In July of 2007 I appeared before the board regarding the fatal error that occurred at Summerlin Hospital with Alyssia Shinn. I had been on duty earlier in the day and we were extremely short staffed. I had been helping to enter orders into the TPN compounding machine. At one point I went back into the system to edit one of the components and when I did, I had not realized the system had converted to milligrams as opposed to micrograms and there were no warning levels set on the machine to alert you to such extreme out of range calculations. I handed the order to a pharmacist to verify and then be sent to compound. I had left for the night and had never seen the order after that. The order was compounded and administered with the error. The order was verified by 2 pharmacists and 2 nurses in the time after I had left. When I came to work the next morning and learned of what happened I was devastated, and I am the person who came directly to the board. I wanted to be sure that something like this never happened again and the parents knew what happened with their daughter. I cooperated and worked with the board to ensure that this matter was handled in the best interests of family. This is something that will live with me forever, but I am sure to work every day to ensure the health, safety and well-being of all my patients and be sure something like this never happens again.

2. TERM.

2.1 DURATION. The term of this Lease shall be for a period of Five (5) years commencing on May 1, 2022 and terminating on April 30, 2027.

2.2 POSSESSION. If LANDLORD, for any reason, cannot deliver possession of the PREMISES to TENANT on the commencement of the term, this Lease shall not be void or voidable, nor shall LANDLORD be liable to TENANT for any loss or damage resulting from such delay. In the event LANDLORD cannot deliver the PREMISES, within one hundred eighty (180) days of the commencement date, TENANT'S sole and exclusive remedy shall be to declare the Lease null and void. Early termination of this Lease by the TENANT, prior to the expiration of its term, will not be granted, unless otherwise noted or permitted by LANDLORD.

2.3 HOLDOVER. Should TENANT hold possession of the PREMISES, with consent of the LANDLORD, after the expiration of the stated Term of this Lease, such holding over shall create a month-to-month tenancy only, upon the same terms and conditions, as set forth herein, except that minimum rent shall be one hundred twenty five (125%) percent of the adjusted minimum rent, as determined in Article 4 hereof. Nothing contained in this Lease shall be construed as consent to such holding over.

3. EXTENSION OF TERM OF LEASE.

LANDLORD hereby grants to TENANT, an Option and Right to Extend the Term of this Lease ("Option") for one additional Five (5) Year Term, upon the same terms and conditions. This Lease shall be automatically extended, unless Tenant is in default or gives written notice of intent to terminate the Lease, two (2) months prior to expiration of the Initial Lease Term or any Extension thereof. A. If TENANT wishes to terminate upon expiration of any Term, notice must be given in writing, at least sixty (60) days, prior to the expiration of this Lease. **If TENANT fails to give written notice, during the prescribed notice period, the Term of this Lease shall be automatically extended, upon all terms and conditions contained herein.**

LANDLORD may request payment of any Additional Rent owed, at any time during the term of this Lease. It is the intent of the parties hereto, that this Lease shall not be terminable for any reason by the TENANT and that TENANT shall in no event be entitled to abatement of, or reduction in, rent payable hereunder, except as expressly provided herein.

4.7 LATE CHARGES. TENANT acknowledges that late payment, by TENANT to LANDLORD, of any Base Rent, Additional Rent or other charges due under this Lease, will cause LANDLORD to incur costs not contemplated by this Lease, the exact amount difficult to ascertain. Such costs include without limitation; processing, accounting and late charges that may be imposed on LANDLORD by the terms of any encumbrance or note secured by PREMISES or any bank. Therefore, if any rent or other sum due from TENANT is not received within five business (5) days, after the date due of any month of this Lease, TENANT shall pay to LANDLORD an additional sum equal to five percent (5%) of each overdue payment, payable on demand, which shall be deemed Additional Rent. TENANT shall deposit with LANDLORD, upon execution hereof, **Two Thousand Seven Hundred Thirty Five Dollars ($2,735.00)**, as security for TENANT'S faithful performance of the provisions of this Lease, **which may not be applied to the last month's rent.** This security deposit shall always equal, or exceed, the last month's rent in the Term and any Extension thereof and shall be increased every time the Lease is extended. LANDLORD may use, apply or retain all or any portion of said deposit for the payment of rent or any other charge in default or to compensate LANDLORD for any loss or damage, including cleaning of PREMISES, which LANDLORD may suffer thereby. If LANDLORD applies any portion of said deposit, TENANT shall restore it to the full amount stated herein, within ten (10) days after written demand. TENANT'S failure to do so shall be a material breach of this Lease. LANDLORD shall not be required to keep said deposit separate from its general accounts. If TENANT performs all of TENANT'S obligations hereunder and leaves the entire PREMISES clean, including all the furnishings and fixtures therein and the PREMISES free from all debris or hazardous waste; upon vacating, said deposit or balance thereof, which has not been applied by LANDLORD, shall be returned without payment of interest to TENANT at the expiration of the term or at LANDLORD'S option, to the last assignee, if any, of TENANT'S interest hereunder.

TENANT will at all times adhere to good fire and other safety practices, as such governmental authorities may require. Neither TENANT nor its employees, agents,

contractors, visitors or licensees shall at any time bring or keep upon the PREMISES, any flammable, combustible or explosive fluid, chemical or substance, except that which is normally employed in their business and which is kept safely in proper containers.

11. ALTERATIONS AND ADDITIONS.

A. TENANT shall not, without LANDLORD'S prior written consent, make any alterations, improvements, additions or utility installations (including bus ducting, power panels, fluorescent fixtures, space heaters, conduits and wiring) to the PREMISES, except for non-structural alterations. All work must be paid by TENANT and performed by a Licensed Contractor, approved by LANDLORD prior to commencing work. TENANT shall be required to obtain all applicable permits from the appropriate governmental agencies. **Walls must remain white.**

B. As a further condition to giving such consent, LANDLORD may require TENANT, at their sole cost and expense, to provide a lien and completion bond, equal to one and one-half (1-1/2) times the estimated cost of such improvements. TENANT shall pay when due, all claims for labor or materials furnished, or alleged to have been furnished, for TENANT at or for use in the PREMISES, which claims may be secured by any mechanics or material man's lien against the PREMISES, or any interest therein.

C. Unless LANDLORD requires the removal, as set forth in Articles 21 and 35, all alterations, improvements, additions and utility installations (whether or not such utility installations constitute trade fixture of TENANT) which may be made to the PREMISES, shall become the property of LANDLORD and be surrendered with the PREMISES, at the expiration of the term. TENANT'S furnishings, machinery and equipment, which can be removed without material damage to the PREMISES, shall remain the property of TENANT and may be removed subject to the provisions of Articles 21 and 35.

12. TAXES.

12.1 PERSONAL PROPERTY TAXES. TENANT shall pay before delinquency all license fees, public charges, property taxes and assessments on the furniture, fixtures, equipment and other property of or being used by TENANT, at any time situated on or installed in the PREMISES.

12.2 REAL ESTATE TAXES.

(a) TENANT shall pay as Additional Rent, before delinquency, pro rata portion of all Real Estate Taxes in general levied against the PREMISES, including special assessments, and installments thereof ("Real Estate Taxes"), any tax on rent, any license fee imposed by a local government body on the collection of rent, excluding federal and state income taxes. Said Real Estate Taxes and assessments, for the first and last Lease years hereunder shall, be pro-rated and apportioned between LANDLORD and TENANT to coincide with the Commencement and Expiration of the Lease term. As used herein, the term Real Estate Taxes shall include: (i) any form of tax or assessment, license fee or tax or any other levy charge or similar imposition, imposed by any federal, state, county or city authority having jurisdiction, or any political subdivision thereof, or other improvement or special assessment district thereof, on any interest of LANDLORD and/or TENANT in the PREMISES and/or the underlying realty; (ii) any impositions allocable to or measured by the area of the PREMISES or any rental payable hereunder, including without limitation, any gross income tax or excise tax levied by the federal, state, county or city government, with respect to the recipient of such rent, or upon or with respect to the possession, leasing, operation, management, maintenance, alteration, repair, use or occupancy by TENANT of the PREMISES, or any portion thereof and (iii) any impositions upon this Lease transaction of any document to which TENANT is a party, creating or transferring an interest or an estate in the PREMISES.

(b) TENANT shall pay such Real Estate Taxes to LANDLORD, upon demand, **(current portion $568.38 annually and subject to change) or in monthly payments with rent of $47.37 per month.**

(c) This Paragraph 12.2 shall not be construed to require TENANT to pay any tax which may be levied by any governmental authority upon the income, profits or business of LANDLORD, or any personal property taxes, franchise, inheritance or estate taxes, or taxes upon inheritance or right of succession which may be levied against any estate or interest or LANDLORD, even though such taxes shall become a lien against the PREMISES.

(d) TENANT shall have the right, at its sole cost and expense, to contest the amount or validity, in whole or in part, of any tax that TENANT is required to pay, by appropriate proceedings diligently conducted in good faith and shall, upon the final determination thereof, pay the amount of said Real Estate Taxes, together with any interest, penalties, costs and charges which may be payable in connection therewith. As a condition of such contest, TENANT shall pay such amounts and/or post such security, as LANDLORD reasonably requires to protect the PREMISES against loss or forfeiture. LANDLORD shall not be required to join in any contest or proceedings unless the provisions of any applicable law or regulations require that the proceedings be brought by or in the name of LANDLORD. However, LANDLORD agrees to join in the proceedings, or permit them to be brought in its name, provided that (i) LANDLORD shall not be subjected to any liability for the payment of any costs or expenses in connection with any contest or proceedings and (ii) TENANT shall indemnify LANDLORD against and save LANDLORD harmless from any costs and expenses and the amount of real estate taxes, including interest and penalties, due and owing in this regard. In the event of such contest, TENANT shall post such bond or take other such measures as LANDLORD may reasonably require.

12.3 BUSINESS TAXES. TENANT shall pay all special taxes and assessments or license fees levied, assessed or imposed by law or ordinance, by reason of the use of the PREMISES.

13. UTILITIES / SERVICES.

TENANT shall pay as Additional Rent, before delinquency, all charges for water, gas, power, telephone, cable, garbage, pro rata sewer service fees, security/crime control (guard and/or alarm company), pest control and other services metered, chargeable or provided to the PREMISES, including utility connection charges and deposits. TENANT shall be responsible for additional utility installations, per the specific requirements of their occupancy of

the PREMISES. Under no circumstances shall LANDLORD be responsible for any interruption of any utility service. Nothing in this Lease shall limit LANDLORD in any way from granting or using easements on, across, over and under the PREMISES for the purpose of providing utility services.

14. INSURANCE.

Throughout the Lease Term TENANT shall maintain, at its sole cost and expense, the following types and amounts of insurance (which may be included under a blanket insurance policy if all the other terms hereof are satisfied), in addition to such other insurance as LANDLORD may reasonably require. TENANT shall be responsible for reimbursement of LANDLORD'S Property/Fire Insurance (included in Paragraph 14.2), which shall be paid upon demand, **(TENANTS current portion $475.00 annually. Subject to change), or monthly payments with rent of $39.58 per month.**

14.1 PUBLIC LIABILITY INSURANCE. TENANT shall maintain Comprehensive Commercial General Liability and Property Damage insurance, including a Products Liability clause, covering LANDLORD, indemnified Parties, TENANT and its authorized representatives; against bodily injury or death of persons liability, property damage liability and automobile bodily injury and property damage liability, including without limitation any liability arising out of the ownership, maintenance, repair, condition or operation of the PREMISES, or adjoining ways, streets or sidewalks, occurring from any cause whatsoever arising out of or in connection with TENANT and its authorized representatives liability, use or occupancy of the PREMISES. Such insurance policy or policies shall be in an amount not less than ONE MILLION DOLLARS ($1,000,000) combined single limit, with an aggregate limit of not less than TWO MILLION DOLLARS ($2,000,000) including FIVE HUNDRED THOUSAND ($500,000) Fire Legal Liability Insurance and ONE MILLION DOLLARS ($1,000,000) Professional Liability, if applicable, and shall contain a broad form contractual liability endorsement under which the insurer agrees to insure TENANT'S obligations to the full extent insurable, and a "severability of interest" clause or endorsement which precludes the insurer from denying the claim of either TENANT or LANDLORD because of the negligence or other acts of the other party. Public liability insurance, product liability insurance and property damage insurance shall be in amounts of not less than $1,000,000 per injury and occurrence with respect to any insured liability, whether for personal injury or property damage, which shall insure performance by TENANT of the Indemnity provisions of Article 16. LANDLORD shall be named, as "Additional Insured" and the policy shall contain cross-liability endorsements.

14.2 "ALL RISKS" INSURANCE.

(a) TENANT shall maintain "All Risks" and/or Special Form coverage insurance against loss, damage or destruction by fire and other casualty, including theft, vandalism and malicious mischief, flood (if the PREMISES is in a location designated by the Federal Secretary of Housing and Urban Development as a flood hazard area); plate glass breakage (TENANT may self-insure); pipe breakage or sprinkler damage; all matters covered by a standard extended coverage endorsement; and such other risks as LANDLORD may reasonably require, insuring the TENANT'S personal property, improvements in or about PREMISES and the restoration of TENANT'S and LANDLORD'S improvements, the PREMISES which the TENANT occupies and all improvements thereon for not less than 100% of their full insurable replacement cost. TENANT and LANDLORD, as their interests may appear, shall be the named insured.

(b) TENANT acknowledges that LANDLORD is not required to maintain any personal property insurance for TENANT'S property and merchandise. All insurance required to be provided by TENANT under this Lease shall release LANDLORD from any claims for damages to any person, any property or the PREMISES and to TENANT'S fixtures, personal property, improvements and alterations in or on the PREMISES, caused by or resulting from risks insured against under any insurance policy carried by TENANT, in force at the time of such damage.

(c) TENANT shall not carry any stock of goods, combustible materials or do anything on or about the PREMISES which will in any way tend to increase the insurance rate on the building in which the PREMISES are located. In no event shall TENANT carry on any activities, which would invalidate any insurance coverage thereon.

(d) TENANT hereby waives any and all rights of recovery from LANDLORD, its partners, managers, trustees, officers, agents, representatives and employees for any loss or damage (including gross negligent acts) enumerated in each form of insurance policy required to be maintained by TENANT hereunder.

(e) LANDLORD does NOT insure TENANT for any personal injury or property damage, including that caused by the act or omission of any other TENANT or third party or by any criminal act or activity, war, riot, insurrection, fire, water or act of God.

14.3 WORKERS COMPENSATION. TENANT shall at all times maintain Workers Compensation insurance in compliance with Nevada state law (Employers Insurance Company of Nevada).

14.4 BUSINESS INTERRUPTION. TENANT shall at all times maintain Business Interruption insurance equal to 100% of the Base Monthly Rent and Additional Rents for a period of not less than 6 months.

14.5 GENERAL INSURANCE REQUIREMENTS.

(a) All insurance required to be provided by TENANT under this Lease shall be written by a company that is A rated and licensed to do business in Nevada, and shall expressly include, as named or additionally insured, the LANDLORD and any person or entity designated as having an insurable interest therein, as their respective interest may appear.

Additional insured to read as follows:

1807 WC LLC,
Eljoy Corp. & Josephs Properties
5395 Polaris Ave. Ste. 100
Las Vegas, NV 89118

(b) Each policy shall be primary and not contributing with the coverage, if any, which LANDLORD may carry. The coverage amounts of all insurance policies required hereunder by TENANT, shall be an amount sufficient to prevent LANDLORD from becoming a co-insurer. LANDLORD shall receive a copy of each policy or endorsement reflecting the amounts of insurance and providing that LANDLORD is an additional insured or beneficiary.

(c) All insurance shall contain an express waiver of any and all rights of subrogation whatsoever against LANDLORD, its officers, partners, managers, trustees, agents, contractors and employees. Each party ("insured") hereby waives its entire right of recovery against the other party and the other party's officers, partners, representatives, employees, trustees, managers, successors and assigns with respect to any loss or damage, including consequential loss or damage, to the insured's property caused or occasioned by any peril or perils (including acts, covered by any policy or policies carried by the "insured").

(d) TENANT shall deliver a certificate or copy of each insurance policy required by this Lease and Accord certificate, together with evidence of payment of all current premiums, to LANDLORD and all other named insured's, prior to occupancy; and policy renewals thereafter, prior to their expiration. Each of said policies of insurance, required to be maintained by TENANT, shall contain an endorsement or provision requiring not less than thirty (30) days prior written notice to LANDLORD, and all other named insured's, prior to the cancellation, diminution in the perils insured against, or change or reduction of the scope or amount of coverage of the particular policy in question.

(e) TENANT'S failure to provide evidence of such coverage to LANDLORD within ten (10) days of written request may, in LANDLORD'S sole discretion, constitute a default under this Lease.

14.6 LANDLORD'S RIGHT TO OBTAIN INSURANCE. In the event that TENANT fails to procure or maintain the insurance required hereunder, within fifteen (15) days following written notice from LANDLORD indicating TENANT'S failure to procure or maintain the required insurance, then TENANT shall be in default under this Lease. In addition to any other remedies available at law or in equity, LANDLORD may, at LANDLORD'S election, procure the required insurance and TENANT shall pay LANDLORD'S costs and expenses in obtaining such insurance with the next due monthly installment of Rent. Notwithstanding the foregoing, it is expressly covenanted and agreed that payment by LANDLORD of any such insurance premium shall not be deemed to waive or release any of TENANT'S obligations with respect to insurance.

15. DESTRUCTION OF PREMISES.

15.1 TENANT'S DUTY TO RESTORE. In the event of a total or partial destruction of the improvements, from any cause covered by the insurance which is to be maintained by TENANT, TENANT shall forthwith repair the same immediately upon receipt of the insurance proceeds or clear the PREMISES of all debris and damaged structures and remit to LANDLORD all insurance proceeds allocated to real property and LANDLORD'S interest (but not to TENANT'S property) therein received, less any sums used to clear the PREMISES and remove TENANT'S property; but such destruction shall not annul or void this Lease. Subject to Paragraph 15.3, the rents, reserved to be paid hereunder, shall be equitably adjusted according to the amount and value of the undamaged space.

15.2 ELECTION TO TERMINATE. If the improvements on the PREMISES are damaged by any insured casualty to the extent of at least thirty percent (30%) of the replacement cost (to repair or replace at the time of loss without deduction for physical depreciation) during the term of this Lease, or to any extent by an insured cause at any time during the Lease term, or by an insured or uninsured cause during the extension or renewal of the Lease term, or to any extent by an uninsured cause at any time during the Lease term; LANDLORD shall, within not more than thirty (30) days after such damage, notify TENANT of LANDLORD'S election to terminate this Lease, or to restore the improvements on the PREMISES as in LANDLORD'S sole discretion is necessary to create an economically feasible unit. If LANDLORD elects to repair or restore the damaged improvements, then with respect to the PREMISES, LANDLORD and TENANT shall each restore them in the same manner and to the same extent as work was done by each of them in the original construction and fixturization of the improvements, and the damaged improvements of the balance of the PREMISES shall be restored likewise. If LANDLORD elects not to restore as stated, this Lease shall terminate effective as of the date of such damage, upon the notice of election by LANDLORD as stated. If LANDLORD elects to restore, or fails to give notice of its election as stated, then this Lease shall remain in full force and effect. Any restoration required hereunder by LANDLORD shall be commenced within 45 days of such loss and LANDLORD will use the best effort possible to insure completion of restoration without unreasonable delays. If LANDLORD fails to undertake such restoration then TENANT shall have the right to elect to terminate this Lease. Such elections shall be on notice of ninety (90) days.

15.3 RENTAL ADJUSTMENT. If this Lease is not terminated, as provided for herein Paragraph 15.2; then during the period of repair and restoration, the rents due hereunder shall be equitably adjusted, according to the amount and value of the undamaged space.

15.4 TENANT'S OBLIGATION TO RESTORE. Notwithstanding the foregoing provisions, in the event the PREMISES, or a portion thereof, shall be damaged by fire or other casualty due to the fault or negligence of TENANT, its agents, employees, service providers, contractors, SUBTENANTS, licensees, customers or business invitees; then, without prejudice to any of the rights and remedies of LANDLORD, this Lease shall not terminate, the damage shall be repaired by TENANT at their sole expense and there shall be no apportionment or abatement of any rent.

15.5 INSURANCE PROCEEDS. All insurance proceeds payable under any fire and extended coverage risk insurance shall be payable solely to LANDLORD and TENANT shall have no interest therein, except to the extent that the proceeds are reimbursement for trade fixtures. TENANT shall in no event be entitled to compensation for damages on account of any annoyance or inconvenience in making repairs under any provision of this Lease. Except to the extent provided for in this Paragraph 15.5, neither the Rent payable by TENANT nor any of TENANT'S other obligations under any provision of this Lease shall be affected by any damage or destruction of the PREMISES or any portion thereof by any cause whatsoever.

16. INDEMNIFICATION AND WAIVER.

16.1 INDEMNIFICATION. TENANT, as a material part of the consideration to be rendered to LANDLORD, hereby waives all claims against LANDLORD and its managers, partners, officers, trustees,

representatives, employees, contractors and agents (Indemnified Parties). TENANT'S indemnification of LANDLORD under Paragraph 16.1 of the Lease, does not include claims arising from the sole act, gross negligence or willful misconduct of LANDLORD or its managers, agents, contractors or employees. TENANT, to the maximum extent permitted by law, shall defend, protect, indemnify and hold harmless the LANDLORD and the Indemnified Parties, against all claims, demands or causes of action, suits, damages, liabilities, judgments, losses and expenses (including without limitation, reasonable attorneys' fees and costs of litigation, whether incurred for LANDLORD or Indemnified Party's primary defense or for enforcement of its indemnified rights) which may be incurred by an Indemnified Party or asserted by TENANT (including without limitation, TENANT'S employees, contractors and agents) or by any third party on account of:

(a) Any personal injury, disease or death of any person(s), damage to or loss of any property or money damages or specific performance owed to any third party (by contract or operation of law) and any fines, penalties, assessments or injunctive obligations caused by, arising out of, or in any way incidental to, or in connection with actions or omissions of TENANT (including, without limitation, its employees and agents);

(b) The sole negligence, fault or strict liability of TENANT;

(c) The concurrent negligence, fault or strict liability in any combination of the Indemnified Parties and/or TENANT and/or any third party. LANDLORD shall be held harmless for the events arising from or connected with TENANT'S occupancy, use or management of the business conducted on the PREMISES; and for damages to goods, wares and merchandise upon, or about, said PREMISES from any cause arising at any time and from any breach or default on the part of TENANT in the performance of any covenant or agreement on the part of TENANT, to be performed pursuant to the terms of this Lease; or from violations of, or noncompliance with, any governmental requirements or insurance requirements; or from any acts or omissions of TENANT or any person upon PREMISES, by license or invitation of TENANT, or occupying any part of PREMISES under TENANT'S control; or from the failure of TENANT to maintain the PREMISES in the manner herein required.

16.2 LANDLORD'S INDEMNIFICATION. LANDLORD agrees to indemnify the TENANT for claims arising in the Common Area of the Shopping Center, except LANDLORD'S indemnity does not include claims arising from the sole act, gross negligence or willful misconduct of TENANT or its managers, partners, agents, contractors, employees, business invitees or customers.

16.3 WAIVER. All property stored or maintained on PREMISES shall be done so at the sole risk of TENANT and, except in the case of its gross negligence or willful misconduct, LANDLORD shall not be liable. TENANT waives all claims against LANDLORD, for damages to persons or property sustained by TENANT, or by any other person or firm, resulting from the building in which the PREMISES are located, or by reason of TENANT'S occupancy of PREMISES, or any equipment located therein, or through the acts or omissions of any persons present in the PREMISES, or renting or occupying any part of the PREMISES, or for loss or damage resulting to TENANT or his property from burst, stopped or leaking pipes, sewers, conduits, plumbing fixtures, or for interruption of any utility services, or from any failure of or defect in an electric line, circuit or facility, or any other type of improvement or service, on or furnished to the PREMISES, resulting from any accident in, out or about the PREMISES or the building in which the PREMISES are located.

17. EMINENT DOMAIN / CONDEMNATION.

If the entire leased PREMISES are taken by right of Eminent Domain ("Condemnation"), or other authority of law, during the term of this Lease or any extension thereof, this Lease shall terminate on the date of taking. If any portion of the PREMISES is taken, by right of Eminent Domain/Condemnation, this Lease shall remain in effect, except that TENANT can elect to terminate this Lease, if the remaining portion of the PREMISES is rendered unsuitable for TENANT'S continued use of the PREMISES. If TENANT elects to terminate this Lease, TENANT must exercise its right to terminate, by giving notice to LANDLORD within ten (10) days, after TENANT receives written notice from LANDLORD, of the nature and extent of the taking. If any portion of the PREMISES is taken by Condemnation and this Lease remains in full force and effect; on the Date of Taking, the rent shall be reduced, by an amount in the same ratio, as the total number of square feet in the PREMISES taken, bears to the total number of square feet in the PREMISES, immediately before the Date of Taking. All awards shall be sole property of LANDLORD, whether such awards shall be made as compensation for diminishing in value of the Leasehold or for the taking of personal property. Notwithstanding the foregoing and so long as such claims are payable separately to TENANT, TENANT shall be entitled to receive any just compensation awarded only for the following items: (a) TENANT'S Personal Property, (b) TENANT'S moving expenses, (c) TENANT'S business goodwill, including as provided in NRS 37.111, and (d) if this Lease is not terminated, severance damages, if any, suffered by TENANT, based upon interference with TENANT'S business operations, at the PREMISES (but not severance damages caused to the leasehold estate owned by LANDLORD, which damages award is the exclusive property of LANDLORD).

In the event that this Lease is not terminated by reason of such condemnation, LANDLORD shall, to the extent of severance damage received by LANDLORD in connection with condemnation, repair any damage to the PREMISES caused by such condemnation, except to the extent that TENANT has been reimbursed therefore by the condemning authority. TENANT shall pay any amount in excess of severance damages, prior to completing such repair.

18. LIENS.

TENANT shall keep the PREMISES free of any liens, or claims of lien, arising from any work performed, materials furnished or obligations incurred by TENANT, in connection with the PREMISES. If TENANT disputes the correctness or validity of any claim of lien, TENANT shall, within ten (10) days after LANDLORD'S written request, record such bond as would release said property from the lien claimed. TENANT shall give LANDLORD written notice at least ten (10) business days prior to the act or commencement of any such work on the PREMISES, to afford LANDLORD the opportunity of filing or posting appropriate notices of non-responsibility as provided by law. TENANT shall, at its expense, within fifteen (15) days after filing of any lien or record, obtain discharge and release thereof. LANDLORD may obtain said discharge and release, in the event TENANT fails or refuses to do so within said fifteen (15) day period, and TENANT shall reimburse LANDLORD upon demand for any costs, including attorneys' fees, incurred by LANDLORD in discharging or releasing such lien.

19. INSOLVENCY.

19.1 BREACH OF LEASE. The filing of any petition, by or against TENANT, under any chapter of the Bankruptcy Act, or any successor statute thereto, or the adjudication of TENANT as a bankrupt or insolvent, or the appointment of a receiver or trustee to take possession of all, or substantially all, of the assets of TENANT, or a general assignment by TENANT for the benefit of creditors, or any other action taken or suffered by TENANT under any state or federal insolvency or bankruptcy act; shall constitute a default under and a breach of this Lease by TENANT, regardless of TENANT'S compliance with other provisions of this Lease. LANDLORD may, at its option by written notice to TENANT, exercise all rights and remedies provided for in Article 21, including termination of this Lease, effective on service of such notice, without the necessity of further notice under Paragraph 21.4.

19.2 OPERATION OF LAW. Neither this Lease, nor any interest or estate created hereby, shall pass by operation of law under any state or federal insolvency or bankruptcy act, to any trustee, receiver, assignee for the benefit of creditors or any other person whatsoever. **This Lease shall not be considered an asset of TENANT in regard to any bankruptcy proceedings.** Any purported transfer, in violation of the provisions of this Article 19, shall constitute a default under and a breach of this Lease, regardless of TENANT'S compliance with the other provisions of this Lease and LANDLORD, at its option by written notice to TENANT, may exercise all rights and remedies provided for in Paragraph 21.1, including the termination of this Lease, effective upon service of such notice, without the necessity of further notice under Paragraph 21.4.

19.3 NO WAIVER. The acceptance of rent at any time by LANDLORD, from TENANT, as debtor in possession or from a transferee of the type mentioned in Paragraphs 19.1 and 19.2, shall not preclude LANDLORD from exercising its rights under Article 21, at any time thereafter.

19.4 OPTION TO TERMINATE. LANDLORD may, as its option, if the above occurs, immediately take possession of the PREMISES and terminate this Lease. Upon such termination, all installments of rent, earned to the date of termination and unpaid, shall at once become due and payable. In addition, LANDLORD shall have all rights provided by the bankruptcy laws, relative to the proof of claims, on an anticipatory breach of an executory contract.

20. FINANCIAL STATEMENTS.

TENANT shall, within ten (10) business days after written notice from LANDLORD, deliver to LANDLORD such financial statements or other documents, as LANDLORD may reasonably require, to verify the financial condition of TENANT, or any assignee, SUB-TENANT or guarantor of TENANT. In addition, TENANT shall deliver to any mortgagee or prospective mortgagee of LANDLORD, any financial statements required by the mortgagee, to facilitate the financing or refinancing of the property of which the PREMISES are a part. LANDLORD shall keep all financial information regarding TENANT, strictly confidential.

20.1 CREDIT AGENCY REPORTING. If TENANT should fail to fully perform the covenants of this Lease, as required by law, and a judicial determination is made thereof, TENANT is hereby notified that a negative credit reference reflecting on TENANT'S credit report may be submitted to any and all credit reporting agencies. TENANT herein authorizes LANDLORD to periodically check TENANT'S credit, in the event of delinquency in payment of Rent and Additional Rent.

21. TENANT'S DEFAULT.

The occurrence of any of the following shall constitute a Default by TENANT:

A. If TENANT makes, or has made, any materially false statements, representations, accounts or reports to LANDLORD, in connection with this Lease.

B. If TENANT fails to pay, when due, any installment of Rent or Additional Rent and such failure continues for a period of seven (7) business days, following receipt, by TENANT, of written notice from LANDLORD to TENANT, of such failure.

C. If there is a breach, default or expiration of any license and/or permit, permitting TENANT to operate the PREMISES, in the manner authorized; or if such license and/or permit otherwise terminates or expires and such breach, default, expiration or termination continues for a period of thirty (30) days, following receipt, by TENANT, of written notice from LANDLORD of such breach, default, expiration or termination.

D. If TENANT abandons or vacates the PREMISES: Failure to occupy the PREMISES for Fourteen (14) consecutive days without removal of property or vacation of PREMISES with removal of property, for Three (3) consecutive days, with rent due, shall be deemed an abandonment.

E. **If TENANT exercises the option to become delivery only or close doors to the public but has not paid rent, additional rent, utilities, taxes and insurances and the premises are not maintained.**

F. If TENANT fails to perform any non-monetary obligation under this Lease and such failure continues for a period of thirty (30) days, following receipt by TENANT of written notice from LANDLORD to TENANT of such failure. Provided, however, that if such failure is of a type that cannot reasonably be cured within such thirty (30) day period and TENANT commences the cure within the thirty (30) day period and diligently prosecutes the cure to completion, TENANT shall have an additional reasonable period of time to complete the cure.

G. If TENANT receives two (2) separate notices from LANDLORD, to cure the same or related defaults or violations of this Lease, during any twelve (12) month period.

H. If a threat or danger to public health or safety (under environmental laws or otherwise) results, from the maintenance or operation of the PREMISES, unless compliant with state regulations and statutes governing the TENANT'S intended use.

21.1 NOTICE AND REMEDIES. As a material inducement to LANDLORD, executing this Lease, in the event of any Default and with or without any notice or demand except the notice prior to default required pursuant to this Lease, or such other notice as may be required by statute and cannot be waived by TENANT (all other notices being hereby waived), LANDLORD shall be entitled to exercise, at its option and after the expiration of all applicable notice and cure periods, concurrently, successively or in any combination, all remedies available at law or in equity, including without limitation any one or more of the following:

(a) "Termination". To terminate this Lease, whereupon TENANT'S right to possession of the PREMISES shall cease and this Lease, except as to TENANT'S liability arising prior to the date of termination, shall be terminated.

(b) "Non-termination". To not terminate TENANT'S right to possession, because of such breach, but continue this Lease in full force and effect and in that event LANDLORD may enforce all rights and remedies under this Lease, including the right to recover the rent and all other charges which became due hereunder.

(c) "Re-entry". To re-enter and take possession of the PREMISES (but not any of TENANT'S property located upon the PREMISES, unless abandoned per Article 21 Paragraph D) without being deemed guilty in any manner of trespass or becoming liable for any loss or damage resulting therefrom (other than for damage or loss to the TENANT'S property), which TENANT shall be entitled to remove, within thirty (30) days of such taking of possession, without resort to legal or judicial process, procedure or action. No notice for LANDLORD hereunder, or under a forcible entry and detained statute or similar law, shall constitute an election by LANDLORD to terminate this Lease, unless such notice specifically so states. If TENANT shall, after default, voluntarily give up possession of the PREMISES to LANDLORD, deliver to LANDLORD or its agents the keys to the PREMISES or both, such actions shall be deemed to be in compliance with LANDLORD'S rights and the acceptance thereof, by LANDLORD or its agents, shall not be deemed to constitute a termination of the Lease. LANDLORD reserves the right, following any re-entry and/or re-letting, to exercise its right to terminate this Lease, by giving TENANT thirty (30) days written notice thereof, in which event this Lease will terminate, as specified in said notice.

(d) "Re-letting". To re-let the PREMISES or any part thereof for such term or terms (including a term which extends beyond the original term of this Lease), at such rentals and upon such other terms as LANDLORD, in its sole discretion, may determine, with all proceeds received from such re-letting being applied to the rental and other sums due from the TENANT in such order as LANDLORD may, in its sole discretion, determine which other sums include, without limitation, all repossession costs, brokerage commissions, reasonable attorneys' fees and expenses, and repair costs, normal wear and tear accepted. Except to the extent required by applicable law, LANDLORD shall have no obligation to re-let the PREMISES or such part thereof and shall in no event be liable to collect any rent due upon such re-letting and no such refusal or failure shall operate to relieve TENANT of any liability under this Lease or otherwise to affect any such liability. LANDLORD reserves the right following any re-entry and/or re-letting to exercise its right to terminate this Lease, by giving TENANT written notice thereof, in which event this Lease will terminate as specified in said notice.

(e) "Acceleration". To accelerate and recover from TENANT, all rent and other monetary sums due and owing and scheduled to become due and owing under the Lease, both before and after the date of such breach, for the entire original scheduled term of this Lease and all damages allowable by applicable statute.

21.2 TENANT PROPERTY. TENANT Property shall remain on the PREMISES, in the event of and continuing during the length of default, except in the case of abandonment or vacation per Article 21, Paragraph D. LANDLORD shall have the benefit of any applicable lien on TENANT Property located in or on the PREMISES, as may be permitted under the laws of the State of Nevada, and if such lien is asserted by LANDLORD in accordance with applicable law, TENANT shall not remove or permit the removal of such TENANT'S Property until the lien has been removed and all defaults have been cured. LANDLORD also has the option to require that TENANT remove all property forthwith and if TENANT fails to do so, LANDLORD may remove such property and place it in storage in a public warehouse, at the cost and risk of TENANT.

21.3 NOTICE OF TERMINATION. No act by LANDLORD, other than giving written notice to TENANT, shall terminate this Lease. The re-entry or re-letting of the PREMISES, acts of maintenance or the appointment of a receiver on LANDLORD'S initiative, to protect LANDLORD'S interest under this Lease, shall not constitute a termination of TENANT'S right to possession. LANDLORD may, at any time thereafter, elect to terminate TENANT'S right to possession and this Lease, in the event TENANT remains in default hereunder.

21.4 WAIVER OF NOTICE. Notwithstanding any provision of Article 21, if TENANT is required to comply with any governmental requirement, TENANT shall not be entitled to notice of default from LANDLORD and right to cure beyond the period within which such compliance may be required. If this Lease expressly provides for termination, effective upon service of notice, TENANT shall be entitled to cure its default only if such right is provided by law. If in LANDLORD'S judgment, the continuance of any default by TENANT, for the full period of notice provided for herein, would jeopardize the PREMISES or the LANDLORD'S rights; LANDLORD may, with or without notice, elect to perform those acts to which TENANT is in default, for the account and at the expense of TENANT.

21.5 EXPENSES. LANDLORD may bring an action against TENANT for any damages sustained by LANDLORD, or any equitable relief available to LANDLORD, and to recover from TENANT all costs and expenses, including reasonable attorneys' fees, court costs, expert witness fees, costs of tests and analyses, deposition and trial transcripts, copies and other similar costs and fees, paid or incurred by LANDLORD, as a result of an event of Default by TENANT; after the expiration of all applicable notice and cure periods, regardless of whether or not legal proceedings are actually commenced.

