution of this Agreement and arising out of the Defendant's conduct within the Eastern District of Kentucky, unless the Defendant breaches this Agreement. If the Defendant violates any part of this Agreement, the United States may void this Agreement and seek an indictment for any violations of federal laws, and the Defendant waives any right to challenge the initiation of additional federal charges.

13. This document and the supplement contain the complete and only Plea Agreement between the United States Attorney for the Eastern District of Kentucky and the Defendant. The United States has not made any other promises to the Defendant.

14. This Agreement does not bind the United States Attorney's Offices in other districts, or any other federal, state, or local prosecuting authorities.

15. The Defendant and the Defendant's attorney acknowledge that the Defendant understands this Agreement, that the Defendant's attorney has fully explained this Agreement to the Defendant, and that the Defendant's entry into this Agreement is voluntary.

1. Pursuant to Federal Rule of Criminal Procedure 11(c), the Defendant will enter a guilty plea to Count 2 of the Information, charging a misdemeanor violation of 21 U.S.C. § 331(d), unlawful distribution of unapproved new drugs.

2. The essential elements of 21 U.S.C. § 331(d) are:

(a) The defendant introduced or delivered for introduction into interstate commerce any article; and

(b) In violation of 21 U.S.C. § 355, prohibiting the introduction of new drugs unless an approval of an application filed with respect to such drugs is effective.

3. As to Count 2 of the Information, the United States could prove the following facts that establish the essential elements of the offense beyond a reasonable doubt, and the Defendant admits these facts:

(a) Tailor Made Compounding LLC ("TMC") was a 503(A) compounding pharmacy located in Nicholasville, Kentucky, in the Eastern District of Kentucky, and subject to the provisions of Kentucky Revised Statutes, Chapter 315 and the Food, Drug, and Cosmetic Act ("FDCA"). The Kentucky Board of Pharmacy, located in Frankfort, Franklin County, in the Eastern District of Kentucky, is statutorily obligated to oversee the implementation of K.R.S. Chapter 315 and to

regulate pharmacists, pharmacies, wholesale drug distributors, and others operating in the industries covered by Chapter 315. Following an on-site inspection by the Kentucky Board of Pharmacy, TMC received its Kentucky pharmacy license in November 2015.

(b) The FDCA regulates a broad range of products, including food, drugs, tobacco, and medical devices. The FDCA defines "drug" broadly to include, "(A) articles recognized in the official United States Pharmacopoeia, official Homoeopathic Pharmacopoeia of the United States, or official National Formulary, or any supplement to any of them; and (B) articles intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in man or other animals; and (C) articles (other than food) intended to affect the structure or any function of the body of man or other animals; and (D) articles intended for use as a component of any article specified in clause (A), (B), or (C)." *See* 21 U.S.C. § 321(g)(1). The FDCA prohibits any business or person from introduction or delivery for introduction into interstate commerce of any article in violation of section 344, 350d, 355, or 360bbb–3 of Title 21. *See* 21 U.S.C. § 331(d). Title 21, Section 355 prohibits the introduction into interstate commerce of any new drug, unless an approval of an application with respect to such drug is effective. *See* 21 U.S.C. § 355. A new drug is defined as any drug the composition of which is not generally recognized, among experts qualified by scientific training and experience to evaluate the safety and effectiveness of drugs, as safe and effective for use under the conditions prescribed, recommended, or suggested in their labeling. *See* 21 U.S.C. § 321(p).

(c) Selective androgen receptor modulators ("SARMS") are synthetic chemicals designed to mimic the effects of testosterone and other anabolic steroids. Products containing SARMS are often marketed and sold for body-building purposes, to increase muscle mass. FDA issued a public safety alert in 2017 warning consumers about ingesting products containing SARMS because these products had been linked to life-threatening reactions, including liver toxicity, and that these products have the potential to increase the risk of heart attack and stroke. TMC knew SARMS were drugs that were not approved and had not been subjected to the FDA's new drug application process. Between October 25, 2018 and April 1, 2020, TMC sold SARMS in interstate commerce, in addition to BPC 157, Cerebrolysin, CJC 1295, DSIP, Epitalon, GW 501516, Ipamorelin, LGD-4033, LL-37, Melanotan II, MK 677, PEG-MGF, Selank, and Semax, all of which TMC knew were considered unapproved new drugs under the FDCA. In 2019, TMC received $1,788,906.82 in sales for these products.

4. The statutory punishment for the charge in Count 2 of the Information, for an organizational defendant, is probation for not more than 5 years, a fine of not more than $1,000, and a term of supervised release of not more than 1 year. A mandatory special assessment of $125 applies, and the Defendant will pay this assessment to the U.S. District Court Clerk at the time of the entry of the plea.

5. Pursuant to Rule 11(c)(1)(B), the United States and the Defendant recommend the following sentencing guidelines calculations, and they may object to or argue in favor of other calculations. This recommendation does not bind the Court.

(a) United States Sentencing Guidelines (U.S.S.G.), November 1, 2018, manual, will determine the Defendant's guidelines range.

(b) Pursuant to U.S.S.G. § 1B1.3, the Defendant's relevant conduct includes the unlawful interstate sales of new drugs BPC 157, Cerebrolysin, CJC 1295, DSIP, Epitalon, GW 501516, Ipamorelin, LGD-4033, LL-37, Melanotan II, MK 677, PEG-MGF, SARMS, Selank, and Semax.

(c) Restitution is not applicable pursuant to U.S.S.G. § 8B1.1.

(d) The fine should be determined pursuant to U.S.S.G. § 8C2.1.

(e) Pursuant to U.S.S.G. § 2N2.1(a), the base offense level is 6.

(f) Pursuant to U.S.S.G. § 3E1.1 and unless the Defendant commits another crime, obstructs justice, or violates a court order, decrease the offense level by 2 levels for the Defendant's acceptance of responsibility. If the offense level determined prior to this 2-level decrease is level 16 or greater, the United States will move at sentencing to decrease the offense level by 1 additional level based on the Defendant's timely notice of intent to plead guilty.

6. No agreement exists about the Defendant's criminal history category pursuant to U.S.S.G. Chapter 4.

7. The Defendant will not file a motion for a decrease in the offense level based on a mitigating role pursuant to U.S.S.G. § 3B1.2 or a departure motion pursuant to U.S.S.G. Chapter 5, Parts H or K. The Defendant also will not seek a sentence below the advisory sentencing guidelines range as determined by the Court at sentencing.

8. The Defendant waives the right to appeal the guilty plea, conviction, and sentence. Except for claims of ineffective assistance of counsel, the Defendant also waives the right to attack collaterally the guilty plea, conviction, and sentence.

9. The Defendant will forfeit to the United States all interest in the property listed in the forfeiture allegation of the Information and will execute any documents necessary for this forfeiture. The Defendant also agrees to the imposition of a money judgment in the amount listed in the forfeiture allegation of the Information. The Defendant also agrees the United States can prove the required nexus for forfeiture.

10. The Defendant agrees to cooperate fully with the United States Attorney's Office by making a full and complete financial disclosure. Within 30 days of pleading guilty, the Defendant agrees to complete and sign a financial disclosure statement or affidavit disclosing all assets in which the Defendant has any interest or over which the Defendant exercises control, directly or indirectly, including those held by a spouse, nominee, or other third party, and disclosing any transfer of assets that has taken place within three years preceding the entry of this plea agreement. A representative of the Defendant will submit to an examination, which may be taken under oath and may include a polygraph examination. The Defendant will not encumber, transfer, or dispose of any

monies, property, or assets under the Defendant's custody or control without written approval from the United States Attorney's Office. If the Defendant fails to comply with any of the provisions of this paragraph, the United States, in its discretion, may refrain from moving the Court pursuant to U.S.S.G. § 3E1.1(b) to reduce the offense level by one additional level, and may argue that the Defendant should not receive a two-level reduction for acceptance of responsibility under U.S.S.G. § 3E1.1(a).

11. The Defendant understands and agrees that, pursuant to 18 U.S.C. § 3613, whatever monetary penalties are imposed by the Court will be due and payable immediately and subject to immediate enforcement by the United States. If the Court imposes a schedule of payments, the Defendant agrees that it is merely a minimum schedule of payments and not the only method, nor a limitation on the methods, available to the United States to enforce the judgment. The Defendant waives any requirement for demand of payment on any fine, restitution, or assessment imposed by the Court and agrees that any unpaid obligations will be submitted to the United States Treasury for offset. The Defendant authorizes the United States to obtain the Defendant's credit reports at any time. The Defendant authorizes the U.S. District Court to release funds posted as security for the Defendant's appearance bond in this case, if any, to be applied to satisfy the Defendant's financial obligations contained in the judgment of the Court.

12. Pursuant to Rule 11(c)(1)(A), the United States will not bring additional charges against the Defendant based upon evidence in its possession at the time of the execution of this Agreement and arising out of the Defendant's conduct within the Eastern District of

Kentucky, unless the Defendant breaches this Agreement. If the Defendant violates any part of this Agreement, the United States may void this Agreement and seek an indictment for any violations of federal laws, and the Defendant waives any right to challenge the initiation of additional federal charges.

13. This document and the supplement contain the complete and only Plea Agreement between the United States Attorney for the Eastern District of Kentucky and the Defendant. The United States has not made any other promises to the Defendant.

14. This Agreement does not bind the United States Attorney's Offices in other districts, or any other federal, state, or local prosecuting authorities.

15. The Defendant and the Defendant's attorney acknowledge that the Defendant understands this Agreement, that the Defendant's attorney has fully explained this Agreement to the Defendant, and that the Defendant's entry into this Agreement is voluntary.

Re: Colorado State Board of Pharmacy Case No. 2020-3161

The following is a notification of entry of a stipulation and final agency order between the Colorado State Board of Pharmacy and Tailor Made Compounding Pharmacy.

This stipulation is based on the findings of the 2018 inspection conducted by the U.S. Food and Drug Administration (FDA) and following a published FDA 483 and FDA Warning Letter. Tailor Made Compounding undertook remedial measures during, and immediately following the inspection, such that most of the needed changes were already in place before the inspectors closed their investigation in October 2018. Copies of the FDA 483 report, the FDA Warning Letter and Tailor Made Compounding's responses have previously been provided to your state board of pharmacy.

In consideration of the nature of the discipline, the Colorado State Board of Pharmacy issued a small monetary penalty in which Tailor Made Compounding has already issued payment. See attached.

If there are further questions or concerns, please do not hesitate to contact the undersigned.

STATE OF COLORADO

Case No. 2020-3161

STIPULATION AND FINAL AGENCY ORDER

IN THE MATTER OF DISCIPLINARY PROCEEDINGS REGARDING THE NON-RESIDENT PRESCRIPTION DRUG OUTLET REGISTRATION IN THE STATE OF COLORADO OF TAILOR MADE COMPOUNDING, REGISTRATION NO. OSP 6777,

Respondent Pharmacy.

IT IS HEREBY STIPULATED AND AGREED by and between the Colorado State Board of Pharmacy ("Board") and Tailor Made Compounding ("Respondent Pharmacy") to resolve all matters pertaining to Board Case Number 2020-3161, as follows:

FINDINGS AND CONCLUSIONS

1. The Board has jurisdiction over Respondent Pharmacy, its registration as a non-resident prescription drug outlet, and the subject matter of this Stipulation and Final Agency Order ("Final Agency Order") pursuant to the Pharmacists, Pharmacy Businesses, and Pharmaceuticals Act at Title 12, Article 280, C.R.S. (2019).

2. Respondent Pharmacy was originally registered in the State of Colorado on or about March 29, 2016, being issued registration no. OSP 6777, and has been so registered at all times relevant to this disciplinary action.

3. Respondent Pharmacy's address of record with the Board and current location is 200 Moore Dr., Nicholasville, Kentucky, 40356-8512.

4. Respondent Pharmacy admits these findings and hereby waives any further proof in this proceeding before the Board regarding the following facts.

