RE: Complaint Investigation CI 2018 82548

Dear Pharmacist-in-Charge Pieter Koekemoer:

The Board of Pharmacy has completed its investigation regarding the complaint against Owens Compounding #8 alleging violations of pharmacy law.

As a regulatory agency, when conducting an investigation, the Board must adhere to violations prohibited in pharmacy law. Specifically, the information and documentation obtained during the course of an investigation must clearly demonstrate that a violation of pharmacy law occurred.

The Board's analysis of the information and documentation received did not identify sufficient evidence to determine that a violation of pharmacy law occurred. Accordingly, the Board is closing the matter and will be taking no action against the pharmacy or its licensees.

Although we are closing this matter, please be advised that it is your professional responsibility to assure compliance with all pharmacy laws.

We would like to thank you for your cooperation and assistance. If you should have any questions, please contact the Board at the above address or telephone number.

Sincerely,

THOMAS LENOX

Dear Inspector,

I have known Alan Cardin (Delivery Driver) personally for over two years. In those two years I have directly managed Alan. I am pleased to tell you that Alan is an upstanding employee that comes to work every day to serve our customers. Alan is one of best delivery drivers and has constantly proved he is dependable and honest. I find it hard to believe that anyone who truly knew Alan would accuse him of any inappropriate behavior. I have received countless comments from people about how lucky we are to have Alan as an employee. He is an amazing asset to our team and to the community. I hope you will accept this statement as a reflection of how everyone in this company knows Alan to be, an outstanding employee and citizen.

To whom it may concern,

I have been working with Allan as a driver since July 2014.

Allan has always been a very pleasant person, not only to work with but the times we spoke at work gatherings or social events, he has shown himself to be a man of integrity, a diligent hard worker and has a definite value system. He always does his work with discernment, and puts patients and coworkers above himself and does his best to get the job done in a timely fashion. Allan has always been professional in his work and I have never heard of anyone complaining about his attitude or work ethic.

I vouch for Allan as a good person of character.

Kind Regards

Pieter Koekemoer

Pharmacy Manager

3/7/19.

To whom it may concern,

Alan has been an Owens Delivery driver for our bedside delivery program since I have been with Owens Compounding Pharmacy starting June 2015. Alan's main duty to Owens Compounding is to deliver acute medications to our bedside programs that are present at both Mercy Hospital and Shasta Regional Medical Center. Alan has always displayed a professional and efficient work ethic. He is prompt to pick up medications that need a quick turnaround time and timely to return his delivery receipts once the deliver y has been made. He has always been reliable and I would consider him the best delivery driver that Owens has. My relationship with Alan is strictly professional and he has never given me reason not to trust his judgement or character.

Sincerely,

Jonathan Palmer, CPhT

Policy: Bedside Delivery Driver	Date Written: 12/2017
Date Approved: 12/2017	Revision Date: 12/2017
Effective Date: 12/2017	

Purpose: To outline the daily duties of the Bedside delivery driver.

Policy: The driver that fills the Bedside delivery route must follow all procedures and be assigned a Driver II position.

Procedure:

Assigned Route:
The assigned driver must remain within a 10 minute driving time distance (even in severe daytime traffic) in order to fulfill the required duties of the Bedside Program. Although the physical route will change on a daily basis to accommodate changing delivery locations there are several consistent stops that must be made within coordinated times to accomplish all the duties related to the Bedside Program outlined below.

1. Driver must be fully compliant with the standards set forth by the facility that will be receiving a beside delivery program including all documentation and proper immunizations required.
2. Drivers will be expected to perform all the duties listed below including some of the duties of the Owens Bedside Representative that may require them to deliver to a patient in their room.

    a. The Bedside Driver must check all of their messages delivered to their mobile device via email or voicemail once they clock in to be sure they are not missing any vital instructions for their day.
    b. The Bedside driver checks the Mercy bedside discharge unit every morning before they start to any OH locations and coordinates with the Bedside Representative to hand over any pending discharges.
    c. After dropping off any pending bedside enrollments the driver continues the route to the assigned stores to pick up/drop off and deliveries and interoffice bags. During any of the following steps the Bedside driver's first priority is to be available to the Bedside program in any way needed.

        i. Gather all deliveries from the assigned stores and meet back at OH1 once all interoffice bags have been delivered.
        ii. Once deliveries have been gathered from the assigned stores, sort the deliveries according to geographical region and give to each driver assigned to that region.
        iii. Prior to 4:45pm all discharges from the discharge unit must be gathered prior to their closing for the day and given to the Bedside Representative.
        iv. Resume any geographically assigned deliveries until complete.

3. **Deliveries Requiring Payment Upon Arrival**

a. If a customer asks if you can deliver just the medications that do not require payment, and return the medications that do, inform the patient that this is against our company's policy and that you cannot separate the medications once placed in the bag. Once deliveries are in the hands of the patient they are responsible to pay any owed charges and they cannot be returned to the pharmacy.
b. Delivery medications ***cannot*** be split up once the driver has them for delivery.
c. Customer must accept all, and pay for the medications, or none of the medications may be delivered.
    i. If customer refuses delivery due to a lack of a payment method, inform them of the options available to them such as providing credit card information, check or cash. If the patient cannot pay, the medications will be returning to the store and the customer is welcome to call the store to determine another delivery/payment method.
d. Upon receipt of payment, you may send the patient a receipt using the credit card reading application on your phone.
e. The store sending the Bedside medication is responsible to try and secure a payment method before sending out the medication to the driver. (For example: Cash upon delivery with verbal conformation, credit card, check…)

4. Making The Delivery

a. Depending on if this delivery is being made to a Bedside Representative or to the specific patient in the facility the process may vary slightly.
b. If the delivery is being made to the Bedside Representative then simply give the delivery to them.
c. For deliveries made to the specific patient in the facility, if you are not giving it to the Transitional Care Coordinator, follow the below procedure.
    i. Confirm the patient identity by using all the patient information available to you: name, date of birth, address, phone number…
        1. If delivering a controlled substance confirm patient identity by checking their ID
    ii. Inform the patient of the charges and document receiving the payment method.
    iii. Inform the patient that you will be placing them on a call with the Pharmacist to review the medications that are being delivered.
    iv. Use the patient's phone in the facility to dial the pharmacy phone number and confirm that the pharmacist is ready to consult the patient and pass the phone to the patient.

Designated Representative Application

Rev (04/22/2021)

An application for a license, or a licensee with a license, to conduct a pharmacy or to operate as a wholesaler shall designate at least one natural person to serve as the representative of the pharmacy or wholesaler. The Board will not issue or renew a license of an applicant or licensee that is required to designate a representative of a pharmacy or wholesaler unless the Board determines that the designated natural person meets the following qualifications per NAC 639.5005 (Pharmacy) or NAC 639.5935 (Wholesaler):

1. Is at least 21 years of age;
2. Has been employed for at least 6,000 hours in a pharmacy or with a wholesaler in a capacity related to the dispensing and distribution of, and recordkeeping related to, prescription drugs.

The designated representative of a pharmacy or a wholesaler:

1. Must be actively involved in and aware of the actual daily operations of the pharmacy or wholesaler;
2. Must be employed full-time in a managerial level position with the pharmacy or wholesaler;
3. Must be physically present at site of the pharmacy or at the facility of the wholesaler during regular business hours, except when the absence of the representative is authorized, including sick leaves, vacation leaves and other authorized absences; and
4. May serve in this representative capacity for only one pharmacy or wholesaler at a time

A pharmacy or wholesaler that is required to designate a natural person as its representative shall not open or operate the pharmacy or wholesaler unless that representative is actually employed full-time in the operation of the pharmacy or wholesaler and is physically present at the site of the pharmacy or wholesaler during regular working hours, not including sick leave, vacation leave and other authorized absences from work. If the natural person designated as the representative of a pharmacy leaves the employ of the pharmacy or wholesaler, thus leaving the pharmacy or wholesaler without a representative in violation of this section, the pharmacy or wholesaler shall:

1. Immediately cease conducting business until another qualified natural person is approved by the Board to serve as the representative of the pharmacy or wholesaler; and
2. Not later than 48 hours after that person leaves its employ, notify the Board that the person designated as the representative of the pharmacy or wholesaler has left the employ of the pharmacy or wholesaler.

Before a pharmacy or wholesaler, that is in violation of NAC 639.5005 (Pharmacy) or NAC 639.5935 (Wholesaler) because the natural person designated as the representative of the pharmacy or wholesaler left the employ of the pharmacy or wholesaler, may continue conducting business:

1. The pharmacy or wholesaler must designate, on a form provided by the Board, a new natural person to serve as the representative of the pharmacy; and
2. The Board must approve the natural person so designated.

Revised 6/2016

Sublingual Immunotherapy (SLIT)

What is SLIT?

Sublingual immunotherapy (SLIT) allergy drops help teach the body tolerance to allergen exposure, thus reducing unwanted allergy symptoms

The goal of SLIT allergy drops is to treat common allergic conditions, such as watery or itchy eyes, sneezing, stuffy and itchy nose, or itchy skin.

With ongoing treatment, you may no longer depend on using allergy symptom medications

Directions for use

Administer your SLIT medication according to the instructions received from your provider

STEP ONE:

Remove the screw cap from your PHASE ONE treatment bottle and securely attach the metered pump provided

STEP TWO:

Prime the bottle by pressing the pump until you see a small amount of solution exit the pump tip
Once primed, place the pump bottle tip under the tongue and press the pump (1 pump = 1 dose)

STEP THREE:

Hold for two minutes prior to swallowing, this is important to allow the solution to absorb
(do not swallow or spit out the solution too quickly as this will lead to less uptake)

After administering dose, place the bottle in a convenient place as a helpful daily reminder
Store remaining bottles not in use (PHASE TWO and PHASE THREE) in the refrigerator

What to expect

- Close adherence to your treatment plan offers the best chance at relief
- Some may experience benefit in as little as 30 days
- Efficacy may be most noticeable when exposed to your most problematic allergens
- Sublingual immunotherapy is recommended for 3 to 5 years
- Consult with your provider if symptoms do not noticeably improve

Considerations:

- Try taking your medication at the same time each day at the direction of your provider, if you miss a dose, call your provider for assistance

Contraindications

Consult with your provider if you have any of the following:

- Severe, unstable or uncontrolled asthma
- History of any severe systemic allergic reaction (aka anaphylaxis)
- Hypersensitivity to any of the inactive ingredients
- History of eosinophilic esophagitis
- History of severe local reaction after taking allergen immunotherapy (AIT)

Warnings & Precautions

SLIT allergy drops very rarely cause serious allergic reactions, such as anaphylaxis

Call 911 and seek medical attention immediately if you have any of the following symptoms

Trouble breathing, swallowing or speaking

Throat swelling or tightness

Dizziness or fainting

Rapid or weak heartbeat

Side Effects

Common side effects may include:

- Itching of the mouth *(most common)*
- Itching of the tongue
- Minor swelling of the tongue
- Throat irritation
- Sneezing
- Itchy eyes or ears
- Runny/congested nose
- Cough
- Headache
- Nausea

Very rare side effects include:

- Dizziness
- Dry mouth
- Dry throat
- Abdominal pain
- Vomiting
- Diarrhea

Side effects typically resolve with ongoing treatment, contact your provider if symptoms persist

Calculations **Pharmacy Tech**

1. All extract dilutions can be calculated by using the following formula:
V1 x C1 = V2 x C2
V1 = Final volume wanted
C1 = Concentration (w/v) of extract wanted
V2 = Volume of extract needed for dilution
C2 = Concentration of extract that will be used EXAMPLE:
V1 = 10 mL
C1 = 1:100
V2 = X (unknown)
C2 = 1:1
Solve for V2; (V1 x C1)/C2 = V2

2. Diluent (Glycerin 50%) to be added calculation
Total volume of maintenance bottle (10 mL) - Sum of all extract volumes ordered = Diluent to be added
EXAMPLE: (Rx Order)
Dog Dander 0.75mL
Timothy Grass 0.5mL
Glycerin 50% (Diluent) XmL
0.75 mL + 0.5mL = 1.25mL
Diluent = 10mL - 1.25mL = 8.75 mL Glycerin 50% added to maintenance bottle

3. Batch Yield
Batch Yield = Actual quantity of goods produced/Theoretical quantity of goods expected

Provide explanation below:

A complaint was made concerning grants made tby the Board of Pharmacy to PRN, In. to Mary Grear, Executive Divector. The Board of Pharmacy sent notice of a request for hearing to the wrong mailing address even though the correct address was on file at the Board Office. This resulted in my knot being aware that I needed to appear until after the Board Meeting. I subsequesntly prepared the requested documents and submitted them to the Board Auditors who found no discrepencies in the funds granted by the Board of Pharmacy to PRN and the expense record under my administration. A rehearing was held and the case was closed finding all monies were accounted for the PRN, Inc grants.

Provide explanation below:

On April 18, 2012, the above Board sent a request for records and explanation of care regarding a complaint by a patient. A Second and a Final Request were sent on June 29, 2012, and August 28, 2012, respectively. In September 2012, Board Investigator, Monica Gustafson, contacted our then Practice Administrator by phone regarding the lack of a response. I was told by my Practice Administrator that in order to be compliant, only the copies of the records of this patient needed to be sent to the Board, since the surgeon whose care precipitated the complaint was no longer with our practice. Under this mistaken belief, my Practice Administrator sent only the requested copied records to the Board on September 7, 2012.

What I did not realize (since my Administrator never forwarded to me the above Requests and due to her misunderstanding of what was Requested) was that the Requests also included a Request to provide an explanation of the care provided with regard to the patient's complaints. Therefore as a result of my failure to respond to the latter part of the Request, the Board issued an Order dated June 28, 2013, requiring me to appear before the Investigative Committee. I appeared before the Investigative Committee on November 14, 2013.

After I appeared before the Committee in Reno, NV, on November 14, 2013, and reviewed and explained the above, the Confidential Investigative Committee decided to close the matter without any further action(s).

As part of this process, I expressed my sincere apologies to the Board for my Administrator not reading the Requests carefully enough and for not forwarding any of them to me for review. I explained the corrective action steps our Practice has taken to avoid such a gaffe in the future. These steps include the fact that the Practice Administrator responsible for not forwarding these Board requests is no longer with our practice.

Re: ***BME Case # 12-13732***
Licensee: ***Kent L. Wellish, M.D.; License No. 7032***
Patient: [redacted]

Ms. Gustafson, Investigative Committee Members, and Board Counsel:

At the outset Dr. Wellish wants to extend his sincerest apology and takes full responsibility for the necessity of the Investigative Committee to issue an Order requiring Dr. Wellish to appear before the Investigative Committee on November 14, 2013.

Dr. Wellish acknowledges the initial complaint of [redacted] **(Exhibit 1)** was sent to his office on April 18, 2012. Dr. Wellish further acknowledges a Second Request and Final Request to respond was sent to his office respectively on June 29, 2012 and August 28, 2012. See **Exhibits 2 & 3.** In September 2012, Board Investigator, Monica Gustafson, contacted Yvonne Martin, Dr. Wellish's Administrator by phone regarding the lack of a response. Dr. Wellish was told by his administrator to be compliant, only the copies of the records of Ms. [redacted] needed to be sent to the Board. Under this mistaken belief Dr. Wellish's administrator sent Ms. [redacted] copied records to the Board on September 7, 2013. See **Exhibit 3,** second page (annotated copy of August 28, 2012, final request letter. Please see attached Dr. Wellish's correspondence to Ms. Gustafson regarding his facts surrounding his failure to respond. **Exhibit 4.**

Hopefully the above information satisfies the Investigative Committee's concerns regarding Dr. Wellish's failure to respond timely to the complaint of [redacted]. Again Dr. Wellish apologizes for the confusion. As a result of Dr. Wellish's failure to respond the Board issued an Order dated June 28, 2013 requiring Dr. Wellish to appear before the Investigative Committee on August 16, 2013. See **Exhibit 5.** Thereafter, the undersigned, Dr. Wellish's attorney, prepared a notice of appearance to the Board and requested a continuance of the appearance before the Investigative Committee. See **Exhibit 6.** The request for the continuance was granted and currently Dr. Wellish is scheduled to appear before the Investigative Committee on November 14, 2013. See **Exhibit 7.**

In anticipation of the appearance before the Investigative Committee, Dr. Wellish has prepared a factual response below to the twenty-seven (27) allegations submitted in the letter complaint of [redacted] dated April 18, 2012. See **Exhibit 1.**

ALLEGATION #1. The complaint alleges that the patient presented to the Wellish Eye Institute (sometimes referred to as the "clinic") in or around March 2011 to April for cataract surgery on both her right and left eyes.

RESPONSE TO ALLEGATION #1. In reviewing the patient's chart, the first office visit at the Wellish Vision Institute appears to be one dated February 2, 2011, when she was seen by Dr. Peter-DeBry. At that time, it appears the patient was referred for evaluation of decreased vision and on review of systems reported problems with her thyroid and allergies. In her entry questionnaire, she reported headaches, shortness of breath, history of heart attacks, heart failure, high blood pressure and heart rhythm problem. She also reported a history of a lazy eye. **At this first visit, before her surgery, she complained of "Diplopia** (double vision) when reading chart." **She also complained of ocular redness on her history intake sheet – before her surgery.**

Her glasses prescription and refraction both indicated mild to moderate astigmatism. Her vision with her present glasses was 20/60-2 in her right eye and 20/40-1 in her left eye, improving to 20/50+ in her right eye and to 20/25 in her left eye on refraction. On biomicroscopy, Dr. DeBry noted the presence of "1+ MGD." This is a standard abbreviation for **Meibomian Gland Dysfunction, also known as Meibomitis, MGD and/or Posterior Blepharitis**. Dr. DeBry also noted the presence of bilateral cataracts, optic nerve asymmetry suggestive of "glaucoma suspect," and "PVD" (posterior vitreous detachment)." MGD is a very common finding in this patient's age group. The decision as to whether or not treatment is necessary before cataract surgery is on a case by case basis, based on the level of severity, and based on the judgment of the surgeon at the time of evaluation. Based on a review of the chart, it appears that Dr. DeBry did not feel that the level of severity warranted treatment prior to surgery.

In summary, it appears the patient presented to the Wellish Vision Institute on February 2, 2011, for cataract surgery on both her right and left eyes.

On February 9, 2011, the e-prescribing for the Pred Forte 1% and Zymaxid eyedrops was printed out. The patient's chart notes Ciloxan drops were called in by the Wellish Vision Institute

("office" or "clinic") by Eric M. The chart says "per pt Zymaxid not covered under insurance)." It appears a less expensive medication was called in that has not quite the same anti-bacterial coverage in protecting against post-operative infections, but is less expensive.

ALLEGATION #2. The first surgery was performed on her right eye and then seven weeks later on her left eye.

RESPONSE TO ALLEGATION #2. The clinic chart contains an operative report dated February 14, 2011, regarding cataract surgery in the right eye, as well as an operative report dated April 4, 2011, regarding cataract surgery in the left eye. That calculates out to around 3 weeks between surgeries.

ALLEGATION #3. It is alleged that during the weeks prior to surgery another physician prescribed several medications to prepare the patient's eyes for the procedures. The medications prescribed for her right eye were Zymar, Pred Forte, and Bromday and were administered by the patient in eye drop form.

RESPONSE TO ALLEGATION #3. Zymar, Pred Forte and Bromday are standard eye drops that would be typically prescribed before cataract surgery at that time. Zymar is an antibiotic, Pred Forte is a steroid, and Bromday is a nonsteroidal anti-inflammatory drug, or NSAID. These would typically be started not weeks, but days before surgery. Dr. Wellish saw no evidence that the patient was instructed to start these medications "weeks" before surgery. Given that the patient was first examined on February 2, 2011, and had surgery on February 14, 2011, the notes in the chart do not support the claim of having these medications started "weeks prior to surgery" for the patient's right eye. The chart contains a print out of an eRX, electronic prescription for Pred Forte and Zymaxid eye drops on February 8, 2011, which appears to be the day of the patient's pre-operative exam. This printed page also contains a note from February 10, 2011 @ 11:17 am re: "per pt Zymaxid not covered under insurance. Called in Ciloxan...sw Eunice. /ok per Eric M." (Eric is an Ophthalmic technician at the clinic, not another physician as alleged by the patient).

Patient: [redacted]

ALLEGATION #4. It is alleged that in conjunction with this pre-medication regime the other physician also had another type of drops administered the day of first surgery.

RESPONSE TO ALLEGATION #4. The chart, in part, provides: "Standing orders for cataract surgery" ordered not by another physician as is alleged, but by Dr. DeBry, dated February 14, 2011. There appear to be 5 different types of pre-medication eye drops ordered by Dr. DeBry for the day of surgery, to be administered at the surgery center. The types of drops administered on the day of the first surgery appear to be standard medications that a responsible, reasonable eye surgeon would typically prescribe for this type of surgery.

ALLEGATION #5. When the patient returned for her follow up after the surgery on her right eye she told the physician that if she looked to the side she could see the edge of the lens.

RESPONSE TO ALLEGATION #5. As noted in the clinic chart, the first post-operative exam for the patient's right eye occurred on February 15, 2011, when the patient was examined by Dr. Jefferson Langford. According to the chart notes, at that time the patient stated "OD (right eye) comfortable: No pain/discomfort noted. Vision still blurry." There is no mention of the above complaint that if she looked to the side she could see the edge of the lens at this visit. On this date, one day after surgery, uncorrected visual acuity was noted to be 20/30= in the right eye without correction, indicating that after surgery, ***the patient was reading letters roughly half the size (much smaller) than she was able to read without glasses before the surgery and two lines better than she could read with glasses before the surgery which is good enough to pass a driver's test without glasses.***

According to the chart, the patient apparently was next seen on February 22, 2011, again by Dr. Langford. The chart states: "Recent History: States OD (right eye) comfortable: Vision improving – sees a shadow temporally since surgery," She reported using the following eye drops: Prednisolone, Zymaxid, Bromday. Her uncorrected vision (in her right eye) was 20/30=. Refraction was -1.25 +1.00 x 170 = 20/20-. The PCIOL (lens implant appeared to be) clear, good position (all in the right eye).

ALLEGATION #6. She was told that her eye would adjust to not seeing it after a while.

RESPONSE TO ALLEGATION #6. In reviewing the clinic chart, a notation is made on February 22, 2011: "lens adaptation." This likely denotes telling the patient her eye would adjust. However, Dr. Wellish was not present, so he can only speculate. Notwithstanding, the phenomenon of what the patient describes above is commonly referred to in the field as a "negative dysphotopsia." See Reference monographs from American Academy of Ophthalmology (**Exhibit 8**) and EyeWorld. The Newsmagazine of the American Society of Cataract & Refractive Surgery. See **Exhibit 9**. This visual disturbance typically does resolve over time and reassurance is the type of counseling recommended by many experts in the field. Unfortunately, there are some rare cases in which this disturbance does not resolve, in spite of a perfectly performed surgery and perfectly centered lens implant.

This topic of undesired optical images associated with intraocular lens implants, or "dysphotopsia," is a widely discussed topic in the field. The American Academy of Ophthalmology addresses this topic on its web site in the "Practicing Ophthalmologists Learning System," which, it is believed, is the source for many Board Certification and Re-certification questions. See **Exhibit 8.** The first medical therapy option listed by this trusted source is "Reassurance." This appears to be what was chosen by the doctor who saw the patient at February 22, 2011, visit. Again, Dr. Wellish was not present at the February 22, 2011, visit and, therefore, cannot know for certain whether the patient was told her eye would adjust to not seeing it after a while. Dr. Wellish believes, however, that in light of his knowledge of the clinic and Dr. Langford, he believes that no definitive statement would be made, other than "in most cases, the symptoms improve or resolve, but not all cases..."

ALLEGATION #7. It is alleged that after a year has passed the patient can still see the lens in her right eye.

RESPONSE TO ALLEGATION #7. It goes without saying that only the patient knows what she sees. Sadly and frustratingly, such disturbances can persist in some patients, despite performing a perfect surgery and using the highest quality lens implants. Please see again reference articles attached as **Exhibits 8** and **9.**

ALLEGATION #8. The cataract surgery for the left eye was performed in April 2011.

Patient: [redacted]

RESPONSE TO ALLEGATION #8. The chart notes provide the patient was examined by her surgeon, Dr. DeBry, on March 23, 2011. At that time, it is recorded the patient stated; "OD (right eye) doing great. Happy with result. Wants to schedule Surg OS (left eye) in Apr(il)." There was no mention of burning, red eyes, or being bothered by "seeing the lens." It is noted that Dr. DeBry instructed the patient that it was "OK to use PF (Pred Forte) prn, tenderness."

A documentation sheet in the chart notes on March 23, 2011, someone from the clinic spoke to someone at Walgreens regarding calling in prescriptions for Pred Forte and Ciloxan. A procedure note dated April 4, 2011, indicates the patient had cataract surgery in the left eye.

ALLEGATION #9. Prior to the procedure once again the patient was required to pre-medicate the eye. The drops used prior to the left eye surgery were Nevanac, Zymaxid and Pred Forte.

RESPONSE TO ALLEGATION #9. Nevanac, Zymaxid and Pred Forte are typical drops one would use or prescribe to pre-medicate the eye for cataract surgery. Nevanac and Bromday are used interchangeably. If a patient has better insurance coverage for one than the other, or if samples of one are more readily available, these factors could lead to using Bromday for the first eye and Nevanac for the second eye, or vice versa.

ALLEGATION #10. The patient asked why the medications were different and she was told by an office assistant, "The doctor likes the Nevanac better than the one he used in your right eye."

RESPONSE TO ALLEGATION #10. Dr. Wellish was not present and, therefore, cannot affirm or deny this allegation. However, it is noted that some doctors do prefer Nevanac but might use Bromday instead if a sample is readily available, as they are felt to be equivalent by many. Also, as noted above, if a patient has better insurance coverage for one than the other, or if samples of one are more readily available, these factors could lead to using Bromday for the first eye and Nevanac for the second eye, or vice versa.

Staff at the clinic are trained to respond to questions like this in a more professional way than what is described above. While Dr. Wellish was not present and, therefore, can neither confirm nor deny what an office assistant allegedly told the patient on the above occasion, **the mere fact that a patient would perceive having something explained in a way that was**

disturbing is reason enough for the Wellish Vision Institute to plan extra staff training dedicated to this topic and how questions such as this are answered in a way that does not diminish the patient's experience and level of satisfaction in the clinic.

ALLEGATION #11. After the surgery the patient noticed a "significance" (? Significant difference?) in the way her left eye felt in comparison with her right eye. Her left eye, specifically the top of her lid, hurt to the touch.

RESPONSE TO ALLEGATION #11. The one day post-operative note dated April 5, 2011, does state "Pt c/o FB (foreign body) sensation OS (left eye)," but makes no mention of the top of her lid hurting to the touch. A foreign body sensation is a very common symptom in the first few days after cataract surgery.

ALLEGATION #12. Approximately two to three months after the surgeries the patient began to see double in her right eye and her left eye was still in pain. She presented to the Wellish Institute again and was given Pred Forte and told to use to soothe the eyes.

RESPONSE TO ALLEGATION #12. The patient noted double vision on post-op day #1 (April 5, 2011), which would be expected for someone having pre-existing astigmatism. This would be expected to resolve with glasses, typically prescribed after one month following surgery, when the refraction is typically more stable. Some patients choose to have their astigmatism corrected at the time of their cataract surgery. Based on the chart notes, it appears that this patient elected not to correct her astigmatism. This pre-existing astigmatism is the most likely cause of her double vision, and would be expected to be readily corrected with glasses, starting about a month after surgery is performed on the second eye.

There is a telephone encounter sheet dated April 11, 2011. The patient evidently called in stating she had cataract surgery on Monday, April 4, 2011. She requested to speak to a tech regarding her prescriptions. One of the clinic's senior techs, Rob Ramirez, noted he called the patient back the same day and advised her to continue Pred Forte qid and Bromday QD. He advised her to stop the Ciprofloxacin. He noted he spoke with the patient at 15:31.

The patient was also seen on April 14, 2011, when she reported: "OS (left eye) vision still blurry. No pain/discomfort noted." The uncorrected vision was noted to be 20/40 in the right eye and 20/40- in the left eye, improving in the left eye to 20/20- with a refraction of -1.00 +1.75 x 165 (in the right eye). The +1.75 signifies 1.75 diopters of astigmatism, which explains the double vision and is typically remedied with glasses.

The patient was then seen on May 5, 2011, when she complained at her one month post-op visit of increased tearing & soreness to touch OS (left eye) on/off since sx (surgery). The patient also stated: "Still seeing something temp (temporally) OD (right eye) since surgery." At that time astigmatism was noted in each eye, as it was noted as a pre-existing condition before surgery. The patient corrected to 20/20 in the right eye and 20/20- in the left eye at this visit with refraction. **A mild rebound iritis was noted in the left eye at this time, which is the most likely cause of the above symptoms.** For this reason, the Prednisolone drops were restarted BID, and the patient was instructed to follow-up in 1 month. It is noted that **glasses** (spec Rx) **were prescribed to the patient at this visit.**

The patient returned, as instructed, on June 7, 2011, when she was evaluated by Dr. Langford. At this time, the chart states she reported "**OU (both eyes) comfortable. No pain/discomfort**. Wants glasses Rx rechecked and needs reading Rx today." She reported taking "no gtts/ung (no eye drops or ointment)" at this time. She was refracted and her refraction had indeed changed, as can happen. Her astigmatism appears to have increased in both eyes. **Since her eyes were comfortable and no conjunctival injection or corneal problems were noted, no eye drops or ointments or pills were prescribed.** Dr. Langford ordered Glaucoma testing due to pre-operative findings, and she was instructed to follow up in 4 months for this. **This exam and plan are typical for a patient who is not complaining of anything and was now thought to be recovered from surgery.** The testing and follow-up were in regard to the pre-operative evaluation in which Dr. DeBry detected optic nerve asymmetry, suggestive of glaucoma suspect. Our ophthalmic technicians and doctors are trained to listen to and record in the medical record every symptom and complaint so that we are addressing everything. **No mention of the patient seeing the lens, redness or any tearing or discomfort was noted at this visit.**

ALLEGATION #13. The patient's condition worsened so she went back to the institute and was then instructed to stop taking the Pred Forte.

RESPONSE TO ALLEGATION #13: In the chronology of the medical record, although the patient was instructed to discontinue the Pred Forte **at her final post-operative visit of June 7, 2011, rather than the condition worsening as is alleged, the symptoms of redness, tearing and discomfort appear to have RESOLVED by this visit**, as the recorded history states: "Stated OU (both eyes) comfortable. No pain/discomfort. Want glass(es) Rx rechecked and needs reading Rx today." There was no stated complaint of "seeing the lens." **The chart notes that at that office visit of June 7, 2011, the patient reported she was no longer taking any eye drops or ointment by June 7, 2011** - at the previous visit one month prior (May 5, 2011), the prescribed treatment was for Prednisolone BID for 4 weeks. By June 7, 2011, the 4 weeks had passed and the Pred drops were no longer to be used or needed.

There is a big difference between "the condition worsening so she went back to the institute" and "OU (both eyes) comfortable, no pain/discomfort." This discrepancy raises the question as to whether the patient made an honest mistake in her recollection or was "spinning a tale."

What the patient refers to as her condition "worsening" coincides with a phone call and office visit of September 12, 2011. The remaining allegations and complaints seem to follow the same pattern in that they roughly correlate with the clinical course, but the allegations are not consistent with the facts documented in the medical record and in the consultation report from the Oculoplastics Consultant, Dr. Steven Leibowitz.

In order to clarify the facts and timeline, Dr. Wellish has reviewed the clinic notes, consultation requests and reports, and telephone encounter sheets. The same are addressed and explained below in chronological order to facilitate the Board's review. Also, included with this letter are Reference "preferred practice pattern" materials and monographs regarding Blepharitis **(Exhibit 10)**, Meibomian Gland Dysfunction **(Exhibit 11)** and Dry Eye Syndrome **(Exhibit 12)**, from the website of the American Academy of Ophthalmology, a monograph from the American Academy of Ophthalmology on Tearing **(Exhibit 13)** and a Report of the Subcommittee on Management and Treatment of Meibomian Gland Dysfunction **(Exhibit 14)**, which relate to the patient's conditions and recommended diagnostic and treatment options. The above referenced materials demonstrate that the Wellish Vision Institute's treatments were in line with national and local standards and were unlikely to have caused any worsening of the patient's redness, blurriness and tearing. See **Exhibits 10, 11, 12, 13, 14, 18, and 20.**

As addressed above, a relevant chronological timeline is as follows.

A telephone encounter sheet dated September 12, 2011, states the patient called in with a three (3) day history of teary eyes. She was added on for a same day "add on" for Dr. Langford. In contrast to a chronic problem that never went away, as is alleged or implied in the complaint, **this history is of a new onset of a new problem.**

At that time (September 12, 2011), the patient presented to the clinic with "tearing" and "red eyes." Remember, when she was previously seen at the clinic three (3) months prior, her eyes had returned to being comfortable and she was continuing off of all ocular medications. **Her condition appeared to have resolved by June 7, 2011, off of all medications. Three months had passed, during which she apparently was symptom free off of all ocular medications.**

The history the patient gave on September 12, 2011, when she was **seen by Dr. Jefferson Langford** in the clinic, rather than that of a chronic condition worsening as her at-issue complaint alleges, was as follows: "pt reports having a cold, first started (about) 10 days ago. Eyes are red, painful x 1 week. Saw PCP (primary care physician), Rx'd (prescribed) Tobramycin OD (right eye) first, then OS (left eye)...Tobramycin drops not helping, d/c (discontinued) 3 days ago." "Tender sensation, worse OS than OD. Watery discharge, especially after waking up or watching TV." No mention is made of "seeing the lens." She reported discontinuing the Tobramycin drops "on Friday." At this visit, an examination, finding and **diagnosis** was made by Dr. Langford of follicular conjunctivitis and the patient was started on Zylet ou QID (both eyes 4x/day). A note was made to allow use of Maxitrol in place of Zylet "if (patient) can't afford Zylet."

The way the patient's allegation is stated makes it sound like the "condition" never improved or resolved after her surgery – that it only worsened. The facts documented in the medical records, however, contradict such allegations.

There is a telephone encounter sheet dated September 15, 2011, which notes the patient called in. The note states: Patient prescription too expensive. Neopodex doesn't work. **Zylet sample was working**. Need alternative prescription called into Walgreens...please let patient know. On September 19, 2011, one of the clinic's senior Ophthalmic Technicians (BAB) noted she called and left a message for the patient to call the clinic back – she was not sure which medication the patient wanted an alternative for.

On September 22, 2011, the patient returned for re-evaluation of her follicular conjunctivitis. Rather than the "condition worsening," or failing to improve, as is alleged, the patient reported: "States feeling **Zylet helped a lot but due to cost was unable to fill**. Maxitrol made OU (both eyes) tear a lot more & Tobradex doesn't help at all." The patient also reported: "Denies vision changes." Review of systems reiterated her history of allergies, a thyroid condition and other medical problems, which were noted. She reported that she was taking Tobradex drops in both eyes 4x/day (more prn.). On examination 2+ follicles and corneal ABM (anterior basement membrane) changes were noted; a diagnosis of follicular conjunctivitis and allergies was made. At this visit, the Tobradex drops were discontinued and Pred Forte was started OU QID (both eyes, 4x/day), with plans for follow-up in 1 week.

The patient was seen in follow-up on September 29, 2011. At that time, rather than "the condition worsening" as the patient alleges in her complaint, the medical records state: "pt feels improvement with Pred Forte. No tearing. No itching. No pain. No discomfort. Pt has no further complaints at present." **There was no mention of any complaint of "seeing the lens." There was no mention of "the condition worsening."**

There is a telephone encounter sheet dated October 6, 2011, where the patient called complaining of blurry vision and teary eyes and noted she has been having this for 4 weeks. She was added on to Dr. DeBry's schedule at the Box Canyon office for a same day appointment at 2:35 pm. The date of October 6, 2011, may have been noted in error in that the actual date was October 5, 2011.

On October 5, 2011, the patient presented to see Dr. DeBry. At this time, the patient stated: "OD>OS still red, tearing, causing blurry vision. **Some tenderness to corners of OU (both eyes) x 4 weeks**. Feels OU (both eyes) started to clear up, but now OU (both eyes) flared up again. According to the chart, there was no mention of "seeing the lens." The patient reported that she was taking Pred Forte 1% QID OU (both eyes, 4x/day). On exam, Dr. DeBry noted 2+ MGD (Meibomian gland dysfunction), 1+ lid laxity, ½+ fine conjunctival injection. He diagnosed the problem as floppy eyelid syndrome. According to the medical record, he reviewed with patient and changed Pred Forte to FML BID (2x/day) OU (both eyes), with plans for follow-up in 6 weeks.

There is a note in the chart that on October 19, 2011, the patient called in and cancelled her October 20, 2011, appointment that she had scheduled with Dr. DeBry. The note states that: She stated she will call back to reschedule her appointment.

On October 24, 2011, the patient called in and stated she would like to speak to Dr. DeBry only. According to the telephone encounter sheet, she stated that on her last visit she mentioned to Dr. DeBry the tearing she was having after cataract surgery and Dr. DeBry told her that in 3 months she was going to feel better. Now it has been one month after cataract surgery (?) and she is not happy about the tearing. She went for a second opinion and **she was told that the tearing she is having is because of the eye muscle being stretched out at the time of surgery**. She needs to know what Dr. DeBry can suggest on how to correct this problem.

The October 24, 2011, telephone encounter sheet also contains a hand written note at the upper left side of the page, noting that the patient is seeing Dr. Leibowitz on November 1, 2011. At the clinic, this telephone encounter sheet would typically be attached to the front of the chart and placed on the responsible doctor's desk so the doctor can call the patient ASAP. Dr. Wellish, however, could not find any notes regarding Dr. DeBry's conversation with this patient.

It is believed that the opinion regarding the eye muscle being stretched out at the time of surgery was from Dr. David Malitz, since a week after the October 24, 2011, call, the patient was evaluated by Dr. Steven Leibowitz, after she was referred by Dr. Malitz. It is submitted that that Dr. Malitz' conclusion is not supported by the facts, as will be more fully addressed below.

On November 16, 2011, the clinic received a copy of a letter that Dr. Steve Leibowitz sent to Dr. David Malitz regarding the patient. The letter, dated November 1, 2011, stated this patient complains of tearing of both eyes and had lid laxity. He recorded her visual acuity as 20/40-2 in each eye, without glasses. On his examination he saw ectropion of both lower lids and that conjunctiva showed 2+ injection of both eyes. He also noted a superficial punctate keratopathy of both eyes. He listed his impressions were: 1. **Ectropion** of both eyes (presumably lower lids based on the above) with **punctal evertion**, and 2. **Dry eyes**. His recommended plan was: 1. Artificial tears four times a day, ointment at night, and 2. Bilateral ectropion repair and Bilateral plastic repair of canaliculus.

In my clinical training and experience, and in my review of the medical literature – (see **Exhibits 11, 18, 19, 20, 21, and 23**) I could find no published reports that the conditions diagnosed by Dr. Leibowitz were caused or worsened by the treatments provided by the doctors in our clinic.

On November 20, 2011, the patient spoke by phone directly with one of the clinic's doctors, Dr. Jefferson Langford. She stated she is frustrated with the tearing. She noted the Pred Forte helps for a few minutes and then wears off. It appears from Dr. Langford's note the patient also stated she was frustrated with the diagnosis of floppy eyelid. Dr. Langford

recommended the patient see Dr. Peter DeBry the following week to discuss the diagnosis with him. Dr. Langford also recommended she could see an oculoplastics specialist doctor for their opinion. He noted she may decide to call Dr. Myint (another local oculoplastics specialist) and see him as well. **Dr. Langford recommended the patient stop the Pred Forte until seen the following week.**

On November 21, 2011, the patient was seen by Dr. Wellish. **This is believed to be the first of three times that Dr. Wellish saw this patient.** At this visit, she reported she was originally referred to the Wellish Vision Institute with Dr. DeBry for cataract surgery. She stated her vision was miserable – "cannot see through tears ou. Have not stopped watering x 2 months." She also complained of "1/2 moon in VA (vision) OD (right eye)." She reported she has tried numerous meds for numerous diagnoses and nothing was working. She reported she has been told her eyes were stretched too far during her surgery and now her lower lids will not come back up and it is from her surgery, according to a second opinion she obtained. The patient also stated Dr. DeBry told her the problem will be fixed in 3 months and that she still has the problem. She stated that Dr. Langford (one of the doctors she had seen several times during the above visits) "is a sweetheart." She did not report any problems regarding "seeing the lens." She stated she was not using the FML drops. **She had stopped all ocular medications because they were not working**. On examination, her uncorrected visual acuity was 20/40-1 in her right eye and 20/40+2 in her left eye (good enough to pass a driver's test without glasses, but not perfect). Schirmer's tear testing (basal) was 17 in each eye – normal, but could be falsely high due to meibomitis. On slit lamp examination, Dr. Wellish found 1+ scurf, 1+ meibomitis, lower tarsal conjunctival follicles, and a superficial punctate keratitis (bilateral). **Dr. Wellish made and informed the patient of the following diagnoses**: Meibomitis, Squamous Blepharitis, Dry eye syndrome, Keratoconjunctivitis sicca, chronic follicular conjunctivitis, and floppy eyelid syndrome. **Noting that the patient had responded well to Zylet in the past but could not afford to purchase this medication (fortunately the clinic happened to have a sample at that time), Dr. Wellish re-started her on Zylet**, along with Lotemax drops OU QID (both eyes 4x/day). Dr. Wellish also planned to start her on Doxycycline 100 mg po BID for her chronic follicular conjunctivitis and chronic, recurrent meibomitis (also known as MGD – Meibomian gland dysfunction). Dr. Wellish ultimately decided not to use Doxycycline due to her being on Coumadin. Unfortunately, it appears if she had been able to take the Doxycycline or something equivalent, this would have been a necessary and critical treatment in combating her chronic and recurrent condition. The patient did not report any previous problems with a UTI (urinary tract infection on this medication) at this time. To Dr. Wellish's knowledge, the patient never took the

Doxycycline he originally prescribed due to being on Coumadin. The patient was instructed to return to see Dr: Wellish in 6-8 weeks.

