Respondents.

**NOTICE OF INTENDED ACTION
AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent CVS Pharmacy #2989 (Respondent Pharmacy), because Respondent Pharmacy, at the time of the violations alleged herein, held a License issued by the Board pursuant to NRS 639.230, authorizing the business to operate as a pharmacy. Since July 2, 2002, Respondent has held a license to operate a pharmacy issued by the Board pursuant to NRS 639.230.

2. The Board has personal jurisdiction over Respondent Anqi Liu, RPh (Respondent Pharmacist), because Respondent Pharmacist, at the time of the violations alleged herein, held a Certificate of Registration issued by the Board pursuant to NRS 639.127, authorizing Respondent to engage in the practice of pharmacy. Since September 17, 2019, Respondent Pharmacist has held a license to practice pharmacy issued by the Board pursuant to NRS 639.127.

3. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the dispensing of poisons, drugs, chemicals and medicines and the regulation of the practice of pharmacy. NRS 639.070.

FACTUAL ALLEGATIONS

4. Respondent Pharmacy has been licensed by the Board to operate as a pharmacy since July 2, 2002. *See* NRS 639.230. Such a license authorizes the holder to conduct a pharmacy and to sell and dispense drugs and poisons and devices and appliances that are restricted by federal law to sale by or on the order of a physician. NRS 639.231. Respondent Pharmacist has been registered by the Board to practice as a pharmacist since September 17, 2019. NRS 639.127. Such a registration authorizes the holder to engage in the practice of pharmacy. NRS 639.127.

5. On or around November 21, 2019, R.C., went to Respondent Pharmacy to pick up prescriptions for ibuprofen and amoxicillin for her son, L.G who had just gone through a dental procedure. Respondent Pharmacist was working at the pharmacy that day and handling L.G.'s prescriptions.

6. Respondent Pharmacist claims through her attorney that she met and consulted with R.C. prior to Pharmacy Technician Pierides completing the transaction.

7. Records maintained by the Pharmacy state that every single patient, throughout the entire day, refused counseling.

8. Respondent Pharmacist scanned her credentials to allow Mr. Pierides to finish processing the sale of the prescriptions. After Respondent Pharmacist's consultation, Mr. Pierides scanned L.G.'s prescriptions for ibuprofen and amoxicillin. He then walked away from the register and over to the consultation window with one prescription in his hand and set it down on the counter. Mr. Pierides then returned to the register and grabbed a nearby prescription which had been filled for another patient. This prescription turned out to be clonazepam 0.5 MG.

9. R.C. was expecting to pick up two prescriptions for L.G., one for ibuprofen and another for amoxicillin. Mr. Pierides filled two prescriptions and gave them to R.C., one of which was correct, and the other which was incorrect. R.C. went home with clonazepam 0.5 MG, which was not prescribed to L.G.

10. Upon R.C. returning home, L.G. took the clonazepam 0.5 MG and experienced dramatic somnolence and an altered mental status. 911 was called and he was transported to the emergency department at Centennial Hills Hospital.

11. Later that day, the second prescription for L.G. was found in a waiting bin at the pharmacy.

APPLICABLE LAW

12. In Nevada, the Board may suspend or revoke any registration if the holder or applicant is guilty of unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4).

13. Unprofessional conduct by a Pharmaceutical Technician includes a) performing any of his or her duties as the holder of a certificate or registration issued by the Board in an incompetent, unskillful or negligent manner; b) failing strictly to follow the instructions of the person writing, making or ordering a prescription or chart order as to its filling or refilling; and c) failing strictly to follow the instructions of the person writing, making or ordering a prescription or chart order as to the content of the label of the prescription. NAC 639.945(1)(d) and (i).

14. Pharmacists have a duty to counsel patients. NRS 639.266; NAC 639.707.

15. Pharmacists have a duty to keep accurate records of patient counseling. *See* NRS 639.210(4); NRS 639.255; NAC 639.707(6); and NAC 639.955(1)(b).

16. A Pharmacist engages in unprofessional conduct when they perform their duties as the holder of a certificate of registration issued by the Board in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

17. Nevada law holds the owner of any business or facility licensed, certified or registered by the Board responsible for the acts of all personnel they employ. NAC 639.945(2).

18. In lieu of a suspension or revocation, the Board may impose a fine of up to \$10,000 for each violation committed. NRS 639.255(1)(f) and (3).

COUNT ONE**Vicarious Liability for Unprofessional Conduct by a Pharmacy Technician**

19. On or around November 21, 2019, Pharmacy Technician Pierides incorrectly dispensed clonazepam 0.5 MG to R.C. R.C. went to Respondent Pharmacy to pick up ibuprofen and amoxicillin for her son, L.G. after he went through a dental procedure. The incorrect dispensing of clonazepam 0.5 MG resulted in harm to L.G., sending him to the emergency room. Mr. Pierides engaged in unprofessional conduct when he a) performed his duties as the holder of a registration issued by the Board in an incompetent, unskillful or negligent manner; b) failed to strictly follow the instructions of the person writing, making or ordering a prescription or chart order as to its filling or refilling; and c) failed to strictly follow the instructions of the person writing, making or ordering a prescription or chart order as to the content of the label of the prescription. NRS 639.210(4); NAC 639.945(1)(d); and NAC 639.945(1)(i).

20. Mr. Pierides performed his duties in an incompetent, unskillful, or negligent manner when he dispensed the incorrect drugs to R.C. *See* NRS 639.210(4); NAC 639.945(1)(i). Mr. Pierides failed to strictly follow the instructions of the prescribing practitioner when he dispensed a controlled substance to R.C. that was not prescribed by the prescribing practitioner. *See* NRS 639.210(4); NAC 639.945(1)(d). Mr. Pierides failed to strictly follow the prescribing practitioner's instructions as to the content of the label of the prescription because he dispensed an incorrect prescription to R.C. that included the label of an unauthorized prescription. *See* NRS 639.210(4); NAC 639.945(1)(d).

21. Because Mr. Pierides engaged in unprofessional conduct, Respondent Pharmacy CVS Pharmacy #2989 is vicariously liable for that unprofessional conduct. NAC 639.945(2).

COUNT TWO**Unprofessional Conduct by a Pharmacist (Failure to Keep Accurate Records)**

22. On or around November 21, 2019, Respondent Pharmacist, in conducting her duties to keep records of patient counseling, marked every patient seen that day as having refused counseling. The record of patient counseling maintained by Respondent Pharmacist is in direct contradiction with

the statement made through her attorney where Respondent Pharmacist affirmed that she counseled R.C.

23. Respondent Pharmacist engaged in unprofessional conduct when she performed her duties as the holder of a certificate of registration issued by the Board in an incompetent, unskillful or negligent manner. NRS 639.210(4); NAC 639.945(1)(i). Respondent Pharmacist performed her duties in an incompetent, unskillful or negligent manner when she failed to keep an accurate record of patient counseling. *See* NRS 639.210(4); NAC 639.945(1)(i). Respondent Pharmacist failed to keep an accurate record of patient counseling because, while she claims that she counseled R.C., the pharmacy's counseling records show that R.C., and every other patient seen that day refused counseling.

24. Having engaged in unprofessional conduct as alleged above, Respondent Pharmacist is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; NAC 639.955.

25. Because Respondent Pharmacist engaged in unprofessional conduct, Respondent Pharmacy CVS Pharmacy #2989 is vicariously liable for that unprofessional conduct. NAC 639.945(2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

DATED this 7th day of NOVEMBER 2023.

NRS 639.210(4); NAC 639.945(1)(i). Respondent Pharmacist performed her duties in an incompetent, unskillful or negligent manner when she failed to keep an accurate record of patient counseling. *See* NRS 639.210(4); NAC 639.945(1)(i). Respondent Pharmacist failed to keep an accurate record of patient counseling because, while she claims that she counseled R.C., the pharmacy's counseling records show that R.C., and every other patient seen that day refused counseling.

24. Having engaged in unprofessional conduct as alleged above, Respondent Pharmacist is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; NAC 639.955.

25. Because Respondent Pharmacist engaged in unprofessional conduct, Respondent Pharmacy CVS Pharmacy #2989 is vicariously liable for that unprofessional conduct. NAC 639.945(2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

DATED this 3rd day of NOVEMBER 2023.

Factual Allegations: Paragraphs 4-11

Paragraph 4: Ms. Liu agrees and acknowledges the factual assertions set forth in Paragraph 4 as related to her registration as a pharmacist in Nevada.

1 **Paragraph 5:** Ms. Liu agrees with and acknowledges the factual assertions set forth in
2 Paragraph 5.

3 **Paragraph 6:** Ms. Liu agrees and acknowledges that the factual assertions set forth in
4 Paragraph 6 accurately reflect the response provided to the Board through the undersigned counsel
5 during the investigation in this matter.

11 Paragraph 8 are factually accurate.
12

13 **Paragraph 9:** Ms. Liu is without sufficient personal knowledge to respond to what R.C.'s
14 expectations were, however, Ms. Liu acknowledges that she filled a prescription for minor patient
15 L.G. for ibuprofen and another prescription for amoxicillin. Ms. Liu disagrees with the remaining
16 factual allegations contained in Paragraph 9 as Mr. Pierides did not fill the prescriptions for L.G.
17 Rather, Ms. Liu appropriately filled the prescriptions and Mr. Pierides handed one correct
18 prescription to R.C. and one prescription filled for another individual.
19

20 **Paragraph 10:** Ms. Liu is without sufficient personal knowledge to respond to the
21 allegations set forth in paragraph 10.
22

23 **Paragraph 11:** Ms. Liu agrees and acknowledges with the factual assertions set forth in
24 Paragraph 11.

25 **Applicable Law: Paragraphs 12-18**

26 **Paragraph 12:** Ms. Liu agrees that Paragraph 12 accurately reflects the provisions of NRS
27 639.210(4).
28

1 **Paragraph 13:** Ms. Liu agrees that Paragraph 13 accurately reflects provisions of NAC

3 pharmaceutical technicians only.

4 **Paragraph 14:** Ms. Liu agrees that Paragraph 14 accurately reflects the provisions of NRS
5 639.266 and NAC 639.707.

6 **Paragraph 15:** Ms. Liu disagrees that Paragraph 15 accurately reflects the provisions of
7 NRS 639.210(4). Ms. Liu disagrees that Paragraph 15 accurately reflects the provisions of NRS
8 639.255. Ms. Liu agrees that Paragraph 15 accurately reflects the provisions of NAC 639.707(6).
9 Ms. Liu disagrees that Paragraph 15 accurately reflects the provisions of NAC 639.955.

10 **Paragraph 16:** Ms. Liu agrees that Paragraph 16 accurately reflects the provisions of NAC
11 639.945(1)(i).

12 **Paragraph 17:** Ms. Liu agrees that Paragraph 17 accurately reflects the provisions of NAC
13 639.945(2).

14 **Paragraph 18:** Ms. Liu agrees that Paragraph 18 accurately reflects the provisions of NRS
15 639.255 to the extent that the Board may impose fines, suspend or revoke a license or registration,
16 but includes additional options for discipline not described in Paragraph 18.

17 **Counts: Paragraphs 19-25**

18 **Count One (Paragraphs 19-21):** Count one pertains solely to CVS Pharmacy #2989 and
19 accordingly Ms. Liu provides no Answer to this Count.

20 **Count Two:**

21 **Paragraph 22:** Ms. Liu denies the allegations contained in Paragraph 22 in full
22 and asserts that she has in no way provided inaccurate information to the Board in any manner to
23 the best of her recollectoin.

Paragraph 23: Ms. Liu denies the allegations contained in Paragraph 23 in full.

Paragraph 24: Paragraph 24 requires no response.

Paragraph 25: Paragraph 25 requires no response and pertains solely to CVS Pharmacy #2989.

NOTICE OF DEFENSE/MITIGATING INFORMATION

Ms. Liu denies that she has in any manner violated any provision of NRS/NAC Chapters 639 as alleged in the Accusation in this matter. Ms. Liu worked for CVS Pharmacy in Hawaii and transferred to Las Vegas in approximately October 2019 and was assigned to work at pharmacy #2989. The pharmacy in question was extremely busy and understaffed. On the date in question, Ms. Liu was the sole pharmacist working at the pharmacy with two pharmaceutical technicians, one being Mr. Peirides.

Ms. Liu reiterates the narrative of what happened on the day in question as set forth in her response to the Board submitted in March 2021 by the undersigned counsel. Ms. Liu appropriately filled the two prescriptions for minor patient L.G. As the prescriptions were both new, the CVS Pharmacy computer system required Ms. Liu to provide counseling prior to the prescriptions being provided to the patient's mother. Ms. Liu could not override that system, she was required to enter her credentials in the system to allow the transaction to proceed. Ms. Liu consulted with the patient's mother and personally entered her credentials; she does not, and never has provided her credentials to another individual to enter. To the best of Ms. Liu's recollection, the CVS Pharmacy computer system required mandatory counseling on both new prescriptions for patient L.G. The patient's mother would not have been able to decline the mandatory counseling nor could Ms. Liu override the prompt to provide counseling.

1 After Ms. Liu counseled the patient's mother, entered her credentials by scanning her bar
2 code and returned to her workstation, Mr. Peirides handed the patient's mother one correct
3 prescription and one meant for another patient. When Ms. Liu later learned that the wrong
4 prescription had been handed to the patient's mother, she immediately reviewed the video
5 surveillance which showed the Mr. Peirides had placed the second correct prescription aside and
6 had grabbed the wrong prescription for the patient. Ms. Liu filed an internal prescription quality
7 assurance report regarding the incident. She contacted the attorney for CVS and apprised him of
8 the occurrence. Ms. Liu also wrote up Mr. Peirides for the incident and he was instructed to follow
9 the patient prescription protocols which he had been previously trained in.
10

11
12 Ms. Liu did nothing inappropriate on November 21, 2019, and appropriately handled the
13 matter as soon as she was made aware of the situation. Ms. Liu asserts that review of the video
14 surveillance of the day in question would support the fact that she indeed counseled the patient on
15 the day in question.
16

17 Respectfully submitted this 30th of November, 2023.

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY,

Petitioner,

v.

**SHERYL CIPOLLINI, APRN,
Certificate of Registration Nos. CS24985,
CS30592, and PD27769**

Respondents.

Case No. 22-437-CS-S

**NOTICE OF INTENDED ACTION
AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent Sheryl Cipollini, APRN ("Respondent"), because Respondent holds a certificate of registration issued by the Board pursuant to NRS 453.226, authorizing Respondent to write prescriptions for dangerous drugs and controlled substances.

2. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the dispensing of poisons, drugs, chemicals, and medicines. NRS 639.070.

FACTUAL ALLEGATIONS

3. Respondent has been registered by the Board to prescribe dangerous drugs and controlled substances since August 2016. This registration authorizes her to write prescriptions for dangerous drugs and controlled substances. NRS 453.226.

4. Respondent has been registered by the Board to dispense dangerous drugs and controlled substances since March 2023. This registration authorizes her to dispense dangerous drugs and controlled substances. NRS 453.381(8); NRS 454.215(6), NRS 639.23505, and NAC 639.742.

5. Respondent, an advanced practice registered nurse, is the owner/operator of a business known as Aesthetic Enhancements, located at 1360 East Nevada Highway 372 #5, Pahrump, NV 89048.

6. Between August 2020 and October 2022, Respondent maintained a website promoting online sales of Latisse, a prescription drug believed to prolong active eyelash growth. Through her website, Respondent sold Latisse directly to patients and/or solicited potential customers to purchase Latisse from her business.

7. Between August 2020 and October 2022, Respondent did not hold a certificate of registration to dispense dangerous drugs or controlled substances. Latisse is a “dangerous drug” as that term is defined at NRS 454.210 and NAC 639.201.

8. On or about November 7, 2022, Board Investigator Dena McClish and Board Inspector Leo Basch conducted a site visit of Aesthetic Enhancements. Board Investigator McClish inquired about purchasing Latisse, which requires a prescription, and was told that she could simply pay for the box and leave with the product.

9. Respondent admitted that she sold/dispensed 14 boxes of Latisse since she opened Aesthetic Enhancements in August 2020.

10. Respondent also admitted that she failed to establish a bona fide therapeutic relationship with 2 customers to whom she sold/dispensed Latisse.

APPLICABLE LAW

11. Pursuant to NRS 639.285 and NRS 639.100(1), it is unlawful for any person to possess, store, administer and/or dispense dangerous drugs without having secured the appropriate license and/or certificate of registration from the Board.

12. The term “practitioner” includes an advanced practice registered nurse who has been authorized to prescribe controlled substances, poisons, dangerous drugs, and devices. NRS 639.0125.

13. Although a practitioner may administer dangerous drugs within the scope of his or her practice, *see* NRS 454.213, a practitioner may not lawfully dispense dangerous drugs unless the

practitioner registers with the Board as a dispensing practitioner and thereafter complies with all applicable regulations governing dispensing, *see* NRS 454.215(6), NRS 639.23505, and NAC 639.742.

14. “‘Dispense’ means the furnishing of a controlled substance or dangerous drug in any amount greater than that necessary for the present and immediate needs of the ultimate user.” NAC 639.450.

15. The Board may suspend or revoke any registration if the holder or applicant: 1) has violated, attempted to violate, assisted, or abetted in the violation of or conspired to violate any of the provisions of NRS chapter 639 or any law or regulation relating to drugs; or 2) is guilty of unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4) and (12).

16. Unprofessional conduct includes, “performing any duties as the holder of a license issued by the Board in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

17. Unprofessional conduct includes, “performing any act, task or operation for which licensure, certification or registration is required without the required license, certificate or registration.” NAC 639.945(1)(k).

18. Unprofessional conduct includes, “dispensing a drug as a dispensing practitioner to a patient with whom the dispensing practitioner does not have a bona fide therapeutic relationship.” NAC 639.945(1)(n). A bona fide therapeutic relationship between the patient and practitioner exists if the patient was examined by the practitioner within the 6 months before the date the practitioner dispenses a drug to the patient and, as a result of the examination, the practitioner diagnosed a condition for which a given drug therapy is prescribed. NAC 639.945(3).

19. In lieu of a suspension or revocation, the Board may impose a fine of up to \$10,000 for each violation committed. NRS 639.255(1)(f) and (3).

COUNT ONE

Unlawful Conduct by an APRN

20. Between August 2020, and November 2022, Respondent sold/dispensed dangerous drugs without having obtained a certificate of registration authorizing her to conduct business as a

dispensing practitioner. This conduct was unlawful pursuant to NRS 454.215(6), NRS 639.100(1), and NAC 639.742.

21. Having unlawfully sold/dispensed drugs as alleged above, Respondent violated NRS 454.215(6), NRS 639.23505, and/or NAC 639.742. Such unlawful conduct subjects Respondent to discipline pursuant to NRS 639.210(12), NRS 639.255, and NAC 639.955.

COUNT TWO
Unprofessional Conduct by an APRN

22. Having unlawfully sold/dispensed drugs as alleged above, Respondent engaged in unprofessional conduct. NRS 639.210(4). Respondent engaged in unprofessional conduct because, as the holder of a certificate of registration authorizing her to prescribe dangerous drugs, Respondent performed her duties in an incompetent, unskillful or negligent manner by failing to understand the limitations of her prescribing authority (i.e., it did not encompass dispensing). NAC 639.945(1)(i).

23. Respondent also engaged in unprofessional conduct because Respondent performed acts, tasks, or operations for which registration was required without the proper registration. NAC 639.945(1)(k).

24. Having engaged in unprofessional conduct as alleged above, Respondent is subject to discipline pursuant to NRS 629.210(4), NRS 639.255, NAC 639.945(1)(i) and (k), and NAC 639.955.

COUNT THREE
Unprofessional Conduct by an APRN

25. On at least two occasions between August 2020 and November 2022, Respondent sold/dispensed drugs without having established bona fide therapeutic relationships with the customers to whom she sold/dispensed dangerous drugs. A practitioner must have a bona fide therapeutic relationship with a prospective patient prior to selling/dispensing dangerous drugs to that person. NAC 639.945(3).

26. Because of these actions, Respondent engaged in unprofessional conduct. NRS 639.210(4). Respondent's conduct was unprofessional because she dispensed dangerous drugs to customers with whom she did not have bona fide therapeutic relationships. NAC 639.945(1)(n).

27. Having engaged in unprofessional conduct as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; and NAC 639.955.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

DATED this 17th day of NOVEMBER 2023.

Nevada State Board of Pharmacy

1. The Board has jurisdiction over Respondent and this matter.
2. The Board's staff properly served Respondent with the Notice of Intended Action and Accusation ("Accusation") on file in this matter, together with the Statement to Respondent and Notice of Hearing.
3. Respondent acknowledges that she understands the terms of this Stipulation, and that she has executed it knowingly and voluntarily.

6. Without admitting to a violation of law, Respondent admits that evidence exists, and that the Board counsel prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violations alleged in the Accusation.

7. To resolve this matter without incurring any further costs or the expenses associated with a hearing, the Board and Respondent agree as follows:

A. Respondent shall pay an administrative fine of Five Thousand and 00/100 Dollars (\$5,000.00) for the violations alleged in the Accusation. If such a hearing results in a finding of a violation, the Board may impose additional discipline consistent with the provisions of NRS Chapters 453 and 639.

9. The Board’s Senior General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board’s regularly scheduled public meeting on January 16, 2024, in Las Vegas, Nevada. NEVADA STATE BOARD OF PHARMACY,

Petitioner,

v.

**PLUS ONE PHARMACY, LLC,
License No. PH04369,**

Respondents.

Case No. 21-189-PH-S

**NOTICE OF INTENDED ACTION
AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Plus One Pharmacy (Respondent), because Respondent, at the time of the violations alleged herein, held a License issued by the Board pursuant to NRS 639.230, authorizing the business to operate as a pharmacy. Since August 11, 2021, Respondent has held a license to operate a pharmacy issued by the Board pursuant to NRS 639.230.

2. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the dispensing of poisons, drugs, chemicals and medicines and the regulation of the practice of pharmacy. NRS 639.070.

FACTUAL ALLEGATIONS

3. Respondent has been licensed by the Board to operate as a pharmacy since August 11, 2021. *See* NRS 639.230. Such a license authorizes the holder to conduct a pharmacy and to sell and dispense drugs and poisons and devices and appliances that are restricted by federal law to sale by or on the order of a physician. NRS 639.231.

4. Respondent Plus One Pharmacy, LLC is located at 6545 Fort Apache Road, #140, Las Vegas, NV 89148.

5. The owner of Respondent Plus One Pharmacy, LLC is Anisha Patel (Ms. Patel).
6. Ms. Patel is not herself licensed by the Board.
7. Ms. Patel is not a pharmacist.
8. On or about August 11, 2021, D.S. was listed as the managing pharmacist for Respondent.
9. On or about November 5, 2021, D.S. noticed a large shipment of drugs that had been delivered to Respondent.
10. These drugs were ordered and received without the managing pharmacist's knowledge.
11. None of the drugs were controlled substances; however, some of the drugs required refrigeration but were stored at room temperature. (i.e., insulin).
12. Once managing pharmacist D.S. discovered the drugs that were delivered without his knowledge, he immediately contacted Respondent's owner Ms. Patel and demanded that she turn over her pharmacy key to him.
13. Ms. Patel complied with the managing pharmacist's demand.
14. The drugs were then locked and secured and managing pharmacist D.S. verified that the inventory was accurate as stated on the invoice.
15. Ms. Patel stated that the unsupervised receipt of drugs by Respondent was due to a "miscommunication."
16. After verifying that the shipment of drugs was correctly documented on the accompanying invoices, managing pharmacist D.S. resigned and, being that Respondent did not have a managing pharmacist for the time being, the shipment of drugs was returned to the seller.

APPLICABLE LAW

17. In Nevada, the Board may suspend or revoke any registration if the holder or applicant is guilty of unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4).
18. Conduct contrary to the public interest includes, "performing any duties as the holder of a license issued by the Board in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

19. A pharmacy owner and managing pharmacist in charge of a licensed pharmacy shall maintain a representative stock of dangerous drugs and controlled substances which must be stored properly. NAC 639.510.

20. The security of the prescription department of a pharmacy must be maintained by a pharmacist, including key access. NAC 639.520

21. A pharmacist employed by the pharmacy shall acknowledge on every invoice that drugs shipped to the pharmacy were received at the address where the Board issued a pharmacy license. NAC 639.523.

22. In lieu of a suspension or revocation, the Board may impose a fine of up to \$10,000 for each violation committed. NRS 639.255(1)(f) and (3).

COUNT ONE

Conduct Contrary to the Public Interest in Receiving Drugs

23. Respondent, acting by and through Ms. Patel, ordered drugs and received them without a pharmacist present. A pharmacy owner and managing pharmacist in charge of a licensed pharmacy must maintain a representative stock of dangerous drugs and controlled substances. NAC 639.510. However, the stock of drugs must be acquired in the manner required by Nevada statutes and regulations.

24. More specifically, when shipments of drugs are received by a pharmacy, a pharmacist employed by the pharmacy must be there to acknowledge on each invoice that the drugs were received at the physical address where the Board issued the pharmacy license. NAC 639.523. Respondent's owner, Ms. Patel, stated that the absence of a pharmacist to receive the drug shipment was a "miscommunication."

25. As the holder of a pharmacy license issued by the Board, Respondent had a duty to receive dangerous drugs and controlled substances in the manner required by NAC 639.523. Acting by

and through Ms. Patel, Respondent performed this duty in an incompetent, unskillful, or negligent manner.

26. Through her actions as described above, Ms. Patel caused Respondent to engage in conduct contrary to the public interest. NRS 639.210(4). Respondent engaged in conduct contrary to the public interest because the pharmacy performed its duties as the holder of a license issued by the Board in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

27. Respondent performed its duties as the holder of a license issued by the Board in an incompetent, unskillful or negligent manner because it failed to ensure that a pharmacist employed by the pharmacy was present to receive the shipment of drugs. *See* NAC 639.523; and NAC 639.945(1)(i).

28. Having engaged in conduct contrary to the public interest as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; and NAC 639.955.

COUNT TWO

Conduct Contrary to the Public Interest in Allowing Access to Drugs

29. Respondent's owner Ms. Patel possessed a key to the pharmacy's prescription department despite not being a pharmacist. The security of the pharmacy's prescription department must be maintained by a pharmacist, including key access. NAC 639.520. Additional keys, not being handled by a pharmacist for the time being, must be secured in a manner that is inaccessible to unauthorized persons. NAC 639.520.

30. Because of her actions, Ms. Patel caused Respondent to engage in conduct contrary to the public interest. NRS 639.210(4). Respondent engaged in conduct contrary to the public interest because the pharmacy performed its duties as the holder of a license issued by the Board in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

31. Respondent performed its duties as the holder of a license issued by the Board in an incompetent, unskillful or negligent manner because the pharmacy allowed other people, besides

registered pharmacists, key access into the pharmacy's prescription department. *See* NAC 639.520; and NAC 639.945(1)(i).

32. Having engaged in conduct contrary to the public interest as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; and NAC 639.955.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of Respondent.

DATED this 16th day of OCTOBER 2023.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Care Direct Rx, LLC (Respondent), because the violations alleged herein weigh on Respondent's fitness to hold a Pharmacy License with the Board. Since December 9, 2013, Respondent has held license no. PH03043 allowing Respondent to conduct a pharmacy in the state of Nevada pursuant to NRS 639.230 and NRS 639.231.

2. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the regulation of the practice of pharmacy. NRS 639.070.

FACTUAL ALLEGATIONS

3. Respondent has been licensed by the Board to conduct a pharmacy (PH03043) since December 9, 2013.

4. Respondent is located at 7895 Highway 119, Suite 1, Alabaster, AL 35007.

5. Respondent submitted a Business Renewal Application with the Board on October 7, 2020.

6. On Respondent's Business Renewal Application, it answered "no" to the question that asks, "since your last renewal or recent licensure has any owner, shareholder, partners with any interest,

or the corporation been the subject of a board citation or an administrative action whether completed *or pending* in any state.”

7. At the time Respondent submitted their Business Renewal Application, Respondent was in fact subject to a pending administrative action by the Alabama and Louisiana Boards of Pharmacy.

8. Respondent entered into a Consent Agreement with the Louisiana Board of Pharmacy on October 13, 2020. This agreement stemmed from an investigation into a self-reported violation on December 31, 2018.

9. Respondent also entered into a Consent Order with the Alabama Board of Pharmacy on April 20, 2021, based on the Consent Agreement Respondent signed with the Louisiana Board of Pharmacy.

10. Respondent’s Pharmacy Director Paula Hudson, PharmD, admitted to Board Investigator Monica Segedy that both matters were pending at the time the Business Renewal Application was submitted on October 7, 2020.

COUNT ONE

Respondent answered "no" to the question on the Board's renewal application that asks, "since your last renewal or recent licensure has any owner, shareholder, partners with any interest, or the corporation been the subject of a board citation or an administrative action whether completed *or pending* in any state."

16. Because of these actions, Respondent has engaged in unprofessional conduct. NRS 639.210(4). Respondent engaged in unprofessional conduct because Respondent, as the holder of a certificate of registration issued by the Board, performed or was a party to a fraudulent or deceitful practice or transaction. NAC 639.945(1)(h). Respondent also engaged in unprofessional conduct because Respondent performed their duties as the holder of a license, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

17. Respondent performed or was a party to a fraudulent or deceitful practice or transaction because Respondent failed to disclose pending administrative actions by the Alabama and Louisiana Boards of Pharmacy on Respondent's Business Renewal Application with the Board. *See* NAC 639.945(1)(h). 4. Respondent issued multiple prescriptions for controlled substances after the suspension of his Certificate of Registration No. CS21324.

The IC issues this Order of Suspension (Order) based on its determination that Respondent violated the previous Order of Suspension of his license to practice medicine, served on July 6, 2023.

Prior to the preparation of this Order, Board Staff presented to the IC the following:

1. Respondent is a medical doctor licensed to practice medicine in the State of Nevada (License No. 8857). The Board issued his license on November 23, 1998.
2. On November 15, 2022, Respondent entered into a Settlement Agreement (Agreement) with the IC and the Board approved the Agreement on December 2, 2022. *See Exhibit 1* (Settlement Agreement and Order).
3. Per the terms of the Agreement, Respondent was to submit to and pass all five (5) sections of the Ethics and Boundaries Assessment Services (EBAS) examination within sixty (60)

1 days of the Board's acceptance, adoption, and approval of the Agreement. The Agreement was
2 accepted, adopted, approved, and subsequently filed on December 2, 2022, requiring Respondent
3 to complete the terms of the Agreement on or before January 31, 2023.

4 4. Additionally, per the Agreement, Respondent was to perform ten (10) hours of
5 Continuing Medical Education (CME) related to the best practices in medical record keeping
6 within six (6) months from the date of the Board's acceptance, adoption, and approval of the
7 Agreement or June 2, 2023.

8 5. Pursuant to the Agreement and Order, Respondent acceded, that should he fail to
9 comply with any of the terms or conditions of the Agreement, once the Agreement had been
10 accepted, approved, and adopted by the Board, the IC would be authorized to immediately
11 suspend Respondent's license to practice medicine in the State of Nevada pending an Order to
12 Show Cause hearing, which is hereby duly noticed.

13 6. Respondent registered for the EBAS examination on March 14, 2023, for an
14 April 25, 2023, exam date.

15 7. On May 17, 2023, Board staff received notice from Ethics and Boundaries
16 Assessment Services that the Respondent failed all five (5) sections of the EBAS examination on
17 April 25, 2023.

18 8. On June 28, 2023, Respondent furnished a certificate of completion for the
19 aforementioned hours of CME with a completion date of June 26, 2023, twenty-four (24) days
20 past the deadline stated in the Agreement and Order.

21 9. On June 30, 2023, the IC issued the Respondent an Order of Suspension, which
22 stated unequivocally that the Respondent was prohibited from engaging in any acts that constitute
23 the practice of medicine pursuant to NRS 630.020. See **Exhibit 2** (Order of Suspension and Notice
24 of Hearing, filed June 30, 2023).

25 10. On July 6, 2023, Respondent was served with aforementioned Order of
26 Suspension.

27 ///

28 ///

11. An Order to Show Cause Hearing was conducted on July 27, 2023, which was attended by Respondent and Counsel for the IC where it was found that the IC had met its burden of proof to maintain the suspension of Respondent's license to practice medicine.

12. After consideration of the testimony provided at the Order to Show Cause hearing on August 10, 2023, the IC elected to lift the suspension of Respondent's license.

13. On or about August 29, 2023, a prescriber activity report from the Nevada State Board of Pharmacy was retrieved that indicated that Respondent was, in fact, practicing medicine while his license was suspended.

14. Despite Respondent's prohibition from the practice of medicine during the period of his suspension from July 6, 2023, through August 10, 2023, Respondent continued to engage in the practice of medicine without an active Nevada medical license, in violation of the IC's Order of Suspension by writing no less than fifty-eight (58) prescriptions for controlled substances.

15. NRS 630.3065(2)(a) states in pertinent part that [e]xcept as otherwise provided in NRS 630.2672, knowingly or willfully failing to comply with:

(a) [a] regulation, subpoena or order of the Board or a committee designated by the Board to investigate a complaint against a physician, constitutes grounds for initiating disciplinary action.

16. Based on the foregoing, the IC finds that Respondent, Ajumobi Charles Agu, M.D., has willfully and/or knowingly violated his Settlement Agreement and Order adopted and issued on December 2, 2022, and then willfully and/or knowingly violated the June 30, 2023, Order of Suspension to which Respondent was immediately suspended from the practice of medicine in the State of Nevada. *See* NRS 630.326(1); BME Case No. 22-12518-1, Settlement Agreement and Order attached hereto as **Exhibit 1**; Order of Suspension and Notice of Hearing attached hereto as **Exhibit 2**.

ORDER

1 prohibited from engaging in any acts that constitute the practice of medicine pursuant to
2 NRS 630.020; (emphasis added); and

3 IT IS FURTHER ORDERED that a hearing on this matter is set for the 19th day of
4 October, 2023, at 2:00 p.m., at the Board's office located at 9600 Gateway Drive, Reno, Nevada

NEVADA STATE BOARD OF PHARMACY,

Petitioner,

v.

MATTHEW OKEKE, M.D.,
Certificate of Registration No. CS10935,

Respondent.

Case No. 19-013-CS-S

FIRST AMENDED NOTICE OF
INTENDED ACTION
AND ACCUSATION

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a first amended notice of intended action under NRS 233B.127(3) and a first amended accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over Respondent Matthew Okeke, M.D. (Respondent), because Respondent, at the time of the violations alleged herein, held a Nevada controlled substance registration, Certificate of Registration No. CS10935.

2. Respondent is a physician licensed by the Nevada State Board of Medical Examiners to practice psychiatry in Nevada. During the time periods discussed herein, Respondent was a “practitioner” as that term is defined at NRS 453.126.

FACTUAL ALLEGATIONS

3. Between February 28, 2017, and November 21, 2018, Respondent maintained a psychiatric practice in Las Vegas, Nevada. During that time frame, while engaged at various times in overseas travel, Respondent issued or caused to be issued at least one hundred twenty (120) prescriptions for controlled substances. These included prescriptions for alprazolam, clonazepam, diazepam, lacosamide, pregabalin, lisdexamfetamine, and buprenorphine.

4. Respondent was located outside of the United States during the periods from: 1) February 26 to March 11, 2017; 2) September 27 to October 2, 2017; 3) June 30 to July 17, 2018; and 4) November 9 to November 23, 2018.

5. While engaged in overseas travel as alleged above, Respondent employed the following methods of issuing prescriptions for controlled substances: 1) Respondent pre-signed certain of the prescriptions and supplied them to persons under his supervision or control for subsequent distribution to consumers; 2) Respondent authorized or directed one or more persons under his supervision or control to issue prescriptions to consumers by affixing Respondent's signature to those prescriptions via a rubber stamp imprinted with Respondent's signature; and 3) Respondent authorized or directed one or more persons under his supervision or control to telephonically issue prescriptions for consumers using Respondent's name and controlled substances registration number.

6. During the periods described herein, Respondent intentionally failed to maintain patient treatment charts and/or records from which a person could reasonably determine whether Respondent had a bona fide therapeutic relationship with the persons to whom prescriptions for controlled substances were issued under Respondent's name and controlled substances registration number.

7. Respondent caused, directed, or permitted one or more persons under his supervision or control to issue prescriptions for controlled substances even though such person(s) were not licensed or registered under state or federal law to prescribe controlled substances. Respondent knew or should have known that such person(s) were not licensed or registered under state or federal law to prescribe controlled substances.

8. On or about March 9, 2020, the Nevada State Board of Medical Examiners disciplined Respondent for malpractice and for failure to maintain proper medical records.

9. On or about September 7, 2022, Respondent entered a guilty plea pursuant to a plea agreement of committing the offense of intentional failure to maintain adequate records, a gross misdemeanor violation of NRS 422.510(1).

10. On or about September 7, 2022, Discovery Mind Center Ltd. (Discovery Mind Center), a Nevada limited-liability company, entered a guilty plea pursuant to a plea agreement of submitting false claims to defraud Medicaid, a felony violation of NRS 422.540; and of using the identifying information of an older person for unlawful purposes, a felony violation of NRS 205.463.

11. At the time of the offenses described in paragraph 10 above, Respondent owned, controlled, and/or managed Discovery Mind Center. Respondent entered guilty pleas on behalf of Discovery Mind Center.

12. On or about December 8, 2022, the Nevada State Board of Medical Examiners disciplined Respondent for failure to maintain proper medical records.

13. On or about January 17, 2023, Respondent and Discovery Mind Center were sentenced for the criminal offenses described in paragraph 10 above. Discovery Mind Center was ordered to pay \$330,000 in restitution, and Respondent was sentenced to probation and ordered to pay \$300,000 in costs and penalties.

14. On or about February 21, 2023, Matthew Okeke, M.D., Ltd., a Nevada limited-liability company, was convicted pursuant to a plea agreement of one count of submitting false claims: Medicaid fraud, a category D felony in violation of NRS 422.540(1)(a) and NRS 422.540(2)(a), and one count of obtaining and using personal identifying information of an older person for unlawful purposes, a category D felony in violation of NRS 205.463(1) and NRS 205.463(3)(a).

15. At the time of the offenses described in paragraph 14 above, Respondent owned, controlled, and/or managed Matthew Okeke, M.D., Ltd., a Nevada limited-liability company. Respondent entered guilty pleas on behalf of the company.

16. On or about February 21, 2023, Matthew Okeke, M.D., Ltd., a Nevada limited-liability company, was sentenced for the offenses described in paragraph 14 above. The company was ordered to pay a fine of \$100,000, among other fees and assessments.

17. Respondent was charged individually with the offenses described in paragraphs 9, 10, and 14 above. However, Respondent entered into plea agreements whereby he avoided individual convictions for all offenses except the gross misdemeanor offense described in paragraph 9 above.

18. On or about October 25, 2022, Respondent submitted to the Board his application to renew his certificate of registration to prescribe controlled substances. The application specifically directed Respondent to disclose any charges, arrests, or convictions. Respondent disclosed the

conviction described in paragraph 9 above, referring to it as a “misdemeanor for record keeping,” but he did not disclose the individual charges and/or arrests related to the felony fraud charges mentioned in paragraphs 10 and 14 above.

