9. **Effect of Rejection of Agreement by Board**. In the event the Board does not accept, approve and adopt this Agreement, this Agreement shall be null, void and of no force and effect except as to the following agreement regarding adjudications: (1) Respondent agrees that, notwithstanding rejection of this Agreement by the Board, nothing contained in this Agreement and nothing that occurs pursuant to efforts of the IC to seek the Board's acceptance of this Agreement shall disqualify any member of the adjudicating panel of the Board from considering this Agreement and from participating in disciplinary proceedings against Respondent, including adjudication of this case; and (2) Respondent further agrees that he shall not seek to disqualify any such member absent evidence of bad faith.

6. Respondent acknowledges that Board staff prosecuting this case could present such evidence at an administrative hearing which may be sufficient to establish a factual basis for the violations alleged therein, *to wit,* that:

A. On or about November 17, 2020, the Nevada State Board of Medical Examiners (NSBME) entered an order in Case No. 20-4041-1, and imposed discipline on Respondent's License No. 2641 to practice medicine for violations of NRS 630.306(1)(r) and NRS 630.306(1)(b)(3);

B. the Board and Respondent Frank P. Silver, MD, Certificate of Registration Nos. CS04120 and PD00433, stipulate to the following:

A. C. Respondent shall establish policies and procedures within his practice to ensure that:

i. A bona fide relationship between the patient and the practitioner ordering a cosmetic injectable exists before the medication is ordered or administered;

ii. The practitioner who examines the patient and orders a cosmetic injectable maintains exclusive possession and control of the medication until after he or she creates a patient-specific and medication-specific order for the administration of the medication;

iii. To the extent a cosmetic injectable called for in an order is put into the control and possession of anyone other than a practitioner, the ordering practitioner personally gives control and possession of the medication to the non-practitioner and only gives the non-practitioner the specific medication in the specific quantity needed to fill the order; and

iv. All cosmetic injectables are kept in a locked storage area with access restricted to authorized persons.

D. Respondent shall comply with all federal and state statutes and regulations regarding cosmetic injectables.

10. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing that Respondent to appear before the Board at the next regularly-scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by Respondent, the Board may impose additional discipline upon Respondent consistent with the provisions of NRS Chapter 453 and/or Chapter 639.

11. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on June 2, 2021. Respondent will appear at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent is not present at the meeting.

13. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter shall be heard by the Board. The terms herein may not be used or referred to in a full hearing on the merits of this matter.

14. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release each other from any and all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondent has fully considered the charges and allegations set forth in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and has freely and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

MEMORANDUM OF POINTS AND AUTHORITIES.

I. Procedural Background.

The Nevada State Board of Pharmacy ("the Board") has submitted a Cease and Desist/Citation and Fine alleging violations of Nevada law upon Respondent, Case No. 21-042-B-S and 21-042-C-S (henceforth the "B" and "C" cases). The cases makes allegations of conduct ranging from July 2015 through February 2016 and present-day allegations. This first case alleges one cause of action. Respondent concurrently faces separate allegations in Cases 21-042-B-S and 21-042-C-S. Those cases involve allegations, including six (6) different causes of action. Paragraphs 4-9 of the Complaint detail the causes of action as criminal felonies.

Each case was filed on July 23, 2021. Each Complaint sets a hearing date of September 1, 2021, at 9:00 a.m. *See* Statements to The Respondent of Hearing, each file stamped July 23, 2021. The current date of the hearing for both cases is set for December 1, 2021.

II. Legal Argument.

DEFENDANT HAS ALWAYS OPERATED HER BUSINESSES UNDER THE SUPERVISION OF A LICENSED PHYSICAIN

Regarding the B case, Frank Silver had a valid license from the Nevada Medical Board to practice medicine. Dr. Silver has stated that he agreed to supervise Defendant in her medical injections. (Exhibit A).[1] The Board has failed to show how Defendant's acts under Dr. Silver were unsupervised or not a direct result of his supervision. Further, Revenge MD also has a medical director with a valid license. Nothing in the Complaint demonstrates that any of Defendant's actions were undertaken without the supervision of a licensed practitioner.

Every charge by the Board of Pharmacy requires that the party *knowingly* undertake the conduct proscribed by statute. Nev. Rev. Stat. § 624.024 defines knowingly:

---

[1] Counsel is currently waiting on the certified copy for the Stipulation and Order in 18A003327. The document attached is materially identical to the filed copy and Counsel will supplement this motion with the certified copy of the Stipulation and Order when it arrives.

> "Knowingly" imports a knowledge that the facts exist which constitute the act or omission, and does not require knowledge of the prohibition against the act or omission. Knowledge of any particular fact may be inferred from the knowledge of such other facts as should put an ordinarily prudent person upon inquiry.

For Defendant to have knowingly done anything without the supervision or prescription of a practitioner, the Defendant would have had to have known the practitioner had failed to adequately supervise or prescribe the recommended course of action. *Poole v. Nev. Auto Dealership Invs.*, 449 P.3d 479, 483 (Nev. App. 2019). Nothing in the Complaint or the Board's evidence demonstrates that Defendant was aware that she undertook any of the acts without proper supervision by a practitioner. Accordingly, because the Board has failed to allege or demonstrate how Defendant knowingly undertook any of these actions, the Complaint should be dismissed for failure to state a claim.

LAS VEGAS TOWNSHIP JUSTICE COURT

CLARK COUNTY, NEVADA

FRANK P. SILVER, MD, an individual Plaintiff, v. SANDRA BLEDSOE, an individual Defendant.	CASE NO.: DEPT. NO. **PROPOSED** FINDINGS OF FACT AND CONCLUSIONS OF LAW

This matter having come on for non-jury trial before the Honorable _____ on _____2018, Plaintiff Frank Silver, MD appearing by and through Valarie I. Fujii, Esq. and Sandra Bledsoe appearing pro se, and after reading and considered the pleadings filed by the parties; having reviewed the evidence admitted during the trial; and having heard and carefully considered the testimony of the witnesses called to testify; having considered the oral and written arguments of counsel, and with the intent of deciding all claims before the Court pursuant to NRCP 52(a) and 58; the Court makes the following findings of fact and conclusions of law:

FINDINGS OF FACT

1. Dr. Frank P. Silver owns Desert Inn Medical Center doing business as "Silmo" located at 1900 E. Desert Inn Road, Las Vegas, NV 89169. Dr. Silver is a board certified OB/GYN and provides family, personal injury and disability medical treatment for his patients. Dr. Silver and other medical personnel conduct business within the medical center. Dr. Silver has been practicing medicine for over 50 years.

2. Sandra Bledsoe is a "medical injector" who specializes in injecting fillers, including botox, restalyne and other products for cosmetic purposes.

3. Approximately three years ago, Dr. Silver and Bledsoe entered into a verbal agreement whereby Dr. Silver created a corporation called "Silver Lining Wellness Ltd. Dr. Silver agreed to "supervise" Bledsoe while she performed injections on Bledsoe's clients. Dr. Silver would get $1,000 a month rent from Bledsoe and he also received $10 per client file that Bledsoe would perform injections on. In exchange, all of Silver Lining Wellness' business was run completely by Bledsoe. Bledsoe handled all of the accounts receivable, paid all of the expenses of the corporation, and basically ran the business with Silver merely "supervising" her injections on her clients as a "supervising" doctor. Consequently, Bledsoe signed all of the checks of Silver Lining Wellness and regulated all activities because she was actually completely running the business/corporation. By law, at the time, an injector like Bledsoe, had to be supervised when giving injections by a doctor in order to perform these injections on clients.

4. Silver Lining Wellness utilized Wells Fargo Bank to process its credit card transactions for paying clients. Instead of charging a fee for each credit card transaction like some companies, like for example, "Square", Wells Fargo instead, billed monthly a "transaction fee" for paying cosmetic clients' credit card transactions run through the business. Obviously, depending on business, this expense amount varied monthly.

5. During the month of April (4/3/18 through 4/27/18, Bledsoe- through Silver Linings Wellness-ran $54,364.38 in credit card charges which resulted in transactions fees due for merchant services totaling $1,615.12. This business expense, or fee transaction, is reflected on Wells Fargo's bank statements by the 9th or 10th of every month. That month Wells Fargo also gave Silver Linings a credit of $43.66 which reflected a credit to the transaction fees as funds were still in the account before Dr. Silver closed the account upon Bledsoe's leaving around that same time. Bledsoe took all of the funds from the account-which properly belonged to her from Silver Linings Wellness from her injections.

6. Bledsoe left the business with Dr. Silver in May of 2018, and Dr. Silver thereafter closed the Wells Fargo account Bledsoe had access to on May 10, 2018. The bank charged Silver Wellness' account another $416.22 for credit card transactions fees from 4/30/18 to 5/10/18-reflecting the date that Silver closed the account.

7. Although Bledsoe left the business and began working for at another doctor's office utilizing that doctor's corporation "Revenge MD" with her new physician, Bledsoe failed to pay Dr. Silver for the final credit card transaction fees incurred from utilizing Wells Fargos for Bledsoe's injection clients. The amount of the fees owed totaled $1,987.68 ($1,571.46 from April and $416.22 from May). This "expense" was Bledsoe's responsibility pursuant to the oral agreement made between Bledsoe and Dr. Silver.

8. On June 11, 2018, Dr. Silver paid Wells Fargo Bank the $1987.68 transaction fee expense.

9. Dr. Silver retained an attorney to recover Bledsoe's expense as he was forced to pay the bank as he is the President of the corporation that Bledsoe completely utilized when she ran the business. Dr. never received the profits of the business and never paid expenses- this was all Bledsoe's responsibility per their oral agreement. In fact, Bledsoe drained the entire bank account with Wells Fargo when she left the clinic.

10. On July 11, 2018, Valarie Fujii, Esq. sent a demand letter to Bledsoe requesting that the $1,987.68 be paid back to Dr. Silver. Further, that Dr. Silver would have no other choice than to file a lawsuit for damages ***and attorneys*** fees if she failed to pay.

11. On July 24, 2018 Valerie Fujii, Esq. received a letter from Bledsoe's accountant refusing to pay the requested amount. Fujii thereafter filed suit on behalf of Dr. Silver in Las Vegas Justice Court for breach of oral contract and/or unjust enrichment.

CONCLUSIONS OF LAW

12. To prevail on his breach of contract claim, Silver must demonstrate: (1) the existence of an enforceable agreement; (2) Dr. Silver's performance; (3) Bledsoe's breach; and (4) Dr. Silver's damages as a result of Bledsoe's breach.

13. An oral agreement may be an enforceable contract if the parties have agreed upon the material terms. *See May v. Anderson*, 121 Nev. 668, 672, 119 P.3d 1254, 1257 (2005) (addressing the requirements of a contract); *Stone v. Mission Bay Mortg. Co.*, 99 Nev. 802, 672 P.2d 629 (1983) (recognizing the existence of an oral contract); *see also Tallman v. Eighth Judicial Dist. Court*, 131 Nev. ___, ___, 359 P.3d 113, 119 (2015) (addressing changes to an arbitration agreement and recognizing that oral contracts may be enforceable even where the parties have a prior written agreement).

II. Legal Argument.

THE COMPLAINT FAILS TO GIVE DEFENDANT ADEQUATE NOTICE UNDER DUE PROCESS BECAUSE IT FAILS TO LIST ANYTHING OTHER THAN CONCLUSORY ALLEGATIONS

The Complaint itself merely alleges that Defendant committed several violations of Nevada statutes, but it fails to mention any *specific acts, practices, procedures, or policies* of the Defendant that implicate the Defendant in these crimes. "The procedure for preparing and serving an accusation set forth in NRS 639.241 comports with minimum standards of due process by ensuring that a party to a hearing before the Board is apprised of the charges against it and the factual predicates for those charges." *Dutchess Bus. Servs. v. State, Bd. of Pharm*, 124 Nev. 701, 711-12 (Nev. 2008).

Further, the "C" case is without a definite time period beyond the fact that Defendant currently operates Revenge MD. Both Complaints are bereft on any *specific factual* predicates for Defendant *knowingly* committing any of the alleged violations of law. The Board's

furnished evidence merely presents the existence of several "dangerous drugs" and orders for those drugs.

Consequently, the Complaint should be dismissed because it fails to meet pleading standards required for due process.

MEMORANDUM OF POINTS AND AUTHORITIES.

I. Procedural Background.

The Nevada State Board of Pharmacy ("the Board") has submitted a Cease and Desist/Citation and Fine alleging violations of Nevada law upon Respondent, Case No. 21-042-B-S and 21-042-C-S (henceforth the "B" and "C" cases). The cases makes allegations of conduct ranging from July 2015 through February 2016 and present-day allegations. This first case alleges one cause of action. Respondent concurrently faces separate allegations in Cases 21-042-B-S and 21-042-C-S. Those cases involve allegations, including six (6) different causes of action. Paragraphs 4-9 of the Complaint detail the causes of action as criminal felonies.

Each case was filed on July 23, 2021. Each Complaint sets a hearing date of September 1, 2021, at 9:00 a.m. *See* Statements to The Respondent of Hearing, each file stamped July 23, 2021. The current date of the hearing for both cases is set for December 1, 2021.

II. Legal Argument.

A. The Board should Dismiss The B Case Because the Applicable Statute of Limitations Have Run on All Claims.

The B case outlines the time period of the offending conduct as starting in 2015 and ending in 2016.

> **NRS 171.085 Limitations for felonies.** Except as otherwise provided in NRS 171.080 to 171.084, inclusive, and 171.095, an indictment for:
>
> 1. Theft, robbery, burglary, forgery, arson, sex trafficking, a violation of NRS 90.570, a violation punishable pursuant to paragraph (c) of subsection 3 of NRS 598.0999 or a violation of NRS 205.377 must be found, or an information or complaint filed, within 4 years after the commission of the offense.
>
> 2. Sexual assault must be found, or an information or complaint filed, within 20 years after the commission of the offense.

> 3. **Any felony other than the felonies listed in subsections 1 and 2 must be found, or an information or complaint filed, within 3 years after the commission of the offense.**

Consequently, the B case, because all its violations are felonies, are time barred.

B. The Board is without subject matter jurisdiction to hear the claims in the C case because those claims require a higher standard of proof than mere preponderance because the proceedings and right in question are quasi-criminal.

While the Board of Pharmacy is an administrative agency charged with performing quasi judicial functions, the current proceedings fail to sufficiently guard Defendant's due process rights because the matter is *at least* quasi-criminal and the quantum of proof is mere preponderance. Due process requires that the floor of the burden on the Board of Pharmacy be at least an intermediate standard of evidentiary proof.

"Although the legislature may not delegate its power to legislate, it may delegate the power to determine the facts or state of things upon which the law makes its own operations depend." *Sheriff v. Luqman*, 101 Nev. 149, 153 (Nev. 1985). The agency is only authorized to determine the facts which will make the statute effective…[s]uch authority will be upheld as constitutional so long as suitable standards are established by the legislature for the agency's use of its power." *Id.*

When an agency engages in fact finding of a quasi judicial nature, courts note the special nature of actions between the government and those under its authority. *See Crowell v. Benson*, 285 U.S. 22, 50 (1932). The Supreme Court has held that vesting administrative bodies with quasi judicial functions implicates Article III of the United States Constitution. *Northern Pipeline Co. v. Marathon Pipe Line Co.*, 458 U.S. 50, 83-84 (1982).[1]

---

[1] "The constitutional system of checks and balances is designed to guard against "encroachment or aggrandizement" by Congress at the expense of the other branches of government….But when Congress creates a statutory right, it clearly has the discretion, in defining that right, to create presumptions, or assign burdens of proof, or prescribe remedies; it may also provide that persons seeking to vindicate that right must do so before particularized tribunals created to perform the specialized

And state courts recognize that vesting ultimate judicial authority of any kind in an administrative body runs counter to due process. *See e.g. Salt Lake City v. Ohms*, 881 P.2d 844, 852 (Utah 1994).[2]

So too, do state courts recognize that criminal causes of action implicate unique due process concerns in the context of quasi-judicial proceedings. *County Council v. Investors Funding*, 270 Md. 403, 440 n.13 (Md. 1973).[3]

"A person "has a liberty interest in employment protected by the Due Process Clause" if "the dismissal effectively precludes future work in the individual's chosen profession."" *Braswell v. Shoreline Fire Dept*, 622 F.3d 1099, 1102-03 (9th Cir. 2010). Consequently, any punitive measures taken to invade such a liberty interest require a higher evidentiary standard than mere preponderance. *Id.*

Further, in Nevada, attorney discipline is a quasi-criminal matter. *In Matter of Discipline of Kevin J. Mirch*, No. 49212, at *1 (Nev. Apr. 10, 2008). Accordingly, the Nevada Supreme Court

adjudicative tasks related to that right. Such provisions do, in a sense, affect the exercise of judicial power, but they are also incidental to Congress' power to define the right that it has created. No comparable justification exists, however, when the right being adjudicated is not of congressional creation. In such a situation, substantial inroads into functions that have traditionally been performed by the Judiciary cannot be characterized merely as incidental extensions of Congress' power to define rights that it has created. Rather, such inroads suggest unwarranted encroachments upon the judicial power of the United States, which our Constitution reserves for Art. III courts."

[2] "The very attempt by the legislature to designate an individual other than a duly appointed judge to wield ultimate judicial power is, in and of itself, a violation of the separation of powers doctrine. Oversight of that individual by the judiciary is irrelevant because of the constitutional requirement that only duly appointed judges exercise ultimate judicial power in courts of record."

[3] "The power of adjudication to determine guilt or innocence in criminal cases cannot constitutionally be conferred upon administrative agencies because the criminal defendant is entitled to special procedural protection of a kind not given in civil proceedings in court or in proceedings before administrative agencies."

has stated that the standard of proof for attorney discipline is *clear and convincing* evidence. *See In re Stuhff*, 108 Nev. 629, 635 (Nev. 1992).

Here, however, each of the enumerated statutes constitutes a felony, unlike mere professional license revocation or professional discipline. Each statute is entirely criminal in nature, by its own terms:

> "A person who performs a surgical procedure on another person without a license which results in:
>
> 1. No substantial bodily harm to the person who received the procedure:
>
> (a) For a first offense, **is guilty of a category C felony** and shall be punished as provided in NRS 193.130.

Nev. Rev. Stat. § 200.840

> "1. A person who furnishes any dangerous drug except upon the prescription of a practitioner is **guilty of a category D felony** and shall be punished as provided in NRS 193.130, unless the dangerous drug was obtained originally by a legal prescription."

Nev. Rev. Stat. § 454.221

> 1. A person, other than a peace officer or inspector of the Board in the performance of his or her official duty, who knowingly or intentionally obtains or attempts to obtain possession of a dangerous drug or a prescription for a dangerous drug by misrepresentation, fraud, forgery, deception, subterfuge or alteration is **guilty of a category E felony** and shall be punished as provided in NRS 193.130.
>
> 2. A person who knowingly has in his or her possession any false, fictitious, forged or altered prescription for a dangerous drug **is guilty of a category E felony** and shall be punished as provided in NRS 193.130.
>
> 3. A person who knowingly:
>
> (a) Receives any dangerous drug from, or has in his or her possession or under his or her control any dangerous drug obtained by, another person as a result of any forged, false, fictitious or altered prescription; or
>
> (b) Fills a prescription which is not genuine, **is guilty of a category E felony** and shall be punished as provided in NRS 193.130.

Nev. Rev. Stat. § 454.311.

JUSTICE LAW CENTER

LAS VEGAS, NV 89104

Article I, Section 8 of the Nevada constitution states that "one may not be tried for a capital or other infamous crime except "upon presentment or indictment of the grand jury, or upon information duly filed by a district attorney or attorney general of the State."

Consequently, the Board of Pharmacy is engaging in quasi-judicial fact-finding concerning *criminal matters*. Such factual findings, even in this civil context, would and will have preclusive effect in criminal proceedings. *See Britton v. City of North Las Vegas*, 106 Nev. 690, 693 (Nev. 1990); *See Yates v. United States*, 354 U.S. 298, 335 (1957).[4] Because the Board of Pharmacy adheres to a preponderance of the evidence standard of proof, the Board of Pharmacy is without subject matter jurisdiction to hear or decide on these criminal facts.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **SANDRA BLEDSOE, D/B/A VIP FACES,** **Respondent.**	**Case No. 21-042-S** **MOTION TO STRIKE/ OPPOSITION TO RESPONDENT'S MOTIONS TO DISMISS**

The Nevada State Board of Pharmacy (Board), by and through counsel prosecuting this matter, Brett Kandt, General Counsel, files this motion to strike/opposition to Respondent Sandra Bledsoe's Motion to Dismiss Due to Failure to State a Claim, Motion to Dismiss Due to Lack of Subject Matter Jurisdiction, and Motion to Dismiss Due to Insufficient Pleading (collectively "Motions to Dismiss"), all filed November 17, 2021.[1] This motion/opposition is based upon the following points and authorities and the pleadings on file herein.

MEMORANDUM OF POINTS AND AUTHORITIES

I. FACTUAL AND PROCEDURAL BACKGROUND

On or about May 3, 2021, pursuant to NRS 639.2895 a Cease and Desist/Citation and Fine was served upon Respondent alleging numerous violations of Nevada law arising from unlicensed practice in her ownership and operation of VIP Faces in Las Vegas from July 15, 2015, to at least February 14, 2016. On or about June 2, 2021, Bledsoe appealed the citation and requested a joint hearing before the Board. On or about July 23, 2021, Respondent was served with a Statement to the Respondent and Notice of Hearing pursuant to NRS 233B.121 for her VIP Faces appeal (hereinafter "NRS 233B Statement").

[1] Respondent's Motions to Dismiss conflate her VIP Faces appeal with a separate appeal of two citations for unlicensed practice in her current ownership and operation of Revenge MD in Henderson and Reno (Case Nos. 21-042-B-S and 21-042-C-S). A separate motion to strike/opposition has been filed in the Revenge MD appeal.

II. LEGAL STANDARD

The VIP Faces appeal is authorized by NRS 639.2895(2) and governed by the statutes for the adjudication of contested cases set forth in NRS 233B.121-.126, *inclusive*. The Board's authority is limited to either upholding or dismissing the citation. *See Andrews v. Nevada State Board of Cosmetology*, 86 Nev. 207, 208, 467 P.2d 96, 96-96 (2007).

Dismissal for failure to state a claim *prior* to a hearing should only result if the prosecution can prove no set of facts that support the charges. *See Simpson v. Mars Inc.*, 113 Nev. 188, 190, 929 P.2d 966, 967 (1997). The Board may strike "any insufficient defense or any redundant, immaterial, impertinent, or scandalous matter" filed in this matter. *See* NRCP 12(f); *see also Jordan v. State*, 121 Nev. 44, 61 n.32, 110 P.3d 30, 43, n.32 (2005), *abrogated on other grounds*.

III. ARGUMENT

Respondent's Motions to Dismiss must be stricken or denied since they are procedurally improper, predicated upon erroneous application of the law, and without merit.

A. Respondent is not being denied due process.

Respondent asserts that the NRS 233B Statement denies her due process in that it makes conclusory allegations.[2] NRS 233B.121(2) specifies that notice in a contested case must include:

(a) A statement of the time, place and nature of the hearing.
(b) A statement of the legal authority and jurisdiction under which the hearing is to be held.
(c) A reference to the particular sections of the statutes and regulations involved.
(d) A short and plain statement of the matters asserted.

The NRS 233B Statement clearly meets these requirements: it sets forth ten paragraphs of factual allegations, eight paragraphs citing applicable law, and one cause of action. "Nevada is a notice-pleading jurisdiction and pleadings should be liberally construed to allow issues that are fairly noticed to the adverse party." *Nevada State Bank v. Jamison Family Partnership*, 106

[2] Respondent cites NRS 639.241, which requires the filing of an accusation to initiate disciplinary proceedings against licensees and does not apply to the VIP Faces appeal.

Nev. 792, 801, 801 P.2 1377, 1383 (1990). The Nevada Supreme Court has further held that "in the context of administrative pleadings, 'due process requirements of notice are satisfied where the parties are sufficiently apprised of the nature of the proceedings so that there is no unfair surprise.'" *Dutchess Business Services, Inc. v. Nevada State Bd. of Pharmacy*, 124 Nev. 701, 712, 191 P.3d 1159, 1167 (2008).

Due process is not violated unless an administrative proceeding is so fundamentally unfair that a party is prevented from reasonably presenting his case and prejudiced as a result. *Manufactured Home Cmtys., Inc. v. Cty. of San Luis Obispo*, 167 Cal. App. 4th 705, 711 (2008) (*citing Sinaiko v. Superior Court*, 122 Cal. App. 4th 1133, 1140 (2004)). In this case, on or about September 24, 2021, Respondent was provided bate-stamped copies of the entire case file in response to her discovery request. Respondent is receiving a hearing, including the opportunity to present evidence, call witnesses and cross-examine opposing witnesses in conformance with NRS 233B.121(4) and NRS 233B.123(4)). Respondent has been accorded all necessary due process guarantees of fundamental fairness, including the opportunity to prepare a defense.

B. Respondent's Motions to Dismiss are predicated upon erroneous application of the law.

Respondent erroneously applies the law in numerous respects in an effort to contrive phantom defenses of failure to state a claim, lack of subject matter jurisdiction, and insufficient pleading.

1. Respondent erroneously asserts as a defense that she did not "knowingly" break the law.

Respondent presents the novel defense that she could not, and did not, know that she wasn't adequately supervised by Frank Silver, MD, in her operation of VIP Faces, and therefore cannot be responsible for violating the law. Although some of the laws she violated have a

"knowingly" element, that element does not absolve her of responsibility for her actions.[3] The definition applicable to the offenses in question appears in NRS 193.017:

> "Knowingly" imports a knowledge that the facts exist which constitute the act or omission of a crime, and does not require knowledge of its unlawfulness. Knowledge of any particular fact may be inferred from the knowledge of such other facts as should put an ordinarily prudent person upon inquiry.

This amounts to "constructive knowledge" and the Nevada Supreme Court has ruled that: "constructive knowledge fulfills a statutory requirement that an act be done 'knowingly' . . . state of mind need not be proved by positive or direct evidence, but may be inferred from conduct and the facts and circumstances disclosed by the evidence." *Garcia v. Sixth Judicial Dist. Court*, 117 Nev. 697, 701, 30 P.3d 1110, 1113 (2001) (*citing State v. Rhodig*, 101 Nev. 608, 611, 707 P.2d 549, 551 (1985)).

Respondent "knew" she was purchasing, storing, possessing, administering, furnishing and/or dispensing drugs to patients who had not been examined by a practitioner. Respondent "knew" she was providing on-site medical treatment to patients, including the administration of drugs through cosmetic injections, without direct practitioner supervision. Respondent "knew" she was counseling patients regarding their medical treatment. Her "failure to supervise" defense is a red herring and does not exonerate her.

In an effort to further obfuscate the issue on appeal, Respondent has submitted a bogus document she misrepresents as "Finding of Fact and Conclusions of Law" from litigation between her and Dr. Silver. *See* Exhibit A to Respondent's Motion to Dismiss Due to Failure to State a Claim. Aside from the fact that Exhibit A makes no mention of VIP Faces and is of no probative value to this appeal, that litigation was dismissed by stipulation of the parties and the court made no findings of fact or conclusions of law. *See* **Exhibit 1** – Stipulation and Order to Dismiss entered April 25, 2019, in Las Vegas Justice Court Case No. 18A003327.

---

[3] In support of her argument Respondent cites NRS 624.024; however, NRS Chapter 624 governs the licensing and regulation of contractors and has no application to the VIP Faces appeal.

2. Respondent erroneously asserts a statute of limitations defense.

Respondent erroneously cites the 3-year limitation period of NRS 171.085, which applies to the commencement of criminal prosecutions for felony acts. A "contested case" under NRS Chapters 233B is an administrative, not criminal, action and the limitations periods set forth in NRS Chapter 171 do not apply.

3. Respondent erroneously asserts that the Board lacks subject matter jurisdiction over her unlawful conduct.

Finally, Respondent contends that this appeal hearing is a *quasi-criminal* proceeding and therefore the Board somehow lacks subject matter jurisdiction over her unlicensed activity. She makes a convoluted argument referencing due process, standards of proof, constitutional checks and balances, and administrative res judicata, among other things.

There is no dispute that the Board is acting in a *quasi-judicial* capacity in this appeal hearing. *See Vill. League to Save Incline Assets, Inc. v. State*, 133 Nev. 1, 6, 388 P.3d 218, 222 (2017); *Buckwalter v. Nev. Bd. of Med. Exam'rs*, 678 F.3d 737, 740 (9th Cir. 2012); *Nev. Indus. Comm'n v. Reese*, 93 Nev. 115, 120-21, 560 P.2d 1352, 1355 (1977). However, the Nevada Supreme Court has expressly held that hearings before the Board are not *quasi-criminal* proceedings, even though the laws in question carry criminal penalties.[4] "[I]n holding [disciplinary] hearings, the Board [is] not adjudicating alleged criminal violations and [is] therefore not bound to apply criminal standards." *Dutchess Business Services*, 124 Nev. at 715, 191 P.3d at 1169.

Nor can Respondent seriously question the Board's express statutory authority to enforce the provisions of Chapters 453, 454 and 639 of NRS for the protection of the public. NRS 639.070(1)(l). This includes the express authority to issue a citation and assess an administrative

[4] This appeal hearing is *quasi-judicial* in that the Board is weighing evidence, fact-finding, reaching legal conclusions, and adjudicating the rights of parties before it on matters within its jurisdiction. This appeal hearing is not *quasi-criminal* since the Board is not to prosecuting criminal violations of law or imposing criminal penalties.

fine for any unlicensed activity falling within the Board's jurisdiction. NRS 639.2895; *compare S. Nev. Mem'l Hosp. v. Dep't of Human Res.*, 101 Nev. 387, 394, 705 P.2d 139, 144 (1985) (administrative agencies cannot enlarge their subject matter jurisdiction). Respondent's lack of subject matter jurisdiction argument fails.

IV. CONCLUSION

For the foregoing reasons, the prosecution respectfully requests that the Board strike or deny Respondent's Motions to Dismiss.

RESPECTFULLY SUBMITTED this 22nd day of November, 2021.

The opposition evades the gravamen of the motion's argument by conclusory *asserting* that Defendant "'knew' she was purchasing, storing, possessing, administering, furnishing and/or dispensing drugs to patients **who had not been examined by a practitioner**," the Defendant "knew she was providing on-site medical treatments to patients, including the administration of drugs through cosmetic injections, without direct practitioner supervision," the Defendant "knew she was engaged in the business of shipping, receiving, storing, and distributing prescription drug products into and within Nevada." The opposition is certain of these charges yet the factual predicates of these charges appear nowhere. Crucially, the opposition fails to *support* this charge. The Complaint certainly lacks any *support* for these charges.

The definition of "knowingly" that the opposition relies upon requires that Defendant to have been aware of inadequate supervision, because most acts that the Board alleges as unlawful are so *because they are undertaken* by someone without the proper licensure or without adequate supervision of someone with proper licensure.

Neither Complaint contains a specific factual predicate for the opposition's claims. There is no reference to Revenge MD's medical supervisor and how he specifically did not supervise Defendant and did not examine patients. To the extent that the violations require Defendant to have knowingly partaken in an action without valid supervision, the Complaint simply fails to allege any facts demonstrating a violation of the law in question.

MEMORANDUM OF POINTS AND AUTHORITIES.

The opposition, like the Complaint, invites us to presume its conclusions. NRS 233B.121(2) plainly requires a factual predicate to accompany the notice:

> (d) A short and plain statement of the matters asserted. If the agency or other party is unable to state the matters in detail at the time the notice is served, the initial notice may be limited to a statement of the issues involved. Thereafter, upon application, a more definite and detailed statement must be furnished.

The opposition's argument is that *actual facts* are not required in a Complaint. Such a reading of NRS 233B.121(2) is absurd. The Complaint's "nine paragraphs of factual allegations" essentially recite the statutes underlying the causes of action and substitute Defendant's name. The Complaint's threadbare factual predicate gives Defendant almost no appraisal of the circumstances or facts that give rise to the charges against her. The notice, by failing to include details and facts that give rise to the violations codified by the statutory language, is fatally defective because Defendant's ability to prepare is hampered. *Cf. Coury v. Whittlesea-Bell*, 102 Nev. 302, 308 (Nev. 1986).

For example, when the Defendant is generally on notice of *specific acts* that give rise to causes of action, this satisfies the "liberal notice pleading" standard referred to by the opposition. *Nevada St. Apprenticeship v. Joint Appren*, 94 Nev. 763, 766 (Nev. 1979)(The JATC knew that its decision terminating Brooks was being challenged. It, better than Brooks, knew and had access to the factual data upon which its decision was based). Nevada courts have explicitly stated that any factual material absent from the Complaint cannot serve as the basis for a decision and that specific facts are necessary for a party to be "sufficiently apprised of the nature of the proceedings" *Home Warranty Adm'r of Nev., Inc. v. State*, 481 P.3d 1242, 1248 (Nev. 2021).

In *Home Warranty* two allegations were at issue (1) false entry of material fact, and (2) conducting business in an unsuitable manner. "In the amended complaint, the Division alleged that HWAN violated the false-entry statute, NRS 686A.070, by "falsely answer[ing] 'no' " to a question in several of HWAN's COR renewal applications asking whether HWAN or any new officers had been fined in other states since its previous application. It also alleged that "business practices of CHW, as documented by Nevada complaints; the Better Business Bureau, news and media outlets; and the findings of fact of the various Courts' actions" constituted a violation of the unsuitable-manner statute, NRS 679B.125(2)." Note first the nature of the allegations described in *Home Warranty*, they are both a set of *specific factual predicates*.

Further, the court in *Home Warranty* found a violation of due process where "[t]he hearing officer concluded that HWAN did not make the alleged false entries because answering "no" was truthful. As she explained, only CHW had been fined, and, despite HWAN's dba, HWAN is not CHW, so "no" was not a false entry. But she also concluded that HWAN did make false entries by answering "self" to the question asking for the applicant's administrator in several applications and by using an unapproved contract in 2015 that it did not disclose in that year's application. She likewise concluded that "the Division's evidence was insufficient to" prove the unsuitable-manner allegation, but nonetheless concluded that HWAN did conduct business in an unsuitable manner by using CHW as an administrator or sales agent." *Id.*

Because the hearing officer relied on a *different factual predicate* than the factual predicate contained in the amended complaint, the court held that the hearing officer violated the defendant's due process rights.

Here, the Complaint *completely lacks any specific factual predicate*. The Defendant simply is without notice as to the nature of the proceeding. While Defendant received

JUSTICE LAW CENTER
1100 SOUTH 10TH STREET
LAS VEGAS, NV 89104

unbundled "evidence," without any real connection to a specific set of facts underlying the legal violations, Defendant simply cannot prepare beyond engaging in guesswork.

Several examples abound. The third cause of action fails to even outline any set of facts that support Defendant being a "wholesale distributor" subject to NRS 639.100, engaged in the business of shipping, receiving, storing, and distributing prescription drug products into Nevada."

NRS 639.016 defines a wholesale distributor as a party "who supplies or distributes drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician **to a person other than the consumer or patient.**" The Complaint lacks any factual predicate or specific instance alleging Defendant engaged in this conduct. Therefore the Complaint *cannot* state a claim for which relief can be granted under NRS 639.100.

Further, regarding NRS 454.351's prohibition on obtaining drugs from foreign markets, by its own terms NRS 454.351 states that that it is inapplicable in certain circumstances:

> (a) To physicians licensed to practice in this State who have been authorized by the United States Food and Drug Administration to possess experimental drugs for the purpose of conducting research to evaluate the effectiveness of such drugs and who maintain complete and accurate records of the use of such drugs and submit clinical reports as required by the United States Food and Drug Administration.
>
> (b) To any substance which has been licensed by the State Board of Health for manufacture in this State but has not been approved as a drug by the United States Food and Drug Administration. The exemption granted in this paragraph does not grant authority to transport such a substance out of this State.

Consequently, the Complaint fails to allege any facts that demonstrate that NRS 454.351 is somehow applicable in this situation, which means that it *cannot* state a claim for relief under NRS 454.351.

JUSTICE LAW CENTER
1100 SOUTH 10TH STREET
LAS VEGAS, NV 89104

NRS 585.490 states that "[n]o person shall introduce or deliver for introduction into intrastate commerce any new drug which is subject to section 505 of the Federal Act (21 U.S.C. § 355), unless an application with respect to such drug has become effective thereunder." And section 21 U.S.C. § 321(p) states that:

> (p)The term "new drug" means—
>
> (1)Any drug (except a new animal drug or an animal feed bearing or containing a new animal drug) the composition of which is such that such drug is not generally recognized, among experts qualified by scientific training and experience to evaluate the safety and effectiveness of drugs, as safe and effective for use under the conditions prescribed, recommended, or suggested in the labeling thereof, except that such a drug not so recognized shall not be deemed to be a "new drug" if at any time prior to June 25, 1938, it was subject to the Food and Drugs Act of June 30, 1906, as amended, and if at such time its labeling contained the same representations concerning the conditions of its use; or
>
> (2)Any drug (except a new animal drug or an animal feed bearing or containing a new animal drug) the composition of which is such that such drug, as a result of investigations to determine its safety and effectiveness for use under such conditions, has become so recognized, but which has not, otherwise than in such investigations, been used to a material extent or for a material time under such conditions.

Without the attendant factual predicates supporting the statutes, i.e. demonstrating Defendant offered 'new drugs' into intrastate commerce without the proper application, the Complaint again *cannot* state a claim for relief under these statutes.

At bottom, the Complaint fails to allege *any facts* showing that the litany of legal violations contained within it ever occurred. The Complaint is a long set of string citations along with statutory language. Without any factual predicates, the Complaint simply cannot state any claims for relief.

REPLY IN SUPPORT OF MOTION TO DISMISS DUE TO LACK OF SUBJECT MATTER JURISDICTION

COMES NOW, Respondent, SANDRA BLEDSOE D/B/A VIP FACES, and Revenge MD, by and through her attorney of record, BRET O. WHIPPLE, ESQ., of JUSTICE LAW CENTER, and hereby files this REPLY IN SUPPORT OF MOTION TO DISMISS DUE TO LACK OF SUBJECT MATTER JURISDICTION. This motion is made based upon the following memorandum of points and authorities.

LAS VEGAS, NV 89104

MEMORANDUM OF POINTS AND AUTHORITIES.

At outset, the opposition's silence regarding the 'B' case being time-barred by the applicable statutes of limitation demonstrates that the 'B' case is without merit and should be dismissed entirely. Regarding the 'C' case, the opposition concedes that the proceeding itself has the board acting in a quasi-judicial activity. But the opposition makes the leap to argue that the current proceedings are not quasi-criminal because of the holding in *Dutchess Bus. Servs. v. State, Bd. of Pharm*, 124 Nev. 701, 715 (Nev. 2008). The opposition misunderstands the holding; *Dutchess* concerned disciplinary hearings for licensees arising out of authority under NRS 639.210 and also, whether a "knowledge" requirement should be assumed present in a statute when said statute contained criminal penalties, thus requiring the Board to apply criminal standards.

A. The hearings here are under jurisdiction conferred by NRS 639.070, rendering the holding in *Dutchess* inapplicable.

The context of *Dutchess* was were defendants who "were both licensed as pharmaceutical wholesalers in the State of Nevada. **The Board has jurisdiction to discipline Nevada license holders under NRS 639.210.** " *Id.* at 709. However, the opposition invokes the Board's authority under NRS 639.070(1)(l) rather than the authority under NRS 639.210 and proceedings resulting therefrom, which *Dutchess* applies to.

Dutchess holds that hearings arising out of NRS 639.210 are not quasi-criminal proceedings. But here, the Complaints explicitly state that Defendant is *not* a licensed practitioner, and the Board is acting under NRS 639.070. Therefore, the current proceeding is not a disciplinary hearing for a licensee but instead *a general enforcement action*, meaning that *Dutchess* is inapplicable.

B. The statute at issue in *Dutchess* lacked an explicit knowledge requirement; here the Board seeks to enforce statutes with a knowledge requirement and admits it is applying criminal standards.

More importantly, the statute at issue in *Dutchess* is bereft of any explicit knowledge requirement and merely contained criminal penalties. The statutes at issue here nearly all *explicitly contain* a knowledge requirement, consonant with NRS 193.190's statement that "[i]n every crime or public offense there must exist a union, or joint operation of act and intention, or criminal negligence."

And the opposition *concedes* that NRS 193.017 is the definition of "knowingly" that applies to the statutes it intends to prosecute. (Opp. Page 4). The definition appears in NRS Title 15: Crimes and Punishments. Therefore, unlike in *Dutchess* where "[i]n holding its hearings, the Board was not adjudicating alleged criminal violations and was therefore not bound to apply criminal standards, *such as that contained in NRS 193.190*, when proceeding against Dutchess and Legend," here the opposition ***expressly admits*** that it is applying criminal standards such as those contained in NRS Title 15. The opposition even relies on *Garcia v. Dist. Ct.*, 117 Nev. 697, 700 (Nev. 2001), a *criminal case*, to further explicate what standard it intends to apply.

Therefore, the current proceeding is one that applies criminal standards and accordingly is necessarily *quasi-criminal* in nature. And Nevada courts are clear that when proceedings are quasi-criminal in nature, the Board must utilize a standard higher than mere preponderance. *Cf. Copren v. State Bar*, 64 Nev. 364, 380 (Nev. 1947)(Clear and convincing evidence required in quasi-criminal proceedings).

MEMORANDUM OF POINTS AND AUTHORITIES.

I. Procedural Background.

The Nevada State Board of Pharmacy ("the Board") has submitted a Cease and Desist/Citation and Fine alleging violations of Nevada law upon Respondent, Case No. 21-042-B-S and 21-042-C-S (henceforth the "B" and "C" cases). The cases makes allegations of conduct ranging from July 2015 through February 2016 and present-day allegations. This first case alleges one cause of action. Respondent concurrently faces separate allegations in Cases 21-042-B-S and 21-042-C-S. Those cases involve allegations, including six (6) different causes of action. Paragraphs 4-9 of the Complaint detail the causes of action as criminal felonies.

Each case was filed on July 23, 2021. Each Complaint sets a hearing date of September 1, 2021, at 9:00 a.m. *See* Statements to The Respondent of Hearing, each file stamped July 23, 2021. The current date of the hearing for both cases is set for December 1, 2021.

II. Legal Argument.

DEFENDANT HAS ALWAYS OPERATED HER BUSINESSES UNDER THE SUPERVISION OF A LICENSED PHYSICAIN

Regarding the B case, Frank Silver had a valid license from the Nevada Medical Board to practice medicine. Dr. Silver has stated that he agreed to supervise Defendant in her medical injections. (Exhibit A).[1] The Board has failed to show how Defendant's acts under Dr. Silver were unsupervised or not a direct result of his supervision. Further, Revenge MD also has a medical director with a valid license. Nothing in the Complaint demonstrates that any of Defendant's actions were undertaken without the supervision of a licensed practitioner.

Every charge by the Board of Pharmacy requires that the party *knowingly* undertake the conduct proscribed by statute. Nev. Rev. Stat. § 624.024 defines knowingly:

---

[1] Counsel is currently waiting on the certified copy for the Stipulation and Order in 18A003327. The document attached is materially identical to the filed copy and Counsel will supplement this motion with the certified copy of the Stipulation and Order when it arrives.

> "Knowingly" imports a knowledge that the facts exist which constitute the act or omission, and does not require knowledge of the prohibition against the act or omission. Knowledge of any particular fact may be inferred from the knowledge of such other facts as should put an ordinarily prudent person upon inquiry.

For Defendant to have knowingly done anything without the supervision or prescription of a practitioner, the Defendant would have had to have known the practitioner had failed to adequately supervise or prescribe the recommended course of action. *Poole v. Nev. Auto Dealership Invs.*, 449 P.3d 479, 483 (Nev. App. 2019). Nothing in the Complaint or the Board's evidence demonstrates that Defendant was aware that she undertook any of the acts without proper supervision by a practitioner. Accordingly, because the Board has failed to allege or demonstrate how Defendant knowingly undertook any of these actions, the Complaint should be dismissed for failure to state a claim.

LAS VEGAS TOWNSHIP JUSTICE COURT

CLARK COUNTY, NEVADA

FRANK P. SILVER, MD, an individual Plaintiff, v. SANDRA BLEDSOE, an individual Defendant.	CASE NO.: DEPT. NO. **PROPOSED** FINDINGS OF FACT AND CONCLUSIONS OF LAW

This matter having come on for non-jury trial before the Honorable _____ on _____2018, Plaintiff Frank Silver, MD appearing by and through Valarie I. Fujii, Esq. and Sandra Bledsoe appearing pro se, and after reading and considered the pleadings filed by the parties; having reviewed the evidence admitted during the trial; and having heard and carefully considered the testimony of the witnesses called to testify; having considered the oral and written arguments of counsel, and with the intent of deciding all claims before the Court pursuant to NRCP 52(a) and 58; the Court makes the following findings of fact and conclusions of law:

FINDINGS OF FACT

1. Dr. Frank P. Silver owns Desert Inn Medical Center doing business as "Silmo" located at 1900 E. Desert Inn Road, Las Vegas, NV 89169. Dr. Silver is a board certified OB/GYN and provides family, personal injury and disability medical treatment for his patients. Dr. Silver and other medical personnel conduct business within the medical center. Dr. Silver has been practicing medicine for over 50 years.

2. Sandra Bledsoe is a "medical injector" who specializes in injecting fillers, including botox, restalyne and other products for cosmetic purposes.

3. Approximately three years ago, Dr. Silver and Bledsoe entered into a verbal agreement whereby Dr. Silver created a corporation called "Silver Lining Wellness Ltd. Dr. Silver agreed to "supervise" Bledsoe while she performed injections on Bledsoe's clients. Dr. Silver would get $1,000 a month rent from Bledsoe and he also received $10 per client file that Bledsoe would perform injections on. In exchange, all of Silver Lining Wellness' business was run completely by Bledsoe. Bledsoe handled all of the accounts receivable, paid all of the expenses of the corporation, and basically ran the business with Silver merely "supervising" her injections on her clients as a "supervising" doctor. Consequently, Bledsoe signed all of the checks of Silver Lining Wellness and regulated all activities because she was actually completely running the business/corporation. By law, at the time, an injector like Bledsoe, had to be supervised when giving injections by a doctor in order to perform these injections on clients.

4. Silver Lining Wellness utilized Wells Fargo Bank to process its credit card transactions for paying clients. Instead of charging a fee for each credit card transaction like some companies, like for example, "Square", Wells Fargo instead, billed monthly a "transaction fee" for paying cosmetic clients' credit card transactions run through the business. Obviously, depending on business, this expense amount varied monthly.

5. During the month of April (4/3/18 through 4/27/18, Bledsoe- through Silver Linings Wellness-ran $54,364.38 in credit card charges which resulted in transactions fees due for merchant services totaling $1,615.12. This business expense, or fee transaction, is reflected on Wells Fargo's bank statements by the 9th or 10th of every month. That month Wells Fargo also gave Silver Linings a credit of $43.66 which reflected a credit to the transaction fees as funds were still in the account before Dr. Silver closed the account upon Bledsoe's leaving around that same time. Bledsoe took all of the funds from the account-which properly belonged to her from Silver Linings Wellness from her injections.

6. Bledsoe left the business with Dr. Silver in May of 2018, and Dr. Silver thereafter closed the Wells Fargo account Bledsoe had access to on May 10, 2018. The bank charged Silver Wellness' account another $416.22 for credit card transactions fees from 4/30/18 to 5/10/18-reflecting the date that Silver closed the account.

7. Although Bledsoe left the business and began working for at another doctor's office utilizing that doctor's corporation "Revenge MD" with her new physician, Bledsoe failed to pay Dr. Silver for the final credit card transaction fees incurred from utilizing Wells Fargos for Bledsoe's injection clients. The amount of the fees owed totaled $1,987.68 ($1,571.46 from April and $416.22 from May). This "expense" was Bledsoe's responsibility pursuant to the oral agreement made between Bledsoe and Dr. Silver.

8. On June 11, 2018, Dr. Silver paid Wells Fargo Bank the $1987.68 transaction fee expense.

9. Dr. Silver retained an attorney to recover Bledsoe's expense as he was forced to pay the bank as he is the President of the corporation that Bledsoe completely utilized when she ran the business. Dr. never received the profits of the business and never paid expenses- this was all Bledsoe's responsibility per their oral agreement. In fact, Bledsoe drained the entire bank account with Wells Fargo when she left the clinic.

10. On July 11, 2018, Valarie Fujii, Esq. sent a demand letter to Bledsoe requesting that the $1,987.68 be paid back to Dr. Silver. Further, that Dr. Silver would have no other choice than to file a lawsuit for damages ***and attorneys*** fees if she failed to pay.

11. On July 24, 2018 Valerie Fujii, Esq. received a letter from Bledsoe's accountant refusing to pay the requested amount. Fujii thereafter filed suit on behalf of Dr. Silver in Las Vegas Justice Court for breach of oral contract and/or unjust enrichment.

CONCLUSIONS OF LAW

12. To prevail on his breach of contract claim, Silver must demonstrate: (1) the existence of an enforceable agreement; (2) Dr. Silver's performance; (3) Bledsoe's breach; and (4) Dr. Silver's damages as a result of Bledsoe's breach.

13. An oral agreement may be an enforceable contract if the parties have agreed upon the material terms. *See May v. Anderson*, 121 Nev. 668, 672, 119 P.3d 1254, 1257 (2005) (addressing the requirements of a contract); *Stone v. Mission Bay Mortg. Co.*, 99 Nev. 802, 672 P.2d 629 (1983) (recognizing the existence of an oral contract); *see also Tallman v. Eighth Judicial Dist. Court*, 131 Nev. ___, ___, 359 P.3d 113, 119 (2015) (addressing changes to an arbitration agreement and recognizing that oral contracts may be enforceable even where the parties have a prior written agreement).

I. Procedural Background.

The Nevada State Board of Pharmacy ("the Board") has submitted a Cease and Desist/Citation and Fine alleging violations of Nevada law upon Respondent, Case No. 21-042-B-S and 21-042-C-S (henceforth the "B" and "C" cases). II. Legal Argument.

THE COMPLAINT FAILS TO GIVE DEFENDANT ADEQUATE NOTICE UNDER DUE PROCESS BECAUSE IT FAILS TO LIST ANYTHING OTHER THAN CONCLUSORY ALLEGATIONS

The Complaint itself merely alleges that Defendant committed several violations of Nevada statutes, but it fails to mention any *specific acts, practices, procedures, or policies* of the Defendant that implicate the Defendant in these crimes. "The procedure for preparing and serving an accusation set forth in NRS 639.241 comports with minimum standards of due process by ensuring that a party to a hearing before the Board is apprised of the charges against it and the factual predicates for those charges." *Dutchess Bus. Servs. v. State, Bd. of Pharm*, 124 Nev. 701, 711-12 (Nev. 2008).

Further, the "C" case is without a definite time period beyond the fact that Defendant currently operates Revenge MD. Both Complaints are bereft on any *specific factual* predicates for Defendant *knowingly* committing any of the alleged violations of law. The Board's

furnished evidence merely presents the existence of several "dangerous drugs" and orders for those drugs.

Consequently, the Complaint should be dismissed because it fails to meet pleading standards required for due process.

The Nevada State Board of Pharmacy ("the Board") has submitted a Cease and Desist/Citation and Fine alleging violations of Nevada law upon Respondent, Case No. 21-042-B-S and 21-042-C-S (henceforth the "B" and "C" cases). II. Legal Argument.

A. The Board should Dismiss The B Case Because the Applicable Statute of Limitations Have Run on All Claims.

The B case outlines the time period of the offending conduct as starting in 2015 and ending in 2016.

> **NRS 171.085 Limitations for felonies.** Except as otherwise provided in NRS 171.080 to 171.084, inclusive, and 171.095, an indictment for:
>
> 1. Theft, robbery, burglary, forgery, arson, sex trafficking, a violation of NRS 90.570, a violation punishable pursuant to paragraph (c) of subsection 3 of NRS 598.0999 or a violation of NRS 205.377 must be found, or an information or complaint filed, within 4 years after the commission of the offense.
>
> 2. Sexual assault must be found, or an information or complaint filed, within 20 years after the commission of the offense.

> 3. **Any felony other than the felonies listed in subsections 1 and 2 must be found, or an information or complaint filed, within 3 years after the commission of the offense.**

Consequently, the B case, because all its violations are felonies, are time barred.

B. The Board is without subject matter jurisdiction to hear the claims in the C case because those claims require a higher standard of proof than mere preponderance because the proceedings and right in question are quasi-criminal.

While the Board of Pharmacy is an administrative agency charged with performing quasi judicial functions, the current proceedings fail to sufficiently guard Defendant's due process rights because the matter is *at least* quasi-criminal and the quantum of proof is mere preponderance. Due process requires that the floor of the burden on the Board of Pharmacy be at least an intermediate standard of evidentiary proof.

"Although the legislature may not delegate its power to legislate, it may delegate the power to determine the facts or state of things upon which the law makes its own operations depend." *Sheriff v. Luqman*, 101 Nev. 149, 153 (Nev. 1985). The agency is only authorized to determine the facts which will make the statute effective…[s]uch authority will be upheld as constitutional so long as suitable standards are established by the legislature for the agency's use of its power." *Id.*

When an agency engages in fact finding of a quasi judicial nature, courts note the special nature of actions between the government and those under its authority. *See Crowell v. Benson*, 285 U.S. 22, 50 (1932). The Supreme Court has held that vesting administrative bodies with quasi judicial functions implicates Article III of the United States Constitution. *Northern Pipeline Co. v. Marathon Pipe Line Co.*, 458 U.S. 50, 83-84 (1982).[1]

---

[1] "The constitutional system of checks and balances is designed to guard against "encroachment or aggrandizement" by Congress at the expense of the other branches of government….But when Congress creates a statutory right, it clearly has the discretion, in defining that right, to create presumptions, or assign burdens of proof, or prescribe remedies; it may also provide that persons seeking to vindicate that right must do so before particularized tribunals created to perform the specialized

And state courts recognize that vesting ultimate judicial authority of any kind in an administrative body runs counter to due process. *See e.g. Salt Lake City v. Ohms*, 881 P.2d 844, 852 (Utah 1994).[2]

So too, do state courts recognize that criminal causes of action implicate unique due process concerns in the context of quasi-judicial proceedings. *County Council v. Investors Funding*, 270 Md. 403, 440 n.13 (Md. 1973).[3]

"A person "has a liberty interest in employment protected by the Due Process Clause" if "the dismissal effectively precludes future work in the individual's chosen profession."" *Braswell v. Shoreline Fire Dept*, 622 F.3d 1099, 1102-03 (9th Cir. 2010). Consequently, any punitive measures taken to invade such a liberty interest require a higher evidentiary standard than mere preponderance. *Id.*

Further, in Nevada, attorney discipline is a quasi-criminal matter. *In Matter of Discipline of Kevin J. Mirch*, No. 49212, at *1 (Nev. Apr. 10, 2008). Accordingly, the Nevada Supreme Court

---

adjudicative tasks related to that right. Such provisions do, in a sense, affect the exercise of judicial power, but they are also incidental to Congress' power to define the right that it has created. No comparable justification exists, however, when the right being adjudicated is not of congressional creation. In such a situation, substantial inroads into functions that have traditionally been performed by the Judiciary cannot be characterized merely as incidental extensions of Congress' power to define rights that it has created. Rather, such inroads suggest unwarranted encroachments upon the judicial power of the United States, which our Constitution reserves for Art. III courts."

[2] "The very attempt by the legislature to designate an individual other than a duly appointed judge to wield ultimate judicial power is, in and of itself, a violation of the separation of powers doctrine. Oversight of that individual by the judiciary is irrelevant because of the constitutional requirement that only duly appointed judges exercise ultimate judicial power in courts of record."

[3] "The power of adjudication to determine guilt or innocence in criminal cases cannot constitutionally be conferred upon administrative agencies because the criminal defendant is entitled to special procedural protection of a kind not given in civil proceedings in court or in proceedings before administrative agencies."

has stated that the standard of proof for attorney discipline is *clear and convincing* evidence. *See In re Stuhff*, 108 Nev. 629, 635 (Nev. 1992).

