acetate), a treatment for patients with prostate cancer; ERLEADA (apalutamide), a next-generation androgen receptor inhibitor for the treatment of patients with prostate cancer; IMBRUVICA (ibrutinib), a treatment for certain B-cell malignancies, or blood cancers and chronic graft versus host disease; DARZALEX (daratumumab), a treatment for multiple myeloma; DARZALEX FASPRO (daratumumab and hyaluronidase-fihj), a treatment for multiple myeloma and light chain (AL) Amyloidosis; XARELTO (rivaroxaban), an oral anticoagulant for the prevention of deep vein thrombosis (DVT), which may lead to pulmonary embolism (PE) in patients undergoing hip or knee replacement surgery, to reduce the risk of stroke and systemic embolism in patients with nonvalvular atrial fibrillation, and for the treatment and reduction of risk of recurrence of DVT and PE to reduce the risk of major cardiovascular events in patients with coronary artery disease (CAD) and peripheral artery disease (PAD), for the treatment and secondary prevention of thromboembolism in pediatric patients, and for thromboprophylaxis in pediatric patients following the Fontan procedure; OPSUMIT (macitentan) as monotherapy or in combination, indicated for the long-term treatment of pulmonary arterial hypertension (PAH); UPTRAVI (selexipag), the only approved oral and intravenous, selective IP receptor agonist targeting a prostacyclin pathway in PAH. Many of these medicines were developed in collaboration with strategic partners or are licensed from other companies and maintain active lifecycle development programs.

MedTech

The MedTech segment includes a broad portfolio of products used in the Interventional Solutions, Orthopaedics, Surgery and Vision categories. Interventional Solutions include electrophysiology products (Biosense Webster) to treat heart rhythm disorders, the heart recovery portfolio (Abiomed) which includes technologies to treat severe coronary artery disease requiring high-risk PCI or AMI cardiogenic shock, and Neurovascular care (Cerenovus) that treats hemorrhagic and ischemic stroke. The Orthopaedics portfolio (DePuy Synthes) includes products and enabling technologies that support Hips, Knees, Trauma, and Spine, Sports & Other. The Surgery portfolios include advanced and general surgery technologies (Ethicon), as well as solutions that focus on breast aesthetics (Mentor), and Ear, Nose and Throat (Acclarent) procedures. Johnson & Johnson Vision products include ACUVUE Brand contact lenses and TECNIS intraocular lenses for cataract surgery. These products are distributed to wholesalers, hospitals and retailers, and used predominantly in the professional fields by physicians, nurses, hospitals, eye care professionals and clinics.

Geographic areas

Johnson & Johnson and its subsidiaries (the Company) have approximately 131,900 employees worldwide engaged in the research and development, manufacture and sale of a broad range of products in the healthcare field. The Company conducts business in virtually all countries of the world with the primary focus on products related to human health and well-being.

The products made and sold in the international business include many of those described above under Segments of Business – Innovative Medicine and MedTech. However, the principal markets, products and methods of distribution in the international business vary with the country and the culture. The products sold in international business include those developed in the U.S. and by subsidiaries abroad.

Investments and activities in some countries outside the U.S. are subject to higher risks than comparable U.S. activities because the investment and commercial climate may be influenced by financial instability in international economies, restrictive economic policies and political and legal system uncertainties.

Raw materials

Raw materials essential to the Company's business are generally readily available from multiple sources. Where there are exceptions, the temporary unavailability of those raw materials would not likely have a material adverse effect on the financial results of the Company.

Patents

The Company's subsidiaries have made a practice of obtaining patent protection on their products and processes where possible. They own, or are licensed under, a significant number of patents in the U.S. and other countries relating to their products, product uses, formulations and manufacturing processes, which in the aggregate are believed to be of material importance to the Company in the operation of its businesses. The Company's subsidiaries face patent challenges from third parties, including challenges seeking to manufacture and market generic and biosimilar versions of the Company's key

pharmaceutical products prior to expiration of the applicable patents covering those products. Significant legal proceedings and claims involving the Company's patent and other intellectual property are described in Note 19 Legal proceedings—Intellectual property of the Notes to Consolidated Financial Statements included in Item 8 of this Report.

Sales of the Company's largest product, STELARA (ustekinumab) accounted for approximately 12.8% of the Company's total revenues for fiscal 2023. Accordingly, the patents related to this product are believed to be material to the Company. Janssen Biotech, Inc., a wholly-owned subsidiary of Johnson & Johnson, owns patents specifically related to STELARA. The latest expiring United States composition of matter patent expired in 2023. As a result of settlements and other agreements with third parties, the Company does not anticipate the launch of a biosimilar version of STELARA before January 1, 2025 in the United States. The latest expiring European composition of matter patent (Supplementary Protection Certificate) expires in 2024.

Sales of the Company's second largest product, collectively DARZALEX (daratumumab) and DARZALEX FASPRO (daratumumab and hyaluronidase-fihj), accounted for approximately 11.4% of the Company's total revenues for fiscal 2023. Accordingly, the patents related to this product are believed to be material to the Company. Genmab A/S owns two patent families related to DARZALEX, and Janssen Biotech, Inc. has an exclusive license to those patent families. The two patent families both expire in the United States in 2029, and in Europe, compound patent protection in select countries extends to 2031/2032. Janssen Biotech, Inc. owns a separate patent portfolio related to DARZALEX FASPRO.

Trademarks

The Company's subsidiaries have made a practice of selling their products under trademarks and of obtaining protection for these trademarks by all available means. These trademarks are protected by registration in the U.S. and other countries where such products are marketed. The Company considers these trademarks in the aggregate to be of material importance in the operation of its businesses.

Seasonality

Worldwide sales do not reflect any significant degree of seasonality; however, spending has typically been heavier in the fourth quarter of each year than in other quarters. This reflects increased spending decisions, principally for research and development activity.

Competition

In all of their product lines, the Company's subsidiaries compete with companies both locally and globally. Competition exists in all product lines without regard to the number and size of the competing companies involved. Competition in research, both internally and externally sourced, involving the development and the improvement of new and existing products and processes, is particularly significant. The development of new and innovative products, as well as protecting the underlying intellectual property of the Company's product portfolio, is important to the Company's success in all areas of its business. The competitive environment requires substantial investments in continuing research.

Environment

The Company is subject to a variety of environmental laws and regulations in the United States and other jurisdictions. The Company believes that its operations comply in all material respects with applicable environmental laws and regulations. The Company's compliance with these requirements is not expected to have a material effect upon its capital expenditures, cash flows, earnings or competitive position.

Regulation

The Company's businesses are subject to varying degrees of governmental regulation in the countries in which operations are conducted, and the general trend is toward increasingly stringent regulation and enforcement. The Company is subject to costly and complex U.S. and foreign laws and governmental regulations and any adverse regulatory action may materially adversely affect the Company's financial condition and business operations. In the U.S., the pharmaceutical product and medical technology industries have long been subject to regulation by various federal and state agencies, primarily as to product safety, efficacy, manufacturing, advertising, labeling and safety reporting. The exercise of broad regulatory powers by the U.S. Food and Drug Administration (the U.S. FDA) continues to result in increases in the amounts of testing and documentation required for U.S. FDA approval of new drugs and devices and a corresponding increase in the expense of product introduction. Similar trends are also evident in major markets outside of the U.S.

The new medical device regulatory framework and the evolving privacy, data localization, and emerging cyber security laws and regulations around the world are examples of such increased regulation. Within the U.S., an increasing number of U.S. States have enacted comprehensive privacy laws and federal regulators (e.g., the U.S. FDA, FTC and HHS) continue to stress the intersection of health and privacy as a compliance and enforcement priority. In the EU, multiple directives and laws (including NIS2, EHDS, the Data Act, the Cyber Resilience Act, and the AI Act) are rapidly changing privacy and cybersecurity compliance requirements while introducing new enforcement risks. In addition, China has introduced broad personal information protection and data security regulations, with more anticipated, thereby increasing China's scrutiny of company compliance and data transfer practices. With other jurisdictions enacting similar privacy laws, local data protection authorities will force greater accountability on the collection, access and use of personal data in the healthcare industry. These laws can also restrict transfers of data across borders, potentially impacting how data-driven health care solutions are developed and deployed globally in a compliant manner. Moreover, as a result of the broad scale release and availability of Artificial Intelligence (AI) technologies such as generative AI, a global trend towards more comprehensive and nuanced regulation (e.g., White House's Executive Order on the Safe, Secure, and Trustworthy Development and Use of Artificial Intelligence; the EU AI Act) to ensure the ethical use, privacy, and security of AI is underway that includes standards for transparency, accountability, and fairness, which will require compliance developments or enhancements.

The regulatory agencies under whose purview the Company operates have administrative powers that may subject it to actions such as product withdrawals, recalls, seizure of products and other civil and criminal sanctions. In some cases, the Company's subsidiaries may deem it advisable to initiate product recalls regardless of whether it has been required or directed to.

The U.S. FDA and regulatory agencies around the globe are also increasing their enforcement activities. If the U.S. FDA were to conclude that we are not in compliance with applicable laws or regulations, or that any of our pharmaceutical products or medical technologies are ineffective or pose an unreasonable health risk, the U.S. FDA could ban such products, detain or seize adulterated or misbranded products, order a recall, repair, replacement, or refund of such products, refuse to grant pending applications for marketing authorization or require certificates of foreign governments for exports, and/or require us to notify health professionals and others that the products present unreasonable risks of substantial harm to the public health. The U.S. FDA may also assess civil or criminal penalties against us, our officers or employees and impose operating restrictions on a company-wide basis, or enjoin and/or restrain certain conduct resulting in violations of applicable law. The U.S. FDA may also recommend prosecution to the U.S. Department of Justice. Any adverse regulatory action, depending on its magnitude, may restrict us from effectively marketing and selling our products and limit our ability to obtain future clearances or approvals, and could result in a substantial modification to our business practices and operations. Equivalent enforcement mechanisms exist in different countries in which we conduct business.

The costs of human healthcare have been and continue to be a subject of study, investigation and regulation by governmental agencies and legislative bodies around the world. In the U.S., attention has been focused by states, regulatory agencies and Congress on prices, profits, overutilization and the quality and costs of healthcare generally. Laws and regulations have been enacted to require adherence to strict compliance standards and prevent fraud and abuse in the healthcare industry. There is increased focus on interactions and financial relationships between healthcare companies and healthcare providers. Various state and federal transparency laws and regulations require disclosures of payments and other transfers of value made to certain healthcare practitioners, including physicians, teaching hospitals, and certain non-physician practitioners. Federal and foreign laws governing international business practices require strict compliance with anti-bribery standards and certain prohibitions with respect to payments to any foreign government official. Payors and Pharmacy Benefit Managers (PBMs) are a potent force in the marketplace, and increased attention is being paid to the impact of PBM practices on healthcare cost and access in the U.S.

Our business has been and continues to be affected by federal and state legislation that alters the pricing, coverage, and reimbursement landscape. At the federal level, in August 2022, President Biden signed into law the Inflation Reduction Act

(IRA), which includes provisions that effectively authorize the government to establish prices for certain high-spend single-source drugs and biologics reimbursed by the Medicare program, starting in 2026 for Medicare Part D drugs and 2028 for Medicare Part B drugs. On August 29, 2023, the Centers for Medicare & Medicaid Services ("CMS") published the first "Selected Drug" list, which includes XARELTO and STELARA as well as IMBRUVICA, which is developed in collaboration and co-commercialized in the U.S. with Pharmacyclics LLC, an AbbVie company. The Selected Drug list also included other medicines targeting disease states that are prevalent in the Medicare population. There remains uncertainty, however, regarding how the federal government will establish prices for the selected products, as the IRA specifies a ceiling price but not a minimum price. In any event, we anticipate that the selected products will be subjected to a government-established price for the Medicare population.

The IRA also contains provisions that impose rebates if certain prices increase at a rate that outpaces the rate of inflation, beginning October 1, 2022, for Medicare Part D drugs and January 1, 2023, for Medicare Part B drugs. Separate IRA provisions redesign the Medicare Part D benefit in various ways, including by shifting a greater portion of costs to manufacturers within certain coverage phases and replacing the Part D coverage gap discount program with a new manufacturer discounting program. Failure to comply with IRA provisions may subject manufacturers to various penalties, including civil monetary penalties.

In July 2023, Janssen Pharmaceuticals, Inc. (Janssen) filed litigation against the U.S. Department of Health and Human Services as well as the Centers for Medicare and Medicaid Services challenging the constitutionality of the Inflation Reduction Act's (IRA) Medicare Drug Price Negotiation Program. The litigation requests a declaration that the IRA violates Janssen's rights under the First Amendment and the Fifth Amendment to the Constitution and therefore that Janssen is not subject to the IRA's mandatory pricing scheme. The impact of the IRA on our business and the broader pharmaceutical industry remains uncertain, as litigation filed by Janssen and other pharmaceutical companies remains ongoing and CMS has yet to publicly announce the maximum fair price for each of the selected drugs.

Additionally, we expect continued scrutiny on drug pricing and government price reporting from Congress, agencies, and other bodies at the federal and state levels, which may result in additional regulations or other mechanisms to increase pricing transparency and controls.

There are a number of additional bills pending in Congress and healthcare reform proposals at the state level that would affect drug pricing, including in the Medicare and Medicaid programs. This changing legal landscape has both positive and negative impacts on the U.S. healthcare industry with much remaining uncertain as to how various provisions of federal and state law, and potential modification or repeal of these laws, will ultimately affect the industry. The IRA and any other federal or state legislative change could affect the pricing and market conditions for our products.

In addition, business practices in the healthcare industry have come under increased scrutiny, particularly in the U.S., by government agencies and state attorneys general, and resulting investigations and prosecutions carry the risk of significant civil and criminal penalties. Of note is the increased enforcement activity by data protection authorities in various jurisdictions, particularly in the European Union, where significant fines have been levied on companies for data breaches, violations of privacy requirements, and unlawful cross-border data transfers. In the U.S., the Federal Trade Commission has stepped up enforcement of data privacy with several significant settlements (including settlements concerning the downstream sharing of personal information and use and disclosure of personal health data) and there have been a material increase in class-action lawsuits linked to the collection and use of biometric data and use of tracking technologies.

Further, the Company relies on global supply chains, and production and distribution processes, that are complex, and subject to increasing regulatory requirements that may affect sourcing, supply and pricing of materials used in the Company's products. These processes also are subject to complex and lengthy regulatory approvals.

Employees and human capital management

As of December 31, 2023, the number of employees was approximately:

	2023
Employees ¹	134,400
Full-time equivalent (FTE) positions ²	131,900

¹ "Employee" is defined as an individual working full-time or part-time, excluding fixed term employees, interns and co-op employees. Employee data may not include full population from more recently acquired companies and individuals on long-term disability are excluded. Contingent workers, contractors and subcontractors are also excluded.

² FTE represents the total number of full-time equivalent positions and does not reflect the total number of individual employees as some work part-time.

Strategy

The Company believes that its employees are critical to its continued success and are an essential element of its long-term strategy. Management is responsible for ensuring that its policies and processes reflect and reinforce the Company's desired corporate culture, including policies and processes related to strategy, risk management, and ethics and compliance. The Company's human capital management strategy is built on three fundamental focus areas:

- Attracting and recruiting the best talent
- Developing and retaining talent
- Empowering and inspiring talent

Underpinning these focus areas are ongoing efforts to cultivate and foster a culture built on diversity, equity and inclusion (DEI), innovation, health, well-being and safety, where the Company's employees are encouraged to succeed both professionally and personally while helping the Company achieve its business goals.

Culture and employee engagement

At the Company, employees are guided by Our Credo which sets forth the Company's responsibilities to patients, consumers, customers, healthcare professionals, employees, communities and shareholders. Employees worldwide must adhere to the Company's Code of Business Conduct which sets basic requirements and serves as a foundation for the Company policies, procedures and guidelines, all of which provide additional guidance on expected employee behaviors in every market where it operates. The Company conducts global surveys that offer its employees the ability to provide feedback and valuable insight to help address potential human resources risks and identify opportunities to improve. In 2023, 94% of global employees across 76 countries participated in Our Credo Survey which was offered in 36 languages.

Growth and development

To lead in the changing healthcare landscape, it is crucial that the Company continue to attract and retain top talent. In 2023, the Company's voluntary turnover rate was 7%. The Company believes that its employees must be equipped with the right knowledge and skills and be provided with opportunities to grow and develop in their careers. Accordingly, professional development programs and educational resources are available to all employees. The Company's objective is to foster a learning culture that helps shape each person's unique career path while creating a robust pipeline of talent to deliver on the Company's long-term strategies. In furtherance of this objective, the Company deploys a global approach to ensure development is for everyone, regardless of where they are on their career journey. To prioritize learning, the Company recently held Johnson & Johnson's first Global Learning Day. Employees were encouraged to set aside a full day to explore skill-building courses across five areas: leadership, business skills, digital upskilling, DEI, and well-being, on J&J Learn, the Company's new learning platform.

Diversity, equity, and inclusion (DEI)

The Company is committed to workplace diversity and to cultivating, fostering, and advancing a culture of equity and inclusion. The Company's evidenced-based global enterprise Diversity, Equity and Inclusion strategy recognizes how DEI accelerates the Company's ability to meet the changing needs of the communities the Company serves in, as outlined in Our Credo. The Company's DEI Vision is: *Be yourself, change the world*. The Company's DEI Mission is: *Make diversity, equity and inclusion how we work everyday*. The Company's enterprise DEI Strategy is aligned to the DEI Vision and Mission and rests on four core pillars:

- Build a workforce of individuals with diverse backgrounds, cultures, abilities and perspectives
- Foster a culture of inclusion where every individual belongs
- Transform talent and business processes to achieve equitable opportunities for all
- Drive innovation and growth with our business to serve diverse markets around the world

The Company's DEI strategy is guided by internal and external insights, global best practices and continual employee feedback and recognizes that while diversity changes by location, inclusion is the same everywhere.

Compensation and benefits

As part of the Company's total rewards philosophy, the Company offers competitive compensation and benefits to attract and retain top talent. The Company is committed to fairness and equitable treatment in its compensation and benefits for employees at all levels. The Company observes legal minimum wage provisions and exceeds them where possible. The Company's total rewards offerings include an array of programs to support its employees' well-being, including annual performance incentive opportunities, pension and retirement savings programs, health and welfare benefits, paid time off, leave programs, flexible work schedules and employee assistance programs. In recognition of the Company's commitment to help employees balance their personal and professional responsibilities, the Company enhanced its caregiver, bereavement, and volunteer paid leave benefits, effective July 2023.

Health, wellness and safety

The Company's investment in employee health, well-being and safety is built on its conviction that advancing health for humanity starts with advancing the health of its employees. With the right awareness, focus, practices and tools, the Company ensures that all its employees around the world, as well as temporary contractors and visitors to the Company's sites, can work safely. The Company has continuously expanded health and well-being programs throughout the Company and across the globe, incorporating new thinking and technologies to keep its offerings best-in-class and to help employees achieve their personal health goals. The programs and practices the Company advances for total health—physical, mental, emotional and financial—ensure employee health protection for emerging health risks. The Company continues to address our employees needs through J&J Flex, a hybrid model that empowers the Company's office-based employees to find the right productivity and balance of in-person and remote work.

Item 1A. Risk factors

An investment in the Company's common stock or debt securities involves risks and uncertainties. The Company seeks to identify, manage and mitigate risks to our business, but uncertainties and risks are difficult to predict and many are outside of the Company's control and cannot therefore be eliminated. In addition to the other information in this report and the Company's other filings with the SEC, investors should consider carefully the factors set forth below. Investors should be aware that it is not possible to predict or identify all such factors and that the following is not meant to be a complete discussion of all potential risks or uncertainties. If known or unknown risks or uncertainties materialize, the Company's business, results of operations or financial condition could be adversely affected, potentially in a material way.

Risks related to our business, industry and operations

The Company's businesses operate in highly competitive product markets and competitive pressures could adversely affect the Company's earnings.

The Company faces substantial competition in its two operating segments and in all geographic markets. The Company's businesses compete with companies of all sizes on the basis of cost-effectiveness, technological innovations, intellectual property rights, product performance, real or perceived product advantages, pricing and availability and rate of reimbursement. The Company also competes with other market participants in securing rights to acquisitions, collaborations and licensing agreements with third parties. Competition for rights to product candidates and technologies may result in significant investment and acquisition costs and onerous agreement terms for the Company. Competitors' development of more effective or less costly products, and/or their ability to secure patent and other intellectual property rights and successfully market products ahead of the Company, could negatively impact sales of the Company's existing products as well as its ability to bring new products to market despite significant prior investment in the related product development. The Company may also experience operational and financial risk in connection with acquisitions if we are unable to fully identify potential risks and liabilities associated with acquired businesses or products, successfully integrate operations and employees, and successfully identify and realize synergies with existing businesses while containing acquisition-related strain on our management, operations and financial resources.

For the Company's Innovative Medicine businesses, loss of patent exclusivity for a product often is followed by a substantial reduction in sales as competitors gain regulatory approval for generic and other competing products and enter the market. Similar competition can be triggered by the loss of exclusivity for a biological product. For the Company's MedTech businesses, technological innovation, product quality, reputation and customer service are especially important to competitiveness. Development by other companies of new or improved products, processes and technologies could threaten to make the Company's products or technologies less desirable, less economical or obsolete. The Company's business and operations will be negatively impacted if we are unable to introduce new products or technological advances that are safe, more effective, more effectively marketed or otherwise outperform those of our competitors.

Interruptions and delays in manufacturing operations could adversely affect the Company's business, sales and reputation.

The Company's manufacturing of products requires the timely delivery of sufficient amounts of complex, high-quality components and materials. The Company's subsidiaries operate 61 manufacturing facilities as well as sourcing from thousands of suppliers around the world. The Company has in the past, and may in the future, face unanticipated interruptions and delays in manufacturing through its internal or external supply chain. Manufacturing disruptions can occur for many reasons including regulatory action, production quality deviations or safety issues, labor disputes, labor shortages, site-specific incidents (such as fires), natural disasters such as hurricanes and other severe weather events, raw material shortages, political unrest, terrorist attacks and epidemics or pandemics. Such delays and difficulties in manufacturing can result in product shortages, declines in sales and reputational impact as well as significant remediation and related costs associated with addressing the shortage.

The Company relies on third parties to manufacture and supply certain of our products. Any failure by or loss of a third-party manufacturer or supplier could result in delays and increased costs, which may adversely affect our business.

The Company relies on third parties to manufacture and supply certain of our raw materials, component parts and products. We depend on these third-party manufacturers to allocate to us a portion of their manufacturing capacity sufficient to meet our needs, to produce products of acceptable quality and at acceptable manufacturing yields and to deliver those products to us on a timely basis and at acceptable prices. However, we cannot guarantee that these third-party manufacturers will be able to meet our near-term or long-term manufacturing requirements, which could result in lost sales and have an adverse effect on our business.

Please note that the disciplinary actions described below do NOT pertain to operations at the location set forth in this application.

McKesson Corporation and its wholly owned subsidiaries (hereinafter "McKesson") delivers pharmaceutical and medical products and business services to retail pharmacies and institutional providers like hospitals and health systems throughout North America and globally. Over the past 185 years, McKesson has developed multiple businesses that operate pharmacies, medical supply distribution centers, wholesale drug distribution centers, 3PL facilities, repackaging facilities, and other entities subject to federal and state regulation. Currently, McKesson owns and operates over 100 facilities in the United States that are licensed, permitted, or registered with the respective state agency with jurisdiction over its business type. Due to the breadth of its operations, it is practical that we limit this summary to disciplinary actions taken against these facilities during the last five years or the time frame specified in the question. *The information in this statement is provided to the best of our knowledge and belief and includes all public disciplinary actions. This statement does not include any fines that are deemed non-disciplinary by the issuing state (for example, it does not include non-disciplinary Citations and Fines issued by California). Please let us know if your state requires information regarding non-disciplinary fines.*

In January 2017, **McKesson Corporation** entered into an agreement (the "DEA Settlement") with the DEA and DOJ to settle all potential administrative and civil claims stemming from investigation into McKesson's practices for identifying and reporting suspicious orders of controlled substances, beginning in 2009. Under the settlement McKesson agreed to pay \$150 million and to implement remedial measures related to its controlled substances monitoring program. In addition, the following distribution centers' DEA registrations were or will be suspended for the following specified products and time periods: Aurora, Colorado - all controlled substances from January 17, 2017 to January 17, 2020; Livonia, Michigan - all controlled substances from January 17, 2017 to January 17, 2019; Washington Court House, Ohio - all controlled substances for the two-year period following completion of the Livonia suspension, from February 17, 2019 to February 17, 2021; and Lakeland, Florida - hydromorphone products from January 17, 2017 to January 17, 2018. The terms of the suspensions of the Livonia, Washington Court House, and Lakeland facilities permit those distribution centers to continue shipping controlled substances to customers that purchase products under McKesson's contract with the Department of Veterans Affairs.

On November 28, 2018, the Colorado Department of Regulatory Agencies cited **McKesson Medical-Surgical Inc.** concerning its Denver, Colorado distribution center for failure to submit in a timely manner, an application to the Board detailing a change of designated representative. A fine of \$1,150 was imposed and paid November 29, 2018. The Board released McKesson Medical-Surgical Inc. from the terms and conditions of the December 6, 2018, Stipulation and Final Agency Order and restored the Registration to unencumbered status.

On December 17, 2018, in response to the DEA Settlement, **McKesson Corporation** entered into a consent agreement with the Virginia Board of Pharmacy (the "Virginia Consent"). The Virginia Consent applies to the McKesson distribution center located in Livonia, Michigan. The Livonia facility's right to distribute controlled substances into Virginia was suspended until 1/17/2019. - SC SC I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.
- SC SC I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.
- SC SC I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.
- SC SC I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).
- SC SC I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

Affidavit for Pharmacy License

I, Denise Cammann hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the MANAGING PHARMACIST (title) for Spring Mountain Treatment Center (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

Initial each statement below to indicate you have read and agree with the following:

- W I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.
- W I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.
- W I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.
- W I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).
- W I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

Affidavit for Pharmacy License

I, Ruth Kemper hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the Managing Pharmacist (title) for Northwest Specialty Hospital, an extension of Northern Nevada Medical Center (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

Inspector Remarks:

High volume closed door refill pharmacy located on the first floor of an office building filling an average of 5000 RXs per day and typically staffed with 6-8RPHs/14TCHs/1 clerk per day. Pharmacy is ACHC accredited (12/14/22-12/13/25) and URAC accredited (4/1/21-4/1/24). AHF has locations throughout the country and this location is one of the primary RX fulfillment centers. All orders are data verified from the home store and sent to this location for fulfillment, however, this location still has ability to complete clinical reviews of orders. Pharmacy has 18 other non-resident licenses (WA, DE, IL, OH, FL, GA, CT, WI, NY, PA, CO, NJ, NV, DC, AZ, TX, IN, and NM). Here today for routine inspection requested by pharmacy for WA license renewal.

ROUTINE INSPECTION: PIC Stapf assisted with the inspection.

Consultation: Closed door pharmacy and only refills dispensed. Discussed written notice if new RXs dispensed

QA for med errors: In place, reviewed, last completed 4/5/23

CURES: PHY submits zero reporting and control RXs reported by "home" AHF pharmacy

RX Label: Description printed; not patient centered (generic for statement not in 12 point font) and adherence packs (GoPak and Calendar Pak) not labeled with pharmacy patient centered RX labels. Corrections issued.

The following were reviewed:

Subscriber alert, NTC/Point Language/Permit posted, H/C water, DEA inventory, self-assessment, 24 hour refrigerator monitoring, security (badge access and deadbolt available), p/p (theft and impairment and TCH available; RPH always onsite and do not administer immunizations.

CII Inventory and Reconciliation= No CII drugs stocked or dispensed- discussed new regulations on inventory and reconciliation

CAIR2 Reporting= No immunizations

WLS= Primary Cardinal, secondary ABC

RD=Pharmalink

Computer=Cerner integrated with Coreflex

CMPD= PHY does not compound

Delivery= FedEx, USPS, or pharmacy courier. All refrigerated RXs sent overnight express with temperature tracker. PIC stated cold chain studies for refrigerated medications, Discussed also ensuring temperature limits for room temperature medications.

Pharmacy uses RFID technology, automation, and conveyor belts in dispensing process. Drug filled by robots and each vial heat sealed after RPH verification. RXs also manually filled for items not stocked in robots. Each robot drug cassette refilled by TCHs using accuracy scans and there are no mixing of different lots in each cassette per PIC. Discussed drug information (i.e. drug name, lot, expiration, etc.) properly labeled on each drug cassette and container.

Pharmacy also dispenses prescriptions in two types of medication adherence packs: GoPak and CalendarPak.

1. GoPak: Packaged using TCGRx and are individual daily single/multi drug packages.

2. CalendarPak: Packaged using SynMed and packaged similar to monthly bubble cards in single/multi drug packages.

* Drugs packaged in error are destroyed (PharmaLink) if package is not correctable for the patient.

* Discussed properly labeling each drug cassette for TCGRx and SynMed (i.e. drug name, lot, expiration date)

Time of Day: 10:35 AM

Name as shown on permit: **AIDS HEALTHCARE FOUNDATION DBA AHF PHARMACY**

Address: 19300 S HAMILTON AVE #170/180

City: GARDENA

Please be advised it appears there is a failure to comply with the following laws governing the practice of pharmacy, and/or the rules and regulations of the Board of Pharmacy:

1. **BPC 4076(a)** Prescription Container - Requirements for Labeling. A pharmacist shall not dispense any prescription except in a container that meets the requirements of state and federal law and is correctly labeled with all of the following:

and CCR 1707.5: In that, the pharmacy adherence packages (GoPak and CalendarPak) were not properly labeled with pharmacy prescription labeling requirements.

2. **CCR 1707.5(a)(1)** Patient-Centered Labels for Prescription Drug Containers; Requirements. Labels on drug containers dispensed to patients in California shall conform to the following format: Each of the following items, and only these four items, shall be clustered into one area of the label that comprises at least 50 percent of the label. Each item shall be printed in at least a 12-point sans serif typeface, and listed in the following order: Name of the drug and strength of the drug. For the purposes of this section, "name of the drug" means either the manufacturer's trade name of the drug, or the generic name and the statement "generic for _____" where the brand name is inserted, and the name of the manufacturer. In the professional judgment of the pharmacist,

In that, the generic for phrase was not printed in 12 point font

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY,

Petitioner,

v.

**KARRI BURGNER, APRN,
Certificate of Registration No. CS15148,**

**RICARDO GONZALEZ, M.D.,
Certificate of Registration No. CS11387,**

Respondents.

**Case Nos. 22-247-CS-A-N
22-247-CS-B-N**

**NOTICE OF INTENDED ACTION
AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy ("Board"), files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Board has personal jurisdiction over Respondent Karri Burgner, APRN ("Burgner"), because at the time of the violations alleged herein, Burgner held certificate of registration no. CS15148, issued by the Board pursuant to NRS 453.226, authorizing Respondent to write prescriptions for controlled substances. Burgner has held certificate of registration no. CS15148 since May 1, 2007.

2. The Board has personal jurisdiction over Respondent Ricardo Gonzalez, M.D. ("Gonzalez"), because at the time of the violations alleged herein, Gonzalez held certificate of registration no. CS11387, issued by the Board pursuant to NRS 453.226, authorizing Respondent to write prescriptions for controlled substances. Gonzalez has held certificate of registration no. CS11387 since August 28, 2002.

3. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the prescribing of controlled substances using a certificate of registration issued by the Board. NRS 453.226.

APPLICABLE LAW

29. Administrative proceedings brought by the Board against a Respondent pursuant to NRS Chapter 453, to deny, suspend or revoke a registration must be initiated, conducted, and concluded pursuant to the provisions of NRS 639.241 to NRS 639.257. Upon a finding of guilt against the Respondent, the Board shall suspend the right of the registrant to use his or her registration or a schedule thereof; or revoke the registration or a schedule thereof. NRS 453.241.

30. The Board may suspend or revoke any registration if the holder or applicant is guilty of unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4).

31. Unprofessional conduct includes, “performing any duties as the holder of a license issued by the Board in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

32. The Board may suspend or revoke a registration pursuant to NRS 453.231 to dispense controlled substances upon a finding that the registration has violated any provision of NRS 453.162 to 453.165, inclusive, or 639.23507, NRS 453.236(1)(d) and NRS 453.241.

33. The Board may suspend or revoke a registration to prescribe a controlled substance upon a finding that the registrant has committed an act that would render registration inconsistent with the public interest as determined pursuant to NRS 453.231. NRS 453.236(1)(e) and NRS 453.241(1).

34. A practitioner shall, before issuing an initial prescription for a controlled substance listed in schedule II, III or IV or an opioid that is a controlled substance listed in schedule V and at least once every 90 days thereafter for the duration of the course of treatment using the controlled substance, obtain a patient utilization report regarding the patient from the computerized program established by the Board. NRS 639.23507.

35. Each practitioner who is authorized to write prescriptions for human consumption of controlled substances listed in schedule II, III, IV or V shall access the database of the PMP at least once every 6 months to review the information concerning the practitioner that is listed in the database, including, without limitation, information concerning prescriptions issued by the practitioner, and notify the Board if any such information is not correct, and to verify to the Board that he or she continues to have access to and has accessed the database as required by this subsection. NRS 453.164(7).

36. This Accusation constitutes a public record pursuant to NRS 622.330 and any discipline imposed by the Board shall be reported to the National Practitioner Data Bank as required by federal law. Title 42 USC § 1396r-2; 45 CFR Part 60.

37. In lieu of a suspension or revocation, the Board may impose a fine of up to \$10,000 for each violation committed. NRS 639.255(1)(f) and (3).

COUNT ONE

**Unprofessional Conduct – Acts Inconsistent with the Public Interest
Failure to Query Patients Prior to Issuing an Initial Prescription for a Controlled Substance
(Respondents Burgner and Gonzalez)**

38. Respondents Burgner and Gonzalez failed to obtain a patient utilization report from the PMP prior to issuing the initial prescriptions of sixty (60) tablets of alprazolam 0.5 MG to patient J.J. This failure constituted a violation of NRS 639.23507 which requires a practitioner, before issuing an initial prescription for a controlled substance listed in schedule II, III or IV or an opioid that is a controlled substance listed in schedule V, and at least once every 90 days thereafter for the duration of the course of treatment using the controlled substance, to obtain a patient utilization report regarding the patient from the computerized program established by the Board. NRS 639.23507.

39. By failing to query patient J.J.'s patient utilization report upon issuing an initial prescription for sixty (60) tablets of alprazolam 0.5 MG and by failing to query patient J.J.'s patient utilization report every 90 days thereafter, Respondents Burgner and Gonzalez performed their duties in an incompetent, unskillful or negligent manner which constituted unprofessional conduct, as defined by NAC 639.945(1)(i) and NRS 639.210(4), and which renders their continued registration to prescribe controlled substances inconsistent with the public interest pursuant to NRS 453.236(1)(d) and/or (e). Therefore, Respondents Burgner and Gonzalez are subject to discipline pursuant to NRS 639.210(4); and/or NRS 639.255; and/or NRS 453.236(1)(d) or (e); and/or NRS 453.241.

COUNT TWO

**Unprofessional Conduct – Acts Inconsistent with the Public Interest
Failure to Query PMP MyRx Every 6 Months
(Respondents Burgner and Gonzalez)**

40. Respondents Burger violated NRS 453.164(7) by failing to make a query of her PMP MyRx account from December 10, 2015, and June 23, 2022, to ensure the legitimacy of the prescriptions dispensed under Burgner's DEA registration.

41. Respondent Gonzalez violated NRS 453.164(7) by failing to make a query of his PMP MyRx account between January 29, 2018, to April 7, 2022, to ensure the legitimacy of the prescriptions dispensed under Burgner's DEA registration.

42. By failing to make queries of their PMP MyRx accounts at least once every six months, Respondents Burgner and Gonzalez performed their duties in an incompetent, unskillful or negligent manner which constituted unprofessional conduct, as defined by NAC 639.945(1)(i) and NRS 639.210(4), and which renders their continued registration to prescribe controlled substances inconsistent with the public interest pursuant to NRS 453.236(1)(d) and/or (e). Therefore, Respondents Burgner and Gonzalez are subject to discipline pursuant to NRS 639.210(4); and/or NRS 639.255; and/or NRS 453.236(1)(d) or (e); and/or NRS 453.241.

43. WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

DATED this 18th day of March 2024.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

April 5, 2024

To Nevada State Board of Pharmacy,

Please consider this my response to the complaint I received on March 22, 2024.

In October of 2022 the Nevada State Board of Pharmacy filed this same complaint with the Nevada State Board of Nursing. This complaint involved the same patient, same time frame, and same allegations. The case number for this was 2022090123.

A full investigation was conducted and I reached an agreement with the Nevada State Board of Nursing. I acknowledged that I did not check the PMP prior to writing prescriptions for this patient, and that I had not kept up on checking MyRX. During their investigation they recognized that since receiving the complaint in October of 2022 I had significantly changed my PMP practices and was now in compliance with state laws. As a result I received a public reprimand and had to take 3 CME courses; including The Nevada Nurse Practice Act, Upholding the Standard: Professional Accountability in Nursing, and Nurse's Legal Advisor. I received the reprimand documentation on 5/5/23 via email, and everything was approved, completed, and documented as of 11/14/23. I have continued to check PMP reports, as well as MyRX, in compliance with state law ever since.

Please consider withdrawing this complaint as I have already been through an investigation, received a public reprimand, and taken the necessary CME classes related to the same allegations. Please do not hesitate to reach out to me for any further information. I have copies of the original complaint, the agreement, as well as the CME certificates if you would like them.

Thank you for your time and consideration,

**STIPULATION AND ORDER
(RESPONDENT BURGNER ONLY)**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy (Board), by and through General Counsel Brett Kandt, and Respondent Karri Burgner, APRN (Burgner), Certificate of Registration No. CS15148, **HEREBY STIPULATE AND AGREE THAT:**

1. On or about March 19, 2024, Respondent was served with the Notice of Intended Action and Accusation (Accusation) on file in this matter together with the Statement to Respondent and Notice of Hearing.
2. On or about April 5, 2024, Respondent filed an Answer and Notice of Defense to the Accusation.
3. Respondent is fully aware of the right to seek the advice of counsel in this matter prior to entering into this Stipulation.
4. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration, the right to appeal and any and all other rights which may be accorded to her pursuant to NRS Chapter 233B (Nevada Administrative Procedure Act), NRS

Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

5. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondent has failed to comply with the provisions of this Stipulation, Respondent hereby knowingly and voluntarily waives the rights to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to her by NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

6. Respondent does not contest the allegations in the Accusation, but acknowledges that Board staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the violations alleged therein, *to wit*:

A. Burgner failed to query patient J.J.'s patient utilization report in the Prescription Monitoring Program (PMP) database prior to issuing 22 separate controlled substance prescriptions each for sixty (60) tablets of alprazolam 0.5mg, in violation of NRS 639.23507;

B. Burgner failed to query and review for accuracy her MyRx prescriber activity report at least once every 6 months from December 10, 2015, to June 23, 2022, in violation of NRS 453.164(7); and

C. Burgner engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(i), and committed acts that render her registration inconsistent with the public interest pursuant to NRS 453.236(1)(d) and/or (e).

7. Those violations are pled with particularity in the Accusation and are grounds for action pursuant to NRS 453.236(1), NRS 453.241(1), NRS 639.210, NRS 639.23916(3)(b), NRS 639.255 and/or NAC 639.100.

8. To resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent Karri Burgner, APRN, Certificate of Registration No. CS15148, stipulate to the following penalties:

A. Pursuant to NRS 639.255(1)(f) and NAC 639.955(5), Burgner shall pay a fine of Two Thousand Dollars (\$2000.00) for the violations, by personal, business, certified or cashier's check or money order made payable to "State of Nevada, Office of the Treasurer," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, due and payable by September 1, 2024; and

B. Pursuant to NRS 622.400, Burgner shall pay Five Hundred Dollars (\$500.00) to partially reimburse the Board for recoverable attorney's fees and recoverable costs incurred in investigating and prosecuting this matter, by personal, business, certified or cashier's check or money order made payable to the "Nevada State Board of Pharmacy" to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, due and payable by September 1, 2024.

9. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by Respondent, the Board may impose additional discipline upon Respondent consistent with the provisions of NRS Chapters 453 and 639.

10. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on July 17, 2024. Respondent will appear in person at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent is not present at the meeting.

11. The Board has discretion to accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 USC § 1396r-2 and 45 CFR Part 60.

12. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board at a later date. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

13. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release one another from any and all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and has knowingly and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

**NOTICE OF INTENDED ACTION
AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy ("Board"), files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Board has personal jurisdiction over Respondent Karri Burgner, APRN ("Burgner"), because at the time of the violations alleged herein, Burgner held certificate of registration no. CS15148, issued by the Board pursuant to NRS 453.226, authorizing Respondent to write prescriptions for controlled substances. Burgner has held certificate of registration no. CS15148 since May 1, 2007.

2. The Board has personal jurisdiction over Respondent Ricardo Gonzalez, M.D. ("Gonzalez"), because at the time of the violations alleged herein, Gonzalez held certificate of registration no. CS11387, issued by the Board pursuant to NRS 453.226, authorizing Respondent to write prescriptions for controlled substances. Gonzalez has held certificate of registration no. CS11387 since August 28, 2002.

3. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the prescribing of controlled substances using a certificate of registration issued by the Board. NRS 453.226.

APPLICABLE LAW

29. Administrative proceedings brought by the Board against a Respondent pursuant to NRS Chapter 453, to deny, suspend or revoke a registration must be initiated, conducted, and concluded pursuant to the provisions of NRS 639.241 to NRS 639.257. Upon a finding of guilt against the Respondent, the Board shall suspend the right of the registrant to use his or her registration or a schedule thereof; or revoke the registration or a schedule thereof. NRS 453.241.

30. The Board may suspend or revoke any registration if the holder or applicant is guilty of unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4).

31. Unprofessional conduct includes, “performing any duties as the holder of a license issued by the Board in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

32. The Board may suspend or revoke a registration pursuant to NRS 453.231 to dispense controlled substances upon a finding that the registration has violated any provision of NRS 453.162 to 453.165, inclusive, or 639.23507. NRS 453.236(1)(d) and NRS 453.241.

33. The Board may suspend or revoke a registration to prescribe a controlled substance upon a finding that the registrant has committed an act that would render registration inconsistent with the public interest as determined pursuant to NRS 453.231. NRS 453.236(1)(e) and NRS 453.241(1).

34. A practitioner shall, before issuing an initial prescription for a controlled substance listed in schedule II, III or IV or an opioid that is a controlled substance listed in schedule V and at least once every 90 days thereafter for the duration of the course of treatment using the controlled substance, obtain a patient utilization report regarding the patient from the computerized program established by the Board. NRS 639.23507.

35. Each practitioner who is authorized to write prescriptions for human consumption of controlled substances listed in schedule II, III, IV or V shall access the database of the PMP at least once every 6 months to review the information concerning the practitioner that is listed in the database, including, without limitation, information concerning prescriptions issued by the practitioner, and notify the Board if any such information is not correct, and to verify to the Board that he or she continues to have access to and has accessed the database as required by this subsection. NRS 453.164(7).

36. This Accusation constitutes a public record pursuant to NRS 622.330 and any discipline imposed by the Board shall be reported to the National Practitioner Data Bank as required by federal law. Title 42 USC § 1396r-2; 45 CFR Part 60.

37. In lieu of a suspension or revocation, the Board may impose a fine of up to \$10,000 for each violation committed. NRS 639.255(1)(f) and (3).

COUNT ONE

**Unprofessional Conduct – Acts Inconsistent with the Public Interest
Failure to Query Patients Prior to Issuing an Initial Prescription for a Controlled Substance
(Respondents Burgner and Gonzalez)**

38. Respondents Burgner and Gonzalez failed to obtain a patient utilization report from the PMP prior to issuing the initial prescriptions of sixty (60) tablets of alprazolam 0.5 MG to patient J.J. This failure constituted a violation of NRS 639.23507 which requires a practitioner, before issuing an initial prescription for a controlled substance listed in schedule II, III or IV or an opioid that is a controlled substance listed in schedule V, and at least once every 90 days thereafter for the duration of the course of treatment using the controlled substance, to obtain a patient utilization report regarding the patient from the computerized program established by the Board. NRS 639.23507.

39. By failing to query patient J.J.'s patient utilization report upon issuing an initial prescription for sixty (60) tablets of alprazolam 0.5 MG and by failing to query patient J.J.'s patient utilization report every 90 days thereafter, Respondents Burgner and Gonzalez performed their duties in an incompetent, unskillful or negligent manner which constituted unprofessional conduct, as defined by NAC 639.945(1)(i) and NRS 639.210(4), and which renders their continued registration to prescribe controlled substances inconsistent with the public interest pursuant to NRS 453.236(1)(d) and/or (e). Therefore, Respondents Burgner and Gonzalez are subject to discipline pursuant to NRS 639.210(4); and/or NRS 639.255; and/or NRS 453.236(1)(d) or (e); and/or NRS 453.241.

COUNT TWO

**Unprofessional Conduct – Acts Inconsistent with the Public Interest
Failure to Query PMP MyRx Every 6 Months
(Respondents Burgner and Gonzalez)**

40. Respondents Burger violated NRS 453.164(7) by failing to make a query of her PMP MyRx account from December 10, 2015, and June 23, 2022, to ensure the legitimacy of the prescriptions dispensed under Burgner's DEA registration.

41. Respondent Gonzalez violated NRS 453.164(7) by failing to make a query of his PMP MyRx account between January 29, 2018, to April 7, 2022, to ensure the legitimacy of the prescriptions dispensed under Burgner's DEA registration.

42. By failing to make queries of their PMP MyRx accounts at least once every six months, Respondents Burgner and Gonzalez performed their duties in an incompetent, unskillful or negligent manner which constituted unprofessional conduct, as defined by NAC 639.945(1)(i) and NRS 639.210(4), and which renders their continued registration to prescribe controlled substances inconsistent with the public interest pursuant to NRS 453.236(1)(d) and/or (e). Therefore, Respondents Burgner and Gonzalez are subject to discipline pursuant to NRS 639.210(4); and/or NRS 639.255; and/or NRS 453.236(1)(d) or (e); and/or NRS 453.241.

43. WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

DATED this 16th day of March 2024.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

**STIPULATION AND ORDER
(RESPONDENT GONZALEZ ONLY)**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy (Board), by and through General Counsel Brett Kandt, and Respondent Ricardo Gonzalez (Gonzalez), Certificate of Registration No. CS11387, by and through counsel, Edward J. Lemons, Esq., **HEREBY STIPULATE AND AGREE THAT:**

1. On or about March 19, 2024, Respondent was served with the Notice of Intended Action and Accusation (Accusation) on file in this matter together with the Statement to Respondent and Notice of Hearing.

2. On or about April 22, 2024, Respondent filed an Answer and Notice of Defense to the Accusation.

3. Respondent is fully aware of the right to seek the advice of counsel in this matter and obtained the advice of counsel prior to entering into this Stipulation.

4. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration, the right to appeal and any and all other rights which may be accorded to him pursuant to NRS Chapter 233B (Nevada Administrative Procedure Act), NRS

Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

5. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondent has failed to comply with the provisions of this Stipulation, Respondent hereby knowingly and voluntarily waives the rights to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to him by NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

6. Respondent does not contest the allegations in the Accusation, but acknowledges that Board staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the violations alleged therein, *to wit*:

A. Gonzalez failed to query patient J.J.'s patient utilization report in the Prescription Monitoring Program (PMP) database prior to issuing 2 separate controlled substance prescriptions each for sixty (60) tablets of alprazolam 0.5mg, in violation of NRS 639.23507;

B. Gonzalez failed to query and review for accuracy his MyRx prescriber activity report at least once every 6 months from January 29, 2018, to April 7, 2022, in violation of NRS 453.164(7); and

C. Gonzalez engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(i), and committed acts that render his registration inconsistent with the public interest pursuant to NRS 453.236(1)(d) and/or (e).

7. Those violations are pled with particularity in the Accusation and are grounds for action pursuant to NRS 453.236(1), NRS 453.241(1), NRS 639.210, NRS 639.23916(3)(b) and/or NRS 639.255.

8. To resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent Ricardo Gonzalez, Certificate of Registration No. CS11387, stipulate to the following penalties:

A. Pursuant to NRS 639.255(1)(f) and NAC 639.955(5), Gonzalez shall pay a fine of Two Thousand Dollars (\$2000.00) for the violations, by personal, business, certified or cashier's check or money order made payable to "State of Nevada, Office of the Treasurer," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, due and payable by September 1, 2024; and

B. Pursuant to NRS 622.400, Gonzalez shall pay Five Hundred Dollars (\$500.00) to partially reimburse the Board for recoverable attorney's fees and recoverable costs incurred in investigating and prosecuting this matter, by personal, business, certified or cashier's check or money order made payable to the "Nevada State Board of Pharmacy" to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, due and payable by September 1, 2024.

9. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by Respondent, the Board may impose additional discipline upon Respondent consistent with the provisions of NRS Chapters 453 and 639.

10. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on July 17, 2024. Respondent will appear in person at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent is not present at the meeting.

11. The Board has discretion to accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 USC § 1396r-2 and 45 CFR Part 60.

12. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board at a later date. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

13. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release one another from any and all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and have knowingly and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

Certificate of Registration No. 14977,**

Respondents.

**CASE NOS. 23-456-PH-N

**NOTICE OF INTENDED ACTION
AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Nerissa Aguas, RPh (Aguas), Certificate of Registration No. 14977, was a pharmacist registered with the Board, and Respondent CVS Pharmacy #8806, Pharmacy License No. PH00640, was a pharmacy licensed by the Board.

FACTUAL ALLEGATIONS

2. Aguas was employed as managing pharmacist by CVS Pharmacy #8806 at the time of the events alleged herein.

3. On or about November 7, 2023, in the course of refilling patient L.O.'s prescription no. 1150305 for 5 mg amlodipine besylate tablets and prescription no. 1150306 for 2.5 mg amlodipine besylate tablets, CVS Pharmacy #8806 erroneously dispensed 100 mg

trazadone tablets for prescription no. 1150305 and 5 mg amlodipine besylate tablets for prescription no. 1150306.

4. Aguas performed final product verification of both prescriptions by viewing photographs taken by pharmaceutical technician Giovanni Bartice of pills on a counting tray before the pills were placed in a vial, labeled, and bagged. The photographs indicated 5mg amlodipine besylate tablets for filling prescription no. 1150305 and 2.5mg amlodipine besylate tablets for filling prescription no. 1150306.

5. The CVS Pharmacy product verification process by photographs does not require a pharmacist to view the actual physical contents of each filled prescription. Aguas did not view the actual physical contents of each filled prescription, and prescription nos. 1150305 and 1150306 were erroneously dispensed to the patient with the wrong medication on or about November 9, 2023.

COUNT ONE

Error in Dispensing Prescription/Unprofessional Conduct/Pharmacy Responsibility (Respondents Aguas and CVS Pharmacy #8806)

6. Unprofessional conduct includes the failure by a registrant to follow strictly the instructions of a practitioner when filling, labeling, and dispensing a prescription. NAC 639.945(1)(d). Unprofessional conduct also includes a licensee performing his or her duties in an "incompetent, unskillful, or negligent manner." NAC 639.945(1)(i).

7. If a pharmaceutical technician performs one or more of the functions necessary to prepare a prescription, the pharmacist supervising the pharmaceutical technician is responsible for the filled prescription, including final product verification. NAC 639.245(2) and (4)(c); NAC 639.252(2); NAC 639.700(6); NAC 639.702.

\\

\\

\\

8. Respondent Aguas violated NAC 639.245(2) and (4)(c), NAC 639.252(2) and NAC 639.700(6) and engaged in unprofessional conduct as defined in NAC 639.945(1)(d) and (i) when she failed to view the actual physical contents of each filled prescription and erroneously dispensed prescription nos. 1150305 and 1150306 to L.O., and is therefore subject to discipline pursuant to NAC 639.702 and NRS 639.210(4) and/or (10).

9. Any violation of any of the provisions of NRS Chapter 639 by a managing pharmacist or by personnel of the pharmacy is cause for the suspension or revocation of the license of the pharmacy by the Board. NRS 639.230(5); NAC 639.702. Further, the owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(2).

10. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Respondent CVS Pharmacy #8806 is responsible for those violations, including all errors and omissions of Aguas and Bartice, pursuant to NRS 639.230(5), NAC 639.702 and/or NAC 639.945(2).

WHEREFORE, it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the licenses and certificates of registrations of these Respondents.

Signed this 16th day of March 2024.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). STATEMENT TO THE
RESPONDENT AND
NOTICE OF HEARING

Respondent.

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy ("Board") by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation ("Accusation") has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you.

2. **A hearing on the Accusation filed against you has been scheduled before the Board for Wednesday, April 17, 2024, at 9:00 AM PST, or soon thereafter at the following location:**

**Hyatt Place
1790 E Plumb Ln
Reno, NV 89502**

3. At the hearing, you have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). At the hearing, you are entitled to present argument and evidence including witness testimony on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241; NRS 639.246. To do so, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, within twenty (20) days of your receipt of this Statement and Notice, and the Accusation. NRS 622A.320; NRS 639.243.

You may file your answer electronically by emailing a copy of your Answer and Notice of Defense to the Board's coordinating staff and its prosecuting attorney at the email addresses below:

TeamBC@Pharmacy.nv.gov

and

bkandt@pharmacy.nv.gov

Alternatively, you may file your Answer and Notice of Defense by mailing two (2) copies to Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. Upon receipt of your Answer and Notice of Defense, a file stamped copy will be returned to you.

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. JURISDICTION

1. Respondent CVS admits the allegations in paragraph 1.

FACTUAL ALLEGATIONS

2. Respondent CVS admits the allegations in paragraph 2.
3. Respondent CVS admits that the error described in paragraph 3 occurred.
4. Respondent CVS admits pharmacist Aguas performed final product verification of prescriptions no. 1150305 and 1150306 by viewing photographs of the medications taken by pharmaceutical technician Giovanni Bartice of pills on a counting tray before the pills were placed in a vial, labeled, and bagged. The photographs indicated 5mg amlodipine besylate tablets for filling prescription no. 1150305 and 2.5mg amlodipine besylate tablets for filling prescription no. 1150306.
5. Respondent CVS denies the allegations in paragraph 5. Respondent CVS's process requires pharmacist to view the contents of each filled prescription as a photograph. Respondent CVS admits the prescriptions referenced in paragraph 5 were erroneously dispensed.

COUNT ONE

Error in Dispensing Prescription/Unprofessional Conduct/Pharmacy Responsibility (Respondents Aguas and CVS Pharmacy #8806)

6. Paragraph 6 is a statement of law and is not susceptible to admission or denial.
7. Paragraph 6 is a statement of law and is not susceptible to admission or denial.
8. Respondent CVS denies that pharmacist Aguas failed to view the actual physical contents of each filled prescription. Respondent CVS admits that the prescriptions referenced in paragraph 8 were erroneously dispensed. Respondent CVS denies all other allegations in paragraph 8.
9. Respondent CVS admits that as owner of the pharmacy it is responsible for the acts of its personnel.

10. Respondent CVS admits that as owner of the pharmacy it is responsible for the acts of its personnel.

DEFENSES

11. Count One fails to state a claim upon which relief can be granted.

12. The only claim asserted against Respondent CVS is that as owner of the pharmacy it is responsible for the acts of its personnel. There is no claim that Respondent CVS itself was negligent; any evidence or discussion other than acknowledging Respondent CVS is the owner of the pharmacy at which the alleged conduct occurred is inadmissible.

13. An agency can only decide the matter before it. It cannot use the adjudication of a contested case to create a “directive or statement of general applicability” to effectuate or interpret law or policy. *See* NRS 233B.038 Regulation Defined. Making a broad conclusion about whether a system used by a pharmacy is per se negligent or improper would constitute prohibited *ad hoc* rule making. *See Coury v. Whittlesea-Bell Luxury Limousine*, 721 P.2d 375 (Nev. 1986) (“An agency makes a rule when it does nothing more than state its official position on how it interprets a requirement already provided for and how it proposes to administer its statutory function;” court held that the Public Service Commission’s decision in a single contested matter was subject to the Nevada Administrative Rulemaking Act because the agency set “a standard of general applicability which effectuates commission policy;”); *Dunning v. Nevada State Board of Physical Therapy Examiners*, 132 Nev. 963 (2016) (unpublished disposition) (Board’s policy regarding the use of certain terms was a regulation under NRS 233B.038 because it was of general applicability and “effectuate[d] law or policy”); *Texas State Board of Pharmacy v. Witcher*, 447 S.W. 3d 520 (Tex. Ct. App. 2014) (Board could not sanction pharmacist with informal policy that amounted to “ad hoc” rulemaking). Respondent CVS has admitted that a misfill occurred and that it is the owner of the pharmacy. The Board has authority to determine

whether Respondent CVS is subject to discipline in light of a misfill that occurred. However, the Board cannot decide generally whether verifying a prescription using a photograph of the product is negligent or otherwise prohibited. Such a determination must be made by legislation or rulemaking.

14. NAC 639.955 gives the Board authority to impose fines “according to” the schedule listed therein. The fine for an error in a prescription that “did not require intervention or treatment by a medical facility or a physician” is \$500. The Board may impose a fine that is “less or greater than the amount set forth in the [applicable] subsection [of the fine schedule] for the violation after giving consideration to any aggravating or mitigating factor’s that relate to the violator’s role in and responsibility for the conduct for which the fine is being imposed, and the unique circumstances of the case.” *Id.* at (2). Respondent CVS’s sole liability is based on being owner of the pharmacy. There are no aggravating circumstances because the Notice and Accusation did not allege any fault for Respondent CVS.

RESERVATION OF RIGHTS, DEFENSES, AND GENERAL DENIAL

15. To the extent Respondent CVS did not specifically admit allegations in the Notice, it denies such allegations.

16. Respondent CVS reserves all rights to assert additional defenses.

PRAYER FOR RELIEF

17. Respondent CVS asks:

a. That the Board dismiss Count One against Respondent CVS or that the Board finds that the allegations in the Notice and all evidence presented to the Board do not support imposing discipline on any of the Respondent CVS.

b. If the Board determines Respondent CVS is subject to a fine that the fine be limited to \$500 as set forth in NAC 639.955 1(c).

c. That the Board provide further relief to Respondent CVS as it finds just and proper.

**NERISSA AGUAS, RPH,
Certificate of Registration No. 14977,**

Respondents.

**CASE NOS. 23-456-PH-N
23-456-RPH-N**

**NOTICE OF INTENDED ACTION
AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Nerissa Aguas, RPh (Aguas), Certificate of Registration No. 14977, was a pharmacist registered with the Board, and Respondent CVS Pharmacy #8806, Pharmacy License No. PH00640, was a pharmacy licensed by the Board.

FACTUAL ALLEGATIONS

2. Aguas was employed as managing pharmacist by CVS Pharmacy #8806 at the time of the events alleged herein.

3. On or about November 7, 2023, in the course of refilling patient L.O.'s prescription no. 1150305 for 5 mg amlodipine besylate tablets and prescription no. 1150306 for 2.5 mg amlodipine besylate tablets, CVS Pharmacy #8806 erroneously dispensed 100 mg

trazadone tablets for prescription no. 1150305 and 5 mg amlodipine besylate tablets for prescription no. 1150306.

4. Aguas performed final product verification of both prescriptions by viewing photographs taken by pharmaceutical technician Giovanni Bartice of pills on a counting tray before the pills were placed in a vial, labeled, and bagged. The photographs indicated 5mg amlodipine besylate tablets for filling prescription no. 1150305 and 2.5mg amlodipine besylate tablets for filling prescription no. 1150306.

5. The CVS Pharmacy product verification process by photographs does not require a pharmacist to view the actual physical contents of each filled prescription. Aguas did not view the actual physical contents of each filled prescription, and prescription nos. 1150305 and 1150306 were erroneously dispensed to the patient with the wrong medication on or about November 9, 2023.

COUNT ONE

Error in Dispensing Prescription/Unprofessional Conduct/Pharmacy Responsibility (Respondents Aguas and CVS Pharmacy #8806)

6. Unprofessional conduct includes the failure by a registrant to follow strictly the instructions of a practitioner when filling, labeling, and dispensing a prescription. NAC 639.945(1)(d). Unprofessional conduct also includes a licensee performing his or her duties in an “incompetent, unskillful, or negligent manner.” NAC 639.945(1)(i).

7. If a pharmaceutical technician performs one or more of the functions necessary to prepare a prescription, the pharmacist supervising the pharmaceutical technician is responsible for the filled prescription, including final product verification. NAC 639.245(2) and (4)(c); NAC 639.252(2); NAC 639.700(6); NAC 639.702.

\\

\\

\\

8. Respondent Aguas violated NAC 639.245(2) and (4)(c), NAC 639.252(2) and NAC 639.700(6) and engaged in unprofessional conduct as defined in NAC 639.945(1)(d) and (i) when she failed to view the actual physical contents of each filled prescription and erroneously dispensed prescription nos. 1150305 and 1150306 to L.O., and is therefore subject to discipline pursuant to NAC 639.702 and NRS 639.210(4) and/or (10).

9. Any violation of any of the provisions of NRS Chapter 639 by a managing pharmacist or by personnel of the pharmacy is cause for the suspension or revocation of the license of the pharmacy by the Board. NRS 639.230(5); NAC 639.702. Further, the owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(2).

10. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Respondent CVS Pharmacy #8806 is responsible for those violations, including all errors and omissions of Aguas and Bartice, pursuant to NRS 639.230(5), NAC 639.702 and/or NAC 639.945(2).

WHEREFORE, it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the licenses and certificates of registrations of these Respondents.

Signed this 14th day of March 2024.

CASE NO.: 23-456-RPH-N

ANSWER AND NOTICE OF DEFENSE

Ms. Nerissa Aguas, RPh, ("Ms. Saunders"), by and through her counsel of record MURPHY JONES APC, in answer to the Notice of Intended Action and Accusation ("Accusation") filed in the above-entitled matter before the Nevada State Board of Pharmacy ("Board"), declares as follows:

1. Objection to the Notice of Intended Action and Accusation as being incomplete or failing to state clearly the charges against her, is hereby interposed on the following grounds:

None.

2. That, in answer to the Notice of Intended Action and Accusation, Ms. Aguas admits, denies, and alleges as follows:

Ms. Aguas has recently retained legal counsel who is conducting an independent investigation into the allegations espoused in the Accusation. Ms. Aguas requests a hearing in the matter, on the merits of the case, and will provide additional information and produce relevant documentation, after her legal counsel has been afforded the opportunity to adequately prepare a defense to the Accusation. With the afore-referenced reservation, Ms. Aguas admits and denies the allegations espoused in the Notice of Intended Action and Accusation as follows:

I.

Ms. Aguas admits that the Board has jurisdiction over this matter.

ANSWER

II.

Ms. Aguas admits that she was employed by CVS Pharmacy #8806 at the time of the alleged events.

III-V.

Ms. Aguas is without knowledge or information sufficient to form a belief as to the truth or falsity of the allegations contained in paragraph III-V and therefore denies the same.

COUNT ONE

(Error in Dispensing Prescription/Unprofessional Conduct/Pharmacy Responsibility)

Ms. Aguas states that the allegations contained in Count One contain legal conclusions and therefore denies the same based upon her substantial statutory compliance and diligence.

**CASE NOS. 23-456-PH-N
23-456-RPH-N**

**STIPULATION AND ORDER
(RESPONDENT AGUAS ONLY)**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy (Board), by and through General Counsel Brett Kandt, and Respondent Nerissa Aguas, RPh (Aguas), Certificate of Registration No. 14977, by and through counsel, Kevin Murphy, Esq., **HEREBY STIPULATE AND AGREE THAT:**

1. On or about March 19, 2024, Respondent was served with the Notice of Intended Action and Accusation (Accusation) on file in this matter together with the Statement to Respondent and Notice of Hearing.
2. On or about April 5, 2024, Respondent filed an Answer and Notice of Defense to the Accusation.
3. Respondent is fully aware of the right to seek the advice of counsel in this matter and obtained the advice of counsel prior to entering into this Stipulation.
4. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration, the right to appeal and any and all other rights which may be accorded to her pursuant to NRS Chapter 233B (Nevada Administrative Procedure Act), NRS

Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

5. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondent has failed to comply with the provisions of this Stipulation, Respondent hereby knowingly and voluntarily waives the rights to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to her by NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

6. Respondent does not contest the allegations in the Accusation, but acknowledges that Board staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the violations alleged therein, *to wit*, that Respondent Aguas, while employed as managing pharmacist by Respondent CVS Pharmacy #8806, Pharmacy License No. PH00640, violated NAC 639.245(2) and (4)(c), NAC 639.252(2) and NAC 639.700(6) and engaged in unprofessional conduct as defined in NAC 639.945(1)(d) and (i) when she failed to view the actual physical contents of each filled prescription and erroneously dispensed prescription nos. 1150305 and 1150306 to L.O., and is therefore subject to discipline pursuant to NAC 639.702 and NRS 639.210(4) and/or (10).

7. Those violations are plead with particularity in the Accusation and grounds for action pursuant to NRS 639.210 and NRS 639.255.

8. To resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent Nerissa Aguas, RPh, Certificate of Registration No. 14977, stipulate to the following penalty: pursuant to NRS 639.255(1)(f) and NAC 639.955(5), Aguas shall pay a fine of Five Hundred Dollars (\$500.00) for the violations, by personal, business, certified or cashier's check or money order made payable to "State of Nevada, Office of the

Treasurer,” to be received by the Board’s Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, due and payable by September 1, 2024.

9. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by Respondent, the Board may impose additional discipline upon Respondent consistent with the provisions of NRS Chapter 639.

10. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board’s regularly scheduled public meeting on July 17, 2024. Respondent will appear in person at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent is not present at the meeting.

11. The Board has discretion to accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 USC § 1396r–2 and 45 CFR Part 60.

12. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board at a later date. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

13. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release one another from any and all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and has knowingly and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

**NOTICE OF INTENDED ACTION
AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Ayman Jalloul, RPh (Jalloul), Certificate of Registration No. 23280, was a pharmacist registered with the Board, and Respondent CVS Pharmacy #4691, Pharmacy License No. PH02471, was a pharmacy licensed by the Board.

FACTUAL ALLEGATIONS

2. Jalloul was employed as managing pharmacist by CVS Pharmacy #4691 at the time of the events alleged herein.

3. On or about November 27, 2023, in the course of dispensing multiple prescriptions to patient J.S. at CVS Pharmacy #4691, Jalloul and/or his staff also dispensed prescription no. 1395147 for 20 mg Lisinopril to be taken twice a day, intended for patient J.W.

At the time of the error, patient J.S. was on a course of medication that included a prescription for 10 mg Lisinopril to be taken once a day.

4. J.S. ingested the erroneously dispensed medication for 5 days, and experienced negative medical outcomes including dizziness, heart palpitations and insomnia.

COUNT ONE

Error in Dispensing Prescription/Unprofessional Conduct/ Managing Pharmacist & Pharmacy Responsibility (Respondents Jalloul and CVS Pharmacy #4691)

5. Unprofessional conduct includes the failure by a registrant to follow strictly the instructions of a practitioner when filling, labeling, and dispensing a prescription. NAC 639.945(1)(d). Unprofessional conduct also includes a licensee performing his or her duties in an "incompetent, unskillful, or negligent manner." NAC 639.945(1)(i).

6. A managing pharmacist is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy. NRS 639.210(12) and (15), NRS 639.220(1) and/or NAC 639.702.

7. Respondent Jalloul engaged in unprofessional conduct as defined in NAC 639.945(1)(d) and (i) when he and/or his staff erroneously dispensed prescription no. 1395147 to J.S., resulting in patient harm, and is therefore subject to discipline pursuant to NAC 639.252, NAC 639.702, NRS 639.210(4) and/or (12).

8. Any violation of any of the provisions of NRS Chapter 639 by a managing pharmacist or by personnel of the pharmacy is cause for the suspension or revocation of the license of the pharmacy by the Board. NRS 639.230(5); NAC 639.702. Further, the owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(2).

9. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Respondent CVS Pharmacy #4691 is responsible for those violations, including all

errors and omissions of Jalloul and/or his staff, pursuant to NRS 639.230(5), NAC 639.702 and/or NAC 639.945(2).

WHEREFORE, it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the licenses and certificates of registrations of these Respondents.

Signed this 21st day of FEBRUARY 2024.

STIPULATION AND ORDER

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy (Board), by and through General Counsel Brett Kandt, and Respondent Ayman Jalloul, RPh (Jalloul), Certificate of Registration No. 23280, and Respondent CVS Pharmacy #4691, Pharmacy License No. PH02471, **HEREBY STIPULATE AND AGREE THAT:**

1. On or about February 27, 2024, Respondents were served with the Notice of Intended Action and Accusation (Accusation) on file in this matter together with the Statement to Respondent and Notice of Hearing.
2. Respondents are fully aware of the right to seek the advice of counsel in this matter prior to entering into this Stipulation.
3. Respondents are aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration, the right to appeal and any and all other rights which may be accorded pursuant to NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

4. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondents have failed to comply with the provisions of this Stipulation, Respondents hereby knowingly and voluntarily waive the rights to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded by NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

5. Respondents do not contest the allegations in the Accusation, but acknowledge that Board staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the violations alleged therein, *to wit*:

A. Respondent Jalloul engaged in unprofessional conduct as defined in NAC 639.945(1)(d) and (i) when he and/or his staff erroneously dispensed prescription no. 1395147 to J.S., resulting in patient harm, and is therefore subject to discipline pursuant to NAC 639.252, NAC 639.702, NRS 639.210(4) and/or (12); and

B. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Respondent CVS Pharmacy #4691 is responsible for those violations, including all errors and omissions of managing pharmacist Jalloul and/or his staff, pursuant to NRS 639.230(5), NAC 639.702 and/or NAC 639.945(2).

6. Those violations are pled with particularity in the Accusation and grounds for action pursuant to NRS 639.210 and NRS 639.255.

7. To resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Ayman Jalloul, RPh, Certificate of Registration No. 23280, stipulate to the following penalties:

A. Pursuant to NRS 639.255(1)(f) and NAC 639.955(5), Jalloul shall pay a fine of One Thousand Dollars (\$1,000.00) for the violations; and

B. Pursuant to NRS 622.400, Jalloul shall pay Five Hundred Dollars (\$500.00) to partially reimburse the Board for recoverable attorney's fees and investigative costs; and

8. To resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent CVS Pharmacy #4691, Pharmacy License No. PH02471, stipulate to the following penalties:

A. Pursuant to NRS 639.255(1)(f) and NAC 639.955(5), CVS Pharmacy #4691 shall pay a fine of Two Thousand Dollars (\$2,000.00) for the violations; and

B. Pursuant to NRS 622.400, CVS Pharmacy #4691 shall pay One Thousand Dollars (\$1,000.00) to partially reimburse the Board for recoverable attorney's fees and investigative costs.

9. Any failure by any Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing the non-compliant Respondent(s) to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by any Respondent, the Board may impose additional discipline upon the non-compliant Respondent(s) consistent with the provisions of NRS Chapter 639.

10. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on July 17, 2024. Respondents will appear in person at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondents or counsel are not present at the meeting.

11. The Board has discretion to accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 USC § 1396r-2 and 45 CFR Part 60.

12. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board at a later date. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

13. Upon approval of this Stipulation by the Board, Respondents shall pay the fines agreed to herein by personal, business, certified or cashier's check or money order made payable to "State of Nevada, Office of the Treasurer," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, due and payable by September 1, 2024.

14. Upon approval of this Stipulation by the Board, Respondents shall pay the attorney's fees and investigative costs agreed to herein by personal, business, certified or cashier's check or money order made payable to the "Nevada State Board of Pharmacy" to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, due and payable by September 1, 2024.

15. Subject to the approval of this Stipulation by the Board, the Board and Respondents agree to release one another from any and all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondents have fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and have knowingly and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Ayman Jalloul, RPh (Jalloul), Certificate of Registration No. 23280, was a pharmacist registered with the Board, and Respondent CVS Pharmacy #4691, Pharmacy License No. PH02471, was a pharmacy licensed by the Board.

FACTUAL ALLEGATIONS

2. Jalloul was employed as managing pharmacist by CVS Pharmacy #4691 at the time of the events alleged herein.

3. On or about November 27, 2023, in the course of dispensing multiple prescriptions to patient J.S. at CVS Pharmacy #4691, Jalloul and/or his staff also dispensed prescription no. 1395147 for 20 mg Lisinopril to be taken twice a day, intended for patient J.W.

4. J.S. ingested the erroneously dispensed medication for 5 days, and experienced negative medical outcomes including dizziness, heart palpitations and insomnia.

COUNT ONE

Error in Dispensing Prescription/Unprofessional Conduct/ Managing Pharmacist & Pharmacy Responsibility (Respondents Jalloul and CVS Pharmacy #4691)

5. Unprofessional conduct includes the failure by a registrant to follow strictly the instructions of a practitioner when filling, labeling, and dispensing a prescription. NAC 639.945(1)(d). Unprofessional conduct also includes a licensee performing his or her duties in an “incompetent, unskillful, or negligent manner.” NAC 639.945(1)(i).

6. A managing pharmacist is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy. NRS 639.210(12) and (15), NRS 639.220(1) and/or NAC 639.702.

7. Respondent Jalloul engaged in unprofessional conduct as defined in NAC 639.945(1)(d) and (i) when he and/or his staff erroneously dispensed prescription no. 1395147 to J.S., resulting in patient harm, and is therefore subject to discipline pursuant to NAC 639.252, NAC 639.702, NRS 639.210(4) and/or (12).

8. Any violation of any of the provisions of NRS Chapter 639 by a managing pharmacist or by personnel of the pharmacy is cause for the suspension or revocation of the license of the pharmacy by the Board. NRS 639.230(5); NAC 639.702. Further, the owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(2).

9. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Respondent CVS Pharmacy #4691 is responsible for those violations, including all

errors and omissions of Jalloul and/or his staff, pursuant to NRS 639.230(5), NAC 639.702 and/or NAC 639.945(2).

WHEREFORE, it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the licenses and certificates of registrations of these Respondents.

Signed this 27th day of FEBRUARY 2024.

STIPULATION AND ORDER

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy (Board), by and through General Counsel Brett Kandt, and Respondent Ayman Jalloul, RPh (Jalloul), Certificate of Registration No. 23280, and Respondent CVS Pharmacy #4691, Pharmacy License No. PH02471, **HEREBY STIPULATE AND AGREE THAT:**

1. On or about February 27, 2024, Respondents were served with the Notice of Intended Action and Accusation (Accusation) on file in this matter together with the Statement to Respondent and Notice of Hearing.
2. Respondents are fully aware of the right to seek the advice of counsel in this matter prior to entering into this Stipulation.
3. Respondents are aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration, the right to appeal and any and all other rights which may be accorded pursuant to NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

4. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondents have failed to comply with the provisions of this Stipulation, Respondents hereby knowingly and voluntarily waive the rights to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded by NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

5. Respondents do not contest the allegations in the Accusation, but acknowledge that Board staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the violations alleged therein, *to wit*:

A. Respondent Jalloul engaged in unprofessional conduct as defined in NAC 639.945(1)(d) and (i) when he and/or his staff erroneously dispensed prescription no. 1395147 to J.S., resulting in patient harm, and is therefore subject to discipline pursuant to NAC 639.252, NAC 639.702, NRS 639.210(4) and/or (12); and

B. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Respondent CVS Pharmacy #4691 is responsible for those violations, including all errors and omissions of managing pharmacist Jalloul and/or his staff, pursuant to NRS 639.230(5), NAC 639.702 and/or NAC 639.945(2).

6. Those violations are pled with particularity in the Accusation and grounds for action pursuant to NRS 639.210 and NRS 639.255.

7. To resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Ayman Jalloul, RPh, Certificate of Registration No. 23280, stipulate to the following penalties:

A. Pursuant to NRS 639.255(1)(f) and NAC 639.955(5), Jalloul shall pay a fine of One Thousand Dollars (\$1,000.00) for the violations; and

B. Pursuant to NRS 622.400, Jalloul shall pay Five Hundred Dollars (\$500.00) to partially reimburse the Board for recoverable attorney's fees and investigative costs; and

8. To resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent CVS Pharmacy #4691, Pharmacy License No. PH02471, stipulate to the following penalties:

A. Pursuant to NRS 639.255(1)(f) and NAC 639.955(5), CVS Pharmacy #4691 shall pay a fine of Two Thousand Dollars (\$2,000.00) for the violations; and

B. Pursuant to NRS 622.400, CVS Pharmacy #4691 shall pay One Thousand Dollars (\$1,000.00) to partially reimburse the Board for recoverable attorney's fees and investigative costs.

9. Any failure by any Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing the non-compliant Respondent(s) to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by any Respondent, the Board may impose additional discipline upon the non-compliant Respondent(s) consistent with the provisions of NRS Chapter 639.

10. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on July 17, 2024. Respondents will appear in person at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondents or counsel are not present at the meeting.

11. The Board has discretion to accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 USC § 1396r-2 and 45 CFR Part 60.

12. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board at a later date. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

13. Upon approval of this Stipulation by the Board, Respondents shall pay the fines agreed to herein by personal, business, certified or cashier's check or money order made payable to "State of Nevada, Office of the Treasurer," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, due and payable by September 1, 2024.

14. Upon approval of this Stipulation by the Board, Respondents shall pay the attorney's fees and investigative costs agreed to herein by personal, business, certified or cashier's check or money order made payable to the "Nevada State Board of Pharmacy" to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, due and payable by September 1, 2024.

15. Subject to the approval of this Stipulation by the Board, the Board and Respondents agree to release one another from any and all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondents have fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and have knowingly and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

DV00822,

Respondent.

Case No. 23-257-CS-S

NOTICE OF INTENDED ACTION
AND ACCUSATION

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Candice Denham, D.V.M. (Respondent), because the violations alleged herein, weigh on Respondent's character to hold certificates of registration issued by the Board pursuant to NRS 453.226 to prescribe controlled substances and NRS 639.100 to dispense drugs. Since April 19, 2023, Respondent has held certificate of registration number CS35349 to prescribe controlled substances issued by the Board pursuant to NRS 453.226 and certificate of registration number DV00822 to dispense drugs pursuant to NRS 639.100.

2. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the dispensing of poisons, drugs, chemicals and medicines. NRS 639.070.

FACTUAL ALLEGATIONS

3. Respondent has been licensed by the Board to prescribe controlled substances (CS35349) since April 19, 2023. NRS 453.226. Such a license authorizes the holder to write prescriptions for controlled substances. NRS 453.226.

4. Respondent has been licensed by the Board to dispense drugs (DV00822) since April 19, 2023. NRS 639.100. Such a license authorizes the holder to deliver a controlled substance or dangerous drug to an ultimate user, patient or subject of research by or pursuant to the lawful order of a practitioner. NRS 639.0065.

5. Respondent submitted a controlled substance application and an application for veterinary authority to dispense drugs, both signed on April 12, 2023, that stated she had never been the subject of a board citation or administrative action whether completed or pending in any state.

6. It later came to the Board's attention that Respondent had voluntarily surrendered her DEA Certificate of Registration No. FS5781263 in the State of Hawaii on February 24, 2023.

7. Respondent had admitted at the time to the DEA that she had been using stimulants.

8. On November 2, 2023, Respondent's controlled substance license was suspended pursuant to NRS 639.2107.

APPLICABLE LAW

9. If a regulatory body revokes the license of a person in a contested case pursuant to this chapter, the regulatory body shall prescribe a period during which the person may not apply for reinstatement of the license. The period must not be less than 1 year and not more than 10 years. NRS 622A.410(1).

10. The Board may suspend or revoke any registration if the holder or applicant is guilty of unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4).

11. Unprofessional conduct includes, "performing or in any way being a party to any fraudulent or deceitful practice or transaction. NAC 639.945(1)(h).

12. The Board may suspend or revoke any registration if the holder or applicant has obtained any certificate, certification, license or permit by the filing of an application, or any record, affidavit or other information in support thereof, which is false or fraudulent. NRS 639.2010(10).

13. The Board may revoke or suspend a registration if a respondent has violated, attempted to violate, assisted or abetted in the violation of or conspired to violate any of the provisions of this

chapter or any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

14. A person may not secure or attempt to secure any certificate, license or permit issued by the Board for themselves by making, or causing to be made, any false representation. NRS 639.281(1).

15. In lieu of a suspension or revocation, or in concert with it, the Board may impose a fine of up to \$10,000 for each violation committed. NRS 639.255(1)(f) and (3).

COUNT ONE
Unprofessional Conduct by a DVM

16. Respondent applied for a certificate of registration with the Board to prescribe controlled substances pursuant to NRS 453.226. On the Board's controlled substance application, question three of section five asks whether the applicant has been the subject of a board citation or an administrative action whether completed or pending in any state. Respondent also applied for veterinarian authority to dispense drugs pursuant to NRS 639.100. On the Board's application for veterinarian authority to dispense drugs, question three of section four asks the same question, whether the applicant has been the subject of a board citation or administrative action whether completed or pending in any state. Respondent answered "no" to this question on both applications. Respondent answered "no" even though she had voluntarily surrendered her Hawaii DEA Registration Number FS 5781263 on February 24, 2023.

17. Because of these actions, Respondent has engaged in unprofessional conduct. NRS 639.210(4). Respondent engaged in unprofessional conduct because Respondent, as the holder of a certificate of registration issued by the Board, performed or was a party to a fraudulent or deceitful practice or transaction. NAC 639.945(1)(h).

18. Respondent performed or was a party to a fraudulent or deceitful practice or transaction because Respondent failed to disclose that she had voluntarily surrendered her Hawaii DEA Certificate of Registration. *See* NAC 639.945(1)(h). Respondent also performed or was a party to a fraudulent or deceitful practice or transaction because Respondent failed to truthfully answer question three of section five on the Board's controlled substance registration and question three of section four of the Board's application for veterinarian authority to dispense drugs. *See* NAC 639.945(1)(h).

19. Having engaged in unprofessional conduct as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NRS 639.281; NAC 639.945; and NAC 639.955.

COUNT TWO

Obtaining a Certificate of Registration by the Filing of a False Application

20. Respondent filed a false application with the Board when her controlled substance application and her application for veterinary authority to dispense drugs neglected to disclose her voluntary surrender of her DEA Certificate of Registration.