Designated Representative Application

Rev (05/12/2022)

An application for a license, or a licensee with a license, to conduct a pharmacy or to operate as a wholesaler shall designate at least one natural person to serve as the representative of the pharmacy or wholesaler. The Board will not issue or renew a license of an applicant or licensee that is required to designate a representative of a pharmacy or wholesaler unless the Board determines that the designated natural person meets the following qualifications per NAC 639.5005 (Pharmacy) or NAC 639.5935 (Wholesaler):

1. Is at least 21 years of age;
2. Has been employed for at least 6,000 hours in a pharmacy or with a wholesaler in a capacity related to the dispensing and distribution of, and recordkeeping related to, prescription drugs.

The designated representative of a pharmacy or a wholesaler:

1. Must be actively involved in and aware of the actual daily operations of the pharmacy or wholesaler;
2. Must be employed full-time in a managerial level position with the pharmacy or wholesaler;
3. Must be physically present at site of the pharmacy or at the facility of the wholesaler during regular business hours, except when the absence of the representative is authorized, including sick leaves, vacation leaves and other authorized absences; and
4. May serve in this representative capacity for only one pharmacy or wholesaler at a time

A pharmacy or wholesaler that is required to designate a natural person as its representative shall not open or operate the pharmacy or wholesaler unless that representative is actually employed full-time in the operation of the pharmacy or wholesaler and is physically present at the site of the pharmacy or wholesaler during regular working hours, not including sick leave, vacation leave and other authorized absences from work. If the natural person designated as the representative of a pharmacy leaves the employ of the pharmacy or wholesaler, thus leaving the pharmacy or wholesaler without a representative in violation of this section, the pharmacy or wholesaler shall:

1. Immediately cease conducting business until another qualified natural person is approved by the Board to serve as the representative of the pharmacy or wholesaler; and
2. Not later than 48 hours after that person leaves its employ, notify the Board that the person designated as the representative of the pharmacy or wholesaler has left the employ of the pharmacy or wholesaler.

Before a pharmacy or wholesaler, that is in violation of NAC 639.5005 (Pharmacy) or NAC 639.5935 (Wholesaler) because the natural person designated as the representative of the pharmacy or wholesaler left the employ of the pharmacy or wholesaler, may continue conducting business:

1. The pharmacy or wholesaler must designate, on a form provided by the Board, a new natural person to serve as the representative of the pharmacy; and
2. The Board must approve the natural person so designated.

Date of Event/Arrest 4/24/2002	Disposition Date May 2002	State NV	City Las Vegas	County Clark
Case # 02-036-RPH-S		Governing, licensing, Arresting Presiding Body/Agency/Court NV State Board of Pharmacy		
Reason/Charge Complaint concerning records of PRN, Inc.				
Plaintiff/Defendant/Claimant/Respondent Mary Grear			Lawsuit/Arbitration/Bankruptcy	
Name of Business/Industry/Entity PRN, Inc.				

Provide explanation below:

A complaint was made concerning grants made by the Board of Pharmacy to PRN, Inc. under the care of Mary Grear, Executive Director. The Board of Pharmacy sent notice of a request for hearing to the wrong mailing address even though the correct address was on file at the Board Office. This resulted in my not being aware that I needed to appear until after the Board Meeting. I subsequently prepared the requested documents and submitted them to the Board Auditors who found no discrepancies in the funds granted by the Board of Pharmacy to PRN and the expense record under my administration. A rehearing was held and the case was closed finding all monies were accounted for the PRN, Inc. gronts.

Texas State Board of Pharmacy
"Red Flags" Checklist for Pharmacies
YOU MIGHT BE A PILL MILL IF...

Check all that apply:

☐	(1) Your pharmacy fills a discernable pattern of prescriptions for prescribers who write essentially the same prescriptions for numerous persons, indicating a lack of individual drug therapy
☐	(2) Your pharmacy operates with limited hours of operation or closes after a certain threshold of controlled substance prescriptions are dispensed, and has overall low prescription dispensing volume.
☐	(3) Prescriptions presented to the pharmacy are for controlled substances with popularity as street drugs, such as opiates, benzodiazepines, muscle relaxants, psychostimulants, and/or cough syrups, or any combination of these drugs.
☐	(4) The prescriptions for controlled substances contain nonspecific or no diagnoses.
☐	(5) The prescriptions are commonly for the highest strength of the drug and/or for large quantities.
☐	(6) Dangerous drugs or OTC products (such as multi-vitamins or laxatives) are added to the controlled substance prescriptions, maintaining relatively consistent 1:1 ratio of controlled substances to dangerous drugs and/or OTC products dispensed as prescriptions.
☐	(7) Prescriptions are authorized by the same prescriber with what appears to be different handwriting on the hardcopy prescription drug order forms.
☐	(8) Upon contact with the prescriber's office, you are unable to engage in comprehensive discussion with the actual prescriber, or he/she is unconcerned about your apprehensions regarding his/her prescribing practices or unwilling to provide additional information, such as treatment goals and/or prognosis with prescribed drug therapy.
☐	(9) You rely solely on the prescriber's representation, or on the representation of the individual answering the phone at the number on the prescription, that prescriptions are legitimate.
☐	(10) The prescriber's clinic is not registered as a pain management clinic by the Texas Medical Board, despite routinely receiving prescriptions from the prescriber for opiates, benzodiazepines, and/or muscle relaxants.
☐	(11) Drugs prescribed are inconsistent with the prescriber's area of practice.
☐	(12) The prescriber of the drugs is located a significant distance from your pharmacy.
☐	(13) The prescriber has been subject to disciplinary action by the licensing board, had his/her DEA registration removed, or been subject to criminal action.
☐	(14) The Texas PMP system indicates that persons are obtaining prescriptions for the same drugs from multiple prescribers or that persons are filling prescriptions for the same drugs at multiple pharmacies.
☐	(15) The person's address is a significant distance from your pharmacy and/or from the prescriber's office.
☐	(16) Multiple persons with the same address present prescriptions from the same prescriber.
☐	(17) Persons pay with cash or credit card more often than through insurance.
☐	(18) Persons presenting controlled substance prescriptions are doing so in such a manner that varies from seeking routine pharmacy services (e.g., willing to wait in long lines to receive drugs, persons arrive in the same vehicle with prescriptions from same prescriber, one person presents to pick up prescriptions for multiple others, persons refer to drugs by "street names" and/or comment on drug's color, persons seek early refills, persons travel from outside reasonable trade area of pharmacy).
☐	(19) Your pharmacy charges and persons are willing to pay more for controlled substances than they would at nearby pharmacies.
☐	(20) Your pharmacy routinely orders controlled substances from more than one drug supplier, or your pharmacy has been discontinued by a drug supplier related to controlled substance orders.
☐	(21) Sporadic and non-consistent dispensing volume (including zero dispensing) varies from day to day and week to week, and your pharmacy does not maintain operational hours each week on Monday through Friday.
☐	(22) Your pharmacy employs or contracts security personnel during operational hours to prevent problems.
☐	(23) Your pharmacy has been previously warned or disciplined by the Texas State Board of Pharmacy for inappropriate dispensing of controlled substances (i.e., corresponding responsibility).

If you checked any of the above items, you should review the laws and rules regarding corresponding responsibility and non-therapeutic dispensing, especially Board rule §291.29, in the law book or on our website: www.pharmacy.texas.gov (click on Texas Pharmacy Rules and Laws). Additional educational material is available at: <http://www.pharmacy.texas.gov/Nontherapeutic.asp>. Failure of pharmacies and pharmacists to detect patterns of inappropriate dispensing of prescription drugs is unprofessional practice and constitutes grounds for disciplinary action.

Texas State Board of Pharmacy
"Red Flags" Checklist for Pharmacies
YOU MIGHT BE A PILL MILL IF...

Check all that apply:

☐	(1) Your pharmacy fills a discernable pattern of prescriptions for prescribers who write essentially the same prescriptions for numerous persons, indicating a lack of individual drug therapy.
☐	(2) Your pharmacy operates with limited hours of operation or closes after a certain threshold of controlled substance prescriptions are dispensed, and has overall low prescription dispensing volume.
☐	(3) Prescriptions presented to the pharmacy are for controlled substances with popularity as street drugs, such as opiates, benzodiazepines, muscle relaxants, psychostimulants, and/or cough syrups, or any combination of these drugs.
☐	(4) The prescriptions for controlled substances contain nonspecific or no diagnoses.
☐	(5) The prescriptions are commonly for the highest strength of the drug and/or for large quantities.
☐	(6) Dangerous drugs or OTC products (such as multi-vitamins or laxatives) are added to the controlled substance prescriptions, maintaining relatively consistent 1:1 ratio of controlled substances to dangerous drugs and/or OTC products dispensed as prescriptions.
☐	(7) Prescriptions are authorized by the same prescriber with what appears to be different handwriting on the hardcopy prescription drug order forms.
☐	(8) Upon contact with the prescriber's office, you are unable to engage in comprehensive discussion with the actual prescriber, or he/she is unconcerned about your apprehensions regarding his/her prescribing practices or unwilling to provide additional information, such as treatment goals and/or prognosis with prescribed drug therapy.
☐	(9) You rely solely on the prescriber's representation, or on the representation of the individual answering the phone at the number on the prescription, that prescriptions are legitimate.
☐	(10) The prescriber's clinic is not registered as a pain management clinic by the Texas Medical Board, despite routinely receiving prescriptions from the prescriber for opiates, benzodiazepines, and/or muscle relaxants.
☐	(11) Drugs prescribed are inconsistent with the prescriber's area of practice.
☐	(12) The prescriber of the drugs is located a significant distance from your pharmacy.
☐	(13) The prescriber has been subject to disciplinary action by the licensing board, had his/her DEA registration removed, or been subject to criminal action.
☐	(14) The Texas PMP system indicates that persons are obtaining prescriptions for the same drugs from multiple prescribers or that persons are filling prescriptions for the same drugs at multiple pharmacies.
☐	(15) The person's address is a significant distance from your pharmacy and/or from the prescriber's office.
☐	(16) Multiple persons with the same address present prescriptions from the same prescriber.
☐	(17) Persons pay with cash or credit card more often than through insurance.
☐	(18) Persons presenting controlled substance prescriptions are doing so in such a manner that varies from seeking routine pharmacy services (e.g., willing to wait in long lines to receive drugs, persons arrive in the same vehicle with prescriptions from same prescriber, one person presents to pick up prescriptions for multiple others, persons refer to drugs by "street names" and/or comment on drug's color, persons seek early refills, persons travel from outside reasonable trade area of pharmacy).
☐	(19) Your pharmacy charges and persons are willing to pay more for controlled substances than they would at nearby pharmacies.
☐	(20) Your pharmacy routinely orders controlled substances from more than one drug supplier, or your pharmacy has been discontinued by a drug supplier related to controlled substance orders.
☐	(21) Sporadic and non-consistent dispensing volume (including zero dispensing) varies from day to day and week to week, and your pharmacy does not maintain operational hours each week on Monday through Friday.
☐	(22) Your pharmacy employs or contracts security personnel during operational hours to prevent problems.
☐	(23) Your pharmacy has been previously warned or disciplined by the Texas State Board of Pharmacy for inappropriate dispensing of controlled substances (i.e., corresponding responsibility).

If you checked any of the above items, you should review the laws and rules regarding corresponding responsibility and non-therapeutic dispensing, especially Board rule §291.29, in the law book or on our website: www.pharmacy.texas.gov (click on Texas Pharmacy Rules and Laws). Additional educational material is available at: <http://www.pharmacy.texas.gov/Nontherapeutic.asp>. Failure of pharmacies and pharmacists to detect patterns of inappropriate dispensing of prescription drugs is unprofessional practice and constitutes grounds for disciplinary action.

Case No. 2010-002042

STIPULATION AND FINAL AGENCY ORDER

IN THE MATTER OF THE DISCIPLINARY PROCEEDING REGARDING THE NON-RESIDENT PRESCRIPTION DRUG OUTLET REGISTRATION OF CIVIC CENTER PHARMACY, REGISTRATION NO. OSP 5580,

RESPONDENT PHARMACY.

IT IS HEREBY STIPULATED by and between the Colorado State Board of Pharmacy ("Board") and Civic Center Pharmacy ("Respondent Pharmacy"), to resolve all matters pertaining to Board Case Number 2010-002042 as follows:

1. The Board has jurisdiction over Respondent Pharmacy, its registration as a non-resident prescription drug outlet, and the subject matter of this Stipulation and Final Agency Order ("Final Agency Order") pursuant to the provisions of title 12, article 22, C.R.S. (2009), otherwise known as the Pharmaceuticals and Pharmacists Act.
2. Respondent Pharmacy has been registered by the Board as a non-resident prescription drug outlet in the State of Colorado at all times relevant to this disciplinary action.
3. Respondent Pharmacy's address of record with the Board and current location is 7331 E. Osborn Dr., #208, Scottsdale, AZ 85251.
4. Respondent Pharmacy does not contest these findings and hereby waives any further proof in this proceeding before the Board regarding the following facts.
5. Respondent Pharmacy failed to comply with the Colorado Prescription Drug Monitoring Program (PDMP) because it failed to upload data or submit a zero report for the December 1 through December 10, 2009, data reporting period.
6. As a result, Respondent Pharmacy also failed to comply with the terms of its Stipulation and Final Agency Order which it entered into with the Colorado Board of Pharmacy effective December 29, 2008, in Case No. 2009-001497.
7. On December 14, 2009, the Board initiated a complaint against Respondent Pharmacy because Respondent Pharmacy failed to comply with the PDMP and Respondent Pharmacy's December 29, 2008 Stipulation and Final Agency Order.

8. Respondent Pharmacy does not contest that the conduct described above constitutes a violation of 12-22-125(1)(c)(I), (II) and (III) and (m) and section 12-22-708, C.R.S. and that such conduct provides grounds for disciplinary action against Respondent Pharmacy's non-resident prescription drug outlet registration.

DISPOSITION

Relinquishment of Registration as a Non-Resident Prescription Drug Outlet

9. **Relinquishment of Registration.** Respondent Pharmacy consents to the Board's entry of this Final Agency Order whereby Respondent Pharmacy's Colorado registration as a non-resident prescription drug outlet shall be relinquished and canceled. Such relinquishment shall have full force and effect as a revocation ordered by the Board. Upon the effective date of this Final Agency Order, Respondent Pharmacy shall promptly surrender to the Board all indicia of its Colorado registration. Respondent Pharmacy shall not reapply for registration in this state for a minimum of two (2) years. Any future application will be handled in the normal course of business.

 - c. To have a formal disciplinary hearing pursuant to section 12-22-125, C.R.S.; and
 - d. To appeal this Board order.

Respondent Pharmacy freely **waives** these rights, and acknowledges that such waiver is made voluntarily in consideration for Board's limiting the action taken against it to the sanctions imposed herein.

11. **Acknowledgments.** The undersigned authorized agent of Respondent Pharmacy has read this Final Agency Order in its entirety and acknowledges, whether or not Respondent Pharmacy has consulted with legal counsel, that Respondent Pharmacy understands the legal consequences and agrees that none of the terms or conditions herein are unconscionable. Respondent Pharmacy is not relying on any statements, promises or representations from the Board other than as may be contained in this Final Agency Order. Respondent Pharmacy further acknowledges that it is not entering into this Final Agency Order under any duress.
12. **Violations.** Time is of the essence to this Final Agency Order. It is the responsibility of Respondent Pharmacy to take all appropriate steps to comply fully with this Final Agency Order. 13. **Integration and Severability.** Upon execution by all parties, this Final Agency Order shall represent the entire and final agreement of and between the parties in this case. In the event any provision of this Final Agency Order is deemed invalid or unenforceable by a court of law, it shall be severed and the remaining provisions of this Final Agency Order shall be given full force and effect.

7. On February 3, 2010, Respondent Pharmacy entered into another Stipulation and Final Agency Order with the Board in Case No. 2010-002042 for failing to comply

with the data submission requirements of the PDMP. In lieu of paying a \$10,000.00 fine, Respondent Pharmacy chose to relinquish its non-resident prescription drug outlet registration no. 5580 in the February 3, 2010 Stipulation and Final Agency Order.

8. On or about December 8, 2011, Respondent Pharmacy submitted an application for a new non-resident prescription drug outlet registration and, in doing so, it failed to disclose the February 3, 2010 relinquishment of its registration no. 5580 with the Board.
9. Respondent Pharmacy admits that the conduct described above constitutes a violation of §12-22-125(1)(a) and (c), C.R.S., and that such conduct provides grounds for disciplinary action pursuant to Board Policy 20-2 in connection with the Board's decision to offer Respondent Pharmacy a conditional registration as a non-resident prescription drug outlet in the State of Colorado. Respondent Pharmacy accepts the following discipline.

DISPOSITION

10. **Issuance of Registration.** Subject to all the terms of this Final Agency Order, Respondent Pharmacy shall receive a registration as a non-resident prescription drug outlet in the State of Colorado.
11. **Fine with Surcharge.** Pursuant to §12-22-125.2(5), C.R.S. Respondent Pharmacy shall pay a fine of Ten Thousand Dollars and No Cents (\$10,000.00). Respondent Pharmacy understands and acknowledges that, pursuant to §24-34-108, C.R.S., the Executive Director of the Department of Regulatory Agencies shall impose an additional surcharge of 10% of this fine. Respondent Pharmacy shall therefore pay a total amount of **Eleven Thousand Dollars and No Cents (\$11,000.00)**. The total amount shall be payable to the State of Colorado and shall be remitted in one lump sum to be included when Respondent Pharmacy submits this signed Final Agency Order to the Board.
12. **Registration with PDMP.** Respondent Pharmacy shall register with the PDMP within thirty (30) days of the effective date of this Final Agency Order.
13. **Compliance with PDMP.** At all times Respondent Pharmacy is registered with the Board, it shall comply with the data submission requirements of the PDMP. Respondent Pharmacy understands and acknowledges that any violations of PDMP reporting requirements, including failure to submit a "zero" report in the event of no dispensing transactions in Colorado during the relevant reporting period, shall lead to penalties pursuant to Board Policy 30-8.
14. **Application Background Questions.** Respondent Pharmacy shall truthfully answer all background questions pertaining to Respondent Pharmacy on all future applications submitted to the Board.

15. **Advisements and Waivers.** Respondent Pharmacy enters into this Final Agency Order freely and voluntarily, after having had the opportunity to consult with its own legal counsel and/or choosing not to do so. Respondent Pharmacy acknowledges its understanding that it has the following rights:

Respondent Pharmacy further acknowledges that it is not entering into this Final Agency Order under any duress.

AGREED BOARD ORDER #L-13-047

RE: IN THE MATTER OF
CIVIC CENTER PHARMACY
(PHARMACY LICENSE #24239)

BEFORE THE TEXAS STATE
BOARD OF PHARMACY

On this day came on to be considered by the Texas State Board of Pharmacy ("Board") the matter of pharmacy license number 24239 issued to Civic Center Pharmacy ("Respondent"), 7331 East Osborn Drive, Scottsdale, Arizona 85251.

By letter dated February 25, 2014, the Board gave preliminary notice to Respondent of its intent to take disciplinary action. This action was taken as a result of an investigation which produced evidence indicating that Respondent may have violated:

Section 565.002(a)(3) and (10) of the Texas Pharmacy Act, TEX. OCC. CODE ANN. Title 3, Subtitle J (2011); and

Section 281.8(c) of the Texas Pharmacy Board Rules, 22 TEX. ADMIN. CODE (2011), as alleged in the Counts below.

BACKGROUND INFORMATION

- (1) On or about December 29, 2008, the Colorado State Board of Pharmacy entered an order in Case No. 2009-001497 against Colorado Pharmacy Registration No. 5580 held by Civic Center Pharmacy. The order was based on findings that the pharmacy failed to comply with the data submission requirements of Colorado's Electronic Prescription Drug Monitoring Program. The order imposed a \$5000 fine.
- (2) On or about February 3, 2010, the Colorado State Board of Pharmacy entered an order in Case No. 2010-002042 against Colorado Pharmacy Registration No. 5580 held by Civic Center Pharmacy. The order resulted in Civic Center Pharmacy relinquishing its pharmacy registration.

COUNTS

- (1) On or about August 4, 2009, Civic Center Pharmacy submitted a fraudulent application for pharmacy license renewal to the Texas State Board of Pharmacy. On the application, it was falsely indicated that the pharmacy had not been subject to disciplinary action by another state board, when, as described above in Background Information (1), the pharmacy had been disciplined by the Colorado State Board of Pharmacy in 2008.

By letter dated February 25, 2014, Respondent was notified that the matters previously set out in this Order could be disposed of without the scheduling of an informal conference or a formal administrative hearing. By signing this Order, Ari Schafer, Corporate President of Civic Center Pharmacy (Corporation), on behalf of Respondent, neither admits nor denies the truth of the matters previously set out in this Order, and agrees that the Board has jurisdiction in this matter and waives the right to informal conference, notice of hearing, formal administrative hearing, and judicial review of this Order.

The parties acknowledge that this Order resolves the allegations set forth herein, and agree to the terms and conditions set forth in the ORDER OF THE BOARD below.

BEFORE THE NORTH CAROLINA BOARD OF PHARMACY

In the Matter of:

CIVIC CENTER PHARMACY, INC.
(Permit No. 9155)**CONSENT ORDER**

THIS MATTER came on to be considered at a prehearing conference (hereinafter, "Conference") before a member of the North Carolina Board of Pharmacy (hereinafter, "Board") pursuant to 21 N.C.A.C. 46 .2008. This Conference was scheduled for May 12, 2014 and, after appropriate notice, was heard on that day by Board member Dr. J. Parker Chesson, Jr. at the offices the Board. Respondent Civic Center Pharmacy, Inc. (Permit No. 9155) (hereinafter, "Respondent" or "Civic Center") was present and was represented by Counsel Brenda M. Maloney Shafer. Counsel Clinton R. Pinyan represented the Board. Members of the Board's investigative staff were also present at the Conference.

Respondent has agreed to waive a formal hearing in the above-referenced matter. Both parties stipulate and agree to the findings of fact and conclusions of law recited herein and to the order of discipline imposed. By its consent, Respondent also stipulates that it waives its right to appeal this Consent Order or challenge in any way the sufficiency of the findings of this Order. Based upon the consent of the parties, the Board hereby enters the following:

FINDINGS OF FACT

1. The North Carolina Board of Pharmacy is a body duly organized under the laws of North Carolina and is the proper body for this proceeding under the authority granted it in Chapter 90 of the General Statutes of North Carolina, and the rules and regulations promulgated thereunder.

2. Respondent is the holder of Permit No. 9155 from the Board and is located at 7331 East Osborn Drive, Suite 208, Scottsdale, Arizona. Respondent's out-of-state permit was issued on September 19, 2005. Respondent is and was, at all relevant times referenced to herein, subject to the rules and regulations of the North Carolina Board of Pharmacy and the laws of the State of North Carolina.

3. Between approximately January 2010 and August 2012, Civic Center filled approximately 4,700 prescriptions written by William Shuler and Thom Lobe, physicians with HCG Medical of Tulsa, Oklahoma. Approximately half of the prescriptions were for human chorionic gonadotropin (HCG), and the other half were for syringes for administering the HCG. Civic Center never filled any prescriptions written by either Dr. Shuler or Dr. Lobe for anything other than HCG or associated syringes. Civic Center filled HCG prescriptions issued by HCG Medical for patients in 48 states (every state but Hawaii and Maine), as well as the District of Columbia and British Columbia. At the time these prescriptions were compounded, Civic Center had received an increased volume of HCG prescriptions due to its particular compounding methods. Although HCG Medical was located in Tulsa, Oklahoma and all of the prescriptions were issued from that office, many of the prescriptions written by Dr. Lobe listed his address as Beverly Hills, California.

4. Between approximately September 2010 and July 2012, Civic Center dispensed approximately 180 of these prescriptions to patients in North Carolina, including approximately 90 prescriptions for HCG, which is a schedule III controlled substance in North Carolina.

5. Under the circumstances, Civic Center knew or reasonably should have known that the prescriptions were issued without a physical examination of the patients and in the absence of prior prescriber-patient relationships.

6. Civic Center's current pharmacist-manager, Tenille Davis, testified that, when Civic Center began filling the prescriptions, she had concerns that the prescriptions were invalid. She raised those concerns with Ari Schafer, who was then the pharmacist-manager, and who told Davis that Schafer had contacted HCG Medical and was informed that the physicians had requested the primary care provider's records, had ordered laboratory tests and were performing physical examinations. Notwithstanding that explanation, Davis testified that she did not believe that the physicians were performing in-person physical examinations on all of the patients and that it was not reasonable for any pharmacist to believe that they were. She testified that, at the time, she believed that the physicians may have had remote encounters with the patients, which she acknowledged that she incorrectly believed were lawful and satisfied the physical examination requirements. Davis filled more than half of the prescriptions dispensed to North Carolina patients.

7. On August 8, 2011, Dr. Shuler was disciplined by the State of Utah for, on multiple occasions, issuing online prescriptions for prescription medications to Utah residents. Thereafter, numerous other states disciplined Dr. Shuler for the same behavior, including but not limited to California, Illinois, Minnesota, Ohio, Tennessee, Texas and Wisconsin. Civic Center was not aware of these disciplinary actions, and Civic Center continued filling prescriptions issued by HCG Medical, including 54 prescriptions written by Dr. Shuler and hundreds of prescriptions written by Dr. Lobe after August 8, 2011. Civic Center filled the majority of the prescriptions from HCG Medical prior to August 8, 2011, when there were no disciplinary orders against Dr. Shuler related to his online prescribing.

8. On December 7, 2012, the Board requested certain patient records from Civic Center Pharmacy that it is required to maintain and provide upon Board request. The Board sent

the request by certified mail, to the correct address for Civic Center, and the Board received a return receipt showing that the request was received. Nevertheless, Civic Center's representative testified that Civic Center's pharmacist-manager did not personally receive the correspondence. Civic Center did not provide the requested records until March 2013, after the Board sent a notice that a prehearing conference would be held due to the failure to provide the records. Schafer was not aware of the December 7, 2012 request until he received the prehearing conference notice. Upon receiving the notice, Civic Center immediately responded and thereafter fully cooperated with the Board's investigation.

CONCLUSIONS OF LAW

BOARD OF PHARMACY

STIPULATION AND CONSENT ORDER

IT IS HEREBY STIPULATED AND AGREED by and between the Kansas Pharmacy Board (the "Board") and Civic Center Pharmacy ("Respondent") as follows:

1. The Board is represented herein by its attorney, Randall J. Forbes of Frieden, Unrein & Forbes, LLP, 1414 SW Ashworth Place, Suite 201, Topeka, Kansas 66604. The Respondent is represented herein by its attorney,

_____.

2. The Board is the Kansas agency vested with the authority to carry out and enforce the provisions of the Kansas Pharmacy Law, K.S.A. §§ 65-1626 *et seq.*, (the "Act") including conducting hearings and proceedings to revoke, suspend or otherwise discipline a Kansas registration to operate a pharmacy.

3. The Respondent is presently entitled to operate a pharmacy in the State of Kansas by reason of the Board having issued it Kansas registration number 22-02317 ("Kansas Registration"). At all times relevant hereto, the Respondent has held a current registration to operate a pharmacy in the State of Kansas.

4. The Board's Investigation Member has received certain information, investigated and determined that there are reasonable grounds to believe that Respondent has operated in a manner that violates the Act.

5. Respondent hereby admits and waives any further proof in this or any other proceeding before or initiated by the Board, and upon motion duly made, seconded and passed, the Board finds the following:

A. On or about June 11, 2012, Respondent entered into a Stipulation and Final Agency Order with the State of Colorado Board of Pharmacy relating to Respondent's failure to comply with the data submission requirements of Colorado's Electronic Prescription Drug Monitoring Program ("PDMP") on 2 occasions and failure to disclose a subsequent relinquishment on a December 8, 2011 application for a Colorado new non-resident drug outlet registration (the "Colorado Order"). (A true and correct copy of the Colorado Order is attached hereto as Exhibit A and incorporated herein by this reference).

B. Respondent entered into the a Stipulation and Final Agency Order with the Colorado Board, Case No. 2009-001497, on or about December 29, 2008, relating to Respondent's failure to comply with the Colorado PDMP's data submission requirements. Therein Respondent was ordered to register and comply with all data submission requirements of the PDMP and pay a \$5,750.00 fine, including surcharge.

C. Respondent entered into a second Stipulation and Final Agency Order with the Colorado Board, Case No. 2010-002042, on or about February 3, 2010, relating to Respondent's failure to comply with the Colorado PDMP's data submission requirements. In lieu of paying an ordered \$10,000.00 fine, Respondent relinquished its Colorado registration.

D. Respondent submitted an application for a Colorado new non-resident drug outlet registration on or about December 8, 2011. Therein, Respondent failed to disclose the February 3, 2010 relinquishment of its Colorado registration.

E. Pursuant to the Colorado Order, under which Respondent admitted to the findings and waived all further proof in the matter, the Colorado Board reissued Respondent's Colorado registration subject to Respondent paying a \$10,000.00 fine, timely registering with the Colorado PDMP, compliance with all data submission requirements of the PDMP, truthfully answering all background questions pertaining to Respondent on future Colorado applications, and compliance with all other terms and conditions of the Colorado Order.

F. On or about March 27, 2014, Respondent entered into an Agreed Board Order with the Texas State Board of Pharmacy relating to a failure to disclose the Colorado Orders to the Texas Board on its August 4, 2009 and August 24, 2011 applications for licensure. (the "Texas Order"). (A true and correct copy of the Texas Order is attached hereto as Exhibit B and incorporated herein by this reference).

G. The Texas Board alleged that Respondent's response to a question regarding whether Respondent had been subject to discipline in another state in its August 4, 2009 application, Respondent failed to disclose the discipline rendered by the Colorado Board in Case No. 2009-001497. Additionally, the Texas Board alleged that Respondent's response to a question regarding whether Respondent had been subject to discipline in another state in its August 24, 2011 application, Respondent failed to disclose the discipline rendered by the Colorado Board in Case Nos. 2009-001497 and 2010-002042.

H. Respondent neither admitted nor denied the truth of the Texas Board's allegations in the Texas Order.

I. Pursuant to the Texas Order, Respondent agreed to pay an administrative penalty of \$2,000.00, allow Texas Board staff to directly contact Respondent regarding

enforcement of the Texas Order, and required Respondent to comply with all other terms of the Texas Order.

J. On or about June 10, 2014, Respondent entered into a Consent Order with the North Carolina Board of Pharmacy relating to the filling and shipping of approximately 180 prescriptions for North Carolina patients written by Oklahoma doctors between September 2010 and July 2012. (the "North Carolina Order") Said prescriptions were found to be filled in violation of North Carolina law. (A true and correct copy of the North Carolina Order is attached hereto as Exhibit C and incorporated herein by this reference).

K. By and through the North Carolina Order, the North Carolina Board found that Respondent knew or reasonably should have known that the prescriptions not accompanied by the required physical examination for schedule III controlled substances under North Carolina law.

L. Moreover, the North Carolina Board found that Respondent did not provide records requested by the North Carolina Board on December 7, 2012, until March of 2013, after the North Carolina sent notice of prehearing conference relating the failure to timely provide records.

M. By and through the North Carolina Order, Respondent's North Carolina permit was indefinitely suspended. However, the suspension was stayed indefinitely based upon Respondent abiding by the laws governing the practice of pharmacy and the distribution of drugs, and Respondent abiding by the rules and regulations of the North Carolina Board. Furthermore, Respondent agreed to comply with the terms and conditions of the North Carolina Order.

N. On or about March 18, 2015, Respondent entered into a Consent Agreement with the State Board of Pharmacy of South Carolina pursuant to the discipline imposed by the North Carolina Order (the "South Carolina Order"). (A true and correct copy of the South Carolina Order is attached hereto as Exhibit D and incorporated herein by this reference).

O. By and through the South Carolina Order, Respondent's South Carolina permit was suspended for 2 years. However, the suspension was stayed immediately with Respondent's permit continuing on probationary status for not less than 2 years, contingent upon Respondent's compliance with the terms of the South Carolina Order. Moreover, Respondent was required to submit updated policies and procedures to the South Carolina Board and comply with all other terms and conditions of the South Carolina Order.

P. On or about April 8, 2015, Respondent entered into a Settlement Agreement Prior to Filing of Petition for Disciplinary Action and Board's Final Order with the Board of Pharmacy Department of Commerce and Consumer Affairs State of Hawaii pursuant to the discipline imposed by the North Carolina Order (the "Hawaii Order"). (A true and correct copy of the South Carolina Order is attached hereto as Exhibit E and incorporated herein by this reference).

Q. By and through the Hawaii Order, Respondent agreed to pay a fine of \$1,500.00 and comply fully with all other terms of the Hawaii Order.

R. Respondent self-reported the Orders referenced herein to the Board on or before May 20, 2015.

6. Upon motion duly made, seconded and passed, the Board finds and concludes that the events described in paragraph 5 above, constitute the operation of a pharmacy in a manner

that violates the Act and the Regulations of the Board and is therefore grounds for disciplinary action against the Respondent's Kansas Registration pursuant to K.S.A. § 65-1627 (e)(4).

7. The Respondent agrees and consents and the Board finds concludes and orders that the following disposition is just and appropriate under the circumstances:

A. INDEFINITE SUSPENSION. Respondent agrees and consents and the Board further orders that Respondent's Kansas Registration is hereby suspended indefinitely. However, such suspension is indefinitely stayed contingent upon the following:

i. Respondent shall not violate any laws governing the practice of pharmacy or the distribution of drugs; and

ii. Respondent shall not violate any rules or regulations of the Board.

Moreover, in the event that Respondent fails to comply with any term or condition of this Stipulation and Consent Order, the stay of Respondent's suspension shall be terminated and Respondent may be subject to additional disciplinary action by the Board.

B. COMPLIANCE WITH OTHER STATE ORDERS. As a condition of the stay of its indefinite suspension, Respondent agrees and consents and the Board further orders that Respondent shall fully comply with any and all terms, conditions, limitations and other requirements of the Colorado Order, the Texas Order, the North Carolina Order, the South Carolina Order and the Hawaii Order.

C. OTHER REQUIREMENTS. Respondent acknowledges and agrees that as a condition of this Stipulation and Consent Order it must, and the Board further orders the Respondent to:

1. Comply fully with this Stipulation and Consent Order;

2. Comply fully with the Kansas Pharmacy Act, the Board's rules and regulations; and

3. Comply fully with all state and federal laws relating to pharmacy practice;

8. Respondent agrees that all information in the possession of the Board's Investigation Member, its staff, its investigators and or its attorney regarding the investigation which lead to this disciplinary action and all information discovered during the pendency of the disciplinary action may be disclosed to and considered by the Board as part of the presentation and consideration of the proposal of settlement in the form of this Stipulation and Consent Order and the Final Order provided for herein, with or without the presence of the Respondent or its attorney. In the event that this Stipulation and Consent Order and the Final Order provided for herein are not accepted and approved by the Board, the Respondent further waives any objection to the Board members' consideration of this Stipulation and Consent Order or the information mentioned in the preceding sentence and further agrees to waive any claim of due process violation or the right to seek the disqualification of any Board member as a result of the Board member's consideration of said document and information.

9. The stipulations contained herein shall not become binding until this Stipulation and Consent Order is approved by the Board and the Final Order provided for herein is entered by the Board. The Respondent acknowledges that the approval of the Board's Investigation Member or its attorney shall not constitute the approval of the Board or bind the Board to approve this Stipulation and Consent Order.

10. The Respondent agrees that this Stipulation and Consent Order is in conformance with Kansas and federal law and the Board has jurisdiction to enter into it and enter the Final

Order provided for herein. The Respondent further agrees, for purposes of this matter, that the Kansas Pharmacy Act, K.S.A. §§ 65-1626 *et seq.* is constitutional on its face and as applied in this case.

11. This Stipulation constitutes the entire agreement of the parties and may only be modified by a subsequent writing signed by them. The agreement shall be interpreted in accordance with the laws of the State of Kansas.

12. The Respondent acknowledges that it has the following rights:

- (a) To have formal notice of charges served upon it;
- (b) To file a response to the charges;
- (c) To have notice of and participate in a formal adjudicative hearing with the Board or its designee making specific findings of facts and conclusions of law based only upon evidence admitted at such hearing; and

- (d) To take advantage of all applicable provisions of the Kansas Administrative Procedures Act, K.S.A. §§ 77-501 *et seq.* and the Kansas Judicial Review Act, K.S.A. §§ 77-601 *et seq.*

The Respondent freely waives these rights and acknowledges that said waiver is made voluntarily and in consideration of the Board's limiting the disciplinary action taken against it to those provided for herein. The Respondent further waives the right to seek reconsideration or appeal or otherwise contest this Stipulation and Consent Order provided for herein.

13. The Respondent acknowledges that it enters into this Stipulation and Consent Order freely and voluntarily after consultation with counsel of its choosing. The Respondent further acknowledges that it has read this Stipulation and Consent Agency order in its entirety,

that it understands its legal consequences and that it agrees that none of its terms are unconscionable, arbitrary or capricious.

14. Time is of the essence to this Stipulation and Consent Order. Respondent acknowledges and agrees that any violation of this Stipulation and Consent Order shall constitute a willful violation of a lawful Board order and grounds for further disciplinary action against it. The pendency of any disciplinary action arising out of an alleged violation of this Stipulation and Consent Order shall not affect the obligation of Respondent to comply with all terms and conditions of this Stipulation and Consent Order.

15. This Stipulation and Consent Order constitutes the entire and final agreement of the parties. In the event any provision of this Stipulation and Consent Order is deemed invalid or unenforceable by a court of competent jurisdiction, it shall be severed and the remaining provisions of this Stipulation and Consent Order shall be given full force and effect.

16. Upon approval and entry of the Final Order by the Board, this Stipulation and Consent Order shall be a public record in the custody of the Board.

10. The Board has jurisdiction over the subject matter herein and over the parties hereto.

B. REPRESENTATIONS BY RESPONDENT:

5. Respondent represents the exhibits referenced in this Settlement Agreement are true and correct copies.

6. Respondent understands that any false or untrue statement or any material misrepresentation or omission of fact by Respondent in this settlement agreement may be grounds for further disciplinary action under HRS chapters 436B and 461.

7. Respondent does not admit to violating any law or rule, but acknowledges that RICO has sufficient cause to file a Petition for Disciplinary Action against Respondent's permit.

8. Respondent enters into this Settlement Agreement as a compromise of the claims and to conserve on the expenses of proceeding with an administrative hearing on this matter.

9. Respondent agrees that this Settlement Agreement is intended to resolve the issues raised in RICO's investigation in RICO Case Number PHA 2016-136-L.

10. Respondent understands that this Settlement Agreement may be subject to reporting requirements.

11. Respondent understands this Settlement Agreement is public record pursuant to Hawaii Revised Statutes chapter 92F.

C. TERMS OF SETTLEMENT:

1. Administrative fine. Respondent agrees to pay administrative fines in the amount of FIVE THOUSAND AND NO/100 DOLLARS (\$5,000.00). Hassler, Esq., 235 S. Beretania Street, 9th Floor, Honolulu, Hawaii 96813. Payment of costs shall be due at the time this Settlement Agreement is returned to RICO.