Here, however, each of the enumerated statutes constitutes a felony, unlike mere professional license revocation or professional discipline. Each statute is entirely criminal in nature, by its own terms:

> "A person who performs a surgical procedure on another person without a license which results in:
>
> 1. No substantial bodily harm to the person who received the procedure:
>
> (a) For a first offense, **is guilty of a category C felony** and shall be punished as provided in NRS 193.130.

Nev. Rev. Stat. § 200.840

> "1. A person who furnishes any dangerous drug except upon the prescription of a practitioner is **guilty of a category D felony** and shall be punished as provided in NRS 193.130, unless the dangerous drug was obtained originally by a legal prescription."

Nev. Rev. Stat. § 454.221

> 1. A person, other than a peace officer or inspector of the Board in the performance of his or her official duty, who knowingly or intentionally obtains or attempts to obtain possession of a dangerous drug or a prescription for a dangerous drug by misrepresentation, fraud, forgery, deception, subterfuge or alteration is **guilty of a category E felony** and shall be punished as provided in NRS 193.130.
>
> 2. A person who knowingly has in his or her possession any false, fictitious, forged or altered prescription for a dangerous drug **is guilty of a category E felony** and shall be punished as provided in NRS 193.130.
>
> 3. A person who knowingly:
>
> (a) Receives any dangerous drug from, or has in his or her possession or under his or her control any dangerous drug obtained by, another person as a result of any forged, false, fictitious or altered prescription; or
>
> (b) Fills a prescription which is not genuine, **is guilty of a category E felony** and shall be punished as provided in NRS 193.130.

Nev. Rev. Stat. § 454.311.

JUSTICE LAW CENTER
1100 SOUTH 10TH STREET
LAS VEGAS, NV 89104

Article I, Section 8 of the Nevada constitution states that "one may not be tried for a capital or other infamous crime except "upon presentment or indictment of the grand jury, or upon information duly filed by a district attorney or attorney general of the State."

Consequently, the Board of Pharmacy is engaging in quasi-judicial fact-finding concerning *criminal matters*. Such factual findings, even in this civil context, would and will have preclusive effect in criminal proceedings. *See Britton v. City of North Las Vegas*, 106 Nev. 690, 693 (Nev. 1990); *See Yates v. United States*, 354 U.S. 298, 335 (1957).[4] Because the Board of Pharmacy adheres to a preponderance of the evidence standard of proof, the Board of Pharmacy is without subject matter jurisdiction to hear or decide on these criminal facts.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **SANDRA BLEDSOE, D/B/A REVENGE MD,** **Respondent.**	**Case Nos. 21-042-B-S/21-042-C-S** **MOTION TO STRIKE/ OPPOSITION TO RESPONDENT'S MOTIONS TO DISMISS**

The Nevada State Board of Pharmacy (Board), by and through counsel prosecuting this matter, Brett Kandt, General Counsel, files this motion to strike/opposition to Respondent Sandra Bledsoe's Motion to Dismiss Due to Failure to State a Claim, Motion to Dismiss Due to Lack of Subject Matter Jurisdiction, and Motion to Dismiss Due to Insufficient Pleading (collectively "Motions to Dismiss"), all filed November 17, 2021.[1] This motion/opposition is based upon the following points and authorities and the pleadings on file herein.

MEMORANDUM OF POINTS AND AUTHORITIES

I. FACTUAL AND PROCEDURAL BACKGROUND

On or about May 18, 2021, pursuant to NRS 639.2895 a Cease and Desist/Citation and Fine was served upon Respondent at Revenge MD in Henderson, and a separate Cease and Desist/Citation and Fine was served upon Respondent at Revenge MD in Reno, alleging numerous violations of Nevada law arising from unlicensed practice. On or about June 2, 2021, Bledsoe appealed both the citation served upon the Henderson Revenge MD location (Case No. 21-042-B-S) and the citation served upon the Reno Revenge MD location (Case No. 21-042-C-S), and requested a joint hearing before the Board on both citations. On or about July 23, 2021,

[1] Respondent's Motions to Dismiss conflate her Revenge MD appeal with a separate appeal of a citation for unlicensed practice in her past ownership and operation of VIP Faces in Las Vegas (Case No. 21-042-S). A separate motion to strike/opposition has been filed in the VIP Faces appeal.

Respondent was served with a single Statement to the Respondent and Notice of Hearing pursuant to NRS 233B.121 for her Revenge MD appeal (hereinafter "NRS 233B Statement").

II. LEGAL STANDARD

The Revenge MD appeal is authorized by NRS 639.2895(2) and governed by the statutes for the adjudication of contested cases set forth in NRS 233B.121-.126, *inclusive*. The Board's authority is limited to either upholding or dismissing the citation. *See Andrews v. Nevada State Board of Cosmetology*, 86 Nev. 207, 208, 467 P.2d 96, 96-96 (2007).

Dismissal for failure to state a claim *prior* to a hearing should only result if the prosecution can prove no set of facts that support the charges. *See Simpson v. Mars Inc.*, 113 Nev. 188, 190, 929 P.2d 966, 967 (1997). The Board may strike "any insufficient defense or any redundant, immaterial, impertinent, or scandalous matter" filed in this matter. *See* NRCP 12(f); *see also Jordan v. State*, 121 Nev. 44, 61 n.32, 110 P.3d 30, 43, n.32 (2005), *abrogated on other grounds*.

III. ARGUMENT

Respondent's Motions to Dismiss must be stricken or denied since they are procedurally improper, predicated upon erroneous application of the law, and without merit.

A. Respondent is not being denied due process.

Respondent asserts that the NRS 233B Statement denies her due process in that it makes conclusory allegations.[2] NRS 233B.121(2) specifies that notice in a contested case must include:

(a) A statement of the time, place and nature of the hearing.
(b) A statement of the legal authority and jurisdiction under which the hearing is to be held.
(c) A reference to the particular sections of the statutes and regulations involved.
(d) A short and plain statement of the matters asserted.

The NRS 233B Statement clearly meets these requirements: it sets forth nine paragraphs of factual allegations, ten paragraphs citing applicable law, and six causes of action. "Nevada is

[2] Respondent cites NRS 639.241, which requires the filing of an accusation to initiate disciplinary proceedings against licensees and does not apply to this proceeding.

a notice-pleading jurisdiction and pleadings should be liberally construed to allow issues that are fairly noticed to the adverse party." *Nevada State Bank v. Jamison Family Partnership*, 106 Nev. 792, 801, 801 P.2 1377, 1383 (1990). The Nevada Supreme Court has further held that "in the context of administrative pleadings, 'due process requirements of notice are satisfied where the parties are sufficiently apprised of the nature of the proceedings so that there is no unfair surprise.'" *Dutchess Business Services, Inc. v. Nevada State Bd. of Pharmacy*, 124 Nev. 701, 712, 191 P.3d 1159, 1167(2008) (citations omitted).

Due process is not violated unless an administrative proceeding is so fundamentally unfair that a party is prevented from reasonably presenting his case and prejudiced as a result. *Manufactured Home Cmtys., Inc. v. Cty. of San Luis Obispo*, 167 Cal. App. 4th 705, 711 (2008) (*citing Sinaiko v. Superior Court*, 122 Cal. App. 4th 1133, 1140 (2004)). In this case, on or about September 24, 2021, Respondent was provided bate-stamped copies of the entire case file in response to her discovery request. Respondent is receiving a hearing, including the opportunity to present evidence, call witnesses and cross-examine opposing witnesses in conformance with NRS 233B.121(4) and NRS 233B.123(4)). Respondent has been accorded all necessary due process guarantees of fundamental fairness, including the opportunity to prepare a defense.

B. Respondent's Motions to Dismiss are predicated upon erroneous application of the law.

Respondent erroneously applies the law in numerous respects in an effort to contrive phantom defenses of failure to state a claim, lack of subject matter jurisdiction, and insufficient pleading.

1. Respondent erroneously asserts as a defense that she did not "knowingly" break the law.

Respondent presents the novel defense that she could not, and did not, know that she wasn't adequately supervised by a practitioner, and therefore cannot be responsible for violating the law. Although some of the laws she violated have a "knowingly" element, that element does

not absolve her of responsibility for her actions.[3] The definition applicable to the offenses in question appears in NRS 193.017:

> "Knowingly" imports a knowledge that the facts exist which constitute the act or omission of a crime, and does not require knowledge of its unlawfulness. Knowledge of any particular fact may be inferred from the knowledge of such other facts as should put an ordinarily prudent person upon inquiry.

This amounts to "constructive knowledge" and the Nevada Supreme Court has ruled that: "constructive knowledge fulfills a statutory requirement that an act be done 'knowingly' . . . state of mind need not be proved by positive or direct evidence, but may be inferred from conduct and the facts and circumstances disclosed by the evidence." *Garcia v. Sixth Judicial Dist. Court*, 117 Nev. 697, 701, 30 P.3d 1110, 1113 (2001) (*citing State v. Rhodig*, 101 Nev. 608, 611, 707 P.2d 549, 551 (1985)).

Respondent "knew" she was purchasing, storing, possessing, administering, furnishing and/or dispensing drugs to patients who had not been examined by a practitioner. Respondent "knew" she was providing on-site medical treatment to patients, including the administration of drugs through cosmetic injections, without direct practitioner supervision. Respondent "knew" she was engaged in the business of shipping, receiving, storing and distributing prescription drug products into and within Nevada, including drugs intended for distribution in foreign markets and not approved for use in the U.S. Her "failure to supervise" defense is a red herring and does not exonerate her.

2. Respondent erroneously asserts that the Board lacks subject matter jurisdiction over her unlawful conduct.

Finally, Respondent contends that this appeal hearing is a *quasi-criminal* proceeding and therefore the Board somehow lacks subject matter jurisdiction over her unlicensed activity. She makes a convoluted argument referencing due process, standards of proof, constitutional checks and balances, and administrative res judicata, among other things.

---

[3] In support of her argument Respondent cites NRS 624.024; however, NRS Chapter 624 governs the licensing and regulation of contractors and has no application to the Revenge MD appeal.

There is no dispute that the Board is acting in a *quasi-judicial* capacity in this appeal hearing. *See Vill. League to Save Incline Assets, Inc. v. State*, 133 Nev. 1, 6, 388 P.3d 218, 222 (2017); *Buckwalter v. Nev. Bd. of Med. Exam'rs*, 678 F.3d 737, 740 (9th Cir. 2012); *Nev. Indus. Comm'n v. Reese*, 93 Nev. 115, 120-21, 560 P.2d 1352, 1355 (1977). However, the Nevada Supreme Court has expressly held that hearings before the Board are not *quasi-criminal* proceedings, even though the laws in question carry criminal penalties.[4] "[I]n holding [disciplinary] hearings, the Board [is] not adjudicating alleged criminal violations and [is] therefore not bound to apply criminal standards." *Dutchess Business Services*, 124 Nev. at 715, 191 P.3d at 1169.

Nor can Respondent seriously question the Board's express statutory authority to enforce the provisions of Chapters 453, 454 and 639 of NRS for the protection of the public. NRS 639.070(1)(l). This includes the express authority to issue a citation and assess an administrative fine for any unlicensed activity falling within the Board's jurisdiction. NRS 639.2895; *compare S. Nev. Mem'l Hosp. v. Dep't of Human Res.*, 101 Nev. 387, 394, 705 P.2d 139, 144 (1985) (administrative agencies cannot enlarge their subject matter jurisdiction). Respondent's lack of subject matter jurisdiction argument fails.

[4] This appeal hearing is *quasi-judicial* in that the Board is weighing evidence, fact-finding, reaching legal conclusions, and adjudicating the rights of parties before it on matters within its jurisdiction. This appeal hearing is not *quasi-criminal* since the Board is not to prosecuting criminal violations of law or imposing criminal penalties.

IV. CONCLUSION

For the foregoing reasons, the prosecution respectfully requests that the Board strike or deny Respondent's Motions to Dismiss.

RESPECTFULLY SUBMITTED this 22nd day of November, 2021.

The opposition evades the gravamen of the motion's argument by conclusory *asserting* that Defendant "'knew' she was purchasing, storing, possessing, administering, furnishing and/or dispensing drugs to patients **who had not been examined by a practitioner**," the Defendant "knew she was providing on-site medical treatments to patients, including the administration of drugs through cosmetic injections, without direct practitioner supervision," the Defendant "knew she was engaged in the business of shipping, receiving, storing, and distributing prescription drug products into and within Nevada." The opposition is certain of these charges yet the factual predicates of these charges appear nowhere. Crucially, the opposition fails to *support* this charge. The Complaint certainly lacks any *support* for these charges.

The definition of "knowingly" that the opposition relies upon requires that Defendant to have been aware of inadequate supervision, because most acts that the Board alleges as unlawful are so *because they are undertaken* by someone without the proper licensure or without adequate supervision of someone with proper licensure.

Neither Complaint contains a specific factual predicate for the opposition's claims. There is no reference to Revenge MD's medical supervisor and how he specifically did not supervise Defendant and did not examine patients. To the extent that the violations require Defendant to have knowingly partaken in an action without valid supervision, the Complaint simply fails to allege any facts demonstrating a violation of the law in question.

MEMORANDUM OF POINTS AND AUTHORITIES.

The opposition, like the Complaint, invites us to presume its conclusions. NRS 233B.121(2) plainly requires a factual predicate to accompany the notice:

> (d) A short and plain statement of the matters asserted. If the agency or other party is unable to state the matters in detail at the time the notice is served, the initial notice may be limited to a statement of the issues involved. Thereafter, upon application, a more definite and detailed statement must be furnished.

The opposition's argument is that *actual facts* are not required in a Complaint. Such a reading of NRS 233B.121(2) is absurd. The Complaint's "nine paragraphs of factual allegations" essentially recite the statutes underlying the causes of action and substitute Defendant's name. The Complaint's threadbare factual predicate gives Defendant almost no appraisal of the circumstances or facts that give rise to the charges against her. The notice, by failing to include details and facts that give rise to the violations codified by the statutory language, is fatally defective because Defendant's ability to prepare is hampered. *Cf. Coury v. Whittlesea-Bell*, 102 Nev. 302, 308 (Nev. 1986).

For example, when the Defendant is generally on notice of *specific acts* that give rise to causes of action, this satisfies the "liberal notice pleading" standard referred to by the opposition. *Nevada St. Apprenticeship v. Joint Appren*, 94 Nev. 763, 766 (Nev. 1979)(The JATC knew that its decision terminating Brooks was being challenged. It, better than Brooks, knew and had access to the factual data upon which its decision was based). Nevada courts have explicitly stated that any factual material absent from the Complaint cannot serve as the basis for a decision and that specific facts are necessary for a party to be "sufficiently apprised of the nature of the proceedings" *Home Warranty Adm'r of Nev., Inc. v. State*, 481 P.3d 1242, 1248 (Nev. 2021).

In *Home Warranty* two allegations were at issue (1) false entry of material fact, and (2) conducting business in an unsuitable manner. "In the amended complaint, the Division alleged that HWAN violated the false-entry statute, NRS 686A.070, by "falsely answer[ing] 'no' " to a question in several of HWAN's COR renewal applications asking whether HWAN or any new officers had been fined in other states since its previous application. It also alleged that "business practices of CHW, as documented by Nevada complaints; the Better Business Bureau, news and media outlets; and the findings of fact of the various Courts' actions" constituted a violation of the unsuitable-manner statute, NRS 679B.125(2)." Note first the nature of the allegations described in *Home Warranty*, they are both a set of *specific factual predicates*.

JUSTICE LAW CENTER
1100 SOUTH 10TH STREET
LAS VEGAS, NV 89104

Further, the court in *Home Warranty* found a violation of due process where "[t]he hearing officer concluded that HWAN did not make the alleged false entries because answering "no" was truthful. As she explained, only CHW had been fined, and, despite HWAN's dba, HWAN is not CHW, so "no" was not a false entry. But she also concluded that HWAN did make false entries by answering "self" to the question asking for the applicant's administrator in several applications and by using an unapproved contract in 2015 that it did not disclose in that year's application. She likewise concluded that "the Division's evidence was insufficient to" prove the unsuitable-manner allegation, but nonetheless concluded that HWAN did conduct business in an unsuitable manner by using CHW as an administrator or sales agent." *Id.*

Because the hearing officer relied on a *different factual predicate* than the factual predicate contained in the amended complaint, the court held that the hearing officer violated the defendant's due process rights.

Here, the Complaint *completely lacks any specific factual predicate*. The Defendant simply is without notice as to the nature of the proceeding. While Defendant received

unbundled "evidence," without any real connection to a specific set of facts underlying the legal violations, Defendant simply cannot prepare beyond engaging in guesswork.

Several examples abound. The third cause of action fails to even outline any set of facts that support Defendant being a "wholesale distributor" subject to NRS 639.100, engaged in the business of shipping, receiving, storing, and distributing prescription drug products into Nevada."

NRS 639.016 defines a wholesale distributor as a party "who supplies or distributes drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician **to a person other than the consumer or patient.**" The Complaint lacks any factual predicate or specific instance alleging Defendant engaged in this conduct. Therefore the Complaint *cannot* state a claim for which relief can be granted under NRS 639.100.

Further, regarding NRS 454.351's prohibition on obtaining drugs from foreign markets, by its own terms NRS 454.351 states that that it is inapplicable in certain circumstances:

> (a) To physicians licensed to practice in this State who have been authorized by the United States Food and Drug Administration to possess experimental drugs for the purpose of conducting research to evaluate the effectiveness of such drugs and who maintain complete and accurate records of the use of such drugs and submit clinical reports as required by the United States Food and Drug Administration.
>
> (b) To any substance which has been licensed by the State Board of Health for manufacture in this State but has not been approved as a drug by the United States Food and Drug Administration. The exemption granted in this paragraph does not grant authority to transport such a substance out of this State.

Consequently, the Complaint fails to allege any facts that demonstrate that NRS 454.351 is somehow applicable in this situation, which means that it *cannot* state a claim for relief under NRS 454.351.

JUSTICE LAW CENTER
1100 SOUTH 10TH STREET
LAS VEGAS, NV 89104

NRS 585.490 states that "[n]o person shall introduce or deliver for introduction into intrastate commerce any new drug which is subject to section 505 of the Federal Act (21 U.S.C. § 355), unless an application with respect to such drug has become effective thereunder." And section 21 U.S.C. § 321(p) states that:

> (p)The term "new drug" means—
>
> (1)Any drug (except a new animal drug or an animal feed bearing or containing a new animal drug) the composition of which is such that such drug is not generally recognized, among experts qualified by scientific training and experience to evaluate the safety and effectiveness of drugs, as safe and effective for use under the conditions prescribed, recommended, or suggested in the labeling thereof, except that such a drug not so recognized shall not be deemed to be a "new drug" if at any time prior to June 25, 1938, it was subject to the Food and Drugs Act of June 30, 1906, as amended, and if at such time its labeling contained the same representations concerning the conditions of its use; or
>
> (2)Any drug (except a new animal drug or an animal feed bearing or containing a new animal drug) the composition of which is such that such drug, as a result of investigations to determine its safety and effectiveness for use under such conditions, has become so recognized, but which has not, otherwise than in such investigations, been used to a material extent or for a material time under such conditions.

Without the attendant factual predicates supporting the statutes, i.e. demonstrating Defendant offered 'new drugs' into intrastate commerce without the proper application, the Complaint again *cannot* state a claim for relief under these statutes.

At bottom, the Complaint fails to allege *any facts* showing that the litany of legal violations contained within it ever occurred. The Complaint is a long set of string citations along with statutory language. Without any factual predicates, the Complaint simply cannot state any claims for relief.

MEMORANDUM OF POINTS AND AUTHORITIES.

At outset, the opposition's silence regarding the 'B' case being time-barred by the applicable statutes of limitation demonstrates that the 'B' case is without merit and should be dismissed entirely. Regarding the 'C' case, the opposition concedes that the proceeding itself has the board acting in a quasi-judicial activity. But the opposition makes the leap to argue that the current proceedings are not quasi-criminal because of the holding in *Dutchess Bus. Servs. v. State, Bd. of Pharm*, 124 Nev. 701, 715 (Nev. 2008). The opposition misunderstands the holding; *Dutchess* concerned disciplinary hearings for licensees arising out of authority under NRS 639.210 and also, whether a "knowledge" requirement should be assumed present in a statute when said statute contained criminal penalties, thus requiring the Board to apply criminal standards.

A. The hearings here are under jurisdiction conferred by NRS 639.070, rendering the holding in *Dutchess* inapplicable.

The context of *Dutchess* was were defendants who "were both licensed as pharmaceutical wholesalers in the State of Nevada. **The Board has jurisdiction to discipline Nevada license holders under NRS 639.210.** " *Id.* at 709. However, the opposition invokes the Board's authority under NRS 639.070(1)(l) rather than the authority under NRS 639.210 and proceedings resulting therefrom, which *Dutchess* applies to.

Dutchess holds that hearings arising out of NRS 639.210 are not quasi-criminal proceedings. But here, the Complaints explicitly state that Defendant is *not* a licensed practitioner, and the Board is acting under NRS 639.070. Therefore, the current proceeding is not a disciplinary hearing for a licensee but instead *a general enforcement action*, meaning that *Dutchess* is inapplicable.

B. The statute at issue in *Dutchess* lacked an explicit knowledge requirement; here the Board seeks to enforce statutes with a knowledge requirement and admits it is applying criminal standards.

More importantly, the statute at issue in *Dutchess* is bereft of any explicit knowledge requirement and merely contained criminal penalties. The statutes at issue here nearly all *explicitly contain* a knowledge requirement, consonant with NRS 193.190's statement that "[i]n every crime or public offense there must exist a union, or joint operation of act and intention, or criminal negligence."

And the opposition *concedes* that NRS 193.017 is the definition of "knowingly" that applies to the statutes it intends to prosecute. (Opp. Page 4). The definition appears in NRS Title 15: Crimes and Punishments. Therefore, unlike in *Dutchess* where "[i]n holding its hearings, the Board was not adjudicating alleged criminal violations and was therefore not bound to apply criminal standards, *such as that contained in NRS 193.190*, when proceeding against Dutchess and Legend," here the opposition ***expressly admits*** that it is applying criminal standards such as those contained in NRS Title 15. The opposition even relies on *Garcia v. Dist. Ct.*, 117 Nev. 697, 700 (Nev. 2001), a *criminal case*, to further explicate what standard it intends to apply.

Therefore, the current proceeding is one that applies criminal standards and accordingly is necessarily *quasi-criminal* in nature. And Nevada courts are clear that when proceedings are quasi-criminal in nature, the Board must utilize a standard higher than mere preponderance. *Cf. Copren v. State Bar*, 64 Nev. 364, 380 (Nev. 1947)(Clear and convincing evidence required in quasi-criminal proceedings).

In the Matter of: **CRAIG WEINGROW, M.D.** **Certificate of Registration Nos. CS20272** **Petitioner**	**CASE NO. 17-066-CS-S**

PETITION FOR REINSTATEMENT OF UNRESTRICTED CONTROLLED SUBSTANCES REGISTRATION AND REQUEST TO APPEAR BEFORE THE BOARD

COMES NOW Petitioner Craig Weingrow, M.D. by and through his counsel, Jeffrey B. Setness of the law firm of Fabian VanCott and hereby petitions the Nevada State Board of Pharmacy ("Board") for reinstatement of an unrestricted Controlled Substances Registration, which will permit Dr. Weingrow to prescribe Controlled Substances set forth in Schedules 2-5 and will allow Dr. Weingrow to apply for an unrestricted DEA Registration. This Petition for Reinstatement is based upon the following:

I. PROCEDURAL HISTORY BEFORE THE BOARD OF PHARMACY

On July 25, 2018, in the case *of Nevada State Board of Pharmacy v. Craig Weingrow, M.D., et al,* Case No. 17-066-CS-S, the Nevada State Board of Pharmacy filed its "Findings of Fact, Conclusions of Law and Order", in which the Nevada State Board of Pharmacy revoked Dr. Weingrow's Controlled Substance Registration and Practitioner's Dispensing Registration and set forth the conditions for reinstatement. A copy of the July 25, 2018 Order is attached as Exhibit 1.

On December 11, 2019, Dr. Weingrow submitted his "Petition for Reinstatement of Controlled Substance Registration and Request to Appear Before the Board". A copy of the December 11, 2019 Petition without exhibits is attached as Exhibit 2.

On January 15, 2020, Dr. Weingrow appeared at the Nevada State Board of Pharmacy's January 15, 2020 Board Meeting.

On February 7, 2020, in response to the inquiries made by the board members at the February 15, 2020 Board Meeting, Dr. Weingrow submitted supplemental information relating to his Petition for Reinstatement of his Controlled Substance Registration. A copy of the February 7, 2020 correspondence with exhibits is attached as Exhibit 3.

On July 31, 2020, the Nevada State Board of Pharmacy filed their Order of Reinstatement, which states, in pertinent part, as follows:

> The Board granted the petition and ordered that Weingrow's Certificate of Registration No. CS20272 be reinstated effective immediately subject to the following terms, conditions and restrictions:
>
> 1. Weingrow may only prescribe the controlled substances listed-in Exhibit 2 submitted in support of his petition (copy attached).
>
> 2. Weingrow shall report his controlled substance prescribing every quarter to Board staff.
>
> 3. Weingrow shall appear before the Board for prior authorization to make any amendments to the list of controlled substances he may prescribe.

A copy of the Order of Reinstatement is attached as Exhibit 4.

On July 15, 2021, Dr. Weingrow filed his "Petition to Modify Order of Reinstatement filed on July 31, 2020". A copy of this Petition without exhibits is attached as Exhibit 5.

On September 3, 2021, the Nevada State Board of Pharmacy filed its Order permitting Dr. Weingrow to prescribe testosterone. A copy of this Order is attached as Exhibit 6.

II. REASONS JUSTIFYING THE REINSTATEMENT OF DR. WEINGROW'S UNRESTRICTED CONTROLLED SUBSTANCE REGISTRATION

The reasons justifying the reinstatement of Dr. Weingrow's unrestricted Controlled Substance Registration can be summarized as follows:

1. **Full Compliance with July 25, 2018 Order.** Dr. Weingrow fully complied with the Nevada State Board of Pharmacy's Findings of Fact, Conclusions of Law and Order dated July 25, 2018 before filing his December 11, 2019 Petition for Reinstatement.

2. **Various Medical Groups, Hospitals and Insurance Companies Require Unrestricted DEA Registrations.**

As set forth in some detail in Exhibit 3 to the correspondence to the Board dated February 7, 2020, in order to be hired by medical groups in Las Vegas such as Southwest Medical Associates and Sierra Health and Life / Health Plan of Nevada, you must possess an "unrestricted DEA license".

As set forth in some detail in Exhibit 4 to the correspondence to the Board dated February 7, 2020, in order to obtain hospital privileges in some Las Vegas area hospitals, a physician must have an unrestricted Federal DEA license / registration.

As set forth in some detail in Exhibit 5 to the correspondence to the Board dated February 7, 2020, in order to be credentialed with insurance companies to be a provider, all insurance companies require a DEA Registration and at least one carrier specifically states that the DEA Certificate must be unrestricted. It is Dr. Weingrow's understanding that those insurance companies who state that an active DEA number or registration is required are in fact referring to an unrestricted DEA number or registration. In the next week or so, we will attempt to obtain written verification that the carriers who merely state that you need an active DEA number or registration they are in fact eferring to an unrestricted DEA number or registration.

3. **Full Compliance with July 31, 2020 Order of Reinstatement.** Dr. Weingrow has fully complied with the requirements and conditions set forth in the July 31, 2020 Order of Reinstatement.

4. **Dr. Weingrow Reaches Out to the Board of Pharmacy for Guidance.** Prior to prescribing testosterone pellets, Dr. Weingrow's staff reached out to the Board of Pharmacy and filed the July 15, 2021 Petition. It is respectfully asserted that such conduct evidences Dr. Weingrow's commitment to remain in strict compliance with the rules and regulations of the Nevada State Board of Pharmacy.

III. CONCLUSION

Based upon the foregoing, Dr. Weingrow respectfully requests that the Board reinstate his Controlled Substances Registration to an unrestricted status.

Dated: December 2, 2021.

The Nevada State Board of Pharmacy (Board) heard this matter at its regularly-scheduled meeting on Wednesday, July 18, 2018, in Las Vegas, Nevada. S. Paul Edwards, Esq., prosecuted the case on behalf of Board Staff. Respondent Craig Weingrow, M.D. (Weingrow), Controlled Substance Registration Certificate No. CS20272 and Practitioner Dispensing Registration Certificate No. PD00502, appeared with counsel, Jason G. Weiner, Esq., of Weiner Law Group, LLC. The Board heard the case and, based on the evidence presented, including documents, witness testimony and a set of Stipulated Facts signed by Weingrow, makes the following Findings of Fact, Conclusions of Law and Order.[1]

FINDINGS OF FACT

The allegations against Weingrow, as stated in the Accusation on file herein, and upon which the Board makes findings of fact, are as follows:

[1] The Board set a hearing for April 11, 2018, to hear this matter as to Respondents Teresa Jaffer, T.D., Certificate of Registration No. TD01408, and Marecxy Rubio-Veronica, T.D., Certificate of Registration No. TD01461. The Board held the hearing as scheduled, however, Respondents Jaffer and Rubio-Veronica each failed to appear. The Board entered default against each of them and revoked the Dispensing Technician Registration of each of those Respondents. *See Orders of Default, Case Nos. 17-066TD-A-S and 17-066TD-B-S*, dated April 23, 2018. Neither Jaffer nor Rubio-Veronica requested reconsideration or petitioned a district court for judicial review of the Board's orders.

[redacted] – **EXHIBIT 1**

1. On November 1, 2017, investigators from the Board, the Nevada State Board of Medical Examiners (BME) and the Drug Enforcement Administration (DEA) conducted a joint investigation and inspection at Weingrow's medical office, located at 7200 Smoke Ranch Road, Suite 120, in Las Vegas, Nevada.

2. During the inspection of Weingrow's medical office, the Board's investigators obtained five hundred and eighty (580) computer-generated unsigned prescriptions for controlled substances and dangerous drugs that each indicated a written date between October 14, 2017 and October 31, 2017.

3. The 580 unsigned prescriptions are designated by Weingrow's medical office to include prescription numbers Rx #136694 through Rx #137287.

4. Weingrow's medical office had already dispensed to patients the controlled substances and dangerous drugs called for in those 580 unsigned prescriptions at the time of the inspection.

5. Weingrow did not sign any of those 580 prescriptions.

6. Weingrow's medical office did not have and could not provide signed copies of those 580 prescriptions when the Board's investigators requested them at the time of the inspection.

7. Weingrow's medical office never produced to Board Staff or to the Board's investigators the original or a signed copy of the original of any of the 580 unsigned prescriptions.

8. Weingrow's medical office reported to the Nevada Prescription Monitoring Program (PMP) that it dispensed all the controlled substances called for among the 580 unsigned prescriptions—approximately 248 controlled substance prescriptions total—between October 14, 2017 and October 31, 2017.

9. Additionally, Weingrow routinely permitted unlicensed members of his office staff, including Respondent Teresa Jaffer (Jaffer), Respondent Rubio-Veronica (Rubio-Veronica) and other members of his staff, to falsify his signature on his prescriptions.

10. Weingrow typically signs his first and last name ("Craig Weingrow") when he signs prescriptions and other documents personally.

11. Weingrow routinely permitted unlicensed members of his office staff, including Jaffer, Rubio-Veronica and other staff members, to falsify his signature on the prescriptions for medications dispensed by his medical office by writing a "C" followed by a wavy line on his prescriptions.

12. Weingrow routinely permitted unlicensed members of his office staff, including Jaffer, Rubio-Veronica and other staff members, to falsify patient initials and dates of service on patients' informed consent labels.

13. Weingrow routinely allowed Jaffer access to the keys and to access his locked cabinet for storing controlled substances and dangerous drugs to dispense to his patients when he was not present in the office.

14. Weingrow and Jaffer dispensed controlled substances and dangerous drugs by mail to patients who live out-of-town.

15. Weingrow routinely allowed Jaffer to transport controlled substances and dangerous drugs to a United States Post Office for mailing.

16. Weingrow and Jaffer routinely used Federal Express to ship medications to patients.

17. Weingrow and Jaffer each signed a statement admitting that Jaffer, Rubio-Veronica and Office Staff:

a) Signed Weingrow's name on prescriptions for controlled substances and dangerous drugs;

b) Falsely documented patient initials on informed consent forms;

c) Dispensed controlled substances and dangerous drugs to patients by U.S. Mail and Federal Express; and

d) Dispensed medications for controlled substances and dangerous drugs without Weingrow's signature or initials on the prescriptions.

18. Weingrow vacationed outside of the country in October 2016, and again in July 2017. Jaffer and Rubio-Veronica dispensed to Weingrow's patients the following prescription medications during those periods in Weingrow's absence.

October 18, 2016 to October 28, 2016

Weingrow's medical office:

- Issued 18 prescriptions, which had been post-dated by the Doctor, with Weingrow's signature on them to 14 patients.
- Dispensed 6 medications at Weingrow's office.
- Dispensed 4 medications to patients by mail.

July 1, 2017 to July 9, 2017

Weingrow's medical office:

- Issued 4 prescriptions, which had been post-dated by the Doctor, with Weingrow's signature on them to 3 patients.
- Dispensed 1 medication at Weingrow's office.

19. Weingrow's "Medical Weight Loss" shipping log at his medical office for the time period between August 26, 2016, through October 31, 2017, shows that Weingrow's staff shipped approximately 166 shipments containing controlled substances to Weingrow's patients.

20. Weingrow's actions, as found herein, constitute a significant and unreasonable risk to the health and safety of the public.

CONCLUSIONS OF LAW

Based on the forgoing findings of fact, the Board concludes as a matter of law:

21. The Board has jurisdiction over this matter because at the time of the events set forth above, Respondent Weingrow had both a Controlled Substance Registration, Certificate No. CS20272, and a Practitioner Dispensing Registration, Certificate No. PD00502, each issued by the Board.

22. The applicable law in this matter is as follows:

d. A licensee "[p]erforming any of his or her duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner" constitutes "unprofessional conduct and conduct contrary to the public interest." NAC 639.945(1)(i).

e. A person must be a *licensed practitioner* in order to lawfully write a prescription. *See* NRS 453.226, NRS 453.231, and NRS 639.100.

f. "Performing any act, task or operation for which licensure, certification or registration is required without the required license, certificate or registration" constitutes "unprofessional conduct and conduct contrary to the public interest." NAC 639.945(k).

g. NAC 639.742 states in relevant part:

> 1. A practitioner who wishes to dispense controlled substances or dangerous drugs must apply to the Board on an application provided by the Board for a certificate of registration to dispense controlled substances or dangerous drugs.
>
> . . . .
>
> 3. Except as otherwise provided in NRS 639.23277 and NAC 639.395, the dispensing practitioner and, if applicable, the owner or owners of the facility, shall ensure that:
>
> (a) All drugs are ordered by the dispensing practitioner;
>
> (b) All drugs are received and accounted for by the dispensing practitioner;
>
> (c) All drugs are stored in a secure, locked room or cabinet to which the dispensing practitioner has the only key or lock combination;
>
> (d) All drugs are dispensed in accordance with NAC 639.745;
>
> (e) No prescription is dispensed to a patient unless the dispensing practitioner is on-site at the facility;
>
> (f) All drugs are dispensed only to the patient personally at the facility;

. . . .

4. With regard to the filling and dispensing of a prescription at a facility, only the dispensing practitioner or a dispensing technician may:

(a) Enter the room or cabinet in which drugs are stored;
(b) Remove drugs from stock;
(c) Count, pour or reconstitute drugs;
(d) Place drugs into containers;
(e) Produce and affix appropriate labels to containers that contain or will contain drugs;
(f) Fill containers for later use in dispensing drugs; or
(g) Package or repackage drugs.

h. NAC 639.743 states:

1. Except as otherwise provided in NRS 639.23277 and NAC 639.395, a person to whom a dispensing practitioner is providing training and experience pursuant to subsection 4 of NAC 639.7425 must not be allowed access to the room or cabinet in which drugs are stored unless accompanied by the dispensing practitioner. After the person has completed his or her training and experience and the Board has received an affidavit from the dispensing practitioner pursuant to subsection 5 of NAC 639.7425:
(a) The person may access the room or cabinet in which drugs are stored without being accompanied by the dispensing practitioner, so long as the dispensing practitioner is on-site at the facility; and
(b) The dispensing practitioner is not required to observe the work of the person.

2. A dispensing practitioner who allows a dispensing technician to perform any function described in subsection 4 or 5 of NAC 639.742 is responsible for the performance of that function by the dispensing technician. All such functions performed by a dispensing technician must be performed at the express direction and delegation of the dispensing practitioner. Each prescription with respect to which a dispensing technician performed such a function:

(a) Must be checked by the dispensing practitioner, and the dispensing practitioner shall indicate on the label of the prescription and in his or her record regarding the prescription that the dispensing practitioner has checked the work performed by the dispensing technician; and

(b) Must not be dispensed to the patient without the initials of the dispensing practitioner thereon. A prescription which has been so initialed must be handed to the patient only by the dispensing practitioner or an employee authorized by the dispensing practitioner.

i. Engaging in conduct that constitutes unprofessional conduct or that is contrary to the public interest is grounds for suspension or revocation of any license issued by the Board. Nevada Revised Statue (NRS) 639.210(4).

j. Violating any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs is grounds for suspension or revocation of any license issued by the Board. NRS 639.210(11).

k. Violating, attempting to violate, assisting or abetting in the violation of or conspiring to violate any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy is grounds for suspension or revocation of any license issued by the Board. NRS 639.210(12).

l. The Board may suspend or revoke a registration issued pursuant to NRS 453.231 to prescribe or otherwise dispense a controlled substance upon a finding that the registrant has committed an act that would render registration inconsistent with the public interest. NRS 453.236(1)(d) and NRS 453.241(1).

23. By dispensing, and by allowing to be dispensed, controlled substances and dangerous drugs to patients without his handwritten signature on each written prescription, Respondent Weingrow violated NRS 454.223(2)(a), NRS 639.2353(2), NAC 453.440(1)(c), NAC 453.410(1)(b)(8) and NAC 454.060(1).

24. By allowing members of his office staff to falsify his signature on prescriptions for controlled substances and dangerous drugs that his medical office had already dispensed and that were required to bear his personal signature prior to dispensing, Weingrow engaged in fraudulent and deceitful transactions. Those actions constitute unprofessional conduct and conduct contrary to the public interest per NAC 639.945(1)(h).

25. By allowing unlicensed members of his office staff to sign prescriptions for controlled substances and dangerous drugs as if they were licensed practitioners with authority to prescribe and to sign valid prescriptions, Weingrow allowed members of his office staff to "perform[] acts, tasks or operations for which licensure, certification or registration is required without the required license,

certificate or registration, or knowingly allowed such conduct to occur." Those actions constitute unprofessional conduct and conduct contrary to the public interest per NAC 639.945(k).

26. A dispensing practitioner must secure all controlled substances and dangerous drugs in his office in a locked storage area to which the dispensing practitioner has the only key or lock combination. *See* NAC 639.742(3)(c) and (4)(a), *see also* NAC 639.745(1)(c). Respondent Weingrow violated NAC 639.742(3)(c) and (4)(a) and NAC 639.745(1)(c) by allowing an unlicensed member of his office staff access to his locked storage cabinets for controlled substances and dangerous drugs when he was not on-site at his facility.

27. A dispensing practitioner must not allow a dispensing technician access to the room or cabinet in which controlled substances and/or dangerous drugs are stored unless the dispensing practitioner is on-site at the facility. *See* NAC 639.743. Respondent Weingrow violated NAC 639.743 when he allowed a member of his office staff access to the key and to access the room and cabinet in which he stored controlled substances and dangerous drugs when he was not on-site at his office.

28. A dispensing practitioner may not allow his staff to dispense any controlled substance or dangerous drug when he is not on-site at his facility. *See* NAC 639.742(3)(e). By allowing members of his office staff to dispense controlled substances and dangerous drugs to patients when he was not on-site at his medical facility, Weingrow violated NAC 639.742(3)(e).

29. A dispensing practitioner is required to ensure that "[a]ll drugs are dispensed only to the patient personally at the [dispensing practitioner's] facility." *See* NAC 639.742(3)(f). Weingrow allowed members of his office staff to dispense to patients who were not at his medical facility, including dispensing by U.S. Mail and Federal Express. By doing so, Weingrow violated NAC 639.742(3)(f).

30. By allowing members of his Office Staff to falsely document patient initials and dates of service on patient informed consent forms, Weingrow is guilty of "unprofessional conduct and conduct contrary to the public interest," as defined at NAC 639.945(1)(h).

31. For the misconduct and violations described in each of the causes of action above, Weingrow is subject to discipline per NRS 639.210(1), (4), (11) and (12), NRS 639.255, and NAC 639.7445.

ORDER

THEREFORE, THE BOARD HEREBY ORDERS:

1. Respondent Craig Weingrow's Controlled Substance Registration, Certificate No. CS20272, and his Practitioner Dispensing Registration, Certificate No. PD00502, are each revoked effective as of the date of the hearing, July 18, 2018.

2. Unless and until Weingrow applies for reinstatement of his controlled substance registration and/or his dispensing practitioner registration, and the Board reinstates his registration(s), Weingrow:

a. May not possess any controlled substance other than a controlled substance that was lawfully prescribed to him by a licensed practitioner and lawfully dispensed to him for his own personal use to treat a documented medical necessity.

b. May not possess any controlled substance for office use or for patient use and must immediately and lawfully dispose of any and all controlled substances in his possession and/or control, other than a controlled substance lawfully prescribed and dispensed to him for his own personal use.

c. May not prescribe any controlled substance for any patient.

d. May not dispense any controlled substance or dangerous drug.

3. Weingrow may not apply for reinstatement of his controlled substance registration or his dispensing practitioner registration until after "a period of not less than 1 year has lapsed since the date of revocation," as required by NRS 639.257(1).

4. In the event Weingrow applies for reinstatement, or for any other registration or certificate with the Board, he shall appear before the Board to answer questions and give testimony regarding his application, his compliance with this Order, and the facts and circumstances underlying this matter.

IT IS SO ORDERED.

Signed and entered this 25 day of July 2018.

Leo Basch, President
Nevada State Board of Pharmacy

BEFORE THE NEVADA STATE BOARD OF PHARMACY

In the Matter of:	CASE NO. 17-066-CS-S
CRAIG WEINGROW, M.D. Certificate of Registration Nos. CS20272 PD00502 Petitioner	

PETITION FOR REINSTATEMENT OF CONTROLLED SUBSTANCE REGISTRATION AND REQUEST TO APPEAR BEFORE THE BOARD

COMES NOW Petitioner Craig Weingrow, M.D. by and through his counsel, Jeffrey B. Setness of the law firm of Fabian VanCott and hereby petitions the Nevada State Board of Pharmacy ("Board") for reinstatement of Dr. Weingrow's Controlled Substance Registration pursuant to NRS 639.257 based on the following[1]:

I. INTRODUCTION

On July 25, 2018, in the case *of Nevada State Board of Pharmacy v. Craig Weingrow, M.D., et al,* Case No. 17-066-CS-S, the Nevada State Board of Pharmacy filed its Findings of Fact, Conclusions of Law and Order which states on Page 9, in pertinent part, as follows:

> . . .
>
> 3. Weingrow may not apply for reinstatement of his controlled substance registration or his dispensing practitioner registration until after "a period of not less than 1 year has lapsed since the date of revocation," as required by NRS 639.257(1).
>
> 4. In the event Weingrow applies for reinstatement, or for any other registration or certificate with the Board, he shall appear before the Board to answer questions and give testimony regarding his application, his compliance with this Order, and the facts and circumstances underlying this matter.

[1] It should be noted that Dr. Weingrow is not petitioning for reinstatement of his dispensing practitioner registration because he no longer intends to dispense any medications.

EXHIBIT 2

In accordance with the terms and conditions of the above-mentioned Nevada State Board of Pharmacy Order and NRS 639.257, Dr. Weingrow files this Petition for Reinstatement of his Controlled Substance Registration and respectfully submits that reinstatement of his Controlled Substance Registration is justified based upon the following:

1. Dr. Weingrow has complied with the terms and conditions of the Nevada State Board of Pharmacy's Findings of Fact, Conclusions of Law and Order and NRS 639.257(1) based upon the fact that over 1 year has lapsed since the date of revocation that being July 18, 2018.

2. Dr. Weingrow has complied with the terms and conditions of the Settlement Agreement entered into with the Nevada State Board of Medical Examiners in September 2018, because Dr. Weingrow has:

a. Completed the University of San Diego, Physician Assessment and Competency Evaluation Program (PACE), Competency Assessment to the satisfaction of the Nevada State Board of Medical Examiners.

b. Paid the costs and expenses incurred in the investigation and prosecution by the Nevada State Board of Medical Examiners.

c. Completed twenty hours of continuing medical education (CME) related to best practices in the prescribing of controlled substances.

d. Paid a fine totaling $12,000.

On December 6, 2019, at a hearing before the Nevada State Board of Medical Examiners, the Board approved Dr. Weingrow's request for a change in status Inactive-Probation to Active-Probation.

3. Dr. Weingrow has complied with the terms and conditions of the Memorandum of Agreement entered into with the United States Attorney's Office for the District of Nevada and the Drug Enforcement Administration, by fully paying $80,000 in civil penalties.

4. Dr. Weingrow accepts full responsibility for his actions and freely admits the various facts that establish the bases of violations alleged in the Accusation. Dr. Weingrow stands before the Board admitting what he did was wrong and he offers no excuses. As a physician and as a prescriber of medication, Dr. Weingrow acknowledges that he is 100% responsible for everything that goes on in his office.

5. This has been a very humbling experience for Dr. Weingrow which has driven home the fact that practicing medicine and prescribing medication is a privilege and not a right. Dr. Weingrow appreciates that he left his patients down, he let his profession down, and he let the Board of Pharmacy down because of the trust they placed in him.

6. The Nevada State Board of Pharmacy can rest assured that Dr. Weingrow's committed to maintaining the highest prescribing standards from this point forward if his Petition for Reinstatement of his Controlled Substances Registration is approved.

II. PROCEDURAL HISTORY

A. Nevada State Board of Pharmacy Proceeding

On July 23, 2012, Dr. Weingrow was issued Controlled Substance License No. CS20272 by the Nevada State Board of Pharmacy. A true and correct copy of a printout from the Nevada State Board of Pharmacy regarding this license is attached as Exhibit 1.

On January 20, 2015, Dr. Weingrow was issued Practitioner Dispensing License No. PD00502 by the Nevada State Board of Pharmacy. A true and correct copy of a printout from the Nevada State Board of Pharmacy regarding this license is attached as Exhibit 2.

The terms of the proposed Stipulation and Order included Dr. Weingrow's Controlled Substances Registration bring suspended and the suspension stayed and his registration placed on probation for a minimum of five years. In addition, Dr. Weingrow would surrender his Dispensing Practitioner Registration and he would not be eligible to hold a Dispensing Practitioner Registration for a minimum of ten years. A former Board Member moved to deny the Stipulation and Order presented by Board Staff which was passed and the case was scheduled for hearing during the July 2018 Board Meeting. The relevant excerpts of the Minutes of the April 11th and 12th 2018 Board Meeting are attached as Exhibit 5.

On July 18, 2018, in a pleading entitled "Stipulated Facts", Dr. Weingrow freely and voluntarily admitted to various factual statements. A true and correct copy of the Stipulated Facts is attached Exhibit 6.

III. LAW

NRS 639.257 entitled "Reinstatement of revoked certificate, license or permit." states, in pertinent part, as follow:

1. A person whose certificate, license or permit has been revoked may petition the Board for reinstatement after a period of not less than 1 year has lapsed since the date of revocation.

2. The petition shall state such facts as may be required by the Board and shall be heard by the Board at its next regular meeting held not earlier than 30 days after the petition is filed. Such petition may be considered by the Board while the petitioner is under sentence for any criminal offense, including any period during which the petitioner

is on probation or parole, only if the Board members, by a majority vote, find that the public interest would best be served by such reinstatement.

3. In considering reinstatement the Board may investigate and consider all activities of the petitioner since the time the original certificate, license or permit was issued and his or her ability, character and reputation. The affirmative vote of at least three members is necessary for reinstatement of a certificate, license or permit with or without terms, conditions and restrictions.

IV. REASONS WHY REINSTATEMENT IS JUSTIFIED

A. Dr. Weingrow has Fully Complied with the Nevada State Board of Pharmacy's Findings of Fact, Conclusions of Law and Order

In compliance with the Nevada State Board of Pharmacy's Findings of Fact, Conclusions of Law and Order and NRS 639.257(1), over 1 year has lapsed since the date of revocation that being the date of the hearing which was July 18, 2018.

B. Dr. Weingrow has Fully Complied with the Settlement Agreement entered into with the Nevada State Board of Medical Examiners

In compliance with the Settlement Agreement entered into with the Nevada State Board of Medical Examiners in September 2018, Dr. Weingrow has:

1. Completed the University of San Diego, Physician Assessment and Competency Evaluation Program (PACE), Competency Assessment to the satisfaction of the Nevada State Board of Medical Examiners.

2. Paid the costs and expenses incurred in the investigation and prosecution by the Nevada State Board of Medical Examiners.

3. Completed twenty hours of continuing medical education (CME) related to best practices in the prescribing of controlled substances which was in addition to any CME requirements that are regularly imposed.

4. Paid a fine of $1,000 per count admitted to hereby, consisting of 12 counts, for a total of $12,000.

1. PACE Program

Pursuant to the Settlement Agreement with the Nevada State Board of Medical Examiners, Dr. Weingrow attended the Physician Assessment and Clinical Education (PACE) Program at the University of California San Diego School of Medicine.

The PACE Program was of great benefit to Dr. Weingrow because it made him take a hard look at himself to determine how he could improve. It also helped Dr. Weingrow focus on those areas of his practice where he needed to improve so that he will be able to safely practice medicine and prescribe medication.

As a result of the PACE Program, Dr. Weingrow's physical exam taking skills have improved and he is now able to develop a broader range of differential diagnoses for clinical scenarios with the information he has learned. Dr. Weingrow is now also able to conduct a more thorough workup regarding a patient's condition.

2. University of Nevada, Reno School of Medicine "Best Practices and Tools for Prescribing Controlled Substances" Course

Dr. Weingrow also attended the "Best Practices and Tools for Prescribing Controlled Substances" course at University of Nevada, Reno School of Medicine. This course taught Dr. Weingrow how to prescribe controlled substances safely and helped him recognize substance abuse and patients who are at risk. This course also taught Dr. Weingrow to recognize his own personal characteristics which negatively impacted his past prescription practices. For example, by nature Dr. Weingrow is a non-confrontational person. So when patients requested certain medications, he simply gave in and prescribed the medication instead of holding his ground and offering more appropriate, safer alternatives.

This course helped change Dr. Weingrow's perspective and he now realizes there are many alternatives to prescribing opioid medications when patients are experiencing pain and that he must be mindful of the combinations of drugs one prescribes, since these can have additive effects and be harmful.

C. The Nevada State Board of Medical Examiners Approved Dr. Weingrow's Status to Active on December 6, 2019

On December 6, 2019, the Nevada State Board of Medical Examiners approved Dr. Weingrow's status from Inactive-Probation to Active-Probation.

D. Dr. Weingrow Has Complied with the Memorandum of Agreement entered into with the United States Attorney's Office for the District of Nevada and the Drug Enforcement Administration

In compliance with the Memorandum of Agreement entered into with the United States Attorney's Office for the District of Nevada and the Drug Enforcement Administration, Dr. Weingrow has paid $80,000 in civil penalties.

E. Dr. Weingrow Accepts Full Responsibility for His Actions

As set forth in the proposed Stipulation and Order (which was rejected) and the Stipulated Facts Dr. Weingrow signed on July 18, 2017, Dr. Weingrow accepts full responsibility for his actions and freely admitted various facts and that evidence existed to establish a basis of violations alleged in the Accusation.

Dr. Weingrow stands before the Board admitting what he did was wrong and he offers no excuses.

As a physician and as a prescriber of medication, Dr. Weingrow acknowledges that he is 100% responsible for everything that goes on in his office.

F. Dr Weingrow Appreciates That Practicing Medicine and Prescribing Medications is a Privilege and Not A Right

This has been a very humbling experience for Dr. Weingrow which has driven home the fact that practicing medicine and prescribing medication is a privilege and not a right.

Dr. Weingrow appreciates that he left his patients down, he let his profession down, and he let the Board of Pharmacy down because of the trust they placed in him.

G. Commitment to Maintaining the Highest Standards

The Nevada State Board of Pharmacy can rest assured that Dr. Weingrow's committed to maintaining the highest prescribing standards from this point forward if his Petition for Reinstatement of his Controlled Substances Registration is approved.

III. CONCLUSION

Dr. Weingrow respectfully requests that the Board reinstate his Controlled Substances Registration.

Dated December 11, 2019.

Re: ***Nevada State Board of Pharmacy v. Craig Weingrow, M.D.***
Case No. 17-066-CS-S

Craig Weingrow's Supplemental Information to Be Submitted to the Board Relating to His Petition for Reinstatement of Controlled Substance Registration and Request to Appear Before the Board

Dear Dave and Brett,

In response to the inquiries made during the January 15, 2020 Board Meeting, the following additional information and documentation is provided for the Board Members' consideration:

1. **Dr. Weingrow's Anticipated Type of Practice.** Dr, Weingrow anticipates practicing adult outpatient primary care. The type of diseases and illnesses that Dr. Weingrow anticipates treating are set forth in **Exhibit 1** which is attached.

2. **List of Controlled Substances Dr. Weingrow Anticipates Prescribing.** The type of controlled substances that Dr. Weingrow anticipates prescribing in his practice are set forth in **Exhibit 2** which is attached.

[redacted] – **EXHIBIT 3**

3. Medical Groups, Hospitals and Insurance Companies Require a DEA Registration. Although it is true that a physician licensed to practice by the Nevada State Board of Medical Examiners is authorized to prescribe medications, the type of medications that can be prescribed cannot include controlled substances. In order for a physician to be authorized to prescribe a controlled substance in Nevada, the physician must first obtain a Controlled Substance Registration from the Nevada State Board of Pharmacy and then obtain a DEA Registration from the Drug Enforcement Administration.

During the course of the January 15, 2020 hearing, questions were raised regarding the possibility of Dr. Weingrow commencing his practice for a period of time prior to the Board making a decision on Reinstatement of Controlled Substance Registration. In response to that inquiry, we conducted research regarding the possibility of: (1) Being hired by a medical group in Southern Nevada without an active DEA Registration; (2) Obtaining hospital privileges in Southern Nevada without an active DEA Registration; and (3) Being credentialed by insurance companies as a provider without an active DEA Registration. The results of our research are set forth below:

a. Medical Groups. In regards to a physician being hired by a medical group in Southern Nevada without an active DEA Registration, please find attached as **Exhibit 3** a summary which sets forth that most of the large medical groups in Southern Nevada require an active DEA Registration for a physician to be considered for employment.

b. Hospitals. In regards to a physician obtaining hospital privileges in Southern Nevada without an active DEA Registration, please find attached as **Exhibit 4** a summary which sets forth that the majority of the hospitals in Southern Nevada require an active DEA Registration for a physician to obtain hospital privileges.

c. Insurance Companies. In regards to a physician being credentialed by insurance companies as a provider without an active DEA Registration, please find attached as **Exhibit 5** a summary which sets forth that most of the major insurance carriers in Southern Nevada require an active DEA Registration for a physician to be credentialed.

4. Dr. Weingrow is Not Requesting Reinstatement of his Dispensing Practitioner Registration. As set forth in the original Petition for Reinstatement, Dr. Weingrow is not requesting reinstatement of his dispensing practitioner registration because he no longer intends to dispense any medication. This is of significance given the fact that a significant number of the violations set forth in the Accusation related to dispensing as the summary attached as **Exhibit 6** illustrates.

Finally, we would respectfully request being permitted to appear at the Board's Meeting which is scheduled for March 18th and 19th, 2020 in Las Vegas.

If you believe there is any other additional information or documentation that may be of assistance to the Board that you would like us to provide, please let me know.

