PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 6213034602

Application/License No. _____

Whole Gas Technologies, LLC, doing or intending to do business as a
Applicant/Principal

pharmaceutical wholesaler, whose address for purposes of service is
755 E Greg St Unit 20 Sparks, NV 89431, as
Address of Applicant/Principal

PRINCIPAL, and United States Fire Insurance Company, a
Surety Company

corporation organized under the laws of the state of DE
State of Incorporation

and authorized to transact a general surety business in the State of

Nevada, whose address for purposes of service is
305 MADISON AVENUE, MORRISTOWN, NJ 07960 as
Address of Surety

SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS (\$25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on March 21, 2024.
Effective Date

WHEREAS, the provisions of Nevada Revised Statute (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of \$25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are imposed pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

- (1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
- (2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.
- (3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
- (4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
- (5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
- (6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
- (7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this
26th day of March, 2023.

KNOW ALL MEN BY THESE PRESENTS: That United States Fire Insurance Company, a corporation duly organized and existing under the laws of the state of Delaware, has made, constituted and appointed, and does hereby make, constitute and appoint:

Gentry Stewart, Kathryn Pryor, Michelle Anne McMahon, Joshua Sanford, Nicholas Turecamo, Sam E. Begun, Melissa J. Stanton, Robyn Salley, Rebecca M. Josephson, Jennifer Godere, Jonathan Gleason, Doritza Mojica, Nicholas Miller, Sarah Murtha, Connor Wolpert, Richard Hackner, Kristopher Pisano

each, its true and lawful Attorney(s)-In-Fact, with full power and authority hereby conferred in its name, place and stead, to execute, acknowledge and deliver: Any and all bonds and undertakings of surety and other documents that the ordinary course of surety business may require, and to bind United States Fire Insurance Company thereby as fully and to the same extent as if such bonds or undertakings had been duly executed and acknowledged by the regularly elected officers of United States Fire Insurance Company at its principal office, in amounts or penalties: **Unlimited**

This Power of Attorney limits the act of those named therein to the bonds and undertakings specifically named therein, and they have no authority to bind United States Fire Insurance Company except in the manner and to the extent therein stated.

This Power of Attorney is granted pursuant to Article IV of the By-Laws of United States Fire Insurance Company as now in full force and effect, and consistent with Article III thereof, which Articles provide, in pertinent part:

Article IV, Execution of Instruments - Except as the Board of Directors may authorize by resolution, the Chairman of the Board, President, any Vice-President, any Assistant Vice President, the Secretary, or any Assistant Secretary shall have power on behalf of the Corporation:

(a) to execute, affix the corporate seal manually or by facsimile to, acknowledge, verify and deliver any contracts, obligations, instruments and documents whatsoever in connection with its business including, without limiting the foregoing, any bonds, guarantees, undertakings, recognizances, powers of attorney or revocations of any powers of attorney, stipulations, policies of insurance, deeds, leases, mortgages, releases, satisfactions and agency agreements;

(b) to appoint, in writing, one or more persons for any or all of the purposes mentioned in the preceding paragraph (a), including affixing the seal of the Corporation.

Article III, Officers, Section 3.11, Facsimile Signatures. The signature of any officer authorized by the Corporation to sign any bonds, guarantees, undertakings, recognizances, stipulations, powers of attorney or revocations of any powers of attorney and policies of insurance issued by the Corporation may be printed, facsimile, lithographed or otherwise produced. In addition, if and as authorized by the Board of Directors, dividend warrants or checks, or other numerous instruments similar to one another in form, may be signed by the facsimile signature or signatures, lithographed or otherwise produced, of such officer or officers of the Corporation as from time to time may be authorized to sign such instruments on behalf of the Corporation. The Corporation may continue to use for the purposes herein stated the facsimile signature of any person or persons who shall have been such officer or officers of the Corporation, notwithstanding the fact that he may have ceased to be such at the time when such instruments shall be issued.

IN WITNESS WHEREOF, United States Fire Insurance Company has caused these presents to be signed and attested by its appropriate officer and its corporate seal hereunto affixed this 28th day of September, 2021.

UNITED STATES FIRE INSURANCE COMPANY

State of New Jersey }
County of Morris }

Matthew E. Lubin, President

On this 28th day of September, 2021, before me, a Notary public of the State of New Jersey, came the above named officer of United States Fire Insurance Company, to me personally known to be the individual and officer described herein, and acknowledged that he executed the foregoing instrument and affixed the seal of United States Fire Insurance Company thereto by the authority of his office.

Melissa H. D'Alessio (Notary Public)

I, the undersigned officer of United States Fire Insurance Company, a Delaware corporation, do hereby certify that the original Power of Attorney of which the foregoing is a full, true and correct copy is still in force and effect and has not been revoked.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the corporate seal of United States Fire Insurance Company on the 26th day of March 2024

UNITED STATES FIRE INSURANCE COMPANY

Section 8: Arrests, Detentions, Litigations, Arbitrations.		Yes	No
1.	Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✓
2.	If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacture or distribution of drugs or the practice of pharmacy?		
3.	Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4.	Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✓
5.	Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✓
6.	Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✓
7.	Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8.	Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9.	Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10.	Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

I, James T. donohue, certify that as the designated representative for
Whole Gas Technologies LLC

that I (initial that you have read and meet the following requirements) (NAC 639.5005, NAC 639.5935):

1. JTD I am at least 21 years of age;
3. JTD I have been employed for at least 6,000 hours in a pharmacy or with a wholesaler in a capacity related to the dispensing and distribution of, and recordkeeping related to, prescription drugs.
4. JTD I will be actively involved in and aware of the actual daily operations of the pharmacy or wholesaler;
5. JTD I will be employed full-time in a managerial level position with the pharmacy or wholesaler;
6. JTD I will be physically present at site of the pharmacy or at the facility of the wholesaler during regular business hours, except when the absence of the representative is authorized, including sick leaves, vacation leaves and other authorized absences; and
7. JTD I will serve in this representative capacity for only one pharmacy or wholesaler at a time.

WHOLE GAS TECHNOLOGIES

Dear Mr. Sedar,

I hope this letter finds you well. I am writing on behalf of Whole Gas Technologies, a community oxygen and specialty gas provider that is requesting an Early License Due to financial hardships. Unfortunately, we are currently facing significant financial challenges due to equipment access, rising costs, increased demand, as well as an outpouring of support of numerous medical companies.

With over 75 years of operational and medical experience as an ownership group, we have always strived to maintain the highest standards of patient care, safety, and compliance. However, the financial strain has made it increasingly difficult for us to begin operating without the necessary license. We kindly request your understanding and consideration in granting us an early license to alleviate our financial burden.

Here are some key points supporting our request:

1. **Community Impact:** Whole Gas Technologies plays a vital role in providing essential medical gases for therapies and healthcare services to our community. An early license would allow us to assist our medical community, our patients without interruption. Several doctors have shown great support for our customer service and wish to begin services with our firm.
2. **Patient Care:** Our dedicated team of medical professionals is committed to ensuring the well-being of our patients. An early license would enable us to maintain continuity of care. Physicians have been awaiting our opening and are anxious to order.
3. **Financial Hardships:** We have had no revenue to date, due to not having our license. Our financial situation is dire, and an early license would provide much-needed relief.
4. **Compliance:** We assure you that we will continue to comply with all regulations and uphold the highest standards of pharmacy practice. Our commitment to patient safety remains unwavering.

We kindly request an expedited review of our application for an early license. If additional documentation or information is needed, please let us know, and we will promptly provide it.

Thank you for your attention to this matter. We sincerely hope that the State Board of Pharmacy will consider our situation and grant us the early license we urgently need.

Sincerely,

James Donohue

Tim Grohs

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 100412076

Application/License No. _____

Vitti Labs, LLC, doing or intending to do business as a
Applicant/Principal
pharmaceutical wholesaler, whose address for purposes of service is
834 W. Kansas Street, Suite C Liberty, MO 64068, as
Address of Applicant/Principal
PRINCIPAL, and Merchants Bonding Company (Mutual), a
Surety Company
corporation organized under the laws of the state of Iowa
State of Incorporation
and authorized to transact a general surety business in the State of

Nevada, whose address for purposes of service is
6700 Westown Parkway, West Des Moines, IA 50266 as
Address of Surety

SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS (\$100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on April 9, 2024.
Effective Date

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of \$100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

- (1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
- (2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
- (3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
- (4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
- (5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
- (6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
- (7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 9th day of April, 2024.

MERCHANTS
BONDING COMPANY™
POWER OF ATTORNEY

Know All Persons By These Presents, that MERCHANTS BONDING COMPANY (MUTUAL) and MERCHANTS NATIONAL BONDING, INC., both being corporations of the State of Iowa, d/b/a Merchants National Indemnity Company (in California only) (herein collectively called the "Companies") do hereby make, constitute and appoint, individually,

Vickie J Nickel

their true and lawful Attorney(s)-in-Fact, to sign its name as surety(ies) and to execute, seal and acknowledge any and all bonds, undertakings, contracts and other written instruments in the nature thereof, on behalf of the Companies in their business of guaranteeing the fidelity of persons, guaranteeing the performance of contracts and executing or guaranteeing bonds and undertakings required or permitted in any actions or proceedings allowed by law.

This Power-of-Attorney is granted and is signed and sealed by facsimile under and by authority of the following By-Laws adopted by the Board of Directors of Merchants Bonding Company (Mutual) on April 23, 2011 and amended August 14, 2015 and adopted by the Board of Directors of Merchants National Bonding, Inc., on October 16, 2015.

"The President, Secretary, Treasurer, or any Assistant Treasurer or any Assistant Secretary or any Vice President shall have power and authority to appoint Attorneys-in-Fact, and to authorize them to execute on behalf of the Company, and attach the seal of the Company thereto, bonds and undertakings, recognizances, contracts of indemnity and other writings obligatory in the nature thereof."

"The signature of any authorized officer and the seal of the Company may be affixed by facsimile or electronic transmission to any Power of Attorney or Certification thereof authorizing the execution and delivery of any bond, undertaking, recognizance, or other suretyship obligations of the Company, and such signature and seal when so used shall have the same force and effect as though manually fixed."

In connection with obligations in favor of the Florida Department of Transportation only, it is agreed that the power and authority hereby given to the Attorney-in-Fact includes any and all consents for the release of retained percentages and/or final estimates on engineering and construction contracts required by the State of Florida Department of Transportation. It is fully understood that consenting to the State of Florida Department of Transportation making payment of the final estimate to the Contractor and/or its assignee, shall not relieve this surety company of any of its obligations under its bond.

In connection with obligations in favor of the Kentucky Department of Highways only, it is agreed that the power and authority hereby given to the Attorney-in-Fact cannot be modified or revoked unless prior written personal notice of such intent has been given to the Commissioner-Department of Highways of the Commonwealth of Kentucky at least thirty (30) days prior to the modification or revocation.

In Witness Whereof, the Companies have caused this instrument to be signed and sealed this 9th day of April, 2024

MERCHANTS BONDING COMPANY (MUTUAL)
MERCHANTS NATIONAL BONDING, INC.
d/b/a MERCHANTS NATIONAL INDEMNITY COMPANY

By

Larry Taylor
President

STATE OF IOWA
COUNTY OF DALLAS ss.

On this 9th day of April, 2024, before me appeared Larry Taylor, to me personally known, who being by me duly sworn did say that he is President of MERCHANTS BONDING COMPANY (MUTUAL) and MERCHANTS NATIONAL BONDING, INC.; and that the seals affixed to the foregoing instrument are the Corporate Seals of the Companies; and that the said instrument was signed and sealed in behalf of the Companies by authority of their respective Boards of Directors.

(Expiration of notary's commission
does not invalidate this instrument)

[Signature]
Notary Public

I, William Warner, Jr., Secretary of MERCHANTS BONDING COMPANY (MUTUAL) and MERCHANTS NATIONAL BONDING, INC., do hereby certify that the above and foregoing is a true and correct copy of the POWER-OF-ATTORNEY executed by said Companies, which is still in full force and effect and has not been amended or revoked.

In Witness Whereof, I have hereunto set my hand and affixed the seal of the Companies on this 9th day of April, 2024

William Warner Jr.
Secretary

Section 8: Arrests, Detentions, Litigations, Arbitrations.		Yes	No
1.	Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✓
2.	If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacture or distribution of drugs or the practice of pharmacy?		
3.	Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4.	Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)	✓	
5.	Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?	✓	
6.	Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✓
7.	Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8.	Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9.	Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10.	Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 4-5. Provide all the following where applicable:

Date of Event/Arrest	Disposition Date	State	City	County
Case #	Governing, licensing, Arresting Presiding Body/Agency/Court			
Reason/Charge				
Plaintiff/Defendant/Claimant/Respondent			Lawsuit/Arbitration/Bankruptcy	
Name of Business/Industry/Entity

PETITION FOR DAMAGES AND EQUITABLE RELIEF

Pursuant to Mo. R. Civ. P. 55.01 and 55.05, plaintiffs Vitti Corporate, LLC, Vitti Labs, LLC, and BioXstem, LLC, set forth the following allegations and claims against defendants Douglas Rainey, Amanda Conover, Athletic Integrative Medicine Corp., Project Y Biotech, LLC, and Cardinal Biologicals, Inc.:

INTRODUCTION

This is a case regarding a complicated bait-and-switch scheme that took significant planning and preparation by the Colluding Defendants to carry out. Defendant Rainey is the ringleader of this complicated scheme, even though his actions violate his non-compete agreement with Plaintiffs Vitti Labs's and BioXstem. The Colluding Defendants pirated Plaintiffs Vitti Labs's and BioXstem's name, likeness, and brand in order to operate the bait-and-switch scheme, causing substantial damage to Plaintiffs and the human cellular tissue industry as a whole. This is due in part to the Colluding Defendants using Defendant Project Y's products as the "switch" in the scheme, even though Defendant Project Y's products use materials from Defendant Cardinal Biologicals that are non-transplantable. Despite their products being non-transplantable, the Colluding Defendants distributed, marketed, and sold the products for transplantable use to physicians and physicians' groups.

PARTIES

1. Plaintiff Vitti Corporate, LLC ("Plaintiff Vitti Corporate") is a Missouri limited liability company with its principal place of business in Kansas City, Jackson County, Missouri. It is authorized and in good standing to do business in the State of Missouri.

2. Plaintiff Vitti Labs, LLC ("Plaintiff Vitti Labs") is a Missouri limited liability company with its principal place of business in Liberty, Clay County, Missouri. It is authorized and in good standing to do business in the State of Missouri.

3. Plaintiff BioXstem, LLC ("Plaintiff BioXstem") is a Nevada limited liability company.

4. Defendant Douglas Rainey ("Defendant Rainey") is an individual, who is a citizen and resident of Arizona. Upon information and belief, he may be served at [REDACTED].

5. Defendant Amanda Conover ("Defendant Conover") is an individual, who is a citizen and resident of Texas. Upon information and belief, she may be served at [REDACTED].

6. Defendant Athletic Integrative Medicine Corp. ("Defendant AIM") is an Arizona for-profit corporation. Defendant AIM can be served through its registered agent, Defendant [REDACTED].

7. Defendant AIM's sole owner is Defendant Rainey, who is Defendant AIM's president and CEO and only director. All actions of Defendant Rainey alleged herein were during and within his scope of work with Defendant AIM.

8. Defendant Conover is a clinical consultant with Defendant AIM. All actions of Defendant Conover alleged herein were during and within her scope of work with Defendant AIM.

9. Defendant Project Y Biotech, LLC ("Defendant Project Y") is a California limited liability company. Defendant Rainey is the owner of Defendant Project Y, who can be served through its registered agent, Defendant Rainey, at [REDACTED] Tucson, Arizona 85750-9691.

10. Defendant Cardinal Biologicals, Inc. ("Defendant Cardinal Biologicals") is a Texas for-profit organization with its principal place of business in Cape Girardeau, Missouri. Defendant Cardinal Biologicals is authorized and is in good standing to do business in the State of Missouri. Defendant Cardinal Biologicals can be served through its registered agent, Paul Pfeiffer, [REDACTED] [REDACTED] Girardeau, Missouri 63703.

JURISDICTION AND VENUE

11. Pursuant to Section 506.500, RSMo 2016, jurisdiction is proper in this Court as the causes of action against Defendants arise out of tortious acts committed within this State of Missouri, including causing damages to Plaintiffs in Missouri. Upon information and belief, jurisdiction is also proper in this Court as the causes of action against Defendants include transactions Defendants made within this State of Missouri.

12. As to Defendant Rainey, he entered a contract entitled "Competence and Understanding Agreement," which causes of action, in part, relate to this agreement. Under the Competence and Understanding Agreement, Defendant Rainey consented to the jurisdiction of Missouri courts.

13. Under Section 508.010, RSMo Supp. 2019, venue is proper in this Court because at least one Plaintiff, Vitti Labs, was first injured in Clay County, Missouri.

GENERAL ALLEGATIONS

14. Plaintiff Vitti Labs is engaged in the business of, among others, providing proprietary Human Cellular Tissue Products, research and development products, Investigational New Drug products, cosmetics, and aesthetic market products suitable for human or non-human markets.

15. Plaintiff Vitti Labs's products are provided to physician directed markets, clinics, hospitals, and aesthetic markets, through medical offices operated by third-party physicians, or physician groups that have agreed to provide such products and services from Plaintiff Vitti Labs.

16. Plaintiff BioXstem is a proprietary marketing services business that offers services that target medical professionals, their staff, and in some cases their affiliates throughout the United States.

17. On or about March 11, 2022, Plaintiff Vitti Corporate entered into an agreement entitled "Preferred Distributor Agreement" with BioXstem, wherein BioXstem agreed to distribute certain of Plaintiff Vitti Labs's products to third-party physicians or physician groups. A copy of the Preferred Distributor Agreement is attached hereto as Exhibit A.

18. On or about April 5, 2022, BioXstem entered into the Competence and Understanding Agreement with Defendant Rainey, wherein Defendant Rainey agreed to perform services for BioXstem relating to Plaintiff Vitti Labs's products. A copy of the Competence and Understanding Agreement is attached hereto as Exhibit B.

19. Sometime after Defendant Rainey entered into the Competence and Understanding Agreement, Defendants Rainey, Conover, AIM, and Project Y colluded and conspired to misuse Plaintiff Vitti Labs's name, likeness, and trademark/trade name in order to make a financial gain, causing significant financial damage to Plaintiffs Vitti Labs and Vitti Corporate.

20. Specifically, Defendants Rainey, Conover, AIM, and Project Y (hereinafter collectively referred to as the "Colluding Defendants") colluded and conspired to misuse Plaintiff Vitti Labs's name, likeness, and trademark/trade name in a multiple staged operation commonly known as a "bait and switch" scheme.

21. The Colluding Defendants used Plaintiffs Vitti Labs's and BioXstem's name, likeness, and trademark/trade name on order forms with third-party physicians and physicians' groups.

22. The Colluding Defendants also used Plaintiffs Vitti Labs's and BioXstem's name, likeness, and trademark/trade name and their goodwill and prestige in the industry in order to obtain orders from physicians and physicians' groups.

23. By using Plaintiffs Vitti Labs's and BioXstem's name, likeness, and trademark/trade name and their goodwill and prestige in the industry, the Colluding Defendants were able to meet with physicians and physicians groups that they would otherwise not have met; all under the guise that the Colluding Defendants were selling physicians and physicians' groups Plaintiff Vitti Labs's products, when in reality the Colluding Defendants had no intention of selling Plaintiff Vitti Labs's products but instead selling them competing products.

24. After the order form had been returned to the Colluding Defendants and money paid for the products, the Colluding Defendants contacted the physicians and physicians' groups and informed them that Plaintiff Vitti Labs denied them as clients, even though Plaintiff Vitti Labs was unaware of these clients or new account applications because the Colluding Defendants never informed Plaintiff Vitti Labs of these clients and applications.

25. The Colluding Defendants then informed the physicians and physicians' groups that Defendant Project Y, a competitor of Plaintiff Vitti Labs, would fulfill the order using its products. The above actions by the Colluding Defendants will be referred to hereinafter as the "bait and switch scheme."

26. Defendant Rainey undertook significant planning and preparation in order for the Colluding Defendants to carry out the bait & switch scheme.

27. For instance, Defendant Rainey created a distribution chain in order to provide the Colluding Defendants with products to directly compete with Plaintiffs' Vitti Labs's products. These competing products include EC-Matrix, 22 Bore, ISOX, Trinity 2, and F-Matrix (the "Competing Products").

28. This distribution chain included procuring raw materials, including umbilical cords, from Defendant Cardinal Biologicals, for use in the Competing Products.

29. Notably, all the human biologicals that Defendant Cardinal Biologicals supplies are non-transplantable and would otherwise be discarded as medical waste. Rather than becoming medical waste, Defendant Cardinal Biologicals helps ensure these materials contribute to medical research, the education of future physicians, and other life-changing applications.

30. Even though Defendant Cardinal Biologicals supplies are non-transplantable, Defendant Project Y uses these supplies in their Competing Products with the intent on selling them for transplantable regenerative medical use. Clearly, Defendant Project Y's use of these supplies in this manner creates a significant risk to the public health and safety.

31. The distribution chain also included creating and establishing Defendant Project Y, a tissue distribution bank, and obtaining the necessary licenses for Defendant Project Y.

32. The Colluding Defendants have been using this bait and switch scheme for over a year.

33. The Colluding Defendants' bait and switch scheme is widespread. Upon information and belief, the Colluding Defendants' bait and switch scheme included them contacting Missouri physicians and physicians' groups and obtaining orders from Missouri physicians and physicians' groups who were then subject to the Colluding Defendants' bait and switch scheme.

34. At no time during the Colluding Defendants' use of their bait and switch scheme did Plaintiffs Vitti Labs or BioXstem consent to its name, likeness, and trademark/trade name be used in this scheme.

35. Upon information and belief, the Colluding Defendants' bait and switch scheme has resulted in lost gross revenue in excess of \$1,000,000.00.

COUNT I – BREACH OF CONTRACT
(Plaintiffs Vitti Corporate and BioXstem against Defendant Rainey)

36. Plaintiffs Vitti Corporate and BioXstem incorporate by reference all preceding paragraphs as if fully set forth herein.

37. On or about April 5, 2022, Defendant Rainey entered into the Competence and Understanding Agreement with Plaintiff BioXstem. (Ex. B.)

38. Under Paragraph 10 of the Competence and Understanding Agreement, [REDACTED]

[REDACTED]

[REDACTED] (Ex. B, ¶10.)

39. Paragraph 2.2 of the Competence and Understanding Agreement provides:

[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]

(Ex. B, ¶2.2.)

40. Paragraph 7 of the Competence and Understanding Agreement provides:

[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]

(Ex. B, ¶7.)

41. Defendant Rainey breached Paragraph 2.2 and Paragraph 7 of the Competence and Understanding Agreement.

42. As to Paragraph 2.2, Defendant Rainey breached Paragraph 2.2 by selling the Competing Products and by falsely representing that clients and applications were denied by Plaintiffs Vitti Labs and Vitti Corporate—all of which were part of the Colluding Defendants' bait and switch scheme.

43. As to Paragraph 7, Defendant Rainey breached Paragraph 7 by falsely representing that clients and applications were denied by Plaintiffs Vitti Labs and Vitti Corporate and by selling the Competing Products.

44. Upon information and belief, Defendant Rainey breached Paragraph 2.2 and Paragraph 7 in other ways that will be learned of during discovery.

45. As a result of Defendant Rainey's breaches of Paragraph 2.2 and Paragraph 7, Plaintiffs Vitti Corporate and BioXstem were damaged and will continue to be damaged by Defendant Rainey's actions.

46. Pursuant to Paragraph 12 of the Competence and Understanding Agreement,

_____. (Ex. B, ¶12.)

WHEREFORE, Plaintiffs Vitti Corporate, LLC and BioXstem, LLC respectfully request this Court enter judgment in their favor and against Defendant Rainey as to Count I, for damages in excess of \$25,000, for attorneys' fees and costs, and for such other relief as this Court deems just and proper.

**COUNT II – BREACH OF IMPLIED COVENANT OF GOOD FAITH AND
FAIR DEALING**

(Plaintiffs Vitti Corporate and BioXstem against Defendant Rainey)

47. Plaintiffs Vitti Corporate and BioXstem incorporate by reference all preceding paragraphs as if fully set forth herein.

48. Under the Competence and Understanding Agreement, [REDACTED]

[REDACTED]

[REDACTED]. (See, Ex. B.)

49. Defendant Rainey, however, evaded the spirit of the Competence and Understanding Agreement by carrying out and continuing to carry out the bait and switch scheme.

50. As a result of Defendant Rainey's breach of implied covenant of good faith and fair dealing, Plaintiffs Vitti Corporate and BioXstem have been damaged and will continue to be damaged.

WHEREFORE, Plaintiffs Vitti Corporate, LLC and BioXstem, LLC respectfully request this Court enter judgment in their favor and against Defendant Rainey as to Count II, for damages in excess of \$25,000, for attorneys' fees and costs, and for such other relief as this Court deems just and proper.

COUNT III – MISAPPROPRIATION OF PLAINTIFFS' TRADEMARK/TRADE NAME
(Plaintiffs Vitti Labs and BioXstem against the Colluding Defendants)

51. Plaintiffs Vitti Labs and BioXstem incorporate by reference all preceding paragraphs as if fully set forth herein.

52. Section 417.056, RSMo 2016 prohibits the use of Plaintiffs Vitti Labs's and BioXstem's trademark or trade name "in connection with the sale, offering for sale, or advertising of any goods or services on or in connection with which such use is likely to cause confusion or mistake or to deceive as to the source of origin of such goods or services."

53. Section 417.056, RSMo 2016 provides Plaintiffs Vitti Labs and BioXstem with a private cause of action for violation of this statute.

54. The Colluding Defendants violated Section 417.056, RSMo 2016 by using Plaintiffs Vitti Labs's and BioXstem's trademark/trade name (i.e., Plaintiff's name and logo) on the Colluding Defendants' New Account Agreement forms, which forms contain products offered by Defendant Project Y—a competitor of Plaintiff Vitti Corporate. (See Ex. C.) The forms are used to lure new clients into agreeing to order Plaintiff Vitti Labs's products only to have the Colluding Defendants inform the clients that Plaintiff Vitti Labs's denied their applications. (Ex. C.) The Colluding Defendants then sold the clients the Competing Products as part of their bait and switch scheme.

55. For example, the Colluding Defendants had [REDACTED] complete a New Account Agreement and Order Form. A copy of the New Account Agreement and Order Form are attached hereto as Exhibit C. [REDACTED] completed the New Account Agreement and ordered Plaintiff Vitti Labs's HylaJel and HylaPure and paid for these products. (Ex. C.) The Colluding Defendants then informed [REDACTED] that Plaintiff Vitti Labs's denied its new account. Afterwards, the Colluding Defendants then sold [REDACTED] the Competing Products, which resulted in sub-optimal results for [REDACTED].

56. Plaintiffs Vitti Labs and BioXstem did not consent to the Colluding Defendants' use of its trademark/trade name in this manner.

57. Section 417.061, RSMo 2016 allows Plaintiffs Vitti Labs and BioXstem to obtain not only injunctive relief but also monetary damages, including requiring the Colluding Defendants to pay to Plaintiffs Vitti Labs and BioXstem all profits "derived from or damages

suffered by reason of such wrongful” use of Plaintiffs Vitti Labs’s and BioXstem’s trademark/trade name.

58. As a result of the Colluding Defendants’ violation of Section 417.056, RSMo 2016 Plaintiffs Vitti Labs and BioXstem sustained damages and will continue to suffer damages.

WHEREFORE, Plaintiffs Vitti Labs, LLC and BioXstem, LLC respectfully request this Court enter judgment in its favor and against Defendants Rainey, Conover, AIM, and Project Y as to Count III, for damages in excess of \$25,000, for attorneys’ fees and costs, and for such other relief as this Court deems just and proper.

COUNT IV – MISAPPROPRIATION OF PLAINTIFFS’ NAME AND LIKENESS
(Plaintiffs Vitti Labs and BioXstem against the Colluding Defendants)

59. Plaintiff Vitti Labs and BioXstem incorporate by reference all preceding paragraphs as if fully set forth herein.

60. Under Missouri law, appropriation of one’s name and likeness occur when a defendant makes use of the name or likeness to pirate plaintiff’s identity for some advantage.

61. The Colluding Defendants pirated Plaintiffs Vitti Labs’s and BioXstem’s name and likeness by using their name and likeness (i.e. their name and logo) on the Colluding Defendants’ New Account Agreement forms, which forms contain products offered by Defendant Project Y—a competitor of Plaintiff Vitti Labs. The forms are used to lure new clients into agreeing to order Plaintiff Vitti Labs’s products only to have the Colluding Defendants inform the clients that Plaintiff Vitti Labs’s denied their applications. The Colluding Defendants then sold the clients the Competing Products as part of their bait and switch scheme.

62. Plaintiffs Vitti Labs and BioXstem did not consent to the Colluding Defendants’ use of their name and likeness in this manner.

63. As a result of the Colluding Defendants' misappropriation of Plaintiff Vitti Labs's and BioXstem's name and likeness, they sustained damage and will continue to sustain damage.

WHEREFORE, Plaintiffs Vitti Labs, LLC and BioXstem, LLC respectfully request this Court enter judgment in its favor and against Defendants Rainey, Conover, AIM, and Project Y as to Count IV, for damages in excess of \$25,000, for costs, and for such other relief as this Court deems just and proper.

COUNT V – TORTIOUS INTERFERENCE WITH A CONTRACT
(Plaintiffs Vitti Corporate and BioXstem against the Colluding Defendants)

64. Plaintiffs incorporate by reference all preceding paragraphs as if fully set forth herein.

65. On or about March 11, 2022, Plaintiff entered into an agreement entitled "Preferred Distributor Agreement" with BioXstem, wherein BioXstem agreed to distribute certain of Plaintiff Vitti Labs's products to third-party physicians or physician groups. (*See*, Ex. A.)

66. On or about April 5, 2022, BioXstem entered into the Competence and Understanding Agreement with Defendant Rainey, wherein Defendant Rainey agreed to perform services for BioXstem relating to Plaintiff Vitti Labs's products. Plaintiff Vitti Corporate is a third-party beneficiary to this agreement. (*See*, Ex. B.)

67. The Colluding Defendants were aware of the "Preferred Distributor Agreement" and "Competence and Understanding Agreement."

68. The Colluding Defendants caused Plaintiff BioXstem to breach one or more of these agreements because of the Colluding Defendants' use of the bait and switch scheme.

69. The Colluding Defendants lacked justification for their actions.

70. As a result of the Colluding Defendants' actions, Plaintiffs Vitti Corporate and BioXstem sustained damage and will continue to sustain damage.

WHEREFORE, Plaintiffs Vitti Corporate, LLC and BioXstem, LLC respectfully request this Court enter judgment in its favor and against Defendants Rainey, Conover, AIM, and Project Y as to Count V, for damages in excess of \$25,000, for costs, and for such other relief as this Court deems just and proper.

COUNT VI – RESPONDEAT SUPERIOR
(Plaintiffs against Defendant AIM)

71. Plaintiffs incorporate by reference all preceding paragraphs as if fully set forth herein.

72. Under the doctrine of respondeat superior, a principal may be held liable to a third party for injuries caused by the actions of an agent of the principal acting within the scope of the agency.

73. Defendants Rainey and Conover are agents of Defendant AIM.

74. Defendants Rainey and Conover were acting within the scope of their agency when they carried out (and continue to carry out) the bait and switch scheme.

75. Because Defendants Rainey and Conover were acting within the scope of their agency when they carried out (and continue to carry out) the bait and switch scheme, Defendant AIM is liable for the actions and omissions of Defendants Rainey and Conover.

WHEREFORE, Plaintiffs Vitti Labs, LLC, Vitti Corporate, LLC, and BioXstem, LLC respectfully request this Court enter judgment in their favor and against Defendant AIM as to Count VI, for damages in excess of \$25,000, for costs, and for such other relief as this Court deems just and proper.

COUNT VII – RESPONDEAT SUPERIOR
(Plaintiffs against Defendant Project Y)

76. Plaintiffs incorporate by reference all preceding paragraphs as if fully set forth herein.

77. Under the doctrine of respondeat superior, a principal may be held liable to a third party for injuries caused by the actions of an agent of the principal acting within the scope of the agency.

78. Defendants Rainey and Conover are agents of Defendant Project Y.

79. Defendants Rainey and Conover were acting within the scope of their agency when they carried out (and continue to carry out) the bait and switch scheme.

80. Because Defendants Rainey and Conover were acting within the scope of their agency when they carried out (and continue to carry out) the bait and switch scheme, Defendant Project Y is liable for the actions and omissions of Defendants Rainey and Conover.

WHEREFORE, Plaintiffs Vitti Labs, LLC, Vitti Corporate, LLC, and BioXstem, LLC respectfully request this Court enter judgment in their favor and against Defendant Project Y as to Count VII, for damages in excess of \$25,000, for costs, and for such other relief as this Court deems just and proper.

COUNT VIII – FRAUDULENT CONCEALMENT
(Plaintiffs Vitti Corporate and Vitti Labs against Defendant Rainey)

81. Plaintiffs Vitti Corporate and Vitti Labs incorporate by reference all preceding paragraphs as if fully set forth herein.

82. Defendant Rainey had a duty to disclose information to Plaintiffs Vitti Corporate and Vitti Labs, including any misrepresentations made to clients and potential clients regarding new client applications and the status of Plaintiff Vitti Labs's products.

83. Defendant Rainey's actions regarding the bait and switch scheme, which actions included making misrepresentations to physicians and physicians' groups regarding Plaintiffs Vitti Corporate and Vitti Labs denying their applications and being unable to fulfill orders, were not within the fair and reasonable reach of Plaintiffs Vitti Corporate and Vitti Labs.

84. Plaintiffs Vitti Corporate and Vitti Labs were unable to discover this concealed information despite exercising reasonable diligence.

85. As a result of Defendant Rainey's fraudulent concealment, Plaintiffs Vitti Corporate and Vitti Labs sustained damage and will continue to sustain damage.

WHEREFORE, Plaintiffs Vitti Corporate, LLC and Vitti Labs, LLC respectfully request this Court enter judgment in their favor and against Defendant Rainey as to Count VIII, for damages in excess of \$25,000, for costs, and for such other relief as this Court deems just and proper.

COUNT IX – TEMPORARY RESTRAINING ORDER AND INJUNCTION
(Plaintiffs Vitti Corporate, Vitti Labs, and BioXstem against Defendants)

86. Plaintiffs Vitti Corporate, Vitti Labs, and BioXstem incorporate by reference all preceding paragraphs as if fully set forth herein.

87. Paragraph 11 of the Competence and Understanding Agreement provides that, ■

_____.

88. Plaintiff Vitti Corporate is entitled to a temporary restraining order against Defendant Rainey under Paragraph 11 of the Competence and Understanding Agreement as

Defendant Rainey has breached the agreement by: (1) engaging directly with one of Plaintiff Vitti Corporate's competitors in fulfilling the ordered products as part of the Colluding Defendants' bait and switch scheme; and (2) representing to physicians and physicians' groups that Plaintiffs Vitti Corporate and Vitti Labs were unable to fulfill orders sold to them and that its competitor's products were equivalent or a substitute for Plaintiff Vitti Labs's products.

89. Not only does the Competence and Understanding Agreement allow for a temporary restraining order, Section 417.061 also allows for injunctive relief, including a restraining order. Section 417.061 does not require the posting of a bond.

90. Under Section 417.061, Plaintiffs Vitti Corporate, Vitti Labs, and BioXstem must merely show "[l]ikelihood of injury to business reputation or of dilution of the distinctive quality of a mark registered under sections 417.005 to 417.066, or a mark valid at common law, or a trade name valid at common law, shall be a ground for injunctive relief notwithstanding the absence of competition between the parties or the absence of confusion as to the source of goods or services."

91. Plaintiffs Vitti Corporate's, Vitti Labs's, and BioXstem's business reputation has been injured by Defendants in that they have misrepresented to physicians and physicians' groups that Plaintiff Vitti Labs is unable to fulfill orders and/or supply products to the Colluding Defendants to allow them to carry out their bait and switch scheme. Furthermore, upon information and belief, the Colluding Defendants' bait and switch scheme has resulted in lost gross revenue in excess of \$1,000,000.00.

92. Aside from the above, Plaintiffs Vitti Corporate's, Vitti Labs's, and BioXstem's business reputation will continue to be damaged and gross revenue losses will increase if a temporary restraining order or injunction is not entered against Defendants.

93. Significantly, Defendant Project Y is using non-transplantable supplies from Defendant Cardinal Biologicals, while the other Defendants go about distributing, marketing, and selling Defendant Project Y's products to physicians and physicians' groups for use in transplantable regenerative medicine. Clearly, this creates a serious risk to public health and safety.

WHEREFORE, Plaintiffs Vitti Corporate, Vitti Labs, and BioXstem, LLC respectfully request this Court enter a temporary restraining order or, alternatively, an injunction: (a) precluding the Colluding Defendants from contacting physicians or physicians' groups they signed up using their bait and switch scheme; (b) precluding the Colluding Defendants from making any representation regarding whether Plaintiff Vitti Labs's approved or denied physicians and physicians' groups' applications; (c) precluding Defendants from distributing, marketing, or selling Defendant Project Y's products to physicians and physicians' groups as its products are not transplantable and violates Defendant Rainey's non-compete agreement; (d) precluding Defendant Cardinal Biologicals from providing supplies to Defendant Project Y, directly or indirectly, as Defendant Project Y is using Defendant Cardinal Biologicals' supplies to create transplantable products; and (e) precluding the Colluding Defendants from using Plaintiffs Vitti Labs's and BioXstem's name, likeness, and trade name/trade mark.

Respectfully Submitted,

Case No.: 4:24-cv-264

JURY TRIAL DEMANDED

VERIFIED COMPLAINT

Plaintiffs Vitti Labs, LLC ("Vitti Labs"), Vitti Corporate, LLC ("Vitti Corporate"), and Gold Prairie Distribution, LLC ("Gold Prairie") (collectively referred to as "Vitti" or "Plaintiffs"), by and through their undersigned counsel, for their Complaint against Defendants The Regenerative Project, LLC d/b/a Platinum Biologics ("Platinum Biologics") and Michael "Beeben" Russell ("Mr. Russell") (collectively, referred to as "Defendants"), hereby state and allege the following:

INTRODUCTION

1. This lawsuit was precipitated by Defendants' deliberate efforts to mislead and misinform the public concerning Vitti's capabilities and capacities as a leading provider of human cellular and tissue-based products ("HCT/Ps"). Rather than compete fairly and honestly, Defendants have chosen to resort to attempting to torch Vitti's reputation. Although Defendants describe themselves as "patient advocates," they are actually competitors to Vitti with the goal of damaging Vitti's reputation in the marketplace.

2. Vitti and Defendants are in the business of developing, manufacturing, distributing, marketing, selling, and/or offering for sale HCT/Ps.

3. Vitti and Defendants are competitors in the HCT/Ps industry. Defendants have struggled to fairly obtain business in the industry and have now resorted to unfair and illegal tactics to obtain business.

4. Vitti works to provide HCT/Ps that have been registered with the Food and Drug Administration (“FDA”) and comply with the FDA requirements for Section 361 HCT/Ps as regulated under 21 C.F.R. § 1271.10(a). Vitti Labs is accredited by the American Association of Tissue Banks (“AATB”) as a 361 HCT/P manufacturer and provides these products for human clinical use to qualified medical professionals. Vitti has invested significant resources and time in developing, manufacturing, patenting, marketing, and selling HCT/Ps and technologies related thereto. It is Vitti’s mission to provide medical providers and professionals with a comprehensive portfolio of bio-ethically manufactured HCT/Ps to support their patients’ quality of life.

5. In contrast to Vitti’s business model and products offered for sale, Defendants market their facility as being “FDA-registered and a multi-state licensed tissue bank providing high-quality natural biologics to clinicians nationwide;” however, Defendants sell HCT/Ps labeled as *research use only* (“RUO”) to medical practitioners for *human clinical use*. Use of RUO products is only appropriate in *in vitro* studies or animal studies. RUO products are *not* suitable for human use.

6. In efforts to divert attention away from Defendants’ own inappropriate conduct, Defendants have concocted a devious scheme to spread false statements, descriptions, and representations regarding Vitti to the public at-large and to Vitti’s Sales Representatives and Customers. These false statements, descriptions, and misrepresentations falsely claim that Vitti is

unreliable, dishonest, not creditable, and are conducting themselves in a nefarious manner, not compliant with applicable laws and regulations. **These statements are wholly false.**

7. As an example of Defendants' devious scheme to mislead and misinform the public, Defendants have posted a video titled "Vitti Labs – Is VittiLabs An Imaginary 361 HCTP Product?" ("Video At-Issue") on LinkedIn, Facebook, and Loom that is accompanied by a written summary and statement, as further discussed below. The false statements, descriptions, and representations contained in the Video At-Issue and accompanying written summary and statement misrepresents the nature, characteristics, and qualities of Vitti's business operations and products.

8. Defendants have also schemed to interfere with Vitti's Sales Representatives and Customers and/or solicit them by contacting them and asserting false statements, descriptions, and representations about Vitti, such as those found in the Video At-Issue and accompanying written summary and statement.

9. Defendants' false statements, descriptions, and representations about Vitti and Defendants' interference with Vitti's Sales Representatives and Customers violate federal and state law and Vitti's rights.

10. Defendants' actions have caused Vitti to unfairly lose sales and profits, and also to suffer damage to its reputation, goodwill, business relationships, and customer confidence. Prior to Defendants' actions, Vitti held a fairly and properly obtained competitive advantage in the marketplace. Now, though, Vitti's business value has suffered in some unquantifiable ways. Vitti's Sales Representatives and Customers have repeatedly inquired about the Video At-Issue and the false statements, descriptions, and representations made therein and have expressed their concern about the quality and certification of HCT/Ps provided by Vitti.

11. Unless enjoined, Defendants' false statements will cause further irreparable damage to Vitti's goodwill, reputation, and market reputation and cause further Sales Representatives and Customers to stop doing business with Vitti.

12. This action is necessary to protect Vitti's sales, reputation, goodwill, business relationships, customer confidence, competitive advantage, and business value. Vitti seeks, among other remedies, injunctive relief (i) enjoining Defendants from making further false statements, descriptions, and representations about Vitti and (ii) ordering the removal of the Video At-Issue and the accompanying written summary and statement from all online platforms and/or forums.

NATURE OF THE ACTION

13. This is a civil action to enjoin and remedy: false advertising under the Lanham Act, 15 U.S.C. § 1125 *et seq.* and Missouri common law unfair business competition, injurious falsehood, defamation, and tortious interference with a contract and a business expectancy.

14. This action arises out of Defendants' false statements, descriptions, and representations regarding Plaintiffs.

PARTIES

15. Plaintiff Vitti Labs, LLC is a Missouri corporation having its principal place of business at 834 W. Kansas St., Suite C, Liberty, Missouri 64068. Vitti Labs is an industry leading developer and manufacturer of human cellular and tissue-based products, HCT/Ps.

16. Plaintiff Vitti Corporate, LLC is a Missouri corporation having its principal place of business at [REDACTED] Kansas City, Missouri 64112. Vitti Corporate is in the business of marketing, selling, and offering for sale HCT/Ps.

17. Plaintiff Gold Prairie Distribution, LLC is a Missouri corporation having its principal place of business at [REDACTED] Liberty, Missouri 64068. Gold Prairie is a distributor of HCT/Ps.

18. Upon information and belief, Defendant The Regenerative Project, LLC d/b/a Platinum Biologics is a Florida corporation having its principal place of business at [REDACTED] [REDACTED] Orlando, Florida 32803. On information and belief, Platinum Biologics is engaged in the business of marketing, buying, selling, and offering for sale HCT/Ps, either on its own or through its agents.

19. Defendant Michael "Beeben" Russell is a Texas resident residing in Aubrey, Texas and/or Dallas, Texas and, at all times relevant herein, was acting as an officer or agent of Platinum Biologics.

JURISDICTION AND VENUE

20. This Court has subject matter jurisdiction over the claims in this Complaint under 28 U.S.C. §§ 1331 & 1332, in that the cause of action involves a question of federal law, and is a civil action between citizens of different states wherein the subject matter in controversy exceeds the sum or value of \$75,000, exclusive of interests or costs.

21. This Court has personal jurisdiction over Defendants because Defendants:

- a. Engage in continuous and systematic business activities within the State of Missouri and this District, such as rendering, offering for sale, and selling products and/or services to Missouri-based customers within Missouri and this District;
- b. Regularly solicit business in Missouri and this District, deriving substantial revenue from interstate commerce, the State of Missouri, and this District;
- c. Have purposely directed substantial activities at the residents of Missouri

and this District, including Vitti, by means of their false statements, descriptions, and representations regarding Vitti, as further described herein, thereby causing injury to Vitti within the State of Missouri and this District;

d. Have committed and directed their willful, tortious conduct described herein at entities and persons located in Missouri and this District, including Vitti, which has caused Vitti to suffer injury in the State of Missouri and this District.

22. Venue is proper in this District under 28 U.S.C. § 1391(b)(2) & (3) because a substantial part of the events giving rise to the claims complained of herein, including Defendants' false statements, descriptions, and representations, are directed at Plaintiffs, which are situated in this District, and Defendants are subject to personal jurisdiction in this District.

FACTUAL ALLEGATIONS

A. BACKGROUND

Vitti's Background

23. Philipp R. Vitti ("Mr. Vitti") founded Plaintiff Vitti Labs in 2019. Mr. Vitti possesses a strong motivation to help others due to his personal journey with medical issues, having been born with a genetic defect known as pectus excavatum.

24. Mr. Vitti has battled this condition all of his life. At the age of five years old, Mr. Vitti underwent his first cardio thoracic surgery, which left him disabled and "sickly" for many years.

25. In his twenties, Mr. Vitti underwent a second surgery, and then developed pulmonary hypertension and had developed fibrotic tissue due to his condition over the years as well as heart complications. These compounding medical issues challenged him every day as there were no cures – just the reality of more surgeries and medical procedures.

26. Realizing very early in life that there was no cure for pectus excavatum or the impact it inflicted on his life, Mr. Vitti knew he had a progressive disease that would eventually leave him in a wheelchair and likely on oxygen, thereby affecting his quality of life and lifespan.

27. Mr. Vitti is a problem solver and innovator – having been referred to as a “serial inventor and entrepreneur.” His personal battle with medical issues, combined with his acumen as a businessman and chemist, enabled Mr. Vitti to have a unique perspective and flow of ideas that led him to research biological materials that could make positive impacts on his disease. His desire to help not just himself but others affected by the disease was a true calling.

28. Mr. Vitti discovered the possibilities existing with birth tissue and founded Vitti Labs. Eventually he built an organization to research and develop products for those impacted by diseases for which there are no cure. He wanted children to enjoy their childhoods and adults to enjoy quality time with their children, and he knew firsthand the difference he could make to improve the quality of life for all people affected by his disease.

29. Mr. Vitti’s research led to the ethical development and manufacture of birth tissue implantable products that can be used commercially, as well as the development of medical drugs currently undergoing human trials with the hope to one day bring them to the market. All of this propels his desire to continue to work to find a cure for pulmonary fibrosis and other respiratory diseases.

30. Vitti Labs has taken great care to ensure that its commercial products available today are human cells, tissues, or cellular or tissue-based products (HCT/Ps) as defined in 21 C.F.R. § 1271.3(d), meet all of the criteria listed in 21 C.F.R. § 1271.10(a), and are therefore regulated solely under section 361 of the Public Health Service (“PHS”) Act, 42 U.S.C. 264.

31. Human cells, tissues, and cellular and tissue-based products (HCT/Ps) are defined by 21 C.F.R. § 1271.3(d).

32. HCT/Ps that meet 21 C.F.R. § 1271.10(a), are known as “361 HCT/Ps” and consist of human cells, tissues, and cellular and tissue-based products intended for implantation, transplantation, infusion or transfer into a human recipient as described in the FDA July 2020 Guidance: “Regulatory Considerations for Human Cells, Tissues, and Cellular and Tissue-Based Products: Minimal Manipulation and Homologous Use.”

33. The FDA regulates a 361 HCT/Ps solely if it meets certain criteria established by the FDA, including the following:

- a. The HCT/P is minimally manipulated;
- b. The HCT/P is intended for homologous use only, as reflected by the labeling, advertising, or other indications of the manufacturer’s objective intent;
- c. The manufacture of the HCT/P does not involve the combination of the cells or tissues with another article, except for water, crystalloids, or a sterilizing, preserving, or storage agent, provided that the addition of water, crystalloids, or the sterilizing, preserving, or storage agent does not raise new clinical safety concerns with respect to the HCT/P; and
- d. Either one of the following:
 - i. The HCT/P does not have a systemic effect and is not dependent upon the metabolic activity of living cells for its primary function; or
 - ii. The HCT/P has a systemic effect or is dependent upon the metabolic activity of living cells for its primary function, and:
 - a) Is for autologous use;

- b) Is for allogeneic use in a first-degree or second-degree blood relative; or
- c) Is for reproductive use.

34. FDA regulations of 361 HCT/Ps must establish registration, and consist of the following: Current Good Tissue Practice (“cGTP”) and establish and maintain a quality program intended to prevent the introduction, transmission, or spread of communicable disease through the manufacture and use of HCT/Ps. This includes donor eligibility (donor screening and testing), storing, processing, packaging, labeling, and distribution processes and procedures that maintain a quality program to monitor facility, environmental controls, equipment, supplies and reagents, recovery, processing and process controls, storage, labeling controls, requirements to receipt, pre-distribution shipment, and distribution, donor eligibility determinations, donor screenings, and donor testing, adverse reaction reporting. Premarket review (licensure, clearance, and approval) by the FDA is not required for 361 HCT/Ps.

35. Vitti Labs is in the business of manufacturing 361 HCT/Ps for commercial use. Vitti Labs is accredited with the American Association of Tissue Banks (AATB), registered with the FDA, and certified under the Current Good Manufacturing Practice (“cGMP”) regulations enforced by the FDA.

36. To become accredited and certified by the AATB, Vitti Labs must undergo stringent examination of their processes and procedures to show they are in compliance with the AATB standards.

37. Vitti Labs’ interaction with the FDA and compliance with its regulations is ongoing. Vitti Labs’ AATB accreditation is in good standing. Since 2021, Vitti Labs has been inspected by the FDA twice and the AATB three times. Accordingly, Vitti Labs is in compliance

to provide 361 HCT/Ps to physicians and other health care providers as a compliant FDA establishment and AATB accredited tissue bank, and Vitti Labs only provides 361 HCT/Ps which have met the qualifications for commercial use in humans. 361 HCT/P products manufactured by Vitti Labs are distributed nationwide.

38. Vitti Corporate is in the business of selling 361 HCT/Ps. Vitti Corporate was established in March 2022. Vitti Corporate is responsible for establishing a sales network to sell Vitti Labs products.

39. Gold Prairie is in the business of being a medical distribution company. Gold Prairie was established in February 2023.

40. Plaintiffs contract and work with one another in order to bring the 361 HCT/Ps that Vitti Labs sells for human use to the market for medical providers and professionals to purchase. Plaintiffs have invested significant resources and time in developing, manufacturing, patenting, marketing, and selling 361 HCT/Ps and technologies related thereto. It is Plaintiffs' mission to provide medical providers and professionals with a comprehensive portfolio of bio-ethically manufactured 361 HCT/Ps to support their patients' quality of life.

41. Plaintiffs pride themselves in the work provided and adhere to five guiding principles:

- a. Believing research is invaluable.
- b. Engaging in peer, physician, and patient collaboration.
- c. Respecting and upholding regulatory guidelines through a proactive culture.
- d. Establishing and following rigorous protocols and procedures to ensure quality and safety.
- e. Proving their processes with above industry standard testing by third-party labs.