21. The Board may suspend or revoke any registration if the holder or applicant has obtained any certificate, certification, license or permit by the filing of an application, or any record, affidavit or other information in support thereof, which is false or fraudulent. NRS 639.2010(10). Additionally, a person may not secure or attempt to secure any certificate, license or permit issued by the Board for themselves by making, or causing to be made, any false representation. NRS 639.281(1).

22. Respondent's application was obtained by the filing of a false application because she neglected to disclose that she voluntarily surrendered her DEA certificate of registration less than two months before she sent in her applications to the Board. *See* NRS 639.210(10); NRS 639.281(1); and NRS 639.281(2).

23. Having obtained a certificate of registration from the Board by the filing of a false application, Respondent is subject to discipline by the Board. NRS 639.210(10); NRS 639.255; NRS 639.281; and NAC 639.955.

COUNT THREE
Violations of NRS Chapter 639

24. By filing an application with the Board that neglected to include Respondent's voluntary surrender of her DEA Certificate of Registration, she violated NRS 639.210(4), NRS 639.210(10), and NRS 639.281.

25. The Board may revoke or suspend a registration if a respondent has violated, attempted to violate, assisted or abetted in the violation of or conspired to violate any of the provisions of this chapter or any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

26. Respondent violated or attempted to violate provisions of NRS Chapter 639 when she failed to disclose to the Board that she voluntarily surrendered her DEA Certificate of Registration on February 24, 2023. *See* NRS 639.210(12).

27. These actions violated NRS 639.210(4) because she engaged in unprofessional conduct by being a party to a fraudulent or deceitful practice or transaction. *See* NRS 639.210(4); NRS 639.210(12); and NAC 639.945(1)(h). Respondent violated NRS 639.210(10) and NRS 639.281 because she obtained a certificate of registration from the Board by the filing of a false application. NRS 639.210(10); NRS 639.210(12); and NRS 639.281.

28. Having committed violations of NRS Chapter 639, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.210(10); NRS 639.210(12); NRS 639.255; NRS 639.281; and NAC 639.955.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

DATED this 24th day of NOVEMBER 2023.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. Alternatively, you may file your Answer and Notice of Defense by mailing two (2) copies to Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. Upon receipt of your Answer and Notice of Defense, a file stamped copy will be returned to you.

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350.

DATED this 24 day of NOVEMBER 2023.

Re: Candice Denham, and Case No. 23-257-CS-S

Dear Candice Denham,

The hearing for case number **23-257-CS-S** has been scheduled for Wednesday, 1/17/2024 at 9:00:00 AM PST or soon thereafter at the following location:

Hilton Garden Inn
7830 S Las Vegas Boulevard
Las Vegas, NV 89123

This is an in-person hearing; all respondents, witnesses and counsel must appear in person before the Board.

Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

If you have any questions, please feel free to contact the board staff.

Sincerely,
Darlene Nases

Re: Suspension of Certificate of Registration No. CS35349 (Case No. 23-257-CS-S)

Dear Dr. Denham:

The Nevada State Board of Pharmacy (Board) has determined that your DEA Registration Number FS5781263 was voluntarily surrendered on February 24, 2023.

Please be advised that pursuant to NRS 639.2107 the voluntary surrender of your DEA Registration Number operates as an immediate suspension of your Certificate of Registration No. CS35349 with the Board. You have **not** been and are **not** authorized to prescribe any controlled substances in the state of Nevada. Furthermore, your access to the Nevada Prescription Monitoring Program (PMP) database is terminated effective immediately since you are no longer authorized to access the PMP pursuant to NRS 453.221.

You may request a hearing before the Board to contest the suspension of your registration by submitting a written request to the Board's Reno office, located at 985 Damonte Ranch Parkway – Suite 206, Reno, NV 89521.

Please be aware that the forgoing does not preclude a formal investigation or filing of an accusation pursuant to NRS 639.241. If you have any questions, please do not hesitate to contact me at 775-850-1440 Ext. 132 or gvanderdonck@pharmacy.nv.gov.

Best regards,

Gustaf Vanderdonck
Assistant General Counsel

Case No. 23-257-CS-S

DECLARATION OF SHIRLEY
HUNTING

I, Shirley Hunting, hereby state the following:

1. Pursuant to NRS 53.045, I have made this declaration at the request of Gustaf A. Vanderdonck, Assistant General Counsel, for use in the above-entitled administrative action. I make this declaration for the purpose of authenticating Exhibit 1, attached hereto.

2. I was employed by the Nevada State Board of Pharmacy ("Board") as the supervisor of its Board Coordination team. In that capacity, I provided administrative support to the Board and the Board's staff, and I also served as the Board's custodian of records.

3. I am knowledgeable about the Board's business processes and information systems as they pertain to the licensure and/or registration of persons who are subject to the Board's regulatory jurisdiction. I am also familiar with the use and operation of the Board's data management system and its processes for serving and filing accusations, notices of hearing, and related legal documents.

4. The Board maintains a searchable data management system that contains licensing information and records, including contact information, for the Board's licensees and registrants. Information and records are entered into the system in the regular course of the Board's business at or near the time by, or from information transmitted by persons with knowledge of such information and/or the contents of such records.

5. The Board also maintains an on-line portal through which the Board's licensees and registrants may obtain, renew, and/or update their licenses and/or registrations. This IT system

generates a searchable record of all on-line transactions and stores it in the database. I am familiar with the operation of this system and the way in which the Board's registrants and licensees may access the system's portal to conduct business with the Board.

6. In addition to using the on-line portal, the Board's licensees and registrants may use email or regular mail to update their contact information on file with the Board.

7. I have searched the Board's database for information concerning Candice Denham, DVM, who holds Certificate of Registration Nos. CS35349 and DV00822. As of December 23, 2023, the contact information in the database lists Ms. Denham's last-known address as 3310 W. Elkhorn Road, North Las Vegas, NV 89084. Board staff also located two other addresses for Ms. Denham, one at 9112 Emerald Cove Court, Las Vegas, NV 89117, and another at 111 Hekili Street, Ste. 104, Kailua, HI 96734.

8. As of December 23, 2023, I have been unable to locate any notes or transactional records in the Board's IT system to indicate that Ms. Erian attempted to update her contact information via the Board's on-line portal, via email, or through other means of communication.

9. Exhibit 1 is a true and correct copy of the certificate of service of the Notice of Intended Accusation and Action that bears my signature. Additionally, the USPS mailing records are attached as well.

10. The certificate of service on Exhibit 1 accurately reflects that on November 29, 2023, and December 23, 2023, I mailed copies of the Notice of Intended Action and Accusation and notice of hearing to Candice Denham, DVM, at her last-known address on file with the Board, plus the two additional addresses located by board staff.

I, Shirley Hunting, declare under penalty of perjury that the foregoing is true and correct.

Executed this 30th day of January 2024.

7. I have searched the Board's database for information concerning Candice Denham, DVM, who holds Certificate of Registration Nos. CS35349 and DV00822. As of December 14, 2023, the contact information in the database lists Ms. Denham's last-known address as 3310 W. Elkhorn Road, North Las Vegas, NV 89084.

8. As of December 14, 2023, I have been unable to locate any notes or transactional records in the Board's IT system to indicate that Ms. Denham attempted to update her contact information via the Board's on-line portal, via email, or through other means of communication.

9. Exhibit 2 is a true and correct copy of the twenty-one-day letter sent to Respondent in this case.

10. The address on Exhibit 2 accurately reflects that on December 14, 2023, I mailed a copy of the associated twenty-one-day letter to Candice Denham, DVM, to her last-known address on file with the Board. I mailed one copy to Ms. Denham via Certified U.S. Mail. It was returned as undeliverable.

I, Darlene Nases, declare under penalty of perjury that the foregoing is true and correct.

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY,

Petitioner,

v.

**CVS PHARMACY #9840,
License No. PH01336,**

v.

**DEISY SERRANO, RPH,
Certificate of Registration No. 14845,**

Respondents.

**CASE NOS. 23-433-PH-N
23-433-RPH-N**

**NOTICE OF INTENDED ACTION
AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Deisy Serrano (Respondent Pharmacist), because Respondent Pharmacist, at the time of the violations alleged herein, held Certificate of Registration No. 14845, issued by the Board pursuant to NRS 639.100 and NRS 639.127, authorizing Respondent to engage in the practice of pharmacy in the State of Nevada. Respondent Pharmacist has held Certificate of Registration No. 14845 since October 29, 1999.

2. The Board has personal jurisdiction over Respondent CVS Pharmacy #9840 (Respondent Pharmacy), because Respondent Pharmacy, at the time of the violations alleged herein, held License No. PH01336, issued by the Board pursuant to NRS 639.230, authorizing it to operate as a pharmacy. Respondent Pharmacy has held License No. PH01336 since January 28, 1999.

3. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the dispensing of poisons, drugs, chemicals and medicines and the regulation of the practice of pharmacy. NRS 639.070.

FACTUAL ALLEGATIONS

4. Respondent Pharmacy has been licensed by the Board to operate as a pharmacy since January 28, 1999. *See* NRS 639.230. Such a license authorizes the holder to conduct a pharmacy and to sell and dispense drugs and poisons and devices and appliances that are restricted by federal law to sale by or on the order of a physician. NRS 639.231.

5. Respondent Pharmacist has been registered by the Board to practice as a pharmacist since October 29, 1999. NRS 639.127. Such a registration authorizes the holder to engage in the practice of pharmacy. NRS 639.127.

6. Respondent Pharmacy is located at 8005 S. Virginia St., Reno, NV 89511.

7. Respondent Pharmacist was the managing pharmacist of Respondent Pharmacy at the time of the events alleged herein.

8. Respondent Pharmacist was issued a citation and fine by the Board on August 22, 2023, for misfilling an amoxicillin prescription (Case No. 23-488-RPH-N). Respondent Pharmacist never reconstituted the prescription. Additionally, Respondent Pharmacist failed to provide counseling on how to take the medication.

9. On or about October 17, 2023, patient M.C. was prescribed a Humulin N 3 ML Insulin Isophane Human 100 UNT/ML Pen Injector for gestational diabetes.

10. Patient M.C. was nearly nine (9) months pregnant at the time the prescription was written and filled.

11. On or about October 18, 2023, patient M.C. went to Respondent Pharmacy to pick up her prescription.

12. Patient M.C. had never been prescribed insulin before and sought Respondent Pharmacist's guidance on how to use the injector pen. Particularly, she asked about where to inject the medication.

13. Instead of providing counseling on matters that would benefit patient M.C.'s therapy by drugs, Respondent Pharmacist dismissed patient M.C. Stating that she should, "just inject it at bedtime."

14. Patient M.C.'s questions regarding where the injector pen should be injected were also dismissed. Respondent Pharmacist told her that she may, "inject it anywhere, your stomach, your thigh, wherever, just read the directions."

15. When patient M.C. asked how to attach the needles to the injector pen, Respondent Pharmacist once again just told her to read the directions on the packaging.

16. Patient M.C. went back home without having any idea how to use her insulin injector pen. Patient M.C. and her husband had to look up how to use the injector pen on YouTube.

17. Additionally, once patient M.C. returned home, patient M.C. and her husband realized that needles were not included.

18. Respondent Pharmacist failed to even mention needles despite patient M.C. asking Respondent Pharmacist questions directly about needles.

19. Patient M.C. went without her insulin on October 18, 2023.

20. On or about October 19, 2023, patient M.C.'s husband, K.G., went into Respondent Pharmacy and met with Respondent Pharmacist.

21. K.G. told Respondent Pharmacist that he and his wife were very upset about the fact that Respondent Pharmacist failed to counsel patient M.C. on using the insulin pen injector and that Respondent Pharmacist failed to mention that needles were not included in the prescription.

22. Respondent Pharmacist quipped back that patient M.C., "should have known," that needles would not be included with the insulin.

23. K.G. purchased needles out of pocket during that exchange.

24. Respondent Pharmacy's counseling records indicate that Respondent Pharmacist conducted counseling.

25. However, in an interview with Respondent Pharmacist, Board Investigator Monica S. Segedy asked Respondent Pharmacist why she did not counsel patient M.C. and Respondent Pharmacist stated that she could not remember if counseling was performed or not.

26. CVS Pharmacy records incorrectly state that patient M.C. refused counseling.

27. Medical systems, including New York-Presbyterian Hospital, recognize that women in their third trimester of pregnancy may have trouble injecting an insulin pen into their abdomen (a place that Respondent Pharmacist stated patient M.C. should inject the insulin pen), if the skin on their abdomen was too tight to properly perform an injection. In these instances, New York-Presbyterian Hospital recommends finding a different spot on the side of the abdomen or elsewhere on the body where the skin will be looser. See <https://www.nyp.org/healthlibrary/multimedia/insulin-injection-areas-for-gestational-diabetes>.

28. Respondent Pharmacist did not properly take into account patient M.C.'s pregnancy when she simply told her to inject the insulin pen into her abdomen, or "anywhere" because it was possible that patient M.C. may not have had enough loose skin in her abdomen to properly inject the insulin pen.

APPLICABLE LAW

29. In Nevada, the Board may suspend or revoke any registration if the holder or applicant engages in unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4).

30. Unprofessional conduct includes, "failing to confer with the person writing, making or ordering a prescription or chart order if there is an error or omission in it which should be questioned." NAC 639.945(1)(e).

31. Unprofessional conduct includes, "performing any of his or her duties as the holder of a certificate or registration issued by the Board in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

32. A pharmacist is required to perform a review of a patient's profile prior to engaging in counseling. NRS 639.266(1).

33. A pharmacist is required to communicate all matters which will enhance therapy through drugs with the patient or a person caring for the patient. NRS 639.266(1).

34. The communication must include appropriate elements of counseling for the patient, as established by the Board. NRS 639.266(1).

35. A pharmacist has a duty to counsel patients and supply all information required by the Board pursuant to NAC 639.707(1) and (2).

36. Additionally, a pharmacist also must supply any additional information, if, in the professional judgement of the pharmacist, that information is necessary to ensure the safe and effective use of the drug or device by the patient. NAC 639.707(1)(k).

37. A pharmacist shall review a patient's record before dispensing a prescription. NAC 639.707(4).

38. A pharmacist has a duty to keep accurate records of whether counseling was given or refused by a patient. *See* NAC 639.707(6).

39. The owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel they employ. NAC 639.945(2).

40. In lieu of a suspension or revocation, the Board may impose a fine of up to \$10,000 for each violation committed. NRS 639.255(1)(f) and (3).

COUNT ONE

Unprofessional Conduct – Performing Duties in an Incompetent, Unskillful or Negligent Manner – Failing to Review Patient Record (Respondent Pharmacist and Respondent Pharmacy)

41. Respondent Pharmacist failed to check patient M.C.'s profile prior to counseling and dispensing the drug to the final end user (patient M.C. is the final end user) or did so in a manner that was inadequate to provide the level of information required to properly engage in patient counseling. Pursuant to NRS 639.266, no pharmacist can engage in adequate counseling before checking the patient's record.

42. Because of this, Respondent Pharmacist has engaged in unprofessional conduct. NRS 639.210(4). Respondent Pharmacist engaged in unprofessional conduct because Respondent Pharmacist performed her duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

43. Respondent Pharmacist performed her duties as the holder of a certificate of registration issued by the Board in an incompetent, unskillful, or negligent manner because she failed to check patient

M.C.'s profile, or did so in a manner that was inadequate to provide the level of information required to properly counsel patient M.C. *See* NAC 639.945(1)(i). In Nevada, checking a patient's record is a precursor to counseling them. NRS 639.266(1). If Respondent Pharmacist had checked or adequately checked patient M.C.'s profile, Respondent Pharmacist would have known that patient M.C. was taking insulin for the first time and that she was in her third trimester of pregnancy – likely meaning that patient M.C. required more in depth and specific counseling (beyond what was already required by law). *See* NAC 639.707(1)(k); NAC 639.945(1)(i).

44. Having engaged in unprofessional conduct as alleged above, Respondent Pharmacist is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; and NAC 639.955.

45. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Respondent Pharmacy is responsible for those violations, including all errors and omissions of Respondent Pharmacist, pursuant to NAC 639.945(2).

COUNT TWO

Unprofessional Conduct – Performing Duties in Incompetent, Unskillful or Negligent Manner – Failure to Counsel by a Pharmacist (Respondent Pharmacist and Respondent Pharmacy)

46. Respondent Pharmacist failed to communicate matters which would enhance therapy through drugs. For example, Respondent Pharmacist failed to counsel patient M.C. on how to get and use needles with her insulin injection pen. *See* NAC 639.707(2)(b). Respondent Pharmacist also failed to counsel patient M.C. on where/how to inject the pen at all. *See* NAC 639.707(2)(b).

47. Because of these actions, Respondent Pharmacist has engaged in unprofessional conduct. NRS 639.210(4). Respondent Pharmacist engaged in unprofessional conduct when she performed her duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

48. Respondent Pharmacist performed her duties in an incompetent, unskillful, or negligent manner because she failed to communicate *all matters* which will enhance therapy through drugs with the patient or a person caring for the patient. NRS 639.266(1); NAC 639.707; and NAC 639.945(1)(i). Respondent Pharmacist failed uphold this duty because she never counseled patient M.C. on matters of critical importance to patient M.C.'s therapy through drugs, including how to get needles, how to use the needles, where to inject the insulin pen, how to inject the pen into different places on the patient's body, how to dose the injector pen correctly, and any matters that relate to patient M.C.'s pregnancy that may be of concern when taking this medication in this manner. *See* NRS 639.266(1); NAC 639.707(2); and NAC 639.945(1)(i). Additionally, Respondent Pharmacist never reviewed patient M.C.'s profile prior to counseling. *See* NRS 639.266(1); NAC 639.707(4).

49. Having engaged in unprofessional conduct as alleged above, Respondent Pharmacist is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; and NAC 639.955.

50. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Respondent Pharmacy is responsible for those violations, including all errors and omissions of Respondent Pharmacist, pursuant to NAC 639.945(2).

COUNT THREE

Unprofessional Conduct – Failure to Confer with Prescribing Practitioner (Respondent Pharmacist and Respondent Pharmacy)

51. Respondent Pharmacist dispensed an insulin injector pen without needles. As this was patient M.C.'s first time using an insulin pen, patient M.C. was not in a position to know that needles did not come with the original written prescription sent in electronically by the prescribing physician. Respondent Pharmacist should have known that a prescription for insulin should also include needles. The fact that the prescription did not include needles should have been something that triggered a phone call to the prescribing practitioner. *See* NAC 639.945(1)(e). Patient M.C. went a day without being able to use

her insulin pen injector because she did not have needles. Patient M.C.'s husband, K.G. ended up having to pay for needles out of pocket because of Respondent Pharmacist's failure to contact the prescribing physician.

52. Because of these actions, Respondent Pharmacist has engaged in unprofessional conduct. NRS 639.210(4). Respondent Pharmacist engaged in unprofessional conduct because she failed to confer with the person writing, making, or ordering a prescription when there was an error that should be questioned. NAC 639.945(1)(e).

53. Respondent Pharmacist failed to confer with the person writing, making, or ordering a prescription when there was an error that should be questioned because she failed to contact the prescribing practitioner to inquire about why needles were not included with the insulin injector pen prescription. *See* NAC 639.945(1)(e). Respondent Pharmacist should have known that since needles were not prescribed in the original prescription that patient M.C. likely would not have been able to take the medication unless Respondent Pharmacist called the doctor to get a prescription for needles or sell them out of pocket. *See* NAC 639.945(1)(e). The insulin injector pen is worthless without needles and if Respondent Pharmacist took the time and care to speak with the prescribing practitioner, Respondent Pharmacist could have ensured that patient M.C. left the store with needles and that her husband would not need to come back the next day (a day after patient M.C. was unable to take her medication) and pay out-of-pocket for them. *See* NAC 639.945(1)(e).

54. Having engaged in unprofessional conduct as alleged above, Respondent Pharmacist is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; and NAC 639.955.

55. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Respondent Pharmacy is responsible for those violations, including all errors and omissions of Respondent Pharmacist, pursuant to NAC 639.945(2).

COUNT FOUR

Unprofessional Conduct – Performing Duties in Incompetent, Unskillful or Negligent Manner – Failure to Maintain an Accurate Record of Counseling (Respondent Pharmacist and Respondent Pharmacy)

56. Respondent Pharmacist recorded patient M.C. as having been counseled incorrectly. Respondent Pharmacist entered into the record that she conducted counseling despite the fact that she failed to provide the information necessary to properly conduct counseling in this state.

57. Because of these actions, Respondent Pharmacist has engaged in unprofessional conduct. NRS 639.210(4). Respondent Pharmacist engaged in unprofessional conduct when she performed her duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

58. Respondent Pharmacist performed her duties in an incompetent, unskillful, or negligent manner because she failed to keep accurate records of counseling. *See* NAC 639.707(6); NAC 639.945(1)(i). A regulation that requires a pharmacist to keep records of whether a patient was counseled or declined counseling also imposes a duty on the pharmacist keeping the records to do so accurately. *See* NAC 639.707(6). Since Respondent Pharmacist incorrectly marked patient M.C. as having been counseled, even though patient M.C. and her husband represent that they had not, Respondent Pharmacist failed to adhere to the duty of keeping accurate records of counseling. *See* NAC 639.707(6); NAC 639.945(1)(i).

59. Having engaged in unprofessional conduct as alleged above, Respondent Pharmacist is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; and NAC 639.955.

60. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Respondent Pharmacy is responsible for those violations, including all errors and omissions of Respondent Pharmacist, pursuant to NAC 639.945(2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

DATED this 21st day of FEBRUARY 2024.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

STATEMENT TO THE
RESPONDENT AND
NOTICE OF HEARING

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy ("Board") by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation ("Accusation") has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you.

2. A hearing on the Accusation filed against you has been scheduled before the Board for Wednesday, April 17, 2024, at 9:00 AM PST, or soon thereafter at the following location:

**Hyatt Place Reno-Tahoe Airport
1790 E. Plumb Lane
Reno, NV 89502**

3. At the hearing, you have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). At the hearing, you are entitled to present argument and evidence including witness testimony on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241; NRS 639.246. To do so, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, within twenty (20) days of your receipt of this Statement and Notice, and the Accusation. NRS 622A.320; NRS 639.243.

You may file your answer electronically by emailing a copy of your Answer and Notice of Defense to the Board's coordinating staff and its prosecuting attorney at the email addresses below:

TeamBC@Pharmacy.nv.gov

and

gvanderdonck@pharmacy.nv.gov

Alternatively, you may file your Answer and Notice of Defense by mailing two (2) copies to Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. Upon receipt of your Answer and Notice of Defense, a file stamped copy will be returned to you.

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. STIPULATION AND ORDER

Gregory Zunino, Senior General Counsel for Petitioner the Nevada State Board of Pharmacy (Board), and Respondent CVS Pharmacy #9840, License No. PH01336, **HEREBY STIPULATE AND AGREE THAT:**

1. The Board has jurisdiction over Respondent and this matter.
2. On or about March 1, 2024, Respondent was served with the Notice of Intended Action and Accusation (Accusation) on file in this matter together with the Statement to Respondent and Notice of Hearing.
3. The Board and Respondent agreed to delay the date for submitting a Notice of Answer and Defense as both parties pursued settlement negotiations.
4. Respondent is fully aware of the right to seek the advice of counsel in this matter and obtained the advice of counsel prior to entering into this Stipulation.
5. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration, the right to appeal and any and all other rights which may be accorded to them pursuant to NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).
6. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondent has failed to comply with

the provisions of this Stipulation, Respondent hereby freely and voluntarily waives their rights to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to them by NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

7. This proposed Stipulation and Order shall apply only to CVS Pharmacy #9840;

8. Respondent does not contest the allegations in the Accusation, but acknowledges that Board staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the violations alleged therein, *to wit*, that:

A. Respondent Serrano was employed by CVS Pharmacy #9840 at the time of the events alleged herein;

B. Respondent Serrano committed an act of unprofessional conduct when Respondent Serrano failed to review Patient M.C.'s record prior to counseling or reviewed the patient's profile in a manner that was inadequate to provide the patient with proper counseling. NRS 639.210(4); NRS 639.266; NAC 639.707(1)(k); NAC 639.707(4); and NAC 639.945(1)(i);

C. Respondent Serrano committed an act of unprofessional conduct when Respondent Serrano failed to communicate matters which would enhance therapy through drugs. NRS 639.210(4); NRS 639.266(1); NAC 639.707(2)(b); NAC 639.707(4); and NAC 639.945(1)(i);

D. Respondent Serrano committed an act of unprofessional conduct when Respondent Serrano failed to confer with the prescribing practitioner when there was an error or omission that should have been questioned (no needles in prescription). NRS 639.210(4); NAC 639.945(1)(e);

E. Respondent Serrano committed an act of unprofessional conduct when Respondent Serrano marked patient M.C. as having been counseled properly despite the fact that

Respondent Serrano failed to provide all of the information necessary to properly conduct counseling duties in this state. NRS 639.210(4); NAC 639.707(6); and NAC 639.945(1)(i);

F. Respondent CVS Pharmacy #9840 is responsible for all violations of the staff they employ, including errors and omissions of Respondent Serrano. NAC 639.945(3);

9. These violations are pleaded with particularity in the Accusation and are grounds for action pursuant to NRS 639.210; NRS 639.255; NAC 639.945;

10. In order to resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent stipulate to the following penalties:

A. Respondent shall pay **Two Thousand Dollars and Zero Cents (\$2,000.00)** for the alleged violations, payable by *cashier's check* or *certified check* or *money order* made payable to "State of Nevada, Office of the Treasurer," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) of the effective date of this Order;

B. Respondent shall pay **Five Hundred Dollars and Zero Cents (\$500.00)** to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter, payable by *cashier's check* or *certified check* or *money order* made payable to "Nevada State Board of Pharmacy," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) of the effective date of this Order;

11. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an Order to Show Cause pursuant to NAC 639.965 directing that Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. The Board may impose additional discipline upon Respondent consistent with the provisions of NRS Chapter 639;

12. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on July 17, 2024. Respondent

will appear at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent is not present at the meeting;

13. The Board has discretion to accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board it shall be a public record pursuant to NRS 622.330;

14. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board. The terms and agreement herein may not be used or referred to in a full hearing on the merits of this matter;

15. This matter will be reported to the National Practitioner Data Bank as required by 45 C.F.R. §§ 60.3; 60.5; and 60.9;

16. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release each other from any and all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and has freely and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

Respondents.

**CASE NOS. 23-433-PH-N
23-433-RPH-N**

**NOTICE OF INTENDED ACTION
AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Deisy Serrano (Respondent Pharmacist), because Respondent Pharmacist, at the time of the violations alleged herein, held Certificate of Registration No. 14845, issued by the Board pursuant to NRS 639.100 and NRS 639.127, authorizing Respondent to engage in the practice of pharmacy in the State of Nevada. Respondent Pharmacist has held Certificate of Registration No. 14845 since October 29, 1999.

2. The Board has personal jurisdiction over Respondent CVS Pharmacy #9840 (Respondent Pharmacy), because Respondent Pharmacy, at the time of the violations alleged herein, held License No. PH01336, issued by the Board pursuant to NRS 639.230, authorizing it to operate as a pharmacy. Respondent Pharmacy has held License No. PH01336 since January 28, 1999.

3. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the dispensing of poisons, drugs, chemicals and medicines and the regulation of the practice of pharmacy. NRS 639.070.

FACTUAL ALLEGATIONS

4. Respondent Pharmacy has been licensed by the Board to operate as a pharmacy since January 28, 1999. *See* NRS 639.230. Such a license authorizes the holder to conduct a pharmacy and to sell and dispense drugs and poisons and devices and appliances that are restricted by federal law to sale by or on the order of a physician. NRS 639.231.

5. Respondent Pharmacist has been registered by the Board to practice as a pharmacist since October 29, 1999. NRS 639.127. Such a registration authorizes the holder to engage in the practice of pharmacy. NRS 639.127.

6. Respondent Pharmacy is located at 8005 S. Virginia St., Reno, NV 89511.

7. Respondent Pharmacist was the managing pharmacist of Respondent Pharmacy at the time of the events alleged herein.

8. Respondent Pharmacist was issued a citation and fine by the Board on August 22, 2023, for misfilling an amoxicillin prescription (Case No. 23-488-RPH-N). Respondent Pharmacist never reconstituted the prescription. Additionally, Respondent Pharmacist failed to provide counseling on how to take the medication.

9. On or about October 17, 2023, patient M.C. was prescribed a Humulin N 3 ML Insulin Isophane Human 100 UNT/ML Pen Injector for gestational diabetes.

10. Patient M.C. was nearly nine (9) months pregnant at the time the prescription was written and filled.

11. On or about October 18, 2023, patient M.C. went to Respondent Pharmacy to pick up her prescription.

12. Patient M.C. had never been prescribed insulin before and sought Respondent Pharmacist's guidance on how to use the injector pen. Particularly, she asked about where to inject the medication.

13. Instead of providing counseling on matters that would benefit patient M.C.'s therapy by drugs, Respondent Pharmacist dismissed patient M.C. Stating that she should, "just inject it at bedtime."

14. Patient M.C.'s questions regarding where the injector pen should be injected were also dismissed. Respondent Pharmacist told her that she may, "inject it anywhere, your stomach, your thigh, wherever, just read the directions."

15. When patient M.C. asked how to attach the needles to the injector pen, Respondent Pharmacist once again just told her to read the directions on the packaging.

16. Patient M.C. went back home without having any idea how to use her insulin injector pen. Patient M.C. and her husband had to look up how to use the injector pen on YouTube.

17. Additionally, once patient M.C. returned home, patient M.C. and her husband realized that needles were not included.

18. Respondent Pharmacist failed to even mention needles despite patient M.C. asking Respondent Pharmacist questions directly about needles.

19. Patient M.C. went without her insulin on October 18, 2023.

20. On or about October 19, 2023, patient M.C.'s husband, K.G., went into Respondent Pharmacy and met with Respondent Pharmacist.

21. K.G. told Respondent Pharmacist that he and his wife were very upset about the fact that Respondent Pharmacist failed to counsel patient M.C. on using the insulin pen injector and that Respondent Pharmacist failed to mention that needles were not included in the prescription.

22. Respondent Pharmacist quipped back that patient M.C., "should have known," that needles would not be included with the insulin.

23. K.G. purchased needles out of pocket during that exchange.

24. Respondent Pharmacy's counseling records indicate that Respondent Pharmacist conducted counseling.

25. However, in an interview with Respondent Pharmacist, Board Investigator Monica S. Segedy asked Respondent Pharmacist why she did not counsel patient M.C. and Respondent Pharmacist stated that she could not remember if counseling was performed or not.

26. CVS Pharmacy records incorrectly state that patient M.C. refused counseling.

27. Medical systems, including New York-Presbyterian Hospital, recognize that women in their third trimester of pregnancy may have trouble injecting an insulin pen into their abdomen (a place that Respondent Pharmacist stated patient M.C. should inject the insulin pen), if the skin on their abdomen was too tight to properly perform an injection. In these instances, New York-Presbyterian Hospital recommends finding a different spot on the side of the abdomen or elsewhere on the body where the skin will be looser. See <https://www.nyp.org/healthlibrary/multimedia/insulin-injection-areas-for-gestational-diabetes>.

28. Respondent Pharmacist did not properly take into account patient M.C.'s pregnancy when she simply told her to inject the insulin pen into her abdomen, or "anywhere" because it was possible that patient M.C. may not have had enough loose skin in her abdomen to properly inject the insulin pen.

APPLICABLE LAW

29. In Nevada, the Board may suspend or revoke any registration if the holder or applicant engages in unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4).

30. Unprofessional conduct includes, "failing to confer with the person writing, making or ordering a prescription or chart order if there is an error or omission in it which should be questioned." NAC 639.945(1)(e).

31. Unprofessional conduct includes, "performing any of his or her duties as the holder of a certificate or registration issued by the Board in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

32. A pharmacist is required to perform a review of a patient's profile prior to engaging in counseling. NRS 639.266(1).

33. A pharmacist is required to communicate all matters which will enhance therapy through drugs with the patient or a person caring for the patient. NRS 639.266(1).

34. The communication must include appropriate elements of counseling for the patient, as established by the Board. NRS 639.266(1).

35. A pharmacist has a duty to counsel patients and supply all information required by the Board pursuant to NAC 639.707(1) and (2).

36. Additionally, a pharmacist also must supply any additional information, if, in the professional judgement of the pharmacist, that information is necessary to ensure the safe and effective use of the drug or device by the patient. NAC 639.707(1)(k).

37. A pharmacist shall review a patient's record before dispensing a prescription. NAC 639.707(4).

38. A pharmacist has a duty to keep accurate records of whether counseling was given or refused by a patient. *See* NAC 639.707(6).

39. The owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel they employ. NAC 639.945(2).

40. In lieu of a suspension or revocation, the Board may impose a fine of up to \$10,000 for each violation committed. NRS 639.255(1)(f) and (3).

COUNT ONE

Unprofessional Conduct – Performing Duties in an Incompetent, Unskillful or Negligent Manner – Failing to Review Patient Record (Respondent Pharmacist and Respondent Pharmacy)

41. Respondent Pharmacist failed to check patient M.C.'s profile prior to counseling and dispensing the drug to the final end user (patient M.C. is the final end user) or did so in a manner that was inadequate to provide the level of information required to properly engage in patient counseling. Pursuant to NRS 639.266, no pharmacist can engage in adequate counseling before checking the patient's record.

42. Because of this, Respondent Pharmacist has engaged in unprofessional conduct. NRS 639.210(4). Respondent Pharmacist engaged in unprofessional conduct because Respondent Pharmacist performed her duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

43. Respondent Pharmacist performed her duties as the holder of a certificate of registration issued by the Board in an incompetent, unskillful, or negligent manner because she failed to check patient

M.C.'s profile, or did so in a manner that was inadequate to provide the level of information required to properly counsel patient M.C. *See* NAC 639.945(1)(i). In Nevada, checking a patient's record is a precursor to counseling them. NRS 639.266(1). If Respondent Pharmacist had checked or adequately checked patient M.C.'s profile, Respondent Pharmacist would have known that patient M.C. was taking insulin for the first time and that she was in her third trimester of pregnancy – likely meaning that patient M.C. required more in depth and specific counseling (beyond what was already required by law). *See* NAC 639.707(1)(k); NAC 639.945(1)(i).

44. Having engaged in unprofessional conduct as alleged above, Respondent Pharmacist is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; and NAC 639.955.

45. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Respondent Pharmacy is responsible for those violations, including all errors and omissions of Respondent Pharmacist, pursuant to NAC 639.945(2).

COUNT TWO

Unprofessional Conduct – Performing Duties in Incompetent, Unskillful or Negligent Manner – Failure to Counsel by a Pharmacist (Respondent Pharmacist and Respondent Pharmacy)

46. Respondent Pharmacist failed to communicate matters which would enhance therapy through drugs. For example, Respondent Pharmacist failed to counsel patient M.C. on how to get and use needles with her insulin injection pen. *See* NAC 639.707(2)(b). Respondent Pharmacist also failed to counsel patient M.C. on where/how to inject the pen at all. *See* NAC 639.707(2)(b).

47. Because of these actions, Respondent Pharmacist has engaged in unprofessional conduct. NRS 639.210(4). Respondent Pharmacist engaged in unprofessional conduct when she performed her duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

48. Respondent Pharmacist performed her duties in an incompetent, unskillful, or negligent manner because she failed to communicate *all matters* which will enhance therapy through drugs with the patient or a person caring for the patient. NRS 639.266(1); NAC 639.707; and NAC 639.945(1)(i). Respondent Pharmacist failed uphold this duty because she never counseled patient M.C. on matters of critical importance to patient M.C.'s therapy through drugs, including how to get needles, how to use the needles, where to inject the insulin pen, how to inject the pen into different places on the patient's body, how to dose the injector pen correctly, and any matters that relate to patient M.C.'s pregnancy that may be of concern when taking this medication in this manner. *See* NRS 639.266(1); NAC 639.707(2); and NAC 639.945(1)(i). Additionally, Respondent Pharmacist never reviewed patient M.C.'s profile prior to counseling. *See* NRS 639.266(1); NAC 639.707(4).

49. Having engaged in unprofessional conduct as alleged above, Respondent Pharmacist is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; and NAC 639.955.

50. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Respondent Pharmacy is responsible for those violations, including all errors and omissions of Respondent Pharmacist, pursuant to NAC 639.945(2).

COUNT THREE

Unprofessional Conduct – Failure to Confer with Prescribing Practitioner (Respondent Pharmacist and Respondent Pharmacy)

51. Respondent Pharmacist dispensed an insulin injector pen without needles. As this was patient M.C.'s first time using an insulin pen, patient M.C. was not in a position to know that needles did not come with the original written prescription sent in electronically by the prescribing physician. Respondent Pharmacist should have known that a prescription for insulin should also include needles. The fact that the prescription did not include needles should have been something that triggered a phone call to the prescribing practitioner. *See* NAC 639.945(1)(e). Patient M.C. went a day without being able to use

her insulin pen injector because she did not have needles. Patient M.C.'s husband, K.G. ended up having to pay for needles out of pocket because of Respondent Pharmacist's failure to contact the prescribing physician.

52. Because of these actions, Respondent Pharmacist has engaged in unprofessional conduct. NRS 639.210(4). Respondent Pharmacist engaged in unprofessional conduct because she failed to confer with the person writing, making, or ordering a prescription when there was an error that should be questioned. NAC 639.945(1)(e).

53. Respondent Pharmacist failed to confer with the person writing, making, or ordering a prescription when there was an error that should be questioned because she failed to contact the prescribing practitioner to inquire about why needles were not included with the insulin injector pen prescription. *See* NAC 639.945(1)(e). Respondent Pharmacist should have known that since needles were not prescribed in the original prescription that patient M.C. likely would not have been able to take the medication unless Respondent Pharmacist called the doctor to get a prescription for needles or sell them out of pocket. *See* NAC 639.945(1)(e). The insulin injector pen is worthless without needles and if Respondent Pharmacist took the time and care to speak with the prescribing practitioner, Respondent Pharmacist could have ensured that patient M.C. left the store with needles and that her husband would not need to come back the next day (a day after patient M.C. was unable to take her medication) and pay out-of-pocket for them. *See* NAC 639.945(1)(e).

54. Having engaged in unprofessional conduct as alleged above, Respondent Pharmacist is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; and NAC 639.955.

55. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Respondent Pharmacy is responsible for those violations, including all errors and omissions of Respondent Pharmacist, pursuant to NAC 639.945(2).

COUNT FOUR

Unprofessional Conduct – Performing Duties in Incompetent, Unskillful or Negligent Manner – Failure to Maintain an Accurate Record of Counseling (Respondent Pharmacist and Respondent Pharmacy)

56. Respondent Pharmacist recorded patient M.C. as having been counseled incorrectly. Respondent Pharmacist entered into the record that she conducted counseling despite the fact that she failed to provide the information necessary to properly conduct counseling in this state.

57. Because of these actions, Respondent Pharmacist has engaged in unprofessional conduct. NRS 639.210(4). Respondent Pharmacist engaged in unprofessional conduct when she performed her duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

58. Respondent Pharmacist performed her duties in an incompetent, unskillful, or negligent manner because she failed to keep accurate records of counseling. *See* NAC 639.707(6); NAC 639.945(1)(i). A regulation that requires a pharmacist to keep records of whether a patient was counseled or declined counseling also imposes a duty on the pharmacist keeping the records to do so accurately. *See* NAC 639.707(6). Since Respondent Pharmacist incorrectly marked patient M.C. as having been counseled, even though patient M.C. and her husband represent that they had not, Respondent Pharmacist failed to adhere to the duty of keeping accurate records of counseling. *See* NAC 639.707(6); NAC 639.945(1)(i).

59. Having engaged in unprofessional conduct as alleged above, Respondent Pharmacist is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; and NAC 639.955.

60. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Respondent Pharmacy is responsible for those violations, including all errors and omissions of Respondent Pharmacist, pursuant to NAC 639.945(2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

DATED this 27^r day of FEBRUARY 2024.

Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. **STIPULATION AND ORDER
(RESPONDENT SERRANO ONLY)**

Gustaf Vanderdonck, Assistant General Counsel for Petitioner the Nevada State Board of Pharmacy (Board), and Respondent Deisy Serrano, Certificate of Registration No. 14845,

HEREBY STIPULATE AND AGREE THAT:

1. The Board has jurisdiction over Respondent and this matter.
2. On or about March 1, 2024, Respondent was served with the Notice of Intended Action and Accusation (Accusation) on file in this matter together with the Statement to Respondent and Notice of Hearing.
3. The Board and Respondent agreed to delay the date for submitting a Notice of Answer and Defense as both parties pursued settlement negotiations.
4. Respondent is fully aware of the right to seek the advice of counsel in this matter and obtained the advice of counsel prior to entering into this Stipulation.
5. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration, the right to appeal and any and all other rights which may be accorded to them pursuant to NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).
6. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondent has failed to comply with

the provisions of this Stipulation, Respondent hereby freely and voluntarily waives their rights to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to them by NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

7. This proposed Stipulation and Order shall apply only to **DEISY SERRANO**;

8. Respondent does not contest the allegations in the Accusation, but acknowledges that Board staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the violations alleged therein, *to wit*, that:

A. Respondent Serrano was employed by CVS Pharmacy #9840 at the time of the events alleged herein;

B. Respondent Serrano committed an act of unprofessional conduct when Respondent Serrano reviewed Patient M.C.'s record prior to counseling in a manner that was inadequate to provide the patient with proper counseling. NRS 639.210(4); NRS 639.266; NAC 639.707(1)(k); NAC 639.707(4); and NAC 639.945(1)(i). Because Respondent Serrano failed to adequately review the patient profile, Respondent Serrano also failed to confer with the prescribing practitioner when there was an error or omission that should have been questioned (no needles in prescription). NRS 639.210(4); NAC 639.945(1)(e);

C. Respondent Serrano committed an act of unprofessional conduct when Respondent Serrano failed to communicate matters which would enhance therapy through drugs. NRS 639.210(4); NRS 639.266(1); NAC 639.707(2)(b); NAC 639.707(4); and NAC 639.945(1)(i);

9. These violations are pleaded with particularity in the Accusation and are grounds for action pursuant to NRS 639.210; NRS 639.255; NAC 639.945;

10. In order to resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent stipulate to the following penalties:

A. Respondent shall pay **One Thousand Dollars and Zero Cents (\$1,000.00)** for the alleged violations, payable by *cashier's check or certified check or money order* made payable to "**State of Nevada, Office of the Treasurer,**" to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) of the effective date of this Order;

B. Respondent shall pay **Five Hundred Dollars and Zero Cents (\$500.00)** to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter, payable by *cashier's check or certified check or money order* made payable to "**Nevada State Board of Pharmacy,**" to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) of the effective date of this Order;

C. Respondent shall complete **four (4) additional continuing education credits (CE Credits) on the topic of counseling** and submit them to Board staff for approval and must be completed within six (6) months of the date of this Order, this is in addition to the continuing education requirements pursuant to NAC 639.330;

11. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an Order to Show Cause pursuant to NAC 639.965 directing that Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. The Board may impose additional discipline upon Respondent consistent with the provisions of NRS Chapter 639;

12. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on July 17, 2024. Respondent will appear at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent is not present at the meeting;

13. The Board has discretion to accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board it shall be a public record pursuant to NRS 622.330;

14. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board. The terms and agreement herein may not be used or referred to in a full hearing on the merits of this matter;

15. This matter will be reported to the National Practitioner Data Bank as required by 45 C.F.R. §§ 60.3; 60.5; and 60.9;

16. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release each other from any and all additional claims arising from the facts set forth in the Accusation on file herein; whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and has freely and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

CASE NO. 21-086-CS-N

NOTICE OF INTENDED ACTION
AND ACCUSATION

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Maurice Vargas, D.D.S. (Respondent), because the violations alleged herein, weigh on Respondent's character to hold a certificate of registration issued by the Board pursuant to NRS 453.226, authorizing Respondent to write prescriptions for controlled substances. Since August 31, 2007, Respondent has held certificate of registration no. CS15506, allowing Respondent to prescribe controlled substances issued by the Board pursuant to NRS 453.226.

2. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the dispensing of poisons, drugs, chemicals and medicines. NRS 639.070.

FACTUAL ALLEGATIONS

3. Respondent is a dentist who practices at North Vegas Dental, located at 1631 W. Craig Rd., North Las Vegas, NV 89032.

4. Respondent has been registered by the Board to prescribe controlled substances since August 31, 2007. NRS 453.226. Such a registration authorizes the holder to write prescriptions for controlled substances. NRS 453.226.

5. A requirement of possessing a controlled substance registration with the Board is to maintain and actively use a prescription monitoring program (PMP) account. NRS 453.162.

6. Respondent's PMP account was activated on or about June 29, 2015.

7. Board PMP Compliance Coordinator Dave Jones conducts audits of practitioners to ensure that they are compliant with state law related to the PMP. The audits are conducted to ensure compliance with NRS 453.164(7) and NRS 639.23507.

8. Board PMP Compliance Coordinator Jones conducted an audit of Respondent's PMP account.

9. Board PMP Compliance Coordinator Jones found that Respondent conducted a "MyRx" review of all the prescriptions Respondent had written as required by NRS 453.164(7) on the following dates: June 26, 2023, May 17, 2023, June 13, 2022, February 21, 2022, June 14, 2021, June 18, 2019, June 29, 2017, and June 29, 2015.

10. Respondent was not in compliance for the entire calendar years of 2016, 2018, and 2020.

11. Additionally, Respondent was not in compliance for part of the calendar years of 2017, 2019, and 2021.

12. Board PMP Compliance Coordinator Jones also found that Respondent conducted individual patient queries a grand total of nine (9) times as required by NRS 639.23507, despite writing over 890 prescriptions for 651 unique patients during that period.

13. This means that Respondent failed to conduct individual patient inquiries at least over 640 times during this period.

APPLICABLE LAW

14. Each practitioner who is authorized to write prescriptions for human consumption of controlled substances listed in schedule II, III, IV or V shall access the database of the (PMP) program at least once every 6 months to review the information concerning the practitioner that is listed in the database, including, without limitation, information concerning prescriptions issued by the practitioner, and notify the Board if any such information is not correct, and to verify to the Board that he or she

continues to have access to and has accessed the database as required by this subsection. NRS 453.164(7).

15. A practitioner shall, before issuing an initial prescription for a controlled substance listed in schedule II, III or IV or an opioid that is a controlled substance listed in schedule V and at least once every 90 days thereafter for the duration of the course of treatment using the controlled substance, obtain a patient utilization report regarding the patient from the computerized program established by the Board. NRS 639.23507.

16. The Board may suspend or revoke any registration if the holder or applicant is guilty of unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4).

17. Unprofessional conduct includes, “performing any duties as the holder of a license issued by the Board in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

18. In lieu of a suspension or revocation, the Board may impose a fine of up to \$10,000 for each violation committed. NRS 639.255(1)(f) and (3).

COUNT ONE

Unprofessional Conduct – Failure to Query PMP Every 6 Months

19. Respondent established his PMP account on June 29, 2015. Between these dates, Respondent failed to review his PMP account every six (6) months for the entire calendar years of 2016, 2018, and 2020 to ensure that the information in the account concerning the practitioner, including the legitimacy or validity of the prescriptions Respondent is shown as having written was correct. Respondent also failed to do this for part of the calendar years of 2017, 2019, and 2021. Respondent was and is still required to do so every six (6) months. NRS 453.164(7).

20. Because of these actions, Respondent has engaged in unprofessional conduct. NRS 639.210(4). Respondent engaged in unprofessional conduct because Respondent, as the holder of a certificate of registration issued by the Board, performed his duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

21. Respondent performed his duties as the holder of a certificate of registration issued by the Board in an incompetent, unskillful or negligent manner because Respondent failed to query his PMP account every six (6) months to review the information in the account regarding the practitioner as is required by law. *See* NRS 453.164(7) and NAC 639.945(1)(i). The information regarding the practitioner that Respondent was and still is required to look at includes information concerning the prescriptions written by the practitioner. *See* NRS 453.164(7). A check of the PMP account at least once every six (6) months ensures that a practitioner has not had their credentials stolen or duplicated and that, if they have been stolen or duplicated, the Board is notified of any potentially forged prescriptions by the practitioner in a timely manner. *See* NRS 453.164(7). The required six (6) month check of a practitioner's PMP account guards against forged controlled substance prescriptions and allows practitioners to work with the Board to stop them in real time. *See* NRS 453.164(7).

22. Having engaged in unprofessional conduct as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945.

COUNT TWO

Unprofessional Conduct – Failure to Query Patients Prior to Issuing an Initial Prescription for a Controlled Substance

23. Between the period of time from January 1, 2018, to September 18, 2023, Respondent only queried individual patients given unique prescriptions nine (9) times. During the same period, Respondent wrote over 890 prescriptions for over 650 unique patients. Respondent failed to query the PMP regarding individual patient information when prescribing them controlled substances over 640 times.

24. Because of these actions, Respondent has engaged in unprofessional conduct. NRS 639.210(4). Respondent engaged in unprofessional conduct because Respondent, as the holder of a certificate of registration issued by the Board, performed his duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

25. Respondent performed his duties as the holder of a certificate of registration issued by the Board in an incompetent, unskillful or negligent manner because Respondent failed to conduct patient queries on over 640 patients given initial prescriptions for controlled substances in schedule I-IV, or for an opioid that is a controlled substance and listed in schedule V. *See* NRS 639.23507 and NAC 639.945(1)(i). Respondent failed to query over 640 patients that should have been queried as PMP records reflect that Respondent only queried nine patients since Respondent's PMP account has been active. *See* NRS 639.23507.

26. Having engaged in unprofessional conduct as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

DATED this 25th day of January 2024.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). 24 21. Dr. Vargas is without sufficient knowledge or information to form a belief as to the
25 veracity of the allegations contained in Paragraph 21 of the Board's Notice of Intended Action and
26 Accusation, and therefore denies the same.

27 22. Dr. Vargas is without sufficient knowledge or information to form a belief as to the

1 veracity of the allegations contained in Paragraph 22 of the Board's Notice of Intended Action and
2 Accusation, and therefore denies the same.

3 **COUNT II**

4 **Unprofessional Conduct – Failure to Query Patients Prior to Issuing an Initial Prescription**
5 **for a Controlled Substance**

6 23. Dr. Vargas is without sufficient knowledge or information to form a belief as to the
7 veracity of the allegations contained in Paragraph 23 of the Board's Notice of Intended Action and
8 Accusation, and therefore denies the same.

9 24. Dr. Vargas is without sufficient knowledge or information to form a belief as to the
10 veracity of the allegations contained in Paragraph 24 of the Board's Notice of Intended Action and
11 Accusation, and therefore denies the same.

12 25. Dr. Vargas is without sufficient knowledge or information to form a belief as to the
13 veracity of the allegations contained in Paragraph 25 of the Board's Notice of Intended Action and
14 Accusation, and therefore denies the same.

15 26. Dr. Vargas is without sufficient knowledge or information to form a belief as to the
16 veracity of the allegations contained in Paragraph 26 of the Board's Notice of Intended Action and
17 Accusation, and therefore denies the same.

18 **NOTICE OF DEFENSES**

19 **FIRST AFFIRMATIVE DEFENSE**

20 The Board's Notice of Intended Action and Accusation fails to state claims against Dr.
21 Vargas upon which relief can be granted.

22 **SECOND AFFIRMATIVE DEFENSE**

23 The Board's Notice of Intended Action and Accusation does not give Dr. Vargas the
24 necessary and appropriate notice of claims against him, which is a violation of Dr. Vargas's due
25 process rights.

26 **THIRD AFFIRMATIVE DEFENSE**

27 The violations complained of in the Notice of Intended Action and Accusation, if any, were

1 not the result of willful, malicious or deliberate conduct on the part of Dr. Vargas.

2 **FOURTH AFFIRMATIVE DEFENSE**

3 Dr. Vargas denies each and every allegation of the Board's Notice of Intended Action and
4 Accusation not specifically admitted or otherwise pled to herein.

5 **FIFTH AFFIRMATIVE DEFENSE**

6 All possible Affirmative Defenses may not have been alleged herein insofar as sufficient
7 facts were not available after reasonable inquiry upon the filing of Dr. Vargas's Answer, and
8 therefore, Dr. Vargas reserves the right to amend his Answer to allege additional Affirmative
9 Defenses if subsequent investigation warrants.

10 **SIXTH AFFIRMATIVE DEFENSE**

11 Dr. Vargas hereby incorporates by reference those affirmative defenses enumerated in
12 NRCP 8 and 12, as if fully set forth herein. In the event further investigation or discovery reveals
13 the applicability of any such defenses, Defendant reserves the right to seek leave of Court to amend
14 his Answer to specifically assert any such defense(s). Such defenses are herein incorporated by
15 reference for the specific purpose of not waiving any such defense.

16 **SEVENTH AFFIRMATIVE DEFENSE**

17 The violations alleged in the Board's Notice of Intended Action and Accusation were not
18 committed by Dr. Vargas and the Board has mistakenly attributed the actions or inactions of
19 another individual to Dr. Vargas.

20 **EIGHTH AFFIRMATIVE DEFENSE**

21 It has been necessary for Dr. Vargas to employ the services of an attorney to defend this
22 action and a reasonable sum should be allowed Defendant for attorneys' fees, together with costs
23 of suit incurred herein.

24 **NINTH AFFIRMATIVE DEFENSE**

25 The Board's Notice of Intended Action and Accusation lacks specific details or fails to
26 provide clear allegations, making it difficult, if not impossible, to prepare a defense.

27 ...

1 **TENTH AFFIRMATIVE DEFENSE**

2 The Board's investigation was improper.

3 **ELEVENTH AFFIRMATIVE DEFENSE**

4 The Board's Investigation failed to follow proper procedures.

5 **TWELFTH AFFIRMATIVE DEFENSE**

6 The Board mishandled the evidence of the investigation and/or unlawfully obtained
7 evidence which does not meet the standards for admissibility.

8 **THIRTEENTH AFFIRMATIVE DEFENSE**

9 The Board failed to follow its own administrative procedures or regulations in the handling
10 of the Notice of Intended Action and Accusation.

11 **PRAYER FOR RELIEF**

12 WHEREFORE, Dr. Vargas prays for judgment as follows:

- 13 1. That the Board takes nothing by virtue of its Notice of Intended Action and
14 Accusation, and that all allegations against Dr. Vargas are dismissed with prejudice;
15 2. For reasonable attorney's fees and costs of suit incurred herein;
16 3. For costs and disbursements incurred herein; and
17 4. For such other and further relief as is just and proper.

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY,

Petitioner,

v.

**MAURICE VARGAS, DDS,
Certificate of Registration No. CS15506,**

Respondent.

CASE NO. 21-086-CS-S

STIPULATION AND ORDER

Gregory Zunino, Senior General Counsel for Petitioner the Nevada State Board of Pharmacy (Board), and Respondent Maurice Vargas, D.D.S., Certificate of Registration No. CS15506, by and through counsel Jessica R. Gandy, Esq., **HEREBY STIPULATE AND AGREE THAT:**

1. The Board has jurisdiction over Respondent and this matter.
2. On or about January 26, 2024, Respondent was served with the Notice of Intended Action and Accusation (Accusation) on file in this matter together with the Statement to Respondent and Notice of Hearing.
3. Respondent is fully aware of the right to seek the advice of counsel in this matter and obtained the advice of counsel prior to entering into this Stipulation.
4. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration, the right to appeal and any and all other rights which may be accorded to them pursuant to NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act);
5. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondent has failed to comply with the provisions of this Stipulation, Respondent hereby freely and voluntarily waives their rights to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to them by NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter

622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act);

6. Respondent does not contest the allegations in the Accusation, but acknowledges that Board staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the violations alleged therein, *to wit*, that:

A. Respondent's Prescription Monitoring Program (PMP) account was opened on June 29, 2015;

B. Respondent did not conduct a "MyRx" review of all of the prescriptions Respondent had written for the calendar years of 2016, 2018, and 2020, in violation of NRS 453.164(7); NRS 639.210(4); and NAC 639.945(1)(i);

C. Respondent did not conduct a "MyRx" review of all of the prescriptions Respondent had written for part of the calendar years of 2017, 2019, and 2021, in violation of NRS 453.164(7); NRS 639.210(4); and NAC 639.945(1)(i);

D. Respondent only conducted individual queries nine (9) times between January 1, 2018, and September 18, 2023, in violation of NRS 639.23507; NRS 639.210(4); and NAC 639.945(1)(i);

E. During this period of time, Respondent wrote at least 890 prescriptions for at least 650 unique patients;

7. These violations are pleaded with particularity in the Accusation and are grounds for action pursuant to NRS 639.210; NRS 639.255; NAC 639.945;

8. In order to resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent stipulate to the following penalties:

A. Respondent shall accept this Stipulation and Order as a **public reprimand** for not properly checking the PMP as required by Nevada law;

B. Respondent agrees to **continue to comply with all PMP related laws and regulations**, including but not limited to, NRS 453.164(7) and NRS 639.23507, and to contact the Board of Pharmacy in the future if he has any problems or questions;

C. Respondent shall pay a fine of **Five Thousand Dollars and Zero Cents (\$5,000.00)** for the alleged violations, payable by *cashier's check* or *certified check* or *money order* made payable to "**State of Nevada, Office of the Treasurer,**" to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within ninety (90) of the effective date of this Order;

D. Respondent shall pay **One Thousand Dollars and Zero Cents (\$1,000.00)** to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter, payable by *cashier's check* or *certified check* or *money order* made payable to "**Nevada State Board of Pharmacy,**" to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within ninety (90) of the effective date of this Order;

9. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an Order to Show Cause pursuant to NAC 639.965 directing that Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. The Board may impose additional discipline upon Respondent consistent with the provisions of NRS Chapter 639;

10. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on July 17, 2024. Respondent and/or Counsel for Respondent will appear at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent is not present at the meeting;

11. The Board has discretion to accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330;

12. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board. The terms and agreement herein may not be used or referred to in a full hearing on the merits of this matter;

13. This matter will be reported to the National Practitioner Data Bank as required by 45 C.F.R. §§ 60.3; 60.5; and 60.9;

14. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release each other from any and all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and has freely and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

Kylie Sondermann
Aesthetics MedSpa
6295 Sharlands Ave., Suite 1
Reno, Nevada 89523

**CEASE-AND-DESIST and CITATION-AND-FINE ORDER:
Case No. 23-167-A-N, Unlicensed Practice of Pharmacy**

Dear Ms. Sondermann:

The Nevada State Board of Pharmacy (Board) has determined that while employed by Aesthetics MedSpa between January 1, 2023, and July 3, 2023, you regularly possessed, stored, administered, and/or dispensed dangerous drugs even though you did not hold a pharmacy license, a certificate of registration authorizing you to engage in the practice of pharmacy, or a license or registration authorizing you to possess, store, administer, and/or dispense dangerous drugs as a "practitioner" engaged in the practice of pharmacy.

"Practitioner" is defined by NRS 639.0125 and NRS 454.00958 to include a physician, an advanced practice registered nurse, and a physician assistant. As a registered nurse, you are not a health care provider who is authorized to possess, store, or administer dangerous drugs without supervision and direction by such a practitioner. *See* NRS 454.213.

Further, pursuant to NRS 639.285 and NRS 639.100(1), it is unlawful for any person to possess, store, administer and/or dispense dangerous drugs without having secured the appropriate license and/or certificate of registration from the Board. Additionally, it is unlawful to furnish dangerous drugs to anyone except upon the order of a practitioner. NRS 454.221(1).

The term "furnish" means to supply by any means, by sale or otherwise. NRS 454.006. The term "dangerous drug" includes any drug that has been approved by the Food and Drug Administration for use only with a prescription. *See* NRS 454.201. Prior to any sale at retail, a dangerous drug may only be possessed and/or stored by a registered pharmacist or a licensed practitioner. *See* NRS 454.213.

The relevant facts are as follows:

- On or about May 8, 2023, the Board received a complaint from the Nevada State Board of Cosmetology. The complaint alleged that Aesthetics MedSpa, located at 6295 Sharlands Ave., Suite C1, in Reno, Nevada, is not properly licensed to possess, store, administer, and/or dispense botulinum toxin type A and injectable

dermal fillers. These include dangerous drugs marketed under the brand names Versa, Botox, Voluma, Volbella, Kybella, Juvéderm, and Vollure. All are "dangerous drugs" as defined by NRS 454.201.

- Between May 15, 2023, and July 3, 2023, Board Investigator Monica Segedy interviewed multiple witnesses and gathered documentary evidence confirming that you were and continue to be employed by Aesthetics MedSpa as a registered nurse.
- The Board's investigation further confirmed that in the course of your employment with Aesthetics MedSpa, you regularly possessed, stored, administered, and/or dispensed dangerous drugs without supervision and direction by a practitioner, and that you routinely injected botulinum toxin type A and injectable dermal fillers without an order issued by a practitioner.

Accordingly, based upon the above evidentiary summary, the Board hereby orders you to immediately **CEASE and DESIST** from possessing, storing, administering, and/or dispensing dangerous drugs while not working under the supervision and at the direction of a Nevada-licensed physician, advanced practice registered nurse, or physician assistant. Should you fail to comply with this cease-and-desist order, the Board will take such additional legal action as it deems appropriate.

Additionally, pursuant to NRS 639.2895(3), the Board has assessed an **administrative fine** against you in the amount of **Five Thousand and 00/100 Dollars (\$5,000.00)**. This fine has been assessed against you because you engaged in the unlicensed practice of pharmacy while employed by Aesthetics MedSpa. See NRS 639.100. "Practice of pharmacy" includes, but is not limited to, the . . . [p]erformance or supervision of activities associated with manufacturing, compounding, labeling, dispensing and distributing of a drug, including the receipt, handling and storage of prescriptions and other confidential information relating to patients." NRS 639.0124(1)(a). The term "dispense" includes the prescribing by a practitioner, *administering*, packaging, labeling, or compounding necessary to prepare a substance for delivery to a patient. NRS 639.0065; NRS 453.056.

If you do not intend to contest the above fine, please pay the fine within 30 days of receipt of this citation, or otherwise contact Board staff to request an alternative payment plan. Payment must be by *cashier's check*, *certified check* or *money order* made payable to "State of Nevada, Office of the Treasurer," to be received at the Board's Reno office, located at 985 Damonte Ranch Parkway – Suite 206, Reno, NV 89521.

You may contest this citation by submitting to the Board, at the Reno address listed above, a written request for a public hearing. You must submit any such request not later than 30 days after receipt of this notice. See NRS 639.2895(2). Additionally, please be aware that issuance of the foregoing letter does not preclude the filing of an administrative disciplinary complaint, a civil suit, or criminal charges, if deemed appropriate based upon evidence not

currently available to the Board's investigative staff. If you have any questions, please contact me by telephone at 775-850-1440, ext. 124, or *via* email at zunino@pharmacy.nv.gov.

RE: Notice of Nevada CITATION-and-FINE: Case No. 23-342-PR-N

Greetings, Ronald Burnett:

The Nevada State Board of Pharmacy ("Board") has determined that in October of 2020 and October of 2022, you applied for renewal of your Nevada Controlled Substance Registration, CS26690 but failed to disclosure administrative disciplinary actions taken against you by the Nevada and California State Boards of Nursing. Specifically, you failed to disclosure a July 11, 2019, Agreement for Reprimand and Continuing Education filed with the Nevada State Board of Nursing in Case No. 2019-1192, as well as a Voluntary Surrender of your California RN license #548836, in Case No. 2020-293.

The above referenced non-disclosures on your 2020 and 2022 controlled substance renewal applications were discovered when you did make the disclosures on your Advanced Practice Registered Nurse application to the Board for a certificate of registration to prescribe controlled substance in August of 2023.

Pursuant to Nevada Revised Statutes ("NRS") 639.210(4), it is unlawful to engage in unprofessional conduct or conduct contrary to the public interest. Performing of in any way being a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest in violation of NRS 639.210(4) as further defined by Nevada Administrative Code ("NAC") 639.945(1)(h). Pursuant to NRS 639.210(10), it is unlawful to obtain any certificate, certification, license, or permit by the filing of an application, or any record, affidavit or other information in support thereof, which is false or fraudulent.

Pursuant to NRS 639.241, the Board staff may file a formal accusation against a Pharmacy for violations of NRS Chapter 639 and/or NAC Chapter 639. If found guilty by the Board at a hearing on the violations alleged in a formal accusation, the Board may impose a fine of up to \$10,000.00 for each violation.

As an alternative to the filing of a formal accusation, this letter shall serve as a **CITATION** pursuant to NRS 639.2895(2). Based on the above evidentiary summary, the Board has assessed an **administrative fine** against you in the amount of **One Thousand Dollars (\$1,000.00)**.

If you do not intend to contest the above fine, please pay the fine within 30 days of receipt of this citation, or otherwise contact Board staff to request an extension for good cause shown. Payment must be made by *certified check, cashier's check, or money order* payable to

“State of Nevada, Office of the Treasurer,” and it must be received at the Board’s Reno office, located at 985 Damonte Ranch Parkway – Suite 206, Reno, NV 89521.

You may appeal this citation by submitting a notice of appeal requesting a public hearing before the Board. You must submit any such notice of appeal not later than 30 days after receipt of this citation. NRS 639.2895(2). Please mail or personally deliver any notice of appeal to the Reno address listed on the letterhead.

Pursuant to the Nevada Public Records Act, this citation constitutes a public record that must be released to anyone who makes a proper request for it. However, unless this citation is affirmed by the Board on appeal, this matter will not be reported to the National Practitioner Data Bank. If you have any questions, please contact Gus Vanderdonck, the Board’s Assistant General Counsel, at 775-850-1440, ext. 132, or *via* email at gvanderdonck@pharmacy.nv.gov.

Sincerely,

Nevada State Board of Pharmacy

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY,

Petitioner,

v.

**NAZANIN KAZEMINY, RPH,
Certificate of Registration No. 20034,**

Respondent.

Case No. 23-140-RPH-N

**FIRST AMENDED NOTICE OF
INTENDED ACTION
AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a first amended notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent Nazanin Kazeminy ("Respondent"), because Respondent holds a certificate of registration issued by the Board that authorizes her to engage in the practice of pharmacy. Respondent holds certificate of registration no. 20034, which was issued by the Board pursuant to NRS 639.127.

2. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the dispensing of poisons, drugs, chemicals and medicines and the regulation of the practice of pharmacy. NRS 639.070.

FACTUAL ALLEGATIONS

3. Respondent is a pharmacist registered by the Board to engage in the practice of pharmacy. Respondent has practiced as a Nevada-registered pharmacist since October 2018. Respondent's certificate of registration is currently in full force and effect.

4. Between October 2019 and November 2021, Respondent was employed at CVS #9586, a pharmacy located at 55 Damonte Ranch Parkway in Reno, Nevada. During that time, Respondent met James Biggs ("Biggs"), with whom she became romantically involved.

5. In late 2020 or early 2021, Respondent told Biggs that she and/or her pharmacist friends were creating false COVID-19 vaccination cards for friends and/or close family members. Respondent offered to create a false vaccination card for Biggs, and Biggs accepted the offer.

6. Sometime prior to April 2021, Respondent provided Biggs with a false vaccination card. Respondent advised Biggs that her friend Arnold had created the card at her request. The card falsely stated that Biggs had been vaccinated at Vons Pharmacy #1795 on March 16, 2021. Further, the card falsely stated that Biggs had been vaccinated with the Janssen COVID-19 vaccine. Vons Pharmacy #1795, located in Henderson, Nevada, has no record of a vaccination administered to Biggs.

7. In April 2021, Respondent provided Biggs with a second false vaccination card indicating that Biggs had been vaccinated at CVS # 9586 on April 24, 2021. The second vaccination card falsely stated that Biggs had received the first dose of the Moderna COVID-19 vaccine. Respondent told Biggs to destroy or discard the first vaccination card, explaining that Biggs should have only one vaccination card in his possession. Biggs retained a photograph of the first vaccination card even though Respondent told him to discard it.

8. Respondent, or someone acting at Respondent's direction, created a false record of the vaccination allegedly administered to Biggs at CVS # 9586 on April 24, 2021. That record was reported to and appears in the Immunization Information System established by the Department of Health and Human Services pursuant to NRS 439.265 and implementing regulations. That system is known as "Nevada WebIZ."

9. In May 2021, Respondent, or someone acting at Respondent's direction, made a second entry on Biggs' false vaccination card. The second entry falsely indicated that Biggs had been vaccinated at CVS # 9586 on May 26, 2021. The entry falsely stated that Biggs had received the second dose of the Moderna COVID-19 vaccine.

10. Respondent, or someone acting at Respondents' direction, created a false record of the second Moderna vaccination allegedly administered to Biggs at CVS # 9586 on May 26, 2021. That record was reported to and appears in Nevada WebIZ.

11. In September 2021, Respondent left the employ of CVS and moved to Yerington, Nevada, where she resided with Biggs. While in Yerington, Respondent worked briefly for Raley's Pharmacy. In October 2021, Respondent returned to Reno and began working for Safeway Pharmacy #0188, located at 1031 Steamboat Parkway in Reno, Nevada.

12. In March 2022, Respondent, or someone acting at Respondent's direction, made a third entry on Biggs' false vaccination card. The third entry falsely stated that Biggs had been vaccinated at Safeway # 0188 on March 12, 2022. The entry falsely stated that Biggs had received a booster dose of the Moderna COVID-19 vaccine.

13. Respondent, or someone acting at Respondent's direction, created a false record of the Moderna booster vaccination allegedly administered to Biggs at Safeway #0188 on March 12, 2022. That record was reported to and appears in Nevada WebIZ.

14. In 2021, as noted above, Respondent worked for CVS. In 2022, Respondent worked for Safeway as a "floating" pharmacist. This means that she worked at different Safeway Pharmacy locations as needed. These locations included Safeway Pharmacy #0188, located at 1031 Steamboat Parkway in Reno, Nevada, and Safeway Pharmacy #1210, located at 5150 Mae Anne Avenue in Reno, Nevada.

15. In June 2021, while still employed by CVS, Respondent, or someone acting at Respondent's direction, created a false record of an immunization allegedly administered to Chang Suh ("Suh") on June 24, 2021, at CVS # 9586, located at 55 Damonte Ranch Parkway in Reno, Nevada. The record falsely indicates that Suh received the first dose of the Moderna COVID-19 vaccine. That record was reported to and appears in Nevada WebIZ.

16. In August 2021, while still employed by CVS, Respondent, or someone acting at Respondent's direction, created a false record of an immunization allegedly administered to Suh on

August 18, 2021, at CVS # 9841, located at 1695 Robb Drive in Reno, Nevada. The record falsely indicates that Suh received the second dose of the Moderna COVID-19 vaccine. That record was reported to and appears in Nevada WebIZ.

17. In February 2022, while employed by Safeway, Respondent, or someone acting at Respondent's direction, created a false record of an immunization allegedly administered to Suh on February 27, 2022, at Safeway Pharmacy # 0188, located at 1031 Steamboat Parkway in Reno, Nevada. The record falsely indicates that Suh received the Pfizer COVID-19 vaccine. That record was reported to and appears in Nevada WebIZ.

18. In August 2022, while employed by Safeway, Respondent, or someone acting at Respondent's direction, created a false record of an immunization allegedly administered to Suh on August 6, 2022, at Safeway Pharmacy # 1210, located at 5150 Mae Anne Avenue in Reno, Nevada. The record falsely indicates that Suh received a booster dose of the Moderna COVID-19 vaccine. That record was reported to and appears in Nevada WebIZ.

19. On information and belief, Respondent, or someone acting at Respondent's direction, provided Suh with a false vaccination card for use by Suh. On information and belief, said card reflects the fictitious vaccination information described in paragraphs 15 through 18 above.

20. In April and May of 2021, Respondent worked at CVS # 9586, located at 55 Damonte Ranch Parkway in Reno, Nevada. During that time, Respondent maintained a close friendship with Jessica Porreca-Moser ("Porreca-Moser"), a pharmacist colleague who was then working at CVS #9841, located at 1695 Robb Drive in Reno, Nevada.

21. In April 2021, Respondent, or someone acting at Respondent's direction, created a false record of an immunization allegedly administered to Porreca-Moser on April 22, 2021, at CVS # 9586, located at 55 Damonte Ranch Parkway in Reno, Nevada. The record falsely indicates that Porreca-Moser received the first dose of the Moderna COVID-19 vaccine. That record was reported to and appears in Nevada WebIZ.

22. In May 2021, while employed by CVS, Respondent, or someone acting at Respondent's direction, created a false record of an immunization allegedly administered to Porreca-Moser on May 21, 2021, at CVS # 9586, located at 55 Damonte Ranch Parkway in Reno, Nevada. The record falsely indicates that Porreca-Moser received the second dose of the Moderna COVID-19 vaccine. That record was reported to and appears in Nevada WebIZ.

23. On information and belief, Respondent, or someone acting at Respondent's direction, provided Porreca-Moser with a false vaccination card for use by Porreca-Moser. On information and belief, said card reflects the fictitious vaccination information described in paragraphs 21 and 22 above.

APPLICABLE LAW

24. The Board may revoke or suspend the registration of any pharmacist who is guilty of unprofessional conduct or conduct contrary to the public interest. *See* NRS 639.210(4); NRS 639.255; NAC 639.945; NAC 639.955.

25. A pharmacist's conduct is deemed unprofessional and contrary to the public interest if the pharmacist is a party to any fraudulent or deceitful practice or transaction. NAC 639.945(1)(h).

26. A pharmacist's conduct is deemed unprofessional and contrary to the public interest if the pharmacist performs "any of his or her duties as the holder of a license, certificate or registration issued by the Board ... in an incompetent, unskillful or negligent manner." NAC 639.945(1)(i).

27. A pharmacist who administers immunizations has a duty to make a truthful record of any vaccine administered to a patient. NRS 454.213(1)(r); NRS 639.2592; NAC 639.2977; NAC 439.893.

28. A pharmacist who administers immunizations has a duty to comply with applicable federal law. NRS 639.210(11). It is a violation of federal law for a pharmacist to make any false statement related to a health care benefit program. 18 U.S.C. § 1035. A "health care benefit program" is "any public or private plan or contract, affecting commerce, under which any medical benefit, item, or service is provided to any individual, and includes any individual or entity who is

providing a medical benefit, item, or service for which payment may be made under the plan or contract.” 18 U.S.C. § 24(b).

COUNT ONE

Unprofessional Conduct by a Pharmacist (Respondent + James Biggs)

29. As alleged in paragraphs 5 through 13 above, Respondent falsified pharmacy records and/or public health records in a series of transactions intended to falsely represent the vaccination status of James Biggs. Respondent intended for said representations to be used by Biggs as a means of avoiding lawful restrictions on Biggs’ personal mobility, potentially jeopardizing public health during the COVID-19 pandemic. By engaging in said conduct, Respondent participated in “deceitful transactions” within the meaning of NAC 639.945(1)(h).

30. As alleged in paragraphs 5 through 13 above, Respondent made or caused to be made a false or inaccurate record of vaccines administered to Biggs. By engaging in said conduct, Respondent performed her duties in an “incompetent manner” within the meaning of NAC 639.945(1)(i).

31. As alleged in paragraphs 5 through 13 above, Respondent made false statements related to a health care benefit program, thus violating 18 U.S.C. § 1035.

32. By having committed any one or more of the acts or violations described above, Respondent is subject to discipline for unprofessional conduct. NRS 639.210; NRS 639.255; NAC 639.945(1)(h) and (i); NAC 639.955.

COUNT TWO

Unprofessional Conduct by a Pharmacist (Respondent + Chang Suh)

33. As alleged in paragraphs 15 through 19 above, Respondent falsified pharmacy records and/or public health records in a series of transactions intended to falsely represent the vaccination status of Chang Suh. Respondent intended for said representations to be used by Suh as a means of avoiding lawful restrictions on Suh’s personal mobility, potentially jeopardizing public health during the COVID-19 pandemic. By engaging in said conduct, Respondent participated in “deceitful transactions” within the meaning of NAC 639.945(1)(h).

34. As alleged in paragraphs 15 through 19 above, Respondent made or caused to be made a false or inaccurate record of vaccines administered to Chang Suh. By engaging in said conduct, Respondent performed her duties in an "incompetent manner" within the meaning of NAC 639.945(1)(i).

35. As alleged in paragraphs 15 through 19 above, Respondent made false statements related to a health care benefit program, thus violating 18 U.S.C. § 1035.

36. By having committed any one or more of the acts or violations described above, Respondent is subject to discipline for unprofessional conduct. NRS 639.210; NRS 639.255; NAC 639.945(1)(h) and (i); NAC 639.955.

COUNT THREE

Unprofessional Conduct by a Pharmacist (Respondent + Jessica Porreca-Moser)

37. As alleged in paragraphs 21 through 23 above, Respondent falsified pharmacy records and/or public health records in one or more transactions intended to falsely represent the vaccination status of Jessica Porreca-Moser. Respondent intended for said representations to be used by Porreca-Moser as a means of avoiding lawful restrictions on Porreca-Moser's personal mobility, potentially jeopardizing public health during the COVID-19 pandemic. By engaging in said conduct, Respondent participated in "deceitful transactions" within the meaning of NAC 639.945(1)(h).

38. As alleged in paragraphs 21 through 23 above, Respondent made or caused to be made a false or inaccurate record of vaccines administered to Jessica Porreca-Moser. By engaging in said conduct, Respondent performed her duties in an "incompetent manner" within the meaning of NAC 639.945(1)(i).

39. As alleged in paragraphs 21 through 23 above, Respondent made false statements related to a health care benefit program, thus violating 18 U.S.C. § 1035.

40. By having committed any one or more of the acts or violations described above, Respondent is subject to discipline for unprofessional conduct. NRS 639.210; NRS 639.255; NAC 639.945(1)(h) and (i); NAC 639.955.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of Respondent Nazanin Kazeminy.

DATED this 22nd day of FEBRUARY 2024.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). **FINDINGS OF FACT, CONCLUSIONS
OF LAW AND ORDER**

Respondent.

This matter came before the Nevada State Board of Pharmacy ("Board") at its regularly scheduled meeting on Wednesday April 17, 2024, and Thursday April 18, 2024. Gregory Zunino, Senior General Counsel, prosecuted the case before the Board. Lyn Beggs, Esq., appeared on behalf of Respondent Nazanin Kazeminy ("Respondent"). The Board received Exhibits 1 through 8 into evidence and heard testimony from eight witnesses. By a vote of three to one, based upon a preponderance of the evidence presented, the Board found Respondent guilty of the charge set forth in Count One of the First Amended Notice of Intended Action and Accusation on file herein ("Accusation"). The Board found Respondent not guilty of the charges set forth in Count Two and Count Three of the Accusation. As to Count One of the Accusation, the Board issues the following Findings of Fact, Conclusions of Law, and Order.

FINDINGS OF FACT

1. Respondent is a pharmacist registered by the Board to engage in the practice of pharmacy. Respondent has practiced as a Nevada-registered pharmacist since October 2018. Respondent's certificate of registration is currently in full force and effect.

2. Between October 2019 and November 2021, Respondent was employed at CVS #9586, a pharmacy located at 55 Damonte Ranch Parkway in Reno, Nevada. During that time, Respondent met James Biggs ("Biggs"), with whom she became romantically involved.

3. In late 2020 or early 2021, Respondent told Biggs that she and/or her pharmacist friends were creating false COVID-19 vaccination cards for friends and/or close family members. Respondent offered to create a false vaccination card for Biggs, and Biggs accepted the offer.

4. Sometime prior to April 2021, Respondent provided Biggs with a false vaccination card. Respondent advised Biggs that her friend Arnold had created the card at her request. The card falsely stated that Biggs had been vaccinated at Vons Pharmacy #1795 on March 16, 2021. Further, the card falsely stated that Biggs had been vaccinated with the Janssen COVID-19 vaccine. Vons Pharmacy #1795, located in Henderson, Nevada, has no record of a vaccination administered to Biggs.

5. In April 2021, Respondent provided Biggs with a second false vaccination card indicating that Biggs had been vaccinated at CVS # 9586 on April 24, 2021. The second vaccination card falsely stated that Biggs had received the first dose of the Moderna COVID-19 vaccine. Respondent told Biggs to destroy or discard the first vaccination card, explaining that Biggs should have only one vaccination card in his possession. Biggs retained a photograph of the first vaccination card even though Respondent told him to discard it.

6. Respondent, or someone acting at Respondent's direction, created a false record of the vaccination allegedly administered to Biggs at CVS # 9586 on April 24, 2021. The record was reported to and appears in the Immunization Information System established by the Department of Health and Human Services pursuant to NRS 439.265 and implementing regulations. This system is known as "Nevada WebIZ."

7. In May 2021, Respondent, or someone acting at Respondent's direction, made a second entry on Biggs' false vaccination card. The second entry falsely indicated that Biggs had been vaccinated at CVS # 9586 on May 26, 2021. The entry falsely stated that Biggs had received the second dose of the Moderna COVID-19 vaccine.

8. Respondent, or someone acting at Respondent's direction, created a false record of the second Moderna vaccination allegedly administered to Biggs at CVS # 9586 on May 26, 2021. This record was reported to and appears in Nevada WebIZ.

9. In September 2021, Respondent left the employ of CVS and moved to Yerington, Nevada, where she resided with Biggs. While in Yerington, Respondent worked briefly for Raley's Pharmacy. In October 2021, Respondent returned to Reno and began working for Safeway Pharmacy #0188, located at 1031 Steamboat Parkway in Reno, Nevada.

10. In March 2022, Respondent, or someone acting at Respondent's direction, made a third entry on Biggs' false vaccination card. The third entry falsely stated that that Biggs had been vaccinated at Safeway # 0188 on March 12, 2022. The entry falsely stated that Biggs had received a booster dose of the Moderna COVID-19 vaccine.

11. Respondent, or someone acting at Respondent's direction, created a false record of the Moderna booster vaccination allegedly administered to Biggs at Safeway #0188 on March 12, 2022. This record was reported to and appears in Nevada WebIZ.

12. In 2021, as noted above, Respondent worked for CVS. In 2022, Respondent worked for Safeway as a "floating" pharmacist. This means that she worked at different Safeway Pharmacy locations, as needed. These locations included Safeway Pharmacy #0188, located at 1031 Steamboat Parkway in Reno, Nevada, and Safeway Pharmacy #1210, located at 5150 Mae Anne Avenue #300 in Reno, Nevada.

