This Power of Attorney is made and executed pursuant to and by authority of the following By-laws and Authorizations of The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company which resolutions are now in full force and effect reading as follows:

ARTICLE IV – OFFICERS: Section 12. Power of Attorney
Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and execution of any such instruments and to attach thereto the seal of the Corporation. When so executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

ARTICLE XIII - Execution of Contracts: Section 5. Surety Bonds and Undertakings.
Any officer of the Company authorized for that purpose in writing by the chairman or the president, and subject to such limitations as the chairman or the president may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Company by their signature and execution of any such instruments and to attach thereto the seal of the Company. When so executed such instruments shall be as binding as if signed by the president and attested by the secretary.

Certificate of Designation – The President of the Company, acting pursuant to the Bylaws of the Company, authorizes David M. Carey, Assistant Secretary to appoint such attorneys-infact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization – By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Renee C. Llewellyn, the undersigned, Assistant Secretary, of Liberty Mutual Insurance Company, The Ohio Casualty Insurance Company, and West American Insurance Company do hereby certify that this power of attorney executed by said Companies is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Companies this 21st day of December, 2021

Liberty Mutual.
SURETY

As part of its business continuity efforts during the pendency of the COVID-19 pandemic, Liberty Mutual Insurance Company ("LMIC") on behalf of itself and the companies listed below has authorized its Attorneys-in-Fact to affix its corporate seal for surety obligations in a digital format in lieu of its traditional raised seal to any bond issued on its behalf by any such Attorney-in-Fact:

Liberty Mutual Insurance Company
Liberty Mutual Fire Insurance Company
The Ohio Casualty Insurance Company
West American Insurance Company
Safeco Insurance Company of America
American States Insurance Company

LMIC agrees and affirms on behalf of itself and the other companies listed herein, that the digital corporate seal referenced above has the same binding effect when affixed to a bond or a Power of Attorney document as if it were a raised corporate seal.

Effective this 23rd day of March, 2020.

History of Business

Mylan Pharmaceuticals, a subsidiary of Mylan Inc., was incorporated in West Virginia in 1961 and began as a private label manufacturer. In 1965, Mylan began manufacturing generic drug products under its own label. The Greensboro location, the only national distribution center for Mylan, began operations in June 1988. Operations were moved to the current facility in 1998, which was expanded in 2006 and again in 2012. In 2020, Mylan merged with Upjohn to form a new company, Viatris; at the time of this inspection, transition into the new corporate entity was almost complete.

Person(s) Interviewed and Individual Responsibilities

Credentials were presented to, and Notice of Inspection issued to Mr. Matthew Dildy, Senior Manager, Distribution Services. He and Mr. Bob Teper, Director of Distribution Operations, Ms. Janet Kinsley, Director of Quality, Compliance, Ms. Elizabeth Joyce, Manager of Regulatory Compliance/Inventory Control, accompanied me throughout the visual inspection of the facility, and arranged for collection of written procedures and all answered questions and provided information regarding operations.

Background

This visit was an initial inspection of this virtual manufacturer. The purpose of this inspection was to verify compliance relative to NCGS §106 Article 12A (Wholesale Prescription Drug Distributors). Mylan maintains an active Third-party Logistics Provider license #094-372 in good standing with NCDA&CS at this facility. And was issued the Virtual Manufacturer license number 092-1890.

There were no objectionable conditions noted during the previous inspection conducted by NCDA&CS on 10/17/2023, and an observation sheet was not issued.

Operations

This facility distributes generic prescription drug products and biosimilars manufactured by Mylan Pharmaceuticals and affiliated manufacturers: Mylan Institutional, Mylan Specialty, Mylan Respiratory, Viatris Specialty, and Greenstone; Viatris Specialty and Greenstone are virtual manufacturers with corporate offices located at this facility. Manufacturing firm(s) not associated with Mylan are contracted for some product(s). Currently, the majority of products are oral solid dose (OSD).

The warehouse currently consists of approximately 485,000 square feet of storage space. It was expanded in 2006 by the addition of 156,177 square feet of space, including 31,168 square feet of mezzanine area, and again in 2012 by the addition of 162,000 square feet of space. As a result of the expansion, the warehouse is physically separated into three sections by firewalls. In 2023, the security cage previously used for storage of schedule III – V controlled substances was decommissioned to allow for storage of non-controlled drug products. All schedule III – V controlled substances are being stored in the vault, along with schedule II controlled substances.

The original warehouse area, known as Phase I, contains two walk-in refrigerated storage areas of approximately 15,000 square feet each. This section of the facility contains the shipping and receiving area for all controlled substances, a vault for the storage of schedule II - V controlled substances, and a Free Trade Zone for export products; a segregated and secured area for returned products awaiting disposition and damaged or outdated products awaiting destruction by a contract service provider is also located in Phase I. The second warehouse expansion, known as Phase II, is primarily used for the storage of products supplied by Mylan divisions, order fulfillment, and a shipping area and for outbound shipments. The last expansion, known as Phase III, is used for receiving inbound deliveries, and for bulk storage of products and some order fulfillment.

The entire warehouse is environmentally controlled, with temperature and relative humidity probes placed at strategic locations; data is downloaded and electronically stored at routine intervals. Personnel are notified of any temperature or humidity excursions outside established parameters.

The virtual manufacturer storage and quarantine area will be housed inside of office #116. A datalogger will be maintained to monitor/record storage conditions. This was necessary for regulatory reasons and probably will never be utilized. It shares the same security measures as the rest of the facility. Mylan Institutional, Inc. will be contractions third party manufacturers which have the required equipment necessary to comply with good manufacturing practices to produce its products. Accordingly, Mylan will never actually physically manufacture or distribute any legend or controlled substance product. Also, all distribution of its products to wholesalers, hospitals, pharmacies, and community pharmacies will be conducted by a third party logistic provider.

The facility is surrounded by chain-link fencing and access to the property is controlled by security personnel on-site 24/7. Access to all areas of the warehouse is limited by card-swipe entry. Security cameras are used throughout the facility. Generators are available for use during a loss of power, and two compressors, used in an alternating method, are used for maintaining temperature in the refrigerated storage areas.

Products are inspected upon receipt, and bar-code scanned for entry into the ERP computer inventory system. Products are scanned again when pulled to fill orders, providing verification of correct item, quantity, location, and a "real-time" inventory count. Cycle counts of non-controlled substances are performed daily, the drug vault and cage are inventoried daily, and full physical inventories of controlled substances are performed quarterly with the DEA-required biennial inventory every year. All products are cycle counted four times per year regardless of volume and value. Quality Control is responsible for product status in the inventory system (Hold, Unrestricted, etc.), and Inventory Control can adjust product counts. Product rotation is at the discretion of the client, but is typically FEFO (first expired, first out); item selection for order fulfillment is controlled by the ERP system, which automatically blocks inventory items with less than six months of shelf life.

Observations

There were no significant objectionable conditions noted during this inspection, and an observation sheet was not issued

Compliance

This facility will be re-inspected on a routine annual or as-needed basis.

SINTETICA US LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 301 CARNEGIE CENTER, Princeton, NJ, 08540 (Address of Applicant/Principal), as PRINCIPAL, and Atlantic Specialty Insurance Company (Surety Company), a corporation organized under the laws of the state of New York (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is One State Street Plaza, Floor 31 NEW YORK NY 10004 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on Jun 13, 2024 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 18th day of June, 20 24.

Hello-
The Board does not license these facilities.

Please review the Drug Control Program's website to determine if a registration is required by that agency:

Home state - Massachusetts

Massachusetts only licenses facilities distributing controlled substances.

The facility does not handle prescription drugs recognized as controlled substances in Massachusetts, therefore no home license is needed.

Attached is an email from the MA Board of Pharmacy that confirms the facility located in Chelmsford, MA does not need a home state license.

For more information, see Massachusetts Controlled Substance Registration:

https://www.mass.gov/orgs/massachusetts-controlled-substances-registration.

Good morning,

I am responsible for maintaining state licenses for all the Teleflex facilities.

Our facility in Massachusetts manufactures Intra-Aortic Balloon (IAB) Pumps which are designed to assist patients who need mechanical circulatory support during cardiac events. The IAB Pump uses Helium to inflate and deflate the balloon. In connection with the distribution of the IAB Pumps, the facility will distribute Helium tanks, which are labeled as "Rx-Only".

Bases upon our reading of the Pharmacy law, the facility is not required to be licenses in MA.
In connection with sales/shipments of the products into the other states, we need to obtain wholesaler/manufacturer licenses. Most applications require a copy of the home state license.
Would it be possible to get a letter from the MA Board of Pharmacy to confirm that the facility does not need a home license?

Let me know if you need more information.

Kind regards

Bettina

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 800142112

Application/License No. _____

Teleflex LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 16 Elizabeth Drive, Chelmsford, MA 01824 (Address of Applicant/Principal), as PRINCIPAL, and Atlantic Specialty Insurance Company (Surety Company), a corporation organized under the laws of the state of New York (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 605 Highway 169 North, Suite 800, Plymouth, MN 55441 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on July 17, 2024 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

KNOW ALL MEN BY THESE PRESENTS, that ATLANTIC SPECIALTY INSURANCE COMPANY, a New York corporation with its principal office in Plymouth, Minnesota, does hereby constitute and appoint: Bianca M. Phillips, each individually if there be more than one named, its true and lawful Attorney-in-Fact, to make, execute, seal and deliver, for and on its behalf as surety, any and all bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof; provided that no bond or undertaking executed under this authority shall exceed in amount the sum of: **unlimited** and the execution of such bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof in pursuance of these presents, shall be as binding upon said Company as if they had been fully signed by an authorized officer of the Company and sealed with the Company seal. This Power of Attorney is made and executed by authority of the following resolutions adopted by the Board of Directors of ATLANTIC SPECIALTY INSURANCE COMPANY on the twenty-fifth day of September, 2012:

Resolved: That the President, any Senior Vice President or Vice-President (each an "Authorized Officer") may execute for and in behalf of the Company any and all bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof, and affix the seal of the Company thereto; and that the Authorized Officer may appoint and authorize an Attorney-in-Fact to execute on behalf of the Company any and all such instruments and to affix the Company seal thereto; and that the Authorized Officer may at any time remove any such Attorney-in-Fact and revoke all power and authority given to any such Attorney-in-Fact.

Resolved: That the Attorney-in-Fact may be given full power and authority to execute for and in the name and on behalf of the Company any and all bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof, and any such instrument executed by any such Attorney-in-Fact shall be as binding upon the Company as if signed and sealed by an Authorized Officer and, further, the Attorney-in-Fact is hereby authorized to verify any affidavit required to be attached to bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof.

This power of attorney is signed and sealed by facsimile under the authority of the following Resolution adopted by the Board of Directors of ATLANTIC SPECIALTY INSURANCE COMPANY on the twenty-fifth day of September, 2012:

Resolved: That the signature of an Authorized Officer, the signature of the Secretary or the Assistant Secretary, and the Company seal may be affixed by facsimile to any power of attorney or to any certificate relating thereto appointing an Attorney-in-Fact for purposes only of executing and sealing any bond, undertaking, recognizance or other written obligation in the nature thereof, and any such signature and seal where so used, being hereby adopted by the Company as the original signature of such officer and the original seal of the Company, to be valid and binding upon the Company with the same force and effect as though manually affixed.

IN WITNESS WHEREOF, ATLANTIC SPECIALTY INSURANCE COMPANY has caused these presents to be signed by an Authorized Officer and the seal of the Company to be affixed this twenty-seventh day of April, 2020.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. SU 7111389-0000

Application/License No. _____

Utopic Pharmaceuticals Inc (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 5850 Coral Ridge Dr, STE 309 Coral Springs FL 33076 (Address of Applicant/Principal), as PRINCIPAL, and Arch Insurance Company (Surety Company), a corporation organized under the laws of the state of Missouri (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is Harborside 3, 210 Hudson Street, Suite 300, Jersey City NJ 07311 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on 06/22/2024 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 24th day of June, 2024.

[NOTICE] This message comes from a system outside of DBPR. Please exercise caution when clicking on links and/or providing sensitive information. If you have concerns, please contact your Knowledge Champion or the DBPR Helpdesk.

Hi Mickell,

I have had my team revise and update all our SOP's and have included links for the 3PL SOP's which should allow you to view their materials.

Here is a synopsis of the changes in our SOP's:
1. Track and trace process (detailed DSCSA process): Refer to revision part of the SOP UT-009.
2. Update SOP on transportation on what carrier 3PL will be used to ship: Refer to 5.1.2 in the SOP UT-001.
3. Update SOP on Inventory to reflect procedure from 3PL: Refer to the "Inventory Check" part in 5.1 of the SOP UT-001.
4. Updated SOP for recalls: Refer to revision part of the SOP UT-003.
5. SOP for complaints: Refer to the newly prepared SOP UT-012 for complaint handling.
Remark: In this SOP, it is mentioned that the designated third-party vendor is responsible for receiving, recording, primary evaluation, communication and follow-up, responding for all the product complaints from US market.
6. Update SOP for destruction: Refer to the "Destruction of prescription drugs" part in 5.1 of the SOP UT-001; Refer to the revision part of the SOP UT-008.

Below is the relevant 3PL SOP's which will be viewable up till the end of next week (June 7th):

The unaltered SOP's are also included as well.

Under our SOP's, I have included the reference outbound business records, invoice and packing slip, for our customers which fulfills the listed requirements in the inspection items 38(a-h). We also would like to alter our response in question 37 to sample invoice and packing slip.

The invoice and packing slip attached is the reference one created by our 3PL which will utilize our information when we start conducting business. We are currently in the implementation stage within their system so an invoice tailored to our companies details has not been fully created yet.

The packing slip, according to my 3PL, would act as the T3 report as it would list on the bottom the transaction history of the product. (The empty table listed on the packing slip currently)

The customer can also access the T3 data online through electronic methods on the Mckesson platform.

Next, we would like to update the information regarding the financial services portion of our response within the inspection report.
Our 3PL will handle financial aspects of our operations such as calculating chargebacks and rebates, invoices, and generating financial reports. But during the transactions between customer and UTOPIC, customer will directly pay a UTOPIC receivables account.

Lastly, if all this information is sufficient, how can we obtain a copy of the final published inspection report?

If you believe there are still pieces of information our post inspection response lacks, please let me know!
Thanks,

Allen Yang

    - IL notified ZO Skin Health of its intent to deny licensure due to an existing case before the Department (Case No. 2012-12691), which was never brought to ZO Skin Health's attention.
    - ZO Skin Health explained to the Department that while it was awaiting its licensure application to be processed and approved, it had only distributed its products into the state of IL through a third-party logistics provider who was licensed to legally distribute into the state.
    - Department concluded that there had been no violations and closed out both cases, and

further approved ZO Skin Health's wholesale drug distributor license.
- Status of Case: Closed

Oregon Case 2013-0010
- Name: Oregon Board of Pharmacy
- Location of Facility: 1 Technology Drive, Suite F201, Irvine, CA 92618
- Date of Disciplinary Action: July 23, 2013
- Description of Action:
  - ZO Skin Health had recently begun distributing skin care products in the state of OR through a third-party logistics provider without previously registering as a Manufacturer with the OR Board of Pharmacy.
  - ZO Skin Health believed in good faith that it was complying with OR law by utilizing an OR-licensed third-party logistics provider to distribute its products.
  - OR Board of Pharmacy notified ZO Skin Health that it was required to register, and ZO Skin Health thereafter promptly registered as a Manufacturer with the OR Board of Pharmacy, which approved the registration.
- Status of Case: Resolved

IN RE:	)	
	)	
ZO SKIN HEALTH, INC	)	CONSENT AGREEMENT
	)	
Case No. 2022-PHA-18300	)	

PARTIES

This document is a Consent Agreement regarding the pending application of ZO Skin Health, Inc., for the renewal of its prescription drug wholesaler license. The parties to this Consent Agreement are: ZO Skin Health, Inc. ("ZO"), the Maine Board of Pharmacy ("the Board"), and the Office of the Maine Attorney General ("the Attorney General"). This Consent Agreement is entered into pursuant to 10 M.R.S. § 8003(5-A).

STATEMENT OF FACTS

1. Since June 29, 2021, ZO has been licensed in Maine as a prescription drug wholesaler with a registered location of 7735 S 134th Street, Suite 109, Omaha, Nebraska (license number **WH70003237**).

2. On October 5, 2021, the Kansas Board of Pharmacy imposed discipline against ZO's Kansas registration as a non-resident wholesaler (Registration # 5-114611) in Case No. 21-184.

3. ZO then failed to report the Kansas disciplinary action to the Board within 10 days as required by 10 M.R.S. § 8003-G(2)(C).

4. On November 1, 2021, ZO applied for renewal of its license and reported to the Board for the first time that it had been disciplined by the Kansas Board of Pharmacy.

5. Pursuant to 10 M.R.S. § 8003(5-A)(A)(11) and 10 M.R.S. § 8003-G(2)(C), the Board may deny, refuse to renew, suspend, or revoke a license and impose other discipline for failing to report a license disciplinary action to the Board within 10 days of that action.

6. At its meeting on September 1, 2022, the Board reviewed the above information and voted to preliminarily deny ZO's application for renewal of its license to be a prescription drug wholesaler. In lieu of the denial, the Board also voted to offer ZO this Consent Agreement. Unless ZO either requests, in writing, a hearing regarding the appeal of the preliminary denial within thirty (30) days of receipt of the Notice of Preliminary Denial, or accepts this Consent Agreement by signing and dating it and returning it to Maine Board of Pharmacy, Compliance Division, Office of Professional and Occupational Regulation, 35 State House Station, Augusta, Maine 04333, by **October 6, 2022,** the preliminary denial of ZO's application for licensure as a prescription drug wholesaler will become final.

COVENANTS

7. ZO admits to the facts above and admits that such conduct constitutes grounds for denial of or refusal to renew its license and for the imposition of discipline pursuant to 10 M.R.S. § 8003(5-A)(A)(11) and 10 M.R.S. § 8003-G(2)(C) for failing to report disciplinary action taken in another jurisdiction against a professional license no later than 10 days after the action was taken.

8. As discipline for the violation admitted to in paragraph 7 above, ZO agrees to accept the following DISCIPLINARY ACTION:

a) A REPRIMAND; and

b) A CIVIL PENALTY in the amount of five hundred dollars ($500.00) payment of which shall be made payable to the "Treasurer, State of Maine" and delivered to Maine Board of Pharmacy, Compliance Division, Office of Professional and Occupational Regulation, 35 State House Station, Augusta, Maine 04333, and must be submitted with the signed Consent Agreement.

9. Upon receipt of the signed Consent Agreement with the enclosed payment of the civil penalty from ZO, the Board will renew ZO's license contingent upon it meeting all other eligibility criteria.

10. Violation of any of the terms or conditions of this Consent Agreement by ZO shall constitute grounds for discipline, including but not limited to modification, suspension, or revocation of licensure or the denial of licensure or re-licensure.

11. The Board and ZO agree that no further agency action will be initiated against its license by the Board based upon the specific violations admitted to herein, except or unless ZO fails to comply with the terms and conditions of this Consent Agreement. The Board may however consider the conduct described above as evidence of a pattern of misconduct if other allegations are brought against ZO, and this Consent Agreement will be admitted into evidence in any future adjudicatory hearing involving ZO. The Board may also consider the fact that discipline was imposed by this Consent Agreement in determining appropriate discipline in any further complaints against ZO.

12. This Consent Agreement is not appealable and is effective until modified or terminated by the parties hereto.

13. The Board and the Attorney General may communicate and cooperate regarding any matter related to this Consent Agreement.

14. This Consent Agreement is a public record within the meaning of 1 M.R.S. § 402 and will be available for inspection and copying by the public pursuant to 1 M.R.S. § 408-A.

15. Nothing in this Consent Agreement shall be construed to affect any right or interest of any person not a party hereto.

16. This Consent Agreement may be signed in counterparts, with all counterparts together constituting one original instrument. Signatures below may be applied and/or saved electronically, and such electronic signatures will be given the same effect as a paper document signed in ink.

17. ZO acknowledges by its duly authorized representative's signature hereto that it has had an opportunity to consult with an attorney before executing this Consent Agreement, that it executes this Consent Agreement voluntarily, and that it agrees to abide by all terms and conditions set forth herein.

NOTICE OF HEARING

TO: **Zo Skin Health, Inc.**
7735 S. 134th Street, Suite 109
Omaha, Nebraska 68138

Pursuant to the provisions of Code of Alabama (1975), § 34-23-34, § 34-23-52, § 34-23-92(12), § 34-23-132 and Code of Alabama (1975), § 41-22-12, you are hereby notified and requested to appear before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on Oct 29, 2024 at 8:00 a.m., at the State Board of Pharmacy Hearing Room, 111 Village Street, Birmingham, Alabama 35242, and from time to time thereafter as may be required by the Board for the purpose of a hearing to determine why your permit should not be revoked, suspended or otherwise disciplined in that it is alleged that you have failed to comply with all applicable state laws and regulations. Disciplinary action may include administrative fines not to exceed $1,000 per violation; and/or revocation, suspension, or denial of your license(s); and/or such other discipline as may be ordered by the Board. Code of Alabama (1975), § 34-23-33. You have the right to be represented by counsel at your own expense, to respond and present evidence and argument on all material issues, to cross-examine all witnesses who testify against you, and to request that witnesses and/or documents be subpoenaed on your behalf. Please refer to the enclosed Standard Scheduling Order for further information regarding responding to the charges, witnesses, exhibits, and prehearing matters.

STATEMENT OF CHARGES

COMES NOW Complainant Donna C. Yeatman, as Executive Secretary of the Alabama State Board of Pharmacy and, on behalf of the Alabama State Board of Pharmacy ("the Board"), charges Respondent **Zo Skin Health, Inc.** as follows:

On or around October 5, 2021, the Kansas Board of Pharmacy entered a Summary Order against you for late notice to the Kansas Board of Pharmacy regarding your change in ownership. Under Kansas law, you were to notify the Kansas Board of Pharmacy within 30 days, but you notified the Board approximately 6 months after the change in ownership. As such, you paid a $1000 fine.

On or October 12, 2022, you entered into a Consent Agreement with the Maine Board of Pharmacy and accepted a reprimand and paid a $500 civil penalty for failure to report the Kansas Summary Order on your renewal application.

VIOLATIONS

If proven true, you will be in violation of the following:

Code of Alabama (1975), §34-23-33(a)(12) and Ala. Admin. Code r. 680-X-2-.23(10)(c): by failing to comply with all applicable state laws and regulations.

PRAYER FOR RELIEF

WHEREFORE, Complainant, in her capacity as the Executive Secretary of the Alabama State Board of Pharmacy, requests that, upon hearing and proof, Respondent be found guilty of the aforementioned violation and that the Alabama State Board of Pharmacy take such disciplinary actions as it deems necessary.

Dated this the 25th day of July 2024.

Registration No. 5-114611	)	

SUMMARY ORDER

NOW on this 5th day of October, 2021, comes before the Kansas Board of Pharmacy (the "Board"), through its Executive Director, the matter of ZO Skin Health, Inc. ("Respondent").

Pursuant to the authority granted to the Board by the Kansas Pharmacy Act, K.S.A. 65-1625, *et seq.*, and in accordance with the Kansas Administrative Procedure Act, K.S.A. 77-501, *et seq.*, the Board's Executive Secretary enters this Summary Order in the above-captioned matter. After reviewing the investigation materials and being otherwise duly advised in the premises, makes the following findings, conclusions and order:

FINDINGS OF FACT

1. The Board has previously issued Respondent Registration No. 5-114611 which entitles Respondent to operate as a wholesale distributor in the State of Kansas ("Respondent's Registration").

2. On October 15, 2020, the ownership of Respondent's facility changed.

3. On April 16, 2021, the Board received from Respondent a Form BA-05 Wholesale Distributor Registration Application, notifying of the change in ownership, effective October 15, 2020, and applying for a new wholesale distributor registration.

4. On August 26, 2021, the Board approved Respondent's Wholesale Distributor Application, effective immediately.

CONCLUSIONS OF LAW

1. Pursuant to K.S.A. 65-1658, the Board may assess a civil fine not to exceed $5,000, after notice and an opportunity to be heard, to any registrant for violation of the pharmacy act of the state of Kansas or any other rules or regulations of the state board of pharmacy.

2. Pursuant to K.S.A. 65-1627(f)(6), the Board may take action against a registration of a wholesale distributor that has violated the Pharmacy Act of the State of Kansas or regulations adopted by the Board.

3. Pursuant to K.S.A. 68-14-4(c), each registrant must submit change in address information within 30 days after any change in that information.

4. Respondent's failure to submit the complete change of ownership application to the Board until April 16, 2021 – over six months past the November 15, 2020 deadline – is a violation of K.S.A. 68-14-4(c), and a basis to discipline Respondent's Registration pursuant to K.S.A. 65-1627(f)(6).

5. Pursuant to K.S.A. 65-1643, it shall be unlawful for any person to distribute at wholesale any drugs without first obtaining a registration as a wholesale distributor from the Board.

6. Pursuant to K.S.A. 65-1645(f), registrations issued pursuant to K.S.A. 65-1643 shall not be transferrable and shall expire every year.

7. By continuing to operate as a wholesale distributor under new ownership using the registration issued to the previous owner, Respondent violated K.S.A. 65-1643.

ORDER

The Board finds and concludes that Respondent's conduct, as described above, violates the Act and such conduct warrants the imposition of a fine pursuant to K.S.A. 65-1658, in the amount of $1,000. Respondent has 30 days from the date of this order to pay the full amount due.

NOTICES

The Respondent is hereby notified as follows:

1. The Respondent may request a hearing pursuant to the Kansas Administrative Procedure Act by filing a written request with the Kansas Board of Pharmacy, 800 SW Jackson, Suite 1414, Topeka, KS 66612-1231 within fifteen (15) days after service of this order.

2. If a hearing is not requested as described above, the Order shall become a final order of the Board, effective upon the expiration of the time to request a hearing.

3. Within fifteen (15) days after entry of a final agency order, either party may file a petition for reconsideration pursuant to K.S.A. 77-529.

4. Within the time limits established in K.S.A. 77-613, either party may seek judicial review of a final agency order, pursuant to said statute. The agency officer designated to receive service of a petition for judicial review is:

Alexandra Blasi
Executive Secretary

9. Upon receipt of the signed Consent Agreement with the enclosed payment of the civil penalty from ZO, the Board will renew ZO's license contingent upon it meeting all other eligibility criteria.

10. Violation of any of the terms or conditions of this Consent Agreement by ZO shall constitute grounds for discipline, including but not limited to modification, suspension, or revocation of licensure or the denial of licensure or re-licensure.

11. The Board and ZO agree that no further agency action will be initiated against its license by the Board based upon the specific violations admitted to herein, except or unless ZO fails to comply with the terms and conditions of this Consent Agreement. The Board may however consider the conduct described above as evidence of a pattern of misconduct if other allegations are brought against ZO, and this Consent Agreement will be admitted into evidence in any future adjudicatory hearing involving ZO. The Board may also consider the fact that discipline was imposed by this Consent Agreement in determining appropriate discipline in any further complaints against ZO.

12. This Consent Agreement is not appealable and is effective until modified or terminated by the parties hereto.

13. The Board and the Attorney General may communicate and cooperate regarding any matter related to this Consent Agreement.

14. This Consent Agreement is a public record within the meaning of 1 M.R.S. § 402 and will be available for inspection and copying by the public pursuant to 1 M.R.S. § 408-A.

15. Nothing in this Consent Agreement shall be construed to affect any right or interest of any person not a party hereto.

16. This Consent Agreement may be signed in counterparts, with all counterparts together constituting one original instrument. Signatures below may be applied and/or saved electronically, and such electronic signatures will be given the same effect as a paper document signed in ink.

17. ZO acknowledges by its duly authorized representative's signature hereto that it has had an opportunity to consult with an attorney before executing this Consent Agreement, that it executes this Consent Agreement voluntarily, and that it agrees to abide by all terms and conditions set forth herein.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 0754224

Application/License No. _____

ZO Skin Health, Inc. (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 7735 S. 134th St., Suite 109, Omaha, NE 68138 (Address of Applicant/Principal), as PRINCIPAL, and International Fidelity Insurance Company (Surety Company), a corporation organized under the laws of the state of New Jersey (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 2999 Oak Rd., #820, Walnut Creek, CA 94597 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on 2/25/2019 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

- Please contact this office immediately if any information on this license is incorrect.
- This license must be displayed at the address licensed.
- The license renewal application and fee are due every two years BEFORE the anniversary date. Please note that it is the responsibility of the license holder to remit the licensure fee before the expiration date, whether a payment notice is received or not. Failure to submit the renewal fee before the expiration date will result in a $100.00 delinquency fee for each location and must be remitted before the license will be issued.
- A license that is amended, including a change of name, ownership, legal entity, or a notification of a change in the location of a licensed place of business will require submission of new application and fee. Applications for these changes can be downloaded from our website at **www.dshs.texas.gov**.
- Please submit written notice if you close or sell your business.
- If you have any questions or desire additional information concerning the application process or this license, please contact the Drug and Device Business Filing and Verification Unit at (512) 834-6727. In order to serve you better, DSHS would like you to complete the short online survey at: **https://www.surveymonkey.com/r/RLUsurvey**. The information you provide will assist DSHS in its efforts to continually improve and become more responsive to the needs of its customers. Thank you in advance for your cooperation.

- Please contact this office immediately if any information on this license is incorrect.
- This license must be displayed at the address licensed.
- The license renewal application and fee are due every two years BEFORE the anniversary date. Please note that it is the responsibility of the license holder to remit the licensure fee before the expiration date, whether a payment notice is received or not. Failure to submit the renewal fee before the expiration date will result in a $100.00 delinquency fee for each location and must be remitted before the license will be issued.
- A license that is amended, including a change of name, ownership, legal entity, or a notification of a change in the location of a licensed place of business will require submission of new application and fee. Applications for these changes can be downloaded from our website at **www.dshs.texas.gov**.
- Please submit written notice if you close or sell your business.
- If you have any questions or desire additional information concerning the application process or this license, please contact the Drug and Device Business Filing and Verification Unit at (512) 834-6727. In order to serve you better, DSHS would like you to complete the short online survey at: **https://www.surveymonkey.com/r/RLUsurvey**. The information you provide will assist DSHS in its efforts to continually improve and become more responsive to the needs of its customers. Thank you in advance for your cooperation.

Plaintiff/Defendant/Claimant/Respondent		**Lawsuit/Arbitration/Bankruptcy**		
Dezmon Gonzalez				
Name of Business/Industry/Entity				

Provide explanation below:

I was 18 years old and not taking life or anything serious at that time. Had just moved in with my father and was running with the wrong crowd and thought I was cool carrying butterfly knife around. My license was suspended because I did not pay a couple tickets I racked up. The expired tags on my uncle's car I was driving was the reason I was pulled over.

Dezmon Gonzalez	

Name of Business/Industry/Entity

Provide explanation below:

I was hanging out with some friends at 1am outside my apartment complex that I lived in with my father. We had the cops called on us because it was late, and we were making a ton of noise and being obnoxious. A couple older guys in the group were drinking so the officer wanted to see everyone's ID/Driver's License. I had a warrant for not showing up to court for the previous offense on 01/14/2005 so I lied about my name to avoid getting caught. The officer found my ID in the car next to us and ran my name and took me in for lying to him about my name and again I had a butterfly knife on me. Needless to say, I never carried one again after that.

Provide explanation below:

I was at my aunt's house drinking with friends and family. Had too much to drink and went outside to smoke a cigarette after an arguement with my wife (then girlfriend) and was locked out of the house. I started causing a scene banging on the door to be let in. I started walking down the street after I realized I needed to cool off. I assume a neighbor called the cops because I was picked up walking down the street. The police officer could tell I was intoxicated and put me in a holding cell till I sobered up. I was released the next morning. One of a few embarrassing moments in my life.