Defendants' Profile

42. Platinum Biologics markets, buys, sells, and offers for sale HCT/Ps, either on its own or through its agents. Platinum Biologics considers itself one of Plaintiffs' competitors in the HCT/Ps industry.

43. Through Platinum Biologics' website at URL **Error! Hyperlink reference not valid.**, a true and accurate screenshot is attached hereto as **Exhibit A**. Platinum Biologics markets its facility as being "FDA-registered and a multi-state licensed tissue bank providing high-quality natural biologics to clinicians nationwide."

44. However, Platinum Biologics sells HCT/Ps labeled as research use only (RUO) to medical practitioners for clinical use. Platinum Biologics' products are not registered with the FDA as HCT/Ps nor do they have a biologics drug license. In addition, use of RUO products is only appropriate in *in vitro* studies or animal studies. RUO products are not suitable for human use.

45. Michael "Beeben" Russell is employed by Platinum Biologics as its Chairman of the Executive Board and, at all times relevant herein, was acting as an authorized agent and representative of Platinum Biologics. A true and accurate screenshot of Mr. Russell's LinkedIn profile at URL <https://www.linkedin.com/in/beebeben-russell-64175470/> is attached hereto as **Exhibit B**.

B. THE VIOLATIVE CONDUCT OF PLATINUM BIOLOGICS AND MR. RUSSELL

46. On or around March 13, 2024, Platinum Biologics, acting through Mr. Russell, uploaded a video titled "Vitti Labs – Is VittiLabs An Imaginary 361 HCTP Product?" (Video At-Issue) on the third-party video website platform called Loom at URL <https://www.loom.com/share/af7a84c7c70248e3a96d7f641a5b115d>, a true and accurate screenshot is attached hereto as **Exhibit C**.

47. On or around March 14, 2024, Mr. Russell posted the Video At-Issue on his personal Facebook account at URL <https://www.facebook.com/beehen.russell>, a true and accurate screenshot is attached hereto as **Exhibit D**.

48. On or around March 20, 2024, Mr. Russell posted the Video At-Issue on his LinkedIn account at URL <https://www.linkedin.com/feed/update/urn:li:activity:7174157603713753088/>, a true and accurate screenshot is attached hereto as **Exhibit E**.

49. The Video At-Issue posted on the various online platforms is viewable to anyone who has access to the Internet, including those viewers located in Missouri and this District.

50. Through the Video At-Issue, Mr. Russell makes various false statements, descriptions, and representations about Plaintiffs. These statements, descriptions, and representations suggests to the viewer that Plaintiffs are unreliable, dishonest, not creditable, and are conducting themselves in a nefarious manner.

51. Such false statements, descriptions, and representations that Mr. Russell makes in the Video At-Issue about Plaintiffs include, but are not limited to, the following:

- Equating Plaintiffs to the mob selling drugs “out the back door” of an Italian restaurant;
- Plaintiffs are not licensed to sell their products;
- Plaintiffs do not “have an address” and have “no products, no nothing.”
- Plaintiffs have “got 50 million dollars-worth of research being done, at least. No PhD, no published studies, just poof right?”
- Plaintiffs are “selling supplements out the back door. Seems to be a lot of out the back door...”
- “So understanding this, it’s not a good idea [for Plaintiffs] to basically call themselves a drug manufacturer and then, in the same sentence, tell everyone that [Plaintiffs] are the only 361 tissue company and [Plaintiffs] are the only one in the United States that has this approval or recognition or whatever you want to call it, right, to sell human cell and tissue products while the other side of [Plaintiffs’] mouth, all [Plaintiffs are doing] and saying is [Plaintiffs have] a 100 millions of dollars in poof, magic air research being done in, like what, a 1000 square foot facility that no one has any pictures.”

- “So [Plaintiffs say] they’re the only 361, but yet the FDA gave them a public warning letter saying [Plaintiffs] are not a 361.”
- “And when you look and you see that [Plaintiffs] have split up the company, this is Vitti Labs, LLC. There’s also Vitti Corporate which is Ryan Kuczen. He’s actually put together an outside distributor force and I don’t even think Vitti actually sells the products for Vitti the lab. And you have to wonder why would [Plaintiffs] complicate change of custody so far like that. I mean, you know the obvious answer to that, right? Or at least in my opinion, the answer would be is [Plaintiffs] is “look over here” and not “over here,” or moving liability, or hiding. You know, there is a lot of things that could be said to that but once again, there’s a lot of weird stuff here.”
- “Think about the malpractice, there’s a claim and they go “Oh well [Plaintiffs] have a public warning letter. [Plaintiffs] also, the change of custody where the products ordered from is not “here.” Who’s going to take responsibility? Who has insurance behind that, right?” I would be a little worried because that’s really the problem behind a warning letter and someone just not being honest about their intentions of what they’re actually doing.”

52. Such statements are wholly false and meant to damage Plaintiffs.

53. As noted above, Plaintiffs meet or exceed all regulatory guidelines for the manufacture and sale of their products. There is zero factual basis in equating Plaintiffs with the “mob” selling drugs out the back door of an Italian restaurant or to even insinuate that Plaintiffs are somehow improperly manufacturing and selling products.

54. Vitti has never claimed that it is the “only” registered Section 361 provider as Defendants’ falsely state. As noted herein, it is a registered Section 361 provider, not the only registered Section 361 provider.

55. Similarly, the FDA warning letter did not determine Vitti that it is not a registered Section 361 provider nor are its products unlawfully being sold. The FDA has never given determination that Vitti Labs’ commercial products are not 361 HCT/Ps or taken any action to stop Vitti Labs from selling their products.

56. Plaintiffs have always registered their products with the FDA if required by applicable law. Since receiving the FDA warning letter, Plaintiffs have registered their products

with the FDA pursuant to Section 361 multiple times. The FDA has accepted and renewed the registration of Plaintiffs' products each time.

57. The reasons for separating Vitti Labs, Vitti Corporate, and Gold Prairie are for business operational purposes. Plaintiffs are not attempting to hide liability as the video states. The business organization has no impact on malpractice insurance for either Plaintiffs' or their medical provider clients.

58. Defendants' statements about potential effect on the malpractice insurance for Plaintiffs' customers are meant to plant the seeds of fear in Plaintiffs' customers and to make them believe that business dealings with Plaintiffs may impact their malpractice insurance rates or coverage.

59. Such false statements that the corporate structure somehow nullifies Plaintiffs' malpractice insurance are made to scare Plaintiffs' current and prospective customers and sales representatives with the intention of interfering with the relationship between Plaintiffs and their customers and sales representatives.

60. The Video At-Issue posted on Loom includes a summary that states "Video Disclaimer Below - Credit : Brandon Spencer" (*see* Exhibit C), which is further damaging and inaccurate as the individual Brandon Spencer ("Mr. Spencer") is a sales representative, independently contracted, for Gold Prairie.

61. Such a misrepresentation suggests to the viewer that one of Gold Prairie's sales representatives had assisted in the making of and/or provided information included in the Video At-Issue and that such statements, descriptions, and representations that Mr. Russell makes in the Video At-Issue are truthful and reliable when in fact they are not.

62. Along with posting the Video At-Issue, Mr. Russell includes the following written statement in his posts on Facebook and LinkedIn:

Vitti Labs! Is Vitti Labs an Imaginary 361 HCTP Product? Is Vitti Labs a Drug manufacture?

Lately we've seen some WILD claims coming from Vitti Labs. Who isn't suppose to be selling product, and kind of doesn't anymore.. But they do? What does this mean for you? What does this mean for your malpractice?

These are only my opinions please see the video for full disclaimer.

See Exhibits D and E. This statement also contains false statements, descriptions, and representations about Plaintiffs.

63. As noted above Vitti is fully complies with state and federal laws to sell its products. Defendants assert that “[Vitti] isn’t supposed to be selling product...] falsely claims that a regulatory agency has forced Vitti to stop selling product, which is false.

64. As noted above, Plaintiffs’ corporate structure has no bearing on malpractice insurance for either Plaintiffs or their medical professional customers. Such statements are meant to interfere with Plaintiffs’ relationships with its customers and sales representatives.

65. The statements made by Mr. Russell in the Video At-Issue and accompanying written summary and statement were not his “opinions” but were statements and accusations he purported to be as fact and Mr. Russell made the statements with intent to hurt Plaintiffs.

66. Upon information and belief, in addition to these false statements, Defendants have contacted Plaintiffs’ sales representatives (“Plaintiffs’ Sales Representatives”) and other individuals and entities, including Plaintiffs’ customers and/or potential customers (“Plaintiffs’ Customers”), further asserting false statements, descriptions, and representations about Plaintiffs, such as those found in the Video At-Issue and accompanying written summary and statement.

67. Unfortunately, Mr. Russell's actions are not unique to Plaintiffs as Mr. Russell and Platinum Biologics appear to have a history of tortiously interfering with the business of other companies in the industry and soliciting customers of those companies.

68. On April 18, 2023, Mr. Russell's prior employer Row1 Inc. d/b/a Regenerative Labs ("Regenerative Labs") sued Mr. Russell, Platinum Biologics, Mr. Russell's brother Marcus Russell, and other individuals ("Florida case"). *See Row 1 Inc. v. Michael Russell et al.*, Circuit Court of the First Judicial Circuit in and for Escambia, County, Florida, Case No. 2023 CA 001747, Complaint (Filing #171270150), for breach of contract regarding non-compete and non-solicitation clauses between Regenerative Labs and Mr. Russell. *Id.* Regenerative Labs also sued Platinum Biologics for tortious interference. *Id.* It is alleged that after Mr. Russell and the other named defendant individuals resigned from Regenerative Labs, Mr. Russell and the other individuals formed the competing venture fictitiously named Platinum Biologics, the legal business name being The Regenerative Project, LLC. *Id.* Regenerative Labs further alleges that Mr. Russell, Platinum Biologics, and the other individuals did or attempted to solicit customers and sales representatives of Regenerative Labs. *Id.*

C. IRREPARABLE HARM TO PLAINTIFFS

69. Plaintiffs' Sales Representatives and Customers are located both inside and outside of the state of Missouri and this District.

70. Plaintiffs have contracts and/or valid business relationships with their Sales Representatives and Customers, where Plaintiffs, respectively, (1) engaged and/or expected to engage with Plaintiffs' Sales Representatives so that the Sales Representatives would solicit orders for HCT/P products from prospective and existing customers and (2) provided and/or expected to provide Plaintiffs' Customers with HCT/P products.

71. Plaintiffs' Sales Representatives and Customers have repeatedly inquired about the Video At-Issue and the false statements, descriptions, and representations made therein, and have expressed their concern about the quality and certification of HCT/Ps provided by Plaintiffs. In one given week, after Defendants' posting of the Video At-Issue, Plaintiffs had at least 5 of their customer accounts inquire about the false statements, descriptions, and representations made by Defendants.

72. By asserting false statements, descriptions, and representations about Plaintiffs to Plaintiffs' Sales Representatives and Customers, such as those found in the Video At-Issue and accompanying written summary and statement, Defendants have intentionally interfered with Plaintiffs' contracts and business relationships with Plaintiffs' Sales Representatives and Customers while having knowledge of said contracts and business relationships.

73. As a result of Defendants' tortious interference with Plaintiffs' contracts and business relationships with Sales Representatives and Customers, some of Plaintiffs' Sales Representatives and Customers have stopped doing further business with Plaintiffs, and Plaintiffs expect that other Sales Representatives and Customers may stop doing further business with Plaintiffs.

74. Defendants' actions have harmed Plaintiffs' reputation in the marketplace, including causing irreparable damage to Plaintiffs' reputation and perception among its customers and sales representatives.

75. Plaintiffs believe they have lost sales as a result of Defendants' posting of the Video At-Issue and accompanying written summary and statement and other conduct of Defendants involving similar false statements, descriptions, and representations regarding Plaintiffs as those found in the Video At-Issue and accompanying written summary and statement.

76. Furthermore, as a result of Defendants' posting of the Video At-Issue and accompanying written summary and statement and other conduct of Defendants involving similar false statements, descriptions, and representations regarding Plaintiffs, Plaintiffs' reputation, goodwill, business relationships, customer confidence, competitive advantage, and business value has suffered in unquantifiable ways that would be impossible to ascertain.

COUNT I
FALSE ADVERTISING UNDER THE LANHAM ACT, 15 U.S.C. § 1125(a)

77. Plaintiffs repeat the allegations in the preceding paragraphs as though fully set forth herein.

78. Defendants' statements, descriptions, and representations about Plaintiffs, such as those made in the Video At-Issue and accompanying written summary and statement, to the public-at-large, Plaintiffs' sales representatives, and Plaintiffs' customers and/or potential customers constitute false or misleading statements regarding Plaintiffs.

79. Defendants' use of false or misleading representations of fact in commercial advertising or promotion or solicitation misrepresents the nature, characteristics, and/or qualities of Plaintiffs' business operations and products.

80. Defendants' use of false or misleading representations of fact has the tendency to deceive a substantial portion of the targeted consumer audience, or actually deceive the target consumers.

81. Defendants' false or misleading representations of fact are material in that they are likely to influence purchasing decisions of the target consumers.

82. Defendants' false or misleading representations of fact concern Plaintiffs' HCT/Ps and/or other products, which are advertised, promoted, sold, and distributed in interstate commerce.

83. Plaintiffs have been and continue to be damaged and injured by Defendants' false or misleading representations of fact through diversion of sales and/or loss of goodwill.

84. Defendants knew that the representations of fact were false or misleading.

85. Defendants' false or misleading representations of fact were made in bad faith and malice or reckless indifference to Plaintiffs' and consumers' interests.

86. Defendants' bad faith, false or misleading representations of fact regarding Plaintiffs and Plaintiffs' business operations and products makes this an exceptional case within the meaning of 15 U.S.C. § 1117.

87. Defendants continue to make false or misleading representations of fact regarding Plaintiffs and Plaintiffs' business operations and products and will continue to do so unless enjoined by this Court as provided by 15 U.S.C. § 1116.

88. Plaintiffs are entitled to damages, including an award of Defendants' profits earned from the sale of HCT/Ps that resulted from Defendants' false statements, descriptions, and representations about Plaintiffs; any damages sustained by Plaintiffs; and the costs of this action pursuant to 15 U.S.C. § 1117.

89. Defendants' conduct was intentional, wanton, and in complete disregard of Plaintiffs' rights in that Defendants knew their statements were false or had reckless disregard for their falsity, entitling Plaintiffs to punitive damages.

COUNT II
UNFAIR COMPETITION UNDER MISSOURI COMMON LAW

90. Plaintiffs repeat the allegations in the preceding paragraphs as though fully set forth herein.

91. Defendants' statements, descriptions, and representations about Plaintiffs, such as those made in the Video At-Issue and accompanying written summary and statement, to the public-

at-large, Plaintiffs' sales representatives, and Plaintiffs' customers and/or potential customers constitute misrepresentations regarding Plaintiffs and Plaintiffs' business operations and products.

92. Defendants knew that the representations of fact were false or misleading.

93. Defendants' misrepresentations were calculated to deceive consumers under the ordinary conditions which prevail in the HCT/Ps industry.

94. Defendants' false or misleading representations of fact will have the natural and probable result of deceiving a portion of the target consumer audience.

95. Defendants' false or misleading representations of fact were made in bad faith and malice or reckless indifference to Plaintiffs' and consumers' interests.

96. Plaintiffs have been and continue to be damaged and injured by Defendants' false or misleading representations of fact through diversion of sales and/or loss of goodwill.

97. Defendants' conduct was intentional, wanton, and in complete disregard of Plaintiffs' rights in that Defendants knew their statements were false or had reckless disregard for their falsity, entitling Plaintiffs to punitive damages.

COUNT III
INJURIOUS FALSEHOOD UNDER MISSOURI COMMON LAW

98. Plaintiffs repeat the allegations in the preceding paragraphs as though fully set forth herein.

99. Defendants have published false statements, descriptions, and representations about Plaintiffs through the posting of the Video At-Issue and accompanying written summary and statement.

100. Defendants' statements, descriptions, and representations about Plaintiffs are harmful to the interests of Plaintiffs.

101. Defendants intended for the publication of the false statements, descriptions, and representations about Plaintiffs to harm Plaintiffs; or Defendants recognized or should have recognized that the publication of the false statements, descriptions, and representations is likely to result in harm to Plaintiffs.

102. Defendants knew that their statements, descriptions, and representations about Plaintiffs were false, or Defendants had reckless disregard of the truth or falsity of their statements, descriptions, and representations about Plaintiffs.

103. As a result of Defendants' actions, Plaintiffs have suffered pecuniary loss, including diversion of sales and/or loss of goodwill.

104. Defendants' conduct was intentional, wanton, and in complete disregard of Plaintiffs' rights in that Defendants knew their statements were false or had reckless disregard for their falsity, entitling Plaintiffs to punitive damages.

COUNT IV
DEFAMATION UNDER MISSOURI COMMON LAW

105. Plaintiffs repeat the allegations in the preceding paragraphs as though fully set forth herein.

106. Defendants have published defamatory statements, descriptions, and representations about Plaintiffs and identified Plaintiffs through the posting of the Video At-Issue and accompanying written summary and statement. Upon information and belief, Defendants have also made similar defamatory statements regarding Plaintiffs and their sales representatives both verbally and textually to Plaintiffs' sales representatives, customers, and/or potential customers.

107. Defendants' defamatory statements, descriptions, and representations about Plaintiffs misrepresent the nature, characteristics, and/or qualities of Plaintiffs' business operations and products.

108. Defendants' defamatory statements, descriptions, and representations about Plaintiffs are false and Defendants knew that their statements, descriptions, and representations about Plaintiffs were false, or Defendants had reckless disregard of the truth or falsity of their statements, descriptions, and representations about Plaintiffs.

109. Plaintiffs have been and continue to be damaged and injured by Defendants' defamatory and false statements, descriptions, and representations about Plaintiffs through diversion of sales and/or loss of goodwill.

110. Defendants' conduct was intentional, wanton, and in complete disregard of Plaintiffs' rights in that Defendants knew their statements were false or had reckless disregard for their falsity, entitling Plaintiffs to punitive damages.

COUNT V
TORTIOUS INTERFERENCE WITH CONTRACT
UNDER MISSOURI COMMON LAW

111. Plaintiffs repeat the allegations in the preceding paragraphs as though fully set forth herein.

112. Plaintiffs contract with Plaintiffs' Sales Representatives and Customers, where Plaintiffs, respectively, (1) engaged with Plaintiffs' Sales Representatives so that the Sales Representatives would solicit orders for HCT/P products from prospective and existing customers and (2) provided Plaintiffs' Customers with HCT/P products.

113. Defendants were aware of Plaintiffs' Sales Representatives and Customers that had contracted with Plaintiffs.

114. Defendants contacted Plaintiffs' Sales Representatives and Customers and asserted false statements, descriptions, and representations about Plaintiffs, such as those found in the Video At-Issue and accompanying written summary and statement, to Plaintiffs' Sales Representatives and Customers.

115. By asserting false statements, descriptions, and representations about Plaintiffs, such as those found in the Video At-Issue and accompanying written summary and statement, to Plaintiffs' Sales Representatives and Customers, Defendants intentionally interfered with Plaintiffs' contract with Plaintiffs' Sales Representatives and Customers.

116. As a result of Defendants' tortious interference with Plaintiffs' contracts with Plaintiffs' Sales Representatives and Customers, Defendants have induced or caused Plaintiffs' Sales Representatives and Customers to cancel their contracts with Plaintiffs, or Plaintiffs expect Plaintiffs' Sales Representatives and Customers to cancel their contracts with Plaintiffs.

117. There exists no justification for the actions of Defendants in inducing or causing Plaintiffs' Sales Representatives and Customers to cancel their contracts with Plaintiffs.

118. But for the conduct of Defendants, Plaintiffs' Sales Representatives and Customers would have continued their existing contractual relationship with Plaintiffs.

119. Plaintiffs have been and continue to be damaged and injured by Defendants' tortious interference with Plaintiffs' contracts with Plaintiffs' Sales Representatives and Customers through diversion of sales and/or loss of goodwill.

120. Defendants' conduct was willful and malicious with the intent to harm Plaintiffs and Defendants' actions were done without justification, entitling Plaintiffs to punitive damages.

COUNT VI
TORTIOUS INTERFERENCE WITH A BUSINESS EXPECTANCY
UNDER MISSOURI COMMON LAW

121. Plaintiffs repeat the allegations in the preceding paragraphs as though fully set forth herein.

122. Plaintiffs maintain business relationships with numerous Plaintiffs' Sales Representatives and Customers where Plaintiffs, respectively, validly expected to (1) engage with Plaintiffs' Sales Representatives so that the Sales Representatives would solicit orders for HCT/P

products from prospective and existing customers and (2) provide Plaintiffs' Customers with HCT/P products.

123. Defendants were aware of Plaintiffs' Sales Representatives and Customers that have business relationships with Plaintiffs.

124. Defendants contacted Plaintiffs' Sales Representatives and Customers and asserted false statements, descriptions, and representations about Plaintiffs, such as those found in the Video At-Issue and accompanying written summary and statement, to Plaintiffs' Sales Representatives and Customers.

125. By asserting false statements, descriptions, and representations about Plaintiffs, such as those found in the Video At-Issue and accompanying written summary and statement, to Plaintiffs' Sales Representatives and Customers, Defendants intentionally interfered with Plaintiffs' business relationships with Plaintiffs' Sales Representatives and Customers.

126. As a result of Defendants' tortious interference with Plaintiffs' business relationships with Plaintiffs' Sales Representatives and Customers, Defendants have induced or caused Plaintiffs' Sales Representatives and Customers to cease business relationships with Plaintiffs, or Plaintiffs expect Plaintiffs' Sales Representatives and Customers to cease business relationships with Plaintiffs.

127. There exists no justification for the actions of Defendants in inducing or causing Plaintiffs' Sales Representatives and Customers to cease business relationships with Plaintiffs.

128. But for the conduct of Defendants, Plaintiffs' Sales Representatives and Customers would have continued their business relationship with Plaintiffs and Plaintiffs, respectively, would have (1) engaged with Plaintiffs' Sales Representatives so that the Sales Representatives would

solicit orders for HCT/P products from prospective and existing customers and (2) provided Plaintiffs' Customers with HCT/P products.

129. Plaintiffs have been and continue to be damaged and injured by Defendants' tortious interference with Plaintiffs' contracts with Plaintiffs' Sales Representatives and Customers through diversion of sales and/or loss of goodwill.

130. Defendants' conduct was willful and malicious with the intent to harm Plaintiffs and Defendants' actions were done without justification, entitling Plaintiffs to punitive damages.

PRAYER FOR RELIEF

Wherefore, Plaintiffs request that this Court enter judgment in their favor and against Defendants on all claims as follows:

- a) Granting preliminary and permanent injunctive relief immediately enjoining Mr. Russell and Platinum Biologics and its officers, agents, employees, and all persons or entities in active concert or participation with it, from making further false statements, descriptions, and representations about Plaintiffs;
- b) Granting preliminary and permanent injunctive relief immediately ordering the removal of the Video At-Issue and the accompanying written summary and statement from all online platforms and/or forums;
- c) Awarding all damages to Plaintiffs allowable under the law, together with pre-judgment and post-judgment interest thereon;
- d) Finding this case to be an exceptional case pursuant to 35 U.S.C. § 285;
- e) Increasing the amount of damages awarded to Plaintiffs to three times the amount found or assessed by this Court because of the willful and deliberate nature of Defendants' acts, pursuant to 15 U.S.C. § 1117(a);
- f) Awarding to Plaintiffs their reasonable attorneys' fees incurred in this action to the extent allowed by law;
- g) Awarding to Plaintiffs their costs incurred in this action;
- h) For any other relief this Court deems just and proper.

JURY TRIAL DEMAND

Plaintiffs respectfully demand a trial by jury on all claims and issues so triable.

Dated: April 12, 2024.

Respectfully submitted,

POLSINELLI PC

Case No.:

VERIFICATION

I, Philipp R. Vitti, make the following declaration under oath:

1. I am an adult citizen over 18 years of age and otherwise competent to make this declaration. This declaration is based upon my personal knowledge.

2. I am the Founder, Co-Owner, and Chief Science Officer of Plaintiffs Vitti Labs LLC ("Vitti Labs") in the above-entitled action.

3. I have read the foregoing VERIFIED COMPLAINT and know the contents thereof; and the same is true of my knowledge, except as those matters which are therein stated upon my information and belief, and as to those matters, I believe it to be true.

Pursuant to 28 U.S.C. § 1746, I declare under penalty of perjury that the foregoing testimony is true and correct to the best of my knowledge and information.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✓
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacture or distribution of drugs or the practice of pharmacy?		✓
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)	✓	
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?	✓	
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✓
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

PETITION FOR DAMAGES AND EQUITABLE RELIEF

Pursuant to Mo. R. Civ. P. 55.01 and 55.05, plaintiffs Vitti Corporate, LLC, Vitti Labs, LLC, and BioXstem, LLC, set forth the following allegations and claims against defendants Douglas Rainey, Amanda Conover, Athletic Integrative Medicine Corp., Project Y Biotech, LLC, and Cardinal Biologicals, Inc.:

INTRODUCTION

This is a case regarding a complicated bait-and-switch scheme that took significant planning and preparation by the Colluding Defendants to carry out. Defendant Rainey is the ringleader of this complicated scheme, even though his actions violate his non-compete agreement with Plaintiffs Vitti Labs's and BioXstem. The Colluding Defendants pirated Plaintiffs Vitti Labs's and BioXstem's name, likeness, and brand in order to operate the bait-and-switch scheme, causing substantial damage to Plaintiffs and the human cellular tissue industry as a whole. This is due in part to the Colluding Defendants using Defendant Project Y's products as the "switch" in the scheme, even though Defendant Project Y's products use materials from Defendant Cardinal Biologicals that are non-transplantable. Despite their products being non-transplantable, the Colluding Defendants distributed, marketed, and sold the products for transplantable use to physicians and physicians' groups.

PARTIES

1. Plaintiff Vitti Corporate, LLC ("Plaintiff Vitti Corporate") is a Missouri limited liability company with its principal place of business in Kansas City, Jackson County, Missouri. It is authorized and in good standing to do business in the State of Missouri.

2. Plaintiff Vitti Labs, LLC ("Plaintiff Vitti Labs") is a Missouri limited liability company with its principal place of business in Liberty, Clay County, Missouri. It is authorized and in good standing to do business in the State of Missouri.

3. Plaintiff BioXstem, LLC ("Plaintiff BioXstem") is a Nevada limited liability company.

4. Defendant Douglas Rainey ("Defendant Rainey") is an individual, who is a citizen and resident of Arizona. Upon information and belief, he may be served at [REDACTED].

5. Defendant Amanda Conover ("Defendant Conover") is an individual, who is a citizen and resident of Texas. Upon information and belief, she may be served at [REDACTED].

6. Defendant Athletic Integrative Medicine Corp. ("Defendant AIM") is an Arizona for-profit corporation. Defendant AIM can be served through its registered agent, Defendant Rainey, at 4665 N. Quartz Hill Place, Tucson, Arizona 85750-9691.

7. Defendant AIM's sole owner is Defendant Rainey, who is Defendant AIM's president and CEO and only director. All actions of Defendant Rainey alleged herein were during and within his scope of work with Defendant AIM.

8. Defendant Conover is a clinical consultant with Defendant AIM. All actions of Defendant Conover alleged herein were during and within her scope of work with Defendant AIM.

9. Defendant Project Y Biotech, LLC ("Defendant Project Y") is a California limited liability company. Defendant Rainey is the owner of Defendant Project Y, who can be served through its registered agent, Defendant Rainey, at 4665 N. Quartz Hill Place, Tucson, Arizona 85750-9691.

10. Defendant Cardinal Biologicals, Inc. ("Defendant Cardinal Biologicals") is a Texas for-profit organization with its principal place of business in Cape Girardeau, Missouri. Defendant Cardinal Biologicals is authorized and is in good standing to do business in the State of Missouri. Defendant Cardinal Biologicals can be served through its registered agent, Paul Pfeiffer, at 821 Progress St., Cape Girardeau, Missouri 63703.

JURISDICTION AND VENUE

11. Pursuant to Section 506.500, RSMo 2016, jurisdiction is proper in this Court as the causes of action against Defendants arise out of tortious acts committed within this State of Missouri, including causing damages to Plaintiffs in Missouri. Upon information and belief, jurisdiction is also proper in this Court as the causes of action against Defendants include transactions Defendants made within this State of Missouri.

12. As to Defendant Rainey, he entered a contract entitled "Competence and Understanding Agreement," which causes of action, in part, relate to this agreement. Under the Competence and Understanding Agreement, Defendant Rainey consented to the jurisdiction of Missouri courts.

13. Under Section 508.010, RSMo Supp. 2019, venue is proper in this Court because at least one Plaintiff, Vitti Labs, was first injured in Clay County, Missouri.

GENERAL ALLEGATIONS

14. Plaintiff Vitti Labs is engaged in the business of, among others, providing proprietary Human Cellular Tissue Products, research and development products, Investigational New Drug products, cosmetics, and aesthetic market products suitable for human or non-human markets.

15. Plaintiff Vitti Labs's products are provided to physician directed markets, clinics, hospitals, and aesthetic markets, through medical offices operated by third-party physicians, or physician groups that have agreed to provide such products and services from Plaintiff Vitti Labs.

16. Plaintiff BioXstem is a proprietary marketing services business that offers services that target medical professionals, their staff, and in some cases their affiliates throughout the United States.

17. On or about March 11, 2022, Plaintiff Vitti Corporate entered into an agreement entitled "Preferred Distributor Agreement" with BioXstem, wherein BioXstem agreed to distribute certain of Plaintiff Vitti Labs's products to third-party physicians or physician groups. A copy of the Preferred Distributor Agreement is attached hereto as Exhibit A.

18. On or about April 5, 2022, BioXstem entered into the Competence and Understanding Agreement with Defendant Rainey, wherein Defendant Rainey agreed to perform services for BioXstem relating to Plaintiff Vitti Labs's products. A copy of the Competence and Understanding Agreement is attached hereto as Exhibit B.

19. Sometime after Defendant Rainey entered into the Competence and Understanding Agreement, Defendants Rainey, Conover, AIM, and Project Y colluded and conspired to misuse Plaintiff Vitti Labs's name, likeness, and trademark/trade name in order to make a financial gain, causing significant financial damage to Plaintiffs Vitti Labs and Vitti Corporate.

20. Specifically, Defendants Rainey, Conover, AIM, and Project Y (hereinafter collectively referred to as the "Colluding Defendants") colluded and conspired to misuse Plaintiff Vitti Labs's name, likeness, and trademark/trade name in a multiple staged operation commonly known as a "bait and switch" scheme.

21. The Colluding Defendants used Plaintiffs Vitti Labs's and BioXstem's name, likeness, and trademark/trade name on order forms with third-party physicians and physicians' groups.

22. The Colluding Defendants also used Plaintiffs Vitti Labs's and BioXstem's name, likeness, and trademark/trade name and their goodwill and prestige in the industry in order to obtain orders from physicians and physicians' groups.

23. By using Plaintiffs Vitti Labs's and BioXstem's name, likeness, and trademark/trade name and their goodwill and prestige in the industry, the Colluding Defendants were able to meet with physicians and physicians groups that they would otherwise not have met; all under the guise that the Colluding Defendants were selling physicians and physicians' groups Plaintiff Vitti Labs's products, when in reality the Colluding Defendants had no intention of selling Plaintiff Vitti Labs's products but instead selling them competing products.

24. After the order form had been returned to the Colluding Defendants and money paid for the products, the Colluding Defendants contacted the physicians and physicians' groups and informed them that Plaintiff Vitti Labs denied them as clients, even though Plaintiff Vitti Labs was unaware of these clients or new account applications because the Colluding Defendants never informed Plaintiff Vitti Labs of these clients and applications.

25. The Colluding Defendants then informed the physicians and physicians' groups that Defendant Project Y, a competitor of Plaintiff Vitti Labs, would fulfill the order using its products. The above actions by the Colluding Defendants will be referred to hereinafter as the "bait and switch scheme."

26. Defendant Rainey undertook significant planning and preparation in order for the Colluding Defendants to carry out the bait & switch scheme.

27. For instance, Defendant Rainey created a distribution chain in order to provide the Colluding Defendants with products to directly compete with Plaintiffs' Vitti Labs's products. These competing products include EC-Matrix, 22 Bore, ISOX, Trinity 2, and F-Matrix (the "Competing Products").

28. This distribution chain included procuring raw materials, including umbilical cords, from Defendant Cardinal Biologicals, for use in the Competing Products.

29. Notably, all the human biologicals that Defendant Cardinal Biologicals supplies are non-transplantable and would otherwise be discarded as medical waste. Rather than becoming medical waste, Defendant Cardinal Biologicals helps ensure these materials contribute to medical research, the education of future physicians, and other life-changing applications.

30. Even though Defendant Cardinal Biologicals supplies are non-transplantable, Defendant Project Y uses these supplies in their Competing Products with the intent on selling them for transplantable regenerative medical use. Clearly, Defendant Project Y's use of these supplies in this manner creates a significant risk to the public health and safety.

31. The distribution chain also included creating and establishing Defendant Project Y, a tissue distribution bank, and obtaining the necessary licenses for Defendant Project Y.

32. The Colluding Defendants have been using this bait and switch scheme for over a year.

33. The Colluding Defendants' bait and switch scheme is widespread. Upon information and belief, the Colluding Defendants' bait and switch scheme included them contacting Missouri physicians and physicians' groups and obtaining orders from Missouri physicians and physicians' groups who were then subject to the Colluding Defendants' bait and switch scheme.

34. At no time during the Colluding Defendants' use of their bait and switch scheme did Plaintiffs Vitti Labs or BioXstem consent to its name, likeness, and trademark/trade name be used in this scheme.

35. Upon information and belief, the Colluding Defendants' bait and switch scheme has resulted in lost gross revenue in excess of \$1,000,000.00.

COUNT I – BREACH OF CONTRACT
(Plaintiffs Vitti Corporate and BioXstem against Defendant Rainey)

36. Plaintiffs Vitti Corporate and BioXstem incorporate by reference all preceding paragraphs as if fully set forth herein.

37. On or about April 5, 2022, Defendant Rainey entered into the Competence and Understanding Agreement with Plaintiff BioXstem. (Ex. B.)

38. Under Paragraph 10 of the Competence and Understanding Agreement, [REDACTED]

[REDACTED]
 [REDACTED] (Ex. B, ¶10.)

39. Paragraph 2.2 of the Competence and Understanding Agreement provides:

[REDACTED]
 [REDACTED]
 [REDACTED]
 [REDACTED]
 [REDACTED]
 [REDACTED]
 [REDACTED]

(Ex. B, ¶2.2.)

40. Paragraph 7 of the Competence and Understanding Agreement provides:

[REDACTED]
 [REDACTED]
 [REDACTED]
 [REDACTED]
 [REDACTED]

(Ex. B, ¶7.)

41. Defendant Rainey breached Paragraph 2.2 and Paragraph 7 of the Competence and Understanding Agreement.

42. As to Paragraph 2.2, Defendant Rainey breached Paragraph 2.2 by selling the Competing Products and by falsely representing that clients and applications were denied by Plaintiffs Vitti Labs and Vitti Corporate—all of which were part of the Colluding Defendants' bait and switch scheme.

43. As to Paragraph 7, Defendant Rainey breached Paragraph 7 by falsely representing that clients and applications were denied by Plaintiffs Vitti Labs and Vitti Corporate and by selling the Competing Products.

44. Upon information and belief, Defendant Rainey breached Paragraph 2.2 and Paragraph 7 in other ways that will be learned of during discovery.

45. As a result of Defendant Rainey's breaches of Paragraph 2.2 and Paragraph 7, Plaintiffs Vitti Corporate and BioXstem were damaged and will continue to be damaged by Defendant Rainey's actions.

46. Pursuant to Paragraph 12 of the Competence and Understanding Agreement,

[REDACTED]

[REDACTED]. (Ex. B, ¶12.)

WHEREFORE, Plaintiffs Vitti Corporate, LLC and BioXstem, LLC respectfully request this Court enter judgment in their favor and against Defendant Rainey as to Count I, for damages in excess of \$25,000, for attorneys' fees and costs, and for such other relief as this Court deems just and proper.

**COUNT II – BREACH OF IMPLIED COVENANT OF GOOD FAITH AND
FAIR DEALING**

(Plaintiffs Vitti Corporate and BioXstem against Defendant Rainey)

47. Plaintiffs Vitti Corporate and BioXstem incorporate by reference all preceding paragraphs as if fully set forth herein.

48. Under the Competence and Understanding Agreement, [REDACTED]

[REDACTED]

[REDACTED]. (See, Ex. B.)

49. Defendant Rainey, however, evaded the spirit of the Competence and Understanding Agreement by carrying out and continuing to carry out the bait and switch scheme.

50. As a result of Defendant Rainey's breach of implied covenant of good faith and fair dealing, Plaintiffs Vitti Corporate and BioXstem have been damaged and will continue to be damaged.

WHEREFORE, Plaintiffs Vitti Corporate, LLC and BioXstem, LLC respectfully request this Court enter judgment in their favor and against Defendant Rainey as to Count II, for damages in excess of \$25,000, for attorneys' fees and costs, and for such other relief as this Court deems just and proper.

COUNT III – MISAPPROPRIATION OF PLAINTIFFS' TRADEMARK/TRADE NAME
(Plaintiffs Vitti Labs and BioXstem against the Colluding Defendants)

51. Plaintiffs Vitti Labs and BioXstem incorporate by reference all preceding paragraphs as if fully set forth herein.

52. Section 417.056, RSMo 2016 prohibits the use of Plaintiffs Vitti Labs's and BioXstem's trademark or trade name "in connection with the sale, offering for sale, or advertising of any goods or services on or in connection with which such use is likely to cause confusion or mistake or to deceive as to the source of origin of such goods or services."

53. Section 417.056, RSMo 2016 provides Plaintiffs Vitti Labs and BioXstem with a private cause of action for violation of this statute.

54. The Colluding Defendants violated Section 417.056, RSMo 2016 by using Plaintiffs Vitti Labs's and BioXstem's trademark/trade name (i.e., Plaintiff's name and logo) on the Colluding Defendants' New Account Agreement forms, which forms contain products offered by Defendant Project Y—a competitor of Plaintiff Vitti Corporate. (*See* Ex. C.) The forms are used to lure new clients into agreeing to order Plaintiff Vitti Labs's products only to have the Colluding Defendants inform the clients that Plaintiff Vitti Labs's denied their applications. (Ex. C.) The Colluding Defendants then sold the clients the Competing Products as part of their bait and switch scheme.

55. For example, the Colluding Defendants had [REDACTED] complete a New Account Agreement and Order Form. A copy of the New Account Agreement and Order Form are attached hereto as Exhibit C. [REDACTED] completed the New Account Agreement and ordered Plaintiff Vitti Labs's HylaJel and HylaPure and paid for these products. (Ex. C.) The Colluding Defendants then informed [REDACTED] that Plaintiff Vitti Labs's denied its new account. Afterwards, the Colluding Defendants then sold [REDACTED] the Competing Products, which resulted in sub-optimal results for [REDACTED].

56. Plaintiffs Vitti Labs and BioXstem did not consent to the Colluding Defendants' use of its trademark/trade name in this manner.

57. Section 417.061, RSMo 2016 allows Plaintiffs Vitti Labs and BioXstem to obtain not only injunctive relief but also monetary damages, including requiring the Colluding Defendants to pay to Plaintiffs Vitti Labs and BioXstem all profits "derived from or damages

suffered by reason of such wrongful” use of Plaintiffs Vitti Labs’s and BioXstem’s trademark/trade name.

58. As a result of the Colluding Defendants’ violation of Section 417.056, RSMo 2016 Plaintiffs Vitti Labs and BioXstem sustained damages and will continue to suffer damages.

WHEREFORE, Plaintiffs Vitti Labs, LLC and BioXstem, LLC respectfully request this Court enter judgment in its favor and against Defendants Rainey, Conover, AIM, and Project Y as to Count III, for damages in excess of \$25,000, for attorneys’ fees and costs, and for such other relief as this Court deems just and proper.

COUNT IV – MISAPPROPRIATION OF PLAINTIFFS’ NAME AND LIKENESS
(Plaintiffs Vitti Labs and BioXstem against the Colluding Defendants)

59. Plaintiff Vitti Labs and BioXstem incorporate by reference all preceding paragraphs as if fully set forth herein.

60. Under Missouri law, appropriation of one’s name and likeness occur when a defendant makes use of the name or likeness to pirate plaintiff’s identity for some advantage.

61. The Colluding Defendants pirated Plaintiffs Vitti Labs’s and BioXstem’s name and likeness by using their name and likeness (i.e. their name and logo) on the Colluding Defendants’ New Account Agreement forms, which forms contain products offered by Defendant Project Y—a competitor of Plaintiff Vitti Labs. The forms are used to lure new clients into agreeing to order Plaintiff Vitti Labs’s products only to have the Colluding Defendants inform the clients that Plaintiff Vitti Labs’s denied their applications. The Colluding Defendants then sold the clients the Competing Products as part of their bait and switch scheme.

62. Plaintiffs Vitti Labs and BioXstem did not consent to the Colluding Defendants’ use of their name and likeness in this manner.

63. As a result of the Colluding Defendants' misappropriation of Plaintiff Vitti Labs's and BioXstem's name and likeness, they sustained damage and will continue to sustain damage.

WHEREFORE, Plaintiffs Vitti Labs, LLC and BioXstem, LLC respectfully request this Court enter judgment in its favor and against Defendants Rainey, Conover, AIM, and Project Y as to Count IV, for damages in excess of \$25,000, for costs, and for such other relief as this Court deems just and proper.

COUNT V – TORTIOUS INTERFERENCE WITH A CONTRACT
(Plaintiffs Vitti Corporate and BioXstem against the Colluding Defendants)

64. Plaintiffs incorporate by reference all preceding paragraphs as if fully set forth herein.

65. On or about March 11, 2022, Plaintiff entered into an agreement entitled "Preferred Distributor Agreement" with BioXstem, wherein BioXstem agreed to distribute certain of Plaintiff Vitti Labs's products to third-party physicians or physician groups. (*See*, Ex. A.)

66. On or about April 5, 2022, BioXstem entered into the Competence and Understanding Agreement with Defendant Rainey, wherein Defendant Rainey agreed to perform services for BioXstem relating to Plaintiff Vitti Labs's products. Plaintiff Vitti Corporate is a third-party beneficiary to this agreement. (*See*, Ex. B.)

67. The Colluding Defendants were aware of the "Preferred Distributor Agreement" and "Competence and Understanding Agreement."

68. The Colluding Defendants caused Plaintiff BioXstem to breach one or more of these agreements because of the Colluding Defendants' use of the bait and switch scheme.

69. The Colluding Defendants lacked justification for their actions.

70. As a result of the Colluding Defendants' actions, Plaintiffs Vitti Corporate and BioXstem sustained damage and will continue to sustain damage.

WHEREFORE, Plaintiffs Vitti Corporate, LLC and BioXstem, LLC respectfully request this Court enter judgment in its favor and against Defendants Rainey, Conover, AIM, and Project Y as to Count V, for damages in excess of \$25,000, for costs, and for such other relief as this Court deems just and proper.

COUNT VI – RESPONDEAT SUPERIOR
(Plaintiffs against Defendant AIM)

71. Plaintiffs incorporate by reference all preceding paragraphs as if fully set forth herein.

72. Under the doctrine of respondeat superior, a principal may be held liable to a third party for injuries caused by the actions of an agent of the principal acting within the scope of the agency.

73. Defendants Rainey and Conover are agents of Defendant AIM.

74. Defendants Rainey and Conover were acting within the scope of their agency when they carried out (and continue to carry out) the bait and switch scheme.

75. Because Defendants Rainey and Conover were acting within the scope of their agency when they carried out (and continue to carry out) the bait and switch scheme, Defendant AIM is liable for the actions and omissions of Defendants Rainey and Conover.

WHEREFORE, Plaintiffs Vitti Labs, LLC, Vitti Corporate, LLC, and BioXstem, LLC respectfully request this Court enter judgment in their favor and against Defendant AIM as to Count VI, for damages in excess of \$25,000, for costs, and for such other relief as this Court deems just and proper.

COUNT VII – RESPONDEAT SUPERIOR
(Plaintiffs against Defendant Project Y)

76. Plaintiffs incorporate by reference all preceding paragraphs as if fully set forth herein.

77. Under the doctrine of respondeat superior, a principal may be held liable to a third party for injuries caused by the actions of an agent of the principal acting within the scope of the agency.

78. Defendants Rainey and Conover are agents of Defendant Project Y.

79. Defendants Rainey and Conover were acting within the scope of their agency when they carried out (and continue to carry out) the bait and switch scheme.

80. Because Defendants Rainey and Conover were acting within the scope of their agency when they carried out (and continue to carry out) the bait and switch scheme, Defendant Project Y is liable for the actions and omissions of Defendants Rainey and Conover.

WHEREFORE, Plaintiffs Vitti Labs, LLC, Vitti Corporate, LLC, and BioXstem, LLC respectfully request this Court enter judgment in their favor and against Defendant Project Y as to Count VII, for damages in excess of \$25,000, for costs, and for such other relief as this Court deems just and proper.

COUNT VIII – FRAUDULENT CONCEALMENT
(Plaintiffs Vitti Corporate and Vitti Labs against Defendant Rainey)

81. Plaintiffs Vitti Corporate and Vitti Labs incorporate by reference all preceding paragraphs as if fully set forth herein.

82. Defendant Rainey had a duty to disclose information to Plaintiffs Vitti Corporate and Vitti Labs, including any misrepresentations made to clients and potential clients regarding new client applications and the status of Plaintiff Vitti Labs's products.

Defendant Rainey has breached the agreement by: (1) engaging directly with one of Plaintiff Vitti Corporate's competitors in fulfilling the ordered products as part of the Colluding Defendants' bait and switch scheme; and (2) representing to physicians and physicians' groups that Plaintiffs Vitti Corporate and Vitti Labs were unable to fulfill orders sold to them and that its competitor's products were equivalent or a substitute for Plaintiff Vitti Labs's products.

89. Not only does the Competence and Understanding Agreement allow for a temporary restraining order, Section 417.061 also allows for injunctive relief, including a restraining order. Section 417.061 does not require the posting of a bond.

90. Under Section 417.061, Plaintiffs Vitti Corporate, Vitti Labs, and BioXstem must merely show "[l]ikelihood of injury to business reputation or of dilution of the distinctive quality of a mark registered under sections 417.005 to 417.066, or a mark valid at common law, or a trade name valid at common law, shall be a ground for injunctive relief notwithstanding the absence of competition between the parties or the absence of confusion as to the source of goods or services."

91. Plaintiffs Vitti Corporate's, Vitti Labs's, and BioXstem's business reputation has been injured by Defendants in that they have misrepresented to physicians and physicians' groups that Plaintiff Vitti Labs is unable to fulfill orders and/or supply products to the Colluding Defendants to allow them to carry out their bait and switch scheme. Furthermore, upon information and belief, the Colluding Defendants' bait and switch scheme has resulted in lost gross revenue in excess of \$1,000,000.00.

92. Aside from the above, Plaintiffs Vitti Corporate's, Vitti Labs's, and BioXstem's business reputation will continue to be damaged and gross revenue losses will increase if a temporary restraining order or injunction is not entered against Defendants.

93. Significantly, Defendant Project Y is using non-transplantable supplies from Defendant Cardinal Biologicals, while the other Defendants go about distributing, marketing, and selling Defendant Project Y's products to physicians and physicians' groups for use in transplantable regenerative medicine. Clearly, this creates a serious risk to public health and safety.

WHEREFORE, Plaintiffs Vitti Corporate, Vitti Labs, and BioXstem, LLC respectfully request this Court enter a temporary restraining order or, alternatively, an injunction: (a) precluding the Colluding Defendants from contacting physicians or physicians' groups they signed up using their bait and switch scheme; (b) precluding the Colluding Defendants from making any representation regarding whether Plaintiff Vitti Labs's approved or denied physicians and physicians' groups' applications; (c) precluding Defendants from distributing, marketing, or selling Defendant Project Y's products to physicians and physicians' groups as its products are not transplantable and violates Defendant Rainey's non-compete agreement; (d) precluding Defendant Cardinal Biologicals from providing supplies to Defendant Project Y, directly or indirectly, as Defendant Project Y is using Defendant Cardinal Biologicals' supplies to create transplantable products; and (e) precluding the Colluding Defendants from using Plaintiffs Vitti Labs's and BioXstem's name, likeness, and trade name/trade mark.

Respectfully Submitted,

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✓
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacture or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)	✓	
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?	✓	
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✓
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Case No.: 4:24-cv-264

JURY TRIAL DEMANDED

VERIFIED COMPLAINT

Plaintiffs Vitti Labs, LLC ("Vitti Labs"), Vitti Corporate, LLC ("Vitti Corporate"), and Gold Prairie Distribution, LLC ("Gold Prairie") (collectively referred to as "Vitti" or "Plaintiffs"), by and through their undersigned counsel, for their Complaint against Defendants The Regenerative Project, LLC d/b/a Platinum Biologics ("Platinum Biologics") and Michael "Beeben" Russell ("Mr. Russell") (collectively, referred to as "Defendants"), hereby state and allege the following:

INTRODUCTION

1. This lawsuit was precipitated by Defendants' deliberate efforts to mislead and misinform the public concerning Vitti's capabilities and capacities as a leading provider of human cellular and tissue-based products ("HCT/Ps"). Rather than compete fairly and honestly, Defendants have chosen to resort to attempting to torch Vitti's reputation. Although Defendants describe themselves as "patient advocates," they are actually competitors to Vitti with the goal of damaging Vitti's reputation in the marketplace.

2. Vitti and Defendants are in the business of developing, manufacturing, distributing, marketing, selling, and/or offering for sale HCT/Ps.

3. Vitti and Defendants are competitors in the HCT/Ps industry. Defendants have struggled to fairly obtain business in the industry and have now resorted to unfair and illegal tactics to obtain business.

4. Vitti works to provide HCT/Ps that have been registered with the Food and Drug Administration ("FDA") and comply with the FDA requirements for Section 361 HCT/Ps as regulated under 21 C.F.R. § 1271.10(a). Vitti Labs is accredited by the American Association of Tissue Banks ("AATB") as a 361 HCT/P manufacturer and provides these products for human clinical use to qualified medical professionals. Vitti has invested significant resources and time in developing, manufacturing, patenting, marketing, and selling HCT/Ps and technologies related thereto. It is Vitti's mission to provide medical providers and professionals with a comprehensive portfolio of bio-ethically manufactured HCT/Ps to support their patients' quality of life.

5. In contrast to Vitti's business model and products offered for sale, Defendants market their facility as being "FDA-registered and a multi-state licensed tissue bank providing high-quality natural biologics to clinicians nationwide;" however, Defendants sell HCT/Ps labeled as *research use only* ("RUO") to medical practitioners for *human clinical use*. Use of RUO products is only appropriate in *in vitro* studies or animal studies. RUO products are *not* suitable for human use.

6. In efforts to divert attention away from Defendants' own inappropriate conduct, Defendants have concocted a devious scheme to spread false statements, descriptions, and representations regarding Vitti to the public at-large and to Vitti's Sales Representatives and Customers. These false statements, descriptions, and misrepresentations falsely claim that Vitti is

unreliable, dishonest, not creditable, and are conducting themselves in a nefarious manner, not compliant with applicable laws and regulations. **These statements are wholly false.**

7. As an example of Defendants' devious scheme to mislead and misinform the public, Defendants have posted a video titled "Vitti Labs – Is VittiLabs An Imaginary 361 HCTP Product?" ("Video At-Issue") on LinkedIn, Facebook, and Loom that is accompanied by a written summary and statement, as further discussed below. The false statements, descriptions, and representations contained in the Video At-Issue and accompanying written summary and statement misrepresents the nature, characteristics, and qualities of Vitti's business operations and products.

