Please Note:

In regulating the practice of pharmacy, the Nevada State Board of Pharmacy has a duty to carry out and enforce the provisions of Nevada law to protect the health, safety and welfare of the public.

The Nevada State Board of Pharmacy may address agenda items out of sequence to accommodate persons appearing before the Board or to aid in the efficiency or effectiveness of the meeting.

The Nevada State Board of Pharmacy may combine two or more agenda items for consideration; and

The Nevada State Board of Pharmacy may remove an item from the agenda or delay discussion relating to an item on the agenda at any time.

The Nevada State Board of Pharmacy may convene in closed session to consider the character, alleged misconduct, professional competence or physical or mental health of any of the below named parties.

Public comment is welcomed by the Board but will be heard during the public comment item and may be limited to three minutes per person. You may call into the videoconference by

following the link or calling the phone number listed above. The president may allow additional time to a given speaker as time allows and in his or her sole discretion.

Public comment may also be submitted to the Board at pharmacy@pharmacy.nv.gov.

Prior to the commencement and conclusion of a contested case or a quasi-judicial proceeding that may affect the due process rights of an individual the board may refuse to consider public comment. See NRS 233B.126. Please be aware that after the quasi-judicial board or commission has rendered a decision in the contested case and, assuming this happens before adjournment, the board or commission may entertain public comment on the proceeding at that time.

1. Call to Order and Roll Call – Establishment of Quorum

2. Public Comment: No action may be taken upon a matter raised under this item of the agenda until the matter itself has been specifically included on a future agenda as an item. (NRS 241.020)

Michael Evans, et al. v. Arthrex, Inc., et al.
Circuit Court of Arkansas, Cross County
19CV-19-30-3

Case Status: Open
Case Type: Product Liability.
Summary: Plaintiff underwent an achilles repair on 11-17-2016 utilizing the Arthrex Achilles Speedbridge System which includes (4) BioComposite SwiveLock suture anchors. 18 months after surgery, Plaintiff presented with heel pain and diagnosed with osteomyelitis. Plaintiff then underwent a debridement of the calcaneus and removal of (1) BioComposite SwiveLock anchor. Plaintiff's records indicate his postoperative surgical incision failed to heal secondary to multiple preoperative risk factors and poor postoperative compliance and infection treatment by the physician. Arthrex denies all liability and continues to defend the case.

Lewis M.B. Golubosky, et al. v. Arthrex, Inc., et al.
Court of Common Pleas Pennsylvania, Washington County
2019-429

Case Status: Open
Case Type: Product Liability
Summary: Plaintiff alleges he was injured during a surgical procedure that utilized the Arthrex DualWave Arthroscopy Pump. Plaintiff alleges the pump, which uses sale to pressurize the arthroscopic surgical site, extravasated saline into the Plaintiff thigh region causing further injury and damage. Plaintiff alleges his injuries were a direct or proximate result of Arthrex's manufacture, design, sale and/or distribution of the allegedly defective DualWave pump. Arthrex denies all liability in this matter and continues to defend the case.

Leslie Greenwood v. Arthrex, Inc., et al.
United States District Court, Western District of New York
21-CV-01101

Case Status: Open
Case Type: Product Liability
Summary: During a 2018 rotator cuff repair surgery, a surgeon utilized the Arthrex Burr device to resection the Plaintiff's clavicle. The device allegedly malfunctioned and overheated causing the patient a quarter-sized burn at the posterior portal site on her shoulder. Plaintiff alleges her injuries where a direct or proximate cause of Arthrex's manufacture or design of the shaver device. Arthrex denies all liability and continues to defend the case.

Cheryl Horton v. Arthrex, Inc.
United States District Court, Central District of Illinois, Peoria Division
21-CV-01354

Case Status: Open
Case Type: Product Liability
Summary: Plaintiff underwent a right flatfoot reconstruction surgery where the Arthrex BioSync wedge was implanted. Three years postoperatively, the plaintiff's x-ray showed the Biosync implant was loose and her subtalar joint had collapsed. Plaintiff underwent a second surgery for removal of the fractured implant and repair of her flatfoot condition. Plaintiff claims the BioSync wedge was defectively manufactured and designed. Arthrex denies all liability and continues to defend the case.

Brian Mellace v. Arthrex, Inc., et al.
United States District Court, District of Massachusetts
21-CV-10672

PHARMACEUTICAL WHOLESALER CASH DEPOSIT IN LIEU OF BOND

Name of Applicant/Licensee: Arthrex, Inc.

Address: 1370 Creekside Blvd.

City: Naples State: FL Zip: 34108

The above named applicant/licensee (hereinafter referred to as Assignor), does hereby assign and set over to the Nevada State Board of Pharmacy (the Board) all right, title and interest of any kind whatsoever owned or held by Assignor in the cash sum of $25,000.00 which was delivered simultaneously with this form. Assignor provides the cash sum as security pursuant to NRS 639.515(2). This assignment is binding on Assignor, his/hers heirs, administrators, successors, and assigns, jointly or severally, and is conditioned that Assignor has made, or is about to make, application to the Board for a pharmaceutical wholesaler's license.

Assignor understands, acknowledges, and agrees that:

1. The Board is not authorized to refund the cash deposit until sixty days beyond the date upon which the Assignor ceases to be licensed by the Board.

2. The cash deposit will not draw interest and will be kept in a segregated fund within the Board's accounts.

3. The Board is authorized to remove from the cash deposit money to satisfy fines or costs assessed against the Assignor pursuant to NRS 639.515, and that if the Board removes any money from the cash deposit, Assignor shall replenish the cash deposit or shall deposit other security pursuant to NRS 639.515 sufficient to retain the total amount of the cash deposit or else Assignor's license may not be renewed.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 810005465

Application/License No. _____

Banner Life Sciences LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 3980 Premier Drive, Suite 110, High Point, North Carolina 27265 (Address of Applicant/Principal), as PRINCIPAL, and Atlantic Specialty Insurance Company (Surety Company), a corporation organized under the laws of the state of New York (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is One State Street Plaza, 31st Floor, New York, NY 10004 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on June 10, 2020 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 10th day of June, 20 20.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 0766322

Application/License No. _____

Casper Pharma, LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 2 Tower Center Boulevard, Suite 1101, East Brunswick, NJ 08816 (Address of Applicant/Principal), as PRINCIPAL, and Harco National Insurance Company (Surety Company), a corporation organized under the laws of the state of Illinois (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 702 Oberlin Road, Raleigh, NC 27605 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on 09/14/2020 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 14th day of September, 2020.

HARCO NATIONAL INSURANCE COMPANY
INTERNATIONAL FIDELITY INSURANCE COMPANY

Member companies of IAT Insurance Group, Headquartered: 702 Oberlin Road, Raleigh, North Carolina 27605

KNOW ALL MEN BY THESE PRESENTS: That **HARCO NATIONAL INSURANCE COMPANY**, a corporation organized and existing under the laws of the State of Illinois, and **INTERNATIONAL FIDELITY INSURANCE COMPANY**, a corporation organized and existing under the laws of the State of New Jersey, and having their principal offices located respectively in the cities of Rolling Meadows, Illinois and Newark, New Jersey, do hereby constitute and appoint

MICHAEL PARR, ROBYN ROST

Summmit, NJ

their true and lawful attorney(s)-in-fact to execute, seal and deliver for and on its behalf as surety, any and all bonds and undertakings, contracts of indemnity and other writings obligatory in the nature thereof, which are or may be allowed, required or permitted by law, statute, rule, regulation, contract or otherwise, and the execution of such instrument(s) in pursuance of these presents, shall be as binding upon the said **HARCO NATIONAL INSURANCE COMPANY** and **INTERNATIONAL FIDELITY INSURANCE COMPANY**, as fully and amply, to all intents and purposes, as if the same had been duly executed and acknowledged by their regularly elected officers at their principal offices.

This Power of Attorney is executed, and may be revoked, pursuant to and by authority of the By-Laws of **HARCO NATIONAL INSURANCE COMPANY** and **INTERNATIONAL FIDELITY INSURANCE COMPANY** and is granted under and by authority of the following resolution adopted by the Board of Directors of **INTERNATIONAL FIDELITY INSURANCE COMPANY** at a meeting duly held on the 13th day of December, 2018 and by the Board of Directors of **HARCO NATIONAL INSURANCE COMPANY** at a meeting held on the 13th day of December, 2018.

"**RESOLVED**, that (1) the Chief Executive Officer, President, Executive Vice President, Senior Vice President, Vice President, or Secretary of the Corporation shall have the power to appoint, and to revoke the appointments of, Attorneys-in-Fact or agents with power and authority as defined or limited in their respective powers of attorney, and to execute on behalf of the Corporation and affix the Corporation's seal thereto, bonds, undertakings, recognizances, contracts of indemnity and other written obligations in the nature thereof or related thereto; and (2) any such Officers of the Corporation may appoint and revoke the appointments of joint-control custodians, agents for acceptance of process, and Attorneys-in-fact with authority to execute waivers and consents on behalf of the Corporation; and (3) the signature of any such Officer of the Corporation and the Corporation's seal may be affixed by facsimile to any power of attorney or certification given for the execution of any bond, undertaking, recognizance, contract of indemnity or other written obligation in the nature thereof or related thereto, such signature and seals when so used whether heretofore or hereafter, being hereby adopted by the Corporation as the original signeture of such officer and the original seal of the Corporation, to be valid and binding upon the Corporation with the same force and effect as though manually affixed."

IN WITNESS WHEREOF, **HARCO NATIONAL INSURANCE COMPANY** and **INTERNATIONAL FIDELITY INSURANCE COMPANY** have each executed and attested these presents on this 31st day of December, 2018

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 0819919

Application/License No. _____

Dash Pharmaceuticals LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 2 Park Way Saddle River, NJ 07458 (Address of Applicant/Principal), as PRINCIPAL, and Harco National Insurance Company (Surety Company), a corporation organized under the laws of the state of Illinois (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 702 Oberlin Road Raleigh, NC 27605 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on 04/27/2022 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 27th day of April, 2022.

EXHIBIT A

PLAN OF MERGER

merging

MAM KINGFISHER MERGER SUB, INC.,
a Delaware corporation

with and into

KALEO, INC.,
a Virginia corporation

1. Merger. On the terms and subject to the conditions set forth in this Plan of Merger (this "Plan of Merger"), by and among MAM Kingfisher Holdings, LLC, a Delaware limited liability company ("Holdings"), MAM Kingfisher Intermediate, L.P., a Delaware limited partnership and wholly-owned subsidiary of Holdings ("Intermediate"), MAM Kingfisher Parent, Inc., a Delaware corporation and wholly owned subsidiary of Intermediate ("Parent"), MAM Kingfisher Merger Sub, Inc., a Delaware corporation and direct wholly-owned subsidiary of Parent ("Merger Sub"), and kaleo, Inc., a Virginia corporation ("kaleo"), and the applicable provisions of the Virginia Stock Corporation Act (the "VSCA"), (a) at the Effective Time (as defined below), Merger Sub shall be merged with and into kaleo (the "Merger") and the separate corporate existence of Merger Sub shall cease, and (b) kaleo shall continue as the surviving corporation in the Merger and from and after the Effective Time, shall be a wholly owned subsidiary of Parent (the "Surviving Corporation").

2. Effects of the Merger. The Merger shall have the effects set forth in this Plan of Merger and the applicable provisions of the VSCA.

3. Effective Time. The Merger shall become effective at the time specified in the articles of merger to be filed with the State Corporation Commission of the Commonwealth of Virginia or, if no such time is specified, at the time of the issuance of a certificate of merger by the State Corporation Commission of the Commonwealth of Virginia (the "Effective Time").

4. Articles of Incorporation and Bylaws; Directors and Officers.

(a) At the Effective Time, the articles of incorporation of the Surviving Corporation shall be amended and restated in their entirety to be identical to the Articles of Incorporation of Merger Sub as in effect immediately prior to the Effective Time, except that the name of the Surviving Corporation shall be "kaleo, Inc.";

(b) At the Effective Time, the Bylaws of the Surviving Corporation shall be amended and restated in their entirety to be identical to the Bylaws of Merger Sub as in effect immediately prior to the Effective Time; and

(c) The initial directors of the Surviving Corporation shall be the directors of Merger Sub that were in office immediately prior to the Effective Time, until their respective successors are duly elected or appointed and qualified in accordance with the Articles of Incorporation of the Surviving Corporation and the Bylaws of the Surviving Corporation and the applicable provisions of the VSCA. The initial officers of the Surviving Corporation shall be the officers of kaleo immediately prior to the Effective Time, until their respective successors are duly elected or appointed and qualified in accordance with the Articles of Incorporation of the Surviving Corporation and the Bylaws of the Surviving Corporation and the applicable provisions of the VSCA.

5. Effect on Capital Stock.

(a) Conversion. At the Effective Time, by virtue of the Merger and without any further action on the part of Parent, Merger Sub, kaleo or any shareholder of kaleo:

(i) each share of common stock of kaleo, par value $0.001 per share ("kaleo Common Stock) and kaleo Preferred Stock (as defined below) (together, "kaleo Capital Stock") held by kaleo (as treasury stock or otherwise) or Parent (other than Rollover Shares, as defined below) shall be canceled and extinguished without any conversion thereof and no consideration shall be delivered in exchange therefor;

(ii) each share of Series A-2 Preferred Stock, Series A-3 Preferred Stock, Series A-4 Preferred Stock (together with the Series A-3 Preferred Stock, the "Series A-3/A-4 Preferred Stock), Series B Preferred Stock, and Series B-1 Preferred Stock (together with the Series B Preferred Stock, the "Series B/B-1 Preferred Stock") of kaleo issued and outstanding immediately prior to the Effective Time (other than Rollover Shares) will be canceled and extinguished and automatically converted into the right to receive (1) the applicable Liquidation Preference, (2) the Per Share Closing Consideration and (3) the applicable Pro Rata Percentage of any Post-Closing Consideration and Contingent Consideration, in each case, in accordance with the Merger Agreement;

(iii) each share of the Series A-1 Preferred Stock of kaleo issued and outstanding immediately prior to the Effective Time shall be canceled and extinguished as of the Effective Time and automatically converted into the right to receive the applicable Liquidation Preference, in accordance with the Merger Agreement;

(iv) each share of the kaleo Common Stock issued and outstanding immediately prior to the Effective Time (other than Rollover Shares) will be canceled and extinguished and automatically converted into the right to receive (1) the Per Share Closing Consideration and (2) the applicable Pro Rata Percentage of any Post-Closing Consideration and Contingent Consideration, in each case, in accordance with the Merger Agreement;

(v) each share of common stock of Merger Sub issued and outstanding immediately prior to the Effective Time shall be converted into one (1) validly issued fully paid and nonassessable share of common stock of the Surviving Corporation and all such shares

together shall constitute the only outstanding shares of capital stock of the Surviving Corporation; and

(vi) Following the Rollover, as described below, all Rollover Shares (as defined below) that have been contributed to Holdings will be contributed to and held by Parent. All such Rollover Shares that are held by Parent as a result of the Rollover shall remain issued and outstanding.

(b) Rollover. The Merger Agreement provides that holders of shares of kaleo Capital Stock (other than shares of Series A-1 Preferred Stock) may elect, prior to the Effective Time and subject to certain conditions included in the Merger Agreement, to contribute all or a portion of their kaleo Capital Stock (other than shares of Series A-1 Preferred Stock) to Holdings in exchange for equity interests in Holdings (such shares, the "Rollover Shares"), pursuant to the terms of a Rollover Agreement, which provides for certain other contractual rights related to the Rollover Shares for the benefit of such electing holders.

6. Equity Awards. Each outstanding vested and unvested option to purchase or otherwise acquire shares of kaleo Common Stock granted pursuant to the kaleo, Inc. Amended and Restated 2009 Stock Incentive Plan of Merger or the 2020 Equity Incentive Plan (each a "kaleo Option") that is outstanding and unvested immediately prior to the Effective Time, shall vest in full as of immediately prior to the Effective Time. As of the Effective Time, each kaleo Option shall be cancelled and converted into the right to receive, in accordance with the Merger Agreement, for each share of kaleo Common Stock subject to such kaleo Option, an amount of cash (without interest) equal to the sum of (i) (A) the Per Share Closing Consideration, minus (ii) the exercise price per share attributable to such kaleo Option, as well as the applicable Pro Rata Percentage of any Post-Closing Consideration and Contingent Consideration, if and when paid.

7. Closing of kaleo's Transfer Books. At the Effective Time, holders of certificates representing shares of the kaleo Capital Stock (other than Holdings) that were outstanding immediately prior to the Effective Time shall cease to have any rights as shareholders of kaleo, and the stock transfer books of kaleo shall be closed with respect to all such shares of such capital stock outstanding immediately prior to the Effective Time. No further transfer of any such shares of the kaleo Capital Stock shall be made on such stock transfer books after the Effective Time. If, after the Effective Time, a valid kaleo stock certificate is presented to the Surviving Corporation or Parent, such kaleo stock certificate shall be cancelled and shall be exchanged pursuant to the Merger Agreement.

8. Merger Agreement. Certain terms of this Plan of Merger are dependent on facts set forth in that certain Agreement and Plan of Merger, dated as of November 28, 2021, by and among Holdings, Intermediate, Parent, Merger Sub, kaleo and Shareholder Representative Services LLC, a Colorado limited liability company (as it may be amended from time to time, the "Merger Agreement"), a copy of which is available for inspection by any holder of kaleo Capital Stock or any shareholder of Merger Sub at the principal executive offices of kaleo. In the event of any conflict between the terms of this Plan of Merger and the Merger Agreement, the Merger Agreement shall, to the fullest extent permitted by the VSCA, prevail. Capitalized terms used but not defined in this Plan of Merger shall have the meaning given in the Merger Agreement.

9. Further Assurances. If, at any time after the Effective Time, any further action is determined by Parent to be necessary or desirable to carry out the purposes of the Merger Agreement or to vest the Surviving Corporation or Parent with full right, title and possession of and to all rights and property of Merger Sub and kaleo, the officers and directors of the Surviving Corporation and Parent shall be fully authorized (in the name of Merger Sub, in the name of kaleo and otherwise) to take such action.

Amendment. At any time prior to the Effective Time, this Plan of Merger may be amended by kaleo and Parent, whether before or after receipt of the approval of the shareholders of kaleo; *provided, however*, that following approval of the Merger by the shareholders of kaleo, there shall be no amendment or change to the provisions hereof that by applicable law would require further approval by the shareholders of kaleo, including to effect any of the changes listed in §13.1-716E of the VSCA

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 810006636

Application/License No. _____

kaleo, Inc. (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 111 Virginia Street, Suite 300, Richmond, Virginia 23219 (Address of Applicant/Principal), as PRINCIPAL, and Atlantic Specialty Insurance Company (Surety Company), a corporation organized under the laws of the state of New York (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is One State Street Plaza, 31st Floor, New York, NY 10004 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on November 01, 2020 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 25th day of September, 20 20.

Re: In-State North Carolina Registration Requirements

To Whom It May Concern:

The North Carolina Department of Agriculture, Food and Drug Protection Division is responsible for the registration and licensing of all firms engaged in the manufacturing or wholesale distribution of prescription drugs within the state of North Carolina. Our present interpretation of our General Statutes does not require a license for the distribution of medical devices, unless that device contains a prescription drug and does not have the 510K FDA clearance. Myco Medical Supplies is a wholesale distributor for products defined by the FDA as medical devices and maintains establishment registration FEI# 1000158634 to distribute. It is my understanding that Myco Medical Supplies handles devices that would not be considered human prescription drugs, and by the classification as a medical device, Myco Medical Supplies is not required to maintain a license as a Wholesale Prescription Drug Manufacturer as required by NCGS Article 12 (Food, Drugs, and Cosmetics) §106-140.1(a) or as a Wholesale Prescription Drug Distributor as required by NCGS Article 12A (Wholesale Prescription Drug Distributors) §106-145.3 (a).

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. BND 179588N

Application/License No. _____

MYCO Medical Supplies, Inc. (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 2015 Production Drive Apex, NC 27539 (Address of Applicant/Principal), as PRINCIPAL, and Westfield Insurance Company (Surety Company), a corporation organized under the laws of the state of Ohio (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is One Park Circle, PO Box 5001 Westfield Center, OH 44251-5001 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on October 1, 2021 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 29th day of September, 2021.

(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.

(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.

(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.

(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.

(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.

(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 9th day of February, 2022.

Explanation of Alabama Consent Decree

OrthogenRx Inc. ("OrthogenRx") renewed its license in Alabama in December 2020 showing changes in their shareholder's percentages. The renewal was not approved before the expiry date of Dec. 31, 2020. OrthogenRx was unaware and continued to ship product into Alabama. Alabama contacted OrthogenRx after the first of the year and requested clarification of the ownership percentages. Alabama then requested a change of ownership application, which was filed on March 8, 2021.

Alabama determined that OrthogenRx was selling their product in Alabama without a license during the 3-month time between the renewal and the license reinstatement and assessed a fine. The events were reviewed in Alabama between OrthogenRx's attorneys and the Alabama Board. The Consent Order was not finalized until November 2021. It was received by OrthogenRx in December 2021.

CONSENT ORDER

THIS MATTER comes before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on a complaint against Orthogenrx, Inc, which resulted in the filing of a Statement of Charges and Notice of Hearing ("Statement"), alleging violations of the Alabama Pharmacy Practice Act. These allegations with particularity are set out in the Statement which is attached hereto as **Exhibit "A."**

Prior to a hearing in this cause, and pursuant to Code of Alabama (1975) §41-22-12(f), the Board through its counsel and Orthogenrx, Inc, through its counsel, engaged in negotiations and as a result, the matters at issue were resolved informally by the parties who agreed to the entry of this Consent Order which includes the following terms:

1. The Board finds that Orthogenrx, Inc violated the applicable provisions of law based upon the conduct set out in Count One of the Statement.

2. Orthogenrx, Inc shall pay to the Board an administrative fine in the amount of One Thousand Five Hundred dollars ($1,500.00) within thirty (30) days of the effective date of this Order which is the date it is executed on behalf of the Board. This obligation of payment to the Board shall not be dischargeable in bankruptcy and Orthogenrx, Inc shall not attempt to discharge the same in any bankruptcy proceeding.

3. That Orthogenrx, Inc expressly waives its rights pursuant to the Alabama

OrthogenRx, Inc., p. 17

Pharmacy Practice Act, the Alabama Administrative Procedures Act and the Alabama Uniform Controlled Substances Act, including but not limited to the Code of Alabama (1975), §34-23-34 and §34-23-92(12), Code of Alabama (1975), §41-22-12 and §40-22-20 and Code of Alabama (1975), § 20-2-50 et seq., and including but not limited to the opportunity for a hearing before the Board in connection with any charges against it and any judicial review. Orthogenrx, Inc further waives any objection to the attorney for the Board preparing, drafting or making this Order, including the waiver of any objection or right pursuant to Code of Alabama (1975), §41-22-18.

4. By execution of this Consent Order, Orthogenrx, Inc hereby releases the Board, its members, agents, representatives, servants and employees from any and all liability, claims, damages, fees or expenses arising out of or made in connection with the matters relating to this Consent Order and Statement.

5. Orthogenrx, Inc acknowledges and agrees that any future violation of the Alabama Pharmacy Practice Act, the laws that regulate the sale and/or dispensing of prescription or legend drugs and/or narcotics or any Rules and regulations of the Alabama State Board of Pharmacy or the pharmacy law or rules of the Board of Pharmacy of another state or any other applicable laws may, upon proof and hearing thereof, result in further disciplinary sanctions against Orthogenrx, Inc's permit, including, but not limited to revocation.

6. That Orthogenrx, Inc acknowledges, stipulates and agrees that it has read this Consent Order and that it fully understands the terms, conditions and contents of the same. Orthogenrx, Inc acknowledges, stipulates and agrees that it voluntarily and of its own free will accepts the terms and conditions set out in this Consent Order and is

This Power of Attorney is made and executed pursuant to and by authority of the following By-laws and Authorizations of The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company which resolutions are now in full force and effect reading as follows:

ARTICLE IV – OFFICERS: Section 12. Power of Attorney.
Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and execution of any such instruments and to attach thereto the seal of the Corporation. When so executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

ARTICLE XIII – Execution of Contracts: Section 5. Surety Bonds and Undertakings.
Any officer of the Company authorized for that purpose in writing by the chairman or the president, and subject to such limitations as the chairman or the president may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Company by their signature and execution of any such instruments and to attach thereto the seal of the Company. When so executed such instruments shall be as binding as if signed by the president and attested by the secretary.