CONCLUSIONS OF LAW

13. As stated above, Respondent falsified pharmacy records and/or public health records in a series of transactions intended to falsely represent the vaccination status of James Biggs. Respondent intended for said representations to be used by Biggs as a means of avoiding lawful restrictions on Biggs' personal mobility, potentially jeopardizing public health during the COVID-19 pandemic. By engaging in said conduct, Respondent participated in "deceitful transactions" within the meaning of NAC 639.945(1)(h).

14. As stated above, Respondent made or caused to be made a false or inaccurate record of vaccines administered to Biggs. By engaging in said conduct, Respondent performed her duties in an "incompetent manner" within the meaning of NAC 639.945(1)(i).

15. As stated above, Respondent made false statements related to a health care benefit program, thus violating 18 U.S.C. § 1035.

16. By having committed any one or more of the acts or violations described above, Respondent is subject to discipline for unprofessional conduct. NRS 639.210; NRS 639.255; NAC 639.945(1)(h) and (i); NAC 639.955.

ORDER

17. Based upon the foregoing, and good cause appearing therefore, the Board hereby revokes Respondent's Certificate of Registration No. 20034 authorizing her to engage in the practice of pharmacy. Respondent shall be ineligible to petition the Board for reinstatement to the practice of pharmacy for a period of two (2) years from the effective date of this order.

18. Based upon the foregoing, and good cause appearing therefore, Respondent shall pay a fine of **Ten Thousand and No/100 Dollars (\$10,000.00)**, payable by cashier's check, certified check or money order written to the **"State of Nevada, Office of the Treasurer."**

19. Based upon the foregoing, and good cause appearing therefore, Respondent shall reimburse the Board for its costs of investigation and attorney's fees in the amount of **Eight Thousand Four Hundred and Six and 29/100ths Dollars (\$8,406.29)**. Based upon the Memorandum of Costs and Fees on file herein, the Board finds that such costs and fees were reasonable, necessary, and actually incurred. Respondent shall pay this sum by cashier's check, certified check or money order written to the **"Nevada State Board of Pharmacy."**

20. This order is effective immediately.

IT IS SO ORDERED.

Petitioner,

v.

**NAZANIN KAZEMINY, RPH,
Certificate of Registration No. 20034,**

Respondent.

Case No. 23-140-RPH-N

STIPULATION AND ORDER

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy (the "Board"), by and through counsel, Gregory L. Zunino, Esq., and Respondent Nazanin Kazeminy ("Respondent"), by and through counsel, Aaron Bart Fricke, Esq., hereby stipulate and agree as follows:

1. The Board has jurisdiction and authority over Respondent and this matter.
2. On April 18, 2024, after a contested hearing, the Board issued findings of fact, conclusions of law, and an order (the "Order") by which the Board adjudicated Respondent guilty of the violations stated in Count One of the Notice of Intended Action and Accusation (the "Accusation") on file herein.
3. Having found Respondent guilty of the violations stated in Count One of the Accusation, the Board revoked Respondent's certificate of registration number 20034, with an allowance to petition for reinstatement to the practice of pharmacy after two (2) years from the effective date of the Order. The Board further ordered Respondent to pay a fine of Ten Thousand and 00/100 Dollars (\$10,000.00), and to reimburse the Board for the Board's costs of investigation and prosecution in the amount of Eight Thousand Four Hundred Six and 29/100 Dollars (\$8,406.29).
4. On May 21, 2024, Respondent filed a petition for judicial review of the Order. Respondent's petition for judicial review is currently pending in the First Judicial District Court (the "District Court") under the caption, *Nazanin Kazeminy v. Nevada State Board of Pharmacy*, Dept. No. 1, Case No. 24OC00911B.

5. On May 30, 2024, pursuant to a stipulation between the parties, the District Court stayed the enforcement of the Order pending the District Court's ruling on Respondent's petition for judicial review ("Stay"). The District Court's Stay is subject to the proviso that Respondent shall refrain from administering COVID-19 vaccinations while the stay is in effect.

6. The parties wish to settle the issues raised in Respondent's petition for judicial review while avoiding the considerable time and expense of protracted litigation. To facilitate settlement, Respondent admits to having committed the offense of unprofessional conduct as stated in Count One of the Accusation. Respondent further agrees that at the Board's meeting on July 17, 2024, she will truthfully answer any questions that the Board may pose to her concerning the underlying facts of the offense as stated in Count One of the Accusation. The parties agree that the Board may question Respondent in a closed hearing to consider Respondent's character, misconduct, or competence as authorized by NRS 241.030.

7. If this Stipulation is approved by the Board, the parties shall within fifteen (15) days after such approval file a joint stipulation to dismiss Respondent's petition for judicial review now pending in the District Court. Upon dismissal of the petition for judicial review, this Stipulation as so approved by the Board will supersede and replace the Order and the discipline imposed thereby.

8. Now, therefore, to resolve this matter without incurring any further costs or the expenses associated with the litigation now pending in the District Court, the Board and Respondent agree to the imposition of the following penalties:

- A. Respondent's certificate of registration no. 20034 shall be **REVOKED**; however, the imposition of the revocation shall be stayed, and Respondent shall be placed on probation for a period of five (5) years from and after the effective date of this Stipulation. Upon successful completion of the terms and conditions of probation as forth herein, Respondent's certificate of registration shall be automatically reinstated without conditions or restrictions.
- B. As a condition of probation, Respondent shall pay an administrative fine of **Five Thousand and No/100 Dollars (\$5,000.00)**, payable by *cashier's check, certified check, or money*

order written to the “**State of Nevada, Office of the Treasurer.**” Respondent shall remit payment in full to the Board’s Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, on or before December 31, 2024.

- C. As a condition of probation, Respondent shall pay the sum of **Eight Thousand Four Hundred Six and 29/100 Dollars (\$8,406.29)** to reimburse the Board for recoverable attorney’s fees and costs incurred in investigating and prosecuting this matter. This sum shall be payable by *cashier’s check, certified check, or money order* written to the “**Nevada State Board of Pharmacy.**” Respondent shall remit payment in full to the Board’s Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, on or before December 31, 2024.
- D. As a condition of probation, Respondent’s authority to engage in the practice of pharmacy shall be suspended for a period of six (6) months from June 30, 2024. During this period of time, Respondent shall not perform any of the tasks or activities described in NRS 639.0124. Effective January 1, 2024, Respondent may practice pharmacy in a manner consistent with the provisions of Nevada law and the terms and conditions of her probation.
- E. As a condition of probation, Respondent shall, at her own expense, complete a 22-hour “Ethics and Professionalism” bootcamp course (applicable for all medical and pharmacy professionals – see, e.g.: <https://pbieducation.com/courses/me-22/>). Respondent may complete the course within one hundred twenty (120) days after enrollment in the course, provided that Respondent shall enroll in the first course that becomes available after the effective date of this Stipulation. Respondent shall report all applicable enrollment and course completion information to Board by sending email to teambc@pharmacy.nv.gov.
- F. As a condition of probation, and during the full 5-year term of her probation, Respondent shall refrain from engaging in any conduct for which disciplinary action may be imposed pursuant to the provisions of NRS 639.210 and the regulations promulgated thereunder.

9. If approved by the Board, and subject to the provisions of paragraph 7 regarding dismissal of Respondent's petition for judicial review, this Stipulation will replace and supersede the Order and will constitute a full and final resolution of the Accusation in Case No. 23-140-RPH-N.

10. Respondent understands and acknowledges that her failure to comply with the terms of probation as stated herein may result in issuance by the Executive Secretary of an order to show cause, pursuant to NAC 639.965, directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation by Respondent, the Board may impose additional discipline not inconsistent with the provisions of NRS Chapter 639.

11. The Board's Senior General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on July 17, 2024, in Reno, Nevada. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent fails to appear for the meeting.

12. The Board may accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r-2 and 45 CFR Part 60.

13. If the Board rejects any part or all this Stipulation, and unless the parties reach an alternative agreement on the record during the hearing, the parties agree that the Order shall continue in full force and effect subject only to the Stay and the District Court's preliminary orders and/or final ruling in *Nazanin Kazeminy v. Nevada State Board of Pharmacy*, Dept. No. 1, Case No. 24OC00911B. Except as specifically provided herein, the terms and admissions of this Stipulation may not be used, relied upon, or referred to by any party during any administrative or judicial proceedings.

14. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release each other from any or all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have been asserted by the Board on or before the effective date of this Order.

DECISION AND ORDER

As to Nazanin Kazeminy, the Nevada State Board of Pharmacy hereby adopts the foregoing Stipulation as its final decision in Case No. 23-140-RPH-N. This Decision and Order supersedes and replaces the Board's Decision and Order dated April 18, 2024, according to the terms of the foregoing Stipulation. For purposes of enforcement, the terms of the foregoing Stipulation shall be made effective upon the District Court's entry of an order dismissing Respondent's petition for judicial review in the case of *Nazanin Kazeminy v. Nevada State Board of Pharmacy*, Dept. No. 1, Case No. 24OC00911B. For purposes of preparation, implementation, and administration, including the computation of probation and other time periods, the terms of the foregoing Stipulation shall be made effective upon the date of entry set forth below.

**BRENDA VAKNIN, RPH,
Certificate of Registration No. 19231,**

Respondents.

**CASE NOS. 19-134-PH-S
19-134-RPH-S**

**NOTICE OF INTENDED ACTION
AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Brenda Vaknin, RPh (Vaknin), Certificate of Registration No. 19231, was a pharmacist registered with the Board, and Respondent CVS Pharmacy #8794, Pharmacy License No. PH01405, was a pharmacy licensed by the Board.

FACTUAL ALLEGATIONS

2. Vaknin was employed as managing pharmacist by CVS Pharmacy #8794 at the time of the events alleged herein.

3. On or about July 17, 2019, APRN C.C. submitted an electronic prescription to CVS Pharmacy #8794 for patient J.L. for escitapram oxalate 5mg oral tablet quantity of sixty

(60) with directions to take 2 tablets by mouth daily with 6 refills. Vaknin performed data entry and the CVS computer system designated this prescription no. 1321503.

4. In the course of filling, performing final product review and dispensing prescription no. 1321503, Vaknin erroneously dispensed estradiol 0.5mg and failed to counsel the patient.

5. J.L. ingested the medication from August 6, 2019 through August 15, 2019, and experienced negative medical outcomes including dizziness, light headedness, shortness of breath, and increased anxiety.

6. Records of prescriptions dispensed by CVS Pharmacy #8794 from July 21, 2019, through July 27, 2019, reveal that two hundred and fifty-six (256) dispensed prescriptions lacked any documentation of medication counseling to the patient.

COUNT ONE

Error in Dispensing Prescription/Unprofessional Conduct (Respondent Vaknin)

7. Unprofessional conduct includes the failure by a registrant to follow strictly the instructions of a practitioner when filling, labeling, and dispensing a prescription. NAC 639.945(1)(d). Unprofessional conduct also includes a licensee performing his or her duties in an "incompetent, unskillful, or negligent manner." NAC 639.945(1)(i).

8. Vaknin engaged in unprofessional conduct as defined in NAC 639.945(1)(d) and (i) when she erroneously dispensed estradiol 0.5mg for prescription no. 1321503, resulting in patient harm, and is therefore subject to discipline pursuant to NRS 639.210(4).

COUNT TWO

Failure to Provide Medication Counseling to Patient (Respondent Vaknin)

9. A pharmacist shall provide medication counseling to a patient when dispensing a prescription and a pharmacy shall maintain documentation of medication counseling in conformance with NRS 639.266, NAC 639.707 and NAC 639.708.

10. Vaknin violated NRS 639.266 and NAC 639.707 when she failed to provide medication counseling to J.L. for prescription no. 1321503 and is subject to discipline pursuant to NRS 639.210(12).

COUNT THREE

Managing Pharmacist Responsibility (Respondent Vaknin)

11. A managing pharmacist is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy, including recordkeeping. NRS 639.210(12) and (15), NRS 639.220(1) and/or NAC 639.702.

12. As the managing pharmacist of CVS Pharmacy #8794 at the time of the violations alleged herein, including the failure to provide medication counseling to patients and maintain documentation of medication counseling in violation of NRS 639.266, NAC 639.707 and NAC 639.708, Vaknin is responsible for those violations and subject to discipline pursuant to NRS 639.210(12) and (15), NRS 639.220(1) and/or NAC 639.702.

COUNT FOUR

Pharmacy/Pharmacy Owner Responsibility (Respondent CVS Pharmacy #8794)

13. Any violation of any of the provisions of NRS Chapter 639 by a managing pharmacist or by personnel of the pharmacy is cause for the suspension or revocation of the license of the pharmacy by the Board. NRS 639.230(5); NAC 639.702. Further, the owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(2).

14. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Respondent CVS Pharmacy #8794 is responsible for those violations, including all errors and omissions of Vaknin, pursuant to NRS 639.230(5), NAC 639.702 and/or NAC 639.945(2).

WHEREFORE, it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the licenses and certificates of registrations of these Respondents.

Signed this 30th day of OCTOBER, 2023.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

**FINDINGS OF FACT,
CONCLUSIONS OF LAW
AND ORDER
[VAKNIN ONLY]**

This matter came before the Nevada State Board of Pharmacy (Board) at its regularly scheduled meeting on Wednesday, May 29, 2024. Brett Kandt, Esq., prosecuted the case before the Board. Respondent Brenda Vaknin, RPh, Certificate of Registration No. 19231, failed to appear. The Board took notice of the Stipulation and Order entered January 17, 2024, with Respondent CVS Pharmacy #8794, Pharmacy License No. PH01405. The Board heard the case and, based on the evidence presented, the Board makes the following Findings of Fact, Conclusions of Law and Order.

FINDINGS OF FACT

The Board finds that probative evidence exists in the record to establish each of the following facts by a preponderance of the evidence:

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and this Respondent because, at the time of the events herein, Respondent Brenda Vaknin, RPh (Vaknin), Certificate of Registration No. 19231, was a pharmacist registered with the Board.
2. Vaknin was employed as managing pharmacist by Respondent CVS Pharmacy #8794, Pharmacy License No. PH01405, at the time of the events herein.

3. On or about July 17, 2019, APRN C.C. submitted an electronic prescription to CVS Pharmacy #8794 for patient J.L. for escitalopram oxalate 5mg oral tablet quantity of sixty (60) with directions to take 2 tablets by mouth daily with 6 refills. Vaknin performed data entry and the CVS computer system designated this prescription no. 1321503.

4. In the course of filling, performing final product review and dispensing prescription no. 1321503, Vaknin erroneously dispensed estradiol 0.5mg and failed to counsel the patient.

5. J.L. ingested the medication from August 6, 2019 through 15, 2019, and experienced negative medical outcomes including dizziness, light headedness, shortness of breath, and increased anxiety.

6. Records of prescriptions dispensed by CVS Pharmacy #8794 from July 21, 2019, through July 27, 2019, reveal that two hundred and fifty-six (256) dispensed prescriptions lacked any documentation of medication counseling to the patient.

7. On or about October 30, 2023, Respondent was served with the Notice of Intended Action and Accusation (Accusation) on file in this matter together with the Statement to Respondent and Notice of Hearing.

8. Respondent failed to file an Answer and Notice of Defense denying or admitting the allegations in the Accusation.

9. On or about April 25, 2024, Board staff attempted service of a second Notice of Hearing on Respondent by certified mail, return receipt requested, addressed to the Respondent at her last address of record.

10. Board staff incurred at least \$1,988.71 in attorney's fees and recoverable costs investigating and prosecuting this administrative action. The attorney's fees are reasonable based upon legal counsel's professional qualities, the nature of this administrative enforcement action, the work performed, and the result as evidenced by this Order.

CONCLUSIONS OF LAW

Based on the forgoing findings of fact, the Board concludes as a matter of law:

1. The Board has jurisdiction over this matter and Vaknin because, at the time of the events herein, Vaknin held a registration issued by the Board.

2. The applicable law in this matter is as follows:

A. Unprofessional conduct includes the failure by a registrant to follow strictly the instructions of a practitioner when filling, labeling, and dispensing a prescription. NAC 639.945(1)(d). Unprofessional conduct also includes a licensee performing his or her duties in an “incompetent, unskillful, or negligent manner.” NAC 639.945(1)(i).

B. A pharmacist shall provide medication counseling to a patient when dispensing a prescription and a pharmacy shall maintain documentation of medication counseling in conformance with NRS 639.266, NAC 639.707 and NAC 639.708.

C. A managing pharmacist is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy, including recordkeeping. NRS 639.210(12) and (15), NRS 639.220(1) and/or NAC 639.702.

D. A respondent’s failure to file an Answer and Notice of Defense denying or admitting the allegations in the Accusation constitutes an admission and a waiver of the right to a hearing. NRS 622A.320(1); NRS 639.244.

E. If a respondent fails to appear at a scheduled hearing and the Board finds that the respondent was given sufficient legal notice of the hearing, it may accept the allegations as true. NRS 622A.350.

3. Vaknin is guilty on Count One of the Accusation: Vaknin engaged in unprofessional conduct as defined in NAC 639.945(1)(d) and (i) when she erroneously dispensed

estradiol 0.5mg for prescription no. 1321503, resulting in patient harm, and is therefore subject to discipline pursuant to NRS 639.210(4).

4. Vaknin is guilty on Count Two of the Accusation: Vaknin violated NRS 639.266 and NAC 639.707 when she failed to provide medication counseling to patient J.L. for prescription no. 1321503 and is subject to discipline pursuant to NRS 639.210(12).

5. 6. Board staff satisfied the notice and service requirements of NRS 233B.127(3), NRS 639.242 and NRS 639.245, and Respondent was given sufficient legal notice of the hearing.

ORDER

THEREFORE, THE BOARD HEREBY ORDERS AS FOLLOWS:

1. The certificate of registration of Brenda Vaknin, RPh, Certificate of Registration No. 19231 is suspended until October 31, 2025, pursuant to NRS 639.255(1)(c).

2. In the event Respondent applies for biennial renewal of Certificate of Registration No. 19231 pursuant to NRS 639.180, or applies for any other registration or certificate with the Board, she shall appear before the Board to answer questions and give testimony regarding her application, her compliance with this Order, and the facts and circumstances underlying this matter.

3. Vaknin accept this Order as a public reprimand regarding her duties and responsibilities as a managing pharmacist under NRS Chapter 639.

4. Pursuant to NRS 639.255(1)(f) and NAC 639.955(1), Vaknin shall pay a fine of On Thousand Dollars (\$1,000.00) for Count One of the Accusation, Thousand Dollars (\$1,000.00) for

Count Two of the Accusation, and Two Thousand Dollars (\$2,000.00) for Count Three of the Accusation, for a total of Four Thousand Dollars (\$4,000.00) for the violations, by personal, business, certified or cashier's check or money order made payable to "State of Nevada, Office of the Treasurer," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, due and payable by December 1, 2024.

5. Pursuant to NRS 622.400, Vaknin shall pay One Thousand Nine Hundred Eighty-Eight Dollars and Seventy-One Cents (\$1,988.71) to partially reimburse the Board for reasonable attorney's fees and recoverable costs incurred in investigating and prosecuting this matter, by personal, business, certified or cashier's check or money order made payable to the "Nevada State Board of Pharmacy" to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, due and payable by December 1, 2024.

6. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by Respondent, the Board may impose additional discipline upon Respondent not inconsistent with the provisions of NRS Chapter 639.

7. This Order constitutes a final decision in a contested case and a public record pursuant to NRS 639.255(5), and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r-2 and 45 CFR Part 60.

8. This Order is effective immediately.

IT IS SO ORDERED.

Entered this 30th day of May, 2024.

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 4,5,6. Provide all the following where applicable:

Date of Event/Arrest 06/03/2019	Disposition Date N/A	State CA	City Los Angeles	County Los Angeles
Case # AC201200482800		Governing, licensing, Arresting Presiding Body/Agency/Court Board of Pharmacy, Department of Consumer Affairs		
Reason/Charge Early refill dispensing				
Plaintiff/Defendant/Claimant/Respondent Pharmacy Care Network, Inc., / Anthony John Cassar			Lawsuit/Arbitration/Bankruptcy N/A	
Name of Business/Industry/Entity Pharmacy Care Network, Inc., dba Kanan Pharmacy & Medical Supplies; Anthony John Cassar				

Provide explanation below:

Anthony Cassar's pharmacist license was placed on probation as the outcome to the acquisition case number AC201200482800 with the California State Board of Pharmacy. Probation began July 2, 2019, and remained in effect for 3 years.

Anthony Cassar also owns a separate organization Pharmacy Care Network, Inc. dba Kanan Pharmacy & Medical Supplies (PHY46707), was placed on probation as the outcome to the acquisition case number AC201200482800 with the California State Board of Pharmacy. Probation began July 2, 2019, and will remain in effect for 3 years.

It was alleged by the California Board of Pharmacy there were various pharmacy violations related to early refill dispensing to four patients, dispensing to two patients based on forged prescriptions and altering prescriptions after having dispensed the medication.

The ALJ specifically stated that Anthony Cassar fully cooperated with the Board at all times during the investigation, was respectfully and forthcoming in his testimony at hearing, expressed remorse for all shortcomings found during the investigation and committed to improving his documentation habits in the future. In fact, it was noted that Mr. Cassar had refined and restructured his practice in the years following the events in question.

Therefore, rather than the license revocation initially requested in the accusation, the ALJ instead ordered that Mr. Cassar's license only be placed on probation for three years. The probation also specifically states that Mr. Cassar may continue to be a pharmacist-in-charge, designated representative-in-charge, or responsible manager of any single licensed entity. Effective, July 2, 2022 all requirements for the probation have been fulfilled and Mr. Cassar's pharmacist license and Kanan's pharmacy license were cleared.

This is in response to Question # 4, 5, 6. Provide all the following where applicable:

Date of Event/Arrest 01/28/2015	Disposition Date N/A	State CA	City N/A	County N/A
Case # AC201200456600		Governing, licensing, Arresting Presiding Body/Agency/Court Board of Pharmacy, Department of Consumer Affairs		
Reason/Charge staff provided false information to a pharmacy inspector				
Plaintiff/Defendant/Claimant/Respondent SUPERCARE - see attached			Lawsuit/Arbitration/Bankruptcy N/A	
Name of Business/Industry/Entity SUPER CARE INC dba SUPERCARE				

Provide explanation below:

In December of 2011 an onsite pharmacy board inspection occurred and at that time our pharmacy was sterile compounding. The issues included failure to maintain adequate or accurate records, violations of state statutes and regulations, expired drugs in inventory, inadequate security mislabeling. The pharmacist in charge and a pharmacy technician provided false information to the state board inspector. All of these issues involved the compounding process. Not effectively meeting the USP 797 regulations, SuperCare ceased compounding and terminated the pharmacist in charge and the pharmacy technician involved.

Also required by the California Board of Pharmacy, SuperCare retail - mail order pharmacy underwent periodic inspections by the Board and completes self-assessments. Self-Assessments were submitted to the board and accepted while inspections were completed which shown compliance. Effective February 7, 2020, the California Board of Pharmacy acknowledged that Super Care had fulfilled all requirements and the probation status has been cleared and the pharmacy license has been fully restored.

After meeting our obligations and working with the California Board of Pharmacy to correct the information on the pharmacy permit file, the board requested to complete a change of permit application be submitted. The conclusion of this submission issued a new permit to SuperCare PHY 57721.

This is in response to Question # 4, 5, 6 Provide all the following where applicable:

Date of Event/Arrest 01/28/2015	Disposition Date N/A	State CA	City N/A	County N/A
Case # AC201200456600		Governing, licensing, Arresting Presiding Body/Agency/Court Board of Pharmacy, Department of Consumer Affairs		
Reason/Charge staff provided false information to a pharmacy inspector				
Plaintiff/Defendant/Claimant/Respondent SUPERCARE - see attached			Lawsuit/Arbitration/Bankruptcy N/A	
Name of Business/Industry/Entity SUPER CARE INC dba SUPERCARE				

Provide explanation below:

In December of 2011 an onsite pharmacy board inspection occurred and at that time our pharmacy was sterile compounding. The issues included failure to maintain adequate or accurate records, violations of state statutes and regulations, expired drugs in inventory, inadequate security mislabeling. The pharmacist in charge and a pharmacy technician provided false information to the state board inspector. All of these issues involved the compounding process. Not effectively meeting the USP 797 regulations, SuperCare ceased compounding and terminated the pharmacist in charge and the pharmacy technician involved.

Also required by the California Board of Pharmacy, SuperCare retail - mail order pharmacy underwent periodic inspections by the Board and completes self-assessments. Self-Assessments were submitted to the board and accepted while inspections were completed which shown compliance. Effective February 7, 2020, the California Board of Pharmacy acknowledged that Super Care had fulfilled all requirements and the probation status has been cleared and the pharmacy license has been fully restored.

After meeting our obligations and working with the California Board of Pharmacy to correct the information on the pharmacy permit file, the board requested to complete a change of permit application be submitted. The conclusion of this submission issued a new permit to SuperCare PHY 57721.

IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-
entitled proceedings that the following matters are true:

PARTIES

1. Virginia Herold ("Complainant") is the Executive Officer of the Board of Pharmacy
("Board"). She brought this action solely in her official capacity and is represented in this matter
by Kamala D. Harris, Attorney General of the State of California, by Linda L. Sun, Deputy
Attorney General.

2. Respondent Super Care, Inc. dba Supercare; Gabriel Cassar, President; Micheline
Cassar, Chief Executive Officer; John L. Cassar, Vice President; Michael Cassar, Shareholder;
Katherine Le, Pharmacist-in-Charge (collectively "Respondent Pharmacy" or "Respondent") is
represented in this proceeding by attorney Tony J. Park, Esq., whose address is: 6789 Quail Hill
Parkway, #405, Irvine, CA 92603.

3. On or about July 23, 2002, the Board issued Permit Number PHY 45943 to
Respondent Pharmacy. The Permit was in full force and effect at all times relevant to the charges
brought herein and will expire on July 1, 2015, unless renewed.

JURISDICTION

4. Accusation No. 4566 was filed before the Board and is currently pending against
Respondent Pharmacy. The Accusation and all other statutorily required documents were
properly served on Respondent Pharmacy on January 29, 2014. Respondent Pharmacy timely
filed its Notice of Defense contesting the Accusation.

5. A copy of Accusation No. 4566 is attached as Exhibit A and incorporated herein by
reference.

ADVISEMENT AND WAIVERS

6. Respondent Pharmacy has carefully read, fully discussed with counsel, and
understands the charges and allegations in Accusation No. 4566. Respondent Pharmacy has also
carefully read, fully discussed with counsel, and understands the effects of this Stipulated
Settlement and Disciplinary Order.

7. Respondent Pharmacy is fully aware of its legal rights in this matter, including the
right to a hearing on the charges and allegations in the Accusation; the right to be represented by
counsel at its own expense; the right to confront and cross-examine the witnesses against them;
the right to present evidence and to testify on its own behalf; the right to the issuance of
subpoenas to compel the attendance of witnesses and the production of documents; the right to
reconsideration and court review of an adverse decision; and all other rights accorded by the
California Administrative Procedure Act and other applicable laws.

8. Respondent Pharmacy voluntarily, knowingly, and intelligently waives and gives up
each and every right set forth above.

CULPABILITY

9. Respondent Pharmacy admits the truth of each and every charge and allegation in
Accusation No. 4566.

10. Respondent Pharmacy agrees that its Permit is subject to discipline and they agree to
be bound by the Board's probationary terms as set forth in the Disciplinary Order below.

CONTINGENCY

11. This stipulation shall be subject to approval by the Board of Pharmacy. Respondent
Pharmacy understands and agrees that counsel for Complainant and the staff of the Board of
Pharmacy may communicate directly with the Board regarding this stipulation and settlement,
without notice to or participation by Respondent or its counsel. By signing the stipulation,
Respondent Pharmacy understands and agrees that they may not withdraw its agreement or seek
to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails
to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary
Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal
action between the parties, and the Board shall not be disqualified from further action by having
considered this matter.

12. The parties understand and agree that Portable Document Format (PDF) and facsimile
copies of this Stipulated Settlement and Disciplinary Order, including Portable Document Format
(PDF) and facsimile signatures thereto, shall have the same force and effect as the originals.

STIPULATED SETTLEMENT: SUPERCARE (4566)

STIPULATED SETTLEMENT: SUPERCARE (4566)

13. This Stipulated Settlement and Disciplinary Order is intended by the parties to be an integrated writing representing the complete, final, and exclusive embodiment of their agreement. It supersedes any and all prior or contemporaneous agreements, understandings, discussions, negotiations, and commitments (written or oral). This Stipulated Settlement and Disciplinary Order may not be altered, amended, modified, supplemented, or otherwise changed except by a writing executed by an authorized representative of each of the parties.

14. In consideration of the foregoing admissions and stipulations, the parties agree that the Board may, without further notice or formal proceeding, issue and enter the following Disciplinary Order:

DISCIPLINARY ORDER

IT IS HEREBY ORDERED that Permit No. PHY 45943 issued to Respondent Pharmacy is revoked. However, the revocation is stayed and Respondent is placed on probation for five (5) years on the following terms and conditions.

1. Obey All Laws

Respondent Owner shall obey all state and federal laws and regulations.

Respondent Owner shall report any of the following occurrences to the Board, in writing, within seventy-two (72) hours of such occurrence:

- ☐ an arrest or issuance of a criminal complaint for violation of any provision of the Pharmacy Law, state and federal food and drug laws, or state and federal controlled substances laws
 - ☐ a plea of guilty or nolo contendere in any state or federal criminal proceeding in any criminal complaint, information or indictment
 - ☐ a conviction of any crime
 - ☐ discipline, citation, or other administrative action filed by any state or federal agency which involves Respondent Pharmacy's permit or which is related to the practice of pharmacy or the manufacturing, obtaining, handling or distributing, filling, or charging for any drug, device or controlled substance.
- Failure to timely report any such occurrence shall be considered a violation of probation.

2. Report to the Board

Respondent Owner shall report to the Board quarterly, on a schedule as directed by the Board or its designee. The report shall be made either in person or in writing, as directed. Among other requirements, Respondent Owner shall state in each report under penalty of perjury whether there has been compliance with all the terms and conditions of probation. Failure to submit timely reports in a form as directed shall be considered a violation of probation. Any period(s) of delinquency in submission of reports as directed may be added to the total period of probation. Moreover, if the final probation report is not made as directed, probation shall be automatically extended until such time as the final report is made and accepted by the Board.

3. Interview with the Board

Upon receipt of reasonable prior notice, Respondent Owner shall appear in person for interviews with the Board or its designee, at such intervals and locations as are determined by the Board or its designee. Failure to appear for any scheduled interview without prior notification to Board staff, or failure to appear for two (2) or more scheduled interviews with the Board or its designee during the period of probation, shall be considered a violation of probation.

4. Cooperate with Board Staff

Respondent Owner shall cooperate with the Board's inspection program and with the Board's monitoring and investigation of Respondent Pharmacy's compliance with the terms and conditions of their probation. Failure to cooperate shall be considered a violation of probation.

5. Reimbursement of Board Costs

As a condition precedent to successful completion of probation, Respondent Owner shall pay to the Board its costs of investigation and prosecution in the amount of \$6,310.80 (six thousand three hundred ten dollars and eighty cents). The costs may be paid on a payment plan approved by the Board. There shall be no deviation from the payment plan schedule absent prior written approval by the Board or its designee. Failure to pay costs by the deadline(s) as directed shall be considered a violation of probation.

The filing of bankruptcy by Respondent Owner shall not relieve Respondent Pharmacy of their responsibility to reimburse the Board its costs of investigation and prosecution.

6. Probation Monitoring Costs

Respondent Owner shall pay any costs associated with probation monitoring as determined by the Board each and every year of probation. Such costs shall be payable to the Board on a schedule as directed by the Board or its designee. Failure to pay such costs by the deadline(s) as directed shall be considered a violation of probation.

7. Status of License

Respondent Owner shall, at all times while on probation, maintain current licensure with the Board. If Respondent Owner submits an application to the Board, and the application is approved, for a change of location, change of permit or change of ownership, the Board shall retain continuing jurisdiction over the license, and Respondent shall remain on probation as determined by the Board. Failure to maintain current licensure shall be considered a violation of probation.

If Respondent Owner's license expires or is cancelled by operation of law or otherwise at any time during the period of probation, including any extensions thereof or otherwise, upon renewal or reapplication Respondent Owner's license shall be subject to all terms and conditions of this probation not previously satisfied.

8. License Surrender While on Probation/Suspension

Following the effective date of this decision, should Respondent Owner discontinue business, Respondent Owner may tender the premise's license to the Board for surrender. The Board or its designee shall have the discretion whether to grant the request for surrender or take any other action it deems appropriate and reasonable. Upon formal acceptance of the surrender of the license, Respondent will no longer be subject to the terms and conditions of probation.

Upon acceptance of the surrender, Respondent Owner shall relinquish the premises wall and renewal license to the Board within ten (10) days of notification by the Board that the surrender is accepted. Respondent Owner shall further submit a completed Discontinuance of Business form according to Board guidelines and shall notify the Board of the records inventory transfer.

///

Respondent Owner shall also, by the effective date of this decision, arrange for the continuation of care for ongoing patients of the Respondent Pharmacy by, at minimum, providing a written notice to ongoing patients that specifies the anticipated closing date of the pharmacy and that identifies one or more area pharmacies capable of taking up the patients' care, and by cooperating as may be necessary in the transfer of records or prescriptions for ongoing patients. Within five days of its provision to the pharmacy's ongoing patients, Respondent Owner shall provide a copy of the written notice to the Board. For the purposes of this provision, "ongoing patients" means those patients for whom the pharmacy has on file a prescription with one or more refills outstanding, or for whom the pharmacy has filled a prescription within the preceding sixty (60) days.

Respondent Owner may not apply for any new licensure from the Board for three (3) years from the effective date of the surrender. Respondent Owner shall meet all requirements applicable to the license sought as of the date the application for that license is submitted to the Board.

Respondent Owner further stipulates that he or she shall reimburse the Board for its costs of investigation and prosecution prior to the acceptance of this surrender.

9. Notice to Employees

Respondent Owner shall, upon or before the effective date of this decision, ensure that all employees involved in permit operations are made aware of all the terms and conditions of probation, either by posting a notice of the terms and conditions, circulating such notice, or both. If the notice required by this provision is posted, it shall be posted in a prominent place and shall remain posted throughout the probation period. Respondent Owner shall ensure that any employees hired or used after the effective date of this decision are made aware of the terms and conditions of probation by posting a notice, circulating a notice, or both. Additionally, Respondent Owner shall submit written notification in the Board, within fifteen (15) days of the effective date of this decision, that this term has been satisfied. Failure to submit such notification to the Board shall be considered a violation of probation.

///

"Employees" as used in this provision includes all full-time, part-time, volunteer, temporary and relief employees and independent contractors employed or hired at any time during probation.

10. **Owners and Officers: Knowledge of the Law**

Respondent Owner shall provide, within thirty (30) days after the effective date of this decision, signed and dated statements from its owners, including any owner or holder of ten percent (10%) or more of the interest in Respondent Pharmacy or Respondent Pharmacy's stock, and any officer, stating under penalty of perjury that said individuals have read and are familiar with state and federal laws and regulations governing the practice of pharmacy. The failure to timely provide said statements under penalty of perjury shall be considered a violation of probation.

11. **Posted Notice of Probation**

Respondent Owner shall prominently post a probation notice provided by the Board in a place conspicuous and readable to the public. The probation notice shall remain posted during the entire period of probation.

Respondent Owner shall not, directly or indirectly, engage in any conduct or make any statement which is intended to mislead or is likely to have the effect of misleading any patient, customer, member of the public, or other person(s) as to the nature of and reason for the probation of the licensed entity.

Failure to post such notice shall be considered a violation of probation.

12. **Violation of Probation**

If Respondent Owner has not complied with any term or condition of probation, the Board shall have continuing jurisdiction over Respondent Pharmacy's license, and probation shall be automatically extended until all terms and conditions have been satisfied or the Board has taken other action as deemed appropriate to treat the failure to comply as a violation of probation, to terminate probation, and to impose the penalty that was stayed.

If Respondent Owner violates probation in any respect, the Board, after giving Respondent Owner notice and an opportunity to be heard, may revoke probation and carry out the disciplinary

8

STIPULATED SETTLEMENT: SUPERCARE (4566)

order that was stayed. Notice and opportunity to be heard are not required for those provisions stating that a violation thereof may lead to automatic termination of the stay and/or revocation of the license. If a petition to revoke probation or an accusation is filed against Respondent Pharmacy during probation, the Board shall have continuing jurisdiction and the period of probation shall be automatically extended until the petition to revoke probation or accusation is heard and decided.

13. **Completion of Probation**

Upon written notice by the Board or its designee indicating successful completion of probation, Respondent Pharmacy's license will be fully restored.

14. **Community Services Program**

Within sixty (60) days of the effective date of this decision, Respondent Owner shall submit to the Board or its designee, for prior approval, a community service program in which Respondent shall provide free brown-bag events to the community for at least twenty (20) days per year for the first two (2) years of probation.

Within thirty (30) days of Board approval thereof, Respondent Owner shall submit documentation to the Board demonstrating commencement of the community service program. Respondent Owner shall report on progress with the community service program in the quarterly reports.

Failure to timely submit, commence, or comply with the program shall be considered a violation of probation.

JURISDICTION

6. This Accusation is brought before the Board under the authority of the following laws. All section references are to the Business and Professions Code unless otherwise indicated.

2

Accusation

STATUTORY PROVISIONS

7. Section 4300 of the Code states:

"(a) Every license issued may be suspended or revoked."

8. Section 4300.1 of the Code states:

"The expiration, cancellation, forfeiture, or suspension of a board-issued license by operation of law or by order or decision of the board or a court of law, the placement of a license on a failed status, or the voluntary surrender of a license by a licensee shall not deprive the board of jurisdiction to commence or proceed with any investigation of, or action or disciplinary proceeding against, the licensee or to render a decision suspending or revoking the license."

9. Section 4076 of the Code states:

"(a) A pharmacist shall not dispense any prescription except in a container that meets the requirements of state and federal law and is correctly labeled with all of the following:

...

"(9) The expiration date of the effectiveness of the drug dispensed."

10. Section 4084 of the Code provides:

"(a) When a board inspector finds, or has probable cause to believe, that any dangerous drug or dangerous device is adulterated, misbranded, or counterfeit, the board inspector shall affix a tag or other marking to that dangerous drug or dangerous device. The board inspector shall give notice to the person that the dangerous drug or dangerous device bearing the tag or marking has been embargoed."

11. Section 4104 of the Code provides, in pertinent part:

...

"(b) Every pharmacy shall have written policies and procedures for addressing chemical, mental, or physical impairment, as well as theft, diversion, or self-use of dangerous drugs, among licensed individuals employed by or with the pharmacy."

12. Section 4116 of the Code provides:

"(a) No person other than a pharmacist, an intern pharmacist, an authorized officer of the law, or a person authorized to prescribe shall be permitted in that area, place, or premises

3

Accusation

described in the license issued by the board wherein controlled substances or dangerous drugs or dangerous devices are stored, possessed, prepared, manufactured, derived, compounded, dispensed, or repackaged. However, a pharmacist shall be responsible for any individual who enters the pharmacy for the purposes of receiving consultation from the pharmacist or performing clerical, inventory control, housekeeping, delivery, maintenance, or similar functions relating to the pharmacy if the pharmacist remains present in the pharmacy during all times as the authorized individual is present."

13. Section 4169 of the Code provides:

"(a) A person or entity may not do any of the following:

"(1) Purchase, trade, sell, or transfer dangerous drugs or dangerous devices at wholesale with a person or entity that is not licensed with the board as a wholesaler or pharmacy.

...

"(3) Purchase, trade, sell, or transfer dangerous drugs that the person knew or reasonably should have known were misbranded, as defined in Section 111535 of the Health and Safety Code.

"(4) Purchase, trade, sell, or transfer dangerous drugs or dangerous devices after the beyond use date on the label."

14. Section 4301 of the Code states:

"The board shall take action against any holder of a license who is guilty of unprofessional conduct or whose license has been procured by fraud or misrepresentation or issued by mistake. Unprofessional conduct shall include, but is not limited to, any of the following:

...

"(i) The commission of any act involving moral turpitude, dishonesty, fraud, deceit, or corruption, whether the act is committed in the course of relations as a licensee or otherwise, and whether the act is a felony or misdemeanor or not.

"(g) Knowingly making or signing any certificate or other document that falsely represents the existence or nonexistence of a state of facts.

...

4

Accusation

"(D) The violation of any of the statutes of this state, or any other state, or of the United States regulating controlled substances and dangerous drugs.

"(o) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of or conspiring to violate any provision or term of this chapter or of the applicable federal and state laws and regulations governing pharmacy, including regulations established by the board or by any other state or federal regulatory agency.

"(q) Engaging in any conduct that subverts or attempts to subvert an investigation of the board."

15. Section 4342 of the Code provides:

"(a) The board may institute any action or actions as may be provided by law and that, in its discretion, are necessary, to prevent the sale of pharmaceutical preparations and drugs that do not conform to the standard and tests as to quality and strength, provided in the latest edition of the United States Pharmacopoeia or the National Formulary, or that violate any provision of the Sherman Food, Drug and Cosmetic Law (Part 5 (commencing with Section 109875) of Division 104 of the Health and Safety Code)."

REGULATORY PROVISIONS

16. California Code of Regulations, title 16 ("CCR"), section 1714 provides:

"(d) Each pharmacist while on duty shall be responsible for the security of the prescription department, including provisions for effective control against theft or diversion of dangerous drugs and devices, and records for such drugs and devices. Possession of a key to the pharmacy where dangerous drugs and controlled substances are stored shall be restricted to a pharmacist.

"(e) The pharmacy owner, the building owner or manager, or a family member of a pharmacist owner (but not more than one of the aforementioned) may possess a key to the

pharmacy that is maintained in a tamper evident container for the purpose of 1) delivering the key to a pharmacist or 2) providing access in case of emergency. An emergency would include fire, flood or earthquake. The signature of the pharmacist-in-charge shall be present in such a way that the pharmacist may readily determine whether the key has been removed from the container."

17. CCR section 1714.1 provides:

"This section is to ensure that pharmacists are able to have duty free breaks and meal periods to which they are entitled under Section 512 of the Labor Code and the orders of the Industrial Welfare Commission, without unreasonably impairing the ability of a pharmacy to remain open.

"(I) The pharmacy shall have written policies and procedures regarding the operations of the pharmacy during the temporary absence of the pharmacist for breaks and meal periods. The policies and procedures shall include the authorized duties of ancillary staff, the pharmacist's responsibilities for checking all work performed by ancillary staff and the pharmacist's responsibility for maintaining the security of the pharmacy. The policies and procedures shall be open to inspection by the board or its designee at all times during business hours."

18. CCR section 1735.1 provides:

"(c) 'Quality' means the absence of harmful levels of contaminants, including filth, putrid, or decomposed substances, and absence of active ingredients other than those noted on the label."

19. CCR section 1735.2 provides:

"(f) The pharmacist performing or supervising compounding is responsible for the integrity, potency, quality, and labeled strength of a compounded drug product until it is dispensed.

"(j) Prior to allowing any drug product to be compounded in a pharmacy, the pharmacist-in-charge shall complete a self-assessment form for compounding pharmacies developed by the board Form 17M-39 (Rev. 01/11). That form contains a first section applicable to all compounding, and a second section applicable to sterile injectable compounding. The first section must be completed by the pharmacist-in-charge before any compounding is performed in the pharmacy. The second section must be completed by the pharmacist-in-charge before any sterile injectable compounding is performed in the pharmacy. The applicable sections of the self-assessment shall subsequently be completed before July 1 of odd-numbered each year, within 30 days of the start of a new pharmacist-in-charge, and within 30 days of the issuance of a new pharmacy license. The primary purpose of the self-assessment is to promote compliance through self-examination and education."

20. CCR section 1735.3 provides:

"(a) For each compounded drug product, the pharmacy records shall include:

"(3) The identity of the pharmacy personnel who compounded the drug product.

"(4) The identity of the pharmacist reviewing the final drug product.

"(5) The manufacturer and lot number of each component. If the manufacturer name is demonstrably unavailable, the name of the supplier may be substituted. Exempt from the requirements in this paragraph are sterile products compounded on a one-time basis for administration within twenty-four hours to an inpatient in a health care facility licensed under section 1250 of the Health and Safety Code.

"(7) The equipment used in compounding the drug product.

"(9) The expiration date of the final compounded drug product.

"(c) Chemicals, bulk drug substances, drug products, and components used to compound drug products shall be obtained from reliable suppliers. The pharmacy shall acquire and retain any available certificates of purity or analysis for chemicals, bulk drug substances, drug products, and components used in compounding. Certificates of purity or analysis are not required for products that are approved by the Food and Drug Administration."

21. CCR section 1735.4 provides:

"(c) Drug products compounded into unit-dose containers that are too small or otherwise impractical for full compliance with subdivisions (a) and (b) shall be labeled with at least the name(s) of the active ingredient(s), concentration of strength, volume or weight, pharmacy reference or lot number, and expiration date."

22. CCR section 1735.5 provides:

"(a) Any pharmacy engaged in compounding shall maintain a written policy and procedure manual for compounding that establishes procurement procedures, methodologies for the formulation and compounding of drugs, facilities and equipment cleaning, maintenance, operation, and other standard operating procedures related to compounding.

"(b) The policy and procedure manual shall be reviewed on an annual basis by the pharmacist-in-charge and shall be updated whenever changes in processes are implemented."

23. CCR section 1735.6 provides:

"(a) Any pharmacy engaged in compounding shall maintain written documentation regarding the facilities and equipment necessary for safe and accurate compounded drug products. Where applicable, this shall include records of certification(s) of facilities or equipment.

"(b) Any equipment used to compound drug products shall be stored, used, and maintained in accordance with manufacturers' specifications.

"(c) Any equipment used to compound drug products for which calibration or adjustment is appropriate shall be calibrated prior to use to ensure accuracy. Documentation of

each such calibration shall be recorded in writing and these records of calibration shall be maintained and retained in the pharmacy."

24. CCR section 1735.7 provides:

"(a) Any pharmacy engaged in compounding shall maintain written documentation sufficient to demonstrate that pharmacy personnel have the skills and training required to properly and accurately perform their assigned responsibilities relating to compounding.

"(b) The pharmacy shall develop and maintain an on-going competency evaluation process for pharmacy personnel involved in compounding, and shall maintain documentation of any and all training related to compounding undertaken by pharmacy personnel."

25. CCR section 1735.8 provides:

"(a) Any pharmacy engaged in compounding shall maintain, as part of its written policies and procedures, a written quality assurance plan designed to monitor and ensure the integrity, potency, quality, and labeled strength of compounded drug products.

...

"(c) The quality assurance plan shall include written standards for qualitative and quantitative integrity, potency, quality, and labeled strength analysis of compounded drug products. All qualitative and quantitative analysis reports for compounded drug products shall be retained by the pharmacy and collated with the compounding record and master formula."

26. CCR section 1751.4 provides:

"(d) Exterior workbench surfaces and other hard surfaces in the designated area, such as walls, floors, ceilings, shelves, tables, and stools, must be disinfected weekly and after any unanticipated event that could increase the risk of contamination."

27. CCR section 1751.6 provides:

...

"(b) The pharmacist-in-charge shall be responsible to ensure all pharmacy personnel engaging in compounding sterile injectable drug products shall have training and demonstrated competence in the safe handling and compounding of sterile injectable products, including cytotoxic agents if the pharmacy compounds products with cytotoxic agents."

perform their assigned responsibilities relating to compounding. The circumstances are as follows:

a. On or about December 19, 2011, during a Board inspection at Respondent Pharmacy located in the City of Industry, its Pharmacist-in-Charge Respondent Le failed to maintain training records and documented competency testing for Respondent Pharmacy's licensed employees compounding sterile injectable since October 13, 2009, and failed to maintain training records for the staff compounding inhaled respiratory drugs from powder to solutions.

SECOND CAUSE FOR DISCIPLINE (RESPONDENT PHARMACY)

(Misbranded Drugs)

36. Respondent Pharmacy is subject to disciplinary action under Code sections 4301, subdivisions (j) and (o), in conjunction with 4169, subdivision (a)(3), as defined under Health and Safety Code section 111335, in that during the Board's inspection on December 19, 2011, its Pharmacist-in-Charge Respondent Le allowed the selling of misbranded drugs with the expiration dates greater than the ingredients' expiration as shown on the following compounded drug products:

a. Compounded Levalbuterol 1mg/3ml inhalation solution in Lot #LL001 was prepared on 06/17/11 with the ingredient levalbuterol powder by Spectrum under Lot #VJ1342 with an original expiration date in 08/11, but the levalbuterol powder and citric acid anhydrous powder's expiration dates were altered to reflect later dates, such that the compound was issued an expiration date of 09/16/11, resulting in one (1) patient receiving an expired drug.

b. Compounded Levalbuterol 1mg/3ml inhalation solution in Lot #LL002 was prepared on 06/17/11 with the ingredient levalbuterol powder by Spectrum under Lot #VJ1342 with an original expiration date in 08/11, but the levalbuterol powder and citric acid anhydrous powder's expiration dates were altered to reflect later dates, such that the compound was issued an expiration date of 09/16/11, resulting in six (6) patients receiving an expired drug.

c. Compounded Levalbuterol 1mg/3ml inhalation solution in Lot #LL003 was prepared on 08/10/11 with the ingredient levalbuterol powder by Spectrum under Lot #VJ1342 with an original expiration date in 08/11, but the levalbuterol powder and citric acid anhydrous powder's

28. CCR section 1793.7 provides:

"(b) Pharmacy technicians must work under the direct supervision of a pharmacist and in such a relationship that the supervising pharmacist is fully aware of all activities involved in the preparation and dispensing of medications, including the maintenance of appropriate records."

HEALTH AND SAFETY CODE

29. Health and Safety Code section 111335 states:

"Any drug or device is misbranded if its labeling or packaging does not conform to the requirements of Chapter 4 (commencing with Section 110290)."

COST RECOVERY PROVISION

30. Section 125.3 of the Code states, in pertinent part, that the Board may request the administrative law judge to direct a licensee found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case.

DRUG CLASSIFICATIONS

31. Xopenex, brand name for Levalbuterol, is a dangerous drug under Code section 4022. It is used as an inhalation therapy for asthma.

32. Symbicort, brand name for Formoterol/Budesonide, is a dangerous drug pursuant to Code section 4022. It is used as an inhalation therapy for asthma.

33. Atrovent Nebules, brand name for Levalbuterol/Ipratropium, is a dangerous drug pursuant to Code section 4022. It is used as an inhalation therapy for asthma.

34. Perforomist, brand name for Formoterol, is a dangerous drug pursuant to Code section 4022. It is a long acting inhalation therapy for asthma.

FIRST CAUSE FOR DISCIPLINE (RESPONDENT PHARMACY)

(Failure to Maintain Compounding Training Documentation)

35. Respondent Pharmacy is subject to disciplinary action under Code section 4301, subdivision (o) and CCR sections 1735.7, subdivisions (a) and (b), and 1751.6, subdivision (b), in that Respondent Pharmacy failed to maintain written documentation and on-going competency evaluation to demonstrate its staff had the skills and training required to properly and accurately

expiration dates were altered to reflect later dates, such that the compound was issued an expiration date of 11/09/11, resulting in eighteen (18) patients receiving an expired drug.

d. Compounded Levalbuterol 0.63mg/ipratropium 0.5mg/3ml inhalation solution in Lot #LP013 was prepared on 08/11/11 with the ingredient levalbuterol powder by Spectrum under Lot #VJ1342 with an original expiration date in 08/11, both the levalbuterol powder and the ipratropium expiration dates were altered to reflect later dates such that the compound was issued an expiration date of 11/10/11, resulting in ten (10) patients receiving an expired drug.

e. Compounded Formoterol 12mcg/Budesonide 500mcg/2.5ml inhalation solution in Lot #FBB009 was prepared on 11/18/11 with the ingredient polysorbate 80 by Lescio listed under Lot #10200811 with an original expiration date of 12/11, but the ingredient's expiration date was altered to reflect a later date, such that the compound was issued an expiration date of 01/17/12, resulting in thirty (30) patients receiving an expired drug.

THIRD CAUSE FOR DISCIPLINE (RESPONDENT PHARMACY)

(Failure to Complete Self-Assessment)

37. Respondent Pharmacy is subject to disciplinary action under Code section 4301, subdivision (o) and CCR section 1735.2, subdivision (j), in that its Pharmacist-in-Charge Respondent Le failed to complete a self-assessment. The circumstances are as follows:

a. On or about December 19, 2011, during a Board inspection at Respondent Pharmacy, Respondent Le failed to complete the first section of the compounding self-assessment prior to compounding orally-inhaled products, and failed to complete the second section prior to compounding sterile injectable drugs and TPN admixtures.

b. On or about December 10, 2012, during a second Board inspection at Respondent Pharmacy, Respondent Le failed to complete the first section of the compounding self-assessment prior to compounding, and failed to complete the second section prior to compounding sterile injectable drugs and TPN admixtures.

FOURTH CAUSE FOR DISCIPLINE (RESPONDENT PHARMACY)

(Failure to Maintain Records for Compounded Products)

38. Respondent Pharmacy is subject to disciplinary action under Code section 4301, subdivision (o) and CCR section 1735.3, subdivision (c), in that it failed to maintain proper records for chemical products as follows:

a. On or about December 19, 2011, during a Board inspection at Respondent Pharmacy, Respondent Le failed to maintain the Certificates of Analysis as required for chemicals, bulk drugs substances, drug products, and components used in compounding.

FIFTH CAUSE FOR DISCIPLINE (RESPONDENT PHARMACY)

(Failure to Maintain Compounding Policies and Procedures)

39. Respondent Pharmacy is subject to disciplinary action under Code section 4301, subdivision (o) and CCR section 1735.5, subdivisions (a) and (b), in that during a Board inspection at Respondent Pharmacy on December 19, 2011, Respondent Le failed to maintain a written policies and procedures manual related to compounding that establishes procurement procedures, methodologies for formulation and compounding drugs, facilities and equipment cleaning, maintenance, operation, and other standard operating procedures related to compounding.

SIXTH CAUSE FOR DISCIPLINE (RESPONDENT PHARMACY)

(Failure to Maintain Licensed Employee Policies and Procedures)

40. Respondent Pharmacy is subject to disciplinary action under Code sections 4301, subdivisions (j) and (o), and 4104, subdivision (b), in that during a Board inspection at Respondent Pharmacy on December 19, 2011, Respondent Le failed to maintain a written policies and procedures manual addressing chemical, mental, or physical impairment, theft, diversion, or self-use of dangerous drugs for the licensed employees.

SEVENTH CAUSE FOR DISCIPLINE (RESPONDENT PHARMACY)

(Failure to Maintain Facilities and Equipment Records)

41. Respondent Pharmacy is subject to disciplinary action under Code section 4301, subdivision (o) and CCR section 1735.6, subdivisions (a), (b) and (c), in that during a Board inspection at Respondent Pharmacy on December 19, 2011, Respondent Le failed to maintain written documentation for monitoring the safe use of compounding facilities and equipment, failed to maintain written documentation for the calibration or adjustment of the equipment including the scales, incubator, the TPN compounded, and failed to maintain documentation related to the cleaning of the pharmacy's facilities and equipment.

EIGHTH CAUSE FOR DISCIPLINE (RESPONDENT PHARMACY)

(Failure to Maintain Compounding Quality Assurance Plan)

42. Respondent Pharmacy is subject to disciplinary action under Code section 4301, subdivision (o) and CCR section 1735.8, subdivisions (a) and (c), in that during Board inspections at Respondent Pharmacy on December 19, 2011 and December 10, 2012, Respondent Le failed to maintain a written quality assurance plan, and failed to conduct qualitative or quantitative analysis of the pharmacy's compounded drug products to ensure the integrity, potency, quality, and labeled strength.

NINTH CAUSE FOR DISCIPLINE (RESPONDENT PHARMACY)

(Unprofessional Conduct: Act of Moral Turpitude, Dishonesty, Fraud, Deceit, Corruption)

43. Respondent Pharmacy is subject to disciplinary action under Code sections 4301, subdivision (f) and 4301, subdivision (q) for unprofessional conduct, in that during a Board inspection at Respondent Pharmacy on December 19, 2011, Respondent Le and pharmacy technician Respondent Nguyen committed an act of moral turpitude, dishonesty, fraud, deceit, or corruption, which attempted to subvert the Board's investigation. The circumstances are as follows:

///

///

///

///

a. Respondent Le requested Respondent Nguyen to make copies of the original compounding records upon request by the Board Inspector. Respondent Nguyen altered the expiration dates on the ingredients levalbuterol, ipratropium, polysorbate and citric acid on the pharmacy's compounding records at Respondent Le's request.

b. Complaintant refers to and incorporates the allegations contained in the Second Cause for Discipline, as though set forth fully.

TENTH CAUSE FOR DISCIPLINE (RESPONDENT PHARMACY)

(Unprofessional Conduct: False Document/Misrepresentation)

44. Respondent Pharmacy is subject to disciplinary action under Code sections 4301, subdivision (g) and 4301, subdivision (q) for unprofessional conduct, in that during a Board inspection at Respondent Pharmacy on December 19, 2011, Respondent Le and pharmacy technician Respondent Nguyen knowingly made documents which falsely represented the existence or non-existence of facts in an attempt to subvert the Board's investigation. The circumstances are as follows:

a. Respondent Le requested Respondent Nguyen to make copies of the original compounding records upon request by the Board Inspector. Respondent Nguyen altered the expiration dates on the ingredients levalbuterol, ipratropium, polysorbate and citric acid on the pharmacy's compounding records at Respondent Le's request.

b. Complaintant refers to and incorporates the allegations contained in the Second Cause for Discipline, as though set forth fully.

ELEVENTH CAUSE FOR DISCIPLINE (RESPONDENT PHARMACY)

(Failure to Maintain Security of Dangerous Drugs)

45. Respondent Pharmacy is subject to disciplinary action under Code sections 4301, subdivisions (j) and (o), and 4116, subdivision (a), in conjunction with CCR section 1714, subdivision (d), in that Respondent Pharmacy failed to ensure that the area where dangerous drugs was stored, possessed, prepared, manufactured, derived, compounded, disposed or repackaged was restricted to a pharmacist, and that a pharmacist remained present when other individuals were present. The circumstances are as follows:

a. On or about December 10, 2012, during a second Board inspection, Respondent Pharmacy granted the following employees access to the pharmacy where dangerous drugs were stored by using name badge keyless entry during after hours:

(i) Name: "Cleaning Personnel" had access to the pharmacy after closing from 6pm to 2am on Tues/Thurs/Sat.

(ii) Name: "Information Technology" (IT) had 24 hour access to pharmacy "Always On."

(iii) Name: "Managers" had 24 hour access to pharmacy "Always On."

(iv) Name: "Master" had 24 hour access to pharmacy "Always On."

(v) Name: "Pharmacists" had 24 hour access to pharmacy "Always On."

(vi) Name: "Pharmacy Staff" had access to pharmacy "7am-7pm M-F/Sat/Sun."

b. On or about December 10, 2012, during a second Board inspection, before Respondent Le arrived at the pharmacy at 09:35 a.m., there were 6 pharmacy staff inside the pharmacy without a pharmacist present, and 9 pharmacy staff present by 09:35 a.m. when Respondent Le arrived.

TWELFTH CAUSE FOR DISCIPLINE (RESPONDENT PHARMACY)

(Failure to Maintain Operational Standards and Security)

46. Respondent Pharmacy is subject to disciplinary action under Code section 4301, subdivision (o) and CCR section 1714, subdivision (e), in that it allowed multiple personnel to have possession of a key to the pharmacy which was not maintained in a tamper evident container. The circumstances are as follows:

a. On or about December 10, 2012, during a second Board inspection, Respondent Le allowed the owners, family members, and/or managers of Respondent Pharmacy to set the "Access Levels" for the scanned name badge keyless entry into the pharmacy without creating a tamper evident process which would restrict entry into the pharmacy to only the pharmacist or during an emergency.

THIRTEENTH CAUSE FOR DISCIPLINE (RESPONDENT PHARMACY)

(Failure to Maintain Operations Policy During Pharmacist Absence)

47. Respondent Pharmacy is subject to disciplinary action under Code section 4301, subdivision (c) and CCR section 1714.1, subdivision (f), in that on or about December 10, 2012, during a second Board inspection, it failed to maintain written policies and procedures regarding the operations of the pharmacy during the temporary absence of the pharmacist.

FOURTEENTH CAUSE FOR DISCIPLINE (RESPONDENT PHARMACY)

(Failure to Maintain Proper Records of Compounded Drug Products/Supervision)

48. Respondent Pharmacy is subject to disciplinary action under Code section 4301, subdivision (c) and CCR section 1735.3, subdivisions (a)(3), (a)(4), (a)(6), (a)(7), and (a)(9), in conjunction with CCR section 1793.7, subdivision (b), in that on or about December 10, 2012, during a second Board inspection, Respondent Pharmacy failed to maintain proper records of the compounded drug products, and maintain proper supervision of the pharmacy technicians. The circumstances are as follows:

a. From about November 14, 2012 to about December 7, 2012, Pharmacist-in-Charge Respondent Le allowed pharmacy technician A.Y. to compound non-sterile to sterile filtered unit dose oral inhalation drugs without documenting on the compounding form the manufacturer and lot numbers for each ingredient, the equipment used in compounding, the expiration date of each ingredient to confirm the final compounded drug product's expiration date.

b. From about November 14, 2012 to about December 7, 2012, pharmacy technician A.Y. did not sign the compounding forms identifying that he compounded the drug products, and Respondent Le did not sign the compounding forms identifying that she reviewed the final drug product, or that she was directly supervising A.Y. in the maintenance of the compounding records. As a result of the lack of supervision, Respondent Le allowed the following to occur:

(i) Two (2) patients received the batch of compounded Levalbuterol 0.63mg/ipratropium 0.5mg/3ml under Lot #LFP016 that which was compounded on 11/23/12 without documentation on the compounding records of any of the drug manufacturers, lot numbers, or expiration dates for any of the ingredients used in the compound. There was no

record of who compounded the drug or who verified the end product. The drug was dispensed to both patients before completion of an end product testing for sterility.

(ii) Five (5) patients received the batch of compounded Formoterol 12mcg/Budesonide 0.5mg/2.5ml under Lot #FBB00021 which was compounded on 12/05/12 without documentation on the compounding records of any of the drug manufacturers, lot numbers, or expiration dates for any of the ingredients used in the compound. There was no record of who compounded the drug or who verified the end product. The drug was dispensed to all five (5) patients before completion of an end product testing for sterility.

(iii) Fifty (50) patients received the batch of compounded Levalbuterol 1.25mg/ipratropium 0.5mg/3ml under Lot #LFP310 which was compounded on 11/20/12 without documentation on the compounding records of any of the drug manufacturers, lot numbers, or expiration dates for any of the ingredients used in the compound. There was no record of who compounded the drug or who verified the end product. The drug was dispensed to thirty-three (33) of the fifty (50) patients before completion of an end product testing for sterility.

(iv) Seven (7) patients received the batch of compounded Levalbuterol 1mg/3ml under Lot #LL012 which was compounded on 12/05/12 without documentation on the compounding records of any of the drug manufacturers, lot numbers, or expiration dates for any of the ingredients used in the compound. There was no record of who compounded the drug or who verified the end product. The drug was dispensed to all seven (7) patients before completion of an end product testing for sterility.

(v) Twenty-nine (29) patients received the batch of compounded Levalbuterol 1mg/3ml under Lot #LL011 which was compounded on 11/14/12 without documentation on the compounding records of any of the drug manufacturers, lot numbers, or expiration dates for any of the ingredients used in the compound. There was no record of who compounded the drug or who verified the end product. The drug was dispensed to nineteen (19) of the twenty-nine (29) patients before completion of an end product testing for sterility.

(vi) One hundred and forty (140) patients received the batches of compounded Formoterol 12mcg/Budesonide 0.5mg/2.5ml all recorded under Lot #FBB00022 which were

compounded on 12/07/12, 12/05/12, 11/26/12 and 11/23/12 without documentation on the compounding records of any of the drug manufacturers, lot numbers, or expiration dates for any of the ingredients used in the compound. There was no record of who compounded the drug or who verified the end product. The drug was dispensed to all one hundred and forty (140) patients before completion of an end product testing for sterility.

FIFTEENTH CAUSE FOR DISCIPLINE (RESPONDENT PHARMACY)

(Failure to Ensure Compounding Limitations and Requirements)

49. Respondent Pharmacy is subject to disciplinary action under Code section 4301, subdivision (c) and CCR section 1735.2, subdivision (f), in conjunction with CCR section 1735.1, subdivision (c), in that on or about December 10, 2012, during a second Board inspection, Respondent Pharmacy failed to ensure the integrity, potency, quality, and labeled strength of the compounded drug products until they were dispensed. The circumstances are as follows:

a. Respondent Le conducted quality testing on the end product of the compounded non-sterile to sterile orally inhaled filtered drugs by using a tryptic soy broth medium to confirm the absence of harmful bacteria contaminants. These batches were not quarantined but instead dispensed to patients before the fourteen (14) day testing period for sterility and prior to confirming the "Quality" was sterile for the following batches:

(i) Two (2) patients received the batch of compounded Levalbuterol 0.63mg/ipratropium 0.5mg/3ml under Lot #LFP016 that which was compounded on 11/23/12. The drug was dispensed to both patients before completion of an end product testing for sterility.

(ii) Five (5) patients received the batch of compounded Formoterol 12mcg/Budesonide 0.5mg/2.5ml under Lot #FBB00021 which was compounded on 12/05/12. The drug was dispensed to all five (5) patients before completion of an end product testing for sterility.

(iii) Fifty (50) patients received the batch of compounded Levalbuterol 1.25mg/ipratropium 0.5mg/3ml under Lot #LFP310 which was compounded on 11/20/12. The drug was dispensed to thirty-three (33) of the fifty (50) patients before completion of an end product testing for sterility.

(iv) Seven (7) patients received the batch of compounded Levalbuterol 1mg/3ml under Lot #LL012 which was compounded on 12/05/12. The drug was dispensed to all seven (7) patients before completion of an end product testing for sterility.

(v) Twenty-nine (29) patients received the batch of compounded Levalbuterol 1mg/3ml under Lot #LL011 which was compounded on 11/14/12. The drug was dispensed to nineteen (19) of the twenty-nine (29) patients before completion of an end product testing for sterility.

(vi) One hundred and forty (140) patients received the batches of compounded Formoterol 12mcg/Budesonide 0.5mg/2.5ml all recorded under Lot #FBB00022 which were compounded on 12/07/12, 12/05/12, 11/26/12 and 11/23/12. The drug was dispensed to all one hundred and forty (140) patients before completion of an end product testing for sterility.

SIXTEENTH CAUSE FOR DISCIPLINE (RESPONDENT PHARMACY)

(Dispensing/Sale of Expired Drug)

50. Respondent Pharmacy is subject to disciplinary action under Code sections 4301, subdivisions (j) and (c), and 4169, subdivision (a)(4) as defined under Code section 4076, subdivision (a)(9), in that on or about December 10, 2012, during a second Board inspection, Respondent Le allowed the selling of a compounded drug labeled with an expired date on the 3000ml batch of Levalbuterol 0.63mg/ipratropium 0.5mg/3ml under Lot #LFP016 which was compounded on 11/23/12 with an expiration date of 01/23/12. This drug was dispensed as follows:

a. On 11/23/12 to Patient E.D. on RX 058028 with an expiration date of 01/23/12;

b. On 12/07/12 to Patient L.L. on RX 48575 with an expiration date of 01/23/12.

SEVENTEENTH CAUSE FOR DISCIPLINE (RESPONDENT PHARMACY)

(Failure to Include Expiration Date on Labels)

51. Respondent Pharmacy is subject to disciplinary action under Code sections 4301, subdivisions (j) and (c), and 4169, subdivision (a)(3) as defined under Health and Safety Code section 111335 and CCR section 1735.4, subdivision (c), in that on or about December 10, 2012,

during a second Board inspection, Respondent Le allowed the dispensing of misbranded unit-dose containers of the following drugs which contained no expiration dates on the labels:

- a. Compounded Levalbuterol 0.63mg/Ipratropium 0.5mg/3ml;
- b. Compounded Formoterol 12mcg/Budesonide 0.5mg/2.5ml;
- c. Compounded Levalbuterol 1.25mg/Ipratropium 0.5mg/3ml;
- d. Compounded Levalbuterol 1mg/3ml.

EIGHTEENTH CAUSE FOR DISCIPLINE (RESPONDENT PHARMACY)

(Purchase of Dangerous Drugs from Unlicensed Entity)

52. Respondent Pharmacy is subject to disciplinary action under Code sections 4301, subdivisions (j) and (o), and 4169, subdivision (a)(1), in that on or about December 10, 2012, during a second Board inspection, Board Inspectors discovered that Respondent Le purchased Levalbuterol powder from a non-licensed wholesale distributor - Compounding Direct in Quebec Canada, which was manufactured by AARTI Industries without first confirming that the manufacturer was licensed by the Food and Drugs Administration. The circumstances are as follows:

- a. On or about 12/02/2011, Respondent Pharmacy purchased from Compounding Direct Levalbuterol Powder USP 3x100gms for \$4,500.
- b. On or about 07/13/2012, Respondent Pharmacy purchased from Compounding Direct Levalbuterol Powder USP 3x100gms for \$4,500.

NINETEENTH CAUSE FOR DISCIPLINE (RESPONDENT PHARMACY)

(Embargoed Misbranded Dangerous Drugs)

53. Respondent Pharmacy is subject to disciplinary action under Code sections 4301, subdivisions (j) and (o), and 4169, subdivision (a) and 4084, subdivisions (a) and (f), in that on or about December 10, 2012, during a second Board inspection, Board Inspectors sealed and embargoed the following compounded unit-dose vials for destruction for lacking expiration dates on the labels:

- a. 768 vials of Levalbuterol 1.25mg/Ipratropium 0.5mg/3ml;
- b. 938 vials of Formoterol 12mcg/Budesonide 0.5mg/2.5ml;

21

Accusation

- c. 1083 vials of Levalbuterol 1mg/3ml.

TWENTIETH CAUSE FOR DISCIPLINE (RESPONDENT PHARMACY)

(Failure to Maintain Facility and Equipment Standards)

54. Respondent Pharmacy is subject to disciplinary action under Code section 4301, subdivision (o), and CCR section 1751.4, subdivision (d), in that on or about December 10, 2012, during a second Board inspection, Respondent Le advised the Board Inspectors that the walls and ceiling in the cleanroom for sterile injectable compounding had not been cleaned, and there was no cleaning record.

TWENTY-FIRST CAUSE FOR DISCIPLINE (RESPONDENT PHARMACY)

(Drugs Lacking Quality and Strength)

55. Respondent Pharmacy is subject to disciplinary action under Code sections 4301, subdivisions (j) and (o), and 4342, subdivision (a), in that on or about December 10, 2012, during a second Board inspection, Board Inspectors discovered drugs maintained at Respondent Pharmacy that did not conform to the standard and tests as to quality and strength, as follows:

- a. Unlabeled Formoterol 2.5 Stock Solution was in the refrigerator with no label to identify the date the drug was compounded or the expiration date;
- b. Unlabeled Benzalkonium Chloride 17% bottle was in the refrigerator with no label to identify the date the drug was compounded or the expiration date;
- c. Expired tryptic soy broth solutions were used to test if the drugs were sterile. The solutions expired on 02/24/11 and 05/18/12;
- d. The embargoed misbranded compounded drugs which lacked compounding records to determine the quality and strength included:
 - (i) 768 vials of Levalbuterol 1.25mg/Ipratropium 0.5mg/3ml;
 - (ii) 938 vials of Formoterol 12mcg/Budesonide 0.5mg/2.5ml;
 - (iii) 1083 vials of Levalbuterol 1mg/3ml.

TWENTY-SECOND CAUSE FOR DISCIPLINE (RESPONDENT LE)

(Failure to Maintain Compounding Training Documentation)

56. Respondent Le is subject to disciplinary action under Code section 4301, subdivision (o), in conjunction with CCR sections 1735.7, subdivisions (a) and (b), and 1751.6, subdivision (b), in that Respondent Le failed to maintain written documentation and on-going competency evaluation to demonstrate her staff had the skills and training required to properly and accurately perform their assigned responsibilities relating to compounding. The circumstances are as follows:

- a. On or about December 19, 2011, during a Board inspection at Respondent Pharmacy, Respondent Le failed to complete the first section of the compounding self-assessment prior to compounding orally-inhaled products, and failed to complete the second section prior to compounding sterile injectable drugs and TPN admixtures.

- b. On or about December 10, 2012, during a second Board inspection at Respondent Pharmacy, Respondent Le failed to complete the first section of the compounding self-assessment prior to compounding, and failed to complete the second section prior to compounding sterile injectable drugs and TPN admixtures.

TWENTY-THIRD CAUSE FOR DISCIPLINE (RESPONDENT LE)

(Misbranded Drugs)

57. Respondent Le is subject to disciplinary action under Code sections 4301, subdivisions (j) and (o), and 4169, subdivision (a)(3), as defined under Health and Safety Code section 111335, in that during the Board's inspection on December 19, 2011, she allowed the selling of misbranded drugs with the expiration dates greater than the ingredients' expiration as shown on the following compounded drug products:

- a. Compounded Levalbuterol 1mg/3ml inhalation solution in Lot #LL001 was prepared on 06/17/11 with the ingredient levalbuterol powder by Spectrum under Lot #VJ1342 with an original expiration date in 08/11, but the levalbuterol powder and citric acid anhydrous powder's expiration dates were altered to reflect later dates, such that the compound was issued an expiration date of 09/16/11, resulting in one (1) patient receiving an expired drug.

23

Accusation

- b. Compounded Levalbuterol 1mg/3ml inhalation solution in Lot #LL002 was prepared on 06/17/11 with the ingredient levalbuterol powder by Spectrum under Lot #VJ1342 with an original expiration date in 08/11, but the levalbuterol powder and citric acid anhydrous powder's expiration dates were altered to reflect later dates, such that the compound was issued an expiration date of 09/16/11, resulting in six (6) patients receiving an expired drug.

- c. Compounded Levalbuterol 1mg/3ml inhalation solution in Lot #LL003 was prepared on 08/10/11 with the ingredient levalbuterol powder by Spectrum under Lot #VJ1342 with an original expiration date in 08/11, but the levalbuterol powder and citric acid anhydrous powder's expiration dates were altered to reflect later dates, such that the compound was issued an expiration date of 11/09/11, resulting in eighteen (18) patients receiving an expired drug.

- d. Compounded Levalbuterol 0.63mg/Ipratropium 0.5mg/3ml inhalation solution in Lot #LP013 was prepared on 08/11/11 with the ingredient levalbuterol powder by Spectrum under Lot #VJ1342 with an original expiration date in 08/11, both the levalbuterol powder and the Ipratropium expiration dates were altered to reflect later dates such that the compound was issued an expiration date of 11/10/11, resulting in ten (10) patients receiving an expired drug.

- e. Compounded Formoterol 12mcg/Budesonide 500mcg/2.5ml inhalation solution in Lot #FBB009 was prepared on 11/18/11 with the ingredient polysorbate 80 by Letco listed under Lot #10200811 with an original expiration date of 12/11, but the ingredient's expiration date was altered to reflect a later date, such that the compound was issued an expiration date of 01/17/12, resulting in thirty (30) patients receiving an expired drug.

TWENTY-FOURTH CAUSE FOR DISCIPLINE (RESPONDENT LE)

(Failure to Complete Self-Assessment)

58. Respondent Le is subject to disciplinary action under Code section 4301, subdivision (o) and CCR section 1735.2, subdivision (j), in that she failed to complete a self-assessment. The circumstances are as follows:

- a. On or about December 19, 2011, during a Board inspection at Respondent Pharmacy, Respondent Le failed to complete the first section of the compounding self-assessment prior to

3 b. On or about December 10, 2012, during a second Board inspection at Respondent
4 Pharmacy, Respondent Le failed to complete the first section of the compounding self-assessment
5 prior to compounding, and failed to complete the second section prior to compounding sterile
6 injectable drugs and TPN admixtures.

7 **TWENTY-FIFTH CAUSE FOR DISCIPLINE (RESPONDENT LE)**

8 **(Failure to Maintain Records for Compounded Products)**

9 59. Respondent Le is subject to disciplinary action under Code section 4301, subdivision
10 (o), and CCR section 1735.3, subdivision (c), in that she failed to maintain proper records for
11 chemical products as follows:

12 a. On or about December 19, 2011, during a Board inspection at Respondent Pharmacy,
13 Respondent Le failed to maintain the Certificates of Analysis as required for chemicals, bulk
14 drugs substances, drug products, and components used in compounding.

15 **TWENTY-SIXTH CAUSE FOR DISCIPLINE (RESPONDENT LE)**

16 **(Failure to Maintain Compounding Policies and Procedures)**

17 60. Respondent Le is subject to disciplinary action under Code section 4301, subdivision
18 (o), and CCR section 1735.5, subdivisions (a) and (b), in that during a Board inspection at
19 Respondent Pharmacy on December 19, 2011, Respondent Le failed to maintain a written policies
20 and procedures manual related to compounding that establishes procurement procedures,
21 methodologies for formulation and compounding drugs, facilities and equipment cleaning,

23 **TWENTY-SEVENTH CAUSE FOR DISCIPLINE (RESPONDENT LE)**

24 **(Failure to Maintain Licensed Employee Policies and Procedures)**

25 61. Respondent Le is subject to disciplinary action under Code sections 4301,
26 subdivisions (j) and (o), and 4104, subdivision (b), in that during a Board inspection at
27 Respondent Pharmacy on December 19, 2011, Respondent Le failed to maintain a written policies
28

1 and procedures manual addressing chemical, mental, or physical impairment, theft, diversion, or
2 self-use of dangerous drugs for the licensed employees.

3 **TWENTY-EIGHTH CAUSE FOR DISCIPLINE (RESPONDENT LE)**

4 **(Failure to Maintain Facilities and Equipment Records)**

5 62. Respondent Le is subject to disciplinary action under Code section 4301, subdivision
6 (o), and CCR section 1735.6, subdivisions (e), (b) and (c), in that during a Board inspection at
7 Respondent Pharmacy on December 19, 2011, Respondent Le failed to maintain written
8 documentation for monitoring the safe use of compounding facilities and equipment, failed to
9 maintain written documentation for the calibration or adjustment of the equipment including the
10 scales, incubator, the TPN compounded, and failed to maintain documentation related to the
11 cleaning of the pharmacy's facilities and equipment.

12 **TWENTY-NINTH CAUSE FOR DISCIPLINE (RESPONDENT LE)**

13 **(Failure to Maintain Compounding Quality Assurance Plan)**

14 63. Respondent Le is subject to disciplinary action under Code section 4301, subdivision
15 (o), and CCR section 1735.8, subdivisions (a) and (c), in that during Board inspections at
16 Respondent Pharmacy on December 19, 2011 and December 10, 2012, Respondent Le failed to
17 maintain a written quality assurance plan, and failed to conduct qualitative or quantitative
18 analysis of the pharmacy's compounded drug products to ensure the integrity, potency, quality,
19 and labeled strength.

20 **THIRTIETH CAUSE FOR DISCIPLINE (RESPONDENT LE)**

21 **(Unprofessional Conduct: Act of Moral Turpitude, Dishonesty, Fraud, Deceit, Corruption)**

22 64. Respondent Le is subject to disciplinary action under Code sections 4301, subdivision
23 (f) and 4301, subdivision (q) for unprofessional conduct, in that during a Board inspection at
24 Respondent Pharmacy on December 19, 2011, Respondent Le and pharmacy technician
25 Respondent Nguyen committed an act of moral turpitude, dishonesty, fraud, deceit, or corruption,
26 which attempted to subvert the Board's investigation. The circumstances are as follows:

27 a. Respondent Le requested Respondent Nguyen to make copies of the original
28 compounding records upon request by the Board Inspector. Respondent Nguyen altered the

1 expiration dates on the ingredients levobutolol, ipratropium, polysorbate and citric acid on the
2 pharmacy's compounding records at Respondent Le's request.

3 b. Complainant refers to and incorporates the allegations contained in the Second Cause
4 for Discipline, as though set forth fully.

5 **THIRTY-FIRST CAUSE FOR DISCIPLINE (RESPONDENT LE)**

6 **(Unprofessional Conduct: False Document/Misrepresentation)**

7 65. Respondent Le is subject to disciplinary action under Code sections 4301, subdivision
8 (g) and 4301, subdivision (q) for unprofessional conduct, in that during a Board inspection at
9 Respondent Pharmacy on December 19, 2011, Respondent Le and pharmacy technician
10 Respondent Nguyen knowingly made documents which falsely represented the existence or non-
11 existence of facts in an attempt to subvert the Board's investigation. The circumstances are as
12 follows:

13 a. Respondent Le requested Respondent Nguyen to make copies of the original
14 compounding records upon request by the Board Inspector. Respondent Nguyen altered the
15 expiration dates on the ingredients levobutolol, ipratropium, polysorbate and citric acid on the
16 pharmacy's compounding records at Respondent Le's request.

17 b. Complainant refers to and incorporates the allegations contained in the Second Cause
18 for Discipline, as though set forth fully.

19 **THIRTY-SECOND CAUSE FOR DISCIPLINE (RESPONDENT LE)**

20 **(Failure to Maintain Security of Dangerous Drugs)**

21 66. Respondent Le is subject to disciplinary action under Code sections 4301,
22 subdivisions (j) and (o), and 4116, subdivision (a), in conjunction with CCR section 1714,
23 subdivision (d), in that she failed to ensure that the area where dangerous drugs was stored,
24 possessed, prepared, manufactured, derived, compounded, disposed or repackaged was restricted
25 to a pharmacist, and that a pharmacist remained present when other individuals were present. The
26 circumstances are as follows:
27
28

1 a. On or about December 10, 2012, during a second Board inspection, Respondent
2 Pharmacy granted the following employees access to the pharmacy where dangerous drugs were
3 stored by using name badge keyless entry during after hours:

4 (i) Name: "Cleaning Personnel" had access to the pharmacy after closing from
5 "6pm to 2am on Tues/Thurs/Sat."

6 (ii) Name: "Information Technology" (IT) had 24 hour access to pharmacy
7 "Always On."

8 (iii) Name: "Managers" had 24 hour access to pharmacy "Always On."