8. Defendants have also schemed to interfere with Vitti's Sales Representatives and Customers and/or solicit them by contacting them and asserting false statements, descriptions, and representations about Vitti, such as those found in the Video At-Issue and accompanying written summary and statement.

9. Defendants' false statements, descriptions, and representations about Vitti and Defendants' interference with Vitti's Sales Representatives and Customers violate federal and state law and Vitti's rights.

10. Defendants' actions have caused Vitti to unfairly lose sales and profits, and also to suffer damage to its reputation, goodwill, business relationships, and customer confidence. Prior to Defendants' actions, Vitti held a fairly and properly obtained competitive advantage in the marketplace. Now, though, Vitti's business value has suffered in some unquantifiable ways. Vitti's Sales Representatives and Customers have repeatedly inquired about the Video At-Issue and the false statements, descriptions, and representations made therein and have expressed their concern about the quality and certification of HCT/Ps provided by Vitti.

11. Unless enjoined, Defendants' false statements will cause further irreparable damage to Vitti's goodwill, reputation, and market reputation and cause further Sales Representatives and Customers to stop doing business with Vitti.

12. This action is necessary to protect Vitti's sales, reputation, goodwill, business relationships, customer confidence, competitive advantage, and business value. Vitti seeks, among other remedies, injunctive relief (i) enjoining Defendants from making further false statements, descriptions, and representations about Vitti and (ii) ordering the removal of the Video At-Issue and the accompanying written summary and statement from all online platforms and/or forums.

NATURE OF THE ACTION

13. This is a civil action to enjoin and remedy: false advertising under the Lanham Act, 15 U.S.C. § 1125 *et seq.* and Missouri common law unfair business competition, injurious falsehood, defamation, and tortious interference with a contract and a business expectancy.

14. This action arises out of Defendants' false statements, descriptions, and representations regarding Plaintiffs.

PARTIES

15. Plaintiff Vitti Labs, LLC is a Missouri corporation having its principal place of business at 834 W. Kansas St., Suite C, Liberty, Missouri 64068. Vitti Labs is an industry leading developer and manufacturer of human cellular and tissue-based products, HCT/Ps.

16. Plaintiff Vitti Corporate, LLC is a Missouri corporation having its principal place of business at 4741 Central St., Suite 484, Kansas City, Missouri 64112. Vitti Corporate is in the business of marketing, selling, and offering for sale HCT/Ps.

17. Plaintiff Gold Prairie Distribution, LLC is a Missouri corporation having its principal place of business at 118 Conistor St., Suite B #420, Liberty, Missouri 64068. Gold Prairie is a distributor of HCT/Ps.

18. Upon information and belief, Defendant The Regenerative Project, LLC d/b/a Platinum Biologics is a Florida corporation having its principal place of business at 1516 E. Colonial Dr., Suite 103, Orlando, Florida 32803. On information and belief, Platinum Biologics is engaged in the business of marketing, buying, selling, and offering for sale HCT/Ps, either on its own or through its agents.

19. Defendant Michael "Beeben" Russell is a Texas resident residing in Aubrey, Texas and/or Dallas, Texas and, at all times relevant herein, was acting as an officer or agent of Platinum Biologics.

JURISDICTION AND VENUE

20. This Court has subject matter jurisdiction over the claims in this Complaint under 28 U.S.C. §§ 1331 & 1332, in that the cause of action involves a question of federal law, and is a civil action between citizens of different states wherein the subject matter in controversy exceeds the sum or value of \$75,000, exclusive of interests or costs.

21. This Court has personal jurisdiction over Defendants because Defendants:

a. Engage in continuous and systematic business activities within the State of Missouri and this District, such as rendering, offering for sale, and selling products and/or services to Missouri-based customers within Missouri and this District;

b. Regularly solicit business in Missouri and this District, deriving substantial revenue from interstate commerce, the State of Missouri, and this District;

c. Have purposely directed substantial activities at the residents of Missouri

and this District, including Vitti, by means of their false statements, descriptions, and representations regarding Vitti, as further described herein, thereby causing injury to Vitti within the State of Missouri and this District;

d. Have committed and directed their willful, tortious conduct described herein at entities and persons located in Missouri and this District, including Vitti, which has caused Vitti to suffer injury in the State of Missouri and this District.

22. Venue is proper in this District under 28 U.S.C. § 1391(b)(2) & (3) because a substantial part of the events giving rise to the claims complained of herein, including Defendants' false statements, descriptions, and representations, are directed at Plaintiffs, which are situated in this District, and Defendants are subject to personal jurisdiction in this District.

FACTUAL ALLEGATIONS

A. BACKGROUND

Vitti's Background

23. Philipp R. Vitti ("Mr. Vitti") founded Plaintiff Vitti Labs in 2019. Mr. Vitti possesses a strong motivation to help others due to his personal journey with medical issues, having been born with a genetic defect known as pectus excavatum.

24. Mr. Vitti has battled this condition all of his life. At the age of five years old, Mr. Vitti underwent his first cardio thoracic surgery, which left him disabled and "sickly" for many years.

25. In his twenties, Mr. Vitti underwent a second surgery, and then developed pulmonary hypertension and had developed fibrotic tissue due to his condition over the years as well as heart complications. These compounding medical issues challenged him every day as there were no cures – just the reality of more surgeries and medical procedures.

26. Realizing very early in life that there was no cure for pectus excavatum or the impact it inflicted on his life, Mr. Vitti knew he had a progressive disease that would eventually leave him in a wheelchair and likely on oxygen, thereby affecting his quality of life and lifespan.

27. Mr. Vitti is a problem solver and innovator – having been referred to as a “serial inventor and entrepreneur.” His personal battle with medical issues, combined with his acumen as a businessman and chemist, enabled Mr. Vitti to have a unique perspective and flow of ideas that led him to research biological materials that could make positive impacts on his disease. His desire to help not just himself but others affected by the disease was a true calling.

28. Mr. Vitti discovered the possibilities existing with birth tissue and founded Vitti Labs. Eventually he built an organization to research and develop products for those impacted by diseases for which there are no cure. He wanted children to enjoy their childhoods and adults to enjoy quality time with their children, and he knew firsthand the difference he could make to improve the quality of life for all people affected by his disease.

29. Mr. Vitti’s research led to the ethical development and manufacture of birth tissue implantable products that can be used commercially, as well as the development of medical drugs currently undergoing human trials with the hope to one day bring them to the market. All of this propels his desire to continue to work to find a cure for pulmonary fibrosis and other respiratory diseases.

30. Vitti Labs has taken great care to ensure that its commercial products available today are human cells, tissues, or cellular or tissue-based products (HCT/Ps) as defined in 21 C.F.R. § 1271.3(d), meet all of the criteria listed in 21 C.F.R. § 1271.10(a), and are therefore regulated solely under section 361 of the Public Health Service (“PHS”) Act, 42 U.S.C. 264.

31. Human cells, tissues, and cellular and tissue-based products (HCT/Ps) are defined by 21 C.F.R. § 1271.3(d),

32. HCT/Ps that meet 21 C.F.R. § 1271.10(a), are known as “361 HCT/Ps” and consist of human cells, tissues, and cellular and tissue-based products intended for implantation, transplantation, infusion or transfer into a human recipient as described in the FDA July 2020 Guidance: “Regulatory Considerations for Human Cells, Tissues, and Cellular and Tissue-Based Products: Minimal Manipulation and Homologous Use.”

33. The FDA regulates a 361 HCT/Ps solely if it meets certain criteria established by the FDA, including the following:

- a. The HCT/P is minimally manipulated;
- b. The HCT/P is intended for homologous use only, as reflected by the labeling, advertising, or other indications of the manufacturer’s objective intent;
- c. The manufacture of the HCT/P does not involve the combination of the cells or tissues with another article, except for water, crystalloids, or a sterilizing, preserving, or storage agent, provided that the addition of water, crystalloids, or the sterilizing, preserving, or storage agent does not raise new clinical safety concerns with respect to the HCT/P; and
- d. Either one of the following:
 - i. The HCT/P does not have a systemic effect and is not dependent upon the metabolic activity of living cells for its primary function; or
 - ii. The HCT/P has a systemic effect or is dependent upon the metabolic activity of living cells for its primary function, and:
 - a) Is for autologous use;

- b) Is for allogeneic use in a first-degree or second-degree blood relative; or
- c) Is for reproductive use.

34. FDA regulations of 361 HCT/Ps must establish registration, and consist of the following: Current Good Tissue Practice (“cGTP”) and establish and maintain a quality program intended to prevent the introduction, transmission, or spread of communicable disease through the manufacture and use of HCT/Ps. This includes donor eligibility (donor screening and testing), storing, processing, packaging, labeling, and distribution processes and procedures that maintain a quality program to monitor facility, environmental controls, equipment, supplies and reagents, recovery, processing and process controls, storage, labeling controls, requirements to receipt, pre-distribution shipment, and distribution, donor eligibility determinations, donor screenings, and donor testing, adverse reaction reporting. Premarket review (licensure, clearance, and approval) by the FDA is not required for 361 HCT/Ps.

35. Vitti Labs is in the business of manufacturing 361 HCT/Ps for commercial use. Vitti Labs is accredited with the American Association of Tissue Banks (AATB), registered with the FDA, and certified under the Current Good Manufacturing Practice (“cGMP”) regulations enforced by the FDA.

36. To become accredited and certified by the AATB, Vitti Labs must undergo stringent examination of their processes and procedures to show they are in compliance with the AATB standards.

37. Vitti Labs’ interaction with the FDA and compliance with its regulations is ongoing. Vitti Labs’ AATB accreditation is in good standing. Since 2021, Vitti Labs has been inspected by the FDA twice and the AATB three times. Accordingly, Vitti Labs is in compliance

to provide 361 HCT/Ps to physicians and other health care providers as a compliant FDA establishment and AATB accredited tissue bank, and Vitti Labs only provides 361 HCT/Ps which have met the qualifications for commercial use in humans. 361 HCT/P products manufactured by Vitti Labs are distributed nationwide.

38. Vitti Corporate is in the business of selling 361 HCT/Ps. Vitti Corporate was established in March 2022. Vitti Corporate is responsible for establishing a sales network to sell Vitti Labs products.

39. Gold Prairie is in the business of being a medical distribution company. Gold Prairie was established in February 2023.

40. Plaintiffs contract and work with one another in order to bring the 361 HCT/Ps that Vitti Labs sells for human use to the market for medical providers and professionals to purchase. Plaintiffs have invested significant resources and time in developing, manufacturing, patenting, marketing, and selling 361 HCT/Ps and technologies related thereto. It is Plaintiffs' mission to provide medical providers and professionals with a comprehensive portfolio of bio-ethically manufactured 361 HCT/Ps to support their patients' quality of life.

41. Plaintiffs pride themselves in the work provided and adhere to five guiding principles:

- a. Believing research is invaluable.
- b. Engaging in peer, physician, and patient collaboration.
- c. Respecting and upholding regulatory guidelines through a proactive culture.
- d. Establishing and following rigorous protocols and procedures to ensure quality and safety.
- e. Proving their processes with above industry standard testing by third-party labs.

Defendants' Profile

42. Platinum Biologics markets, buys, sells, and offers for sale HCT/Ps, either on its own or through its agents. Platinum Biologics considers itself one of Plaintiffs' competitors in the HCT/Ps industry.

43. Through Platinum Biologics' website at URL **Error! Hyperlink reference not valid.**, a true and accurate screenshot is attached hereto as **Exhibit A**, Platinum Biologics markets its facility as being "FDA-registered and a multi-state licensed tissue bank providing high-quality natural biologics to clinicians nationwide."

44. However, Platinum Biologics sells HCT/Ps labeled as research use only (RUO) to medical practitioners for clinical use. Platinum Biologics' products are not registered with the FDA as HCT/Ps nor do they have a biologics drug license. In addition, use of RUO products is only appropriate in *in vitro* studies or animal studies. RUO products are not suitable for human use.

45. Michael "Beeben" Russell is employed by Platinum Biologics as its Chairman of the Executive Board and, at all times relevant herein, was acting as an authorized agent and representative of Platinum Biologics. A true and accurate screenshot of Mr. Russell's LinkedIn profile at URL <https://www.linkedin.com/in/beebeben-russell-64175470/> is attached hereto as **Exhibit B**.

B. THE VIOLATIVE CONDUCT OF PLATINUM BIOLOGICS AND MR. RUSSELL

46. On or around March 13, 2024, Platinum Biologics, acting through Mr. Russell, uploaded a video titled "Vitti Labs – Is VittiLabs An Imaginary 361 HCTP Product?" (Video At-Issue) on the third-party video website platform called Loom at URL <https://www.loom.com/share/af7a84c7c70248e3a96d7f641a5b115d>, a true and accurate screenshot is attached hereto as **Exhibit C**.

47. On or around March 14, 2024, Mr. Russell posted the Video At-Issue on his personal Facebook account at URL <https://www.facebook.com/beebeben.russell>, a true and accurate screenshot is attached hereto as **Exhibit D**.

48. On or around March 20, 2024, Mr. Russell posted the Video At-Issue on his LinkedIn account at URL <https://www.linkedin.com/feed/update/urn:li:activity:7174157603713753088/>, a true and accurate screenshot is attached hereto as **Exhibit E**.

49. The Video At-Issue posted on the various online platforms is viewable to anyone who has access to the Internet, including those viewers located in Missouri and this District.

50. Through the Video At-Issue, Mr. Russell makes various false statements, descriptions, and representations about Plaintiffs. These statements, descriptions, and representations suggests to the viewer that Plaintiffs are unreliable, dishonest, not creditable, and are conducting themselves in a nefarious manner.

51. Such false statements, descriptions, and representations that Mr. Russell makes in the Video At-Issue about Plaintiffs include, but are not limited to, the following:

- Equating Plaintiffs to the mob selling drugs “out the back door” of an Italian restaurant;
- Plaintiffs are not licensed to sell their products;
- Plaintiffs do not “have an address” and have “no products, no nothing.”
- Plaintiffs have “got 50 million dollars-worth of research being done, at least. No PhD, no published studies, just poof right?”
- Plaintiffs are “selling supplements out the back door. Seems to be a lot of out the back door...”
- “So understanding this, it’s not a good idea [for Plaintiffs] to basically call themselves a drug manufacturer and then, in the same sentence, tell everyone that [Plaintiffs] are the only 361 tissue company and [Plaintiffs] are the only one in the United States that has this approval or recognition or whatever you want to call it, right, to sell human cell and tissue products while the other side of [Plaintiffs’] mouth, all [Plaintiffs are doing] and saying is [Plaintiffs have] a 100 millions of dollars in poof, magic air research being done in, like what, a 1000 square foot facility that no one has any pictures.”

- “So [Plaintiffs say] they’re the only 361, but yet the FDA gave them a public warning letter saying [Plaintiffs] are not a 361.”
- “And when you look and you see that [Plaintiffs] have split up the company, this is Vitti Labs, LLC. There’s also Vitti Corporate which is Ryan Kuczen. He’s actually put together an outside distributor force and I don’t even think Vitti actually sells the products for Vitti the lab. And you have to wonder why would [Plaintiffs] complicate change of custody so far like that. I mean, you know the obvious answer to that, right? Or at least in my opinion, the answer would be is [Plaintiffs] is “look over here” and not “over here,” or moving liability, or hiding. You know, there is a lot of things that could be said to that but once again, there’s a lot of weird stuff here.”
- “Think about the malpractice, there’s a claim and they go “Oh well [Plaintiffs] have a public warning letter. [Plaintiffs] also, the change of custody where the products ordered from is not “here.” Who’s going to take responsibility? Who has insurance behind that, right?” I would be a little worried because that’s really the problem behind a warning letter and someone just not being honest about their intentions of what they’re actually doing.”

52. Such statements are wholly false and meant to damage Plaintiffs.

53. As noted above, Plaintiffs meet or exceed all regulatory guidelines for the manufacture and sale of their products. There is zero factual basis in equating Plaintiffs with the “mob” selling drugs out the back door of an Italian restaurant or to even insinuate that Plaintiffs are somehow improperly manufacturing and selling products.

54. Vitti has never claimed that it is the “only” registered Section 361 provider as Defendants’ falsely state. As noted herein, it is a registered Section 361 provider, not the only registered Section 361 provider.

55. Similarly, the FDA warning letter did not determine Vitti that it is not a registered Section 361 provider nor are its products unlawfully being sold. The FDA has never given determination that Vitti Labs’ commercial products are not 361 HCT/Ps or taken any action to stop Vitti Labs from selling their products.

56. Plaintiffs have always registered their products with the FDA if required by applicable law. Since receiving the FDA warning letter, Plaintiffs have registered their products

with the FDA pursuant to Section 361 multiple times. The FDA has accepted and renewed the registration of Plaintiffs' products each time.

57. The reasons for separating Vitti Labs, Vitti Corporate, and Gold Prairie are for business operational purposes. Plaintiffs are not attempting to hide liability as the video states. The business organization has no impact on malpractice insurance for either Plaintiffs' or their medical provider clients.

58. Defendants' statements about potential effect on the malpractice insurance for Plaintiffs' customers are meant to plant the seeds of fear in Plaintiffs' customers and to make them believe that business dealings with Plaintiffs may impact their malpractice insurance rates or coverage.

59. Such false statements that the corporate structure somehow nullifies Plaintiffs' malpractice insurance are made to scare Plaintiffs' current and prospective customers and sales representatives with the intention of interfering with the relationship between Plaintiffs and their customers and sales representatives.

60. The Video At-Issue posted on Loom includes a summary that states "Video Disclaimer Below - Credit : Brandon Spencer" (*see* Exhibit C), which is further damaging and inaccurate as the individual Brandon Spencer ("Mr. Spencer") is a sales representative, independently contracted, for Gold Prairie.

61. Such a misrepresentation suggests to the viewer that one of Gold Prairie's sales representatives had assisted in the making of and/or provided information included in the Video At-Issue and that such statements, descriptions, and representations that Mr. Russell makes in the Video At-Issue are truthful and reliable when in fact they are not.

62. Along with posting the Video At-Issue, Mr. Russell includes the following written statement in his posts on Facebook and LinkedIn:

Vitti Labs! Is Vitti Labs an Imaginary 361 HCTP Product? Is Vitti Labs a Drug manufacture?

Lately we've seen some WILD claims coming from Vitti Labs. Who isn't suppose to be selling product, and kind of doesn't anymore. But they do? What does this mean for you? What does this mean for your malpractice?

These are only my opinions please see the video for full disclaimer.

See Exhibits D and E. This statement also contains false statements, descriptions, and representations about Plaintiffs.

63. As noted above Vitti is fully complies with state and federal laws to sell its products. Defendants assert that “[Vitti] isn’t supposed to be selling product...” falsely claims that a regulatory agency has forced Vitti to stop selling product, which is false.

64. As noted above, Plaintiffs’ corporate structure has no bearing on malpractice insurance for either Plaintiffs or their medical professional customers. Such statements are meant to interfere with Plaintiffs’ relationships with its customers and sales representatives.

65. The statements made by Mr. Russell in the Video At-Issue and accompanying written summary and statement were not his “opinions” but were statements and accusations he purported to be as fact and Mr. Russell made the statements with intent to hurt Plaintiffs.

66. Upon information and belief, in addition to these false statements, Defendants have contacted Plaintiffs’ sales representatives (“Plaintiffs’ Sales Representatives”) and other individuals and entities, including Plaintiffs’ customers and/or potential customers (“Plaintiffs’ Customers”), further asserting false statements, descriptions, and representations about Plaintiffs, such as those found in the Video At-Issue and accompanying written summary and statement.

67. Unfortunately, Mr. Russell's actions are not unique to Plaintiffs as Mr. Russell and Platinum Biologics appear to have a history of tortiously interfering with the business of other companies in the industry and soliciting customers of those companies.

68. On April 18, 2023, Mr. Russell's prior employer Rowl Inc. d/b/a Regenerative Labs ("Regenerative Labs") sued Mr. Russell, Platinum Biologics, Mr. Russell's brother Marcus Russell, and other individuals ("Florida case"). *See Row 1 Inc. v. Michael Russell et al.*, Circuit Court of the First Judicial Circuit in and for Escambia, County, Florida, Case No. 2023 CA 001747, Complaint (Filing #171270150), for breach of contract regarding non-compete and non-solicitation clauses between Regenerative Labs and Mr. Russell. *Id.* Regenerative Labs also sued Platinum Biologics for tortious interference. *Id.* It is alleged that after Mr. Russell and the other named defendant individuals resigned from Regenerative Labs, Mr. Russell and the other individuals formed the competing venture fictitiously named Platinum Biologics, the legal business name being The Regenerative Project, LLC. *Id.* Regenerative Labs further alleges that Mr. Russell, Platinum Biologics, and the other individuals did or attempted to solicit customers and sales representatives of Regenerative Labs. *Id.*

C. IRREPARABLE HARM TO PLAINTIFFS

69. Plaintiffs' Sales Representatives and Customers are located both inside and outside of the state of Missouri and this District.

70. Plaintiffs have contracts and/or valid business relationships with their Sales Representatives and Customers, where Plaintiffs, respectively, (1) engaged and/or expected to engage with Plaintiffs' Sales Representatives so that the Sales Representatives would solicit orders for HCT/P products from prospective and existing customers and (2) provided and/or expected to provide Plaintiffs' Customers with HCT/P products.

71. Plaintiffs' Sales Representatives and Customers have repeatedly inquired about the Video At-Issue and the false statements, descriptions, and representations made therein, and have expressed their concern about the quality and certification of HCT/Ps provided by Plaintiffs. In one given week, after Defendants' posting of the Video At-Issue, Plaintiffs had at least 5 of their customer accounts inquire about the false statements, descriptions, and representations made by Defendants.

72. By asserting false statements, descriptions, and representations about Plaintiffs to Plaintiffs' Sales Representatives and Customers, such as those found in the Video At-Issue and accompanying written summary and statement, Defendants have intentionally interfered with Plaintiffs' contracts and business relationships with Plaintiffs' Sales Representatives and Customers while having knowledge of said contracts and business relationships.

73. As a result of Defendants' tortious interference with Plaintiffs' contracts and business relationships with Sales Representatives and Customers, some of Plaintiffs' Sales Representatives and Customers have stopped doing further business with Plaintiffs, and Plaintiffs expect that other Sales Representatives and Customers may stop doing further business with Plaintiffs.

74. Defendants' actions have harmed Plaintiffs' reputation in the marketplace, including causing irreparable damage to Plaintiffs' reputation and perception among its customers and sales representatives.

75. Plaintiffs believe they have lost sales as a result of Defendants' posting of the Video At-Issue and accompanying written summary and statement and other conduct of Defendants involving similar false statements, descriptions, and representations regarding Plaintiffs as those found in the Video At-Issue and accompanying written summary and statement.

76. Furthermore, as a result of Defendants' posting of the Video At-Issue and accompanying written summary and statement and other conduct of Defendants involving similar false statements, descriptions, and representations regarding Plaintiffs, Plaintiffs' reputation, goodwill, business relationships, customer confidence, competitive advantage, and business value has suffered in unquantifiable ways that would be impossible to ascertain.

COUNT I
FALSE ADVERTISING UNDER THE LANHAM ACT, 15 U.S.C. § 1125(a)

77. Plaintiffs repeat the allegations in the preceding paragraphs as though fully set forth herein.

78. Defendants' statements, descriptions, and representations about Plaintiffs, such as those made in the Video At-Issue and accompanying written summary and statement, to the public-at-large, Plaintiffs' sales representatives, and Plaintiffs' customers and/or potential customers constitute false or misleading statements regarding Plaintiffs.

79. Defendants' use of false or misleading representations of fact in commercial advertising or promotion or solicitation misrepresents the nature, characteristics, and/or qualities of Plaintiffs' business operations and products.

80. Defendants' use of false or misleading representations of fact has the tendency to deceive a substantial portion of the targeted consumer audience, or actually deceive the target consumers.

81. Defendants' false or misleading representations of fact are material in that they are likely to influence purchasing decisions of the target consumers.

82. Defendants' false or misleading representations of fact concern Plaintiffs' HCT/Ps and/or other products, which are advertised, promoted, sold, and distributed in interstate commerce.

83. Plaintiffs have been and continue to be damaged and injured by Defendants' false or misleading representations of fact through diversion of sales and/or loss of goodwill.

84. Defendants knew that the representations of fact were false or misleading.

85. Defendants' false or misleading representations of fact were made in bad faith and malice or reckless indifference to Plaintiffs' and consumers' interests.

86. Defendants' bad faith, false or misleading representations of fact regarding Plaintiffs and Plaintiffs' business operations and products makes this an exceptional case within the meaning of 15 U.S.C. § 1117.

87. Defendants continue to make false or misleading representations of fact regarding Plaintiffs and Plaintiffs' business operations and products and will continue to do so unless enjoined by this Court as provided by 15 U.S.C. § 1116.

88. Plaintiffs are entitled to damages, including an award of Defendants' profits earned from the sale of HCT/Ps that resulted from Defendants' false statements, descriptions, and representations about Plaintiffs; any damages sustained by Plaintiffs; and the costs of this action pursuant to 15 U.S.C. § 1117.

89. Defendants' conduct was intentional, wanton, and in complete disregard of Plaintiffs' rights in that Defendants knew their statements were false or had reckless disregard for their falsity, entitling Plaintiffs to punitive damages.

COUNT II
UNFAIR COMPETITION UNDER MISSOURI COMMON LAW

90. Plaintiffs repeat the allegations in the preceding paragraphs as though fully set forth herein.

91. Defendants' statements, descriptions, and representations about Plaintiffs, such as those made in the Video At-Issue and accompanying written summary and statement, to the public-

at-large, Plaintiffs' sales representatives, and Plaintiffs' customers and/or potential customers constitute misrepresentations regarding Plaintiffs and Plaintiffs' business operations and products.

92. Defendants knew that the representations of fact were false or misleading.

93. Defendants' misrepresentations were calculated to deceive consumers under the ordinary conditions which prevail in the HCT/Ps industry.

94. Defendants' false or misleading representations of fact will have the natural and probable result of deceiving a portion of the target consumer audience.

95. Defendants' false or misleading representations of fact were made in bad faith and malice or reckless indifference to Plaintiffs' and consumers' interests.

96. Plaintiffs have been and continue to be damaged and injured by Defendants' false or misleading representations of fact through diversion of sales and/or loss of goodwill.

97. Defendants' conduct was intentional, wanton, and in complete disregard of Plaintiffs' rights in that Defendants knew their statements were false or had reckless disregard for their falsity, entitling Plaintiffs to punitive damages.

COUNT III
INJURIOUS FALSEHOOD UNDER MISSOURI COMMON LAW

98. Plaintiffs repeat the allegations in the preceding paragraphs as though fully set forth herein.

99. Defendants have published false statements, descriptions, and representations about Plaintiffs through the posting of the Video At-Issue and accompanying written summary and statement.

100. Defendants' statements, descriptions, and representations about Plaintiffs are harmful to the interests of Plaintiffs.

101. Defendants intended for the publication of the false statements, descriptions, and representations about Plaintiffs to harm Plaintiffs; or Defendants recognized or should have recognized that the publication of the false statements, descriptions, and representations is likely to result in harm to Plaintiffs.

102. Defendants knew that their statements, descriptions, and representations about Plaintiffs were false, or Defendants had reckless disregard of the truth or falsity of their statements, descriptions, and representations about Plaintiffs.

103. As a result of Defendants' actions, Plaintiffs have suffered pecuniary loss, including diversion of sales and/or loss of goodwill.

104. Defendants' conduct was intentional, wanton, and in complete disregard of Plaintiffs' rights in that Defendants knew their statements were false or had reckless disregard for their falsity, entitling Plaintiffs to punitive damages.

COUNT IV
DEFAMATION UNDER MISSOURI COMMON LAW

105. Plaintiffs repeat the allegations in the preceding paragraphs as though fully set forth herein.

106. Defendants have published defamatory statements, descriptions, and representations about Plaintiffs and identified Plaintiffs through the posting of the Video At-Issue and accompanying written summary and statement. Upon information and belief, Defendants have also made similar defamatory statements regarding Plaintiffs and their sales representatives both verbally and textually to Plaintiffs' sales representatives, customers, and/or potential customers.

107. Defendants' defamatory statements, descriptions, and representations about Plaintiffs misrepresent the nature, characteristics, and/or qualities of Plaintiffs' business operations and products.

108. Defendants' defamatory statements, descriptions, and representations about Plaintiffs are false and Defendants knew that their statements, descriptions, and representations about Plaintiffs were false, or Defendants had reckless disregard of the truth or falsity of their statements, descriptions, and representations about Plaintiffs.

109. Plaintiffs have been and continue to be damaged and injured by Defendants' defamatory and false statements, descriptions, and representations about Plaintiffs through diversion of sales and/or loss of goodwill.

110. Defendants' conduct was intentional, wanton, and in complete disregard of Plaintiffs' rights in that Defendants knew their statements were false or had reckless disregard for their falsity, entitling Plaintiffs to punitive damages.

COUNT V
TORTIOUS INTERFERENCE WITH CONTRACT
UNDER MISSOURI COMMON LAW

111. Plaintiffs repeat the allegations in the preceding paragraphs as though fully set forth herein.

112. Plaintiffs' contract with Plaintiffs' Sales Representatives and Customers, where Plaintiffs, respectively, (1) engaged with Plaintiffs' Sales Representatives so that the Sales Representatives would solicit orders for HCT/P products from prospective and existing customers and (2) provided Plaintiffs' Customers with HCT/P products.

113. Defendants were aware of Plaintiffs' Sales Representatives and Customers that had contracted with Plaintiffs.

114. Defendants contacted Plaintiffs' Sales Representatives and Customers and asserted false statements, descriptions, and representations about Plaintiffs, such as those found in the Video At-Issue and accompanying written summary and statement, to Plaintiffs' Sales Representatives and Customers.

115. By asserting false statements, descriptions, and representations about Plaintiffs, such as those found in the Video At-Issue and accompanying written summary and statement, to Plaintiffs' Sales Representatives and Customers, Defendants intentionally interfered with Plaintiffs' contract with Plaintiffs' Sales Representatives and Customers.

116. As a result of Defendants' tortious interference with Plaintiffs' contracts with Plaintiffs' Sales Representatives and Customers, Defendants have induced or caused Plaintiffs' Sales Representatives and Customers to cancel their contracts with Plaintiffs, or Plaintiffs expect Plaintiffs' Sales Representatives and Customers to cancel their contracts with Plaintiffs.

117. There exists no justification for the actions of Defendants in inducing or causing Plaintiffs' Sales Representatives and Customers to cancel their contracts with Plaintiffs.

118. But for the conduct of Defendants, Plaintiffs' Sales Representatives and Customers would have continued their existing contractual relationship with Plaintiffs.

119. Plaintiffs have been and continue to be damaged and injured by Defendants' tortious interference with Plaintiffs' contracts with Plaintiffs' Sales Representatives and Customers through diversion of sales and/or loss of goodwill.

120. Defendants' conduct was willful and malicious with the intent to harm Plaintiffs and Defendants' actions were done without justification, entitling Plaintiffs to punitive damages.

COUNT VI
TORTIOUS INTERFERENCE WITH A BUSINESS EXPECTANCY
UNDER MISSOURI COMMON LAW

121. Plaintiffs repeat the allegations in the preceding paragraphs as though fully set forth herein.

122. Plaintiffs maintain business relationships with numerous Plaintiffs' Sales Representatives and Customers where Plaintiffs, respectively, validly expected to (1) engage with Plaintiffs' Sales Representatives so that the Sales Representatives would solicit orders for HCT/P

products from prospective and existing customers and (2) provide Plaintiffs' Customers with HCT/P products.

123. Defendants were aware of Plaintiffs' Sales Representatives and Customers that have business relationships with Plaintiffs.

124. Defendants contacted Plaintiffs' Sales Representatives and Customers and asserted false statements, descriptions, and representations about Plaintiffs, such as those found in the Video At-Issue and accompanying written summary and statement, to Plaintiffs' Sales Representatives and Customers.

125. By asserting false statements, descriptions, and representations about Plaintiffs, such as those found in the Video At-Issue and accompanying written summary and statement, to Plaintiffs' Sales Representatives and Customers, Defendants intentionally interfered with Plaintiffs' business relationships with Plaintiffs' Sales Representatives and Customers.

126. As a result of Defendants' tortious interference with Plaintiffs' business relationships with Plaintiffs' Sales Representatives and Customers, Defendants have induced or caused Plaintiffs' Sales Representatives and Customers to cease business relationships with Plaintiffs, or Plaintiffs expect Plaintiffs' Sales Representatives and Customers to cease business relationships with Plaintiffs.

127. There exists no justification for the actions of Defendants in inducing or causing Plaintiffs' Sales Representatives and Customers to cease business relationships with Plaintiffs.

128. But for the conduct of Defendants, Plaintiffs' Sales Representatives and Customers would have continued their business relationship with Plaintiffs and Plaintiffs, respectively, would have (1) engaged with Plaintiffs' Sales Representatives so that the Sales Representatives would

solicit orders for HCT/P products from prospective and existing customers and (2) provided Plaintiffs' Customers with HCT/P products.

129. Plaintiffs have been and continue to be damaged and injured by Defendants' tortious interference with Plaintiffs' contracts with Plaintiffs' Sales Representatives and Customers through diversion of sales and/or loss of goodwill.

130. Defendants' conduct was willful and malicious with the intent to harm Plaintiffs and Defendants' actions were done without justification, entitling Plaintiffs to punitive damages.

PRAYER FOR RELIEF

Wherefore, Plaintiffs request that this Court enter judgment in their favor and against Defendants on all claims as follows:

- a) Granting preliminary and permanent injunctive relief immediately enjoining Mr. Russell and Platinum Biologics and its officers, agents, employees, and all persons or entities in active concert or participation with it, from making further false statements, descriptions, and representations about Plaintiffs;
- b) Granting preliminary and permanent injunctive relief immediately ordering the removal of the Video At-Issue and the accompanying written summary and statement from all online platforms and/or forums;
- c) Awarding all damages to Plaintiffs allowable under the law, together with pre-judgment and post-judgment interest thereon;
- d) Finding this case to be an exceptional case pursuant to 35 U.S.C. § 285;
- e) Increasing the amount of damages awarded to Plaintiffs to three times the amount found or assessed by this Court because of the willful and deliberate nature of Defendants' acts, pursuant to 15 U.S.C. § 1117(a);
- f) Awarding to Plaintiffs their reasonable attorneys' fees incurred in this action to the extent allowed by law;
- g) Awarding to Plaintiffs their costs incurred in this action;
- h) For any other relief this Court deems just and proper.

JURY TRIAL DEMAND

Plaintiffs respectfully demand a trial by jury on all claims and issues so triable.

Dated: April 12, 2024.

Respectfully submitted,

POLSINELLI PC

Plaintiff,

v.

**THE REGENERATIVE PROJECT, LLC
d/b/a PLATINUM BIOLOGICS,
MICHAEL "BEEBEN" RUSSELL**

Defendants.

Case No.:

VERIFICATION

I, Philipp R. Vitti, make the following declaration under oath:

1. I am an adult citizen over 18 years of age and otherwise competent to make this declaration. This declaration is based upon my personal knowledge.
2. I am the Founder, Co-Owner, and Chief Science Officer of Plaintiffs Vitti Labs LLC ("Vitti Labs") in the above-entitled action.
3. I have read the foregoing VERIFIED COMPLAINT and know the contents thereof; and the same is true of my knowledge, except as those matters which are therein stated upon my information and belief, and as to those matters, I believe it to be true.

Pursuant to 28 U.S.C. § 1746, I declare under penalty of perjury that the foregoing testimony is true and correct to the best of my knowledge and information.

Dated: April 12, 2024

FOUNDER, CO-OWNER, AND CSO OF
VITTI LABS, LLC

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 4-5. Provide all the following where applicable:

Date of Event/Arrest 08/10/2006	Disposition Date	State MN	City	County
Case # 62-CV-16-6618		Governing, licensing, Arresting Presiding Body/Agency/Court District Court, Second Judicial District, State of Minnesota, Ramsey County		
Reason/Charge Civil Suit				
Plaintiff/Defendant/Claimant/Respondent Cung Tran v. Philipp Vitti, et al.			Lawsuit/Arbitration/Bankruptcy Lawsuit	
Name of Business/Industry/Entity				

Provide explanation below:

Philipp Vitti was sued in Minnesota on promissory notes allegedly due and owing. Philipp Vitti was never advised of the suit.

Default judgment was entered in Minnesota. Plaintiff register the foreign judgment in Missouri. Philipp Vitti filed a Motion to Set Aside the Judgment, citing multiple errors on the part of Plaintiff. The Court entered an Order granting the judgment, from which Philipp Vitti appealed to the Missouri Court of Appeals, Western District.

Philipp Vitti was successful on Appeal, the Appeal was dismissed and the underlying court ordered to vacate the judgment.

See attached Mandate issued by the Missouri Court of Appeals.

Mandate

CIR. CT. 1716-CV07714

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 4-5. Provide all the following where applicable:

Date of Event/Arrest 02/19/2016	Disposition Date 03/17/2016	State MO	City	County Jackson
Case # 1616-CV03939		Governing, licensing, Arresting Presiding Body/Agency/Court Circuit Court of Jackson County, Missouri		
Reason/Charge Civil Suit				
Plaintiff/Defendant/Claimant/Respondent Philipp Vitti v. Steven Vockrodt, et al.			Lawsuit/Arbitration/Bankruptcy Lawsuit	
Name of Business/Industry/Entity				

Provide explanation below:

In regard to litigation Philipp Vitti had filed, Steven Vockrodt, a reporter with a local news agency, wrote two articles that were published in both print and online versions, containing untruths regarding Philipp Vitti. Steven Vockrodt had access and means to check sources and information, but did not. Instead he met with one of the Defendants in the underlying case and proceeded to publish the untruths, thereby directly impacting Philipp Vitti's personal and profession life.

Steven Vockrodt, along with all defendants, removed the case to Federal Court.

No further action was taken by the state court.

A copy of the Notice of Removal is attached.

Reason/Charge Civil Suit				
Plaintiff/Defendant/Claimant/Respondent Philipp Vitti v. RSUI Group, Inc., et al.			Lawsuit/Arbitration/Bankruptcy Lawsuit	
Name of Business/Industry/Entity				

Provide explanation below:

Philipp Vitti had to file a Declaratory Judgment action against the insurance companies involved in the underlying suit in which Philipp Vitti was successful in obtaining a judgment in excess of \$8,000,000. The insurance companies were refusing to pay their insureds damages pursuant to the judgment.

The insurance companies involved removed the case from state court to federal court.

The issues were resolved prior to any trial in the matter and the case dismissed.

See attached Notice of Dismissal.

Case No. 4:15-cv-00980-ODS

PLAINTIFF'S NOTICE OF DISMISSAL WITHOUT PREJUDICE

Pursuant to Federal Rule of Civil Procedure 41(a), Plaintiff Philipp Vitti, through his counsel, hereby dismisses this action without prejudice. Although a Court Order is unnecessary because no Answer has been filed by any defendant, Vitti respectfully states the following to explain his Notice of Dismissal:

1. Plaintiff filed a Petition for Declaratory Judgment in the Circuit Court of Jackson County, Missouri on October 20, 2015.
2. However, Plaintiff ultimately did not serve any Summons or Petitions on any of the defendants because he learned that his claim was not yet ripe. *See Farmers Ins. Co. v. Miller*, 926 S.W.2d 104 (Mo. Ct. App. 1996) (tort claimants must first obtain a final judgment before pursuing action against the tortfeasor's insurance company).
3. Defendants RSUI Group, Inc. and Landmark American Insurance Company removed this action to federal court without ever being served with process.
4. Subject matter jurisdiction must be determined as of the date of the Petition and, as such, Vitti's claim may not necessarily ripen when his State Court Judgment becomes final. *See Preston v. Gutierrez*, No. 90-6029-CV-SJ-6, 1993 WL

280819, at *3 (W.D. Mo. July 23, 1993) (noting that ripeness must be determined as of the date of the complaint because “[a] federal court should determine all questions, except mootness, regarding the court’s subject matter jurisdiction as of the date the plaintiff files the complaint.”).

5. Accordingly, Vitti dismisses this action without prejudice and, when his judgment becomes final, he will pursue garnishment in the Circuit Court of Jackson County, Missouri, where this state law dispute rightfully belongs because the parties are non-diverse. *See Kendall v. N. Assur. Co. of Am.*, No. 09-0539-CV-W-GAF, 2009 WL 2632757, at *2 (W.D. Mo. Aug. 25, 2009) (remanding garnishment action to state court because insureds were non-diverse and necessary parties).

WHEREFORE, Plaintiff Philipp L. Vitti respectfully dismisses the above-captioned case without prejudice.

PETITION FOR DAMAGES AND EQUITABLE RELIEF

Pursuant to Mo. R. Civ. P. 55.01 and 55.05, plaintiffs Vitti Corporate, LLC, Vitti Labs, LLC, and BioXstem, LLC, set forth the following allegations and claims against defendants Douglas Rainey, Amanda Conover, Athletic Integrative Medicine Corp., Project Y Biotech, LLC, and Cardinal Biologicals, Inc.:

INTRODUCTION

This is a case regarding a complicated bait-and-switch scheme that took significant planning and preparation by the Colluding Defendants to carry out. Defendant Rainey is the ringleader of this complicated scheme, even though his actions violate his non-compete agreement with Plaintiffs Vitti Labs's and BioXstem. The Colluding Defendants pirated Plaintiffs Vitti Labs's and BioXstem's name, likeness, and brand in order to operate the bait-and-switch scheme, causing substantial damage to Plaintiffs and the human cellular tissue industry as a whole. This is due in part to the Colluding Defendants using Defendant Project Y's products as the "switch" in the scheme, even though Defendant Project Y's products use materials from Defendant Cardinal Biologicals that are non-transplantable. Despite their products being non-transplantable, the Colluding Defendants distributed, marketed, and sold the products for transplantable use to physicians and physicians' groups.

PARTIES

1. Plaintiff Vitti Corporate, LLC ("Plaintiff Vitti Corporate") is a Missouri limited liability company with its principal place of business in Kansas City, Jackson County, Missouri. It is authorized and in good standing to do business in the State of Missouri.

2. Plaintiff Vitti Labs, LLC ("Plaintiff Vitti Labs") is a Missouri limited liability company with its principal place of business in Liberty, Clay County, Missouri. It is authorized and in good standing to do business in the State of Missouri.

3. Plaintiff BioXstem, LLC ("Plaintiff BioXstem") is a Nevada limited liability company.

4. Defendant Douglas Rainey ("Defendant Rainey") is an individual, who is a citizen and resident of Arizona. Upon information and belief, he may be served at [REDACTED].

5. Defendant Amanda Conover ("Defendant Conover") is an individual, who is a citizen and resident of Texas. Upon information and belief, she may be served at [REDACTED].

6. Defendant Athletic Integrative Medicine Corp. ("Defendant AIM") is an Arizona for-profit corporation. Defendant AIM can be served through its registered agent, Defendant Rainey, at 4665 N. Quartz Hill Place, Tucson, Arizona 85750-9691.

7. Defendant AIM's sole owner is Defendant Rainey, who is Defendant AIM's president and CEO and only director. All actions of Defendant Rainey alleged herein were during and within his scope of work with Defendant AIM.

8. Defendant Conover is a clinical consultant with Defendant AIM. All actions of Defendant Conover alleged herein were during and within her scope of work with Defendant AIM.

9. Defendant Project Y Biotech, LLC ("Defendant Project Y") is a California limited liability company. Defendant Rainey is the owner of Defendant Project Y, who can be served through its registered agent, Defendant Rainey, at 4665 N. Quartz Hill Place, Tucson, Arizona 85750-9691.

10. Defendant Cardinal Biologicals, Inc. ("Defendant Cardinal Biologicals") is a Texas for-profit organization with its principal place of business in Cape Girardeau, Missouri. Defendant Cardinal Biologicals is authorized and is in good standing to do business in the State of Missouri. Defendant Cardinal Biologicals can be served through its registered agent, Paul Pfeiffer, at 821 Progress St., Cape Girardeau, Missouri 63703.

JURISDICTION AND VENUE

11. Pursuant to Section 506.500, RSMo 2016, jurisdiction is proper in this Court as the causes of action against Defendants arise out of tortious acts committed within this State of Missouri, including causing damages to Plaintiffs in Missouri. Upon information and belief, jurisdiction is also proper in this Court as the causes of action against Defendants include transactions Defendants made within this State of Missouri.

12. As to Defendant Rainey, he entered a contract entitled "Competence and Understanding Agreement," which causes of action, in part, relate to this agreement. Under the Competence and Understanding Agreement, Defendant Rainey consented to the jurisdiction of Missouri courts.

13. Under Section 508.010, RSMo Supp. 2019, venue is proper in this Court because at least one Plaintiff, Vitti Labs, was first injured in Clay County, Missouri.

GENERAL ALLEGATIONS

14. Plaintiff Vitti Labs is engaged in the business of, among others, providing proprietary Human Cellular Tissue Products, research and development products, Investigational New Drug products, cosmetics, and aesthetic market products suitable for human or non-human markets.

15. Plaintiff Vitti Labs's products are provided to physician directed markets, clinics, hospitals, and aesthetic markets, through medical offices operated by third-party physicians, or physician groups that have agreed to provide such products and services from Plaintiff Vitti Labs.

16. Plaintiff BioXstem is a proprietary marketing services business that offers services that target medical professionals, their staff, and in some cases their affiliates throughout the United States.

17. On or about March 11, 2022, Plaintiff Vitti Corporate entered into an agreement entitled "Preferred Distributor Agreement" with BioXstem, wherein BioXstem agreed to distribute certain of Plaintiff Vitti Labs's products to third-party physicians or physician groups. A copy of the Preferred Distributor Agreement is attached hereto as Exhibit A.

18. On or about April 5, 2022, BioXstem entered into the Competence and Understanding Agreement with Defendant Rainey, wherein Defendant Rainey agreed to perform services for BioXstem relating to Plaintiff Vitti Labs's products. A copy of the Competence and Understanding Agreement is attached hereto as Exhibit B.

19. Sometime after Defendant Rainey entered into the Competence and Understanding Agreement, Defendants Rainey, Conover, AIM, and Project Y colluded and conspired to misuse Plaintiff Vitti Labs's name, likeness, and trademark/trade name in order to make a financial gain, causing significant financial damage to Plaintiffs Vitti Labs and Vitti Corporate.

20. Specifically, Defendants Rainey, Conover, AIM, and Project Y (hereinafter collectively referred to as the "Colluding Defendants") colluded and conspired to misuse Plaintiff Vitti Labs's name, likeness, and trademark/trade name in a multiple staged operation commonly known as a "bait and switch" scheme.

21. The Colluding Defendants used Plaintiffs Vitti Labs's and BioXstem's name, likeness, and trademark/trade name on order forms with third-party physicians and physicians' groups.

22. The Colluding Defendants also used Plaintiffs Vitti Labs's and BioXstem's name, likeness, and trademark/trade name and their goodwill and prestige in the industry in order to obtain orders from physicians and physicians' groups.

23. By using Plaintiffs Vitti Labs's and BioXstem's name, likeness, and trademark/trade name and their goodwill and prestige in the industry, the Colluding Defendants were able to meet with physicians and physicians groups that they would otherwise not have met; all under the guise that the Colluding Defendants were selling physicians and physicians' groups Plaintiff Vitti Labs's products, when in reality the Colluding Defendants had no intention of selling Plaintiff Vitti Labs's products but instead selling them competing products.

24. After the order form had been returned to the Colluding Defendants and money paid for the products, the Colluding Defendants contacted the physicians and physicians' groups and informed them that Plaintiff Vitti Labs denied them as clients, even though Plaintiff Vitti Labs was unaware of these clients or new account applications because the Colluding Defendants never informed Plaintiff Vitti Labs of these clients and applications.

25. The Colluding Defendants then informed the physicians and physicians' groups that Defendant Project Y, a competitor of Plaintiff Vitti Labs, would fulfill the order using its products. The above actions by the Colluding Defendants will be referred to hereinafter as the "bait and switch scheme."

26. Defendant Rainey undertook significant planning and preparation in order for the Colluding Defendants to carry out the bait & switch scheme.

27. For instance, Defendant Rainey created a distribution chain in order to provide the Colluding Defendants with products to directly compete with Plaintiffs' Vitti Labs's products. These competing products include EC-Matrix, 22 Bore, ISOX, Trinity 2, and F-Matrix (the "Competing Products").

28. This distribution chain included procuring raw materials, including umbilical cords, from Defendant Cardinal Biologicals, for use in the Competing Products.

29. Notably, all the human biologicals that Defendant Cardinal Biologicals supplies are non-transplantable and would otherwise be discarded as medical waste. Rather than becoming medical waste, Defendant Cardinal Biologicals helps ensure these materials contribute to medical research, the education of future physicians, and other life-changing applications.

30. Even though Defendant Cardinal Biologicals supplies are non-transplantable, Defendant Project Y uses these supplies in their Competing Products with the intent on selling them for transplantable regenerative medical use. Clearly, Defendant Project Y's use of these supplies in this manner creates a significant risk to the public health and safety.

31. The distribution chain also included creating and establishing Defendant Project Y, a tissue distribution bank, and obtaining the necessary licenses for Defendant Project Y.

32. The Colluding Defendants have been using this bait and switch scheme for over a year.

33. The Colluding Defendants' bait and switch scheme is widespread. Upon information and belief, the Colluding Defendants' bait and switch scheme included them contacting Missouri physicians and physicians' groups and obtaining orders from Missouri physicians and physicians' groups who were then subject to the Colluding Defendants' bait and switch scheme.

34. At no time during the Colluding Defendants' use of their bait and switch scheme did Plaintiffs Vitti Labs or BioXstem consent to its name, likeness, and trademark/trade name be used in this scheme.

35. Upon information and belief, the Colluding Defendants' bait and switch scheme has resulted in lost gross revenue in excess of \$1,000,000.00.

COUNT I – BREACH OF CONTRACT
(Plaintiffs Vitti Corporate and BioXstem against Defendant Rainey)

36. Plaintiffs Vitti Corporate and BioXstem incorporate by reference all preceding paragraphs as if fully set forth herein.

37. On or about April 5, 2022, Defendant Rainey entered into the Competence and Understanding Agreement with Plaintiff BioXstem. (Ex. B.)

38. Under Paragraph 10 of the Competence and Understanding Agreement, [REDACTED]

[REDACTED]

[REDACTED] (Ex. B, ¶10.)

39. Paragraph 2.2 of the Competence and Understanding Agreement provides:

[REDACTED]

(Ex. B, ¶2.2.)

40. Paragraph 7 of the Competence and Understanding Agreement provides:

[REDACTED]

(Ex. B, ¶7.)

41. Defendant Rainey breached Paragraph 2.2 and Paragraph 7 of the Competence and Understanding Agreement.

42. As to Paragraph 2.2, Defendant Rainey breached Paragraph 2.2 by selling the Competing Products and by falsely representing that clients and applications were denied by Plaintiffs Vitti Labs and Vitti Corporate—all of which were part of the Colluding Defendants' bait and switch scheme.

43. As to Paragraph 7, Defendant Rainey breached Paragraph 7 by falsely representing that clients and applications were denied by Plaintiffs Vitti Labs and Vitti Corporate and by selling the Competing Products.

44. Upon information and belief, Defendant Rainey breached Paragraph 2.2 and Paragraph 7 in other ways that will be learned of during discovery.