There is a telephone encounter note dated November 28, 2011 at 10:18 am from the patient calling in and stating the eye drops she is taking are not helping. Her eyes were still feeling the same. The patent stated she was very frustrated. A same-day "add-on" appointment was made for her at 1 pm with Dr. Wellish.

The patient returned earlier than scheduled on November 28, 2011, to see Dr. Wellish in clinic. This is believed to be the second of three times Dr. Wellish saw this patient. At this time she reported no improvement with treatment. She complained of both eyes being red. She stated even with taking the Erythromycin, Lotemax and Systane prn, she is not improving. She complained of watery eyes and color "pink eyes." She also complained her vision was blurry and double. She confirmed she did not start the Doxycycline due to potential interference with Coumadin. **She also stated she has taken Z-pack (Oral Azythromycin) in the past and tolerated it well on Coumadin (this could have been an effective alternative to Doxycycline in treating her Meibomian Gland Dysfunction and Chronic Follicular Conjunctivitis).** She reported she was taking Lotemax drops in both eyes 4x/day, Systane artificial tears OU (both eyes) prn, and Erythromycin ointment OU qhs (both eyes at bedtime). Uncorrected visual acuity was 20/40 in each eye, not perfect but good enough to pass a driver's test without glasses. **She apparently did not bring her astigmatism-correcting glasses with her, which accounts for her double vision**. On slit lamp examination, 1+ meibomitis, 1+ scurf, inferior tarsal conjunctival follicles, 1+ conjunctival injection, superficial punctate corneal staining and floppy eyelids were present. Surgery on the floppy eyelids was felt to be problematic due to her need to be on Coumadin – this could potentially be overcome by the use of a CO2 laser for her surgery (See **Exhibit 17**) - **Dr. Wellish felt that there was a reasonable chance of controlling her symptoms medically, without surgery, if she could safely tolerate a Doxycycline substitute, such as Z-pack (Oral Azythromycin).** Dr. Wellish made and explained the following diagnoses to the patient: Meibomitis, Squamous Blepharitis, Dry Eye Syndrome, Floppy Eyelid Syndrome, Chronic Follicular Conjunctivitis, and Glaucoma Suspect (per Dr. DeBry). Dr. Wellish noted in the chart she was unable to take oral Doxycycline or Erythromycin. Dr. Wellish changed her Erythromycin ointment to Lotemax ointment OU qhs (both eyes at bedtime). **Dr. Wellish instructed her to see her cardiologist or PCP regarding the safety for using a Z-pack, which Dr. Wellish believed offered the best chance of treating one significant part of the root of the problem, and without which Dr. Wellish felt a main component of the underlying condition would not be addressed**. There were multiple causes

for the patient's symptoms. Many times, by controlling the Meibomian Gland Dysfunction, Dry Eye and Chronic Follicular Conjunctivitis, patients seem to be less bothered by mechanical eyelid conditions such as Floppy Eyelid Syndrome, Lid Laxity and Ectropion, as once sufficient oils from the Meibomian Glands coat the surface of the eye, this essential lubrication can compensate for the extra exposure resulting from the mechanical eyelid conditions. Hence, medical control of these conditions frequently avoids the need for surgery.

As Dr. Price notes in the AAO monograph on tearing, Ocular Surface Disorders such as keratoconjunctivitis sicca (dry eye syndrome) and chronic blepharitis (both present in this patient), are known causes of excess tearing. This mongraph states that the recommended treatment would be to correct the underlying problem – in this case, the Meibomian Gland Dysfunction, Dry Eye and Chronic Follicular Conjunctivitis. See **Exhibit 13.**

In Dr. Mainville's review of 150 consecutive pts referred to the University of Ottawa Eye Institute for excess tearing, he noted that: "Of particular interest is the fact that 40% of patients had dry eye with reflex tearing, and the majority of these improved with lubrication." See **Exhibit 19.** Our patient, who has asserted these numerous allegations, had indeed developed dry eye syndrome, exacerbated by her Meibomian gland dysfunction (MGD). Dr. Wellish believes it is likely that treating this patient's MGD would be a necessary part of improving her condition.

Moreover, chronic dry eye and Blepharitis are among the most common causes of not only tearing in general, but even the mechanical changes to the lacrimal system and eyelid position (ectropion) that can also cause excess tearing. See **Exhibits 21, 23, and 24.**

Hence, it seemed appropriate to treat these underlying conditions before jumping into surgery, especially for a patient on Coumadin.

The patient was instructed to follow-up in one (1) month.

The clinic received an authorization dated December 5, 2011, signed by the patient, to Release Medical/Vision Records to Clearvision Eye Centers. There is a note that the records were faxed to them on December 13, 2011.

Instead of seeing her Cardiologist or Primary Care Provider re: the safety of treating with a Z-pack and then following up in one (1) month with Dr. Wellish as recommended by Dr. Wellish to the patient, the patient evidently had decided to seek care elsewhere, as she reported

that she had had a lacrimal irrigation bilaterally by Dr. David Malitz, a general ophthalmologist who splits his time between his practice in Indiana and the practice he bought from Dr. Kurt Buzard in Las Vegas.

When the patient finally did follow-up with Dr. Wellish on March 5, 2012 (three (3) months after Dr. Wellish's last visit with her and six (6) months after the new-onset of this tearing problem in September 2011), she complained that her eyes were still watery and red, now for 8 months. The appointment on March 5, 2012 is believed to be the third of three times that Dr. Wellish saw the patient. The patient complained of blurry vision due to watery eyes (bilaterally). The patient noted the vision in her right eye was double since her cataract surgery and had weaker vision at that time. She also complained of seeing the edge of the lens in the right eye. She reiterated her complaint that she was told that it would go away or she would get used to it. She also reported she had been evaluated by Dr. Steve Leibowitz, (a Harvard Fellowship Trained Oculoplastic Surgeon), who recommended lacrimal punctum and eyelid surgery. She reported that **she had not been doing the prescribed hot compresses**, but that she had been using Optive drops in both eyes at bedtime. Her uncorrected vision was 20/25 in the right eye and 20/40 in the left eye, more than well enough to pass a driver's test without glasses. A refraction was performed and it was again found that she still had astigmatism (as expected, the likely cause of her double vision which would probably not be present if the patient were wearing the prescribed glasses), as was noted before surgery. **With proper refractive correction – if she would be willing to obtain and wear glasses, her vision would be excellent and most likely her double vision complaints would resolve**. Evidently, the patient continued to choose not to wear the prescribed glasses – hence her continued complaints of the double vision in her right eye. There were no eye muscle problems found on exam, so this was ruled out as a cause of her double vision.. One of the eye drops used during the exam is called Fluoress. She commented that these drops make her sick. (In Dr. Wellish's experience, this unfortunately can occur in one of several thousand patients.) The drops are critical in assessing the presence and severity of dry eye/wet eye conditions. On slit lamp examination, the patient had 1+ meibomitis with no Meibomian secretions seen in any of her 4 eyelid margins. She had trace conjunctival injection, an increased tear lake, and inferior conjunctivochalasis (bogginess to the conjunctiva which can block the outflow of tears and thereby cause excess tearing and/or dry eyes). Her corneas were clear. Her lens implants looked stable and well centered. Dr. Wellish made the following diagnoses, which he explained to the patient: Epiphora (excess tearing) in both eyes, Meibomitis, Dry eye syndrome, Keratitis sicca, and inferior conjunctivochalasis in both eyes. Dr. Wellish referred the patient to an oculoplastic specialist (Dr. Janice Eggert) for

evaluation. Dr. Wellish had her continue her Optive tears and also started Lotemax drops in both eyes 4x/day. She was instructed to restart the hot compresses to her lids twice a day, use Azasite in both eyes at bedtime, and to use Oasis Tears Plus (nonpreserved) in both eyes 4x/day, as these drops often can provide comfort and alleviate the redness in patients who do not respond to or are overly sensitive to the preservatives in eye drops. These treatments are consistent with those recommended by the American Academy of Ophthalmology. See **Exhibit 10, 11, and 12.**

Dr. Wellish also gave her a prescription for Doxycycline 50 mg po BID, with the understanding that she would coordinate with her cardiologist to see if this could be used safely. She declined to look into this. **Dr. Wellish shared with her his belief that her chronic Meibomian gland dysfunction/Meibomitis was not the only cause, but was a significant contributing factor to her chronic and recurring symptoms, and that Doxycycline or an equivalent medicine (i.e. oral Azythromycin) was her best chance at bringing her symptoms under control.**

Dr. Wellish's recollection was that on the way out, the patient told his staff that she had a history of developing a UTI after taking Doxycycline and was additionally reluctant to use it for this reason. **Because Dr. Wellish had never seen or heard of Doxycycline causing a UTI *(see* Exhibit 15), and because he did not want to give up on potentially using an important part of the treatment of her Meibomitis, to bring her condition under control and to bring relief to her – yet he did not want her to suffer any medical adverse consequences, Dr. Wellish recommended that she see a urologist to evaluate this history.** Dr. Wellish recommended and tried to arrange a consult with Dr. Avi Weiss (urology) to evaluate this history, to better enable us to decide if using Doxycycline would be safe for her from this perspective as well. Dr. Wellish really feels like he was trying to go the extra mile for her, to properly diagnose and to effective treat and bring relief to her, by recommending this consult. (Dr. Wellish acknowledges he did not document the full discussion and will take corrective action in this regard for future patients.) Dr. Wellish instructed the patient to follow-up with him in two (2) months.

The chart has a copy of a consultation request the clinic filled out for the patient to see a urologist named Dr. Avi Weiss, for assessment and treatment for: "Possible UTI after Doxycycline." It is noted on March 5, 2012 that the **patient did not want us to make the appointment for her. She wanted to make the appointment herself**. It doesn't appear the clinic ever received a letter from Dr. Weiss, so it is believed the patient never went to go see him to see if she could tolerate these types of medications.

The clinical chart contains a copy of a consultation request and an appointment our clinic made on behalf of the patient for her to see Dr. Janice Eggert to assess and provide treatment for the following condition: epiphora and ? inferior conjunctivochalasis OU (both eyes). It is noted that the clinic made an appointment for the patient to see Dr. Eggert on March 21, 2012 @ 1:00 pm.

There is a telephone encounter sheet in the patient's clinical chart dated March 8, 2012, at 8:05 am, where the patient called complaining of watery, tearing OD (right eye) with soreness around the eyes and redness in the right eye. The patient stated she would like to be seen ASAP. There is a second telephone encounter sheet from 8:38:30 AM that date. It is noted: "Emerg – eye constant tearing. Tender to touch. Very comfortable. Appt today at 10:30 AM Dr. Shen. Dr. Wellish was in surgery that day, so the clinic added her on to be seen by Dr. Christopher Shen, another Board Certified Ophthalmologist at the clinic.

The patient presented to the clinic on March 8, 2012, complaining of tearing (right eye greater than left eye), redness, and "hurts." She reported stopping the Lotemax 2 days prior due to her right eye hurting. She reported that she was not taking any eye drops because "no one works." On examination, she refused to allow her vision to be checked. It appears that **she was examined by Dr. Christopher Shen on that date**. The slit lamp exam found 1+ MGD (Meibomian gland dysfunction), trace conjunctival injection, trace superficial punctate corneal staining and decreased tear break-up time. Dr. Shen made the diagnoses of meibomitis, dry eye syndrome, keratoconjunctivitis sicca, and epiphora. It is noted in the chart that Dr. Shen explained to the patient that she needs long term treatment to help with her condition. He recommended restarting the Erythromycin ointment in each eye at bedtime for the meibomitis, along with hot moist pack and lid scrubs bilaterally twice a day and artificial tears 4-6 x per day. He specified the use of Ocusoft lid scrubs. He also discussed with her the option of IPL (intense pulsed light - which has been used very effectively to treat a number of our patients who have either not responded to or are not able to complete the usual medical therapy prescribed for meibomitis) if she did not improve with the current treatment within two (2) months. Although IPL has not yet made it to the Preferred Practice Pattern Monograph (they are updated every few years), all the other treatments he recommended are as per the following References: the American Academy of Ophthalmology's Preferred Practice Pattern and Practicing Ophthalmologists Learning System monographs for Blepharitis (see **Exhibit 10**), Meibomian Gland Dysfunction (see **Exhibit 11**), and Dry Eye Syndrome (see **Exhibit 12**).

The chart notes the following telephone encounters:

The patient's chart contains a telephone encounter sheet dated April 26, 2012, in which the caller is listed as Annetta – Dr. DeBry (on behalf of Dr. DeBry), regarding this patient. It is noted that Dr. DeBry needs the clinicals on this patient. He received a letter from the Board of Examiners and needs to respond on behalf of the patient. It is noted on April 27, 2012, that Gia @ Westfield (where Dr. DeBry was now working) received clinical notes for this patient. **We were under the impression that he would be sending all clinical notes to the Board and that the Board had received them by sometime in May 2012.**

ALLEGATION #14. The patient did as instructed (stopped the Pred Forte) and approximately two weeks later her eyes were watering constantly, were pink, irritated and sore.

RESPONSE TO ALLEGATION #14. Dr. Wellish could not discern where in the clinical history this occurred. So he reviewed the clinic records, noting each time the patient stopped the Pred Forte and what the clinical circumstances were before and after each time this occurred. Also, reference is made below to clinic records noting any occurrence when the patient reported pink, irritated, and sore eyes after stopping Pred Forte.

First, the times when the patient stopped taking Pred Forte:

1. As noted above, the patient was seen on May 5, 2011, when she complained at her one (1) month post-op visit of increased tearing & soreness to touch OS (left eye) on/off since sx (surgery). A mild rebound iritis was noted in the left eye at this time, which is the most likely cause of the above symptoms. For this reason, the Prednisolone drops were restarted BID, and the patient was instructed to follow-up in one (1) month.

The patient returned, as instructed, on June 7, 2011, when she was evaluated by Dr. Langford. At this time, the chart states **she reported "OU (both eyes) comfortable. No pain/discomfort**. She reported taking "no gtts/ung (no eye drops or ointment)" at this time. Since her eyes were comfortable and no conjunctival injection or corneal problems were noted, **no eye drops or ointments or pills were prescribed**. This exam and plan are typical for a patient who is not complaining of anything and was now thought to be recovered from surgery. **There was no mention of the patient having redness, pink, soreness or any tearing or discomfort noted at this visit. The patient was off all ocular medications.**

2. **On September 22, 2011, the patient returned for re-evaluation of her follicular conjunctivitis that appears to have started earlier that month**. Rather than the "condition worsening," or failing to improve, the patient reported: "States feeling **Zylet helped a lot but due to cost was unable to fill**. Maxitrol made OU (both eyes) tear a lot more & Tobradex doesn't help at all." She reported she was taking Tobradex drops in both eyes 4x/day (more prn.) On examination 2+ follicles and corneal ABM (anterior basement membrane) changes were noted; a diagnosis of follicular conjunctivitis and allergies was made. At this visit, the Tobradex drops were discontinued and **Pred Forte (less expensive since generic is available, albeit less effective than Zylet for this patient) was started** OU QID (both eyes, 4x/day), with plans for follow-up in one (1) week.

The patient was seen in follow-up on September 29, 2011. At that time, rather than "the condition worsening" as is alleged above, the medical record stated: **"pt feels improvement with Pred Forte**. No tearing. No itching. No pain. No discomfort. Pt has no further complaints at present." **There was no mention of "the condition worsening."**

A telephone encounter sheet dated October 6, 2011, notes the patient called complaining of blurry vision and teary eyes and noted she has been having this for 4 weeks. She was added on to Dr. DeBry's schedule at the Box Canyon office for a same day appointment at 2:35 pm. It is believed the date for the telephone encounter sheet is incorrect and instead should have been dated October 5, 2011.

On October 5, 2011, the patient returned to see Dr. DeBry. At this time, the patient stated: "OD > OS still red, tearing, causing blurry vision. Some tenderness to corners of OU (both eyes) x 4 weeks. Feels OU (both eyes) started to clear up, but now OU (both eyes) flared up again. The patient reported she was taking Pred Forte 1% QID OU (both eyes, 4x/day). On exam, Dr. DeBry noted 2+ MGD (Meibomian gland dysfunction), 1+ lid laxity, ½+ fine conjunctival injection. He diagnosed the problem as floppy eyelid syndrome. According to the medical record, he reviewed with patient and **changed Pred Forte to FML** BID (2x/day) OU (both eyes), with plans for follow-up in 6 weeks.

A chart note dated October 19, 2011, notes the patient apparently called in and cancelled her October 19, 2011, appointment she had scheduled with Dr. DeBry. According to the notes taken by our call center, the patient stated she will call back to reschedule her appointment.

Patient: [redacted]

On October 24, 2011, the patient called in and stated she would like to speak to Dr. DeBry only. According to the telephone encounter sheet she stated that on her last visit she mentioned to Dr. DeBry the tearing she was having after cataract surgery and Dr. DeBry told her that in 3 months she was going to feel better. Now it has been one month after cataract surgery (sic) and she is not happy about the tearing. She went for a second opinion and **she stated that she was told that the tearing she is having is because of the eye muscle being stretched out at the time of surgery**. She needs to know what Dr. DeBry can suggest on how to correct this problem.

There was no mention at this time of **her eyes being pink, irritated and sore. She did mention the tearing.**

As Referenced - There are numerous causes of lid laxity & punctal ectropion (*see* Exhibit 24), lower lid ectropion (*see* Exhibit 23) and floppy eyelid syndrome (*see* Exhibit 25). These are the closest clinical entities resembling the phrase: "she was told that the tearing she is having is because of the eye muscle being stretched out at the time of surgery". I have provided some review articles and monographs. In my training, experience and literature review I could find no evidence of cataract surgery or the medications used by the doctors in our clinic causing any of these conditions that would correlate with the allegation that: "the tearing she is having is because of the eye muscle being stretched out at the time of surgery." The most common causes? Age, sun exposure, chronic dry eyes, chronic Blepharitis. The patient had many of these risk factors, but based on my training, experience, and literature review, cataract surgery and the very medicines needed to TREAT the dry eye and chronic blepharitis are NOT thought to cause this patient's tearing and/or eyelid conditions.

Remember, this patient's tearing started in September 2011, after the onset of a cold, before any ocular medications were started, following a 3 month period where she had no tearing or other complaints off all perioperative medications.

On November 16, 2011, our clinic received a copy of a letter that Dr. Steve Leibowitz sent to Dr. David Malitz regarding the patient. The letter dated November 1, 2011, stated the patient complains of tearing of both eyes and had lid laxity. He recorded her visual acuity as 20/40-2 in each eye, without glasses. On his examination he saw ectropion of both lower lids and that conjunctiva showed 2+ injection of both eyes. He also noted a superficial punctate keratopathy of both eyes. He listed his impressions were: 1. Ectropion of both eyes

(presumably lower lids based on the above) with punctal evertion, and 2. Dry eyes. His recommended plan was: 1. Artificial tears four times a day, ointment at night, and 2. Bilateral ectropion repair and Bilateral plastic repair of canaliculus.

Based on Dr. Leibowitz's letter and findings, he noted tearing but did not specify whether it was constant or intermittent. He noted that the conjunctiva had 2+ injection, but did not state whether the eyes were bad enough to be called pink, irritated and/or sore.

3. **On November 20, 2011, the patient spoke by phone directly with Dr. Jefferson Langford**. She stated she is frustrated with the tearing. **She noted that the Pred Forte helps for a few minutes and then wears off**. Based on this history, it appears the patient restarted the Pred Forte drops on her own, without being instructed to. It appears from Dr. Langford's note that the patient also stated she was frustrated with the diagnosis of floppy eyelid. Dr. Langford recommended the patient see Dr. Peter DeBry the following week to discuss the diagnosis with him. Dr. Langford also recommended she could see an oculoplastics specialist doctor for an opinion. He noted that she may decide to call Dr. Myint (another local oculoplastics specialist) and see him as well. **Dr. Langford recommended the patient stop the Pred Forte until seen the following week.**

On November 21, 2011, the patient was seen by Dr. Wellish. **As noted above, it is believed this was the first of three times Dr. Wellish saw the patient.** At this visit, the patient reported her vision was miserable – "cannot see through tears ou. Have not stopped watering x 2 months." She reported she has tried numerous meds for numerous diagnoses and nothing was working. She reported she has been told her eyes were stretched too far during her surgery and now her lower lids will not come back up and it is from her surgery, according to a second opinion she obtained. (As previously noted, this allegation is refuted by the medical literature and clinical experience that cataract surgery is not among the known causes of lid laxity, ectropion, punctal ectropion, or floppy eyelid syndrome. See **Exhibits 23, 24, and 25.**

The patient also stated at the November 21, 2011, visit that Dr. DeBry had told her the problem will be fixed in 3 months and that she still has the problem. She did not specify which problem she was referring to and when Dr. DeBry apparently said this. Dr. Wellish believes originally Dr. DeBry allegedly was referring to the "negative dysphotopsia" she was experiencing, which she referred to as "seeing the lens." Dr. Wellish is not aware of Dr. DeBry telling the patient her tearing would be fixed in three (3) months. (That would be for him to address). **Based on no tearing being present at all on June 7, 2011, and no reported**

complaints at all until she re-presented on September 9, 2011 with a **new onset**, ten (10) day history of tearing following an apparent cold, it appears to Dr. Wellish that the chronic, recurring **tearing, pink eyes, redness, soreness, blurry vision from tears** is **due not to the surgery or post-operative meds**, but to a **new-onset, new condition unrelated to surgery that began in early September 2011, three (3) months after her final and successful post-operative visit of Jnne 7, 2011**. In that sense, if Dr. DeBry told her soon after surgery that her tearing, red sore eyes would resolve, by June 7, 2011, it appears that they did.

On November 21, 2011, the patient stated she was not using the FML drops. **She reported she had stopped all ocular medications because they were not working**. On examination, her uncorrected visual acuity was 20/40-1 in her right eye and 20/40+2 in her left eye. Schirmer's tear testing (basal) was 17 in each eye – normal. On slit lamp examination, Dr. Wellish found 1+ scurf, 1+ meibomitis, lower tarsal conjunctival follicles, a superficial punctate keratitis (bilateral). **Dr. Wellish made and informed the patient of the following diagnoses**: Meibomitis, Squamous Blepharitis, Dry eye syndrome, Keratoconjunctivitis sicca, Chronic follicular conjunctivitis, and Floppy eyelid syndrome. (This refutes a later allegation #23 that "you were just trying to medicate the patient rather than diagnose the problem.)

Noting the patient had responded well to Zylet in the past but could not afford to purchase this medication (fortunately the clinic happened to have a sample of Zylet at that time), Dr. Wellish re-started the patient on Zylet, along with Lotemax drops OU QID (both eyes 4x/day). Dr. Wellish also planned to start her on Doxycycline 100 mg po BID for her chronic follicular conjunctivitis and chronic, recurrent meibomitis (also known as MGD – Meibomian gland dysfunction). Dr. Wellish ultimately decided not to use Doxycycline due to her being on Coumadin. Unfortunately, it appears if she had been able to take the Doxycycline, this would have been a necessary, critical, and helpful treatment in combating her chronic and recurrent condition. The patient did not report any previous problems with a UTI (urinary tract infection on this medication) at this time. To Dr. Wellish's knowledge, the patient never took the Doxycycline due to her being on Coumadin. The patient was instructed to return to see Dr. Wellish in 6-8 weeks.

A telephone encounter note dated November 28, 2011, at 10:18 am notes the patient calling in and stating the eye drops she is taking are not helping. Her eyes were still feeling the same. The patent stated she was very frustrated. A "same day add-on" appointment was made for her at 1 pm with Dr. Wellish.

Patient: [redacted]

Based on this urgent phone call, she returned earlier than scheduled, November 28, 2011, to see Dr. Wellish in clinic. As addressed above, this is believed to be the second of three times Dr. Wellish saw this patient. At this time the patient reported no improvement with treatment. She complained of both eyes being red. She stated that even taking the Erythromycin, Lotemax and Systane prn, she was not improving. She complained of watery eyes and color "**pink eyes**." (this may be the specific episode regarding what the "pink" in the above complaint refers to).

On 11/28/11, the patient confirmed she did not start the Doxycycline (and she was also unable to take oral Erythromycin) due to potential interference with Coumadin. **She also stated she HAS taken a Z-pack (Oral Azythromycin) in the past and tolerated it well on Coumadin**. She reported she was taking Lotemax drops in both eyes 4x/day, Systane artificial tears OU (both eyes) prn, and Erythromycin ointment OU qhs (both eyes at bedtime). On slit lamp examination, 1+ meibomitis, 1+ scurf, inferior tarsal conjunctival follicles, 1+ conjunctival injection, superficial punctate corneal staining and floppy eyelids were present. **Surgery on the floppy eyelids was felt to be potentially problematic due to her need to be on Coumadin** and based on her reports earlier that Zylet and Pred Forte helped (in Dr. Wellish's experience, a purely mechanical cause such as lacrimal drainage apparatus stenosis or scarring, or lid laxity, or lower ectropion would not respond to medical therapy), Dr. Wellish felt that there was a reasonable chance of controlling her symptoms medically, without the risks of surgery (surgery might have to involve having to take her off of anti-coagulation (unless it could be performed with laser technology – see **Exhibits 16 and 17** - and Dr. Wellish felt this could pose even greater risks such as heart attack or stroke from thromboembolic causes), compared to if she could safely tolerate a Doxycycline substitute. **Dr. Wellish made and explained the following diagnoses to the patient**: Meibomitis, Squamous Blepharitis, Dry Eye Syndrome, Floppy Eyelid Syndrome, Chronic Follicular Conjunctivitis, and Glaucoma Suspect (per Dr. DeBry). Dr. Wellish noted in the chart that she was unable to take oral Doxycycline or Erythromycin. Dr. Wellish changed her Erythromycin ointment to Lotemax ointment OU qhs (both eyes at bedtime). **The patient was instructed to see her Cardiologist or PCP regarding the safety for using a Z-pack, which Dr. Wellish believed offered the best chance of treating one significant part of the root of the problem, and without which Dr. Wellish felt a main component of the underlying condition would not be addressed.** Dr. Wellish instructed her to follow-up in one (1) month.

Patient: [redacted]

The history that Dr. Malitz performed a bilateral lacrimal irrigation contradicts whoever told the patient that her tear ducts were no longer there (see allegation #24). As best as it can be understood, one cannot irrigate a tear duct that is no longer there.

Perhaps Dr. Malitz and/or the patient were referring to an Acquired Nasolacrimal Obstruction as the cause of the tearing. According to my training, experience, and a review of the medical literature (see **Exhibits 18 and 20**), previous cataract surgery and the medications prescribed by the doctors in our clinic are not among the known or common causes. Moreover, Dr. Leibowitz, the Oculoplastics expert that Dr. Malitz referred the patient to, did not find a Nasolacrimal Obstruction or "tear ducts no longer there" to be the cause of the tearing of this patient.

The above clinical encounters are the only instances Dr. Wellish could find, where scenarios are noted that the patient could be referring to regarding: **The patient did as instructed (stopped the Pred Forte) and approximately two weeks later her eyes were watering constantly, were pink, irritated and sore.**

Based on Dr. Wellish's 1) training, including a 2 year Fellowship in Cornea and External Ocular Disease at the Jules Stein Eye Institute – UCLA, 2) his experience: One summer as a Visiting Consultant at the King Khaled Eye Surgical Hospital, and over 17 years of experience in practice in Las Vegas and who has not had a prior Board complaint with regard to patient care or a civil action with regard to patient care (see **Exhibit 26,** Dr. Wellish's CV), and 3) the literature – see **Exhibits 10-14, 18-25,** at each clinical encounter clinic personnel, including Dr. Wellish, made mainstream and reasonable choices in their rationale for starting Pred Forte when they did, and for stopping Pred Forte when they did.

ALLEGATION #15. She presented again and was given more drops, which just irritated her eyes.

RESPONSE TO ALLEGATION #15. The way this allegation is phrased, one might think prescribing the drops (topical ocular medication) was somehow wrong, insensitive, and/or below the standard of care, and either caused the problem, worsened the problem, or both. However, the topical eye drops and ointment this patient was prescribed and/or given samples of at the clinic are standard and mainstream choices based on the mainstream practice of medicine. See **Exhibits 10-14, 18-25.**

The patient's allegations can be interpreted to mean she is contending the causes of her tearing, soreness, redness, pink eyes, etc. were purely anatomic/mechanical. Such a contention is incorrect as it and the **patient would be under the misconception her anatomic conditions**, including "tear duct no longer were there," "eyelid pulling away from her eye," lid laxity, floppy eyelid syndrome, and Ectropion of both eyes with punctal evertion **are the sole cause of her tearing, redness and discomfort, when they are not.** It is also sounds like she is stating or implying that because the medications prescribed and in most cases used by her did not by themselves solve the problem, therefore they were either the cause of her tearing, soreness, etc., or at the very least were the wrong choices since they "**just irritated her eyes.**" Any such contention is flawed for several reasons, as addressed below.

As is common in middle aged to elderly patients, **at her first exam prior to surgery, Dr. DeBry noted the presence of MGD (Meibomian gland dysfunction** as a "pre-existing condition."). Evidently, she was not symptomatic yet (except for her history of red eyes), and evidently in his judgment did not require treatment, and so he did not prescribe treatment for this, but patients with MGD are more prone to develop Dry Eye Syndrome, along with its features of **redness, soreness, and tearing**.

While mild cases of MGD respond to topical therapies such as the ones prescribed, more severe cases require systemic treatment such as Doxycycline. The most severe cases might not even respond to Doxycycline or its equivalent. Unfortunately, the patient was not able to take Doxycycline because she was on Coumadin. Dr. Wellish tried to get her to see her Cardiologist or PCP to see if she could take oral Azythromycin in place of Doxycycline (see office note dated November 28, 2011, and discussion above) and she had stated that she had tolerated Azythromycin , but, as is best understood, she never followed through to get this assessment and clearance. Another reason she was reluctant to use the oral medications was because of her stated history of developing a UTI after taking Doxycycline in March 2012. Dr. Wellish had never heard or read of a UTI resulting from the use of Doxycycline (see **Exhibit 15** regarding urinary tract infections), so to be thorough, Dr. Wellish did suggest the patient see Dr. Avi Weiss, a urologist in Las Vegas, to see if she had some unusual underlying condition or circumstance that would make her prone to a UTI with Doxycycline, or perhaps whether the patient had made a mistaken connection between the two. Included with this letter is a review article on UTIs - (see **Exhibit 15**). Dr. Wellish was unable to find any references or case reports of UTIs resulting from the use of Doxycycline. It is Dr. Wellish's belief, that although MGD is a chronic condition, it can be controlled with continued treatment, but has exacerbations without continued treatment, and **the patient's lack of compliance in following up with our**

instructions re: the Z-pack and seeing the consultants Dr. Wellish referred her to became a significant barrier to her recovery.

By November 1, 2011, Dr. Malitz had referred the patient for evaluation and treatment, to a Harvard trained Oculoplastic Specialist, Dr. Steven Leibowitz, who diagnosed her with "Dry Eye" (this is a broad diagnostic category that includes both aqueous deficient and evaporative caused by MGD) and "Ectropion" of both eyes with punctal evertion. He recommended a surgical procedure that would have addressed the anatomical/mechanical part of her problem, would still have required medical therapy to address her MGD, possibly including the need for either Doxycycline or Azythromycin. By recommending to the patient that we look into this on November 28, 2011, Dr. Wellish made what is believed to be a reasonable attempt to have the patient see her cardiologist or PCP to evaluate her for the safety of her using Azythromycin. **If this patient had followed such instructions to see these doctors to see if there was a way to safely use Azythromycin,** AND **if the patient had been able to have the surgical procedure performed by Dr. Leibowitz** (understandably problematic with her need to be on Coumadin might have required using a CO@ laser to perform the procedures – see **Exhibits 16, 17), then she could have addressed the most likely causes of her problem within two (2) months of her presenting to our clinic in early September 2011 with new onset on tearing, redness, etc., which appears to have started about ten (10) days after developing a cold**.

The at-issue allegation makes it sound like Dr. Wellish and/or the clinic did not do an appropriate job of diagnosing and treating the problem. Based on the facts of this case and the standards of care in the field, it is submitted any such contention is simply inaccurate. The acute onset of severely bothersome symptoms in September 2011, immediately following a cold, suggests that her external ocular disease was a major contributing factor to her symptoms and her condition – not "overmedication" or "damage from her surgery."

In a patient with both 1) External Ocular Disease (such as Meibomitis and Dry Eye) and 2) Eyelid/ Mechanical causes of symptoms like the patient's, practitioners are trained first try to get the External Ocular Disease under control, as the vast majority of people who present the way the patient did, do respond to the medical treatment and can thereby avoid surgery. It is not uncommon for it to take months for the External Ocular Disease to respond to topical treatment, and it is not uncommon for Doxycycline or a similar antibiotic to be a necessary part of the treatment of the root of the problem - see **Exhibits 10-12.** Once the External Ocular Disease is adequately treated, if the Mechanical/Eye Lid Problems are still

causing significant problems, then Surgical repair of the eyelids is considered. In this patient's case, because she was on Coumadin, we were not able to use Doxycycline so easily. As addressed above, Dr. Wellish examined the patient for the first time on November 21, 2011. At that time, since her External Ocular Disease was not adequately responding to the topical treatment (eye drops), Dr. Wellish was going to start her on Doxycycline (in Dr. Wellish's opinion, a necessary step in treating part of the root of the problem), but ultimately she did not use the Doxycycline because she was on Coumadin. Dr. Wellish's second visit with the patient was on November 28, 2011. At that visit, he discussed with the patient that he thought that using oral Doxycline, Erythromycin, Azythromycin, etc., was going to be necessary to get most or all of her symptoms under control. That is when she informed Dr. Wellish she has taken a Z-pack in the past and has tolerated it well on Coumadin. At that visit, Dr. Wellish instructed her to see her cardiologist or PCP to assess the safety of her taking a Z-pack to help get her External Ocular Disease (Meibomitis and Chronic Follicular Conjunctivitis) under control. Instead of following such instructions to look into using a Z-pack to more effectively treat her condition within two (2) months of presenting in September 2011 with new onset of these symptoms, she instead decided to seek care elsewhere, where apparently Dr. Malitz, a general ophthalmologist without fellowship training in Cornea and External Ocular Disease and ClearVision, an optometry office, provided care and gave her apparently misleading information as to the cause of her problems. Whereas Dr. Wellish instructed her to follow-up with him in one (1) month, she did not return to see him until March 5, 2012. **It is believed that had she had followed Dr. Wellish's instructions and seen her cardiologist or PCP to assess the safety of her taking a Z-pack to help get her External Ocular Disease (Meibomitis and Chronic Follicular Conjunctivitis) under control, she would have been dramatically better within six (6) weeks of taking the Z-pack, instead of letting the problem linger on.**

ALLEGATION #16. It is alleged that the other physician prescribed the antibiotic Doxycycline and informed the patient that she may need to see a surgeon and that her left eyelid was pulling away from her eye and needed to be tightened.

RESPONSE TO ALLEGATION #16. It is true that Dr. Wellish initially prescribed Doxycycline on November 21, 2011, for the above reasons, but it was ultimately decided not to have her use it because she was on Coumadin. The fact that she did not start taking the Doxycycline is documented in the clinic's note of November 28, 2011. It is also true that Dr. Wellish told her that her eyelids may be contributing to the problem and that if she was still

symptomatic after her External Ocular Disease was controlled then a surgical procedure might be required. It appears the patient is making an inference that either Dr. DeBry with his cataract surgery or the clinic's doctors who prescribed her topical medication caused her mechanical eyelid dysfunction. While cataract surgery is known to cause a droopy eyelid caused by the lid speculum, Dr. Wellish has never heard of and could find no examples in the medical literature, of cataract surgery or the lid speculum causing floppy eyelid syndrome or lower lid ectropion, both of which would require a lid tightening procedure if the resulting symptoms are severe enough - see **Exhibits 18-25.** It also appears the patient is making an inference that the clinic's topical therapy caused or worsened her mechanical eyelid condition. Dr. Wellish is aware of no cases of drug induced ectropion being caused by any of the medications the clinic prescribed. See **Exhibits 18, 20.** Even if there had been reported cases, the incidence would be so low that it is submitted a well-trained clinician would still not have avoided any of the medications we prescribed for fear of them causing mechanical eyelid problems such as what Dr. Leibowitz diagnosed as Ectropion of both eyes with punctal evertion.

ALLEGATION #17. It is alleged that the constant tearing was beginning to interfere with the patient's life.

RESPONSE TO ALLEGATION #17. Only the patient can know if this is the case. The clinic routinely documented her vision as 20/40 or better without glasses and 20/20 with glasses at her post-operative visits. Curiously, she refused to allow the clinic to check her vision at her last visit. And she frequently arrived at her clinic visits without her prescribed glasses.

ALLEGATION #18. Her eyesight was continually blurry due to the tears.

RESPONSE TO ALLEGATION #18. At her first visit with Dr. DeBry on February 2, 2011, prior to her cataract surgery, the patient's vision was 20/60-2 in the right eye and 20/40-1 in the left eye with the glasses she was wearing. She was refracted to 20/50+ in the right eye and 20/25 in the left eye with spectacle correction of her astigmatism in the phoropter in the office. She was given a prescription for glasses on May 5, 2011, and a new one on June 7, 2011, when she stated that her eyes were comfortable, with no pain or discomfort. At her office visits of October 5, 2011, November 21, 2011, November 28, 2011, and March 5, 2012, her uncorrected vision was 20/40 or better without glasses at each visit. **At each of these visits she was not wearing**

and apparently did not bring her prescribed glasses which we believe would have corrected her to 20/20 in each eye and likely have corrected her double vision, based on the refractions performed on May 5, 2011, June 7, 2011, and March 5, 2012. It is curious that she refused to allow her vision to be checked at her final visit on March 8, 2012. It is impossible to speculate how much of her blurriness was due to her tearing vs. her decision not to wear glasses. As noted above, the patient also failed to see her cardiologist or PCP as Dr. Wellish instructed her to in November 2011 to see if she could have taken the Z-pack to help with her External Ocular Disease. However, the surgical repair of her lids would still have been problematic due to her need to be on Coumadin. Only a qualified Oculoplastic surgeon such as Dr. Leibowitz could specify whether the surgery he contemplated could be performed with lasers - see **Exhibits 16, 17** - to avoid the risks that would go along with stopping this patient's Coumadin.

ALLEGATION #19. Because she could not see very well she could no longer drive or cook recipes.

RESPONSE TO ALLEGATION #19. As someone who has dedicated his career to saving vision and restoring eyesight, often working nights and weekends for his patients, Dr. Wellish is truly saddened to hear that a patient, especially a patient of the clinic, would suffer to this degree. **Dr. Wellish can only wonder if the patient, in her current state of mind, realizes that by wearing glasses, her vision could actually improve to a normal 20/20.** Dr. Wellish also wonders how much of her tearing, vision, and other symptoms would have improved if she had followed his instructions and seen her cardiologist or PCP as instructed in November 2011, to see if she could have taken the Z-pack to help with her External Ocular Disease. **Since she reported to Dr. Wellish on November 28, 2011, she was able to tolerate a Z-pack while on Coumadin in the past, Dr. Wellish believes that had she followed his instructions as above, a path could have been found to treat her with a Z-pack and brought her External Ocular Disease under control much sooner and without all suffering she has had to endure. It is believed this would have improved her symptoms by restoring the deficient lipid layer to her tear film thereby making her ocular surface less vulnerable to other influencing factors such as her lower lid ectropion.**

While one wishes there was an easy and risk free way for a surgical repair of the patient's eyelids, as recommended by Dr. Leibowitz on November 1, 2011, the need for her to be on

Coumadin seems to have been an barrier that as noted above, only a qualified Oculoplastic surgeon such as Dr. Leibowitz could decide whether the surgery he contemplated could be performed with lasers - (see **Exhibits 16, 17**) to avoid the risks that would go along with stopping this patient's Coumadin.