Certificate of Designation – The President of the Company, acting pursuant to the Bylaws of the Company, authorizes David M. Ceray, Assistant Secretary to appoint such attorneys-in-fact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization – By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Renee C. Llewellyn, the undersigned, Assistant Secretary, The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company do hereby certify that the original power of attorney of which the foregoing is a full, true and correct copy of the Power of Attorney executed by said Companies, is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Companies this 8th day of March, 2022.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 022231117

Application/License No. _____

AVANOS MEDICAL, LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 6620 South Memorial Place Tucson, AZ 85756 (Address of Applicant/Principal), as PRINCIPAL, and LIBERTY MUTUAL INSURANCE COMPANY (Surety Company), a corporation organized under the laws of the state of MA (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 175 Berkeley Street Boston, MA 02116 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on June 1, 2021 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 1st day of June, 2021.

This is in response to Question # 6 **. Provide all the following *where applicable*:**

Date of Event/Arrest	Disposition Date	State	City	County
06/2019	06/2020	AL	Birmingham	USA
Case #		**Governing, licensing, Arresting Presiding Body/Agency/Court**		
		AL Board of Pharmacy		
Reason/Charge				
Violation of BOP Code of Conduct				
Plaintiff/Defendant/Claimant/Respondent		**Lawsuit/Arbitration/Bankruptcy**		
Name of Business/Industry/Entity				
B&B Pharmaceuticals, Inc				

Provide explanation below:

B&B Pharmaceuticals, Inc received a warning letter from the FDA on June 4, 2019. The warning letter indicated concerns regarding B&B's adherence to cGMP guidelines. B&B's received a closeout letter on 02/10/2020 and subsequent ISO:9001 2016 certification in July of 2020. The Alabama Board of Pharmacy, however, had issue with the warning letter. They claimed that violating cGMP guidelines is a violation of the Code of Conduct and thus B&B was subject to penalties. Although I did appear in front of the board, the organization that owned B&B shut the company down before a settlement was made, so far as I know.

AB128 CERTIFICATION OF COMPLETION OF ANNUAL AUDIT MONITORING COMPLIANCE WITH CODE OF CONDUCT FOR MANUFACTURERS AND WHOLESALERS OF DRUGS, MEDICINES, CHEMICALS, DEVICES, OR APPLIANCES

Name of Company: Pharma Source Direct, Inc.
Street Address: 8591 Prairie Trail Drive Ste# C600
City: Englewood State: CO Zip Code: 80112
Telephone Number: 303-997-5506
Name of Person Completing Form: Jason Dassinger Title: President

(Circle business model type) **Wholesaler**

Please indicate your business type (check all that apply-fill out form on appropriate page):

Manufacturer or Wholesaler of Drug, Medicine, or Chemical	☒	Page 3
Manufacturer or Wholesaler of Device or Appliance	☐	Page 4

Does your company use one of the two model codes of conduct [*Code of Interactions with Healthcare Professionals* by PhRMA (for manufacturers or wholesalers of drugs, medicines, or chemicals) or *Code of Ethics on Interactions with Health Care Professionals* by AdvaMed (for manufacturers or wholesalers of devices or appliances)] without modification? The Board accepts the current or the prior model Code of Conduct for PhRMA or ADvaMed.

Yes ☐ Adopted without modification. Fill out the questions on training and investigative polices on the form page noted above, based on your business type, and submit with this page. You do not need to fill in the check boxes for modified codes of conduct. You do not need to submit a copy of your Code of Conduct.

No ☒ Attach a copy of your Code of Conduct. Your initial submission of your Code of Conduct must address the subjects noted on page 3 or 4 depending on your business type. On subsequent annual submissions fill out the form on the page noted above, based on your business type, and submit with this page. Fill out the questions on training and investigative polices. Answer yes or no to the elements check boxes. If your company made a change to any element, describe the changes in a separate document. If your company did not submit a certification the prior year or was not deemed compliant the prior year, your company must submit your current code.

Your company needs to provide a complete overview of investigation of instances of noncompliance and training program. These two submissions must be submitted annually even if no changes were made. If changes were made, describe the changes.

Section 1, subsection 1 (d) AB128 Adopt policies and procedures for investigating instances of noncompliance with the marketing code of conduct, including, without limitation, the maintenance of effective lines of communication for employees to report noncompliance, the investigation of reports of noncompliance, the taking of corrective action in response to noncompliance and the reporting of instances of noncompliance to law enforcement authorities in appropriate circumstances.

Adopt a training program to provide regular training to appropriate employees, including, without limitation, all sales and marketing staff, on the marketing code of conduct.

Pharma Source DIRECT	Standard Operating Procedure Sales and Marketing Code of Conduct	Department Sales	Page 1 of 5
	Document Number PSD-SOP-0054	Version 2.0	Effective Date 17 Mar 2022

1.0 PURPOSE

The purpose of this procedure is to clearly define a code of conduct serving as a guide for sales and marketing activities at Pharma Source Direct, Inc. The code of conduct will establish parameters for communication to the Pharma Source Direct, Inc. customer base and other pharmaceutical compounding industry professionals.

2.0 SCOPE

This document applies to general conduct, communications, and interactions by Pharma Source Direct, Inc. employees with other industry professionals.

3.0 RELATED PROCEDURES/REFERENCES

3.1. The PhRMA Code on Interactions with Health Care Professionals https://phrma.org/-/media/Project/PhRMA/PhRMA-Org/PhRMA-Org/PDF/P-R/PhRMA-Code--Final.pdf

6.0 PROCEDURE

6.1. Training Requirements

6.1.1. Per various state BOP requirements, applicable personnel are required to complete documented training on this procedure at least annually.

6.2. Background

6.2.1. AB 128, Statutes of Nevada Chapter 409 (effective October 1, 2007) requires that all wholesalers or manufacturers who employ a person to sell or market a drug, medicine, chemical, device, or appliance in Nevada must comply with certain requirements regarding their marketing practices.

6.2.2. Pharma Source Direct is a wholesaler of commoditized active pharmaceutical ingredients and supplies used to create compounded medications for patients with existing prescriptions. Because Pharma Source Direct conducts business transactions with the compounding pharmacists, traditional 503A, and 503B outsourcing facilities and NOT prescribing physicians, Pharma Source personnel, at no time in the sales cycle, interact directly or indirectly with prescribing physicians or other prescribing health care professionals, and therefore do not influence their prescribing habits at any time.

6.2.3. In the event the Pharma Source Direct scope of business is changed to include interactions with prescribing physicians and other prescribing health care professionals, Pharma Source has chosen to adopt the PhRMA Code on Interactions with Health Care Professionals for any and all interactions with prescribing health care professionals. The PhRMA Code on Interactions with Health Care Professionals can be found here: https://phrma.org/-/media/Project/PhRMA/PhRMA-Org/PhRMA-Org/PDF/P-R/PhRMA-Code---Final.pdf

6.3. Conduct

6.3.1. Pharma Source Direct, Inc., in the spirit of ensuring its employees conduct themselves and business operations with the utmost integrity, is committed to establishing and maintaining the highest ethical standards in its sales and marketing practices and communications to create reciprocal, mutually beneficial, and long-lasting business relationships within and beyond the pharmaceutical compounding industry. As sales and marketing professionals, Pharma Source

Direct, Inc. personnel recognizes a responsibility to not only the company, but also to the Pharma Source Direct, Inc. customer base, the medical community, and society in general. Pharma Source employees will not have any direct communications with any Prescribing Doctors. Thus, Pharma Source personnel would be unable to sway prescribing habits of any physician. As ambassadors of the Pharma Source brand and representatives of the pharmaceutical compounding industry, Pharma Source Direct sales & marketing personnel will also conduct themselves according to the following criteria when communicating and interacting with other industry professionals:

6.3.2. Adopt and embrace the "Do no harm" philosophy in all Pharma Source sales, marketing, and general business operations.

6.3.3. Observe and adhere to all applicable federal and state laws and/or regulations.

6.3.4. Communicate in a manner that does not mislead or misrepresent our organization's products, services, capabilities, or intent.

6.3.5. Create and maintain an environment of trust for our customers and other industry professionals.

6.3.6. Make no general claims regarding the efficacy of a product in the treatment of medical conditions unless supported by scientific evidence, peer reviewed studies, or other acceptable data.

6.3.7. Make no claims or promises, regarding services, that cannot be realistically delivered or otherwise substantiated.

6.3.8. Create an all-inclusive environment for members of our customer base, peers, and other industry professionals by avoiding any discrimination based on economic status, gender, age race, religion, sexual orientation, and/or other discriminating factor(s).

6.3.9. Acknowledge the individual differences of our customers, peers, and other industry professionals and avoid representing individuals in a negative or derogatory fashion based on economic status, gender, age race, religion, sexual orientation, and/or other discriminating factor(s).

6.3.10. Keep our customer's best interest(s) in mind in the sales and marketing process(es).

6.3.11. Utilize fair market pricing practices when determining prices for goods and services, avoiding price gouging or other predatory pricing practices.

6.3.12. Exercise the utmost transparency regarding the marketing and sale of potentially dangerous products.

6.3.13. Be continually aware of, respect, and protect customer information and privacy.

6.3.14. Never sell or compromise customer information.

6.3.15. Always honor customer opt-outs from sales and marketing communications in a timely fashion.

6.3.16. Refrain from talking poorly of competitors.

6.3.17. Avoid commentary on politics and/or other divisive social issues that could alienate customers.

6.3.18. Always be an advocate for and support the industry in which we operate within.

6.3.19. Behave in a manner that is environmentally conscious and responsible.

6.3.20. Giving lavish, high-value, or solicitous gifts, gifts that may be considered bribes, or gifts intended to sway business decisions and/or prescribing habits is prohibited.

6.3.21. Refrain from giving gifts of any kind to government officials or corporate officers.

7.0 RECORDS

7.1. Copies of disciplinary related documentation related to a Pharma Source Direct, Inc. employee's deviation from the conduct described in this document will be stored in the employee's official employment folder.

7.2. This document will be reviewed and amended on an as needed basis by Pharma Source Direct management or designee(s).

7.3. Training records are retained per PSD-SOP-0017 *Record Retention*.

This bond term shall become effective on APRIL 12TH, 2022 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 12TH day of APRIL, 2022.

B&B Pharmaceuticals Inc.

CONFIDENTIAL
July 17, 2019
CDR Steven E. Porter, Jr.
Director, Division of Pharmaceutical Quality Operations IV
19701 Fairchild Road
Irvine, CA 92612

Subject: Response to warning letter unique identifier CMS 570613

Dear Mr. Porter,

This letter and the accompanying attachments are provided in response to the Warning Letter CMS 570613, issued to B&B Pharmaceuticals (B&B) on June 4, 2019. B&B understands the seriousness of the observations listed in the referenced Warning Letter. We sincerely appreciate your time and diligence in your site visit to audit our facility, as well as the input and constructive feedback received during the inspection that assisted in our continuous improvement within our production and quality systems.

We are committed to addressing not only the points mentioned in this letter, but also the systemic issues that led to these specific observations. B&B recognizes the necessity of separation between Operations and Quality. In March 2018, B&B employed 9 full time employees. Of the 9 employees, 2 employees were dedicated to operations (procurement, production, warehouse) and quality which resulted in overlap of duties. According to the guidance "Quality Systems Approach to Pharmaceutical CGMP Regulations", "... the QU will remain independent. In very limited circumstances, a single individual can perform both production and quality functions ...". B&B now employs 14 fulltime employees and has greatly increased its commitment to quality staffing. Out of the 14 employees, B&B now has 5 persons in operations roles and 1 dedicated person within the QU, as defined in the following table:

	March 2018	January 2019
Total Employees	9	14
Employees (Operations/Quality)	2	5
FTE committed to quality	0.5	1.5
% Quality	6%	11%

All duties within the operations department continue to have QU oversight throughout procurement, receiving, repacking, and shipment of APIs. Our responses will indicate immediate actions completed as well as remediation strategies to establish a more robust quality management system and holistic controls to ensure quality and compliance. This robust quality management system will ensure B&B's commitment to continuous compliance and improvement, as well as effective controls that will prompt investigations upon events or failure with actions to prevent reoccurrence. We will provide updates to the Agency each calendar month regarding our progress on the actions specified in our response.

B&B Pharmaceuticals Inc.

In addition, B&B has hired a cGMP consulting group, Clarke Solutions, per the recommendation of FDA. Clarke Solutions was hired on June 28, 2019 to review B&B's Quality Management System, overall Cleaning Validation, and adherence to current industry standards. Please see Attachment 1 for the resumes of Clarke Solutions employees who assisted in the review of B&B's systems.

During the inspection, B&B inadvertently provided an internal list of NDC's which had typographical errors. We have investigated our ERP, Labels, and NDC registration, and confirmed that all are correctly registered for Nandrolone Decanoate and Testosterone Propionate. See Attachment 2 for this documentation.

Below you will find our responses to your concerns addressed in the aforementioned Warning Letter CMS 570613. B&B will continue to ensure compliance to current Good Manufacturing Practices as defined in 21 CFR § 210-211, ICH Q7, and "Quality Systems Approach to Pharmaceutical Current Good Manufacturing Practice Regulations." Again, we appreciate the opportunity to improve our procedures based on your observations.

Sincerely,

Matthew Johnson
President, B&B Pharmaceuticals

B&B Pharmaceuticals Inc.

1. Failure of your quality unit to exercise its responsibility to ensure the API manufactured at your facility are in compliance with cGMP.

The warning letter states:
For example, your QU failed to thoroughly investigate complaints regarding sub potent API (e.g., progesterone and meperidine) and failure to meet particle size specifications. Your investigations did not determine the cause of these quality issues. You also failed to routinely notify the original API manufacturer about complaints.

RESPONSE

Immediately following the inspection, B&B recognized that the complaint procedure was inadequate based on the lack of definitive oversight and follow through of standard investigations, such as root cause identification, risk assessment, or corrective and preventive action. B&B then took action to implement a revised SOP. We trained our employees on the updated B&B SOP: *Complaints* on November 28, 2018.

The three referenced complaints all occurred before this major change in our complaint procedure and implementation of the revised SOP. We also recognized that older complaints did not appropriately summarize root cause, risk, and actions in a way that meets best practices to determine risk to patient. See below (and attached copies of these complaints, Attachment 3) for interpretation of these complaints.

Progesterone (Lot Number: 18E10-BB01-PR00426):
Dated 7/27/18 by Hotze Pharmacy

Complaint: Customer tested capsules compounded from Progesterone purchased from B&B for assay of Progesterone. The result of the assay was 93%.

Investigation: Hotze sent the raw material to a contract laboratory for testing and the results received were within USP specifications which measured at 98.3%. The results of this test are included (See attachment 3)

Root Cause: Based upon the information provided by the customer, it was determined to be a compounding error.

Conclusion: After further review and risk assessment of this complaint in July 2019, it was determined that this was a customer formulation error and therefore no internal CAPA was initiated. The raw material potency did not degrade and still met USP specifications.

Meperidine (Lot number: 15L30-BB01-PR00034):
Dated 4/25/16 by Pencol Compounding Pharmacy

Complaint: Customer's final release testing resulted in sub-potent results.

Investigation: The customer had compounded with the API, then had their product tested and reported sub-potent results. B&B contacted their primary external laboratory and learned that the lot of product in question had been analyzed according to the entire USP monograph "earlier last month". The product met all specifications, and the assay was 99.3%. The full laboratory testing and results were provided to the customer (See Attachment 3). The customer informed B&B that they were going to confirm that their process and weights were correct. There was no further response from the customer.

Root Cause: Based upon the information provided by the customer, it was determined to be a compounding error.

Conclusion: Customer was contacted and had no additional follow-up. After further review and risk assessment of this complaint in July 2019, it was determined that this was a customer formulation error and therefore no internal CAPA was initiated. The raw material potency did not degrade and still met USP specifications.

Failure to meet particle size specifications for Estradiol (Lot number: 17L05-BB02-PR00367):

Dated 4/25/18 by Asteria Health

Complaint: Particle size is too far outside their specifications

Investigation: B&B sells Estradiol USP, non-micronized. There is no specification in the USP monograph for particle size nor did the client provide specifications. A visual inspection was performed on the material in question and upon comparison between lots it was determined that this lot had a smaller particle size.

Root Cause: Lot to lot variability.

Conclusion: It was determined that neither B&B nor the USP have particle size specifications for this material. Further, the customer did not provide their specification to B&B before purchasing this material. After further review and risk assessment of this complaint in July 2019, it was determined that this was not a quality complaint issue. The complaint was without merit since the customer did not provide specifications to B&B on particle size. Additionally, no other customer complaints were received on this lot of material. Currently B&B does not require particle size specifications to be provided by the manufacturer. B&B has determined that a CAPA will not be initiated for customer preference-related complaints.

B&B does recognize that SOP: *Complaints* (Attachment 4) did not state when a manufacturer should be notified, and this has been updated per MOC-19-0017. Per the additional review of the three mentioned complaints, B&B determined that the original decision to not notify the manufacturer was supported by the conclusions listed above since no safety or quality concerns were identified with the raw API.

In order to demonstrate the progress in investigational competency and complaint processing, we have attached complaint COMPL00025 for your review (Attachment 5). This complaint procedure was implemented and trained on November 28, 2018 and has been further refined as noted above.

FDA requested actions:

- A comprehensive assessment with corrective actions and preventive actions (CAPA) to ensure your QU is given the needed authority and resources to effectively discharge its functions. The assessment should also include, but not be limited to:
  - a determination of whether procedures used by your firm are robust and appropriate
  - provisions for QU oversight throughout your operations to evaluate adherence to appropriate practices
  - complete and final review of each batch and its related information prior to the QU disposition decision
  - oversight and approval of investigations and discharging of all other QU duties to assure identity, strength, quality, and purity of all products
- A comprehensive, independent assessment of your overall system for investigations of deviations, atypical events, complaints, out-of-specification results, and failures. Your CAPA should include but not be limited to improvements in investigation competencies, root cause analysis, written procedures, and quality unit oversight. Also include your process for evaluating CAPA effectiveness.

RESPONSE

B&B recognized the gaps within the Quality Unit, immediately took steps after the initial FDA audit to ensure the Quality Unit is separate, and is implementing procedures to ensure the authority and oversight of QU. We continue to monitor the effectiveness of decisions and procedures implemented.

Attached is the CAPA (Attachment 6) demonstrating the root causes as well as a risk assessment performed.

Actions taken by B&B:

Immediately after the inspection of our facility, B&B took action to identify and secure a senior member of our North American Quality team, Joshua Radke, PhD (Attachment 7), to act as the interim Quality Manager and ensure proper separation between our Quality and Operations departments. Dr. Radke was responsible for all quality management until a qualified full-time employee was hired in December 2018.

B&B filled the Operations Manager and Quality & Regulatory Affairs Manager positions in December 2018 and January 2019 respectively to ensure and establish separation of the Operations and Quality Departments. Both managers have the expected experience and background in their respective fields. The Operations Manager has over 20 years in the medical device and pharmaceutical cGMP industries. The Quality Manager has over 9 years in cGMP and ISO accredited facilities (Attachment 7).

B&B Pharmaceuticals Inc.

In January, the new Quality Manager reviewed all documents and processes within B&B and discovered gaps in the definition of responsibility of the Quality Unit. While working on all action items given to the FDA in response to the initial 483, Quality has been authoring and updating additional SOPs to further define procedures within the Quality Management System and enhance training on the newest SOPs. B&B will continue to enhance the Quality Management System throughout the remainder of 2019.

Please see below for the additional actions B&B will take or has taken to ensure QU oversight and responses to the first observation listed in warning letter.

- B&B will create an addendum (Attachment 8) to the Corporate Quality Manager Job Description. B&B is a small company that requires additional qualifications in QU personnel to ensure correct QU oversight and a more complete skillset. The addendum will contain:

    - Specific qualifications which could include, but are not limited to, experience, work history requirements, preferred skills, etc.
    - Core competencies required to perform the job

    In addition, hiring and annual performance reviews will be completed by NA Quality Management and B&B General Management.

    Target Date: Completed

- QU separation from Operations and Production.

    - Please see attached Organizational Chart (Attachment 9)

    Target Date: Completed

- B&B is currently updating and creating procedures that include QU oversight and effectiveness monitoring. Additionally, in order to ensure effectiveness of the newly established Quality Management System, a recurring leadership review will be performed per SOP: *Annual Review* and is documented in the Periodic Quality Review (PQR). The PQR will contain a complete review of complaints, investigations, CAPAs, Deviations, Recalls, Internal Audits, and OOS. The SOPs include:

    - Management of Change (MOC)
    - Corrective & Preventive Action (CAPA)
    - Deviations
    - Out of Specification (OOS)

    Target Dates:

    - **Management of Change: Completed**, Attachments 10, 11

- **Corrective & Preventive Action (CAPA): Completed,** Attachments 12, 13
- **Deviations: Completed,** Attachments 14, 15
- **Out of Specification (OOS): July 31, 2019**

Please see Attachments (10 - 15) for completed SOPs and associated forms, as applicable.

- Review of additional batch records (all product that was in date at the time of the FDA inspection), with analysis of errors found.

  Target Date: July 31, 2019

- Review and provide analysis of the three complaints listed within the Warning Letter: Progesterone and Meperidine sub potency, and Estradiol particle size, see above.

  Target Date: Completed

- Review and analysis of all complaints from 2014 – 2016. This will extend the review period to be 5 years, which is the maximum expiration period of the APIs B&B carries.

  Target Date: August 15, 2019

- Additional Actions:

  - To continue to ensure the QU is up to date on current industry standards, B&B will invest in quality training seminars for QU at least once per year. Quality training could include but is not limited to RCA, CAPA, Auditing, Nonconformance, Right First Time, etc.
  - B&B will begin implementing Master Control per our Corporate Quality Directive starting with training and documentation by Q2 2020. In addition, B&B will implement ISO 9001:2015 accreditation with a target date of end of Q2 2020.

2. Failure to adequately validate written procedures for the cleaning and maintenance of equipment.

Requested Actions:

- Provide a comprehensive retrospective review of the adequacy of your cleaning procedures and practices, cleaning validation strategy, and adequacy of any validation studies conducted, for each piece of manufacturing equipment used to manufacture more than one product.
- A summary of updates to your cleaning validation protocol to better incorporate conditions identified as worst case. This should include, but not be limited to:
  a. evaluating API that are of highest toxicity
  b. assessing API of the lowest solubility in your cleaning solvents
  c. evaluating API with characteristics that make them difficult to clean

d. swabbing equipment locations that are most difficult to clean

- A summary of the revisions you made to SOPs, or new SOPs that ensure an appropriate program is in place to verify and validate cleaning procedures for new products, processes, and equipment.
- A risk assessment to determine the effect of inadequate cleaning practices on all potentially affected lots of API you distributed. This assessment should include, but not be limited to, an analysis of retains of all lots at risk for potential cross-contamination. Specify what actions you will take, such as notifying customers and recalling products, if your risk assessment indicates that your drug products may be compromised by your inadequate cleaning procedures.

RESPONSE

B&B has opened CAPA-19-0002 Cleaning Validation with regard to this observation (Attachment 16). B&B acknowledges that the 2008 cleaning validation provided during the inspection did not meet current best practices. Specifically:

- It did not include a hold-time component
- Signed copies were not available
- B&B procedures changed to use 70% IPA in the final cleaning step, instead of the 90% used in the cleaning validation study

B&B completed a cleaning validation, and then updated and trained on the modified procedures. This validation showed that B&B's cleaning procedure reduces residue to less than 2% of the calculated maximum allowable carryover (MAC). Note that this cleaning validation uses 70% IPA in the final step as specified in "Cleaning Validation 1.0", as was being performed at B&B at the time of the inspection. This was completed on May 17, 2019 and communicated to the agency on May 23, 2019.