5. As a result of an inspection from August 20 through October 24, 2018, the U.S. Food and Drug Administration ("FDA") noted that Respondent Pharmacy voluntarily recalled tesamorelin products produced between June 6 and September 11, 2018 due to an incorrect beyond use date on vial labels, appearing that Respondent Pharmacy produced drug products that violated the Federal Food, Drug, and Cosmetic Act ("FDCA"). During the inspection, the FDA investigator noted that drug products produced by Respondent Pharmacy failed to meet the conditions of section 503A, drug products intended or expected to be sterile were prepared, packed, or held under insanitary conditions, whereby they may have become

contaminated with filth or rendered injurious to health, causing drug products to be adulterated under section 501(a)(2)(A) of the FDCA. Respondent Pharmacy didn't have any FDA-approved applications on file for the ineligible drug products that they compounded. The FDA investigator noted that the ineligible drug products Respondent Pharmacy compounded were intended for conditions not amenable to self-diagnosis and treatment by individuals who were not medical practitioners; therefore, adequate directions for use could not be written so that a layman could use these products safely for their intended uses. Consequently, Respondent Pharmacy's labeling failed to bear adequate directions for their intended uses. Accordingly, these ineligible drug products were misbranded under section 502(f)(1) of the FDCA. The introduction or delivery for introduction into interstate commerce of these products therefore violated section 301(a) of the FDCA. It is also a prohibited act under section 301(k) of the FDCA to do any act with respect to a drug, if such act is done while the drug is held for sale after shipment in interstate commerce and results in the drug being misbranded.

6. Respondent Pharmacy's conduct, as set forth above, constitutes violations of the following sections of the Colorado Revised Statutes and Board Regulations:

Colorado Revised Statutes

12-280-126. Unprofessional conduct - grounds for discipline. (1) The board may take disciplinary or other action as authorized in section 12-20-404, after a hearing held in accordance with the provisions of sections 12-20-403 and 12-280-127, upon proof that the licensee or registrant:

(c) Has violated:

(III) Any state or federal law pertaining to drugs.

7. The Board finds and concludes, and Respondent Pharmacy agrees, that based upon Respondent Pharmacy's above-described violations of the Pharmaceuticals and Pharmacists Act and relevant rules and regulations, the following discipline is just and appropriate under the circumstances.

TERMS OF DISCIPLINE

8. **Fine with Surcharge.** Pursuant to section 12-280-127(5)(a), C.R.S., Respondent Pharmacy shall pay a fine of One Thousand Dollars and No Cents ($1,000.00). Respondent Pharmacy understands and acknowledges that, pursuant to section 24-34-108, C.R.S., the Executive Director of the Department of Regulatory Agencies may impose an additional surcharge of 15% of this fine. Respondent Pharmacy shall therefore pay a total amount of One Thousand One Hundred and Fifty Dollars and No Cents ($1,150.00). The total amount shall be payable to the State of Colorado and shall be remitted in one lump sum to be included when Respondent Pharmacy submits this signed Final Agency Order to the Board.

9. **Other Requirements.** Respondent Pharmacy acknowledges and agrees that, as a condition of this Final Agency Order, Respondent Pharmacy shall:

   a. promptly pay all Respondent Pharmacy's own fees and costs associated with this Final Agency Order;

   b. comply fully with this Final Agency Order; and

   c. comply fully with the Pharmacists, Pharmacy Businesses and Pharmaceuticals Act, all Board rules and regulations, and any other state and federal laws and regulations related to pharmacists and pharmaceuticals in the State of Colorado.

10. **Advisements and Waivers.** Through its undersigned Authorized Representative, Respondent Pharmacy enters into this Final Agency Order freely and voluntarily, after having the opportunity to consult with legal counsel and/or choosing not to do so. Respondent Pharmacy acknowledges its understanding that it has the following rights:

    a. to have formal notice of hearing and charges served upon it;

    b. to respond to said formal notice of charges;

    c. to have a formal disciplinary hearing pursuant to sections 12-20-403, 12-280-126, and 12-280-127, C.R.S.; and

    d. to appeal this Final Agency Order.

    Respondent Pharmacy freely **waives** these rights, and acknowledges that such waiver is made voluntarily in consideration for the Board's limiting the action taken against Respondent Pharmacy to the sanctions imposed herein.

11. **Acknowledgments.** The undersigned Authorized Representative of Respondent Pharmacy has read this Final Agency Order in its entirety and acknowledges, after having the opportunity to consult with legal counsel and/or choosing not to do so, that Respondent Pharmacy understands the legal consequences and agrees that none of the terms or conditions herein is unconscionable. Respondent Pharmacy is not relying on any statements, promises or representations from the Board other than as may be contained in this Final Agency Order. Respondent Pharmacy further acknowledges that it is not entering into this Final Agency Order under any duress.

12. **Violations.** Time is of the essence in this Final Agency Order. It is the responsibility of Respondent Pharmacy to take all appropriate steps to comply fully with this Final Agency Order. Respondent Pharmacy acknowledges and agrees that any violation of this Final Agency Order shall constitute a willful violation of a lawful Board order, may be sanctioned as provided under section 12-280-127(4), C.R.S., and may be sufficient grounds for additional discipline,

including but not limited to revocation of Respondent Pharmacy's registration. The pendency of any suspension or disciplinary action arising out of an alleged violation of this Final Agency Order shall not affect the obligation of Respondent Pharmacy to comply with all terms and conditions of this Final Agency Order.

13. **Integration and Severability.** Upon execution by all parties, this Final Agency Order shall represent the entire and final agreement of and between the parties. In the event any provision of this Final Agency Order is deemed invalid or unenforceable by a court of law, it shall be severed and the remaining provisions of this Final Agency Order shall be given full force and effect.

14. **Public Record.** Upon execution by all parties, this Final Agency Order shall be a public record, maintained in the custody of the Board.

15. **Effective Date.** This Final Agency Order shall become effective upon signature by a Board representative.

ACCEPTED AND AGREED BY

Ok I can update that but when we read the new applications you published this did not fit the description of the current question. Do you still need me to add this? If so I will. I had him read the question as well and he stated it no longer fit the description.

Please let me know as I just mailed two new applications for a location in Las Vegas we are opening.

Thanks for you help and information on this.

Medline Industries, Inc
Disciplinary History

Date	Facility	Description of State Action	Corrective Actions
8/3/2005	1401 N. Universal Ave, Kansas City, MO 64120	**FILE CLOSED 2010** Medline Industries' Kansas City, MO license (#2003031660) was disciplined for failure to renew on-time and for insufficient temperature control procedures. Medline was placed on probation for 5 years. Throughout the probationary period, the state conducted multiple inspections of the facility and found Medline to be in compliance with all requirements. The probationary period closed in August 2010.	Medline's Regulatory Affairs Department was significantly expanded to include a team of 7 Licensing Specialist that monitor and ensure each of our 200+ licenses are renewed on-time. A temperature control room was also constructed at the facility to ensure product is stored at the appropriate temperature and humidity levels. These control rooms are now a standard feature at our distribution centers, and we have worked closely with VAWD throughout our distribution network to ensure that our temperature control facilities and procedures align with industry best practices.
12/7/2006	9101 Riverside Parkway, Lithia Springs, GA 30122	**FILE CLOSED 2008** Medline's Florida Certified Designated Representative at our Georgia facility resigned unexpectedly. The state of Florida suspended Medline's Florida Out of State Rx Drug Wholesale Distributor Permit (#23:1470) until a new licensed Designated Representative was hired at the facility.	To prevent a situation like this from occurring in the future, every Medline facility licensed in FL has multiple Florida Certified Designated Representatives on staff.
11/16/2007	10601 Southport Drive, Orlando, FL 32824 401 Commerce Blvd., Oldsmar, FL 34677 4750 118th Ave N Clearwater, FL 33762	**FILE CLOSED 2008** Medline Industries was cited for several violations including: failure to pass and maintain a pedigree that met Florida's specific requirements; having the wrong type of permit for activities being performed (in addition to the manufacturing permit that we had, Florida required that we also have a repacker permit); distribution of saline to an unauthorized recipient; and an Rx drug item was found at an unlicensed raw materials storage facility. Several of the violations were challenged and reduced substantially or removed during the settlement process. Medline was assessed and paid a fine for these violations. All issues were addressed and resolved to the satisfaction of the FL DOH. After duly notifying state authorities, as required, we were fined by New York (Cal. No. 27278) for out-of-state professional misconduct. In 2010, Medline made an unrelated business decision to close the Oldsmar and Clearwater facilities.	To address the pedigree issues, Medline instituted a Florida specific pedigree system to ensure that any pedigree shipments within our distribution network with potential to end up in Florida have the required Florida specific documentation. (Note - these requirements have since been preempted by federal law). To address the issue of having the wrong permit type, Medline secured a repackaging permit, in addition to the manufacturing permit the facility already had. To address the sale of saline to an unauthorized person, Medline instituted a new procedure for obtaining and maintaining customer licenses for all Rx drug purchases; this procedure generates an automatic block of any Rx drug orders by an unlicensed customer in our SAP system. The Rx drug item unintentionally stored at our raw materials facility was properly disposed of, and our waste disposal procedures were updated to ensure that this mistake would not recur.
11/26/2007	2708 NE Waldo Rd., Gainesville, FL	**FILE CLOSED 2008** Medline Industries' FL license (# 22:1022) was suspended for violations identified during a Florida BOP facility inspection. Medline, through Counsel, addressed the issues raised in the inspection and established that the suspension was unjustified. The suspension was lifted 3 days later on January 22, 2008 (Case # 2007-37412). In 2010, Medline made an unrelated business decision to close this facility.	After this inspection, Medline conducted a thorough review of its policies and procedures. Additionally, an internal auditing program was implemented to ensure that each distribution center is in compliance with internal policies and procedures, as well as state and federal regulations.
3/5/2008	149 New Camellia Blvd., Covington, LA 70433	**FILE CLOSED 2008** Medline Industries' license #4318 was cited for failure to properly maintain copies of current customer licenses on site (Louisiana Administrative Docket #2008006). Medline was assessed and paid a fine. After duly notifying state authorities, as required, we were fined by New York (Cal. No. 27278) for out-of-state professional misconduct.	In addition to storing copies of our customers' licenses at headquarters, we now store these licenses digitally so they can be accessed by our distribution centers.
5/9/2008	5450 W. Stewart Ave., Wausau, WI	**FILE CLOSED 2009** Medline Industries' license (# 1116-045) was cited and fined by the Wisconsin Department of Regulation & Licensing during an inspection. Medline managed a portion of a Wisconsin hospital's warehouse. The inspector cited Medline for failure to have a dividing fence between the Medline managed portion of the facility and the hospital portion of the facility - even though all of the products were owned by the hospital. Medline was also cited for failure to access several policies and procedures during the inspection. Corrections were made and the facility was re-inspected, to the satisfaction of the state (Case #08 PHM 037). After duly notifying state authorities, as required, we were fined by the states of Hawaii (Case #PHA 2009-7-L) and New York (Cal. No. 27278) out-of-state professional misconduct. . In 2010, Medline made an unrelated business decision to close this facility.	Immediately after the inspection, Medline and the owner of the facility erected a locked fence to divide the faculty. Medline also reviewed all of its other facilities to make sure no similar situations existed. In addition, training on where and how to access current policies and procedures was increased for distribution center personnel. This training is in addition to the training they receive on the policies and procedures themselves.
8/21/2008	94-1420 Moaniani St., Waipahu, Hawaii	**FILE CLOSED 2013** Medline Industries' license (PWD 115) was fined $5000 and placed on probation for 5 years for failure to report the Florida and Missouri disciplinary actions within 30 days. While Medline filed the required reports, the 30 day deadline was missed. Probationary period ended August 2013. (Case # PHA 2008-17-L)	Medline takes this oversight very seriously and we have implemented a new process to notify the required boards of any future disciplinary actions within 10 days of a final action.
3/19/2010	1401 N. Universal Ave, Kansas City, MO 64120	**FILE CLOSED 2010** Medline applied for a Colorado Out of State Wholesaler license for the Missouri distribution center and was issued a conditional license by the CO Board of Pharmacy until the facility's MO probation period ended (approximately 5 months). The CO BOP was informed when the MO probationary period was completed, and subsequently removed the encumbered status of this facility's CO license.	See above for corrective actions related to the underlying sanction.
1/6/2021	1501 Harris Rd, Libertyville, IL 60048	**FILE CLOSED 2021** Medline Industries, Inc. License #01-1985050 received a fined $250 by the Ohio Board of Pharmacy for the sale of dangerous drugs to an unlicensed entity. Medline maintained a current and valid DEA license on file for the physician rather than the TDDD license for the facility. The facility's TDDD license at the time of the sale had expired, unbeknownst to Medline. Case No. A-2020-0054 I-2019-0972-B. The fine was paid on January 21, 2021 and the case was closed.	Medline takes this oversight very seriously. We reviewed our process and updated our guidelines for the type of license required by business in Ohio to ensure proper type of licenses applied to the customer are valid and current. The TDDD Ohio licenses are reviewed on an annual basis to ensure compliance.