Medicare, Medicaid or FEHBP sanctions

Recredentialing

The recredentialing process incorporates re-verification and the identification of changes in the practitioner's or HDO's licensure, sanctions, certification, health status and/or performance information (including, but not limited to, malpractice experience, hospital privilege or other actions) that may reflect on the practitioner's or HDO's professional conduct and competence. This information is reviewed in order to assess whether practitioners and HDOs continue to meet Anthem credentialing standards.

All applicable practitioners and HDOs in the Network within the scope of Anthem Credentialing Program are required to be recredentialed every three (3) years unless otherwise required by contract or state regulations.

Health Delivery Organizations

New HDO applicants will submit a standardized application to Anthem for review. If the candidate meets Anthem screening criteria, the credentialing process will commence. To assess whether Network HDOs, within the scope of the Credentialing Program, meet appropriate standards of professional conduct and competence, they are subject to credentialing and recredentialing programs. In addition to the licensure and other eligibility criteria for HDOs, as described in detail in Anthem Credentialing Program Standards, all Network HDOs are required to maintain accreditation by an appropriate, recognized accrediting body or, in the absence of such accreditation, Anthem may evaluate the most recent site survey by Medicare, the appropriate state oversight agency, or a site survey performed by a designated independent external entity within the past 36 months for that HDO.

Recredentialing of HDOs occurs every three (3) years unless otherwise required by regulatory or accrediting bodies. Each HDO applying for continuing participation in Networks or Plan Programs must submit all required supporting documentation.

On request, HDOs will be provided with the status of their credentialing application. Anthem may request, and will accept, additional information from the HDO to correct incomplete, inaccurate, or conflicting credentialing information. The CC will review this information and the rationale behind it, as presented by the HDO, and determine if a material omission has occurred or if other credentialing criteria are met.

- Malpractice insurance claim history to examine any possible trends and to look for evidence that might suggest any probable substandard professional performance in the future
- Mental and physical health to determine if the practitioner's history might suggest any probable substandard professional performance in the future
- Participation in government programs such as Medicare or Medicaid
- Professional education and training through verification by the American Medical Association (AMA) Masterfile, American Osteopathic Association (AOA) and specialty board or specific residency/training program (highest level of education, depending on practitioner type)

Aetna is the brand name used for products and services provided by one or more of the Aetna group of companies, including Aetna Life Insurance Company and its affiliates (Aetna). Aetna® is part of the CVS Health® family of companies.

The financial auditor will review the submitted documentation. This review will include an assessment of equity reserves, results of operation, liquidity of current assets and sufficiency of cash to pay claims payable and to maintain financial reserves.

In some cases, if the documentation will not be forwarded by the contractor or is considered proprietary or subject to certain protections, the auditor will perform a review onsite.

The Financial Ratios Worksheet will be used consistently to determine financial ratios compared to industry standards. Each ratio is given a score based on the difference of the ratio to the standard. The contractor will be scored according to the following scale:

Total score of 0 to 1.49 — noncompliance with Aetna® standards

Total score of 1.50 to 2.99 — partial compliance with Aetna standards

Total score of 3.0 to 3.99 — substantial compliance with Aetna standards

Total score of 4.0 to 5.0 — full compliance with Aetna standards

Upon completion of the audit or onsite review, the auditor will complete a written report on the findings of the audit using the Assessment Results document. Based on the overall score, the financial auditor will determine audit frequency and recommend financial protections to the applicable Delegation Oversight teams.

The applicable Delegation Oversight teams will review and discuss the financial findings, and make recommendations for follow-up actions, including adjusting the letter of credit, securing a reserve or terminating a contractor. The recommendations will be forwarded to the Oversight Committee.

The Oversight Committee will discuss the recommendations and record the findings. Appropriate actions will be assigned. Any contingency plans based on poor financial audit results will be submitted to the controller and network head for implementation.

III. Credentialing for delegated providers

Aetna delegates credentialing to established physician organizations when key credentialing program components are in place and conform to Aetna requirements.

Aetna retains ultimate decision-making authority for delegated credentialing activities and maintains oversight of credentialing activities. Oversight is maintained through written communications and through minimum annual oversight audits of all credentialing activities delegated to the Delegated Entity.

- The Delegated Entity develops and maintains a credentialing program, which at a minimum includes all applicable Aetna policies and standards, external accreditation standards, and state and federal regulations. In addition, the Delegated Entity agrees to the following:
- Satisfy Aetna requirements for compliance with policies and procedures and for implementing any recommendations for improvement.
- Comply with periodic assessments of delegated activities at least annually, but more frequently if deemed necessary.
- Obtain prior written consent from Aetna for all subdelegated arrangements. These arrangements must have a mutually agreed upon contract, agreement or other written record that meets Aetna's requirements. The Delegated Entity must maintain oversight of the credentialing and recredentialing services furnished by the Subdelegate on behalf of Aetna.
- Provide Aetna staff, the NCQA, the state and CMS (if applicable) access to practitioner and organizational provider files, medical documentation, policies and procedures, and related Quality Improvement Committee or subcommittee minutes as deemed necessary by Aetna for monitoring and oversight of all aspects of the delegated credentialing function.

Aetna retains the right to approve new practitioners and organizational providers and to terminate or suspend individual practitioners and organizational providers in accordance with any agreements and this provider guide.

Credentialing requirements

The Delegated Entity is required to provide Aetna® with credentialing and performance information on all practitioners under contract with the Delegated Entity.

Practitioner information

The Delegated Entity must obtain, maintain, and provide, as needed, the following information for each primary care physician, specialty care physician or other allied health care practitioner:

- Current valid license to practice health care for each state in which the practitioner will see Aetna members
- Clinical privileges in good standing or coverage arrangements, as applicable
- Current valid unrestricted DEA or CDS certificate for each state in which the practitioner will see Aetna members
- Current board certification(s) in the appropriate specialty
- Education and training if not board certified
- Five years of work history with documentation of gaps greater than six months
- Current professional liability insurance within Aetna-approved limits
- Review of Medicare/Medicaid sanction activity
- Review of the Medicare opt-out report, as applicable
- Site visit process, including a policy that identifies a comprehensive way to conduct site visits and follow-up site visits when deficiencies meet Aetna's threshold, as applicable
- Ongoing monitoring of sanction activity, including Medicare/Medicaid, state license sanction and limitations (within 30 days), and Medicare opt-out (quarterly), as applicable; reports must be reviewed within a prescribed timeline of source publication (where states do not supply regular publications, review is required at least every six months)
- Ongoing reviews of applicable complaints from members, as applicable; recredentialing performance data, including quality improvement activities and member complaints, as applicable
- State and/or Medicaid requirements, as applicable

Organizational provider information

The Delegated Entity must obtain, verify, maintain and provide information on the following for each provider:

- A current valid and unencumbered license or a certification or certificate of occupancy in the state in which the Delegated Entity's participating health care provider is located
- Professional liability insurance within Aetna-approved limits
- A Medicare Certification Number (as applicable)
- A review of current or previous sanction activity by Medicare or Medicaid
- Accreditation status by an Aetna-recognized accrediting agency (e.g., TJC, AOA, CHAP, DNV, AAAHC, AAAASF)
- A current, compliant CMS or state survey or results from an onsite quality assessment in lieu of an approved accreditation
- A copy of the Advance Directives policy, unless accredited or certified by Medicare
- A CMS Certification Number for hospitals with more than 50 beds (or formal documentation of an exception)

Assessment/audit of delegated credentialing

The Delegated Entity agrees to, and will assist Aetna with, when requested, an annual assessment/audit for the credentialing program. The credentialing program includes policies and procedures, minutes, monitoring logs, files and subdelegation activities.

Practitioner file audit

Aetna will review credentialing/recredentialing files using NCQA methodology: 1) The 8/30 rule evaluating each file factor until a rate of 8/8 or a denominator of 30 is achieved; or 2) The 5%/50 method, where 5% or 50 files, whichever is less, are reviewed.

Credentialing

Credentialing is the process Anthem uses to evaluate and select healthcare practitioners and health delivery organizations (HDOs) to provide care to Members to help ensure that Anthem's standards of professional conduct and competence are met. Anthem's Program Summary includes a complete list of the provider types within Anthem's credentialing scope. The credentials of health care practitioners and HDOs are evaluated according to Anthem's criteria, standards, and requirements as set forth in the Program Summary and applicable state and federal laws, and regulatory and accreditation requirements, and are not intended to limit Anthem's discretion in any way to amend, change or suspend any aspect of Anthem's Credentialing Program or intended to create rights on the part of practitioners or HDOs who seek to provide healthcare services to Members. Anthem further retains the right to approve, suspend, or terminate individual practitioners and HDOs in those instances where it has delegated credentialing decision-making. Anthem's Credentialing Program also includes the recredentialing process which incorp orates re-verification and the identification of changes in the practitioner's or HDO's credentials that may reflect on the practitioner's or HDO's professional conduct and competence. This information is reviewed in order to assess whether practitioners and HDOs continue to meet Anthem credentialing standards. All applicable practitioners and HDOs in Anthem's network within the scope of the Credentialing Program are required to be recredentialed every three (3) years unless otherwise required by applicable state contract or state regulations. Additional information regarding Anthem's Credentialing Program can be found in the Program Summary, which applicable terms are incorporated into this Provider Manual by reference, available on Anthem.com. Go to Anthem.com, Select **Provider** and then **Credentialing** under **Join Our Network**, select **Nevada** if needed, then select the **Program Summary** under the question, **Who do we Credential?.**

Standards of Participation

Anthem contracts with many types of providers that do not require credentialing as described in the Credentialing **Program Summary** available on Anthem.com. However, to become a Network/Participating Provider or Facility, certain standards of participation still must be met. In addition to the insurance requirements listed in the Legal and Administrative Requirements section of this manual, and standards of participation and accreditation requirements outlined in the Provider Agreement, the chart below outlines requirements that must be met in order to be considered for contracting as a Network/Participating Provider or Facility in one of these specialties:

Provider	Standards of Participation
Ambulance (Air & Ground)	Medicare Certification/State Licensure
Ambulatory Event Monitoring	Medicare Certification
Convenient Care Centers (CCCs)/Retail Health Clinics (RHC)	DNV/NIAHO, UCAOA, TJC

Anthem further retains the right to approve, suspend, or terminate individual physicians and health care professionals, and sites in those instances where it has delegated credentialing decision making.

Re: CEASE and DESIST/CITATION: Unlicensed Practice (Case No. 19-242-S)

Dear Dr. Bruce:

The Nevada State Board of Pharmacy ("BOP") has determined that you are possessing, administering, prescribing and/or dispensing controlled substances and dangerous drugs for Nevada patients from your practice in violation of federal and state law. Specifically, your license was stayed from revocation from the Nevada State Board of Medical Examiners since December 8, 2014, and you are not registered with the BOP. You are prohibited from prescribing controlled substances from schedules II-V during the stayed revocation.

You have violated, attempted to violate, assisted or abetted in the violation of or conspired to violate, without limitation, NRS 453.226, NRS 453.316, NRS 453.321(1)(a), NRS 453.331 (1)(c)(d)(f)&(i); NRS 453.381(1), NRS 453.401(1)(a), NRS 639.100(1), NRS 639.235, NRS 639.23505, NRS 639.281, NRS 639.2813, NRS 639.310, 21 U.S.C. § 822(a)(2), 21 U.S.C. § 823(f), 21 U.S.C. § 841(a), 21 U.S.C. § 842(a), 21 U.S.C. § 846 and 21 CFR §§ 1306.03–1306.05.

You are hereby ordered pursuant to NRS 639.2895(1) to immediately CEASE and DESIST possessing, administering, prescribing and/or dispensing controlled substances for Nevada patients from your practice. This letter shall serve as a CITATION pursuant to NRS 639.2895(2) for your unlicensed practice. The Board has assessed you an administrative fine of five thousand dollars ($5,000.00) pursuant to NRS 639.2895(3).

You must pay this administrative fine within 30 days of receipt of this citation, or otherwise contact Board staff to request an alternative payment plan. Payment must be by *cashier's check*, *certified check* or *money order* made payable to "State of Nevada, Office of the Treasurer," to be received at the Board's Reno office, located at 985 Damonte Ranch Parkway – Suite 206, Reno, NV 89521.

You have the right to appeal this citation by submitting a written request for a hearing to the Board at the Board's Reno office no later than 30 days after receipt of this letter. *See* NRS 639.2895(2).

Please be aware that the foregoing does not preclude a formal investigation or filing of criminal charges. If you have any questions, please do not hesitate to contact me at 775-850-1440 or c.lee@pharmacy.nv.gov.

NEVADA STATE BOARD OF PHARMACY

RE: BME CASE#:19-242-D-S

Dear J. David Wuest,

Please find below my responses to the Factual Allegations cited in your letter.

The line items are all true, except the following:

Item 3:

I am indeed not registered with the Board to prescribe any controlled substances. I did not prescribe unlawfully under another practitioner's credentials. I was attending to patients in my preceptorship role as prescribed by the Nevada Medical Board. In essence, I was operating as a medical student or physician assistant-a very common role in the medical field. The steps involved are as follows; you take a history, conduct a physical, discuss tests needed and prescriptions recommended; then your precepting physician approves and then he/she authorizes prescriptions. I followed this exact blueprint throughout my 15-month long preceptorship.

Item 8:

I was never employed by Dr. Addo-Quaye. I was doing my preceptorship in his clinic for no pay. My role in his clinic was exactly as explained in Item 3.

Item 10:

I did write a few handwritten prescriptions (usually due to patient's choice or convenience). These were ALWAYS for non-controlled substances eg. Losartan for hypertension, citalopram for depression.

Item 11:

There was absolutely no collusion of any sort. All patients were seen per the normal bona fide therapeutic relationship with patients. I did not represent myself as a practitioner entitled to write prescriptions for controlled substances. I was merely an "apprentice" conducting the usual history and physicals on patients and then conferring with Dr. Addo-Quaye who then makes the final decision as to what to prescribe-and then sent the medications to the pharmacy.

I sincerely hope these responses clear the air regarding the allegations.

Respectfully,

Victor Bruce, M.D.

Dear Victor Ronald Bruce:

RE: OI File Number H-14-4-2941-9

As a result of your conviction in the United States District Court, District of Nevada, the Department of Health and Human Services is required to exclude you from eligibility to participate in any capacity in the Medicare, Medicaid, and all Federal health care programs as defined in section 1128B(f) of the Social Security Act (Act). Section 1128(a) of the Act (42 U.S.C. 1320a-7(a)) authorizes the imposition of this exclusion, which will be in addition to any sanction an individual Federal or State agency may impose under its own authority.

The scope of an exclusion is broad and, if implemented, would have a significant effect on your ability to work in the health care field. If this exclusion is imposed, it would significantly limit your ability to work in the health care field in the United States. No payment would be made by any Federal health care program (such as Medicare, Medicaid, Veterans Administration, TRICARE, etc.) for any items or services you furnish, order, or prescribe in any capacity. For example, you would be prohibited from submitting or causing claims to be submitted to any Federal health care programs for any items or services you provide in any capacity and you would be prohibited from being employed in any capacity to provide any items or services which are billed to a Federal health care program. Such items or services could include administrative, clerical, and other activities that do not directly involve patient care or the provision of any health care related services. Generally speaking, you could not be employed by a hospital, nursing home or other provider or supplier that participates in Federal health care.

You should be aware that an exclusion would not affect your rights or the rights of your family members to collect benefits to which you or they may be entitled as a beneficiary under any Federal program such as Medicare, Medicaid, or Social Security. You may find more information regarding exclusions on the Office of Inspector General's (OIG) website, including Frequently Asked Questions and the Special Advisory Bulletin about the Effect of Exclusion.

To access this site, go to http://oig.hhs.gov, click on EXCLUSIONS DATABASE, and then choose the item you would like to access.

You may be eligible for a waiver if an exclusion is implemented under section 1128(a)(1), (a)(3), or (a)(4) of the Act or any combination of exclusion authorities thereof. However, there is no provision for granting a waiver for an exclusion implemented under section 1128(a)(2), whether that authority is used alone or in combination with any of the aforementioned exclusion authorities. The OIG may only waive an exclusion if the person or entity is the sole community practitioner or the sole source of essential specialized services in a community (42 CFR 1001.1801(b)). Such a request must be made in writing to the OIG by the person directly responsible for administering the Federal or State health care program for which the waiver is being requested. (The waiver provision of the Act (section 1128(c)) was amended by section 949 of the Medicare Prescription Drug Improvement and Modernization Act.)

As provided in section 1128(c)(3)(B) of the Act, the minimum period of program exclusion shall be at least 5 years and, if aggravating circumstances warrant, the period may be increased. You have 30 days from the date of this letter to submit any information and supporting documentation you want the OIG to consider before it makes a final determination regarding your exclusion. Please send documentation to support your response to this office at the above address. If you do not submit documentation within 30 days, the OIG will make its decision based on currently available information. Once the OIG has made its determination, the OIG will send you a letter notifying of its decision and, if an exclusion is imposed, of the effective date and length of the exclusion, as well as your appeal rights.

Sincerely,

Peter Clark

Dear Victor Ronald Bruce:

RE: OI File Number H-14-42941-9

This is to notify you that you are being excluded from participation in any capacity in the Medicare, Medicaid, and all Federal health care programs as defined in section 1128B(f) of the Social Security Act (Act) for a minimum period of 10 years. The scope of this exclusion is broad and has a significant effect on your ability to work in the health care field. This action is being taken under section 1128(a)(4) of the Act (42 U.S.C. 1320a-7(a)) and is effective 20 days from the date of this letter. This exclusion is due to your felony conviction as defined in section 1128(i) (42 U.S.C. 1320a-7(i)), in the United States District Court, District of Nevada, of a criminal offense related to the unlawful manufacture, distribution, prescription, or dispensing of a controlled substance as defined under Federal or State law. This applies to any individual or entity that is, or has ever been, a health care practitioner, provider, or supplier; holds a direct or indirect ownership or control interest (as defined in section 1124(a)(3) of the Act) in an entity that is a health care provider or supplier or is, or has ever been, an officer, director, agent or managing employee (as defined in section 1126(b) of the Act) of such an entity; or is, or has ever been, employed in any capacity in the health care industry.

This exclusion will affect your ability to claim payment from these programs for items or services that you render; it will NOT affect your right to collect benefits under any Federal health care program such as Medicare, Medicaid or Social Security. You may find more information regarding exclusions on the OIG=s website, including Frequently Asked Questions and the Special Advisory Bulletin about the Effect of Exclusion. To access this site, go to http://oig.hhs.gov, click on EXCLUSIONS DATABASE, then choose the item you would like to access.

Section 1128(c)(3)(B) of the Act provides that the minimum period of exclusion shall be not less than 5 years. Your period of exclusion is greater than that because our records contain evidence of the following circumstances:

1. The sentence imposed by the court included incarceration. The court sentenced you to 46 months of imprisonment.

Victor Ronald Bruce, M.D., #48790-048

2. The individual or entity was convicted of other offenses besides those which formed the basis for exclusion, or has been the subject of any other adverse action by any Federal, State, or local government agency or board, if the adverse action is based on the same set of circumstances that serves as the basis for imposition of the exclusion. The Nevada State Board of Medical Examiners revoked your medical doctor license.

A detailed explanation of the authority for this exclusion, its effect, and your appeal rights is enclosed and is incorporated as part of this notice by specific reference. You should read this document carefully, act upon it as necessary, and retain it for future reference.

REINSTATEMENT IS NOT AUTOMATIC. You must apply to the OIG and be granted reinstatement. Obtaining a provider number from a Medicare contractor, a State agency, or a Federal health care program does not reinstate your eligibility to participate in those programs.

Sincerely,

Thomas J. Sowinski

*** Additional documents/information regarding the judgment in a criminal case from 2014**

As noted in Dr. Bruce's initial explanation to his "Yes" answers to questions 2, 3, and 4 of Section 5 of the CSA (see **Exhibit 2**), on October 23, 2014, in the matter of United States of America v. Victor Bruce, MD, in the United States District Court, District of Nevada, Case No. 2: 13-cr-0041-APG-CWH, the Court entered its Judgment in a Criminal Case, adjudging Dr. Bruce guilty of violating 21 USC §§ 846, 841(a)(1) and (b)(I)(C), conspiracy to distribute oxycodone, and sentencing him to forty-six (46) months of imprisonment, among other sanctions. See **Exhibit 3**, copy of *Judgment in a Criminal Case* filed 10-23-2014.

In light of the criminal action, as noted in Dr. Bruce's initial explanation (**Exhibit 2**), the Nevada State Board of Medical Examiners (the "Medical Board") and Dr. Bruce, on December 8, 2014, entered into a *Settlement Agreement* (**Exhibit 4**) wherein it was agreed that Dr. Bruce's medical license would be revoked. The December 8, 2014, *Settlement Agreement* also provide, in part:

> **WHEREAS**, a *Judgment in a Criminal Case* was filed on October 23, 2014, in the matter of United States of America v. Victor Bruce, MD, United States District Court, District of Nevada, Case No. 2:13-cr-0041-APG-CWH, wherein it notes Respondent has plead guilty to count (1) of the Indictment and adjudicated guilty of 21 USC §§ 846, 841(a)(1) and (b)(1)(C), conspiracy to distribute oxycodone. The *Judgment in a Criminal Case* also, in part, sentences Respondent to forty-six (46) months of imprisonment, requires Respondent to surrender for service of sentence before 12 p.m. on January 16, 2015, and upon release from imprisonment, sets forth supervised release for three (3) years, subject to certain conditions. Respondent provided the Board with timely notice of the *Judgment in a Criminal Case*. It is important to note Respondent has taken full responsible for issuing controlled substances on more than one occasion to patients not of record and

Id., **Exhibit 4**, Medical Board *Settlement Agreement* filed December 8, 2014, at 2:7-19.

Following Dr. Bruce's release from incarceration, he submitted to the Medical Board an application for licensure and preceptor plan. After an appearance by Dr. Bruce and Bernard Kofi Addo-Quaye, MD (Dr. Bruce's preceptor) before the Medical Board at a public meeting on September 7, 2018, the Medical board issued Dr. Bruce an "Active-Restricted" license to practice medicine for the express purpose of permitting him to participate in a preceptorship with Dr. Addo-Quaye, whereby Dr. Addo-Quaye was to supervise the medical activities of Dr. Bruce and to report to the Medical Board regarding Dr. Bruce's competence to practice medicine. The Medical Board ordered Respondent to complete a one (1) year preceptorship with Dr. Addo-Quaye, and explicitly restricted Respondent from prescribing controlled substances for a minimum of twenty-four (24) months or until his probation period lapses, whichever is greater, and subject to prior approval of the Medical Board.[1]

Dr. Bruce complied with all the requirements of the *Settlement Agreement* filed December 8, 2014, in Case No. 14-12252-1 (see **Exhibit 4**). In addition, attached is a copy of the May 17, 2021, letter from the United States District Court, District of Nevada, Probation Department, advising that Dr. Bruce has completed his supervision term relative to the criminal case. See **Exhibit 5**.

Accordingly, the Medical Board filed on June 16, 2021, an *Order Removing Conditions from License* which, in part, ordered "all conditions and restrictions be removed

* **Pharmacy Board's *Cease and Desist/Citation: Unlicensed Practice (Case No. 19-242-S)* dated July 21, 2020**

As noted above, question 3 of the CSA asks, in part, "[h]ave you been the subject of a board citation...." As to the same, the Pharmacy Board is aware of its own records. Notwithstanding, and out of an abundance of caution, Dr. Bruce received a letter dated July 21, 2020, from Courtney K. Lee, General Counsel, on behalf of the Pharmacy Board regarding a *Cease and Desist/Citation: Unlicensed Practice (Case No. 19-242-S)*. On July 27, 2020, Dr. Bruce, through the undersigned, timely sought an appeal and requested a hearing before the Pharmacy Board regarding the Citation ("Appeal Request").

Following on said Appeal Request, the Pharmacy Board filed on August 3, 2020, a *Statement to the Respondent and Notice of Hearing* (Case No. 19-242-D-S), in the matter captioned Nevada State Board of Pharmacy, Petitioner v. Victor Bruce, MD., Respondent before the Pharmacy Board ("Statement"). The Statement sets the hearing before the Pharmacy Board for September 2, 2020, at 9:00 a.m.

Via letter dated August 11, 2020, Dr. Bruce submitted to the Pharmacy Board his demand/application for a more definite and detailed statement and request for production of documents and information. In response to the demand, the Pharmacy Board, through counsel, provided certain documents on August 14, 2020, and on August 15, 2020, provided a list of witnesses. The Pharmacy Board provided supplemental documents on August 21, 2020. Dr. Bruce provided documents on August 31, 2020. Pharmacy Board counsel and counsel for Dr. Bruce mutually agreed to continue the hearing on Citation from September 2, 2020, at 9:00 a.m. to October 14, 2020 at 9:00 a.m.

The Pharmacy and Dr. Bruce arrived at a mutually agreeable resolution regarding the Citation/Statement in that Dr. Bruce would acknowledge he would pay the Citation's

Accordingly, Dr. Bruce's appeal was withdrawn/vacated from the Board's October 14, 2020, hearing agenda. See **Exhibit 7**, *Payment Agreement* regarding Pharmacy Board Case No. 19-242. * **Nevada State Board of Medical Examiners, Case No. 20-12252-1, captioned *In the Matter of Charges and Complaint Against Victor Ronald Bruce, M.D., Respondent***

The Nevada State Board of Medical Examiners (the "Medical Board"), apparently after receiving information from the Pharmacy Board relative to the just discussed Pharmacy Board Citation, addressed such matters with Dr. Bruce via its Case No. 20-12252-1. The Medical Board's operative complaint was the First Amended Complaint filed November 23, 2020. See **Exhibit 8**, copy of Medical Board's First Amended Complaint. The First Amended Complaint contained one count. In part, it alleged:

(collectively, the Medical Practice Act), His license was originally issued on September 7, 2018 (License No. 18273).

2. Bernard Kofi Addo-Quaye, M.D. (Addo-Quaye) was at all times relative to this Amended Complaint a licensed medical doctor holding an active license to practice medicine in the State of Nevada (License No. 9413). Addo-Quaye was originally licensed by the Board on June 13, 2000.

3. On October 23, 2014, in the matter of United States of America v. Victor Bruce, MD, United States District Court, District of Nevada, Case No. 2: 13-cr-0041-APG-CWH, the Court entered its Judgment in a Criminal Case, adjudging Respondent guilty of violating 21 USC §§ 846, 841(a)(1) and (b)(I)(C), conspiracy to distribute oxycodone, and sentencing him to forty-six (46) months of imprisonment, among other sanctions.

4. On December 31, 2014, the Board revoked Respondent's former license to practice medicine (License No. 8652) pursuant to a Settlement Agreement and Order entered by the Board on December 8, 2014.

5. Following Respondent's release from incarceration, Respondent submitted to the Board an application for licensure and preceptor plan. After an appearance by Respondent and Addo-Quaye before the Board at a public meeting on September 7, 2018, and good case appearing, the Board issued Respondent an "Active-Restricted" license to practice medicine for the express purpose of permitting him to participate in a preceptorship with Addo-Quaye, whereby Addo-Quaye was to supervise the medical activities of Respondent and report to the Board regarding Respondent's competence to practice medicine. The Board ordered Respondent to complete a one (1) year preceptorship with Addo-Quaye, and explicitly restricted Respondent from prescribing controlled substances for a minimum of twenty-four (24)

months or until his probation period lapses, whichever is greater, and subject to prior approval of the Board.

6. Addo-Quaye held, at all times relative to this Amended Complaint, a controlled substance registration, Certificate of Registration No. CS10103, issued by the Nevada State Board of Pharmacy (Pharmacy Board).

7. Respondent, at all times relative to this Amended Complaint, did not hold a controlled substance registration, or any other kind of license to prescribe controlled substances, issued by the Pharmacy Board.

8. Addo-Quaye, at all times relative to this Amended Complaint, was the proprietor of "Bernard Addo-Quaye, MD PC," dba "TruCare Medical Center" ("TruCare"). TruCare is located at 2290 McDaniel Street, Suite 2A, North Las Vegas, Nevada 89030.

9. Respondent was engaged as a preceptee of Addo-Quaye at TruCare from September 2018 to present.

10. Addo-Quaye was out of the country from September 1, 2019, to September 20, 2019.

COUNT I
NRS 630,306(1)(b)(3)
(Violation of Statutes and Regulations of the Nevada State Board of Pharmacy)

11, All of the allegations contained in Paragraphs 1-10 above are hereby incorporated by reference as though fully set forth herein.

12. Respondent is a practitioner as defined by NRS 639.0125(1), as a physician, who holds a license to practice medicine in the State of Nevada.

13. NRS 630.306(1)(b)(3) provides that engaging in conduct that violates a provision of chapter 639 of NRS, or a regulation adopted by the State Board of Pharmacy pursuant thereto, that is applicable to a licensee who is a practitioner, as defined in NRS 639.0125, is grounds for initiating discipline against a licensee.

14. The Nevada State Board of Pharmacy adopted NAC 454.060, which sets forth requirements for written prescriptions for dangerous drugs. NAC 454.060 incorporates and includes the prescription requirements of NRS 454.223. In part, NRS 454.223(2)(a) provides:

> 2. A written prescription must contain:
> (a) The name of the practitioner, the signature of the practitioner if the prescription was not transmitted orally and the address of the practitioner if not immediately available to the pharmacist;

15. Respondent violated NAC 454.060 in that, as Addo-Quaye's preceptee, and while Addo-Quaye was out of the country from September 1, 2019, to September 20, 2019, Respondent prescribed dangerous drugs by using Addo-Quaye's blank prescription pads having Addo-Quaye's name pre-printed on the prescription forms. Respondent failed to cross-out Addo-Quaye's name on the prescription forms and write in his own name prior to Respondent signing his own name on the prescription for dangerous drugs, in violation of NAC 454.060, a regulation of the State Board of Pharmacy, because the above-referenced prescription did not contain Respondent's name (although it did contain Respondent's signature), as required by NRS 454,223(2)(a) which is incorporated by NAC 454.060, a regulation adopted by the State Board of Pharmacy.

16. By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

See **Exhibit 8**, Medical Board's First Amended Complaint filed 11-23-2020, at 1:17 to 4:2.

Dr. Bruce and the Medical Board resolved case No. 20-12252-1 via a *Settlement Agreement* filed December 4, 2020. See **Exhibit 9**. In part, same provides:

> **4. Acknowledgement of Reasonable Basis to Proceed.** As of the time of entering into this Settlement Agreement, the allegations of the Complaint remain unproven. Respondent acknowledges that the IC believes it has a reasonable basis to allege that Respondent engaged in conduct that is grounds for discipline pursuant to the Medical Practice Act. The IC acknowledges that Respondent is not admitting that the IC's claims/counts as alleged in the Complaint have merit and Respondent is agreeing to resolve this matter to avoid the costs of hearing and potential subsequent litigation. Respondent asserts that if these matters were to proceed to hearing, he has evidence, witnesses, expert witness(es) and defenses to the count/claim alleged in the Complaint, but for the purposes of resolving these matters and for no other purpose, Respondent waives the presentation of evidence, witnesses, expert witnesses, and defenses in order to effectuate this Agreement.
>
> **5. Consent to Entry of Order.** In order to resolve the Complaint pending against Respondent, Respondent hereby agrees that the Board may issue an order finding that Respondent engaged in conduct that is grounds for discipline pursuant to the Medical Practice Act. Accordingly, the following terms and conditions are hereby agreed upon:
>
> a. Respondent admits to Count I of the Complaint, one (1) violation of NRS 630.306(1)(b)(3), Violation of Statutes and Regulations of the Nevada State Board of Pharmacy.

b. Respondent shall pay a fine of five hundred dollars ($500.00) within sixty (60) days of the Board's acceptance, adoption and approval of this Agreement.

c. Respondent will pay the costs and expenses incurred in the investigation and prosecution of the above-referenced matter within sixty (60) days of the Board's acceptance, adoption and approval of this Agreement, in the amount of two thousand eighty-four dollars and eighteen cents ($2,084.18).

d. Respondent shall undergo an independent peer review examination to assess his current clinical competency to practice medicine, with the evaluation to be completed within ninety (90) days of the Board's acceptance, adoption and approval of this Agreement. The examination shall be conducted pursuant to and in accord with NRS 630.318. The examination shall be conducted by a peer reviewer approved by the Board in advance of the examination. The peer reviewer shall, within thirty (30) days of the completion of the examination, render an opinion and report to the Board regarding whether Respondent is competent to practice medicine with an unrestricted license, noting any concerns or deficiencies and areas of necessary improvement. The peer review and report shall be performed at Respondent's sole expense.

e. Upon completion of the terms and conditions set forth in paragraph 5(b)-(d) above, Respondent shall petition the Board for an unrestricted license, and appear at a public meeting where the Board shall review the record presented and render a determination on that petition in good faith.

***

Id., **Exhibit 9**, *Settlement Agreement* filed 12-4-2020, at pgs. 3-4.

As noted above, Dr. Bruce complied with all the requirements of the *Settlement Agreement* filed December 8, 2014, in Case No. 14-12252-1[2] (see **Exhibit 4**) as well as all the requirements of the *Settlement Agreement* filed December 4, 2020, in Case No. 20-12252-1 (see **Exhibit 9**).

Accordingly, as partially noted above, the Medical Board filed on June 16, 2021, an *Order Removing Conditions from License* which, in part, ordered "all conditions and restrictions be removed from Dr. Bruce's license to practice medicine in the State of Nevada and, thereby, Dr. Bruce has an unrestricted license." Explanation for question 24

On December 13, 2013, I was arrested at my clinic (Swanlake Medical Center) by US Marshalls and DEA agents and charged with "conspiracy to distribute oxycodone". I was charged with having written some oxycodone prescriptions for various patients that were filled and diverted for sale on the streets.

In September 2014, I was sentenced in federal court to serve 46 months in Taft Correctional Institute, California. I had to shut down my then 16-year old practice and turned myself in to serve my sentence January 16, 2015.

I had my original medical licensure in Nevada since 1998 (license number 8652). I practiced successfully in Nevada until December 2014.

That license was revoked December 31, 2014.

I completed my sentence in Federal prison camp May 18, 2018. I went to a NV Medical Board hearing September 7, 2018, at which time they approved my application for re-licensure. They gave me a new license 18273 with restrictions of "no controlled substance prescriptions" for 24 months. I was also required to have a preceptor for 1 year. Dr. Bernard Adao-quaye was approved to provide said preceptorship for the required duration.

I completed every step as required and at the NV Medical Board hearing June 4, 2021, they issued me an active, unrestricted license to practice medicine in the state of Nevada. I have attached a copy.

Thank you.

Signed:.....

Victor R. Bruce, M.D.

WHEREAS, Respondent understands and agrees that this Agreement is entered into by and between himself and the Board's IC, and not with the Board, but that the IC will present this Agreement to the Board for consideration in open session at a meeting duly noticed and scheduled, and that the IC shall advocate approval of this Agreement by the Board, but that the Board has the right to decide in its own discretion whether or not to approve this Agreement; and,

WHEREAS, Respondent understands and agrees that if the Board approves the terms, covenants and conditions of this Agreement, then the terms, covenants and conditions enumerated below shall be binding and enforceable upon him.

NOW THEREFORE, in order to resolve this matter and all charges alleged by the Board's IC in the Complaint in case no. 14-12252-1 and any and all matters relating to and any and all matters that may be charged by the Board or the Board's IC by virtue of or in connection with the above-referenced Indictment and/or the above-referenced *Judgment in a Criminal Case*, Respondent and the IC hereby agree to the following terms, covenants and conditions:

1. **Jurisdiction**. 4. **Consent to Entry of Order**. Respondent concedes only that the Board has sufficient evidence to proceed with its formal Complaint in case no. 14-12252-1 against him, and that by virtue of the Indictment and/or the *Judgment in a Criminal Case*, the Board also has

sufficient evidence to bring additional allegations against Respondent, but does not concede or admit to such allegations, which he expressly denies, and which, but for his desire to reach this compromise, he would contest at a formal hearing of these matters (i.e., the Complaint in case no. 14-12252-1 as well as any and all matters that could be alleged by the Board with regards to the Indictment and/or the *Judgment in a Criminal Case*). Accordingly, in order to resolve these matters without incurring further costs and expense of providing a defense to a formal Complaint, Respondent hereby agrees[1] that the Board may issue an order finding that Respondent engaged in conduct that is grounds for discipline pursuant to the MPA, and agrees:

14. The Nevada State Board of Pharmacy adopted NAC 454.060, which sets forth requirements for written prescriptions for dangerous drugs. NAC 454.060 incorporates and includes the prescription requirements of NRS 454.223. In part, NRS 454.223(2)(a) provides:

> 2. A written prescription must contain:
> (a) The name of the practitioner, the signature of the practitioner if the prescription was not transmitted orally and the address of the practitioner if not immediately available to the pharmacist;

15. Respondent violated NAC 454.060 in that, as Addo-Quaye's preceptee, and while Addo-Quaye was out of the country from September 1, 2019, to September 20, 2019, Respondent prescribed dangerous drugs by using Addo-Quaye's blank prescription pads having Addo-Quaye's name pre-printed on the prescription forms. Respondent failed to cross-out Addo-Quaye's name on the prescription forms and write in his own name prior to Respondent signing his own name on the prescription for dangerous drugs, in violation of NAC 454.060, a regulation of the State Board of Pharmacy, because the above-referenced prescription did not contain Respondent's name (although it did contain Respondent's signature), as required by NRS 454.223(2)(a) which is incorporated by NAC 454.060, a regulation adopted by the State Board of Pharmacy.

SETTLEMENT AGREEMENT

The Investigative Committee (IC) of the Nevada State Board of Medical Examiners (Board), by and through Aaron Bart Fricke, Esq., Senior Deputy General Counsel for the Board and attorney for the IC, and Victor Ronald Bruce, M.D. (Respondent), a licensed physician in Nevada, assisted by his attorney, John Hunt, Esq., of the law firm of Clark Hill PLC, hereby enter into this Settlement Agreement (Agreement) based on the following:[1]

A. BACKGROUND

1. Respondent is a medical doctor currently licensed in active-restricted status by the Board pursuant to Chapter 630 of the Nevada Revised Statutes (NRS) and Chapter 630 of the Nevada Administrative Code (NAC) (collectively, the Medical Practice Act). His license was originally issued on September 7, 2018 (License No. 18273).

2. On November 23, 2020, in Case No. 20-12252-1, the IC filed a formal First Amended Complaint (Complaint) charging Respondent with violating the Medical Practice Act.[2] Specifically, the Complaint alleges one (1) violation: one (1) violation of NRS 630.306(1)(b)(3), Violation of Statutes and Regulations of the Nevada State Board of Pharmacy.

///

[1] All agreements and admissions made by Respondent are solely for final disposition of these matters and any subsequent related administrative proceedings or civil litigation involving the Board and Respondent. Therefore, Respondent's agreements and admissions are not intended or made for any other use, such as in the context of another state or federal government regulatory agency proceeding, state or federal civil or criminal proceeding, any state or federal court proceeding, or any credentialing or privileges matter.

[2] Due to the filing of the Amended Complaint, the initial formal Complaint filed on August 13, 2020, is withdrawn and deemed to be of no force and effect.

V.B

3. By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

4. Respondent was properly served with a copy of the Complaint, has reviewed and understands the Complaint, and has had the opportunity to consult with competent counsel concerning the nature and significance of the Complaint.

5. Respondent is hereby advised of his rights regarding these administrative matters, and of his opportunity to defend against the allegations in the Complaint. Specifically, Respondent has certain rights in these administrative matters as set out by the United States Constitution, the Nevada Constitution, the Medical Practice Act, the Nevada Open Meeting Law (OML), which is contained in NRS Chapter 241, and the Nevada Administrative Procedure Act (APA), which is contained in NRS Chapter 233B. These rights include the right to a formal hearing on the allegations in the Complaint, the right to representation by counsel, at his own expense, in the preparation and presentation of his defense, the right to confront and cross-examine the witnesses and evidence against him, the right to written findings of fact, conclusions of law and order reflecting the final decision of the Board, and the right to judicial review of the Board's order, if the decision is adverse to him.

6. Respondent understands that, under the Board's charge to protect the public by regulating the practice of medicine, the Board may take disciplinary action against Respondent's license, including license probation, license suspension, license revocation and imposition of administrative fines, as well as any other reasonable requirement or limitation, if the Board concludes that Respondent violated one or more provisions of the Medical Practice Act.

7. Respondent understands and agrees that this Agreement, by and between Respondent and the IC, is not with the Board, and that the IC will present this Agreement to the Board for consideration in open session at a duly noticed and scheduled meeting. Respondent understands that the IC shall advocate for the Board's approval of this Agreement, but that the Board has the right to decide in its own discretion whether or not to approve this Agreement. Respondent further understands and agrees that if the Board approves this Agreement, then the terms and conditions enumerated below shall be binding and enforceable upon him and the Board.

Respondent agrees that he knowingly, willingly and intelligently enters into this Agreement after deciding to have a full consultation with and upon the advice of legal counsel.

3. Waiver of Rights. In connection with this Agreement, and the associated terms and conditions, Respondent knowingly, willingly and intelligently waives all rights in connection with these administrative matters. Respondent hereby knowingly, willingly and intelligently waives all rights arising under the United States Constitution, the Nevada Constitution, the Medical Practice Act, the OML, the APA, and any other legal rights that may be available to him or that may apply to him in connection with the administrative proceedings resulting from the Complaint filed in this matter, including defense of the Complaint, adjudication of the allegations set forth in the Complaint, and imposition of any disciplinary actions or sanctions ordered by the Board. The IC acknowledges

Respondent asserts that if these matters were to proceed to hearing, he has evidence, witnesses, expert witness(es) and defenses to the count/claim alleged in the Complaint, but for the purposes of resolving these matters and for no other purpose, Respondent waives the presentation of evidence, witnesses, expert witnesses, and defenses in order to effectuate this Agreement.

d. Respondent shall undergo either an independent peer review examination or a Physician Assessment and Clinical Education (PACE) examination to assess his current clinical competency to practice medicine, with the examination to be completed within ninety (90) days of the Board's acceptance, adoption and approval of this Agreement. The examination shall be conducted pursuant to and in accord with NRS 630.318. The examination shall be conducted by a provider approved by the Board in advance of the examination. The examiner shall, within sixty (60) days of the completion of the examination, render an opinion and report to the Board regarding whether Respondent is competent to practice medicine with an unrestricted license,

noting any concerns or deficiencies and areas of necessary improvement. The examination and report shall be performed at Respondent's sole expense.

e. Upon completion of the terms and conditions set forth in paragraph 5(b)-(d) above, Respondent shall petition the Board for an unrestricted license, and appear at a public meeting where the Board shall review the record presented and render a determination on that petition in good faith.

f. Respondent shall remain prohibited from writing prescriptions for controlled substances until further order of the Board.

g. This Agreement shall be reported to the appropriate entities and parties as required by law, including, but not limited to, the National Practitioner Data Bank.

7. **Procedure for Adoption of Agreement** The IC and counsel for the IC shall recommend approval and adoption of the terms and conditions of this Agreement by the Board in resolution of the Complaint at an upcoming Board meeting at the Board's earliest convenience,

and Respondent hereby waives notice of the same, whether under the United States Constitution, the Nevada Constitution, the Medical Practice Act, the OML, the APA, or otherwise. In the course of seeking Board acceptance, approval and adoption of this Agreement, counsel for the IC may communicate directly with the Board staff and the adjudicating members of the Board.

Respondent acknowledges that such contacts and communications may be made or conducted ex parte, without notice or opportunity to be heard on his part until the public Board meeting where this Agreement is discussed, and that such contacts and communications may include, but may not be limited to, matters concerning this Agreement, the Complaint and any and all information of every nature whatsoever related to these matters. The IC and its counsel agree that Respondent and/or Counsel for the Respondent may appear at the Board meeting where this Agreement is discussed and, if requested, respond to any questions that may be addressed to the IC or the IC's counsel.

8. **Effect of Acceptance of Agreement by Board**. In the event the Board accepts, approves and adopts this Agreement, the Board shall issue a final order, making this Agreement an order of the Board, and, pending full compliance with the terms herein, the case shall be closed and any and all remaining claims arising out of the Complaint shall be dismissed with prejudice.

9. **Effect of Rejection of Agreement by Board**. In the event the Board does not accept, approve and adopt this Agreement, this Agreement shall be null, void and of no force and effect except as to the following agreement regarding adjudications: (1) Respondent agrees that, notwithstanding rejection of this Agreement by the Board, nothing contained in this Agreement and nothing that occurs pursuant to efforts of the IC to seek the Board's acceptance of this Agreement shall disqualify any member of the adjudicating panel of the Board from considering the Complaint and from participating in disciplinary proceedings against Respondent, including adjudication of this case; and (2) Respondent further agrees that he shall not seek to disqualify any such member absent evidence of bad faith.

10. **Binding Effect**. If approved by the Board, Respondent understands that this Agreement is a binding and enforceable contract upon Respondent and the Board.

12. **Attorneys' Fees and Costs**. The parties agree that in the event an action is commenced in district court to enforce any provision of this Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees and costs.

13. **Failure to Comply With Terms**. Should Respondent fail to comply with any term or condition of this Agreement once the Agreement has been accepted, approved and adopted by the Board, the IC shall be authorized to immediately suspend Respondent's license to practice medicine in Nevada pending an Order To Show Cause Hearing on revocation, which will be duly noticed. Re: Victor Bruce, MD
*** Petition for Reconsideration of the Board's Denial of Dr. Bruce's Application for Controlled Substance Registration**

Mr. Wuest:

As you know, this office represents Victor Bruce, MD ("Dr. Bruce"). We are in receipt of your letter dated September 7, 2021, advising of the Nevada State Board of Pharmacy's (the "Board") denial of Dr. Bruce's application for Controlled Substance Registration. See **Exhibit 1**. With citation to NRS 639.139, your notes Dr. Bruce has the right to petition the Board within thirty (30) days for reconsideration of his application. Id., second paragraph.

* **Request/Petition for Reconsideration.**

Accordingly, this letter is submitted as Dr. Bruce's petition for reconsideration of the Board's denial of his application Controlled Substance Registration.

NRS 139.139 provides:

NRS 639.139 Denial of application: Procedure for reconsideration.

1. At any time within 30 days after receipt of the notice of denial of an application, the applicant may petition the Board for reconsideration of the application. The petition must set forth

---

a denial, in whole or in part, of the violations alleged and a statement that the applicant is prepared to submit evidence in support of the denial of the allegations.

. Within 30 days after the petition is received by the Board, the Executive Secretary of the Board shall notify the petitioner, by registered or certified mail, of the Board's decision to grant or deny the petition for reconsideration. If the petition is granted, the notice must include the time and place set for reconsideration of the application by the Board. (Added to NRS by 1967, 1655; A 1977, 90; 2003, 2285)

NRS 639.139(1) provides that a petition for reconsideration "must set forth a denial, in whole or in part, of the violations alleged and a statement that the applicant is prepared to submit evidence in support of the denial of the allegations." In keeping with NRS 639.139(1), Dr. Bruce hereby provides as follows regarding the stated basis for the Board's denial of his application and he, as noted below, further states he is prepared to submit evidence in support of his denial of the Board's purported basis for its denial of his application. As to the latter, request is made that the Board advise of any deadline as to when such evidence is due.

* **NRS 639.139(1) - Dr. Bruce acknowledges his conviction for conspiracy to distribute oxycodone in October 2014, but he denies that the conviction makes him unsafe for the public if his application for a controlled substance registration is granted. Dr. Bruce is prepared to submit evidence in support of the denial of this purported basis.**

Your letter advises, in part, "[t]he Board denied your [Dr. Bruce's] application because of your criminal conviction for conspiracy to distribute oxycodone..." See **Exhibit 1**. Pursuant to NRS 639.139(1), Dr. Bruce acknowledges his conviction for conspiracy to distribute oxycodone in October 2014, but he denies that the conviction makes him unsafe for the public if his application for a controlled substance registration is granted. Also pursuant to NRS 639.139(1), Dr. Bruce hereby states he is prepared to submit evidence in support of the denial of this purported basis. Again, request is made that the Board advise of any deadline as to when such evidence is due.

As was addressed in Dr. Bruce's application (BB1530-1542)[1] and his supplement (BB1543-1603) which were referenced at agenda item 10B for the Board's August 31, 2021, hearing, Dr. Bruce has taken and acknowledged full responsibility for his conviction for conspiracy to distribute oxycodone in October 2014. As addressed in his

[1] Reference to "BB" refers to the Board's Book from the August 31, 2021, Board hearing. The page numbers following the "BB" reference are those referenced in the upper right hand corner.

application/supplement, following Dr. Bruce's release from incarceration, the Nevada State Board of Medical Examiners on September 7, 2018, issued Dr. Bruce an "Active-Restricted" license to practice medicine for the express purpose of permitting him to participate in a preceptorship with Dr. Addo-Quaye, whereby Dr. Addo-Quaye was to supervise the medical activities of Dr. Bruce and to report to the Medical Board regarding Dr. Bruce's competence to practice medicine. The Medical Board ordered Respondent to complete a one (1) year preceptorship with Dr. Addo-Quaye, and explicitly restricted Respondent from prescribing controlled substances for a minimum of twenty-four (24) months or until his probation period lapses, whichever is greater, and subject to prior approval of the Medical Board.

Via letter dated May 17, 2021, the United States District Court, District of Nevada, Probation Department, advised that Dr. Bruce has completed his supervision term relative to the criminal case. See BB1581.

Accordingly, the Medical Board filed on June 16, 2021, an *Order Removing Conditions from License* which, in part, ordered "all conditions and restrictions be removed from Dr. Bruce's license to practice medicine in the State of Nevada and, thereby, Dr. Bruce has an unrestricted license." See BB1583.

* **NRS 639.139(1) – With regards to purported basis of "disciplinary history" for the denial of Dr. Bruce's application, the same is denied and Dr. Bruce hereby states he is prepared to submit evidence in support of the denial of this purported basis.**

Also, in part, your letter advises that the Board denied Dr. Bruce's application because of his "disciplinary history." Pursuant to NRS 639.139(1), this purported basis for the denial of Dr. Bruce's application is denied and Dr. Bruce hereby states he is prepared to submit evidence in support of the denial of this purported basis. As you may remember, at the August 31, 2021, hearing, the only discussion of any purported "disciplinary history" as to Dr. Bruce had to do with the Pharmacy Board's *Cease and Desist/Citation: Unlicensed Practice (Case No. 19-242-S)* dated July 21, 2020. This matter, however, was settled via a *Payment Agreement* (BB1585-1586) wherein the Board and Dr. Bruce arrived at a mutually agreeable resolution regarding the Citation/Statement in that Dr. Bruce would acknowledge he would pay the Citation's fine amount, that Dr. Bruce would make no admission of a specific violation in relation to the payment of a fine amount, and Dr. Bruce would withdrawal his appeal to be heard in front of the Board. Id., BB1585-1586

Accordingly, Dr. Bruce's appeal was withdrawn/vacated from the Board's October 14, 2020, hearing agenda. See BB1585-1586, *Payment Agreement* regarding Pharmacy Board Case No. 19-242. The same further notes, in part:

> **WHEREAS**, the parties further agree to the following:
>
> * Dr. Bruce's general acknowledgement and payment of the fine is not an admission of liability;
> * No signed "acknowledgement" is needed;
> * Payment of the fine does not constitute discipline; and
> *The general acknowledgment and payment of the fine is akin to a settlement where there is no admission of liability.

See BB1585, *Payment Agreement*, at pg. 1.

Accordingly, as the *Payment Agreement* concerning the Citation/Statement makes clear there is **no** admission of liability and payment of the fine **does not** constitute discipline. Thus, pursuant to the *Payment Agreement* (BB1585-1586), the resolution of the Citation/Statement did not and does not represent any form of discipline. Thus, any reliance upon the Citation/Statement as evidence of "disciplinary history" is factually inaccurate and the Board's denial of Dr. Bruce's application based upon same was improper.

* **Reconsideration is also proper to allow for consideration of terms, conditions, restrictions.**

Dr. Bruce is open to discussing with the Board terms, conditions, and restrictions to be associated with an order for a controlled substance registration. For instance, in the matter of Craig Weingrow, M.D., Certificate Registration Nos. CS209272, PD00502, Petitioner, Case No. 17-066-CS-S, the *Order of Reinstatement* filed July 31, 2020, set for certain terms, conditions, and restrictions relative to the Board's reinstatement of Dr. Weingrow's controlled substance registration (following approximately 2 years of revocation in July 2018). See **Exhibit 2**, copy of *Order of Reinstatement* in the Weingrow matter.[2] The conditions include:

[2] Same is also at BB1392-1395.

---

* Only prescribing controlled substances listed in Exhibit 2 to the *Order of Reinstatement*;
* Reporting controlled substance prescribing every quarter to Board staff;
* Appearing before the Board for prior authorization to make any amendments to the list of controlled substances that may be prescribed.

Id., **Exhibit 2**, at pg. 1, or BB1392.

As was noted during the August 31, 2021, hearing, certain Board members voiced concern for the safety of the public if Dr. Bruce's application was approved. It is submitted that any such safety concerns regarding Dr. Bruce prescribing controlled substances can be appropriately addressed via a stipulation consistent with the terms addressed in the *Order of Reinstatement* from Dr. Weingrow's matter. See **Exhibit 2** or BB1392-1395. Dr. Bruce, like with Dr. Weingrow, is willing to stipulate to terms and conditions like those found in the *Order of Reinstatement*.

Dr. Bruce is likewise willing to discuss and consider alternative or other terms and conditions to address Board member safety concerns. For example, such other terms and conditions could include: 1) Dr. Bruce establish and put into practice all necessary policies and procedures to ensure that any controlled substance prescription complies with the provisions of Federal and State law; 2) Dr. Bruce shall comply with all Federal and State laws regarding controlled substances, and 3) Dr. Bruce shall have no charges filed with the Board regarding controlled substances during the period that the terms and conditions are applicable.

* **Requests for information and statistics.**

Via letters on September 14, 2021 (see **Exhibit 3**) and September 29, 2021 (see **Exhibit 4**), this office requested certain information and statistics from the Board. Board counsel advised that the Board does not have or maintain the requested information. See **Exhibit 5**, September 29, 2021, letter from Brett Kandt.[3]

In part, the requests for information from the Board were made in light of the Board's decisions to grant the other two (2) applications for controlled substance

[3] The September 17, 2021, email referenced in Mr. Kandt's September 29, 2021, letter stated, in pertinent part, "[t]he Board does not have the information you requested in your correspondence."

registration that came on for hearing during the Board's August 31, 2021, meeting. Specifically, they were agenda items 10A (Jason Bellak – see BB1462-1528) and 10C (Mark Vellek – see BB1604-1622).

As may be remembered, Mr. Bellak (agenda item 10A) was involved in the following:

BB1466 Admits using cocaine and marijuana (with positive drug tests for both) on two separate occasions accompanying heavy drinking in January 2005 and February 2005

BB1469 June 2004, convicted of driving while intoxicated

BB1470-72 December 2003, charged with (1) physical abuse of child, (2) misdemeanor battery, (3) intimate victim/dissuade reporting, and (4) disorderly conduct to which he plead guilty to counts 1 (recklessly causing great bodily harm to a child) and 2 (battery) in June 2004 (BB1471)

BB1473 December 2004, charged with bail jumping and disorderly conduct. Charges dismissed in April 2005.

BB1474 September 2005, pled no contest to misdemeanor battery which followed on the June 2005 charging of (1) bail jumping, (2) misdemeanor battery, (3) and disorderly conduct. Counts 1 and 3 were dismissed.

As to Mr. Vellek (Board's agenda item 10C), on November 22, 2013, he executed a Settlement Agreement with the Missouri Department of Health and Senior Services', Bureau of Narcotics and Dangerous Drugs see BB1608-1614) which, in part, noted Dr. Vellek did not maintain controlled substance receipt records as required, did not maintain annual inventories, did not maintain a separate administration and dispensing log for Schedule III-V controlled substances, that incomplete records prevented an audit from being conducted to verify the accountability for all controlled substances. Id., BB1612. The Settlement Agreement was withdrawn and a letter of concern was issued. See BB1615.

9. Does the Board maintain a record based upon race and/or ethnic origin of the number of applicants who have been denied a registration?

10. Does the Board maintain a record based upon race and/or ethnic origin of the number of registration holders who have been discipline pursuant to stipulation and/or as a result of a full Board Hearing?