The agency is concerned that B&B did not adequately conduct a retrospective risk assessment based on the change of IPA concentrations. B&B has performed a 10-day dirty hold time study and found that cleaning effectiveness is not decreased by dirty hold time over 10 days.

The cleaning validation is attached for the agency's review (Attachments 17, 18, 19). This validation addresses the following:

- The calculated MAC is based on B&B's most potent API
- The cleaning validation uses two chemical probes at extremes of water: octanol solubility; these chemically represent lowest solubility in any arbitrary cleaning system
- All products used at B&B are powders. The cleaning validation does address the shape of primary contact surfaces as potentially affecting cleaning difficulty.
- Since there is only one product contact surface, stainless steel, this was sampled directly after worst case contamination and worst-case cleaning.

- The cleaning validation demonstrated that for the two chemical probes, residue at the MAC is clearly visible to the unaided eye in normal office lighting.
- The MAC was calculated with a safety factor of 1000, as detailed in the cleaning validation, which accounts for potentially unrecognized factors.

In retrospect, the full cleaning validation as outlined above, as well as the follow-up hold time studies, demonstrate that the cleaning procedures used both before and after the inspection adequately reduce residues to acceptable amounts. Based upon the acceptable results of the newly performed cleaning validation and hold time study, no risk to quality or safety was identified due to the previous performance of cleaning activities.

However, B&B has conducted a full fault tree analysis/process flow (see "FTA-Process flow – Cleaning", Attachment 20) and calculated failure risk as follows:

- Table 1 lists cleaning steps and estimated worst-case failure frequency. For this analysis, we consider any cross-contamination failure to be of highest risk, and therefore do not explicitly treat severity or detectability. A potential cleaning failure is based on a single day's worth of activity.

Table 1

Step	**Failure rate (1 in x)**
Validated cleaning of primary product contact surfaces (before each repack)	procedure considered validated to 5σ level (1 in 4,300)
Soap and water cleaning of primary product contact surfaces	5
Dishwasher cleaning of primary product contact surfaces	5
Validated cleaning of primary product contact surfaces (after each repack)	procedure considered validated to 5σ level (1 in 4,300)
Non-contact cleaning of work surfaces, balance, utensils with Alconox	2
Non-contact cleaning of work surfaces, balance, utensils with IPA	2
Removal of all waste disposal after each repack	2
Secondary inspection of cleaning for visible residue	5

- All rooms and utensils undergo at least all of the above steps for each repackaging operation. The product of risk reductions is one in 1.8×10^{10}: $(4300 \times 5 \times 5 \times 4300 \times 2 \times 2 \times 2 \times 5)^{-1}$ If we assign a safety factor of 10,000, this equates to one failure per 5000 years. B&B considers this an acceptable level of risk reduction when comparing to other industry risk tolerance such as sterility assurance levels (SAL) of 1×10^{6}.

Note that the cleaning validation was designed to account for extremes of cleanability, therefore, a per-product evaluation is already accounted for. The procedures updated are SOPs: *Repackaging Procedures* and *Cleaning Cleanroom* per MOC-19-0010 (Attachments 21 and 22). The updates more specifically describe the validated cleaning procedure to be used.

3. Failure to transfer all quality or regulatory information received from the API manufacturer to your customers.

Requested Actions:

1. A remediated program for generating CoA, including systems and procedures to assure that CoA issued by your firm include necessary original manufacturer information;

2. A retrospective review to determine how your failure to provide required information may have affected drug quality, and indicate any actions you have taken or will take, such as notifying customers, or invalidating previously issued CoA for any drugs still within their labeled retest dates; and

3. Examples of recently issued CoA that include specific information regarding the original manufacturer, including a copy of their original batch certificate.

RESPONSE

B&B understands the critical importance of supply chain accountability and transparency. B&B has opened CAPA-19-0003 CoA Observation (Attachment 23). While it has always been the practice of B&B to provide original manufacturer information upon request, B&B recognizes and concedes the Agency's position regarding providing original manufacturer information on B&B CoAs and providing manufacturer CoAs via B&B's website for customer download.

Despite B&B's agreement to provide original manufacturer information, as demanded by the Agency and discussed above, B&B believes that its prior practice of including a unique manufacturer identification code on each CoA was: (1) compliant with ICH Q7 11.43; (2) compliant with The International Pharmaceutical Excipients Council's *Certificate of Analysis Guide for Pharmaceutical Excipients;* (3) protects B&B trade secrets, as defined in 21 CFR 20.61; (4) consistent with longstanding industry practices; and (5) sufficiently protects supply chain accountability and transparency. B&B does not agree with the Agency's position on this issue and specifically reserves its objections, but nevertheless agrees to comply with the Agency's demands. Accordingly, B&B has initiated the following actions.

Actions Taken:

To demonstrate the omission of the manufacturer information from the CoA has no adverse effect on drug quality, B&B completed a retrospective review. The analysis reviewed all communications from bulk manufacturers that indicated a quality issue with lots of bulk material

supplied to B&B. Since 2014, there has been two such communications.

- In 2017, B&B received correspondence of a potential recall from a bulk material manufacturer, Qinhuangdao Zizhu, who identified quality issues with their Estrogens. Enclosed is the letter provided to our customers, "Estrogen Preliminary Notification Letter 4-5-17 (signed)", dated April 4, 2017 (Attachment 24), where we inform them of a potential recall of Estriol. The classification of this recall on the FDA website did not occur until April 11, 2017. The information provided to the customers by B&B was prior to any information they would have obtained independently, had they known the manufacturer of the bulk material.

- On December 10, 2018, B&B was informed by a manufacturer, AreviPharma, of Ketamine HCl that there had been a stability failure. A series of meetings revealed that the failure was due to an internal (to the manufacturer) specification for color of solution, and that the material still met both USP and EP specifications for color of solution. No explanation was given, and all product still met all USP requirements. Out of an abundance of caution, all product was destroyed. Soon after notification, all customers were identified, in case there was evidence of the need to contact them. B&B was prepared to provide notification to all customers prior to any action by the FDA or the manufacturer.

Target Date: Completed

Action:

B&B's Information Technology (IT) will change the code in the ERP system. This action will replace the existing reference to the name and address of the original manufacturer. This will then reflect the full text of the name and address of the original manufacturer on all CoA's created for APIs repackaged at the site per MOC-19-0019.

Target Date: October 1, 2019

Action:

Provide prototype copy of B&B's CoA's with manufacturer contact information included.

Target Date: October 1, 2019

Action:

B&B's IT will create a code that will allow B&B to link the manufacturer's CoA to the B&B lot-specific CoA. Currently the manufacturer's CoA is not available in an electronic format. API currently in stock have been identified. This produced a list of 41 bulk lots. The manufacturer CoA's of these lots will be scanned into a data base that can be accessed by our ERP system and uploaded to the B&B website for customer retrieval or provided in each shipment per customer request.

This concludes our official response to the Warning Letter CMS 570613. Below, please find a table showing which observations and responses were completed per the initial FDA Form 483 received October 30, 2018.

Table 2

Observation number	Task	Status
1a-c	Cleaning Validation Protocol and SOPs: 24. *Repackaging Procedures* and 25. *Cleaning Cleanroom*	Cleaning Validation, associated SOP updates for 24. *Repackaging Procedures* and 25. *Cleaning Cleanroom*, and training are complete in May 2019.
1d	Cleaning Log updates	Log revisions to require review and visual verification per SOP 25 Cleaning Cleanroom completed November 2018.
2a, c	Update SOP No. 19 *Master Production Record*	SOP update and documented training completed February 2019. A trained quality employee will review and approve or reject each batch record and associated data generated before final release of product.
2b	Review of 2017 and 2018 batch records	Completed in February 2019. During batch record review, the majority of findings were due to lack in GDP controls and training. As a result, right-first-time tracking was implemented in April 2019 and will be trended to determine if GDP training was effective, GDP training was conducted on July 11 and July 16, 2019. GDP training will be performed at 1st hire and annually (attachment 25).
3a	QC checks of repacked bottles-initials and dates	Implemented and training completed November 2018
3b	Review status of all stability studies	Completed February 2019. B&B had their enclosures for tested to ensure the quality

		of product was not affected by external elements to maintain the 5 year dating on all products per USP <1178>. In addition to the requirements of ICH, B&B tests all API's within the enclosures to ensure stability. During the review of stability studies, 19 were incomplete or needed to be evaluated; B&B will create a schedule to send the material for testing, once a laboratory passes all requirements needed by B&B.
3c	IQ/OQ/PQ for balances and printers approved along with updated Balance Calibration Logs and SOP.	SOP 46 *Balance Calibrations* and calibration log completed November 2018. Scale and printer qualifications completed December 2018, review and Quality approval completed January 2019
4	Update SOP No. 19 *Master Production Record* and purchase, install, and qualify printers	Immediate Correction: The printers were installed and qualified in December 2018. Follow up Correction: SOP 19. *Master Production Record* was completed in February 2019.
5a	Quality Unit is not independent of production	Immediate Correction: An interim Quality manager was hired and the organizational chart was updated and completed in November 2018. Follow up Correction: A permanent Quality Manager was hired January 2019.
5b	Ensure that quality personnel, or designee are signing off on batch records	This was addressed with Observation 2b and Observation 4.
6	Create SOP. 47 *Complaints* and review of all registered complaints beginning Jan 1, 2017	Immediate Correction: SOP and documented training completed December 2018. Follow up Correction: Complaints review was completed in January 2019.
7	Finalize SOP. 12 *Receiving Inventory*	SOP and documented training completed November 2018.
8	Update SOP. 5 *Responsibilities of Quality* and conduct a PQR	Immediate Correction: Periodic Quality Review was completed in January 2019 and will be completed annually with a management review. Follow up Correction: The SOP completed in February 2019.
9	Update SOP 4. *Personnel Training* and conduct GMP training. Create SOP job responsibility matrix	Immediate Correction: SOP and GMP documented training completed November 2018. Follow up Correction: Matrix was completed January 2019.

B&B Pharmaceuticals Inc.

		cGDP and cGMP training will occur at first hire and annually.
10	Customers can request and obtain original manufacturer's CofA after signing an NDA	SOP 31 *Drug Pedigree* was provided in November 2018 specifies this process. B&B's CofA template was updated to included reference to the internal number of the appropriate manufacturer and provided February 2019.
11	Finalize SOP. 38 *Investigations* and training. Review unlogged SOP changes	Immediate Correction: SOP and documented training were completed November 2018. Follow up Correction: Review of unlogged changes to SOPs was completed January 2019. The updates were completed without being logged and were added retroactively.

Re: B&B Pharmaceuticals, Inc.; License #: WH01747

Dear Nevada Board of Pharmacy:

I am writing you in my capacity as Senior Vice President of Legal and Governmental Affairs for Fagron North America, which is the parent company of B&B Pharmaceuticals, Inc. ("B&B"). I oversee all legal and regulatory affairs for Fagron North America and B&B. The below correspondence provides background surrounding questions within the renewal application which is being submitted for the above-referenced license.

A warning letter sent by FDA to B&B on June 4, 2019 gave rise to a complaint by the Alabama Board of Pharmacy. B&B is currently working through the administrative process with the Alabama Board of Pharmacy, but does not anticipate any adverse action will be taken against its license. Nevertheless, because an administrative action is pending, B&B answered affirmatively to the question related to pending administrative action.

The FDA warning letter was generated solely on inspectional observations from a 2018 FDA inspection. It is important to note that FDA inspectional observations, including ones which gave rise to the warning letter, are explicitly not a determination by FDA that a violation of federal law occurred. Indeed, the FDA Form 483 itself states that it lists "inspectional observations and do not represent a final agency determination regarding [B&B's] compliance." In this matter, FDA did not take any action against B&B outside of warning B&B regarding certain observations made by FDA inspectors during the 2018 inspection.

Further, following additional interaction with B&B, FDA very quickly closed out the warning letter, noting that B&B was in compliance with federal law and FDA expectations. As the Nevada Board of Pharmacy is likely aware, 483 and warning letter closeouts are incredibly difficult to come by. The fact that this closeout came just eight months after the warning letter was issued is even more impressive and should be very compelling in your analysis of this matter.

Additionally, it is noteworthy that earlier this summer B&B passed audits by both VAWD/NABP[1] and National Quality Assurance, USA ("NQA"). The NQA inspection and assessment resulted in ISO:9001 2015 accreditation for B&B's superior Quality Management systems. ISO:9001 accreditation, a copy of which is attached to this correspondence, is a substantial accomplishment that is not common amongst wholesalers, repackagers, and other

[1] The documentary audit is complete. B&B is awaiting an in-person audit, which has been delayed due to COVID-19.

Subject: Monthly Update on Actions Taken in response to FDA Warning Letter CMS 570613 issued to B&B Pharmaceuticals on June 4, 2019

Dear Director Porter, Jr.,

B&B Pharmaceuticals has completed all promised actions and commits to meeting the quality standards established by the FDA.

Below, please find a summary below in Table 1 stating that all observations and responses have been completed. Specifically, the completed actions taken in observation 3c and 3d are the latest updates to our commitments to the Agency.

Table 1

Observation No.	Task	Status
1a	Review of additional batch records (all product that was in date at the time of the FDA inspection), with analysis of errors found.	A re-examination of product batch records with an expiration date of Oct 2018 or later was completed on 12-Aug-19.
1b	Review and analysis of all complaints from 2014-2016. This will extend the review period to be 5 years, which is the maximum expiration period of the APIs B&B carries.	The re-examination of all complaints from 2014-2016 was completed 14-Aug-19.
1b*	Update Complaints SOP	The Complaints SOP revision was completed with a reference to B&B OOS SOP, as well as additional clarification on potency results, was completed on 23-Sep-19.
1c	A review of the following complaints: Progesterone (Lot: 18E10-BB01-PR00426), Meperidine (Lot: 15L30-BB01-PR00034), and Estradiol (Lot: 17L05-BB02-PR00367	A thorough review and response was submitted to the FDA on 17-Jul-19.
1d	Oversight of the QU to ensure it is given the needed authority and resources to effectively discharge its functions.	A Job Description Addendum was created for the Quality Manager and finalized on 17-Jul-19. There is QU separation from Operations and Production depicted in our July 2019 Organizational chart. SOPs were created that include QU oversight:

B&B Pharmaceuticals Inc.

		Management of Change (finalized 12-Mar-19), Corrective & Preventive Action (finalized 27-Jun-19), Deviations (finalized on 17-Jul-19), Out of Specification (finalized on 20-Aug-19)
2a	Complete a Hold Time study for B&B's Cleaning Validation and complete a retrospective risk assessment.	A 10-day hold-time study was completed and passed testing. B&B also completed a retroactive risk assessment which demonstrated that the previously submitted cleaning validation study demonstrated an adequate reduction of residues to acceptable amounts. The addendum to the Cleaning Validation was completed on 17-Jul-19.
3a	Provide a prototype copy of B&B's CofA with manufacturer contact information included.	A sample COA with manufacturer COA is attached.
3b	A review of all communications from bulk manufacturers as a retrospective review to show actions taken to ensure safety	Two communications with actions taken by B&B were provided to the FDA on 17-Jul-19.
3c	Identify, upload, and provide all in-stock manufacturer CofAs to customers	B&B completed this task and it is available via website or with shipment of product per customer request. Task completed on 17-Oct-19
3d	Update all corresponding SOPs, associated with the CofA updates.	SOPs: *Receiving Inventory* and *Master Production Record* were updated to reflect new procedures associated with Finding 3. Both updated SOPs are attached. The completion date was 30-Oct-19.
*	This update was in response to the additional correspondence dated 12-Aug-19 and received on 14-Aug-19.	

B&B has included an Example of Shipment Documents, which includes the manufacturer information stated on the B&B COA along with the manufacturer COA. The Shipment and COA documentation was the last open item from the Warning Letter received on 4-Jun-19. If any attachments from previous monthly submissions are needed, please contact us and we can resubmit to you in a timely manner.

B&B has implemented all procedures with any additional training addressing all observations associated with the warning letter. B&B considers all outstanding actions closed.

Thank you for your attention to our response.

Sincerely,
Matthew Johnson

President, B&B Pharmaceuticals

Dear Mr. Johnson:

The Food and Drug Administration has completed an evaluation of your corrective actions in response to our Warning Letter 570613, dated June 4, 2019. Based on our evaluation, it appears that you have addressed the violation(s) contained in this Warning Letter. Future FDA inspections and regulatory activities will further verify your written commitments.

This letter does not relieve you or your firm from the responsibility of taking all necessary steps to assure sustained compliance with the Federal Food, Drug, and Cosmetic Act and its implementing regulations or with other relevant legal authority. The Agency expects you and your firm to maintain compliance and will continue to monitor your state of compliance. This letter will not preclude any future regulatory action should violations be observed during a subsequent inspection or through other means.

Sincerely,

organizations regulated by your office. This accreditation is indicative of the great strides taken by B&B in developing its quality systems and should be compelling in your analysis of this matter.

While the above discussion should be dispositive, some additional history and background might be helpful in your assessment. On or around August 2017, Matthew Johnson was promoted to President of B&B. One of Mr. Johnson's first endeavors was to restructure the departments of the company in order to improve quality assurance and quality control processes. As part of those efforts, Mr. Johnson hired a dedicated Quality/Regulatory Manager. The scope of the manager's job duties was to review and observe B&B's cGMP processes to identify areas of concern and opportunities for potential improvement. Unfortunately, B&B was forced to terminate the then-current Quality/Regulatory Manager in late September 2018, which was shortly before the FDA's October 17, 2018 inspection. In fact, the company was in the process of interviewing highly qualified candidates for Operations Manager and Quality & Regulatory Manager at the time of the FDA inspection.

The majority of the observations that were communicated as a result of the FDA inspection were issues that had been previously identified by B&B and were the reason for hiring a new Operations Manager and Quality & Regulatory Manager. Soon after the October 17, 2018 FDA inspection, B&B hired a new Operations Manager (Kamille Mighell) and a new Quality & Regulatory Manager (Adriana Torres). You will notice from the attached resumes that both Ms. Mighell and Ms. Torres have extensive experience with cGMP and QA/QC processes.[2]

Additionally, to assist during the transition period between quality managers, Joshua Radke, PhD, Senior North America Quality Specialist with Fagron North America (the parent company of B&B) temporarily relocated to and worked at B&B from November 2018 to February 2019 to address FDA's observations and otherwise assist B&B in further developing its quality systems. I have attached a copy of Dr. Radke's resume to this correspondence.

Almost immediately after receiving the June 4, 2019 warning letter, B&B hired Clarke Solutions, an outside quality consultant, to help review B&B's quality systems and address issues identified in the warning letter. On October 31, 2019, B&B submitted its final response to FDA. The warning letter closeout was received from FDA soon thereafter.[3]

---

[2] Notably, many of the 483 inspectional observations (which gave rise to the warning letter) were focused on the lack of a "separation of powers" between quality and operations. That lack of the "separation of powers" was a temporary occurrence between the termination of the prior quality manager and the hiring of Ms. Torres. In that sense, the timing of the FDA inspection was unfortunate and not indicative of B&B's standard practices.

[3] Copies of B&B's initial and final responses to the FDA warning letter are attached to this correspondence. Given the cumulative size of the attachments referenced in B&B's responses to the FDA warning letter, I have omitted those attachments from this correspondence. Upon request, we would be pleased to provide some or all of those attachments for your review.

It is also notable that since the FDA's initial inspection on October 17, 2018, B&B's staff has grown from seven employees to 16 employees, many of whom work in QA and QC processes. In all, from its substantial growth to its ISO 9001 accreditation, B&B is a wholly different company than the company that was inspected by FDA in 2018.

For the above reasons, the pending Alabama Board of Pharmacy matter should not affect the processing of B&B's renewal application.

Thank you for your time and consideration. Of course, please do not hesitate to call or email if I can provide additional information that may be useful to you or others in your office. I may be reached at (205) 427-2443 or by email at jay.mceniry@fagron.com.

Sincerely yours,

John H. McEniry, IV

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 2197662

Application/License No. WH01429

PROVEN PHARMACEUTICALS, LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 18001 OLD CUTLER ROAD, SUITE 452, PALMETTO BAY, FL 33157 (Address of Applicant/Principal), as PRINCIPAL, and NORTH AMERICAN SPECIALTY INSURANCE COMPANY (Surety Company), a corporation organized under the laws of the state of NEW HAMPSHIRE (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 475 N. MARTINGALE ROAD, SUITE 850, SCHAUMBURG, IL 60173 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on AUGUST 15, 2015 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal

may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.

(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.

(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.

(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.

(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.

(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.

(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 14TH day of AUGUST, 2015.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 0754159

Application/License No. _____

Rising Pharma Holdings, Inc. (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 650 Randolph Road, Somerset, NJ 08873 (Address of Applicant/Principal), as PRINCIPAL, and International Fidelity Insurance Company (Surety Company), a corporation organized under the laws of the state of New Jersey (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 1 Riverfront Plaza, Suite 920, Newark, NJ 07102 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on June 19, 2019 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 19th day of June, 2019.

Regarding the Disciplinary Action

The Hibbert Group received a citation on November 2, 2016 from the California State Board of Pharmacy. The citation resulted from failing to report a change in designated representative-in-charge of its facility in Delaware within 30 days as specified by the Board and for operating without the supervision of a licensed designated representative-in-charge. The Hibbert Group paid a $250 fine and is currently in good standing with the California State Board of Pharmacy. The Hibbert Group has put procedures in place to ensure that this does not happen again.

Attachment B

(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 21st day of February, 2022.

This Power of Attorney is made and executed pursuant to and by authority of the following By-law and Authorizations of The Ohio Casualty Insurance Company, which is now in full force and effect reading as follows:

ARTICLE IV – OFFICERS: Section 12. Power of Attorney.
Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

Certificate of Designation – The President of the Company, acting pursuant to the Bylaws of the Company, authorizes David M. Carey, Assistant Secretary to appoint such attorneys-in-fact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization – By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature or electronic signatures of any assistant secretary of the Company or facsimile or mechanically reproduced or electronic seal of the Company, wherever appearing upon a certified copy of any power of attorney or bond issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Renee C. Llewellyn, the undersigned, Assistant Secretary, of The Ohio Casualty Insurance Company do hereby certify that this power of attorney executed by said Company is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Company this 21st day of February, 2022.

eBONDING INDEMNITY AGREEMENT

Bond Number: 999160847
Agency Code: 977317

Agency Name: HORST INSURANCE
Agency Address: 320 GRANITE RUN DR, LANCASTER, PA 17601-6806
Principal's Full Name: The Hibbert Company
Principal's Address: 19521 E 32nd PKWY, Aurora, CO 80011

The undersigned (collectively "Indemnitor") represents that all statements and representations made in the bond Application are true and made without reservation to induce Liberty Mutual Insurance Company and any other company that is part of or added to the Liberty Mutual Group, severally not jointly, and/or for which surety business is underwritten by Liberty Mutual Surety ("Surety") to extend surety credit in any manner or amount, including but not limited to providing or having provided requested Bond(s) including any modifications thereto in reliance upon the provision of its indemnity, and with regard to such surety credit hereby agrees with Surety, its successors and assigns, as follows:

1. To pay premiums when due;
2. To deliver evidence satisfactory to Surety, of the release of all liability;
3. To exonerate, hold harmless and indemnify Surety from and against all claims, losses, liability, damages of any type (including punitive), costs, fees, expenses, suits, orders, judgments, or adjudications whatsoever which Surety may incur in any manner related to the extension of surety credit, including the enforcement of the agreements contained herein and any matter subject to any bankruptcy court (collectively "LOSS");
4. That Surety shall have the right, at its sole discretion, to pay, adjust, settle or compromise any and all claims or LOSS and the voucher or other evidence of such payment, settlement or compromise, whether Surety was liable therefore or not, shall be conclusive evidence of the fact and extent of Indemnitor's liability;
5. To place Surety in funds immediately upon demand, the amount Surety deems necessary to protect itself from any LOSS or potential LOSS, whether or not Surety has made payment or posted a reserve, Surety having the right to use all or part of these funds in payment or settlement of any LOSS or in reimbursement to Surety for payment of same;
6. That Indemnitor hereby authorizes Surety to investigate statements made herein, **and to obtain credit report information from credit reporting sources/ bureaus**, and to check credit with creditors and/or lending institutions, and further authorizes any present or former employer or any other person, firm or corporation, to furnish information concerning Indemnitor in connection with the Surety's extension of surety credit and with Indemnitor's compliance with obligations hereunder and under any Bond or underlying obligation, and Indemnitor hereby releases any of the aforementioned from liability in consequence of furnishing or disclosing such information;
7. That Surety may bring separate suits to recover hereunder as causes of action shall accrue and that the bringing of suit or recovery of judgment upon any cause of action shall not prejudice or bar the bringing of other suits upon other causes of action, whether heretofore or thereafter arising;
8. That all other rights which Surety may have or acquire against Indemnitor under other or additional agreements of indemnity or any other written agreement (with this Agreement collectively "INDEMNITY") related to the extension of surety credit, shall be in addition to and not in lieu of the rights afforded Surety under this Agreement;
9. That if Surety executes any Bond(s) with any co-surety or reinsures all or any part of any Bond(s), that all the terms of this Agreement shall apply and operate for the benefit of such co-surety and reinsurer, as their interests may appear;
10. That these covenants shall be jointly and severally binding upon Indemnitor, its respective heirs, executors, administrators, successors and assigns;
11. That Surety shall have the right to decline to issue or to cancel Bond(s) at any time, free of claim for loss or damage by Indemnitor, and Surety shall be under no obligation to disclose its reasons therefore, the provisions of any law to the contrary being hereby waived;
12. That the exercise, delay of or failure by Surety to exercise of any right, remedy or power whatsoever shall not preclude Surety's simultaneous or subsequent exercise or constitute any waiver of such or other rights, remedies or powers;
13. That if any Bond(s) relate to the assets of an estate, Indemnitor will provide reasonable access to all records concerning the estate and upon request shall provide a written report of the condition of the estate. Furthermore, Indemnitor grants, assigns, pledges and conveys to Surety as security, a lien on and security interest in and to Indemnitor's interest, title and rights in the proceeds of any insurance policy affording coverage for all or part of any bonded obligation, and in the contracts or obligations (and all proceeds thereof without limitation) that grow in any manner whatsoever as a result of the extension of surety credit. While the lien and security interests are effective immediately, Surety may exercise its remedies with respect to such only in the event of: a) Indemnitor's failure to fulfill any obligation whatsoever for which i) Bond(s) are provided, ii) contained in any Bond(s), or iii) contained within any INDEMNITY agreement with the Surety; and b) any assignment by Indemnitor for the benefit of creditors or any agreement or proceeding of liquidation, receivership or bankruptcy whatsoever. Indemnitor hereby authorizes Surety to file any such financing statement as Surety deems necessary or appropriate to perfect the liens and security interest granted herein.