It is always frustrating to have within our grasp the solution to a patient's problems, yet be unable to execute the plan due to:

1) **affordability** issues (the patient reported that her symptoms initially responded well to the Zylet eyedrops, but she was unable to continue due to cost; see telephone encounter sheet dated September 15, 2011: ***"pt prescription too expensive...zylet sample was working, need alternative prescription called into Walgreen's..."*** It appears that at the very first visit of the patient's new onset of tearing, redness, etc., following her cold, the doctor she saw at the clinic prescribed an eye drop that worked. She was given a sample, she called in to say it worked, but only because of affordability did a search have to be undertaken for a substitute that was affordable enough for her. Despite trying and trying, unfortunately none of the lower cost substitutes worked well enough for her.); or

2) **patient follow-through** issues (i.e., not going to her cardiologist to assess and figure out a safe way for her to take the Z-pack Dr. Wellish recommended – instead, she disappeared from the office for over three (3) months, seeking her eye care elsewhere (her second and third opinions) while her condition apparently did not improve with their care either and apparently worsened.

ALLEGATION #20. The patient then presented to you at the Wellish Institute in or around February 2012 and once again was prescribed Doxycycline.

RESPONSE TO ALLEGATION #20. After Dr. Wellish saw the patient on November 28, 2011, and instructed her to see her cardiologist or PCP to see if he could treat her with a Z-pack (which she evidently chose not to do), and when Dr. Wellish instructed her to follow-up with him in one month (which she evidently chose not to do), she did follow-up with Dr. Wellish on March 5, 2012. (No medical record or patient ledger items for February 2012 were found.) The patient gave a history that her eyes had been watery, red for 8 months. She mentioned that she had had a lacrimal irrigation by Dr. Malitz, which evidently did not work. She stated that she saw Dr. Leibowitz, who recommended eye lid and lacrimal punctum surgery, which she evidently did not pursue or try to find a way to accomplish. Dr. Wellish reviewed the letter sent by Dr. Leibowitz from when he saw the patient on November 1, 2011, and recommended

artificial tears, ointment at night, and Bilateral ectropion repair, Bilateral plastic repair of canaliculus.

Dr. Wellish compared the gold standard treatment of Meibomitis, which appeared to Dr. Wellish to be a major contributing factor her condition, with the treatments she was actually able to execute. Dr. Wellish tried to identify gaps between what is known to work best for this condition (see **Exhibits 10, 11, and 12:** Preferred Practice Patterns and Monographs published by the American Academy of Ophthalmology vs. what had actually been done. The American Academy of Ophthalmology recommends the use of warm compresses and antibiotic ointment such as Erythromycin ointment and/or topical Azythromycin. These had been tried in this patient without adequate success. The American Academy of Ophthalmology, in this publication, notes reported success with tobramycin/dexamethasone suspensions, such as Zylet. This was the first drop given to the patient as a sample when she first presented with the symptoms of tearing, redness, etc., about a week after the prior onset of a cold in September 2011. The patient evidently called a few days after we gave her this sample to state that this treatment was working, but she needed an alternative prescription called into Walgreen's..."[1] At subsequent office visits, Corticosteroid eye drops and/or ointments were tried, as suggested in this monograph. At each visit the patient had been examined, and diagnoses made, before trying various alternative approaches.

As this monograph from the American Academy of Ophthalmology states, "For patients with MGD whose chronic symptoms and signs are not adequately controlled with eyelid hygiene, an oral tetracycline can be prescribed...Doxycycline", etc. "Treatments can be intermittently discontinued and reinstated, based on the severity of the patient's Blepharitis and tolerance for the medication.... See **Exhibit 10,** p. 10. The rationale for the use of (oral) tetracycline is based in part on small clinical trials (see enclosed monographs for details - **Exhibits 10, 11).**

Hence, the one major compouent of treatment missing for the treatment of this patient's MGD was indeed Doxycline. So yes, Dr. Wellish did discuss this with the patient

[1]See telephone encounter sheet dated September 15, 2011: "pt prescription too expensive...zylet sample was working, need alternative prescription called into Walgreen's..." It appears that at the very first visit of the patient's new onset of tearing, redness, etc., following her cold, the doctor she saw at the clinic prescribed an eye drop that worked, but the patient stated she could not continue taking it due to cost.

again on this date. However the patient declined pursuing this option for reasons discussed previously and elsewhere in this document. And again, the patient didn't or wouldn't see her Cardiologist to see if she could use Azythromycin, which works well as a substitute and which she had earlier stated she had tolerated.

ALLEGATION #21. She informed you that the last round of this antibiotic caused her to develop a urinary tract infection (UTI) and you replied, "If you get a UTI you need to see a Urologist."

RESPONSE TO ALLEGATION #21. When a patient tells us something in the exam lane, it is the clinic's policy to record it in the clinical note of that day. Dr. Wellish's recollection is that in this case, the patient told the clinic's staff about this on the way out, then Dr. Wellish met with the patient in a side room, where he suggested to the patient that this would be a highly unusual cause for a UTI, and that he would really like her to see a very bright Urologist named Dr. Avi Weiss, to evaluate this history so that it could be determined if this would be a valid reason for avoiding the use the Doxycycline in her case. **Dr. Wellish felt the use of Doxycycline or a Z-pack was such an important missing component of the treatment of one of the most significant roots of her problems that they tried to call to make the appointment for her, but she refused to let them do so** – the copy of the referral note we kept in the chart states: "Wants to make appt herself." The patient was given the original so she could call herself. Dr. Wellish never received a consultation report from Dr. Weiss, so he is under the impression she never followed through on this aspect of her care.

The way the complaint/allegation is stated sounds very insensitive and cold. Dr. Wellish takes pride in being a conscientious, caring, kind and compassionate human being and physician. He cares deeply about his patients, even to the point of having his office staff personally call consulting doctors' offices to make the appointment for the patient in most cases when referring a complicated patient for consultation.

At this same visit, Dr. Wellish also referred this patient to an Oculoplastic specialist, Dr. Janice Eggert, for evaluation of her epiphora (excess tearing) and inferior conjunctivochalasis. Fortunately, this patient allowed us to make this appointment for her, to be seen on 3/21/12 @ 1:00 pm. Sadly, Dr. Wellish never received a consultation report from Dr. Eggert either. For this reason, Dr. Wellish is under the impression this patient also chose not to follow through with

this recommendation, which could have allowed an independent assessment of her eyelid condition and options for treating the root of this aspect of her condition.

ALLEGATION #22. You then prescribed the same medication that the other physician had prescribed to her, despite the fact that the patient told you that it just irritated her eyes.

RESPONSE TO ALLEGATION #22. As noted above, and in the enclosed References: monographs about Blepharitis (**Exhibit 10**) (MGD is a sub-type) and Meibomian Gland Dysfunction (**Exhibit 11**) from the American Academy of Ophthalmology, there are only so many types of medication that work to treat this condition. As the monograph on Blepharitis states, "...there is insufficient evidence to make definitive recommendations for the treatment of Blepharitis, and...a cure is not possible in most cases." And "...symptoms often recur if treatment is discontinued." (**Exhibit 10**, p. 10). As noted previously, the monograph – **Exhibit 10** also states: **"For patients with MGD whose chronic symptoms and signs are not adequately controlled with eyelid hygiene, an oral tetracycline can be prescribed...Doxycycline."**

Dr. Wellish's thought process was that the patient was never able to execute the complete treatment plan for her MGD and the resulting mechanical causes of her tearing, redness, etc. She never complied with his instructions to see her Cardiologist or PCP to determine whether a short course of oral azythromycin or a longer course of doxycycline could be tried in coordination with close monitoring of her anticoagulation with her Coumadin. To his knowledge, she never looked into the possibility of getting off her Coumadin for a brief time to allow for surgical lid procedure that Dr. Leibowitz thought would help the problem. She never saw the Urologist we tried to refer her to regarding her association of Doxycycline with her UTI, and she never kept the appointment our office made for her with another oculoplstic specialist, Dr. Janice Eggert.

The medications Dr. Wellish started or re-started her on, on March 5, 2012, which he believed is the day she is referring to, are the tried and true treatments that work the best (and are noted in the enclosed references: monographs (**Exhibits 10-12**)), when used in coordination with oral Doxycycline and in conjunction with addressing the eyelid/mechanical causes of her condition – **Exhibits 10-12.**

By wanting to look into the use of Doxycycline or a Z-pack, and by arranging for a consultation with Oculoplastic Surgeon, Dr. Janice Eggert, Dr. Wellish felt he was doing far more than just using the same medications – he felt he was offering a comprehensive

treatment plan for her condition. The fact that she 1) refused to look into using Doxycycline and/or Azythromycin, and the fact the she 2) evidently did not look into finding out if there was a way to follow Dr. Leibowitz' recommended treatment plan for Bilateral ectropion repair, Bilateral plastic repair of canaliculus and 3) apparently did not keep her appointment to consult with Dr. Eggert on any alternative approaches to her malpositioned eyelids and/or puncta, are certainly within her rights as a patient, but Dr. Wellish **believes that her own lack of follow through in these areas served as a the most significant barrier to her recovery.**

As a physician, Dr. Wellish tries to do everything in his power to evaluate, diagnose, prescribe a treatment plan, and persuade his patients to follow through with a rational plan. In this case, Dr. Wellish was unable to persuade the patient to follow through on looking into understandably challenging treatments, but he felt like the failure of her clinical improvement had more to do with the daunting task of using Doxycycline or Azythromycin on someone who needed to be on Coumadin, and the challenging task of also performing a possibly needed Bilateral ectropion repair, Bilateral plastic repair of canaliculus also on someone who needed to be on Coumadin.

ALLEGATION #23. It is alleged that you were just trying to medicate the patient rather than diagnose the problem.

RESPONSE TO ALLEGATION #23. At each office visit at the clinic, the attending doctor took a careful history, examined the patient, made diagnoses, and then prescribed a treatment plan. To say that Dr. Wellish and/or the clinic were just trying to medicate the patient rather than diagnose the problem is simply not true.

Accompanying this letter is a summary (from a Medline search) of a review article written by Dr. Mainville, a leading Oculoplastic specialist – **Exhibit 19** on the **Etiology of tearing: a retrospective analysis of referrals to a tertiary care oculoplastics practice.** It appears that he found that in 48.7% of cases of excess tearing referred to their oculoplastics clinic (at the University of Ottawa), dry eye with reflex tearing was the responsible cause, and the majority of these improved with lubrication. Hence, Dr. Wellish believes that bringing this patient's dry eye (exacerbated by MGD) under control was a critical and necessary part of her treatment, and yes, medication was part of the necessary treatment of her condition.

ALLEGATION #24. It is further alleged that the patient finally went to several other physicians for second and third opinions as to why her eyes were constantly watering and found that her tear ducts were no longer there.

RESPONSE TO ALLEGATION #24. In Dr. Wellish's experience, if the tear ducts were no longer there, 1) it would not be possible to insert a probe into the tear ducts to perform the probing and irrigation that Dr. Malitz performed, and 2) the treatment for this problem would be creating a new opening for the tears to drain into, called a DCR (dacryocystorhinostomy).

The fact the patient stated that she had seen Dr. Malitz and that he performed probing and irrigation is one piece of evidence that the tear ducts were still there. The second is that Oculoplastic expert Dr. Leibowitz evidently did not find this patient to have closed tear ducts and did not recommend any procedures to open them up or to perform a bypass operation such as DCR (dacryocystorhinostomy) or tear duct reconstruction with silastic tubing.

As previously noted, the medications prescribed by the doctors in our clinic are not known to cause any of the conditions contemplated by Dr. Malitz or Dr. Leibowitz – **Exhibits 18-25.**

Dr. Wellish believes that either the patient misunderstood the second and third opinions, or they were simply wrong. He would be curious to learn directly from Oculoplastics expert Dr. Leibowitz if he felt whether her tear ducts were present, and if the medications we prescribed caused her eyelid and tearing condition, or if they were the result of her age and chronic Blepharitis, or other factors, as are the more typical causes.

Even if her tear ducts did scar down and were no longer there, Dr. Wellish is aware of no study or evidence that links this event with any of the treatments he or the clinic prescribed (see enclosed References on causes of drug induced ectropion (**Exhibits 18, 23**), punctal ectropion (**Exhibit 24**), lacrimal punctal stenosis (**Exhibit 21**), and drug related sides effects of clinical importance to the ophthalmologist (**Exhibit 20**).

Based on a review of the medical record, it appears that the patient saw Dr. Malitz, who may have told the patient her tear ducts were no longer there. He then referred the patient to Oculoplastics specialist Dr. Leibowitz, who apparently saw her on 11/1/11. Dr. Leibowitz sent a letter with his findings to Dr. Malitz, and a copy to Dr. DeBry. The letter states Dr. Leibowitz' findings: Ectropion of both eyes with punctal evertion. Dry eyes. Plan: AFTS, ointment at night. Bilat ectropion repair. Bilat plastic repair of canaliculus.

The Oculoplastic specialist Dr. Malitz referred the patient to, Dr. Steve Leibowitz, made no mention in the letter he sent to Dr. Malitz and copied Dr. DeBry on regarding: "tear ducts no longer there." If the tear ducts no longer were there, Dr. Wellish believes a different surgery would have been recommended: DCR, Dacryocystorhinostomy), or some type of canalicular reconstruction with silicone tubing. The fact the Dr. Leibowitz apparently only planned a plastic repair of the lower lids and to rotate the lower lids and lacrimal punctal inward, and no creation or enlargement of the tear ducts supports the fact that **the "second and third opinions who told her that her tear ducts no longer were there, were not only mistaken, but also responsible for unnecessarily inflaming and angering an already frustrated and confused patient.**

ALLEGATION #25. You and the other physicians overmedicated the patient's eyes causing permanent damage to her tear ducts, thinning of her eyelids, painful, itchy, red and watery eyes and loss of vision due to the constant tears.

RESPONSE TO ALLEGATION #25. The two clinically distinct scenarios this patient presented with were:

1. For the evaluation and treatment of her cataracts on February 2, 2011, and

2. For the evaluation and treatment of eyes that were red & painful for about a week (preceded by a cold), a "tender sensation," left eye greater than right eye, and watery discharge, especially after waking up or watching TV, on September 12, 2011. **This new onset problem** occurred about **five months after cataract surgery**, and about **3 months after her last post-operative visit of June 7, 2011, when she stated that her eyes were comfortable, with no pain or discomfort, off all ocular meds**. This new onset problem which occur BEFORE we started any medication in September, then lingered and apparently worsened after the patient did not follow through on a treatment plan recommended by Dr. Wellish and by Dr. Leibowitz.

With regards to Dr. Wellish's perspective on **the accusation of overmedication as it relates to the cataract surgery,** Dr. Wellish has reviewed the chart and **all of the medications prescribed before and after surgery are the mainstream choices for preoperative care, day of surgery care, and post-operative care**, with **no evidence of overmedication**. The patient appeared to present with a rebound iritis on May 5, 2011. This seems to occur more frequently in patients using the less expensive generic version of Pred Forte, but Dr. Wellish cannot say for

certain whether the patient was using the generic version of Pred Forte or the real Pred Forte. Nonetheless, at the visit of May 5, 2011, she was seen, evaluated and diagnosed by Dr. Langford (who she later called "a sweetheart" on November 21, 2011), and he increased the Pred Forte to twice a day for 4 weeks. Increasing or restarting Pred Forte is a standard treatment for rebound iritis. And **judging by the results of her returning on June 7, 2011, with the problem resolved and stating that her eyes were comfortable, with no pain or discomfort, off all ocular meds, it appears that this treatment worked**.

If the patient had been overmedicated at the time before, during, or after cataract surgery to the extent she is claiming, and if the medication prescribed from February 2, 2011 through May 5, 2011, had caused **permanent damage to her tear ducts, thinning of her eyelids, painful, itchy, red and watery eyes and loss of vision due to the constant tears,** one would expect that these **symptoms would not have resolved off of all ocular meds by June 7, 2011.**

The facts of this case are that by June 7, 2011, since the medications prescribed during February 2, 2011, through June 7, 2011, were no more and no different than would typically be prescribed for routine cataract surgery (see response to allegations 1, 3, 4, 9, and 10 above), followed by rebound iritis, and because she had no tearing, pain, red, watery eyes or loss of vision by her last post-operative visit of June 7, 2011, Dr. Wellish could find no evidence to support her claim of overmedication causing her problematic symptoms during the peri-operative period.

The next phase of her clinical course appears to have started in early September 2011. At her office visit of September 12, 2011, she stated that **her eyes became red and painful - she was not taking any ocular medications at the time – after the onset of a cold** and that she saw her PCP who prescribed Tobramycin eyedrops, which were not helping. Dr. Wellish believes that in the patient's complaints/allegations, she is making it sound like this new-onset problem was continuously present since her surgery. This is not supported by the facts that 1) she was free of these symptoms when she was off of all ocular medications on June 7, 2011, and 2) she was not taking any ocular medications when this new-onset of these symptoms of tearing and redness, etc. appeared after her cold in September 2011.

This history shows that the above symptoms and problems she is blaming on "overmedication" actually occurred BEFORE the use of any medications that we

prescribed starting in September 2011, since she had been free of these reported symptoms and off all ocular medications for over 3 months, since June 7, 2011.

With regards to the treatment of the new-onset of the symptoms referred to in this particular allegation, it is noted above in response to allegations 13, 14, 18, 19, and 24, that it appears that at the very first visit of the patient's new onset of tearing, redness, etc., following her cold, the doctor she saw in our clinic prescribed an eye drop (Zylet) that we gave her a sample of Zylet, and it worked, but the patient stated she could not continue taking it due to cost. If the main cause of the patient's tearing, redness, etc. was **permanent damage to her tear ducts, thinning of her eyelids, etc.,** (these are mechanical causes), one would not expect such a quick and successful response to the Zylet (antibiotic-steroid combination) prescribed on September 12, 2011. On such a point, see the ***telephone encounter sheet dated September 15, 2011, which states, "pt prescription too expensive...zylet sample was working, need alternative prescription called into Walgreen's..."*** It appears that at the very first visit of the patient's new onset of tearing, redness, etc., following her cold, the doctor she saw at the clinic prescribed an eye drop that worked, but the patient stated she could not continue taking it due to cost. This is also corroborated by the office record of September 22, 2011, when the patient reported that **Zylet helped a lot but due to cost, unable to fill.**

Dr. Wellish recently completed an Ophthalmology Board Recertification Review Course. The section on causes of excess tearing relating to Punctal Stenosis, Lower Lid Ectropion, etc., was taught by Dr. Jeffrey Nerad, who in the past has held the position of professor of ophthalmology and otolaryngology at the University of Iowa in Iowa City for more than 20 years, and has served as the American Academy of Ophthalmology's secretary for ophthalmic knowledge since 2008. He is currently president-elect of the American Society of Ophthalmic Plastic and Reconstructive Surgery. At the break, Dr. Wellish went up to him to present him with a fact pattern like this patient and asked if he had ever heard of the medications used in this case had ever caused damage to the tear ducts and/or lower lid ectropion and he stated that he had not in all his years and experience.

Dr. Wellish has performed a literature search looking for drug induced causes of lacrimal punctal or canalicular stenosis and/or lower lid ectropion, and he could not find the medicines he or others in his clinic used to be known causes. Dr. Wellish did find a review article published by the American Academy of Ophthalmology (AAO) on lacrimal punctal stenosis – **Exhibit 21,** the closest description to what the patient refers to as "...permanent damage to (her) tear ducts." **This review article does not list any of Dr. Wellish's and/or the clinic's treatments as being**

known to causes lacrimal punctal stenosis. However, the article does describe the etiology of this condition and lists several causes: chronic conjunctival exposure and keratinization (e.g. ectropion), dry eye with low tear outflow, **chronic blepharitis**, recurrent or severe conjunctivitis, and tumor. **Of these known causes, this patient is known to have chronic blepharitis** (independent of our treatment), as evidenced by the pre-operative finding of MGD at her first exam in February 2011, before her first cataract surgery. None of the medications prescribed in the clinic and none of the surgeries Dr. DeBry performed are identified as causes in this review article published by the American Academy of Ophthalmology (AAO) – **Exhibit 21** and a review of Drug Related Adverse Effects of Clinical Importance to the Ophthalmologist (**Exhibit 20**).

Dr. Wellish also found a review article on Ectropion - published by the American Academy of Ophthalmology (AAO). See **Exhibit 23**. It lists as **risk factors**: Advanced **Age**, Chronic Eyelid Rubbing, Facial Nerve Palsy, Previous Trauma, and Previous eyelid surgery for skin cancer. **It does not list any of the medications the clinic's doctors prescribed**. Dr. Wellish could find only one article on ectropion caused by ocular topical medications – See **Exhibit 18**. The article listed several glaucoma medications as known causes of ectropion, but none of the medications prescribed by the doctors in the clinic were among those mentioned to cause Ectropion. Dr. Wellish could find no **articles mentioning the medications prescribed by any of the clinic's doctors as known causes of Punctal stenosis or Eyelid ectropion.**

Even if a reported case could be found, the incidence would be so rare that it would not be realistic to withhold the recommended treatments the clinic's doctors used (the same treatments they have used successfully on thousands of their patients, as recommended by the Academy of Ophthalmology – **Exhibits 10, 11, 12**) on the rare chance that they could cause these eyelid and tearing conditions. Although glaucoma medications have been reported to cause these conditions, in this field, this is not even typically considered as a reason to withhold the use of these eye drops in the treatment of glaucoma.

Finally, the loss of vision due to the constant tears would truly be a shame for anyone to endure. In this patient's case, **there are three things that were prescribed for her to do, as far back as November 2011, that she chose not to do, that could have, and perhaps most likely would have *prevented* this loss**:

1. The clinic's doctors prescribed glasses for her on May 5, 2011, and again on June 7, 2011. At both of these visits she corrected to a "normal 20/20." Curiously, at her visits of

September 12, 22, 29, October 5, November 21, 28, 2011, and March 5, 2012, the patient was not wearing her glasses at her office visits. On March 5, 2012, the patient was refracted to 20/20 vision in each eye with the proper glasses prescription and the clinic demonstrated to her this superior level of vision she would enjoy if she were to wear glasses. On March 8, 2012, at her final visit at the clinic, she refused to allow her vision to even be checked and documented.

2. On November 28, 2011, Dr. Wellish instructed the patient to see her Cardiologist or PCP to evaluate her re: the safety of using a Z-pack to help address more thoroughly her MGD and chronic follicular conjunctivitis. Earlier in that visit, the patient had reported that she HAD been able to tolerate this medication well on her Coumadin. To Dr. Wellish's knowledge, she never complied with his instructions to see her other doctors to see if there was a safe way for her to use an essential component of her therapy – Doxycycline or a Doxycycline equivalent such as Z-pack.

3. On November 1, 2011, the patient saw Oculoplastic Specialist, Dr. Steve Leibowitz. At that time his diagnoses were: Ectropion of both eye with punctal eversion and Dry eyes. The plan he recommended to the patient was: 1) Artificial tears four times a day, ointment at night, 2) Bilateral ectropion repair, along with Bilateral plastic repair of canaliculus. Please note that:

A. He did not find **"permanent damage to her tear ducts," or "thinning of her eyelids," or "tear ducts no longer there."** Dr. Wellish believes if he had, then he would have noted such findings and a different surgical plan would have been recommended, such as reconstruction of the tear ducts or a DCR (dacryocystorhinostomy).

B. The patient never followed through on his recommendations to have the above procedures, which, to the extent that the ectropion of both lower lids with punctal eversion was contributing to her symptoms, could have gone a long way in solving the problems she reports in these allegations.

If she had only followed through and complied with the treatments recommended by Dr. Leibowitz and Dr. Wellish, the latter believes this problem would have been under control by mid to late December 2011, and the patient could have avoided all the complaints of tearing, vision loss, redness, burning, etc., notwithstanding the fact that MGD is a chronic condition, and would only be successfully managed as long as the patient was compliant with the recommended treatments, including the periodic use of a Z-pack in place of the normally prescribed Doxycycline.

Dr. Wellish has also had great success in patients with moderate to severe MGD patients like this, with a type of IPL treatment for this condition. IPL (Intense Pulsed Light) is used (off label as it was originally approved by the FDA for skin rejuvenation, but in recent years has found to be useful in treating dry eye caused by MGD) to treat the abnormal blood vessels feeding the lower eyelids and to melt the hardened oil gland secretions stuck in her eyelids, thereby allowing her normal Meibomian oil secretions to coat the outer layer of her tears, as a protective layer, as nature intended. **It is the lack of this oily coating of her tears that make people with her condition suffer much more than others with similar eyelid position problems who are not at all bothered symptomatically.** At the patient's last visit to the clinic, when she called on March 8, 2012, the clinic got her in the same day to see Dr. Christopher Shen (Dr. Wellish was in surgery that day). This was the visit where the patient refused to allow her vision to be checked. At that time, after examining this patient and offering his diagnoses, according to medical record, **Dr. Shen explained to the patient that she needs long-term treatment to help with her condition.** He recommended restarting hot moist packs twice a day and Erythromycin ointment at bedtime – the same treatments as recommended by the American Academy of Ophthalmology – **Exhibits 10, 11, 12... He also discussed with her the IPL option for future treatment if there was no improvement by her next recommended visit with Dr. Wellish two (2) months later**. Our clinic has many patients just like this one who, by following up and eventually having IPL, experience a dramatic improvement in their MGD symptoms, including the very ones this patient is complaining about. **Dr. Wellish wishes this patient had followed up with him so that he also could have given IPL a chance to work for her, as the vast majority of those patients like her seem to find a dramatic improvement in their symptoms with this treatment**.

Dr. Wellish believes the physicians providing care at the clinic provided a high level of care in the evaluation, diagnoses, and recommended treatments. **It is believed if this patient had followed through on the above recommendations instead of continuing to search for more opinions (none of which seem to have solved her problems), she could have prevented all or most of her suffering**.

ALLEGATION #26. All together you and the other physicians prescribed a total of seventeen different medications to the patient.

RESPONSE TO ALLEGATION #26. Of the medications that Dr. Wellish and/or the other physicians at the clinic prescribed, the indications were 1) for the cataract surgery, and 2) for the new onset problem of pain, tearing, redness, etc., starting in September 2011. According to the medical record, the following medications were prescribed/used:

For the cataract surgery, the following "standard of care" medications were used:

1. Pred forte. A steroid eye drop used in both eyes peri-operatively.

2. Zymaxid (an antibiotic).

3. Bromday (an NSAID used to facilitate intra-operative dilation and prevent post-operative pain and decrease the risk of post-operative cystoid macular edema). Used in the right eye peri-operatively.

4 Nevanac (an alternative NSAID that is often used interchangeably with Bromday, based on patient tolerance, price, and availability of samples). Used in the left eye peri-operatively.

Standard "Day of Surgery" Medications:

5. Proparacaine (topical anesthetic).

6. Mydriacyl (to dilate the pupil for surgery).

7. Cyclogyl (to dilate the pupil for surgery, different mechanism of action than the other 2 dilating eye drops, used synergistically with the other 2 dilating eye drops).

8. Neosynephrine (Phenylephrine) (to dilate the pupil for surgery, different mechanism of action than the other 2 dilating eye drops, used synergistically with the other 2 dilating eye drops).

9. Xylocaine gel (a topical anesthetic used to make the surgery as pain free as possible).

Eyedrops noted to be used after surgery in addition to the above:

10. Soothe artificial tears. Often used for dry eye. Patient noted she was using these on March 23, 2011. Dr. Wellish did not see a note instructing her to use these.

By June 7, 2011, the patient reported being off all ocular medications.

11. Tobramycin. On September 12, 2011, the patient reported that her PCP had started her on this eye drop when she presented to her PCP with red, painful eyes after the onset of a cold. Dr. Langford stopped this medication and evidently gave the patient a sample of Zylet.

12. Zylet (a combination steroid/antibiotic). As noted above, the patient called in to report: "pt prescription too expensive...**zylet sample was working**, need alternative prescription called into Walgreen's..." To respond to the patient's request for a less expensive option (albeit not as effective).

13. Maxitrol (another combination steroid/antibiotic) not as effective for this type of problem as Zylet. On September 22, 2011, the patient reported that the Maxitrol made her eyes tear a lot, and she presented taking TobraDex, but had stopped taking the Maxitrol.

14. Tobradex ((another combination steroid/antibiotic) not as effective for this patient as Zylet. She reported on September 22, 2011, that the Tobradex drops were not helping her at all. At this visit a follicular conjunctivitis was noted on exam, diagnosed and discussed with the patient. For these reasons, the Tobradex was discontinued and the patient started on Ped Forte drops.

15. **Pred Forte** eye drops, a strong steroid used to prevent inflammation and to prevent scar tissue. **By September 29, 2011, the patient reported improvement with Pred Forte, with no tearing, no itching, no pain, no discomfort and no further complaints**. She was therefore instructed to taper off of the Pred Forte and to follow-up in 2 weeks. On October 5, 2011 (it is believed the telephone encounter sheet incorrectly states October 6, 2011), the patient called at 9:02 AM complaining of blurry vision and teary eyes that had been present for 4 weeks. She was added on as an emergency to be seen by Dr. DeBry that same day. His diagnoses were: MGD and lid laxity – floppy eyelid syndrome. He recommended changing the Pred Forte to...

Re: ***BME Case # 12-13732***
Licensee: ***Kent L. Wellish, M.D.; License No. 7032***
Patient: [redacted]

16. FML eye drops. According to the patient, these ultimately did not work either. On November 21, 2011, she presented for the first time to see Dr. Wellish and reported that she was not taking any ocular medications because they were not working. Dr. Wellish examined her and found squamous blepharitis and meibomitis (MGD), as well as other findings previously mentioned. Noting that the Zylet sample given to her on September 12, 2011, helped and that fortunately we had some samples in stock, Dr. Wellish gave her some samples of Zylet. Dr. Wellish also added...

17. Lotemax (steroid eye drops that are often effective and tolerated better **long term** (less side effects) than Pred Forte or FML). At this visit, Dr. Wellish wrote down Doxycycline, but ultimately the patient and Dr. Wellish decided not to use due to her issues being on Coumadin. Dr. Wellish also started her on ...

18. Artificial tears (Dr. Wellish gave her samples of Systane) and

19. Hot compresses twice a day and **Erythromycin ointment** at bedtime. The plan was to see her back in 6-8 weeks. She called on November 28, 2011, stating that the eye drops she was taking were not helping and that her eyes felt the same, and that she was frustrated. She was added on as a "same day" appointment to see Dr. Wellish. At this visit, it looked like her conjunctiva was inflamed, so Dr. Wellish thought changing the Erythromycin ointment (a mainstay of MGD treatment long term) to a short term course of ...

20. Lotemax gel would calm her eyes down so that she could tolerate and give the other treatments time to work. This was the visit where Dr. Wellish instructed the patient to see her cardiologist or PCP to assess for her the safety of using a Z-pack, which Dr. Wellish felt would be critical to improving her MGD, which he felt was a major component of her tearing, red eyes. To Dr. Wellish's knowledge, she never actually followed-up with any of this and never started the Z-pack.

21. On March 5, 2012, the patient reported using Optive drops (Dr. Wellish does not believe these were prescribed in his clinic). Dr. Wellish restarted the Lotemax drops and added a non-preserved artificial tear called ...

22. Oasis tears plus. Dr. Wellish also re-started her on hot compresses twice a day and prescribed a more expensive (yet more effective than Erythromycin ointment) called ...

23. Azasite. Dr. Wellish is not sure if she ever took any of this, because when she called and came in on March 8, 2012, she stated she was not using any ocular medications.

These medications were not the only treatments prescribed. Dr. Wellish and/or the physicians at the clinic also:

1. Urged the patient to see her PCP or Cardiologist to see if a way could be figured out for the patient to use a Z-pack to control her MGD.

2. Dr. Leibowitz recommended an eyelid procedure that, together with a Z-pack would likely have remedied this problem within a few months after its onset.

3. Dr. Shen discussed with the patient the IPL procedure and how this could help her.

ALLEGATION #27. Due to your negligent care, which has gone on for over a year, the patient's quality of life has deteriorated because of her inability to heal.

RESPONSE TO ALLEGATION #27. Sadly, the patient spent more time going for second and third opinions from doctors with less training - a "non-Fellowship Trained" ophthalmologist (Dr. Malitz) and an Optometrist (a request for records was received from the Clear Vision group of Optometrists, which rents previously unrentable space out to a competing Ophthalmologist and then refers patients to that Ophthalmologist) **than following the recommendations of Dr. Leibowitz** (a Harvard Fellowship trained Oculoplastics Specialist and part time UCLA Faculty) **and Dr. Wellish** (a two year UCLA Fellowship trained Cornea, External Ocular Disease & Refractive Surgery Specialist). See **Exhibit 26.** It appears these "competing doctors" may have inflamed the patient's frustrations by feeding her **misinformation** such as that her tear ducts were no longer there and/or that her tearing was due to her eye muscle being stretched out at the time of her the cataract surgery.

Out of respect to the other eye doctors she saw for extra opinions, she could be misquoting them or "misremembering" what they said, but the fact that her frustration level seemed to soar after seeing them makes one think their faulty explanations inappropriately

placed the blame for her condition on her cataract surgery and the medications Dr. Wellish and/or the physicians at the clinic prescribed instead of the real and most likely sources: advancing age and chronic blepharitis.

As the medical record shows, rather than negligent, Dr. Wellish believes he and the physicians at the clinic provided care that was well within the standard of care in a timely and compassionate manner.

There were multiple times when Dr. Wellish and/or the physicians at the clinic went the extra mile for the patient, as they try to do for all patients. Since the patient repeatedly raised cost and affordability of meds, she was frequently given samples. When the medications Dr. Wellish and/or the physicians at the clinic prescribed were too expensive, they called in less expensive options (although as it turned out, in cases such as the Zylet these generics and less expensive options did not work nearly as well and so in retrospect may have been counterproductive). When she called in several times expressing her frustration and discomfort, Dr. Wellish and/or the physicians at the clinic got her in the same day to see one of our doctors. They tried to arrange consultations with other specialists to better coordinate her care. They recommended that she see her PCP or Cardiologist to see if she could be safely started on a Z-pack for her MGD (given her history of being on Coumadin). Dr. Wellish only wishes he could have been as persuasive for her as he has been for the thousands of other patients he has successfully treated for this condition. After noting that she did not follow through with Dr. Leibowitz' recommendations, Dr. Wellish referred her to another Oculoplastics specialist, Dr. Janice Eggert, and Dr. Wellish/the clinic even made the appointment for her. This was to address and if possible fix her issues with her lid ectropion, punctal eversion, lid laxity, possible floppy eyelid, etc. After she raised the obstacle of her history of developing a UTI after previous use of Doxycycline, Dr. Wellish wrote out a referral, gave the original to the patient, and tried to have his staff call to set up an appointment with a brilliant Urologist, Dr. Avi Weiss, to determine if the patient had any unusual circumstances that would prevent the use of Doxycycline. The patient declined and said she would do it herself. Evidently, she did not follow through with this.

All in all, Dr. Wellish believes all of his and the clinic's prescribed treatments were mainstream for the patient's diagnoses and consistent with recommended practices by the American Academy of Ophthalmology and other leading sources (see **Exhibits 8-25**).

In certain cases with ingested errors and significant negative health circumstances requiring institutional care, the investigative committee recommendation will be a board hearing.

In all death cases resulting from inappropriate drug therapy a board hearing will occur.

Attorney fees and costs may be added in contested disciplinary actions requiring extensive attorney preparation and presentation and are not described in the above matrix.

The board has directed that ownership may be charged in disciplinary cases. In non-ingested errors copies of admonition letters will be sent to management. Accumulative actions for ownership monitoring will be based upon a 3 year period. All actions including non-ingested errors will be given a case number and monitored.

DARLENE NASES

I am both mortified and embarrassed that I failed to renew my DEA certificate at the appropriate time. It was not intentional. I was out of the office when renewal was due and did not realize it had not been paid. In past years the practice paid the DEA fees and I would reimbursed them.

2018 was a difficult year for me. I worked much of the year but had increasing problems withstanding and ambulating. In 2019 I attended extensive pain management classes with multiple physical therapy appointments and orthopedic evaluations. Ultimately both knees were replaced. This was followed again by physical therapy appointments and an exercise regimen which were of great help. I fully intended to return to work after recovering but then COVID was prominent and I was in a high-risk group for complications due to age, allergies and asthma. Ultimately, I did develop significant breathing difficulties requiring a visit to the Emergency Room where I was treated for asthma and bronchitis. Covid testing was negative. The illness lasted several weeks despite treatment with steroids, vasodilators and antibiotics.

I renewed my medical license in June of 2021 with the full intent of seeking employment as a pediatrician particularly with the reported shortages of pediatricians reported in the area. I loved my career in medicine and have been highly motivated to return to work.

Until now my medical record has been unblemished. I realize, in retrospect, that my prescribing was wrong. If I am allowed to reinstate my DEA license, I assure the Nevada Board of Pharmacy that I will be diligent in adhering to all regulations.

I hereby declare under penalty of perjury, that the foregoing Answer and Notice of Defense, and all facts therein stated, are true and correct to the best of my knowledge.

FACTUAL ALLEGATIONS

2. Respondents operate the Nevada Obstetrical Charity Clinic, located at 1950 Pinto Lane in Las Vegas.

5. Dr. Strebel failed to verify the accuracy of dispensed compounded drug products.

6. Respondents failed to establish and follow policies and procedures for compounding and dispensing nonsterile drug products.

Other prescriptions specified a beyond use date that predated the date of the prescription. Prescriptions also lacked mandated auxiliary labels for alcohol consumption warning.

8. Respondents had possession of unlabeled bottles of medication.

9. Respondents failed to conduct and maintain an accurate biennial inventory of controlled substances.

10. Dr. Strebel permitted Thomas Strebel to order, receive and have unrestricted access to the inventory of controlled substances, dangerous drugs and drug products at the Nevada Obstetrical Charity Clinic.

11. Dr. Strebel failed to upload required information to the Prescription Monitoring Program when dispensing controlled substances to several patients from November 4, 2017 to November 4, 2019.

12. On or about June 11, 2020, Board staff performed an annual inspection of the Nevada Obstetrical Charity Clinic and found the violations of Nevada law detailed above ongoing.

13. On or about May 19, 2021, Board staff attempted to perform an annual inspection of the Nevada Obstetrical Charity Clinic and were denied entry.

14. On or about June 7, 2020, Board staff performed an annual inspection of the Nevada Obstetrical Charity Clinic and found the violations of Nevada law detailed above ongoing.

15. On at least two occasions Dr. Strebel filled prescriptions - Prescription Nos. 501818 and 501846 - written by another practitioner and failed to strictly follow the instructions of the practitioner when filling and dispensing the medication.

FIRST CAUSE OF ACTION

Brett Kandt, General Counsel for Petitioner the Nevada State Board of Pharmacy (Board), and Respondent Kord T. Strebel, MD, Certificate of Registration Nos. CS13593 and PD00333 (Dr. Strebel), by and through counsel**,** Joshua M. Dickey, Esq., and Respondent Thomas E. Strebel, R.Ph., Certificate of Registration Nos. 18239 and TD01379 (Thomas Strebel), by and through counsel**,** David J. Merrill, Esq., **HEREBY STIPULATE AND AGREE THAT**:

1. The Board has jurisdiction over Respondents and this matter.

2. Respondents represent that Dr. Strebel is a practicing physician in the field of obstetrics and gynecology. He specializes in minimally invasive surgery using robotic techniques and technology and is a principal of Women's Health Associates of Southern Nevada (WHASN). In furtherance of his desire to assist his patients, particularly those who are economically disadvantaged, in 2009, Dr. Strebel opened the Nevada Obstetrical Charity Clinic (Charity Clinic). The Charity Clinic is a non-profit created solely to serve Dr. Strebel's patients. In order to help Charity Clinic patients obtain medications at more affordable prices, in 2012, Dr. Strebel obtained his dispensing practitioner certification and began operating a pharmacy at the Charity Clinic. To assist him with the operation of the pharmacy at the Charity Clinic, Dr.

Strebel enlisted his father, Thomas Strebel, a long-time registered pharmacist who obtained his dispensing technician registration for purposes of fulfilling his duties at the Charity Clinic. Consistent with the non-profit and charitable nature of the Charity Clinic, Thomas Strebel provides his services pro bono.

3. Respondents further represent that, although Dr. Strebel opened the pharmacy at the Charity Clinic with the best of intentions, managing and operating it has proven more time consuming and burdensome than he and Thomas Strebel had anticipated. At this point, Respondents wish to focus on their respective careers as a physician and pharmacist and no longer wish to operate the pharmacy at the Charity Clinic.