Provide explanation below:

I went to a bar with friends and family for St. Patrick's Day. Near the end of the night, a guy was harassing my wife (fiance at the time) so I confronted him, and we got into a fight that poured outside. Cops were called and was broken up by onlookers. The bar ended up pressing charges on everyone involved. I had to be taken away by ambulance and spent part of the night in the hospital for observation.

This is in response to Question # 1 **. Provide all the following *where applicable*:**

Date of Event/Arrest	Disposition Date	State	City	County
1/14/2005		CA	Fullerton	Orange
Case #		**Governing, licensing, Arresting Presiding Body/Agency/Court**		
		Fullerton Police Department		
Reason/Charge				
Possession of a Dangerous Weapon and Driving on a Suspended License				
Plaintiff/Defendant/Claimant/Respondent		**Lawsuit/Arbitration/Bankruptcy**		
Dezmon Gonzalez				
Name of Business/Industry/Entity				

Provide explanation below:

I was 18 years old and not taking life or anything serious at that time. Had just moved in with my father and was running with the wrong crowd and thought I was cool carrying butterfly knife around. My license was suspended because I did not pay a couple tickets I racked up. The expired tags on my uncle's car I was driving was the reason I was pulled over.

Reason/Charge
Possession of a Switchblade Knife and False ID to a Peace Officer

Plaintiff/Defendant/Claimant/Respondent	Lawsuit/Arbitration/Bankruptcy
Dezmon Gonzalez	

Name of Business/Industry/Entity

Provide explanation below:

I was hanging out with some friends at 1am outside my apartment complex that I lived in with my father. We had the cops called on us because it was late, and we were making a ton of noise and being obnoxious. A couple older guys in the group were drinking so the officer wanted to see everyone's ID/ Driver's License. I had a warrant for not showing up top court for the previous offense eon 1/14/2005 so I lied about my name to avoid getting caught. The Officer found my ID in the car next to us and ran my name and took me in for lying to him about my name and again I had a butterfly knife on me. Needless to say, I never carried one again after that.

Plaintiff/Defendant/Claimant/Respondent		**Lawsuit/Arbitration/Bankruptcy**		
Dezmon Gonzalez				
Name of Business/Industry/Entity				

Provide explanation below:

I was at my aunt's house drinking with friends and family. Had too much to drink and went outside to smoke a cigarette after an argument with my wife(then girlfriend) and was locked out of the house. I started causing a scene banging on the door to be let in. I started walking down the street after I realized I need to cool off. I assume a neighbor called the cops because i was picked up walking down the street. The police officer could tell I was intoxicated and put me in a holding cell till I sobered up. I was released the next morning. One of a few embarrassing moments in my life.

Fight/Challenge to Fight in a Public Place

Plaintiff/Defendant/Claimant/Respondent	Lawsuit/Arbitration/Bankruptcy
Dezmon Gonzalez	

Name of Business/Industry/Entity

Provide explanation below:

I went to a bar with friends and family for St Patrick's Day. Near the end of the night, a guy was harassing my wife (fiancé at the time) so I confronted him, and we got into a fight that poured outside. Cops were called and was broken up by onlookers. The bar ended up pressing charges on everyone involved. I had to be taken away by ambulance and spent part of the night in the hospital for observation.

Nevada State Board of Pharmacy,

I, Dezmon Joseph Gonzalez, in keeping with Section 8, Question 1 of the Designated Representative Application, have provided statements pertaining to my past history of legal transgressions. In addition to these statements, I have provided a current copy of my FBI background check, obtained via www.fbi.gov and submitted with a valid FD-258 Fingerprint Card. Due to the amount of time passed since these incidents, records of court appearances, rulings and fees are not currently available or would be difficult to acquire.

Sincerely,

Cardio Partners

Statement of Explanation for Wholesale Distributor License Documentation Requests

Applicant: Cardio Partners, Inc.
1033 Collins Road, Suite B
Greenwood, Indiana 46143

Explanation for not having Home State License:

Cardio Partners, Inc. is a national leader in providing emergency preparedness solutions for public access. Cardio Partners, Inc. offers a proven and complete suite of products and services including employee CPR training, AED deployments, and AED program management to help organizations of all sizes be heart safe.

Cardio Partners, Inc. is not required to be licensed to operate as wholesale device distributor in Indiana. Indiana does not regulate the distribution of legend devices unless sold direct-to-consumer for home medical/personal use. Cardio Partner's customer base does not include customers purchasing devices for residential use; therefore, a license is not required. (See **IC 25-26-21-4"Home Medical Equipment Provider**) Furthermore, Cardio Partners, Inc. does not sell prescription drugs and therefore is not required by Indiana to obtain a wholesale drug distributor license. In fact, Indiana does not define Wholesale Distribution to include device distribution at all. (See **IC 25-26-14-11 "Wholesale distribution"**)

Indiana Code Citations:
IC 25-26-21-4"Home Medical Equipment Provider"

Sec. 4. As used in this chapter, "provider" means a person engaged in the business of providing home medical equipment services to an unrelated individual in the individual's residence.
As added by P.L.122-2005, SEC.1.

IC 25-26-14-11"Wholesale distribution"
Sec. 11. As used in this chapter, "wholesale distribution" means to distribute legend drugs to persons other than a consumer or patient.

Explanation for not having a recent Inspection Report:

Wholesale device distributors are not regulated by the state of Indiana unless the distribution is to residential customers. Cardio Partners, Inc. does not sell to residential customers as explained in the statements above. Therefore, Cardio Partners, Inc. is not subject to Indiana Board of Pharmacy inspections and does not have a recent home state inspection report.

Sincerely,

Michael Cooke
Senior Regulatory Counsel, Compliance Manager

COMMONWEALTH OF KENTUCKY
KENTUCKY BOARD OF PHARMACY
Case No. 14-0403A

IN RE: PHARMACY PERMIT NO. MD1153 HELD BY FISHER BIOSERVICES INC.

Agreed Order

Come the parties, the Kentucky Board of Pharmacy ("the Board") and Fisher Bioservices Inc. ("Respondent"), and both having been fully informed regarding the matter set forth herein, state as follows:

(1) Pursuant to Chapter 315 of the Kentucky Revised Statutes, the Board is authorized to regulate and control all matters related to pharmacists and pharmacies not delegated to another agency of the Commonwealth. The matter herein has not been delegated to another agency of the Commonwealth.

(2) Respondent is a pharmacy in the Commonwealth of Kentucky, having been assigned pharmacy permit no. MD1153.

(3) (a) A board investigation revealed that Respondent sent 38 shipments into the Commonwealth of Kentucky between March 1 and June 27, 2014, without a named Kentucky licensed Pharmacist-in-Charge.
(b) Consequently, the Respondent is subject to discipline pursuant to KRS 315.0351(7) and KRS 315.121(1)(h).

(4) The Board and Respondent have agreed to address this matter by entering into this Agreed Order, in lieu of the filing of a formal Complaint.

WHEREFORE, IT IS HEREBY AGREED AND ORDERED THAT:

(A) Respondent shall be fined $2000 payable by February 23, 2015. Respondent's check shall be made payable to the Kentucky State Treasurer and sent to the Kentucky Board of Pharmacy, State Office Bldg. Annex, Ste. 300, 125 Holmes St., Frankfort, Kentucky 40601.

(B) By entering into this Agreed Order, Respondent expressly acknowledges that Respondent was fully and completely informed of Respondent's right to due process, that the Respondent

CONSENT ORDER

THIS MATTER comes before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on a complaint against Fisher Bioservices Inc. which resulted in the filing of a Statement of Charges and Notice of Hearing ("Statement") alleging violations of the Alabama Pharmacy Practice Act as are more particularly set out in the Statement which is attached hereto as **Exhibit "A."**

Prior to a hearing in this cause, and pursuant to Code of Alabama (1975), § 41-22-12(f), the Board through its counsel and Fisher Bioservices Inc., through its counsel, engaged in negotiations and as a result, the matters at issue were resolved informally by the parties who agreed to the entry of this Consent Order which includes the following terms:

1. The Board finds that Fisher Bioservices Inc. has violated the provisions of law based upon the conduct set out in Counts One through Four of the Statement. Count Five shall be dismissed.

2. Fisher Bioservices Inc. shall pay an administrative fine in the amount of Four Thousand Dollars ($4,000.00) within thirty (30) days of the effective date of this Consent Order, that being the day the same is signed on behalf of the Board. This payment shall not be subject to discharge in bankruptcy nor shall Fisher Bioservices Inc. attempt to discharge the same.

3. Fisher Bioservices Inc. expressly waives its rights pursuant to the Alabama

COUNT TWO

Violating Code of Alabama (1975), § 34-23-33(13) in that you violated Board Rule 680-X-2.22(2)(d) based upon any or all of the allegations of the preceding Count.

COUNT THREE

Violating Code of Alabama (1975), § 34-23-33(2) based upon the entry of a Consent Order by the Louisiana State Board of Pharmacy on November 17, 2021 attached hereto as Exhibit "B" and/or your failure to disclose when required to do so on your Application for Renewal of Pharmacy Permit for Year 2016 the Kentucky discipline set out in Count One above.

COUNT FOUR

Violating Code of Alabama (1975), § 34-23-33(13) in that you violated Board Rule 680-X-2.22(2)(d) based upon any or all of the allegations of Count Three above.

Further, pursuant to the provisions of Code of Alabama, (1975), §20-2-53 and §41-22-12, you are hereby notified and requested to appear before the Board at the aforesaid time and place and from time to time thereafter as may be requested by the Board for the purpose of a hearing to determine why your registration to manufacture, dispense or distribute controlled substances enumerated in Schedules II, III, IV and V of the Alabama Uniform Controlled Substances Act, Code of Alabama (1975), §20-2-1, et. seq., issued pursuant to Code of Alabama (1975), §20-2-52, should not be suspended or revoked in that it is alleged that you have been guilty of the following:

LOUISIANA BOARD OF PHARMACY

BATON ROUGE, LOUISIANA

IN THE MATTER OF: **CONSENT ORDER**

FISHER BIOSERVICES, INC.

LOUISIANA PHARMACY PERMIT NO. 5649 **Case No. 21-0384**

CONSENT AGREEMENT

WHEREAS, FISHER BIOSERVICES, INC. (hereinafter referred to as "Respondent"), holding Louisiana Pharmacy Permit No. 5649, 14665 Rothgeb Drive, Rockville, Maryland 20850, was disciplined by Board Order issued by the Kentucky Board of Pharmacy on or about March 11, 2015 for dispensing 38 prescriptions into Kentucky from March 1 to June 27, 2014, without a licensed pharmacist-in-charge.

WHEREAS, Respondent failed to report this disciplinary action to the Board as part of its Application for Renewal of Pharmacy Permit for Year 2016.

WHEREAS, such action constitutes a violation of the following:

La. R.S. 37:1241(A)(1): Practiced or assisted in the practice of pharmacy, or knowingly permitted or has permitted anyone in his employ or under his supervision to practice or assist in the practice of pharmacy, in violation of the provisions of this Chapter and any rules and regulations promulgated thereto in accordance with the Administrative Procedure Act.

La. R.S. 37:1241(A)(2): Has attempted to or obtained a license by misrepresentation.

LA. R.S. 37:1241(A)(6) Has had his license, permit, certification, registration or any other designations deemed necessary to engage in the practice of pharmacy revoked or suspended, or has had other disciplinary action taken, or has had his application for licensure refused, revoked, or suspended by the proper authorities of another state, territory, or country based upon conduct by the licensee similar to conduct that would constitute grounds for action as defined in this Section.

La. R.S. 37:1241(A)(7): Has failed to report to the board any adverse action taken by another government agency, law enforcement agency, or court that would constitute grounds for action as defined in this Section.

La. R.S. 37:1241(A)(22): Has failed to furnish to the board or representatives any information legally requested by the board.

To facilitate the submission of this Consent Agreement, Respondent agrees that there is sufficient evidence upon which to predicate a finding of those violations.

Respondent further understands that this Consent Agreement shall constitute a Public Record, pursuant to La. R.S. 44:1 et seq., and is considered disciplinary action by the Board.

RE: Letter of Admonishment – Case #24-153
Permit #D01827, P04312

Dear Ms Robinson:

The Maryland Board of Pharmacy (the "Board") has received reports of disciplinary actions which were taken against Fisher Bioservices by the Texas, Pennsylvania, Louisiana, and Kentucky Boards of Pharmacy. The Board has determined that you did not answer correctly on your application for a distributor registration and pharmacy permit when asked about prior disciplinary actions, and had failed to report the Kentucky and Louisiana actions. Therefore, the Board is issuing this Letter of Admonishment.

The Board would like to remind you that all licensed permit holders are required to provide accurate information in order to remain in good standing with the Board. In accordance with COMAR 10.34.11.06(B)(1):

"a permit holder withholding required information on an application is submitting a false application."

The failure to provide the Board with complete, up-to-date, and accurate information shall constitute a violation on the grounds for action under the Health Occupations Article § 12-6C-05 (7)(v), Annotated Code of Maryland.

This Letter of Admonishment will form a part of the permanent record for your file with the Board. However, this Letter will not be revealed to any person and will not be obtainable by any person under the Public Information Act, General Provisions Article, section 4-101, *et seq.*

unless otherwise authorized. ***This Letter of Admonishment is not considered disciplinary action by the Board***. You need not reveal this letter to any person and is not required to report the letter if asked if the Board has taken any disciplinary action against this license.

If you have questions about this Letter of Admonishment, or would like the opportunity to address the Board regarding this matter, please contact Jered Pasay, M.S. Laboratory Scientist Surveyor at (443) 220-9821.

Sincerely,

Deena Speights-Napata, M.A.

COMMONWEALTH OF PENNSYLVANIA
DEPARTMENT OF STATE
BEFORE THE STATE BOARD OF PHARMACY

Commonwealth of Pennsylvania Bureau of Professional and Occupational Affairs	
vs.	**Case No. 21-54-019642**
Fisher BioServices Inc. t/d/b/a Fisher BioServices **Respondent**	

CONSENT AGREEMENT AND ORDER

PARTIES

The Commonwealth of Pennsylvania, Department of State, Bureau of Professional and Occupational Affairs ("Commonwealth") and **Fisher BioServices Inc. t/d/b/a Fisher BioServices** ("Respondent") stipulate as follows in settlement of the above-captioned case.

APPLICABLE LAW

1. This matter is before the Pennsylvania State Board of Pharmacy ("Pennsylvania Board") pursuant to the Pharmacy Act, act of September 27, 1961, P.L. 1700, ("Act"), *as amended*, 63 P.S. §§ 390-1 to 390-13; and/or 63 Pa.C.S. Chapter 31 ("Chapter 31").

LICENSURE STATUS

2. At all relevant and material times, Respondent held the following registration to practice as a nonresident pharmacy in the Commonwealth of Pennsylvania: registration no. NP001519, which was originally issued on December 11, 2019, and which is currently set to expire on August 31, 2023.

STIPULATED FACTS

3. Respondent admits the following:

a. Absent additional Pennsylvania Board action, Respondent's registration may be continually reactivated or reinstated upon the filing of the required documentation and payment of the applicable fees.

b. Respondent's address is: 14665 Rothgeb Drive, Rockville, MD 20850.

c. At all relevant and material times, Respondent was authorized to practice as a nonresident pharmacy in the Commonwealth of Kentucky.

d. On or about March 11, 2015, the Commonwealth of Kentucky's Board of Pharmacy ("Kentucky Board"), by way of Agreed Order at Kentucky Board Case Number 14-0403A, found Respondent to be in violation of the laws, rules, code and/or regulations of the Commonwealth of Kentucky because Respondent shipped approximately thirty-eight (38) prescription medications into Kentucky during a time Respondent did not have an actively licensed pharmacist in charge.

e. In the March 15, 2015 Agreed Order, the Kentucky Board imposed a two thousand dollar ($2,000.00) fine upon Respondent.

f. A true and correct copy of the Kentucky Board's March 11, 2015 Agreed Order, Kentucky Board Case Number 14-0403A, is attached as **EXHIBIT A** and is incorporated by reference.

g. On or about November 21, 2019, Respondent submitted an Initial Application to the Pennsylvania Board for registration as a nonresident pharmacy.

h. On the November 21, 2019 Initial Application, Respondent answered "No" to the question, "Has the nonresident pharmacy named in this application been subject to suspension or revocation or otherwise disciplined by the proper licensing authority of another state?"

DOS Prothonotary
Jun 30 2023

i. A true and correct cope of the November 21, 2019 Initial Application is attached as **EXHIBIT B** and is incorporated by reference.

j. At all relevant and material times, Respondent was authorized to practice as a nonresident pharmacy in the State of Louisiana.

k. On or about November 17, 2021, the State of Louisiana's Board of Pharmacy ("Louisiana Board"), by way of Consent Agreement at Louisiana Board Case Number 21-0384, found Respondent to be in violation of the laws, rules, code and/or regulations of the State of Louisiana because Respondent failed to report the March 11, 2015 Kentucky discipline on its 2016 Louisiana renewal application.

l. In the November 17, 2021 Consent Agreement, the Louisiana Board imposed a five thousand dollar ($5,000.00) fine, two hundred fifty dollars ($250.00) in costs, and a letter of reprimand upon Respondent.

m. A true and correct copy of the Louisiana Board's November 17, 2021 Consent Agreement, Louisiana Board Case Number 21-0384, is attached as **EXHIBIT C** and is incorporated by reference.

AUTHORITY OF THE BOARD

4. The Pennsylvania Board is authorized to suspend or revoke, or otherwise restrict Respondent's registration under section 4.1(e) of the Act, 63 P.S. §§ 390-4.1(e); impose a civil penalty under 63 Pa.C.S. § 3108(b)(4); and/or impose the costs of investigation upon Respondent under section 63 Pa.C.S. § 3108(b)(5).

PROPOSED ORDER

5. The parties, intending to be legally bound, consent to the issuance of the following Order in settlement of this matter:

a. **VIOLATIONS:** Respondent violated the Act at:

GDS Preliminary
Jun 30 2023

(1) Section 4.1(g), 63 P.S. § 390-4.1(g), in that Respondent had a permit to conduct a pharmacy suspended or revoked or the nonresident pharmacy was otherwise disciplined by the proper licensing authority of another state;

(2) Section 8(1), 63 P.S. § 390-8(1), in that Respondent procured a its nonresident pharmacy registration by making a false representation, as evidenced by Respondent incorrectly stating it had not been disciplined by another state on its initial application.

b. **PUBLIC REPRIMAND:** A public reprimand shall be placed on Respondent's permanent disciplinary record with the Pennsylvania Board.

c **CIVIL PENALTY:** Respondent shall pay a civil penalty of two thousand five hundred dollars ($2,500.00).

d. Payment of the civil penalty is subject to the following terms:

(1) The full civil penalty shall be tendered to the prosecution division of the Department of State with the executed consent agreement;

(2) The civil penalty shall be **paid by certified check, cashier's check, attorney's check, or money order** issued by a usual, customary, and reputable issuer (e.g. U.S. Postal Money Order, Western Union Money Order, etc.);

DOS Prothonotary
Jun 30 2023

(3) Payment shall be valid for a period of at least 180 days and shall be **made payable to the "Commonwealth of Pennsylvania"**; and

(4) Respondent agrees that payment shall only be made by one of the methods indicated and shall not be made by uncertified personal or corporate check.

e. This Order constitutes disciplinary action by the Pennsylvania Board. This Order will be reported to other licensing authorities and any applicable national licensing databank as a disciplinary action by the Pennsylvania Board.

f. This case shall be deemed settled and discontinued upon the Pennsylvania Board issuing an order adopting this Consent Agreement.

ADMISSIBILITY OF CONSENT AGREEMENT IN FUTURE PROCEEDINGS

6. Respondent agrees that this Consent Agreement and Order shall be admitted into evidence, without objection, in any proceeding before the Department of State.

ACKNOWLEDGMENT OF NOTICE AND WAIVER OF HEARING

7. Respondent acknowledges receipt of an Order to Show Cause in this matter. Respondent knowingly and voluntarily waives the right to an administrative hearing in this matter and the following rights related to that hearing: to be represented by counsel; to present witnesses and testimony in defense or in mitigation of any sanction that may be imposed for a violation; to cross-examine witnesses and to challenge evidence presented by the Commonwealth; to present legal arguments by means of a brief; and to take an appeal from any adverse final decision.

ACKNOWLEDGMENT OF RIGHT TO ATTORNEY

8. Respondent acknowledges the right to consult with and be represented by private legal counsel of Respondent's choosing and at Respondent's expense when reviewing, considering, and

accepting the terms of this Consent Agreement. To the extent that Respondent is not represented by legal counsel, Respondent has knowingly elected to proceed without the assistance of legal counsel.

WAIVER OF CLAIMS

9. Should the Pennsylvania Board vote not to adopt the Order proposed in this Consent Agreement, the presentation and consideration of this Consent Agreement shall not prejudice the Pennsylvania Board or any of its members from further participation in the adjudication of this matter. Respondent expressly waives the right to raise any claims or issues, including any and all constitutional claims or issues, which may arise or have arisen during the review, presentation and deliberation of this Consent Agreement. These claims or issues include, but are not limited to, bias, the commingling of prosecutorial and adjudicative functions by the Pennsylvania Board or its counsel, and the Pennsylvania Board, in its discretion, recommending a different sanction based upon the facts set forth in the Consent Agreement. If a hearing is subsequently held, neither this Consent Agreement nor the proposed terms of settlement may be admitted into evidence and any facts, averments, and allegations contained in the Consent Agreement must be proven at a hearing unless otherwise separately stipulated.

LIMITS ON MODIFICATION OF ORDER

10. Respondent agrees not to seek modification of the Order adopting and implementing this Consent Agreement without first obtaining the express written permission from the prosecution division. Any modification is at the sole discretion of the Pennsylvania Board.

AGREEMENT NOT BINDING UNTIL APPROVED

11. This Consent Agreement is between the Commonwealth and Respondent. The Office of General Counsel has approved this Consent Agreement as to form and legality. The disciplinary

provisions of this Consent Agreement do not take effect unless and until the Pennsylvania Board issues an order adopting this Consent Agreement.

ENTIRE AGREEMENT

12. This Consent Agreement contains the entire agreement between the parties. There are no other terms, obligations, covenants, representations, statements, or conditions, oral or otherwise, of any kind whatsoever concerning this agreement.

AGREEMENT DOES NOT PREVENT FUTURE DISCIPLINE

13. Nothing in this Order shall preclude the prosecution division of the Department of State from filing charges, or the Pennsylvania Board from imposing disciplinary or corrective measures, for violations or facts not contained in this Consent Agreement.

VERIFICATION OF FACTS AND STATEMENTS

14. Respondent verifies that the facts and statements set forth in this Consent Agreement are true and correct to the best of Respondent's knowledge, information, and belief. Respondent understands that statements in this Consent Agreement are made subject to the criminal penalties of 18 Pa.C.S.A. §4904 relating to unsworn falsification to authorities.

KENTUCKY BOARD OF PHARMACY
Case No. 14-0403A

IN RE: PHARMACY PERMIT NO. MD1153 HELD BY FISHER BIOSERVICES INC.

Agreed Order

Come the parties, the Kentucky Board of Pharmacy ("the Board") and Fisher Bioservices Inc. ("Respondent"), and both having been fully informed regarding the matter set forth herein, state as follows:

(1) Pursuant to Chapter 315 of the Kentucky Revised Statutes, the Board is authorized to regulate and control all matters related to pharmacists and pharmacies not delegated to another agency of the Commonwealth. The matter herein has not been delegated to another agency of the Commonwealth.

(2) Respondent is a pharmacy in the Commonwealth of Kentucky, having been assigned pharmacy permit no. MD1153.

(3) (a) A board investigation revealed that Respondent sent 38 shipments into the Commonwealth of Kentucky between March 1 and June 27, 2014, without a named Kentucky licensed Pharmacist-in-Charge.
(b) Consequently, the Respondent is subject to discipline pursuant to KRS 315.0351(7) and KRS 315.121(1)(h).

(4) The Board and Respondent have agreed to address this matter by entering into this Agreed Order, in lieu of the filing of a formal Complaint.

WHEREFORE, IT IS HEREBY AGREED AND ORDERED THAT:

(A) Respondent shall be fined $2000 payable by February 23, 2015. Respondent's check shall be made payable to the Kentucky State Treasurer and sent to the Kentucky Board of Pharmacy, State Office Bldg. Annex, Ste. 300, 125 Holmes St., Frankfort, Kentucky 40601.

(B) By entering into this Agreed Order, Respondent expressly acknowledges that Respondent was fully and completely informed of Respondent's right to due process, that the Respondent

CASE: 14-0403

RE: Fisher Bioservices Inc. MD1153
14665 Rothgeb Drive
Rockville, MD 20850

ALLEGATION: Non-resident pharmacy shipped prescriptions into the Commonwealth without a Kentucky licensed pharmacist in charge from March 1, 2014 until June 27, 2014.

ALLEGED VIOLATION OF LAW: 315.0351 (7) Each out-of-state pharmacy shall have a pharmacist in charge who is licensed to engage in the practice of pharmacy by the Commonwealth that shall be responsible for compliance by the pharmacy with the provisions of this section

INVESTIGATIVE FINDINGS: On March 18, 2014, Fisher Bioservices Inc. was notified by certified mail that Teicher Haney, pharmacist in charge, license had lapsed The permit status was placed in a pending status and the pharmacy was advised to refrain from shipping into Kentucky until the issue was resolved. The pharmacy renewed it's permit on June 27, 2014 and included Linda Antonishek as the pharmacist in charge. Ms Antonishek became licensed in Kentucky on June 26, 2014. On July 23, 2014 a request was made for records of any prescriptions that were shipped into Kentucky during the period March 1, 2014 and June 27, 2014. On August 26, 2014 a report was received that indicates that 38 shipments took place during the period without a pharmacist in charge.

INVESTIGATIVE DOCUMENTATION:

Dear Sir or Madam:

The pharmacist in charge on your Kentucky permit, TEICHER HANEY, has been removed. This pharmacist has not renewed their Kentucky pharmacist license which expired on February 28, 2014. Upon renewal, please notify the Board office to reinstate this pharmacist as your PIC.

Thank you for your attention regarding this matter. Please note your pharmacy permit has been placed in PENDING status. You should refrain from shipping any prescriptions into Kentucky until this has been resolved.

LOUISIANA BOARD OF PHARMACY

BATON ROUGE, LOUISIANA

IN THE MATTER OF: **CONSENT ORDER**

FISHER BIOSERVICES, INC.

LOUISIANA PHARMACY PERMIT NO. 5649 **Case No. 21-0384**

****

CONSENT AGREEMENT

WHEREAS, FISHER BIOSERVICES, INC. (hereinafter referred to as "Respondent"), holding Louisiana Pharmacy Permit No. 5649, 14665 Rothgeb Drive, Rockville, Maryland 20850, was disciplined by Board Order issued by the Kentucky Board of Pharmacy on or about March 11, 2015 for dispensing 38 prescriptions into Kentucky from March 1 to June 27, 2014, without a licensed pharmacist-in-charge.

WHEREAS, Respondent failed to report this disciplinary action to the Board as part of its Application for Renewal of Pharmacy Permit for Year 2016.

WHEREAS, such action constitutes a violation of the following:

La. R.S. 37:1241(A)(1): Practiced or assisted in the practice of pharmacy, or knowingly permitted or has permitted anyone in his employ or under his supervision to practice or assist in the practice of pharmacy, in violation of the provisions of this Chapter and any rules and regulations promulgated thereto in accordance with the Administrative Procedure Act.

La. R.S. 37:1241(A)(2): Has attempted to or obtained a license by misrepresentation.

LA. R.S. 37:1241(A)(6) Has had his license, permit, certification, registration or any other designations deemed necessary to engage in the practice of pharmacy revoked or suspended, or has had other disciplinary action taken, or has had his application for licensure refused, revoked, or suspended by the proper authorities of another state, territory, or country based upon conduct by the licensee similar to conduct that would constitute grounds for action as defined in this Section.

La. R.S. 37:1241(A)(7): Has failed to report to the board any adverse action taken by another government agency, law enforcement agency, or court that would constitute grounds for action as defined in this Section.

La. R.S. 37:1241(A)(22): Has failed to furnish to the board or representatives any information legally requested by the board.

To facilitate the submission of this Consent Agreement, Respondent agrees that there is sufficient evidence upon which to predicate a finding of those violations.

Respondent further understands that this Consent Agreement shall constitute a Public Record, pursuant to La. R.S. 44:1 et seq., and is considered disciplinary action by the Board.

EXHIBIT C

DOE Penitentiary
Jun 30 2025

In order to avoid further administrative and judicial proceedings, Respondent hereby consents to accept and abide by the following order of the Board:

1. **Louisiana Pharmacy Permit No. 5649 belonging to FISHER BIOSERVICES, INC. is issued a LETTER OF REPRIMAND.**

2. **FISHER BIOSERVICES, INC. is ordered to pay a fine of $5,000.00 and to reimburse the Board $250.00 for administrative costs, with total payment due the Board of $5,250.00, due by *certified check or money order* to be paid simultaneously with the execution of this Consent Agreement by Respondent.**

By signing this Consent Agreement, Respondent agrees that the Board has jurisdiction in this matter and waives all rights to informal conference, to Notice of Hearing, to a formal Administrative Hearing, and to judicial review of this Consent Agreement.

By signing this Consent Agreement, Respondent agrees that any failure to comply with the terms of this Agreement is a basis for discipline by the Board.

Both Respondent and the Board stipulate that this Consent Order shall not become effective and shall not become binding on the Board unless and until approved by the Board at formal meeting. However, Respondent agrees that this Consent Order shall be effective and binding upon Respondent without recourse upon its authorized representative signing said Order.

Respondent agrees to authorize the Board to report this action to the National Practitioner Data Bank – Healthcare Integrity and Protection Data Bank (NPDB-HIPDB) as required by law.

I, _____, authorized to act on behalf of and acting on behalf of FISHER BIOSERVICES, INC., understand that this Consent Agreement is effective as a Board Order upon affirmative vote by the Board at formal hearing. It is also understood that, should the Board not approve this Consent Agreement, the agreement therein does not preclude the Louisiana Board of Pharmacy from requiring a formal hearing of this case.

It is further understood that, should this Consent Agreement not be accepted by the Board, the presentation to and consideration by the Board of this Agreement, including presented documentary evidence and information, shall not unfairly or illegally prejudice or preclude the Board or any of its members from further participation in hearings or resolution of these proceedings.

May 2022

Dear Board of Pharmacy Representative:

This letter is to inform you of a fine received by Fisher BioServices, Inc. ("Fisher BioServices") from the Texas State Board of Pharmacy. This fine is not related to a new action or inaction but is instead related to an Inadvertent Nondisclosure from 2015. The details are as follows:

In November 2015, upon completing Louisiana's pharmacy permit renewal form, the applicant inadvertently stated that Fisher BioServices had not received discipline from any other state that year. However, Fisher BioServices received and paid a fine due to a violation of Kentucky pharmacy law that calendar year. After paying the fine, Fisher BioServices mailed a notification letter *to each state where it was licensed*. Despite mailing a notification letter Fisher Bioservices failed to re-disclose the fine on the pharmacy permit renewal forms ("Inadvertent Nondisclosure") , which was required by law in the State of Louisiana. As a result of Fisher BioServices' Inadvertent Nondisclosure, it received a fine from Louisiana's Board of Pharmacy and paid the required fine.

In December 2021, upon signature of the Louisiana order, Fisher BioServices notified each state of the fine it paid to the Louisiana Board of Pharmacy. After receipt of such notification, the Texas State Board of Pharmacy reviewed Fisher BioServices' file and identified that in 2016 Fisher Bioservices failed to include on its renewal application reference to the Kentucky disciplinary action, which it was required to do under Texas state law. Thus, Fisher BioServices made the same Inadvertent Nondisclosure to Texas, as it had made to Louisiana. Attached are the documents related to the Texas fine.