With respect to Court Bonds and Receiver/Trustee Bonds: INDEMNITORS ACKNOWLEDGE AND AGREE THAT THE FIRST YEAR PREMIUM IS FULLY-EARNED WHEN THE BOND IS ISSUED EVEN IF THE BOND IS SUBSEQUENTLY REDUCED OR TERMINATED DURING THE FIRST YEAR. IF A BOND IS REDUCED OR TERMINATED DURING THE SECOND OR SUBSEQUENT YEAR AFTER A RENEWAL PREMIUM IS PAID, THE RENEWAL PREMIUM SHALL BE ADJUSTED PRO RATA UPON REDUCTION OR TERMINATION.

By signing below, each individual signing on behalf of a business entity and/or a trust, represents and warrants that he or she is duly authorized by the entity and/or trust to bind it to this Indemnity Agreement and that the entity and/or trust has a material interest in the issuance of any requested Bonds. In the case of a trust, the Trustee further represents and warrants that he or she has the ability and will resolve out of trust assets the obligations to the surety pursuant to the Indemnity Agreement regardless of any spendthrift provisions or any other limitations on distributions.

Portions of the 2021 Abbott Laboratories Proxy Statement are incorporated by reference into Part III. The Definitive Proxy Statement will be filed on or about March 12, 2021.

PART I

ITEM 1. BUSINESS

GENERAL DEVELOPMENT OF BUSINESS

Abbott Laboratories is an Illinois corporation, incorporated in 1900. Abbott's* principal business is the discovery, development, manufacture, and sale of a broad and diversified line of health care products.

NARRATIVE DESCRIPTION OF BUSINESS

Abbott has four reportable segments: Established Pharmaceutical Products, Diagnostic Products, Nutritional Products, and Medical Devices.

Established Pharmaceutical Products

These products include a broad line of branded generic pharmaceuticals manufactured worldwide and marketed and sold outside the United States in emerging markets. These products are generally sold directly to wholesalers, distributors, government agencies, health care facilities, pharmacies, and independent retailers from Abbott-owned distribution centers and public warehouses, depending on the market served. Certain products are co-marketed or co-promoted with, or licensed from, other companies.

The principal products included in the broad therapeutic area portfolios of the Established Pharmaceutical Products segment are:

- gastroenterology products, including Creon™, for the treatment of pancreatic exocrine insufficiency associated with several underlying conditions, including cystic fibrosis and chronic pancreatitis; Duspatal™ and Dicetel™, for the treatment of irritable bowel syndrome or biliary spasm; Heptral™, Transmetil™, and Samyr™, for the treatment of intrahepatic cholestasis (associated with liver disease) or depressive symptoms; and Duphalac™, for regulation of the physiological rhythm of the colon;
- women's health products, including Duphaston™, for the treatment of many different gynecological disorders; and Femoston™, a hormone replacement therapy for postmenopausal women;
- cardiovascular and metabolic products, including Lipanthyl™ and TriCor™, for the treatment of dyslipidemia; Teveten™ and Teveten™ Plus, for the treatment of essential hypertension, and Physiotens™, for the treatment of hypertension; and Synthroid™, for the treatment of hypothyroidism;
- pain and central nervous system products, including Serc™, for the treatment of Ménière's disease and vestibular vertigo; Brufen™, for the treatment of pain, fever, and inflammation; and Sevedol™, for the treatment of severe migraines; and
- respiratory drugs and vaccines, including the anti-infective clarithromycin (sold under the trademarks Biaxin™, Klacid™, and Klaricid™); and Influvac™, an influenza vaccine.

The Established Pharmaceutical Products segment directs its primary marketing efforts toward building strong brands with key stakeholders, including consumers, pharmacists, physicians, and other healthcare providers. Government agencies are also important customers.

Competition in the Established Pharmaceutical Products segment is generally from other health care and pharmaceutical companies. In addition, the substitution of generic drugs for the brand prescribed and introduction of additional forms of already marketed established products by generic or branded competitors may increase competitive pressures.

SUPPLEMENTAL RESPONSES TO SECTION 2, QUESTIONS 1-5 OF NEVADA WHOLESALER APPLICATION
EXHIBIT A

ALI Applications

ALI supplements the responses set forth in the Wholesaler Application Addendum to Questions 1-5 of Section 2 of the Nevada Wholesaler Application for North Chicago, Irving 1, Irving 2, Sylmar, Plano, Roseville and Temecula facilities, each as follows:

Section 2 Questions	Response
1. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been charged, or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea)?	ALI Based on records available to it and to the best of its knowledge, ALI, the prospective licensee, has not been charged or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea) since 2004. Abbott In May 2012, Abbott, the parent company of the prospective licensee identified in Section 9 of the Wholesaler Application Addendum, pleaded guilty to one misdemeanor violation of the Food, Drug and Cosmetic Act for misbranding as part of a settlement with U.S. federal and 49 state authorities, plus the District of Columbia, to resolve all outstanding issues regarding an investigation of past sales and marketing practices relating to its neurologic medication Depakote. Abbott and the Department of Justice, as reflected in the plea agreement, agreed that the conduct that gave rise to the conviction relates solely to the research-based pharmaceutical business that later became part of Abbvie, and that, from the time of the separation of Abbvie, Abbott no longer had any obligations under the plea agreement, nor would the Department of Justice treat Abbott as having a conviction under the Food, Drug and Cosmetic Act. Effective January 2, 2013, Abbott separated that research-based pharmaceutical business, including its U.S. pharmaceutical business, the business responsible for Depakote, into a new, independent publicly traded company, Abbvie.

Section 2 Questions	Response
2. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been denied a license, permit or certificate of registration?	Based on records available to them and to the best of their knowledge, ALI and Abbott have not been denied a license, permit or certificate of registration material to Abbott's operations since 2004.
3. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been subject of an administrative action or proceeding relating to the pharmaceutical industry?	ALI Based on records available to it and to the best of its knowledge, and excluding the research-based pharmaceutical business that separated into a new, independent publicly traded company in 2013 (Abbvie), ALI has not been the subject of an administrative action or proceeding relating to the pharmaceutical industry since 2004. Abbott *See* Abbott's response to Question 1 above.
4. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been found guilty, pled guilty or entered a plea of nolo contendere to any offense federal or state, related to controlled substances?	ALI/Abbott Based on records available to them and to the best of their knowledge, ALI and Abbott have not been found guilty, pled guilty or entered a plea of nolo contendere to any offense federal or state, related to controlled substances since 2004.
5. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever surrendered a license, permit or certificate of registration voluntarily or otherwise (other than upon voluntary close of a facility)?	ALI/Abbott Based on records available to them and to the best of their knowledge, ALI and Abbott have not surrendered a license, permit or certificate of registration voluntarily or otherwise (other than upon voluntary close of a facility) material to Abbott's operations since 2004.

AMI Applications

AMI supplements the responses set forth in the Wholesaler Application Addendum to Questions 1-5 of Section 2 of the Nevada Wholesaler Application for its Des Plaines and Elk Grove facilities, each as follows:

- Please contact this office immediately if any information on this license is incorrect.
- This license must be displayed at the address licensed.
- The license renewal application and fee are due every two years BEFORE the anniversary date. Please note that it is the responsibility of the license holder to remit the licensure fee before the expiration date, whether a payment notice is received or not. Failure to submit the renewal fee before the expiration date will result in a $100.00 delinquency fee for each location and must be remitted before the license will be issued.
- A license that is amended, including a change of name, ownership, legal entity, or a notification of a change in the location of a licensed place of business will require submission of new application and fee. Applications for these changes can be downloaded from our website at **www.dshs.texas.gov**.
- Please submit written notice if you close or sell your business.
- If you have any questions or desire additional information concerning the application process or this license, please contact the Drug and Device Business Filing and Verification Unit at (512) 834-6727. In order to serve you better, DSHS would like you to complete the short online survey at: **https://www.surveymonkey.com/r/RLUsurvey**. The information you provide will assist DSHS in its efforts to continually improve and become more responsive to the needs of its customers. Thank you in advance for your cooperation.

PART I

ITEM 1. BUSINESS

GENERAL DEVELOPMENT OF BUSINESS

Abbott Laboratories is an Illinois corporation, incorporated in 1900. Abbott's* principal business is the discovery, development, manufacture, and sale of a broad and diversified line of health care products.

NARRATIVE DESCRIPTION OF BUSINESS

Abbott has four reportable segments: Established Pharmaceutical Products, Diagnostic Products, Nutritional Products, and Medical Devices.

Established Pharmaceutical Products

These products include a broad line of branded generic pharmaceuticals manufactured worldwide and marketed and sold outside the United States in emerging markets. These products are generally sold directly to wholesalers, distributors, government agencies, health care facilities, pharmacies, and independent retailers from Abbott-owned distribution centers and public warehouses, depending on the market served. Certain products are co-marketed or co-promoted with, or licensed from, other companies.

The principal products included in the broad therapeutic area portfolios of the Established Pharmaceutical Products segment are:

- gastroenterology products, including Creon™, for the treatment of pancreatic exocrine insufficiency associated with several underlying conditions, including cystic fibrosis and chronic pancreatitis; Duspatal™ and Dicetel™, for the treatment of irritable bowel syndrome or biliary spasm; Heptral™, Transmetil™, and Samyr™, for the treatment of intrahepatic cholestasis (associated with liver disease) or depressive symptoms; and Duphalac™, for regulation of the physiological rhythm of the colon;
- women's health products, including Duphaston™, for the treatment of many different gynecological disorders; and Femoston™, a hormone replacement therapy for postmenopausal women;
- cardiovascular and metabolic products, including Lipanthyl™ and TriCor™, for the treatment of dyslipidemia; Teveten™ and Teveten™ Plus, for the treatment of essential hypertension, and Physiotens™, for the treatment of hypertension; and Synthroid™, for the treatment of hypothyroidism;
- pain and central nervous system products, including Serc™, for the treatment of Ménière's disease and vestibular vertigo; Brufen™, for the treatment of pain, fever, and inflammation; and Sevedol™, for the treatment of severe migraines; and
- respiratory drugs and vaccines, including the anti-infective clarithromycin (sold under the trademarks Biaxin™, Klacid™, and Klaricid™); and Influvac™, an influenza vaccine.

The Established Pharmaceutical Products segment directs its primary marketing efforts toward building strong brands with key stakeholders, including consumers, pharmacists, physicians, and other healthcare providers. Government agencies are also important customers.

Competition in the Established Pharmaceutical Products segment is generally from other health care and pharmaceutical companies. In addition, the substitution of generic drugs for the brand prescribed and introduction of additional forms of already marketed established products by generic or branded competitors may increase competitive pressures.

SUPPLEMENTAL RESPONSES TO SECTION 2, QUESTIONS 1-5 OF NEVADA WHOLESALER APPLICATION
EXHIBIT A

ALI Applications

ALI supplements the responses set forth in the Wholesaler Application Addendum to Questions 1-5 of Section 2 of the Nevada Wholesaler Application for North Chicago, Irving 1, Irving 2, Sylmar, Plano, Roseville and Temecula facilities, each as follows:

Section 2 Questions	Response
1. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been charged, or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea)?	ALI Based on records available to it and to the best of its knowledge, ALI, the prospective licensee, has not been charged or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea) since 2004. Abbott In May 2012, Abbott, the parent company of the prospective licensee identified in Section 9 of the Wholesaler Application Addendum, pleaded guilty to one misdemeanor violation of the Food, Drug and Cosmetic Act for misbranding as part of a settlement with U.S. federal and 49 state authorities, plus the District of Columbia, to resolve all outstanding issues regarding an investigation of past sales and marketing practices relating to its neurologic medication Depakote. Abbott and the Department of Justice, as reflected in the plea agreement, agreed that the conduct that gave rise to the conviction relates solely to the research-based pharmaceutical business that later became part of Abbvie, and that, from the time of the separation of Abbvie, Abbott no longer had any obligations under the plea agreement, nor would the Department of Justice treat Abbott as having a conviction under the Food, Drug and Cosmetic Act. Effective January 2, 2013, Abbott separated that research-based pharmaceutical business, including its U.S. pharmaceutical business, the business responsible for Depakote, into a new, independent publicly traded company, Abbvie.

Section 2 Questions	Response
2. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been denied a license, permit or certificate of registration?	Based on records available to them and to the best of their knowledge, ALI and Abbott have not been denied a license, permit or certificate of registration material to Abbott's operations since 2004.
3. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been subject of an administrative action or proceeding relating to the pharmaceutical industry?	ALI Based on records available to it and to the best of its knowledge, and excluding the research-based pharmaceutical business that separated into a new, independent publicly traded company in 2013 (Abbvie), ALI has not been the subject of an administrative action or proceeding relating to the pharmaceutical industry since 2004. Abbott *See* Abbott's response to Question 1 above.
4. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been found guilty, pled guilty or entered a plea of nolo contendere to any offense federal or state, related to controlled substances?	ALI/Abbott Based on records available to them and to the best of their knowledge, ALI and Abbott have not been found guilty, pled guilty or entered a plea of nolo contendere to any offense federal or state, related to controlled substances since 2004.
5. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever surrendered a license, permit or certificate of registration voluntarily or otherwise (other than upon voluntary close of a facility)?	ALI/Abbott Based on records available to them and to the best of their knowledge, ALI and Abbott have not surrendered a license, permit or certificate of registration voluntarily or otherwise (other than upon voluntary close of a facility) material to Abbott's operations since 2004.

AMI Applications

AMI supplements the responses set forth in the Wholesaler Application Addendum to Questions 1-5 of Section 2 of the Nevada Wholesaler Application for its Des Plaines and Elk Grove facilities, each as follows:

SUPPLEMENTAL RESPONSES TO SECTION 2, QUESTIONS 1-5 OF NEVADA WHOLESALER APPLICATION
EXHIBIT A

ALI Applications

ALI supplements the responses set forth in the Wholesaler Application Addendum to Questions 1-5 of Section 2 of the Nevada Wholesaler Application for North Chicago, Irving 1, Irving 2, Sylmar, Plano, Roseville and Temecula facilities, each as follows:

Section 2 Questions	Response
1. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been charged, or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea)?	ALI Based on records available to it and to the best of its knowledge, ALI, the prospective licensee, has not been charged or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea) since 2004. Abbott In May 2012, Abbott, the parent company of the prospective licensee identified in Section 9 of the Wholesaler Application Addendum, pleaded guilty to one misdemeanor violation of the Food, Drug and Cosmetic Act for misbranding as part of a settlement with U.S. federal and 49 state authorities, plus the District of Columbia, to resolve all outstanding issues regarding an investigation of past sales and marketing practices relating to its neurologic medication Depakote. Abbott and the Department of Justice, as reflected in the plea agreement, agreed that the conduct that gave rise to the conviction relates solely to the research-based pharmaceutical business that later became part of Abbvie, and that, from the time of the separation of Abbvie, Abbott no longer had any obligations under the plea agreement, nor would the Department of Justice treat Abbott as having a conviction under the Food, Drug and Cosmetic Act. Effective January 2, 2013, Abbott separated that research-based pharmaceutical business, including its U.S. pharmaceutical business, the business responsible for Depakote, into a new, independent publicly traded company, Abbvie.

Section 2 Questions	Response
2. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been denied a license, permit or certificate of registration?	Based on records available to them and to the best of their knowledge, ALI and Abbott have not been denied a license, permit or certificate of registration material to Abbott's operations since 2004.
3. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been subject of an administrative action or proceeding relating to the pharmaceutical industry?	ALI Based on records available to it and to the best of its knowledge, and excluding the research-based pharmaceutical business that separated into a new, independent publicly traded company in 2013 (Abbvie), ALI has not been the subject of an administrative action or proceeding relating to the pharmaceutical industry since 2004. Abbott *See* Abbott's response to Question 1 above.
4. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been found guilty, pled guilty or entered a plea of nolo contendere to any offense federal or state, related to controlled substances?	ALI/Abbott Based on records available to them and to the best of their knowledge, ALI and Abbott have not been found guilty, pled guilty or entered a plea of nolo contendere to any offense federal or state, related to controlled substances since 2004.
5. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever surrendered a license, permit or certificate of registration voluntarily or otherwise (other than upon voluntary close of a facility)?	ALI/Abbott Based on records available to them and to the best of their knowledge, ALI and Abbott have not surrendered a license, permit or certificate of registration voluntarily or otherwise (other than upon voluntary close of a facility) material to Abbott's operations since 2004.

10% interest or partners with any interest, ever been charged, or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea)?	Based on records available to them and to the best of their knowledge, ARDxNA, the prospective licensee, Alere US Holdings, LLC ("AUH") and Alere, Inc. ("Alere"), the direct and indirect owners of the prospective licensee respectively identified in Section 9 of the Wholesaler Application Addendum, have not been charged or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea) since Abbott acquired those entities in October 2017. Abbott In May 2012, Abbott, the parent company of the prospective licensee, pleaded guilty to one misdemeanor violation of the Food, Drug and Cosmetic Act for misbranding as part of a settlement with U.S. federal and 49 state authorities, plus the District of Columbia, to resolve all outstanding issues regarding an investigation of past sales and marketing practices relating to its neurologic medication Depakote. Abbott and the Department of Justice, as reflected in the plea agreement, agreed that the conduct that gave rise to the conviction relates solely to the research-based pharmaceutical business that later became part of Abbvie, and that, from the time of the separation of Abbvie, Abbott no longer had any obligations under the plea agreement, nor would the Department of Justice treat Abbott as having a conviction under the Food, Drug and Cosmetic Act. Effective January 2, 2013, Abbott separated that research-based pharmaceutical business, including its U.S. pharmaceutical business, the business responsible for Depakote, into a new, independent publicly traded company, Abbvie.

PART I

ITEM 1. BUSINESS

GENERAL DEVELOPMENT OF BUSINESS

Abbott Laboratories is an Illinois corporation, incorporated in 1900. Abbott's* principal business is the discovery, development, manufacture, and sale of a broad and diversified line of health care products.

NARRATIVE DESCRIPTION OF BUSINESS

Abbott has four reportable segments: Established Pharmaceutical Products, Diagnostic Products, Nutritional Products, and Medical Devices.

Established Pharmaceutical Products

These products include a broad line of branded generic pharmaceuticals manufactured worldwide and marketed and sold outside the United States in emerging markets. These products are generally sold directly to wholesalers, distributors, government agencies, health care facilities, pharmacies, and independent retailers from Abbott-owned distribution centers and public warehouses, depending on the market served. Certain products are co-marketed or co-promoted with, or licensed from, other companies.

The principal products included in the broad therapeutic area portfolios of the Established Pharmaceutical Products segment are:

- gastroenterology products, including Creon™, for the treatment of pancreatic exocrine insufficiency associated with several underlying conditions, including cystic fibrosis and chronic pancreatitis; Duspatal™ and Dicetel™, for the treatment of irritable bowel syndrome or biliary spasm; Heptral™, Transmetil™, and Samyr™, for the treatment of intrahepatic cholestasis (associated with liver disease) or depressive symptoms; and Duphalac™, for regulation of the physiological rhythm of the colon;
- women's health products, including Duphaston™, for the treatment of many different gynecological disorders; and Femoston™, a hormone replacement therapy for postmenopausal women;
- cardiovascular and metabolic products, including Lipanthyl™ and TriCor™, for the treatment of dyslipidemia; Teveten™ and Teveten™ Plus, for the treatment of essential hypertension, and Physiotens™, for the treatment of hypertension; and Synthroid™, for the treatment of hypothyroidism;
- pain and central nervous system products, including Serc™, for the treatment of Ménière's disease and vestibular vertigo; Brufen™, for the treatment of pain, fever, and inflammation; and Sevedol™, for the treatment of severe migraines; and
- respiratory drugs and vaccines, including the anti-infective clarithromycin (sold under the trademarks Biaxin™, Klacid™, and Klaricid™); and Influvac™, an influenza vaccine.

The Established Pharmaceutical Products segment directs its primary marketing efforts toward building strong brands with key stakeholders, including consumers, pharmacists, physicians, and other healthcare providers. Government agencies are also important customers.

Competition in the Established Pharmaceutical Products segment is generally from other health care and pharmaceutical companies. In addition, the substitution of generic drugs for the brand prescribed and introduction of additional forms of already marketed established products by generic or branded competitors may increase competitive pressures.

SUPPLEMENTAL RESPONSES TO SECTION 2, QUESTIONS 1-5 OF NEVADA WHOLESALER APPLICATION
EXHIBIT A

ALI Applications

ALI supplements the responses set forth in the Wholesaler Application Addendum to Questions 1-5 of Section 2 of the Nevada Wholesaler Application for North Chicago, Irving 1, Irving 2, Sylmar, Plano, Roseville and Temecula facilities, each as follows:

Section 2 Questions	Response
1. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been charged, or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea)?	ALI Based on records available to it and to the best of its knowledge, ALI, the prospective licensee, has not been charged or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea) since 2004. Abbott In May 2012, Abbott, the parent company of the prospective licensee identified in Section 9 of the Wholesaler Application Addendum, pleaded guilty to one misdemeanor violation of the Food, Drug and Cosmetic Act for misbranding as part of a settlement with U.S. federal and 49 state authorities, plus the District of Columbia, to resolve all outstanding issues regarding an investigation of past sales and marketing practices relating to its neurologic medication Depakote. Abbott and the Department of Justice, as reflected in the plea agreement, agreed that the conduct that gave rise to the conviction relates solely to the research-based pharmaceutical business that later became part of Abbvie, and that, from the time of the separation of Abbvie, Abbott no longer had any obligations under the plea agreement, nor would the Department of Justice treat Abbott as having a conviction under the Food, Drug and Cosmetic Act. Effective January 2, 2013, Abbott separated that research-based pharmaceutical business, including its U.S. pharmaceutical business, the business responsible for Depakote, into a new, independent publicly traded company, Abbvie.