21.6 INTEREST. If, by reason of TENANT default, LANDLORD is compelled or elects to pay any sum, including without limitation reasonable attorneys' fees, such sums so paid by LANDLORD shall be due from TENANT as additional rent, on the first day of the month next following such payment by LANDLORD. Any sum accruing to LANDLORD not paid when due, under the terms and provisions of this Lease, shall bear interest at twelve percent (12%) per annum, compounded monthly until paid, unless otherwise specifically provided in this Lease.

21.7 OTHER REMEDIES. Nothing contained in this Lease shall limit LANDLORD to the remedies set forth in this Article 21 and particularly those which are set forth in Paragraph 21.1. Upon TENANT'S default, LANDLORD shall be entitled to exercise any right or remedy then provided by law including, without limitation, the right to obtain injunctive relief and the right to recover all damages caused by TENANT'S default, in the performance of any obligations under this Lease.

22. LANDLORD'S DEFAULT.

LANDLORD shall not be in default, unless LANDLORD fails to perform obligations required of LANDLORD within a reasonable time, but in no event later than thirty (30) days after written notice by TENANT to LANDLORD; provided however, that if the nature of LANDLORD'S obligation is such that more than thirty (30)

days are required for performance, LANDLORD shall not be in default if LANDLORD commences performance within such thirty (30) day period and thereafter diligently prosecutes the same to completion. In no event shall TENANT have the right to terminate this LEASE as a result of LANDLORD'S default; TENANT'S remedies shall be limited to damages and/or an injunction.

23. RIGHT OF ACCESS AND ENTRY BY LANDLORD.

LANDLORD, and its authorized representatives, shall have the right to enter the PREMISES, at all reasonable times, for any business purpose including:

(a) to inspect the PREMISES and determine whether TENANT is in compliance with Lease obligations;

(b) to serve legal notice relieving LANDLORD from responsibility for the acts of the TENANT. For notices served personally or by courier, service shall be conclusively deemed made at the time of such personal service or refusal to accept service;

(c) to post "For Sale, Rent, or Lease" signs during any period;

(d) to show the PREMISES to prospective agents, buyers or tenants, at any time during the term;

(e) to maintain, improve or perform repairs, which are LANDLORD'S obligation under this Lease and to do any other act necessary for the safety or preservation of the PREMISES;

(f) to erect scaffolding and protective barricade about the PREMISES, but not obstruct entry to the PREMISES.

LANDLORD shall conduct his activities on the PREMISES in a manner that will cause the least inconvenience to TENANT. LANDLORD shall not be liable in any manner for any disturbance, inconvenience, loss of business, nuisance or other damage arising out of LANDLORD'S entry onto the PREMISES, as provided herein. TENANT shall not be entitled to an abatement or reduction of rent if LANDLORD exercises any rights reserved in this Article 23. For the aforesaid purposes, LANDLORD shall, without liability to TENANT, have the right to use any means that LANDLORD may deem proper, to obtain entry to the PREMISES. Entry to the PREMISES obtained by LANDLORD, by any reasonable means, shall not be construed to be an unlawful entry into the PREMISES or an eviction of TENANT.

24. ASSIGNMENT AND SUBLETTING.

24.1 RESTRICTIONS. TENANT shall not assign, mortgage, hypothecate or encumber TENANT'S interest in this Lease or the PREMISES, or sublease all or any portion thereof, or allow any other person or entity (except TENANT'S authorized representatives, employees or invitees) to occupy any part of the PREMISES, without prior written consent of the LANDLORD, which shall not be unreasonably withheld nor automatically granted. TENANT agrees and acknowledges that LANDLORD shall have no express or implied duty, whatsoever, to consent to any such assignment, encumbrance or sublease and that LANDLORD may reasonably withhold such consent. The consent by LANDLORD, to any matter or event requiring LANDLORD'S consent, shall not constitute a waiver of the necessity for consent to any subsequent matter or event. Any attempt at voluntary or involuntary assignment, encumbrance or subletting, without consent of LANDLORD, shall be void and shall constitute a material breach of this Lease. TENANT shall pay all expenses, including administration charges and reasonable attorneys' fees that may be incurred by LANDLORD, in administering any request of TENANT, for LANDLORD'S consent. If this Lease be assigned, or if the PREMISES or any part thereof be sublet or occupied by any one other than TENANT, LANDLORD may collect rent from the assignee, SUBTENANT or occupant and apply the net amount collected to the rent herein reserved. However, no such assignment, subletting, occupancy or collection shall be deemed a waiver of this Paragraph 24.1; nor shall the acceptance of the assignee, SUBTENANT or occupant as TENANT, be deemed a release of TENANT from the further performance by TENANT, of covenants on the part of TENANT herein contained, unless expressly released by LANDLORD in writing. No interest of TENANT, in this Lease, shall be assignable by involuntary assignment through operation of law (including without limitation the transfer of this Lease by testacy or intestacy).

Sub-leasing of 30% or more of the PREMISES shall be deemed an assignment within the meaning of this Paragraph 24.1. In addition, TENANT agrees that if TENANT assigns this Lease or sub-leases PREMISES for a greater rent than TENANT is obligated to pay hereunder, all rent payable to TENANT, pursuant to such assignment or sub-lease, including any increased rent or other cash consideration paid to TENANT by any assignee or SUB-TENANT, as consideration for such assignment or sublease, shall be the property of LANDLORD and shall be paid to LANDLORD by TENANT or, at LANDLORD'S option, shall be paid directly to LANDLORD by such assignee or sub-tenant. **LANDLORD may require a Five (5)% rent acceleration, upon sale of the business, a percentage of the business or assignment of this Lease (voluntary, involuntary or by operation of law) under this Article 24.** In the event of an assignment, any and all Base or Additional Rent, deferred throughout the entire term and any extensions hereof, shall become due and payable to the LANDLORD.

24.2 CHANGE IN CORPORATE ENTITY. If TENANT exists as a partnership, the withdrawal or change (voluntary, involuntary or by operation of law) of any partner, or the dissolution of the partnership, or the sale of at least forty percent (40%) of the business or value of the assets of TENANT, shall be deemed a voluntary assignment. If TENANT consists of more than one person, a purported assignment (voluntary, involuntary or by operation of law), from one person to the other, shall be deemed a voluntary assignment. If TENANT is a corporation, the issuance of any additional stock and/or the transfer, assignment or hypothecation of any stock or interest in such corporation, in the aggregate in excess of twenty-five percent (25%), or any dissolution, merger, consolidation or other reorganization of TENANT, or sale or other transfer of a controlling percentage of the capital stock of TENANT, or the sale of at least forty percent (40%) of the value of the assets of TENANT, shall be deemed a voluntary assignment. The phrase "controlling percentage" means ownership of and right to vote stock, possessing at least fifty percent (50%) of the total combined voting power of all classes of TENANT'S capital stock issued, outstanding and entitled to vote for election of directors. This Paragraph 24.2 shall not apply to corporations, the stock of which is traded through an exchange or over the counter.

24.3 SUB-TENANCIES. The voluntary or other surrender of this Lease, by TENANT, or mutual cancellation thereof, or the termination of this Lease by LANDLORD, pursuant to any provision contained

herein, shall not work a merger and, at the option of LANDLORD, shall either terminate any or all existing sub-leases or sub-tenancies or operate as an assignment to the LANDLORD, of any and all such sub-leases or sub-tenancies.

24.4 SUB-TENANT RENT. Rents received by TENANT, from it's sub-tenants or assignee, for monthly rent or in excess of the rent payable by TENANT to LANDLORD, under this Lease, or any cash consideration paid to TENANT in consideration of the assignment of the Lease, shall be the property of LANDLORD and shall be paid to LANDLORD by TENANT or, at LANDLORD'S option, shall be paid directly to LANDLORD by such assignee or sub-tenant.

24.5 RELEASE OF TENANT. In the absence of an express written agreement, executed by LANDLORD to the contrary, no assignment, mortgage, pledge, hypothecation, encumbrance or sub-letting hereunder, shall release TENANT from any of the terms, covenants and conditions of the Lease.

24.6 INCREASE IN RENT. In the event TENANT shall assign its interest in this Lease, through sale of business, an interest in business, change in corporate entity or sublet of 30% or more of the PREMISES, the Base Rent, specified in Paragraphs 4.1 and 4.4, may be increased, effective as of the date of such assignment or subletting, to the highest of:

(a) an amount equal to the total of the Base Rent, plus 50% of any increase amount of the rentals payable by any such assignee or sub-tenant, pursuant to such assignment or sub-lease; or;

(b) an amount equal to the total of the base annual rent, plus five percent (5%) of Base Rent, required to be paid by the TENANT pursuant to this Lease. In no event shall the Base Rent, after such assignment or subletting, be less than the Base Rent payable immediately prior thereto. Subsequent annual rent increases shall be calculated upon new Base Rent.

25. PEACEFUL POSSESSION.

Subject to provisions of this Lease and conditioned upon performance of all provisions to be performed by TENANT hereunder, LANDLORD covenants quiet enjoyment in the PREMISES unto and shall secure to TENANT, during the Lease term, the peaceful possession of the PREMISES.

26. SUBORDINATION.

LANDLORD shall have the right to subject and subordinate this Lease, to the lien of any loans or mortgages hereafter upon LANDLORD'S interest in the PREMISES, and upon the lands and buildings of which the PREMISES are a part. Upon LANDLORD'S request, TENANT will execute and deliver an instrument subjecting this Lease to the lien of any such loan or mortgage. If LANDLORD defaults in making payment under any mortgage or mortgages, or if LANDLORD is in breach or in default of any such mortgage or mortgages in any respect, TENANT shall have the right to make all rental payments, thereafter becoming due under the Lease, to the mortgage in lieu of LANDLORD and payments so made shall discharge the obligation of TENANT hereunder, respecting the payment of rent. Should LANDLORD, in connection with the mortgaging of the property of which the PREMISES are a part, execute a conditional assignment of rents, TENANT will execute an acceptance of such assignment, provided the assignment recognizes TENANT'S rights hereunder. In the event TENANT does not execute necessary documents pursuant to this Article 26 within ten (10) days of presentation by LANDLORD, TENANT does hereby appoint the LANDLORD as attorney-in-fact, to execute such document on behalf of TENANT.

26.1 NONSUBORDINATION. LANDLORD'S interest in this Lease, and/or the PREMISES, shall not be subordinate to any encumbrances placed upon the PREMISES by, or resulting from, any act of TENANT and nothing contained herein shall be construed to require such subordination by LANDLORD. NOTICE IS HEREBY GIVEN THAT TENANT IS NOT AUTHORIZED TO PLACE, OR ALLOW TO BE PLACED, ANY LIEN, MORTGAGE, DEED, TRUST OR ENCUMBRANCES OF ANY KIND UPON ALL, OR ANY PART, OF THE PREMISES OR TENANT'S LEASEHOLD INTEREST THEREIN AND ANY SUCH PURPORTED TRANSACTION SHALL BE VOID. FURTHERMORE, ANY SUCH PURPORTED TRANSACTION SHALL BE DEEMED A TORTIOUS INTERFERENCE WITH LANDLORD'S RELATIONSHIP WITH TENANT AND LANDLORD'S FEE OWNERSHIP OF THE PREMISES.

27. ESTOPPEL CERTIFICATE / OFFSET STATEMENT.

Each party shall, at the reasonable request of the other, upon not less than fifteen (15) days prior written notice from the requesting party, execute, acknowledge and deliver to the requesting party, a statement in writing certifying that this Lease is unmodified (or state the modifications) and in full force and effect, the date to which the rent and other charges are paid in advance, if any, and acknowledging that there are not, to such party's knowledge, any uncured defaults on the part of the other party hereunder or specifying such defaults, if any are claimed. Any prospective purchaser or encumbrancer of the PREMISES may conclusively rely upon any such statement. The requesting party will bear reasonable expenses. If TENANT shall fail to deliver a certificate, within 15 days following a request by LANDLORD, in accordance with the provisions of Articles 26 and 27, TENANT appoints LANDLORD as its attorney-in-fact to execute and deliver the certificate to any such third party, it being stipulated that such power of attorney is coupled with an interest and is irrevocable and binding.

28. TRANSFER BY LANDLORD.

During the term of this Lease, if LANDLORD transfers fee title or conveys its interest in the PREMISES or this Lease, then from and after the effective date of such conveyance, LANDLORD shall be released and discharged from any and all further obligations and responsibilities under this Lease, provided that any funds in the hands of LANDLORD in which TENANT has an interest, including the security deposit, shall be delivered to the grantee. The obligations to be performed by LANDLORD, contained in this Lease, shall be binding on LANDLORD'S successors and assigns, only during their respective periods of ownership.

29. NOTICES.

Any notice required or permitted to be given hereunder shall be in writing and may be served personally, by facsimile, electronic PDF or by regular mail, addressed to LANDLORD and TENANT respectively at the addresses set forth after their signatures at the end of this Lease. For any legal action taken by LANDLORD, written notice may be served personally or by direct attachment to PREMISES and/or delivered by registered mail to mailing or residence

address, if the TENANT cannot be located in person. Either party hereto may, from time to time, change its mailing address upon ten (10) days written notice to the other.

30. SUCCESSORS AND ASSIGNS.

The terms, covenants and conditions herein contained shall inure to the benefit of, and be binding upon, the heirs, administrators, executors, successors and assigns of each of the parties hereto. This Lease shall be binding upon all assignees, SUBTENANTS, licensees and concessionaires of TENANT.

31. FORCE MAJEURE.

Whenever a period of time is appointed, in which either party is required to complete any act or matter, the time for the completion thereof by such party shall be extended by a period of time equal to the number of days during which the completion of such act is unreasonably interfered with, because of labor disputes, acts of terrorism, civil commotion, war, warlike operations, sabotage, governmental regulations or control, fire or other casualties, inability to obtain any material or to obtain fuel or energy, weather, acts of God or other acts beyond such parties reasonable control (financial inability excepted). However, nothing contained herein shall excuse TENANT from the prompt payment of any rent or charge required of TENANT, nor excuse TENANT from the performance of any of the covenants set forth herein.

32. REMEDIES CUMULATIVE.

The various rights, options, elections and remedies of LANDLORD and TENANT, contained in this Lease, shall be cumulative and no one of them shall be construed as exclusive of any other or of any right, priority or remedy allowed, or provided for, by law and not expressly named in this Lease.

33. ATTORNEYS' FEES.

In the event that any legal proceedings, including Constable fees, are necessary to enforce the terms of this Lease, LANDLORD shall be entitled to recover from TENANT all costs and expenses of such proceedings, including reasonable attorneys' fees and expenses, whether or not any proceedings are prosecuted to judgment. In the event of the bringing of any other action by either party hereto, or by reason of the breach of any term, covenant or condition on the part of the other party, or arising out of this Lease; the prevailing party shall be entitled to recover from the other party, reasonable attorneys' fees to be fixed by the court which renders such judgment.

34. NO PARTNERSHIP.

LANDLORD shall not in any way, or for any purpose, be deemed a partner or a member of any joint enterprise with TENANT. TENANT'S surrender of this Lease, or a mutual cancellation thereof, shall not result in a merger of LANDLORD'S and TENANT'S estates, and shall, at the option of LANDLORD, either terminate any existing subleases or operate as an assignment to LANDLORD of all of such subleases.

35. REMOVAL OF PROPERTY.

Upon the expiration of the term of this Lease, or upon any earlier termination thereof, TENANT shall remove, at its own expense, all trade fixtures, equipment, merchandise and personal property (collectively called "TENANT Property" in this Lease) which are installed by TENANT or any SUBTENANT, concessionaire or licensee in or upon the PREMISES; but if TENANT is in default, TENANT shall not remove TENANT Property, unless notified by LANDLORD so to do. In case of any injury or damage to the building or any portion of the PREMISES, resulting from the removal of TENANT Property, TENANT shall promptly repair or pay to LANDLORD the cost of repairing such injury or damage (including damage from sign removal). TENANT shall be liable for pro-rated payment of rent, until PREMISES are vacated (in clean condition and good repair) and keys returned to LANDLORD, as provided herein. TENANT shall complete such removal by the time provided in this Article 35 and any TENANT Property not so removed from the PREMISES by TENANT, may be construed by LANDLORD as abandoned by TENANT and title thereto shall thereupon vest in LANDLORD, without the execution of documents of sale or conveyance by TENANT. LANDLORD may also order TENANT to remove such TENANT Property from the PREMISES or alternatively have it removed and stored at TENANT'S expense in a public warehouse. TENANT shall pay upon demand, to LANDLORD the actual expense of such removal and storage, together with interest from the date of payment by LANDLORD, until repayment by TENANT.

36. INTERPRETATION.

The captions, by which the Articles and Paragraphs of this Lease are identified, are for convenience only and shall not affect the interpretation of this Lease. Where the context so requires, the singular and/or neuter gender shall include the plural, masculine and feminine genders. If there is more than one signatory hereto as TENANT, the liability of such signatories shall be joint and several.

37. SEVERABILITY.

The invalidity of any provision of this Lease as determined by a court of competent jurisdiction, shall in no way affect the validity of any other provision hereof. The waiver by either party hereto, of any breach of any term, covenant or condition of this Lease to be performed by the other, shall not be deemed to be a waiver of any subsequent breach thereof.

38. CONSENT OF LANDLORD.

LANDLORD shall not be deemed to have given any assent or consent to any matter, requiring LANDLORD'S prior consent, unless such consent is in writing.

39. WAIVER AND AMENDMENT.

No provision of this Lease shall be deemed waived or amended, except by a written instrument unambiguously setting forth the matter waived or amended and signed by both parties, including the party against

which enforcement of such waiver is sought. Waiver of any matter shall not be deemed a waiver of the same or any other matter, on any future occasion.

40. SURVIVAL OF OBLIGATIONS.

The provisions of this Lease, with respect to any obligation of TENANT to pay base rent, additional rent or any sum owing during the Term hereof, or to perform any act after the expiration or other termination of this Lease, shall survive the expiration or other termination of this Lease.

41. ENTIRE AGREEMENT.

This Lease contains the entire agreement between the parties hereto and no representations, inducements, promises or agreements (oral or otherwise), entered into prior to the execution of this Lease, will alter the covenants, agreements and undertakings herein set forth. This Lease cannot be modified in any respect, except by an instrument in writing, executed by LANDLORD and TENANT.

42. TIME OF ESSENCE.

Time is of the essence, in all provisions contained herein.

43. RECORDING.

TENANT shall not record this Lease, without LANDLORD'S prior written consent, and such recordation shall, at the option of LANDLORD, constitute a non-curable default of TENANT, hereunder.

44. COVENANTS AND CONDITIONS.

Each provision of this Lease performable by TENANT shall be deemed both a covenant and a condition.

45. CHOICE OF LAW.

The laws of the State of Nevada shall govern this Lease.

46. CORPORATE AUTHORITY / GUARANTY OF LEASE.

If TENANT is a Corporation, Limited Liability Company ("LLC"), Limited Partnership ("LP") or General Partnership ("GP"), each individual executing this Lease, on behalf of said Corporation, LLC, LP or GP, represents and warrants that he is duly authorized to execute and deliver this Lease, on behalf of said legal entity, in accordance with the duly adopted resolution of the board of directors, managers or general partners of said legal entity, or in accordance with the bylaws of said legal entity, and that this Lease is binding upon said legal entity in accordance with the terms. If TENANT is a corporation, TENANT shall, within thirty (30) days after execution of this Lease, deliver to LANDLORD a certified copy of the resolution of the board of directors of said corporation authorizing or ratifying the execution of this Lease. A Guaranty of Lease executed by the Chief Executive Officer, Managing Members or General Partners is required for this Lease, which must be executed simultaneously with Lease documents and attached hereto as "EXHIBIT A", (if applicable).

47. OFAC REPRESENTATION.

Each Party/Entity hereto, represents and warrants to the other that:

A. Each Person owning a ten percent (10%) or greater interest in such entity is (i) not currently identified on the Specifically Designated Nationals and Blocked Persons List, maintained by the Office of Foreign Assets Control, Department of the Treasury ("OFAC") and/or any other similar list maintained by the OFAC, pursuant to any authorizing statute, executive order or regulation ("List") and (ii) is not a Person with whom an American citizen is prohibited to engage in transactions by any trade embargo, economic sanction or other prohibition of U.S. law, regulation or Executive Order of the President of the United States.

B. Each party has implemented procedures and will consistently apply those procedures, to ensure the foregoing representations and warranties remain true and correct at all times. Each party shall comply with all requirements of law relating to money laundering, anti-terrorism, trade embargos and economic sanctions, now or hereafter in effect, and shall use reasonable efforts to notify the other in writing if any of the forgoing representations, warranties or covenants are no longer true or have been breached or if such party has a reasonable basis to believe that they may no longer be true or have been breached.

In addition, at the request of LANDLORD, TENANT shall provide such information as may be requested to determine TENANT'S compliance with the terms hereof.

48. LEGAL COUNSEL.

TENANT acknowledges that it has received, read and understood this Lease, consulting with legal counsel as needed for clarification. Accordingly any rule of law, providing that ambiguities shall be construed against the drafting party, shall be of no force and effect. TENANT further acknowledges that nothing in this Lease creates, or shall be deemed to have created, a fiduciary relationship between LANDLORD and TENANT.

49. CONFIDENTIALITY.

TENANT agrees to maintain in confidence and not to disclose to any third party, the information contained in this Lease, except as provided herein. However, TENANT may disclose such information; (i) to such party's accountants, attorneys, insurance agents, prospective lenders, and other advisors, in connection with the transaction contemplated by this Lease (collectively "Representatives"), to the extent that such Representatives reasonably need to know such information in order to assist and perform services on behalf of TENANT, (ii) to the extent required by any law or court order, (iii) in connection with any securities filings, registration statements or similar filings undertaken by TENANT; and (iv) in connection with any litigation that may arise between the parties in connection with the transactions contemplated by this Lease. TENANT hereby agrees that any breach of any of its obligations, under this Article 49, will cause irreparable harm to LANDLORD, which harm cannot be adequately compensated for by monetary damages, and will constitute an immediate default hereunder. Accordingly, in the event of such a breach, LANDLORD, in addition to whatever other remedies are or might be available in this Lease, at law or in equity, shall

have the right to either compel specific performance by, or to obtain injunctive relief against, TENANT with respect to any such breach.

Allergy Partners, PLLC d/b/a Allergy Partners Therapeutics ("AP") is a physician practice that specializes in allergy, asthma, and immunology. It was originally incorporated in 1979. It has more than 100 locations in 17 states. In June 2020, AP first obtained a pharmacy permit from the State of North Carolina and is now licensed in 16 states, including the State of Nevada. (Note that AP has not dispensed any prescriptions into the State of Nevada).

AP has not been involved in any lawsuits, arbitrations, administrative proceedings or other actions related to its pharmacy operations, the practice of pharmacy, prescription drugs and/or controlled substances. AP has not been the subject of any administrative proceeding by a state pharmacy board or a state medical board. As would be anticipated for a business of its size, AP has been involved from time to time in lawsuits and arbitrations related to its physician practice operations, including commercial disputes, employment matters, and actions alleging professional malpractice unrelated to the pharmacy. AP has not filed for bankruptcy at any time.

Dr. Brown joined the practice in 1987 and currently serves as its president. (Note that Dr. Brown does not have a Nevada medical license.) He has not been involved individually in any lawsuits, arbitrations, administrative proceedings or other actions related to pharmacy operations, the practice of pharmacy, prescription drugs and/or controlled substances. Dr. Brown has not been the subject of any administrative proceeding by a state pharmacy board or a state medical board nor has he filed for bankruptcy. From time to time, in his capacity as president of AP, he has been named as a plaintiff or defendant in lawsuits and arbitrations involving AP's physician practice operations.

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. Pharmacy Notes: The pharmacy opened on August 3, 2020, and inspections were completed on October 5, 2020 and October 15, 2020. The pharmacy did not dispense controlled substances and was in the process of acquiring a DEA permit. The pharmacy had one (1) patient at the time of the inspections, who was dispensed two (2) doses of medication.

The pharmacy was owned by Allergy Partners in a joint venture with Diplomat Specialty Pharmacy (Optum Infusion). RPh. Short stated that Allergy Partners, a physician-owned group of medical offices, owned the pharmacy space. Diplomat Specialty Pharmacy provided the contract employees of the pharmacy and other support. Specifically, Diplomat Specialty Pharmacy provided HR and quality assurance support, such as reviewing adverse events and assisting with quarterly cold chain monitoring. Diplomat Specialty Pharmacy also provided nurses for patients who infused at home. Allergy Partners provided a team to complete an intake and benefits investigation. This team worked in a corporate office adjacent to the pharmacy.

This inspection was a follow-up to the previous inspection on October 5, 2020. After consulting with Jeremy Evans from the Department of Agriculture, it was determined that the pharmacy was not participating in a distribution or wholesale process with Allergy Partners. No violations were noted.

Re: Avel eCare, LLC Notification of Change of Ownership (EIN 30-1043916, Pharmacy, License Number PH03856)

Dear Nevada State Board of Pharmacy:

We respectfully submit this letter to the Nevada State Board of Pharmacy ("Board") to report a change in the ownership of Avel eCare, LLC ("Avel"), which holds a Pharmacy License in Nevada. Specifically, Avera Health ("Avera"), the former parent company of Avel, entered into an agreement with Rushmore Buyer, LLC ("Rushmore Buyer") that resulted in the transfer of 100% of the ownership interests in Avel from the Avera to Rushmore Buyer (the "Transaction"). The Transaction that resulted in the change of ownership occurred on November 1, 2021 (the "Closing"). Upon Closing, Rushmore Buyer became the 100% owner of Avel. Avel continues to hold the license, and its name, address, and tax identification number have not changed as a result of the Transaction. Additionally, there has been no change to Avel's day-to-day pharmacy operations, pharmacy staff, or the manner of delivery of pharmacy services.

We understand that the Transaction described above constitutes a change of ownership requiring notice of the change to your Board within thirty (30) days of Closing. As such, we submit this letter as notice to your Board.

If you have any questions or require the completion of any additional documentation, please contact Andrea Darr, Pharmacy Officer, by phone at (605) 322-8358.

Very truly yours,

Deanna Larson, President

This certifies that the pharmacy named below is hereby licensed to operate as a Class **G** pharmacy.

Form 424—General Information
(Certificate of Amendment)

The attached form is drafted to meet minimal statutory filing requirements pursuant to the relevant code provisions. *This form and the information provided are not substitutes for the advice and services of an attorney and tax specialist.*

Commentary

Sections 3.051 to 3.056 of the Texas Business Organizations Code (BOC) govern amendments to the certificate of formation of a Texas filing entity. A filing entity may amend its certificate of formation at any time and in as many respects as may be desired, *as long as the certificate as amended contains only such provisions as could have been included in the original certificate of formation.* Amendments may be adopted to change the language of an existing provision, to add a new provision, or to delete an existing provision. If extensive amendments are proposed, the entity should consider filing a restated certificate of formation pursuant to section 3.059 of the BOC (Form 414).

Procedural Information by Entity Type

Please note that a document on file with the secretary of state is a public record that is subject to public access and disclosure. Do not include confidential information, such as social security numbers. If amending information relating to directors or governing persons, use a business or post office box address rather than a residence address if privacy concerns are an issue.

For-profit or Professional Corporation

Sections 21.052 to 21.055 of the BOC set forth the procedures for amending the certificate of formation for a for-profit corporation or professional corporation. The board of directors adopts a resolution setting forth the proposed amendment and directing that it be submitted to a vote at a meeting of the shareholders. Written or printed notice setting forth the proposed amendment is given to each shareholder of record entitled to vote not later than the 10th day and not earlier than the 60th day before the date of the meeting, either personally, by electronic transmission, or by mail (BOC § 21.353). (Please refer to chapters 6 and 21 of the BOC for further information.)

Pursuant to section 21.364 of the BOC, the proposed amendment is adopted on receiving the affirmative vote of two-thirds of the outstanding shares entitled to vote. If any class or series of shares is entitled to vote as a class, the amendment must also receive the affirmative vote of two-thirds of the shares within each class or series that is entitled to vote as a class. Any number of amendments may be submitted to the shareholders and voted on at one meeting. Alternatively, amendments may be adopted by unanimous written consent of the shareholders.

If no shares have been issued, the amendment is adopted by a resolution of the board of directors and the provisions for adoption by shareholders do not apply.

An officer must sign the certificate of amendment. If no shares have been issued and the amendment was adopted by the board of directors, a majority of the directors may sign the certificate of amendment.

Professional Association

The provisions of chapters 20 and 21 of the BOC apply to a professional association, unless there is a conflict with a specific provision in title 7. A professional association may amend its certificate of formation by following the procedures set forth in its certificate of formation. If the certificate of

formation does not provide a procedure for amending the certificate, the certificate of formation is amended by a two-thirds vote of its members.

An officer must sign the certificate of amendment.

Nonprofit Corporation

Sections 22.105 to 22.108 of the BOC set forth the procedures for amending the certificate of formation for a nonprofit corporation. If the corporation has members with voting rights, the board of directors adopts a resolution setting forth the proposed amendment and directing that it be submitted to a vote at a meeting of the members, which may be either an annual or special meeting. The proposed amendment is adopted on receiving two-thirds of the votes that members present, in person or by proxy, were entitled to cast (BOC § 22.164). Any number of amendments may be submitted to the members and voted on at one meeting. Alternatively, the amendment may be adopted without a meeting if a written consent, setting forth the action to be taken, is signed by all the members entitled to vote. (Please refer to chapters 6 and 22 of the BOC for further information.)

If the corporation has no members or no members with voting rights, the amendment is adopted by a majority vote of the board of directors.

An officer of the nonprofit corporation must sign the certificate of amendment.

A nonprofit corporation formed for a special purpose under a statute or code other than the BOC may be required to meet other requirements for a certificate of amendment than those imposed by the BOC. This form may not comply with the requirements imposed under the special statute or code governing the special purpose corporation. Please refer to the statute or code governing the special purpose corporation for specific filing requirements for a certificate of amendment.

Cooperative Association

Section 251.052 of the BOC sets forth the procedure for amending the certificate of formation of a cooperative association. The board of directors may propose an amendment to the certificate of formation by a two-thirds vote of the board members. Notice of the meeting to consider the proposed amendment must be provided to the members no later than the 31st day before the date of the meeting. To be approved, the amendment must be adopted by the affirmative vote of two-thirds of the members voting on the amendment. The cooperative association must file the certificate of amendment with the secretary of state within thirty (30) days after its adoption by the members.

An officer of the cooperative association must sign the certificate of amendment.

Limited Liability Company or Professional Limited Liability Company

Chapter 101 of the BOC governs limited liability companies. Pursuant to section 101.356(d), an amendment to the certificate of formation must be approved by the affirmative vote of all of the company's members. If the company has managers, but has yet to admit its initial member, the amendment would be approved by the affirmative vote of the majority of all the company's managers as permitted by section 101.356(e).

If the limited liability company has managers, an authorized manager must sign the certificate of amendment. If the company does not have managers and is managed by its members, an authorized managing-member must sign the certificate of amendment.

Limited Partnership

Chapter 153 of the BOC governs limited partnerships. A certificate of limited partnership may be amended at any time for any proper purpose determined by the general partners. However, section 153.051 *requires* a certificate of amendment when there is:

(1) a change of name of the partnership;
(2) an admission of a new general partner; or
(3) a withdrawal of a general partner.

Section 153.051 of the BOC also requires that a limited partnership amend its certificate of formation when there is a change of address for the registered office or a change of name or address of the registered agent of the partnership. However, rather than filing an amendment, the partnership may file a statement of change pursuant to section 5.202 of the BOC to effect a change to its registered agent or registered office.

Pursuant to section 153.553, at least one general partner must sign the certificate of amendment. In addition, each general partner designated as a new general partner also must sign the certificate of amendment. A withdrawing general partner need not sign the certificate of amendment. The execution of a certificate by a general partner is an oath or affirmation, under a penalty of perjury, that to the best of the executing party's knowledge and belief, the facts contained in the certificate are true and correct (BOC §153.553(c)).

Instructions for Form

- **Entity Information:** The certificate of amendment must contain the legal name of the entity and identify the type of filing entity. *If the amendment changes the name of the entity, the name as it currently appears on the records of the secretary of state should be stated.* It is recommended that the date of formation and file number assigned by the secretary of state be provided to facilitate processing of the document.

- **Amendments: 1. Amended Name.** This form is designed to provide a standardized amendment form to effect a change of name for the filing entity. If the legal name of the entity is to be changed, state the new name of the entity in section 1. Please note that the legal name of the entity must include an appropriate organizational designation for the entity type.

  The new entity name will be checked for availability on submission of the certificate of amendment. Under section 5.053 of the BOC, if the new name of the entity is the same as, deceptively similar to, or similar to the name of an existing domestic or foreign filing entity, or any name reservation or name registration filed with the secretary of state, the document cannot be filed. The administrative rules adopted for determining entity name availability (Texas Administrative Code, title 1, part 4, chapter 79, subchapter C) may be viewed at *www.sos.state.tx.us/tac/index.shtml*. If you wish the secretary of state to provide a preliminary determination on name availability, you may call (512) 463-5555, dial 7-1-1 for relay services, or e-mail your name inquiry to *corpinfo@sos.state.tx.us*. A final determination cannot be made until the document is received and processed by the secretary of state. Do not make financial expenditures or execute documents based on a preliminary clearance. Also note that the preclearance of a name or the issuance of a certificate under a name does not authorize the use of a name in violation of another person's rights to the name.

- **Amendments: 2. Changes to Registered Agent and/or Registered Office.** It is not necessary to file a certificate of amendment if the entity seeks only to change its registered agent or its

registered office. A filing entity may file a statement of change of registered agent/registered office pursuant to section 5.202 of the BOC.

However, if the entity is changing its name or making other changes to its certificate of formation, any changes to the registered agent or registered office may be included in a certificate of amendment. Section 2 can be completed to effect a change to the registered agent or registered office address. The registered agent can be either (option A) a domestic entity or a foreign entity that is registered to do business in Texas or (option B) an individual resident of the state. The filing entity cannot act as its own registered agent.

Consent: Effective January 1, 2010, a person designated as the registered agent of an entity must have consented, either in a written or electronic form, to serve as the registered agent of the entity. Although the consent of the person designated as registered agent is required, a copy of the written or electronic consent need not be submitted with a certificate of correction that corrects the name of the registered agent. *The liabilities and penalties imposed by sections 4.007 and 4.008 of the BOC apply with respect to a false statement in a filing instrument that names a person as the registered agent of an entity without that person's consent.* (BOC § 5.207)

Amendment to Registered Office: The registered office address must be located at a street address where service of process may be personally served on the entity's registered agent during normal business hours. Although the registered office is not required to be the entity's principal place of business, the registered office may not be solely a mailbox service or telephone answering service (BOC § 5.201).

- **Amendments: 3. Other Provisions to be Added, Altered, or Deleted.** Section 3 of this form contains three text areas that may be used to make alterations or changes to other provisions in the certificate of formation or to identify those provisions to be deleted. If the space provided in a text area is insufficient, include the provisions as an attachment to this form.

  ➢ **Add:** If the amendment is an addition to the certificate of formation, check the "Add" statement and provide an identification or reference for the added provision and the full text of each provision added in the text area.
  ➢ **Alter:** If the amendment alters or changes an existing article or provision in the certificate of formation, check the "Alter" statement and provide an identification of the article number or description of the altered provision and the text of the article or provision as it is amended to read in the text area.
  ➢ **Delete:** If the amendment deletes an existing article or provision in its entirety, check the "Delete" statement and provide a reference to the article number or provision being deleted in the text area.

- **Statement of Approval:** As required by section 3.053 of the BOC, the form includes a statement regarding the approval of the amendment. In general, amendments are adopted and approved in the manner set forth in the title of the BOC governing the entity. General procedural information relevant to each filing entity that may use this form precedes the instructions for completing the form.

- **Effectiveness of Filing:** A certificate of amendment becomes effective when filed by the secretary of state (option A). However, pursuant to sections 4.052 and 4.053 of the BOC the effectiveness of the instrument may be delayed to a date not more than ninety (90) days from the date the instrument is signed (option B). The effectiveness of the instrument also may be delayed on the occurrence of a

future event or fact, other than the passage of time (option C). If option C is selected, you must state the manner in which the event or fact will cause the instrument to take effect and the date of the 90th day after the date the instrument is signed. In order for the certificate to take effect under option C, the entity must, within ninety (90) days of the filing of the certificate, file a statement with the secretary of state regarding the event or fact pursuant to section 4.055 of the BOC.

On the filing of a document with a delayed effective date or condition, the computer records of the secretary of state will be changed to show the filing of the document, the date of the filing, and the future date on which the document will be effective or evidence that the effectiveness was conditioned on the occurrence of a future event or fact.