2. Failure to Comply with Settlement Agreement. If Respondent fails to fully and timely comply with the terms of this Settlement Agreement as set forth in paragraph(s) C.1 above, Respondent's permit shall be automatically revoked upon RICO's filing of an affidavit with the Board attesting to such failure. In case of such revocation, Respondent shall turn in all

indicia of the permit to the Executive Officer of the Board within ten (10) days after receipt of notice of the revocation. In case of such revocation, Respondent understands Respondent cannot apply for a new permit until the expiration of at least five (5) years after the effective date of the revocation. Respondent understands that if Respondent desires to become permitted again, Respondent must apply to the Board for a new permit pursuant to and subject to HRS §§ 92-17, 436B-21, and all other applicable laws and rules in effect at the time.

3. Possible further sanction. The Board, at its discretion, may pursue additional disciplinary action as provided by law to include further fines and other sanctions as the Board may deem appropriate if Respondent violates any provision of the statutes or rules governing the conduct of pharmacies in the State of Hawaii, or if Respondent fails to abide by the terms of this Settlement Agreement.

6. Any Ambiguities Shall be Construed to Protect the Consuming Public. It is agreed that any ambiguity in this Settlement Agreement is to be read in the manner that most completely protects the interests of the consuming public.

7. No Reliance on Representations by RICO. Other than the matters specifically stated in this Settlement Agreement, neither RICO nor anyone acting on its behalf has made any representation of fact, opinion or promise to Respondent to induce entry into this Settlement Agreement, and Respondent is not relying upon any statement, representation or opinion or promise made by RICO or any of its agents, employees, representatives or attorneys concerning the nature, extent or duration of exposure to legal liability arising from the subject matter of this Settlement Agreement or concerning any other matter.

8. Complete Agreement. This Settlement Agreement is a complete settlement of the rights, responsibilities and liabilities of the parties hereto with respect to the subject matter hereof; contains the entire agreement of the parties; and may only be modified, changed or amended by written instrument duly executed by all parties hereto.

IN WITNESS WHEREOF, the parties have signed this Settlement Agreement on the date(s) set forth below.

Other Jurisdictions:

- (2) On or about December 29, 2008, the Colorado State Board of Pharmacy entered a Stipulation and Final Agency Order in the matter of the Colorado pharmacy registration number 5580 held by Civic Center Pharmacy. The Order was based on findings that the

CONSENT AGREEMENT FOR SUSPENSION

Pursuant to Rhode Island General Laws § 5-19.1-21 and the Rules and Regulations promulgated there under, the Department of Health (Department), Board of Pharmacy (Board) has investigated a complaint charging Civic Center Pharmacy Inc., (hereinafter "Respondent"), with violations of RIGL § 5-19.1-21 of the Rules and Regulations Pertaining to Pharmacists, Pharmacies and Manufacturers, Wholesalers and Distributors ("Rules"). After consideration by the Board, the following constitutes the Findings of Fact with respect to the professional performance of the Respondent:

1. Respondent is licensed as a non-resident pharmacy in the State of Rhode Island and holds license #PHN09628. Respondent pharmacy is physically located at 7331 East Osborn Drive, Suite 208, Scottsdale, Arizona.
2. Based on the findings of the North Carolina Board of Pharmacy, Respondent pharmacy filled approximately 4,700 prescriptions written by physicians from HCG Medical of Tulsa, Oklahoma between

approximately January 2010 and August 2012. Approximately half of the prescriptions were filled for HCG (Human Chorionic Gonadotrophin) and the other half were for syringes to administer the HCG. Respondent pharmacy never filled any prescriptions written by the physicians from HCG Medical for any medication other than HCG and associated syringes for administration. Respondent pharmacy filled HCG prescriptions issued by HCG Medical in 48 states, the District of Columbia and British Columbia. Although HCG Medical was located in Tulsa, Oklahoma and all of the HCG prescriptions were issued from that office, many of the prescriptions written by one of the physicians listed an office address in Beverly Hills, California.

3. Between approximately September 2010 and July 2012, Civic Center dispensed approximately 180 of these prescriptions to patients in North Carolina, including approximately 90 prescriptions for HCG, which is a Schedule III controlled substance in North Carolina.
4. The Rhode Island Board of Pharmacy investigative committee concurs with the findings and conclusions of the North Carolina Board of Pharmacy that the Respondent pharmacy knew or reasonably should have known that the prescriptions were issued without a physical examination of the patients and in the absence of prior prescriber-patient relationships.

Based on these findings, the Respondent agrees to the following conditions of this Consent Order:

1. Respondent pharmacy license is hereby suspended. The suspension is stayed and will remain on probation until reinstated by the North Carolina Board of Pharmacy. Respondent pharmacy shall notify the Rhode Island Board of Pharmacy to request relief from probation.
2. Respondent pharmacy agrees that it shall comply with all of the terms and requirements contained in the consent agreement ratified by the North Carolina Board of Pharmacy.

Based on the foregoing, the parties agree as follows:

1. Respondent is a non-resident pharmacy and is able to conduct business under and by virtue of the laws of the State of Rhode Island.
2. Respondent admits to the jurisdiction of the Department and hereby agrees to remain under the jurisdiction of the Department.
3. Respondent has read this Consent Order and understands that it is a proposal of the Board and is subject to the final ratification by the Department. This Consent Order and the contents thereof are not binding on Respondent until final ratification by the Department.
4. Respondent hereby acknowledges and waives:
 - a) The right to appear personally or by counsel or both before the Board;
 - b) The right to produce witnesses and evidence on its behalf at a hearing;
 - c) The right to cross-examine witnesses;
 - d) The right to have subpoenas issued by Board and or the Department;
 - e) The right to further procedural steps except for those specifically contained herein;
 - f) Any and all rights of appeal of this Consent Order;
 - g) Any objection to the fact that this Consent Order will be presented to the Department for consideration and review;
 - h) Any objection to the fact that it will be necessary for the Department to become acquainted with all evidence pertaining to this matter in order to adequately review this Consent Order;

- i) Any objection to the fact that the Board reviewing this Consent Order may be the same as the hearing committee presiding over this matter should it later be brought to an administrative hearing; and
 - j) Any objection to the fact that potential bias against the Respondent may occur as a result of the presentation of this Consent Order to the Department.
5. This Consent Order shall become part of the public record of this proceeding once it is accepted by all parties and accepted by the Department.
 6. Acceptance by the Respondent and approval by the Department of this Consent Order constitutes an admission of the facts contained herein.
 7. That should Respondent violate the terms of this Consent Order, Respondent shall be subject to further disciplinary sanctions.

7. The Board has jurisdiction over the subject matter herein and over the parties hereto.

2. Respondent enters into this Settlement Agreement freely, knowingly, voluntarily, and under no coercion or duress.

3. Respondent is aware of the right to have a hearing to adjudicate the issues in the case. Pursuant to HRS § 91-9(d), Respondent freely, knowingly, and voluntarily waives the right to a hearing, and agrees to dispose of this case in accordance with the terms and conditions of this Settlement Agreement.

4. Respondent, being at all times relevant herein permitted as a miscellaneous permit holder by the Board, acknowledges that Respondent is subject to penalties including but not limited to, revocation, suspension or limitation of the permit and administrative fines, if the foregoing allegations are proven at hearing.

5. Respondent further understands that RICO enters into this Settlement Agreement, and agrees to the specific terms contained in this Settlement Agreement, based upon Respondent's representations made herein.

6. Respondent represents Exhibit "1" is a true and correct copy of the Settlement Agreement issued to Respondent by the State of New Mexico Board of Pharmacy in Case No. 2015-050.

7. Respondent understands that any false or untrue statement or any material misrepresentation or omission of fact by Respondent in this settlement agreement may be grounds for further disciplinary action under HRS Chapters 436B and 461.

RICO has sufficient cause to file a Petition for Disciplinary Action against Respondent's permit.

9. Respondent enters into this Settlement Agreement as a compromise of the claims and to conserve on the expenses of proceeding with an administrative hearing on this matter.

10. Respondent agrees that this Settlement Agreement is intended to resolve the issues raised in RICO's investigation in RICO Case No. PHA 2017-16-L.

11. Respondent understands that this Settlement Agreement may be subject to reporting requirements.

12. Respondent understands this Settlement Agreement is public record pursuant to Hawaii Revised Statutes Chapter 92F.

C. TERMS OF SETTLEMENT:

1. Administrative Fine. Respondent agrees to pay an administrative fine in the amount of SEVEN HUNDRED FIFTY AND NO/100 DOLLARS (\$750.00). Payment shall be made by **cashier's check or money order made payable to "DCCA - Compliance Resolution Fund"** and mailed to the Regulated Industries Complaints Office, Attn: John T. Hassler, Esq., 235 S. Beretania Street, 9th Floor, Honolulu, Hawaii 96813. Payment shall be due at the time this Settlement Agreement is returned to RICO.

2. Failure to Comply with Settlement Agreement. In case of such revocation, Respondent shall turn in all indicia of licensure to the Executive Officer of the Board within ten (10) days after receipt of notice of the revocation. In case of such revocation, Respondent understands Respondent cannot apply for a new permit until the expiration of at least five (5) years after the effective date of the revocation. Respondent understands that if Respondent desires to become permitted again, Respondent must apply to the Board for a new permit pursuant to and subject to HRS §§ 92-17, 436B-21, and all other applicable laws and rules in effect at the time.

3. Possible Further Sanction. The Board, at its discretion, may pursue additional disciplinary action as provided by law to include further fines and other sanctions as the Board may deem appropriate if Respondent violates any provision of the statutes or rules governing the conduct of miscellaneous permit holders in the State of Hawaii, or if Respondent fails to abide by the terms of this Settlement Agreement.

4. Approval of the Board. Respondent agrees that, except for the representations, agreements and covenants contained in Paragraphs C.5., C.6., C.7., and C.8. below, this Settlement Agreement shall not be binding on any of the parties unless and until it is approved by the Board.

5. No Objection if Board Fails to Approve. If the Board does not approve this Settlement Agreement, does not issue an order pursuant thereto, or does not approve a lesser remedy, but instead an administrative hearing is conducted against Respondent in the Board's usual and customary fashion pursuant to the Administrative Procedure Act, Respondent agrees that neither Respondent, nor any attorney that Respondent may retain, will raise as an objection in any administrative proceeding or in any judicial action, to the Board's proceeding against Respondent on the basis that the Board has become disqualified to consider the case because of its review and consideration of this Settlement Agreement.

6. Any Ambiguities Shall be Construed to Protect the Consuming Public. It is agreed that any ambiguity in this Settlement Agreement is to be read in the manner that most completely protects the interests of the consuming public.

7. No Reliance on Representations by RICO. Other than the matters specifically stated in this Settlement Agreement, neither RICO nor anyone acting on its behalf has made any representation of fact, opinion, or promise to Respondent to induce entry into this Settlement Agreement, and Respondent is not relying upon any statement, representation or opinion, or promise made by RICO or any of its agents, employees, representatives, or attorneys concerning the nature, extent or duration of exposure to legal liability arising from the subject matter of this Settlement Agreement or concerning any other matter.

8. Complete Agreement. This Settlement Agreement is a complete settlement of the rights, responsibilities and liabilities of the parties hereto with respect to the subject matter hereof; contains the entire agreement of the parties; and may only be modified, changed or amended by written instrument duly executed by all parties hereto.

IN WITNESS WHEREOF, the parties have signed this Settlement Agreement on the date(s) set forth below.

Section 291.103 of the Texas Pharmacy Board Rules, 22 TEX. ADMIN. CODE (2016), as alleged in the Counts below.

The conduct described in the Settlement Agreement by the New Mexico Board of Pharmacy is substantially similar to:

Section 565.002(a)(3) and (10) of the Texas Pharmacy Act, TEX. OCC. CODE ANN. Title 3, Subtitle J (2015); and

Section 281.8(c) of the Texas Pharmacy Board Rules, 22 TEX. ADMIN. CODE (2016).

PREVIOUS HISTORY

Texas:

- (1) On or about March 27, 2014, the Texas State Board of Pharmacy entered Agreed Board Order #L-13-047 in the matter of Civic Center Pharmacy. The Order imposed a \$2,000 penalty.
- (2) On or about May 3, 2016, the Texas State Board of Pharmacy entered Agreed Board Order #L-16-004 in the matter of Civic Center Pharmacy. The Order was based on the disciplinary action by the North Carolina Board of Pharmacy described below in Previous History (6). The Order imposed a probation to run concurrently with the sanction imposed in the North Carolina disciplinary action.

Other Jurisdictions:

- (3) On or about December 29, 2008, the Colorado State Board of Pharmacy entered a Stipulation and Final Agency Order in the matter of the Colorado pharmacy registration number 5580 held by Civic Center Pharmacy. The Order imposed a \$5,000 fine.
- (4) On or about February 3, 2010, the Colorado State Board of Pharmacy entered a Stipulation and Final Agency Order in the matter of the Colorado pharmacy registration number 5580 held by Civic Center Pharmacy. - (5) On or about June 11, 2012, the Colorado State Board of Pharmacy entered a Stipulation and Final Agency Order in the matter of the Application for a Non-Resident Prescription Drug Outlet Registration of Civic Center Pharmacy. - (6) On or about June 10, 2014, the North Carolina Board of Pharmacy entered a Consent Order in the matter of the North Carolina permit number 9155 held by Civic Center Pharmacy. The Order was based on findings of fact that the pharmacy dispensed prescriptions for human chorionic gonadotropin ("HCG," a controlled substance) or syringes for administering HCG that the pharmacy knew or should have known were invalid due to a lack of a valid patient/practitioner relationship. The Order imposed a suspension, which was stayed indefinitely subject to conditions.
- (7) On or about March 18, 2015, the South Carolina State Board of Pharmacy entered a Consent Agreement in the matter of the South Carolina pharmacy license number PY 8218 held by Civic Center Pharmacy. This is in response to Question # _____. Provide all the following where applicable:

Date of Event/Arrest 03/15/2007	Disposition Date 05/02/2007	State CA	City Los Angeles	County Los Angeles
Case # 7DY03075		Governing, licensing, Arresting Presiding Body/Agency/Court Superior Court of California County of Los Angeles		
Reason/Charge DUI				
Plaintiff/Defendant/Claimant/Respondent Michael Aja (Defendant)			Lawsuit/Arbitration/Bankruptcy	
Name of Business/Industry/Entity				

Provide explanation below:

On the evening of March 15th, 2007 I had attended a work event. Being young and naive, I used poor judgement and decided to drive home after an enjoyable evening of food and a few drinks with my coworkers. I obtained a DUI that evening and it became a valuable lesson and moment of awakening. I returned to school to pursue my bachelors degree and then applied to pharmacy school and became a Pharmacist (after being a pharmacy technician for many years). While this embarrassing incident continues to resurface each time I submit any job or career related application, it is a mistake that I have grown from and have not nor will not ever repeat again. I value my career as a Pharmacist and I appreciate my Pharmacy School, the State Boards of Pharmacy, and all of my current and past employers for seeing more in me than this one regretful occurrence. Thank you for your time.

9.1.2 When determining whether a new drug should be considered hazardous, the SDS should be evaluated for criteria outlined in the NIOSH List of Antineoplastic and Other Hazardous Drugs in Healthcare Settings. Drugs considered hazardous include those that exhibit one or more of the following six criteria:

9.1.2.1 Carcinogenicity

9.1.2.2 Teratogenicity or developmental toxicity.

9.1.2.3 Reproductive toxicity in humans.

9.1.2.4 Organ toxicity at low doses in humans or animals.

9.1.2.5 Genotoxicity

Date Effective:

9.1.2.6 New drugs that mimic existing hazardous drugs in structure or toxicity (for examples see current National Institute for Occupational Safety and Health (NIOSH) publications).

9.1.3 If the information on a drug is deemed insufficient to make an informed decision, consider the drug hazardous until more information is available.

9.1.4 If an assessment of risk is not performed, all HDs must be handled with all containment strategies defined in USP <800>.

9.2 Facilities and engineering controls

9.2.1 Signs designating the hazard must be prominently displayed before entrance to the hazardous non-sterile compounding room, hazardous clean room and hazardous chemical storage area. Access must be restricted to authorized (trained) personnel.

9.2.2 HDs must be received and unpacked in the designated HD area in shipping that is neutral/normal pressure relative to surrounding areas.

9.2.3 Hazardous compounding areas shall maintain engineering controls as outlined in SOPs 3.010 Sterile Compounding Area Requirements and 3.040 Non-Sterile Compounding Requirements.

9.3 Employee training and competency

9.3.1 Employee training and competency assessment will occur before the employee independently handles HDs according to SOP 2.020 Compounding and Support Personnel Orientation Program, SOP 2.030 Sterile Compounding Technician and Support Staff Qualification, SOP 2.040 Non-Sterile Compounding Personnel Qualification, SOP 2.060 Compounding Pharmacist Qualification, and SOP 2.070 Pharmacy Clerk Orientation and Training, as applicable.

9.3.2 Didactic HD training will occur every 12 months and will include at least the following topics:

9.3.2.1 Overview of Precision Pharmacy's list of HDs and their risks (Attachment 1).

9.3.2.2 Review of Precision Pharmacy's SOPs relating to HD handling.

9.3.2.3 Proper use of PPE.

9.3.2.4 Proper use of equipment and devices (e.g. engineering controls).

9.3.2.5 Response to known or suspected HD exposure.

9.3.2.6 Spill management.

9.3.2.7 Proper disposal of HDs and trace-contaminated materials.

9.3.3 Competency for each employee pertaining to his/her HD handling job duties will be reassessed every 12 months. Each competency assessment will be documented on Hazardous Drug Compounding and Cleaning Assessment, Attachment 4 and/or Hazardous Drug Garbing and Cleaning Assessment, Attachments 5 and retained in the employee's training binder.

9.4 Safe work practices

9.4.1 All personnel who handle HDs are responsible for understanding the fundamental practices and precautions and for continually evaluating these procedures and the quality of final HDs to prevent harm to patients, minimize

exposure to personnel, and minimize contamination of the work and patient-care environment.

9.5 Personal protective equipment

9.5.1 Gowns, head, hair, shoe covers, and two pairs of chemotherapy gloves are required for compounding sterile and non-sterile HDs.

9.5.1.1 Non-sterile hazardous compounding personnel shall follow garb requirements outlined in SOP 9.150 Required Garb for Non-Sterile Compounding Area.

9.5.1.2 Sterile hazardous compounding personnel shall follow garb requirements outlined in SOP 9.120 Required Garb for Clean Room Facilities Access.

9.5.2 For activities outside of compounding, specific PPE requirements will depend on activity being performed and PPE requirements will be followed according to applicable SOP.

9.5.3 Gloves

9.5.3.1 Chemotherapy gloves must meet American Society for Testing and Materials (ASTM) standard D6978 (or its successor).

9.5.3.2 Chemotherapy gloves must be powder-free as powder may contaminate the work area and may absorb and retain HDs.

9.5.3.3 Gloves must be inspected for physical defects before use and gloves with pin holes or weak spots cannot be used. Gloves must be changed when torn, punctured, or contaminated.

9.5.3.4 When used for sterile compounding, the outer chemotherapy glove must be sterile.

9.5.3.5 Hands must be washed with soap and water after removing gloves.

9.5.4 Gowns

9.5.4.1 Must be disposable and shown to resist permeability by HDs.

9.5.4.2 Must be made of polyethylene-coated polypropylene or other laminate material.

9.5.4.3 Gowns must close in the back, be long sleeved and have closed cuffs that are elastic or knit. Gowns must not have seams or closures that could allow HDs to pass through.

9.5.4.4 Gowns must be changed per the manufacturer's information for permeation of the gown.

9.5.4.4.1 TrueCare and Medline gowns are recommended to be changed every 8 hours.

9.5.5 Head, hair, shoe and sleeve covers

9.5.5.1 Shoe covers worn in HD handling areas must not be worn to other areas to avoid spreading HD contamination and exposing others.

9.5.6 Eye and face protection

9.5.6.1 Eye goggles must be used when there is a risk for spills or splashes of HDs.

9.5.7 Respiratory protection

TITLE: HAZARDOUS COMMUNICATION PROGRAM

1985

SOP NUMBER: 13.010**VERSION NUMBER: 14.0**

Date Effective:

9.5.7.1 For most activities requiring respiratory protection, a fit-tested NIOSH-certified N95 or more protective respirator is sufficient to protect against airborne particles. N95 respirators offer no protection against gases and vapors and little protection against direct liquid splashes.

9.5.7.2 A fit-tested full-facepiece respirator shall be worn when attending to large spills as defined in SOP 7.030 API, Compounded Preparation and Biohazardous Spills, when deactivating, decontaminating and cleaning underneath the work surface of a PEC, and when there is known or suspected airborne exposure to powders or vapors.

9.5.7.3 Respirator fit tests will be performed on all applicable employees on an annual basis. Fit tests will be performed and documented according to OSHA standards (Qualitative Saccharin Respirator Fit Testing, Attachment 6).

9.6 HD waste segregation and disposal

9.6.1 All PPE worn when handling HDs will be considered hazardous waste and will be disposed of according to SOP 9.090 Proper Disposal of Pharmacy Waste.

9.6.2 The outer pair of chemotherapy gloves used during compounding must be removed and discarded into a waste container inside the PEC or contained in a sealable bag for discarding outside the PEC.

9.6.3 All HD waste, other than PPE, will be disposed of according to SOP 9.090 Proper Disposal of Pharmacy Waste.

9.7 Labeling

9.7.1 All hazardous chemical containers will be labeled with at least the chemical name and a "hazardous" sticker when the chemical is checked into inventory, before it is put on the shelf.

9.7.2 All HD finished preparations shall be labeled according to SOP 6.020 Compounded Preparation Labeling.

9.7.3 When shipping HDs, all labeling and packaging materials will be in accordance with SOP 5.050 Shipping of Compounded Preparations.

9.8 SDSs will be available for each hazardous chemical used and readily accessible to personnel.

9.8.1 All hazardous SDSs are saved to the K server which is available on all computers. Computer access is available to personnel in all work areas except the clean room.

9.8.2 All hazardous SDSs used in sterile compounding will be printed, laminated and stored in the hazardous clean room spill kit.

9.8.3 Paper copies of all SDSs are located in the main pharmacy area located near the label printer.

9.9 Personnel of reproductive capability must confirm annually in writing they understand the risks of handling HDs. Before handling HDs, personnel must sign Hazardous Drug Risk Acknowledgement, Attachment 3. The document will be retained in each individual's training binder.

SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986

CHEMICALS KNOWN TO THE STATE TO CAUSE CANCER OR REPRODUCTIVE TOXICITY
December 31, 2021

The Safe Drinking Water and Toxic Enforcement Act of 1986 requires that the Governor revise and republish at least once per year the list of chemicals known to the State to cause cancer or reproductive toxicity. The identification number indicated in the following list is the Chemical Abstracts Service (CAS) Registry Number. No CAS number is given when several substances are presented as a single listing. The date refers to the initial appearance of the chemical on the list. For easy reference, chemicals which are shown underlined are newly added. Chemicals or endpoints shown in ~~strikeout~~ were placed on the Proposition 65 list on the date noted, and have subsequently been removed.

Qualitative Saccharin Respirator Fit Testing

1. Test hood
2. Nebulizer #1
3. Nebulizer #2
4. Sensitivity/Fit test solution

Nebulizer directions

1. Remove solution test applicator and ensure the ampule is not broken. With the fill tip pointed upward, pinch along the full length of the applicator tube using your thumb and forefinger until the glass ampule inside is thoroughly crushed. Do not bend the tube to break the ampule. Keeping the tip upward will prevent the solution from leaking out.
2. Remove the end cap of the nebulizer. Insert the applicator tip into the opening of the nebulizer. Squeeze along the tube to transfer the solution until it is drained of the solution. DO NOT REMOVE THE TIP OF THE TUBE. The tip of the tube contains a filter to keep glass particles out.
3. Once the applicator solution has been drained it can safely be disposed of.
4. When the individual is ready and has been instructed on the testing procedure you are ready to begin after removing both endcaps on the nebulizer.

Sensitivity test

This test is to ensure the individual being fit is capable of detecting the taste of the Saccharin. The individual should not eat, drink, or chew gum for at least 15 minutes before the test.

1. Explain the fit test procedures to the individual.
2. Have the individual don the hood without a respirator.
3. Position the hood forward so there is at least 6 inches between their face and the plastic window.
4. Instruct the individual to breathe through their mouth with their tongue extended.
5. Using the solution in the nebulizer inject the aerosol into the hood through the hole in the window. Make sure the nozzle of the nebulizer is pointed away from the individual's mouth. Squeeze the nebulizer bulb 10 times being sure to completely collapse the bulb and allowing it to expand before the next squeeze.
6. Ask the individual if they can detect the sweet taste of saccharin. If tasted note the number of squeezes and proceed to the fit test.
7. If the subject does not taste the solution, inject another 10 squeezes through the hood window. Repeat with another 10 squeezes if still not tasted.
8. If the saccharin is not tasted after 30 squeezes, the test subject is unable to taste saccharin and may not perform the fit test.

User fit check

Follow manufacturer directions to don and self-fit check mask to ensure proper fit.

Fit test

1. Have the individual don and position the hood with 6 inches between their face and the plastic window.
2. Using the nebulizer inject the test aerosol through the window hole the same number of times that was noted from the sensitivity test (e.g. 10, 20, or 30 sprays).
3. To maintain adequate concentration of aerosol inject $\frac{1}{2}$ the number of squeezes in step two into the mask every 30 seconds.
4. Instruct the individual to indicate if they detect the sweet taste of saccharin at any time during the test.
5. After the initial aerosol is injected instruct the individual to perform the following exercised for 60 seconds.
 - a. Normal breathing
 - b. Deep breathing
 - c. Turning head side to side
 - d. Nodding head up and down
 - e. Talking, reciting the alphabet or singing a song
 - f. Bending over
 - g. Normal breathing
6. If the test is completed without the subject detecting the sweet taste of saccharin aerosol, the test is complete. Fill out completion form and have individual sign the acknowledgement.
7. If the taste of saccharin is detected then the test has failed. Refit the mask or try a new size. Start sensitivity test again.

8.0 GENERAL INFORMATION

8.1 Every compounded drug preparation shall be given beyond use date representing the date, or date and time, beyond which the compounded drug preparation should not be used, stored, transported or administered, and determined based on the professional judgment of the pharmacist performing or supervising the compounding.

8.2 For non-sterile compounded drug preparation(s), the beyond use date shall not exceed any of the following:

8.2.1 the shortest expiration date or beyond use date of any ingredient in the compounded drug preparation,

8.2.2 the chemical stability of any one ingredient in the compounded drug preparation;

8.2.3 the chemical stability of the combination of all ingredients in the compounded drug preparation,

8.2.4 for non-aqueous formulations, 180 days or an extended date established by the pharmacist's research, analysis, and documentation,

8.2.5 for water-containing oral formulations, 14 days or an extended date established by the pharmacist's research, analysis, and documentation, and

TITLE: DETERMINATION AND EXTENSION OF BEYOND-USE DATES (BUD) FOR COMPOUNDED PREPARATIONS

SOP NUMBER: 9.050

VERSION NUMBER: 11.0

Date Effective:

8.2.6 for water-containing topical/dermal and mucosal liquid and semisolid formulations, 30 days or an extended date established by the pharmacist's research, analysis, and documentation.

8.2.7 A pharmacist, using his or her professional judgment may establish an extended date as provided in 8.2.4, 8.2.5, and 8.2.6, if the pharmacist researches by consulting and applying drug-specific and general stability documentation and literature; analyzes such documentation and literature as well as the other factors set forth in this subdivision, and maintains documentation of the research, analysis and conclusion. The factors the pharmacist must analyze include:

8.2.7.1 the nature of the drug and its degradation mechanism,

8.2.7.2 the dosage form and its components,

8.2.7.3 the potential for microbial proliferation in the preparation,

8.2.7.4 the container in which it is packaged,

8.2.7.5 the expected storage conditions, and

8.2.7.6 the intended duration of therapy.

8.2.8 Documentation of the pharmacist's research and analysis supporting an extension must be maintained in a readily retrievable format as part of the master formula.

8.3 For sterile compounded drug preparations, the beyond use date shall not exceed any of the following:

8.3.1 The shortest expiration date or beyond use date of any ingredient in the sterile compounded drug product preparation,

8.3.2 The chemical stability of any one ingredient in the sterile compounded drug preparation,

8.3.3. The chemical stability of the combination of all ingredients in the sterile compounded drug preparation, and

8.3.4 The beyond use date assigned for sterility in Section 1751.8 of Title 16, Division 17 of CCR.

8.4 For sterile compounded drug preparations, extension of a beyond use date is only allowable when supported by the following:

8.4.1 method suitability test,

8.4.2 container closure integrity test, and

8.4.3 stability studies.

8.5 In addition to the requirements of 8.4, the drugs or compounded drug preparations tested and studied shall be identical in ingredients, specific and essential compounding steps, quality reviews, and packaging as the finished drug or compounded drug preparation.

8.6 Shorter dating than set forth in this subsection may be used if it is deemed appropriate in the professional judgment of the responsible pharmacist.

TITLE: DETERMINATION AND EXTENSION OF BEYOND-USE DATES (BUD) FOR COMPOUNDED PREPARATIONS

SOP NUMBER: 9.050

VERSION NUMBER: 11.0

Date Effective:

- 8.7 Stability testing performed and described will be performed by third party laboratories selected according to SOP 9.220 Contract Testing Laboratory Selection and Desk Audit utilizing appropriate technologies.

9.0 PROCEDURE – BEYOND-USE DATING (BUD) OF A COMPOUNDED PREPARATION

- 9.1 BUDs should be assigned conservatively. When assigning a BUD, the pharmacist shall consult and apply drug-specific and general stability documentation and literature when available and should consider: the nature of the drug and its degradation mechanism, the dosage form and its components, the potential for microbial proliferation in the preparation, the container in which it is packaged, the expected storage conditions, and the intended duration of therapy.

- 9.2 When a manufactured product is used as the source of the API for the compounded preparation, the product expiration date cannot be used solely to assign a BUD for the compounded preparation. Stability Information from the manufacturer and literature shall be considered.

- 9.3 A reliable method for determining BUDs shall be established, including laboratory testing of preparation stability, pyrogenicity and chemical content when necessary.

- 9.3.1 Physical stability of the compounded preparation shall signify that the preparation has retained the original physical properties of the preparation, such as appearance, palatability, uniformity, dissolution and suspendability.

- 9.3.2 Chemical stability of the compounded preparation shall signify that each active ingredient has retained its chemical integrity and labeled potency within specified limits.

- 9.3.3 Additional factors that affect the stability of the final preparation, shall be considered, including pH, temperature, solvency, light exposure, air exposure, humidity, particle size, crystallization, vaporization and absorption.

- 9.4 **Non-Sterile Compounded Preparations:** In the absence of stability information that is applicable to a specific drug and preparation, the following maximum BUDs (as listed in USP <795> and CCR 1735.2 (i)(1)) are recommended for **non-sterile** compounded preparations packaged in tight, light-resistant containers and stored at controlled room temperature (unless otherwise indicated):

- 9.4.1 For non-aqueous formulations the BUD is not later than the time remaining until the earliest expiration date of any ingredient or six months, whichever is earlier.

- 9.4.2 For water-containing formulations prepared from ingredients the BUD is not later than 14 days for liquid preparations when stored at 2°C-8°C.

- 9.4.3 For water-containing topical/dermal and mucosal liquid and semisolid formulations the BUD is not later than 30 days.

- 9.5 **Sterile Compounded Preparations:** The maximum BUDs listed above in section 9.4 can be exceeded for sterile compounded preparations as long as a sterility testing is performed on the preparation and the formulation has method suitability testing, container closure integrity testing and stability studies completed.

TITLE: DETERMINATION AND EXTENSION OF BEYOND-USE DATES (BUD) FOR COMPOUNDED PREPARATIONS

SOP NUMBER: 9.050

VERSION NUMBER: 11.0

Date Effective:

9.5.1 Multiple dose/use sterile containers will be labeled with a statement instructing the end user to discard 28 days after initially entering or opening (e.g. needle puncture).

9.5.2 Single dose/use sterile containers will be labeled with a statement instructing the end user to discard immediately after entering or opening (e.g. needle puncture).

9.5.3 If sterility testing is not performed, where high-risk CSP's are not prepared in groups of more than 25 identical individual single-dose packages for a single patient, Precision Pharmacy follows the conservative BUD guidelines of USP 797. The BUD for these products would be 24 hours at controlled room temperature, 3 days at cold temperature or 45 days in solid frozen state.

9.6 Applicable publications shall be referenced to obtain relevant stability, compatibility and degradation information regarding a drug or its congeners.

9.6.1 A compounding pharmacy reference library will be available for compounding laboratory personnel so they may access critical information in a timely manner (SOP 9.280 Professional References).

9.7 Precision Pharmacy may choose to perform potency assays on preparations with a narrow therapeutic index, where close monitoring or dose titration is required to ensure therapeutic effectiveness and to avoid toxicity, where a theoretically established BUD is supported by only marginal evidence or where significant margin of safety cannot be verified.

9.8 PROCEDURE - EXTENDING BEYOND-USE DATES

9.9 The following procedure applies to compounded preparations prepared using SOP 1.050 General Compounding Technique and SOP 1.060 General Aseptic Technique, including <USP 795> and <USP 797>.

9.10 Extended BUDs shall be assigned to compounded preparations based on, and not necessarily limited to, the following:

9.10.1 Pharmacist verification of the formula and procedure (i.e., the compounding process)

9.10.2 Sterile compounded preparations will be subject to sterility testing and pyrogen testing, when applicable.

9.10.3 Current drug stability information, including but not limited to package inserts, USP monographs, consulting services, and literature searches.

9.10.4 Quantitative preparation specific data obtained through direct testing (i.e. stability, potency testing) via HPLC on active ingredient(s) in compounded formulation will be performed by a qualified third party analytical laboratory.

9.10.4.1 Verification is performed via appropriate chemical potency testing, demonstrating that the concentration of active ingredient(s) in the preparation is 90% or greater and no more than 110% of the claimed label concentration. In cases where the preparation has a

USP monograph, the concentration shall fall within the range listed in the USP monograph.

9.10.4.2

Multiple scheduled stability tests will be performed on select compounded preparations to establish a BUD, including an initial test to establish baseline potency.

- 9.11 Results of testing will be compiled and filed with the master formula according to SOP 9.200 Master Formula Methodology.
- 9.12 A change to the formula will be evaluated to determine if revalidation of the preparation's BUD is required.
- 9.13 Consideration shall be given to stability information obtained through potency testing performed by third party analytical laboratories, including, but not limited to HPLC potency testing of a specified concentration of active ingredient(s) in a tested formulation. This information may be extrapolated to other concentrations of the same active ingredient(s) as long as the formulation is consistent with the original tested formulation.
- 9.14 Preparations will be observed to ensure they have maintained the original physical properties of preparation: such as appearance, palatability, uniformity, dissolution and suspendability, etc.
- 9.15 Consideration shall be given to all aspects of the finished product including proper storage conditions (i.e., temperature, light, humidity and sterile container if applicable).
- 9.16 Consideration shall be given to a sterile preparation's container closure and container integrity for the assigned BUD.
- 9.17 Compounded preparation with extended BUD will be in accordance with <USP 797> and <USP 795> regulations and guidelines, not exceeding a BUD of 180 days.
- 9.18 If a lot fails an initial potency test, an investigation should occur and include the following:
 - 9.18.1 Investigate the possible root cause of the failure.
 - 9.18.2 Correct the cause of the failure.
 - 9.18.3 Pharmacist will revalidate the compounded preparations' formula.
 - 9.18.4 Pharmacist will revalidate the compounded preparations' method of preparation.
 - 9.18.5 Document all findings according to SOP 1.030 Deviations – OOS and Corrective and Preventative Action (CAPA) Management, if applicable.
 - 9.18.6 If preparations were dispensed initiate recall per SOP 9.100 Recall of Compounded Preparation, if necessary.

9.0 PROCEDURE**9.1 Sterilization method**

9.1.1 The appropriate sterilization technique shall be determined based on the unique properties of the components to be sterilized in order to prevent destruction or modification of the preparation. The preparation must be sterilized without compromising the strength, purity, quality, and packaging integrity of the CSP.

9.1.2 General guidelines for matching CSPs and components to appropriate sterilization methods shall include the following:

9.1.2.1 CSPs must be ascertained to remain physically and chemically stable when subjected to the selected sterilization method.

9.1.2.2 If using a sterile, micro-porous membrane filter, personnel shall ascertain from appropriate information sources that the filter used to sterilize the CSP during compounding is chemically and physically compatible with the CSP.

9.1.3 The sterilization method chosen for each CSP shall be noted and documented on the master formulation record.

9.1.4 Primary sterilization methods include:

- 9.1.4.1 filtration sterilization,
- 9.1.4.2 steam sterilization,
- 9.1.4.3 dry-heat sterilization.

9.2 Filtration sterilization

9.2.1 Filtration sterilization removes, but does not destroy, microorganisms. Filtration shall be used for solutions that are unstable to other types of sterilization methods.

9.2.2 When filters are selected, these characteristics must be considered:

TITLE: STERILIZATION AND DEPYROGENATION

1979

SOP NUMBER: 8.010

VERSION NUMBER: 13.0

Date Effective:

9.2.2.1 Pore size – Sterilizing filters of 0.2µm or smaller porosity shall be used.

9.2.2.2 Compatibility – While membrane filters are compatible with most pharmaceutical solutions, extreme care must be exercised to ensure compatibility. Biological products, alcohols, glycols, and dimethylformamide are examples of ingredients that can result in filter membrane incompatibilities.

9.2.3 To provide a practical flow rate of a solution, a filter with the appropriate surface area must be used.

9.2.4 Commercially available sterile filters approved for human use applications in sterilizing pharmaceutical fluids shall be used.

9.2.4.1 The filters must be accompanied by certification from the manufacturer to retain at least 10⁷ microorganisms of a strain of *Brevundimonas* (*Pseudomonas*) *diminuta* on each square centimeter of upstream filter surface under conditions similar to those in which the preparation will be sterilized.

9.2.5 According to USP <797>, sterilizing filters shall be, sterile, pyrogen-free, and shall have a nominal porosity of 0.2µm, or smaller.

9.2.5.1 If a solution contains large particles, a prefilter may be placed upstream from the sterilizing filter.

9.2.6 An integrity test shall be performed and documented on all filters used to sterilize preparations per SOP 9.210 Integrity Test Method by Bubble Point.

9.2.7 The filter(s) lot number and manufacturer shall be documented on the logged formula worksheet.

9.3 Steam sterilization

9.3.1 A steam sterilization cycle shall be verified to ensure sterilization of all CSPs under specified operating conditions and parameters. Cycles will have load configurations and autoclaves will be verified, according to SOP 4.030 Use, Verification and Maintenance of the Tuttnauer EZ10 Electronic Tabletop Autoclave.