In addition to the above requests, please provide the following additional information:

11. A list of the applicants who have been **denied** a registration in the past (5) year who has been convicted of a felony.

12. A list of the applicants who have been **granted** a registration in the past (5) year who has been convicted of a felony.

Gentlemen:

Based upon the Board's request for additional information regarding Dr. Bruce's tabled and pending petition for reconsideration of a controlled substance registration, please find attached the CPEP Assessment Report regarding Victor R. Bruce, MD dated May 26, 2021 ("Report" or "CPEP Report") which was requested by the Nevada State Board of Medical Examiners ("Medical Board") which resulted in Dr. Bruce receiving an unrestricted license from the Medical Board.

Also attached, as requested by the Board, is a list of limited prescriptions that Dr. Bruce believes necessary which will enable him to serve his community until such time as the Board is grants Dr. Bruce an unrestricted controlled substance registration. I have spoken to the Medical Board's general counsel, Aaron Fricke, Esq., and should you have any questions regarding the assessment and/or the authenticity of the assessment, please contact him.

With regards to the CPEP Report, a number of points are of note. Moreover, highlighted in yellow are certain references to the Report which specifically address prescription related issues/matters. Most importantly, the Report's findings and overall recommendations provide that Dr. Bruce performed and there were no health conditions identified that should interfere with Dr. Bruce's medical practice. Further, his cognitive function screen results were within normal limits. See Report, pg. 1, section I.A.

As to the "scattered educational needs" or "minimal educational needs" the Report provides Dr. Bruce "should have the resources to address these educational needs through self-study and the assistance of a respected colleague in the same area of specialty, without the benefit of a structured Educational Intervention." Id., pg. 1, section I.B.

As to Dr. Bruce's medical knowledge, the Report notes, in part:

- Dr. Bruce demonstrated a good fund of knowledge of internal medicine with minor gaps. Id., pg. 5, section III.A.1.
- Dr. Bruce demonstrated good knowledge of causes of chest pain, evaluation of syncope, evaluation of fatigue, diagnosis of hypothyroidism, diagnosis of Parkinson's disease, as well as the management of cellulitis, hypertension, diabetes mellitus, pulmonary embolus, chronic obstructive pulmonary disease exacerbation, transient ischemic attack, urinary tract infection, diverticulitis, gout, knee pain, and acute/chronic low back pain. Id., pg. 5, section III.A.1.
- Regarding controlled substance prescribing, Dr. Bruce's knowledge was adequate. Id., pg. 5, section III.A.1.
- His knowledge of potency, indications, side effects, risks, and weaning schedule for opioids was appropriate. Id., pg. 5, section III.A.1.

- He had adequate knowledge of non-opioid pain medications and non-pharmacologic management options for chronic pain in addition to the benefits of a multi-modal approach. Id., pg. 5, section III.A.1.

- He was current in his knowledge of necessary monitoring of patients being prescribed chronic opioids with urine drug screens, review of the prescription drug monitoring program, as well as use of a controlled substance agreement. Id., pg. 5, section III.A.1.

- When discussing benzodiazepines, Dr. Bruce demonstrated adequate knowledge of associated risks and how to wean them. Id., pg. 5, section III.A.1.

With regards to Dr. Bruce's clinical judgment and reasoning, the Report notes, in part:

- Dr. Bruce's clinical judgment and reasoning, as demonstrated during this Assessment, were acceptable. Id., pg. 6, section III.A.2.

- Dr. Bruce's information-gathering was appropriate in most scenarios, but he could improve in gathering more data about alcohol use and mental health symptoms. Id., pg. 7, section III.A.2.

- Dr. Bruce's described differential diagnoses for the hypothetical patients were appropriate; this included scenarios of fatigue, shortness of breath, and memory loss. Id., pg. 7, section III.A.2.

- He demonstrated a good ability to recognize the potential for iatrogenesis with prescribed medications such as nonsteroidal anti-inflammatory drugs (NSAIDs), opioids, and hydrochlorothiazide. Id., pg. 7, section III.A.2.

- His ability to recognize acuity of illness was adequate in scenarios of gastrointestinal bleeding, shortness of breath, pulmonary embolus, diabetic foot infection, urinary tract infection in an elderly hypothetical patient, and an acute worsening of chronic renal insufficiency. Id., pg. 7, section III.A.2.

- Dr. Bruce's described hypothetical patient care was acceptable. He described comprehensive and thoughtful approaches to the discussed cases and applied evidence-based medical principles to patient care. Id., pg. 7, section III.A.2.

- His management of hypothetical patients with gastrointestinal bleeding, urinary tract infection, diabetic foot infection, hypertension, diabetes mellitus, gout, osteoporosis, coronary artery disease/recent coronary artery stenting, transient ischemic attack, ankle sprain, gastroesophageal reflux disease, insomnia, and hypothyroidism was adequate. Id., pg. 7, section III.A.2.

- Dr. Bruce did inquire about alcohol use in most of the scenarios and did make sound recommendations for alcohol cessation when indicated. Id., pg. 7, section III.A.2.

- Regarding controlled substance prescribing, Dr. Bruce's performance was acceptable. In several scenarios of low-back pain, his approaches were multi-modal with use of non-opioid medications and non-pharmacologic therapies. He recommended against the use of chronic opioids for back pain and his descriptions of how to counsel the patient on expectations and how to wean opioids were acceptable. Id., pg. 7, section III.A.2.

- He appeared to recognize the addictive nature and potential for diversion with opioids and benzodiazepines. His described approach to opioid prescribing included current recommendations of a controlled substance agreement, urine drug screening, and review of the prescription drug monitoring program. Id., pg. 7, section III.A.2.

- He aptly recommended a non-benzodiazepine for sleep for a hypothetical patient with insomnia and a slow wean of the benzodiazepine medication she had been taking to prevent withdrawal symptoms such as seizure. Id., pg. 7, section III.A.2.

- When discussing stimulants for the treatment of adult ADHD, Dr. Bruce appeared to recognize indications and potential adverse effects. Id., pg. 7, section III.A.2.

- While his approach to stimulant prescribing was generally acceptable, Dr. Bruce could have better encouraged non-stimulant treatment options, according to the consultant. Id., pg. 7, section III.A.2.

- Dr. Bruce appeared to recognize some of his knowledge limitations during the interviews. He described appropriate use of consultants such as neurology for a scenario of Parkinson disease, and gynecology for uterine prolapse with urinary incontinence. Id., pg. 8, section III.A.2.

With regards to Dr. Bruce's patient care documentation, the Report notes, in part:

- Dr. Bruce's notes were dictated in a history and physical format. In the history, Dr. Bruce consistently included a presenting complaint, history of present illness, allergies, family history, and review of systems. He included a past medical history and medication list in two notes and omitted a substance use history (tobacco, alcohol, and illicit substance use) in all notes. Id., pg. 8, section III.A.3.

- Two of the three notes included brief exams. He indicated an assessment with a differential diagnosis depending on the patient compliant. Dr. Bruce included plans in all notes. He documented patient education in all three notes. He did not recommend any prescription medications; therefore, the completeness of his documentation of prescriptions could not be evaluated. Timing for follow-up was indicated in all three notes. Contingencies for early follow-up were not included. Id., pg. 8, section III.A.3.

- Overall, Dr. Bruce's SP documentation was adequate with areas that could be enhanced. He demonstrated that he understood most of the components of acceptable single-encounter patient documentation. Id., pg. 8, section III.A.3.

With regards to Dr. Bruce's communication skills and certain other matters, the Report notes, in part:

- The three SPs presented remotely with irritated eyes, carpal tunnel, and chronic cough. Dr. Bruce presented himself as professional, friendly, affable, warm, and easy to talk to throughout the SP encounters. He briefly set expectations, followed a logical sequence of events, and asked several open-ended questions. All three SPs felt able to ask questions and use their own words to describe concerns. Id., pg. 9, section III.C.1.

- Dr. Bruce was easy to understand and his voice volume was good. The patient education he provided was brief, but clear and adequate, and all of the SPs understood the treatment plan. There was a natural flow of conversation with good pacing. Id., pg. 9, section III.C.1.

- Dr. Bruce's empathy level was rated from adequate to high; he had a good sense of humor, seemed understanding of an SP's inability to take time off from work, and made sure the SPs understood what he was telling them. Id., pg. 9, section III.C.1.

- One SP liked that Dr. Bruce was friendly, smiling, and knowledgeable; another appreciated that Dr. Bruce was affable and had a sense of humor; and the third SP said that Dr. Bruce set them at ease. None of the SPs had any negative comments about Dr. Bruce and all three would return. Id., pg. 9, section III.C.1.

- The communication consultant had a positive impression of Dr. Bruce's communication skills. He had a conversational style that immediately set the SPs at ease, so they felt comfortable talking to him. He summarized the SP complaints well. He checked in periodically to make sure that the SPs understood him. Id., pg. 9, section III.C.1.

- Dr. Bruce's patient education was brief but adequate enough to enable each SP to understand their condition. Id., pg. 9, section III.C.1.

- Dr. Bruce demonstrated very strong physician-patient communication skills during this exercise. No further intervention is recommended. Id., pg. 9, section III.C.1.

- Dr. Bruce's communication skills were consistently professional throughout the Assessment, both with the consultants and CPEP staff. Id., pg. 10, section III.C.2.

- Nothing that transpired during this Assessment raised questions about Dr. Bruce's professionalism. Id., pg. 10, section III.D.

- while the Assessment is not designed to evaluate this competency in-depth, Dr. Bruce demonstrated some awareness of health care costs and cost containment, as well as some awareness of ways to assist patients in dealing with system complexities. Id., pg. 10, section III.E.

- Dr. Bruce was pleasant and cooperative toward CPEP staff and clinical consultants, and conducted himself in a professional manner throughout the Assessment. He submitted all of the required documentation in a timely manner. Id., pg. 10, section III.F.3.

Again, as noted initially the Report's findings and overall recommendations provide that Dr. Bruce performed well, demonstrating only minimal, scattered educational needs and that there were no health conditions identified that should interfere with Dr. Bruce's medical practice. While certain minimal educational needs were noted, the Report clearly provides Dr. Bruce "should have the resources to address these educational needs through self-study and the assistance of a respected colleague in the same area of specialty, without the benefit of a structured Educational Intervention." Id., pg. 1, section I.B.

Again, after the Medical Board reviewed the attached Report, the Medical Board issued Dr. Bruce an unrestricted license. Should you have any questions regarding either the Report and/or the proposed list of requested limited prescriptions, please contact me.

It is requested that this email and its attachments be provided to the Pharmacy Board and be made part of the agenda and record at the next Board meeting when the Board reconsiders Dr. Bruce's tabled and pending petition for reconsideration relative to his application for a controlled substance registration.

Lastly, can you please provide the date of the Board's next meeting when it will again consider Dr. Bruce's petition for reconsideration relative to his application for a controlled substance registration?

Thank you.

I. Executive Summary

Background

CPEP, the Center for Personalized Education for Professionals, designed this Assessment for Victor R. Bruce, M.D., to evaluate his practice of internal medicine. The CPEP Medical Director and staff reviewed information that the Nevada State Board of Medical Examiners (Board) and Dr. Bruce provided for the Assessment. According to Dr. Bruce, his license was revoked in 2014 after being convicted of a federal criminal charge involving controlled substances. Dr. Bruce informed CPEP that he was issued a restricted license in 2018 and was required to complete a preceptorship. According to the Board's Settlement Agreement dated November 23, 2020, Dr. Bruce was ordered to undergo an assessment of his current clinical competency to practice medicine.

Limitations: Dr. Bruce has treated pediatric patients in the past. His CPEP Assessment was in outpatient internal medicine and treatment of an adult population and did not include pediatrics.

A. Assessment Findings and Overall Recommendations

During this Assessment, Dr. Bruce performed well, demonstrating only minimal, scattered educational needs. The educational needs identified in this Assessment are listed in *Section III. Assessment Findings.*

No health conditions were identified that should interfere with Dr. Bruce's medical practice. His cognitive function screen results were within normal limits.

B. Educational Recommendations

Based on the findings of this Assessment, Dr. Bruce demonstrated minimal educational needs. CPEP believes that Dr. Bruce should have the resources to address these educational needs through self-study and the assistance of a respected colleague in the same area of specialty, without the benefit of a structured Educational Intervention. However, if desired by Dr. Bruce and/or the Board, CPEP is available to speak with the Board and Dr. Bruce about options and resources, including a CPEP Educational Intervention. Please see *Appendix II, CPEP Educational Recommendations* for an explanation and implication of these recommendations.

Limitations

CPEP's findings are based on the performance of the participant during the Assessment process. No direct observation of the participant in the procedural setting occurs. Therefore, conclusions address only whether the participant possesses the knowledge and judgment necessary to perform, without predicting actual behavior. CPEP is unable to evaluate whether a participant possesses the technical skills required in a procedural setting. Such concerns need to be addressed through direct observation of the participant's abilities by peer professionals. Concerns about complication rates should be addressed through comparison with published data.

It is privileged under professional review, attorney/client, work product, or trade secrets as permitted by law. Use or disclosure without written authorization from CPEP is strictly prohibited. If you have received this document in error, please contact CPEP immediately.

The Assessment is not designed to provide an in-depth evaluation of fraudulent or unethical practice patterns, inappropriate behavior with patients, or the participant's boundaries with patients; nor is it designed to evaluate the consequences of physical or mental health disorders.

II. Personalization of Assessment Process

An Associate Medical Director oversees the Assessment to ensure that the process is reflective of the participant's particular practice and that the results accurately reflect the participant's performance. Selection of testing modalities varies with each Assessment, using specific components from the table below that are determined to be appropriate for each participant's practice.

The table below outlines the processes and test modalities typically used in an Assessment and how each modality contributes to an Assessment.

Dr. Bruce's Assessment is personalized in the following manner:

This document and its contents are confidential and intended for the exclusive use of CPEP, Participant, and authorized professional review organization(s). It is privileged under professional review, attorney/client, work product, or trade secrets as permitted by law. Use or disclosure without written authorization from CPEP is strictly prohibited. If you have received this document in error, please contact CPEP immediately.

- ***Patient Charts:*** Because Dr. Bruce has been out of practice since 2014, CPEP did not request charts.
- ***Clinical Interviews:*** Three clinical interviews were conducted by board-certified internists. The consultants based the interviews on the hypothetical cases and topic-based discussions.
- ***Simulated Patient (SP) Encounters:*** The exercise included three 20-minute patient encounters. The SP cases were selected to represent conditions typically seen in the participant's specialty setting.
- ***SP Documentation Exercise:*** The exercise involved documentation of each interview with an SP.
- ***Electrocardiogram (ECG) Interpretation:*** The exercise included one ECG tracing for which the ventricular rate, PR interval, QRS duration, QT interval, and QRS axis were requested, and 10 ECG tracings for which a written description, interpretation, and course of action were requested.

III. Assessment Findings

A. Medical Knowledge and Patient Care

CPEP's findings of Dr. Bruce's Medical Knowledge and Patient Care are based on clinical interviews, an SP documentation exercise, and results of written testing.

1. Medical Knowledge

During this Assessment, Dr. Bruce demonstrated a good fund of knowledge of internal medicine with minor gaps.

The following paragraphs provide a brief discussion with examples of some of Dr. Bruce's demonstrated areas of strength. The list below includes the majority of educational needs identified during the Assessment.

Dr. Bruce demonstrated good knowledge of causes of chest pain, evaluation of syncope, evaluation of fatigue, diagnosis of hypothyroidism, diagnosis of Parkinson's disease, as well as the management of cellulitis, hypertension, diabetes mellitus, pulmonary embolus, chronic obstructive pulmonary disease exacerbation, transient ischemic attack, urinary tract infection, diverticulitis, gout, knee pain, and acute/chronic low back pain.

Regarding controlled substance prescribing, Dr. Bruce's knowledge was adequate. His knowledge of potency, indications, side effects, risks, and weaning schedule for opioids was appropriate. He had adequate knowledge of non-opioid pain medications and non-pharmacologic management options for chronic pain in addition to the benefits of a multi-modal approach. He was current in his knowledge of necessary monitoring of patients being prescribed chronic opioids with urine drug screens, review of the prescription drug monitoring program, as well as use of a controlled substance agreement. When discussing benzodiazepines, Dr. Bruce demonstrated adequate knowledge of associated risks and how to wean them.

This document and its contents are confidential and intended for the exclusive use of CPEP, Participant, and authorized professional review organization(s). It is privileged under professional review, attorney/client, work product, or trade secrets as permitted by law. Use or disclosure without written authorization from CPEP is strictly prohibited. If you have received this document in error, please contact CPEP immediately.

Dr. Bruce completed a written ECG interpretation examination. He was asked to note the rate, intervals, and axis for one normal ECG and was correct for everything. He was asked to provide descriptions, interpretations, and course of action for 10 ECG tracings representing various cardiac conditions. His notes did not show that he had a logical scheme to evaluate ECGs. Of the five tracings for which Dr. Bruce needed to consider infarct or ischemia as the cause of the pattern, he identified four. He did not describe all ST/T abnormalities, Q waves, and underlying rhythm on several tracings. He did not identify inferior wall myocardial infarction (MI), age indeterminate on one tracing. Dr. Bruce's plans were incorrect for five tracings. He did not compare to old ECG on two tracings and did not initiate acute coronary syndrome management on one tracing. In summary, Dr. Bruce's performance on the ECG interpretation exercise was generally acceptable with room for improvement. He could improve his ability to formulate plans based on electrocardiographic findings.

Educational Needs – Medical Knowledge

- Cardiology:
  - Current management of hyperlipidemia;
  - ECG interpretation:
    - Identification of underlying rhythm;
    - Formulation of plans based on electrocardiographic findings;
- Routine health maintenance:
  - Cervical cancer screening;
  - Breast cancer screening;
  - Hepatitis C screening;
  - Human immunodeficiency virus (HIV) screening;
  - Abdominal aortic aneurysm screening;
- Mental health:
  - Tools to screen for mental health and alcohol use disorders;
  - Attention-deficit hyperactivity disorder (ADHD);
  - Non-stimulant options such as atomoxetine and bupropion;
  - Non-pharmacologic management;
- Gastroenterology:
  - Indications for esophagogastroduodenoscopy (EGD);
- Endocrinology:
  - FRAX score;
  - Bisphosphonates: side effects such as atypical fractures and osteonecrosis of the jaw;
  - Levothyroxine: recommended time of day to take the medication.

2. Clinical Judgment and Reasoning

Dr. Bruce's clinical judgment and reasoning, as demonstrated during this Assessment, were acceptable.

This document and its contents are confidential and intended for the exclusive use of CPEP, Participant, and authorized professional review organization(s). It is privileged under professional review, attorney/client, work product, or trade secrets as permitted by law. Use or disclosure without written authorization from CPEP is strictly prohibited. If you have received this document in error, please contact CPEP immediately.

Dr. Bruce's information-gathering was appropriate in most scenarios, but he could improve in gathering more data about alcohol use and mental health symptoms. Dr. Bruce's described differential diagnoses for the hypothetical patients were appropriate; this included scenarios of fatigue, shortness of breath, and memory loss. He demonstrated a good ability to recognize the potential for iatrogenesis with prescribed medications such as nonsteroidal anti-inflammatory drugs (NSAIDs), opioids, and hydrochlorothiazide. His ability to recognize acuity of illness was adequate in scenarios of gastrointestinal bleeding, shortness of breath, pulmonary embolus, diabetic foot infection, urinary tract infection in an elderly hypothetical patient, and an acute worsening of chronic renal insufficiency. The one exception was a case of chest pain: the consultant opined that although troponin levels are sometimes performed in the outpatient office setting *(as Dr. Bruce recommended),* transfer of the patient to the emergency room would lessen the chance of a delay in diagnosis of acute coronary syndrome.

Dr. Bruce's described hypothetical patient care was acceptable. He described comprehensive and thoughtful approaches to the discussed cases and applied evidence-based medical principles to patient care. His management of hypothetical patients with gastrointestinal bleeding, urinary tract infection, diabetic foot infection, hypertension, diabetes mellitus, gout, osteoporosis, coronary artery disease/recent coronary artery stenting, transient ischemic attack, ankle sprain, gastroesophageal reflux disease, insomnia, and hypothyroidism was adequate. One area for improvement pertained to routine health maintenance as his performance appeared to have been impacted by knowledge deficiencies.

Dr. Bruce did inquire about alcohol use in most of the scenarios and did make sound recommendations for alcohol cessation when indicated. However, one identified theme was that Dr. Bruce did not screen for alcohol abuse/alcohol use disorders. In scenarios of gout, falls, insomnia, and dyspepsia, the consultant opined that Dr. Bruce should have screened for alcohol use disorder.

Regarding controlled substance prescribing, Dr. Bruce's performance was acceptable. In several scenarios of low-back pain, his approaches were multi-modal with use of non-opioid medications and non-pharmacologic therapies. He recommended against the use of chronic opioids for back pain and his descriptions of how to counsel the patient on expectations and how to wean opioids were acceptable. He appeared to recognize the addictive nature and potential for diversion with opioids and benzodiazepines. His described approach to opioid prescribing included current recommendations of a controlled substance agreement, urine drug screening, and review of the prescription drug monitoring program. He aptly recommended a non-benzodiazepine for sleep for a hypothetical patient with insomnia and a slow wean of the benzodiazepine medication she had been taking to prevent withdrawal symptoms such as seizure. When discussing stimulants for the treatment of adult ADHD, Dr. Bruce appeared to recognize indications and potential adverse effects. While his approach to stimulant prescribing was generally acceptable, Dr. Bruce could have better encouraged non-stimulant treatment options, according to the consultant.

This document and its contents are confidential and intended for the exclusive use of CPEP, Participant, and authorized professional review organization(s). It is privileged under professional review, attorney/client, work product, or trade secrets as permitted by law. Use or disclosure without written authorization from CPEP is strictly prohibited. If you have received this document in error, please contact CPEP immediately.

Dr. Bruce appeared to recognize some of his knowledge limitations during the interviews. He described appropriate use of consultants such as neurology for a scenario of Parkinson disease, and gynecology for uterine prolapse with urinary incontinence.

Since patient charts were not available for Dr. Bruce's practice of outpatient (adult) internal medicine for this Assessment, CPEP is unable to comment about Dr. Bruce's application of knowledge in actual patient care.

The list below includes the educational needs discussed above as well as additional limited educational needs that were identified during the Assessment.

Educational Needs – Clinical Judgment and Reasoning

- Consistent ability to gather adequate data about alcohol use and mental health symptoms;
- Appropriate suspicion and screening for alcohol use disorder.

3. Patient Care Documentation

a. Review of Documentation – Patient Charts

Dr. Bruce's patient care documentation was evaluated based solely on notes written at CPEP, as charts from his former practice were not requested due to his time away from practice. For this reason, no assessment of his ability to manage and organize a complete chart can be made.

b. Review of Documentation – Simulated Patient (SP) Encounter Notes

Dr. Bruce was asked to document a progress note for each remote SP encounter.

Dr. Bruce's notes were dictated in a history and physical format. In the history, Dr. Bruce consistently included a presenting complaint, history of present illness, allergies, family history, and review of systems. He included a past medical history and medication list in two notes and omitted a substance use history (tobacco, alcohol, and illicit substance use) in all notes.

Two of the three notes included brief exams. He indicated an assessment with a differential diagnosis depending on the patient compliant. Dr. Bruce included plans in all notes. He documented patient education in all three notes. He did not recommend any prescription medications; therefore, the completeness of his documentation of prescriptions could not be evaluated. Timing for follow-up was indicated in all three notes. Contingencies for early follow-up were not included.

Overall, Dr. Bruce's SP documentation was adequate with areas that could be enhanced. He demonstrated that he understood most of the components of acceptable single-encounter patient documentation.

This document and its contents are confidential and intended for the exclusive use of CPEP, Participant, and authorized professional review organization(s). It is privileged under professional review, attorney/client, work product, or trade secrets as permitted by law. Use or disclosure without written authorization from CPEP is strictly prohibited. If you have received this document in error, please contact CPEP immediately.

Educational Needs – Documentation

- Inclusion of contingencies for early follow-up when warranted;
- Inclusion of substance use history;
- Consistent inclusion of a medication list and physical exam.

4. Practice-based Learning

Dr. Bruce reported 140 hours of CME activities and some self-study in the past 36 months but provided limited information about the specific activities. CPEP is unable to comment as to whether Dr. Bruce was selecting CME activities that were pertinent to the field of internal medicine. It was not clear how much, if any, of this CME was evidence-based, as CPEP did not request the data in this format. He described limited medical content resources.

Educational Needs – Practice-based Learning

- If not already doing so, selection of CME activities pertinent to the field of internal medicine (adult patients);
- Expanded variety of medical content resources, including but not limited to, internet-based resources.

C. Communication Skills

1. Physician-Patient Communication Evaluation

The three SPs presented remotely with irritated eyes, carpal tunnel, and chronic cough. Dr. Bruce presented himself as professional, friendly, affable, warm, and easy to talk to throughout the SP encounters. He briefly set expectations, followed a logical sequence of events, and asked several open-ended questions. All three SPs felt able to ask questions and use their own words to describe concerns. Dr. Bruce was easy to understand and his voice volume was good. The patient education he provided was brief, but clear and adequate, and all of the SPs understood the treatment plan. There was a natural flow of conversation with good pacing. Dr. Bruce's empathy level was rated from adequate to high; he had a good sense of humor, seemed understanding of an SP's inability to take time off from work, and made sure the SPs understood what he was telling them. One SP liked that Dr. Bruce was friendly, smiling, and knowledgeable; another appreciated that Dr. Bruce was affable and had a sense of humor; and the third SP said that Dr. Bruce set them at ease. None of the SPs had any negative comments about Dr. Bruce and all three would return.

The communication consultant had a positive impression of Dr. Bruce's communication skills. He had a conversational style that immediately set the SPs at ease, so they felt comfortable talking to him. He summarized the SP complaints well. He checked in periodically to make sure that the SPs understood him. Dr. Bruce's patient education was brief but adequate enough to enable each SP to understand their condition.

Dr. Bruce demonstrated very strong physician-patient communication skills during this exercise. No further intervention is recommended.

This document and its contents are confidential and intended for the exclusive use of CPEP, Participant, and authorized professional review organization(s). It is privileged under professional review, attorney/client, work product, or trade secrets as permitted by law. Use or disclosure without written authorization from CPEP is strictly prohibited. If you have received this document in error, please contact CPEP immediately.

2. Inter-Professional Communication Skills

Dr. Bruce's communication skills were consistently professional throughout the Assessment, both with the consultants and CPEP staff.

Educational Needs

Physician-Patient Communication Skills

- None identified.

Inter-Professional Communication Skills

- None identified.

D. Professionalism

Nothing that transpired during this Assessment raised questions about Dr. Bruce's professionalism.

E. Systems-based Practice

While the Assessment is not designed to evaluate this competency in-depth, Dr. Bruce demonstrated some awareness of health care costs and cost containment, as well as some awareness of ways to assist patients in dealing with system complexities.

Dr. Bruce submitted a copy of a history and physical exam conducted in November 2020 and a health attestation form dated January 2021. Review of this documentation did not reveal any conditions that should affect Dr. Bruce's medical practice.

2. Cognitive Function Screen

Dr. Bruce submitted a copy of a cognitive function screen results completed on January 22, 2021; however, the signature of the performing provider was illegible. The results were within normal limits and did not suggest the need for further neuropsychological evaluation.

3. Observations of Behavior and Additional Considerations

Dr. Bruce was pleasant and cooperative toward CPEP staff and clinical consultants, and conducted himself in a professional manner throughout the Assessment. He submitted all of the required documentation in a timely manner.

Appendix I

Electrocardiogram Interpretation Exercise

Dr. Bruce's responses to the ECG examination were considered within the context of his internal medicine training.

Task #1
Note the rate, intervals, and axis for one normal ECG:
Dr. Bruce was correct (within acceptable variation) for everything.

Task #2
Provide a description, interpretation, and course of action for 10 ECG tracings representing various cardiac conditions:

Organization: Dr. Bruce's notes did not show that he had a logical scheme to evaluate ECGs:

Dr. Bruce was partially correct in his descriptions of all 10 tracings:

- Did not describe/ accurately describe/ describe all/localize /over-interpret ST/T abnormalities on several tracings;
- Did not describe/identify/identify origin of underlying rhythm on nine tracings;
- Did not describe/localize all P wave abnormalities on one tracing;
- Did not describe/identify Q waves on one tracing;
- Over-interpretation of Q wave on one tracing;
- Did not describe poor R wave progression on one tracing;
- Did not describe with RSR' in III and notched in AVF on one tracing;

Dr. Bruce's interpretations were correct in two instances, partially correct in six, and incorrect in two:

- Did not consider pericarditis on one tracing;
- Did not identify/accurately identify IVCD/LBBB on one tracing;
- Did not identify LAE on one tracing;
- Did not identify inferior wall MI as being of indeterminate age on one tracing;
- Did not indicate inability to diagnose ischemia with LBBB on one tracing;
- Of the five tracings for which Dr. Bruce needed to consider infarct or ischemia as the cause of the pattern, he identified four;

Dr. Bruce's plans were correct and thorough in two instances, partially correct in three, and incorrect in five:

- Four plans were incorrect due to incorrect interpretation;
- Did not check for CHF in patient with LVH;
- Did not compare to old ECG on two tracings;
- Did not initiate ACS management on one tracing;

- Did not evaluate for causes of TC on two tracings.

Five patients might have been put at risk by Dr. Bruce's plans; one by not initiating ACS management; two by not ruling out MI; two by not evaluating for causes of TC.

The consultant concluded that Dr. Bruce's performance on this exercise was generally acceptable with room for improvement. The main issue identified was formulating appropriate plans based on electrocardiographic findings.

CPEP Educational Recommendations: Explanations and Implications

Note: Although this document refers to physicians, CPEP conducts Assessments and Educational Interventions for physician assistants, advanced practice nurses, and podiatrists, and the following is applicable to all healthcare providers that are evaluated by CPEP.

Physician performance on a CPEP Assessment falls along a broad spectrum. Often, for both the physician involved and the referring organization, the critical questions are, "What does this mean?" and "How do I/we move forward from here?" CPEP provides direction through the Educational Recommendations that are provided in the Assessment Report.

While the educational activities that would benefit a physician are very specific to that individual, CPEP Educational Recommendations fall into three broad categories.

- *Independently address educational needs*

No physician is expected to perform perfectly during an Assessment, and no physician knows everything. Some physicians who participate in an Assessment demonstrate minimal or limited educational needs, which we believe they should be able to address independently through self-study, CME, and other resources. We recommend that these physicians incorporate these topics into their ongoing professional education activities. Although CPEP does not use the terms "pass" or "fail," if thinking along those terms, it is reasonable to consider that an individual receiving this recommendation has "passed" the Assessment.

The wording used to convey this in an Assessment Report is typically similar to the following: "CPEP believes that Dr. Smith should have the resources to address these educational needs independently, without the benefit of an Educational Intervention. All professionals have a responsibility for self-directed, ongoing learning and Dr. Smith should continue to make this a part of his work."

- *Residency or residency-like setting*

On the other end of the spectrum, some physicians demonstrate educational needs that are of a quantity or quality such that CPEP believes that they are not equipped with the resources to address their educational needs while they continue to practice. CPEP recommends that these physicians address their educational needs in a residency or residency-like setting. Our opinion is that it would not be safe for this physician to practice independently; they are in need of the structure and rigor of an academic setting to provide an intensive and highly supervised educational experience. As stated previously, CPEP does not use the terms "pass" or "fail." However, it is reasonable to consider that an individual receiving this recommendation has "failed" the Assessment.

This document and its contents are confidential and intended for the exclusive use of CPEP, Participant, and authorized professional review organization(s). It is privileged under professional review, attorney/client, work product, or trade secrets as permitted by law. Use or disclosure without written authorization from CPEP is strictly prohibited. If you have received this document in error, please contact CPEP immediately.

CPEP acknowledges that residency positions may be difficult for practicing physicians to secure; therefore, the wording residency-like setting is intended to suggest that other situations may be acceptable, such as a voluntary position in a training setting, a fellowship, or other such situation in which the physician can benefit from learning in a formal training or educational setting. To further clarify, a recommendation that an individual address their educational needs in a training setting does not necessarily indicate that the equivalent of a full residency be completed; the specific needs of the physician will vary and the training might range from one year or longer.

The wording used in an Assessment Report to convey such a recommendation will be similar to the following: "Because of the extent of the deficiencies identified, CPEP believes that Dr. Smith should retrain in a residency or residency-like setting. CPEP does not believe that Dr. Smith demonstrated the ability to remain in independent practice while attempting to remediate his clinical skills."

- *Structured Educational Intervention*

In the middle of the spectrum are those participants who demonstrate educational needs that CPEP believes should be addressed with external structure, oversight, and/or some level of supervision. These physicians should be able to address their educational needs while they continue or return to practice.

The Educational Recommendations in the Assessment Report will read something comparable to: "CPEP recommends that Dr. Smith participate in structured, individualized education to address the identified areas of need." Physician-participants and referring organizations have found value in CPEP Education Services, through which we provide expertise in developing specific and clear educational objectives, structure in the educational process, and a means by which integration and implementation of new learning and approaches can be demonstrated. CPEP Education Services are available, if desired and requested by the physician-participant or referring organization, and would include development of an Educational Intervention Plan (a detailed learning contract) and ongoing support, monitoring, and oversight during the course of the physician's educational process. Please contact CPEP Education Services for additional information.

Appendix III

Description of Evaluation Tools

Selection of the testing modalities varies with each Assessment, using the specific components that are determined to be appropriate for each participant's situation.

Structured Clinical Interviews

Clinical Interviews are oral evaluations of the provider-participant conducted by physician-consultants in the same specialty area. Each consultant is certified through a Board recognized by the American Board of Medical Specialties (ABMS) or the American Osteopathic Association (AOA). The interview is conducted in the presence of the Associate Medical Director. The consultant asks about patient care management based on charts submitted by the participant and hypothetical case scenarios. Radiologic studies or videotapes of surgical procedures may also be used in the interview process. These 90-minute oral interviews are used to evaluate the provider-participant's medical knowledge, clinical judgment, and peer communication skills.

Note: On occasion, provider-participants are unable to provide charts from their practice, either because they have not been in practice for a number of years or because the facility at which they work is unable or unwilling to release them. In these situations, hypothetical case scenarios are used as the basis for the interviews.

Multiple-Choice Examination

Physician-participants may be given a timed multiple-choice examination. The examinations are provided by the Post-Licensure Assessment System (PLAS) and scored by the National Board of Medical Examiners (NBME).

Difficult Airway Simulation

Anesthesiologist provider-participants may complete a series of simulated airway management scenarios using a high-fidelity simulator. The scenarios are designed to test both technical and non-technical skills.

Fundamentals of Laparoscopic Surgery

Physician-participants performing laparoscopic surgery may participate in the Fundamentals of Laparoscopic Surgery (FLS) Program, which is offered by the Society of American Gastrointestinal and Endoscopic Surgeons (SAGES). The FLS Program involves study materials, hands-on manual skills practice, and an exam composed of a multiple-choice exam and assessment of manual skills using an FLS Laparoscopic Trainer Box and scored by SAGES.

Electrocardiogram (ECG) Interpretation

Physician-participants whose practice includes reading ECG tracings are presented one ECG for which the ventricular rate, PR interval, QRS duration, QT interval, and QRS axis are requested, and 10 ECG tracings for which an interpretation and course of action are requested.

This document and its contents are confidential and intended for the exclusive use of CPEP, Participant, and authorized professional review organization(s). It is privileged under professional review, attorney/client, work product, or trade secrets as permitted by law. Use or disclosure without written authorization from CPEP is strictly prohibited. If you have received this document in error, please contact CPEP immediately.

Fetal Monitor Strip (FMS) Interpretation

Physician-participants providing obstetric care in their practice are asked to read 12 FMSs and provide an interpretation and course of action for each strip.

Physician-Patient Communication Evaluation

Effective communication and formation of therapeutic provider-patient relationships are assessed through the use of SP encounters. The provider-participant conducts patient interviews in an exam-room setting. The patient cases are selected based on the provider-participant's specialty area. Both the SPs and the provider-participant evaluate the interaction. The patient encounters are videotaped and analyzed by a communication consultant.

Patient Care Documentation

Physician-participants are asked to submit redacted copies of patient charts. The charts are reviewed for documentation legibility, content, consistency, and accuracy. The physician's attention to pertinent medical details is noted.

Review of Documentation – Simulated Patient Encounter Progress Notes

Following the SP encounters, the provider-participant is asked to document each interaction in a chart note. The physician may hand-write the notes on plain lined paper provided by CPEP, dictate the notes, or use templates brought from the physician's practice. Radiologists who do not typically interact with patients in their professional roles are given a documentation exercise using digitally reproduced radiographic images.

Cognitive Function Screen

MicroCog™, a computer-based assessment of cognitive skills, is a screening test to help determine which provider-participants should be given a complete neuropsychological work-up. The test is viewed as a *screening instrument only* and is not diagnostic.

> *This screening test does not require proficiency with computers; a proctor is available to answer questions about test instructions. Test performance or expected test performance can be impacted by a number of factors, including normal aging and background. A neuropsychologist analyzes the test results, taking these factors into account.*

Review of Health Information

The provider-participant is asked to submit the findings from a recent physical examination as well as hearing and vision screens. If indicated, program staff requests information related to specific health concerns.

This document and its contents are confidential and intended for the exclusive use of CPEP, Participant, and authorized professional review organization(s). Respondent shall sign and return to the board a written consent authorizing the board or its designee to communicate with all of respondent's employer(s) and supervisor(s), and authorizing those employer(s) or supervisor(s) to communicate with the board or its designee, concerning respondent's work status, performance, and monitoring. Failure to comply with the requirements or deadlines of this condition shall be considered a violation of probation.

Within thirty (30) days of the effective date of this decision, and within fifteen (15) days of respondent undertaking any new employment, respondent shall cause (a) his direct supervisor, (b) his pharmacist-in-charge, designated representative-in-charge, responsible manager, or other compliance supervisor, and (c) the owner or owner representative of his employer, to report to the board in writing acknowledging that the listed individual(s) has/have read the decision in case number 6889, and terms and conditions imposed thereby. If one person serves in more than one role described in (a), (b), or (c), the acknowledgment shall so state. It shall be the respondent's responsibility to ensure that these acknowledgment(s) are timely submitted to the board. In the event of a change in the person(s) serving the role(s) described in (a), (b), or (c) during the term of probation, respondent shall cause the person(s) taking over the role(s) to report to the board in writing within fifteen (15) days of the change acknowledging that he or she has read the decision in case number 6889, and the terms and conditions imposed thereby.

If respondent works for or is employed by or through an employment service, respondent must notify the person(s) described in (a), (b), and (c) above at every entity licensed by the board of the decision in case number 6889, and the terms and conditions imposed thereby in advance of respondent commencing work at such licensed entity. A record of this notification must be provided to the board upon request.

Furthermore, within thirty (30) days of the effective date of this decision, and within fifteen (15) days of respondent undertaking any new employment by or through an employment service, respondent shall cause the person(s) described in (a), (b), and (c) above at the employment service to report to the board in writing acknowledging that he or she has read the decision in case number, and the terms and conditions imposed thereby. It shall be respondent's responsibility to ensure that these acknowledgment(s) are timely submitted to the board.

Failure to timely notify present or prospective employer(s) or failure to cause the identified person(s) with that/those employer(s) to submit timely written acknowledgments to the board shall be considered a violation of probation.

"Employment" within the meaning of this provision includes any full-time, part-time, temporary, relief, or employment/management service position as a Pharmacist, or any position for which a Pharmacist License is a requirement or criterion for employment, whether the respondent is an employee, independent contractor or volunteer.

7. **Notification of Change(s) in Name, Address(es), or Phone Number(s)**

Respondent shall further notify the board in writing within ten (10) days of any change in name, residence address, mailing address, e-mail address or phone number.

Failure to timely notify the board of any change in employer, name, address, or phone number shall be considered a violation of probation.

8. **Restrictions on Supervision and Oversight of Licensed Facilities –**

During the period of probation, respondent shall not supervise any intern pharmacist, be the pharmacist-in-charge, designated representative-in-charge, responsible manager or other compliance supervisor of any entity licensed by the board, nor serve as a consultant. Assumption of any such unauthorized supervision responsibilities shall be considered a violation of probation.

9. **Reimbursement of Board Costs**

As a condition precedent to successful completion of probation, respondent shall pay to the board its costs of investigation and prosecution in the amount of $7,455.00.

Respondent shall be permitted to pay these costs in a payment plan approved by the board or its designee, so long as full payment is completed no later than one (1) year prior to the end date of probation. Failure to pay costs by the deadline(s) as directed shall be considered a violation of probation.

10. **Probation Monitoring Costs**

Respondent shall pay any costs associated with probation monitoring as determined by the board each and every year of probation. Such costs shall be payable to the board on a schedule as directed by the board or its designee. Failure to pay such costs by the deadline(s) as directed shall

be considered a violation of probation.

11. **Status of License**

Respondent shall, at all times while on probation, maintain an active, current Pharmacist License with the board, including any period during which suspension or probation is tolled. Failure to maintain an active, current Pharmacist License shall be considered a violation of probation.

If respondent's Pharmacist License expires or is cancelled by operation of law or otherwise at any time during the period of probation, including any extensions thereof due to tolling or otherwise, upon renewal or reapplication respondent's license shall be subject to all terms and conditions of this probation not previously satisfied.

12. **License Surrender While on Probation/Suspension**

Following the effective date of this decision, should respondent cease practice due to retirement or health, or be otherwise unable to satisfy the terms and conditions of probation, respondent may relinquish his license, including any indicia of licensure issued by the board, along with a request to surrender the license. The board or its designee shall have the discretion whether to accept the surrender or take any other action it deems appropriate and reasonable. Upon formal acceptance of the surrender of the license, respondent will no longer be subject to the terms and conditions of probation. This surrender constitutes a record of discipline and shall become a part of the respondent's license history with the board.

Upon acceptance of the surrender, respondent shall relinquish his pocket and/or wall license, including any indicia of licensure not previously provided to the board within ten (10) days of notification by the board that the surrender is accepted if not already provided. Respondent may not reapply for any license from the board for three (3) years from the effective date of the surrender. Respondent shall meet all requirements applicable to the license sought as of the date the application for that license is submitted to the board, including any outstanding costs.

13. **Practice Requirement – Extension of Probation**

Except during periods of suspension, respondent shall, at all times while on probation, be employed as a Pharmacist in California for a minimum of 80 hours per calendar month. Any month during which this minimum is not met shall extend the period of probation by one month. During any such period of insufficient employment, respondent must nonetheless comply with all terms and conditions of probation, unless respondent receives a waiver in writing from the board or its designee.

If respondent does not practice as a Pharmacist in California for the minimum number of hours in any calendar month, for any reason (including vacation), respondent shall notify the board in writing within ten (10) days of the conclusion of that calendar month. This notification shall include at least: the date(s), location(s), and hours of last practice; the reason(s) for the interruption or reduction in practice; and the anticipated date(s) on which respondent will resume practice at the required level. Respondent shall further notify the board in writing within ten (10) days following the next calendar month during which respondent practices as a Pharmacist in California for the minimum of hours. Any failure to timely provide such notification(s) shall be considered a violation of probation.

It is a violation of probation for respondent's probation to be extended pursuant to the provisions of this condition for a total period, counting consecutive and non-consecutive months, exceeding thirty-six (36) months. The board or its designee may post a notice of the extended probation period on its website.

14. **Violation of Probation**

If respondent has not complied with any term or condition of probation, the board shall have continuing jurisdiction over respondent, and the board shall provide notice to respondent that probation shall automatically be extended, until all terms and conditions have been satisfied or the board has taken other action as deemed appropriate to treat the failure to comply as a violation of probation, to terminate probation, and to impose the penalty that was stayed. The board or its designee may post a notice of the extended probation period on its website.

//

If respondent violates probation in any respect, the board, after giving respondent notice and an opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. If a petition to revoke probation or an accusation is filed against respondent during probation, or the preparation of an accusation or petition to revoke probation is requested from the Office of the Attorney General, the board shall have continuing jurisdiction and the period of probation shall be automatically extended until the petition to revoke probation or accusation is heard and decided.

15. **Completion of Probation**

Upon written notice by the board or its designee indicating successful completion of probation, respondent's license will be fully restored.

16. **Pharmacists Recovery Program (PRP)**

By no later than ten (10) days after the effective date of this decision, respondent shall have completed all of the following: contacted the Pharmacists Recovery Program (PRP) for evaluation; enrolled in the PRP; completed, signed, and returned the treatment contract as well as any addendums required or suggested by the PRP; successfully completed registration for any drug or alcohol testing mandated by the treatment contract and/or by enrollment in the PRP; and begun compliance with the drug or alcohol testing protocol(s). Respondent shall successfully participate in the PRP and complete the treatment contract and any addendums required or suggested by the PRP. The costs for PRP participation shall be borne by the respondent.

If respondent is currently enrolled in the PRP, said participation is now mandatory and as of the effective date of this decision is no longer considered a self-referral under Business and Professions Code section 4362 (a)(2). Respondent shall successfully participate in and complete his or her current contract and any subsequent addendums with the PRP.

Respondent shall pay administrative fees as invoiced by the PRP or its designee. Fees not timely paid to the PRP shall constitute a violation of probation. The board will collect unpaid administrative fees as part of the annual probation monitoring costs if not submitted to the PRP.

Any of the following shall result in the automatic suspension of practice by respondent and shall be considered a violation of probation:

Failure to contact, complete enrollment, and execute and return the treatment contract with the PRP, including any addendum(s), within ten (10) days of the effective date of the decision as directed by the PRP;

Failure to complete registration for any drug or alcohol testing mandated by the treatment contract and/or by the PRP, and begin compliance with the testing protocol(s), within ten (10) days of the effective date of the decision as directed by the PRP;

Failure to comply with testing protocols regarding daily check-in and/or failure to complete a mandated test as directed by the PRP;

Any report from the PRP of material non-compliance with the terms and conditions of the treatment contract and/or any addendum(s); or

Termination by the PRP for non-compliance, failure to derive benefit, or as a public risk.

Respondent may not resume the practice of pharmacy until notified by the board in writing.

Probation shall be automatically extended until respondent successfully completes the PRP. The board will provide notice of any such suspension or extension of probation.

During any suspension, respondent shall not enter any pharmacy area or any portion of the licensed premises of a wholesaler, third-party logistics provider, veterinary food-animal drug retailer, or any other distributor of drugs which is licensed by the board, or any manufacturer, or any area where dangerous drugs and/or dangerous devices or controlled substances are maintained. Respondent shall not practice as a Pharmacist nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing or patient consultation; nor shall respondent manage, administer, or be a consultant to any licensee of the board, or have access to or control the ordering, distributing, manufacturing or dispensing of dangerous drugs and/or dangerous devices or controlled substances.

During any suspension, respondent shall not engage in any activity that requires the professional judgment of and/or licensure as a Pharmacist. Respondent shall not direct or control any aspect of the practice of pharmacy, or of the manufacturing, distributing, wholesaling, or retailing of dangerous drugs and/or dangerous devices or controlled substances.

//

Failure to comply with any requirement or deadline stated by this term shall be considered a violation of probation.

17. **Drug and Alcohol Testing**

Respondent, at his own expense, shall participate in testing as directed by the board or its designee for the detection of alcohol, controlled substances, and dangerous drugs and/or dangerous devices. Testing protocols may include biological fluid testing (urine, blood), breathalyzer, hair follicle testing, or other testing protocols as directed by the board or its designee. All testing must be pursuant to an observed testing protocol, unless respondent is informed otherwise in writing by the board or its designee. Respondent may be required to participate in testing for the entire probation period and frequency of testing will be determined by the board or its designee.

By no later than thirty (30) days after the effective date of this decision, respondent shall have completed all of the following tasks: enrolled and registered with an approved drug and alcohol testing vendor; provided that vendor with any documentation, and any information necessary for payment by respondent; commenced testing protocols, including all required contacts with the testing vendor to determine testing date(s); and begun testing. At all times, respondent shall fully cooperate with the testing vendor, and with the board or its designee, with regard to enrollment, registration, and payment for, and compliance with, testing. Any failure to cooperate timely shall be considered a violation of probation.

Respondent may be required to test on any day, including weekends and holidays. Respondent is required to make daily contact with the testing vendor to determine if a test is required, and if a test is required must submit to testing on the same day.

Prior to any vacation or other period of absence from the area where the approved testing vendor provides services, respondent shall seek and receive approval from the board or its designee to use an alternate testing vendor to ensure testing can occur. Upon approval, respondent shall enroll and register with the approved alternate drug testing vendor, provide to that alternate vendor any documentation required by the vendor, including any necessary payment by respondent. During the period of absence of the area, respondent shall commence testing

protocols with the alternate vendor, including required daily contacts with the testing vendor to determine if testing is required, and required testing. Any failure to timely seek or receive approval from the board or its designee, or to timely enroll and register with, timely commence testing protocols with, or timely undergo testing with, the alternate testing vendor, shall be considered a violation of probation.

Upon detection of an illicit drug, controlled substance or dangerous drug, the board or its designee may require respondent to timely provide documentation from a licensed practitioner authorized to prescribe the detected substance demonstrating that the substance was administered or ingested pursuant to a legitimate prescription issued as a necessary part of treatment. All such documentation shall be provided by respondent within ten (10) days of being requested.

Any of the following shall be considered a violation of probation and shall result in respondent being immediately suspended from practice as a Pharmacist until notified by the board in writing that he may resume practice: failure to timely complete all of the steps required for enrollment/registration with the drug testing vendor, including making arrangements for payment; failure to timely commence drug testing protocols; failure to contact the drug testing vendor as required to determine testing date(s); failure to test as required; failure to timely supply documentation demonstrating that a detected substance was taken pursuant to a legitimate prescription issued as a necessary part of treatment; and/or detection through testing of alcohol, or of an illicit drug, or of a controlled substance or dangerous drug absent documentation that the detected substance was taken pursuant to a legitimate prescription and a necessary treatment. In the event of a suspension ordered after detection through testing of alcohol, an illicit drug, or of a controlled substance or dangerous drug absent documentation that the detected substance was taken pursuant to a legitimate prescription and a necessary treatment, the board or its designee shall inform respondent of the suspension and inform him to immediately leave work, and shall notify respondent's employer(s) and work site monitor(s) of the suspension.

During any such suspension, respondent shall not enter any pharmacy area or any portion of the licensed premises of a wholesaler, third-party-logistics provider, veterinary food-animal drug retailer, or any other distributor of drugs which is licensed by the board, or any manufacturer, or

any area where dangerous drugs and/or dangerous devices or controlled substances are maintained. Respondent shall not practice pharmacy nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing or patient consultation; nor shall respondent manage, administer, or be a consultant to any licensee of the board, or have access to or control the ordering, distributing, manufacturing or dispensing of dangerous drugs and/or dangerous devices and controlled substances.

During any such suspension, respondent shall not engage in any activity that requires the professional judgment of and/or licensure as a Pharmacist. Respondent shall not direct or control any aspect of the practice of pharmacy, or of the manufacturing, distributing, wholesaling, or retailing of dangerous drugs and/or dangerous devices.

Failure to comply with any such suspension shall be considered a violation of probation. Failure to comply with any requirement or deadline stated by this term shall be considered a violation of probation.

18. **Notification of Departure**

Prior to leaving the probationary geographic area designated by the board or its designee for a period greater than twenty-four (24) hours, respondent shall notify the board verbally and in writing of the dates of departure and return. Failure to comply with this provision shall be considered a violation of probation.

19. **Abstain from Drugs and Alcohol**

Respondent shall completely abstain from the possession or use of alcohol, controlled substances, illicit drugs, dangerous drugs and/or dangerous devices, or their associated paraphernalia, except when possessed or used pursuant to a legitimate prescription issued as a necessary part of treatment. Respondent shall ensure that he is not in the same physical location as individuals who are using illicit substances even if respondent is not personally ingesting the drugs. Any possession or use of alcohol, dangerous drugs and/or dangerous devices or controlled substances, or their associated paraphernalia for which a legitimate prescription has not been issued as a necessary part of treatment, or any physical proximity to persons using illicit substances, shall be considered a violation of probation.

20. **Prescription Coordination and Monitoring of Prescription Use**

Within thirty (30) days of the effective date of this decision, respondent shall submit to the board, for its prior approval, the name and qualifications of a single physician, nurse practitioner, physician assistant, or psychiatrist of respondent's choice, who shall be aware of the respondent's history with the use of controlled substances, and/or dangerous drugs and who will coordinate and monitor any prescriptions for respondent for dangerous drugs and/or dangerous devices, controlled substances or mood-altering drugs. The approved practitioner shall be provided with a copy of the board's Accusation and decision. A record of this notification must be provided to the board or its designee upon request. Respondent shall sign a release authorizing the practitioner to communicate with the board or its designee about respondent's treatment(s). The coordinating physician, nurse practitioner, physician assistant, or psychiatrist shall report to the board on a quarterly basis for the duration of probation regarding respondent's compliance with this condition. If any substances considered addictive have been prescribed, the report shall identify a program for the time limited use of any such substances. The board or its designee may require that the single coordinating physician, nurse practitioner, physician assistant or psychiatrist be a specialist in addictive medicine, or consult a specialist in addictive medicine. Should respondent, for any reason, cease supervision by the approved practitioner, respondent shall notify the board or its designee immediately and, within thirty (30) days of ceasing supervision, submit the name of a replacement physician, nurse practitioner, physician assistant, or psychiatrist of respondent's choice to the board or its designee for its prior approval. Failure to timely submit the selected practitioner or replacement practitioner to the board or its designee for approval, or to ensure the required quarterly reporting thereby, shall be considered a violation of probation.

If at any time an approved practitioner determines that respondent is unable to practice safely or independently as a Pharmacist, the practitioner shall notify the board or its designee immediately by telephone and follow up by written letter within three (3) working days. Upon notification from the board or its designee of this determination, respondent shall be automatically suspended and shall not resume practice as a Pharmacist until notified by the board

or its designee that practice may be resumed.

During any suspension, respondent shall not enter any pharmacy area or any portion of the licensed premises of a wholesaler, third-party logistics provider, veterinary food-animal drug retailer, or any other distributor of drugs which is licensed by the board, or any manufacturer, or any area where dangerous drugs and/or dangerous devices or controlled substances are maintained. Respondent shall not practice pharmacy nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing or patient consultation; nor shall respondent manage, administer, or be a consultant to any licensee of the board, or have access to or control the ordering, distributing, manufacturing or dispensing of dangerous drugs and/or dangerous devices and controlled substances. Respondent shall not resume practice until notified by the board.

During any suspension, respondent shall not engage in any activity that requires the professional judgment and/or licensure as a Pharmacist. Respondent shall not direct or control any aspect of the practice of pharmacy or of the manufacturing, distributing, wholesaling, or retailing of dangerous drugs and/or dangerous devices or controlled substances.

Failure to comply with any requirement or deadline stated by this term shall be considered a violation of probation.

21. **Facilitated Group Recovery and/or Support Meetings**

Within thirty (30) days of the effective date of this decision, respondent shall begin regular attendance at a group recovery and/or support meeting that is run by a trained facilitator approved in advance by the board or its designee. The required frequency of group meeting attendance shall be determined by the board or its designee. Respondent shall continue regular attendance as directed at an approved facilitated group meeting until the board or its designee advises the respondent in writing that he may cease regular attendance. Respondent shall provide signed and dated documentation of attendance as required with each quarterly report. Failure to attend as required or to submit documentation of attendance shall be considered a violation of probation.

If respondent is required to participate in the PRP, compliance with this term can be demonstrated through that program. Where respondent is enrolled in the PRP, participation as

required in a facilitated group meeting approved by the PRP shall be sufficient for satisfaction of this requirement. Any deviation from participation requirements for the PRP-approved group shall be considered a violation of probation.

22. **Work Site Monitor**

Within ten (10) days of the effective date of this decision, respondent shall identify a work site monitor, for prior approval by the board or its designee, who shall be responsible for supervising respondent during working hours. Respondent shall be responsible for ensuring that the work site monitor reports in writing to the board monthly or on another schedule as directed by the board or its designee. Should the designated work site monitor suspect at any time during the probationary period that respondent has abused alcohol or drugs, he or she shall notify the board immediately.