Medline Industries, Inc
Disciplinary History

Date	Facility	Description of State Action	Corrective Actions
8/3/2005	1401 N. Universal Ave, Kansas City, MO 64120	**FILE CLOSED 2010** Medline Industries' Kansas City, MO license (#2003031660) was disciplined for failure to renew on-time and for insufficient temperature control procedures. Medline was placed on probation for 5 years. Throughout the probationary period, the state conducted multiple inspections of the facility and found Medline to be in compliance with all requirements. The probationary period closed in August 2010.	Medline's Regulatory Affairs Department was significantly expanded to include a team of 7 Licensing Specialist that monitor and ensure each of our 200+ licenses are renewed on-time. A temperature control room was also constructed at the facility to ensure product is stored at the appropriate temperature and humidity levels. These control rooms are now a standard feature at our distribution centers, and we have worked closely with VAWD throughout our distribution network to ensure that our temperature control facilities and procedures align with industry best practices.
12/7/2006	9101 Riverside Parkway, Lithia Springs, GA 30122	**FILE CLOSED 2008** Medline's Florida Certified Designated Representative at our Georgia facility resigned unexpectedly. The state of Florida suspended Medline's Florida Out of State Rx Drug Wholesale Distributor Permit (#23:1470) until a new licensed Designated Representative was hired at the facility.	To prevent a situation like this from occurring in the future, every Medline facility licensed in FL has multiple Florida Certified Designated Representatives on staff.
11/16/2007	10601 Southport Drive, Orlando, FL 32824 401 Commerce Blvd., Oldsmar, FL 34677 4750 118th Ave N Clearwater, FL 33762	**FILE CLOSED 2008** Medline Industries was cited for several violations including: failure to pass and maintain a pedigree that met Florida's specific requirements; having the wrong type of permit for activities being performed (in addition to the manufacturing permit that we had, Florida required that we also have a repacker permit); distribution of saline to an unauthorized recipient; and an Rx drug item was found at an unlicensed raw materials storage facility. Several of the violations were challenged and reduced substantially or removed during the settlement process. Medline was assessed and paid a fine for these violations. All issues were addressed and resolved to the satisfaction of the FL DOH. After duly notifying state authorities, as required, we were fined by New York (Cal. No. 27278) for out-of-state professional misconduct. In 2010, Medline made an unrelated business decision to close the Oldsmar and Clearwater facilities.	To address the pedigree issues, Medline instituted a Florida specific pedigree system to ensure that any pedigree shipments within our distribution network with potential to end up in Florida have the required Florida specific documentation. (Note - these requirements have since been preempted by federal law). To address the issue of having the wrong permit type, Medline secured a repackaging permit, in addition to the manufacturing permit the facility already had. To address the sale of saline to an unauthorized person, Medline instituted a new procedure for obtaining and maintaining customer licenses for all Rx drug purchases; this procedure generates an automatic block of any Rx drug orders by an unlicensed customer in our SAP system. The Rx drug item unintentionally stored at our raw materials facility was properly disposed of, and our waste disposal procedures were updated to ensure that this mistake would not recur.
11/26/2007	2708 NE Waldo Rd., Gainesville, FL	**FILE CLOSED 2008** Medline Industries' FL license (# 22:1022) was suspended for violations identified during a Florida BOP facility inspection. Medline, through Counsel, addressed the issues raised in the inspection and established that the suspension was unjustified. The suspension was lifted 3 days later on January 22, 2008 (Case # 2007-37412). In 2010, Medline made an unrelated business decision to close this facility.	After this inspection, Medline conducted a thorough review of its policies and procedures. Additionally, an internal auditing program was implemented to ensure that each distribution center is in compliance with internal policies and procedures, as well as state and federal regulations.
3/5/2008	149 New Camellia Blvd., Covington, LA 70433	**FILE CLOSED 2008** Medline Industries' license #4318 was cited for failure to properly maintain copies of current customer licenses on site (Louisiana Administrative Docket #2008006). Medline was assessed and paid a fine. After duly notifying state authorities, as required, we were fined by New York (Cal. No. 27278) for out-of-state professional misconduct.	In addition to storing copies of our customers' licenses at headquarters, we now store these licenses digitally so they can be accessed by our distribution centers.
5/9/2008	5450 W. Stewart Ave., Wausau, WI	**FILE CLOSED 2009** Medline Industries' license (# 1116-045) was cited and fined by the Wisconsin Department of Regulation & Licensing during an inspection. Medline managed a portion of a Wisconsin hospital's warehouse. The inspector cited Medline for failure to have a dividing fence between the Medline managed portion of the facility and the hospital portion of the facility - even though all of the products were owned by the hospital. Medline was also cited for failure to access several policies and procedures during the inspection. Corrections were made and the facility was re-inspected, to the satisfaction of the state (Case #08 PHM 037). After duly notifying state authorities, as required, we were fined by the states of Hawaii (Case #PHA 2009-7-L) and New York (Cal. No. 27278) out-of-state professional misconduct. . In 2010, Medline made an unrelated business decision to close this facility.	Immediately after the inspection, Medline and the owner of the facility erected a locked fence to divide the faculty. Medline also reviewed all of its other facilities to make sure no similar situations existed. In addition, training on where and how to access current policies and procedures was increased for distribution center personnel. This training is in addition to the training they receive on the policies and procedures themselves.
8/21/2008	94-1420 Moaniani St., Waipahu, Hawaii	**FILE CLOSED 2013** Medline Industries' license (PWD 115) was fined $5000 and placed on probation for 5 years for failure to report the Florida and Missouri disciplinary actions within 30 days. While Medline filed the required reports, the 30 day deadline was missed. Probationary period ended August 2013. (Case # PHA 2008-17-L)	Medline takes this oversight very seriously and we have implemented a new process to notify the required boards of any future disciplinary actions within 10 days of a final action.
3/19/2010	1401 N. Universal Ave, Kansas City, MO 64120	**FILE CLOSED 2010** Medline applied for a Colorado Out of State Wholesaler license for the Missouri distribution center and was issued a conditional license by the CO Board of Pharmacy until the facility's MO probation period ended (approximately 5 months). The CO BOP was informed when the MO probationary period was completed, and subsequently removed the encumbered status of this facility's CO license.	See above for corrective actions related to the underlying sanction.
1/6/2021	1501 Harris Rd, Libertyville, IL 60048	**FILE CLOSED 2021** Medline Industries, Inc. License #01-1985050 received a fined $250 by the Ohio Board of Pharmacy for the sale of dangerous drugs to an unlicensed entity. Medline maintained a current and valid DEA license on file for the physician rather than the TDDD license for the facility. The facility's TDDD license at the time of the sale had expired, unbeknownst to Medline. Case No. A-2020-0054 I-2019-0972-B. The fine was paid on January 21, 2021 and the case was closed.	Medline takes this oversight very seriously. We reviewed our processes and updated our guidelines for the type of license required for business in Ohio to ensure proper type of licenses applied to the customer are valid and current. The TDDD Ohio licenses are reviewed on an annual basis to ensure compliance.

Subject: Disclosures for our Wholesale Application - Please let me know if you receive this
Attachments: JoelGomez 2003 DUI.pdf; Mesa Municipal Records Request.pdf

Mr. Sedar,

Thank you for the call today. I would like to disclose a couple facts for the board to consider in our Wholesaler Application.

First. Why we have the name "The Compounding Center, Inc" Why we have the name because that was the original name given to our company when it started. It was originally started as the wholesale division that was operating in conjunction with a compounding pharmacy in Phoenix, AZ . It (and the pharmacy side) has since been sold twice with me as the latest owner. We have kept the name as it keeps our relationships with our vendors and some customers less complicated. I also like the story to tell people that we are a small company and have small company roots. Just know that we do not manufacturer or compound any medications. We are strictly a wholesaler.

Secondly, I'd like to disclose the information regarding the incident that comes up on my background report to you and the Nevada Board of Pharmacy. It is regarding my DUI conviction from 2003.

I received a conviction for "Driving Under the Influence" from the Mesa Municipal Court on 02/11/2003.
While this case was over 18 years ago, I still remember the lessons learned from this embarrassing mistake. It resonates even more now as my daughter is going into college next year!

Officially, there are no police reports, criminal complaints, or prison sentence release documents on file with any municipality in the state of Arizona anymore. I have attached the most recent copy of the disposition report that we have and a letter from the Mesa Municipal Court stating they no longer have this record on file.

Please let me know if you require further details regarding this incident specifically.

In regard to why this was not marked as a gross misdemeanor on the application, it was our understanding that it did not qualify as a gross misdemeanor according to Nevada Revised Statues.

(NRS), Title 15, Chapter 193.120 Classification of crimes.

1. A crime is an act or omission forbidden by law and punishable upon conviction by death, imprisonment, fine or other penal discipline.

2. Every crime which may be punished by death or by imprisonment in the state prison is a felony.

3. Every crime punishable by a fine of not more than $1,000, or by imprisonment in a county jail for not more than 6 months, is a misdemeanor.

4. Every other crime is a gross misdemeanor.

As you can see in the attached disposition report, I was solely convicted for "Driving under the influence". The jail imposed (10 days) and fine ($598) classified as a misdemeanor in #3 above.

I hope you can still approve our application with these situations in mind. Please let me know if there's any further information I can provide.

Regards,

Joel Gomez

Mark,

We talked briefly last week, and you wanted me to send over any documentation that I had on my OWI. Attached is the court order. I also had a public intoxication around the same time frame, but I do not have the paperwork for that. I made some bad decisions while I was in college, and I learned from these poor decisions. I would be more than willing to talk to the board or do anything else that is needed.

Let me know if you need anything else.

STATE OF IOWA
COUNTY OF BLACK HAWK, ss.

I, the undersigned, being first duly sworn and under oath, state the following facts known by me or told to me by other reliable persons form the basis for my belief that Garrigus, Zachary Jordan, the defendant committed the crime charge: On the early morning hours at around 0245 hrs I noticed a vehicle driving up to the Baker Hall lot on the University of Northern Iowa campus. I went into the area and located the vehicle which was pulling out of the loading dock at the Business building. I noticed that the all the vehicle's windows were frosted over. I proceeded to stop the vehicle and advised him the reason. Defendant agreed that his windows were frosted over. As I was talking with the Defendant I could smell a strong odor of alcohol coming from the Defendant and his eyes were bloodshot and watery. Defendant was asked to perform field soberity tests which Defendant failed. Defendant was offered a breathtest on the PBT which indicated a B.A.C over .08. Defendant was placed under arrest and transported to UNI PD. Defendant was read Implied Consent Advisory and consented to a breath test on the datamaster which indicated a B.A.C of .185. Defendant advised multiple times that he didn't want to make any calls. Defendant was transported to BHC jail and released to jail staff.

LIST OF WITNESSES: See attached minutes of testimony.

IN THE IOWA DISTRICT COURT IN AND FOR BLACK HAWK COUNTY

STATE OF IOWA,	)	
	)	Case No.: OWCR165934
Plaintiff,	)	
	)	WRITTEN GUILTY PLEA
vs.	)	
	)	
ZACHARY JORDAN GARRIGUS,	)	
	)	
Defendant.	)	

Defendant states:

1. I am represented by my attorney, Richard J. Buffington, of Buffington Law Offices, P.C. at 903 North Frederick Avenue, Oelwein, Iowa 50662.

2. I am pleading guilty to the criminal offense of Operating While Intoxicated, a Serious Misdemeanor in violation of Section 321J.2 of the Code of Iowa, as amended.

3. I admit that on or about December 5, 2009, in the County of Black Hawk, State of Iowa, I did unlawfully operate a motor vehicle while under the influence of alcohol, drugs, or a combination thereof, while having eight hundredths or more grams of alcohol per two hundred ten liters of breath. The Court may rely on the minutes of testimony attached to the trial information for a factual basis for this plea of guilty.

4. I understand that the maximum punishment to which I can be sentenced is a fine of at least $625.00.00, but not to exceed $1,250.00 and an indeterminate term of up to one (1) year in a county jail facility.

5. I have received and read a copy of the trial information charging me with these offenses, understand the nature of the charge(s) against me, and state that I am correctly named.