9 (iv) Name: "Master" had 24 hour access to pharmacy "Always On."

10 (v) Name: "Pharmacists" had 24 hour access to pharmacy "Always On."

11 (vi) Name: "Pharmacy Staff" had access to pharmacy "7am-7pm M-F/Sat/Sun."

12 b. On or about December 10, 2012, during a second Board inspection, before
13 Respondent Le arrived at the pharmacy at 09:35 a.m., there were 6 pharmacy staff inside the
14 pharmacy without a pharmacist present, and 9 pharmacy staff present by 09:35 a.m. when
15 Respondent Le arrived.

16 **THIRTY-THIRD CAUSE FOR DISCIPLINE (RESPONDENT LE)**

17 **(Failure to Maintain Operational Standards and Security)**

18 67. Respondent Le is subject to disciplinary action under Code section 4301, subdivision
19 (o), and CCR section 1714, subdivision (e), in that she allowed multiple personnel to have
20 possession of a key to the pharmacy which was not maintained in a tamper evident container.
21 The circumstances are as follows:

22 a. On or about December 10, 2012, during a second Board inspection, Respondent Le
23 allowed the owners, family members, and/or managers of Respondent Pharmacy to set the
24 "Access Levels" for the scanned name badge keyless entry into the pharmacy without creating a
25 tamper evident process which would restrict entry into the pharmacy to only the pharmacist or
26 during an emergency.

THIRTY-FOURTH CAUSE FOR DISCIPLINE (RESPONDENT LE)

(Failure to Maintain Operations Policy During Pharmacist Absence)

68. Respondent Le is subject to disciplinary action under Code section 4301, subdivision (o), and CCR section 1714.1, subdivision (f), in that on or about December 10, 2012, during a second Board inspection, she failed to maintain written policies and procedures regarding the operations of the pharmacy during the temporary absence of the pharmacist.

THIRTY-FIFTH CAUSE FOR DISCIPLINE (RESPONDENT LE)

(Failure to Maintain Proper Records of Compounded Drug Products/Supervision)

69. Respondent Le is subject to disciplinary action under Code section 4301, subdivision (o), and CCR section 1735.3, subdivisions (a)(3), (4), (6), (7), and (9), in conjunction with CCR section 1793.7, subdivision (b), in that on or about December 10, 2012, during a second Board inspection, Respondent Le failed to maintain proper records of the compounded drug products, and maintain proper supervision of the pharmacy technicians. The circumstances are as follows:

a. From about November 14, 2012 to about December 7, 2012, Respondent Le allowed pharmacy technician A.Y. to compound non-sterile to sterile filtered unit dose oral inhalation drugs without documenting on the compounding form the manufacturer and Lot numbers for each ingredient, the equipment used in compounding, the expiration date of each ingredient to confirm the final compounded drug product's expiration date.

b. From about November 14, 2012 to about December 7, 2012, pharmacy technician A.Y. did not sign the compounding forms identifying that he compounded the drug products, and Respondent Le did not sign the compounding forms identifying that she reviewed the final drug product, or that she was directly supervising A.Y. in the maintenance of the compounding records. As a result of the lack of supervision, Respondent Le allowed the following to occur:

(i) Two (2) patients received the batch of compounded Levalbuterol 0.63mg/Ipratropium 0.5mg/3ml under Lot #LP016 that which was compounded on 11/23/12 without documentation on the compounding records of any of the drug manufacturers, lot numbers, or expiration dates for any of the ingredients used in the compound. There was no

record of who compounded the drug or who verified the end product. The drug was dispensed to both patients before completion of an end product testing for sterility.

(ii) Five (5) patients received the batch of compounded Formoterol 12mcg/Budesonide 0.5mg/2.5ml under Lot #FBB00021 which was compounded on 12/05/12 without documentation on the compounding records of any of the drug manufacturers, lot numbers, or expiration dates for any of the ingredients used in the compound. There was no record of who compounded the drug or who verified the end product. The drug was dispensed to all five (5) patients before completion of an end product testing for sterility.

(iii) Fifty (50) patients received the batch of compounded Levalbuterol 1.25mg/Ipratropium 0.5mg/3ml under Lot #LPP310 which was compounded on 11/20/12 without documentation on the compounding records of any of the drug manufacturers, lot numbers, or expiration dates for any of the ingredients used in the compound. There was no record of who compounded the drug or who verified the end product. The drug was dispensed to thirty-three (33) of the fifty (50) patients before completion of an end product testing for sterility.

(iv) Seven (7) patients received the batch of compounded Levalbuterol 1mg/3ml under Lot #LL012 which was compounded on 12/05/12 without documentation on the compounding records of any of the drug manufacturers, lot numbers, or expiration dates for any of the ingredients used in the compound. There was no record of who compounded the drug or who verified the end product. The drug was dispensed to all seven (7) patients before completion of an end product testing for sterility.

(v) Twenty-nine (29) patients received the batch of compounded Levalbuterol 1mg/3ml under Lot #LL011 which was compounded on 11/14/12 without documentation on the compounding records of any of the drug manufacturers, lot numbers, or expiration dates for any of the ingredients used in the compound. There was no record of who compounded the drug or who verified the end product. The drug was dispensed to nineteen (19) of the twenty-nine (29) patients before completion of an end product testing for sterility.

(vi) One hundred and forty (140) patients received the batches of compounded Formoterol 12mcg/Budesonide 0.5mg/2.5ml all recorded under Lot #FBB00022 which were

compounded on 12/07/12, 12/05/12, 11/26/12 and 11/23/12 without documentation on the compounding records of any of the drug manufacturers, lot numbers, or expiration dates for any of the ingredients used in the compound. There was no record of who compounded the drug or who verified the end product. The drug was dispensed to all one hundred and forty (140) patients before completion of an end product testing for sterility.

THIRTY-SIXTH CAUSE FOR DISCIPLINE (RESPONDENT LE)

(Failure to Ensure Compounding Limitations and Requirements)

70. Respondent Le is subject to disciplinary action under Code section 4301, subdivision (o), and CCR section 1735.2, subdivision (f), in conjunction with CCR section 1735.1, subdivision (c), in that on or about December 10, 2012, during a second Board inspection, Respondent Le failed to ensure the integrity, potency, quality, and labeled strength of the compounded drug products until they were dispensed. The circumstances are as follows:

a. Respondent Le conducted quality testing on the end product of the compounded non-sterile to sterile orally inhaled filtered drugs by using a tryptic soy broth medium to confirm the absence of harmful bacteria contaminants. These batches were not quarantined but instead dispensed to patients before the fourteen (14) day testing period for sterility and prior to confirming the "Quality" was sterile for the following batches:

(i) Two (2) patients received the batch of compounded Levalbuterol 0.63mg/Ipratropium 0.5mg/3ml under Lot #LP016 that which was compounded on 11/23/12. The drug was dispensed to both patients before completion of an end product testing for sterility.

(ii) Five (5) patients received the batch of compounded Formoterol 12mcg/Budesonide 0.5mg/2.5ml under Lot #FBB00021 which was compounded on 12/05/12. The drug was dispensed to all five (5) patients before completion of an end product testing for sterility.

(iii) Fifty (50) patients received the batch of compounded Levalbuterol 1.25mg/Ipratropium 0.5mg/3ml under Lot #LPP310 which was compounded on 11/20/12. The drug was dispensed to thirty-three (33) of the fifty (50) patients before completion of an end product testing for sterility.

(iv) Seven (7) patients received the batch of compounded Levalbuterol 1mg/3ml under Lot #LL012 which was compounded on 12/05/12. The drug was dispensed to all seven (7) patients before completion of an end product testing for sterility.

(v) Twenty-nine (29) patients received the batch of compounded Levalbuterol 1mg/3ml under Lot #LL011 which was compounded on 11/14/12. The drug was dispensed to nineteen (19) of the twenty-nine (29) patients before completion of an end product testing for sterility.

(vi) One hundred and forty (140) patients received the batches of compounded Formoterol 12mcg/Budesonide 0.5mg/2.5ml all recorded under Lot #FBB00022 which were compounded on 12/07/12, 12/05/12, 11/26/12 and 11/23/12. The drug was dispensed to all one hundred and forty (140) patients before completion of an end product testing for sterility.

THIRTY-SEVENTH CAUSE FOR DISCIPLINE (RESPONDENT LE)

(Dispensing/Sale of Expired Drug)

71. Respondent Le is subject to disciplinary action under Code sections 4301, subdivisions (j) and (o), and 4169, subdivision (a)(4) as defined under Business and Professions Code section 4076, subdivision (a)(9), in that on or about December 10, 2012, during a second Board inspection, Respondent Le allowed the selling of a compounded drug labeled with an expired date on the 3000ml batch of Levalbuterol 0.63/Ipratropium 0.5mg/3ml under Lot #LP016 which was compounded on 11/23/12 with an expiration date of 01/23/12. This drug was dispensed as follows:

a. On 11/23/12 to Patient E.D. on RX 058028 with an expiration date of 01/23/12;

b. On 12/07/12 to Patient L.L. on RX 48575 with an expiration date of 01/23/12.

THIRTY-EIGHTH CAUSE FOR DISCIPLINE (RESPONDENT LE)

(Failure to Include Expiration Date on Labels)

72. Respondent Le is subject to disciplinary action under Code sections 4301, subdivisions (j) and (o), and 4169, subdivision (a)(3) as defined under Health and Safety Code section 111335 and CCR section 1735.4, subdivision (c), in that on or about December 10, 2012,

during a second Board inspection, Respondent Le allowed the dispensing of misbranded unit-dose containers of the following drugs which contained no expiration dates on the labels:

- a. Compounded Levalbuterol 0.63mg/Ipratropium 0.5mg/3ml;
- b. Compounded Formoterol 12mcg/Budesonide 0.5mg/2.5ml;
- c. Compounded Levalbuterol 1.25mg/Ipratropium 0.5mg/3ml;
- d. Compounded Levalbuterol 1mg/3ml.

THIRTY-NINTH CAUSE FOR DISCIPLINE (RESPONDENT LE)

(Purchase of Dangerous Drugs from Unlicensed Entity)

73. Respondent Le is subject to disciplinary action under Code sections 4301, subdivisions (j) and (o), and 4169, subdivision (a)(1), in that on or about December 10, 2012, during a second Board inspection, Board inspectors discovered that Respondent Le purchased Levalbuterol powder from a non-licensed wholesale distributor - Compounding Direct in Quebec Canada, which was manufactured by AARTI Industries without first confirming that the manufacturer was licensed by the Food and Drugs Administration. The circumstances are as follows:

- a. On or about 12/02/2011, Respondent Pharmacy purchased from Compounding Direct Levalbuterol Powder USP 3x100gms for \$4,500.
- b. On or about 07/13/2012, Respondent Pharmacy purchased from Compounding Direct Levalbuterol Powder USP 3x100gms for \$4,500.

FORTIETH CAUSE FOR DISCIPLINE (RESPONDENT LE)

(Embargued Misbranded Dangerous Drugs)

74. Respondent Le is subject to disciplinary action under Code sections 4301, subdivisions (j) and (o), in conjunction with 4169, subdivision (a) and 4084, subdivisions (a) and (f), in that on or about December 10, 2012, during a second Board inspection, Board inspectors sealed and embargoed the following compounded unit-dose vials for destruction for lacking expiration dates on the labels:

- a. 768 vials of Levalbuterol 1.25mg/Ipratropium 0.5mg/3ml;
- b. 938 vials of Formoterol 12mcg/Budesonide 0.5mg/2.5ml;

- c. 1083 vials of Levalbuterol 1mg/3ml.

FORTY-FIRST CAUSE FOR DISCIPLINE (RESPONDENT LE)

(Failure to Maintain Facility and Equipment Standards)

75. Respondent Le is subject to disciplinary action under Code section 4301, subdivision (o), and CCR section 1751.4, subdivision (d), in that on or about December 10, 2012, during a second Board inspection, Respondent Le advised the Board inspectors that the walls and ceiling in the cleanroom for sterile injectable compounding had not been cleaned, and there was no cleaning record.

FORTY-SECOND CAUSE FOR DISCIPLINE (RESPONDENT LE)

(Drugs Lacking Quality and Strength)

76. Respondent Le is subject to disciplinary action under Code sections 4301, subdivisions (j) and (o), and 4342, subdivision (a), in that on or about December 10, 2012, during a second Board inspection, Board inspectors discovered drugs maintained at Respondent Pharmacy that did not conform to the standard and tests as to quality and strength, as follows:

- a. Unlabeled Formoterol 2.5 Stock Solution was in the refrigerator with no label to identify the date the drug was compounded or the expiration date;
- b. Unlabeled Benzalkonium Chloride 17% bottle was in the refrigerator with no label to identify the date the drug was compounded or the expiration date;
- c. Expired tryptic soy broth solutions were used to test if the drugs were sterile. The solutions expired on 02/24/11 and 05/18/12;
- d. The embargoed misbranded compounded drugs which lacked compounding records to determine the quality and strength included:
 - (i) 768 vials of Levalbuterol 1.25mg/Ipratropium 0.5mg/3ml;
 - (ii) 938 vials of Formoterol 12mcg/Budesonide 0.5mg/2.5ml;
 - (iii) 1083 vials of Levalbuterol 1mg/3ml.

FORTY-THIRD CAUSE FOR DISCIPLINE (RESPONDENT NGUYEN)

(Unprofessional Conduct: Act of Moral Turpitude, Dishonesty, Fraud, Deceit, Corruption)

77. Respondent Nguyen is subject to disciplinary action under Code sections 4301, subdivision (f) and 4301, subdivision (q) for unprofessional conduct, in that during a Board inspection at Respondent Pharmacy on December 19, 2011, Respondent Le and pharmacy technician Respondent Nguyen committed an act of moral turpitude, dishonesty, fraud, deceit, or corruption, which attempted to subvert the Board's investigation. The circumstances are as follows:

- a. Respondent Le requested Respondent Nguyen to make copies of the original compounding records upon request by the Board Inspector. Respondent Nguyen altered the expiration dates on the ingredients levalbuterol, ipratropium, polysorbate and citric acid on the pharmacy's compounding records at Respondent Le's request.
- b. Complainant refers to and incorporates the allegations contained in the Second Cause for Discipline, as though set forth fully.

FORTY-FOURTH CAUSE FOR DISCIPLINE (RESPONDENT NGUYEN)

(Unprofessional Conduct: False Documents/Misrepresentation)

78. Respondent Nguyen is subject to disciplinary action under Code sections 4301, subdivision (g) and 4301, subdivision (q) for unprofessional conduct, in that during a Board inspection at Respondent Pharmacy on December 19, 2011, Respondent Le and pharmacy technician Respondent Nguyen knowingly made documents which falsely represented the existence or non-existence of facts in an attempt to subvert the Board's investigation. The circumstances are as follows:

- a. Respondent Le requested Respondent Nguyen to make copies of the original compounding records upon request by the Board Inspector. Respondent Nguyen altered the expiration dates on the ingredients levalbuterol, ipratropium, polysorbate and citric acid on the pharmacy's compounding records at Respondent Le's request.
- b. Complainant refers to and incorporates the allegations contained in the Second Cause for Discipline, as though set forth fully.

DISCIPLINE CONSIDERATIONS

79. To determine the degree of discipline, if any, to be imposed on Respondent Pharmacy, Complainant alleges that on or about February 27, 2004, in a prior action, the Board issued Citation Number CI 2002 25346 in the amount of \$1,600 for violation of CCR sections 1751.7, subdivisions (a), (d) and (e); 1751.5; 1751.8, subdivision (f), 1716.2, 1714, subdivision (b); 1715 subdivisions (a) and (b); 1793.7, subdivision (b); and Code section 4116. Respondent Pharmacy has fully complied with the Citation.

PRAYER

WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged, and that following the hearing, the Board of Pharmacy issue a decision:

1. Revoking or suspending Permit Number PHY 45943, issued to Super Care, Inc. dba Supercare; Gabriel Cassar (President); Micheline Cassar (Chief Executive Officer); John L. Cassar (Vice President); Michael Cassar (Shareholder);
2. Revoking or suspending Pharmacist License No. RPH 25650, issued to Gabriel John Cassar, a.k.a. Gabriel Cassar;
3. Revoking or suspending Pharmacist License No. RPH 57903, issued to Katherine Thi Le, a.k.a. Katherine Le;
4. Revoking or suspending Pharmacy Technician Registration TCH 89616, issued to Tuan Kieu Nguyen;
5. Ordering Super Care, Inc. dba Supercare, Gabriel John Cassar, a.k.a. Gabriel Cassar, Katherine Thi Le, a.k.a. Katherine Le, and Tuan Kieu Nguyen, to pay the Board of Pharmacy the reasonable costs of the investigation and enforcement of this case, pursuant to Business and Professions Code section 125.3;

DECISION AND ORDER

The attached Proposed Decision of the Administrative Law Judge is hereby adopted by
the Board of Pharmacy, Department of Consumer Affairs, as its Decision in this matter.

This Decision shall become effective at 5:00 p.m. on July 2, 2019.

It is so ORDERED on June 3, 2019.

BOARD OF PHARMACY
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

By

Victor Law, R.Ph.
Board President

Complainant portrays respondents as being complicit in the overdose death of one of their patients, who sought drugs from several doctors and numerous pharmacies, and that respondents were reckless in violating their corresponding responsibility in refilling early 65 prescriptions for four patients. As for two other drug-seeking patients who forged prescriptions while seeking non-opioids, respondents are accused of again failing in their corresponding responsibility by prescribing to them drugs from the forged prescriptions, even though respondents were ultimately the only ones among many involved pharmacists and pharmacists to detect the drug-seeking and stop it. Respondents are also accused of various regulatory violations in how they documented and dispensed drugs, as well as altering three prescriptions in an attempt to foil the investigation underlying this case.

Although it was not established that respondents were responsible for the overdose death of the one patient, they did violate their corresponding responsibility by refilling 65 prescriptions early for four of their patients, including the one who overdosed. As for the two other drug-seeking patients who forged prescriptions while seeking non-opioids, respondents also failed to exercise their corresponding responsibility by missing two red flags and still prescribing to them drugs from the forged prescriptions, albeit with significant mitigating facts. Complainant failed to establish many of the regulatory violations alleged against respondents, but did prove Anthony Cassar altered three prescriptions by adding to them, after the fact, information not contained on the originals, though it was not established the added information was false. Respondents established significant evidence of mitigation and rehabilitation. Under these circumstances, moderate discipline is warranted. Moreover, some of the investigation and prosecution costs sought by complainant are unreasonable and unnecessary and therefore are reduced accordingly.

FACTUAL FINDINGS

Parties and Jurisdiction

1. On a date not established, an Accusation was filed against respondents by complainant in her official capacity.

2. On January 12, 2017, a Notice of Defense was filed on behalf of respondents, which requested a hearing to challenge the allegations of the Accusation.

Case No. 4828

OA# No. 2017090986

PROPOSED DECISION

This matter was heard by Eric Sawyer, Administrative Law Judge (ALJ), Office of Administrative Hearings, State of California, on April 16 through 20, 2018, and October 29 through November 2, 2018, in Los Angeles.

Morgan Malek, Deputy Attorney General, represented Virginia K. Herold (complainant), Executive Officer of the Board of Pharmacy (Board).

Armond Marvarian, Esq., represented respondents Pharmacy Care Network, Inc., dba Kanan Pharmacy & Medical Supplies, and Anthony Cassar, who was present each day.

The record was held open after the conclusion of the hearing for the parties to submit closing briefs, which were timely received and marked as follows: complainant's brief (ex. 26), respondents' brief (ex. 27), and complainant's rebuttal (ex. 27). The record was closed and the matter submitted for decision upon receipt of the last brief on February 13, 2019.

SUMMARY

This country's opioid crisis has produced many victims.

5. On May 18, 2004, the Board issued Pharmacy Permit Number PHY 46707 (or permit) to Pharmacy Care Network, Inc., dba Kanan Pharmacy & Medical Supplies (respondent Kanan Pharmacy). Anthony John Cassar (respondent Cassar), who owns half of the business, is, and has been, the President and Pharmacist-In-Charge (or PIC) of respondent Kanan Pharmacy since May 18, 2004. Maria Cassar, respondent Cassar's wife, is, and has been, Secretary/Treasurer of respondent Kanan Pharmacy since May 18, 2004, and she owns the other half of the business. The permit was in force at all times relevant to the Second Amended Accusation and will expire on May 1, 2019, unless renewed.

6. On March 25, 1997, the Board issued Pharmacist License Number RPH 49326 (or license) to respondent Cassar. The license was in force at all times relevant to the Second Amended Accusation and will expire on May 31, 2020, unless renewed.

Respondents' Background and Record with the Board

7. Respondent Cassar received a bachelor degree from Loyola Marymount University and then married Maria, who he met in college. He graduated from the USC School of Pharmacy and was issued his pharmacy license from the Board. The Cassars have been married over 28 years and have two children, one in college and one in high school.

8. In March 2004, the Cassars purchased respondent Kanan Pharmacy, which is a moderate sized, independent pharmacy, open seven days a week, serving the areas of Calabasas to Westlake. Respondent Cassar is the PIC and manages the business; Mrs. Cassar does the bookkeeping.

9. Respondents have no prior disciplinary record with the Board.

10. On February 27, 2004, the Board issued Citation Number CI 2002 25346 in the amount of \$1,850 to respondent Cassar for the violations described below, which occurred on or about May 1 and 6, 2003. The citation was not appealed and became final.¹

The CURES Program

11. The Controlled Substance Utilization Review and Evaluation System (CURES) is a database that contains over 100 million entries of controlled substance drugs that were dispensed in California. CURES is part of a program developed by the California Department of Justice, Bureau of Narcotic Enforcement, which allows access to the Prescription Drug Monitoring Program (PDMP) system. The PDMP allows pre-registered users, including licensed healthcare prescribers eligible to prescribe controlled substances, pharmacists authorized to dispense controlled substances, law enforcement, and regulatory boards, to access patient controlled substance history information.

12. The CURES program started in 1998 and required mandatory monthly pharmacy reporting of dispensed Schedule II controlled substances and was amended in January 2005 to include mandatory weekly reporting of Schedule III through IV controlled substances. The data is sent to a data collection company, which sends the pharmacy confirmation that the data was received and lets the pharmacy know whether any data was rejected. The data is collected statewide and can be used by health care professionals such as pharmacists and prescribers to evaluate and determine whether their patients are utilizing their controlled substances correctly.

13. Board Inspector Valerie Sakamura and Supervising Inspector Janice Dang generally dismissed in their testimony the evolution and significance of the CURES program to pharmacists. However, Inspector Sakamura has no prior experience as a retail pharmacist, and Supervising Inspector Dang has limited experience that predated the start of the CURES

The Board's Investigation of the BK Complaint

17. On January 12, 2010, BK⁴ died. He was 26 years old at the time. His mother found him in his room unresponsive, apparently having overdosed. The cause of his death was later determined to be Oxycodone intoxication. (Exs. 9-11.)

18. BK's mother, who is a registered nurse, found a significant number of prescription bottles in BK's room when she found him on the day he died. (Exs. 13 & 18.) The prescription bottles were for medications that had been filled by respondents from September 10, 2009, to November 12, 2009.

19. On August 31, 2011, the Board received a complaint from BK's mother. The Board assigned the investigation to Inspector Sakamura. She discovered that most of the medications in question had been prescribed for BK by Lawrence Glass, Doctor of Osteopathy. Dr. Glass had been investigated by the Osteopathic Medical Board of California and disciplinary charges had been filed against his license on March 4, 2011. Dr. Glass committed suicide before the matter could be resolved.

20. In preparation for an inspection of respondents' pharmacy premises, Inspector Sakamura reviewed CURES data for respondent Kanan Pharmacy for the time period of October 1, 2008, through January 1, 2010. Inspector Sakamura learned from the data that there were 283 Schedules II through IV prescriptions filled during that period for 23 patients. Inspector Sakamura selected three of the 23 patients to review their controlled substance dispensing by respondents, i.e., KC, MS, and SM. Due to the complaint filed by BK's mother, Inspector Sakamura also requested and reviewed the same documentation for BK.

21. On March 15, 2013, Inspector Sakamura visited the Kanan Pharmacy premises. Respondent Cassar was acting as the PIC at that time and was present. Inspector Sakamura gave respondent Cassar the names of the three patients she had chosen from the CURES data and asked for their patient profiles, as well as the same information for BK. Respondent Cassar had the profiles printed. Inspector Sakamura also gave him a list of questions to answer for each of the four patients, as well as questions about Dr. Glass. Inspector Sakamura also asked how respondents dealt with forged prescriptions, prescriptions from drug seekers, and what tools were used to decide whether to fill a prescription.

22. On April 6, 2013, Inspector Sakamura received a statement from respondent Cassar responding to some of her questions. On April 22, 2013, Inspector Sakamura received copies of the patient profiles and prescriptions for the four patients in question and respondent Cassar's responses to Inspector Sakamura's remaining questions. Inspector Sakamura unrelated the information she received from respondents and arrived at a number of conclusions concerning the prescriptions for each of the four patients.

program. For that reason, their collective testimony on CURES was of limited value. On the other hand, two of respondents' witnesses, licensed pharmacist and character witness Ira Freeman, as well as pharmacist and pharmacy practices expert witness Jeb Sydejko, provided detailed and credible testimony concerning the evolution of CURES from its inception to the present. Both Freeman and Sydejko have significant retail pharmacy experience. In addition, Mr. Freeman was involved in the testing of the early versions of CURES. The testimony of Messrs. Freeman and Sydejko, as well as the corroborating testimony of respondent Cassar concerning his experience with CURES at the times in question, established the following facts concerning the evolution of CURES and standard of care for using it.³

14. When first implemented in 2008, CURES did not generate live data online. Instead, it operated as a fax response system, where a fax request would be made by a health care provider and a response would be received from the Department of Justice approximately 7-10 days later. Dr. Freeman testified that even though he was registered with CURES in 2008, he did not regularly make requests for information through CURES; he would only do so if he had a question about a particular prescription or if a prescriber had a question regarding a patient.

15. In 2010, CURES 1.0 became available as an online system. According to Messrs. Freeman and Sydejko, CURES 1.0 was better, but it still had limited use. It also had significant flaws. For example, the system was hard to access, logging in was difficult, many times the system locked up, frequent password changes were required, and there was little technical support available to users who were unable to access the system. According to Mr. Sydejko, by 2013 still less than half of licensed pharmacists used the system, because of the flaws and the Board's lack of aggressively promoting the system. In fact, the Legislature was required to increase funding for the system to address the operational flaws.

16. In May 2015, Dr. Freeman completed testing of CURES 2.0, and it was launched approximately three months later. CURES 2.0 is completely online and easy to access. Mr. Sydejko persuasively testified it was after the introduction of CURES 2.0 that it became the standard of care for pharmacists to run a CURES search on all prescriptions involving controlled substances, including opioids. There has never been a statute, regulation, or rule promulgated by the Board mandating the use of CURES.

³ As discussed in Legal Conclusions 1 through 3, two different standards of proof apply in this case. A finding will note when neither standard has been met. If only the lower standard has been met, the higher standard will not be mentioned. If a finding does not otherwise specify, both standards have been met.

EARLY REFILLS

23. In their testimony, Inspector Sakamura and Supervising Inspector Dang established that prescriptions are filled based on the number of "day supply" in the prescription. The primary reason the controlled substance drug fills are regulated is to prevent the abuse and misuse of controlled substances, like opioids or other addictive medications. If those substances are not closely regulated, a patient could theoretically visit multiple pharmacies asking for "early refills" simply to feed their addiction or to trade the drugs on the black market. As used in this case, an "early refill" is when a patient seeks a refill of the prescription before the day supply has ended. For example, if a patient is prescribed a medication in pill form, and is told by the prescribing physician to take one pill a day for 30 days, the pharmacist will dispense 30 pills, and the day supply is 30 days. If the patient seeks a refill before 30 days has elapsed from the time the initial prescription is filled (or dispensed), this means that either she has taken more than one pill a day, has lost one or more, is travelling when the prescription's day supply ends, or is seeking more medication than should be consumed, etc.

24. Inspectors Sakamura and Dang also established through their testimony that early refills can pose a potential red flag for abuse of narcotic prescriptions. An early refill of less than five days is not especially concerning, particularly where a pattern of such is not evident. However, a prudent pharmacist should notice a pattern of refills earlier than five days or any early refill of five days or more and require the patient to provide an explanation before refilling the prescription. The standard of care at the time required documentation of the excuse the patient offered in the event that the situation continued or the excuse was invalidated or both. By contrast, on this point, respondents' pharmacy practices expert, Mr. Sydejko, provided vague and conclusory testimony, which was not helpful and contrary to common sense.

Patient BK

25. Inspector Sakamura conducted a drug audit of the patient profile and prescriptions respondents produced for patient BK and she documented her findings in a spreadsheet.⁵ The audit of those records revealed that from March 26, 2009, through November 27, 2009, respondents filled 11 prescriptions (Oxycodone, Amphetamine/Adrenaline, Carisoprodol [Soma] and Norco) early by five or more days for patient BK.

26. A. As part of her investigation, Inspector Sakamura ran a CURES search on BK, which revealed that in 2009 BK had prescriptions filled by respondent Kanan Pharmacy and five other pharmacies (West Val Pharmacy, Longs Drugs, Costco, CVS and Rite Aid), and that Dr. Glass and three other physicians had prescribed medications for him. The data and evidence clearly established that, in 2009, BK was what is known as a "doctor shopper,"

⁵ A copy of Inspector Sakamura's spreadsheet documenting early refills for all four patients is on pages 42-44 of the Second Amended Accusation, and is incorporated herein by this reference. (Gov. Code, § 11425.50, subd. (b).)

7

in that he used multiple pharmacies and doctors to get more drugs than he needed for a legitimate medical purpose. For this reason, it was not established by either applicable evidentiary standard that BK's overdose death was attributable to respondents.

U. It is true that, had respondents used CURES information for BK during 2009, this activity would likely have been discovered. However, and as discussed in more detail above in the section entitled "The CURES Program," complainant failed to establish by either applicable evidentiary standard in this case that the law or standard of care in 2009 required respondents to use CURES in this way.

Patient KC

27. Inspector Sakamura conducted a drug audit of respondents' records for patient KC. The audit revealed that from February 6, 2009, through September 6, 2012, respondents filled 13 prescriptions (Morphine and Fentanyl) early by five or more days for patient KC.

Patient SM

28. Inspector Sakamura similarly conducted a drug audit of respondents' documents for patient SM. The audit of those records revealed that from January 2, 2009, through March 20, 2012, respondents filled 33 prescriptions (Alprazolam, Morphine, Methylphenidate, Methadone and Oxycodone) early by five or more days for patient SM.

Patient MS

29. Inspector Sakamura similarly conducted a drug audit of respondents' documents for patient MS. The audit of those records revealed that from January 16, 2009, through December 10, 2012, respondents filled eight prescriptions (Fentanyl, Morphine, Oxycodone and Diazepam) early by five or more days for MS.

Overall Early Refills Findings

30. Respondent Cassar failed to exercise or implement his best professional judgment and corresponding responsibility to ensure that controlled substances were dispensed for a legitimate medical purpose when respondents filled the above-described 65 prescriptions early by five days or more for patients KC, SM, MS, and BK, between April 6, 2009, and December 10, 2012. The early refills for the prescriptions led to these patients receiving more medications than they were prescribed for the given time periods. For each of these four patients, a pattern of early refills emerged. Yet, respondent Cassar did not establish that he either interceded in the situation or documented efforts to do so. Under these circumstances, the 65 prescriptions in question were not for a legitimate medical purpose, in that no patient should consume or have access to more medication during a particular time period than recommended by the prescriber.

8

and released all the medication at once, which led to symptoms resembling a heart attack. At that time, MS was still experiencing pain in his back, so Dr. Stark, who had replaced Dr. Glass after his suicide, decided to replace the Fentanyl patches with Oxycodone.

36. Respondent Cassar documented that he discussed with Dr. Glass a Fentanyl dosage of one to two patches every two days (ex. 24, p. 574) and the dosage change to only one patch every two days (*Id.* at p. 575). On January 8, 2011, respondent Cassar noted a contact with the doctor concerning an absorption issue. Respondent Cassar noted another dosage verification on May 23, 2011.

37. Respondent's pain management expert, Dr. Paul Choi, testified without contradiction that many pain management physicians use Fentanyl patches for a shorter duration than 72 hours because of what Dr. Choi described as "end-dose-failure," i.e., the patch not lasting 72 hours as it is designed. Respondent's pharmacy practices expert, Mr. Sydejko, testified without contradiction that the standard of care permits pharmacists to dispense Fentanyl patches dosed every two days. Mr. Sydejko also testified without contradiction that his research revealed approximately 25 percent of patients apply the Fentanyl patch every two days instead of every 72 hours. He also testified without contradiction that the standard of care does not require a pharmacist to question the dosage of a two-day Fentanyl application, but does allow the pharmacist to simply discuss the dosage with the patient, which respondent Cassar did with MS.

38. Under these circumstances, complainant failed to establish under either evidentiary standard that respondent Cassar committed acts or omissions that involved an inappropriate exercise of his education by filling the Fentanyl prescription to MS as he did.

RETAINING PRESCRIPTION RECORDS

39. As discussed above, on March 15, 2013, Inspector Sakamura requested respondents produce documentation concerning prescriptions for the four patients in question. On April 22, 2013, respondents produced documents in response. After reviewing these documents, Inspector Sakamura concluded records for six prescriptions were missing. She issued a notice of deficiency concerning the records she believed were missing. As a result, respondents produced another set of documents on September 3, 2013.

40. By the end of the first week of hearing, Inspector Sakamura conceded on cross-examination that, as a result of respondents' two document productions, she had received five of the six prescriptions in question. She testified that the only prescription still missing was RX 2208439, for a 10-day supply of "dext/amp," prescribed by Dr. Glass. However, the evidence established that respondents processed RX 2208439 on July 21, 2009, which was well more than three years before Inspector Sakamura requested a copy of it; and that respondents ultimately produced a copy of that prescription to Inspector Sakamura after receiving the notice of deficiency. On cross-examination during the second week of hearing, Inspector Sakamura admitted, "It seems they [respondents] kept long—records longer than

31. Respondents argued but failed to establish that complainant was unable to prove any of the above-described prescriptions were filled early because complainant failed to prove when the drugs were actually dispensed to the patients. The argument rests largely on the cross-examination testimony of Inspector Sakamura that she saw no documentation showing when the four patients in question actually picked up their prescriptions from respondent Kanan Pharmacy. However, Inspector Sakamura based her early refill computations solely on the documentation provided by respondents, who in turn failed to present any documentation showing the four patients picked up the 63 prescriptions in question on any other dates. As respondents were requested to provide all documentation concerning the four patients' prescriptions, complainant was entitled to rely on what was produced. Moreover, Inspector Sakamura persuasively testified it would be a violation of the standard of care and contrary to insurance reimbursement policies to fill a prescription but have it sit in the pharmacy for days until the patient picks it up at a later time. If such had happened, respondents should have documentation explaining the gap in timing.

32. Respondents also failed to establish that the 65 prescriptions in question were not early, but instead late. This argument is based on computations of respondent Cassar. However, Supervising Inspector Dang's testimony was persuasive that respondent Cassar's methodology of calculating the times between prescriptions was suspect. Moreover, respondent Cassar's testimony on this point was vague and not supported by documentation, unlike Inspector Sakamura. Finally, Mr. Sydejko's testimony was vague, unsatisfactory, and not persuasive.

PATIENT MS'S FENTANYL PATCHES

33. MS has been respondents' patient since 2003. In that year, he had micro surgery on his back that went badly, leading to physical deformity and constant pain. Dr. Glass, who did not perform the back surgery, managed MS's pain and prescribed "1-2 [Fentanyl] patches every 2 days" for MS, which were dispensed by respondent Kanan Pharmacy.

34. Inspector Sakamura opined that respondents' documentation for MS's Fentanyl patches was deficient, and that the prescription was problematic, because "the patient should not be guessing if they need one or two patches, in that the absorption rate of the patch takes a while, so the patient will not feel instant relief." Inspector Sakamura also testified the documentation was deficient because it contained no mention of respondent Cassar clarifying the prescription or talking to MS about how to use the patches. Inspector Sakamura's testimony on this point was brief and uncertain, in that she testified "it looked like MS was guessing," and she was vague concerning the standard of care in this area.

35. MS testified in this matter. He is highly complementary of respondents' service. He remains a patient. MS testified that respondent Cassar consulted with him about the Fentanyl patches, reviewed his medical records, and has always been concerned about his health. MS did not voice any concern about how to use the patches or uncertainty in instructions provided by respondents about them. He used the patches until one exploded

9

three years." She also conceded she had received copies of all of the six prescriptions in question, including RX 2208439.

PRESCRIPTION DEVIATIONS

41. A. RX 2211845 for patient MS was written for a quantity of 300 morphine sulfate tablets, but it was filled by respondents with only 240 tablets, without an explanation for the discrepancy. Inspector Sakamura opined that if a pharmacist fills a prescription with less tablets than prescribed, the standard of care requires the pharmacist to "talk to the prescriber and change the prescription" before dispensing a quantity that is different from the amount listed on the face of the prescription.

B. Respondent Cassar explained that, according to the prescription label, the day supply allowed by MS's insurance plan was only a 30-day supply which, in this case, amounted to 240 tablets. Respondent Cassar and Mr. Sydejko both testified that the way this prescription was filled conformed with the standard of care and is a commonly accepted way of handling the situation. Respondent Cassar also testified that today's managed care practice generally limits the quantity of most prescriptions billed to drug insurance plans to a 30-day supply, and that for this reason, it was not necessary to contact the prescriber.

C. Under these circumstances, respondent Cassar and Mr. Sydejko provided a more reasonable, practical explanation for handling a situation like this, and therefore, their opinions were more credible than Inspector Sakamura's opinion.

42. A. RX 2209222 for patient KC was written for a quantity of 220 milliliters of oxycodone liquid, but was filled with only 210 milliliters, with no documented explanation why the quantity was changed. Inspector Sakamura opined "the fact that it's less is not a good thing," and that "if you're going to deviate from it [the prescription] you should write that you spoke to somebody and you have a reason and you changed a prescription."

B. On the other hand, respondent Cassar and Mr. Sydejko testified that oxycodone liquid is supplied in 30-milliliter size bottles with express instruction from the manufacturer mandating the use of original bottles and the calibrated dropper that is supplied with each original bottle. The solution therefore should not be transferred to a different container. In this case, respondents used seven of the 30-milliliter size bottles, for a total of 210 milliliters; they could not have filled 220 milliliters with these constraints. For this reason, there was no need to contact the prescriber.

C. Under these circumstances, respondent Cassar and Mr. Sydejko provided a reasonable, practical explanation for handling a situation like this. Inspector Sakamura's opinion did not take into account the practical realities and constraints of this situation.

43. A. RX numbers 2213046, 2213044, 2213043, and 4425972 for patient SM were to be dispensed on March 29, 2011, but were filled by respondents on March 18, 2011, and actually dispensed by respondents on March 28, 2011. Inspector Sakamura testified

10

11

there should have been documentation explaining why the prescriptions were provided one day earlier than ordered by the prescriber.

11. Respondent Cassar offered a convoluted explanation for this situation, involving his contention that the prescription had been placed "on hold," that he mistakenly read the fill date to be "9/27/2011," and that notations for the prescriptions had been filed away by staff before he could review them. Regardless, the medication was provided to the patient one day earlier than ordered by the prescriber and respondents' documentation for these prescriptions does not provide an explanation for the discrepant dates. Mr. Sydejko did not opine on this situation.

C. In light of these circumstances, it was clearly and convincingly established that there was a deviation between the prescription fill date and when the prescriptions were actually dispensed to patient SM without documentation indicating the prescriber's consent for such deviation.

Complaint by Dr. KT⁶ Concerning Forged Prescriptions

44. CB and JC are sisters. They were existing patients of respondent Kanan Pharmacy by no later than 2014.

45. On September 22, 2015, the Board received an e-mail from Dr. KT, a cosmetic surgeon, explaining that a patient (CID) stole her prescription pad, forged her signature, and used the stolen prescription forms to fill prescriptions for herself and her sister JC at various pharmacies. Dr. KT had agreed to prescribe a limited amount of amphetamine to CB only because she was told CB's psychiatrist was out of town. Dr. KT had not agreed to provide any prescription for JC.

46. A. Inspector Noelle Randall was assigned to investigate Dr. KT's complaint. As part of her investigation, Inspector Randall reviewed CURES Patient Activity Reports, which showed controlled substance dispensing histories for CB and JC.

B. The CURES reports indicated CB and JC received prescriptions for amphetamine tablets under the prescribing authority of Dr. KT from several pharmacies, including: (1) CVS Pharmacy; (2) Pavilions Pharmacy; (3) respondent Kanan Pharmacy; (4) Modation Pharmacy; (5) Super Care Drugs Mallory; (6) Save On Pharmacy; and (7) Rite Aid Pharmacy.

C. For example, CB had prescriptions for amphetamines filled by respondent Kanan Pharmacy on August 13, 2014; seven days later, on August 20, 2014, at CVS Pharmacy; five days later, on August 25, 2014, at Pavilions Pharmacy; two days later, on August 27, 2014, at Rite Aid Pharmacy; ten days later, on September 6, 2014, at Save On Pharmacy; and seven days later, on September 13, 2014, at respondent Kanan Pharmacy.

⁶ The physician's name is omitted to protect her privacy.

and convincingly established that respondents failed to exercise their corresponding responsibility by filling forged prescriptions passed by CB.

52. Mr. Sydejko did not opine that respondents acted in accordance with the standard of care. In fact, Mr. Sydejko testified that, under the circumstances as he knew them, including the presence of the two red flag factors, respondents' failure to discover that the prescriptions were forged "was an issue."

53. However, there is significant mitigation involved in this situation. Respondent Cassar was the only pharmacist to discover the prescriptions were forged and he advised Dr. KT what happened, essentially putting a stop to CB's forgeries. None of the other involved pharmacies or pharmacists did so, all of whom received a citation and fine from the Board. After he discovered CB was forging prescriptions, Dr. Cassar contacted pharmacies in his area, as well as the doctors who had written prescriptions for CB and JC, and notified them of the situation. Respondent Cassar also documented CB and JC's patient profiles with a warning not to fill any more prescriptions for them. Inspector Randall also testified that none of the other pharmacies had a written policy like respondents' Diversion Program.

Altered Prescription Forms

54. As discussed above, Inspector Sakamura requested respondents produce documentation concerning prescriptions for patients KC, SM, MS, and BK. On April 22, 2013, respondents produced hundreds of pages of documents in response. Respondents produced another set of documents on September 3, 2013, approximately five months after the first production of documents. Inspector Sakamura apparently did not compare the two produced sets of documents with each other, but she did conclude her request for missing documents had been satisfied by the second document production.

55. During the first week of the hearing of this matter, Inspector Sakamura was vigorously cross-examined about her initial contention that respondents had not produced all responsive documents in the April 2013 production. Prompted by that questioning, Inspector Sakamura compared the two productions of documents and noticed that the two versions of the same three prescriptions she received for patients KC and MS were different. Specifically, the version of those prescriptions produced in September 2013 had additional notations written on them which were not on the first version of the documents produced in April 2013. Inspector Sakamura concluded that respondents had altered the prescriptions in question before sending copies of them to her in September 2013.

56. As for two of the prescriptions in question, the original version of prescriptions RX 2213183 and RX 2213184 (Methadone and Oxycodone) for patient KC were signed by Dr. Glass on April 11, 2011. However, the second version of those prescriptions received by Inspector Sakamura in September 2013 included the additional notation, "OK to disperse 4/11/12 per MDJ," with initials next to the notation, which was not on the original version of the two prescriptions.

D. CB continued to get forged prescriptions filled by respondent Kanan Pharmacy from August 13, 2014, through September 3, 2015.

47. Inspector Randall verified that respondent Kanan Pharmacy had filled a total of nine forged prescriptions for CB and two for JC. Inspector Randall noted that the heading at the top of the prescription forms was, "Dr. [KT] Cosmetic & Reproductive Surgery." As part of her investigation, Inspector Randall asked respondent Cassar about respondent Kanan Pharmacy's policies for evaluating and filling controlled substance prescriptions in general. Respondent Cassar provided a copy of a document titled, "Kanan Pharmacy Diversion Initiative Program" (Diversion Program). (Ex. 5, pp. 287-293.)

48. A. As a result of her investigation, Inspector Randall determined the following facts.

B. All of the 11 forged prescriptions were written for amphetamine 10 milligram tablets, to treat attention-deficit disorder, and the preprinted prescriber information on the prescription document indicated the prescriber, Dr. KT, was a cosmetic and reconstructive surgeon. Inspector Randall opined it would not be typical for a surgeon to prescribe amphetamine 10 milligram tablets, as it is not typically used during surgery or recovery. Inspector Randall opined this was a red flag for potential drug diversion.

C. Nine of the eleven prescriptions in question were purchased with cash, not prescription insurance. Inspector Randall opined this payment method was also a red flag for potential diversion, since CB and/or JC had prescription insurance that would have covered the amphetamines, which had been used for two of the prescriptions in question.

49. Respondents did not produce any documentation indicating a pharmacist of respondent Kanan Pharmacy contacted Dr. KT to gain information needed to validate the prescriptions described above prior to dispensing.

50. When asked during the hearing why CURES reports were not run for CB and JC, respondent Cassar testified the Diversion Program only addressed the opiate prescriptions, and that amphetamine is not an opiate. Complainant contends respondents' Diversion Program specifically required running a CURES check for each controlled substance prescription, but a review of the entire document tends to show such a requirement was, in fact, for opiates and not a controlled substance like amphetamines. (See, e.g., ex. 5, pp. 287-290.)

51. Inspector Randall testified that because of the two red flag factors described above, the standard of care required respondents to notify the prescriber, Dr. KT, and verify the validity of the prescriptions. Respondents failed to do so. As discussed in more detail below, a pharmacist employed by respondents ultimately became suspicious of CB, leading that pharmacist to contact respondent Cassar, who in turn ran a CURES check and contacted Dr. KT with his suspicion that CB was drug-seeking and forging Dr. KT's prescriptions. That action supports Inspector Randall's opinions. Under these circumstances, it was clearly

57. The other prescription in question was RX 4416591 (Diazepam 10 mg tablets) for patient MS. The original version of this prescription sent to Inspector Sakamura had a date of "5/1/09." The second version of this prescription provided to her in September 2013 had the date of "4/08/09" and the following handwritten note, "Date Rx 5/8/09 per MDJ," with initials next to the notation, none of which was on the original version.

58. A. Because these discrepancies were not noticed until after the hearing began, respondent Cassar's explanation for them was not offered until he testified during the second week of the hearing, which was approximately six months later. Respondent Cassar testified as follows.

B. He assigned the task of gathering all of the requested prescriptions and the copying of those records to his staff. Copies were sent to Inspector Sakamura. Respondent Cassar did not retain a set of the copies for himself. The staff gradually returned the original prescriptions to the original prescription books.

C. As staff were returning the original prescriptions back to their files, one staff member told respondent Cassar there were notes attached to the first prescriptions in question that had been copied and sent to Inspector Sakamura. Respondent Cassar decided to transfer the substantive parts of the notes onto the prescriptions and then he discarded the notes; the original prescriptions were filed away. Respondent Cassar did not believe it would be necessary to keep the notes anymore because he thought copies of all of the prescriptions, including the notes, had already been sent to Inspector Sakamura. He discarded the notes because he did not believe the notes had further clinical significance.

D. Respondent Cassar testified the note related to KC's prescriptions contained references to his pharmacy's multiple attempts to contact Dr. Glass to find out if he would agree to allow KC to receive the two prescriptions in question on April 11, 2011, because KC wanted her prescription filled on that date, even though the doctor had a clear notation on the prescription not to dispense until the following day, April 12, 2011. The second version of the prescription had the wrong date of April 12, 2012, because respondent Cassar mistakenly wrote the year the prescription expired, one year later, or 2012, as opposed to when the prescription was filled in 2011.

E. Respondent Cassar testified the same process happened with MS's prescription, though he was not as specific in his discussion as he was regarding KC's prescriptions. However, the evidence established that MS's prescription was processed on the same date as that written by respondent Cassar, i.e., May 8, 2009.

59. Respondent Cassar's testimony is not credited because it is self-serving, uncorroborated, and not persuasive. Although he testified his staff was involved in the situation, respondent Cassar failed to identify any particular employee or offer evidence from any employee as corroboration. He failed to offer a satisfactory explanation why he did not attempt to confirm with his staff whether the notes he threw away had been copied and sent to Inspector Sakamura. He failed to offer a satisfactory explanation why he did not contact

57. The other prescription in question was RX 4416591 (Diazepam 10 mg tablets) for patient MS. The original version of this prescription sent to Inspector Sakamura had a date of "5/1/09." The second version of this prescription provided to her in September 2013 had the date of "5/8/09" and the following handwritten note, "Date Rx 5/8/09 per MD," with initials next to the notation, none of which was on the original version.

58. A. Because these discrepancies were not noticed until after the hearing began, respondent Cassar's explanation for them was not offered until he testified during the second week of the hearing, which was approximately six months later. Respondent Cassar testified as follows.

B. He assigned the task of gathering all of the requested prescriptions and the copying of those records to his staff. Copies were sent to Inspector Sakamura. Respondent Cassar did not retain a set of the copies for himself. The staff gradually returned the original prescriptions to the original prescription books.

C. As staff were returning the original prescriptions back to their files, one staff member told respondent Cassar there were notes attached to the three prescriptions in question that had been copied and sent to Inspector Sakamura. Respondent Cassar decided to transfer the substantive parts of the notes onto the prescriptions and then he discarded the notes; the original prescriptions were filed away. Respondent Cassar did not believe it would be necessary to keep the notes anymore because he thought copies of all of the prescriptions, including the notes, had already been sent to Inspector Sakamura. He discarded the notes because he did not believe the notes had further clinical significance.

D. Respondent Cassar testified the note related to KC's prescriptions contained references to his pharmacy's multiple attempts to contact Dr. Glass to find out if he would agree to allow KC to receive the two prescriptions in question on April 11, 2011, because KC wanted her prescription filled on that date, even though the doctor had a clear notation on the prescription not to dispense until the following day, April 12, 2011. The second version of the prescription has the wrong date of April 12, 2012, because respondent Cassar mistakenly wrote the year the prescription expired, one year later, or 2012, as opposed to when the prescription was filled in 2011.

E. Respondent Cassar testified the same process happened with MS's prescription, though he was not as specific in his discussion as he was regarding KC's prescriptions. However, the evidence established that MS's prescription was processed on the same date as that written by respondent Cassar, i.e., May 8, 2009.

59. Respondent Cassar's testimony is not credited because it is self-serving, uncorroborated, and not persuasive. Although he testified his staff was involved in this situation, respondent Cassar failed to identify any particular employee or offer evidence from any employee as corroboration. He failed to offer a satisfactory explanation why he did not attempt to confirm with his staff whether the notes he threw away had been copied and sent to Inspector Sakamura. He failed to offer a satisfactory explanation why he did not contact

15

early. As of 2016, this policy was revised to disallow all opioid prescriptions from being filled early by more than one day.

64. In further mitigation, since mid-2013, respondent Kanan Pharmacy routinely uses CURES to monitor opioid prescriptions. Following Inspector Sakamura's March 2013 inspection, the level of documentation also has increased. In 2014, respondent Cassar also changed respondent Kanan Pharmacy's computers and operating system, which makes documentation of information and the pharmacist intervention related to dosing of medications, drug allergies, drug-to-drug interactions, and other relevant information easier and more efficient. After respondents exposed the forged prescriptions involved in this case, respondent Kanan Pharmacy's policy regarding CURES verification was expanded. Now respondents obtain a CURES report for all controlled substance prescriptions (opioids as well as non-opioids) and for all patients (new or existing) and for all prescription orders whether it is a new prescription order or a refill request.

65. In further mitigation, respondent Cassar has taken and completed two seminars on corresponding responsibility, one in May 2013 and the second in May 2018. He has completed additional educational courses related to opioids, pain management, pharmacy law, drug interactions, laws related to risks of reducing opioid overdose, and pharmacists' role in the management of opioid use disorder. (Ex. M.) Additionally, respondent Cassar has subscribed to the License Protection Handbook published by Mr. Sydejko as a way of staying compliant with the laws and regulations governing pharmacy practice.

66. A. Respondents presented the following persuasive character witnesses with excellent backgrounds and detailed knowledge of respondents' character and pharmacy practices:

B. LL has been respondents' patient for over 10 years and has continued to use their services even after moving to San Diego, because she trusts respondent Cassar's judgment. In fact, she testified about an incident in which she believes respondent Cassar saved her life by recognizing a potentially bad drug-to-drug interaction when LL was prescribed a drug for acid reflux; and another incident where she believes respondent Cassar's direct intervention prevented LL's son from experiencing a potentially adverse drug reaction. LL also praises respondent Cassar's other valuable services of frequently reviewing her medications and helping her choose a Medicare plan with the best coverage.

C. Dr. Freeman, who was discussed in great detail above concerning the CURES program, is a veteran pharmacist of 55 years who offered credible and persuasive testimony. He has known respondent Cassar since he was a pharmacy student and became active with the California Pharmacists Association. During his many visits to respondent Kanan Pharmacy's premises, Dr. Freeman has been impressed with the level of respondent Cassar's interactions with his patients. Dr. Freeman has no concerns regarding respondent Cassar's competence in practice pharmacy.

17

Inspector Sakamura after he discovered the notes and transferred the information to the original prescriptions. It is hard to understand why respondent Cassar would knowingly alter original documentation by adding to them additional information, and then after doing so destroy the notes with the information on them. This is especially so given that respondent Cassar was under investigation by the Board at the time. More importantly, the information allegedly on the notes and transferred to the prescription forms was material and added missing information one would want to know. For example, KC's original prescriptions begged the question why they were filled one day earlier than authorized by Dr. Glass. The altered version of MS's prescription provided the authorization fill date missing in the original.

60. To be clear, it was not established by either applicable evidentiary standard that respondent Cassar failed to contact Dr. Glass's office and obtained authorization to fill KC's prescriptions one day earlier or to fill MS's prescription on May 8, 2009. Respondent Cassar or his staff probably did so and complainant presented insufficient evidence establishing otherwise. Under these circumstances, however, it was established that respondent Cassar altered the three prescriptions in question by adding additional information to them not contained in writing in his records when the first production of documents was sent to Inspector Sakamura.

61. In mitigation, it must be noted that of the hundreds of pages of prescription documents produced by respondents during the Board's investigation, only these three prescriptions were altered.

Respondents' Evidence

62. In mitigation, respondent Cassar fully cooperated with the Board at all times during the investigation. During the hearing, he was respectful and forthcoming in his testimony (with the lone exception of his testimony regarding the three altered prescriptions). He also expressed remorse for his shortcomings proven in this case, particularly in the area of documentation. He testified he has regrets in that area and will "try to do better in the future." The ALJ is also impressed with respondent Cassar's calm and cooperative demeanor during the hearing, in which his practices and character were vigorously, and at times unfairly, attacked by the prosecutor.

63. In further mitigation, respondent Cassar has tried to refine and restructure his practice since the events in question. He testified that his practice from 2008 through 2018 has evolved and has changed substantially, including more intensive documentation of all substantive communications. In addition, respondents created the Diversion Program, discussed above, which was launched in the first part of 2013 to address concerns about diversion and opioid use. Initially, the Diversion Program was designed to monitor patients' opioid prescriptions and used tools such as drug urine testing and toxicology reports. The program requires a valid form of identification for opioid prescriptions, and has a requirement that no controlled substance prescription may be filled more than three days

16

D. Dr. Robert Waldman has been a practicing physician since 1983, with approximately 50 percent of his practice devoted to addiction recovery. He has known respondent Cassar since 2004. Dr. Waldman frequently has interacted with respondent Cassar over the years. He describes respondent Cassar as "very compulsive" about verifying prescriptions with him and that he "always notified" him regarding potential medication side effects or when respondent Cassar suspected someone might be misusing his medications. Although Dr. Waldman found respondent Cassar's input valuable, he actually thought some of his input was "excessive," as he generally received at least one call daily to discuss patient care. Dr. Waldman believes respondent Cassar is extremely ethical and moral.

E. Dr. Bruce Lockwood is a psychiatrist who refers some of his patients to respondents for their prescriptions. Dr. Lockwood testified that he interacts with respondent Cassar frequently, sometimes as many as one to three times daily regarding various patient care issues. Dr. Lockwood believes respondent Cassar is very knowledgeable and he described respondent Cassar as a great pharmacist who is not a danger to the public. The patients he refers to respondents rave about the service they received.

F. Two other informative character witnesses testified on respondents' behalf. George Sanford is a retired police sergeant who knows respondent Cassar through the Boy Scouts program, and he regards respondent Cassar to be honest, ethical, and a good mentor to his sons. Maria Cassar, respondent Cassar's wife and part-owner of respondent Kanan Pharmacy, describes her husband as a good husband and father, who has integrity, and is "very detail oriented."

67. During the hearing, Inspector Sakamura testified on cross-examination that she had no opinion on whether respondents pose a threat to the public, which the ALJ construes to mean she does not believe respondents currently pose a threat to the public.

The Board's Costs

68. A. Complainant presented evidence of the following costs incurred in the investigation and prosecution of this case:

B. The total investigation costs of Board Inspectors are \$17,285.25⁷, comprised of (1) \$13,733.50 in costs charged by Inspector Randall; (2) \$5,937.25 in costs charged by Supervising Inspector Dargatzis; and (3) \$17,614.00 in costs charged by Inspector Sakamura.

///

⁷ The Board's final statement of investigation costs, dated October 23, 2018, contains a total amount of \$38,935.75 (ex. 3, p. 31), which is more than the sum of the three listed inspectors' charges. In their closing briefs, the parties refer to costs apparently charged by another Board Inspector, Antony Ngondora, but the costs evidence (ex. 3) does not contain any documentation for charges by Inspector Ngondora.

18

C. According to the certification of prosecution costs and declaration of Morgan Malek, the total prosecution costs incurred by the Board were \$43,777.50, based on charges by several deputy attorneys general working on this case in addition to Ms. Malek. (Ex. 3, p. 41.)

D. Based on the above, the total investigation and prosecution costs being sought against respondents are \$81,062.75.

69. A. However, a number of those charges or their components are unreasonable, unnecessary, or worthy of reduction for the following reasons:

B. The \$5,937.25 of charges by Supervising Inspector Dang are not warranted, as they were not investigation costs. Supervising Inspector Dang was not involved in the underlying investigation of this matter, unlike Inspectors Sakamura and Randall. Rather, she was used as a rebuttal expert witness to counter some opinions offered by respondent Cassar and Mr. Sydejko.

C. Inspector Sakamura was the lead investigator in this matter. She charged a total of 158.25 hours. However, only 28 hours of her time were spent on actual investigation work. She charged 44 hours for writing her two reports and 80 hours preparing for the hearing. The time spent preparing for the hearing is not reasonable, in that it is not investigation work. Under these circumstances, 50 percent (160 hours minus 80 hours) of Inspector Sakamura's charges of \$17,614.00 should be reduced, i.e., \$8,807.00.

D. Inspector Randall is based in San Diego. She charged 27.75 hours traveling in Los Angeles to conduct her investigation. The Board has inspectors based in Los Angeles County who could have handled that work. Respondents should not have to subsidize the Board's staffing and travel costs, so Inspector Randall's travel time should not be awarded. Inspector Randall also charged 40.25 hours for hearing preparation. As discussed above, hearing preparation time is not investigation work and therefore should not be awarded. Inspector Randall charged a total of 113.50 hours, 68 hours of which should be reduced, which is a reduction of approximately 60 percent. Therefore, Inspector Randall's total charges of \$13,733.50 should be reduced by 60 percent, or \$8,240.10.

E. In her rebuttal brief, Ms. Malek agrees her charges of \$6,800 for the five days of hearing in April 2018 should be eliminated. Many other deputy attorneys general charged time for their work on this case in the total amount of \$5,397.50, yet none of those other attorneys appeared in this case and it is not established that their work was reasonable or necessary. Respondents should not have to subsidize the Department of Justice's staffing and personnel turn-over. In their closing brief, respondents make a spirited attack on the efficiency and reasonableness of Ms. Malek's remaining charges. While the attack is not entirely off-base, it does not warrant further reduction. Therefore, the total reductions to the prosecution costs are \$12,197.50.

F. The reductions discussed above total \$35,181.85. When the reductions are subtracted from the total investigation and prosecution costs of \$81,062.75, what remains is a new total cost amount of \$45,880.90. Complainant alleged eight causes for discipline against respondents, but only succeeded with four of them, or 50 percent. Therefore, the remaining total costs of \$45,880.90 should be reduced by 50 percent, leaving a final amount of \$22,940.45.

70. Based on the above, it was established that the Board incurred reasonable costs of investigation and prosecution in the amount of \$22,940.45.

LEGAL CONCLUSIONS

Burden and Standards of Proof

1. The burden of proof in a licensing disciplinary action is on the party bringing the charges in an accusation, here complainant. (*Hughes v. Board of Architectural Examiners* (1998) 17 Cal.4th 763, 789 fn 9.)

2. Respondent Cassar's pharmacist license is a professional one. (*Murphy v. E. R. Squibb & Sons, Inc.* (1985) 40 Cal.3d 672, 678-679.) To impose discipline on a professional license, complainant must prove cause for discipline by clear and convincing evidence to a reasonable certainty. (*Sternberg v. California State Bd. of Pharmacy* (2015) 239 Cal.App.4th 1159, 1171 [*Sternberg*]; *Ettinger v. Board of Medical Quality Assurance* (1982) 135 Cal.App.3d 853, 856.) Clear and convincing evidence "requires a finding of high probability," and has been described as "requiring that the evidence be 'so clear as to leave no substantial doubt'; 'sufficiently strong to command the unhesitating assent of every reasonable mind.'" [*Citation*.] (*In re Angela P.* (1981) 28 Cal.3d 908, 919.)

3. In contrast, respondent Kanan Pharmacy's permit is a nonprofessional license, because it does not have extensive educational, training, or testing requirements akin to a professional license. (See *Mann v. Department of Motor Vehicles* (1999) 76 Cal.App.4th 312, 319; *San Benito Foods v. Veneman* (1996) 50 Cal.App.4th 1889, 1894.) An applicant for a pharmacy permit need not be a pharmacist; instead, the applicant must designate a PIC with the requisite education, training, and licensure. (§§ 4110, subd. (a), 4113, subd. (a).) To impose discipline on respondent Kanan Pharmacy's nonprofessional pharmacy permit, complainant must prove cause for discipline by a preponderance of the evidence, which is a lower standard of proof than clear and convincing evidence. (*Imports Performance v. Dept. of Consumer Affairs, Bureau of Automotive Repair* (2011) 201 Cal.App.4th 911, 916-917; *Evid. Code*, §115.) A preponderance of the evidence means "'evidence that has more convincing force than that opposed to it.'" [*Citation*]. (*People ex rel. Brown v. Tri-Union Seafoods, LLC* (2009) 171 Cal.App.4th 1549, 1567.)

Cause for Discipline Against Respondents

FIRST CAUSE FOR DISCIPLINE: ALTERED DOCUMENTS

4. A. Section 4301, subdivision (f), defines unprofessional conduct to include the "commission of any act involving moral turpitude, dishonesty, fraud, deceit, or corruption, whether the act is committed in the course of relations as a licensee or otherwise, and whether the act is a felony or misdemeanor or not."

B. Section 4301, subdivision (g), also defines unprofessional conduct to include "[k]nowingly making or signing any certificate or other document that falsely represents the existence or nonexistence of a state of facts."

C. Section 4301, subdivision (q), also defines unprofessional conduct to include "[e]ngaging in any conduct that subverts or attempts to subvert an investigation of the board."

D. In this case, respondents are subject to disciplinary action under section 4301, subdivisions (f), (g), (q), on the grounds of unprofessional conduct, in that respondents presented three altered prescriptions to Inspector Sakamura. In doing so, respondents acted dishonestly by portraying to the Board a false version of original prescriptions which contained additional information not on the originals. (*Id.*, subd. (f).) Such conduct also constitutes respondents' knowingly making documents that falsely represented information which had not been written on the original versions. (*Id.*, subd. (g).) Finally, submitting altered documents subverted Inspector Sakamura's investigation. (*Id.*, subd. (q).) (Factual Findings 54-61.)

SECOND CAUSE FOR DISCIPLINE: CORRESPONDING RESPONSIBILITY

5. A. Section 4113, subdivision (c), provides that a PIC of a pharmacy "shall be responsible for a pharmacy's compliance with all state and federal laws and regulations pertaining to the practice of pharmacy." Section 4036.5 defines a PIC as a pharmacist proposed by a pharmacy and approved by the Board as the supervisor or manager responsible for ensuring the pharmacy's compliance with all state and federal laws and regulations pertaining to the practice of pharmacy.

B. Section 4301 defines unprofessional conduct to include clearly excessive furnishing of controlled substances in violation of Health and Safety Code section 11153 (subd. (d)), violation of state or federal statutes regulating controlled substances and dangerous drugs (subd. (j)), and violating or attempting to violate state or federal law governing pharmacy (subd. (k)). Pursuant to Health and Safety Code section 11153, subdivision (a), a prescription for a controlled substance shall only be issued for a legitimate medical purpose by an individual practitioner acting in the usual course of his professional practice. The statute also provides that, although the responsibility for the proper prescribing

and dispensing of controlled substances is upon the prescribing practitioner, "a corresponding responsibility rests with the pharmacist who fills the prescription."

C. In *Vermont & 110th Medical Arts Pharmacy v. Board of Pharmacy* (1981) 125 Cal.App.3d 19 (*Vermont*), the court held that the statutory scheme in place, including some of the statutes discussed above, "plainly calls upon pharmacists to use their common sense and professional judgment. When their suspicions are aroused as reasonable professional persons by either ambiguities in the prescriptions, the sheer volume of controlled substances prescribed by a single practitioner for a small number of persons or, as in this case, when the control inherent in the prescription process is blatantly mocked by its obvious abuse as a means to dispense inordinate and incredible large amounts of drugs under the color and protection of law, pharmacists are called upon to obey the law and refuse to dispense." (*Vermont*, *supra*, 125 Cal.App.3d at p. 25.)⁸

D. Respondents are subject to disciplinary action under sections 4113, 4036.5, 4301, subdivisions (d), (j), and (k), in conjunction with Health and Safety Code section 11153, subdivision (e), and pursuant to *Vermont*, on the grounds of unprofessional conduct, in that it was established by clear and convincing evidence that respondent Cassar failed to exercise or implement his best professional judgment or corresponding responsibility to ensure that controlled substances were dispensed for a legitimate medical purpose when respondents filled 65 prescriptions early by five days or more for patients KC, SM, MS, and BK, between April 6, 2009, and December 10, 2012. The early refills for those prescriptions led to those patients receiving more medications than they were prescribed for the given time periods. (Factual Findings 17-32.)

E1. Respondent Kanan Pharmacy asserts a pharmacy is not subject to discipline under these statutes, because California's corresponding responsibility law only applies to pharmacists. "The responsibility for the proper prescribing and dispensing of controlled substances is upon the prescribing practitioner, but a corresponding responsibility rests with the pharmacist who fills the prescription." (Health & Saf. Code, § 11153, subd. (e).)

E2. However, *Vermont* upheld discipline of a pharmacy's permit for a pharmacist's violation of the corresponding responsibility law. (*Vermont*, *supra*, 125 Cal.App.3d at pp. 23-26.) As complainant points out, under general administrative law, the holder of a pharmacy permit can be subject to disciplinary action based solely on the actions or omissions of an employee who is a licensed pharmacist under the doctrine of respondent superior. (*Randle v. California State Bd. of Pharmacy* (1966) 240 Cal.App.2d 254, 261.)

⁸ The Board's Precedential Decision No. 2013-01 (*Board of Pharmacy v. Pacifica Pharmacy Corporation, et al.*, Case No. 3802, OAH No. 201010644 [*Pacifica*]) is not applicable to this cause for discipline, in that the Decision was not effective until 2013, which was after the events in question. The same is true of complainant's citation to *Sternberg*, which was published in 2015.

Furthermore, the Pharmacy Law authorizes the Board to "deny, suspend, or revoke any license of a corporation where conditions exist in relation to any person holding 10 percent or more of the corporate stock of the corporation, or where conditions exist in relation to any officer or director of the corporation that would constitute grounds for disciplinary action against a licensee." (§ 4302.) Respondent Kanan Pharmacy is a licensed pharmacy corporation, and respondent Caesar owns 50 percent of its stock, meaning complainant may discipline respondent Kanan Pharmacy's pharmacy permit for respondent Caesar's violations of the corresponding responsibility law.

THIRD CAUSE FOR DISCIPLINE: MISUSE OF EDUCATION

6. A. In addition to the statutes cited above in connection with the second cause for discipline, complainant also alleges that Regulation 1761, subdivision (a), as well as the cases of *Sternberg, Vermont*, and *Pacific*,¹⁰ support the third cause for discipline against respondents for misuse of education. Regulation 1761, subdivision (a), provides that "[i]n no pharmacist shall compound or dispense any prescription which contains any significant error, omission, irregularity, uncertainty, ambiguity or alteration. Upon receipt of any such prescription, the pharmacist shall contact the prescriber to obtain the information needed to validate the prescription."

B. It was not established that respondents are subject to disciplinary action for misuse of education under the authority cited above, in that it was not established that respondent Caesar committed acts or omissions involving the inappropriate exercise of his education. Specifically, it was not established by either standard that respondent Caesar failed to properly document or question patient MS's Fentanyl prescription, or that he violated the standard of care by not accessing CURES data for patient BK in 2009. (Factual Findings 11-22 & 33-38.)

FOURTH CAUSE FOR DISCIPLINE: RETAINING CONTROLLED SUBSTANCE PRESCRIPTIONS

7. A. Section 4081, subdivision (a), requires that all "records of manufacture and of sale, acquisition, or disposition of dangerous drugs or dangerous devices shall be . . . preserved for at least three years from the date of making." Section 4105, subdivision (b), similarly requires, "[t]he records required by this section shall be retained on the licensed premises for a period of three years from the date of making." Section 4169, subdivision (a)(5), also requires licensees to maintain records of the acquisition or disposition of dangerous drugs or dangerous devices for at least three years. Finally, Health and Safety Code section 11179 requires a "person who fills a prescription shall keep it on file for at least three years from the date of filling it."

¹⁰ However, complainant has not argued how *Sternberg, Vermont*, or *Pacific* support this cause for discipline, or even clarify the charging statutes. Nor is it clear how *Sternberg* and *Pacific*, published after the events in question, are applicable.

23

for discipline is premised solely on an alleged violation of Regulation 1761, subdivision (a), which was recited and discussed in Legal Conclusion number six above.¹⁵

B. It is alleged that, pursuant to Regulation 1761, subdivision (a), respondents were required to document calls they made to the four patients in question concerning the need to refill these prescriptions early. However, as recited above, Regulation 1761, subdivision (a), does not contain such a requirement vis-à-vis a patient, but rather focuses only on contacts with the prescriber. In that regard, the letter with these 65 prescriptions was that they were filled early, not that there was any error or irregularity with any of the prescriptions issued by the prescribers that required contact with the prescriber. Since respondents have already been held liable for refilling these prescriptions under the corresponding responsibility theory, liability here would be duplicative and gratuitous. Therefore, respondents were not required to contact the prescribers pursuant to Regulation 1761, subdivision (a).

C. Under these circumstances, no cause for discipline was established against respondents pursuant to Regulation 1761, subdivision (a). (Factual Findings 17-32.)

EIGHTH CAUSE FOR DISCIPLINE: ERRONEOUS OR UNCERTAIN PRESCRIPTIONS

11. A. Like the seventh cause for discipline above, this one is also based on an alleged violation of Regulation 1761, subdivision (a), in addition to unprofessional conduct pursuant to section 4301, subdivisions (j) and (o).

B. Respondents are subject to disciplinary action under section 4301, subdivisions (j) and (o), in conjunction with Regulation 1761, subdivision (a), for unprofessional conduct, in that respondents dispensed 11 prescriptions over a one-year period, which had been forged by a patient and therefore each contained a significant error, omission, irregularity, uncertainty, ambiguity, or alteration. Respondents failed to contact the prescriber, Dr. KT, to obtain the information needed to validate the prescriptions, despite having a corresponding responsibility to do so based on the presence of two red flag factors that should have made them suspicious of the validity of the prescriptions. (Factual Findings 44-53.)

C. Respondents' argument that a pharmacy is not subject to discipline for a violation of Regulation 1761, subdivision (a), is rejected for the same reasons explained above concerning the same argument made as to the second cause for discipline.

///

///

¹⁵ In her rebuttal brief, complainant also cites to Regulation 1761, subdivision (b), which was not alleged in the Second Amended Accusation. Therefore, subdivision (b) is not considered.

25

B. It was not established that respondents are subject to disciplinary action under sections 4081, subdivision (a), 4105, subdivision (c), 4169, subdivision (a)(5), and/or Health and Safety Code section 11179, in that it was not established under either standard that respondents failed to retain one prescription (RX 2208439) filled by the pharmacy for a controlled substance for three years from the date of filling. The one prescription in question was filled more than three years from the date a copy of it was requested by Inspector Sakamura, who also conceded during the hearing that she ultimately received a copy of it. Under these circumstances, complainant's argument that cause for discipline is warranted was less than colorable and bordered on frivolous. (Factual Findings 39-40.)

FIFTH CAUSE FOR DISCIPLINE: RETAINING CONTROLLED SUBSTANCE PRESCRIPTIONS

8. A. In addition to the statutes cited above in connection with the fourth cause for discipline, the fifth cause for discipline also alleges that section 4105, subdivision (a), further requires that a pharmacy maintain three years of acquisition and disposition records "in a readily retrievable form."

B. It was not established that respondents are subject to disciplinary action under section 4105, subdivision (a), in that it was not established under either standard that respondents failed to maintain in the pharmacy three years of acquisition and disposition records in a readily retrievable form. Liability here is premised on the same allegedly missing prescription (RX 2208439), but the evidence established that prescription was issued well more than three years before Inspector Sakamura requested a copy of it. Thus, the fact that respondents submitted a copy of this prescription several months after Inspector Sakamura first requested it is irrelevant. (Factual Findings 39-40.)

SIXTH CAUSE FOR DISCIPLINE: VARIATION FROM PRESCRIPTIONS

9. A. Regulation 1716, in conjunction with section 4301, subdivisions (j) and (o), provides that it can be unprofessional conduct for a pharmacist to "deviate from the requirements of a prescription except upon the prior consent of the prescriber. . . ."

B. Respondents are subject to disciplinary action under Regulation 1716, in conjunction with section 4301, subdivisions (j) and (o), on the grounds of unprofessional conduct, in that for RX numbers 2213046, 2213044, 2213043, and 4425972, respondents deviated from those prescriptions by providing the medication to the patient one day earlier than the date specified on the prescriptions without documenting the consent of the prescriber. (Factual Finding 43.) However, it was not established under either standard that there was such an improper deviation concerning RX numbers 2209222 or 2211845. (Factual Findings 41 & 42.)

SEVENTH CAUSE FOR DISCIPLINE: ERRONEOUS OR UNCERTAIN PRESCRIPTIONS

10. A. This cause for discipline is based on the 65 early refill prescriptions that are the basis of the second cause for discipline discussed above, except that the seventh cause

24

Imposition of Discipline

12. A. Rehabilitation is a "state of mind" and the law looks with favor upon rewarding with the opportunity to serve one who has achieved "reformation and regeneration." (*Pacheco v. State Bar* (1987) 43 Cal.3d 1041, 1058.) Acknowledgement of the wrongfulness of one's actions is an essential step toward rehabilitation. (*Slide v. Committee of Bar Examiners* (1985) 49 Cal.3d 933.)

B. After having cited the two cases above, complainant argues respondents "fought tooth and nail during the 10 days of administrative hearing . . . and claimed that they have done nothing wrong." (Ex. 27, p. 12.) While respondents vigorously defended against the operative pleadings, which was their right, respondent Caesar did not contend he did nothing wrong. As discussed in the Factual Findings, respondent Caesar admitted that he made mistakes and pledged to do better in the future. He has taken meaningful steps to evolve his practice and pharmacy over time, as the opioid crisis has become more acute. It is unlikely he will commit the same misconduct in the future. His actions are consistent with the general principles of rehabilitation articulated in the *Pacheco* and *Slide* cases cited by complainant.

C. Moreover, and contrary to complainant's arguments, respondents in this case are simply not like those respondents involved in the *Vermont* and *Pacific* cases, whose actions were so egregious as to warrant revocation of their licenses. While the overdose death of BK is sad and troubling, for various reasons, and apparently was the operating animus for this action against respondents, his death cannot be fairly attributed to respondents.

D. Finally, respondent Caesar appears to be a pharmacist and business owner doing his best in troubling times for pharmacy professionals. The ALJ is convinced that most of the misconduct established in this case was endemic among the pharmacy community at the times in question and therefore is not as egregious as claimed by complainant, when viewed through the prism of the standards at those times and not through the current standards.

13. An administrative proceeding such as this is not meant to punish a licensee, but rather to protect the public. (*Corrao v. Youde* (1979) 95 Cal.App.3d 161, 165.) Since cause for discipline was established in this case, the level of discipline to be imposed on respondents must be determined. In reaching a decision on disciplining a licensee, the Board's Disciplinary Guidelines [Rev. 2/2017] (Guidelines) are to be considered. (Cal. Code Regs. tit. 16, § 1769.) The Guidelines divide the various types of violations into four categories, ranging from the least serious, Category I, to the most serious, Category IV. The Guidelines state "[t]hese categories assume a single violation. For multiple violations, the appropriate penalty shall increase accordingly." (Guidelines, p. 5.) If there are violations in more than one category, "the minimum and maximum penalties shall be those recommended in the highest category." (*Id.*)

14. A. In this case, the gravity of respondents' violations emanates from Category II. While the sixth cause for discipline (variation of four prescriptions by filling them one day early) is deemed to be a Category I violation, and the first cause for discipline (three altered

26

prescriptions given to Inspector Sakamura) is deemed to be a Category III violation, the bulk of respondents' remaining misconduct comes from their corresponding responsibility violations in connection with the 65 early refills (second cause for discipline) and filling 11 forged prescriptions (eighth cause for discipline), all of which are deemed to be Category II violations.

B. The Guidelines list corresponding responsibility violations to be in Category III. However, that category is described as those "where potential for harm is greater, more imminent, or more serious than it is for Category II violations, as well as for violations that involve knowingly or willfully violating laws or regulations pertaining to pharmacy. . . ." (Guidelines, p. 7.) In this case, it was not established that respondents' corresponding responsibility violations were willful or knowing, particularly remembering respondent Cassar was the only pharmacist who discovered and stopped the forged prescription scheme. Moreover, the potential for harm posed by respondents' corresponding responsibility violations was not proven to be serious, great, and certainly not imminent. Those violations are rooted in neglect, not malfeasance; the harm was potential and theoretical, not actual or imminent.

C. Since there are multiple violations in multiple categories, the Guidelines suggest treating the totality of the violations to be in the highest category, here Category III. Such treatment is not warranted, given the fact that the bulk of violations are in Category II. Moreover, the lone Category III violation is more the result of poor judgement than dishonesty. Although respondent Cassar exercised poor judgement in altering the three prescriptions, it is likely the information he added to the altered prescriptions was true. Therefore, discipline here should be from Category II. The suggested discipline for Category II violations ranges from a minimum of probation for three years under various terms and conditions to a maximum of revocation. (Guidelines, p. 6.)

15. A. The Guidelines list 17 factors to be considered in determining the appropriate level of discipline to be imposed. These factors are applied to respondents as follows:

1. *Actual or potential harm to the public.* No actual or potential harm to the public was established.

2. *Actual or potential harm to any consumer.* Some potential harm to consumers was demonstrated by the two sets of corresponding responsibility violations, but no actual harm was established. Namely, it was not proven that respondents are responsible for the overdose death of BK or that any of the other involved customers suffered any harm. In fact, one of the involved patients, MS, testified in glowing terms about respondents.

3. *Prior disciplinary record, including level of compliance with disciplinary order(s).* Respondents have no prior disciplinary record with the Board.

4. *Prior warnings of record(s), including citation(s) and fine(s).* Respondents received one citation in 2004 for minor violations.

27

years since it concluded. Thus, the violations can be described as having moderate duration and proximity.

14. *Whether the conduct was intentional or negligent, demonstrated incompetence, or, if the respondent is being held to account for conduct committed by another, the respondent had knowledge of or knowingly participated in such conduct.* Most of the misconduct was rooted in negligence, though respondent Cassar's submission of three altered prescriptions was intentional.

15. *Financial benefit to the respondent from the misconduct.* Respondents did not financially benefit from any of their misconduct.

16. *Other licenses held by the respondent and license history of those licenses.* This factor is not applicable.

17. *Uniform Standards Regarding Substance-Abusing Healing Arts Licensees.* This factor is not applicable.

B. The 17 factors demonstrate sufficient mitigation and rehabilitation to warrant imposing the minimum discipline suggested for Category II violations, namely three years of probation with standard terms. None of the optional terms is warranted, including suspension, the imposition of which would be punitive and would not serve public protection. The standard term imposing supervising restrictions on respondent Cassar (term no. 8) has been relaxed, such that Option 2 has been selected and only a yearly review required of the retained independent consultant. Respondent Cassar has demonstrated sufficient competence and rehabilitation to warrant no more frequent review of his practices. (Factual Findings 1-67.)

Other Disciplinary Considerations

16. A. Section 4307, subdivision (a), provides, in pertinent part, that any person whose license has been revoked or is under suspension shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate or partner of a licensee. In this case, respondent Cassar's license has not been revoked or suspended.

B. Section 4307, subdivision (a), also provides that if discipline is imposed on respondent Kanan Pharmacy's permit, and respondent Cassar, while acting as the manager, administrator, owner, member, officer, director, associate, or partner of respondent Kanan Pharmacy, "had knowledge of or knowingly participated in any conduct for which" the permit is disciplined, respondent Cassar "shall" be prohibited from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee for no longer than five years, if the pharmacy permit is placed on probation.

C. In this case, neither party addressed section 4307 in their briefs. While respondent Cassar's personal involvement in most of the violations is unclear but results at least from his status as respondent Kanan Pharmacy's PIC, it is clear respondent Cassar altered the

5. *Number and/or variety of current violations.* There were three core violations (two sets of similar corresponding responsibility violations, one set of four prescription variations, and one set of three prescription alterations), which is deemed to be a moderate amount.