- **Execution:** Pursuant to section 4.001 of the BOC, the certificate of amendment must be signed by a person authorized by the BOC to act on behalf of the entity in regard to the filing instrument. Please refer to the procedural information relating to the specific entity type for further information on execution requirements. Generally, a governing person or managerial official of the entity signs a filing instrument.

Designated Representative Application

Rev (04/22/2021)

An application for a license, or a licensee with a license, to conduct a pharmacy or to operate as a wholesaler shall designate at least one natural person to serve as the representative of the pharmacy or wholesaler. The Board will not issue or renew a license of an applicant or licensee that is required to designate a representative of a pharmacy or wholesaler unless the Board determines that the designated natural person meets the following qualifications per NAC 639.5005 (Pharmacy) or NAC 639.5935 (Wholesaler):

1. Is at least 21 years of age;
2. Has been employed for at least 6,000 hours in a pharmacy or with a wholesaler in a capacity related to the dispensing and distribution of, and recordkeeping related to, prescription drugs.

The designated representative of a pharmacy or a wholesaler:

1. Must be actively involved in and aware of the actual daily operations of the pharmacy or wholesaler;
2. Must be employed full-time in a managerial level position with the pharmacy or wholesaler;
3. Must be physically present at site of the pharmacy or at the facility of the wholesaler during regular business hours, except when the absence of the representative is authorized, including sick leaves, vacation leaves and other authorized absences; and
4. May serve in this representative capacity for only one pharmacy or wholesaler at a time

A pharmacy or wholesaler that is required to designate a natural person as its representative shall not open or operate the pharmacy or wholesaler unless that representative is actually employed full-time in the operation of the pharmacy or wholesaler and is physically present at the site of the pharmacy or wholesaler during regular working hours, not including sick leave, vacation leave and other authorized absences from work. If the natural person designated as the representative of a pharmacy leaves the employ of the pharmacy or wholesaler, thus leaving the pharmacy or wholesaler without a representative in violation of this section, the pharmacy or wholesaler shall:

1. Immediately cease conducting business until another qualified natural person is approved by the Board to serve as the representative of the pharmacy or wholesaler; and
2. Not later than 48 hours after that person leaves its employ, notify the Board that the person designated as the representative of the pharmacy or wholesaler has left the employ of the pharmacy or wholesaler.

Before a pharmacy or wholesaler, that is in violation of NAC 639.5005 (Pharmacy) or NAC 639.5935 (Wholesaler) because the natural person designated as the representative of the pharmacy or wholesaler left the employ of the pharmacy or wholesaler, may continue conducting business:

1. The pharmacy or wholesaler must designate, on a form provided by the Board, a new natural person to serve as the representative of the pharmacy; and
2. The Board must approve the natural person so designated.

Question 4:
Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)

Response:
On or around August of 2013, Allstate New Jersey Insurance Company (et al.) filed suit against, among others, Summit Pharmacy, Inc. ("Summit"), myself Apral Jones (at the time an employee of Summit), and Sherri Oxford, a pharmacist who, at one time, worked for Summit. The complaint included counts under the New Jersey Insurance Fraud Prevention Act – there were no allegations of fraud with regard to Medicare, Medicaid or government or government-funded payer (rather, the matter related solely to claims submitted to Personal Injury Protection (PIP) carriers). One or more of the counts concerned the submission of claims to the Plaintiff by Summit, which included paperwork on which the name of Sherri Oxford, a pharmacist then-working for Summit, appeared. As Summit and its agents later learned, Ms. Oxford had concealed from others the fact that her pharmacist licensure had been suspended for a brief period. Upon Summit's determination of Ms. Oxford's status, she was promptly terminated, and internal remedial measures taken. Note that at all times, Ms. Oxford's work was also subject to another pharmacist's review so prescriptions in question were all reviewed by a licensed pharmacist. However, Allstate's principal claim was predicated on those PIP claims submitted containing Ms. Oxford's name. Ultimately, the case was resolved by way of confidential settlement agreement, as between Plaintiffs on the one hand and Summit, Sherri Oxford, and myself (among others), on the other, in which none of the parties admitted wrongdoing.

Summary of Disciplinary History

As of the date of this application, applicant (Healthcare Pharmacy LLC), its officers, and its parent company Healthcare, Inc. have no sanctions or discipline. However, we wanted to note that on November 8, 2021, Healthcare, Inc., parent company of Healthcare Pharmacy LLC, completed the purchase of and became sole owner of Summit Pharmacy, Inc. ("Summit Pharmacy"). Summit Pharmacy has disciplinary history, which occurred prior Healthcare, Inc.'s acquisition and is included in the materials included below.

- Summit Pharmacy was not dispensing controlled substances, and not submitting, "zero reports" to the Alabama Prescription Monitoring Program.
- Summit Pharmacy did not realize zero reports were required.
- Mid 2012, Summit Pharmacy was fined $1,000.

Hawaii State Board of Pharmacy

- On 2013 license renewal application, Summit Pharmacy disclosed Alabama State Board of Pharmacy's disciplinary action.
- Hawaii State Board of Pharmacy had no record of Summit Pharmacy disclosing the Alabama State Board of Pharmacy disciplinary action within the 30-day reporting period required by law, nor did Summit Pharmacy.

- Summit Pharmacy was fined $1,500.

Florida State Board of Pharmacy

- Florida State Board of Pharmacy received disclosure of disciplinary action against Summit Pharmacy from Alabama State Board of Pharmacy.

- Summit Pharmacy was fined $250 plus $1,359.89 in administrative costs.

HealthCare Pharmacy

Michigan State Board of Pharmacy

- Michigan State Board of Pharmacy received disclosure of disciplinary action taken against Summit Pharmacy by Alabama State Board of Pharmacy.

- No renewal application needed in 2013.
- On the 2014 renewal application, a box was checked indicating no disciplinary action occurred within the last 36 months since the application date.
- Both of the above statements were incorrect. Summit Pharmacy is unsure why these were answered incorrectly, but believe it to be an accidental oversight.
- Texas State Board of Pharmacy initiated disciplinary procedures against Summit Pharmacy for incorrect statements on the 2012 and 2014 renewal applications.
- In May of 2018, Texas State Board of Pharmacy assessed an administrative penalty of $2,000.

Inventory

The medications that were present for the filling of prescriptions were examined for their compliance to the regulatory standards for quality assurance. The medications that were selected to be examined could have potentially been dispensed, and did not include any segments of the inventory that may have been already separated for future return to their respective manufacturers, or had been placed aside for proper disposal. The medications that were found to be in violation of the regulatory disciplines were segregated by the Inspector, and then recorded on the attached EB Form 23A. The line entries on the EB Form 23A are categorized by the deficiency for which the medication had been set apart, along with the appropriate regulatory cite.

Alabama State Board of Pharmacy Action
Re: Case No: 21-L-0071
Fast Access Specialty Pharmacy LLC dba InfuCare Rx of LA

On or about January 18, 2021 Sajal Roy, PharmD ("Roy"), the Alabama Supervising Pharmacist ("PIC") at Fast Access Specialty Pharmacy LLC dba InfuCare Rx of LA ("Pharmacy") submitted his resignation as AL PIC of the Pharmacy to the Alabama Board of Pharmacy ("Board"). His employment resignation was submitted to the Pharmacy on or about January 18th, and his last day of employment was March 4, 2021. Roy was asked by the Pharmacy to rescind his PIC resignation until such time as a replacement could be found, since his employment with the Pharmacy continued through March 4th. The Pharmacy believed that Roy had rescinded his resignation, and as a result, it mistakenly did not notify the Board within 10 days with an action plan to designate another PIC. A new PIC was designated March 3, 2021. The Board cited the Pharmacy for being unable to maintain a PIC and failing to notify the Board within 10 days with an action plan. The Pharmacy's license was not affected and remained and is in good standing.

At the time of IV Solutions Holdings' purchase of the Company, the Parent was owned 50% by Ron McFarlane and 50% by three entities associated with another individual, Zev Scherl. On August 17, 2021, Ron McFarlane purchased the other 50% of the membership interests of the Parent, as evidenced by the Assignment Separate from Certificate attached hereto as **Attachment C**. Now, Ron McFarlane is the sole member of the Parent, as evidenced by the Amended and Restated Limited Liability Company Agreement of the Parent attached hereto as **Attachment D**.

Ron McFarlane is the sole Manager of each of the Company, IV Solutions Holdings and Parent. Victoria Starr has been appointed as the Secretary of the Company.

The Company is a Florida limited liability company. The Company notified the Florida Board of Pharmacy (the "Florida Board") of the change of control described above shortly following closing of IV Solutions Holdings' purchase of the Company. On July 8, 2021, following an inspection, the Florida Board granted the Company a new license, which is number PH33457. The Company remains in good standing with the Florida Board while working with the Division of Medical Quality Assurance to address the administrative issues described below.

Ohio Administrative Oversight

In or around May 2017, while under prior ownership and management, the Company apparently changed locations without obtaining the approval of the State of Ohio Board of Pharmacy (the "Ohio Board"). In or around October 2017, again while under prior ownership and management, the Company apparently changed its name without obtaining the approval of the Ohio Board. This resulted in the Company, according to the Ohio Board, dispensing prescriptions of drugs in violation of Ohio law from the

period of May 2017 through January 2018. On February 5, 2021, the Ohio Board (i) disciplined the Company by written reprimand and (ii) imposed a monetary penalty on the Company in the amount of $4,500.

During its pre-purchase diligence review, IV Solutions Holdings identified the monetary penalty imposed by the Ohio Board as outstanding. IV Solutions Holdings required that the former owners immediately arrange for the Company to pay the fine. On May 26, 2021, the Company paid the fine. On May 28, 2021, IV Solutions Holdings bought the Company. On June 29, 2021, legal counsel for the Ohio Board confirmed to us that the matter was closed. On August 16, 2021, legal counsel for the Ohio Board notified the Company that the Ohio Board intends to issue a new license to the Company, such that the discipline imposed by the Ohio Board will not be associated with the Company's Ohio license under its new owner, IV Solutions Holdings.

If you have any questions for the Ohio Board regarding the Ohio matter, Karrie Southard, the Director of Licensing for the Ohio Board, confirmed to the Company that you may reach out to her directly by email at Karrie.Southard@pharmacy.ohio.gov or by telephone at 614-466-7617.

The Company would also like to note that the heart of the Ohio matter involved the dispensing of "dangerous drugs, including controllcd substances" without necessary approvals following the change in address aud name. The Company is no longer dispensing any controlled substances of any nature, and it presently does not intend to resume the distribution of any controlled substances in your state or otherwise.

Alaska Administrative Oversight

Between February 2018 and November 2020, while under prior ownership and management, the Company apparently changed its Pharmacist-in-Charge without providing the Alaska State Board of Pharmacy (the "Alaska Board") timely notice. On July 14, 2021, the Alaska Board determined that the Company committed "a technical violation" that was "not related to the delivery of patient care." Accordingly, an investigator for the Alaska Board determined that the appropriate disciplinary action would be the imposition of a civil fine without censure or reprimand, in the amount of $500. In August 2021, the Company admitted to the technical violation and agreed to pay the $500 fine pursuant to an Imposition of Civil Fine agreement. The Company is currently waiting for the Alaska Board to adopt the Imposition of Civil Fine at its next meeting. If the Alaska Board indeed adopts the Imposition of Civil Fine, the $500 fine will then become payable, and the Company will promptly pay it, at which time the Alaska matter will be considered "resolved" pursuant to a proposed Order attached to the Imposition of Civil Fine.

Resulting Investigations

The administrative errors in Ohio have led to additional investigations from pharmacy boards.

On July 21, 2021, the Pharmacy Quality Assurance Commission in the State of Washington notified the Company that it was opening an investigation pursuant to a "report of disciplinary action in another state." The Company submitted a written response to the Washington investigator by the required deadline, explaining the nature of the Ohio matter and how it had been resolved. In the written response, the Company clarified that it was not required to provide notice to Washington of the change in location and name because the Company applied for a Washington license only after such changes had occurred. The Company confirmed that it would cooperate with Washington's investigation in all respects.

In March 2021, the Alabama State Board of Pharmacy (the "Alabama Board") issued a Statement of Charges and Notice of Hearing that alleged that the Company violated Alabama law based upon the entry of the order by the Ohio Board. IV Solutions Holdings and the Company's new management only became aware of the matter with the Alabama Board when it received a Scheduling Order dated August 4, 2021. The Company is preparing to respond timely and appropriately to the Alabama Board.

Efforts of New Ownership and Management to Remedy Prior Errors

Since taking control of the Company, IV Solutions Holdings and the Company's new management have spent a substantial amount of time and effort attempting to identify and remedy any technical and administrative errors that may have occurred under the prior ownership, like those that occurred in Ohio and Alaska. It is the Company's intent to review its license in each of the states in which it is licensed, along with any applications and other materials submitted to such states, to ensure that its records are current and to endeavor to correct any previous administrative oversights to the extent possible. We are sending you this letter as part of such effort.

The Company takes its compliance obligations seriously. In this regard, the Company welcomes further conversations with you regarding the Company's license and authorization to conduct business in your state, and it looks forward to working with you in its efforts to eusure its compliance with all applicable laws and regulations.

To the extent that the Company has submitted any applications that contain information or representations inconsistent with the matters described above, we apologize for the oversight and desire to amend or withdraw such applications. To the extent the Company's prior ownership and management failed to make necessary disclosures to you relating to the change of location, name or Pharmacist-in-Charge, then we hope that this letter cures the prior non-disclosure, and the Company will submit any forms relating to the prior changes that you determine are appropriate. If you require any additional filings, disclosures or materials based upon these facts, please let us know, and we would be happy to provide the required information as promptly as possible.

If you would like to schedule a time to have a discussion regarding the Company's status, or if you would like to request any additional information, please email us at vstarr@ivsolutionsrx.com, with a copy to rmcfarlane@ivsolutionsrx.com.

SUMMARY ORDER

NOW, on this 1st day of October 2020, comes before the Kansas Board of Pharmacy (the "Board"), through its Executive Director, the matter of Tabula Rasa HealthCare Group, Inc. dba MedWiseRx ("Respondent").

Pursuant to the authority granted to the Board by the Kansas Pharmacy Act, K.S.A. 65-1625, *et seq.*, and in accordance with the Kansas Administrative Procedure Act, K.S.A. 77-501, *et seq.*, the Board's Executive Secretary enters this Summary Order in the above-captioned matter. After reviewing the application materials and being otherwise duly advised in the premises, the Board makes the following findings, conclusions and order:

FINDINGS OF FACT

1. The Board had previously issued Respondent Registration No. 22-111022 which entitled Respondent to operate as a non-resident pharmacy in the State of Kansas ("Respondent's Registration").

2. On January 1, 2020, name and ownership of Respondent's facility were changed from SinfoniaRx, Inc. to Tabula Rasa HealthCare Group, Inc. dba MedWiseRx.

3. On July 2, 2020, the Board received from Respondent a Form BA-22 Non-Resident Pharmacy Registration Application, notifying the Board of the changes in name and ownership.

4. On August 13, 2020, the Board approved Respondent's Non-Resident Pharmacy Registration Application, effective immediately.

5. With the August 13, 2020 approval, Respondent's previous registration number 22-111022 was cancelled and Respondent was issued new registration number 22-112563, under the new name and ownership.

CONCLUSIONS OF LAW

1. Pursuant to K.S.A. 65-1658, the Board may assess a civil fine not to exceed $5,000, after notice and an opportunity to be heard, to any registrant for violation of the pharmacy act of the state of Kansas or any other rules or regulations of the state board of pharmacy.

2. Pursuant to K.S.A. 68-2-9, each registrant shall notify the executive secretary of the Board in writing of any change in majority ownership of the operation for which the registration was issued within five days after the date the change in ownership becomes effective.

3. Respondent's failure to submit the complete change of name and ownership application to the Board until July 12, 2020 – 188 days past the January 5, 2020 deadline – is a violation pursuant to K.S.A. 68-2-9.

4. Pursuant to K.S.A. 65-1657, no non-resident pharmacy shall ship, mail, or deliver, in any manner, prescription drugs to a patient in this state unless registered with the Board as a nonresident pharmacy.

5. Respondent's application documents indicated Respondent had functioned as a non-resident in the state of Kansas after the name and ownership change which rendered Respondent's registration invalid, and prior to obtaining new registration as a non-resident pharmacy from the Board on August 13, 2020.

6. By operating as a non-resident pharmacy in the state of Kansas prior to its Non-Resident Pharmacy Registration Application approval by the Board, Respondent violated K.S.A. 65-1657.

ORDER

The Board finds and concludes that Respondent's conduct, as described above, violates the Act and such conduct warrants the imposition of a fine pursuant to K.S.A. 65-1658, in the amount of $500.00. Respondent has 30 days from the date of this order to pay the full $500.00.

NOTICES

The Respondent is hereby notified as follows:

1. The Respondent may request a hearing pursuant to the Kansas Administrative Procedure Act by filing a written request with the Kansas Board of Pharmacy, 800 SW Jackson, Suite 1414, Topeka, KS 66612-1231 within fifteen (15) days after service of this order.

2. If a hearing is not requested as described above, the Order shall become a final order of the Board, effective upon the expiration of the time to request a hearing.

3. Within fifteen (15) days after entry of a final agency order, either party may file a petition for reconsideration pursuant to K.S.A. 77-529.

4. Within the time limits established in K.S.A. 77-613, either party may seek judicial review of a final agency order, pursuant to said statute. The agency officer designated to receive service of a petition for judicial review is:

SUMMARY ORDER

NOW, on this 1st day of October 2020, comes before the Kansas Board of Pharmacy (the "Board"), through its Executive Director, the matter of Tabula Rasa HealthCare Group, Inc. dba MedWiseRx ("Respondent").

Pursuant to the authority granted to the Board by the Kansas Pharmacy Act, K.S.A. 65-1625, *et seq.*, and in accordance with the Kansas Administrative Procedure Act, K.S.A. 77-501, *et seq.*, the Board's Executive Secretary enters this Summary Order in the above-captioned matter. After reviewing the application materials and being otherwise duly advised in the premises, the Board makes the following findings, conclusions and order:

FINDINGS OF FACT

1. The Board had previously issued Respondent Registration No. 22-111022 which entitled Respondent to operate as a non-resident pharmacy in the State of Kansas ("Respondent's Registration").

2. On January 1, 2020, name and ownership of Respondent's facility were changed from SinfoniaRx, Inc. to Tabula Rasa HealthCare Group, Inc. dba MedWiseRx.

3. On July 2, 2020, the Board received from Respondent a Form BA-22 Non-Resident Pharmacy Registration Application, notifying the Board of the changes in name and ownership.

4. On August 13, 2020, the Board approved Respondent's Non-Resident Pharmacy Registration Application, effective immediately.

5. With the August 13, 2020 approval, Respondent's previous registration number 22-111022 was cancelled and Respondent was issued new registration number 22-112563, under the new name and ownership.

CONCLUSIONS OF LAW

1. Pursuant to K.S.A. 65-1658, the Board may assess a civil fine not to exceed $5,000, after notice and an opportunity to be heard, to any registrant for violation of the pharmacy act of the state of Kansas or any other rules or regulations of the state board of pharmacy.

2. Pursuant to K.S.A. 68-2-9, each registrant shall notify the executive secretary of the Board in writing of any change in majority ownership of the operation for which the registration was issued within five days after the date the change in ownership becomes effective.

3. Respondent's failure to submit the complete change of name and ownership application to the Board until July 12, 2020 – 188 days past the January 5, 2020 deadline – is a violation pursuant to K.S.A. 68-2-9.

4. Pursuant to K.S.A. 65-1657, no non-resident pharmacy shall ship, mail, or deliver, in any manner, prescription drugs to a patient in this state unless registered with the Board as a nonresident pharmacy.

5. Respondent's application documents indicated Respondent had functioned as a non-resident in the state of Kansas after the name and ownership change which rendered Respondent's registration invalid, and prior to obtaining new registration as a non-resident pharmacy from the Board on August 13, 2020.

6. By operating as a non-resident pharmacy in the state of Kansas prior to its Non-Resident Pharmacy Registration Application approval by the Board, Respondent violated K.S.A. 65-1657.

ORDER

The Board finds and concludes that Respondent's conduct, as described above, violates the Act and such conduct warrants the imposition of a fine pursuant to K.S.A. 65-1658, in the amount of $500.00. Respondent has 30 days from the date of this order to pay the full $500.00.

NOTICES

The Respondent is hereby notified as follows:

1. The Respondent may request a hearing pursuant to the Kansas Administrative Procedure Act by filing a written request with the Kansas Board of Pharmacy, 800 SW Jackson, Suite 1414, Topeka, KS 66612-1231 within fifteen (15) days after service of this order.

2. If a hearing is not requested as described above, the Order shall become a final order of the Board, effective upon the expiration of the time to request a hearing.

3. Within fifteen (15) days after entry of a final agency order, either party may file a petition for reconsideration pursuant to K.S.A. 77-529.

4. Within the time limits established in K.S.A. 77-613, either party may seek judicial review of a final agency order, pursuant to said statute. The agency officer designated to receive service of a petition for judicial review is:

Hello Dr Greene,

Thank you for your interest in the Compounding Pharmacy Accreditation. This is to confirm that the National Association of Boards of Pharmacy® (NABP®) has reviewed and scored the pharmacy's VPP Inspection Report in an effort to determine the pharmacy's eligibility to continue with the Compounding Pharmacy Accreditation program.

Congratulations! Your pharmacy is eligible to proceed with NABP's Compounding Pharmacy Accreditation. Now that the pharmacy has been deemed eligible to advance through the accreditation process, a full application and payment of the accreditation fees is required. In order to submit the online application and payment, please visit the NABP e-Profile Login.

Please note that a completed application and payment must be submitted **within three (3) months of the date of this eligibility letter** to advance through the accreditation process. Should a completed application not be submitted in this time frame, the pharmacy's eligibility will expire and a new VPP Inspection would be required in order to reevaluate the pharmacy's eligibility for Compounding Pharmacy Accreditation. After your application has been received, the pharmacy will receive a Post-Survey Letter that outlines the pharmacy's post-survey action items and additional information on how to proceed.

The NABP Compounding Pharmacy Accreditation fees cover a 3-year accreditation and are as follows:

- First year total due at time of application: $3000 application fee + $250 annual participation fee
- Second year total due at 1st year anniversary: $250 Annual Participation Fee
- Third year total due at 2nd year anniversary $250 Annual Participation Fee

Please see the attached eligibility letter, which details the results of your pharmacy's VPP Inspection. For reference, the NABP Compounding Pharmacy Accreditation Standards and P&P Assessment documents are also attached. If you have additional questions, please email compounding@nabp.pharmacy or call (847) 391-4587.

We look forward to a continued successful partnership.

This response is intended to supplement Mark Zilner's positive responses to Section 8, Question 5 and 6. As noted in Section 7 of the Application, Mark Zilner is an owner, officer, and employee of Diamond Drugs, Inc. d/b/a Diamond Pharmacy Services (hereinafter "Diamond"). Diamond is licensed in as a non-resident pharmacy in nearly every state. Its 50-year history, and under Mr. Zilner's tenue, Diamond has not had any violations beyond minor administrative errors. The information contained below outlines the administrative actions taken against.

In December of 2015, Diamond was disciplined by the Oklahoma Board of Pharmacy for an administrative error in our license renewal. Due to changes in Oklahoma Pharmacy Regulations, effective for 2015 license renewals, out of state pharmacy licensees that compounded pharmaceuticals were required to have an Oklahoma-licensed Pharmacist in Charge ("PIC") present at their dispensing location in the Pharmacy's state of domicile, the PIC we were using resided in Oklahoma. The Complaint was filed in December of 2015, and was resolved in January of 2016. Per the Consent Order agreed to by the parties, Diamond immediately paid a fine, designated an Indiana, PA based Pharmacist as the Pharmacist in Charge, and agreed to be placed on probation in Oklahoma until December of 2020. Diamond was not then, or at any time, restricted from dispensing in Oklahoma.

Diamond is licensed or authorized to dispense prescription in Every State except for Alaska. Nearly every state requires a licensee to report any and all discipline imposed by any outside jurisdiction/state. Any state that receives such a report of discipline may review and impose "sister-state" discipline even without wrongdoing within their state. Diamond reported the Oklahoma discipline to all states where licensed. Most states declined to pursue such sister-state discipline. Of the relatively few that did, nearly all of them issued a letter of admonition and/or imposed a small fine. The exceptions were Alabama, Michigan and Illinois.

Alabama placed Diamond on probation, which will expire in September of 2022 and does not prohibit Diamond from dispensing. Michigan issued an Order in 2017 imposing a fine, and placing Diamond's license in "Limited Disciplinary" status, restricting Diamond from dispensing in Michigan until we provided Michigan with evidence that we complied with the Oklahoma Order, and that such status would be automatically lifted. We immediately sent Michigan evidence that we amended our Oklahoma registration, that we paid the Oklahoma fine, and that we were not restricted from dispensing into Oklahoma. We were then issued a Michigan license renewal and continued to dispense in Michigan at that time.

In 2019, Michigan filed a Complaint against Diamond's license alleging that by dispensing into Michigan prior to the expiration of the Oklahoma probation, we were in violation of the Michigan license limitation imposed by their 2017 Order. Diamond has maintained its position that the 2017 Order is not legally or procedurally sufficient to restrict us from dispensing in Michigan. We have resolved this matter by agreeing to pay a $1,000.00 fine, and to adhere to the Board's interpretation of the 2017 Order.

On June 17, 2020, Diamond appeared before the Oklahoma State Board of Pharmacy on a Petition to Modify their 2015 Order at Case No. 1368. We asked the Board to lift our probation that was scheduled to run until December 3, 2020. The Board (by 4-1 vote) granted our petition, and our probation has been lifted. Once we received the official, executed Order from Oklahoma, we provided it to Michigan, and it lifted our "Limited" status on or about July 10, 2020

Illinois filed a complaint on December 19, 2019 at Case No. 2019-01490. The Complaint made no allegations of specific violations that occurred in Illinois or were related to Diamond dispensing or distributing any drugs into Illinois. Rather, the allegations were solely based on "sister-state" discipline arising from the actions listed above. We reached a settlement agreement, which was finalized on April 24, 2010, where Diamond agreed to pay a fine of $10,000.00 and is in probation in Illinois for three years. This Order does not in any way restrict Diamond's practice of Pharmacy in Illinois or in any other jurisdiction.

Although there are a number of regulatory actions that have occurred since 2015, Diamond's is able to dispense in all jurisdictions. Furthermore, it is important to note that none of the conduct that was the subject of these actions implicated patient health or safety. Diamond has implemented several internal changes both in process and structurally to ensure that these administrative issues will not arise again.

Diamond's distribution division was disciplined by DEA for the Northern District of Ohio. The alleged violation was for record-keeping issues from 2013-2014, regarding controlled substances in emergency drug kits. There was no implication of patient health and safety or diversion of drugs. This action did not impact Diamond's ability to handle or dispense controlled substances anywhere in the United States.

Section 3. Item #3

Michigan Consent Order

On February 13, 2019 a Consent Order was executed by and between Optime Care Inc ("Optime Care"), located at 4060 Wedgeway Ct, Earth City, MO 63045, and the Michigan Department of Licensing and Regulatory Affairs ("Michigan LARA"). In conjunction with the Consent Order, Optime Care was assessed a fine in the amount of $5,000.

Optime Care unintentionally dispensed prescription drugs into the State of Michigan prior to obtaining a Michigan Pharmacy License. Once Optime Care became aware that a Michigan Pharmacy License was required to ship medications to residents of Michigan, Michigan LARA was notified by Optime Care and Optime Care was subsequently instructed to submit the requisite application for licensure. The application was submitted and a Michigan Pharmacy License was issued to Optime Care on May 17, 2018.

Inasmuch as Optime Care violated the Michigan Public Health Code, MDL 333.17748(1), the parties agreed to a Consent Order and assessment of a fine in the amount of $5,000. In an email dated December 5, 2018 from Mr. Lorne L. Carignan representing the Michigan LARA, it is noted that there was "no evidence that Optime Care acted intentionally to circumvent the law; that the drugs were defective in any way; or that, except for the licensure issued, the drugs were improperly distributed". In addition, Mr. Lorne recommended to the pharmacy board to "obviate the need for a formal complaint and close this case."

Optime Care has complied with the terms and conditions of the Consent Order, the fine was paid, the matter was closed and there has been no further action taken against Optime Care's Michigan Pharmacy License.

Supporting documentation is enclosed.

Subject: Signed Consent Order Received

We are in receipt of the signed Consent Order.

Michigan LARA-BPL will be recommending acceptance of the Order at the next Pharmacy Board Meeting, and execution of the Consent Order by the Board will obviate the need for the issuance of a formal complaint and will close this case. By signing the Consent Order and paying the fine (which is not yet due), Optime Care will have fulfilled its obligations to the State of Michigan in this matter.

As stated in the Order, Optime Care is properly licensed and Michigan LARA has no evidence that Optime Care acted intentionally to circumvent the law; that the drugs were defective in any way; or that, except for the licensure issue, the drugs were improperly distributed.

Thank you.

IT IS ORDERED that the license number in the Order shall be corrected from 53-06-004958 to 53-01-011393.

IS FURTHER ORDERED that the remainder of the Order dated February 13, 2019, shall remain as drafted. A copy of the Order is attached.

IT IS FURTHER ORDERED that this Errata shall be effective on the date signed, as set forth below.

CONSENT ORDER

The Department of Licensing and Regulatory Affairs received evidence and information that Respondent Pharmacy violated the Public Health Code, MCL 333.1101 *et seq.* Specifically, Respondent Pharmacy distributed drugs in Michigan before obtaining a license to do so, in violation of MCL 333.17748(1).

MCL 333.17768(1) authorizes the Board's disciplinary subcommittee to take disciplinary action against a licensee who violates the Public Health Code. MCL 333.16231(5) authorizes the Department to submit a stipulation and final order to a disciplinary subcommittee for approval if an agreement is reached resolving alleged violations of the Public Health Code before the issuance of a complaint.

Respondent Pharmacy has admitted violating MCL 333.17748(1) and has agreed by the attached Stipulation that the Disciplinary Subcommittee may execute this Consent Order without detailing the facts and evidence substantiating the alleged violation(s) in a formal complaint.

The Disciplinary Subcommittee has reviewed this Order and agrees that the public interest is best served by resolution of this matter without further administrative process.

Therefore, IT IS FOUND that Respondent Pharmacy violated MCL 333.17748(1).

Accordingly, IT IS ORDERED that for the cited violation(s) of the Public Health Code, Respondent Pharmacy is FINED $5,000.00 payable to the state of Michigan within 60 days of the effective date of this Order.

IT IS FURTHER ORDERED that the fine shall be mailed to the Department of Licensing and Regulatory Affairs, Enforcement Division, Sanction Monitoring, P.O. Box 30189, Lansing, MI 48909. The fine shall be paid by check or money order, made payable to the state of Michigan, and the check or money order shall clearly display file number 53-18-152029.

IT IS FURTHER ORDERED that if Respondent Pharmacy fails to comply with the terms and conditions of this Order, Respondent Pharmacy's license shall be automatically SUSPENDED for a minimum of one day. If Respondent Pharmacy complies with this Order within six months of the suspension, the license shall be automatically reinstated. If Respondent Pharmacy's license remains suspended for more than six months, Respondent Pharmacy must apply for reinstatement of the license in accordance with MCL 333.16245 and 333.16247.

IT IS FURTHER ORDERED that this Order shall be effective 30 days from the date signed by the Disciplinary Subcommittee, as set forth below.

MICHIGAN BOARD OF PHARMACY

By: _____
Chairperson, Disciplinary Subcommittee

Dated: 2/13/19

STIPULATION

1. Respondent Pharmacy admits violating MCL 333.17748(1) and acknowledges that the Department could prove the violation(s) with facts and evidence at an administrative hearing. Respondent agrees to resolve this matter by this Stipulation and Order without having the facts and evidence of the violation detailed in a formal complaint.

2. Respondent Pharmacy has had the opportunity to consult with an attorney and agrees to these terms voluntarily without duress of any kind.

3. Respondent Pharmacy understands and intends that by signing this Stipulation Respondent Pharmacy is waiving the right provided by the Public Health Code, the rules promulgated thereunder, and the Administrative Procedures Act, MCL 24.201 *et seq.*, to require the Department to prove the violation(s) of the Public Health Code by presentation of evidence and legal authority, and Respondent Pharmacy is

waiving the right to appear with an attorney and witnesses to present a defense to the allegations.

4. This Order resolves all pending issues in this matter and closes this case. No further action will be taken against Respondent Pharmacy based on the facts alleged herein, provided Respondent Pharmacy complies with all the terms of this Order.

5. This matter is a public record required to be published and made available to the public pursuant to the Michigan Freedom of Information Act, MCL 15.231 *et seq.*, and this action will be reported to the National Practitioner's Data Bank, and any other entity as required by state or federal law.

6. Factors taken into consideration in the formulation of this Order include the following:

> Respondent Pharmacy, based in Missouri, is a nationwide pharmacy licensed in all 50 states and is a wholesale distributor of a single drug, Korlym (mifepristone), used to treat patients with Cushing's syndrome. Due to an accidental oversight, Respondent Pharmacy inadvertently failed to obtain a Michigan license before distributing approximately 200 prescriptions of Korlym in Michigan from August 2017 to April 2018.
>
> Upon discovering the error during a quality assurance audit, Respondent Pharmacy immediately notified the Department and took steps to obtain the appropriate licenses. Respondent Pharmacy is now properly licensed to operate in Michigan. The Department has no evidence that Respondent Pharmacy acted intentionally to circumvent the law, that the drugs were defective in any way, or that, except for the lack of licensure, the drugs were improperly distributed.

7. This Order is approved as to form and substance by Respondent Pharmacy and the Department and may be entered as the final order of the Disciplinary Subcommittee in this matter.

8. This proposal is conditioned upon acceptance by the Disciplinary Subcommittee. Respondent Pharmacy and the Department expressly reserve the right to further proceedings without prejudice should this Order be rejected.

Form DEA-223 (9/2016)

Walgreen Co. ("Walgreens") has operated retail drug stores since 1901. Walgreens and its wholly owned subsidiaries currently own and operate over 9,200 stores in the United States and Puerto Rico.

In the normal course of its business operations, Walgreens' pharmacies are periodically subject to inspection and, on occasion, administrative action by state agencies that regulate the practice of pharmacy. Typically, the pharmacy is given an opportunity to correct the deficiency within a specified period of time and, if it does so, the matter is closed without disciplinary or adverse licensure action. In the course of the last reporting period, one or more pharmacies owned directly or indirectly by Walgreen Co. have been disciplined and/or required as part of a corrective action plan, to pay an administrative fine to a state regulatory agency. We can confirm, however, that none of the pharmacies subject to these actions had their retail pharmacy license in any way suspended, restricted, or denied as a result.

Re: Addendum to MDEG Administrator Form

Dear Board Members,

This letter is to outline the discrepancies that were submitted on the MDEG administrator forms dated January 29th 2021 and March 4th 2021. Both of these reflected incorrect work history for Saundra Sorenson. I would like to provide explanation as to how this information was believed to be accurate by Ms. Sorenson.

Prior to February 2019 Kinex Medical Company and Gabel Distributors entered into a 1099 relationship in which Kinex equipment was dispensed to patients by Gabel Distributors. February 2019 Kinex and Gabel Distributors termed this 1099 relationship and at that time Kinex took over the lease to the Hauck street location as well as transitioned several of Gabel Distributors employees to become Kinex W2 employees.

In June 2019 Saundra Sorenson relocated from the Kinex location in Colorado to the location at Hauck Street in Las Vegas. During this time the transition from Gabel Distributors to Kinex Medical Company at the Hauck Street location was still in progress. Kinex has always referred to that location as the Gabel office. When Ms. Sorenson came to that location the terminology was skewed due to the transition and the former owner of Gabel Distributor being on-site very routinely.

There was no ill-intent to the information that Ms. Sorenson provided to the board as she believed the information to be accurate.

The work history in the MDEG administrator form dated March 15th 2021 is accurate and complete per the knowledge of Kinex Medical Company and Saundra Sorenson.

Re: Kinex Medical Company ("Kinex")

Dear Ms. Lee and Members of the Board:

Enclosed please find a copy of the certified check in satisfaction of the Citation dated March 8, 2021 (attached as **Exhibit 1**), which was scheduled for delivery to the Board's Reno address Friday, April 9, 2021. Kinex paid this fine in full with the hope and intention that it may move forward by expeditiously resolving any pending licensing issues and resume providing important products and services to patients in Nevada. In addition to making the payment, we also wanted to provide context that we believe will be helpful to the Board in understanding Kinex's strong history as a good corporate citizen, Kinex's recent licensing issues, and why it is appropriate to approve Kinex's application.