Section 2 Questions	Response
2. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been denied a license, permit or certificate of registration?	Based on records available to them and to the best of their knowledge, ALI and Abbott have not been denied a license, permit or certificate of registration material to Abbott's operations since 2004.
3. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been subject of an administrative action or proceeding relating to the pharmaceutical industry?	ALI Based on records available to it and to the best of its knowledge, and excluding the research-based pharmaceutical business that separated into a new, independent publicly traded company in 2013 (Abbvie), ALI has not been the subject of an administrative action or proceeding relating to the pharmaceutical industry since 2004. Abbott *See* Abbott's response to Question 1 above.
4. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been found guilty, pled guilty or entered a plea of nolo contendere to any offense federal or state, related to controlled substances?	ALI/Abbott Based on records available to them and to the best of their knowledge, ALI and Abbott have not been found guilty, pled guilty or entered a plea of nolo contendere to any offense federal or state, related to controlled substances since 2004.
5. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever surrendered a license, permit or certificate of registration voluntarily or otherwise (other than upon voluntary close of a facility)?	ALI/Abbott Based on records available to them and to the best of their knowledge, ALI and Abbott have not surrendered a license, permit or certificate of registration voluntarily or otherwise (other than upon voluntary close of a facility) material to Abbott's operations since 2004.

AMI Applications

AMI supplements the responses set forth in the Wholesaler Application Addendum to Questions 1-5 of Section 2 of the Nevada Wholesaler Application for its Des Plaines and Elk Grove facilities, each as follows:

ARDxNA Applications

ARDxNA supplements the responses set forth in the Wholesaler Application Addendum to Questions 1-5 of Section 2 of the Nevada Wholesaler Application for its Freehold and San Diego facilities, each as follows:

Section 2 Questions	Response
1. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least	ARDxNA/AUH/Alere

Section 2 Questions	Response
10% interest or partners with any interest, ever been charged, or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea)?	Based on records available to them and to the best of their knowledge, ARDxNA, the prospective licensee, Alere US Holdings, LLC ("AUH") and Alere, Inc. ("Alere"), the direct and indirect owners of the prospective licensee respectively identified in Section 9 of the Wholesaler Application Addendum, have not been charged or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea) since Abbott acquired those entities in October 2017. Abbott In May 2012, Abbott, the parent company of the prospective licensee, pleaded guilty to one misdemeanor violation of the Food, Drug and Cosmetic Act for misbranding as part of a settlement with U.S. federal and 49 state authorities, plus the District of Columbia, to resolve all outstanding issues regarding an investigation of past sales and marketing practices relating to its neurologic medication Depakote. Abbott and the Department of Justice, as reflected in the plea agreement, agreed that the conduct that gave rise to the conviction relates solely to the research-based pharmaceutical business that later became part of Abbvie, and that, from the time of the separation of Abbvie, Abbott no longer had any obligations under the plea agreement, nor would the Department of Justice treat Abbott as having a conviction under the Food, Drug and Cosmetic Act. Effective January 2, 2013, Abbott separated that research-based pharmaceutical business, including its U.S. pharmaceutical business, the business responsible for Depakote, into a new, independent publicly traded company, Abbvie.

PART I

ITEM 1. BUSINESS

GENERAL DEVELOPMENT OF BUSINESS

Abbott Laboratories is an Illinois corporation, incorporated in 1900. Abbott's* principal business is the discovery, development, manufacture, and sale of a broad and diversified line of health care products.

NARRATIVE DESCRIPTION OF BUSINESS

Abbott has four reportable segments: Established Pharmaceutical Products, Diagnostic Products, Nutritional Products, and Medical Devices.

Established Pharmaceutical Products

These products include a broad line of branded generic pharmaceuticals manufactured worldwide and marketed and sold outside the United States in emerging markets. These products are generally sold directly to wholesalers, distributors, government agencies, health care facilities, pharmacies, and independent retailers from Abbott-owned distribution centers and public warehouses, depending on the market served. Certain products are co-marketed or co-promoted with, or licensed from, other companies.

The principal products included in the broad therapeutic area portfolios of the Established Pharmaceutical Products segment are:

- gastroenterology products, including Creon™, for the treatment of pancreatic exocrine insufficiency associated with several underlying conditions, including cystic fibrosis and chronic pancreatitis; Duspatal™ and Dicetel™, for the treatment of irritable bowel syndrome or biliary spasm; Heptral™, Transmetil™, and Samyr™, for the treatment of intrahepatic cholestasis (associated with liver disease) or depressive symptoms; and Duphalac™, for regulation of the physiological rhythm of the colon;
- women's health products, including Duphaston™, for the treatment of many different gynecological disorders; and Femoston™, a hormone replacement therapy for postmenopausal women;
- cardiovascular and metabolic products, including Lipanthyl™ and TriCor™, for the treatment of dyslipidemia; Teveten™ and Teveten™ Plus, for the treatment of essential hypertension, and Physiotens™, for the treatment of hypertension; and Synthroid™, for the treatment of hypothyroidism;
- pain and central nervous system products, including Serc™, for the treatment of Ménière's disease and vestibular vertigo; Brufen™, for the treatment of pain, fever, and inflammation; and Sevedol™, for the treatment of severe migraines; and
- respiratory drugs and vaccines, including the anti-infective clarithromycin (sold under the trademarks Biaxin™, Klacid™, and Klaricid™); and Influvac™, an influenza vaccine.

The Established Pharmaceutical Products segment directs its primary marketing efforts toward building strong brands with key stakeholders, including consumers, pharmacists, physicians, and other healthcare providers. Government agencies are also important customers.

Competition in the Established Pharmaceutical Products segment is generally from other health care and pharmaceutical companies. In addition, the substitution of generic drugs for the brand prescribed and introduction of additional forms of already marketed established products by generic or branded competitors may increase competitive pressures.

SUPPLEMENTAL RESPONSES TO SECTION 2, QUESTIONS 1-5 OF NEVADA WHOLESALER APPLICATION
EXHIBIT A

ALI Applications

ALI supplements the responses set forth in the Wholesaler Application Addendum to Questions 1-5 of Section 2 of the Nevada Wholesaler Application for North Chicago, Irving 1, Irving 2, Sylmar, Plano, Roseville and Temecula facilities, each as follows:

Section 2 Questions	Response
1. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been charged, or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea)?	ALI Based on records available to it and to the best of its knowledge, ALI, the prospective licensee, has not been charged or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea) since 2004. Abbott In May 2012, Abbott, the parent company of the prospective licensee identified in Section 9 of the Wholesaler Application Addendum, pleaded guilty to one misdemeanor violation of the Food, Drug and Cosmetic Act for misbranding as part of a settlement with U.S. federal and 49 state authorities, plus the District of Columbia, to resolve all outstanding issues regarding an investigation of past sales and marketing practices relating to its neurologic medication Depakote. Abbott and the Department of Justice, as reflected in the plea agreement, agreed that the conduct that gave rise to the conviction relates solely to the research-based pharmaceutical business that later became part of Abbvie, and that, from the time of the separation of Abbvie, Abbott no longer had any obligations under the plea agreement, nor would the Department of Justice treat Abbott as having a conviction under the Food, Drug and Cosmetic Act. Effective January 2, 2013, Abbott separated that research-based pharmaceutical business, including its U.S. pharmaceutical business, the business responsible for Depakote, into a new, independent publicly traded company, Abbvie.

Section 2 Questions	Response
2. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been denied a license, permit or certificate of registration?	Based on records available to them and to the best of their knowledge, ALI and Abbott have not been denied a license, permit or certificate of registration material to Abbott's operations since 2004.
3. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been subject of an administrative action or proceeding relating to the pharmaceutical industry?	ALI Based on records available to it and to the best of its knowledge, and excluding the research-based pharmaceutical business that separated into a new, independent publicly traded company in 2013 (Abbvie), ALI has not been the subject of an administrative action or proceeding relating to the pharmaceutical industry since 2004. Abbott *See* Abbott's response to Question 1 above.
4. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been found guilty, pled guilty or entered a plea of nolo contendere to any offense federal or state, related to controlled substances?	ALI/Abbott Based on records available to them and to the best of their knowledge, ALI and Abbott have not been found guilty, pled guilty or entered a plea of nolo contendere to any offense federal or state, related to controlled substances since 2004.
5. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever surrendered a license, permit or certificate of registration voluntarily or otherwise (other than upon voluntary close of a facility)?	ALI/Abbott Based on records available to them and to the best of their knowledge, ALI and Abbott have not surrendered a license, permit or certificate of registration voluntarily or otherwise (other than upon voluntary close of a facility) material to Abbott's operations since 2004.

AMI Applications

AMI supplements the responses set forth in the Wholesaler Application Addendum to Questions 1-5 of Section 2 of the Nevada Wholesaler Application for its Des Plaines and Elk Grove facilities, each as follows:

PART I

ITEM 1. BUSINESS

GENERAL DEVELOPMENT OF BUSINESS

Abbott Laboratories is an Illinois corporation, incorporated in 1900. Abbott's* principal business is the discovery, development, manufacture, and sale of a broad and diversified line of health care products.

NARRATIVE DESCRIPTION OF BUSINESS

Abbott has four reportable segments: Established Pharmaceutical Products, Diagnostic Products, Nutritional Products, and Medical Devices.

Established Pharmaceutical Products

These products include a broad line of branded generic pharmaceuticals manufactured worldwide and marketed and sold outside the United States in emerging markets. These products are generally sold directly to wholesalers, distributors, government agencies, health care facilities, pharmacies, and independent retailers from Abbott-owned distribution centers and public warehouses, depending on the market served. Certain products are co-marketed or co-promoted with, or licensed from, other companies.

The principal products included in the broad therapeutic area portfolios of the Established Pharmaceutical Products segment are:

- gastroenterology products, including Creon™, for the treatment of pancreatic exocrine insufficiency associated with several underlying conditions, including cystic fibrosis and chronic pancreatitis; Duspatal™ and Dicetel™, for the treatment of irritable bowel syndrome or biliary spasm; Heptral™, Transmetil™, and Samyr™, for the treatment of intrahepatic cholestasis (associated with liver disease) or depressive symptoms; and Duphalac™, for regulation of the physiological rhythm of the colon;
- women's health products, including Duphaston™, for the treatment of many different gynecological disorders; and Femoston™, a hormone replacement therapy for postmenopausal women;
- cardiovascular and metabolic products, including Lipanthyl™ and TriCor™, for the treatment of dyslipidemia; Teveten™ and Teveten™ Plus, for the treatment of essential hypertension, and Physiotens™, for the treatment of hypertension; and Synthroid™, for the treatment of hypothyroidism;
- pain and central nervous system products, including Serc™, for the treatment of Ménière's disease and vestibular vertigo; Brufen™, for the treatment of pain, fever, and inflammation; and Sevedol™, for the treatment of severe migraines; and
- respiratory drugs and vaccines, including the anti-infective clarithromycin (sold under the trademarks Biaxin™, Klacid™, and Klaricid™); and Influvac™, an influenza vaccine.

The Established Pharmaceutical Products segment directs its primary marketing efforts toward building strong brands with key stakeholders, including consumers, pharmacists, physicians, and other healthcare providers. Government agencies are also important customers.

Competition in the Established Pharmaceutical Products segment is generally from other health care and pharmaceutical companies. In addition, the substitution of generic drugs for the brand prescribed and introduction of additional forms of already marketed established products by generic or branded competitors may increase competitive pressures.

SUPPLEMENTAL RESPONSES TO SECTION 2, QUESTIONS 1-5 OF NEVADA WHOLESALER APPLICATION
EXHIBIT A

ALI Applications

ALI supplements the responses set forth in the Wholesaler Application Addendum to Questions 1-5 of Section 2 of the Nevada Wholesaler Application for North Chicago, Irving 1, Irving 2, Sylmar, Plano, Roseville and Temecula facilities, each as follows:

Section 2 Questions	Response
1. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been charged, or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea)?	ALI Based on records available to it and to the best of its knowledge, ALI, the prospective licensee, has not been charged or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea) since 2004. Abbott In May 2012, Abbott, the parent company of the prospective licensee identified in Section 9 of the Wholesaler Application Addendum, pleaded guilty to one misdemeanor violation of the Food, Drug and Cosmetic Act for misbranding as part of a settlement with U.S. federal and 49 state authorities, plus the District of Columbia, to resolve all outstanding issues regarding an investigation of past sales and marketing practices relating to its neurologic medication Depakote. Abbott and the Department of Justice, as reflected in the plea agreement, agreed that the conduct that gave rise to the conviction relates solely to the research-based pharmaceutical business that later became part of Abbvie, and that, from the time of the separation of Abbvie, Abbott no longer had any obligations under the plea agreement, nor would the Department of Justice treat Abbott as having a conviction under the Food, Drug and Cosmetic Act. Effective January 2, 2013, Abbott separated that research-based pharmaceutical business, including its U.S. pharmaceutical business, the business responsible for Depakote, into a new, independent publicly traded company, Abbvie.

Section 2 Questions	Response
2. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been denied a license, permit or certificate of registration?	Based on records available to them and to the best of their knowledge, ALI and Abbott have not been denied a license, permit or certificate of registration material to Abbott's operations since 2004.
3. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been subject of an administrative action or proceeding relating to the pharmaceutical industry?	ALI Based on records available to it and to the best of its knowledge, and excluding the research-based pharmaceutical business that separated into a new, independent publicly traded company in 2013 (Abbvie), ALI has not been the subject of an administrative action or proceeding relating to the pharmaceutical industry since 2004. Abbott *See* Abbott's response to Question 1 above.
4. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been found guilty, pled guilty or entered a plea of nolo contendere to any offense federal or state, related to controlled substances?	ALI/Abbott Based on records available to them and to the best of their knowledge, ALI and Abbott have not been found guilty, pled guilty or entered a plea of nolo contendere to any offense federal or state, related to controlled substances since 2004.
5. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever surrendered a license, permit or certificate of registration voluntarily or otherwise (other than upon voluntary close of a facility)?	ALI/Abbott Based on records available to them and to the best of their knowledge, ALI and Abbott have not surrendered a license, permit or certificate of registration voluntarily or otherwise (other than upon voluntary close of a facility) material to Abbott's operations since 2004.

AMI Applications

AMI supplements the responses set forth in the Wholesaler Application Addendum to Questions 1-5 of Section 2 of the Nevada Wholesaler Application for its Des Plaines and Elk Grove facilities, each as follows:

ARDxNA Applications

ARDxNA supplements the responses set forth in the Wholesaler Application Addendum to Questions 1-5 of Section 2 of the Nevada Wholesaler Application for its Freehold and San Diego facilities, each as follows:

Section 2 Questions	Response
1. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least	ARDxNA/AUH/Alere

Section 2 Questions	Response
10% interest or partners with any interest, ever been charged, or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea)?	Based on records available to them and to the best of their knowledge, ARDxNA, the prospective licensee, Alere US Holdings, LLC ("AUH") and Alere, Inc. ("Alere"), the direct and indirect owners of the prospective licensee respectively identified in Section 9 of the Wholesaler Application Addendum, have not been charged or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea) since Abbott acquired those entities in October 2017. Abbott In May 2012, Abbott, the parent company of the prospective licensee, pleaded guilty to one misdemeanor violation of the Food, Drug and Cosmetic Act for misbranding as part of a settlement with U.S. federal and 49 state authorities, plus the District of Columbia, to resolve all outstanding issues regarding an investigation of past sales and marketing practices relating to its neurologic medication Depakote. Abbott and the Department of Justice, as reflected in the plea agreement, agreed that the conduct that gave rise to the conviction relates solely to the research-based pharmaceutical business that later became part of Abbvie, and that, from the time of the separation of Abbvie, Abbott no longer had any obligations under the plea agreement, nor would the Department of Justice treat Abbott as having a conviction under the Food, Drug and Cosmetic Act. Effective January 2, 2013, Abbott separated that research-based pharmaceutical business, including its U.S. pharmaceutical business, the business responsible for Depakote, into a new, independent publicly traded company, Abbvie.

PART I

ITEM 1. BUSINESS

GENERAL DEVELOPMENT OF BUSINESS

Abbott Laboratories is an Illinois corporation, incorporated in 1900. Abbott's* principal business is the discovery, development, manufacture, and sale of a broad and diversified line of health care products.

NARRATIVE DESCRIPTION OF BUSINESS

Abbott has four reportable segments: Established Pharmaceutical Products, Diagnostic Products, Nutritional Products, and Medical Devices.

Established Pharmaceutical Products

These products include a broad line of branded generic pharmaceuticals manufactured worldwide and marketed and sold outside the United States in emerging markets. These products are generally sold directly to wholesalers, distributors, government agencies, health care facilities, pharmacies, and independent retailers from Abbott-owned distribution centers and public warehouses, depending on the market served. Certain products are co-marketed or co-promoted with, or licensed from, other companies.

The principal products included in the broad therapeutic area portfolios of the Established Pharmaceutical Products segment are:

- gastroenterology products, including Creon™, for the treatment of pancreatic exocrine insufficiency associated with several underlying conditions, including cystic fibrosis and chronic pancreatitis; Duspatal™ and Dicetel™, for the treatment of irritable bowel syndrome or biliary spasm; Heptral™, Transmetil™, and Samyr™, for the treatment of intrahepatic cholestasis (associated with liver disease) or depressive symptoms; and Duphalac™, for regulation of the physiological rhythm of the colon;
- women's health products, including Duphaston™, for the treatment of many different gynecological disorders; and Femoston™, a hormone replacement therapy for postmenopausal women;
- cardiovascular and metabolic products, including Lipanthyl™ and TriCor™, for the treatment of dyslipidemia; Teveten™ and Teveten™ Plus, for the treatment of essential hypertension, and Physiotens™, for the treatment of hypertension; and Synthroid™, for the treatment of hypothyroidism;
- pain and central nervous system products, including Serc™, for the treatment of Ménière's disease and vestibular vertigo; Brufen™, for the treatment of pain, fever, and inflammation; and Sevedol™, for the treatment of severe migraines; and
- respiratory drugs and vaccines, including the anti-infective clarithromycin (sold under the trademarks Biaxin™, Klacid™, and Klaricid™); and Influvac™, an influenza vaccine.

The Established Pharmaceutical Products segment directs its primary marketing efforts toward building strong brands with key stakeholders, including consumers, pharmacists, physicians, and other healthcare providers. Government agencies are also important customers.

Competition in the Established Pharmaceutical Products segment is generally from other health care and pharmaceutical companies. In addition, the substitution of generic drugs for the brand prescribed and introduction of additional forms of already marketed established products by generic or branded competitors may increase competitive pressures.

SUPPLEMENTAL RESPONSES TO SECTION 2, QUESTIONS 1-5 OF NEVADA WHOLESALER APPLICATION
EXHIBIT A

ALI Applications

ALI supplements the responses set forth in the Wholesaler Application Addendum to Questions 1-5 of Section 2 of the Nevada Wholesaler Application for North Chicago, Irving 1, Irving 2, Sylmar, Plano, Roseville and Temecula facilities, each as follows:

Section 2 Questions	Response
1. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been charged, or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea)?	ALI Based on records available to it and to the best of its knowledge, ALI, the prospective licensee, has not been charged or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea) since 2004. Abbott In May 2012, Abbott, the parent company of the prospective licensee identified in Section 9 of the Wholesaler Application Addendum, pleaded guilty to one misdemeanor violation of the Food, Drug and Cosmetic Act for misbranding as part of a settlement with U.S. federal and 49 state authorities, plus the District of Columbia, to resolve all outstanding issues regarding an investigation of past sales and marketing practices relating to its neurologic medication Depakote. Abbott and the Department of Justice, as reflected in the plea agreement, agreed that the conduct that gave rise to the conviction relates solely to the research-based pharmaceutical business that later became part of Abbvie, and that, from the time of the separation of Abbvie, Abbott no longer had any obligations under the plea agreement, nor would the Department of Justice treat Abbott as having a conviction under the Food, Drug and Cosmetic Act. Effective January 2, 2013, Abbott separated that research-based pharmaceutical business, including its U.S. pharmaceutical business, the business responsible for Depakote, into a new, independent publicly traded company, Abbvie.

Section 2 Questions	Response
2. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been denied a license, permit or certificate of registration?	Based on records available to them and to the best of their knowledge, ALI and Abbott have not been denied a license, permit or certificate of registration material to Abbott's operations since 2004.
3. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been subject of an administrative action or proceeding relating to the pharmaceutical industry?	ALI Based on records available to it and to the best of its knowledge, and excluding the research-based pharmaceutical business that separated into a new, independent publicly traded company in 2013 (Abbvie), ALI has not been the subject of an administrative action or proceeding relating to the pharmaceutical industry since 2004. Abbott *See* Abbott's response to Question 1 above.
4. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been found guilty, pled guilty or entered a plea of nolo contendere to any offense federal or state, related to controlled substances?	ALI/Abbott Based on records available to them and to the best of their knowledge, ALI and Abbott have not been found guilty, pled guilty or entered a plea of nolo contendere to any offense federal or state, related to controlled substances since 2004.
5. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever surrendered a license, permit or certificate of registration voluntarily or otherwise (other than upon voluntary close of a facility)?	ALI/Abbott Based on records available to them and to the best of their knowledge, ALI and Abbott have not surrendered a license, permit or certificate of registration voluntarily or otherwise (other than upon voluntary close of a facility) material to Abbott's operations since 2004.

AMI Applications

AMI supplements the responses set forth in the Wholesaler Application Addendum to Questions 1-5 of Section 2 of the Nevada Wholesaler Application for its Des Plaines and Elk Grove facilities, each as follows:

PART I

ITEM 1. BUSINESS

GENERAL DEVELOPMENT OF BUSINESS

Abbott Laboratories is an Illinois corporation, incorporated in 1900. Abbott's* principal business is the discovery, development, manufacture, and sale of a broad and diversified line of health care products.

NARRATIVE DESCRIPTION OF BUSINESS

Abbott has four reportable segments: Established Pharmaceutical Products, Diagnostic Products, Nutritional Products, and Medical Devices.

Established Pharmaceutical Products

These products include a broad line of branded generic pharmaceuticals manufactured worldwide and marketed and sold outside the United States in emerging markets. These products are generally sold directly to wholesalers, distributors, government agencies, health care facilities, pharmacies, and independent retailers from Abbott-owned distribution centers and public warehouses, depending on the market served. Certain products are co-marketed or co-promoted with, or licensed from, other companies.

The principal products included in the broad therapeutic area portfolios of the Established Pharmaceutical Products segment are:

- gastroenterology products, including Creon™, for the treatment of pancreatic exocrine insufficiency associated with several underlying conditions, including cystic fibrosis and chronic pancreatitis; Duspatal™ and Dicetel™, for the treatment of irritable bowel syndrome or biliary spasm; Heptral™, Transmetil™, and Samyr™, for the treatment of intrahepatic cholestasis (associated with liver disease) or depressive symptoms; and Duphalac™, for regulation of the physiological rhythm of the colon;
- women's health products, including Duphaston™, for the treatment of many different gynecological disorders; and Femoston™, a hormone replacement therapy for postmenopausal women;
- cardiovascular and metabolic products, including Lipantbyl™ and TriCor™, for the treatment of dyslipidemia; Teveten™ and Teveten™ Plus, for the treatment of essential hypertension, and Physiotens™, for the treatment of hypertension; and Synthroid™, for the treatment of hypothyroidism;
- pain and central nervous system products, including Serc™, for the treatment of Ménière's disease and vestibular vertigo; Brufen™, for the treatment of pain, fever, and inflammation; and Sevedol™, for the treatment of severe migraines; and
- respiratory drugs and vaccines, including the anti-infective clarithromycin (sold under the trademarks Biaxin™, Klacid™, and Klaricid™); and Influvac™, an influenza vaccine.

The Established Pharmaceutical Products segment directs its primary marketing efforts toward building strong brands with key stakeholders, including consumers, pharmacists, physicians, and other healthcare providers. Government agencies are also important customers.