Fisher BioServices would like to reiterate that these fines from Louisiana and Texas result from the Inadvertent Nondisclosure that occurred in the 2015/2016 renewal season. While the Inadvertent Nondisclosure occurred, such fines stem from a single violation of Kentucky pharmacy law that occurred in 2015 and do not arise from a new action or inaction by Fisher BioServices.

If you have any questions, please do not hesitate to contact me at the phone number or email listed below.

Kind regards,

AGREED BOARD ORDER #2022-01874

RE: IN THE MATTER OF
FISHER BIOSERVICES INC.
(PHARMACY LICENSE #25011)

BEFORE THE TEXAS STATE
BOARD OF PHARMACY

On this day came on to be considered by the Texas State Board of Pharmacy (Board) the matter of pharmacy license number 25011 issued to Fisher BioServices Inc. (Respondent), 14665 Rothgeb Drive, Rockville, Maryland 20850.

By letter dated April 14, 2022, the Board gave preliminary notice to Respondent of its intent to take disciplinary action. This action was taken as a result of an investigation which produced evidence indicating that Respondent may have violated:

Sections 565.002(a)(3) and (10); and 565.002(c) of the Texas Pharmacy Act, TEX OCC. CODE ANN. Title 3, Subtitle J (2015); and

Section 281.8(c)(3) of the Texas Pharmacy Board Rules, 22 TEX. ADMIN. CODE (2016), in that allegedly:

COUNT

On or about March 11, 2015, the Kentucky Board of Pharmacy (Kentucky Board) entered an Agreed Order against the Kentucky pharmacy permit number MD1153 held by Fisher BioServices Inc. The Order was based on allegations that between March 1, 2014, and June 27, 2014, the pharmacy shipped thirty-eight prescriptions into Kentucky without a Kentucky-licensed pharmacist-in-charge. The Order imposed a $2,000 fine.

On or about April 1, 2016, Fisher BioServices Inc. submitted an application for license renewal as a nonresident pharmacy to the Texas State Board of Pharmacy. On the application, it was falsely indicated that the pharmacy had not been subject to any professional disciplinary action by a regulatory authority within the last 36 months, when the pharmacy was subject to the disciplinary action of the Kentucky Board previously described.

By letter dated April 14, 2022, Respondent was notified that the matters previously set out in this Order could be disposed of without the scheduling of an informal conference or a formal administrative hearing. By signing this Order, William Edward Turner, President, Fisher BioServices, Inc., on behalf of Respondent, neither admits nor denies the truth of the matters previously set out in this Order, and agrees that the Board has jurisdiction in this matter and waives the right to an informal conference, notice of hearing, formal administrative hearing, and judicial review of this Order.

The parties acknowledge that this Order resolves the allegations set forth herein, and agree to the terms and conditions set forth in the ORDER OF THE BOARD below.

ORDER OF THE BOARD

THEREFORE, PREMISES CONSIDERED, the Board does hereby ORDER that:

(1) Respondent shall pay an administrative penalty of one thousand dollars ($1,000) due one hundred twenty (120) days after the entry of this Order.

(2) Failure to comply with any of the requirements in this Order constitutes a violation and shall be grounds for further disciplinary action. The requirements of this Order are subject to the Texas Pharmacy Act, TEX. OCC. CODE ANN., Title 3, Subtitle J (2021), and Texas Pharmacy Board Rules, 22 TEX. ADMIN. CODE (2022).

And it is so Ordered.

THIS ORDER IS A PUBLIC RECORD.

Signed and entered by the Executive Director on behalf of the Texas State Board of Pharmacy on this 16th day of May, 2022.

LOUISIANA PHARMACY PERMIT NO. 5649 Case No. 21-0384

CONSENT AGREEMENT

WHEREAS, FISHER BIOSERVICES, INC. (hereinafter referred to as "Respondent"), holding Louisiana Pharmacy Permit No. 5649, 14665 Rothgeb Drive, Rockville, Maryland 20850, was disciplined by Board Order issued by the Kentucky Board of Pharmacy on or about March 11, 2015 for dispensing 38 prescriptions into Kentucky from March 1 to June 27, 2014, without a licensed pharmacist-in-charge.

WHEREAS, Respondent failed to report this disciplinary action to the Board as part of its Application for Renewal of Pharmacy Permit for Year 2016.

WHEREAS, such action constitutes a violation of the following:

La. R.S. 37:1241(A)(1): Practiced or assisted in the practice of pharmacy, or knowingly permitted or has permitted anyone in his employ or under his supervision to practice or assist in the practice of pharmacy, in violation of the provisions of this Chapter and any rules and regulations promulgated thereto in accordance with the Administrative Procedure Act.

La. R.S. 37:1241(A)(2): Has attempted to or obtained a license by misrepresentation.

LA. R.S. 37:1241(A)(6): Has had his license, permit, certification, registration or any other designations deemed necessary to engage in the practice of pharmacy revoked or suspended, or has had other disciplinary action taken, or has had his application for licensure refused, revoked, or suspended by the proper authorities of another state, territory, or country based upon conduct by the licensee similar to conduct that would constitute grounds for action as defined in this Section.

La. R.S. 37:1241(A)(7): Has failed to report to the board any adverse action taken by another government agency, law enforcement agency, or court that would constitute grounds for action as defined in this Section.

La. R.S. 37:1241(A)(22): Has failed to furnish to the board or representatives any information legally requested by the board.

To facilitate the submission of this Consent Agreement, Respondent agrees that there is sufficient evidence upon which to predicate a finding of those violations.

Respondent further understands that this Consent Agreement shall constitute a Public Record, pursuant to La. R.S. 44:1 et seq., and is considered disciplinary action by the Board.

In order to avoid further administrative and judicial proceedings, Respondent hereby consents to accept and abide by the following order of the Board:

1. **Louisiana Pharmacy Permit No. 5649 belonging to FISHER BIOSERVICES, INC. is issued a LETTER OF REPRIMAND.**

2. **FISHER BIOSERVICES, INC. is ordered to pay a fine of $5,000.00 and to reimburse the Board $250.00 for administrative costs, with total payment due the Board of $5,250.00, due by *certified check or money order* to be paid simultaneously with the execution of this Consent Agreement by Respondent.**

By signing this Consent Agreement, Respondent agrees that the Board has jurisdiction in this matter and waives all rights to informal conference, to Notice of Hearing, to a formal Administrative Hearing, and to judicial review of this Consent Agreement.

By signing this Consent Agreement, Respondent agrees that any failure to comply with the terms of this Agreement is a basis for discipline by the Board.

Both Respondent and the Board stipulate that this Consent Order shall not become effective and shall not become binding on the Board unless and until approved by the Board at formal meeting. However, Respondent agrees that this Consent Order shall be effective and binding upon Respondent without recourse upon its authorized representative signing said Order.

Respondent agrees to authorize the Board to report this action to the National Practitioner Data Bank – Healthcare Integrity and Protection Data Bank (NPDB-HIPDB) as required by law.

I, Bill Turner, authorized to act on behalf of and acting on behalf of FISHER BIOSERVICES, INC., understand that this Consent Agreement is effective as a Board Order upon affirmative vote by the Board at formal hearing. It is also understood that, should the Board not approve this Consent Agreement, the agreement therein does not preclude the Louisiana Board of Pharmacy from requiring a formal hearing of this case.

It is further understood that, should this Consent Agreement not be accepted by the Board, the presentation to and consideration by the Board of this Agreement, including presented documentary evidence and information, shall not unfairly or illegally prejudice or preclude the Board or any of its members from further participation in hearings or resolution of these proceedings.

"RESOLVED, that the following authorizations relate to the execution, for and on behalf of the Company, of bonds, undertakings, recognizances, contracts and other written commitments of the Company entered into in the ordinary course of business (each a "Written Commitment"):

(1) Each of the Chairman, the President and the Vice Presidents of the Company is hereby authorized to execute any Written Commitment for and on behalf of the Company, under the seal of the Company or otherwise.

(2) Each duly appointed attorney-in-fact of the Company is hereby authorized to execute any Written Commitment for and on behalf of the Company, under the seal of the Company or otherwise to the extent that such action is authorized by the grant of powers provided for in such person's written appointment as such attorney-in-fact.

(3) Each of the Chairman, the President and the Vice Presidents of the Company is hereby authorized, for and on behalf of the Company, to appoint in writing any person the attorney-in-fact of the Company with full power and authority to execute, for and on behalf of the Company, under the seal of the Company or otherwise, such Written Commitments of the Company as may be specified in such written appointment, which specification may be by general type or class of Written Commitments or by specification of one or more particular Written Commitments.

(4) Each of the Chairman, the President and the Vice Presidents of the Company is hereby authorized, for and on behalf of the Company, to delegate in writing to any other officer of the Company the authority to execute, for and on behalf of the Company, under the Company's seal or otherwise, such Written Commitments of the Company as are specified in such written delegation, which specification may be by general type or class of Written Commitments or by specification of one or more particular Written Commitments.

(5) The signature of any officer or other person executing any Written Commitment or appointment or delegation pursuant to this Resolution, and the seal of the Company, may be affixed by facsimile on such Written Commitment or written appointment or delegation.

FURTHER RESOLVED, that the foregoing Resolution shall not be deemed to be an exclusive statement of the powers and authority of officers, employees and other persons to act for and on behalf of the Company, and such Resolution shall not limit or otherwise affect the exercise of any such power or authority otherwise validly granted or vested."

I, Dawn M. Chloros, Assistant Secretary of FEDERAL INSURANCE COMPANY, VIGILANT INSURANCE COMPANY, PACIFIC INDEMNITY COMPANY, WESTCHESTER FIRE INSURANCE COMPANY and ACE AMERICAN INSURANCE COMPANY (the "Companies") do hereby certify that

(i) the foregoing Resolutions adopted by the Board of Directors of the Companies are true, correct and in full force and effect.
(ii) the foregoing Power of Attorney is true, correct and in full force and effect.

Given under my hand and seals of said Companies at Whitehouse Station, NJ, this June 17, 2024

Subject: Letter of Explanation for Misdemeanor Charge

Dear Sir or Madam,

I hope this letter finds you well. I am writing to provide an explanation for my Misdemeanor charge that was filed in August 1990. Please find the detailed account of the circumstances surrounding this incident.

Thirty-Four (34) years ago, in 1990, while I was driving a vehicle, my passenger threw an object from the vehicle and struck another car. A police officer observed this incident and charged us with "Throwing a Substance at Vehicle Prohibited". As the driver of the vehicle, I was given probation and completed community service. The object thrown was considered a weapon since it was "thrown". However, the charge was dropped.

On July 15, 2024, I had an attorney file an expungement to remove the 34-year-old misdemeanor from my record. I have attached the expungement for your references.

Warm Regards,

Dr. Dennis A. Eyler, Pharm.D., MBA

Statement of Explanation for Wholesale Distributor License Documentation Requests

Applicant: One Beat CPR Learning Center, LLC
3151 Executive Way
Miramar, FL 33025

Explanation for not having Home State License:

One Beat CPR Learning Center, LLC is a national leader in providing emergency preparedness solutions for public access. One Beat CPR Learning Center, LLC offers a proven and complete suite of products and services including employee CPR training, AED deployments, and AED program management to help organizations of all sizes be heart safe.

One Beat CPR Learning Center, LLC is not required to be licensed to operate as wholesale device distributor in Florida. Florida does not regulate the distribution of legend devices. One Beat CPR Learning Center, LLC does not sell prescription drugs and therefore is not required by Florida to obtain a wholesale drug distributor license. In fact, Florida does not define Wholesale Distribution to include device distribution at all. (See **499.003 Wholesale Distribution**)

Florida Code Citation:

Chapter 499.003 "Wholesale distribution"

Section 48 "Wholesale distribution" means the distribution of a prescription drug to a person other than a consumer or patient, or the receipt of a prescription drug by a person other than the consumer or patient.

Explanation for not having a recent Inspection Report:

Wholesale device distributors are not regulated by the state of Florida unless the distribution is to residential customers. One Beat CPR Learning Center, LLC does not sell to residential customers as explained in the statements above. Therefore, One Beat CPR Learning Center, LLC is not subject to the Florida Department of Business and Professional Regulations inspections and does not have a recent home state inspection report.

Sincerely,

Jill Vennekotter

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 107894358

Application/License No. _____

ONE BEAT CPR LEARNING CENTER, LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 3151 Executive Way Miramar, FL 33025 (Address of Applicant/Principal), as PRINCIPAL, and TRAVELERS CASUALTY AND SURETY COMPANY OF AMERICA (Surety Company), a corporation organized under the laws of the state of CT (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is One Tower Square Hartford, CT 06183 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on May 13, 2024 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

By: _____
Robert L. Raney, Senior Vice President

On this the **21st** day of **April**, **2021**, before me personally appeared **Robert L. Raney**, who acknowledged himself to be the Senior Vice President of each of the Companies, and that he, as such, being authorized so to do, executed the foregoing instrument for the purposes therein contained by signing on behalf of said Companies by himself as a duly authorized officer.

IN WITNESS WHEREOF, I hereunto set my hand and official seal.

My Commission expires the **30th** day of **June**, **2026**

_____
Anna P. Nowik, Notary Public

This Power of Attorney is granted under and by the authority of the following resolutions adopted by the Boards of Directors of each of the Companies, which resolutions are now in full force and effect, reading as follows:

RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President, any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary may appoint Attorneys-in-Fact and Agents to act for and on behalf of the Company and may give such appointee such authority as his or her certificate of authority may prescribe to sign with the Company's name and seal with the Company's seal bonds, recognizances, contracts of indemnity, and other writings obligatory in the nature of a bond, recognizance, or conditional undertaking, and any of said officers or the Board of Directors at any time may remove any such appointee and revoke the power given him or her; and it is

FURTHER RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President may delegate all or any part of the foregoing authority to one or more officers or employees of this Company, provided that each such delegation is in writing and a copy thereof is filed in the office of the Secretary; and it is

FURTHER RESOLVED, that any bond, recognizance, contract of indemnity, or writing obligatory in the nature of a bond, recognizance, or conditional undertaking shall be valid and binding upon the Company when (a) signed by the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary and duly attested and sealed with the Company's seal by a Secretary or Assistant Secretary; or (b) duly executed (under seal, if required) by one or more Attorneys-in-Fact and Agents pursuant to the power prescribed in his or her certificate or their certificates of authority or by one or more Company officers pursuant to a written delegation of authority; and it is

FURTHER RESOLVED, that the signature of each of the following officers: President, any Executive Vice President, any Senior Vice President, any Vice President, any Assistant Vice President, any Secretary, any Assistant Secretary, and the seal of the Company may be affixed by facsimile to any Power of Attorney or to any certificate relating thereto appointing Resident Vice Presidents, Resident Assistant Secretaries or Attorneys-in-Fact for purposes only of executing and attesting bonds and undertakings and other writings obligatory in the nature thereof, and any such Power of Attorney or certificate bearing such facsimile signature or facsimile seal shall be valid and binding upon the Company and any such power so executed and certified by such facsimile signature and facsimile seal shall be valid and binding on the Company in the future with respect to any bond or understanding to which it is attached.

I, **Kevin E. Hughes**, the undersigned, Assistant Secretary of each of the Companies, do hereby certify that the above and foregoing is a true and correct copy of the Power of Attorney executed by said Companies, which remains in full force and effect.

Dated this **13th** day of **May**, **2024**

Helping Save Lives, One Beat At A Time
Miami, Florida, United States

Summary

No one should die suddenly from an acute, treatable, medical event. I've dedicated my career to making sure as many people and places have life-saving medical equipment within reach, and the skills to use it at a moment's notice.

As the CEO of One Beat Medical, American AED, Altra Medical, and LifeSure, I'm fighting to unseat sudden cardiac arrest as a leading cause of death in the United States. Through the distribution of medical equipment like AEDs, medical training for everyone from emergency response teams and the general public, and connecting individuals in need with AEDs, I work to ensure there's a life-saving tool and someone to use it — everywhere.

I started my career in medical equipment and training over twenty years ago. Over the course of a dozen years at Physio-Control, beginning with an office management and reception position, I held positions in sales, distribution, and national enterprise management. Since 2016, I have also been CEO/President of the Cignet Medical Division.

I have a B.A. in Political Science and Government from the University of Delaware and also studied history at Tulane.

My life's work is to facilitate a seamless connection between the latest tools in healthcare innovation when it comes to resuscitation and first aid — and anyone (that's everyone) who needs them. That includes schools, airports, sports teams, businesses, pets (like my dogs Bree and Beau) and you. It takes just one beat to save a life. Let's do this.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 107881566

Application/License No. _____

Pharmaceutical Trade Services, Inc. dba Durbin USA (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 5100 Jones Sausage Road ~ Garner, NC 27529 (Address of Applicant/Principal), as PRINCIPAL, and Travelers Casualty and Surety Company of America (Surety Company), a corporation organized under the laws of the state of Connecticut (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is One Tower Square – Hartford, CT 06183 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on December 6, 2023 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 6th day of December, 20 23.

Initial each statement below to indicate you have read and agree with the following:

SM I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

SM I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

SM I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

SM I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

SM I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

OBSERVATION 2

Aseptic processing areas are deficient regarding the system for cleaning and disinfecting the room and equipment to produce aseptic conditions.

Specifically, disinfectant efficacy studies have not been performed for the Decon-Quat 200, Decon SPORE 200 Plus, Sterile 70% IPA, and the Hypo-Chlor 0.52% cleaning solutions used within your ISO-5 and ISO-7 aseptic processing areas, to confirm these solutions are appropriate for use within these areas and against all surface types they are used on. The ISO-5 and ISO-7 aseptic processing areas are used for human and animal drug production.

OBSERVATION 3

Aseptic processing areas are deficient regarding the system for monitoring environmental conditions.

Specifically,

A) Surface sampling locations within the ISO-5 areas for processing human and animal drugs are not supported with appropriate studies.

B) The non-viable particle monitoring probes within the ISO-5 Biological Safety Cabinets (BSC) (such as E-0077-W, E-0078-W, and E-0079-W) and Laminar Airflow Hoods (LAF) (such as E-0082-W) are not pointed into the direction of the airflow. Within the BSCs, probes were observed pointing towards the operator and perpendicular to the direction of airflow. The probes within the LAF were observed pointing the same direction as the airflow.

C) The non-viable particle monitoring probes within the ISO-7 cleanrooms such as rooms 120 and 121 are not pointed into the direction of the airflow. Rather these probes are hanging from the ceiling and pointed towards the floor.

D) The ISO-7 rooms containing the ISO-5 filling BSCs and LAFs are only required to be tested for viable (surface and active air) microorganisms once per week as required by SOP 30.030, Environmental Monitoring, Version 10, Effective Date: 09/22/2023, Table 2: Frequency of Sampling in ISO-7 Classifications. The ISO-7 rooms are not required to be tested each day the ISO-5 BSC and LAFs are in use.

OBSERVATION 4

Procedures designed to prevent microbiological contamination of drug products purporting to be sterile are not established and followed.

Specifically,

Fedegari Autoclave, Model FOAF3/AG, Equipment ID# E-0832-W, performed 11/11/2022 failed to meet the minimum requirement of 121°C on thermocouple TC-09. Thermocouple TC-09 reported a value of 120.05 during the qualification. The acceptance criteria states the minimum temperatures from all thermocouples during sterilization phase must be ≥ 121°C.

Additionally, Thermocouple TC-19, failed its pre- and post- calibration check and was used during the requalification.

Although the requalification occurred 11/11/2022, to date, the final report has not been approved by the quality unit.

This autoclave is used to sterilize human and animal drug products inside 1L bottles, prior to these products being aseptically filled. Between 11/11/2022 and now, there have been approximately 112 batches of drug product sterilized with this equipment.

B) Operators were observed blocking first pass air on 11/01/2023 while filling the following drug products:
- Tacrolimus 0.02% in Corn Oil, Ophthalmic Solution, 15 mL lot #222-05403992
- Cyclosporine 2%/Tacrolimus 0.2% in Corn Oil, Ophthalmic Solution, 15 mL lot #222-05400373

C) Airflow visualization studies are inadequate for the following reason:

1. The generated smoke was not robust enough to show the flow of air.

2. Smoke was not always observed to be directly above the area where the activity was occurring during video "E-0077-W Dropper Bottles Process APR2023". Smoke appeared to be in the back corner of the BSC while operator activities were occurring in the center of the BSC.

3. Unidirectional airflow was interrupted with eddy currents detected at timepoint 0:31 during video "E-0078-W Dynamic Basic APR2023".

4. While smoke studies were performed for opening and closing droppers among the ISO-5 hoods, the entire filling process including setup and filling operations have not been evaluated within each hood under dynamic conditions as part of qualification.

OBSERVATION 5

Employees are not given training in the particular operations they perform as part of their function.

Specifically, the visual inspection qualification program is inadequate. There is no assurance that personnel qualified for 100% visual inspection can identify all known critical defects found in your sterile drug products. Operators must score at least a 75% on the qualification, however, the Visual Inspection Qualification Test document shows 10 out of 10 operators who perform visual inspection failed to identify critical defects such as particles during their qualification.

OBSERVATION 6

The quality control unit lacks the responsibility and authority to approve and reject all in process materials and drug products.

Specifically,

A)An Acceptable Quality Limit (AQL) for visual inspection is not performed for sterile drug products.

B)There is no test kit for the 2mL vial, rather operators are qualified using 5mL vial test kits. The 2mL vial is the size of Moxifloxacin 1mg/mL drug product and represents the smallest vial sized

SEE REVERSE OF THIS PAGE	EMPLOYEE(S) SIGNATURE		DATE ISSUED

used for drug products. Additionally, there are no test kits for operator qualification for any product placed in droppers, such as the Cyclosporine and Tacrolimus drug products.

C)The visual inspection qualification Challenge Sets A and B contain vials pre-labeled with a "(P)" on the cap identifying them as containing particles. Personnel performing visual inspection of sterile drug products are required to correctly identify the defects during qualification. These vials pre-labeled with a "(P)" inform the operator that the vial contains a particulate.

D)A standard timer is not used to ensure operators visually inspect each vial and dropper for 5 seconds against white and black backgrounds. Procedure 9.170, Visual Inspection, Version: 2, Effective Date: 06/26/2020 requires operators to visually inspect each unit for a minimum of 5 seconds against each background.

OBSERVATION 7

The separate or defined areas and control systems necessary to prevent contamination or mix-ups are deficient.

Specifically, your firm has designated hazardous (HD, room 121) and non-hazardous (NHD, room 120) production areas, however, it was noted both forms of drug products could be compounded at the same time within separate BSCs in the formulation room (room 118). For example, on 07/06/2023 Moxifloxacin 1 mg/mL in Sterile Balance Salt Solution (BSS) lot #222-05084791 (which is a NHD drug) was compounded at the same time as Tacrolimus 0.02% in Corn Oil lot #222-05082806 (which is a HD).

OBSERVATION 8

The labels of your outsourcing facility's drug products do not include information required by section 503B(a)(10)(A) of the Federal Food, Drug, and Cosmetic Act (FD&C Act).

The observations of objectionable conditions and practices listed on the front of this form are reported:

1. Pursuant to Section 704(b) of the Federal Food, Drug and Cosmetic Act, or
2. To assist firms inspected in complying with the Acts and regulations enforced by the Food and Drug Administration.

Section 704(b) of the Federal Food, Drug, and Cosmetic Act (21 USC 374(b)) provides:

"Upon completion of any such inspection of a factory, warehouse, consulting laboratory, or other establishment, and prior to leaving the premises, the officer or employee making the inspection shall give to the owner, operator, or agent in charge a report in writing setting forth any conditions or practices observed by him which, in his judgment, indicate that any food, drug, device, or cosmetic in such establishment (1) consists in whole or in part of any filthy, putrid, or decomposed substance, or (2) has been prepared, packed, or held under insanitary conditions whereby it may have become contaminated with filth, or whereby it may have been rendered injurious to health. A copy of such report shall be sent promptly to the Secretary."

Reference: FDA 483 dated November 17th, 2023

Dear Mr. Porter,

This letter is in response to the form FDA 483 issued to Wedgewood Connect, a 503B outsourcer, on 11/17/2023. As an introductory comment, Wedgewood Connect takes all of the Investigators' remarks seriously and intends to be fully compliant with all aspects of current 503B guidance, as well as all appropriate sections of 21 CFR 211.

In regard to the inspection that occurred between 11/01/2023 and 11/17/2023, we appreciate the professionalism of Investigator Anney Lin, Investigator Jeffrey P. Raimondi and Investigator Andrew Le. We acknowledge the FDA's inspectional observations in the FDA 483 issued on 11/17/2023. We recognize that the FDA 483 only touched on specific aspects and that it is the responsibility of Wedgewood Connect to be in full compliance with the regulations and 503B guidance. We have or will enhance our systems and processes as stated in our responses below to address the Agency's observations.

Wedgewood Connect responds as follows to the specific observations from the FDA 483 in the same order found in the FDA 483. The observation is restated, and the response follows.

Observation 1:
Written records are not always made of investigations into unexplained discrepancies.

Specifically,

A) Investigations are not always performed for the environmental/personnel monitoring excursions within ISO-5 and ISO-7 (action limits of 1 cfu and 10cfu, respectively) areas as required by SOP 3.030 Environmental Monitoring, version: 10, Date effective: 9/22/2023. The following are examples where investigations were not performed to determine a root cause, product impact, and need to implement CAPA to prevent recurrence:

wedgewood connect

08/04/2023	RSS (operator forehead)	7	13	Rhizobium species	Tacrolimus 0.03% Ophthalmic Suspension 15mL Lot #222-0515806 Tacrolimus 0.03% in MCT oil, 5 mL Lot # 222-05173240

Observation 1 A) Response: We acknowledge the observation. It was pointed out during the inspection that the five ISO 5 recoveries did not require an investigation. SOP 3.030 version 10 *Environmental Monitoring*, at the time of inspection stated that recoveries *beyond* the stated action level of 1 cfu required investigation. Since the results listed in this observation did not exceed the action limit of 1 cfu, no investigations were performed. Wedgewood Connect had based this acceptance criteria for ISO-5 samples as well as when to perform an investigation on USP 797. (See Attachment # 1)

Out of an abundance of caution, a retrospective investigation was performed during the inspection for the one ISO 5 recovery which impacted a single product that had not yet met its expiration date. This investigation (23DR0151) was provided to the inspectors during the audit and is attached to this response (See attachment # 2). The retrospective investigation concluded that there was no impact to the product being produced.

Since the close of the inspection, Wedgewood Connect has completed retrospective investigations for all remaining ISO5 recoveries listed above (See attachment # 3).

All of the ISO5 retrospective investigations concluded that there was no impact to any of the products produced.

Wedgewood Connect acknowledges the three ISO 7 excursions which were missed. Retrospective investigations were performed for all three ISO 7 recoveries. All of the ISO 7 retrospective investigations concluded that there was no impact to any of the products produced. Copies of all the ISO 7 retrospective investigations (23DR0149, 23DR0150, 23DR0152) were provided to the inspectors during the audit (See attachment # 4).

SOP 3.030, *Environmental Monitoring*, was revised to provide clarity and now requires an investigation be performed should any recoveries be found in ISO 5. Step 9.13.1.2 states if the action level is reached or exceeded, Wedgewood Connect must initiate an investigation.
A copy of the newly implemented SOP 3.030 version 11, *Environmental Monitoring* **Date effective: 11/08/2023**; was provided to the inspectors before the conclusion of the audit.
Training record for revised SOP 3.030 version 11 (See attachment # 5).

B) Investigation into the turbid media fill 15ml bottle under OOS00041, for lot# 222-05200073 did not include identification of the microorganism recovered. Additionally, the operator who performed this media fill was not requalified through performance of an additional media fill, and to date, this operator has filled approximately 21 batches of sterile human and animal drug products.

Observation 1 B) Response: We acknowledge the observation. However, Wedgewood Connect had pointed out during the inspection that the media filled unit in question was not integral and was open to the environment. The OOS investigation report OOS00041 stating this container defect was provided to the inspectors (See attachment # 6 for OOS report). During the investigation by the testing laboratory, a hairline fracture was discovered at the bottom of the turbid unit which exposed the contents to environment. Based on this finding, the biannual re-qualification media fill for the operator was not invalidated, and neither was there any requirement to identify or repeat the media fill. The OOS report provided to the inspectors also contained a picture of the hairline fracture. Also based on this finding, and as part of routine Quality process, a Nonconformance Report (NCR) report NCR0052 was initiated on 10/06/2023 for the bottle manufacturer to assess possible damage in transit. The NCR was closed on 11/28/2023. The NCR includes investigation report by the manufacturer and is concluded as inconclusive (See attachment # 7 for NCR report).

All past successive media fill qualification results for this operator were reviewed. There were 4 media fills that this operator had completed since beginning his

employment with Wedgewood Connect. All results met the acceptance criteria of 0 positive units.
As background, Wedgewood Connect has performed approximately 190 media fills since 2020, covering approximately 139892 media filled units. All media filled units during this time have had zero growth.

Although the media fill in question is acceptable based on the fact that the investigation showed the turbid unit was the result of a non-integral unit, out of an abundance of caution, the operator in question has repeated the media fill on 11/22/2023. OOS00041 will be re-opened to add the performance of re-qualification of operator along with the results.

C) Complaint investigations do not include evaluation of retain samples as required by procedure 5.031, Customer Complaints, Version: 5.0, Date Effective; 06/01/2022. The following are examples where retain samples were not evaluated:

Complaint Number	Due Date	Product	Lot number	Description
C- 350-2022	10/20/2022	Cyclosporine 2% in Corn Oil Ophthalmic Solution -15mL	222-03548354	Fuzzy layer on the bottle that look like crystals
C-650-0022	02/14/2023	Cyclosporine 2% in Corn Oil Ophthalmic Solution -15mL	222-03859621	Medication looks cloudy and has particulates
C-147-2023	06/28/2023	Cyclosporine 2% in Corn Oil Ophthalmic Solution -15mL	222-04175692	Medication has chunks in it
C-266-2023	08/17/2023	Cyclosporine 1% in Corn Oil Ophthalmic Solution-15mL	222-04470208	Black spec inside bottle

Observation 1 C) Response: We acknowledge the observation. As discussed, during the inspection, the Quality department investigates each quality related complaint received. As part of the investigation, the Quality department will assess all complaint facts reported, as per procedure. This includes an evaluation of retains. The evaluation of retains was in fact performed at the time the complaints were received and investigated, but inadvertently were not documented.

Retrospectively, Wedgewood Connect has re-evaluated the retains for the lots listed in the observation, as well as the retains for additional batches of the same products.

After evaluating the retains, we found no defects or particles, and there are no concerns with the safety, identity, strength, quality, or purity of our drug products (See attachment # 8)

As a corrective action, Quality department staff involved in complaint investigations were re-trained on the SOP 5.031, Version: 5.0 *Customer Complaints*, (attachment # 9 for re-training).

Observation 2:
Aseptic processing areas are deficient regarding the system for cleaning and disinfecting the room and equipment to produce aseptic conditions.

Specifically, disinfectant efficacy studies have not been performed for the Decon-Quat 200, Decon SPORE 200 Plus, Sterile 70% IPA and the Hypo-Chlor 0.52% cleaning solution used within your ISO-5 and ISO-7 aseptic processing areas, to confirm these solutions are appropriate for use within these areas and against all surface types they are used on. The ISO-5 and ISO-7 aseptic processing areas are used for human and animal drug production.