4. On or about July 23, 2021, Respondents were served with the Notice of Intended Action and Accusation (Accusation) on file in this matter together with the Statement to Respondent and Notice of Hearing.

5. On or about December 15, 2021, Respondents each filed an Answer and Notice of Defense denying the allegations in the Accusation prior to entering into this Stipulation.

6. Respondents are fully aware of the right to seek the advice of counsel in this matter and obtained the advice of counsel prior to entering into this Stipulation.

7. Respondents are aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration, the right to appeal and any and all other rights which may be accorded to them pursuant to NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

8. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondents have failed to comply with the provisions of this Stipulation, Respondents hereby freely and voluntarily waive their rights to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to them by NRS Chapter 233B (Nevada Administrative Procedure Act), NRS

DRAFT

Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

9. The Fourth, Fifth, Seventh, Ninth and Tenth Causes of Action against Respondents, Paragraphs 19, 20, 22, 24 and 25 of the Accusation, are hereby dismissed pursuant to NRS 622A.320(4).

10. Respondents and the Board stipulate to the following concerning the violations alleged in the remaining causes of action:

A. First Cause of Action – Failure to Keep Complete and Accurate Records of Nonsterile Compounded Drug Products. Respondents assert that Thomas Strebel, who is a registered pharmacist in addition to holding a registration as a dispensing technician, is the only individual who compounded drug products at the Charity Clinic. As a registered pharmacist, Thomas Strebel may lawfully compound nonsterile drug products without supervision. *See* NRS § 639.100(1)(a); NAC 639.245(2)(b). Nevertheless, Dr. Strebel contends that he verified the accuracy of every single compounded drug product at the Charity Clinic. However, Dr. Strebel did not always indicate his verification in writing. Consequently, for purposes of resolving this matter only and for no other purpose, Dr. Strebel and Thomas Strebel admit that staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the allegation that they violated NAC 639.6701, NAC 639.67019, NAC 639.742(5) and/or 21 CFR § 211.113(a), engaged in unprofessional conduct as defined in NAC 639.945(1)(i) and/or (m), and are therefore subject to discipline pursuant to NRS 639.210(4), (11), (12) and/or (17), to the extent such violations are premised upon a failure to properly maintain records documenting verification;

B. Second Cause of Action – Failure to Verify Accuracy of Dispensed Compounded Drug Products. Dr. Strebel asserts that Thomas Strebel, who is a registered pharmacist in addition to holding a registration as a dispensing technician, is the only individual who compounded drug products at the Charity Clinic. As a registered pharmacist, Thomas Strebel may lawfully compound nonsterile drug products without supervision. *See* NRS §

639.100(1)(a); NAC 639.245(2)(b). Nevertheless, Dr. Strebel contends that he verified the accuracy of every single compounded drug product at the Charity Clinic. However, Dr. Strebel did not always indicate his verification in writing. Consequently, for purposes of resolving this matter only and for no other purpose, Dr. Strebel admits that staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the allegation that he violated NAC 639.742(5) and/or NAC 639.743(2) (a) & (b), engaged in unprofessional conduct as defined in NAC 639.945(1)(i), and is therefore subject to discipline pursuant to NRS 639.210(4) and/or (12) to the extent such violations are premised upon his failure to document properly his verification;

C. Third Cause of Action – Failure to Establish Policies and Procedures for Compounding Dispensing Nonsterile Drug Products. Respondents assert that they created, maintained, and used detailed compounding formulas for each and every compounded drug product, in addition to general policies and procedures which governed the operation of the pharmacy. Respondents ceased compounding as of May 2021, but now recognize that their written policies and procedures were not in compliance with applicable regulations. Consequently, for purposes of resolving this matter only and for no other purpose, Respondents admit that staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the allegation that they failed to establish and follow policies and procedures for compounding and dispensing nonsterile drug products, and thereby violated NAC 639.67015 and/or NAC 639.67035, engaged in unprofessional conduct as defined in NAC 639.945(1)(i), and are therefore subject to discipline pursuant to NRS 639.210(4), (11) and/or (12);

D. Sixth Cause of Action – Failure to Maintain Accurate Biennial Inventories of Controlled Substances. Respondents assert that the discrepancies between the controlled substances itemized in the pharmacy's biennial inventory and the drugs counted by the inspector was due to certain medications (i.e., vaccines for a program the Charity Clinic participates in, and drugs controlled by WHASN) being stored in the pharmacy. Consequently, for purposes of

resolving this matter only and for no other purpose, Respondents admit that staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the allegation that they failed to maintain at least two years' worth of biennial inventories of controlled substances in a readily retrievable manner, and thereby violated NRS 453.246, NAC 453.475(1)(b) and (2), NAC 639.482(a) and (b), NAC 639.487(4), NAC 639.510, 21 U.S.C. § 842(a)(5) and/or 21 CFR § 1304.11 engaged in unprofessional conduct as defined in NAC 639.945(1)(i) and/or (m), and are therefore subject to discipline pursuant to NRS 639.210(4), (11), (12) and/or (17); and

E. Eighth Cause of Action – Failure to Report Dispensing of Controlled Substances. Dr. Strebel asserts that he has continuously uploaded reports to the DEA. However, due to an error with RX 30, the pharmacy software used by the Charity Clinic, reports were not made to Nevada's Prescription Monitoring Program. When Dr. Strebel learned of this software issue, he rectified it. Consequently, for purposes of resolving this matter only and for no other purpose, Dr. Strebel admits that staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the allegation that he failed to upload required information to the Prescription Monitoring Program when dispensing controlled substances and thereby violated NRS 453.163, engaged in unprofessional conduct as defined in NAC 639.945(1)(i), and is therefore subject to discipline pursuant to NRS 639.210(4) and/or (12).

11. Those violations are plead with particularity in the Accusation, and are grounds for action pursuant to NRS 453.236(1), NRS 453.241(1), NRS 639.210 and NRS 639.255.

12. To resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent Kord T. Strebel, MD, Certificate of Registration Nos. CS13593 and PD00333, stipulate to the following penalties. Respondent is placed on probation for two (2) years, subject to the following conditions:

DRAFT

A. Respondent shall accept this Stipulation and Order as a public reprimand regarding his duties and responsibilities as a practitioner under NRS Chapter 453, Chapter 454, and Chapter 639;

B. Respondent shall pay a fine of Five Thousand Dollars ($5000.00) for the violations;

C. Pursuant to NRS 622.400, Respondent shall pay One Thousand Dollars ($1000.00) to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter;

D. Respondent shall not apply for the biennial renewal of Certificate of Registration No. PD00333, shall automatically forfeit that registration upon expiration on October 21, 2022, pursuant to NRS 639.180(6), and shall not engage in practice as a dispensing practitioner from the Charity Clinic thereafter, or alternatively, Respondent at his sole discretion may relinquish Certificate of Registration No. PD00333 prior to its expiration; and

E. Respondent shall have no new charges filed against him while on probation.

Upon successful completion of the terms of probation, the probation associated with Certificate of Registration No. CS13593 will cease.

13. To resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent Thomas E. Strebel, R.Ph., Certificate of Registration Nos. 18239 and TD01379, stipulate to the following penalties. Respondent is placed on probation for two (2) years, subject to the following conditions:

A. Respondent shall accept this Stipulation and Order as a public reprimand regarding his duties and responsibilities as a pharmacist under NRS Chapter 453 and Chapter 639;

B. Respondent shall pay a fine of Four Thousand Dollars ($4000.00) for the violations;

DRAFT

C. Pursuant to NRS 622.400, Respondent shall pay One Thousand Dollars ($1000.00) to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter;

D. Respondent shall not apply for the biennial renewal of Certificate of Registration No. TD01379, shall automatically forfeit that registration on October 21, 2022, pursuant to NRS 639.180(6), and shall not engage in practice as a dispensing technician from the Charity Clinic thereafter, or alternatively, Respondent at his sole discretion may relinquish Certificate of Registration No. TD01379 prior to its expiration; and

E. Respondent shall have no new charges filed against him while on probation.

Upon successful completion of the terms of probation, the probation associated with Certificate of Registration No. 18239 will cease.

14. Any failure by either Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing that Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by that Respondent, the parties agree that the Board may immediately suspend the certificates of registration of that Respondent and may impose additional discipline upon that Respondent not inconsistent with the provisions of NRS Chapters 453 and 639.

15. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on June 1, 2022. Respondents and their counsel may appear at the meeting to answer questions from the Board members and/or Board staff. The Board members and staff may discuss and deliberate regarding this Stipulation, even if Respondents or their counsel are not present at the meeting.

and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60.

17. If the Board rejects this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

18. Upon approval of this Stipulation by the Board, Respondents shall pay the fines agreed to herein by personal, business, certified or cashier's check or money order made payable to "State of Nevada, Office of the Treasurer," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) days of the effective date of this Order.

19. Upon approval of this Stipulation by the Board, Respondents shall pay the attorney's fees and costs agreed to herein by personal, business, certified or cashier's check or money order made payable to "Nevada State Board of Pharmacy," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) days of the effective date of this Order.

20. Subject to the approval of this Stipulation by the Board, the Board and Respondents, and each of them, agree to release each other from any and all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondents, and each of them, have fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and have freely and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

STREBEL, RPH,** **Certificate of Registration Nos. 18239 and TD01379,** **Respondents.**	**CASE NOS. 19-053-CS-S** **19-053-RPH-S** **STIPULATION AND ORDER**

Brett Kandt, General Counsel for Petitioner the Nevada State Board of Pharmacy (Board), and Respondent Kord T. Strebel, MD, Certificate of Registration Nos. CS13593 and PD00333 (Dr. Strebel), by and through counsel**,** Joshua M. Dickey, Esq., and Respondent Thomas E. Strebel, R.Ph., Certificate of Registration Nos. 18239 and TD01379 (Thomas Strebel), by and through counsel**,** David J. Merrill, Esq., **HEREBY STIPULATE AND AGREE THAT**:

1. The Board has jurisdiction over Respondents and this matter.

2. Respondents represent that Dr. Strebel is a practicing physician in the field of obstetrics and gynecology. He specializes in minimally invasive surgery using robotic techniques and technology and is a principal of Women's Health Associates of Southern Nevada (WHASN). In furtherance of his desire to assist his patients, particularly those who are economically disadvantaged, in 2009, Dr. Strebel opened the Nevada Obstetrical Charity Clinic (Charity Clinic). The Charity Clinic is a non-profit created solely to serve Dr. Strebel's patients. In order to help Charity Clinic patients obtain medications at more affordable prices, in 2012, Dr. Strebel obtained his dispensing practitioner certification and began operating a pharmacy at the Charity Clinic. To assist him with the operation of the pharmacy at the Charity Clinic, Dr.

Strebel enlisted his father, Thomas Strebel, a long-time registered pharmacist who obtained his dispensing technician registration for purposes of fulfilling his duties at the Charity Clinic. Consistent with the non-profit and charitable nature of the Charity Clinic, Thomas Strebel provides his services pro bono.

3. Respondents further represent that, although Dr. Strebel opened the pharmacy at the Charity Clinic with the best of intentions, managing and operating it has proven more time consuming and burdensome than he and Thomas Strebel had anticipated. At this point, Respondents wish to focus on their respective careers as a physician and pharmacist and no longer wish to operate the pharmacy at the Charity Clinic.

4. On or about July 23, 2021, Respondents were served with the Notice of Intended Action and Accusation (Accusation) on file in this matter together with the Statement to Respondent and Notice of Hearing.

5. On or about December 15, 2021, Respondents each filed an Answer and Notice of Defense denying the allegations in the Accusation prior to entering into this Stipulation.

6. Respondents are fully aware of the right to seek the advice of counsel in this matter and obtained the advice of counsel prior to entering into this Stipulation.

7. Respondents are aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration, the right to appeal and any and all other rights which may be accorded to them pursuant to NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

8. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondents have failed to comply with the provisions of this Stipulation, Respondents hereby freely and voluntarily waive their rights to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to them by NRS Chapter 233B (Nevada Administrative Procedure Act), NRS

DRAFT

Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

9. The Fourth, Fifth, Seventh, Ninth and Tenth Causes of Action against Respondents, Paragraphs 19, 20, 22, 24 and 25 of the Accusation, are hereby dismissed pursuant to NRS 622A.320(4).

10. Respondents and the Board stipulate to the following concerning the violations alleged in the remaining causes of action:

A. First Cause of Action – Failure to Keep Complete and Accurate Records of Nonsterile Compounded Drug Products. Respondents assert that Thomas Strebel, who is a registered pharmacist in addition to holding a registration as a dispensing technician, is the only individual who compounded drug products at the Charity Clinic. As a registered pharmacist, Thomas Strebel may lawfully compound nonsterile drug products without supervision. *See* NRS § 639.100(1)(a); NAC 639.245(2)(b). Nevertheless, Dr. Strebel contends that he verified the accuracy of every single compounded drug product at the Charity Clinic. However, Dr. Strebel did not always indicate his verification in writing. Consequently, for purposes of resolving this matter only and for no other purpose, Dr. Strebel and Thomas Strebel admit that staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the allegation that they violated NAC 639.6701, NAC 639.67019, NAC 639.742(5) and/or 21 CFR § 211.113(a), engaged in unprofessional conduct as defined in NAC 639.945(1)(i) and/or (m), and are therefore subject to discipline pursuant to NRS 639.210(4), (11), (12) and/or (17), to the extent such violations are premised upon a failure to properly maintain records documenting verification;

B. Second Cause of Action – Failure to Verify Accuracy of Dispensed Compounded Drug Products. Dr. Strebel asserts that Thomas Strebel, who is a registered pharmacist in addition to holding a registration as a dispensing technician, is the only individual who compounded drug products at the Charity Clinic. As a registered pharmacist, Thomas Strebel may lawfully compound nonsterile drug products without supervision. *See* NRS §

639.100(1)(a); NAC 639.245(2)(b). Nevertheless, Dr. Strebel contends that he verified the accuracy of every single compounded drug product at the Charity Clinic. However, Dr. Strebel did not always indicate his verification in writing. Consequently, for purposes of resolving this matter only and for no other purpose, Dr. Strebel admits that staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the allegation that he violated NAC 639.742(5) and/or NAC 639.743(2) (a) & (b), engaged in unprofessional conduct as defined in NAC 639.945(1)(i), and is therefore subject to discipline pursuant to NRS 639.210(4) and/or (12) to the extent such violations are premised upon his failure to document properly his verification;

C. Third Cause of Action – Failure to Establish Policies and Procedures for Compounding Dispensing Nonsterile Drug Products. Respondents assert that they created, maintained, and used detailed compounding formulas for each and every compounded drug product, in addition to general policies and procedures which governed the operation of the pharmacy. Respondents ceased compounding as of May 2021, but now recognize that their written policies and procedures were not in compliance with applicable regulations. Consequently, for purposes of resolving this matter only and for no other purpose, Respondents admit that staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the allegation that they failed to establish and follow policies and procedures for compounding and dispensing nonsterile drug products, and thereby violated NAC 639.67015 and/or NAC 639.67035, engaged in unprofessional conduct as defined in NAC 639.945(1)(i), and are therefore subject to discipline pursuant to NRS 639.210(4), (11) and/or (12);

D. Sixth Cause of Action – Failure to Maintain Accurate Biennial Inventories of Controlled Substances. Respondents assert that the discrepancies between the controlled substances itemized in the pharmacy's biennial inventory and the drugs counted by the inspector was due to certain medications (i.e., vaccines for a program the Charity Clinic participates in, and drugs controlled by WHASN) being stored in the pharmacy. Consequently, for purposes of

resolving this matter only and for no other purpose, Respondents admit that staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the allegation that they failed to maintain at least two years' worth of biennial inventories of controlled substances in a readily retrievable manner, and thereby violated NRS 453.246, NAC 453.475(1)(b) and (2), NAC 639.482(a) and (b), NAC 639.487(4), NAC 639.510, 21 U.S.C. § 842(a)(5) and/or 21 CFR § 1304.11 engaged in unprofessional conduct as defined in NAC 639.945(1)(i) and/or (m), and are therefore subject to discipline pursuant to NRS 639.210(4), (11), (12) and/or (17); and

E. Eighth Cause of Action – Failure to Report Dispensing of Controlled Substances. Dr. Strebel asserts that he has continuously uploaded reports to the DEA. However, due to an error with RX 30, the pharmacy software used by the Charity Clinic, reports were not made to Nevada's Prescription Monitoring Program. When Dr. Strebel learned of this software issue, he rectified it. Consequently, for purposes of resolving this matter only and for no other purpose, Dr. Strebel admits that staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the allegation that he failed to upload required information to the Prescription Monitoring Program when dispensing controlled substances and thereby violated NRS 453.163, engaged in unprofessional conduct as defined in NAC 639.945(1)(i), and is therefore subject to discipline pursuant to NRS 639.210(4) and/or (12).

11. Those violations are plead with particularity in the Accusation, and are grounds for action pursuant to NRS 453.236(1), NRS 453.241(1), NRS 639.210 and NRS 639.255.

12. To resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent Kord T. Strebel, MD, Certificate of Registration Nos. CS13593 and PD00333, stipulate to the following penalties. Respondent is placed on probation for two (2) years, subject to the following conditions:

DRAFT

A. Respondent shall accept this Stipulation and Order as a public reprimand regarding his duties and responsibilities as a practitioner under NRS Chapter 453, Chapter 454, and Chapter 639;

B. Respondent shall pay a fine of Five Thousand Dollars ($5000.00) for the violations;

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. ROSA A. BELLOTA-ROJAS, MD, Certificate of Registration No. CS21931, and ANURANJAN BIST, MD, Certificate of Registration No. CS14281, Respondents.	Case Nos. 18-103-CS-A-S 18-103-CS-B-S ORDER TO SHOW CAUSE

1. On June 10, 2020, the Nevada State Board of Pharmacy ("Board") entered an Order pursuant to stipulation ("Order") with the Respondent, Rosa A. Bellota-Rojas, MD ("Bellota-Rojas"), Certificate of Registration No. CS21931, and Respondent, Anuranjan Bist, MD ("Bist"), Certificate of Registration No. CS14281. The stipulated Order contained certain admissions that evidence existed to establish a factual basis for the violations alleged in the Accusation and suspended the Certificate of Registration No. CS21931 of Respondent Bellota-Rojas, and suspended the Certificate of Registration No. CS14281 of Respondent Bist, along with partial payment of attorney's fees and investigative costs. The suspension was stayed and the Respondents were placed on probation for two (2) years from the effective date of the signed Order.

2. Further, the Order, paragraphs 9(D) and 10(D), stated that during probation the Respondents:

> Comply with all federal and state statutes and regulations regarding controlled substances and dangerous drugs, and have no additional charges filed against [her/him] while on probation.

3. On or about December 6, 2021, the Nevada Board of Medical Examiners sent a referral to the Board of Pharmacy regarding a complaint that Dr. Bellota-Rojas, Dr. Bist, and Jeffrey Brown, PA at Mind Brain Institutes were prescribing medications to children K.B. and I.B. without first examining them to formulate a diagnosis. Upon investigation, it was discovered that Respondent

Bellota-Rojas and Respondent Bist were prescribing or supervising the prescribing of controlled substances to minor patients K.B. and I.B. without establishing a bona fide therapeutic relationship, and violating law by failing to initially obtain PMP utilization reports of K.B. and I.B., and every 90 days thereafter.

4. A Notice of Intended Action and Accusation has been/will be concurrently filed in case no. 21-205, incorporated by reference.

5. These actions constitute failures to comply with state law, NRS 639.23507, and unprofessional conduct for failure to comply with the Board's Order pursuant to NAC 639.945(1)(l) as additional charges were filed against Respondent Bellota-Rojas and Respondent Bist regarding controlled substances in violation of paragraph 9(D) and 10(D).

6. Failure to comply with an Order entered by the Board may result in the issuance by the Executive Secretary of an order to show cause directing Respondents to appear before the Board at the next regularly-scheduled meeting to state reasons why he should not be further sanctioned/disciplined for failure(s) to comply with the Board's previous Order pursuant to NAC 639.965.

IT IS HEREBY ORDERED that Respondents Rosa A. Bellota-Rojas,MD, Certificate of Registration No. CS21931, and Anuranjan Bist, MD, Certificate of Registration No. CS14281 appear before the Board and show cause, if any, why Certificate of Registration Nos. CS21931 and CS14281 should not be subject to suspension or immediate revocation pursuant to NRS 453.236(1), NRS 453.241(1), NRS 639.210, and/or NRS 639.255.

ANURANJAN BIST, MD,
Certificate of Registration No. CS14281,

Respondents.

Case Nos. 18-103-CS-A-S
18-103-CS-B-S

ORDER TO SHOW CAUSE

1. On June 10, 2020, the Nevada State Board of Pharmacy ("Board") entered an Order pursuant to stipulation ("Order") with the Respondent, Rosa A. Bellota-Rojas, MD ("Bellota-Rojas"), Certificate of Registration No. CS21931, and Respondent, Anuranjan Bist, MD ("Bist"), Certificate of Registration No. CS14281. The stipulated Order contained certain admissions that evidence existed to establish a factual basis for the violations alleged in the Accusation and suspended the Certificate of Registration No. CS21931 of Respondent Bellota-Rojas, and suspended the Certificate of Registration No. CS14281 of Respondent Bist, along with partial payment of attorney's fees and investigative costs. The suspension was stayed and the Respondents were placed on probation for two (2) years from the effective date of the signed Order.

2. Further, the Order, paragraphs 9(D) and 10(D), stated that during probation the Respondents:

> Comply with all federal and state statutes and regulations regarding controlled substances and dangerous drugs, and have no additional charges filed against [her/him] while on probation.

3. On or about December 6, 2021, the Nevada Board of Medical Examiners sent a referral to the Board of Pharmacy regarding a complaint that Dr. Bellota-Rojas, Dr. Bist, and Jeffrey Brown, PA at Mind Brain Institutes were prescribing medications to children K.B. and I.B. without first examining them to formulate a diagnosis. Upon investigation, it was discovered that Respondent

Bellota-Rojas and Respondent Bist were prescribing or supervising the prescribing of controlled substances to minor patients K.B. and I.B. without establishing a bona fide therapeutic relationship, and violating law by failing to initially obtain PMP utilization reports of K.B. and I.B., and every 90 days thereafter.

4. A Notice of Intended Action and Accusation has been/will be concurrently filed in case no. 21-205, incorporated by reference.

5. These actions constitute failures to comply with state law, NRS 639.23507, and unprofessional conduct for failure to comply with the Board's Order pursuant to NAC 639.945(1)(l) as additional charges were filed against Respondent Bellota-Rojas and Respondent Bist regarding controlled substances in violation of paragraph 9(D) and 10(D).

6. Failure to comply with an Order entered by the Board may result in the issuance by the Executive Secretary of an order to show cause directing Respondents to appear before the Board at the next regularly-scheduled meeting to state reasons why he should not be further sanctioned/disciplined for failure(s) to comply with the Board's previous Order pursuant to NAC 639.965.

IT IS HEREBY ORDERED that Respondents Rosa A. Bellota-Rojas,MD, Certificate of Registration No. CS21931, and Anuranjan Bist, MD, Certificate of Registration No. CS14281 appear before the Board and show cause, if any, why Certificate of Registration Nos. CS21931 and CS14281 should not be subject to suspension or immediate revocation pursuant to NRS 453.236(1), NRS 453.241(1), NRS 639.210, and/or NRS 639.255.

ENTERED this 26th day of April, 2022.

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because at the time of the events alleged herein, Respondent Rosa A. Bellota-Rojas, MD ("Bellota-Rojas"), held a controlled substance registration, Certificate of Registration No. CS21931, Respondent Anuranjan Bist, MD ("Bist"), held a controlled substance registration, Certificate of Registration No. CS14281, and Jeffrey Brown, PA ("Brown"), held a controlled substance registration, Certificate of Registration No. CS29706, all issued by the Board.

FACTUAL ALLEGATIONS

2. Respondent Bellota-Rojas and Respondent Bist are wife and husband and operate a medical practice called Mind Brain Institute ("MBI") located at 4958 S. Rainbow Boulevard, Suite 100, Las Vegas, Nevada 89118.

3. Respondent Bellota-Rojas and Respondent Bist are currently on probation with the Board of Pharmacy in relation to case no. 18-103 filed on June 10, 2020. The alleged violations included pre-signed controlled substance prescriptions issued to patients while Respondents were engaged in overseas travel and permitting an employee to prescribe controlled substances and dangerous drugs prior to being licensed. Respondents were ordered to partially reimburse the Board of Pharmacy for recoverable attorney's fees and costs, submit to quarterly inspections for 12 months, and had their controlled substance registrations suspended for 2 years, but stayed the suspensions, where Respondents were required to comply with all federal and state statutes and regulations, and have no additional charges filed against them during the 2 year probationary period. A concurrent Show Cause Order was/will be filed against Respondents Bellota-Rojas and Bist for violation of the June 10, 2020 Board of Pharmacy's Order.

4. Respondent Brown is/was employed by MBI as a physician assistant ("PA") and had supervising agreements with Respondent physicians, Bellota-Rojas and Bist during the relevant timeframes.

5. Dina Faucher, APRN ("Faucher") was employed by MBI as an advanced practice registered nurse. However, she passed away on April 15, 2021. Faucher had a collaborating agreement with Respondent Bist during the relevant timeframes.

6. On or about December 6, 2021, the Board of Medical Examiners ("BME") sent a referral to the Board of Pharmacy regarding a complaint that Dr. Bellota-Rojas, Dr. Bist, and/or Brown were prescribing controlled substances and/or dangerous drugs to children without consulting or examining them.

7. Upon investigation, treatment records were obtained. R.L. is the mother of minor patients K.B. and I.B., who are sisters.

8. On or about June 11, 2020, an initial tele-psych visit for minor patient K.B. with provider Faucher, APRN was noted. On Faucher's notes, she states, "Per mom she is 87 pounds.

She is calm and resting. Not able to assess at this time." She was diagnosed with ADHD and DMDD with no physical or mental evaluation completed. Minor patient K.B. was prescribed Ritalin 5 mg oral tablet with instructions to take two tablets in the morning and one tablet at noon for 30 days, guanfacine 1 mg oral tablet with instructions to take one tablet in the morning and two tablets before bedtime for 30 days, and Zoloft 25 mg oral tablet, take 1.5 tablets daily for 30 days.

9. On July 6, 2020, notes for a tele-psych visit with Faucher indicated that she was not able to assess minor patient K.B., but patient's mother requested an increase in the child's Ritalin prescription. K.B.'s mother further indicated that her child complained of a headache after her Zoloft was increased. K.B. was prescribed guanfacine 1 mg with directions to take 1 tablet in the morning and 2 tablets before bedtime, Ritalin 5 mg with directions to take 2 tablets in the morning and 1 tablet at noon; and Zoloft 25 mg with directions to take 1.5 tablets daily.

10. On August 4, 2020, notes for a tele-psych visit with Faucher indicated that minor patient K.B. was not present, and unable to complete an assessment. However, patient's mother requested a sleep aid for her daughter K.B. Insomnia was added as a diagnosis and Hydroxyzine HCL 10 mg tablet with instructions to take 1-2 tablets at bedtime as needed for insomnia for 30 days was prescribed. Sertraline 25 mg tablet with instruction to take one tablet daily for 30 days was also added to patient K.B.'s medications.

11. On September 1, 2020, notes for a tele-psych visit with Faucher indicated that the patient K.B. was not present and no changes were ordered to the child's medications.

12. On or about October 26, 2020, notes for a tele-psych visit with Faucher noted that minor patient K.B. was not present, but the mother reported patient K.B. kept falling asleep during school. No changes to K.B.'s medications were made.

13. On February 12, 2021, notes for a tele-psych visit with Faucher noted that the patient K.B. was not present and no changes to medications made.

14. On April 9, 2021, notes for a tele-psych visit for the first time with Respondent Brown noted that the minor patient K.B. was not present and no assessment was completed. However, Respondent Brown kept the diagnoses for patient K.B. as ADHD, DMDD, and insomnia. Respondent Brown also prescribed/continued medications consisting of methylphenidate 10 mg with directions to take 1 tablet twice per day, sertraline 25 mg with directions to take 1 tablet daily for 30 days, guanfacine 1 mg tablet with directions to take 1 tablet in the morning and two tablets before bedtime for 30 days, and hydroxyzine HCL 10 mg with directions to take 1-2 tablets at bedtime as needed for insomnia for 30 days without an assessment - physical and/or mental examination completed of minor patient K.B.

15. Respondent Brown failed to obtain a Nevada Prescription Monitoring Program ("PMP") utilization report for patient K.B. prior to issuing an initial controlled substance prescription for methylphenidate, and thereafter every 90 days.

16. Although Respondent Bist, as supervising physician for Respondent Brown, appeared to have obtained a PMP report for patient K.B. initially on June 11, 2020, when minor patient K.B. was first "seen" at MBI, only one other report was obtained by Respondent Bist on August 4, 2020.

17. Respondent Bellota-Rojas, as supervising physician for Respondent Brown, did not initially obtain a PMP report for patient K.B., but obtained one PMP report on July 6, 2020.

18. On August 27, 2021, notes for a tele-psych visit with Respondent Brown noted that minor patient K.B. was not present and no changes to the child's medications were made.

19. On October 22, 2021, notes for a tele-psych visit with Respondent Brown noted that minor patient K.B. was not present and no changes to the medications were made.

20. On November 23, 2021, final notes for tele-psych visit with Bradley Guion, PA for minor patient K.B., where she was accompanied by her aunt, her legal guardian, as K.B.'s mother lost custody. This was the first and last visit where minor patient K.B. appeared to have

an examination or consultation as PA Guion spoke with patient and asked her questions regarding time, place, person orientation, normal recent and remote memory, attention span and concentration ability.

21. An initial evaluation of patient I.B. occurred on June 11, 2020 via tele-psych due to Covid-19 with practitioner Faucher. The notes indicated that "Per mom, she . . . just woke up for a nap--sitting quietly. Unable to do further assessment." Even though Faucher did not perform an evaluation/examination of minor patient I.B, I.B.'s diagnosis was ADHD. Medications prescribed were Ritalin (generic methylphenidate) 5 mg #30 and guanfacine 1 mg oral tablet, two tablets in the morning and one tablet at bedtime for 30 days.

22. On August 4, 2020, notes for a tele-psych visit with Faucher indicated that the patient I.B. was not present. I.B.'s mother stated that I.B. needed a sleep aid as it has been a rough couple of weeks. A diagnosis of insomnia was added to I.B.'s existing diagnosis of ADHD, and Hydroxyzine HCL 10 mg was prescribed.

23. On September 1, 2020, notes for a tele-psych visit with Faucher stated that I.B.'s father died so I.B. needed to be kept on her medications with no changes. I.B. was not present, so no assessment was completed.

24. On October 26, 2020, notes for a tele-psych visit with Faucher stated that I.B.'s mother requested that the guanfacine be changed to 1.5 tablets two times per day as I.B. had been sleeping during class. Patient's mother asked to increase Ritalin, which were modified as I.B.'s mother requested. Minor patient I.B. was not present so no assessment was completed.

25. The last tele-psych visit with Faucher was noted on February 12, 2021, but the minor patient I.B. was not present and unable to complete an assessment. No changes were made to the child's medications.

26. On April 9, 2021, notes for a tele-psych visit with Respondent Brown for the first time indicated that the patient I.B. was not present and no assessment was completed. However,

I.B.'s mother requested an increased dose of methylphenidate in the afternoon. The methylphenidate was increased to 10 mg twice per day with continued guanfacine 1 mg with directions to take 1.5 tablets twice per day and hydroxyzine hcl 10 mg with directions to take 1-2 tablets at bedtime.

27. Respondent Brown failed to obtain a Nevada Prescription Monitoring Program ("PMP") utilization report for patient I.B. prior to issuing an initial controlled substance prescription for methylphenidate, and thereafter every 90 days.

28. Although Respondent Bist, as supervising physician for Respondent Brown, appeared to have obtained a PMP report for patient I.B. initially and repetitively on June 8, 2020 and June 11, 2020, when minor patient I.B. was first "seen" at MBI, only one other report was obtained by Respondent Bist on August 4, 2020 for patient I.B.

29. Respondent Bellota-Rojas, as supervising physician for Respondent Brown, did not initially obtain a PMP report for patient I.B., but obtained one PMP report for minor patient I.B. on July 6, 2020.

30. Respondent Brown met with patient I.B.'s mother on June 4, 2021, and October 22, 2021 via tele-psych visits where minor patient I.B. was not present and no assessments completed. There were no changes to medications except the addition of clonidine HCL 0.1 mg tablet, 1 tablet orally at bedtime by Respondent Brown at the October "visit".

31. On November 23, 2021, final notes for tele-psych visit with Bradley Guion, PA for minor patient I.B., where she was accompanied by her aunt, her legal guardian, as K.B.'s mother lost custody. This was the first and last visit where minor patient I.B. appeared to have an examination or consultation as PA Guion spoke with patient and asked her questions regarding time, place, person orientation, normal recent and remote memory, attention span and concentration ability.

NEVADA STATE BOARD OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **MICHAEL BURKINTAS, RPH,** **Certificate of Registration No. 15419,** **Respondent.**	**CASE NO. 22-063-RPH-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under Nevada Revised Statutes ("NRS") 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because, at the time of the events alleged herein, Respondent Michael Burkintas ("Burkintas"), Certificate of Registration No. 15419, was a pharmacist registered with the Board.

FACTUAL ALLEGATIONS

2. Respondent Burkintas was a pharmacist employed by Desert View Hospital Alliance ("Desert"), located on 360 S. Lola Lane in Pahrump, Nevada.

3. On or about February 18, 2022, Respondent Burkintas and other staff were asked to submit to a random drug and alcohol screening by Desert in connection with an investigation of possible drug diversion by a Desert employee/staff.

4. The test result of Respondent Burkintas' urinalysis was positive for amphetamines, a controlled substance in schedule II.

5. A medical officer of the drug and alcohol testing company contacted Respondent Burkintas by telephone for a potential medical reason or explanation for the positive result.

Respondent Burkintas confirmed that he was not prescribed any legal medication which would explain the positive result.

6. A review of Respondent Burkintas' prescription monitoring program ("PMP") report from April 20, 2017 to April 20, 2022 showed no amphetamines prescribed.

7. Desert terminated Respondent Burkintas on March 3, 2022 as a result of Desert's zero tolerance drug policy.

8. On or about March 29, 2022, Board staff interviewed Respondent Burkintas, who believed that the amphetamine test result was a false positive. He explained that the false positive may have occurred because he was taking over-the-counter medication and supplements, which included Loratadine/Pseudoephedrine, Chlorpheniramine, Phenylephrine, GHR, T-Max, and TermoRip. However, he did not request additional testing from Desert to contradict the "false positive", did not voluntarily test again on his own, nor did he contest his termination from Desert.

9. Respondent Burkintas stated that he would be taking a few months off from pharmacy work because of some physical ailments.

APPLICABLE LAW

10. NRS 453.331(1)(d) states, in relevant part, that "[i]t is unlawful for a person knowingly or intentionally to . . . [a]cquire or obtain . . . possession of a controlled substance . . . by misrepresentation, fraud, forgery, deception, subterfuge or alteration." Violating, attempting to violate, assisting or abetting in the violation of or conspiring to violate any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy is grounds for suspension or revocation of any license issued by the Board. *See* NRS 639.210(12).

11. NRS 453.336(1) states, in relevant part, that "a person shall not knowingly or intentionally possess a controlled substance, unless the substance was obtained directly from, or pursuant to, a [lawful] prescription or order of a [practitioner]". Violating, attempting to violate, assisting or abetting in the violation of or conspiring to violate any law or regulation relating to

1. That his objections to the Notice of Intended Action and Accusation as being incomplete or failing to state clearly the charges against him, is hereby interposed on the following grounds:

a. This action is barred by the doctrine of laches. The Board's Notice of Intended Action and Accusation addresses conduct that is alleged to have occurred in December 2018. The Board filed its Notice of Intended Action and Accusation on August 13, 2021, almost *three years* after the alleged conduct, without a valid excuse for such delay, as a result of which Dr. Dubin was prejudiced. Implicit in the Board's statutes (NRS 639.241, *et. seq.*) and its

regulations (NAC 639.120, *et. seq.*) is an obligation to proceed promptly and fairly against Respondent. Because the Board did not promptly make a determination as to whether the Notice of Intended Action and Accusation would be filed against Dr. Dubin until approximately three years after the alleged conduct, evidence favorable to Dr. Dubin's defense has been negatively affected, including the availability of documentary evidence and the erosion of witness memories, among other matters. Lacking good cause and undermining Respondent's ability to defend against the charges, it would be inequitable and unjust for the Board to proceed on these charges.

b. The Board has unclean hands because it is engaging in selective and vindictive prosecution by proceeding against Respondent in bad faith and pursuant to a bad motive in retaliation for the United States Attorney's Office for the District of Nevada's ("USAO") decision to decline the referral for civil prosecution due to lack of evidence against Respondent.

c. Respondent steadfastly denies that he "pre-sign[ed], post-sign[ed], or allow[ed] staff to call in controlled substance schedule II prescriptions for patients without Dubin's dated and handwritten signature while Dubin was engaged in overseas travel," as alleged in the First, Second, and Third Causes of Action. The Notice of Intended Action and Accusation demonstrates a fundamental misunderstanding of the operative facts, as follows:

i. At no point did Dr. Dubin pre-sign, post-sign, or approve prescriptions while he was out of the country.

ii. Jireh Healthcare is a hospice provider. Respondent is the medical director. At the time of the events in issue in the Notice of Intended Action and Accusation, Trinity Pharmacy served as Jireh's exclusive pharmacy. Trinity Pharmacy is permitted to fill any prescription within 14 days of the date of issue. NRS 453.431(4).

iii. It appears that the allegations in the Notice of Intended Action and Accusation rely entirely on the fill date listed in the Prescription Monitoring Program ("PMP") printout and not the actual prescriptions. The PMP for patients A.D., M.G., M.H. and D.B. reflects a fill date when the prescription was called in by the mid-level hospice provider.

iv. For the specific prescriptions at issue, however, Dr. Dubin was unaware they were being filled. He did not pre-sign, post-sign, or authorize Jireh staff to call them in to Trinity. In each case, Trinity Pharmacy appears to have filled the prescriptions immediately after receiving the request from the mid-level provider and did not seek or obtain authorization

from Dr. Dubin.[1] The face of the prescriptions do not reflect Dr. Dubin's actual signature, and appear to have been signed by someone else or left unsigned.

iv. In context, the Notice of Intended Action and Accusation relates to prescriptions written for hospice patients who are most in need of controlled substances to treat intractable pain and other conditions attendant to their terminal status. The prescriptions for Patients M.G. and D.B. for example, plainly state that these are hospice patients.

d. The purpose of the foregoing paragraphs is to place the Board on notice of Respondent's current legal objections to its Complaint. Respondent respectfully reserves the right to expand upon and brief these objections at the appropriate juncture, if necessary, and further reserves the right to raise such other defenses as further investigation and additional evidence dictates.

2. That, in answer to the Notice of Intended Action and Accusation, he admits, denies, and alleges as follows:

a. Respondent admits that the Board has jurisdiction over this matter.

b. Respondent admits the allegations in Paragraphs 2 and 3, but denies that Jireh's employees are his agents or staff members.

c. The allegations in Paragraph 4 are vague and overbroad because they are not limited to a specific time frame and fail to identify alleged patients. Because Respondent cannot respond adequately to these allegations, he denies them.

d. With regard to the allegations in Paragraph 5, Respondent admits that diversion investigators with the Drug Enforcement Administration filed a referral for civil prosecution with the USAO. After vetting the matter, including receiving a fulsome response from Respondent, the USAO *declined* the referral for civil prosecution.

e. Respondent admits the allegations in Paragraph 6.

f. With regard to the allegations in Paragraphs 7 through 9, Respondent denies that "Honey" or "Speedy" are his "agent or staff member." "Honey" and "Speedy" are mid-level providers employed by Jireh Healthcare. Respondent is without sufficient knowledge to respond to the remainder of the allegations in Paragraphs 7 through 9, and thus, denies the allegations on that basis.

---

[1] Nonetheless, Respondent would have authorized each of these prescriptions had he known about them because he believes they were appropriate for the conditions being treated.

g. Respondent is without sufficient knowledge to respond to the allegations in Paragraph 10, and, thus, denies the allegation on that basis.

h. With regard to the allegations in Paragraphs 11 through 13, Respondent denies that "Honey" or "Speedy" are his "agent or staff member." "Honey" and "Speedy" are mid-level providers employed by Jireh Healthcare. Respondent is without sufficient knowledge to respond to the remainder of the allegations in Paragraphs 11 through 13, and thus, denies the allegations on that basis.

i. The allegations in Paragraphs 14 - 25 contain conclusions of law for which no answer is required.

j. For the reasons set forth in his objections, and based on his admissions and denials of the allegations in the preceding paragraphs, Respondent denies the allegations in the First through Fourth Causes of Action.

k. I hereby declare, under penalty of perjury, that the foregoing Answer and Notice of Defense, and all facts therein stated, are true and correct to best of my knowledge.