9.3.2 Autoclaving should be reserved for items that can be penetrated by water vapor (steam). Dry materials, oils, and waxes may not be suitable for steam sterilization.

9.3.3 Select the appropriate cycle parameter for the type of item(s) to be autoclaved along with maximum load verification studies.

9.3.3.1 Dry goods cycle – Used for compounding equipment or instruments and glassware.

9.3.3.2 Wrapped goods cycle – Used for items wrapped in a sterilization bag or pouch.

9.3.3.3 Liquids cycle – Used for all liquid items or items such as plastic that cannot be exposed to a high temperature drying cycle.

9.3.4 Monitoring data from each cycle (i.e. a printout of the preset and actual parameters of the cycle) shall be recorded to ensure that the processes are performed properly and that all critical parameters are within specified limits during processing.

TITLE: STERILIZATION AND DEPYROGENATION**SOP NUMBER: 8.010****VERSION NUMBER: 13.0**

Date Effective:

9.3.5 To achieve sterility, it is necessary that materials be exposed to steam at 121°C for a minimum of 15 minutes under pressure of about one atmosphere or 15 pounds per square inch (psi).

9.3.6 The temperature and length of exposure shall be documented on the logged formula worksheet. Autoclave number, temperature, load configuration, BI/CI locations and printouts generated from the autoclave should be noted on SOP 4.030 Use, Verification and Maintenance of the Tuttnauer EZ10 Electronic Tabletop Autoclave, Attachment 1, and then attached to the logged formula worksheet.

9.3.7 Appropriate indicators (biological and chemical) shall be used to verify the effectiveness of operating parameters.

9.3.8 Plastic, glass, and metal devices must be tightly wrapped in low-particle self-sealing bags (e.g. Dynarex/Medicom autoclave bags) that allow for steam penetration and prevent post-sterilization contamination.

9.3.9 Prior to steam sterilization, verification of heat labile components must be made to ensure integrity after steam sterilization.

9.3.10 CSPs shall be inspected for any damage that may have occurred during the steam sterilization cycle.

9.3.11 All items autoclaved within an autoclave bag will be marked with the sterilization date. Dynarex recommends no more than a six month shelf life of an unopened uncompromised bag.

9.4 Dry-heat sterilization

9.4.1 Dry-heat oven cycles shall be verified to ensure the sterilization of all CSPs under specified operating conditions and parameters. Oven cycles will be verified with load configurations in accordance with SOP 4.380 Use, Verification and Maintenance of the Thermo Scientific Heratherm Dry-Heat Oven.

9.4.2 Dry-heat sterilization shall be used to sterilize glass, stainless steel, other hard surface materials, and dry powders not labile to high temperatures.

9.4.3 Injectable, oily solutions may be dry-heat sterilized if the components retain potency and stability.

9.4.4 Validation of dry-heat sterilization of an object depends not only on monitoring temperature but also on the use of appropriate biological indicators.

~~9.4.5~~ To achieve sterility, it is recommended to achieve and maintain a temperature of:

9.4.5.1 140°C for 3 hours.

9.4.5.2 150°C for 2.5 hours.

9.4.5.3 160°C for 2 hours.

9.4.5.4 170°C for 1.5 hours.

9.4.6 The temperature and length of exposure shall be documented on the logged formula worksheet and SOP 4.380 Use, Verification and Maintenance of the Thermo Scientific Heratherm Dry Heat Oven, Attachment 4.

9.5 Appropriate sterilization methods, exposure times, and temperature settings shall be verified for each CSP.

9.6 Depyrogenation

TITLE: STERILIZATION AND DEPYROGENATION**SOP NUMBER: 8.010****VERSION NUMBER: 13.0**

Date Effective:

- 9.6.1 Dry heat depyrogenation shall be used to render glassware or containers, such as vials, free from pyrogens as well as viable microbes.
- 9.6.2 To achieve depyrogenation, items or equipment will be covered with foil and be exposed to dry heat in an oven at a mean temperature of 250°C for a minimum of 30 minutes.
- 9.6.2.1 Precision Pharmacy uses an overkill method during all depyrogenation cycles of 250°C for one hour.
- 9.6.3. Each load will not exceed any load configuration for the items being depyrogenated.
- 9.6.4 Load configurations will be validated in accordance with SOP 4.380 Use, Verification and Maintenance of the Thermo Scientific Heratherm Dry-Heat Oven.
- 9.6.5 The temperature and length of exposure shall be documented on SOP 4.380 Use, Verification and Maintenance of the Thermo Scientific Heratherm Dry Heat Oven, Attachment 3.

- 9.1.1 Units must be installed according to manufacturer's minimum velocity (> 60 fmp). Depending on the application, hoods may be set at higher threshold specifications.
- 9.1.2 Wear appropriate PPE (goggles, gloves, gown, etc.) according to designated task and SOP(s) while using Air Sciences powder containment/fume hoods.
- 9.1.3 If the unit does not run continuously, turn on the exhaust fan prior to beginning the first weighing procedure and ensure the hood flaps are down.
- 9.1.4 Ensure vaneometer displays correct velocity reading. Any variations shall be brought to the attention of a pharmacist on duty and the facility coordinator. All filter integrities shall be checked. Filters and prefilters may be changed if necessary.
- 9.1.5 Units with manufacturer installed trash chute shall have a bag securely attached while the hood is in use or the chute must be covered. Chute shall be utilized to properly dispose of waste with hazardous residue.

9.2 Bulk powder transfer BSC I

- 9.2.1 Wear appropriate PPE (goggles, gloves, gown, etc.) according to designated task and SOP(s).
- 9.2.2 If the unit is not ran continuously, turn on the exhaust fan prior to beginning any procedure within the hood and ensure the hood flaps are down.

9.3.5.3 Incubate the plates according to SOP 3.030 Environmental Monitoring of the Clean Room Facilities.

9.3.5.4 After initial validation, monthly glove tests are required for sterile technicians and support staff. If a monthly glove test is missed due to illness, leave or vacation, there shall be two glove tests performed the next month or as soon as they return.

9.3.6 All sterile compounding technicians must successfully complete a high risk media fill according to SOP 9.130 Sterile Compounding Process Validation (Media Fills) prior to initially compounding and every six months thereafter.

9.3.6.1 Results are recorded on Initial Sterile Compounding Technician Training, Attachment 1 and Validation of Personnel – Sterile Compounding, Attachment 2 and according to SOP 9.130 Sterile Compounding Process Validation (Media Fills).

9.3.7 All sterile compounding technicians and support staff must successfully complete SOP 3.020 Cleaning and Maintenance of the Clean Room Facilities, Cleaning Assessment for Cleaning and Disinfection Procedures in the Clean Room, Attachment 12, semiannually. Assessment must be completed before personnel initially clean (weekly, monthly or quarterly) and must include deactivation, decontamination, cleaning and disinfection steps according to SOP 13.020 Deactivation, Decontamination, Cleaning and Disinfection, if cleaning in the hazardous clean room.

9.3.8 All sterile compounding technicians must successfully complete preparation process validations annually, to prove competency, accuracy and technique on each sterilization method (Attachment 2). This includes a visual inspection of the final preparation by a sterile compounding pharmacist along with a potency test, if applicable.

9.3.9 Should personnel fail written tests or whose media fill results in microbial colonization or one or more cfu(s) on a glove test between both hands, they shall be immediately re-instructed and re-evaluated by expert compounding personnel to ensure correction of all aseptic deficiencies. Personnel will be restricted from performing sterile compounding or clean room activities until all required evaluations have passed.

9.3.9.1 Positive media fill test results or positive glove/garb competency tests should prompt a rapid and systematic investigation of aseptic technique, environmental control, and other sterility assurance controls to identify sources of contamination and correct problems in the methods or processes.

9.3.9.1.1 If source of contamination is suspected to have originated/resulted from employee technique, validation test(s) shall be performed which may include garbing assessment, media fill assessment (or an abbreviated version) or cleaning assessment. Document according to SOP 3.020 Cleaning and Maintenance of the Clean Room Facilities and/or SOP 9.130 Sterile Compounding Process Validation (Media Fills).

BASIC STERILE COMPOUNDING TECHNIQUES☐ **Log Documentation**

- Write down hood number
- Initial log after hood clearing is complete
- Yield, forms, sterility and pyrogen checks at the top of log
- Cross out technician and pharmacist name on the log. Print your name at top and initial and date bottom.
- Check for Master Formula ID
- Pull all chemicals and check off the chemical lot, manufacturer and expiration printed are correct. If not, draw a single line through and print the correct information.
- Check that none of the chemical expiration dates are shorter than the printed BUD at the top.
 - If there is a shorter date, take log to a typist to change the BUD to the shorter date.
- Obtain copy of log for pharmacist check.
- READ ALL DIRECTIONS BEFORE STARTING
- Choose correct PPE based on the compound and cleanroom (hazardous/non-hazardous)

☐ **Powder Checks**

- Check units on scale display are GRAMS
- Make sure scale is clean from previous use. If not, perform cleaning procedure.
- Check bubble is in middle of circle to ensure scale is level. If not, maneuver the legs to become level
- Document the scale number next to the chemical you are weighing on the scale
- Tare weighing container. Make sure scale says zero (0). Get another technician to initial for the tare check if available.

- Weigh powder
- Call for a powder check from RPh.
- Clean scale
- NEVER MOVE A SCALE FROM ITS CURRENT HOOD.
- Change or clean gloves between weighing out each powder to prevent cross contamination.

☐ **Liquid Checks**

- Determine volume needed for log and choose the appropriate equipment (beaker, syringes)
- How to read volume in an oral syringe
- How to read the volume in a beaker (bottom of meniscus) or graduated cylinder
- Label beaker with contents
- Determine which liquid is QS agent.
 - This is the liquid that will be used to bring the compound to its final volume
 - Does not need to be poured out of original container until the compound needs to be brought to final volume.

☐ **Processing Agents/pH Adjusters**

- These are formulas made in the pharmacy that will be used in another formula.
- pH adjusters are processing agents and they are only required to adjust pH.
 - Ex: Sodium Hydroxide, Hydrochloric Acid, Sulfuric Acid, Citric Acid
- If the pH is too high and you need it to decrease use an acid according to the log directions
- If the pH is too low and you need it to increase, use a base according to the log directions
- Go over proper storage containers for specific pH adjusters

☐ **Q.S. Checks**

- Once everything is mixed according to directions, call for pharmacist to do QS check.
- Pharmacist should circle final volume and sign and date the bottom of log.
- If anything is short-dated, it must be corrected in the computer with a copy of the log before the pharmacist is called for the Q.S. check.
- Label Checks: Make sure pharmacist initials and places on back of log
- Once final volume has been checked, compound can be filtered or packaged into final dispensing container to be autoclaved.

☐ **Labels**

- Explain who to give log to so labels can be made
- Make sure container size is on the log so the correct container size is on the label.
- Technician and RPh (at Q.S. Check) initials must be on label

☐ **General Aseptic Technique**

- Use processes and procedures from formal training.
- Decrease talking and fast movements while in the buffer room.
- DO NOT touch face mask or face with sterile gloves on.
- If there is a concern about touch contamination with a filter or other critical site, dispose of the device.
- If leaving the ISO Class 5 Environment for any reason, spray gloves with sterile IPA before re-entering hood.
- All equipment, devices and supplies must be wiped down with sterile IPA before entering the ISO Class 5 environment.

EQUIPMENT**-Go over location in the pharmacy and how to use specific equipment**☐ **Primary Engineering Controls (ISO 8 Environment)-**

- Powder Containment Hood

- Biological Safety Cabinet (BSC)- Class I
 - Ventilated exhaust to the outside
 - Used for hazardous (or non-hazardous) compounding when weighing and mixing powders
- Velocity meter
- Large hoods must have main flap down while standing in front of hood. If you need to walk away, make sure the second flap is down.

☐ **Primary Engineering Controls (ISO 5 Environment)-**

- Laminar Airflow Workbench (Non-Hazardous)
 - Air flows from the HEPA filter horizontally across the work surface toward the compounder.
 - Used only for non-hazardous sterile compounding
- Biological Safety Cabinet (BSC)- Class II
 - Ventilated exhaust to the outside
 - Air flows from the HEPA filter at the top of the hood vertically down toward the work surface. Air exits through the grates before coming in contact with the compounder.
 - Must be used when compounding hazardous drugs
- Velocity meter
- Large hoods must have main flap down while standing in front of hood. If you need to walk away, make sure the second flap is down.

☐ **Read, sign, and date SOP 4.200 Use and Maintenance of the Streamline and Air Sciences Containment/Fume/BSC Class I & Class II/LAFW**☐ **Beakers**

- Must use calibrated beakers when bringing formula to volume or measuring out liquids
- All beakers and glassware should be depyrogenated before using to make sterile compounds

☐ **Read, sign, and date SOP 4.300 Use, Calibration and Maintenance of Beakers**☐ **Spatulas: plastic, metal**☐ **Mortar and Pestle**

8.4 Media fill procedures mimic making a high risk sterile compounded preparation where non-sterile media is filtered to produce sterile media.

9.0 PROCEDURE**9.1 Media fill procedures**

9.1.1 Growth promotion of media may be done concurrently with the media fill and verified after the media fill run (certificate of analysis indicating vendor growth promotion is acceptable).

9.1.1.1 The incubation temperature will be the same as that used for the media filled units.

9.1.1.2 The medium selected must be capable of growing a wide spectrum of microorganisms and of supporting microbiological recovery and growth of low numbers of microorganisms.

9.1.2 Positive control

9.1.2.1 There shall be two positive controls of media created for each logged formula worksheet.

9.1.3 High-risk media fills – non-hazardous and hazardous

9.1.3.2 Media fills shall be conducted in clean room facilities and engineering controls according to SOP 3.010 Sterile Compounding Area Requirements.

9.1.3.3 In an ISO 8 preparation area, dissolve non-sterile TSB granules in sterile water to make a 3% solution.

9.1.3.4 Stir as needed to dissolve completely.

9.1.3.5 Components should be assembled and brought into the ISO Class 7 buffer room.

9.1.3.6 Disinfect the PEC in accordance with SOP 3.020 Cleaning and Maintenance of the Clean Room Facilities and/or 13.020 Deactivation, Decontamination, Cleaning and Disinfection.

9.1.3.7 Disinfect each component prior to placing in the PEC.

9.1.3.8 Work at least six inches within the PEC to protect the critical sites from contamination and not interrupt the first air.

9.2 Incubation and inspection of media-filled units

9.2.1 Leaking or damaged media fill units must be removed. Document the quantity removed and the reason for removal on Qualification of Personnel (Media Fills) – Sterile Compounding, Attachment 1, and on

TITLE: STERILE COMPOUNDING PROCESS VALIDATION (MEDIA FILLS)**SOP NUMBER: 9.130****VERSION NUMBER: 14.0**

the Daily Monitoring Record, SOP 3.030 Environmental Monitoring of the Clean Room Facilities, Attachment 2.

9.2.2 All media fill units and positive control media units shall be incubated for 14 days at 20°C – 25°C.

9.2.3 All media fill units shall be stored and manipulated to allow contact of the media with all product contact surfaces in the unit.

9.2.4 At the end of the 14 day incubation period, each media fill unit shall be visually inspected for the presence of microbial growth.

9.3 Contamination with media

9.3.1 Contamination of the area and equipment with media during media-fill runs shall not compromise the quality of the facility and equipment or the preparation subsequently processed using the same facility and equipment.

9.3.2 Media spills must be handled properly and promptly by cleaning and disinfecting the facility and equipment according to applicable SOPs (e.g. 7.030 API and Compounded Preparation Spills).

9.4.3 Tubing descriptions (type, lot number and size).

9.4.4 Volume filled and filling speed.

9.4.5 Filter brand/description and lot numbers/expiration date (if applicable).

9.4.6 Type of media used, lot number/expiration date and growth promotion date/results (if purchased, a certificate of growth promotion should be maintained on file).

9.5 Garbing and cleaning assessments

9.5.1 Along with the media fill procedure, personnel will be assessed and observed on hand hygiene, garbing and cleaning techniques.

9.5.2 Observations will be recorded by a pharmacist using USP Assessment – 797- Hand Hygiene and Garbing Related Practices of Sterile Compounding Personnel/Cleaning, Assessment 2.

TITLE: STERILE COMPOUNDING PROCESS VALIDATION (MEDIA FILLS)**SOP NUMBER: 9.130****VERSION NUMBER: 14.0**

Date Effective:

9.5.3 -- An initial glove test for both hands will be performed immediately after garbing before spraying hands with IPA. Once samples are taken, personnel will don new sterile gloves and begin media fill assessment.

9.6 Environmental monitoring (EM)**9.6.1 Contact plates**

9.6.1.1 The compounder shall place one TSA settling plate within the PEC for a maximum time of 4 hours per sub test. This is used as a dynamic condition environmental test.

9.6.1.2 The compounder shall take glove samples of his or her fingertips to monitor aseptic technique. Glove tests are to be done at the completion of each sub test prior to disinfecting gloves. The compounder shall touch each gloved fingertip, to include thumbs, to the agar surface, making certain to not re-touch areas. The compounder will test both right and left hand a total of twice each. (*Example; test right hand fingertip with TSA media plate, then follow with SDA media plate*).

9.6.1.3 Gloves must be changed prior to continuing the media fill after touching the agar surface.

9.6.1.4 At the completion of a media fill validation, prior to the shedding of gown/coveralls used while testing, the compounder shall take a sample of his or her chest and sleeve using the TSA and SDA plates. The compounder shall touch the surface of the gown above where the glove would end. Repeat the same process while testing the mid-chest area.

9.6.2 There shall be one positive control contact plate for each lot number of media used. Touch the agar surface with an un-gloved fingertip, replace the lid, label the plate appropriately and incubate according to step 9.7.

9.6.3 There shall be one negative control contact plate for each lot number of media used. Label an unopened plate appropriately and incubate according to step 9.7.

9.7 Incubation of environmental controls and samples

9.7.1 All TSA plates shall be incubated at 30°C – 35°C for 72 hours

9.7.3 Plates should be checked daily for growth.

9.8 Acceptance criteria

9.8.1 All media must demonstrate growth promotion capabilities.

9.8.1.1 If no growth is observed in the positive control containers, repeat the growth promotion study with new components. Incubate the samples at the appropriate temperature with a negative control for seven days or until growth is observed. If no growth is observed, the medium is unacceptable for use, and the results of the media fill are invalid.

9.8.1.2 A certificate of analysis indicating vendor growth promotion is acceptable.

9.8.2 Calibration documentation of all equipment must be current and verified.

TITLE: STERILE COMPOUNDING PROCESS VALIDATION (MEDIA FILLS)**SOP NUMBER: 9.130****VERSION NUMBER: 14.0**

Date Effective:

9.8.3 Sterile compounding facilities must meet the requirements outlined in SOP 3.010 Sterile Compounding Area Requirements.

9.8.4 All media fill units must be clear, free of turbidity.

9.8.5 All environmental data must be recorded and all readings must be within acceptable levels, according to SOP 3.030 Environmental Monitoring of the Clean Room Facilities.

9.8.6 Environmental samples taken in the PEC shall be evaluated and the growth shall be identified to at least the genus level regardless of the outcome of the media fill.

9.8.7 All media fill failures must have a formal investigation completed. (SOP 1.030 Deviations – OOS and Corrective and Preventative Action (CAPA) Management, Attachment 3)

9.8.8 A summary report (Validation of Personnel - Sterile Compounding, SOP 2.030 Sterile Compounding Technician and Support Staff Qualification, Attachment 2), along with Attachments 1 and 2 shall be generated for each media fill.

- 7.7 Incubators
- 7.8 WinKQCL Endotoxin Detection System
- 7.9 White and black background with light.

8.0 GENERAL INFORMATION

- 8.1 This procedure is designed for planned testing to verify and demonstrate effectiveness of all processes and procedures critical to the accuracy and purity of the finished compounded sterile preparation.
- 8.2 All compounded sterile preparations are tested according to USP <797>, as applicable, and other referenced chapters.
- 8.2.1 USP <71> or equivalent should be followed when a sterility test is required. Within chapter <71>, the number of units, volume per unit and specific methods are discussed.
- 8.2.2 USP <71> "The following culture media have been found to be suitable for the test for sterility. Fluid Thioglycollate Medium is primarily intended for the culture of anaerobic bacteria; however, it will also detect aerobic bacteria. Soybean-Casein Digest Medium is suitable for the culture of both fungi and aerobic bacteria."
- 8.2.3 USP <85> "The Bacterial Endotoxins Test (BET) is a test to detect or quantify endotoxins from Gram-negative bacteria using amoebocyte lysate from the horseshoe crab (*Limulus polyphemus* or *Tachypleus tridentatus*). There are three techniques for this test: the gel-clot technique, which is based on gel formation; the turbidimetric technique, based on the development of turbidity after cleavage of an endogenous substrate; and the chromogenic technique, based on the development of color after cleavage of a synthetic peptide-chromogen complex. Proceed by any of the three techniques for the test. In the event of doubt or dispute, the final decision is made based upon the quantitative results of the test being performed on a drug in triplicate via chromogenic technique. Based upon the quantitative results the pharmacist can determine if the drug is within acceptable limits. The test is carried out in a manner that avoids endotoxin contamination."
- 8.2.4 <1229.5> "A biological indicator (BI) is a well-characterized preparation of a specific microorganism that has known resistance to a specific sterilization

process. BIs are used to demonstrate the effectiveness of processes that render a product sterile in its final package or container, as well as the effectiveness of the sterilization of equipment, product contact materials, and packaging components as required. BIs may also be used to monitor established sterilization cycles and are used for periodic reassessment of sterilization process effectiveness. BIs are process aids and can support the correlation of physical parameters to microbiological destruction. Microorganisms recognized as suitable for BIs are spore-forming bacteria, because the spores of these microorganisms are significantly more resistant than the vegetative cells that comprise the majority of bioburden in or on materials."

8.2.5. <USP> 797 "Filter units used to sterilize CSPs shall also be subjected to manufacturers' recommended integrity test, such as the bubble point test."

8.3 Title 16 of the California Code of Regulations, Article 7, Section 1751.7 Sterile Compounding Quality Assurance and Process Validation," . . . (e) (1) Batch-produced sterile drug preparations compounded from one or more non-sterile ingredients, except as provided in paragraph (2), shall be subject to documented end product testing for sterility and pyrogens and shall be quarantined until the end product testing confirms sterility and acceptable levels of pyrogens. Sterility testing shall be USP <71> compliant and pyrogens testing shall confirm acceptable levels of pyrogens per USP <85> limits, before dispensing. This requirement of end product testing confirming sterility and acceptable levels of pyrogens prior to dispensing shall apply regardless of any sterility or pyrogen testing that may have been conducted on any ingredient or combination of ingredients that were previously non-sterile. Exempt from pyrogen testing are topical ophthalmic and inhalation preparations.

(2)-The following non-sterile-to-sterile batch drug preparations do not require end product testing for sterility and pyrogens:

(A) Preparations for self-administered ophthalmic drops in a quantity sufficient for administration to a single patient for 30 days or less pursuant to a prescription.

(B) Preparations for self-administered inhalation in a quantity sufficient for administration to a single patient for 5 days or less pursuant to a prescription."

9.0 PROCEDURE

9.1 Sterility testing

9.1.1.3 Stored at frozen conditions (-25°C to -10°C) for more than 45 days.

9.1.2 USP medium-risk level preparations shall be tested for sterility before administration if:

9.1.2.1 Stored at room temperature for more that 30 hours.

9.1.2.2 Stored at 2°C – 8°C for more than 9 days.

9.1.2.3 Stored at frozen conditions (-25°C to -10°C) for more than 45 days.

9.1.3 USP high-risk level preparations shall be tested for sterility before administration if:

SOP NUMBER: 9.140

VERSION NUMBER: 15.0

Date Effective:

9.1.3.1 Stored at room temperature for more than 24 hours.

9.1.3.2 Stored at 2°C – 8°C for more than 3 days.

9.1.3.3 Stored at frozen conditions (-25°C to -10°C) for more than 45 days.

9.1.3.5 If, prior to sterilization, drug(s) that will be injected into vascular and/or central nervous systems is/are stored at 2°C – 8°C for more than 12 hours or stored at temperatures above 8°C for more than 6 hours.

9.1.4 Sterility sampling requirements must follow the tables in USP <71>. According to California pharmacy law, all batch produced sterile drug preparations starting with one or more non-sterile ingredients will need to undergo sterility testing unless exempted in 8.3.

9.1.5 Sterility methods should follow USP <71> or equivalent membrane filtration method, if applicable. If not performing membrane filtration, the methods outlined in USP <71>, or other methods proving to be equivalent or better than those methods outlined, are acceptable.

9.1.6 The Sterility Testing Log, Attachment 1, shall be completed as an overview of preparations and the sterility test status and results.

9.1.7 If at any point a test fails, a corrective action/preventative action plan must be completed with full investigation according to applicable SOPs (see SOP 1.030 Deviations – OOS and Corrective and Preventative Action (CAPA) Management).

9.1.8 Communication with the laboratory will be recorded on Contract Laboratory Communication Log, Attachment 2.

9.2 Endotoxin (pyrogen) testing

9.2.1 High-risk level preparations:

USP <797> . . . "All high-risk level CSPs, except those for inhalation and ophthalmic administration, that are prepared in groups of more than 25 identical individual single-dose packages (e.g., ampuls, bags, syringes, vials) or in MDVs for administration to multiple patients or that are exposed longer than 12 hours at 2° to 8° and longer than 6 hours at warmer than 8° before they are sterilized shall be tested to ensure that they do not contain excessive bacterial endotoxins (see *Bacterial Endotoxins Test* <85> and *Pyrogen Test* <151>). In the absence of a bacterial endotoxins limit in the official monograph or other CSP formula source, the CSP shall not exceed the amount of USP Endotoxin Units (per hour per kilogram of body weight or square meters of body surface area) specified in *Bacterial Endotoxins Test* <85> referenced above for the appropriate route of administration."

9.2.1.1 All applicable preparations will be subject to pyrogen testing if given a BUD exceeding 24 hours at room temperature or 3 days at 2° - 8° Celsius.

9.5.3 Verify that correct fill volumes and quantities of units were prepared.

9.5.4 At the discretion of a sterile compounding pharmacist on duty, samples shall be tested for potency using the appropriate method by sending to a contract lab for testing.

9.6 If a pH requirement exists, test pH as per SOP 4.360 Use, Calibration and Maintenance of the pH Meters during the compounding process.

9.9.2 The pharmacist shall use the same logic in steps 9.7.1-9.7.3 when determining how to proceed.

9.10 Sterile preparations will not be dispensed until all applicable end preparation testing is complete. Once testing is complete a pharmacist will release the preparation according to SOP 9.080 Preparation Quarantine, Storage and Release.

9.11 If any of the finished preparation testing is out of specification, an investigation must be performed, according to applicable SOPs, to determine if a preparation recall is necessary.

Case # CI 2021 95502		Governing, licensing, Arresting Presiding Body/Agency/Court California Board of Pharmacy		
Reason/Charge Failing to notify the CA BOP of a Change of DR within the 30 day deadline and operating without a DR for 196 days

Provide explanation below:

Per the CA Board of Pharmacy; a nonresident wholesaler or non resident third party logistics provider shall identify and notify the board of a new designated representative (DR) in charge within 30 days of the effective date. LifeScience Logistics, LLC filed an amendment to their Initial application to a new DR, but the new DR's Initial application was still pending at the CA BOP. CA BOP asked for a Change of DR to be filed, which LifeScience Logistics, LLC filed with the DR's pending Initial application. CA did not not accept the pending DR license as an active license, thus looking like LifeScience Logistics, LLC failed to notify CA of the Change of DR within the 30 day deadline and also operate without a DR until 04/09/2022 when the DR received his license. CA BOP issued a 2,000 dollar fine which LifeScience Logistics, LLC paid and the matter has been resolved.

Bus. & Prof. Code § 4161 subd. (j)	A nonresident wholesaler or non resident third-party logistics provider shall identify and notify the board of a new designated representative in charge ceases to be the designated representative in charge	\$2,000.00

CONDUCT:

Failure to Notify within 30 Days – Business and Professions Code section 4161(j) requires a designated representative-in-charge to be responsible for compliance with state and federal laws governing wholesalers. Additionally, the section requires every nonresident wholesaler to notify the Board of a new designated representative-in-charge within 30 days of the date that the prior designated representative-in-charge ceases to be the designated representative-in-charge. Specifically, on December 23, 2021, the Board received an Application for Change of Designated Representative-In-Charge from LifeScience Logistics, LLC. The form indicated the prior designated representative-in-charge (DRIC), Nathaniel Roberts (EXC 25782), disassociated August 15, 2021 and that Alexander Bova (EXC 26331) took over as the new DRIC the same day. However, LifeScience Logistics, LLC's OSD license was not issued until September 22, 2021. Additionally, Alexander Bova was not licensed until April 9, 2022. According to the Board's records, Nathaniel Roberts (EXC 25782) association date is listed as the same date LifeScience Logistics, LLC's OSD license was issued, September 22, 2021. Nathaniel Roberts (EXC 25782) dissociation date is listed as the following day, September 23, 2021. LifeScience Logistics, LLC operated without a licensed DRIC from September 24, 2021 to April 8, 2022, 196 days.

RE: Final order

Dear Lifescience Logistics LLC,

Enclosed you will find a FINAL ORDER resulting from your hearing before the Board. While the entire order is important, I particularly direct your attention to the portion of the Order setting forth the mandatory obligation of your payment of a fine and costs. As you will see, those amounts are due within a specified period of time from the date of the Final Order and not the date of this letter. The order also states that your renewal will not be processed until the fine has been paid. Permit # 195184 renewal has already been issued so it has been placed on administrative hold until fine is paid.

If the referenced fine and costs are not received by the Board within the prescribed period of time, or special arrangements have not been made with the Secretary of the Board, additional charges will be brought against you.

Sincerely,

Wendy Passmore

FINAL ORDER

On October 16, 2018 this cause came before the Alabama State Board of Pharmacy (hereinafter also referred to as the "Board") on a Complaint against Lifescience Logistics, LLC (hereinafter also referred to as the "Respondent"). Evidence having been adduced thereon, the Board has determined that the following Findings of Fact and Conclusions of Law are supported by the preponderant weight of evidence and law.

Findings of Facts

1. The Respondent is a Wholesale Distributor which the Board issued permit number 193417 and also a Third Party Logistics facility which the Board issued permit number 195184.

2. The Respondent was notified of the charges by certified mail at the address provided to the Board by the Respondent, however, the notice was returned by the United States Postal Service with the indication "return to sender insufficient address unable to forward". (Board's Exhibits One and Two)

3. The Respondent made no objection to the timeliness of the Notice of Hearing or the specificity of the Statement of Charges.

4. The Respondent's facility is located at 1105 East Northfield Drive, Brownsburg,

Indiana 46112.

5 On April 30, 2018 the Board of Pharmacy, Department of Consumer Affairs, State of California, issued a Citation and Fine to the Respondent for failure to designate a new representative in charge for a period of four hundred and twenty-eight (428) days. (Board's Exhibit One "A").

Conclusions of Law

1. The Alabama State Board of Pharmacy has jurisdiction of this cause pursuant to Code of Alabama (1975), § 34-23-32, Code of Alabama (1975), § 34-23-32.1 , Code of Alabama (1975), § 34-23-92 (11) and (12), Code of Alabama (1975), § 41-22-12 and Board Rule 680-X-2.23.

2. The Respondent was properly notified of the charges, failed to appear, was not represented by counsel and did not contest the matter in any manner.

3. The Respondent made no objection to the timeliness of the Notice of Hearing or the specificity of the Statement of Charges.

4. The Respondent's wholesale distributor permit and third party logistics permit in the state of Alabama are due to have disciplinary sanctions imposed in that it is guilty of violating Board Rule 680-X-2.23 (3) (k) (1) and Board Rule 680-X-2.23 (3) (k) (3) and it was not qualified to possess the permits, and/or its operation was not consistent with the public safety or endangers the public health of the citizens of this state based upon violating California law relating to non-resident wholesales as set out in the Citation and Fine entered by the California State Board of Pharmacy on April 30, 2018 and/or the failure to have a licensed designated representative in charge for Four Hundred Twenty-Eight (428) days as described in the referenced Citation and Fine.

ORDER

In accordance with the foregoing Findings of Fact and Conclusions of Law, it is hereby ORDERED as follows:

1. The Respondent shall pay the Board an administrative fine of One Thousand (\$1,000.00) Dollars within thirty (30) days of the date of this Final Order and future applications for renewal shall not be granted unless said fine has been paid; and

2. Any future violations of this Order, the Alabama Pharmacy Practice Act, the laws that regulate the sale and/or dispensing of prescription or legend drugs and/or narcotics or any Rule of the Alabama State Board of Pharmacy or the pharmacy law or rules of the Board of Pharmacy of another state may, upon hearing and proof thereof, result in further disciplinary sanctions.

DONE and ORDERED, this 26 day of October 2018.

Case No. 2016-3687

STIPULATION AND FINAL AGENCY ORDER

IN THE MATTER OF DISCIPLINARY PROCEEDINGS REGARDING THE NON-RESIDENT WHOLESALER REGISTRATION IN THE STATE OF COLORADO OF LIFESCIENCE LOGISTICS, REGISTRATION NO. WHO 7828,

Respondent Outlet.

IT IS HEREBY STIPULATED AND AGREED by and between the Colorado State Board of Pharmacy ("Board") and LifeScience Logistics ("Respondent Outlet") to resolve all matters pertaining to Board Case Number 2016-3687, as follows:

FINDINGS AND CONCLUSIONS

1. The Board has jurisdiction over Respondent Outlet, its registration as a non-resident wholesaler outlet, and the subject matter of this Stipulation and Final Agency Order ("Final Agency Order") pursuant to the Pharmacists, Pharmacy Businesses, and Pharmaceuticals Act at Title 12, Article 42.5, C.R.S. (2016).
2. Respondent Outlet was originally registered in the State of Colorado on or about June 29, 2011, being issued registration number WHO 7828, and has been so registered at all times relevant to this disciplinary action.
3. Respondent Outlet's address of record with the Board and current location is 1105 E Northfield Dr., Ste. 300-400, Brownsburg, IN 46112.
4. Respondent Outlet admits these findings and hereby waives any further proof in this proceeding before the Board regarding the following facts.
5. Respondent Outlet failed to timely submit an application to the Board detailing a change in designated representative and fee. In this case, approximately 100 days transpired between November 16, 2015, the date the previous designated representative ceased the position, and February 29, 2016, the date the application and fee were received.
6. On or about July 19, 2016, the Board initiated a complaint against Respondent Outlet because of the delay of approximately 100 days in submitting an application detailing a change in designated representative and fee.

7. Respondent Outlet's conduct, as set forth above, constitutes violations of the following sections of the Colorado Revised Statutes and Board Regulations:

Colorado Revised Statutes

12-42.5-123. Unprofessional conduct – grounds for discipline.

AFFIDAVIT

FOR PROBABLE CAUSE

STATE OF INDIANA, COUNTY OF MARION, SS:

Detective William Vasquez of the Indianapolis Metropolitan Police Department swears (affirms) that: On December 8, 2018, at approximately 2:30am, Sgt. Adams of the IMPD, in full police uniform was working off duty employment at Brothers, located in the 900 block of Broad Ripple Av. At 2:30am, Sgt. Adams is familiar that employees lock the front doors in a manner that only patrons can exit but no additional customers can enter. At approximately 2:40am, a white male, later identified as Chad Surber, 29yoa, attempted to enter the business while the door remained open as a customer exited. Employees then explained to Mr. Surber that it was "exit only" at that point and politely asked him to remove his foot which he'd placed in the threshold of the door, so employees couldn't shut the door. Employee's then removed Mr. Surber's foot. At approximately 2:50am, Mr. Surber yet again committed the same "act" and placed his foot in the threshold, now interfering with customers who were also attempting to exit, blocking the door way. It was once again explained to Mr. Surber to move and leave and stop blocking the door way and his foot was removed again. The right side door remained opened for a moment due to the pressure gage/pump that automatically closes the door moving slowly. Sgt. Adams then grabbed the right door handle with his left hand in attempt to pull the door shut in a quicker manner, seeing that Mr. Surber was still lurking around the corner. At that time, Mr. Surber then quickened his pace towards the door and karate chopped with a right, "knife" hand to Sgt. Adams left forearm while saying, "Hi-Yah"! causing a complaint of pain. Sgt. Adams then opened the door with assisting Officer Neatherly and grabbed Mr. Surber's wrist as he proceeded to back peddle one he saw officers reaching for their handcuffs, proceeding to shutter, "Oh No No No No"! Sgt. Adams on Mr. Surber's right side while Officer Neatherly was on his left side. Mr. Surber was then handcuffed and arrested. At that time, Mr. Surber's demeanor became less than pleasurable. Mr. Surber than began to yell and scream despite repeated request for him to stop, even to the point of causing his other acquaintances who had joined him for evening activities to come outside and see what the commotion was. Mr. Surber then began to look at Sgt. Adams, stepping slowly in his direction while screaming with an irate, red, inflamed, manner/face, spitting while yelling and causing veins to protrude from his neck and forehead while yelling, "you bitch mother fucking faggot asshole dick sucking mother fucking faggot pig!" Mr. Surber was then sat on a nearby IndyGo bus bench.

All events occurred in Marion County, State of Indiana.

I swear (affirm), under penalties of perjury that the above facts are true to the best of my knowledge and belief; and that these facts are from my personal knowledge or that I learned these facts from another law enforcement officer.

 COUNTY OF HENDRICKS)

I Shawn Gruca, who being first duly sworn upon his/her oath or having affirmed states that I am an officer with the Plainfield Police Department and am acting in that capacity at all times material to the following events.

On 04/05/2009 at approximately 1:43 a.m., Plainfield Officers were dispatched to 3635 Homestead Circle East concerning a theft in progress. While en route, dispatch advised responding officers that the complainant had one suspect pinned to the ground awaiting police. Upon my arrival, I observed a white male subject being held down by several subjects across the street from 3635 Homestead Circle East. While making contact, I placed handcuffs on the male subject for officer safety to further investigate the incident. Lying on the ground next to the male suspect was a Cobra radar detector and charging cord that I took into my possession. Also in the front pocket of the suspect was a cell phone that I collected until proper ownership could be identified. At that time, I began asking questions directed toward the male suspect, who initially refused to answer any questions properly except for the response, "Fuck." As I asked questions, I observed the male's eyes to be glossy and bloodshot along with a strong odor commonly associated with alcoholic beverages coming from his breath and person. The male suspect still would not state what his name was, so I made contact with the complainant identified as Thomas Nichols and asked what he observed.

Mr. Nichols stated he was in his garage and heard some noise outside along with the car door being opened. At that time, Mr. Nichols stated he stepped outside his front door and observed two white males standing next to his Mazda Miata with the door standing open. Mr. Nichols stated the two males took off running around his neighbor's residence at which he chased both. Upon running around the back side of the neighbor's house, Mr. Nichols stated the two suspects split up, one running in the direction of Lisa Ln. and the other back around to the front of the house. Mr. Nichols stated he lost sight of the first suspect, but came around to the front to observe the other male standing across the street. At that time, the male was caught by Derek Nichols and held down until Officers arrived on scene. Mr. Nichols stated while holding the suspect, the suspect began to pull a radar detector out of his pocket as the Officers were arriving on scene.