About Kinex

Kinex is an orthopedic specialty medical equipment company facilitating the delivery and billing of durable medical equipment and orthotics for acute, post-acute and in-home rehabilitation following injury or surgery. It is a national Medicare provider that holds more than 300 insurance contracts nationwide. For more than thirty years, Kinex has operated out of Wisconsin and distributes medical equipment to thirty-five states. For more than twenty years, Kinex has had a Nevada Medical Device Equipment and Gasses ("MDEG" or "DME") license tied to its home state location and has supplied medical equipment to Nevada through a Nevada-licensed distributor, Gabel Distributors, LLC ("Gabel"). Kinex also has a Nevada Business License and a Clark County Business License. Kinex had an unblemished record in Nevada during its long history of doing business here.

The Hauck Street Location[1]

Kinex Attempts to Secure a License for the Hauck Street Location

In February 2019, Kinex and Gabel agreed that they would substantially part ways. The plan was for Gabel to relocate and for Kinex to assume the distribution of its medical devices in Nevada from the same location Gabel had used. Gabel's principal, Andy Gabel, agreed to continue working with Kinex as a consultant. As noted above, Kinex already had a DME license tied to its home-state Wisconsin location, but in light of its intention to start operations at the Hauck Street location independent from Gabel, Kinex began communicating with the Board regarding licensing requirements.

Kinex's compliance manager, Leann Wilhelm, contacted the Board in April 2019 to request information on the process for obtaining an MDEG license in its own name for the Hauck Street location as it transitioned from working with Gabel. She was informed that two providers could not be simultaneously licensed at the same location, so if Kinex were to apply for a license before Gabel's license was transferred to its new location, Kinex's application would be denied on that basis. Further, Gabel's new location would require inspection before Gabel's license could be transferred. As such, Kinex believed that it could not obtain a Nevada license until Gabel's Hauck Street license was transferred to Gabel's new location.

Kinex took over the Hauck Street lease around May 2019 but Gabel's relocation was delayed and Gabel did not move from the Hauck Street location until approximately January 2020. During the period when Kinex and Gabel co-occupied the Hauck Street location, they continued to work together on some of the contracts but Andy Gabel was then working as a consultant and several formerly Gabel employees became Kinex employees.

Gabel's new location was inspected on or about February 20, 2020. Following that inspection, anticipating the transfer of Gabel's license, Kinex again contacted the Board via telephone about completing an application for the Hauck Street location.

During this period, the Governor declared a state of emergency in Nevada based on the pandemic, resulting in rapid and drastic changes and disruptions to the functioning of government entities and businesses. When Kinex next attempted to contact the Board with clarificatory questions about its application by phone, an automated message indicated that that the phones would be unstaffed indefinitely and that all communications should be by email. Kinex sent several emails to the Board from May 20, 2020 to June 25, 2020, including several follow-up emails and received a response on June 25, 2020. **Exhibit 2**, Emails dated May 20 and May 22, 2020; **Exhibit 3**, Emails dated May 29, June 1, June 8, June 16, and June 25, 2020.

[1] Both Mr. Buckholdt and Ms. Wilhelm will be available at the Board meeting to answer questions regarding or provide testimony as to this information.

After the response on June 25, 2020, there were several more exchanges of inquiries and responses between Kinex and the Board. **Exhibit 3,** Emails dated June 26, June 30, and July 23, 2020. Kinex ultimately submitted its application on August 20, 2020. However, the Board website still showed that Gabel maintained a license at the Hauck Street location. As such, this submission appeared to be prior to the expiration of Gabel's license for the physical location of the warehouse. Kinex also followed up with Gabel about the status of its license and was later informed that Gabel's new license had been issued on August 31, 2020 and that Gabel's application had been delayed because of interruptions caused by the pandemic.

On October 26, 2020, Kinex received a phone call from the Board, informing Kinex that the Board had the completed application but because of the pandemic circumstances, they would not be conducting the next board meeting as originally scheduled. The Board indicated that the meeting would be rescheduled for December and Kinex would be on that agenda. Consistent with that communication, on October 29, 2020, the Board notified Kinex by letter that it was in receipt of its application of a license and that Kinex must personally appear before the Board at the December 2, 2020 meeting. **Exhibit 4**, Letter dated Oct. 29, 2020. On November 5, 2020, email correspondence from the Board to Kinex's compliance manager confirmed that Kinex was indeed on the December agenda. **Exhibit 5**, Email dated Nov. 5, 2020.

Kinex appeared at the December 2, 2020 meeting, but when it attended, it turned out that its application had not been placed on the agenda and its application would not be considered at that time. After that Board meeting, Kinex followed up several times concerning the status of its application. **Exhibit 5**, Emails dated Jan. 15 and Jan. 19, 2021. Kinex was informed on January 20, 2021, that it could apply for a temporary license via email and placed that request immediately, on January 20, 2021. **Exhibit 6**, Email dated Jan. 20, 2021. Kinex followed up about the status of its request for a temporary license on January 28, February 4, February 23, and February 25. **Exhibit 6**, Emails dated Jan. 28, Feb. 4, Feb. 23 and Feb. 25, 2021. Kinex did not receive a response to any of its inquiries and was unsure of the status of its request for a temporary license.

Kinex's application was then rescheduled for the March 4, 2021, Board meeting, and Kinex appeared through Ms. Wilhelm, its compliance manager,[2] and Saundra Sorenson, its proposed MDEG administrator. Both representatives answered questions from the Board with candor and honesty. Ms. Sorenson's work history was discussed because her years of experience had been combined as one entry on the application, rather than separated by different periods. Further, there was some initial confusion about whether Ms. Sorenson had worked for Gabel or Kinex. While Ms. Sorenson's history was clarified by the discussion at the meeting, the Board requested that Kinex provide an amended MDEG Administrator application that corrected the inadvertent discrepancies and conformed with the testimony and correct information. Kinex promptly

[2] At the Board's request, Kinex provided a letter of authorization for Ms. Wilhelm's appearance on March 5, 2021, the same day as the Board meeting.

provided an amended application and explanatory letter on March 15, 2021. **Exhibit 7**, Correspondence dated March 15, 2021.

Cease and Desist, Citation

On March 8, 2021, the Board issued a Cease and Desist/Citation letter, which Kinex received on March 16, 2021, indicating that based on documents and admissions provided at the Board meeting, Kinex had engaged in the business of furnishing medical devices in Nevada without a license. As noted above, Kinex timely paid the Citation in efforts to resolve its outstanding Hauck Street licensing issue expeditiously and become compliant.

Kinex Seeks to Cure any Remaining Issues and Secure Proper Licensing so that It May Properly Continue Doing Business in Nevada.

Clarification of Ms. Sorenson's Work History

Kinex submitted to the Board an amended MDEG Administrator application with an explanatory letter. The amended application accurately portrays Ms. Sorenson's work history by separating each of the three locations at which Ms. Sorenson has worked for more than the last ten years. The initial response was intended to demonstrate Ms. Sorenson's years of experience relating to the products involved, and not to cause confusion or mislead in any way. Specifically, Ms. Sorenson began working with Total Orthopedics, Inc. in February 2011. She became employed by Kinex in August 2017, when Kinex acquired Total Orthopedics. Finally, Ms. Sorenson continued her employment with Kinex when she moved from Colorado to Las Vegas. In other words, Ms. Sorenson never changed jobs, but her employment changed first by virtue of the acquisition of Total Orthopedics by Kinex, and then by her move to Nevada.

It is our understanding that based on the clarifying discussion at the March Board meeting, combined with the submission of an amended application, this issue is resolved. Notably, even if Ms. Sorenson's hours at the Hauck Street location are not included in the evaluation of her qualifications to serve as an MDEG Administrator, she still satisfies all of the necessary qualifications for the application by virtue of her prior experience. Kinex will of course be happy to answer any additional questions the Board may have.

Pending License Application

Kinex is now scheduled to appear before the Board on April 15, 2021 to address any outstanding issues relating to its pending application, and, if the Board wishes, to address the Citation. Kinex appreciates that it made some mistakes in the process, particularly that it did not fully appreciate the limitations of its current licensure while it transitioned and sought a license for the new location. In hindsight, and following retention of counsel, Kinex understands that the transition could have been differently structured to avoid the gap period that resulted, and which

Snell & Wilmer

was exacerbated by circumstances caused by the pandemic. Kinex respectfully requests the Board to consider its frequent and candid contact with the Board as evidence of its good faith efforts to comply with the applicable regulations and law. Kinex at no time concealed its status or its pursuit of a license. Further, Kinex's products – knee braces, splints, etc. – are federally approved and its services in Nevada were being provided by the same people Kinex worked with when the Hauck Street location was run by Gabel. Kinex understands its errors to date, but despite its mistakes is an established, reputable company that seeks to be fully compliant.

Kinex respectfully submits this information and looks forward to speaking with the Board on April 15.

Very truly yours,

Snell & Wilmer

Hello,

We are in the process of completing a new application as a durable medical equipment supplier in the state of Nevada. As I move through the application I see the personal history form that each owner of the company must complete. My question is do all the fields need to be completed? There is some very personal and in-depth questions on here as it relates to family, lockboxes and places they've lived in the last 25 years! Of all the applications we process for licensing I've never seen anything even close to this as far as request for personal information. Most of the owners are not comfortable in providing this information and we are looking to either have an exemption from this or a reduction in the information requested. They are all very comfortable in providing you their personal information such as name, date of birth, SSN, address, etc as well as attesting to not having any crimes or licensure suspensions but beyond that disclosing the very personal information about the owners and their families seems intrusive.

Please advise.

Good Morning Mark,

I greatly appreciate you getting back to me. As per my last email we are more than happy to comply with providing information which allows you to perform a background check and attest to not having any criminal history against them but some of the other information seems extreme in order to issue a license. I've been working with our company in processing licenses all across the country for 11 years now and I have never encountered anything this in depth in any state.

Here are the questions that our owners have concern with answering;

- Spouses information including SSN and employer information (no need for SSN)
- Previous marriage history (required)
- Children's information as they are minors (not required)
- Information on parents, brothers, and sisters (not required)
- Listing residencies for the last 25 years. Some are having issue in remembering the address back that far. They can easily provide the last 10 but cannot attest to the dates and specific addresses beyond that. (the past 10 years is adequate)
- Employment – Most of our owners are at retirement age or even beyond. They cannot remember employment history since they were 18 let alone dates and supervisors. These can be provided for the past 10 years but beyond that the cannot accurately attest to this information (The past 10 years is adequate)
- References – They can provide a name, phone and years known but providing their home address, employer and their address seems intrusive for someone just providing a reference (Reference names, city, state, and phone numbers only)
- Safe Deposit Box – This is very personal information and should not have to be shared (Not required)

Again, willing to comply however we feel these are outside of the scope of questions that would require obtaining a license. Please advise.

Mark,

We submitted this application back in August and have been waiting since then. I was assured by Candy in November that this was on the agenda. I cannot wait until March to obtain an application.

I understand that there have been cuts to staff and agenda due to COVID, but when I was told this would be on the agenda and I get on a virtual meeting for a board meeting and sit through it only to find out we aren't on the agenda is very upsetting.

We as a business have been licensed for years in the state of NV and now trying to work out of a location closer to the physicians who are needing these products for their patients is proving to be unobtainable.

What can be done to expedite the issuance of this license?

Good morning Leann,

Concerning your email to Candy Nally below, please note that due COVID restrictions, our board meetings were reduced in 2020 by 6 days. The lost days have impacted the number of appearances that we can assign to our board meetings. We are currently creating our agenda for the March Board Meeting, and I will consider your application.

Re: Addendum to MDEG Administrator Form

Dear Board Members,

This letter is to outline the discrepancies that were submitted on the MDEG administrator forms dated January 29th 2021 and March 4th 2021. Both of these reflected incorrect work history for Saundra Sorenson. I would like to provide explanation as to how this information was believed to be accurate by Ms. Sorenson.

Prior to February 2019 Kinex Medical Company and Gabel Distributors entered into a 1099 relationship in which Kinex equipment was dispensed to patients by Gabel Distributors. February 2019 Kinex and Gabel Distributors termed this 1099 relationship and at that time Kinex took over the lease to the Hauck street location as well as transitioned several of Gabel Distributors employees to become Kinex W2 employees.

In June 2019 Saundra Sorenson relocated from the Kinex location in Colorado to the location at Hauck Street in Las Vegas. During this time the transition from Gabel Distributors to Kinex Medical Company at the Hauck Street location was still in progress. Kinex has always referred to that location as the Gabel office. When Ms. Sorenson came to that location the terminology was skewed due to the transition and the former owner of Gabel Distributor being on-site very routinely.

There was no ill-intent to the information that Ms. Sorenson provided to the board as she believed the information to be accurate.

The work history in the MDEG administrator form dated March 15th 2021 is accurate and complete per the knowledge of Kinex Medical Company and Saundra Sorenson.

Regards,

Leann Wilhelm, CHC
Compliance Officer
Kinex Medical Company, LLC

MS. JACOBO: All right. So I think the -- the question we have for you before we, um, moved on to the, uh, last agenda item was, uh, for Ms. Sorenson [ph].

Uh, Ms. Sorenson, there was a list of MDEG products that, uh, Kinex will be providing to patients, and as the MDEG administrator, what kind of experience do you have with those products?

MS. SORENSON: Um, I've cleaned them. I know the gist of [inaudible] and what they're for. And that they're prescribed after, like, [inaudible].

Prescribed after a total [inaudible] pain management.

MS. JACOBO: Okay. Um, so, in your application, you mentioned you're doing orthotics, as well. And I don't know if, uh, Mr. Buckholdt -- if you mentioned that. Uh, do you have experience with orthotics?

MR. BUCKHOLDT: Off-the-shelf orthotics. These are not custom-fabricated products.

MS. JACOBO: Okay.

MS. SORENSON: [inaudible] prescribed them.

MALE 1: Okay. Got anything else to add?

MS. JACOBO: I do not have anything else.

MALE 1: All right.

MS. PARK: Okay. So I think where we're at, um, or -- in terms of the services that you offer, certainly we see value in those services for the patients here in Nevada. You can imagine our concerns are more so along the lines of, um, following our -- our laws, our licensing, and -- and so forth.

So I think, um, and I look towards the other members of the Board to kind of get a sense of what they may be thinking. Um, maybe it's something we can consider, um, with additional conditions, potentially with licensing if you were to pull their licensing. I don't -- I don't know where we're at and so, just [inaudible] --

MALE 2: Madam President, ma- -- may I -- may I speak?

MS. PARK: Absolutely.

MALE 2: Uh, if they're not licensed, this board has no jurisdiction over them to discipline them for not ceasing and desisting. Am I right about -- for discipline, I'm saying, uh, fines or anything like that. But -- but -- but --

MALE 1: But -- Okay.

MALE 2: -- wait a minute, let -- hear me out. But -- so, if we had -- had no jurisdiction over them because they're not licensed, is there -- before this even -- if it gets to motion, before even possibly gets there -- is there anything that could be -- once you give them the license, now you -- we've licensed them.

Now they can -- now we can discipline in the same breath. Is -- I mean, it's never happened before, but I'm just curious.

MALE 1: No, it's happened before. No, you have it right. So you're disciplining them for unlicensed practice, which you have jurisdiction over. But you wouldn't then rediscipline them, though.

But I think what Helen was talking about, which is not discipline, is we have the outstanding issue of

the relationship. Maybe some additional inspections to make sure they're following other laws would be some of the conditions you could put on it.

MALE 2: I see. Okay.

MS. SORENSON: [inaudible] I think this is probably clear to the Board. But they -- Kinex does have a DME license issued by your Board tied to its Wisconsin location.

MALE 1: Correct.

MS. SORENSON: So.

MR. MITCHELL: I've got a -- I've got a question and I'd like to share my thoughts. Uh, I haven't said anything either last meeting or this meeting as Wayne mentioned for the record.

Mr. Buckholdt, when you were describing, uh, services provided, uh, you indicated that, uh, DVT prevention was going to be involved.

MR. BUCKHOLDT: Yes.

MR. MITCHELL: Can you, uh, expound on that a little bit for me?

MR. BUCKHOLDT: Sure. So it's not uncommon for some doctors to get surgeons [ph] to prescribe portable DVT prophylaxis. So there's a project called VenaPro, for example, which is mechanical compression battery operated through a calf muscle pump.

Um, usually within the first 14 days following lower extremity surgery when people are more at risk for DVT. So pro- -- products like that.

MR. MITCHELL: Okay.

MR. BUCKHOLDT: Mechanical compression DVT.

MR. MITCHELL: Is it like a -- it's like a portable SeQual machine or something, or --?

MR. BUCKHOLDT: So it's, you know, this one is a -- is a small calf pump, you know?

MR. MITCHELL: Okay.

MR. BUCKHOLDT: You know, so, there's a pad that wraps around the calf. You know, it compresses the gastroc muscle, you know, in order to push the blood through the Saphenous vein back up toward the heart to prevent any clotting or anything like that.

So when physicians aren't using chemo, um, phylaxis, you know, or are treating through blood thinners -- and who prefer to use compression through DVT -- it's not uncommon for them to order products like that, you know, through us to be delivered, you know, to a home in conjunction with other products.

MR. MITCHELL: Okay. Thank you. Yeah, I just -- I was, you know, I know CPMOs, older technology, so, this is good information. I really appreciate that.

MR. BUCKHOLDT: You're welcome.

MR. MITCHELL: Okay. So let me think out loud a little bit. Trying to absorb a lot of the things that were going on here with Kinex. Uh, I'm concerned about a lot of inconsistencies. That's my biggest thing.

And so the inconsistencies, I hate to say this, and I probably shouldn't, but I'm willing to, uh, will translate into some trust issues. Uh, the start of the last meeting when we had the MDEG administrator who didn't remember who she worked for when. Uh, that apparently has been clarified to a limited extent.

But I don't think that that still absolves that whole question. It was one of the fellow Board members, actually, asked that question at the last meeting. Who is writing your paychecks? I think it's a legitimate question. And so we're getting all that.

And then, I'm looking at this letter, uh, dated from Leanna [ph] on 3/15. And it goes back and it -- and we've got this crazy relationship -- we have an unusual relationship. A 1099 between Gable [ph] and Kinex.

And, clearly, in this letter, it says in February of 2019, uh, that relationship was dissolved. Then we hear that they're doing billing from both sides. If their relationship is dissolved, what is that all about?

In their defense, Kinex says, well, COVID hit. COVID hit February 2020, not 2019. Um, so, there's just -- there's a lot of things that bother me about this. And I don't know if my fellow Board members have any input on that or not.

MS. PARK: I think you summed it up very nicely.

MALE 1: Yes.

MR. MITCHELL: Yeah, this is what I'm thinking. It's like, what's really going on here?

And I understand trying to take care of the patients, um, I'm a big advocate of that and that you have to say, okay, look, we're going to take care of our patients, we're going to call the Board staff and say, look, we got this thing messed up. We want to take care of our patients.

And the Board staff is not -- is going to make a temporary license arrangement or something else. They're also, uh, clinical professionals. They're not going to shut anybody down over that. But none of this is -- there's just too many inconsistencies. That's what I'm having a problem with. So that's my two cents. Thank you.

MS. PARK: Thank you.

MALE 3: I share the same sentiment. And I'm also a big advocate of taking care of the -- you know,

taking care of the patient. Um, I share, uh, the same sentiment. Doesn't mean that I am not willing to give them a license, uh, with, um, restrictions, um, that is my -- that's my three cents.

[all laughing]

MS. PARK: Okay.

MS. JACOBO: So my whole question is the whole -- they acknowledged that, you know, their relationship was dissolved in 2019 --

MR. MITCHELL: Correct.

MS. JACOBO: -- and they continued to practice and didn't request a temporary license until January.

MR. MITCHELL: Right.

MS. JACOBO: That's like a whole nine months. So acknowledging that you were performing an activity, or unlicensed activity.

MR. MITCHELL: Right. And now we got that whole thing about -- well, some insurances are with Gable -- were invoicing on Gable, uh, letterhead.

And we know that you can't have, uh, two companies both licensed in the same location, so, we know that. That's -- that almost sounds like that's going on here, too.

MS. JACOBO: I think the line of demarcation is very, very fuzzy.

MR. MITCHELL: Mm-hmm.

MS. JACOBO: With these companies, especially with the third parties, the -- I don't think they can tell, like, that these are two separate entities.

MR. MITCHELL: Right. I don’t know.

MS. PARK: Did Gable move to another location here in Nevada?

MALE 1: Yes.

MS. PARK: So it's not like they couldn't just probably distribute out of that location. It doesn't necessarily have to be at their old Hauck Street is my --

MALE 1: Yeah. Well, I mean, I don't --

MS. PARK: Yeah.

MALE 1: I -- I think that subcontracting is -- is -- for tons of different things -- is a common occurrence.

MR. MITCHELL: Yes.

MALE 1: We all do that. But I guess we would have to be in there to really look at it. I -- I do think that we would be able to have a sense of it, um, if we went and looked at it.

MALE 2: Gable is currently licensed with us as an MDEG at a separate location.

MR. MITCHELL: Okay. So that leaves the question:

are they providing services out of Kinex location on Hauck Street and billing out of the Gable location?

MALE 2: We don't know the answer to that, again, they're saying that they subcontracted out and that that was Gable's responsibility if we move forward with looking at that --

MR. MITCHELL: Okay.

MALE 2: We'll be talking to Gable, too.

MR. MITCHELL: All right.

MS. JACOBO: So yes. We see that as a separate issue. But I do like, um, President Park's idea about, um, like, in general --

MS. PARK: Restrictions?

MS. JACOBO: Well, restrictions and perhaps inspections just to make sure that we're following up on other --

MS. PARK: I think what -- the sense I get, at least, from Mr. Buckholdt, is that he recognizes that there's been a series of collapses in terms of just all of these -- these things that Mr. Mitchell just highlighted. Every single one is problematic.

And I get the sense that he understands why it's problematic and that there is a number of issues that certainly need to be addressed, um, and what, um, what I think is just giving -- trying to think of a path

forward. Right?

So knowing that these things have occurred, and we have acknowledgement from Kinex through Mr. Buck- -- uh, Buckholdt that these are problematic and that those will be addressed. And so you know, and I'm thinking about the patients, too, that are out there.

And, um, if we are to consider moving forward, then we would have to look very closely at Kinex, which I think is understandable based on, you know, our interactions to date. To make sure that they are, you know, operating within the law.

That they're doing what they're supposed to be doing. And I think that's, um, that's an -- an option for the Board to consider, you know, in terms of moving forward.

MR. TOMASSO: I understand what you're saying, that you're saying don't do it again. That's what you're doing. When you're com- -- somebody say, okay, we're going to give you a license, but don't do it again.

I think that this Board's going to vote that they're going to give them the license. That this board has to make them pay the penalty for what they did do. I think that was egregious, what they did in our state.

[talking over each other]

MALE 2: They did. They'll pay -- they paid a fine back to the state that doesn't come to us. $5,000, Brett or Courtney [ph]?

MS. LEE: Yes.

MALE 2: They paid [inaudible] --

MR. TOMASSO: And how about probation, too, or something like that? It's got to be -- you got to put something [inaudible] -- you got to -- there has to be something other than $5,000.

MS. LEE: [inaudible].

MALE 3: We will, we just have to, you know, and that's what I was going to ask next. [inaudible] and if you don't want it or if you want it to be more restrictive, you know, plea- -- you know, please. Yeah.

MALE 2: [inaudible] going down a path of additional inspections at the cost of the licensee and then they will open their doors to us and we will, uh, take a very hard look at their model. Beyond the issues that were here during this inspection process.

MR. TOMASSO: Okay. I said all I'm going to say.

MS. PARK: Yeah. I -- it's -- I -- I hear what you're saying, Mr. Tomasso.

MALE 2: [inaudible].

MR. TOMASSO: No, that was it.

[all laughing, talking over each other]

MS. PARK: All right. I think this is -- I appreciate the, uh, the feedback from Board members. This is a very difficult and unusual, um, situation.

MR. ZAKARIASSEN: And I'll just throw my feelings in there, too. I think that, uh, Mr. Buckholdt took the onus to correct things.

Um, it seemed to me that, uh, you know, his strong wording is, you know, this will never happen again, we are going to do this. So he's taking some definitive, positive steps to do this.

I don't know if the additional inspection process will get a feel for that, but, uh, you know, I feel that -- that, uh, you know, somebody just took ahold of this by the reins and said, you know, I'm -- I'm -- I'm going to make sure that this doesn't happen again, but yeah. I think there was some positive leadership there with him. And, um, that's, uh, that's my opinion.

MS. PARK: Thank you, Mr. Zakariassen. And I think, um, if the Board should move forward with, uh, granting the, um, the license with restrictions, it's going to be, you know -- just the expectation will be that, you know, we're not going to be in this

situation once again.

And the standards, they are -- are going to be, uh, closely watched, uh, and monitored. I guess I'd ask Board staff what types of, um, in terms of restrictions or how we can keep a closer look on Kinex should the Board decide to approve a license.

[talking over each other]

MALE 2: Well, uh, to answer Dick's [ph] concern, I -- I think we can put the -- the license could be on probation. I mean, you can give a -- a probationary license. Right? So we can address Dick's thing.

You can -- and then, the conditions of that probation would be, uh, something like quarterly inspections for a year at the cost of them. And then, if something -- if something comes out, we would go the show-cause route.

Um, I think that -- I'll -- I'll leave it to Brett or Courtney that you could -- being under probationary status, we still would just do the show-cause or we would just revoke the license or if we find something in the inspections that doesn't need to [inaudible] --

MALE 1: We'd have to -- well, I think we'd have to bring charges.

MALE 2: Okay. So yeah. Sometimes, we can say --

we do this kind of with the temporary license. We're going to give you the license, but if the board says no, then it dissipates immediately.

So I think I would -- we would properly would go through the show-cause and we'll bring back what we find during the inspection and say this isn't a safe practice for Nevada. It isn't following Nevada law. So I think you can get to where Dick was with the probation.

MR. MITCHELL: I'm still troubled by -- going back to February 2019. And then we send a cease and desist which they don't do. Tho- -- I find -- that's what I'm saying. There's, like, a number of moving parts here that I'm still worried about and it paints a big picture.

MS. JACOBO: Can I just confirm that they continued to operate after they paid the fine?

MALE 2: Uh, yes, but to their point, it was just, you know, it was one visit by us after that which may actually be --

MS. JACOBO: According --

MS. PARK: Accordingly, for the record, I believe no. After they paid the fine on April 9th, we had an inspector out there on April 7th and they had ceased operations at that time.

MR. MITCHELL: Okay.

MS. PARK: So they paid the fines on the 9th. They received the cease and desist on March 13th or 16th per their representation. We sent it on March 8th. Um, we had an inspection on March 10th and March 25th. And they were still operating.

MS. JACOBO: [inaudible].

MALE 2: They stopped operating they said March 30th.

MS. PARK: That’s what this said.

MS. JACOBO: So when the inspector came on the 10th and the 25th, did they express at all that you guys are supposed to cease and desist? Or anything?

MALE 2: I think they'll answer, but there was confusion when we arrived over communication, I think, right Joe?

MR. DODGE: On the 10th --

MS. SORENSON: [inaudible] a quick comment about the timing. Um, I was -- so -- so, Kinex has, uh, has indicated right now we -- we mentioned the two different locations with March 13th and 16th.

So Kinex, uh, received notice, um, at least, um, on March 16th, um, they retained us by the -- the following Monday, which I think is March 22nd. And I did reach out to Ms. Lee. We had, um, some back and

forth and I think the inspection that happened, um, following the March 16th receipt of the letter was at the end of that week.

And Ms. Lee and I connected when, um, she was back in the office the following week on the 30th and that's when they, you know, confirmed that they were there.

So just to clarify that when Kinex received the letter, I did reach out to Ms. Lee, and it's no problem of Ms. Lee's, or anything.

I'm just making clear that I did reach out to Ms. Lee [inaudible] something [inaudible] happened to -- to immediately try to make contact and, um, and see what we could do. So that -- that March 25th inspection was -- was in between that period.

Um, so, it wasn't just that we -- that Kinex had not taken any, you know, concern or action in -- in that regard.

MALE 2: I asked a question to Joe, which we just have more experience with it. For -- so, we've done this model before where we do the additional inspections. So our success rate with the business either being pending or you walk out after you're feeling very comfortable with the business, what -- what's our ex- -- they don't always make it. But

what's our --

MALE 1: The majority make it and we feel very comfortable that we have a good handle as to what's taking place at the location.

Uh, most of the licensees at this point have taken the quarterly inspection process very seriously and understand that if they're not properly prepared for that inspection, they would lose their license. So it's been very successful at this point.

MR. DODGE: And I'll just make --

MALE 2: It's not much fun for the licensee.

MALE 1: It's not much fun for the licensee.

MR. DODGE: And I'll just make a quick comment to -- to Jade -- the question. So I'm the one that did the inspection on Mar- -- March 10th.

Uh, it wasn't really an inspection, it was just to confirm whether or not they were operating a business. I don't believe they had received the cease and desist at the -- at that site.

When I made my, uh, official visit on the 10th. So I was just confirming that they were operating. Which they were. Uh, Mr. Scheuber did the second visit on the 25th, uh, and Mr. Scheuber is ready, willing, and able to testify if necessary.

Um, but I believe the conversation that he had

with the staff members at that point were, are you aware that you should not be operating and that you received a cease and desist? They said, we don't know anything about a cease and desist at the location here in Las Vegas.

Um, we haven't received any information from our corporate office that we should not be operating. And just to confirm -- Ms. Lee sent the cease and desist to both the local office and the corporate office in Wisconsin?

MS. PARK: That is correct.

MS. JACOBO: That was sent March 8th. Were they emailed --

[talking over each other]

MALE 2: That's just confirming that if -- if we think there's a risk to the -- to the, uh, colleague, we have the ability to take action.

MALE 3: I'm the [inaudible] for second chances.

[all laughing]

MALE 3: I -- you know, again, um, I do believe, um, that Nevada residents, um, you know, need their practice, but, you know, um, so, but we do need to, um, give them -- you know, to make sure that they're going to be following, uh, you know, the rules.

So I'm open to whatever suggestions, you know,

the Board members, um, would like. Uh, in addition to being on probation and doing the, uh, quarterly, um, inspections. If there are -- if there is anything else, um, that, uh, any Board member, uh, requires.

MS. PARK: An- -- another thing I thought about is, um, perhaps a detailed corrective action plan. So knowing all of the, uh, deficiencies or concerns that were noted during this meeting, you know, we could ask, um, Kinex to, line by line, kind of tell us what their plan --

MR. MITCHELL: I like that. I like that. [talking over each other]

MS. PARK: Root cause analysis.

MALE 3: Well, Y- -- y- -- you know, it's like being on, you know, on Joint -- Joint Commission -- Joint Commission or, you know, [inaudible] there's a plan of correction. You know what?

That's actually a very good idea. And then -- and then they can say, you know, when to expect to be in compliance.

MS. PARK: Yeah.

MALE 3: So that's a very -- that's actually a very good idea.

MS. PARK: [inaudible] they know what the issues are, they recognize why [inaudible] and then, most

importantly, exactly how it's not going to happen again and what they're doing in response to it. Is that something, Board staff, that we could --

MALE 2: Yeah, I would just look at the inspection process for the record when you're doing discipline, or those kinds of things, you have certain things that you can reach for for discipline.

MS. PARK: Sure.

MALE 2: This is not discipline. This is conditional licensure. So it broadens your ability to be able to put conditions on a license.

MS. JACOBO: When would you like them to provide [inaudible]?

MALE 1: Uh, quarterly inspection.

MALE 2: I make the suggestion that they do it within ten days --

[talking over each other]

MALE 2: Then Joe can talk to them about that.

MS. PARK: Yeah. So we have quarterly inspections for one year at their expense.

MALE 1: And then the review of that action plan.

MS. PARK: Within ten days. And the action plan within ten days [review and quarterly inspection ?].

MALE 1: [inaudible] during the inspection. Yeah.

MS. JACOBO: So I move that we approve MDEG

application for Kinex Medical, uh, upon the condition of one year's probation in which the company will be subject to quarterly inspections at the cost of the company.

Um, also we will require an action plan and root cause analysis as to, um, why the company was operating unlicensed since 2019.

Um, how they plan on moving forward and line by line how they're going to take preventative action in the future to prevent that from happening both here and at other boards, um, and of course, um, Board staff will review that root cause analysis.

MS. PARK: Can you say within ten days?

MS. JACOBO: Within ten days.

MS. PARK: All right. We have a motion. Is there a second?

MR. TEJERO: I second.

MS. PARK: Okay. Motion by Ms. Jacobo. Second by Mr. Tejero. Any further discussions?

MALE 1: The inspections are at their expense.

MS. PARK: Yes. The inspections [inaudible]. Okay, hearing that, all those in favor?

[ayes]

MS. PARK: Any opposed?

MR. TOMASSO: Nay.

MS. PARK: All right. The motion -- the ayes have it, so the motion passes and, um, I recommend [inaudible] Mr. Buckholdt [inaudible] contact and work closely with the Board staff. I think you will find that they will be a very good resource for you, um, moving forward.

MS. SORENSON: Um, could you just clarify that -- that it's approved as of today that the condition that we comply, including the action plan within ten days and so on, so that Kinex may -- may operate? I -- I just didn't want there to be any misunderstanding.

MALE 1: You need an inspection.

MALE 2: You need an inspection beforehand --

MALE 1: Yeah.

MS. SORENSON: Okay.

MALE 2: -- so, you can reach out to Board staff, uh, later today to schedule that inspection.

MS. SORENSON: Okay. Thank you.

MS. PARK: Okay. Uh, thank you. And with that, we're going to break for lunch.

MALE 2: Oh, can we do one more?

MS. PARK: Oh, one more.

MALE 2: I pushed your lu- --

Subject: RE: Items Requested

Hello Joe,

I am writing in response to your request for additional information.

(1) Explanation as to why the site continued to provide service to patients through April 16, 2021.

As a preliminary matter, based on the context of your request in which you call the Hauck Street location "the site" as distinguished from the requests below where you refer to the "off-site storage area," we interpret this question as referring to the Hauck Street location. Please let us know if we are incorrect in that interpretation so we may amend our response accordingly.

The Hauck Street location was closed on March 30, 2021 and no one provided services on site or directly from the site following that date, though products were taken from the site on or around March 30 to fulfill orders. Following March 30, the site was not open to the public and employees were not working at the site. As Mr. Buckholdt testified at the April Board meeting, following Kinex's receipt of the March 16 cease and desist letter, Kinex did continue to deliver certain prescribed and ordered products and services directly to doctors and patients who were post-surgical or otherwise expecting those products and services because he was concerned about the patient safety implications of failing to fulfill those orders and leaving those doctors and patients in the lurch. The products and services provided were handled remotely by a small number of setup people from storage or as they had already had some products in their vehicles. Kinex ceased all such activity immediately following the April 15th Board meeting and Kinex has provided no products or services of any kind since April 16, 2021.

(2) Address of the off-site storage area

6075 W. Wigwam Ave, Unit A089
Las Vegas, NV 89139

(3) Who has knowledge of and access to the off-site storage area

The following information is to the best of our knowledge.

Knowledge of the storage area:
Mike Buckholdt
Leann Wilhelm
Saundra Sorenson
Audra Foust
Charlie Rivero

Access to the storage area:
Saundra Sorenson
Anthony Adams
Joseph Palmer
Colton Tenney (no longer employed by Kinex)

(4) The purpose of the off-site storage area

The purpose of the off-site storage area was to store products and access products while the Hauck Street location was closed to the public and employees.

(5) Whether or not patients received services directly from the off-site storage area

Consistent with the above responses, no patient was directly serviced from the off-site storage area except in the sense that setup people delivered products to patients, some of which had been stored at the off-site storage area. Patients were set up with the products in their homes on in a facility upon discharge – not at Hauck Street or the off-site storage area.

Please let us know if there is any other information Kinex can provide or if you have any additional questions about the above.

Thank you again,
Kelly

Thanks for the submission. I will review the documents and let you know if I have any questions.

Please submit the following information request that we discussed earlier in the week at the site:

(1) Explanation as to why the site continued to provide service to patients through April 16th, 2021.

Re: CEASE and DESIST/CITATION: Unlicensed Activity in Nevada at storage unit

Dear Mr. Buckholdt and Ms. Sorenson:

The Nevada State Board of Pharmacy ("Board") has determined, based upon your admissions at Board meeting(s), documents submitted with your application, and/or inspections by Board's staff, that Kinex Medical Company ("Kinex") continued to engage in the business of furnishing medical devices in this State without a license after the initial cease and desist letter of March 8, 2021 (fine received on or about April 9, 2021), and after the date that the activity was represented to have ceased on March 30, 2021. This constitutes a violation of Nevada law, including, without limitation, NRS 639.100, NRS 639.233, NRS 639.288, NRS 639.310 and NAC 639.6944.