Dated this 21st day of October, 2021.

Courtney K. Lee, General Counsel for Petitioner, the Nevada State Board of Pharmacy ("Board"), and Respondent Trinity Pharmacy ("Trinity"), Pharmacy License No. PH03287, by and through counsel, Lyn Beggs, Esq., **HEREBY STIPULATE AND AGREE THAT**:

1. The Board has jurisdiction over Respondent Trinity and this matter.

2. On or about August 13, 2021, Board Staff served Respondent Trinity with the Notice of Intended Action and Accusation ("Accusation") on file in this matter together with the Statement to Respondent and Notice of Hearing.

3. On or about September 22, 2021, Respondent Trinity filed its Answer and Notice of Defense through retained counsel, Lyn Beggs, Esq.

4. Respondent is aware of the right to seek the advice of counsel in this matter and obtained the advice of counsel prior to entering this Stipulation.

5. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, its right to reconsideration, its right to appeal, and any and all other rights which may be accorded pursuant to NRS Chapter 233B, Nevada Administrative Procedure Act, NRS Chapter 622A, Administrative Procedure Before Certain Regulatory Bodies, and NRS Chapter 639, Nevada Pharmacy Act.

6. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondent has failed to comply with the provisions of this Stipulation, Respondent hereby freely and voluntarily waive its rights to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded by NRS Chapter 233B, Nevada Administrative Procedure Act, NRS Chapter 622A, Administrative Procedure Before Certain Regulatory Bodies, and NRS Chapter 639, Nevada Pharmacy Act.

7. Respondent admits that evidence exists, and that Board staff prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for certain of the violations alleged in the Accusation, that:

A. Respondent Jauregui was the managing pharmacist of Trinity Pharmacy during all alleged and relevant timeframes. During an annual Board inspection of Trinity Pharmacy on or about September 4, 2019, a Board inspector discovered unsigned faxed prescriptions for schedule II controlled substances.

B. Upon further Board investigation, it was discovered from June 10, 2020 to September 28, 2020, forty-two (42) controlled substance schedule II ("CII") prescriptions ("Prescriptions") were dispensed and/or delivered to hospice patients without valid practitioners' handwritten signatures ("Practitioners"). Jauregui's failure to obtain handwritten signatures of Practitioners, and/or verifying the accuracy and completeness of CII Prescriptions violated NRS 453.381(8); NAC 453.420; NAC 453.440; NAC 453.450; NAC 639.945(1); 21 CFR § 1306.11, which also constituted unprofessional conduct.

C. The 42 CII Prescriptions appeared to have been received and notated by Respondent Jauregui as oral orders. However, none of the Prescriptions stated "Authorization for Emergency Dispensing" nor did any of the prescriptions meet legal

requirements to qualify as dispensing CIIs by oral authorization in an emergency. Jauregui's failure to notate the prescriptions, satisfy the requirements of an oral emergency prescription, including verifying that the telephoned prescription was from the prescribing practitioner, violated NAC 453.420, and NAC 453.440.

D. As the owner/operator of a pharmacy, Trinity is responsible for the violations of its employees, including its managing pharmacist, pursuant to NAC 639.702, and/or NAC 639.945(2).

8. These violations are plead with particularity in the Accusation, and are grounds for disciplinary action pursuant to NRS 639.210(11), (12), and/or NRS 639.255.

9. In order to resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent Trinity stipulate to the following. Trinity is placed on probation for a period of one (1) year subject to the following conditions and penalties:

A. Respondent shall accept this Stipulation and Order as a public reprimand regarding its duties and responsibilities as a licensed pharmacy;

B. Respondent shall pay a fine of Eight-Thousand Four-Hundred Dollars ($8,400.00) for the violations;

C. Respondent shall pay One Thousand Dollars ($1,000.00) to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter;

D. Respondent shall successfully pass quarterly inspections to be completed by Board's staff at Trinity's expense~~for~~ one (1) year; (CC)

E. Respondent shall establish policies and procedures regarding emergency oral controlled substance prescriptions in compliance with federal and state law, establish

policies and procedures regarding faxed controlled substance prescriptions, and present to Board's staff for approval within thirty (30) days of entry of this Order; and

Upon successful completion of probation, Respondent Trinity's Pharmacy License No. PH03287, will be fully restored.

10. Any failure by Respondent Trinity to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing the non-compliant Respondent to appear before the Board at the next regularly-scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by Respondent, the Board may impose additional discipline upon the non-compliant Respondent consistent with the provisions of NRS Chapter 639.

11. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on October 13, 2021. Respondent will appear telephonically or *via* Zoom at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent or counsel are not present at the meeting.

12. The Board has discretion to accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 USC § 1396r-2 and 45 CFR Part 60.

13. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board on the same day or at a later date. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

14. Upon approval of this Stipulation by the Board, Respondent shall pay the fines agreed to herein by *cashier's check* or *certified check* or *money order* made payable to "State of

Nevada, Office of the Treasurer," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) days of entry of this Order.

15. Upon approval of this Stipulation by the Board, Respondent shall pay the attorney's fees and costs agreed to herein by *cashier's check* or *certified check* or *money order* made payable to "Nevada State Board of Pharmacy," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) days of entry of this Order.

16. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release one another from any and all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and has freely and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

DECLARATION OF MA LOURDES JAUREGUI, RPH

I, MA LOURDES JAUREGUI, declares under penalty of perjury that the following assertions are true and correct of my own personal knowledge unless stated upon information and belief:

1. I was the managing pharmacist of Trinity Pharmacy ("Trinity") located at 2797 S. Maryland Parkway, Suite 28, Las Vegas, Nevada. I am writing this declaration because I am unavailable for the scheduled hearing for alleged violations against Stephen Dubin, MD ("Dubin") regarding the Nevada State Board of Pharmacy's ("Board") case number 20-020.

2. I have personal knowledge of all matters stated herein and, if called as a witness, could and would testify competently thereto, except as to those matters stated upon information and belief, and as to those matters, I believe them to be true.

3. On or about September 10, 2020, the Board's investigator, Dena McClish, requested certain prescription records from Trinity.

4. On or about September 10, 2020, I forwarded the requested prescription records, which included the following:

   a) True and correct copies of Trinity's (redacted) prescription records for patient A.D. on December 18, 2018 are attached hereto as Exhibit "1". However, I was not the pharmacist who filled this particular prescription. It was filled by a floater pharmacist.

   b) True and correct copies of Trinity's (redacted) prescription records for patient M.G. on December 19, 2018 are attached hereto as Exhibit "2".

   c) True and correct copies of Trinity's (redacted) prescription records for patient M.H. on December 19, 2018 are attached hereto as Exhibit "3".

d) True and correct copies of Trinity's (redacted) prescription records for patient D.B. on December 20, 2018 are attached hereto as Exhibit "4".

5. Exhibit "1" contains a prescription for patient A.D. which was telephoned by "Honey" on behalf of Dr. Dubin. "Honey" indicated that the prescription was authorized by Dr. Dubin. I did not speak with Dr. Dubin himself. The prescription for patient A.D. was taken by the floater pharmacist on December 18, 2018 for alprazolam 1 mg tablet. The alprazolam was dispensed on December 21, 2018 at 10:54 a.m. Dr. Dubin never signed this prescription.

6. Exhibit "2" contains a prescription for patient M.G. which was telephoned by "Speedy" at 4:00 p.m. on December 19, 2018 on behalf of Dr. Dubin. "Speedy" indicated that the prescription was authorized by Dr. Dubin. I did not speak with Dr. Dubin himself. The prescription for patient M.G. was written in my handwriting for Percocet 10/325 mg, 60 tablets for a 15 day supply. The prescription was dispensed on December 21, 2018 at 10:55 a.m. On the prescription signature information, the patient or the guardian signed for receipt of the prescription. Dr. Dubin signed this prescription within 72 hours of December 19, 2018, but is undated.

7. Exhibit "3" contains a prescription for patient M.H. which was telephoned by "Speedy" at 1:00 p.m. on December 19, 2018. "Speedy" indicated that the prescription was authorized by Dr. Dubin. I did not speak with Dr. Dubin himself. The prescription for patient M.H. was for lorazepam 0.5 mg tablet, 45 tablets. The prescription was dispensed on December 21, 2018 at 10:55 a.m. On the prescription signature information, the patient or the guardian signed for receipt of the prescription. Dr. Dubin never signed this prescription.

8. Exhibit "4" contains a prescription for patient D.B. which was telephoned by "Honey" at 4:00 p.m. on December 20, 2018. "Honey" indicated that the prescription was authorized by Dr. Dubin. I did not speak with Dr. Dubin himself. The prescription for patient D.B. was for morphine sulfate OS 20mg/ml, quantity 30. The prescription was dispensed on December 20, 2018 at 5:58 p.m. On the prescription signature information, the patient or the guardian signed for receipt of the prescription. Dr. Dubin signed this prescription within 72 hours of December 20, 2018, but is undated.
9. Exhibit "4" also contains a prescription for patient D.B. which was telephoned by "Honey" at 4:00 p.m. on December 20, 2018. "Honey" indicated that the prescription was authorized by Dr. Dubin. I did not speak with Dr. Dubin himself. The prescription for patient D.B. was for lorazepam O/C, quantity 30. The prescription was dispensed on December 20, 2018 at 5:58 p.m. Dr. Dubin never signed this prescription.
10. My understanding was that the prescriptions for hospice patients from Jireh Healthcare were all considered emergency oral prescriptions. However, I did not notate on the telephoned or oral prescriptions, "Authorization for Emergency Dispensing" nor did I speak with Dr. Dubin directly. I understood that I did have to receive a signed prescription back from the practitioner within 72 hours after the telephoned prescription, which admittedly was not always accomplished.

Further, Your Declarant Sayeth Naught.

NEVADA STATE BOARD OF MEDICAL EXAMINERS
By:

COMPLAINT

The Investigative Committee[1] (IC) of the Nevada State Board of Medical Examiners (Board), by and through Aaron Bart Fricke, J.D., General Counsel and attorney for the IC, having a reasonable basis to believe that Sherman Washington, M.D., (Respondent) violated the provisions of Nevada Revised Statutes (NRS) Chapter 630 and Nevada Administrative Code (NAC) Chapter 630 (collectively, the Medical Practice Act), hereby issues its Complaint, stating the IC's charges and allegations as follows:

1. Respondent was at all times relevant to this Complaint a medical doctor holding an active license to practice medicine in the State of Nevada (License No. 15168). Respondent was originally licensed by the Board on February 7, 2014.

I. STATEMENT OF LAW

A. "Medical Directors," Medical Assistants, and the Unlicensed Practice of Medicine

2. NRS 630.305(1)(e) provides that aiding, assisting, employing or advising, directly or indirectly, any unlicensed person to engage in the practice of medicine, contrary to the provisions of NRS Chapter 630 or the regulations of the Board, is grounds for disciplinary action or denying licensure.

[1] The Investigative Committee of the Nevada State Board of Medical Examiners, at the time this formal Complaint was authorized for filing, was composed of Board Members Victor M. Muro, M.D., Chair, Weldon Havins, M.D., J.D., and Ms. Maggie Arias-Petrel.

3. Pursuant to NRS 630.020(1)-(4), the "Practice of medicine" means:

> 1. To diagnose, treat, correct, prevent or prescribe for any human disease, ailment, injury, infirmity, deformity or other condition, physical or mental, by any means or instrumentality, including, but not limited to, the performance of an autopsy.
>
> 2. To apply principles or techniques of medical science in the diagnosis or the prevention of any such conditions.
>
> 3. To perform any of the acts described in subsections 1 and 2 by using equipment that transfers information concerning the medical condition of the patient electronically, telephonically or by fiber optics, including, without limitation, through telehealth, from within or outside this State or the United States.
>
> 4. To offer, undertake, attempt to do or hold oneself out as able to do any of the acts described in subsections 1 and 2.

4. NRS 630.400(1)(d) provides that it is unlawful to practice medicine without being licensed under NRS Chapter 630.

5. Pursuant to NRS 630.400(2) and NRS 193.130(c) and (d), the unlawful practice of medicine is a felony, punishable by imprisonment in the state prison for a minimum term of not less than one (1) year and a maximum term of not more than five (5) years.

6. Pursuant to the Medical Practice Act, the only means by which a practitioner may lawfully aid, assist, employ or advise, directly or indirectly, an unlicensed person to engage in the practice of medicine, is by delegating specific tasks to an adequately supervised and trained "medical assistant."

7. Pursuant to NRS 630.0129, a "medical assistant" means a person who:

> (a) performs clinical tasks under the supervision of a practitioner, and
>
> (b) does not hold a license, certificate or registration issued by a professional licensing or regulatory board in this State to perform such clinical tasks; the term does not include a person who performs only administrative, clerical, executive or other nonclinical tasks.

8. Pursuant to NRS 630.306(1)(r), a practitioner must adequately supervise his or her medical assistants, and failing to do so is grounds for initiating disciplinary action or denying licensure.

9. Pursuant to NAC 630.830, a delegating practitioner is professionally responsible for the safety and performance of each task which is delegated to a medical assistant. Pursuant to NAC 630.810, a delegating practitioner may not delegate tasks to a medical assistant unless: (a) the

delegating practitioner knows that the medical assistant possesses the knowledge, skill and training to perform the task safely and properly; (b) the medical assistant is not required to be certified or licensed to perform that task; and (c) the medical assistant is employed by the delegating practitioner or the medical assistant and the delegating practitioner are employed by the same employer.

10. Pursuant to NAC 630.830(4), a delegating practitioner shall not delegate or otherwise allow a medical assistant to administer an anesthetic agent which renders a patient unconscious or semiconscious.

11. Pursuant to NAC 630.820, a delegating practitioner may not remotely supervise a medical assistant, except in a specific case of emergency in a rural area.[2]

12. Except as otherwise provided in NAC 630.820, pursuant to NAC 630.810, if a medical assistant is delegated a task which involves an "invasive procedure," [3] the delegating practitioner must be immediately available to exercise oversight in-person while the medical assistant performs the task.

13. The term "medical director" is not recognized or defined under the Medical Practice Act, and no law authorizes a licensee of the Board to, by calling himself or herself a "medical director," violate or circumvent the aforementioned statutes and regulations of the Medical Practice Act.

14. Accordingly, pursuant to NRS 630.400(1)(d), 630.305(1)(e), and 630.0129, and NAC 630.800-830:

a. A practitioner who, whether by serving as a so-called "medical director" or by some other relationship or circumstance, aids, assists, employs or advises, directly or indirectly, any unlicensed person to engage in the practice of medicine, may lawfully do so only by delegating tasks

---

[2] Remote supervision of a medical assistant is prohibited unless: (a) the patient is located in a rural area; (b) the delegating practitioner is physically located a significant distance from the location where the task is to be performed; (c) the delegating practitioner determines that the exigent needs of the patient require immediate attention; (d) the patient and the delegating practitioner previously established a practitioner-patient relationship; and (e) the delegating practitioner is immediately available by telephone or other means of instant communication during the performance of the task by the medical assistant. As used in NAC 630.820, "rural area" means any area in this State other than Carson City or the City of Elko, Henderson, Reno, Sparks, Las Vegas or North Las Vegas.

[3] The Medical Practice Act does not define "invasive procedure," however, NAC 449.9733 pertaining to Medical Facilities defines "invasive procedure" as "a medical procedure involving entry into the human body by puncture or incision or by insertion of an instrument."

to an adequately supervised and properly trained medical assistant, who the delegating practitioner knows possesses the knowledge, skill and training to perform the task safely and properly, and the delegating practitioner is professionally responsible for the safety and performance of each task which is delegated to that medical assistant.

b. A practitioner who, whether by serving as a so-called "medical director" or by some other relationship or circumstance, aids, assists, employs or advises, directly or indirectly, any unlicensed person to engage in the practice of medicine, but who has not done so by delegating specific tasks to an adequately supervised and properly trained medical assistant, has violated NRS 630.305(1)(e), and is subject to discipline for aiding and abetting the unlicensed practice of medicine. In addition, the unlicensed person engaged in the practice of medicine has violated NRS 630.400(1)(d), by practicing medicine without a license.

c. A practitioner who delegates a medical task to a medical assistant, whether by serving as a so-called "medical director" or by some other relationship or circumstance, remains professionally responsible for, among other requirements, ensuring the following:

i. The safety and performance of each task delegated;

ii. The proper employment relationships between themselves and the medical assistant or their common employer;

iii. The medical assistant is sufficiently knowledgeable, trained and skilled to perform the tasks delegated to them;

iv. The medical assistant is adequately supervised, and the practitioner must be nearby to supervise the specific medical tasks delegated, and, if it is an invasive medical task, then the delegating practitioner must be immediately available to exercise oversight in-person while the medical assistant performs the task; and

v. The medical assistant does not administer an anesthetic agent which renders a patient unconscious or semiconscious.

d. A practitioner who delegates a medical task to a medical assistant, whether by serving as a so-called "medical director" or by some other relationship or circumstance, and who violates the aforementioned provisions of the NRS or NAC pertaining to medical assistants, and

who fails to adequately supervise that medical assistant as required under the circumstances, has violated NRS 630.306(1)(r), and is subject to discipline for failing to adequately supervise a medical assistant.

B. Cosmetologists, "Medical Spas" and "Medical Aestheticians," and the Unlicensed Practice of Medicine

15. Pursuant to NRS 644A.030 a licensed "cosmetologist" is not authorized by such license to practice medicine in any way. Rather, a licensed cosmetologist is authorized to perform only non-medical, cosmetology services, such as cleansing, stimulating or massaging the scalp or cleansing or beautifying the hair by the use of cosmetic preparations, antiseptics, tonics, lotions or creams, cutting, trimming or shaping the hair, removing hair by the use of depilatories, waxing, tweezing or sugaring, except for the permanent removal of hair with needles, manicuring nails, massaging the skin, giving facials, and other miscellaneous non-medical, cosmetological services.

16. Pursuant to NAC 644A.790 a cosmetologist is further explicitly prohibited from performing "invasive procedures," which mean, for the purposes of professional licensing of cosmetologists, "an act that affects the structure or function of the skin other than the uppermost layers of the skin," and which, for the sake of regulating the practice of cosmetologists, includes, without limitation, (a) the application of electricity for the sole purpose of contracting a muscle, (b) the application of a topical lotion, cream or other substance which affects anything other than the uppermost layers of the skin, (c) the penetration of the skin by needles, and (d) the abrasion of the skin below the uppermost layers of the skin.

17. Further, there is no such license as "medical aesthetician" or "medical cosmetologist" authorized by any Nevada law or issued by any Nevada sanctioned professional licensing body. On the contrary, NAC 644A.870 specifically prohibits cosmetologists and aestheticians from using the terms "expert," "advanced" or "medical" in connection with any description of their practice in any branch of cosmetology or otherwise holding the licensee out to the public as an expert, advanced or medical practitioner of any branch of cosmetology.

18. Accordingly, a Nevada licensed cosmetologist or aesthetician may not refer to himself or herself as a "medical cosmetologist" or "medical aesthetician" in connection with any

description of their practice, and may not, in fact, practice medicine in any way or perform invasive medical procedures or medical services of any kind, unless they do so as a "medical assistant" to a Nevada licensed medical professional, i.e., either as medical assistant to a Nevada licensed physician or physician assistant pursuant to NRS 630.0129, et. seq., and NAC 630.800-830, as described above, or similarly as another type of professional "assistant," "hygienist," "technician," or other such designation, who is delegated tasks by and under the direct supervision of a medical professional who is duly licensed pursuant to chapters 631 to 637, inclusive, 639 or 640 of NRS, and who remains professionally responsible for their conduct.

19. If a cosmetologist or aesthetician practices medicine in any way, unless he or she acts as a medical assistant and is delegated tasks and is properly supervised by a professional medical practitioner, then he or she is violating NRS 630.400(1)(d) by practicing medicine without a license.

C. Nevada Pharmacy Laws Regarding Controlled Substances, Dangerous Drugs and Hypodermic Devices

20. NRS 630.306(1)(b)(3) provides that engaging in conduct that violates a regulation adopted by the Nevada State Board of Pharmacy (Pharmacy Board) is grounds for initiating disciplinary action against a licensee.

21. Pursuant to NRS 630.3062(1)(h), fraudulent, illegal, unauthorized or otherwise inappropriate prescribing, administering or dispensing of a controlled substance listed in schedule II, III or IV is grounds for initiating disciplinary action or denying licensure.

22. Pursuant to 21 Code of Federal Regulations (CFR) §1306.04(a)-(b) and NRS 453.381, a physician or physician assistant may prescribe or administer controlled substances only for a legitimate medical purpose and in the usual course of his or her professional practice. The responsibility for the proper prescribing and dispensing of controlled substances is upon the prescribing practitioner, and a prescription may not be issued in order for an individual practitioner to obtain controlled substances for supplying the individual practitioner for the purpose of general dispensing to patients. *See* 21 CFR §1306.04(a)-(b).

///

23. Pursuant to NRS 454.201, a "dangerous drug" is any drug, other than a controlled substance, unsafe for self-medication or unsupervised use, and includes, among other things, (1) any drug which has been approved by the Food and Drug Administration for general distribution and bears the legend: "Caution: Federal law prohibits dispensing without prescription," and (2) any drug which, pursuant to the Board's regulations, may be sold only by prescription because the Board has found those drugs to be dangerous to public health or safety.

24. Pursuant to NRS 454.316 and NRS 454.321, it is unlawful to possess, dispense or furnish a dangerous drug except when furnished to the person by a pharmacist pursuant to a legal prescription from a practitioner.

25. Pursuant to NRS 454.009, a "hypodermic" device is any syringe, needle, instrument, device or implement intended or capable of being adapted for the purpose of administering drugs by subcutaneous, intramuscular or intravenous injection.

26. Pursuant to NRS 454.510, it is unlawful for any person to have in his or her possession or under his or her control any hypodermic device that is restricted by federal law to sale by or on the order of a physician, unless the person has acquired possession of such device in accordance with the provisions of NRS 454.480 to 454.530, inclusive, that is, by sale from a licensed pharmacist, on the prescription of a physician or other practitioner, which prescription is filled as required by NRS 639.236, and may be refilled as authorized by the prescriber.

27. Accordingly, pursuant to NRS 454.009, 454.201, 454.316, 454.321 and 454.510, any person who is not a practitioner as defined in NRS 639.0125 is not permitted by Nevada law to possess, control, access, prescribe, administer, and/or dispense dangerous drugs or hypodermic devices, except as a medical assistant under the direct supervision of a Nevada licensed physician, physician assistant, or other licensed medical professional, and then, only if otherwise permitted and in compliance with laws of regulating pharmacies and pharmaceuticals.

28. NAC 639.742(1) provides that a practitioner who wishes to dispense controlled substances or dangerous drugs must apply to the Pharmacy Board for a certificate of registration to dispense controlled substances or dangerous drugs. A practitioner must submit a separate application for each site of practice, including, without limitation, any remote site or satellite

consultation site, from which the practitioner wishes to dispense controlled substances or dangerous drugs.

29. NAC 639.742(2) provides that if a facility from which the practitioner intends to dispense dangerous drugs or controlled substances is not wholly owned and operated by the practitioner, the owner or owners of the facility must also submit an application to the Pharmacy Board for a license to do so.

30. NAC 639.742(3) provides in pertinent part that a dispensing practitioner and, if applicable, the owner or owners of the facility, shall ensure that:

> . . . (b) All drugs are received and accounted for by the dispensing practitioner;
>
> (c) All drugs are stored in a secure, locked room or cabinet to which the dispensing practitioner has the only key or lock combination;
>
> (d) All drugs are dispensed in accordance with NAC 639.745[4];

---

[4] NAC 639.745 Duties of certain practitioners concerning dispensing of controlled substances and dangerous drugs. (NRS 639.070, 639.0727)

1. Each practitioner who is registered with the Board to dispense controlled substances and dangerous drugs, including, without limitation, a dispensing practitioner, and who dispenses such products for use by the practitioner's patients outside his or her presence shall:

(a) Keep complete, accurate and readily retrievable records of each controlled substance and dangerous drug purchased and dispensed. The record for each such product dispensed to a patient must include:

(1) The name of the patient and, if not readily available from the practitioner's records, the patient's address;

(2) The name, strength and quantity of the prescribed controlled substance or dangerous drug;

(3) The directions for use;

(4) The date the prescription was issued; and

(5) A unique identifying number.

(b) Maintain a separate file for the records concerning the purchase of each controlled substance listed in schedule II and a separate file for the records concerning the dispensing of each controlled substance listed in schedule II. Each prescription for a controlled substance or dangerous drug must be maintained in a separate file pursuant to the requirements set forth in NAC 453.480.

(c) Keep all controlled substances and dangerous drugs in a locked storage area. Access to the storage area must be restricted to the persons described in NRS 453.375.

(d) Ensure that each package or container in which a controlled substance is dispensed, except samples in the manufacturer's packages, is clearly labeled pursuant to the requirements set forth in NRS 639.2801.

(e) Ensure that the package or container in which a controlled substance or dangerous drug is dispensed complies with all state and federal packaging requirements.

(f) Be deemed to be a pharmacy as that term is used in NAC 639.926 and shall comply with that section.

2. A practitioner may dispense dangerous drugs or controlled substances only after the patient has been informed by the practitioner that the patient may request a written prescription and have it filled at another location of the patient's choosing.

3. A record regarding the dispensing of a controlled substance or dangerous drug made and kept pursuant to this section must be maintained on paper or in a computer. If the record is:

(a) Maintained on paper, the record must:

(1) Include all the information required to be on the prescription pursuant to NRS 639.2353 and NAC 453.440;

> (e) No prescription is dispensed to a patient unless the dispensing practitioner is on-site at the facility;
>
> (f) All drugs are dispensed only to the patient personally at the facility;
>
> . . . (h) All drugs are dispensed only for medically necessary purposes and according to prevailing standards of care for practitioners practicing in the specialty claimed or practiced by the dispensing practitioner; and
>
> (i) The certificate for each dispensing technician employed at the facility is displayed in the room or cabinet in which drugs are stored.

31. NAC 639.742(4)(a)-(b) provide, in-part, with regard to the filling and dispensing of prescriptions at a facility, only the dispensing practitioner or a dispensing technician may enter the locked room or cabinet in which drugs are stored and/or remove drugs from stock.

32. NAC 639.945(1) provides in pertinent part that the following acts or practices by a holder of any license, certificate or registration issued by the Pharmacy Board or any employee of any business holding any such license, certificate or registration are declared to be, specifically but not by way of limitation, unprofessional conduct and conduct contrary to the public interest:

> ...(g) Supplying or diverting drugs, biologicals, medicines, substances or devices which are legally sold in pharmacies or by wholesalers, so that unqualified persons can circumvent any law pertaining to the legal sale of such articles.
>
> . . . (i) Performing any of his or her duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner.
>
> . . . (n) Dispensing a drug as a dispensing practitioner to a patient with whom the dispensing practitioner does not have a bona fide therapeutic relationship.
>
> (o) Prescribing a drug as a prescribing practitioner to a patient with whom the prescribing practitioner does not have a bona fide therapeutic relationship.

---

(2) Set forth on the front of the prescription a certification initialed and dated by the patient that the patient has been informed by the practitioner in accordance with subsection 2 and that the patient has agreed to have the practitioner dispense the controlled substance or dangerous drug; and

(3) Be serially numbered and kept in numerical order in a single file for all dispensing practitioners, including, without limitation, physician assistants and advanced practice registered nurses, practicing at the same location.

(b) Maintained in a computer, the record must:

(1) Include all the information required to be on the prescription pursuant to NRS 639.2353 and NAC 453.440;

(2) Contain a certification, either in the computer or a separate paper document, initialed and dated by the patient that the patient has been informed by the practitioner in accordance with subsection 2 and that the patient has agreed to have the practitioner dispense the controlled substance or dangerous drug; and

(3) Be searchable for any item required by paragraph (a) of subsection 1 to be included in the record.

33. NAC 639.945(2) provides that the owner of any business or facility licensed, certified or registered by the Pharmacy Board is responsible for the acts of all personnel in his or her employ.

34. NAC 639.945(3) provides that, for purposes of applying Pharmacy Board regulations:

> [A] bona fide therapeutic relationship between the patient and practitioner shall be deemed to exist if the patient was examined in person, electronically or telephonically by the practitioner within the 6 months immediately preceding the date the practitioner dispenses or prescribes a drug to the patient and, as a result of the examination, the practitioner diagnosed a condition for which a given drug therapy is prescribed.

35. Accordingly, any physician or physician assistant who—whether by serving as a so-called "medical director" of, or by furnishing dangerous drugs or hypodermic devices to, or by some other relationship or circumstance with any "medical spa" wherein dangerous drugs or hypodermic devices are possessed, controlled, accessed, prescribed, administered, and/or dispensed—engages in conduct that violates any regulation adopted by the Pharmacy Board, including but not limited to NAC 639.742(1)-(3), (4)(a)-(b), or 639.945(1)-(3), has violated the Nevada Medical Practice Act and is subject to discipline by the Board.

II. THE PERTINENT HISTORY OF CRIMINAL AND UNPROFESSIONAL CONDUCT OF TAMMY LYNN HANKINS, PA-C

36. On or about March 1, 2012, in the Superior Court of the State of Arizona, in and for the County of Mohave (Arizona Court), in Case No. CR-2012-00287, a Grand Jury indicted Tammy Lynn Hankins (Hankins), a physician assistant who at that time held a license to practice medicine in the State of Arizona, on five (5) criminal counts of violations of Arizona law, including COUNT 1: FRAUDULENT SCHEMES AND ARTIFICES, CLASS 2 FELONY; COUNT 2: OBTAIN OR PROCURE THE ADMINISTRATION OF A NARCOTIC DRUG BY FRAUD, CLASS 3 FELONY; COUNT 3: OBTAINING A DANGEROUS DRUG BY FRAUD, CLASS 3 FELONY; COUNT 4: ATTEMPTED OBTAINING A DANGEROUS DRUG BY FRAUD, CLASS 4 FELONY; COUNT 5: ATTEMPTED OBTAINING A DANGEROUS DRUG BY FRAUD, CLASS 4 FELONY.

Hankins' Arizona Case History

37. On or about November 28, 2012, the Arizona Regulatory Board of Physician Assistants ("Arizona Board"), in Case No. PA-11-0127A, found Hankins, who had been the holder of a license to practice medicine as a physician assistant in the State of Arizona (License No. 2228), guilty of unprofessional conduct. Specifically, the Arizona Board found Hankins guilty with respect to two (2) patients, Patient JC and Patient MW, determining that Hankins deviated from the standard of care by inappropriately and excessively prescribing controlled substances to patients, risking addiction or overdose with a possible fatal outcome.

38. For the foregoing misconduct, the Arizona Board found Hankins guilty of unprofessional conduct pursuant to Arizona Revised Statute (ARS) §32-2501(18)(i) ("prescribing or dispensing controlled substances or prescription-only drugs for which the physician assistant is not approved or in excess of the amount authorized pursuant to this chapter"); ARS §32-2501(18)(j) ("any conduct or practice that is or might be harmful or dangerous to the health of a patient or the public"); ARS § 32-2501 (18)(p) ("failing or refusing to maintain adequate records on a patient"), and ARS § 32-2501(18)(z) ("failing to furnish legally requested information to the [Arizona Board] or its Investigator in a timely manner."). The Arizona Board also found that a practice restriction was needed in order to protect the public, and ordered that Hankins be issued a Letter of Reprimand, placed on probation for one (1) year with additional conditions and restrictions.

Expiration of Hankins's Arizona License

39. Hankins's license to practice medicine as a physician assistant in the State of Arizona (License No. 2228) was due for renewal by June 1, 2013; Hankins did not renew, and her Arizona license expired by operation of law on May 20, 2014.

Arizona Criminal Conduct by Hankins

40. On or about September 14, 2013, the Arizona Court found that Hankins had knowingly, intelligently and voluntarily pled guilty to the offense of: COUNT 3: OBTAINING A DANGEROUS DRUG BY FRAUD, CLASS 3 FELONY. On or about October 2, 2013, the Arizona Court entered its judgment finding Hankins guilty of the foregoing charge, and sentenced Hankins to a suspended

///

imposition of sentence and placing the Defendant on probation for a period of four years commencing October 2, 2013, among other conditions of probation.

41. On or about January 17, 2014, pursuant to a Petition to Revoke Probation, the Arizona Court ordered that Hankins be held without bond pending hearing on said petition.

42. On or about August 11, 2014, the Arizona Court found Hankins guilty of violating her probation for the following crimes: OBTAINING A DANGEROUS DRUG BY FRAUD, CLASS 3 FELONY, and SEXUAL CONDUCT WITH A MINOR, CLASS 6 FELONY. For the first crime, Hankins was sentenced to two and one-half (2.5) years with the Arizona Department of Corrections, as a minimum sentence, to date from August 11, 2014, and was given credit for two hundred eight (208) days served prior to sentencing. For the second crime, Hankins was sentenced to one (1) additional year of incarceration, that sentence to run consecutive to the other.

43. Hankins was not licensed to practice medicine as a physician assistant in the State of Nevada before March 6, 2020.

44. Hankins does not hold an active Drug Enforcement Agency (DEA) registration, and has not held a valid registration since 2016. Hankins also does not hold and has never held an active license or registration with the Pharmacy Board.

III. RESPONDENT'S AIDING AND ABETTING THE UNLICENSED PRACTICE OF MEDICINE AT VIDA SPA, AND RELATED VIOLATIONS OF NEVADA PHARMACY LAWS

45. Vida Spa LLC, a Nevada Limited Liability Company, formed July 22, 2016, managed by Gisselle Platfoot ("Vida Spa"), and also doing business as "Vida Spa" and "Vita Medical Spa Las Vegas," is a self-described "medical spa" located at 3225 S Rainbow Blvd #107 and/or #206, Las Vegas, NV 89146.

46. At all times relevant to this Complaint, Vida Spa was licensed in Clark County, Nevada, under Clark County Business License No. 2003447.081-172, under the business category of "Cosmetology Establishment - Other Services." The owners listed under this license are Art Matrix, Inc. and Gisselle Platfoot.

47. At all times relevant to this Complaint, Vida Spa had no other business licenses except for the Clark County Business License No. 2003447.081-172.

48. Gisselle Platfoot, manager of Vida Spa, at all times relevant to this Complaint, did not hold a license to practice medicine or any healing art as a "provider of health care," as defined in NRS 629.031, from any occupational licensing board in the State of Nevada, and was not otherwise a practitioner as defined in NRS 639.0125.

49. Vida Spa is "a facility that provides health care, other than a medical facility". *See* NRS 449.442. At all times relevant to this Complaint, neither Respondent, Hankins, Vida Spa, nor Gisselle Platfoot held a permit pursuant to NRS 449.442 to perform general anesthesia, conscious sedation or deep sedation. Additionally, neither Respondent, Hankins, Vida Spa, nor Gisselle Platfoot held a current accreditation by a nationally recognized organization approved by the State Board of Nevada Bureau of Healthcare Quality and Compliance.

50. At all times relevant to this Complaint, Vida Spa was not a "medical facility," as defined in NRS 449.0151, and not "the office" of a physician or physician assistant licensed pursuant to NRS chapter 630 or 633, qualified dentist, advanced practice registered nurse or podiatric physician, as provided in NRS 454.217.

51. On March 24, 2021, the Pharmacy Board issued a Citation and Order to Cease and Desist (Platfoot Citation) to Vida Spa and Gisselle Platfoot, whereby the Pharmacy Board determined that Vida Spa and Gisselle Platfoot were possessing, administering, prescribing and/or dispensing controlled substances and/or dangerous drugs for Nevada patients from Vida Spa in violation of federal and state law. Specifically, the Platfoot Citation states that Vida Spa and Gisselle Platfoot did not have a dispensing registration and are therefore prohibited from possessing, dispensing and/or administering controlled substances and/or dangerous drugs. The Platfoot Citation finds that Vida Spa and Gisselle Platfoot violated, attempted to violate, assisted or abetted in the violation of or conspired to violate, without limitation, NRS 453.226, NRS 453.316, NRS 453.321(1)(a), NRS 453.331 (l)(c)(d)(t)&(i), NRS 453.381(1), NRS 453.40l(l)(a), NRS 639.0727, NRS 639.100(1), NRS 639.23505, NRS 639.281, NRS 639.2813, NRS 639.310, NAC 639.742, 21 U.S.C. § 822(a)(2), 21 U.S.C. § 823(f), 21 U.S.C. § 84l(a), 21 U.S.C. § 842(a), 21 U.S.C. § 846 and 21 CFR §§ 1306.03-1306.05. The Platfoot Citation orders Vida Spa and Gisselle Platfoot, pursuant to NRS 639.2895(1), to immediately cease and desist possessing, administering,

prescribing and/or dispensing controlled substances for Nevada patients, and also assessed an administrative fine of five thousand dollars ($5,000.00) pursuant to NRS 639.2895(3).

52. Respondent was the so-called "medical director" of Vida Spa, from on or about September 9, 2019, through on or about November 1, 2019.

53. During Respondent's service as "medical director" of Vida Spa, which was licensed only as a "cosmetology establishment," Hankins, Gisselle Platfoot, and Vida Spa's employees and agents provided medical treatment and/or prescriptions and/or administered dangerous drugs and hypodermic devices and/or dispensed dangerous drugs and hypodermic devices to at least seven (7) patients, as set forth below, which conduct by Hankins, Gisselle Platfoot and Vida Spa's employees and agents constitutes the practice of medicine in Nevada:

PATIENT A

54. Patient A[5] was a fifty-seven (57) year-old female at the time of the events at issue.

55. At all times relevant to Hankins's treatment of Patient A, Respondent was the so-called "medical director" of Vida Spa.[6]

56. On October 9, 2019, Hankins, who did not have her own DEA registration and controlled substance license issued by the Pharmacy Board, utilized the prescribing credentials of Respondent, to issue fraudulent prescriptions to Patient A for Tramadol (a Schedule IV Controlled Substance) 50 mg tablets, 24 ct. for 3 days, and Diazepam (a Schedule IV Controlled Substance) 10 mg tablets, 8 ct. for 3 days; these prescriptions were called-in to the pharmacy by Hankins, or by a Vida Spa employee or agent acting at Hankins's direction, and the prescriptions were filled the same day.

57. Hankins instructed Patient A to take Schedule IV controlled substances in a manner that materially deviated from the issued prescriptions; Hankins instructed Patient A to take Tramadol 50mg, 2 tablets, and Diazepam 10 mg, 1 tablet, at 2:00 p.m., on October 10, 2019, for the

purpose of conscious sedation for an invasive, surgical, liposuction procedure Hankins planned to perform on Patient A at Vida Spa at 3:00 p.m. that day.

58. Hankins wrote the prescriptions for these controlled substances and instructed Patient A to deviate from the issued prescription in order to conceal the purpose of the medications, which was conscious sedation, and thereby to conceal a violation by Vida Spa of NRS 449.442(1)-(2).

59. Respondent did not see or treat Patient A, did not direct or supervise Hankins in her treatment of Patient A, and did not specifically direct Hankins to issue prescriptions to Patient A.

60. On October 10, 2019, at Vida Spa, at approximately 3:00 p.m., Hankins performed a liposuction procedure on the arms of Patient A. Hankins administered tumescent anesthesia with Lidocaine and Epinephrine to Patient A, which Hankins obtained, without a patient-specific prescription or an order from a licensed practitioner for Patient A, from a general store of controlled substances and dangerous drugs obtained and maintained by Vida Spa in violation of federal and state law.

61. Hankins was not supervised by any licensed physician while performing this invasive surgical procedure on Patient A at Vida Spa.

PATIENT B

62. Patient B was a thirty-one (31) year-old female at the time of the events at issue.

63. At all times relevant to Hankins's treatment of Patient B, Respondent was the so-called "medical director" of Vida Spa.

64. BEFORE THE ARIZONA MEDICAL BOARD

In the Matter of **SHERMAN WASHINGTON, JR., M.D.** Holder of License No. 48291 For the Practice of Allopathic Medicine In the State of Arizona.	**Case No. MD-19-1137A** **ORDER FOR LETTER OF REPRIMAND AND PROBATION; AND CONSENT TO THE SAME**

Sherman Washington, Jr., M.D. ("Respondent") elects to permanently waive any right to a hearing and appeal with respect to this Order for Letter of Reprimand and Probation; admits the jurisdiction of the Arizona Medical Board ("Board"); and consents to the entry of this Order by the Board.

FINDINGS OF FACT

1. The Board is the duly constituted authority for the regulation and control of the practice of allopathic medicine in the State of Arizona.