6. *Nature and severity of the act(s), offense(s) or crime(s) under consideration.* Notwithstanding the three altered prescriptions given to Inspector Sakamura, the totality of the misconduct established in this case is deemed to be of moderate severity.

7. *Aggravating evidence.* In aggravation, respondent Cassar was not fully candid about his alteration of the three prescriptions given to Inspector Sakamura.

8. *Mitigating evidence.* Respondents presented significant mitigating evidence which lessened the seriousness of their violations. For example, respondents cooperated with Board investigative efforts at all times. For the most part, respondent Cassar was candid and forthright in his testimony. Respondent Cassar essentially stopped the forged prescription scheme. The alteration problem was limited to only three of hundreds of prescriptions analyzed in this case, and the information added to the altered prescriptions was probably true.

9. *Rehabilitation evidence.* Respondents have established meaningful rehabilitation. Respondent Cassar demonstrated contrition and remorse in his testimony. Respondents have evolved their pharmacy practice to address the shortcomings established in this case, including creating and upgrading their Diversion Program, using CURES when required, upgrading their computer and operating systems, as well as respondent Cassar's completion of two corresponding responsibility seminars and his subscription to Mr. Sydejko's license protection program. Respondents also are supported by a number of impressive and thoughtful character witnesses, who portray respondent Cassar as an ethical, hard-working, and, at times, compulsively detailed pharmacist, who is dedicated to his family, career, and practice. Even the Board's primary investigator, Inspector Sakamura, could not opine during the hearing that respondents currently pose a threat to the public.

10. *Compliance with terms of any criminal sentence.* This factor is not applicable.

11. *Overall criminal record.* This factor is not applicable.

12. *If applicable, evidence of proceedings for cause being set aside and dismissed pursuant to section 1203.4 of the Penal Code.* This factor is not applicable.

13. *Time passed since the act(s) or offense(s).* Respondents' misconduct traces back to 2009 through 2012 for the set of 65 early refills and the four prescription variances; 2013 for the three altered prescriptions given to Inspector Sakamura; and 2014 through 2015 for the 11 forged prescriptions that respondents filled. While the misconduct therefore covers a continuous period of six years, it has been well over three

28

three prescriptions in question that are the basis of the first cause for discipline. Therefore, he "had knowledge of and knowingly participated" in at least some of the conduct for which respondent Kanan Pharmacy is being disciplined.

D. Since the word "shall" is prominent in section 4307, subdivision (a), the prohibition provided in the statute is not optional. However, imposing that level of discipline in this case would be unwarranted and punitive, given the moderate level of misconduct coupled with the significant mitigation and rehabilitation. Moreover, Government Code section 11519, subdivision (b), provides that "a stay of execution may be included in the decision or if not included therein may be granted by the agency at any time before the decision becomes effective." Since a revocation can be stayed under Government Code section 11519, there is no reason to conclude that less severe discipline, such as the prohibition provided by section 4307, cannot also be stayed. Therefore, while the prohibition provided by section 4307, subdivision (a), is mandatory, it shall be subject to the same stay as the remaining discipline imposed.

Costs

17. A. Section 125.3 provides that an administrative law judge may order a licensee who has violated a licensing law to pay the reasonable costs of the investigation and enforcement of the order. Respondents violated provisions of the Pharmacy Law. It was established that the Board incurred reasonable costs in the amount of \$22,940.45. (Factual Findings 68-70.)

B. As the employing entity, respondent Kanan Pharmacy is responsible for all of the violations established in this case. So too for respondent Cassar, as the PIC, though he was also personally involved in some of the underlying misconduct. Under these circumstances, respondents shall be jointly and severally responsible for the Board's costs, and they may determine who shall pay the costs. The standard cost form has been removed from the respondents' individual probations and replaced by one term covering both of them.

ORDER

Respondent Cassar

Pharmacist License Number RPI# 49326, issued to respondent Anthony John Cassar (respondent), is revoked; however, the revocation is stayed and respondent is placed on probation for three years upon the following terms and conditions:

1. Obey All Laws

Respondent shall obey all state and federal laws and regulations.

Respondent shall report any of the following occurrences to the Board, in writing, within seventy-two (72) hours of such occurrence:

30

29

• an arrest or issuance of a criminal complaint for violation of any provision of the Pharmacy Law, state and federal food and drug laws, or state and federal controlled substances laws;

• a plea of guilty, or nolo contendere, no contest, or similar, in any state or federal criminal proceeding in any criminal complaint, information or indictment;

• a conviction of any crime; or

• the filing of a disciplinary pleading, issuance of a citation, or initiation of another administrative action filed by any state or federal agency which involves respondent's license or which is related to the practice of pharmacy or the manufacturing, obtaining, handling, distributing, billing, or charging for any drug, device or controlled substance.

Failure to timely report such occurrence shall be considered a violation of probation.

2. Report to the Board

Respondent shall report to the Board quarterly, on a schedule as directed by the Board or its designee. The report shall be made either in person or in writing, as directed. Among other requirements, respondent shall state in each report under penalty of perjury whether there has been compliance with all the terms and conditions of probation.

Failure to submit timely reports in a form as directed shall be considered a violation of probation. Any period(s) of delinquency in submission of reports as directed may be added to the total period of probation. Moreover, if the final probation report is not made as directed, probation shall be automatically extended until such time as the final report is made and accepted by the Board.

3. Interview with the Board

Upon receipt of reasonable prior notice, respondent shall appear in person for interviews with the Board or its designee, at such intervals and locations as are determined by the Board or its designee. Failure to appear for any scheduled interview without prior notification to Board staff, or failure to appear for two (2) or more scheduled interviews with the Board or its designee during the period of probation, shall be considered a violation of probation.

4. Cooperate with Board Staff

Respondent shall timely cooperate with the Board's inspection program and with the Board's monitoring and investigation of respondent's compliance with the terms and conditions of his probation, including but not limited to: timely responses to requests for information by Board staff; timely compliance with directives from Board staff regarding requirements of any term or condition of probation; and timely completion of documentation pertaining to a term or condition of probation. Failure to timely cooperate shall be considered a violation of probation.

31

at the employment service to report to the Board in writing acknowledging that he or she has read the decision in case number 4828, and the terms and conditions imposed thereby. It shall be respondent's responsibility to ensure that these acknowledgments are timely submitted to the Board.

Failure to timely notify present or prospective employer(s) or failure to cause the identified person(s) with that/those employer(s) to submit timely written acknowledgments to the Board shall be considered a violation of probation.

Employment within the meaning of this provision includes any full-time, part-time, temporary, relief, or employment/management service position as a pharmacist, or any position for which a pharmacist license is a requirement or criterion for employment, whether the respondent is an employee, independent contractor or volunteer.

7. Notification of Change(s) in Name, Address(es), or Phone Number(s)

Respondent shall further notify the Board in writing within ten (10) days of any change in name, residence address, mailing address, e-mail address or phone number.

Failure to timely notify the Board of any change in employer, name, address, or phone number shall be considered a violation of probation.

8. Restrictions on Supervision and Oversight of Licensed Facilities

During the period of probation, respondent shall not supervise any intern pharmacist or serve as a consultant to any entity licensed by the Board. Respondent may be a pharmacist-in-charge, designated representative-in-charge, responsible manager or other compliance supervisor of any single entity licensed by the Board, but only if respondent or that entity retains, at his expense, an independent consultant who shall be responsible for reviewing the operations of the entity *once per year* for compliance by respondent and the entity with state and federal laws and regulations governing the practice of the entity, and compliance by respondent with the obligations of his supervisory position. Respondent may serve in such a position at only one entity licensed by the Board, only upon approval by the Board or its designee. Any such approval shall be site specific.

The consultant shall be a pharmacist licensed by and not on probation with the Board, who has been approved by the Board or its designee to serve in this position. Respondent shall submit the name of the proposed consultant to the Board or its designee for approval within thirty (30) days of the effective date of the decision or prior to assumption of duties allowed in this term.

Assumption of any unauthorized supervision responsibilities shall be considered a violation of probation. In addition, failure to timely seek approval for, timely retain, or ensure timely reporting by the consultant shall be considered a violation of probation.

///

33

5. Continuing Education

Respondent shall provide evidence of efforts to maintain skill and knowledge as a pharmacist as directed by the Board or its designee.

6. Reporting of Employment and Notice to Employers

During the period of probation, respondent shall notify all present and prospective employers of the decision in case number 4828 and the terms, conditions and restrictions imposed on respondent by the decision, as follows:

Within thirty (30) days of the effective date of this decision, and within ten (10) days of undertaking any new employment, respondent shall report to the Board in writing the name, physical address, and mailing address of each of his employer(s), if any, and the name(s) and telephone number(s) of all of his direct supervisor(s), if any, as well as any pharmacist(s)-in-charge, designated representative(s)-in-charge, responsible manager, or other compliance supervisor(s) and the work schedule, if known. Respondent shall also include the reason(s) for leaving the prior employment. Respondent shall sign and return to the Board a written consent authorizing the Board or its designee to communicate with all of respondent's employer(s) and supervisor(s), and authorizing those employer(s) or supervisor(s) to communicate with the Board or its designee, concerning respondent's work status, performance, and monitoring. Failure to comply with the requirements or deadlines of this condition shall be considered a violation of probation.

Within thirty (30) days of the effective date of this decision, and within fifteen (15) days of respondent undertaking any new employment, if any, respondent shall cause (a) his direct supervisor, (b) his pharmacist-in-charge, designated representative-in-charge, responsible manager, or other compliance supervisor, and (c) the owner or owner representative of his employer, to report to the Board in writing acknowledging that the listed individual(s) has/have read the decision in case number 4828, and terms and conditions imposed thereby. If one person serves in more than one role described in (a), (b), or (c), the acknowledgment shall so state. It shall be the respondent's responsibility to ensure that these acknowledgment(s) are timely submitted to the Board. In the event of a change in the person(s) serving the role(s) described in (a), (b), or (c) during the term of probation, respondent shall cause the person(s) taking over the role(s) to report to the Board in writing within fifteen (15) days of the change acknowledging that he or she has read the decision in case number 4828, and the terms and conditions imposed thereby.

If respondent works for or is employed by or through an employment service, respondent must notify the person(s) described in (a), (b), and (c) above at every entity licensed by the Board of the decision in case number 4828, and the terms and conditions imposed thereby in advance of respondent commencing work at such licensed entity. A record of this notification must be provided to the Board upon request.

Furthermore, within thirty (30) days of the effective date of this decision, and within fifteen (15) days of respondent undertaking any new employment by or through an employment service, respondent shall cause the person(s) described in (a), (b), and (c) above

32

9. Probation Monitoring Costs

Respondent shall pay any costs associated with probation monitoring as determined by the Board each and every year of probation. Such costs shall be payable to the Board on a schedule as directed by the Board or its designee. Failure to pay such costs by the deadline(s) as directed shall be considered a violation of probation.

10. Status of License

Respondent shall, at all times while on probation, maintain an active, current pharmacist license with the Board, including any period during which suspension or probation is tolled.

Failure to maintain an active, current pharmacist license shall be considered a violation of probation.

If respondent's pharmacist license expires or is cancelled by operation of law or otherwise at any time during the period of probation, including any extensions thereof due to tolling or otherwise, upon renewal or reacquisition respondent's license shall be subject to all terms and conditions of this probation not previously satisfied.

11. License Surrender While on Probation

Following the effective date of this decision, should respondent cease practice due to retirement or health, or be otherwise unable to satisfy the terms and conditions of probation, respondent may relinquish his license, including any indicia of licensure issued by the Board, along with a request to surrender the license. The Board or its designee shall have the discretion whether to accept the surrender or take any other action it deems appropriate and reasonable. Upon formal acceptance of the surrender of the license, respondent will no longer be subject to the terms and conditions of probation. This surrender constitutes a record of discipline and shall become a part of the respondent's license history with the Board.

Upon acceptance of the surrender, respondent shall relinquish his pocket and/or wall license, including any indicia of licensure not previously provided to the Board within ten (10) days of notification by the Board that the surrender is accepted if not already provided.

Respondent may not reapply for any license from the Board for three (3) years from the effective date of the surrender. Respondent shall meet all requirements applicable to the license sought as of the date the application for that license is submitted to the Board, including any outstanding costs.

12. Practice Requirement - Extension of Probation

Except during periods of suspension, respondent shall, at all times while on probation, be employed as a pharmacist in California for a minimum of 80 hours per calendar month. Any month during which this minimum is not met shall extend the period of probation by one month. During any such period of insufficient employment, respondent must nonetheless comply with all terms and conditions of probation, unless respondent receives a waiver in writing from the Board or its designee.

If respondent does not practice as a pharmacist in California for the minimum number of hours in any calendar month, for any reason (including vacation), respondent shall notify the Board in writing within ten (10) days of the conclusion of that calendar month. This notification shall include at least: the date(s), location(s), and hours of last practice; the reason(s) for the interruption or reduction in practice; and the anticipated date(s) on which respondent will resume practice at the required level. Respondent shall further notify the Board in writing within ten (10) days following the next calendar month during which respondent practices as a pharmacist in California for the minimum of hours. Any failure to timely provide such notification(s) shall be considered a violation of probation.

It is a violation of probation for respondent's probation to be extended pursuant to the provisions of this condition for a total period, counting consecutive and non-consecutive months, exceeding thirty-six (36) months. The Board or its designee may post a notice of the extended probation period on its website.

13. Violation of Probation

If respondent has not complied with any term or condition of probation, the Board shall have continuing jurisdiction over respondent, and the Board shall provide notice to respondent that probation shall automatically be extended, until all terms and conditions have been satisfied or the Board has taken other action as deemed appropriate to treat the failure to comply as a violation of probation, to terminate probation, and to impose the penalty that was stayed. The Board or its designee may post a notice of the extended probation period on its website.

If respondent violates probation in any respect, the Board, after giving respondent notice and an opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. If a petition to revoke probation or an accusation is filed against respondent during probation, or the preparation of an accusation or petition to revoke probation is requested from the Office of the Attorney General, the Board shall have continuing jurisdiction and the period of probation shall be automatically extended until the petition to revoke probation or accusation is heard and decided.

///

///

35

Failure to timely report any such occurrence shall be considered a violation of probation.

3. Report to the Board

Respondent shall report to the Board quarterly, on a schedule as directed by the Board or its designee. The report shall be made either in person or in writing, as directed. Among other requirements, respondent shall state in each report under penalty of perjury whether there has been compliance with all the terms and conditions of probation. Failure to submit timely reports in a form as directed shall be considered a violation of probation. Any period(s) of delinquency in submission of reports as directed may be added to the total period of probation. Moreover, if the final probation report is not made as directed, probation shall be automatically extended until such time as the final report is made and accepted by the Board.

4. Interview with the Board

Upon receipt of reasonable prior notice, respondent shall appear in person for interviews with the Board or its designee, at such intervals and locations as are determined by the Board or its designee. Failure to appear for any scheduled interview without prior notification to Board staff, or failure to appear for two (2) or more scheduled interviews with the Board or its designee during the period of probation, shall be considered a violation of probation.

5. Cooperate with Board Staff

Respondent shall timely cooperate with the Board's inspection program and with the Board's monitoring and investigation of respondent's compliance with the terms and conditions of the probation, including but not limited to: timely responses to requests for information by Board staff; timely compliance with directives from Board staff regarding requirements of any term or condition of probation; and timely completion of documentation pertaining to a term or condition of probation. Failure to timely cooperate shall be considered a violation of probation.

6. Probation Monitoring Costs

Respondent shall pay any costs associated with probation monitoring as determined by the Board each and every year of probation. Such costs shall be payable to the Board on a schedule as directed by the Board or its designee. Failure to pay such costs by the deadline(s) as directed shall be considered a violation of probation.

14. Completion of Probation

Upon written notice by the Board or its designee indicating successful completion of probation, respondent's license will be fully restored.

Respondent Kanan Pharmacy

Pharmacy Permit Number PHY 46707, issued to respondent Pharmacy Care Network, Inc., dba Kanan Pharmacy & Medical Supplies, with Anthony John Cassar as the Pharmacist-in-Charge, is revoked; however, the revocation is stayed and respondent is placed on probation for three years upon the following terms and conditions:

1. Definitions: Respondent

For the purposes of these terms and conditions, "respondent" shall refer to Pharmacy Care Network, Inc., dba Kanan Pharmacy & Medical Supplies, with Anthony John Cassar as the Pharmacist-in-Charge. All terms and conditions stated herein shall bind and be applicable to the licensed premises and to all owners, managers, officers, administrators, members, directors, trustees, associates, or partners thereof. For purposes of compliance with any term or condition, any report, submission, filing, payment, or appearance required to be made by respondent to or before the board or its designee shall be made by an owner or executive officer with authority to act on behalf of and legally bind the licensed entity.

2. Obey All Laws

Respondent shall obey all state and federal laws and regulations.

Respondent shall report any of the following occurrences to the Board, in writing, within twenty-two (72) hours of such occurrence:

- an arrest or issuance of a criminal complaint for violation of any provision of the Pharmacy Law, state and federal food and drug laws, or state and federal controlled substances laws;

- a plea of guilty, or nolo contendere, no contest, or similar, in any state or federal criminal proceeding to any criminal complaint, information or indictment;

- a conviction of any crime; or

- discipline, citation, or other administrative action filed by any state or federal agency which involves respondent's license or which is related to the practice of pharmacy or the manufacturing, obtaining, handling or distributing, billing, or charging for any dangerous drug, and/or dangerous device or uncontrolled substance.

36

7. Status of License

Respondent shall, at all times while on probation, maintain current pharmacy permit with the Board. Failure to maintain current licensure shall be considered a violation of probation.

If respondent's license expires or is canceled by operation of law or otherwise at any time during the period of probation, including any extensions thereof or otherwise, upon renewal or reapplication, respondent's license shall be subject to all terms and conditions of this probation not previously satisfied.

8. License Surrender While on Probation

Following the effective date of this decision, should respondent wish to discontinue business, respondent may tender the premises license to the Board for surrender. The Board or its designee shall have the discretion whether to grant the request for surrender or take any other action it deems appropriate and reasonable. Upon formal acceptance of the surrender of the license, respondent will no longer be subject to the terms and conditions of probation.

Respondent may not apply for any new license from the Board for three (3) years from the effective date of the surrender. Respondent shall meet all requirements applicable to the license sought as of the date the application for that license is submitted to the Board.

Respondent further stipulates that it shall reimburse the Board for its costs of investigation and prosecution prior to the acceptance of the surrender.

Upon acceptance of the surrender, respondent shall relinquish the premises wall and renewal license to the Board within ten (10) days of notification by the Board that the surrender is accepted. Respondent shall further submit a completed Discontinuance of Business form according to Board guidelines and shall notify the Board of the records inventory transfer within five (5) days. Respondent shall further arrange for the transfer of all records of acquisition and disposition of dangerous drugs and/or devices to premises licensed and approved by the Board.

Respondent shall also, by the effective date of this decision, arrange for the continuation of care for ongoing patients of the pharmacy by, at minimum, providing a written notice to ongoing patients that specifies the anticipated closing date of the pharmacy and that identifies one or more area pharmacies capable of taking up the patients' care, and by cooperating as may be necessary in the transfer of records or prescriptions for ongoing patients. Within five days of its provision to the pharmacy's ongoing patients, respondent shall provide a copy of the written notice to the Board. For the purposes of this provision, "ongoing patients" means those patients for whom the pharmacy has on file a prescription with one or more refills outstanding, or for whom the pharmacy has filled a prescription within the preceding sixty (60) days.

38

Respondent may not apply for any new license from the Board for three (3) years from the effective date of the surrender. Respondent shall meet all requirements applicable to the license sought as of the date the application for that license is submitted to the Board.

Respondent further stipulates that it shall reimburse the Board for its costs of investigation and prosecution prior to the acceptance of the surrender.

9. Sale or Discontinuance of Business

During the period of probation, should respondent sell, trade or transfer all or part of the ownership of the licensed entity, discontinue doing business under the license issued to respondent, or should practice at that location be assumed by another full or partial owner, person, firm, business, or entity, under the same or a different premises license number, the Board or its designee shall have the sole discretion to determine whether to exercise continuing jurisdiction over the licensed location, under the current or new premises license number, and/or carry the remaining period of probation forward to be applicable to the current or new premises license number of the new owner.

10. Notice to Employees

Respondent shall, upon or before the effective date of this decision, ensure that all employees involved in permit operations are made aware of all the terms and conditions of probation, either by posting a notice of the terms and conditions, circulating such notice, or both. If the notice required by this provision is posted, it shall be posted in a prominent place and shall remain posted throughout the probation period. Respondent shall ensure that any employees hired or used after the effective date of this decision are made aware of the terms and conditions of probation by posting a notice, circulating a notice, or both. Additionally, respondent shall submit written notification to the Board, within fifteen (15) days of the effective date of this decision, that this term has been satisfied. Failure to timely provide such notification to employees, or to timely submit such notification to the Board shall be considered a violation of probation.

"Employees" as used in this provision includes all full-time, part-time, volunteer, temporary and relief employees and independent contractors employed or hired at any time during probation.

11. Owners and Officers: Knowledge of the Law

Respondent shall provide, within thirty (30) days after the effective date of this decision, signed and dated statements from its owners, including any owner or holder of ten percent (10%) or more of the interest in respondent or respondent's stock, and all of its officers, stating under penalty of perjury that said individuals have read and are familiar with state and federal laws and regulations governing the practice of pharmacy. The failure to timely provide said statements under penalty of perjury shall be considered a violation of probation.

39

probation shall be automatically extended until the petition to revoke probation or accusation is heard and decided.

15. Completion of Probation

Upon written notice by the Board or its designee indicating successful completion of probation, respondent's license will be fully restored.

Costs

Respondent Pharmacy Care Network, Inc., dba Kanan Pharmacy & Medical Supplies, and Anthony John Cassar, are jointly and severally liable to pay the Board its reasonable costs of this case's investigation and enforcement under Business and Professions Code section 125.3, in the amount of \$22,940.45, pursuant to a reasonable payment plan approved by the Board.

Prohibition Under Section 4307

Respondent Anthony John Cassar is prohibited from serving as a manager, administrator, owner, member, officer, director, associate, or partner of Pharmacy Permit Number PHY 46707, issued to Pharmacy Care Network, Inc., dba Kanan Pharmacy & Medical Supplies, for the period of time while Pharmacy Permit Number PHY 46707 is subject to the probation imposed in this case.

"This prohibition is stayed while respondent Cassar and Kanan Pharmacy are on the probations specified above. If either respondent, or both, violates probation in any respect, the Board, after giving respondents notice and an opportunity to be heard, may petition to revoke this stay and impose the prohibition set forth in Business and Professions Code section 4307 against respondent Cassar.

12. Premises Open for Business

Respondent shall remain open and engaged in its ordinary business as a pharmacy permittee in California for a minimum of 80 hours per calendar month. Any month during which this minimum is not met shall toll the period of probation, i.e., the period of probation shall be extended by one month for each month during which this minimum is not met.

During any such period of tolling of probation, respondent must nonetheless comply with all terms and conditions of probation, unless respondent is informed otherwise in writing by the Board or its designee. If respondent is not open and engaged in its ordinary business as a pharmacy permittee for a minimum of 80 hours in any calendar month, for any reason (including vacation), respondent shall notify the Board in writing within ten (10) days of the conclusion of that calendar month. This notification shall include at minimum all of the following: the date(s) and hours respondent was open; the reason(s) for the interruption or why business was not conducted; and the anticipated date(s) on which respondent will resume business as required. Respondent shall further notify the Board in writing within ten (10) days following the next calendar month during which respondent is open and engaged in its ordinary business as a pharmacy permittee in California for a minimum of 80 hours. Any failure to timely provide such notification(s) shall be considered a violation of probation.

13. Posted Notice of Probation

Respondent shall prominently post a probation notice provided by the Board or its designee in a place conspicuous to and readable by the public within two (2) days of receipt thereof from the Board or its designee. Failure to timely post such notice, or to maintain the posting during the entire period of probation, shall be considered a violation of probation.

Respondent shall not, directly or indirectly, engage in any conduct or make any statement which is intended to mislead or is likely to have the effect of misleading any patient, customer, member of the public, or other person(s) as to the nature of and reason for the probation of the licensed entity.

14. Violation of Probation

If respondent has not complied with any term or condition of probation, the Board shall have continuing jurisdiction over respondent, and probation shall be automatically extended, until all terms and conditions have been satisfied or the Board has taken other action as deemed appropriate to treat the failure to comply as a violation of probation, to terminate probation, and to impose the penalty that was stayed.

If respondent violates probation in any respect, the Board, after giving respondent notice and an opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. If a petition to revoke probation or an accusation is filed against respondent during probation, the Board shall have continuing jurisdiction and the period of

Case No. 4828

SECOND AMENDED ACCUSATION

Complainant alleges:

PARTIES

24 1. Complainant Virginia Herold brings this Second Amended Accusation solely in her
25 official capacity as the Executive Officer of the Board of Pharmacy, Department of Consumer
26 Affairs ("Board").
27 2. On May 18, 2004, the Board issued Pharmacy Permit Number PHY 46707 to
28 Pharmacy Care Network, Inc., dba Kanan Pharmacy & Medical Supplies ("Respondent
Pharmacy"). Anthony Cassar is and has been the President and Pharmacist-in-Charge of
Respondent Pharmacy since May 18, 2004. Maria Cassar is and has been the Secretary/Treasurer
of Respondent Pharmacy since May 18, 2004. This Permit was in force at all times relevant to
this First Amended Accusation's charges and will expire on May 1, 2019 unless renewed.

1

Second Amended Accusation

1 3. On March 25, 1997, the Board issued Pharmacist License Number RPH 49326 to
2 Anthony John Cassar ("Respondent Cassar"). The Pharmacist License was in force at all times
3 relevant to this Accusation's charges and will expire on May 31, 2018 unless renewed.

4 JURISDICTION

5 4. This Second Amended Accusation is brought before the Board, Department of
6 Consumer Affairs, under the authority of the following laws.

7 5. Section 4300 of the Business and Professions Code provides, in pertinent part, that
8 every license issued by the Board is subject to discipline, including suspension or revocation.

9 6. Section 4300.1 of the Business and Professions Code states:

10 "The expiration, cancellation, forfeiture, or suspension of a board-issued license by
11 operation of law or by order or decision of the board or a court of law, the placement of a license
12 on a retired status, or the voluntary surrender of a license by a licensee shall not deprive the board
13 of jurisdiction to commence or proceed with any investigation of, or action or disciplinary
14 proceeding against, the licensee or to render a decision suspending or revoking the license."

15 7. Section 4302 of the Business and Professions Code states:

16 "The board may deny, suspend, or revoke any license of a corporation where conditions
17 exist in relation to any person holding 10 percent or more of the corporate stock of the
18 corporation, or where conditions exist in relation to any officer or director of the corporation that
19 would constitute grounds for disciplinary action against a licensee."

20 BUSINESS AND PROFESSIONS CODE

21 8. Section 4035 of the Business and Professions Code states:

22 "Person" includes, but is not limited to, firm, association, partnership, corporation, limited
23 liability company, state governmental agency, trust, or political subdivision."

24 9. Section 4059, subdivision (a), of the Business and Professions Code states:

25 "A person may not furnish any dangerous drug except upon the prescription of a physician,
26 dentist, podiatrist, optometrist, veterinarian, or naturopathic doctor pursuant to Section 3640.7. A
27 person may not furnish any dangerous device, except upon the prescription of a physician, dentist,
28 podiatrist, optometrist, veterinarian, or naturopathic doctor pursuant to Section 3640.7."

1 10. Section 4063 of the Business and Professions Code states:

2 "No prescription for any dangerous drug or dangerous device may be refilled except upon
3 authorization of the prescriber. The authorization may be given orally or at the time of giving the
4 original prescription. No prescription for any dangerous drug that is a controlled substance may
5 be designated refillable as needed."

6 11. Section 4081 of the Business and Professions Code states, in pertinent part:

7 "(a) All records of manufacture and of sale, acquisition, or disposition of dangerous drugs
8 or dangerous devices shall be at all times during business hours open to inspection by authorized
9 officers of the law, and shall be preserved for at least three years from the date of making. A
10 current inventory shall be kept by every manufacturer, wholesaler, pharmacy, veterinary food-
11 animal drug retailer, physician, dentist, podiatrist, veterinarian, laboratory, clinic, hospital,
12 institution, or establishment holding a currently valid and unrevoked certificate, license, permit,
13 registration, or exemption under Division 2 (commencing with Section 1200) of the Health and
14 Safety Code or under Part 4 (commencing with Section 16000) of Division 9 of the Welfare and
15 Institutions Code who maintains a stock of dangerous drugs or dangerous devices.

16 "(b) The owner, officer, and partner of any pharmacy, wholesaler, or veterinary food-animal
17 drug retailer shall be jointly responsible, with the pharmacist-in-charge or representative-in-
18 charge, for maintaining the records and inventory described in this section."

19 12. Section 4105 of the Business and Professions Code states:

20 "(a) All records or other documentation of the acquisition and disposition of dangerous
21 drugs and dangerous devices by any entity licensed by the board shall be retained on the licensed
22 premises in a readily retrievable form.

23 "(b) The licensee may remove the original records or documentation from the licensed
24 premises on a temporary basis for license-related purposes. However, a duplicate set of those
25 records or other documentation shall be retained on the licensed premises.

26 "(c) The records required by this section shall be retained on the licensed premises for a
27 period of three years from the date of making.
28

1 "(d) Any records that are maintained electronically shall be maintained so that the
2 pharmacist-in-charge, the pharmacist on duty if the pharmacist-in-charge is not on duty, or, in the
3 case of a veterinary food-animal drug retailer or wholesaler, the designated representative on
4 duty, shall, at all times during which the licensed premises are open for business, be able to
5 produce a hard copy and electronic copy of all records of acquisition or disposition or other drug
6 or dispensing-related records maintained electronically.

7 "(e) (1) Notwithstanding subdivisions (a), (b), and (c), the board may, upon written request,
8 grant to a licensee a waiver of the requirements that the records described in subdivisions (a), (b),
9 and (c) be kept on the licensed premises.

10 (2) A waiver granted pursuant to this subdivision shall not affect the board's authority
11 under this section or any other provision of this chapter.

12

13 13. Section 4113, subdivision (c), of the Business and Professions Code states:

14 "The pharmacist-in-charge shall be responsible for a pharmacy's compliance with all state
15 and federal laws and regulations pertaining to the practice of pharmacy."

16 14. Section 4156 of the Business and Professions Code states:

17 A pharmacy corporation shall not do, or fail to do, any act where doing or failing to do the
18 act would constitute unprofessional conduct under any statute or regulation. In the conduct of its
19 practice, a pharmacy corporation shall observe and be bound by the laws and regulations that
20 apply to a person licensed under this chapter.

21 15. Section 4169, subdivision (a)(5) of the Business and Professions Code states:

22 A person or entity shall not do any of the following: Fail to maintain records of the
23 acquisition or disposition of dangerous drugs or dangerous devices for at least three years.

24 16. Section 4301 of the Business and Professions Code states:

25 "The board shall take action against any holder of a license who is guilty of unprofessional
26 conduct or whose license has been procured by fraud or misrepresentation or issued by mistake.
27 Unprofessional conduct shall include, but is not limited to, any of the following:
28

1 "(d) The clearly excessive furnishing of controlled substances in violation of
2 subdivision (a) of Section 11153 of the Health and Safety Code.

3 ...

4 "(f) the commission of any act involving moral turpitude, dishonesty, fraud,
5 deceit, or corruption

6 "(g) knowingly making or signing any certificate or other document that falsely
7 represents the existence or nonexistence of a state of facts.

8 ...

9 "(j) The violation of any of the statutes of this state, or any other state, or of the
10 United States regulating controlled substances and dangerous drugs.

11 ...

12 "(e) Violating or attempting to violate, directly or indirectly, or assisting in or abetting
13 the violation of or conspiring to violate any provision or term of this chapter or of the applicable
14 federal and state laws and regulations governing pharmacy, including regulations established by
15 the board or by any other state or federal regulatory agency.

16

17 "(q) engaging in any conduct that subverts or attempts to subvert an investigation of
18 the Board."

19 17. Section 4302 of the Business and Professions Code states:

20 The board may deny, suspend, or revoke any license where conditions exist in relation to
21 any person holding 10 percent or more of the ownership interest or where conditions exist in
22 relation to any officer, director, or other person with management or control of the licensee that
23 would constitute grounds for disciplinary action against a licensee.

24 18. Section 4306.5 of the Business and Professions Code states:

25 "Unprofessional conduct for a pharmacist may include any of the following:

26 (a) Acts or omissions that involve, in whole or in part, the inappropriate exercise of
27 his or her education, training, or experience as a pharmacist, whether or not the act or omission
28

1 arises in the course of the practice of pharmacy or the ownership, management, administration, or
2 operation of a pharmacy or other entity licensed by the board.

3 (b) Acts or omissions that involve, in whole or in part, the failure to exercise or
4 implement his or her best professional judgment or corresponding responsibility with regard to
5 the dispensing or furnishing of controlled substances, dangerous drugs, or dangerous devices, or
6 with regard to the provision of services.

7 (c) Acts or omissions that involve, in whole or in part, the failure to consult
8 appropriate patient, prescription, and other records pertaining to the performance of any
9 pharmacy function.

10 (d) Acts or omissions that involve, in whole or in part, the failure to fully maintain
11 and retain appropriate patient-specific information pertaining to the performance of any pharmacy
12 function."

13 19. Section 4307 of the Business and Professions Code states:

14 (a) Any person who has been denied a license or whose license has been revoked
15 or is under suspension, or who has failed to renew his or her license while it was under
16 suspension, or who has been a manager, administrator, owner, member, officer, director,
17 associate, or partner of any partnership, corporation, firm, or association whose application for a
18 license has been denied or revoked, is under suspension or has been placed on probation, and
19 while acting as the manager, administrator, owner, member, officer, director, associate, or partner
20 had knowledge of or knowingly participated in any conduct for which the license was denied,
21 revoked, suspended, or placed on probation, shall be prohibited from serving as a manager,
22 administrator, owner, member, officer, director, associate, or partner of a licensee as follows:

23 (1) Where a probationary license is issued or where an existing license is placed
24 on probation, this prohibition shall remain in effect for a period not to exceed five years.

25 (2) Where the license is denied or revoked, the prohibition shall continue until
26 the license is issued or reinstated.

1 (b) "Manager, administrator, owner, member, officer, director, associate, or partner,"
2 as used in this section and Section 4308, may refer to a pharmacist or to any other person who
3 serves in that capacity in or for a licensee.

4 (c) The provisions of subdivision (a) may be alleged in any pleading filed pursuant to
5 Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of the Government Code.
6 However, no order may be issued in that case except as to a person who is named in the caption,
7 as to whom the pleading alleges the applicability of this section, and where the person has been
8 given notice of the proceeding as required by Chapter 5 (commencing with Section 11500) of Part
9 1 of Division 3 of the Government Code. The authority to proceed as provided by this subdivision
10 shall be in addition to the board's authority to proceed under Section 4339 or any other provision
11 of law.

12 **HEALTH AND SAFETY CODE**

13 20. Section 11153, subdivision (a) of Health and Safety Code states:

14 "(a) A prescription for a controlled substance shall only be issued for a legitimate medical
15 purpose by an individual practitioner acting in the usual course of his or her professional practice.
16 The responsibility for the proper prescribing and dispensing of controlled substances is upon the
17 prescribing practitioner, but a corresponding responsibility rests with the pharmacist who fills the
18 prescription. Except as authorized by this division, the following are not legal prescriptions: (1)
19 an order purporting to be a prescription which is issued not in the usual course of professional
20 treatment or in legitimate and authorized research; or (2) an order for an addict or habitual user of
21 controlled substances, which is issued not in the course of professional treatment or as part of an
22 authorized narcotic treatment program, for the purpose of providing the user with controlled
23 substances, sufficient to keep him or her comfortable by maintaining customary use."

24 21. Section 11179 of the Health and Safety Code states:

25 "A person who fills a prescription shall keep it on file for at least three years from the date
26 of filling it."

27 22. Section 11200, subdivision (c), of the Health and Safety Code states:

28 "No prescription for a Schedule II substance may be refilled."

1 **CALIFORNIA CODE OF REGULATIONS**

2 23. California Code of Regulations, title 16, section 1707.1, states:

3 "(a) A pharmacy shall maintain medication profiles on all patients who have prescriptions
4 filled in that pharmacy except when the pharmacist has reasonable belief that the patient will not
5 continue to obtain prescription medications from that pharmacy.

6 (1) A patient medication record shall be maintained in an automated data processing
7 or manual record mode such that the following information is readily retrievable during the
8 pharmacy's normal operating hours.

9 (A) The patient's full name and address, telephone number, date of birth (or
10 age) and gender;

11 (B) For each prescription dispensed by the pharmacy:

12 1. The name, strength, dosage form, route of administration, if other than oral,
13 quantity and directions for use of any drug dispensed;

14 2. The prescriber's name and where appropriate, license number, DEA
15 registration number or other unique identifier;

16 3. The date on which a drug was dispensed or refilled;

17 4. The prescription number for each prescription; and

18 5. The information required by section 1717.

19 (C) Any of the following which may relate to drug therapy: patient allergies,
20 idiosyncracies, current medications and relevant prior medications including nonprescription
21 medications and relevant devices, or medical conditions which are communicated by the patient
22 or the patient's agent.

23 (D) Any other information which the pharmacist, in his or her professional
24 judgment, deems appropriate.

25 (2) The patient medication record shall be maintained for at least one year from the
26 date when the last prescription was filled.

27 24. California Code of Regulations, title 16, section 1715.6, states:

1 "The owner shall report to the Board within thirty (30) days of discovery of any loss of the
2 controlled substances, including their amounts and strengths."

3 25. California Code of Regulations, title 16, section 1716, states in pertinent part:

4 "Pharmacists shall not deviate from the requirements of a prescription except upon the prior
5 consent of the prescriber or to select the drug product in accordance with Section 4073 of the
6 Business and Professions Code."

7 26. California Code of Regulations, title 16, section 1761, states in pertinent part:

8 (a) No pharmacist shall compound or dispense any prescription which contains any
9 significant error, omission, irregularity, uncertainty, ambiguity or alteration. Upon receipt of any
10 such prescription, the pharmacist shall contact the prescriber to obtain the information needed to
11 validate the prescription.

12 (b) Even after conferring with the prescriber, a pharmacist shall not compound or dispense
13 a controlled substance prescription where the pharmacist knows or has objective reason to know
14 that said prescription was not issued for a legitimate medical purpose.

15 **CONTROLLED SUBSTANCES AND DANGEROUS DRUGS**

16 27. Adderall, also known as Amphetamine Salt Combo, is a Schedule II controlled
17 substance under Health and Safety Code section 11055, subdivision (d)(1) and is a dangerous
18 drug under Business and Professions Code section 4022. It is used to treat Attention-Deficit
19 Disorder.

20 28. Alprazolam, a generic name for Xanax, is a Schedule IV controlled substance
21 under Health and Safety Code section 11057, subdivision (d)(1) and is a dangerous drug under
22 Business and Professions Code section 4022.

23 29. Carisprodol, a generic name for Soma, is a Schedule IV controlled substance under
24 21 Code of Federal Register section 1308.14, subdivision (c)(5) and is a dangerous drug under
25 Business and Professions Code section 4022. It became a Schedule IV controlled substance on
26 January 1, 2012.

27 ///

28 ///

1 30. Diazepam, a generic name for Valium, is a Schedule IV controlled substance under
2 Health and Safety Code section 11057, subdivision (d)(9) and is a dangerous drug under Business
3 and Professions Code section 4022.

4 31. Dextroamphetamine/amphetamine, a generic name for Adderall, is a Schedule II
5 controlled substance under Health and Safety Code section 11055, subdivision (d)(1) and is a
6 dangerous drug under Business and Professions Code section 4022.

7 32. Fentanyl is a Schedule II controlled substance under Health and Safety Code section
8 11055, subdivision (c)(8) and is a dangerous drug under Business and Professions Code section
9 4022.

10 33. Hydrocodone/acetaminophen, a generic name for Lortab, Vicodin, and Norco, is
11 a Schedule III controlled substance under Health and Safety Code section 11056(e)(4) and is a
12 dangerous drug under Business and Professions Code section 4022.

13 34. Methadone is a Schedule II controlled substance under Health and Safety Code
14 section 11055, subdivision (c)(14) and is a dangerous drug under Business and Professions Code
15 section 4022.

16 35. Methylphenidate, a generic name for Ritalin, is a Schedule II controlled substance
17 under Health and Safety Code section 11055, subdivision (d)(6) and is a dangerous drug under
18 Business and Professions Code section 4022.

22 37. Oxycodone, a generic name for Oxycontin, is a Schedule II controlled substance
23 under Health and Safety Code section 11055, subdivision (b)(1)(M) and is a dangerous drug
24 under Business and Professions Code section 4022.

25 COST RECOVERY

26 38. Section 125.3 of the Business and Professions Code states, in pertinent part, that the
27 Board may request the administrative law judge to direct a licensee found to have committed a
28

1 violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the
2 investigation and enforcement of the case.

3 COMPLAINT FILED BY W.K.

4 39. The Board received a complaint from a mother (W.K.) who stated that her son B.K.
5 passed away of an overdose in January 2010. The physician, L.G., Doctor of Osteopathic, who
6 prescribed the drugs had been investigated by the Medical Board and Attorney General's office,
7 and L.G.'s hearings were scheduled for November 2011. There were six allegations against L.G.,
8 and one of the allegations was for over prescribing addictive medications. Respondent filled
9 prescriptions for her son from September 10, 2009 to November 12, 2009 for 676 pills. The
10 mother stated there were probably more, but those were the only bottles she and her husband
11 found.

12 40. Dr. L.G., was the main prescriber of the prescriptions that Patient B.K. filled at
13 Respondent Pharmacy. On March 4, 2011, the Osteopathic Medical Board of California filed an
14 Accusation against Dr. L.G. for repeated acts of negligence. However, Dr. L.G. committed
15 suicide before the matter was resolved.

16 41. On March 15, 2013, Board Inspector V.S. conducted an inspection at the Respondent
17 Pharmacy. In preparation for the inspection, the Board inspector reviewed CURES⁴ data from
18 October 1, 2008 to January 1, 2010 for the pharmacy and chose three patients in addition to B.K.
19 to review for controlled substance dispensing.

20 42. The CURES program started in 1998 and required mandatory monthly pharmacy
21 reporting of dispensed Schedule II controlled substances and was amended in January 2005 to
22 include mandatory weekly reporting of Schedule II-IV controlled substances. The data is sent to
23 a data collection company, who sends the pharmacy confirmation that the data was received and
24

25 ⁴ CURES stands for "Controlled Substance Utilization Review and Evaluation System"
26 and is a database that contains over 100 million entries of controlled substance drugs that were
27 dispensed in California. CURES is part of a program developed by the California Department of
28 Justice, Bureau of Narcotic Enforcement, which allows access to the Prescription Drug
Monitoring Program (PDMP) system. The PDMP allows pre-registered users including licensed
healthcare prescribers eligible to prescribe controlled substances, pharmacists authorized to
dispense controlled substances, law enforcement, and regulatory boards to access patient
controlled substance history information.

1 lets the pharmacy know if any data was rejected. The data is collected statewide and can be used
2 by health care professionals such as pharmacists and prescribers to evaluate and determine
3 whether their patients are utilizing their controlled substances correctly.

4 43. As the Board inspector reviewed the controlled substance prescribing data from
5 October 1, 2008 to January 1, 2010 at Respondent Pharmacy, there were 283 prescriptions filled
6 during that time, for 23 patients. The Board Inspector chose three of those patients to review their
7 controlled substance dispensing.

8 44. On March 15, 2013, the Board inspector went to Respondent Pharmacy to investigate
9 the complaint. Pharmacist in charge (PIC) Respondent Cassar was present. The Board inspector
10 gave Respondent Cassar a list of the 3 patients the Board inspector got off the CURES report and
11 asked for patient profiles, as well as one for Brady K.. Once Respondent Cassar printed the
12 profiles, the Board inspector gave him a list of questions to answer for each of the patients, and
13 several questions about Dr. L.G.. The Board inspector also asked about how Respondent
14 Pharmacy dealt with forged prescriptions, prescriptions from drug seekers, and what tools were
15 used to decide whether or not to fill a prescription. The deadline for his response was 14 days.

16 45. On March 21, 2013, the Board inspector received an email from Respondent Cassar
17 stating he was working on gathering the information she asked for, as well as a copy of his
18 updated policy and procedure on theft and impairment.

19 46. On April 3, 2013, the Board inspector received an email from Respondent
20 Pharmacy's counsel requesting an extension to gather the requested prescriptions.

21 47. On April 6, 2013, the Board inspector received a statement from Respondent Cassar
22 stating "My understanding was that Dr. [L.G.] was a pain specialist whose single office was
23 located in Encino, California. I was not aware of any other office. When we started receiving
24 prescriptions from his office, he explained to me personally of his specialty and assured me that
25 any patient who was seen had first signed a contract agreeing that he would be the only physician
26 from which they would obtain prescriptions for narcotic pain therapy. In addition, he told me that
27 before a patient was seen, he would send a request to the CURES program for a fax of all current
28 and recent dispensing history on the patient. If a patient was not honest regarding who they saw

1 and what they took, Dr. Glass would fire the patient. While I cannot recall the name of the
2 patient, I know I had one patient who became concerned when they obtained a prescription for a
3 small amount of hydrocodone/apap following a dental procedure. I had no reason to believe his
4 prescribing practices were not legitimate. On occasion we would contact Dr. [L.G.]'s office
5 regarding any prescriptions that I felt were too early to be filled or prescriptions that required
6 clarification on directions, quantities, or strengths. His responses were always consistent with my
7 understanding of his practice."

8 48. Respondent Cassar explained that he has become more cautious when filling
9 Controlled Substances II prescriptions, he is in contact with the local Sheriff's department and
10 obtains a list of suspect physicians, which he shares with his local CVS, he has contacted
11 pharmacies near the physician to ask the nature of the physician's practice when he is not familiar
12 with them. According to Respondent Cassar, when prescriptions are called in, he pays attention
13 to whether the call is from an office or a cell phone, if the call is from a cell phone, he
14 immediately calls the office to confirm the prescription. Respondent Cassar further explained
15 that all patients must have a valid ID, and that he uses the CURES program while the patient is
16 waiting. According to Respondent Cassar, if the patient uses multiple doctors, pharmacies, or
17 drugs, he does not fill it. Respondent Cassar further explained that he also gets diagnosis
18 information on his patients.

19 RESPONDENT CASSAR'S RESPONSES TO THE BOARD INVESTIGATOR'S 20 INQUIRIES

21 49. On or about April 22, 2013, the Board inspector received the prescriptions for
22 Respondent Pharmacy's four patients and Respondent Cassar's responses to the Board inspector's
23 questions for each of the patients, several questions about Dr. L.G., and questions as to how
24 Respondent Pharmacy dealt with forged prescriptions, prescriptions from drug seekers, and what
25 tools were used to decide whether or not to fill a prescription.

26 PATIENT K.G.

27 50. In response to the following question "What can you tell me about this patient-What
28 is the patient being treated for?" Respondent Cassar replied "While we may find documentation

1 as to what the patient was being treated for, I believe the patient was being treated for a chronic
2 pain condition"

3 51. In response to the following question "Have they tried any non-medication therapies,
4 or alternative therapies for their condition before trying pain medications?" Respondent Cassar
5 replied "I am not aware if she had tried any non-medication therapies or alternative therapies."

6 52. In response to the following question "What type of consultation have they received
7 from you regarding their prescriptions? What is your consultation like when it comes to pain
8 medication?" Respondent Cassar replied "Patients received consultation as required by OBRA-
9 90² and California law which includes a review of the patient's profile. I review with the patient
10 which medication is short vs. long acting. If they receive other non-narcotic or non-pain
11 medications that causes sedation, I typically review that with them as well. In addition, I ask they
12 be aware of the restrictions of alcohol and driving with this medication."

13 53. In response to the following question "Did the patient pick up their medications
14 themselves, was it delivered, or was it picked up by someone else?" Respondent Cassar replied

15
16 ² Omnibus Budget Reconciliation Act of 1990: Federal lawmakers enacted Section 4401 of the Omnibus
17 Budget Reconciliation Act of 1990 (OBRA '90) to ensure fiscally responsible spending of Federal funding while
18 ensuring safe and effective therapeutic outcomes for Medicaid patients. OBRA '90 includes three key drug utilization
19 review components that affect pharmacy practice: prospective drug utilization review, record-keeping requirements,
20 and a requirement to offer counsel.[1] OBRA '90 further outlines specific information that the pharmacist, while
21 exercising professional judgment, should discuss with the
22 patient when he or she accepts the offer to counsel, such as:
23 • Name of the drug (brand name, generic, or other descriptive information);
24 • Intended use and expected action;
25 • Route, dosage form, dosage, and administration schedule;
26 • Common severe side effects or adverse effects or interactions and therapeutic contraindications that may
27 be encountered, including how to avoid them and the action required if they occur;
28 • Techniques for self-monitoring of drug therapy;
• Proper storage;
• Potential drug-drug interactions or drug-disease contraindications;
• Prescription refill information; and
• Action to take in the event of a missed dose [2]
OBRA '90 and regulations adopted by Centers for Medicare & Medicaid Services (CMS) [3] require States
to establish standards regarding implementation of patient counseling requirements to participate in and to
receive continued Federal funding for State Medicaid programs. Although the original Federal requirements of
OBRA '90 were intended to apply only to Medicaid beneficiaries, States established unique patient counseling
regulations for both Medicaid and non-Medicaid beneficiaries. As a result, all patients are entitled to the benefits
associated with
patient counseling standards of care. For links to State Boards of Pharmacy and their rules and regulations regarding
patient counseling, refer to <http://www.nabp.net/boards-of-pharmacy> on the National Association of Boards of
Pharmacy website.

1 "As I recall, Ms. C. picked up her own medication, though I believe on an occasion or two she
2 had her mother pick-up her medication. In those cases, I believe she called us in advance."

3 54. In response to the following question "Did you talk to the prescriber about any of the
4 prescriptions for this patient in order to clarify or make therapy adjustments?" Respondent Cassar
5 replied "If something required clarification we would contact the doctor. As we pull
6 prescriptions, examples of that communication may turn up."

7 55. In response to the following question "Did you feel any of these patient's therapies
8 may have been excessive?" Respondent Cassar replied "Based on her total treatment history,
9 there was nothing that in my professional judgment indicated her therapy was excessive. The
10 patient initially used a combination of short acting and long acting narcotic pain medications. I
11 recall her telling me of issues she had with her intestinal tract which is why she switched to liquid
12 forms of narcotic pain medication. She was stable for some time and would fill her medication a
13 few days early but nothing that would cause me concern in my professional judgment. Later she
14 switched back to tablets, I believe due to a cost/insurance issue. Her daily dose increased over the
15 five years she was treated by Dr. L.G., I assume due to tolerance. Still, in my professional
16 judgment, I did not see a reason to be concerned as she never present in the pharmacy as being
17 intoxicated. In addition, Ms. [K.C.] has insurance and if a prescription is early, or duplicative we
18 will be notified when the claim is processed. In any such case, we typically try to determine from
19 the patient why and, if appropriate, call the doctor to discuss the situation."

20 56. In response to the following question "How do you document any conversations you
21 have with doctor or patient?" Respondent Cassar replied "I would typically document any
22 conversations with doctors or patients on their prescriptions."

23 57. In response to the following question "Did you use CURES at the time this patient
24 was at your pharmacy?" Respondent Cassar replied "No, not that I can recall. There was no
25 clear reason to consult CURES for this patient."

26 58. The Board investigator entered the information for [K.C.] into the spreadsheet below.

PATIENT S.M.

59. In response to the following question "What can you tell me about this patient-What is the patient being treated for?" Respondent Cassar replied "We have not filled prescriptions for this patient since March 2012. Based on the type of medication she filled, I suspect she has chronic pain, anxiety, ADD/ADHD, hypertension, and some type of air constriction."

60. In response to the following question "Have they tried any non-medication therapies, or alternative therapies for their condition before trying pain medications?" Respondent Cassar replied "I am not aware if she had tried any non-medication therapies or alternative therapies."

61. In response to the following question "What type of consultation have they received from you regarding their prescriptions? What is your consultation like when it comes to pain medication?" Respondent Cassar replied "Patients received consultation as required by OBRA-90 and California law which includes a review of the patient's profile. I review with the patient which medication is short vs. long acting. If they receive other non-narcotic or non-pain

medications that causes sedation, I typically review that with them as well. In addition, I ask they be aware of the restrictions of alcohol and driving with this medication."

62. In response to the following question "Did the patient pick up their medications themselves, was it delivered, or was it picked up by someone else?" Respondent Cassar replied "As I recall, Ms. [S.M.] picked up her own medication, though I believe on an occasion or two she had her son pick-up her medication. In those cases, I believe she called us in advance."

63. In response to the following question "Did you talk to the prescriber about any of the prescriptions for this patient in order to clarify or make therapy adjustments?" Respondent Cassar replied "If something required clarification we would contact the doctor. As we pull prescriptions, examples of that communication may turn up."

64. In response to the following question "Did you feel any of these patient's therapies may have been excessive?" Respondent Cassar replied "Based on her total treatment history, there was nothing that in my professional judgment indicated her therapy was excessive. Mrs. M. only used combinations of short acting narcotic pain medication throughout the day. In the nearly four years she filled prescriptions from Dr. [L.G.] at Kanan Pharmacy, her daily dose did rise. At no time did I observe Mrs. [M.] present in the pharmacy as incoherent or exhibit signs of slurred speech or intoxication. She was always very lucid. In my professional judgment, I did not have cause for concern. In addition, Mrs. M. has insurance and if a prescription is early, or duplicative we will be notified when the claim is processed. In any such case, we typically try to determine from the patient why and, if appropriate, call the doctor to discuss the situation."

65. In response to the following question "How do you document any conversations you have with doctor or patient?" Respondent Cassar replied "I would typically document any conversations with doctors or patients on their prescriptions."

66. In response to the following question "Did you use CURES at the time this patient was at your pharmacy?" Respondent Cassar replied "No, not that I can recall. There was no clear reason to consult CURES for this patient."

67. The Board investigator entered the information for S.M. into the spreadsheet below; there were several early fills and she was not given a prescription. The early fills add up over a

period of time. For example, from 3/22/10-2/12/12 (2 year or 730 day period), S.M. received a 810 day supply of Alprazolam, 804 day supply of Methadone, and 780 day supply of Methylphenidate, all due to early fills. This means the patient is taking more than prescriber wrote for. S.M. received 80 days more of Alprazolam, 74 days more of Methadone, and 50 days more of Methylphenidate in those two years. This can lead to overdose, and the prescriber does not have an accurate knowledge of what the patient is taking. RX 4425972, 2213046, 2213044, and 2213043 all said to dispense on 3/29 but they were dispensed on 3/28. RX 2211845 was written for a quantity of 300 but it was filled with 240, and there was no explanation why.

PATIENT M.S.

68. In response to the following question "What can you tell me about this patient- What is the patient being treated for?" Respondent Cassar replied "Disc disease of lumbar spine, facet syndrome lateral S1 dysfunction, mild radiculopathy of lower extremities. In the notes probably from Dr. [L.G.]."

69. In response to the following question "Have they tried any non-medication therapies, or alternative therapies for their condition before trying pain medications? Respondent Cassar replied "I am not aware if he had tried any non-medication therapies or alternative therapies."

70. In response to the following question "What type of consultation have they received from you regarding their prescriptions? What is your consultation like when it comes to pain medication?" Respondent Cassar replied "Patients received consultation as required by ODRA-90 and California law which includes a review of the patient's profile. I review with the patient which medication is short vs. long acting. If they receive other non-narcotic or non-pain narcotic medications that causes sedation, I typically review that with them as well. In addition, I ask they be aware of the restrictions of alcohol and driving with this medication."

71. In response to the following question "Did the patient pick up their medications themselves, was it delivered, or was it picked up by someone else?" Respondent Cassar replied "Usually Mr. [M.S.] picked up his own medication and sometimes his wife, [S.S.] would pick-up his medications."

72. In response to the following question "Did you talk to the prescriber about any of the prescriptions for this patient in order to clarify or make therapy adjustments?" Respondent

26

Second Amended Accusation

Cassar replied "If something required clarification we would contact the doctor. As we pull prescriptions, examples of that communication may turn up."

73. In response to the following question "Did you feel any of these patient's therapies may have been excessive?" Respondent Cassar replied "Based on his total treatment history, there was nothing that in my professional judgment indicated his therapy was excessive. Mr. M.S. used a combination of higher than normal doses of long acting narcotic pain medication as well as short acting narcotic pain medication. He was on the same dose for a few years with no increase noted. At the end of 2009, he changed his long-acting narcotic pain therapy for fentanyl patches. Dosing of these patches seemed to be consistent for the amounts of Oxycontin he used daily. He filled his prescriptions regularly and, in my professional judgment, I had no cause to be concerned. Like other patients, Mr. M.S. was always lucid and did not present in the pharmacy as intoxicated or having taken excess narcotic pain medication. In addition, Mr. M.S. has had insurance during the majority of the time we have been filling for him. If a prescription is early or duplicative we will be notified when the claim is processed. In any such case, we typically try to determine from the patient why and, if appropriate, call the doctor to discuss the situation."

74. In response to the following question "How do you document any conversations you have with doctor or patient?" Respondent Cassar replied "I would typically document any conversations with doctors or patients on their prescriptions."

75. In response to the following question "Did you use CURES at the time this patient was at your pharmacy?" Respondent Cassar replied "No, not that I can recall. There was no clear reason to consult CURES for this patient."

76. The Board investigator entered the information for this patient into the spreadsheet below; there were several early fills. She did not receive some prescriptions. The physician also ordered Fentanyl patches as 1-2 patches every 2 days. The patient should not be guessing if they need one or two patches, because the absorption of the patch takes a while, so the patient will not feel instant relief. There was no mention about clarifying the prescription or talking to the patient on how to use the patches.

PATIENT B.K.

77. On or about May 29, 2013, the Board investigator obtained a copy of the death certificate for Patient B.K. who passed away on January 12, 2010 at the age of 26. The cause of death was listed as Oxycodone intoxication.

1 78. In response to the following question "What can you tell me about this patient-What
2 is the patient being treated for?" Respondent Cassar replied "This patient was last in my
3 pharmacy in November 2009. I do not know what he was treated for specifically, but I have to
4 assume that he had chronic pain with possibly associated muscle spasms. He may have also had
5 ADD or ADHD as well as some anxiety."

6 79. In response to the following question "Have they tried any non-medication
7 therapies, or alternative therapies for their condition before trying pain medications?"
8 Respondent Cassar replied "I am not aware if he had tried any non-medication therapies or
9 alternative therapies."

10 80. In response to the following question "What type of consultation have they
11 received from you regarding their prescriptions? What is your consultation like when it comes to
12 pain medication?" Respondent Cassar replied "Patients received consultation as required by
13 OBRA-90 and California law which includes a review of the patient's profile. I review with the
14 patient which medication is short vs. long acting. If they receive other non-narcotic or non-pain
15 narcotic medication that causes sedation, I typically review that with them as well. In addition, I
16 ask they be aware of the restrictions of alcohol and driving with this medication."

17 81. In response to the following question "Did the patient pick up their medications
18 themselves, was it delivered, or was it picked up by someone else?" Respondent Cassar replied
19 "As I recall, Mr. K. picked up his own medication."

20 82. In response to the following question "Did you talk to the prescriber about any of
21 the prescriptions for this patient in order to clarify or make therapy adjustments?" Respondent
22 Cassar replied "Because this patient was last seen in November 2009, I cannot recall whether or
23 not I spoke with the prescriber to clarify or make therapy adjustments. However, as we pull
24 prescriptions, if I did document it, it would be found on the prescription."

25 83. In response to the following question "Did you feel any of these patient's therapies
26 may have been excessive?" Respondent Cassar replied "Based on his total treatment history,
27 there was nothing that in my professional judgment indicated his therapy was excessive. I did not
28 feel his Oxycodone doses were excessive because they were prescribed every 12 hours. In

addition, the patient has insurance and if the claim denied for early refill, we would have to contact the physician and/or discuss the situation with the patient."

84. In response to the following question "How do you document any conversations you have with doctor or patient?" Respondent Cassar replied "I would typically document any conversations with doctors or patients on their prescriptions."

85. In response to the following question "Did you use CURES at the time this patient was at your pharmacy?" Respondent Cassar replied "No. The on-line CURES program was not available at that time." However, even assuming that the on-line CURES program was not available at the time, Respondents could have obtained the CURES report via facsimile from the Department of Justice.

86. The Board investigator entered the prescription information from Respondent Pharmacy into a spreadsheet for this patient: there were early fills, and she was not provided some prescriptions.

88. Had Respondent Pharmacy used CURES information for B.K., it would have shown that he was getting the same prescriptions filled for the same drug on the same day at two different pharmacies. For example, Oxycodone 80mg #32 and Norco 10/325 #156 was filled at Respondent Pharmacy on 11/12/09, and Oxycodone 80mg #45 and Norco 10/325 #156 was filled at West Val on the same day. On 10/12/09 West Val Pharmacy filled Norco 10/325 #210 and Respondent Pharmacy filled Norco 10/325 #210 on 10/29/09.

89. The following pharmacies filled B.K.'s controlled substance prescriptions from June 11, 2008 through January 6, 2010:

Kanan Pharmacy -	29 prescriptions
West Val Pharmacy -	26 prescriptions
Costco Pharmacy -	13 prescriptions
CVS Pharmacy -	8 prescriptions
Longs Pharmacy -	6 prescriptions
CVS -	5 prescriptions
Ralphs -	3 prescriptions
Rite Aid -	2 prescriptions
Lungs -	2 prescriptions

90. The following chart shows the oxycodone containing prescriptions for B.K. Respondent Pharmacy filled 487 tablets of Oxycodone containing tablets (filled over 15 months, from 8/7/08-11/27/09).

91. The Board investigation on Respondent Pharmacy revealed various violations of pharmacy law including incorrect filling, variation from a prescription, lack of documentation of why prescriptions are filled at high doses and against normal dosing recommendations. prescriptions could not be found, and CURES is not used to deter doctor shoppers and pharmacy shoppers. Respondent Pharmacy was one of the last pharmacies that filled oxycodone prescriptions before Brady K. passed away. On May 31, 2013, The Board investigator sent notices of non-compliance to Respondent Pharmacy and Respondent Cassar.

FIRST CAUSE FOR DISCIPLINE

(Alteration of Records, Deceit, Fraud, Dishonesty, Subverting the Board's Investigation, Making Documents that Falsely Represent the Existence or Non Existence of the Facts)

92. Respondents are subject to disciplinary action under Code §4301, subdivisions (f), (g), (q), on the grounds of unprofessional conduct in that Respondents presented an "altered"

prescription to the Board inspector, subverted the Board's investigation, committed deceit, dishonesty and fraud by fabricating an altered document that falsely represented the original unaltered prescription. The circumstances underlying the alteration of record is as follows: On or about March 15, 2013, the Board inspector gave Respondent Cassar a list of the three patients (K.C. SM and MS) the Board inspector got off the CURES report and asked for patient profiles, as well as one for BK.

• On or about April 22, 2013, pursuant to a request for prescriptions, the Board inspector received prescription Rx# 2213183 and RX# 2213184 for patient K.C. for Methadone and Oxycodone, signed on 4/11/11. On or about September 3, 2013 (five months later), Respondent Cassar provided the Board inspector with an "altered" version of prescription Rx# 2213183 and RX# 2213184 for patient K.C. the Board inspector compared the altered and unaltered prescriptions and noticed the two were different. The "altered" version was signed by prescriber, Dr. L.G., on 4/11/11, with an "altered" notation in the prescriber's alleged writing: "OK to dispense 4/11/12 per MD" with initials next to the notation.

• On or about April 22, 2013, pursuant to a request for prescriptions, the Board inspector received prescription Rx# 4416591 for patient M.S. for Diazepam 10 mg tablet. The Board inspector believed she did not receive this prescription, and issued a notice for not providing Rx# 4416591. On or about September 3, 2013, the Board inspector was provided with Rx# 4416591, the Board inspector compared the prescriptions and noticed the two were different. The unaltered prescription provided to her on or about April 22, 2013, had a date of 5/1/09. The altered version provided to her on or about September 3, 2013 (approximately five months later) had a date of 5/08/09 and had the following handwritten note, "Date Rx 5/8/09 per MD" with initials next to the notation.

SECOND CAUSE FOR DISCIPLINE

(Unprofessional Conduct - Corresponding Duty: Early Fills of Prescriptions)

93. Respondent Kanan Pharmacy and Respondent Cassar (collectively referred as Respondents) are subject to disciplinary action under Bua. Prof. C. §§4113, 4156, 4301, 4301(d), 4301 (j), 4301(o), 4302, 4035 and 4306.5, in conjunction with Health & Safety C. §11153,

SIXTH CAUSE FOR DISCIPLINE

(Unprofessional Conduct-Variation from Prescriptions)

101. Respondents are subject to disciplinary action under Code §§4035, 4113, 4156, 4301, subdivision (j), 4302, 4306.5, 4301(o), in conjunction with California Code of Regulations (CCR), title 16, section 1716, on the grounds of unprofessional conduct in that 16 CCR §1716 provides that pharmacists shall not deviate from the requirements of a prescription except upon the prior consent of the prescriber or to select the drug product in accordance with Section 4073 of the Business and Professions Code in that Respondents improperly deviated from certain prescriptions for patients K.C. and S.M. without the consent of the prescriber. Specifically, the prescriptions below were filled with a different amount of drug or the prescription was filled before the doctor stated it could be filled:

SEVENTH CAUSE FOR DISCIPLINE

(Erroneous or uncertain prescriptions)

103. Respondents are subject to disciplinary action under California Code of Regulations section 1761, subdivision (a), in that Respondent Cassar, while pharmacist in charge and owner of the Respondent Pharmacy, filled the following prescriptions below, and there was no documentation showing any calls had been made or any patients were talked to about filling their prescriptions early.

104. Complainant refers to, and by this reference incorporates, the allegations set forth above in paragraphs 39 through 91, as though set forth fully herein.

COMPLAINT FILED BY Dr. K.T.

105. On or about September 22, 2015, The Board received an email from Dr. K.T. who explained that a patient stole her prescription pad, forged her signature, and used the stolen prescription forms to fill prescriptions for herself and another patient at various pharmacies. Dr. K.T. identified the patients involved as CB and JC. Dr. K.T. explained CB and JC used the stolen forms to obtain prescriptions for Adderall (amphetamine immediate release tablets) and stated she had not prescribed Adderall for the patients in question since January 2015.

106. The Board reviewed CURES Patient Activity Reports, which showed controlled substance dispensing histories for CB and JC as reported to CURES by pharmacies. These Patient Activity Reports indicated CB and/or JC received prescriptions for amphetamine tablets under the prescribing authority of Dr. K.T. from several pharmacies including:

- CVS Pharmacy #9751 (PHY 47835)
- Pavillions Pharmacy #2215 (PHY 52185)
- Kanan Pharmacy and Medical Supplies (PHY 46707)
- Medallion Prescription Pharmacy (PHY 48673)
- Super Care Drugs Malibu (PHY 46214)

107. The Board initiated an investigation at respondent pharmacy to evaluate the filling of these fraudulent prescriptions. Dr. K.T. later clarified her prescribing of amphetamine as follows.

48

Second Amended Accusation

"I previously prescribed amphetamine only to [CB] for 1-2 prescriptions that were a 10 day course only as she told me her psychiatrist was out of town and could not be reached. I never prescribed for [JC]. These prescriptions were forged. When asked how she discovered the prescription forms had been stolen, Dr. K.T. stated, "...a pharmacy contacted me with concern that I was prescribing too many prescriptions for amphetamines to [CB]. I was surprised of this fact and asked them to send me a fax of the prescription. The copy showed a forged signature on the prescription."

108. The Board's inspector reviewed Patient Activity Reports for CB and JC and identified the following prescriptions filled at Respondent Pharmacy:

CB						
08/13/2014	2223784	AMPHETAMINE SALT COMBO	10 MG	60	K.T.

09/03/2015	2228356	AMPHETAMINE SALT COMBO	10 MG	60	K.T.	

109. The prescriptions identified included prescriptions filled after January 2015 and earlier prescriptions for a 30-day supply of amphetamine tablets.

49

Second Amended Accusation

110. On April 13, 2016, the Board's inspector conducted an inspection at Respondent Pharmacy. Respondent Cassar was present and assisted in the inspection. Details of the inspection included but were not limited to the following:

- Respondent Pharmacy was an independent pharmacy in a retail plaza and Respondent Cassar estimated the pharmacy filled approximately 200 to 250 prescriptions per week day.
- The Board's inspector asked Respondent Cassar if he remembered CB and JC.
- Respondent Cassar recalled CB was a regular patient at Respondent Pharmacy. Respondent Cassar remembered CB picked up prescriptions for JC and stated JC was her sister. Respondent Cassar and the pharmacy staff could not recall if JC ever came to the pharmacy.
- Respondent Cassar stated he recalled an incident involving these patients. He stated he believed a staff pharmacist at Respondent Pharmacy ran a patient activity report for one of the patients and discovered she received frequent prescriptions for amphetamine tablets from multiple pharmacies. Respondent Cassar stated he recalled the pharmacy staff alerted the prescribers and other pharmacies involved.
- Respondent Cassar provided a "Doctor Prescribed/Dispensed Detail Report" for Dr. K.T.. The report indicated Respondent Pharmacy filled eight prescriptions written by Dr. K.T. for amphetamine 10 mg tablets for CB and two prescriptions for JC either after 01/2015 or for 30 day supplies.
- The Board's inspector requested patient dispensing histories for CB and JC.
- The patient profile for JC contained the following patient memo: "[CB] picking up for this pt. Claiming to be her sister. [CB] & this pt poly rx & poly MD. Run PDMP."
- The profile indicated JC received six prescriptions at Kanan Pharmacy and Medical Supplies. All the prescriptions were for amphetamine 10 mg tablets and two of the prescriptions were filled under the prescribing authority of Dr. K.T..
- The patient profile for CB contained the following patient memo: "Patient is poly rx & poly MD. Uses many excuses to fill early."

- At the end of the inspection, the Board's inspector reviewed the inspection report with Respondent Cassar and requested a statement from the pharmacist who contacted Dr. K.T.'s office and determined the prescriptions in question were fraudulent.
- The Board's inspector issued Official Receipt 612035 in exchange for the documents she collected.

111. On April 20, 2016, the Board's inspector received signed statements from Respondent Cassar and staff pharmacist R.H.. Respondent Cassar stated the following:

- "My part-time pharmacist, R.H., had left a prescription patient [CB] for me to investigate because a CURES report showed the patient was filling the same or similar prescriptions at multiple pharmacies and was too early to fill given our own fill history. I contacted Dr. K.T.'s staff and a staff member indicated the doctor had been seen and had written a prescription of Adderall this medication for patient C.B., however, it had been some time ago.
- Respondent Cassar wrote, "...the staff member told me not to fill it and not to return it to the patient because the prescription was fraudulent. I left a voicemail for the patient that I would neither be able to fill it nor would I be able to return it to her per the doctor's request. I proceeded to contact all pharmacies on the CURES report who had filled for her to let them know of the fraud and contacted all doctors I could find that filled for her. Furthermore, I instructed my staff to block her account from being filled and added a note describing the wrongdoing. The CURES report was documented and scanned under the patient's profile for future reference."
- Respondent Cassar added, "One of my staff reminded me that patient also picked up prescriptions for her sister, J.C., for the same medication. We immediately blocked J.C.'s account and added a note describing the situation."

112. Following the inspection, the Board's inspector requested and received images of the remaining prescription documents for CB and JC's prescriptions filled under Dr. K.T.'s prescribing authority and not collected during the inspection. Each prescription was written for Amphetamine 10 mg tablets with directions to take twice daily. Each of the prescription documents bore the header, "[K.T.] Cosmetic & Reproductive Surgery." The Board's inspector

- The profile indicated JC received 41 prescriptions from Respondent Pharmacy. Twenty six of these prescriptions were written for amphetamine 10 mg tablets.
- Between January 29, 2015 and August 20, 2015, CB received 13 prescriptions for immediate release and extended release amphetamine salt tablets and capsules. These medications were prescribed by four different prescribers: Dr. K.T., Dr. R.H., Dr. S.U., and Dr. N. A..
- Respondent Cassar also provided a DocuStore scanned prescription image for a prescription for CB for Adderall 10 mg tablets from Dr. K.T. with a handwritten note which read, "Fill 9/24 run PDMP (Exhibit 9)." The prescription was dated 09/19/2015 and the prescription image was associated with a Patient Activity Report for CB which indicated CB recently received four prescriptions for amphetamine 10 mg tablets and 1 prescription for Amphetamine 20 mg tablets. There was a handwritten note on the top of the Patient Activity Report indicating someone at Kanan Pharmacy and Medical Supplies spoke with Susie at Dr. K.T.'s office regarding the report.
- Respondent Cassar provided a sample prescription document for CB and JC's prescriptions filled under Dr. K.T.'s prescribing authority. The Board's inspector noted the following:
- The heading at the top of both prescriptions was, "T. Cosmetic & Reproductive Surgery."
- Both prescriptions were written for, "Adderall 10 mg, 1 PO BID x30 days."
- Both patients had the same phone number of record at Respondent Pharmacy.
- The Board's inspector asked Respondent Cassar about the pharmacy's policies for evaluating and filling controlled substance prescriptions in general. Respondent Cassar provided a copy of a document titled, "Kanan Pharmacy Diversion Initiative Program." Respondent Cassar stated the pharmacy frequently accessed Patient Activity Reports for patients receiving high dose or high pill count prescriptions for narcotics. Respondent Cassar stated the pharmacy checks the CURES database less frequently for prescriptions for medications to treat attention-deficit disorder as he believed these drugs were less frequently abused.

requested the names and license numbers of the pharmacists who filled the prescriptions in question. Respondent Cassar provided the following information:

Prescription Number	Verifying Pharmacist
2223784	Respondent Cassar
2224066	RPH H.
2224264	Respondent Cassar
2224558	Respondent Cassar
2224887	RPH H.
2226311	RPH H.
2226855	Respondent Cassar*
2227394	Pharmacist H.
2228102	RPH H.
2228145	RPH H.
2228356	RPH H.

*Respondent Cassar initially stated RPH H. verified prescription 2226855, however, he corrected this statement on 10/30/2016.

Analysis of Prescriptions filled at Kanan Pharmacy & Medical Supplies:

113. The Board's inspector reviewed the prescriptions listed above and noted the following irregularities:

- All of the prescriptions were written for Amphetamine 10 mg, indicated to treat attention-deficit disorder, and the preprinted prescriber information on the prescription document indicated the prescriber was a cosmetic and reconstructive surgeon. It would not be typical for a surgeon to prescribe amphetamine 10 mg as it is not typically used during surgery or recovery.
- The majority, nine of eleven, of the prescriptions in question, were purchased in cash, meaning without the aid of prescription insurance. Prescriptions 2227394 and 2228145 were billed to prescription insurance. Patients typically prefer to pay for prescriptions with the aid of prescription insurance if possible. One reason a patient may elect not to use prescription insurance is to prevent the pharmacist from realizing the medication was recently filled and billed to insurance at another pharmacy. If the pharmacist billed the patient's insurance, the insurance company would alert the pharmacist the prescription was recently filled elsewhere. Therefore, this payment method was a red flag for potential diversion.

114. The Board's inspector reviewed CURES Patient Activity Reports for CB and JC and noted the following:

- Prior to receiving prescription 2223784 from Kanan Pharmacy & Medical Supplies on 08/13/2014, CB received the following prescriptions:
 - Amphetamine 10 mg tablets, quantity 60 for a 30 day supply, from Sav-On Pharmacy #6388 on 08/07/2014
 - Amphetamine 10 mg tablets, quantity 60 for a 30 day supply, from Rite Aid 5539 on 08/01/2014
 - Amphetamine 10 mg tablets, quantity 60 for a 30 day supply, from CVS Pharmacy #9627 on 07/25/2014
- Prior to receiving prescription 2224046 from Kanan Pharmacy & Medical Supplies on 09/13/2014, CB received the following prescriptions:
 - Amphetamine 10 mg tablets, quantity 60 for a 30 day supply, from Sav-On Pharmacy #6388 on 09/06/2014
 - Amphetamine 10 mg tablets, quantity 60 for a 30 day supply, from Rite Aid 5539 on 08/27/2014
 - Amphetamine 10 mg tablets, quantity 60 for a 30 day supply, from Pavilions Pharmacy #2215 on 08/25/2014
- Prior to receiving prescription 2224264 from Kanan Pharmacy & Medical Supplies on 10/07/2014, CB received the following prescriptions:
 - Amphetamine 10 mg tablets, quantity 60 for a 30 day supply, from Pavilions Pharmacy #2215 on 10/01/2014
 - Amphetamine 10 mg tablets, quantity 60 for a 30 day supply, from Rite Aid 5561 on 09/25/2014

Second Amended Accusation

- Amphetamine 10 mg tablets, quantity 60 for a 30 day supply, from Pavilions Pharmacy #2215 on 10/29/2014
- Amphetamine 10 mg tablets, quantity 60 for a 30 day supply, from Rite Aid 5558 on 11/22/2014
- Prior to receiving prescription 2224887 from Kanan Pharmacy & Medical Supplies on 11/29/2014, CB received the following prescriptions:
 - Amphetamine 10 mg tablets, quantity 60 for a 30 day supply, from CVS Pharmacy #9751 on 11/26/2014
 - Amphetamine 10 mg tablets, quantity 60 for a 30 day supply, from Rite Aid 5558 on 11/22/2014

- Prior to receiving prescription 2226311 from Kanan Pharmacy & Medical Supplies on 03/29/2015, CB received the following prescriptions:
 - Amphetamine 10 mg tablets, quantity 60 for a 30 day supply, from CVS Pharmacy #9751 on 03/22/2015
 - Amphetamine 10 mg tablets, quantity 30 for a 30 day supply, from Pavilions Pharmacy #2215 on 03/12/2015
- Prior to receiving prescription 2226855 from Kanan Pharmacy & Medical Supplies on 05/10/2015, CB received the following prescriptions:
 - Amphetamine 10 mg tablets, quantity 30 for a 30 day supply, from Haggen Pharmacy #2132 on 05/03/2015
 - Amphetamine 10 mg tablets, quantity 60 for a 30 day supply, from CVS Pharmacy #9751 on 04/21/2015
- Prior to receiving prescription 2227394 from Kanan Pharmacy & Medical Supplies on 06/20/2015, CB received the following prescriptions:
 - Amphetamine 10 mg tablets, quantity 60 for a 30 day supply, from Haggen Pharmacy #2132 on 06/02/2014

55

Second Amended Accusation

- Amphetamine 10 mg tablets, quantity 30 for a 30 day supply, from Medallion Prescription Pharmacy on 05/18/2014
- Prior to receiving prescription 2228145 from Kanan Pharmacy & Medical Supplies on 08/20/2015, CB received the following prescriptions:
 - Amphetamine 10 mg tablets, quantity 30 for a 15 day supply, from CVS Pharmacy #9627 on 08/11/2015
 - Amphetamine 10 mg tablets, quantity 60 for a 30 day supply, from Super Care Drugs Malibu on 08/08/2015
- Prior to receiving prescription 2228102 from Kanan Pharmacy & Medical Supplies on 08/14/2015, JC received the following prescriptions:
 - Amphetamine 10 mg tablets, quantity 60 for a 30 day supply, from Pavilions Pharmacy #2215 on 08/04/2015
 - Amphetamine 10 mg tablets, quantity 60 for a 30 day supply, from CVS Pharmacy #9751 on 07/23/2015
- Prior to receiving prescription 2228356 from Kanan Pharmacy & Medical Supplies on 09/03/2015, JC received the following prescriptions:
 - Amphetamine 10 mg tablets, quantity 60 for a 30 day supply, from Dr. Pharmacy on 08/28/2015
 - Amphetamine 10 mg tablets, quantity 60 for a 30 day supply, from CVS Pharmacy #9751 on 08/19/2015

115. Despite the significant irregularity of a plastic surgeon prescribing a medication to treat attention-deficit disorder, Respondent Cassar's statements indicated pharmacists at Kanan Pharmacy & Medical Supplies did not confer with Dr. K.T. prior to filling the prescriptions in question. Had the pharmacists at Kanan Pharmacy & Medical Supplies contacted Dr. T. to discuss these prescriptions, it is reasonable to expect Dr. T. would have identified the prescriptions as fraudulent, as she did when Respondent Cassar contacted her office after 09/19/2015.

56

Second Amended Accusation

116. Furthermore, despite CB and JC paying cash for nine of eleven prescriptions in question, Kanan Pharmacy & Medical Supplies did not produce any documentation to indicate pharmacists reviewed the information in the CURES database prior to filling these prescriptions. While pharmacists are not required to access the CURES database prior to filling controlled substance prescriptions, it is a helpful tool for evaluating the legitimacy and appropriateness of a prescription. Had pharmacists at Kanan Pharmacy & Medical Supplies accessed and reviewed the patients' records in the CURES database, the pharmacists would have found evidence of poly-pharmacy and early filling of prescriptions for amphetamine salts for nine of the ten prescriptions. Further, RPH H. and Respondent Cassar ultimately identified the diversion and alerted Dr. T. after reviewing a Patient Activity Report on the CURES database on 09/19/2015.

117. The table below summarizes the analysis of the prescriptions in question:

118. On October 18, 2016, the board's inspector sent cover letters and written notices to Kanan Pharmacy & Medical Supplies, Respondent Cassar, RPH H., and RPH H.. On November 8, 2016, the board's inspector received a letter from P.G., an attorney acting on behalf of Respondent Cassar and Kanan Pharmacy who wrote:

While the law requires a pharmacist to engage in a review of the prescriptions, it only requires that the pharmacist contact the physician where the prescription contains a "significant error, omission, irregularity, uncertainty, ambiguity, or alteration." You have been provided with each of the

57

Second Amended Accusation

prescriptions referenced in the notice of violation. Based on these prescriptions, you have concluded 'irregularity' based on the prescribing physician being a cosmetic and reconstructive surgeon and that 10 of the 12 prescriptions were paid in cash. However, what is overlooked in reaching this conclusion are several important facts:

1. Dr. Tansavadi was a legitimate prescriber, who was authorized to write such prescriptions;

2. The quantity of the medication was not unusual or irregular. All prescriptions were for a 30 day period.

3. Each prescription was for 'no refill' and a new prescription was presented;

4. The patient residence and physician office locations were within a close geographical range to the pharmacy. The patient residence was 2.9 miles and the physician's office was 5.5 miles from the pharmacy.