6. I understand that if I maintain a plea of not guilty, I would be entitled to the following rights: (a) a speedy and public trial by jury; (b) a verdict of guilty would have to be

unanimous; (c) I have a right to be represented by an attorney, and counsel would be provided at public expense if I was unable to afford counsel; (d) if I plead not guilty, I have a privilege against self-incrimination, and I could not be required to testify at trial; (e) at trial, the state would have to confront me with witnesses upon whose testimony it relied to obtain conviction, and I would have the right to cross-examine those witnesses; (f) at trial, I would be presumed innocent until such time, if ever, as the state established my guilty beyond a reasonable doubt with competent evidence; (g) at trial, I could use the power of the court to compel witnesses to appear and testify in my behalf; (h) at trial, if I did not take the witness stand, no interference of guilt could be drawn from my action, and the prosecutor could not comment to the jury on my not testifying; (i) if I proceed with a plea of guilty, I have waived all of these rights with the exception of my right to counsel at these or any later proceedings, and I would not have a trial.

7. I plead guilty voluntarily and with full understanding and knowledge of my rights. I specifically waive my right against self-incrimination for purposes of this plea. There have been no threats or promises made for the purpose of inducing me to enter a plea of guilty.

8. I understand the court may not accept a guilty plea without first determining that my plea is made voluntarily and intelligently and has a factual basis.

9. I understand that Iowa Rule of Criminal Procedure 2.8(2)(b) provides:

> The court may refuse to accept a plea of guilty and shall not accept a plea of guilty without first determining that the plea is made voluntarily and intelligently and has a factual basis.
> Before accepting a plea of guilty, the court must address the defendant personally in open court and inform the defendant of and determine that the defendant understands the following:
>
> (1) The nature of the charge to which the plea is offered;
>
> (2) The mandatory minimum punishment, if any, and the maximum possible punishment provided by the statute defining the offense to which the plea is offered;

(3) That a criminal conviction, deferred judgment, or deferred sentence may affect a Defendant's status under Federal Immigration Laws.

(4) That the defendant has the right to be tried by a jury, and at trial, has the right to assistance of counsel, the right to confront and cross-examine witnesses against the defendant, the right not to be compelled to incriminate oneself, and the right to present witnesses in the defendant's own behalf and to have compulsory process in securing their attendance.

(5) That if the defendant pleads guilty, there will not be a further trial of any kind so that by pleading guilty the defendant waives the right to a trial.

10. I also understand that the court may, in its discretion and with my approval, waive the procedure set out in Rule 2.8 in a plea of guilty to a Serious or Aggravated Misdemeanor.

11. I hereby approve of the court's waiving that procedure.

12. **I understand that upon my plea of guilty, the Assistant Black Hawk County Attorney will recommend the following sentence: The Defendant shall receive a ninety (90) day jail sentence with all but four (4) days suspended. The Defendant may serve the aforementioned jail sentence in the Fayette County Jail and shall have sixty (60) days to serve the sentence and may serve the sentence on weekends in forty-eight (48) hour increments. IN THE IOWA DISTRICT COURT IN AND FOR BLACK HAWK COUNTY

STATE OF IOWA,

Plaintiff,

vs.

ZACHARY JORDAN GARRIGUS,

Defendant.

Case No.: OWCR165934

AMENDED WRITTEN GUILTY PLEA

FILED
2010 JUN -2 PM 1:46
CLERK OF DISTRICT COURT
BLACK HAWK COUNTY, IOWA

Defendant states:

1. I am represented by my attorney, Richard J. Buffington, of Buffington Law Offices, P.C. at 903 North Frederick Avenue, Oelwein, Iowa 50662.

2. I am pleading guilty to the criminal offense of Operating While Intoxicated, a Serious Misdemeanor in violation of Section 321J.2 of the Code of Iowa, as amended.

3. I admit that on or about December 5, 2009, in the County of Black Hawk, State of Iowa, I did unlawfully operate a motor vehicle while under the influence of alcohol, drugs, or a combination thereof, while having eight hundredths or more grams of alcohol per two hundred ten liters of breath. The Court may rely on the minutes of testimony attached to the trial information for a factual basis for this plea of guilty.

4. I understand that the maximum punishment to which I can be sentenced is a fine of at least $625.00.00, but not to exceed $1,250.00 and an indeterminate term of up to one (1) year in a county jail facility.

5. I have received and read a copy of the trial information charging me with these offenses, understand the nature of the charge(s) against me, and state that I am correctly named.

6. I understand that if I maintain a plea of not guilty, I would be entitled to the following rights: (a) a speedy and public trial by jury; (b) a verdict of guilty would have to be

unanimous; (c) I have a right to be represented by an attorney, and counsel would be provided at public expense if I was unable to afford counsel; (d) if I plead not guilty, I have a privilege against self-incrimination, and I could not be required to testify at trial; (e) at trial, the state would have to confront me with witnesses upon whose testimony it relied to obtain conviction, and I would have the right to cross-examine those witnesses; (f) at trial, I would be presumed innocent until such time, if ever, as the state established my guilty beyond a reasonable doubt with competent evidence; (g) at trial, I could use the power of the court to compel witnesses to appear and testify in my behalf; (h) at trial, if I did not take the witness stand, no interference of guilt could be drawn from my action, and the prosecutor could not comment to the jury on my not testifying; (i) if I proceed with a plea of guilty, I have waived all of these rights with the exception of my right to counsel at these or any later proceedings, and I would not have a trial.

7. I plead guilty voluntarily and with full understanding and knowledge of my rights. I specifically waive my right against self-incrimination for purposes of this plea. There have been no threats or promises made for the purpose of inducing me to enter a plea of guilty.

8. I understand the court may not accept a guilty plea without first determining that my plea is made voluntarily and intelligently and has a factual basis.

9. I understand that Iowa Rule of Criminal Procedure 2.8(2)(b) provides:

> The court may refuse to accept a plea of guilty and shall not accept a plea of guilty without first determining that the plea is made voluntarily and intelligently and has a factual basis.
> Before accepting a plea of guilty, the court must address the defendant personally in open court and inform the defendant of and determine that the defendant understands the following:
>
> (1) The nature of the charge to which the plea is offered;
>
> (2) The mandatory minimum punishment, if any, and the maximum possible punishment provided by the statute defining the offense to which the plea is offered;

(3) That a criminal conviction, deferred judgment, or deferred sentence may affect a Defendant's status under Federal Immigration Laws.

(4) That the defendant has the right to be tried by a jury, and at trial, has the right to assistance of counsel, the right to confront and cross-examine witnesses against the defendant, the right not to be compelled to incriminate oneself, and the right to present witnesses in the defendant's own behalf and to have compulsory process in securing their attendance.

(5) That if the defendant pleads guilty, there will not be a further trial of any kind so that by pleading guilty the defendant waives the right to a trial.

10. I also understand that the court may, in its discretion and with my approval, waive the procedure set out in Rule 2.8 in a plea of guilty to a Serious or Aggravated Misdemeanor.

11. I hereby approve of the court's waiving that procedure.

12. I understand that upon my plea of guilty, the Assistant Black Hawk County Attorney will recommend the following sentence: The Defendant shall receive a sixty (60) day jail sentence with all but four (4) days suspended and credit for time served. The aforementioned jail sentence may be served at the Fayette County Jail on weekends in forty-eight (48) hour increments and must be completed within ninety (90) days from the date of the Sentencing Order. The Defendant shall receive a fine in the amount of $625.00 plus all applicable costs and surcharges. The Defendant shall be placed on Self-Probation for a period of up to one (1) year with no further law violations. As additional terms of the aforementioned probation, the Defendant shall comply with all recommendations contained within the Substance Abuse Evaluation previously filed with the Court as well as successfully complete the Drinking Drivers Course and file certification with the Court within ninety (90) days from the date of the Sentencing Order.

JLW

13. I understand that if this plea agreement is not conditioned upon the court's concurrence, the judge has the sole discretion in sentencing. However, if this plea agreement is conditioned upon the court's concurrence and the judge does not accept the agreement, the judge

will allow me to withdraw this guilty plea.

14. This plea agreement is **not conditioned on the court's concurrence.**

15. I further understand that if I wish to challenge this guilty plea, I must file a motion in arrest of judgment no later than forty-five days after entry of my plea and also at least five days before the date set for sentencing, and that failure to do so file such challenges shall preclude the right to assert them on appeal. I also understand I have a right to a 15-day delay before being sentenced. I waive these rights and request that judgment and sentence be pronounced upon receipt of this plea.

16. I waive my right to be personally present in court for plea proceedings under Iowa Rule of Criminal Procedure 2.23 and my right to be present at sentencing. I waive my right to personally address the Court for purposes of allocution.

Re: **Notice of Civil Penalty**

VGM Group, Inc.

License/Permit No.: pending

Dear Licensing Authority:

State License Servicing, Inc. represents VGM Group, Inc. in the servicing of their state licenses. This letter shall serve as disclosure of receipt of a civil penalty for the above-referenced licensee.

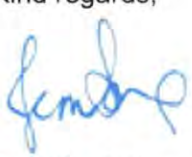
VGM Group, Inc. received a consent order from the Tennessee Board of Pharmacy imposing a civil penalty in the amount of one thousand two hundred dollars ($1,200.00). This civil penalty is a result of operating as a Third Party Logistics Provider in the state of Tennessee without holding a valid license. VGM Group, Inc. has submitted payment of the civil penalty

The final consent order was signed by the Tennessee Board of Pharmacy on December 2, 2020 and was mailed shortly after. United States Postal Service tracking shows that it was delivered on December 9, 2020, however VGM Group, Inc. has no record of receiving the document. On January 12, 2021, VGM Group, Inc. emailed the attorney for the Tennessee Board of Pharmacy regarding the consent order, which was then emailed directly to VGM Group, Inc. that same day.

Attached please find copies of the Consent Order regarding this matter.

If you need any additional information, please feel free to call or email me at the address below.

Kind regards,



Jennifer Schneider

CONSENT ORDER

Comes now the Division of Health Related Boards of the Tennessee Department of Health ("State"), by and through the Office of General Counsel, and VGM Group, Inc, located in Nashville, Tennessee ("VGM" or "Respondent"), and respectfully moves the Tennessee Board of Pharmacy ("Board") for approval of this Consent Order regarding Respondent's license to practice as a third-party logistic provider ("3PL") in the State of Tennessee.

I. Authority and Jurisdiction

The Board regulates and supervises pharmacies, pharmacists, pharmacy technicians, and pharmaceutical manufacturers, wholesalers, 3PLs, and distributors licensed to practice pursuant to the Tennessee Pharmacy Practice Act ("Practice Act"), Tennessee Code Annotated Section ("TENN. CODE ANN. §") 63-10-101, *et seq.*, including the discipline of licensees, as well as those who are required to be licensed, who violate the Practice Act and the Rules promulgated by the Board, Official Compilation of Rules and Regulations of the State of Tennessee ("TENN. COMP. R. & REGS."), 1140-01-.01, *et seq.* The Board enforces the Practice Act to promote and protect the health, safety and welfare of the public; accordingly, it is the policy of the Board to require strict compliance with the law and to apply the law to preserve the quality of pharmacy care provided in Tennessee.

II. Allegations of Fact

1. Respondent has been at all times pertinent hereto licensed by the Board as a 3PL in the State of Tennessee, having been granted license number 5783 on October 29, 2019, which currently expires on October 31, 2021.

2. At all times pertinent hereto, Respondent was located in Nashville, Tennessee.

3. In September of 2018, VGM began operations as a 3PL at 3046 Dickerson Pike, Nashville, Tennessee 37207. VGM applied for a 3PL license (with the Board) in September of 2019. VGM operated in this State without a proper 3PL license for a period of 12 months.

III. Stipulated Grounds for Discipline

4. The Board has the authority to revoke, suspend, or impose other lawful disciplinary action, including a civil penalty for any violation of the Practice Act and/or the Board's rules pursuant to TENN. CODE ANN. §63-10-305, and TENN. COMP. R. & REG. 1140-08-.01 [CIVIL PENALTIES].

5. The Stipulations of Fact are sufficient to establish that Respondent has violated the following statutes or rules which are part of the Act, TENN. CODE ANN. § 63-10-101, *et seq.* and TENN. COMP. R. & REGS., 1140-01-.01, *et seq.*, for which disciplinary action by the Board is authorized.

6. The facts stipulated in paragraph three constitute grounds for which the Board may discipline Respondent's license to practice as a 3PL pursuant to TENN. CODE ANN. § 63-10-305(8), the relevant portion of which reads as follows:

   Failed to comply with a... duly promulgated rule of the board.