Kinex is hereby ordered pursuant to NRS 639.2895(1) to CEASE and DESIST from engaging in the business of furnishing medical devices in this State from any unlicensed location. This letter shall serve as a CITATION pursuant to NRS 639.2895(2), for unlicensed operation of activity, including, but not limited to, transfer of equipment, *etc*., out of the Budget storage unit located at 6075 W. Wigwam Avenue, Unit A089, Las Vegas, NV 89139 from approximately April 1 – 16, 2021. The Board has assessed an administrative fine of five thousand dollars ($5,000.00) pursuant to NRS 639.2895(3).

Kinex must pay this administrative fine within 30 days of receipt of this citation, or otherwise contact Board staff to request an alternative payment plan. Payment must be by *cashier's check*, *certified check* or *money order* made payable to "State of Nevada, Office of the Treasurer," to be received at the Board's Reno office, located at 985 Damonte Ranch Parkway – Suite 206, Reno, NV 89521.

Kinex has the right to appeal this citation by submitting a written request for a hearing to the Board at the Board's Reno office no later than 30 days after receipt of this letter. *See* NRS 639.2895(2).

Please be aware that the foregoing does not preclude a formal investigation or filing of criminal charges. If you have any questions, please do not hesitate to contact me at 775-850-1440 or c.lee@pharmacy.nv.gov.

Re: **Kinex Medical Company: Withdrawal of Application**

Dear Mr. Wuest:

This letter shall serve as notice that Kinex Medical Company ("Kinex") is withdrawing its previously submitted application for a Nevada Medical Device, Equipment & Gases ("MDEG") license as it has decided that it will no longer do any business in Nevada and is leaving the state. Kinex requests that consideration of the application be removed from the agenda for the Nevada State Board of Pharmacy's ("Board") upcoming meeting on July 15, 2021.

As described in the correspondence submitted by attorney Kelly Dove to the Board dated April 13, 2021, Kinex supplied durable medical equipment to patients in Nevada through its Nevada-licensed distributor, Gable Distributors, LLC, ("Gabel") for over twenty years. As previously explained, the two companies agreed to part ways in February 2019 which initiated the process of Gabel moving from the Hauck Street location in Las Vegas where the Kinex and Gabel and done business together. After Gabel was permitted to transfer its license to a new location, Kinex initiated the process to obtain an independent license for the Hauck Street location. Kinex's efforts were hampered by the state of emergency declared in Nevada by Governor Sisolak in March 2020 due to the pandemic and the application was not considered until earlier this year.

Due to the length of time that Kinex has done business in Nevada, it has a significant amount of durable medical equipment still in the state. Kinex is in the process of shutting down its Nevada business to leave the state completely. As Kinex closes all operations it will be required to recover all remaining equipment and ship it from Nevada to its headquarters in Wisconsin. Kinex intends

to complete this process as quickly as possible and wishes to notify the Board that any activities that Kinex is currently engaged in are solely for the purposes for removing all equipment from the State as expeditiously as possible.

We would respectfully request that the Board confirm that the application has been withdrawn at your earliest convenience. After submission of the fines associated with the recent Cease and Desist letters which will be provided submitted under separate cover, Kinex shall assume that all on-going matters with the Board shall be fully concluded. Should you have any concerns or questions regarding the withdrawal please do not hesitate to contact my office.

Sincerely,

Re: Kinex Medical Company: Payment of Citation Fees

Dear Ms. Lee:

Please find enclosed two checks, each in the amount of $5,000.00, submitted in payment to satisfy the two Citations issued to Kinex Medical Company by the Nevada State Board of Pharmacy ("Board") on June 15, 2021, regarding alleged unlicensed activity. See Exhibit A. The payment of the fines in no way should be considered an admission by Kinex of any inappropriate activity.

As Kinex withdrew its application for a Nevada Medical Device, Equipment & Gases ("MDEG") license in writing on June 29, 2021, we shall assume that the enclosed payment of the citation fines shall conclude all business with the Board.

Should you require any additional information please do not hesitate to contact me.

NOTICE REGARDING STIPULATED SETTLEMENTS

It may be possible to avoid the time, expense and uncertainties involved in an administrative hearing by disposing of this matter through a stipulated settlement. A stipulated

settlement is a binding written agreement between you and the government regarding the matters charged and the discipline to be imposed. Such a stipulation would have to be approved by the Board of Pharmacy but, once approved, it would be incorporated into a final order.

Any stipulation must be consistent with the Board's established disciplinary guidelines; however, all matters in mitigation or aggravation will be considered. A copy of the Board's Disciplinary Guidelines will be provided to you on your written request to the state agency bringing this action.

If you are interested in pursuing this alternative to a formal administrative hearing, or if you have any questions, you or your attorney should contact Deputy Attorney General Andrew M. Steinheimer at the earliest opportunity.

7. **Notification of Change(s) in Name, Address(es), or Phone Number(s)**

Respondent shall further notify the board in writing within ten (10) days of any change in name, residence address, mailing address, e-mail address or phone number.

Failure to timely notify the board of any change in employer, name, address, or phone number shall be considered a violation of probation.

8. **Restrictions on Supervision and Oversight of Licensed Facilities –**

During the period of probation, respondent shall not supervise any intern pharmacist, be the pharmacist-in-charge, designated representative-in-charge, responsible manager or other compliance supervisor of any entity licensed by the board, nor serve as a consultant. Assumption of any such unauthorized supervision responsibilities shall be considered a violation of probation.

9. **Reimbursement of Board Costs**

As a condition precedent to successful completion of probation, respondent shall pay to the board its costs of investigation and prosecution in the amount of $7,455.00.

Respondent shall be permitted to pay these costs in a payment plan approved by the board or its designee, so long as full payment is completed no later than one (1) year prior to the end date of probation. Failure to pay costs by the deadline(s) as directed shall be considered a violation of probation.

10. **Probation Monitoring Costs**

Respondent shall pay any costs associated with probation monitoring as determined by the board each and every year of probation. Such costs shall be payable to the board on a schedule as directed by the board or its designee. Failure to pay such costs by the deadline(s) as directed shall

be considered a violation of probation.

11. **Status of License**

Respondent shall, at all times while on probation, maintain an active, current Pharmacist License with the board, including any period during which suspension or probation is tolled. Failure to maintain an active, current Pharmacist License shall be considered a violation of probation.

If respondent's Pharmacist License expires or is cancelled by operation of law or otherwise at any time during the period of probation, including any extensions thereof due to tolling or otherwise, upon renewal or reapplication respondent's license shall be subject to all terms and conditions of this probation not previously satisfied.

12. **License Surrender While on Probation/Suspension**

Following the effective date of this decision, should respondent cease practice due to retirement or health, or be otherwise unable to satisfy the terms and conditions of probation, respondent may relinquish his license, including any indicia of licensure issued by the board, along with a request to surrender the license. The board or its designee shall have the discretion whether to accept the surrender or take any other action it deems appropriate and reasonable. Upon formal acceptance of the surrender of the license, respondent will no longer be subject to the terms and conditions of probation. This surrender constitutes a record of discipline and shall become a part of the respondent's license history with the board.

Upon acceptance of the surrender, respondent shall relinquish his pocket and/or wall license, including any indicia of licensure not previously provided to the board within ten (10) days of notification by the board that the surrender is accepted if not already provided. Respondent may not reapply for any license from the board for three (3) years from the effective date of the surrender. Respondent shall meet all requirements applicable to the license sought as of the date the application for that license is submitted to the board, including any outstanding costs.

13. **Practice Requirement – Extension of Probation**

Except during periods of suspension, respondent shall, at all times while on probation, be employed as a Pharmacist in California for a minimum of 80 hours per calendar month. Any month during which this minimum is not met shall extend the period of probation by one month. During any such period of insufficient employment, respondent must nonetheless comply with all terms and conditions of probation, unless respondent receives a waiver in writing from the board or its designee.

If respondent does not practice as a Pharmacist in California for the minimum number of hours in any calendar month, for any reason (including vacation), respondent shall notify the board in writing within ten (10) days of the conclusion of that calendar month. This notification shall include at least: the date(s), location(s), and hours of last practice; the reason(s) for the interruption or reduction in practice; and the anticipated date(s) on which respondent will resume practice at the required level. Respondent shall further notify the board in writing within ten (10) days following the next calendar month during which respondent practices as a Pharmacist in California for the minimum of hours. Any failure to timely provide such notification(s) shall be considered a violation of probation.

It is a violation of probation for respondent's probation to be extended pursuant to the provisions of this condition for a total period, counting consecutive and non-consecutive months, exceeding thirty-six (36) months. The board or its designee may post a notice of the extended probation period on its website.

14. **Violation of Probation**

If respondent has not complied with any term or condition of probation, the board shall have continuing jurisdiction over respondent, and the board shall provide notice to respondent that probation shall automatically be extended, until all terms and conditions have been satisfied or the board has taken other action as deemed appropriate to treat the failure to comply as a violation of probation, to terminate probation, and to impose the penalty that was stayed. The board or its designee may post a notice of the extended probation period on its website.

//

If respondent violates probation in any respect, the board, after giving respondent notice and an opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. If a petition to revoke probation or an accusation is filed against respondent during probation, or the preparation of an accusation or petition to revoke probation is requested from the Office of the Attorney General, the board shall have continuing jurisdiction and the period of probation shall be automatically extended until the petition to revoke probation or accusation is heard and decided.

15. **Completion of Probation**

Upon written notice by the board or its designee indicating successful completion of probation, respondent's license will be fully restored.

16. **Pharmacists Recovery Program (PRP)**

By no later than ten (10) days after the effective date of this decision, respondent shall have completed all of the following: contacted the Pharmacists Recovery Program (PRP) for evaluation; enrolled in the PRP; completed, signed, and returned the treatment contract as well as any addendums required or suggested by the PRP; successfully completed registration for any drug or alcohol testing mandated by the treatment contract and/or by enrollment in the PRP; and begun compliance with the drug or alcohol testing protocol(s). Respondent shall successfully participate in the PRP and complete the treatment contract and any addendums required or suggested by the PRP. The costs for PRP participation shall be borne by the respondent.

If respondent is currently enrolled in the PRP, said participation is now mandatory and as of the effective date of this decision is no longer considered a self-referral under Business and Professions Code section 4362 (a)(2). Respondent shall successfully participate in and complete his or her current contract and any subsequent addendums with the PRP.

Respondent shall pay administrative fees as invoiced by the PRP or its designee. Fees not timely paid to the PRP shall constitute a violation of probation. The board will collect unpaid administrative fees as part of the annual probation monitoring costs if not submitted to the PRP.

Any of the following shall result in the automatic suspension of practice by respondent and shall be considered a violation of probation:

Failure to contact, complete enrollment, and execute and return the treatment contract with the PRP, including any addendum(s), within ten (10) days of the effective date of the decision as directed by the PRP;

Failure to complete registration for any drug or alcohol testing mandated by the treatment contract and/or by the PRP, and begin compliance with the testing protocol(s), within ten (10) days of the effective date of the decision as directed by the PRP;

Failure to comply with testing protocols regarding daily check-in and/or failure to complete a mandated test as directed by the PRP;

Any report from the PRP of material non-compliance with the terms and conditions of the treatment contract and/or any addendum(s); or

Termination by the PRP for non-compliance, failure to derive benefit, or as a public risk.

Respondent may not resume the practice of pharmacy until notified by the board in writing.

Probation shall be automatically extended until respondent successfully completes the PRP. The board will provide notice of any such suspension or extension of probation.

During any suspension, respondent shall not enter any pharmacy area or any portion of the licensed premises of a wholesaler, third-party logistics provider, veterinary food-animal drug retailer, or any other distributor of drugs which is licensed by the board, or any manufacturer, or any area where dangerous drugs and/or dangerous devices or controlled substances are maintained. Respondent shall not practice as a Pharmacist nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing or patient consultation; nor shall respondent manage, administer, or be a consultant to any licensee of the board, or have access to or control the ordering, distributing, manufacturing or dispensing of dangerous drugs and/or dangerous devices or controlled substances.

During any suspension, respondent shall not engage in any activity that requires the professional judgment of and/or licensure as a Pharmacist. Respondent shall not direct or control any aspect of the practice of pharmacy, or of the manufacturing, distributing, wholesaling, or retailing of dangerous drugs and/or dangerous devices or controlled substances.

//

Failure to comply with any requirement or deadline stated by this term shall be considered a violation of probation.

17. **Drug and Alcohol Testing**

Respondent, at his own expense, shall participate in testing as directed by the board or its designee for the detection of alcohol, controlled substances, and dangerous drugs and/or dangerous devices. Testing protocols may include biological fluid testing (urine, blood), breathalyzer, hair follicle testing, or other testing protocols as directed by the board or its designee. All testing must be pursuant to an observed testing protocol, unless respondent is informed otherwise in writing by the board or its designee. Respondent may be required to participate in testing for the entire probation period and frequency of testing will be determined by the board or its designee.

By no later than thirty (30) days after the effective date of this decision, respondent shall have completed all of the following tasks: enrolled and registered with an approved drug and alcohol testing vendor; provided that vendor with any documentation, and any information necessary for payment by respondent; commenced testing protocols, including all required contacts with the testing vendor to determine testing date(s); and begun testing. At all times, respondent shall fully cooperate with the testing vendor, and with the board or its designee, with regard to enrollment, registration, and payment for, and compliance with, testing. Any failure to cooperate timely shall be considered a violation of probation.

Respondent may be required to test on any day, including weekends and holidays. Respondent is required to make daily contact with the testing vendor to determine if a test is required, and if a test is required must submit to testing on the same day.

Prior to any vacation or other period of absence from the area where the approved testing vendor provides services, respondent shall seek and receive approval from the board or its designee to use an alternate testing vendor to ensure testing can occur. Upon approval, respondent shall enroll and register with the approved alternate drug testing vendor, provide to that alternate vendor any documentation required by the vendor, including any necessary payment by respondent. During the period of absence of the area, respondent shall commence testing

protocols with the alternate vendor, including required daily contacts with the testing vendor to determine if testing is required, and required testing. Any failure to timely seek or receive approval from the board or its designee, or to timely enroll and register with, timely commence testing protocols with, or timely undergo testing with, the alternate testing vendor, shall be considered a violation of probation.

Upon detection of an illicit drug, controlled substance or dangerous drug, the board or its designee may require respondent to timely provide documentation from a licensed practitioner authorized to prescribe the detected substance demonstrating that the substance was administered or ingested pursuant to a legitimate prescription issued as a necessary part of treatment. All such documentation shall be provided by respondent within ten (10) days of being requested.

Any of the following shall be considered a violation of probation and shall result in respondent being immediately suspended from practice as a Pharmacist until notified by the board in writing that he may resume practice: failure to timely complete all of the steps required for enrollment/registration with the drug testing vendor, including making arrangements for payment; failure to timely commence drug testing protocols; failure to contact the drug testing vendor as required to determine testing date(s); failure to test as required; failure to timely supply documentation demonstrating that a detected substance was taken pursuant to a legitimate prescription issued as a necessary part of treatment; and/or detection through testing of alcohol, or of an illicit drug, or of a controlled substance or dangerous drug absent documentation that the detected substance was taken pursuant to a legitimate prescription and a necessary treatment. In the event of a suspension ordered after detection through testing of alcohol, an illicit drug, or of a controlled substance or dangerous drug absent documentation that the detected substance was taken pursuant to a legitimate prescription and a necessary treatment, the board or its designee shall inform respondent of the suspension and inform him to immediately leave work, and shall notify respondent's employer(s) and work site monitor(s) of the suspension.

During any such suspension, respondent shall not enter any pharmacy area or any portion of the licensed premises of a wholesaler, third-party-logistics provider, veterinary food-animal drug retailer, or any other distributor of drugs which is licensed by the board, or any manufacturer, or

any area where dangerous drugs and/or dangerous devices or controlled substances are maintained. Respondent shall not practice pharmacy nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing or patient consultation; nor shall respondent manage, administer, or be a consultant to any licensee of the board, or have access to or control the ordering, distributing, manufacturing or dispensing of dangerous drugs and/or dangerous devices and controlled substances.

During any such suspension, respondent shall not engage in any activity that requires the professional judgment of and/or licensure as a Pharmacist. Respondent shall not direct or control any aspect of the practice of pharmacy, or of the manufacturing, distributing, wholesaling, or retailing of dangerous drugs and/or dangerous devices.

Failure to comply with any such suspension shall be considered a violation of probation. Failure to comply with any requirement or deadline stated by this term shall be considered a violation of probation.

18. **Notification of Departure**

Prior to leaving the probationary geographic area designated by the board or its designee for a period greater than twenty-four (24) hours, respondent shall notify the board verbally and in writing of the dates of departure and return. Failure to comply with this provision shall be considered a violation of probation.

19. **Abstain from Drugs and Alcohol**

Respondent shall completely abstain from the possession or use of alcohol, controlled substances, illicit drugs, dangerous drugs and/or dangerous devices, or their associated paraphernalia, except when possessed or used pursuant to a legitimate prescription issued as a necessary part of treatment. Respondent shall ensure that he is not in the same physical location as individuals who are using illicit substances even if respondent is not personally ingesting the drugs. Any possession or use of alcohol, dangerous drugs and/or dangerous devices or controlled substances, or their associated paraphernalia for which a legitimate prescription has not been issued as a necessary part of treatment, or any physical proximity to persons using illicit substances, shall be considered a violation of probation.

20. **Prescription Coordination and Monitoring of Prescription Use**

Within thirty (30) days of the effective date of this decision, respondent shall submit to the board, for its prior approval, the name and qualifications of a single physician, nurse practitioner, physician assistant, or psychiatrist of respondent's choice, who shall be aware of the respondent's history with the use of controlled substances, and/or dangerous drugs and who will coordinate and monitor any prescriptions for respondent for dangerous drugs and/or dangerous devices, controlled substances or mood-altering drugs. The approved practitioner shall be provided with a copy of the board's Accusation and decision. A record of this notification must be provided to the board or its designee upon request. Respondent shall sign a release authorizing the practitioner to communicate with the board or its designee about respondent's treatment(s). The coordinating physician, nurse practitioner, physician assistant, or psychiatrist shall report to the board on a quarterly basis for the duration of probation regarding respondent's compliance with this condition. If any substances considered addictive have been prescribed, the report shall identify a program for the time limited use of any such substances. The board or its designee may require that the single coordinating physician, nurse practitioner, physician assistant or psychiatrist be a specialist in addictive medicine, or consult a specialist in addictive medicine. Should respondent, for any reason, cease supervision by the approved practitioner, respondent shall notify the board or its designee immediately and, within thirty (30) days of ceasing supervision, submit the name of a replacement physician, nurse practitioner, physician assistant, or psychiatrist of respondent's choice to the board or its designee for its prior approval. Failure to timely submit the selected practitioner or replacement practitioner to the board or its designee for approval, or to ensure the required quarterly reporting thereby, shall be considered a violation of probation.

If at any time an approved practitioner determines that respondent is unable to practice safely or independently as a Pharmacist, the practitioner shall notify the board or its designee immediately by telephone and follow up by written letter within three (3) working days. Upon notification from the board or its designee of this determination, respondent shall be automatically suspended and shall not resume practice as a Pharmacist until notified by the board

or its designee that practice may be resumed.

During any suspension, respondent shall not enter any pharmacy area or any portion of the licensed premises of a wholesaler, third-party logistics provider, veterinary food-animal drug retailer, or any other distributor of drugs which is licensed by the board, or any manufacturer, or any area where dangerous drugs and/or dangerous devices or controlled substances are maintained. Respondent shall not practice pharmacy nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing or patient consultation; nor shall respondent manage, administer, or be a consultant to any licensee of the board, or have access to or control the ordering, distributing, manufacturing or dispensing of dangerous drugs and/or dangerous devices and controlled substances. Respondent shall not resume practice until notified by the board.

During any suspension, respondent shall not engage in any activity that requires the professional judgment and/or licensure as a Pharmacist. Respondent shall not direct or control any aspect of the practice of pharmacy or of the manufacturing, distributing, wholesaling, or retailing of dangerous drugs and/or dangerous devices or controlled substances.

Failure to comply with any requirement or deadline stated by this term shall be considered a violation of probation.

21. **Facilitated Group Recovery and/or Support Meetings**

Within thirty (30) days of the effective date of this decision, respondent shall begin regular attendance at a group recovery and/or support meeting that is run by a trained facilitator approved in advance by the board or its designee. The required frequency of group meeting attendance shall be determined by the board or its designee. Respondent shall continue regular attendance as directed at an approved facilitated group meeting until the board or its designee advises the respondent in writing that he may cease regular attendance. Respondent shall provide signed and dated documentation of attendance as required with each quarterly report. Failure to attend as required or to submit documentation of attendance shall be considered a violation of probation.

If respondent is required to participate in the PRP, compliance with this term can be demonstrated through that program. Where respondent is enrolled in the PRP, participation as

required in a facilitated group meeting approved by the PRP shall be sufficient for satisfaction of this requirement. Any deviation from participation requirements for the PRP-approved group shall be considered a violation of probation.

22. **Work Site Monitor**

Within ten (10) days of the effective date of this decision, respondent shall identify a work site monitor, for prior approval by the board or its designee, who shall be responsible for supervising respondent during working hours. Respondent shall be responsible for ensuring that the work site monitor reports in writing to the board monthly or on another schedule as directed by the board or its designee. Should the designated work site monitor suspect at any time during the probationary period that respondent has abused alcohol or drugs, he or she shall notify the board immediately.

In the event of suspected abuse, the monitor shall make at least oral notification within one (1) business day of the occurrence, and shall be followed by written notification within two (2) business days of the occurrence. If, for any reason, including change of employment, respondent is no longer able to be monitored by the approved work site monitor, within ten (10) days respondent shall designate a new work site monitor for approval by the board or its designee. Failure to timely identify an acceptable initial or replacement work site monitor, or to ensure monthly reports are submitted to the board by the monitor, shall be considered a violation of probation.

Within thirty (30) days of being approved by the board or its designee, the work site monitor shall sign an affirmation that he or she has reviewed the terms and conditions of respondent's disciplinary order and agrees to monitor respondent. The work site monitor shall at least:

1) Have regular face-to-face contact with respondent in the work environment, at least once per week or with greater frequency if required by the board or its designee;

2) Interview other staff in the office regarding respondent's behavior, if applicable; and

3) Review respondent's work attendance.

//

The written reports submitted to the board or its designee by the work site monitor shall include at least the following information: respondent's name and license number; the monitor's name, license number (if applicable) and work site location; the date(s) the monitor had face-to-face contact with respondent; the staff interviewed, if applicable; an attendance report; notes on any changes in respondent's behavior or personal habits; notes on any indicators that may lead to substance abuse; and the work site monitor's signature.

Respondent shall complete the required consent forms and sign an agreement with the work site monitor and the board to allow the board to communicate with the work site monitor.

It is a condition of respondent's enrollment in the Pharmacists Recovery Program (PRP) that he is required to have a work site monitor approved by the PRP who shall be responsible for supervising respondent during working hours. Respondent shall be responsible for ensuring that the work site monitor reports in writing to the PRP monthly or on another schedule as directed by the PRP. Should the designated work site monitor suspect at any time during the probationary period that respondent has abused alcohol or drugs, he or she shall notify the PRP immediately. The initial notification shall be made orally within one (1) business day of the occurrence, which shall be followed by written notification within two (2) business days of the occurrence. If, for any reason, including change of employment, respondent is not longer able to be monitored by the approved work site monitor, within ten (10) days of commencing new employment for prior approval by the PRP. Failure to identify an acceptable initial or replacement work site monitor, or to ensure monthly reports are submitted to the PRP by the work site monitor, shall be considered a violation of probation.

Within thirty (30) days of being approved by the PRP, the work site monitor shall sign an affirmation that he or she has reviewed the terms and conditions of respondent's disciplinary order and agrees to monitor respondent. The work site monitor shall at least:

1) Have regular face-to-face contact with respondent in the work environment, at least once per week or with greater frequency if required by the board or its designee;

2) Interview other staff in the office regarding respondent's behavior, if applicable; and

3) Review respondent's work attendance.

The written reports submitted to the PRP by the work site monitor shall include at least the following information: respondent's name and license number; the monitor's name, license number (if applicable) and work site location; the date(s) the monitor had face-to-face contact with respondent; the staff interviewed, if applicable; an attendance report; notes on any changes in respondent's behavior or personal habits; notes on any indicators that may lead to substance abuse; and the work site monitor's signature.

Respondent shall complete the required consent forms and sign an agreement with the work site monitor and the board to allow the board to communicate with the work site monitor.

23. **Supervised Practice**

Within thirty (30) days of the effective date of this decision, respondent shall submit to the board or its designee, for prior approval, the name of a Pharmacist by and not on probation with the board, to serve as respondent's practice supervisor. As part of the documentation submitted, respondent shall cause the proposed practice supervisor to report to the board in writing acknowledging that he or she has read the decision in case number 6889, and is familiar with the terms and conditions imposed thereby, including the level of supervision required by the board or its designee. This level will be determined by the board or its designee, will be communicated to the respondent on or before the effective date of this decision and shall be one of the following:

Continuous – At least 75% of a work week

Substantial - At least 50% of a work week - REQUEST FOR REDUCTION WHEN APPROPRIATE

Partial - At least 25% of a work week

Daily Review - Supervisor's review of probationer's daily activities within 24 hours

Respondent may practice only under the required level of supervision by an approved practice supervisor. If, for any reason, including change of employment, respondent is no longer supervised at the required level by an approved practice supervisor, within ten (10) days of this change in supervision respondent shall submit to the board or its designee, for prior approval, the name of a Pharmacist by and not on probation with the board, to serve as respondent's replacement practice supervisor. As part of the documentation submitted, respondent shall cause the proposed replacement practice supervisor to report to the board in writing acknowledging that

he or she has read the decision in case number 6889, and is familiar with the terms and conditions imposed thereby, including the level of supervision required.

Any of the following shall result in the automatic suspension of practice by a respondent and shall be considered a violation of probation:

Failure to nominate an initial practice supervisor, and to have that practice supervisor report to the board in writing acknowledging the decision, terms and conditions, and supervision level, within thirty (30) days;

Failure to nominate a replacement practice supervisor, and to have that practice supervisor report to the board in writing acknowledging the decision, terms and conditions, and supervision level, within ten (10) days;

Practicing in the absence of an approved practice supervisor beyond the initial or replacement nomination period; or

Any failure to adhere to the required level of supervision.

Respondent shall not resume practice until notified in writing by the board or its designee.

During any suspension, respondent shall not enter any pharmacy area or any portion of the licensed premises of a wholesaler, third-party logistics provider, veterinary food-animal drug retailer or any other distributor of drugs which is licensed by the board, or any manufacturer, or any area where dangerous drugs and/or dangerous devices or controlled substances are maintained. Respondent shall not practice pharmacy nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing or patient consultation; nor shall respondent manage, administer, or be a consultant to any licensee of the board, or have access to or control the ordering, distributing, manufacturing or dispensing of dangerous drugs and/or dangerous devices or controlled substances.

During any suspension, respondent shall not engage in any activity that requires the professional judgment and/or licensure as a Pharmacist. Respondent shall not direct or control any aspect of the practice of pharmacy or of the manufacture, distribution, wholesaling, or retailing of dangerous drugs and/or dangerous devices or controlled substances.

Failure to comply with any suspension shall be considered a violation of probation.

Any of the following shall be considered a violation of probation: failure to timely nominate either an initial or a replacement practice supervisor; failure to cause the practice supervisor to timely report to the board in writing acknowledging the decision, terms and conditions, and supervision level; practicing in the absence of an approved practice supervisor after lapse of the nomination period; and/or failure to adhere to the level of supervision required by the board or its designee. If any of these obligations or prohibitions is not met, respondent shall be prohibited from practice as a Pharmacist and may not resume such practice until notified by the board or its designee in writing.

24. **No Ownership or Management of Licensed Premises**

Respondent shall not own, have any legal or beneficial interest in, nor serve as a manager, administrator, member, officer, director, trustee, associate, or partner of any business, firm, partnership, or corporation currently or hereinafter licensed by the board. Respondent shall sell or transfer any legal or beneficial interest in any entity licensed by the board within ninety (90) days following the effective date of this decision and shall immediately thereafter provide written proof thereof to the board. Failure to timely divest any legal or beneficial interest(s) or provide documentation thereof shall be considered a violation of probation.

Respondent shall not acquire any new ownership, legal or beneficial interest nor serve as a manager, administrator, member, officer, director, trustee, associate, or partner of any additional business, firm, partnership, or corporation licensed by the board. If respondent currently owns or has any legal or beneficial interest in, or serves as a manager, administrator, member, officer, director, trustee, associate, or partner of any business, firm, partnership, or corporation currently or hereinafter licensed by the board, respondent may continue to serve in such capacity or hold that interest, but only to the extent of that position or interest as of the effective date of this decision. Violation of this restriction shall be considered a violation of probation.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **PAUL H. HOWSE, RPH** **Certificate of Registration No. 18406,** **JUSTINE STANEVICH,** **Certificate of Registration No. PT18958,** **Respondents.**	**CASE NO. 20-135-RPH-S** **20-135-PT-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under Nevada Revised Statutes ("NRS") 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because at the time of the events alleged herein, Respondent Paul H. Howse, RPh ("Howse"), Certificate of Registration No. 18406, held a registration as a pharmacist, and Justine Stanevich ("Stanevich"), Certificate of Registration No. PT18958, held a registration as a pharmaceutical technician, all issued by the Board.

FACTUAL ALLEGATIONS

2. Howse is/was the managing pharmacist at Smith's Food and Drug Store #351 ("Smith's") located at 6130 West Tropicana Avenue, Las Vegas, Nevada 89103 during the relevant timeframe.

3. Stanevich was employed as a pharmaceutical technician at Smith's during the relevant timeframe.

4. On or about February 12, 2020, Howse, was approached by Stanevich regarding an opioid prescription for a new patient. As indicated by protocol, Howse accessed and reviewed the new patient's Prescription Monitoring Program ("PMP") history using an interface with Smith's computer system. Howse left the computer station for a moment, with Stanevich left next to the computer, to explain to the new patient at the drop-off window that he needed more information from the prescribing practitioner. Upon Howse's return to the computer station, Howse noticed a second PMP window opened for patient P.S., who he had not checked the PMP database. Howse questioned Stanevich about the PMP inquiry on patient P.S., whereupon Stanevich admitted that she queried the PMP for patient P.S. under Howse's credentials. Stanevich stated that patient P.S. was someone personally known to her and not a patient of Smith's. Howse informed Stanevich that the PMP query was unacceptable, and against company policy and HIPAA.

5. Howse immediately reported Stanevich's PMP query to his district and division managers for Smith's. During investigation, which included review of videotape from Howse's computer workstation, and interviews of Smith's staff working at the time, it was determined that Stanevich violated company policy, and HIPAA. Stanevich was terminated on February 18, 2020.

APPLICABLE LAW

6. Performing any duties as the holder of a pharmacist registration in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

7. The Board administers the PMP, which maintains a database of all transactions for controlled substances listed in schedules II, III, IV, and V which are prescribed and dispensed in Nevada. *See* NRS 453.162-.165.

8. Patient utilization reports and data in the PMP constitute Protected Health Information ("PHI") as defined in 45 CFR Part 160 and 164, Subparts A and E. The Health Insurance Portability and Accountability Act ("HIPAA") provides certain requirements regarding privacy of PHI and certain prohibitions against disclosure. 42 USC §1320d *et seq.* (HIPAA Privacy Act).

9. Patient utilization reports and all data in the PMP are also confidential and protected from unauthorized use or disclosure under state law. *See* NRS 453.164.

10. Unauthorized access, use, or disclosure of PHI carries civil and criminal penalties under federal law. *See* 42 USC § 1320d-5 and d-6.

11. Unauthorized access, use, or disclosure of information in the PMP also constitute a crime under state law. NRS 453.552(2).

12. The Board may suspend or revoke any certificate, license, registration or permit issued if the registrant is not of good moral character, is guilty of unprofessional conduct or conduct contrary to the public interest, willfully makes to the Board or its authorized representative any false statement which is material to the administration or enforcement of any of the provisions of NRS 639, and/or violates any provision of federal or state law. NRS 639.210; NRS 639.255.

FIRST COUNT
Unprofessional Conduct
(Respondent Howse)

13. Howse engaged in unprofessional conduct in violation of NAC 639.945(1)(i) when he walked away from his computer, and failed to log out to prevent unlawful access to the PMP, and is subject to discipline pursuant to NRS 639.210(4) and/or NRS 639.255.

SECOND COUNT
Unprofessional Conduct
(Respondent Stanevich)

14. By accessing patient P.S.'s confidential data in the PMP and obtaining P.S.'s utilization report, Stanevich, as a registered pharmaceutical technician, without authority and fraudulently under Howse's credentials, acted in an incompetent, unskillful or negligent manner and engaged in unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i). Stanevich is therefore subject to discipline pursuant to NRS 453.236, NRS 453.241, NRS 639.210 and/or NRS 639.255.

THIRD COUNT
Violation of State and Federal Law
(Respondent Stanevich)

15. By accessing patient P.S.'s confidential data in the PMP, Stanevich violated state law protecting patients from unauthorized disclosure of PMP information under NRS 453.164, and is subject to discipline pursuant to NRS 453.236, NRS 453.241, NRS 639.210 and/or NRS 639.255.

16. By accessing patient P.S.'s confidential data in the PMP, Stanevich violated federal law, HIPAA Privacy Rule pursuant to 42 USC §1320d *et seq.*, and is subject to discipline pursuant to NRS 453.236, NRS 453.241, NRS 639.210 and/or NRS 639.255.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registrations of these Respondents.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **RICHARD WASHINSKY, MD,** **Certificate of Registration No. CS06491,** **Respondent.**	**Case No. 19-232-CS-S** **ORDER TO SHOW CAUSE**

1. On January 13, 2021, the Nevada State Board of Pharmacy (Board) entered an Order pursuant to stipulation with the Respondent, Richard Washinsky, MD, Certificate of Registration No. CS06491. The Order revoked Certificate of Registration No. CS06491, the revocation was stayed, and Respondent was placed on probation for two (2) years. Paragraph 9(D) states:

> Respondent shall comply with all federal and state statutes and regulations regarding controlled substances and dangerous drugs, and have no additional charges filed against him while on probation.

Respondent has failed to comply with the terms of the Order.

2. On or about September 21, 2021, Board staff determined that Respondent has not reviewed his controlled substance prescription activity in the Prescription Monitoring Program (PMP) database since November 25, 2019, in violation of NRS 453.164(7).

3. Board staff further determined that for the period from September 21, 2020, to September 21, 2021, Respondent had 3,694 filled prescriptions in the PMP database for 306 unique patients, for which Respondent conducted only 119 patient reviews; only 39% of patients to whom he wrote controlled substance prescriptions were reviewed, in violation of NRS 639.23507.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **JOSE DASTAS, RPH,** **Certificate of Registration No. 16114, and** **VERTISIS CUSTOM PHARMACY, LLC,** **Pharmacy License No. PH03778,** **Respondents.**	**CASE NOS. 18-130-RPH-S** **18-130-PH-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, R.Ph., in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Jose Dastas, R.Ph. (Dastas), Certificate of Registration No. 16114, was a pharmacist registered with the Board, and Respondent Vertisis Custom Pharmacy, LLC ("Vertisis"), License No. PH03778, was a pharmacy licensed by the Board.

FACTUAL ALLEGATIONS

2. Respondent Vertisis is an out-of-state 503A compounding pharmacy located in Arizona. Respondent Dastas was the managing pharmacist of Vertisis at the time of the events alleged herein.

3. On or about August 20, 2018, a Board staff inspection of a Las Vegas medical practice providing intravenous hydration therapy revealed that Vertisis routinely compounded sterile products on a patient-specific prescription for administration to multiple patients.

4. In one instance, 30 ml vials of B Vitamin Complex Injection compounded by Vertisis were discovered without a patient name on the label. Records revealed that a total of 750 ml of B Vitamin Complex Injection (or 25 – 30 ml vials) were compounded by Vertisis on a prescription for one patient.

5. The investigation further revealed that Vertisis compounded the following sterile products on a patient-specific prescription submitted on or about January 24, 2018: 70 vials of ascorbic acid 50 ml (3500 ml total); 15 vials of dexpanthenol 250 mg/ml 30 ml (450 ml); 30 vials of glutathione 200 mg/ml 30 ml (900 ml); 100 vials of ascorbic acid 500 mg/ml 100 ml (10,000 ml); and sublingual sermorelin 300 mcg/ml 30 ml.

APPLICABLE LAW

6. Section 503A of the Federal Food, Drug, and Cosmetic Act permits a pharmacy to compound a drug product for an identified individual patient based upon a valid prescription. 21 USC § 353a.