Observation 2 Response: Current Good Manufacturing Practice—Guidance for Human Drug Compounding Outsourcing Facilities Under Section 503B of the FD&C Act Guidance for Industry states: *"Based on the results of environmental monitoring, the disinfection program must be revised if there are indications that the frequency of disinfection or the methods or type of disinfectant(s) used are inadequate to ensure appropriately clean surfaces. Conducting disinfectant effectiveness testing may be useful in guiding revision of the disinfection program in such cases."*
It also states, *"published literature and supplier certificates of analysis (COAs) can be relied on when initially determining the effectiveness of agents used to clean and disinfect, as necessary, the facility and equipment surfaces, provided that the supplier's cleaning procedures are followed."* (Attachment # 10 for guidance instruction)

Taking the above guidance into reference with results of environmental monitoring, Wedgewood Connect has relied on the manufacturer's CoA and their efficacy studies for determining the effectiveness of cleaning and disinfecting agents and did not see the need to revise the disinfection program. The history of recoveries at Wedgewood Connect indicates 0.04% of the samples recovered growth in the past two years (Over 82,000 environmental samples taken in the sterile ISO 5 and ISO 7 areas).

Wedgewood Connect is fully compliant with known guidance. However, in response to this observation and in contradiction to the Agency's own guidance document, Wedgewood Connect will perform disinfectant efficacy studies on the surface types found in our sterile ISO 7 and ISO 5 areas. This study will commence in December with expected results reported in January 2024.

Observation 3:
Aseptic processing areas are deficient regarding the system for monitoring environmental conditions.

Specifically,

A) **Surface sampling locations within the ISO 5 areas for processing human and animal drugs are not supported with appropriate studies.**

Observation 3 A) Response: We acknowledge the observation. It was discussed with the inspectors that Wedgewood Connect Surface Sampling locations for ISO 5 areas are based on USP 797. (Same as Attachment # 1 for USP reference).
Based on the history of EM results for ISO-5 locations, Wedgewood Connect is fully complaint with known guidance. However, out of an abundance of caution and in an effort to continuously improve, Wedgewood Connect plans to perform EMPQ for the ISO 5 area. Target time of completion is the end of December 2023.

B) **The non-viable particle monitoring probes within the ISO-5 Biological safety Cabinets (BSC) (such as E-OC77-W, E-0078-W, and E-0079-W) and Laminar Airflow Hoods (LAF) (such as E-0082-W) are not pointed into the direction of the airflow. Within the BSCs, probes were observed pointing towards the operator and perpendicular to the direction of the airflow. The probes within the LAF were observed pointing the same direction as the airflow.**

Observation 3 B) Response: We acknowledge the observation. It was discussed with the inspectors that the non-viable particle monitoring probes in BSCs and LAFs point towards the compounding area to cover the worst case based on *Guidance for Industry: Sterile Drug Products Produced by Aseptic Processing – Current Good Manufacturing Practices* that details the recommendation for the sampling head position (Attachment # 11 for reference). Based on this, it was believed that pointing the probes towards the compounding area would be the worst and most appropriate case. Additionally, having the probes facing toward the filter would not be the worst case.

However, in response to this observation and in contradiction to the Agency's own guidance document, Wedgewood Connect has changed the position of the probe in BSCs and LAFs such that there will be an improved monitoring of the air coming from the HEPA filters. This has been instructed in the updated SOP 3.030 version 12: *Environmental Monitoring* (Attachment # 12)

C) **The non-viable particle monitoring probes within the ISO-7 cleanrooms such as rooms 120 and 121 are not pointed in the direction of the airflow. Rather these probes are hanging from the ceiling and pointed towards the floor.**

Observation 3 C) Response: We acknowledge the observation. It was discussed with the inspectors that the non-viable particle monitoring probes point towards the working area of the room to cover the worst case based on *Guidance for Industry: Sterile Drug Products Produced by Aseptic Processing – Current Good Manufacturing*

Practices that details their recommendation for sampling head position (Same as Attachment # 11). Based on this, it was believed that pointing the probes towards the working area of the room would be the worst and most appropriate case. Additionally, having the probes facing toward the filter would not be the worst case.

However, in response to this observation and in contradiction to the Agency's own guidance document, Wedgewood Connect has changed the position of the probes within the ISO-7 cleanrooms such that there will be improved monitoring of the air coming from the HEPA filters. The corresponding change control CC-063-2023 is attached (See Attachment # 13)

D) The ISO 7 rooms containing the ISO-5 filling BSCs and LAFs are only required to be tested for viable (surface and active air) microorganisms once per week as required by SOP 3.030 Environmental Monitoring, Version 10, Date: 09/22/2023, Table 2: Frequency of sampling in ISO-7 Classifications. The ISO-7 rooms are not required to be tested each day the ISO-5 BSC and LAFs are in use.

Observation 3 D) Response: We acknowledge the observation and have added the daily ISO 7 viable monitoring for microorganisms for surface and active air each day the ISO 5 BSC and/or LAFH are in use per updated SOP 3.030 *Environmental Monitoring* version 12 which was made effective on 12/04/2023 (Same as attachment #12 and see attachment # 14 for training record on updated SOP). The daily ISO 7 sampling began December 4.

Wedgewood Connect has and will continue to perform viable monitoring for microorganisms for surface and active air in all ISO 5 and ISO 7 sterile areas. Please note that over the last two years, Wedgewood Connect has taken over 82,000 samples in ISO 5 and ISO 7 with 0.04% recovery rate.

Observation 4:
Procedures designed to prevent microbiological contamination of drug products purporting to be sterile are not established and followed.

Specifically,

A) Requalification of the steam sterilization process for liquid loads (1L bottle formats) in the Fedegari Autoclave, Model FOAF3/AG,Equipment ID# E-0832-W, performed 11/11/2022 failed to meet the minimum requirement of 121° C on thermocouple TC-09. Thermocouple TC-09 reported value of 120.05 during the qualification. The acceptance criteria state the minimum temperature from all the thermocouples during sterilization phase must be ≥121 ° C. Additionally, Thermocouple TC-19, failed its pre- and post- calibration check and was used during the requalification.
Although the requalification occurred 11/11/2022, to date, the final report has not been approved by the quality unit.

This autoclave is used to sterilize human and animal drug products inside 1L bottles, prior to these products being aseptically filled. Between 11/11/2022 and now, there have approximately 112 batches of drug product sterilized with this equipment.

Observation 4A) Response: We acknowledge the observation. Please note that the requalification run had a total of 36 thermocouples which were used. One of the 36 thermocouples, TC-09, reported value of 120.05 during the Maximum load run. This was investigated and a copy of the investigation report 23DR0059 was provided to the inspectors for review. Please note that all 64 biological indicators placed in this load were negative for growth. This includes a biological indicator placed at this thermocouple.

Per requalification protocol RQ-2022-012, 90% of the thermocouples must pass post calibration check (See attachment # 15). With One Thermocouple TC-19, failing pre- and post- calibration check; 97.2% of the thermocouples passed our calibration checks, which is well within our acceptance criteria. Hence, it was determined to have no impact on the qualification of autoclave.

Also, based on the fact all 64 biological indicators (during max load) resulted in negative growth, it was determined that there was no impact on the qualification status of the autoclave. Additionally, each autoclave cycle for commercial product is checked to ensure a minimum temperature of 121°C. All autoclave runs from 11/01/2021-10/31/2023 were re-checked and all runs met the minimum temperature requirement of 121°C.

We understand that the Final report should have been reviewed and approved in a more timely manner. However, it should be noted, the Quality department did review raw data and released autoclave in November 2022 on an interim basis. A copy of the final report was provided to the inspector during the audit. The Final report was signed off by QA supervisor on 12/01/2023.

While the autoclave did pass qualification, Wedgewood Connect plans to revalidate the autoclave Equipment ID# E-0832-W with one empty chamber run, three minimum load runs and three maximum load runs including BIs. The Protocol for the re-validation was approved on 12/06/2023 (See attachment # 16). The revalidation will be completed by mid-December 2023.

B) Operators were observed blocking first pass air on 11/01/2023 while filling the following drug products:

- **Tacrolimus 0.02% In Corn Oil, Ophthalmic Solution, 15 mL lot#222-05403992**

- **Cyclosporine 2%/Tacrolimus 0.2% in Corn Oil, Ophthalmic Solution, 15 mL lot #222-05400371**

Observation 4B) Response: We acknowledge the observation, however, Wedgewood Connect disagrees with this observation. We had pointed out to the inspectors that from the angle the inspectors were viewing, which was from behind the filling operators, one could not accurately assess whether first pass air was being blocked. SOP 1.060 *Aseptic Technique and Cleanroom Behavior* V2.0 step 9.1.3.3 clearly states "When handling sterile components, hand placement is critical. Hand placement should always be as far away from any critical surfaces as possible and should never block First Air" (See attachment # 17). All filling operators are trained on this procedure.

A mock video of the filling process taken from multiple angles was prepared and provided to inspectors during audit to demonstrate that what the inspector noted may not have been accurate. This included a video from behind the filling operator (the inspectors' view) and a view from parallel to the units being filled. The parallel view showed that first pass air was not blocked.
All technicians have been trained (See attachment # 18 for SOP 1.060 version 3 training record) with emphasis on section 9.1.3.3 to not block first air.

C) Airflow visualization studies are inadequate for the following reason:

1. **The generated smoke was not robust enough to show the flow of air.**
2. **Smoke was not always observed to be directly above the area where the activity was occurring during video "E-0077-W Dropper Bottles Process APR2023". Smoke appeared to be in the back corner of the BSC while operator activities were occurring in the center of the BSC.**
3. **Unidirectional airflow was interrupted with eddy currents detected at timepoint 0.31. during video "E-0078-W Dynamic Basic APR2023".**
4. **While smoke studies were performed for opening and closing droppers among the ISO-5 hoods, the entire filling process including setup and filling operations have not been evaluated within each hood under dynamic conditions as part of qualification.**

Observation 4C) Response: We acknowledge the observation. The targeted smoke outlet was placed centrally inside the BSC, and the outlet was aimed toward the direct compounding area directly below. Some angles of the video may make the smoke appear to be scant and blow toward the back corner.

Unidirectional airflow was momentarily interrupted with an eddy current at the timepoint observed due to the opening of the dropper bottles package. When the

package is opened, the air inside the package escapes, which may interrupt unidirectional airflow inside the hood briefly. The dropper bottle packages are sterilized by the manufacturer during production, so the air being expelled is sterile. During this stage of the filling process, no critical sites are open inside the hood and no product is exposed inside the hood. This brief interruption in airflow is not indicative of an equipment malfunction nor does it impact product integrity.

Only one BSC (E-0077-W) in room 121 and one LAFW (E-0082-W) in room 120 were used for dynamic smoke testing under the smoke study protocols. All other BSCs and LAFWs in the ISO 7 area experienced the standard dynamic smoke studies as defined by Controlled Environment Testing Association (CETA). Per CETA, BSC (E-0077-W) and LAFW (E-0082-W) which are closest to the entrance door of their respective rooms are considered to have worst-case smoke patterns when the door opens and closes. Further, each hood in each respective room is identical to the other hoods in that room. Velocities are checked upon regular recertification to ensure that each hood is performing in a consistent and acceptable manner.

In order to enhance our quality system, Wedgewood plans to conduct smoke studies capturing the entire process in each of the 7 hoods in rooms 121 and 120 utilizing more robust smoke generation. Wedgewood plans to complete smoke studies for all hoods no later than mid-January 2024.

Observation 5:
Employees are not given training in the particular operations they perform as part of their function.

Specifically, the visual inspection qualification program is inadequate. There is no assurance that personnel qualified for 100% visual inspection can identify all known critical defects found in your sterile products. Operators must score at least a 75% on the qualification, however, the Visual inspection Qualification test document shows 10 out 10 operators who perform visual inspection failed to identify critical defects such as particles during their qualification.

Observation 5) Response: Wedgewood Connect acknowledges the observation regarding the visual inspection qualification program. Our current training program is based on USP 1790, which uses a probability of detection rate for critical defects. Before inspecting vials for commercial products, all operators must pass 2 successive, successful test inspections using different test sets. Qualification tests are performed immediately after one hour of inspecting water-filled vials. This challenges operators' ability to inspect for the longest duration permitted without taking a break. Operators must be tested by outside, independent medical provider for visual acuity and color perception prior to qualification and at least annually thereafter. Near-vision performance must be the equivalent of 20/20 or better, uncorrected or corrected, with no impairment of color

vision. 100% of operators passed the qualification test prior to inspecting commercial products.

Although USP 1790 only requires a 70% detection limit of critical defects during qualification, we have, in an abundance of caution and to continuously improve, updated SOP 9.180 *Visual Inspection Qualification* (See attachment # 19 for SOP 9.180 version 2 and see attachment # 20 for training record), to increase the minimum test score from 75% to 80%. In addition to updating our qualification score to 80%, we have enhanced our training process by procuring an additional qualification set to include known critical defects historically found in our products and all our Operators have been re-qualified to this requirement with the new challenge set.

Observation 6:
The quality control unit lacks the responsibility and authority to approve and reject all in process materials and drug products.

Specifically,

A) **An Acceptable Quality Limit (AQL) for visual inspection is not performed for sterile Drug products.**

Observation 6A) Response: It was discussed with the inspectors that Wedgewood Connect relies on the inspection process which warrants an investigation, should >10% of the batch gets rejected due to critical defects identified by the operators.

While Wedgewood Connect is in compliance with current guidance, we had created a new SOP 9.200 Ver 1- Acceptable Quality Limit (AQL) for Visual Inspection of Sterile Products. A copy of the approved SOP was provided to the inspectors during the audit. The process of AQL for sterile products was made effective on 11/27/2023 with AQL performed on each batch of sterile product by Quality unit (See attachment # 21 for SOP 9.200)

B) **There is no test kit for the 2mL vial, rather operators are qualified using 5mL vial test kits. The 2mL vial is the size of Moxifloxacin 1mg/mL product and represents the smallest vial size used for drug products. Additionally, there are no test kits for operator qualification for any product placed in droppers, such as the Cyclosporine and Tacrolimus drug products.**

Observation 6B) Response: We acknowledge the observation. Wedgewood Connect considers that identification of defects in a 5ml vial can be detected with the same accuracy that an inspector would be able to identify in a 2ml vial, or a 15ml bottle.

Our training uses the 5mL vial as the single simulated process to qualify operators, as operators would be assessed on the ability to identify different sized particles

throughout the challenge set. The current qualification was considered worst case as it would be less challenging to detect particulate in the lower volume of a 2ml container or dropper bottle.
Although we believe a visual inspection operator can identify the same defects in a 5mL vial as in all product container forms, to enhance our current operator qualification processes we have purchased additional test sets to include all product containers produced, including 2mL vials and dropper bottles used.

C) **The visual inspection qualification challenge Set A and B contain vials pre-labeled with a "(P)" on the cap identifying them as containing particles. Personnel performing visual inspection of sterile drug products are required to correctly identify the defects during qualification. These vials pre-labeled with a "(P)" inform the operator that the vial contains a particulate.**

Observation 6C) Response: The inspection qualification vials mentioned in the observation have been addressed and the pre-labeled vials have been removed from the test set. Wedgewood connect would like to point out that the qualification set contained other vials with known particles which had no designation and were successfully found during qualification.
As mentioned in the response to observation 5 above, in addition to updating our qualification score to 80%, we have enhanced our training process by procuring an additional qualification set to include known critical defects historically found in our products and all our Operators have been re-qualified to this requirement with the new challenge set.

D) **A standard timer is not used to ensure operators visually inspect each vial and dropper for 5 seconds against white and black backgrounds. Procedure 9.170, Visual Inspection, Version: 2, Effective date: 06/26/2020 requires operator to visually inspect each unit for aminimum of 5 seconds against each background.**

Observation 6D) Response: We acknowledge the observation. Although audio timers are a part of our current operator training process, we refrained from using them after the training period due to USP 1790 stating audio timing devices can be a cause of distraction to other inspectors. (See attachment # 22 for USP). Each Wedgewood Connect inspector is trained to perform the required inspection utilizing 5 seconds against each background.

However, out of an abundance of caution, SOP 9.170 *Visual Inspection* has been updated to include requirements for a timing device to be used during inspection (See attachment # 23 for SOP 9.170 version 4). This will be made effective 12.11.2023.

Observation 7:
The separate or defined areas and control systems necessary to prevent contamination or mix-ups are deficient.

Specifically, your firm has designated hazardous (HD, room 121) and non-hazardous (NHD, room 120) production areas, however, it was noted both forms of drug products could be compounded at the same time within separate BSCs in the formulation room (room 118). For example, on 07/06/2023 Moxifloxacin 1 mg/mL in Sterile Balance Solution (BSS) lot #222-05084791 (which is a NHD drug) was compounded at the same time as Tacrolimus 0.02% in Com Oil lot #222-05082806 (which is a HD).

Observation 7) Response: We acknowledge the observation.
Wedgewood Connect appreciates the opportunity to respond to the observation and we understand the possible concern with regard to cross contamination or mix-ups between HDs and non-HD drug products.
Our current compounding process for all products consists of compounding in an externally vented biological safety cabinet (BSC) within our formulation rooms 118 and 115, which also encounter 34-39 air changes per hour and have negative pressure to the surrounding rooms. All product batch records require operators to perform an area clearance to ensure no unrelated materials from other batches are present in the workspace. In addition, whether compounding a Non-HD or HD product, all raw materials remain contained within the BSC until the product is in its final liquid form. All operators present during the compounding of an HD product in the formulation rooms have the appropriate HD personal protective equipment, this includes the operators working on non-HD compounds. Post-compounding cleaning consists of deactivating, decontaminating, cleaning, and disinfecting the BSC and equipment used in the compounding process. Lastly, all Wedgewood Connect drug products undergo extensive testing prior to release. This includes testing for impurities, which would identify unknown contamination. To date, none of Wedgewood Connect's drug products have failed for such impurities.

Although current engineering controls and containment procedures prevent contamination or mix-ups between products, effective December 05, 2023, formulation room 115 has been designated for HD compounding. SOP 3.010 version 7 *Classified and CNC Area Requirements* has been updated and effective as of 12/05/2023 to reflect this change (See attachment # 24).

Observation 8:
The labels of your outsourcing facility's drug products do not include information required by section 503B(a)(10)(A) of the Federal Food, Drug, and Cosmetic Act (FD&C Act).

Specifically, the following information is not found on your drug product labels:

A) The name of the outsourcing facility.

Example of your drug product labels that do not contain this information: Moxifloxacin. 1 mg/mL in Sterile Balanced Salt Solution Injection, I mL in 2 mL vial (NDC # 79926-068-05)

Observation 8) Response: We acknowledge the observation, and we understand the complete company name was missing on the label. Wedgewood Connect updated the label for Moxifloxacin. 1 mg/mL in Sterile Balanced Salt Solution Injection, I mL in 2 mL vial (NDC 79926-068-05) on 11/16/2023 and provided a copy of the newly approved label to the inspectors on 11/17/2023 before the conclusion of the inspection. We would like to point out that the company phone number and physical address was present on the label and if there were an issue, a patient could have dialed the number to contact Wedgewood Connect. (See attachment # 25 for updated label)

Wedgewood Connect takes all the Investigators' observations and remarks seriously and it is our intent to be fully compliant with all aspects of the current 503B guidance, as well as all appropriate sections of 21 CFR 211. The enclosed responses to FDA's 483 observations demonstrate Wedgewood Connect's sincere and comprehensive focus on continuous improvement. If FDA would like to further discuss any items discussed between Wedgewood Connect and the investigators during the closeout, Wedgewood Connect welcomes a meeting with the Agency at any time.

Sincerely,

Shruti - 12/07/2023

Inspector Remarks:

Resident outsourcing renewal inspection
Conducted on (in person): May 9, 10, 11 2023
Completed by Inspectors: Peg Panella-Spangler, Alyce Petrutiu and Lesa Fitzpatrick. Inspector Rachel Powell observed during the inspectional walk-through as a training exercise
Assisted in full or in part by: Craig Mastenbaum, General Manager, Christina Vega PharmD, Quality Director, Evelyn Lopez, Operations Director, Paul Yamamoto RPh, VP of Pharmacy Services, Myhong Phan PharmD, Audit Scribe, R&D, and subject matter experts as required.

Product line consists of ophthalmic preparations in both oil and aqueous matrixes and injectables. Current Max BUD is up to 270 days. Completed over 20 stability protocols in the last year. Hazardous and non-hazardous preparations are compounded on-site. Products are almost exclusively distributed to veterinary customers. Shipping records provided for a non-veterinary customer. Container closure types include at least the following:

- **5 ml, 10ml, 50mL - Glass vial**
- **7ml, 15mL- Dropper bottle; 5ml, 10ml or 15mL fill volume.**

Largest formulated sterile batch size is 33 liters, largest unit batch size is 3000 units. All aseptic filling operations occur within 10-12 hours. Formulated solutions that have been prefiltered are filled same day up to 48 hours post formulation (product specific hold times).
The firm began manufacturing tablet dosage forms in 2022:

- **Quad Tabs®**

• **Tiny tabs®**
Tablets are produced in 100 and 500 count final container closures.
Products are hazardous and non-hazardous, and controlled room temperature storage and refrigerated storage. One controlled substance commercially available. Products are produced by manual and/or automated methods.
Products are prepared from API. Firm maintains licenses in all 49 states (not Hawaii) and Washington DC

Review of last California Inspection:

1. Observation I: Updated Deviations SOP;
2. Observation 2: Updated SOP 6.030 Receipt and Quarantine of Materials and SOP 6.050 Approval and Rejection of Materials by 06/01/2022
3. Observation 3: Wedgewood Connect committed to completing a site Master Validation Plan by end of Q2 2022, which will describe the required type of validation for each piece of equipment used at the site. Listed equipment was validated by 8/30/2022:
4. Observation 4: regarding drugs not on the 503B bulks list, the following are not acceptable for the compounding for human products under the exemptions for 503B: doxycycline, desmopressin, buprenorphine, apomorphine, demecarium bromide, prednisolone ophthalmic drops, cidofovir, idoxuridine, buprenorphine, ketoconazole, theophylline.
5. Observation 5: Annual product reviews were produced throughout the year and provided for review
6. Observation 6: Sodium metabisulfite, sodium hydroxide, MCT Oil and Corn Oil used in sterile products were food grade. Wedgewood did not provide sufficient data to show alternate sources were explored and continued to use these products. Please note NF and pharmaceutical use are not synonymous with, for use in a sterile product.
7. Observation 7: Impurities from the plastic bottles used were explored.
8. Observation 8: See observation 3
9. Observation 9: Complaint reporting was instituted per CA law
10. Observation 10: Complaint procedure was reviewed and training as appropriate provided
11. Observation 11: Wedgewood Connect committed to performing cleaning validations on the bin blender and other Natoli press product-contacting surfaces, to eliminate cross contamination
12. Observation 12: Site wide awareness training to reduce errors in the receiving and fulfillment area.

Quality: Subpart B
Personnel and organization: Onsite personnel consists of a general manager (Craig Mastenbaum) who oversees Operations/Production (Evelyn Lopez) and separate QA/QC (Christina Vega). New production supervisor hired in 2/2022. Employee census is 58. Quality unit consists of QA/QC/R&D validation and engineering.
Policies and Procedures: provided when requested. Reviewed during inspection. SOPS appear to be the main training source for staff.
Personnel training and PPE: Staff had masks on backwards. Staff are required to wash their hands in a rest room and then change into facility scrubs and shoes.
Media Fill process: No new processes
CAPAs, deviations, and customer complaints: Reviewed during inspection
ADEs: Evaluated and referred through the FDA SRP portal via an in-place process
Recalls: Process is available
Essential Copies / Drug Shortages: Processes in place to evaluate
Validations/Qualifications: New R&D staff, new facilities manager. Multiple validations were completed in the last year. No in person vendor audits have been completed at the time of inspection. They are being scheduled.

Facilities: Subpart C
Firm is located within a commercial space consisting of areas for offices, shipping & receiving, finished goods,

storage, quarantine/release of materials, and sampling. There is not sufficient space for all components to be stored together or for finished goods and quarantine products to be physically separate in the warehouse space. Approx. 22,000 sq ft facility with 3000 sq ft of ISO 8 areas and 1700 sq ft of ISO 7 areas. Last year several areas were committed to tablet production. A new tableting room was constructed and is undergoing validation.
Critical Utilities: Facilities supervisor Robert Fairclough has responsibility for:
• DI water -Currently not used for commercial production processes. Per firm water is intended to meet USP purified water specifications. Testing intervals are not defined and not described in any procedure. Water is used for the dishwasher and the autoclave
• Steam generator (autoclave) - Critical process parameters 121 C for 15 mins. Autoclave is used for terminal sterilization of in-process material
• HVAC -Multiple air handlers of -5-8 tons each to supply cleanrooms and other non-cleanroom spaces. Firm has equipment list that describes area(s) of service for each unit. All classified areas are terminally HEPA filtered via fan filter units on the ceilings.
• Compressed Air-Multiple drops throughout the facility. Current application of compressed air is used for rotary tablet press, deduster, filter integrity tester, auto-labeler and autoclave Source air is derived from an oilless compressor with separate dryer.
Please see observation regarding cleaning of the manufacturing area.

Equipment: Subpart D
Calibration and Equipment Maintenance: Master list provided
Smoke studies for 10ml and 50 ml vials provided as remediation from last year's inspection
Certification of sterile cleanrooms and ISO classified areas
Sterile ISO 7 and ISO 5 PECs located in those rooms are recertified semi-annually. Performed last by TSS on 4/24/23- 4/27/23. Only room 120 was done under operational/dynamic conditions, all other areas were performed at rest/static conditions. Per the facility during the inspection, they are in the process of scheduling TSS to come out again to perform it under operational/dynamic conditions.

- Area 119 (referred to as sterile hallway) ISO 7 room which contains racks with supplies and a pass thru that leads to area 122 (ISO 7 sterile garb room) and has 2 doors that lead into 1. Non-HD ISO 7 (room 120), 2. HD ISO 7 (room 121). ACPH criteria met, and HEPA filters leak test passed
- Area 120- non-HD ISO 7 room, positive pressure with 3 ISO 5 Labconco clean benches, ACPH criteria met, HEPA filters passed leak test
- Area 121- HD ISO 7 room negative pressure with 4 ISO 5 Labconco Class II A2 BSCs, ACPH criteria met, HEPA filters passed leak test
- Area 122- ISO 7 sterile garb room that leads into the room 119 (referred to as sterile hallway) HEPA filters passed leak test, ACPH criteria met, HEPA filters passed leak test
- Area 123- ISO 7 clean storage room, ACPH criteria met, HEPA filters passed leak test
- Area 124- ISO 7 room referred to as a sterile hallway
- Area 124A- ISO 7 room, non-operational at the time of the inspection

ISO 8 areas used for non- sterile compounding and PECs in those areas are recertified annually. Last done October of 2022
Sterilizing Filter selection & compatibility: Viewed C of C for filters used in oil-based products

Control of Components and Drug Product Containers and Closures: Subpart E
Identification and Inventory: All done by hand, no electronic inventory control
Quarantine and release: Through quality and done with stickers
Component/API testing: All API must have identity, bioburden and endotoxin at a minimum for each lot. Firm continues to use food grade materials to make injections. Original CofA for MCT is consistent with EP

monograph, not NF. Corn Oil is an EP monograph and purported" not regulated in the USA". NaOH used is food grade only
Container Closure Suitability and Integrity: Noted in stability reports

Production and Process Controls: Subpart F
Master & Batch records: reviewed a few selected sample batches

- Components, bill of materials, equipment identification, personnel identification: All hand done, no ERP system in place. Components are stored in multiple areas and in multiple buildings.
- Production processing steps with verification steps; The batch record was missing a step which occurred during production. Staff stated they discard excess API however, it was observed during inspection, staff returned API back into the stock bottle.
- Specification sheet & laboratory COAs / raw materials: Provided upon request
- Production environmental monitoring and personnel monitoring sampling
    - Continuous non-viable particulate monitoring & volumetric viable air sampling during batch production in ISO-5
- Post-production evaluation – inspection, labeling, sampling: Not all examples of labels were contained in the batch record
- Processing start / end times noted: In the batch record as appropriate
- In-Process controls – bubble point testing of filter, pre-filtration bioburden
- Limits of production time / hold time of intermediates – reviewed
- Yield calculations of Protirelin are incorrect and do not reflect actual yield. Discussed actual versus theoretical yield.

Method Suitability and Container Closure Integrity: reviewed a few selected validations

Packaging and Labeling Control: Subpart G
Acceptance of packaging and labeling materials: Done by quality, all hand done, not electronic
Control of labels: Not all labels are contained in the batch record
Line clearance: Noted in the batch record
Visual inspection of product postproduction: Viewed during the inspectional walk through. Deferred the review of the defect library
Examination of finished labeled product: Noted in the SOP and the batch record

Holding and Distribution: Subpart H
Warehousing procedures: Temperature controlled area, media is stored here. Secondary warehouse does not have temperature mapping during extreme temperatures.
Distribution procedures: Deferred
Pack-out procedures: Shipping studies have been provided in the past.

Laboratory Controls: Subpart I
Stability studies: Discussed water activity in tablets for stability concerns
Release testing: Wedgewood owns Front range Labs and will slowly transition to using them exclusively. Currently using CIAL for metronidazole oral susp, buprenorphine Inj, except osmolality which is done at Front Range
Prompt Praxis: Protirelin chemistry, demacarium eye drops
Equipment & facility: Currently have only incubators at the facility for environmental and personnel monitoring. All other testing is sent out to three labs: Prompt Praxis, Front Range and CIAL

Sampling Plan: Deferred
Reserve samples: Are stored in the warehouse in zip tied totes co-mingled with other products and supplies
Environmental Sampling: Provided with the batch records
Media control: GFT neutralized media, all media is growth promoted

Records and Reports: Subpart J
Batch records: Reviewed at length: Noticed inconsistencies in the batch record. Beakers were covered but it was not stated in the batch record.
Drug Master Formulas: Firm stated they do not have drug master formulas as described in CFR 211.186.
Usage and cleaning logs: Difficult to read and interpret. Discussed with staff during inspection
Distribution records: Deferred
Annual product reviews: Provided throughout the past year as the program was being completed.

1. Provided advisory on CA BoP subscriber alerts for the organization and each licensee is required to be subscribed to the email alerts.
2. Provided education on Assembly Bill 1533 (AB 1533) and BPC 4129(e) "an outsourcing facility licensed by the board dispensing patient-specific compounded preparations pursuant to a prescription for an individual patient shall not be required to be licensed as a pharmacy but shall otherwise comply with the same requirements of a pharmacy."
3. The CA State Board of Pharmacy grants its inspectors the authority to inspect per CFR 210 and 211 for compliance with current Good Manufacturing Practices [BPC 4129.2(b)]
4. The deviations and observed non-compliances referenced in this report are not intended to be an all-inclusive list of deviations and non-compliances that may exist at your firm. Your firm is responsible for investigating and determining the causes of any deviations and observed non-compliances and for preventing their recurrence or the occurrence of any other non-compliances and deviations.