Competition in the Established Pharmaceutical Products segment is generally from other health care and pharmaceutical companies. In addition, the substitution of generic drugs for the brand prescribed and introduction of additional forms of already marketed established products by generic or branded competitors may increase competitive pressures.

Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been charged, or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea)?	ALI Based on records available to it and to the best of its knowledge, ALI, the prospective licensee, has not been charged or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea) since 2004. Abbott In May 2012, Abbott, the parent company of the prospective licensee identified in Section 9 of the Wholesaler Application Addendum, pleaded guilty to one misdemeanor violation of the Food, Drug and Cosmetic Act for misbranding as part of a settlement with U.S. federal and 49 state authorities, plus the District of Columbia, to resolve all outstanding issues regarding an investigation of past sales and marketing practices relating to its neurologic medication Depakote. Abbott and the Department of Justice, as reflected in the plea agreement, agreed that the conduct that gave rise to the conviction relates solely to the research-based pharmaceutical business that later became part of Abbvie, and that, from the time of the separation of Abbvie, Abbott no longer had any obligations under the plea agreement, nor would the Department of Justice treat Abbott as having a conviction under the Food, Drug and Cosmetic Act. Effective January 2, 2013, Abbott separated that research-based pharmaceutical business, including its U.S. pharmaceutical business, the business responsible for Depakote, into a new, independent publicly traded company, Abbvie.

PART I

ITEM 1. BUSINESS

GENERAL DEVELOPMENT OF BUSINESS

Abbott Laboratories is an Illinois corporation, incorporated in 1900. Abbott's* principal business is the discovery, development, manufacture, and sale of a broad and diversified line of health care products.

NARRATIVE DESCRIPTION OF BUSINESS

Abbott has four reportable segments: Established Pharmaceutical Products, Diagnostic Products, Nutritional Products, and Medical Devices.

Established Pharmaceutical Products

These products include a broad line of branded generic pharmaceuticals manufactured worldwide and marketed and sold outside the United States in emerging markets. These products are generally sold directly to wholesalers, distributors, government agencies, health care facilities, pharmacies, and independent retailers from Abbott-owned distribution centers and public warehouses, depending on the market served. Certain products are co-marketed or co-promoted with, or licensed from, other companies.

The principal products included in the broad therapeutic area portfolios of the Established Pharmaceutical Products segment are:

- gastroenterology products, including Creon™, for the treatment of pancreatic exocrine insufficiency associated with several underlying conditions, including cystic fibrosis and chronic pancreatitis; Duspatal™ and Dicetel™, for the treatment of irritable bowel syndrome or biliary spasm; Heptral™, Transmetil™, and Samyr™, for the treatment of intrahepatic cholestasis (associated with liver disease) or depressive symptoms; and Duphalac™, for regulation of the physiological rhythm of the colon;
- women's health products, including Duphaston™, for the treatment of many different gynecological disorders; and Femoston™, a hormone replacement therapy for postmenopausal women;
- cardiovascular and metabolic products, including Lipanthyl™ and TriCor™, for the treatment of dyslipidemia; Teveten™ and Teveten™ Plus, for the treatment of essential hypertension, and Physiotens™, for the treatment of hypertension; and Synthroid™, for the treatment of hypothyroidism;
- pain and central nervous system products, including Serc™, for the treatment of Ménière's disease and vestibular vertigo; Brufen™, for the treatment of pain, fever, and inflammation; and Sevedol™, for the treatment of severe migraines; and
- respiratory drugs and vaccines, including the anti-infective clarithromycin (sold under the trademarks Biaxin™, Klacid™, and Klaricid™); and Influvac™, an influenza vaccine.

The Established Pharmaceutical Products segment directs its primary marketing efforts toward building strong brands with key stakeholders, including consumers, pharmacists, physicians, and other healthcare providers. Government agencies are also important customers.

Competition in the Established Pharmaceutical Products segment is generally from other health care and pharmaceutical companies. In addition, the substitution of generic drugs for the brand prescribed and introduction of additional forms of already marketed established products by generic or branded competitors may increase competitive pressures.

SUPPLEMENTAL RESPONSES TO SECTION 2, QUESTIONS 1-5 OF NEVADA WHOLESALER APPLICATION
EXHIBIT A

ALI Applications

ALI supplements the responses set forth in the Wholesaler Application Addendum to Questions 1-5 of Section 2 of the Nevada Wholesaler Application for North Chicago, Irving 1, Irving 2, Sylmar, Plano, Roseville and Temecula facilities, each as follows:

Section 2 Questions	Response
1. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been charged, or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea)?	ALI Based on records available to it and to the best of its knowledge, ALI, the prospective licensee, has not been charged or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea) since 2004. Abbott In May 2012, Abbott, the parent company of the prospective licensee identified in Section 9 of the Wholesaler Application Addendum, pleaded guilty to one misdemeanor violation of the Food, Drug and Cosmetic Act for misbranding as part of a settlement with U.S. federal and 49 state authorities, plus the District of Columbia, to resolve all outstanding issues regarding an investigation of past sales and marketing practices relating to its neurologic medication Depakote. Abbott and the Department of Justice, as reflected in the plea agreement, agreed that the conduct that gave rise to the conviction relates solely to the research-based pharmaceutical business that later became part of Abbvie, and that, from the time of the separation of Abbvie, Abbott no longer had any obligations under the plea agreement, nor would the Department of Justice treat Abbott as having a conviction under the Food, Drug and Cosmetic Act. Effective January 2, 2013, Abbott separated that research-based pharmaceutical business, including its U.S. pharmaceutical business, the business responsible for Depakote, into a new, independent publicly traded company, Abbvie.

Section 2 Questions	Response
2. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been denied a license, permit or certificate of registration?	Based on records available to them and to the best of their knowledge, ALI and Abbott have not been denied a license, permit or certificate of registration material to Abbott's operations since 2004.
3. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been subject of an administrative action or proceeding relating to the pharmaceutical industry?	ALI Based on records available to it and to the best of its knowledge, and excluding the research-based pharmaceutical business that separated into a new, independent publicly traded company in 2013 (Abbvie), ALI has not been the subject of an administrative action or proceeding relating to the pharmaceutical industry since 2004. Abbott *See* Abbott's response to Question 1 above.
4. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been found guilty, pled guilty or entered a plea of nolo contendere to any offense federal or state, related to controlled substances?	ALI/Abbott Based on records available to them and to the best of their knowledge, ALI and Abbott have not been found guilty, pled guilty or entered a plea of nolo contendere to any offense federal or state, related to controlled substances since 2004.
5. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever surrendered a license, permit or certificate of registration voluntarily or otherwise (other than upon voluntary close of a facility)?	ALI/Abbott Based on records available to them and to the best of their knowledge, ALI and Abbott have not surrendered a license, permit or certificate of registration voluntarily or otherwise (other than upon voluntary close of a facility) material to Abbott's operations since 2004.

AMI Applications

AMI supplements the responses set forth in the Wholesaler Application Addendum to Questions 1-5 of Section 2 of the Nevada Wholesaler Application for its Des Plaines and Elk Grove facilities, each as follows:

Item 5.03. Amendments to Articles of Incorporation or Bylaws

As previously disclosed in the Registration Statement on Form S-1 (File No. 333-261703) (the "Registration Statement") of Amylyx Pharmaceuticals, Inc. (the "Company"), on January 11, 2022 and in connection with the consummation of the initial public offering of the Company's common stock (the "IPO"), the Company filed a fourth amended and restated certificate of incorporation (the "Restated Certificate") with the Secretary of State of the State of Delaware. The Board and the Company's stockholders previously approved the Restated Certificate to be filed in connection with, and to be effective upon, the consummation of the IPO. The Restated Certificate amends and restates the Company's existing amended and restated certificate of incorporation in its entirety to, among other things: (i) authorize 300,000,000 shares of common stock; (ii) eliminate all references to the previously-existing series of preferred stock; and (iii) authorize 10,000,000 shares of undesignated preferred stock that may be issued from time to time by the Board in one or more series.

The foregoing description of the Restated Certificate is qualified by reference to the Restated Certificate, a copy of which is attached hereto as Exhibit 3.1 and is incorporated herein by reference.

In addition, as previously disclosed in the Registration Statement, on January 11, 2022 and in connection with the consummation of the IPO, the second amended and restated bylaws of the Company (the "Amended and Restated Bylaws"), previously approved by the Board and the Company's stockholders to become effective immediately upon effectiveness of the Registration Statement, became effective. The Amended and Restated Bylaws amend and restate the Company's bylaws in their entirety to, among other things: (i) eliminate the ability of the Company's stockholders to take action by written consent in lieu of a meeting and call special meetings of stockholders; (ii) establish procedures relating to the presentation of stockholder proposals at stockholder meetings; (iii) establish procedures relating to the nomination of directors; and (iv) conform to the amended provisions of the Restated Certificate.

The foregoing description of the Amended and Restated Bylaws is qualified by reference to the Amended and Restated Bylaws, a copy of which is attached hereto as Exhibit 3.2 and is incorporated herein by reference.

Item 9.01. Financial Statements and Exhibits.

RE: Explanation of Disciplinary History
RGH Enterprises, LLC

Dear Mr. Wuest:

This letter is provided in conjunction with our affirmative response to question 3 on our application for our Out-of-State license. We have a few matters with corresponding derivative action to disclose.

In March 2015, the RGH pharmacy located in Twinsburg, OH, was issued a citation and fined $500 by the Maine Board of Pharmacy, for failure to timely report a change in the facility's pharmacist-in-charge. This failure to report within the seven-day time frame was due to the unavailability of the corporate official authorized to sign the application. RGH paid the fine to the Maine State Board of Pharmacy; additionally, RGH has undertaken a process to ensure regulatory notifications occur in a timely manner.

In April 2016, the Hawaii Board of Pharmacy took derivative action against the Twinsburg, OH, facility based on the action described above. RGH entered a Settlement Agreement with Hawaii and agreed to pay a $250 fine; the matter was closed on May 6, 2016.

Furthermore, Cardinal Health's distribution center in Valencia, California, entered into a settlement agreement with the California Board of Pharmacy. As a condition of that settlement, effective April 3, 2019, the California Wholesale license for our Valencia, CA distribution center will be on probation for a period of two years (through April 2, 2021). This probation in no way affects the continued ability of our Valencia distribution center to service our customers in a timely and efficient manner.

Probation was a result of a settlement agreement between our Valencia distribution center and the California Board of Pharmacy regarding sales that distribution center made to a customer between 2012 and 2014 and the failure to receive a pharmacist's signature on several deliveries in that same time frame.

Additionally, on March 11, 2019, Cardinal Health's Wheeling, West Virginia, distribution center entered into a settlement agreement with the Ohio Board of Pharmacy regarding the security and storage of drugs while those drugs were being distributed to the customer. This issue involved Ohio Board of Pharmacy inspectors manipulating our totes in such a way as to be able to retrieve a bottle out of a strapped/sealed tote. This occurred on several occasions all while the totes were in the custody of our delivery drivers or pharmacies. An inspector also witnessed a delivery

vehicle door that was not locked and secured appropriately. Cardinal Health agreed to pay a monetary penalty of $5,000.

As previously reported, on May 15, 2012, Cardinal Health entered into a settlement agreement with the U.S. Drug Enforcement Administration ("DEA") regarding Cardinal Health's registration to distribute controlled substances from our Lakeland, Florida facility. On February 3, 2012, DEA served an Order to Show Cause and Immediate Suspension of Registration (the "Order") on Cardinal Health's Lakeland, Florida distribution center. In the Order, DEA alleged that the Lakeland facility "failed to maintain effective controls against the diversion of controlled substances" and "failed to detect and report suspicious orders of oxycodone by its pharmacy customers." In particular, DEA identified four retail pharmacies located in Florida that were serviced by the Lakeland facility and alleged that "[n]otwithstanding the large quantities of controlled substances ordered by Cardinal's top retail pharmacy customers Cardinal failed to conduct meaningful due diligence to ensure that the controlled substances were not diverted...." Importantly, these allegations did not involve any diversion of controlled substances from Cardinal's facility.

Under the settlement agreement, the Lakeland facility's DEA registration was suspended for two years from the date of the settlement agreement. On May 21, 2014, the suspension was lifted and the DEA reinstated Lakeland's registration. On December 23, 2016, Cardinal Health reached a nationwide settlement with the federal government, resolving the outstanding civil penalty portion of this May 15, 2012 administrative settlement with the DEA. Under this civil settlement, Cardinal Health has agreed to pay $44 million to the Department of Justice (DOJ) to resolve this matter. The DOJ, including the DEA and the United States Attorneys' Offices for the Middle District of Florida, the Southern District of New York, the District of Maryland, and the Western District of Washington and all other districts across the country have also agreed to take no further administrative or civil action on these and related matters. In addition, Cardinal Health has reached an agreement with the State of West Virginia regarding the company's distribution of controlled substances in that state between 2007 and 2012. While Cardinal Health denies the allegations, it agreed to pay West Virginia $20 million to resolve issues and release the company from further actions.

In 2014, the Boards of Pharmacy in both California and Georgia took derivative action based upon the DEA settlement. The Georgia Board fined the Lakeland facility $500 in administrative fees, and the California Board fined the facility $1,505 in investigative fees. Both fees were paid to the respective Boards.

We make every effort to meet our customers' legitimate demands for controlled substances. However, we have also demonstrated a deep commitment to helping fight prescription drug abuse. If you have any questions about this issue, please contact Martha Russell, Assistant General Counsel, Regulatory, at 614-757-6654.

Sincerely,

Keegan Chamberlain

RE: Explanation of Disciplinary History
RGH Enterprises, LLC

Dear Mr. Wuest:

This letter is provided in conjunction with our affirmative response to question 3 on our application for our Out-of-State license. We have a few matters with corresponding derivative action to disclose.

In March 2015, the RGH pharmacy located in Twinsburg, OH, was issued a citation and fined $500 by the Maine Board of Pharmacy, for failure to timely report a change in the facility's pharmacist-in-charge. This failure to report within the seven-day time frame was due to the unavailability of the corporate official authorized to sign the application. RGH paid the fine to the Maine State Board of Pharmacy; additionally, RGH has undertaken a process to ensure regulatory notifications occur in a timely manner.

In April 2016, the Hawaii Board of Pharmacy took derivative action against the Twinsburg, OH, facility based on the action described above. RGH entered a Settlement Agreement with Hawaii and agreed to pay a $250 fine; the matter was closed on May 6, 2016.

Furthermore, Cardinal Health's distribution center in Valencia, California, entered into a settlement agreement with the California Board of Pharmacy. As a condition of that settlement, effective April 3, 2019, the California Wholesale license for our Valencia, CA distribution center will be on probation for a period of two years (through April 2, 2021). This probation in no way affects the continued ability of our Valencia distribution center to service our customers in a timely and efficient manner.

Probation was a result of a settlement agreement between our Valencia distribution center and the California Board of Pharmacy regarding sales that distribution center made to a customer between 2012 and 2014 and the failure to receive a pharmacist's signature on several deliveries in that same time frame.

Additionally, on March 11, 2019, Cardinal Health's Wheeling, West Virginia, distribution center entered into a settlement agreement with the Ohio Board of Pharmacy regarding the security and storage of drugs while those drugs were being distributed to the customer. This issue involved Ohio Board of Pharmacy inspectors manipulating our totes in such a way as to be able to retrieve a bottle out of a strapped/sealed tote. This occurred on several occasions all while the totes were in the custody of our delivery drivers or pharmacies. An inspector also witnessed a delivery

vehicle door that was not locked and secured appropriately. Cardinal Health agreed to pay a monetary penalty of $5,000.

As previously reported, on May 15, 2012, Cardinal Health entered into a settlement agreement with the U.S. Drug Enforcement Administration ("DEA") regarding Cardinal Health's registration to distribute controlled substances from our Lakeland, Florida facility. On February 3, 2012, DEA served an Order to Show Cause and Immediate Suspension of Registration (the "Order") on Cardinal Health's Lakeland, Florida distribution center. In the Order, DEA alleged that the Lakeland facility "failed to maintain effective controls against the diversion of controlled substances" and "failed to detect and report suspicious orders of oxycodone by its pharmacy customers." In particular, DEA identified four retail pharmacies located in Florida that were serviced by the Lakeland facility and alleged that "[n]otwithstanding the large quantities of controlled substances ordered by Cardinal's top retail pharmacy customers Cardinal failed to conduct meaningful due diligence to ensure that the controlled substances were not diverted...." Importantly, these allegations did not involve any diversion of controlled substances from Cardinal's facility.

Under the settlement agreement, the Lakeland facility's DEA registration was suspended for two years from the date of the settlement agreement. On May 21, 2014, the suspension was lifted and the DEA reinstated Lakeland's registration. On December 23, 2016, Cardinal Health reached a nationwide settlement with the federal government, resolving the outstanding civil penalty portion of this May 15, 2012 administrative settlement with the DEA. Under this civil settlement, Cardinal Health has agreed to pay $44 million to the Department of Justice (DOJ) to resolve this matter. The DOJ, including the DEA and the United States Attorneys' Offices for the Middle District of Florida, the Southern District of New York, the District of Maryland, and the Western District of Washington and all other districts across the country have also agreed to take no further administrative or civil action on these and related matters. In addition, Cardinal Health has reached an agreement with the State of West Virginia regarding the company's distribution of controlled substances in that state between 2007 and 2012. While Cardinal Health denies the allegations, it agreed to pay West Virginia $20 million to resolve issues and release the company from further actions.

In 2014, the Boards of Pharmacy in both California and Georgia took derivative action based upon the DEA settlement. The Georgia Board fined the Lakeland facility $500 in administrative fees, and the California Board fined the facility $1,505 in investigative fees. Both fees were paid to the respective Boards.

We make every effort to meet our customers' legitimate demands for controlled substances. However, we have also demonstrated a deep commitment to helping fight prescription drug abuse. If you have any questions about this issue, please contact Martha Russell, Assistant General Counsel, Regulatory, at 614-757-6654.

Sincerely,

Keegan Chamberlain

RE: Explanation of Disciplinary History
RGH Enterprises, LLC

Dear Mr. Wuest:

This letter is provided in conjunction with our affirmative response to question 3 on our application for our Out-of-State license. We have a few matters with corresponding derivative action to disclose.

In March 2015, the RGH pharmacy located in Twinsburg, OH, was issued a citation and fined $500 by the Maine Board of Pharmacy, for failure to timely report a change in the facility's pharmacist-in-charge. This failure to report within the seven-day time frame was due to the unavailability of the corporate official authorized to sign the application. RGH paid the fine to the Maine State Board of Pharmacy; additionally, RGH has undertaken a process to ensure regulatory notifications occur in a timely manner.

In April 2016, the Hawaii Board of Pharmacy took derivative action against the Twinsburg, OH, facility based on the action described above. RGH entered a Settlement Agreement with Hawaii and agreed to pay a $250 fine; the matter was closed on May 6, 2016.

Furthermore, Cardinal Health's distribution center in Valencia, California, entered into a settlement agreement with the California Board of Pharmacy. As a condition of that settlement, effective April 3, 2019, the California Wholesale license for our Valencia, CA distribution center will be on probation for a period of two years (through April 2, 2021). This probation in no way affects the continued ability of our Valencia distribution center to service our customers in a timely and efficient manner.

Probation was a result of a settlement agreement between our Valencia distribution center and the California Board of Pharmacy regarding sales that distribution center made to a customer between 2012 and 2014 and the failure to receive a pharmacist's signature on several deliveries in that same time frame.

Additionally, on March 11, 2019, Cardinal Health's Wheeling, West Virginia, distribution center entered into a settlement agreement with the Ohio Board of Pharmacy regarding the security and storage of drugs while those drugs were being distributed to the customer. This issue involved Ohio Board of Pharmacy inspectors manipulating our totes in such a way as to be able to retrieve a bottle out of a strapped/sealed tote. This occurred on several occasions all while the totes were in the custody of our delivery drivers or pharmacies. An inspector also witnessed a delivery

vehicle door that was not locked and secured appropriately. Cardinal Health agreed to pay a monetary penalty of $5,000.

As previously reported, on May 15, 2012, Cardinal Health entered into a settlement agreement with the U.S. Drug Enforcement Administration ("DEA") regarding Cardinal Health's registration to distribute controlled substances from our Lakeland, Florida facility. On February 3, 2012, DEA served an Order to Show Cause and Immediate Suspension of Registration (the "Order") on Cardinal Health's Lakeland, Florida distribution center. In the Order, DEA alleged that the Lakeland facility "failed to maintain effective controls against the diversion of controlled substances" and "failed to detect and report suspicious orders of oxycodone by its pharmacy customers." In particular, DEA identified four retail pharmacies located in Florida that were serviced by the Lakeland facility and alleged that "[n]otwithstanding the large quantities of controlled substances ordered by Cardinal's top retail pharmacy customers Cardinal failed to conduct meaningful due diligence to ensure that the controlled substances were not diverted...." Importantly, these allegations did not involve any diversion of controlled substances from Cardinal's facility.

Under the settlement agreement, the Lakeland facility's DEA registration was suspended for two years from the date of the settlement agreement. On May 21, 2014, the suspension was lifted and the DEA reinstated Lakeland's registration. On December 23, 2016, Cardinal Health reached a nationwide settlement with the federal government, resolving the outstanding civil penalty portion of this May 15, 2012 administrative settlement with the DEA. Under this civil settlement, Cardinal Health has agreed to pay $44 million to the Department of Justice (DOJ) to resolve this matter. The DOJ, including the DEA and the United States Attorneys' Offices for the Middle District of Florida, the Southern District of New York, the District of Maryland, and the Western District of Washington and all other districts across the country have also agreed to take no further administrative or civil action on these and related matters. In addition, Cardinal Health has reached an agreement with the State of West Virginia regarding the company's distribution of controlled substances in that state between 2007 and 2012. While Cardinal Health denies the allegations, it agreed to pay West Virginia $20 million to resolve issues and release the company from further actions.

In 2014, the Boards of Pharmacy in both California and Georgia took derivative action based upon the DEA settlement. The Georgia Board fined the Lakeland facility $500 in administrative fees, and the California Board fined the facility $1,505 in investigative fees. Both fees were paid to the respective Boards.

We make every effort to meet our customers' legitimate demands for controlled substances. However, we have also demonstrated a deep commitment to helping fight prescription drug abuse. If you have any questions about this issue, please contact Martha Russell, Assistant General Counsel, Regulatory, at 614-757-6654.

Sincerely,

Keegan Chamberlain

History of Business

RGH Enterprises was incorporated in Ohio in 1990; the firm was acquired by and became of wholly-owned subsidiary of Cardinal Health in February 2013, and now operates undcr the Cardinal Health Medical Division. RGH Enterprises currently operates seven other regional distribution centers within the US that are licensed in this state. Operations bcgan at this location on July 29, 2013.

Person(s) Interviewed and Individual Responsibility

Credentials were presented to and Noticc of Inspection issued to Mr. Dennis Piper, the NC Distribution Center Manager and most responsible person at this facility. Mr. Piper and Ms. Aggie Plourde, Inside Supervisor, accompanied me during a visual inspection of the warehouse area and responded to all questions concerning the day-to-day operations at this facility; Ms. Constance Jenkins-Tabron supplied all requested documents for review.

Background

This visit was a routine general inspection of this storage and distribution facility. The purpose of this inspection was to verify compliance with NCGS §106 Article 12A (Wholesale Prescription Drug Distributors). This facility currently maintains Prescription Drug Distributor license #087-430 with NCDA&CS.

There were no significant objectionable conditions noted during the previous inspection of this facility conducted by NCDA&CS on 01/28/2020, and an observation sheet was not issued.

Operations

RGH Enterprises operates this facility as one of eight regional domestic distribution centers, providing medical supplies to home delivery and wholesale customers for diabetes, ostomy, wound care, urological, incontinence and respiratory conditions; they maintain a Prescription Drug Distributor license in order to supply USP-grade saline solution to pharmacies, clinics, long-term care facilities, and other wholesale distributors. **There were no prescription drug products in the firm's inventory at the time of this inspection.**

This facility is of concrete and steel construction, and contains approximately 92,000 square feet of environmentally-controlled storage and office space. Entry into the warehouse area is limited to authorized personnel, controlled by keypad locks on entry doors. Security is controlled by the use of door contacts and surveillance cameras. There are multiple loading bay doors and one personnel door providing direct access into the warehouse area from the building exterior. There is a designated area located in upper-level storage racks in the warehouse for outdated, damaged, rejected, or returned products. A contract pest control service provides monthly inspection and treatment.