7. No pharmacist should fill a prescription for a dangerous drug for use by any person other than the person for whom the prescription was originally issued or fill a prescription which is not genuine. NRS 454.231; NRS 454.311(3)(b).

8. Performing any duties as the holder of a license or registration in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

9. The Board may suspend or revoke a license or registration pursuant to NRS 639.210(11) if the holder has violated any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs.

10. The Board may suspend or revoke a license or registration pursuant to NRS 639.210(12) if the holder has violated, attempted to violate, assisted or abetted in the violation of or conspired to violate any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy.

11. A managing pharmacist is responsible for violations committed by the pharmacy's employees. NRS 639.210(15); NRS 639.220(1), NRS 639.230(5); NAC 639.702.

12. A pharmacy owner is responsible for violations committed by the pharmacy's employees. NRS 639.230(5); NAC 639.945(2); NAC 639.702.

Attorneys for Dhaval Shah, MD

NEVADA STATE BOARD OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. DHAVAL SHAH, MD, Certificate of Registration Nos. CS15290 and PD00165, Respondent.	CASE NO.: 20-222-CS-S **PETITION FOR REINSTATEMENT OF CONTROLLED SUBSTANCE REGISTRATION AND DISPENSING PRACTITIONER REGISTRATION AND REQUEST TO APPEAR BEFORE THE BOARD**

Comes Now, Petitioner Dhaval Shah, M.D. ("Dr. Shah"), by and through his counsel, Johnathon Fayeghi, Esq., of the law firm Sklar Williams PLLC, hereby petitions the Nevada State Board of Pharmacy for reinstatement of Dr. Shah's Controlled Substance Registration and Dispensing Practitioner Registration pursuant to NRS 639.257 based on the following:

I. Nevada State Board of Medical Examiners Proceeding

On July 12, 2019, the Investigative Committee (the "IC") of the Nevada Board of Medical Examiners (the "NBME") filed a formal Complaint – Case No. 19-32539-01 ("Complaint 1") charging Dr. Shah with one (1) violation of NRS 630.301(4), Malpractice (Count I), and one (1) violation of NRS 630.3062(1)(a), Failure to Maintain Timely, Legible, Accurate and Complete Medical Records (Count II). Subsequently, the IC advised that it intended to proceed with the filing of a formal Complaint ("Complaint 2") charging Dr. Shah with one (1) violation of NRS 630.301(4), Malpractice (Count I), one (1) violation of NRS 630.3062(1)(a), Failure to Maintain

Accurate and Complete Medical Records (Count II), one violation of NRS 630.301(4), Malpractice – Respondeat Superior (Count III, and one (1) violation of NRS 630.3062(1)(a), Failure to Maintain Accurate and Complete Medical Records – Respondeat Superior (Count IV).

In light of Complaint 1 and the impending Complaint 2 and in an attempt to fully cooperate with the IC, on March 4, 2020, Dr. Shah voluntarily placed his medical license in inactive status to allow the IC to conduct its investigation regarding Complaint 2. On March 16, 2020, the IC formally filed Complaint 2 against Dr. Shah. That same day, Dr. Shah entered into a settlement agreement (the "Settlement Agreement") with the IC which was to be considered by the NBME's Judiciary Committee at its June 5, 2020 meeting. Under the terms of the Settlement Agreement, Dr. Shah: (i) admitted to Count II of Complaint 1 (failure to maintain timely, legible, accurate and complete medical records) and all counts of Complaint 2 (Count I – malpractice, Count II – failure to maintain accurate and complete medical records, Count III – malpractice – respondeat superior, and Count IV – failure to maintain accurate and complete medical records – respondeat superior); (ii) agreed to pay a fine in the amount of $10,000.00; (iii) agreed to pay the costs and expenses incurred in the investigation and prosecution of Complaint 1 and Complaint 2 in the amount of $23,246.70; and (iv) agreed to the revocation of his medical license for a period of one year from the date of the Judiciary Committee's acceptance of the Settlement Agreement. A true and correct copy of the Settlement Agreement is attached hereto as **Exhibit 1**.

However, on or about March 13, 2020, Nevada Governor Steve Sisolak declared a state of emergency in response to the global pandemic of COVID-19 and as a result, the NBME was required to close and postpone the June 5, 2020 meeting. Moreover, due to the extraordinary and emergent circumstances surrounding the global pandemic of COVID-19 and the State of Emergency declared by Governor Sisolak and the significant need for professional infectious disease treatment for the people of the State of Nevada, the IC and Dr. Shah entered into a Stipulation and Order for Active License, With Conditions on March 16, 2020 (the "Stipulation") which permitted Dr. Shah to resume the practice of medicine in Nevada provided that Dr. Shah (i)

limit his practice to the treatment of infectious disease patients related to the COVID-19 infection and any other infectious disease patients as such circumstances require and medical activities directly related thereto; and (ii) provide written reports to the IC at least twice monthly regarding his medical activities.

Pursuant to the Stipulation, Dr. Shah's medical license was reactivated to "active" status on March 16, 2020. Although not required under the Stipulation, Dr. Shah decided that he would not provide professional medical services for profit and instead focused all of his time and effort to providing volunteer professional medical services to assist Nevada in the public health response to COVID-19. Although Dr. Shah's medical license with the NBME was technically in "active" status from March 16, 2020 through August 26, 2020, Dr. Shah's practice of medicine during this time solely consisted of the provision of volunteer professional medical services with the Southern Nevada Health District ("SNHD") as an infectious disease expert at SNHD's Camp Covid ISO Cashman Center site. At Camp Covid, Dr. Shah's volunteer services included: (i) admitting new patients; (ii) conducting patient rounds; (iii) conducting COVID-19 blood tests at the site; (iv) assistance with the preparation of the site's patient admission, patient discharge, patient testing and infection control policies. In addition, during this time, Dr. Shah devoted a considerable amount of time and resources to the formation of Las Vegas Health Center, a Nevada nonprofit corporation, established to assist uninsured patients in receiving coordinated medical care at no cost. Although Dr. Shah did not provide any medical services for Las Vegas Health Center, he donated the initial funding to the organization, obtained 501(c)(3) status for the organization, prepared marketing materials and various policies and procedures and applied for federal and state grants for the organization during this time.

Due to the Governor's State of Emergency, the NBME's June 5, 2020 meeting to consider the acceptance and approval of the Settlement Agreement was postponed nearly three months until August 26, 2020. At such meeting, the NBME approved and accepted the Settlement Agreement and as a result the NBME entered its order (the "NBME Order") as of August 26, 2020 which

provided the following: (i) Dr. Shah's license shall be immediately revoked and pursuant to NRS 622A.410(1), Dr. Shah may not apply for reinstatement of his medical license for a period of one (1) year from the date of the NBME's acceptance of the Settlement Agreement as an Order of the NBME; (ii) Dr. Shah shall pay a fine of $2,000 per count admitted to, consisting of five (5) counts, for a total of $10,000, within sixty (60) days of the NBME's acceptance, adoption and approval of the Settlement Agreement; (iii) Dr. Shah shall pay the costs and expenses incurred in the investigation and prosecution of Complaint 1 and Complaint 2 within sixty (60) days of the NBME's acceptance, adoption and approval of the Settlement Agreement, the current amount being $23,246.70; (iv) Dr. Shah shall receive a Public Letter of Reprimand; and (v) the remaining counts of Complaint 1 and Complaint 2, and any other claims arising therefrom or from pending Board Investigations, Case Nos. 20-19416, 20-19375, 19-19162, 19-19137, 19-18542, 18-17919 and 15-15920, shall be dismissed with prejudice. A true and correct copy of the NBME Order is attached hereto as **Exhibit 2**.

On September 10, 2021, Dr. Shah appeared at a hearing before NBME related to his application for licensure to practice medicine in the State of Nevada. At such hearing, the NBME approved Dr. Shah's application for licensure and subsequently entered its Order Granting Application for Licensure (the "Order Granting Licensure"), which granted Dr. Shah's application for licensure subject to the following conditions:

1. Dr. Shah's license will be subject to a term of probation of two (2) years, during which Dr. Shah shall be prohibited from:

   a. Committing any new violations of the Medical Practice Act, Chapter 630 of the Nevada Revised Statutes (NRS) and Chapter 630 of the Nevada Administrative Code (NAC);

   b. Supervising any physician assistant pursuant to NAC 630.490; and

   c. Collaborating with any advanced practice registered nurse pursuant to NAC 630.490.

A true and correct copy of the Order Granting Licensure is attached hereto as **Exhibit 3**. As a result of the Order Granting Licensure, the NBME issued Dr. Shah NBME License No. 21492 on or about September 14, 2021. *See* **Exhibit 4**.

II. Nevada State Board of Pharmacy Proceeding

As a result of the revocation of Dr. Shah's medical license pursuant to the NBME Order, Dr. Shah surrendered his DEA Certificate of Registration No. BS9611333 to the U.S. Drug Enforcement Administration by executing a DEA Form 104 on or about October 13, 2020.

On or about October 27, 2020, the Nevada State Board of Pharmacy (the "Board") served Dr. Shah with a Notice of Intended Action and Accusation – Case No. 20-222-CS-S (the "Accusation"), alleging the following causes of action against Dr. Shah: (1) First Cause of Action – Violations of state Law (violation of NRS Chapter 630 as detailed in the NBME Order); (2) Second Cause of Action – Unprofessional Conduct – Incompetent, Unskillful or Negligent Performance of Duties (by violating NRS Chapter 630 as detailed in the NBME Order, Dr. Shah has performed his duties as the holder of a controlled substance registration in an incompetent, unskillful or negligent manner and engaged in unprofessional conduct); (3) Third Cause of Action – Commission of Acts that Render Registration Inconsistent with the Public Interest (by violating NRS Chapter 630 as detailed in the NBME Order, Dr. Shah has committed acts that render his registrations to prescribe and dispense controlled substances inconsistent with the public interest; Dr. Shah no longer qualifies for registration to dispense controlled substances under federal or state law); (4) Fourth Cause of Action – Revocation of License to Practice Medicine (by the revocation of his NBME license, Dr. Shah has committed acts that render his registration to dispense controlled substances inconsistent with the public interest and Dr. Shah no longer qualifies for registration to dispense controlled substances under federal or state law; and (5) Fifth Cause of Action – Surrender of DEA Registration for Cause (by surrendering his DEA Certificate of Registration for cause, Dr. Shah committed an act that would render his registration to dispense controlled substances inconsistent with the public interest and is no longer authorized by Federal

law to dispense controlled substances). A true and correct copy of the Accusation is attached hereto as **Exhibit 5**.

On or about December 4, 2020, Dr. Shah filed an Answer and Notice of Defense to the Accusation. A true and correct copy of Dr. Shah's Answer and Notice of Defense is attached hereto as **Exhibit 6**. However, on or about December 8, 2021, in an attempt to fully cooperate with the Board, Dr. Shah entered into a stipulation (the "Pharmacy Board Stipulation") with Brett Kandt, General Counsel for the Board, which was to be considered by the Board at its January 13, 2021 meeting. Under the Pharmacy Board Stipulation, Dr. Shah acknowledged that the Board staff could present evidence to establish a factual basis for the following: (i) The Nevada State Board of Medical Examiners has entered an order in Case Nos. 19-32539-01 and 20-32539-1, and revoked Respondent's License No. 12305 to practice medicine for violations of NRS Chapter 630; (ii) Respondent has surrendered his DEA Certificate of Registration No. BS9611333 to the U.S. Drug Enforcement Administration by executing a DEA Form 104; and (iii) Respondent is no longer authorized by Federal or state law to prescribe or dispense controlled substances. In addition, Dr. Shah agreed to the following: (a) the revocation of his Certificate of Registration Nos. CS15290 and PD00165; (b) he shall not prescribe any controlled substance or dispense any controlled substance or dangerous drug until he petitions the Board for reinstatement pursuant to NRS 639.257 and the Board reinstates his controlled substance registration and dispensing practitioner registration; and (c) he may not petition for reinstatement of his certificate of registration for a period of one (1) year from the Board's acceptance of the Stipulation. A true and correct copy of the Pharmacy Board Stipulation is attached hereto as **Exhibit 7**.

On January 13, 2021, the Board approved and accepted the Pharmacy Board Stipulation and as a result the Board entered its decision and order accepting the terms of the Pharmacy Board Stipulation as of January 15, 2021 (the "Board Order"). A true and correct copy of the Board Order is attached hereto as **Exhibit 8**.

III. Law

NRS 639.257 entitled "Reinstatement of revoked certificate, license or permit" provides the following:

> 1. A person whose certificate, license or permit has been revoked may petition the Board for reinstatement after a period of not less than 1 year has lapsed since the date of revocation.
>
> 2. The petition shall state such facts as may be required by the Board and shall be heard by the Board at its next regular meeting held not earlier than 30 days after the petition is filed. Such petition may be considered by the Board while the petitioner is under sentence for any criminal offense, including any period during which the petitioner is on probation or parole, only if the Board members, by a majority vote, find that the public interest would best be served by such reinstatement.
>
> 3. In considering reinstatement the Board may investigate and consider all activities of the petitioner since the time the original certificate, license or permit was issued and his or her ability, character and reputation. The affirmative vote of at least three members is necessary for reinstatement of a certificate, license or permit with or without terms, conditions and restrictions.

IV. Reasons Why Reinstatement Is Justified

In accordance with the terms and conditions of the Board Order, Dr. Shah files this Petition for Reinstatement of his Controlled Substance Registration and Dispensing Practitioner Registration and respectfully submits that reinstatement of his Controlled Substance Registration and Dispensing Practitioner Registration is justified based upon the following:

1. Dr. Shah has complied with the terms and conditions of the NBME Order as:
   a. He provided volunteer medical services exclusively in the area of COVID-19 from March 16, 2020 through May 26, 2020;
   b. He completely refrained from the practice of medicine since May 27, 2020; and
   c. He paid the fine in the amount of $10,000 and the costs and expenses in the amount of $23,246.70 to NSBME on September 11, 2020.

2. On September 10, 2021, the NBME issued the Order Granting Licensure and as a result the NBME issued Dr. Shah NBME License No. 21492 on or about September 14, 2021.

3. Dr. Shah has complied with the terms and conditions of the Board Order as:

a. He has not possessed, administered, prescribed and/or dispensed any controlled substance or dangerous drug since August 26, 2020; and

b. over one (1) year has lapsed since the date of revocation of his Controlled Substance Registration and Dispensing Practitioner Registration, that date being January 15, 2021.

V. Conclusion

Dr. Shah accepts full responsibility for his actions. Since last appearing before the Board on this matter, Dr. Shah has taken significant steps to earn the Board's trust and to demonstrate his contrition and commitment to improvement. Dr. Shah has – and will – continue to take any steps the Board deems appropriate to earn the trust of the Board. Dr. Shah has the utmost respect for the medical community, and for the role of the Board in regulating the prescribing and dispensing of medications and in ensuring that the residents of this great State receive the best possible care. This has been a very humbling experience for Dr. Shah which has driven home the fact that the practice of medicine is a privilege and not a right. The Board can rest assured that Dr. Shah is committed to maintaining the highest prescribing and dispensing standards from this point forward in the event his Petition for Reinstatement is approved.

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300 and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because, at the time of the events alleged herein, Respondent Dhaval Shah, MD, held a Nevada controlled substance registration, Certificate of Registration No. CS15290, and a Nevada dispensing practitioner registration, Certificate of Registration No. PD00165, issued by the Board.

FACTUAL ALLEGATIONS

2. On or about August 26, 2020, the Nevada State Board of Medical Examiners (NSBME) entered an order in Case Nos. 19-32539-01 and 20-32539-1, and revoked Respondent's License No. 12305 to practice medicine for violations of NRS Chapter 630.

3. On October 13, 2020, Respondent surrendered his DEA Certificate of Registration No. BS9611333 to the U.S. Drug Enforcement Administration by executing a DEA Form 104, entitled "Surrender for Cause" (DEA Surrender for Cause).

4. By executing the DEA Surrender for Cause, Respondent acknowledged in pertinent part the following:

> In view of my alleged failure to comply with the Federal requirements pertaining to controlled substances or list 1 chemicals, and as an indication of

my good faith in desiring to remedy any incorrect or unlawful practices on my part, I hereby surrender for cause my Drug Enforcement Administration (DEA) Certification of Registration.

5. On or about October 23, 2020, Board staff served Respondent with notice that the revocation of his NSBME License No. 12305 and his surrender of his DEA Certificate of Registration No. BS9611333 for cause operated as an immediate suspension of his Certificate of Registration Nos. CS15290 and PD00165 with the Board pursuant to NRS 639.2107, and that Respondent must immediately cease and desist possessing, administering, prescribing and/or dispensing controlled substances and dangerous drugs for Nevada patients.

FIRST CAUSE OF ACTION
Violations of State Law

6. Respondent has violated, attempted to violate, assisted or abetted in the violation of or conspired to violate NRS Chapter 630 as detailed in the NSBME's order in Case Nos. 19-32539-01 and 20-32539-1, and is subject to discipline pursuant to NRS 453.236(1) and NRS 639.210(12).

SECOND CAUSE OF ACTION
Unprofessional Conduct – Incompetent, Unskillful or Negligent Performance of Duties

7. By violating NRS Chapter 630 as detailed in the NSBME's order in Case Nos. 19-32539-01 and 20-32539-1, Respondent has performed his duties as the holder of a controlled substance registration in an incompetent, unskillful or negligent manner and engaged in unprofessional conduct and conduct contrary to the public interest in violation of NAC 639.945(1)(i), and is subject to discipline pursuant to NRS 453.236(1) and NRS 639.210(4).

THIRD CAUSE OF ACTION

8. By violating NRS Chapter 630 as detailed in the NSBME's order in Case Nos. 19-32539-01 and 20-32539-1, Respondent has committed acts that render his registrations to prescribe and dispense controlled substances inconsistent with the public interest pursuant to

NRS 453.231, no longer qualifies for registration to dispense controlled substances under federal or state law, and is subject to discipline pursuant to NRS 453.236(1) and NRS 453.241(1).

FOURTH CAUSE OF ACTION
Revocation of License to Practice Medicine

9. A practitioner must hold a license to practice his or her profession in this State and be registered with both the DEA and the Board to dispense any controlled substance. NRS 453.226(1); 21 U.S.C. § 822(a)(2); 21 U.S.C. § 823(f).

10. By the revocation of his NSBME License No. 12305 to practice medicine, Respondent has committed acts that render his registration to dispense controlled substances inconsistent with the public interest pursuant to NRS 453.231, no longer qualifies for registration to dispense controlled substances under federal or state law, and is subject to discipline pursuant to NRS 453.236(1) and NRS 453.241(1).

12. The suspension of Respondent's Certificate of Registration Nos. CS15290 and PD00165 pursuant to NRS 639.2107 is subject to review by the Board pursuant to NRS 453.236(1) and NRS 639.255(1)(c).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this Respondent.

Statement of Explanation

I have an accusation with the California Board of Nursing related to medication mismanagement and a previous DUI in 2015 which has since been expunged. I am currently in a monitoring agreement with the Nevada Board of Nursing related to drug diversion. I have actively participated in the program since October of 2019 with strict drug testing and monitoring requirements. I have had all negative drug tests and have been working for DaVita without any disciplinary issues since December of 2019. I have included a copy of the California accusation as well as the Nevada Board of Nursing monitoring agreement.

Thank you,

FACTUAL ALLEGATIONS

17. In 2018, Respondent worked for Palmdale Medical Center (Palmdale) as a registered nurse.

18. Patient 1 (MRN 0552[1]): Patient 1 was admitted to Palmdale for shoulder surgery and his medication orders included Percocet every four hours as needed for pain and .5 mg to 1 mg injection of Dilaudid every four hours as needed for pain. On December 13, 2018 at 0732 hours, Respondent removed 2 mg of Dilaudid which he documented as wasted at 0732 hours, the same

[1] Pyxis patient ID number 1290.

time of removal. However, Respondent also documented at 0815 hours that he administered Dilaudid to Patient 1.

19. On that same date, Charge Nurse KG went to give Percocet to Patient 1 at approximately 0930 and she noticed that patient had Dilaudid scanned as being given at 0803 hours by Respondent. However, the Patient alleged that he never received Dilaudid. After being questioned by Palmdale staff regarding Patient 1, Respondent advised that he mistakenly scanned the medication for the wrong patient but administered the medication to the correct patient. Respondent did not identify the patient.

20. Patient 2 (MRN 8673[2]): Patient 2 was admitted to Palmdale for a surgical resection and his medication orders included .5 mg to 1 mg of Dilaudid every six hours as needed for pain and 1 mg Ativan every four hours as needed. On December 13, 2018, at 0920 hours, Respondent removed 1 mg of Dilaudid. On that same date, December 13, 2018, at 1013 hours, Respondent removed 2 mg of Ativan, which he documented as wasted at 1013 hours, the same time as the removal.

21. On that same day, Patient 2 alerted Palmdale staff that he did not feel the pain medication. When questioned by Palmdale staff, Respondent stated that he may have mistakenly placed the medication in the IV port above the filter for the Potassium Phosphate and as a result of his mistake, he believed that the Dilaudid he administered to the patient was ineffective.

22. Patient 3 (MRN 3738[3]): Patient 3 was admitted to Palmdale for bowel obstruction from an incisional hernia and had medication orders of Dilaudid 2 mg injection every three hours as needed, Tramadol 50 mg tablet every four hours as needed, and Norco 5 mg tablet every six hours as needed. On November 29, 2018, Respondent removed Dilaudid 2 mg at 0750 hours but he failed to document the administration. Also, the medical record for Patient 3 showed that another nurse had already given the same dose at 0626 hours.

[3] Pyxis patient ID number 0758

23. Palmdale's Policies and Procedures required nurses to 1) accurately scan the medication, 2) that the correct medication be given to the correct patient, 3) accurately document all aspects of medication administration in the electronic medical record (eMAR), 4) accurately document the amount of medication used and wasted, and 5) that the wastage must be witnessed.

24. On December 17, 2018, Palmdale staff conducted an audit of Respondent's administration, wastage and documentation of controlled substances finding that Respondent chose 2 mg vials over 1 mg vials for dosing on 21 transactions, he was the only nurse giving Dilaudid to four patients and he administered various pain medications close in time to each other in three patients, including Patient 3. The audit also revealed that Respondent had several prior incidents involving mismanagement of controlled substances at Palmdale.

25. On December 20, 2018, Palmdale staff interviewed Respondent. With regard to Patient 1, Respondent again advised Palmdale staff that he scanned the medication under the wrong patient but administered the medications to the right patient. He also alleged that he used a piece of paper to scan the medication.

26. Palmdale staff also asked Respondent to take a drug test. Although Respondent initially agreed to take the test, he changed his mind, left the premises at 1230 hours and submitted a letter of resignation at 1310 hours. On that same date at 1530 hours, a little over two hours after resigning and six hours from the initial interview, a second interview was held at Respondent's request. Respondent informed Palmdale staff that he was regularly taking prescription medications. Prior to the drug test, Respondent consumed large quantities of water without explanation and disobeyed the monitoring nurse's verbal instructions which specifically required him to provide his first specimen sample for testing. Instead, Respondent intentionally flushed his first urine specimen down the toilet without explanation. Respondent then provided a second urine sample which later came back negative for controlled substances including those substances he admittedly was taking.

27. In February of 2019, Palmdale filed a complaint regarding Respondent with the Board of Nursing.

FIRST CAUSE FOR DISCIPLINE

(Incompetence)

28. Respondent is subject to disciplinary action pursuant to Code section 2761, subdivision (a)(1), and section 2762, subdivision (e), in conjunction with California Code of Regulations, title 16, section 1443, on the grounds of unprofessional conduct, in that, while on duty as a registered nurse at Palmdale, Respondent was incompetent and failed to exercise the degree of skill ordinarily possessed and exercised by a competent nurse, as follows:

a. Respondent failed to follow the standard of nursing practice and the policies and procedures of Palmdale when he failed to accurately scan the correct medication for the correct patients. Respondent also allegedly used a piece of paper to scan the medication for Patient 1, which, even if possible, is not the standard of practice. This departure could have resulted in harm to patients.

b. Respondent failed to follow the standard of nursing practice and the policies and procedures of Palmdale when he failed to properly document medication administration in the patient's record. This departure places patients at risk for medication errors and could have resulted in harm to patients.

Complainant refers to and by this reference incorporates the allegations set forth above in paragraphs 17 through 27, inclusive, as though set forth fully.

SECOND CAUSE FOR DISCIPLINE

(Gross Negligence)

29. Respondent is subject to disciplinary action pursuant to Code section 2761, subdivision (a)(1), on the grounds of unprofessional conduct, in that while on duty as a registered nurse at Palmdale, Respondent was guilty of gross negligence within the meaning of Regulation 1442, as set forth in paragraphs 17 through 28 above.

THIRD CAUSE FOR DISCIPLINE

(Convictions of Substantially Related Crimes)

30. Respondent is subject to disciplinary action under section 2761, subdivision (f), and section 2762, subdivision (c), in conjunction with California Code of Regulations, title 16, section 1444, in that Respondent was convicted of crimes substantially related to the qualifications, functions or duties of a registered nurse which to a substantial degree evidences his present or potential unfitness to practice in a manner consistent with the public health, safety, or welfare, as follows:

a. On or about February 1, 2016, after pleading nolo contendere, Respondent was convicted of one misdemeanor count of violating Vehicle Code section 23152(b) [drive with an equal to or greater than .08% BAC] in the criminal proceeding entitled The *People of the State of California v. Blake Joseph Kigerl* (Super. Ct. Los Angeles County, No. 5NW02058). The Court placed Respondent on 36 months' probation, and ordered him to complete a 3-Month Alcohol Program. On or about February 1, 2019, the Court dismissed the matter pursuant Penal Code section 1203.4. The circumstances underlying the conviction are that on or about July 5, 2015, following a traffic stop, Respondent was unable to perform field sobriety tests, and had bloodshot/watery eyes, smelled of alcohol, had an unsteady gait, and had slow speech. It was subsequently determined that Respondent drove a vehicle while under the influence and the breath alcohol analysis report showed a .13% BAC and a .11% BAC.

FOURTH CAUSE FOR DISCIPLINE

(Alcohol Related Convictions)

31. Respondent is subject to disciplinary action under sections 2761, subdivision (a), and 2762, subdivision (c), on the grounds of unprofessional conduct, in that on or about February 1, 2016, Respondent sustained a conviction involving alcohol. Complainant refers to and by this reference incorporates the allegations set forth above in paragraph 30, inclusive, as though set forth fully.

PRAYER

WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged, and that following the hearing, the Board of Registered Nursing issue a decision:

1. Revoking or suspending Registered Nurse License Number 95126261, issued to Blake Kigerl;

2. Ordering Blake Kigerl to pay the Board of Registered Nursing the reasonable costs of the investigation and enforcement of this case, pursuant to Business and Professions Code section 125.3; and,

3. Taking such other and further action as deemed necessary and proper.

Respondent shall further notify the board in writing within ten (10) days of any change in name, residence address, mailing address, e-mail address or phone number.

During the period of probation, respondent shall not supervise any intern pharmacist, be the pharmacist-in-charge, designated representative-in-charge, responsible manager or other compliance supervisor of any entity licensed by the board, nor serve as a consultant. As a condition precedent to successful completion of probation, respondent shall pay to the board its costs of investigation and prosecution in the amount of $7,455.00.

Respondent shall be permitted to pay these costs in a payment plan approved by the board or its designee, so long as full payment is completed no later than one (1) year prior to the end date of probation. Failure to pay costs by the deadline(s) as directed shall be considered a violation of probation.

10. **Probation Monitoring Costs**

Respondent shall pay any costs associated with probation monitoring as determined by the board each and every year of probation. Such costs shall be payable to the board on a schedule as directed by the board or its designee. Failure to pay such costs by the deadline(s) as directed shall

12. **License Surrender While on Probation/Suspension**

Following the effective date of this decision, should respondent cease practice due to retirement or health, or be otherwise unable to satisfy the terms and conditions of probation, respondent may relinquish his license, including any indicia of licensure issued by the board, along with a request to surrender the license. The board or its designee shall have the discretion whether to accept the surrender or take any other action it deems appropriate and reasonable. Upon formal acceptance of the surrender of the license, respondent will no longer be subject to the terms and conditions of probation. This surrender constitutes a record of discipline and shall become a part of the respondent's license history with the board.

Upon acceptance of the surrender, respondent shall relinquish his pocket and/or wall license, including any indicia of licensure not previously provided to the board within ten (10) days of notification by the board that the surrender is accepted if not already provided. Respondent may not reapply for any license from the board for three (3) years from the effective date of the surrender. Respondent shall meet all requirements applicable to the license sought as of the date the application for that license is submitted to the board, including any outstanding costs.

//

//

13. **Practice Requirement – Extension of Probation**

Except during periods of suspension, respondent shall, at all times while on probation, be employed as a Pharmacist in California for a minimum of 80 hours per calendar month. Any month during which this minimum is not met shall extend the period of probation by one month. During any such period of insufficient employment, respondent must nonetheless comply with all terms and conditions of probation, unless respondent receives a waiver in writing from the board or its designee.

If respondent does not practice as a Pharmacist in California for the minimum number of hours in any calendar month, for any reason (including vacation), respondent shall notify the board in writing within ten (10) days of the conclusion of that calendar month. This notification shall include at least: the date(s), location(s), and hours of last practice; the reason(s) for the interruption or reduction in practice; and the anticipated date(s) on which respondent will resume practice at the required level. Respondent shall further notify the board in writing within ten (10) days following the next calendar month during which respondent practices as a Pharmacist in California for the minimum of hours. Any failure to timely provide such notification(s) shall be considered a violation of probation.

It is a violation of probation for respondent's probation to be extended pursuant to the provisions of this condition for a total period, counting consecutive and non-consecutive months, exceeding thirty-six (36) months. The board or its designee may post a notice of the extended probation period on its website.

14. **Violation of Probation**

If respondent has not complied with any term or condition of probation, the board shall have continuing jurisdiction over respondent, and the board shall provide notice to respondent that probation shall automatically be extended, until all terms and conditions have been satisfied or the board has taken other action as deemed appropriate to treat the failure to comply as a violation of probation, to terminate probation, and to impose the penalty that was stayed. The board or its designee may post a notice of the extended probation period on its website.

//

If respondent violates probation in any respect, the board, after giving respondent notice and an opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. If a petition to revoke probation or an accusation is filed against respondent during probation, or the preparation of an accusation or petition to revoke probation is requested from the Office of the Attorney General, the board shall have continuing jurisdiction and the period of probation shall be automatically extended until the petition to revoke probation or accusation is heard and decided.

15. **Completion of Probation**

Upon written notice by the board or its designee indicating successful completion of probation, respondent's license will be fully restored.

16. **Pharmacists Recovery Program (PRP)**

By no later than ten (10) days after the effective date of this decision, respondent shall have completed all of the following: contacted the Pharmacists Recovery Program (PRP) for evaluation; enrolled in the PRP; completed, signed, and returned the treatment contract as well as any addendums required or suggested by the PRP; successfully completed registration for any drug or alcohol testing mandated by the treatment contract and/or by enrollment in the PRP; and begun compliance with the drug or alcohol testing protocol(s). Respondent shall successfully participate in the PRP and complete the treatment contract and any addendums required or suggested by the PRP. The costs for PRP participation shall be borne by the respondent.

If respondent is currently enrolled in the PRP, said participation is now mandatory and as of the effective date of this decision is no longer considered a self-referral under Business and Professions Code section 4362 (a)(2). Respondent shall successfully participate in and complete his or her current contract and any subsequent addendums with the PRP.

Respondent shall pay administrative fees as invoiced by the PRP or its designee. Fees not timely paid to the PRP shall constitute a violation of probation. The board will collect unpaid administrative fees as part of the annual probation monitoring costs if not submitted to the PRP.

Any of the following shall result in the automatic suspension of practice by respondent and shall be considered a violation of probation:

Failure to contact, complete enrollment, and execute and return the treatment contract with the PRP, including any addendum(s), within ten (10) days of the effective date of the decision as directed by the PRP;

Failure to complete registration for any drug or alcohol testing mandated by the treatment contract and/or by the PRP, and begin compliance with the testing protocol(s), within ten (10) days of the effective date of the decision as directed by the PRP;

Failure to comply with testing protocols regarding daily check-in and/or failure to complete a mandated test as directed by the PRP;

Any report from the PRP of material non-compliance with the terms and conditions of the treatment contract and/or any addendum(s); or

Termination by the PRP for non-compliance, failure to derive benefit, or as a public risk.

Respondent may not resume the practice of pharmacy until notified by the board in writing.

Probation shall be automatically extended until respondent successfully completes the PRP. The board will provide notice of any such suspension or extension of probation.

During any suspension, respondent shall not enter any pharmacy area or any portion of the licensed premises of a wholesaler, third-party logistics provider, veterinary food-animal drug retailer, or any other distributor of drugs which is licensed by the board, or any manufacturer, or any area where dangerous drugs and/or dangerous devices or controlled substances are maintained. Respondent shall not practice as a Pharmacist nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing or patient consultation; nor shall respondent manage, administer, or be a consultant to any licensee of the board, or have access to or control the ordering, distributing, manufacturing or dispensing of dangerous drugs and/or dangerous devices or controlled substances.

During any suspension, respondent shall not engage in any activity that requires the professional judgment of and/or licensure as a Pharmacist. Respondent shall not direct or control any aspect of the practice of pharmacy, or of the manufacturing, distributing, wholesaling, or retailing of dangerous drugs and/or dangerous devices or controlled substances.

//

Failure to comply with any requirement or deadline stated by this term shall be considered a violation of probation.

17. **Drug and Alcohol Testing**

Respondent, at his own expense, shall participate in testing as directed by the board or its designee for the detection of alcohol, controlled substances, and dangerous drugs and/or dangerous devices. Testing protocols may include biological fluid testing (urine, blood), breathalyzer, hair follicle testing, or other testing protocols as directed by the board or its designee. All testing must be pursuant to an observed testing protocol, unless respondent is informed otherwise in writing by the board or its designee. Respondent may be required to participate in testing for the entire probation period and frequency of testing will be determined by the board or its designee.

By no later than thirty (30) days after the effective date of this decision, respondent shall have completed all of the following tasks: enrolled and registered with an approved drug and alcohol testing vendor; provided that vendor with any documentation, and any information necessary for payment by respondent; commenced testing protocols, including all required contacts with the testing vendor to determine testing date(s); and begun testing. At all times, respondent shall fully cooperate with the testing vendor, and with the board or its designee, with regard to enrollment, registration, and payment for, and compliance with, testing. Any failure to cooperate timely shall be considered a violation of probation.

Respondent may be required to test on any day, including weekends and holidays. Respondent is required to make daily contact with the testing vendor to determine if a test is required, and if a test is required must submit to testing on the same day.

Prior to any vacation or other period of absence from the area where the approved testing vendor provides services, respondent shall seek and receive approval from the board or its designee to use an alternate testing vendor to ensure testing can occur. Upon approval, respondent shall enroll and register with the approved alternate drug testing vendor, provide to that alternate vendor any documentation required by the vendor, including any necessary payment by respondent. During the period of absence of the area, respondent shall commence testing

protocols with the alternate vendor, including required daily contacts with the testing vendor to determine if testing is required, and required testing. Any failure to timely seek or receive approval from the board or its designee, or to timely enroll and register with, timely commence testing protocols with, or timely undergo testing with, the alternate testing vendor, shall be considered a violation of probation.

Upon detection of an illicit drug, controlled substance or dangerous drug, the board or its designee may require respondent to timely provide documentation from a licensed practitioner authorized to prescribe the detected substance demonstrating that the substance was administered or ingested pursuant to a legitimate prescription issued as a necessary part of treatment. All such documentation shall be provided by respondent within ten (10) days of being requested.

Any of the following shall be considered a violation of probation and shall result in respondent being immediately suspended from practice as a Pharmacist until notified by the board in writing that he may resume practice: failure to timely complete all of the steps required for enrollment/registration with the drug testing vendor, including making arrangements for payment; failure to timely commence drug testing protocols; failure to contact the drug testing vendor as required to determine testing date(s); failure to test as required; failure to timely supply documentation demonstrating that a detected substance was taken pursuant to a legitimate prescription issued as a necessary part of treatment; and/or detection through testing of alcohol, or of an illicit drug, or of a controlled substance or dangerous drug absent documentation that the detected substance was taken pursuant to a legitimate prescription and a necessary treatment. In the event of a suspension ordered after detection through testing of alcohol, an illicit drug, or of a controlled substance or dangerous drug absent documentation that the detected substance was taken pursuant to a legitimate prescription and a necessary treatment, the board or its designee shall inform respondent of the suspension and inform him to immediately leave work, and shall notify respondent's employer(s) and work site monitor(s) of the suspension.