7. The facts stipulated in paragraph three constitute grounds for which the Board may discipline Respondent's license to practice as a 3PL pursuant to TENN. COMP. R. & REGS., 1140-16-.02(1), the relevant portions of which provides as follows:

   Before any 3PL provides or coordinates warehousing or other logistics services within this state for a prescription drug and/or prescription device on behalf of a manufacturer, wholesale distributor, or dispenser the 3PL shall be licensed by the Board in accordance with this Chapter whether physically located within this state or outside this state. Where operations are conducted at more than one location, each such location shall be licensed by the Board. A warehouse

provided by a 3PL shall be inspected by the Board's inspector(s) or inspectors of the state where the warehouse is physically located prior to providing services.

IV. Stipulated Disposition

8. **NOW THEREFORE,** Respondent, for the purpose of avoiding further administrative action with respect to this cause, agrees to the following:

(a) Respondent agrees to pay a civil penalty in the amount of **one thousand two hundred dollars ($1,200).** This civil penalty represents $100 for each month VGM operated as a 3PL in this State without a valid license This civil penalty is due immediately upon the execution of this Consent Order. Payment shall be made by **certified check, cashier's check, or money order**, payable to the **State of Tennessee, Department of Health.** Any and all payments shall be forwarded to the **Disciplinary Coordinator, The Division of Health Related Boards, Tennessee Department of Health, 665 Mainstream Drive, Nashville, Tennessee 37243.** A notation shall be placed on said money order or such check that it is payable for the Assessment of Costs of VGM, case number 201905211.

9. Respondent understands the ratification of this Consent Order is a formal disciplinary action and may be reported to the National Practitioner Data Bank (N.P.D.B.) and/or similar agency. Respondent further understands that failure to comply with the terms of this Consent Order shall constitute grounds for disciplinary action.

V. Notice

10. The Respondent, by its signature to this Consent Order, waives the right to a contested case hearing and any and all rights to judicial review in this matter. Respondent agrees that presentation to and consideration of this Consent Order by the Board for ratification and all matters divulged during that process shall not constitute unfair disclosure such that the Board or any of its members shall be prejudiced to the extent that requires their disqualification from hearing this matter should this Consent Order not be ratified. Likewise, all matters, admissions

and statements disclosed or exchanged during the attempted ratification process shall not be used against the Respondent in any subsequent proceeding unless independently entered into evidence or introduced as admissions.

11. Respondent expressly waives all further procedural steps and expressly waives all rights to seek judicial review of or to challenge or contest the validity of this Consent Order. Respondent understands that by signing this Consent Order, Respondent is allowing the Board to issue this Consent Order without further process. In the event that the Board rejects this Consent Order for any reason, it will be of no force or effect for either party.

12. Should this Consent Order not be accepted by the Board, it is agreed that the presentation and consideration of this Consent Order shall not unfairly or illegally prejudice the Board or any of its members from further participation in or resolution of these proceedings, including a formal disciplinary hearing.

13. Furthermore, Respondent acknowledges that it understands the rights found in the Practice Act and the Uniform Administrative Procedures Act, Tenn. Code Ann. §§ 4-5-101 thru 4-5-404, including the right to a hearing on the Petition, the right to appear personally and by legal counsel, the right to confront and to cross-examine witnesses who would testify against Respondent, the right to testify and to present evidence on Respondent's own behalf, as well as the right to appeal for judicial review.

14. Respondent freely, voluntarily, knowingly, and intelligently waives each and every right set forth in paragraph thirteen, above.

15. Respondent understands and freely, voluntarily, knowingly, and intelligently admits the allegations, charges, and stipulations in this Consent Order.

16. Respondent agrees that facsimile/PDF copies of this Consent Order, including facsimile/PDF signatures thereto, shall have the same force and effect as originals.

17. Respondent agrees that it has not received any threats or promises of any kind by the State or any

agent or representative thereof, except such as is detailed herein.

18. A violation of this Consent Order shall constitute a separate violation of the Pharmacy Practice Act, TENN. CODE ANN. § 63-10-305(8), and is grounds for further disciplinary action by the Board.

Re: **Notice of Civil Penalty**

VGM Group, Inc.

License/Permit No.: pending

Dear Licensing Authority:

State License Servicing, Inc. represents VGM Group, Inc. in the servicing of their state licenses. This letter shall serve as disclosure of receipt of a civil penalty for the above-referenced licensee.

VGM Group, Inc. received a consent order from the Tennessee Board of Pharmacy imposing a civil penalty in the amount of one thousand two hundred dollars ($1,200.00). This civil penalty is a result of operating as a Third Party Logistics Provider in the state of Tennessee without holding a valid license. VGM Group, Inc. has submitted payment of the civil penalty

The final consent order was signed by the Tennessee Board of Pharmacy on December 2, 2020 and was mailed shortly after. United States Postal Service tracking shows that it was delivered on December 9, 2020, however VGM Group, Inc. has no record of receiving the document. On January 12, 2021, VGM Group, Inc. emailed the attorney for the Tennessee Board of Pharmacy regarding the consent order, which was then emailed directly to VGM Group, Inc. that same day.

Attached please find copies of the Consent Order regarding this matter.

If you need any additional information, please feel free to call or email me at the address below.

CONSENT ORDER

Comes now the Division of Health Related Boards of the Tennessee Department of Health ("State"), by and through the Office of General Counsel, and VGM Group, Inc, located in Nashville, Tennessee ("VGM" or "Respondent"), and respectfully moves the Tennessee Board of Pharmacy ("Board") for approval of this Consent Order regarding Respondent's license to practice as a third-party logistic provider ("3PL") in the State of Tennessee.

I. Authority and Jurisdiction

The Board regulates and supervises pharmacies, pharmacists, pharmacy technicians, and pharmaceutical manufacturers, wholesalers, 3PLs, and distributors licensed to practice pursuant to the Tennessee Pharmacy Practice Act ("Practice Act"), Tennessee Code Annotated Section ("TENN. CODE ANN. §") 63-10-101, *et seq*., including the discipline of licensees, as well as those who are required to be licensed, who violate the Practice Act and the Rules promulgated by the Board, Official Compilation of Rules and Regulations of the State of Tennessee ("TENN. COMP. R. & REGS."), 1140-01-.01, *et seq*. The Board enforces the Practice Act to promote and protect the health, safety and welfare of the public; accordingly, it is the policy of the Board to require strict compliance with the law and to apply the law to preserve the quality of pharmacy care provided in Tennessee.

II. Allegations of Fact

1. Respondent has been at all times pertinent hereto licensed by the Board as a 3PL in the State of Tennessee, having been granted license number 5783 on October 29, 2019, which currently expires on October 31, 2021.

2. At all times pertinent hereto, Respondent was located in Nashville, Tennessee.

3 In September of 2018, VGM began operations as a 3PL at 3046 Dickerson Pike, Nashville, Tennessee 37207. VGM applied for a 3PL license (with the Board) in September of 2019. VGM operated in this State without a proper 3PL license for a period of 12 months.

III. Stipulated Grounds for Discipline

4. The Board has the authority to revoke, suspend, or impose other lawful disciplinary action, including a civil penalty for any violation of the Practice Act and/or the Board's rules pursuant to TENN. CODE ANN. §63-10-305, and TENN. COMP. R. & REG. 1140-08-.01 [CIVIL PENALTIES].

5. The Stipulations of Fact are sufficient to establish that Respondent has violated the following statutes or rules which are part of the Act, TENN. CODE ANN. § 63-10-101, *et seq.* and TENN. COMP. R. & REGS., 1140-01-.01, *et seq.*, for which disciplinary action by the Board is authorized.

6. The facts stipulated in paragraph three constitute grounds for which the Board may discipline Respondent's license to practice as a 3PL pursuant to TENN. CODE ANN. § 63-10-305(8), the relevant portion of which reads as follows:

Failed to comply with a... duly promulgated rule of the board.

7 The facts stipulated in paragraph three constitute grounds for which the Board may discipline Respondent's license to practice as a 3PL pursuant to TENN. COMP. R. & REGS., 1140-16-.02(1), the relevant portions of which provides as follows:

Before any 3PL provides or coordinates warehousing or other logistics services within this state for a prescription drug and/or prescription device on behalf of a manufacturer, wholesale distributor, or dispenser the 3PL shall be licensed by the Board in accordance with this Chapter whether physically located within this state or outside this state. Where operations are conducted at more than one location, each such location shall be licensed by the Board. A warehouse

provided by a 3PL shall be inspected by the Board's inspector(s) or inspectors of the state where the warehouse is physically located prior to providing services.

IV. Stipulated Disposition

8. **NOW THEREFORE,** Respondent, for the purpose of avoiding further administrative action with respect to this cause, agrees to the following:

(a) Respondent agrees to pay a civil penalty in the amount of **one thousand two hundred dollars ($1,200).** This civil penalty represents $100 for each month VGM operated as a 3PL in this State without a valid license This civil penalty is due immediately upon the execution of this Consent Order. Payment shall be made by **certified check, cashier's check, or money order**, payable to the **State of Tennessee, Department of Health**. Any and all payments shall be forwarded to the **Disciplinary Coordinator, The Division of Health Related Boards, Tennessee Department of Health, 665 Mainstream Drive, Nashville, Tennessee 37243.** A notation shall be placed on said money order or such check that it is payable for the Assessment of Costs of VGM, case number 201905211.

9. Respondent understands the ratification of this Consent Order is a formal disciplinary action and may be reported to the National Practitioner Data Bank (N.P.D.B.) and/or similar agency. Respondent further understands that failure to comply with the terms of this Consent Order shall constitute grounds for disciplinary action.

V. Notice

10. The Respondent, by its signature to this Consent Order, waives the right to a contested case hearing and any and all rights to judicial review in this matter. Respondent agrees that presentation to and consideration of this Consent Order by the Board for ratification and all matters divulged during that process shall not constitute unfair disclosure such that the Board or any of its members shall be prejudiced to the extent that requires their disqualification from hearing this matter should this Consent Order not be ratified. Likewise, all matters, admissions

and statements disclosed or exchanged during the attempted ratification process shall not be used against the Respondent in any subsequent proceeding unless independently entered into evidence or introduced as admissions.

11. Respondent expressly waives all further procedural steps and expressly waives all rights to seek judicial review of or to challenge or contest the validity of this Consent Order. Respondent understands that by signing this Consent Order, Respondent is allowing the Board to issue this Consent Order without further process. In the event that the Board rejects this Consent Order for any reason, it will be of no force or effect for either party.

12. Should this Consent Order not be accepted by the Board, it is agreed that the presentation and consideration of this Consent Order shall not unfairly or illegally prejudice the Board or any of its members from further participation in or resolution of these proceedings, including a formal disciplinary hearing.

13. Furthermore, Respondent acknowledges that it understands the rights found in the Practice Act and the Uniform Administrative Procedures Act, Tenn. Code Ann. §§ 4-5-101 thru 4-5-404, including the right to a hearing on the Petition, the right to appear personally and by legal counsel, the right to confront and to cross-examine witnesses who would testify against Respondent, the right to testify and to present evidence on Respondent's own behalf, as well as the right to appeal for judicial review.

14. Respondent freely, voluntarily, knowingly, and intelligently waives each and every right set forth in paragraph thirteen, above.

15. Respondent understands and freely, voluntarily, knowingly, and intelligently admits the allegations, charges, and stipulations in this Consent Order.

16. Respondent agrees that facsimile/PDF copies of this Consent Order, including facsimile/PDF signatures thereto, shall have the same force and effect as originals.

17. Respondent agrees that it has not received any threats or promises of any kind by the State or any

agent or representative thereof, except such as is detailed herein.

18. A **violation** of this Consent Order shall constitute a **separate violation** of the Pharmacy Practice Act, TENN. CODE ANN. § 63-10-305(8), and is grounds for further disciplinary action by the Board.

VGM Group, Inc.

License/Permit No.: pending

Dear Licensing Authority:

State License Servicing, Inc. represents VGM Group, Inc. in the servicing of their state licenses. This letter shall serve as disclosure of receipt of a civil penalty for the above-referenced licensee.