Digital data loggers placed at strategic locations in the warehouse area constantly monitor and document the temperature and relative humidity at six-hour intervals; this system will alert personnel of excursions outside established parameters of 59-86° F. No products requiring refrigerated temperatures will be stored at this facility, and there will be no controlled substances. Calibrated data loggers are routinely supplied by corporate, and seasonal temperature mapping of the facility is also done.

Established written procedures are adequate for inventory management (daily cycle counts of products based on SKU volume), inventory adjustments, recalls, product rotation (FIFO), product quarantine, and a facility disaster plan. Products are tracked electronically using RF scanners and inventory management software (PkMS), and authorized personnel will have access to the system for adjustments. Products are inspected and identified on arrival; the bar code is RF scanned during each product movement, providing current status of products. Expiration dates are confirmed at each cycle count, and products with less than three months shelf life will be removed from inventory. Damaged, rejected, or quarantine products will be physically segregated from other products. Procedures require that all prescription drug products be stored within a secure area segregated by a chain-link fence; to date, there have been no prescription drugs in inventory at this location and this secure storage area has not been installed.

Observations

There were no significant objectionable conditions noted during this inspection, and an observation sheet was not issued.

Compliance

Future inspections of this facility by NCDA&CS will be conducted on a routine annual or as-needed basis.

Article 12. §106-140 of the North Carolina Food, Drug and Cosmetic Act is quoted below:

§106-140. (a) For the purposes of enforcement of this Article, the Commissioner or any of his authorized agents, are authorized upon presenting appropriate credentials and a written notice to the owner, operator or agent in charge, (1) To enter at reasonable times any factory, warehouse or establishment in which food, drugs, devices or cosmetics are manufactured, processed, or packed or held for introduction into commerce or after such introduction or to enter any vehicle being used to transport or hold such foods, drugs, devices or cosmetics in commerce; and (2) To inspect at reasonable times and in a reasonable manner such factory, warehouse, establishment or vehicle and all pertinent equipment, finished or unfinished materials, containers and labeling therein, and to obtain samples necessary to the endorsement of this Article. In the case of any factory, warehouse, establishment, or consulting laboratory in which any food, drug, device or cosmetic is manufactured, processed, analyzed, packed or held, the inspection shall extend to all things therein (including records, files, papers, processes, controls and facilities) bearing on whether any food, drug, device or cosmetic which is adulterated or misbranded within the meaning of this Article or which may not be manufactured, introduced into commerce or sold or offered for sale by reason of any provision of this Article, has been or is being manufactured, processed, packed, transported or held in any such place or otherwise bearing on violation of this Article. No inspection authorized by the preceding sentence shall extend to a. Financial data, b. Sales data other than shipment data, c. Personnel data (other than data as to qualifications of technical and professional personnel performing functions subject to this Article), d. Pricing data, and e. Research data (other than data relating to new drugs and antibiotic drugs, subject to reporting and inspection under lawful regulations issued pursuant to section 505 (i) or (j) or section 507 (d) or (g) of the federal act, and data, relating to other drugs, which in the case of a new drug would be subject to reporting or inspection under lawful regulations issued pursuant to section 505 (j) of the federal act). Such inspection shall be commenced and completed with reasonable promptness. The provisions of the second sentence of this subsection shall not apply to such classes of persons as the Board may hy regulation exempt from the application of this section upon a finding that inspection as applied to such classes of persons in accordance with this section is not necessary for the protection of the public health. (3) To have access to and to copy all records of carriers in commerce showing the movement in commerce of any food, drug, device, or cosmetic, or the holding thereof during or after such movement, and the quantity, shipper and consignee thereof: Provided, that evidence obtained under this subsection shall not be used in a criminal prosecution of the person from whom obtained; and provided further, that carriers shall not be subject to the other provisions of this Article by reason of their receipt, carriage, holding, or delivery of food, drugs, devices or cosmetics in the usual course of business as carriers. (b) Upon completion of any such inspection of a factory, warehouse, consulting laboratory or other establishment and prior to leaving the premises, the authorized agent making the inspection shall give to the owner, operator, or agent-in-charge a report in writing setting forth any conditions or practices observed by him which in his judgment indicate that any food, drug, device or cosmetic in such establishment: (1) Consists in whole or in part of any filthy, putrid, or decomposed substance; or (2) Has been prepared, packed or held under insanitary conditions whereby it may have become contaminated with filth or whereby it may have been rendered injurious to health. (c) If the authorized agent making any such inspection of a factory, warehouse or other establishment has obtained any salable product samples in the course of the inspection, upon completion of the inspection and prior to leaving the premises he shall offer reasonable payment for any such product samples. (d). It shall be the duty of the Commissioner of Agriculture to make or cause to be made examination of samples secured under the provisions of this section to determine whether or not any provision of this Article is being violated.

RE: Explanation of Disciplinary History
RGH Enterprises, LLC

Dear Mr. Wuest:

This letter is provided in conjunction with our affirmative response to question 3 on our application for our Out-of-State license. We have a few matters with corresponding derivative action to disclose.

In March 2015, the RGH pharmacy located in Twinsburg, OH, was issued a citation and fined $500 by the Maine Board of Pharmacy, for failure to timely report a change in the facility's pharmacist-in-charge. This failure to report within the seven-day time frame was due to the unavailability of the corporate official authorized to sign the application. RGH paid the fine to the Maine State Board of Pharmacy; additionally, RGH has undertaken a process to ensure regulatory notifications occur in a timely manner.

In April 2016, the Hawaii Board of Pharmacy took derivative action against the Twinsburg, OH, facility based on the action described above. RGH entered a Settlement Agreement with Hawaii and agreed to pay a $250 fine; the matter was closed on May 6, 2016.

Furthermore, Cardinal Health's distribution center in Valencia, California, entered into a settlement agreement with the California Board of Pharmacy. As a condition of that settlement, effective April 3, 2019, the California Wholesale license for our Valencia, CA distribution center will be on probation for a period of two years (through April 2, 2021). This probation in no way affects the continued ability of our Valencia distribution center to service our customers in a timely and efficient manner.

Probation was a result of a settlement agreement between our Valencia distribution center and the California Board of Pharmacy regarding sales that distribution center made to a customer between 2012 and 2014 and the failure to receive a pharmacist's signature on several deliveries in that same time frame.

Additionally, on March 11, 2019, Cardinal Health's Wheeling, West Virginia, distribution center entered into a settlement agreement with the Ohio Board of Pharmacy regarding the security and storage of drugs while those drugs were being distributed to the customer. This issue involved Ohio Board of Pharmacy inspectors manipulating our totes in such a way as to be able to retrieve a bottle out of a strapped/sealed tote. This occurred on several occasions all while the totes were in the custody of our delivery drivers or pharmacies. An inspector also witnessed a delivery

vehicle door that was not locked and secured appropriately. Cardinal Health agreed to pay a monetary penalty of $5,000.

As previously reported, on May 15, 2012, Cardinal Health entered into a settlement agreement with the U.S. Drug Enforcement Administration ("DEA") regarding Cardinal Health's registration to distribute controlled substances from our Lakeland, Florida facility. On February 3, 2012, DEA served an Order to Show Cause and Immediate Suspension of Registration (the "Order") on Cardinal Health's Lakeland, Florida distribution center. In the Order, DEA alleged that the Lakeland facility "failed to maintain effective controls against the diversion of controlled substances" and "failed to detect and report suspicious orders of oxycodone by its pharmacy customers." In particular, DEA identified four retail pharmacies located in Florida that were serviced by the Lakeland facility and alleged that "[n]otwithstanding the large quantities of controlled substances ordered by Cardinal's top retail pharmacy customers Cardinal failed to conduct meaningful due diligence to ensure that the controlled substances were not diverted...." Importantly, these allegations did not involve any diversion of controlled substances from Cardinal's facility.

Under the settlement agreement, the Lakeland facility's DEA registration was suspended for two years from the date of the settlement agreement. On May 21, 2014, the suspension was lifted and the DEA reinstated Lakeland's registration. On December 23, 2016, Cardinal Health reached a nationwide settlement with the federal government, resolving the outstanding civil penalty portion of this May 15, 2012 administrative settlement with the DEA. Under this civil settlement, Cardinal Health has agreed to pay $44 million to the Department of Justice (DOJ) to resolve this matter. The DOJ, including the DEA and the United States Attorneys' Offices for the Middle District of Florida, the Southern District of New York, the District of Maryland, and the Western District of Washington and all other districts across the country have also agreed to take no further administrative or civil action on these and related matters. In addition, Cardinal Health has reached an agreement with the State of West Virginia regarding the company's distribution of controlled substances in that state between 2007 and 2012. While Cardinal Health denies the allegations, it agreed to pay West Virginia $20 million to resolve issues and release the company from further actions.

In 2014, the Boards of Pharmacy in both California and Georgia took derivative action based upon the DEA settlement. The Georgia Board fined the Lakeland facility $500 in administrative fees, and the California Board fined the facility $1,505 in investigative fees. Both fees were paid to the respective Boards.

We make every effort to meet our customers' legitimate demands for controlled substances. However, we have also demonstrated a deep commitment to helping fight prescription drug abuse. If you have any questions about this issue, please contact Martha Russell, Assistant General Counsel, Regulatory, at 614-757-6654.

Sincerely,

Keegan Chamberlain

Dave Wuest, Executive Secretary
Nevada State Board of Pharmacy

Reno, NV 89521

RE: Explanation of Disciplinary History
RGH Enterprises, LLC

Dear Mr. Wuest:

This letter is provided in conjunction with our affirmative response to question 3 on our application for our Out-of-State license. We have a few matters with corresponding derivative action to disclose.

In March 2015, the RGH pharmacy located in Twinsburg, OH, was issued a citation and fined $500 by the Maine Board of Pharmacy, for failure to timely report a change in the facility's pharmacist-in-charge. This failure to report within the seven-day time frame was due to the unavailability of the corporate official authorized to sign the application. RGH paid the fine to the Maine State Board of Pharmacy; additionally, RGH has undertaken a process to ensure regulatory notifications occur in a timely manner.

In April 2016, the Hawaii Board of Pharmacy took derivative action against the Twinsburg, OH, facility based on the action described above. RGH entered a Settlement Agreement with Hawaii and agreed to pay a $250 fine; the matter was closed on May 6, 2016.

Furthermore, Cardinal Health's distribution center in Valencia, California, entered into a settlement agreement with the California Board of Pharmacy. As a condition of that settlement, effective April 3, 2019, the California Wholesale license for our Valencia, CA distribution center will be on probation for a period of two years (through April 2, 2021). This probation in no way affects the continued ability of our Valencia distribution center to service our customers in a timely and efficient manner.

Probation was a result of a settlement agreement between our Valencia distribution center and the California Board of Pharmacy regarding sales that distribution center made to a customer between 2012 and 2014 and the failure to receive a pharmacist's signature on several deliveries in that same time frame.

Additionally, on March 11, 2019, Cardinal Health's Wheeling, West Virginia, distribution center entered into a settlement agreement with the Ohio Board of Pharmacy regarding the security and storage of drugs while those drugs were being distributed to the customer. This issue involved Ohio Board of Pharmacy inspectors manipulating our totes in such a way as to be able to retrieve a bottle out of a strapped/sealed tote. This occurred on several occasions all while the totes were in the custody of our delivery drivers or pharmacies. An inspector also witnessed a delivery

vehicle door that was not locked and secured appropriately. Cardinal Health agreed to pay a monetary penalty of $5,000.

As previously reported, on May 15, 2012, Cardinal Health entered into a settlement agreement with the U.S. Drug Enforcement Administration ("DEA") regarding Cardinal Health's registration to distribute controlled substances from our Lakeland, Florida facility. On February 3, 2012, DEA served an Order to Show Cause and Immediate Suspension of Registration (the "Order") on Cardinal Health's Lakeland, Florida distribution center. In the Order, DEA alleged that the Lakeland facility "failed to maintain effective controls against the diversion of controlled substances" and "failed to detect and report suspicious orders of oxycodone by its pharmacy customers." In particular, DEA identified four retail pharmacies located in Florida that were serviced by the Lakeland facility and alleged that "[n]otwithstanding the large quantities of controlled substances ordered by Cardinal's top retail pharmacy customers Cardinal failed to conduct meaningful due diligence to ensure that the controlled substances were not diverted...." Importantly, these allegations did not involve any diversion of controlled substances from Cardinal's facility.

Under the settlement agreement, the Lakeland facility's DEA registration was suspended for two years from the date of the settlement agreement. On May 21, 2014, the suspension was lifted and the DEA reinstated Lakeland's registration. On December 23, 2016, Cardinal Health reached a nationwide settlement with the federal government, resolving the outstanding civil penalty portion of this May 15, 2012 administrative settlement with the DEA. Under this civil settlement, Cardinal Health has agreed to pay $44 million to the Department of Justice (DOJ) to resolve this matter. The DOJ, including the DEA and the United States Attorneys' Offices for the Middle District of Florida, the Southern District of New York, the District of Maryland, and the Western District of Washington and all other districts across the country have also agreed to take no further administrative or civil action on these and related matters. In addition, Cardinal Health has reached an agreement with the State of West Virginia regarding the company's distribution of controlled substances in that state between 2007 and 2012. While Cardinal Health denies the allegations, it agreed to pay West Virginia $20 million to resolve issues and release the company from further actions.

In 2014, the Boards of Pharmacy in both California and Georgia took derivative action based upon the DEA settlement. The Georgia Board fined the Lakeland facility $500 in administrative fees, and the California Board fined the facility $1,505 in investigative fees. Both fees were paid to the respective Boards.

We make every effort to meet our customers' legitimate demands for controlled substances. However, we have also demonstrated a deep commitment to helping fight prescription drug abuse. If you have any questions about this issue, please contact Martha Russell, Assistant General Counsel, Regulatory, at 614-757-6654.

Sincerely,

Keegan Chamberlain

RE: Certificate of Tax Clearance
Entity Name: Rgh Enterprises, Inc.
Ohio Charter # 00770802
Certificate Issue Date: 08/24/2021

This certificate confirms the above-referenced entity filed all tax returns and paid in full all taxes and fees administered by the Tax Commissioner through the certificate issue date referred to above.

This certificate does not preclude the Department from issuing a bill and/or assessment against the entity for any tax returns and/or tax liabilities and fees that become due after the certificate issue date. Also, this certificate does not preclude the Department from conducting an examination or audit for any period ending prior to the date this certificate is filed with the Ohio Secretary of State.

This Certificate of Tax Clearance is valid for thirty (30) days from the certificate issue date and must be filed along with all forms prescribed by the Ohio Secretary of State.

Dear Mrs. Hlavaty,

I am pleased to inform you that based on the findings of the site visit conducted February 2, 2021 - February 2, 2021, at the location and service referenced above, your organization is found to be in compliance with the CHAP Standards of Excellence. The CHAP Board of Review (BOR) has granted continued Full Accreditation to your organization for the term of three (3) years.

The site visit findings determined that your agency meets the DMEPOS accreditation requirements under Section 1834(A) (20) of the Social Security Act, and the Code of Federal Regulations, Title 42, Part 424.58. Your agency has been approved for the following product categories: **DM05, DM06, DM13, DM15, DM22, DM24, DM25, OR04, PD06, PD08, PD09, PE03, PE04, and S01. When you receive your Provider Transaction Access Number (PTAN), please communicate your PTAN to CHAP so we may maintain current records on your facility.**

The continuation in good standing of this Accreditation is dependent upon your organization paying any and all accreditation and site visit fees in accordance with the terms and conditions of the Accreditation Services Agreement.

Please note that CHAP may conduct surveys less than every three years depending upon any applicable CMS or state regulation and/or the level of any deficiencies cited.

As a CHAP accredited agency, you are required to list our toll-free CHAP Hotline telephone number to all of your clients. This hotline receives consumer complaints and questions about CHAP accredited organizations 24 hours a day, seven days a week. **The CHAP Hotline is 1-800-656-9656.**

Thank you for choosing CHAP as your national accreditation partner. Please contact Claire Kraft at claire.kraft@chapinc.org or (202) 862-3413 if you have any questions.

RE: Explanation of Disciplinary History
RGH Enterprises, LLC

Dear Mr. Wuest:

This letter is provided in conjunction with our affirmative response to question 3 on our application for our Out-of-State license. We have a few matters with corresponding derivative action to disclose.

In March 2015, the RGH pharmacy located in Twinsburg, OH, was issued a citation and fined $500 by the Maine Board of Pharmacy, for failure to timely report a change in the facility's pharmacist-in-charge. This failure to report within the seven-day time frame was due to the unavailability of the corporate official authorized to sign the application. RGH paid the fine to the Maine State Board of Pharmacy; additionally, RGH has undertaken a process to ensure regulatory notifications occur in a timely manner.

In April 2016, the Hawaii Board of Pharmacy took derivative action against the Twinsburg, OH, facility based on the action described above. RGH entered a Settlement Agreement with Hawaii and agreed to pay a $250 fine; the matter was closed on May 6, 2016.

Furthermore, Cardinal Health's distribution center in Valencia, California, entered into a settlement agreement with the California Board of Pharmacy. As a condition of that settlement, effective April 3, 2019, the California Wholesale license for our Valencia, CA distribution center will be on probation for a period of two years (through April 2, 2021). This probation in no way affects the continued ability of our Valencia distribution center to service our customers in a timely and efficient manner.

Probation was a result of a settlement agreement between our Valencia distribution center and the California Board of Pharmacy regarding sales that distribution center made to a customer between 2012 and 2014 and the failure to receive a pharmacist's signature on several deliveries in that same time frame.

Additionally, on March 11, 2019, Cardinal Health's Wheeling, West Virginia, distribution center entered into a settlement agreement with the Ohio Board of Pharmacy regarding the security and storage of drugs while those drugs were being distributed to the customer. This issue involved Ohio Board of Pharmacy inspectors manipulating our totes in such a way as to be able to retrieve a bottle out of a strapped/sealed tote. This occurred on several occasions all while the totes were in the custody of our delivery drivers or pharmacies. An inspector also witnessed a delivery

vehicle door that was not locked and secured appropriately. Cardinal Health agreed to pay a monetary penalty of $5,000.

As previously reported, on May 15, 2012, Cardinal Health entered into a settlement agreement with the U.S. Drug Enforcement Administration ("DEA") regarding Cardinal Health's registration to distribute controlled substances from our Lakeland, Florida facility. On February 3, 2012, DEA served an Order to Show Cause and Immediate Suspension of Registration (the "Order") on Cardinal Health's Lakeland, Florida distribution center. In the Order, DEA alleged that the Lakeland facility "failed to maintain effective controls against the diversion of controlled substances" and "failed to detect and report suspicious orders of oxycodone by its pharmacy customers." In particular, DEA identified four retail pharmacies located in Florida that were serviced by the Lakeland facility and alleged that "[n]otwithstanding the large quantities of controlled substances ordered by Cardinal's top retail pharmacy customers Cardinal failed to conduct meaningful due diligence to ensure that the controlled substances were not diverted...." Importantly, these allegations did not involve any diversion of controlled substances from Cardinal's facility.

Under the settlement agreement, the Lakeland facility's DEA registration was suspended for two years from the date of the settlement agreement. On May 21, 2014, the suspension was lifted and the DEA reinstated Lakeland's registration. On December 23, 2016, Cardinal Health reached a nationwide settlement with the federal government, resolving the outstanding civil penalty portion of this May 15, 2012 administrative settlement with the DEA. Under this civil settlement, Cardinal Health has agreed to pay $44 million to the Department of Justice (DOJ) to resolve this matter. The DOJ, including the DEA and the United States Attorneys' Offices for the Middle District of Florida, the Southern District of New York, the District of Maryland, and the Western District of Washington and all other districts across the country have also agreed to take no further administrative or civil action on these and related matters. In addition, Cardinal Health has reached an agreement with the State of West Virginia regarding the company's distribution of controlled substances in that state between 2007 and 2012. While Cardinal Health denies the allegations, it agreed to pay West Virginia $20 million to resolve issues and release the company from further actions.

In 2014, the Boards of Pharmacy in both California and Georgia took derivative action based upon the DEA settlement. The Georgia Board fined the Lakeland facility $500 in administrative fees, and the California Board fined the facility $1,505 in investigative fees. Both fees were paid to the respective Boards.

We make every effort to meet our customers' legitimate demands for controlled substances. However, we have also demonstrated a deep commitment to helping fight prescription drug abuse. If you have any questions about this issue, please contact Martha Russell, Assistant General Counsel, Regulatory, at 614-757-6654.

Sincerely,

Keegan Chamberlain

Inspector Remarks:

Here today for routine wholesaler inspection requested by Cardinal Health. Assisted today by Jennifer Hall, Monica Garcia and Joe Tapia. Per those persons, this facility does not carry controlled substances or prescription drugs. The facility holds RX labeled devices necessitating the need for a WLS permit. The facility is referred to as "Cardinal at Home" as many of the products shipped from this facility go directly to patients.

The following were reviewed:

- Survey of perimeter of the building for lighting and security. Access to the facility is restricted.
- Review list of licenses and registrations held – this location holds multiple licenses in multiple states
- DR was present – Jennifer Hall accompanied the walk-through, DR license(s) was current and posted.
- SECURITY: cameras in place in warehouse able to view multiple angles, alarm system in place, after hour access, key ownership, protection of data mining, badge access for each employee – PnP in place for no "piggy-backing" where each employee is expected to scan badges before entering certain areas of the facility, bay doors are alarmed
- BUILDING: clean and organized, fixtures and equipment in good order, rodent runs observed, walking paths clear, limited trash, insulated ceiling, automated shudders open and close to draw in desired air and remove undesired air
- Location of temperature and humidity monitors were throughout, there was a cool room supplied with cool air by centralized AC kept at 68 degrees F monitored by a system with a back-up and consistent notification via electronic message if out of range.
- There are no cold chain products received or shipped by this facility and therefore no refrigerator.
- Facility separates sterile products and products needing light protection from other products and employs a means to further protect those products (additional cover).
- There are 2 quarantine areas, one in the cool room for those products and another in the main warehouse. Each were clearly marked as quarantine area with multiple labels and chains to differentiate from active sellable stock.
- Inventory is maintained electronically through "license plate" barcoding. These are applied at receiving, provide a location for picking and tracks inventory. Cycle counts are performed daily.

INSPECTION REPORT

- Surety Bond reviewed
- WLS self-assessment reviewed
- This location is a fulfillment center. The customer service department is in Ohio and the prescription processing happens before the order is sent to this location to prepare and send.

Discussed needed compliance to BPC 4013 where all DRs need to be subscribed to the BOP's subscriber alert system. I showed DR Hall how to sign-up. Please ensure all DR and the facility comply with BPC 4013.