5. BPC 4129.1 (e) An outsourcing facility licensed pursuant to this section shall provide the board with all of the following:
   1. A copy of any disciplinary or other action taken by another state or the FDA within 10 days of the action.
   2. Notice within 24 hours of any recall notice issued by the outsourcing facility.
   3. A copy of any clinically related complaint it receives involving an outsourcing facility's compounded products from or involving any provider, pharmacy, or patient in California within 72 hours of receipt.
   4. Notice within 24 hours after learning of adverse effects reported or potentially attributable to the outsourcing facility's products

Notice within 24 hours after learning of adverse effects reported or potentially attributable to a non-resident outsourcing facility's product

Date: 5/11/2023 Permit #: OSF138

Name as shown on permit: **WEDGEWOOD CONNECT LLC**

Address: 17 GREAT OAKS BLVD City: SAN JOSE

1. CFR 211.186(a)	Master production and control records.. To assure uniformity from batch to batch, master production and control records for each drug product, including each batch size thereof, shall be prepared, dated, and signed (full signature, handwritten) by one person and independently checked, dated, and signed by a second person. The preparation of master production and control records shall be described in a written procedure and such written procedure shall be followed. During inspection master production records were not provided for review. According to comments made by facility administration, blank templates of batch control records are used in place of master production records.
2. CFR 211.100(a)	Written procedures; deviations.. There shall be written procedures for production and process control designed to assure that the drug products have the identity, strength, quality, and purity they purport or are represented to possess. Such procedures shall include all requirements in this subpart. These written procedures, including any changes, shall be drafted, reviewed, and approved by the appropriate organizational units and reviewed and approved by the quality control unit. During inspection it was observed upon review of multiple SOPS, the parameters were not well delineated, limits were not required for changes and logs provided did not support the following of SOPs . This includes but is not limited to SOP 4.091, SOP 3.022, 8.4.7, 7.010 and SOP 1.060 . This includes cleaning, aseptic technique and significant figures, how long can a product beheld when wiped before being placed in the ISO 5, procedures for the handling of hazardous drugs.

3. CFR 211.100(a)	Written procedures; deviations.. There shall be written procedures for production and process control designed to assure that the drug products have the identity, strength, quality, and purity they purport or are represented to possess. Such procedures shall include all requirements in this subpart. These written procedures, including any changes, shall be drafted, reviewed, and approved by the appropriate organizational units and reviewed and approved by the quality control unit. During inspection it was observed when reviewing Out of Specification report OOS00034, metronidazole oral suspension, the propylparabens label claim tolerance was changed without a change control. Root cause was attributed to a rounding and significant figure discrepancy. The lab which measured the propylparabens levels was arbitrarily told to use only 2 significant digits instead of two decimal places. The changes were not reviewed and approved by the appropriate organizational units. Staff was not trained on the changes.
4. CFR 211.22(a)	Responsibilities of quality control unit.. There shall be a quality control unit that shall have the responsibility and authority to approve or reject all components, drug product containers, closures, in-process materials, packaging material, labeling, and drug products, and the authority to review production records to assure that no errors have occurred or, if errors have occurred, that they have been fully investigated. The quality control unit shall be responsible for approving or rejecting drug products manufactured, processed, packed, or held under contract by another company. During inspection it was observed, doxycycline tablets lot # 222-04726387, had extra active ingredient added without the excipient amount being adjusted accordingly. This flaw in the master formula led to a CAPA for testing out of specifications for doxycycline made with formula. CAPA number 23CAPA001 is still open, however product has been released for sale (lot# 222-04726387) and no recall has been initiated to recall product made with the flawed formula. At no time during production was this flaw discovered or discussed.
5. CFR 211.100(b)	Written procedures; deviations... Written production and process control procedures shall be followed in the execution of the various production and process control functions and shall be documented at the time of performance. Any deviation from the written procedures shall be recorded and justified. During inspection it was observed, written production procedures for aseptic technique were not followed: primary operator was observed ceasing filling operations to open and unpack trays of sterile dropper bottles and then continue filling operations without sanitizing gloves as required per SOP 1.060, section 9.1.2.5
6. CFR 211.80(a)	General requirements.. There shall be written procedures describing in sufficient detail the receipt, identification, storage, handling, sampling, testing, and approval or rejection of components and drug product containers and closures; such written procedures shall be followed. During inspection it was observed, there was no specific policy for inventory and transfer of product form the Great Oaks site to the Las Colinas site, It was unclear as to which component in which facility would be used first to ensure, FIFO. No temperature testing has been completed in the winter or summer to ensure appropriate storage of components in the Las Colinas site. Documents provided stated temperature mapping was to have been completed in August 2022, however there was no evidence to support this statement.

7. CFR 211.42(c)(10)(	Design and construction features. . Operations shall be performed within specifically defined areas of adequate size. There shall be separate or defined areas or such other control systems for the firm's operations as are necessary to prevent contamination or mixups during the course of the following procedures: Aseptic processing, which includes as appropriate: Floors, walls, and ceilings of smooth, hard surfaces that are easily cleanable; During inspection it was observed the negative pressure clean room had multiple areas of damage on the floor sealed with epoxy paint, the PEC in the room had multiple areas of damage sealed with epoxy paint which had raised non smooth surfaces, the walls had areas of damage which were patched with non smooth surfaces, and the corner of the wall appeared to have damage which was not repaired. Sprinklers in the negative pressure clean room were not sealed and were not cleaned.
8. CFR 211.28(a)	Personnel responsibilities.. Personnel engaged in the manufacture, processing, packing, or holding of a drug product shall wear clean clothing appropriate for the duties they perform. Protective apparel, such as head, face, hand, and arm coverings, shall be worn as necessary to protect drug products from contamination. During inspection on May 10 2023, two staff members were observed having their face masks on backwards.
9. CFR 211.113(b)	Control of microbiological contamination.. Appropriate written procedures, designed to prevent microbiological contamination of drug products purporting to be sterile, shall be established and followed. Such procedures shall include validation of all aseptic and sterilization processes. During inspection it was observed, the only place to perform hand washing was in a restroom. Hand hygiene is performed without water in the ante area at later time during gowning.
10. CFR 211.67(b)(2)	Equipment cleaning and maintenance.. Written procedures shall be established and followed for cleaning and maintenance of equipment, including utensils, used in the manufacture, processing, packing, or holding of a drug product. These procedures shall include, but are not necessarily limited to, the following: Maintenance and cleaning schedules, including, where appropriate, sanitizing schedules; During inspection it was observed, SOP 3.022, section 8.4.7, stated that Decon Spore 200 Plus must be used before and after each batch of hazardous drug produced in BSCs located in ISO 8 environments. LUMAC reviewed for E-0232-W, BSC located in Room 118 (ISO 8 environment), revealed that hazardous drugs, cyclosporine and tacrolimus ophthalmic, were produced without the use of Decon Spore prior to their production. This occurred at least on 5/8/23, 3/1/23, 2/28/23, 2/26/23, 2/15/23, and 2/14/23.

11. **BPC 4129.1(b)** Outsourcing Facilities. An outsourcing facility shall compound all sterile products and nonsterile products in compliance with regulations issued by the board and with federal current good manufacturing practices applicable to outsourcing facilities.

In conjunction with the requirements of USP Chapter 800 and CFR 211.42, during inspection it was observed, two chemicals used to produce sterile eye drops were deemed hazardous per the batch record, tacrolimus and cyclosporine. The production of hazardous drug products was performed without respect to the following elements of USP 800: Sink must be available for handwashing; Eyewash station must be readily available; Improper use of PPE to prevent contamination (no removal of PPE when exiting and re-entering the HD buffer room); Non-existent wipe down of finished product and lack of hazardous labeling to minimize risk of occupational exposure; 9.3.11 shoe covers must be doffed when exiting the SEC, shoe covers must not be worn to other areas; 9.3.16 PPE must be placed in appropriate waste container before leaving SEC, after leaving the clean room the product is never treated as hazardous,nor labeled as such.

12. **CFR 211.188(b)(8)** Batch production and control records.. Batch production and control records shall be prepared for each batch of drug product produced and shall include complete information relating to the production and control of each batch. These records shall include: Documentation that each significant step in the manufacture, processing, packing, or holding of the batch was accomplished, including: Complete labeling control records, including specimens or copies of all labeling used;

During inspection it was observed for cyclosporine compounding, the beaker of formulation was covered with foil but this step was not listed in the batch record. Also the batch record for this product and cidofovir did not have specimens of all the labeling which includes but is not limited to the in-process labels and autoclave labels.

I have reviewed, discussed, understand and received a copy of this form.

Ref: Inspection Report dated May 11th, 2023

Dear Ms. Peg Panella-Spangler,

This letter is in response to the Inspection Report issued to Wedgewood Connect, a 503B outsourcer, on May 11th, 2023. As an introductory comment, Wedgewood Connect takes all the Investigators' remarks seriously and it is our intent to be fully compliant with all aspects of California State Regulations; current 503B guidance; as well as all appropriate sections of 21 CFR 211 and are steadfast in our determination to ensure that our products are safe and of the highest quality.

In regard to the inspection that occurred between May 9th and May 11th, 2023, we appreciate the professionalism of Inspectors Peg Panella-Spangler, Alyce Petrutiu, Lesa Fitzpatrick and Rachel Powell. We acknowledge the California State Board of Pharmacy's observations in the Inspection Report that was issued on May 11th, 2023. We recognize that the Report only touched on specific aspects and that it is the responsibility of Wedgewood Connect to be in full compliance with the regulations and 503B guidance.

Wedgewood Connect responds as follows to the specific observations from the Inspection Report in the same order found in the report as well as the remarks noted in the Inspection Report.

Observation 1:
CFR 211.186(a)
Master production and control records. To assure uniformity from batch to batch, master production and control records for each drug product, including each batch size thereof, shall be prepared, dated, and signed (full signature, handwritten) by one person and independently checked, dated, and signed by a second person. The preparation of master production and control records shall be described in a written procedure and such written procedure shall be followed.

During inspection master production records were not provided for review. According to comments made by facility administration, blank templates of batch control records are used in place of master production records.

wedgewood connect

Observation 1 Response:
We acknowledge the observation of not having a master production record. As background, controlled batch manufacturing records are created and approved per SOP 1.010 *Standard Operating Procedures and Batch Records.* Batch manufacturing records are stored as a hardcopy (master copy), only accessible by delegated Quality Department personnel. All reviewer and approval signatures for any document including batch manufacturing records are taken on DCR form per SOP 1.010. Wedgewood Connect will make the following improvement:

SOP 1.010 will be updated to include procedure for master production record creation, approval, and maintenance by end of Q3 2023.
Updated SOP and training records for all staff will be provided by 10/31/2023.

Observation 2:
CFR 211.100(a)
Written procedures; deviations.. There shall be written procedures for production and process control designed to assure that the drug products have the identity, strength, quality, and purity they purport or are represented to possess. Such procedures shall include all requirements in this subpart. These written procedures, including any changes, shall be drafted, reviewed, and approved by the appropriate organizational units and reviewed and approved by the quality control unit.

During inspection it was observed upon review of multiple SOPs, the parameters were not delineated, limits were not required for changes and logs provided did not support the following of the SOPs. This includes but is not limited to SOP 4.091, SOP 3.022,8.4.7, SOP 7.010 and SOP 1.060. This includes cleaning, aseptic technique and significant figures, how long can a product be held when wiped before being placed in the ISO 5, procedures for the handling of hazardous drugs.

Observation 2 Response:
We acknowledge the observation regarding the lack of clear specific instructions in the indicated SOPs. These following SOPs were reviewed thoroughly by applicable departments and updated to include the following:

- SOP 4.091 *Significant Figures and Rounding*, - the meaning of significant figures and the number of significant figures to report when documenting values on the batch record. For evidence of SOP update, see Attachment # 1.
- SOP 3.022 *Cleaning and Disinfection of the ISO 5 Cabinets (Primary Engineering Control)*, - cleaning and disinfection of the BSCs located in ISO 8 areas with Decon Spore 200 and Sterile 70% IPA before and after each batch for all drug formulation. For evidence of SOP update, see Attachment # 2.
- SOP 7.010 *Handling of Cytotoxic or Hazardous Drug Compounds* – Please refer to response to Observation # 11.

- SOP 1.060 *Aseptic Technique and Cleanroom Behavior* –more definite verbiage outlining the process to decontaminate items and pass them promptly into the ISO 5 space. For evidence of SOP update, see Attachment # 3.

All Staff training records on updated SOPs will be provided by 06/30/23.

Observation 3:
CFR 211.100(a)
Written procedures; deviations. There shall be written procedures for production and process control designed to assure that the drug products have the identity, strength, quality, and purity they purport or are represented to possess. Such procedures shall include all requirements in this subpart. These written procedures, including any changes, shall be drafted, reviewed, and approved by the appropriate organizational units and reviewed and approved by the quality control unit.

During inspection it was observed when reviewing Out of Specification report OOS00034, metronidazole oral suspension, the propylparabens label claim tolerance was changed without a change control. Root cause was attributed to a rounding and significant figure discrepancy. The lab which measured the propylparabens levels was arbitrarily told to use only 2 significant digits instead of two decimal places. The changes were not reviewed and approved by the appropriate organizational units. Staff was not trained on the changes.

Observation 3 Response:
We acknowledge the observation that the propylparabens label claim tolerance was changed without a change control. Compounder's lab (CIAL), which performed testing on metronidazole oral suspension including measuring propylparabens levels were notified of label claim change through a formal memo that was approved by Quality (See Attachment # 4).

The changes were reviewed and approved by the affected department, Quality. Product impact assessment was performed as part of Out of Specification investigation and it was concluded that there was no product impact.

Change control (CC-014-2023) was initiated to retrospectively document the change in the propylparabens label claim and further evaluate potential impact. Change control has been closed and concluded to have no impact on product. (See Attachment # 5).

Impacted departments have been trained on the new label claim and attached to change control.

Observation 4:
CFR 211.22(a)
Responsibilities of quality control unit. There shall be a quality control unit that shall have the responsibility and authority to approve or reject all components, drug product containers, closures, in-process materials, packaging material, labeling, and drug products, and the

authority to review production records to assure that no errors have occurred or, if errors have occurred, that they have been fully investigated. The quality control unit shall be responsible for approving or rejecting drug products manufactured, processed, packed, or held under contract by another company.

During inspection it was observed, doxycycline tablets lot # 222-04726387, had extra active ingredient added without the excipient amount being adjusted accordingly. This flaw in the master formula led to a CAPA for testing out of specifications for doxycycline made with the formula. CAPA number 23CAPA001 is still open, however product has been released for sale (lot# 222-04726387) and no recall has been initiated to recall product made with flawed formula. At no time during production was this flaw discovered or discussed.

Observation 4 Response:
We appreciate the opportunity to reply to this observation. As with all the products we produce, Wedgewood Connect conducted stability studies on our doxycycline 400mg quad tablets. After completion of the stability studies, the results were analysed and approved by our Quality team. Based on the stability results and analysis, commercial production was initiated for doxycycline 400mg quad tablets and is an active product today.

However, during routine batch reconciliation review, it was discovered that a few of the manufactured lots produced a batch yield that exceeded the acceptance criteria. Because of this, deviations were opened in May and June of 2022. The investigation of these deviations uncovered a procedural error and 23CAPA-001 was approved by quality to execute further actions. The investigation discovered the batch record did not have a process to adjust the batch when the amount of API used differed from theoretical quantity. Following the batch record correction, 2 batches of doxycycline 400mg quad tablets were produced with results pending.

Observation 5:
CFR 211.100(b)
Written procedures; deviations. Written production and process control procedures shall be followed in the execution of the various production and process control functions and shall be documented at the time of performance. Any deviation from the written procedures shall be recorded and justified.

During inspection it was observed, written production procedures for aseptic technique were not followed: primary operator was observed ceasing filling operations to open and unpack trays of sterile dropper bottles and then continue filling operations without sanitizing gloves as required per SOP 1.060, section 9.1.2.5

Observation 5 Response:
We acknowledge the observation of production procedures not being followed by operator.

On 5/19/2023, there was verbal discussion with the Production team, that sterile 70% IPA must be applied to gloved hands prior to beginning the filling of staged units and to allow

gloves to dry before resuming aseptic manipulations. It was also discussed that while preparing items to enter the ISO 5 space that items need to be decontaminated per SOP 1.062 and should not be prepared ahead of time when needed, so it does not sit in the ISO 7 environment after decontamination is complete.

SOP 1.060 *Aseptic technique and cleanroom behavior* was reviewed and updated with more precise instructions regarding sanitization of gloves.

For evidence of SOP update, see Attachment # 3.
All Staff training records on updated SOP will be provided by 06/30/23.

Observation 6:
CFR 211.80(a)
General requirements. There shall be written procedures describing in sufficient detail the receipt, identification, storage, handling, sampling, testing, and approval or rejection of components and drug product containers and closures; such written procedures shall be followed.

During inspection it was observed, there was no specific policy for inventory and transfer of product from the Great Oaks site to the Las Colinas site. It was unclear as to which component in which facility would be used first to ensure, FIFO. No temperature testing has been completed in the winter or summer to ensure appropriate storage of components in the Las Colinas site. Documents provided stated temperature mapping was to have been completed in August 2022, however there was no evidence to support this statement.

Observation 6 Response:
We acknowledge the observation of not having a process for inventory management and transfer of material from the Great Oaks site to the Las Colinas warehouse and not completing temperature mapping for Las Colinas warehouse in August 2022.

Sop 3.090 *Las Colinas Warehouse Operations* was updated to include inventory management method "first to expire, first out" (FEFO) and transfer of material to and from the Las Colinas warehouse.

For evidence of SOP update, see Attachment # 6.
All Staff training records on updated SOP will be provided by 06/30/23.

Temperature mapping study results from April 2022 supports a current operating temperature of 15°C to 25°C for the Las Colinas warehouse. Temperature mapping study will be performed in August 2023 to address hot summer season effects. Temperature and relative humidity are continually monitored through the Dickson One temperature monitoring system. Two (2) temperature/relative humidity sensors are located in the Las Colinas warehouse: one on the wall roughly 6 feet high at Row 8, and the other low-mounted on a pallet rack vertical beam at Row 9. These sensor locations were identified as worst-case from the temperature mapping study performed in April 2022 (refer to FR-014-2022).

wedgewood connect

Observation 7:
CFR 211.42(c)(10)
Design and construction features. Operations shall be performed within specifically defined areas of adequate size. There shall be separate or defined areas or such other control systems for firm's operations as are necessary to prevent contamination or mixups during the course of the following procedures: Aseptic processing, which includes as appropriate floors, wall, and ceilings of smooth, hard surfaces that are easily cleanable.

During inspection it was observed the negative pressure cleanroom had multiple areas of damage on the floor sealed with epoxy paint, the PEC in the room had multiple areas of damage sealed with epoxy paint which had raised non smooth surfaces, the walls had areas of damage which were patched with non smooth surfaces, and the corner of the wall appeared to have damage which was not repaired. Sprinklers in the negative pressure clean room were not sealed and were not cleaned.

Observation 7 Response:
We appreciate the opportunity to reply to this observation.

We understand the concern of raised non-smooth surfaces. As an immediate action, each repaired surface was inspected by the facility supervisor. Epoxy repairs will be made and stainless-steel bumper rail will be installed to repair and protect the corner wall. These repairs will be completed by 06/30/2023. QC will take microbial samples of repaired surfaces to ensure surfaces are easily cleanable.

A new SOP outlining the procedure for necessary actions to be taken during clean room damage repairs at Wedgewood Connect will be implemented by 06/30/2023.

While it may have appeared during inspection that the sprinklers in the negative pressure room were not sealed, we affirm that the sprinklers are sealed where the sprinkler trim meets the ceiling tile. Additionally, we acknowledge the concern with not cleaning the sprinklers and we have updated SOP 3. 020 *Cleaning and Disinfection of the ISO 7 and ISO 8 Areas* to include cleaning of sprinklers with our routine scope of weekly and monthly cleaning and sanitization.

For evidence of SOP 3. 020 update, see Attachment # 7.
All Staff training records on updated SOP will be provided by 06/30/23.

Observation 8:
CFR 211.28(a)
Personnel engaged in the manufacture, processing, packing, or holding of a drug product shall wear clean clothing appropriate for the duties they perform. Protective apparel, such as head, face, hand, and arm coverings, shall be worn as necessary to protect drug products from contamination.

wedgewood connect

During inspection on May 10,2023, two staff members were observed having their face masks on backwards.

Observation 8 Response:
We acknowledge the observation of not having specific instructions of having one way to wear masks.

SOP 9.130 *Required Garb for Non-Sterile Compounding Area* was updated to include specific instructions such that surgical masks are worn consistently.

SOP now includes: *Place the colored side of the surgical face mask away from the face and the white side toward the face. Pinch the top metal tab against the bridge of your nose to create a snug fit. Ensure ear loops are behind the ears and mask covers your mouth and chin.*

For evidence of SOP update, see Attachment # 8.
All Staff training records on updated SOP will be provided by 06/30/23.

Observation 9:
CFR 211.113(b)
Control of microbiological contamination. Appropriate written procedures, designed to prevent microbiological contamination of drug products purporting to be sterile, shall be established and followed. Such procedures shall include validation of all aseptic and sterilization processes.

During inspection it was observed, the only place to perform hand washing was in a restroom. Hand Hygiene is performed without water in the ante area at later time during gowning.

Observation 9 Response:
We appreciate the opportunity to reply to this observation. Wedgewood Connect believes in continuous quality improvement and constantly strives to achieve it.

In order to assess the potential concern, glove monitoring results from period of 04/01/2022-04/30/2023 were reviewed. Approximately 0.17% reached alert level and none reached action level. The glove monitoring EM data proves the efficiency of PPE procedure.

SOP 9.130 *Required Garb for Non-Sterile Compounding Area* was reviewed and updated to remove hand washing outside of the clean rooms, as one of the critical steps in our hand hygiene procedures appropriately includes use of foam sanitizer during gowning into ISO 7 areas.

For evidence of SOP update, see Attachment # 8.
All Staff training records on updated SOP will be provided by 06/30/23.

Observation 10:
CRF 211.67(b)
Equipment cleaning and maintenance. Written procedures shall be established and followed for cleaning and maintenance of equipment, including utensils, used in the manufacture, processing, packing, or holding of a drug product. These procedures shall include, but are not necessarily limited to, the following: maintenance and cleaning schedules, including where appropriate, sanitizing schedules

During inspection it was observed, SOP 3.022, section 8.4.7 stated that Decon Spore 200 plus must be used before and after each batch of hazardous drug produced in BSC located in ISO 8 environments. LUMAC reviewed for E-0232-W, BSC located in room 118 (ISO 8 environment), revealed that hazardous drugs, cyclosporine, and tacrolimus ophthalmic were produced without use of Decon spore prior to their production. This occurred at least on 5/8/23, 3/1/23, 2/28/23, 2/26/23, 2/15/23, and 2/14/23.

Observation 10 Response:
We acknowledge the observation of not cleaning BSC located ISO 8 environment with Decon spore prior to production of hazardous drugs, as stated in SOP 3.022 section 8.4.7.

SOP 3.022 was reviewed and it was decided to standardize cleaning and disinfection procedures across all environments and all product types.

SOP 3.022 was updated to include cleaning and disinfection of the BSCs located in ISO 8 areas with Decon Spore 200 and Sterile 70% IPA before and after each batch for all drug formulation. This process is consistent with cleaning and disinfection procedures in ISO 7 areas.

For evidence of SOP update, see Attachment # 2.
All Staff training records on updated SOP will be provided by 06/30/23.

Observation 11:
BPC 4129.1(b)
outsourcing facilities. An outsourcing facility shall compound all sterile products and nonsterile products in compliance with regulations issued by the board and with federal current good manufacturing practices applicable to outsourcing facilities.

In conjunction with the requirements of USP chapter 800 and CFR 211.42 during inspection it was observed two chemicals used to produce sterile eye drops were deemed hazardous per batch record, tacrolimus and cyclosporine. The production of hazardous drug products was performed without respect to the following elements of USP 800: sink must be available for hand washing; eyewash station must be readily available; improper use of PPE to prevent contamination (no removal of PPE when exiting and re-entering the HD buffer room);non-existent wipe down of finished

product and lack of hazardous labelling to minimize risk of occupational exposure; 9.3.11 shoe covers must be doffed when exiting the SEC, shoe cover must be worn to other area;9.3.16 PPE must be placed in appropriate waste container before leaving SEC, after leaving the clean room the product is never treated as hazardous nor labelled as such.

Observation 11 Response:
Wedgewood Connect currently classifies four drugs as hazardous due to their classification on the NIOSH list (Table 2, Group 2, Non-antineoplastic Agent): apomorphine, cidofovir dihydrate, cyclosporine, and tacrolimus. These drugs are APIs used for the formulation of sterile ophthalmic and injectable products.

Wedgewood Connect will re-assess these four drugs to confirm if the drugs are hazardous, if alternative containment strategy is required and the extent of applicability to USP 800. We will consult an expert, complete the analysis and identify an action plan by end of Q3 2023. At a minimum, we expect to update the following SOPs based on the outcome of the analysis:

- SOP 7.010 *Handling of Cytotoxic or hazardous Drug Compounds*
- SOP 7.020 *Disposing of Waste in Production* Areas
- SOP 7.030 *Cytotoxic or Hazardous Drug Spills*
- SOP 7.050 *Hazardous Chemical Storage*
- SOP 7.070 *Respiratory Protection Program*

Observation 12:
CRF 211.188(b)(8)
Batch production and control records Batch production and control records shall be prepared for each batch of drug product produced and shall include complete information relating to the production and control of each batch. These records shall include:
Documentation that each significant step in the manufacture, processing, packing, or holding of the batch was accomplished, including: Complete labeling control records, including specimens or copies of all labeling used;

During inspection it was observed for cyclosporine compounding, the beaker of formulation was covered with foil, but this step was not listed in the batch record. Also, the batch record for this product and Cidofovir did not have specimens of all the labeling which includes but is not limited to the in-process labels and autoclave labels.

Observation 12 Response:
We acknowledge the observation of certain steps being performed that were not instructed in the batch record. We have reviewed our procedures and identified areas where we better define processing and handling steps during formulation, including light protective measures.

wedgewood connect

SOP 6.070 *Storage and Handling of Materials* was updated to include specific instructions for handling light sensitive materials during the formulation process. For evidence of SOP update, see Attachment # 9.

SOP 6.020 *503B labelling* has been updated to include new attachment for documenting copy of specimen of all other labels generated during production of batch including in-process labels and autoclave labels. For evidence of SOP update, see Attachment # 10.

All Staff training records on updated SOP will be provided by 06/30/23.

Wedgewood Connect takes all the Investigators' observations seriously and it is our intent to be fully compliant with all aspects of California regulations; the current 503B guidance; as well as all appropriate sections of 21 CFR 211.

3) Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been the subject of an administrative action, board citation, cite fine or proceeding relating to the pharmaceutical industry?

Wedgewood Pharmacy LLC

The list includes prior matters that have previously been reported to the Board in an effort to provide full transparency with the application.

I. Discipline and Closed Matters for Wedgewood Village Pharmacy LLC, Swedesboro, NJ Location

6/17/2021 – California Citation & Fine

Received notification of a non-disciplinary, Administrative Citation which was finalized on 07/29/2021. A fine was paid as part of the final citation. The basis for the citation was that Wedgewood did not have the necessary data to support the "beyond use dates" Wedgewood used.

3/22/24 – California Stipulation Settlement and Disciplinary Order for Public Reproval

On February 21, 2024, the California Board of Pharmacy (the "Board") approved a Stipulated Settlement and Disciplinary Order for Public Reproval entered into with Wedgewood Village Pharmacy LLC relating to claims made by the Board regarding assignment of unsupported beyond use dates and other matters. The Order became effective on March 22, 2024 and Wedgewood agreed to pay the Board $11,054.75 as reimbursement of its costs in connection with this matter.

RE: Administrative Case No. 7286
Wedgewood Village Pharmacy LLC, dba Wedgewood Village Pharmacy,
NRP 2526, NRP 1826, NSC 101673 & NSC 100970

Dear Ms. Bliss:

Attached is the Board of Pharmacy's Stipulated Settlement and Disciplinary Order for Public Reproval regarding the above-referenced matter. Your attention is directed to pages 5 – 6 of the document.

Effective at 5:00 p.m. on March 22, 2024, Nonresident Pharmacy Permit Nos. NRP 2526 & NRP 1826 and Nonresident Sterile Compounding Permit Nos. NSC 101673 & NSC 100970 issued to Wedgewood Village Pharmacy, shall be publicly reproved by the Board and shall also be subject to terms and conditions in the decision.

If you wish to file a petition for reconsideration pursuant to Government Code section 11521, the petition must be received prior to the effective date of the decision. However, please be aware the Board needs approximately five days to process a petition for reconsideration. Attached is a copy of the Government Code section for your review. **Please note that reconsideration is NOT available to you if you entered into a stipulated settlement with the Board.**

If you have any questions concerning this matter, you may contact Lupe Baltazar, at lupe.baltazar@dca.ca.gov or (916) 518-3009. Should you have any questions related to litigation of this matter, please contact the Deputy Attorney General handling this matter.

Sincerely,

ANNE SODERGREN

Nonresident Pharmacy Permit No. NRP 1826, Nonresident Sterile Compounding Permit No. NSC 100970

Respondents.

IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-entitled proceedings that the following matters are true:

PARTIES

1. Anne Sodergren (Complainant) is the Executive Officer of the Board of Pharmacy (Board). She brought this action solely in her official capacity and is represented in this matter by Rob Bonta, Attorney General of the State of California, by Kristina T. Jarvis, Deputy Attorney General.

2. On or about June 6, 2016, the Board issued Nonresident Pharmacy Permit Number NRP 1826 to Wedgewood Village Pharmacy Intermediate Holdings LLC, 100% shareholder, doing business as (dba) Wedgewood Village Pharmacy LLC, Marcy Ann Bliss, CEO; and Alison Lynch, Pharmacist-in-Charge (Respondent Original Licensee). On or about July 17, 2018, the Board was notified and updated its records to reflect a change in ownership such that Wedgewood Village Pharmacy Intermediate Holdings LLC became a 59% shareholder and TW Diamondback Holdings Corporation became a 41% shareholder, still dba Wedgewood Village Pharmacy LLC; Marcy Ann Bliss, CEO; and Alison Lynch, Pharmacist-in-Charge, (Respondent Successor Licensee, collectively "Respondents"). The Nonresident Pharmacy Permit was in full force and effect at all times relevant to the charges brought herein until April 1, 2021, at which point the license was cancelled due to a change of ownership as set forth in paragraph 4, below.

3. On or about June 6, 2016, the Board issued Nonresident Sterile Compounding Pharmacy Permit Number NSC 100970 to Respondent Original Licensee. The Nonresident Sterile Compounding Pharmacy Permit was in full force and effect at all times relevant to the charges brought herein until April 1, 2021, at which point the license was cancelled due to a change of ownership as set forth in paragraph 5, below.

///

4. On or about April 1, 2021, due to a change of ownership application, the Board issued Nonresident Pharmacy Permit Number NRP 2526 to Wedgewood Village Pharmacy Intermediate Holdings LLC, 59% shareholder, and TW Diamondback Holdings Corporation, 41% shareholder dba Wedgewood Village Pharmacy LLC; Marcy Ann Bliss, CEO; Joseph Costa, COO; and Alison Lynch, Pharmacist-in-Charge; (Respondent Successor Licensee, collectively "Respondents"). The Nonresident Pharmacy Permit was in full force and effect at all times relevant to the charges brought herein from April 1, 2021, and will expire on April 1, 2024, unless renewed.

5. On or about April 1, 2021, the Board issued Nonresident Sterile Compounding Permit Number NSC 101673 to Respondent Successor Licensee. The Nonresident Sterile Compounding Permit was in full force and effect at all times relevant to the charges brought herein from April 1, 2021, and will expire on April 1, 2024, unless renewed.

6. Respondent is represented in this proceeding by attorney Derek Shaffer whose address is: 1300 I Street NW, Suite 900, Washington D.C. 20005.

JURISDICTION

7. Accusation No. 7286 was filed before the Board of Pharmacy (Board), Department of Consumer Affairs and is currently pending against Respondent. The Accusation and all other statutorily required documents were properly served on Respondent on April 27, 2023. Respondent timely filed its Notice of Defense contesting the Accusation. On July 26, 2023, Complainant filed a First Amended Accusation. A copy of First Amended Accusation No. 7286 is attached as exhibit A and incorporated herein by reference.