In the event of suspected abuse, the monitor shall make at least oral notification within one (1) business day of the occurrence, and shall be followed by written notification within two (2) business days of the occurrence. If, for any reason, including change of employment, respondent is no longer able to be monitored by the approved work site monitor, within ten (10) days respondent shall designate a new work site monitor for approval by the board or its designee. Failure to timely identify an acceptable initial or replacement work site monitor, or to ensure monthly reports are submitted to the board by the monitor, shall be considered a violation of probation.

Within thirty (30) days of being approved by the board or its designee, the work site monitor shall sign an affirmation that he or she has reviewed the terms and conditions of respondent's disciplinary order and agrees to monitor respondent. The work site monitor shall at least:

1) Have regular face-to-face contact with respondent in the work environment, at least once per week or with greater frequency if required by the board or its designee;

2) Interview other staff in the office regarding respondent's behavior, if applicable; and

3) Review respondent's work attendance.

//

The written reports submitted to the board or its designee by the work site monitor shall include at least the following information: respondent's name and license number; the monitor's name, license number (if applicable) and work site location; the date(s) the monitor had face-to-face contact with respondent; the staff interviewed, if applicable; an attendance report; notes on any changes in respondent's behavior or personal habits; notes on any indicators that may lead to substance abuse; and the work site monitor's signature.

Respondent shall complete the required consent forms and sign an agreement with the work site monitor and the board to allow the board to communicate with the work site monitor.

It is a condition of respondent's enrollment in the Pharmacists Recovery Program (PRP) that he is required to have a work site monitor approved by the PRP who shall be responsible for supervising respondent during working hours. Respondent shall be responsible for ensuring that the work site monitor reports in writing to the PRP monthly or on another schedule as directed by the PRP. Should the designated work site monitor suspect at any time during the probationary period that respondent has abused alcohol or drugs, he or she shall notify the PRP immediately. The initial notification shall be made orally within one (1) business day of the occurrence, which shall be followed by written notification within two (2) business days of the occurrence. If, for any reason, including change of employment, respondent is not longer able to be monitored by the approved work site monitor, within ten (10) days of commencing new employment for prior approval by the PRP. Failure to identify an acceptable initial or replacement work site monitor, or to ensure monthly reports are submitted to the PRP by the work site monitor, shall be considered a violation of probation.

Within thirty (30) days of being approved by the PRP, the work site monitor shall sign an affirmation that he or she has reviewed the terms and conditions of respondent's disciplinary order and agrees to monitor respondent. The work site monitor shall at least:

1) Have regular face-to-face contact with respondent in the work environment, at least once per week or with greater frequency if required by the board or its designee;

2) Interview other staff in the office regarding respondent's behavior, if applicable; and

3) Review respondent's work attendance.

The written reports submitted to the PRP by the work site monitor shall include at least the following information: respondent's name and license number; the monitor's name, license number (if applicable) and work site location; the date(s) the monitor had face-to-face contact with respondent; the staff interviewed, if applicable; an attendance report; notes on any changes in respondent's behavior or personal habits; notes on any indicators that may lead to substance abuse; and the work site monitor's signature.

Respondent shall complete the required consent forms and sign an agreement with the work site monitor and the board to allow the board to communicate with the work site monitor.

23. **Supervised Practice**

Within thirty (30) days of the effective date of this decision, respondent shall submit to the board or its designee, for prior approval, the name of a Pharmacist by and not on probation with the board, to serve as respondent's practice supervisor. As part of the documentation submitted, respondent shall cause the proposed practice supervisor to report to the board in writing acknowledging that he or she has read the decision in case number 6889, and is familiar with the terms and conditions imposed thereby, including the level of supervision required by the board or its designee. This level will be determined by the board or its designee, will be communicated to the respondent on or before the effective date of this decision and shall be one of the following:

Continuous – At least 75% of a work week

Substantial - At least 50% of a work week - REQUEST FOR REDUCTION WHEN APPROPRIATE

Partial - At least 25% of a work week

Daily Review - Supervisor's review of probationer's daily activities within 24 hours

Respondent may practice only under the required level of supervision by an approved practice supervisor. If, for any reason, including change of employment, respondent is no longer supervised at the required level by an approved practice supervisor, within ten (10) days of this change in supervision respondent shall submit to the board or its designee, for prior approval, the name of a Pharmacist by and not on probation with the board, to serve as respondent's replacement practice supervisor. As part of the documentation submitted, respondent shall cause the proposed replacement practice supervisor to report to the board in writing acknowledging that

he or she has read the decision in case number 6889, and is familiar with the terms and conditions imposed thereby, including the level of supervision required.

Any of the following shall result in the automatic suspension of practice by a respondent and shall be considered a violation of probation:

Failure to nominate an initial practice supervisor, and to have that practice supervisor report to the board in writing acknowledging the decision, terms and conditions, and supervision level, within thirty (30) days;

Failure to nominate a replacement practice supervisor, and to have that practice supervisor report to the board in writing acknowledging the decision, terms and conditions, and supervision level, within ten (10) days;

Practicing in the absence of an approved practice supervisor beyond the initial or replacement nomination period; or

Any failure to adhere to the required level of supervision.

Respondent shall not resume practice until notified in writing by the board or its designee.

During any suspension, respondent shall not enter any pharmacy area or any portion of the licensed premises of a wholesaler, third-party logistics provider, veterinary food-animal drug retailer or any other distributor of drugs which is licensed by the board, or any manufacturer, or any area where dangerous drugs and/or dangerous devices or controlled substances are maintained. Respondent shall not practice pharmacy nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing or patient consultation; nor shall respondent manage, administer, or be a consultant to any licensee of the board, or have access to or control the ordering, distributing, manufacturing or dispensing of dangerous drugs and/or dangerous devices or controlled substances.

During any suspension, respondent shall not engage in any activity that requires the professional judgment and/or licensure as a Pharmacist. Respondent shall not direct or control any aspect of the practice of pharmacy or of the manufacture, distribution, wholesaling, or retailing of dangerous drugs and/or dangerous devices or controlled substances.

Failure to comply with any suspension shall be considered a violation of probation.

Any of the following shall be considered a violation of probation: failure to timely nominate either an initial or a replacement practice supervisor; failure to cause the practice supervisor to timely report to the board in writing acknowledging the decision, terms and conditions, and supervision level; practicing in the absence of an approved practice supervisor after lapse of the nomination period; and/or failure to adhere to the level of supervision required by the board or its designee. If any of these obligations or prohibitions is not met, respondent shall be prohibited from practice as a Pharmacist and may not resume such practice until notified by the board or its designee in writing.

24. **No Ownership or Management of Licensed Premises**

Respondent shall not own, have any legal or beneficial interest in, nor serve as a manager, administrator, member, officer, director, trustee, associate, or partner of any business, firm, partnership, or corporation currently or hereinafter licensed by the board. Respondent shall sell or transfer any legal or beneficial interest in any entity licensed by the board within ninety (90) days following the effective date of this decision and shall immediately thereafter provide written proof thereof to the board. Failure to timely divest any legal or beneficial interest(s) or provide documentation thereof shall be considered a violation of probation.

Respondent shall not acquire any new ownership, legal or beneficial interest nor serve as a manager, administrator, member, officer, director, trustee, associate, or partner of any additional business, firm, partnership, or corporation licensed by the board. If respondent currently owns or has any legal or beneficial interest in, or serves as a manager, administrator, member, officer, director, trustee, associate, or partner of any business, firm, partnership, or corporation currently or hereinafter licensed by the board, respondent may continue to serve in such capacity or hold that interest, but only to the extent of that position or interest as of the effective date of this decision. Violation of this restriction shall be considered a violation of probation.

PUBLIC LETTER OF REPRIMAND REGARDING:

LESLI HEWITT-SPEARS, D.V.M.
License #1375
Case #04-2020DVM-20

The Nevada Board of Veterinary Medical Examiners received a complaint against Lesli Hewitt-Spears (License No. 1375) regarding her veterinary practice and issues related to missing controlled substances. After due investigation and consideration, the following facts regarding the complaint were discovered:

1) At all times pertinent to this matter, Lesli Hewitt-Spears, D.V.M. owned and was the veterinarian in charge of Quail Ridge Animal Hospital (QRAH) in Carson City, Nevada.

2) In the second week of December 2019, a veterinary technician-in-training (VTIT A) employed at QRAH found that there was a discrepancy in the count of QRAH's controlled substances, namely that the total manual count of phenobarbital 65mg revealed a 200 tablet deficit in the physical count compared to what was shown in the computerized total. VTIT A informed Dr. Hewitt-Spears of the discrepancy. According to Dr. Hewitt-Spears, she attempted to account for the imbalance, but was unable to account for the missing 200 phenobarbital. To correct the imbalance, Dr. Hewitt-Spears stated she invoiced the missing phenobarbital to a fictitious patient named "Deer 12/27/19" under a wildlife rescue client while continuing her attempt to account for the missing tablets. Additionally, Dr. Hewitt-Spears also rewrote the handwritten controlled substances log because she felt the multiple amendments to the log rendered it unreadable.

3) The Board's investigation determined that the wildlife rescue client did not have a rescued deer in December 2019 and that phenobarbital would never be an appropriate medication for a deer.

4) Despite her efforts, Dr. Hewitt-Spears has been unable to account for the discrepancy. Dr. Hewitt-Spears was unaware these actions were inappropriate at the time.

5) As a result of the contact with the Board's investigator in the course of the investigation of the matter, Dr. Hewitt-Spears reported the discrepancy to the United States Drug Enforcement Agency.

The Nevada Board of Veterinary Medical Examiners finds this conduct to be in violation of the standard of care established by Nevada law in Nevada Revised Statutes (NRS) 638.140(1) (Violation of Board Statute or Regulation), NRS 638.1402(4) (Deceptive or fraudulent conduct) and Nevada Administrative Code (NAC) 638.046(1) (Violation of Principles of Veterinary Medical Ethics), NAC 638.048(1) and (2) (Falsifying Records) and NAC 638.0628 (Controlled Substances Records) and Principles of Veterinary Medical Ethics Section II(B) in that rather than addressing the phenobarbital discrepancy through ordinary and lawful means, Dr. Hewitt-Spears created and maintained false records to account for the discrepancy.

Should the Letter of Reprimand be rejected by the Board it is agreed that presentation to and consideration by the Board of such proposed Letter of Reprimand or other documents or matters pertaining to the consideration of this Letter of Reprimand, shall not unfairly or illegally prejudice the Board, or any of its members, from further participation, consideration, adjudication, or resolution of these proceedings, and that no Board member shall be disqualified or challenged for bias. If it is accepted by the Board, the Letter of Reprimand becomes a public document and will be reported to the National Veterinary Disciplinary Database of the American Association of Veterinary State Boards (AAVSB).

Through the signature of Licensee below, the Licensee agrees this conduct is a violation of the statutes and regulations detailed above. As a result of this admitted violation and by a majority vote of the members of the Board at its next upcoming and available 2020 meeting, this Public Letter of Reprimand is to be placed in the Licensee's licensing file. As a result of the above stated violation, the Licensee agrees to the following:

1) Dr. Hewitt-Spears will pay attorney fees, investigative costs, and Board costs of $650.00 by check or money order made payable to "Nevada State Board of Veterinary Medical Examiners" which must be received by the Board's office within 30 days of the date of the Board's approval of this Letter of Reprimand.

2) Dr. Hewitt-Spears will provide to the Board's office written evidence of successful completion of two hours of continuing education in controlled substances recordkeeping, two hours of continuing education in ethics, and two hours of continuing education in medical recordkeeping within 60 days of the date of the Board's approval of this Letter of Reprimand. The six hours of continuing education in this paragraph may not be counted toward Dr. Hewitt-Spears's continuing education requirements for renewal of her license.

3) Failure by Dr. Hewitt-Spears to comply with any term or condition of this Letter of Reprimand shall result in additional disciplinary action, up to and potentially including suspension or revocation of Dr. Hewitt-Spears's license. Additionally, failure by Dr. Hewitt-

Spears to comply with any term or condition of this Letter of Reprimand shall allow the Board's staff not to renew Dr. Hewitt-Spears's license until Dr. Hewitt-Spears remedies the failure to comply.

Dated this 28 day of September, 2020.

PUBLIC LETTER OF REPRIMAND REGARDING:

SIRCY MOORE, D.V.M.
License #: 2174
Case # 6-2016DVM-19

The Nevada Board of Veterinary Medical Examiners filed a complaint against Sircy Moore, D.V.M. (Licensee) regarding his application for renewal of his license and his failure to prove completion of the requisite continuing education hours. After due investigation and consideration, the following facts regarding the complaint were discovered.

1) On or about December 29, 2015, Dr. Moore logged into the Board's website and renewed on-line. In his online renewal, Dr. Moore indicated that he had completed 22 hours of continuing education (CE) between January 1, 2015 and December 31, 2015.

2) On or about March 28, 2016, the Board's staff performed a continuing education audit, and Dr. Moore's application was randomly selected. The Board's staff sent Dr. Moore a letter requesting copies of Dr. Moore's continuing education certificates of attendance for the time period between January 1, 2015 and December 31, 2015.

3) On or about May 3, 2016, the Board's staff sent Dr. Moore an e-mail of a second notice to comply with the CE Audit. On June 9, 2016, the Board's staff sent Dr. Moore an additional e-mail in an attempt to reach and receive a response from Dr. Moore.

4) On or about May 20, 2016, June 9, 2016, and June 15, 2016, the Board's staff attempted to reach Dr. Moore by telephone at all of his telephone numbers known to the Board's staff, including telephone numbers for his employing veterinary facilities. Dr. Moore was no longer employed at any of the veterinary facilities of record.

5) On August 1, 2016 and September 13, 2016, the Board's staff attempted to contact Dr. Moore at a personal address the Board's staff had been supplied. The Board's staff also attempted to locate Dr. Moore through internet searches, to no avail.

6) In December 2016, after the Board's Executive Director called an employer of Dr. Moore's, Dr. Moore spoke with the Investigating Board Member. Though Dr. Moore claimed to have completed some hours of continuing education; however, as of the date of this Letter of Reprimand, Dr. Moore has not provided evidence or proof of completion of any of the requisite hours of continuing education.

The Nevada Board of Veterinary Medical Examiners finds this conduct to be in violation of applicable Nevada law and, pursuant to NAC 638.041(3), subject to disciplinary action. In particular, the Board finds that the above-described acts violated Nevada Revised Statutes (NRS) 638.140(1) (Violation of a Board Regulation) and Nevada Administrative Code (NAC) 638.041(1) (Hours of CE for DVM) and NAC 638.0423(2) (Failure to Maintain Records of CE) in that Dr. Moore did not maintain or provide the records that would evidence completion any hours of continuing education for the period of January 1 through December 31, 2015. Dr. Moore could not document any hours of continuing education for the relevant time period.

Should the Letter of Reprimand be rejected by the Board it is agreed that presentation to and consideration by the Board of such proposed Letter of Reprimand or other documents or matters pertaining to the consideration of this Letter of Reprimand, shall not unfairly or illegally prejudice the Board, or any of its members, from further participation, consideration, adjudication, or resolution of these proceedings, and that no Board member shall be

disqualified or challenged for bias. If it is accepted by the Board, the Letter of Reprimand becomes a public document and will be reported to the National Veterinary Disciplinary Database of the American Association of Veterinary State Boards (AAVSB).

Through the signature of Licensee below, the Licensee agrees this conduct is a violation of the statutes and regulations detailed above. As a result of this admitted violation and by a majority vote of the members of the Board at its October 2016 meeting, this Public Letter of Reprimand is to be placed in the Licensee's licensing file. As a result of the above stated violation, the Licensee agrees to the following:

1) Dr. Moore shall pay attorney's fees, investigative costs, and Board costs of $300.00 and a fine of $350.00, for a total due of $650.00. Dr. Moore shall pay the entire amount due of $650.00 by check or money order made payable to "Nevada State Board of Veterinary Medical Examiners" which must be received by the Board's office within 30 days of the date of the Board's approval of this Letter of Reprimand.

2) Dr. Moore will provide to the Board's office written evidence of successful completion of 20 hours of continuing education within 60 days of the date of the Board's approval of this Letter of Reprimand. The 20 hours of continuing education in this paragraph may not be counted toward Dr. Moore' continuing education requirements for renewal of his license.

3) Dr. Moore's renewal applications shall be audited for the next three renewal periods to assure that he has properly satisfied the continuing education requirements for each of those renewal periods.

4) Failure by Dr. Moore to comply with any term or condition of this Letter of Reprimand shall result in additional disciplinary action, up to and potentially including suspension or revocation of Dr. Moore' license.

PUBLIC LETTER OF REPRIMAND REGARDING:

SIRCY MOORE, D.V.M.
License #: 2174
Case # 05-2017DVM-34

The Nevada Board of Veterinary Medical Examiners filed a complaint against Sircy Moore, D.V.M. (Licensee) regarding his treatment of a 9-year-old female Labrador retriever named "Katie". After due investigation and consideration, the following facts regarding the complaint were discovered.

1) On June 29, 2017, the owner of a 9-year-old female Labrador retriever named "Katie" brought her to the Grateful Pet Animal Clinic (GPAC) to have her spayed as part of her participation in a neighborhood outreach program in which the owner was participating because of his straitened circumstances. Two days earlier, a veterinary assistant at GPAC had contacted the owner and given her instructions related to the pre-surgical care for Katie. The owner was an established client at GPAC through her ownership and treatment of another dog. As part of the community outreach program, GPAC had offered to perform the spay at no cost and had arranged to pick up and return Katie to the owner's home because the owner did not have a way to get Katie to GPAC.

2) On June 29, 2017, staff from GPAC (a veterinary assistant and the receptionist) visited the owner's home to pick up Katie for the spay surgery, and they presented authorization forms to the owner regarding the surgery. The owner signed the forms. The communication between GPAC's staff and the owner was apparently less than clear because the staff believed that the owner understood that if Katie was deemed a candidate for surgery, then the surgery would be performed without further communication with the owner whereas the owner understood that he would receive communication from GPAC prior to the performance of any surgery.

3) Prior to surgery, Dr. Moore physically examined Katie, including drawing blood that was tested pre-surgically. The blood test produced normal results except that the ALT was significantly elevated at 640 U/L where the normal range was 0-120 U/L. Dr. Moore did not communicate the elevated ALT level to the owner either prior to or after performing the spay surgery on Katie.

4) On June 29, 2017, Dr. Moore performed the spay surgery on Katie. Katie died at home approximately 12 hours after the surgery. Dr. Moore called the owner after learning of Katie's death and offered a post-mortem examination. A post-mortem examination was performed at GPAC, which showed that Katie had suffered post-surgical internal bleeding.

The Nevada Board of Veterinary Medical Examiners finds this conduct to be in

violation of applicable Nevada law and subject to disciplinary action. In particular, the Board finds that the above-described acts violated Nevada Revised Statutes (NRS) 638.140(1) (Violation of a Board Regulation) and Nevada Administrative Code (NAC) 638.046 (Violation of AVMA Principles of Veterinary Medical Ethics) and Principles of Veterinary Medical Ethics sections II(E) and VI(A) in that Dr. Moore did not communicate directly with the owner prior to performing the spay surgery on Katie and at no time communicated to the owner the elevated ALT level and how the elevated ALT level might affect Katie's health and treatment and the risk therein. While there is no definitive correlation to show that Katie's death was caused due to the high ALT levels in Katie's blood work, per the requirements of informed consent, Dr. Moore is required to share abnormal blood test results with the owner prior to surgery.

Should the Letter of Reprimand be rejected by the Board it is agreed that presentation to and consideration by the Board of such proposed Letter of Reprimand or other documents or matters pertaining to the consideration of this Letter of Reprimand, shall not unfairly or illegally prejudice the Board, or any of its members, from further participation, consideration, adjudication, or resolution of these proceedings, and that no Board member shall be disqualified or challenged for bias. If it is accepted by the Board, the Letter of Reprimand becomes a public document and will be reported to the National Veterinary Disciplinary Database of the American Association of Veterinary State Boards (AAVSB).

Through the signature of Licensee below, the Licensee agrees this conduct is a violation of the statutes and regulations detailed above. As a result of this admitted violation and by a majority vote of the members of the Board at its April 2018 meeting, this Public Letter of Reprimand is to be placed in the Licensee's licensing file. As a result of the above stated violation, the Licensee agrees to the following:

1) Dr. Moore shall pay attorney's fees, investigative costs, and Board costs of $782.50. Dr. Moore shall pay the entire amount due of $782.50 by check or money order made payable to "Nevada State Board of Veterinary Medical Examiners" which must be received by the Board's office within 30 days of the date of the Board's approval of this Letter of Reprimand.

2) Dr. Moore will provide to the Board's office written evidence of successful completion of 3 hours of continuing education related to veterinary ethics focused on improving his client communication skills.

3) Failure by Dr. Moore to comply with any term or condition of this Letter of Reprimand shall result in additional disciplinary action, up to and potentially including suspension or revocation of Dr. Moore' license.

PUBLIC LETTER OF REPRIMAND REGARDING:

SIRCY MOORE, D.V.M.
License #: 2174-A
Case #10-2019DVM-89

The Nevada Board of Veterinary Medical Examiners received a complaint against Sircy Moore, D.V.M. (Licensee) regarding Dr. Moore's treatment of 1½-year-old female miniature Poodle named Ellie. After investigation and consideration, the following facts regarding the complaint were discovered:

1) On September 13, 2019, the owner of a 1½-year-old female miniature Poodle named Ellie brought her to Dr. Mo's Kindred AH Spirits Animal Hospital (Kindred AH AH) with concerns about acute left hind leg lameness and pain. After an examination and obtaining radiographs, Dr. Moore diagnosed a left coxofemoral luxation. Dr. Moore sent Ellie home with pain medications and scheduled a surgery.

2) On September 16, 2019, Ellie was brought back to Kindred AH for surgery with Dr. Moore. Dr. Moore attempted to perform a left femoral head osteotomy via a dorsal approach. The surgery was unremarkable until after Dr. Moore transected the femoral head, at which time he could not remove it because, according to Dr. Moore, the femoral head had become lodged behind deeper tissue layers and he was unable to remove it. Rather than continue efforts to remove the femoral head, Dr. Moore stated he closed the incision, thus leaving the femoral head due to his concerns that a prolonged anesthesia could have resulted in complications for the patient. No anesthesia complications were recorded during the one hour anesthesia period.

3) Two days later, Ellie's owner became concerned when the incision became swollen and painful and attempted to take Ellie back to Kindred AH. However, Kindred AH was closed because Dr. Moore was out of town. Thereafter, on September 18 and 19, 2019, Ellie was taken to another veterinary hospital where it was noted that the incision site had swollen, so much so that by September 19, 2019, the swelling had progressed to a black coloration of the skin. The veterinarian at the second veterinary hospital recommended that Ellie be taken to a specialty hospital for a surgical consultation.

4) On September 19, 2019, Ellie was taken to a specialty hospital. At the specialty hospital, it was noted that Ellie had generalized weakness, hypotension, and incision site dehiscence with a large eschar and purulent exudate. Radiographs revealed

soft tissue swelling of the incision and a retained femoral head. The veterinarian at the specialty hospital diagnosed sepsis and began aggressive treatment to address the sepsis.

5) After two days at the specialty hospital, Ellie's condition had worsened and emergency surgery was recommended and Ellie's owner consented. The surgery involved removing the retained femoral head, obtaining a sample for aerobic culture, and amputation of the left hind leg.

6) Ellie suffered significant post-surgical complications for which she was at or taken to the specialty hospital on September 22-24, 25, 28, and 30 and October 1. On October 1, 2019, the owner opted for humane euthanasia which was performed without complication.

7) In the course of the Board's investigation of the instant matter, the Board's staff reviewed the medical records made by Dr. Moore at Kindred AH and determined that the records lacked documentation of surgery times, the types of anesthesia administered, and the doses of injectable medications administered.

The Nevada Board of Veterinary Medical Examiners finds this conduct to be in violation of applicable Nevada law. In particular, the Board finds that the above-described acts violated Nevada Revised Statutes (NRS) 638.140(5) (Incompetence), NRS 638.140(6) (Negligence) and NAC 638.045(2) (Negligence) and NAC 638.045(2) (Incompetence) where Dr. Moore knowingly did not remove the femoral head from Ellie's leg and closed the incision knowing that the femoral head remained in Ellie's body and did not establish a clear plan for prompt removal. Additionally, the Board finds this conduct to be in violation of NRS 638.140(1) (Violation of Board regulations) and NAC 639.0475 where Dr. Moore's records lacked documentation of surgery times, the types of anesthesia administered, and the doses of injectable medications administered.

Should the Letter of Reprimand be rejected by the Board it is agreed that presentation to and consideration by the Board of such proposed Letter of Reprimand or other documents or matters pertaining to the consideration of this Letter of Reprimand, shall not unfairly or illegally prejudice the Board, or any of its members, from further participation, consideration, adjudication, or resolution of these proceedings, and that no Board member shall be disqualified or challenged for bias. If it is accepted by the Board, the Letter of Reprimand becomes a public document and will be reported to the National Veterinary Disciplinary Database of the American Association of Veterinary State Boards (AAVSB).

Through the signature of Dr. Moore below, Dr. Moore admits this conduct is a violation of the statutes and regulations detailed above. As a result of this admitted violation and by a majority vote of the members of the Board at its July 2020 meeting, this Public Letter of Reprimand is to be placed in the Licensee's licensing file. As a result of the above stated violation, the Licensee agrees to the following:

1) Dr. Moore will pay the attorney fees, investigative costs, and Board costs of $880.00 by check or money order made payable to "Nevada State Board of Veterinary Medical Examiners" which must be received by the Board's office within 30 days of the date of the Board's approval of this Letter of Reprimand.

2) Dr. Moore will provide to the Board's office written evidence of successful completion of four hours of continuing education in orthopedic surgery in canines and two hours in medical recordkeeping within 60 days of the date of the Board's approval of this Letter of Reprimand. The six hours of continuing education in this paragraph may not be counted toward Dr. Moore's continuing education requirements for renewal of his license.

3) Failure by Dr. Moore to comply with any term or condition of this Letter of Reprimand shall result in additional disciplinary action, up to and potentially including suspension or revocation of Dr. Moore's license. Additionally, failure by Dr. Moore to comply with any term or condition of this Letter of Reprimand shall allow the Board's staff not to renew Dr. Moore's license until Dr. Moore remedies the failure to comply.

Canyonlands Healthcare

Caring for our Communities Since 1973

September 21, 2021

To Nevada State Board of Pharmacy:

I am writing this letter on behalf of Canyonlands Healthcare to express our interest in opening a new retail pharmacy in Mesquite, NV. I wanted to offer a little background on our organization and clarify our proposed business model and timeline.

Canyonlands Community Health Care (CHC) is a Federally Qualified Health Center (FQHC) that began in 1973 with the founding of Lake Powell Medical Center in Page, AZ. Since that time, the organization has expanded to locations in Northern and Southeastern Arizona, and most recently Mesquite, NV. CHC offers comprehensive one-stop services for patients' healthcare in each of the communities served by the organization. We are a non-profit health center. We offer discounts for uninsured and underinsured patients, and we never refuse service based upon a patient's ability to pay. To help fund our operations, CHC receives grand funding under section 330 of the Public Health Services Act.

The mission of Canyonlands Healthcare is to promote healthier lives through affordable, accessible, integrated primary care.

In keeping with our mission, CHC would like to open an in-house pharmacy that will be attached to our current medical clinic. This pharmacy will be an open-door pharmacy, meaning we will serve both patients of our organization and outside patients as well.

I, Andrew Lewandowski, am currently listed as the managing pharmacist. My intention is to take full responsibility throughout the application and permitting process. Once we are issued our permit, we will hire and/or transition one of our currently employed pharmacists to serve as the managing pharmacist. That pharmacist will be licensed by the Nevada Board of Pharmacy and will live in Nevada.

CHC does not have any shareholders nor directors with financ
community board of directors, and is managed by a corporate
pharmacy. Should you have any questions please contact me a

Sincerely,

Andrew J Lewandowski

Andrew Lewandowski, PharmD

RE: Cosmopolitan Security Officer Unpaid Wages Class Action

Dear BASIL S BLAKE,

You are receiving this letter because the Cosmopolitan of Las Vegas' records indicate that you may be a potential class member in a class action lawsuit pending against the Cosmopolitan on behalf of **all hourly Security Officers employed by the Cosmopolitan between December 15, 2010 and May 19, 2013**. The name of the case is **Basil Blake and Aaron James v. Nevada Property 1, LLC** (Case No. A-13-675007). This case was filed in Nevada state court – the Eighth Judicial District Court of Nevada In and For Clark County – on January 15, 2013. This case only involves hourly Security Officers employed by the Cosmopolitan during the dates listed above.

The case alleges that the Cosmopolitan failed to pay its hourly Security Officers for all time worked. Specifically, the case alleges that the Cosmopolitan failed to pay its hourly Security Officers for "off the clock work" associated with the time it took Security Officers to wait in line to and actually check in/out the tools and equipment necessary to perform their job (radio, keys, Itouch, safecracking tools) and to travel to and from the garment district both before the security officers formally clocked in and after the security officers clocked out. The case also alleges that the Cosmopolitan failed to pay its security officers for time spent attending pre-shift briefings before their scheduled shift start time. The case seeks unpaid wages for all hourly Security Officers employed by the Cosmopolitan during the time frame noted above. Cosmopolitan changed its pay practices after this lawsuit was filed.

We are pleased to inform you that the parties have reached a tentative settlement in this case which, subject to court approval, will provide substantial monetary compensation for all hourly

(cont'd on back...)

Security Officers employed by the Cosmopolitan between December 15, 2010 and May 19, 2013. The parties will be filing a motion for approval of this settlement with the Court shortly. If the settlement is preliminarily approved by the Court, you will be receiving a formal notice approved by the Court explaining the terms of the settlement and your legal rights to make a claim for money, object to the settlement and/or exclude yourself from the settlement.

If you have any questions about this case, please don't hesitate to contact us at 775-853-6440. You can also submit any questions about this case to us through our web site www.cjoneslawfirm.com. I look forward to hearing from you.

Sincerely,

Amazon Pharmacy #005 located at 20416 72nd Avenue South, Kent, WA 98032 has no discipline.
The following disciplinary action is associated with PillPack LLC located in Manchester, New Hampshire.

PillPack LLC (fka PillPack, Inc.) - Pharmacy Discipline Summary (Previously disclosed)

Alabama Board of Pharmacy Order

On December 2014 PillPack, Inc.'s renewal for the out of state pharmacy license for Alabama was denied as there was a change of rule that required that PillPack, Inc. have an Alabama licensed pharmacist named on the permit. PillPack, Inc. immediately contacted the Alabama board and informed them they would have two pharmacist licensed as soon as possible. The Board indicated that the facility would still be able to ship during the interim period.

Two pharmacists were scheduled to appear before the board at their February meeting. Unfortunately the February meeting was canceled due to inclement weather in Alabama. The pharmacists attended the March meeting and both were granted an Alabama pharmacist license.

PillPack, Inc. assumed that the denied application would then be approved. This was not the case and upon checking with the board PillPack, Inc. was told they would have to resubmit the renewal license application, which was done. When PillPack, Inc. received their new license they were cited for shipping medication to Alabama without an active license and asked to sign a consent form with a $500.00 penalty. PillPack, Inc. signed off on that order and paid the administrative fee. The PIC for Alabama was also assessed a $500.00 fee and a similar consent form.

Designated Representative Application

Rev (04/22/2021)

An application for a license, or a licensee with a license, to conduct a pharmacy or to operate as a wholesaler shall designate at least one natural person to serve as the representative of the pharmacy or wholesaler. The Board will not issue or renew a license of an applicant or licensee that is required to designate a representative of a pharmacy or wholesaler unless the Board determines that the designated natural person meets the following qualifications per NAC 639.5005 (Pharmacy) or NAC 639.5935 (Wholesaler):

1. Is at least 21 years of age;
2. Has been employed for at least 6,000 hours in a pharmacy or with a wholesaler in a capacity related to the dispensing and distribution of, and recordkeeping related to, prescription drugs.

The designated representative of a pharmacy or a wholesaler:

1. Must be actively involved in and aware of the actual daily operations of the pharmacy or wholesaler;
2. Must be employed full-time in a managerial level position with the pharmacy or wholesaler;
3. Must be physically present at site of the pharmacy or at the facility of the wholesaler during regular business hours, except when the absence of the representative is authorized, including sick leaves, vacation leaves and other authorized absences; and
4. May serve in this representative capacity for only one pharmacy or wholesaler at a time

A pharmacy or wholesaler that is required to designate a natural person as its representative shall not open or operate the pharmacy or wholesaler unless that representative is actually employed full-time in the operation of the pharmacy or wholesaler and is physically present at the site of the pharmacy or wholesaler during regular working hours, not including sick leave, vacation leave and other authorized absences from work. If the natural person designated as the representative of a pharmacy leaves the employ of the pharmacy or wholesaler, thus leaving the pharmacy or wholesaler without a representative in violation of this section, the pharmacy or wholesaler shall:

1. Immediately cease conducting business until another qualified natural person is approved by the Board to serve as the representative of the pharmacy or wholesaler; and
2. Not later than 48 hours after that person leaves its employ, notify the Board that the person designated as the representative of the pharmacy or wholesaler has left the employ of the pharmacy or wholesaler.

Before a pharmacy or wholesaler, that is in violation of NAC 639.5005 (Pharmacy) or NAC 639.5935 (Wholesaler) because the natural person designated as the representative of the pharmacy or wholesaler left the employ of the pharmacy or wholesaler, may continue conducting business:

1. The pharmacy or wholesaler must designate, on a form provided by the Board, a new natural person to serve as the representative of the pharmacy; and
2. The Board must approve the natural person so designated.

RE: PillPack LLC dba Amazon Pharmacy #006
New Application for a Licensed Pharmacy

Dear Mr. Wuest:

On behalf of PillPack LLC dba Amazon Pharmacy #006, we are submitting a new Application for Out-of-State Pharmacy License. Along with the application, you will find the required application fee.

Please note, the DEA permit for this pharmacy inadvertently contains the wrong city and zip code. Should the Board require a DEA permit with the correct city and state, please let me know and we will provide a copy of the permit once the DEA has processed the correction. The address associated with the home state permit in Indiana is correct.

If you have any questions or if you need additional information, please contact me at 602-229-5318 or susan.trujillo@quarles.com. Thank you for your consideration in this matter.

Sincerely,

Susan Trujillo

Amazon Pharmacy #005 located at 20416 72nd Avenue South, Kent, WA 98032 has no discipline.
The following disciplinary action is associated with PillPack LLC located in Manchester, New Hampshire.

PillPack LLC (fka PillPack, Inc.) - Pharmacy Discipline Summary (Previously disclosed)

Alabama Board of Pharmacy Order

On December 2014 PillPack, Inc.'s renewal for the out of state pharmacy license for Alabama was denied as there was a change of rule that required that PillPack, Inc. have an Alabama licensed pharmacist named on the permit. PillPack, Inc. immediately contacted the Alabama board and informed them they would have two pharmacist licensed as soon as possible. The Board indicated that the facility would still be able to ship during the interim period.

Two pharmacists were scheduled to appear before the board at their February meeting. Unfortunately the February meeting was canceled due to inclement weather in Alabama. The pharmacists attended the March meeting and both were granted an Alabama pharmacist license.

PillPack, Inc. assumed that the denied application would then be approved. This was not the case and upon checking with the board PillPack, Inc. was told they would have to resubmit the renewal license application, which was done. When PillPack, Inc. received their new license they were cited for shipping medication to Alabama without an active license and asked to sign a consent form with a $500.00 penalty. PillPack, Inc. signed off on that order and paid the administrative fee. The PIC for Alabama was also assessed a $500.00 fee and a similar consent form.

Amazon Pharmacy #007 located at 1820 S Silverstone Way, Suites 200 & 300, Meridian, ID 83642 has no discipline. The following disciplinary action is associated with PillPack LLC located in Manchester, New Hampshire.

PillPack LLC (fka PillPack, Inc.) - Pharmacy Discipline Summary (Previously disclosed)

Alabama Board of Pharmacy Order

On December 2014 PillPack, Inc.'s renewal for the out of state pharmacy license for Alabama was denied as there was a change of rule that required that PillPack, Inc. have an Alabama licensed pharmacist named on the permit. PillPack, Inc. immediately contacted the Alabama board and informed them they would have two pharmacist licensed as soon as possible. The Board indicated that the facility would still be able to ship during the interim period.

Two pharmacists were scheduled to appear before the board at their February meeting. Unfortunately the February meeting was canceled due to inclement weather in Alabama. The pharmacists attended the March meeting and both were granted an Alabama pharmacist license.

PillPack, Inc. assumed that the denied application would then be approved. This was not the case and upon checking with the board PillPack, Inc. was told they would have to resubmit the renewal license application, which was done. When PillPack, Inc. received their new license they were cited for shipping medication to Alabama without an active license and asked to sign a consent form with a $500.00 penalty. PillPack, Inc. signed off on that order and paid the administrative fee. The PIC for Alabama was also assessed a $500.00 fee and a similar consent form.

Provide explanation below:

In August of 2009, at the age of 19, I used false identification to enter a bar and ingested alcohol while under the age of 21 (the legal age to drink in the state of Arizona). On 10/7/2009 I was charged with two misdemeanors. The first misdemeanor, Count A, for using a false ID to enter, was dismissed by the court. I pleaded guilty to the second misdemeanor, Count B, under 21 with alcohol in body. I completed the Wake Up! diversion program on 12/8/2009, which is an 8-hour alcohol and drug education prevention program for youth aged 12 to 22 years old that have been cited or arrested for alcohol and/or drug related offenses as mandated by the court. A year after the infraction occurred, I submitted for a motion to set aside the charge. The state of Arizona does not offer expungement of records; however, if a motion to set aside is granted, this indicates that the court has vacated judgment and dismissed the charges. The motion to set aside was granted on 1/21/2011. On 4/21/2106 the records of these misdemeanor charges were destroyed by the McDowell Mountain Justice Court, which is located at 18380 N 40th St UNIT 130, Phoenix, AZ 85032. This court can be contacted by phone at (602) 372-7000. Please see the attached copy of documentation provided by the court. Since this occurrence, I have acted with integrity and sound judgment. Becoming a pharmacist had been my dream since high school, and having the ability to practice as one for the past five years has been one of the greatest joys of my life.

SETTLEMENT AGREEMENT PRIOR TO FILING OF PETITION
FOR DISCIPLINARY ACTION AND BOARD'S FINAL ORDER

Petitioner, DEPARTMENT OF COMMERCE AND CONSUMER AFFAIRS' REGULATED INDUSTRIES COMPLAINTS OFFICE (hereinafter "RICO" or "Petitioner"), through its undersigned attorney(s) and Respondent DIRECT PHARMACY SOURCE, INC. (hereinafter "Respondent"), enter into this Settlement Agreement on the terms and conditions set forth below.

A. UNCONTESTED FACTS:

1. At all relevant times herein, Respondent was permitted as a miscellaneous permit holder by the Board of Pharmacy (hereinafter the "Board") under permit number PMP 749. The permit was issued on or about February 15, 2012. The permit is set to expire or forfeit on or about December 31, 2019.

2. Respondent's mailing address for purposes of this action is 4574 N. Hiatus Road, Sunrise, FL 33351.

3. On or about November 13, 2017, Respondent reported it was disciplined by the Texas State Board of Pharmacy.

I HEREBY CERTIFY THAT THE ATTACHED IS A TRUE AND CORRECT COPY OF THE ORIGINAL ON FILE IN THE DEPARTMENT OF COMMERCE & CONSUMER AFFAIRS.

4. An Agreed Board Order was executed on or about August 1, 2017 by the Texas State Board of Pharmacy in #K-17-006 (hereinafter the "2017 Texas Order") (Exhibit "1"). The 2017 Texas Order was based on allegations that Respondent's non-resident pharmacy's pharmacist-in-charge was not licensed in Texas. Pursuant to the terms of the 2017 Texas Order, Respondent was ordered to pay an administrative penalty of $1,000.00.

5. On or about September 26, 2018, Respondent reported it was disciplined by the South Carolina State Board of Pharmacy.

6. A Consent Agreement was executed on or about November 15, 2017 by the South Carolina State Board of Pharmacy in OIE #2014-104 (hereinafter the "South Carolina Agreement") (Exhibit "2"). The South Carolina Agreement was based on allegations that Respondent was faxing prescriptions to a registered nurse without prescriptive authority despite the nurse's repeated requests to Respondent to stop doing so. Pursuant to the terms of the South Carolina Agreement, Respondent's permit was placed on probation, and Respondent was ordered to pay a fine of $3,000.00.

7. On or about May 9, 2019, Respondent reported it was disciplined by the Texas State Board of Pharmacy.

8. An Agreed Board Order was executed on or about November 6, 2018 by the Texas State Board of Pharmacy in #L-18-006 (hereinafter the "2018 Texas Order") (Exhibit "3"). The 2018 Texas Order was based on Respondent's misrepresentation on a license renewal application before the Texas State Board of Pharmacy regarding prior disciplinary action made against Respondent. Pursuant to the terms of the 2018 Texas Order, Respondent was ordered to pay an administrative penalty of $1,000.00.

9. RICO alleges Respondent was disciplined by the States of Texas and South Carolina and that Respondent failed to timely report the actions.

10. The foregoing allegations, if proven at an administrative hearing before the Board, would constitute violations of the following statute(s) and/or rule(s): Hawaii Revised Statutes ("HRS") § 436B-19(13) (disciplinary action by another state or federal agency) and § 436B-19(15) (failure to timely report disciplinary action).

11. The Board has jurisdiction over the subject matter herein and over the parties hereto.

B. REPRESENTATIONS BY RESPONDENT:

1. Respondent is fully aware that Respondent has the right to be represented by an attorney and voluntarily waives that right.

2. Respondent enters into this Settlement Agreement freely, knowingly, voluntarily, and under no coercion or duress.

3. Respondent is aware of the right to have a hearing to adjudicate the issues in the case. Pursuant to HRS § 91-9(d), Respondent freely, knowingly, and voluntarily waives the right to a hearing, and agrees to dispose of this case in accordance with the terms and conditions of this Settlement Agreement.

4. Respondent, being at all times relevant herein permitted as a miscellaneous permit holder by the Board, acknowledges that Respondent is subject to penalties including but not limited to, revocation, suspension or limitation of the permit and administrative fines, if the foregoing allegations are proven at hearing.

5. Respondent further understands that RICO enters into this Settlement Agreement, and agrees to the specific terms contained in this Settlement Agreement, based upon Respondent's representations made herein.

6. Respondent represents Exhibit "1" is a true and correct copy of the 2017 Texas Order.

7. Respondent represents Exhibit "2" is a true and correct copy of the South Carolina Agreement.

8. Respondent represents Exhibit "3" is a true and correct copy of the 2018 Texas Order.

9. Respondent understands that any false or untrue statement or any material misrepresentation or omission of fact by Respondent in this Settlement Agreement may be grounds for further disciplinary action under HRS Chapters 436B and 461.

10. Respondent does not admit to violating any law or rule, but acknowledges that RICO has sufficient cause to file a Petition for Disciplinary Action against Respondent's permit.

11. Respondent enters into this Settlement Agreement as a compromise of the claims and to conserve on the expenses of proceeding with an administrative hearing on this matter.

12. Respondent agrees that this Settlement Agreement is intended to resolve the issues raised in RICO's investigation in RICO Case No. PHA 2019-82-L.

13. Respondent understands this Settlement Agreement is public record pursuant to Hawaii Revised Statutes Chapter 92F.

C. TERMS OF SETTLEMENT:

1. Administrative Fine. Respondent agrees to pay a fine in the amount of ONE THOUSAND FIVE HUNDRED AND NO/100 DOLLARS ($1,500.00). Payment shall be made by **cashier's check or money order made payable to "DCCA - Compliance Resolution Fund"** and mailed to the Regulated Industries Complaints Office, Attn: Stacia M. Silva, Esq., 235 S. Beretania Street, 9th Floor, Honolulu, Hawaii 96813. Payment of the fine shall be due at the time this Settlement Agreement is returned to RICO.

2. Failure to Comply with Settlement Agreement. If Respondent fails to fully and timely comply with the terms of this Settlement Agreement as set forth in paragraphs C.1. above, Respondent's permit shall be automatically revoked upon RICO's filing of an affidavit with the Board attesting to such failure. In case of such revocation, Respondent shall turn in all indicia of licensure to the Executive Officer of the Board within ten (10) days after receipt of notice of the revocation. In case of such revocation, Respondent understands Respondent cannot apply for a new permit until the expiration of at least five (5) years after the effective date of the revocation. Respondent understands that if Respondent desires to become permitted again, Respondent must apply to the Board for a new permit pursuant to and subject to HRS §§ 92-17, 436B-21, and all other applicable laws and rules in effect at the time.

3. Possible Further Sanction. The Board, at its discretion, may pursue additional disciplinary action as provided by law to include further fines and other sanctions as the Board may deem appropriate if Respondent violates any provision of the statutes or rules governing the conduct of miscellaneous permit holders in the State of Hawaii, or if Respondent fails to abide by the terms of this Settlement Agreement.

4 Approval of the Board. Respondent agrees that, except for the representations, agreements and covenants contained in Paragraphs C.5., C.6., C.7., and C.8. below, this Settlement Agreement shall not be binding on any of the parties unless and until it is approved by the Board.

5. No Objection if Board Fails to Approve. If the Board does not approve this Settlement Agreement, does not issue an order pursuant thereto, or does not approve a lesser remedy, but instead an administrative hearing is conducted against Respondent in the Board's usual and customary fashion pursuant to the Administrative Procedure Act, Respondent agrees that neither Respondent, nor any attorney that Respondent may retain, will raise as an objection in any administrative proceeding or in any judicial action, to the Board's proceeding against Respondent on the basis that the Board has become disqualified to consider the case because of its review and consideration of this Settlement Agreement.

6. Any Ambiguities Shall be Construed to Protect the Consuming Public. It is agreed that any ambiguity in this Settlement Agreement is to be read in the manner that most completely protects the interests of the consuming public.

7. No Reliance on Representations by RICO. Other than the matters specifically stated in this Settlement Agreement, neither RICO nor anyone acting on its behalf has made any representation of fact, opinion, or promise to Respondent to induce entry into this Settlement Agreement, and Respondent is not relying upon any statement, representation or opinion, or promise made by RICO or any of its agents, employees, representatives, or attorneys concerning the nature, extent or duration of exposure to legal liability arising from the subject matter of this Settlement Agreement or concerning any other matter.

8. Complete Agreement. This Settlement Agreement is a complete settlement of the rights, responsibilities and liabilities of the parties hereto with respect to the subject matter hereof; contains the entire agreement of the parties; and may only be modified, changed or amended by written instrument duly executed by all parties hereto.

IN WITNESS WHEREOF, the parties have signed this Settlement Agreement on the date(s) set forth below.

Complaint No. 2019-PHA-16193	)	

PARTIES

This document is a Consent Agreement regarding the pending application of Direct Pharmacy Services , for the renewal of its mail order prescription pharmacy license. The parties to this Consent Agreement are: Direct Pharmacy Source, Inc. ("Direct"), the Maine Board of Pharmacy ("the Board"), and the Office of the Maine Attorney General ("the Attorney General"). This Consent Agreement is entered into pursuant to 10 M.R.S. § 8003(5-A).

STATEMENT OF FACTS

1. Since July 2, 2012, Direct has been licensed in Maine as a mail order prescription pharmacy with a registered location of 4574 N Hiatus Road, Sunrise, Florida (license number **MO40001225**).

2. On August 1, 2017, the Texas State Board of Pharmacy and Direct entered into Agreed Board Order, #K-17-006, that imposed discipline against Direct's Texas pharmacy license (#27738).

3. On November 6, 2018, the Texas State Board of Pharmacy and Direct entered into Agreed Board Order, #L-18-006, that imposed discipline against Direct's Texas pharmacy license (#27738).

4. On both occasions Direct failed to report the Texas disciplinary actions to the Board within 10 days as required by 10 M.R.S. § 8003-G(2)(C).

5. On November 27, 2018, Direct submitted a renewal application and reported to the Board for the first time that it had been disciplined by the Texas State Board of Pharmacy

6. On June 6, 2019, the Alabama State Board of Pharmacy and Direct entered into a Consent Order in Case No. 18-L-0109 that imposed discipline against Direct's Alabama pharmacy permit (number 113825).

7. Direct then failed to report the Alabama disciplinary actions to the Board within 10 days as required by 10 M.R.S. § 8003-G(2)(C).

8. On June 19, 2019, Direct notified the Board for the first time that it had been disciplined by the Alabama State Board of Pharmacy.

9. Pursuant to 10 M.R.S. § 8003(5-A)(A)(11) and 10 M.R.S. § 8003-G(2)(C), the Board may deny, refuse to renew, suspend, or revoke a license and impose other discipline for failing to report a license disciplinary action to the Board within 10 days of that action.

10. At its meeting on November 7, 2019, the Board reviewed the above information and voted to preliminarily deny Direct's application for renewal of its license to be a mail order prescription pharmacy. In lieu of the denial, the Board also voted to offer Direct this Consent Agreement. Unless Direct either requests, in writing, a hearing regarding the appeal of the preliminary denial within thirty (30) days of receipt of the Notice of Preliminary Denial, or accepts this Consent Agreement by signing and dating it and returning it to Complaint Division, 35 State House Station, Augusta, ME 04333, by **April 30, 2020,** the preliminary denial of Direct's application for licensure as a mail order prescription pharmacy will become final.

COVENANTS

11. Direct admits to the facts above and admits that such conduct constitutes grounds for denial of or refusal to renew its license and for the imposition of discipline pursuant to 10 M.R.S. § 8003(5-A)(A)(11), and 10 M.R.S. § 8003-G(2)(C) for failing to report disciplinary action taken against a license in another jurisdiction within 10 days after the action was taken.

12. As discipline for the violation admitted to in paragraph 11 above, Direct agrees to accept the following DISCIPLINARY ACTION:

a) A REPRIMAND; and

b) A CIVIL PENALTY in the amount of two hundred fifty dollars ($250.00), payment of which shall be made by certified check or money order payable to the "Treasurer, State of Maine" and delivered to Jessica Gowell, Licensing Supervisor, Department of Professional and Financial Regulation, Office of Professional and Occupational Regulation,35 State House Station, Augusta, Maine 04333, and must be submitted with the signed Consent Agreement;

13. Violation of any of the terms or conditions of this Consent Agreement by Direct shall constitute grounds for discipline, including but not limited to modification, suspension, or revocation of licensure or the denial of licensure or re-licensure.

14. The Board and Direct agree that no further agency action will be initiated against its license by the Board based upon the specific violations admitted to herein, except or unless Direct fails to comply with the terms and conditions of this Consent Agreement. The Board may however consider the conduct described above as evidence of a pattern of misconduct if other allegations are brought against Direct, and this Consent Agreement will be admitted into evidence in any future adjudicatory hearing involving Direct. The Board may also consider the fact that discipline was

imposed by this Consent Agreement in determining appropriate discipline in any further complaints against Direct.

15. This Consent Agreement is not appealable and is effective until modified or terminated by the parties hereto.

16. The Board and the Attorney General may communicate and cooperate regarding any matter related to this Consent Agreement.

17. Upon receipt of the signed Consent Agreement and the civil penalty payment, the Board will renew Direct's license contingent upon it meeting all other eligibility criteria.

18. This Consent Agreement is a public record within the meaning of 1 M.R.S. § 402 and will be available for inspection and copying by the public pursuant to 1 M.R.S. § 408-A.

RE: Response to Discussion Item #6

Dear Ms. Patell:

Please accept this letter as Dynamic Rx Labs response to Discussion Item #5. Again, we appreciate your grant of an extension to supply this response.

Discussion Item #6 from our inspection requests:

6. Plan of compliance with BUD restriction within 16 CCR 1751.8 and 16 CCR 1735.2(i)(3)(C), on official letterhead, signed by PIC Phal, current owner – James Axtell and new prospective owners, within 96 hours. (extension granted to 4/22/2021)

Response:

Our plan of compliance related to BUD dating for sterile products compounded for patients located in California shall be to use default BUD dating as described in the current, compendial USP General Chapter <797> which requires the following:

Risk Level	Controlled Room Temp	Cold Temperature	Frozen
Immediate Use	1 hour from start of compounding	NA	NA
Low – Segregated Compounding Area	12 hours or less from compounding	NA	NA
Low	48 hours	14 days	45 days
Medium	30 hours	9 days	45 days
High	24 hours	3 days	45 days

When extending BUD dating beyond the default dating described in the chart above, we will comply with the USP <797> and California rules (specifically 16 CCR 1751.8 and 16 CCR 1735.2(i)(3)(C)). California allows a pharmacy to extend BUD dating if there is a valid stability test performed by the pharmacy using a scientifically valid stability-indicating method, a third-party laboratory using a stability indicating method, or a published third-party study such as the studies included in this response.[1]

For example, attached are two Peer Reviewed studies on the stability of "Trimix" compounds that provide stability data for refrigerated compounded "Trimix" for 30-60 days

[1] USP 797 recommends but does not require testing to include a stability-indicating method.

Dynamic Rx LABS

and frozen compounded "Trimix" for 6 months. *See* Appendix A. The results of this 2004 stability study were revalidated in 2021 by a bracketing study. *See* Appendix B.

As you know, a bracketing study is performed to test the extremes of API concentration in a formulation. A bracketing study is particularly valuable when compounding formulations that often involve patient-specific prescriptions that use varying concentrations of APIs. The bracketing study establishes the stability of high concentration strengths and low concentration strengths to see if concentration of API in a compound has any effect on stability.

We call your attention to the bracketing study published in 2021 that reviewed the stability of bracketed Trimix and a single strength preparation of Trimix that concluded BUDs of 60 days and 64 days at refrigerated temperature. We believe these studies, combined with our previously completed potency over time and USP <71> sterility studies, comply with the stability study requirement required by California in 16 CCR 1735.2(i)(3)(c) and supports our BUD of up to 60 days at refrigerated temperature.

We appreciate this opportunity to review and analyze this matter. Please let us know if you have any questions.

Sincerely,

Angelique Williams PIC

Long-Term Stability of Trimix: A Three-Drug Injection Used to Treat Erectile Dysfunction

Abstract

A three-drug injection mixture of alprostadil 12.5 µg/mL, papaverine hydrochloride 4.5 mg/mL and phentolamine mesylate 0.125 mg/mL in bacteriostatic 0.9% sodium chloride injection was evaluated for stability at 23°C, 4°C, –20°C and –70°C. The injection remained clear and colorless in all samples throughout the study. Chemical stability testing was performed using stability-indicating high-performance liquid chromatographic analysis. Alprostadil was the least stable of the drug components at room temperature and under refrigeration. About 8% alprostadil loss occurred in five days at room temperature; under refrigeration losses of about 6% and 11% occurred after 1 and 2 months, respectively. Frozen at –20°C and –70°C, less than 5% loss of any of the drug components occurred in 6 months.

A beyond-use date of 6 months when stored frozen at –20°C and 1 month when stored refrigerated at 4°C is appropriate for batches of the injection that have passed sterility testing. Room temperature exposure should be limited, and the vial should be returned to refrigeration as soon as possible.

Introduction

Erectile dysfunction is a distressing complication that occurs during the treatment of prostate cancer as well as being common in the general male population. Although the commercial availability of sildenafil citrate has been useful in many men, prostate cancer patients often require alternative treatment. A commonly used alternative consists of an extemporaneously compounded three-drug injection containing alprostadil, papaverine hydrochloride and phentolamine mesylate. Though it is commonly referred to as the "Knoxville formula," apparently for the city of its original introduction, a number of slightly varying formulas have been in use around the country. The three-drug preparation is administered by intracavernosal injection to induce penile erection.[1]

In this institution, the three-drug preparation is nicknamed Trimix and is composed of alprostadil (the naturally occurring form of prostaglandin E1) 12.5 µg/mL, papaverine hydrochloride 4.5 mg/mL and phentolamine mesylate 0.125 mg/mL in bacteriostatic 0.9% sodium chloride injection as a standard formula. Although this formula and similar formulas have been in use for some time, no long-term stability information has been available to support extended beyond-use periods. Many of our patients who require Trimix treatment live at a distance from our institution and some live outside the country. It would help these patients if the Trimix injection were determined to be sufficiently stable so that a larger supply could be provided, thus reducing the frequency of repeat visits to the hospital or outside pharmacies for refills.