Contact was again made with the suspect who finally stated his name was Chad Surber. Mr. Surber continued to be belligerent and not answer questions properly so I shut the door of the police vehicle. At that time, Mr. Surber began kicking around the interior of the back seat of the police car while yelling. To assist in looking for the second suspect, I left the area to complete an area search on foot while Officer Stewart attempted to speak with Mr. Surber and

seatbelt him in the car. Mr. Surber refused to sit back in the seat to accommodate the seatbelt so Officer Stewart grabbed the back of his shirt to pull him back in the seat. Officer Stewart then leaned across Mr. Surber to fasten the belt when Mr. Surber continued his yelling and moved his head forward in a manner that was indicative of a head butt. Officer Stewart while attempting to fasten the belt, utilized his forearm to push Mr. Surber back in the seat to protect himself from potential injury.

While Officer Stewart was standing by with Mr. Surber, I was still conducting an area search for the second suspect. While on foot, I observed multiple phone calls being received on the cell phone I had taken off of Mr. Surber. The phone calls continued for about 10 minutes, until I returned to Officer Stewart and Mr. Surber. At that time, Officer Stewart answered the phone on the next call at which the male identified himself as Graham. Graham stated to Officer Stewart that the phone he was using was stolen and it belonged to Chad Surber who was sleeping at his house. Officer Stewart continued the conversation and advised Graham to wait outside his residence and Officers would be there. Officer Stewart and Officer Nolin proceeded to [REDACTED] Ct. and met Graham outside his residence.

While Officer Stewart and Officer Nolin proceeded to the second residence for further investigation, I remained at [REDACTED] to gather all necessary information. While collecting information and speaking with Mr. Nichols about his Mazda Miata that the two suspects got in, it was observed the rear section of the convertible top and window was torn. Mr. Nichols advised the damage appeared to be new because it was last seen this past Friday and all was fine. During this time, Lt. McKee had arrived on scene and read Mr. Surber his Miranda Rights. Mr. Surber advised he understood and Lt. McKee further inquired about the incident. Mr. Surber finally spoke about the incident and admitted that he took the radar detector from a vehicle, but couldn't remember which one. Mr. Surber was later transported to the Hendricks County Jail where he submitted to a portable breath test that registered his alcohol level to be .09%BrAC. Mr. Surber was charged with Theft, Resisting Law Enforcement, Public Intoxication, Minor in Consumption of Alcohol, and Criminal Mischief.

Officer Stewart and Officer Nolin began to speak with Graham at the second residence concerning the cell phone. During the conversation, Graham had advised that a juvenile identified as EG had just walked back to the residence and was inside. Also during the conversation, an odor commonly associated with alcoholic beverages could be smelled and Graham submitted to a portable breath test that registered his BrAC to be .05%. Officer Stewart and Officer Nolin located EG inside along with a female identified as Jessica Roach. While speaking with EG, EG later stated he was with Chad earlier and that Chad is the one who pushed in the window of the convertible. EG was arrested on scene and released to his mother after registering .08%BrAC on a portable breath test. The female, Jessica Roach also submitted to a portable breath test that registered her at .03%BrAC. Jessica and Graham was placed under arrest for Minor in Consumption of Alcohol and transported to the Hendricks County Jail.

While on scene, Officers attempted to locate the vehicle that the radar detector was taken from, but no match was found. I advised day shift officers of the incident and to pass all forwarding information to me concerning a report of a theft from vehicle in the area. I was advised later, that a male identified as Melvin Hirtzel called to report his radar detector stolen from [REDACTED] Circle East. Upon starting shift assignment at 6:00 p.m., I proceeded to [REDACTED] and made contact with Mr. Hirtzel. Mr. Hirtzel stated his 2000 Volkswagen Beetle was left unlocked overnight and later observed his Cobra Radar Detector was missing in the morning. Mr. Hirtzel was able to identify the detector I had in my possession while providing paperwork as well. The radar was then returned to Mr. Hirtzel.

PROBABLE CAUSE AFFIDAVIT

I, Patrolman John Clossey who, being first duly sworn upon his/her oath or having affirmed states:

On 10-09-2010 at approximately 2142 hrs I made a traffic stop on a Blue Buick plate # [REDACTED] for speeding 47mph in a 30 mph zone. Upon making contact with the driver I smelled a strong odor of an alcoholic beverage and marijuana emitting from the person and breath of the driver and passenger as well the the interior of the car. While I spoke with the driver patrolman Matt Baker Clayton Police Department spoke with the passenger. While obtaining the vehicle registration the driver identified himself as Chad Anthony Surber with a [REDACTED]. He told me he did not have his license with him due to having lost it. I could also observe an open styrofoam cooler on the back seat with alcoholic beverages inside it. I then had the driver step out of the vehicle at which time I observed a small clear plastic bag in the driver door pocket with a green leafy substance commonly known as marijuana. During this time the passenger identified as Ethan Matthew Gray [REDACTED] told officer Baker that there was beer in the cooler and also marijuana in the car. At this time both were detained and a small bag of marijuana, two marijuana pipes and a cooler with several Keystone lcc beers and a bottle of Captian Morgans was recovered from the car. Both subjects were then tested on the PBT. Mr. Surber tested .02 and Mr. Gray tested .008. After being tested both subjects admitted to having smoked marijuana and drinking beer. Mr. Gray was cited at the scene for Minor Consuming Alcohol and released to his parents. Mr. Surber admitted that the marijuana and alcoholic beverages found in the car were his. Mr. Surber was placed under arrest and charged with Possession of Marijuana, Possession of Paraphernalia, Minor Possessing Alcohol and Minor Consuming Alcohol. I issued Mr. Surber a written warning for the speed 47mph/30mph. He was then transported to the Hendricks County Jail and booked on the above charges. His vehicle was released to his parents.

I swear (affirm) under penalty of perjury as specified by I.C.35-44-2-1 that the foregoing representations are true.

PROBABLE CAUSE AFFIDAVIT

I, Javie P. Settlement who, being first duly sworn upon his/her oath or having affirmed states:

On October 29 2011 at around 1243 pm myself and officer Bell was sent to a call of someone smoking marijuana in a apartment located at [REDACTED]. The caller stated the smell was very strong and that he was on probation and did not want it in his system. He stated that he could smell the marijuana in his apartment.

Upon our arrival we met with the RP at the front door. He said the smoke was coming from [REDACTED].

As we were standing in the hallway the marijuana smell was overpowering.

We walked up stairs to apartment #4 and stood outside the door. It was obvious that the smell was coming from [REDACTED]. After standing outside the door for a few minutes we could hear a younger sounding male talking inside. We could also hear a grown male and a female. I knocked on the door. A female asked who it was. I responded with "its Joe". A few seconds went by and we could hear stuff being moved around and a fair amount of activity. Eventually a male opened the door. When he opened the door the smell of marijuana was overwhelming. A smoke haze was clearly visible. I also could clearly see a young male of about eight or nine sitting on the couch.

After making contact with the male he was very uncooperative and cocky. He denied smoking any marijuana. After speaking with him for a few minutes he started to push the door closed. Based on the very strong smell of marijuana in the apartment along with the young kid sitting on the couch and knowing how easy it would be to destroy any remaining marijuana, myself and officer Bell blocked the door from being closed and pushed it open. At that point the male backed up and we walked in.

Eventually the female in the apartment walked out of the back room. Officer Bell took her out into the hallway and spoke with her. A few minutes later she walked back inside, walked over to the living room and picked up a pan that had marijuana as well as paraphernalia on it.

The male who claimed ownership was a Chad Surber. He admitted he had a conviction for possession of marijuana last year. Chad Surber was still being very cocky and belligerent.

The young male turned out to be 9 years old. The female in the apartment was Shannon Marie Malony [REDACTED]. The young male is her brother. She said he was staying over for the night. We told Shannon to call her parent to come and pick up her brother so we could get him out of the marijuana smoke. A short time later they showed up. The mother was less than cooperative. She seemed to not be concerned about her 9 year old son being around marijuana smoke and in fact directed criticism to officer Bell and myself.

Records check showed Chad Surber with a possession of marijuana conviction in 2010. At that point I placed Chad Surber under arrest for possession of marijuana as a class D felony. At that point I removed Chad from the apartment to my car and transported him to the jail and turned him over to the jail staff. The marijuana and paraphernalia was entered into evidence.

I swear (affirm) under penalty of perjury as specified by I.C.35-44-2-1 that the foregoing representations are true.

I was Westbound on East Main Street when I observed a gold vehicle being operated ahead of my fully marked police car. I positioned myself so that I could clearly view the vehicle and gauge its speed, based upon the certified speedometer in my police vehicle, I paced the gold colored vehicle for approximately one mile, upon which the vehicle was observed operating at approximately 55 mile per hour in a posted 40 mile per hour zone. The vehicle made a right turn (North) into the business complex of Old Farm and East Main Street, heading towards Jack's Pizza, located at 1350 E Main Street, Danville. As the vehicle parked at the business, I activated my emergency police lights on my fully marked police vehicle to conduct a traffic stop. I advised the driver I had paced him at 55 mph in a 40 mph zone. I asked for his driver's license and registration to the vehicle he was operating. I ran Mr. Surber through IDAC's, he returned as a suspended - prior operator. Mr. Surber was issued a citation for his speed of 55 mph in a 40 mph zone, along with an Information and Summons for DWS-P.

COUNTY OF HENDRICKS

PROBABLE CAUSE AFFIDAVIT

I Daniel J. Parrott being first duly sworn states that I am a Deputy Sheriff for Hendricks County, State of Indiana and was acting in my official capacity during all times material. On 5-30-2008 I was sitting in the Wendys restaurant at CR 525E and US 36. I observed a blue and white 2 door SUV drive past the front of the building. I observed a white male in the rear seat holding something pinched between his middle finger and thumb. This is how persons typically hold and smoke marijuana cigarettes. It had smoke rising from it and appeared to be very small. He then placed it to his mouth. It was then passed to a front seat passenger but I did not see who took it. The vehicle entered the drive through window lane. I then exited the building and approached the vehicle. When I began speaking with the driver I smelled the odor of marijuana coming from the vehicle. I asked what the rear seat passenger had been smoking and he advised nothing at all. I then requested that he exit the vehicle. The driver exited to allow him to do so. When they exited I smelled the odor of burnt marijuana on the clothing of both subjects. When I asked the passenger if there was any marijuana in the car the driver advised that he had some in his pocket. He then removed a small plastic baggie from his right front pants pocket. It contained a greenish brown dried vegetation identifiable as marijuana. The driver was then identified as Jacob W. Moore [REDACTED] and the rear passenger was identified as Chad A. Surber [REDACTED]. I also spoke with the front seat passenger a 15 year old female. She had symptoms of marijuana ingestion as well. She was subsequently released to her parent and admitted to smoking marijuana with Surber and Moore. I then located a small end of a marijuana cigarette in the ashtray for the front seat of the vehicle that I believe was the one I had seen Surber smoking. Both Surber and Moore were taken to the Hendricks County Jail on the charge of possession of Marijuana under 30 grams as a class "A" misdemeanor. I am requesting the court find probable cause for the arrests of the defendants. I swear (affirm) under penalty of perjury as specified by I.C. 35-44-2-1 that the foregoing representations are true

This is in response to Question # 6. Provide all the following where applicable:

Date of Event/Arrest 06/2019	Disposition Date 06/2020	State AL	City Birmingham	County
Case #		Governing, licensing, Arresting Presiding Body/Agency/Court Alabama Board of Pharmacy		
Reason/Charge Violation of BOP Code of Conduct				
Plaintiff/Defendant/Claimant/Respondent			Lawsuit/Arbitration/Bankruptcy	
Name of Business/Industry/Entity B&B Pharmaceuticals, Inc				

Provide explanation below:

B&B Pharmaceuticals, Inc. received a warning letter from the FDA on 06/04/2019. The warning letter indicated concerns regarding B&B's adherence to cGMP guidelines. B&B received a closeout letter from the FDA on 02/10/2020 and subsequent ISO 9001:2015 certification in July of 2020. The Alabama Board of Pharmacy, however, had issue with the warning letter. They claimed that violating the cGMP guidelines constituted a violation of their code of conduct, which subjected B&B to penalties. Although I did appear before the Alabama board, the parent organization of B&B shut down the company before a settlement was made, so far as I know.

Provide explanation below:

B&B Pharmaceuticals, Inc. received a warning letter from the FDA on 06/04/2019. The warning letter indicated concerns regarding B&B's adherence to cGMP guidelines. B&B received a closeout letter from the FDA on 02/10/2020 and subsequent ISO 9001:2015 certification in July of 2020. The Alabama Board of Pharmacy, however, had issue with the warning letter. They claimed that violating the cGMP guidelines constituted a violation of their code of conduct, which subjected B&B to penalties. Although I did appear before the Alabama board, the parent organization of B&B shut down the company before a settlement was made, so far as I know.

Privileged and Confidential

March 7, 2022

To Whom it May Concern:

I am U.S. outside counsel to Strides Pharma Inc. (the "Company") and have been for at least three years. The purpose of this Privileged and Confidential communication is to confirm the history and the outcome of the deficiency fines assessed against the Company by the state of Nevada.

I was the outside general counsel for the Company when the Nevada Department of Human Services letter dated September 30, 2019 (the "Letter") was received by the Company and is attached hereto as Exhibit A. The Company rectified the deficiency on October 14, 2019 by filing all of the required sales data with the state.

As you know, the Letter initially cited reporting failures on behalf of one product the Company sold into the state of Nevada. The Letter initially sanctioned a fine of \$910,000 against the Company (the "Penalty"), to which the Company took exception. After discussing and preparing a thorough defense to this Penalty, we conducted several internal meetings and prepared for a dispute resolution meeting with the state. We next had an informal dispute resolution meeting on January 9, 2020, where we were partially successful and lowered the Penalty to \$271,350 (the "New Penalty") as set forth in a letter from the state of Nevada dated February 6, 2020 and attached here as Exhibit B.

The Company next sent a check in the full amount of the New Penalty to the state of Nevada on March 4, 2020. The check was cashed by the state and is attached hereto as Exhibit C. That was the last we heard of this matter, and to my knowledge, this matter is resolved with the state of Nevada and does not impact any future sales into the state. Also to my knowledge, the Company has been filing timely reports of products it sells into the state of Nevada since this incident.

If you should have any questions, or if I may be of further assistance, please don't hesitate to contact me at 914-772-9973 or via email at: da@pharmatechlaw.com

Kind regards,

Dimitrios J. Angelis, Esq.

NOTICE OF ADMINISTRATIVE PENALTY

YOU ARE HEREBY NOTIFIED that the Department of Health and Human Services (DHHS) is imposing upon your organization an administrative penalty of \$910,000 for violation of Nevada Revised Statutes (NRS) 439B.635-640. Due to continued noncompliance with reporting requirements, DHHS reserves the right to impose additional penalties until you come into compliance with reporting requirements according to NRS 439B.695(2).

Statutory Authority

DHHS is imposing a penalty in accordance with NRS 439B.695(2), that states:

If a manufacturer fails to provide to the Department the information required by NRS 439B.635, 439B.640 or 439B.660, a pharmacy benefit manager fails to provide to the Department the information required by NRS 439B.645, a nonprofit organization fails to post or provide to the Department, as applicable, the information required by NRS 439B.665 or a manufacturer, pharmacy benefit manager or nonprofit organization fails to post or provide, as applicable, such information on a timely basis, and the failure was not caused by excusable neglect, technical problems or other extenuating circumstances, the Department may impose against the manufacturer, pharmacy benefit manager or nonprofit organization, as applicable, an administrative penalty of not more than \$5,000 for each day of such failure.

Facts Supporting the Administrative Penalty

As mandated by NRS 439B.635-640, manufacturers of prescription drugs that appear on the 2019 list compiled by DHHS pursuant to NRS 439B.630 were required to prepare and submit an annual report on or before April 1, 2019. By the required submission date, DHHS did not receive a report from your organization even though your organization manufactured drugs that appeared on the beforementioned list. Additionally, DHHS verified that your company's essential diabetes drugs were purchased by Medicaid patients in Nevada in 2018. Your organization was notified on 8/23/2019 of noncompliance with pharmaceutical drug manufacturer reporting requirements outlined in Nevada Revised Statutes (NRS) 439B.635-640. Your organization has not yet responded

Re: Penalty for non-compliance with reporting requirements of Nevada Revised Statutes (NRS) 439B.695

To Whom It May Concern:

Thank you for participating in the Nevada Department of Health and Human Services (DHHS) informal dispute resolution meeting on 1/9/2020. This letter will serve to notify you that you were out of compliance with Nevada Revised Statutes (NRS) 439B.635-640; memorialize the actions taken by DHHS to resolve noncompliance; and inform you of the immediate steps which are necessary for resolution.

Nevada Revised Statutes (NRS) 439B.635-640 requires manufacturers that produce essential diabetes drugs defined by DHHS to submit information to the Department. Additionally, if a drug on the list had a significant price increase, manufacturers are also required to submit a report describing the reasons for the increase in price.

Your organization is defined as the manufacturer of drugs included in the 2019 DHHS Essential Diabetes Drug List for which a report was due on April 1, 2019. By the required submission date, DHHS did not receive a report from Strides Pharma. On 8/23/2019, your organization was notified of non-compliance with pharmaceutical drug manufacturer reporting requirements and on 10/14/2019 DHHS received your complete report.

NRS 439B.695 gives DHHS the authority to impose a penalty of \$5,000 per day to drug manufacturers for failure to comply with the requirements stated. Based on your organization's noncompliance with the report due date, the timeliness of completion of the required report and information provided at the informal dispute resolution meeting, a penalty in the amount of \$271,350.00 will be assessed against Strides Pharma.

Payment of the aforementioned amount is due to DHHS by March 6, 2020. Payment should be submitted to the following address and checks can be addressed to "Department of Health and Human Services."

Department of Health and Human Services
Director's Office
4126 Technology Way, Suite 100
Carson City, NV 89706

If the payment is not received by March 6, 2020, DHHS will refer the case to the State of Nevada Attorney General's Office to produce a court order to obtain the penalty.

Sincerely,

Richard Whitley, MS
Director

July 01, 2019

Mr. Arun Kumar
Chief Executive Officer/Managing Director

Strides Pharma Science Limited

Strides House, Bilekahalli

Bannerghatta Road

Bangalore 560076

India

Dear Mr. Kumar:

The U.S. Food and Drug Administration (FDA) inspected your drug manufacturing facility, Strides Pharma Science Limited at Unit-II, R. S. No.: 32, 33 & 34 PIMS Road Periyakalpet, Puducherry, from January 28 to February 5, 2019.

This warning letter summarizes significant violations of current good manufacturing practice (CGMP) regulations for finished pharmaceuticals. See 21 CFR, parts 210 and 211.

Because your methods, facilities, or controls for manufacturing, processing, packing, or holding do not conform to CGMP, your drug products are adulterated within the meaning of section 501(a)(2)(B) of the Federal Food, Drug, and Cosmetic Act (FD&C Act), 21 U.S.C. 351(a)(2)(B).

We reviewed your February 26, 2019, response in detail and acknowledge receipt of your subsequent correspondence.

During our inspection, our investigators observed specific violations including, but not limited to, the following.

1. Your firm failed to establish an adequate quality control unit with the responsibility and authority to approve or reject all components, drug product containers, closures, in-process materials, packaging materials, labeling, and drug products (21 CFR 211.22(a)).

Your quality unit (QU) lacks appropriate responsibility and control over your drug manufacturing operations.

During the inspection, our investigator observed discarded CGMP documents and evidence of uncontrolled shredding of documents. For example, multiple bags of uncontrolled CGMP documents with color coding indicating they were from drug production, quality, and laboratory operations were awaiting shredding. Our investigator also found a blue binder containing CGMP records, including batch records for U.S. drug products, discarded with other records in a 55-gallon drum in your scrap yard. CGMP documents in the binder were dated as recently as January 21, 2019: seven days before our inspection. Your QU did not review or check these documents prior to disposal.

Your QU is responsible for the oversight of your drug manufacturing operations, including the review and approval of documents and document controls, to ensure a complete contemporaneous record of each batch of drug product manufactured. That record is retained for CGMP purposes including annual review. In addition, your QU is responsible for ensuring your production areas are adequately monitored and that employees understand your firm's procedures and their assigned tasks.

The uncontrolled destruction of CGMP records, and your lack of adequate documentation practices, raise questions about the effectiveness of your QU and the integrity and accuracy of your CGMP records.

In your response you state the binder of CGMP documents in your scrap yard was "inadvertently come [sic] to scrap yard" and that you were investigating the issue. You also committed to using bound log books and restricting printing to reduce uncontrolled documents. In addition, you committed to strengthen your training program to include instructor-led classes geared towards good documentation practices.

Your response is inadequate because, while you acknowledge the binder of CGMP records in your scrap yard, you did not assess other documents found in the scrapyard, nor did you assess how poor documentation practices affected distributed drug product or how you would strengthen your QU oversight.

Your firm's quality systems are inadequate. See FDA's guidance document *Quality Systems Approach to Pharmaceutical CGMP Regulations* for help implementing quality systems and risk management approaches to meet the requirements of CGMP regulations 21 CFR, parts 210 and 211 at <https://www.fda.gov/media/71023/download> (<https://www.fda.gov/media/71023/download%0d>)

2. Your firm failed to thoroughly investigate any unexplained discrepancy or failure of a batch or any of its components to meet any of its specifications, whether or not the batch has already been distributed (21 CFR 211.192).

Your firm's investigations of out-of-specification (OOS) results were closed without adequate scientific justification. For example, you opened an OOS investigation for (b)(4) USP active pharmaceutical ingredient (API) for an unknown impurity which exceeded your specification. Your investigation identified an "old reagent" as a root cause, despite your inability to reproduce the unknown impurity. You subsequently retested a new sample with fresh reagents and used the passing results to release the API for use in producing your (b)(4) USP drug product. You did not evaluate the original failing API sample. Your root cause determination and investigation were not scientifically justified.

In your response you acknowledged that the original sample should have been tested as part of your investigation to determine a root cause and that the final root cause was not definitively concluded. You analyzed reserve samples for the lots of drug product manufactured with the API and found them to meet specifications. You also provided a retrospective review for all of your previous "invalidated" OOS results for products manufactured between January 2017 and March 2019.

Your response is inadequate. You failed to include the data that supports your reserve sample testing for batches manufactured containing the lot of API identified in your OOS investigation. In addition, you identified nine additional OOS investigations in which your root cause determination and investigation were not scientifically justified. You did not extend your investigation to include any associated reserve samples of batches that may have been manufactured using OOS materials.

In response to this letter:

- For any OOS results with inconclusive or no root cause identified in the laboratory, include a thorough review of production (e.g., batch manufacturing records, adequacy of the manufacturing steps, raw materials, process capability, deviation history, batch failure history). Provide a corrective action and preventive action (CAPA) plan that identifies root causes and specifies meaningful improvements.
- Provide all reserve sample testing results. Include all analytical data for the API and drug product batches, including any batches manufactured using API with associated OOS results with inconclusive or no root cause.

For more information about proper handling of OOS results and documenting your investigations, refer to the FDA guidance for industry *Investigating OOS Test Results for Pharmaceutical Production* at

<https://www.fda.gov/downloads/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/UCM070287.pdf> (<https://www.fda.gov/downloads/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/UCM070287.pdf>)

Data Integrity Remediation

Your quality system does not adequately ensure the accuracy and integrity of data to support the safety, effectiveness, and quality of the drugs you manufacture. See FDA's guidance document *Data Integrity and Compliance With Drug CGMP* for guidance on establishing and following CGMP-compliant data integrity practices at <https://www.fda.gov/downloads/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/UCM495891.pdf> (<https://www.fda.gov/downloads/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/UCM495891.pdf>).

We strongly recommend that you retain a qualified consultant to assist in your remediation.

In response to this letter, provide the following:

- A. An assessment of the extent of data integrity deficiencies at your facility. Identify omissions, alterations, deletions, record destruction, non-contemporaneous record completion, and other deficiencies. Describe all parts of your facility's operations in which you discovered data integrity lapses.
- B. A current risk assessment of the potential effects of the observed failures on the quality of your drugs. Your assessment should include analyses of the risks to patients caused by the release of drugs affected by a lapse of data integrity and analyses of the risks posed by ongoing operations.
- C. A management strategy for your firm that includes the details of your global corrective action and preventive action plan. The detailed corrective action plan should describe how you intend to ensure the reliability and completeness of all data generated by your firm, including microbiological and analytical data, manufacturing records, and all data submitted to FDA.

Conclusion

Violations cited in this letter are not intended as an all-inclusive list. You are responsible for investigating these violations, for determining the causes, for preventing their recurrence, and for preventing other violations in all your facilities.

If you are considering an action that is likely to lead to a disruption in the supply of drugs produced at your facility, FDA requests that you contact CDER's Drug Shortages Staff immediately, at drugshortages@fda.hhs.gov, so that FDA can work with you on the most effective way to bring your operations into compliance with the law. Contacting the Drug Shortages Staff also allows you to meet any obligations you may have to report discontinuances or interruptions in your drug manufacture under 21 U.S.C. 356C(b) and allows FDA to consider, as soon as possible, what actions, if any, may be needed to avoid shortages and protect the health of patients who depend on your products.

Until you correct all violations completely and we confirm your compliance with CGMP, FDA may withhold approval of any new applications or supplements listing your firm as a drug manufacturer.

Failure to correct these violations may also result in FDA refusing admission of articles manufactured at Strides Pharma Science Limited, FEI 3012448465, at Unit-II, R. S. No.: 32, 33 & 34 PIMS Road Periyakalapet, Puducherry into the United States under section 801(a)(3) of the FD&C Act, 21 U.S.C. 381(a)(3). Under the same authority, articles may be subject to refusal of admission, in that the methods and controls used in their manufacture do not appear to conform to CGMP within the meaning of section 501(a)(2)(B) of the FD&C Act, 21 U.S.C. 351(a)(2)(B).

After you receive this letter, respond to this office in writing within 15 working days. Specify what you have done since our inspection to correct your violations and to prevent their recurrence. If you cannot complete corrective actions within 15 working days, state your reasons for delay and your schedule for completion.

Send your electronic reply to CDER-OC-OMQ-Communications@fda.hhs.gov (<mailto:CDER-OC-OMQ-Communications@fda.hhs.gov>) or mail your reply to:

The California State Board of Pharmacy has placed my CA RPH license on probation for 5 years effective 4/21/2022. My CA RPH license is placed on probation as a result of the Stipulated Settlement of CA Board Accusation case #7025. The AC #7025 case was primarily a case about failure to comply with the RPH Corresponding Responsibilities regarding controlled substances. I was part owner, and PIC of Top Drugs Pharmacy from 2018 to 2022 when I was audited by the CA Board of pharmacy inspector during a routine pharmacy inspection in 2020. The Board Inspector audited my controlled prescriptions, and discovered that I was not in compliance with the RPH Corresponding Responsibilities and Red Flags in filling controlled prescriptions.

6 every right set forth above.

7 **CULPABILITY**

8 9. Respondent understands and agrees that the charges and allegations in Accusation
9 No. 7025, if proven at a hearing, constitute cause for imposing discipline upon her Pharmacist
10 License.

11 10. For the purpose of resolving the Accusation without the expense and uncertainty of
12 further proceedings, Respondent agrees that, at a hearing, Complainant could establish a factual
13 basis for the charges in the Accusation, and that Respondent hereby gives up her right to contest
14 those charges.

15 11. Respondent agrees that her Pharmacist License is subject to discipline and she agrees
16 to be bound by the Board's probationary terms as set forth in the Disciplinary Order below.

17 **CONTINGENCY**

18 12. This stipulation shall be subject to approval by the Board of Pharmacy. Respondent
19 understands and agrees that counsel for Complainant and the staff of the Board of Pharmacy may
20 communicate directly with the Board regarding this stipulation and settlement, without notice to
21 or participation by Respondent or its counsel. By signing the stipulation, Respondent understands
22 and agrees that she may not withdraw its agreement or seek to rescind the stipulation prior to the
23 time the Board considers and acts upon it. If the Board fails to adopt this stipulation as its
24 Decision and Order, the Stipulated Settlement and Disciplinary Order shall be of no force or
25 effect, except for this paragraph, it shall be inadmissible in any legal action between the parties,
26 and the Board shall not be disqualified from further action by having considered this matter.

13. The parties understand and agree that Portable Document Format (PDF) and facsimile copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile signatures thereto, shall have the same force and effect as the originals.

14. This Stipulated Settlement and Disciplinary Order is intended by the parties to be an integrated writing representing the complete, final, and exclusive embodiment of their agreement. It supersedes any and all prior or contemporaneous agreements, understandings, discussions, negotiations, and commitments (written or oral). This Stipulated Settlement and Disciplinary Order may not be altered, amended, modified, supplemented, or otherwise changed except by a writing executed by an authorized representative of each of the parties.

15. In consideration of the foregoing admissions and stipulations, the parties agree that the Board may, without further notice or formal proceeding, issue and enter the following Disciplinary Order:

3 pharmacist as directed by the board or its designee.

4 **6. Reporting of Employment and Notice to Employers**

5 During the period of probation, Respondent shall notify all present and prospective

8 Within thirty (30) days of the effective date of this decision, and within ten (10) days of
9 undertaking any new employment, Respondent shall report to the board in writing the name,
10 physical address, and mailing address of each of her employer(s), and the name(s) and telephone
11 number(s) of all of her direct supervisor(s), as well as any pharmacist(s)-in-charge, designated

17 concerning respondent's work status, performance, and monitoring. Failure to comply with the
18 requirements or deadlines of this condition shall be considered a violation of probation.

19 Within thirty (30) days of the effective date of this decision, and within fifteen (15) days of
20 Respondent undertaking any new employment, Respondent shall cause (a) her direct supervisor,
21 (b) her pharmacist-in-charge, designated representative-in-charge, responsible manager, or other

24 number 7025, and terms and conditions imposed thereby. If one person serves in more than one
25 role described in (a), (b), or (c), the acknowledgment shall so state. It shall be Respondent's
26 responsibility to ensure that these acknowledgment(s) are timely submitted to the board. In the
27 event of a change in the person(s) serving the role(s) described in (a), (b), or (c) during the term
28 of probation, Respondent shall cause the person(s) taking over the role(s) to report to the board in

1 writing within fifteen (15) days of the change acknowledging that he or she has read the decision
2 in case number 7025, and the terms and conditions imposed thereby.

3 If Respondent works for or is employed by or through an employment service, Respondent
4 must notify the person(s) described in (a), (b), and (c) above at every entity licensed by the board

6 respondent commencing work at such licensed entity. A record of this notification must be
7 provided to the board upon request.

8 Furthermore, within thirty (30) days of the effective date of this decision, and within fifteen
9 (15) days of respondent undertaking any new employment by or through an employment service,
10 Respondent shall cause the person(s) described in (a), (b), and (c) above at the employment
11 service to report to the board in writing acknowledging that he or she has read the decision in case
12 number, and the terms and conditions imposed thereby. It shall be Respondent's responsibility to
13 ensure that these acknowledgment(s) are timely submitted to the board.

15 person(s) with that/those employer(s) to submit timely written acknowledgments to the board
16 shall be considered a violation of probation.

17 "Employment" within the meaning of this provision includes any full-time, part-time,
18 temporary, relief, or employment/management service position as a pharmacist, or any position
19 for which a pharmacist is a requirement or criterion for employment, whether Respondent is an
20 employee, independent contractor or volunteer.

21 **7. Notification of Change(s) in Name, Address(es), or Phone Number(s)**

22 Respondent shall further notify the board in writing within ten (10) days of any change in

27 During the period of probation, Respondent shall not supervise any intern pharmacist, be
28 the pharmacist-in-charge, designated representative-in-charge, responsible manager or other

1 compliance supervisor of any entity licensed by the board, nor serve as a consultant. Assumption
2 of any such unauthorized supervision responsibilities shall be considered a violation of probation.

3 **9. Reimbursement of Board Costs**

4 As a condition precedent to successful completion of probation, Respondent shall pay to the
5 board its costs of investigation and prosecution in the amount of \$15,000.00 and shall be jointly
6 and severally liable for those costs with Respondents Tom Thuy Phung and Top Drugs Pharmacy,
7 Inc., dba Top Drugs Pharmacy. Respondent shall be permitted to pay these costs in a payment
8 plan approved by the board or its designee, so long as full payment is completed no later than one
9 (1) year prior to the end date of probation. There shall be no deviation from this schedule absent
10 prior written approval by the board or its designee. Failure to pay costs by the deadline(s) as
11 directed shall be considered a violation of probation.

25 conditions of this probation not previously satisfied.

1 **12. License Surrender While on Probation/Suspension**

2 Following the effective date of this decision, should Respondent cease practice due to
3 retirement or health, or be otherwise unable to satisfy the terms and conditions of probation,
4 Respondent may relinquish her license, including any indicia of licensure issued by the board,
5 along with a request to surrender the license. The board or its designee shall have the discretion
6 whether to accept the surrender or take any other action it deems appropriate and reasonable.
7 Upon formal acceptance of the surrender of the license, Respondent will no longer be subject to
8 the terms and conditions of probation. This surrender constitutes a record of discipline and shall
9 become a part of Respondent's license history with the board.

10 Upon acceptance of the surrender, Respondent shall relinquish her pocket and/or wall
11 license, including any indicia of licensure not previously provided to the board within ten (10)
12 days of notification by the board that the surrender is accepted if not already provided.
13 Respondent may not reapply for any license from the board for three (3) years from the effective
14 date of the surrender. Respondent shall meet all requirements applicable to the license sought as
15 of the date the application for that license is submitted to the board, including any outstanding
16 costs.

17 **13. Practice Requirement – Extension of Probation**

18 Except during periods of suspension, Respondent shall, at all times while on probation, be
19 employed as a pharmacist in California for a minimum of 120 hours per calendar month. Any
20 month during which this minimum is not met shall extend the period of probation by one month.
21 During any such period of insufficient employment, Respondent must nonetheless comply with
22 all terms and conditions of probation, unless Respondent receives a waiver in writing from the
23 board or its designee.

24 If Respondent does not practice as a pharmacist in California for the minimum number of
25 hours in any calendar month, for any reason (including vacation), Respondent shall notify the
26 board in writing within ten (10) days of the conclusion of that calendar month. This notification
27 shall include at least: the date(s), location(s), and hours of last practice; the reason(s) for the
28 interruption or reduction in practice; and the anticipated date(s) on which Respondent will resume

1 practice at the required level. Respondent shall further notify the board in writing within ten (10)
2 days following the next calendar month during which respondent practices as a pharmacist in
3 California for the minimum of hours. Any failure to timely provide such notification(s) shall be
4 considered a violation of probation.

5 It is a violation of probation for Respondent's probation to be extended pursuant to the
6 provisions of this condition for a total period, counting consecutive and non-consecutive months,
7 exceeding thirty-six (36) months. The board or its designee may post a notice of the extended
8 probation period on its website.

9 14. Violation of Probation

10 If Respondent has not complied with any term or condition of probation, the board shall
11 have continuing jurisdiction over Respondent, and the board shall provide notice to Respondent
12 that probation shall automatically be extended, until all terms and conditions have been satisfied
13 or the board has taken other action as deemed appropriate to treat the failure to comply as a
14 violation of probation, to terminate probation, and to impose the penalty that was stayed. The
15 board or its designee may post a notice of the extended probation period on its website.

16 If Respondent violates probation in any respect, the board, after giving Respondent notice
17 and an opportunity to be heard, may revoke probation and carry out the disciplinary order that
18 was stayed. If a petition to revoke probation or an accusation is filed against Respondent during
19 probation, or the preparation of an accusation or petition to revoke probation is requested from
20 the Office of the Attorney General, the board shall have continuing jurisdiction and the period of
21 probation shall be automatically extended until the petition to revoke probation or accusation is
22 heard and decided, and the charges and allegations in Accusation No. 7025 shall be deemed true
23 and correct.

24 15. Completion of Probation

25 Upon written notice by the board or its designee indicating successful completion of
26 probation, Respondent's license will be fully restored.

27 ///

28 ///

3 board or its designee, for prior approval, an appropriate program of remedial education related to
4 corresponding responsibility. The program of remedial education shall consist of at least ten
5 hours completed each year of probation. All remedial education shall be in addition to, and shall
6 not be credited toward, continuing education (CE) courses used for license renewal purposes for
7 pharmacists.

8 Failure to timely submit for approval or complete the approved remedial education shall be
9 considered a violation of probation. The period of probation will be automatically extended until
10 such remedial education is successfully completed and written proof, in a form acceptable to the
11 board, is provided to the board or its designee.

12 Following the completion of each course, the board or its designee may require
13 Respondent, at her own expense, to take an approved examination to test Respondent's
14 knowledge of the course. If Respondent does not achieve a passing score on the examination that
15 course shall not count towards satisfaction of this term. Respondent shall take another course
16 approved by the board in the same subject area.

17 **17. Board's One-Day Training Program**

18 Within the first year of probation, Respondent shall enroll in the Board's one-day, six (6)

20 Respondent's expense. Respondent shall provide proof of enrollment upon request. Within thirty
21 (30) days of completion, Respondent shall submit a copy of the certificate of completion to the
22 Board or its designee. Failure to timely enroll in the training program, to initiate the training
23 program during the first year of probation, to successfully complete it before the second year of
24 probation, or to timely submit proof of completion to the Board or its designee, shall be
25 considered a violation of probation.

26 **18. Ethics Course**

27 Within sixty (60) calendar days of the effective date of this decision, Respondent shall
28 enroll in a course in ethics, at Respondent's expense, approved in advance by the board or its

designee that complies with Title 16 California Code of Regulations section 1773.5. Respondent shall provide proof of enrollment upon request. Within five (5) days of completion, Respondent shall submit a copy of the certificate of completion to the board or its designee. Failure to timely enroll in an approved ethics course, to initiate the course during the first year of probation, to successfully complete it before the end of the second year of probation, or to timely submit proof of completion to the board or its designee, shall be considered a violation of probation.

19. **Supervised Practice**

As part of the documentation submitted, Respondent shall cause the proposed replacement practice supervisor to report to the board in writing acknowledging that he or she has read the decision in case number 7025, and is familiar with the terms and conditions imposed thereby, including the level of supervision required.

Any of the following shall result in the automatic suspension of practice by Respondent and shall be considered a violation of probation:

Failure to nominate an initial practice supervisor, and to have that practice supervisor report to the board in writing acknowledging the decision, terms and conditions, and supervision level, within thirty (30) days;

Failure to nominate a replacement practice supervisor, and to have that practice supervisor report to the board in writing acknowledging the decision, terms and conditions, and supervision level, within ten (10) days;

Practicing in the absence of an approved practice supervisor beyond the initial or replacement nomination period; or

Any failure to adhere to the required level of supervision.

Respondent shall not resume practice until notified in writing by the board or its designee.