ADVISEMENT AND WAIVERS

8. Respondent has carefully read, fully discussed with counsel, and understands the charges and allegations in First Amended Accusation No. 7286. Respondent has also carefully read, fully discussed with counsel, and understands the effects of this Stipulated Settlement and Disciplinary Order for Public Reproval.

9. Respondent is fully aware of its legal rights in this matter, including the right to a hearing on the charges and allegations in the First Amended Accusation; the right to be

represented by counsel at its own expense; the right to confront and cross-examine the witnesses against them; the right to present evidence and to testify on its own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Proccdure Act and other applicable laws.

10. Respondent voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

11. NRP 1826 and NSC 101673 have been cancelled, and the Board confirms that there are no pending allegations or investigations against these licenses, and therefore no future administrative or disciplinary action is contemplated.

CULPABILITY

12. Respondent understands and agrees that the charges and allegations in Accusation No. 7286, if proven at a hearing, constitute cause for imposing discipline upon its Nonresident Pharmacy Permits and Nonresident Sterile Compounding Permits.

13. For the purpose of resolving the Accusation without the expense and uncertainty of further proceedings, Respondent hereby gives up its right to contest those charges.

14. Respondent agrees that its Nonresident Pharmacy Permit and Nonresident Sterile Compounding Permit are subject to discipline and they agree to be bound by the Disciplinary Order below.

CONTINGENCY

15. This stipulation shall be subject to approval by the Board of Pharmacy. Respondent understands and agrees that counsel for Complainant and the staff of the Board of Pharmacy may communicate directly with the Board regarding this stipulation and settlement, without notice to or participation by Respondent or its counsel. By signing the stipulation, Respondent understands and agrees that they may not withdraw its agreement or seek to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary Order for Public Reproval shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal action

between the parties, and the Board shall not be disqualified from further action by having considered this matter.

16. The parties understand and agree that Portable Document Format (PDF) and facsimile copies of this Stipulated Settlement and Disciplinary Order for Public Reproval, including PDF and facsimile signatures thereto, shall have the same force and effect as the originals.

17. This Stipulated Settlement and Disciplinary Order for Public Reproval is intended by the parties to be an integrated writing representing the complete, final, and exclusive embodiment of their agreement. It supersedes any and all prior or contemporaneous agreements, understandings, discussions, negotiations, and commitments (written or oral). This Stipulated Settlement and Disciplinary Order for Public Reproval may not be altered, amended, modified, supplemented, or otherwise changed except by a writing executed by an authorized representative of each of the parties.

18. In consideration of the foregoing admissions and stipulations, the parties agree that the Board may, without further notice or formal proceeding, issue and enter the following Disciplinary Order:

DISCIPLINARY ORDER

IT IS HEREBY ORDERED that Nonresident Pharmacy Permit No. NRP 1826, Nonresident Sterile Compounding Permit No. NSC 100970, Nonresident Pharmacy Permit No. NRP 2526 and Nonresident Sterile Compounding Permit No. NSC 101673 issued to Respondents shall be publicly reproved by the Board of Pharmacy under Business and Professions Code section 495 in resolution of Accusation No. 7286, attached as exhibit A.

Cost Recovery. No later than 1 YEAR from the effective date of the Decision, Respondent shall pay $11,054.75 to the Board for its costs associated with the investigation and enforcement of this matter pursuant to Business and Professions Code Section 125.3. If Respondent fails to pay the Board costs as ordered, Respondent shall not be allowed to renew their Nonresident Pharmacy Permit NRP 2526, or Nonresident Sterile Compounding Permit No. NSC 101673 until Respondent pays costs in full. In addition, the Board may enforce this order for payment of its costs in any appropriate court, in addition to any other rights the Board may have.

Full Compliance. As a resolution of the charges in Accusation No. 7286, this stipulated settlement is contingent upon Respondent's full compliance with all conditions of this Order. If Respondent fails to satisfy any of these conditions, such failure to comply constitutes cause for discipline, including outright revocation, of Respondent's Nonresident Pharmacy Permit No. NRP 2526 and Nonresident Sterile Compounding Permit No. NSC 101673.

ACCEPTANCE

I have carefully read the above Stipulated Settlement and Disciplinary Order for Public Reproval and have fully discussed it with my attorney, Derek Shaffer. I understand the stipulation and the effect it will have on my Nonresident Pharmacy Permits and Nonresident Sterile Compounding Permits. I enter into this Stipulated Settlement and Disciplinary Order for Public Reproval voluntarily, knowingly, and intelligently, and agree to be bound by the Decision and Order of the Board of Pharmacy.

5. On or about April 1, 2021, the Board issued Nonresident Sterile Compounding Permit Number NSC 101673 to Respondent Successor Licensee. The Nonresident Sterile Compounding Permit was in full force and effect at all times relevant to the charges brought herein from April 1, 2021, and will expire on April 1, 2024, unless renewed.

JURISDICTION

6. This Accusation is brought before the Board under the authority of the following laws. All section references are to the Business and Professions Code (Code) unless otherwise indicated.

7. Section 4011 of the Code states:

The board shall administer and enforce this chapter and the Uniform Controlled Substances Act (Division 10 (commencing with Section 11000) of the Health and Safety Code).

8. Section 4300 of the Code states in pertinent part:

(a) Every license issued may be suspended or revoked.

...

(e) The proceedings under this article shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of the Government Code, and the board shall have all the powers granted therein. The action shall be final, except that the propriety of the action is subject to review by the superior court pursuant to Section 1094.5 of the Code of Civil Procedure.

9. Section 4300.1 of the Code states:

The expiration, cancellation, forfeiture, or suspension of a board-issued license by operation of law or by order or decision of the board or a court of law, the placement of a license on a retired status, or the voluntary surrender of a license by a licensee shall not

deprive the board of jurisdiction to commence or proceed with any investigation of, or action or disciplinary proceeding against, the licensee or to render a decision suspending or revoking the license.

10. Section 4307 of the Code states:

(a) Any person who has been denied a license or whose license has been revoked or is under suspension, or who has failed to renew his or her license while it was under suspension, or who has been a manager, administrator, owner, member, officer, director, associate, partner, or any other person with management or control of any partnership, corporation, trust, firm, or association whose application for a license has been denied or revoked, is under suspension or has been placed on probation, and while acting as the manager, administrator, owner, member, officer, director, associate, partner, or any other person with management or control had knowledge of or knowingly participated in any conduct for which the license was denied, revoked, suspended, or placed on probation, shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate, partner, or in any other position with management or control of a licensee as follows:

(1) Where a probationary license is issued or where an existing license is placed on probation, this prohibition shall remain in effect for a period not to exceed five years.

(2) Where the license is denied or revoked, the prohibition shall continue until the license is issued or reinstated.

(b) "Manager, administrator, owner, member, officer, director, associate, partner, or any other person with management or control of a license" as used in this section and Section 4308, may refer to a pharmacist or to any other person who serves in such capacity in or for a licensee.

(c) The provisions of subdivision (a) may be alleged in any pleading filed pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of the Government Code. However, no order may be issued in that case except as to a person who is named in the caption, as to whom the pleading alleges the applicability of this section, and where the person has been given notice of the proceeding as required by Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of the Government Code. The authority to proceed as provided by this subdivision shall be in addition to the board's authority to proceed under Section 4339 or any other provision of law.

STATUTORY PROVISIONS

11. Section 4301 of the Code states in pertinent part:

The board shall take action against any holder of a license who is guilty of unprofessional conduct or whose license has been issued by mistake. Unprofcssional conduct shall include, but is not limited to, any of the following:

...

(c) Gross negligence.

...

(f) The commission of any act involving moral turpitude, dishonesty, fraud, deceit, or corruption, whether the act is committed in the course of relations as a licensee or otherwise, and whether the act is a felony or misdemeanor or not.

(g) Knowingly making or signing any certificate or other document that falsely represents the existence or nonexistence of a state of facts.

...

(j) The violation of any of the statutes of this state, of any other state, or of the United States regulating controlled substances and dangerous drugs.

...

(o) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of or conspiring to violate any provision or term of this chapter or of the applicable federal and state laws and regulations governing pharmacy, including regulations established by the board or by any other state or federal regulatory agency....

REGULATORY PROVISIONS

12. California Code of Regulations, title 16, (Regulations) section 1735.2 states in pertinent part:

...

(i) Every compounded drug preparation shall be given a beyond use date representing the date or date and time beyond which the compounded drug preparation should not be used, stored, transported or administered, and determined based on the professional judgment of the pharmacist performing or supervising the compounding.

...

(3) For sterile compounded drug preparations, extension of a beyond use date is only allowable when supported by the following:

(A) Method Suitability Test,

(B) Container Closure Integrity Test, and

(C) Stability Studies

(4) In addition to the requirements of paragraph three (3), the drugs or compounded drug preparations tested and studied shall be identical in ingredients, specific and essential compounding steps, quality reviews, and packaging as the finished drug or compounded drug preparation.

...

(*l*) Packages of ingredients, both active and inactive, that lack a supplier's expiration date are subject to the following limitations:

(1) such ingredients cannot be used for any non-sterile compounded drug preparation more than three (3) years after the date of receipt by the pharmacy.

(2) such ingredients cannot be used for any sterile compounded drug preparation more than one (1) year after the date of receipt by the pharmacy.

13. Regulations section 1735.3 states in pertinent part:

(a) For each compounded drug preparation, pharmacy records shall include:

...

(2) A compounding log consisting of a single document containing all of the following:

...

(F) The manufacturer, expiration date and lot number of each component. If the manufacturer name is demonstrably unavailable, the name of the supplier may be substituted. If the manufacturer does not supply an expiration date for any component, the records shall include the date of receipt of the component in the pharmacy, and the limitations of section 1735.2, subdivision (l) shall apply....

COST RECOVERY

14. Section 125.3 of the Code states, in pertinent part, that the Board may request the administrative law judge to direct a licentiate found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case.

DRUG PREPARATIONS

15. Tacrolimus Ophthalmic Suspension is an eye drop generally prescribed to dogs to treat dry eyes, particularly when caused by low tear production or tears of poor quality. It is a dangerous drug pursuant to Code section 4022.

16. Protirelin is an injectable drug product generally prescribed for horses as a thyrotropin-releasing hormone in order to test for certain metabolic disorders or illnesses. It is a dangerous drug pursuant to Code section 4022.

17. Cyclosporine in MCT oil solution is an eye drop generally prescribed to dogs. It is used to decrease inflammation in the eye and tear glands and increase tear production. It is a dangerous drug pursuant to Code section 4022.

18. Edetate Disodium (EDTA) is a chelating agent generally prescribed to treat corneal ulcers in dogs, cats, and horses. It is a dangerous drug pursuant to Code section 4022.

FACTUAL ALLEGATIONS

19. Respondents own and operate a nonresident pharmacy which also possesses a nonresident sterile compounding pharmacy permit, and is located in the State of New Jersey.

20. On or about April 1, 2021, due to a change in the ownership structure of certain parent corporations that own the corporations that own Respondent Original Licensee, successor licensees, both a nonresident pharmacy permit and a nonresident sterile compounding pharmacy permit, were issued to the same immediate ownership structure. Nearly all of the immediate owners and officers of Respondent Original Licensee remained with Respondent Successor Licensee. The conduct set forth in this accusation came to the attention of the Board due to the change of ownership inspection that is required by pharmacy law. Therefore, all of the actions were taken on dates on which Respondent Original Licensee was the owner and operator of the pharmacy. However, since the immediate ownership structure did not change, the owners and operators of Respondent Successor Licensee are responsible for the actions of Respondent Original Licensee.

21. Respondents specialize in veterinary compounding.

22. On January 1, 2017, the Board's sterile compounding regulations became effective.

23. In 2017, Board inspector S.P. issued a written warning to Respondents due to Respondents issuing many of its drug preparations extended beyond use dates (BUDs) without the appropriate data to support those BUDs.

24. In 2018, and again in 2020, during inspections of Respondents facility, Board inspector S.P. discussed with Respondents the documentation Respondents needed to provide, obtain, or test for, in order determine and assign extended BUDs and noted that Respondents had not obtained, tested for, or provided this documentation such that the extended BUDs were still inappropriate.

25. After the 2020 inspection, the Board issued a citation to Respondents for providing 120-day extended BUDs without having the tests and studies required to support the extended BUDs.

///

26. On and between approximately March 17, 2021, and May 28, 2021, Board Inspector M.V. conducted a change of ownership inspection regarding Respondents as discussed in additional depth, above. Due to the COVID-19 pandemic, the inspection was conducted remotely via records review. The investigation report is dated March 1, 2022 (March 1, 2022 Inspection Report).

27. On or about March 19, 2021, Board Inspector M.V. requested five specific compounding logs for review, including certificates of analyses, end-product release testing, documentation supporting any extended BUDs assigned to preparations, sample labels, and training records for Respondents' compounding pharmacist and compounding pharmacy technician. M.V.'s review of just these five compounding logs lead to the causes for discipline set forth below.

FIRST CAUSE FOR DISCIPLINE

(Assignment of Unsupported Extended Beyond Use Dates)

28. Respondents are subject to disciplinary action for unprofessional conduct pursuant to Code section 4301, subdivisions (j) and (o), for failing to follow laws and regulations governing pharmacy and regulating dangerous drugs in that Respondents violated Regulations 1735.2, subdivision (i). The circumstances are as follows:

A. On or about July 1, 2020, Respondents compounded 623 bottles of Tacrolimus 0.03% ophthalmic aqueous suspensions and gave an extended BUD of 160 days. Respondents only had data to support a 45-day BUD for this drug product.

B. On or about November 27, 2020, Respondents compounded 581 bottles of Cyclosporine 2% in MCT oil ophthalmic solutions and gave an extended BUD of 180 days. Respondents only had data to support a 45-day BUD for this drug product.

C. On or about February 8, 2021, Respondents compounded 353 vials of Protirelin Acetate 1mg/ml injectable solution and gave an extended BUD of 240 days. Respondents had no data to support an extended BUD for this product.

///

///

D. On or about March 10, 2020, Respondents compounded 53 bottles (15mL) of Edetate Disodium and gave an extended BUD of 240 days. Respondents had no data to support an extended BUD for the product.

SECOND CAUSE FOR DISCIPLINE

(Incomplete Compounding Records)

29. Respondents are subject to disciplinary action for unprofessional conduct pursuant to Code section 4301, subdivisions (j) and (o), for failing to follow laws and regulations governing pharmacy and regulating dangerous drugs in that Respondents violated Regulations section 1735.3, subdivision (a)(2). The circumstances are that Respondents' compounding logs reviewed by Board Inspector M.V. failed to list the manufacturers of the drug components Respondents used for compounding.

THIRD CAUSE FOR DISCIPLINE

(Gross Negligence)

30. Respondents are subject to disciplinary action for unprofessional conduct pursuant to Code section 4301, subdivision (c), in that Respondents committed acts constituting gross negligence when Respondents assigned extended BUDs without having the required data to support those BUDs.

FOURTH CAUSE FOR DISCIPLINE

(Knowingly Making or Signing a False Document)

31. Respondents are subject to disciplinary action for unprofessional conduct pursuant to Code section 4301, subdivision (g), in that Respondents knowingly made or signed false documents when Respondents assigned extended BUDs without having the required data to support those BUDs.

FIFTH CAUSE FOR DISCIPLINE

(Acts Involving Moral Turpitude, Dishonesty, Fraud, Deceit, or Corruption)

32. Respondents are subject to disciplinary action for unprofessional conduct pursuant to Code section 4301, subdivision (g), in that Respondents committed acts involving moral turpitude, dishonesty, fraud, deceit, or corruption when Respondents continued to assign extended

BUDs and ship the compounded drugs to patients without having the required data to support those BUDs.

DISCIPLINARY CONSIDERATIONS

TITLE 2. GOVERNMENT OF THE STATE OF CALIFORNIA [8000 - 22980] *(Title 2 enacted by Stats. 1943, Ch. 134.)*

DIVISION 3. EXECUTIVE DEPARTMENT [11000 - 15986] *(Division 3 added by Stats. 1945, Ch. 111.)*

PART 1. STATE DEPARTMENTS AND AGENCIES [11000 - 11898] *(Part 1 added by Stats. 1945, Ch. 111.)*

CHAPTER 5. Administrative Adjudication: Formal Hearing [11500 - 11529] *(Heading of Chapter 5 amended by Stats. 1995, Ch. 938, Sec. 22.)*

11521. (a) The agency itself may order a reconsideration of all or part of the case on its own motion or on petition of any party. The agency shall notify a petitioner of the time limits for petitioning for reconsideration. The power to order a reconsideration shall expire 30 days after the delivery or mailing of a decision to a respondent, or on the date set by the agency itself as the effective date of the decision if that date occurs prior to the expiration of the 30-day period or at the termination of a stay of not to exceed 30 days which the agency may grant for the purpose of filing an application for reconsideration. If additional time is needed to evaluate a petition for reconsideration filed prior to the expiration of any of the applicable periods, an agency may grant a stay of that expiration for no more than 10 days, solely for the purpose of considering the petition. If no action is taken on a petition within the time allowed for ordering reconsideration, the petition shall be deemed denied.

(b) The case may be reconsidered by the agency itself on all the pertinent parts of the record and such additional evidence and argument as may be permitted, or may be assigned to an administrative law judge. A reconsideration assigned to an administrative law judge shall be subject to the procedure provided in Section 11517. If oral evidence is introduced before the agency itself, no agency member may vote unless he or she heard the evidence.

Texas State Board of Pharmacy
"Red Flags" Checklist for Pharmacies
YOU MIGHT BE A PILL MILL IF...

Check all that apply:

	(1) Your pharmacy fills a discernable pattern of prescriptions for prescribers who write essentially the same prescriptions for numerous persons, indicating a lack of individual drug therapy
	(2) Your pharmacy operates with limited hours of operation or closes after a certain threshold of controlled substance prescriptions are dispensed, and has overall low prescription dispensing volume.
	(3) Prescriptions presented to the pharmacy are for controlled substances with popularity as street drugs, such as opiates, benzodiazepines, muscle relaxants, psychostimulants, and/or cough syrups, or any combination of these drugs.
	(4) The prescriptions for controlled substances contain nonspecific or no diagnoses.
	(5) The prescriptions are commonly for the highest strength of the drug and/or for large quantities.
	(6) Dangerous drugs or OTC products (such as multi-vitamins or laxatives) are added to the controlled substance prescriptions, maintaining relatively consistent 1:1 ratio of controlled substances to dangerous drugs and/or OTC products dispensed as prescriptions.
	(7) Prescriptions are authorized by the same prescriber with what appears to be different handwriting on the hardcopy prescription drug order forms.
	(8) Upon contact with the prescriber's office, you are unable to engage in comprehensive discussion with the actual prescriber, or he/she is unconcerned about your apprehensions regarding his/her prescribing practices or unwilling to provide additional information, such as treatment goals and/or prognosis with prescribed drug therapy.
	(9) You rely solely on the prescriber's representation, or on the representation of the individual answering the phone at the number on the prescription, that prescriptions are legitimate.
	(10) The prescriber's clinic is not registered as a pain management clinic by the Texas Medical Board, despite routinely receiving prescriptions from the prescriber foropiates, benzodiazepines, and/or muscle relaxants.
	(11) Drugs prescribed are inconsistent with the prescriber's area of practice.
	(12) The prescriber of the drugs is located a significant distance from your pharmacy.
	(13) The prescriber has been subject to disciplinary action by the licensing board, had his/her DEA registration removed, or been subject to criminal action.
	(14) The Texas PMP system indicates that persons are obtaining prescriptions for the same drugs from multiple prescribers or that persons are filling prescriptions for the same drugs at multiple pharmacies.
	(15) The person's address is a significant distance from your pharmacy and/or from the prescriber's office.
	(16) Multiple persons with the same address present prescriptions from the same prescriber.
	(17) Persons pay with cash or credit card more often than through insurance.
	(18) Persons presenting controlled substance prescriptions are doing so in such a manner that varies from seeking routine pharmacy services (e.g., willing to wait in long lines to receive drugs, persons arrive in the same vehicle with prescriptions from same prescriber, one person presents to pick up prescriptions for multiple others, persons refer to drugs by "street names" and/or comment on drug's color, persons seek early refills, persons travel from outside reasonable trade area of pharmacy).
	(19) Your pharmacy charges and persons are willing to pay more for controlled substances than they would at nearby pharmacies.
	(20) Your pharmacy routinely orders controlled substances from more than one drug supplier, or your pharmacy has been discontinued by a drug supplier related to controlled substance orders.
	(21) Sporadic and non-consistent dispensing volume (including zero dispensing) varies from day to day and week to week, and your pharmacy does not maintain operational hours each week on Monday through Friday.
	(22) Your pharmacy employs or contracts security personnel during operational hours to prevent problems.
	(23) Your pharmacy has been previously warned or disciplined by the Texas State Board of Pharmacy for inappropriate dispensing of controlled substances (i.e., corresponding responsibility).

If you checked any of the above items, you should review the laws and rules regarding corresponding responsibility and non-therapeutic dispensing, especially Board rule §291.29, in the law book or on our website: www.pharmacy.texas.gov (click on Texas Pharmacy Rules and Laws). Additional educational material is available at: http://www.pharmacy.texas.gov/Nontherapeutic.asp. Failure of pharmacies and pharmacists to detect patterns of inappropriate dispensing of prescription drugs is unprofessional practice and constitutes grounds for disciplinary action.

The attached Citation and Fine, ("Citation") is being issued pursuant to Business and Professions Code section 125.9 and California Code of Regulations, title 16, section 1775 et. seq., for violations of the laws and regulations that govern the practice of pharmacy in California. (For exact language refer to the California Pharmacy Law and Index, located on the Board's web site, at www.pharmacy.ca.gov, under Pharmacy Law and Regulation).

The attached Citation references the specific statutes and regulations violated, defines each violation charged and specifies any fine(s) assessed. The attached Citation details the conduct that resulted in the issuance of the Citation.

IT IS YOUR RESPONSIBILITY TO READ THE ENTIRE CITATION AND INSTRUCTIONS, TO UNDERSTAND THE PROCESS FOR CONTESTING THE CITATION AND TO RESPOND TO THE CITATION WITHIN THE FOLLOWING TIME FRAMES:

- December 31, 2021: Unless the Citation is contested payment of fine(s) must be received by the Board.
- December 15, 2021: Any contest of the Citation by request for an informal Office Conference must be received by the Board.
- December 31, 2021: Any contest of the Citation by request for a formal Appeal must be received by the Board.

The issuance of a Citation by the Board of Pharmacy is considered an administrative action and substantiated resolution of a complaint and/or investigation. If a hearing is not requested to contest the Citation(s), payment of any fine(s) shall not constitute an admission of the violation(s) charged. Payment in full of the fine(s) assessed shall be represented as a satisfactory resolution of the matter in any public disclosure. (Business and Professions Code section 125.9; California Code of Regulations section 1775).

Additionally, if, at the time of license renewal, the Board has not received full payment of assessed fine(s) and a request to contest the Citation has not been received within the time frames specified, the license shall not be renewed until the assessed fine(s) and renewal fee/s are paid in full.

If you have any questions regarding this Citation please contact Joshua Monforte, Citation and Fine Analyst at (916) 518-3014.

INSTRUCTION

Read the Following Carefully and Thoroughly

You are hereby served with a Citation issued by the Executive Officer of the California State Board of Pharmacy or her designee. The following instructions are provided to assist you in your timely completion of the Citation process.

PAYMENT OF FINE

- Payment must be made by **December 31, 2021.**
- Make check or money order payable to the Board of Pharmacy. Do not submit cash.
- Attach the enclosed "copy" of your Citation

Mail payment to: State Board of Pharmacy
Attn: Cashier
2720 Gateway Oaks Drive, Suite 100
Sacramento, CA 95833

Unless contested, Citations are final 30 days from the date of service. Payment of a fine is not an admission of the violation charged. A Citation becomes part of your record, and remains there for five years. It can be used as an aggravating factor for future violations. Citations are public information and as such may be released to the public in accordance with the Public Records Act and Information Practices Act.

CONTESTING THE CITATION (CCR §1775.4)

If you wish to contest all or part of your Citation you may request an informal office conference or an appeal before an administrative law judge, or both. If you wish to request both you must submit both forms. If you prevail at the office conference your request for an appeal shall be deemed withdrawn. Please note that the time frames that allow you to request an office conference and an appeal run concurrently. You must submit your request(s) according to the following instructions:

REQUEST FOR OFFICE CONFERENCE (CCR §1775.4 subd. (b))

- Complete attached "Request for Office Conference".
- Mail form to arrive at the Board office no later than December 15, 2021 to the address at the bottom of the form.
- You will be advised by the Board in writing as to the date and time of your appearance.
- You are allowed one postponement.

An office conference is not a hearing. It is an informal discussion of the events that took place, and an opportunity for you to present information and mitigating factors pertaining to the Citation that you would like considered. The Executive Officer and or her designee represent the Board of Pharmacy at this meeting. One other individual of your choice may accompany you to this meeting. Office conferences are not open to the public. There is no discovery available in this process. You will not be allowed to present or question witnesses. However, you may present any written statements or documents that you believe are relevant.

After your office conference, the Citation may be affirmed, modified or dismissed. You will be advised of the decision in writing within 14 calendar days from the date of the conference. If the Citation is affirmed you will have 30 days from the date of the decision letter to comply with the conditions of your Citation. If the Citation is modified, the Citation originally issued shall be considered withdrawn and a new Citation will be issued. The decision issued after the office conference shall be deemed to be a final order with regard to the Citation issued, including the administrative fine levied, and/or an order of abatement.

REQUEST FOR APPEAL (CCR § 1775.4 subd. (a))

- Complete attached "Request for Hearing".
- Mail form to arrive at the Board office no later than December 31, 2021 to the address at the bottom of the form.
- You will be advised in writing as to the date and time of your hearing.

An appeal is a formal adjudicative hearing before an Administrative Law Judge. A Deputy Attorney General will represent the Board of Pharmacy at this hearing. These proceedings shall be conducted in accordance with the provisions of Chapter 5, commencing with Section 11500 of Part 1 of Division 3 of Title 2 of the Government Code.

If you have any questions regarding any documents enclosed please contact Joshua Monforte, Citation and Fine Analyst at (916) 518-3014.

LOUISIANA BOARD OF PHARMACY

BATON ROUGE, LOUISIANA

IN THE MATTER OF: **CONSENT ORDER**

SOFIE CO. D/B/A SOFIE

LOUISIANA PHARMACY PERMIT NO. 6506 **Case No. 20-0329**

****

CONSENT AGREEMENT

WHEREAS, an informal conference was conducted by the Violations Committee of the Louisiana Board of Pharmacy (hereinafter referred to as the "Board") on December 15, 2020, at the Embassy Suites Hotel, 4914 Constitution Avenue, Baton Rouge, Louisiana 70808, in the matter of SOFIE CO. D/B/A SOFIE (hereinafter referred to as "Respondent"), holding Louisiana Pharmacy Permit No. 6506, 4447 Brass Way, Dallas, TX 75236-2001, with Pharmacist Kunj Patel submitting a written response to the Committee on behalf of Respondent.

WHEREAS, on August 10, 2020, Pharmacist Adrryl Shnord Addison (PST.020358) relinquished his position as Pharmacist-in-Charge (PIC) of Sofie. The notification did not indicate a replacement for the PIC position. On September 22, 2020, the Board sent Sofie a notification regarding the failure to designate a replacement PIC with a choice of 3 possible options for the permit. On October 12, 2020, Pharmacist Victor Glen Spearman (PST.020271) signed on as the new pharmacist-in-charge for Sofie. The pharmacy permit did not have the required PIC from August 10, 2020 through October 12, 2020.

WHEREAS, the Board alleges that such actions constitute violations of the following:

La. R.S. 37:1241(A)(1): Practiced or assisted in the practice of pharmacy, or knowingly permitted or has permitted anyone in his employ or under his supervision to practice or assist in the practice of pharmacy, in violation of the provisions of this Chapter and any rules and regulations promulgated thereto in accordance with the Administrative Procedure Act.

LAC, Title 46: LIII §2307(C). Authority and Accountability. The designated pharmacist-in-charge of the pharmacy and the pharmacy owner(s), or partners, or corporate officer(s) of the permit holder, where applicable, shall be responsible for the complete supervision, management, and compliance with all federal and state pharmacy laws and regulations pertaining to the practice of pharmacy of the entire prescription department. This responsibility necessarily includes accountability for any violation involving federal or state laws or regulations occurring within the prescription department supervised by a pharmacist-in-charge.

LAC, Title 46: LIII §2307(I). Change of Pharmacist-in-Charge. Written notice to the board shall be required when the pharmacist-in-charge designation for a pharmacy has changed.

1. The permit holder shall notify the board within ten days of the prior pharmacist-in-charge's departure date. **The permit holder shall designate a new pharmacist-in-charge within ten days of the departure of the prior pharmacist-in-charge.** (emphasis added)

To facilitate the submission of this Consent Agreement, Respondent does not contest the allegations and agrees that there is sufficient evidence upon which to predicate a finding of those violations.

Respondent further understands that this Consent Agreement shall constitute a Public Record, pursuant to La. R.S. 44:1 et seq., and is considered disciplinary action by the Board.

In order to avoid further administrative and judicial proceedings, Respondent hereby consents to accept and abide by the following order of the Board:

SOFIE CO. D/B/A SOFIE, holder of Louisiana Pharmacy Permit No. 6506, is ordered to pay a fine of $10,000.00 and to reimburse the Board $250.00 for administrative costs, and $162.24 for investigative costs with total payment due the Board of $10,412.24, due by *certified check or money order* to be paid simultaneously with the execution of this Consent Agreement by Respondent.

By signing this Consent Agreement, Respondent agrees that the Board has jurisdiction in this matter and waives all rights to informal conference, to Notice of Hearing, to a formal Administrative Hearing, and to judicial review of this Consent Agreement.

By signing this Consent Agreement, Respondent agrees that any failure to comply with the terms of this Agreement is a basis for discipline by the Board.

Both Respondent and the Board stipulate that this Consent Order shall not become effective and shall not become binding on the Board unless and until approved by the Board at formal meeting. However, Respondent agrees that this Consent Order shall be effective and binding upon Respondent without recourse upon its authorized representative signing said Order.

Respondent agrees to authorize the Board to report this action to the National Practitioner Data Bank – Healthcare Integrity and Protection Data Bank (NPDB-HIPDB) as required by law.

I, Kunj Patel, authorized to act on behalf of and acting on behalf of **SOFIE CO. D/B/A SOFIE,** understand that this Consent Agreement is effective as a Board Order upon affirmative vote by the Board at formal hearing. It is also understood that, should the Board not approve this Consent Agreement, the agreement therein does not preclude the Louisiana Board of Pharmacy from requiring a formal hearing of this case.

It is further understood that, should this Consent Agreement not be accepted by the Board, the presentation to and consideration by the Board of this Agreement, including presented documentary evidence and information, shall not unfairly or illegally prejudice or preclude the Board or any of its members from further participation in hearings or resolution of these proceedings.

SIGNED, AGREED TO AND ENTERED ON THIS 18 DAY OF January, 2021.

Amended Inspection Deficiency Notice and Consent Order

During an inspection conducted on February 21, 2013, the following deficiencies were identified:

1 ($1,000) MAJOR 10: Unauthorized access to alarm or locking device for Rx department; 18VAC110-20-180 and 18VAC110-20-190

2 ($500) MAJOR 12: Storage of Rx drugs not in Rx department; 18VAC110-20-190

3 ($500) MAJOR 26: Training documentation involving media-fill tests for low and medium-risk levels not maintained for all individuals preparing CSPs, or no documentation maintained of a passing media-fill test for any individual preparing low and medium-risk CSPs >45 days after receipt of a failed media-fill test; §54.1-3410.2

If you agree that the above deficiencies were identified by the inspector, you may resolve this issue by complying with the following three conditions and submitting as one mailing to the Board within 30 days of the date of this notice:

1. sign the statement at the bottom of this notification; and
2. submit $2,000 by check or money order made payable to the "Treasurer of Virginia"; and
3. attach separate documentation of immediate action taken to correct ALL deficiencies.