45. As a result of Defendant Rainey's breaches of Paragraph 2.2 and Paragraph 7, Plaintiffs Vitti Corporate and BioXstem were damaged and will continue to be damaged by Defendant Rainey's actions.

46. Pursuant to Paragraph 12 of the Competence and Understanding Agreement,

[REDACTED]

[REDACTED]. (Ex. B, ¶12.)

WHEREFORE, Plaintiffs Vitti Corporate, LLC and BioXstem, LLC respectfully request this Court enter judgment in their favor and against Defendant Rainey as to Count I, for damages in excess of \$25,000, for attorneys' fees and costs, and for such other relief as this Court deems just and proper.

**COUNT II – BREACH OF IMPLIED COVENANT OF GOOD FAITH AND
FAIR DEALING**

(Plaintiffs Vitti Corporate and BioXstem against Defendant Rainey)

47. Plaintiffs Vitti Corporate and BioXstem incorporate by reference all preceding paragraphs as if fully set forth herein.

48. Under the Competence and Understanding Agreement, [REDACTED]

[REDACTED]

[REDACTED]. (See, Ex. B.)

49. Defendant Rainey, however, evaded the spirit of the Competence and Understanding Agreement by carrying out and continuing to carry out the bait and switch scheme.

50. As a result of Defendant Rainey's breach of implied covenant of good faith and fair dealing, Plaintiffs Vitti Corporate and BioXstem have been damaged and will continue to be damaged.

WHEREFORE, Plaintiffs Vitti Corporate, LLC and BioXstem, LLC respectfully request this Court enter judgment in their favor and against Defendant Rainey as to Count II, for damages in excess of \$25,000, for attorneys' fees and costs, and for such other relief as this Court deems just and proper.

COUNT III – MISAPPROPRIATION OF PLAINTIFFS' TRADEMARK/TRADE NAME
(Plaintiffs Vitti Labs and BioXstem against the Colluding Defendants)

51. Plaintiffs Vitti Labs and BioXstem incorporate by reference all preceding paragraphs as if fully set forth herein.

52. Section 417.056, RSMo 2016 prohibits the use of Plaintiffs Vitti Labs's and BioXstem's trademark or trade name "in connection with the sale, offering for sale, or advertising of any goods or services on or in connection with which such use is likely to cause confusion or mistake or to deceive as to the source of origin of such goods or services."

53. Section 417.056, RSMo 2016 provides Plaintiffs Vitti Labs and BioXstem with a private cause of action for violation of this statute.

54. The Colluding Defendants violated Section 417.056, RSMo 2016 by using Plaintiffs Vitti Labs's and BioXstem's trademark/trade name (i.e., Plaintiff's name and logo) on the Colluding Defendants' New Account Agreement forms, which forms contain products offered by Defendant Project Y—a competitor of Plaintiff Vitti Corporate. (See Ex. C.) The forms are used to lure new clients into agreeing to order Plaintiff Vitti Labs's products only to have the Colluding Defendants inform the clients that Plaintiff Vitti Labs's denied their applications. (Ex. C.) The Colluding Defendants then sold the clients the Competing Products as part of their bait and switch scheme.

55. For example, the Colluding Defendants had [REDACTED] complete a New Account Agreement and Order Form. A copy of the New Account Agreement and Order Form are attached hereto as Exhibit C. [REDACTED] completed the New Account Agreement and ordered Plaintiff Vitti Labs's HylaJel and HylaPure and paid for these products. (Ex. C.) The Colluding Defendants then informed [REDACTED] that Plaintiff Vitti Labs's denied its new account. Afterwards, the Colluding Defendants then sold [REDACTED] the Competing Products, which resulted in sub-optimal results for [REDACTED].

56. Plaintiffs Vitti Labs and BioXstem did not consent to the Colluding Defendants' use of its trademark/trade name in this manner.

57. Section 417.061, RSMo 2016 allows Plaintiffs Vitti Labs and BioXstem to obtain not only injunctive relief but also monetary damages, including requiring the Colluding Defendants to pay to Plaintiffs Vitti Labs and BioXstem all profits "derived from or damages

suffered by reason of such wrongful" use of Plaintiffs Vitti Labs's and BioXstem's trademark/trade name.

58. As a result of the Colluding Defendants' violation of Section 417.056, RSMo 2016 Plaintiffs Vitti Labs and BioXstem sustained damages and will continue to suffer damages.

WHEREFORE, Plaintiffs Vitti Labs, LLC and BioXstem, LLC respectfully request this Court enter judgment in its favor and against Defendants Rainey, Conover, AIM, and Project Y as to Count III, for damages in excess of \$25,000, for attorneys' fees and costs, and for such other relief as this Court deems just and proper.

COUNT IV – MISAPPROPRIATION OF PLAINTIFFS' NAME AND LIKENESS
(Plaintiffs Vitti Labs and BioXstem against the Colluding Defendants)

59. Plaintiff Vitti Labs and BioXstem incorporate by reference all preceding paragraphs as if fully set forth herein.

60. Under Missouri law, appropriation of one's name and likeness occur when a defendant makes use of the name or likeness to pirate plaintiff's identity for some advantage.

61. The Colluding Defendants pirated Plaintiffs Vitti Labs's and BioXstem's name and likeness by using their name and likeness (i.e. their name and logo) on the Colluding Defendants' New Account Agreement forms, which forms contain products offered by Defendant Project Y—a competitor of Plaintiff Vitti Labs. The forms are used to lure new clients into agreeing to order Plaintiff Vitti Labs's products only to have the Colluding Defendants inform the clients that Plaintiff Vitti Labs's denied their applications. The Colluding Defendants then sold the clients the Competing Products as part of their bait and switch scheme.

62. Plaintiffs Vitti Labs and BioXstem did not consent to the Colluding Defendants' use of their name and likeness in this manner.

63. As a result of the Colluding Defendants' misappropriation of Plaintiff Vitti Labs's and BioXstem's name and likeness, they sustained damage and will continue to sustain damage.

WHEREFORE, Plaintiffs Vitti Labs, LLC and BioXstem, LLC respectfully request this Court enter judgment in its favor and against Defendants Rainey, Conover, AIM, and Project Y as to Count IV, for damages in excess of \$25,000, for costs, and for such other relief as this Court deems just and proper.

COUNT V – TORTIOUS INTERFERENCE WITH A CONTRACT
(Plaintiffs Vitti Corporate and BioXstem against the Colluding Defendants)

64. Plaintiffs incorporate by reference all preceding paragraphs as if fully set forth herein.

65. On or about March 11, 2022, Plaintiff entered into an agreement entitled "Preferred Distributor Agreement" with BioXstem, wherein BioXstem agreed to distribute certain of Plaintiff Vitti Labs's products to third-party physicians or physician groups. (*See*, Ex. A.)

66. On or about April 5, 2022, BioXstem entered into the Competence and Understanding Agreement with Defendant Rainey, wherein Defendant Rainey agreed to perform services for BioXstem relating to Plaintiff Vitti Labs's products. Plaintiff Vitti Corporate is a third-party beneficiary to this agreement. (*See*, Ex. B.)

67. The Colluding Defendants were aware of the "Preferred Distributor Agreement" and "Competence and Understanding Agreement."

68. The Colluding Defendants caused Plaintiff BioXstem to breach one or more of these agreements because of the Colluding Defendants' use of the bait and switch scheme.

69. The Colluding Defendants lacked justification for their actions.

70. As a result of the Colluding Defendants' actions, Plaintiffs Vitti Corporate and BioXstem sustained damage and will continue to sustain damage.

WHEREFORE, Plaintiffs Vitti Corporate, LLC and BioXstem, LLC respectfully request this Court enter judgment in its favor and against Defendants Rainey, Conover, AIM, and Project Y as to Count V, for damages in excess of \$25,000, for costs, and for such other relief as this Court deems just and proper.

COUNT VI – RESPONDEAT SUPERIOR
(Plaintiffs against Defendant AIM)

71. Plaintiffs incorporate by reference all preceding paragraphs as if fully set forth herein.

72. Under the doctrine of respondeat superior, a principal may be held liable to a third party for injuries caused by the actions of an agent of the principal acting within the scope of the agency.

73. Defendants Rainey and Conover are agents of Defendant AIM.

74. Defendants Rainey and Conover were acting within the scope of their agency when they carried out (and continue to carry out) the bait and switch scheme.

75. Because Defendants Rainey and Conover were acting within the scope of their agency when they carried out (and continue to carry out) the bait and switch scheme, Defendant AIM is liable for the actions and omissions of Defendants Rainey and Conover.

WHEREFORE, Plaintiffs Vitti Labs, LLC, Vitti Corporate, LLC, and BioXstem, LLC respectfully request this Court enter judgment in their favor and against Defendant AIM as to Count VI, for damages in excess of \$25,000, for costs, and for such other relief as this Court deems just and proper.

COUNT VII – RESPONDEAT SUPERIOR
(Plaintiffs against Defendant Project Y)

76. Plaintiffs incorporate by reference all preceding paragraphs as if fully set forth herein.

77. Under the doctrine of respondeat superior, a principal may be held liable to a third party for injuries caused by the actions of an agent of the principal acting within the scope of the agency.

78. Defendants Rainey and Conover are agents of Defendant Project Y.

79. Defendants Rainey and Conover were acting within the scope of their agency when they carried out (and continue to carry out) the bait and switch scheme.

80. Because Defendants Rainey and Conover were acting within the scope of their agency when they carried out (and continue to carry out) the bait and switch scheme, Defendant Project Y is liable for the actions and omissions of Defendants Rainey and Conover.

WHEREFORE, Plaintiffs Vitti Labs, LLC, Vitti Corporate, LLC, and BioXstem, LLC respectfully request this Court enter judgment in their favor and against Defendant Project Y as to Count VII, for damages in excess of \$25,000, for costs, and for such other relief as this Court deems just and proper.

COUNT VIII – FRAUDULENT CONCEALMENT
(Plaintiffs Vitti Corporate and Vitti Labs against Defendant Rainey)

81. Plaintiffs Vitti Corporate and Vitti Labs incorporate by reference all preceding paragraphs as if fully set forth herein.

82. Defendant Rainey had a duty to disclose information to Plaintiffs Vitti Corporate and Vitti Labs, including any misrepresentations made to clients and potential clients regarding new client applications and the status of Plaintiff Vitti Labs's products.

Defendant Rainey has breached the agreement by: (1) engaging directly with one of Plaintiff Vitti Corporate's competitors in fulfilling the ordered products as part of the Colluding Defendants' bait and switch scheme; and (2) representing to physicians and physicians' groups that Plaintiffs Vitti Corporate and Vitti Labs were unable to fulfill orders sold to them and that its competitor's products were equivalent or a substitute for Plaintiff Vitti Labs's products.

89. Not only does the Competence and Understanding Agreement allow for a temporary restraining order, Section 417.061 also allows for injunctive relief, including a restraining order. Section 417.061 does not require the posting of a bond.

90. Under Section 417.061, Plaintiffs Vitti Corporate, Vitti Labs, and BioXstem must merely show "[l]ikelihood of injury to business reputation or of dilution of the distinctive quality of a mark registered under sections 417.005 to 417.066, or a mark valid at common law, or a trade name valid at common law, shall be a ground for injunctive relief notwithstanding the absence of competition between the parties or the absence of confusion as to the source of goods or services."

91. Plaintiffs Vitti Corporate's, Vitti Labs's, and BioXstem's business reputation has been injured by Defendants in that they have misrepresented to physicians and physicians' groups that Plaintiff Vitti Labs is unable to fulfill orders and/or supply products to the Colluding Defendants to allow them to carry out their bait and switch scheme. Furthermore, upon information and belief, the Colluding Defendants' bait and switch scheme has resulted in lost gross revenue in excess of \$1,000,000.00.

92. Aside from the above, Plaintiffs Vitti Corporate's, Vitti Labs's, and BioXstem's business reputation will continue to be damaged and gross revenue losses will increase if a temporary restraining order or injunction is not entered against Defendants.

93. Significantly, Defendant Project Y is using non-transplantable supplies from Defendant Cardinal Biologicals, while the other Defendants go about distributing, marketing, and selling Defendant Project Y's products to physicians and physicians' groups for use in transplantable regenerative medicine. Clearly, this creates a serious risk to public health and safety.

WHEREFORE, Plaintiffs Vitti Corporate, Vitti Labs, and BioXstem, LLC respectfully request this Court enter a temporary restraining order or, alternatively, an injunction: (a) precluding the Colluding Defendants from contacting physicians or physicians' groups they signed up using their bait and switch scheme; (b) precluding the Colluding Defendants from making any representation regarding whether Plaintiff Vitti Labs's approved or denied physicians and physicians' groups' applications; (c) precluding Defendants from distributing, marketing, or selling Defendant Project Y's products to physicians and physicians' groups as its products are not transplantable and violates Defendant Rainey's non-compete agreement; (d) precluding Defendant Cardinal Biologicals from providing supplies to Defendant Project Y, directly or indirectly, as Defendant Project Y is using Defendant Cardinal Biologicals' supplies to create transplantable products; and (e) precluding the Colluding Defendants from using Plaintiffs Vitti Labs's and BioXstem's name, likeness, and trade name/trade mark.

Respectfully Submitted,

/s/ Richard D. Rhyne

BIOXSTEM, LLC

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 4-5. Provide all the following where applicable:

Date of Event/Arrest 08/05/2010	Disposition Date 05/03/2012	State MO	City	County Jackson
Case # 1016-CV23780		Governing, licensing, Arresting Presiding Body/Agency/Court Circuit Court of Jackson County, Missouri		
Reason/Charge Civil Suit				
Plaintiff/Defendant/Claimant/Respondent Ellis Real Estate Services, LLC v. Philipp Vitti			Lawsuit/Arbitration/Bankruptcy Lawsuit	
Name of Business/Industry/Entity				

Provide explanation below:

Landlord / Tenant action filed by Plaintiff for rent due in the amount of \$1,955.40.

The last activity on this suit was the issuance of a garnishment to Philipp Vitti. To the best of Philipp's Vitti's knowledge the judgment was satisfied and no further action was taken.

Plaintiff Ellis Real Estate did not file a Satisfaction of Judgment; thus there is no final document available to provide.

A copy of the docket sheet from the case is attached hereto.

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 4-5. Provide all the following where applicable:

Date of Event/Arrest 02/25/2014	Disposition Date 07/14/2015	State MO	City	County Jackson
Case # 1416-CV04877		Governing, licensing, Arresting Presiding Body/Agency/Court Circuit Court of Jackson County, Missouri		
Reason/Charge Civil Suit				
Plaintiff/Defendant/Claimant/Respondent Philipp Vitti v. Donald Saxton, et al.			Lawsuit/Arbitration/Bankruptcy Lawsuit	
Name of Business/Industry/Entity				

Provide explanation below:

Philipp Vitti relied upon legal advice from Donald Saxton to his detriment. He then filed a malpractice suit against attorney Donald Saxton and his law firm. Donald Saxton violated several Rules of Professional Conduct in advising Philipp Vitti, and Donald Saxton knew he was in violation of the Rules and had put himself in a conflict of interest position.

The issues in the suit were resolved prior to trial and the case was dismissed.

See attached Orders granting Motion to Dismiss.

JUDGMENT AND ORDERS

IT IS HEREBY ORDERED, ADJUDGED, AND DECREED:

- a. Plaintiff Philipp Vitti and Defendant Sergio Acosta operated Gusto as partners, with Vitti being entitled to 80% of Gusto's profits and Acosta being entitled to 20% of Gusto's profits;
- b. The Management Agreement between 504 Tavern LLC and Plaintiff Vitti is void;
- c. For the claims of wrongful eviction and injurious falsehood, judgment is entered in favor of Plaintiff Philipp Vitti and against Defendants 504 Tavern LLC, 504 Westport LLC, and Donald Saxton in the amount of \$4,802,363.31, plus post judgment interest. Additionally, for the claim of wrongful eviction, judgment is entered in favor of Plaintiff Philipp Vitti and against Defendants 504 Tavern LLC, 504 Westport LLC, and Donald Saxton in the amount of \$250,000.00, plus post judgment interest, for physical and mental suffering resulting from the wrongful eviction;
- d. For the claim of slander made in 2012, judgment is entered in favor of Plaintiff Philipp Vitti and against Defendants 504 Tavern LLC, 504 Westport LLC, and Donald Saxton in the amount of \$1,000,000.00, plus post judgment interest ;
- e. For the claims of slander and libel made in 2014, judgment is entered in favor of Plaintiff Philipp Vitti and against Defendants 504 Tavern LLC, 504 Westport LLC, and Donald Saxton in the amount of \$2,000,000.00, plus post judgment interest; and
- f. Plaintiff Philipp Vitti is entitled to his costs in bringing this action.

IT IS SO ORDERED.

Date

Dec. 7, 2015

Honorable Charles H. McKenzie, Judge

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 4-5. Provide all the following where applicable:

Date of Event/Arrest 10/20/2015	Disposition Date 12/11/2015	State MO	City	County Jackson
Case # 1516-CV22335		Governing, licensing, Arresting Presiding Body/Agency/Court Circuit Court of Jackson County, Missouri		
Reason/Charge Civil Suit				
Plaintiff/Defendant/Claimant/Respondent Philipp Vitti v. 504 Tavern, LLC dba Gusto, et al.			Lawsuit/Arbitration/Bankruptcy Lawsuit	
Name of Business/Industry/Entity				

Provide explanation below:

Philipp Vitti had to file a Declaratory Judgment action against the insurance companies involved in the underlying suit in which Philipp Vitti was successful in obtaining a judgment in excess of \$8,000,000. The insurance companies were refusing to pay their insureds damages pursuant to the judgment.

The insurance companies involved removed the case to Federal Court.

No additional action was taken by the state court.

A copy of the Notice of Removal is attached.

Original Signature (electronic, copies or stamps not accepted)

CERTIFICATE OF SERVICE

I certify that on this 10th day of July, 2017, I electronically filed the above and foregoing with the Court which sent notice of electronic filing to all counsel of record.

/s/ Kirk R. Presley
Attorney for Plaintiffs

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 4-5. Provide all the following where applicable:

Date of Event/Arrest 12/09/2016	Disposition Date 07/10/2017	State MO	City	County
Case # WD80299		Governing, licensing, Arresting Presiding Body/Agency/Court Missouri Court of Appeals, Western District at Kansas City, Missouri		
Reason/Charge Appeal on Civil Suit				
Plaintiff/Defendant/Claimant/Respondent Philipp Vitti, Appellant v. Donald Saxton, et al., Respondents			Lawsuit/Arbitration/Bankruptcy Appeal	
Name of Business/Industry/Entity				

Provide explanation below:

Plaintiffs and Defendant Philipp Vitti ("Vitti") were adverse parties in prior litigation, Case No. 1416-CV04955 (Philipp Vitti v. 504 Tavern, LLC et al.). The parties entered into a settlement agreement in that action, pursuant to which Vitti would not execute against the personal assets of the Plaintiffs but would instead pursue insurance proceeds, and the Plaintiffs would not present a defense at trial. On December 7, 2015, after bench trial, judgment was entered in favor of Vitti and against the Plaintiffs for \$8,052,363.31.

Vitti then initiated a statutory garnishment lawsuit against the Plaintiffs' insurance companies, Case No. 1616-CV01170 (Philipp Vitti v. Scottsdale Insurance Company et al.). Thereafter, the Plaintiffs brought this declaratory judgment action to defeat Vitti's bad faith claims in the statutory garnishment action. Vitti's bad faith claims are necessary to satisfy the judgment, as the applicable policies identified in the settlement agreement do not have sufficient limits to cover Vitti's damages under the judgment. The Plaintiffs, who have not paid the judgment, have nevertheless brought their own bad faith claims in the statutory garnishment action, requesting recovery for the underlying judgment entered against them.

Appellant Philipp Vitti filed a motion to dismiss and was successful in having the Appeal dismissed.

A copy of the Order dismissing the Appeal is attached.

Original Signature (electronic, copies or stamps not accepted)

Defendants.

Case No. 1716-CV02873

Division No. 1

ORDER

NOW ON THIS 16 day of March, 2017, the Court takes up and considers Plaintiff Philipp Vitti's Motion to Set Aside PAK Investment Holding Inc.'s Petition for Registration of Foreign Judgment. The court enters the following after being fully advised in all the premises and pleadings;

This Court hereby grants Movants' Motion to Set Aside. Where a judgment of a sister state is void for lack of jurisdiction under the state law of the rendering court or under the federal law of due process, pursuant to Missouri law, Missouri courts are not obligated to give full faith and credit to the foreign judgment. Minnesota law requires that, in order to confer the Minnesota court with jurisdiction, the procedural rules for service by publication must be strictly complied with. PAK Investment Holdings Inc. did not comply with Minnesota Rule of Civil Procedure 4.04(a) and, as a result, the default judgment entered on January 5, 2007 was void for lack of personal jurisdiction.

Specifically, PAK did not comply with Minnesota Rule 4.04(a) by failing to submit an affidavit attesting to the jurisdictional elements of Rule 4.04(a), including

Philipp Vitti's intent in leaving Minnesota, and publishing notice without filing said affidavit before publication. The Court also finds that the Findings and Order For Judgment entered by the Minnesota District Court on December 15, 2006 did not make the necessary factual findings as to whether Vitti was a resident individual domiciliary who left the state with the intent to defraud creditors or avoid service of process and, therefore, the Minnesota court did not have jurisdiction to render the default judgment.

Finally, the Court finds that PAK did not make a diligent effort to serve Vitti personally. PAK's failure to make a diligent effort violated Vitti's constitutional Due Process rights and Minnesota law. As a result, the Minnesota default judgment entered on January 5, 2007 was void for lack of personal jurisdiction on Vitti. As such, pursuant to Missouri law, Missouri courts are not obligated to give full faith and credit to the foreign judgment.

IT IS, THEREFORE, ORDERED that Plaintiff's Petition for Registration of Foreign Judgment is denied and set aside and final judgment is entered in favor of Defendant, Philipp Vitti.

Dated: 3/16/17

**CEASE-AND-DESIST and CITATION-AND-FINE ORDER: Case No. 23-153-N,
Unlicensed Furnishing of Prescription Medical Devices**

Dear Mr. Grant:

This letter responds to your letter dated June 1, 2023, in which you confirm that you represent Geryon Holdings, LLC, a Delaware limited-liability company doing business as DESS-USA (DESS). The Nevada State Board of Pharmacy (Board) has determined that DESS is engaged in the business of furnishing prescription medical devices in Nevada without having secured a license as required by Nevada Revised Statutes (NRS) 639.233. Pursuant to NRS 639.233, any manufacturer or seller of prescription medical devices must secure a Nevada license if it receives, stores, or ships such products within or into Nevada.

Under Nevada law, the term "drug" is defined to include "[a]rticles and devices intended for use in the diagnosis, cure, mitigation, treatment or prevention of disease in humans." *See* NRS 639.007. The terms "manufacturer" and "wholesaler" are defined at NRS 639.009 and NRS 639.016, respectively. The term "medical products provider" is defined at Nevada Administrative Code (NAC) 639.6936. Nevada licensure is required of any person, *including* a manufacturer, wholesaler, or medical products provider, who sells or ships drugs or medical devices "that are restricted by federal law to sale by or on the order of a physician to any person located within this State." *See* NRS 639.233(1) and (2); NAC 639.6942.

As suggested by your own letter, DESS is engaged in the business of selling "devices" as that term is defined at 21 U.S.C. § 321(h). To serve their intended purpose, these devices must be surgically implanted or affixed by a qualified medical practitioner such as a dentist or oral surgeon. Accordingly, the devices are "prescription devices" within the meaning of 21 CFR § 801.109. Federal regulations define these prescription devices more precisely as "endosseous dental implants," *see* 21 CFR § 872.3640, "endosseous dental implant accessories," *see* 21 CFR § 872.3980, and/or "endosseous dental implant abutments," *see* 21 CFR §§ 872.3630.

Because these devices are not safe to use for their intended purpose except under the supervision of a qualified medical practitioner, they must bear a label indicating that they are prescription-only devices. *See* 21 CFR § 109(b). Please consider the following:

- On or about April 27, 2023, Board Inspector Mui Lee visited the DESS facility, located at 10765 Double R. Blvd., Suite 200, in Reno, Nevada. There, she observed what appeared to be an inventory of endosseous dental components bearing “Rx only” labels.
- Employees Kim Ki and Joes Frey advised Ms. Lee that DESS sells such products from its location in Reno, Nevada.
- On or about May 15, 2023, during a conversation with Board Investigator Monica Segedy, Chief Executive Officer Robert Tobys confirmed the same.
- DESS maintains a website where it describes its devices as “FDA approved” dental “implant systems.”

Given the above evidence, the Board rejects your contention that DESS devices are not restricted by federal law to sale by or on the order of a physician. The labeling on the devices directly rebuts this position. Even if DESS chooses to sell its devices directly to patients—as opposed to dentists and oral surgeons—it must secure a license pursuant to NRS 639.233. In short, it is immaterial whether DESS sells its devices at retail or at wholesale. Either way, DESS sells devices that are restricted by federal law to sale by or on the order of a physician.

Accordingly, the Board hereby orders DESS to immediately **CEASE and DESIST** furnishing to persons in Nevada any devices that are restricted by federal law to sale by or on the order of a physician. This includes, without limitation, all devices described in 21 CFR Part 872. Further, this notice shall serve as a **CITATION** pursuant to NRS 639.2895(2) for the unlicensed furnishing of medical devices to persons in Nevada. Pursuant to NRS 639.2895(3), the Board has assessed an **administrative fine** against DESS in the amount of **Five Thousand and 00/100 Dollars (\$5,000.00)**.

If your client does not intend to contest the above fine, please instruct your client to pay the fine within 30 days of receipt of this citation, or otherwise contact Board staff to request an alternative payment plan. Payment must be by *cashier's check, certified check* or *money order* made payable to “State of Nevada, Office of the Treasurer,” to be received at the Board’s Reno office, located at 985 Damonte Ranch Parkway – Suite 206, Reno, NV 89521.

Your client may appeal this citation by submitting to the Board, at the Reno address listed above, a written request for a public hearing. You must submit any such request not later than 30 days after receipt of this notice. *See* NRS 639.2895(2). Additionally, please be aware that issuance of the foregoing letter does not preclude the filing of an administrative disciplinary complaint, a civil suit, or criminal charges, if deemed appropriate based upon evidence not currently available to the Board’s investigative staff. If you have any questions, please do not

hesitate to contact me by telephone at 775-850-1440, ext. 124, or *via* email at zunino@pharmacy.nv.gov.

Sincerely,

/s/ Gregory L. Zunino

6700 Westown Parkway, West Des Moines, IA 50266 as
Address of Surety

SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS (\$100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on March 1, 2024,
Effective Date

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of \$100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

- (1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
- (2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
- (3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
- (4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
- (5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
- (6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
- (7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this
1st day of March, 2024.

ACKNOWLEDGMENT

A notary public or other officer completing this certificate verifies only the identity of the individual who signed the document to which this certificate is attached, and not the truthfulness, accuracy, or validity of that document.

State of Nevada
County of Washoe

On March 1, 2024 before me, Julie Heimdahl, Notary Public
(insert name and title of the officer)

personally appeared Breanna Boatright,
who proved to me on the basis of satisfactory evidence to be the person(s) whose name(s) is/~~are~~
subscribed to the within instrument and acknowledged to me that ~~he~~/she/~~they~~ executed the same in
~~his~~/her/~~their~~ authorized capacity(~~ies~~), and that by ~~his~~/her/~~their~~ signature(s) on the instrument the
person(s), or the entity upon behalf of which the person(s) acted, executed the instrument.

I certify under PENALTY OF PERJURY under the laws of the State of California that the foregoing paragraph is true and correct.

WITNESS my hand and official seal.

Signature  (Seal)

MERCHANTS
BONDING COMPANY™
POWER OF ATTORNEY

Know All Persons By These Presents, that MERCHANTS BONDING COMPANY (MUTUAL) and MERCHANTS NATIONAL BONDING, INC., both being corporations of the State of Iowa, d/b/a Merchants National Indemnity Company (in California only) (herein collectively called the "Companies") do hereby make, constitute and appoint, individually,

Breanna Boatright

their true and lawful Attorney(s)-in-Fact, to sign its name as surety(ies) and to execute, seal and acknowledge any and all bonds, undertakings, contracts and other written instruments in the nature thereof, on behalf of the Companies in their business of guaranteeing the fidelity of persons, guaranteeing the performance of contracts and executing or guaranteeing bonds and undertakings required or permitted in any actions or proceedings allowed by law.

This Power-of-Attorney is granted and is signed and sealed by facsimile under and by authority of the following By-Laws adopted by the Board of Directors of Merchants Bonding Company (Mutual) on April 23, 2011 and amended August 14, 2015 and adopted by the Board of Directors of Merchants National Bonding, Inc., on October 16, 2015.

"The President, Secretary, Treasurer, or any Assistant Treasurer or any Assistant Secretary or any Vice President shall have power and authority to appoint Attorneys-in-Fact, and to authorize them to execute on behalf of the Company, and attach the seal of the Company thereto, bonds and undertakings, recognizances, contracts of indemnity and other writings obligatory in the nature thereof."

"The signature of any authorized officer and the seal of the Company may be affixed by facsimile or electronic transmission to any Power of Attorney or Certification thereof authorizing the execution and delivery of any bond, undertaking, recognizance, or other suretyship obligations of the Company, and such signature and seal when so used shall have the same force and effect as though manually fixed."

In connection with obligations in favor of the Florida Department of Transportation only, it is agreed that the power and authority hereby given to the Attorney-in-Fact includes any and all consents for the release of retained percentages and/or final estimates on engineering and construction contracts required by the State of Florida Department of Transportation. It is fully understood that consenting to the State of Florida Department of Transportation making payment of the final estimate to the Contractor and/or its assignee, shall not relieve this surety company of any of its obligations under its bond.

In connection with obligations in favor of the Kentucky Department of Highways only, it is agreed that the power and authority hereby given to the Attorney-in-Fact cannot be modified or revoked unless prior written personal notice of such intent has been given to the Commissioner-Department of Highways of the Commonwealth of Kentucky at least thirty (30) days prior to the modification or revocation.

In Witness Whereof, the Companies have caused this instrument to be signed and sealed this 1st day of March, 2024

MERCHANTS BONDING COMPANY (MUTUAL)
MERCHANTS NATIONAL BONDING, INC.
d/b/a MERCHANTS NATIONAL INDEMNITY COMPANY

By

Larry Taylor
President

STATE OF IOWA
COUNTY OF DALLAS ss.

On this 1st day of March, 2024, before me appeared Larry Taylor, to me personally known, who being by me duly sworn did say that he is President of MERCHANTS BONDING COMPANY (MUTUAL) and MERCHANTS NATIONAL BONDING, INC.; and that the seals affixed to the foregoing instrument are the Corporate Seals of the Companies; and that the said instrument was signed and sealed in behalf of the Companies by authority of their respective Boards of Directors.

(Expiration of notary's commission
does not invalidate this instrument)

Penni Miller
Notary Public

I, William Warner, Jr., Secretary of MERCHANTS BONDING COMPANY (MUTUAL) and MERCHANTS NATIONAL BONDING, INC., do hereby certify that the above and foregoing is a true and correct copy of the POWER-OF-ATTORNEY executed by said Companies, which is still in full force and effect and has not been amended or revoked.

In Witness Whereof, I have hereunto set my hand and affixed the seal of the Companies on this 1st day of March, 2024.

William Warner Jr.
Secretary

**Geryon Holdings, LLC D/B/A DESS-USA
Attachment to Nevada State Board of Pharmacy
Designated Representative Application**

I am the Chief Executive Officer of Geryon Holdings, LLC.

I reside in Florida, but commute to work in Reno, Nevada for work, and am actively involved in and aware of the actual daily operations of the wholesaler, Geryon Holdings, LLC; am employed full time in a managerial-level position; and am physically present on site when I am not traveling on company business visiting customers, on vacation, or on sick leave.

I do not serve as the designated representative for any other Nevada pharmacy or wholesaler.

Respectfully submitted,

Curtis Darin Lockaby

Section 7: Employed/Contracted Pharmacist (MUST BE COMPLETED BY the Employed/Contracted Pharmacist)Pharmacist Name: Mary Grear, RPhNV Pharmacist License #: 10687As the employed/contracted pharmacist, for (ASC/RC Name): Sage Surgical & Neuromodulation, LLC :

I understand that I am responsible for establishing policies and procedures which (NAC 639.4996):

- a) Are consistent with the policies and procedures developed pursuant to NAC 639.447;
- b) Require to maintain records in accordance with the provisions of NAC 639.485 and 639.485;
- c) Address the purchase, storage, maintenance of records and dispensing of drugs and investigational drugs;
- d) Require maintenance of a perpetual inventory of all controlled substances;
- e) Prescribe the procedure for quarantining and destroying drugs and investigational drugs that are expired, adulterated, mislabeled or otherwise unsafe for human use;
- f) Require the storage of drugs and investigational drugs in accordance with the specifications of the manufacturer;
- g) Ensure that the ASC and RC dispenses drugs and investigational drugs pursuant to chart orders and in accordance with applicable state and federal laws; and
- h) Ensure that all compounding is
 - a. Performed by a registered pharmacist in accordance with the provisions of NRS and NAC 639; or
 - b. If performed by an employee of the ASC or RC, other than a registered pharmacist, performed:
 - i. In accordance with the provisions of NRS and NAC 639;
 - ii. In a location designated for compounding that is clean and disinfected before each act of compounding; and
 - iii. By a person who has completed training for the type of compounding that will be performed.

I understand that I shall (NAC 639.4998):

- a) Visit the ASC or RC at least once each month to:
 - a. Evaluate the effectiveness of the policies and procedures established pursuant to NAC 639.4996; and
 - b. Confirm that the ASC or RC is complying with those policies and procedures, the below provisions.
- b) Maintain documentation of each visit that the pharmacist makes;
- c) Conduct an audit at least once each month using a sufficient number of records of the ASC or RC, including, without limitation, records of patients and records relating to the purchasing, storing and dispensing of drugs and investigational drugs, which must be randomly selected, to determine whether:
 - a. The records indicate that the drugs and investigational drugs are dispensed in a safe and effective manner in accordance with accepted standards of practice and the specifications of the manufacturer;
 - b. Drugs and investigational drugs are diluted in accordance with accepted standards of practice or pursuant to the specifications of the manufacturer;
 - c. The records demonstrate:
 - i. That a discrepancy does not exist in the number of drugs and investigational drugs that are in vials designated by the manufacturer for a single use which are dispensed and the number of patients who receive such drugs and investigational drugs; and
 - ii. That drugs, not including investigational drugs, which are in vials designated by the manufacturer for a single use and any remaining medication in those vials are discarded after use;
 - d. The records demonstrate that drugs, not including investigational drugs, which are in vials designated by the manufacturer for more than one use are discarded when the medication in the vials has expired or not more than 28 days after the initial breach of the vial;
 - e. The employees of the ASC or RC properly maintain accurate records relating to drugs and investigational drugs; and
 - f. The employees of the ASC or RC properly monitor and maintain the perpetual inventory required pursuant to paragraph (d) of subsection 1 of NAC 639.4996; and
- d) Submit a written report, including, without limitation, a written explanation, to the Board not later than 5 business days after the pharmacist determines that:
 - a. The ASC or RC is violating a state or federal law which affects the care and safety of a patient;
 - b. There is a discrepancy of 5 percent or more between the actual quantity of a controlled substance in the possession of the ASC or RC and the amount of the controlled substance that should be in the possession of the ASC or RC according to the records of the ASC or RC, including, without limitation:
 - i. Purchase orders and invoices for the controlled substance;
 - ii. Records which indicate the removal of the controlled substance from the storage area;
 - iii. Patient records;
 - iv. Records which indicate the return of the controlled substance to the manufacturer;
 - v. Records which indicate that the controlled substance was destroyed; and
 - vi. Any other record for the controlled substance;
 - c. The recovery center or surgical center has intentionally or recklessly failed to create or maintain a record required by the policies and procedures established pursuant to NAC 639.4996;
 - d. The recovery center or surgical center is administering a drug or an investigational drug in violation of accepted standards of practice or the specifications of the manufacturer; or
 - e. The recovery center or surgical center is engaged in a practice which endangers the health, safety or welfare of a patient or employee of the recovery center or surgical center.

Section 8: Personal and Professional History of the Employed/Contracted Pharmacist		Yes	No
1.	Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓
2.	Have you been charged, arrested, or convicted of a felony or misdemeanor in <u>any</u> state?		✓
3.	Have you been the subject of a board citation or an administrative action whether completed or pending in <u>any</u> state?	✓	
4.	Has your license been subjected to any discipline for violation of pharmacy or drug laws in <u>any</u> state?		✓

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-4, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 3. Provide all the following where applicable:

Date of Event/Arrest 4/24/2002	Disposition Date May 2002	State NV	City Las Vegas	County Clark
Case # 02-036-RPH-S		Governing, licensing, Arresting Presiding Body/Agency/Court NV State Board of Pharmacy		
Reason/Charge Complaint concerning records of PRN, Inc.				
Plaintiff/Defendant/Claimant/Respondent Mary Gear			Lawsuit/Arbitration/Bankruptcy	
Name of Business/Industry/Entity PRN, Inc.				

Provide explanation below:

A complaint was made concerning grants made by the Board of Pharmacy to PRN, Inc. under the care of Mary Gear, Executive Director. The Board of Pharmacy sent notice of a request for hearing to the wrong mailing address even though the correct address was on file at the Board Office. This resulted in my not being aware that I needed to appear until after the Board Meeting. I subsequently prepared the requested documents and submitted them to the Board Auditors who found no discrepancies in the funds granted by the Board of Pharmacy to PRN and the expense record under my administration. A rehearing was held and the case was closed finding all monies were accounted for the PRN, Inc. gronts.

Mary Gear, RPh

NEVADA STATE BUSINESS LICENSE

Sage Surgical & Neuromodulation, LLC

Nevada Business Identification # NV20222503035

Expiration Date: 07/31/2023

In accordance with Title 7 of Nevada Revised Statutes, pursuant to proper application duly filed and payment of appropriate prescribed fees, the above named is hereby granted a Nevada State Business License for business activities conducted within the State of Nevada.

Valid until the expiration date listed unless suspended, revoked or cancelled in accordance with the provisions in Nevada Revised Statutes. License is not transferable and is not in lieu of any local business license, permit or registration.

License must be cancelled on or before its expiration date if business activity ceases. Failure to do so will result in late fees or penalties which, by law, cannot be waived.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the Great Seal of State, at my office on 07/06/2022.

Martha Y Oppong
[REDACTED] Colorful Rain Ave
North Las Vegas NV 89031

Dear members of the board of pharmacy,

PETITION LETTER TO RETAKE THE NEVADA STATE MPJE

I am Martha Yaa Oppong, a Pharm D graduate from Marshall B. Ketchum University in Fullerton, California, and I am currently licensed in Idaho. I am submitting this letter to request permission to retake the Nevada State Pharmacy Law (MPJE).

I had no doubt about passing the MPJE after successfully passing the NAPLEX, although I was pregnant at the time. Unfortunately, things took a turn for the worse when my husband, a U.S. Air Force active duty service member, was deployed to Saudi Arabia, leaving me with two kids to take care of alone. The situation became overwhelming, and I tragically lost the baby. I became very ill as a result and despite needing time to heal, I felt compelled to retake the test since my Authorization to Test was only valid for a year from the time my eligibility was granted.

Sadly, despite numerous attempts, I have been unable to pass the MPJE after dedicating a significant amount of time and effort to studying the Nevada Law. I must also add that my pharmacy education took place in California, leading me to believe that I needed additional information to effectively prepare for the exam. To better improve my understanding of the material and resources available on the Nevada Board of Pharmacy webpage, I sought assistance from friends at Roseman University of Health Sciences, Nevada, to provide me with additional notes on the Nevada Pharmacy Law.

I am presently licensed and employed in Idaho as a result of my upcoming student loan repayment and to provide financial assistance to my husband and children who are still residing in Nevada. Since my husband is currently stationed at Nellis Air Force Base Nevada and our children are attending school on base, it will be an inconvenience to relocate them to Idaho to live with me. This separation has been extremely challenging, and I am making every effort possible to reunite with my family.

Despite these challenges, I remain committed and resolute in my decision to pass the MPJE. I have been diligently studying the materials for over six months, incorporating new strategies and resources to improve my understanding of the Nevada State Pharmacy Law. I have bought new federal law books, printed the pharmacy DEA manual and the statutes and intensively studying to pass the MPJE. Additionally, with over a year of pharmacist experience, I am well equipped to apply my on the job knowledge as well during the exam, if given the opportunity.

I kindly request the board members to consider giving me another opportunity to retake the MPJE. Being a resident of Nevada, I am eager to utilize the knowledge and expertise I acquired in school to benefit the Las Vegas community and the State of Nevada at large. I would greatly appreciate being granted the chance to retest once more.

Thank you for your consideration.

Respectfully,

Martha Y. Oppong, Pharm D.

NEVADA STATE BOARD OF PHARMACY

985 Damonte Ranch Parkway, Suite 206 - Reno, NV 89521 - (775) 850-1440

Pharmacist Application Non-Refundable \$250 fee Rev (06/28/2022)

Y

Section 1: Select how will you be obtaining your Nevada Pharmacist Registration

☐ Examination

☐ Score Transfer (Transfer your NAPLEX SCORE to Nevada within 89 days after taking your exam at <https://nabp.pharmacy/> before completing this application.)

☒ Reciprocation (Complete NABP's Electronic Licensure Transfer Program (e-LTP) application at <https://nabp.pharmacy/> before completing this application.)

Are you submitting this application to RETAKE the NAPLEX and/or MPJE? ☐ Yes ☒ No

Section 2: General Information

First: Hernan Middle: Dario Last: Kim Mok
Date of Birth: [REDACTED] SSN or ITIN: [REDACTED] Sex: ☒ M ☐ F ☐ X
Mailing Address: [REDACTED] N. Euclid St
City: Fullerton State: CA Zip: 92832
Telephone: [REDACTED] Email: [REDACTED]

Section 3: Employment Information

Pharmacy Name: CUS Pharmacy NV Pharmacy License # (if applicable): 19930
Address: 1812 E Charleston Blvd
City: Las Vegas State: NV Zip: 89104
Telephone: 702) 384-5047 Email: N/A

Section 4: College of Pharmacy Information

School Name: Roseman University of Health Sciences
Address: 11 Sunset Way
City: Henderson State: NV Zip: 89014
Country/Territory/Province: USA
Graduation Date: 05/17/2018 Degree: ☒ PharmD ☐ BS in Pharmacy ☐ Other

Section 5: ONLY COMPLETE this section if you are applying for a Nevada Pharmacist Registration by RECIPROCATION.

Original State of licensure/registration you are reciprocating from must be active and issued by exam (passing the NAPLEX and that state's MPJE).

State: VA License #: 0202220972 Date of Issuance: 12/9/2022 Expiry Date: 12/31/2024

Section 6: List all pharmacist license/registration you have/had in other states. Use another sheet if additional space is needed.								
State	License/Registration #	Issued Date	Expiry Date	License/Registration Status (check applicable box)				
				Active	Inactive	Expired	Revoked	Surrendered
NV	19930	7/24/18	10/31/23				✓	
VA	0202220972	12/9/22	12/31/24	✓				

Section 7: Military Service (NRS 622.120)	Yes	No
1. Have you ever served on active duty in the Armed Forces of the United States and separated from such service under conditions other than dishonorable? (Mark "Yes" if discharged honorably.)		✓
2. Have you ever been assigned to duty for a minimum of 6 continuous years in the National Guard or a reserve component of the Armed Forces of the United States and separated from such service under conditions other than dishonorable? (Mark "Yes" if discharged honorably.)		✓
3. Have you ever served the Commissioned Corps of the United States Public Health Service or the Commissioned Corps of the National Oceanic and Atmospheric Administration of the United States in the capacity of a commissioned officer while on active duty in defense of the United States and separated from such service under conditions other than dishonorable? (Mark "Yes" if discharged honorably.)		✓

Section 8: Federally Mandated Requirement (NRS 425.520, NRS 639.129)	Yes	No
1. Are you the subject of a court order for the support of a child? (If "yes", answer question 2.)		✓
2. Are you in compliance with the order or the plan approved by the district attorney or other public agency enforcing the order for the repayment of the amount owed pursuant to the order?

3. Have you been the subject of a board citation or administrative action whether completed or pending in <u>any</u> state?	✓	
4. Has your license/registration been subjected to any discipline for violation of pharmacy or drug laws in <u>any</u> state?	✓	

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-4, you have marked "YES" to in section 9 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 1. Provide all the following where applicable:

Date of Event/Arrest 1/31/23	Disposition Date 3/8/23	State NV	City Las Vegas	County USA
Case # 22-095-RPH-S		Governing, licensing, Arresting Presiding Body/Agency/Court		
Reason/Charge Diverting controlled substance.				
Plaintiff/Defendant/Claimant/Respondent			Lawsuit/Arbitration/Bankruptcy	
Name of Business/Industry/Entity				

Provide explanation below:

I enrolled in a Substance Use Disorder (SUD) program on September 28, 2022. I participated in drug testing at SUD clinic every week and tested negative for all substances. I participated in self (AA/NA) meetings every week to develop healthy social networks and support toward continued efforts for long-term sobriety. I also obtained a sponsor and worked the 12 steps to assist with my recovery. I participated in individual and group counseling every week to develop positive coping skills and prevent potential relapse. I completed the program on February 10, 2023.

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

I attest to the knowledge of and compliance with the guidelines of the Centers for Disease Control and Prevention concerning the prevention of transmission of infectious agents through safe and appropriate injection practices. NRS 639.132

I understand that Nevada law requires a registered pharmacist who, in their professional or occupational capacity, knows or has reasonable cause to believe a child has been abused/neglected to report the abuse/neglect to an agency which provides child welfare services or to a local law enforcement agency, and make such a report as soon as reasonably practicable but not later than 24 hours after the person knows or has reasonable cause to believe that the child has been abused/neglected. NEVADA STATE BOARD OF PHARMACY,

Petitioner,

v.

HERNAN KIM MOK, RPH,
Certificate of Registration No. 19930,

Respondent.

Case No. 22-095-RPH-S

STIPULATION AND ORDER

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, by and through its General Counsel, Peter K. Keegan, Esq., and Respondent Hernan Kim Mok ("Mok"), Certificate of Registration No. 19930, by and through counsel, Steven Altig, Esq. of Adras & Altig, **HEREBY STIPULATE AND AGREE THAT:**

1. The Board has jurisdiction over Respondent and this matter.
2. On or about January 31, 2023, Board Staff served Respondent Mok with the Notice of Intended Action and Accusation ("Accusation") on file in this matter together with the Statement to Respondent and Notice of Hearing.
3. Respondent Mok is fully aware of the right to seek the advice of counsel in this matter and has obtained the advice of counsel prior to entering this Stipulation.
4. Respondent Mok is aware of its right to a hearing on the matters alleged in the Accusation, its right to reconsideration, its right to appeal and any and all other rights which may be accorded to it pursuant to NRS Chapter 233B ("Nevada Administrative Procedure Act"), NRS Chapter 622A ("Administrative Procedure Before Certain Regulatory Bodies"), and NRS Chapter 639 ("Nevada Pharmacy Act").
5. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondent failed to comply with the provisions below, Respondent Mok hereby freely and voluntarily waives its right to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to it by NRS Chapter 233B ("Nevada Administrative Procedure Act"), NRS Chapter 622A

("Administrative Procedure Before Certain Regulatory Bodies"), and NRS Chapter 639 ("Nevada Pharmacy Act").

6. Respondent Mok admits that evidence exists, and that Board staff prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for certain of the violations alleged in the Accusation, that Respondent Mok:

A. Unlawfully diverted controlled substances for personal use, without a prescript, from his employer CVS Pharmacy, in violation of NRS 453.331(1)(d) and/or NRS 453.336(1) and/or NRS 453.381(8) and/or NRS 453.391(1) and/or NRS 453.411(1) and/or NAC 639.945(1)(h).

7. These violations are plead with particularity in the Accusation, and are grounds for disciplinary action pursuant to NRS 453.236, NRS 453.241, NRS 639.210 and/or NRS 639.255.

8. In order to resolve this matter without incurring any further costs or the expense associated with a hearing, and with Mok not conceding or admitting to such allegations, the Board and Mok stipulate to the following penalties and conditions:

A. Respondent Mok's Pharmacist Certificate of Registration No. 19930 is hereby revoked for a period of one-year from the effective date of this order;

B. Respondent Mok shall pay a fine of Five Thousand Dollars (\$5,000.00) for the alleged violations;

C. Respondent Mok shall pay Five Hundred Dollars (\$500.00) to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter; and

D. In the event Respondent Mok petitions for reinstatement, or applies for reinstatement, or applies for any other certificate, license or permit with the Board, he shall appear before the Board to answer questions and give testimony regarding his application, his compliance with this Order, as well as the facts and circumstances underlying this matter.

9. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing that Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. The Board may impose additional discipline upon that Respondent consistent with the provisions of NRS Chapter 453 and/or Chapter 639.

10. The Board's General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on March 8, 2023, in Las Vegas, Nevada. Respondent will appear in person or through counsel at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent or counsel are not present at the meeting.

11. The Board has discretion to accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 USC § 1396r-2 and 45 CFR Part 60.

12. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board the same day or at a later date. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

13. Upon approval of this Stipulation by the Board, Respondent shall pay the fines agreed to herein by *personal check, business check, cashier's check or certified check or money order* made payable to "State of Nevada, Office of the Treasurer," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway - Suite 206, Reno, Nevada 89521, within thirty (30) of the effective date of this Order.

14. Upon approval of this Stipulation by the Board, Respondent shall pay the attorney's fees and costs agreed to herein by *personal check, business check, cashier's check or certified*

check or money order made payable to "Nevada State Board of Pharmacy," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway -- Suite 206, Reno, Nevada 89521, within thirty (30) of the effective date of this Order.

15. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release one another from any and all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and has freely and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

AGREED:

Signed this 18 day of February 2023.

ORDER

The Nevada State Board of Pharmacy hereby adopts the foregoing Stipulation as to Respondent Hernan Kim Mok, RPH Certificate of Registration No. CS07810, in Case No. 22-095-RPH-S and hereby orders that the terms of the foregoing Stipulation be made effective upon execution below.

IT IS SO ORDERED.

Entered this 9th day of March 2023.

Helen Park, President
Nevada State Board of Pharmacy

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY,

Petitioner,

v.

**HERNAN KIM MOK, RPH,
Certificate of Registration No. 19930,**

Respondent.

Case No. 22-095-RPH-S

**NOTICE OF INTENDED ACTION
AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and/or NRS 639.241.

JURISDICTION

The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because, at the time of the events alleged herein, Respondent Hernan Kim Mok, RPh. ("Kim Mok"), Certificate of Registration No. 19930, was a pharmacist registered with the Board, and was originally licensed on July 24, 2018.

FACTUAL ALLEGATIONS

1. At the time of the events alleged herein, Respondent was employed as a pharmacist at CVS Pharmacy #8788 ("CVS") located at 1812 E. Charleston Blvd., Las Vegas, NV 89104.

2. On or about February 22, 2022, CVS staff filed a police report with the Las Vegas Metropolitan Police Department indicating Respondent was suspected of diverting Adderall from the CVS pharmacy.