2. Respondent is the holder of license number 48291 for the practice of allopathic medicine in the State of Arizona.

3. The Board initiated case number MD-19-1137A after receiving notification of a disciplinary action alert ("DAR") that the Virginia Board of Medicine ("Virginia Board") had reprimanded Respondent's Virginia medical license.

4. Effective November 14, 2019 Respondent entered into a Consent Order with the Virginia Board that issued Respondent's Virginia medical license a Reprimand and Monetary Penalty of $1500.00. The Virginia Board found that Respondent issued Schedule IV medications to six patients without a properly established physician-patient relationship. Additionally, the Virginia Board found that Respondent willfully refused to provide records for the six patients at issue despite repeated requests by Virginia Board staff. On January 15, 2020 the Virginia Board issued Respondent a letter of compliance and closed the case.

5. On November 22, 2019 the North Dakota Board of Medicine ("North Dakota Board") issued an Order pursuant to a Stipulation that required Respondent to complete an intensive, in-person medical recordkeeping course. The North Dakota Board found that a patient received medication in the mail from a compounding pharmacy in Texas that had been prescribed by Respondent. The patient did not have a prior physician-patient relationship with Respondent and had never met or spoken to prior to receiving the medication. Respondent failed to respond to the North Dakota Board's request for the patient's medical records.

6. On January 28, 2020 The Washington Medical Commission ("Washington Board") entered Findings of Fact, Conclusions of Law and Final Order of Default against Respondent's Washington medical license after Respondent failed to respond to an investigation into Respondent's prescribing practices ("Default Order").

7. On February 14, 2020 the Virginia Board issued an Order of Mandatory Suspension on Respondent's Virginia medical license based on the Washington Board's Default Order.

8. On March 6, 2020, The Colorado Medical Board ("Colorado Board") issued Respondent's Colorado medical license a Letter of Admonition based on the Virginia and North Dakota Board actions.

9. On March 16, 2020, The Pennsylvania State Board of Medicine ("Pennsylvania Board") issued an order reprimanding Respondent's expired Pennsylvania medical license based on the Virginia Board's action.

10. On July 16, 2020, the Washington Board entered into a Stipulation to Informal Discipline with Respondent to resolve the investigation ("Washington Stipulation"). The Washington Stipulation described allegations that Respondent prescribed medication to at least six patients without examining the patients or otherwise establishing a proper

physician-patient relationship. The Washington Stipulation required Respondent to complete terms and conditions including Continuing Medical Education ("CME") in ethics and submission of a remedial essay on issues relevant to the investigation.

11. On December 30, 2020 the Florida Board of Medicine ("Florida Board") issued a Final Order suspending Respondent's Florida medical license and requiring payment of an administrative fine. The Florida Board's Final Order arose out of a reciprocal investigation regarding the Washington Board's action, and Respondent's failure to report the Washington Board's Default Order indefinitely suspending his Washington medical license.

CONCLUSIONS OF LAW

a. The Board possesses jurisdiction over the subject matter hereof and over Respondent.

b. The conduct and circumstances described above constitute unprofessional conduct pursuant to A.R.S. § 32-1401(27)(p) ("Action that is taken against a doctor of medicine by another licensing or regulatory jurisdiction due to that doctor's mental or physical inability to engage safely in the practice of medicine, the doctor's medical incompetence or for unprofessional conduct as defined by that jurisdiction and that corresponds directly or indirectly to an act of unprofessional conduct prescribed by this paragraph. The action taken may include refusing, denying, revoking or suspending a license by that jurisdiction or a surrendering of a license to that jurisdiction, otherwise limiting, restricting or monitoring a licensee by that jurisdiction or placing a licensee on probation by that jurisdiction.").

ORDER

IT IS HEREBY ORDERED THAT:

1. Respondent is issued a Letter of Reprimand.

2. Respondent is placed on Probation for a period of six months with the following terms and conditions:

a. PBI Ethics Course

Respondent shall within 6 months of the effective date of this Order, complete the Medical Ethics and Professionals Course (ME-15) course offered by Professional Boundaries, Inc. ("PBI"). Respondent shall within thirty days of the effective date of this Order submit satisfactory proof of enrollment with Board staff. Upon completion of the CME, Respondent shall provide Board staff with satisfactory proof of attendance. Respondent shall sign any and all consents or releases necessary to allow for PBI to communicate to the Board directly and furnish PBI's "AIR" Letter after completion of the required CME. The CME hours shall be in addition to the hours required for the biennial renewal of medical licensure. Respondent shall not revoke any release prior to successful completion of the CME and maintenance and accountability seminars.

b. Obey All Laws

Respondent shall obey all state, federal and local laws, all rules governing the practice of medicine in Arizona, and remain in full compliance with any court ordered criminal probation, payments and other orders.

c. Probation Termination

Prior to the termination of Probation, Respondent must submit a written request to the Board for release from the terms of this Order. Respondent's request for release will be placed on the next pending Board agenda, provided a complete submission is received by Board staff no less than 30 days prior to the Board meeting. Respondent's request for release must provide the Board with evidence establishing that he has successfully satisfied all of the terms and conditions of this Order. The Board has the sole discretion to

determine whether all of the terms and conditions of this Order have been met or whether to take any other action that is consistent with its statutory and regulatory authority.

3. The Board retains jurisdiction and may initiate new action against Respondent based upon any violation of this Order. A.R.S. § 32-1401(27)(s)

DATED AND EFFECTIVE this 24th day of August, 2021.

2. Respondent acknowledges and agrees that this Order is entered into freely and voluntarily and that no promise was made or coercion used to induce such entry.

3. By consenting to this Order, Respondent voluntarily relinquishes any rights to a hearing or judicial review in state or federal court on the matters alleged, or to challenge this Order in its entirety as issued by the Board, and waives any other cause of action related thereto or arising from said Order.

4. The Order is not effective until approved by the Board and signed by its Executive Director.

5. All admissions made by Respondent in this Order are solely for final disposition of this matter and any subsequent related administrative proceedings or civil litigation involving the Board and Respondent. Therefore, said admissions by Respondent

are not intended or made for any other use, such as in the context of another state or federal government regulatory agency proceeding, civil or criminal court proceeding, in the State of Arizona or any other state or federal court.

6. Notwithstanding any language in this Order, this Order does not preclude in any way any other State agency or officer or political subdivision of this state from instituting proceedings, investigating claims, or taking legal action as may be appropriate now or in the future relating to this matter or other matters concerning Respondent, including but not limited to, violations of Arizona's Consumer Fraud Act. Respondent acknowledges that, other than with respect to the Board, this Order makes no representations, implied or otherwise, about the views or intended actions of any other state agency or officer or political subdivisions of the State relating to this matter or other matters concerning Respondent.

7. Upon signing this agreement, and returning this document (or a copy thereof) to the Board's Executive Director, Respondent may not revoke the consent to the entry of the Order. Respondent may not make any modifications to the document. Any modifications to this original document are ineffective and void unless mutually approved by the parties.

8. This Order is a public record that will be publicly disseminated as a formal disciplinary action of the Board and will be reported to the National Practitioner's Data Bank and on the Board's web site as a disciplinary action.

9. If any part of the Order is later declared void or otherwise unenforceable, the remainder of the Order in its entirety shall remain in force and effect.

10. If the Board does not adopt this Order, Respondent will not assert as a defense that the Board's consideration of the Order constitutes bias, prejudice, prejudgment or other similar defense.

11. Any violation of this Order constitutes unprofessional conduct and may result in disciplinary action. Re: License Number: DR. 0054185
Case Number: 2019-8449-B

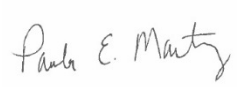
Dear Dr. Washington,

The Colorado Medical Board has concluded its inquiry into the aforementioned matter. It was the Panel's decision not to commence with formal proceedings against your professional license. However, the Panel did determine disciplinary action in the form of this letter of admonition is warranted.

As you recall, in October 2019, you entered into a stipulation with the North Dakota Medical Board regarding your license to practice medicine. In the stipulation, you admitted to prescribing medications to an individual with whom you did not have a physician-patient relationship and failing to maintain medical records. The North Dakota Medical Board required you to take a medical recordkeeping course. In November 2019, you entered into a consent order with the Virginia Board of Medicine in which you were reprimanded and assessed a fine. The consent order was based on your prescribing of Schedule VI medications outside the context of a physician-patient relationship.

After a review of all the information in this matter, the Panel found that you are prescribing to individuals without establishing a physician-patient relationship fell below generally accepted standards of medical practice and resulted in discipline in two other states, constituting unprofessional conduct in violation of section 12-240-121 of the Colorado Revised Statutes.

By this letter, the Board takes the formal disciplinary action of admonishing you for the conduct specified above, and warns you that repetition of such practice may lead to imposition of more severe disciplinary action. This letter is an open public record and a reportable action to individuals or entities requesting disciplinary information. The Board strongly encourages you to review and understand the Medical Practice Act requirements and obligations for the practice of medicine in Colorado.



In accordance with 12-20-404(4)(b), the Board advises you that you have the right to make a written request that the Board initiate formal disciplinary proceedings in order to adjudicate the conduct or acts upon which this letter is based. You must make your written request within twenty (20) days after receipt of this letter and address your request to Paula Martinez, Program Director, at the email address listed below. If you make a timely request, the Board will deem this letter of admonition vacated and may proceed with disciplinary and/or injunctive proceedings in accordance with 12-20-404(4)(b)(II), C.R.S., and applicable rules.

A Letter of Admonition, when accepted, becomes a permanent, public portion of your record. It is not, however, a restriction on your practice as a professional physician.

CONCLUSIONS OF LAW

Title 43, Chapters 1 and 34, as amended. Respondent hereby waives any further conclusions of law with respect to the above-styled matter.

ORDER

The Georgia Board, having considered all the facts and circumstances of this case, hereby orders, and Respondent hereby agrees, that the following sanctions shall be imposed upon Respondent's license to practice as a physician in the State of Georgia:

Within ninety (90) days of the effective date of this Consent Order, Respondent shall submit to the Georgia Board a fine of three thousand dollars ($3,000.00) to be paid in full by cashier's check or money order made payable to the Georgia Composite Medical Board. Said fine shall be sent to the Georgia Composite Medical Board, located at 2 Peachtree Street, NW, 6th Floor, Atlanta, GA 30303, to the attention of the Executive Director. Failure to pay the entire amount within (30) days of the effective date of this Consent Order shall be considered a

2.

Within six (6) months of the effective date of this Consent Order, Respondent shall successfully complete ten (10) hours of continuing medical education ("CME") course(s) focusing on ethics and ten (10) hours of CME course(s) focusing on prescribing. Respondent shall provide written evidence of successful completion of the CME to the Georgia Board within six (6) months of the effective date of this Order. Failure to provide written evidence of successful completion of the CME within six (6) months of the effective date of this Consent Order shall be considered a violation of this Consent Order and shall result in further sanctioning of Respondent's license, upon substantiation thereof.

3.

In addition to and in conjunction with any other sanction contained herein, this Consent Order and dissemination thereof shall serve as a **public reprimand** of Respondent by the Georgia Board.

4.

Respondent also understands that pursuant to O.C.G.A. Title 43, Chapter 34A, the contents of this Consent Order shall be placed on Respondent's Physician Profile. Furthermore, by executing this Consent Order, Respondent hereby agrees to permit the Georgia Board to update the Physician's Profile reflecting this Consent Order.

5.

Respondent acknowledges that Respondent has read this Consent Order and understands

its contents. Respondent understands that Respondent has the right to a hearing in this matter and freely, knowingly and voluntarily waives that right by entering into this Consent Order. Respondent understands and agrees that a representative of the Department of Law may be present during the Georgia Board's consideration of this Consent Order and that the Georgia Board shall have the authority to review the investigative file and all relevant evidence in considering this Consent Order. Respondent further understands that this Consent Order will not become effective until approved and docketed by the Georgia Board. Respondent understands that this Consent Order, once approved and docketed, shall constitute a public record, evidencing disciplinary action by the Georgia Board that may be disseminated as such. However, if this Consent Order is not approved, it shall not constitute an admission against interest in this proceeding, or prejudice the right of the Georgia Board to adjudicate this matter. North Dakota Board of Medicine – Investigative Panel B,	)	
Complainant,	)

Sherman Washington Jr., M.D.,	)	
Respondent.	)	

COMES NOW, the Complainant, North Dakota Board of Medicine – Investigative Panel B, and for its Complaint against the Respondent, Sherman Washington Jr., M.D., alleges and states as follows:

I.

Investigative Panel B of the North Dakota Board of Medicine ("Board") is authorized pursuant to N.D.C.C. Chapter 43-17.1 to conduct investigations related to the practice of any physician licensed to practice in this state and file a formal complaint against any licensed physician with the Board of Medicine.

II.

Sherman Washington Jr., M.D., is a physician licensed to practice medicine in the State of North Dakota.

FACTS

III.

At all times mentioned herein, Respondent was an emergency medicine physician but mostly practiced medicine online.

IV.

On September 5, 2018, Patient A received a package in the mail containing several medications that were prescribed to her by Respondent and filled at McClure's Compounding Pharmacy in Texas. Patient A has never had a physician-patient relationship with Respondent and has never met or spoken to Respondent. Thus, Respondent prescribing any medications to Patient A is inappropriate. A request for records for the treatment of Patient A was made to Respondent and no records were received. Thus, Respondent is subject to disciplinary action pursuant to the provisions of N.D.C.C. § 43-17-31 based upon Respondent's violations of the North Dakota Medical Practice Act by: (1) performing any dishonorable, unethical or unprofessional conduct likely to deceive, defraud or harm the public N.D.C.C. § 43-17-31(1)(f).; and (2) lacking appropriate documentation in medical records for diagnosis, testing and treatment of a patient as described by N.D.C.C. § 43-17-31(1)(z).

V.

WHEREFORE, Complainant respectfully requests Respondent, Sherman Washington, Jr., M.D., be disciplined for his violations of N.D.C.C. § 43-17-31 and seeks an appropriate sanction(s) for those violations as authorized by N.D.C.C. § 43-17-30.1. Complainant also respectfully requests that the Board be awarded its costs and attorney's fees in having to bring this action pursuant to N.D.C.C. § 43-17-31.1.

NOTICE: Respondent must answer this Complaint within twenty days after service of the complaint or the allegations may be deemed admitted and may result in a default order revoking the subject's license. Such answer must be served in the manner allowed for service under the North Dakota Rules of Civil Procedure.

HISTORY

This matter comes before a hearing examiner for the State Board of Medicine ("Board") on the Commonwealth's filing of a single count *Order to Show Cause* ("*OTSC*") on November 25, 2019, against Sherman Washington, M.D. ("Respondent"). In this single count, the Commonwealth charged that Respondent is subject to disciplinary action under section 41(4) of the Medical Practice Act of 1985,[1] 63 P.S. § 422.41(4), because the Virginia Board of Medicine ("Virginia Board") took disciplinary action against Respondent's Virginia medical license on or about November 14, 2019.

On November 25, 2019, the Commonwealth mailed the *OTSC* to Respondent by certified mail, electronic return receipt requested, and by first class mail, postage prepaid, at his last known address on file with the Board: 2900 N. Green Valley Parkway, Suite 114, Henderson, NV 89014. The *OTSC* that was mailed to Respondent by certified mail, return receipt requested, was delivered on November 29, 2019, and signed for by Respondent or Respondent's agent,[2] as evidenced by the United States Postal Service electronic return receipt for Certified Mail™ item number 9171 9690 0935 0226 6042 63. Hence, the Commonwealth accomplished service of its *OTSC* in accordance with the requirements of the General Rules of Administrative Practice and Procedure ("GRAPP"), 1 Pa. Code § 31.1 *et seq.*, at 1 Pa. Code § 33.31.[3]

The *OTSC* directed Respondent to file a written answer within thirty (30) days of the date on the *OTSC*, and specifically advised Respondent that the factual allegations of the *OTSC* may be deemed admitted if Respondent failed to file an answer within the time period allowed. Respondent was also advised that if he failed to file an answer, the Board may revoke, suspend, or impose other restrictions against his license; and the Board may also impose a civil penalty of up to $10,000.00 for each violation of the Act. Respondent did not file an answer to the *OTSC*.

On December 31, 2019, the Commonwealth filed a *Motion to Deem Facts Admitted and Enter Default* ("*MDFA*"). The *MDFA* was mailed to Respondent on December 31, 2019, by first class mail, postage prepaid, at 2900 N. Green Valley Parkway, Suite 114, Henderson, NV 89014. This is the same address where the *OTSC* had been served. Respondent did not file a response to the *MDFA*.

On January 21, 2020, an *Order Granting Commonwealth's Motion to Deem Facts Admitted and Enter Default* ("*MDFA Order*") was issued on grounds that Respondent received the *OTSC* but failed to file an answer as required. DISCUSSION

Violation

A board-regulated practitioner in Pennsylvania who is disciplined by a proper licensing authority of another state is subject to disciplinary action in Pennsylvania under section 41(4) of the Act as follows:

> **Section 41. Reasons for refusal, revocation, suspension or other corrective actions against a licensee or certificate holder**
>
> The board shall have authority to impose disciplinary or corrective measures on a board-regulated practitioner for any or all of the following reasons:
>
> * * *
>
> (4) **Having a license or other authorization to practice the profession revoked or suspended or having other disciplinary action taken,** or an application for a license or other authorization refused, revoked or suspended by a **proper licensing authority of another state,** territory, possession or country, or a branch of the Federal Government.

63 P.S. § 422.41(4) (emphasis added).

The facts deemed admitted are based on the factual allegations in the *OTSC* as well as the information contained in what is alleged to be a true and correct copy of the November 14, 2019, Consent Order. These facts conclusively establish that on November 14, 2019, the Virginia Board reprimanded Respondent and assessed Respondent a monetary penalty of $1,500.00. Therefore, the Commonwealth has proven by a preponderance of the evidence[7] that Respondent's medical

[7] The degree of proof required to establish a case before an administrative tribunal in an action of this nature is a preponderance of the evidence. *Lansberry v. Pennsylvania Pub. Util. Comm'n*, 578 A.2d 600, 602 (Pa. Cmwlth. 1990), *appeal denied*, 602 A.2d 863 (Pa. 1992). A preponderance of the evidence is generally understood to mean that the

license in another state, Virginia, was disciplined by the proper licensing authority of that state, as charged in Count One of the *OTSC*.

Sanction

The Supreme Court of Pennsylvania has recognized that "[r]eciprocal discipline prevents licensed professionals from violating ethical rules, being disciplined, and then transferring to a new jurisdiction to continue to practice with an unblemished record of ethical conduct." *Khan v. State Bd. of Auctioneer Examiners*, 842 A.2d 936, 944 (Pa. 2004). There are a variety of sanctions available to prevent this from happening.

Section 42 of the Act, 63 P.S. § 422.42, sets forth the type of disciplinary or corrective measures that may be imposed for violations of the Act, including Respondent's violation of section 41(4) of the Act. Specifically, section 42(a) of the Act provides, in relevant part, as follows:

> **Section 42. Types of corrective action**
>
> **(a) Authorized actions.**—When the board is empowered to take disciplinary or corrective action against a board-regulated practitioner under the provisions of this act or pursuant to other statutory authority, the board may:
>
> * * *
>
> (2) Administer a public reprimand with or without probation.
>
> (3) Revoke, suspend, limit or otherwise restrict a license or certificate.
>
> (4) Require the board-regulated practitioner to submit to the care, counseling or treatment of a physician or a psychologist designated by the board.

evidence demonstrates a fact is more likely to be true than not to be true, or if the burden were viewed as a balance scale, the evidence in support of the Commonwealth's case must weigh slightly more than the opposing evidence. *Se-Ling Hosiery, Inc. v. Margulies*, 70 A.2d 854, 856 (Pa. 1950). The Commonwealth therefore has the burden of proving the charges against Respondent with evidence that is substantial and legally credible, not by mere "suspicion" or by only a "scintilla" of evidence. *Lansberry*, 578 A.2d at 602.

63 P.S. § 422.42(a). Additionally, a maximum civil penalty up to ten thousand dollars ($10,000.00) for each violation of the Act is authorized under either section 908 of the Medical Care Availability and Reduction of Error Act,[8] 40 P.S. § 1303.908, or section 5(b)(4) of Act 48,[9] 63 P.S. § 2205(b)(4).

The Board is charged with the responsibility and authority to oversee the profession and to regulate and license professionals to protect the public health and safety. *Barran v. State Bd. of Medicine*, 670 A.2d 765, 767 (Pa. Cmwlth. 1996), *appeal denied*, 679 A.2d 230 (Pa. 1996). With public protection in mind, the Board considers the seriousness of the violations and any mitigating evidence in fashioning a sanction fitted to the circumstances of a given disciplinary matter.

There is no mitigating evidence to consider because, although he has been given appropriate notice and the opportunity to respond, Respondent has not defended himself in the matter now before the Board. Therefore, the Board has only the seriousness of the Virginia disciplinary action to consider when determining the appropriate sanction.

The seriousness of the Virginia disciplinary action can be gauged by the underlying reasons for the disciplinary action and the type of discipline imposed. The Virginia Board disciplined

Respondent for prescribing several Schedule VI controlled substances to Patients A-F outside of a bona fide practitioner-patient relationship and for willfully refusing to provide records for Patients A-F to the Virginia Board's investigators after their repeated requests for such records from August 2018 through October 2018. For this conduct, the Virginia Board decided not to impose the more serious sanctions of suspension or revocation. Instead, the Virginia Board imposed the less serious sanctions of a reprimand and a monetary penalty.

The hearing examiner believes that it is appropriate to mirror the Virginia Board's imposition of a reprimand. A public reprimand will protect the public health and safety because it will alert Pennsylvania's citizens to Respondent's disciplinary action in Virginia, thereby allowing anyone who inquires to make an informed decision based upon the public information available.

Although the Virginia Board assessed a monetary penalty, the hearing examiner does not believe that it is necessary to impose a monetary penalty in Pennsylvania. Civil penalties are typically imposed for purposes of deterrence. It is understandable that the Virginia Board would want to deter Respondent from committing similar violations in the future in Virginia, given the fact that Respondent had an active license in Virginia at the time he entered into the Consent Order. Respondent is presumably not practicing in Pennsylvania because his Pennsylvania license has been expired since December 31, 2014, prior to his violations of Virginia law. Therefore, it is not necessary to impose a civil penalty in Pennsylvania for purposes of added deterrence.

Accordingly, based upon the foregoing, the following order shall issue:

>
> (1) The commission of any act involving moral turpitude, dishonesty, or corruption relating to the practice of the person's profession, whether the act constitutes a crime or not. If the act constitutes a crime, conviction in a criminal proceeding is not a condition precedent to disciplinary action. > 4. To offer, undertake, attempt to do or hold oneself out as able to do any of the acts described in subsections 1 and 2.

4. NRS 630.400(1)(d) provides that it is unlawful to practice medicine without being licensed under NRS Chapter 630.

5. Pursuant to NRS 630.400(2) and NRS 193.130(c) and (d), the unlawful practice of medicine is a felony, punishable by imprisonment in the state prison for a minimum term of not less than one (1) year and a maximum term of not more than five (5) years.

6. Pursuant to the Medical Practice Act, the only means by which a practitioner may lawfully aid, assist, employ or advise, directly or indirectly, an unlicensed person to engage in the practice of medicine, is by delegating specific tasks to an adequately supervised and trained "medical assistant."

7. Pursuant to NRS 630.0129, a "medical assistant" means a person who:

> (a) performs clinical tasks under the supervision of a practitioner, and
>
> (b) does not hold a license, certificate or registration issued by a professional licensing or regulatory board in this State to perform such clinical tasks; the term does not include a person who performs only administrative, clerical, executive or other nonclinical tasks.

8. Pursuant to NRS 630.306(1)(r), a practitioner must adequately supervise his or her medical assistants, and failing to do so is grounds for initiating disciplinary action or denying licensure.

9. Pursuant to NAC 630.830, a delegating practitioner is professionally responsible for the safety and performance of each task which is delegated to a medical assistant. Pursuant to NAC 630.810, a delegating practitioner may not delegate tasks to a medical assistant unless: (a) the

delegating practitioner knows that the medical assistant possesses the knowledge, skill and training to perform the task safely and properly; (b) the medical assistant is not required to be certified or licensed to perform that task; and (c) the medical assistant is employed by the delegating practitioner or the medical assistant and the delegating practitioner are employed by the same employer.

10. Pursuant to NAC 630.830(4), a delegating practitioner shall not delegate or otherwise allow a medical assistant to administer an anesthetic agent which renders a patient unconscious or semiconscious.

11. Pursuant to NAC 630.820, a delegating practitioner may not remotely supervise a medical assistant, except in a specific case of emergency in a rural area.[2]

12. Except as otherwise provided in NAC 630.820, pursuant to NAC 630.810, if a medical assistant is delegated a task which involves an "invasive procedure," [3] the delegating practitioner must be immediately available to exercise oversight in-person while the medical assistant performs the task.

13. The term "medical director" is not recognized or defined under the Medical Practice Act, and no law authorizes a licensee of the Board to, by calling himself or herself a "medical director," violate or circumvent the aforementioned statutes and regulations of the Medical Practice Act.

14. Accordingly, pursuant to NRS 630.400(1)(d), 630.305(1)(e), and 630.0129, and NAC 630.800-830:

a. A practitioner who, whether by serving as a so-called "medical director" or by some other relationship or circumstance, aids, assists, employs or advises, directly or indirectly, any unlicensed person to engage in the practice of medicine, may lawfully do so only by delegating tasks

---

[2] Remote supervision of a medical assistant is prohibited unless: (a) the patient is located in a rural area; (b) the delegating practitioner is physically located a significant distance from the location where the task is to be performed; (c) the delegating practitioner determines that the exigent needs of the patient require immediate attention; (d) the patient and the delegating practitioner previously established a practitioner-patient relationship; and (e) the delegating practitioner is immediately available by telephone or other means of instant communication during the performance of the task by the medical assistant. As used in NAC 630.820, "rural area" means any area in this State other than Carson City or the City of Elko, Henderson, Reno, Sparks, Las Vegas or North Las Vegas.

[3] The Medical Practice Act does not define "invasive procedure," however, NAC 449.9733 pertaining to Medical Facilities defines "invasive procedure" as "a medical procedure involving entry into the human body by puncture or incision or by insertion of an instrument."

to an adequately supervised and properly trained medical assistant, who the delegating practitioner knows possesses the knowledge, skill and training to perform the task safely and properly, and the delegating practitioner is professionally responsible for the safety and performance of each task which is delegated to that medical assistant.

b. A practitioner who, whether by serving as a so-called "medical director" or by some other relationship or circumstance, aids, assists, employs or advises, directly or indirectly, any unlicensed person to engage in the practice of medicine, but who has not done so by delegating specific tasks to an adequately supervised and properly trained medical assistant, has violated NRS 630.305(1)(e), and is subject to discipline for aiding and abetting the unlicensed practice of medicine. In addition, the unlicensed person engaged in the practice of medicine has violated NRS 630.400(1)(d), by practicing medicine without a license.

c. A practitioner who delegates a medical task to a medical assistant, whether by serving as a so-called "medical director" or by some other relationship or circumstance, remains professionally responsible for, among other requirements, ensuring the following:

i. The safety and performance of each task delegated;

ii. The proper employment relationships between themselves and the medical assistant or their common employer;

iii. The medical assistant is sufficiently knowledgeable, trained and skilled to perform the tasks delegated to them;

iv. The medical assistant is adequately supervised, and the practitioner must be nearby to supervise the specific medical tasks delegated, and, if it is an invasive medical task, then the delegating practitioner must be immediately available to exercise oversight in-person while the medical assistant performs the task; and

v. The medical assistant does not administer an anesthetic agent which renders a patient unconscious or semiconscious.

d. A practitioner who delegates a medical task to a medical assistant, whether by serving as a so-called "medical director" or by some other relationship or circumstance, and who violates the aforementioned provisions of the NRS or NAC pertaining to medical assistants, and

who fails to adequately supervise that medical assistant as required under the circumstances, has violated NRS 630.306(1)(r), and is subject to discipline for failing to adequately supervise a medical assistant.

B. Cosmetologists, "Medical Spas" and "Medical Aestheticians," and the Unlicensed Practice of Medicine

15. Pursuant to NRS 644A.030 a licensed "cosmetologist" is not authorized by such license to practice medicine in any way. Rather, a licensed cosmetologist is authorized to perform only non-medical, cosmetology services, such as cleansing, stimulating or massaging the scalp or cleansing or beautifying the hair by the use of cosmetic preparations, antiseptics, tonics, lotions or creams, cutting, trimming or shaping the hair, removing hair by the use of depilatories, waxing, tweezing or sugaring, except for the permanent removal of hair with needles, manicuring nails, massaging the skin, giving facials, and other miscellaneous non-medical, cosmetological services.

16. Pursuant to NAC 644A.790 a cosmetologist is further explicitly prohibited from performing "invasive procedures," which mean, for the purposes of professional licensing of cosmetologists, "an act that affects the structure or function of the skin other than the uppermost layers of the skin," and which, for the sake of regulating the practice of cosmetologists, includes, without limitation, (a) the application of electricity for the sole purpose of contracting a muscle, (b) the application of a topical lotion, cream or other substance which affects anything other than the uppermost layers of the skin, (c) the penetration of the skin by needles, and (d) the abrasion of the skin below the uppermost layers of the skin.

17. Further, there is no such license as "medical aesthetician" or "medical cosmetologist" authorized by any Nevada law or issued by any Nevada sanctioned professional licensing body. On the contrary, NAC 644A.870 specifically prohibits cosmetologists and aestheticians from using the terms "expert," "advanced" or "medical" in connection with any description of their practice in any branch of cosmetology or otherwise holding the licensee out to the public as an expert, advanced or medical practitioner of any branch of cosmetology.

18. Accordingly, a Nevada licensed cosmetologist or aesthetician may not refer to himself or herself as a "medical cosmetologist" or "medical aesthetician" in connection with any

description of their practice, and may not, in fact, practice medicine in any way or perform invasive medical procedures or medical services of any kind, unless they do so as a "medical assistant" to a Nevada licensed medical professional, i.e., either as medical assistant to a Nevada licensed physician or physician assistant pursuant to NRS 630.0129, et. seq., and NAC 630.800-830, as described above, or similarly as another type of professional "assistant," "hygienist," "technician," or other such designation, who is delegated tasks by and under the direct supervision of a medical professional who is duly licensed pursuant to chapters 631 to 637, inclusive, 639 or 640 of NRS, and who remains professionally responsible for their conduct.

19. If a cosmetologist or aesthetician practices medicine in any way, unless he or she acts as a medical assistant and is delegated tasks and is properly supervised by a professional medical practitioner, then he or she is violating NRS 630.400(1)(d) by practicing medicine without a license.

C. Nevada Pharmacy Laws Regarding Controlled Substances, Dangerous Drugs and Hypodermic Devices

20. NRS 630.306(1)(b)(3) provides that engaging in conduct that violates a regulation adopted by the Nevada State Board of Pharmacy (Pharmacy Board) is grounds for initiating disciplinary action against a licensee.

21. Pursuant to NRS 630.3062(1)(h), fraudulent, illegal, unauthorized or otherwise inappropriate prescribing, administering or dispensing of a controlled substance listed in schedule II, III or IV is grounds for initiating disciplinary action or denying licensure.

22. Pursuant to 21 Code of Federal Regulations (CFR) §1306.04(a)-(b) and NRS 453.381, a physician or physician assistant may prescribe or administer controlled substances only for a legitimate medical purpose and in the usual course of his or her professional practice. The responsibility for the proper prescribing and dispensing of controlled substances is upon the prescribing practitioner, and a prescription may not be issued in order for an individual practitioner to obtain controlled substances for supplying the individual practitioner for the purpose of general dispensing to patients. *See* 21 CFR §1306.04(a)-(b).

///

23. Pursuant to NRS 454.201, a "dangerous drug" is any drug, other than a controlled substance, unsafe for self-medication or unsupervised use, and includes, among other things, (1) any drug which has been approved by the Food and Drug Administration for general distribution and bears the legend: "Caution: Federal law prohibits dispensing without prescription," and (2) any drug which, pursuant to the Board's regulations, may be sold only by prescription because the Board has found those drugs to be dangerous to public health or safety.

24. Pursuant to NRS 454.316 and NRS 454.321, it is unlawful to possess, dispense or furnish a dangerous drug except when furnished to the person by a pharmacist pursuant to a legal prescription from a practitioner.

25. Pursuant to NRS 454.009, a "hypodermic" device is any syringe, needle, instrument, device or implement intended or capable of being adapted for the purpose of administering drugs by subcutaneous, intramuscular or intravenous injection.

26. Pursuant to NRS 454.510, it is unlawful for any person to have in his or her possession or under his or her control any hypodermic device that is restricted by federal law to sale by or on the order of a physician, unless the person has acquired possession of such device in accordance with the provisions of NRS 454.480 to 454.530, inclusive, that is, by sale from a licensed pharmacist, on the prescription of a physician or other practitioner, which prescription is filled as required by NRS 639.236, and may be refilled as authorized by the prescriber.

27. Accordingly, pursuant to NRS 454.009, 454.201, 454.316, 454.321 and 454.510, any person who is not a practitioner as defined in NRS 639.0125 is not permitted by Nevada law to possess, control, access, prescribe, administer, and/or dispense dangerous drugs or hypodermic devices, except as a medical assistant under the direct supervision of a Nevada licensed physician, physician assistant, or other licensed medical professional, and then, only if otherwise permitted and in compliance with laws of regulating pharmacies and pharmaceuticals.

28. NAC 639.742(1) provides that a practitioner who wishes to dispense controlled substances or dangerous drugs must apply to the Pharmacy Board for a certificate of registration to dispense controlled substances or dangerous drugs. A practitioner must submit a separate application for each site of practice, including, without limitation, any remote site or satellite

consultation site, from which the practitioner wishes to dispense controlled substances or dangerous drugs.

29. NAC 639.742(2) provides that if a facility from which the practitioner intends to dispense dangerous drugs or controlled substances is not wholly owned and operated by the practitioner, the owner or owners of the facility must also submit an application to the Pharmacy Board for a license to do so.

30. NAC 639.742(3) provides in pertinent part that a dispensing practitioner and, if applicable, the owner or owners of the facility, shall ensure that:

> . . . (b) All drugs are received and accounted for by the dispensing practitioner;
>
> (c) All drugs are stored in a secure, locked room or cabinet to which the dispensing practitioner has the only key or lock combination;
>
> (d) All drugs are dispensed in accordance with NAC 639.745[4];

---

[4] NAC 639.745 Duties of certain practitioners concerning dispensing of controlled substances and dangerous drugs. (NRS 639.070, 639.0727)

1. Each practitioner who is registered with the Board to dispense controlled substances and dangerous drugs, including, without limitation, a dispensing practitioner, and who dispenses such products for use by the practitioner's patients outside his or her presence shall:

(a) Keep complete, accurate and readily retrievable records of each controlled substance and dangerous drug purchased and dispensed. The record for each such product dispensed to a patient must include:

(1) The name of the patient and, if not readily available from the practitioner's records, the patient's address;

(2) The name, strength and quantity of the prescribed controlled substance or dangerous drug;

(3) The directions for use;

(4) The date the prescription was issued; and

(5) A unique identifying number.

(b) Maintain a separate file for the records concerning the purchase of each controlled substance listed in schedule II and a separate file for the records concerning the dispensing of each controlled substance listed in schedule II. Each prescription for a controlled substance or dangerous drug must be maintained in a separate file pursuant to the requirements set forth in NAC 453.480.

(c) Keep all controlled substances and dangerous drugs in a locked storage area. Access to the storage area must be restricted to the persons described in NRS 453.375.

(d) Ensure that each package or container in which a controlled substance is dispensed, except samples in the manufacturer's packages, is clearly labeled pursuant to the requirements set forth in NRS 639.2801.

(e) Ensure that the package or container in which a controlled substance or dangerous drug is dispensed complies with all state and federal packaging requirements.

(f) Be deemed to be a pharmacy as that term is used in NAC 639.926 and shall comply with that section.

2. A practitioner may dispense dangerous drugs or controlled substances only after the patient has been informed by the practitioner that the patient may request a written prescription and have it filled at another location of the patient's choosing.

3. A record regarding the dispensing of a controlled substance or dangerous drug made and kept pursuant to this section must be maintained on paper or in a computer. If the record is:

(a) Maintained on paper, the record must:

(1) Include all the information required to be on the prescription pursuant to NRS 639.2353 and NAC 453.440;

> (e) No prescription is dispensed to a patient unless the dispensing practitioner is on-site at the facility;
>
> (f) All drugs are dispensed only to the patient personally at the facility;
>
> . . . (h) All drugs are dispensed only for medically necessary purposes and according to prevailing standards of care for practitioners practicing in the specialty claimed or practiced by the dispensing practitioner; and
>
> (i) The certificate for each dispensing technician employed at the facility is displayed in the room or cabinet in which drugs are stored.

31. NAC 639.742(4)(a)-(b) provide, in-part, with regard to the filling and dispensing of prescriptions at a facility, only the dispensing practitioner or a dispensing technician may enter the locked room or cabinet in which drugs are stored and/or remove drugs from stock.

32. NAC 639.945(1) provides in pertinent part that the following acts or practices by a holder of any license, certificate or registration issued by the Pharmacy Board or any employee of any business holding any such license, certificate or registration are declared to be, specifically but not by way of limitation, unprofessional conduct and conduct contrary to the public interest:

> ...(g) Supplying or diverting drugs, biologicals, medicines, substances or devices which are legally sold in pharmacies or by wholesalers, so that unqualified persons can circumvent any law pertaining to the legal sale of such articles.
>
> . . . (i) Performing any of his or her duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner.
>
> . . . (n) Dispensing a drug as a dispensing practitioner to a patient with whom the dispensing practitioner does not have a bona fide therapeutic relationship.
>
> (o) Prescribing a drug as a prescribing practitioner to a patient with whom the prescribing practitioner does not have a bona fide therapeutic relationship.

---

(2) Set forth on the front of the prescription a certification initialed and dated by the patient that the patient has been informed by the practitioner in accordance with subsection 2 and that the patient has agreed to have the practitioner dispense the controlled substance or dangerous drug; and

(3) Be serially numbered and kept in numerical order in a single file for all dispensing practitioners, including, without limitation, physician assistants and advanced practice registered nurses, practicing at the same location.

(b) Maintained in a computer, the record must:

(1) Include all the information required to be on the prescription pursuant to NRS 639.2353 and NAC 453.440;

(2) Contain a certification, either in the computer or a separate paper document, initialed and dated by the patient that the patient has been informed by the practitioner in accordance with subsection 2 and that the patient has agreed to have the practitioner dispense the controlled substance or dangerous drug; and

(3) Be searchable for any item required by paragraph (a) of subsection 1 to be included in the record.

33. NAC 639.945(2) provides that the owner of any business or facility licensed, certified or registered by the Pharmacy Board is responsible for the acts of all personnel in his or her employ.

34. NAC 639.945(3) provides that, for purposes of applying Pharmacy Board regulations:

> [A] bona fide therapeutic relationship between the patient and practitioner shall be deemed to exist if the patient was examined in person, electronically or telephonically by the practitioner within the 6 months immediately preceding the date the practitioner dispenses or prescribes a drug to the patient and, as a result of the examination, the practitioner diagnosed a condition for which a given drug therapy is prescribed.

35. Accordingly, any physician or physician assistant who—whether by serving as a so-called "medical director" of, or by furnishing dangerous drugs or hypodermic devices to, or by some other relationship or circumstance with any "medical spa" wherein dangerous drugs or hypodermic devices are possessed, controlled, accessed, prescribed, administered, and/or dispensed—engages in conduct that violates any regulation adopted by the Pharmacy Board, including but not limited to NAC 639.742(1)-(3), (4)(a)-(b), or 639.945(1)-(3), has violated the Nevada Medical Practice Act and is subject to discipline by the Board.

II. THE PERTINENT HISTORY OF CRIMINAL AND UNPROFESSIONAL CONDUCT OF TAMMY LYNN HANKINS, PA-C

36. On or about March 1, 2012, in the Superior Court of the State of Arizona, in and for the County of Mohave (Arizona Court), in Case No. CR-2012-00287, a Grand Jury indicted Tammy Lynn Hankins (Hankins), a physician assistant who at that time held a license to practice medicine in the State of Arizona, on five (5) criminal counts of violations of Arizona law, including COUNT 1: FRAUDULENT SCHEMES AND ARTIFICES, CLASS 2 FELONY; COUNT 2: OBTAIN OR PROCURE THE ADMINISTRATION OF A NARCOTIC DRUG BY FRAUD, CLASS 3 FELONY; COUNT 3: OBTAINING A DANGEROUS DRUG BY FRAUD, CLASS 3 FELONY; COUNT 4: ATTEMPTED OBTAINING A DANGEROUS DRUG BY FRAUD, CLASS 4 FELONY; COUNT 5: ATTEMPTED OBTAINING A DANGEROUS DRUG BY FRAUD, CLASS 4 FELONY.