VGM Group, Inc. received a consent order from the Tennessee Board of Pharmacy imposing a civil penalty in the amount of one thousand two hundred dollars ($1,200.00). This civil penalty is a result of operating as a Third Party Logistics Provider in the state of Tennessee without holding a valid license. VGM Group, Inc. has submitted payment of the civil penalty

The final consent order was signed by the Tennessee Board of Pharmacy on December 2, 2020 and was mailed shortly after. United States Postal Service tracking shows that it was delivered on December 9, 2020, however VGM Group, Inc. has no record of receiving the document. On January 12, 2021, VGM Group, Inc. emailed the attorney for the Tennessee Board of Pharmacy regarding the consent order, which was then emailed directly to VGM Group, Inc. that same day.

Attached please find copies of the Consent Order regarding this matter.

If you need any additional information, please feel free to call or email me at the address below.

CONSENT ORDER

Comes now the Division of Health Related Boards of the Tennessee Department of Health ("State"), by and through the Office of General Counsel, and VGM Group, Inc, located in Nashville, Tennessee ("VGM" or "Respondent"), and respectfully moves the Tennessee Board of Pharmacy ("Board") for approval of this Consent Order regarding Respondent's license to practice as a third-party logistic provider ("3PL") in the State of Tennessee.

I. Authority and Jurisdiction

The Board regulates and supervises pharmacies, pharmacists, pharmacy technicians, and pharmaceutical manufacturers, wholesalers, 3PLs, and distributors licensed to practice pursuant to the Tennessee Pharmacy Practice Act ("Practice Act"), Tennessee Code Annotated Section ("TENN. CODE ANN. §") 63-10-101, *et seq.*, including the discipline of licensees, as well as those who are required to be licensed, who violate the Practice Act and the Rules promulgated by the Board, Official Compilation of Rules and Regulations of the State of Tennessee ("TENN. COMP. R. & REGS."), 1140-01-.01, *et seq.* The Board enforces the Practice Act to promote and protect the health, safety and welfare of the public; accordingly, it is the policy of the Board to require strict compliance with the law and to apply the law to preserve the quality of pharmacy care provided in Tennessee.

II. Allegations of Fact

1. Respondent has been at all times pertinent hereto licensed by the Board as a 3PL in the State of Tennessee, having been granted license number 5783 on October 29, 2019, which currently expires on October 31, 2021.

2. At all times pertinent hereto, Respondent was located in Nashville, Tennessee.

3 In September of 2018, VGM began operations as a 3PL at 3046 Dickerson Pike, Nashville, Tennessee 37207. VGM applied for a 3PL license (with the Board) in September of 2019. VGM operated in this State without a proper 3PL license for a period of 12 months.

III. Stipulated Grounds for Discipline

4. The Board has the authority to revoke, suspend, or impose other lawful disciplinary action, including a civil penalty for any violation of the Practice Act and/or the Board's rules pursuant to TENN. CODE ANN. §63-10-305, and TENN. COMP. R. & REG. 1140-08-.01 [CIVIL PENALTIES].

5. The Stipulations of Fact are sufficient to establish that Respondent has violated the following statutes or rules which are part of the Act, TENN. CODE ANN. § 63-10-101, *et seq.* and TENN. COMP. R. & REGS., 1140-01-.01, *et seq.*, for which disciplinary action by the Board is authorized.

Written records of investigations into unexplained discrepancies do not always include the conclusions and follow-up.

For example:

a) An investigation (DEV 20-020, July 2020) concerning the leaking of finished and filled syringes in Ketamine HCL 10 mg/ml, 5 ml in a 5 ml syringe lot 20101057A, discovered during visual inspection of filled drug product, did not fully pursue root cause to determine adequacy of container and closure system integrity for marketed sterile drug products and specifically why filled syringes were found leaking. Per the investigation, "The most probable root cause for product leaking beyond the plunger stoppers in 178 syringes for lot 20101057A is materials [the syringe]." ..." [STAQ] Method and machinery are possible contributing factors..."

b) Visual inspection results of filled syringes were found to contain extraneous unidentified visible materials (particles) during 100% visual inspection processes, but no investigation was opened to identify the foreign materials, determine root cause as to how visible substances are found in a drug that is sterile filtered and containerized/filled in a HEPA filtered (ISO 5) environment, and prevent recurrence. For example, the following lots were found with some syringes containing foreign substances:

i) Ketamine HCL 10 mg/ml lot 20101057A 5 ml fill in a 5 ml syringe found 7 syringes containing particles in June 2020.

OBSERVATION 2

Procedures designed to prevent microbiological contamination of drug products purporting to be sterile did not include adequate validation of the aseptic process.

For example:

a) The Smoke Study performed in Production Room D is not adequate to show production areas have unidirectional airflow, as the Study shows detection of some instances where there is turbulence.

I) The Smoke Study in the ISO 5 hood in Room D shows that air (smoke) rises towards the ceiling in areas adjacent to the ISO 5 Hood instead of cascading towards the floor where uptakes are located, indicating turbulence instead of unidirectional airflow. Turbulence is also indicated in areas where ISO 5 air meets ISO 7 air.

II) The ISO 7 area, where the ISO 5 hood is located, was not fully included in the Smoke Study to demonstrate air flow adequacy and impact on the ISO 5 environment. The hood generates horizontally directed (ISO 5) air and is open to the ISO 7 environment which produces vertically (downward) flowing air.

The Smoke Study video shows the following from the hood in Production Room D:

i) At 00:37-00:40 there is turbulence

c) Your media fills were not performed under the most challenging or stressful conditions. For example:

-Media Fill (Process Simulation) does not include processing media in the formulation/mixing bag (a process step prior to sterile filtering).

OBSERVATION 3

Aseptic processing areas are deficient regarding the system for monitoring environmental conditions.

For example:

a) Media plates used for detecting microbes (in ISO 5 hood areas during filling) with active air sampling do not contain neutralizing agents to ensure detection and growth of microbes in the presence of disinfecting agents utilized in the filling room.

b) There is no environmental monitoring of aseptic setup in ISO 5 hood areas, i.,e., no viable (air and personnel) and no particle monitoring.

OBSERVATION 4

Aseptic processing areas are deficient regarding the system for cleaning and disinfecting the room and equipment to produce aseptic conditions.

Specifically, classified area disinfecting procedures (SOP 201 Classified Area Cleaning) do not ensure contact times are accomplished, there is no contact time established for isopropyl alcohol (IPA), and there is nothing in the procedure determining how much area can be wiped with a single mop surface or hand wipe surface. For example, it was observed on 8/27/2020, as a regular practice, that the Operator used the same hand wipe surface to disinfect multiple production surfaces within the same ISO area.

OBSERVATION 5

The labels of your outsourcing facility's drug products are deficient.

The templated labels received of your outsourcing facility's drug products does not include information required by section 503B(a)(10)(A) and 503B(a)(10)(B). Specifically, the dosage form of the product, such as "Injection" for the IV formulations, was missing. Some examples include:

1. Fentanyl Citrate 100 mcg/2ml
2. Fentanyl Citrate 250 mcg/5ml
3. Fentanyl Citrate 1000 mcg/20ml
4. Hydromorphone HCL 0.4mg/2ml

Ref: FDA Form 483 dated September 3, 2020
FEI: 3015144909

Dear Ms. Mitchell,

This letter is our third 30-day update to our initial response (original response sent on 16 September 2020, followed by a first 30-day response on 16 October 2020, and a second 30-day response on 16 November 2020) to the FDA Form 483 issued to STAQ Pharma on 03 September 2020.

STAQ Pharma has implemented corrective actions, revised Standard Operating Procedures, and trained its personnel based on STAQ's responses to the 483 Observations. STAQ Pharma believes the corrective actions that have been implemented address the FDA's observations on the Form 483 issued on 03 September 2020. This will be STAQ Pharma's final response to the FDA Form 483 issued on 03 September 2020 unless otherwise requested or directed by the FDA.

This document has been updated specifically to respond to Observation 4 from the FDA Form 483 in the same order found in the FDA Form 483. The investigator's observation is restated in bold, and the STAQ response and update follows. To assist the reader in finding the response to Observation 4, we have highlighted that portion of the document.

Safety Availability Quality

Observation 1 – Written records of investigations into unexplained discrepancies do not always include the conclusions and follow-up.

STAQ's response to Observation 1:

16 September 2020 – Initial Response

- Revised SOP322 Rev. C "Deviations and Investigations".

16 October 2020 - Update

- Attachment #11 is the group training form for Revision C, as committed to in the initial response. This will complete our observation response as originally committed.

For example: (1a),

a) An investigation (DEV 20-020, July 2020) concerning the leaking of finished and filled syringes in Ketamine HCL 10 mg/ml, 5 ml in a 5 ml syringe lot 20101057A, discovered during visual inspection of filled drug product, did not fully pursue root cause to determine adequacy of container and closure system integrity for marketed sterile drug products and specifically why filled syringes were found leaking. Per the investigation, "The most probable root cause for product leaking beyond the plunger stoppers in 178 syringes for lot 20101057A is materials [the syringe]." ..." [STAQ] Method and machinery are possible contributing factors..."

STAQ's response to Observation 1a:

16 September 2020 – Initial Response

- The investigation concluded that a specific lot of syringes were a concern regarding leakage.
- All syringes identified with leakages were rejected and not released, as per our 100% Visual Inspection process.
- The specific lot of BD syringes have been quarantined and a complaint (STAQ complaint #1791670) was filed with Becton Dickinson, the manufacturer of the syringes, on 26 August 2020 to request that BD investigate the cause of the failure. This has been the only lot of BD syringes that has resulted in this type of defect.
    - We are awaiting the manufacturer's response. A follow-up to BD will be made if a response is not received within 30 days.
- Simultaneously, CAPA-20-006 has been initiated on 09 September 2020 to continue to investigate and address the leakage issue and determine if additional steps are required by STAQ Pharma. See Attachment 3 for CAPA Initiation Copy.
- An update on CAPA-20-006 will be provided in the first 30-day STAQ Pharma update to this response.

16 October 2020 – Update

- CAPA-20-006 Update:
    - CAPA-20-006 was initiated on 09 September 2020.
    - Investigational test protocol PRT-2020-042 was written and executed to further investigate the root cause of the leaking syringes. The protocol challenged the syringes, filling method, and filling equipment to reproduce the leaking syringe defect.
        - Intentional mishandling of the syringes during the capping process led to a noticeable failure rate.
        - No leaks were observed when the capping process included properly handling the syringe.
        - Leaks were produced in the syringe lot used in Batch #20101057A (9 out of 25), and a randomly selected lot of the same syringe (18 out of 25).
    - The investigation identified additional instructions are necessary to ensure the proper syringe capping process in standard operating procedures.
        - SOP305, Cleanroom Behavior and Aseptic Technique, will be updated to provide guidance and procedures on handling, storage, and transfer of filled syringes.

    - WI200, Operation of Manual Syringe Filler System, will be updated to include instructions on proper capping technique for syringes (e.g. handling only by the syringe barrel and avoiding contact with the plunger).
  - CAPA-20-006 is scheduled for completion by 30 October 2020; notification of closure to be included in next update.
- Batch Release Justification for Batch #20101057A
  - STAQ has a 100% visual inspection process, all leaked syringes were discovered, removed, investigated, and destroyed.
  - All release testing for the Batch met acceptance criteria.
  - Batch released on 02 July 2020.
  - STAQ reviewed and confirmed all Batch release data both prior to release and again, after the Inspection Observation.
  - No customer complaints received to date about leaking syringes.
  - STAQ visually inspected all retained samples for all lots released to date noting none had any leaking issues.
- STAQ Pharma sent Becton Dickinson (BD) a complaint on 26 August 2020 regarding BD 5mL syringe lot 200228-08. Syringe samples from lot 200228-08 were submitted to BD for analysis on 03 September 2020. Becton Dickson communicated to STAQ Pharma via e-mail, on Tuesday, 22 September 2020 and stated that an update will be provided the week of 12 October 2020. If no communication is received by the end of the week of 12 October 2020, STAQ will send a communication to Becton Dickinson on 19 October 2020 requesting an update and status.