3. On or about April 6, 2022, the Board received a DEA form 106, as well as the Licensee Record of Any Controlled Substance Loss or Theft form from CVS. This documentation reported the suspected employee theft of controlled substances between

approximately September 2021 and February 2022, including the following controlled substances:

Substance	Dose Strength	NDC Number	Quantity
Adderall XR	10mg	54092038301	40
Adderall XR	5mg	54092038101	39
Dextroamp-Amphetamin	20mg	00781235201	16
Dextroamp-Amphetamin	20mg	66993059702	15
Adderall XR	20mg	54092038401	12
Adderall XR	25mg	54092038901	10
Dextroamp-Amphetamin	15mg	43975033310	10
Dextroamp-Amphetamin	30mg	57664034188	5
Dextroamp-Amphetamin	20mg	43975033410	4
Dextroamp-Amphetamin	30mg	49884084401	1

4. On or about April 27, 2022, CVS's district leader provided a written statement to the Board's investigator indicating that CVS had conducted an internal investigation into the theft which resulted in a police report being filed against staff pharmacist Hernan Kim Mok for theft of the controlled substances.

5. On or about May 23, 2022, Respondent submitted a written statement to the Board's investigator assuring that he would not work in pharmacy in any capacity until this matter was resolved.

6. On August 2, 2022, Respondent submitted a written statement to the Board investigator where he admitted to having an addiction to Adderall and that he had diverted Adderall XR capsule powder from CVS.

7. Respondent's diversion of Adderall XR capsule powder from CVS resulted in the dispensing of adulterated Adderall XR to patients.

APPLICABLE LAW

8. It is a gross misdemeanor for any person to sell or delivery any drug that is adulterated or misbranded. NRS 585.520(1); NRS 585.550(2).

9. A drug or device shall be deemed to be adulterated if it is a drug and any substance has been mixed or packed therewith so as to reduce its quality or strength; or substituted wholly or in part therefor. NRS 585.400(1)-(2).

10. It is a felony offense to acquire a controlled substance except as authorized by law. 21 U.S.C. § 841(a); 21 U.S.C. § 843(a)(3); 21 U.S.C. § 846; NRS 453.331(1)(d); NRS 453.391(1).

11. It is a felony offense to possess a controlled substance except as authorized by law. 21 U.S.C. § 841(a); 21 U.S.C. § 844; 21 U.S.C. § 846; NRS 453.336(1); NRS 453.381(8).

12. It is a criminal offense to use a controlled substance except as authorized by law. 42 U.S.C. § 12210; NRS 453.411(1).

13. Supplying or diverting drugs which are legally sold in pharmacies constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(g) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

14. Performing or in any way being a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(h) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

15. Violating any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(11).

16. Violating, attempting to violate, assisting, or abetting in the violation of or conspiring to violate any law or regulation relating to drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(12).

17. The Board may impose a fine upon the holder of a certificate, license, or permit issued by the Board for up to \$10,000.00 for each violation. NRS 639.255(3).

COUNT ONE

Unlawful Acquisition of Controlled Substances

18. By diverting and acquiring controlled substances as alleged herein, Respondent violated, attempted to violate, assisted, or abetted in the violation of or conspired to violate 21 U.S.C. § 841(a), 21 U.S.C. § 843(a)(3), 21 U.S.C. § 846, NRS 453.331(1)(d) and/or NRS 453.391(1), and is subject to discipline pursuant to NRS 639.210(11) and/or (12) and/or NRS 639.255(3).

COUNT TWO

Unlawful Possession of Controlled Substances

19. By diverting and possessing controlled substances as alleged herein, Respondent violated, attempted to violate, assisted, or abetted in the violation of or conspired to violate 21 U.S.C. § 841(a), 21 U.S.C. § 844, 21 U.S.C. § 846, NRS 453.336(1), NRS 453.381(8) and/or NRS 454.316(1), and is subject to discipline pursuant to NRS 639.210(11) and/or (12) and/or NRS 639.255(3).

COUNT THREE

Unlawful Use of Controlled Substances

20. By diverting and using controlled substances as alleged herein, Respondent violated, attempted to violate, assisted, or abetted in the violation of or conspired to violate 42 U.S.C. § 12210 and/or NRS 453.411(1), and is subject to discipline pursuant to NRS 639.210(11) and/or (12) and/or NRS 639.255(3).

COUNT FOUR

Unprofessional Conduct - Diversion

21. By diverting controlled substances as alleged herein, Respondent engaged in unprofessional conduct and conduct contrary to the public interest pursuant to NAC 639.945(1)(g) and is subject to discipline pursuant to NRS 639.210(4) and/or NRS 639.255(3).

COUNT FIVE

Unprofessional Conduct - Fraudulent/Deceitful Practice/Transaction

22. By diverting controlled substances as alleged herein, Respondent was a party to a fraudulent or deceitful practice or transaction, engaged in unprofessional conduct and conduct contrary to the public interest pursuant to NAC 639.945(1)(h), and is subject to discipline pursuant to NRS 639.210(4) and/or NRS 639.255(3).

COUNT SIX

Adulteration and Dispensing of an Adulterated Drug

23. By diverting Adderall XR as alleged herein, Respondent adulterated drugs and caused the dispensing of adulterated drugs from CVS in violation of NRS 585.520(1) and/or NRS 585.550(2) and/or NRS 585.400(2), and is therefore subject to discipline pursuant to NRS 639.210(12) and/or NRS 639.255(3).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this Respondent.

Signed this 30th day of JANUARY, 2023.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

I understand that Nevada law requires a registered pharmaceutical technician in training who, in their professional or occupational capacity, knows or has reasonable cause to believe a child has been abused/neglected to report the abuse/neglect to an agency which provides child welfare services or to a local law enforcement agency, and make such a report as soon as reasonably practicable but not later than 24 hours after the person knows or has reasonable cause to believe that the child has been abused/neglected. NRS 432B.220.

	23	WVAFS	Defendant waives arraignment for sentencing.
	24	PLRIS	Defendant requests immediate sentencing.
	25	WVPBR	Probation report waived.
	26	SPSP1	No legal cause why judgment should not be pronounced and defendant having been convicted of 182(a)(1)/266i(a)(1) PC as charged in count 7, defendant is sentenced to STATE PRISON for Upper term of 6 Year(s).

27	SPAMD	Defendant has also Pled Guilty to the additional charge of 182(a)(1)/266i(a)(1) PC in count 8 and is sentenced to STATE PRISON for 1/3 the mid term of 16 Months. Sentence imposed to be served consecutive to count 7.
28	SPTTP	Total term to be served in State Prison is 7 Year(s) 4 Months.
29	PRESS	Execution of State Prison sentence is suspended and defendant is placed on 5 Year(s) FORMAL PROBATION as to count(s) 7, 8 on the following terms and conditions:
30	PRJAL	Serve 78 Day(s) Orange County Jail as to count(s) 7, 8.
31	JLCTS	Credit for time served: 39 actual, 39 conduct, totaling 78 days pursuant to Day-for-day.
32	SESEC	Pay \$40.00 Court Operations Fee per convicted count pursuant to Penal Code 1465.8.
33	SECCA	Pay Criminal Conviction Assessment Fee per convicted count of \$30.00 per misdemeanor/felony and \$35.00 per infraction pursuant to Government Code 70373(a)(1).
34	PRSRF	Pay mandatory state restitution fine of \$300.00 pursuant to Penal Code 1202.4 or Penal Code 1202.4(b).
35	PRRFS	Pay \$300.00 Probation Revocation Restitution Fine pursuant to Penal Code 1202.44. Restitution fine stayed, to become effective only upon revocation of probation.
36	PRRES	Pay restitution in the amount as determined and directed by Probation Department as to count(s) 7, 8..
37	PRDNAC	As a condition of my plea and for the purpose of crime prevention and detection, I voluntarily consent and agree to provide a state DNA sample and prints for the State DNA Database pursuant to Penal Code 296.1 and a local DNA Database sample, prints and photograph for the local Orange County District Attorney DNA Database with the understanding that my DNA samples will be forensically analyzed and will be permanently retained, along with my DNA profile(s), prints and photograph, all of which will be subject to continual searches, anytime in the future, against other DNA profiles, prints and photographs in any local, state, national or international law enforcement database. I also voluntarily agree to provide sample (s) immediately or, if in custody, within 72 hours of my release.
38	PRDNA	Defendant to provide a state DNA sample and prints for the State DNA Database pursuant to PC 296 and PC 296.1 unless collection agency verifies in any available databases that the DNA sample has been previously collected.
39	PRSAS	Submit your person and property including any residence, premises, container, or vehicle under your control, to <u>search and seizure</u> at any time of the day or night by any law enforcement officer, probation officer, or mandatory supervision officer with or without a warrant, probable cause or reasonable suspicion.
40	PRPSY	Cooperate with your probation or mandatory supervision officer in any plan for psychological, psychiatric, alcohol and/or drug treatment.
41	PRTSE	Seek training, schooling, or employment and maintain residence as approved by your probation officer.
42	PRASA	Do not associate with persons known to you to be parolees, on post-release community supervision, convicted felons, users or sellers of illegal drugs, or otherwise disapproved of by probation or mandatory supervision.
43	PRNWP	Do not knowingly own, use, or possess any type of dangerous or deadly weapon.
44	PROBY	Obey all orders, rules, and regulations, and directives of the Court, Jail, and Probation.
45	PRVNL	Violate no law.
46	FIDVO	Protective order signed, served, and filed.
47	PRCTO	Comply with all terms of Protective Order.
		Defendant is ordered not to harass, strike, threaten, assault (sexually or otherwise),

48	PRPOT	follow, stalk, molest, destroy or damage personal or real property, disturb the peace, keep under surveillance, or block movements of the person(s) named in the protective order. All firearms owned or subjected to immediate possession by the defendant must be surrendered to a local law enforcement agency or sold to a licensed gun dealer within 24 hours. The defendant must file a receipt of surrender or sale within 48 hours. Defendant is not to attempt or actually prevent or dissuade any victim or witness from attending a hearing or testifying or making a report to any law enforcement agency or person.	
49	DOPOF	Protective Order faxed to Protective Order Registry.	
50	PRYRD	Do not go within 100 yards of person(s) named in the Protective Order.	
51	DOPOS	Court orders the protective order sealed pursuant to Penal Code section 293, 293.5, and/or California Rules of Court 2.550.	
52	PRDTC	Disclose terms and conditions of probation when asked by any law enforcement or probation officer.	
53	PRCN1	If Defendant successfully completes probation, the state prison sentence of 7 years and 4 months will not be imposed, additionally if defendant complies with the terms and conditions of probation for 3 years, the District Attorney agrees to meet with defendant and counsel to consider modifying terms of the plea or probation.	
54	PRCN2	Defendant specifically consents to any search of any electronic device owned by her and waives any issues pursuant to State Assembly 178, during probation.	
55	PRPCD	Pay cost of probation or mandatory supervision, according to ability to pay, as directed by your probation or mandatory supervision officer pursuant to Penal Code section 1203.1b.	
56	PRFEP	All fees payable through the Probation Department.	
57	PRATC	Defendant accepts terms and conditions of probation.	
58	PBRPT	Defendant to report to Probation Officer within 72 hours of release.	
59	FIDOC	Waiver of Hearing regarding Public Defender or Court Appointed Attorney fees and court order signed and filed.	
60	FDPFC	Court finds that the defendant has the ability to pay costs for counsel pursuant to Penal Code 987 in the amount of \$200.00 to the County Tax Collector within 90 days.	
61	NTRCO	Defendant released on this case only. Release issued.	
62	NTJAL	Notice to Sheriff issued.	
63	OFMCD	Minutes entered by I. Escobedo on 01/10/2017.	
64	DOJABS	DOJ Initial Abstract sent.	
01/11/2017	1	DOORG	Protective Order modified in the Protective Order Registry.

Dear [Board of Pharmacy],

I am writing this letter to respectfully request your consideration of my application for pharmacy technician certification in light of a past felony conviction(s). I do want to be completely transparent about the conviction(s) In 2017 I agreed to a plea deal for 2 felony convictions of conspiracy pandering. A part of the deal was to complete a probation sentence of 5 years in which I have completed successfully & had not been in trouble with law since. I was 18 years of age at the time, hanging around the wrong crowd, and ended up making a horrible mistake. While I fully acknowledge the gravity of my previous actions, I believe that I have undergone significant personal growth and rehabilitation since that time.

Over the years, I have actively engaged in personal development activities, counseling, and educational opportunities to address the root causes of my past mistakes. I am committed to maintaining a law-abiding and responsible lifestyle, and I understand the importance of upholding the high standards expected of healthcare professionals. I was also introduced to a program that assists with the process of reducing/ dismissing my previous felony convictions but will take some time.

My passion for pharmacy stems from a sincere desire to contribute positively to the healthcare system, my genuine desire for helping others & making them feel better. I am confident that my commitment to personal and professional development aligns with the values upheld by the Board of Pharmacy. Allowing me this opportunity will open many doors. I come from very humble beginnings... This opportunity would allow me to set a better example for my siblings who are watching me, & will also allow me to be the first person in my immediate family to finish college & land a career. I am more than willing to provide any additional documentation or information that may aid in your evaluation & decision making process of my application.

I understand the seriousness of the decision you face and appreciate your time and consideration in reviewing my request. I am hopeful for the opportunity to demonstrate my dedication to ethical and responsible conduct within the pharmacy profession.

Thank you for your attention to this matter.

Best Regards,

Danisha Harvey

Henderson, NV 89014
Office: 702-933-5544, Fax: 702-933-5545

Re: Section 5, Questions 3 & 4— Statement of Explanation

In 2016, I was included in an investigation conducted by the Nevada State Board of Osteopathic Medicine regarding a Medical Spa in which I was the medical director. See attached Case No. AD1606001 dated Aug 17, 2016, where we agreed to resolve the matter and reached a settlement agreement. As part of this agreement, I agreed to pay the Board's fees and costs in the matter, pay a fine, and refrain from administering, prescribing, dispensing, or ordering prescription drugs from any site other than my primary OBGYN practice until after January 2, 2017.

In 2017, the DEA concluded an investigation based on the above matter. A memorandum of agreement was put in place, and I agreed to the following: pay a penalty (settlement amount) and surrender my DEA Registration No. FT1209635 (for the medical spa). I was able to continue prescribing all permitted controlled substances under my main DEA Registration for my OB/GYN practice. Up to this point, I remained licensed by the Nevada State Board of Osteopathic Medicine and the Nevada State Board of Pharmacy.

In 2018, the Nevada State Board of Pharmacy concluded its investigation into the Medical Spa. See attached Case No. 16-013-PD-S which goes into detail. Effective July 18, 2018, all my Controlled Substance registrations and Practitioner Dispensing Registrations were revoked. I was not able to apply for reinstatement until after a year. My DEA Registration was reinstated on November 8, 2019, and my Controlled Substance license was reinstated effective November 21, 2019.

Please contact me if you have any further questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'R Toledo DO', with a stylized flourish.

Robert Toledo, DO

Section 5: Personal and Professional History	Yes	No
1. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓
2. Have you been charged, arrested or convicted of a felony or misdemeanor in any state?		✓
3. Have you been the subject of a board citation or an administrative action whether completed or pending in any state?	✓	
4. Has your license been subjected to any discipline for violation of pharmacy or drug laws in any state?	✓	

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-4, you have marked "YES" to in section 5 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # _____. Provide all the following where applicable:

Date of Event/Arrest	Disposition Date	State	City	County
Case #	Governing, licensing, Arresting Presiding Body/Agency/Court			
Reason/Charge				
Plaintiff/Defendant/Claimant/Respondent			Lawsuit/Arbitration/Bankruptcy	
Name of Business/Industry/Entity

BEFORE THE NEVADA STATE BOARD OF OSTEOPATHIC MEDICINE

AUG 17 2016

FILED

IN THE MATTER OF:

ROBERT TOLEDO, D.O.
License No. 1057,

Respondent.

Case No. AD1606001

SETTLEMENT AGREEMENT AND
ORDER

The Nevada State Board of Osteopathic Medicine (the Board), by and through its investigating board member Nicole Cavenagh, PhD, hereby enters into this settlement agreement with Robert Toledo, D.O. (License No. 1057). Pursuant to chapter 233B and chapter 633 of the Nevada Revised Statutes (NRS) and Nevada Administrative Code (NAC), it is hereby stipulated and agreed, by and between the parties in the above-entitled matter that this matter shall be fully and finally settled and resolved upon terms and conditions set out herein.

PERTINENT FACTS

1. On January 19, 2002, Dr. Toledo became licensed by the Board to practice as an osteopathic physician in Nevada (License No. 1057). Dr. Toledo's practice address of record with the Board is 1552 West Warm Springs Road, #100 in Henderson, Nevada. The Board's records show that Dr. Toledo is board certified in Obstetrics and Gynecology.

2. On March 30, 2016, the Board's staff and investigative staff from the Nevada State Board of Pharmacy conducted a joint investigation into a business entitled Henderson Wellness & Colonic (HWC) located at 9895 W. Maryland Parkway, Suite C in Las Vegas, Nevada. The business was owned by Dr. Toledo and his wife Nganha "Holly" Cheung and was managed by Dr. Toledo's sister-in-law Kim Le. The business purported to be a medical practice and spa.

3. The Board's investigation determined that HWC maintained a stock of prescription drugs that were readily accessible to all of HWC's staff. The prescription drugs were for weight loss (such as phentermine) or cosmetic purposes (such as Latisse). In practice, a client of HWC appeared at HWC, requested the prescription drugs HWC maintained or

1 "prescribed" without being medically examined by a licensed medical professional, paid the
2 appropriate fee, and left with the prescription drug or a "prescription" for the drug. None of the
3 employees of HWC were licensed medical professionals. Based upon the client's filling out of
4 a form and a cursory taking of vital signs, the staff of HWC would provide the client either
5 prescription medications taken from the stock maintained by HWC or would provide a
6 "prescription" to the client that had been pre-signed by Dr. Toledo via a stamp. The acts
7 performed by the employees of HWC constituted the practice of medicine since they involved
8 assessment, diagnosis, and treatment of HWC's clients, and none of the employees of HWC
9 were licensed as physicians, physician assistants, or advanced practitioner registered nurses.
10 Dr. Toledo did not see any of the clients of HWC in any capacity and did not maintain medical
11 charts on any of the clients. All of the prescription drugs dispensed by HWC were obtained
12 with Dr. Toledo's knowledge and through the exercise of Dr. Toledo's authority to obtain or
13 prescribe such prescription drugs. Dr. Toledo was aware of and condoned the manner by
14 which HWC operated.

15 **ACKNOWLEDGMENTS AND APPLICABLE LAW**

16 4. In an effort to avoid the cost and uncertainty of a hearing, the parties have agreed to
17 settle this matter. In settling this matter, Dr. Toledo does not contest the facts contained in the
18 preceding three paragraphs. Dr. Toledo further acknowledges that certain facts contained in
19 the preceding three paragraphs could be found to constitute violations of Nevada Revised
20 Statutes (NRS) 633.511(1) as unprofessional conduct as further defined in NRS
21 633.131(1)(d), (f)(1), (g), (l) and (m), and NRS 633.511(12) and Nevada Administrative Code
22 (NAC) 633.350(1)(c) and (e) if this matter went to a Board hearing. Notwithstanding the
23 preceding, the Board has agreed not to file an Accusation in this matter and the parties agree,
24 instead, that the Board should rule upon this Settlement Agreement and Order as containing
25 all necessary elements of due process to authorize the Board to take such action. If the
26 Board approves this Settlement Agreement and Order, it shall be deemed and considered
27 disciplinary action by the Board against Dr. Toledo.

28

1 5. Dr. Toledo and Dr. Cavenagh, the Investigating Board Member in this matter, agree
2 that it is in the best interests of Dr. Toledo and the Board to resolve this matter without a full
3 hearing on the merits.

4 6. Dr. Toledo is aware of, understands, and has been advised of the effect of this
5 Settlement Agreement, which he has carefully read and fully acknowledged. Dr. Toledo
6 acknowledges that he reviewed this Settlement Agreement and that he was provided the
7 opportunity to review this Settlement Agreement with legal counsel of his own choice, namely
8 John Cotton of John Cotton & Associates.

9 7. Dr. Toledo has freely and voluntarily entered into the Settlement Agreement, and he
10 is aware of his rights to contest the charges pending against him. These rights include
11 representation by an attorney at his own expense, the right to a public hearing on any charges
12 or allegations formally filed, the right to confront and cross-examine witnesses called to testify
13 against him, the right to present evidence on his own behalf, the right to testify on his own
14 behalf, the right to obtain any other type of formal judicial review of this matter, and any other
15 rights which may be accorded to him pursuant the provisions of Chapters 233B, 622, 622A,
16 and 633 of the NRS and the NAC. Dr. Toledo is voluntarily waiving all these rights in
17 exchange for the Board's acceptance of this Settlement Agreement.

18 8. Should the Settlement Agreement be rejected by the Board, it is agreed that
19 presentation to and consideration by the Board of such proposed Settlement Agreement or
20 other documents or matters pertaining to the consideration of this Settlement Agreement shall
21 not unfairly or illegally prejudice the Board or any of its members from further participation,
22 consideration, adjudication, or resolution of these proceedings and that no Board member
23 shall be disqualified or challenged for bias. Likewise, should this Settlement Agreement be
24 rejected by the Board, it is agreed that the terms of the Settlement Agreement, and any facts
25 contained herein, shall not be used against Dr. Toledo in any future prosecution or other
26 action by the Board.

27 9. Dr. Toledo for himself, his executors, administrators, successors, and assigns
28 hereby releases and forever discharges and holds harmless the State of Nevada, the Nevada

1 Board of Osteopathic Medicine and each of their members, agents, investigators and
2 employees in their individual and representative capacities, from any and all manner of
3 actions, causes of action, suit, debts, judgments, executions, claims and demands
4 whatsoever, known and unknown, in law or equity, that Licensee ever had, now has, may
5 have or claim to have against any or all of the persons or entities named in this paragraph
6 arising out of or by reason of this investigation, this disciplinary action, this settlement
7 agreement or its administration.

8 10. In consideration for the execution of this Settlement Agreement, Dr. Toledo hereby
9 releases and forever discharges the State of Nevada, the Board of Osteopathic Medicine, and
10 the Nevada Attorney General's Office (as counsel for the Board), and each of their
11 representatives, investigators, and employees, in their individual and representative capacity
12 from any and all manner of actions, causes of actions, suits, debts, judgments, executions,
13 claims and demands whatsoever, known or unknown, in law and in equity, that he may have
14 had, now has, or claim to have against any and all of the persons and entities named in this
15 paragraph arising out of or by reason of the investigation of the allegations raised herein and
16 other matters relating thereto.

17 11. Dr. Toledo acknowledges that the Settlement Agreement shall only become
18 effective after both the Board and he have duly executed it.

19 12. Dr. Toledo enters into this Settlement Agreement voluntarily after being fully
20 advised of his rights and as to the consequences of this Settlement Agreement. This
21 Settlement Agreement embodies the entire agreement reached between the Board and Dr.
22 Toledo. It may not be altered, amended, or modified without the express consent of the
23 parties.

24 13. Both parties acknowledge that the Board has jurisdiction to consider and ratify this
25 Settlement Agreement and order because Dr. Toledo is an osteopathic physician licensed by
26 the Board. Dr. Toledo expressly, knowingly, and intentionally waives the 21-day notice
27 requirement contained in the Nevada Open Meeting Law and acknowledges that this
28

1 Settlement Agreement and order may be presented to the Board for its consideration and
2 potential ratification at the Board's meeting on August 16, 2016.

3
4 **AGREED DISCIPLINARY ACTION**

5 THE PARTIES DO HEREBY AGREE as a result of the admissions and
6 acknowledgements contained in paragraphs 1 through 13 above that the following discipline is
7 fair and appropriate and should be imposed by the Board by way of resolution of this matter:

8 1. Dr. Toledo shall pay the Board's fees and costs in the investigation and prosecution
9 of this matter totaling \$791.00, payable by cashier's or certified check or money order made
10 payable to: "Nevada State Board of Osteopathic Medicine." Payment shall be due within 90
11 days of the effective date of this Settlement Agreement and Order, but if Dr. Toledo cannot
12 make payment in full by that time, he may make payment arrangements with and as are
13 acceptable to the Board's Executive Director.

14 2. Dr. Toledo shall pay a fine of \$5,000.00 in this matter, payable by cashier's or
15 certified check or money order made payable to: "Nevada State Board of Osteopathic
16 Medicine." Payment shall be due within 90 days of the effective date of this Settlement
17 Agreement and Order, but if Dr. Toledo cannot make payment in full by that time, he may
18 make payment arrangements with and as are acceptable to the Board's Executive Director.

19 3. Dr. Toledo shall not allow any prescription drugs to be ordered, purchased, stored,
20 or otherwise provided to HWC using his name or authority, and he shall take whatever action
21 is necessary to assure that no prescription drugs are obtained in his name or authority.

22 4. Dr. Toledo may not administer, prescribe, dispense, order, or otherwise be involved
23 with prescription drugs for purposes unrelated to his practice of obstetrics and gynecology at
24 HWC or any other site until January 2, 2017. Dr. Toledo may administer, prescribe, dispense,
25 order, or otherwise be involved with prescription drugs at HWC or any other site after January
26 2, 2017 only if he does so in compliance with subparagraphs 5(a), (b), and (c) below at HWC
27 or any other site.
28

1 5. Dr. Toledo may administer, prescribe, dispense, order, or otherwise be involved with
2 any controlled substances or dangerous drugs from his primary practice site so long as he
3 does so in accordance with the following conditions:

4 (a) Dr. Toledo obtains a DEA registration and Nevada CS registration at the site. Dr.
5 Toledo shall also register the site as a practice site with the Board. If Dr. Toledo desires to
6 dispense controlled substances or dangerous drugs from the site, he must also obtain a
7 Nevada dispensing practitioner's registration. Dr. Toledo shall provide written evidence of his
8 registrations to the Board office.

9 (b) Dr. Toledo must personally see and assess each patient at the site to determine
10 that the patient has a legitimate medical condition or diagnosis for which a particular controlled
11 substance or dangerous drug is appropriate. Dr. Toledo must make a medical record
12 regarding each patient he sees and assesses at the site, which record must include the basic
13 physical examination information, Dr. Toledo's assessment, diagnoses, and controlled
14 substances or dangerous drugs administered. The medical records made pursuant to this
15 subparagraph must be maintained at the site. Dr. Toledo may employ a physician assistant or
16 advanced practitioner of nursing under his supervision to see and assess the patients of the
17 site and to make and maintain the records in the same manner as is required of Dr. Toledo
18 under this paragraph.

19 (c) Dr. Toledo shall provide to the Board office his policy and procedures or protocols
20 that will be used at his primary practice location for the seeing, assessment, diagnosis,
21 administering, prescribing, and dispensing of controlled substances and dangerous drugs to
22 patients at the site. The policy and procedures or protocol must be in compliance with all laws
23 related to the administering, prescribing, and dispensing of prescription drugs and controlled
24 substances, including but not limited to NRS and NAC chapters 453, 454, 633, and 639 and
25 shall address those concerns raised in this matter including (1) limiting access to dangerous
26 drugs stored in his practices' drug rooms; (2) assuring that controlled substances are properly
27 and lawfully stored and secured; (3) limiting access to controlled substances; (4) packaging,
28 repackaging, and labeling of prescription drugs; and (5) assuring that all patients are examined

1 and that all necessary documentation is made to support the prescription, dispensing, and
2 refilling of dangerous drugs and controlled substances. The Board is aware that Dr. Toledo
3 has been working simultaneously with the Nevada State Board of Pharmacy and has been
4 developing policies and procedures or protocols in conjunction with the Nevada State Board of
5 Pharmacy. To satisfy the terms of this subparagraph, Dr. Toledo may present to the IBM
6 those policies and procedures or protocols developed with the Nevada State Board of
7 Pharmacy so long as those policies and procedures or protocols address the five concerns
8 addressed in this paragraph. The policies and procedures or protocols, whether those agreed
9 to with the Nevada State Board of Pharmacy or developed independent of the Nevada State
10 Board of Pharmacy, must be submitted to the IBM no later than 30 days after the effective
11 date of this Settlement Agreement and Order.

12 6. If Dr. Toledo desires in the future to administer, prescribe, or dispense dangerous
13 drugs or controlled substances from a site other than his primary practice site, Dr. Toledo
14 must notify the Board's office at least 30 days before he commences practice at the site. Dr.
15 Toledo may not commence any practice at a site other than his primary practice site and HWC
16 until he satisfies the IBM that his practice at the site other than his primary practice site or
17 HWC will conform with all applicable Nevada and federal laws and the requirements of
18 paragraph 4 herein.

19 7. The parties acknowledge that the Board must report this Settlement Agreement to
20 the National Practitioners Data Bank ("Data Bank").

21 8. Dr. Toledo shall meet with the Board or its representatives upon request and shall
22 cooperate with such representatives in their supervision, monitoring, investigation, or auditing
23 to assure compliance with the terms and conditions of this order. Dr. Toledo shall pay any
24 and all reasonable and necessary costs incurred by the Board resultant from this paragraph.

25 9. In the event Dr. Toledo fails to materially comply with any term of this Settlement
26 Agreement, Dr. Toledo agrees his license in the State of Nevada shall be automatically
27 suspended without any action of the Board other than the issuance of an Order of Suspension
28 by the Executive Director. Upon complying with the term, Dr. Toledo's license in the State of

1 Nevada will be automatically reinstated, assuming all other provisions of the Settlement
2 Agreement are in compliance. Additionally, Dr. Toledo's failure to comply with any term or
3 condition of this Settlement Agreement may result in discipline by the Board, up to and
4 potentially including revocation of his license. Board Staff may take any and all actions it
5 deems necessary to collect any sums ordered that remain unpaid. If Board Staff is required to
6 pursue judicial action to effect such collections, it shall be entitled to recover its attorney's fees
7 and costs incurred in pursuing such judicial action.

8 Signed this 20 day of July, 2016.

ORDER

WHEREAS, on August 16, 2016, the Nevada State Board of Osteopathic Medicine approved and adopted the terms and conditions set forth in the Agreed Settlement and Order with Robert Toledo, D.O. IT IS SO ORDERED.

SIGNED AND EFFECTIVE this 16 day of August, 2016.

NEVADA STATE BOARD OF OSTEOPATHIC MEDICINE

Ronald Hedger, D.O.
Chairman

BEFORE THE NEVADA STATE BOARD OF OSTEOPATHIC MEDICINE

IN THE MATTER OF THE COMPLAINT

Case No.: AD1606001

AGAINST

Robert Toledo, D.O.,

RESPONDENT.

NV STATE BOARD OF
OSTEOPATHIC MEDICINE

AUG 17 2016

FILED

CERTIFICATE OF SERVICE

I hereby certify that on the 18th day of August, 2016, I served a copy of the ABOVE Notice with attachment upon the parties to this matter, via U.S. Postal Service, postage thereon prepaid, addressed as follows:

Robert Toledo, D.O.
1552 W. Warm Springs Road, #100
Henderson, NV 89014

An employee of the Nevada State Board of
Osteopathic Medicine

In the Matter of

Robert Toledo, D.O.

MEMORANDUM OF AGREEMENT

This Memorandum of Agreement is entered into between the United States of America (United States), acting through the United States Attorney's Office for the District of Nevada and the Drug Enforcement Administration (DEA), and Robert Toledo, D.O. (Toledo). This Memorandum is based on the following:

1. Toledo is licensed to practice medicine in Nevada and is registered with the DEA as a practitioner with Registration Nos. FT1209635 (9895 S. Maryland Pkwy.); BT4604965 (1552 W. Warm Springs Rd.); and FT5105792 (8455 S. Eastern Ave.).

2. DEA conducted an investigation concerning the receipt and distribution of and record-keeping for Phentermine, a Schedule IV Controlled Substance, that was prescribed or dispensed by Toledo or his employees in Las Vegas and Henderson, Nevada during the period from January 1, 2014 through March 30, 2016 (the Covered Conduct). Based upon that investigation, DEA alleges that the Covered Conduct constituted civil violations of the Controlled Substances Act, 21 U.S.C. § 801 et seq., and related regulations.

3. The parties wish to compromise and settle this matter to avoid the uncertainties and expense of litigation. The parties intend to enter into an Agreement that will resolve the issues between them based upon the above-described investigation, in lieu of pursuing a civil penalty action pursuant to the Controlled Substances Act. Nothing in this Agreement constitutes an admission of liability by Toledo.

NOW THEREFORE, for and in consideration of the mutual promises and consideration described below, the United States and Toledo agree as follows:

4. Toledo agrees to pay the United States \$50,000 in civil penalties (the Settlement Amount), within 30 days of the signing of this Memorandum of Agreement. Payment shall be made by wire transfer to the United States Department of Justice, based upon instructions to be provided by the United States Attorney's Office for the District of Nevada.

5. Toledo agrees to the following:

- a. Toledo will immediately surrender DEA Registration No. FT1209635.
- b. Toledo will not dispense any Schedule II or III controlled substances under DEA Registration No. BT4604965 at any time. Toledo will continue to be able to prescribe all controlled substances otherwise permitted under state and federal law under DEA Registration No. BT4604965
- c. Toledo will abide by all federal, state, and local laws and regulations relating to the prescribing and dispensation of Controlled Substances under DEA Registration Nos. BT4604965 and FT5105792.
- d. Toledo will remain licensed by the Nevada State Board of Osteopathic Medicine and the Nevada State Board of Pharmacy.

6. The address where Toledo will maintain any and all medical records that he is required to maintain under Title 21 of the United States Code is 1552 W. Warm Springs Rd., Henderson, NV 89014 (the "Designated Address."). For a period of two years from the date on which Toledo executes this Memorandum, Toledo agrees that DEA personnel may enter the Designated Address at any time during regular business hours, without prior notice and without an Administrative Inspection Warrant or other documentation permitting entry, to verify compliance with this Memorandum of Agreement. Toledo represents that he will currently maintain the required medical records at the Designated Address. Toledo further agrees to notify the DEA of any change in the Designated Address within 30 days after any such change. Any rights DEA may have to inspect records under this Memorandum are in addition to, and not exclusive of, any rights conferred by Title 21 or other Federal law.

7. This Memorandum of Agreement will be considered fully executed upon the last party's signature, and the Effective Date of this Memorandum of Agreement will be the date of the last signature.

8. Violation of this Memorandum of Agreement will constitute additional grounds for the revocation of any or all of Toledo's Certificates of Registration, and any such violation may result in an action to revoke such registrations. If any other offense or violation by Toledo is charged, nothing in this Memorandum of Agreement shall be construed as a waiver on the part of the United States to utilize the results of the investigation referred to herein as grounds for revocation or denial of a DEA registration, either by itself or in conjunction with other grounds, in the event that future administrative proceedings become necessary. Nothing in this

Agreement shall constitute a release by the United States of any civil or criminal liability of Toledo other than civil liability for the Covered Conduct.

9. The United States enters into this Memorandum of Agreement with the understanding that Toledo will abide by its contents in good faith.

Respondent.	/	

This matter came before the Nevada State Board of Pharmacy (Board) at its regularly scheduled meeting on Wednesday, July 18, 2018, in Las Vegas, Nevada. Brett Kandt, Esq., appeared and prosecuted the case before the Board. Respondent Robert Anthony Toledo, D.O. (Toledo), Certificate of Registration Nos. CS11019, CS17832, CS19754, CS23073, PD00063 and PD11019, appeared with counsel, John Cotton, Esq. The Board heard the case and, based on the evidence presented, the Board makes the following Findings of Fact, Conclusions of Law and Order.

FINDINGS OF FACT

The allegations against Toledo, as stated in the Accusation on file herein, and upon which Toledo admits and the Board makes findings of fact, are as follows:

1. Toledo held active Controlled Substance Registrations, Certificate Nos. CS11019, CS17832, CS19754, and CS23073, and Practitioner Dispensing Registrations, Certificate Nos. PD00063 and PD11019, issued by the Board at the time of the events set forth herein.
2. Toledo also held an active license issued by the Nevada State Board of Osteopathic Medicine to practice osteopathic medicine in Nevada (License No. 1057), and owned and operated Henderson Wellness Medical Spa & Colonics (HWMS), located at 9895 Maryland Parkway, #C, Las Vegas, Nevada.
3. On March 30, 2016, investigators from the Board and the Nevada State Board of Osteopathic Medicine conducted a joint investigation of HWMS.

4. When the investigators arrived at HWMS, there was no one present there who was licensed to possess, access, order, prescribe or dispense dangerous drugs or controlled substances.

5. Toledo arrived at HWMS approximately thirty (30) minutes after the investigators arrived and initiated their investigation.

6. Prior to Toledo's arrival on March 30, 2016, Toledo's staff wrote and dispensed prescriptions for two (2) walk in patients without Toledo present at HWMS.

7. Toledo's HWMS staff assisted each of the two (2) patients to complete a Medical Weight Loss Program – Progress Note, and, in Toledo's absence, signed the Medical Weight Loss Program – Progress Notes with a stamp of Toledo's signature.

8. Without Toledo present, his HWMS staff created a prescription for each patient, prescription numbers 11211 for patient W.H., and 11212 for patient L.V., by stamping Phentermine 37.5 MG and instructions for use on a copied prescription blank bearing Toledo's pre-signed signature.

9. Toledo's staff accessed HWMS's inventory of controlled substances and dangerous drugs and dispensed Phentermine 37.5 MG tablets to each patient without Toledo present and without Toledo or any licensed practitioner examining the patient to establish a bona fide therapeutic relationship between Toledo and the patient.

10. Phentermine is a schedule IV-controlled substance.

11. Toledo established a system at HWMS wherein he directed his staff to routinely possess, prescribe and dispense controlled substances and dangerous drugs to patients on his behalf and in his absence without a bona fide relationship between Toledo and the patient, at significant risk of harm to the public.

12. HWMS had five (5) manila folders onsite that each contained copies of pre-signed prescription blanks which were pre-written for a dangerous drug and each bearing Toledo's copied signature. When a patient visited HWMS for a prescription, an unlicensed staff member wrote in the patient's name and information.

13. The copies of pre-signed prescriptions in the five manila folders at HWMS included:
 - Latisse – 14 pre-signed copied prescription blanks.
 - Obagi CRS – 11 pre-signed copied prescription blanks.
 - Obagi Nuderm – 21 pre-signed copied prescription blanks.
 - Obagi Clenziderm – 13 pre-signed copied prescription blanks.
 - Rx Sheets – 17 pre-signed copied prescription blanks for use when staff wrote for Phentermine and other prescription medications other than the Latisse and Obagi products.
14. Toledo maintained a stock of controlled substances and dangerous drugs that were readily accessible to HWMS staff in Toledo's absence.
15. The acts performed by Toledo's HWMS staff constituted the practice of medicine since they involved assessment, diagnosis, and treatment of HWMS's patients.
16. None of Toledo's HWMS staff were licensed to practice medicine as a physician, physician's assistant, or advanced practice registered nurse.
17. Toledo did not examine any of the patients of HWMS in any capacity and did not maintain medical charts on any patients of HWMS.
18. Toledo's HWMS staff possessed the controlled substances and dangerous drugs they dispensed with Toledo's knowledge and consent and through the exercise of Toledo's authority to obtain and/or prescribe controlled substances and dangerous drugs.
19. On August 16, 2016, the Nevada State Board of Osteopathic Medicine approved and entered a Settlement Agreement and Order *In the Matter of Robert Toledo, D.O.*, Case No. AD1606001.
20. Toledo entered into a Memorandum of Agreement with the U.S. Drug Enforcement Administration in May of 2017 after an audit revealed that from January 1, 2014 through November 28, 2016, Toledo dispensed 32,245 more Phentermine tablets than he was able to validate through invoice purchases.

CONCLUSIONS OF LAW

Based on the forgoing findings of fact, the Board concludes as a matter of law:

1. The Board has jurisdiction over this matter and this respondent because at the time of the events herein, Toledo held active registrations issued by the Board to prescribe and dispense controlled substances and dangerous drugs.
2. The applicable law in this matter is as follows:
 - a. No person may possess a controlled substance or dangerous drug in Nevada except as authorized by law. NRS 453.336; NRS 453.338; NRS 453.373; NRS 454.213; NRS 454.316; NRS 454.321.
 - b. No person may prescribe and dispense controlled substances in Nevada except as authorized by law. NRS 453.226; NRS 453.375(1); NRS 453.377; NRS 639.235(1); NAC 639.742(1), (3) and (4); 21 CFR § 1301.11; 21 CFR § 1306.03.
 - c. A physician may prescribe and dispense controlled substances only for a legitimate medical purpose and in the usual course of his professional practice. NRS 453.381(1); 21 CFR § 1306.04.
 - d. Each written prescription for a controlled substance must contain the handwritten signature of the prescribing practitioner. NRS 639.013(1)(a); NRS 639.2353(2); NAC 453.440(1)(c); 21 CFR § 1306.05.
 - e. No person may prescribe and dispense dangerous drugs in Nevada except as authorized by law. NRS 454.213; NRS 454.215; NRS 639.235(1); NAC 639.742(1), (3) and (4).
 - f. Each written prescription for a dangerous drug must contain the handwritten signature of the prescribing practitioner. NRS 639.013(1)(a); NRS 639.2353(2); NRS 454.223; NAC 454.060(1).
 - g. A dispensing practitioner must secure all controlled substances and dangerous drugs in his inventory in a locked storage area to which the dispensing practitioner has the only key or lock combination. NRS 453.375; NAC 453.400; NAC 453.410(1)(d); NAC 639.742(3)(c) and (4)(a); NAC 639.745(1)(c).

h. A dispensing practitioner shall ensure that no prescription for a controlled substance or dangerous drug is dispensed to a patient unless the dispensing practitioner is on-site at the facility. NAC 639.742(3)(e).

i. "Performing or in any way being a party to any fraudulent or deceitful practice or transaction" constitutes "unprofessional conduct and conduct contrary to the public interest." NAC 639.945(1)(h).

j. A licensee "[p]erforming any of his or her duties as the holder of a license, certificate or registration issued by the Board . . . in an incompetent, unskillful or negligent manner" constitutes "unprofessional conduct and conduct contrary to the public interest." NAC 639.945(1)(i).

k. "Aiding or abetting a person not licensed to practice pharmacy in the State of Nevada" constitutes "unprofessional conduct and conduct contrary to the public interest." NAC 639.945(1)(j).

l. "Prescribing a drug as a prescribing practitioner to a patient with whom the prescribing practitioner does not have a bona fide therapeutic relationship" constitutes "unprofessional conduct and conduct contrary to the public interest." NAC 639.945(1)(o).

m. The Board may suspend or revoke a registration issued pursuant to NRS 453.231 to prescribe or otherwise dispense a controlled substance upon a finding that the registrant has committed an act that would render registration inconsistent with the public interest. NRS 453.236(1)(d) and NRS 453.241(1).

n. Engaging in conduct that constitutes unprofessional conduct or that is contrary to the public interest is grounds for suspension or revocation of any license issued by the Board. NRS 639.210(4).

o. Violating any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs is grounds for suspension or revocation of any license issued by the Board. NRS 639.210(11).

p. Violating, attempting to violate, assisting or abetting in the violation of or conspiring to violate any law or regulation relating to drugs, the manufacture or distribution of drugs

or the practice of pharmacy is grounds for suspension or revocation of any license issued by the Board. NRS 639.210(12).

3. By allowing his HWMS staff, none of whom were practitioners licensed to possess controlled substances, to use his authority to access and possess an inventory of controlled substances, Toledo aided and abetted his HWMS staff in the unlicensed practice of pharmacy in violation of NRS 453.338(1) and engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(g), (h), (i), (j) and (k) and NRS 633.131(d). For that conduct, Toledo is subject to discipline pursuant to NRS 639.210(1), (4), (12) and (16), and NRS 639.255.

4. By allowing his HWMS staff, none of whom were practitioners licensed to possess dangerous drugs, to use his authority to obtain and possess an inventory of dangerous drugs, Toledo aided and abetted his HWMS staff in the unlicensed practice of pharmacy in violation of NRS 454.213; NRS 454.311 and NRS 454.316 and engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(g), (h), (i), (j) and (k) and NRS 633.131(d). For that conduct, Toledo is subject to discipline pursuant to NRS 639.210(1), (4), (12) and (16), and NRS 639.255.

5. By allowing his HWMS staff, none of whom were practitioners licensed to prescribe controlled substances, to issue prescriptions for controlled substances using pre-signed and copied prescription blanks or a stamp of Toledo's signature to patients with whom Toledo had no bona fide therapeutic relationship, Toledo violated and/or aided and abetted his HWMS staff in violating 21 CFR § 1306.03; 21 CFR § 1306.04; 21 CFR § 1306.05; NRS 453.321(1)(a); NRS 453.331(1)(b), (c), (d), (f) and (h), NRS 453.381(1); NRS 639.2813(1) and NAC 453.440(1)(c). Toledo has therefore engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(g), (h), (i), (k), (n) and (o) and NRS 633.131(d). For that conduct, Toledo is subject to discipline pursuant to NRS 639.210(1), (4), (11), (12) and (16), and NRS 639.255.

6. By allowing his HWMS staff, none of whom were practitioners licensed to prescribe dangerous drugs, to issue prescriptions for dangerous drugs using pre-signed and copied prescription

blanks or a stamp of Toledo's signature to patients with whom Toledo had no bona fide therapeutic relationship, Toledo violated and/or aided and abetted HWMS's staff in violating NRS 454.221(1), NRS 454.223, NRS 454.311(1) and (2), NRS 454.316; NRS 639.2813(1); NAC 454.060(1) and NRS 639.235(1). Toledo has therefore engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(g), (h), (i), (k), (n) and (o) and NRS 633.131(1)(d). For that conduct, Toledo is subject to discipline pursuant to NRS 639.210(1), (4), (12) and (16), and NRS 639.255.

7. By allowing his HWMS staff, none of whom were practitioners licensed to prescribe dangerous drugs, to dispense controlled substances and/or dangerous drugs using pre-signed and copied prescription blanks or a stamped signature to patients with whom Toledo had no bona fide therapeutic relationship, Toledo violated and/or aided and abetted his HWMS staff in violating 21 CFR § 1306.03; 21 CFR § 1306.04; 21 CFR § 1306.05; NRS 639.235(1); NRS 639.284(2) and NRS 639.285. Toledo has therefore engaged in unprofessional conduct and conduct contrary to the public interest as defined in NRS 639.945(g), (h), (i), (j), (k), (n) and (o). For that conduct, Toledo is subject to discipline pursuant to NRS 639.210(1), (4), (11), (12) and (16), NRS 639.255 and NAC 639.7445.

8. By allowing his HWMS staff, none of whom were practitioners licensed to prescribe controlled substances, to possess and dispense controlled substances to patients with whom he had no bona fide therapeutic relationship, Toledo aided and abetted HWMS's staff in violating 21 CFR § 1301.11; NRS 639.100(1); NRS 453.316(1); and NRS 453.331(1)(b), (c), (d), (f) and (h). Toledo has therefore engaged in unprofessional conduct and conduct contrary to the public interest as defined in NRS 639.945(g), (h), (i), (j), (k), (n) and (o). For that conduct, Toledo is subject to discipline pursuant to NRS 639.210(1), (4), (11), (12) and (16), NRS 639.255 and NAC 639.744

9. By allowing his HWMS staff, none of whom were practitioners licensed to prescribe dangerous drugs, to possess and dispense dangerous drugs to patients with whom he had no bona fide therapeutic relationship, Toledo aided and abetted HWMS's staff in violating NRS 639.100(1); NRS 454.215 and NRS 454.321. Toledo has therefore engaged in unprofessional conduct and conduct contrary to the public interest as defined in NRS 639.945(g), (h), (i), (j), (k), (n) and (o). For that

conduct, Toledo is subject to discipline pursuant to NRS 639.210(1), (4), (12) and (16), NRS 639.255 and NAC 639.7445.

10. By allowing his HWMS staff, none of whom were practitioners licensed to possess, prescribe and dispense controlled substances or dangerous drugs, to possess, prescribe and dispense controlled substances and dangerous drugs under his authority, Toledo performed and/or was a party to fraudulent and deceitful practices and transactions and engaged in unprofessional conduct and conduct contrary to the public interest pursuant to NAC 639.945(1)(h), and is subject to discipline pursuant to NRS 639.210(4) and NRS 639.255.

11. By dispensing, and/or by allowing his unlicensed HWMS staff to dispense, controlled substances to patients without Toledo's valid handwritten signature on each written prescription, Toledo acted in violation of 21 CFR § 1306.05; NRS 639.2353(2); NAC 453.440(1)(c); and NAC 453.410(1)(b)(8), and is subject to discipline pursuant to NRS 639.210(1), (4), (11), (12) and (16), NRS 639.255 and NAC 639.7445.

12. By dispensing, and/or by allowing his unlicensed HWMS staff to dispense, dangerous drugs to patients without Toledo's valid handwritten signature on each written prescription, Toledo acted in violation of NRS 454.223(2)(a); NRS 639.2353(2); and NAC 454.060(1), and is subject to discipline pursuant to NRS 639.210(1), (4), (12) and (16), NRS 639.255 and NAC 639.7445.

13. By allowing his unlicensed HWMS staff access to his inventory of controlled substances and dangerous drugs when he was not on site at his facility, Toledo violated NRS 453.375; NAC 453.400; NAC 453.410(1)(d); NAC 639.742(3)(c) and (4)(a), and NAC 639.745(1)(c), and is subject to discipline under NRS 639.210(11) and (12), NRS 639.255 and NAC 639.7445.

14. By allowing his unlicensed HWMS staff to dispense controlled substances and dangerous drugs to patients when he was not on-site at his facility, Toledo violated and/or aided and abetted his HWMS staff in violating 21 CFR § 1301.11 and NAC 639.742(3)(e), and is subject to discipline pursuant to NRS 639.210(11) and (12), NRS 639.255 and NAC 639.7445.

15. By allowing his unlicensed HWMS staff to dispense prescriptions for controlled substances and dangerous drugs without Toledo first personally checking the medications and

initialing them before they were dispensed, Toledo violated 21 CFR § 1306.05 and NAC 639.743(2)(a) and/or (b). Toledo is therefore subject to discipline pursuant to NRS 639.210(11) and (12), NRS 639.255 and NAC 639.7445.

16. By providing pre-signed prescription blanks and/or a stamp of his signature to his HWMS staff, none of whom were practitioners licensed to prescribe controlled substances, and by facilitating the issuance of prescriptions for controlled substances to patients with whom Toledo does not have a bona fide therapeutic relationship, Toledo committed an act that would render his Nevada Controlled Substance Registration inconsistent with the public interest pursuant to NRS 453.231 and is subject to discipline pursuant to NRS 453.236(1)(d) and NRS 453.241(1).

ORDER

THEREFORE, THE BOARD HEREBY ORDERS AS FOLLOWS:

1. Respondent Robert Anthony Toledo's Controlled Substance Registrations, Certificate Nos. CS11019, CS17832, CS19754, and CS23073, and Practitioner Dispensing Registrations, Certificate Nos. PD00063 and PD11019, are each revoked effective as of the date of the hearing, July 18, 2018.
2. Unless and until Toledo applies for reinstatement of one or more of his controlled substance registrations and/or his dispensing practitioner registrations, and the Board reinstates his registration(s), Toledo:
 - a. May not possess any controlled substance other than a controlled substance that was lawfully prescribed to him by a licensed practitioner and lawfully dispensed to him for his own personal use to treat a documented medical necessity.
 - b. May not possess any controlled substance for office use or for patient use and must immediately and lawfully dispose of any and all controlled substances in his possession and/or control, other than a controlled substance lawfully prescribed and dispensed to him for his own personal use.
 - c. May not prescribe any controlled substance.
 - d. May not dispense any controlled substance or dangerous drug.

3. Toledo may not apply for reinstatement of his controlled substance or dispensing practitioner registrations until after "a period of not less than 1 year has lapsed since the date of revocation," as required by NRS 639.257(1).

4. In the event Toledo applies for reinstatement, or for any other registration or certificate with the Board, he shall appear before the Board to answer questions and give testimony regarding his application, his compliance with this Order, and the facts and circumstances underlying this matter.