During any suspension, Respondent shall not enter any pharmacy area or any portion of the licensed premises of a wholesaler, third-party logistics provider, veterinary food-animal drug retailer or any other distributor of drugs which is licensed by the board, or any manufacturer, or any area where dangerous drugs and/or dangerous devices or controlled substances are maintained. (d) Acts or omissions that involve, in whole or in part, the failure to fully maintain and retain appropriate patient specific information pertaining to the performance of any pharmacy function.

13. Code section 4307, subdivision (a) states:

Any person who has been denied a license or whose license has been revoked or is under suspension, or who has failed to renew his or her license while it was under suspension, or who has been a manager, administrator, owner member, officer, director, associate, or partner of any partnership, corporation, firm, or association whose application for a license has been denied or revoked, is under suspension or has been placed on probation, and while acting as the manger, administrator, owner, member, officer, director, associate, or partner had knowledge or knowingly participated in any conduct for which the license was denied, revoked, suspended, or placed on probation, shall be prohibited from serving as a manger, administrator, owner, member, officer, director, associate, or partner of a licensee as follows:

(1) Where a probationary license is issued or where an existing license is placed on probation, this prohibition shall remain in effect for a period not to exceed five years.

(2) Where the license is denied or revoked, the prohibition shall continue until the license is issued or reinstated.

14. Health and Safety Code section 11153, subdivision (a), states:

A prescription for a controlled substance shall only be issued for a legitimate medical purpose by an individual practitioner acting in the usual course of his or her professional practice. The responsibility for the proper prescribing and dispensing of controlled substances is upon the prescribing practitioner, but a corresponding responsibility rests with the pharmacist who fills the prescription. Except as authorized by this division, the following are not legal prescriptions: (1) an order purporting to be a prescription which is issued not in the usual course of professional treatment or in legitimate and authorized research; or (2) an order for an addict or

1 habitual user of controlled substances, which is issued not in the course of
2 professional treatment or as part of an authorized narcotic treatment program, for the
3 purpose of providing the user with controlled substances, sufficient to keep him or her
4 comfortable by maintaining customary use.

5 **REGULATORY PROVISIONS**

6 15. Code of Federal Regulations, Title 21, section 1306.04, subdivision (a), states:

7 A prescription for a controlled substance to be effective must be issued for a
8 legitimate medical purpose by an individual practitioner acting in the usual course of
9 his professional practice. The responsibility for the proper prescribing and dispensing
10 of controlled substances is upon the prescribing practitioner, but a corresponding
11 responsibility rests with the pharmacist who fills the prescription. An order
12 purporting to be a prescription issued not in the usual course of professional treatment
13 or in legitimate and authorized research is not a prescription within the meaning and
14 intent of section 309 of the Act (21 U.S.C. 829) and the person knowingly filling such
15 a purported prescription, as well as the person issuing it, shall be subject to the
16 penalties provided for violations of the provisions of law relating to controlled
17 substances.

18 16. California Code of Regulations, title 16, section 1761 states:

19 (a) No pharmacist shall compound or dispense any prescription which contains
20 any significant error, omission, irregularity, uncertainty, ambiguity or alteration.
21 Upon receipt of any such prescription, the pharmacist shall contact the prescriber to
22 obtain the information needed to validate the prescription.

23 (b) Even after conferring with the prescriber, a pharmacist shall not compound
24 or dispense a controlled substance prescription where the pharmacist knows or has
25 objective reason to know that said prescription was not issued for a legitimate
26 medical purpose.

27 **COST RECOVERY**

28 17. Section 125.3 of the Code provides, in pertinent part, that the Board may request the
administrative law judge to direct a licensee found to have committed a violation or violations of
the licensing act to pay a sum not to exceed the reasonable costs of the investigation and
enforcement of the case.

20. Norco/Lortab is the brand name for hydrocodone/acetaminophen (APAP), a Schedule II controlled substance pursuant to Health and Safety Code section 11055, subdivision (I)(i), and Title 21 CFR 1308.12 and a dangerous drug as defined by Business and Professions Code section 4022.

22. Phenergan with Codeine Syrup is the brand name for promethazine/codeine syrup, a Schedule V controlled substance pursuant to Health and Safety Code section 11058, subdivision (c)(1) and a dangerous drug as defined by Business and Professions Code section 4022.

FACTUAL ALLEGATIONS

23. At all relevant times, Respondent Top Drugs Pharmacy was an independent community pharmacy located in Garden Grove, California. At all relevant times, Respondent Ngo was the Pharmacist-in-Charge and owner of 25% of Respondent Top Drugs Pharmacy, and Respondent Phung was the owner of 75% of Respondent Top Drugs Pharmacy.

24. On or about February 13, 2020, a Board of Pharmacy inspector conducted an inspection of Top Drugs Pharmacy. Respondent Ngo, pharmacist-in-charge, was present during the inspection. Based on the facts set forth below, their educational and professional background and knowledge of pharmacy and drug laws, the Board's inspectors found a pattern of dispensing controlled substance prescriptions with red flags of illegitimacy, and determined that on numerous occasions, Respondents failed to exercise their corresponding responsibility and best professional judgment to dispense only controlled substance prescriptions issued for legitimate medical purposes.

25. The inspectors focused on five prescribers, Dr. E.D., Dr. J.D., Dr. S.C., Dr. A.F., and Physician Assistant (PA) J.E. The inspector found those prescribers' prescriptions contained

significant irregularities and “red flags,” suggesting that prescriptions were not written or filled for a legitimate medical purpose. Respondents’ prescribing profiles for these physicians indicated that alprazolam, amphetamine salts, promethazine with codeine and/or oxycodone 30 mg immediate-release, drugs associated with high rates of abuse and diversion, were the most commonly prescribed drugs for these prescribers. Most, if not all of the prescriptions from these prescribers exhibited obvious red flags of drug abuse that Respondents ignored when filling them, in spite of the Respondents’ corresponding responsibility to ensure that all prescriptions dispensed were for a legitimate medical purpose.

Those red flags included:

- Multiple patients at the same or similar address;
- Cash payments;
- Prescriptions written for an unusually large quantity of drugs;
- Prescriptions written for potentially duplicative drugs;
- The same combinations of drugs prescribed for multiple patients;
- Initial prescriptions written for strong opiates;
- Long distances traveled from the patient’s home to the prescriber’s office or pharmacy;
- Irregularities in the prescriber’s qualifications in relation to the medication(s) prescribed;
- Prescriptions that are written outside of the prescriber’s medical specialty;
- Prescriptions for medications with no logical connection to diagnosis or treatment.

26. From January 22, 2018 through April 30, 2020, Respondents dispensed 10,298 prescriptions for non-controlled substances, comprising 90.3% of the total prescriptions dispensed. With many more medical conditions requiring treatment with non-controlled medications than controlled medications, this distribution is expected for a community pharmacy such as Respondent Top Drugs Pharmacy. The low percentages of controlled substance prescriptions dispensed would cause patterns of irregularities from particular prescribers to stand out, especially if multiple identical or similar prescriptions were presented on the same day, or

close to the same day. Of the top ten drugs (controlled and non-controlled) dispensed by Respondent Top Drugs Pharmacy, oxycodone 30 mg was the third most commonly dispensed, with a total amount paid by patients (out-of-pocket price) of \$84,439. The second highest total amount paid by patients (out-of-pocket price) was \$925.00, for ibuprofen 600 mg. The top five highest cash pay drugs dispensed by Respondent Top Drugs Pharmacy were oxycodone 30 mg, amphetamine salts 30 mg, promethazine/codeine syrup (ml), Narcan 4 mg spray, and alprazolam 2 mg. The percentage of cash payment for controlled substances dispensed by Respondent Top Drugs Pharmacy was more than three to five times that of non-controlled substances. This high percentage of cash payment for controlled substances was irregular for a retail pharmacy.

27. Top Drugs Pharmacy dispensed the following:

Oxycodone:

Drug	Number of prescriptions	Percent of total	Number with cash payment	Percent with cash payment
oxycodone 5 mg	0	0	0	0%
oxycodone 10 mg	1	0.5%	0	0%
oxycodone 15 mg	32	14.5%	0	0%
oxycodone 20 mg	4	1.8%	1	25%
oxycodone 30 mg	183	83.2%	165	90.2%
Total	220		166	

Oxycodone 30 mg prescriptions stood out as a group as having the following irregularities:

Higher percentage of oxycodone 30 mg compared to lower strengths;

Higher cash payment percentage for 30 mg strength than lower strengths of oxycodone, and more than most other controlled substances;

Large amounts of money charged to patients for these prescriptions, more than any other drug.

Alprazolam

Drug	Number of prescriptions	Percent of total	Number with cash payment	Percent with cash payment
alprazolam 0.25 mg	3	3.1%	0	0%
alprazolam 0.5 mg	10	10.2%	0	0%
alprazolam 1 mg	10	10.2%	0	0%
alprazolam 2 mg	75	76.5%	73	97.3%
Total	98		73	

Alprazolam 2 mg prescriptions stood out as a group as having the following irregularities:

Higher percentage of alprazolam 2 mg compared to lower strengths;
Higher cash payment percentage for 2 mg strength than lower strengths of
alprazolam, and more than most other controlled substances.

Amphetamine salts

Drug	Number of prescriptions	Percent of total	Number with cash payment	Percent with cash payment
Amphetamine salts 30 mg	68	100%	68	100%

Amphetamine salts 30 mg prescriptions stood out as a group as having the following irregularities:

Only the highest available strength was dispensed;

All were from one prescriber;

All were for cash payment.

28. Dosing for oxycodone, alprazolam, and amphetamine salts was inconsistent with the principles of safe dosing, and titrating patients individually up from the lowest effective dose. This factor of irregularity would need to be resolved before dispensing controlled substances in the highest strengths, particularly if other red flags of illegitimacy existed. These patterns of irregularities from particular prescribers would stand out, especially if multiple identical or similar prescriptions were presented on the same day, or in the same time periods.

29. The above highest strength controlled substances, as well as promethazine/codeine, are very well known to be commonly sought after for abuse. The following prescribers contributed to the vast majority of these drugs dispensed by Respondent Top Drugs Pharmacy:

Prescriber	Drug	Number of prescriptions	Percent of total prescriptions dispensed of these drugs from each prescriber
Dr. S.C.	oxycodone 30 mg	31	16.9%
Dr. J.D.	oxycodone 30 mg	53	29.0%
Dr. E.D.		62	82.7%
		68	100%
PA J.E.	alprazolam 2 mg	11	14.7%

Dr. A.F.	oxycodone 30 mg	55	30.1%
	promethazine-codeine	98	87.5%
	oxycodone 30 mg	42	23.0%
	promethazine-codeine	8	7.1%

Just these five prescribers accounted for the following totals:

Drug	Number of prescriptions	Total percent of prescriptions dispensed from above prescribers
Oxycodone 30 mg	183	98.9%
Amphetamine salts 30 mg	68	100%
Promethazine/codeine syrup	112	94.6%
Alprazolam 2 mg	73	97.3%

30. From January 22, 2018 through April 30, 2020, Respondents dispensed **436** prescriptions for controlled substances under the prescribing authority of the above five prescribers. Having nearly all of these commonly sought drugs of abuse prescribed by just these five prescribers was a factor of irregularity.

PA J.E.

31. PA J.E. prescribed, and Respondents dispensed, the following: 29,019 mL of promethazine with codeine; 6,370 tablets of oxycodone immediate-release 30 mg; 900 tablets of alprazolam 2 mg; and 480 tablets of hydrocodone/APAP 10/325 mg. The two most common controlled substances prescribed by PA J.E. and dispensed by Respondents were promethazine/codeine and oxycodone 30 mg (the highest immediate release tablet available).

32. The uniformity of treatment is very irregular. There is patient variability in medical conditions, with not all being of the same cause, and thus requiring a variety of treatments. There was no adjustment in the oxycodone prescribing pattern from PA J.E. for age, weight, diagnosis,

1 drug allergies, medical histories, the severity of symptoms being treated, tolerance to drugs, or
2 other patient related factors.

3 33. The patterns of controlled substances dispensed, per prescriptions from PA J.E., by
4 Respondents, presented at least the following factors of irregularity, and contrasted with
5 legitimate prescribing and dispensing of controlled substances:

6 All oxycodone prescriptions were for 30 mg, the highest strength available;

7 All controlled substance prescriptions were for cash payment;

8 23 of the 30 patients (76%) were prescribed oxycodone 30 mg;

9 25 of the 30 patients (83%) were prescribed promethazine/codeine;

10 Uniformity of treatment for multiple patients receiving similar or identical controlled
11 substances on the same day;

12 Multiple patients dispensed overlapping treatment with oxycodone and

13 promethazine/codeine, for which there is a boxed warning of serious risks;

14 Multiple patients dispensed overlapping treatment with oxycodone and alprazolam,
15 for which there is a boxed warning of serious risks;

16 Numerous patients were repeatedly prescribed promethazine/codeine (indicated for
17 the temporary relief of cough), some with full pint bottles, paying up to \$200.00
18 cash for a bottle of cough syrup.

19 Dr. J.D.

20 34. Dr. J.D. prescribed, and Respondents dispensed, 4,950 tablets of oxycodone
21 immediate-release 30 mg. The only controlled substance prescribed by Dr. J.D. and dispensed by
22 Respondents was oxycodone 30 mg. This drug is very well known to be sought for abuse. Most
23 irregular were the following factors:

24 20 out of 20 (100%) of the oxycodone prescriptions were for 30 mg, the highest
25 strength available;

26 20 out of the 20 different patients from Dr. J.D. were prescribed oxycodone;

27 All were for cash payment, with some patients paying as much \$720.00 for their
28 prescription,

35. The uniformity of treatment is very irregular. There is patient variability in medical conditions, with not all being of the same cause, and thus requiring a variety of treatments. Due to the various presentations of pain symptoms, medications with differing mechanisms of actions are typically prescribed for the legitimate treatment of pain. There was no adjustment in the prescribing pattern from Dr. J.D. for age, weight, diagnosis, drug allergies, medical histories, the severity of symptoms being treated, tolerance to drugs, or other patient related factors.

Dr. A.F.

36. Dr. A.F. prescribed, and Respondents dispensed, the following: 1,920 mL of promethazine with codeine; 3,860 tablets of oxycodone immediate-release 30 mg; 84 tablets of oxycodone immediate-release 20 mg; and 120 tablets of hydrocodone/APAP 10/325 mg.

37. The uniformity of treatment is very irregular. There is patient variability in medical conditions, with not all being of the same cause, and thus requiring a variety of treatments. Due to the various presentations of pain symptoms, medications with differing mechanisms of actions are typically prescribed for legitimate treatment of pain. There was almost no adjustment in the oxycodone prescribing pattern from Dr. A.F. for age, weight, diagnosis, drug allergies, medical histories, the severity of symptoms being treated, tolerance to drugs, or other patient related factors.

38. The patterns of controlled substances dispensed per prescriptions from Dr. A.F. by Respondents, presented at least the following factors of irregularity, and contrasted with legitimate prescribing and dispensing of controlled substances:

42 of the 43 oxycodone prescriptions were for 30 mg, the highest strength available;

22 of the 27 different patients from Dr. A.F. were prescribed oxycodone 30 mg;

Over 80% of the prescriptions were paid with cash;

Sudden influx for multiple patients for the same drug;

Dr. S.C.

39. Dr. S.C. prescribed, and Respondents dispensed, 3,510 tablets of oxycodone immediate-release 30 mg.

40. The uniformity of treatment is very irregular. There is patient variability in medical conditions, with not all being of the same cause, and thus requiring a variety of treatments. Due to the various presentations of pain symptoms, medications with differing mechanisms of actions are typically prescribed for legitimate treatment of pain. There was no adjustment in the oxycodone prescribing pattern from Dr. S.C. for age, weight, diagnosis, drug allergies, medical histories, the severity of symptoms being treated, tolerance to drugs, or other patient related factors.

41. The patterns of controlled substances dispensed per prescriptions from Dr. S.C. by Respondents, presented at least the following factors of irregularity, and contrasted with legitimate prescribing and dispensing of controlled substances:

All of the oxycodone prescriptions were for 30 mg, the highest strength available;

All 10 different patients from Dr. S.C. were prescribed oxycodone 30 mg;

Over 74% of the prescriptions were paid with cash, with some patients paying as much \$720.00 for their prescription;

It is irregular for a family and sports medicine doctor to prescribe oxycodone to all patients.

Dr. E.D.

42. Dr. E.D. prescribed, and Respondents dispensed, the following: 6,120 tablets of amphetamine salts 30 mg, and 5,730 tablets of alprazolam 2 mg.

43. The patterns of controlled substances dispensed per prescriptions from Dr. E.D. by Respondents, presented at least the following factors of irregularity, and contrasted with legitimate prescribing and dispensing of controlled substances:

All of the prescriptions were for the highest strengths available; All

15 different patients were prescribed amphetamine salts 30 mg; All

15 different patients were prescribed to take three tablets daily; 14

of the 15 patients were also prescribed alprazolam 2 mg;

All were for cash payment.

44. Additionally, amphetamine salts is to be labeled to be dosed in two to three divided doses. All of the amphetamine salts prescriptions were written by Dr. E.D., and dispensed, with

1 instructions to take three tablets daily. There were no notes or other documentation to indicate if
2 the prescriber wrote this in error, and actually meant to prescribe one tablet three times per day.
3 These patients could reasonably assume this meant to take the three tablets all at once, once per
4 day, especially since all but one patient were also prescribed alprazolam 2 mg with contrasting
5 directions to take one tablet three to four times per day. This is exactly the type of intervention
6 which should have occurred in the usual course of professional pharmacy practice to prevent
7 patients from taking drugs incorrectly; however, Respondents failed to intervene.

8 45. Many patients being treated by Dr. E.D. were also apparently treated with oxycodone
9 and promethazine/codeine.

10 46. The uniformity of treatment is very irregular. There is patient variability in medical
11 conditions, with not all being of the same cause, and thus requiring a variety of treatments. Due to
12 the various presentations of pain symptoms, medications with differing mechanisms of actions are
13 typically prescribed for legitimate treatment of pain. There was almost no adjustment in the
14 oxycodone prescribing pattern from Dr. E.D. for age, weight, diagnosis, drug allergies, medical
15 histories, the severity of symptoms being treated, tolerance to drugs, or other patient related
16 factors.

17 47. It was a factor of irregularity for multiple patients from one prescriber to also receive
18 treatment with interacting drugs from other prescribers. There was no indication or
19 documentation to show any attempts to ensure this type of treatment was legitimate and being
20 coordinated with all involved prescribers, despite exhibiting the following irregularities:

21 Identical, or similar addresses for many patients;

22 Identical or similar treatments for ADHD, anxiety, pain, and cough for many patients;

23 11 of the 15 patients were also dispensed prescriptions from PA Edwards.

24 48. Respondents dispensed controlled substances without ensuring they were for a
25 legitimate medical use when obvious, objective, and systemic signs of irregularities and red flags
26 of illegitimacy existed as detailed above.

27 49. Respondents dispensed controlled substances even though customers from certain
28 prescribers paid for a large percentage of these medications in cash even though pharmacists

1 know that almost all patients seek reimbursement from insurance companies or government
2 agencies for medications.

3 50. Although there are no restrictions or limits in pharmacy law for the price charged by
4 drugs for pharmacies, the cash price for oxycodone 30 mg (up to \$540.00 for 90 tablets, and
5 \$720.00 for 120 tablets) charged by Respondent Top Drugs Pharmacy appears to be much higher
6 than amounts charged by other pharmacies. This would make the irregularity of cash payment
7 particularly stand out as multiple patients paid large sums of money for certain controlled
8 substances.

9 51. Normal pricing structures at pharmacies have the same price for a drug, regardless of
10 the prescriber. Between September and December of 2019, Respondent Top Drugs Pharmacy
11 charged patients of Dr. S.C. \$2.00 per tablet on cash prescriptions for oxycodone 30 mg;
12 however, Respondent charged patients of Dr. J.D. and Dr. A.F. \$6.00 per tablet on cash
13 prescriptions for oxycodone 30 mg. Charging three times as much for oxycodone 30 mg from
14 certain prescribers is a factor of irregularity for these prescriptions.

15 52. Respondents filled prescriptions in which patients received oxycodone 30 mg tablets
16 at dosages which were at least twice the recommended starting, or restarting, dose. The CURES
17 reports showed that these patients had not received an opioid over a time, and in an amount,
18 which would make appropriate dosing with oxycodone 30 mg to patients who were not opioid
19 tolerant.

20 53. Respondents are required to maintain records of all prescriptions dispensed, and a
21 review of prescriptions written by the prescribers detailed above would have been possible.
22 Respondents failed to review the readily available patient and prescription records which would
23 supply necessary information to use their best professional judgment in making appropriate
24 dispensing decisions. When the sudden influx of these prescriptions occurred at Respondent Top
25 Drugs Pharmacy, reasonable and prudent pharmacists would have had enough objective
26 information to identify these prescriptions as not being issued in the usual course of professional
27 practice. These prescriptions were exactly as would be expected for illegitimate prescriptions.
28

54. The data illustrated that Respondents failed to fulfill their corresponding responsibility by dispensing the following excessive amounts of controlled substances:

Totals dispensed from prescribers with red flags of illegitimacy

Drug	Number of prescriptions	Number of doses
alprazolam 2 mg	73	6,630
amphetamine 30 mg	68	6,120
oxycodone 30 mg	181	18,690
Promethazine/codeine (5 ml/dose)	106	6,187
Total	428	37,627

These prescriptions were presented with many factors of irregularity and red flags of illegitimacy, and Respondents failed to use available records and professional judgment when dispensing these controlled substances. The objective factors included but were not limited to:

Cash payment for controlled substances was three to five times more common than non-controlled substances;

Oxycodone 30 mg was the third most common drug (including non-controlled) dispensed;

Over six times as much money paid by patients for oxycodone 30 mg than any other drug;

Oxycodone 30 mg accounted for much more (83%) compared to lower strengths of oxycodone;

Oxycodone 30 mg cash payment was much more (90%) compared to lower strengths of oxycodone;

Oxycodone 30 mg cash price was three times higher for certain prescribers from September through December, 2019;

Oxycodone 30 mg was dispensed to the vast majority (76-100%) of patients from certain prescribers;

Higher percentage of alprazolam 2 mg (76%) compared to other lower strengths;

Higher cash payments for alprazolam 2 mg (97%) compared to other lower strengths;

Amphetamine 30 mg was the only strength dispensed, no lower strengths;

1 Amphetamine 30 mg was only dispensed for cash payment;
2 All patients from one prescriber treated with amphetamine, with only the highest 30
3 mg strength;
4 Commonly sought drugs of abuse predominately (94-100%) prescribed by just a few
5 prescribers;
6 Promethazine/codeine dispensed to vast majority (83%) of patients from one
7 prescriber;
8 Commonly sought drugs of abuse dispensed with other interacting controlled
9 substances, including oxycodone with promethazine/codeine, and oxycodone with
10 alprazolam;
11 Multiple patients receiving similar or identical treatment with promethazine/codeine
12 on the same days;
13 Sudden influx of commonly sought drugs of abuse from certain prescribers with red
14 flag patterns;
15 Uniformity of treatment for many patients, with no individually based treatment;
16 17 patients restarted on at least over twice the safe starting dose of oxycodone on 19
17 occasions.

FIRST CAUSE FOR DISCIPLINE

(Unprofessional Conduct-Gross Negligence Against All Respondents)

20 55. Respondents are subject to disciplinary action under Code sections 4301, subdivision
21 (c), in that Respondents owned, managed, and operated Top Drugs Pharmacy in an
22 unprofessional manner with the inappropriate exercise, training, or experience and best
23 professional judgment in that they:

24 a. Dispensed, or allowed to be dispensed, controlled substance prescriptions and
25 ignored, or wasn't aware of, objective signs of irregularity and abuse;

26 b. Dispensed, or allowed to be dispensed, controlled substance prescriptions without
27 ensuring they were issued for a legitimate medical purpose and the usual course of professional
28 practice;

1 c. Failed to consult appropriate patient, prescription, and other records to prevent the
2 dispensing of illegitimate prescriptions.

3 56. As described above, Respondents repeatedly furnished prescriptions for controlled
4 substances even though obvious and systemic “red flags” were present to indicate those
5 prescriptions were not issued for a legitimate medical purpose. Respondents’ conduct was a gross
6 deviation from the standard of safe pharmacy practice, and could cause harm to patients or other
7 persons.

8 **SECOND CAUSE FOR DISCIPLINE**

9 **(Unprofessional Conduct-Excessive Prescribing Against All Respondents)**

10 57. Respondents are subject to disciplinary action under Code sections 4301, subdivision
11 (d), for violating Health and Safety Code section 11153, subdivision (a), for the clearly excessive
12 furnishing of controlled substances, as follows:

13 a. Dispensed, or allowed to be dispensed, controlled substance prescriptions and
14 ignored, or wasn’t aware of, objective signs of irregularity and abuse;

15 b. Dispensed, or allowed to be dispensed, controlled substance prescriptions without
16 ensuring they were issued for a legitimate medical purpose and the usual course of professional
17 practice;

18 c. Failed to consult appropriate patient, prescription, and other records to prevent the
19 dispensing of illegitimate prescriptions.

20 58. As described above, Respondents repeatedly furnished prescriptions for controlled
21 substances even though obvious and systemic “red flags” were present to indicate those
22 prescriptions were not issued for a legitimate medical purpose.

23 **THIRD CAUSE FOR DISCIPLINE**

24 **(Unprofessional Conduct-Failing to Comply with Corresponding Responsibility 25 for Controlled Substance Prescriptions Against All Respondents)**

26 59. Respondents are subject to disciplinary action under Code sections 4301, subdivisions
27 (j) and (o), for violating Health and Safety Code section 11153, subdivision (a), and Code of
28 Federal Regulations, Title 21, section 1306.04, subdivision (a), because they failed to comply

1 with their corresponding responsibility to ensure that controlled substances were dispensed for a
2 legitimate medical purpose. As described above, Respondents repeatedly furnished prescriptions
3 for controlled substances even though obvious and systemic “red flags” were present to indicate
4 those prescriptions were not issued for a legitimate medical purpose.

5 **FOURTH CAUSE FOR DISCIPLINE**

6 **(Failing to Exercise or Implement Best Professional Judgment or Corresponding**
7 **Responsibility when Dispensing Controlled Substances**
8 **Against Respondents Haiduong Ngo and Tom Thuy Phung)**

9 60. Respondents Haiduong Ngo and Tom Thuy Phung are subject to disciplinary action
10 under Code section 4301, subdivision (o), for violating Business and Professions Code section
11 4306.5, subdivisions (a) and (b), because they failed to exercise or implement their best
12 professional judgment or corresponding responsibility when dispensing controlled substances, as
13 described above.

14 **FIFTH CAUSE FOR DISCIPLINE**

15 **(Unprofessional Conduct against All Respondents)**

16 61. Respondents are subject to disciplinary action under Code section 4301 for
17 unprofessional conduct because they engaged in the activities described above.

18 **OTHER MATTERS**

19 62. Pursuant to Code section 4307, if discipline is imposed on Pharmacy Permit No. PHY
20 55878 issued to Top Drugs Pharmacy, it shall be prohibited from serving as a manager,
21 administrator, owner, member, officer, director, associate, or partner of a licensee for five years if
22 Pharmacy Permit Number PHY 55878 is placed on probation or until the Pharmacy Permit is
23 reinstated if it is revoked.

24 63. Pursuant to Code section 4307, if discipline is imposed on Pharmacy Permit No. PHY
25 55878 issued to Top Drugs Pharmacy, while Haiduong Ngo has been an owner or manager and
26 had knowledge of or knowingly participated in any conduct for which the licensee was
27 disciplined, she shall be prohibited from serving as a manager, administrator, owner, member,
28

officer, director, associate, or partner of a licensee for five years if the Pharmacy Permit is placed on probation or until the Pharmacy Permit is reinstated, if it is revoked.

64. FACTUAL ALLEGATIONS

22. On May 1, 2020, a Board Inspector emailed Respondent Israel a request for pharmacy records and original prescriptions for Respondent Scriptsrus. Subsequently, the Inspector received Respondent Scriptsrus' dispensing records for April 30, 2017 through April 30, 2020, and copies of prescription documents instead of originals. On June 10, 2020, the Inspector received the original prescriptions, after a second request, and unsolicited documents not previously provided.

Doctors MB, DB, and JK

23. The Board's investigation revealed that from June 29, 2017 through March 1, 2019, Respondent Scriptsrus and Respondent Israel (collectively Respondents) dispensed 63 controlled substance prescriptions from prescribers Dr. MB, Dr. DB, and Dr. JK on invalid security prescription forms for Alprazolam, Amphetamine Salts, and Oxycodone classified as Schedule IV controlled substances and Promethazine/Codeine classified as a Schedule V controlled substance, which were missing required features described as follows, but not limited to:

- (a) Prescription documents were missing a watermark printed on the backside of the prescription, which reads: "California Security Prescription."
- (b) Repeat sequential form numbers were used on some prescriptions.
- (c) Dr. MB's prescriptions lacked a valid DEA number.

24. These prescriptions had enough red flags of illegitimacy to be recognized as the illegal distribution of controlled substances for diversion and abuse.

25. The Board's investigation also revealed that Respondents failed to exercise their corresponding responsibility from April 30, 2017 through April 30, 2020, as to 89 prescriptions of Alprazolam 2mg for 7,620 doses, 99 prescriptions of Amphetamine Salts 30 mg for 8,400 doses, 154 prescriptions of Oxycodone 30 mg for 14,880 doses, and 15 prescriptions of Promethazine/Codeine (5ml/dose) for 1,232 doses for a total number of 357 prescriptions and 37,063 total number of doses as described below.

26. Specifically, Respondents dispensed 63 controlled substance prescriptions from Dr. MB, Dr. DB, and Dr. JK after ignoring or failing to recognize multiple objective factors which

///

showed the prescriptions were irregular and not medically legitimate prescriptions. The objective factors of illegitimacy, irregularity and abuse include, but were not limited to the following:

- (a) Long distances traveled from patient homes in Van Nuys to prescribers Dr. MB's office in Santa Ana and Dr. DB's office in West Hollywood.
- (b) Patients had appointments on the same day with prescribers in different cities.
- (c) Patients issued the same prescriptions on the same day at different offices.
- (d) Initial prescriptions were written for high starting doses described below:
 - i. 07/09/2018 for Oxycodone 30 mg, RX 106466, by Dr. DB, to patient NS.
 - ii. 10/03/2018 for Alprazolam 2 mg, RX 107321, by Dr. MB, to patient NS.
 - iii. 08/06/2018 for Oxycodone 30 mg, RX 106725, by Dr. DB, to patient RS.

27. Also, prescribers Dr. MB, Dr. DB, and Dr. JK only prescribed the highest strength of controlled substances¹ described below:

PREScriBER	DRUG	NUMBER OF RXs	TOTAL QUANTITY
MB	Alprazolam 2 mg	14	840
	Amphetamine Salts 30 mg	16	960
DB	Oxycodone 30 mg	17	2,040
JK	Alprazolam 2 mg	6	600
	Amphetamine Salts 30 mg	6	540
	Oxycodone 30 mg	4	480
	Total	63	5,460

28. These 63 fraudulent prescriptions had enough red flags of illegitimacy to be recognized as the illegal distribution of controlled substances. None of the prescription documents submitted indicated resolution of the irregularities of prescribing controlled substances.

///

///

¹ Alprazolam is available in 0.25 mg to 2 mg immediate release tablets. Amphetamine Salts are available in various strengths from 5 mg to 30 mg immediate release tablets. Oxycodone is available in 5, 10, 15, 20, and 30 mg immediate release tablets.

1 Dr. JMK

2 29. In addition, the investigation revealed that from April 30, 2018 through April 30, 2020,
3 Respondents dispensed 82 controlled substance prescriptions from prescriber Dr. JMK with
4 patterns of irregularities and red flags of abuse without ensuring the prescriptions to patients VT,
5 PF, AA, AB, SE, AE, FL, and RT were issued for a legitimate medical purpose in the usual course
6 of professional practice. The objective factors of illegitimacy, irregularity and abuse include, but
7 were not limited to the following:

8 (a) All 82 Oxycodone prescriptions for 7,160 tablets were for 30 mg, the highest
9 strength available.

10 (b) Every patient was prescribed Oxycodone 30 mg without adjustment to varying
11 patient demographic data.

12 30. These patterns are apparent deviations from the usual course of professional practice.

13 Physician Assistant JME

14 31. The investigation records further revealed that from January 31, 2019 through April
15 16, 2020, Respondents dispensed 212 controlled substances from prescriber Physician Assistant
16 JME with patterns of irregularities and red flags of abuse without ensuring the prescriptions to
17 patients JB, EM, SR, LF, NS, RF, JC, TA, PO, and IS were issued for a legitimate medical purpose
18 in the usual course of professional practice, described as follows:

19 (a) All 51 Oxycodone prescriptions were for 30 mg for 5,200 tablets, the highest
20 strength available.

21 (b) All 77 Amphetamine Salts prescriptions were for 30 mg for 6,900 tablets, the
22 highest strength available.

23 (c) All 69 Alprazolam prescriptions were for 2 mg for 6,180 tablets, the highest
24 strength available.

25 (d) High percentage of cash payments for controlled substances.

26 (e) Numerous patients prescribed Oxycodone, Amphetamine Salts, Alprazolam, and
27 or Promethazine/Codeine in a pattern of overlapping treatment, for which there
28 is a boxed warning of serious risks.

(f) Each of the 15 Promethazine/Codeine prescriptions was prescribed with Oxycodone 30 mg.

(g) Most of the 15 Promethazine/Codeine prescriptions were for 473 ml, a full pint size bottle.

(h) Multiple patients issued similar or identical controlled substances prescriptions on the same day regardless of patient demographic data.

32. These patterns are apparent deviations from the usual course of professional practice.

Initial Prescriptions Written for Strong Controlled Substances and Other Irregularities

33. Furthermore, the investigation revealed that from June 7, 2018 through March 18, 2020, Respondents dispensed controlled substance prescriptions from prescribers Dr. JMK, Dr. MB, Dr. DB, Dr. MG, and Dr. AF with the following additional patterns of irregularities and red flags of abuse:

(a) Prescriptions dispensed days and even weeks after the date prescribed.

(b) Cash payments.

(c) Patients were not tolerant to opioids.

(d) High Oxycodone doses greater than 90 MME/day.²

(e) High Alprazolam doses.

(f) High Amphetamine Salts doses.

(g) Out of area patients (between 25-50 miles away).

(h) Out of area prescribers (25 miles away).

(i) Patients JC and TA were dispensed almost identical prescriptions on the same day.

34. In addition, these eleven patients were dispensed unusually high doses at least twice the recommended safe dose of Oxycodone, Amphetamine Salts, and or Alprazolam without any documentation of effective intervention by a pharmacist. Also, ten of eleven patients were started or restarted on opioid doses above the CDC recommendation limit of 90 MME/day for opioids.

² According to the Centers for Disease Control and Prevention (CDC), higher opioid doses are associated with a higher risk of overdose and death. The concept of Morphine Milligram Equivalent (MME) has come into everyday use to facilitate dosing decisions. The CDC guidelines recommend caution when prescribing opioids at any dosage. Doses above 90 MME/day (60 mg/day of Oxycodone) should be avoided or carefully justified and titrated accordingly.

Complainant refers to, and by this reference, incorporates the allegations set forth above in paragraphs 22 through 34, as though set forth fully.

(Unprofessional Conduct - Respondent Israel)

37. Respondent Israel is subject to disciplinary action under Code sections 4301, 4113, subdivision (c), and 4306.5, in that between April 30, 2017 through April 30, 2020, as the Pharmacist-in-Charge of Respondent Scriptsrus Pharmacy, Respondent Israel committed acts of unprofessional conduct when he failed to ensure that Respondent Scriptsrus exercised its corresponding responsibility to ensure the legitimacy of controlled substance prescriptions.

1 dispensed. Respondent Israel approved to be dispensed 357 prescriptions and 37,063 doses of
2 controlled substances, despite multiple cues of irregularity and uncertainty related to patient and
3 prescriber factors, and failed to ensure that controlled substances were dispensed for a legitimate
4 medical purpose. Complainant refers to, and by this reference, incorporates the allegations set forth

IT IS HEREBY ORDERED that Pharmacy Permit No. PHY 52078 issued to Respondent Scriptsrus Corp. dba Scriptsrus Pharmacy, Roland Israel, is revoked. However, the revocation is stayed, and Respondent is placed on probation for five (5) years on the following terms and conditions:

1. Definition: Respondent

For the purposes of these terms and conditions, "Respondent" shall refer to Scriptsrus Corp. dba Scriptsrus Pharmacy. All terms and conditions stated herein shall bind and be applicable to the licensed premises and to all owners, managers, officers, administrators, members, directors, trustees, associates, or partners thereof. For purposes of compliance with any term or condition, any report, submission, filing, payment, or appearance required to be made by Respondent to or before the Board or its designee shall be made by an owner or executive officer with authority to act on behalf of and legally bind the licensed entity.

2. Obey All Laws

Respondent shall obey all state and federal laws and regulations.

Respondent shall report any of the following occurrences to the Board, in writing, within seventy-two (72) hours of such occurrence:

Failure to timely report any such occurrence shall be considered a violation of probation.

3. Report to the Board

Respondent shall report to the Board quarterly, on a schedule as directed by the Board or its designee. The report shall be made either in person or in writing, as directed. Among other requirements, Respondent shall state in each report under penalty of perjury whether there has been compliance with all the terms and conditions of probation. Failure to submit timely reports in a form as directed shall be considered a violation of probation. Any period(s) of delinquency in submission of reports as directed may be added to the total period of probation. Moreover, if the final probation report is not made as directed, probation shall be automatically extended until such time as the final report is made and accepted by the Board.

4. Interview with the Board

///

1 **6. Reimbursement of Board Costs**

2 As a condition precedent to successful completion of probation, Respondent shall be jointly
3 and severally responsible with Respondent Roland Israel to pay to the Board its costs of
4 investigation and prosecution in the amount of \$15,513.51. Respondent shall make said payments
5 monthly to commence within thirty (30) days of the effective date of this Decision pursuant to the
6 following terms:

7 There shall be no deviation from this schedule absent prior written approval by the Board or
8 its designee. Failure to pay costs by the deadline(s) as directed shall be considered a violation of
9 probation.

10 Respondent shall be permitted to pay these costs in a payment plan approved by the Board
11 or its designee, so long as full payment is completed no later than three (3) years prior to the end
12 date of probation.

13 **7. Probation Monitoring Costs**

14 Respondent shall pay any costs associated with probation monitoring as determined by the
15 Board each and every year of probation. Such costs shall be payable to the Board on a schedule as
16 directed by the Board or its designee. Failure to pay such costs by the deadline(s) as directed shall
17 be considered a violation of probation.

18 **8. Status of License**

19 Respondent shall, at all times while on probation, maintain current Pharmacy Permit with
20 the Board. Failure to maintain current licensure shall be considered a violation of probation.