The purpose of this study was to evaluate the stability of our Trimix injection formulation at four storage temperatures, 23°C, 4°C, –20°C and –70°C, for varying periods up to six months.

Methods

Materials

The Trimix injection was prepared by extemporaneously compounding the three-drug mixture from the appropriate amounts of each of the drugs using commercial injections of alprostadil 0.5 mg/mL (Lot 00E212, GensiaSicor, Irvine, California), papaverine hydrochloride 30 mg/mL (Lot 200638, Bedford Laboratories, Bedford, Ohio), reconstituted phentolamine mesylate 5 mg/mL (Lot 236134, Bedford) and bacteriostatic 0.9% sodium chloride injection containing benzyl alcohol (Lot 71-024-DK, Abbott Laboratories, North Chicago, Illinois) to yield the necessary final concentrations of each of the agents, and was packaged in commercial empty sterile vials (Lot 312507, American Pharmaceutical Partners, Los Angeles, California). Reference standards of prostaglandin E1 (Lot 129H3857, Sigma Chemical, St. Louis, Missouri), papaverine hydrochloride (Lot H, United States Pharmacopeia [USP], Rockville, Maryland) and phentolamine mesylate (Lot I, USP) were purchased from commercial sources and used without further purification. The mobile phase components were all of a grade suitable for high-performance liquid chromatographic (HPLC) analysis. The water used was also HPLC grade and was prepared immediately before use.

Preparation and Sampling

The Trimix injection was compounded using the formula in Table 1. A total of 180 mL of the preparation was compounded as a pooled bulk solution in a sterile polycarbonate 500-mL flask (Lot 3290004, Corning Corporation, Corning, New York). Aliquots of 2 mL were filtered through 0.22-µm bacterial retentive filters (Millex-GS, Millipore Corporation, Bedford, Massachusetts) into the 5-mL sterile empty vials. Five vials were analyzed initially, and the balance were divided into groups stored at room temperature near 23°C, refrigerated at 4°C, frozen at both –20°C and –70°C and also subjected to four freeze-thaw (–20°C/23°C) cycles after 30 days of frozen storage. Evaluations were performed after storage for the varying time periods under each of the storage conditions.

Evaluation and HPLC Analysis

The physical stability of the samples was assessed by visual examination of the solution in the finished vials. Visual examinations were performed in normal diffuse fluorescent room light with the unaided eye and also using a Tyndall beam, a high-intensity monodirectional light beam, to facilitate visualization of haze or particulates.

The alprostadil, papaverine hydrochloride and phentolamine mesylate concentrations were determined using two stability-indicating HPLC assay methods adapted from the methods of Sbulman and Fyfe[2] for the alprostadil and the method of Tu et al[3] for the papaverine hydrochloride and phentolamine mesylate. The details of the analytical methods used in this study are cited in Table 2. A high-performance liquid

chromatograph (LC Module 1 Plus, Waters Corporation, Milford, Massachusetts) was used for analysis of the papaverine hydrochloride and phentolamine mesylate. The chromatograph consisted of a multisolvent delivery pump, an autosampler and an ultraviolet light detector in one unit. Separation was performed using a C_8 column (Xterra MS C_8, 5 µm, 150 × 4.6 mm, Waters Corporation). A second high-performance liquid chromatograph (Alliance 2960, Waters Corporation) with a photodiode array detector (Model 996, Waters Corporation) was used for the analysis of alprostadil. Separation was performed using a C_{18} column (Xterra MS C_{18}, 5 µm, 250 × 4.6 mm, Waters Corporation). The systems were controlled and integrated by a personal computer with chromatography management software (Millennium^{32} Chromatography Manager, Waters Corporation). Duplicate HPLC determinations on each of the triplicate samples were performed at each test interval to determine drug concentration.

The analytical methods for each of the drugs were demonstrated to be stability-indicating by accelerated degradation. The sample solutions were mixed with 0.1 N sodium hydroxide, 0.1 N hydrochloric acid and 3% hydrogen peroxide and were subjected to heating. Loss of the intact drugs was observed with each of these treatments. Using the alprostadil method, the intact prostaglandin E1 had a retention time of 10.8 minutes, while the other two drugs both eluted before 4 minutes. Degradation product peaks that formed eluted at 7.3, 9 and 10 minutes and did not interfere with the peak of the intact prostaglandin E1. Using the method for determination of papaverine hydrochloride and phentolamine mesylate, retention times for papaverine and phentolamine were 7.6 and 10.6 minutes, respectively. Degradation product peaks that formed eluted at 4.5, 5.2 and 11.4 minutes and did not interfere with the peaks of the intact papaverine and phentolamine. No alprostadil peak was observed using this method. Stability of the drug preparation was defined as not less than 90% of each of the initial drug content remaining in the solution.

Results and Discussion

The Trimix injection was a clear, colorless solution when viewed in normal room light, as well as when viewed using a Tyndall beam. The injection at all storage temperatures remained clear and colorless throughout the study with no appearance of precipitation even in the frozen samples when thawed.

The results of the HPLC analysis for each of the test drugs in the Trimix mixture are shown in Tables 3, 4 and 5. The alprostadil proved to be the least stable of the three drugs at room temperature and under refrigeration and was the limiting factor in the utility period of the Trimix at these temperatures. At room temperature near 23°C, alprostadil losses of about 8% and 13% occurred in five and seven days, respectively. Refrigerated at 4°C, alprostadil losses were about 6% in one month and 11% in two months. When frozen at –20°C and –70°C, losses were similar among the three drugs, with no loss exceeding 5% in six months. Storage of samples at –20°C for one month and then subjecting the vials to four freeze/thaw cycles, warming the vials to room temperature each time, resulted in no loss of any of the drugs.

From these data, we propose a beyond-use dating for the Trimix product of six months frozen at –20°C. Storage at the lower temperature of –70°C appears to be unnecessary. For patients receiving multiple vials of Trimix for use over extended periods, the vials should be stored in the freezer and only one at a time should be thawed for expected use. The thawed vial should be stored in the refrigerator and should be discarded 30 days after thawing. If the patient is to receive a limited supply of Trimix, then refrigerated storage for no more than 30 days is recommended. After a vial is warmed to room temperature for use, it should be returned to the refrigerator as soon as possible. If left at room temperature, vials should be discarded after five days.

Compounding of this three-drug formulation using commercial injections pooled into an open sterile container in an aseptic environment and intended for use by multiple patients and/or for multiple occasions qualifies the Trimix preparation as a medium risk level product. Batches of the preparation must pass a USP sterility test in order to utilize this extended beyond-use period. In the absence of passing a sterility test, the Trimix formulation is limited to beyond-use periods of 45 days at –20°C and 7 days at 4°C. If the Trimix injection were to be compounded using nonsterile raw ingredients, it would be at high risk of contamination and subject to more restrictive beyond-use periods in the absence of a sterility test.[4]

Conclusion

The three-drug extemporaneously compounded erectile dysfunction medication nicknamed Trimix is sufficiently stable

Abstract

Trimix is a widely prescribed penile injection for patients with erectile dysfunction and is only available as a compounded medication. The instability of alprostadil, one of the major ingredients of Trimix, has been a limiting factor in its utilization. There are published stability data for Trimix formulations that have been used to establish a beyond-use-date. However, a robust bracketed study that is shown to be reproducible is highly desirable and meaningful. The purpose of this study was to test the reproducibility of a bracketed stability study when the preparations were made by two different entities to provide beyond-use date information of Trimix preparations that cover a wide range of strengths. A validated stability-indicating method was used to compare the stability of a bracketed Trimix - alprostadil 5 µg/mL to 45 µg/mL, papaverine 15 mg/mL to 30 mg/mL, and phentolamine 0.4 mg/mL to 5 mg/mL, and a single-strength preparation containing alprostadil 30 µg/mL, papaverine 30 mg/mL, and phentolamine 2 mg/mL that were compounded and stored following the same methods and conditions, but at two different practice settings. Beyond-use dates of 60 days and 64 days at cold temperature were obtained for the two preparations from two different settings. The consistent results confirmed the reproducibility of the bracketing designs used to determine the beyond-use dates of Trimix. The clinical value of these results stems from the availability of accurate and widely applicable stability data that can be referenced to establish beyond-use dates of a number of Trimix preparations with various strength combinations.

Introduction

Intracavernosal self-injection of Trimix, a three-drug mixture of alprostadil, papaverine, and phentolamine, has gained popularity in patients with erectile dysfunction. The advantages of Trimix over conventional oral phosphodiesterase-5 (PDE5) inhibitors are its fast onset, satisfied efficacy, friendly cost, flexibility to fine-tune the dose, as well as fewer drug-drug interactions or contraindications.[1,2]

Alprostadil, a prostaglandin E_1, is the only U.S. Food and Drug Administration (FDA)-approved drug for penile injection in addition to its indication for patent ductus arteriosus in neonates.[3] Clinical trials have showed higher than an 80% satisfaction rate in both patients and their partners with tolerable side effects when using alprostadil injection.[4] Papaverine relaxes smooth muscle by increasing cyclic adenosine monophosphate and is also used to treat vasospasm. The alpha-adrenergic antagonist phentolamine exerts its function by blocking the vasoconstriction effect of catecholamines.[5] Combination of the three vasodilators is potent in increasing blood flow to the corpora cavernosum and maintaining erection. However, the presence of papaverine and phentolamine accelerates the degradation of alprostadil, which alone is unstable in a physiological solution.[6] Understanding the stability and establishing the appropriate beyond-use-date (BUD) of a Trimix injection is important to ensure its therapeutic effect.

Trimix is only available through extemporaneous compounding, and it can be supplied in various dose combinations.[7] *United States Pharmacopeia (USP)* Chapter <797> is generally utilized to determine the BUD of a Trimix preparation if a validated sta-

bility study for the specific concentration, container, and storage condition is not available. Only a limited number of stability studies can be found to extend the BUD of Trimix.[8-11] A Trimix preparation containing 12.5 µg/mL of alprostadil, 4.5 mg/mL of papaverine, and 0.125 mg/mL of phentolamine in bacteriostatic 0.9% sodium chloride injection has been shown stable for one month when refrigerated,[8] whereas another composition involving 20 µg/mL of alprostadil, 30 mg/mL of papaverine, and 2 mg/mL of phentolamine was only stable for less than 10 days stored at the same condition.[9] The short BUD leads to frequent office visits for patients and frequent refills for compounding pharmacies. Therefore, a validated long-term stability study that covers a broad range of strengths is desired to support extended BUDs of commonly prescribed Trimix formulations.

To assign an accurate BUD, stability studies performed with stability-indicating methods rather than a potency test is required. The traditional time-point potency test simply determines strength of a product at different time points, which often underestimates the degradation of active pharmaceutical ingredients (APIs) over time.[12] A stability-indicating method utilizes forced degradation to validate and to preclude the interference from degradants.[13]

Bracketing is an efficient stability-study design, in which samples on the extremes of strength are tested at predetermined time points and assumes the stability of any intermediate strength is represented by the stability of the extremes.[14] The BUD generated from a stability study incorporating bracketing can be applied to a broader range of formulations. However, the reliability of a bracketed stability study for compounded formulations, determined through the reproducibility of results when prepared at a different site, has not been examined before this study.

In this study, two Trimix formulations representing low and high strengths of a bracket were compounded by Professional Compounding Centers of America (PCCA, Houston, Texas), while a separate Trimix formulation with an intermediate strength was prepared by VLS Pharmacy (New York, New York) (TABLE 1). Both preparations used the materials from the same manufacturers and followed the same protocol for compounding and for storage. The purpose of this study was to test the reproducibility of the BUD generated from a bracketed stability study using preparations compounded independently in different settings, and to provide BUD information that will be applicable to future Trimix preparations that are compounded, stored, and distributed following the same methods and conditions.

Materials and Methods

CHEMICALS

All APIs, including Alprostadil USP (Lot C184568), Papaverine Hydrochloride (HCl) USP (Lot C190091), and Phentolamine Mesylate USP Powder (Lot C190282) were purchased from PCCA. Non-API bacteriostatic water for injection (Lot 89226DK) and water for injection (Lot 690104P) were purchased from Hospira (Lake Forest, Illinois), and mannitol (Lot C187436) and ethyl alcohol (Lot C189214) were obtained from PCCA. The 20-mm sterile amber glass serum vials (Lot #35-2753) were also from PCCA.

FORMULATION PREPARATION

Two strengths of Trimix formulation (alprostadil 5 µg/mL/papaverine 15 mg/mL/phentolamine 0.4 mg/mL, and alprostadil 45 µg/mL/papaverine 30 mg/mL/phentolamine 5 mg/mL) were prepared by PCCA. Another single-strength Trimix (alprostadil 30 µg/mL/papaverine 30 mg/mL/phentolamine 2 mg/mL) was compounded at VLS Pharmacy. For all three preparations, the same compounding and storage protocol was followed. Papaverine was triturated using a glass mortar and pestle to reduce particle size, then dissolved in a beaker containing bacteriostatic water for injection equal to approximately 45% of the final volume. Alprostadil was first dissolved in ethyl alcohol to make a 500-µg/mL stock solution, and then was diluted in water to 100 µg/mL. Alprostadil solution and phentolamine 5-mg/35-mg mannitol trituration were then added to the beaker and mixed until dissolved. The beaker was covered with aluminum foil to protect from light during this process. In the final step, the preparation was filtered through a 0.22-micron filter in an International Conference on Harmonisation (ICH) Class 5 hood using aseptic techniques and was stored in 5-mL amber glass vials at cold temperature (2°C to 8°C) throughout the duration of the stability study.

STABILITY STUDIES

Stability assays on the Trimix preparations from two settings were performed independently following ICH guidelines.[14] The parameters measured in the stability studies included:

- physical properties such as appearance, pH, and particle counts according to *USP* chapters <1163>, <791>, and <788>, respectively;
- chemical properties, which are represented by strength testing;
- microbial properties,

using the methods in *USP* chapters <51> and <71> for sterility or antimicrobial effectiveness;

- assessment of the presence of bacterial endotoxin and container closure integrity (CCI), following the methods in *USP* chapters <85> and <1207>, respectively; and
- quantification of the concentration of phentolamine, papaverine, and alprostadil in the formulations over time by ultra-high-performance liquid chromatography (UPLC) at pre-determined time points using stability-indicating methods that were validated per ICH guidelines.

Standard and Sample Preparation for UPLC

Similar standard and sample preparation procedures were followed in both stability studies. Alprostadil standard stock solution was prepared by dissolving 5 mg of alprostadil in 10 mL of methanol. The stock solution was then diluted to 5 µg/mL in purified water and used as the standard solution. The standard solution for papaverine HCl and phentolamine mesylate had 15 mg of papaverine HCl and 5 mg of phentolamine mesylate combined and dissolved in 100 mL of purified water or methanol. Samples were diluted to target concentrations of 5 µg/mL of alprostadil in water, 150 µg/mL of papaverine HCl, and 50 µg/mL of phentolamine mesylate in water or methanol.

Ultra-high-performance Liquid Chromatography Assay Method

Two different UPLC methods were employed in the bracketed stability study (PCCA) and the single strength stability study (VLS). The methods are presented in **TABLE 2.** The same method was employed to analyze alprostadil, whereas papaverine and phentolamine were analyzed using slightly different conditions (**TABLE 2**).

Validation

The stability-indicating nature of the UPLC methods were demonstrated through forced-degradation studies. The degradation pathways were assessed by subjecting samples to four stress conditions, which included 1) acidic, 2) basic, 3) oxidative, and 4) thermal conditions. In the bracketed study, a Trimix sample at high strength was subjected to a degradation study. The stress conditions for alprostadil degradation included: 1N HCl at room temperature for 1 day; 1N NaOH at room temperature for 1 day; 6% H_2O_2 at room temperature for 1 day; and heated at 40°C for 2 days. The stress conditions for papaverine and phentolamine degradation

included: 1N HCl at 60°C for 1 day (40°C for phentolamine); 1N NaOH at room temperature for 1 day; 6% H_2O_2 at 40°C for 1 day; and heated at 60°C for 1 day. Alprostadil degraded in acid-stressed, base-stressed, and heat-stressed samples. Papaverine and phentolamine both degraded in base-stressed, oxidized, and heat-stressed samples. In the single-strength study, samples were also subjected to acidic, basic, oxidative, and thermal conditions similarly as above. All degradant peaks were resolved from the API peaks. There was no interference from excipients, impurities, or degradants to the API peaks. No purity flag was indicated in all stressed samples. UPLC chromatograms of alprostadil, papaverine, and phentolamine in Trimix are shown in FIGURE 1 and FIGURE 2.

To confirm the methods' abilities to analyze the APIs accurately, precisely, and unequivocally, validations were done by assessing the characteristics of both methods, including their:

- specificity,
- linearity,
- accuracy,
- precision,
- solution stability,
- robustness, and
- system suitability.

The degradation studies described were performed as part of the specificity assessments. The methods were verified to have a linear relationship between the concentration and peak response of the APIs. The measurable ranges of concentration were 2.5 µg/mL to 15 µg/mL, 75 µg/mL to 225 µg/mL, and 25 µg/mL to 75 µg/mL for alprostadil, papaverine, and phentolamine, respectively. Accuracy of the methods was assessed by measuring the recovery of spiked matrices at 50% to 200% of alprostadil target concentration, and at 50% to 150% of papaverine and phentolamine target concentrations. The methods were determined to be precise and repeatable by repeating the analyses on different UPLC systems, on different days, and by different analysts. Solution stability evaluated the stability of standard solutions and sample solutions stored at room temperature for 1 day and concluded that all APIs remained stable. Robustness was a measure to determine the methods' capabilities to remain unaffected by small variations in method parameters. Variations included 3% change in flow rate, 2% change in column temperature, and 2% change in organic mobile-phase content. The robustness results concluded the methods were not susceptible to those variations. System suitability evaluated the integrity of the chromatographic system in performing the analysis. Results from system suitability confirmed the system being adequate for the analyses. Completion of the validations established the accuracy and precision of the methods and demonstrated the methods to be stability indicating.

STATISTICAL ANALYSIS

For each time-point, two (2) x 1-mL aliquots were removed from the container and each sample diluted appropriately as required in either methanol (papaverine and phentolamine) or deionized water (alprostadil) prior to analyses. Each diluted sample was run in duplicate for a total of four replicates. Concentrations of samples for each API were determined by comparison to the corresponding reference standard. All dilution replicates were averaged, and the results reported. The % potency values were determined by comparison of the measured concentrations to the submitted concentration reported on the container label. Changes in % potency vs. time (days) for each Trimix component were evaluated by JMP software version 15.1.0 bivariate linear least-squares regression analysis to obtain the best-fit line of the data points and for determination of the calculated 95% confidence curves. The predicted % potency and 95% mean % potency values for evaluation of the time, in which the 95% confidence curves crossed either the lower or upper specification limits, were also calculated by the JMP software for determination of the predicted BUD endpoints.

Results

STABILITY OF THE BRACKETED TRIMIX FORMULATION

The concentration of alprostadil, papaverine, and phentolamine in the bracketed formulation, stored at cold temperatures of 2°C to 8°C in the 5-mL amber glass serum bottle and protected from light, remained within the recommended specification range of 90% to 110% of label for 60 days, as shown in TABLE 3. At 90 days after preparation, the concentration of papaverine and phentolamine remained above 90%, whereas alprostadil content dropped to 86.8% and 86.4% at the low and high end of bracketing, respectively. The formulations maintained a clear and colorless appearance through the studied period. In addition, *USP* Chapter <51> Antimicrobial Effectiveness Testing was passed on day 90 demonstrating the sustained effectiveness of the preservative. Therefore, day 60 was the last time point at which the formulation met the criteria of strength, appearance, antimicrobial effectiveness, and CCI. According to *USP* guidelines, a BUD of 60 days at cold temperature was assigned to this bracketed Trimix formulation. Trimix of any concentrations at or between the two studied strengths may be assigned the same BUD if it is prepared and stored using the same method and materials.

STABILITY OF THE SINGLE-STRENGTH TRIMIX FORMULATION

A separate Trimix formulation containing alprostadil 30 µg/mL, papaverine 30 mg/mL, and phentolamine 2 mg/mL, which is within the bracketed range, was prepared by VLS Pharmacy following the same procedure as the bracketed study. The concentration of papaverine and phentolamine was maintained around 100% of label without significant changes throughout the study period. Although the alprostadil concentration started to exhibit a trend of decreasing at day 64 but was measured to be higher at Day 77 (100%), it was still above the 90% threshold (TABLE 4). At the 95% confidence level, the predicted potency was 89.58%. By Day 77, no change of appearance was observed. The measured pH of the formulation remained within 3.0 to 4.0.

The preparation maintained sterility, was endotoxin-free, and maintained acceptable CCI during the 64-day period. Additionally, the particulate matter in the injection was determined from Day 0 until Day 77, showing that both the count and size of particles were in the acceptable range throughout the study period (TABLE 5). Taken together, the BUD of the single-strength Trimix was determined to be 64 days based on all physical, chemical, and microbiological testing passing at 64 days. The conclusion is supported by the linear regression analysis showing the predicted stability endpoint is the 95% mean confidence curve endpoint of 75 days for single-strength Trimix formulation and is the minimum time of the three API components to remain within the acceptance range limits of 90.0% to 110.0% (TABLE 6). The 64-day BUD of the single-strength formulation is consistent with the 60-day BUD generated from the bracketed study.

Discussion

The stability of Trimix is limited by the presence of alprostadil. The effective dose of alprostadil ranges from 2.5 µg to 60 µg, depending upon individual titration, whereas in aqueous solution, the lower

concentration is associated with faster degradation into prostaglandin A_1 and prostaglandin B_1.[15] Previous studies have shown that 40 µg/mL of alprostadil in saline packaged and single-dose insulin syringes can be stable in cold temperature for 24 weeks, in contrast with another alprostadil saline solution at 11 µg/mL stored in polyvinyl chloride containers that was only stable for 10 days.[8,16] Commercially available alprostadil products (Caverject and Edex) are dispensed in powder that requires reconstitution immediately before use to avoid instability. Although no degradation has been found for papaverine and phentolamine, presence of the two ingredients significantly accelerates alprostadil deterioration.[8] Despite the negative impact on stability, the combination of all three ingredients is still preferred by many clinicians due to the extended duration of action.[7] This study has provided clinicians more flexibility when prescribing the combination of various strengths by introducing the bracketed formulation with a 60-day BUD, which is the longest reported BUD of Trimix at cold temperature in current literature.

Reliable and reproducible stability studies are necessary to extend the BUDs of a compounded formulation safely beyond the default date established by the *USP*. Appropriately, extended BUDs reduce the cost for both patients and the healthcare system without compromising the therapeutic effectiveness. Current resources that are available to establish the BUD of Trimix are very limited. Each published study is only justified to determine the BUD of its identical formulation. Any discrepancy on strength, excipients, essential compounding steps, or container-closure system could prevent compounders to adapt the BUD from published data. Testing individual formulations using stability-indicating methods is time-consuming, costly, and not feasible for many practice settings. To overcome the issue, the bracketing design has been incorporated into more stability studies to examine only the extremes of strengths over time. The results can represent the stability of any intermediate strengths as long as all other confounding factors are identical, which is also a strategy recommended by the FDA for new drug products in order to reduce costs on stability testing.[14,17]

It is desirable to examine the reproducibility of a bracketed study before safely extrapolating data to assign a BUD to another compounded formulation. Here, we reported that the stability data from a bracketed study of Trimix using validated stability-indicating methods is reproducible at different settings. A single-strength Trimix formulation with an intermediate concentration prepared and stored using identical methods but in an independent setting at a different location was chosen for stability testing. The stability of the single-strength formulation, which was consistent with the bracketed formulation,

validated the BUD data from the bracketing design. Theoretically, bracketing generates the most conservative BUD across the range, whereas any covered formulation is presumed to have equal or superior stability. Therefore, the bracketing data can be safely applied with no further justification. The results of this study showed consistent BUDs from the two independently prepared formulations; hence the reproducibility of bracketing was confirmed.

One limitation of the study is that there was an unavoidable delay in testing the potency of the single-strength formulation at Day 0. Upon receiving the samples, samples were subjected to method development and validation, hence the determination of an initial time point was delayed. Between the receiving of samples and the initial analysis of the strength, unopened samples were kept under cold temperature to minimize the potential degradation in concentration.

The stability of a compounded formulation can also be affected by the quality of the raw materials. Compounding pharmacists have become more aware of this reality, and the starting materials should be carefully evaluated before compounding.[12] Preparations that contain materials other than those described in "Materials and Methods" have not yet been evaluated and may not perform in the same manner, which is also stated in the *USP* and *National Formulary* General Notice 4.10 and *USP* Chapter <1059>.[18,19]

Conclusion

This study proved the reproducibility of the bracketing design used to determine the BUD of Trimix. The clinical value of the results is to provide accurate and widely applicable stability data that can be referenced to safely establish a BUD of a number of Trimix formulations with various strength combinations. A 60-day BUD can be assigned if Trimix is prepared following the recommended methods and stored at a cold temperature between 4°C to 8°C. These data, if applied, will save a significant amount of time and cost for healthcare providers and patients without affecting therapy.

RE: Response to Discussion Item #6

Dear Ms. Patell:

Please accept this letter as Dynamic Rx Labs response to Discussion Item #5. Again, we appreciate your grant of an extension to supply this response.

Discussion Item #6 from our inspection requests:

6. Plan of compliance with BUD restriction within 16 CCR 1751.8 and 16 CCR 1735.2(i)(3)(C), on official letterhead, signed by PIC Phal, current owner – James Axtell and new prospective owners, within 96 hours. (extension granted to 4/22/2021)

Response:

Our plan of compliance related to BUD dating for sterile products compounded for patients located in California shall be to use default BUD dating as described in the current, compendial USP General Chapter <797> which requires the following:

Risk Level	Controlled Room Temp	Cold Temperature	Frozen
Immediate Use	1 hour from start of compounding	NA	NA
Low – Segregated Compounding Area	12 hours or less from compounding	NA	NA
Low	48 hours	14 days	45 days
Medium	30 hours	9 days	45 days
High	24 hours	3 days	45 days

When extending BUD dating beyond the default dating described in the chart above, we will comply with the USP <797> and California rules (specifically 16 CCR 1751.8 and 16 CCR 1735.2(i)(3)(C)). California allows a pharmacy to extend BUD dating if there is a valid stability test performed by the pharmacy using a scientifically valid stability-indicating method, a third-party laboratory using a stability indicating method, or a published third-party study such as the studies included in this response.[1]

For example, attached are two Peer Reviewed studies on the stability of "Trimix" compounds that provide stability data for refrigerated compounded "Trimix" for 30-60 days

[1] USP 797 recommends but does not require testing to include a stability-indicating method.

RE: Response to Discussion Item #6

Dear Ms. Patell:

Thank you for taking the time to inspect Dynamic Rx Labs. We are currently working on the discussion points you raised. We appreciate your grant of a 72-hour extension to supply a response for Discussion Item #5.

Discussion Item #6 from our inspection requests:

6. Plan of compliance with compounding restrictions in CCR 1735.2(d)(3) for alprostadil inj, on official letterhead, signed by PIC Phal, current Owner – James Axtell and new prospective Owners, within 96 hours (from 4/15/21)

Response:

Our plan of compliance with compounding restrictions in CCR 1735.2 (d)(3) for alprostadil inj is to immediately stop dispensing alprostadil inj 40mcg/ml as CSPs. We will work with prescribers and clinics to transition patients to the commercial product. Going forward, we will closely monitor our formulary for developments in commercially available products and use such products where available. When we compound alprostadil inj in non-commercially available versions, we will require prescribers to provide documentation of the clinical need for the compounded version for each individual patient.

Sincerely,

Rizalynne Phal PIC 4-19-21

and frozen compounded "Trimix" for 6 months. *See* Appendix A. The results of this 2004 stability study were revalidated in 2021 by a bracketing study. *See* Appendix B.

As you know, a bracketing study is performed to test the extremes of API concentration in a formulation. A bracketing study is particularly valuable when compounding formulations that often involve patient-specific prescriptions that use varying concentrations of APIs. The bracketing study establishes the stability of high concentration strengths and low concentration strengths to see if concentration of API in a compound has any effect on stability.

We call your attention to the bracketing study published in 2021 that reviewed the stability of bracketed Trimix and a single strength preparation of Trimix that concluded BUDs of 60 days and 64 days at refrigerated temperature. We believe these studies, combined with our previously completed potency over time and USP <71> sterility studies, comply with the stability study requirement required by California in 16 CCR 1735.2(l)(3)(c) and supports our BUD of up to 60 days at refrigerated temperature.

We appreciate this opportunity to review and analyze this matter. Please let us know if you have any questions.

Sincerely,

Angelique Williams RIG

Inspector Remarks:

Due to the COVID-19 Public Health Emergency, this inspection was performed remotely with data supplied by the facility. The information was reviewed by the inspector and conversations with the pharmacist-in-charge or pharmacy contact occurred as appropriate.

Outpatient closed door compounding pharmacy shipping patient specific high risk CSPs, like testosterone/anastrozole, trimix, BiMix, alprostadil, to California- between 3/24/2020 and 3/24/2021, 2412 orders were shipped to CA, most to patient's home address, some to provider clinic, due to storage needs. Inspection conducted with PIC Rizalynne Phal, TCH Steven Ponce, current owner James Axtell and regulatory consultant, Quan Pho.

Compounding self-assessments available- PIC Phal educated on completing the 2018 draft version of Compounding self-assessment, containing regulations effective 1/1/2017, in light of non-compliances observed. List of CSPs, changes to facility in last 12 months for USP 800 compliance received. Non-compliances from 2/13/2020 inspection reviewed and the pharmacy's responses to them, reviewed with PIC Phal as follows:

* Pharmacy now uses TexQ and Citrus as their germicidal detergent.
*Competencies for high risk compounding are within 6 months.
* Dynamic certification and sampling with 2 person occupancy available.
* Equipment's autoclave cycles tracked. PIC educated on logging particulars of each autoclave cycle.
* Incubator temperature monitored after hours via an app on the phone. Record retention discussed w/PIC, based on logs being provided as records of temperatures.

ADRs: none. No recall notices either, per PIC.

Waivers: none being utilized.

ORDER OF CORRECTION

Date: 4/15/2021 Permit #: NRP1957

Time of Day: 10:47 AM

Name as shown on permit: **DYNAMIC RX LABS**

Address: 923 POWELL AVE SW #150 City: RENTON

Please be advised it appears there is a failure to comply with the following laws governing the practice of pharmacy, and/or the rules and regulations of the Board of Pharmacy:

1. CCR 1751.7(b)(1)	Sterile Compounding Quality Assurance and Process Validation. The pharmacy and each individual involved in the compounding of sterile drug preparations must successfully demonstrate competency on aseptic technique and aseptic area practices before being allowed to prepare sterile drug preparations. The validation process shall be carried out in the same manner as normal production, except that an appropriate microbiological growth medium is used in place of the actual product used during sterile preparation. The validation process shall be representative of the types of manipulations, products and batch sizes the individual is expected to prepare and include a media-fill test. The validation process shall be as complicated as the most complex manipulations performed by staff and contain the same amount or greater amount of volume transferred during the compounding process. The same personnel, procedures, equipment, and materials must be used in the testing. Media used must have demonstrated the ability to support and promote growth. Completed medium samples must be incubated in a manner consistent with the manufacturer's recommendations. If microbial growth is detected, then each individual's sterile preparation process must be evaluated, corrective action taken and documented, and the validation process repeated. In that, the pharmacy is performing media fill validation with 15 vials, which is less than the amount of volume transferred during the compounding process for testosterone/anastrozole inj, which has batch sizes between 6000-8000 ml.
2. CCR 1735.2(l)(3)(	Compounding Limitations and Requirements; Self-Assessment . Every compounded drug preparation shall be given a beyond use date representing the date or date and time beyond which the compounded drug preparation should not be used, stored, transported or administered, and determined based on the professional judgment of the pharmacist performing or supervising the compounding. For sterile compounded drug preparations, extension of a beyond use date is only allowable when supported by the following: Stability Studies In that, the pharmacy is assigning an extended BUD of 180 days at room temperature, to testosterone/anastrozole 200mg/1mg/ml inj, without conducting stability studies to support the extension from 24 hours to 180 days.

3. CCR 1735.2(d)(3) Compounding Limitations and Requirements; Self-Assessment. No pharmacy or pharmacist shall compound a drug preparation that: Is a copy or essentially a copy of one or more commercially available drug products, unless that drug product appears on an ASHP (American Society of Health-System Pharmacists) or FDA list of drugs that are in short supply at the time of compounding and at the time of dispense, and the compounding of that drug preparation is justified by a specific, documented medical need made known to the pharmacist prior to compounding. The pharmacy shall retain a copy of the documentation of the shortage and the specific medical need in the pharmacy records for three years from the date of receipt of the ocumentation.

In that, the pharmacy compounded and dispensed alprostadil 40mcg inj, which is commercially available, and was unable to provide documentation of shortage at the time of compounding and at the time of dispensing. Additionally, the pharmacy dispensed alprostadil 150mcg inj without documenting a credible, patient specific medical need, made known to the pharmacist, prior to compounding.

We will use these BUDs to compound and dispense our ICI formulations to CA patients. The ICIs made for CA patients will be single use vials, which will be immediately stored in the freezer after compounding is complete. I have attached a new QA form specifically for this process.
Patients will be instructed with the new storage requirements, which will include directions that after a vial is removed from frozen temperatures it must be used within 72 hours when kept refrigerated, or within 24 hours at room temperature.

I also take this opportunity to reiterate our plan NOT to dispense Testosterone/Anastrozole injectable oil to California patients at this time, which I included in an earlier email communication. ICIs and Testosterone/Anastrozole inj. comprise all of our current sterile compounded products. In the future we will not add sterile compounded products with BUDs extended beyond USP 797 to our formulary for California patients until testing has been completed to make those products compliant under applicable California regulations.

You mentioned that you have not reviewed everything I submitted from 4/29, but I trust that you will provide any remaining feedback with enough notice for us to respond if required. To date, I hope you have found our responses to be timely in an effort to expediently address your questions and requests in order to timely renew or non-resident sterile compounding pharmacy license. As was discussed on the call, the July 1st license expiration date is fast approaching, and we appreciate your continued efforts to resolve the outstanding issues and bring this inspection and renewal process to a timely conclusion.

RE: Response to 5/21/2021 call items

Dear Inspector Patell,

Based on our phone conversation addressing the items you brought to our attention, I have outlined our response or plan to each item.

1. I have signed the letter from 4/19/21 originally sent by PIC Phal, agreeing that Dynamic has discontinued compounding Alprostadil 40 mcg/ml. You should have received an email from Steve on 5/21 with the scanned copy of my additional signature on the original letter.

2. Media Fill - CA 1751.7b1 "the samples" equals ALL or 100% of media fill samples required to be incubated.
Response - We will comply with this for all CSPs that are compounded for and dispensed to CA patients. Since this does not currently include Testosterone/Anastrozole in oil, then that batch becomes not applicable to CA regulations. I am revising the policy and procedure and media fill form accordingly. All personnel that compound ICIs will complete the appropriate aqueous CSP media fill at the largest aqueous batch size we make (20 vials – constrained by the maximum volume capacity of the syringe filter) with all samples incubated. In the future when we add sterile products to the CA patient formulary, that we compound using a more complicated process or in a larger batch size, we will revise this policy as needed. I will send you the revised policy and documentation form and a completed test for one technician and one pharmacist by 5/28/2021.

3. We will move forward with only using commercially purchased pre-sterilized and depyrogenated glass vials for all CSPs that are compounded for and dispensed to CA patients. I have attached a copy of the description of the specific item we have procured and documentation of this has been added to the new QA form addressed in item 4 below.

4. BUD and stability studies – the two published studies we submitted used active ingredients supplied by a different manufacturer than what Dynamic uses, and therefore the data cannot be extrapolated to cover our formulations.
Until such a time as we have CA compliant testing complete for BUD extension, we will use the current USP 797 BUDs for the CSPs that are compounded for and dispensed to CA patients.

This requirement was NOT met as evidenced by: With the assistance of Pharmacist #1 the training and competency documentation was reviewed. There was no documentation, however, of the documentation and ongoing competencies regarding the training and ongoing competencies regarding cleaning and disinfection procedures. <USP> 797 states "Compounding personnel and other personnel responsible for cleaning shall be visually observed during the process of performing cleaning and disinfecting procedures, during initial personnel training on cleaning procedures, during changes in cleaning staff, and at the completion of any media-fill test procedure. The visual observation shall be documented using a form such as the ... And maintained to provide a permanent record and long-term assessment of personnel competency." Failure to properly provide documentation of both initial and on-going competencies for person performing cleaning of the classified spaces may result in in subsequent harm.	
USC0230 Hazardous Drug Personnel Understand Risk RCW 18.64.270(2) Any medicinal products that are compounded for patient administration or distribution to a licensed practitioner for patient use or administration shall, at a minimum, meet the standards of the official United States pharmacopeia as it applies to nonsterile products and sterile administered products. USP Chapter 797 HAZARDOUS DRUGS AS CSPS - Compounding personnel of reproductive capability shall confirm in writing that they understand the risks of handling hazardous drugs.	This requirement was NOT met as evidenced by: In review of documents with the assistance of pharmacist #1, it was determined, and verified by pharmacist #1 that no documentation of the form confirming the understanding of the risks was signed for any persons within this facility. Failure to properly execute or maintain required documentation may result in subsequent harm.

USP Chapter 797 ENVIRONMENTAL QUALITY AND CONTROL - Facility Design and Environmental Controls - If ceilings consist of inlaid panels, the panels shall be impregnated with a polymer to render them impervious and hydrophobic, and they shall be caulked around each perimeter to seal them to the support frame.	This requirement was NOT met as evidenced by: With the assistance of pharmacist #1 and technician #1 the following observation was made: In each of the controlled environmental spaces the ceiling panels were caulked to the frame, *except for* 1 panel adjoining each of the HEPA filters, which was not caulked. Failure to properly execute or maintain facilities in a proper manner can result in possible contamination and subsequent patient harm.	
A093c Self Inspection WAC 246-869-190(1)(b) (1) Self-inspections. Effective March 1, 2018, the responsible manager, or designee, is required to conduct an annual self-inspection of the pharmacy on the responsible manager self-inspection worksheet(s) provided by the commission. The self-inspection must be completed within the month of March each year. (b) When a change in responsible manager occurs, the new responsible manager, or designee, shall conduct a self-inspection on the responsible manager self-inspection worksheet(s). The new responsible manager must sign and date the self-inspection worksheet(s) within thirty days of becoming responsible manager, and maintain completed worksheets for two years from the date of completion.	This requirement was NOT met as evidenced by: In reviewing documentation provided by pharmacist #1, it was determined that the general pharmacy self-inspection, and the sterile compounding self-inspection had been completed as required. However the self-inspection for the non-sterile compounding portion of the practice had not been completed. Failure to properly execute or maintain a required self-inspection document may result in failure to maintain the related areas of pharmacy practice in the required manner, and may result in patient harm.

Introduction
We require that you submit a plan of correction for each deficiency listed on the inspection report form. Your plan of correction must be submitted to the DOH within fourteen calendar days of receipt of the list of deficiencies.

You are required to respond to the Inspection Report with Noted Deficiencies by submitting a plan of correction (POC). Be sure to refer to the deficiency number. If you include exhibits, identify them and refer to them as such in your POC.

Descriptive Content
Your plan of correction must provide a step-by-step description of the methods to correct each deficient practice to prevent recurrence and provide information that ensures the intent of the regulation is met.

An acceptable plan of correction must contain the following elements:

- The plan of correcting the specific deficiency;
- The procedure for implementing the acceptable plan of correction for the specific deficiency cited;

- The monitoring procedure to ensure that the plan of correction is effective and that specific deficiency cited remains corrected and/or in compliance with the regulatory requirements;
- The title of the person responsible for implementing the acceptable plan of correction.

Simply stating that a deficiency has been "corrected" is not acceptable. If a deficiency has already been corrected, the plan of correction must include the following:

- How the deficiency was corrected,
- The completion date (date the correction was accomplished),
- How the plan of correction will prevent possible recurrence of the deficiency.

Completion Dates
The POC must include a completion date that is realistic and coinciding with the amount of time your facility will need to correct the deficiency. Direct care issues must be corrected immediately and monitored appropriately. Some deficiencies may require a staged plan to accomplish total correction. Deficiencies that require bids, remodeling, replacement of equipment, etc., may need more time to accomplish correction; the target completion date, however, should be within a reasonable and mutually agreeable time-frame.

Continued Monitoring
Each plan of correction must indicate the appropriate person, either by position or title, who will be responsible for monitoring the correction of the deficiency to prevent recurrence.

Disputing Deficiencies:
You may dispute a deficient finding(s) detailed in your Inspection Report. This can be done by raising specific objections to the Commission in writing within 14 days of receiving your Inspection Report. You will receive a letter within 14 days of that objection, stating the Commission reviewed your objections, the Commission's determination on those objections, and next steps for your pharmacy to take.

Disputing POC Inadequacy:
You may dispute the finding that your POC was inadequate. This can be done by raising specific objections in writing to the Commission within 14 days of receiving your non-approval letter. You will receive a letter within 14 days of that objection, stating the Commission reviewed your objections, the Commission's determination on those objections, and next steps for your pharmacy to take.

Checklist:

- Before submitting your plan of correction, please use the checklist below to prevent delays.
- Have you provided a plan of correction for each deficiency listed?
- Does each plan of correction show a completion date of when the deficiency will be corrected?
- Is each plan descriptive as to how the correction will be accomplished?
- Have you indicated what staff position will monitor the correction of each deficiency?
- If you included any attachments, have they been identified with the corresponding deficiency number or identified with the page number to which they are associated?

Your plan of correction will be returned to you for proper completion if not filled out according to these guidelines.

Note: Failure to submit an acceptable plan of correction may result in enforcement action against the pharmacy.

Approval of POC
Your submitted POC will be reviewed for adequacy by DOH. If your POC does not adequately address the deficiencies in your inspection report you will be sent a letter detailing why your POC was not accepted.

You may dispute the finding of inadequacy or you must submit a 2nd POC. If your 2nd POC is also found to be inadequate, the Commission may choose an enforcement action.

Questions?
Please review the cited regulation first. If you need clarification, or have questions about deficiencies you must contact the pharmacist investigator who conducted the onsite inspection, or you may contact the supervising pharmacist investigator.

I was arrested for criminal mischief and spent the night in jail. I was ordered to pay restitution for the cost of the window and was put on probation for one year. A sixty-day jail sentence was suspended by the judge.

In the twenty-five years since, I have not been arrested nor had any incidents with law enforcement. I have learned from those mistakes I made while in college. After reflecting on those decisions, I decided to focus on school and internship at a retail pharmacy. I graduated, earned my license to practice, and have been practicing pharmacy in Ohio for 23 years.

At 48 years old, I now split my time between family and career. I am married with two children. Selfish, reckless decisions are no longer part of my life. I hope you view this as sincere and consider my application to represent Soleo Health as the Pharmacist in Charge.

I see that James listed "yes" to Has a member of your family or of your spouse's family ever been convicted a felony?
However, no explanation of events/charges were listed or explained.

Are you able to provide? When received, our Deputy and Executive Secretary would need to review to determine if you need to appear in front of the Board.

Darlene,

I've already notarized the older form. Is it ok to provide that?

Hello Landon,

Can you actually have them fill this one out?
The one that you provided is the Personal History record that you can fill out. However, this is an older version.

Since they don't want to fill out the family portion, the new application may help. Please see attached.

Designated Representative Application

Rev (04/22/2021)

An application for a license, or a licensee with a license, to conduct a pharmacy or to operate as a wholesaler shall designate at least one natural person to serve as the representative of the pharmacy or wholesaler. The Board will not issue or renew a license of an applicant or licensee that is required to designate a representative of a pharmacy or wholesaler unless the Board determines that the designated natural person meets the following qualifications per NAC 639.5005 (Pharmacy) or NAC 639.5935 (Wholesaler):

1. Is at least 21 years of age;
2. Has been employed for at least 6,000 hours in a pharmacy or with a wholesaler in a capacity related to the dispensing and distribution of, and recordkeeping related to, prescription drugs.

The designated representative of a pharmacy or a wholesaler:

1. Must be actively involved in and aware of the actual daily operations of the pharmacy or wholesaler;
2. Must be employed full-time in a managerial level position with the pharmacy or wholesaler;
3. Must be physically present at site of the pharmacy or at the facility of the wholesaler during regular business hours, except when the absence of the representative is authorized, including sick leaves, vacation leaves and other authorized absences; and
4. May serve in this representative capacity for only one pharmacy or wholesaler at a time

A pharmacy or wholesaler that is required to designate a natural person as its representative shall not open or operate the pharmacy or wholesaler unless that representative is actually employed full-time in the operation of the pharmacy or wholesaler and is physically present at the site of the pharmacy or wholesaler during regular working hours, not including sick leave, vacation leave and other authorized absences from work. If the natural person designated as the representative of a pharmacy leaves the employ of the pharmacy or wholesaler, thus leaving the pharmacy or wholesaler without a representative in violation of this section, the pharmacy or wholesaler shall:

1. Immediately cease conducting business until another qualified natural person is approved by the Board to serve as the representative of the pharmacy or wholesaler; and
2. Not later than 48 hours after that person leaves its employ, notify the Board that the person designated as the representative of the pharmacy or wholesaler has left the employ of the pharmacy or wholesaler.

Before a pharmacy or wholesaler, that is in violation of NAC 639.5005 (Pharmacy) or NAC 639.5935 (Wholesaler) because the natural person designated as the representative of the pharmacy or wholesaler left the employ of the pharmacy or wholesaler, may continue conducting business:

1. The pharmacy or wholesaler must designate, on a form provided by the Board, a new natural person to serve as the representative of the pharmacy; and
2. The Board must approve the natural person so designated.

NOTICE OF VIOLATION

Dear Mr. Anderson ;

The Board has reviewed information received from an reinstatement application for Atrium Medical Corporation, 40 Continental Blvd., Merrimack, N.H. 03054 , license #5935 that Atrium Medical Corporation has shipped prescription products in New Hampshire on numerous occasions from July 1st, 2018 to July 22nd, 2019 without a valid license. New Hampshire- law (RSA 318:51-a (I)) requires all wholesaler/manufacturer/distributors shipping in New Hampshire to be licensed by the New Hampshire Board of Pharmacy. This constitutes a violation of RSA 318:51-a (I) and New Hampshire Administrative Code Ph 1001.01 (a).

Under RSA 318:29 and RSA 318:55, the Board may impose civil penalties "not to exceed $5,000 per violation upon any person who willfully or repeatedly violates any provision of this chapter." It appears that by engaging in the conduct described above, you may have

violated RSA 318:51-a(I) and Ph 1001.01(a) by delivering prescription drugs into the state without a license from July 1st, 2018 to July 22nd, 2019.

The Board sees fit to use its discretion to propose an administrative fine of **$24,000.00 ($2,000.00 for each month you were not licensed)** for violation of RSA 318:51-a(I) and Ph 1001.01(a) **with $12,000.00 suspended providing no additional violations in next two years.**

You have the following two options upon receipt of this Notice. First, you can waive the right to a hearing and pay the proposed fine. If you choose to do so, please pay $12,000.00 within thirty (30) days of receipt of this Notice and remit payment to Treasurer, State of New Hampshire. Second, you may request a hearing on the matter. If you do so, your request for a hearing must be received within 30 days of receipt of this Notice. The Board will thereafter schedule a hearing on the matter.

If you have any questions, please don't hesitate to contact this office at (603)-271-2350.

SPECIFIED FACILITIES

5. Except as provided in paragraphs 6 and 11, Defendants and each and all of their directors, officers, agents, representatives, employees, successors, assigns, and attorneys, and any and all persons in active concert or participation with any of them, who have received actual notice of this Decree by personal service or otherwise (collectively "Associated Person(s)"), are permanently enjoined under 21 U.S.C. § 332(a) from manufacturing, processing, packing, labeling, and distributing any device, including components parts, accessories, and in-process and finished devices, (hereinafter collectively referred to as "devices") at or from the Specified Facilities unless and until, for each Specified Facility:

A. Defendants' facilities, methods, processes, and controls used to manufacture, process, pack, label, hold, and distribute devices at or from the Specified Facility are established, operated, and administered in conformity with 21 U.S.C. §§ 351(h) and 352(t)(2) (hereinafter collectively referred to as "the Act"), and the QS, CR, and MDR regulations. Specifically, Defendants shall take the following actions, among others:

i. Establish and maintain procedures to control Defendants' devices' designs in order to ensure that specified design requirements are met;

DocuSign Envelope ID: 0FF12DAC-D75C-4E6A-8D29-CFE52ADF9A4F

ii. Ensure that all devices meet the requirements for design development and planning, design input, design output, design review, design verification, design validation, design change, design transfer, and design history file;

iii. Conduct design evaluations of all marketed devices to ensure that current designs have been properly validated and transferred into appropriate product specifications;

iv. Validate processes whose results cannot be fully verified by subsequent inspection and testing;

v. Develop, conduct, control, and monitor production processes to ensure that devices conform to their specifications;

vi. Establish and implement adequate written procedures to control devices that do not conform to specified requirements;

vii. Establish and maintain adequate written procedures for corrective and preventive actions ("CAPAs") and for documenting those activities;

viii. Maintain accurate and complete complaint files and establish and implement adequate written procedures for receiving, reviewing, and evaluating complaints; and

ix. Develop and implement adequate written MDR procedures in compliance with 21 C.F.R. Part 803, including, but not limited to, adequate procedures for management review, and ensure that employees are trained on, understand, and properly implement the MDR requirements and procedures;

B. Defendants retain, at Corporate Defendants' expense, an independent person(s) (the "expert") to inspect the Specified Facilities and review their manufacturing procedures and records to determine whether the methods, facilities, and controls are operated

DocuSign Envelope ID: 0FF12DAC-D75C-4E6A-8D29-CFE52ADF9A4F

and currently administered in conformity with this Decree, the Act, and the QS, CR, and MDR regulations. The expert shall be qualified by education, training, and experience to conduct such inspections, and shall be without personal or financial ties (other than the retention agreement) to Defendants or their families. Defendants shall notify FDA in writing of the identity of the expert and the expert's qualifications within fifteen (15) days after retaining such expert. The expert shall:

i. Perform a comprehensive inspection of the methods, processes, and controls used to manufacture devices at each Specified Facility and determine whether each is in compliance with this Decree, the Act, and the QS, CR, and MDR regulations; in conducting this inspection, the expert shall review all deviations at each Specified Facility brought to Defendants' attention in writing by FDA since October 2009 (including, but not limited to, all Forms FDA-483 issued to Defendants since October 2009), by the expert, or by any other source. The expert is permitted to conduct separate inspections for designated categories of the Specified Facilities' devices so long as each inspection includes an evaluation of all of the methods and controls necessary for compliance with the QS regulation for that designated category of devices. If the expert decides to conduct separate inspections for designated categories of the Specified Facilities' devices, Defendants shall submit to FDA a written statement delineating the designated categories of devices. For purposes of complying with this paragraph, Defendants may not include more than a total of five (5) designated categories of devices;

ii. Within thirty (30) days after completing any inspection under paragraph 5.B.i, the expert shall submit simultaneously to FDA and Defendants a complete written report of the inspection, which shall include, but not necessarily be limited to:

DocuSign Envelope ID: 0FF12DAC-D75C-4E6A-8D29-CFE52ADF9A4F

a. Identifying in detail which methods, processes, controls, and FDA observations the expert reviewed and the expert's evaluation as to whether each such method, process, and control is now operated in compliance with this Decree, the Act, and the QS, CR, and MDR regulations, and, if applicable, listing any observed deviations from compliance with this Decree, the Act, and the QS, CR, and MDR regulations;

b. Identifying whether each observation listed on a Form FDA-483 issued at the Specified Facility since October 2009 has been corrected.

iii. Notwithstanding the foregoing, if, at any time before the completion of the expert's inspection(s), Defendants notify FDA in writing that all manufacturing operations have ceased at a Specified Facility or that all manufacturing operations with respect to one or more designated categories of the Specified Facilities' devices have ceased at a Specified Facility, any requirement that the expert inspect the methods, facilities, processes, equipment, and controls used to manufacture all or any such designated categories of devices at such Specified Facility shall cease. If, at any time before the completion of the expert's inspection(s), Defendants notify FDA in writing that manufacturing operations for any designated category of devices have been transferred from one Specified Facility to another Specified Facility, the expert must thereafter inspect the methods, facilities, processes, equipment, and controls used to manufacture any such designated category of devices at the transferee Specified Facility; and

C. Within thirty (30) days after receiving the expert's inspection report(s) under paragraph 5.B.ii , Defendants shall submit a written report ("work plan") to FDA detailing the specific actions Defendants have taken and/or will take at the Specified Facility to address the expert's observations and bring the Specified Facility's methods, facilities, processes, and

DocuSign Envelope ID: 0FF12DAC-D75C-4E6A-8D29-CFE52ADF9A4F

controls used to manufacture, process, pack, hold, and distribute devices into compliance with the requirements of this Decree, the Act, and the QS, CR, and MDR regulations. The specific actions in the work plan shall be set forth in numbered steps and, where appropriate, the numbered steps may include subordinate lettered steps. The work plan shall include a timetable to be approved by FDA, and FDA will approve or disapprove in writing the proposed work plan within thirty (30) days after receiving the proposed work plan. If the expert conducts separate inspections for designated categories of the Specified Facilities' devices, the Defendants are permitted to submit one addendum per designated category of devices, so long as the work plan and each addendum together detail the specific actions Defendants have taken and/or will take at a Specified Facility to address the expert's observations and bring the methods, facilities, processes, and controls used to manufacture, process, pack, hold, and distribute a designated category of devices into compliance with this Decree, the Act, and the QS, CR, and MDR regulations. In the event that Defendants notify FDA in writing that all manufacturing operations for a designated category of devices have ceased at a Specified Facility, any requirement in the work plan related to such Specified Facility shall cease with regard to such devices. In the event that Defendants notify FDA in writing that manufacturing operations for any designated category of devices have been transferred from one Specified Facility to another Specified Facility, any requirement in the work plan related to the transferor Specified Facility will be deemed to apply to the transferee Specified Facility; and

D. As the actions detailed in the work plan are completed at each Specified Facility, Defendants shall notify the expert in writing, who shall promptly inspect and verify whether those actions have been completed in a manner that complies with the requirements of this Decree, the Act, and the QS, CR, and MDR regulations to the expert's satisfaction and in

DocuSign Envelope ID: 0FF12DAC-D75C-4E6A-8D29-CFE52ADF9A4F

accordance with the work plan timetable approved by FDA. The expert is permitted to conduct separate inspections for designated categories of the Specified Facilities' devices so long as each inspection includes an evaluation of all of the methods and controls necessary for compliance with the QS regulation for the designated category of devices. If the expert determines that an action has not been completed to his or her satisfaction, the expert shall promptly notify Defendants and FDA in writing. Beginning thirty (30) days after approval of the work plan by FDA, and quarterly thereafter until submission of a certification set forth in paragraph 5.E, the expert shall submit to FDA a table that summarizes the expert's findings regarding whether the actions have been completed to the expert's satisfaction and in accordance with the numbered steps in the work plan timetable. FDA may, in its discretion and without prior notice, periodically inspect any and all Specified Facilities and undertake such additional examinations, reviews, and analyses as FDA deems appropriate to verify whether the actions reported to have been completed have, in fact, been completed adequately and on time. In the event that FDA determines that an action that has been reported to be completed is inadequate, FDA will notify Defendants in writing, and Defendants shall take appropriate action in accordance with a timetable that is subject to approval by FDA;

E. When the expert determines that all of the actions identified in the work plan approved by FDA have been completed to his or her satisfaction, the expert shall provide Defendants and FDA with a written certification that all of the actions have been completed and that, based on the inspection(s) conducted under paragraph 5 and on the satisfactory completion of the actions in the work plan identified under paragraph 5.C, Defendants' methods, facilities, processes, and controls used to manufacture, process, pack, hold, and distribute devices are in conformity with the requirements of this Decree, the Act, and the QS, CR, and MDR regulations.