During any such suspension, respondent shall not enter any pharmacy area or any portion of the licensed premises of a wholesaler, third-party-logistics provider, veterinary food-animal drug retailer, or any other distributor of drugs which is licensed by the board, or any manufacturer, or

any area where dangerous drugs and/or dangerous devices or controlled substances are maintained. Respondent shall not practice pharmacy nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing or patient consultation; nor shall respondent manage, administer, or be a consultant to any licensee of the board, or have access to or control the ordering, distributing, manufacturing or dispensing of dangerous drugs and/or dangerous devices and controlled substances.

During any such suspension, respondent shall not engage in any activity that requires the professional judgment of and/or licensure as a Pharmacist. Respondent shall not direct or control any aspect of the practice of pharmacy, or of the manufacturing, distributing, wholesaling, or retailing of dangerous drugs and/or dangerous devices.

Failure to comply with any such suspension shall be considered a violation of probation. Failure to comply with any requirement or deadline stated by this term shall be considered a violation of probation.

18. **Notification of Departure**

Prior to leaving the probationary geographic area designated by the board or its designee for a period greater than twenty-four (24) hours, respondent shall notify the board verbally and in writing of the dates of departure and return. Failure to comply with this provision shall be considered a violation of probation.

19. **Abstain from Drugs and Alcohol**

Respondent shall completely abstain from the possession or use of alcohol, controlled substances, illicit drugs, dangerous drugs and/or dangerous devices, or their associated paraphernalia, except when possessed or used pursuant to a legitimate prescription issued as a necessary part of treatment. Respondent shall ensure that he is not in the same physical location as individuals who are using illicit substances even if respondent is not personally ingesting the drugs. Any possession or use of alcohol, dangerous drugs and/or dangerous devices or controlled substances, or their associated paraphernalia for which a legitimate prescription has not been issued as a necessary part of treatment, or any physical proximity to persons using illicit substances, shall be considered a violation of probation.

20. **Prescription Coordination and Monitoring of Prescription Use**

Within thirty (30) days of the effective date of this decision, respondent shall submit to the board, for its prior approval, the name and qualifications of a single physician, nurse practitioner, physician assistant, or psychiatrist of respondent's choice, who shall be aware of the respondent's history with the use of controlled substances, and/or dangerous drugs and who will coordinate and monitor any prescriptions for respondent for dangerous drugs and/or dangerous devices, controlled substances or mood-altering drugs. The approved practitioner shall be provided with a copy of the board's Accusation and decision. A record of this notification must be provided to the board or its designee upon request. Respondent shall sign a release authorizing the practitioner to communicate with the board or its designee about respondent's treatment(s). The coordinating physician, nurse practitioner, physician assistant, or psychiatrist shall report to the board on a quarterly basis for the duration of probation regarding respondent's compliance with this condition. If any substances considered addictive have been prescribed, the report shall identify a program for the time limited use of any such substances. The board or its designee may require that the single coordinating physician, nurse practitioner, physician assistant or psychiatrist be a specialist in addictive medicine, or consult a specialist in addictive medicine. Should respondent, for any reason, cease supervision by the approved practitioner, respondent shall notify the board or its designee immediately and, within thirty (30) days of ceasing supervision, submit the name of a replacement physician, nurse practitioner, physician assistant, or psychiatrist of respondent's choice to the board or its designee for its prior approval. Failure to timely submit the selected practitioner or replacement practitioner to the board or its designee for approval, or to ensure the required quarterly reporting thereby, shall be considered a violation of probation.

If at any time an approved practitioner determines that respondent is unable to practice safely or independently as a Pharmacist, the practitioner shall notify the board or its designee immediately by telephone and follow up by written letter within three (3) working days. Upon notification from the board or its designee of this determination, respondent shall be automatically suspended and shall not resume practice as a Pharmacist until notified by the board

or its designee that practice may be resumed.

During any suspension, respondent shall not enter any pharmacy area or any portion of the licensed premises of a wholesaler, third-party logistics provider, veterinary food-animal drug retailer, or any other distributor of drugs which is licensed by the board, or any manufacturer, or any area where dangerous drugs and/or dangerous devices or controlled substances are maintained. Respondent shall not practice pharmacy nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing or patient consultation; nor shall respondent manage, administer, or be a consultant to any licensee of the board, or have access to or control the ordering, distributing, manufacturing or dispensing of dangerous drugs and/or dangerous devices and controlled substances. Respondent shall not resume practice until notified by the board.

During any suspension, respondent shall not engage in any activity that requires the professional judgment and/or licensure as a Pharmacist. Respondent shall not direct or control any aspect of the practice of pharmacy or of the manufacturing, distributing, wholesaling, or retailing of dangerous drugs and/or dangerous devices or controlled substances.

Failure to comply with any requirement or deadline stated by this term shall be considered a violation of probation.

21. **Facilitated Group Recovery and/or Support Meetings**

Within thirty (30) days of the effective date of this decision, respondent shall begin regular attendance at a group recovery and/or support meeting that is run by a trained facilitator approved in advance by the board or its designee. The required frequency of group meeting attendance shall be determined by the board or its designee. Respondent shall continue regular attendance as directed at an approved facilitated group meeting until the board or its designee advises the respondent in writing that he may cease regular attendance. Respondent shall provide signed and dated documentation of attendance as required with each quarterly report. Failure to attend as required or to submit documentation of attendance shall be considered a violation of probation.

If respondent is required to participate in the PRP, compliance with this term can be demonstrated through that program. Where respondent is enrolled in the PRP, participation as

required in a facilitated group meeting approved by the PRP shall be sufficient for satisfaction of this requirement. Any deviation from participation requirements for the PRP-approved group shall be considered a violation of probation.

22. **Work Site Monitor**

Within ten (10) days of the effective date of this decision, respondent shall identify a work site monitor, for prior approval by the board or its designee, who shall be responsible for supervising respondent during working hours. Respondent shall be responsible for ensuring that the work site monitor reports in writing to the board monthly or on another schedule as directed by the board or its designee. Should the designated work site monitor suspect at any time during the probationary period that respondent has abused alcohol or drugs, he or she shall notify the board immediately.

In the event of suspected abuse, the monitor shall make at least oral notification within one (1) business day of the occurrence, and shall be followed by written notification within two (2) business days of the occurrence. If, for any reason, including change of employment, respondent is no longer able to be monitored by the approved work site monitor, within ten (10) days respondent shall designate a new work site monitor for approval by the board or its designee. Failure to timely identify an acceptable initial or replacement work site monitor, or to ensure monthly reports are submitted to the board by the monitor, shall be considered a violation of probation.

Within thirty (30) days of being approved by the board or its designee, the work site monitor shall sign an affirmation that he or she has reviewed the terms and conditions of respondent's disciplinary order and agrees to monitor respondent. The work site monitor shall at least:

1) Have regular face-to-face contact with respondent in the work environment, at least once per week or with greater frequency if required by the board or its designee;

2) Interview other staff in the office regarding respondent's behavior, if applicable; and

3) Review respondent's work attendance.

//

The written reports submitted to the board or its designee by the work site monitor shall include at least the following information: respondent's name and license number; the monitor's name, license number (if applicable) and work site location; the date(s) the monitor had face-to-face contact with respondent; the staff interviewed, if applicable; an attendance report; notes on any changes in respondent's behavior or personal habits; notes on any indicators that may lead to substance abuse; and the work site monitor's signature.

Respondent shall complete the required consent forms and sign an agreement with the work site monitor and the board to allow the board to communicate with the work site monitor.

It is a condition of respondent's enrollment in the Pharmacists Recovery Program (PRP) that he is required to have a work site monitor approved by the PRP who shall be responsible for supervising respondent during working hours. Respondent shall be responsible for ensuring that the work site monitor reports in writing to the PRP monthly or on another schedule as directed by the PRP. Should the designated work site monitor suspect at any time during the probationary period that respondent has abused alcohol or drugs, he or she shall notify the PRP immediately. The initial notification shall be made orally within one (1) business day of the occurrence, which shall be followed by written notification within two (2) business days of the occurrence. If, for any reason, including change of employment, respondent is not longer able to be monitored by the approved work site monitor, within ten (10) days of commencing new employment for prior approval by the PRP. Failure to identify an acceptable initial or replacement work site monitor, or to ensure monthly reports are submitted to the PRP by the work site monitor, shall be considered a violation of probation.

Within thirty (30) days of being approved by the PRP, the work site monitor shall sign an affirmation that he or she has reviewed the terms and conditions of respondent's disciplinary order and agrees to monitor respondent. The work site monitor shall at least:

1) Have regular face-to-face contact with respondent in the work environment, at least once per week or with greater frequency if required by the board or its designee;

2) Interview other staff in the office regarding respondent's behavior, if applicable; and

3) Review respondent's work attendance.

The written reports submitted to the PRP by the work site monitor shall include at least the following information: respondent's name and license number; the monitor's name, license number (if applicable) and work site location; the date(s) the monitor had face-to-face contact with respondent; the staff interviewed, if applicable; an attendance report; notes on any changes in respondent's behavior or personal habits; notes on any indicators that may lead to substance abuse; and the work site monitor's signature.

Respondent shall complete the required consent forms and sign an agreement with the work site monitor and the board to allow the board to communicate with the work site monitor.

23. **Supervised Practice**

Within thirty (30) days of the effective date of this decision, respondent shall submit to the board or its designee, for prior approval, the name of a Pharmacist by and not on probation with the board, to serve as respondent's practice supervisor. As part of the documentation submitted, respondent shall cause the proposed practice supervisor to report to the board in writing acknowledging that he or she has read the decision in case number 6889, and is familiar with the terms and conditions imposed thereby, including the level of supervision required by the board or its designee. This level will be determined by the board or its designee, will be communicated to the respondent on or before the effective date of this decision and shall be one of the following:

Continuous – At least 75% of a work week

Substantial - At least 50% of a work week - REQUEST FOR REDUCTION WHEN APPROPRIATE

Partial - At least 25% of a work week

Daily Review - Supervisor's review of probationer's daily activities within 24 hours

Respondent may practice only under the required level of supervision by an approved practice supervisor. If, for any reason, including change of employment, respondent is no longer supervised at the required level by an approved practice supervisor, within ten (10) days of this change in supervision respondent shall submit to the board or its designee, for prior approval, the name of a Pharmacist by and not on probation with the board, to serve as respondent's replacement practice supervisor. As part of the documentation submitted, respondent shall cause the proposed replacement practice supervisor to report to the board in writing acknowledging that

he or she has read the decision in case number 6889, and is familiar with the terms and conditions imposed thereby, including the level of supervision required.

Any of the following shall result in the automatic suspension of practice by a respondent and shall be considered a violation of probation:

Failure to nominate an initial practice supervisor, and to have that practice supervisor report to the board in writing acknowledging the decision, terms and conditions, and supervision level, within thirty (30) days;

Failure to nominate a replacement practice supervisor, and to have that practice supervisor report to the board in writing acknowledging the decision, terms and conditions, and supervision level, within ten (10) days;

Practicing in the absence of an approved practice supervisor beyond the initial or replacement nomination period; or

Any failure to adhere to the required level of supervision.

Respondent shall not resume practice until notified in writing by the board or its designee.

During any suspension, respondent shall not enter any pharmacy area or any portion of the licensed premises of a wholesaler, third-party logistics provider, veterinary food-animal drug retailer or any other distributor of drugs which is licensed by the board, or any manufacturer, or any area where dangerous drugs and/or dangerous devices or controlled substances are maintained. Respondent shall not practice pharmacy nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing or patient consultation; nor shall respondent manage, administer, or be a consultant to any licensee of the board, or have access to or control the ordering, distributing, manufacturing or dispensing of dangerous drugs and/or dangerous devices or controlled substances.

During any suspension, respondent shall not engage in any activity that requires the professional judgment and/or licensure as a Pharmacist. Respondent shall not direct or control any aspect of the practice of pharmacy or of the manufacture, distribution, wholesaling, or retailing of dangerous drugs and/or dangerous devices or controlled substances.

Failure to comply with any suspension shall be considered a violation of probation.

Any of the following shall be considered a violation of probation: failure to timely nominate either an initial or a replacement practice supervisor; failure to cause the practice supervisor to timely report to the board in writing acknowledging the decision, terms and conditions, and supervision level; practicing in the absence of an approved practice supervisor after lapse of the nomination period; and/or failure to adhere to the level of supervision required by the board or its designee. If any of these obligations or prohibitions is not met, respondent shall be prohibited from practice as a Pharmacist and may not resume such practice until notified by the board or its designee in writing.

24. **No Ownership or Management of Licensed Premises**

Respondent shall not own, have any legal or beneficial interest in, nor serve as a manager, administrator, member, officer, director, trustee, associate, or partner of any business, firm, partnership, or corporation currently or hereinafter licensed by the board. Respondent shall sell or transfer any legal or beneficial interest in any entity licensed by the board within ninety (90) days following the effective date of this decision and shall immediately thereafter provide written proof thereof to the board. Failure to timely divest any legal or beneficial interest(s) or provide documentation thereof shall be considered a violation of probation.

Respondent shall not acquire any new ownership, legal or beneficial interest nor serve as a manager, administrator, member, officer, director, trustee, associate, or partner of any additional business, firm, partnership, or corporation licensed by the board. If respondent currently owns or has any legal or beneficial interest in, or serves as a manager, administrator, member, officer, director, trustee, associate, or partner of any business, firm, partnership, or corporation currently or hereinafter licensed by the board, respondent may continue to serve in such capacity or hold that interest, but only to the extent of that position or interest as of the effective date of this decision. Violation of this restriction shall be considered a violation of probation.

During this time period when I had committed all 3 petite larceny charges and the 1 possession of paraphernalia charge I was making bad choices and I was considered homeless living with different friends and family members. I was not sober, but completed treatment at Step 2 a second time in 2017 then moved into my apartment late 2018.

The possession charge was for a Marijuana Pipe I had in my purse during my last petite Larceny. I was holding it for someone and I honestly do not remember why. I realize now that it was all very preventable if I just got myself a job and the good, positive support system I have today. Thank you!

However, we need an explanation of the events that occurred with your disclosure along with court documents.

Our Deputy and Executive Secretary will review and determine if we can license you then and there or if you need to appear in front of the Board.

If you are unable to get these documents, this will be an automatic appearance before the Board.

Please let me know if you are able to provide.

To Whom It May Concern,

In 2009 I was under a consent agreement because I diverted hydrocodone without a physician's prescription. It initially started out to control physical pain and then turned into a physical dependence.

June 26th of 2014, I filled my prescription of Vyvanse 5 days before it was due for a refill; without the consent of my physician by covering up the do not fill before date. I was taking more than prescribed after developing a tolerance for the medication. I was upfront and transparent about what I did. It was a decision that I tremendously regret. I also volunteered when discussing with the Board of Pharmacy that I had left a prescription for Vyvanse in a hotel room, I went to my long time physician and received a 30 day supply. I subsequently went to my regularly scheduled psychiatrist appointment about a week later and received an additional refill from him and failed to notify him that I had received an additional prescription from my primary care physician. Due to these infractions South Carolina Board Of Pharmacy revoked my license but they chose not to do a permanent revocation.

This resulted in a misdemeanor for possession of a controlled substance. (This conviction is currently in the process of being expunged.)

Following my revocation I voluntarily enrolled into a Recovering Professionals Program (RPP). They did random drug testing and monitored my meeting attendance. Dr. James Graham (Medical Director of RPP) stated that I was safe to return to pharmacy.

I have since become a licensed Pharmacist in Georgia and am under the direct supervision of my pharmacy advocate Mark Clayton, where I am monitored with random drug test.

Respectfully,

Kurt A. Howe

In the Matter of: **KURT ALLEN HOWE,** License No. PH. 10857 (Voluntarily Surrendered), Case # 2014-57, Respondent.	**MEMORANDUM OF AGREEMENT AND STIPULATIONIONS**

WHEREAS, the State Board of Pharmacy (the "Board") has received an initial complaint with respect to Kurt Allen Howe ("Respondent"); and

WHEREAS, the Board is prepared to file and serve a Formal Accusation alleging that, among other things, Respondent has violated S.C. Code Ann. §§ 40-1-110(1)(d), (f), (g), (h) and (i) (1996, as amended); and

WHEREAS, Respondent will participate in a Final Order Hearing at such time as the Board shall require in order to determine an appropriate sanction in this matter. Respondent hereby waives his right to (30) thirty days notice of the hearing in respect to this matter.

THEREFORE, RESPONDENT STIPULATES AND ADMITS to the following facts, along with the exhibits and other material referenced herein, to be considered by the Board in determining an appropriate sanction in connection with the disciplinary matter pending against Respondent:

1. At all times relevant to these matters, Respondent was duly licensed by the Board to practice pharmacy in the State of South Carolina. The Board has jurisdiction over Respondent and all issues relevant to these matters.

2. On or about December 12, 2008, Respondent was arrested by the Department of Health and Environmental Control's Drug Control Unit for diverting Hydrocodone from Palmetto Long Term Health Care Pharmacy. Respondent completed a treatment program at Cornerstone of Recovery and entered the South Carolina Recovering Professional Program ("RPP").

3. On or about June 25, 2009, Respondent entered into a Consent Agreement with the Board. Respondent was placed on five (5) years of probation, but was allowed to continue the practice of pharmacy.

4. While on probation, Respondent was prescribed Vyvanse by his psychiatrist. Respondent's prescriptions were issued for 30-day supplies of Vyvanse. After developing a tolerance for the medication, Respondent began taking the medication at a rate greater than prescribed and filled the prescriptions more often than scheduled. On or about June 18, 2014, Respondent completed the terms of his Consent Agreement with the Board and was released from the Consent Agreement. A copy of the Consent Order will be attached and incorporated as **EXHIBIT #1**

5. On or about June 26, 2014, Respondent received a prescription for a 30-day supply of Vyvanse

from his psychiatrist. The prescription included the notation "May Fill 7-02-14." Respondent immediately took the prescription to the pharmacy in which he worked, covered the notation "May Fill 7-02-14," and scanned the altered prescription. Respondent did not fill the prescription, but did check the prescription after it was filled by the technician in the control room. When Respondent left for the day, he took the unaltered, hard copy of the prescription with him. A copy of the unaltered prescription received by Respondent on or about June 26, 2014, is attached and incorporated as **EXHIBIT #2**. A copy of the altered prescription that was scanned and filled by Respondent on or about June 26, 2014, is attached and incorporated as **EXHIBIT # 3**.

6. After filling the altered prescription on or about June 26, 2014, Respondent went on vacation. On or about July 1, 2014, Respondent returned to work at the pharmacy. Respondent gave the hard copy of his prescription to the Pharmacist-In-Charge. Respondent had stained the prescription with ink to cover up the notation that his psychiatrist had made ("May Fill 7-02-2014"). A copy of the ink-stained prescription is attached and incorporated as **EXHIBIT #4**.

7. On or about July 1, 2014, Respondent stated that he would contact the RPP during an interview with Investigator Ray Trotter from the Department of Labor, Licensing and Regulation. Respondent worked from July 1, 2014, to July 3, 2014, but did not attempt to re-enroll with the RPP until noon on July 3. RPP was closed for the holiday at that time. . He was in touch with Chris McCoy of RPP before re-enrolling.

8. On or about July 3, 2014, Respondent voluntarily surrendered his license. A copy of the voluntary surrender is attached and incorporated as **EXHIBIT #5**

9. On or about July 7, 2014, Respondent re-entered the RPP and was referred to Pavilion for evaluation. A copy of the evaluation is attached and incorporated as **EXHIBIT #6.**

10. When traveling in the past, Respondent left his supply of Vyvanse in his hotel room when he returned home. After returning home without his medication, Respondent went to his longtime primary care physician and requested a prescription to replace the medication that he left in his hotel room. The physician issued Respondent a prescription for a 30-day supply of Vyvanse. Respondent informed his physician that he would notify his psychiatrist of the new prescription when he met with him again. Within days of receiving the prescription for Vyvanse from a physician, Respondent went to his regularly scheduled appointment with his psychiatrist. Respondent failed to notify his psychiatrist that his primary care physician had recently filled his prescription for Vyvanse. Respondent allowed his psychiatrist to issue him a second prescription for Vyvanse within days of receiving a prescription for Vyvanse from another physician.

RESPONDENT ADMITS that the aforementioned acts of Respondent present grounds that constitute misconduct under S.C. Code Ann. §§ 40-1-110(1)(d), (f), (g), (h) and (i) (1996, as amended) as alleged.

RESPONDENT AGREES, admitting the statutory allegations contained herein above, that he wishes to waive formal hearing procedures, waive the filing and service of a Formal Accusation, and further waives the requirement for thirty (30) days notice of the Board Hearing as well as formal hearing procedures and to dispose of this matter pursuant to S.C. Code Ann. § 1-23-320(f) (1976, as amended), in lieu of, *inter alia*, a fully contested hearing before the Board.

RESPONDENT AGREES that, at the Hearing, Respondent shall appear and answer questions, if any, under oath, by members of the Board or its counsel, and be subject to cross-examination regarding this matter and Respondent's pharmacy practice. The Board may consider Respondent's answers in rendering its decision. Respondent may present mitigating testimony and other evidence to the Board regarding an appropriate sanction in this matter.

IN WITNESS WHEREOF, the parties hereto, having agreed to the matters related above, have executed this Memorandum of Agreement and Stipulations, to be effective the latter date appearing below.

AND IT IS SO AGREED.

PUBLIC LETTER OF REPRIMAND REGARDING:

SIRCY MOORE, D.V.M.
License #: 2174
Case # 6-2016DVM-19

The Nevada Board of Veterinary Medical Examiners filed a complaint against Sircy Moore, D.V.M. (Licensee) regarding his application for renewal of his license and his failure to prove completion of the requisite continuing education hours. After due investigation and consideration, the following facts regarding the complaint were discovered.

1) On or about December 29, 2015, Dr. Moore logged into the Board's website and renewed on-line. In his online renewal, Dr. Moore indicated that he had completed 22 hours of continuing education (CE) between January 1, 2015 and December 31, 2015.

2) On or about March 28, 2016, the Board's staff performed a continuing education audit, and Dr. Moore's application was randomly selected. The Board's staff sent Dr. Moore a letter requesting copies of Dr. Moore's continuing education certificates of attendance for the time period between January 1, 2015 and December 31, 2015.

3) On or about May 3, 2016, the Board's staff sent Dr. Moore an e-mail of a second notice to comply with the CE Audit. On June 9, 2016, the Board's staff sent Dr. Moore an additional e-mail in an attempt to reach and receive a response from Dr. Moore.

4) On or about May 20, 2016, June 9, 2016, and June 15, 2016, the Board's staff attempted to reach Dr. Moore by telephone at all of his telephone numbers known to the Board's staff, including telephone numbers for his employing veterinary facilities. Dr. Moore was no longer employed at any of the veterinary facilities of record.

5) On August 1, 2016 and September 13, 2016, the Board's staff attempted to contact Dr. Moore at a personal address the Board's staff had been supplied. The Board's staff also attempted to locate Dr. Moore through internet searches, to no avail.

6) In December 2016, after the Board's Executive Director called an employer of Dr. Moore's, Dr. Moore spoke with the Investigating Board Member. Though Dr. Moore claimed to have completed some hours of continuing education; however, as of the date of this Letter of Reprimand, Dr. Moore has not provided evidence or proof of completion of any of the requisite hours of continuing education.

The Nevada Board of Veterinary Medical Examiners finds this conduct to be in violation of applicable Nevada law and, pursuant to NAC 638.041(3), subject to disciplinary action. In particular, the Board finds that the above-described acts violated Nevada Revised Statutes (NRS) 638.140(1) (Violation of a Board Regulation) and Nevada Administrative Code (NAC) 638.041(1) (Hours of CE for DVM) and NAC 638.0423(2) (Failure to Maintain Records of CE) in that Dr. Moore did not maintain or provide the records that would evidence completion any hours of continuing education for the period of January 1 through December 31, 2015. Dr. Moore could not document any hours of continuing education for the relevant time period.

Should the Letter of Reprimand be rejected by the Board it is agreed that presentation to and consideration by the Board of such proposed Letter of Reprimand or other documents or matters pertaining to the consideration of this Letter of Reprimand, shall not unfairly or illegally prejudice the Board, or any of its members, from further participation, consideration, adjudication, or resolution of these proceedings, and that no Board member shall be

disqualified or challenged for bias. If it is accepted by the Board, the Letter of Reprimand becomes a public document and will be reported to the National Veterinary Disciplinary Database of the American Association of Veterinary State Boards (AAVSB).

Through the signature of Licensee below, the Licensee agrees this conduct is a violation of the statutes and regulations detailed above. As a result of this admitted violation and by a majority vote of the members of the Board at its October 2016 meeting, this Public Letter of Reprimand is to be placed in the Licensee's licensing file. As a result of the above stated violation, the Licensee agrees to the following:

1) Dr. Moore shall pay attorney's fees, investigative costs, and Board costs of $300.00 and a fine of $350.00, for a total due of $650.00. Dr. Moore shall pay the entire amount due of $650.00 by check or money order made payable to "Nevada State Board of Veterinary Medical Examiners" which must be received by the Board's office within 30 days of the date of the Board's approval of this Letter of Reprimand.

2) Dr. Moore will provide to the Board's office written evidence of successful completion of 20 hours of continuing education within 60 days of the date of the Board's approval of this Letter of Reprimand. The 20 hours of continuing education in this paragraph may not be counted toward Dr. Moore' continuing education requirements for renewal of his license.

3) Dr. Moore's renewal applications shall be audited for the next three renewal periods to assure that he has properly satisfied the continuing education requirements for each of those renewal periods.

4) Failure by Dr. Moore to comply with any term or condition of this Letter of Reprimand shall result in additional disciplinary action, up to and potentially including suspension or revocation of Dr. Moore' license.

PUBLIC LETTER OF REPRIMAND REGARDING:

SIRCY MOORE, D.V.M.
License #: 2174
Case # 05-2017DVM-34

The Nevada Board of Veterinary Medical Examiners filed a complaint against Sircy Moore, D.V.M. (Licensee) regarding his treatment of a 9-year-old female Labrador retriever named "Katie". After due investigation and consideration, the following facts regarding the complaint were discovered.

1) On June 29, 2017, the owner of a 9-year-old female Labrador retriever named "Katie" brought her to the Grateful Pet Animal Clinic (GPAC) to have her spayed as part of her participation in a neighborhood outreach program in which the owner was participating because of his straitened circumstances. Two days earlier, a veterinary assistant at GPAC had contacted the owner and given her instructions related to the pre-surgical care for Katie. The owner was an established client at GPAC through her ownership and treatment of another dog. As part of the community outreach program, GPAC had offered to perform the spay at no cost and had arranged to pick up and return Katie to the owner's home because the owner did not have a way to get Katie to GPAC.

2) On June 29, 2017, staff from GPAC (a veterinary assistant and the receptionist) visited the owner's home to pick up Katie for the spay surgery, and they presented authorization forms to the owner regarding the surgery. The owner signed the forms. The communication between GPAC's staff and the owner was apparently less than clear because the staff believed that the owner understood that if Katie was deemed a candidate for surgery, then the surgery would be performed without further communication with the owner whereas the owner understood that he would receive communication from GPAC prior to the performance of any surgery.

3) Prior to surgery, Dr. Moore physically examined Katie, including drawing blood that was tested pre-surgically. The blood test produced normal results except that the ALT was significantly elevated at 640 U/L where the normal range was 0-120 U/L. Dr. Moore did not communicate the elevated ALT level to the owner either prior to or after performing the spay surgery on Katie.

4) On June 29, 2017, Dr. Moore performed the spay surgery on Katie. Katie died at home approximately 12 hours after the surgery. Dr. Moore called the owner after learning of Katie's death and offered a post-mortem examination. A post-mortem examination was performed at GPAC, which showed that Katie had suffered post-surgical internal bleeding.

The Nevada Board of Veterinary Medical Examiners finds this conduct to be in

violation of applicable Nevada law and subject to disciplinary action. In particular, the Board finds that the above-described acts violated Nevada Revised Statutes (NRS) 638.140(1) (Violation of a Board Regulation) and Nevada Administrative Code (NAC) 638.046 (Violation of AVMA Principles of Veterinary Medical Ethics) and Principles of Veterinary Medical Ethics sections II(E) and VI(A) in that Dr. Moore did not communicate directly with the owner prior to performing the spay surgery on Katie and at no time communicated to the owner the elevated ALT level and how the elevated ALT level might affect Katie's health and treatment and the risk therein. While there is no definitive correlation to show that Katie's death was caused due to the high ALT levels in Katie's blood work, per the requirements of informed consent, Dr. Moore is required to share abnormal blood test results with the owner prior to surgery.

Should the Letter of Reprimand be rejected by the Board it is agreed that presentation to and consideration by the Board of such proposed Letter of Reprimand or other documents or matters pertaining to the consideration of this Letter of Reprimand, shall not unfairly or illegally prejudice the Board, or any of its members, from further participation, consideration, adjudication, or resolution of these proceedings, and that no Board member shall be disqualified or challenged for bias. If it is accepted by the Board, the Letter of Reprimand becomes a public document and will be reported to the National Veterinary Disciplinary Database of the American Association of Veterinary State Boards (AAVSB).

Through the signature of Licensee below, the Licensee agrees this conduct is a violation of the statutes and regulations detailed above. As a result of this admitted violation and by a majority vote of the members of the Board at its April 2018 meeting, this Public Letter of Reprimand is to be placed in the Licensee's licensing file. As a result of the above stated violation, the Licensee agrees to the following:

1) Dr. Moore shall pay attorney's fees, investigative costs, and Board costs of $782.50. Dr. Moore shall pay the entire amount due of $782.50 by check or money order made payable to "Nevada State Board of Veterinary Medical Examiners" which must be received by the Board's office within 30 days of the date of the Board's approval of this Letter of Reprimand.

2) Dr. Moore will provide to the Board's office written evidence of successful completion of 3 hours of continuing education related to veterinary ethics focused on improving his client communication skills.

3) Failure by Dr. Moore to comply with any term or condition of this Letter of Reprimand shall result in additional disciplinary action, up to and potentially including suspension or revocation of Dr. Moore' license.

PUBLIC LETTER OF REPRIMAND REGARDING:

SIRCY MOORE, D.V.M.
License #: 2174-A
Case #10-2019DVM-89

The Nevada Board of Veterinary Medical Examiners received a complaint against Sircy Moore, D.V.M. (Licensee) regarding Dr. Moore's treatment of 1½-year-old female miniature Poodle named Ellie. After investigation and consideration, the following facts regarding the complaint were discovered:

1) On September 13, 2019, the owner of a 1½-year-old female miniature Poodle named Ellie brought her to Dr. Mo's Kindred AH Spirits Animal Hospital (Kindred AH AH) with concerns about acute left hind leg lameness and pain. After an examination and obtaining radiographs, Dr. Moore diagnosed a left coxofemoral luxation. Dr. Moore sent Ellie home with pain medications and scheduled a surgery.

2) On September 16, 2019, Ellie was brought back to Kindred AH for surgery with Dr. Moore. Dr. Moore attempted to perform a left femoral head osteotomy via a dorsal approach. The surgery was unremarkable until after Dr. Moore transected the femoral head, at which time he could not remove it because, according to Dr. Moore, the femoral head had become lodged behind deeper tissue layers and he was unable to remove it. Rather than continue efforts to remove the femoral head, Dr. Moore stated he closed the incision, thus leaving the femoral head due to his concerns that a prolonged anesthesia could have resulted in complications for the patient. No anesthesia complications were recorded during the one hour anesthesia period.

3) Two days later, Ellie's owner became concerned when the incision became swollen and painful and attempted to take Ellie back to Kindred AH. However, Kindred AH was closed because Dr. Moore was out of town. Thereafter, on September 18 and 19, 2019, Ellie was taken to another veterinary hospital where it was noted that the incision site had swollen, so much so that by September 19, 2019, the swelling had progressed to a black coloration of the skin. The veterinarian at the second veterinary hospital recommended that Ellie be taken to a specialty hospital for a surgical consultation.

4) On September 19, 2019, Ellie was taken to a specialty hospital. At the specialty hospital, it was noted that Ellie had generalized weakness, hypotension, and incision site dehiscence with a large eschar and purulent exudate. Radiographs revealed

soft tissue swelling of the incision and a retained femoral head. The veterinarian at the specialty hospital diagnosed sepsis and began aggressive treatment to address the sepsis.

5) After two days at the specialty hospital, Ellie's condition had worsened and emergency surgery was recommended and Ellie's owner consented. The surgery involved removing the retained femoral head, obtaining a sample for aerobic culture, and amputation of the left hind leg.

6) Ellie suffered significant post-surgical complications for which she was at or taken to the specialty hospital on September 22-24, 25, 28, and 30 and October 1. On October 1, 2019, the owner opted for humane euthanasia which was performed without complication.

7) In the course of the Board's investigation of the instant matter, the Board's staff reviewed the medical records made by Dr. Moore at Kindred AH and determined that the records lacked documentation of surgery times, the types of anesthesia administered, and the doses of injectable medications administered.

The Nevada Board of Veterinary Medical Examiners finds this conduct to be in violation of applicable Nevada law. In particular, the Board finds that the above-described acts violated Nevada Revised Statutes (NRS) 638.140(5) (Incompetence), NRS 638.140(6) (Negligence) and NAC 638.045(2) (Negligence) and NAC 638.045(2) (Incompetence) where Dr. Moore knowingly did not remove the femoral head from Ellie's leg and closed the incision knowing that the femoral head remained in Ellie's body and did not establish a clear plan for prompt removal. Additionally, the Board finds this conduct to be in violation of NRS 638.140(1) (Violation of Board regulations) and NAC 639.0475 where Dr. Moore's records lacked documentation of surgery times, the types of anesthesia administered, and the doses of injectable medications administered.

Should the Letter of Reprimand be rejected by the Board it is agreed that presentation to and consideration by the Board of such proposed Letter of Reprimand or other documents or matters pertaining to the consideration of this Letter of Reprimand, shall not unfairly or illegally prejudice the Board, or any of its members, from further participation, consideration, adjudication, or resolution of these proceedings, and that no Board member shall be disqualified or challenged for bias. If it is accepted by the Board, the Letter of Reprimand becomes a public document and will be reported to the National Veterinary Disciplinary Database of the American Association of Veterinary State Boards (AAVSB).

Through the signature of Dr. Moore below, Dr. Moore admits this conduct is a violation of the statutes and regulations detailed above. As a result of this admitted violation and by a majority vote of the members of the Board at its July 2020 meeting, this Public Letter of Reprimand is to be placed in the Licensee's licensing file. As a result of the above stated violation, the Licensee agrees to the following:

1) Dr. Moore will pay the attorney fees, investigative costs, and Board costs of $880.00 by check or money order made payable to "Nevada State Board of Veterinary Medical Examiners" which must be received by the Board's office within 30 days of the date of the Board's approval of this Letter of Reprimand.

2) Dr. Moore will provide to the Board's office written evidence of successful completion of four hours of continuing education in orthopedic surgery in canines and two hours in medical recordkeeping within 60 days of the date of the Board's approval of this Letter of Reprimand. The six hours of continuing education in this paragraph may not be counted toward Dr. Moore's continuing education requirements for renewal of his license.

3) Failure by Dr. Moore to comply with any term or condition of this Letter of Reprimand shall result in additional disciplinary action, up to and potentially including suspension or revocation of Dr. Moore's license. Additionally, failure by Dr. Moore to comply with any term or condition of this Letter of Reprimand shall allow the Board's staff not to renew Dr. Moore's license until Dr. Moore remedies the failure to comply.

Designated Representative Application

Rev (04/22/2021)

An application for a license, or a licensee with a license, to conduct a pharmacy or to operate as a wholesaler shall designate at least one natural person to serve as the representative of the pharmacy or wholesaler. The Board will not issue or renew a license of an applicant or licensee that is required to designate a representative of a pharmacy or wholesaler unless the Board determines that the designated natural person meets the following qualifications per NAC 639.5005 (Pharmacy) or NAC 639.5935 (Wholesaler):

1. Is at least 21 years of age;
2. Has been employed for at least 6,000 hours in a pharmacy or with a wholesaler in a capacity related to the dispensing and distribution of, and recordkeeping related to, prescription drugs.

The designated representative of a pharmacy or a wholesaler:

1. Must be actively involved in and aware of the actual daily operations of the pharmacy or wholesaler;
2. Must be employed full-time in a managerial level position with the pharmacy or wholesaler;
3. Must be physically present at site of the pharmacy or at the facility of the wholesaler during regular business hours, except when the absence of the representative is authorized, including sick leaves, vacation leaves and other authorized absences; and
4. May serve in this representative capacity for only one pharmacy or wholesaler at a time

A pharmacy or wholesaler that is required to designate a natural person as its representative shall not open or operate the pharmacy or wholesaler unless that representative is actually employed full-time in the operation of the pharmacy or wholesaler and is physically present at the site of the pharmacy or wholesaler during regular working hours, not including sick leave, vacation leave and other authorized absences from work. If the natural person designated as the representative of a pharmacy leaves the employ of the pharmacy or wholesaler, thus leaving the pharmacy or wholesaler without a representative in violation of this section, the pharmacy or wholesaler shall:

1. Immediately cease conducting business until another qualified natural person is approved by the Board to serve as the representative of the pharmacy or wholesaler; and
2. Not later than 48 hours after that person leaves its employ, notify the Board that the person designated as the representative of the pharmacy or wholesaler has left the employ of the pharmacy or wholesaler.