5. Once the patient continued to return and the patient attempted an early fill, that was the first instance when it became questionable there was an irregularity. That is when the pharmacy ran a CURES report and contacted Dr. Tansavadi to advise of this apparent irregularity. Dr. Tansavadi informed my client that the initial prescription was legitimately written to her patient as a 'courtesy' which suggests that there was an established physician-patient relationship, but that it appeared the patient may have stolen a prescription pad. My client advised all other physicians and corresponding pharmacies on the CURES report of the potential problem.

We believe your conclusions should be tempered by the above facts, as it was my client who acted properly and exercised reasonable professional judgment, until the 'irregularity' was noticeable.

119. In reviewing said letter, the board's inspector considered the following:

* Mr. P.G. highlighted the fact that some aspects of the prescriptions in question were not irregular. California Code of Regulations Section 1761 requires a pharmacist to contact the prescriber prior to filling a prescription with any significant irregularity. All aspects of the prescription are not required to be irregular for the pharmacist to be obligated to gain information to validate the prescription.

* As previously discussed, Dr. T. was identified as a reconstructive surgeon on each prescription document in question. Therefore, Mr. P.G.'s assertion that the irregularities were not noticeable until the patient attempted to fill a prescription early was not correct.

120. On November 8, 2016, the board's inspector received a letter via email from RPH H. who wrote:

I would like to note that the 'Diversion Prevention Protocol' that was implemented at Kanan Pharmacy and Medical Supplies in June of 2013 was started due to my request for creating a process to evaluate the legitimacy of

58

Second Amended Accusation

each and every narcotic prescription presented to the pharmacy by our patients. This process consisted of verifying the appropriate need for the use of these narcotics by contacting the prescribing doctor listed on the prescription and requesting supporting material regarding each diagnosis which was kept in a binder for record keeping. After establishing a legitimate diagnosis, all pharmacists including myself, would generate and carefully review a CURES report each time a controlled substance prescription was filled at Kanan Pharmacy. In addition to these measures, our staff would refuse to fill prescriptions for patients and physicians who resided outside of adjacent cities from Agoura Hills.

As a responsible pharmacist and citizen, I have always taken my responsibility of dispensing narcotic medications to the public very seriously and have used my utmost care and professional judgment to ensure safe dispensing of these medications to our patients. Furthermore, I consider it my duty and moral obligation to safeguard the dispensing process in order to avoid the inappropriate access and use of these drugs by patients who misuse them. I consider myself a very moral individual and always strive to follow rules and regulations.

With regards to prescription numbers 2227394 and 2228102, I can assure you that this was an oversight and was the exception to the rules followed by me personally and Kanan Pharmacy for proper evaluation of controlled substance prescriptions. I would like to assure you that I will use this experience to be even more vigilant about dispensing controlled substances in the future.

EIGHTH CAUSE FOR DISCIPLINE

(Unprofessional Conduct- Erroneous or Uncertain Prescriptions)

121. Respondents are subject to disciplinary action under Code §§4035, 4113, 4156, 4301, subdivision (f), 4302, 4306.5, 4301(e), in conjunction with California Code of Regulations (CCR), title 16, section 1761, in that Respondents dispensed eleven (11) prescriptions (over one year) approximately month after month, which contained significant error, omission, irregularity, uncertainty, ambiguity, or alteration. Respondents failed to contact the prescriber to obtain the information needed to validate the prescription. Specifically, between August 13, 2014 and September 3, 2015 (over one year), Respondents filled 11 prescriptions, prescription numbers 2223784, 2224046, 2224264, 2224558, 2224887, 2226311, 2226855, 2227394, 2228102, 2228145, 2228356, in the presence of the following factors of irregularity:

* All of the prescriptions were written for amphetamine 10 mg, indicated to treat attention-deficit disorder, and the preprinted prescriber information on the prescription document indicated the prescriber was a cosmetic and reconstructive surgeon. It would not be typical for a surgeon to prescribe amphetamine 10 mg as it is not typically used during surgery or recovery.

59

Second Amended Accusation

* The majority, nine of eleven, of the prescriptions in question, were purchased in cash, meaning without the aid of prescription insurance. Prescriptions 2227394 and 2228145 were billed to prescription insurance. This payment method was a red flag for potential diversion.

Despite the significant irregularity of a cosmetic surgeon prescribing a medication to treat attention-deficit disorder, Kanan Pharmacy & Medical Supplies did not produce any documentation to indicate pharmacists there contacted the prescriber to gain information needed to validate the prescriptions listed above prior to dispensing. This was a violation of pharmacy law.

122. Complainant refers to, and by this reference incorporates, the allegations set forth above in paragraphs 105 through 120, as though set forth fully herein.

OWNERSHIP PROHIBITION

123. Business and Professions Code section 4307(a) provides, in pertinent part that any person whose license has been revoked or is under suspension shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate or partner of a licensee.

124. Pursuant to Code section 4307, if discipline is imposed on Pharmacy Permit Number PHY 46707 to Pharmacy Care Network, Inc., dba Kanan Pharmacy & Medical Supplies ("Respondent Pharmacy") and Anthony John Cassar (Respondent Cassar) while acting as the manager, administrator, owner, member, officer, director, associate, or partner of Respondent Pharmacy, had knowledge of or knowingly participated in any conduct for which Pharmacy Permit Number PHY 46707 issued to Respondent Pharmacy was revoked, suspended or placed on probation, Respondent Cassar shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee for five years if Pharmacy Permit Number PHY 46707 issued to Respondent Pharmacy is placed on probation or until Pharmacy Permit Number PHY 46707, issued to Respondent Pharmacy is reinstated if it is revoked.

DISCIPLINE CONSIDERATIONS

125. To determine the degree of discipline, if any, to be imposed on Respondent Cassar, Complainant alleges that he has received a prior warning, including a prior citation, fine, and correction notice.

126. On February 27, the Board of Pharmacy issued Citation Number C1 2002 25346 in the amount of \$1,850 to Respondent Cassar for the following violations which occurred on or about May 1, 2003 and May 6, 2003:

- Business and Professions Code section 4116, subdivision (a) [failure to secure area where controlled substances are stored];
- California Code of Regulations, title 16, section 1751.5, section 1751.7, subdivisions (a), (d), and (e), section 1751.8, subdivision (f) [quality assurance/training of staff, patient and caregiver policies and procedures for parenteral products];
- California Code of Regulations, title 16, section 1716.2, subdivision (a)(1), (2), (3), (4), (6) and (8) [records requirement - compounding for future furnishing];
- Business and Professions Code section 4116 subdivision (b) and California Code of Regulations, title 16, section 1714.1, subdivision (f) [pharmacy operations during the temporary absence of a pharmacist];
- California Code of Regulations, title 16, sections 1714, subdivision (d) [improper pharmacy security];
- California Code of Regulations, title 16, section 1715, subdivisions (a) and (b)(1) [self-assessment of a pharmacy by the pharmacist-in-charge]; a
- California Code of Regulations, title 16, section 1793.7, subdivision (b) [requirements for pharmacies employing pharmacy technicians].

127. That Citation is now final and is incorporated by reference as if fully set forth.

Section 11: Managing Pharmacist Acknowledgement, Professional/Personal History – REQUIRED TO BE COMPLETED BY THE MANAGING PHARMACIST FOR NEVADA LOCATED PHARMACY APPLICANTS ONLY

Managing Pharmacist Name: Michael Rabinowitz

Pharmacist Registration #: 20602

Pharmacy Name: ASPN Pharmacies 4, LLC

Initial each statement below to indicate you have read and agree with the following:

MR

I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

MR

I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

MR

I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

MR

I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

MR

I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

Affidavit for Pharmacy License

I, Jeffrey Lang hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the Designated Representative (title) for Elite Rx (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

Sterile Compounding Questionnaire

Rev (08/02/2022)

This application cannot be returned by fax or email.

We must have an original signature to process.

Approval of this completed questionnaire is required for an existing pharmacy, new pharmacy and/or out-sourcing facility applicant who wish to engage in preparing, compounding, dispensing, and furnishing sterile compounded products to Nevada patients or consumers.

Please provide a thorough response to the questions below and provide any necessary supporting documents.

-For a new pharmacy or out-sourcing facility applicant, submit this completed form with your application.

-For an existing pharmacy, send the completed form to the address indicated above.

Telephone of Person with direct knowledge of compounding procedures: 702.673.2216

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)? ☐ Low ☐ Medium ☒ High
If you marked "High", you must also complete section 4.

2. Will you be performing sterile hazardous drug compounding? ☐ Yes ☒ No
If you marked "Yes", you must also complete section 3.

3. List the sterile compounded products that you will be compounding for Nevada patients or consumers:

NAD
Glutathione
Myer's Cocktail
MIC B12
TriMix
Methylcobalamin
Ascorbic Acid

4. Will you be utilizing beyond use dates in excess of USP-797? ☐ Yes ☒ No

5. If yes, describe the additional testing performed on your products to validate the extended BUD:

6. What laboratory performs this additional testing?

Name: Eagle

Address: 11111 S. Wilcrest Drive

City: Houston

State: TX

Zip: 77099

Telephone: 800.745.8916

7. What is your procedure for visual inspection of compounded sterile products?

See attached document: ERx - STRL – P4.2.1.0

8. How often do you perform glove fingertip and medial fill testing?
Every 6 months

9. What is your policy if an employee fails a glove fingertip or media-fill test?
Please see ERx - STRL - 1.2.1.0

10. Describe your initial and annual training program for all personnel performing sterile compounding:
Initial Training: Medisca Achieving Best Practices: Sterile Compounding or PCCA Sterility Assurance Training.
Annual Training: Pharmacists and Techs complete online sterile training course via Medisca, PCCA, ASHP, etc.

11. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:
Please see attached ERx - STRL - 3.2.1

12. Who performs the sterile compounding process at your facility?
Jeffrey Lang

13. Who is responsible and accountable for the sterile compounding process at your facility?
Jeffrey Lang

14. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?
Please see attached ERx - STRL - 4.7.1

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)

1. What type of primary engineering controls will you be using in your facility?

2. Is your BSC or CACI vented 100% to the outside? ☐ Yes ☒ No

3. Do you have a negative pressure buffer room at your facility? ☐ Yes ☒ No

4. Will you be compounding with antineoplastic HDs or HD API? ☐ Yes ☒ No

5. If yes, are the drugs stored in an externally ventilated, negative pressure room? ☐ Yes ☒ No

6. Will you be utilizing a closed system transfer device? ☐ Yes ☒ No

7. If yes, list the name of the device:

8. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers?

Pharmacists are required to counsel all new patients on proper use, handling, and disposal of hazardous drugs. An electronic counseling log is maintained on the premises.

9. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?

New employees are sent to Houston, Texas for PCCA Sterility Assurance Training live 3 day course or Medisca Achieving Best Practices - Sterile Compounding course in Aventura, Florida.

Section 4: Sterile High Risk Compounding Questions (Complete this section ONLY if you will be performing High Risk Compounding.)

1. List the specific high risk sterile products that your facility compounds:

NAD
MIC B12
Ascorbic Acid
TriMix
Glutathione
Myer's Cocktail

2. What sterilization methods are utilized at your facility?

Filter Sterilization

3. Does your facility utilize biological indicators?

☐ Yes

☒ No

4. If yes, describe how they are utilized:

I certify under penalty of perjury that the information contained in this form is accurate, true and complete in all material respects. I understand that making any false representation in this form is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire form and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. RESPONSIBILITIES

1. Designated Person oversees this SOP.
2. All compounding personnel must comply with this SOP.

PURPOSE

1. To ensure that every package is shipped in a manner that ensures safety and efficacy.
2. To ensure proper documentation of shipping process.

SCOPE

1. Applies to non-hazardous and hazardous sterile compounding.
2. Applies to the shipment of compounded preparations.
3. Applies to the shipment of environmental testing samples.
4. Applies to the return of goods to vendor.
5. Applies to the shipment of technologies.

DEFINITIONS

1. DOT: United States Department of Transportation.
2. FMSA: Federal Motor Carrier Safety Administration.

FREQUENCY

1. Perform each time a package is shipped or delivered.
2. Perform a review of shipping carrier(s) performance annually.

	SOP CODE:	ERx – STRL – P4.7.1.0	REVISION NUMBER: 2 . 0 . 0

SPECIAL CIRCUMSTANCE

1. Controlled Substances are not addressed in this SOP.
2. Packaging of shipments is not addressed in this SOP.

PROCEDURE

1. Ensure that the service carrier used for shipping has satisfied vendor qualification procedures.
 1. Ensure reasonable assurance of compliance from the shipping carrier.
 2. Ensure that the shipping carrier offers the ability to track packages.
 3. Ensure that shipping carrier is authorized to transport hazardous substances, where applicable.
 4. Ensure that the shipping carrier follows applicable placarding requirements for hazardous substances as per FMCA, DOT and other appropriate agency requirements, if applicable.
2. Ensure that the receiver of the package being shipped has satisfied vendor qualification procedures.
 1. Ensure reasonable assurance of compliance from the receiver.
 2. Ensure that the receiver has the ability to properly store, handle, and maintain sterility and integrity of the shipment upon receipt.
3. Determine shipping time prior to shipment:
 1. Select the appropriate level of service to meet time requirement.
 2. Transit time for refrigerated and frozen goods must be kept to a minimum.
4. Use a suitable system of lot identification for the shipment of preparations, if applicable.
5. Ensure that the package has been reviewed and released for distribution prior to shipping.
6. Provide all required documentation to the shipping carrier.
 1. Provide additional required documentation to the shipping carrier for hazardous substance transport as per the carrier, DOT or other appropriate agency requirements.
 2. The date and the signature of the Designated Person must be on the shipping paper.
7. Maintain shipping records.
 1. Maintain records of shipping temperature conditions for at least 1 year beyond the beyond-use date of the preparation or as per State-specific record retention requirements, whichever is longer.
8. Track the package throughout its shipment route as to be able to notify the receiver if the package is delayed.
9. Require signature of the recipient upon package receipt.
10. Establish written agreements with third party carriers for return of products undeliverable within specified period depending on the specific administration and beyond-use date of a given preparation, if applicable.

	SOP CODE:	ERx – STRL – P4.7.1.0	REVISION NUMBER: 2 . 0 . 0

TITLE : PROCEDURE – MANAGING – SHIPMENTS – COMPOUNDING PRACTICES			
Page 4 of 7			

VERIFICATION

1. Utilize time-temperature indicators in the package to ensure that the storage conditions have been met throughout the shipment route.
2. Follow up with the receiver to ensure that the package arrived in good condition and within acceptable storage conditions range.
3. Perform a mock shipment to ensure that the shipping methods maintain the storage conditions of the package:
 1. Ensure mock shipment packaging conditions are the same as the actual shipment.
 2. Ensure mock shipment duration is the same as the average actual shipment duration.
 3. Measure appropriate package storage parameters (temperature, humidity) at pre-determined time intervals.
 4. Measure appropriate preparation parameters at pre-determined time intervals, consider:
 - a. Visual appearance.
 - b. Strength.
 - c. Dispensing container and associated dispensing device integrity.

TITLE : PROCEDURE – MANAGING – SHIPMENTS – COMPOUNDING PRACTICES			
Page 5 of 7			

CORRECTIVE ACTIONS

1. In the event that the package arrives damaged to the receiver:
 1. Undergo an investigation into the reason for the damage.
 2. Utilize scientifically sound professional judgment to determine if the integrity of the preparation has been compromised and take appropriate corrective actions.
2. In the event that the time-temperature indicator is not within the desired parameter upon package receipt:
 1. Undergo an investigation into the reason for the deviation.
 2. Utilize scientifically sound professional judgment to determine whether the integrity of the preparation has been compromised and take appropriate corrective actions.
 3. Utilize scientifically sound professional judgment to determine new beyond-use-date, if applicable.

PREVENTIVE ACTIONS

1. Implement processes to ensure the patient has a continuous supply of medication if the shipment is delayed or lost.

RESPONSIBILITIES

1. Designated Person oversees this SOP.
2. All compounding personnel can perform this SOP.

PURPOSE

1. To ensure proper deactivating, decontaminating, cleaning and disinfecting of the hazardous drug handling and compounding facility.
2. To ensure proper monitoring of the deactivating, decontaminating, cleaning and disinfecting procedure of the hazardous drug handling and compounding facility.

SCOPE

1. Applies to hazardous sterile compounding.
2. Applies to the deactivating, decontaminating, cleaning and disinfecting of all areas where chemicals are handled and compounded.
3. Applies to the deactivating, decontaminating, cleaning and disinfecting of all reusable technology and electromechanical equipment used for compounding.
4. Applies to the use of deactivating, decontaminating, disinfecting agents, and periodically applied sporicidal agents.

DEFINITIONS

1. Cleaning: The process of cleaning involves removing organic and inorganic materials from surfaces, usually with a manual or mechanical process and a cleaning agent.
2. Cleaning Agent: An agent used for the removal of residues (e.g., dirt, debris, microbes, and residual drugs or chemicals) from surfaces.
3. Compounding Facility: The compounding area (i.e., classified containment secondary engineering controls; anteroom, pre-sterilization room if applicable, and buffer room), receiving area, unpacking area, waste management area, and anywhere else chemicals may reside for any length of time.
4. Deactivation: Treatment of a hazardous substance with another chemical, heat, ultraviolet light, or other agent to create a less hazardous agent.
5. Decontamination: The inactivating, neutralizing, or physically removing HD residue.
6. Disinfectant: A chemical or physical agent that destroys or removes vegetative forms of harmful microorganisms when applied to a surface but not necessarily highly resistant spores. Elite Rx uses PeriodoxRTU with a 3-minute dwell time or PREempt RTU with a dwell time of 10 minutes.
7. Disinfecting: The process of disinfecting involves destruction of microorganisms, usually with a chemical agent.

8. PEC: Primary Engineering Control
9. Sanitization: The deactivating, decontaminating, cleaning and disinfecting requirements in hazardous drug handling and compounding.
10. Segregated Compounding Room: Segregated compounding room (SCR): A designated, unclassified and contained room with a defined perimeter that contains a PEC and is suitable for the preparation of hazardous Category 1 CSPs.
11. Specified Dwell Time: The length of time required for a disinfecting agent to dwell on a surface in order to kill 99.9% of microorganisms.
12. Sporicidal Agent: A chemical or physical agent that destroys bacterial and fungal spores when used at a sufficient concentration for a specified contact time. It is expected to kill all vegetative microorganisms. Elite Rx Pharmacy uses Peridox RTU as a sporicidal agent.

FREQUENCY

1. Deactivate and decontaminate with each use of a hazardous drug agent.
2. According to the following schedule:

Minimum Frequency for Cleaning and Disinfecting Surfaces and Applying Sporicidal Agents in Hazardous Classified Areas and within the Perimeter of the Containment Segregated Compounding Room			
Site	Cleaning	Disinfecting	Applying Sporicidal

1. Selection of Deactivating Agents:

1. Ensure the deactivating and neutralizing agents are compatible with applicable technologies and surfaces.
2. Ensure the deactivating and neutralizing agents are not corrosive to applicable surfaces at their working concentrations.
 - a. "Damage to surfaces is exhibited by corrosion to stainless steel surfaces caused by sodium hypochlorite if left untreated. To prevent corrosion, sodium hypochlorite must be neutralized with sodium thiosulfate or by following with an agent to remove the sodium hypochlorite (e.g., sterile alcohol, sterile water, germicidal detergent, or sporicidal agent)." (*USP 800, 2019*)
3. Ensure that the deactivation agent is a registered oxidizer with the Environmental Protection Agency (EPA) or equivalent.
4. Ensure the deactivation agent will effectively inactivate the specific hazardous substances through evaluation of manufacturer data, literature or safety data sheets.
 - a. Select commercially available multi-component chemical deactivation systems that provide more than one chemical degradation mechanism, whenever possible or;
 - b. Consider using a minimum 2% sodium hypochlorite (bleach) solution with purified water followed by its removal with sterile alcohol, sterile water, germicidal detergent, or sporicidal agent.

2. Selection of Disinfecting Agents:

1. Ensure that the disinfectant is registered with the Environmental Protection Agency (EPA) or equivalent.
2. Select disinfectants registered as a one-step process, whenever possible.
 - a. Obtain appropriate cleaning solution with detergent if the disinfectant is not registered as a one-step solution.
3. Ensure the disinfectant is compatible with applicable surfaces and technologies.
4. Ensure that the disinfectant is not corrosive to applicable surfaces at the working concentration.
5. Select a broad-spectrum disinfectant that is known to result in a comprehensive lethality against various classes of bacteria and microorganisms.
6. Select disinfectants based on microbicidal activity, inactivation by organic matter and shelf life.
7. Select and rotate disinfectants with a different mechanism of action.
8. Select disinfecting agents based on their chemical type (e.g., aldehydes, alcohols, halogens, peroxides, quaternary ammonium compounds, and phenolic compounds).

Chemical Entity	Classification
Aldehydes	Sporicidal agent
Alcohols	General purpose disinfectant, antiseptic, antiviral agent
Chlorine and sodium hypochlorite	Sporicidal agent
Phenolics	General purpose disinfectant
Ozone	Sporicidal agent
Hydrogen peroxide	Vapor phase sterilant, liquid sporicidal agent, antiseptic
Substituted diguanides	Antiseptic agent
Peracetic acid	Liquid sterilant, vapor phase sterilant
Ethylene oxide	Vapor-phase sterilant
Quaternary ammonium compounds	General purpose disinfectant, antiseptic
β -Propiolactone	Sporicidal agent

3. Selection of Related Sanitization Supplies

1. All cleaning supplies (e.g., wipers, sponges, and mop heads) apart from tool handles and holders must be lint-free.
2. Wipers, pads, and mop heads should be disposable.
 - a. If disposable cleaning supplies are used, they must be discarded after each cleaning activity.
3. Reusable cleaning tools must be made of cleanable materials (e.g., no wooden handles) and must be cleaned and disinfected before and after each use.
4. Reusable cleaning tools must be dedicated for use in the classified areas or segregated compounding area and must not be removed from these areas except for disposal.
 - a. Discarded tools is to be determined based on the condition of the item.
5. Disposal of cleaning supplies used in the classified areas and segregated compounding areas is to be done in a manner that minimizes the potential for dispersing contaminants into the air (e.g., with minimal agitation and away from work surfaces).

4. General Deactivating, Decontaminating, Cleaning and Disinfecting Procedures:

1. Don appropriate hazardous-related personal protective equipment.
 - a. Personnel involved in sanitization procedures must wear appropriate PPE resistant to the chemical agents used, including two pairs of chemotherapy gloves and impermeable disposable gowns.
 - b. Personnel involved in sanitization procedures must don eye protection and face shields, if splashing is likely.
 - c. Occupational Safety and Health Administration (OSHA) respiratory protection standard (29 CFR 1910.134). An appropriate full-face piece, chemical cartridge-type respirator or powered air-purifying respirator (PAPR) should be worn when there is a risk of respiratory exposure to HDs, including when:
 - i. Attending to HD spills larger than what can be contained with a spill kit.
 - ii. Deactivating, decontaminating, and cleaning underneath the work surface of a C-PEC.
 - iii. There is a known or suspected airborne exposure to powders or vapors Maintain normal airflow operation of the room and/or workstation during disinfection.
2. Perform cleaning prior to disinfecting unless the disinfecting agent is an Environmental Protection Agency (EPA)-registered (or equivalent) one-step disinfectant cleaner used to accomplish both the cleaning and disinfection in one-step.
3. Maintain normal airflow operation of the room and/or airflow workstation during decontamination or disinfection procedures.
4. Apply required agent type to disposable mops or wipes or utilize pre-moistened wipes; do not apply directly to a surface or technology.

5. Surface Decontamination and Disinfection:

1. Remove items from surfaces (e.g., shelving units) before performing decontamination.
2. Adhere to the following directions regarding workflow.
 - a. Deactivate, and then decontaminate...
 - i. Buffer room, followed by the...
 - ii. Pre-sterilization room, if required, followed by the...
 - iii. Anteroom
 - b. Start decontaminating from the side of the room furthest away from the entrance, working your way towards the entrance to finish.
 - c. Apply decontaminating and deactivating agents to surfaces in the direction from top-to-bottom, and cleanest to least clean.*
 - d. Wipe in direction away from personnel, whenever possible.
 - e. Wipe in one direction with overlapping strokes; never clean in circular motions.
3. When using wipes, use the clean surface of the wipe for every stroke.
 - a. If there is an incompatibility between the deactivating agent and the surface, then wipe items with 70% sterile isopropyl alcohol prior to application.
4. Follow this order of operation when deactivating, decontaminating, cleaning and disinfecting:
 1. Wipe surfaces with the deactivating agent; leave agent for the duration of the required dwell time.
 2. Decontaminate, and then wipe all surfaces with 70% sterile isopropyl alcohol.
 3. Allow surfaces to dry.
 4. Discard deactivation and decontamination materials appropriately.
 5. Wipe surfaces with the disinfectant.
 6. Remove the disinfectant from all surfaces with 70% sterile isopropyl alcohol after the specified dwell time.
 7. Allow surfaces to dry.
 8. Replace removed or moved items; sanitize each item prior to returning it to its appropriate place.
 9. Discard cleaning and disinfection materials appropriately.
6. Technology Decontamination and Disinfection:
 1. Unplug electrical equipment.
 2. Wipe all compatible interior and exterior surfaces of the technology with the deactivation agent.
 3. Remove the deactivation agent and the inactivated drug residue from all surfaces of the technology with purified water after the specified dwell time.
 4. Wipe all surfaces of the technology with 70% sterile isopropyl alcohol.

5. Allow surfaces to dry.
6. Discard lint-free wipes appropriately when all surfaces have been used.
7. Clean the technology with detergent, if disinfectant is not registered as a one-step disinfectant.
 - a. Remove detergent from all surfaces of the technology with purified water after the specified dwell time.
8. Allow surfaces to dry.
9. Wipe all compatible interior and exterior surfaces of the technology with the disinfectant.
10. Remove disinfectant from all surfaces of the technology after the specified dwell time with 70% sterile isopropyl alcohol.
11. Discard lint-free wipes appropriately when all surfaces have been used.
12. Allow surfaces of the technology to dry before use.
7. Decontamination and Disinfection of the Primary Engineering Control
 1. Remove visible particles, debris, or residue with an appropriate solution (e.g., Sterile Water for Injection or Sterile Water for Irrigation) using, lint-free wipes.
 2. Using a lint-free wipe, apply a deactivating agent, if possible, to equipment and all interior surfaces of the C-PEC.
 - a. Ensure the contact time specified by the manufacturer is achieved.
 3. Apply a decontaminating agent to equipment, if possible, and all interior surfaces of the C-PEC.
 4. Using a lint-free wipe, apply sterile 70% IPA to equipment and all interior surfaces in the C-PEC.
 5. Allow the surface to dry completely.
 6. Using a lint-free wipe, apply a cleaning agent, followed by a disinfecting agent, or apply an EPA-registered (or equivalent) one-step disinfectant cleaner to equipment and all interior surfaces of the C-PEC.
 7. Ensure the contact time specified by the manufacturer is achieved.
 8. Using a lint-free wipe, apply sterile 70% IPA to equipment and all interior surfaces in the C-PEC.
 9. Allow the surface to dry completely before beginning compounding.
8. Applying a Sporicidal Agent to the Primary Engineering Control
 1. Remove visible particles, debris, or residue with an appropriate solution (e.g., Sterile Water for Injection or Sterile Water for Irrigation) using, lint-free wipes.
 2. After deactivation, decontamination, cleaning, and disinfecting, apply the sporicidal agent using a lint-free wipe to all surfaces and the area underneath the work tray. If the sporicidal agent is an EPA-registered (or equivalent) one-step disinfectant and sporicidal cleaner, separate cleaning and disinfecting steps are not required.

VERIFICATION

1. Perform surface sample hazardous drug contamination assays to verify hazardous drug decontamination procedures.
 1. Select commercially available drug specific assay kits based on the hazardous drugs used in the compounding practice.
 2. Select surface sampling locations and their testing frequency using a risk-based approach.
 3. Swab or wipe selected sites as per kit instructions.
 4. Assess results as per kit instructions.
2. Verify the efficacy of cleaning and disinfecting procedures by performing routine surface sampling employing the use of...
 1. Contact plates.
 2. Swabs.
 3. Appropriate growth media.
 4. Adhering to environmental management and testing procedures.
3. Ensure through manufacturer data or literature that disinfectants have been validated to kill 99.9% of microorganisms within the specified disinfectant dwell time and at the working concentration.
 1. Ensure that microorganisms used to test the efficacy of disinfectants include:
 - a. Staphylococcus Aureus
 - b. Escherichia Coli
 - c. Bacilli Subtilis
 - d. Candida Albicans
 - e. Aspergillus Niger
 - f. Mycobacterium Tuberculosis

CORRECTIVE ACTIONS

1. In the event that the surface contamination assay is out of specification:
 1. Decontaminate immediately.
2. Consider modification to the selection and frequency of change of disinfecting agents.
3. Consider modification to the selection and frequency of use of sporicidal agents.
4. Consider increasing the frequency of surface sampling

PREVENTIVE ACTIONS

1. Consider the application of a disinfection program whereby selection and frequency of change of sanitization agents are determined by surface CFU counts and speciation.
2. Consider the integration of a mapped sampling action plan with a specific listing of site-specific sampling targets.
3. Determine the root cause and consider the following corrective measures:
 - a. Increase the frequency of decontamination.
 - b. Assess the effectiveness of the deactivation agents used.
 - c. Evaluate the effectiveness of hazardous drug handling techniques.
 - d. Evaluate the effectiveness of closed system transfer devices.
 - e. Assess the effectiveness of primary and secondary engineering controls.
 - f. Perform additional personnel training on decontamination procedures.

RESPONSIBILITIES

1. Designated Person oversees this SOP.
2. Sterile compounding personnel must perform this SOP.
3. Sterile compounding personnel can fulfill the role of assessor.
4. Approved and trained personnel can review gloved fingertip and thumb sampling procedure results.

PURPOSE

1. To assess the ability of personnel to maintain sterility of hands and fingertips during proper hand hygiene procedures, garbing and gloving.
2. To assess the ability of personnel to maintain sterility of hands and fingertips during sterile compounding.

SCOPE

1. Applies to sterile compounding.
2. Applies to non-hazardous and hazardous drug compounding.
3. Applies to all compounding personnel or other personnel entering any ISO classified environment.

DEFINITIONS

1. Proper Hand Hygiene: The washing of hands and forearms up to the elbows with soap and water before initiating compounding activities.

FREQUENCY

1. Perform gloved fingertip and thumb sampling following a visual observation assessment of proper hand hygiene and garbing procedures, **three separate and consecutive successful times**, as an initial assessment prior to personnel being authorized to perform sterile compounding.
2. Every six months, perform a proper hand hygiene and gloved fingertip and thumb sampling procedure immediately following an assessment of proper hand hygiene procedures, garbing and gloving.
3. Initially and every six months thereafter, perform a gloved fingertip and thumb sampling procedure immediately following a media-fill test procedure.

SPECIAL CIRCUMSTANCE

1. Initial gloved fingertip and thumb sampling must be performed on donned sterile gloves in a classified area or segregated compounding area (SCA).
 1. Subsequent gloved fingertip and thumb sampling must be performed on donned sterile gloves inside of an ISO Class 5 PEC.
 2. If conducting gloved fingertip and thumb sampling in a compounding aseptic isolator (CAI), compounding aseptic containment isolator (CACI), or a pharmaceutical isolator, samples must be taken from the sterile gloves placed over the gloves attached to the restricted-access barrier system (RABS) sleeves.

PROCEDURE

This SOP is divided into the following sections:

1. Precautions
 2. Sample Collection
 3. Incubation
 4. Control Samples
 5. External Microbiological Testing
 6. Interpretation
1. Precautions:
 1. Ensure the gloved fingertip and thumb sampling, related to hand hygiene and garbing, is performed as a stand-alone assessment.
 2. Ensure personnel being monitored do not compound immediately after the gloved fingertip and thumb sampling procedure.
 3. The gloved fingertip and thumb sampling procedure must be performed by a second person; the personnel being tested does not administer the test to themselves.
 2. Sample Collection:
 1. Use one sampling plate per hand containing a general microbial growth agar (e.g., Trypticase soy agar) supplemented with neutralizing additives.
 2. Remove the sampling plate from any outer wrap, and then disinfect the outside surfaces of the plates with sterile isopropyl alcohol.
 3. Label each sampling plate with:
 - a. Personnel identifier.
 - b. 'Right' or 'Left' hand sampled.

	SOP CODE:	ERx - STRL – P1.2.1.0	REVISION NUMBER:	0 . 0 . 0

Page 4 of 8				

c. Date and time of sampling.

4. Remove lids from each of the plates.
5. Ensure the personnel being tested **does not disinfect gloves** with sterile isopropyl alcohol prior to performing the gloved fingertip and thumb sampling.
6. Use a separate sampling plate for each hand (i.e., left-marked plate for left hand and right-marked plate for right hand).
7. Collect samples from both hands by rolling finger pads and thumb pad over the agar surface.
8. Replace lids on each of the plates.
9. Ensure personnel being tested removes and discards tested gloves.
10. Ensure personnel being tested disinfect hands with foamed alcohol or other appropriate disinfectant.
11. Ensure personnel being tested remove garb and exit the compounding area after performing the gloved fingertip and thumb sampling procedure.

3. Control Samples

1. Outside the controlled environment, prepare one positive control for incubation from the same lot as the plates used in the procedure, if required by the sterile compounding facility.
2. Prepare an unopened growth media plate to be used as the negative control from the same lot as the plates used in the procedure, if required by the sterile compounding facility.

4. Incubation

1. Incubate all sampling plates at:
 - a. 30°C–35°C for no less than 48 hours, and then...
 - b. 20°C–25°C for no less than five additional days
 - c. Invert sampling plates during incubation.

5. External Microbiological Testing:

1. Ensure that the external laboratory providing microbiology services has satisfied vendor qualification procedures, if required.
2. Label, seal and package samples as per laboratory instructions.
3. Provide all required documentation as per laboratory instructions.
4. Ship samples as per laboratory instructions.
5. Review results upon receipt; ensure colony forming unit (CFU) counts are within allowable standards for each specific test:
 - a. Ensure microbial growth is observed in the positive control plate.
 - b. Ensure no microbial growth is observed in the negative control plate.

6. Interpretation:

1. Perform a CFU count for each plate, and then add the two totals together.
2. Compare against the table, *Action Levels for Gloved Fingertip and Thumb Sampling* to determine if the assessment is a Pass or Fail.

Action Levels for Gloved Fingertip and Thumb Sampling	
Gloved Fingertip and Thumb Sampling	Action Levels (Total number of CFU from both hands)
Initial sampling after garbing	> 0
Subsequent sampling after media-fill testing (every 6 months)	> 3

3. Record the results at the conclusion of the incubation period.
 - a. Successful completion of initial gloved fingertip and thumb sampling is defined as zero colony-forming units (CFU).
 - b. Successful completion of subsequent gloved fingertip and thumb sampling after media-fill testing is defined as ≤ 3 CFU (total from both hands).
 - c. Failure is indicated by visual observation of improper hand hygiene and garbing procedures and/or gloved fingertip and thumb sampling results that exceed the action levels.

DOCUMENTATION OF LOGS AND FORMS

1. Document the following logs and forms as directed.
 1. Determine if the compounding practice will contract with an external laboratory or perform the complete gloved fingertip and thumb sampling procedure internally in its own laboratory setting.
 - a. Select one of the following forms accordingly; archive the other form:
 - i. F1.2.1.0 - Gloved Fingertip and Thumb Sampling - Internal Testing
 - ii. F1.2.1.0 - Gloved Fingertip and Thumb Sampling - External Testing

VERIFICATION

1. Ensure personnel successfully pass three initial and consecutive gloved fingertip and thumb sampling procedures immediately following proper hand hygiene and washing, garbing and gloving prior to being allowed to perform sterile compounding.
2. Ensure personnel successfully pass the gloved fingertip and thumb sampling procedure immediately following the media-fill test prior to performing sterile compounding.
3. Verify the results of the positive and negative controls to ensure the absence of false positive and negative results.

CORRECTIVE MEASURES

1. In the event of a positive initial test:
 1. Repeat initial testing protocol.
 2. Review and/or retrain personnel as appropriate on entering an ISO environment, gowning, hand washing, gloving, disinfection procedures and aseptic techniques.
2. In the event that a CFU is identified in an ongoing gloved fingertip and thumb sampling procedure:
 1. Ensure personnel stop sterile compounding until three (3) consecutive gloved fingertip and thumb sampling procedures result in zero (0) CFU counts.
 2. Review and/or retrain personnel as appropriate on entering an ISO environment, gowning, hand washing, gloving, disinfection procedures and aseptic techniques.
 3. Send the positive plate to an independent laboratory for analysis to identify the contaminating organism(s), if deemed necessary.
 4. Take appropriate corrective actions based upon the organism(s) identified, based on recommendations from a microbiologist.

PREVENTIVE MEASURES

1. Not applicable.

Provide explanation below:

I was charged and convicted of a misdemeanor for using an ATV where restricted while bow hunting in Idaho. I was not as aware of the rules and regulations as I should have been for the area where I was hunting. I certainly wasn't aware that such an offense was a misdemeanor, but soon discovered such the hard way. I was ordered to pay a fine and had my hunting license suspended for the following calendar year. I've certainly been more cautious and aware of local laws and regulations since then in whatever business or activity I engage in. My signed statement of explanation and copy of the judgement are included with this pharmacy license application, as well.

Case #: CR-2015-857

To the Nevada Board of Pharmacy,

In response to Question 2 on page 7 of my pharmacy application for Independence Drug, I was convicted for a misdemeanor charge back in 2015 in Caribou County, Idaho for the use of a motorized vehicle where restricted while bow hunting. At the time, I wasn't as familiar with the rules and regulations regarding where ATVs were allowed while hunting as I should have been in my hunting area, and I went past the point where ATVs were allowed. I had no idea such a thing was considered a misdemeanor but soon came to learn that fact the hard way.

It may seem like a minor infraction, but I want to be sure to address it is since it was considered a misdemeanor by the county. I learned that ignorance of the law is no excuse, and I am subject to it regardless of my knowledge of it. Needless to say, I've been much more aware and cautious regarding state and other laws wherever I reside and in whatever field I'm conducting business or activity.

If there are any other details needed regarding this matter, please let me know. Thank you.

Pharmacy Name: JTJ Medical Supply, Inc. dba Mail-Meds Clinical Pharmacy

Initial each statement below to indicate you have read and agree with the following:

- QP I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.
- QP I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.
- QP I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.
- QP I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).
- QP I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

Affidavit for Pharmacy License

I, JohnRey Hassan hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

- 1. I am the Chief Administrative Officer (title) for Royal Ambulance Inc. (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
- 2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
- 3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
- 4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
- 5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

Initial each statement below to indicate you have read and agree with the following:

KS I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

KS I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

KS I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

KS I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

KS I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

I, Paul Greenall hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the Co-Manager (title) for Seven Hills Pharmacy, LLC (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

46) Substance Abuse and Mental Health Resources for Healthcare Professionals**1) Substance Abuse and Mental Health Resources for Healthcare Professionals**Observation

The healthcare profession is not immune to substance use disorder and mental health conditions. Such medical conditions impair a healthcare professional's competency, ability, and judgment. Substance use disorder and/or mental health conditions that are left untreated may not only cause a healthcare professional to risk their career, but may also endanger the life of a patient.

These medical conditions can be effectively treated, and it is possible for healthcare professionals that are in treatment or recovery to return to practice.

The State of Ohio Board of Pharmacy encourages all healthcare professionals who may be struggling with substance use disorder or mental health condition to seek help. The following are resources that can assist healthcare professionals in getting help: (the resources listed here are for informational purposes only and do not constitute an endorsement by the State of Ohio Board of Pharmacy. They do not represent a complete list of the resources available)

Ohio Careline 1-800-720-9616, emotional support, with referral to other resources if needed.

Crisis text line, text "4hope" to 741 741 to speak with a crisis counselor.

Treatment Bridge 1-877-275-6364, for addiction and mental health services.

50) Inspection Affirmation**1) Inspection Affirmation**Observation

As the person in charge at the time of this inspection, I affirm that I have reviewed this inspection report with the Specialist/Agent/Inspector, and understand its content.

If this inspection report requires a written response, I understand, per OAC 4729:5-3-03, that either of the following must be submitted to the State of Ohio Board of Pharmacy within 30 days of this inspection:

(1) The action(s) the licensee or applicant has taken to correct the violation(s) and the date of implementation of the corrective action(s); or

(2) An explanation disputing the observed violations.

I understand that if I am not the responsible person documented on this site's Ohio terminal distributor of dangerous drugs license, I will ensure the responsible person is provided a complete copy of this inspection report in a timely manner.

I further acknowledge that a written response does not release the licensee listed in this inspection report from potential disciplinary action.

Responses must be either emailed (with a copy of the inspection report) to writtenresponse@pharmacy.ohio.gov or mailed to 77 South High Street, 17th Floor, Columbus, Ohio 43215.

Alaska Board of Pharmacy

The Alaska Board issued the pharmacy a Consent Order of Discipline effective **February 15, 2024** resolving alleged violations of the Alaska Pharmacy Practice Act stemming from disciplinary actions by proper licensing authority of another state. As per the terms of the Consent Order, Pharmacy has agreed to pay a \$5,000 administrative fine to the Alaska State Board of Pharmacy.

Pennsylvania Board of Pharmacy

The Pennsylvania Board issued the pharmacy a Consent Order of Discipline effective **November 7, 2023** resolving alleged violations of the Pennsylvania Pharmacy Practice Act stemming from disciplinary actions by proper licensing authority of another state. As per the terms of the Consent Order, Pharmacy has agreed to pay a \$3,500 administrative fine to the Pennsylvania State Board of Pharmacy.

DEA Order to Show Cause

On December 15, 2022, the federal Drug Enforcement Agency ("DEA") issued Postmeds, Inc ("Truepill-Hayward") an administrative Order to Show Cause ("OSC") regarding revocation of its DEA registration FP6189725. **On September 28, 2023**, Truepill-Hayward and DEA reached a non-monetary resolution of the OSC proceedings through a Memorandum of Agreement ("MOA"). Under the MOA, Truepill-Hayward will maintain its active DEA registration without paying a fine and without suspension or revocation of its registration, while making certain agreed changes to its processes and procedures going forward. The MOA is specific to Truepill-Hayward and does not involve other Truepill pharmacies commonly owned by or affiliated with Truepill-Hayward.

Alabama Board of Pharmacy

The Alabama Board issued the pharmacy a Consent Order of Discipline dated **June 6, 2023**. The Pharmacy has resolved alleged violations of the Alabama Pharmacy Practice Act through entry of a Consent Order with the Alabama State Board of Pharmacy on June 8, 2023. As per the terms of the Consent Order, Pharmacy has agreed to pay a \$3,000 administrative fine to the Alabama State Board of Pharmacy.

Kansas Board of Pharmacy

The Kansas Board of Pharmacy issued the pharmacy an amended Summary Order effective **February 8, 2023**. The pharmacy did not report the change of ownership in a timely manner, and paid a fine. The Kansas Board of Pharmacy approved the change of ownership application, and issued license 22-117859 on May 20, 2022.

Louisiana Board of Pharmacy

The Louisiana Board of Pharmacy issued the pharmacy a Consent Order of Discipline dated **May 11, 2022**. The pharmacy did not report the change of ownership in a timely manner. The Louisiana Board of Pharmacy approved the change of ownership application with a new permit number PHY.008479-NR as a successor to permit number PHY.007761-NR.

North Carolina Board of Pharmacy

The North Carolina Board of Pharmacy issued the pharmacy a Consent Order of Discipline dated **March 8, 2022**. The pharmacy made inaccurate statements about its ownership and officers on its initial application in November 2017 and did not correct this until November 2021. The North Carolina Board of Pharmacy approved the change of ownership application with a new permit number 14900 as a successor to permit number 13413.

Maine Board of Pharmacy

The Maine Board of Pharmacy notified the pharmacy on **March 30, 2022** that its non-resident license was terminated effective November 6, 2019 for reporting deficiencies related to its ownership. The pharmacy submitted a change of ownership application for licensure, and has been issued a new pharmacy license on November 2, 2022.

California Board of Pharmacy

The California Board of Pharmacy issued the pharmacy a letter of admonishment CI 2019 84877 dated **January 23, 2020**, concluding an investigation that found the pharmacy shipped a prescription to the wrong patient and shipped two prescriptions with the wrong return address.

The California Board of Pharmacy issued the pharmacy a modified citation and fine CI 2019 78633 dated **June 16, 2020**, with the fine amount of \$0.00. In 2018, certain prescriptions were issued to the pharmacy by prescribers that were either not yet licensed to prescribe in California or who had not yet entered into an established standardized procedure or protocol developed by a supervising physician.

Also, The California Board of Pharmacy issued the pharmacy a citation and fine order of abatement CI 2020 89223 dated **August 25, 2021**, with the fine amount of \$5,000. The pharmacy was in violation when dangerous drugs were stored in temperatures exceeding the recommended storage temperatures. Truepill did not consider the manufacturer's stability data for drugs which may have been adulterated by heat.

STATE OF ALASKA
DEPARTMENT OF COMMERCE, COMMUNITY AND ECONOMIC DEVELOPMENT
DIVISION OF CORPORATIONS, BUSINESS AND PROFESSIONAL LICENSING
BEFORE THE BOARD OF PHARMACY

In the Matter of:)
)
Postmeds, Inc. doing business as (Db) TRUEPILL)
Respondent)
Case No. 2022-000434

CONSENT AGREEMENT

IT IS HEREBY AGREED by the Department of Commerce, Community and Economic Development, Division of Corporations, Business and Professional Licensing (Division) and TRUEPILL (Respondent) as follows:

1) **Licensure.** Respondent is currently registered as an Out-of-State Pharmacy in the State of Alaska and holds License number #166601. This license was first issued on 08/27/2020 and will lapse unless renewed by 06/30/2024.

2) **Admission/Jurisdiction.** Respondent admits and agrees that the Board of Pharmacy has jurisdiction over the subject matter of their license in Alaska and over this Consent Agreement.

3) **Admission/Facts.** Respondent admits to the following facts:

a) On September 25, 2017, Staff Pharmacist working for TRUEPILL, Curtis Ancar, received a disciplinary order from the California Board of Pharmacy for failure to exercise corresponding responsibility and excessive furnishing of controlled substances.

b) On January 24, 2019, the California Board of Pharmacy cited former Pharmacist-in-Charge and former owner of TRUEPILL, Mohammad Umar Afridi, for failure to provide documentation substantiating completion of continuing education and knowingly making or signing a document with false information.

c) On December 16, 2019, the California Board of Pharmacy cited former Pharmacist-in-Charge and former owner of TRUEPILL, Mohammad Umar Afridi, for furnishing and dispensing dangerous drugs without a prescription and dispensing on order of nurse practitioner (or person of similar status).

1 d) On January 23, 2020, the California Board of Pharmacy issued a letter of admonishment
2 to Respondent for shipping a prescription to the wrong address and shipping two prescriptions
3 with the wrong return address.

4 e) On June 16, 2020, the California Board of Pharmacy issued a modified citation and fine
5 CI 2019 78633 with the fine amount of \$0.00 for receiving prescriptions by prescribers that were
6 not licensed or have not entered into procedures with supervising physicians.

7 f) On April 08, 2022, Respondent submitted an Out-of-State Pharmacy Registration
8 Ownership Change Application from license no. 166601 to license no. 193858 (now withdrawn)
9 to the Division. Professional Fitness Question #1 was marked "Yes" indicating disciplinary
10 actions had been issued against their license as listed above in sections a) through e).

11 g) Subsequent background investigation revealed Respondent failed to disclose the
12 abovementioned 2017, 2019, and 2020 licensing actions from the California Board of Pharmacy
13 on previous State of Alaska applications for TRUEPILL (formerly DBA Postmeds, Inc.) for
14 licenses 137655 and 166601 dated June 08, 2018, August 06, 2020, and August 27, 2020.

15 h) Respondent admits that as a result of the above facts, grounds exist for possible
16 suspension, revocation, or other disciplinary sanctions of their license pursuant to AS 08.01.075,
17 AS 08.80.261(a)(1), AS 08.80.261(a)(6), AS 08.80.261(a)(9), AS 08.80.261(a)(11)(12)(14), 12
18 AAC 52.920(a)(13), and 52.920(a)(14)(c).

19 **4) Formal Hearing Process.** It is the intent of the parties to this Consent Agreement to provide
20 for the compromise and settlement of all issues addressed in Paragraph 3 (above) that could be
21 raised by an Accusation to revoke, suspend, or impose disciplinary sanctions against Respondent's
22 license through a formal hearing process.

23 **5) Waiver of Rights.** Respondent understands they have the right to consult with an attorney
24 of their own choosing and has a right to an administrative hearing on the facts in this case.
25 Respondent understands and agrees that by signing this Consent Agreement, Respondent is waiving
26 their rights to counsel and to a hearing. Further, Respondent understands and agrees that they are
27 relieving the Division of any burden it has of proving the facts admitted above. Respondent further
28 understands and agrees that by signing this Consent Agreement they are voluntarily and knowingly
29 giving up their right to present oral and documentary evidence, to present rebuttal evidence, to
30 cross-examine witnesses against Respondent, and to appeal the Board's decision to Superior Court.

1 **6) Effect of Non-Acceptance of Consent Agreement.** Respondent and the Division agree that
2 this Consent Agreement is subject to the approval of the Board. They agree that, if the Board rejects
3 this Consent Agreement, it will be void, and an Accusation may be filed. If this Consent Agreement
4 is rejected by the Board, it will not constitute a waiver of Respondent's right to a hearing on the
5 matters alleged in an Accusation and the admissions contained herein will have no effect.
6 Respondent agrees that, if the Board rejects this Consent Agreement, the Board may decide the
7 matter after a hearing, and its consideration of this Consent Agreement shall not alone be grounds
8 for claiming that the Board is biased against Respondent, that it cannot fairly decide the case, or
9 that it has received ex parte communication.

10 **7) Consent Agreement, Decision, and Order.** Respondent agrees that the Board has the
11 authority to enter into this Consent Agreement and to issue the following Decision and Order.

12
13 **PROPOSED DECISION AND ORDER**

14 IT IS HEREBY ORDERED that any license issued to Respondent by the Board shall be subject to
15 the following terms and conditions:

16 **A. Violation of Agreement**

17 If Respondent fails to comply with any term or condition of this Consent Agreement, the
18 Division may enforce this agreement by immediately suspending Respondent's license, without an
19 additional order from the Board or without a prior hearing, for a violation of this agreement. In
20 addition, any suspended portion of the civil fine will be immediately due.

21 If Respondent's license is suspended under this paragraph, as provided above, they will be
22 entitled to a hearing, on an expedited basis, regarding the issue of the suspension. If Respondent's
23 license is suspended, they will continue to be responsible for all license requirements pursuant to
24 AS 08.80.

25 Respondent shall maintain an active license for the entire duration of this Consent
26 Agreement. If the Respondent lets their license lapse, and after receiving adequate notice from the
27 Board fails to correct the problem, the failure to maintain active licensure will be considered a
28 violation of this Consent Agreement.

1 **B. Respondent Address**

2 It is the responsibility of the Respondent to keep the Board's agent advised, in writing, at
3 all times of their current mailing address, physical address, telephone number, current employment
4 and any change in employment.

5 Failure to provide notice of any changes within 10 calendar days will constitute grounds for
6 suspension of his or her license in accordance with paragraph 'B' above.

7 **C. Compliance with Laws**

8 Respondent shall obey all federal, state and local laws governing their license.

9 **D. Authorization**

10 Within 10 calendar days of a request by the Board agent, Respondent will sign all
11 authorizations necessary for the release of information required by this Consent Agreement.

12 **E. Good Faith**

13 All parties agree to act in good faith in carrying out the stated intentions of this Consent
14 Agreement.

15 **F. Address of the Board**

16 All required reports or other communication concerning compliance with this Consent
17 Agreement shall be addressed to:

18 Attn: Holly Handley, Investigator
19 Division of Corporations, Business and Professional Licensing
20 550 West 7th Avenue, Suite 1500
21 Anchorage, Alaska 99501-3567
22 (907) 269-8124 Fax (907) 269-8195

23 **G. Civil Fine**

24 Respondent shall pay a fine of five thousand dollars (\$5,000.00). This civil fine is due
25 within 180 days of the adoption of this agreement and is payable to the "State of Alaska" in cash,
26 certified check, or money order or via credit card.

27 All payments required by this Consent Agreement shall be addressed to:

CONSENT AGREEMENT AND ORDER

PARTIES

The Commonwealth of Pennsylvania, Department of State, Bureau of Professional and Occupational Affairs ("Commonwealth") and PostMeds Inc ("Respondent") stipulate as follows in settlement of the above-captioned case.

APPLICABLE LAW

1. This matter is before the Pennsylvania State Board of Pharmacy ("Pennsylvania Board") pursuant to the Pharmacy Act, act of September 27, 1961, P.L. 1700, ("Act"), *as amended*, 63 P.S. §§ 390-1 to 390-13; and/or 63 Pa.C.S. Chapter 31 ("Chapter 31").

LICENSURE STATUS

2. At all relevant and material times, Respondent held the following registration to practice as a nonresident pharmacy in the Commonwealth of Pennsylvania: registration no. NP000931, which was originally issued on July 3, 2017, and which is currently set to expire on August 31, 2023.

STIPULATED FACTS

3. Respondent admits the following:

a. Absent additional Pennsylvania Board action, Respondent's registration may be continually reactivated or reinstated upon the filing of the required documentation and payment of the applicable fees.

b. Respondent's address is: 3121 Diablo Ave, Hayward, CA 94545.

c. At all relevant and material times, Respondent was authorized to practice as a nonresident pharmacy in the State of North Carolina.

d. On or about March 8, 2022, the State of North Carolina Board of Pharmacy ("North Carolina Board"), by way of Consent Order of Discipline, found Respondent to be in violation of the laws, rules, code and/or regulations of the State of North Carolina because Respondent failed to report a restructuring of ownership to the North Carolina Board.

e. In the March 8, 2022 Consent Order of Discipline, the North Carolina Board voided Respondent's permit from the time it was issued until the time the restructuring began and approved Respondent's change of ownership application as a successor permit.

f. A true and correct copy of the North Carolina Board's March 8, 2022 Consent Order of Discipline is attached as **EXHIBIT A** and is incorporated by reference.

g. At all relevant and material times, Respondent was authorized to practice as a nonresident pharmacy in the State of Louisiana.

h. On or about May 11, 2022, the State of Louisiana Board of Pharmacy ("Louisiana Board"), by way of Consent Agreement at Louisiana Board Case Number 21-0456, found Respondent to be in violation of the laws, rules, code

AUTHORITY OF THE BOARD

4. The Pennsylvania Board is authorized to suspend or revoke, or otherwise restrict Respondent's registration under section 4.1(e) of the Act, 63 P.S. §§ 390-4.1(e); impose a civil penalty under 63 Pa.C.S. § 3108(b)(4); and/or impose the costs of investigation upon Respondent under section 63 Pa.C.S. § 3108(b)(5).

PROPOSED ORDER

5. The parties, intending to be legally bound, consent to the issuance of the following Order in settlement of this matter:

a. **VIOLATIONS:** Respondent violated the Act at section 4.1(g), 63 P.S. § 390-4.1(g), in that Respondent had a permit to conduct a pharmacy suspended or revoked or the nonresident pharmacy was otherwise disciplined by the proper licensing authority of another state.

b. **CIVIL PENALTY:** Respondent shall pay a civil penalty of three thousand five hundred dollars (\$3,500.00).

c. Payment of the civil penalty is subject to the following terms:

(1) The full civil penalty shall be tendered to the prosecution division of the Department of State with the executed consent agreement;

(2) The civil penalty shall be paid by certified check, cashier's check, attorney's check, or money order issued by a usual, customary, and reputable issuer (e.g. U.S. Postal Money Order, Western Union Money Order, etc.);

(3) Payment shall be valid for a period of at least 180 days and shall be **made payable to the "Commonwealth of Pennsylvania"**; and

(4) Respondent agrees that payment shall only be made by one of the methods indicated and shall not be made by uncertified personal or corporate check.

d. This Order constitutes disciplinary action by the Pennsylvania Board. This Order will be reported to other licensing authorities and any applicable national licensing databank as a disciplinary action by the Pennsylvania Board.

e. This case shall be deemed settled and discontinued upon the Pennsylvania Board issuing an order adopting this Consent Agreement.

ADMISSIBILITY OF CONSENT AGREEMENT IN FUTURE PROCEEDINGS

6. Respondent agrees that this Consent Agreement and Order shall be admitted into evidence, without objection, in any proceeding before the Department of State.

ACKNOWLEDGMENT OF NOTICE AND WAIVER OF HEARING

7. Respondent acknowledges receipt of an Order to Show Cause in this matter. Respondent knowingly and voluntarily waives the right to an administrative hearing in this matter and the following rights related to that hearing: to be represented by counsel; to present witnesses and testimony in defense or in mitigation of any sanction that may be imposed for a violation; to cross-examine witnesses and to challenge evidence presented by the Commonwealth; to present legal arguments by means of a brief; and to take an appeal from any adverse final decision.

ACKNOWLEDGMENT OF RIGHT TO ATTORNEY

8. Respondent acknowledges the right to consult with and be represented by private legal counsel of Respondent's choosing and at Respondent's expense when reviewing, considering, and

accepting the terms of this Consent Agreement. To the extent that Respondent is not represented by legal counsel, Respondent has knowingly elected to proceed without the assistance of legal counsel.

WAIVER OF CLAIMS

9. Should the Pennsylvania Board vote not to adopt the Order proposed in this Consent Agreement, the presentation and consideration of this Consent Agreement shall not prejudice the Pennsylvania Board or any of its members from further participation in the adjudication of this matter. Respondent expressly waives the right to raise any claims or issues, including any and all constitutional claims or issues, which may arise or have arisen during the review, presentation and deliberation of this Consent Agreement. These claims or issues include, but are not limited to, bias, the commingling of prosecutorial and adjudicative functions by the Pennsylvania Board or its counsel, and the Pennsylvania Board, in its discretion, recommending a different sanction based upon the facts set forth in the Consent Agreement. If a hearing is subsequently held, neither this Consent Agreement nor the proposed terms of settlement may be admitted into evidence and any facts, averments, and allegations contained in the Consent Agreement must be proven at a hearing unless otherwise separately stipulated.

LIMITS ON MODIFICATION OF ORDER

10. Respondent agrees not to seek modification of the Order adopting and implementing this Consent Agreement without first obtaining the express written permission from the prosecution division. Any modification is at the sole discretion of the Pennsylvania Board.

AGREEMENT NOT BINDING UNTIL APPROVED

11. This Consent Agreement is between the Commonwealth and Respondent. The Office of General Counsel has approved this Consent Agreement as to form and legality. The disciplinary

DOS Prothonotary:

provisions of this Consent Agreement do not take effect unless and until the Pennsylvania Board issues an order adopting this Consent Agreement.

ENTIRE AGREEMENT

12. This Consent Agreement contains the entire agreement between the parties. There are no other terms, obligations, covenants, representations, statements, or conditions, oral or otherwise, of any kind whatsoever concerning this agreement.

AGREEMENT DOES NOT PREVENT FUTURE DISCIPLINE

13. Nothing in this Order shall preclude the prosecution division of the Department of State from filing charges, or the Pennsylvania Board from imposing disciplinary or corrective measures, for violations or facts not contained in this Consent Agreement.

VERIFICATION OF FACTS AND STATEMENTS

14. Respondent verifies that the facts and statements set forth in this Consent Agreement are true and correct to the best of Respondent's knowledge, information, and belief. Respondent understands that statements in this Consent Agreement are made subject to the criminal penalties of 18 Pa.C.S.A. §4904 relating to unsworn falsification to authorities.

Re: [Truepill] Postmeds, Inc in Hayward, California (DEA COR No. FP6189725), Non-Resident License No. [PH03813]

Dear Mr. Keegan:

As requested, enclosed, as Exhibit A, is summary of the U.S. Drug Enforcement Administration ("DEA") Memorandum of Agreement ("MOA") entered into with Truepill-Hayward on September 28, 2023. The MOA is enclosed as Exhibit B.

Please let us know if you should require additional information.

Very truly yours,

EXHIBIT A

SUMMARY OF MEMORANDUM OF AGREEMENT

Relevant Background. The DEA issued an Order to Show Cause (“OSC”) to Truepill’s Hayward, California pharmacy (for purposes of this Exhibit, “Truepill-Hayward”) on December 15, 2022. Truepill-Hayward is located at 3121 Diablo Avenue in Hayward, California and holds DEA Certificate of Registration Number FP6189725. The OSC was issued to Truepill-Hayward only. The OSC was not issued to and made no allegations about any other Truepill pharmacy.

The OSC concerned Truepill-Hayward’s dispensing of controlled substances during the period September 2020 to September 2022. During that time, controlled substances accounted for only 1% of Truepill-Hayward’s total dispensing volume; 99% of Truepill-Hayward’s dispensing volume was for non-controlled substances. Consistent with its historical focus on non-controlled substances, even before the issuance of the OSC, Truepill-Hayward had made the decision to stop dispensing controlled substances. Truepill-Hayward voluntarily stopped dispensing Schedule II controlled substances in May 2022. And the last federally controlled substance Truepill-Hayward dispensed was on December 12, 2022. Truepill-Hayward has dispensed only federal non-controlled substances since then.

Effective September 28, 2023, Truepill-Hayward and DEA entered into a Memorandum of Agreement (“MOA”) to resolve the OSC proceedings. Under the MOA, Truepill-Hayward will maintain its active DEA registration without paying a fine or monetary penalty and without suspension or revocation of its registration, while making certain agreed changes to its processes and procedures going forward. Below we discuss the issues addressed in the MOA, which were disclosed to DEA during the OSC proceedings.

Online Pharmacy Registration. The MOA states that Truepill-Hayward did not register with DEA as an “online pharmacy” under the Ryan Haight Act of 2008 (“RHA”). The RHA requires a pharmacy whose dispensing of controlled substances is caused or facilitated by means of the internet to register as an “online pharmacy.” The RHA was passed in 2008, and DEA issued final regulations implementing the RHA in 2020. To our knowledge, DEA has never issued an online pharmacy registration under the RHA before.

Given the lack of DEA guidance and industry precedent, and out of a desire to comply with the RHA without DEA prompting, Truepill-Hayward applied in 2019 for an online pharmacy modification of its DEA registration. In response, DEA visited Truepill-Hayward’s pharmacy twice in early 2019 and collected information about the pharmacy from employees. Following those visits and discussions with DEA, Truepill-Hayward understood that it operated as a mail-order pharmacy and did not need to obtain an online pharmacy modification. As a result, Truepill-Hayward withdrew its application for an online pharmacy modification in May 2019. DEA was aware of Truepill-Hayward’s withdrawal of its modification application, and raised no issue with Truepill-Hayward’s decision.

In the intervening years, the use of telemedicine in the prescribing of controlled substances increased because of the COVID-19 pandemic and regulatory flexibilities enacted by DEA and

state regulators to increase patient access to healthcare. With the filing of the OSC, DEA signaled that now Truepill-Hayward should apply to register as an online pharmacy. Truepill-Hayward has no objection to that registration and has committed in the MOA to apply to register with DEA as an online pharmacy.

Additional information may be relevant to understanding Truepill's operations. Truepill's corporate website (<https://truepill.com/>) is for informational purposes only. No patient can order a medication, submit a prescription, or contact a prescriber through Truepill's corporate website. Truepill-Hayward has no involvement with patients until after they receive a prescription from an independent prescriber and choose to have the prescription filled by Truepill-Hayward. A patient must first see a prescriber of their choosing, who in the exercise of his or her medical judgment will decide whether to prescribe the patient a medication. If the prescriber issues the patient a prescription, the patient must choose to have the prescription filled by Truepill-Hayward. Only once the patient chooses to have Truepill-Hayward fill the prescription will the prescriber send an electronic prescription to Truepill-Hayward through industry recognized means (Surescripts). Upon receiving the prescription, Truepill-Hayward reviews and validates the prescription, and, if appropriate as determined by a licensed pharmacist, dispenses the medication and ships it to the patient in compliance with industry standards—Truepill-Hayward's operations are NABP, LegitScript, and URAC accredited. This same process existed when Truepill submitted its online pharmacy application to DEA in 2019.

90 Days' Supply. The MOA acknowledges that in certain historical instances, Truepill-Hayward dispensed Schedule II controlled substances pursuant to prescriptions written by an individual practitioner on a single date that together exceeded a 90-day supply. Truepill-Hayward and DEA investigated this issue and determined it occurred in a limited number of instances during a limited time. Specifically, this issue occurred in 36 instances for electronic prescriptions written by 6 prescribers between August 2020 and December 2021. The prescriptions were all written during the COVID-19 pandemic and none occurred after December 2021. None of these prescriptions were issued to patients in Nevada. Note: All these scripts were dispensed to patients only in California. In each instance, Truepill-Hayward dispensed the prescriptions only at therapeutically appropriate intervals and according to the prescriber's instructions (e.g., at 30-day intervals for multiple 30-day prescriptions). Truepill-Hayward never dispensed more than one prescription at a time and never filled a prescription early. Although Truepill-Hayward used a leading pharmacy software, PioneerRx, its controls did not consistently identify and reject such electronic prescriptions. As reflected in the MOA, Truepill-Hayward has revised its controls to ensure prescriptions like this will be consistently identified and rejected going forward.

Prescriber Licensure. The MOA reflects that during the COVID-19 pandemic, in more than 113 and up to 403 instances, Truepill-Hayward filled prescriptions for patients in California written by prescribers without sufficient licensure or emergency authorization to issue controlled substance prescriptions in California. Truepill-Hayward had attempted to address this issue by contractually requiring telehealth companies whose prescribers submitted prescriptions to Truepill-Hayward to ensure their prescribers held appropriate state licensure. The OSC proceedings revealed that Truepill-Hayward's controls did not consistently identify and reject such prescriptions. Through the MOA, Truepill-Hayward has committed to implementing controls that ensure prescribers possess the appropriate state authority.

DEA Audit. In September 2022, DEA audited Truepill-Hayward's records relating to eight controlled substances. The MOA indicates that during the onsite visit, Truepill-Hayward could not locate certain records relating to dextroamphetamine-amphetamine ER 20 mg. Within about a week of DEA's onsite visit, Truepill-Hayward identified the unaccounted-for records – two DEA Form 222s – within its pharmacy. One was in the controlled substances document box, where it had been inadvertently overlooked; the other was in the controlled substances cage, where it was being kept because it related to an open order still awaiting shipment from the manufacturer. Truepill-Hayward regularly conducts controlled substances inventories under both DEA requirements and California law, and will continue doing so. The MOA also reflects Truepill-Hayward's agreement to go beyond that requirement by retaining a reputable third-party consultant to conduct regular audits of Truepill-Hayward's controlled substances and annual trainings on Truepill-Hayward's controlled substances policies.

Conclusion. DEA thoroughly investigated the issues in the OSC and determined it did not need to take action against Truepill-Hayward's registration. Although Truepill-Hayward is not currently dispensing controlled substances, the MOA confirms that Truepill has the processes and procedures to appropriately dispense controlled substances should it choose to resume doing so.

Truepill has always prided itself on its commitment to providing the highest quality pharmacy services and compliance with state and federal law. The resolution between Truepill-Hayward and DEA coincides with a redoubling of efforts at Truepill in that regard. Over the last year, Truepill has strategically restructured its corporate governance; overhauled leadership overseeing its compliance, pharmacy operations, and legal functions; and quadrupled its headcount and spend in compliance, quality, standards, and legal – all to ensure Truepill not only meets but exceeds its legal, regulatory, and contractual requirements. These changes will enable Truepill to continue performing to the high standards it has set for itself into the future.

MEMORANDUM OF AGREEMENT

This Memorandum of Agreement (“Agreement”) is entered into by and between the United States Department of Justice, Drug Enforcement Administration (“DEA”), and Postmeds, Inc. d/b/a Truepill, on behalf of its Hayward, California pharmacy operating under DEA Certificate of Registration FP6189725 (for purposes of this Agreement, “Hayward”) (DEA and Hayward each a “Party” and together the “Parties”), through their authorized representatives.

FINDINGS OF FACT

Background

1. Postmeds, Inc. d/b/a Truepill is a Delaware corporation with a principal place of business in Hayward, California. Hayward is operated by Postmeds, Inc.
2. Hayward is registered with DEA as a retail pharmacy to handle controlled substances in Schedules II through V under DEA COR number FP6189725. For purposes of this Agreement, the term “controlled substances” means substances scheduled under 21 U.S.C. § 812. Hayward’s registered location is 3121 Diablo Avenue, Hayward, California, 94545. Hayward’s COR expires by its own terms on November 30, 2025.
3. Hayward is not registered with DEA as an online pharmacy.
4. Hayward is currently licensed by the California Department of Consumer Affairs as a Community Pharmacy operating under the name Truepill under license number PHY 58585. This license expires on March 1, 2024.
5. On December 15, 2022, DEA issued an Order to Show Cause to Hayward pursuant to Sections 303 and 304 of the Controlled Substances Act, 21 U.S.C. §§ 823 & 824, seeking to revoke Hayward’s DEA COR number FP6189725.

6. On January 13, 2023, Hayward requested a hearing on the Order to Show Cause pursuant to 21 U.S.C. § 824 and 21 C.F.R. § 1316.47. The matter was docketed as *In the Matter of Truepill*, Docket No. 23-18.

Dispensing Controlled Substances by Means of the Internet

7. Hayward dispensed controlled substances pursuant to prescriptions issued by practitioners affiliated with Hayward's corporate customers, including telehealth companies that delivered, distributed, or dispensed, or offered to deliver, distribute or dispense, controlled substances by means of the Internet. Hayward provided an application programming interface (API) to its corporate customers to assist in dispensing and delivering medications, including controlled substances.

8. As of the Effective Date of this Agreement, the last Schedule II controlled substance Hayward dispensed was on May 16, 2022. The last controlled substance of any kind Hayward dispensed was on December 12, 2022.

9. In 2019, Hayward submitted an application for an online pharmacy modification of its DEA registration. In response to the application being submitted, DEA visited Hayward's registered location and collected information from Hayward regarding its business model. Following these visits, on June 25, 2019, Hayward withdrew its application.

10. Hayward failed to put on its Internet site the following information:

- a. A statement on its homepage that Hayward complies with the requirements of 21 U.S.C. § 831 with respect to the delivery or sale or offer for sale of controlled substances. 21 U.S.C. § 831(a) and 21 C.F.R. § 1304.45(a).
- b. A visible and clear statement on its homepage, or a page clearly linked from its homepage, of the following information:

- i. the name, professional degree, and states of licensure of its pharmacist-in-charge;
- ii. a telephone number at which its pharmacist-in-charge can be contacted;
- iii. a list of states in which Hayward is licensed to dispense controlled substances;
- iv. a certification that Hayward is licensed under the CSA to deliver, distribute, or dispense controlled substances by means of the Internet; and
- v. the following statement: "This online pharmacy is obligated to comply fully with the Controlled Substances Act and DEA regulations. As part of this obligation, this online pharmacy has obtained a modified DEA registration authorizing it to operate as an online pharmacy. In addition, this online pharmacy will only dispense a controlled substance to a person who has a valid prescription issued for a legitimate medical purpose based upon a medical relationship with a prescribing practitioner. This includes at least one prior in-person medical evaluation in accordance with section 309 of the Controlled Substances Act (21 U.S.C. 829) or a medical evaluation via telemedicine in accordance with section 102(54) of the Controlled Substances Act (21 U.S.C. 802(54))."

21 U.S.C. § 831(c) and 21 C.F.R. § 1304.45.

11. Hayward did not notify the DEA Administrator of the information listed in ¶ 10.b., *supra*, through the submission of an application for a modified registration thirty days before offering a controlled substance for sale, delivery, distribution, or dispensing together with a certification that such information is true and accurate. 21 U.S.C. § 831(d) and 21 C.F.R.

§ 1304.40(a)(1). Hayward also did not notify the DEA Administrator of each Internet site address it used, nor of the DEA registration numbers of every pharmacy that delivers, distributes or dispenses controlled substances pursuant to orders made through each of those identified websites. 21 U.S.C. § 831(d); 21 C.F.R. § 1304.40(b)(3) and (4).

12. Hayward failed to display on the homepage of its Internet site that it had made an appropriate notification to the DEA Administrator under 21 U.S.C. § 831(d) and 21 C.F.R. § 1304.40(b).

13. Hayward failed to provide the DEA Administrator with any monthly reports under 21 C.F.R. § 1304.55.

Dispensing of Schedule II Controlled Substances Pursuant to Prescriptions for Greater Than a 90-Day Supply

14. Between September 14, 2020, and April 1, 2022, in 36 instances, Hayward dispensed Schedule II controlled substances pursuant to prescriptions where an individual practitioner had written multiple prescriptions on a single date to an individual patient that together exceeded a 90-day supply. An individual practitioner is not authorized to issue, on a single occasion, multiple prescriptions that together provide a patient with more than a 90-day supply of a Schedule II controlled substance. *See* 21 C.F.R. § 1306.12(b). In none of these instances did Hayward dispense more than one prescription at a time or fill a prescription early. During this time, Hayward did not have sufficient controls in place to consistently identify and reject such prescriptions. Through this Agreement, Hayward is committing to ensure such controls are in place.

Dispensing of Controlled Substances Pursuant to Prescriptions Issued by Practitioners Without State Authority

15. Between September 30, 2020, and April 25, 2022, in more than 113 instances and up to 403 instances, Hayward dispensed controlled substances to patients located in California pursuant to prescriptions written by practitioners who were neither sufficiently licensed in California to issue the controlled substance prescriptions they issued, nor holders of an Authorization for Out-of-State Health Care Practitioner issued by the California Emergency Medical Services Authority (Temporary Emergency Authorization). During this time, Hayward did not have sufficient controls in place to consistently identify and reject such prescriptions. Through this Agreement, Hayward is committing to ensure such controls are in place.

Records Related to Dextroamphetamine-Amphetamine ER 20 mg

16. In September and October of 2022, DEA investigators conducted an audit of, among other things, Hayward's dextroamphetamine-amphetamine ER 20 mg records. DEA investigators conducted this audit during its onsite inspection of Hayward's registered location from September 13 through September 15, 2022, by inventorying the dextroamphetamine-amphetamine ER 20 mg present at Hayward's registered location, and comparing that inventory to the records maintained and provided by Hayward during the onsite inspection. During DEA's onsite inspection Hayward was unable to demonstrate recordkeeping related to over 1,600 dosage units of dextroamphetamine-amphetamine extended release (ER) 20 mg.

STIPULATION, TERMS, AND CONDITIONS

17. In consideration of the mutual promises and obligations of this Agreement, the Parties agree and covenant as follows:

18. Hayward represents that it has had an opportunity to seek advice of counsel prior to entering into this Agreement and that it has knowledge of the events described herein.

19. Hayward agrees that the above Findings of Fact are true and accurate, and fully accepts responsibility for the conduct described therein.

20. Hayward agrees to and will comply with the compliance measures set forth in Paragraphs 21 through 34 of this Agreement for a period of four years from the Effective Date of this Agreement.

21. Not later than 30 days after the Effective Date of this Agreement, Hayward will apply for a modified DEA registration authorizing it to operate as an online pharmacy and, when that modification is granted, will meet the requirements applicable to online pharmacies under 21 C.F.R. §§ 1304.40–1304.55. Hayward will implement policies and procedures to meet these requirements applicable to online pharmacies under 21 C.F.R. §§ 1304.40–1304.55 by no later than the date upon which a modified DEA registration authorizing it to operate as an online pharmacy is granted.

22. Within each report that Hayward submits to the Administrator under 21 C.F.R. § 1304.55, Hayward shall also identify, in a sortable format, the prescriber of the controlled substance, the corporate customer associated with each dispensed prescription, and the delivery address zip code.

23. Hayward shall report to DEA, on a monthly basis, identifying information (*e.g.*, prescriber name, prescriber DEA registration number, prescriber address, associated corporate customer, controlled substance form, controlled substance quantity, patient name, patient address, delivery address, date prescription issued, etc.) for all rejected controlled substance fills, together with documentation indicating why the fills were rejected, not later than the fifteenth day of the month succeeding the month for which the report is submitted. In addition, if based on a rolling 30-day period, Hayward rejects 10 such controlled substance fills for an individual

prescriber, or rejects 50 such controlled substance fills for one or more prescribers associated with a single corporate customer, Hayward will report this information within 24 hours of the rejection of the tenth fill for an individual prescriber, or the fiftieth fill for a single corporate customer, together with documentation of why the fills were rejected.

24. Not later than 30 days after the Effective Date of this Agreement, Hayward will implement controls to identify and prevent the dispensing of Schedule II controlled substance prescription(s) issued to a patient on a single day by an individual prescriber where those prescription(s) together provide the patient in excess of a 90-day supply of a Schedule II controlled substance. Specifically, Hayward's controls will include the following:

- a. Hayward's pharmacy system will direct prescriptions for controlled substances into a specific controlled substances workflow;
- b. As part of the controlled substances workflow, Hayward's pharmacy system will apply a hold to prescriptions for Schedule II controlled substances, which will require a designated controlled substance pharmacist review and approval for the prescription to proceed to dispensing;
- c. As part of the pharmacist's review, the pharmacy system will require the pharmacist to review the previous six-month dispensing history, confirm that the patient did not receive multiple Schedule II controlled substance prescriptions that were issued on a single day by an individual prescriber and that together provide the patient with more than a 90-day supply of a Schedule II controlled substance, and document this was completed;
- d. To assist, but not substitute for, the pharmacist's review, Hayward's pharmacy system will also alert the pharmacist to all Schedule II controlled substance

prescriptions within the same Group Product Identifier (“GPI”) 14 that were written on the same day by placing a hold that requires approval or cancellation prior to proceeding in the workflow;

- e. In any instance where Hayward identifies that an individual prescriber issued a patient Schedule II controlled substance prescription(s) on a single day that provide the patient with a greater than 90-day supply, Hayward will reject the prescriptions and notify the patient, the prescriber, and, if Hayward has entered into a contractual relationship with a company affiliated with the prescriber, such company, of the basis for the rejection;
- f. In addition, Hayward’s pharmacy system will not allow any Schedule II controlled substance prescription to proceed to dispensing if, based on the GPI 14, the patient received greater than a 60-day supply of medications with the same GPI 14 written on the same day.

25. Not later than 30 days after the Effective Date of this Agreement, Hayward will revise its written policies and procedures to reflect the processes described above in Paragraph 24.

26. Hayward will retain a reputable third-party consultant (“DEA Compliance Consultant”), initially Susannah Herkert of Guidepost Solutions LLC, or her designee. Starting with the first full quarter after the Effective Date of this Agreement, each quarter the DEA Compliance Consultant will audit five percent of the total Schedule II controlled substances dispensed in the prior quarter (up to 500 prescriptions per audit) to ensure that Hayward did not fill prescriptions for Schedule II controlled substances issued to a patient on the same day by an individual prescriber where such prescriptions issued on the same day by an individual prescriber

provided the patient with greater than a 90-day supply. Each audit set will be obtained using a commonly accepted randomization technique. Hayward will provide the results of these audits to DEA by notifying DEA whether it identified any Schedule II controlled substance prescriptions written on a single day providing a patient with greater than a 90-day supply that Hayward filled and, if such prescriptions are identified, of details related to the prescriptions. If the audit indicates that Hayward filled Schedule II controlled substance prescriptions written on a single day that, in total, provided a patient with greater than a 90-day supply, the DEA Compliance Consultant will conduct a root cause analysis to determine why such prescriptions were not rejected, and Hayward will take appropriate steps to remediate the identified cause.

27. Not later than 30 days after the Effective Date of this Agreement, Hayward will implement a control to identify and prevent the dispensing of controlled substance prescriptions where the prescriber is not licensed in the state to which the patient has specifically requested the medication be mailed (hereinafter, "patient delivery state") and is not otherwise authorized to write prescriptions to a patient located in that state. Specifically, Hayward will implement the following:

- a. When Hayward enters into contractual relationships with companies affiliated with prescribers and the contractual formulary of drugs Hayward may dispense for such companies includes controlled substances, Hayward will contractually require those companies to identify all affiliated prescribers who may submit controlled substance prescriptions to Hayward and the state(s) in which each prescriber is licensed. Hayward will independently verify all state license information of the prescribers so identified, to confirm the accuracy of such information; will contractually require such companies to provide monthly

updates on such prescriber state licensure information; and will independently verify all such prescriber state licensure information no less than every six months.

- b. Hayward will create and maintain an internal database of the state licensure information provided by companies and verified by Hayward pursuant to Paragraph 27.a.;
- c. As described above, Hayward's pharmacy system will direct prescriptions for all controlled substances to a controlled substance workflow and place such prescriptions on hold pending pharmacist review for the designated controlled substance pharmacist team;
- d. As part of that review, the pharmacist will verify, based on reference to Hayward's internal database described above in Paragraph 27.b, that the prescriber has authority to write controlled substance prescriptions in the patient delivery state;
- e. Before the prescription may be filled, Hayward's pharmacy system will require the pharmacist to input the prescriber's state license number into a designated field to approve. The designated controlled substance pharmacist will reject the prescription if the prescriber's state license number cannot be verified based on Hayward's internal database;
- f. In any instance where Hayward's pharmacy system or pharmacist identifies a controlled substance prescription issued by a prescriber not authorized to write prescriptions in the patient delivery state, Hayward will reject the prescription and notify the patient, the prescriber, and, if Hayward has entered into a contractual

relationship with a company affiliated with the prescriber, such company, of the basis for the rejection.

28. Not later than 30 days after the Effective Date of this Agreement, Hayward will revise its written policies and procedures to reflect the processes described above in Paragraph 27.