DO NOT MAKE ANY CHANGES TO THIS DOCUMENT:

If you do not agree, you may submit documentation contesting the inspector's findings to the Board within 14 days, or you may request, in writing, an informal conference to further discuss this matter before a committee of the Board.

Failure to respond to this document within thirty (30) days of the date of this notice will result in an informal conference being scheduled to determine the violations of the statutes and regulations of the Board of Pharmacy. A notice of the informal conference will be mailed to the PIC and the pharmacy owner with the scheduled date and time. If it is determined at the conclusion of the informal conference that this pharmacy is in violation of the statutes and regulations of the Board of Pharmacy, the permit holder may be subject to disciplinary sanctions by the Board in addition to those listed above. If you have any questions, please contact the Board office.

Pursuant to §2.2-4023 and §54.1-2400.2 of the Code, the signed original of this Consent Order shall remain in the custody of the Department of Health Professions as a public record and shall be made available for public release, inspection, and copying upon request.

I agree that the above listed deficiencies, constituting violations of the above listed statutes and regulations, were identified during an inspection, and I further waive my right to an administrative proceeding related to this matter and agree to submit the monetary penalty listed above and to submit documentation of correction of the deficiencies.

Notice

After an inspection conducted on July 26, 2016 at Zevacor Pharma, Inc. dba Zevacor, the deficiencies identified in the inspection summary that was provided to the facility were found. Those deficiencies constitute violations of the statutes and regulations cited below:

1. ($500) Deficiency 26: No documentation of annual fingertip testing for persons performing low risk level compounding of sterile preparations within 12 months of prior testing; §54.1-3410.2

If you wish to contest the violations cited above and in the inspection summary that was provided to the facility, you may submit documentation for the Board's consideration within 14 days of the date of this notice. In the alternative, you may request, in writing, an informal conference to further discuss this matter before a committee of the Board within 30 days of the date of this notice. Documents for consideration or a request for an informal conference should be mailed to:

Virginia Board of Pharmacy
9960 Mayland Drive
Suite 300
Henrico, Virginia 23233

If you do not want to contest the cited violations, in lieu of proceeding to an informal conference, you may sign the Consent Order below, submit a total penalty of $500 by check or money order, made payable to the Treasurer of Virginia, and provide documentation of corrective action taken to remedy all of the cited violations. The Consent Order, the penalty, and documentation of corrective action should be sent in one mailing to the address provided above within 30 days of the date of this Notice.

Failure to respond to this document within thirty (30) days of the date of this Notice will result in an informal conference being scheduled to determine whether violations of the statutes and regulations of the Board of Pharmacy have occurred. A notice of the informal conference will be mailed to the attention of the facility's Pharmacist-in-Charge [or the Owner if no PIC] with the scheduled date and time. If it is determined at the conclusion of the informal conference that the pharmacy is in violation of the laws and regulations of the Board of Pharmacy, the permit holder may be subject to disciplinary sanctions by the Board in addition to the penalty listed above. If you have any questions, please contact the Board office.

Consent Order

The Virginia Board of Pharmacy ("Board") and Zevacor Pharma, Inc. dba Zevacor ("Pharmacy") enter into the following Consent Order as evidenced by the signature of the Pharmacist-in-Charge [or the Owner if no PIC] hereto. The deficiencies cited in the Notice above and the inspection summary that was provided to the facility constitute violations of the statutes and regulations as cited above in the Notice. These violations were identified during an inspection conducted on July 26, 2016.

DO NOT MAKE ANY CHANGES TO THIS DOCUMENT:

Pharmacy, by affixing the signature of the Pharmacist-in-Charge (or Owner if no PIC) hereon, agrees to the following:

1. The Pharmacist-in-Charge (or Owner if no PIC) has the right to seek advice of counsel prior to signing this document;
2. The Pharmacist-in-Charge (or Owner if no PIC) acknowledges that without his consent, no legal action can be taken against the Pharmacy except pursuant to the Virginia Administrative Process Act, § 2.2-4000 *et seq.* of the Code of Virginia;
3. The Pharmacist-in-Charge (or Owner if no PIC) acknowledges that he has the following rights, among others: the right to an informal fact finding conference before the Board, the right to reasonable notice of said hearing, the right to representation by counsel, and the right to cross-examine witnesses;
4. The Pharmacist-in-Charge (or Owner if no PIC) waives all such right to an informal conference;
5. The Pharmacist-in-Charge (or Owner if no PIC) admits to the violations cited herein and waives his right to contest such violations in any subsequent proceeding before the Board;
6. The Pharmacist-in-Charge (or Owner if no PIC) consents to the entry of the following Order affecting the permit of the Pharmacy in Virginia.

WHEREFORE, on the basis of the foregoing, the Board, effective upon entry of this Order, and in lieu of further proceedings, hereby ORDERS as follows:

1. Pharmacy shall pay a monetary penalty of $500 to the Board within 30 days of the date of the Notice.

2. Pharmacy shall submit documentation of immediate action taken to correct all violations.

3. Any violation of the terms and conditions of this Order or of any law or regulation affecting the conduct of Pharmacy in the Commonwealth of Virginia shall constitute grounds for the suspension or revocation of the permit of Pharmacy, and an administrative proceeding shall be convened to determine whether such permit shall be suspended or revoked.

Pursuant to § 2.2-4023 and § 54.1-2400.2 of the Code of Virginia, the signed original of this Notice and Consent Order shall remain in the custody of the Department of Health Professions as public record and shall be made available for public inspection or copying upon request.

Case Number: 198728

ORDER

JURISDICTION AND PROCEDURAL HISTORY

Pursuant to Virginia Code §§ 2.2-4019 and 54.1-2400(10), a Special Conference Committee ("Committee") of the Virginia Board of Pharmacy ("Board") held an informal conference on June 23, 2020, in Henrico County, Virginia, to inquire into evidence that Sofie Co. may have violated certain laws and regulations governing its permit to conduct a pharmacy in the Commonwealth of Virginia.

Nasrin Pourkiani, Pharmacist-in-Charge, as the representative of Sofie Co., appeared at this proceeding and was not represented by legal counsel.

NOTICE

By letter dated February 3, 2020, the Board sent a Notice of Informal Conference ("Notice") to Sofie Co. notifying it that an informal conference would be held on May 12, 2020. The Notice was sent by certified and first class mail to the legal address of record on file with the Board.

Upon consideration of the evidence, the Committee adopts the following Findings of Fact and Conclusions of Law and issues the Order contained herein.

FINDINGS OF FACT AND CONCLUSIONS OF LAW

1. On May 4, 1999, the Board issued Permit Number 0201-003602 to Sofie Co., Sterling, Virginia, to conduct a pharmacy in the Commonwealth of Virginia. Said permit is scheduled to expire on April 30, 2021. At all times relevant to the findings herein, said permit was in full force and effect.

2. On August 29, 2019, an inspector from the Virginia Department of Health Professions conducted an inspection of Sofie Co. and found that a pharmacist failed to demonstrate competence in all core competencies for compounding, in violation of Virginia Code § 54.1-3410.2(E). Specifically, Pharmacist A's most recent media-fill testing and gloved fingertip testing competency was completed on March 7, 2019, with results finalized on

March 13, 2019. Pharmacist A's prior testing was completed on February 21, 2018, with results finalized on February 28, 2018, more than one year prior to the most recent testing.

ORDER

Based on the foregoing Findings of Fact and Conclusions of Law, the Virginia Board of Pharmacy hereby ORDERS as follows:

1. Sofie Co. is assessed a MONETARY PENALTY of $500.00. This penalty shall be paid to the Board by certified check or money order made payable to the Treasurer of Virginia within 30 days from the date of entry of this Order. Failure to pay the full monetary penalty by the due date may cause the matter to be sent for collection and constitutes grounds for an administrative proceeding and further discipline.

2. Sofie Co. shall comply with all laws and regulations governing the practice of pharmacy in the Commonwealth of Virginia.

3. Any violation of the foregoing terms and conditions of this Order or any statute or regulation governing the practice of pharmacy shall constitute grounds for further disciplinary action.

Pursuant to Virginia Code § 2.2-4023 and 54.1-2400.2, the signed original of this Order shall remain in the custody of the Department of Health Professions as a public record, and shall be made available for public inspection and copying upon request.

NOTICE OF RIGHT TO APPEAL

Pursuant to Virginia Code § 54.1-2400(10), Sofie Co. may, not later than 5:00 p.m., on August 3, 2020, notify Caroline D. Juran, Executive Director, Board of Pharmacy, 9960 Mayland Drive, Suite 300, Henrico, Virginia 23233, in writing that it desires a formal administrative hearing before the Board. Upon the filing with the Executive Director of a request for the hearing, this Order shall be vacated. This Order shall become final on July 30, 2020, unless a request for a formal administrative hearing is received as described above.

Notice

After an inspection conducted on November 18, 2022 at SOFIE Co., the deficiencies identified in the inspection summary that was provided to the facility were found. Those deficiencies constitute violations of the statutes and regulations cited below:

1. ($500) Deficiency 26: No documentation of annual fingertip testing for persons performing low risk level compounding of sterile preparations within 12 months of prior testing; §54.1-3410.2

If you wish to contest the violations cited above and in the inspection summary that was provided to the facility, you may submit documentation for the Board's consideration within 14 days of the date of this notice. In the alternative, you may request, in writing, an informal conference to further discuss this matter before a committee of the Board within 30 days of the date of this notice. Documents for consideration or a request for an informal conference should be mailed to:

Virginia Board of Pharmacy
9960 Mayland Drive
Suite 300
Henrico, Virginia 23233

If you do not want to contest the cited violations, in lieu of proceeding to an informal conference, you may sign the Consent Order below, submit a total penalty of $500 by check or money order, made payable to the Treasurer of Virginia, and provide documentation of corrective action taken to remedy all of the cited violations. The Consent Order, the penalty, and documentation of corrective action should be sent in one mailing to the address provided above within 30 days of the date of this Notice.

Failure to respond to this document within thirty (30) days of the date of this Notice will result in an informal conference being scheduled to determine whether violations of the statutes and regulations of the Board of Pharmacy have occurred. A notice of the informal conference will be mailed to the attention of the facility's Pharmacist-in-Charge [or the Owner if no PIC] with the scheduled date and time. If it is determined at the conclusion of the informal conference that the pharmacy is in violation of the laws and regulations of the Board of Pharmacy, the permit holder may be subject to disciplinary sanctions by the Board in addition to the penalty listed above. If you have any questions, please contact the Board office.

Consent Order

The Virginia Board of Pharmacy ("Board") and SOFIE Co. ("Pharmacy") enter into the following Consent Order as evidenced by the signature of the Pharmacist-in-Charge [or the Owner if no PIC] hereto. The deficiencies cited in the Notice above and the inspection summary that was provided to the facility constitute violations of the statutes and regulations as cited above in the Notice. These violations were identified during an inspection conducted on November 18, 2022.

DO NOT MAKE ANY CHANGES TO THIS DOCUMENT:

Pharmacy, by affixing the signature of the Pharmacist-in-Charge (or Owner if no PIC) hereon, agrees to the following:

1. The Pharmacist-in-Charge (or Owner if no PIC) has the right to seek advice of counsel prior to signing this document;
2. The Pharmacist-in-Charge (or Owner if no PIC) acknowledges that without his consent, no legal action can be taken against the Pharmacy except pursuant to the Virginia Administrative Process Act, § 2.2-4000 *et seq.* of the Code of Virginia;
3. The Pharmacist-in-Charge (or Owner if no PIC) acknowledges that he has the following rights, among others: the right to an informal fact finding conference before the Board, the right to reasonable notice of said hearing, the right to representation by counsel, and the right to cross-examine witnesses;
4. The Pharmacist-in-Charge (or Owner if no PIC) waives all such right to an informal conference;
5. The Pharmacist-in-Charge (or Owner if no PIC) admits to the violations cited herein and waives his right to contest such violations in any subsequent proceeding before the Board;
6. The Pharmacist-in-Charge (or Owner if no PIC) consents to the entry of the following Order affecting the permit of the Pharmacy in Virginia.

WHEREFORE, on the basis of the foregoing, the Board, effective upon entry of this Order, and in lieu of further proceedings, hereby ORDERS as follows:

1. Pharmacy shall pay a monetary penalty of $500 to the Board within 30 days of the date of the Notice.

2. Pharmacy shall submit documentation of immediate action taken to correct all violations.

3. Any violation of the terms and conditions of this Order or of any law or regulation affecting the conduct of Pharmacy in the Commonwealth of Virginia shall constitute grounds for the suspension or revocation of the permit of Pharmacy, and an administrative proceeding shall be convened to determine whether such permit shall be suspended or revoked.

Pursuant to § 2.2-4023 and § 54.1-2400.2 of the Code of Virginia, the signed original of this Notice and Consent Order shall remain in the custody of the Department of Health Professions as public record and shall be made available for public inspection or copying upon request.

BOARD OF PHARMACY

IN RE:	)	
	)	
N-MOLECULAR, INC.	)	
	)	CONSENT AGREEMENT
Case No. 2022-PHA-18212	)	

PARTIES

This document is a Consent Agreement regarding disciplinary action against the mail order prescription pharmacy license of N-Molecular, Inc. ("N-Molecular") in the State of Maine. The parties to this Consent Agreement are: N-Molecular, the Maine Board of Pharmacy ("the Board"), and the Maine Office of the Attorney General ("the Attorney General"). This Consent Agreement is entered into pursuant to 10 M.R.S. § 8003(5-A).

FACTS

1. At all times relevant to this matter, N-Molecular was licensed by the Board as a mail order prescription pharmacy, license no. MO40002771, located at 25 Walker Way, Suite 3D, Colonie, New York.

2. On January 4, 2021, Courtney L. Kret replaced Thomas Lewis as the pharmacist in charge ("PIC") of N-Molecular, thereby requiring N-Molecular to submit a Change of PIC application to the Board within 7 days after the PIC change.

3. N-Molecular, however, did not file a change of PIC application with the Board until February 1, 2021.

4. On April 4, 2022, Board Administrator, Geraldine Betts, filed an administrative complaint with the Board alleging that N-Molecular had failed to file a timely change of PIC application.

5. This administrative complaint was docketed as Case No. 2022-PHA-18212.

6. Under Board Rules Chapter 11, § 3, upon a change of PIC, a mail order prescription pharmacy must file a new application with the Board by registered mail no later than seven (7) days after the change.

7. Pursuant to the Board's delegation of authority dated November 9, 2020, which authorizes Board Staff to offer prescribed consent agreements to resolve first-time violations of PIC change notification requirements, this Consent Agreement is being offered to finally resolve Case No. 2022-PHA-18212.

8. Absent acceptance of this Consent Agreement by signing and dating it and returning it to Maine Board of Pharmacy, Complaints Division, Office of Professional and Occupational Regulation, 35 State House Station, Augusta, Maine 04333-0035 by **May 13, 2022,** the Board will resolve this matter by holding an adjudicatory hearing.

COVENANTS

9. N-Molecular admits to the facts as stated above and admits that such conduct constitutes grounds for discipline pursuant to 10 M.R.S. § 8003(5-A)(A)(5) for violating a rule of the Board, specifically Board Rules Chapter 11, § 3, by failing to file a new application with the Board by registered mail no later than 7 days after a change of PIC.

10. As DISCIPLINE for the violation admitted to in paragraph 9 above, N-Molecular agrees to accept the imposition of:

a. A WARNING; and

b. A CIVIL PENALTY in the amount of seven hundred fifty dollars ($750.00). Payment of the civil penalty shall be made by check or money order payable to the "Treasurer, State of Maine" and delivered to Maine Board of Pharmacy, Compliance Division, Office of Professional and Occupational Regulation, 35

State House Station, Augusta, Maine 04333, and must be submitted with the signed Consent Agreement.

11. This Consent Agreement is not appealable and is effective until modified or terminated by the parties hereto.

12. Violation of any of the terms or conditions of this Consent Agreement by N-Molecular shall constitute grounds for discipline, including but not limited to modification, suspension, or revocation of licensure or the denial of licensure or re-licensure.

13. The Board and the Office of the Attorney General may communicate and cooperate regarding any matter related to this Consent Agreement.

14. This Consent Agreement is a public record within the meaning of 1 M.R.S. § 402 and will be available for inspection and copying by the public pursuant to 1 M.R.S. § 408-A.

15. Nothing in this Consent Agreement shall be construed to affect any right or interest of any person not a party hereto.

16. The Board and N-Molecular agree that no further agency action will be initiated against N-Molecular's license by the Board based upon the specific violations admitted to herein, except or unless N-Molecular fails to comply with the terms and conditions of this Consent Agreement. The Board may however consider the conduct described above as evidence of a pattern of misconduct in the event that other allegations are brought against N-Molecular, and this Consent Agreement will be introduced as evidence in any future adjudicatory hearing involving N-Molecular. The Board may also consider the fact that discipline was imposed by this Consent Agreement in determining discipline in any further complaints against N-Molecular.

17. N-Molecular acknowledges by its duly authorized representative's signature hereto that it has had an opportunity to consult with an attorney before executing this Consent Agreement, that

it executes this Consent Agreement voluntarily, and that it agrees to abide by all terms and conditions set forth herein.

Details

CITE	DESCRIPTION	FINE
N.J.A.C.13:39-11:14(b)	In performing antiseptic hand cleansing, the current surgical hand scrub failed to have the persistent activity.	**$100.00**
N.J.A.C.13:39-11.24(a)10	The pharmacy failed to notify the Board in writing within 48 hours when air sampling test results from the ISO Class 7 buffer room, taken on May 15, 2018, were out of compliance. Specifically, on May 21, 2018, the internal air sample taken on May 15, 2018, from the ISO Class 7 room, near the entrance, detected 24 colonies of growth. The limit for the ISO Class 7 room, set by USP standards, is less than or equal to 10 colonies. The ISO Class 7 buffer room was considered out of compliance. The sample was sent to Accugenix, an independent laboratory, for identification. Ten (10) different organisms were identified. Andrea Lee Tremblay, RPIC, stated that, based upon the internal root-cause analysis, the most likely route of contamination was the high traffic of operators entering and leaving the cleanroom. On May 15, 2018, there were three (3) FDG productions, one (1) PYL production, and one (1) FBB production. The room had a maximum of four (4) people present during dispensing. Particular attention was paid to cleaning techniques and agents used, as well as identifying the route of contamination, possibly from the movement of operators from the anteroom to the cleanroom.	**$10,000.00**

	The cleaning logs for the ISO Class 7 cleanroom for the week of May 7, 2018, as well as the week of May 14, 2018, were reviewed. All cleaning agents and processes were reviewed with compounders by this inspector. All cleaning agents present onsite were within their expiration date. All equipment used to conduct air sampling was examined. They were adequately calibrated and serviced. All training records for personnel working on May 15, 2018 were reviewed in detail, including gloved fingertip sampling and media fill records. It should be noted that the pharmacy conducts environmental sampling from each ISO Class 5 area daily, and from ISO Class 7 areas twice a week. The environmental monitoring bi-weekly reports for the week of May 7, 2018, as well as the week of May 14, 2018, were reviewed. No growth was seen on the days preceding and following the excursion; therefore, it appears that this excursion was an isolated event.	
	Area of Concern: The pharmacy follows General Manufacturing Practices (GMP) and has the sink outside of the cleanroom. It should be noted that the traditional sterile compounding cleanroom requires a sink in the anteroom. Gowning and garbing was observed from ambient area to controlled area. The implemented process represented a good practice of eliminating microorganisms and maintaining the integrity of the cleanroom environmental monitoring control.

Re: Inspection #8-6057-19-1350
Date of Inspection: 6/24/19

Dear Mr. Micale:

This letter is to advise you that the New Jersey State Board of Pharmacy has had an opportunity to review information concerning the above inspection report.

Upon review of all available information, the Board has preliminarily found that you have violated those items listed on Attachment A.

The Board has determined that it will offer you an opportunity to settle this matter and thereby avoid the initiation of further disciplinary proceedings. Should you wish to avail yourself of this opportunity, you **MUST SIGN THE ATTACHED CERTIFICATION** and agree to the following:

PAY A PENALTY IN THE AMOUNT OF $11,000.00 and **PROVIDE TO THE BOARD A LETTER OF CORRECTIVE ACTION.** (To be paid immediately upon your signing of the attached acknowledgment.)

Alternatively you may waive your right to a hearing and submit a written statement or explanation to the Board. The Board will then consider your submission and render a final decision, which may include any of the terms set forth above. This disposition will be a public record. Please take notice that if the Board determines that the initial inspection findings require a re-inspection to ensure that cited deficiencies have been properly addressed, you may be subject to any costs associated with the re-inspection.

If you do not wish to settle this matter, you may request a hearing. In that event, this letter will serve as notice of the charges against you and a hearing will be scheduled before the

CERTIFICATION

I, Alexander R Micale, hereby acknowledge that I have read and reviewed the Board's letter dated October 25, 2019 regarding allegations of violations of the Board's enabling act and/or regulations.

Please Check One:

[✓] I acknowledge the conduct which has been charged and agree to:

1. **Cease and desist from engaging in the conduct alleged and pay a penalty in the amount of $11,000.00** (to be paid upon signing of this Certification).

2. **Send a Letter of Corrective Action,** as requested by the Board, with this Certification.

I am also aware that the action taken against me by the Board herein is a matter of public record, and that the Board's letter and this Certification are public documents.

[ ] I hereby waive any rights I may have to a hearing in this matter and defend myself against any charges, but ask the Board to consider my explanation before rendering its final decisions. I understand that the Board may order any of the terms specified in its letter and that the Certification are public documents.

[ ] I request a formal administrative hearing to contest the charges specified by the Board. I understand that I will be advised of the time, date and place for that hearing at another time. I am aware that I may be represented by an attorney and that at the time of the hearing I may submit to the Board testimony and documentation relevant to the charges. I understand that in making its final decision, the Board may, if unlawful activity has been proven, assess civil penalties in an amount greater than that herein offered in its letter and may order such other remedies as it may deem appropriate. I am also aware that this proceeding is a matter of public record and that the Board's letter and this Certification are public documents.

Re: Inspection #8-6057-19-1350

To Mr. Rubinaccio,

SOFIE is committed to compliance to ensure product quality and patient safety. SOFIE acknowledges the non-compliant findings and commits to the following corrective actions and making continuous improvements.

[N.J.A.C.13:39-4.S(a)]: *The pharmacy failed to notify the Board of the remodeling at least 30 days in advance on a form prescribed by the Board. On December 21, 2018, Alexander R. Micale, RPIC, informed the Board in writing that, due to an equipment upgrade, the facility would undergo a temporary discontinuation of business. Mr. Micale acknowledged that the remodeling of the cleanroom took place between the periods of December 24, 2018 to March 31, 2019, during which a permit application of remodeling was not submitted.*

SOFIE is committed to compliance with the regulations set forth by the New Jersey Board of Pharmacy. SOFIE acknowledges the Boards requirement to be notified at least 30 days in advance and takes responsibility for the lack of notification of the temporary discontinuation of business in a timely manner. To ensure SOFIE complies with regulatory requirements in the various states in which SOFIE has pharmacies, a Corporate Pharmacist-in-Charge (CPIC) position was recently created and filled to work with site PICs to ensure regulatory compliance by holding monthly meetings to discuss network issues, regulatory changes, and compliance with USP guidelines. The current PIC will work closely with the CPIC to ensure that any changes within the facility are properly addressed per state Board of Pharmacy. In addition, any requests for facility upgrades must be captured through the internal Change Control process. Prior to granting approval, regulatory reporting is assessed. This adds an additional layer of ensuring state Board of Pharmacy compliance. SOFIE is confident that with these additional layers of oversight we will be in compliance with all state regulations going forward.

[N.J.A.C.13:39-11.24(a)10]: *The pharmacy failed to notify the Board in writing within 48 hours when environmental monitoring tests (air and surface sampling) detected ISO Classified area excursions, which included excursions that occurred within the ISO Classified 5 Hot Cell area, and*

ISO Classified 7 buffer room. During the inspection, Mr. Micale was able to locate three (3) notifications sent to the Board regarding these incidents.

It should be noted that the facility is a licensed pharmacy, a licensed manufacturer and a licensed wholesale distributor in NJ. Following the Good Manufacturing Practices (GMP) standards, the pharmacy conducts environmental sampling from each ISO Classified 5 area daily and from ISO Classified 7 areas twice a week. From May 2018 to December 2018, before the remodeling started, the pharmacy had a total of ten (10) environmental monitoring test failures.

SOFIE acknowledges the Boards requirement to be notified in writing within 48 hours whenever an environmental monitoring excursion occurs in the classified areas. Due to staff turnover, the site failed to notify the BOP as required. Alexander R. Micale (current PIC) is aware of this requirement and has notified the BOP regarding EM excursions since registering as the PIC. In addition, other site pharmacists and site Quality Assurance Specialist are aware of this regulation and will assist with notification. Going forward, site personnel will send a notification electronically and via postal service. The site will also keep copies of notification letters onsite for easy retrievability. As of November 7, 2019, the facility has not experienced any environmental excursions (since re-opening) demonstrating that the site is in a state of environmental control. Also, as a secondary check, SOFIE internal SOPs of EM in the ISO 5 and ISO 7 areas will be updated to include a verification check for regulatory notification if excursions are observed. A change control is currently open to update procedures related to ISO 5 and ISO 7 EM. Once approved, these changes will be made to the documentation and implemented throughout the SOFIE network.

Sincerely,

RE: Inspection Report **#8-6057-19-1350** for the period: 06/24/2019

Dear Mr. Alexander R. Micale,

The New Jersey Board of Pharmacy (the "Board") has received the above mentioned inspection report, a copy of which is included with this letter, and has requested that you respond to the following items within **ten (10) days** of receipt of this letter:

1) Please provide a detailed response to the inspector's observations and any "areas of concern" noted for each citation in the "Report of Inspection" on pages **#1** through **#3**. Your response should include an explanation for each issue noted, as well as what steps you have taken (or are planning to take) to address each item.

2) Please provide a detailed response for each citation and any "areas of concern" noted on page **#1** of "Exhibit **#9**". You do not need to respond to items a second time, if you addressed a citation as part of your response to the "Report of Inspection" section. Again, your response should include an explanation for each issue noted, as well as what steps you have taken (or are planning to take) to address each item.

Feel free to include any additional supporting documentation you feel the Board should consider when reviewing your response. The Board will review this report and your response to this letter at the next available Board meeting. Please note that the Board reserves the right to take disciplinary action based on any violations, even if corrected.

Failure to respond and provide this information within ten (10) days from receipt of this letter will constitute a failure of a duty to cooperate pursuant to N.J.A.C. 13:45C-1.3 and may result in disciplinary action by the Board, including suspension of your permit to operate a pharmacy and/or to engage in sterile compounding.

[13:39-11.24(a)10.]-*The pharmacy failed to notify the Board in writing within 48 hours when environmental monitoring tests (air and surface sampling) detected ISO Classified area excursions, which included excursions occurred within the ISO Classified 5 Hot Cell area, and ISO Classified 7 buffer room. The pharmacy also failed to cease using these failed equipment during these incidents.*

SOFIE is committed to patient safety and compliance with the regulations. As such, SOFIE has taken more rigorous steps toward patient safety with a comprehensive contamination control program and extensive environmental monitoring. While USP <797> requires clean room sampling to be done every six months, SOFIE is taking environmental sampling from each individual ISO 5 area every day and the ISO 7 area at least twice a week. The historical data from daily Environmental Monitoring (EM) does not show any adverse trends and demonstrate the pharmacy is in a state of environmental control.

The EM program consists of monitoring the areas for non-viable particulates and microbial counts of viable air, surfaces, and personnel. Environmental monitoring performed at Totowa is extensive in terms of the number of areas monitored and in the frequency of monitoring. Between Q3 and Q4 2018, over 2,000 samples were taken from the ISO 5 areas and ISO 7 areas. Data collected from environmental monitoring is reviewed in real time by Site Quality Assurance (QA) and is included in a quarterly trend report that is approved and reviewed by Corporate Microbiologists.

Between the time an environment is sampled and when the plates are ready to be examined we, as the routine course of business, perform a cleaning of said environment with a sporicidal agent and a triple cleaning after excursions are identified. Excursions are immediately sent for microbial identification via DNA Sequencing and actions taken based on the microorganism(s) identified. During these excursions, an investigation is opened and completed. The root causes of these EM excursions and investigations were not attributed to failures of the ISO 7 cleanroom or ISO 5 equipment. No sterility positives or drug product complaints were received during this time. The site will continue to trend these events and take corrective actions as required. Please note that the site has not had experienced any EM excursions since re-opening of the facility.

SOFIE acknowledges the Boards requirement to be notified in writing within 48 hours whenever an environmental monitoring excursion occurs in the classified areas. Due to staff turnover, the site failed to notify the BOP as required. Alexander R. Micale (current PIC) is aware of this requirement and has notified the BOP regarding EM excursions since registering as the PIC. In addition, other site pharmacists and site Quality Assurance Specialist are aware of this regulation and will assist with notification. Going forward, site personnel will send a notification electronically and via postal service. The site will also keep copies of notification letters onsite for easy retrievability. As a secondary check, SOFIE internal SOPs of EM in the ISO 5 and ISO 7 areas will be updated to include a verification check for regulatory notification. Finally, SOFIE internal SOP ZEV.PH.012, *Conducting and Reporting Remedial Investigations for Reportable Environmental Monitoring (EM) Events at the MO Facilities*, will be revised to be applicable to all SOFIE Pharmacies to ensure all pharmacies appropriately report environmental monitoring excursion events to the Board in addition to any immediate corrective actions (cleaning).

Date of Inspection: 11/15/2021 thru 1/7/2022

Dear Ms. Tremblay,

This letter is to advise you that the New Jersey State Board of Pharmacy has had an opportunity to review information concerning the above inspection report.

Upon review of all available information, the Board has preliminarily found that you have violated those items listed on Attachment A.

The Board has determined that it will offer you an opportunity to settle this matter and thereby avoid the initiation of further disciplinary proceedings. Should you wish to avail yourself of this opportunity, you **MUST SIGN THE ATTACHED CERTIFICATION** and agree to the following:

PAY A PENALTY IN THE AMOUNT OF $1,000.00 and **PROVIDE TO THE BOARD A LETTER OF CORRECTIVE ACTION.** (To be paid immediately upon your signing of the attached acknowledgment.)

Alternatively you may waive your right to a hearing and submit a written statement or explanation to the Board. The Board will then consider your submission and render a final decision, which may include any of the terms set forth above. This disposition will be a public record. Please take notice that if the Board determines that the initial inspection findings require a re-inspection to ensure that cited deficiencies have been properly addressed, you may be subject to any costs associated with the re-inspection.

If you do not wish to settle this matter, you may request a hearing. In that event, this letter will serve as notice of the charges against you and a hearing will be scheduled before the Board. At that hearing you may, either personally or with the assistance of an attorney, submit determination concerning the charges of unlawful activity. You should be aware that in making

its final decision, the Board may, if unlawful activity has been proven, assess civil penalties in an amount greater than that herein offered in this letter. Additionally, the Board may, if the facts are found to so warrant, enter an order, requiring you to reimburse certain monies, direction you to cease and desist from engaging in unlawful acts and/or requiring you to pay costs incurred by the Board. Should you have any questions concerning this letter or the settlement offer herein, I suggest that you contact the Board at (973) 504-6450.

The enclosed Certification **MUST** be completed and returned to the Board within fifteen (15) days following your receipt of this letter. In the event that the Board receives no response from you within this time, the Board's settlement offer will be withdrawn, and the allegations contained herein shall be deemed admitted, and the Board will proceed to finally review that matter and enter an appropriate order.