IT IS SO ORDERED.

Entered this 26 day of July, 2018.

Leo Basch, President
Nevada State Board of Pharmacy

Early Termination Of Probation Granted Documents And Re-Instatement Of California Dental License To Good Standing !

**BEFORE THE
DENTAL BOARD OF CALIFORNIA
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA**

**In the Matter of the Petition for Early Termination of
Probation of:**

Cornelius M. Pryor III

Dental License Number 35538

Petitioner

Agency Case Number 1002056661

OAH No. 2023070266

DECISION AND ORDER

The attached Proposed Decision of the Administrative Law Judge is hereby accepted and adopted by the Dental Board of California, Department of Consumer Affairs, State of California, as its Decision in the above-entitled matter.

This Decision shall become effective on November 22, 2023.

IT IS SO ORDERED on October 23, 2023.

Alan L. Felsenfeld, MA, DDS
President
Dental Board of California
Department of Consumer Affairs
State of California

**BEFORE THE
DENTAL BOARD OF CALIFORNIA
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA**

**In the Matter of the Petition for Early Termination of
Probation of:**

CORNELIUS M. PRYOR, III, D.D.S., Petitioner.

Agency Case No. 1002056661

OAH No. 2023070266

PROPOSED DECISION

Eileen Cohn, Administrative Law Judge, Office of Administrative Hearings (OAH), State of California, heard this matter by videoconference on September 13, 2023.

Michael L. Pinkerton, Attorney at Law, represented petitioner Cornelius M. Pryor, III, D.D.S., who was present throughout the hearing.

Christine J. Lee, Deputy Attorney General, represented the Office of Attorney General, State of California, pursuant to Government Code section 11522.

Testimony and documentary evidence were received. The record was closed, and the matter was submitted for decision on September 13, 2023.

SUMMARY

After completing two years of his probation and successfully abiding by its terms, petitioner filed a petition for early termination of probation. Clear and convincing evidence established that petitioner is fully rehabilitated and public protection does not require that he remain on probation.

FACTUAL FINDINGS

Background and License History

1. On July 28, 1987, the Dental Board of California (Board) issued Dental License Number 35538 (license) to petitioner. (Ex. 3.)
2. On October 24, 2001, after an accusation was filed against petitioner, by order of the Board effective October 24, 2001, petitioner's license was revoked, the revocation stayed and petitioner was placed on probation for a period of five years. (Ex. 3.)
3. On May 30, 2006, after an accusation and petition to revoke probation was filed, by order of the Board effective December 21, 2007, petitioner's license was revoked. (Ex. 3.)
4. On December 18, 2015 petitioner filed a petition for reinstatement which was denied by order of the Board on November 3, 2016. (Ex. 3.)
5. After consideration of petitioner's Petition for Reinstatement, received by the Board on October 22, 2019, by order of the Board effective March 31, 2021.

petitioner's license was reinstated, the license revoked, revocation stayed, and petitioner was placed on probation for a period of three years. (Exs. 3 and 4.)

6. Petitioner's probation is set to expire on March 31, 2024.

7. Petitioner petitioned for early termination of his current probation. The Board received his petition on May 15, 2023. All jurisdictional requirements have been satisfied for this matter to proceed to hearing. (Exs. 1 and 2.)

Background

8. The Board adopted by Decision and Order effective March 31, 2021 (Decision), the proposed decision including the findings and (with a modification) order of the administrative law judge, Agency Case No. DBC 2005-81 and OAH No. 2020020595. The Decision set forth in detail petitioner's discipline history and the underlying circumstances, including his convictions. The Decision also set forth in great detail petitioner's progress toward rehabilitation as of the date of the hearing, including his employment history, his sobriety (supported by testimony from his Alcoholics Anonymous (AA) sponsor, his ongoing therapy, with Diane Nguyen, Psy.D. (supported by her testimony), his faith and family life with long-time partner Stephanie Jackson, (supported by her testimony) and his capabilities as a dentist (supported by the testimony of Gary France, DDS.). The Decision is incorporated by reference and aside from changes in petitioner's employment and family obligations, provides an accurate profile of petitioner's life today. (Ex. 4.)

The Petition for Early Termination of Probation

9. The Decision ordered probation for a period of three years ending March 31, 2024. Petitioner requested early termination so that he can move on with his life,

support his ailing mother and contribute fully to his relationship with his long-term partner, and secure his license to practice in Nevada.

10. The testimony and evidence offered at the hearing was consistent with the findings in the Decision. Critically, it established by clear and convincing evidence petitioner's continued and complete rehabilitation and compliance with the terms and conditions of his probation, such that early termination is appropriate.

11. Regina Armstrong is currently employed by the Board as a special investigator and probation monitor. She has significant experience as an investigator with the Department of Consumer Affairs, including assignments with the Medical Board. She has a Bachelor of Arts degree in criminal justice and forensic science. Her current duties include investigations and monitoring probationers. She was assigned as petitioner's probation monitor in December 2022. She consulted with his previous probation monitor and reviewed his files to prepare for her assignment. She has communicated with petitioner, conducted his quarterly reviews in March and June 2023, and met with him in-person for one quarterly interview. As part of her review she went to petitioner's practice in Los Angeles, met with his supervisors, Dr. France and Dr. Mouton and observed him at work. (Ex. A, pp. B6.) During her interactions with petitioner, she found him to be friendly and cooperative.

12. Ms. Armstrong found petitioner has been in compliance with all the terms of his probation since the effective date of the Decision. (Ex. A. p. B6.)

13. Diane Phoung Nguyen, PsyD., of Nguyen Counseling, LLC, has been petitioner's mental health care provider and therapist since about 2017. She last saw him in April 2023. She used to see petitioner more frequently but the frequency of visits has been modified based upon his progress and needs. Petitioner engaged in a

variety of therapeutic tools, listed below. Dr. Nguyen testified it was an honor to work with petitioner. He was sober when he started working with her and based upon his behavior she has no reason to believe he has any break in his 20 years of sobriety. From her consultation with petitioner, she knows he has maintained his social connections which support his sobriety, exceeding the average time patients she has treated have participated in support groups, is a deeply spiritual person involved with his church, family and partner, and "resonates" wellness, a balanced life and joyfulness. In her observations of petitioner over time, Dr. Nguyen had the opportunity to watch him grow and find "meaning and purpose" in in all areas of life.

14. Dr. Nguyen prepared a letter dated May 1, 2023 (Exhibit A, p. B7-B) which she endorsed during her testimony. In addition to confirming statements attributed to petitioner about his worksite monitors and mentors, she reviewed his family and work life status with him and reported on her observations.

Moreover, Dr. Pryor strives to be mindful in family, work, and lifestyle balance as he visits his mother who has been diagnosed with dementia. He also indicates making efforts to financially budget between airflights and probation commitments; which at times becomes financially and time management-wise challenging. He further states "being the primary care taker and only child, next to having a caretaker to assist, until the next visit home." Mr. Cornelius also openly expresses his love and commitment for his mother and further indicates, "it is his duty and loyalty to care for his mother and enjoys accompanying his mother to Church services during his visits." Additionally his lifetime

significant other Ms. Stephanie, has been exceptionally supportive of Dr. Pryor's family, life, work goals and lifestyle balance throughout the years.

In regard to counseling and treatment interventions areas include and not limited to the following: The eight dimensions of wellness practices, cognitive behavior therapy (CBT), mindfulness-based cognitive therapy (MBCT), dialectical behavioral therapy-regulate emotions (DBT), solution-focused therapy (SFT), emotional focused therapy (EFT) and related therapeutic interventions or treatments tailored to issues addressed during counseling sessions.

(Ex. A, p. B7-B8.)

15. Gary L. France, D.D.S, Sr. Director of Dental Services, testified. Dr. France, a well-qualified practitioner, testified about petitioner's rehabilitation consistent with his letter of April 18, 2023. (Ex. A, pp. B11-B12.) Dr. France was petitioner's assigned workplace monitor during his probation and attested to his superior clinical skills and professional behavior. Dr. France maintains petitioner no longer requires a workplace monitor and is ready to practice on his own. He highly recommends petitioner's early termination of probation and considers him an asset to dentistry and the public.

16. In his capacity as workplace monitor, Dr. France observed petitioner applying his training to dental procedures to ensure he was practicing dentistry according to the correct protocols. He also had the opportunity to observe petitioner's behavior and demeanor with patients. Dr. France's observations were informed by his in depth experience as a clinician and teacher and as such were given great weight. Dr.

France is currently the Sr. Director of Dental Services for the Community Dental Center of Los Angeles. His past experience includes: Academic Administrator, Division of Public Health and Community Dentistry, UCLA School of Dentistry; Adjunct Professor, Division of Dental Public Health, Meharry Medical College, School of Dentistry; and Clinical Instructor, Cedars-Sinai General Practice Residency in Dentistry. (Ex. A, p. B11; Ex. B, p. B16.)

17. Petitioner submitted letters of recommendations from other worksite monitors and well-qualified and experienced Board-certified dentists.

18. Raymont Johnson, D.D.S., one of petitioner's worksite monitors, in a letter dated March 21, 2023, writes of his positive observations of petitioner in a clinical setting over the past year. Dr. Johnson highly recommends the Board grant the petition for early termination based upon petitioner's clinical skills and professionalism. (Ex. A, p. B12.)

19. Marsha Mouton, D.D.S., was one of petitioner's worksite monitors at La Tijera Dental Professionals. In a letter dated March 31, 2023, she writes of her observations of petitioner's demeanor during the first month of his employment. "I was immediately impressed by his ability to establish rapport with staff and patients alike. Dr. Pryor also demonstrates confidence and willingness to learn new skills." (Ex. A., p. B.13.)

20. William W. Morgan, D.D.S. Emeritus Clinical Professor, UCLA School of Dentistry, section on Restorative Dentistry. Dr. Morgan observed petitioner in August 2021 to review and assess his ability in the area of restorative dentistry. Dr. Morgan concluded petitioner had the necessary skills and ability to practice "high quality

dentistry" and recommended the Board approve his early termination of probation. (Ex. A, p.B9.)

21. Gary Herman, D.D.S., UCLA School of Dentistry, provided a letter to the Board's investigator in August 2021 confirming petitioner had completed educational remediation ordered by the Board as part of his probation. Of the 40 hours of coursework required, petitioner spent 32 hours of lecture time on restorative medicine (with Dr. Morgan) and multiple "efforts to prepare teeth for direct and indirect restorations. From his teaching "didactics" and discussions with Dr. Morgan, Dr. Herman expected petitioner to function in a practical dental setting, and at that time, at a level greater than that of a graduating dental student. (Ex. A, p. B10.)

22. Brian Freeman, D.M.D., owner of Las Vegas Modern Dentistry, was one of petitioner's dentistry students at the University of Nevada, Las Vegas School of Dental Medicine. In a letter dated April 5, 2023, Dr. Freeman recalls petitioner as a mentor throughout his four years of dental school. He has also been petitioner's dentist and during his probation, petitioner has spoken with him about his cases. Petitioner practiced for the Nevada State Dental Board exams at Dr. Freeman's office. Petitioner notified him when he passed the exam. Dr. Freeman recommends the Board approve petitioner's early termination. (Ex. A., p. B14.)

23. Petitioner testified consistent with his narrative statement. (Ex. B4.) Petitioner had already made substantial progress with his rehabilitation at the time of the Decision. He had been open about his past, had taken full responsibility for his conduct and was remorseful. His life since the Decision demonstrates his ongoing dedication to exemplary behavior, and devotion to his practice, family and church.

///

24. In addition to petitioner's excellent record of compliance with his probationary conditions, and accolades from probation and worksite monitors, petitioner raised other important points in support of the Petition. Petitioner has made his home with his long-term partner in Nevada, has passed his board exams to practice in Nevada, and would like to practice in Nevada where he has potential professional opportunities, and contribute to his household there, which he cannot do until his probation is completed. Petitioner has prospects with Las Vegas Modern Dentistry Office in Las Vegas for upwards of four days a week, and a position as Interim Faculty with the University of Nevada, Las Vegas, School of Dental Medicine. Petitioner's mother lives in California and is ailing. She requires financial support which he cannot provide to the degree she requires until he is released from probation. To comply with the terms of probation, petitioner travels weekly to California to fulfill the required 16 hours of supervised practice. According to petitioner, "This, in addition to other costs affiliated with probation, presents considerable financial burden on me and my family." (Ex. A, p.B4-B5.)

LEGAL CONCLUSIONS

Burden and Standard of Proof

1. In a proceeding involving the restoration of a license, the burden at all times rests on the petitioner to prove that he has rehabilitated himself and that he is entitled to have his license restored. (*Flanzer v. Bd. of Dental Examiners* (1990) 220 Cal.App.3d 1392, 1398.) The standard of proof is clear and convincing evidence. (*Hippard v. State Bar* (1989) 49 Cal.3d 1084, 1092; *Feinstein v. State Bar* (1952) 39 Cal.2d 541, 546-547.) Petitioner met his burden of proof.

Purpose of Discipline

2. The purpose of health care licensing laws and discipline is to protect the public, not to punish the individual. (*Excelsior College v. Board of Registered Nursing* (2006) 136 Cal.App.4th 1218, 1225.) The board's highest priority in exercising its licensing, regulatory, and disciplinary functions is protection of the public. Whenever the protection of the public is inconsistent with other interests sought to be promoted, protection of the public shall be paramount. (Bus. & Prof. Code, § 1601.2.)

Statutory and Regulatory Authority

3. Business and Professions Code section 1686 provides in part:

A person whose license or registration has been revoked . . . who has been placed on probation, may petition the board for . . . modification of the penalty, including . . . termination of probation, after a period of not less than the following minimum periods have elapsed from the effective date of the decision ordering that disciplinary action:

[¶] . . . [¶]

(b) At least two years for early termination . . . of a probation of three years or more . . .

[¶] . . . [¶]

The petition shall state any fact required by the board.

///

The petition may be heard by the board, or the board may assign the petition to an administrative law judge designated in Section 11371 of the Government Code.

In considering reinstatement or modification of penalty, the board or the administrative law judge hearing the petition may consider (1) all activities of the petitioner since the disciplinary action was taken, (2) the offense for which the petitioner was disciplined, (3) the petitioner's activities during the time the license, certificate, or permit was in good standing, and (4) the petitioner's rehabilitative efforts, general reputation for truth, and professional ability. The hearing may be continued from time to time as the board or the administrative law judge as designated in Section 11371 of the Government Code finds necessary. . . .

4. Government Code section 11522 provides in part:

A person whose license has been revoked . . . may petition the agency for . . . reduction of penalty after a period of not less than one year has elapsed from the effective date of the decision . . . The agency shall give notice to the Attorney General of the filing of the petition and the Attorney General and the Petitioner shall be afforded an opportunity to present either oral or written argument before the agency itself. The agency itself shall decide the petition, and the decision shall include the reasons therefor, and any terms and conditions that the agency reasonably deems

appropriate to impose as a condition of reinstatement. This section shall not apply if the statutes dealing with the particular agency contain different provisions for . . . reduction of penalty. . . .

5. California Code of Regulations, title 16, section 1020, subdivision (d), provides:

When considering a petition for reinstatement of a license the Board shall evaluate evidence of rehabilitation considering those criteria of rehabilitation listed in subdivisions (c)(2)(A)-(G).

6. California Code of Regulations, title 16, section 1020, subdivision (c)(2), provides the following criteria to assess when determining whether an individual is rehabilitated:

(A) The nature and gravity of the act(s), disciplinary action(s), or crime(s).

(B) Total criminal record.

(C) The time that has elapsed since commission of the act(s), disciplinary action(s), or crime(s).

(D) Whether the licensee has complied with any terms of parole, probation, restitution or any other sanctions lawfully imposed against the licensee.

///

(E) If applicable, evidence of dismissal proceedings pursuant to Section 1203.4 of the Penal Code.

(F) The criteria in subdivisions (c)(1)(A) through (E), as applicable.

(G) Evidence, if any, of rehabilitation. . . .

7. Rehabilitation is a state of mind, and the law looks with favor upon rewarding with the opportunity to serve, one who has achieved reformation and regeneration. (*Pacheco v. State Bar* (1987) 43 Cal.3d 1041, 1058.) The amount of evidence of rehabilitation that is required varies according to the seriousness of the misconduct. The mere expression of remorse does not demonstrate rehabilitation. A truer indication of rehabilitation will be presented if a petitioner can demonstrate by sustained conduct over an extended period of time that he is rehabilitated and fit to practice. (*In re Menna* (1995) 11 Cal.4th 975, 987, 991.) The evidentiary significance of a petitioner's misconduct is greatly diminished by the passage of time and by the absence of similar, more recent misconduct. (*Kwasnik v. State Bar* (1990) 50 Cal.3d 1061, 1070.)

Cause Exists to Grant the Petition

8. Cause exists under Business and Professions Code section 1686, and California Code of Regulations, title 16, section 1020, to grant the petition to terminate probation. Petitioner established through clear and convincing evidence that he is sufficiently rehabilitated such that probationary oversight is no longer necessary to protect the public. Petitioner has complied with his probation, recognized and learned from his mistakes, and meaningfully improved his professional skills. Probation is no longer required to protect the public. Petitioner's misconduct was years ago and his

progress with his rehabilitation was aptly described in the Decision.. Petitioner took full responsibility for his misconduct. His expression of remorse was heartfelt and sincere. Petitioner's credible testimony and written statements, the testimony of the Board's probation monitor, petitioner's witnesses, and his witness statements, and the exhibits evidence established petitioner's full rehabilitation. Petitioner has learned from his past, and has demonstrated he is devoted to the public, his family and church.

9. Petitioner established by clear and convincing evidence he is fully rehabilitated, and probation is no longer required to protect the public.

ORDER

The petition of Cornelius M. Pryor, III, D.D.S., for early termination of his probation is granted. The probation is terminated provided all costs and expenses related to the probation have been paid.

DATE: 09/21/2023

Eileen Cohn

EILEEN COHN

Administrative Law Judge

Office of Administrative Hearing

**BEFORE THE
DENTAL BOARD OF CALIFORNIA
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA**

In the Matter of the Petition for Reinstatement of:

CORNELIUS M. PRYOR, III,

Petitioner.

Case No. DBC 2005-81

OAH No. 2020020595

**ORDER WITHDRAWING ORDER OF NONADOPTION;
AND DECISION ADOPTING PROPOSED DECISION WITH REDUCED
PENALTY**

The Dental Board of California (Board), Department of Consumer Affairs, State of California, herewith withdraws the Order of Nonadoption entered on January 5, 2021.

Further, the Board hereby adopts the Proposed Decision of the Administrative Law Judge as the Decision in this matter, and, pursuant to the provisions of Government Code section 11517, subdivision (c)(2)(B), mitigates the penalty as follows:

On page 24, Term and Condition No. 14, Clinical Training Program, first paragraph, in the first line, after "Decision," insert "or as otherwise instructed by the Board,"

This Decision shall become effective on March 31, 2021.

IT IS SO ORDERED this 1st day of March, 2021.

Joanne Pacheco, RDH, MAOB
President
Dental Board of California
Department of Consumer Affairs
State of California

**BEFORE THE
DENTAL BOARD OF CALIFORNIA
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA**

In the Matter of the Petition for Reinstatement of:

CORNELIUS M. PRYOR, III, Petitioner.

Agency Case No. DBC 2005-81

OAH No. 2020020595

PROPOSED DECISION

Ji-Lan Zang, Administrative Law Judge (ALJ), Office of Administrative Hearings, State of California, heard this matter on August 31, 2020, by video conference in Los Angeles, California.

Michael L. Pinkerton, Attorney at Law, represented Cornelius M. Pryor, III (petitioner).

Pursuant to the provisions of Government Code section 11522, the Attorney General of the State of California was represented by Steve Pyun, Deputy Attorney General.

At the hearing, the ALJ was provided with certain pages in Exhibit 2 (AGO 129-149), which are confidential medical records. The ALJ, on her own motion and good cause

appearing therefrom, issued a protective order placing these pages under seal and protected from disclosure to the public.

Oral and documentary evidence was received. The record was closed, and the matter was submitted for decision on August 31, 2020.

FACTUAL FINDINGS

Jurisdictional Matters

1. On July 28, 1987, the Dental Board of California (Board) issued state certificate number 35538 to petitioner to practice dentistry in California.
2. Based on a Decision after hearing issued by the Board on November 19, 2007, petitioner's license was revoked.
3. On September 23, 2019, petitioner filed the current Petition for Reinstatement, seeking reinstatement of his license.

Disciplinary History

4. By a Decision and Order effective October 24, 2001, made pursuant to a Stipulation in Settlement (Stipulation), the Board revoked petitioner's license, but the revocation was stayed for five years under certain terms and conditions. (Case number No. AGS 1997-71.) The disciplinary order was based on allegations contained in the Accusation that in 1996, petitioner submitted false or fraudulent claims to insurers for patient services. The terms of petitioner's Board probation included obeying all laws and taking remedial education courses.

5. On November 19, 2007, the Board, by a Decision and Order effective December 21, 2007, revoked petitioner's probationary license. (Case No. DBC 2005-81, OAH Case No. L2007030591.) The discipline in this case arose from petitioner's 2004 conviction for battery and his 2005 conviction for vandalism, both misdemeanors, which are substantially related to the qualifications, functions, or duties of a dentist. In addition, from the mid 1990's through 2004, even though petitioner experienced long periods of sobriety, he suffered several relapses for substance abuse. In May 2004, petitioner tested positive for cocaine use. Based on petitioner's conviction and drug abuse, the Board found that he committed unprofessional conduct. The Board also found petitioner to be in violation of his Board probation in that he did not complete the remedial education requirement until after the deadline. The 2007 Decision and Order required petitioner to pay the Board \$500 in recovery costs as a condition precedent to his re-licensure.

The 2015 Petition for Reinstatement

6. On December 8, 2015, petitioner submitted a Petition for Reinstatement (2015 petition) in case number DBC 2015-1741 (OAH case number 2016070808). In the 2015 petition, petitioner submitted evidence that he has been sober since May 2004. Petitioner was actively participating in Alcoholics Anonymous (AA). He was working as an occupational safety specialist in Las Vegas, Nevada, after earning an Associate Degree in Occupational Safety Management. Petitioner completed 226 hours of continuing dental education since 2008. He also presented positive letters of reference from two California dentists, eleven out-of-state dentists, his AA sponsor, two friends, his employer, and letters from two psychologists confirming his participation in therapy.

7. However, the 2015 petition also disclosed that petitioner was convicted of disorderly conduct, a misdemeanor, since the revocation of his license. Specifically, the Board's Decision and Order in case number DBC 2015-1741 stated, in relevant part:

Court minutes and a transcript from the District Court, Clark County, Nevada, Case No. C-253147, indicate the conviction was originally for "gross and open lewdness," a "gross misdemeanor" (see Nev. Rev. Stat., § 201.210), but was reduced in June 2012 to disorderly conduct, an ordinary misdemeanor. The date of conviction was not established, and no police report, plea agreement, or witness statement describing the crime was provided. But according to petitioner, he pleaded no contest to shouting an "ugly sexual epithet" at two women early one morning in December 2008, when they would not open a locked restaurant door so he could go inside. At the time, he was holding his groin, which he attributed to severe pain he was experiencing not long after hernia surgery.

(Ex. 7, AGO 233.)

8. On October 4, 2016, the Board denied the 2015 Petition in a Decision and Order effective November 3, 2016. The Board cited the rehabilitation criteria in California Code of Regulations, title 16, section 1020, and determined that petitioner had not met his burden of establishing sufficient evidence of rehabilitation. Among other things, the Board noted that petitioner had suffered the additional conviction in 2012 for disorderly conduct after losing his license, and that without a police report or other corroborating evidence, petitioner's version of the facts and circumstances

surrounding this 2012 conviction could not be confirmed. Even accepting petitioner's version of events, petitioner's conduct reflected a lapse of judgment and called into question his fitness for licensure.

Petitioner's Evidence

BACKGROUND

9. Petitioner obtained his Doctor of Dental Surgery (D.D.S.) degree from Howard University. He was initially licensed in 1987 and practiced as a dentist for 20 years until the revocation of his license in 2007. Since 2005, petitioner has lived in Las Vegas, Nevada. He currently works as a Safety Specialist for Regional 9 Safety Compliance Company (Region 9), a position he has held since 2014.

THE 2012 CONVICTION

10. At the hearing, petitioner explained the facts and circumstances surrounding his 2012 conviction for disorderly conduct, as follows: In December 2008, petitioner was under emotional and physical distress. Emotionally, petitioner was grieving the recent passing of his godsister and his AA sponsor. Physically, petitioner was in pain, as he had undergone hernia surgery in the groin area in April 2008 but still suffered pain in the area around the surgical wound.

11. On the morning of December 2, 2008, petitioner stopped by a McDonald's, where in the parking lot of the restaurant, he experienced difficulty breathing. A bystander assisted him by calling for emergency responders. Although Emergency Medical Technicians (EMT) arrived on the scene first, petitioner refused their offer to taken him to the hospital as his vitals were normal. After the EMT left, however, police officers arrived on the scene. Rather than rendering assistance, the

officers asked petitioner for his car registration. Because petitioner's car was registered to his live-in girlfriend, Stephanie Jackson, his car was impounded. Thus, petitioner was left stranded in the parking lot. While enduring pain in his groin area and difficulty breathing, petitioner tried to go into the McDonald's for help. However, the two women who were working in the restaurant would not open the door. Petitioner, under stress and in pain, grabbed his groin and told them to "suck his dick" (his words).

12. Petitioner was arrested and convicted of disorderly conduct. As a result of this conviction, petitioner was placed on criminal probation for three years. He has since completed his criminal probation.

13. Petitioner's testimony regarding the facts and circumstances surrounding his 2012 conviction is deemed credible as it is corroborated. Petitioner submitted medical records showing that he underwent hernia surgery in the groin area in April 2008 and that he returned to see his physician in January 2009 complaining of post-operative pain around the surgical wound. (Ex. 2, AGO 133, 148.)

14. Furthermore, petitioner testified in a sincere, open, and insightful manner regarding his remorse for the incident that led to his 2012 conviction. Petitioner expressed his deepest apologies to the victims, and he explained that he had acted out of fear that day because his body was malfunctioning and he felt abandoned as no one was helping him. However, petitioner does not believe that his medical and psychological state justified his behavior. Petitioner averred that his actions on December 2, 2008 were unacceptable. According to petitioner, his conduct on that day was "inflammatory" and demonstrated a lack of "self-regulation and empathy for others" (his terms).

PETITIONER'S SOBRIETY

15. Petitioner has been sober for 16 years. His sobriety date is May 24, 2004, and he has been active member of AA since that time. Due to the COVID-19 pandemic, petitioner currently attends AA meetings by telephone two to three times per week. Before the pandemic, petitioner personally attended AA meetings at least one day a week. Petitioner submitted several years of AA attendance sheets and a photograph of his AA chip commemorating 15 years of sobriety in support of his testimony. (Ex. 2, AGO 068-093.) Petitioner reported that working his AA program has helped him to develop and implement ways to cope with stressors and triggers. Rather than reacting to situations, he now responds to them after thinking through the consequences.

16. Kirk Williams, petitioner's AA sponsor, testified at the hearing on petitioner's behalf. Mr. Williams is a certified drug and alcohol substance abuse counselor, and he has known petitioner for over 50 years. For the past 12 years, Mr. Williams has served as petitioner's AA sponsor, after the death of petitioner's previous AA sponsor. In this capacity Mr. Williams has contact with petitioner at least three times a week. Mr. Williams observed that petitioner is dedicated to his sobriety and has shown resilience and strength in his recovery. Mr. Williams also noted that petitioner continues to harbor a passion for the dentistry profession. He opined that should petitioner's license be reinstated, he would be valuable asset to the dentistry field and to his community. Mr. Williams submitted a letter dated August 15, 2015, which was consistent with his testimony at the hearing.

PETITIONER'S ENGAGEMENT IN THERAPY AND COUNSELING

17. Petitioner has voluntarily engaged in psychological therapy and counseling as a part of his commitment to personal and spiritual development. From

September 2008 to February 2010, he underwent therapy and counseling from Patricia Brassfield, Ph.D. From August 2012 to April 2013, petitioner was seen by Verna Fabella-Hicks, Ph.D. Petitioner submitted letters from Drs. Brassfield and Fabella-Hicks verifying his participation in therapy and confirming his consistent efforts to maintain his emotional and psychological well-being. (Ex. 2, AGO 113-119.)

18. From January 2017 to January 2018, petitioner attended psychotherapy sessions with Diane Nguyen, Psy.D., who testified at the hearing on petitioner's behalf. Dr. Nguyen obtained her doctor's degree in clinical psychology in 2003, and she is also a licensed drug and alcohol counselor. Petitioner completed a total of 14 sessions with Dr. Nguyen, and to the present day, he continues to call Dr. Nguyen on a monthly basis as check-ins.

19. In addition to her testimony at the hearing, Dr. Nguyen submitted a letter dated January 30, 2018, describing her therapy sessions with petitioner and her opinions regarding the extent of petitioner's recovery from his drug and alcohol problems. (Ex. 2, AGO 121-127.) Specifically, Dr. Nguyen opined that during the period of 2004 to 2008, petitioner suffered from Protracted Withdrawal Symptoms/Post-Acute Withdrawal Syndrome (PAWS). According to Dr. Nguyen, individuals suffering from PAWS exhibit symptoms similar to those with Post Traumatic Stress Disorder, including behavioral relapses, poor emotional regulation, and sensitivity to stress. Dr. Nguyen found that due to PAWS, petitioner's recovery efforts during the years of 2004 to 2008 was less than successful. Additionally, she believes that PAWS contributed to petitioner's lack of judgment and self-regulation during the 2008 incident at McDonald's.

20. Moreover, in 2018, Dr. Nguyen administered the American Society of Addiction Medicine (ASAM) risk assessment screenings. Dr. Nguyen found that

according to the ASAM dimensions, petitioner scored low risk for acute intoxication and/or Withdrawal Potential (Dimension 1); "low risk" for biomedical conditions and complications (Dimension 2); "low risk" for emotional, behavioral or cognitive conditions and complications (Dimension 3); "high potential" for readiness to change, healthy and positive lifestyle changes (Dimension 4); "low risk" for relapse, continued use or continued problem potential (Dimension 5); and "low risk" for recovery environment, lack of support (Dimension 6). Based on these findings, Dr. Nguyen concluded that petitioner "demonstrate[s] no symptoms of addictions with the implementation of high levels of maintenance and relapse prevention skills from alcohol and any mood altering drugs." (Ex. 2, AGO 126.)

21. Because of his successful recovery from drug and alcohol abuse and his sustained commitment to psychotherapy, Dr. Nguyen believes that petitioner would be safe to practice to as dentist should his license be reinstated. Dr. Nguyen's testimony at the hearing was consistent with the contents of her January 30, 2018 letter.

PETITIONER'S FAITH AND FAMILY LIFE

22. Petitioner actively attends church. Prior to the COVID-19 pandemic, he attended bible study meetings with Kingdom Hall of Jehovah's Witness every Thursday and Sunday. He currently teleconferences with his bible study group on a weekly basis. Petitioner integrates the teachings of his congregations with the lessons he has learned from AA in order to maintain his sobriety and to promote further spiritual growth.

23. Petitioner is engaged to his long-time girlfriend, Stephanie Jackson, who testified at the hearing on petitioner's behalf. Ms. Jackson has known petitioner since

1977, and has lived with him as a couple since 2007. Ms. Jackson described the behavioral issues she observed in petitioner before 2004, when he was still struggling with his drug and alcohol problems. She testified that before 2004, although petitioner was well-dressed and appeared professional, he was, in fact, vulnerable and anxious. Ms. Jackson recounted that in 2007, she saw changes in petitioner's behavior. In Ms. Jackson's words, petitioner became "humble," "honest" and "authentic" after his dental license was revoked. He gained the ability to "empathize with others" and no longer sought validation from other people. Petitioner showed resilience in taking on odd jobs after the revocation of his dental license and going back to school when he was over 50 years old. In the past 10 years, Ms. Jackson has been a witness to petitioner's consistent commitment to be the best person he could be.

24. Ms. Jackson testified that petitioner's passion for dentistry has not diminished over the years. She does not believe that petitioner would pose a threat to others if he were to be reinstated as a dentist.

PETITIONER'S RECENT EMPLOYMENT HISTORY

25. After the revocation of his license in 2007, petitioner initially worked at various jobs including teaching, business development, and solar panel installation. In 2012, at the age of 57, petitioner returned to school at the College of Southern Nevada, and in 2013, he earned an Associate of Applied Science degree in Occupational Safety Management.

26. Since 2014, petitioner has worked as a Safety Specialist for Regional 9. In that capacity, petitioner has worked as a safety inspector for several major projects, including the gates expansion project at McCarran Airport, the T Mobile Arena project,

and the Raiders Stadium project. At his job, petitioner also serves as an instructor on forklift safety, CPR, and other topics.

27. Petitioner submitted several character reference letters from his colleagues and his former and current employers, who uniformly describe petitioner as a diligent, personable, and reliable professional. (Ex. 2 AGO 43-50.) In particular, in a letter dated October 13, 2017, Troy McKnight, Owner/Safety Director of Region 9 wrote, in relevant part:

[Petitioner] maintains the ultimate "can do" attitude while taking on all tasks assigned with a positive tenacious energy and a smile. He also continues to distinguish himself by consistently being organized, competent, and adept at establishing rapport, building relationships, and servicing a diverse clientele. Suited with well-honed analytical skills, [petitioner] quickly identifies issues at hand and creates appropriate strategies for problem resolutions. He is well-respected by [the] business owners and staff we serve as well as his industry peers. . . .

(Ex. 2, AGO 49.)

PETITIONER'S EMPLOYMENT GOALS IN THE FIELD OF DENTISTRY

28. Although petitioner is currently employed in the safety compliance industry, his goal is to return to practicing as a dentist. Petitioner averred that he loves the profession because as a dentist, he is given the opportunity to be creative, to interact with different people, and to help others. Despite not having practiced in the dental industry for approximately 13 years, petitioner has taken numerous continuing

education courses. In 2019, petitioner completed 50 continuing education hours in dentistry. Petitioner has also paid to the Board \$500 in recovery costs that was ordered as a part of the 2007 Decision and Order.

29. If his dental license were to be reinstated, petitioner plans work part-time at Community Dental Center, a non-profit organization based in Los Angeles that provides dental services to low-income children and their caregivers. Petitioner would remain a resident of Nevada, but he would commute on the weekends to Los Angeles in order to practice as a dentist. Petitioner would be willing to comply with all relevant terms and conditions should he be granted a probationary license.

30. Gary France, D.D.S., Clinical Director of Community Dental Center, testified at the hearing on behalf of respondent. Dr. Frances is a graduate of the School of Dentistry at the University of California, Los Angeles (UCLA). He has served as a professor of dentistry at UCLA and Meharry Medical College. Dr. France has known petitioner for approximately 45 years. Dr. France testified that he is prepared to offer petitioner a position at the Community Dental Center should his dental license be reinstated. According to Dr. France, petitioner could work the Saturday and Sunday shifts, filling out a weekend time slot for which he has had a difficult time finding dentists. Dr. France and another practitioner at the Community Dental Center, Dr. Hill, are willing to serve as petitioner's supervisors. Dr. France has had the opportunity in the past to observe petitioner as a dentist, and he believes in petitioner's proficiency. Dr. France is not concerned that petitioner has not practiced for the last 13 years, and he would trust petitioner as his own dentist. Dr. France also noted that he has personally witnessed petitioner's personal growth in the past few years and feels confident that petitioner would be an asset to the dentistry field.

31. Petitioner also submitted several character reference letters from dentist colleagues. In these letters, the authors attest to petitioner's passion for dentistry and his love of sharing his knowledge with others. (Ex. 2 AGO 95-115.) In particular, in a letter dated September 7, 2015, Geoffrey Brown, D.D.S. wrote, in relevant part:

Having known [petitioner] for many years, I can tell you that he has seen the error of his ways and accepts full responsibility for his actions. He has demonstrated a sincere desire to be the best person he can be in service to his fellow man and his God. It is my opinion that he is ready to return to work as a practicing dentist or teaching tomorrow's practitioners once again. He has continued to keep up with the changing trends in the dental profession and shall be an asset to the community he serves. We all need something to do, something to hope for, something to love, and a reason to live. For [petitioner] this embodies dentistry! Therefore, I unequivocally support the reinstatement of his California dental license. His success will undoubtedly translate to benefits to the public at large.

(Ex. 4, AGO 96).

LEGAL CONCLUSIONS

Standard and Burden of Proof

1. In a proceeding for the restoration of a revoked license, petitioner bears the burden of proving rehabilitation and current fitness for licensure without

restriction. (*Flanzer v. Board of Dental Examiners* (1990) 220 Cal.App.3d 1392, 1398.)

The standard of proof is clear and convincing evidence. (*Housman v. Board of Medical Examiners* (1948) 84 Cal.App.2d 308, 315-316.)

Rehabilitation Criteria

2. Business and Professions Code section 1686 states:

A person whose license, certificate, or permit . . . has been placed on probation may petition the Board for reinstatement or modification of penalty, including modification or termination of probation, after a period of not less than the following minimum periods have elapsed from the effective date of the decision ordering disciplinary action:

(a) At least three years for reinstatement of a license revoked for unprofessional conduct or surrendered pursuant to a stipulated settlement as a condition to avoid an administrative disciplinary hearing.

[¶] . . . [¶]

The petition may state any fact required by the board. The petition may be heard by the board, or the board may assign the petition to an administrative law judge designated in Section 11371 of the Government Code.

In considering reinstatement or modification or penalty, the board or administrative law judge hearing the petition may

consider (1) all the activities of the petitioner since the disciplinary action was taken, (2) the offense for which the petitioner was disciplined, (3) the petitioner's activities during the time the license, certificate, or permit was in good standing, (4) the petitioner's rehabilitative efforts, general reputation for truth and professional ability . . .

3. Rehabilitation criteria for reinstatement of a revoked dental license are found in California Code of Regulations, title 16, section 1020, subdivision (c). The criteria are as follows: (1) nature and severity of the acts or offenses; (2) total criminal record; (3) time that has elapsed since commission of the acts or offenses; (4) whether the licensee has complied with any terms of parole, probation, restitution or any other sanctions lawfully imposed against the licensee; (5) evidence of expungement proceedings pursuant to Section 1203.4 of the Penal Code; and (6) and other rehabilitation evidence, submitted by petitioner.

Evaluation and Disposition

4. In 2001, petitioner's dental license was disciplined based on allegations that he submitted false or fraudulent claims to insurers for patient services. In 2007, petitioner's dental license was revoked due to a criminal conviction for battery in 2004, a criminal conviction for vandalism in 2005, and testing positive for cocaine use in May 2004. The nature of these acts and criminal convictions are serious. In addition, after respondent's license was revoked, he suffered an additional criminal conviction for disorderly conduct in 2012. Although no evidence was presented that petitioner's criminal convictions have been dismissed pursuant to Penal Code section 1203.4, petitioner has completed all terms of his criminal probation, and approximately eight years have elapsed since he sustained his last criminal conviction.

5. Petitioner presented considerable evidence of mitigation and rehabilitation in support of his current petition for reinstatement. Petitioner's account of the facts and circumstances surrounding his 2012 conviction for disorderly conduct is credible and corroborated by medical records showing that he was suffering post-operative pain from hernia surgery around December 4, 2008. Petitioner took responsibility for his actions on that day, acknowledging in a forthright manner that the sexual epithet he used against the victims is unacceptable and inflammatory. While this criminal conviction evidences petitioner's lack of judgment, it appears to be an isolated incident, given that petitioner has not suffered any other criminal convictions since 2012. The fact that petitioner was grieving the loss of his AA sponsor and his godsister and Dr. Nguyen's opinion that petitioner may have been suffering PAWS at the time of the incident are additional factors in mitigation.

6. Furthermore, petitioner has been sober for over 16 years. He continues to participate in AA regularly on a voluntary basis. He is actively involved in his church and his bible study group. He has been gainfully employed since 2007. He returned to school at the age of 57 and has worked as a well-respected safety compliance specialist since 2014. He has voluntarily engaged in extensive therapy and counseling. He has the support of his sober network as well as that of his family. Petitioner's passion for dentistry is also palpable, as he has completed numerous continuing education courses in dentistry and is willing to commute from Las Vegas to Los Angeles on the weekends in order to serve as a dentist for low income patients. Additionally, the opinions of Mr. Williams (petitioner's AA sponsor), Dr. Nguyen, (petitioner's therapist), Ms. Jackson (petitioner's fiancée), and Dr. France (petitioner's prospective employer at Community Dental Center), to the effect that petitioner is ready and capable of resuming his duties as a dentist, are given significant weight.

7. Under these circumstances, reinstating petitioner's license and placing him on probation for three years will adequately protect the public health, safety, and welfare. Because petitioner has demonstrated sustained commitment to his sobriety for the past 16 years, probationary terms relating to biological testing and abstention from alcohol and controlled substances will not be included as part of the order. Petitioner has paid the Board's costs of enforcement and prosecution in full. Therefore, provisions relating to cost recovery will also not be ordered. However, because petitioner has not practiced as a dentist for 13 years, he will be required to take the licensing exam before he is eligible for reinstatement. It is also appropriate for petitioner to participate in a clinical training program, as approved by the Board, before he resumes practice.

ORDER

The application of Cornelius M. Pryor, III for reinstatement of licensure is hereby granted. A license shall be issued to petitioner. Said license shall immediately be revoked, the order of revocation stayed, and petitioner's license placed on probation for a period of three years on the following conditions:

1. SEVERABILITY CLAUSE

Each condition of probation is a separate and distinct condition. If any condition of this Decision and Order, or any application thereof, is declared unenforceable in whole, in part, or to any extent, the remainder of this Decision and Order, and all other applications thereof, shall not be affected. Each condition of this Decision and Order shall separately be valid and enforceable to the fullest extent permitted by law.

///

2. OBEY ALL LAWS

Petitioner shall obey all federal, state and local laws and all rules and regulations governing the practice of dentistry in California, and remain in full compliance with any court ordered criminal probation, payments and other requirements. A full and detailed account of all misdemeanor and felony arrests and convictions shall be reported by petitioner to the Board in writing within seven (7) days of occurrence. To permit monitoring of compliance with this condition, petitioner shall submit a completed California Department of Justice state and federal Livescan fingerprint form, unless previously submitted as part of the licensure application process. Fingerprints shall be submitted within 15 calendar days of the effective date of the Decision and Order.

3. QUARTERLY REPORTS

Petitioner shall submit quarterly reports signed under penalty of perjury stating whether there has been compliance with all the conditions of probation. Petitioner shall submit a quarterly report no later than seven (7) calendar days from the beginning of the assigned quarter.

4. COMPLY WITH THE BOARD'S PROBATION PROGRAM

Petitioner shall fully comply with the conditions of probation established by the Board and all requirements necessary to implement the conditions of probation. Petitioner shall cooperate with the Board in its monitoring and investigation of petitioner's compliance with the conditions of probation. Petitioner shall respond to all requests and inquiries from the Board within the time period specified by the Board.

Upon successful compliance with the conditions of probation, and completion of the probation term, petitioner's license shall be fully restored.

5. ADDRESS CHANGE, NAME CHANGE, LICENSE STATUS

Petitioner shall inform the Board in writing within 15 calendar days of any change in his address of record, physical employment address, physical residence address, and any legal name change. Petitioner shall maintain an active, current license with the Board, including while suspended from practice of dentistry unless otherwise specified by the disciplinary orders.

Any misrepresentation by petitioner of his restricted license status to the public shall be a violation of the probation conditions.

6. MEETINGS AND INTERVIEWS

Petitioner shall appear in person for meetings and shall be available by telephone for interviews as directed by the Board.

7. STATUS OF PRACTICE OR LICENSURE OUTSIDE OF STATE

In the event petitioner should leave California to practice outside the state, petitioner must provide written notification to the Board of the dates of departure and anticipated return to the state. Petitioner's probation is tolled, if and when he ceases practicing in California. Period of practice outside of California will not apply to the reduction of the probationary period.

Petitioner shall provide a list of all states, United States territories, and elsewhere in the world where he has ever been licensed as a dentist or dental auxiliary or held any health-care related professional license or certificate. Petitioner shall

further provide information regarding the status of each license and certificate and any changes in the license or certificate status during the term of probation. Petitioner shall inform the Board if he applies for or obtains a dental or dental auxiliary license or certificate outside of California during the term of probation.

For purposes of this condition, non-practice due to Board ordered suspension or in compliance with any other condition of probation, shall not be considered a period of non-practice.

8. SUBMIT DOCUMENTATION

Upon request, petitioner shall submit documentation to the Board including, but not limited to the following: Livescan forms, quarterly reports, and authorization for release of confidential information.

Such documentation shall be submitted under penalty of perjury, as required by the Board. On a case-by-case basis, documents shall be required to contain statements relative to petitioner's compliance with all the conditions of probation, and compliance with Board instructions.

9. PROBATION MONITORING COSTS

All costs incurred for probation monitoring during the entire probation shall be paid by the petitioner. The monthly cost may be adjusted as expenses are reduced or increased. Petitioner's failure to comply with all terms and conditions may also cause this amount to be increased.

All payments for costs are to be sent directly to the Board and must be received by the dates specified.

If petitioner is unable to submit costs for any month, he shall be required, instead to submit an explanation of why he is unable to submit the costs, and the dates he will be able to submit the costs including payment amounts. Supporting documentation and evidence of why the petitioner is unable to make such payments must accompany this submission.

In addition to any other disciplinary action taken by the Board, the probationary period will be extended.

10. LICENSE SURRENDER

If petitioner ceases practicing due to retirement, health reasons or is otherwise unable to satisfy the conditions of probation, petitioner may surrender his or her license to the Board. The Board shall evaluate petitioner's request and to exercise its discretion whether to grant the request, or to take any other action deemed appropriate and reasonable under the circumstances. Such surrender shall be accomplished through a written stipulated agreement, without the filing of an accusation or petition to revoke probation, and without further hearing. Upon formal acceptance of the surrender, petitioner shall deliver his or her wallet and wall certificate to the Board or its designee and petitioner shall no longer practice dentistry or be subject to the conditions of probation.

Surrender of petitioner's license shall be considered a disciplinary action and shall become a part of petitioner's license history with the Board. If petitioner re-applies for a dental license, the application shall be treated as a petition for reinstatement of a revoked license.

///

11. FUNCTION AS A LICENSEE

Petitioner, during the period of probation, shall engage in the practice of dentistry in California for a minimum of sixteen (16) hours per week or sixty-four (64) hours per calendar month. For the purpose of compliance with this section, "engaged in the practice of dentistry may include, when approved by the Board, volunteer work in dentistry, or work in any non-direct patient position that requires licensure.

In the event petitioner should leave California to practice outside the state, petitioner must provide written notification to the Board of the dates of departure and anticipated return to the state. Petitioner's probation is tolled, if and when he ceases practicing in California. Periods of practice outside of California will not apply to the reduction of the probationary period. In the event petitioner ceases to practice a minimum of sixteen (16) hours per calendar week or sixty-four hours per calendar month in California, petitioner must provide written notification of that fact to the Board. The period when the petitioner is not practicing, the minimum number of hours, will not apply to the reduction of the probationary period. Absence from practice shall not relieve the petitioner from maintaining a current license or from fulfilling all of the terms and conditions of probation. For purposes of this condition, non-practice due to Board ordered suspension, completion of educational and clinical training requirements, and/or receipt of the results from a psychological evaluation, shall not be considered a period of non-practice; non-practice calculations will begin when petitioner has met all conditions precedent to his ability to practice dentistry.

If petitioner stops practicing in California for a total of five (5) years, petitioner's license shall be automatically cancelled. If petitioner has not complied with this condition during the probationary term, and petitioner has presented sufficient documentation of his or her good faith efforts to comply with this condition, and if

petitioner is in compliance with all other probation conditions, the Board, in its sole discretion, may grant an extension of Petitioner's probation period up to one year without further hearing in order to comply with this condition. During the one-year extension, all original conditions of probation shall apply unless they have been modified by the Board via a petition for modification of probation.

12. CONTINUANCE OF PROBATIONARY TERM/COMPLETION OF PROBATION

If petitioner violates the terms of this probation in any respect, the Board, after giving petitioner notice and the opportunity to be heard, may set aside the stay order and impose the revocation or suspension of the petitioner's license. If, during the period of probation, an accusation and/or a petition to revoke probation has been filed against petitioner's license or the Attorney General's Office has been requested to prepare an accusation and/or a petition to revoke probation against petitioner's license, the probationary period shall automatically be extended and shall not expire until the accusation and/or the petition to revoke probation has been acted upon by the Board. Upon successful completion of probation, petitioner's license will be fully restored.

13. NOTIFICATION

Prior to engaging in the practice of dentistry, the petitioner shall provide a true copy of this Decision to his employer, and to any other facility where petitioner engages in the practice of dentistry. Petitioner shall submit proof of compliance to the Board or its designee within 15 calendar days of engaging in the practice of dentistry or practicing in a facility.

This condition shall apply to any change(s) in place of employment.

14. CLINICAL TRAINING PROGRAM

Within 60 days of the effective date of this Decision, petitioner shall enroll in a clinical training or educational program offered by an approved California Dental School. The program shall consist of a comprehensive assessment comprised of a two-day assessment of petitioner's basic clinical and communication skills common to all clinicians; and dental knowledge, skill and judgment pertaining to petitioner's specialty or sub-specialty (if he has one), and at a minimum, a 40-hour program of clinical education in the area of practice that takes into account data obtained from the assessment and any other information that the Board deems relevant. Petitioner shall pay all expenses associated with the clinical training program. Based on petitioner's performance and test results in the assessment and clinical education, the program will advise the Board of its recommendations for the scope and length of any additional education or clinical training or anything else affecting petitioner's practice of dentistry. At the completion of any additional education or training, petitioner shall submit to and pass an examination. The program's determination whether or not petitioner passed the examination or successfully completed the program shall be binding. Petitioner shall complete the program no later than six months after petitioner's initial enrollment unless the Board agrees in writing to a later time for completion. Failure to participate in and complete successfully all phases of the clinical training program as outlined above is a violation of probation.

Petitioner shall not practice dentistry until he has successfully completed the program and has been so notified by the Board in writing, except that petitioner may practice in a clinical training program approved by the Board. Petitioner's practice of dentistry shall be restricted to that required by the program.

///

15. EXAMINATION

Petitioner shall not practice dentistry until he has passed the California clinical examination or the Western Regional Examination Board examination. Petitioner shall pay all fees related to the examination. If Petitioner fails the examination three times, a period of one year must pass prior to retaking the required examination. Under the condition of failure for three times, the petitioner must also show evidence of remediation in the deficient area(s) prior to retaking the examination. Petitioner must be successful in each section of the examination in order to fulfill this requirement and may not practice until totally successful. The probation period is tolled until petitioner passes either examination.

16. SUPERVISED PRACTICE

Within 60 days of the effective date of this decision, petitioner shall submit to the Board, for its prior approval, the name and qualifications of one or more proposed supervisors and a plan for each such supervisor by which petitioner's practice would be supervised. The Board will advise petitioner within two weeks whether or not the proposed supervisor and plan of supervision are approved. Petitioner shall not practice until receiving notification of Board approval of petitioner's choice of a supervisor and plan of supervision. The plan of supervision shall be direct and require the physical presence of the supervising dentist in the dental office during the time dental procedures are performed. Additionally, the supervisor shall have full and random access to all patient records of petitioner. The supervisor may evaluate all aspects of petitioner's practice regardless of petitioner's areas of deficiencies.