21 If Respondent's Pharmacy Permit expires or is cancelled by operation of law or otherwise
22 at any time during the period of probation, including any extensions thereof or otherwise, upon
23 renewal or reapplication Respondent's Pharmacy Permit shall be subject to all terms and
24 conditions of this probation not previously satisfied.

25 **9. License Surrender While on Probation/Suspension**

26 Following the effective date of this decision, should Respondent wish to discontinue
27 business, Respondent may tender the premises license to the Board for surrender. The Board or its
28 designee shall have the discretion whether to grant the request for surrender or take any other

1 action it deems appropriate and reasonable. Upon formal acceptance of the surrender of the
2 license, Respondent will no longer be subject to the terms and conditions of probation.

3 Respondent may not apply for any new license from the Board for three (3) years from the
4 effective date of the surrender. Respondent shall meet all requirements applicable to the license
5 sought as of the date the application for that license is submitted to the Board.

6 Respondent further stipulates that it shall reimburse the Board for its costs of investigation
7 and prosecution prior to the acceptance of the surrender.

8 Upon acceptance of the surrender, Respondent shall relinquish the premises wall and
9 renewal license to the Board within ten (10) days of notification by the Board that the surrender is
10 accepted. Respondent shall further submit a completed Discontinuance of Business form
11 according to Board guidelines and shall notify the Board of the records inventory transfer within
12 five (5) days. Respondent shall further arrange for the transfer of all records of acquisition and
13 disposition of dangerous drugs and/or devices to premises licensed and approved by the Board.

14 Respondent shall also, by the effective date of this decision, arrange for the continuation of
15 care for ongoing patients of the pharmacy by, at minimum, providing a written notice to ongoing
16 patients that specifies the anticipated closing date of the pharmacy and that identifies one or more
17 area pharmacies capable of taking up the patients' care, and by cooperating as may be necessary
18 in the transfer of records or prescriptions for ongoing patients. Within five (5) days of its
19 provision to the pharmacy's ongoing patients, Respondent shall provide a copy of the written
20 notice to the Board. For the purposes of this provision, "ongoing patients" means those patients
21 for whom the pharmacy has on file a prescription with one or more refills outstanding, or for
22 whom the pharmacy has filled a prescription within the preceding sixty (60) days.

23 **10. Sale or Discontinuance of Business**

24 During the period of probation, should Respondent sell, trade or transfer all or part of the
25 ownership of the licensed entity, discontinue doing business under the license issued to
26 Respondent, or should practice at that location be assumed by another full or partial owner,
27 person, firm, business, or entity, under the same or a different premises license number, the Board
28 or its designee shall have the sole discretion to determine whether to exercise continuing

1 jurisdiction over the licensed location, under the current or new premises license number, and/or
2 carry the remaining period of probation forward to be applicable to the current or new premises
3 license number of the new owner.

4 **11. Notice to Employees**

5 Respondent shall, upon or before the effective date of this decision, ensure that all
6 employees involved in permit operations are made aware of all the terms and conditions of
7 probation, either by posting a notice of the terms and conditions, circulating such notice, or both.
8 If the notice required by this provision is posted, it shall be posted in a prominent place and shall
9 remain posted throughout the probation period. Respondent shall ensure that any employees hired
10 or used after the effective date of this decision are made aware of the terms and conditions of
11 probation by posting a notice, circulating a notice, or both. Additionally, Respondent shall submit
12 written notification to the Board, within fifteen (15) days of the effective date of this decision,
13 that this term has been satisfied. Failure to timely provide such notification to employees, or to
14 timely submit such notification to the Board shall be considered a violation of probation.

15 “Employees” as used in this provision includes all full-time, part-time,
16 volunteer, temporary, relief employees, and independent contractors employed or
17 hired at any time during probation.

18 **12. Owners and Officers: Knowledge of the Law**

19 Respondent shall provide, within thirty (30) days after the effective date of this decision,
20 signed and dated statements from its owners, including any owner or holder of ten percent (10%)
21 or more of the interest in Respondent or Respondent’s stock, and all of its officer, stating under
22 penalty of perjury that said individuals have read and are familiar with state and federal laws and
23 regulations governing the practice of pharmacy. The failure to timely provide said statements
24 under penalty of perjury shall be considered a violation of probation.

25 **13. Premises Open for Business**

26 Respondent shall remain open and engaged in its ordinary business as a Pharmacy in
27 California for a minimum of 80 hours per calendar month. Any month during which this
28 minimum is not met shall toll the period of probation, i.e., the period of probation shall be

1 extended by one month for each month during which this minimum is not met. During any such
 2 period of tolling of probation, Respondent must nonetheless comply with all terms and conditions
 3 of probation, unless Respondent is informed otherwise in writing by the Board or its designee. If
 4 Respondent is not open and engaged in its ordinary business as a Pharmacy for a minimum of 80
 5 hours in any calendar month, for any reason (including vacation), Respondent shall notify the
 6 Board in writing within ten (10) days of the conclusion of that calendar month. This notification
 7 shall include at minimum all of the following: the date(s) and hours Respondent was open; the
 8 reason(s) for the interruption or why business was not conducted; and the anticipated date(s) on
 9 which Respondent will resume business as required. Respondent shall further notify the Board in
 10 writing with ten (10) days following the next calendar month during which Respondent is open
 11 and engaged in its ordinary business as a Pharmacy in California for a minimum of 80 hours. Any
 12 failure to timely provide such notification(s) shall be considered a violation of probation.

13 14. **Posted Notice of Probation**

14 Respondent shall prominently post a probation notice provided by the Board or its designee
 15 in a place conspicuous to and readable by the public within two (2) days of receipt thereof from
 16 the Board or its designee. Failure to timely post such notice, or to maintain the posting during the
 17 entire period of probation, shall be considered a violation of probation.

18 Respondent shall not, directly or indirectly, engage in any conduct or make any statement
 19 which is intended to mislead or is likely to have the effect of misleading any patient, customer,
 20 member of the public, or other person(s) as to the nature of and reason for the probation of the
 21 licensed entity.

22 15. **Violation of Probation**

23 If a Respondent has not complied with any term or condition of probation, the Board shall
 24 have continuing jurisdiction over Respondent, and probation shall be automatically extended,
 25 until all terms and conditions have been satisfied or the Board has taken other action as deemed
 26 appropriate to treat the failure to comply as a violation of probation, to terminate probation, and
 27 to impose the penalty that was stayed.

28 ///

1 If Respondent violates probation in any respect, the Board, after giving Respondent notice
 2 and an opportunity to be heard, may revoke probation and carry out the disciplinary order that
 3 was stayed. If a petition to revoke probation or an accusation is filed against Respondent during
 4 probation, the Board shall have continuing jurisdiction and the period of probation shall be
 5 automatically extended until the petition to revoke probation or accusation is heard and decided,
 6 and the charges and allegations in Accusation No. 7042 shall be deemed true and correct.

7 16. Completion of Probation

8 Upon written notice by the Board or its designee indicating successful completion of
 9 probation, Respondent's Pharmacy Permit will be fully restored.

10 17. No Additional Ownership or Management of Licensed Premises

11 Respondent shall not acquire any additional ownership, legal or beneficial interest in, nor
 12 serve as a manager, administrator, member, officer, director, associate, partner or any business,
 13 firm, partnership, or corporation currently or hereinafter licensed by the Board except as approved
 14 by the Board or its designee. Violations of this restriction shall be considered a violation of
 15 probation.

16 17. Consultant Review of Pharmacy Operations

17 During the period of probation, Respondent Pharmacy shall retain an independent
 18 consultant at its own expense who shall be responsible for conducting an inspection to review
 19 the operations of Respondent Pharmacy on a monthly basis for compliance by Respondent
 20 Pharmacy with state and federal laws and regulations governing the practice of pharmacy, and
 21 compliance by Respondent. During the period of probation, the Board or its designee, retains the
 22 discretion to modify the frequency of the inspection of the pharmacist consultant's review.

23 The consultant shall be a pharmacist licensed by and not on probation with the Board
 24 and whose name shall be submitted to the Board or its designee, for prior approval, within
 25 thirty (30) days of the effective date of this decision.

26 Failure to timely retain, seek approval of, or ensure timely reporting by the consultant
 27 shall be considered a violation of probation.

19 indicated.

20 6. Section 4300 of the Code states:

21 (a) Every license issued may be suspended or revoked.

22 (b) The board shall discipline the holder of any license issued by the board, whose

26 (3) Suspending his or her right to practice for a period not exceeding on year.

27 (4) Revoking his or her license.

28 ///

(5) Taking any other action in relation to disciplining him or her as the board in its discretion may deem proper.

...

(e) The proceedings under this article shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of the Government Code, and the board shall have all the powers granted therein. The action shall be final, except that the propriety of the action is subject to review by the superior court pursuant to Section 1094.5 of the Code of Civil Procedure.

7. Section 4300.1 of the Code states:

The expiration, cancellation, forfeiture, or suspension of a board-issued license by operation of law or by order or decision of the board or a court of law, the placement of a license on a retired status, or the voluntary surrender of a license by a licensee shall not deprive the board of jurisdiction to commence or proceed with any investigation of, or action or disciplinary proceeding against, the licensee or to render a decision suspending or revoking the license.

8. Section 4307 of the Code states:

(a) Any person who has been denied a license or whose license has been revoked or is under suspension, or who has failed to renew his or her license while it was under suspension, or who has been a manager, administrator, owner, member, officer, director, associate, partner, or any other person with management or control of any partnership, corporation, trust, firm, or association whose application for a license has been denied or revoked, is under suspension or has been placed on probation, and while acting as the manager, administrator, owner, member, officer, director, associate, partner, or any other person with management or control had knowledge of or knowingly participated in any conduct for which the license was denied, revoked, suspended, or placed on probation, shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate, partner, or in any other position with management or control of a licensee as follows:

(1) Where a probationary license is issued or where an existing license is placed on probation, this prohibition shall remain in effect for a period not to exceed five years.

(2) Where the license is denied or revoked, the prohibition shall continue until the license is issued or reinstated.

(b) "Manager, administrator, owner, member, officer, director, associate, or partner," as used in this section and Section 4308, may refer to a pharmacist or to any other person who serves in that capacity in or for a licensee.

(c) The provisions of subdivision (a) may be alleged in any pleading filed pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of the Government Code. However, no order may be issued in that case except as to a person who is named in the caption, as to whom the pleading alleges the applicability of this section, and where the person has been given notice of the proceeding as required by Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of the Government Code. The authority to proceed as provided by this subdivision shall

be in addition to the board's authority to proceed under Section 4339 or any other provision of law.

STATUTORY PROVISIONS

9. Section 733 of the Code states:

(a) A licentiate shall not obstruct a patient in obtaining a prescription drug or device that has been legally prescribed or ordered for that patient. A violation of this section constitutes unprofessional conduct by the licentiate and shall subject the licentiate to disciplinary or administrative action by his or her licensing agency.

(b) Notwithstanding any other law, a licentiate shall dispense drugs and devices, as described in subdivision (a) of Section 4024, pursuant to a lawful order or prescription unless one of the following circumstances exists:

(1) Based solely on the licentiate's professional training and judgment, dispensing pursuant to the order or the prescription is contrary to law, or the licentiate determines that the prescribed drug or device would cause a harmful drug interaction or would otherwise adversely affect the patient's medical condition.

(2) The prescription drug or device is not in stock. If an order, other than an order described in Section 4019, or prescription cannot be dispensed because the drug or device is not in stock, the licentiate shall take one of the following actions:

(A) Immediately notify the patient and arrange for the drug or device to be delivered to the site or directly to the patient in a timely manner.

(B) Promptly transfer the prescription to another pharmacy known to stock the prescription drug or device that is near enough to the site from which the prescription or order is transferred, to ensure the patient has timely access to the drug or device.

(C) Return the prescription to the patient and refer the patient. The licentiate shall make a reasonable effort to refer the patient to a pharmacy that stocks the prescription drug or device that is near enough to the referring site to ensure that the patient has timely access to the drug or device.

(3) The licentiate refuses on ethical, moral, or religious grounds to dispense a drug or device pursuant to an order or prescription. A licentiate may decline to dispense a prescription drug or device on this basis only if the licentiate has previously notified his or her employer, in writing, of the drug or class of drugs to which he or she objects, and the licentiate's employer can, without creating undue hardship, provide a reasonable accommodation of the licentiate's objection. The licentiate's employer shall establish protocols that ensure that the patient has timely access to the prescribed drug or device despite the licentiate's refusal to dispense the prescription or order. For purposes of this section, "reasonable accommodation" and "undue hardship" shall have the same meaning as applied to those terms pursuant to subdivision (l) of Section 12940 of the Government Code.

27. FACTUAL ALLEGATIONS

28. Respondent Pharmacy is a pharmacy located in Costa Mesa, California. Respondent Pharmacy primarily dispenses diabetic test strips, test meters, lancets and lancing devices, and topical creams. The Board received multiple complaints alleging Preferred Pharmacy cold-called patients in an attempt to fill prescriptions, and/or filled patient prescriptions, without authorization. Board investigations confirmed that Respondent Pharmacy cold-called patients, test-billed prescriptions, filled prescriptions without patient knowledge, and utilized an unlicensed call center to solicit potential patients to fill prescriptions.

29. Respondent La was the Pharmacist in Charge (PIC) of Respondent Pharmacy from February 1, 2017 to October 7, 2019.

30. Respondent Agbassi was the PIC of Respondent Pharmacy since October 3, 2019 until present.

31. Respondent Montgomery owns and operates a variety of businesses and pharmacies including Respondent Pharmacy, located at 2202 Harbor Blvd., Suite D, Costa Mesa, California. Respondent Montgomery is not a licensed pharmacist. RXMSO is an entity associated with

Respondent Montgomery and is located in the same building complex as Respondent Pharmacy. The Board received information that RXMSO had call centers located in California, Florida, and the Philippines. RXMSO hired affiliates that obtained patient information and sold the information to RXMSO.

COMPLAINTS TO THE BOARD

32. On or around April 4, 2018, the Board received a complaint from Pharmacist MK on behalf of a homeless patient. The patient required daily insulin and any delay in the ability to test her blood sugar could result in hospitalization. The patient learned that she could not refill her prescription for diabetic test strips through her insurance because Respondent Pharmacy previously completed and billed her insurance for the prescription test strips. The patient did not request nor receive diabetic test strips from Respondent Pharmacy and had no knowledge that the prescription was placed on her behalf. Pharmacist MK researched Respondent Pharmacy's location and determined that Respondent Pharmacy was approximately 150 miles away from the patient. Pharmacist MK called Respondent Pharmacy and was informed that Respondent Pharmacy received signature confirmation for delivery. Pharmacist MK believed that this signature could not be the patient's signature as the patient was homeless.

33. On or about September 21, 2018, the Board received an anonymous complaint alleging that a patient received a telephone call from Respondent Pharmacy. The anonymous complainant stated that the caller asked the patient to describe their pain and to provide the name of the patient's care provider so that Respondent Pharmacy could call the provider and initiate prescriptions. The patient did not know how Respondent Pharmacy received the patient's information and did not provide the requested information.

34. On or about April 17, 2020, the Board received a complaint from a former employee of RXMSO. The employee, identified as YM, believed Respondent Montgomery operated RXMSO. YM confirmed RXMSO worked with approximately seven pharmacies including Respondent Pharmacy. YM stated that Respondent Pharmacy held patient information without patient authorization. YM alleged that RXMSO employed call center agents in the Philippines, Florida, and California. None of the agents was a licensed pharmacist or pharmacy technician.

1 YM stated that the call centers initiated contact with prospective patients and identified
2 themselves as “with the Health Care Department.” The agent offered prospective patients such
3 things as cookbooks or coupons for free meals to obtain patient information, including the
4 patient’s full name, date of birth, treating physician information, and last four numbers of the
5 patient’s social security number.

6 35. On or around September 9, 2020, the Board received an online complaint from MI, a
7 nurse practitioner for Sutter Health. MI stated that he received a prescription request for a
8 Medicare patient, TW, from Respondent Pharmacy. MI indicated that the patient had never been
9 to, nor requested services from, Respondent Pharmacy.

10 **BOARD INVESTIGATIONS**

11 36. Based on the complaints, the Board conducted investigations and inspections of
12 Respondent Pharmacy.

13 37. On or around March 6, 2019, Board Inspectors BM and CW conducted an inspection
14 of Respondent Pharmacy located at 3303 Harbor Blvd., Suite H7, Costa Mesa, California.
15 Respondent La assisted in the inspection. The pharmacy stocked UPS boxes and UPS label
16 sleeves. The pharmacy’s stock was comprised mostly of topical creams and diabetic products.
17 The pharmacy Daily Fill Log appeared to be mostly diabetes supplies, including over the counter
18 alcohol pads, lancets, meters, and strips. Inspector BM noted that one computer monitor had a
19 screen that stated, “Allow Remote Control” and “Control Remote Computer.” Respondent La
20 confirmed that Respondent Pharmacy held an Arizona non-resident pharmacy license. Board
21 Inspector BM viewed an expired Nevada Pharmacy license on the wall.

22 38. During the inspection, Board Inspectors BM and CW issued corrections for the
23 following violations:

24 a.) California Code of Regulations 1707.5(d), for the pharmacy not having
25 interpretive services;

26 b.) California Code of Regulations 1714(c), for the pharmacy not having a sink
27 with hot water;

28 ///

1 c.) California Code of Regulations 1715.65(c), for the pharmacy not having
2 completed an inventory reconciliation of Schedule II controlled substances; and

3 d.) Business and Professions Code 4070(a), for e-fax prescriptions not being
4 reduced to hard copy form and maintained.

5 39. As part of the inspection, Inspector BM interviewed Respondent La who stated the
6 following:

7 a.) Respondent Montgomery knew more about the pharmacy procedures than
8 Respondent La.

9 b.) Respondent La did not know about the marketing procedures and did not know
10 if Respondent Pharmacy cold-called patients.

11 c.) Respondent Pharmacy received prescriptions via e-script or e-fax and
12 automatically placed patient prescriptions on auto refill.

13 d.) E-scripts came directly from the prescribers via a Faxage server.¹ Inspector
14 BM could not locate printed E-faxed prescriptions.

15 e.) Respondent Pharmacy used a delivery driver and did not mail prescriptions.
16 Approximately half of Respondent's patients walked into the premises to fill prescriptions and
17 prescriptions were set for auto refills. Respondent La did not know exactly how the prescriptions
18 were delivered to locations several hours from Respondent Pharmacy's location.

19 40. Inspector BM asked Respondent La to log into Respondent Pharmacy's computer
20 system. Respondent La could not log in to the fax server and called Respondent Montgomery.
21 Once Respondent La gained access, Board Inspector BM reviewed prescriptions received by fax.
22 The system organized prescriptions by the prescriber fax number and date/time. While reviewing
23 Respondent Pharmacy's prescriptions, Board Inspector BM found:

24 a.) Respondent Pharmacy stocked preprinted prescriptions that appeared to be
25 created by Respondent Pharmacy or a marketing company and included a fine print disclaimer

26
27 ¹ A faxage server is a third-party faxing vendor fax that collects the prescriptions from doctors
28 which then gets entered into a computer system, instead of the prescription being sent directly to the
pharmacy.

1 that the prescriber's signature authorized the pharmacy to "substitute as necessary any
2 comparable cream formulation, patch, gel, or kit."

3 b.) Inspector BM pulled two examples of preprinted prescriptions. One
4 prescription was for Patient RD for lidocaine 5% ointment with three refills, and the other
5 prescription was for CP for calcipotriene 0.005% cream with 5 refills. The prescriptions appeared
6 to be created by Respondent Pharmacy or a marketing group and requested the prescription be
7 faxed back to an unidentified toll free number. The prescriptions contained a disclaimer in fine
8 print at the bottom that indicated that the prescriber's signature authorized the pharmacy to
9 "substitute as necessary any comparable cream formulation, patch, gel, or kit."

10 c.) A review of Patient TW's file included a pre-printed fax that appeared to have
11 been created by Respondent Pharmacy, although the prescription did not include the pharmacy
12 name. The prescription included preprinted information such as the patient name, address, date of
13 birth, and the prescriber name, address, phone number, fax number, and National Provider
14 Identifier (NPI). The prescription advised the prescriber to fax the prescription back to an
15 unidentified toll free number. The prescription contained generic prescriptions of diabetic test
16 strips, lancets, alcohol prep pads, lancet device, glucose meter, control solution, and syringes, all
17 with a 90-day quantity or single device listed in the quantity. The prescription included a section
18 for refills, but three refills appeared to be already electronically circled on the prescription. The
19 prescription was signed and dated June 24, 2017, however a signature log for the patient was not
20 retrievable during inspection. Patient TW resided in Bakersfield. Respondent La stated that
21 distant deliveries used a different system and that he did not have access to that system.

22 d.) Respondent La could not pull additional sample signatures for delivery when
23 asked to do so by Board Inspector BM.

Marketing Relationship with RXMSO

41. RXMSO is an entity associated with Respondent Montgomery and is located in the same building complex as Respondent Pharmacy. RXMSO includes a call center that contacted prescribers and patients to obtain prescriptions, demographics, and insurance information and access pharmacy systems to upload patient and prescription information on behalf of Respondent Pharmacy. There was no pharmacist overseeing RXMSO.

42. RXMSO company training documents included a coverage check process, a script for calling patients, RXMSO training, and a store contact list. The training document described the "Doc Chase" process, where after the pharmacy "approves a prescription," the RXMSO employee would attempt to obtain a prescription from the provider. Training documents included a prepared script for the employee to use when calling the prescriber. The training material instructed the employee to attempt to obtain a prescription by contacting the prescriber twice a day for approximately seven days. The documents described another process, the "Reverse Que," in which the agent would reverse or "credit return" billed prescriptions and then rebill them. The materials used by RXMSO were provided to employees of Respondent Pharmacy.

43. Beginning with the COVID-19 pandemic, call center employees worked from home. RXMSO affiliates cold-called patients and identified themselves as from the "health department." Once the affiliates obtained patient information, "coverage checkers" verified prescription profitability. If patients requested refills of prescriptions deemed "not profitable" to the pharmacy, the pharmacy would inform the patient "their insurance was telling the pharmacy to have the patient use a local community pharmacy" even though the pharmacy had not spoken with the patient's insurance company. If the claim was approved, the patient would move to the "doc chase" department. Members of the "doc chase" department would call prescribers and inform the prescriber that they previously spoke with the patient, even though the "doc chase" employee had not spoken with the patient. The "doc chase" employees received commissions based on how many prescriptions they obtained.

44. On or around August 19, 2020, Board Inspectors traveled to Respondent Pharmacy to tour the call center and to conduct a follow up interview of Respondent Agbassi. Respondent

1 Agbassi indicated that the call center ceased onsite operations and that he did not have access to
2 the call center space. Respondent Agbassi stated that the company recently downsized and had
3 only one call center employee. Respondent Agbassi believed Respondent Montgomery previously
4 had access to the call center and oversaw the operations on occasion.

5 45. During the Board investigator's interview with Respondent Agbassi, Respondent
6 Montgomery arrived. Inspector BM interviewed Respondent Montgomery. Respondent
7 Montgomery admitted that Respondent Pharmacy bought patient leads from a marketer, or
8 Management Services Organization in this case, RXMSO. The call center employed
9 approximately five employees who worked from home due to COVID-19 shelter-in-place orders.

10 **Test Billing and Solicitation of Prescriptions**

11 46. A review of Respondent Pharmacy's data indicated as follows:

12 a.) The data was comprised of approximately 50,000 prescriptions.

13 b.) Respondent Pharmacy marked approximately 31,680 prescriptions as
14 "completed."

15 c.) Respondent Pharmacy reversed billing in approximately 18,318 prescriptions,
16 resulting in approximately 37% of prescriptions being cancelled.

17 d.) Respondent Pharmacy data reflected that there were approximately 5,333
18 patients who only had prescriptions that were in cancelled status, indicating that Respondent
19 Pharmacy typed and attempted to process prescriptions for 5,333 patients for whom Respondent
20 Pharmacy had never filled prescriptions. This is a red flag that indicated Respondent test billed
21 prescriptions, that is, Respondent Pharmacy submitted fraudulent insurance claims to determine if
22 the prescription would result in a profit for the pharmacy.

23 e.) Data from February 1, 2017, through October 7, 2019, indicated that
24 Respondent La verified approximately 30,323 prescriptions as PIC, while Respondent Agbassi
25 verified approximately 976 prescriptions as PIC. Over 18,000 prescriptions did not list a
26 pharmacist in the verified by column, indicating no pharmacist reviewed or dispensed the
27 prescription.
28

f.) Although Respondent La alleged that Respondent Pharmacy only utilized a delivery driver for delivering prescriptions, Respondent Pharmacy held prescriptions for patients from 821 separate California cities. Respondent Pharmacy only completed approximately 30 prescriptions in Costa Mesa, where Respondent Pharmacy was located, representing 0.11% of Respondent's prescriptions. The top cities where Respondent Pharmacy completed prescriptions are as follows:

Patient City	Distance from Costa Mesa (approximate miles)	Count of Rx Number	Percentage of Total Rx's
Sacramento	427	1894	5.98%
Los Angeles	41	1591	5.02%
Fresno	261	1294	4.08%
San Diego	87	850	2.68%
Bakersfield	154	814	2.57%
Long Beach	28	646	2.04%
Modesto	354	592	1.87%
Lancaster	113	549	1.73%
San Bernardino	56	424	1.34%
Victorville	88	413	1.30%

47. Dr. LM appeared in approximately 2,489 prescriptions. Of these prescriptions, approximately 2,445 prescriptions were cancelled and only 44 were completed. Dr. LM's address of record was approximately fifty miles from the pharmacy. The patients listed as Dr. LM's "patients" resided throughout the state and not near Respondent Pharmacy nor Dr. LM's office. Dr. LM's office confirmed via questionnaire that out of the approximately 2,445 prescriptions provided by Inspector BM, only 19 of those patients (~~27 total prescriptions~~) were under Dr. LM's care. The remaining approximately 2,171 separate patients had prescriptions created by Preferred Pharmacy that were not patients of Dr. LM. Thus, approximately 2,426 separate prescriptions were created by Preferred Pharmacy using Dr. LM's name. Dr. LM stated that he had not authorized the pharmacy to create prescriptions for the patients that were not his patients. Dr. LM did note that he had sent some prescriptions to the pharmacy for the 19 patients under his care but stated that Respondent Pharmacy test billed approximately 2,426 prescriptions under Dr. LM's name without his authorization.

1 48. Dr. DS confirmed that Respondent Pharmacy test billed 56 prescriptions that were not
2 authorized. Dr. DS stated that he was not familiar with Respondent Pharmacy, did not prescribe
3 these types of prescriptions (test strips, lancets, alcohol pads), had not authorized Respondent
4 Pharmacy to test bill prescriptions under his name, and that the patients on the list of prescriptions
5 provided were not his patients. Dr. DS's office confirmed 56 prescriptions had not been
6 authorized by the prescriber.

7 49. Dr. DD confirmed that he did not authorize approximately 19 prescriptions that were
8 test billed by Respondent Pharmacy. Dr. DD retired on January 25, 2019, and he confirmed that
9 he did not write any prescriptions after that date. Additionally, Dr. DD stated that he was not
10 familiar with Respondent Pharmacy, was located more than 500 miles from Respondent
11 Pharmacy, did not perform telemedicine, and only saw patients in person. Thus, it was unlikely
12 that he authorized any prescriptions for patients located outside of Paradise, California.

13 50. An employee of Respondent Pharmacy and RXMSO confirmed that Respondent
14 Pharmacy test billed prescriptions to ensure that the prescriptions were profitable. The employee
15 explained that if Respondent Pharmacy could make \$35.00 from the patient's prescription, then it
16 would pursue obtaining the prescription. The employee confirmed that if the patient wanted a
17 refill or a prescription but the profit was less than \$35.00, or if the patient had a high copay,
18 Respondent Pharmacy would lie to the patient and tell the patient that their insurance informed
19 Respondent Pharmacy to have the patient use a local community pharmacy instead.

20 51. Inspector BM contacted patients that received prescriptions from Respondent
21 Pharmacy. Responding patients indicated that Respondent Pharmacy billed their insurance in
22 some instances, that they received cold calls in an attempt to obtain authorization to bill and
23 obtain prescriptions for the patient, that they had not contacted Respondent Pharmacy directly to
24 fill prescriptions. By way of example, the following patients stated the following:

25 a.) Patient DJ stated that she received supplies from Respondent Pharmacy that she
26 had not requested. She had not been to the pharmacy and did not know how Respondent
27 Pharmacy obtained her information. Patient DJ confirmed that she was cold-called by
28

1 Respondent Pharmacy. She further confirmed that she did not authorize Respondent Pharmacy to
2 bill her insurance.

3 b.) Patient RP indicated that she received prescriptions from Respondent Pharmacy
4 but that she had not been to, did not provide a prescription to, and did not know how Respondent
5 Pharmacy obtained her contact information. Patient RP confirmed that Respondent Pharmacy
6 cold-called her.

7 c.) Patient JM stated that he had not received or requested prescriptions from
8 Respondent Pharmacy. Patient JM stated that he did not authorize Respondent Pharmacy to bill
9 his insurance. Patient JM's prescription was listed as "cancelled" in the computer system.

10 d.) Respondent Pharmacy declined to fill a prescription for S.O. after her insurance
11 changed and the pharmacy noted "New Insurance no longer meets margin, will D/C Patient In
12 Pioneers" according to a screenshot provided.

13 52. On or around November 21, 2019, Respondent La participated in a conference call
14 with Board Inspectors and confirmed that Respondent Pharmacy used "RXMSO" employees
15 known as "chasers." Contrary to what Respondent La previously stated, Respondent Pharmacy
16 mailed about 90% of the prescriptions. Patients called and asked why they received prescriptions
17 from Respondent Pharmacy. "RXMSO" staff that called these patients were different from the
18 "chasers." Respondent Pharmacy sometimes received returns from patients. Those prescriptions
19 were returned for destruction and reversed from billing. Respondent La explained the
20 prescription would be filled typically by him, given to the clerk who would label it for shipping,
21 and the driver would collect the boxes for delivery via "DCS."

22 **Adulterated Prescriptions**

23 53. Respondent Pharmacy accepted prescriptions returned by patients. If a patient
24 returned a prescription, Respondent Agbassi would reverse the insurance charge and examine the
25 product. If the product appeared intact and still sealed, Respondents would re-dispense the
26 product despite having no knowledge of the conditions in which the products were kept.

27 ///

28 ///

Lack of Pharmacy Security

54. On or around September 9, 2019, Inspector BM conducted another inspection of Respondent Pharmacy. Upon entering the pharmacy, Inspector BM found that two clerks and pharmacy technicians EL and YT were present in the pharmacy with computers running and patient profiles visible on one screen and without a pharmacist present. Pharmacy technicians possessed keys to enter the pharmacy. Although the pharmacy maintained a small stock of dangerous drugs in the front locked room, test strips, pharmacy computers, and patient prescriptions were located in the main pharmacy area.

FIRST CAUSE FOR DISCIPLINE

(Interference with Pharmacist in Charge

Against Respondent Pharmacy and Respondent Montgomery)

55. Respondent Pharmacy and Respondent Montgomery are subject to disciplinary action under Code sections 4301 subdivision (o), for violating California Code of Regulations, title 16, section 1709.1, subdivision (b), and Code section 4330, subdivision (b), in that Respondent Pharmacy and Respondent Montgomery utilized an unlicensed, offsite call center to contact patients and prescribers; maintained fax servers to receive prescriptions that the Pharmacist-in-Charge could neither access nor locate; and, used delivery systems that the Pharmacist-in-Charge did not have knowledge of, access to, nor control over, as described above in paragraphs 28 through 54 which are incorporated herein by reference.

SECOND CAUSE FOR DISCIPLINE

(Unlicensed Activity Against All Respondents)

56. Respondents are subject to disciplinary action under Code sections 4301, subdivision (o), for violating Code section 4110, subdivision (a), in that Respondents utilized an unlicensed entity, RXMSO, to run a call center to contact prescribers and patients to obtain prescriptions and access pharmacy systems to upload patient and prescription information. This location was not supervised by a pharmacist and was not licensed by the Board, as described above in paragraphs 28 through 54, which are incorporated herein by reference.

///

THIRD CAUSE FOR DISCIPLINE**(Unauthorized Disclosure of Prescription Information****Against Respondent Pharmacy and Respondent Montgomery)**

57. Respondents are subject to disciplinary action under Code sections 4301 subdivisions (j) and (o), for violating California Code of Regulations, title 16, section 1764, and California Civil Code section 56.10, subdivision (a), in that Respondent Pharmacy and Respondent Montgomery ran an unlicensed call center that contacted prescribers and patients to obtain prescriptions, demographics, and insurance information and accessed pharmacy systems to upload patient and prescription information. The call center was not supervised by a pharmacist and was manned by unlicensed staff, as described above in paragraphs 28 through 54, which are incorporated herein by reference.

FOURTH CAUSE FOR DISCIPLINE**(Insurance Fraud Against All Respondents)**

58. Respondents are subject to disciplinary action under Code sections 4301 subdivisions (j) and (o), for violating Code section 810, subdivision (b) and Penal Code section 550 subdivision (a)(6) and (7), in that Respondent Pharmacy knowingly made or caused to be made any false or fraudulent claim for payment of a health care benefit and knowingly submitted a claim for a health care benefit that was not used by, or on behalf of, the claimant. Specifically, and as more fully set forth in paragraphs 46 through 52 above, between February 1, 2017, and November 7, 2019, Respondents cancelled 18,318 prescriptions in the computer system and had approximately 5,333 patients who only had prescriptions that were in the cancelled status (the pharmacy entered a prescription for them but never dispensed drugs or products). These 18,318 claims represented approximately 37% of Respondent Pharmacy's typed prescriptions and suggests that Respondent Pharmacy was test-billing and soliciting prescriptions it knew it would not be dispensing. Additionally, patients confirmed that Respondent Pharmacy cold-called patients and billed their insurance either without the patient's authorization and/or without the patient requesting prescriptions be filled by Respondent Pharmacy.

///

FIFTH CAUSE FOR DISCIPLINE

(Unprofessional Conduct Against All Respondents)

59. Respondent Pharmacy is subject to disciplinary action under Code sections 4301 subdivisions (f), (g) and (o) in that Respondent Pharmacy test-billed insurance claims the patient did not receive, billed patient's insurance without authorization, ran an unlicensed call center that accessed patient prescription information, cold-called patients, and lied about cold calling patients, as described above in paragraphs 44 through 52, which are incorporated herein by reference.

SIXTH CAUSE FOR DISCIPLINE

(Unprofessional Conduct-Subverting an Investigation

Against Respondent Pharmacy, Respondent Montgomery and Respondent La)

60. Respondent Pharmacy and Respondent Montgomery are subject to disciplinary action under Code sections 4301, subdivision (q), in that Respondent Pharmacy, Respondent Montgomery and Respondent La each signed a written statement denying that patients were cold-called, stating that pharmacy personnel delivered prescriptions despite prescriptions being shipped hundreds of miles away, and denying that marketers had access to pharmacy records despite marketers calling patients and prescribers regarding their prescriptions, as described above in paragraphs 28 through 54, which are incorporated herein by reference.

SEVENTH CAUSE FOR DISCIPLINE

(Unprofessional Conduct by a Corporation

Against Respondent Pharmacy and Respondent Montgomery)

61. Respondent Pharmacy and Respondent Montgomery are subject to disciplinary action under Code sections 4301, subdivision (o), in conjunction with Code section 4156 in that Respondent Pharmacy and Respondent Montgomery test-billed insurance claims for prescriptions the patients did not receive, billed patients' insurance without authorization, ran an unlicensed call center that accessed patient prescription information, cold-called patients, and lied about cold calling patients, as described above in paragraphs 28 through 54, which are incorporated herein by reference.

EIGHTH CAUSE FOR DISCIPLINE

(Obstruction of Prescriptions Against All Respondents)

62. Respondents are subject to disciplinary action under Code sections 4301, subdivisions (f) and (o), and Code section 733, subdivision (a) and (b), in that Respondents' policies and procedures confirmed the pharmacy would not ship a patient their prescription if the prescription did not meet a set profit margin, including if the patient was receiving a refill for a prescription previously filled by the pharmacy. In addition, Respondents declined to fill prescriptions for Patient SO after her insurance changed and her file noted "new insurance no longer meets margin," as described above in paragraphs 28 through 54, which are incorporated herein by reference.

NINTH CAUSE FOR DISCIPLINE

(Adulterated Drugs Against all Respondent Pharmacy and Respondent Agbassi)

63. Respondent Pharmacy, Respondent Montgomery and Respondent Agbassi are subject to disciplinary action under Code sections 4301, subdivision (j), Code section 4169, subdivision (a)(1) and (2), and Health and Safety Code sections 111255 and 111295 in that Respondents sold, delivered, held, or offered for sale an adulterated drug, as described above in paragraphs 28 through 54, which are incorporated herein by reference.

TENTH CAUSE FOR DISCIPLINE

(Lack of Pharmacy Security

Against Respondent Pharmacy and Respondent Agbassi)

64. Respondent Pharmacy, Respondent Montgomery and Respondent Agbassi are subject to disciplinary action under Code sections 4301 subdivision (j), Code section 4116, subdivision (a) and California Code of Regulations, title 16, section 1714, subdivision (d), in that non-pharmacist personnel had a key to the pharmacy premises, which allowed access to pharmacy computer systems and records an hour prior to the arrival of the pharmacist, as described above in paragraph 54, which is incorporated herein by reference.

28 ///

1 **12. License Surrender While on Probation/Suspension**

2 Following the effective date of this decision, should Respondent cease practice due to
3 retirement or health, or be otherwise unable to satisfy the terms and conditions of probation,
4 Respondent may relinquish his license, including any indicia of licensure issued by the board,
5 along with a request to surrender the license. The board or its designee shall have the discretion
6 whether to accept the surrender or take any other action it deems appropriate and reasonable.
7 Upon formal acceptance of the surrender of the license, Respondent will no longer be subject to
8 the terms and conditions of probation. This surrender constitutes a record of discipline and shall
9 become a part of the Respondent's license history with the board.

10 Upon acceptance of the surrender, Respondent shall relinquish his pocket and/or wall license,
11 including any indicia of licensure not previously provided to the board within ten (10) days of
12 notification by the board that the surrender is accepted if not already provided. Respondent may
13 not reapply for any license from the board for three (3) years from the effective date of the
14 surrender. Respondent shall meet all requirements applicable to the license sought as of the date
15 the application for that license is submitted to the board, including any outstanding costs.

16 **13. Practice Requirement – Extension of Probation**

17 Except during periods of suspension, Respondent shall, at all times while on probation, be
18 employed as a pharmacist in California for a minimum of 100 hours per calendar month. Any
19 month during which this minimum is not met shall extend the period of probation by one month.
20 During any such period of insufficient employment, Respondent must nonetheless comply with
21 all terms and conditions of probation, unless Respondent receives a waiver in writing from the
22 board or its designee.