16 November 2020 – Update

- CAPA-20-006 has been executed and approved for closure.
  - The root cause identified for the leaked syringes (via protocol PRT-20-042 execution) was improper handling of filled syringes during the capping process when any improper force is applied on a filled syringe plunger that can compromise the plunger stopper.
  - The following corrective actions were implemented:
    - SOP305, Cleanroom Behavior and Aseptic Technique updated to include instructions on handling syringes to ensure proper handling.
    - WI200, Operation of Manual Syringe Filler System updated to include instructions for capping syringes by only handling the barrel of the syringe.
  - An effectiveness check will be executed as per the following:
    - The STAQ Quality Team will confirm that no syringes have leaks at the syringe plunger for the next 10 batches of syringes manufactured after completion of CAPA. Any recurrence of leaking syringes will be investigated to determine the root cause.
    - The STAQ Quality Team will ensure that defects are investigated as per the new form SOP207-F4 "Defect Inspection Form".
  - On 10 Nov 2020, Becton Dickinson (manufacturer of the syringe) sent STAQ a Closure Letter with their summary of their investigation into our leaking syringes complaint. Copy of the letter is attached to the CAPA.
  - Our Investigation process was further enhanced by revising SOP322 to ensure use of quality tools in the investigation process, identifying and evaluating all potential root causes, enacting appropriate corrective actions, and ensuring effectiveness of those actions.
  - See Attachment 14 for closed CAPA and supporting documentation.

For example: (1b)

b) Visual inspection results of filled syringes were found to contain extraneous unidentified visible materials (particles) during 100% visual inspection processes, but no investigation was opened to

identify the foreign materials, determine root cause as to how visible substances are found in a drug that is sterile filtered and containerized/filled in a HEPA filtered (ISO 5) environment, and prevent recurrence. For example, the following lots were found with some syringes containing foreign substances:

i) **Ketamine HCL 10 mg/ml lot 20101057A 5 ml fill in a 5 ml syringe found 7 syringes containing particles in June 2020.**
ii) **Hydromorphone HCL 0.2 mg/ml lot 20104056A 2 ml fill in a 3 ml syringe found 1 syringe containing a particle in June 2020.**
iii) **Morphine Sulfate 1 mg/ml lot 20105064A 2 ml fill in a 3 ml syringe found 1 syringe containing a particle in July 2020.**
iv) **Hydromorphone HCL 0.2 mg/ml lot 20104090A 50 ml fill in a 50 ml syringe found 1 syringe containing a particle in August 2020.**

STAQ's response to Observation 1b:

16 September 2020 – Initial Response

- STAQ Pharma, as part of our 100% visual inspection process (aligned to FDA 503B Guidance and USP 790 "Visual Particulates in Injections"), rejected all syringes identified with particles.
- The visual inspection process, at the time the rejections were completed, did not require any immediate investigation as the identified syringes were immediately rejected.
- We agree that our process requires enhancement to investigate the root cause of identified rejects.
- CAPA-20-005 has been initiated on 31 August 2020 to address and resolve the particle issue listed above and determine if additional steps are required by STAQ Pharma. See Attachment 4 for CAPA Initiation Copy.
    - Additionally, STAQ is evaluating the visual inspection reject process to ensure defects are properly classified, identified, investigated to determine root cause, and resolved.
- An update on CAPA-20-005 will be provided in the first 30-day STAQ Pharma update to this response.

16 October 2020 - Update

- CAPA-20-005 Update:
    - SOP207, Visual Inspection Procedure, Section 7, required enhancement relative to triggering an investigation of particles.
    - SOP207, Visual Inspection Procedure, is under revision. The following updates are included in the revision:
        - Reclassification of defects to ensure the classification level (i.e. critical, major, minor) is commensurate with the risk presented by the defect. Particles are now classified as critical defects.
        - Addition of inspection step for review of critical defects after 100% visual inspection. Investigation and characterization are required for unexplained critical defects, which will be used to drive root cause analysis to eliminate the source of the unexplained critical defect.
    - CAPA-20-005 is scheduled for completion by 30 October 2020; notification of closure to be included in next update.
- Batch Release Justification for Batch #20101057A
    - With 100% visual inspection process, all syringes with particles were discovered, removed, and destroyed per procedure at the time of discovery.
    - All release testing met acceptance criteria.
    - Batch released on 02 July 2020.
    - No customer complaint received to date about syringes with particles.
- Batch Release Justification for Batch #20104056A
    - With 100% visual inspection process, one syringe with particle was discovered, removed, and destroyed per procedure at the time of discovery.

- All release testing met acceptance criteria.
- Batch released on 29 June 2020.
- No customer complaint received to date about syringes with particles.

- Batch Release Justification for Batch #20105064A
  - With 100% visual inspection process, one syringe with particle was discovered, removed, and destroyed per procedure at the time of discovery.
  - All release testing met acceptance criteria.
  - Batch released on 14 July 2020.
  - No customer complaint received to date about syringes with particles.
- Batch Release Justification for Batch #20104090A
  - With 100% visual inspection process, one syringe with particle was discovered and removed to further investigate as per FDA inspectional observation around the time of batch production.
    - Driven by CAPA-20-005, STAQ evaluated all potential laboratory options and expertise on the issue of particle identification. STAQ selected McCrone Associates and the syringe was sent to McCrone Associates (Westmont, IL) on 02 October 2020 for further analysis and to help build our internal reject library. The syringe in question is a DEA controlled substance and therefore required special and specific procedures to be in place at McCrone Associates prior to sending. McCrone Associates has indicated that STAQ will receive a 30-day turnaround of McCrone's analysis.
    - See Attachment 12 for project scope, shipping receipt, and receiving receipt.
  - All release testing met acceptance criteria.
  - Batch released on 21 September 2020.
  - No customer complaint received to date about syringes with particles.

16 November 2020 – Update

- CAPA-20-005 has been executed and approved for closure.
  - The root cause into the absence of investigations of particles observed in lots 20101057A, 20104056A, 20105064A, and 20104090A was that the visual inspection program only triggered investigations if the overall defect rate exceeded 10%. This has been changed as is noted below.
  - The following corrective actions were implemented:
    - SOP207, Visual Inspection Procedure, revised to ensure all defects are investigated. Quality Unit inspection and investigation of all defects will occur via new form, SOP207-F4, Defect Inspection Form.
    - The STAQ Quality Team is building a defect library using analysis reports from an external laboratory. McCrone's Associates has been selected to help with initial particle identification, when appropriate.
  - An effectiveness check will be executed as per the following:
    - The STAQ Quality Team shall verify that defects found at visual inspection are investigated in the first 10 batches after SOP207 revision D is made effective. Batch records and deviation initiation reports will be reviewed to confirm.
    - The STAQ Quality Team will ensure that defects are investigated as per the new form SOP207-F4 "Defect Inspection Form".
  - Our Investigation process was further enhanced by revising SOP322 to ensure use of quality tools in the investigation process, identifying and evaluating all potential root causes, enacting appropriate corrective actions, and ensuring effectiveness of those actions
  - See Attachment 15 for closed CAPA and supporting documentation.

Observation 2 - Procedures designed to prevent microbiological contamination of drug products purporting to be sterile did not include adequate validation of the aseptic process.

For example: (2a)

S·T·A·Q PHARMA
Safety Availability Quality

a) The Smoke Study performed in Production Room D is not adequate to show production areas have unidirectional airflow, as the Study shows detection of some instances where there is turbulence.

I) The Smoke Study in the ISO 5 hood in Room D shows that air (smoke) rises towards the ceiling in areas adjacent to the ISO 5 Hood instead of cascading towards the floor where uptakes are located, indicating turbulence instead of unidirectional airflow. Turbulence is also indicated in areas where ISO 5 air meets ISO 7 air.

II) The ISO 7 area, where the ISO 5 hood is located, was not fully included in the Smoke Study to demonstrate air flow adequacy and impact on the ISO 5 environment. The hood generates horizontally directed (ISO 5) air and is open to the ISO 7 environment which produces vertically (downward) flowing air.

The Smoke Study video shows the following from the hood in Production Room D:

i) At 00:37-00:40 there is turbulence
ii) At 00:50-00:54 there is turbulence
iii) At 01:33-01:47 there is air rising upwards
iv) At 02:03-02:07 there is turbulence

STAQ's response to Observation 2a:

16 September 2020 – Initial Response

- While we believe the provided smoke studies (via Protocol # PRT-2019-0059.A-FR) were adequate, performed under dynamic conditions, and demonstrated adequate airflow with no ingress back into ISO 5 space, we agree that it would be beneficial to have smoke studies in the ISO 7 room to provide additional evidence that the ISO 5 environment is not disrupted by any air flow from the ceiling HEPA filters.
- We have scheduled new smoke studies which will be executed the week of 14 September 2020; with smoke study videos finalized by mid-October 2020.
- We will provide a final report of these studies, along with the appropriate analysis, no later than 31 October 2020.

16 October 2020 - Update

- STAQ has scheduled smoke studies with an out-of-state company called Accutek. Due to scheduling conflicts, they are scheduled to video our production room D the week of 26 October 2020. We intend to use that work to finalize our final report tentatively on or before 31 Oct 2020 as originally scheduled. We will send a final response on this observation (including final report and associated video) during our 16 November 2020 update.

16 November 2020 – Update

- STAQ has re-executed its smoke studies via Protocol PRT-20-045 "Dynamic Smoke Study Visualization of Manual Syringe Filling Process in Production Room D (RM 144)".
- Smoke Study Final Report (PRT-20-045.A-FR), and video, confirms:
  - ISO 5 hood is operating properly;
    - Unidirectional air flows from the ISO 5 HEPA face, across the processing area, to the ISO 7 room, as designed. (see video – Activity 1)
    - After exiting the ISO 5 hood, horizontally moving air is directed downward toward the low-wall returns by the ceiling-mounted HEPA filters in the ISO 7 room. (see video – Activity 1)
  - Smoke study videos indicate the unidirectional air flows into the ISO 7 space and does not reflux back into the ISO 5 (see video – Activity 2)

Confidential

- See Attachment 16, Smoke Study Final Report (PRT-20-045.A-FR), for the full conclusions.
- See Attachment 17 for Smoke Study Video (USB drive sent directly to Capt. Dionne).

For example: (2b)

b) Transfer of items from ISO 7 to ISO 5 are transferred directly, not fully in an aseptic manor. For example, the formulation bag, syringes and caps are transferred directly without an aseptic step at the point of transfer from ISO 7 to ISO 5.

STAQ's response to Observation 2b:

16 September 2020 – Initial Response

- STAQ agrees that this transfer could be improved, however the following should be noted:
  - For all items entering the ISO 7 room, there is an aseptic wipe down in the pass through to the ISO 7 room.
  - The items prior to entry to the ISO 5 environment are again wiped with a sterile IPA wipe. The issue which we agree can be improved is that this wipe down is taking place as the secondary operator is moving the item from the stainless steel table to the ISO 5 environment (all within the ISO 7 room) and not directly adjacent to the ISO 5 hood.
- STAQ has revised SOP305 Rev. B "Cleanroom Behavior and Aseptic Technique" effective on 9/1/20.
  - The SOP was revised to specify the wiping of items going from ISO 7 to the plane of ISO 5 area (with a sterile wipe saturated with sterile 70% IPA) shall occur in immediate proximity to ISO 5.
  - The revised SOP is attached in Attachment 5 – SOP305 Rev. B "Cleanroom Behavior and Aseptic Technique".

16 October 2020 - Update

- Attachment 11 is the group training form for Revision B, as committed to in the initial response. This will complete our observation response as originally committed.

For example: (2c)

c) Your media fills were not performed under the most challenging or stressful conditions. For example: Media Fill (Process Simulation) does not include processing media in the formulation/mixing bag (a process step prior to sterile filtering).

STAQ's response to Observation 2c:

16 September 2020 – Initial Response

- STAQ followed the Parenteral Drug Association's *Points to Consider for Aseptic Processing, Part 2, May 2016* (Attachment 6) which states "The aseptic process simulation begins post-sterilization of materials and components…".
- However, STAQ agrees that incorporating the formulation bag into the Media Fill (Process Simulation) would be a process improvement, and as such, has revised:
  - SOP304 Rev. B "Aseptic Process Simulation (Media Fill)" has been revised accordingly to incorporate the formulation bag. See Attachment 7 for the revised document.
  - This change will be implemented during the next Aseptic Media Fill (Process Simulation), which is scheduled for February 2021.

16 October 2020 – Update

- Attachment 11 is the group training form for Revision B, as committed to in the initial response. This will complete our observation response as originally committed.

Observation 3 - Aseptic processing areas are deficient regarding the system for monitoring environmental conditions.

For example: (3a)

a) Media plates used for detecting microbes (in ISO 5 hood areas during filling) with active air sampling do not contain neutralizing agents to ensure detection and growth of microbes in the presence of disinfecting agents utilized in the filling room.