DocuSign Envelope ID: 0FF12DAC-D75C-4E6A-8D29-CFE52ADF9A4F

The expert's certification shall include a detailed report of the results of the expert's inspection(s). The expert may provide FDA with a separate certification under this paragraph for each Specified Facility. If the expert conducts separate inspections for designated categories of the Specified Facilities' devices, the expert is permitted to submit a separate certification and certification report for each designated category of devices so long as each certification and accompanying report contains all of the information required by this provision for the designated category of devices. In the event the Defendants have notified FDA in writing that all manufacturing operations with regard to a designated category of devices have ceased at a Specified Facility, the expert need not certify as to the completion of work plan actions or as to compliance with this Decree, the Act, and the QS, CR, and MDR regulations that relate to such devices at the Specified Facility. In the event the Defendants have notified FDA in writing that manufacturing operations for any designated category of devices have been transferred from one Specified Facility to another Specified Facility, the expert must certify as to the completion of work plan actions or as to the compliance with this Decree, the Act, and the QS, CR, and MDR regulations that relate to such devices at the transferee Specified Facility;

F. In addition to paragraph 17 and FDA's authority to conduct inspections under 21 U.S.C. § 374, within sixty (60) days after FDA receives a certification described in paragraph 5.E, FDA, as it deems necessary, may inspect any or all of the applicable Specified Facilities to evaluate Defendants' compliance with this Decree, the Act, and its implementing regulations;

G. Corporate Defendants pay all costs of inspections, supervision, and review for FDA oversight with respect to paragraph 5; and

DocuSign Envelope ID: 0FF12DAC-D75C-4E6A-8D29-CFE52ADF9A4F

H. FDA notifies Defendants in writing that Defendants appear to be in compliance with the requirements set forth in paragraphs 5.A-G. If FDA conducts an inspection or reinspection pursuant to paragraph 5.F, and finds that the manufacturing, processing, packing, holding, and distribution of devices at and/or from a Specified Facility appear to be in conformity with this Decree, the Act, and the QS, CR, and MDR regulations, this notice will be issued within sixty (60) days after completion of the inspection. If FDA does not conduct an inspection or re-inspection pursuant to paragraph 5.F, this notice will be issued within sixty (60) days after receipt of the expert's certification under paragraph 5.E. If the expert has provided a certification and certification report limited to designated categories of the Specified Facilities' devices or a particular Specified Facility pursuant to paragraph 5.E, then FDA may issue the notification under this paragraph to authorize resumption of manufacturing processing, packing, holding, labeling and/or distribution limited to designated categories of devices or to one or more of the Specified Facilities.

6. A. Notwithstanding paragraph 5, Defendants and all Associated Persons may continue manufacturing, processing, holding, packing, labeling and distributing at or from the Specified Facilities:

i. Medically necessary devices, as defined in paragraph 4.D to customers who have received the Notification Guide described in paragraph 4.F and have submitted a signed CMN to Corporate Defendants, provided that Defendants maintain a record of all sales and distribution of medically necessary devices, including shipping documents and the following information regarding the devices distributed: the name, model number, and lot numbers for the medically necessary devices, the names of the consignees to whom they are shipped, and the

DocuSign Envelope ID: 0FF12DAC-D75C-4E6A-8D29-CFE52ADF9A4F

number of devices shipped. Defendants shall make the records described in this paragraph available to FDA immediately upon request. Within ninety (90) days after entry of this Decree, and quarterly thereafter, Defendants shall submit to FDA a summary of the medically necessary devices distributed, which shall include: the names of the medically necessary devices shipped, the names of the consignees to whom they were shipped, and the total number of devices shipped.

ii. Devices for use in product demonstrations, workshops, and laboratories, provided that the subject devices are labeled "For In-Office/In-Facility Demonstration Use Only - Not for Sale";

iii. Devices solely for the purpose of conducting clinical trials in accordance with 21 C.F.R. Part 812, provided that Defendants comply with all applicable laws and regulations relating to the manufacture and distribution of investigational devices;

iv. Devices, including warranty replacements, that both FDA and Defendants agree in writing are necessary to distribute and sell to fulfill contracts and agreements with foreign governments;

v. Devices to testing laboratories solely for the purpose of developing, testing, verifying, or validating design changes or modifications in accordance with 21 C.F.R. Part 820 or comparable international standards; and

vi. Devices that are necessary for the sole purpose of preparing or supporting a premarket approval application (PMA), premarket notification (510k), or supplement thereto, but such products may not be distributed without prior written authorization from FDA.

B. Corporate Defendants shall pay the United States Treasury the amount of six million dollars ($6,000,000.00) in equitable disgorgement, to be paid within twenty-eight (28)

DocuSign Envelope ID: 0FF12DAC-D75C-4E6A-8D29-CFE52ADF9A4F

days after entry of this Decree (hereinafter "initial payment"). Six (6) months after the date of the initial payment, Corporate Defendants shall pay the United States Treasury an additional amount of six million dollars ($6,000,000.00) in equitable disgorgement, unless by that date Defendants have received FDA authorization to resume, with regard to all medically necessary devices, all operations at the Specified Facilities as set forth in paragraph 5.H and/or Defendants have transferred all manufacturing, processing, packing, holding, and distribution of all medically necessary devices at and/or from the Specified Facilities to another manufacturing site owned or controlled by Corporate Defendants (hereinafter "new site(s)").

7. Within thirty (30) days after receiving the written notification in paragraph 5.H for a Specified Facility, Defendants shall select and retain at Corporate Defendants' expense an independent person(s) (the "specified facility auditor") to conduct audit inspections of the Specified Facility not less than once every six (6) months for a period of one (1) year, after which the specified facility auditor shall conduct audit inspections annually for an additional period of four (4) years. The specified facility auditor shall be qualified by education, training, and experience to conduct such inspections, and shall be without personal or financial ties (other than the retention agreement) to Defendants or their families, except that the specified facility auditor may be the same person(s) as the expert described in paragraph 5.B and/or the additional facility auditor described in paragraph 9.

A. At the conclusion of each audit inspection at each such facility, the specified facility auditor shall prepare a written audit report ("audit report") analyzing whether Defendants are in compliance with this Decree, the Act, and the QS, CR, and MDR regulations, and identifying all deviations from this Decree, the Act, and the QS, CR, and MDR regulations ("audit report observations"). As part of every audit report, except the first audit report, the

DocuSign Envelope ID: 0FF12DAC-D75C-4E6A-8D29-CFE52ADF9A4F

specified facility auditor shall assess the adequacy of corrective actions taken by Defendants to correct all previous audit report observations. The audit report shall be delivered contemporaneously to Defendants and FDA no later than thirty (30) days after the date an audit inspection is completed.

B. If an audit report contains any audit report observations, Defendants shall, within thirty (30) days after receipt of the audit report, correct those observations, unless FDA notifies Defendants that a shorter time period is necessary. If, after receiving an audit report, Defendants believe that correction of any audit report observations will take longer than thirty (30) days, Defendants shall, within ten (10) business days after receipt of the audit report, propose a schedule for completing corrections ("correction schedule"). The correction schedule shall be reviewed and approved by FDA in writing prior to implementation. Defendants shall complete all corrections according to the approved correction schedule. Within thirty (30) days after being notified that Defendants have taken actions to correct audit report observations, the auditor shall review the actions taken by Defendants to correct the audit report observations. Within fifteen (15) business days after completion of such a review, the specified facility auditor shall report in writing to FDA and to the Defendants whether each of the audit report observations has been corrected.

8. Not less than three months before Defendants transfer any manufacturing operations from any of the Specified Facilities to any new site that Defendants own or control, Defendants shall submit to FDA a written transfer plan. However, in the event Defendants notified FDA before the date of entry of this Decree of a planned transfer of manufacturing operations from any Specified Facility(ies) to any new site(s), Defendants shall submit to FDA a written transfer plan within thirty (30) business days from the date of entry of this Decree. Any

DocuSign Envelope ID: 0FF12DAC-D75C-4E6A-8D29-CFE52ADF9A4F

such new site, if not already an Additional Facility, as described in paragraph 4.B, shall thereafter be fully subject to the provisions of this Decree without further action by the parties or this Court, as though it were listed as an Additional Facility in paragraph 4.B, but only to the extent that manufacturing operations have been transferred from a Specified Facility to that new site.

ADDITIONAL FACILITIES

9. Within ninety (90) days after entry of this Decree, Defendants shall select and retain at Corporate Defendants' expense an independent person(s) (the "additional facilities auditor") to conduct audit inspections of each of the Additional Facilities not less than once every twelve (12) months for a period of four (4) years from the date of entry of this Decree, for a total of not less than four audit inspections. The auditor shall be qualified by education, training, and experience to conduct such inspections, and shall be without personal or financial ties (other than the retention agreement) to Defendants or their families, except that the auditor may be the same person(s) as the expert described in paragraph 5.B and/or the specified facilities auditor described in paragraph 7. The requirements in paragraphs 7.A and B shall apply to all audit inspections conducted under this paragraph.

ADDITIONAL INJUNCTION PROVISION

10. Upon entry of this Decree and except as provided for in paragraphs 6 and 11, Defendants and each and all Associated Persons shall, with regard to any device manufactured at any of the Specified or Additional Facilities, be permanently enjoined from directly or indirectly doing or causing to be done any act that:

A. Violates 21 U.S.C. § 331(a) by doing or causing the introduction, and delivery for introduction, into interstate commerce of any device, as defined by 21 U.S.C.

§ 321(h), that is adulterated within the meaning of 21 U.S.C. § 351(h), or misbranded within the meaning of 21 U.S.C. § 352(t)(2);

B. Violates 21 U.S.C. § 331(k) by doing or causing any act that results in the adulteration, within the meaning of 21 U.S.C. § 351(h), or misbranding, within the meaning of 21 U.S.C. § 352(t)(2), of any device, as defined by 21 U.S.C. § 321(h), while such device is held for sale after the shipment of one or more of its components in interstate commerce; and/or

C. Violates 21 U.S.C. § 331(e) by doing or causing the failure to maintain and/or submit reports respecting devices, as defined by 21 U.S.C. § 321(h), as required by 21 U.S.C. § 360i.

EXCLUSIONS

11. The prohibitions set forth in paragraphs 5 and 10 or in any order issued under paragraphs 13 or 14 shall not apply to any device manufactured, processed, packaged, labeled, held for sale, or introduced into interstate commerce solely for export from the United States, provided that the applicable requirements of 21 U.S.C. §§ 381(e) and/or 382 have been satisfied with respect to such device. Independent of their right to export other devices, Defendants may export any medically necessary device to support their International Distributors, provided that:

(A) Defendants ask their International Distributors to ask their International End-Users to execute a signed CMN;

(B) Defendants exercise their best efforts to ask their International Distributors to confirm that the person signing the CMN form has read the form and is who s/he purports to be;

(C) Defendants document these efforts and provide to FDA, on a quarterly basis for two years, a summary of these efforts; and

DocuSign Envelope ID: 0FF12DAC-D75C-4E6A-8D29-CFE52ADF9A4F

(D) Defendants maintain records evidencing compliance with this subparagraph for two years.

ADDITIONAL PROVISIONS

12. Defendants shall establish and document management control over quality policy, as defined in 21 C.F.R. § 820.3(u), at the Specified and Additional Facilities for all devices intended for introduction into interstate commerce, to ensure continuous compliance with this Decree, the Act, and the QS, CR, and MDR regulations. Corporate Defendants shall vest responsibility for all quality system functions, as defined in 21 C.F.R. § 820.3(v), in the Specified and Additional Facilities, in an individual who shall be authorized and responsible for all quality system functions at the Specified and Additional Facilities, including establishing, implementing, and maintaining a comprehensive written quality program, to ensure Defendants' continuous compliance with this Decree, the Act, and the QS, CR, and MDR regulations. Within ninety (90) days after entry of this Decree, Defendants shall provide to FDA an affidavit of compliance stating the fact and manner of compliance with this paragraph.

13. If, at any time after this Decree has been entered, FDA determines, on the basis of the results of an inspection, the analyses of samples, a report or data prepared or submitted by Defendants or an expert or auditor under this Decree, or any other information, that Defendants have failed to comply with any provision of this Decree, or have violated the Act, the QS, CR, or MDR regulations at any of the Specified or Additional Facilities, or that additional corrective actions are necessary to achieve compliance with this Decree, the Act, and the QS, CR, and MDR regulations at any of the Specified or Additional Facilities, FDA may, as and when it deems necessary, order Defendants in writing, specifying the noncompliance(s) giving rise to the order, to take appropriate action, including, but not limited to, the following:

DocuSign Envelope ID: 0FF12DAC-D75C-4E6A-8D29-CFE52ADF9A4F

A. Cease manufacturing, processing, packing, labeling, holding, or distributing any or all devices at any Specified or Additional Facility that was involved in the failure to comply;

B. Recall at Corporate Defendants' expense, adulterated or misbranded devices manufactured, distributed, and/or sold by Defendants from any Specified or Additional Facility, and/or that are under the custody and control of Defendants' U.S. agents, distributors, or customers;

C. Revise, modify, expand, or continue to submit any reports or plans described in this Decree;

D. Submit additional reports or information relating to any Specified or Additional Facility, to FDA as requested;

E. Issue a safety alert, public health advisory, and/or press release;

F. Take any other corrective actions relating to any Specified or Additional Facility as FDA, in its discretion, deems necessary to bring Defendants into compliance with this Decree, the Act, or the QS, CR, or MDR regulations.

These remedies shall be separate and apart from, and in addition to, any other remedy available to the United States under this Decree or the law. The cost of FDA inspections, sampling, testing, travel time, and subsistence expenses to implement these remedies shall be borne by Corporate Defendants at the rates specified in paragraph 18. However, nothing in this paragraph authorizes FDA to take any action with regard to products that are not manufactured, processed, packed, labeled or distributed in the United States.

14. If FDA inspects any facilities owned and/or operated by Corporate Defendants and/or their subsidiaries and/or affiliates, other than the Specified and Additional Facilities, and

DocuSign Envelope ID: 0FF12DAC-D75C-4E6A-8D29-CFE52ADF9A4F

finds violations of the Act or the QS, CR, or MDR regulations, FDA may, without further action by the parties or this Court, order that such facility or facilities shall thereafter be fully subject to the provisions of this Decree as though it or they were listed as an Additional Facility or Additional Facilities in paragraph 4.B when the Decree was entered, and FDA, with respect to such facility or facilities, may thereafter, based on subsequent violations, order Defendants to take any or all of the actions described in paragraph 13.

15. Upon receipt of any order issued by FDA pursuant to this Decree, the following procedures shall apply:

A. Unless a different time frame is specified by FDA in its order, Defendants shall, within ten (10) business days after receiving such order, notify FDA in writing that:

i. Defendants are undertaking or have undertaken corrective action, in which event Defendants shall describe the specific action(s) taken or proposed to be taken and the proposed schedule for completing the action(s); or

ii. Defendants do not agree with FDA's order, including a written explanation of the basis for their disagreement; in doing so, Defendants may propose specific alternative actions and specific time frames for achieving FDA's objectives.

B. If Defendants notify FDA that they do not agree with FDA's order, FDA will review Defendants' notification and thereafter, in writing, affirm, modify, or withdraw its order, as FDA deems appropriate. If FDA affirms or modifies its order, it will explain the basis for its decision in writing. The written notice of affirmation or modification shall constitute final agency action.

C. If FDA affirms or modifies its order, Defendants shall, upon receipt of FDA's notice of affirmation or modification, immediately implement the order (as modified, if

DocuSign Envelope ID: 0FF12DAC-D75C-4E6A-8D29-CFE52ADF9A4F

applicable), and, if they so choose, bring the matter before this Court on an expedited basis. Defendants shall continue to diligently implement FDA's order, as modified if applicable, unless the Court sets aside, stays, reverses, vacates, or modifies FDA's order. Any review of FDA's order under this paragraph shall be made in accordance with the terms set forth in paragraph 27.

D. The procedures set forth in paragraphs 15A-C shall not apply to any order issued under paragraph 13 if such order states that it is based on FDA's judgment that the matter raises significant public health concerns, and FDA's judgment and basis for such decision are stated in the order. In such case, Defendants shall immediately and fully comply with the terms of that order. If they so choose, Defendants may bring the matter before this Court on an expedited basis. Defendants shall continue to diligently implement FDA's order, unless the Court sets aside, stays, reverses, vacates, or modifies FDA's order. Any review of FDA's order under this paragraph shall be made in accordance with the terms set forth in paragraph 27.

16. Any cessation of operations or other actions described in paragraph 13 shall continue until Defendants receive written notification from FDA that Defendants appear to be in compliance with this Decree, the Act, and the QS, CR, and MDR regulations, and that Defendants may, therefore, resume operations. After receiving Defendants' written request to resume operations, FDA will determine whether it needs to inspect any of Defendants' facilities to determine Defendants' compliance with this Decree, the Act, and the QS, CR, and MDR regulations. If FDA determines that an inspection is necessary, it shall conduct the inspection and determine whether Defendants appear to be in compliance with this Decree, the Act, and the QS, CR, and MDR regulations and, if so, FDA will issue to Defendants a written notification permitting resumption of operations. With regard to U.S. facilities, FDA will decide within forty-five (45) days after receipt of the request whether Defendants appear to be in compliance

DocuSign Envelope ID: 0FF12DAC-D75C-4E6A-8D29-CFE52ADF9A4F

and, if so, issue to Defendants a written notification permitting resumption of actions described in paragraph 13. With regard to facilities located outside of the United States, FDA will, as soon as reasonably practicable, act on the request whether Defendants appear to be in compliance and, if so, issue to Defendants a written notification permitting resumption of actions described in paragraph 13.

17. Representatives of FDA shall be permitted, without prior notice and as and when FDA deems necessary, to make inspections of any of the Specified or Additional Facilities, collect samples, and, without prior notice, take any other measures necessary to monitor and ensure continuing compliance with the terms of this Decree, the Act, and the QS, CR, and MDR regulations. During such inspections, FDA representatives shall be permitted ready access to the Specified and Additional Facilities including, but not limited to, all buildings, equipment, finished and unfinished materials and products, containers and packaging materials, and labeling; to take photographs and make video recordings; to take samples (without charge to FDA) of Defendants' finished and unfinished materials and products, containers and packaging materials, and labeling; and to examine and copy all records relating to the manufacture, processing, packing, labeling, receiving, holding, installing, and distribution of any and all devices in order to ensure continuing compliance with this Decree, the Act, and the QS, CR, and MDR regulations. FDA will provide Defendants with a receipt for any samples taken pursuant to 21 U.S.C. § 374 and with copies of any photographs and video recordings made, upon a written request by Defendants and at Corporate Defendants' expense. The inspections shall be permitted upon presentation of a copy of this Decree and appropriate credentials. The inspection authority granted by this Decree is separate from, and in addition to, the authority to conduct inspections under the Act, 21 U.S.C. § 374.

DocuSign Envelope ID: 0FF12DAC-D75C-4E6A-8D29-CFE52ADF9A4F

18. Corporate Defendants shall reimburse FDA for the costs of all FDA inspections, investigations, supervision, analyses, examinations, and reviews that FDA deems necessary to evaluate Defendants' compliance with any part of this Decree at the standard rates prevailing at the time the costs are incurred. As of the date of entry of this Decree, these rates are: $88.45 per hour or fraction thereof per representative for inspection and investigative work; $106.03 per hour or fraction thereof per representative for analytical or review work; $0.56 per mile for travel expenses by automobile; government rate or the equivalent for travel by air or other means; and the published government per diem rate for subsistence expenses where necessary. FDA shall submit a reasonably detailed bill of costs to Corporate Defendants. In the event that the standard rates applicable to FDA supervision of court-ordered compliance are modified, these rates shall be increased or decreased without further order of the Court.

19. Within ten (10) business days after entry of this Decree, Defendants shall post a copy of this Decree in a common area at each of the Specified and Additional Facilities and shall ensure that the Decree remains posted for as long as the Decree remains in effect.

20. Within ten (10) business days after the entry of this Decree, Defendants shall provide a copy of this Decree, by electronic means, personal service, or registered mail, to each and all Associated Persons. Within thirty (30) days after entry of this Decree, Defendants shall provide to FDA an affidavit of compliance stating the fact and manner of compliance with this paragraph and identifying the names, addresses, and positions of all Associated Persons located in the U.S. who have received a copy of this Decree.

21. In addition to the requirements in paragraph 8, Defendants shall notify FDA at least ten (10) business days before any change in ownership or character of their business, such as dissolution, assignment, bankruptcy, or sale resulting in emergence of a successor corporation,

DocuSign Envelope ID: 0FF12DAC-D75C-4E6A-8D29-CFE52ADF9A4F

the creation or dissolution of subsidiaries, or any other change in the corporate structure of any Corporate Defendant, or the sale or assignment of any business assets, such as buildings, equipment, or inventory, that, in each case, may affect compliance with this Decree. Defendants shall provide a copy of this Decree to any proposed successor or assignee at least thirty (30) business days prior to making any assignment or transferring any interest in the company as described in this paragraph. Defendants shall furnish FDA with an affidavit of compliance with this paragraph no later than ten (10) business days prior to such assignment or change in ownership.

22. In the event that any of the Defendants becomes associated with any additional Associated Person(s) at any time after entry of this Decree, Defendants shall within ten (10) business days of the commencement of such association provide a copy of this Decree, by electronic mail, personal service, or certified mail (restricted delivery, return receipt requested), to such Associated Person(s). Every six (6) months, if during that time Defendants become associated with any such additional Associated Person(s), Defendants shall provide to FDA an affidavit stating the fact and manner of their compliance with this paragraph, identifying the names, addresses, and positions of all Associated Person(s) who received a copy of this Decree pursuant to this paragraph. Within ten (10) business days after receiving a request from FDA for any information or documentation that FDA deems necessary to evaluate Defendants' compliance with this paragraph, Defendants shall provide such information or documentation to FDA.

23. In the event Defendants replace any third-party expert or auditor required under this Decree, Defendants shall notify FDA in writing of the successor to such third-party expert or auditor and Defendants' reasons for replacing the expert or auditor within ten (10) business days

after such replacement. In satisfying the requirements of this Decree, any third-party expert or auditor may review the previous expert's or auditor's work, and refer to such work to satisfy the requirements of the Decree; however, when such work is referenced by the new expert or auditor, s/he shall identify the specific prior work referenced.

24. Unless otherwise specified, all notifications, certifications, reports, correspondence, and other communications to FDA required by the terms of this Decree shall be addressed to the Director, FDA New England District Office, One Montvale Avenue, Stoneham, MA 02180. All notifications, correspondence, and communications required to be sent to Defendants or Corporate Defendants by the terms of the Decree shall be addressed to the General Counsel's Office, Maquet/Atrium Shared Legal Group, 1300 MacArthur Boulevard, Mahwah, NJ 07430.

25. Should Defendants fail to comply with any provision of this Decree, including any time frame imposed by this Decree, at any Specified or Additional Facility, then Corporate Defendants shall pay to the United States of America: fifteen thousand dollars ($15,000) in liquidated damages for each day such violation continues; an additional sum of fifteen thousand dollars ($15,000) in liquidated damages per day, per violation for each violation of the Act, its implementing regulations, and/or this Decree. In addition, should Defendants distribute from any Specified or Additional Facility after entry of this Decree any device that violates this Decree, the Act, or its implementing regulations, Corporate Defendants shall, in addition to the foregoing, also pay to the United States as liquidated damages a sum equal to two times the retail value of such devices. The amount of liquidated damages imposed under this paragraph shall not exceed ten million dollars ($10,000,000) in any one calendar year. The parties acknowledge that any payments to the government under any provision of this Decree are not a fine, penalty,

DocuSign Envelope ID: 0FF12DAC-D75C-4E6A-8D29-CFE52ADF9A4F

forfeiture, or payment in lieu thereof. The remedy in this paragraph shall be in addition to any other remedies available to the United States under this Decree or the law.

26. Should the United States bring and prevail in a contempt action to enforce the terms of this Decree, Corporate Defendants shall, in addition to other remedies, reimburse the United States for its attorneys' fees (including overhead), investigational and analytical expenses, expert witness fees, and court costs relating to such contempt proceedings.

27. Defendants shall abide by the decisions of FDA, and FDA's decisions shall be final. All decisions conferred upon FDA in this Decree shall be vested in FDA's discretion and, if contested, shall be reviewed by this Court under the arbitrary and capricious standard set forth in 5 U.S.C. § 706(2)(A). Review by the Court of any FDA decision rendered pursuant to this Decree shall be based exclusively on the written record before FDA at the time the decision was made. No discovery shall be taken by either party.

28. The parties may at any time petition each other in writing to modify any deadline provided herein; and, if the parties mutually agree in writing to modify a deadline, such modification may be granted without seeking leave of Court.

29. If any deadline in this Decree falls on a weekend or federal holiday, the deadline shall be continued to the next business day.

30. If, and for as long as, an individual Defendant ceases to be employed by or to act on behalf of Corporate Defendants or any of their subsidiaries, franchises, affiliates and/or "doing business as" entities (the "Corporate Defendant Entities"), then, without further order of the Court, that individual Defendant shall not be subject to the terms of this Decree but shall continue to be liable for such individual Defendant's act(s) or failure(s) to act under this Decree prior to the time such individual ceased to be employed by or to act on behalf of all of the

DocuSign Envelope ID: 0FF12DAC-D75C-4E6A-8D29-CFE52ADF9A4F

Corporate Defendant Entities. An individual Defendant shall notify FDA within thirty days after said Defendant ceases to be employed by or to act on behalf of all of the Corporate Defendant Entities. Once an individual Defendant ceases to be employed or otherwise act for all of the Corporate Defendant Entities, Corporate Defendants shall petition the Court to formally remove that individual Defendant's name from the caption of this Decree and the United States will not oppose such a motion, so long as FDA has sufficient evidence or information that the individual Defendant to be removed is no longer directly or indirectly working for or with, or in any way influencing, Corporate Defendant Entities. If Defendant Gail Christie's responsibilities are materially reduced, or the position of Corporate Chief Quality Assurance/Regulatory Affairs and Compliance Officer is eliminated, Corporate Defendants shall petition the Court to substitute for her as an individual Defendant either her successor as Corporate Chief Quality Assurance/Regulatory Affairs and Compliance Officer or the individual vested with responsibility for all quality system functions, as described in paragraph 12 ("Christie Substitute Defendant"). The United States will not oppose such a motion, so long as FDA has sufficient evidence or information that the Christie Substitute Defendant is vested with responsibility for all quality system functions, as described in paragraph 12. If removing an individual Defendant would result in no individual Defendant being subject to this Decree, Corporate Defendants shall designate an individual of similar position and responsibility to be substituted as an individual Defendant ("Substitute Individual Defendant"). Corporate Defendants shall petition the Court to add the Substitute Individual Defendant to the Decree and the United States will not oppose such a motion so long as FDA has sufficient evidence or information regarding the Substitute Individual Defendant's position and responsibilities. The obligations under this Decree of each individual named herein and any Substitute Defendant shall apply only to the extent of his or her

DocuSign Envelope ID: 0FF12DAC-D75C-4E6A-8D29-CFE52ADF9A4F

authority, responsibilities, and conduct within Maquet Holding B.V. & Co. KG and/or the Corporate Defendant Entities.

31. This Court retains jurisdiction over this action and the parties thereto for the purpose of enforcing and modifying this Decree and for the purpose of granting such additional relief as may be necessary or appropriate.

IT IS SO ORDERED.

Baxter Healthcare Corporation Disclosures

The corporate owner of the applicant facility is Baxter Healthcare Corporation. Accordingly, as part of this application we have provided disclosures pertaining to state disciplinary actions and charges against Baxter Healthcare Corporation, as well as the specific individuals listed on the application. We cannot answer application questions with respect to all owners and shareholders, given that Baxter Healthcare Corporation is a subsidiary of Baxter International Inc., a publicly traded company listed on the New York Stock Exchange. We also cannot answer with respect to all Baxter Healthcare Corporation employees given the scope of Baxter's US operations.

FDA-related information regarding specific Baxter Healthcare Corporation facilities (e.g., inspection history and enforcement actions) can be found on the FDA website.

State Disciplinary Actions

Georgia, Wholesaler Pharmacy License # PHWH001754, 2017

In January 2017, Baxter Healthcare Corporation (Baxter) agreed to resolve claims with the U.S. Department of Justice related to quality and manufacturing practices at Baxter's manufacturing facility in Marion, North Carolina in 2011-2012. Specifically, the government charged that between July 2011 and November 2012, Baxter did not follow cGMP requirements under the Federal Food, Drug, and Cosmetic Act (FDCA) when manufacturing certain large volume intravenous (IV) solutions. Briefly, a Baxter employee reported to plant personnel the presence of mold on HEPA filters installed in the ceiling, and Baxter continued to manufacture IV solutions while those filters remained in place. There was no evidence of any impact on the IV solutions. Copies of the settlement documents, which include a deferred prosecution agreement to resolve a single misdemeanor count of noncompliance with the FDCA, are available on the U.S. Department of Justice's website at https://www.justice.gov/opa/pr/baxter-healthcare-corporation-pay-more-18-million-resolve-criminal-and-civil-liability. The deferred prosecution agreement expired in July 2019, and the misdemeanor charge was dismissed with prejudice.

Baxter disclosed this issue on a renewal application for a Georgia wholesale license for its Marion, NC facility, and in October 2017, the state of Georgia issued a disciplinary order against that license (PHWH001754) based on the disclosure.

The Ohio Board of Pharmacy opened an investigation (case no. A-2018-0037) into this matter, but dismissed the case in November 2019 without taking any action. The Missouri Board of Pharmacy similarly opened and closed an investigation without taking disciplinary action, but issued a non-disciplinary letter of warning in August 2020 to Baxter that will remain a part of Baxter's licensing file.

Please note that this issue is unrelated to Baxter's pharmacy or wholesale activities.

Iowa, Nonresident Pharmacy License # 4127, 2014

The Iowa Board of Pharmacy (the "Iowa Board") issued a Stipulation for Baxter's Omaha, Nebraska pharmacy due to improperly delegating final verification of prescriptions for peritoneal dialysis solutions to a pharmacy technician. The Omaha

facility is licensed in Nebraska under a Delegated Dispensing Permit, and utilized multiple quality checks, including retrospective pharmacist review, to ensure proper dispensing of peritoneal dialysis products to patients. Upon request by the Iowa Board, Baxter promptly modified its operations to ensure pharmacist verification of all orders. Baxter has signed the Stipulation and paid the required fine.

Montana, License #2152, 2010

The Montana Board of Pharmacy (the "Montana Board") issued a Stipulation for violations stemming from the failure of Baxter to notify the Montana Board in the requisite time frame of a change in the designated Person-in-Charge for the Waukegan, IL facility. Baxter has signed the Stipulation and paid the required fine.

Alabama, License #191639, 2009

The Alabama Board of Pharmacy found the Buford, GA facility was in violation of Code of Alabama (1975) Section 34-23-32. The facility continued distribution operations during the time between the valid license expired and when the expired license was renewed. Baxter Healthcare renewed the license, signed a Consent Order and paid the applicable fine.

Florida, Non-Resident Drug Manufacturer Permit No.: 26:4672, 2009

The Florida Department of Health (the "Florida Department") alleged that Baxter (Memphis, TN) sold prescription drugs to an unpermitted facility in Florida in violation of Section 499.005(15), F.S. Specifically, the Florida Department alleged that Baxter sold prescription drugs to Invivo at an unpermitted location. Baxter entered into a settlement agreement, whereby it neither admitted nor denied the allegations, and paid a fine.

Louisiana, License #3691, 2008

Louisiana Board of Wholesale Drug Distributors conducted a routine inspection of the facility operated by Baxter's third party logistics provider. Inspectors concluded Baxter (Round Lake, IL) violated Louisiana Administrative Code 46:XCI.311.D, which requires a licensee to maintain copies of current licenses for its customers who are authorized to obtain and possess legend drugs and devices. Baxter obtained customer licenses, signed a Consent Order, and paid the applicable fine.

Missouri, License #2005002668, 2005

The Missouri Board of Pharmacy (the "Missouri Board") issued a restricted drug distributor license to the facility located in Memphis, TN. The Missouri Board determined the facility violated Section 338.333.1 and 338.337.1 RSMo because the facility shipped legend drugs and/or medical devices into the state without being properly licensed. The proper license was obtained. The probationary period was successfully completed on October 21, 2007 and the restriction on the license was removed.

Ohio, Various Licenses (#010026050, 020830400, 010349000, 010010900), 1995

Baxter historically distributed home dialysis drugs to end-stage renal disease patients in their homes under a wholesale distributor model. The Ohio Board of Pharmacy (the

"Ohio Board") maintained that terminal drug distributor licensure was required. The Ohio Board granted terminal drug distributor licenses, imposed a probationary period (which have since long expired), and imposed monetary penalties on Baxter. Only one of the licenses (02083044) remains active.

Other Actions: Dismissed Charge of Drug Law Violation

In January 2017, Baxter Healthcare Corporation (Baxter) agreed to resolve claims with the U.S. Department of Justice related to quality and manufacturing practices at Baxter's manufacturing facility in Marion, North Carolina in 2011-2012. Specifically, the government charged that between July 2011 and November 2012, Baxter did not follow cGMP requirements under the Federal Food, Drug, and Cosmetic Act (FDCA) when manufacturing certain large volume intravenous (IV) solutions. Briefly, a Baxter employee reported to plant personnel the presence of mold on HEPA filters installed in the ceiling, and Baxter continued to manufacture IV solutions while those filters remained in place. There was no evidence of any impact on the IV solutions. Copies of the settlement documents, which include a deferred prosecution agreement to resolve a single misdemeanor count of noncompliance with the FDCA, are available on the U.S. Department of Justice's website at https://www.justice.gov/opa/pr/baxter-healthcare-corporation-pay-more-18-million-resolve-criminal-and-civil-liability. The deferred prosecution agreement expired in July 2019, and the misdemeanor charge was dismissed with prejudice.

Please note that this issue is unrelated to Baxter's pharmacy or wholesale activities.

RE: The Hilsinger Company
Wholesale Distributor WH02122
Notice of Disciplinary Action

To Whom It May Concern:

On June 30, 2020, The Hilsinger Company received a fully-executed Consent Order from the Alabama State Board of Pharmacy requiring the payment of an administrative fine (the "Consent Order"). The Consent Order resolves the same allegations that were the subject of the Massachusetts Board of Pharmacy Consent Agreement we previously disclosed to you in January 2020. Specifically the past distribution of prescription drugs into Indiana and North Dakota without possessing the requisite out of state wholesale distributor licenses from those jurisdictions and the failure to notify the Massachusetts Board of Pharmacy within seven business days of the Alabama State Board of Pharmacy's discipline against The Hilsinger Company's Alabama wholesale distributor license in July 2019. All these issues have been fully resolved with Massachusetts but the reciprocal nature of the Alabama law triggered an additional fine for the same alleged conduct. To avoid the uncertainty and expense of protracted negotiation or a full board hearing, The Hilsinger Company voluntarily entered into this Consent Order and has paid the fine. Consequently, our licenses in Alabama was and remains in good standing.

We would like to assure you that The Hilsinger Company has implemented several corrective and preventive actions to prevent the distribution of prescription drugs into Indiana and North Dakota. Among other things, The Hilsinger Company has implemented processes and automated systems that prevent the shipment of prescription drugs into these states, actively monitors orders and shipments, and re-directs orders received from these states to appropriately licensed entities.

Please find a copy of the fully executed Consent Order attached.

If you need any additional information, please contact Joseph Vitulli at ProjectOptic@LicenseLogix.com.

CONSENT AGREEMENT FOR REPRIMAND

The Massachusetts Board of Registration in Registrant ("Board") and the Hilsinger Company ("Registrant"), a wholesale distributor registered by the Board, permit number WD450 ("Permit"), do hereby stipulate and agree that the following information shall be entered into and become a permanent part of the Registrant's record maintained by the Board:

1. The Registrant acknowledges that the Board opened a complaint against its Permit related to the conduct set forth in Paragraph 2, identified as docket number PHA-2019-0102 ("Complaint").

2. The Board and the Registrant acknowledge and agree to the following:

   a. Registrant distributed prescription drugs into Indiana and North Dakota without possessing the requisite out-of-state wholesale distributor licenses from those respective jurisdictions in violation of 247 CMR 10.03(1)(b); and

   b. Registrant failed to notify the Board within seven business days of the Alabama State Board of Pharmacy's discipline against its Alabama wholesale distributor permit no. 195009 in violation of 247 CMR 10.03(1)(z).

3. The Registrant acknowledges that the foregoing facts warrant disciplinary action by the Board under M.G.L. c. 112, §§ 42A and 61 and under 247 CMR 10.03(1)(b) and (v).

4. The Registrant agrees that the Board shall impose a REPRIMAND on its Permit based on the facts admitted in Paragraph 2, effective as of the date on which the Board signs this Agreement ("Effective Date").

The Board may forward a copy of this Agreement to other licensing boards, law enforcement entities, and other individuals or entities as required or permitted by law.

9. The Registrant understands and agrees that entering into this Agreement is a voluntary and final act and not subject to reconsideration, appeal or judicial review.

10. The individual signing this Agreement certifies that he/she is authorized to enter into this Agreement on behalf of the Registrant, and that he/she has read this Agreement.

RE: The Hilsinger Company
Wholesale Distributor WH02122
Notice of Disciplinary Action

To Whom It May Concern:

On June 30, 2020, The Hilsinger Company received a fully-executed Consent Order from the Alabama State Board of Pharmacy requiring the payment of an administrative fine (the "Consent Order"). The Consent Order resolves the same allegations that were the subject of the Massachusetts Board of Pharmacy Consent Agreement we previously disclosed to you in January 2020. Specifically the past distribution of prescription drugs into Indiana and North Dakota without possessing the requisite out of state wholesale distributor licenses from those jurisdictions and the failure to notify the Massachusetts Board of Pharmacy within seven business days of the Alabama State Board of Pharmacy's discipline against The Hilsinger Company's Alabama wholesale distributor license in July 2019. All these issues have been fully resolved with Massachusetts but the reciprocal nature of the Alabama law triggered an additional fine for the same alleged conduct. To avoid the uncertainty and expense of protracted negotiation or a full board hearing, The Hilsinger Company voluntarily entered into this Consent Order and has paid the fine. Consequently, our licenses in Alabama was and remains in good standing.

We would like to assure you that The Hilsinger Company has implemented several corrective and preventive actions to prevent the distribution of prescription drugs into Indiana and North Dakota. Among other things, The Hilsinger Company has implemented processes and automated systems that prevent the shipment of prescription drugs into these states, actively monitors orders and shipments, and re-directs orders received from these states to appropriately licensed entities.

Please find a copy of the fully executed Consent Order attached.

Hi Mr Wuest,

Please see attached the Application for Remote work as a Pharmacist.

My employer for now is OptumRx Nevada, but I want to keep open the chance for collaboration with Aspen in the future if possible.
Let me know if anything else is needed.

What is the best way to update my employer with the Boards of Pharmacy of Nevada in the future?

Thank you for all your help.

Anja Palazova

Hi Mr Wuest,

Despite the fact that my full time employer is OptumRx located in Las Vegas, Nevada and I am not currently working for Aspen RX Health, located in Tampa, Florida, I would still like to submit an application required for pharmacists to engage in pharmacy practice at sites other than licensed pharmacies, due to possible future professional engagement with this company.

Per NAC 639.403, section 1, I should submit an application on a form prescribed by the Board. Can you please provide me with one or refer me to where I can find the required form.

Thank you for your response and time.

To Whom It May Concern,

I am writing this letter to request an appearance before the board to ask for permission to retake the NAPLEX in Nevada. I am a foreign pharmacy graduate who has passed the TOEFL, FPGEE and MPJE. However, I was unable to pass the NAPLEX after five attempts. I would like to present my case before the board; therefore, I am asking your good office for guidance and consideration.

I have wanted to become a pharmacist since high school. Before migrating to the States in 2006, I had been planning to get a university degree in pharmacy. After the sudden move, I attended a career college in Sparks for a Diploma Program to be a pharmacy technician. This made my passion for the field grow even stronger that I decided to continue my studies in the Philippines to pursue being a pharmacist in 2010. After earning a degree in BS Clinical Pharmacy, I came back to Sparks and passed the FPGEE, TOEFL, and MPJE between 2016-2020. I started taking the NAPLEX in 2019 and was disappointed to fail it five times.

During that period up until present time, I have been working as a pharmacy technician, honing my skills, and gaining experience in the field. I believe I have what it takes to be a pharmacist given my current knowledge and skillset. Being granted an audience to the board may give me the opportunity to take this exam a final time.

Thank you for taking the time to consider my request. Please contact me by email or phone should you have any questions.

Respectfully,

To Whom It May Concern,

I'm writing to you requesting an appearance before the Board to ask permission to retake the NAPLEX.

I have been informed by the National Association of Boards of Pharmacy that permission to take the NAPLEX exam after the allotted 5 remains under the purview of the Board of Pharmacy of the state the test is to be applied.

I am employed by a company that is requiring me to obtain a license to work in Nevada. I am currently licensed in California and was previously licensed in Nevada from 1988 to 1990 but I allowed it to lapse.

I would greatly appreciate being given the opportunity to re-take the NAPLEX in Nevada. Thank you for your consideration and I await your reply.

Sincerely,

I am writing to you today to explain my case and hope for consideration to take the NAPLEX one more time. As you are reading this, you are probably wondering if it is actually worth your time to make this consideration. Let me give you a bit of background to my situation. I originally come from Ethiopia and have come to the states for my education and freedom of religion. I have been successful, by my hard work as well as the grace of God, to have achieved my goal of obtaining my bachelor's followed by my Doctor of Pharmacy degree. I am so grateful to have been able to successfully complete pharmacy school after getting married shortly prior to my first year and then go through my first pregnancy later that year and into the second year.

After graduation, I had focused, as any graduate student would, on passing my board exams to becoming a licensed pharmacist. It was hard on me to see that I had failed the first attempt but knew that somehow I will improve and pass it the next try. That had obviously not happened and I then was pregnant with my second child and trust me, it is not an easy job to do to study, be a full time mother and wife and prepare for an exam that will determine your future. This past year has been quite hard on all of us but as I was preparing for this last exam, I had lost six members of my family back home due to COVID also my husband lost his mother and that was quite devastating for all of us. I had found out that I was pregnant, as you know life cannot stop due to an exam, unfortunately the stress of this pregnancy has been a heavy weight on me as well in addition to all my other family obligations.

I am not asking for sympathy but rather, understanding of the situation as well as acknowledging that I have significantly been improving in my results. I know test taking is my great weakness and that I have great hope and confidence in passing the exam, because as you can see, I will not give myself the choice to ever give up on a goal/dream and for me to get this far and give up is not a good example I want to set for my children. I am doing my best and know the steps I have to take in order to be re-qualified to take the exams again if NOT granted this one more time by the board. But imaging the financial struggle I will have to endure during that year that I cannot work as well as have to complete the required units at a local pharmacy school. I want to be given this chance if you may, I have been preparing and even purchased a study course to aid me in the process.

Thank you for your time and consideration with my case.

Sincerely,

Tsigereda Mulugeta

Question 80

A. Dr. Virden was issued two letters of Public Reprimand by the Nevada State Board of Medical Examiners on December 14, 2017.

As Dr. Virden is licensed in California, he was subject to reciprocal discipline in California due to the public letters of reprimand issued against him in Nevada. California Medical Board issued a single Public Letter of Reprimand on June 7, 2018.

Explanation

Dr. Virden settled a medical malpractice action entitled Brown v. Virden in approximately March, 2016. This case concerned an upper and lower lid bilateral blepharoplasty. In addition, Dr. Virden settled a medical malpractice action entitled Sanford v. Virden in approximately March, 2016. This case concerned an upper lid bilateral blepharoplasty. On May 17, 2016 the Nevada State Board of Medical Examiners filed a Complaint against Dr. Virden alleging he had violated provisions of the Nevada revised statutes and the Nevada administrative code because he was guilty of "malpractice" in addition, at the same time the Board filed a Complaint against Dr. Virden alleging violations of the Medical Practice Act arising out of services provided at a Medical Spa.

An administrative hearing was held as to the first complaint in mid 2017. The Board's expert was a semi retired ophthalmologist who admitted she did not know what the standard of care was for board-certified plastic surgeons. During the hearing Dr. Virden called two board-certified plastic surgeons who testified his care was entirely within the standard of care and he did not cause the injuries at issue.

On December 1, 2017 The Board held an Adjudication regarding the first complaint. The Board ignored the evidence and announced its decision to issue a public reprimand, which was formalized December 14, 2017

Dr. Virden subsequently filed a Petition for Judicial Review. On November 8, 2018, the Court issued a final order as to the Petition for Judicial Review concluding the Board was within its authority to issue the public reprimand.

As to the second complaint, upon the advice of counsel Dr. Virden stipulated to a settlement with the Board for a public reprimand. The settlement was as to medical record violations only. That stipulated settlement was accepted by the Board on December 1, 2017

which issued an order issuing the public reprimand December 14, 2017.

As Dr. Virden is licensed in California, he is subject to reciprocal discipline in California due to the public reprimands issued against him in Nevada. Dr. Virden accepted a single Public Letter of Reprimand based on the above action; this PLR was issued by the California Medical Board June 7, 2018.

B. Dr. Virden relinquished his medical staff membership at Tahoe Forest Hospital District on April 13, 2018. Dr. Virden resigned his privileges at Truckee Surgery Center on April 23, 2018.

Explanation

In approximately January, 2018 Dr. Virden submitted an application for recredentialing at Tahoe Forest Hospital District. Dr. Virden mistakenly did not correctly fill out the application in that he did not describe the aforementioned Nevada public reprimands. He was informed TFHD had initiated an investigation. As Dr. Virden had not utilized TFHD in several years and because he was closing his Truckee office, he elected to resign from the Medical Staff and relinquish clinical privileges. This was done on April 13, 2018 while these issues were still under review by Tahoe Forest Hospital.

Dr. Virden resigned his privileges at Truckee Surgery Center; however this resignation was based upon the fact that he was closing his office in Truckee. To his knowledge there was no investigation pending at the time of his resignation. This information is being provided for transparency and full disclosure although it is not required by virtue of the question asked.

C. Dr. Virden relinquished his privileges at Tahoe Forest Hospital District on April 13, 2018.

F. The TriWest Healthcare Alliance Credentialing Committee denied Dr. Virden's application for privileges to provide services.

Explanation

Dr. Virden did not "voluntarily or involuntarily relinquish his membership or contractual affiliation. This question was answered "yes" in an effort to be over inclusive and transparent with regard to the fact that TriWest denied Dr. Virden's application for privileges to provide services. As stated above, Dr. Virden believes this denial was based on the two lawsuits described above in 80.A.

G. On June 29, 2018, the American Board of Plastic Surgery issued a private letter of reprimand.

26 III.

27 Plaintiffs do not know the true names and capacities or involvement, whether individual,
28 corporate or otherwise, of the Defendants named herein as DOES I through X, inclusive. Plaintiffs

These unknown Defendants include all those who were the agents, service, employees, partners, joint venturers and/or franchisees of each of the other Defendants, each of which was at all times acting within the course and scope of such agency, service, employment, partnership, joint venture and/or franchise.

Plaintiffs pray leave to amend this Complaint to show the true names and capacity of these fictitiously named Defendants when the same have been determined.

IV.

On December 28, 2012, the Defendants, and each of them, were negligent in the care and treatment rendered to Plaintiff DEBRA SANFORD, and as more particularly set forth in the Declaration of Lee D. Robinson, M.D., a board certified physician specializing in plastic surgery and one whose background, training and experience as a medical practitioner qualifies him to express the opinions as forth in his attached Declaration. Dr. Robinson's Declaration is attached hereto and marked as Exhibit "1" and incorporated in this Complaint as if set forth in its entirety.

V.

Upon information and belief, each of the named Defendants herein was the agent, service, employee, partner, joint venturer and/or franchisee of each of the other Defendants, and each was acting within the course and scope of such agency, service, employment, partnership, joint venture and/or franchise.

VIII.

As a direct and proximate result of the negligence, gross negligence, and wrongful conduct, the Defendants, and each of them as aforesaid, Plaintiff DEBRA SANFORD has suffered and will continue to suffer into the future permanent personal injuries and emotional injuries, including, without limitation thereto, physical pain, mental anguish, and other general damages in a just and reasonable amount in excess of TEN THOUSAND DOLLARS ($10,000.00).

IX.

As a further direct and proximate result of the negligence, gross negligence, and wrongful conduct, the Defendants, and each of them as aforesaid, Plaintiff DEBRA SANFORD has suffered and will continue to suffer into the future significant medical expenses, lost earnings and lost earning capacity, and other special damages to be more particularly proved at the time of trial.

X.

As a further direct and proximate result of the negligence, gross negligence, and wrongful conduct, the Defendants, and each of them as aforesaid, Plaintiff ROBERT SANFORD has lost probable support, companionship, society, comfort and consortium of his wife, all to his past and future general damage in a just and reasonable amount in excess of TEN THOUSAND DOLLARS ($10,000.00).

XI.

As a further direct and proximate result of the negligence, gross negligence, and wrongful conduct, the Defendants, and each of them as aforesaid, Plaintiffs have been required to retain the services of an attorney to prosecute this action and are entitled to reasonable attorney's fees, if any be allowed by law, as well as costs of suit.

///

WHEREFORE, Plaintiffs, while expressly reserving their right to amend this Complaint up to and including the time of trial, to include additional Defendants, additional theories of recovery, and items of damage not yet ascertained, demand judgment against the Defendants, and each of them, as follows:

1. For general damages to Plaintiffs in a sum in excess of TEN THOUSAND DOLLARS ($10,000.00), each;

2. For special damages according to proof;

3. For attorney's fees if any be allowed by law;

COMES NOW Plaintiff, LILLIAN BROWN, individually, by and through her attorneys of record, of the law firm of GERALD I. GILLOCK & ASSOCIATES, P.C., and for her causes of action against the Defendants, and each of them, complain and allege as follows:

GENERAL ALLEGATIONS

1. That LILLIAN BROWN, at all times relevant herein, was and is a resident of Douglas County, Nevada.

2. Defendant, CHARLES P. VIRDEN, M.D., individually, (hereinafter "VIRDEN") is, and was at all times relevant hereto, a plastic surgeon licensed to practice medicine in the State of Nevada pursuant to N.R.S. Chapters 634.

3. Defendant, VIRDEN LLC, is a Nevada Corporation and, upon information and belief, is licensed to do business in Nevada as a medical care provider pursuant to NRS Chapter 449 and is

vicariously liable for its employees, agents and/or servants and their actions.

4. At all times relevant, the Defendants, DOES I through X, inclusive, were and now are anesthesiologists, chiropractors, physicians, surgeons, registered nurses, licensed vocational nurses, practical nurses, registered technicians, aides, attendants, physician's assistants, physical therapists, occupational therapists or paramedical personnel holding themselves out as duly licensed to practice their professions under and by virtue of the laws of the State of Nevada, and were and are now engaged in the practice of their professions in the State of Nevada; that the true names, identities, or capacities, whether individual, corporate, associate, or otherwise, of the Defendants, DOES I through X, inclusive, are presently unknown to the Plaintiff, who therefore sues said Defendants by such fictitious names; that the Plaintiff is informed and believes, and thereupon alleges, that each of the Defendants sued herein as DOES I through X, are responsible in some manner for the injuries of LILLIANBROWN which thereby proximately caused the injuries and damages to the Plaintiff as alleged herein; that when the true names and capacities of such Defendants become known, Plaintiff will ask leave of this Court to amend this Complaint to insert the true names, identities, and capacities, together with proper charges and allegations.

5. At all times relevant, Defendants, ROE CORPORATIONS I through X, inclusive, were and now are corporations, firms, partnerships, associations, other medical entities involved in the care, treatment, diagnosis, surgery, and/or other provision of medical care to the Plaintiff herein; that the true names, identities, or capacities whether individual, corporate, associate or otherwise of the Defendants, ROE CORPORATIONS I through X, inclusive, are presently unknown to Plaintiff, who therefore sues said Defendants by such fictitious names; that the Plaintiff is informed and believe and therefore allege that each of the Defendants sued herein as ROE CORPORATIONS are responsible in some manner for the injuries of LILLIAN BROWN, which thereby proximately caused the injuries and damages to the Plaintiff as alleged herein; that when the true names and capacities of such Defendants become known, Plaintiff will ask leave of this Court to amend this Complaint to insert the true names, identities, and capacities, together with proper charges and allegations.

6. At all times relevant, the Defendants, and each of them, were the agents, servants, employees, employers, partners, co-owners/joint venturers, of each other and of their Co-defendants, and

GERALD I GILLOCK & ASSOCIATES
421 South Fourth Street · Las Vegas, Nevada 89101

16, 2013.

13. On April 10, 2012, the Plaintiff had her first post operative visit with VIRDEN where Plaintiff continued to complain of persistent ongoing problems, including but not limited to blurriness in the right eye to VIRDEN. VIRDEN prescribed Plaintiff Maxitrol and closed the eye with a patch and sent Plaintiff home. VIRDEN did not refer Plaintiff out for further treatment to an Ophthalmologist or other specialist. (Ex. 1.)

14. On April 18, 2012 VIRDEN again saw Plaintiff who continued to have persistent ongoing problems and complaints regarding her vision being compromised, stemming from the April 13, 2012 surgery. VIRDEN eventually referred Plaintiff to Ophthalmologist Stanley Larry Plecha, Jr., M.D., where VIRDEN was notified that Plaintiff was found to have an "ocular laceration with prolapse or exposure of intra ocular tissue". Plaintiff required immediate surgery by Dr. Plecha to close the laceration. (Ex. 1.)

15. As a direct and proximate result of the negligence of VIRDEN in his care and treatment, which fell below the appropriate standard of care and delay in referring Plaintiff to an Ophthalmologist Plaintiff underwent a delayed surgery and healed with a scar on her cornea with a synechie of the lens and resulting iris defect. As a direct and proximate result of VIRDEN's negligence Plaintiff has a permanent visual disturbance of light during the day and night with halo formation around lights, residual scarring of the cornea, tissue loss of the right iris, and a sector cataract at the point of injury. (Ex. 1.)

16. As a direct and proximate result of the negligence of VIRDEN in causing these injuries to Plaintiff the Plaintiff is unable to work, perform her daily activities and function normally. Plaintiff will require further surgery on her cornea and a cataract removal with lens placement in the future. (Ex. 1.)

17. As a direct and proximate result of the negligence and gross negligence of VIRDEN, an injury occurred to the globe of Plaintiff's eye since there was no eye globe protection used by VIRDEN during the Plaintiff's surgery. VIRDEN did not appreciate the injury either during the procedure or after in the recovery room. On the first post-operative visit, VIRDEN decided to attempt to treat Plaintiff's complaints instead of referring her directly to an Ophthalmologist for full evaluation, despite knowing

GERALD I. GELLOCK & ASSOCIATES
Las Vegas, Nevada 89101
Telephone (702) 382-1170 Facsimile (702) 382-1169

that blurring of the vision in one eye after surgery without undo swelling is not a normal finding. A third deviation in the standard of care by VIRDEN was failing to disclose to the Plaintiff in the written informed consent that blindness could occur and how it could occur during the eye lift procedure. (Ex. 1.). VIRDEN acted with reckless and wanton disregard for the health, safety and welfare of Plaintiff in failing to use an eye shield.

18. VIRDEN deviated from the acceptable standards of care that a reasonably prudent physician would follow by failing to protect the globe of the eye during the surgical procedure performed on April 13, 2013 despite reasonably knowing that such an injury could occur. VIRDEN failed to follow up in a timely and appropriate manner after complaints were made by Plaintiff to VIRDEN of the injury to the eye and failing to refer Plaintiff out to an Ophthalmologist. Had VIRDEN referred Plaintiff to an Ophthalmologist sooner, resulting in earlier surgical intervention to repair the laceration Plaintiff's recovery would have, more likely than not, resulted in a better recovery as opposed to permanent injury. VIRDEN failed to alert Plaintiff of this potential problem during the giving of the informed consent. (Ex. 1.). As a result of this gross negligence Plaintiff is entitled to recover punitive damages for the reckless, wanton disregard for the health, safety and welfare of Plaintiff's serious and now permanent eye condition.