29. Starting with the first full quarter after the Effective Date of this Agreement, the DEA Compliance Consultant will audit five percent of the total controlled substances dispensed (up to 500 prescriptions per audit) to verify that Hayward did not fill controlled substance prescriptions where the prescriber was not licensed in the patient delivery state. This may be the same set of prescriptions described above in Paragraph 26, and in any event, will be obtained using a commonly accepted randomization technique. Hayward will provide the results of these audits to DEA by notifying DEA whether it identified any controlled substance prescriptions written by prescribers who were not licensed in the patient delivery state and, if such prescriptions are identified, of details of the prescriptions. If the audit indicates that Hayward filled controlled substance prescriptions written by prescribers who were not licensed in the patient delivery state, the DEA Compliance Consultant will conduct a root cause analysis to determine why such prescriptions were not rejected, and Hayward will take appropriate steps to remediate the identified cause.

30. Hayward currently performs full Schedule II controlled substances inventory reconciliations each quarter, and the DEA Compliance Consultant will continue doing so. Each audit set will be obtained using a commonly accepted randomization technique. Starting with the first full quarter after the Effective Date of this Agreement, Hayward will provide the results of those audits to DEA within two weeks of the audit being completed.

31. Hayward's existing pharmacists and pharmacy technicians/clerks will undergo an annual training on the policies referenced in Paragraphs 21 through 30, and Hayward will train all newly hired pharmacists and pharmacy technicians/clerks on those policies.

32. Hayward's existing pharmacists and pharmacy technicians/clerks will undergo an annual training on Hayward's controlled substances inventory policies, and Hayward will train all newly hired pharmacists and pharmacy technicians/clerks on those policies.

33. The DEA Compliance Consultant will conduct an annual training for Hayward's pharmacists and pharmacy technicians/clerks on Hayward's controlled substances policies, including but not limited to those described above, and on the identification and resolution of red flags for diversion. Hayward will provide confirmation to DEA that this training has occurred within two weeks of the training being completed.

34. Hayward will provide the information required to be provided to DEA under Paragraphs 23, 26, 29, 30, and 33 to the Diversion Program Manager of the San Francisco Division. Such information will be provided on behalf of Hayward by the Senior Vice President of Pharmacy Operations, or, if such position is vacant, by another management-level employee, within two weeks of the quarter close or two weeks after the annual training, as applicable.

35. Within three business days of the Effective Date of this Agreement, DEA will move to discontinue the Order to Show Cause proceedings.

36. Within three business days of the Effective Date of this Agreement, Postmeds, Inc. will move to dismiss the proceedings in *Postmeds, Inc. v. Drug Enf't Admin.* No. 1:23-cv-648 (E.D.Va.).

37. DEA will not file any other Order to Show Cause based on the facts alleged in the December 15, 2022 Order to Show Cause unless Hayward does not fulfill its obligations under this Agreement.

38. Hayward acknowledges and agrees that breach or violation of any term of this Agreement may be grounds to immediately suspend any DEA registration associated with Hayward pursuant to 21 U.S.C. § 824(d) and may therefore result in administrative action in DEA's sole discretion. Furthermore, nothing in this Agreement shall be construed as a waiver on the part of DEA to utilize any other grounds for revocation or denial of any DEA registration associated with Hayward, nor shall it be construed as waiver of any defense or reservation of rights by Hayward.

39. DEA and Hayward will bear their own legal and other costs incurred in connection with this matter, including the preparation and performance of this Agreement.

40. This Agreement constitutes the complete agreement between the Parties related to the subject matter herein. This Agreement may not be amended except by written consent of the Parties.

41. This Agreement is binding on Hayward's successors, transferees, and assigns.

42. DEA, Hayward, and each signatory to this Agreement represents that it freely and voluntarily enters into this Agreement without any degree of duress or compulsion.

43. The undersigned represent and warrant that they are fully authorized to execute this Agreement on behalf of the entities indicated below.

44. For purposes of construing this Agreement, this Agreement shall be deemed to have been drafted by all Parties to this Agreement and shall not, therefore, be construed against any Party for that reason in any subsequent dispute.

45. This Agreement may be executed in counterparts, each of which constitutes an original and all of which constitute one and the same Agreement.

46. This Agreement will become final and binding only upon signing by all Parties.

47. This Agreement is effective on the date of signature of the last signatory to the Agreement ("Effective Date of this Agreement"). Facsimiles and electronic transmissions of signatures will constitute acceptable, binding signatures for purposes of this Agreement.

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, Postmeds, Inc. (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact Postmeds, Inc.:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:

To contact us by email send messages to: ari@truepill.com

To advise Postmeds, Inc. of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at ari@truepill.com and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from Postmeds, Inc.

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to ari@truepill.com and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with Postmeds, Inc.

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

- i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;
- ii. send us an email to ari@truepill.com and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: <https://support.docusign.com/guides/signer-guide-signing-system-requirements>.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify Postmeds, Inc. as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by Postmeds, Inc. during the course of your relationship with Postmeds, Inc..

CONSENT ORDER

THIS MATTER comes before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on a complaint against **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** which resulted in the filing of a Statement of Charges and Notice of Hearing ("Statement") alleging violations of the Alabama Pharmacy Practice Act as are more particularly set out in the Statement which is attached hereto as **Exhibit "A."**

Prior to a hearing in this cause, and pursuant to Code of Alabama (1975), § 41-22-12(f), the matters at issue were resolved informally by the parties and the parties negotiated a Consent Order, the terms of which are as follows:

1. The Board finds that **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** has violated the provisions of law set out in the Statement.

2. **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** shall pay an administrative fine in the amount of Three Thousand Dollars (\$3,000.00) within thirty (30) days of the effective date of this consent order that being the day the same is signed on behalf of the Board. This payment shall not be subject to discharge in bankruptcy nor shall **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** attempt to discharge the same. Payments shall be made payable to Alabama State Board of Pharmacy and mailed to 111 Village Street, Birmingham, Alabama 35242.

3. **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** expressly waives its rights pursuant to the Alabama Pharmacy Practice Act, the Alabama

Administrative Procedure Act and the Alabama Uniform Controlled Substances Act, including but not limited to the Code of Alabama (1975), §34-23-34 and §34-23-92(12), Code of Alabama (1975), §41-22-12 and §40-22-20 and Code of Alabama (1975), §20-2-50 et seq., and including but not limited to the opportunity for a hearing before the Board in connection with any charges against it and any judicial review. **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** further waives any objection to the attorney for the Board preparing, drafting, or making this Order, including the waiver of any objection or right pursuant to Code of Alabama (1975), §41-22-18.

4. By execution of this Consent Order, **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** hereby releases the Board, its members, agents, representatives, servants, and employees from any and all liability, claims, damages, fees, or expenses arising out of or made in connection with the matters relating to this Consent Order and Statement.

5. **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** acknowledges and agrees that any future violation of the Alabama Pharmacy Practice Act, the laws that regulate the sale and/or dispensing of prescription or legend drugs and/or narcotics or any Rules and regulations of the Alabama State Board of Pharmacy or the pharmacy law or rules of the Board of Pharmacy of another state or any other applicable laws may, upon proof and hearing thereof, result in further disciplinary sanctions against **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.'s** permit, including, but not limited to revocation.

6. **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** acknowledges and agrees that it has read this Consent Order and that it fully understands the terms, conditions, and contents of the same. **PostMeds Inc. dba Truepill and/or**

Truepill f/k/a PostMeds Inc. acknowledges and agrees that it voluntarily and of its own free will accepts the terms and conditions set out in this Consent Order and agrees that it had the right to seek advice of counsel before executing this Consent Order.

<u>Registration No. 22-117859</u>	)	

AMENDED SUMMARY ORDER

NOW on this 20th day of January, 2023, comes before the Kansas Board of Pharmacy (the "Board"), through its Executive Director, the matter of PostMeds, Inc dba Truepill ("Respondent").

Pursuant to the authority granted to the Board by the Kansas Pharmacy Act, K.S.A. 65-1625, *et seq.*, and in accordance with the Kansas Administrative Procedure Act, K.S.A. 77-501, *et seq.*, the Board's Executive Secretary enters this Amended Summary Order in the above-captioned matter. After reviewing the investigation materials and being otherwise duly advised in the premises, makes the following findings, conclusions and order:

FINDINGS OF FACT

1. The Board has previously issued Respondent Registration No. 22-104228 which entitled Respondent to operate as a non-resident pharmacy in the State of Kansas.
2. On November 6, 2019, the ownership of Respondent's non-resident pharmacy changed.
3. On May 22, 2020, the Board received a renewal application for Respondent's Registration No. 22-104228, which was approved on June 3, 2020 with an expiration date of June 30, 2021. Respondent answered "No" to the question: "Has any license or registration, currently or previously held by the applicant or the PIC been surrendered to, denied, disciplined, censured, suspended, limited, placed on probation, or revoked by any state or federal government?"

SUMMARY ORDER
Page 1 of 7

DOS Prothonotary
Nov 08 2023

Respondent certified the information submitted was true, correct, and complete to the best of Respondent's knowledge.

4. On June 1, 2021, the Board received a renewal application for Respondent's Registration No. 22-104228, which was approved on June 21, 2021 with an expiration date of June 30, 2022. Respondent answered "No" to the question: "Has any license or registration, currently or previously held by the applicant or the PIC been surrendered to, denied, disciplined, censured, suspended, limited, placed on probation, or revoked by any state or federal government?" Respondent certified the information submitted was true, correct, and complete to the best of Respondent's knowledge.

5. Due to staffing challenges, personnel turnover and administrative oversight resulting from its early, rapid growth and restructuring and the corresponding COVID-19 pandemic, Respondent mistakenly failed to report the 2019 ownership change and related disclosures to the Board in its May 22, 2020 and June 1, 2021 renewal applications.

6. On April 18, 2022, the Board received notification from Respondent of an ownership change and several past disciplinary actions not previously reported to the Board including: North Carolina Board of Pharmacy Consent Order of Discipline dated March 8, 2022; California State Board of Pharmacy Letter of Admonishment dated January 23, 2020; California State Board of Pharmacy Citation and Fine dated June 16, 2020; California State Board of Pharmacy Citation and Fine Order of Abatement dated August 25, 2021; Alabama State Board of Pharmacy Final Order dated October 25, 2021; California State Board of Pharmacy Citation and Fine dated January 24, 2019; and California State Board of Pharmacy Citation dated December 16, 2019.

7. On April 28, 2022, the Board received from Respondent a Form BA-22 Non-Resident Pharmacy Registration Application ("Respondent's Application"), notifying of the change in ownership effective November 6, 2019, and applying for a new non-resident pharmacy registration under the new ownership.

8. On May 20, 2022, the Board approved Respondent's Application and issued Respondent the new Non-Resident Pharmacy Registration No. of 22-117859 ("Respondent's Registration") under their new ownership.

9. Prior to receiving the ownership change application, registrant provided a letter notifying of the late ownership change, as well as unreported discipline. Ownership change application completed indicating discipline had occurred and providing details of discipline (5 occurrences).

10. In mitigation, Respondent states that it has invested in additional staff, engaged internal and external legal counsel and implemented training efforts to prevent any such reporting oversights in the future.

CONCLUSIONS OF LAW

1. Pursuant to K.S.A. 65-1658, the Board may assess a civil fine not to exceed \$5,000, after notice and an opportunity to be heard, to any registrant for violation of the pharmacy act of the state of Kansas or any other rules or regulations of the state board of pharmacy.

2. Pursuant to K.S.A. 65-1627(f), the Board may take action against a registration on any ground that would authorize the board to take action against the registration of a pharmacy under K.S.A. 65-1627, and amendments thereto.

3. Pursuant to K.S.A. 65-1627(e)(1), the Board may take action against the registration of a pharmacy upon a finding that such pharmacy has been operated in such manner

that violations of the provisions of the pharmacy act of the state of Kansas or of the rules and regulations of the board have occurred in connection therewith.

4. Pursuant to K.S.A. 65-1627(e)(4), the Board may take action against the registration of a pharmacy upon a finding that the registrant has had a registration revoked, suspended or limited, has been censured or has had other disciplinary action taken, or an application for registration denied, by the proper registering authority of another state, territory, District of Columbia or other country.

5. Pursuant to K.S.A. 65-1657, no nonresident pharmacy shall ship, mail, or deliver, in any manner, prescription drugs to a patient in this state unless registered with the Board as a nonresident pharmacy.

6. Pursuant to K.S.A. 65-1645(f), registrations shall not be transferable.

7. Pursuant to K.A.R. 68-2-9, each registrant shall notify the executive secretary of the Board in writing of any change in majority ownership of the operation for which the registration was issued within five days after the date the change in ownership becomes effective.

8. Pursuant to K.A.R. 68-2-23, each pharmacy owner shall notify the board in writing within 30 days of any denial, limitation, suspension, revocation, voluntary surrender, or other disciplinary action taken by the state of Kansas or another jurisdiction against the pharmacy or the pharmacy owner or any application, license, registration, or permit held by the pharmacy owner.

9. Respondent's registered facility changed ownership on November 6, 2019 but Respondent did not provide notification or file a new application with the Board until April 18 and 28, 2022, respectively.

10. Respondent's failure to submit the complete change of ownership to the Board until April 2022 is a violation pursuant to K.A.R. 68-2-9 and an unlawful transfer of the previous

registration to the new ownership. Respondent's actions are a violation pursuant to K.S.A. 65-1657 and K.S.A. 65-1627(e)(1), and a basis to take action against Respondent's Registration.

11. Respondent failed to notify the Board of the six disciplinary actions by North Carolina, California, and Alabama until April 18, 2022, nearly one to two years after they were effective, is a violation of K.A.R. 68-2-23 and a basis to take action against Respondent's Registration pursuant to K.S.A. 65-1627(e)(1) and (e)(4).

ORDER

Taking into account the mitigating and corrective actions of Respondent, the Board finds and concludes that Respondent's conduct, as described above, violates the Act and such conduct warrants the imposition of a fine pursuant to K.S.A. 65-1658, in the amount of \$3,500.00. Respondent has 30 days from the date of this order to pay the fine.

NOTICES

The Respondent is hereby notified as follows:

1. The Respondent may request a hearing pursuant to the Kansas Administrative Procedure Act by filing a written request with the Kansas Board of Pharmacy, 800 SW Jackson, Suite 1414, Topeka, KS 66612-1231 within fifteen (15) days after service of this order.
2. If a hearing is not requested as described above, the Order shall become a final order of the Board, effective upon the expiration of the time to request a hearing.
3. Within fifteen (15) days after entry of a final agency order, either party may file a petition for reconsideration pursuant to K.S.A. 77-529.
4. Within the time limits established in K.S.A. 77-613, either party may seek judicial review of a final agency order, pursuant to said statute. The agency officer designated to receive service of a petition for judicial review is:

BATON ROUGE, LOUISIANA**

IN THE MATTER OF:

CONSENT ORDER

POSTMEDS, INC.

LOUISIANA PHARMACY PERMIT NO. 7761

Case No. 21-0456

CONSENT AGREEMENT

WHEREAS, an informal conference was conducted by the Violations Committee of the Louisiana Board of Pharmacy (hereinafter referred to as the "Board") on March 16, 2022 at the Board office, 3388 Brentwood Drive, Baton Rouge, LA 70809, in the matter of POSTMEDS, INC. (hereinafter referred to as "Respondent"), holding Louisiana Pharmacy Permit No. 7761, 3121 Diablo Ave., Hayward, CA 94545-2701, with attorney Skip Philips and Postmeds Corporate Counsel Donnie Simkin appearing on behalf of Respondent.

WHEREAS, WHEREAS, on August 27, 2018, the Louisiana Board of Pharmacy issued a non-resident pharmacy permit, PHY.007761-NR, to Postmeds Inc. At that time, Postmeds Inc. was 31.5% owned by Mohammad Umar Afridi, 31.5% owned by Siddharth Viswanathan, 16.5% owned by Initialized III L.P., and 20.5% owned by others with no individual owner holding more than 4%. On December 17, 2021 the Board received an "Application for New Louisiana Pharmacy Permit for Nonresident Pharmacy" from Postmeds, Inc. d/b/a Truepill. Accompanying correspondence and organization chart detailed a 100% change in the ownership structure of Postmeds Inc., effective November 6, 2019. Postmeds Inc. went from being owned 31.5% by Mohammad Umar Afridi, 31.5% by Siddharth Viswanathan, 16.5% by Initialized III L.P., and 20.5% by others with no individual owner holding more than 4%, to being owned 100% by Truepill, Inc.

WHEREAS, the Board alleges that such actions constitute violations of the following:

La. R.S. 37:1241 (A)(1): Practiced or assisted in the practice of pharmacy, or knowingly permitted or has permitted anyone in his employ or under his supervision to practice or assist in the practice of pharmacy, in violation of the provisions of this Chapter and any rules and regulations promulgated thereto in accordance with the Administrative Procedure Act.

La. R.S. 37:1221(B). No out-of-state pharmacy providing pharmacy services to residents of this state shall open, establish, operate, or maintain a pharmacy, located out-of-state, unless the pharmacy is issued a permit by the board.

La. R.S. 37:1222(A). A person applying for a permit to open, establish, operate, or maintain a pharmacy, within or outside of this state, shall complete an application in such form and contain such data as the board may require, and complete such other requirements as deemed necessary by the board, including but not limited to designation and identification of a pharmacist-in-charge.

La. R.S. 37:1222(E). A permit to operate a pharmacy shall not be transferable.

La. R.S. 37:1232(A). A pharmacy located outside this state which does business in this state within the meaning of this Chapter, shall hold a current pharmacy permit as provided in this Chapter. The pharmacy shall be designated a "nonresident pharmacy" and the permit shall be designated a "nonresident pharmacy permit."

LAC, Title 46: LIII §1101(A). Individuals, partnerships, corporations, limited liability companies, or associations desiring to operate a pharmacy in Louisiana, or outside the state where prescriptions drugs/devices are dispensed and delivered to Louisiana residents, shall execute an application for a pharmacy permit for their particular classification of pharmacy.

LAC, Title 46: LIII §1135(A)(1)(e). The holder of a pharmacy permit shall notify the board, in writing, prior to the transfer of ownership, in order for the board to complete an inspection of the pharmacy premises. A change of ownership of a pharmacy is evident under the following conditions: a 50 percent, or more, change in ownership of a corporation, limited liability company, or association since the issuance of the original permit or the last renewal application.

LAC, Title 46: LIII §1135(A)(2). The new owner(s) of the pharmacy shall submit a properly completed pharmacy permit application, with appropriate fee, to the board.

LAC, Title 46: LIII §1135(A)(4). Pharmacy permits are not transferable from the original holder(s) of the permit to the new owner(s).

LAC, Title 46: LIII §2305(A). The out-of-state pharmacy shall apply for a permit and annual permit renewals on forms provided by the board.

LAC, Title 46: LIII §2307(C). Authority and Accountability. The designated pharmacist-in-charge of the pharmacy and the pharmacy owner(s), or partners, or corporate officer(s) of the permit holder, where applicable, shall be responsible for the complete supervision, management, and compliance with all federal and state pharmacy laws and regulations pertaining to the practice of pharmacy of the entire prescription department. This responsibility necessarily includes accountability for any violation involving federal or state laws or regulations occurring within the prescription department supervised by a pharmacist-in-charge.

To facilitate the submission of this Consent Agreement, Respondent does not contest the allegations and agrees that there is sufficient evidence upon which to predicate a finding of those violations.

Respondent further understands that this Consent Agreement shall constitute a Public Record, pursuant to La. R.S. 44:1 et seq., and is considered disciplinary action by the Board.

Respondent further understands that this Consent Agreement shall constitute a Public Record, pursuant to La. R.S. 44:1 et seq., and is considered disciplinary action by the Board.

In order to avoid further administrative and judicial proceedings, Respondent hereby consents to accept and abide by the following order of the Board:

POSTMEDS, INC., holder of Louisiana Pharmacy Permit No. 7761, is ordered to pay a fine of \$10,000.00 and to reimburse the Board \$250.00 for administrative costs, and \$324.48 for investigative costs with total payment due the Board of \$10,574.80, due by *certified check or money order* to be paid simultaneously with the execution of this Consent Agreement by Respondent.

By signing this Consent Agreement, Respondent agrees that the Board has jurisdiction in this matter, waives all rights to informal conference, to Notice of Hearing, to a formal Administrative Hearing and to judicial review of this Consent Agreement. Moreover, at no time shall Respondent request the expungement, rescission or removal of this Consent Agreement.

By signing this Consent Agreement, Respondent agrees that any failure to comply with the terms of this Agreement is a basis for discipline by the Board.

Both Respondent and the Board stipulate that this Consent Order shall not become effective and shall not become binding on the Board unless and until approved by the Board at formal meeting. However, Respondent agrees that this Consent Order shall be effective and binding upon Respondent without recourse upon its authorized representative signing said Order.

Respondent agrees to authorize the Board to report this action to the National Practitioner Data Bank – Healthcare Integrity and Protection Data Bank (NPDB-HIPDB) as required by law.

I, Matt Davis-Ratner, authorized to act on behalf of and acting on behalf of POSTMEDS, INC., understand that this Consent Agreement is effective as a Board Order upon affirmative vote by the Board at formal hearing. It is also understood that, should the Board not approve this Consent Agreement, the agreement therein does not preclude the Louisiana Board of Pharmacy from requiring a formal hearing of this case.

It is further understood that, should this Consent Agreement not be accepted by the Board, the presentation to and consideration by the Board of this Agreement, including presented documentary evidence and information, shall not unfairly or illegally prejudice or preclude the Board or any of its members from further participation in hearings or resolution of these proceedings.

**STATE OF NORTH CAROLINA
NORTH CAROLINA BOARD OF PHARMACY**

IN THE MATTER OF	)	
	)	
POSTMEDS, INC. d/b/a Truepill,	)	CONSENT ORDER
	)	OF DISCIPLINE
Permit No. 13413 and Its Successor Permit(s).	)	

THIS MATTER came to be considered before a member of the North Carolina Board of Pharmacy (hereinafter, the "Board") pursuant to 21 N.C.A.C. 46 .2008. The Conference was scheduled for Thursday, February 24, 2022, and, after appropriate notice, was heard on that day by Board member Wallace E. Nelson. Respondent PostMeds, Inc. was informed of its right to be present at the pre-hearing conference and declined. The Board's General Counsel, Clinton R. Pinyan, represented the Board.

Respondent has agreed to waive a formal hearing in the above-referenced matter. It stipulates and agrees to the findings of fact and conclusions of law recited herein and to the order of discipline imposed. By its consent, Respondent also stipulates that it waives its right to appeal this Consent Order or challenge in any way the sufficiency of the findings of this Order as a basis for the action taken. Based upon the consent of the parties, the Board hereby enters the following:

FINDINGS OF FACT

1. On November 20, 2017, the Board issued Permit No. 13413 to Respondent PostMeds, Inc. d/b/a Truepill (Permit No. 13413) ("PostMeds").
2. On PostMeds' initial permit application, its then-pharmacist manager, Mohammad Umar Afridi, submitted an inaccurate statement that he was the sole owner and officer of PostMeds. In fact, PostMeds now acknowledges that Afridi and Siddharth

Viswanathan each owned 47 percent of PostMeds on November 20, 2017, with others owning six percent, and that Viswanathan was also an officer of PostMeds.

3. Viswanathan and the minority owners' interests would not have raised questions about the permit application in this particular case. If PostMeds had disclosed the true ownership and officers of PostMeds, the Board still would have granted PostMeds a permit. However, it was an inaccurate statement that Afridi, as the person who submitted the application, knew was inaccurate. That statement prevented the Board from vetting Viswanathan as the owner of the pharmacy. Because of the inaccuracy of the representations, the initial permit was void ab initio.

4. In November 2019, PostMeds went through a corporate restructuring. During that restructuring, Truepill, Inc. was created as a holding company for PostMeds. At that time, Truepill, Inc. became the sole owner of PostMeds. Afridi, Viswanathan and the other former direct owners of PostMeds became indirect owners with the same ownership interests in the holding company, Truepill, Inc., that they had before the transfer of ownership.

5. This restructuring required PostMeds to submit a transfer of ownership application and have that application granted before the restructuring closed. PostMeds failed to do this. Therefore, even if the initial permit had been valid (which it was not), it would have become invalid upon the corporate restructuring.

6. Insertion of a new holding company between the ultimate owners and PostMeds would not have raised questions about the permit application in this particular case. The ownership interests of the ultimate owners did not change. If PostMeds had disclosed the new holding company, the Board still would have granted the transfer of ownership. However,

PostMeds failed to submit the transfer of ownership application or otherwise disclose the interests of Truepill, Inc.

7. In each of its subsequent renewals, PostMeds failed to correct the ownership information that it had inaccurately submitted on its initial application or to list Truepill, Inc., as the direct owner of the pharmacy.

8. On November 4, 2021, counsel for PostMeds informed the Board that its "current ownership information on file with the North Carolina Board of Pharmacy is out of date." Upon follow-up questioning, the next day, PostMeds disclosed that it should have submitted a transfer of ownership application in November 2019. It further was apparent from the ownership information that PostMeds provided that Afridi made inaccurate representations about ownership and officers on PostMed's initial application that had never been corrected.

9. PostMeds agreed to stop shipping any drugs, devices or medical equipment into the State of North Carolina until the matter was resolved. It further agreed to stop shipping or dispensing any drugs, devices or medical equipment from six other pharmacies under its ownership until the matter was resolved (even though those pharmacies did not receive permits until after the transfer of ownership had occurred, and so did not suffer from the same problem).

10. PostMeds submitted a transfer of ownership application promptly.

11. Although PostMed's disclosure of its inaccuracies was tardy, its remedial actions are a mitigating factor in this matter.

CONCLUSIONS OF LAW

1. Reporting of correct and complete ownership information on an initial pharmacy permit application or a renewal application is material, indeed essential, to the Board's ability to ensure that a pharmacy will provide services safely and competently to the public.

2. PostMeds made inaccurate statements about its ownership and officers on its initial application, which it failed to correct at any point through its 2022 renewal. That initial permit was therefore void ab initio and violated G.S. § 90-85.38(b).

3. The creation of Truepill, Inc. as a holding company further triggered a requirement to report the ownership change and obtain a successor permit, and to do so before the closing of the transaction that created Truepill, Inc. The transaction "result[ed] in a different person . . . owning more than 50 percent interest in the permit holder . . ." 21 NCAC 46.1603. Failure to apply for and obtain a successor permit prior to the transaction, and a continuing failure to disclose the ownership interest of Truepill, Inc., violated G.S. § 90-85.38(b).

IT IS THEREFORE ORDERED:

PostMeds was in violation of G.S. § 90-85.38(b) in North Carolina from November 20, 2017 until at least November 4, 2021. Respondent PostMed's Permit No. 13413 was **VOID** from the time that it was granted on November 20, 2017. G.S. § 90-85.38(c).

Respondent PostMed's change of ownership application is **APPROVED** as a successor permits to Permit No. 13413 (the "Successor Permit") with the following **CONDITIONS**:

1. PostMeds shall provide timely advance notice of any contemplated change in ownership to the current pharmacist-manager and any future pharmacist-manager(s) of the Successor Permit. PostMeds shall consult with the Successor Permit's pharmacist-manager(s) to determine whether any contemplated transaction triggers the need to obtain new permits. PostMeds shall authorize the Successor Permit's pharmacist-manager(s) to take any necessary action to update that ownership information with the Board or to apply for new permits. If a contemplated transaction triggers the need for new permits, PostMeds shall not complete that

transaction unless and until either the Board issues new permits or PostMeds ceases all practice of pharmacy at the permitted location.

2. The Successor Permit shall violate no laws governing the practice of pharmacy or the distribution of drugs.

3. The Successor Permit shall violate no rules or regulations of the Board.

4. If the Successor Permit fail to comply with any term or condition of this Order, it may be subject to additional disciplinary action by the Board.

**LOUISIANA BOARD OF PHARMACY
BATON ROUGE, LOUISIANA**

IN THE MATTER OF:

CONSENT ORDER

POSTMEDS, INC.

LOUISIANA PHARMACY PERMIT NO. 7761

Case No. 21-0456

CONSENT AGREEMENT

WHEREAS, an informal conference was conducted by the Violations Committee of the Louisiana Board of Pharmacy (hereinafter referred to as the "Board") on March 16, 2022 at the Board office, 3388 Brentwood Drive, Baton Rouge, LA 70809, in the matter of POSTMEDS, INC. (hereinafter referred to as "Respondent"), holding Louisiana Pharmacy Permit No. 7761, 3121 Diablo Ave., Hayward, CA 94545-2701, with attorney Skip Philips and Postmeds Corporate Counsel Donnie Simkin appearing on behalf of Respondent.

WHEREAS, WHEREAS, on August 27, 2018, the Louisiana Board of Pharmacy issued a non-resident pharmacy permit, PHY.007761-NR, to Postmeds Inc. At that time, Postmeds Inc. was 31.5% owned by Mohammad Umar Afridi, 31.5% owned by Siddharth Viswanathan, 16.5% owned by Initialized III L.P., and 20.5% owned by others with no individual owner holding more than 4%. On December 17, 2021 the Board received an "Application for New Louisiana Pharmacy Permit for Nonresident Pharmacy" from Postmeds, Inc. d/b/a Truepill. Accompanying correspondence and organization chart detailed a 100% change in the ownership structure of Postmeds Inc., effective November 6, 2019. Postmeds Inc. went from being owned 31.5% by Mohammad Umar Afridi, 31.5% by Siddharth Viswanathan, 16.5% by Initialized III L.P., and 20.5% by others with no individual owner holding more than 4%, to being owned 100% by Truepill, Inc.

WHEREAS, the Board alleges that such actions constitute violations of the following:

La. R.S. 37:1241 (A)(1): Practiced or assisted in the practice of pharmacy, or knowingly permitted or has permitted anyone in his employ or under his supervision to practice or assist in the practice of pharmacy, in violation of the provisions of this Chapter and any rules and regulations promulgated thereto in accordance with the Administrative Procedure Act.

La. R.S. 37:1221(B). No out-of-state pharmacy providing pharmacy services to residents of this state shall open, establish, operate, or maintain a pharmacy, located out-of-state, unless the pharmacy is issued a permit by the board.

La. R.S. 37:1222(A). A person applying for a permit to open, establish, operate, or maintain a pharmacy, within or outside of this state, shall complete an application in such form and contain such data as the board may require, and complete such other requirements as deemed necessary by the board, including but not limited to designation and identification of a pharmacist-in-charge.

La. R.S. 37:1222(E). A permit to operate a pharmacy shall not be transferable.

La. R.S. 37:1232(A). A pharmacy located outside this state which does business in this state within the meaning of this Chapter, shall hold a current pharmacy permit as provided in this Chapter. The pharmacy shall be designated a "nonresident pharmacy" and the permit shall be designated a "nonresident pharmacy permit."

LAC, Title 46: LIII §1101(A). Individuals, partnerships, corporations, limited liability companies, or associations desiring to operate a pharmacy in Louisiana, or outside the state where prescriptions drugs/devices are dispensed and delivered to Louisiana residents, shall execute an application for a pharmacy permit for their particular classification of pharmacy.

LAC, Title 46: LIII §1135(A)(1)(e). The holder of a pharmacy permit shall notify the board, in writing, prior to the transfer of ownership, in order for the board to complete an inspection of the pharmacy premises. A change of ownership of a pharmacy is evident under the following conditions: a 50 percent, or more, change in ownership of a corporation, limited liability company, or association since the issuance of the original permit or the last renewal application.

LAC, Title 46: LIII §1135(A)(2). The new owner(s) of the pharmacy shall submit a properly completed pharmacy permit application, with appropriate fee, to the board.

LAC, Title 46: LIII §1135(A)(4). Pharmacy permits are not transferable from the original holder(s) of the permit to the new owner(s).

LAC, Title 46: LIII §2305(A). The out-of-state pharmacy shall apply for a permit and annual permit renewals on forms provided by the board.

LAC, Title 46: LIII §2307(C). Authority and Accountability. The designated pharmacist-in-charge of the pharmacy and the pharmacy owner(s), or partners, or corporate officer(s) of the permit holder, where applicable, shall be responsible for the complete supervision, management, and compliance with all federal and state pharmacy laws and regulations pertaining to the practice of pharmacy of the entire prescription department. This responsibility necessarily includes accountability for any violation involving federal or state laws or regulations occurring within the prescription department supervised by a pharmacist-in-charge.

To facilitate the submission of this Consent Agreement, Respondent does not contest the allegations and agrees that there is sufficient evidence upon which to predicate a finding of those violations.

Respondent further understands that this Consent Agreement shall constitute a Public Record, pursuant to La. R.S. 44:1 et seq., and is considered disciplinary action by the Board.

Respondent further understands that this Consent Agreement shall constitute a Public Record, pursuant to La. R.S. 44:1 et seq., and is considered disciplinary action by the Board.

In order to avoid further administrative and judicial proceedings, Respondent hereby consents to accept and abide by the following order of the Board:

POSTMEDS, INC., holder of Louisiana Pharmacy Permit No. 7761, is ordered to pay a fine of \$10,000.00 and to reimburse the Board \$250.00 for administrative costs, and \$324.48 for investigative costs with total payment due the Board of \$10,574.80, due by *certified check or money order* to be paid simultaneously with the execution of this Consent Agreement by Respondent.

By signing this Consent Agreement, Respondent agrees that the Board has jurisdiction in this matter, waives all rights to informal conference, to Notice of Hearing, to a formal Administrative Hearing and to judicial review of this Consent Agreement. Moreover, at no time shall Respondent request the expungement, rescission or removal of this Consent Agreement.

By signing this Consent Agreement, Respondent agrees that any failure to comply with the terms of this Agreement is a basis for discipline by the Board.

Both Respondent and the Board stipulate that this Consent Order shall not become effective and shall not become binding on the Board unless and until approved by the Board at formal meeting. However, Respondent agrees that this Consent Order shall be effective and binding upon Respondent without recourse upon its authorized representative signing said Order.

Respondent agrees to authorize the Board to report this action to the National Practitioner Data Bank - Healthcare Integrity and Protection Data Bank (NPDB-HIPDB) as required by law.

I, Matt Davis-Ratner, authorized to act on behalf of and acting on behalf of POSTMEDS, INC., understand that this Consent Agreement is effective as a Board Order upon affirmative vote by the Board at formal hearing. It is also understood that, should the Board not approve this Consent Agreement, the agreement therein does not preclude the Louisiana Board of Pharmacy from requiring a formal hearing of this case.

It is further understood that, should this Consent Agreement not be accepted by the Board, the presentation to and consideration by the Board of this Agreement, including presented documentary evidence and information, shall not unfairly or illegally prejudice or preclude the Board or any of its members from further participation in hearings or resolution of these proceedings.

VIA CERTIFIED MAIL
LETTER OF ADMONISHMENT

TRUEPILL
ATTN: MOHAMMAD UMAR AFRIDI, CEO
3121 DIABLO AVE
HAYWARD, CA 94545

RE: CI 2019 84877
TRUEPILL
PHY 56100

This LETTER OF ADMONISHMENT is being issued pursuant to Business and Professions Code section 4315 for failure to comply with the laws and regulations that govern the practice of pharmacy in California. (For exact language refer to the California Pharmacy Law and Index, located on the board's website at www.pharmacy.ca.gov, under Forms and Publications.)

The Board of Pharmacy has completed its investigation in the above referenced matter. All documentation and/or statements relating to the investigation have been accepted and included in an Investigation Report on file in this office. Facts contained in this report lead to the conclusion that the following violations of pharmacy laws or regulations have occurred:

JURISDICTION: Bus. & Prof. Code § 4315; 1764/56.10(a) - Unauthorized disclosure of prescription and medical information

Unauthorized disclosure of prescriptions: California Code of Regulations section 1764 states in pertinent part that no pharmacist shall exhibit, discuss, or reveal the contents of any prescription or any medical information furnished by the prescriber with any person other than the patient or his or her authorized representative and Civil Code section 56.10 subdivision (a) states, in pertinent part, no provider of health care shall disclose medical information regarding a patient of the provider of health care without first obtaining an authorization. Truepill Pharmacy was not in compliance with these regulations. Specifically, on 4/17/2019, Truepill Pharmacy (PHY56100) located at 3121 Diablo Avenue in Hayward, CA shipped prescription RX#1186395 to the wrong person. The prescription was intended for AR but was shipped to the address of MS in error. Also, Truepill Pharmacy shipped prescriptions to patients with a shipping label showing the return address of NuRx located at 6838 Ellicott Drive in East Syracuse, NY and from Apostrophe located at 330 2nd Street in Oakland, CA. NuRx and Apostrophe are not licensed pharmacies and prescription packages returned as undeliverable to these locations would cause the disclosure of medical information without authorization.

Shipping prescriptions to an unauthorized person violates California Code of Regulations section 1764 and Civil Code 56.10.

If you wish to contest this Letter of Admonishment, you may do so by submitting, within 30 days of the date of service of this Letter of Admonishment, namely February 22, 2020, the attached "Request for an Office Conference" form. If an office conference is not requested, compliance with the Letter of Admonishment shall not constitute an admission of the violations described in the Letter of Admonishment.

Unless it is dismissed following an office conference or you receive other instructions from the Board in writing, Pharmacy Law requires that you maintain and have readily available for inspection a copy of this Letter of Admonishment and any written corrective action plan, if any, for at least three years from the date of issuance at the top of this letter. The Letter of Admonishment will be considered a public record for purposes of disclosure for three years from issuance. The issuance of this Letter of Admonishment does not limit the board's ability to pursue other disciplinary or administrative action under Business and Professions Code section 4315, subdivision (f).

If you have any questions regarding this Letter of Admonishment, please contact Barbera Schleicher, Public Inquiry Analyst at (916) 518-3081.

CONDUCT:

Furnishing Dangerous Drugs or Devices Prohibited Without Prescription: Business and Professions Code 4059 (a) states in pertinent part a person may not furnish any dangerous drug, except upon the prescription of a physician, dentist, podiatrist, optometrist, veterinarian, or naturopathic doctor pursuant to Section 3640.7. A person may not furnish any dangerous device, except upon the prescription of a physician, dentist, podiatrist, optometrist, veterinarian, or naturopathic doctor pursuant to Section 3640.7. In conjunction with Business and Professions Code 4067 (a) which states no person or entity shall dispense or furnish, or cause to be dispensed or furnished, dangerous drugs or dangerous devices, as defined in Section 4022, on the Internet for delivery to any person in this state without a prescription issued pursuant to a good faith prior examination of a human or animal for whom the prescription is meant if the person or entity either knew or reasonably should have known that the prescription was not issued pursuant to a good faith prior examination of a human or animal, or if the person or entity did not act in accordance with Section 1761 of Title 16 of the California Code of Regulations and (f) for the purposes of this section, "good faith prior examination" includes the requirements for a physician and surgeon in Section 2242. In conjunction with Business and Professions Code 2290.5 (a) For purposes of this division, the following definitions shall apply: (3) "Health care provider" means either of the following: (A) a person who is licensed under this division. Between 4/1/2018 to 10/31/2018, Postmeds Inc. (PHY56100) located at 3121 Diablo Ave. Hayward, CA dispensed prescriptions issued by prescribers who were not licensed in California. Specifically, 2 prescriptions were issued by Nurse Practitioner Jenny Ingle; 9 prescriptions were issued by Dr. Brook Randal; 6 prescriptions were issued by Dr. Jessica Rubino and 4 prescriptions were issued by Dr. Sudhi Trye. These prescribers were not licensed in California at the time the prescriptions were initiated and shipped to a California resident. Postmeds pharmacy dispensed the prescriptions issued by unlicensed prescribers to

California residents in violation of Business and Professions Code 4059 (a) and Business and Professions Code 4067 (a).

Dispensing by Pharmacist Upon Order of Nurse Practitioner: Business and Professions Code 4174 states in pertinent part notwithstanding any other law, a pharmacist may dispense drugs or devices upon the drug order of a nurse practitioner functioning pursuant to Section 2836.1 or a certified nurse-midwife functioning pursuant to Section 2746.51, a drug order of a physician assistant functioning pursuant to Section 3502.1 or a naturopathic doctor functioning pursuant to Section 3640.5, or the order of a pharmacist acting under Section 4052.1, 4052.2, 4052.3, or 4052.6. Postmeds Inc. (PHY56100) located at 3121 Diablo Ave. Hayward, CA dispensed prescriptions issued by Nurse Practitioners and Physicians Assistants who had not yet entered into an established standardized procedure or protocol developed by a supervising physician. Between 4/1/2018 and 10/31/2018, the following prescribers issued prescriptions to Postmeds without an established protocol in place: Physician's Assistant Leanne Mays issued 8 prescriptions and Physician's Assistant Susan Owen issued 6 prescriptions. Between 4/1/2018 and 10/31/2018, the following prescribers issued prescriptions to Postmeds entering into a protocol after the prescriptions were issued: Nurse Practitioner Joni Gunzburger issued 4,782 prescriptions; Nurse Practitioner Cristin Hackel issued 10,819 prescriptions and Nurse Practitioner Jessica Horwitz issued 4,711 prescriptions. Postmeds Pharmacy dispensed the prescriptions issued by Nurse Practitioners and Physicians Assistants who had not yet entered into standardized procedures or protocols as required by Business and Professions Code 4174.

JURISDICTION: Bus. & Prof. Code § 4314; CCR, title 16, § 1775; Bus. & Prof. Code § 4301, subd. (o)

VIOLATION CODE SECTION	OFFENSE	AMT OF FINE
CCR, Title 16, § 1714 subd. (b)	Operational Standards and Security; pharmacy responsible for pharmacy security	\$5,000.00
Bus. & Prof. Code § 4169 subd. (a)(2)/Health & Safety Code § 111295	Prohibited Acts; Purchase, trade, sell, or transfer dangerous drugs to that the person knew or reasonably should have known were adulterated.../It is unlawful for any person to manufacture, sell, deliver, hold, or offer for sale any drug or device that is adulterated	Citation without a fine

CONDUCT:

California Code of Regulations 1714, section b states, (b) Each pharmacy licensed by the board shall maintain its facilities, space, fixtures, and equipment so that drugs are safely and properly prepared, maintained, secured and distributed. The pharmacy shall be of sufficient size and unobstructed area to accommodate the safe practice of pharmacy. Specifically, Truepill Pharmacy, PHY56100, located at 3121 Diablo Ave, Hayward, CA 94545 was in violation when they failed to keep dangerous drugs stored according to policy and procedure 2001.4, Oversight of Pharmacy Safety, which states: "The Pharmacy will make all attempts at maintaining a room temperature below 85F and ideally between 68-77F". Between 7/1/2020 and 9/14/2020, on numerous occasions, dangerous drug storage temperatures, summarized in Table 2, exceeded the recommended storage temperatures. The most egregious of these temperature spikes were:

- a) On 8/13/2020, in the cage area of the warehouse, dangerous drugs were stored approximately 161 hours over 77 F and 47 hours over 85F.
- b) On 9/6/2020, in the cage area of the warehouse, dangerous drugs were stored approximately 59 hours over 77 F and 17 hours above 85F.
- c) On 8/13/2020, in the Parata Automated dispensing machine located in the warehouse, dangerous drugs were stored for approximately 163 hours above 77 F and 44 hours above 85 F.

Business and Professions Code 4169 section (a), subdivision (2) states, A person or entity shall not do any of the following: (2) Purchase, trade, sell, or transfer dangerous drugs that the person knew or reasonably should have known were adulterated, as set forth in Article 2 (commencing with Section 111250) of Chapter 6 of Part 5 of Division 104 of the Health and Safety Code as it relates to Health and Safety Code 111295 which states, It is unlawful for any person to manufacture, sell, deliver, hold or offer for sale any drug or device that is adulterated. Specifically, Truepill Pharmacy, PHY56100, located at 3121 Diablo Ave, Hayward, CA 94545 was in violation when they used the MKT calculation alone instead of in conjunction with manufactures stability data as stated in USP <1079>, which provides guidance for assessing possible adulteration to dangerous drugs stored at the pharmacy due to excessive heat. In particular, USP<1079> states, "Knowing the MKT for an excursion is useful for evaluating the potential impact on product quality. However, it is also essential to know the upper and lower temperature limits of any excursion. If these extreme temperatures are outside available stability data, it may not be possible to predict the quality impact of the excursion with any confidence regardless of the MKT. At higher temperatures the kinetics of degradation may change or new degradation reactions may occur. Truepill Pharmacy did not consider the manufacture's stability data for at least 72 dangerous drugs stored in the cage area of the warehouse which were held and offered for sale when determining if a dangerous drug was adulterated by the extreme heat, summarized in Table 3. For each one of the 72 dangerous drugs, the maximum temperature for storage was listed by the manufacturer as 77F or storage information was not listed. As there was no stability temperature for at least the 72 drugs in question and per USP<1079>, the MKT cannot be without the stability data, these drugs which were held and offered for sale were adulterated.

ORDER OF ABATEMENT

By the Abatement date/payment date submit to the Board the following:

- Either (1) full payment of the assessed fine(s) in the amount of \$5,000.00; or payment in the amount of \$1,000.00 and (2) provide proof of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations within ninety (90) days.

If you choose option (2), within 90 days of this citation, you shall submit proof of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations. Any failure to do so shall be deemed a failure to meet the abatement requirements of this citation.

If you timely submit proof of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations within 90 days from the date the citation was issued, this citation shall be reduced to \$1,000.00 and proof of compliance of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations shall be considered satisfactory abatement of the citation.

COPY

If you fail to submit proof of compliance of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations within 90 days from the date the citation was issued, the stay shall be lifted and the fine(s) in the amount of \$5,000.00 shall be due and owing from you within thirty (30) days of any such failure.

IN THE MATTER OF

Truepill
3121 Diablo Ave
Hayward, CA 94545

DEA Certificate of Registration FP6189725

ORDER TO SHOW CAUSE

Telemedicine is an important tool for providing increased access to medical treatment that has been relied upon by hundreds of millions of Americans since the onset of the COVID-19 pandemic in 2020. Unfortunately, this access is being exploited by a subset of medical practitioners and businesses seeking opportunities to profit by wrongfully providing controlled substances without a legitimate medical purpose.

DEA has an obligation to protect the public by ensuring that pharmacists only fill prescriptions for controlled substances which are prescribed for legitimate medical purposes by practitioners acting in the usual course of professional practice. It is critical that entities engaged in the practice of online pharmacy are appropriately registered and subject to reporting, disclosure, and other requirements imposed under law. These requirements allow entities engaged in the legitimate practice of telemedicine to continue safely providing critical services and protect the safety and health of the American public.

The Ryan Haight Online Pharmacy Consumer Protection Act of 2008 (Ryan Haight Act) and its implementing regulations prohibit actors from operating as an "online pharmacy" without the appropriate DEA registration. Truepill does not have the requisite registration to act as an online pharmacy. But since September 2020, it has acted as an online pharmacy, and in a two-year period filled 72,000 controlled substance prescriptions, of which 60% were for stimulants, such as amphetamines used in the treatment of Attention Deficit/Hyperactivity Disorder (ADHD).

Truepill was the pharmacy for telehealth companies, including Cerebral, that marketed ADHD treatments, including Adderall ® and its generic forms, directly to consumers using Internet advertisements and social media. Cerebral arranged for patients to receive prescriptions for ADHD treatments through a telehealth visit, and for Truepill to fill those prescriptions. In numerous instances, Truepill dispensed controlled substances pursuant to prescriptions that were not issued for a legitimate medical purpose in the usual course of professional practice. Many of these prescriptions were written by providers that lacked the requisite state certifications to prescribe and who issued multiple prescriptions for a patient to receive more than a 90-day supply of a

Schedule II controlled substance, including prescriptions for the treatment of ADHD, in violation of federal regulations.

Accordingly,

PURSUANT to Sections 303 and 304 of the Controlled Substances Act, Title 21, United States Code, Sections 823 and 824,

NOTICE is hereby given to afford Truepill an opportunity to Show Cause before the Drug Enforcement Administration (DEA), at the DEA Hearing Facility, 700 Army Navy Drive, 2nd Floor, Arlington, Virginia 22202, or a location designated by the Administrative Law Judge, on March 21, 2023, or on such a subsequent date designated by the Administrative Law Judge (if Truepill requests such a hearing), as to why DEA should not revoke Truepill's DEA Certificate of Registration (COR or registration), Number FP6189725, pursuant to 21 U.S.C. § 824(a)(4), and deny any applications for any other DEA registrations, because Truepill's registration would be inconsistent with the public interest, as that term is defined in 21 U.S.C. § 823(f).

As detailed below, this Order states DEA's basis to revoke the above-referenced DEA registration, including a *non-exhaustive summary* of the matters of fact and law at issue, as well as citations to laws and regulations that Truepill has violated (*see* 21 C.F.R. §§ 1301.36(e) and 1301.37(c), which DEA construes *in pari materia*). In order to preserve Truepill's rights in this proceeding, Truepill may appear in these revocation proceedings by filing a notice of appearance or request for hearing in the manner prescribed by regulations within 30 days from the receipt of this Order. On or before the date of Truepill's appearance, Truepill may submit a corrective action plan that will be considered by DEA in accordance with 21 U.S.C. § 824(c).

LEGAL REQUIREMENTS

Entities That Must Register as Online Pharmacies

Federal law proscribes any person from distributing or dispensing a controlled substance except as authorized by the Controlled Substances Act (CSA). *See* 21 U.S.C. §§ 841(a)(1); 842(a)(1). Federal law further explicitly provides that it is unlawful for "any person" to "deliver, distribute, or dispense a controlled substance by means of the Internet, except as authorized" by the CSA. 21 U.S.C. § 841(h)(1).

An "online pharmacy" is "a person, entity, or Internet site . . . that knowingly or intentionally delivers, distributes, or dispenses, or offers or attempts to deliver, distribute, or dispense, a controlled substance by means of the Internet." 21 U.S.C. § 802(52)(A); *see also* 21 C.F.R. § 1300.04(h) (same). Further, the term "'deliver, distribute, or dispense by means of the Internet' refers, respectively, to any delivery, distribution, or dispensing of a controlled substance that is caused or facilitated by means of the Internet." 21 U.S.C. § 802(51). To act as an online pharmacy, a pharmacy must "request that the Administrator modify its registration to authorize the pharmacy to dispense controlled substances by means of the Internet as an online pharmacy." 21 C.F.R. § 1301.19(a); *see* 21 C.F.R. § 1301.11(b).

The CSA instructs that "it is unlawful for any person who falls within the [CSA's] definition of 'online pharmacy' . . . to deliver, distribute, or dispense a controlled substance by means of the

Internet” unless that person is “validly registered with a modification of such registration authorizing such activity.” 21 C.F.R. § 1301.11(b). “Accordingly, any pharmacy registered” with DEA “that falls within the definition of an online pharmacy and proposes to dispense controlled substances by means of the Internet must obtain a modification of its registration authorizing such activity.” *Id.*; *see also* 21 C.F.R. § 1301.19(f) (“No person . . . required to obtain a modification of a registration . . . authorizing it to operate as an online pharmacy may engage in any activity for which such modification of registration is required until the application for such modified registration is granted and an active Certificate of Registration indicating the modification of the registration has been issued by the Administrator to such person.”). The CSA explicitly provides that “delivering, distributing, or dispensing a controlled substance by means of the Internet by an online pharmacy that is not validly registered with a modification authorizing such activity” is a violation of section 841(h)(1). 21 U.S.C. § 841(h)(2)(A).

Requirements Applicable to Online Pharmacies

An online pharmacy is subject to a number of requirements under the CSA. Among other things, an online pharmacy must:

- “[D]isplay in a visible and clear manner on its homepage a statement that it complies with the requirements of this section with respect to the delivery or sale or offer for sale of controlled substances.” 21 U.S.C. § 831(a); 21 C.F.R. § 1304.45(a); *see also* 21 U.S.C. § 802(53) (“The term ‘homepage’ means the opening or main page or screen of the website of an online pharmacy that is viewable on the Internet.”).
- Post “in a visible and clear manner” on its homepage or a page clearly linked from its homepage, the following information:
 - “The name, professional degree, and States of licensure of the pharmacist-in-charge, and a telephone number at which the pharmacist-in-charge can be contacted.”
 - “A list of the States in which the pharmacy is licensed to dispense controlled substances.”
 - “A certification that the pharmacy is registered under” the CSA “to deliver, distribute, or dispense” controlled substances “by means of the Internet.”
 - The following statement: “This online pharmacy is obligated to comply fully with the Controlled Substances Act and DEA regulations. As part of this obligation, this online pharmacy has obtained a modified DEA registration authorizing it to operate as an online pharmacy. In addition, this online pharmacy will only dispense a controlled substance to a person who has a valid prescription issued for a legitimate medical purpose based upon a medical relationship with a prescribing practitioner. This includes at least one prior in-person medical evaluation in accordance with section 309 of the Controlled Substances Act (21 U.S.C. 829) or a medical evaluation via telemedicine in

accordance with section 102(54) of the Controlled Substances Act (21 U.S.C. 802(54)).”

See 21 U.S.C. § 831(c); 21 C.F.R. § 1304.45.

- Notify the DEA Administrator, thirty days before offering a controlled substance for sale, delivery, distribution, or dispensing, of, among other things: the information the online pharmacy is required to post on its Internet site under 21 U.S.C. § 831(c), and 21 C.F.R. § 1304.45; each Internet site address used by the online pharmacy; the DEA registration numbers of every pharmacy that delivers, distributes or dispenses controlled substances pursuant to orders made through each of those identified websites; and a certification that the information provided on its Internet site under 21 U.S.C. § 831(c), and 21 C.F.R. § 1304.45 is true and accurate. *See* 21 U.S.C. § 831(d); 21 C.F.R. § 1304.40(b).
- Display on its homepage a declaration that it has made an appropriate notification to the DEA Administrator. *See* 21 U.S.C. § 831(e); 21 C.F.R. § 1304.40(d).
- Monthly report to the DEA Administrator of the total quantity of controlled substances the online pharmacy has dispensed for each calendar month in which it dispenses either 100 or more controlled substance prescriptions, or 5,000 or more dosage units of controlled substances. If the pharmacy’s dispensing does not meet either threshold in a given month, it must report a negative response for that month. *See* 21 C.F.R. § 1304.55.

Requirements Applicable to All Pharmacies

A “prescription for a controlled substance may only be filled by a pharmacist, acting in the usual course of his professional practice.” 21 C.F.R. § 1306.06. A pharmacist is only permitted to fill prescriptions “issued for a legitimate medical purpose by an individual practitioner acting in the usual course of his professional practice.” 21 C.F.R. § 1306.04(a). Although “[t]he responsibility for the proper prescribing and dispensing of controlled substances is upon the prescribing practitioner, . . . a corresponding responsibility rests with the pharmacist who fills the prescription.” *Id.*

“DEA has consistently interpreted this provision as prohibiting a pharmacist from filling a prescription for a controlled substance when [s]he either knows or has reason to know that the prescription was not written for a legitimate medical purpose.” *Wheatland Pharmacy*, 78 Fed. Reg. 69,441, 69,445 (2013) (internal quotation marks and citation omitted, alternation in original). Section 1306.04(a) “expressly requires pharmacists to identify and resolve suspicions that a prescription is illegitimate.” *Trinity Pharmacy II*, 83 Fed. Reg. 7304, 7331 (2018).

A violation of these regulations is a violation of federal law. *See* 21 U.S.C. § 842(a)(1) (making it unlawful to dispense controlled substances in violation of 21 U.S.C. § 829, whose scope is defined in part by 21 C.F.R. §§ 1306.04, 1306.06). Any attempt to violate these regulations is also a violation of federal law. *See* 21 U.S.C. § 846.

Additionally, DEA may find that a registrant's DEA COR is inconsistent with the public interest if the registrant acted carelessly or negligently in handling controlled substances, even if the registrant did not intend to violate the Controlled Substances Act. *See, e.g., Med. Shoppe*, 79 Fed. Reg. 59,504, 59,506 (2014) ("Careless or negligent handling of controlled substances creates the opportunity for diversion and [can] justify revocation or denial." (quoting *Paul J. Caragine, Jr.*, 63 Fed. Reg. 51,592, 51,601 (1998))).

Pharmacies are also required to keep appropriate records as set forth in the CSA. "Recordkeeping is one of the CSA's principal tools for preventing the diversion of controlled substances." *Wayne Pharmacy*, 85 Fed. Reg. 63,579, 63,582 (2020). Such recordkeeping is one of the central features of the CSA's regulatory regime because "a registrant's accurate and diligent adherence to this obligation is absolutely essential to protect against the diversion of controlled substances." *Superior Pharmacy I & Superior Pharmacy II*, 81 Fed. Reg. 31,310, 31,337 (2016). Thus, a finding that a registrant "failed to maintain complete and accurate records . . . supports the conclusion that [the registrant] has committed such acts as to render its continued registration 'inconsistent with the public interest.'" *Id.* at 31,338 (quoting 21 U.S.C. § 824(a)(4)).

Pharmacies are also required to, among other things, "maintain, on a current basis, a complete and accurate record of each [controlled] substance . . . received, sold, delivered, or otherwise disposed of." 21 U.S.C. § 827(a)(3); 21 C.F.R. § 1304.21(a); *see also* 21 C.F.R. § 1304.22(c) (specific recordkeeping requirements for dispensers).

An individual practitioner is not authorized, on a single occasion, to issue multiple prescriptions for a patient to receive more than a 90-day supply of a Schedule II controlled substance. *See* 21 C.F.R. § 1306.12(b).

State of California Authority to Dispense Controlled Substances

As noted above, a pharmacy may only fill valid prescriptions. *See* 21 U.S.C. § 829; 21 C.F.R. § 1306.06.

California law provides that to practice as a nurse practitioner in California, a nurse practitioner must hold, among other things, a valid and active registered nursing license issued by the Board of Registered Nursing (Nursing Board). Cal. Bus. & Prof. Code § 2835.5. Additionally, for a nurse practitioner licensed in California to prescribe a controlled substance, the Nursing Board must certify that the nurse practitioner satisfactorily completed a course in pharmacology covering the controlled substances to be prescribed and must issue a Furnishing Number to the nurse practitioner. *See id.* §§ 2836.1(g)(1), 2836.2, 2836.3.

To practice as a doctor of naturopathic medicine in California, one must hold a valid and active naturopathic medicine license issued by the California Naturopathic Medicine Committee. *See* Cal. Bus. & Prof. Code §§ 3630, 3633, 3644(d)(2). Schedule III through V controlled substances may only be dispensed by a naturopathic doctor under supervision by a physician or surgeon and pursuant to standardized procedures or protocols established between them. *See* Cal. Bus. & Prof. Code § 3640.5(f).

To practice as a physician assistant in California, one must hold a valid physician assistant license issued by the California Physician Assistant Board. *See* Cal. Bus. & Prof. Code § 3519;

see also Cal. Bus. & Prof. Code §§ 3501, 3503, 3516. Schedule II through V controlled substances may only be prescribed by a physician assistant under supervision by a physician or surgeon and pursuant to a practice agreement. *See* Cal. Bus. & Prof. Code §§ 3502.1 and 3516.

Additionally, practitioners licensed outside California may only be authorized to practice within California by the California Director of Emergency Medical Services Authority during a gubernatorially declared state of emergency. *See* Cal. Bus. and Prof. Code § 900.

BACKGROUND

1. Truepill is registered as a retail pharmacy under DEA COR Number FP6189725 in Schedules II through V with a registered address of 3121 Diablo Avenue, Hayward, California 94545. Truepill's registration expires by its own terms on November 30, 2025.
2. Truepill is not registered as an online pharmacy with DEA.
3. Truepill is licensed by the State of California as a community pharmacy with license number PHY58585. Truepill's pharmacy license expires by its own terms on March 1, 2023.
4. Between on or about September 14, 2020, and September 13, 2022, of the more than 72,000 controlled substances Truepill filled, nearly 46,000 were stimulants, accounting for more than 60% of the controlled substances Truepill dispensed.
5. Truepill's DEA COR should be revoked, and any applications for registration should be denied, because Truepill has committed such acts as would render its registration inconsistent with the public interest. *See* 21 U.S.C. §§ 823(f), 824(a)(4). Specifically, Truepill has acted as an online pharmacy without obtaining an appropriate DEA registration and without meeting a number of legal requirements applicable to online pharmacies. Truepill has, on numerous occasions, unlawfully filled controlled stimulant prescriptions issued by prescribers with no state authority to issue such prescriptions. Truepill has also repeatedly filled controlled stimulant prescriptions there were for more than a 90-day supply, in violation of 21 C.F.R. § 1306.12(b).
6. Dextroamphetamine-amphetamine, which is often sold under the brand names Adderall® and Adderall XR®, is a Schedule II stimulant.
7. Methylphenidate, which is often sold under the brand name Ritalin®, is a Schedule II stimulant.

OPERATING AS AN ONLINE PHARMACY WITHOUT DEA REGISTRATION

8. Truepill provides both pharmacy and technical services to corporate customers, including telehealth companies such as Cerebral. Moreover, Truepill employs a number of customer service representatives to assist its corporate customers.

9. On its Internet site, Truepill describes itself as a “virtual pharmacy,” providing “[a]n end-to-end virtual pharmacy experience.” Furthermore, Truepill claims that “Truepill’s virtual pharmacy enables you to create the convenient experience your customers want.”
10. Truepill provides its corporate customers with a software platform containing, among other things, patient information, prescriber information, and prescription information to facilitate the delivery of prescriptions by means of the Internet.
11. Truepill’s Internet site also extensively describes how its software programs assist its corporate customers in providing patients with prescriptions. Among other things, the Truepill’s Internet site includes the following statements:
 - a. Truepill states that it can help companies “[d]eliver medications to your patients using powerful programmatic APIs [Application Programming Interfaces] that give you full control.” It further states that these companies can “[p]air our pharmacy fulfillment services with our telehealth solutions to make your programs more accessible to patients who may find it difficult to commute to a doctor’s office.”
 - b. Truepill informs that it provides other software that uses the Internet to facilitate the filling of prescriptions, including, among others, telehealth APIs to help practitioners create and update patient records, and to provide the practitioners’ patients with patient health questionnaires, all in “the Truepill ecosystem.” Truepill makes clear that its telehealth API customers are “third-party provider networks and physician groups that that can diagnose, treat and prescribe for your patient population. These providers are all part of licensed professional medical corporations who are independently owned and operated.”
 - c. Truepill explains that it uses a “fulfillment API” to assist providers to “efficiently get medications to your patient’s door across all 50 states.” Truepill goes on to explain how its software platform uses the Internet to electronically create patient records, obtain prescriptions, and allow practitioners to create fill requests that they submit to Truepill electronically.
 - d. Truepill states that it offers a “team of marketers, merchandisers, and fulfillment experts” to help telehealth companies “maximize the value of your e-commerce program.”
12. Through these services, Truepill “deliver[ed], distribute[ed], or dispense[ed]” “a controlled substance by means of the Internet,” despite not being registered as an online pharmacy, in violation of 21 U.S.C. § 841(h)(1) and 21 C.F.R. §§ 1301.11(b) & 1301.19(f).

FAILURE TO MAKE AND DISPLAY REQUIRED REPORTS AND NOTIFICATIONS

13. Despite operating as an online pharmacy, Truepill failed to put on its Internet site information required by the CSA, including:

- a. A statement on its homepage that Truepill complies with the requirements of 21 U.S.C. § 831 with respect to the delivery or sale or offer for sale of controlled substances, in violation of 21 U.S.C. § 831(a) and 21 C.F.R. § 1304.45(a).
- b. A visible and clear statement on its homepage, or a page clearly linked from its homepage including:
 - i. the name, professional degree, and states of licensure of its pharmacist-in-charge;
 - ii. a telephone number at which its pharmacist-in-charge can be contacted;
 - iii. a list of states in which Truepill is licensed to dispense controlled substances;
 - iv. a certification that Truepill is licensed under the CSA to deliver, distribute, or dispense controlled substances by means of the Internet; and
 - v. the following statement: "This online pharmacy is obligated to comply fully with the Controlled Substances Act and DEA regulations. As part of this obligation, this online pharmacy has obtained a modified DEA registration authorizing it to operate as an online pharmacy. In addition, this online pharmacy will only dispense a controlled substance to a person who has a valid prescription issued for a legitimate medical purpose based upon a medical relationship with a prescribing practitioner. This includes at least one prior in-person medical evaluation in accordance with section 309 of the Controlled Substances Act (21 U.S.C. 829) or a medical evaluation via telemedicine in accordance with section 102(54) of the Controlled Substances Act (21 U.S.C. 802(54)).";

all in violation of 21 U.S.C. § 831(c) and 21 C.F.R. § 1304.45.

- 14. Truepill failed to notify the DEA Administrator of the information listed in 13.b., *supra*, through the submission of an application for a modified registration thirty days before offering a controlled substance for sale, delivery, distribution, or dispensing together with a certification that such information is true and accurate, in violation of 21 U.S.C. § 831(d) and 21 C.F.R. § 1304.40(a)(1). Truepill also did not notify the DEA Administrator of each Internet site address it used, nor of the DEA registration numbers of every pharmacy that delivers, distributes or dispenses controlled substances pursuant to orders made through each of those identified websites, in violation of 21 U.S.C. § 831(d) and 21 C.F.R. § 1304.40(b)(3) and (4).
- 15. Truepill failed to display on the homepage of its Internet site that it had made an appropriate notification to the DEA Administrator under 21 U.S.C. § 831(d) and 21 C.F.R. § 1304.40(b), in violation of 21 U.S.C. § 831(e) and 21 C.F.R. § 1304.40(d).
- 16. Truepill failed to provide the DEA Administrator with any of the monthly reports required by 21 C.F.R. § 1304.55.

UNLAWFUL DISPENSING OF SCHEDULE II CONTROLLED SUBSTANCES PURSUANT TO PRESCRIPTIONS FOR GREATER THAN 90-DAY SUPPLY

17. Between on or about September 13, 2020, and September 13, 2022, in dozens of instances, Truepill dispensed Schedule II controlled substances for prescriptions written on a single date by an individual practitioner to an individual patient for a greater than 90-day supply. A non-exhaustive set of examples is provided below.
18. On August 24, 2020, a practitioner issued **Patient N.S.** five prescriptions amounting to a 150-day supply of dextroamphetamine-amphetamine extended release (ER) 10 mg capsules, which are often sold under the brand name Adderall XR®, a total of 300 capsules, which Truepill dispensed.
19. On January 12, 2021, a practitioner issued **Patient L.H.** four prescriptions amounting to a 120-day supply of methylphenidate 20 mg tablets, which are often sold under the brand name Ritalin®, a total of 120 tablets, which Truepill dispensed.
20. On January 12, 2021, a practitioner issued **Patient L.H.** four prescriptions amounting to a 120-day supply of methylphenidate ER 54 mg tablets, which are often sold under the brand name Ritalin®, a total of 120 tablets, which Truepill dispensed.
21. On February 11, 2021, a practitioner issued **Patient D.K.** two prescriptions amounting to a 120-day supply of dextroamphetamine-amphetamine 20 mg tablets, which are often sold under the brand name Adderall®, a total of 120 tablets, which Truepill dispensed.
22. On February 11, 2021, a practitioner issued **Patient D.K.** two prescriptions amounting to a 180-day supply of dextroamphetamine-amphetamine ER 30 mg capsules, which are often sold under the brand name Adderall XR®, a total of 180 capsules, which Truepill dispensed.
23. On March 9, 2021, a practitioner issued **Patient H.M.** three prescriptions amounting to a 210-day supply of dextroamphetamine-amphetamine 10 mg tablets, which are often sold under the brand name Adderall®, a total of 315 tablets, which Truepill dispensed.
24. On November 8, 2021, a practitioner issued **Patient N.B.** four prescriptions amounting to a 120-day supply of dextroamphetamine-amphetamine ER 15 mg capsules, which are often sold under the brand name Adderall XR®, a total of 120 capsules, which Truepill dispensed.
25. On November 8, 2021, a practitioner issued **Patient N.B.** four prescriptions amounting to a 120-day supply of dextroamphetamine-amphetamine 5 mg tablets, which are often sold under the brand name Adderall®, a total of 120 tablets, which Truepill dispensed.

UNLAWFUL DISPENSING OF CONTROLLED SUBSTANCES PURSUANT TO PRESCRIPTIONS ISSUED BY PRACTITIONERS WITHOUT STATE AUTHORITY

26. Between on or about September 13, 2020, and September 13, 2022, Truepill dispensed controlled substances to patients located in California pursuant to prescriptions written by numerous practitioners who were neither sufficiently licensed in California to do so nor holders of an Authorization for Out-of-State Health Care Practitioner issued by the California Emergency Medical Services Authority (Temporary Emergency Authorization). These practitioners included nurse practitioners, physician assistants, and doctors of naturopathic medicine.
27. A non-exhaustive set of insufficiently licensed practitioners who also did not hold a Temporary Emergency Authorization include: **Nurse Practitioner N.B.; Nurse Practitioner T.C.; Nurse Practitioner D.S.; Nurse Practitioner H.M.; Nurse Practitioner J.M.; Nurse Practitioner A.N.; Nurse Practitioner S.O.; Nurse Practitioner A.S.; and Nurse Practitioner N.S.**

RECORDKEEPING AND AUDIT FINDINGS

28. In September and October of 2022, DEA investigators conducted an audit of Truepill's controlled substance records by conducting an inventory of certain controlled substances present at Truepill's registered location and comparing that inventory to the records maintained and provided by Truepill. DEA's audit identified 1,674 missing dosage units of dextroamphetamine-amphetamine ER 20 mg, often sold under the brand name Adderall XR[®], for which Truepill was unable to account, in violation of 21 C.F.R. §§ 1304.21(a) and 1304.22(c). *See Bill Lloyd Drug*, 64 Fed. Reg. 1,823, 1,824 (1999) ("The shortages and overages revealed by the accountability audit show that Respondent does not keep complete and accurate records of its controlled substance handling as required by 21 U.S.C. 827 and 21 CFR 1304.21.").
29. This shortage of 1,674 units constituted over two percent of the dextroamphetamine-amphetamine ER 20 mg, often sold under the brand name Adderall XR[®], for which Truepill was accountable during the audit period. Truepill's failure to account for a significant number of dosage units of controlled substances not only violated its obligation to maintain accurate records, but also constituted a failure to comply with its obligation to maintain effective controls against the diversion of controlled substances into illicit channels. *See, e.g., Superior Pharmacy*, 81 Fed. Reg. at 31,337.

THE following procedures are available to Truepill in this matter:

1. Within 30 days after the date of receipt of this Order to Show Cause, Truepill may file with DEA a written request for a hearing in the form set forth in 21 C.F.R. § 1316.47. *See* 21 C.F.R. § 1301.43(a). If Truepill fails to file such a request, the hearing shall be cancelled in accordance with paragraph 3, below.
2. Within 30 days after the date of receipt of this Order to Show Cause, Truepill may file with DEA a waiver of hearing together with a written statement regarding its position on the matters of fact and law involved. *See* 21 C.F.R. § 1301.43(c).
3. Should Truepill decline to file a request for a hearing, or should Truepill request a hearing and then fail to appear at the designated hearing, Truepill shall be deemed to

have waived the right to a hearing, and DEA may cancel such hearing and may enter a final order in this matter without a hearing based upon the evidence presented. *See* 21 C.F.R. §§ 1301.43(d), 1301.43(e).

Requests for hearing should be filed by email with the Office of Administrative Law Judges at the following address: ECF-DEA@dea.gov, with a copy simultaneously provided to the Government at the following address: DEA.Registration.Litigation@dea.gov. Except as provided below with respect to a corrective action plan, correspondence concerning this matter, including requests referenced in paragraphs 1 and 2 above, should be addressed to the Hearing Clerk, Office of Administrative Law Judges, Drug Enforcement Administration, 8701 Morrisette Drive, Springfield, VA 22152. A copy of the same shall also be served on Government counsel, Edward O. Siclari, and be addressed to the Office of Chief Counsel, Diversion and Regulatory Litigation Section, 8701 Morrisette Drive, Springfield, VA 22152. Matters are deemed filed upon receipt by the Hearing Clerk. *See* 21 C.F.R. § 1316.45.

OPPORTUNITY TO SUBMIT CORRECTIVE ACTION PLAN

In addition to the procedural options set forth in paragraphs 1 and 2 above, in accordance with 21 U.S.C. § 824(c)(2)(C), Truepill has the opportunity to submit a corrective action plan, which must be received by the Acting Assistant Administrator, Diversion Control Division, on or before the date of its appearance. Truepill is not required to submit a corrective action plan, nor will any adverse inference be drawn if Truepill chooses not to do so. If Truepill wishes to submit a corrective action plan, it must be submitted directly to the Acting Assistant Administrator, Diversion Control Division, who will decide whether, in view of the plan and the allegations set forth in this Order to Show Cause, the proceedings to revoke Truepill's registration should be discontinued, or deferred for the purposes of modification, amendment, or clarification of such plan. Any corrective action plan should be clearly labeled "Corrective Action Plan" and submitted by email to Thomas W. Prevoznik, Acting Assistant Administrator, Diversion Control Division, at the following address: CAPresponse@usdoj.gov.

A copy of the corrective action plan shall also be served on Government counsel, Edward O. Siclari, and be addressed to the Office of Chief Counsel, Diversion and Regulatory Litigation Section, 8701 Morrisette Drive, Springfield, VA 22152.

In the event Truepill submits a corrective action plan and the Acting Assistant Administrator decides not to discontinue or postpone the proceedings, please note that such a decision is not a final determination by the agency regarding Truepill's corrective action plan or registration. In such circumstances, the Administrator may nonetheless consider the corrective action plan in issuing the final order at the conclusion of the proceedings.

Finally, please be advised that the submission of a corrective action plan shall not constitute a request for a hearing under paragraph 1 above or a written statement regarding Truepill's position on the matters of fact and law involved under paragraph 2 above. As indicated, if Truepill chooses to submit a corrective action plan and also wishes to proceed under paragraph 1 or 2 above, it must separately submit its request for a hearing (paragraph 1) or written statement (paragraph 2) in accordance with the instructions above.

BEFORE THE KANSAS BOARD OF PHARMACY

In the Matter of)

PostMeds, Inc dba Truepill)

Registration No. 22-117859)

Case No. 22-183

AMENDED SUMMARY ORDER

NOW on this 20th day of January, 2023, comes before the Kansas Board of Pharmacy (the "Board"), through its Executive Director, the matter of PostMeds, Inc dba Truepill ("Respondent").

Pursuant to the authority granted to the Board by the Kansas Pharmacy Act, K.S.A. 65-1625, *et seq.*, and in accordance with the Kansas Administrative Procedure Act, K.S.A. 77-501, *et seq.*, the Board's Executive Secretary enters this Amended Summary Order in the above-captioned matter. After reviewing the investigation materials and being otherwise duly advised in the premises, makes the following findings, conclusions and order:

FINDINGS OF FACT

1. The Board has previously issued Respondent Registration No. 22-104228 which entitled Respondent to operate as a non-resident pharmacy in the State of Kansas.
2. On November 6, 2019, the ownership of Respondent's non-resident pharmacy changed.
3. On May 22, 2020, the Board received a renewal application for Respondent's Registration No. 22-104228, which was approved on June 3, 2020 with an expiration date of June 30, 2021. Respondent answered "No" to the question: "Has any license or registration, currently or previously held by the applicant or the PIC been surrendered to, denied, disciplined, censured, suspended, limited, placed on probation, or revoked by any state or federal government?"

SUMMARY ORDER

Page 1 of 7

Respondent certified the information submitted was true, correct, and complete to the best of Respondent's knowledge.

4. On June 1, 2021, the Board received a renewal application for Respondent's Registration No. 22-104228, which was approved on June 21, 2021 with an expiration date of June 30, 2022. Respondent answered "No" to the question: "Has any license or registration, currently or previously held by the applicant or the PIC been surrendered to, denied, disciplined, censured, suspended, limited, placed on probation, or revoked by any state or federal government?" Respondent certified the information submitted was true, correct, and complete to the best of Respondent's knowledge.

5. Due to staffing challenges, personnel turnover and administrative oversight resulting from its early, rapid growth and restructuring and the corresponding COVID-19 pandemic, Respondent mistakenly failed to report the 2019 ownership change and related disclosures to the Board in its May 22, 2020 and June 1, 2021 renewal applications.

6. On April 18, 2022, the Board received notification from Respondent of an ownership change and several past disciplinary actions not previously reported to the Board including: North Carolina Board of Pharmacy Consent Order of Discipline dated March 8, 2022; California State Board of Pharmacy Letter of Admonishment dated January 23, 2020; California State Board of Pharmacy Citation and Fine dated June 16, 2020; California State Board of Pharmacy Citation and Fine Order of Abatement dated August 25, 2021; Alabama State Board of Pharmacy Final Order dated October 25, 2021; California State Board of Pharmacy Citation and Fine dated January 24, 2019; and California State Board of Pharmacy Citation dated December 16, 2019.

7. On April 28, 2022, the Board received from Respondent a Form BA-22 Non-Resident Pharmacy Registration Application ("Respondent's Application"), notifying of the change in ownership effective November 6, 2019, and applying for a new non-resident pharmacy registration under the new ownership.

8. On May 20, 2022, the Board approved Respondent's Application and issued Respondent the new Non-Resident Pharmacy Registration No. of 22-117859 ("Respondent's Registration") under their new ownership.

9. Prior to receiving the ownership change application, registrant provided a letter notifying of the late ownership change, as well as unreported discipline. Ownership change application completed indicating discipline had occurred and providing details of discipline (5 occurrences).

10. In mitigation, Respondent states that it has invested in additional staff, engaged internal and external legal counsel and implemented training efforts to prevent any such reporting oversights in the future.

CONCLUSIONS OF LAW

1. Pursuant to K.S.A. 65-1658, the Board may assess a civil fine not to exceed \$5,000, after notice and an opportunity to be heard, to any registrant for violation of the pharmacy act of the state of Kansas or any other rules or regulations of the state board of pharmacy.

2. Pursuant to K.S.A. 65-1627(f), the Board may take action against a registration on any ground that would authorize the board to take action against the registration of a pharmacy under K.S.A. 65-1627, and amendments thereto.

3. Pursuant to K.S.A. 65-1627(e)(1), the Board may take action against the registration of a pharmacy upon a finding that such pharmacy has been operated in such manner

SUMMARY ORDER

that violations of the provisions of the pharmacy act of the state of Kansas or of the rules and regulations of the board have occurred in connection therewith.

4. Pursuant to K.S.A. 65-1627(e)(4), the Board may take action against the registration of a pharmacy upon a finding that the registrant has had a registration revoked, suspended or limited, has been censured or has had other disciplinary action taken, or an application for registration denied, by the proper registering authority of another state, territory, District of Columbia or other country.

5. Pursuant to K.S.A. 65-1657, no nonresident pharmacy shall ship, mail, or deliver, in any manner, prescription drugs to a patient in this state unless registered with the Board as a nonresident pharmacy.

6. Pursuant to K.S.A. 65-1645(f), registrations shall not be transferable.

7. Pursuant to K.A.R. 68-2-9, each registrant shall notify the executive secretary of the Board in writing of any change in majority ownership of the operation for which the registration was issued within five days after the date the change in ownership becomes effective.

8. Pursuant to K.A.R. 68-2-23, each pharmacy owner shall notify the board in writing within 30 days of any denial, limitation, suspension, revocation, voluntary surrender, or other disciplinary action taken by the state of Kansas or another jurisdiction against the pharmacy or the pharmacy owner or any application, license, registration, or permit held by the pharmacy owner.

9. Respondent's registered facility changed ownership on November 6, 2019 but Respondent did not provide notification or file a new application with the Board until April 18 and 28, 2022, respectively.

10. Respondent's failure to submit the complete change of ownership to the Board until April 2022 is a violation pursuant to K.A.R. 68-2-9 and an unlawful transfer of the previous

SUMMARY ORDER

registration to the new ownership. Respondent's actions are a violation pursuant to K.S.A. 65-1657 and K.S.A. 65-1627(e)(1), and a basis to take action against Respondent's Registration.

11. Respondent failed to notify the Board of the six disciplinary actions by North Carolina, California, and Alabama until April 18, 2022, nearly one to two years after they were effective, is a violation of K.A.R. 68-2-23 and a basis to take action against Respondent's Registration pursuant to K.S.A. 65-1627(e)(1) and (e)(4).

ORDER

Taking into account the mitigating and corrective actions of Respondent, the Board finds and concludes that Respondent's conduct, as described above, violates the Act and such conduct warrants the imposition of a fine pursuant to K.S.A. 65-1658, in the amount of \$3,500.00. Respondent has 30 days from the date of this order to pay the fine.

NOTICES

The Respondent is hereby notified as follows:

1. The Respondent may request a hearing pursuant to the Kansas Administrative Procedure Act by filing a written request with the Kansas Board of Pharmacy, 800 SW Jackson, Suite 1414, Topeka, KS 66612-1231 within fifteen (15) days after service of this order.

2. If a hearing is not requested as described above, the Order shall become a final order of the Board, effective upon the expiration of the time to request a hearing.

3. Within fifteen (15) days after entry of a final agency order, either party may file a petition for reconsideration pursuant to K.S.A. 77-529.

4. Within the time limits established in K.S.A. 77-613, either party may seek judicial review of a final agency order, pursuant to said statute. The agency officer designated to receive service of a petition for judicial review is:

BEFORE THE MINNESOTA

BOARD OF PHARMACY

In the Matter of
Polaris Pharmacy Services of Minnesota, LLC
License No. 265679

**STIPULATION AND
CONSENT ORDER**

STIPULATION

Polaris Pharmacy Services of Minnesota, LLC ("Licensee") and the Minnesota Board of Pharmacy Committee on Professional Standards ("Committee") agree the above-referenced matter may be resolved without trial of any issue or fact as follows:

I.

JURISDICTION

1. The Minnesota Board of Pharmacy ("Board") is authorized pursuant to Minnesota Statutes chapter 151 to license and regulate pharmacies and to take disciplinary action as appropriate.

2. Licensee holds a pharmacy license from the Board and is subject to the jurisdiction of the Board with respect to the matters referred to in this Stipulation and Consent Order.

II.

CONFERENCE

3. On August 18, 2021, Licensee met with the Committee to discuss the allegations described in a Notice of Conference. Board members Kendra Metz and Stuart Williams comprised the Committee. The Board's Executive Director, Cody Wiberg; Deputy Director, Jennell Bilek; and staff attorney, Brian Park, were also present. Alex Mountain, Assistant Attorney General, represented the Committee. Brian A. Dillon, of Lathrop GPM LLP, represented licensee and was

accompanied by Licensee's Pharmacist-in-Charge, Neil Uitto; Polaris' Chief Operating Officer, Steven Baker; and Polaris' Executive Vice President of Operations, Todd Zisek.

III.