Before a pharmacy or wholesaler, that is in violation of NAC 639.5005 (Pharmacy) or NAC 639.5935 (Wholesaler) because the natural person designated as the representative of the pharmacy or wholesaler left the employ of the pharmacy or wholesaler, may continue conducting business:

1. The pharmacy or wholesaler must designate, on a form provided by the Board, a new natural person to serve as the representative of the pharmacy; and
2. The Board must approve the natural person so designated.

Item BPC 4126.84126.8: *United States Pharmacopeia-National Formulary. The compounding of drug preparations by a pharmacy for furnishing, distribution, or use in this state shall be consistent with standards established in the pharmacy compounding chapters of the current version of the United States Pharmacopeia-National Formulary, including relevant testing and quality assurance. Our SOP for Environmental Monitoring of Pharmacy Classified Areas has just been updated to include ISO 8 ante room. Namely, microbial air sampling and non-viable particle counts are to be performed within the clean side of the demarcation at least every 6 months while surface sampling will occur monthly. The latest version of this SOP (PH.0005, rev. D) is included here for your review.

During the visit, you mentioned that our prescription labels do not specify routes of administration. This problem has been corrected. A sample of today's prescription label is included.

SOFIE From start to clinic	Environmental Monitoring of Pharmacy Classified Areas PH.0005	Page 1 of 8 Revision D	TRUE COPY

Purpose / Scope: This document describes the procedure for performing environmental monitoring (EM) in pharmacy classified areas certified as ISO 5, ISO 7, and ISO 8. For ISO 5 areas, this procedure applies to environmental monitoring (EM) of pharmacy ISO 5 enclosures that are dedicated for pharmacy use or used to compound pharmacy products regulated by USP compounding regulations. If manufacturing and dispensing activities are performed in the same ISO 5 enclosure on the same day, environmental monitoring during the dispensing of compounded radiopharmaceuticals will be performed per QC.0064, *Environmental Monitoring in ISO 5 Areas During Manufacturing* or equivalent SOP.

Compounding/dispensing can be performed by the operator by hand or by using the manipulator arms within the isolator-type dispensing hot cells. If these activities occur by hand, contact plate sampling of the operator's gloves is required. If they occur in an isolator cell, the glove contact plate sample should be taken using the manipulator finger to give a more accurate representation of the surface contacting the dose syringes.

Responsible: The Pharmacist in Charge (PIC) is responsible for the overall organization and completion of the environmental monitoring program described in this procedure. The pharmacy staff (pharmacists and/or pharmacy technicians) compounding or dispensing in ISO Class 5 conditions have the responsibility to execute the sampling associated with this environmental monitoring. Incubation, reading, and recording of results are the responsibility of QC technicians or designee.

Note: If this SOP is not compliant, or required, for the specific state in which the drug product is being compounded, Corporate Pharmacist – in – Charge must be contacted and must approve compliance with those State regulations pursuant to the practice of pharmacy.

Schedule: Environmental monitoring (EM) of ISO 5 enclosures during pharmacy compounding of final drug products using surface contact plates and glove/manipulator check plates is performed daily when in use and after the first compounded batch. Environmental monitoring of dedicated Pharmacy ISO 5 Enclosures during dispensing using surface contact plates and glove/manipulator check plates is performed after completion of all dispensing activities for that day and prior to cleaning. Microbial air sampling and non-viable particle counts are performed in the applicable ISO 5 Enclosures and ISO 8 areas (within the clean side of demarcation) at least every 6 months. Surface sampling of all classified areas (DHCs, ISO 7, and ISO 8 areas) will occur monthly.

Increased environmental monitoring is required:

- In conjunction with the certification of new facilities and equipment
- After any modification of facilities or equipment
- In response to identified trends (e.g., EM excursions or failed media-fill testing involving more than one operator where a review of the operator technique shows no reasonable flaws in process; repeated observations of air or surface contamination)
- In response to changes that could impact the controlled area environments (e.g., significant change in cleaning process or the agents involved)

Viable Particulates	A viable particle is a particle that contains one or more living microorganisms. These can affect the sterility of the pharmaceutical product and generally range from ~0.2µm to ~30µm in size.
Non-Viable Airborne Particulates	A non-viable particle is a particle that does not contain a living microorganism but acts as transportation for viable particles.
IPA	Isopropyl Alcohol (Decon-Ahol)
Dynamic Operating Conditions	Conditions in the classified area in which operating personnel are present and performing actual or simulated activities.

Procedure:

A. Viable Microbiological Monitoring in the ISO 5 Area

1. Viable microbial monitoring is performed on a routine basis and required for each day compounding occurs.
   a. If more than one batch is compounded on a given calendar day, EM should be taken after the first compounded batch of the day, before cleaning, and the plates from the batch should be taped, bagged, or otherwise kept together.
2. The microbiological monitoring of the ISO Class 5 areas will be performed using 3 different techniques to provide analysis of the microbiological status of the sampled areas.
   a. Glove Samples
      i. LAFH
         1. Glove monitoring should be performed by following the steps in **Figure 1** below. First: imprint index, middle, ring and little finger. Second: imprint thumb. Use the "rolling" technique described in QA.0008, *Aseptic Technique*.

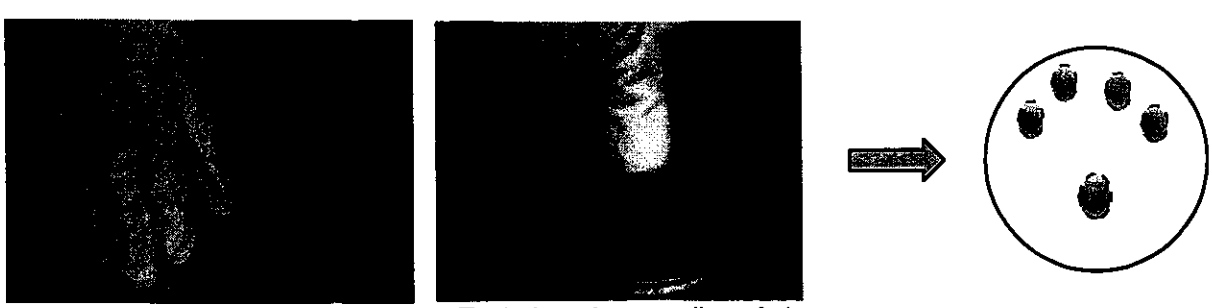

Figure 1: Technique for sampling of gloves

2. Repeat above steps to monitor the 2nd glove.

3. Label each plate with the operator's initials, date, and PH-GL (left glove) or PH-GR (right glove) to identify the location of sampling.
4. If contact plate sampling (section A.1.b., below) is performed immediately following glove sampling, the same gloves may be worn, proceed to step A.1.b.
5. Incubate as described in Incubation (section F below).
6. Record Results in Attachment 1: *Environmental Monitoring of Dedicated Pharmacy ISO 5 Enclosures and ISO 5 Enclosures for Compounded Drug Products*

ii. Isolator-type dispensing hot cells

Note: This section is only required for ISO 5 enclosures dedicated pharmacy dispensing only

1. At the end of dispensing each day, perform EM sampling of the manipulator finger pads as follows. Due to radiation safety concerns, this EM sampling may take place multiple hours after operations have ceased but must occur prior to cleaning the DHC for the next day's dispensing.
2. Carefully remove the lid from the contact plate without touching the media.
3. Imagine a line dividing the contact plate evenly in half; press one half of the contact plate media to the pad of the top manipulator finger pad, similarly to a glove touch sample, see **Figure 2**.
4. Press the other half of the contact plate media to the bottom manipulator finger pad.
5. Repeat steps 2 through 4 on the second manipulator arm.
6. Following sampling, carefully and thoroughly disinfect the manipulator finger pads with Steri-Perox or other higher-level disinfectant (70% sterile IPA may be used after to remove residue). Visually inspect the finger pads and replace prior to next use if deterioration is detected.
7. Label each plate with the operator's initials, date, and PH-ML (left manipulator finger) or PH-MR (right manipulator finger) to identify the location of sampling.
8. The contact plates will be secured (e.g. tape together or parafilm) with the accompanying EM plates and incubated according to Section F.

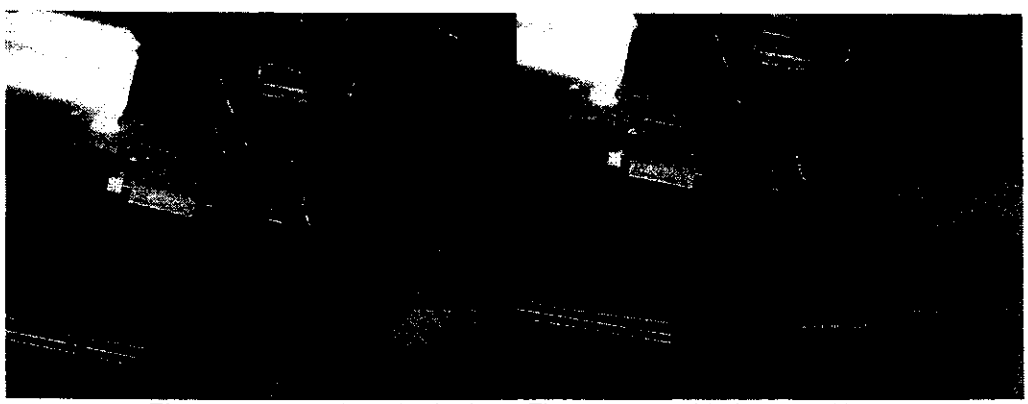

Figure 2: Sampling Manipulator Finger pads with Contact Plate

b. Contact Plates:
   i. Sanitize gloves prior to taking contact plate samples.
   ii. Carefully remove the lid of the contact plate and gently press the agar to the center of the work surface to be sampled using a rolling method.
   iii. Label the plate with the operator's initials, date, and PH-CP1 to identify the location of sampling.
   iv. Clean and wipe sampled surface with a sterile wipe wetted with IPA immediately after sampling.
   v. Incubate as described in Incubation (section F below).
   vi. Record Results in Attachment 1: *Environmental Monitoring of Dedicated Pharmacy ISO 5 Enclosures and ISO 5 Enclosures for Compounded Drug Products*.
c. Active Microbiological Air Sampling
   i. Active microbiological air sampling is required to be performed no less than every 6 months while compounding.
   ii. Sanitize gloves with IPA prior to sampling.
   iii. Sanitize the head of the air sampler with IPA. Allow to dry. Place a 90mm settling plate in the air sampler according to the instructions for the sampler.
   iv. Wipe the air sampler with IPA prior to introducing it to the ISO 5 enclosure.

v. Sample 1 m^3 (1000L). Ensure that the air sampling unit is set to the proper volume and flow rate necessary to sample 1 m^3. Refer to QC.0017, *Operation and Maintenance of the Lighthouse Microbiological Air Sampler*, for instructions on setting sampling parameters, if needed.
vi. Label the plate with the operator's initials, date, and PH-AS1 to identify the location of sampling.
vii. Incubate as described in Incubation (section F below).
viii. Record Results in Attachment 2: *Bi-Annual Viable and Non-Viable Air Sampling Environmental Monitoring of Dedicated Pharmacy ISO Class 5 Enclosures.*
ix. Document Sampling in Attachment 5: *Bi-Annual Viable and Non-Viable Air Sampling Environmental Monitoring During Compounding and Dispensing Log.*

B. Non-Viable Monitoring of ISO 5 Areas

1. Non-Viable particle counts are required to be performed no less than every 6 months while compounding in the ISO 5 area.
2. Set the sampling volume to 1ft^3. Follow the SOP appropriate to your model of particle counter (e. g. OP.0063, Procedure for Operation of the Climet CI 154 Particle Counter) to sample 1 ft^3.
3. Connect the particle counter to the sampling probe or dedicated sampling tubing, if present.
4. Sanitize the sampling probe with IPA and position it in the ISO 5 enclosure.
5. For pharmacy dedicated dispensing hot cells (DHC), the pass box in and pass box out, if present, will be sampled no less than every 6 months.
6. Record Results in Attachment 2: *Bi-Annual Viable and Non-Viable Air Sampling Environmental Monitoring During Compounding and Dispensing in an ISO Class 5 Enclosure.*
7. Document Sampling in Attachment 5: *Bi-Annual Viable and Non-Viable Air Sampling Environmental Monitoring During Compounding Log.*

C. Non-Viable and Viable Microbiological Monitoring of Cleanroom

1. Follow QC.0036, *Environmental Monitoring is ISO 7 Areas*
2. No additional monitoring is required as the sampling frequency required per QC.0036 exceeds regulatory requirements.

D. Viable Microbiological Monitoring in ISO 8 Areas

1. Environmental monitoring includes active air sampling and surface sampling using contact plates (see Section E).
2. Non-Viable particle sampling is completed during the certification process (biannually) of the cleanroom suite and additional sampling is not necessary.
3. Environmental monitoring will be performed in the clean side of the anteroom every 6 months.
4. Sampling Locations and Schedule
   a. Air sample and contact plate sampling locations shall be identified by each site.
      Note: contact sampling will occur monthly (see Section E).
   b. Number of air sampling locations will be determined by each site. (see 7. Active Air Sampling).
   c. Contact sample location will be determined by the site taking into consideration the most frequently touched surfaces.
5. A diagram showing the exact sampling locations and the justification for the locations shall be available in the ISO Class 8 area using Attachment 7, *ISO 8 Sample Locations.*
   a. An example of a precise sampling location could be, "contact plate sample of the lid used for the 7.5 size sterile gloves" or "contact plate sample the clean side of the gowning bench"
   b. The diagram and written justification of the sampling locations must be approved by Site QA/QAS and Director, Sterility Assurance or Microbiologist.
   c. The sampling diagram must be revised with each revision of this SOP.
6. All personnel performing sampling of the ISO 8 room along with all site QA personnel must train on the approved sampling diagram. After understanding the sampling diagram said personnel must sign the approved diagram to attest that they have reviewed and understand the precise sampling locations.
7. Active Air Sampling
   a. The number of samples required will be determined by calculating the area of the clean zone in meters.
      i. Calculate the number of samples to be taken in the clean zone by using the following equation:

$$N \text{ (number of samples)} = \sqrt{A} \text{ (area in meters)}$$

Example: The area of the clean zone of the anteroom in Romeoville (IL1) was measured to be 3.058 meters. The number of viable air samples the site will take every 6 months under dynamic conditions are 2.

b. Sanitize gloves with IPA prior to sampling.
c. Sanitize the head of the air sampler with IPA. Allow to dry. Place a 90mm settling plate in the air sampler according to the instructions for the sampler.
d. Sample 1 m3 (1000L). Ensure that the air sampling unit is set to the proper volume and flow rate necessary to sample 1 m3. Refer to QC.0017 for instructions on setting sampling parameters, if needed.
e. Label the plate with the operator's initials, date, and the location of sampling.
f. Repeat b – e for additional sampling locations.
g. Incubate plates as described in Incubation (section F).
h. Record results in Attachment 3: *Bi-Annual Environmental Monitoring of ISO 8 Areas.*
i. Document sampling in Attachment 6: *Log for Biannual ISO 8 Air Sampling and Monthly Surface Sampling.*

E. Surface Sampling of Classified Areas

1. Surface sampling must occur monthly using contact plates after use and before cleaning. Surface areas included in this sampling include all DHC (TEMA, Comecer, Von Gahlen, and Radiation Shielding) pre-chambers (PH-PC) and pass boxes (PH-PBI / PH-PBO), cleanroom pass throughs (PH-PT1, PH-PT2, PH-PT3), and the location designated by each site in the ISO 8 area (AR-CP1).
2. Sanitize gloves with IPA prior to taking contact plate samples.
3. Carefully remove the lid of the contact plate and gently press the agar to the center of the work surface to be sampled using a rolling method.
4. Label the plate with the operator's initials, date, and sample location code to identify the location of sampling.
5. Wipe the sampled area using a sterile wipe wetted with IPA.
6. Incubate as described in Incubation (section F below).
7. Record Results in Attachment 4: *Monthly Surface Sampling of Classified Areas.*
   Note: For PH-PBI and PH-PBO (Pass box in and pass box out) of dispensing hot cells, the limit will be determined by ISO classification determined for the pass box (ISO 7 or ISO 8) at the facility.
8. Document sampling in Attachment 6: *Log for Biannual ISO 8 Air Sampling and Monthly Surface Sampling.*

F. Incubation

1. After plates have been sampled, secure together each set of samples (with tape or parafilm) and incubate to allow possible microbiological contamination to grow.
2. Plates must be incubated in an inverted position (i.e. sitting on the closed lid of the plate).
3. Incubate plates:
   a. Not Less Than (NLT) 48 hours (max 4 days or 96 hours) at 30°C to 35°C, followed by
   b. NLT 120 hours (max 7 days or 168 hours) at 20°C to 25°C.

   Note: Plates should be moved as soon as possible to obtain results and the upper bounds should only be used for extenuating circumstances (weekends, holidays, etc.). Additionally, plates must be moved immediately following a holiday/long weekend/weather event in which the facility was not operational and thus plates could not be moved. A deviation is not required for plates exceeding the maximum incubation timeframe if the plates could not be moved due to the facility not being operational (e.g., holiday, weather event, etc.) and the plates were moved the first operational day following the extended shut-down.
   c. Time of incubation will be documented in days and hours after the minimum number of hours of incubation have been met.
      i. Ensure the max number of days/hours for incubation has not been exceeded.
      ii. For example, plates were incubated on 14 May 20 at 07:00 and removed from incubation on 17 May 20 at 13:00 then total incubation time would be documented as 3 days 6 hours.
4. The plates must be removed, analyzed by laboratory personnel, and any recovered CFU recorded on the appropriate attachment after the initial incubation (30°C-35°C) and after the final incubation (20°C-25°C) period. Record results on appropriate attachment.
5. If a plate shows growth (either passing or failing results) after initial incubation, move plates to the second incubator to continue the incubation process. If growth is observed, alert site QA/QAS and PIC.
6. If a temperature excursion occurs per OP.0017, *Records of Temperature*, initiate a deviation per QA.0003, *Deviation Procedure*, and assess the impact to the plates.

G. Results

1. The QC technician, or designee will visually inspect all sample plates to establish if any microbiological growth has occurred by holding plates up to a light source
2. Growth media is to be visually verified and reviewed by QA/QAS prior to disposal or shipment of plates.
3. Colony forming units (CFU) are counted and recorded for each plate after initial incubation and final incubation.
   a. A CFU is defined as individual colonies of bacteria, yeast or mold. A colony of bacteria or yeast refers to a mass of individual cells of the same organism, growing together. Colonies may be distinguished by visual traits such as color, texture, margin, elevation, form, and opacity.
   b. Overlapping or split colonies with clearly distinguishable morphologies must be counted as individual CFU.
   c. Spreading colonies of the same morphology should be identified and counted as a single CFU.
   d. Plates in which there are too many CFU to practically count may be considered "too numerous to count" by the individual reading the plate. Record "TNTC" for the amount of CFU on the EM results form.
4. Any viable count (CFU) found in the ISO 5 area shall be identified to genus and species. Plate(s) must be sent to a contract test laboratory per QA.0022, *Shipment of Microbiological Samples*.
5. All plates used to sample ISO 8 areas (anteroom and pass throughs) containing suspected molds must be shipped for identification per QA.0022.
   a. Sequencing to genus and species must be ordered for all morphologies suspected of being molds.
   b. Molds appear on agar as filamentous, fuzzy, cottony, powdery, spreading and/or thread-like. When in doubt, treat growths as if they are mold.
6. An investigation per QA.0058, *Environmental Monitoring Review, Remediation, and Excursion Investigation* must be initiated for samples with results that exceed the acceptance criteria limits as specified in Table 1 and samples with organism identification results as specified in Table 2.
   a. An assessment may need to be performed to determine if additional corrective action is necessary.
7. **Remediation**
   a. If the ISO 5 results exhibit growth, the area must be cleaned with a sporicidal agent, such as Spor-Klenz, Hypo-Chlor or a sporicidal agent, as specified in QA.0058.
      i. This cleaning must be performed within 3 business days upon confirmation of the growth. The cleaning must be documented on the area's cleaning log.
      ii. Required cleanings must be communicated to the designated technician(s). The communication may be done verbally or in writing.
   b. Upon recovery of any growth appearing to be mold, growth exceeding the action limit, growth identified as an objectionable organism, and/or spore former in the ISO 8 area the entire cleanroom suite area must be cleaned following the monthly cleaning regime in QA.0027, *Cleaning and Disinfection of ISO 7 Classified Rooms*, with a sporicidal agent, such as Spor-Klenz or Hypo-Chlor as specified in QC.0054.
      i. This cleaning must be performed as soon as possible, no more than 3 calendar days upon confirmation of the non-conformity, visual identification of the mold, or receipt of identification report. The cleaning must be documented on the area's cleaning log.
      ii. Required cleanings must be communicated to the designated technician(s). The communication may be done verbally or in writing.
   c. In some states the Board of Pharmacy (BOP) requires notification of EM recoveries or non-viable excursions. In this instance, if regulatory notification is required to the state BOP if any growth or excursions are observed, record this observation in the EM form. The facility Pharmacist in Charge (PIC) (or corporate PIC as applicable) should be consulted to determine if this requirement applies to the specific SOFIE location.
      Note: EM data after remediation may be required by state Board of Pharmacy.
      i. If notification is required, document the date the notification was sent.
      ii. N/A the section if this section is not applicable to the site.
   d. Increased EM may be required under the following conditions and will be captured in QA.0058, change controls, or CAPAs. Director, Sterility Assurance will be consulted as necessary.
      i. In conjunction with the certification of new facilities and equipment.
      ii. After any modification of facilities or equipment (significant repairs).
      iii. In response to identified trends (e.g., repeat EM excursions or trends, failed media fails involving more than one operator where a review of the operator technique shows no reasonable flaws in process; repeated observations of air or surface contamination).
      iv. In response to changes that could impact the controlled area environments (e.g., significant change in cleaning process or the agents involved).

Revision History:

Revision	Issue Date	Reference #	Details of Change
A	28 Jun 2016	N/A	Initial release.
B	28 Jul 2017	DC-ZEV-2017-026	Updated to Pharmacist in Charge in responsibilities section for Pharmacy SOP. Added statement to comply with specific State regulations pursuant to the practice of pharmacy over this SOP when applicable.
C	30 Apr 19	DC-2019-009	Reformatted to QA.0001-00C format and streamlined EM forms. Revised to allow for manipulator fingers to be sampled in dispensing hot cells (the surface being sampled must be thoroughly wiped clean after sampling). Added more clarity for review of EM plates. Require remediation of any CFU isolates to align with changes to QA.0058. Added more detailed instructions for glove touch sampling. Renamed glove contact plate names to PH-GR/GL to align with the QC.0064 naming format.
D	09 Jul 20	CC-2019-048 CC-2019-048-A1	Updated the incubation scheme to reflect current guidance and pending USP <825> release. Added that number of CFU recovered must be documented after initial and final incubation. Attachments were updated to allow this documentation. Added the requirement for ISO 8 environmental monitoring and surface sampling requirement of classified areas. Added ISO 7 environmental section that directs operator to appropriate procedure. Changed EM requirement during compounding from after each batch to daily. Added stipulations for when increased monitoring is required. Added additional acceptance criteria due to new EM requirements and additional attachments. Added remediation steps for ISO 8 areas.

PART I

ITEM 1. BUSINESS

GENERAL DEVELOPMENT OF BUSINESS

Abbott Laboratories is an Illinois corporation, incorporated in 1900. Abbott's* principal business is the discovery, development, manufacture, and sale of a broad and diversified line of health care products.

NARRATIVE DESCRIPTION OF BUSINESS

Abbott has four reportable segments: Established Pharmaceutical Products, Diagnostic Products, Nutritional Products, and Medical Devices.

Established Pharmaceutical Products

These products include a broad line of branded generic pharmaceuticals manufactured worldwide and marketed and sold outside the United States in emerging markets. These products are generally sold directly to wholesalers, distributors, government agencies, health care facilities, pharmacies, and independent retailers from Abbott-owned distribution centers and public warehouses, depending on the market served. Certain products are co-marketed or co-promoted with, or licensed from, other companies.

The principal products included in the broad therapeutic area portfolios of the Established Pharmaceutical Products segment are:

- gastroenterology products, including Creon™, for the treatment of pancreatic exocrine insufficiency associated with several underlying conditions, including cystic fibrosis and chronic pancreatitis; Duspatal™ and Dicetel™, for the treatment of irritable bowel syndrome or biliary spasm; Heptral™, Transmetil™, and Samyr™, for the treatment of intrahepatic cholestasis (associated with liver disease) or depressive symptoms; and Duphalac™, for regulation of the physiological rhythm of the colon;
- women's health products, including Duphaston™, for the treatment of many different gynecological disorders; and Femoston™, a hormone replacement therapy for postmenopausal women;
- cardiovascular and metabolic products, including Lipanthyl™ and TriCor™, for the treatment of dyslipidemia; Teveten™ and Teveten™ Plus, for the treatment of essential hypertension, and Physiotens™, for the treatment of hypertension; and Synthroid™, for the treatment of hypothyroidism;
- pain and central nervous system products, including Serc™, for the treatment of Ménière's disease and vestibular vertigo; Brufen™, for the treatment of pain, fever, and inflammation; and Sevedol™, for the treatment of severe migraines; and
- respiratory drugs and vaccines, including the anti-infective clarithromycin (sold under the trademarks Biaxin™, Klacid™, and Klaricid™); and Influvac™, an influenza vaccine.

The Established Pharmaceutical Products segment directs its primary marketing efforts toward building strong brands with key stakeholders, including consumers, pharmacists, physicians, and other healthcare providers. Government agencies are also important customers.

Competition in the Established Pharmaceutical Products segment is generally from other health care and pharmaceutical companies. In addition, the substitution of generic drugs for the brand prescribed and introduction of additional forms of already marketed established products by generic or branded competitors may increase competitive pressures.

PART I

ITEM 1. BUSINESS

GENERAL DEVELOPMENT OF BUSINESS

Abbott Laboratories is an Illinois corporation, incorporated in 1900. Abbott's* principal business is the discovery, development, manufacture, and sale of a broad and diversified line of health care products.

NARRATIVE DESCRIPTION OF BUSINESS

Abbott has four reportable segments: Established Pharmaceutical Products, Diagnostic Products, Nutritional Products, and Medical Devices.

Established Pharmaceutical Products

These products include a broad line of branded generic pharmaceuticals manufactured worldwide and marketed and sold outside the United States in emerging markets. These products are generally sold directly to wholesalers, distributors, government agencies, health care facilities, pharmacies, and independent retailers from Abbott-owned distribution centers and public warehouses, depending on the market served. Certain products are co-marketed or co-promoted with, or licensed from, other companies.

The principal products included in the broad therapeutic area portfolios of the Established Pharmaceutical Products segment are:

- gastroenterology products, including Creon™, for the treatment of pancreatic exocrine insufficiency associated with several underlying conditions, including cystic fibrosis and chronic pancreatitis; Duspatal™ and Dicetel™, for the treatment of irritable bowel syndrome or biliary spasm; Heptral™, Transmetil™, and Samyr™, for the treatment of intrahepatic cholestasis (associated with liver disease) or depressive symptoms; and Duphalac™, for regulation of the physiological rhythm of the colon;
- women's health products, including Duphaston™, for the treatment of many different gynecological disorders; and Femoston™, a hormone replacement therapy for postmenopausal women;
- cardiovascular and metabolic products, including Lipanthyl™ and TriCor™, for the treatment of dyslipidemia; Teveten™ and Teveten™ Plus, for the treatment of essential hypertension, and Physiotens™, for the treatment of hypertension; and Synthroid™, for the treatment of hypothyroidism;
- pain and central nervous system products, including Serc™, for the treatment of Ménière's disease and vestibular vertigo; Brufen™, for the treatment of pain, fever, and inflammation; and Sevedol™, for the treatment of severe migraines; and
- respiratory drugs and vaccines, including the anti-infective clarithromycin (sold under the trademarks Biaxin™, Klacid™, and Klaricid™); and Influvac™, an influenza vaccine.

The Established Pharmaceutical Products segment directs its primary marketing efforts toward building strong brands with key stakeholders, including consumers, pharmacists, physicians, and other healthcare providers. Government agencies are also important customers.

Competition in the Established Pharmaceutical Products segment is generally from other health care and pharmaceutical companies. In addition, the substitution of generic drugs for the brand prescribed and introduction of additional forms of already marketed established products by generic or branded competitors may increase competitive pressures.

PART I

ITEM 1. BUSINESS

GENERAL DEVELOPMENT OF BUSINESS

Abbott Laboratories is an Illinois corporation, incorporated in 1900. Abbott's* principal business is the discovery, development, manufacture, and sale of a broad and diversified line of health care products.

NARRATIVE DESCRIPTION OF BUSINESS

Abbott has four reportable segments: Established Pharmaceutical Products, Diagnostic Products, Nutritional Products, and Medical Devices.

Established Pharmaceutical Products

These products include a broad line of branded generic pharmaceuticals manufactured worldwide and marketed and sold outside the United States in emerging markets. These products are generally sold directly to wholesalers, distributors, government agencies, health care facilities, pharmacies, and independent retailers from Abbott-owned distribution centers and public warehouses, depending on the market served. Certain products are co-marketed or co-promoted with, or licensed from, other companies.

The principal products included in the broad therapeutic area portfolios of the Established Pharmaceutical Products segment are:

- gastroenterology products, including Creon™, for the treatment of pancreatic exocrine insufficiency associated with several underlying conditions, including cystic fibrosis and chronic pancreatitis; Duspatal™ and Dicetel™, for the treatment of irritable bowel syndrome or biliary spasm; Heptral™, Transmetil™, and Samyr™, for the treatment of intrahepatic cholestasis (associated with liver disease) or depressive symptoms; and Duphalac™, for regulation of the physiological rhythm of the colon;
- women's health products, including Duphaston™, for the treatment of many different gynecological disorders; and Femoston™, a hormone replacement therapy for postmenopausal women;
- cardiovascular and metabolic products, including Lipanthyl™ and TriCor™, for the treatment of dyslipidemia; Teveten™ and Teveten™ Plus, for the treatment of essential hypertension, and Physiotens™, for the treatment of hypertension; and Synthroid™, for the treatment of hypothyroidism;
- pain and central nervous system products, including Serc™, for the treatment of Ménière's disease and vestibular vertigo; Brufen™, for the treatment of pain, fever, and inflammation; and Sevedol™, for the treatment of severe migraines; and
- respiratory drugs and vaccines, including the anti-infective clarithromycin (sold under the trademarks Biaxin™, Klacid™, and Klaricid™); and Influvac™, an influenza vaccine.

The Established Pharmaceutical Products segment directs its primary marketing efforts toward building strong brands with key stakeholders, including consumers, pharmacists, physicians, and other healthcare providers. Government agencies are also important customers.

Competition in the Established Pharmaceutical Products segment is generally from other health care and pharmaceutical companies. In addition, the substitution of generic drugs for the brand prescribed and introduction of additional forms of already marketed established products by generic or branded competitors may increase competitive pressures.

* As used throughout the text of this report on Form 10-K, the term "Abbott" refers to Abbott Laboratories, an Illinois corporation, or Abbott Laboratories and its consolidated subsidiaries, as the context requires.

PART I

ITEM 1. BUSINESS

GENERAL DEVELOPMENT OF BUSINESS

Abbott Laboratories is an Illinois corporation, incorporated in 1900. Abbott's* principal business is the discovery, development, manufacture, and sale of a broad and diversified line of health care products.

NARRATIVE DESCRIPTION OF BUSINESS

Abbott has four reportable segments: Established Pharmaceutical Products, Diagnostic Products, Nutritional Products, and Medical Devices.

Established Pharmaceutical Products

These products include a broad line of branded generic pharmaceuticals manufactured worldwide and marketed and sold outside the United States in emerging markets. These products are generally sold directly to wholesalers, distributors, government agencies, health care facilities, pharmacies, and independent retailers from Abbott-owned distribution centers and public warehouses, depending on the market served. Certain products are co-marketed or co-promoted with, or licensed from, other companies.

The principal products included in the broad therapeutic area portfolios of the Established Pharmaceutical Products segment are:

- gastroenterology products, including Creon™, for the treatment of pancreatic exocrine insufficiency associated with several underlying conditions, including cystic fibrosis and chronic pancreatitis; Duspatal™ and Dicetel™, for the treatment of irritable bowel syndrome or biliary spasm; Heptral™, Transmetil™, and Samyr™, for the treatment of intrahepatic cholestasis (associated with liver disease) or depressive symptoms; and Duphalac™, for regulation of the physiological rhythm of the colon;
- women's health products, including Duphaston™, for the treatment of many different gynecological disorders; and Femoston™, a hormone replacement therapy for postmenopausal women;
- cardiovascular and metabolic products, including Lipanthyl™ and TriCor™, for the treatment of dyslipidemia; Teveten™ and Teveten™ Plus, for the treatment of essential hypertension, and Physiotens™, for the treatment of hypertension; and Synthroid™, for the treatment of hypothyroidism;
- pain and central nervous system products, including Serc™, for the treatment of Ménière's disease and vestibular vertigo; Brufen™, for the treatment of pain, fever, and inflammation; and Sevedol™, for the treatment of severe migraines; and
- respiratory drugs and vaccines, including the anti-infective clarithromycin (sold under the trademarks Biaxin™, Klacid™, and Klaricid™); and Influvac™, an influenza vaccine.

The Established Pharmaceutical Products segment directs its primary marketing efforts toward building strong brands with key stakeholders, including consumers, pharmacists, physicians, and other healthcare providers. Government agencies are also important customers.

Competition in the Established Pharmaceutical Products segment is generally from other health care and pharmaceutical companies. In addition, the substitution of generic drugs for the brand prescribed and introduction of additional forms of already marketed established products by generic or branded competitors may increase competitive pressures.

PART I

ITEM 1. BUSINESS

GENERAL DEVELOPMENT OF BUSINESS

Abbott Laboratories is an Illinois corporation, incorporated in 1900. Abbott's* principal business is the discovery, development, manufacture, and sale of a broad and diversified line of health care products.

NARRATIVE DESCRIPTION OF BUSINESS

Abbott has four reportable segments: Established Pharmaceutical Products, Diagnostic Products, Nutritional Products, and Medical Devices.

Established Pharmaceutical Products

These products include a broad line of branded generic pharmaceuticals manufactured worldwide and marketed and sold outside the United States in emerging markets. These products are generally sold directly to wholesalers, distributors, government agencies, health care facilities, pharmacies, and independent retailers from Abbott-owned distribution centers and public warehouses, depending on the market served. Certain products are co-marketed or co-promoted with, or licensed from, other companies.

The principal products included in the broad therapeutic area portfolios of the Established Pharmaceutical Products segment are:

- gastroenterology products, including Creon™, for the treatment of pancreatic exocrine insufficiency associated with several underlying conditions, including cystic fibrosis and chronic pancreatitis; Duspatal™ and Dicetel™, for the treatment of irritable bowel syndrome or biliary spasm; Heptral™, Transmetil™, and Samyr™, for the treatment of intrahepatic cholestasis (associated with liver disease) or depressive symptoms; and Duphalac™, for regulation of the physiological rhythm of the colon;
- women's health products, including Duphaston™, for the treatment of many different gynecological disorders; and Femoston™, a hormone replacement therapy for postmenopausal women;
- cardiovascular and metabolic products, including Lipanthyl™ and TriCor™, for the treatment of dyslipidemia; Teveten™ and Teveten™ Plus, for the treatment of essential hypertension, and Physiotens™, for the treatment of hypertension; and Synthroid™, for the treatment of hypothyroidism;
- pain and central nervous system products, including Serc™, for the treatment of Ménière's disease and vestibular vertigo; Brufen™, for the treatment of pain, fever, and inflammation; and Sevedol™, for the treatment of severe migraines; and
- respiratory drugs and vaccines, including the anti-infective clarithromycin (sold under the trademarks Biaxin™, Klacid™, and Klaricid™); and Influvac™, an influenza vaccine.

The Established Pharmaceutical Products segment directs its primary marketing efforts toward building strong brands with key stakeholders, including consumers, pharmacists, physicians, and other healthcare providers. Government agencies are also important customers.

Competition in the Established Pharmaceutical Products segment is generally from other health care and pharmaceutical companies. In addition, the substitution of generic drugs for the brand prescribed and introduction of additional forms of already marketed established products by generic or branded competitors may increase competitive pressures.