Medline Industries, Inc
Disciplinary History

Attachment 4

Date	Facility	Description of State Action	Corrective Actions
8/3/2005	1401 N. Universal Ave, Kansas City, MO 64120	**FILE CLOSED 2010** Medline Industries' Kansas City, MO license (#2003031660) was disciplined for failure to renew on-time and for insufficient temperature control procedures. Medline was placed on probation for 5 years. Throughout the probationary period, the state conducted multiple inspections of the facility and found Medline to be in compliance with all requirements. The probationary period closed in August 2010.	Medline's Regulatory Affairs Department was significantly expanded to include a team of 7 Licensing Specialist that monitor and ensure each of our 200+ licenses are renewed on-time. A temperature control room was also constructed at the facility to ensure product is stored at the appropriate temperature and humidity levels. These control rooms are now a standard feature at our distribution centers, and we have worked closely with VAWD throughout our distribution network to ensure that our temperature control facilities and procedures align with industry best practices.
12/7/2006	9101 Riverside Parkway, Lithia Springs, GA 30122	**FILE CLOSED 2008** Medline's Florida Certified Designated Representative at our Georgia facility resigned unexpectedly. The state of Florida suspended Medline's Florida Out of State Rx Drug Wholesale Distributor Permit (#23:1470) until a new licensed Designated Representative was hired at the facility.	To prevent a situation like this from occurring in the future, every Medline facility licensed in FL has multiple Florida Certified Designated Representatives on staff.
11/16/2007	10601 Southport Drive, Orlando, FL 32824 401 Commerce Blvd., Oldsmar, FL 34677 4750 118th Ave N Clearwater, FL 33762	**FILE CLOSED 2008** Medline Industries was cited for several violations including: failure to pass and maintain a pedigree that met Florida's specific requirements; having the wrong type of permit for activities being performed (in addition to the manufacturing permit that we had, Florida required that we also have a repacker permit); distribution of saline to an unauthorized recipient; and an Rx drug item was found at an unlicensed raw materials storage facility. Several of the violations were challenged and reduced substantially or removed during the settlement process. Medline was assessed and paid a fine for these violations. All issues were addressed and resolved to the satisfaction of the FL DOH. After duly notifying state authorities, as required, we were fined by New York (Cal. No. 27278) for out-of-state professional misconduct. In 2010, Medline made an unrelated business decision to close the Oldsmar and Clearwater facilities.	To address the pedigree issues, Medline instituted a Florida specific pedigree system to ensure that any pedigree shipments within our distribution network with potential to end up in Florida have the required Florida specific documentation. (Note - these requirements have since been preempted by federal law). To address the issue of having the wrong permit type, Medline secured a repackaging permit, in addition to the manufacturing permit the facility already had. To address the sale of saline to an unauthorized person, Medline instituted a new procedure for obtaining and maintaining customer licenses for all Rx drug purchases; this procedure generates an automatic block of any Rx drug orders by an unlicensed customer in our SAP system. The Rx drug item unintentionally stored at our raw materials facility was properly disposed of, and our waste disposal procedures were updated to ensure that this mistake would not recur.
11/26/2007	2708 NE Waldo Rd., Gainesville, FL	**FILE CLOSED 2008** Medline Industries' FL license (# 22:1022) was suspended for violations identified during a Florida BOP facility inspection. Medline, through Counsel, addressed the issues raised in the inspection and established that the suspension was unjustified. The suspension was lifted 3 days later on January 22, 2008 (Case # 2007-37412). In 2010, Medline made an unrelated business decision to close this facility.	After this inspection, Medline conducted a thorough review of its policies and procedures. Additionally, an internal auditing program was implemented to ensure that each distribution center is in compliance with internal policies and procedures, as well as state and federal regulations.
3/5/2008	149 New Camellia Blvd., Covington, LA 70433	**FILE CLOSED 2008** Medline Industries' license #4318 was cited for failure to properly maintain copies of current customer licenses on site (Louisiana Administrative Docket #2008006). Medline was assessed and paid a fine. After duly notifying state authorities, as required, we were fined by New York (Cal. No. 27278) for out-of-state professional misconduct.	In addition to storing copies of our customers' licenses at headquarters, we now store these licenses digitally so they can be accessed by our distribution centers.
5/9/2008	5450 W. Stewart Ave., Wausau, WI	**FILE CLOSED 2009** Medline Industries' license (# 1116-045) was cited and fined by the Wisconsin Department of Regulation & Licensing during an inspection. Medline managed a portion of a Wisconsin hospital's warehouse. The inspector cited Medline for failure to have a dividing fence between the Medline managed portion of the facility and the hospital portion of the facility - even though all of the products were owned by the hospital. Medline was also cited for failure to access several policies and procedures during the inspection. Corrections were made and the facility was re-inspected, to the satisfaction of the state (Case #08 PHM 037). After duly notifying state authorities, as required, we were fined by the states of Hawaii (Case #PHA 2009-7-L) and New York (Cal. No. 27278) out-of-state professional misconduct. . In 2010, Medline made an unrelated business decision to close this facility.	Immediately after the inspection, Medline and the owner of the facility erected a locked fence to divide the faculty. Medline also reviewed all of its other facilities to make sure no similar situations existed. In addition, training on where and how to access current policies and procedures was increased for distribution center personnel. This training is in addition to the training they receive on the policies and procedures themselves.
8/21/2008	94-1420 Moaniani St., Waipahu, Hawaii	**FILE CLOSED 2013** Medline Industries' license (PWD 115) was fined $5000 and placed on probation for 5 years for failure to report the Florida and Missouri disciplinary actions within 30 days. While Medline filed the required reports, the 30 day deadline was missed. Probationary period ended August 2013. (Case # PHA 2008-17-L)	Medline takes this oversight very seriously and we have implemented a new process to notify the required boards of any future disciplinary actions within 10 days of a final action.
3/19/2010	1401 N. Universal Ave, Kansas City, MO 64120	**FILE CLOSED 2010** Medline applied for a Colorado Out of State Wholesaler license for the Missouri distribution center and was issued a conditional license by the CO Board of Pharmacy until the facility's MO probation period ended (approximately 5 months). The CO BOP was informed when the MO probationary period was completed, and subsequently removed the encumbered status of this facility's CO license.	See above for corrective actions related to the underlying sanction.
1/6/2021	1501 Harris Rd, Libertyville, IL 60048	**FILE CLOSED 2021** Medline Industries, Inc. License #01-1985050 received a fined $250 by the Ohio Board of Pharmacy for the sale of dangerous drugs to an unlicensed entity. Medline maintained a current and valid DEA license on file for the physician rather than the TDDD license for the facility. The facility's TDDD license at the time of the sale had expired, unbeknownst to Medline. Case No. A-2020-0054 I-2019-0972-B. The fine was paid on January 21, 2021 and the case was closed.	Medline takes this oversight very seriously. We reviewed our processes and updated our guidelines for the type of license required for business in Ohio to ensure proper type of licenses applied to the customer are valid and current. The TDDD Ohio licenses are reviewed on an annual basis to ensure compliance.

This Power of Attorney is granted under and by the authority of the following resolutions adopted by the Boards of Directors of each of the Companies, which resolutions are now in full force and effect, reading as follows:

RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President, any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary may appoint Attorneys-in-Fact and Agents to act for and on behalf of the Company and may give such appointee such authority as his or her certificate of authority may prescribe to sign with the Company's name and seal with the Company's seal bonds, recognizances, contracts of indemnity, and other writings obligatory in the nature of a bond, recognizance, or conditional undertaking, and any of said officers or the Board of Directors at any time may remove any such appointee and revoke the power given him or her; and it is

FURTHER RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President may delegate all or any part of the foregoing authority to one or more officers or employees of this Company, provided that each such delegation is in writing and a copy thereof is filed in the office of the Secretary; and it is

FURTHER RESOLVED, that any bond, recognizance, contract of indemnity, or writing obligatory in the nature of a bond, recognizance, or conditional undertaking shall be valid and binding upon the Company when (a) signed by the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary and duly attested and sealed with the Company's seal by a Secretary or Assistant Secretary; or (b) duly executed (under seal, if required) by one or more Attorneys-in-Fact and Agents pursuant to the power prescribed in his or her certificate or their certificates of authority or by one or more Company officers pursuant to a written delegation of authority; and it is

FURTHER RESOLVED, that the signature of each of the following officers: President, any Executive Vice President, any Senior Vice President, any Vice President, any Assistant Vice President, any Secretary, any Assistant Secretary, and the seal of the Company may be affixed by facsimile to any Power of Attorney or to any certificate relating thereto appointing Resident Vice Presidents, Resident Assistant Secretaries or Attorneys-in-Fact for purposes only of executing and attesting bonds and undertakings and other writings obligatory in the nature thereof, and any such Power of Attorney or certificate bearing such facsimile signature or facsimile seal shall be valid and binding upon the Company and any such power so executed and certified by such facsimile signature and facsimile seal shall be valid and binding on the Company in the future with respect to any bond or understanding to which it is attached.

I, **Kevin E. Hughes**, the undersigned, Assistant Secretary of each of the Companies, do hereby certify that the above and foregoing is a true and correct copy of the Power of Attorney executed by said Companies, which remains in full force and effect.

Robert L. Raney, Senior Vice President

On this the **3rd** day of **February**, **2017**, before me personally appeared **Robert L. Raney**, who acknowledged himself to be the Senior Vice President of Travelers Casualty and Surety Company of America, Travelers Casualty and Surety Company, and St. Paul Fire and Marine Insurance Company, and that he, as such, being authorized so to do, executed the foregoing instrument for the purposes therein contained by signing on behalf of the corporations by himself as a duly authorized officer.

In Witness Whereof, I hereunto set my hand and official seal.

My Commission expires the **30th** day of **June**, **2021**

Marie C Tetreault
Marie C. Tetreault, Notary Public

This Power of Attorney is granted under and by the authority of the following resolutions adopted by the Boards of Directors of Travelers Casualty and Surety Company of America, Travelers Casualty and Surety Company, and St. Paul Fire and Marine Insurance Company, which resolutions are now in full force and effect, reading as follows:

RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President, any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary may appoint Attorneys-in-Fact and Agents to act for and on behalf of the Company and may give such appointee such authority as his or her certificate of authority may prescribe to sign with the Company's name and seal with the Company's seal bonds, recognizances, contracts of indemnity, and other writings obligatory in the nature of a bond, recognizance, or conditional undertaking, and any of said officers or the Board of Directors at any time may remove any such appointee and revoke the power given him or her; and it is

FURTHER RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President may delegate all or any part of the foregoing authority to one or more officers or employees of this Company, provided that each such delegation is in writing and a copy thereof is filed in the office of the Secretary; and it is

FURTHER RESOLVED, that any bond, recognizance, contract of indemnity, or writing obligatory in the nature of a bond, recognizance, or conditional undertaking shall be valid and binding upon the Company when (a) signed by the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary and duly attested and sealed with the Company's seal by a Secretary or Assistant Secretary; or (b) duly executed (under seal, if required) by one or more Attorneys-in-Fact and Agents pursuant to the power prescribed in his or her certificate or their certificates of authority or by one or more Company officers pursuant to a written delegation of authority; and it is

FURTHER RESOLVED, that the signature of each of the following officers: President, any Executive Vice President, any Senior Vice President, any Vice President, any Assistant Vice President, any Secretary, any Assistant Secretary, and the seal of the Company may be affixed by facsimile to any Power of Attorney or to any certificate relating thereto appointing Resident Vice Presidents, Resident Assistant Secretaries or Attorneys-in-Fact for purposes only of executing and attesting bonds and undertakings and other writings obligatory in the nature thereof, and any such Power of Attorney or certificate bearing such facsimile signature or facsimile seal shall be valid and binding upon the Company and any such power so executed and certified by such facsimile signature and facsimile seal shall be valid and binding on the Company in the future with respect to any bond or understanding to which it is attached.

I, **Kevin E. Hughes**, the undersigned, Assistant Secretary of Travelers Casualty and Surety Company of America, Travelers Casualty and Surety Company, and St. Paul Fire and Marine Insurance Company, do hereby certify that the above and foregoing is a true and correct copy of the Power of Attorney executed by said Companies, which remains in full force and effect.

Dated this 2nd day of September 2020.

Kevin E. Hughes

Medline Industries, Inc
Disciplinary History

Attachment 4

Date	Facility	Description of State Action	Corrective Actions
8/3/2005	1401 N. Universal Ave, Kansas City, MO 64120	**FILE CLOSED 2010** Medline Industries' Kansas City, MO license (#2003031660) was disciplined for failure to renew on-time and for insufficient temperature control procedures. Medline was placed on probation for 5 years. Throughout the probationary period, the state conducted multiple inspections of the facility and found Medline to be in compliance with all requirements. The probationary period closed in August 2010.	Medline's Regulatory Affairs Department was significantly expanded to include a team of 7 Licensing Specialist that monitor and ensure each of our 200+ licenses are renewed on-time. A temperature control room was also constructed at the facility to ensure product is stored at the appropriate temperature and humidity levels. These control rooms are now a standard feature at our distribution centers, and we have worked closely with VAWD throughout our distribution network to ensure that our temperature control facilities and procedures align with industry best practices.
12/7/2006	9101 Riverside Parkway, Lithia Springs, GA 30122	**FILE CLOSED 2008** Medline's Florida Certified Designated Representative at our Georgia facility resigned unexpectedly. The state of Florida suspended Medline's Florida Out of State Rx Drug Wholesale Distributor Permit (#23:1470) until a new licensed Designated Representative was hired at the facility.	To prevent a situation like this from occurring in the future, every Medline facility licensed in FL has multiple Florida Certified Designated Representatives on staff.
11/16/2007	10601 Southport Drive, Orlando, FL 32824 401 Commerce Blvd., Oldsmar, FL 34677 4750 118th Ave N Clearwater, FL 33762	**FILE CLOSED 2008** Medline Industries was cited for several violations including: failure to pass and maintain a pedigree that met Florida's specific requirements; having the wrong type of permit for activities being performed (in addition to the manufacturing permit that we had, Florida required that we also have a repacker permit); distribution of saline to an unauthorized recipient; and an Rx drug item was found at an unlicensed raw materials storage facility. Several of the violations were challenged and reduced substantially or removed during the settlement process. Medline was assessed and paid a fine for these violations. All issues were addressed and resolved to the satisfaction of the FL DOH. After duly notifying state authorities, as required, we were fined by New York (Cal. No. 27278) for out-of-state professional misconduct. In 2010, Medline made an unrelated business decision to close the Oldsmar and Clearwater facilities.	To address the pedigree issues, Medline instituted a Florida specific pedigree system to ensure that any pedigree shipments within our distribution network with potential to end up in Florida have the required Florida specific documentation. (Note - these requirements have since been preempted by federal law). To address the issue of having the wrong permit type, Medline secured a repackaging permit, in addition to the manufacturing permit the facility already had. To address the sale of saline to an unauthorized person, Medline instituted a new procedure for obtaining and maintaining customer licenses for all Rx drug purchases; this procedure generates an automatic block of any Rx drug orders by an unlicensed customer in our SAP system. The Rx drug item unintentionally stored at our raw materials facility was properly disposed of, and our waste disposal procedures were updated to ensure that this mistake would not recur.
11/26/2007	2708 NE Waldo Rd., Gainesville, FL	**FILE CLOSED 2008** Medline Industries' FL license (# 22:1022) was suspended for violations identified during a Florida BOP facility inspection. Medline, through Counsel, addressed the issues raised in the inspection and established that the suspension was unjustified. The suspension was lifted 3 days later on January 22, 2008 (Case # 2007-37412). In 2010, Medline made an unrelated business decision to close this facility.	After this inspection, Medline conducted a thorough review of its policies and procedures. Additionally, an internal auditing program was implemented to ensure that each distribution center is in compliance with internal policies and procedures, as well as state and federal regulations.
3/5/2008	149 New Camellia Blvd., Covington, LA 70433	**FILE CLOSED 2008** Medline Industries' license #4318 was cited for failure to properly maintain copies of current customer licenses on site (Louisiana Administrative Docket #2008006). Medline was assessed and paid a fine. After duly notifying state authorities, as required, we were fined by New York (Cal. No. 27278) for out-of-state professional misconduct.	In addition to storing copies of our customers' licenses at headquarters, we now store these licenses digitally so they can be accessed by our distribution centers.
5/9/2008	5450 W. Stewart Ave., Wausau, WI	**FILE CLOSED 2009** Medline Industries' license (# 1116-045) was cited and fined by the Wisconsin Department of Regulation & Licensing during an inspection. Medline managed a portion of a Wisconsin hospital's warehouse. The inspector cited Medline for failure to have a dividing fence between the Medline managed portion of the facility and the hospital portion of the facility - even though all of the products were owned by the hospital. Medline was also cited for failure to access several policies and procedures during the inspection. Corrections were made and the facility was re-inspected, to the satisfaction of the state (Case #08 PHM 037). After duly notifying state authorities, as required, we were fined by the states of Hawaii (Case #PHA 2009-7-L) and New York (Cal. No. 27278) out-of-state professional misconduct. . In 2010, Medline made an unrelated business decision to close this facility.	Immediately after the inspection, Medline and the owner of the facility erected a locked fence to divide the faculty. Medline also reviewed all of its other facilities to make sure no similar situations existed. In addition, training on where and how to access current policies and procedures was increased for distribution center personnel. This training is in addition to the training they receive on the policies and procedures themselves.
8/21/2008	54-1420 Moaniani St., Waipahu, Hawaii	**FILE CLOSED 2013** Medline Industries' license (PWD 115) was fined $5000 and placed on probation for 5 years for failure to report the Florida and Missouri disciplinary actions within 30 days. While Medline filed the required reports, the 30 day deadline was missed. Probationary period ended August 2013. (Case # PHA 2008-17-L)	Medline takes this oversight very seriously and we have implemented a new process to notify the required boards of any future disciplinary actions within 10 days of a final action.
3/19/2010	1401 N. Universal Ave, Kansas City, MO 64120	**FILE CLOSED 2010** Medline applied for a Colorado Out of State Wholesaler license for the Missouri distribution center and was issued a conditional license by the CO Board of Pharmacy until the facility's MO probation period ended (approximately 5 months). The CO BOP was informed when the MO probationary period was completed, and subsequently removed the encumbered status of this facility's CO license.	See above for corrective actions related to the underlying sanction.
1/6/2021	1501 Harris Rd, Libertyville, IL 60048	**FILE CLOSED 2021** Medline Industries, Inc. License #01-1985050 received a fined $250 by the Ohio Board of Pharmacy for the sale of dangerous drugs to an unlicensed entity. Medline maintained a current and valid DEA license on file for the physician rather than the TDDD license for the facility. The facility's TDDD license at the time of the sale had expired, unbeknownst to Medline. Case No. A-2020-0054 I-2019-0972-B. The fine was paid on January 21, 2021 and the case was closed.	Medline takes this oversight very seriously. We reviewed our processes and updated our guidelines for the type of license required for business in Ohio to ensure proper type of licenses applied to the customer are valid and current. The TDDD Ohio licenses are reviewed on an annual basis to ensure compliance.

- Strong background in many areas including: Warehousing and distribution, wholesale and retail sales, building startup/shutdown and call center operations
- Familiar with retail, wholesale and warehouse management systems: SAP, Optum, Rapistan, People Soft, Catalyst, ProTrack and Symbol

PROFESSIONAL EXPERIENCE

Director of Operations - Rialto, California **(2008-Present) Medline**

- Responsibilities include: Reporting directly to the Vice President of Distribution for the west coast, overseeing the overall operation of a 1.1M square foot, 148 door distribution center operating 7 days a week with Symbol, Catalyst, SAP, ProTrack, Knapp, TGW and Fortna
- Oversee the overall operation of Medline's busiest building. Inbound is comprised of approximately 75 inbound trailers per week, 500 LTL pallets per day plus one each of a full 24' truck from UPS and FedEx each day. Outbound shipping handles 42,000 customer direct order lines daily going to Southern California and Las Vegas via private fleet, LTL and parcel carriers
- Outbound shipments total over $800M a year generated by over 12M transactions
- Direct reports include 1 Branch Manager, 4 Warehouse Manager, 21 Supervisors, 23 Team Leaders and 400 Team Members. Dotted line responsibility for private fleet of 70 trucks, Regional Training Supervisor, Human Resources, Recruiting and Maintenance Manager

MAJOR ACCOMPLISHMENTS

- Oversaw the successful startup of a 1.1M Sq. Ft., highly automated distribution center
- Successfully oversaw the implementation of ProTrack, a labor management system, and did so with minimal push back from Team Members
- Brought on $110M in business over a 6 week period with minimal service interruptions to existing or new customers
- Opened 2 additional buildings to support new business
- Addressed the performance issues of over 45 out of 67 Team Members during my first year
- Mentored several people that went on to be promoted to exempt level positions
- Branch received Medline's highest awards, "Branch of the Year" in 2010, 2012 and 2014, "Safety Branch of the Year" in 2010 and 2014 and "Accuracy Branch of the Year" in 2016

Target - Corona, California **(2004-2008)**
Store Team Leader

- Responsibilities include: Reporting directly to the District Team Leader, responsible for overseeing the overall operation of a 130K square foot Target store operating with Symbol, People Soft, and company developed systems
- Required to meet payroll goals while delivering a great looking store
- Sales for the store in 2007 were over $45M generated by over 1.2M transactions
- Store carried over $4.5M of product at any given time represented by over 75,000 SKUs
- Direct reports included 11 Executive Team Leaders, 23 Team Leaders and 200 to 300 Team Members depending on the time of year

MAJOR ACCOMPLISHMENTS

- Lead the 12th fastest growing store at Target in 2005. Sales grew from $28M per year in 2004 to over $35M in sales in 2005.
- Oversaw the remodeling of the store in early 2006 with minimal disruption to Team Members and Guests
- Received the People Development Award for the district in 2006 at the National Sales Meeting
- Worked as the Campus Recruiting Champion for the district. Responsible for finding and interviewing soon to be graduates from California State University, San Bernardino to fill open Executive Team Leader positions
- Lead 10 stores in the areas of payroll and sales forecasting as the District Forecast Champion
- Overcame staffing difficulties in a hard to hire store
- Awarded stock options in 2006, the first year I was eligible to receive them. Stock options are awarded to the top 1/3 of Target Store Managers

Grainger Industrial Supply - Mira Loma, California **(2002-2004)**
Inbound/Outbound Operations Manager

- Responsibilities included: Reporting directly to the Distribution Center Manager while overseeing the daily replenishment of 31 branches in Southern and Central California, Nevada and Arizona from a 330K square foot, 3 story, semi-automated distribution center
- Also responsible for overseeing the receipt of over $2.5M in product per week delivered via 70+ full trailers
- Oversaw the shipment of over 2.5K customer direct orders per day, totaling over $125M per year making our distribution center the largest shipper with UPS's Ontario facility and helping make the Grainger one of their top 5 customers nationwide
- Accountable for the building's inventory accuracy and coordinating the annual count of inventory valued at over $34M and represented by over 56K SKUs
- Inbound - Direct reports included 2 Managers, 3 Team Leads, 5 Specialist and over 70 Team Members
- Outbound - Direct reports included 3 Process Managers, 4 Team Leads, 5 Specialist and over 100 Team Members

MAJOR ACCOMPLISHMENTS

- Improved outbound productivity by 20% by developing and implementing process changes
- Improved order accuracy to customers and branches through awareness and process improvements

- Reduced pallet cost by over $100K per year through price negotiations and improved control processes
- Upon arriving at the building, calmed down a group of Team Members threatening unionization
- Assisted in the roll out of ProTrack, a system used to accurately measure individual and group performance
- While working inbound surveys showed improved Team Members satisfaction, in spite of the shift being overnight and the team being tasked with an ever increasing workload

Grainger Industrial Supply, Anaheim/Irwindale, California (1998-2001)
Branch Manager

- Responsibilities included: Reporting to the District Branch Operations Manager. Responsible for overall operation of the largest branch in California including counter, warehouse and call center operations
- Call center handled all of Orange County, California
- Branch had contact with over 350K customers and generated over $12M dollars in sales each year
- Responsibilities also included working with major accounts such as Disneyland, Pepsi and Miller Brewing
- Direct reports included 1 Customer Service Manager, 3 Team Leads and 25 Team Members

MAJOR ACCOMPLISHMENTS

- Branch was selected for a national pilot to test new methods of delivery
- 1 of 3 branches out of over 450 nationwide to have its showroom display photographed and posted on the company web site for other stores to view as an example of how to merchandize their showrooms
- Came in under headcount/payroll goals while supporting other branches with projects and day to day staffing
- Trained an incoming Regional Vice President on branch operations
- Scored over 95% on internal audit of processes making ours one of the top branches in the nation for process management
- Guided the branch through the conversion from a company developed order entry system to a more comprehensive system by SAP in preparation for Y2K

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 105625536

Application/License No. _____

Medline Industries, Inc. (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is One Medline Place, Mundelein, IL 60060 (Address of Applicant/Principal), as PRINCIPAL, and Travelers Casualty and Surety Company of America (Surety Company) a corporation organized under the laws of the state of Connecticut (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is One Tower Square, Hartford, CT 06183 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on July 20, 2011 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 20th day of July, 2011.