STAQ's response to Observation 3a:
16 September 2020 – Initial Response

- STAQ utilizes plates containing neutralizing agents for surface sampling, fingertip sampling, and gowning sampling (via RODAC plates) and for glove sampling (via 100mm plates).
- While STAQ agrees on the contact plates (gloves, personnel and surface) having the appropriate neutralizers and we do incorporate such neutralizers, we are unaware of any guidance or regulation that would require such neutralizer in the stationary air sampler in the ISO 5 environment.
- Having said that, we are moving to incorporate such plates in the stationary sampler with neutralizer. We anticipate this will be incorporated by 01 October 2020. We will further advise on the exact timing in the first 30-day update to this response.

16 October 2020 - Update

- STAQ is currently utilizing plates containing neutralizing agents for viable air sampling; as committed to in the initial response. This will complete our observation response as originally committed.

For example: (3b)

b) There is no environmental monitoring of aseptic setup in ISO 5 hood areas, i.e. no viable (air and personnel) and no particle monitoring.

STAQ's response to Observation 3b
16 September 2020 – Initial Response

- STAQ adheres to FDA 503B CGMP Revised Draft Guidance, as stated in Line 401, "*Include at least daily monitoring of the ISO 5 zone during operations*" and conducts continuous monitoring throughout the aseptic processing of product.
- STAQ has re-reviewed our current process to verify that all aseptic activities are included in our environmental monitoring of the batch and have determined that our terminal filling connection (during setup) would be appropriate for inclusion in our environmental monitoring for each commercial batch.
- We will revise all batch records, to include this change, by 30 September 2020. We will provide the documentation in the first 30-day update to this response.

16 October 2020 - Update

- STAQ has revised all batch records to include the terminal filling connection in our environmental monitoring for each commercial batch. Attached (see Attachment 13) are copies of pages in STAQ batch records that applies to this issue. This will complete our observation response as originally committed.

Observation 4 - Aseptic processing areas are deficient regarding the system for cleaning and disinfecting the room and equipment to produce aseptic conditions.

Specifically, classified area disinfecting procedures (SOP 201 Classified Area Cleaning) do not ensure contact times are accomplished, there is no contact time established for isopropyl alcohol (IPA), and there is nothing in the procedure determining how much area can be wiped with a single mop surface or hand wipe surface. For example, it was observed on 8/27/2020, as a regular practice, that the Operator used the same hand wipe surface to disinfect multiple production surfaces within the same ISO area.

STAQ's response to Observation 4

16 September 2020 – Initial Response

- STAQ Pharma's SOP201 (Rev. C) "Classified Area Cleaning" does include contact times for cleaning products we currently use.
- As for the contact time for Isopropyl Alcohol (IPA), we are consistent with aseptic process for gloves by stating "until dry".
  - Additionally, the primary operator (who is operating within the ISO 5 space) must sanitize his or her sterile gloves with sterile IPA every time the gloved hands exit the ISO 5 space. The gloves are thoroughly wetted. The gloved hands are then rubbed together to dry the gloves (avoiding rapid movements). Once dry, the operator can then return to ISO 5 space.
- STAQ has initiated CAPA-20-007 on 10 September 2020 to further evaluate our current cleaning process related to contact times and wiping process and determine if additional steps are required by STAQ Pharma.
- See Attachment 8 for CAPA Initiation Copy.
- An update on CAPA-20-007 will be provided in the first 30-day STAQ Pharma update to this response.

16 October 2020 - Update

- CAPA-20-007 Update:
  - CAPA is on-going and we expect to complete by the end of November 2020.
  - STAQ has involved manufacturers of the cleaning products in its CAPA work to confirm appropriate contact times for each cleaning agent as used in the facility and the environment it is used in (e.g. ISO 5, ISO 7, ISO 8, etc.).
  - STAQ is developing an investigational test protocol to evaluate surface area and contact time in order to:
    - Verify contact times can be consistently achieved.
    - Verify the amount of surface area that can be wiped with a single mop surface and hand wipe.
  - The investigational test protocol will be executed, evaluated and results included in CAPA-20-007.

16 November 2020 – Update

- We intend to finalize CAPA-20-007 on or before our 16 December 2020 update as committed to in the 16 October 2020 update.

16 December 2020 – Update

- STAQ has finalized CAPA-20-007 and has revised SOP201 "Classified Area Cleaning" to include cleaning agents that had contact times confirmed via protocol study.
  - New procedural steps in SOP201 include the implementation of study verified minimum contact times.
- Additionally, SOP201 "Classified Area Cleaning" has been revised to include appropriate surface area to be wiped for both mops and hand wipes.
  - SOP201 "Classified Area Cleaning" also references work instruction, WI208 "Operation of the Laminar Flow Hoods". WI208 includes detailed information on ISO5 cleaning and has been revised to include appropriate surface area to be wiped.

(S·T·A·Q PHARMA)

Safety Availability Quality

- See Attachment 18 for finalized CAPA-20-007, revised SOP201, revised WI208, and associated personnel training form.

Observation 5 - The labels of your outsourcing facility's drug products are deficient. The templated labels received of your outsourcing facility's drug products does not include information required by section 503B(a)(10)(A) and 503B(a)(10)(B).

Specifically, the dosage form of the product, such as "Injection" for the IV formulations, was missing. Some examples include:

1. **Fentanyl Citrate 100 mcg/2ml**
2. **Fentanyl Citrate 250 mcg/5ml**
3. **Fentanyl Citrate 1000 mcg/20ml**
4. **Hydromorphone HCL 0.4mg/2ml**
5. **Hydromorphone HCL 2mg/10ml**
6. **Ketamine HCL 50mg/5ml**
7. **Ketamine HCL 30mg/3ml**
8. **Midazolam 2mg/2ml**
9. **Midazolam 25mg/25ml**
10. **Morphine Sulfate 2mg/2ml**
11. **Morphine Sulfate 5mg/5ml**

STAQ's response to Observation 5

16 September 2020 – Initial Response

- STAQ has updated the primary and secondary labels to include the dosage form ("injection") on all primary and secondary labels.
- See Attachment 9 for revised labels for all products listed above.
- All new orders placed for label stock, for all products, will incorporate the dosage form update.
- SOP311 Rev. C "Label Generation and Approval" was updated to clarify that dosage and administration are required for primary labels. See revised SOP in Attachment 10.

16 October 2020 – Update

- Attachment 11 is the group training form for Revision C, as committed to in the initial response. This will complete our observation response as originally committed.

Regarding the overall response, our intent is to continue to provide the FDA with an electronic update to this response every 30 calendar days until all commitments have been completed. Remaining updates will focus on Observations 1a, 1b, 2a, and 4. Our continued response will have attachments to demonstrate the implementation of the above changes.

ADDITIONAL INFORMATION

My uncle, who had a long history of mental health and substance abuse issues, was living with my grandparents in Deer Park Texas. They had been letting him live with them for months on a "temporary basis" so he could "get his life in order". Eventually, after remaining jobless and continuing to abuse alcohol ,they informed him he had to leave. He shot and killed my grandfather and step-grandmother in 2015. He pled guilty and has a life sentence without parole. I haven't seen or spoken with him in 30 years.

Subject: RE: Request for Addition to Agenda

Hi Kris,

I believe the request to appear would only be for me.

We have no pharmacy at the location I am at now, so I am currently working as a Dispensing Technician. I would like to tell patients at our clinic how to take their medications and use their insulin pens, GLP pens, etc.—all about patient education and safety to improve compliance and outcomes. Nothing specific—just the information we hope all patients are receiving when picking up medications from their pharmacist, regardless of the location.

Hope that helps!
Sandra

Hi Sandra,

I just spoke with Lindsey at the pharmacy. First, she mentioned that Stephanie no longer works at the company. Is she still on this same request to appear?

Also, could you please attach a summary of the specific services you want to provide outside of the pharmacy. I will be placing it in the Board book for the Board to review prior to the meeting.

Thank you,

Hello!
The services we would like approved are to counsel patients outside of a brick and mortar pharmacy. This would include medication information and device demonstrations.

Thank you!

STATE BOARD OF PHARMACY

LCB File No. R003-21

August 17, 2021

EXPLANATION – Matter in *italics* is new; matter in brackets [~~omitted material~~] is material to be omitted.

AUTHORITY: §1, NRS 453.221, 639.070 and 639.170.

A REGULATION relating to pharmacy; revising provisions relating to the fee for the authorization of practitioners who are medical interns and resident physicians to prescribe or possess controlled substances and for the biennial renewal of such authorization; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes the State Board of Pharmacy to adopt regulations relating to the registration and control of the dispensing of controlled substances within this State. (NRS 453.221, 639.070) Existing law establishes the maximum fees that the Board may charge for authorization of a practitioner to prescribe or possess controlled substances and for the biennial renewal of such authorization. (NRS 639.170) Existing regulations prescribe the fees for the authorization of a physician, advanced practice registered nurse, physician assistant, euthanasia technician, facility for treatment with narcotics, researcher, instructional user or any other authorized person to prescribe or possess controlled substances. (NAC 639.220) This regulation reduces the fee for the authorization of a practitioner who is a medical intern or resident physician to prescribe or possess controlled substances and for the biennial renewal of such authorization from $200 to $80.

Section 1. NAC 639.220 is hereby amended to read as follows:

AUTHORITY: §§ 1-5, NRS 453.162, 639.070, as amended by section 3 of Senate Bill No. 408, chapter 218, Statutes of Nevada 2021, at page 1016, and NRS 639.23916; § 6, NRS 453.162, 453.165 and 639.070, as amended by section 3 of Senate Bill No. 408, chapter 218, Statutes of Nevada 2021, at page 1016, and NRS 639.23916.

A REGULATION relating to pharmacy; prescribing requirements governing the integration of electronic health records with the records of patients in the database of the computerized program to track prescriptions for controlled substances; providing that certain persons and agencies have Internet access to that database; requiring a person to read the user support manual for the database before he or she is granted access to the database and comply with the manual when using the database; providing that the database may only be accessed electronically; prohibiting the reproduction, copying or transfer of data from the database; prescribing the procedures for an employee of a law enforcement agency to obtain access to the database; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the State Board of Pharmacy and the Investigation Division of the Department of Public Safety to cooperatively develop a computerized program to track each prescription for a controlled substance listed in schedule II, III, IV or V. Existing law requires the computerized program to include, to the extent that money is available, the ability to integrate the records of patients in the database of the computerized program with the electronic health records of practitioners. If that ability is included, existing law requires any person or entity that provides a system for the maintenance of electronic health records to a practitioner to ensure that the system includes, as a function of the system, the ability to integrate the records of patients in the database of the computerized program into the electronic health records of the practitioner. (NRS 453.162) **Section 2** of this regulation: (1) requires a practitioner whose electronic health records are integrated with the records in the database of the computerized program to maintain certain records; and (2) prohibits certain persons designated to access the database of the computerized program from accessing that database through electronic health records. **Section 3** of this regulation provides that the Board will provide Internet access to the database of the computerized program to: (1) certain persons authorized to access such a

database under federal law; and (2) certain agencies of other states with which the Board and the Division have entered into an information-sharing agreement.

Existing law requires persons who are required to access the database of the computerized program to complete a course of training developed by the Board and the Division. (NRS 453.164) **Section 4** of this regulation adopts by reference a user support manual for the database, requires such a person to read and comply with that user support manual and provides that reading the manual satisfies the training requirement. **Section 5** of this regulation: (1) provides that the database may only be accessed electronically; and (2) prohibits the reproduction, copying or transfer of data from the database.

Existing law requires the Board to allow an employee of a law enforcement agency to access the database of the computerized program if the employer certifies that the employee has been approved for such access and has completed the required course of training. Such an employee of a law enforcement agency is authorized to access the database only to: (1) investigate a crime related to prescription drugs; or (2) upload certain information obtained during an investigation to the database. (NRS 453.165) **Section 6** of this regulation authorizes an employee of a law enforcement agency who meets the requirements for access to the database to: (1) enroll with the Board to have ongoing access; or (2) access the database without enrolling to obtain a patient utilization report or a summary of a practitioner's prescribing history for use in a particular investigation.

Section 1. Chapter 453 of NAC is hereby amended by adding thereto the provisions set forth as sections 2 to 5, inclusive, of this regulation.

Sec. 2. *1. A practitioner whose electronic health records are integrated with the records of patients in the database of the computerized program established pursuant to NRS 453.162 shall:*