Each proposed supervisor shall be a California licensed dentist who shall submit written reports to the Board on a quarterly basis verifying that supervision has taken

place as required and include an evaluation of petitioner's performance. It shall be petitioner's responsibility to assure that the required reports are filed in a timely manner. Each supervisor shall have been licensed in California for at least five (5) years and not ever have been subject to any disciplinary action by the Board. An administrative citation and fine does not constitute discipline and therefore, in and of itself is not a reason to deny an individual as a supervisor. The supervisor shall be independent, with no prior business or professional relationship with petitioner and the supervisor shall not be in a familial relationship with or be an employee, partner or associate of petitioner. If the supervisor terminates or is otherwise no longer available, petitioner shall not practice until a new supervisor has been approved by the Board. All costs of the supervision shall be borne by the petitioner.

Early Termination Of Probation Granted Documents And Re-Instatement Of California Dental License To Good Standing !

**BEFORE THE
DENTAL BOARD OF CALIFORNIA
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA**

**In the Matter of the Petition for Early Termination of
Probation of:**

Cornelius M. Pryor III

Dental License Number 35538

Petitioner

Agency Case Number 1002056661

OAH No. 2023070266

DECISION AND ORDER

The attached Proposed Decision of the Administrative Law Judge is hereby accepted and adopted by the Dental Board of California, Department of Consumer Affairs, State of California, as its Decision in the above-entitled matter.

This Decision shall become effective on November 22, 2023.

IT IS SO ORDERED on October 23, 2023.

Alan L. Felsenfeld, MA, DDS
President
Dental Board of California
Department of Consumer Affairs
State of California

**BEFORE THE
DENTAL BOARD OF CALIFORNIA
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA**

**In the Matter of the Petition for Early Termination of
Probation of:**

CORNELIUS M. PRYOR, III, D.D.S., Petitioner.

Agency Case No. 1002056661

OAH No. 2023070266

PROPOSED DECISION

Eileen Cohn, Administrative Law Judge, Office of Administrative Hearings (OAH), State of California, heard this matter by videoconference on September 13, 2023.

Michael L. Pinkerton, Attorney at Law, represented petitioner Cornelius M. Pryor, III, D.D.S., who was present throughout the hearing.

Christine J. Lee, Deputy Attorney General, represented the Office of Attorney General, State of California, pursuant to Government Code section 11522.

Testimony and documentary evidence were received. The record was closed, and the matter was submitted for decision on September 13, 2023.

SUMMARY

After completing two years of his probation and successfully abiding by its terms, petitioner filed a petition for early termination of probation. Clear and convincing evidence established that petitioner is fully rehabilitated and public protection does not require that he remain on probation.

FACTUAL FINDINGS

Background and License History

1. On July 28, 1987, the Dental Board of California (Board) issued Dental License Number 35538 (license) to petitioner. (Ex. 3.)
2. On October 24, 2001, after an accusation was filed against petitioner, by order of the Board effective October 24, 2001, petitioner's license was revoked, the revocation stayed and petitioner was placed on probation for a period of five years. (Ex. 3.)
3. On May 30, 2006, after an accusation and petition to revoke probation was filed, by order of the Board effective December 21, 2007, petitioner's license was revoked. (Ex. 3.)
4. On December 18, 2015 petitioner filed a petition for reinstatement which was denied by order of the Board on November 3, 2016. (Ex. 3.)
5. After consideration of petitioner's Petition for Reinstatement, received by the Board on October 22, 2019, by order of the Board effective March 31, 2021.

petitioner's license was reinstated, the license revoked, revocation stayed, and petitioner was placed on probation for a period of three years. (Exs. 3 and 4.)

6. Petitioner's probation is set to expire on March 31, 2024.

7. Petitioner petitioned for early termination of his current probation. The Board received his petition on May 15, 2023. All jurisdictional requirements have been satisfied for this matter to proceed to hearing. (Exs. 1 and 2.)

Background

8. The Board adopted by Decision and Order effective March 31, 2021 (Decision), the proposed decision including the findings and (with a modification) order of the administrative law judge, Agency Case No. DBC 2005-81 and OAH No. 2020020595. The Decision set forth in detail petitioner's discipline history and the underlying circumstances, including his convictions. The Decision also set forth in great detail petitioner's progress toward rehabilitation as of the date of the hearing, including his employment history, his sobriety (supported by testimony from his Alcoholics Anonymous (AA) sponsor, his ongoing therapy, with Diane Nguyen, Psy.D. (supported by her testimony), his faith and family life with long-time partner Stephanie Jackson, (supported by her testimony) and his capabilities as a dentist (supported by the testimony of Gary France, DDS.). The Decision is incorporated by reference and aside from changes in petitioner's employment and family obligations, provides an accurate profile of petitioner's life today. (Ex. 4.)

The Petition for Early Termination of Probation

9. The Decision ordered probation for a period of three years ending March 31, 2024. Petitioner requested early termination so that he can move on with his life,

support his ailing mother and contribute fully to his relationship with his long-term partner, and secure his license to practice in Nevada.

10. The testimony and evidence offered at the hearing was consistent with the findings in the Decision. Critically, it established by clear and convincing evidence petitioner's continued and complete rehabilitation and compliance with the terms and conditions of his probation, such that early termination is appropriate.

11. Regina Armstrong is currently employed by the Board as a special investigator and probation monitor. She has significant experience as an investigator with the Department of Consumer Affairs, including assignments with the Medical Board. She has a Bachelor of Arts degree in criminal justice and forensic science. Her current duties include investigations and monitoring probationers. She was assigned as petitioner's probation monitor in December 2022. She consulted with his previous probation monitor and reviewed his files to prepare for her assignment. She has communicated with petitioner, conducted his quarterly reviews in March and June 2023, and met with him in-person for one quarterly interview. As part of her review she went to petitioner's practice in Los Angeles, met with his supervisors, Dr. France and Dr. Mouton and observed him at work. (Ex. A, pp. B6.) During her interactions with petitioner, she found him to be friendly and cooperative.

12. Ms. Armstrong found petitioner has been in compliance with all the terms of his probation since the effective date of the Decision. (Ex. A. p. B6.)

13. Diane Phoung Nguyen, PsyD., of Nguyen Counseling, LLC, has been petitioner's mental health care provider and therapist since about 2017. She last saw him in April 2023. She used to see petitioner more frequently but the frequency of visits has been modified based upon his progress and needs. Petitioner engaged in a

variety of therapeutic tools, listed below. Dr. Nguyen testified it was an honor to work with petitioner. He was sober when he started working with her and based upon his behavior she has no reason to believe he has any break in his 20 years of sobriety. From her consultation with petitioner, she knows he has maintained his social connections which support his sobriety, exceeding the average time patients she has treated have participated in support groups, is a deeply spiritual person involved with his church, family and partner, and "resonates" wellness, a balanced life and joyfulness. In her observations of petitioner over time, Dr. Nguyen had the opportunity to watch him grow and find "meaning and purpose" in in all areas of life.

14. Dr. Nguyen prepared a letter dated May 1, 2023 (Exhibit A, p. B7-B) which she endorsed during her testimony. In addition to confirming statements attributed to petitioner about his worksite monitors and mentors, she reviewed his family and work life status with him and reported on her observations.

Moreover, Dr. Pryor strives to be mindful in family, work, and lifestyle balance as he visits his mother who has been diagnosed with dementia. He also indicates making efforts to financially budget between airflights and probation commitments; which at times becomes financially and time management-wise challenging. He further states "being the primary care taker and only child, next to having a caretaker to assist, until the next visit home." Mr. Cornelius also openly expresses his love and commitment for his mother and further indicates, "it is his duty and loyalty to care for his mother and enjoys accompanying his mother to Church services during his visits." Additionally his lifetime

significant other Ms. Stephanie, has been exceptionally supportive of Dr. Pryor's family, life, work goals and lifestyle balance throughout the years.

In regard to counseling and treatment interventions areas include and not limited to the following: The eight dimensions of wellness practices, cognitive behavior therapy (CBT), mindfulness-based cognitive therapy (MBCT), dialectical behavioral therapy-regulate emotions (DBT), solution-focused therapy (SFT), emotional focused therapy (EFT) and related therapeutic interventions or treatments tailored to issues addressed during counseling sessions.

(Ex. A, p. B7-B8.)

15. Gary L. France, D.D.S, Sr. Director of Dental Services, testified. Dr. France, a well-qualified practitioner, testified about petitioner's rehabilitation consistent with his letter of April 18, 2023. (Ex. A, pp. B11-B12.) Dr. France was petitioner's assigned workplace monitor during his probation and attested to his superior clinical skills and professional behavior. Dr. France maintains petitioner no longer requires a workplace monitor and is ready to practice on his own. He highly recommends petitioner's early termination of probation and considers him an asset to dentistry and the public.

16. In his capacity as workplace monitor, Dr. France observed petitioner applying his training to dental procedures to ensure he was practicing dentistry according to the correct protocols. He also had the opportunity to observe petitioner's behavior and demeanor with patients. Dr. France's observations were informed by his in depth experience as a clinician and teacher and as such were given great weight. Dr.

France is currently the Sr. Director of Dental Services for the Community Dental Center of Los Angeles. His past experience includes: Academic Administrator, Division of Public Health and Community Dentistry, UCLA School of Dentistry; Adjunct Professor, Division of Dental Public Health, Meharry Medical College, School of Dentistry; and Clinical Instructor, Cedars-Sinai General Practice Residency in Dentistry. (Ex. A, p. B11; Ex. B, p. B16.)

17. Petitioner submitted letters of recommendations from other worksite monitors and well-qualified and experienced Board-certified dentists.

18. Raymont Johnson, D.D.S., one of petitioner's worksite monitors, in a letter dated March 21, 2023, writes of his positive observations of petitioner in a clinical setting over the past year. Dr. Johnson highly recommends the Board grant the petition for early termination based upon petitioner's clinical skills and professionalism. (Ex. A, p. B12.)

19. Marsha Mouton, D.D.S., was one of petitioner's worksite monitors at La Tijera Dental Professionals. In a letter dated March 31, 2023, she writes of her observations of petitioner's demeanor during the first month of his employment. "I was immediately impressed by his ability to establish rapport with staff and patients alike. Dr. Pryor also demonstrates confidence and willingness to learn new skills." (Ex. A., p. B.13.)

20. William W. Morgan, D.D.S. Emeritus Clinical Professor, UCLA School of Dentistry, section on Restorative Dentistry. Dr. Morgan observed petitioner in August 2021 to review and assess his ability in the area of restorative dentistry. Dr. Morgan concluded petitioner had the necessary skills and ability to practice "high quality

dentistry" and recommended the Board approve his early termination of probation. (Ex. A, p.B9.)

21. Gary Herman, D.D.S., UCLA School of Dentistry, provided a letter to the Board's investigator in August 2021 confirming petitioner had completed educational remediation ordered by the Board as part of his probation. Of the 40 hours of coursework required, petitioner spent 32 hours of lecture time on restorative medicine (with Dr. Morgan) and multiple "efforts to prepare teeth for direct and indirect restorations. From his teaching "didactics" and discussions with Dr. Morgan, Dr. Herman expected petitioner to function in a practical dental setting, and at that time, at a level greater than that of a graduating dental student. (Ex. A, p. B10.)

22. Brian Freeman, D.M.D., owner of Las Vegas Modern Dentistry, was one of petitioner's dentistry students at the University of Nevada, Las Vegas School of Dental Medicine. In a letter dated April 5, 2023, Dr. Freeman recalls petitioner as a mentor throughout his four years of dental school. He has also been petitioner's dentist and during his probation, petitioner has spoken with him about his cases. Petitioner practiced for the Nevada State Dental Board exams at Dr. Freeman's office. Petitioner notified him when he passed the exam. Dr. Freeman recommends the Board approve petitioner's early termination. (Ex. A., p. B14.)

23. Petitioner testified consistent with his narrative statement. (Ex. B4.) Petitioner had already made substantial progress with his rehabilitation at the time of the Decision. He had been open about his past, had taken full responsibility for his conduct and was remorseful. His life since the Decision demonstrates his ongoing dedication to exemplary behavior, and devotion to his practice, family and church.

///

24. In addition to petitioner's excellent record of compliance with his probationary conditions, and accolades from probation and worksite monitors, petitioner raised other important points in support of the Petition. Petitioner has made his home with his long-term partner in Nevada, has passed his board exams to practice in Nevada, and would like to practice in Nevada where he has potential professional opportunities, and contribute to his household there, which he cannot do until his probation is completed. Petitioner has prospects with Las Vegas Modern Dentistry Office in Las Vegas for upwards of four days a week, and a position as Interim Faculty with the University of Nevada, Las Vegas, School of Dental Medicine. Petitioner's mother lives in California and is ailing. She requires financial support which he cannot provide to the degree she requires until he is released from probation. To comply with the terms of probation, petitioner travels weekly to California to fulfill the required 16 hours of supervised practice. According to petitioner, "This, in addition to other costs affiliated with probation, presents considerable financial burden on me and my family." (Ex. A, p.B4-B5.)

LEGAL CONCLUSIONS

Burden and Standard of Proof

1. In a proceeding involving the restoration of a license, the burden at all times rests on the petitioner to prove that he has rehabilitated himself and that he is entitled to have his license restored. (*Flanzer v. Bd. of Dental Examiners* (1990) 220 Cal.App.3d 1392, 1398.) The standard of proof is clear and convincing evidence. (*Hippard v. State Bar* (1989) 49 Cal.3d 1084, 1092; *Feinstein v. State Bar* (1952) 39 Cal.2d 541, 546-547.) Petitioner met his burden of proof.

Purpose of Discipline

2. The purpose of health care licensing laws and discipline is to protect the public, not to punish the individual. (*Excelsior College v. Board of Registered Nursing* (2006) 136 Cal.App.4th 1218, 1225.) The board's highest priority in exercising its licensing, regulatory, and disciplinary functions is protection of the public. Whenever the protection of the public is inconsistent with other interests sought to be promoted, protection of the public shall be paramount. (Bus. & Prof. Code, § 1601.2.)

Statutory and Regulatory Authority

3. Business and Professions Code section 1686 provides in part:

A person whose license or registration has been revoked . . . who has been placed on probation, may petition the board for . . . modification of the penalty, including . . . termination of probation, after a period of not less than the following minimum periods have elapsed from the effective date of the decision ordering that disciplinary action:

[¶] . . . [¶]

(b) At least two years for early termination . . . of a probation of three years or more . . .

[¶] . . . [¶]

The petition shall state any fact required by the board.

///

The petition may be heard by the board, or the board may assign the petition to an administrative law judge designated in Section 11371 of the Government Code.

In considering reinstatement or modification of penalty, the board or the administrative law judge hearing the petition may consider (1) all activities of the petitioner since the disciplinary action was taken, (2) the offense for which the petitioner was disciplined, (3) the petitioner's activities during the time the license, certificate, or permit was in good standing, and (4) the petitioner's rehabilitative efforts, general reputation for truth, and professional ability. The hearing may be continued from time to time as the board or the administrative law judge as designated in Section 11371 of the Government Code finds necessary. . . .

4. Government Code section 11522 provides in part:

A person whose license has been revoked . . . may petition the agency for . . . reduction of penalty after a period of not less than one year has elapsed from the effective date of the decision . . . The agency shall give notice to the Attorney General of the filing of the petition and the Attorney General and the Petitioner shall be afforded an opportunity to present either oral or written argument before the agency itself. The agency itself shall decide the petition, and the decision shall include the reasons therefor, and any terms and conditions that the agency reasonably deems

appropriate to impose as a condition of reinstatement. This section shall not apply if the statutes dealing with the particular agency contain different provisions for . . . reduction of penalty. . . .

5. California Code of Regulations, title 16, section 1020, subdivision (d), provides:

When considering a petition for reinstatement of a license the Board shall evaluate evidence of rehabilitation considering those criteria of rehabilitation listed in subdivisions (c)(2)(A)-(G).

6. California Code of Regulations, title 16, section 1020, subdivision (c)(2), provides the following criteria to assess when determining whether an individual is rehabilitated:

(A) The nature and gravity of the act(s), disciplinary action(s), or crime(s).

(B) Total criminal record.

(C) The time that has elapsed since commission of the act(s), disciplinary action(s), or crime(s).

(D) Whether the licensee has complied with any terms of parole, probation, restitution or any other sanctions lawfully imposed against the licensee.

///

(E) If applicable, evidence of dismissal proceedings pursuant to Section 1203.4 of the Penal Code.

(F) The criteria in subdivisions (c)(1)(A) through (E), as applicable.

(G) Evidence, if any, of rehabilitation. . . .

7. Rehabilitation is a state of mind, and the law looks with favor upon rewarding with the opportunity to serve, one who has achieved reformation and regeneration. (*Pacheco v. State Bar* (1987) 43 Cal.3d 1041, 1058.) The amount of evidence of rehabilitation that is required varies according to the seriousness of the misconduct. The mere expression of remorse does not demonstrate rehabilitation. A truer indication of rehabilitation will be presented if a petitioner can demonstrate by sustained conduct over an extended period of time that he is rehabilitated and fit to practice. (*In re Menna* (1995) 11 Cal.4th 975, 987, 991.) The evidentiary significance of a petitioner's misconduct is greatly diminished by the passage of time and by the absence of similar, more recent misconduct. (*Kwasnik v. State Bar* (1990) 50 Cal.3d 1061, 1070.)

Cause Exists to Grant the Petition

8. Cause exists under Business and Professions Code section 1686, and California Code of Regulations, title 16, section 1020, to grant the petition to terminate probation. Petitioner established through clear and convincing evidence that he is sufficiently rehabilitated such that probationary oversight is no longer necessary to protect the public. Petitioner has complied with his probation, recognized and learned from his mistakes, and meaningfully improved his professional skills. Probation is no longer required to protect the public. Petitioner's misconduct was years ago and his

progress with his rehabilitation was aptly described in the Decision.. Petitioner took full responsibility for his misconduct. His expression of remorse was heartfelt and sincere. Petitioner's credible testimony and written statements, the testimony of the Board's probation monitor, petitioner's witnesses, and his witness statements, and the exhibits evidence established petitioner's full rehabilitation. Petitioner has learned from his past, and has demonstrated he is devoted to the public, his family and church.

9. Petitioner established by clear and convincing evidence he is fully rehabilitated, and probation is no longer required to protect the public.

ORDER

The petition of Cornelius M. Pryor, III, D.D.S., for early termination of his probation is granted. The probation is terminated provided all costs and expenses related to the probation have been paid.

DATE: 09/21/2023

Eileen Cohn

EILEEN COHN

Administrative Law Judge

Office of Administrative Hearing

**BEFORE THE
DENTAL BOARD OF CALIFORNIA
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA**

In the Matter of the Petition for Reinstatement of:

CORNELIUS M. PRYOR, III,

Petitioner.

Case No. DBC 2005-81

OAH No. 2020020595

**ORDER WITHDRAWING ORDER OF NONADOPTION;
AND DECISION ADOPTING PROPOSED DECISION WITH REDUCED
PENALTY**

The Dental Board of California (Board), Department of Consumer Affairs, State of California, herewith withdraws the Order of Nonadoption entered on January 5, 2021.

Further, the Board hereby adopts the Proposed Decision of the Administrative Law Judge as the Decision in this matter, and, pursuant to the provisions of Government Code section 11517, subdivision (c)(2)(B), mitigates the penalty as follows:

On page 24, Term and Condition No. 14, Clinical Training Program, first paragraph, in the first line, after "Decision," insert "or as otherwise instructed by the Board,"

This Decision shall become effective on March 31, 2021.

IT IS SO ORDERED this 1st day of March, 2021.

Joanne Pacheco, RDH, MAOB
President
Dental Board of California
Department of Consumer Affairs
State of California

**BEFORE THE
DENTAL BOARD OF CALIFORNIA
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA**

In the Matter of the Petition for Reinstatement of:

CORNELIUS M. PRYOR, III, Petitioner.

Agency Case No. DBC 2005-81

OAH No. 2020020595

PROPOSED DECISION

Ji-Lan Zang, Administrative Law Judge (ALJ), Office of Administrative Hearings, State of California, heard this matter on August 31, 2020, by video conference in Los Angeles, California.

Michael L. Pinkerton, Attorney at Law, represented Cornelius M. Pryor, III (petitioner).

Pursuant to the provisions of Government Code section 11522, the Attorney General of the State of California was represented by Steve Pyun, Deputy Attorney General.

At the hearing, the ALJ was provided with certain pages in Exhibit 2 (AGO 129-149), which are confidential medical records. The ALJ, on her own motion and good cause

appearing therefrom, issued a protective order placing these pages under seal and protected from disclosure to the public.

Oral and documentary evidence was received. The record was closed, and the matter was submitted for decision on August 31, 2020.

FACTUAL FINDINGS

Jurisdictional Matters

1. On July 28, 1987, the Dental Board of California (Board) issued state certificate number 35538 to petitioner to practice dentistry in California.
2. Based on a Decision after hearing issued by the Board on November 19, 2007, petitioner's license was revoked.
3. On September 23, 2019, petitioner filed the current Petition for Reinstatement, seeking reinstatement of his license.

Disciplinary History

4. By a Decision and Order effective October 24, 2001, made pursuant to a Stipulation in Settlement (Stipulation), the Board revoked petitioner's license, but the revocation was stayed for five years under certain terms and conditions. (Case number No. AGS 1997-71.) The disciplinary order was based on allegations contained in the Accusation that in 1996, petitioner submitted false or fraudulent claims to insurers for patient services. The terms of petitioner's Board probation included obeying all laws and taking remedial education courses.

5. On November 19, 2007, the Board, by a Decision and Order effective December 21, 2007, revoked petitioner's probationary license. (Case No. DBC 2005-81, OAH Case No. L2007030591.) The discipline in this case arose from petitioner's 2004 conviction for battery and his 2005 conviction for vandalism, both misdemeanors, which are substantially related to the qualifications, functions, or duties of a dentist. In addition, from the mid 1990's through 2004, even though petitioner experienced long periods of sobriety, he suffered several relapses for substance abuse. In May 2004, petitioner tested positive for cocaine use. Based on petitioner's conviction and drug abuse, the Board found that he committed unprofessional conduct. The Board also found petitioner to be in violation of his Board probation in that he did not complete the remedial education requirement until after the deadline. The 2007 Decision and Order required petitioner to pay the Board \$500 in recovery costs as a condition precedent to his re-licensure.

The 2015 Petition for Reinstatement

6. On December 8, 2015, petitioner submitted a Petition for Reinstatement (2015 petition) in case number DBC 2015-1741 (OAH case number 2016070808). In the 2015 petition, petitioner submitted evidence that he has been sober since May 2004. Petitioner was actively participating in Alcoholics Anonymous (AA). He was working as an occupational safety specialist in Las Vegas, Nevada, after earning an Associate Degree in Occupational Safety Management. Petitioner completed 226 hours of continuing dental education since 2008. He also presented positive letters of reference from two California dentists, eleven out-of-state dentists, his AA sponsor, two friends, his employer, and letters from two psychologists confirming his participation in therapy.

7. However, the 2015 petition also disclosed that petitioner was convicted of disorderly conduct, a misdemeanor, since the revocation of his license. Specifically, the Board's Decision and Order in case number DBC 2015-1741 stated, in relevant part:

Court minutes and a transcript from the District Court, Clark County, Nevada, Case No. C-253147, indicate the conviction was originally for "gross and open lewdness," a "gross misdemeanor" (see Nev. Rev. Stat., § 201.210), but was reduced in June 2012 to disorderly conduct, an ordinary misdemeanor. The date of conviction was not established, and no police report, plea agreement, or witness statement describing the crime was provided. But according to petitioner, he pleaded no contest to shouting an "ugly sexual epithet" at two women early one morning in December 2008, when they would not open a locked restaurant door so he could go inside. At the time, he was holding his groin, which he attributed to severe pain he was experiencing not long after hernia surgery.

(Ex. 7, AGO 233.)

8. On October 4, 2016, the Board denied the 2015 Petition in a Decision and Order effective November 3, 2016. The Board cited the rehabilitation criteria in California Code of Regulations, title 16, section 1020, and determined that petitioner had not met his burden of establishing sufficient evidence of rehabilitation. Among other things, the Board noted that petitioner had suffered the additional conviction in 2012 for disorderly conduct after losing his license, and that without a police report or other corroborating evidence, petitioner's version of the facts and circumstances

surrounding this 2012 conviction could not be confirmed. Even accepting petitioner's version of events, petitioner's conduct reflected a lapse of judgment and called into question his fitness for licensure.

Petitioner's Evidence

BACKGROUND

9. Petitioner obtained his Doctor of Dental Surgery (D.D.S.) degree from Howard University. He was initially licensed in 1987 and practiced as a dentist for 20 years until the revocation of his license in 2007. Since 2005, petitioner has lived in Las Vegas, Nevada. He currently works as a Safety Specialist for Regional 9 Safety Compliance Company (Region 9), a position he has held since 2014.

THE 2012 CONVICTION

10. At the hearing, petitioner explained the facts and circumstances surrounding his 2012 conviction for disorderly conduct, as follows: In December 2008, petitioner was under emotional and physical distress. Emotionally, petitioner was grieving the recent passing of his godsister and his AA sponsor. Physically, petitioner was in pain, as he had undergone hernia surgery in the groin area in April 2008 but still suffered pain in the area around the surgical wound.

11. On the morning of December 2, 2008, petitioner stopped by a McDonald's, where in the parking lot of the restaurant, he experienced difficulty breathing. A bystander assisted him by calling for emergency responders. Although Emergency Medical Technicians (EMT) arrived on the scene first, petitioner refused their offer to taken him to the hospital as his vitals were normal. After the EMT left, however, police officers arrived on the scene. Rather than rendering assistance, the

officers asked petitioner for his car registration. Because petitioner's car was registered to his live-in girlfriend, Stephanie Jackson, his car was impounded. Thus, petitioner was left stranded in the parking lot. While enduring pain in his groin area and difficulty breathing, petitioner tried to go into the McDonald's for help. However, the two women who were working in the restaurant would not open the door. Petitioner, under stress and in pain, grabbed his groin and told them to "suck his dick" (his words).

12. Petitioner was arrested and convicted of disorderly conduct. As a result of this conviction, petitioner was placed on criminal probation for three years. He has since completed his criminal probation.

13. Petitioner's testimony regarding the facts and circumstances surrounding his 2012 conviction is deemed credible as it is corroborated. Petitioner submitted medical records showing that he underwent hernia surgery in the groin area in April 2008 and that he returned to see his physician in January 2009 complaining of post-operative pain around the surgical wound. (Ex. 2, AGO 133, 148.)

14. Furthermore, petitioner testified in a sincere, open, and insightful manner regarding his remorse for the incident that led to his 2012 conviction. Petitioner expressed his deepest apologies to the victims, and he explained that he had acted out of fear that day because his body was malfunctioning and he felt abandoned as no one was helping him. However, petitioner does not believe that his medical and psychological state justified his behavior. Petitioner averred that his actions on December 2, 2008 were unacceptable. According to petitioner, his conduct on that day was "inflammatory" and demonstrated a lack of "self-regulation and empathy for others" (his terms).

PETITIONER'S SOBRIETY

15. Petitioner has been sober for 16 years. His sobriety date is May 24, 2004, and he has been active member of AA since that time. Due to the COVID-19 pandemic, petitioner currently attends AA meetings by telephone two to three times per week. Before the pandemic, petitioner personally attended AA meetings at least one day a week. Petitioner submitted several years of AA attendance sheets and a photograph of his AA chip commemorating 15 years of sobriety in support of his testimony. (Ex. 2, AGO 068-093.) Petitioner reported that working his AA program has helped him to develop and implement ways to cope with stressors and triggers. Rather than reacting to situations, he now responds to them after thinking through the consequences.

16. Kirk Williams, petitioner's AA sponsor, testified at the hearing on petitioner's behalf. Mr. Williams is a certified drug and alcohol substance abuse counselor, and he has known petitioner for over 50 years. For the past 12 years, Mr. Williams has served as petitioner's AA sponsor, after the death of petitioner's previous AA sponsor. In this capacity Mr. Williams has contact with petitioner at least three times a week. Mr. Williams observed that petitioner is dedicated to his sobriety and has shown resilience and strength in his recovery. Mr. Williams also noted that petitioner continues to harbor a passion for the dentistry profession. He opined that should petitioner's license be reinstated, he would be valuable asset to the dentistry field and to his community. Mr. Williams submitted a letter dated August 15, 2015, which was consistent with his testimony at the hearing.

PETITIONER'S ENGAGEMENT IN THERAPY AND COUNSELING

17. Petitioner has voluntarily engaged in psychological therapy and counseling as a part of his commitment to personal and spiritual development. From

September 2008 to February 2010, he underwent therapy and counseling from Patricia Brassfield, Ph.D. From August 2012 to April 2013, petitioner was seen by Verna Fabella-Hicks, Ph.D. Petitioner submitted letters from Drs. Brassfield and Fabella-Hicks verifying his participation in therapy and confirming his consistent efforts to maintain his emotional and psychological well-being. (Ex. 2, AGO 113-119.)

18. From January 2017 to January 2018, petitioner attended psychotherapy sessions with Diane Nguyen, Psy.D., who testified at the hearing on petitioner's behalf. Dr. Nguyen obtained her doctor's degree in clinical psychology in 2003, and she is also a licensed drug and alcohol counselor. Petitioner completed a total of 14 sessions with Dr. Nguyen, and to the present day, he continues to call Dr. Nguyen on a monthly basis as check-ins.

19. In addition to her testimony at the hearing, Dr. Nguyen submitted a letter dated January 30, 2018, describing her therapy sessions with petitioner and her opinions regarding the extent of petitioner's recovery from his drug and alcohol problems. (Ex. 2, AGO 121-127.) Specifically, Dr. Nguyen opined that during the period of 2004 to 2008, petitioner suffered from Protracted Withdrawal Symptoms/Post-Acute Withdrawal Syndrome (PAWS). According to Dr. Nguyen, individuals suffering from PAWS exhibit symptoms similar to those with Post Traumatic Stress Disorder, including behavioral relapses, poor emotional regulation, and sensitivity to stress. Dr. Nguyen found that due to PAWS, petitioner's recovery efforts during the years of 2004 to 2008 was less than successful. Additionally, she believes that PAWS contributed to petitioner's lack of judgment and self-regulation during the 2008 incident at McDonald's.

20. Moreover, in 2018, Dr. Nguyen administered the American Society of Addiction Medicine (ASAM) risk assessment screenings. Dr. Nguyen found that

according to the ASAM dimensions, petitioner scored low risk for acute intoxication and/or Withdrawal Potential (Dimension 1); "low risk" for biomedical conditions and complications (Dimension 2); "low risk" for emotional, behavioral or cognitive conditions and complications (Dimension 3); "high potential" for readiness to change, healthy and positive lifestyle changes (Dimension 4); "low risk" for relapse, continued use or continued problem potential (Dimension 5); and "low risk" for recovery environment, lack of support (Dimension 6). Based on these findings, Dr. Nguyen concluded that petitioner "demonstrate[s] no symptoms of addictions with the implementation of high levels of maintenance and relapse prevention skills from alcohol and any mood altering drugs." (Ex. 2, AGO 126.)

21. Because of his successful recovery from drug and alcohol abuse and his sustained commitment to psychotherapy, Dr. Nguyen believes that petitioner would be safe to practice to as dentist should his license be reinstated. Dr. Nguyen's testimony at the hearing was consistent with the contents of her January 30, 2018 letter.

PETITIONER'S FAITH AND FAMILY LIFE

22. Petitioner actively attends church. Prior to the COVID-19 pandemic, he attended bible study meetings with Kingdom Hall of Jehovah's Witness every Thursday and Sunday. He currently teleconferences with his bible study group on a weekly basis. Petitioner integrates the teachings of his congregations with the lessons he has learned from AA in order to maintain his sobriety and to promote further spiritual growth.

23. Petitioner is engaged to his long-time girlfriend, Stephanie Jackson, who testified at the hearing on petitioner's behalf. Ms. Jackson has known petitioner since

1977, and has lived with him as a couple since 2007. Ms. Jackson described the behavioral issues she observed in petitioner before 2004, when he was still struggling with his drug and alcohol problems. She testified that before 2004, although petitioner was well-dressed and appeared professional, he was, in fact, vulnerable and anxious. Ms. Jackson recounted that in 2007, she saw changes in petitioner's behavior. In Ms. Jackson's words, petitioner became "humble," "honest" and "authentic" after his dental license was revoked. He gained the ability to "empathize with others" and no longer sought validation from other people. Petitioner showed resilience in taking on odd jobs after the revocation of his dental license and going back to school when he was over 50 years old. In the past 10 years, Ms. Jackson has been a witness to petitioner's consistent commitment to be the best person he could be.

24. Ms. Jackson testified that petitioner's passion for dentistry has not diminished over the years. She does not believe that petitioner would pose a threat to others if he were to be reinstated as a dentist.

PETITIONER'S RECENT EMPLOYMENT HISTORY

25. After the revocation of his license in 2007, petitioner initially worked at various jobs including teaching, business development, and solar panel installation. In 2012, at the age of 57, petitioner returned to school at the College of Southern Nevada, and in 2013, he earned an Associate of Applied Science degree in Occupational Safety Management.

26. Since 2014, petitioner has worked as a Safety Specialist for Regional 9. In that capacity, petitioner has worked as a safety inspector for several major projects, including the gates expansion project at McCarran Airport, the T Mobile Arena project,

and the Raiders Stadium project. At his job, petitioner also serves as an instructor on forklift safety, CPR, and other topics.

27. Petitioner submitted several character reference letters from his colleagues and his former and current employers, who uniformly describe petitioner as a diligent, personable, and reliable professional. (Ex. 2 AGO 43-50.) In particular, in a letter dated October 13, 2017, Troy McKnight, Owner/Safety Director of Region 9 wrote, in relevant part:

[Petitioner] maintains the ultimate "can do" attitude while taking on all tasks assigned with a positive tenacious energy and a smile. He also continues to distinguish himself by consistently being organized, competent, and adept at establishing rapport, building relationships, and servicing a diverse clientele. Suited with well-honed analytical skills, [petitioner] quickly identifies issues at hand and creates appropriate strategies for problem resolutions. He is well-respected by [the] business owners and staff we serve as well as his industry peers. . . .

(Ex. 2, AGO 49.)

PETITIONER'S EMPLOYMENT GOALS IN THE FIELD OF DENTISTRY

28. Although petitioner is currently employed in the safety compliance industry, his goal is to return to practicing as a dentist. Petitioner averred that he loves the profession because as a dentist, he is given the opportunity to be creative, to interact with different people, and to help others. Despite not having practiced in the dental industry for approximately 13 years, petitioner has taken numerous continuing

education courses. In 2019, petitioner completed 50 continuing education hours in dentistry. Petitioner has also paid to the Board \$500 in recovery costs that was ordered as a part of the 2007 Decision and Order.

29. If his dental license were to be reinstated, petitioner plans work part-time at Community Dental Center, a non-profit organization based in Los Angeles that provides dental services to low-income children and their caregivers. Petitioner would remain a resident of Nevada, but he would commute on the weekends to Los Angeles in order to practice as a dentist. Petitioner would be willing to comply with all relevant terms and conditions should he be granted a probationary license.

30. Gary France, D.D.S., Clinical Director of Community Dental Center, testified at the hearing on behalf of respondent. Dr. Frances is a graduate of the School of Dentistry at the University of California, Los Angeles (UCLA). He has served as a professor of dentistry at UCLA and Meharry Medical College. Dr. France has known petitioner for approximately 45 years. Dr. France testified that he is prepared to offer petitioner a position at the Community Dental Center should his dental license be reinstated. According to Dr. France, petitioner could work the Saturday and Sunday shifts, filling out a weekend time slot for which he has had a difficult time finding dentists. Dr. France and another practitioner at the Community Dental Center, Dr. Hill, are willing to serve as petitioner's supervisors. Dr. France has had the opportunity in the past to observe petitioner as a dentist, and he believes in petitioner's proficiency. Dr. France is not concerned that petitioner has not practiced for the last 13 years, and he would trust petitioner as his own dentist. Dr. France also noted that he has personally witnessed petitioner's personal growth in the past few years and feels confident that petitioner would be an asset to the dentistry field.

31. Petitioner also submitted several character reference letters from dentist colleagues. In these letters, the authors attest to petitioner's passion for dentistry and his love of sharing his knowledge with others. (Ex. 2 AGO 95-115.) In particular, in a letter dated September 7, 2015, Geoffrey Brown, D.D.S. wrote, in relevant part:

Having known [petitioner] for many years, I can tell you that he has seen the error of his ways and accepts full responsibility for his actions. He has demonstrated a sincere desire to be the best person he can be in service to his fellow man and his God. It is my opinion that he is ready to return to work as a practicing dentist or teaching tomorrow's practitioners once again. He has continued to keep up with the changing trends in the dental profession and shall be an asset to the community he serves. We all need something to do, something to hope for, something to love, and a reason to live. For [petitioner] this embodies dentistry! Therefore, I unequivocally support the reinstatement of his California dental license. His success will undoubtedly translate to benefits to the public at large.

(Ex. 4, AGO 96).

LEGAL CONCLUSIONS

Standard and Burden of Proof

1. In a proceeding for the restoration of a revoked license, petitioner bears the burden of proving rehabilitation and current fitness for licensure without

restriction. (*Flanzer v. Board of Dental Examiners* (1990) 220 Cal.App.3d 1392, 1398.)

The standard of proof is clear and convincing evidence. (*Housman v. Board of Medical Examiners* (1948) 84 Cal.App.2d 308, 315-316.)

Rehabilitation Criteria

2. Business and Professions Code section 1686 states:

A person whose license, certificate, or permit . . . has been placed on probation may petition the Board for reinstatement or modification of penalty, including modification or termination of probation, after a period of not less than the following minimum periods have elapsed from the effective date of the decision ordering disciplinary action:

(a) At least three years for reinstatement of a license revoked for unprofessional conduct or surrendered pursuant to a stipulated settlement as a condition to avoid an administrative disciplinary hearing.

[¶] . . . [¶]

The petition may state any fact required by the board. The petition may be heard by the board, or the board may assign the petition to an administrative law judge designated in Section 11371 of the Government Code.

In considering reinstatement or modification or penalty, the board or administrative law judge hearing the petition may

consider (1) all the activities of the petitioner since the disciplinary action was taken, (2) the offense for which the petitioner was disciplined, (3) the petitioner's activities during the time the license, certificate, or permit was in good standing, (4) the petitioner's rehabilitative efforts, general reputation for truth and professional ability . . .

3. Rehabilitation criteria for reinstatement of a revoked dental license are found in California Code of Regulations, title 16, section 1020, subdivision (c). The criteria are as follows: (1) nature and severity of the acts or offenses; (2) total criminal record; (3) time that has elapsed since commission of the acts or offenses; (4) whether the licensee has complied with any terms of parole, probation, restitution or any other sanctions lawfully imposed against the licensee; (5) evidence of expungement proceedings pursuant to Section 1203.4 of the Penal Code; and (6) and other rehabilitation evidence, submitted by petitioner.

Evaluation and Disposition

4. In 2001, petitioner's dental license was disciplined based on allegations that he submitted false or fraudulent claims to insurers for patient services. In 2007, petitioner's dental license was revoked due to a criminal conviction for battery in 2004, a criminal conviction for vandalism in 2005, and testing positive for cocaine use in May 2004. The nature of these acts and criminal convictions are serious. In addition, after respondent's license was revoked, he suffered an additional criminal conviction for disorderly conduct in 2012. Although no evidence was presented that petitioner's criminal convictions have been dismissed pursuant to Penal Code section 1203.4, petitioner has completed all terms of his criminal probation, and approximately eight years have elapsed since he sustained his last criminal conviction.

5. Petitioner presented considerable evidence of mitigation and rehabilitation in support of his current petition for reinstatement. Petitioner's account of the facts and circumstances surrounding his 2012 conviction for disorderly conduct is credible and corroborated by medical records showing that he was suffering post-operative pain from hernia surgery around December 4, 2008. Petitioner took responsibility for his actions on that day, acknowledging in a forthright manner that the sexual epithet he used against the victims is unacceptable and inflammatory. While this criminal conviction evidences petitioner's lack of judgment, it appears to be an isolated incident, given that petitioner has not suffered any other criminal convictions since 2012. The fact that petitioner was grieving the loss of his AA sponsor and his godsister and Dr. Nguyen's opinion that petitioner may have been suffering PAWS at the time of the incident are additional factors in mitigation.

6. Furthermore, petitioner has been sober for over 16 years. He continues to participate in AA regularly on a voluntary basis. He is actively involved in his church and his bible study group. He has been gainfully employed since 2007. He returned to school at the age of 57 and has worked as a well-respected safety compliance specialist since 2014. He has voluntarily engaged in extensive therapy and counseling. He has the support of his sober network as well as that of his family. Petitioner's passion for dentistry is also palpable, as he has completed numerous continuing education courses in dentistry and is willing to commute from Las Vegas to Los Angeles on the weekends in order to serve as a dentist for low income patients. Additionally, the opinions of Mr. Williams (petitioner's AA sponsor), Dr. Nguyen, (petitioner's therapist), Ms. Jackson (petitioner's fiancée), and Dr. France (petitioner's prospective employer at Community Dental Center), to the effect that petitioner is ready and capable of resuming his duties as a dentist, are given significant weight.

7. Under these circumstances, reinstating petitioner's license and placing him on probation for three years will adequately protect the public health, safety, and welfare. Because petitioner has demonstrated sustained commitment to his sobriety for the past 16 years, probationary terms relating to biological testing and abstention from alcohol and controlled substances will not be included as part of the order. Petitioner has paid the Board's costs of enforcement and prosecution in full. Therefore, provisions relating to cost recovery will also not be ordered. However, because petitioner has not practiced as a dentist for 13 years, he will be required to take the licensing exam before he is eligible for reinstatement. It is also appropriate for petitioner to participate in a clinical training program, as approved by the Board, before he resumes practice.

ORDER

The application of Cornelius M. Pryor, III for reinstatement of licensure is hereby granted. A license shall be issued to petitioner. Said license shall immediately be revoked, the order of revocation stayed, and petitioner's license placed on probation for a period of three years on the following conditions:

1. SEVERABILITY CLAUSE

Each condition of probation is a separate and distinct condition. If any condition of this Decision and Order, or any application thereof, is declared unenforceable in whole, in part, or to any extent, the remainder of this Decision and Order, and all other applications thereof, shall not be affected. Each condition of this Decision and Order shall separately be valid and enforceable to the fullest extent permitted by law.

///

2. OBEY ALL LAWS

Petitioner shall obey all federal, state and local laws and all rules and regulations governing the practice of dentistry in California, and remain in full compliance with any court ordered criminal probation, payments and other requirements. A full and detailed account of all misdemeanor and felony arrests and convictions shall be reported by petitioner to the Board in writing within seven (7) days of occurrence. To permit monitoring of compliance with this condition, petitioner shall submit a completed California Department of Justice state and federal Livescan fingerprint form, unless previously submitted as part of the licensure application process. Fingerprints shall be submitted within 15 calendar days of the effective date of the Decision and Order.

3. QUARTERLY REPORTS

Petitioner shall submit quarterly reports signed under penalty of perjury stating whether there has been compliance with all the conditions of probation. Petitioner shall submit a quarterly report no later than seven (7) calendar days from the beginning of the assigned quarter.

4. COMPLY WITH THE BOARD'S PROBATION PROGRAM

Petitioner shall fully comply with the conditions of probation established by the Board and all requirements necessary to implement the conditions of probation. Petitioner shall cooperate with the Board in its monitoring and investigation of petitioner's compliance with the conditions of probation. Petitioner shall respond to all requests and inquiries from the Board within the time period specified by the Board.

Upon successful compliance with the conditions of probation, and completion of the probation term, petitioner's license shall be fully restored.

5. ADDRESS CHANGE, NAME CHANGE, LICENSE STATUS

Petitioner shall inform the Board in writing within 15 calendar days of any change in his address of record, physical employment address, physical residence address, and any legal name change. Petitioner shall maintain an active, current license with the Board, including while suspended from practice of dentistry unless otherwise specified by the disciplinary orders.

Any misrepresentation by petitioner of his restricted license status to the public shall be a violation of the probation conditions.

6. MEETINGS AND INTERVIEWS

Petitioner shall appear in person for meetings and shall be available by telephone for interviews as directed by the Board.

7. STATUS OF PRACTICE OR LICENSURE OUTSIDE OF STATE

In the event petitioner should leave California to practice outside the state, petitioner must provide written notification to the Board of the dates of departure and anticipated return to the state. Petitioner's probation is tolled, if and when he ceases practicing in California. Period of practice outside of California will not apply to the reduction of the probationary period.

Petitioner shall provide a list of all states, United States territories, and elsewhere in the world where he has ever been licensed as a dentist or dental auxiliary or held any health-care related professional license or certificate. Petitioner shall

further provide information regarding the status of each license and certificate and any changes in the license or certificate status during the term of probation. Petitioner shall inform the Board if he applies for or obtains a dental or dental auxiliary license or certificate outside of California during the term of probation.

For purposes of this condition, non-practice due to Board ordered suspension or in compliance with any other condition of probation, shall not be considered a period of non-practice.

8. SUBMIT DOCUMENTATION

Upon request, petitioner shall submit documentation to the Board including, but not limited to the following: Livescan forms, quarterly reports, and authorization for release of confidential information.

Such documentation shall be submitted under penalty of perjury, as required by the Board. On a case-by-case basis, documents shall be required to contain statements relative to petitioner's compliance with all the conditions of probation, and compliance with Board instructions.

9. PROBATION MONITORING COSTS

All costs incurred for probation monitoring during the entire probation shall be paid by the petitioner. The monthly cost may be adjusted as expenses are reduced or increased. Petitioner's failure to comply with all terms and conditions may also cause this amount to be increased.

All payments for costs are to be sent directly to the Board and must be received by the dates specified.

If petitioner is unable to submit costs for any month, he shall be required, instead to submit an explanation of why he is unable to submit the costs, and the dates he will be able to submit the costs including payment amounts. Supporting documentation and evidence of why the petitioner is unable to make such payments must accompany this submission.

In addition to any other disciplinary action taken by the Board, the probationary period will be extended.

10. LICENSE SURRENDER

If petitioner ceases practicing due to retirement, health reasons or is otherwise unable to satisfy the conditions of probation, petitioner may surrender his or her license to the Board. The Board shall evaluate petitioner's request and to exercise its discretion whether to grant the request, or to take any other action deemed appropriate and reasonable under the circumstances. Such surrender shall be accomplished through a written stipulated agreement, without the filing of an accusation or petition to revoke probation, and without further hearing. Upon formal acceptance of the surrender, petitioner shall deliver his or her wallet and wall certificate to the Board or its designee and petitioner shall no longer practice dentistry or be subject to the conditions of probation.

Surrender of petitioner's license shall be considered a disciplinary action and shall become a part of petitioner's license history with the Board. If petitioner re-applies for a dental license, the application shall be treated as a petition for reinstatement of a revoked license.

///

11. FUNCTION AS A LICENSEE

Petitioner, during the period of probation, shall engage in the practice of dentistry in California for a minimum of sixteen (16) hours per week or sixty-four (64) hours per calendar month. For the purpose of compliance with this section, "engaged in the practice of dentistry may include, when approved by the Board, volunteer work in dentistry, or work in any non-direct patient position that requires licensure.

In the event petitioner should leave California to practice outside the state, petitioner must provide written notification to the Board of the dates of departure and anticipated return to the state. Petitioner's probation is tolled, if and when he ceases practicing in California. Periods of practice outside of California will not apply to the reduction of the probationary period. In the event petitioner ceases to practice a minimum of sixteen (16) hours per calendar week or sixty-four hours per calendar month in California, petitioner must provide written notification of that fact to the Board. The period when the petitioner is not practicing, the minimum number of hours, will not apply to the reduction of the probationary period. Absence from practice shall not relieve the petitioner from maintaining a current license or from fulfilling all of the terms and conditions of probation. For purposes of this condition, non-practice due to Board ordered suspension, completion of educational and clinical training requirements, and/or receipt of the results from a psychological evaluation, shall not be considered a period of non-practice; non-practice calculations will begin when petitioner has met all conditions precedent to his ability to practice dentistry.

If petitioner stops practicing in California for a total of five (5) years, petitioner's license shall be automatically cancelled. If petitioner has not complied with this condition during the probationary term, and petitioner has presented sufficient documentation of his or her good faith efforts to comply with this condition, and if

petitioner is in compliance with all other probation conditions, the Board, in its sole discretion, may grant an extension of Petitioner's probation period up to one year without further hearing in order to comply with this condition. During the one-year extension, all original conditions of probation shall apply unless they have been modified by the Board via a petition for modification of probation.

12. CONTINUANCE OF PROBATIONARY TERM/COMPLETION OF PROBATION

If petitioner violates the terms of this probation in any respect, the Board, after giving petitioner notice and the opportunity to be heard, may set aside the stay order and impose the revocation or suspension of the petitioner's license. If, during the period of probation, an accusation and/or a petition to revoke probation has been filed against petitioner's license or the Attorney General's Office has been requested to prepare an accusation and/or a petition to revoke probation against petitioner's license, the probationary period shall automatically be extended and shall not expire until the accusation and/or the petition to revoke probation has been acted upon by the Board. Upon successful completion of probation, petitioner's license will be fully restored.

13. NOTIFICATION

Prior to engaging in the practice of dentistry, the petitioner shall provide a true copy of this Decision to his employer, and to any other facility where petitioner engages in the practice of dentistry. Petitioner shall submit proof of compliance to the Board or its designee within 15 calendar days of engaging in the practice of dentistry or practicing in a facility.

This condition shall apply to any change(s) in place of employment.

14. CLINICAL TRAINING PROGRAM

Within 60 days of the effective date of this Decision, petitioner shall enroll in a clinical training or educational program offered by an approved California Dental School. The program shall consist of a comprehensive assessment comprised of a two-day assessment of petitioner's basic clinical and communication skills common to all clinicians; and dental knowledge, skill and judgment pertaining to petitioner's specialty or sub-specialty (if he has one), and at a minimum, a 40-hour program of clinical education in the area of practice that takes into account data obtained from the assessment and any other information that the Board deems relevant. Petitioner shall pay all expenses associated with the clinical training program. Based on petitioner's performance and test results in the assessment and clinical education, the program will advise the Board of its recommendations for the scope and length of any additional education or clinical training or anything else affecting petitioner's practice of dentistry. At the completion of any additional education or training, petitioner shall submit to and pass an examination. The program's determination whether or not petitioner passed the examination or successfully completed the program shall be binding. Petitioner shall complete the program no later than six months after petitioner's initial enrollment unless the Board agrees in writing to a later time for completion. Failure to participate in and complete successfully all phases of the clinical training program as outlined above is a violation of probation.

Petitioner shall not practice dentistry until he has successfully completed the program and has been so notified by the Board in writing, except that petitioner may practice in a clinical training program approved by the Board. Petitioner's practice of dentistry shall be restricted to that required by the program.

///

15. EXAMINATION

Petitioner shall not practice dentistry until he has passed the California clinical examination or the Western Regional Examination Board examination. Petitioner shall pay all fees related to the examination. If Petitioner fails the examination three times, a period of one year must pass prior to retaking the required examination. Under the condition of failure for three times, the petitioner must also show evidence of remediation in the deficient area(s) prior to retaking the examination. Petitioner must be successful in each section of the examination in order to fulfill this requirement and may not practice until totally successful. The probation period is tolled until petitioner passes either examination.