Re: Inspection #8-4796A-21-2

To Mr. Rubinaccio,

SOFIE is committed to compliance to ensure product quality and patient safety. SOFIE acknowledges the non-compliant findings and commits to the following corrective actions and making continuous improvements.

[N.J.A.C.13:39-11.24(a)(6): *The subject pharmacy does not have an independent contractor (certification company) conduct environmental sampling once every six months. The subject pharmacy only conducted their own in-house viable air and surface sampling.*

SOFIE is committed to compliance with the regulations set forth by the New Jersey Board of Pharmacy. SOFIE acknowledges the Boards requirement of having an independent certification company conduct environmental sampling once every six months. The facility scheduled ENV (independent certification company) to perform environmental sampling on 12 Mar 22 and will continue to have an independent certification company perform environmental monitoring every six months going forward.

Thank you for your consideration of the above corrective action. If any additional information is needed, please do not hesitate to contact me.

Re: Inspection #8-4796A-21--2
Date of Inspection: 4/5/2021

Dear Mrs. Lance,

At the February, 2022 meeting, the New Jersey State Board of Pharmacy (the Board), reviewed correspondence submitted requesting mitigation request relating to the above-referenced inspection.

The Board moved to deny your mitigation request for N.J.A.C.13:39-11.23(b)(1)(i), as actions taken were corrective in nature.

Please complete the attached **Certification** form and submit **$2,000.00** for fines incurred to the Board within fifteen (15) days of receipt of this letter.

Dear Mr. Phelps:

The U.S. Food and Drug Administration (FDA) has completed an evaluation of your firm's corrective actions in response to our warning letter (CMS # 553833) dated September 24, 2018. Based on our evaluation, it appears that you have adequately addressed the violations contained in this warning letter.

You are expected to take all necessary steps to assure compliance with the Federal Food, Drug, and Cosmetic Act and FDA's implementing regulations. This letter will not preclude any future regulatory action should violations be observed during a subsequent inspection or through other means.

Sincerely,
/S/

Dear Mr. Phelps:

The U.S. Food and Drug Administration (FDA) inspected your drug manufacturing facility, N-Molecular Inc. (d.b.a. SOFIE) at 11 Rogers Rd, Suite 6, Haverhill, Massachusetts, from February 12, 2018 to February 28, 2018.

This warning letter summarizes significant violations of current good manufacturing practice (CGMP) regulations for positron emission tomography (PET) drugs. See 21 CFR, part 212.

Because your methods, facilities, or controls for compounding, processing, packing, or holding do not conform to CGMP, your PET drug products are adulterated within the meaning of section 501(a)(2)(C) of the Federal Food, Drug, and Cosmetic Act (FD&C Act), 21 U.S.C. 351(a)(2)(C).

We reviewed your March 20, 2018, response in detail and acknowledge receipt of subsequent correspondence.

During our inspection, our investigators observed specific violations including, but not limited to, the following:

1. Your firm failed to take appropriate corrective action when a failure of a production batch or any component of the batch failed to meet any of its specifications. (21 CFR 212.20(d))

You failed to take corrective actions following bacterial contamination of an injectable product batch that you released. You opened a sterility failure investigation on May 31, 2016, after finding Bacillus pumilus/safensis in your finished sterile injectable drug product fludeoxyglucose F-18 (FDG). You failed to complete the investigation in a timely manner, and it had not been formally approved by the quality assurance vice president, as per your SOP, at the time of our inspection over a year and a half later.

Although no errors were found in laboratory testing, your investigation postulated that the FDG could have been contaminated with B. pumilus/safensis during sterility testing. You stated that the disinfection program might need to incorporate more frequent use of sporicidal agents. However, there was no indication that more frequent use of sporicidals was implemented.

Your investigation also lacked a thorough evaluation of potential manufacturing causes of the non-sterility test result. For example, your review of environmental monitoring data was minimal. You failed to address the active air sampling that found the same spore-forming genus as the sterility test isolate (Bacillus, sp.) and **(b)(4)** in the ISO 7 cleanroom location immediately adjacent to the Dispensing Hot Cell the day after the batch that failed sterility testing was produced. You had not performed active air monitoring in this area on the previous day.

In your response, you stated that you would provide training and implement director-level sign off for all investigations. You lacked evidence of your corrective actions, including but not limited to revised disinfection procedures and your remediated investigation procedure.

In response to this letter provide:
• a thorough assessment of the adequacy of your facility, equipment, and process (including both production and testing laboratory) design and controls.
• a comprehensive corrective action and preventive action (CAPA) plan that identifies microbial contamination risks throughout your operations and describes improvements to assure higher confidence in the sterility of products made at your facilities.
• a revised cleaning and disinfection program that ensures an environment suitable for aseptic processing and sterility testing.
• an assessment of your overall system for investigations into deviations, discrepancies, complaints, OOS results, failures, and verification of effectiveness of corrections. Include an action plan to fully remediate this system throughout your company's network.

2. Your firm's facilities are not adequate to ensure the prevention of contamination of equipment or product by environmental conditions that could reasonably be expected to have an adverse effect on product quality. (21 CFR 212.30(a))

Your facility was in a state of disrepair and lacked cleanliness. Floor tiles were observed to be cracked and stained in the hallway that permits access to the classified areas. The sticky floor mat at the entry to the gowning room was visibly soiled with filth, including hair. The floor beneath the door that separates ISO 7 and ISO 8 areas had black streaks and stains. PET drug manufacturing requires adequately designed, controlled, and maintained facilities to prevent contamination.

In your response, you provided a timeline for cleanroom floor remediation and stated that you will implement a procedure for changing the sticky floor mat. You also submitted environmental monitoring trend data for the fourth quarter of 2017 and indicated that there were no environmental excursions during the fourth quarter of 2017 and first quarter of 2018.

However, your data included fungal and bacterial spore formers in critical environments (e.g., operator glove, ISO 5 sterility testing hood). It is unclear whether you initiated a deviation report in response to these findings.

Your response is inadequate because you did not provide a detailed plan for remediation activities tbat will adequately control your production areas.

In response to this letter, provide:
• your alert and action levels for ISO 5 surfaces, air, and operator gloves, and improved procedures that address appropriate responses to contamination at these levels.
• your investigations for any recovery of microbes in ISO 5 hoods and on operator gloves, and any results outside alert or action levels for the ISO 7 environment since January 2017. Also include all organism identifications performed for these two clean areas during this period, and the location where microbes were recovered.
• evidence that cleaning and disinfecting agents used in all classified areas are effective.
• your firm's procedures for ensuring ongoing maintenance and control of your facility.

3. You failed to approve or reject proposed changes to existing processes, before they were implemented, to ensure that they maintain the identity, strength, quality and purity of a PET drug, and you failed to demonstrate that any change does not adversely affect the identity, strength, quality, or purity of any PET drug. (21 CFR 212.20(c))

Your firm changed your manufacturing process by **(b)(4)**. You did not adequately manage this change to ensure that it would not adversely affect the identity, strength, quality, or purity of your PET drug prior to being implemented.

Furthermore, your firm acknowledged to our investigator that you had not adequately validated this sterile filtration change. Your firm manufactured and distributed multiple batches of finished drug products using **(b)(4)**.

In your response, you stated that you have discontinued the practice of using **(b)(4)**. You provided a corporate risk assessment that included a retrospective review of this practice across all your manufacturing facilities. You concluded that patient safety was not compromised, based on the absence of patient adverse events reported during this period.

We acknowledge that you returned to the practice of using a **(b)(4)** as of February 28, 2018, upon conclusion of our inspection. However, your response is inadequate because you failed to address your deficient change management system. Further, you cannot rely on the absence of adverse events as evidence of sterility.

In response to this letter, please provide your procedures to evaluate all production and testing changes prior to implementation, including specific steps to ensure appropriate technical evaluation. Also provide a retrospective analysis to determine whether any other changes, particularly changes related to aseptic processing and sterility assurance, were implemented without adequate change management, and determine whether they adversely affected the quality of your PET drugs.

Guidance on Positron Emission Tomography (PET) Drugs

See FDA's guidance document, PET Drugs Current Good Manufacturing Practice, to help you meet the CGMP requirements when manufacturing PET drugs using aseptic processing, at https://www.fda.gov/downloads/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/UCM070306.pdf (https://www.fda.gov/downloads/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/UCM070306.pdf).

Conclusion

Violations cited in this letter are not intended as an all-inclusive list. You are responsible for investigating these violations for determining the causes, for preventing their recurrence, and for preventing other violations in all your facilities.

If you are considering an action that is likely to lead to a disruption in the supply of drugs produced at your facility, FDA requests that you contact CDER's Drug Shortages Staff immediately, at drugshortages@fda.hhs.gov, so that FDA can work with you on the most effective way to bring your operations into compliance with the law. Contacting the Drug Shortages Staff also allows you to meet any obligations you may have to report discontinuances or interruptions in your drug manufacture under 21 U.S.C. 356C(b) and allows FDA to consider, as soon as possible, what actions, if any, may be needed to avoid shortages and protect the health of patients who depend on your products.

Correct the violations cited in this letter promptly. Failure to promptly correct these violations may result in legal action without further notice including, without limitation, seizure and injunction. Unresolved violations in this warning letter may also prevent other Federal agencies from awarding contracts.

Until these violations are corrected, we may withhold approval of pending drug applications listing your facility. We may re-inspect to verify that you have completed your corrective actions. We may also refuse your requests for export certificates.

After you receive this letter, respond to this office in writing within 15 working days. Please specify what you have done since our inspection to correct your violations and to prevent their recurrence. If you cannot complete corrective actions within 15 working days, state your reasons for delay and your schedule for completion.

Please send your electronic response to orapharm1_responses@fda.hhs.gov. Please reach out to Compliance Officer, Yvette Johnson, at yvette.johnson@fda.hhs.gov with any questions.

Sincerely,
/S/

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)? ☒ Low ☐ Medium ☐ High
If you marked "High", you must also complete section 4.

2. Will you be performing sterile hazardous drug compounding? ☐ Yes ☒ No
If you marked "Yes", you must also complete section 3.

3. List the sterile compounded products that you will be compounding for Nevada patients or consumers:
Pylarify (Piflufolastat F-18 Injection) - radioactive diagnostic agent indicated for Positron Emission Tomography (PET) of prostate - specific membrane antigen (PSMA) positive lesions in men with prostate cancer.

4. Will you be utilizing beyond use dates in excess of USP-797? ☐ Yes ☒ No

5. If yes, describe the additional testing performed on your products to validate the extended BUD:
N/A

6. What laboratory performs this additional testing?
Name: N/A
Address: N/A
City: N/A State: N/A Zip: N/A
Telephone: N/A

7. What is your procedure for visual inspection of compounded sterile products?
The pharmacy inspects compounded sterile products against a black / white background.

8. How often do you perform glove fingertip and medial fill testing?
Initially and then annually.

9. What is your policy if an employee fails a glove fingertip or media-fill test?
A deviation is opened to investigate the failure and the operator is removed from aseptic processing until a root cause of failure can be determined.

10. Describe your initial and annual training program for all personnel performing sterile compounding:
The training program encompasses didactic training, aseptic technique with exam, garbing and hand hygiene, cleaning and disinfecting, and media fill testing. All operators must prove competency in the areas described above and all observations are performed by the PIC or a qualified pharmacist.

11. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:
Daily cleaning of the ISO 5 enclosures must be performed prior to use, moving from "cleaner area" to "dirty" during cleaning. All agents used have a five (5) minute contact time. Daily cleaning consists of Steri-perox and Vesta-cyde, followed by IPA.
Weekly / Remediation cleaning consists of Decon Clean, a sporicidal agent (Spor-Klenz or Hypo-chlor), followed by IPA.

Cleaning of the ISO 7/8 area consist of daily and monthly cleaning, moving from the "cleaner area" to "dirty." Daily cleaning consists of cleaning and disinfecting countertops, carts, or other room furniture, pass through boxes, door handles, items that are used daily, floors, and waste removal. Steri-perox and IPA is used.
Monthly cleaning encompasses all items listed above as well as the ceiling and walls. Decon Clean or Decon Quat is used initially, followed by a sporocidal agent (Spor-Klenz or Hypo-chlor 0.52%). IPA is then used on all surfaces and sterile water is used on the floors.

12. Who performs the sterile compounding process at your facility?
Unit doses are dispensed by the pharmacy staff (pharmacists and pharmacy technicians).

13. Who is responsible and accountable for the sterile compounding process at your facility?
The pharmacist in charge / facility manager and the pharmacist on duty during dispensing (who is releasing the product).

14. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?
The pharmacy does not ship / mail any radiopharmaceuticals.

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)

1. What type of primary engineering controls will you be using in your facility?
N/A

2. Is your BSC or CACI vented 100% to the outside?	☐ Yes	☐ No
3. Do you have a negative pressure buffer room at your facility?	☐ Yes	☐ No
4. Will you be compounding with antineoplastic HDs or HD API?	☐ Yes	☐ No
5. If yes, are the drugs stored in an externally ventilated, negative pressure room?	☐ Yes	☐ No
6. Will you be utilizing a closed system transfer device?	☐ Yes	☐ No

7. If yes, list the name of the device:
N/A

8. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers?
N/A

9. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?
N/A

Section 4: Sterile High Risk Compounding Questions (Complete this section ONLY if you will be performing High Risk Compounding.)

1. List the specific high risk sterile products that your facility compounds:
N/A

2. What sterilization methods are utilized at your facility?
N/A

3. Does your facility utilize biological indicators? ☐ Yes ■ No

4. If yes, describe how they are utilized:
N/A

Policies and Procedures Reviewed

- Annual review of Policies & Procedures by PIC, proof of completion
- Hand hygiene and garbing
- Facility & Equipment cleaning & sanitizing
- Beyond Use Dating
- Patient Dose Recall
- Action level for CFUs detected during viable surface, viable air, and gloved fingertip sampling
- Action to be taken when viable air, viable surface, and gloved fingertip sampling CFUs exceeded

Training: Viewed for RPH Charlie Lin and TCH Mateo Tayamen

- Gloved fingertip/media-fill
- Aseptic technique/compounding competencies
- Didactic and math skills assessment
- Radiation safety

Discussion/Education:

- PIC Vu assumed PIC role on 4/26/23. He previously held that position from 11/2017 through 5/2022. Newly licensed Facility Manager Austin Merritt will be assuming PIC role in the near future. Refer to BPC 4113 and BPC 4101, forms are available on the BOP website.
- Buffer room contained two clipboards of paper, a small area of separation at the floor-wall junction under the TEMA cell, and a cracked computer screen. Scheduled maintenance report viewed for August, the floor seal will be addressed per PIC. Ensure all items in the classified areas are easily cleanable.
- Discussed requirements of CCR 1714 and BPC 4116, possession of key (access) to pharmacy is restricted to pharmacist and a pharmacist is required to be onsite any time another person is present, and BPC 4059.5(a), dangerous drugs and devices shall be signed for and received by a pharmacist. RPH Merritt was unlicensed from 9/19/22 through 7/21/23 while obtaining CA RPH license via reciprocation and employed at the facility. All

discretionary tasks completed during this time were during FDA manufacturing process (non-pharmacy related activities) however he was in the pharmacy without a CA licensed pharmacist present and signing for deliveries.

- Notice to Consumer and Interpretive Services notices not observed in the pharmacy. Ensure posted as required, see CCR 1707.6(a) and CCR 1707.5(d).
- A PDF of the 2023 law book is available online at the Board's website: https://www.pharmacy.ca.gov/laws_regs/lawbook.pdf
- The January 2023 issue of The Script is available online. The newsletter includes information regarding new and amended regulations as well as links to information regard the revisions to USP chapters 795 and 797. Previous issues also are available in the newsletter archive.
- Send notification of all recalls, ADRs, and complaints to: compounding.report@dca.ca.gov
- Please keep a signed copy of this inspection report on file and readily retrievable for three years.

- Action level for CFUs detected during viable surface, viable air, and gloved fingertip sampling
- Action to be taken when viable air, viable surface, and gloved fingertip sampling CFUs exceeded
- CSP recall

Training: Viewed for RPH Chinh Nguyen and TCH Samuel Gil

- Gloved fingertip/media fill
- Aseptic technique/compounding competencies
- Didactic and math skills assessment
- Radiation safety training

Discussion/Education:

- PIC Vu completed the latest versions of the compounding and pharmacy self-assessments in June 2022. Prior self-assessments were completed in June 2021, fully compliant.
- Computer workstations in the buffer room have keyboards which are not easily cleaned and disinfected – see correction.
- Documentation of cleaning logs showed significant improvement since previous inspection. Discussed SOP requirement of weekly review of logs with PIC Vu and new QA Specialist Martin Munoz. May documents showed late review however June logs were reviewed within required timeline.
- Per CCR 1751.6(e)(1)(B), pharmaceutical calculations are required as part of ongoing training and performance evaluation. Per PIC Vu, compounding personnel use apps for calculation of pharmaceutical half-

Date: 7/7/2022 Permit #: LSC101112

Time of Day: 12:30 PM

Name as shown on permit: **SOFIE CO**

Address: 5900 B OBATA WAY City: GILROY

Please be advised it appears there is a failure to comply with the following laws governing the practice of pharmacy, and/or the rules and regulations of the Board of Pharmacy:

1. CCR 1751.4(c)	Facility and Equipment Standards for Sterile Compounding. All equipment used in the areas designated for compounding must be made of a material that can be easily cleaned and disinfected. In that at the time of inspection, keyboards in the buffer room had spaces around and below each key where particles could accumulate, increasing the risk for microbial contamination and were not made of material that can be easily cleaned.

I have reviewed, discussed, understand and received a copy of this form.

e-Profile ID: 1810127

Inspection Date: 06/10/2024, 6/12/2024 and 6/13/2024

		Observation	Inspector Notes	USP Reference(s)
20.2	All APIs used have a COA that includes the specifications (eg, compendial requirements for quality) and that the test results for the component show the API meets expected quality. ***Inspector note: Per USP, the API should be checked to ensure it is pharmaceutical grade and meets the requirements in the chemical monograph. COA will report an assay has been performed and will include water content (so any corrections/calculations can be performed).***	Yes		6.2.1
20.3	All APIs used are manufactured by an FDA-registered facility. ***Inspector note: This is a Food, Drug, and Cosmetic Act, Section 503A, requirement as well. If the API comes from a repackager, the pharmacy must be able to confirm the manufacturer of the API was registered as an Establishment with FDA.***	Yes		6.2.1
21.0	When formulations indicate the inclusion of water, is purified water or better quality (eg, sterile water for irrigation) used in compliance with USP <795> standards?	Yes		6.2.1
22.0	What type(s) of water is used for compounding CNSP? ***List the type(s) in the Inspector Notes.***	[redacted]	Sterile Water for Irrigation and Sterile Water for Injection are used.	6.2.1
23.0	Do the pharmacy's component receipt processes comply with the requirements in USP <795> standards? ***If no, go to compliance statements.***	Yes		6.2.2

		Observation	Inspector Notes	USP Reference(s)
23.1	For non-conventionally manufactured components, the COA is reviewed upon receipt. ***Inspector note: Per USP, "the COA must be reviewed to ensure that the component has met the acceptance criteria in an appropriate USP–NF monograph, if one exists." Pharmacy's review should be documented. Alternatively, the pharmacy can demonstrate how it's been reviewed (for example, there are notes to show a water content calculation back to 100% based on the specific COA). Inspector can verify the COA is retrievable.***	Yes		6.2.2
23.2	The pharmacy documents specific information according to the facility's SOP, including: receipt date, quantity received, supplier name, lot number, expiration date, and the results of any testing performed (whether performed in-house or through a third-party).	Yes		6.2.2, 14
23.3	For all components that lack a vendor expiration date, the pharmacy clearly and indelibly marks on each packaging system received the date the component must no longer be used by the pharmacy. ***Inspector note: Per USP, "Packaging systems of components (i.e., API and added substances) that lack a vendor's expiration date must not be used by the compounding facility after 3 years from the date of receipt. A shorter expiration date must be assigned according to Pharmaceutical Compounding—Sterile Preparations 797 , 9.3.2 Component receipt if the same component container is also used in sterile compounding or if the ingredient is known to be susceptible to degradation."***	Yes		6.2.2
23.4	Any component found to be of unacceptable quality upon receipt or reinspection prior to use is promptly rejected, clearly labeled as rejected, and segregated from active stock to prevent use before appropriate disposal.	Yes		6.2.2

	Establishing Beyond Use Dating (BUDs)			
36.0	Is each CNSP assigned and labeled with a BUD in compliance with USP <795> standards? ***Inspector note: Per USP, the BUD is defined as, "The date, or hour and date, after which a CNSP must not be used, stored, or transported. The date is determined from the date or time the preparation is compounded." This is not the same term as "expiration date." If no, go to compliance statements.***	Yes		10 USP <7>
36.1	CNSP label has a BUD that specifies the date, or the hour and date, beyond which the preparation cannot be used and must be discarded.	Yes		10.1
36.2	CNSP labels do not list an "expiration date" or equivalent language.	Yes		10.1
36.3	BUDs are assigned from the date (and time) of preparation.	Yes		10.1
36.4	BUDs are assigned based on dispensing in tight, light resistant containers/overpacks. ***Inspector note: Per USP, the Table 4 maximum limits for BUD are, "based on the ability of the CNSP to maintain chemical and physical stability and to suppress microbial growth. These BUDs represent the limit for CNSPs that are packaged in tight, light-resistant containers unless conditions in 10.4 CNSPs Requiring Shorter BUDs or 10.5 Extending BUDs for CNSPs apply."***	Yes		10.3

		Observation	Inspector Notes	USP Reference(s)
37.0	Does the pharmacy ensure the assigned BUD does not exceed the shortest BUD of any individual compounded components? ***Inspector note: Per USP, "For CNSPs prepared from one or more compounded components, the BUD should generally not exceed the shortest BUD of any of the individual compounded components. However, there may be acceptable instances when the BUD of the final CNSP exceeds the BUD assigned to compounded components (e.g., pH-altering solutions). If the assigned BUD of the final CNSP exceeds the BUD of the compounded components, the physical, chemical, and microbiological quality of the final CNSP must not be negatively impacted." Another example of these "acceptable instances" (similar to pH-altering components mentioned above) inspectors may see are stock solutions (and other formulas within a formula) such as methocel 1%.*** ***If no, inspector should describe the observations, including the name of the component whose BUD was shorter than the assigned BUD of the final CSP.***	Yes		10.4
38.0	Does the designated person(s) evaluate a CNSP formulation to establish the maximum BUD? ***If no, who establishes the maximum BUD for a MFR?***	Yes		7.1, 10.2, 10.3
39.0	Does the pharmacy compound CNSPs with a USP monograph?	No		10.5
40.0	Does the pharmacy compound CNSPs following the USP monograph precisely? ***If no, go to compliance statements.***	N/A		10.5
40.1	Pharmacy staff have access to the USP monograph for reference.	N/A		10.5

		Observation	Inspector Notes	USP Reference(s)
44.7	Aqueous CNSPs whose labeled BUDs are extended beyond Table 4, have: - been tested for antimicrobial effectiveness at least once for each formulation in the type of (with the same material composition of the) container closure system that will be used; - received study results from an FDA-registered facility (for the same CNSP formulation using the same material composition of the container closure system); or - a study published from peer-reviewed literature (for the same CNSP formulation using the same material composition of the container closure system). ***Inspector note: Pharmacy may rely on a bracketed study from the above options as long as the bracketed study information includes the low and high concentration of each active ingredient in the formulation. Per USP, this is "to establish preservative effectiveness across various strengths of the same formulation (e.g., bracketing). The concentration of all other ingredients (including preservatives) must fall within the bracketed range.***	Yes		10.5
	Quality Assurance (QA), Quality Control (QC), and Quality Management (QM) Inspector to review at least one complaint, one adverse event, and one recall (if applicable).			
45.0	Does the pharmacy have a QA/QC program to ensure that CNSPs are prepared per the requirements in USP <795> standards and any applicable regulatory requirements? ***If no, go to compliance statements.***	Yes		1.1.3, 12
45.1	The pharmacy has a formal QA/QC program with documented activities. ***Inspector note: Per USP, "A facility's QA and QC programs must be formally established and documented in the facility's SOPs that ensure that all aspects of the preparation of CNSPs are conducted in accordance with the requirements in this chapter (<795>) and the laws and regulations of the applicable regulatory jurisdiction."***	Yes		12
45.2	The QA/QC programs address adherence to procedures.	Yes		12

Nonsterile <795> Employee File Records Review

Select the PIC, designated person, a staff pharmacist that checks compounded preparations, and two to three compounding pharmacy technicians. *Do not record the employee name, list only their title or position.
From the drop-down List:
*Mark as "Yes" if the document is present in the records and the competency evaluation was conducted in compliance with USP <795> requirements.
*Mark as "No" if the document is present in the records but is not in compliance with USP <795> requirements.
*Mark as "Missing" if any part of the record is missing and explain in Notes column.
*Mark as "N/A" if the training does not apply (eg, long-term employee may not have initial training available). Document further in the Notes column.

Glossary & References	USP <795>
Active Pharmaceutical Ingredient (API)	Any substance or mixture of substances intended to be used in the compounding of a preparation, thereby becoming the active ingredient in that preparation and furnishing pharmacological activity or other direct effect in the diagnosis, cure, mitigation, treatment, or prevention of disease in humans or animals or affecting the structure and function of the body. Also referred to as a bulk drug substance. A conventionally manufactured drug product is not an API but is typically manufactured from an API(s).
Added Substance	An ingredient that is necessary to compound a preparation but is not intended or expected to cause a pharmacologic response if administered alone in the amount or concentration contained in a single dose of the compounded preparation. The term is used synonymously with inactive ingredient, excipient, and pharmaceutical ingredient.
Administration	The preparation of a nonsterile pharmacologic or other therapeutic agent for ingesting, inserting, applying, or otherwise providing a nonsterile medication in its final form to a single patient. This includes crushing a tablet(s) or opening a capsule(s) to mix with food or liquids to facilitate patient dosing.
Alcohol-based hand rub	An alcohol-containing preparation (liquid, gel, or foam) designed for application to the hands of health care personnel to inactivate microorganisms and/or temporarily suppress their growth. Such preparations may contain one or more types of alcohol, other active ingredients, excipients, and humectants.
Assigned trainer	One or more individuals assigned by the designated person(s) to be responsible and accountable for directly providing the training, observation, and/or evaluation of personnel for the preparation of CNSPs.
Beyond-use date (BUD)	The date, or hour and date, after which a CNSP must not be used, stored, or transported. The date is determined from the date or time the preparation is compounded.
Biological Safety Cabinet (BSC)	A ventilated cabinet that may be used for compounding. These cabinets are divided into three general classes (Class I, Class II, and Class III). Class II BSCs are further divided into types (Type A1, Type A2, Type B1, Type B2, and Type C1).
Bulk drug substance	See the entry for Active Pharmaceutical Ingredient.
Certificate of analysis (COA)	A report from the supplier of a component, container, or closure that accompanies the supplier's material and contains the specifications and results of all analyses and a description of the material.
Cleaning	The process of removing substances (eg, organic and inorganic material) from objects and surfaces, normally accomplished by manually or mechanically using water with detergents or enzymatic products.
Cleaning agent	An agent, usually containing a surfactant, used for the removal of substances (eg, dirt, debris, microbes, and residual drugs or chemicals) from surfaces.
Closed-system processing device	A device designed to reduce the potential exposure to personnel or contamination of the facility or CNSPs. Examples include CVEs, BSCs, or single-use containment glove bags.

Glossary & References	USP <795>
Component	Any ingredient used in the compounding of a preparation, including any API, added substance, or conventionally manufactured product.
Compounded nonsterile preparation (CNSP)	A preparation not intended to be sterile that is created by combining, admixing, diluting, pooling, reconstituting other than as provided in the manufacturer's labeling, or otherwise altering a drug product or bulk drug substance.
Compounding	The process of combining, admixing, diluting, pooling, reconstituting other than as provided in the manufacturer's labeling, or otherwise altering a drug product or bulk drug substance to create a nonsterile preparation.
Compounding area	An area that is specifically designated for nonsterile compounding.
Compounding personnel	Personnel trained to compound or oversee compounding of preparations.
Compounding record (CR)	Documents the compounding of each CNSP.
Container closure system	Packaging system components that together contain and protect the dosage form. This includes primary packaging system components and secondary packaging system components if the latter are intended to provide additional protection.
Containment glove bag	A single-use disposable glove bag that is capable of containing airborne chemical particles.
Containment ventilated enclosure (CVE)	A full or partial enclosure that uses ventilation principles to capture, contain, and remove airborne contaminants through high-efficiency particulate air (HEPA) filtration and to prevent their release into the work environment.
Conventionally manufactured product	A pharmaceutical dosage form, usually the subject of an application approved by the applicable national regulatory agency, that is manufactured under current good manufacturing practice conditions.
Designated person(s)	One or more individuals assigned to be responsible and accountable for the performance and operation of the facility and personnel as related to the preparation of CNSPs.
FDA	US Food and Drug Administration
Formulation	The specific qualitative and quantitative composition of the final CNSP.
Hazardous Drug (HD)	Any drug identified by at least one of the following criteria: carcinogenicity, teratogenicity or developmental toxicity; reproductive toxicity in humans; organ toxicity at low dose in humans or animals; genotoxicity or new drugs that mimic existing HDs in structure or toxicity. See <800>.
Label	The part of the labeling on the immediate container.
Labeling	All labels and other written, printed, or graphic matter on the immediate container or on or inside any packaging system or wrapper in which the article is enclosed, except for any outer shipping container.

Glossary & References	USP <795>
Master formulation record (MFR)	A detailed record of procedures that describes how the CNSP is to be prepared.
Monograph	A quality documentary standard within USP–NF that articulates the quality expectations for a medicine including for its identity, strength, purity, and performance. It also describes the tests to validate that a medicine and its ingredients meet these criteria.
Oversight	The review, monitoring, and supervision of actions taken by personnel; bearing responsibility for those actions; and being available if and when needed for consultation, even if not physically present.
Preservative	A substance added to inhibit microbial growth.
Purified water	The minimal quality of source water for the production of Purified Water is drinking water whose attributes are prescribed by the US Environmental Protection Agency (EPA), the European Union, Japan, or the World Health Organization (WHO). This source water may be purified using unit operations that include deionization, distillation, ion exchange, reverse osmosis, filtration, or other suitable purification procedures. (See <1231>, 3.1.1 Purified Water.)
Quality Assurance (QA)	A system of procedures, activities, and oversight that ensures that the compounding process consistently meets quality standards.
Quality Control (QC)	The sampling, testing, and documentation of results that, taken together, ensure that specifications have been met for the CNSP.
Reconstitution	The process of adding a diluent to a conventionally manufactured product to prepare a solution or suspension.
Release inspection and testing	Visual inspection and testing performed to ensure that a preparation meets appropriate quality characteristics.
Sanitizing agent	An agent for reducing, on inanimate surfaces, the number of microorganisms (eg, 70% isopropyl alcohol).
SDS	Safety data sheet.
SOP	Standard operating procedure.
Specification	The tests, analytical methods, and acceptance criteria to which any components, CNSP, container closure system, equipment, or other material used in the compounding of CNSPs must conform to be considered acceptable for its intended use.
Stability	The extent to which a product or preparation retains physical and chemical properties and characteristics within specified limits throughout its expiration or BUD.
Verify	To confirm that a method, process, system, or equipment will perform as expected under the conditions of actual use.
Water activity (a_w)	A measure of the fraction of total water that is unbound and freely available to participate in chemical, biochemical, or physicochemical reactions or provide an environment that can support microbial growth. Note that a_w is not water content.