19. As a result of the negligence of Defendants, Plaintiff has suffered permanent injury to her eye, will require future surgical intervention, loss of employment, and pain and suffering. (Ex. 1.)

20. Plaintiff's claims arise out of errors and omissions of each of the Defendants and their failure to timely and appropriately evaluate, assess and treat Plaintiff after causing serious injury which resulted in this permanent injury.

21. Defendants, VIRDEN, LLC, and ROE CORPORATIONS I through X, and/or its nurses, technicians, physicians assistants, physical therapists, occupational therapists, employees, agents, contractors, representatives and/or assigns failed to appropriately and timely assess, monitor and treat Plaintiff causing her permanent physical injuries. (Ex. 1.)

22. Defendants, VIRDEN LLC, and ROE CORPORATIONS I through X and/or its employees, individually, and under the direction and control of Defendants and each of them, failed to properly supervise, monitor, review and/or otherwise implement quality control procedures to review

Telephone: (702) 243-1930 Facsimile: (702) 243-7059

facts and as stated in Plaintiff's expert's affidavit attached hereto and incorporated herein by reference. (Ex. 1.)

29. That as a result of Defendants' negligence and grossly negligent acts and/or omissions, Plaintiff required emergency surgery and suffered severe permanent injury with her eye, as well as pain and suffering and will require future surgery to her cornea and a cataract removal with lens placement in the future, as well as other physical ailments which have not yet been discovered. (Ex. 1.)

30. That as a further result of Defendants' negligence and grossly negligent acts and/or omissions as outlined in paragraphs 1-29 above, Plaintiff has suffered general and special damages and damages including, but not limited to, emotional distress, pain and suffering, lost income, future loss of earning capacity and medical damages in accordance with the recovery allowed her pursuant to NRS Section 41.085 in an amount in excess of TEN THOUSAND DOLLARS ($10,000).

31. As a further proximate result of the negligence and grossly negligent acts of Defendants, and each of them, Plaintiff has incurred loss of earnings that Plaintiff will continue to suffer such loss for an indefinite time in the future, and that her earning capacity in the future has been greatly reduced, all to Plaintiffs' further special damages; the full nature and extent of said loss of earning are not known to Plaintiff but are in an amount in excess of TEN THOUSAND DOLLARS ($10,000) and leave is requested to amend this complaint to conform to proof at the time of trial.

32. That as a further result of Defendants' negligence and grossly negligent acts and/or omissions, Plaintiff has had to retain the services of an attorney and therefore seeks reimbursement for attorneys' fees and costs of suit as well as punitive damages for the reckless and wanton disregard for the health, safety and welfare of Plaintiff as set forth in the affidavit of Plaintiff's expert and in failing to use an eye shield in an amount in excess of TEN THOUSAND DOLLARS ($10,000)..

PLAINTIFFS' SECOND CAUSE OF ACTION
RES IPSA LOQUITOR

33. Plaintiff hereby adopts and incorporates by reference Paragraphs 1 through 32 of this Complaint as though fully set forth herein.

34. Defendants had a duty to exercise reasonable care in their treatment of Plaintiff consistent with the degree of skill and learning possessed by other physicians, technicians, aides and/or nurses

GERALD I GILLOCK & ASSOCIATES
[illegible]

specializing in the field of medicine and/or nursing and practicing in the community.

35. That Plaintiff presented to Defendants for care and treatment of her eye lids.

36. That but for the negligence of Defendants, Plaintiff suffered permanent injury to her eye which was not directly involved in the care and treatment of for which she sought treatment from Defendants.

37. As a result of Defendants' conduct, including but not limited to failing to use an eye shield, Plaintiff is entitled to a rebuttable presumption of injury due to negligence pursuant to N.R.S. 41A.100(1)(d) and (e) and that but for the negligence of Defendants, Plaintiff would not have suffered the aforementioned injuries.

38. That as a further result of Defendants' negligent acts and/or omissions, Plaintiff has suffered damages including, but not limited to emotional distress, pain and suffering, and medical damages in accordance with the recovery allowed her pursuant to NRS Section 41.085 in an amount in excess of TEN THOUSAND DOLLARS ($10,000).

39. As a further proximate result of the negligence and grossly negligent acts of Defendants, and each of them, Plaintiff has incurred loss of earnings and will continue to suffer such loss for an indefinite time in the future, and that his earning capacity in the future has been greatly reduced, all to Plaintiff's further special damages; the full nature and extent of said loss of earning are not known to Plaintiff but are in an amount in excess of TEN THOUSAND DOLLARS ($10,000) and leave is requested to amend this complaint to conform to proof at the time of trial.

40. That as a further result of Defendants' negligent acts and/or omissions, Plaintiff has had to retain the services of an attorney and therefore seeks reimbursement for attorneys' fees and costs of suit.

PLAINTIFFS' THIRD CAUSE OF ACTION
CORPORATE NEGLIGENCE/VICARIOUS LIABILITY

41. Plaintiff hereby adopts and incorporates by reference Paragraphs 1 through 40 of this Complaint as though fully set forth herein.

42. Defendants VIRDEN LLC and ROE CORPORATIONS I through X are vicariously liable for damages resulting from its employees, agents and/or servants negligent actions against plaintiff

43. Defendants, and each of them, by and through their employees, agents and/or servants breached their duty of care to Plaintiff as set forth above.

44. As a result of Defendants' negligence, Plaintiff suffered severe permanent injury to her eye and will require future medical care and treatment for her condition as outlined in Plaintiff's expert's affidavit attached hereto as Exhibit 1. The Board will periodically review and determine, within 30 days after the review, whether any change made to the publication listed in subsection 1 is appropriate for application in this State. If the Board does not disapprove a change to the publication within 30 days after the review, the change is deemed to have been approved by the Board.

REVISED PROPOSED REGULATION OF THE

STATE BOARD OF PHARMACY

LCB File No. R165-20

October 14, 2021

EXPLANATION – Matter in *italics* is new; matter in brackets [~~omitted material~~] is material to be omitted.

AUTHORITY: §§ 1 and 2, NRS 639.070.

A REGULATION relating to pharmacy; requiring the Executive Secretary of the State Board of Pharmacy to develop and implement a program for the inspection of each licensed pharmacy; removing the requirement that a pharmacy perform a self-assessment relating to the volume of work and other matters at the pharmacy; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes the State Board of Pharmacy to adopt regulations pertaining to the practice of pharmacy and requires a pharmacy to comply with the regulations of the Board. (NRS 639.070, 639.100, 639.215) Existing law requires the Board to employ an Executive Secretary who is not a member of the Board and is required to perform certain duties. (NRS 639.040) Existing law entitles the members of the Board and certain staff to free access to all places where drugs, medicines or poisons are held. (NRS 639.090)

Under existing regulations, a member of the staff of the Board is required to inspect each licensed pharmacy annually and at any other time deemed necessary by the staff of the Board. (NAC 639.501) Before the annual inspection occurs, a pharmacy must perform a self-assessment concerning: (1) statutory and regulatory compliance; and (2) its volume of work, prescriptions, workflow, personnel and technology. (NAC 639.501)

Section 1 of this regulation requires the Executive Secretary of the Board to develop and implement a program for the inspection of each licensed pharmacy annually or at any other time deemed necessary by the staff of the Board. **Section 1** removes the requirement for the pharmacy to perform a self-assessment concerning its volume of work and prescriptions, workflow, personnel and technology before the annual inspection. **Section 2** of this regulation makes a conforming change by removing a section that is no longer necessary because of the removal of the requirement for a self-assessment in **section 1**. (NAC 639.5012)

Section 1. NAC 639.501 is hereby amended to read as follows:

639.501 1. Before the Board will issue a new license to operate a pharmacy to any person, a satisfactory inspection of the premises of the pharmacy must be conducted by a member of the staff of the Board.

2. ~~[A member of the staff of the Board]~~ ***The Executive Secretary*** shall ~~[inspect]~~ ***develop and implement a program for the inspection of*** each licensed pharmacy annually ~~[and]~~ ***or*** at any other time deemed necessary . ~~[by the staff of the Board.]~~

3. Before an annual inspection of a licensed pharmacy, the Board will provide a self-assessment form to the pharmacy that includes ~~[:~~

~~(a) A]~~ ***a*** questionnaire concerning statutory and regulatory compliance pursuant to which the pharmacy must assess its physical plant and operations to assure that the pharmacy is in compliance with all applicable statutes and regulations . ~~[; and~~

~~(b) An assessment of the workplace pursuant to which the pharmacy must assess its volume of work and prescriptions, personnel, workflow and technological devices that assist in the work of the pharmacy.]~~

4. The managing pharmacist of a pharmacy or the designee of the owner of the pharmacy may obtain self-assessment forms from the Board in addition to the form provided pursuant to subsection 3 at any time for his or her own use.

Sec. 2. NAC 639.5012 is hereby repealed.

TEXT OF REPEALED SECTION

639.5012 Confidentiality and use of self-assessment and accompanying documentation. (NRS 639.070)

1. An assessment of the workplace completed by a pharmacy as part of the self-assessment, and all documentation accompanying the assessment, that are submitted to a member of the staff of the Board pursuant to NAC 639.5016 are confidential. The Board will destroy such an assessment of the workplace and all accompanying documentation within 6 months after the Board receives the assessment and documentation.

2. The staff of the Board may compile and analyze such data provided in assessments of the workplace as the Board deems appropriate, except that the staff shall not provide to any member of the Board or otherwise publish any compilation or analysis completed by the staff unless the staff has redacted from the compilation or analysis all information by which an individual pharmacy could be identified. The Board will not use data provided in an assessment of the workplace against the pharmacy that completed the assessment for any disciplinary purpose.

Texas State Board of Pharmacy
"Red Flags" Checklist for Pharmacies
YOU MIGHT BE A PILL MILL IF...

Check all that apply:

	(1) Your pharmacy fills a discernable pattern of prescriptions for prescribers who write essentially the same prescriptions for numerous persons, indicating a lack of individual drug therapy
	(2) Your pharmacy operates with limited hours of operation or closes after a certain threshold of controlled substance prescriptions are dispensed, and has overall low prescription dispensing volume.
	(3) Prescriptions presented to the pharmacy are for controlled substances with popularity as street drugs, such as opiates, benzodiazepines, muscle relaxants, psychostimulants, and/or cough syrups, or any combination of these drugs.
	(4) The prescriptions for controlled substances contain nonspecific or no diagnoses.
	(5) The prescriptions are commonly for the highest strength of the drug and/or for large quantities.
	(6) Dangerous drugs or OTC products (such as multi-vitamins or laxatives) are added to the controlled substance prescriptions, maintaining relatively consistent 1:1 ratio of controlled substances to dangerous drugs and/or OTC products dispensed as prescriptions.
	(7) Prescriptions are authorized by the same prescriber with what appears to be different handwriting on the hardcopy prescription drug order forms.
	(8) Upon contact with the prescriber's office, you are unable to engage in comprehensive discussion with the actual prescriber, or he/she is unconcerned about your apprehensions regarding his/her prescribing practices or unwilling to provide additional information, such as treatment goals and/or prognosis with prescribed drug therapy.
	(9) You rely solely on the prescriber's representation, or on the representation of the individual answering the phone at the number on the prescription, that prescriptions are legitimate.
	(10) The prescriber's clinic is not registered as a pain management clinic by the Texas Medical Board, despite routinely receiving prescriptions from the prescriber foropiates, benzodiazepines, and/or muscle relaxants.
	(11) Drugs prescribed are inconsistent with the prescriber's area of practice.
	(12) The prescriber of the drugs is located a significant distance from your pharmacy.
	(13) The prescriber has been subject to disciplinary action by the licensing board, had his/her DEA registration removed, or been subject to criminal action.
	(14) The Texas PMP system indicates that persons are obtaining prescriptions for the same drugs from multiple prescribers or that persons are filling prescriptions for the same drugs at multiple pharmacies.
	(15) The person's address is a significant distance from your pharmacy and/or from the prescriber's office.
	(16) Multiple persons with the same address present prescriptions from the same prescriber.
	(17) Persons pay with cash or credit card more often than through insurance.
	(18) Persons presenting controlled substance prescriptions are doing so in such a manner that varies from seeking routine pharmacy services (e.g., willing to wait in long lines to receive drugs, persons arrive in the same vehicle with prescriptions from same prescriber, one person presents to pick up prescriptions for multiple others, persons refer to drugs by "street names" and/or comment on drug's color, persons seek early refills, persons travel from outside reasonable trade area of pharmacy).
	(19) Your pharmacy charges and persons are willing to pay more for controlled substances than they would at nearby pharmacies.
	(20) Your pharmacy routinely orders controlled substances from more than one drug supplier, or your pharmacy has been discontinued by a drug supplier related to controlled substance orders.
	(21) Sporadic and non-consistent dispensing volume (including zero dispensing) varies from day to day and week to week, and your pharmacy does not maintain operational hours each week on Monday through Friday.
	(22) Your pharmacy employs or contracts security personnel during operational hours to prevent problems.
	(23) Your pharmacy has been previously warned or disciplined by the Texas State Board of Pharmacy for inappropriate dispensing of controlled substances (i.e., corresponding responsibility).

If you checked any of the above items, you should review the laws and rules regarding corresponding responsibility and non-therapeutic dispensing, especially Board rule §291.29, in the law book or on our website: www.pharmacy.texas.gov (click on Texas Pharmacy Rules and Laws). Additional educational material is available at: http://www.pharmacy.texas.gov/Nontherapeutic.asp. Failure of pharmacies and pharmacists to detect patterns of inappropriate dispensing of prescription drugs is unprofessional practice and constitutes grounds for disciplinary action.

While Biologics, Inc. dba Biologics by McKesson located at 13501 Park Vista Blvd, Suite 150, Fort Worth, TX 76177 and 11800 Weston Parkway, Cary, NC 27513has no disciplinary actions, Biologics by McKesson located at 13000 Weston Parkway, Suite 105, Cary, North Carolina has the following previous discipline.

Biologics, Inc.
13000 Weston Parkway, Ste. 105
Cary, NC 27513
Disciplinary Action Overview
(Previously Disclosed)

Missouri
Prior to McKesson's ownership of Biologics, Biologics applied for a Missouri nonresident pharmacy permit in November 2003. In January 2004, the Missouri Board requested additional information to complete the application. Unfortunately, due to an oversight during a change in pharmacy management personnel, Biologics did not provide the information and, contrary to Biologics' intent, the application expired in May 2004. As a result, Biologics was found to be in violation of Missouri law for shipping into Missouri without a valid permit. On March 31, 2005, Biologics entered into an Order with the Missouri State Board of Pharmacy whereby the Board issued a nonresident permit to Biologics subject to a three year probationary period. Biologics complied with the Order and the terms thereof, and pursuant to the terms of the Order, the nonresident permit was fully restored after the probationary period. Biologics is currently in good standing with the Missouri Board of Pharmacy.

Texas
In April 2012, the Texas State Board of Pharmacy notified Biologics, Inc. that Biologics, Inc. had failed to include the Missouri restricted license in its 2006 Texas licensure renewal and subsequent Change of Managing Office notice.

In a letter dated June 4, 2012, the Texas Board of Pharmacy notified Biologics, Inc. that its license# 23756 would be sanctioned from May 16, 2012 through August 14, 2015. In addition, an administrative penalty of $2,000.00 would be assessed. The omission was inadvertent and in the good faith belief that the reason for the restricted license was due to a tardy application in Missouri and not an "act" by the Company or its personnel in Missouri. Biologics now understands that this was an incorrect interpretation. Biologics, Inc. paid the penalty and completed the restricted period. Biologics is currently in good standing with the Texas Board of Pharmacy.

Michigan
In May 2013, the Michigan Department of Licensing and Regulatory Affairs notified Biologics, Inc. of an administrative complaint in relation to the administrative penalty levied by Texas. In a State of Michigan consent order dated August 18, 2013, Michigan issued a reprimand to Biologics' Michigan pharmacy license# 530100834 and levied a fine in the amount of $500.00. Biologics is currently in good standing with the Michigan Board of Pharmacy.

Montana
In August 2013, the Montana Board of Pharmacy convened a hearing to review the above

mentioned disciplinary actions and determine whether it would take reciprocal action. After review of all documentation submitted by Biologics, the Board determined that the case did not justify legal or disciplinary proceedings. Biologics is currently in good standing with the Montana Board of Pharmacy.

Hawaii

On March 16, 2015, Hawaii notified Biologics that it would investigate the above mentioned Michigan and Texas discipline, as it was not notified within 30 days of the orders. Early resolution terms were signed and fee of $1,500.00 was paid. Biologics is currently in good standing with the Hawaii Board of Pharmacy.

Illinois

In March 2016, Illinois Board of Pharmacy notified Biologics that it would investigate the above mentioned discipline, as it was not notified within 30 days of the orders. A consent order was signed and fee of $2,000.00 was paid. Biologics is currently in good standing with the Illinois Board of Pharmacy.

Colorado

In an unrelated action in January 2010, Biologics, Inc. was fined five thousand dollars (plus a $500 surcharge) by the Colorado Board of Pharmacy for a failure to provide a zero report to the Colorado Prescription Drug Monitoring Program for a 10 day reporting period from December 1, 2009 through December 10, 2009.The failure was inadvertent and immediately corrected.

Biologics, Inc. has undergone a change in ownership since these instances resulting in disciplinary action. The leadership and management of Biologics take all of these allegations and disciplinary action seriously. The company currently operates in all 50 states plus the District of Columbia and it is our intention to comply with all laws and regulations.

ORDER OF THE STATE BOARD OF PHARMACY REGARDING ISSUANCE OF A PROBATED LICENSE BIOLOGICS, INCORPORATED

Comes now the State Board of Pharmacy ("Board") and hereby issues its ORDER granting a PROBATED license, License No. 20050108326, to Biologics, Incorporated ("Biologics"). As set forth in § 620.149.2, RSMo 2000, Biologics may submit a written request for a hearing to the Administrative Hearing Commission seeking review of the Board's decision to issue a probated license to Biologics. Such written request must be submitted to the Administrative Hearing Commission within 30 days of the delivery or mailing of this Order by certified mail. The written request should be addressed to the Administrative Hearing Commission, Room 640, Truman State Office Building, P.O. Box 1557, Jefferson City, Missouri 65102-1557. If no written request for review is received by the Administrative Hearing Commission within the 30-day period, the right to seek review of the Board's decision shall be considered waived.

I.

Based upon the foregoing, the Board hereby states:

1. The State Board of Pharmacy ("Board") is an agency of the state of Missouri created and established pursuant to § 338.110, RSMo 2000, for the purpose of executing and enforcing the provisions of Chapter 338, RSMo.

2. Biologics is located at 625 Oberline Road, Raleigh, North Carolina.

3. Robin U. Smith is the president of Biologics and holder of Biologics' permit. David A. Shaw is the pharmacist-in-charge of Biologics.

5. 4 CSR 220-2.020(2)(A) states in pertinent part:

> (A) An applicant for a pharmacy permit will become null and void if the applicant fails to complete the process for licensure within six (6) months of receipt of the application by the board.

6. On or about January 20, 2004, the board mailed a letter to Biologics advising of the non-receipt of two documents required to complete processing of its application. The two documents required were a copy of its North Carolina controlled substance license (or a statement that such state does not issue a separate controlled substance license) and verification of Pharmacy and Pharmacist in Charge licenses from North Carolina.

7. Pursuant to 4 CSR 200-2.020(2)(A), Biologics' November 25, 2003 Application expired on May 26, 2004 due to Biologics failure to complete the process for licensure.

8. On or about June 21, 2004, the Board received information from the North Carolina Board of Pharmacy indicating that Biologics was serving patients residing in Missouri without being licensed as a non-resident pharmacy by the Board.

9. The Board determined that Biologics was in violation of § 338.220(1) and 4 CSR 220-2.025(1) which state in pertinent part:

Section 338.220(1)

> 1. It shall be unlawful for any person, copartnership, association, corporation or any other business entity to open, establish, operate or maintain any pharmacy, as defined by statute without first obtaining a permit or license to do so from the Missouri board of pharmacy.
>
> . . . .

4 CSR 200-2.025(1):

> (1) Nonresident pharmacies shall not ship, mail or deliver prescription drugs into Missouri without first obtaining a pharmacy license from the Missouri Board of Pharmacy. . . .
>
> . . . .

10. Cause exists for the Board to deny Biologics' request for a pharmacy permit pursuant to the provisions of § 338055.2(5) and (6), RSMo 2000, which provide:

> 2. The board may cause a complaint to be filed with the administrative hearing commission as provided by chapter 621, RSMo, against any holder of any certificate of registration or authority, permit or license required by this chapter or any person who has failed to renew or has surrendered his certificate of registration or authority, permit or license for any one or any combination of the following causes:
>
> . . . .
>
> (5) Incompetency, misconduct, gross negligence, fraud, misrepresentation or dishonesty in the performance of the functions or duties of any profession regulated by this chapter;
>
> . . . .

(6) Violation of, or assisting or enabling any person to violate, any provision of this chapter, or of any lawful rule or regulation adopted pursuant to this chapter;

. . . .

11. The Board hereby issues this Order in lieu of denial of Biologics' request for a pharmacy permit.

II.

TERMS AND CONDITIONS

Based on the foregoing, the permit issued to Biologics is subject to the following terms and conditions:

1. Permit no. 2005010826 is hereby placed on PROBATION for a period of THEE (3) YEARS ("the disciplinary period"). During the disciplinary period, Biologics shall be entitled to engage in the practice of pharmacy provided it adheres to all of the terms of this Order.

2. The Permit Holder shall keep the Board apprised of licensed pharmacists employed by Permit Holder, and the individuals' current home and work addresses and telephone numbers.

3. The Permit Holder shall pay all required fees for permitting to the Board and shall renew its permit prior to October 31 of each permitting year.

4. The Permit Holder shall comply with all provisions of Chapter 338, Chapter 195, and all applicable federal and state drug laws, rules and regulations and with all federal

and state criminal laws. "State" here includes the State of Missouri and all other states and territories of the United States.

5. The Permit Holder shall not serve as an intern training facility for interns.

6. If, after disciplinary sanctions have been imposed, the Permit Holder fails to keep its Missouri pharmacy permit current, the period of unlicensed status shall not bee deemed or taken as any part of the time of discipline so imposed.

7. If the Permit Holder fails to comply with the terms of this agreement, in any respect, the Board may impose such additional or other discipline which it deems appropriate.

8. The Board of Pharmacy will maintain this Order as an open and public record of the Board as provided in Chapters 338, 610, and 620, RSMo.

9. Upon the expiration of said discipline period, the Permit Holder's permit to practice pharmacy in Missouri shall be fully restored if all other requirements of law have been satisfied; provided, however, that in the event the Board determines that the Permit Holder has violated any term or condition of this Order, the Board may, in its discretion, after an evidentiary hearing, vacate and set aside the discipline imposed herein and may suspend, revoke, or otherwise lawfully discipline the Permit.

10. No order shall be entered by the Board pursuant to the preceding paragraph of this Order without notice and an opportunity for hearing before the Board in accordance with the provisions of Chapter 536, RSMo.

11. If the Board determines that the Permit Holder has violated a term or condition of this Order, which violation would also be actionable in a proceeding before the Administrative Hearing Commission or the circuit court, the Board may elect to pursue any lawful remedies or procedures afforded it and is not bound by this agreement in its determination of appropriate legal actions concerning that violation.

AGREED BOARD ORDER #L-11-018

RE: IN THE MATTER OF BIOLOGICS, INC. (PHARMACY LICENSE #23756)

BEFORE THE TEXAS STATE BOARD OF PHARMACY

On this day came on to be considered by the Texas State Board of Pharmacy the matter of pharmacy license number 23756 issued to Biologics, Inc., 120 Weston Oaks Court, Cary, North Carolina 27513.

By letter dated April 12, 2012, the Texas State Board of Pharmacy gave preliminary notice to Biologics, Inc. of its intent to take disciplinary action with respect to pharmacy license number 23756 held by Biologics, Inc. as a result of information received by the Board which produced evidence indicating that Biologics, Inc. may have violated:

Section 565.002(a)(3) and (10) of the Texas Pharmacy Act, TEX. OCC. CODE ANN. Subtitle J (2007); and

Section 281.7(c) of the Texas Pharmacy Board Rules, 22 TEX. ADMIN. CODE (2008), in that, allegedly:

COUNTS

(1) On or about March 31, 2005, the Missouri State Board of Pharmacy entered an Order against the application for a Missouri pharmacy permit by Biologics, Inc. The Order was based on information that Biologics, Inc. had served Missouri patients without being licensed as a pharmacy in Missouri. The Order granted the pharmacy's application for a pharmacy permit subject to probation for a period of three years.

On or about October 2, 2006, Biologics, Inc. submitted a fraudulent application for pharmacy license renewal to the Texas State Board of Pharmacy. On the application, it was indicated that the pharmacy had not been the subject of any professional disciplinary action by a regulatory authority within the last 36 months, when, as described above, the pharmacy had been subject to an Order by the Missouri State Board of Pharmacy on March 31, 2005.

EXHIBIT "1"

(2) On or about May 21, 2008, Biologics, Inc. submitted a fraudulent application for Change of Managing Officer to the Texas State Board of Pharmacy. On the application, it was indicated that the pharmacy had not been the subject of any professional disciplinary action by a regulatory authority, when, as described above in Count (1), the pharmacy had been subject to an Order by the Missouri State Board of Pharmacy on March 31, 2005.

By letter dated April 12, 2012, Biologics, Inc. was notified that the matters previously set out in this Order could be disposed of without the scheduling of an informal conference or administrative hearing. By his signature on this Order, Stuart Frantz, Corporate President, on behalf of Biologics, Inc., neither admits nor denies the truth of the matters previously set out in this Order, agrees that the Texas State Board of Pharmacy has jurisdiction in this matter and waives the pharmacy's right to informal conference, to notice of hearing, to a formal administrative hearing, and to judicial review of this Order.

Stuart Frantz understands that any failure to comply with the terms of this Order is a basis for discipline under the Texas Pharmacy Act.

Should this Order not be accepted by the Board, it is agreed that neither the presentation of the Order to the Board nor the Board's consideration of the Order, will be deemed to have unfairly or illegally prejudiced the Board or its individual members and, therefore, will not be grounds for precluding the Board or any individual member of the Board from further participation in proceedings related to the matters set forth in the Order.

Stuart Frantz, on behalf of Biologics, Inc., agrees to the entry of an Order disposing of the need for further disciplinary action in this matter and agrees to comply with the terms and conditions set forth in the ORDER OF THE BOARD below.

ORDER OF THE BOARD

THEREFORE, PREMISES CONSIDERED, the Texas State Board of Pharmacy (hereinafter referred to as "BOARD") does hereby ORDER that pharmacy license number 23756 held by Biologics, Inc. (hereinafter referred to as "Respondent") shall pay an administrative penalty of two thousand dollars ($2,000) due ninety (90) days after the entry of this Order.

It is further ORDERED that Respondent shall allow the staff of the BOARD, Enforcement Division, to directly contact Respondent on any matter regarding the enforcement of this Order.

It is further ORDERED that any cost associated with compliance with the terms of this Order shall be the responsibility of Respondent.

It is finally ORDERED that failure to comply with any of the terms and conditions in this Order constitutes a violation and shall be grounds for further disciplinary action against the Texas pharmacy license held by Respondent.

And it is so ORDERED.

THIS ORDER IS A PUBLIC RECORD.

RE: Complaint #2013-PHA-LIC-1094

Dear BIOLOGICS INC:

The screening panel of the Board of Pharmacy recently reviewed the above-referenced complaint. Section 37-1-307, MCA delegates to the screening panel the authority to determine whether there is reasonable cause to believe that a person has violated a statute or rule justifying legal or disciplinary proceedings.

Having fully considered the matter before it, the screening panel determined that the circumstances surrounding this case do not justify legal or disciplinary proceedings. Therefore, the screening panel voted to dismiss the complaint with prejudice, which means the board may not consider the complaint in the future.

Thank you for your cooperation and assistance in this matter.

Sincerely,

Vicki Bair, Compliance Specialist

5. No Objection if Board Fails to Approve. If the Board does not approve this Settlement Agreement, does not issue an order pursuant thereto, or does not approve a lesser remedy, but instead an administrative hearing is conducted against Respondent in the Board's usual and customary fashion pursuant to the Administrative Procedure Act, Respondent agrees that neither Respondent nor any attorney that Respondent may retain, will raise as an objection in any administrative proceeding or in any judicial action, to the Board's proceeding against Respondent on the basis that the Board has become disqualified to consider the case because of its review and consideration of this Settlement Agreement.

6. Any Ambiguities Shall be Construed to Protect the Consuming Public. It is agreed that any ambiguity in this Settlement Agreement is to be read in the manner that most completely protects the interests of the consuming public.

7. No Reliance on Representations by RICO. Other than the matters specifically stated in this Settlement Agreement, neither RICO nor anyone acting on its behalf has made any representation of fact, opinion or promise to Respondent to induce entry into this Settlement Agreement, and Respondent is not relying upon any statement, representation or opinion or promise made by RICO or any of its agents, employees, representatives or attorneys concerning

the nature, extent or duration of exposure to legal liability arising from the subject matter of this Settlement Agreement or concerning any other matter.

8. Complete Agreement. This Settlement Agreement is a complete settlement of the rights, responsibilities and liabilities of the parties hereto with respect to the subject matter hereof; contains the entire agreement of the parties; and may only be modified, changed or amended by written instrument duly executed by all parties hereto.

1. The Board has jurisdiction over Respondent Pharmacy, its registration as a non-resident prescription drug outlet, and the subject matter of this Stipulation and Final Agency Order ("Final Agency Order") pursuant to the provisions of title 12, article 22, C.R.S. (2009), otherwise known as the Pharmaceuticals and Pharmacists Act.

2. Respondent Pharmacy has been registered by the Board as a non-resident prescription drug outlet in the State of Colorado at all times relevant to this disciplinary action.

3. Respondent Pharmacy's address of record with the Board and current location is 120 Weston Oak's Ct., Cary, North Carolina, 27513.

4. Respondent Pharmacy does not contest these findings and hereby waives any further proof in this proceeding before the Board regarding the following facts.

5. Respondent failed to comply with the Colorado Prescription Drug Monitoring Program (PDMP) by failing to submit data during the December 1 through December 10, 2009, reporting period.

6. On December 14, 2009, the Board initiated a complaint against Respondent Pharmacy because Respondent Pharmacy failed to comply with the data submission requirements of the PDMP.

7. Respondent Pharmacy does not contest that the conduct described above constitutes a violation of section 12-22-125(1)(c)(I), (II) and (III) and 12-22-708, C.R.S. and that such conduct provides grounds for disciplinary action against Respondent Pharmacy's non-resident prescription drug outlet registration.

DISPOSITION

$5,000.00 Fine with Surcharge and Terms

8. **Fine with Surcharge.** Pursuant to section 12-22-125.2(5), C.R.S., Respondent Pharmacy shall pay a fine of Five Thousand Dollars and No Cents ($5,000.00). 10. **Advisements and Waivers.** Respondent Pharmacy enters into this Final Agency Order freely and voluntarily, whether or not Respondent Pharmacy has consulted with legal counsel. Respondent Pharmacy acknowledges its understanding that it has the following rights:

    a. To have a formal notice of hearing and charges served upon it;
    b. To respond to said formal notice of charges;
    c. To have a formal disciplinary hearing pursuant to section 12-22-125, C.R.S.; and
    d. To appeal this Board order.

    Respondent Pharmacy freely waives these rights, and acknowledges that such waiver is made voluntarily in consideration for Board's limiting the action taken against it to the sanctions imposed herein.

11. **Acknowledgments.** The undersigned authorized agent of Respondent Pharmacy has read this Final Agency Order in its entirety and acknowledges, whether or not Respondent Pharmacy has consulted with legal counsel, that Respondent Pharmacy understands the legal consequences and agrees that none of the terms or conditions herein are unconscionable. Respondent Pharmacy is not relying on any statements, promises or representations from the Board other than as may be contained in this Final Agency Order. Respondent Pharmacy further acknowledges that it is not entering into this Final Agency Order under any duress.

12. **Violations.** Time is of the essence to this Final Agency Order. It is the responsibility of Respondent Pharmacy to take all appropriate steps to comply fully with this Final Agency Order. Respondent Pharmacy acknowledges and agrees that any violation of this Final Agency Order may be sanctioned as provided under

section 12-22-125.2(4), C.R.S., and may be sufficient grounds for additional discipline, including but not limited to revocation of its registration. 13. Integration and Severability. Upon execution by all parties, this Final Agency Order shall represent the entire and final agreement of and between the parties in this case. In the event any provision of this Final Agency Order is deemed invalid or unenforceable by a court of law, it shall be severed and the remaining provisions of this Final Agency Order shall be given full force and effect.

v.		)	No. 2015-05711
BIOLOGICS, INC License No. 054017496	Respondent	)	

CONSENT ORDER

The Illinois Department of Financial and Professional Regulation, Division of Professional Regulation, (hereinafter the "Department") by and through its attorney, Bonita B. Canavan, and BIOLOGICS, INC., and agree to the following:

STIPULATIONS

BIOLOGICS, INC, located in Cary, North Carolina, is licensed as a NON-RESIDENT pharmacy in the State of Illinois, currently holding License No. 054017496. Said license is presently in active status.

At all times material to the matters set forth in this Consent Order, the Department had jurisdiction over the subject matter and parties to this Consent Order.

Respondent originally applied for licensure on June 9, 2010, and a pharmacy license was first issued on February 8, 2012. A duplicate application was filed on July 13, 2013. A renewal was effective on March 24, 2014. On April 4, 2013, Respondent filed an application for Change-of-Pharmacist in Charge (hereinafter PIC) changing the former PIC Pamela Smith, RPh to Adam Childs, PharmD. On June 26, 2014, another application to change PIC from Childs to Gregory Wolfe was received by the Department.

ON NONE OF THE DATES, APPLICATIONS OR RENEWALS SUBMITTED TO ILLINOIS did the Pharmacy ever reveal that in 2005 it had been put on a three-year probation by Missouri for engaging in unlicensed practice in Missouri by shipping drugs into Missouri before its

license had issued.

On May 16, 2012, Texas issued an Administrative Penalty of $2000.00 against Respondent for failure to reveal the Missouri discipline.

On September 13, 2013, Michigan issued a Reprimand and a five hundred dollar ($500.00) against Respondent for failure to reveal the Missouri probation.

On April 17, 2015, Hawaii issued a $1500.00 fine against Respondent for failure to reveal the Missouri probation.

Respondent's pharmacist-in-charge made a self report to the Department on June 9, 2015, that it had been disciplined by Hawaii based on the prior reciprocal state disciplines as delineated above.

The Department alleges that Respondent made material misstatements in furnishing information to the Department, made misrepresentations for the purpose of obtaining licenses, failed to report a discipline by another U.S. jurisdiction or foreign nation, the basis of which was unlicensed practice.

These allegations, if proven at a hearing to be true, would constitute grounds for disciplining Respondent's license as a pharmacy in the State of Illinois, on the authority of 225 ILCS 85/30(a)(b); 225 ILCS 85/30(a)(2), (3), (4), and (7); Ill. Admin. Code tit. 68, §1330.550.

On December 3, 2015, a review of this matter was made by the Vice-Chairman of the Illinois Board of Pharmacy and a recommendation for discipline was made.

Respondent Pharmacy admits in its self report to the Department that on application, on renewal, and on at least three applications for change of pharmacist in charge, it failed to reveal disciplines from the states of Missouri, Texas, and Michigan, and failed to timely reveal the Hawaii discipline.

Respondent has been advised of the right to counsel, the right to have the pending allegations reduced to written charges, the right to a hearing, the right to contest any charges brought, and the right

to administrative review of any Order resulting from a hearing. Respondent knowingly waives each of these rights, as well as any right to administrative review of this Consent Order. Such waiver ceases if this Consent Order is rejected by either Illinois State Board of Pharmacy or the Director of the Division of Professional Regulation of the Department. Respondent acknowledges that it has entered into this Consent Order freely and of their own will without threat or coercion by the Department or any person. Respondent acknowledges that the Department attorney may be requested to communicate with the Illinois State Board of Pharmacy or the Director of the Division of Professional Regulation of the Department in furtherance of the approval of this Consent Order.

Respondent and the Department have agreed that in order to resolve this matter Respondent be permitted to enter into a Consent Order with the Department, providing for the imposition of disciplinary measures which are fair and equitable in these circumstances and which are consistent with the best interests of the people of the State of Illinois.

CONDITIONS

WHEREFORE, the Illinois Department of Financial and Professional Regulation, Division of Professional Regulation, through Bonita B. Canavan, a Prosecutor for the Department, and BIOLOGICS, INC Respondent, agree:

1. The License of BIOLOGICS, INC, holding license number 054017496, shall be REPRIMANDED and be fined TWO THOUSAND DOLLARS ($2,000.00).
2. BIOLOGICS, INC shall pay a fine of Two Thousand dollars and no cents ($2,000.00) to the Department within sixty (60) days of the effective date of this Order. The fine is to be paid by personal check, a corporate check, or cashier's check. Said check shall be *made payable to* the: Illinois Department of Financial and Professional Regulation and mailed to:

Illinois Department of Financial and Professional Regulation
Attention: SSC-Accounts Receivable Section
320 W. Washington, Room 344
P.O. Box 7086
Springfield, IL 62791

In the notation portion of the check, this Case No. 2015-5711 and the License No. 054017496 shall be reflected.

3. **In the event the fine of Two thousand dollars ($2,000.00) is not paid to the Department, within sixty (60) days of the effective date of this Consent Order, Respondent, BIOLOGICS, INC. acknowledges and agrees that its failure to pay the fine will permit the Director of the Division of Professional Regulation to issue an Order forthwith mandating the automatic, indefinite and immediate suspension of Respondent's pharmacy License No. 054017496. License No. 054017496

ORDER OF THE STATE BOARD OF PHARMACY REGARDING ISSUANCE OF A PROBATED LICENSE BIOLOGICS, INCORPORATED

Comes now the State Board of Pharmacy ("Board") and hereby issues its ORDER granting a PROBATED license, License No. 2005010826, to Biologics, Incorporated ("Biologics"). As set forth in § 620.149.2, RSMo 2000, Biologics may submit a written request for a hearing to the Administrative Hearing Commission seeking review of the Board's decision to issue a probated license to Biologics. Such written request must be submitted to the Administrative Hearing Commission within 30 days of the delivery or mailing of this Order by certified mail. The written request should be addressed to the Administrative Hearing Commission, Room 640, Truman State Office Building, P.O. Box 1557, Jefferson City, Missouri 65102-1557. If no written request for review is received by the Administrative Hearing Commission within the 30-day period, the right to seek review of the Board's decision shall be considered waived.

I.

Based upon the foregoing, the Board hereby states:

1. The State Board of Pharmacy ("Board") is an agency of the state of Missouri created and established pursuant to § 338.110, RSMo 2000, for the purpose of executing and enforcing the provisions of Chapter 338, RSMo.

2. Biologics is located at 625 Oberline Road, Raleigh, North Carolina.

3. Robin U. Smith is the president of Biologics and holder of Biologics' permit. David A. Shaw is the pharmacist-in-charge of Biologics.

4. On or about November 25, 2003, the Board received Biologics Application for New Permit to Operate a Pharmacy.

5. 4 CSR 220-2.020(2)(A) states in pertinent part:

> (A) An applicant for a pharmacy permit will become null and void if the applicant fails to complete the process for licensure within six (6) months of receipt of the application by the board.

6. On or about January 20, 2004, the board mailed a letter to Biologics advising of the non-receipt of two documents required to complete processing of its application. The two documents required were a copy of its North Carolina controlled substance license (or a statement that such state does not issue a separate controlled substance license) and verification of Pharmacy and Pharmacist in Charge licenses from North Carolina.

7. Pursuant to 4 CSR 200-2.020(2)(A), Biologics' November 25, 2003 Application expired on May 26, 2004 due to Biologics failure to complete the process for licensure.

8. On or about June 21, 2004, the Board received information from the North Carolina Board of Pharmacy indicating that Biologics was serving patients residing in Missouri without being licensed as a non-resident pharmacy by the Board.

9. The Board determined that Biologics was in violation of § 338.220(1) and 4 CSR 220-2.025(1) which state in pertinent part:

Section 338.220(1)

> 1. It shall be unlawful for any person, copartnership, association, corporation or any other business entity to open, establish, operate or maintain any pharmacy, as defined by statute without first obtaining a permit or license to do so from the Missouri board of pharmacy.
>
> . . . .

4 CSR 200-2.025(1):

> (1) Nonresident pharmacies shall not ship, mail or deliver prescription drugs into Missouri without first obtaining a pharmacy license from the Missouri Board of Pharmacy. . . .
>
> . . . .

10. Cause exists for the Board to deny Biologics' request for a pharmacy permit pursuant to the provisions of § 338055.2(5) and (6), RSMo 2000, which provide:

> 2. The board may cause a complaint to be filed with the administrative hearing commission as provided by chapter 621, RSMo, against any holder of any certificate of registration or authority, permit or license required by this chapter or any person who has failed to renew or has surrendered his certificate of registration or authority, permit or license for any one or any combination of the following causes:
>
> . . . .
>
> (5) Incompetency, misconduct, gross negligence, fraud, misrepresentation or dishonesty in the performance of the functions or duties of any profession regulated by this chapter;
>
> . . . .

(6) Violation of, or assisting or enabling any person to violate, any provision of this chapter, or of any lawful rule or regulation adopted pursuant to this chapter;

. . . .

11. The Board hereby issues this Order in lieu of denial of Biologics' request for a pharmacy permit.

II.

TERMS AND CONDITIONS

Based on the foregoing, the permit issued to Biologics is subject to the following terms and conditions:

1. Permit no. 2005010826 is hereby placed on PROBATION for a period of THEE (3) YEARS ("the disciplinary period"). During the disciplinary period, Biologics shall be entitled to engage in the practice of pharmacy provided it adheres to all of the terms of this Order.

2. The Permit Holder shall keep the Board apprised of licensed pharmacists employed by Permit Holder, and the individuals' current home and work addresses and telephone numbers.

3. The Permit Holder shall pay all required fees for permitting to the Board and shall renew its permit prior to October 31 of each permitting year.

4. The Permit Holder shall comply with all provisions of Chapter 338, Chapter 195, and all applicable federal and state drug laws, rules and regulations and with all federal

and state criminal laws. "State" here includes the State of Missouri and all other states and territories of the United States.

5. The Permit Holder shall not serve as an intern training facility for interns.

6. If, after disciplinary sanctions have been imposed, the Permit Holder fails to keep its Missouri pharmacy permit current, the period of unlicensed status shall not bee deemed or taken as any part of the time of discipline so imposed.

7. If the Permit Holder fails to comply with the terms of this agreement, in any respect, the Board may impose such additional or other discipline which it deems appropriate.

8. The Board of Pharmacy will maintain this Order as an open and public record of the Board as provided in Chapters 338, 610, and 620, RSMo.

9. Upon the expiration of said discipline period, the Permit Holder's permit to practice pharmacy in Missouri shall be fully restored if all other requirements of law have been satisfied; provided, however, that in the event the Board determines that the Permit Holder has violated any term or condition of this Order, the Board may, in its discretion, after an evidentiary hearing, vacate and set aside the discipline imposed herein and may suspend, revoke, or otherwise lawfully discipline the Permit.

10. No order shall be entered by the Board pursuant to the preceding paragraph of this Order without notice and an opportunity for hearing before the Board in accordance with the provisions of Chapter 536, RSMo.

11. If the Board determines that the Permit Holder has violated a term or condition of this Order, which violation would also be actionable in a proceeding before the Administrative Hearing Commission or the circuit court, the Board may elect to pursue any lawful remedies or procedures afforded it and is not bound by this agreement in its determination of appropriate legal actions concerning that violation.

SO ORDERED EFFECTIVE THIS 31 day of March, 2005.

RE: Disciplinary Action Explanation

Greetings,

On October 1, 2020, the Maine Board of Pharmacy found that Heritage Biologics failed to submit an amended application reporting a change of pharmacist-in-charge within the seven day time period required by Maine pharmacy regulation. Heritage Biologics misunderstood the requirement and submitted written notification of the change within seven days, but did not submit the formal amended application until notified of the issue seventeen days after the change. As such, we were found to be in violation of Maine's regulation and have agreed to the imposition of a warning and $500 civil penalty. We have now implemented additional safeguards to ensure ongoing compliance with the state laws that we operate under going forward. The Board was previously notified of the Maine Board of Pharmacy decision on October 1, 2020 and a copy of the signed Consent Order was provided on October 14th, 2020.

The pharmacy also recently reached a settlement in a reciprocal action with the State of Hawaii. The settlement specifically states that **"[t]he allegations ... relate only to the Maine Board of Pharmacy disciplinary action. Petitioner asserts no additional act or wrongdoing, and confirms that there is no allegation of patient or consumer harm in the State of Hawaii."** The countersigned Consent Agreement is not yet available but I have attached the unexecuted settlement for your review.

Should you have any questions, I can be reached at 816.875.5269.

In the Matter of the Miscellaneous Permit of HERITAGE BIOLOGICS, INC., Respondent.	)	PHA 2021-11-L SETTLEMENT AGREEMENT PRIOR TO FILING OF PETITION FOR DISCIPLINARY ACTION AND BOARD'S FINAL ORDER

241042211

SETTLEMENT AGREEMENT PRIOR TO FILING OF PETITION
FOR DISCIPLINARY ACTION AND BOARD'S FINAL ORDER

Petitioner, DEPARTMENT OF COMMERCE AND CONSUMER AFFAIRS' REGULATED INDUSTRIES COMPLAINTS OFFICE (hereinafter "RICO" or "Petitioner"), through its undersigned attorney(s), and Respondent HERITAGE BIOLOGICS, INC. (hereinafter "Respondent"), enter into this Settlement Agreement on the terms and conditions set forth below.

A. UNCONTESTED FACTS:

1. At all relevant times herein, Respondent was licensed by the BOARD OF PHARMACY (hereinafter the "Board") under miscellaneous permit number PMP 1296. The miscellaneous permit was issued on or about July 5, 2016. The miscellaneous permit will expire or forfeit on or about December 31, 2021.

2. Respondent's mailing address for purposes of this action is 255 NW Victoria Drive, Lee's Summit, Missouri 64086.

3. RICO alleges that Respondent timely reported to the Board of being disciplined by the Maine Board of Pharmacy on or about October 1, 2020 when it entered into a *Consent*

Agreement in case PHA-2020-16476 where it paid a civil penalty in the amount of $500.00 to resolve allegations of failing to timely submit an amended application reporting a change of pharmacist-in-charge. Specifically, Respondent had submitted notice of a change in pharmacist-in-charge within the time period specified by statute but failed to timely submit a new application as is required by the Maine Board of Pharmacy regulation.

4. The allegations contained herein relate only to the Maine Board of Pharmacy disciplinary action. Petitioner asserts no additional act or wrongdoing, and confirms that there is no allegation of patient or consumer harm in the State of Hawaii.

5. The foregoing allegations, if proven at an administrative hearing before the Board, would constitute violations of the following statute(s) and/or rule(s): Hawaii Revised Statutes ("HRS") § 436B-19(13) (disciplinary action by another state against the licensee).

6. The Board has jurisdiction over the subject matter herein and over the parties hereto.

B. REPRESENTATIONS BY RESPONDENT:

1. Respondent is fully aware that Respondent has the right to be represented by an attorney and voluntarily waives that right.

2. Respondent enters into this Settlement Agreement freely, knowingly, voluntarily, and under no coercion or duress.

3. Respondent is aware of the right to have a hearing to adjudicate the issues in the case. Pursuant to HRS § 91-9(d), Respondent freely, knowingly, and voluntarily waives the right to a hearing and agrees to dispose of this case in accordance with the terms and conditions of this Settlement Agreement.

4. Respondent being at all times relevant herein licensed as a pharmacy by the Board acknowledges that Respondent is subject to penalties including but not limited to, revocation, suspension or limitation of the miscellaneous permit and administrative fines, if the foregoing allegations are proven at hearing.

5. Respondent does not admit to violating any law or rule, but acknowledges that RICO has sufficient cause to file a Petition for Disciplinary Action against Respondent's miscellaneous permit.

6. Respondent enters into this Settlement Agreement as a compromise of the claims and to conserve on the expenses of proceeding with an administrative hearing on this matter.

7. Respondent agrees that this Settlement Agreement is intended to resolve the issues raised in RICO's investigation in RICO Case No. PHA 2021-11-L.

8. Respondent understands that this Settlement Agreement may be subject to reporting requirements.

9. Respondent understands this Settlement Agreement is public record pursuant to Hawaii Revised Statutes Chapter 92F.

C. TERMS OF SETTLEMENT:

1. Administrative Fine. Respondent agrees to pay a fine in the amount of FIVE HUNDRED AND NO/100 DOLLARS ($500.00). Payment shall be made by **cashier's check or money order made payable to "DCCA - Compliance Resolution Fund"** and mailed to the Regulated Industries Complaints Office, Attn: Marc T. Nakamura, Esq., 235 S. Beretania Street, 9th Floor, Honolulu, Hawaii 96813. Payment of the fine shall be due at the time this Settlement Agreement is returned to RICO.

2. Failure to Comply with Settlement Agreement. If Respondent fails to fully and timely comply with the terms of this Settlement Agreement as set forth in paragraph(s) C.1 above, Respondent's miscellaneous permit shall be automatically revoked upon RICO's filing of an affidavit with the Board attesting to such failure. In case of such revocation, Respondent shall turn in all indicia of the miscellaneous permit to the Executive Officer of the Board within ten (10) days after receipt of notice of the revocation. In case of such revocation, Respondent understands Respondent cannot apply for a new miscellaneous permit until the expiration of at least five (5) years after the effective date of the revocation. Respondent understands that if Respondent desires to become licensed again, Respondent must apply to the Board for a new miscellaneous permit pursuant to and subject to HRS §§ 92-17, 436B-21, and all other applicable laws and rules in effect at the time.

3. Possible Further Sanction. The Board, at its discretion, may pursue additional disciplinary action as provided by law to include further fines and other sanctions as the Board may deem appropriate if Respondent violates any provision of the statutes or rules governing the conduct of a pharmacy issued a miscellaneous permit in the State of Hawaii, or if Respondent fails to abide by the terms of this Settlement Agreement.

4. Approval of the Board. Respondent agrees that, except for the representations, agreements and covenants contained in Paragraphs C.5, C.6, C.7 and C.8 below, this Settlement Agreement shall not be binding on any of the parties unless and until it is approved by the Board.

5. No Objection if Board Fails to Approve. If the Board does not approve this Settlement Agreement, does not issue an order pursuant thereto, or does not approve a lesser remedy, but instead an administrative hearing is conducted against Respondent in the Board's usual and customary fashion pursuant to the Administrative Procedure Act, Respondent agrees that neither Respondent nor any attorney that Respondent may retain, will raise as an objection in any administrative proceeding or in any judicial action, to the Board's proceeding against Respondent on the basis that the Board has become disqualified to consider the case because of

its review and consideration of this Settlement Agreement.

6. Any Ambiguities Shall be Construed to Protect the Consuming Public. It is agreed that any ambiguity in this Settlement Agreement is to be read in the manner that most completely protects the interests of the consuming public.

7. No Reliance on Representations by RICO. Other than the matters specifically stated in this Settlement Agreement, neither RICO nor anyone acting on its behalf has made any representation of fact, opinion or promise to Respondent to induce entry into this Settlement Agreement, and Respondent is not relying upon any statement, representation or opinion or promise made by RICO or any of its agents, employees, representatives or attorneys concerning the nature, extent or duration of exposure to legal liability arising from the subject matter of this Settlement Agreement or concerning any other matter.

8. Complete Agreement. This Settlement Agreement is a complete settlement of the rights, responsibilities and liabilities of the parties hereto with respect to the subject matter hereof; contains the entire agreement of the parties; and may only be modified, changed or amended by written instrument duly executed by all parties hereto.

IN WITNESS WHEREOF, the parties have signed this Settlement Agreement on the date(s) set forth below. Each signatory to this Settlement Agreement hereby represents and warrants that he/she is authorized to execute and deliver this Settlement Agreement in the capacity shown below.

HERITAGE BIOLOGICS, INC.	)	
	)	CONSENT AGREEMENT
Case No. 2020-PHA-16476	)	

PARTIES

This document is a Consent Agreement regarding disciplinary action against the mail order prescription pharmacy license of Heritage Biologics, Inc. ("Heritage") in the State of Maine. The parties to this Consent Agreement are: Heritage, the Maine Board of Pharmacy ("the Board"), and the Maine Office of the Attorney General ("the Attorney General"). This Consent Agreement is entered into pursuant to 10 M.R.S. § 8003(5-A).

FACTS

1. At all times relevant to this matter, Heritage was licensed by the Board as a mail order prescription pharmacy, license no. MO40002094, located at 255 NW Victoria Drive, Lees Summit, Missouri.

2. On August 30, 2019, Megan Johnson replaced Joseph Saupee as the pharmacist in charge ("PIC") of Heritage, thereby requiring Heritage to submit a Change of PIC application to the Board within 7 days after the PIC change.

3. Heritage, however, did not file a change of PIC application with the Board until September 17, 2019.

4. On June 6 2020, Board Administrator, Geraldine Betts, filed an administrative complaint with the Board alleging that Heritage had failed to file a timely change of PIC application.

5. This administrative complaint was docketed as case no. 2020-PHA-16476.

6. Under Board Rules Chapter 11, § 3, upon a change of PIC, a mail order prescription pharmacy must file a new application with the Board by registered mail no later than seven (7) days after the change.

7. Pursuant to the Board's delegation of authority dated January 3, 2019, which authorizes Board Staff to offer prescribed consent agreements to resolve first-time violations of PIC change notification requirements, this Consent Agreement is being offered to finally resolve Case No. 2020-PHA-16476.

8. Absent acceptance of this Consent Agreement by signing and dating it and returning it to Board of Pharmacy, Complaint Division, Office of Professional and Occupational Regulation, 35 State House Station, Augusta, ME 04333 by **July 10, 2020**, the Board will resolve this matter by holding an adjudicatory hearing.

COVENANTS

9. Heritage admits to the facts as stated above and admits that such conduct constitutes grounds for discipline pursuant to 10 M.R.S. § 8003(5-A)(A)(5) for violating a rule of the Board, specifically Board Rules Chapter 11, § 3, by failing to file a new application with the Board by registered mail no later than 7 days after a change of PIC.

10. As DISCIPLINE for the violation admitted to in paragraph 9 above, Heritage agrees to accept the imposition of:

a. A WARNING; and

b. A CIVIL PENALTY in the amount of five hundred dollars ($500.00). Payment of the civil penalty shall be made by check or money order payable to the "Treasurer, State of Maine" and delivered to the Board of Pharmacy, Complaint Division, Office of Professional and Occupational Regulation, 35 State House

Station, Augusta, ME 04333, and must be submitted with the signed Consent Agreement.

11. This Consent Agreement is not appealable and is effective until modified or terminated by the parties hereto.

12. Violation of any of the terms or conditions of this Consent Agreement by Heritage shall constitute grounds for discipline, including but not limited to modification, suspension, or revocation of licensure or the denial of licensure or re-licensure.

13. The Board and the Office of the Attorney General may communicate and cooperate regarding any matter related to this Consent Agreement.

14. This Consent Agreement is a public record within the meaning of 1 M.R.S. § 402 and will be available for inspection and copying by the public pursuant to 1 M.R.S. § 408-A.

15. Nothing in this Consent Agreement shall be construed to affect any right or interest of any person not a party hereto.

16. The Board and Heritage agree that no further agency action will be initiated against Heritage's license by the Board based upon the specific violations admitted to herein, except or unless Heritage fails to comply with the terms and conditions of this Consent Agreement. The Board may however consider the conduct described above as evidence of a pattern of misconduct in the event that other allegations are brought against Heritage and this Consent Agreement will be introduced as evidence in any future adjudicatory hearing involving Heritage. The Board may also consider the fact that discipline was imposed by this Consent Agreement in determining discipline in any further complaints against Heritage.

17. Heritage acknowledges by its duly authorized representative's signature hereto that it has had an opportunity to consult with an attorney before executing this Consent Agreement, that it

executes this Consent Agreement voluntarily, and that it agrees to abide by all terms and conditions set forth herein.