Hankins' Arizona Case History

37. On or about November 28, 2012, the Arizona Regulatory Board of Physician Assistants ("Arizona Board"), in Case No. PA-11-0127A, found Hankins, who had been the holder of a license to practice medicine as a physician assistant in the State of Arizona (License No. 2228), guilty of unprofessional conduct. Specifically, the Arizona Board found Hankins guilty with respect to two (2) patients, Patient JC and Patient MW, determining that Hankins deviated from the standard of care by inappropriately and excessively prescribing controlled substances to patients, risking addiction or overdose with a possible fatal outcome.

38. For the foregoing misconduct, the Arizona Board found Hankins guilty of unprofessional conduct pursuant to Arizona Revised Statute (ARS) §32-2501(18)(i) ("prescribing or dispensing controlled substances or prescription-only drugs for which the physician assistant is not approved or in excess of the amount authorized pursuant to this chapter"); ARS §32-2501(18)(j) ("any conduct or practice that is or might be harmful or dangerous to the health of a patient or the public"); ARS § 32-2501 (18)(p) ("failing or refusing to maintain adequate records on a patient"), and ARS § 32-2501(18)(z) ("failing to furnish legally requested information to the [Arizona Board] or its Investigator in a timely manner."). The Arizona Board also found that a practice restriction was needed in order to protect the public, and ordered that Hankins be issued a Letter of Reprimand, placed on probation for one (1) year with additional conditions and restrictions.

Expiration of Hankins's Arizona License

39. Hankins's license to practice medicine as a physician assistant in the State of Arizona (License No. 2228) was due for renewal by June 1, 2013; Hankins did not renew, and her Arizona license expired by operation of law on May 20, 2014.

Arizona Criminal Conduct by Hankins

40. On or about September 14, 2013, the Arizona Court found that Hankins had knowingly, intelligently and voluntarily pled guilty to the offense of: COUNT 3: OBTAINING A DANGEROUS DRUG BY FRAUD, CLASS 3 FELONY. On or about October 2, 2013, the Arizona Court entered its judgment finding Hankins guilty of the foregoing charge, and sentenced Hankins to a suspended

///

imposition of sentence and placing the Defendant on probation for a period of four years commencing October 2, 2013, among other conditions of probation.

41. On or about January 17, 2014, pursuant to a Petition to Revoke Probation, the Arizona Court ordered that Hankins be held without bond pending hearing on said petition.

42. On or about August 11, 2014, the Arizona Court found Hankins guilty of violating her probation for the following crimes: OBTAINING A DANGEROUS DRUG BY FRAUD, CLASS 3 FELONY, and SEXUAL CONDUCT WITH A MINOR, CLASS 6 FELONY. For the first crime, Hankins was sentenced to two and one-half (2.5) years with the Arizona Department of Corrections, as a minimum sentence, to date from August 11, 2014, and was given credit for two hundred eight (208) days served prior to sentencing. For the second crime, Hankins was sentenced to one (1) additional year of incarceration, that sentence to run consecutive to the other.

43. Hankins was not licensed to practice medicine as a physician assistant in the State of Nevada before March 6, 2020.

44. Hankins does not hold an active Drug Enforcement Agency (DEA) registration, and has not held a valid registration since 2016. Hankins also does not hold and has never held an active license or registration with the Pharmacy Board.

III. RESPONDENT'S AIDING AND ABETTING THE UNLICENSED PRACTICE OF MEDICINE AT VIDA SPA, AND RELATED VIOLATIONS OF NEVADA PHARMACY LAWS

45. Vida Spa LLC, a Nevada Limited Liability Company, formed July 22, 2016, managed by Gisselle Platfoot ("Vida Spa"), and also doing business as "Vida Spa" and "Vita Medical Spa Las Vegas," is a self-described "medical spa" located at 3225 S Rainbow Blvd #107 and/or #206, Las Vegas, NV 89146.

46. At all times relevant to this Complaint, Vida Spa was licensed in Clark County, Nevada, under Clark County Business License No. 2003447.081-172, under the business category of "Cosmetology Establishment - Other Services." The owners listed under this license are Art Matrix, Inc. and Gisselle Platfoot.

47. At all times relevant to this Complaint, Vida Spa had no other business licenses except for the Clark County Business License No. 2003447.081-172.

48. Gisselle Platfoot, manager of Vida Spa, at all times relevant to this Complaint, did not hold a license to practice medicine or any healing art as a "provider of health care," as defined in NRS 629.031, from any occupational licensing board in the State of Nevada, and was not otherwise a practitioner as defined in NRS 639.0125.

49. Vida Spa is "a facility that provides health care, other than a medical facility". *See* NRS 449.442. At all times relevant to this Complaint, neither Respondent, Hankins, Vida Spa, nor Gisselle Platfoot held a permit pursuant to NRS 449.442 to perform general anesthesia, conscious sedation or deep sedation. Additionally, neither Respondent, Hankins, Vida Spa, nor Gisselle Platfoot held a current accreditation by a nationally recognized organization approved by the State Board of Nevada Bureau of Healthcare Quality and Compliance.

50. At all times relevant to this Complaint, Vida Spa was not a "medical facility," as defined in NRS 449.0151, and not "the office" of a physician or physician assistant licensed pursuant to NRS chapter 630 or 633, qualified dentist, advanced practice registered nurse or podiatric physician, as provided in NRS 454.217.

51. On March 24, 2021, the Pharmacy Board issued a Citation and Order to Cease and Desist (Platfoot Citation) to Vida Spa and Gisselle Platfoot, whereby the Pharmacy Board determined that Vida Spa and Gisselle Platfoot were possessing, administering, prescribing and/or dispensing controlled substances and/or dangerous drugs for Nevada patients from Vida Spa in violation of federal and state law. Specifically, the Platfoot Citation states that Vida Spa and Gisselle Platfoot did not have a dispensing registration and are therefore prohibited from possessing, dispensing and/or administering controlled substances and/or dangerous drugs. The Platfoot Citation finds that Vida Spa and Gisselle Platfoot violated, attempted to violate, assisted or abetted in the violation of or conspired to violate, without limitation, NRS 453.226, NRS 453.316, NRS 453.321(1)(a), NRS 453.331 (l)(c)(d)(t)&(i), NRS 453.381(1), NRS 453.40l(l)(a), NRS 639.0727, NRS 639.100(1), NRS 639.23505, NRS 639.281, NRS 639.2813, NRS 639.310, NAC 639.742, 21 U.S.C. § 822(a)(2), 21 U.S.C. § 823(f), 21 U.S.C. § 84l(a), 21 U.S.C. § 842(a), 21 U.S.C. § 846 and 21 CFR §§ 1306.03-1306.05. The Platfoot Citation orders Vida Spa and Gisselle Platfoot, pursuant to NRS 639.2895(1), to immediately cease and desist possessing, administering,

prescribing and/or dispensing controlled substances for Nevada patients, and also assessed an administrative fine of five thousand dollars ($5,000.00) pursuant to NRS 639.2895(3).

52. Respondent was the so-called "medical director" of Vida Spa, from on or about September 9, 2019, through on or about November 1, 2019.

53. During Respondent's service as "medical director" of Vida Spa, which was licensed only as a "cosmetology establishment," Hankins, Gisselle Platfoot, and Vida Spa's employees and agents provided medical treatment and/or prescriptions and/or administered dangerous drugs and hypodermic devices and/or dispensed dangerous drugs and hypodermic devices to at least seven (7) patients, as set forth below, which conduct by Hankins, Gisselle Platfoot and Vida Spa's employees and agents constitutes the practice of medicine in Nevada:

PATIENT A

54. Patient A[5] was a fifty-seven (57) year-old female at the time of the events at issue.

55. At all times relevant to Hankins's treatment of Patient A, Respondent was the so-called "medical director" of Vida Spa.[6]

56. On October 9, 2019, Hankins, who did not have her own DEA registration and controlled substance license issued by the Pharmacy Board, utilized the prescribing credentials of Respondent, to issue fraudulent prescriptions to Patient A for Tramadol (a Schedule IV Controlled Substance) 50 mg tablets, 24 ct. for 3 days, and Diazepam (a Schedule IV Controlled Substance) 10 mg tablets, 8 ct. for 3 days; these prescriptions were called-in to the pharmacy by Hankins, or by a Vida Spa employee or agent acting at Hankins's direction, and the prescriptions were filled the same day.

57. Hankins instructed Patient A to take Schedule IV controlled substances in a manner that materially deviated from the issued prescriptions; Hankins instructed Patient A to take Tramadol 50mg, 2 tablets, and Diazepam 10 mg, 1 tablet, at 2:00 p.m., on October 10, 2019, for the

purpose of conscious sedation for an invasive, surgical, liposuction procedure Hankins planned to perform on Patient A at Vida Spa at 3:00 p.m. that day.

58. Hankins wrote the prescriptions for these controlled substances and instructed Patient A to deviate from the issued prescription in order to conceal the purpose of the medications, which was conscious sedation, and thereby to conceal a violation by Vida Spa of NRS 449.442(1)-(2).

59. Respondent did not see or treat Patient A, did not direct or supervise Hankins in her treatment of Patient A, and did not specifically direct Hankins to issue prescriptions to Patient A.

60. On October 10, 2019, at Vida Spa, at approximately 3:00 p.m., Hankins performed a liposuction procedure on the arms of Patient A. Hankins administered tumescent anesthesia with Lidocaine and Epinephrine to Patient A, which Hankins obtained, without a patient-specific prescription or an order from a licensed practitioner for Patient A, from a general store of controlled substances and dangerous drugs obtained and maintained by Vida Spa in violation of federal and state law.

61. Hankins was not supervised by any licensed physician while performing this invasive surgical procedure on Patient A at Vida Spa.

PATIENT B

CEASE AND DESIST ORDER: UNLICENSED ACTIVITY: CASE NO. 22-080-N

Messrs. Tim Grohs & Chuck Grohs:

The Nevada State Board of Pharmacy ("Board") has determined that your facility located at 1320 Freeport Blvd. supplies oxygen tanks to various businesses in northern Nevada without a Wholesaler license required by Nevada Revised Statutes ("NRS") 639.100, NRS 639.500, and Nevada Administrative Code ("NAC") 639.6942. Board staff has determined that Airtec Gases, LLC has been operating at its 1320 Freeport Blvd. location without a Wholesaler license since 2018. Therefore, you are hereby ordered pursuant to NRS 639.2895(1) to CEASE and DESIST dispensing oxygen from your facility at 1320 Freeport Blvd. until such time as your facility has obtained the necessary Wholesaler license. If you have already obtained a Wholesalers license for your Freeport Blvd. location, please disregard this CEASE-and-DESIST ORDER.

Re: Response to Your Self-Query

This self-query response is released by the National Practitioner Data Bank (NPDB) for restricted use under the provisions of Title IV of Public Law 99-660, the Health Care Quality Improvement Act of 1986, as amended; Section 1921 of the Social Security Act; and Section 1128E of the Social Security Act.

Title IV established the NPDB as an information clearinghouse to collect and release certain information related to malpractice payment history and professional competence or conduct of physicians, dentists, and other licensed health care practitioners.

Section 1921 of the Social Security Act expanded the scope of the NPDB. Section 1921 was enacted to protect program beneficiaries from unfit health care practitioners, and to improve the anti-fraud provisions of federal and state health care programs. Section 1921 authorizes the NPDB to collect certain adverse actions taken by state licensing and certification authorities, peer review organizations, and private accreditation organizations, as well as final adverse actions taken by state law or fraud enforcement agencies (including, but not limited to, state law enforcement agencies, state Medicaid Fraud Control Units, and state agencies administering or supervising the administration of a state health care program), against health care practitioners, health care entities, providers and suppliers.

Section 1128E of the Social Security Act was added by Section 221(a) of Public Law 104-191, the Health Insurance Portability and Accountability Act of 1996. The statute established a national data collection program (formerly known as the Healthcare Integrity and Protection Data Bank) to combat fraud and abuse in health care delivery and to improve the quality of patient care. Section 1128E information is now collected and disclosed by the NPDB as a result of amendments made by Section 6403 of the Affordable Care Act of 2010, Public Law 111-148. Section 1128E information includes certain final adverse actions taken by federal agencies and health plans against health care practitioners, providers, and suppliers.

Regulations governing the NPDB are codified at 45 CFR part 60. Responsibility for operating the NPDB resides with the Secretary of the U.S. Department of Health and Human Services (HHS), and HRSA, Division of Practitioner Data Banks.

Reports from the NPDB contain limited summary information and should be used in conjunction with information from other sources in granting privileges, or in making employment, affiliation, contracting or licensure decisions. NPDB responses may contain more than one report on a particular incident, if two or more actions were taken as a result of a single incident (e.g., an exclusion from a federal or state health care program and an adverse licensure action). The NPDB is a flagging system, and a report may be included for a variety of reasons that do not necessarily reflect adversely on the professional competence or conduct of the subject named in the report.

The response received from a self-query belongs to the subject of the self-query. Subjects may share the information contained in their own self-query responses with whomever they choose.

If you require additional assistance, visit the NPDB web site (https://www.npdb.hrsa.gov) or contact the NPDB Customer Service Center at 1-800-767-6732 (TDD: 1-703-802-9395). Information Specialists are available to speak with you weekdays from 8:30 a.m. to 6:00 p.m. (5:30 p.m. on Fridays) Eastern Time. The NPDB Customer Service Center is closed on all Federal holidays.

Respondent.	/	

This matter came before the Nevada State Board of Pharmacy (Board) at its regularly scheduled meeting on Wednesday, September 5, 2018, in Reno, Nevada. Brett Kandt, Esq., appeared and prosecuted the case before the Board. Respondent Ivan Goldsmith, M.D. (Goldsmith), Certificate of Registration Nos. CS20816 and PD00413, appeared with counsel, E. Brent Bryson, Esq. The Board heard the case and, based on the evidence presented, the Board makes the following Findings of Fact, Conclusions of Law and Order.

FINDINGS OF FACT

The allegations against Goldsmith, as stated in the Accusation on file herein, and upon which the Board makes findings of fact, are as follows:

1. Goldsmith held both a Controlled Substance Registration, Certificate No. CS20816, and a Practitioner Dispensing Registration, Certificate No. PD00413, issued by the Board at the time of the events set forth herein.

2. On December 9, 2013, the Board granted Goldsmith an account for Internet access to the Nevada Prescription Monitoring Program (PMP) for purposes authorized under federal and state law.

3. Before receiving access, Goldsmith signed a Practitioner Certification Statement on December 6, 2013, stating that he understood and agreed under penalty of perjury that he was responsible for all patient information transmitted from his account, that he would treat PMP information as confidential, that he would protect any PMP information in his possession or

control in accordance with federal and state laws governing health care information, and that he would safeguard his password and not share his login credentials with any other person.

4. Stephen Paddock (Paddock) was the perpetrator of the October 1, 2017, Las Vegas mass shooting, and committed suicide immediately after the incident sometime before midnight.

5. On or about October 2, 2017, Goldsmith verified through his office electronic medical records system (EMR) that Paddock was never his patient.

6. From October 2, 2017 at 9:25 a.m. to October 3, 2017 at 2:20 p.m., Goldsmith's PMP account was used to query the PMP database five separate times using different search parameters for each query, to access Paddock's confidential patient information, and to obtain patient utilization reports detailing Paddock's prescription-controlled substance utilization history.

7. The fourth search, conducted on October 3, 2017 at 10:18 a.m., yielded specific prescription information regarding two prescriptions for Paddock filled at Evergreens Drugs in Henderson, Nevada in 2016, and at a Walgreens pharmacy in Reno, Nevada in 2017.

8. On October 3, 2017 at 9:00 p.m., the Las Vegas Review-Journal published an article written by reporter Paul Harasim. That article purported to include Paddock's confidential patient information, including information about the two prescriptions, which the reporter attributed to and obtained from the Nevada Prescription Monitoring Program (PMP).

9. The Las Vegas Review-Journal updated the article on October 4, 2017 at 10:00 a.m. to reference specific prescription data and prescriber information related to Paddock from June 7, 2016 and June 21, 2017.

10. Goldsmith's PMP account is the only possible source for the details in the Las Vegas Review Journal article that are attributed to the PMP, because only the fourth search from his PMP account corresponds to the dates and time frames specified in the article.

11. On or about November 8, 2017, Goldsmith, through his counsel, Jacob L. Hafter, Esq., filed an Amended Declaration with the Eighth Judicial District Court of Clark County Nevada in Case No. A-17-762877-W in which Goldsmith admits to directing his office staff to use his PMP account to query Paddock's confidential patient information and to obtain patient utilization reports on October 2, 2017, and again on October 3, 2017.

12. In his Amended Declaration, Goldsmith also admits to routinely allowing his staff to use his PMP account to query the PMP on his behalf.

13. Board staff incurred at least $8,574.60 in attorney's fees and $7,556.08 in recoverable costs from investigating and prosecuting this matter. The attorney's fees are reasonable based upon legal counsel's professional qualities, the nature of this administrative enforcement action, the work performed, and the result as evidenced by this Order.

CONCLUSIONS OF LAW

Based on the forgoing findings of fact, the Board concludes as a matter of law:

1. The Board has jurisdiction over this matter and this respondent, because at the time of the events herein, Goldsmith held both a Controlled Substance Registration, Certificate No. CS20816, and a Practitioner Dispensing Registration, Certificate No. PD00413, issued by the Board.

2. By accessing or directing his staff to access Paddock's confidential data in the PMP database when Paddock was deceased and never his patient and by obtaining Paddock's patient utilization report, Goldsmith performed his duties as the holder of a Nevada Controlled Substance Registration in an incompetent, unskillful or negligent manner and engaged in unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i). Goldsmith's Controlled Substance Registration, Certificate of Registration No. CS20816, and Practitioner Dispensing Registration, Certificate No. PD00413, are therefore subject to discipline pursuant to NRS 639.210(4) and NRS 639.255.

3. By accessing or directing his staff to access Paddock's confidential data in the

PMP database when Paddock was deceased and never his patient and by obtaining Paddock's patient utilization report, Goldsmith violated the HIPAA Privacy Rule. His Controlled Substance Registration, Certificate of Registration No. CS20816, and Practitioner Dispensing Registration, Certificate No. PD00413, are therefore subject to discipline pursuant to NRS 639.210(11) and NRS 639.255.

4. By accessing or directing his staff to access Paddock's confidential data in the PMP database when Paddock was deceased and never his patient and by obtaining Paddock's patient utilization report, Goldsmith violated, attempted to violate, assisted or abetted in the violation of or conspired to violate NRS 453.164(7) and/or the HIPAA Privacy Rule. His Controlled Substance Registration, Certificate of Registration No. CS20816, and Practitioner Dispensing Registration, Certificate No. PD00413, are therefore subject to discipline pursuant to NRS 639.210(12) and NRS 639.255.

5. By disclosing or allowing to be disclosed to the press—Las Vegas Review Journal and/or writer Paul Harasim—Paddock's confidential PMP data and patient utilization report, which were accessed only by Goldsmith's PMP account on October 2 and October 3, 2017, Goldsmith violated state and federal law, including the HIPAA Privacy Rule and NRS 639.164(7). His Controlled Substance Registration, Certificate of Registration No. CS20816, and Practitioner Dispensing Registration, Certificate No. PD00413, are therefore subject to discipline pursuant to NRS 639.210(4), (11) and (12) as well as NRS 639.255.

6. By accessing or directing his staff to access Paddock's confidential data in the PMP database when Paddock was deceased and never his patient and by obtaining Paddock's patient utilization report, Goldsmith committed an act that would render his Nevada Controlled Substance Registration inconsistent with the public interest pursuant to NRS 453.231, and is subject to discipline pursuant to NRS 453.236(1)(d) and NRS 453.241(1).

In the Matter of Charges and Complaint Against IVAN LEE GOLDSMITH, M.D., Respondent.	**Case No. 18-8756-1**

FILED

NEVADA STATE BOARD OF MEDICAL EXAMINERS
By:

COMPLAINT

The Investigative Committee[1] (IC) of the Nevada State Board of Medical Examiners (Board) hereby issues this formal Complaint (Complaint) against Ivan Lee Goldsmith, M.D. (Respondent), a physician licensed in Nevada. After investigating this matter, the IC has a reasonable basis to believe that Respondent has violated provisions of Nevada Revised Statutes (NRS) Chapter 630 and Nevada Administrative Code (NAC) Chapter 630 (collectively, the Medical Practice Act). The IC alleges the following facts:

A. Respondent's Violations of Nevada Prescribing Laws, and the Nevada State Board of Pharmacy's Disciplinary Action.

1. Respondent is a physician licensed to practice medicine in the State of Nevada (License No. 6116). He has been continuously licensed by the Board since August 25, 1990.

2. Respondent held both a Controlled Substance Registration, Certificate No. CS20816, and a Practitioner Dispensing Registration, Certificate No. PD00413, issued by the Nevada State Board of Pharmacy (Pharmacy Board) at the time of the events set forth herein in this Section A.

3. On Wednesday, September 5, 2018, in Reno, Nevada, the Pharmacy Board held a formal disciplinary hearing in Pharmacy Board Case No. 17-101-CS-S, pertaining to allegations by the Pharmacy Board against Respondent. Pursuant to the final disciplinary order of the

Pharmacy Board, dated September 13, 2018 (Pharmacy Board Order), the Pharmacy Board made formal findings of fact, *inter alia*, as follows:

a. On December 9, 2013, the Pharmacy Board granted Respondent an account for Internet access to the Nevada Prescription Monitoring Program (PMP) for purposes authorized under federal and state law.

b. Before receiving access, Respondent signed a Practitioner Certification Statement on December 6, 2013, stating that he understood and agreed under penalty of perjury that he was responsible for all patient information transmitted from his account, that he would treat PMP information as confidential, that he would protect any PMP information in his possession or control in accordance with federal and state laws governing health care information, and that he would safeguard his password and not share his login credentials with any other person.

c. Stephen Paddock (Paddock) was the perpetrator of the October 1, 2017, Las Vegas mass shooting, and committed suicide immediately after the incident, sometime before midnight.

d. On or about October 2, 2017, Respondent verified through his office electronic medical records system (EMR) that Paddock was never his patient.

e. From October 2, 2017, at 9:25 a.m., to October 3, 2017, at 2:20 p.m., Respondent's PMP account was used to query the PMP database five separate times using different search parameters for each query, to access Paddock's confidential patient information, and to obtain patient utilization reports detailing Paddock's prescription-controlled substance utilization history.

f. The fourth search, conducted on October 3, 2017, at 10:18 a.m., yielded specific prescription information regarding two prescriptions for Paddock filled at Evergreen Drugs in Henderson, Nevada in 2016, and at a Walgreens pharmacy in Reno, Nevada, in 2017.

g. On October 3, 2017 at 9:00 p.m., the Las Vegas Review-Journal published an article written by reporter Paul Harasim. That article purported to include

9600 Gateway Drive
Reno, Nevada 89521
(775) 688-2559

Paddock's confidential patient information, including information about the two prescriptions, which the reporter attributed to and obtained from the PMP.

h. The Las Vegas Review-Journal updated the article on October 4, 2017, at 10:00 a.m., to reference specific prescription data and prescriber information related to Paddock from June 7, 2016, and June 21, 2017.

i. Respondent's PMP account is the only possible source for the details in the Las Vegas Review-Journal article that are attributed to the PMP, because only the fourth search from his PMP account corresponds to the dates and time frames specified in the article.

j. On or about November 8, 2017, Respondent, through his counsel, Jacob L. Hafter, Esq., filed an Amended Declaration with the Eighth Judicial District Court of Clark County, Nevada, in Case No. A-17-762877-W, in which Respondent admits to directing his office staff to use his PMP account to query Paddock's confidential patient information and to obtain patient utilization reports on October 2, 2017, and again on October 3, 2017.

k. In his Amended Declaration, Respondent also admits to routinely allowing his staff to use his PMP account to query the PMP on his behalf.

4. Pursuant to the Pharmacy Board Order, the Pharmacy Board made conclusions of law, *inter alia*, as follows:

a. By accessing or directing his staff to access Paddock's confidential data in the PMP database, when Paddock was deceased and never his patient, and by obtaining Paddock's patient utilization report, Respondent performed his duties as the holder of a Nevada Controlled Substance Registration in an incompetent, unskillful or negligent manner and engaged in unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(l)(i). Respondent's Controlled Substance Registration, Certificate of Registration No. CS20816, and Practitioner Dispensing Registration, Certificate No. PD00413, are therefore subject to discipline pursuant to NRS 639.210(4) and NRS 639.255.

b. By accessing or directing his staff to access Paddock's confidential data in the PMP database, when Paddock was deceased and never his patient, and by obtaining Paddock's patient utilization report, Respondent violated the HIPAA Privacy Rule. His Controlled Substance Registration, Certificate of Registration No. CS20816, and Practitioner Dispensing Registration, Certificate No. PD00413, are therefore subject to discipline pursuant to NRS 639.210(11) and NRS 639.255.

c. By accessing or directing his staff to access Paddock's confidential data in the PMP database, when Paddock was deceased and never his patient, and by obtaining Paddock's patient utilization report, Respondent violated, attempted to violate, assisted or abetted in the violation of, or conspired to violate NRS 453.164(7) and/or the HIPAA Privacy Rule. His Controlled Substance Registration, Certificate of Registration No. CS20816, and Practitioner Dispensing Registration, Certificate No. PD00413, are therefore subject to discipline pursuant to NRS 639.210(12) and NRS 639.255.

d. By disclosing, or allowing to be disclosed, to the Las Vegas Review-Journal and/or writer Paul Harasim Paddock's confidential PMP data and patient utilization report, which were accessed only by Respondent's PMP account on October 2 and October 3, 2017, Respondent violated state and federal law, including the HIPAA Privacy Rule and NRS 639.164(7). His Controlled Substance Registration, Certificate of Registration No. CS20816, and Practitioner Dispensing Registration, Certificate No. PD00413, are therefore subject to discipline pursuant to NRS 639.210(4), (11) and (12) as well as NRS 639.255.

e. By accessing or directing his staff to access Paddock's confidential data in the PMP database, when Paddock was deceased and never his patient, and by obtaining Paddock's patient utilization report, Respondent committed an act that would render his Nevada Controlled Substance Registration inconsistent with the public interest pursuant to NRS 453.231, and is subject to discipline pursuant to NRS 453.236(l)(d) and NRS 453.241(1).

CS20816 and PD00413, be revoked, with the revocation stayed, and Respondent's Certificates of Registration Nos. CS20816 and PD00413 were placed on probation for one (1) year subject to the following conditions. Respondent shall:

a. Implement and provide to Board Staff internal controls and procedures within thirty (30) days of the effective date of this Order to ensure that his staff does not use his PMP account to query the PMP on his behalf except as authorized by law;

b. Pay a fine of Two Thousand Dollars ($2,000.00) for each of the five (5) violations of law, for a total of Ten Thousand Dollars ($10,000.00). Payment shall be made by cashier's check, certified check or money order made payable to the "Nevada State Board of Pharmacy" to be received by the Board's Reno office located at 431 W. Respondent further understands and agrees that if the Board approves this Agreement, then the terms and conditions enumerated below shall be binding and enforceable upon him and the Board.

B. Terms & Conditions

NOW, THEREFORE, in order to resolve the matters addressed herein, i.e., the matters with regard to the Complaint, Respondent and the IC hereby agree to the following terms and conditions:

1. **Jurisdiction**. Respondent is, and at all times relevant to the Complaint has been, a physician licensed to practice medicine in Nevada subject to the jurisdiction of the Board as set forth in the Medical Practice Act.

2. **Representation by Counsel/Knowing, Willing and Intelligent Agreement**. Respondent acknowledges he is represented by counsel, and wishes to resolve the matters addressed herein with said counsel. Respondent agrees that if representation by counsel in this matter materially changes prior to entering into this Agreement and for the duration of this Agreement, that counsel for the IC will be timely notified of the material change. Respondent agrees that he knowingly, willingly and intelligently enters into this Agreement after deciding to have a full consultation with and upon the advice of legal counsel.

In connection with this Agreement, and the associated terms and conditions, Respondent knowingly, willingly and intelligently waives all rights in connection with this administrative matter. Respondent hereby knowingly, willingly and intelligently waives all rights arising under the United States Constitution, the Nevada Constitution, the Medical Practice Act, the OML, the APA, and any other legal rights that may be available to him or that may apply to him in connection with the administrative proceedings resulting from the Complaint filed in this matter, including defense of the Complaint, adjudication of the allegations set forth in

the Complaint, and imposition of any disciplinary actions or sanctions ordered by the Board. Respondent agrees to settle and resolve the allegations of the Complaint as set out by this Agreement, without a hearing or any further proceedings and without the right to judicial review.

4. **Acknowledgement of Reasonable Basis to Proceed**. Respondent acknowledges that the IC believes it has a reasonable basis to allege that Respondent engaged in conduct that is grounds for discipline pursuant to the Medical Practice Act. The Board acknowledges Respondent is not admitting that the Board's claims/counts as alleged in the Complaint have merit and Respondent is agreeing to resolve this matter to avoid the costs of hearing and potential subsequent litigation. Respondent asserts if this matter were to proceed to hearing, he has evidence, witnesses, expert witness(es) and defenses to the counts/claims alleged in the Complaint, but for the purposes of resolving the matter and for no other purpose, Respondent waives the presentation of evidence, witnesses, expert witnesses, and defenses in order to effectuate this Agreement.

5. **Consent to Entry of Order**. In order to resolve this Complaint pending against Respondent, Respondent hereby agrees that the Board may issue an order finding that Respondent engaged in conduct that is grounds for discipline pursuant to the Medical Practice Act. Accordingly, the following terms and conditions are hereby agreed upon:

A. While not admitting that the Board's allegations as alleged in Count I have merit, Respondent acknowledges that Nevada State Board of Pharmacy (Pharmacy Board) has entered a final order so finding, and based solely thereon, admits to Count I.

B. Respondent admits to Counts V, VI and X.

C. Respondent's license to practice medicine in the state of Nevada shall be placed on probation, and his license placed on "Inactive" status immediately upon signing this Agreement until successful completion of the terms set forth in Paragraph D immediately following.

D. Respondent's license shall be subject to a term of probation for a period of time not to exceed twenty-four (24) months from the date of the Board's acceptance, adoption and approval of this Agreement (Probationary Period). Respondent must complete the following terms and conditions within the Probationary Period and demonstrate compliance to the good faith

The following terms and conditions shall apply during Respondent's probationary period:

(1) Respondent shall complete the University of San Diego, Physician Assessment and Competency Evaluation Program (PACE), Competency Assessment, and, if recommended by PACE, the Fitness For Duty (FFD) evaluation, and pass all of the above to the satisfaction of the Board;

(2) Respondent will pay the costs and expenses incurred in the investigation and prosecution of the above-referenced matter within sixty (60) days of the Board's acceptance, adoption and approval of this Agreement, the current amount being $7,168.05, not including any costs that may be necessary to finalize this Agreement.

(3) Respondent shall take twenty-two (22) hours of continuing medical education (CME) related to best practices in the prescribing of controlled substances within three (3) months from the date of the Board's acceptance, adoption and approval of this Agreement. The aforementioned hours of CME shall be in addition to any CME requirements that are regularly imposed upon Respondent as a condition of licensure in the state of Nevada and shall be approved by the Board to meet this requirement prior to their completion.

(4) Respondent shall pay a fine of $1,000 per count admitted to hereby, consisting of four (4) counts, for a total of $4,000, within one hundred eighty (180) days of the Board's acceptance, adoption and approval of this Agreement.

(5) During the probationary period, Respondent shall successfully complete all requirements and comply with all orders, past or future, of the Pharmacy Board,

specifically including but limited to, the Pharmacy Board's Order issued on September 13, 2018, in its Case Numbered 17-101-CS-S, unless said Order is reversed or modified on Judicial Review, in which case, Respondent shall comply with any subsequent order, if any.

(6) During the probationary period, Respondent shall comply with all terms and conditions of any criminal sanctions incurred before or during the period of this agreement, if any, including probation or parole.

(7) During the probationary period, Respondent shall not supervise any Physician Assistant, or collaborate with any Advanced Practice Registered Nurse.

(8) Within twenty-four (24) months, or before Respondent resumes the practice of medicine in Nevada during this probationary period, whichever is first, Respondent shall appear before the Board at a public meeting and demonstrate compliance with all the terms and conditions of this Agreement, at which time, Respondent may complete an application for a change of status to "Active," and petition the Board to allow him to resume the practice of medicine. Provided that Respondent has fulfilled all the aforementioned terms and conditions as set for in this subsection D, committed no new violations of the Medical Practice Act from the date of this Agreement, and there exist at the time of his application no pending formal complaints or disciplinary actions against Respondent, and Respondent otherwise fulfills the requirements set forth in NRS 630.255, in such case, his application to return to active status shall be granted in good faith.

E. This Agreement shall be reported to the appropriate entities and parties as required by law, including, but not limited to, the National Practitioner Data Bank.

F. Respondent shall receive a Public Letter of Reprimand.

G. The other counts of the Complaint, and any other claims arising from Board Investigation Nos. 16-16726 and 18-18143, shall be dismissed with prejudice.

6. **Release From Liability**. In execution of this Agreement, Respondent understands and agrees that the State of Nevada, the Board, and each of its members, staff, counsel,

investigators, experts, peer reviewers, committees, panels, hearing officers, consultants and agents are immune from civil liability for any decision or action taken in good faith in response to information acquired by the Board. NRS 630.364(2)(a). Respondent agrees to release the State of Nevada, the Board, and each of its members, staff, counsel, investigators, experts, peer reviewers, committees, panels, hearing officers, consultants and agents from any and all manner of actions, causes of action, suits, debts, judgments, executions, claims and demands whatsoever, known and unknown, in law or equity, that Respondent ever had, now has, may have or claim to have, against any or all of the persons, government agencies or entities named in this paragraph arising out of, or by reason of, this investigation, this Agreement or the administration of the case referenced herein.

7. **Procedure for Adoption of Agreement**. The IC and counsel for the IC shall recommend approval and adoption of the terms and conditions of this Agreement by the Board in resolution of this Complaint. In the course of seeking Board acceptance, approval and adoption of this Agreement, counsel for the IC may communicate directly with the Board staff and the adjudicating members of the Board.

Respondent acknowledges that such contacts and communications may be made or conducted ex parte, without notice or opportunity to be heard on his part until the public Board meeting where this Agreement is discussed, and that such contacts and communications may include, but may not be limited to, matters concerning this Agreement, the Complaint and any and all information of every nature whatsoever related to this matter. The IC and its counsel agree that Respondent may appear at the Board meeting where this Agreement is discussed and, if requested, respond to any questions that may be addressed to the IC or the IC's counsel.

8. **Effect of Acceptance of Agreement by Board**. In the event the Board accepts, approves and adopts this Agreement, the Board shall issue a final order, making this Agreement an order of the Board, and, pending full compliance with the terms herein, the case shall be closed and the remaining counts of the Complaint shall be dismissed with prejudice.

9. **Effect of Rejection of Agreement by Board**. In the event the Board does not accept, approve and adopt this Agreement, this Agreement shall be null, void and of no force and

10. Binding Effect. If approved by the Board, Respondent understands that this Agreement is a binding and enforceable contract upon Respondent and the Board.

11. Forum Selection Clause. The parties agree that in the event either party is required to seek enforcement of this Agreement in district court, the parties consent to such jurisdiction and agree that exclusive jurisdiction shall be in the Second Judicial District Court, State of Nevada, Washoe County.

12. Attorneys' Fees and Costs. The parties agree that in the event an action is commenced in district court to enforce any provision of this Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees and costs.

13. Failure to Comply with Terms. Should Respondent fail to comply with any term or condition of this Agreement once the Agreement has been accepted, approved and adopted by the Board, the IC shall be authorized to immediately suspend Respondent's license to practice medicine in Nevada pending an Order To Show Cause Hearing on immediate revocation of his license, which will be duly noticed. Failure to comply with the terms of this Agreement, including failure to pay any fines, costs, expenses or fees owed to the Board, is a failure to comply with an order of the Board, which may result in additional disciplinary action being taken against Respondent. Ivan Lee Goldsmith, M.D., License No. 6116 (Licensee), through his counsel of record, John Hunt, Esq., of Clark Hill PLC, appeared via a Zoom audio meeting before the Nevada State Board of Medical Examiners (Board) at its regularly scheduled meeting on June 5, 2020, requesting a determination that he has satisfied the terms and conditions set forth in Section 5(D) of that Settlement Agreement entered into between Licensee and the Investigative Committee of the Board, and made an Order of the Board on November 30, 2018. Licensee also requested that the Board consider placing additional conditions on his license, as it deemed appropriate. After considering Licensee's request, and based on an accord reached with Licensee at the meeting, and good cause appearing, the Board enters the following Order:

IT IS HEREBY ORDERED that:

(1) The Board finds that Licensee has satisfied the terms and conditions of his probation as set forth in Section 5(D) of the Settlement Agreement; pursuant to the Settlement Agreement, he remains on probation until December 2, 2020. Accordingly, with all such terms and conditions satisfied, Dr. Goldsmith may file a Physician Application for Status Change to Active. Once that application is completed and the regular conditions for that application are met, Dr. Goldsmith may obtain an active license and may return to practice, with the following conditions, which follow the

recommendations of certain experts consulted in evaluating Dr. Goldsmith's readiness for practice. Those conditions are:

(a) Dr. Goldsmith shall complete 40 additional hours of continuing medical education (CME) related to proper medical recordkeeping and clinical decision-making, all to the satisfaction of the Board, within 6 months. This requirement shall be in addition to the regular CMEs required for licensure.

(b) Dr. Goldsmith shall receive individual therapy at least once every two weeks, to continue to address ongoing stressors as he reenters practice, to help him continue to develop coping skills and address other previously identified issues.

(c) Dr. Goldsmith shall submit to the Board for the next year, quarterly reports apprising the Board of:

i. his personal and professional activities and practice plans; and

ii. his progress toward addressing the issues described in his evaluations.

(d) In one year, Dr. Goldsmith shall undergo a follow-up neuro-psychological evaluation, and may see the same practitioner as he saw before, to assess his progress, with a practitioner report submitted to the Board.

(e) Upon compliance with the foregoing, after one year, Dr. Goldsmith will appear before the Board, at which time the Board will consider lifting these remaining conditions.

Re: Christina Chalikias' Petition of Early Termination of Probation, Case No. AC 6371

Dear California State Board of Pharmacy,

Pursuant to Section 4309 of the California Business and Professions Code, I, Christina Chalikias, Pharmacist License RPH 68840, hereby petitions the California State Board of Pharmacy (BoP) for the early termination of Christina Chalikias' BOP imposed probation, which commenced on Sep 26th, 2019, pursuant to a Stipulated Settlement and Disciplinary Order between myself and the BoP in Case Number AC 6371. Petition for Early Termination of Probation, BoP Form 17R-3, is attached to this letter as Exhibit A. In this letter, I provide information responsive to questions 6 through 13 of the BoP Form 17R-3, as well as provide further justification and evidence in support for the BoP granting my Petition for Early Termination of Probation.

SUMMARY

I, Christina Chalikias, was placed on probation on September 26th, 2019, based on events and issues arose in 2017. After receiving my accusation in the mail and fully understanding what the accusation was about, I quit my position as principal pharmacist in October 2018. After 15 months of unemployment, I started working as a clinical pharmacist at Complete Infusion Care in February 2020. Since September 2021 I am also working at MedRx Infusion Pharmacy as a clinical pharmacist. During the last 2 years while on probation and even before probation commenced, I have striven to improve every aspect of my performance as a pharmacist with the optimum goal of providing the best healthcare to my patients. In striving to obtain these goals, I attended a PBI Pharmacy Ethics and Professionalism program in October 2020, as well as successfully completing a 6-months and 12-months follow-up evaluation with Professional Boundaries, Inc. On 08/24/2021, I received my certification of completion of the ethics program, which is attached as Exhibit B. I also completed 10 hours of remedial education related to sterile compounding and the role of PIC each year of probation. Those hours were completed in addition to my continuing education classes requested for license renewal.

The cost of investigation and prosecution for my accusation was $1352.00. I am attaching receipt of payment in full from the Board of Pharmacy, dated October 29th, 2020 as Exhibit C to this petition.

Questions to be answered according to "Petition For Early Termination of Probation"

6. List the date of disciplinary action taken against your license and explain fully the cause of the disciplinary action.