FACTS

4. On or about November 1, 2018, the Board licensed Licensee as a pharmacy in Minnesota.

5. Licensee is a closed door, long-term care ("LTC") pharmacy that prepares sterile and non-sterile compounded drug products for dispensing.

6. Licensee has two affiliated pharmacy locations in Florida, both licensed by the Board as follows:

a. On or about July 8, 2016, the Board issued Polaris Rx, located in Fort Lauderdale, Florida ("Pharmacy 1"), non-resident pharmacy license #265101.

b. On or about December 5, 2018, the Board issued Polaris Pharmacy Services of Tampa, located in Tampa, Florida ("Pharmacy 2"), non-resident pharmacy license #265721.

7. On or about March 19, 2019, two Board Surveyors visited Licensee for the purpose of completing a routine inspection, met with the pharmacist-in-charge, and identified the following:

a. Seven pharmacy technicians registered by the Board and employed by Pharmacy 1 and Pharmacy 2, were living in Florida but listed their current physical address as Licensee's address in Minnesota.

b. During the inspection, the Board Surveyors cited Licensee for engaging in central services with Pharmacy 1 and Pharmacy 2, by allowing pharmacy technicians working in Florida to remotely perform data entry of prescription drug information for Minnesota patients into

Licensee's Frameworks LTC prescription processing and dispensing software system ("FW-LTC"), followed by verification of the data entry by Licensee's pharmacist staff members working in Minnesota ("Central Service").

c. Prior to beginning Central Service, Licensee failed to submit a copy of its policy and procedure manual and failed to obtain Board approval to participate in a Central Service arrangement with Pharmacy 1 and Pharmacy 2.

d. Licensee disputes that it was operating a "central services arrangement" as it understands that term to be commonly used within the industry. Licensee maintains that its use of remote order entry processes was necessary under the circumstances, due to a backlog of prescription orders that had accumulated due in large part to Licensee's inability to recruit and retain sufficient staff in Minnesota during its early months of operating in the State. Nonetheless, for purposes of this stipulation, Licensee acknowledges and understands the March 2019 citation.

e. Licensee's nonsterile compounding records failed to include an assigned beyond use date ("BUD") for the final compounded drug product, or included a BUD exceeding those recommended within United States Pharmacopeia, General Chapter 795 for Pharmaceutical Compounding - Nonsterile Preparations ("USP 795"), without documentation of a reference for literature or a stability study applicable to the specific drug product allowing for extension of the BUD. Licensee avers that it responded to these findings by providing education to its staff to ensure compounded components included lot numbers, expiration dates, and BUDs, along with noting the supporting reference sources. Licensee states that it is not aware of any other issues regarding its compliance with BUD requirements since 2019.

8. On or about March 20, 2019, the Board received a complaint alleging that Licensee was utilizing pharmacy technicians from outside of Minnesota to enter prescription data. On or about April 9, 2019, a Board Surveyor reminded Licensee, after expanding its operations to 24-

hours, that pharmacy technicians working outside of its Minnesota location could not be used to help with covering the additional hours that the pharmacy is open, due to the lack of Board approved policies for Central Services with Pharmacy 1 and Pharmacy 2. As noted above, Licensee disputes that it was operating a "central services arrangement" as it understands that term to be commonly used within the industry. Licensee maintains that its use of remote order entry processes was necessary under the circumstances, due to a backlog of prescription orders that had accumulated due in large part to Licensee's inability to recruit and retain sufficient staff in Minnesota during its early months of operating in the State. Nonetheless, for purposes of this stipulation, Licensee acknowledges and understands the Board's concern regarding the use of out-of-state technicians to enter prescription data.

9. On June 11, 2019, two Board Surveyors visited Licensee for the purpose of an investigation, met with representatives of the Licensee, and identified the following:

a. The pharmacist-in-charge stated that, as far as she was aware, Pharmacy 1 and Pharmacy 2, both located in Florida, were the only two locations providing Central Services for Licensee.

b. Licensee utilized a company named IND Consulting ("IND") for emergency kit ("E-kit") billing and entry of patient information when pharmacy services are initiated in a new LTC facility. IND's website states its staff are able to provide services including, but not limited to, billing services, medical record entry, and data entry solutions, with guaranteed staffing in fully operational data centers that are open 24 hours a day and 365 days a year, located within or outside of the United States across the globe in Mexico, India, the Philippines, and Florida. During the conference with the Committee, Licensee admitted that IND consulting had been used to enter prescription data for prescription drug orders ultimately dispensed by its

Minnesota pharmacy. Licensee cannot definitively state where individuals affiliated with IND were licensed or physically located when entering such data.

c. At the end of the visit, the Board Surveyor's provided an Investigative Report requesting additional information and reminding Licensee again that it cannot engage in Central Services without Board approval.

10. On February 12, 2020, two Board Surveyors visited Licensee for the purposes of an investigation, met with representatives of Licensee, and identified the following:

a. After arriving at 4:36 a.m., one of the Board Surveyors observed two of Licensee's pharmacy technicians were allowed badge access to the pharmacy entrance prior to the arrival of RPh 3 at around 5:55 a.m. One technician was found to be working in the sterile compounding area and another was logged into Licensee's computer. A representative of Licensee later stated that three pharmacy technicians had been given keys and passcodes to access Licensee's pharmacy. During its conference with the Committee, Licensee admitted that this allegation is true, but stated that senior management took corrective action upon learning of the situation, including immediately revoking the access code of all non-pharmacists and physically rekeying all doors within the pharmacy. Licensee avers that periodic security assessments confirm that no unauthorized persons have had access to the pharmacy since February 2020.

b. Six pharmacy technicians, including the IV pharmacy technician, were present in the "filling area" with only one pharmacist, who was the second pharmacist to arrive. Another pharmacist was in an "order entry" area, a distinctly different area separated by a wall and door. The Board Surveyors were told that additional pharmacy technicians were scheduled that morning to perform non-technician "staging or stocking" duties. However, the Board Surveyors observed that the additional pharmacy technicians that were supposedly scheduled to perform non-technician duties, were filling orders in the "filling area" to be checked by the one pharmacist.

Licensee avers that is does not have sufficient information to admit or deny the Board surveyors' observations, but that company policy requires compliance with required technician-to-pharmacist ratios.

IV.

LAWS

11. Licensee acknowledges the conduct described in section III above constitutes a violation of Minn. Stat. § 151.071, subd. 2(7), and warrants the disciplinary action described below.

V.

DISCIPLINARY ACTION

The parties agree the Board may take the following disciplinary action and require compliance with the following terms:

12. The Board **REPRIMANDS** Licensee and imposes a **CIVIL PENALTY** in the amount of \$50,000 for the conduct described in section III above. The civil penalty shall be paid by cashier's check or money order made payable to the Minnesota Board of Pharmacy, c/o Cody Wiberg, Executive Director, 2829 University Avenue S.E., Suite 530, Minneapolis, Minnesota 55414, within 60 days of the date of entry of this Order.

13. The Board places the following **CONDITION** on Licensee's License: every six months, for a period of three years, Licensee's CEO must certify to the Board's Executive Director that Licensee's licensed pharmacies that provide services to Minnesota residents are in full compliance with all applicable Minnesota statutes and rules.

VI.

CONSEQUENCES FOR NONCOMPLIANCE OR ADDITIONAL VIOLATIONS

14. If Licensee fails to comply with or violates this Stipulation and Consent Order, the Committee may, in its discretion, seek additional discipline either by initiating a contested case proceeding pursuant to Minnesota Statutes chapter 14 or by bringing the matter directly to the Board pursuant to the following procedure:

a. The Committee shall schedule a hearing before the Board. At least 20 days before the hearing, the Committee must mail Licensee a notice of the violation(s) alleged by the Committee. In addition, the notice must designate the time and place of the hearing. Within ten days after the notice is mailed, Licensee shall submit a written response to the allegations. If Licensee does not submit a timely response to the Board, the allegations may be deemed admitted.

b. The Committee, in its discretion, may schedule a conference with Licensee prior to the hearing before the Board to discuss the allegations and to attempt to resolve the allegations through agreement.

c. Prior to the hearing before the Board, the Committee and Licensee may submit affidavits and written argument in support of their positions. At the hearing, the Committee and Licensee may present oral argument. Argument may not refer to matters outside the record. The evidentiary record must be limited to the affidavits submitted prior to the hearing and this Stipulation and Consent Order. The Committee will have the burden of proving by a preponderance of the evidence that a violation has occurred. If Licensee has failed to submit a timely response to the allegations, Licensee may not contest the allegations, but may present argument concerning the appropriateness of additional discipline. Pursuant to this process, Licensee waives a hearing before an administrative law judge, discovery, cross-examination of

adverse witnesses, and other procedures governing hearings pursuant to Minnesota Statutes chapter 14.

d. Licensee's correction of a violation before the conference, hearing, or meeting of the Board may be taken into account by the Board but does not limit the Board's authority to impose discipline for the violation. A decision by the Committee not to seek discipline when it first learns of a violation does not waive the Committee's right to later seek discipline for that violation, either alone or in combination with other violations, at any time while Licensee's license is in a suspended status.

e. Following the hearing, the Board will deliberate confidentially. If the allegations are not proved, the Board must dismiss the allegations. If a violation is proved, the Board may impose additional discipline, including conditions or limitations on Licensee's license, a period of suspension, conditions of reinstatement, or revocation of Licensee's license.

f. Nothing herein limits the Committee's or the Board's right to temporarily suspend Licensee's license as provided in Minnesota Statutes chapters 151 and 214, based on a violation of this Stipulation and Consent Order or based on conduct of Licensee not specifically referred to herein.

VII. ADDITIONAL INFORMATION

15. Licensee waives the contested case hearing and all other procedures before the Board to which Licensee may be entitled under the Minnesota and United States constitutions, statutes, or rules.

16. Licensee waives any claims against the Board, the Minnesota Attorney General, the State of Minnesota, and their agents, employees, and representatives related to the

investigation of the conduct herein, or the negotiation or execution of this Stipulation and Consent Order, which may otherwise be available to Licensee.

17. This Stipulation and Consent Order, the files, records, and proceedings associated with this matter shall constitute the entire record and may be reviewed by the Board in its consideration of this matter.

18. Either party may seek enforcement of this Stipulation and Consent Order in any appropriate civil court.

19. Licensee has read, understands, and agrees to this Stipulation and Consent Order and has voluntarily signed the Stipulation and Consent Order. Licensee is aware this Stipulation and Consent Order must be approved by the Board before it goes into effect. The Board may either approve the Stipulation and Consent Order as proposed, approve it subject to specified change, or reject it. If the changes are acceptable to Licensee, the Stipulation and Consent Order will take effect and the order as modified will be issued. If the changes are unacceptable to Licensee or the Board rejects the Stipulation and Consent Order, it will be of no effect except as specified in the following paragraph.

20. Licensee agrees that if the Board rejects this Stipulation and Consent Order or a lesser remedy than indicated in this settlement, and this case comes again before the Board, Licensee will assert no claim that the Board was prejudiced by its review and discussion of this Stipulation and Consent Order or of any records relating to it. If the Board rejects this Stipulation and Consent Order, the parties agree that this Stipulation and Consent Order will not be admissible in any proceedings.

21. This Stipulation and Consent Order does not limit the Board's authority to proceed against Licensee by initiating a contested case hearing or by other appropriate means on the basis

of any act, conduct, or admission of Licensee which constitutes grounds for disciplinary action, and which is not directly related to the specific facts and circumstances set forth in this document.

VIII.

DATA PRACTICES NOTICES

22. This Stipulation and Consent Order constitutes disciplinary action by the Board and is classified as public data pursuant to Minnesota Statutes section 13.41, subdivision 5. Data regarding this action will be provided to data banks as required by Federal law or consistent with Board policy. While this Stipulation and Consent Order is in effect, information obtained by the Board pursuant to this Order is considered active investigative data on a licensed health professional, and as such, is classified as confidential data pursuant to Minnesota Statutes section 13.41, subdivision 4.

23. This Stipulation contains the entire agreement between the parties, there being no other agreement of any kind, verbal or otherwise, which varies this Stipulation.

Challenges Polaris Faced in Minnesota

Polaris entered the Minnesota market in November 2018. The company operates only one pharmacy in Minnesota, which is located at 5220 Park Glen Road, St. Louis Park. Polaris' early experience in Minnesota was not without its challenges, but the company has made a good faith effort to address its challenges and is constantly looking to improve.

When Polaris entered the Minnesota market, it was surprised to find a labor market (particularly for pharmacy technicians) that was much tighter than other markets in which Polaris operates and experienced more staff turnover in Minnesota than it is accustomed to in other markets. The Covid-19 pandemic obviously put an incredible amount of stress on every stakeholder in the pharmacy industry, and Polaris was no exception. The pandemic made it even more difficult for Polaris to recruit, hire, and retain talented staff.

Polaris continues to believe it did not engage in central services by having Minnesota-licensed technicians located in Florida perform remote order entry tasks in connection with prescription orders filled in Minnesota. In letters to the Board dated July 19, 2019, Polaris explained why it began using Minnesota-licensed technicians based in Florida to assist Polaris Minnesota with order entry tasks.

In sum, during its initial months of operation, Polaris faced an unanticipated and unacceptable backlog of prescription orders that needed to be filled in Minnesota. The backlog resulted largely from Polaris' inability to recruit and retain enough capable pharmacy technicians in Minnesota during the early months of operation. To address the backlog and ensure the timely delivery of prescriptions to Minnesota patients, Polaris initially had Minnesota-licensed technicians based in Florida perform order entry services on behalf of Polaris Minnesota. These technicians were experienced technicians who were licensed in Minnesota before they performed order entry work for Polaris Minnesota. Further, while performing remote order entry work from a Polaris Florida location, these technicians were connected virtually to Polaris Minnesota's physical workspace through Polaris' FrameworkLTC software platform, which is commonly used across the long-term care pharmacy industry. At all times, the work of these technicians was overseen by a licensed pharmacist at the Florida pharmacy (where the data was entered into FrameworkLTC), as well as a Minnesota-licensed pharmacist in the Minnesota pharmacy, who ultimately controlled and was responsible for the technicians' work and any prescriptions filled in connection with data they entered into the system. Additionally, until May 2019, Polaris had IND Consulting and its "Team X" do some remote order entry work for Polaris Minnesota. Aside from the order entry function, Polaris Minnesota's prescription processing and filling functions have always taken place entirely in the Minnesota pharmacy. Polaris has at times relied on similar remote order entry processes in other states without triggering central service pharmacy requirements.

Accordingly, when Polaris started using this process to help deal with the Minnesota backlog, it did not anticipate that it might be triggering central services pharmacy requirements. For this reason, Polaris initially did not submit or seek approval from the Board for a central prescription drug processing policy or procedure. In March 2019, after Board staff expressed a

view that Polaris' use of Minnesota-licensed technicians based in Florida to perform remote entry work constituted an unauthorized central service arrangement, Polaris took immediate steps to address the issue. Polaris initially flew Minnesota-licensed technicians from Florida to Minnesota, so they could be physically present in the Polaris Minnesota pharmacy while performing the same order entry functions they had been performing in Florida.

Finally, Polaris sought Board approval of several remote order entry variances, with the goal of being authorized to resume using Minnesota-licensed technicians based in Florida to perform remote order entry for Polaris Minnesota, and particularly to deal with emergencies or backlogs. When Board staff initially raised this issue in March 2019, Polaris did not believe it could immediately shift all order entry functions to its limited staff in Minnesota without compromising patient safety and welfare. At the time, Polaris was still working through the backlog, onboarding new care facilities, and working hard to locate, hire, train, and retain technicians and other staff in Minnesota in a challenging labor market. Under the circumstances, Polaris determined it was necessary to continue using Minnesota licensed, Florida-based technicians for a period of time in order to deal with the backlog and continue filling prescriptions in a timely manner for patients who needed them, while simultaneously building up its Minnesota workforce and making the changes necessary to meet the expectations of Board staff. As soon as Polaris was staffed and equipped to perform all order entry functions in Minnesota, it stopped utilizing technicians who were not physically located in Minnesota altogether. Accordingly, from June 2019 to the present, Polaris has only used Minnesota-licensed technicians physically located in the Polaris Minnesota pharmacy to perform order entry work on prescription orders filled in Minnesota. Polaris took concerns raised by Board staff over remote order entry issues seriously, and it believes it acted reasonably under the circumstances to address those concerns, while also maintaining high levels of patient care.

Polaris remained committed to working cooperatively with the Board to better understand what it must do in order to utilize remote order entry processes in the future. Polaris would always attempt to rely on technicians physically located in its Minnesota pharmacy to perform data entry and other prescription filling functions. The Board acknowledged granting variance requests to many pharmacy chains and health-systems that authorize the use of remote order entry processes. In March 2020, the Board also issued Covid-19 related guidance acknowledging that pharmacists and technicians could perform various prescription drug filling functions while working remotely—including data entry of prescriptions and orders; verifying prescriptions; certifying data entry and the finished prescriptions (i.e., the product check); conducting profile and prospective drug utilization reviews; and stage-checking for compounding—so long as affiliated pharmacies were using adequate computer software and hardware for the tasks being performed. While the Board's Covid-19 guidance evolved after Governor Walz's Peacetime Emergency declaration was rescinded, Polaris continues to believe remote order entry processes like those implemented during the first few months of Polaris' operations in Minnesota were safe, effective, and should have a place in the delivery of modern pharmacy services.

The Board approved the central services variance #265679-010 on July 13, 2022 between Polaris Pharmacy Services of Minnesota, LLC and both the Polaris Pharmacies located in Tampa and Ft. Lauderdale Florida for urgent or emergent needs.

Challenges Polaris Faced in Minnesota

Polaris entered the Minnesota market in November 2018. The company operates only one pharmacy in Minnesota, which is located at 5220 Park Glen Road, St. Louis Park. Polaris' early experience in Minnesota was not without its challenges, but the company has made a good faith effort to address its challenges and is constantly looking to improve.

When Polaris entered the Minnesota market, it was surprised to find a labor market (particularly for pharmacy technicians) that was much tighter than other markets in which Polaris operates and experienced more staff turnover in Minnesota than it is accustomed to in other markets. The Covid-19 pandemic obviously put an incredible amount of stress on every stakeholder in the pharmacy industry, and Polaris was no exception. The pandemic made it even more difficult for Polaris to recruit, hire, and retain talented staff.

Polaris continues to believe it did not engage in central services by having Minnesota-licensed technicians located in Florida perform remote order entry tasks in connection with prescription orders filled in Minnesota. In letters to the Board dated July 19, 2019, Polaris explained why it began using Minnesota-licensed technicians based in Florida to assist Polaris Minnesota with order entry tasks.

In sum, during its initial months of operation, Polaris faced an unanticipated and unacceptable backlog of prescription orders that needed to be filled in Minnesota. The backlog resulted largely from Polaris' inability to recruit and retain enough capable pharmacy technicians in Minnesota during the early months of operation. To address the backlog and ensure the timely delivery of prescriptions to Minnesota patients, Polaris initially had Minnesota-licensed technicians based in Florida perform order entry services on behalf of Polaris Minnesota. These technicians were experienced technicians who were licensed in Minnesota before they performed order entry work for Polaris Minnesota. Further, while performing remote order entry work from a Polaris Florida location, these technicians were connected virtually to Polaris Minnesota's physical workspace through Polaris' FrameworkLTC software platform, which is commonly used across the long-term care pharmacy industry. At all times, the work of these technicians was overseen by a licensed pharmacist at the Florida pharmacy (where the data was entered into FrameworkLTC), as well as a Minnesota-licensed pharmacist in the Minnesota pharmacy, who ultimately controlled and was responsible for the technicians' work and any prescriptions filled in connection with data they entered into the system. Additionally, until May 2019, Polaris had IND Consulting and its "Team X" do some remote order entry work for Polaris Minnesota. Aside from the order entry function, Polaris Minnesota's prescription processing and filling functions have always taken place entirely in the Minnesota pharmacy. Polaris has at times relied on similar remote order entry processes in other states without triggering central service pharmacy requirements.

Accordingly, when Polaris started using this process to help deal with the Minnesota backlog, it did not anticipate that it might be triggering central services pharmacy requirements. For this reason, Polaris initially did not submit or seek approval from the Board for a central prescription drug processing policy or procedure. In March 2019, after Board staff expressed a

view that Polaris' use of Minnesota-licensed technicians based in Florida to perform remote entry work constituted an unauthorized central service arrangement, Polaris took immediate steps to address the issue. Polaris initially flew Minnesota-licensed technicians from Florida to Minnesota, so they could be physically present in the Polaris Minnesota pharmacy while performing the same order entry functions they had been performing in Florida.

Finally, Polaris sought Board approval of several remote order entry variances, with the goal of being authorized to resume using Minnesota-licensed technicians based in Florida to perform remote order entry for Polaris Minnesota, and particularly to deal with emergencies or backlogs. When Board staff initially raised this issue in March 2019, Polaris did not believe it could immediately shift all order entry functions to its limited staff in Minnesota without compromising patient safety and welfare. At the time, Polaris was still working through the backlog, onboarding new care facilities, and working hard to locate, hire, train, and retain technicians and other staff in Minnesota in a challenging labor market. Under the circumstances, Polaris determined it was necessary to continue using Minnesota licensed, Florida-based technicians for a period of time in order to deal with the backlog and continue filling prescriptions in a timely manner for patients who needed them, while simultaneously building up its Minnesota workforce and making the changes necessary to meet the expectations of Board staff. As soon as Polaris was staffed and equipped to perform all order entry functions in Minnesota, it stopped utilizing technicians who were not physically located in Minnesota altogether. Accordingly, from June 2019 to the present, Polaris has only used Minnesota-licensed technicians physically located in the Polaris Minnesota pharmacy to perform order entry work on prescription orders filled in Minnesota. Polaris took concerns raised by Board staff over remote order entry issues seriously, and it believes it acted reasonably under the circumstances to address those concerns, while also maintaining high levels of patient care.

Polaris remained committed to working cooperatively with the Board to better understand what it must do in order to utilize remote order entry processes in the future. Polaris would always attempt to rely on technicians physically located in its Minnesota pharmacy to perform data entry and other prescription filling functions. The Board acknowledged granting variance requests to many pharmacy chains and health-systems that authorize the use of remote order entry processes. In March 2020, the Board also issued Covid-19 related guidance acknowledging that pharmacists and technicians could perform various prescription drug filling functions while working remotely—including data entry of prescriptions and orders; verifying prescriptions; certifying data entry and the finished prescriptions (i.e., the product check); conducting profile and prospective drug utilization reviews; and stage-checking for compounding—so long as affiliated pharmacies were using adequate computer software and hardware for the tasks being performed. While the Board's Covid-19 guidance evolved after Governor Walz's Peacetime Emergency declaration was rescinded, Polaris continues to believe remote order entry processes like those implemented during the first few months of Polaris' operations in Minnesota were safe, effective, and should have a place in the delivery of modern pharmacy services.

The Board approved the central services variance #265679-010 on July 13, 2022 between Polaris Pharmacy Services of Minnesota, LLC and both the Polaris Pharmacies located in Tampa and Ft. Lauderdale Florida for urgent or emergent needs.

**BEFORE THE MINNESOTA
BOARD OF PHARMACY**

In the Matter of
Polaris Pharmacy Services of Minnesota, LLC
License No. 265679

**STIPULATION AND
CONSENT ORDER**

STIPULATION

Polaris Pharmacy Services of Minnesota, LLC ("Licensee") and the Minnesota Board of Pharmacy Committee on Professional Standards ("Committee") agree the above-referenced matter may be resolved without trial of any issue or fact as follows:

I.

JURISDICTION

1. The Minnesota Board of Pharmacy ("Board") is authorized pursuant to Minnesota Statutes chapter 151 to license and regulate pharmacies and to take disciplinary action as appropriate.

2. Licensee holds a pharmacy license from the Board and is subject to the jurisdiction of the Board with respect to the matters referred to in this Stipulation and Consent Order.

II.

CONFERENCE

3. On August 18, 2021, Licensee met with the Committee to discuss the allegations described in a Notice of Conference. Board members Kendra Metz and Stuart Williams comprised the Committee. The Board's Executive Director, Cody Wiberg; Deputy Director, Jennell Bilek; and staff attorney, Brian Park, were also present. Alex Mountain, Assistant Attorney General, represented the Committee. Brian A. Dillon, of Lathrop GPM LLP, represented licensee and was

accompanied by Licensee's Pharmacist-in-Charge, Neil Uitto; Polaris' Chief Operating Officer, Steven Baker; and Polaris' Executive Vice President of Operations, Todd Zisek.

III.

FACTS

4. On or about November 1, 2018, the Board licensed Licensee as a pharmacy in Minnesota.

5. Licensee is a closed door, long-term care ("LTC") pharmacy that prepares sterile and non-sterile compounded drug products for dispensing.

6. Licensee has two affiliated pharmacy locations in Florida, both licensed by the Board as follows:

a. On or about July 8, 2016, the Board issued Polaris Rx, located in Fort Lauderdale, Florida ("Pharmacy 1"), non-resident pharmacy license #265101.

b. On or about December 5, 2018, the Board issued Polaris Pharmacy Services of Tampa, located in Tampa, Florida ("Pharmacy 2"), non-resident pharmacy license #265721.

7. On or about March 19, 2019, two Board Surveyors visited Licensee for the purpose of completing a routine inspection, met with the pharmacist-in-charge, and identified the following:

a. Seven pharmacy technicians registered by the Board and employed by Pharmacy 1 and Pharmacy 2, were living in Florida but listed their current physical address as Licensee's address in Minnesota.

b. During the inspection, the Board Surveyors cited Licensee for engaging in central services with Pharmacy 1 and Pharmacy 2, by allowing pharmacy technicians working in Florida to remotely perform data entry of prescription drug information for Minnesota patients into

Licensee's Frameworks LTC prescription processing and dispensing software system ("FW-LTC"), followed by verification of the data entry by Licensee's pharmacist staff members working in Minnesota ("Central Service").

c. Prior to beginning Central Service, Licensee failed to submit a copy of its policy and procedure manual and failed to obtain Board approval to participate in a Central Service arrangement with Pharmacy 1 and Pharmacy 2.

d. Licensee disputes that it was operating a "central services arrangement" as it understands that term to be commonly used within the industry. Licensee maintains that its use of remote order entry processes was necessary under the circumstances, due to a backlog of prescription orders that had accumulated due in large part to Licensee's inability to recruit and retain sufficient staff in Minnesota during its early months of operating in the State. Nonetheless, for purposes of this stipulation, Licensee acknowledges and understands the March 2019 citation.

e. Licensee's nonsterile compounding records failed to include an assigned beyond use date ("BUD") for the final compounded drug product, or included a BUD exceeding those recommended within United States Pharmacopeia, General Chapter 795 for Pharmaceutical Compounding - Nonsterile Preparations ("USP 795"), without documentation of a reference for literature or a stability study applicable to the specific drug product allowing for extension of the BUD. Licensee avers that it responded to these findings by providing education to its staff to ensure compounded components included lot numbers, expiration dates, and BUDs, along with noting the supporting reference sources. Licensee states that it is not aware of any other issues regarding its compliance with BUD requirements since 2019.

8. On or about March 20, 2019, the Board received a complaint alleging that Licensee was utilizing pharmacy technicians from outside of Minnesota to enter prescription data. On or about April 9, 2019, a Board Surveyor reminded Licensee, after expanding its operations to 24-

hours, that pharmacy technicians working outside of its Minnesota location could not be used to help with covering the additional hours that the pharmacy is open, due to the lack of Board approved policies for Central Services with Pharmacy 1 and Pharmacy 2. As noted above, Licensee disputes that it was operating a "central services arrangement" as it understands that term to be commonly used within the industry. Licensee maintains that its use of remote order entry processes was necessary under the circumstances, due to a backlog of prescription orders that had accumulated due in large part to Licensee's inability to recruit and retain sufficient staff in Minnesota during its early months of operating in the State. Nonetheless, for purposes of this stipulation, Licensee acknowledges and understands the Board's concern regarding the use of out-of-state technicians to enter prescription data.

9. On June 11, 2019, two Board Surveyors visited Licensee for the purpose of an investigation, met with representatives of the Licensee, and identified the following:

a. The pharmacist-in-charge stated that, as far as she was aware, Pharmacy 1 and Pharmacy 2, both located in Florida, were the only two locations providing Central Services for Licensee.

b. Licensee utilized a company named IND Consulting ("IND") for emergency kit ("E-kit") billing and entry of patient information when pharmacy services are initiated in a new LTC facility. IND's website states its staff are able to provide services including, but not limited to, billing services, medical record entry, and data entry solutions, with guaranteed staffing in fully operational data centers that are open 24 hours a day and 365 days a year, located within or outside of the United States across the globe in Mexico, India, the Philippines, and Florida. During the conference with the Committee, Licensee admitted that IND consulting had been used to enter prescription data for prescription drug orders ultimately dispensed by its

Minnesota pharmacy. Licensee cannot definitively state where individuals affiliated with IND were licensed or physically located when entering such data.

c. At the end of the visit, the Board Surveyor's provided an Investigative Report requesting additional information and reminding Licensee again that it cannot engage in Central Services without Board approval.

10. On February 12, 2020, two Board Surveyors visited Licensee for the purposes of an investigation, met with representatives of Licensee, and identified the following:

a. After arriving at 4:36 a.m., one of the Board Surveyors observed two of Licensee's pharmacy technicians were allowed badge access to the pharmacy entrance prior to the arrival of RPh 3 at around 5:55 a.m. One technician was found to be working in the sterile compounding area and another was logged into Licensee's computer. A representative of Licensee later stated that three pharmacy technicians had been given keys and passcodes to access Licensee's pharmacy. During its conference with the Committee, Licensee admitted that this allegation is true, but stated that senior management took corrective action upon learning of the situation, including immediately revoking the access code of all non-pharmacists and physically rekeying all doors within the pharmacy. Licensee avers that periodic security assessments confirm that no unauthorized persons have had access to the pharmacy since February 2020.

b. Six pharmacy technicians, including the IV pharmacy technician, were present in the "filling area" with only one pharmacist, who was the second pharmacist to arrive. Another pharmacist was in an "order entry" area, a distinctly different area separated by a wall and door. The Board Surveyors were told that additional pharmacy technicians were scheduled that morning to perform non-technician "staging or stocking" duties. However, the Board Surveyors observed that the additional pharmacy technicians that were supposedly scheduled to perform non-technician duties, were filling orders in the "filling area" to be checked by the one pharmacist.

Licensee avers that is does not have sufficient information to admit or deny the Board surveyors' observations, but that company policy requires compliance with required technician-to-pharmacist ratios.

IV.

LAWS

11. Licensee acknowledges the conduct described in section III above constitutes a violation of Minn. Stat. § 151.071, subd. 2(7), and warrants the disciplinary action described below.

V.

DISCIPLINARY ACTION

The parties agree the Board may take the following disciplinary action and require compliance with the following terms:

12. The Board **REPRIMANDS** Licensee and imposes a **CIVIL PENALTY** in the amount of \$50,000 for the conduct described in section III above. The civil penalty shall be paid by cashier's check or money order made payable to the Minnesota Board of Pharmacy, c/o Cody Wiberg, Executive Director, 2829 University Avenue S.E., Suite 530, Minneapolis, Minnesota 55414, within 60 days of the date of entry of this Order.

13. The Board places the following **CONDITION** on Licensee's License: every six months, for a period of three years, Licensee's CEO must certify to the Board's Executive Director that Licensee's licensed pharmacies that provide services to Minnesota residents are in full compliance with all applicable Minnesota statutes and rules.

VI.

CONSEQUENCES FOR NONCOMPLIANCE OR ADDITIONAL VIOLATIONS

14. If Licensee fails to comply with or violates this Stipulation and Consent Order, the Committee may, in its discretion, seek additional discipline either by initiating a contested case proceeding pursuant to Minnesota Statutes chapter 14 or by bringing the matter directly to the Board pursuant to the following procedure:

a. The Committee shall schedule a hearing before the Board. At least 20 days before the hearing, the Committee must mail Licensee a notice of the violation(s) alleged by the Committee. In addition, the notice must designate the time and place of the hearing. Within ten days after the notice is mailed, Licensee shall submit a written response to the allegations. If Licensee does not submit a timely response to the Board, the allegations may be deemed admitted.

b. The Committee, in its discretion, may schedule a conference with Licensee prior to the hearing before the Board to discuss the allegations and to attempt to resolve the allegations through agreement.

c. Prior to the hearing before the Board, the Committee and Licensee may submit affidavits and written argument in support of their positions. At the hearing, the Committee and Licensee may present oral argument. Argument may not refer to matters outside the record. The evidentiary record must be limited to the affidavits submitted prior to the hearing and this Stipulation and Consent Order. The Committee will have the burden of proving by a preponderance of the evidence that a violation has occurred. If Licensee has failed to submit a timely response to the allegations, Licensee may not contest the allegations, but may present argument concerning the appropriateness of additional discipline. Pursuant to this process, Licensee waives a hearing before an administrative law judge, discovery, cross-examination of

adverse witnesses, and other procedures governing hearings pursuant to Minnesota Statutes chapter 14.

d. Licensee's correction of a violation before the conference, hearing, or meeting of the Board may be taken into account by the Board but does not limit the Board's authority to impose discipline for the violation. A decision by the Committee not to seek discipline when it first learns of a violation does not waive the Committee's right to later seek discipline for that violation, either alone or in combination with other violations, at any time while Licensee's license is in a suspended status.

e. Following the hearing, the Board will deliberate confidentially. If the allegations are not proved, the Board must dismiss the allegations. If a violation is proved, the Board may impose additional discipline, including conditions or limitations on Licensee's license, a period of suspension, conditions of reinstatement, or revocation of Licensee's license.

f. Nothing herein limits the Committee's or the Board's right to temporarily suspend Licensee's license as provided in Minnesota Statutes chapters 151 and 214, based on a violation of this Stipulation and Consent Order or based on conduct of Licensee not specifically referred to herein.

VII. ADDITIONAL INFORMATION

15. Licensee waives the contested case hearing and all other procedures before the Board to which Licensee may be entitled under the Minnesota and United States constitutions, statutes, or rules.

16. Licensee waives any claims against the Board, the Minnesota Attorney General, the State of Minnesota, and their agents, employees, and representatives related to the

investigation of the conduct herein, or the negotiation or execution of this Stipulation and Consent Order, which may otherwise be available to Licensee.

17. This Stipulation and Consent Order, the files, records, and proceedings associated with this matter shall constitute the entire record and may be reviewed by the Board in its consideration of this matter.

18. Either party may seek enforcement of this Stipulation and Consent Order in any appropriate civil court.

19. Licensee has read, understands, and agrees to this Stipulation and Consent Order and has voluntarily signed the Stipulation and Consent Order. Licensee is aware this Stipulation and Consent Order must be approved by the Board before it goes into effect. The Board may either approve the Stipulation and Consent Order as proposed, approve it subject to specified change, or reject it. If the changes are acceptable to Licensee, the Stipulation and Consent Order will take effect and the order as modified will be issued. If the changes are unacceptable to Licensee or the Board rejects the Stipulation and Consent Order, it will be of no effect except as specified in the following paragraph.

20. Licensee agrees that if the Board rejects this Stipulation and Consent Order or a lesser remedy than indicated in this settlement, and this case comes again before the Board, Licensee will assert no claim that the Board was prejudiced by its review and discussion of this Stipulation and Consent Order or of any records relating to it. If the Board rejects this Stipulation and Consent Order, the parties agree that this Stipulation and Consent Order will not be admissible in any proceedings.

21. This Stipulation and Consent Order does not limit the Board's authority to proceed against Licensee by initiating a contested case hearing or by other appropriate means on the basis

of any act, conduct, or admission of Licensee which constitutes grounds for disciplinary action, and which is not directly related to the specific facts and circumstances set forth in this document.

Inspector

Initials of Registered Pharmacist	Quantity or Commercial Package Size	The medications that were present for the filling of prescriptions have been examined for their compliance to the regulatory standards for quality assurance. The medications that were selected to be examined could potentially have been dispensed, and did not include any segments of the inventory that may already have been separated for future return to their respective manufacturers, or had been placed aside for proper disposal. The medications that were found to be in violation of the regulatory disciplines were segregated by the inspector, and then recorded below. The line entries are categorized by the deficiency for which the medication had been set apart, along with the appropriate regulatory cite. It is requested that you accept your option to compare each package of medication that has been separated as deficient against its collateral entry and, if you concur, place your initials in the left-hand column. The inspector will delete any deficiencies for which there are plausible explanations.	Deficiencies

Younyoung Kim 288503143700
(If the Pharmacist-in-Charge is not present, give the name and registration number of the Registered Pharmacist (R.P.) on duty.)

The following deficiencies have been noted:

(13:39-5.11(a)) - Subject pharmacy monitoring but not documenting ambient room temperature twice daily at least 8 hours apart

(13:39-5.11(d) 1,2,4) - Policies and procedures regarding temperature monitoring incomplete. Following are absent from policies and procedures:

- Monitoring and recording the temperature of the pharmacy permitted area and refrigerator and, if applicable, freezer twice a day at an interval of at least eight (8) hours
- Maintaining documentation of the recorded temperatures for two (2) years
- Calibrating thermometers of temperature monitoring devices per the manufacturer's specifications

Upon further examination of documents obtained by this investigator further deficiencies may be noted subsequent to this inspection activity

This is to acknowledge that I have been present during this inspection and concur with the findings, as so noted, with the following exceptions; if any.

Purpose

To implement policy and procedures that ensures appropriate handling and storage of products.

Policy

Healthcare products received shall be handled and stored appropriately with procedures that prevent degradation of products in accordance with manufacturer guidelines. Drugs shall be stored at appropriate temperatures per manufacturer requirements.

Scope

This policy applies to employees of Signio Specialty Pharmacy involved in handling medications in the pharmacy area.

Definitions

"Ambient room temperature" means temperature of surrounding environment.

"Freezer temperature" means temperature of surrounding environment inside the freezer.

"Refrigerator temperature" means temperature of surrounding environment inside the refrigerator.

"Unacceptable drugs" means drugs that have been recalled, discontinued, expired, damaged, adulterated, misbranded, contaminated, or determined to be counterfeit are considered to be unacceptable.

Procedure

Monitoring of Inventory

Unacceptable and Counterfeit Drugs

- Pharmacists and Pharmacy Technicians are trained to identify and address unacceptable medications (e.g., counterfeit drugs) by visual inspection, but not limited to:
 - Examine package and contents carefully (e.g., look for package tampering, unusual font and font size)
 - Cross reference what is actually filled with description shown in pharmacy dispensing software or drug reference, such as Micromedex or Medscape
 - Check if the batch number, expiry date and manufacturer's address on the secondary package are the same with that on the primary package
 - Dosage form, common defects are, but not limited to:
 - Excessive powder and/or pieces of tablets at the bottom of the container (from abraded, crushed or broken tablets);
 - Cracks or chips in the tablets, swelling, mottling, discoloration, fusion of tablets;
 - Appearance of crystal on the walls of the container or on the tablet.
 - Hardening or softening, cracking, swelling, mottling or discoloration of capsule shell
- If unacceptable or counterfeit drug is suspected a pharmacist will be notified immediately
- Pharmacist will refer to a reputable compendium to identify the drug, such as Facts and Comparison
- If authenticity of drug can be identified, pharmacist may re-stock pharmacy inventory with drug for dispensing
- If drug is suspected to be counterfeit, pharmacist will adhere to the following protocol:
 - Notify wholesaler of suspected counterfeit drug
 - Isolate drug from pharmacy inventory in a designated bin
 - Keep drug isolated until authorized agent can pick up counterfeit drug
- Any return of a counterfeit drug to wholesaler or manufacturer shall be documented as a transaction that resulted in the receipt of the drug by Premier Pharmacy Services
- Pharmacist in Charge (PIC) shall be accountable for appropriate storage of pharmacy inventory
- The on-duty pharmacist and designated pharmacy technician shall verify deliveries from the wholesaler to ensure all orders are received
- On duty pharmacist shall verify controlled substances received from wholesaler, and re-stock shelves with controlled medications
- Pharmacy technicians shall re-stock medications in accordance with requirements by manufacturer
 - Temperature sensitive medications shall be stocked before non-temperature sensitive medications
- Medications that require special handling (e.g.: must wear gloves) are clearly noted in plain

POLICY NUMBER: MONITORING OF PRODUCT INVENTORY

view on the prescription package, and all pharmacy staff is educated to handle medications as advised by manufacturer

- Latex and/or nitrile gloves are provided to ensure safe handling of medication
- Par level inventory shall be kept in stock for products with a short shelf life
 - Products with a short shelf life will be dispensed based on soonest expiration date to ensure medication with soonest expiration date is filled first

Out of Stock / Back Ordered Products

- If a medication ordered by the prescriber is unavailable because it is out of stock in the pharmacy:
 - Pharmacy personnel will contact patient to notify them of out-of-stock medication
 - Pharmacy purchaser will contact the wholesaler to order the needed medication
 - Patients are dispensed a quantity that is in stock to start therapy immediately, and will be dispensed the remaining balance once the order is received from the wholesaler
- If a medication ordered by the physician is back ordered by the manufacturer:
 - Pharmacy purchaser will contact the wholesaler representative to obtain the medication from another warehouse location
 - If we are still unable to receive the ordered medication, the next step is for the pharmacist to consult with the prescribing physician to change medication to an alternative therapy
- Premier Pharmacy Services does everything in our ability to help patients start therapy as soon as possible, and continue therapy without interruption

Short Dated Products

Drugs that are short-dated are identified as drugs that expire in 180 days or less.

- Any short-dated drugs from vendors will not be accepted into pharmacy stock
 - If drug is found to be short-dated upon receipt, it shall be quarantined from pharmacy stock and considered for return to the vendor
- Circumstances where short-dated drugs may be accepted into pharmacy are:
 - Known nationwide shortage and short-dated product is all we can access
 - Assure the short-dated product can be consumed prior to expiration date
 - Product is clearly marked with expiration date
 - Label will reflect such date

Continuous Monitoring

All prescription drugs and chemicals shall be stored, filled, dispensed, transported, and/or delivered to the patient, agent of the patient, or facility or healthcare provider providing care to the patient to assure and maintain the integrity and stability of the prescription drug or chemical at temperatures specified by the drug manufacturer. If the drug manufacturer has not specified the appropriate

POLICY NUMBER: MONITORING OF PRODUCT INVENTORY	
Attachments: Yes ☒ No	Effective Date: August 1, 2014

temperature, the prescription drug or chemical shall be maintained at a temperature maintained thermostatically between 20-25°C (68-77°F).

1. Pharmacy shall monitor and record the temperature of the pharmacy permitted area and refrigerator and, if applicable, freezer, no less than twice daily with an interval of at least 8 hours.
 - a. Appropriate manual, electromechanical, or electronic temperature recording equipment and/or logs shall be utilized to document proper storage of prescription drugs and chemicals
 - b. Pharmacy shall maintain documentation of the recorded temperatures for two years
 - c. Pharmacy shall calibrate thermometers or temperature monitoring devices at predetermined intervals according to manufacturer's specifications.
2. Delivered prescriptions or chemical to the patient, agent of the patient, or facility or healthcare provider providing care to the patient by any method, except when picked up directly from the pharmacy by the patient or his or her authorized agent, shall, in the professional judgement of the pharmacist, and in accordance with Signio's policy and procedures as set forth in (d) below, use adequate methods to ensure temperature conditions are maintained during the facility storage, transportation, and delivery.
 - a. To ensure that temperature control is maintained during delivery, the shipping processes may include the use of appropriate packaging material or devices according to information provided by the manufacturer, Chapter 1079 of USP, other learned treatises, or expert qualification analysis.
 - b. When packaging material or devices are used to maintain temperature control during delivery, the contents of the package shall include instructions to the recipient how to easily detect improper storage or temperature variation, and instructions how to report the storage or temperature excursion to the pharmacy.
3. The temperature in the refrigerator and, if applicable, freezer that are used to store prescription drugs or chemicals must be maintained according to USP standards and guidelines
4. The pharmacist in charge is responsible for ensuring proper temperature controls for all prescription drugs and chemicals in the pharmacy permitted area and all prescription drugs and chemicals that are shipped, mailed, distributed, or otherwise delivered from the pharmacy
5. The pharmacist in charge shall develop and maintain written policies and procedures to ensure the proper storage in the pharmacy permitted area of all prescription drugs and chemicals, and the proper storage when prescription drugs or chemicals are delivered from the pharmacy to the patient, agent of the patient, or facility or healthcare provider providing care. The written policies and procedures shall include, at a minimum, the following:
 - a. Monitoring and recording the temperature of the pharmacy permitted area and refrigerator and, if applicable, freezer consistent with the requirements of this section
 - b. Maintaining documentation of the recorded temperature consistent with the requirements of this section

POLICY NUMBER: MONITORING OF PRODUCT INVENTORY	
Attachments: Yes ☒ No	Effective Date: August 1, 2014

- c. Actions to be taken in the event of temperature excursions include, but are not limited to: notification of the appropriate personnel, investigation of all temperature excursions, inspection and disposal, as applicable, of the stock in question, and corrective actions
 - i. For purposes of this paragraph, a "temperature excursion" means any deviation from the manufacturer's specifications or, in the absence of the manufacturer specifications, applicable USP standards.
- d. Calibrating thermometers or temperature monitoring devices consistent with the requirements of this section
- e. Actions to be taken in the event that the prescription drugs and chemicals do not arrive at their destination in a timely manner or when there is evidence that the integrity of a drug was compromised during shipment or delivery; and
- f. Training of all personnel who handle, or are responsible for overseeing the handling of, prescription drugs and chemicals to ensure the appropriate storage and delivery of all prescription drugs and chemicals, including refrigerated and frozen pharmaceuticals.
6. In the event of a temperature excursion as defined in above, lasting 72 hours or more, a pharmacist shall not dispense prescription drug or chemical unless the pharmacist verifies with the manufacturer of the prescription drug or chemical that as a result of the temperature excursion, the drug or chemical has not been adulterated, is safe and efficacious, and its stability has not been adversely affected

Ambient Room Temperature Monitoring

- Pharmacy inventory storage area is set at an ambient room temperature that aligns with manufacturer guidelines:
 - Pharmacy thermostat is set between 68-77°F
- A digital data logger (DDL) thermometer shall be placed in the pharmacy where medication is stored to monitor ambient room temperature to continuously monitor temperature inside the pharmacy
 - The DDL records temperature reading at set interval and stores the reading until it is exported from the device.
 - DDL will be set to send an audio alert if/when temperature reaches below 68°F or above 77°F
- Designated pharmacy personnel shall check temperature twice a day, in the morning and evening during regular business hours
 - Log the current temperature, maximum temperature, and minimum temperature on the Temperature Log
 - How to know if an excursion occurred:
 1. An audio alert
 2. The maximum or minimum temperature exceeds is over or under the threshold

POLICY NUMBER: MONITORING OF PRODUCT INVENTORY	
Attachments: Yes X No	Effective Date: August 1, 2014

- In the event a temperature excursion occurs, export the data from the DDL, and give to the pharmacist to review. Pharmacist shall review for:
 - How long did the temperature excursion occur for?
 - What was temperature excursion?
- Action plan may be as follows:
 - Determine area of the pharmacy that has been affected by the temperature excursion
 - Remove drugs from area and move to designated alternate area that has not been affected, as determined by PIC
 - Continue to stock inventory in alternate area until ambient room temperature has returned to desired temperature
- Ensure staff is not using stock until medication has been confirmed viable
- Contact each manufacturer to determine if medication is viable
 - Anticipate delays in contacting the manufacturer(s), so determine if minimum necessary stock should be ordered during the interim
 - If it has been determined that stock is:
 1. Viable: remove the "DO NOT USE" label and continue to use as active stock
 2. Not viable: quarantine medication and set for proper disposal
- Data from the DDL shall be exported weekly and saved to designated computer
- Log of temperature shall be maintained electronically in designated computer and reviewed monthly by the PIC

Refrigerator Temperature Monitoring

- Medications that require storage at temperatures of 36 to 46°F are immediately placed into a refrigerator once it has been received and verified by pharmacy personnel
- A digital data logger (DDL) thermometer shall be placed in the pharmacy where medication is stored to monitor ambient room temperature to continuously monitor temperature inside the pharmacy
 - The DDL records temperature reading at set interval and stores the reading until it is exported from the device.
 - DDL will be set to send an audio alert if/when temperature reaches below 36°F or above 46°F
- Designated pharmacy personnel shall check temperature twice a day, in the morning and evening during regular business hours
 - Log the current temperature, maximum temperature, and minimum temperature on the Temperature Log
 - How to know if an excursion occurred:
 - i. An audio alert
 - ii. The maximum or minimum temperature exceeds is over or under the threshold
- In the event a temperature excursion occurs, export the data from the DDL, and give to the pharmacist to review. Pharmacist shall review for:
 - How long did the temperature excursion occur for?

POLICY NUMBER: MONITORING OF PRODUCT INVENTORY	
Attachments: Yes X No	Effective Date: August 1, 2014

- What was temperature excursion?
- If alert received and temperature variance occurs more than 6 hours, the President/CEO and the Pharmacist in Charge (PIC) will be contacted to delegate action plan. Action plan may be as follows, and adjusted as needed by situation:
 - Find another refrigerator that has not been affected by desired refrigerated temperature
 - Remove drugs from effected refrigerator, move to designated alternate fridge that has not been affected by temperature (as determined by President/CEO and/or Vice President of Pharmacy Operations), and label medication "DO NOT USE"
 - Contact each manufacturer to determine if medication is viable
 - i. Anticipate delays in contacting the manufacturer(s), so determine if minimum necessary stock should be ordered during the interim
 - Continue to stock inventory in alternate fridge until refrigerated temperature has returned to desired temperature
 - If it has been determined that stock is:
 - i. Viable: remove the "DO NOT USE" label and continue to use as active stock
 - ii. Not viable: quarantine medication and set for proper disposal
- Data from the DDL shall be exported weekly and saved to designated computer
- Log of temperature shall be maintained electronically in designated computer and reviewed monthly by the PIC

Inspection and Calibration

- All temperature and humidity monitors shall be periodically inspected by designated pharmacy personnel in accordance with manufacturer guidelines
- If monitor malfunction is detected, refer to product user manual to troubleshoot
- Calibration shall be documented

Pharmacy Inventory Storage and Management

- Orders arrive on a daily, sometimes twice daily basis, Monday through Saturday from licensed wholesalers/vendors, licensed distribution channels, and/or drug manufacturers
- The pharmacy technician under the supervision of a pharmacist counts the numbers of totes and verifies that number of totes matches invoice from wholesaler/vendor
- A pharmacy technician opens each tote and checks every item on invoice is in the tote
 - Pharmacy Technician will initial the invoice, indicating check has been done and correct inventory was received.
 - Specialty drugs are given to specialty division pharmacist and/or pharmacy technician to log into Specialty Drug logbook
- Pharmacist and pharmacy technical shall inspect the orders to ensure there is no evidence of tampering of any drug or product received
- Pharmacy technician will then re-stock the shelves

POLICY NUMBER: MONITORING OF PRODUCT INVENTORY	
Attachments: Yes ☒ No	Effective Date: August 1, 2014

- New inventory is stocked behind current inventory with consideration of medication expiration dates
 - Ensure selves are not overstocked or cluttered
- Temperature sensitive items will be stocked first
 - Ensure that refrigerators are not overstocked or cluttered to ensure proper air circulation to maintain temperature requirements by the manufacturer
- Determine hazardous medications and non-hazardous medications to stock and store appropriately
 - Use appropriate handling techniques when stocking the shelves with hazardous materials (e.g., use gloves when handling, affix appropriate stickers to the bottle, stock medication in the designated area)
- In the event shelves are overstocked, inform the lead or supervisor pharmacist immediately for next steps.
- A perpetual log of controlled medication is logged as inventory is received and as each order is dispensed
 - A licensed pharmacy technician initials the log as they dispense schedule II-IV medications
 - Pharmacist verifies and initials on-hand inventory after each dispense
- Complete pharmacy inventory is conducted by Premier Pharmacy Services staff in accordance with state and federal laws

Audit for Expired or Soon-to-be-Expired Medications

- Designated staff, licensed pharmacy technician, or pharmacy technician intern performs an audit of on-hand medications every month for medications that are out-of-date, expired, or soon-to-be-expired:
 - Use the Monthly Medication Expiration Check Log to document monthly audit (See Attachment A: Monthly Medication Expiration Check Log)
- Any drugs found to be out-of-date, expired, or soon-to-be expired shall be removed from shelves and quarantined until proper disposal
- Any new staff or pharmacy technician intern performing this task must receive hands-on training and be observed to ensure checks are conducted and documented properly.

Our Facility NJBOP inspection dated 06/10/2022 had a couple of deficiencies noted by the inspector.

The inspector at the time informed me (the PIC) that the board would review and determine whether any citations or fines would be issued. He explained that the board had a large back log and this may take time. He also noted the deficiencies may not be egregious enough to warrant action and asked that we update our policy and procedures in the interim; our thermometers were upgraded to ones that log the fridge and ambient temperatures at set times. An alarm is set off if not within range of desired temperatures. Our policy and procedures manual was updated to reflect the ambient temperature monitoring in addition to the upgraded thermometers.

As of May 2023, we have not received any citations from the NJBOP.

Thank you.

Yoon Young Kim, PIC

NJBOP inspection from 07/13/2018:

I was cited for the following:

1. Outdated medication not separated from regular stock
2. Store permit not conspicuously displayed
3. Renewal license not conspicuously displayed

I have made sure to move the permit and license to a more clearly visible area. I have ensured that outdated medications are clearly marked and moved. I am clearly marking all medications due to expire within 3 months and removing from shelf. The NJBOP was satisfied with the corrections and renewal of our pharmacy license has not been an issue post inspection.

Thank you.

Re: Inspection #8-6388-18-1135
Date of Inspection: 7/13/18

Dear Yoon Young Kim:

This letter is to advise you that the New Jersey State Board of Pharmacy has had an opportunity to review information concerning the above inspection report.

Upon review of all available information, the Board has preliminarily found that you have violated those items listed on Attachment A.

The Board has determined that it will offer you an opportunity to settle this matter and thereby avoid the initiation of further disciplinary proceedings. Should you wish to avail yourself of this opportunity, you **MUST SIGN THE ATTACHED CERTIFICATION** and agree to the following:

PAY A PENALTY IN THE AMOUNT OF \$100.00 and PROVIDE TO THE BOARD A LETTER OF CORRECTIVE ACTION. (To be paid immediately upon your signing of the attached acknowledgment.)

Alternatively you may waive your right to a hearing and submit a written statement or explanation to the Board. The Board will then consider your submission and render a final decision, which may include any of the terms set forth above. This disposition will be a public record. Please take notice that if the Board determines that the initial inspection findings require a reinspection to ensure that cited deficiencies have been properly addressed, you may be subject to any costs associated with the reinspection.

If you do not wish to settle this matter, you may request a hearing. In that event, this letter will serve as notice of the charges against you and a hearing will be scheduled before the

Board. At that hearing you may, either personally or with the assistance of an attorney, submit determination concerning the charges of unlawful activity. You should be aware that in making its final decision, the Board may, if unlawful activity has been proven, assess civil penalties in an amount greater than that herein offered in this letter. Additionally, the Board may, if the facts are found to so warrant, enter an order, requiring you to reimburse certain monies, direction you to cease and desist from engaging in unlawful acts and/or requiring you to pay costs incurred by the Board. Should you have any questions concerning this letter or the settlement offer herein, I suggest that you contact the Board at (973) 504-6450.

The enclosed Certification **MUST** be completed and returned to the Board within fifteen (15) days following your receipt of this letter. In the event that the Board receives no response from you within this time, the Board's settlement offer will be withdrawn, and the allegations contained herein shall be deemed admitted, and the Board will proceed to finally review that matter and enter an appropriate order.

CERTIFICATION

I, Yoon Young Kim, hereby acknowledge that I have read and reviewed the Board's letter dated October 10, 2018 regarding allegations of violations of the Board's enabling act and/or regulations.

Please Check One:

I acknowledge the conduct which has been charged and agree to:

1. **Cease and desist from engaging in the conduct alleged and pay a penalty in the amount of \$100.00 (to be paid upon signing of this Certification).**
2. **Send a Letter of Corrective Action, as requested by the Board, with this Certification.**

I am also aware that the action taken against me by the Board herein is a matter of public record, and that the Board's letter and this Certification are public documents.

- ☐ I hereby waive any rights I may have to a hearing in this matter and defend myself against any charges, but ask the Board to consider my explanation before rendering its final decisions. I understand that the Board may order any of the terms specified in its letter and that the Certification are public documents.
- ☐ I request a formal administrative hearing to contest the charges specified by the Board. I understand that I will be advised of the time, date and place for that hearing at another time. I am aware that I may be represented by an attorney and that at the time of the hearing I may submit to the Board testimony and documentation relevant to the charges. I understand that in making its final decision, the Board may, if unlawful activity has been proven, assess civil penalties in an amount greater than that herein offered in its letter and may order such other remedies as it may deem appropriate. I am also aware that this proceeding is a matter of public record and that the Board's letter and this Certification are public documents.

Re: (Bureau file #8-6388-18-1135).

I, Yoon Young Kim, acknowledge the violations from the inspection on 07/13/2018.

The Board of Pharmacy store permit and pharmacist-in-charge biennial renewal license was moved to a conspicuous location on 07/13/2018 and I will make sure they are always displayed conspicuously per Board rules.

Medications will be checked monthly for upcoming outdates, and removed from stock shelving, 1-3 months before expiration date, depending on the nature of the medication in question.

Thank you.

BEFORE THE MINNESOTA

BOARD OF PHARMACY

In the Matter of
Polaris Pharmacy Services of Minnesota, LLC
License No. 265679

**STIPULATION AND
CONSENT ORDER**

STIPULATION

Polaris Pharmacy Services of Minnesota, LLC ("Licensee") and the Minnesota Board of Pharmacy Committee on Professional Standards ("Committee") agree the above-referenced matter may be resolved without trial of any issue or fact as follows:

I.

JURISDICTION

1. The Minnesota Board of Pharmacy ("Board") is authorized pursuant to Minnesota Statutes chapter 151 to license and regulate pharmacies and to take disciplinary action as appropriate.
2. Licensee holds a pharmacy license from the Board and is subject to the jurisdiction of the Board with respect to the matters referred to in this Stipulation and Consent Order.

II.

CONFERENCE

3. On August 18, 2021, Licensee met with the Committee to discuss the allegations described in a Notice of Conference. Board members Kendra Metz and Stuart Williams comprised the Committee. The Board's Executive Director, Cody Wiberg; Deputy Director, Jennell Bilek; and staff attorney, Brian Park, were also present. Alex Mountain, Assistant Attorney General, represented the Committee. Brian A. Dillon, of Lathrop GPM LLP, represented licensee and was

accompanied by Licensee's Pharmacist-in-Charge, Neil Uitto; Polaris' Chief Operating Officer, Steven Baker; and Polaris' Executive Vice President of Operations, Todd Zisek.

III.

FACTS

4. On or about November 1, 2018, the Board licensed Licensee as a pharmacy in Minnesota.
5. Licensee is a closed door, long-term care ("LTC") pharmacy that prepares sterile and non-sterile compounded drug products for dispensing.
6. Licensee has two affiliated pharmacy locations in Florida, both licensed by the Board as follows:
 - a. On or about July 8, 2016, the Board issued Polaris, Rx, located in Fort Lauderdale, Florida ("Pharmacy 1"), non-resident pharmacy license #265101.
 - b. On or about December 5, 2018, the Board issued Polaris Pharmacy Services of Tampa, located in Tampa, Florida ("Pharmacy 2"), non-resident pharmacy license #265721.
7. On or about March 19, 2019, two Board Surveyors visited Licensee for the purpose of completing a routine inspection, met with the pharmacist-in-charge, and identified the following:
 - a. Seven pharmacy technicians registered by the Board and employed by Pharmacy 1 and Pharmacy 2, were living in Florida but listed their current physical address as Licensee's address in Minnesota.
 - b. During the inspection, the Board Surveyors cited Licensee for engaging in central services with Pharmacy 1 and Pharmacy 2, by allowing pharmacy technicians working in Florida to remotely perform data entry of prescription drug information for Minnesota patients into

Licensee's Frameworks LTC prescription processing and dispensing software system ("FW-LTC"), followed by verification of the data entry by Licensee's pharmacist staff members working in Minnesota ("Central Service").

c. Prior to beginning Central Service, Licensee failed to submit a copy of its policy and procedure manual and failed to obtain Board approval to participate in a Central Service arrangement with Pharmacy 1 and Pharmacy 2.

d. Licensee disputes that it was operating a "central services arrangement" as it understands that term to be commonly used within the industry. Licensee maintains that its use of remote order entry processes was necessary under the circumstances, due to a backlog of prescription orders that had accumulated due in large part to Licensee's inability to recruit and retain sufficient staff in Minnesota during its early months of operating in the State. Nonetheless, for purposes of this stipulation, Licensee acknowledges and understands the March 2019 citation.

e. Licensee's nonsterile compounding records failed to include an assigned beyond use date ("BUD") for the final compounded drug product, or included a BUD exceeding those recommended within United States Pharmacopeia, General Chapter 795 for Pharmaceutical Compounding - Nonsterile Preparations ("USP 795"), without documentation of a reference for literature or a stability study applicable to the specific drug product allowing for extension of the BUD. Licensee avers that it responded to these findings by providing education to its staff to ensure compounded components included lot numbers, expiration dates, and BUDs, along with noting the supporting reference sources. Licensee states that it is not aware of any other issues regarding its compliance with BUD requirements since 2019.

8. On or about March 20, 2019, the Board received a complaint alleging that Licensee was utilizing pharmacy technicians from outside of Minnesota to enter prescription data. On or about April 9, 2019, a Board Surveyor reminded Licensee, after expanding its operations to 24-

hours, that pharmacy technicians working outside of its Minnesota location could not be used to help with covering the additional hours that the pharmacy is open, due to the lack of Board approved policies for Central Services with Pharmacy 1 and Pharmacy 2. As noted above, Licensee disputes that it was operating a "central services arrangement" as it understands that term to be commonly used within the industry. Licensee maintains that its use of remote order entry processes was necessary under the circumstances, due to a backlog of prescription orders that had accumulated due in large part to Licensee's inability to recruit and retain sufficient staff in Minnesota during its early months of operating in the State. Nonetheless, for purposes of this stipulation, Licensee acknowledges and understands the Board's concern regarding the use of out-of-state technicians to enter prescription data.

9. On June 11, 2019, two Board Surveyors visited Licensee for the purpose of an investigation, met with representatives of the Licensee, and identified the following:

a. The pharmacist-in-charge stated that, as far as she was aware, Pharmacy 1 and Pharmacy 2, both located in Florida, were the only two locations providing Central Services for Licensee.

b. Licensee utilized a company named IND Consulting ("IND") for emergency kit ("E-kit") billing and entry of patient information when pharmacy services are initiated in a new LTC facility. IND's website states its staff are able to provide services including, but not limited to, billing services, medical record entry, and data entry solutions, with guaranteed staffing in fully operational data centers that are open 24 hours a day and 365 days a year, located within or outside of the United States across the globe in Mexico, India, the Philippines, and Florida. During the conference with the Committee, Licensee admitted that IND consulting had been used to enter prescription data for prescription drug orders ultimately dispensed by its

Minnesota pharmacy. Licensee cannot definitively state where individuals affiliated with IND were licensed or physically located when entering such data.

c. At the end of the visit, the Board Surveyors provided an Investigative Report requesting additional information and reminding Licensee again that it cannot engage in Central Services without Board approval.

10. On February 12, 2020, two Board Surveyors visited Licensee for the purposes of an investigation, met with representatives of Licensee, and identified the following:

a. After arriving at 4:36 a.m., one of the Board Surveyors observed two of Licensee's pharmacy technicians were allowed badge access to the pharmacy entrance prior to the arrival of RPh 3 at around 5:55 a.m. One technician was found to be working in the sterile compounding area and another was logged into Licensee's computer. A representative of Licensee later stated that three pharmacy technicians had been given keys and passcodes to access Licensee's pharmacy. During its conference with the Committee, Licensee admitted that this allegation is true, but stated that senior management took corrective action upon learning of the situation, including immediately revoking the access code of all non-pharmacists and physically rekeying all doors within the pharmacy. Licensee avers that periodic security assessments confirm that no unauthorized persons have had access to the pharmacy since February 2020.

b. Six pharmacy technicians, including the IV pharmacy technician, were present in the "filling area" with only one pharmacist, who was the second pharmacist to arrive. Another pharmacist was in an "order entry" area, a distinctly different area separated by a wall and door. The Board Surveyors were told that additional pharmacy technicians were scheduled that morning to perform non-technician "staging or stocking" duties. However, the Board Surveyors observed that the additional pharmacy technicians that were supposedly scheduled to perform non-technician duties, were filling orders in the "filling area" to be checked by the one pharmacist.

Licensee avers that it does not have sufficient information to admit or deny the Board surveyors' observations, but that company policy requires compliance with required technician-to-pharmacist ratios.

IV.

LAWS

11. Licensee acknowledges the conduct described in section III above constitutes a violation of Minn. Stat. § 151.071, subd. 2(7), and warrants the disciplinary action described below.

V.

DISCIPLINARY ACTION

The parties agree the Board may take the following disciplinary action and require compliance with the following terms:

12. The Board **REPRIMANDS** Licensee and imposes a **CIVIL PENALTY** in the amount of \$50,000 for the conduct described in section III above. The civil penalty shall be paid by cashier's check or money order made payable to the Minnesota Board of Pharmacy, c/o Cody Wiberg, Executive Director, 2829 University Avenue S.E., Suite 530, Minneapolis, Minnesota 55414, within 60 days of the date of entry of this Order.

~~13. The Board places the following **CONDITION** on Licensee's License: every six months, for a period of three years, Licensee's CEO must certify to the Board's Executive Director that Licensee's licensed pharmacies that provide services to Minnesota residents are in full compliance with all applicable Minnesota statutes and rules.~~

VI.

CONSEQUENCES FOR NONCOMPLIANCE OR ADDITIONAL VIOLATIONS

14. If Licensee fails to comply with or violates this Stipulation and Consent Order, the Committee may, in its discretion, seek additional discipline either by initiating a contested case proceeding pursuant to Minnesota Statutes chapter 14 or by bringing the matter directly to the Board pursuant to the following procedure:

a. The Committee shall schedule a hearing before the Board. At least 20 days before the hearing, the Committee must mail Licensee a notice of the violation(s) alleged by the Committee. In addition, the notice must designate the time and place of the hearing. Within ten days after the notice is mailed, Licensee shall submit a written response to the allegations. If Licensee does not submit a timely response to the Board, the allegations may be deemed admitted.

b. The Committee, in its discretion, may schedule a conference with Licensee prior to the hearing before the Board to discuss the allegations and to attempt to resolve the allegations through agreement.

c. Prior to the hearing before the Board, the Committee and Licensee may submit affidavits and written argument in support of their positions. At the hearing, the Committee and Licensee may present oral argument. Argument may not refer to matters outside the record. The evidentiary record must be limited to the affidavits submitted prior to the hearing and this Stipulation and Consent Order. The Committee will have the burden of proving by a preponderance of the evidence that a violation has occurred. If Licensee has failed to submit a timely response to the allegations, Licensee may not contest the allegations, but may present argument concerning the appropriateness of additional discipline. Pursuant to this process, Licensee waives a hearing before an administrative law judge, discovery, cross-examination of

adverse witnesses, and other procedures governing hearings pursuant to Minnesota Statutes chapter 14.

d. Licensee's correction of a violation before the conference, hearing, or meeting of the Board may be taken into account by the Board but does not limit the Board's authority to impose discipline for the violation. A decision by the Committee not to seek discipline when it first learns of a violation does not waive the Committee's right to later seek discipline for that violation, either alone or in combination with other violations, at any time while Licensee's license is in a suspended status.

e. Following the hearing, the Board will deliberate confidentially. If the allegations are not proved, the Board must dismiss the allegations. If a violation is proved, the Board may impose additional discipline, including conditions or limitations on Licensee's license, a period of suspension, conditions of reinstatement, or revocation of Licensee's license.

f. Nothing herein limits the Committee's or the Board's right to temporarily suspend Licensee's license as provided in Minnesota Statutes chapters 151 and 214, based on a violation of this Stipulation and Consent Order or based on conduct of Licensee not specifically referred to herein.

VII. ADDITIONAL INFORMATION

15. Licensee waives the contested case hearing and all other procedures before the Board to which Licensee may be entitled under the Minnesota and United States constitutions, statutes, or rules.

16. Licensee waives any claims against the Board, the Minnesota Attorney General, the State of Minnesota, and their agents, employees, and representatives related to the

Investigation of the conduct herein, or the negotiation or execution of this Stipulation and Consent Order, which may otherwise be available to Licensee.

17. This Stipulation and Consent Order, the files, records, and proceedings associated with this matter shall constitute the entire record and may be reviewed by the Board in its consideration of this matter.

18. Either party may seek enforcement of this Stipulation and Consent Order in any appropriate civil court.

19. Licensee has read, understands, and agrees to this Stipulation and Consent Order and has voluntarily signed the Stipulation and Consent Order. Licensee is aware this Stipulation and Consent Order must be approved by the Board before it goes into effect. The Board may either approve the Stipulation and Consent Order as proposed, approve it subject to specified change, or reject it. If the changes are acceptable to Licensee, the Stipulation and Consent Order will take effect and the order as modified will be issued. If the changes are unacceptable to Licensee or the Board rejects the Stipulation and Consent Order, it will be of no effect except as specified in the following paragraph.

20. Licensee agrees that if the Board rejects this Stipulation and Consent Order or a lesser remedy than indicated in this settlement, and this case comes again before the Board, Licensee will assert no claim that the Board was prejudiced by its review and discussion of this Stipulation and Consent Order or of any records relating to it. If the Board rejects this Stipulation and Consent Order, the parties agree that this Stipulation and Consent Order will not be admissible in any proceedings.

21. This Stipulation and Consent Order does not limit the Board's authority to proceed against Licensee by initiating a contested case hearing or by other appropriate means on the basis

of any act, conduct, or admission of Licensee which constitutes grounds for disciplinary action, and which is not directly related to the specific facts and circumstances set forth in this document.

VIII.

DATA PRACTICES NOTICES

22. This Stipulation and Consent Order constitutes disciplinary action by the Board and is classified as public data pursuant to Minnesota Statutes section 13.41, subdivision 5. Data regarding this action will be provided to data banks as required by Federal law or consistent with Board policy. While this Stipulation and Consent Order is in effect, information obtained by the Board pursuant to this Order is considered active investigative data on a licensed health professional, and as such, is classified as confidential data pursuant to Minnesota Statutes section 13.41, subdivision 4.

23. This Stipulation contains the entire agreement between the parties, there being no other agreement of any kind, verbal or otherwise, which varies this Stipulation.

Challenges Polaris Faced in Minnesota

Polaris entered the Minnesota market in November 2018. The company operates only one pharmacy in Minnesota, which is located at 5220 Park Glen Road, St. Louis Park. Polaris' early experience in Minnesota was not without its challenges, but the company has made a good faith effort to address its challenges and is constantly looking to improve.

When Polaris entered the Minnesota market, it was surprised to find a labor market (particularly for pharmacy technicians) that was much tighter than other markets in which Polaris operates and experienced more staff turnover in Minnesota than it is accustomed to in other markets. The Covid-19 pandemic obviously put an incredible amount of stress on every stakeholder in the pharmacy industry, and Polaris was no exception. The pandemic made it even more difficult for Polaris to recruit, hire, and retain talented staff.

Polaris continues to believe it did not engage in central services by having Minnesota-licensed technicians located in Florida perform remote order entry tasks in connection with prescription orders filled in Minnesota. In letters to the Board dated July 19, 2019, Polaris explained why it began using Minnesota-licensed technicians based in Florida to assist Polaris Minnesota with order entry tasks.

In sum, during its initial months of operation, Polaris faced an unanticipated and unacceptable backlog of prescription orders that needed to be filled in Minnesota. The backlog resulted largely from Polaris' inability to recruit and retain enough capable pharmacy technicians in Minnesota during the early months of operation. To address the backlog and ensure the timely delivery of prescriptions to Minnesota patients, Polaris initially had Minnesota-licensed technicians based in Florida perform order entry services on behalf of Polaris Minnesota. These technicians were experienced technicians who were licensed in Minnesota before they performed order entry work for Polaris Minnesota. Further, while performing remote order entry work from a Polaris Florida location, these technicians were connected virtually to Polaris Minnesota's physical workspace through Polaris' FrameworkLTC software platform, which is commonly used across the long-term care pharmacy industry. At all times, the work of these technicians was overseen by a licensed pharmacist at the Florida pharmacy (where the data was entered into FrameworkLTC), as well as a Minnesota-licensed pharmacist in the Minnesota pharmacy, who ultimately controlled and was responsible for the technicians' work and any prescriptions filled in connection with data they entered into the system. Additionally, until May 2019, Polaris had IND Consulting and its "Team X" do some remote order entry work for Polaris Minnesota. Aside from the order entry function, Polaris Minnesota's prescription processing and filling functions have always taken place entirely in the Minnesota pharmacy. Polaris has at times relied on similar remote order entry processes in other states without triggering central service pharmacy requirements.

Accordingly, when Polaris started using this process to help deal with the Minnesota backlog, it did not anticipate that it might be triggering central services pharmacy requirements. For this reason, Polaris initially did not submit or seek approval from the Board for a central prescription drug processing policy or procedure. In March 2019, after Board staff expressed a

view that Polaris' use of Minnesota-licensed technicians based in Florida to perform remote entry work constituted an unauthorized central service arrangement, Polaris took immediate steps to address the issue. Polaris initially flew Minnesota-licensed technicians from Florida to Minnesota, so they could be physically present in the Polaris Minnesota pharmacy while performing the same order entry functions they had been performing in Florida.

Finally, Polaris sought Board approval of several remote order entry variances, with the goal of being authorized to resume using Minnesota-licensed technicians based in Florida to perform remote order entry for Polaris Minnesota, and particularly to deal with emergencies or backlogs. When Board staff initially raised this issue in March 2019, Polaris did not believe it could immediately shift all order entry functions to its limited staff in Minnesota without compromising patient safety and welfare. At the time, Polaris was still working through the backlog, onboarding new care facilities, and working hard to locate, hire, train, and retain technicians and other staff in Minnesota in a challenging labor market. Under the circumstances, Polaris determined it was necessary to continue using Minnesota licensed, Florida-based technicians for a period of time in order to deal with the backlog and continue filling prescriptions in a timely manner for patients who needed them, while simultaneously building up its Minnesota workforce and making the changes necessary to meet the expectations of Board staff. As soon as Polaris was staffed and equipped to perform all order entry functions in Minnesota, it stopped utilizing technicians who were not physically located in Minnesota altogether. Accordingly, from June 2019 to the present, Polaris has only used Minnesota-licensed technicians physically located in the Polaris Minnesota pharmacy to perform order entry work on prescription orders filled in Minnesota. Polaris took concerns raised by Board staff over remote order entry issues seriously, and it believes it acted reasonably under the circumstances to address those concerns, while also maintaining high levels of patient care.

Polaris remained committed to working cooperatively with the Board to better understand what it must do in order to utilize remote order entry processes in the future. Polaris would always attempt to rely on technicians physically located in its Minnesota pharmacy to perform data entry and other prescription filling functions. The Board acknowledged granting variance requests to many pharmacy chains and health-systems that authorize the use of remote order entry processes. In March 2020, the Board also issued Covid-19 related guidance acknowledging that pharmacists and technicians could perform various prescription drug filling functions while working remotely—including data entry of prescriptions and orders; verifying prescriptions; certifying data entry and the finished prescriptions (i.e., the product check); conducting profile and prospective drug utilization reviews; and stage-checking for compounding—so long as affiliated pharmacies were using adequate computer software and hardware for the tasks being performed. While the Board's Covid-19 guidance evolved after Governor Walz's Peacetime Emergency declaration was rescinded, Polaris continues to believe remote order entry processes like those implemented during the first few months of Polaris' operations in Minnesota were safe, effective, and should have a place in the delivery of modern pharmacy services.

The Board approved the central services variance #265679-010 on July 13, 2022 between Polaris Pharmacy Services of Minnesota, LLC and both the Polaris Pharmacies located in Tampa and Ft. Lauderdale Florida for urgent or emergent needs.

1. What risk level sterile compounding will your facility be performing (check all that apply)? ☐ Low ☐ Medium ☒ High
If you marked "High", you must also complete section 4.

2. Will you be performing sterile hazardous drug compounding? ☐ Yes ☒ No
If you marked "Yes", you must also complete section 3.

3. List the sterile compounded products that you will be compounding for Nevada patients or consumers:

*Semaglutide and Tirzepatide Injections. Possibly
some vitamin injections.*

4. Will you be utilizing beyond use dates in excess of USP-797? ☐ Yes ☒ No

5. If yes, describe the additional testing performed on your products to validate the extended BUD:

6. What laboratory performs this additional testing?

Name: EAGLE ANALYTICAL Services

Address: 11111 S. Wilcrest Dr.

City: Houston, TX State: Texas Zip: 77099

Telephone: 800-745-8916

7. What is your procedure for visual inspection of compounded sterile products?

*We check in front of white light and also UV light for
particulates or precipitates in the solution.*

8. How often do you perform glove fingertip and medial fill testing?

Glove fingertip testing every 6 months, media fill testing is done every 3 months.

9. What is your policy if an employee fails a glove fingertip or media-fill test?

We retrain our employee/technician on the sterile technique procedures and then retest the individual prior to them working anymore in the clean room. We also document the failure in their file.

10. Describe your initial and annual training program for all personnel performing sterile compounding:

A new hire will receive written and verbal training along with manual supervision ensuring our facility standards are met. This training includes finger tip testing, media fill testing and visual inspection of garbing and manipulation procedures. This will occur at random and/or every 6 months. This will be kept in the employee file.

11. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:

Once a month we perform a deep cleaning of the sterile lab. all primary and secondary engineering controls are cleaned with Decon Spore 200+ or Decon Quat 200c. We alternate each month and follow the manufacturers directions for use. For weekly cleaning, we use Peridox RTU and/or Steri Lerox 6%. Daily cleaning with sterile IPA 70% spray.

12. Who performs the sterile compounding process at your facility?

Certified pharmacy compounding technicians that have passed state Certification training course and also passed internal pharmacy testing.

Texas State Board of Pharmacy
"Red Flags" Checklist for Pharmacies
YOU MIGHT BE A PILL MILL IF...

Check all that apply:

☐	(1) Your pharmacy fills a discernable pattern of prescriptions for prescribers who write essentially the same prescriptions for numerous persons, indicating a lack of individual drug therapy
☐	(2) Your pharmacy operates with limited hours of operation or closes after a certain threshold of controlled substance prescriptions are dispensed, and has overall low prescription dispensing volume.
☐	(3) Prescriptions presented to the pharmacy are for controlled substances with popularity as street drugs, such as opiates, benzodiazepines, muscle relaxants, psychostimulants, and/or cough syrups, or any combination of these drugs.
☐	(4) The prescriptions for controlled substances contain nonspecific or no diagnoses.
☐	(5) The prescriptions are commonly for the highest strength of the drug and/or for large quantities.
☐	(6) Dangerous drugs or OTC products (such as multi-vitamins or laxatives) are added to the controlled substance prescriptions, maintaining relatively consistent 1:1 ratio of controlled substances to dangerous drugs and/or OTC products dispensed as prescriptions.
☐	(7) Prescriptions are authorized by the same prescriber with what appears to be different handwriting on the hardcopy prescription drug order forms.
☐	(8) Upon contact with the prescriber's office, you are unable to engage in comprehensive discussion with the actual prescriber, or he/she is unconcerned about your apprehensions regarding his/her prescribing practices or unwilling to provide additional information, such as treatment goals and/or prognosis with prescribed drug therapy.
☐	(9) You rely solely on the prescriber's representation, or on the representation of the individual answering the phone at the number on the prescription, that prescriptions are legitimate.
☐	(10) The prescriber's clinic is not registered as a pain management clinic by the Texas Medical Board, despite routinely receiving prescriptions from the prescriber for opiates, benzodiazepines, and/or muscle relaxants.
☐	(11) Drugs prescribed are inconsistent with the prescriber's area of practice.
☐	(12) The prescriber of the drugs is located a significant distance from your pharmacy.
☐	(13) The prescriber has been subject to disciplinary action by the licensing board, had his/her DEA registration removed, or been subject to criminal action.
☐	(14) The Texas PMP system indicates that persons are obtaining prescriptions for the same drugs from multiple prescribers or that persons are filling prescriptions for the same drugs at multiple pharmacies.
☐	(15) The person's address is a significant distance from your pharmacy and/or from the prescriber's office.
☐	(16) Multiple persons with the same address present prescriptions from the same prescriber.
☐	(17) Persons pay with cash or credit card more often than through insurance.
☐	(18) Persons presenting controlled substance prescriptions are doing so in such a manner that varies from seeking routine pharmacy services (e.g., willing to wait in long lines to receive drugs, persons arrive in the same vehicle with prescriptions from same prescriber, one person presents to pick up prescriptions for multiple others, persons refer to drugs by "street names" and/or comment on drug's color, persons seek early refills, persons travel from outside reasonable trade area of pharmacy).
☐	(19) Your pharmacy charges and persons are willing to pay more for controlled substances than they would at nearby pharmacies.
☐	(20) Your pharmacy routinely orders controlled substances from more than one drug supplier, or your pharmacy has been discontinued by a drug supplier related to controlled substance orders.
☐	(21) Sporadic and non-consistent dispensing volume (including zero dispensing) varies from day to day and week to week, and your pharmacy does not maintain operational hours each week on Monday through Friday.
☐	(22) Your pharmacy employs or contracts security personnel during operational hours to prevent problems.
☐	(23) Your pharmacy has been previously warned or disciplined by the Texas State Board of Pharmacy for inappropriate dispensing of controlled substances (i.e., corresponding responsibility).

If you checked any of the above items, you should review the laws and rules regarding corresponding responsibility and non-therapeutic dispensing, especially Board rule §291.29, in the law book or on our website: www.pharmacy.texas.gov (click on Texas Pharmacy Rules and Laws). Additional educational material is available at <http://www.pharmacy.texas.gov/Nontherapeutic.asp>. Failure of pharmacies and pharmacists to detect patterns of inappropriate dispensing of prescription drugs is unprofessional practice and constitutes grounds for disciplinary action.