23 If Respondent does not practice as a pharmacist in California for the minimum number of
24 hours in any calendar month, for any reason (including vacation), Respondent shall notify the
25 board in writing within ten (10) days of the conclusion of that calendar month. This notification
26 shall include at least: the date(s), location(s), and hours of last practice; the reason(s) for the
27 interruption or reduction in practice; and the anticipated date(s) on which Respondent will resume
28 practice at the required level. Respondent shall further notify the board in writing within ten (10)

1 days following the next calendar month during which Respondent practices as a pharmacist in
2 California for the minimum of hours. Any failure to timely provide such notification(s) shall be
3 considered a violation of probation.

4 It is a violation of probation for Respondent's probation to be extended pursuant to the
5 provisions of this condition for a total period, counting consecutive and non-consecutive months,
6 exceeding thirty-six (36) months. The board or its designee may post a notice of the extended
7 probation period on its website.

8 **14. Violation of Probation**

9 If Respondent has not complied with any term or condition of probation, the board shall
10 have continuing jurisdiction over Respondent, and the board shall provide notice to Respondent
11 that probation shall automatically be extended, until all terms and conditions have been satisfied
12 or the board has taken other action as deemed appropriate to treat the failure to comply as a
13 violation of probation, to terminate probation, and to impose the penalty that was stayed. The
14 board or its designee may post a notice of the extended probation period on its website.

15 If Respondent violates probation in any respect, the board, after giving Respondent notice
16 and an opportunity to be heard, may revoke probation and carry out the disciplinary order that
17 was stayed. If a petition to revoke probation or an accusation is filed against Respondent during
18 probation, or the preparation of an accusation or petition to revoke probation is requested from
19 the Office of the Attorney General, the board shall have continuing jurisdiction and the period of
20 probation shall be automatically extended until the petition to revoke probation or accusation is
21 heard and decided and the charges and allegations in Accusation No. 7019 shall be deemed true
22 and correct.

23 **15. Completion of Probation**

24 Upon written notice by the board or its designee indicating successful completion of
25 probation, Respondent's license will be fully restored.

26 **16. Ethics Course**

27 Within sixty (60) calendar days of the effective date of this decision, Respondent shall
28 enroll in a course in ethics, at Respondent's expense, approved in advance by the board or its

designee that complies with Title 16 California Code of Regulations section 1773.5. Respondent shall provide proof of enrollment upon request. Within five (5) days of completion, Respondent shall submit a copy of the certificate of completion to the board or its designee. Failure to timely enroll in an approved ethics course, to initiate the course during the first year of probation, to successfully complete it before the end of the second year of probation, or to timely submit proof of completion to the board or its designee, shall be considered a violation of probation.

Respondent shall be given credit for the live portion of the ethics course that was completed within twelve (12) months prior to the effective date of this Decision and Order, so long as Respondent provides sufficient documentation confirming completion of that portion of the course.

17. No Ownership or Management of Licensed Premises

Respondent shall not own, have any legal or beneficial interest in, nor serve as a manager, administrator, member, officer, director, trustee, associate, or partner of any business, firm, partnership, or corporation currently or hereinafter licensed by the board. Respondent shall sell or transfer any legal or beneficial interest in any entity licensed by the board within ninety (90) days following the effective date of this decision and shall immediately thereafter provide written proof thereof to the board. Ethics Course

One of the terms of your probation is completion of an ethics course approved by the Board. This letter will provide you with information about available courses. According to Title 16 California Code of Regulations, section 1773.5, the ethics course must consist of at least 22 hours of specified components. A copy of the regulation describing these required components is provided on the following page.

Professional Boundaries Inc. offers ethics courses. The Board does not operate these courses or endorse the company. You may contact Professional Boundaries Inc., at (904) 800-1237 www.professionalboundaries.com. This provider has represented to the Board that they comply with the regulations as set forth in Title 16 California Code of Regulations, section 1773.5. Before enrolling in any course for the purposes of satisfying the terms and conditions of probation, please review the regulations to ensure the course will fulfill the requirements specified in the regulation.

Once you have enrolled in the course, please submit proof of enrollment to your Probation Analyst at the above address. As a reminder, a certificate of completion must be mailed to the Board office within five days after completing the course.

1773.5 Ethics Course Required as Condition of Probation.

When directed by the board, a pharmacist or intern pharmacist may be required to complete an ethics course that meets the requirements of this section as a condition of probation, license reinstatement or as abatement for a citation and fine. Board approval must be obtained prior to the commencement of an ethics course.

- a. The board will consider for approval an ethics course that at minimum satisfies the following requirements:
 - (1) Duration. The course shall consist of a minimum of 22 hours, of which at least 14 are contact hours and at least 8 additional hours are credited for preparation, evaluation and assessment.
 - (2) Faculty. Every instructor shall either possess a valid unrestricted California professional license or otherwise be qualified, by virtue of prior training, education and experience, to teach an ethics or professionalism course at a university or teaching institution.
 - (3) Educational Objectives. There are clearly stated educational objectives that can be realistically accomplished within the framework of the course.
 - (4) Methods of Instruction. The course shall describe the teaching methods for each component of the program, e.g., lecture, seminar, role-playing, group discussion, video, etc.
 - (5) Content. The course shall contain all of the following components:
 - (A) A background assessment to familiarize the provider and instructors with the factors that led to the prospective candidate's referral to the class.
 - (B) A baseline assessment of knowledge to determine the participant's knowledge/awareness of ethical and legal issues related to the practice of pharmacy in California, including but not limited to those legal and ethical issues related to the specific case(s) for which the participant has been referred to the program.
 - (C) An assessment of the participant's expectations of the program, recognition of need for change, and commitment to change.
 - (D) Didactic presentation of material related to those areas that were problems for the participants based upon the results of the background assessments and baseline assessments of knowledge.
 - (E) Experiential exercises that allow the participants to practice concepts and newly developed skills they have learned during the didactic section of the class.
 - (F) A longitudinal follow-up component that includes (1) a minimum of two contacts at spaced intervals (e.g., 6 months and 12 months) within one year after course completion or prior to completion of the participant's probationary period if probation is less than one year, to assess the participant's status; and (2) a status report submitted to the division within 10 calendar days after the last contact.
 - (6) Class Size. A class shall not exceed a maximum of 12 participants.
 - (7) Evaluation. The course shall include an evaluation method that documents that educational objectives have been met - e.g. written examination or written evaluation - and that provides for written follow-up evaluation at the conclusion of the longitudinal assessment.
 - (8) Records. The course provider shall maintain all records pertaining to the program, including a record of the attendance for each participant, for a minimum of 3 years and shall make those records available for inspection and copying by the board or its designee.
 - (9) Course Completion. The provider shall issue a certificate of completion to a participant who has successfully completed the program. The provider shall also notify the board or its designee in writing of its determination that a participant did not successfully complete the program. The provider shall fail a participant who either was not actively involved in the class or demonstrated behavior indicating a lack of insight (e.g., inappropriate comments, projection of blame). This notification shall be made within 10 calendar days of that determination and shall be accompanied by all documents supporting the determination.

CONSENT ORDER

The Alabama Board of Nursing, hereinafter referred to as Board, having evidence that **CHASITY DENISE BEENE MARTIN**, hereinafter referred to as Respondent, is in violation of the Code of Alabama 1975, § 34-21-25, and the Alabama Board of Nursing Administrative Code, § 610-X-8; and Respondent, desiring to avoid the necessity of a formal hearing, do hereby enter into this Consent Order in lieu of proceeding with further disciplinary action. Respondent understands the right to a formal hearing in this matter and hereby knowingly waives such right. Respondent further understands and agrees that this is a non-appealable Order.

FINDINGS OF FACT

I.

On April 22, 2003, Respondent was licensed by the Alabama Board of Nursing as a Registered Nurse and was so licensed at all times relevant to matters stated herein. Respondent is currently licensed through December 31, 2006.

II.

On September 25, 2005, Respondent reported to work as a RN at Walker Baptist Medical Center, Jasper, Alabama, while under the influence of unknown chemicals. Respondent was described as stumbling, appearing disoriented, acting strange and almost falling out of a chair.

Multiple patients reported concerns about the Respondent's care as follows: failure to administer medications, dropping the MAR, and spilling water on a patient.

A urine drug screen conducted for cause was positive for methamphetamine and amphetamine. Respondent did not have a valid prescription for either drug. Respondent attributed her conduct to the one time use of methamphetamine prior to going to work.

CONCLUSIONS OF LAW

The conduct stated above constitutes sufficient grounds for the imposition of sanctions against Respondent's license to practice as a Registered Nurse in the State of Alabama pursuant to the Code of Alabama 1975, § 34-21-25, and the Alabama Board of Nursing Administrative Code, § 610-X-8-.03(4)(a)(e); (6)(a)(b)(f)(i)(ii)(iii)(m)(q)(v)(x).

ORDER

Respondent's Alabama Registered Nurse License, No. 1-099287, is hereby **SUSPENDED** until such time as the Board is in receipt of documentation of: (a) completion of required evaluations in accordance with Stipulation Number 4 below; (b) successful completion of the initial phase of an approved treatment program as specified in Stipulation Number 6 below, if treatment is recommended; (c) participation in an aftercare program as specified in Stipulation Number 7 below, if treatment is recommended; (d) negative random monthly drug screens as specified in Stipulation Number 15 below; (e) active participation in Twelve Step Programs as specified in Stipulation Number 9 below, if recommended; (f) accrual of requisite continuing education contact hours; and, (g) payment of appropriate fees. Should Respondent be deemed in need of treatment and upon documented completion of the above terms, Respondent's license will be reinstated on **PROBATION** for sixty (60) months pursuant to the following terms and conditions. If not deemed to be in need of treatment, Respondent's license will be placed on probation for twelve (12) months pursuant to the terms and conditions in this Order. In no event

will this period of suspension extend longer than TWELVE (12) MONTHS past the effective date of this Order. Should such occur, Respondent's licensure status will be considered as and listed as revoked.

1. **Return of Wallet ID Card**

Respondent's wallet ID card shall be **immediately** returned to the Alabama Board of Nursing office. Upon reinstatement, Respondent will be issued a wallet ID card which indicates probationary status.

2. **Fine**

Respondent shall pay a fine in the amount of **\$750** if treatment is recommended or **\$250** if treatment is not recommended. This fine must be paid within thirty (30) days of the effective date of Respondent's reinstatement. Respondent understands that failure to pay the fine is cause for additional disciplinary action by the Board of Nursing.

Should Respondent's probation extend beyond a period of thirty-six (36) months, Respondent shall pay an additional fine of \$250 prior to termination of this Order.

3. **Education – Completion of Course**
(If not deemed in need of chemical dependency treatment)

Respondent shall satisfactorily complete a Board-approved course/program on chemical dependency and provide documentation of completion to the Board. This course must be satisfactorily completed within three (3) months of the effective date of this Order.

4. **Evaluations (Chemical dependency)**

Respondent must submit the results of required comprehensive evaluations for chemical dependency, physical and mental illness from a Board-recognized treatment provider with Board consultation with the evaluating professional prior to making the assessment. Respondent must abide by any requests and recommendations from the providers that may include inpatient evaluation, outpatient evaluation, partial hospitalization evaluation and psychological testing.

Respondent is also required to undergo subsequent evaluations by a recognized provider with a healthcare professionals tract should such be requested by the Board following a relapse or for other cause. Respondent must follow all treatment recommendations from the provider including inpatient treatment, outpatient treatment, halfway house, residential long-term treatment, counseling, etc.

If not eligible for early release, the Respondent shall return to the original treatment provider(s) or other Board-approved provider for required comprehensive evaluations and a determination of readiness to practice without supervision and/or monitoring. Said evaluations must be performed within the ninety (90) day period immediately prior to the scheduled termination of this Order. Based upon the evaluations, the Board may extend the period of this Order and require additional treatment, counseling, etc.

5. **Duration of Order**

The duration of this Order is for a period of sixty (60) months unless extended pursuant to Stipulation Number 4 below. Respondent may apply for early release after thirty-six (36) months of satisfactory compliance with all the stipulations of this Order. If Respondent applies for early release, a comprehensive chemical dependency, physical and mental evaluation from a treatment provider with a healthcare professionals tract which supports early release shall be submitted to the Board. Said evaluation must be performed within the ninety (90) day period immediately prior to submission of the application for early release. The duration of this Order is for a period of twelve (12) months if deemed not in need of chemical dependency treatment. These time periods are subject to Stipulation Number 25 below.

6. **Treatment Program (If chemical dependency treatment recommended)**

The program must be a Board-recognized chemical dependency treatment program. Respondent shall cause the director of the treatment program to submit to the Board proof of Respondent's entry into a primary intensive alcohol/drug treatment program in accordance with the recommendations made during the evaluation process which may include inpatient treatment,

outpatient treatment, halfway house, residential long-term treatment and/or a combination thereof. Respondent shall also cause the program director to provide the Board with documentation concerning Respondent's successful completion of the program, readiness to return to the safe practice of nursing and recommendations and arrangements for appropriate follow-up.

7. **Aftercare Program (If chemical dependency treatment recommended)**

Unless otherwise recommended by the treatment provider and approved by the Board, the Respondent, within one (1) week of the completion of the initial phase of the treatment program, shall enter a Board-acceptable chemical dependency aftercare program with said program to meet on a weekly basis and to extend for a minimum of one (1) year. Respondent shall also cause the program to submit to the Board, in writing, and on the Board-approved form, documentation of the Respondent's attendance, participation and progress in the program. Such reports are due quarterly, according to schedule, for the duration of the probationary period or until successful completion of the aftercare program. In the event the Respondent is discharged from the aftercare program for noncompliance, the Respondent and the program are to immediately notify the Board, in writing, of such occurrence. This is required regardless of whether Respondent is employed in nursing.

8. **Individual/Group Counseling (If recommended by chemical dependency evaluation)**

Respondent shall participate regularly in a Board-acceptable counseling program contingent upon the recommendations of the original treatment program. Respondent shall continue in counseling for as long as deemed necessary by the counselor/therapist. This stipulation is in addition to meeting the stipulation requiring aftercare participation. Respondent shall have the counselor/therapist notify the Board when continued counseling is no longer indicated and Respondent is discharged or when there is a failure to complete or comply with the course of therapy. Respondent shall also cause the program to submit to the Board, in writing and on the Board-approved form, evidence of satisfactory participation and progress in counseling. Such reports are due quarterly, according to schedule, as long as indicated during

the period of this Order. This is required regardless of whether Respondent is employed in nursing.

9. **Twelve Step Meetings (If recommended by chemical dependency evaluation)**

Respondent shall attend and participate in a minimum of three (3) Twelve Step meetings per week for the duration of this Order. The Respondent shall submit meeting attendance verification sheets monthly, according to schedule, on the Board-approved form, for the duration of the Order period. It is required that Respondent have a sponsor during the period of this Order. If there is a sponsor, the Board should be provided sufficient information as how to contact this individual. This is required regardless of whether Respondent is employed in nursing.

10. **Self-Report**

Respondent shall submit a written status report to the Board on a Board-approved form. This is to be submitted on a monthly basis, according to schedule, and must contain a self-assessment of current status. This report is required regardless of whether Respondent is employed in nursing. At the Board's discretion, Respondent may be allowed to make verbal contact with Board staff in lieu of a written report.

11. **Primary Physician – Drug Use Exception**

The Respondent will have only one primary physician/group during the period of this Order. The primary physician must refer to any other physician, except in a documented emergency. All mood-altering medications or medications containing a mood-altering substance must be prescribed to Respondent by this primary physician for a bona fide medical condition, or if prescribed by the referred physician, must be immediately reported in writing by the Respondent to the primary physician with a copy to the Board. Respondent must notify the Board of the name, address, and telephone number of the primary physician within ten (10) days of the effective date of this Order and within ten (10) days in the case of a new physician. Respondent shall cause any and all prescriptions to be verified to the Board by the prescribing practitioner on a Board-provided form at the time of the issuance of a prescription and must also provide verification of all

medications prescribed prior to the Respondent's Board Order. No prescription over twelve (12) months old should be taken without an updated prescription verification. The Board or its designee may, at any time, request the practitioner to document the continued need for prescribed medications. Respondent shall keep a written record of medications taken, including over-the-counter drugs, and produce such record upon request by the Board. This is required regardless of whether Respondent is employed in nursing.

12. **Dentist – Drug Use Exception**

The Respondent will have only one dentist during the period of this Order. The primary dentist must refer to any other dentist or dental specialist, except in a documented emergency. All mood-altering medications or medications containing a mood-altering substance must be prescribed to Respondent by this primary dentist for a bona fide dental condition, or if prescribed by a referred dentist, must be immediately reported in writing by the Respondent to the primary dentist with a copy to the Board. Respondent must notify the Board of the name, address, and telephone number of the primary dentist within ten (10) days of the effective date of this Order. Respondent shall cause any and all prescriptions to be verified to the Board by the prescribing dentist on a Board-provided form at the time of the issuance of a prescription and must also provide verification of all medications prescribed prior to the Respondent's Board Order. No prescription over twelve (12) months old should be taken without an updated prescription verification. The Board or its designee may, at any time, request the practitioner to document the continued need for prescribed medications. Respondent shall keep a written record of medications taken, including over-the-counter drugs, and produce such record upon request by the Board. This is required regardless of whether Respondent is employed in nursing.

The drug screen will be a Board-approved drug screen and may include additional chemicals as designated by the Board or its designee. A minimum of one (1) random testing per month shall be done and may be required more frequently as requested by the Board or its designee. Further, the Board or its designee may at anytime require the Respondent to undergo additional drug screening of a type specified by the Board, including hair tests of a minimum of one time per year, to ensure that the Respondent is free of chemical substances. Refusal to provide a specimen suitable for testing within the requested time frame constitutes a violation of this Order and grounds for disciplinary action. Respondent waives any argument as to chain-of-custody of the sample or validity/accuracy of its testing regarding any positive screen received by the Board from an approved testing facility. The report of a positive drug screen which is not a result of documented, prescribed medications as provided for herein shall be considered a violation of this Order. This is required regardless of whether Respondent is employed in nursing.

16. **Employment - Monitoring**

Respondent shall practice only under the on-site monitoring of a Board-approved licensed health professional in good standing with their professional regulatory body. The employment monitor is not required to be on the same unit or ward as Respondent but should be on site and readily available to provide assistance and intervention in the event the Respondent appears impaired or otherwise unable to safely practice. The Respondent shall work only

regularly assigned, identified, and predetermined units. The on-site monitor shall be primarily one (1) person. The Respondent shall not be self-employed or contract for services.

17. **Employment-Increased Autonomy**

Following two (2) years of satisfactory compliance with stipulations, Respondent may request to work areas which have limited supervision. If such is granted, said employment will be with specified conditions as set forth by the Board. In no event may Respondent engage in unsupervised practice without prior written authorization from the Board or its designee.

19. **Employment - Supervision Restriction**

Respondent shall not be employed as a supervising nurse.

20. **Employment - Access to Drugs (if treatment recommended)**

Respondent shall work in nursing a minimum of six (6) months without this restriction prior to completing the Order.

21. **Employment - Hours of Practice**

Respondent shall not work more than eighty (80) hours in a two (2) week period without prior written authorization from the Board or its designee.

22. **Employment - Notification**

Respondent shall provide all health care employers, collaborative and covering physicians (if CRNP/CNM) and schools of nursing with a copy of this Order and cause each to acknowledge to the Board that a copy of this Order has been provided to them. Said notification

shall be received by the Board no later than ten (10) days after the effective date of this Order or within ten (10) days of Respondent's employment or advanced practice approval or entry into school and must be on the Board-provided form.

23. **Employment - Change in Status**

Respondent shall not accept or change employment without prior written notification to the Board. Said notification must include the name and number of the person who will be Respondent's supervisor.

24. **Employment - Evaluation of Performance**

Respondent shall cause the employer to provide to the Board, on a Board-approved form, a written evaluation of Respondent's nursing performance. Such reports are due quarterly, according to schedule. The receipt of an unfavorable report may be considered to be a violation of this Order. If Respondent is not employed as a nurse, Respondent is required to inform the Board of employment status in the monthly self-report.

25. **Not Employed in Nursing**

In order to complete the terms of this Order, the Respondent must have been employed as a practicing nurse for a minimum period of eighteen (18) months if chemical dependency treatment is recommended. If treatment is not recommended, Respondent must be employed as a practicing nurse for a minimum of twelve (12) months. During periods of employment in fields other than nursing, Respondent is not relieved from compliance with all other terms and conditions of this Order.

26. **Alabama Licensure Status**

Respondent must maintain a current license at all times during the period of probation. If for any reason Respondent allows the nursing license to lapse/expire, such may be cause for disciplinary action.

27. Notification of Board

If Respondent is arrested by any law enforcement agency or is admitted as a patient to any institution in this state or elsewhere for treatment regarding the abuse of or dependence on any chemical substance, or for treatment for any emotional or psychological disorder, Respondent shall cause the Board to be notified immediately. Respondent also shall immediately report to the Board any relapse as well as any disciplinary action issued by an employer. Should Respondent test positive on any drug screen conducted by an employer, an employee assistance program, court referral program or other entity, the Respondent shall immediately report such to the Board.

28. Change of Address

Respondent shall immediately notify the Board, in writing, of any change of address.

29. Relocation

The Respondent must notify the Board of pending relocation outside the State of Alabama. If Respondent plans to relocate to another state, Respondent must inform that state's board of nursing as to licensure status and may request the Alabama Board to transfer monitoring to the other state. If monitored by another state, Respondent must successfully complete all requirements of the Board Order of the other jurisdiction in order to fulfill the terms of this Order. Respondent must submit to the Alabama Board a copy of the Order from the other state and official notification of successful completion or unsuccessful termination thereof. The Board retains the right to withdraw approval for out-of-state monitoring if circumstances indicate that such is appropriate.

30. Personal Interview

Respondent shall appear in person for interviews at the request of the Board or Board designee.

31. Obey the Laws

Respondent shall refrain from violation of any federal, state or local law or rule or Order of the Board. A conviction on any criminal charge pending at the time of the signing of this

Order may result in further disciplinary action. Any arrest subsequent to the signing of this Order may result in further disciplinary action.

32. **Release of Records and Information**

Respondent hereby authorizes the Board of Nursing to submit information and all records necessary to ensure compliance with the stipulations of this Order and public safety. This includes communication with Respondent's employer (existing and prospective) and members of Respondent's treatment team regarding noncompliance and/or possible relapse. Respondent also agrees to execute all appropriate release of information forms so as to allow all treatment providers, healthcare providers, employers and all other necessary persons to inform the Board, in writing, of Respondent's status and progress.

33. **Violation**

Any deviation from the requirements of this Order without the written consent of the Board shall constitute a violation of this Order and will be cause for disciplinary action.

Provide explanation below:

In September of 2022, I self-referred to the Health Professionals Services Program (HPSP), a physician drug monitoring program in Oregon, for treatment of a substance use disorder. I began treatment at Serenity Lane, a drug and alcohol treatment center in Oregon, and completed 30 days of residential treatment (11/2/2022-12/2/2022), followed by 10 weeks of level 2.1 ASAM intensive outpatient treatment (12/5/2022-2/9/2023), followed by ongoing level 1 ASAM outpatient treatment to be continued through December of 2024. I have been compliant with all requirements of the monitoring agreement and have begun transferring monitoring responsibilities to the Physician Recovery Network (PRN) in Las Vegas, Nevada directed by Mark Chase, who has indicated he would send an email to the Board of Pharmacy to confirm my participation in his program. I am including with this submission copies of a recent letter from HPSP indicating my compliance with that program, my contract with PRN, and a return to duty letter from the medical director of Serenity Lane.

EXPLANATION – Matter in *italics* is new; matter in brackets ~~omitted material~~ is material to be omitted.

AUTHORITY: §§ 1, 2 and 4, NRS 453.221, 639.070 and 639.2177; § 3, NRS 639.070 and 639.170.

A REGULATION relating to pharmacy; requiring a facility for treatment with narcotics to obtain a license to administer opioid agonist treatment medication; requiring a dispensing practitioner at such a facility to obtain informed consent before reporting certain information; prescribing certain fees; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes the State Board of Pharmacy to adopt regulations relating to the registration and control of the dispensing of controlled substances in Nevada. (NRS 453.221) Existing law further authorizes the Board to adopt regulations that: (1) are necessary for the protection of the public relating to the practice of pharmacy; (2) authorize the Executive Secretary of the Board to issue certificates, licenses and permits required for the practice of pharmacy or for the dispensing of controlled substances; and (3) govern the dispensing of poisons, drugs, chemicals and medicines. (NRS 639.070) Existing regulations require a facility for treatment with narcotics, which is a facility certified by the federal government to treat addiction to narcotics using other narcotics, to be licensed by the Division of Public and Behavioral Health of the Department of Health and Human Services. (NAC 449.15445) **Section 1** of this regulation additionally requires a facility for treatment with narcotics to obtain a license from the Board to administer opioid agonist treatment medication and sets forth the requirements to obtain such a license. **Section 1** also requires dispensing practitioners at a facility for treatment with narcotics to obtain informed consent for the reporting of information to a program that tracks prescriptions of certain controlled substances. **Section 2** of this regulation defines certain terms.

Existing regulations prescribe fees for the issuance and biennial renewal of authorization of a facility for treatment with narcotics to prescribe or possess controlled substances. (NAC 639.220) **Section 3** of this regulation clarifies that such fees apply to the investigation or

issuance and biennial renewal of a license to administer opioid agonist treatment medication.

Section 4 of this regulation authorizes a facility for treatment with narcotics that is operating on the effective date of this regulation to continue to do so without obtaining such a license until 6 months after that date.

Section 1. Chapter 639 of NAC is hereby amended by adding thereto to a new section to read as follows:

1. A person or public or private facility shall not operate or provide the services of a facility for treatment with narcotics unless the person or facility holds a license to administer opioid agonist treatment medication issued by the Board pursuant to this section.

2. A person or public or private facility may apply to the Board for a license to administer opioid agonist treatment medication by submitting an application to the Board on a form prescribed by the Board. The Board shall issue such a license if the applicant meets the requirements sets forth in subsection 3 and pays the fee required by NAC 639.220.

3. An applicant for a license pursuant to subsection 2 must:

(a) Be certified by the Substance Abuse and Mental Health Services Administration of the United States Department of Health and Human Services pursuant to 42 C.F.R. § 8.11;

Hello JT,

You cannot be the managing pharmacist for two pharmacies unless it is approved by the Board. Since our next Board meeting is on January 18th, you will not receive the approval until then.

And there'd be no problem with me being that interim managing pharmacist until the Board approves the waiver? Just making sure. As of 1/4/24 I'll be the only pharmacist employed on site, and perpetually on call, so NRS 639.220(1) and (2) would be sufficiently maintained. I guess I should also seek Board authorization for my two-hour meal period until we can get staffed sufficiently.

It is a small Patient Assistance Program exclusive outpatient pharmacy, but for continuity of care I would like to maintain functionality if at all possible.

Hello JT,

It is up to you if you want to cease dispensing from the outpatient pharmacy. Each pharmacy must have a managing pharmacist, so you may appoint an interim managing pharmacist if you want to continue dispensing from the outpatient pharmacy once Janie leaves or cease operations.

NRS 639.220 Management by registered pharmacist; exceptions; requirements for managing pharmacists; notice of change in managing pharmacist.

1. Except as otherwise provided in [NRS 639.2324](#), [639.2326](#), [639.2327](#) and [639.23277](#), each pharmacy must be managed by a registered pharmacist, approved by the Board, who is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy.

2. Except as otherwise provided in [NRS 639.2321](#), if the managing pharmacist is the only registered pharmacist employed in the pharmacy, the Board may authorize his or her absence each day for a total period of not to exceed 2 hours for the purpose of taking meals if:

(a) A registered pharmacist is on call during the absence;

(b) A sign, as prescribed by regulations of the Board, is posted for public view in the pharmacy indicating the absence of the pharmacist and the hours of the absence; and

(c) All drugs, poisons, chemical and restricted devices are kept safe in a manner prescribed by regulations of the Board.

↪ The authorization required from the Board must be in writing and be retained in the pharmacy and available for inspection.

3. Except as otherwise provided in this subsection and [NRS 639.23277](#):

(a) A person shall not act as a managing pharmacist for more than one licensed pharmacy.

So, from 1/4/24 when Janie leaves Nevada until approved we would just cease dispensing functionality from the outpatient then, correct? Would she still be tagged as PIC until waiver was approved by the Board, and then we would do the PIC transfer once approved?

Thanks,
~J.T.

Good Morning,

To clarify, yes, correct on all accounts. HGH inpatient pharmacy IA00315, currently listed having 67 beds in total, requesting a waiver for 3(a), and our current outpatient is license PH04461. This would be a temporary patch for our critical access hospital until we obtain a staff pharmacist who would then claim the PIC of the outpatient pharmacy.

Thanks,

Hello JT,

I just need a couple of things clarified.

1. Are you the current managing pharmacist for the **inpatient pharmacy** at Humboldt General Hospital (HGH), license number IA00315?
2. Does HGH have less than 100 beds?
3. Are you requesting a waiver from the limitation set forth NRS 639.220(3)(a)?
4. Are you requesting to be the managing pharmacist for the **outpatient pharmacy** at HGH, license number PH04461?

NRS 639.220 Management by registered pharmacist; exceptions; requirements for managing pharmacists; notice of change in managing pharmacist.

1. Except as otherwise provided in [NRS 639.2324](#), [639.2326](#), [639.2327](#) and [639.23277](#), each pharmacy must be managed by a registered pharmacist, approved by the Board, who is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy.

2. Except as otherwise provided in [NRS 639.2321](#), if the managing pharmacist is the only registered pharmacist employed in the pharmacy, the Board may authorize his or her absence each day for a total period of not to exceed 2 hours for the purpose of taking meals if:

- (a) A registered pharmacist is on call during the absence;
- (b) A sign, as prescribed by regulations of the Board, is posted for public view in the pharmacy indicating the absence of the pharmacist and the hours of the absence; and

(c) All drugs, poisons, chemical and restricted devices are kept safe in a manner prescribed by regulations of the Board.

↪ The authorization required from the Board must be in writing and be retained in the pharmacy and available for inspection.

3. Except as otherwise provided in this subsection and [NRS 639.23277](#):

(a) A person shall not act as a managing pharmacist for more than one licensed pharmacy.

(b) Each managing pharmacist shall be on duty in the pharmacy and active in the management of the pharmacy full-time, but the managing pharmacist need not be present during the time the pharmacy is open for business if he or she designates another pharmacist employed in the pharmacy to assume the managing pharmacist's duties in his or her absence.

4. The Board must be notified before there is a change in the managing pharmacist.

The inpatient pharmacy cannot dispense unless it obtains an outpatient pharmacy license.

Good Afternoon,

Forwarding to both Yenh and Dave for inclusivity, the original email didn't yield a response, but Robyn suggested I reach out to Dave today and Janie contacted Yenh at the same time, so now we're all here. Hello to all!

You can read below the original specifics, but I am needing to petition the Board of Pharmacy for a waiver to nullify the limitation in the NRS until such time that a second pharmacist can come onboard full-time to assume maintaining our Patient Assistance Program outpatient pharmacy.

Alternately, as mentioned below, would it be feasible to dissolve the outpatient pharmacy and have the inpatient pharmacy absorb the dispensing of our Patient Assistance Program? From what I have been led to believe there was an issue with the inpatient service dispensing through the ordering prescriber's office, though it is unclear as to why this was an issue, hence creating the need for an outpatient pharmacy in the first place.

My apologies for my phone and not receiving calls. I believe Verizon doesn't cover my office location well, but I am always available at 775.623.5222 x 1551. I was notified of Yenh's voicemail earlier today after heading to a meeting outside of the pharmacy. If needed when not at my desk my cell is [REDACTED]; just an FYI, texting does work in the pharmacy if that is an option.

I appreciate your response and look forward to hearing from you as to how best to proceed in this matter, whether obtaining a waiver, or absorbing the outpatient pharmacy while continuing to care for our community.

Cheers,
J.T. Simonsen, B.S., Pharm.D.

Subject: Humboldt General Hospital - NRS 639.220 Inquiry

Good Morning,

As the new Director of Pharmacy for Humboldt General Hospital, I am currently pursuing a managing pharmacist for our Patient Assistance Program outpatient pharmacy, currently slated as Janie Bright until January 4th, 2024 when she leaves the state.

Per NRS 639.220:

(a) A person shall not act as a managing pharmacist for more than one licensed pharmacy.

But there is the note indicating:

➤ A waiver from the limitation set forth in paragraph (a) may be granted by the Board to the managing pharmacist of a pharmacy located in a hospital with fewer than 100 beds or in a correctional institution housing fewer than 1,500 inmates.

As such, with not many prospects available in northern Nevada to take ownership of this PAP outpatient pharmacy, I'd like to pursue such a waiver to maintain both our normal inpatient functions as well as maintain the Patient Assistance Program for our critical access hospital (with less than 100 beds). Is there a formal process to obtain such a waiver for the limitation, or would this email suffice?

On that note, would it be plausible to dissolve the outpatient pharmacy as it is exclusively related to HGH's Patient Assistance Program? Or is that more problematic and tedious?

I look forward to hearing about options for resolution to this issue.

Many Thanks,

J.T. Simonsen, B.S., Pharm.D.

Senate Bill No. 336—Senators Ohrenschall and Stone

CHAPTER.....

AN ACT relating to health care; exempting certain conduct of certain practitioners of healing arts practicing within their authorized scope of authority from provisions governing certain practitioners of other healing arts; enacting provisions governing the certification and regulation of certified registered nurse anesthetists; authorizing a certified registered nurse anesthetist to order, prescribe, possess and administer controlled substances, poisons, dangerous drugs and devices under certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes a physician, physician assistant, dentist, advanced practice registered nurse, podiatric physician or optometrist to prescribe and dispense controlled substances and dangerous drugs under certain circumstances. (NRS 453.226, 454.215, 639.235) Existing law provides that provisions of existing law governing the practice of physicians, physician assistants, perfusionists and practitioners of respiratory care do not apply to any person permitted to practice any other healing art under title 54 of NRS who does so within the scope of that authority. (NRS 630.047) **Sections 1, 2.2 and 3-5** of this bill provide similar exemptions from provisions governing dentists, nurses, osteopathic physicians and physician assistants, podiatrists and optometrists for practitioners of healing arts who are acting within the scope of their authority. **Section 6** of this bill provides that the provisions of **sections 1, 2.2 and 3-5** apply to any conduct by a practitioner of a healing art before, on or after the effective date of this bill which has not been the subject of a final order from the Board of Dental Examiners of Nevada, the State Board of Nursing, the State Board of Osteopathic Medicine, the State Board of Podiatry or the Nevada State Board of Optometry. **Section 6** also requires those boards to terminate any investigation or disciplinary proceedings for conduct that is outside the scope of those boards.

Existing law: (1) provides for the certification of certified registered nurse anesthetists by the State Board of Nursing; and (2) authorizes a certified registered nurse anesthetist to administer anesthetic agents to a person under the care of a licensed physician, dentist or podiatric physician. (NRS 632.014) **Section 2.4** of this bill requires the State Board of Nursing to issue a certificate of registration to practice as a certified registered nurse anesthetist to a registered nurse who meets the requirements prescribed by existing law for such certification and any additional requirements prescribed by the Board. **Section 2.4** also requires the Board to adopt regulations governing certified registered nurse anesthetists.

Existing law authorizes a registered nurse to possess and administer controlled substances and dangerous drugs under certain circumstances. (NRS 453.375, 454.213) **Sections 2.6, 5.1, 5.5 and 5.9** of this bill additionally authorize a certified registered nurse anesthetist working under the supervision of a physician licensed to practice medicine or osteopathic medicine in this State to order, prescribe, possess and administer controlled substances, poisons, dangerous drugs and devices to treat a person under the care of a licensed physician in a critical access hospital before, during and after surgery or childbirth. **Sections 5.2-5.4 and 5.6-5.85** of this bill make additional changes necessary to authorize a certified registered nurse

- 2 -

anesthetist to order, prescribe, possess and administer controlled substances, poisons, dangerous drugs and devices in such circumstances. A certified registered nurse anesthetist who unlawfully possesses, prescribes or administers a controlled substance, dangerous drug or poison would be subject to discipline and criminal and civil penalties to the same extent as other practitioners who unlawfully possess, prescribe or administer such drugs. (NRS 453.236, 453.305, 453.326, 453.3363, 453.553, 454.170, 454.356)

Section 2.8 of this bill makes a conforming change to remove a provision now duplicated in **section 2.4**.

MEMORANDUM

November 21, 2023

TO: All Executive Branch Employees

FROM: Mandee Bowsmith, Administrator
Division of Human Resource Management

SUBJECT: Continuity of Service Incentives (Longevity Pay)

Assembly Bill 522 of the 2023 Legislative Session (AB 522) reinstates a plan, administered by the Division of Human Resource Management (DHRM), to encourage continuity of service for State employees, also known as “longevity pay”. The following guidance has been established to aid Departments/Divisions in navigating the new longevity program.

Dates of Payment, Eligibility, and Responsibility for Longevity Payments

Non-classified full-time employees, unclassified employees, and classified employees not in a Bargaining Unit covered under a collective bargaining agreement (CBA), are eligible for longevity pay pursuant to Section 32 of AB 522 (2023). Employees covered under a CBA should reference their respective agreement for applicable longevity payments.

Employees are eligible for longevity payments after eight (8) years of continuous service, as defined by the Human Resources Commission in NAC 284.0525 and NAC 284.598, and if they have received a rating of “standard” or “exceeds standards” on their most recent report on performance.

For FY 24, employees eligible for longevity payments will receive the first disbursement for the period of July 1, 2023, through December 31, 2023, on December 15, 2023, and the second disbursement for the period of January 1, 2024, through June 30, 2024, on June 14, 2024.

Departments/Divisions are responsible for the payment of longevity pay to an employee if that employee is employed by the Department/Division on the date on which the employee becomes eligible for the longevity payment. Employees that have separated from State service as of these dates will not receive longevity pay. Departments/Division pay clerks have received preliminary longevity reports from the DHRM requiring appointing authority approval. These forms should be returned to Central Payroll as soon as possible, if not done so already. If these approved memos have not been received back by DHRM, payments will still be processed but corrections could be required.

PERS Consideration

Section 32 of AB 522 (2023) requires that if an employee “has elected to have their contribution for the Public Employees’ Retirement System (PERS) paid by [their] employer, any payment made to the employee pursuant to this section must be counterbalanced by an equivalent reduction in the employee’s salary for the employee’s portion of the contribution in the same manner as prescribed in NRS 286.421.”

Calculation of Longevity Payment

Employees that meet the eligibility criteria above are entitled to receive a semiannual payment of one hundred dollars (\$100.00), plus:

- a) An annual increase of twenty-five dollars (\$25.00) in the semiannual payment for each year of the employee’s ninth (9th) through fourteenth (14th) years of continuous service;
- b) An annual increase of fifty dollars (\$50.00) in the semiannual payment for each year of the employee’s fifteenth (15th) through twenty-fourth (24th) years of continuous service; and
- c) An annual increase of seventy-five dollars (\$75.00) in the semiannual payment for each additional year of continuous service after the employee’s twenty-fourth (24th) year, up to a maximum payment of thirty (30) years of continuous State service.