On September 2nd, 2018 the Board of Pharmacy issued an Accusation against Fusion IV Pharmaceuticals Inc. (Pharmacy Permit No. PHY 53726, License Sterile Compounding No. LSC 100855), Navid Vahedi (Pharmacist License No. RPh 59537) and myself, Christina Chalikias (Pharmacist License No. RPh 68840). The accusation contained twelve causes for discipline, I was named in the last six, which pertained to imitation of another drug, failure to have a master formula, failure to support BUD assigned and failure to have complete compounding records. I was the Pharmacist-in-Charge when a commercially available drug, Ziconitide Acetonide 100mcg/mL, had been compounded at Fusion IV. The drug was not on the FDA shortage list, therefore should have not been compounded. The owner, Navid Vahedi, had provided signed affidavits from the ordering physicians that their attempt to order the drug from the manufacturer has failed. Since the drug was not officially on the FDA shortage list, the compounding was an imitation of a commercially available drug.
Furthermore, the BUD declared in the master formula of Ziconitide 100mcg/mL was not matching the BUD on the compounding logs.
In March 2019 the Board of Pharmacy and myself agreed in principle to a stipulated settlement, and my license was put on probation effective September 26th, 2019. A copy of the Board's Decision and Order, Stipulated Settlement and Disciplinary Order and Accusation are attached hereto as Exhibit D.

7. Explain fully why you feel your license should be restored, or the disciplinary penalty reduced.

After receiving and fully understanding the accusation sent by the Board of Pharmacy and learning about the Board's denial of FUSION IV's attempt to receive 503B license, I decided to quit my position as principal pharmacis and to leave FUSION IV. There was no other option than leaving the company although I didn't have another job. Navid Vahedi had sponsored my work visa and I was depending on him in order to work. Knowing about the wrong-doing and the license issues, there was no other option. I was in shock, had I never intended to do anything against the law. I had a lot of time to think about what had happened and especially during the ethics course, things became very clear to me. A lot of different factors had an influence on my wrong-doing.
Co-dependence has played a significant part. Navid Vahedi sponsored my work visa and I wasn't able to work for any other employer within the U.S. at the time. Fortunately, I am now holding a green card and am independent. I am actively observing myself to assure independent judgment in my daily work life without co-dependence. I always wanted to please people, especially my employer but am now making compliance to pharmacy law and patient safety a priority. Avoiding dual relationship and saying "no" / speaking up to physicians as well as to employers has been a process for me to be learned. I have learned to analyze my professional acting and judgment, so that I now am able to recognize when boundaries are about to be crossed and how to protect myself from working

unethically. I watch out for warning signs and intervene right away. From a compliance point of view I am documenting my work in more detail, e.g. when I am consulting with a physician or a patient, I make detailed notes on what has been said. I triple-check my work, keep boundaries with patients and say "no" when appropriate.
The medical ethic course has been very helpful. Both days have deepened and strengthened my knowledge in compliance and laws. I was also able to gain plenty of new knowledge about the various laws and regulations applicable to the duties and responsibilities of a pharmacist. The Protection Plan at the end of the 2-days class was motivational and helped to structure professional and personal life moving forward.
Personally I think being trustworthy and putting the patient's needs/health as first priority is one of the most important ethical codes. As a pharmacist you are responsible for the patient's well being. I need to make sure he/she is getting the most appropriate and save medication therapy. I must be honest at all times, communicate with all involved parties of medication therapy and build a relationship with the patient in which he/she can trust me.
It is crucial that I take responsibility for what I have done. If you don't think it is your fault, you will never be able to regret and repair. Regret is the process of knowing you did something wrong and you are regretting that you did what you did. Taking responsibility and regretting my violation will give me the chance to repair. It takes a lot of time to reflect and pursue changes but this process is the only way to seek forgiveness.
I have learned that it is important to realize my own risk factors in order to learn from the violation I have committed and avoid any violations from happening again in the future. I have definitely analyzed my personality and personal life in detail to find out what had triggered me to violate my ethical codes. This was a huge help in moving forward and in avoiding this from happening again.

8. Describe fully your activities and occupation since the date of the disciplinary action, include dates, employers, and locations.

I started working as a Clinical Pharmacist at Complete Infusion Care, a home infusion pharmacy, in February 2020. The pharmacy is located at 2310 S Sepulveda Blvd, Los Angeles, CA 90064. My employers are Nicki Naghme Saedi, PIC (License Number: 49051) and Ali Pourmola (License Number 48035).

9. Describe any rehabilitative or corrective measures you have taken since your license was disciplined to support your petition. List dates, nature of programs, and current status. You may include any community service or volunteer work.

When I started working at Complete Infusion Care, I initially volunteered working as a clinical pharmacist. They were looking for a pharmacist-in-charge and since I was not able to fill that position, I offered to come in as a volunteer. I was eager to get back to my profession. I love my work and providing service to patients in need, has always been a major part in my life. After my license was put on probation, it was very difficult to find an employer who was willing to give me a second chance. I had volunteered in the past at the Venice Family Clinic, a non-profit organization for homeless and low income people and knew how important it was to give back to the community and people in need.
When the COVID-19 pandemic hit the world in March 2020, I volunteered right away to obtain my immunization certificate. I have had this strong intention of being a part in helping to end this pandemic. Giving COVID-19 vaccines to the public and saving people from death. This meant a lot to me.

DISCIPLINARY ORDER

IT IS HEREBY ORDERED that Pharmacist License No. RPH 68840 issued to Respondent Christina Chalikias is revoked. However, the revocation is stayed and Respondent is placed on probation for three (3) years on the following terms and conditions.

1. **Obey All Laws**

Respondent shall obey all state and federal laws and regulations.

Respondent shall report any of the following occurrences to the board, in writing, within seventy- two (72) hours of such occurrence:

- an arrest or issuance of a criminal complaint for violation of any provision of the Pharmacy Law, state and federal food and drug laws, or state and federal controlled substances laws

Failure to timely report such occurrence shall be considered a violation of probation.

2. **Report to the Board**

Respondent shall report to the board quarterly, on a schedule as directed by the board or its designee. The report shall be made either in person or in writing, as directed. Among other requirements, respondent shall state in each report under penalty of perjury whether there has been compliance with all the terms and conditions of probation.

Failure to submit timely reports in a form as directed shall be considered a violation of probation. Any period(s) of delinquency in submission of reports as directed may be added to the total period of probation. Moreover, if the final probation report is not made as directed, probation shall be automatically extended until such time as the final report is made and accepted by the board.

3. **Interview with the Board**

Upon receipt of reasonable prior notice, respondent shall appear in person for interviews with the board or its designee, at such intervals and locations as are determined by the board or its designee. Failure to appear for any scheduled interview without prior notification to board staff, or failure to appear for two (2) or more scheduled interviews with the board or its designee during the period of probation, shall be considered a violation of probation.

4. **Cooperate with Board Staff**

Respondent shall timely cooperate with the board's inspection program and with the board's monitoring and investigation of respondent's compliance with the terms and conditions of her probation, including but not limited to: timely responses to requests for information by board staff; timely compliance with directives from board staff regarding requirements of any term or condition of probation; and timely completion of documentation pertaining to a term or condition of probation. Failure to timely cooperate shall be considered a violation of probation.

5. **Continuing Education**

Respondent shall provide evidence of efforts to maintain skill and knowledge as a pharmacist as directed by the board or its designee.

6. **Reporting of Employment and Notice to Employers**

During the period of probation, respondent shall notify all present and prospective employers of the decision in case number 6371 and the terms, conditions and restrictions imposed on respondent by the decision, as follows:

Within thirty (30) days of the effective date of this decision, and within ten (10) days of undertaking any new employment, respondent shall report to the board in writing the name, physical address, and mailing address of each of her employer(s), and the name(s) and telephone number(s) of all of her direct supervisor(s), as well as any pharmacist(s)-in- charge, designated representative(s)-in-charge, responsible manager, or other compliance supervisor(s) and the work schedule, if known. Respondent shall also include the reason(s) for leaving the prior employment. Respondent shall sign and return to the board a written consent authorizing the board or its designee to communicate with all of respondent's employer(s) and supervisor(s), and authorizing those employer(s) or supervisor(s) to communicate with the board or its designee, concerning respondent's work status, performance, and monitoring. Failure to comply with the requirements or deadlines of this condition shall be considered a violation of probation.

Within thirty (30) days of the effective date of this decision, and within fifteen (15) days of respondent undertaking any new employment, respondent shall cause (a) her direct supervisor, (b) her pharmacist-in-charge, designated representative-in-charge, responsible manager, or other compliance supervisor, and (c) the owner or owner representative of her employer, to report to the board in writing acknowledging that the listed individual(s) has/have read the decision in case number 6371, and terms and conditions imposed thereby. If one person serves in more than one role described in (a), (b), or (c), the acknowledgment shall so state. It shall be the respondent's responsibility to ensure that these acknowledgment(s) are timely submitted to the board. In the event of a change in the person(s) serving the role(s) described in (a), (b), or (c) during the term of probation, respondent shall cause the person(s) taking over the role(s) to report to the board in writing within fifteen (15) days of the change acknowledging that he or she has read the decision in case number 6371, and the terms and conditions imposed thereby.

If respondent works for or is employed by or through an employment service, respondent must notify the person(s) described in (a), (b), and (c) above at every entity licensed by the board of the decision in case number 6371, and the terms and conditions imposed thereby in advance of respondent commencing work at such licensed entity. A record of this notification must be provided to the board upon request.

Furthermore, within thirty (30) days of the effective date of this decision, and within fifteen (15) days of respondent undertaking any new employment by or through an employment service, respondent shall cause the person(s) described in (a), (b), and (c) above at the employment service to report to the board in writing acknowledging that he or she has read the decision in case number, and the terms and conditions imposed thereby. It shall be respondent's responsibility to ensure that these acknowledgment(s) are timely submitted to the board.

Failure to timely notify present or prospective employer(s) or failure to cause the identified person(s) with that/those employer(s) to submit timely written acknowledgments to the board shall be considered a violation of probation.

"Employment" within the meaning of this provision includes any full-time, part-time, temporary, relief, or employment/management service position as a pharmacist, or any position for which a pharmacist is a requirement or criterion for employment, whether the respondent is an employee, independent contractor or volunteer.

7. **Notification of Change(s) in Name, Address(es), or Phone Number(s)**

Respondent shall further notify the board in writing within ten (10) days of any change in name, residence address, mailing address, e-mail address or phone number.

Failure to timely notify the board of any change in employer, name, address, or phone number shall be considered a violation of probation.

8. **Restrictions on Supervision and Oversight of Licensed Facilities**

During the period of probation, respondent shall not supervise any intern pharmacist, be the pharmacist-in-charge, designated representative-in-charge, responsible manager or other compliance supervisor of any entity licensed by the board, nor serve as a consultant. Assumption of any such unauthorized supervision responsibilities shall be considered a violation of probation.

9. **Reimbursement of Board Costs**

As a condition precedent to successful completion of probation, respondent shall pay to the board its costs of investigation and prosecution in the amount of $1,352.00. Respondent shall make said payments as follows:

Respondent shall be permitted to pay these costs in a payment plan approved by the board or its designee, so long as full payment is completed no later than one (1) year prior to the end date of probation.

10. **Probation Monitoring Costs**

Respondent shall pay any costs associated with probation monitoring as determined by the board each and every year of probation. Such costs shall be payable to the board on a schedule as directed by the board or its designee. Failure to pay such costs by the deadline(s) as directed shall be considered a violation of probation.

11. **Status of License**

Respondent shall, at all times while on probation, maintain an active, current Pharmacist License with the board, including any period during which suspension or probation is tolled. Failure to maintain an active, current Pharmacist License shall be considered a violation of probation.

If respondent's Pharmacist License expires or is cancelled by operation of law or otherwise at any time during the period of probation, including any extensions thereof due to tolling or otherwise, upon renewal or reapplication respondent's license shall be subject to all terms and conditions of this probation not previously satisfied.

12. **License Surrender While on Probation/Suspension**

Following the effective date of this decision, should respondent cease practice due to retirement or health, or be otherwise unable to satisfy the terms and conditions of probation, respondent may relinquish her license, including any indicia of licensure issued by the board, along with a request to surrender the license. The board or its designee shall have the discretion whether to accept the surrender or take any other action it deems appropriate and reasonable. Upon formal acceptance of the surrender of the license, respondent will no longer be subject to

the terms and conditions of probation. This surrender constitutes a record of discipline and shall become a part of the respondent's license history with the board.

Upon acceptance of the surrender, respondent shall relinquish her pocket and/or wall license, including any indicia of licensure not previously provided to the board within ten (10) days of notification by the board that the surrender is accepted if not already provided. Respondent may not reapply for any license from the board for three (3) years from the effective date of the surrender. Respondent shall meet all requirements applicable to the license sought as of the date the application for that license is submitted to the board, including any outstanding costs.

13. **Practice Requirement – Extension of Probation**

Except during periods of suspension, respondent shall, at all times while on probation, be employed as a pharmacist in California for a minimum of sixty (60) hours per calendar month. Any month during which this minimum is not met shall extend the period of probation by one month. During any such period of insufficient employment, respondent must nonetheless comply with all terms and conditions of probation, unless respondent receives a waiver in writing from the board or its designee.

If respondent does not practice as a pharmacist in California for the minimum number of hours in any calendar month, for any reason (including vacation), respondent shall notify the board in writing within ten (10) days of the conclusion of that calendar month. This notification shall include at least: the date(s), location(s), and hours of last practice; the reason(s) for the interruption or reduction in practice; and the anticipated date(s) on which respondent will resume practice at the required level. Respondent shall further notify the board in writing within ten (10) days following the next calendar month during which respondent practices as a pharmacist in California for the minimum of hours. Any failure to timely provide such notification(s) shall be considered a violation of probation.

It is a violation of probation for respondent's probation to be extended pursuant to the provisions of this condition for a total period, counting consecutive and non-consecutive months,

exceeding thirty-six (36) months. The board or its designee may post a notice of the extended probation period on its website.

14. **Violation of Probation**

If respondent has not complied with any term or condition of probation, the board shall have continuing jurisdiction over respondent, and the board shall provide notice to respondent that probation shall automatically be extended, until all terms and conditions have been satisfied or the board has taken other action as deemed appropriate to treat the failure to comply as a violation of probation, to terminate probation, and to impose the penalty that was stayed. The board or its designee may post a notice of the extended probation period on its website.

If respondent violates probation in any respect, the board, after giving respondent notice and an opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. If a petition to revoke probation or an accusation is filed against respondent during probation, or the preparation of an accusation or petition to revoke probation is requested from the Office of the Attorney General, the board shall have continuing jurisdiction and the period of probation shall be automatically extended until the petition to revoke probation or accusation is heard and decided.

15. **Completion of Probation**

Upon written notice by the board or its designee indicating successful completion of probation, respondent's license will be fully restored.

16. **Remedial Education**

Within sixty (60) days of the effective date of this decision, respondent shall submit to the board or its designee, for prior approval, an appropriate program of remedial education related to sterile compounding, and the role of a Pharmacist In Charge (PIC). At least 50% of those hours must be in-person training. The program of remedial education shall consist of at least ten (10) hours, which shall be completed each year of probation at respondent's own expense. All remedial education shall be in addition to, and shall not be credited toward, continuing education (CE) courses used for license renewal purposes for pharmacists.

Failure to timely submit for approval or complete the approved remedial education shall be considered a violation of probation. The period of probation will be automatically extended until such remedial education is successfully completed and written proof, in a form acceptable to the board, is provided to the board or its designee.

Following the completion of each course, the board or its designee may require the respondent, at her own expense, to take an approved examination to test the respondent's knowledge of the course. If the respondent does not achieve a passing score on the examination that course shall not count towards satisfaction of this term. Respondent shall take another course approved by the board in the same subject area.

17. **Ethics Course**

Within sixty (60) calendar days of the effective date of this decision, respondent shall enroll in a course in ethics, at respondent's expense, approved in advance by the board or its designee that complies with Title 16 California Code of Regulations section 1773.5. Respondent shall provide proof of enrollment upon request. Within five (5) days of completion, respondent shall submit a copy of the certificate of completion to the board or its designee. Failure to timely enroll in an approved ethics course, to initiate the course during the first year of probation, to successfully complete it before the end of the second year of probation, or to timely submit proof of completion to the board or its designee, shall be considered a violation of probation.

18. **No Ownership or Management of Licensed Premises**

Respondent shall not own, have any legal or beneficial interest in, nor serve as a manager, administrator, member, officer, director, trustee, associate, or partner of any business, firm, partnership, or corporation currently or hereinafter licensed by the board. Respondent shall sell or transfer any legal or beneficial interest in any entity licensed by the board within ninety (90) days following the effective date of this decision and shall immediately thereafter provide written proof thereof to the board. Failure to timely divest any legal or beneficial interest(s) or provide documentation thereof shall be considered a violation of probation.

Provide explanation below:

I was CEO of CRC Health Group from 1995 to 2010 [and a Board member for a few years thereafter]. CRC operated ~160 behavioral/mental healthcare treatment facilities in 32 States. Every facility was licensed [several hundred in all].

I have no knowledge of any material or substantive violation of any kind whatsoever regarding any license, nor to the best of my knowledge, was CRC ever sued regarding any license, or ever lose a license. License matters were handled by the regulatory and compliance departments [~5000 employees in the company], and as such, I was never directly involved, especially since any issues pertaining to licenses were always readily resolved with the licensing agencies in each State & never got to the point of a material problem.

I mention this only because Question 6 is phrased in a very broad way which speaks to any interaction with licensing agencies, not specifically situations where there might have been issues.

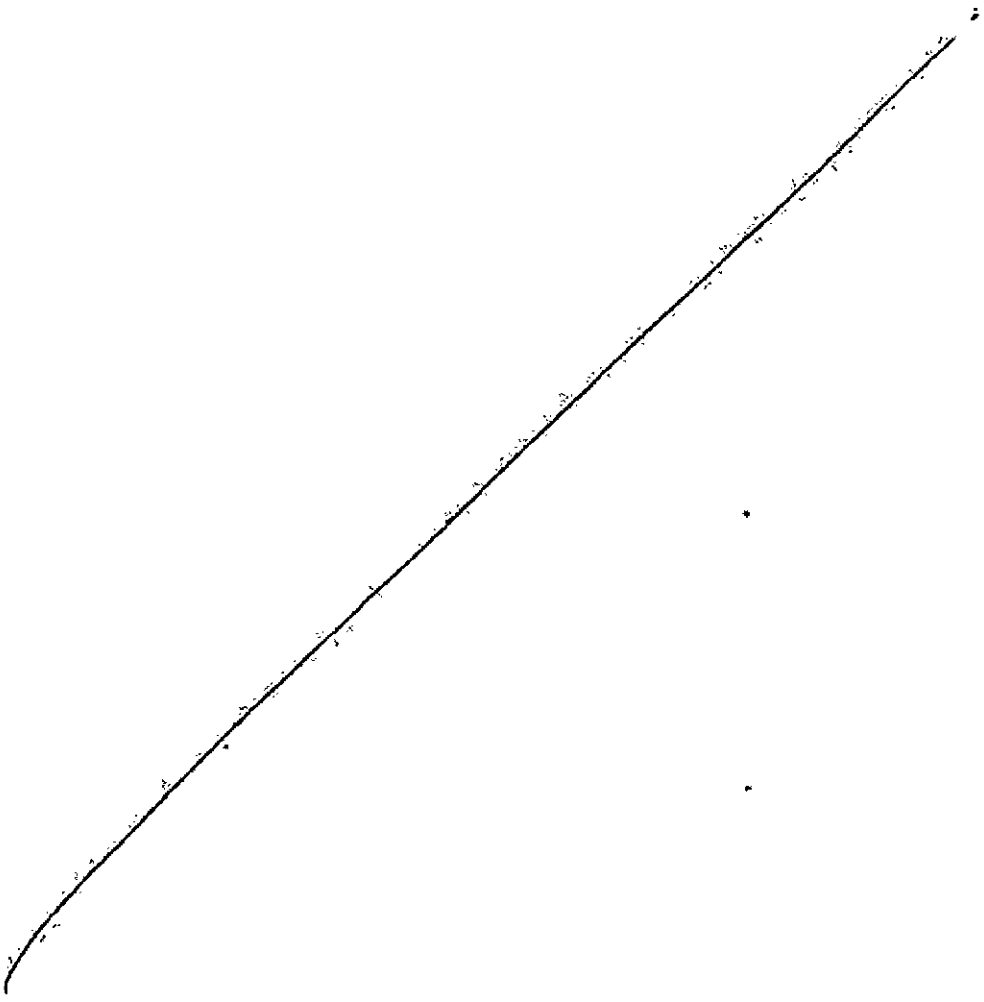
COMMENTS



- I was assisted during the inspection by PIC Lisa Dimick.
- The facility does not carry any controlled substance presriptions. No controlled substance license. NO DEA registration.
- NO outdated medications were found in the Pharmacy Stock.
- The facility pre-packages (blister + vials) some medications. Lot # + expiration date are on the packaging.

- The facility does not deliver medications to patients, but they do ship. Policies + procedures are compliant. Would like to see a separate policy + procedure for if a drug was damaged or compromised during shipment vs. a returned or cancelled order. Ms. Dimick stated she will review + add.

- The offer to counsel is documented.

- A zero inventory was recorded for controlled substances.

- The pharmacy does not compound.

Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, office or director) ever appeared before any licensing agency or similor authority in or outside the state of Nevada for any reason whatsoever (including any disciplinary board action)?

Introduction

Bella Brands pharmacy was incorporated in 2012 and received its first state pharmacy license in Nov, 2012. Bella Brands currently is licensed in all states requiring licensure except North Carolina. Bella Brands partners with major pharmaceutical manufacturers to make available non-scheduled medications to patients pursuant to telemedicine visits. All telemedicine visits are conducted consistent with the modality required by each state's laws. This business model allows for patients to access care conveniently at a lower cost. **No sanction or disciplinary action has ever been taken against Bella Brands, LLC.** However, PCM Venture I, LLC ("PCMVI") was previously owned and operated by the owner, Peter Ax, and has been the subject of disciplinary actions as outlined below. PCMVI ceased pharmacy operations over a period of several years by allowing its licenses to expire.

Background of PCMVI

In 2001, Peter Ax, acquired a Utah based online pharmacy which prescribed only non-controlled, non-scheduled medications on the internet pursuant to an online interaction with a physician. Mr. Ax was an experienced venture capitalist and he wanted to make healthcare more accessible, affordable and more patient centric.

Immediately upon acquiring the online pharmacy, Mr. Ax met with regulators in Utah to develop a health care model for delivering care which was fully compliant and safe for patients. In 2002, Phoenix Capital Management Venture I ("PCMVI") became the first online pharmacy to receive regulatory approval (State of Utah) to operate and to prescribe certain specific medications without a face-to-face consultation with a physician. Consistent with professional standards, PCMVI physicians conducted a medical examination sufficient to write a prescription however not in a face-to-face setting.

Prior to 2012, when Bella Brands pharmacy was incorporated, several states challenged PCMVI's method of doing business. In all cases PCMVI was transparent with regulators and worked proactively with them to accommodate specific nuances of their state laws. Below is a list of states where PCMVI was the subject of disciplinary action along with the specific facts of each case.

North Carolina

On May 21, 2008 PCMVI, Peter Ax, and Lisa Dimick (Pharmacist) entered into a consent decree with the State of North Carolina whereby the North Carolina State Board of Pharmacy contended that their actions in shipping, mailing and delivering drugs without annual registration or permit with the board, violated North Carolina general statutes. PCMVI, Mr Ax and Mrs Dimick agreed to cease shipping and have not shipped medication into North Carolina since 2008.

Oregon

On January 13, 2009 PCMVI agreed to pay a $50,000 civil penalty to the State of Oregon for shipping legend drugs (non-controlled substances) to residents of Oregon pursuant to an online consultation. PCMVI agreed to dispense medications into Oregon pursuant only to prescriptions resulting from an in person examination by the prescriber.

Texas

In 2016 PCM settled an administrative action with the State of Texas which dated back to 2008. The State alleged that PCMVI's manner of conducting business violated Texas law as it existed in 2005 and 2006 and that PCM shipped products into Texas for a brief period of time before receiving its final license in Texas.

Iowa

In 2015 PCMVI voluntarily surrendered its Iowa non-resident pharmacy license pursuant to discussions with the State of Iowa that PCMVI's manner of doing business, specifically writing a prescription for an Iowa resident, without a face-to-face physician visit, was at that time deemed to be a violation of Iowa law.

California

In January 2019 PCM settled a complaint with the State of California in which it was alleged that between the dates of December 10, 2012 and May 3, 2016, approximately 50 prescriptions (out of a total of more than 14,000 prescriptions) dispensed by PCM were not written by physicians licensed in California. Generally these patients were seen by their home state physician and were travelling in California when they received their package. We chose to settle this case rather than engage in protracted and expensive litigation.

CEASE AND DESIST

Dear Mr. Edwards:

An investigation by the North Carolina Board of Pharmacy has established that Precedent Management Systems, LLC, is soliciting pharmacies in North Carolina to act as fulfillment centers for prescription drug orders. Faxes have been sent to several North Carolina pharmacies soliciting pharmacies.

The Board has obtained copies of the solicitation materials. These materials indicate that Precedent Management Systems asks "patients" to answer a questionnaire, provides medical records and then is refereed to a physician for review and issuance of a prescription to a pharmacy that has agreed to act as a fulfillment center. For agreeing to act as a fulfillment center, Precedent Management Systems pays the pharmacy a "retainer in advance equal to the weekly average volume" a pharmacist desires. Payment also includes reimbursement for medications as well as a fulfillment fee per prescription.

North Carolina law specifically prohibits pharmacists from filling any prescriptions that they know or reasonably should know was issued with a physician examination and in the absence of a prior prescriber-patient relationship. 21 NCAC 46.1801. Precedent Management Systems' solicitation materials make it clear that it is facilitating the filling of prescriptions in the absence of a legitimate patient-prescriber relationship. Moreover, issuing prescriptions for controlled substances in the manner stated in your materials violates both the federal and state controlled substances act.

Our Board, with cooperation with other state and federal law enforcement, has been active in shutting down illegal internet business such as yours. And we are prepared to do the same in your case.

By copy of this letter, I am alerting the federal Drug Enforcement Administration and the North Carolina Attorney General's Office of the nature of your business.

Accordingly, you are ordered to **IMMEDIATELY CEASE AND DESIST** any further solicitation of North Carolina pharmacies to act as fulfillment centers for Precedent Management Systems or otherwise facilitate the dispensing of prescription drugs in violation of state and federal law. Failure to abide by this order will result in the Board taking all available legal options.

Please give this order your immediate, most serious attention.

Sincerely,

Jack W. Campbell IV

SUPERIOR COURT DIVISION
WAKE COUNTY 2008 MAY 21 PM 2:40 CASE NO. 08 CVS 4443
WAKE COUNTY, C.S.C.

NORTH CAROLINA BOARD OF PHARMACY,
BY_____

Plaintiff,

v.

PCM VENTURE I, LLC; PETER L. AX; and LISA F. DIMICK,

Defendants.

FINAL CONSENT ORDER

THIS MATTER comes before the Court, on the consent of the parties, before the Superior Court of Wake County, the undersigned Judge presiding. The parties stipulate and agree to this Final Consent Order. Defendants stipulate that the findings of fact and conclusions of law are legally sufficient to support this Final Consent Order and agree not to challenge the legal adequacy of the findings and conclusions in any potential future proceeding to enforce this Final Consent Order or seeking to hold any party in contempt for failure to comply with its terms. With the consent of the parties, the Court hereby enters the following:

FINDINGS OF FACT

1. Plaintiff, the North Carolina Board of Pharmacy ("the Board"), is an occupational licensing board that is responsible for enforcing the provisions of the North Carolina Pharmacy Practice Act and the laws pertaining to the distribution and use of drugs in the State of North Carolina. The Board is the proper body to bring this proceeding under the authority granted to it in the North Carolina Pharmacy Practice Act and the rules and regulations of the Board that are promulgated pursuant thereto.

2. PCM Venture I, LLC ("PCM") is, and has at all relevant times been, a limited liability company organized and existing under Utah law. PCM's only place(s) of business are located outside the State of North Carolina.

3. PCM does business through certain websites, including but not limited to kwikmed.com and selfserverx.com.

4. PCM has shipped, mailed and/or delivered legend drugs into the State of North Carolina.

5. PCM does not have an active annual registration or permit with the Board to ship, mail and/or deliver legend drugs into the State of North Carolina, nor has it ever had such a registration or permit.

6. In reviewing and entering this Final Consent Order, Plaintiff has been represented by Clinton R. Pinyan. Defendants have been represented by Kevin H. Marino. The parties represent, and the Court finds, that this Final Consent Order has been approved by appropriate action by both the North Carolina Board of Pharmacy and PCM Venture I, LLC and is binding on those entities.

CONCLUSIONS OF LAW

1. The Court has both personal jurisdiction over Defendants and subject matter jurisdiction in this case.

2. Plaintiff North Carolina Board of Pharmacy has the authority to bring this action pursuant to North Carolina General Statutes § 90-85.39.

3. North Carolina law requires any pharmacy operating outside the State of North Carolina to register annually with the Board if that pharmacy ships, mails or delivers in any manner a dispensed legend drug into the State of North Carolina. N.C. Gen. Stat. § 90-85.21A.

4. Plaintiff North Carolina Board of Pharmacy contends in this case that the actions of Defendants in shipping, mailing and/or delivering legend drugs into the State of North Carolina without an annual registration or permit with the Board violates North Carolina General Statutes Section 90-85.21A. Defendants agree to this consent order without admitting that they have violated North Carolina law.

ORDER

Based upon the foregoing findings of fact and conclusions of law and with the consent of the parties, IT IS THEREFORE ORDERED, ADJUDGED AND DECREED that:

1. Defendant PCM Venture I, LLC is hereby permanently enjoined from shipping, mailing and/or delivering in any manner a dispensed legend drug into the State of North Carolina and from aiding or abetting others in doing so, unless and until the person or entity shipping, mailing and/or delivering the dispensed legend drug into the State of North Carolina secures an annual registration or permit from the North Carolina Board of Pharmacy pursuant to N.C. Gen. Stat. § 90-85.21A.

2. This Final Consent Order is binding upon Defendant PCM Venture I, LLC and any persons or entities affiliated with it, including but not limited to franchisors, franchisees, parents, subsidiaries, divisions or persons or entities affiliated by contract or otherwise by privity, their successors or assigns, and any persons, association of persons or entities employed, operated or controlled by or otherwise associated with Defendants who receive actual notice of this Final Consent Order, including but not limited to Peter L. Ax and Lisa F. Dimick. Defendants shall provide a copy of this Final Consent Order to all persons or entities affiliated, employed, operated by or otherwise associated with Defendants and involved in the operation of PCM Venture I, LLC, along with any successors and assigns.

3. Defendants shall take notice that any willful violation of this Permanent Injunction may be treated as civil and criminal contempt, leading to the imposition of sanctions upon them, including incarceration and fines.

4. The parties agree to bear their respective costs of this action, including their respective attorney's fees and expenses.

5. Plaintiff North Carolina Board of Pharmacy shall not be required to provide a bond or other security for the issuance of this injunctive order.

6. The court shall retain jurisdiction of the parties and this matter for further proceedings to enforce this Order, if necessary.

SO ORDERED, this, the 21 day of May, 2008.

LICENSE RENEWAL APPLICATIONS

Prior to the next expiration date of pharmacy license #25208, the pharmacy will complete a license renewal application for the Texas State Board of Pharmacy. This application will require a pharmacy representative to answer the question:

Re: Case No. 2007-0309

The Board of Pharmacy is continuing to investigate a complaint regarding prescriptions dispensed from PCM Venture I LLC (PCM) into Oregon for Oregon residents. The complaint is that PCM is dispensing prescriptions that are based off of a questionnaire and not a valid patient-practitioner relationship.

Please respond by submitting a typed and signed statement by **November 14, 2008**. Include with your response a report listing the Oregon resident's name and address, prescription number, medication dispensed, prescriber's name, phone number and address, and the date it was dispensed, for the time period from September 1, 2007 through September 1, 2008. Please include with your response a copy of all action agreed upon, taken, proposed, or pending against PCM by another state. Please also send an empty unit of use container and prescription label that is representative of those being sent into Oregon and that comply with OAR 855-041-0065(6)(k).

PLEASE NOTE: The response is the formal statement to the Board's inquiry in this investigation. The Board uses the information provided in the response statement(s) to determine whether disciplinary action is warranted.

Thank you for your prompt attention. Please feel free to contact me at (971) 673-0001 should you have any questions.

Re: PCM Venture I LLC
Case No. 2007-0309

Dear Mr. Ball:

On behalf of our client, PCM Venture I, LLC ("PCM"), we write in response to your letter dated October 24, 2008, regarding the above matter.

Your letter advises that the Oregon Board of Pharmacy (the "Board") is continuing to investigate a complaint that PCM is dispensing prescriptions based on a questionnaire and not on a valid patient-practitioner relationship. The letter also requests that PCM produce a variety of things and documents that purportedly relate to the Board's continuing investigation. The letter closes with the warning that the Board will use the information PCM provides to determine whether disciplinary action is warranted.

As you know, your October 24th letter tracks almost precisely a letter you sent to PCM on September 5, 2007, in which you first informed PCM that the Board was investigating it. PCM responded by letter dated October 12, 2007, explaining in detail why its practices do not violate Oregon law and providing the requested materials. The Board nevertheless issued a Notice of Proposed Disciplinary Action to PCM on December 18, 2007. Were it not for the unavailability of one of the Board's witnesses, the hearing in this matter would have been held last month. The hearing is currently scheduled for February 10-12, 2009.

Given that the Board has already instituted formal action against PCM in Case No. 2007-0309 and a hearing is scheduled, it is not appropriate for the Board to seek discovery under the guise of a continued investigation. Moreover, even if the information requested in the October 24th letter were made in a discovery request that complied procedurally with OAR 137-003-0570, the information requested is not relevant to the matters at issue in the upcoming hearing. For example, your request for a report listing all prescriptions dispensed into Oregon for the period September 1, 2007 through September 1, 2008 is, by definition, not relevant to the allegation made in the Notice of Proposed Disciplinary Action that PCM engaged in improper practices between June 17, 2006 and September 1, 2007.

MARINO TORTORELLA PC
ATTORNEYS AT LAW

Accordingly, we suggest that if the Board seeks discovery in connection with the upcoming hearing, it should do so in accordance with the OAR and limit its requests to information that would be admissible under OAR 137-003-0610.

Please feel free to call me if you have any questions.

Very truly yours,

Kevin H. Marino

BEFORE THE BOARD OF PHARMACY
OF THE STATE OF OREGON

In the Matter of the Drug Outlet Registration PCM VENTURE I, LLC Registrant	)	Case No. 2007-0309 AMENDED NOTICE OF PROPOSED DISCIPLINARY ACTION; ANSWER REQUIRED

Under the authority granted pursuant to ORS 689.135, 689.145, 689.335, 689.405 and 689.445, the Oregon Board of Pharmacy proposes to take disciplinary action against your Certificate of Registration No. RP-0002351. A Notice of Proposed Disciplinary Action (Notice) was issued in this matter on 12/18/2007. This Amended Notice of Proposed Disciplinary Action (Amended Notice) supersedes the prior Notice issued in this matter.

The Board proposes to take disciplinary action because PCM Venture I, LLC violated the Oregon Pharmacy Act and the Board of Pharmacy rules as set forth below:

PCM VENTURE I LLC located at 5201 Green Street Ste 255 in Murray, UT failed to cooperate and comply with requests from the Board and provide requested records, which is conduct contrary to accepted standards of practice and unprofessional conduct as defined by OAR 855-006-0005(25)(i) and in violation of and grounds for discipline pursuant to OAR 855-001-0035 and ORS 689.405(1)(a) and (e)(B).

Between approximately 6/17/2006 and 12/1/2008, your employees at PCM VENTURE I LLC located at 5201 Green Street Ste 255 in Murray, UT engaged in a practice whereby they dispensed prescriptions that were not issued pursuant to a valid physician-patient examination, the physician did not examine the patient prior to diagnosing, treating, or prescribing, and the physician wrote prescriptions for medications resulting from a consultation over the internet. Your employees failed to ensure that submitted prescriptions had been issued for a legitimate medical purpose in the usual course of the practitioner's professional practice for Oregon residents. Over the aforementioned period of time, your employees filled over 1,200 prescriptions for Viagra, Cialis, Levitra, or Propecia that were issued in response to a questionnaire on an internet site and without an examination of the patient by the prescribing practitioner and as such were not legitimate prescriptions. Failure of your pharmacist employees to ensure that prescriptions were issued pursuant to a valid patient-practitioner relationship and for a legitimate medical purpose in the usual course of the practitioner's professional practice and where the pharmacist knows or should know due to the apparent circumstances that the purported prescription is bogus or that the prescription is issued for other than a legitimate medical purpose and dispensing prescriptions that result from a questionnaire or an internet based relationship is in violation of ORS 689.525(1)(a) and (b) and (2), OAR 855-019-0210(2), and OAR 855-019-0310(12), constitutes repeated or gross negligence pursuant to ORS 689.405(1)(b) and previously OAR 855-019-0055(1)(b) and currently OAR 855-019-0310(2), and is unprofessional conduct

7/9 11-15-2021 04:54:56 p.m. 4807074599

as previously defined by OAR 855-019-0055(2)(a), (e), (f), and (h) and currently defined by OAR 855-006-0005(25)(d), (e), and (i), which is grounds for discipline pursuant to ORS 689.335, 689.405(1)(a), 689.405(1)(b), 689.405(1)(e)(B), and 689.445.

Based on these alleged violations, the Board proposes to revoke your Retail Drug Outlet Registration and impose a civil penalty in the amount of $1,000 per violation for violations occurring through 12/31/2007 and a civil penalty in the amount of $10,000 per violation for violations occurring since 12/31/2007, with a minimum of $100,000.

HEARING RIGHTS

The corporation is entitled to a hearing as provided by the Administrative Procedures Act (ORS chapter 183). An attorney must represent the corporation. If the corporation wishes to have a hearing, the corporation's attorney must file a written request for hearing with the Board within 21 days from the date this notice was mailed. The corporation's attorney may send or deliver a request for hearing to:

Oregon Board of Pharmacy

Portland, OR 97232
Fax: (971) 673-0002

If a request for hearing is not received within this 21-day period, the corporation's right to a hearing shall be considered waived.

If the corporation requests a hearing, the corporation's attorney will be notified of the time and place of the hearing. Before the commencement of the hearing, the corporation will be given information on the procedures, right of representation and other rights of parties relating to the conduct of the hearing.

If the corporation does not request a hearing within 21 days, or if it withdraws a hearing request, notifies the Board or Administrative Law Judge that it will not appear, or fails to appear at a scheduled hearing, the Board may issue a final order by default imposing discipline. If the Board issues a final order by default, it designates its file on this matter as the record.

ANSWER REQUIRED

Pursuant to OAR 855-001-0010 and OAR 855-001-0015, if you request a hearing you must also provide, within 21 days from the date this contested case notice was served, a written answer to the allegations set forth in this contested case notice. Your written answer must include an admission or denial of each factual matter alleged in the notice and a short and plain statement of each relevant affirmative defense you may have. Except for good cause, factual matters alleged in the notice and not denied in the answer shall be presumed admitted; failure to raise a particular defense in the answer will be considered a waiver of such defense; new matters alleged in the answer (affirmative defenses) shall be presumed to be denied by the agency; and evidence shall not be taken on any issue not raised in the notice and the answer.

Re: Texas State Board of Pharmacy v.
PCM Venture I, LLC, License No. 25208
SOAH Docket No. 515-14-4086; TSBP No. 2013-03823

Dear Mr. Marino,

On December 14, 2015, Texas State Board of Pharmacy (TSBP) filed a Motion to Dismiss and Abate the Hearing in this matter at the State Office of Administrative Hearings (SOAH). One of the allegations in this case was that on February 12, 2015, the Iowa Board of Pharmacy entered a Settlement Agreement and Final Order (the "Iowa Order") by which PCM Venture I, LLC ("PCM") voluntarily surrendered its Iowa non-resident pharmacy license (the "Iowa Allegation"). The Iowa Order contained a finding that between January 1, 2013, and September 28, 2013, PCM dispensed prescriptions to Iowa patients based on an internet-based patient evaluation without a pre-existing physician-patient relationship. Having alleged that the Iowa Order was a violation of Texas Pharmacy Act §565.002(a)(13), TSBP filed a Motion for Summary Disposition at SOAH based on the Iowa Order. Specifically, the Motion submitted the Iowa Order and the relevant Iowa and Texas laws and asked that the judge enter summary judgment in favor of TSBP on the Iowa Allegation. That Motion was denied based on the judge's finding that TSBP had failed to establish as a matter of law that the conduct covered by the statute underlying the Iowa Order is substantially equivalent to conduct proscribed by Texas law. On December 14, 2015, TSBP filed a Motion to Dismiss the Iowa Allegation with prejudice. That Motion was granted the same day. As a result, the allegation that PCM should suffer collateral consequences in Texas based on the Iowa Order cannot be brought again to SOAH.