16. SUPERVISED PRACTICE

Within 60 days of the effective date of this decision, petitioner shall submit to the Board, for its prior approval, the name and qualifications of one or more proposed supervisors and a plan for each such supervisor by which petitioner's practice would be supervised. The Board will advise petitioner within two weeks whether or not the proposed supervisor and plan of supervision are approved. Petitioner shall not practice until receiving notification of Board approval of petitioner's choice of a supervisor and plan of supervision. The plan of supervision shall be direct and require the physical presence of the supervising dentist in the dental office during the time dental procedures are performed. Additionally, the supervisor shall have full and random access to all patient records of petitioner. The supervisor may evaluate all aspects of petitioner's practice regardless of petitioner's areas of deficiencies.

Each proposed supervisor shall be a California licensed dentist who shall submit written reports to the Board on a quarterly basis verifying that supervision has taken

place as required and include an evaluation of petitioner's performance. It shall be petitioner's responsibility to assure that the required reports are filed in a timely manner. Each supervisor shall have been licensed in California for at least five (5) years and not ever have been subject to any disciplinary action by the Board. An administrative citation and fine does not constitute discipline and therefore, in and of itself is not a reason to deny an individual as a supervisor. The supervisor shall be independent, with no prior business or professional relationship with petitioner and the supervisor shall not be in a familial relationship with or be an employee, partner or associate of petitioner. If the supervisor terminates or is otherwise no longer available, petitioner shall not practice until a new supervisor has been approved by the Board. All costs of the supervision shall be borne by the petitioner.

**PROPOSED REGULATION OF THE STATE
BOARD OF PHARMACY**

Workshop – July 18, 2024

EXPLANATION – Matter in *italics* is new; matter in brackets ~~[omitted material]~~ is material to be omitted. and language in *green text* indicates prior Board-approved amendments that are in the process of being codified.

AUTHORITY: § 1, NRS 639.070

A REGULATION relating to pharmacy; revising requirements concerning the documentation an employee of a pharmacy must obtain from a person before dispensing a controlled substance pursuant to a lawful prescription to the person; and providing other matters properly relating thereto.

NAC 639.748 is hereby amended as follows:

1. Except as otherwise provided in this section, an employee of a pharmacy who is authorized to dispense controlled substances shall, before dispensing a controlled substance pursuant to a lawful prescription, request the person who picks up the controlled substance to present a current and valid form of identification issued by a federal, state or local governmental agency that contains a photograph of the person. The employee shall not dispense the controlled substance if:

- (a) That person does not present such identification; or
- (b) The employee reasonably believes that the identification presented has been altered or is false or otherwise invalid.

2. The provisions of subsection 1 do not apply if:

- (a) The prescription is for a patient who has had a prescription previously filled by the pharmacy;
- (b) The prescription is for a patient who is an inpatient at a health care facility, facility for long-term care or facility for hospice care where he or she is being treated;
- (c) The person who picks up the controlled substance is personally known to an employee of the pharmacy; ~~or~~

(d) The employee is dispensing the controlled substance by mail and has obtained or verified the identification of the patient through the prescription benefit plan of the patient; *or*

(e) The prescription is prescribed to the patient for the treatment of an opioid use disorder and the patient does not have a valid form of identification. In such instance, any identification with patient's first and last name and picture may be accepted.

3. If the provisions of subsection 1 *or subsection 2(e)* apply, the employee dispensing the controlled substance shall:

(a) Make a copy of the identification presented to the employee; or

(b) Record the full name of the person who picks up the controlled substance, the identification number, if any, indicated on his or her identification presented to the employee and the federal, state or local governmental agency that issued the identification, *as applicable*. The employee shall record that information on:

(1) The prescription;

(2) The refill log;

(3) The counseling log;

(4) A computer record related to the patient; or

(5) A document that is readily retrievable and accessible for inspection by law enforcement or any member, employee, agent or designee of the Board.

4. If a copy of the identification is made pursuant to paragraph (a) of subsection 3, it must be filed with the copy of the prescription that is maintained by the pharmacy.

5. As used in this section:

(a) "Facility for hospice care" has the meaning ascribed to it in NRS 449.0033.

(b) "Facility for long-term care" means:

(1) A residential facility for groups as defined in NRS 449.017; and

(2) A facility for skilled nursing as defined in NRS 449.0039.

(c) "Health care facility" has the meaning ascribed to it in NRS 449.2414.

(d) "Valid form of identification" does not include:

(1) A driver authorization card obtained in accordance with NRS 483.291; or

(2) A driver authorization card, driving privilege card or other similar card issued by another jurisdiction.

Subject: NAC 639.748 proposed alteration
Date: Wednesday, June 26, 2024 4:18:00 PM
Attachments: [NAC 639.748.docx](#)

WARNING - This email originated from outside the State of Nevada. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Hi Yenh,

My name is Kate Jessop, I am a Nurse Practitioner that has worked in the community treating substance use disorders for about eight years and launched the MAT program at CCDC this year. We spoke some time ago about proposing an alteration in this regulation to decrease barriers to treatment for opioid use disorder, particularly in the incarcerated population. I am proposing that patients be allowed to pick up medications for opioid use disorder (MOUD) with any ID with name and picture (which would allow a Clarity card or Nevada department of corrections ID to be used).

I apologize if this is a repeat email, but when I went to follow up on the email I sent weeks ago I couldn't find it. So I am resending altogether to follow up with you. If this is the first email you have gotten, I apologize for the delay. I put my proposed alteration in red in the word document. Please feel free to reach out to me with any input, questions or concerns.

Thanks,
Kate

Proposed Regulation of the Nevada State Board of Pharmacy

Workshop – July 18, 2024

Explanation – Language in *blue italics* is new; language in *red text* [~~omitted material~~] is language to be omitted, and language in *green text* indicates prior Board-approved amendments that are in the process of being codified.

AUTHORITY: NRS 639.070; NRS 639.210

A REGULATION relating to the practice of pharmacy; clarifying what it means to verify or perform verification of a prescription in a retail community pharmacy.

NAC Chapter 639 is hereby amended by adding thereto a new section to read as follows:

1. *“Verify,” “verifying,” “verifies,” or “verification” defined. “Verify,” “verifying,” “verifies,” or “verification” in a retail community pharmacy means, except as otherwise provided in this chapter, a registered pharmacist performing a direct physical examination of the contents of the container and label of a prescription as a final prescription verification prior to the prescription being dispensed or filled, and confirmation the contents and label match the valid prescription or an electronic copy thereof.*

NAC 639.945 is hereby amended to read as follows:

1. The following acts or practices by a holder of any license, certificate or registration issued by the Board or any employee of any business holding any such license, certificate or registration are declared to be, specifically but not by way of limitation, unprofessional conduct and conduct contrary to the public interest:

(a) Manufacturing, compounding, selling, dispensing or permitting to be manufactured, compounded, sold or dispensed substandard drugs or preparations.

(b) Except as otherwise provided in NRS 639.2583 to 639.2808, inclusive, for substitutions of generic drugs, dispensing or causing to be dispensed a different drug or brand of drug in place of the drug or brand of drug ordered or prescribed, unless the express permission of the orderer or prescriber is obtained and, in the case of a written prescription, unless the following information is recorded on the prescription by the person obtaining permission:

- (1) The date on which the permission was granted;
 - (2) The name of the practitioner granting the permission;
 - (3) The name of the person obtaining the permission;
 - (4) The name of the drug dispensed; and
 - (5) The name of the manufacturer or distributor of the drug.
- (c) Using secret formulas.
- (d) Except as otherwise provided by subsection 2 of NRS 639.2396, failing strictly to follow the instructions of the person writing, making or ordering a prescription or chart order as to its filling or refilling, the content of the label of the prescription, ~~or~~ giving a copy of the prescription or chart order to any person except as permitted by law, *or failing to verify that a prescription has been filled correctly before dispensing*.
- (e) Failing to confer with the person writing, making or ordering a prescription or chart order if there is an error or omission in it which should be questioned.
- (f) Operating a pharmacy at a location other than the location at which the pharmacy is licensed to operate.
- (g) Supplying or diverting drugs, biologicals, medicines, substances or devices which are legally sold in pharmacies or by wholesalers, so that unqualified persons can circumvent any law pertaining to the legal sale of such articles.
- (h) Performing or in any way being a party to any fraudulent or deceitful practice or transaction.
- (i) Performing any of his or her duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner.
- (j) Aiding or abetting a person not licensed to practice pharmacy in the State of Nevada.
- (k) Performing any act, task or operation for which licensure, certification or registration is required without the required license, certificate or registration.
- (l) Violating any term or condition of a subpoena or order issued by the Board or the staff of the Board.
- (m) Failing to provide any document, data or information that is required to be made and maintained pursuant to chapters 453, 454, 585 and 639 of NRS and chapters 453, 454, 585 and

639 of NAC to a member of the Board or a member of the staff of the Board upon his or her request.

(n) Except as otherwise provided in subsection 2:

(1) Dispensing a drug as a dispensing practitioner to a patient or animal or owner of an animal with whom the dispensing practitioner does not have a bona fide therapeutic relationship; or

(2) Prescribing a drug as a prescribing practitioner to a patient with whom the prescribing practitioner does not have a bona fide therapeutic relationship.

(o) Failure by a pharmacist to comply with the provisions of chapter 441A of NRS and chapter 441A of NAC concerning the reporting of cases of communicable diseases, drug overdoses and attempted suicides.

2. It is not unprofessional conduct or conduct contrary to the public interest for a practitioner to prescribe or dispense a drug under the circumstances described in paragraph (n) of subsection 1 if the drug is prescribed or dispensed in accordance with either publication adopted by reference in NAC 639.055.

3. The owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ.

4. For the purposes of this section, a bona fide therapeutic relationship between the patient and practitioner shall be deemed to exist if the patient was examined in person, electronically, telephonically or by fiber optics within or outside of this State or the United States by the practitioner within the 6 months immediately preceding the date the practitioner dispenses or prescribes a drug to the patient and, as a result of the examination, the practitioner diagnosed a condition for which a given drug therapy is prescribed.

NAC 639.252 is hereby amended to read as follows:

1. A prescription and any record or report prepared by a pharmaceutical technician must bear the legible initials of the pharmaceutical technician and the pharmacist who is supervising him or her.

2. If a pharmaceutical technician performs one or more of the functions necessary to prepare a prescription, the pharmacist supervising the pharmaceutical technician is responsible for the *verification of the* filled prescription, including, but not limited to ~~the~~ *verifying*:

- (a) The selection and strength of the drug;
- (b) The dosage form; and
- (c) The labeling of the prescription.

NAC 639.700 is hereby amended to read as follows:

Except as otherwise provided in subsection 2 of NAC 639.245, the following acts may be performed only by a registered pharmacist, or by a registered pharmaceutical intern acting under the direct supervision of a registered pharmacist:

- 1. Taking new orders for prescriptions or chart orders over the telephone;
- 2. Identifying, evaluating and interpreting a prescription;
- 3. Interpreting the clinical data contained in a patient's medication system or chart;
- 4. Consulting with a prescribing practitioner, nurse or other health care professional, or the authorized agent thereof;
- 5. Determining the efficacy of a drug, a regimen, the substitution of a generic drug for a drug prescribed by brand name or the substitution of one drug therapy for another;
- 6. Taking responsibility for all activities of pharmaceutical technicians to ensure that those activities are performed completely, safely and without risk of harm to patients;
- 7. Counseling a patient or a person caring for a patient and rendering any other advice or information regarding drugs or medications; ~~and~~
- 8. *Verifying medications to be dispensed pursuant to a prescription; and*
- 9. Performing any other functions which require the professional judgment of a pharmacist.

NAC 639.245 is hereby amended to read as follows:

- 1. A written record must be kept available for inspection showing the pharmacists, pharmaceutical technicians and pharmaceutical technicians in training on duty during the hours of business. This record must be:
 - (a) Readily retrievable; and
 - (b) Retained for 2 years.
- 2. A pharmaceutical technician under the direct supervision of a pharmacist may:
 - (a) Prepackage and label unit dose and unit of use and repackage drugs if a pharmacist:
 - (1) Inspects *and verifies* the final products; and

- (2) Affixes his or her initials to the appropriate records for controlling quality.
 - (b) Prepare, package, compound and label prescription drugs pursuant to prescriptions or orders for medication if a pharmacist:
 - (1) Inspects *and verifies* the final product; and
 - (2) Affixes his or her initials to the appropriate records for controlling quality.
 - (c) Prepare bulk compounds if a pharmacist:
 - (1) Inspects *and verifies* the final product; and
 - (2) Affixes his or her initials to the appropriate records for controlling quality.
 - (d) Distribute routine orders and stock medications and supplies in the pharmacy or areas where care is provided to patients.
 - (e) Maintain inventories of supplies of drugs.
 - (f) Maintain pharmaceutical records.
 - (g) Request authorization to refill a prescription from the prescribing practitioner.
 - (h) Transfer a prescription through a computer network if the:
 - (1) Pharmaceutical technician is employed by a pharmacy that:
 - (I) Has more than one location; and
 - (II) Maintains a computer network which provides information between its pharmacies; and
 - (2) Prescription is transferred to one of the pharmacies within its computer network.
 - (i) Enter information into the pharmacy's computer system, including, without limitation, information contained in a new prescription concerning the prescription drug and the directions for its use.
3. A pharmaceutical technician under the direct and immediate supervision of a pharmacist may administer immunizations under the conditions prescribed in NAC 639.2971 if he or she has received the training required by NAC 639.2973 and the continuing education required by NAC 639.2974.
4. A pharmaceutical technician may not:
- (a) Perform any action requiring a judgmental decision regarding a drug, the interpretation of a prescription or the instructions for the preparation of a prescription.
 - (b) Take new prescription or chart orders by telephone.

(c) Distribute medications pursuant to a chart order or dispense a prescription unless the order or prescription has been verified by a pharmacist.

5. A pharmaceutical technician shall prepare and distribute drugs only pursuant to written procedures and guidelines established by the pharmacy in which the pharmaceutical technician performs his or her duties.

24A

**PROPOSED REGULATION OF THE
STATE BOARD OF PHARMACY**

LCB File No. R053-24

May 13, 2024

EXPLANATION – Matter in *italics* is new; matter in brackets ~~omitted material~~ is material to be omitted.

AUTHORITY: §§ 1-5, 7-19 and 21-29, NRS 639.070; § 6, NRS 639.070, 639.0725 and 639.23288; § 20, NRS 639.070 and 639.2807.

A REGULATION relating to pharmacy; defining the term “dispensing practitioner” for the purposes of compounding and dispensing drug products; providing that persons who are engaged in the compounding of drug products must comply with certain requirements; authorizing a pharmacist, pharmaceutical technician or dispensing practitioner to add flavoring to an oral drug product or mix ready-to-use products without complying with compounding standards under certain circumstances; revising the list of publications governing compounding standards adopted by reference; revising requirements governing the competency and proficiency of certain pharmaceutical staff engaged in the practice of compounding drug products; revising provisions relating to the labeling of nonsterile compounded drug products; eliminating the procedure governing the breach of the seal of a single-dose container; eliminating the description of an immediate-use sterile compounded drug product; revising provisions authorizing a dispensing practitioner to compound drug products; authorizing a dispensing practitioner to prepare and sell compounded drugs without a license as a manufacturer to compound drugs under certain circumstances; revising provisions relating to the preparation and sale of compounded drug products to ensure consistency with federal law; repealing various regulations that are in conflict with current compounding standards; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law authorizes the State Board of Pharmacy to adopt regulations regulating the practice of pharmacy. (NRS 639.070) Existing regulations establish specific standards for the compounding and dispensing of nonsterile and sterile drug products. (NAC 639.6703-639.67079) **Section 29** of this regulation repeals provisions that are in conflict with current compounding standards.

Existing regulations authorize a dispensing practitioner to compound drug products under certain circumstances. (NAC 639.742) **Section 2** of this regulation defines the term “dispensing practitioner” for such purposes. **Section 3** of this regulation requires a pharmacist, pharmaceutical technician or dispensing practitioner who is engaged in the compounding of drug products to comply with certain compounding standards. **Section 21** of this regulation requires a

pharmacy to ensure that persons who are engaged in the practice of compounding drug products comply with such compounding standards.

Sections 4 and 5 of this regulation authorize a pharmacist, pharmaceutical technician or dispensing practitioner to deviate from current compounding standards when he or she adds flavoring to an oral drug product or mixes ready-to-use products. **Sections 4 and 5** also require such persons to comply with certain requirements when adding flavoring to an oral drug product or mixing ready-to-use products.

Existing regulations provide that: (1) a licensed pharmacy may practice as an Internet pharmacy only if the pharmacy is certified by the Board; (2) to be certified by the Board, a pharmacy must apply to the Board for certification; and (3) the Board will grant an application for certification if, in relevant part, the pharmacy is certified by the Verified Internet Pharmacy Practice Sites program of the National Association of the Boards of Pharmacy. (NAC 639.426) **Section 6** of this regulation provides instead that the Board will grant an application for certification if the pharmacy is certified by the Digital Pharmacy Accreditation program of the National Association of Boards of Pharmacy.

Existing regulations adopt by reference certain standards and publications that, in general, govern compounding. (NAC 639.670) **Section 20** of this regulation revises the standards and publications adopted by reference to include the most recent versions of such standards and publications and eliminates those that are no longer applicable. **Sections 16-18** of this regulation remove a reference to an obsolete federal standard.

Existing regulations establish certain requirements concerning the labeling of nonsterile compounded drug products. (NAC 639.6703) **Section 22** of this regulation eliminates provisions concerning the labeling of nonsterile drug products that conflict with current compounding standards.

Existing regulations require each pharmacist and pharmaceutical technician who compounds sterile compounded drug products to: (1) pass a media fill test under certain circumstances; and (2) provide a sample for a gloved-fingertip sampling. (NAC 639.67053) **Section 23** of this regulation eliminates such requirements and requires a pharmacy to instead ensure that each pharmacist and pharmaceutical technician comply with the compounding standards established by certain publications adopted by reference in **section 20**.

When compounding a drug product, existing regulations require pharmaceutical staff to follow certain procedures when they breach the seal of a single-dose or multi-dose container. (NAC 639.67057) **Section 24** of this regulation eliminates the requirements for the procedure relating to the breach of a single-dose container, thereby requiring a procedure only for a breach involving a multi-dose container.

Existing regulations describe when a sterile compounded drug product is deemed an immediate-use sterile compounded drug product. (NAC 639.67073) **Section 25** of this regulation eliminates this description.

Existing regulations authorize a pharmacy or pharmacist, under certain circumstances, to prepare and sell compounded drugs without obtaining a license as a manufacturer to compound drugs. (NAC 639.757) **Section 27** of this regulation similarly authorizes a dispensing practitioner to also compound drugs without obtaining a license as a manufacturer to compound drugs under the same circumstances. **Section 27** also revises provisions relating to the substances used to compound drugs to ensure consistency with federal law.

Existing regulations define certain terms relating to the compounding of sterile drug products. (NAC 639.6613, 639.6619, 639.6633, 639.6637, 639.6639, 639.6647, 639.6649, 639.6655) **Section 29** repeals such definitions that conflict with current compounding standards.

Sections 6-11, 13-15, 19, 23 and 28 of this regulation make conforming changes to existing regulations to reflect the renumbering of paragraphs in **section 20**.

Sections 12, 19 and 26 of this regulation make conforming changes to indicate the proper placement of **sections 2-5** in the Nevada Administrative Code.

Section 1. Chapter 639 of NAC is hereby amended by adding thereto the provisions set forth as sections 2 to 5, inclusive, of this regulation.

Sec. 2. *“Dispensing practitioner” means a practitioner to whom the Board has issued a certificate of registration pursuant to NAC 639.742 to dispense controlled substances or dangerous drugs, or both, for human consumption.*

Sec. 3. *A pharmacist, pharmaceutical technician or dispensing practitioner who is engaged in the compounding of drug products in this State shall:*

1. Comply with the provisions of NAC 639.661 to 639.690, inclusive, and sections 2 to 5, inclusive, of this regulation, concerning the drug products he or she compounds and the compounded drug products he or she dispenses;

2. Except as otherwise provided in sections 4 and 5 of this regulation, comply with the compounding standards established in the publications and standards adopted by reference in subsection 1 of NAC 639.670; and

3. Comply with all the requirements of 21 U.S.C. § 353a, as applicable.

Sec. 4. *1. A pharmacist, pharmaceutical technician or dispensing practitioner may add flavoring to an oral drug product at the request of a patient or a legal guardian of the patient, as applicable. A pharmacist, pharmaceutical technician or dispensing practitioner who adds flavoring to an oral drug product pursuant to this subsection shall:*

(a) Make a record contemporaneous with the completion of the mixture, including, without limitation, the ingredients of the oral drug product;

(b) Ensure that the flavor additive does not compromise the stability, safety or efficacy of the dispensed oral drug product; and

(c) Assign the applicable beyond-use date to the oral drug product pursuant to chapter 795 of the United States Pharmacopeia - National Formulary, as adopted by reference in paragraph (b) of subsection 1 of NAC 639.670.

2. Except as otherwise provided in paragraph (c) of subsection 1, a pharmacist, pharmaceutical technician or dispensing practitioner is not required to comply with the compounding standards established in the publications and standards adopted by reference in subsection 1 of NAC 639.670 when he or she adds flavoring to an oral drug product pursuant to subsection 1 of this section.

Sec. 5. 1. *A pharmacist, pharmaceutical technician or dispensing practitioner may mix components of commercially manufactured, ready-to-use products approved by the United States Food and Drug Administration. A pharmacist, pharmaceutical technician or dispensing practitioner who mixes components of commercially manufactured ready-to-use products pursuant to this subsection shall:*

(a) Make a record contemporaneous with the completion of the mixture, including, without limitation, the ingredients of the ready-to-use product;

(b) Follow all mixing instructions approved by the United States Food and Drug Administration; and

(c) Assign the applicable beyond-use date to the ready-to-use product pursuant to chapter 797 of the United States Pharmacopeia - National Formulary, as adopted by reference in paragraph (b) of subsection 1 of NAC 639.670.

2. Except as otherwise provided in paragraph (c) of subsection 1, a pharmacist, pharmaceutical technician or dispensing practitioner is not required to comply with the compounding standards established in the publications and standards adopted by reference in subsection 1 of NAC 639.670 when he or she mixes ready-to-use products pursuant to subsection 1 of this section.

Sec. 6. NAC 639.426 is hereby amended to read as follows:

639.426 1. A licensed pharmacy may practice as an Internet pharmacy only if the pharmacy is certified by the Board pursuant to this section. To be certified by the Board pursuant to this section, a pharmacy must apply to the Board for certification on an application provided by the Board.

2. The Board will grant an application for certification as an Internet pharmacy pursuant to this section if:

(a) The pharmacy is certified by the ~~Verified Internet Pharmacy Practice Sites~~ *Digital Pharmacy Accreditation* program of the National Association of Boards of Pharmacy; or

(b) The Board determines that the pharmacy satisfies the requirements of subsection 3.

3. The Board will grant an application for certification pursuant to paragraph (b) of subsection 2 if the Board determines that the pharmacy:

(a) Is licensed to practice pharmacy in each state in which the pharmacy will practice pharmacy;

(b) Maintains and enforces policies and procedures which ensure that:

(1) The pharmacy is able to establish the authenticity of a prescription which the pharmacy receives;

(2) The pharmacy will not fill any prescription which has been previously filled by another pharmacy, and if the pharmacy fills any prescription, that prescription will not also be filled by another pharmacy;

(3) The identity of the patient and the prescribing practitioner is verified to be authentic;

(4) A prescription is filled in compliance with all applicable federal and state laws;

(5) A patient or the caregiver of the patient may make a complaint to the pharmacy regarding the prescription of the patient, and if such a complaint is made, the complaint will be investigated thoroughly, the results of the investigation will be communicated to the patient or caregiver and, if the investigation reveals that the operations of the pharmacy resulted in an error in the processing or filling of the prescription, appropriate remedial action will be taken by the pharmacy;

(6) The pharmacy will communicate to a patient or a prescribing practitioner any delay that might jeopardize or alter the drug therapy of the patient with respect to delivering the prescribed drug or device; and

(7) The pharmacy will communicate to a patient information regarding recalls of drugs and the appropriate means to dispose of expired, damaged or unusable drugs or devices;

(c) Obtains and maintains patient information necessary to facilitate review of drug utilization and counseling of patients pursuant to any applicable statutes;

(d) Provides review of drug utilization and counseling of patients pursuant to the applicable statutes in the state in which the patient resides;

(e) Maintains controls of its computer system, information concerning patients and other such confidential information and documents to prevent unauthorized or unlawful access to all such confidential information and documents;

(f) Complies with applicable federal and state laws regarding:

(1) The dispensing of prescription drugs;

(2) Recordkeeping related to the patients served by the pharmacy, the purchase of prescription drugs, and the sale and dispensing of prescription drugs; and

(3) The sale of over-the-counter products, including, without limitation, any special requirements related to products that have been identified as precursors to the manufacture or compounding of illegal drugs;

(g) Ships prescriptions to a patient using a secure and traceable means; and

(h) Ships prescriptions to a patient using packaging or devices which will ensure that the prescription is maintained within appropriate standards pertaining to temperature, light and humidity as described in the *United States Pharmacopeia - National Formulary*, as adopted by reference in paragraph ~~(e)~~ (b) of subsection 1 of NAC 639.670.

Sec. 7. NAC 639.472 is hereby amended to read as follows:

639.472 A pharmacy must maintain a reference library that includes the following:

1. A current copy of:

(a) All state statutes and regulations relating to the practice of pharmacy and to the sale of drugs and controlled substances; and

(b) The ~~Federal~~ federal Controlled Substances Act ~~(Title II of Pub. L. 91-513, Oct. 27, 1970, 84 Stat. 1242)~~, *21 U.S.C. §§ 801 et seq.*, and the regulations adopted pursuant thereto or

an official publication describing the requirements of that act and the regulations adopted pursuant thereto.

2. The American Hospital Formulary Service, with current supplements, or Facts and Comparisons, with current supplements.

3. At least one current text in one of the following subjects:

(a) Theoretical and practical pharmacy.

(b) Pharmacology.

(c) Therapeutics.

4. A current text relating to each of the following:

(a) Compatibility information, if parenteral admixture is performed by the pharmacy;

(b) Information concerning the interaction of drugs; and

(c) Information concerning antidotes.

5. Current copies of one of the following:

(a) *United States Pharmacopeia - National Formulary*, as adopted by reference in paragraph ~~(e)~~ (b) of subsection 1 of NAC 639.670;

(b) *United States Pharmacopeia - Drug ~~Information;~~ Classification;* or

(c) *Remington's Pharmaceutical Sciences*.

6. A current copy of the *United States Food and Drug ~~Administration~~ Administration's Approved Drug Products ~~+~~ with Therapeutic Equivalence Evaluation.*

Sec. 8. NAC 639.5834 is hereby amended to read as follows:

639.5834 The immediate outer shield of the container of a radiopharmaceutical to be dispensed must be labeled with:

1. The name and address of the pharmacy.

2. The name of the prescriber.
3. The date of dispensation.
4. The serial number assigned to the order for the radiopharmaceutical.
5. The standard radiation symbol.
6. The words “CAUTION RADIOACTIVE MATERIAL.”
7. The name of the procedure.
8. The radionuclide and chemical form.
9. The amount of radioactivity and the date and time of the calibration.
10. If the radiopharmaceutical is a liquid, the volume.
11. If the radiopharmaceutical is a solid, the number of items or weight.
12. If the radiopharmaceutical is a gas, the number of ampules or vials.
13. The molybdenum 99 content in accordance with the limitations prescribed in the *United States Pharmacopeia - National Formulary*, as adopted by reference in paragraph ~~(e)~~ (b) of subsection 1 of NAC 639.670.
14. The name of the patient or the words “Physician’s Use Only” in the absence of a patient’s name.
15. If the prescription is for a radiopharmaceutical for therapeutic use or use in a blood product, the patient’s name must appear on the label. The requirements of this subsection are met if the name of the patient is readily retrievable from the prescriber upon demand.

Sec. 9. NAC 639.598 is hereby amended to read as follows:

639.598 1. Each wholesaler shall store prescription drugs held in the facility in the manner prescribed in the *United States Pharmacopeia - National Formulary*, as adopted by reference in paragraph ~~(e)~~ (b) of subsection 1 of NAC 639.670.

2. If there are no specific requirements concerning the temperature at which a prescription drug must be stored, the drug must be stored at a controlled room temperature as defined in the *United States Pharmacopeia - National Formulary*, as adopted by reference in paragraph ~~(e)~~ *(b)* of subsection 1 of NAC 639.670.

3. Each wholesaler shall provide the appropriate manual, electromechanical or electrical equipment to record the temperature and humidity of the area where the prescription drugs are stored.

Sec. 10. NAC 639.601 is hereby amended to read as follows:

639.601 1. A prescription drug that is outdated, damaged, deteriorated, misbranded or adulterated must be separated from other prescription drugs until it is destroyed or returned to the supplier.

2. A prescription drug whose immediate or sealed outer or secondary container has been opened or used must be identified as such and separated from other prescription drugs until it is destroyed or returned to the supplier.

3. If a prescription drug is returned to a wholesaler by a purchaser or purchasing wholesaler under conditions which cast doubt on the prescription drug's safety, identity, strength, quality or purity, the wholesaler shall destroy the prescription drug or return it to the supplier unless, after conducting an examination, testing or other investigation, the wholesaler determines that the prescription drug complies with the appropriate standards of safety, identity, strength, quality and purity as prescribed in the package insert as approved by the Food and Drug Administration or in the *United States Pharmacopeia - National Formulary*, as adopted by reference in paragraph ~~(e)~~ *(b)* of subsection 1 of NAC 639.670. The wholesaler shall keep a readily

retrievable record of any examination, testing or other investigation conducted and make any records available for inspection by the Board.

4. Unless the reason a prescription drug must be destroyed or returned to the supplier is related to the expiration date of the prescription drug, a wholesaler that is required to destroy a prescription drug or return it to the supplier pursuant to subsection 3 shall maintain a readily retrievable record that includes:

- (a) The name of the prescription drug;
- (b) The lot number and expiration date of the prescription drug;
- (c) The quantity of the prescription drug;
- (d) The name and address of the business that returned the prescription drug to the wholesaler;
- (e) Whether the wholesaler will:
 - (1) Return the prescription drug to the supplier; or
 - (2) Destroy the prescription drug; and
- (f) The reason for the action taken by the wholesaler.

Sec. 11. NAC 639.639 is hereby amended to read as follows:

639.639 1. Each authorized warehouse shall store prescription drugs held in the facility in the manner prescribed in the *United States Pharmacopeia - National Formulary*, as adopted by reference in paragraph ~~(e)~~ (b) of subsection 1 of NAC 639.670.

2. If there are no specific requirements concerning the temperature at which a prescription drug must be stored, the drug must be stored at a controlled room temperature as defined in the *United States Pharmacopeia - National Formulary*, as adopted by reference in paragraph ~~(e)~~ (b) of subsection 1 of NAC 639.670.

3. Each authorized warehouse shall provide the appropriate manual, electromechanical or electrical equipment to record the temperature and humidity of the area where the prescription drugs are stored.

Sec. 12. NAC 639.661 is hereby amended to read as follows:

639.661 As used in NAC 639.661 to 639.690, inclusive, *and sections 2 to 5, inclusive, of this regulation*, unless the context otherwise requires, the words and terms defined in NAC 639.6611 to 639.6677, inclusive, *and section 2 of this regulation* have the meanings ascribed to them in those sections.

Sec. 13. NAC 639.6617 is hereby amended to read as follows:

639.6617 “Beyond-use date” has the meaning ascribed to it in chapter 797 of the *United States Pharmacopeia - National Formulary*, as adopted by reference in paragraph ~~(e)~~ (b) of subsection 1 of NAC 639.670.

Sec. 14. NAC 639.6627 is hereby amended to read as follows:

639.6627 “Compounding aseptic containment isolator” has the meaning ascribed to it in chapter 797 of the *United States Pharmacopeia - National Formulary*, as adopted by reference in paragraph ~~(e)~~ (b) of subsection 1 of NAC 639.670.

Sec. 15. NAC 639.6629 is hereby amended to read as follows:

639.6629 “Compounding aseptic isolator” has the meaning ascribed to it in chapter 797 of the *United States Pharmacopeia - National Formulary*, as adopted by reference in paragraph ~~(e)~~ (b) of subsection 1 of NAC 639.670.

Sec. 16. NAC 639.6641 is hereby amended to read as follows:

639.6641 “ISO Class 5” means the classification of an atmospheric environment that is made by *ISO 14644 - Cleanrooms and Associated Controlled Environments Package of* the

International Organization for Standardization , ~~based on an adaptation of Federal Standard 209E,~~ as adopted by reference in paragraph (a) of subsection 1 of NAC 639.670, in which the atmospheric environment contains:

1. Less than 3,520 particles that are 0.5 micron or larger in diameter per cubic meter of air;
- or
2. Less than 100 particles that are 0.5 micron or larger in diameter per cubic foot of air.

Sec. 17. NAC 639.6643 is hereby amended to read as follows:

639.6643 “ISO Class 7” means the classification of an atmospheric environment that is made by *ISO 14644 - Cleanrooms and Associated Controlled Environments Package of* the International Organization for Standardization , ~~based on an adaptation of Federal Standard 209E,~~ as adopted by reference in paragraph (a) of subsection 1 of NAC 639.670, in which the atmospheric environment contains:

1. Less than 352,000 particles that are 0.5 micron or larger in diameter per cubic meter of air; or
2. Less than 10,000 particles that are 0.5 micron or larger in diameter per cubic foot of air.

Sec. 18. NAC 639.6645 is hereby amended to read as follows:

639.6645 “ISO Class 8” means the classification of an atmospheric environment that is made by *ISO 14644 - Cleanrooms and Associated Controlled Environments Package of* the International Organization for Standardization , ~~based on an adaptation of Federal Standard 209E,~~ as adopted by reference in paragraph (a) of subsection 1 of NAC 639.670, in which the atmospheric environment contains:

1. Less than 3,520,000 particles that are 0.5 micron or larger in diameter per cubic meter of air; or

2. Less than 100,000 particles that are 0.5 micron or larger in diameter per cubic foot of air.

Sec. 19. NAC 639.6677 is hereby amended to read as follows:

639.6677 “Sterile compounded drug product” means a drug product the preparation and dispensing of which require compounding and which is required to be sterile by either the provisions of chapter 797 of the *United States Pharmacopeia - National Formulary*, as adopted by reference in paragraph ~~(e)~~ *(b)* of subsection 1 of NAC 639.670, or the provisions of NAC 639.661 to 639.690, inclusive, ~~(h)~~ *and sections 2 to 5, inclusive, of this regulation.*

Sec. 20. NAC 639.670 is hereby amended to read as follows:

639.670 1. The Board hereby adopts by reference the following:

- (a) ~~[Federal Standard 209E, “Airborne Particulate Cleanliness Classes in]~~ *“ISO 14644 - Cleanrooms and [Clean Zones,” as revised on September 11, 1992, by the Institute of Environmental Sciences. A copy of this publication may be obtained free of charge at the Internet address <http://www.set3.com/papers/209e.pdf>.*
- ~~—(b) NSF International Standard 49, “Class II (Laminar Flow) Biosafety Cabinetry,” NSF/ANSI 49-2007, 2007 edition. A copy of this standard may be obtained from Techstreet, 3916 Ranchero Drive, Ann Arbor, Michigan 48108, or at the Internet address <http://www.techstreet.com/>, for the price of \$160.~~
- ~~—(e)~~ *Associated Controlled Environments Package of the International Organization for Standardization.” A copy of the standard may be obtained from the American National Standards Institute, 25 West 43rd Street, 4th Floor, New York, New York 10036, by telephone at (212) 642-4900 or at the Internet address <https://webstore.ansi.org>, at a price of \$178.40 for members and \$223.00 for non-members..*

(b) *United States Pharmacopeia - National Formulary*, ~~{2008}~~ 2023 edition, published by the United States Pharmacopeial Convention. A copy of this publication may be obtained from the United States Pharmacopeial Convention ~~{, Customer Service Department, 12601 Twinbrook Parkway, Rockville, Maryland 20852, or}~~ at the Internet address ~~{<http://www.usp.org/products/>,}~~ <https://store.usp.org> through an online subscription, for the price of ~~{~~\$755.

~~—(d)}~~ \$800.

(c) *The Food Chemicals Codex*, ~~{6th}~~ 13th edition, published by the United States Pharmacopeial Convention. A copy of this publication may be obtained from the United States Pharmacopeial Convention ~~{, Customer Service Department, 12601 Twinbrook Parkway, Rockville, Maryland 20852, or}~~ at the Internet address ~~{<http://www.usp.org/products/>,}~~ <http://store.usp.org> through an online subscription, for the price of ~~{~~\$495.

~~—(e) Reagent Chemicals: Specifications and Procedures, 10th edition, published by the American Chemical Society. A copy of this publication may be obtained from the Oxford University Press, 2001 Evans Road, Cary, North Carolina 27513, or at the Internet address <http://www.oup-usa.org>, for the price of \$274.50.~~

~~—(f)}~~ \$375.

(d) Appendix A of *Publication No.* ~~{2004-165, “Alert:}~~ 2016-161, “Preventing Occupational Exposures to Antineoplastic and Other Hazardous Drugs in Health Care Settings,” published by the National Institute for Occupational Safety and Health. A copy of this publication may be obtained free of charge by telephone at (800) 232-4636 or at the Internet address ~~{<http://www.cdc.gov/niosh/docs/2004-165/>,}~~ <http://www.cdc.gov/niosh/docs/2016-161/>.

2. The Board will periodically review the standards and publications adopted by reference pursuant to ~~{paragraphs (b) to (f), inclusive, of}~~ subsection 1 and determine within 120 days after

the review whether any change made to those standards or publications is appropriate for application in this State. If the Board does not disapprove a change to an adopted standard or publication within 120 days after the review, the change is deemed to be approved by the Board.

Sec. 21. NAC 639.67013 is hereby amended to read as follows:

639.67013 1. A pharmacy engaged in the practice of compounding drug products and dispensing compounded drug products shall ensure that each pharmacist and pharmaceutical technician engaged in the practice of compounding drug products:

(a) Is competent and proficient in compounding the drug products that the pharmacist or pharmaceutical technician will be authorized and expected to compound;

(b) Complies with the provisions of NAC 639.661 to 639.690, inclusive, *and sections 2 to 5, inclusive, of this regulation* concerning the drug products which the pharmacist or pharmaceutical technician compounds and the compounded drug products which the pharmacist or pharmaceutical technician dispenses at the pharmacy; ~~and~~

(c) *Except as otherwise provided in sections 4 and 5 of this regulation, complies with the compounding standards established in the publications and standards adopted by reference in subsection 1 of NAC 639.670; and*

(d) Receives, on an ongoing basis, sufficient training to maintain that competency and proficiency.

2. A pharmacy engaged in the practice of compounding drug products and dispensing compounded drug products shall evaluate the competency and proficiency of a pharmacist and pharmaceutical technician:

(a) If the pharmacist or pharmaceutical technician is newly hired or is newly assigned to compound drug products, before the pharmacy authorizes the pharmacist or pharmaceutical technician to compound drug products; and

(b) If the pharmacist or pharmaceutical technician will be assigned to compound drug products that involve a higher level of risk than the drug products which the pharmacist or pharmaceutical technician had previously been trained to compound, before the pharmacy authorizes the pharmacist or pharmaceutical technician to compound those drug products.

Sec. 22. NAC 639.6703 is hereby amended to read as follows:

639.6703 1. Each pharmacist engaged in the practice of compounding nonsterile compounded drug products shall label each nonsterile compounded drug product, including, without limitation, any amount of the nonsterile compounded drug product that is in excess of the amount required by the prescription or chart order and any nonsterile compounded drug product that is compounded in bulk quantities. The label must include, without limitation:

(a) The name of the final compounded drug product or the name of each active ingredient present in the nonsterile compounded drug product and, as appropriate, the concentration of each active ingredient in the final compounded drug product;

(b) The internal control number assigned to the compounded drug product by the pharmacist; and

(c) The beyond-use date of the compounded drug product.

2. ~~Except as otherwise provided in subsection 3 or in the published data or data of the manufacturer, or as otherwise determined to be earlier in the judgment of the pharmacist, the latest beyond use date of a nonsterile compounded drug product is:~~

~~—(a) For nonaqueous liquids and solid formations, not later than the expiration date of the active ingredient present in the nonsterile compounded drug product with the earliest expiration date or 6 months after the date on which the nonsterile compounded drug product was compounded, whichever is earlier;~~

~~—(b) For compounds which contain nonsterile water, not later than 14 days after the date on which the nonsterile compounded drug product was compounded; and~~

~~—(c) For compounds other than those listed in paragraph (a) or (b), not later than the intended duration of the therapy or 30 days after the date on which the nonsterile compounded drug product was compounded, whichever is earlier.~~

~~—3. Except as otherwise provided in subsection 7 of NRS 639.2801, a pharmacy may use a beyond-use date that is later than the dates described in subsection 2 if the pharmacy can prove by appropriate testing or published data that the nonsterile compounded drug product is safe and effective using the extended beyond-use date.~~

~~—4.†~~ Each pharmacist engaged in the practice of compounding nonsterile compounded drug products shall ensure that each nonsterile compounded drug product, including, without limitation, any amount of the nonsterile compounded drug product that is in excess of the amount required by the prescription or chart order, and any nonsterile compounded drug product that is compounded in bulk quantities is stored in the pharmacy in a manner that:

(a) Maintains the efficacy of the nonsterile compounded drug product; and

(b) Ensures that the nonsterile compounded drug product remains free from contamination.

Sec. 23. NAC 639.67053 is hereby amended to read as follows:

639.67053 ~~{1. Except as otherwise provided in subsections 4 and 5, a}~~ **4** pharmacy engaged in the practice of compounding and dispensing sterile compounded drug products shall

require each pharmacist and pharmaceutical technician who compounds sterile compounded drug products to ~~pass a media fill test which must be conducted in the manner~~ *comply with the compounding standards* provided by chapter 797 of the *United States Pharmacopeia - National Formulary*, as adopted by reference in paragraph ~~(e)~~ *(b)* of subsection 1 of NAC 639.670. ~~It~~ *and which must be commensurate to the highest level of risk of compounding sterile compounded drug products that the pharmacist or pharmaceutical technician will be authorized by the pharmacy to perform:*

- ~~—(a) Before the pharmacy authorizes the pharmacist or pharmaceutical technician to compound a sterile compounded drug product that will be administered or dispensed to a patient;~~
- ~~—(b) At least once each year thereafter if the pharmacy authorizes the pharmacist or pharmaceutical technician to compound low-risk sterile compounded drug products or medium-risk sterile compounded drug products; and~~
- ~~—(c) At least twice each year thereafter if the pharmacy authorizes the pharmacist or pharmaceutical technician to compound high-risk sterile compounded drug products.~~

~~—2.— A pharmacy engaged in the practice of compounding and dispensing sterile compounded drug products shall ensure the competency and proficiency of each pharmacist and pharmaceutical technician at the highest level of risk of compounding sterile compounded drug products the pharmacist or pharmaceutical technician is authorized by the pharmacy to perform by:~~

- ~~—(a) Requiring the pharmacist or pharmaceutical technician to provide a sample for a gloved fingertip sampling which must be conducted in the manner provided by chapter 797 of the United States Pharmacopeia—National Formulary, as adopted by reference in paragraph (e) of subsection 1 of NAC 639.670;~~

- ~~—(b) Testing a sample taken from a surface cleaned by the pharmacist or pharmaceutical technician to determine sterility;~~
 - ~~—(c) Ensuring the pharmacist or pharmaceutical technician receives, on an ongoing basis, sufficient training to maintain that competency and proficiency through attending in-house training programs or continuing education courses;~~
 - ~~—(d) Observing the pharmacist or pharmaceutical technician as he or she compounds sterile compounded drug products; or~~
 - ~~—(e) Correcting any error and initiating remedial measures for a pharmacist or pharmaceutical technician to take after an error has been noted with a sterile compounded drug product that was made or verified by the pharmacist or pharmaceutical technician.~~
- ~~—3.— A pharmacy shall make and maintain records concerning all the actions listed in subsection 2 which the pharmacy takes to ensure the competency and proficiency of each pharmacist and pharmaceutical technician who is authorized by the pharmacy to compound sterile compounded drug products.~~
- ~~4.— A sterile compounded drug product that is compounded by a pharmacist or pharmaceutical technician who has not passed the media fill test required by paragraph (a) of subsection 1 may be dispensed and administered to a patient if:~~
- ~~—(a) The managing pharmacist of the pharmacy determines that it is appropriate to dispense and administer the sterile compounded drug product; and~~
 - ~~—(b) The entire compounding process was personally witnessed by a pharmacist or pharmaceutical technician who passed the media fill test.~~

~~—5.— A pharmacy is not required to make a pharmacist or pharmaceutical technician pass a media fill test pursuant to paragraph (a) of subsection 1 if the pharmacist or pharmaceutical technician provides evidence of passing a media fill test:~~

~~—(a) Within the immediately preceding 9 months if the pharmacist or pharmaceutical technician will compound low-risk sterile compounded drug products and medium-risk sterile compounded products; or~~

~~—(b) Within the immediately preceding 5 months if the pharmacist or pharmaceutical technician will compound high-risk sterile compounded drug products.]~~

Sec. 24. NAC 639.67057 is hereby amended to read as follows:

639.67057 1. ~~If, in the course of compounding a drug product, the seal of a single-dose container, including, without limitation, a bag, bottle, syringe or vial of a sterile drug product, is breached, the time and date of the breach must be marked upon the container and the contents of the container may be used:~~

~~—(a) Within 1 hour after the breach of the seal if:~~

~~——(1) The breach occurred in an environment with an air quality that is worse than ISO Class 5; and~~

~~——(2) The container is subsequently stored in an environment with an air quality that is worse than ISO Class 7;~~

~~—(b) Within 6 hours after the breach of the seal if:~~

~~——(1) The breach of the seal occurred and the contents of the container were used in an environment with an air quality that satisfies or exceeds ISO Class 5; and~~

~~——(2) The container is subsequently stored in an environment with an air quality that satisfies or exceeds ISO Class 7; or~~

~~—(c) Within 24 hours after the breach of the seal if the breach occurred in an environment with an air quality that satisfies or exceeds ISO Class 5 and the container remains in an environment with an air quality that satisfies or exceeds ISO Class 5.~~

~~—2.1~~ If, in the course of compounding a drug product, the seal of a multi-dose container is breached:

(a) The container must be stored according to the requirements of the manufacturer; and

(b) The contents of the container may be used within 28 days after the breach of the seal occurred.

~~13.1~~ 2. Any drug product that is not used within the ~~{periods}~~ *period* set forth in subsection 1 ~~for 21~~ may not be used and must be destroyed.

~~14.1~~ 3. If the seal of a single-use ampule is breached or the entire seal has been removed from a multi-use vial and the contents are not used at the time of the breach, the contents may not be used and must be destroyed.

Sec. 25. NAC 639.67073 is hereby amended to read as follows:

639.67073 1. ~~{A sterile compounded drug product is an immediate-use sterile compounded drug product if:~~

~~—(a) The compounded drug product is intended only for the purpose of emergency care or immediate care of a patient;~~

~~—(b) The compounding of the drug product occurs in an environment other than an ISO Class 5 environment and the compounding process consists of simple aseptic measuring and transfer manipulations performed with not more than six sterile nonhazardous commercial drug products and diagnostic radiopharmaceutical drug products, excluding infusion solutions or diluents;~~

~~—(c) The preparation procedure occurs continuously without delays or interruptions and does not exceed 1 hour unless a period longer than 1 hour is required for the reconstitution of the compounded drug product;~~

~~—(d) During compounding and before the administration of the compounded drug product, no part of the drug product or critical surfaces and ingredients of the drug product is directly exposed to contact contamination, including, without limitation, human touch, cosmetic flakes or particulates, blood or other bodily substances of a person or nonsterile inanimate sources; and~~

~~—(e) Except as otherwise provided in paragraph (c), the administration of the compounded drug product begins not later than 1 hour after the start of the preparation of the compounded drug product and the compounded drug product is fully administered as soon as practicable but not longer than 24 hours after the administration of the compounded drug product began or the compounded drug product is disposed of promptly and safely.~~

~~—2.†~~ If an immediate-use sterile compounded drug product is not immediately administered by direct injection into a patient by the person who compounded it, the compounded drug product must bear a label which includes, without limitation:

(a) The name and, if the patient has an identification number, the identification number of the patient;

(b) The name and amount of each ingredient of the compounded drug product;

(c) The initials of the person who compounded the compounded drug product; and

(d) The exact date and time of expiration of the compounded drug product.

~~†3.†~~ **2.** An immediate-use sterile compounded drug product must not be stored for later use.

Sec. 26. NAC 639.742 is hereby amended to read as follows:

639.742 1. Except as otherwise provided in NAC 639.7421 and 639.7423, a practitioner who wishes to dispense controlled substances or dangerous drugs, or both, for human consumption must apply to the Board on an application provided by the Board for a certificate of registration to dispense controlled substances or dangerous drugs. A practitioner must submit a separate application for each site of practice, including, without limitation, a telepharmacy, remote site or satellite consultation site, from which the practitioner wishes to dispense controlled substances or dangerous drugs, or both, for human consumption. A certificate of registration to dispense controlled substances or dangerous drugs, or both, for human consumption is a revocable privilege, and no holder of such a certificate of registration acquires any vested right therein or thereunder.

2. Except as otherwise provided in NAC 639.7421, 639.7422 and 639.7423, if a facility from which the practitioner intends to dispense dangerous drugs or controlled substances, or both, for human consumption is not wholly owned and operated by the practitioner, the owner or owners of the facility must also submit an application to the Board on a form provided by the Board.

3. Except as otherwise provided in this section and NRS 639.23277 and NAC 639.395, 639.648, 639.719 and 639.7423, the dispensing practitioner and, if applicable, the owner or owners of the facility and any federally-qualified health center vehicle, shall ensure that:

- (a) All drugs are ordered by the dispensing practitioner;
- (b) All drugs are received and accounted for by the dispensing practitioner;
- (c) All drugs are stored in a secure, locked room or cabinet to which the dispensing practitioner has the only key or lock combination;
- (d) All drugs are dispensed in accordance with NAC 639.745;

(e) No prescription is dispensed to a patient unless the dispensing practitioner is on-site at the facility or federally-qualified health center vehicle, as applicable;

(f) All drugs are dispensed only to the patient personally at the facility or federally-qualified health center vehicle, as applicable;

(g) The price of each drug dispensed to a patient is separately itemized on any bill or statement provided to the patient;

(h) All drugs are dispensed only for medically necessary purposes and according to prevailing standards of care for practitioners practicing in the specialty claimed or practiced by the dispensing practitioner; and

(i) The certificate for each dispensing technician employed at the facility is displayed in the room or cabinet in which drugs are stored.

4. Except as otherwise provided in NAC 639.648, 639.719, 639.7423 and 639.7424, with regard to the filling and dispensing of a prescription at a facility, only the dispensing practitioner or a dispensing technician may:

(a) Enter the room or cabinet in which drugs are stored;

(b) Remove drugs from stock;

(c) Count, pour or reconstitute drugs;

(d) Place drugs into containers;

(e) Produce and affix appropriate labels to containers that contain or will contain drugs;

(f) Fill containers for later use in dispensing drugs; or

(g) Package or repack drugs.

5. Except as otherwise provided in NAC 639.7423, a dispensing practitioner may compound drug products if he or she complies with the provisions of NAC 639.661 to 639.690, inclusive, *and sections 2 to 5, inclusive, of this regulation* as if:

- (a) He or she were a pharmacist;
- (b) His or her practice site was a pharmacy; and
- (c) Any dispensing technician involved in the compounding was a pharmaceutical technician.

6. Except as otherwise provided in subsection 6 of NAC 639.746, the dispensing practitioners of an oncology group practice or a group of practitioners practicing at a reproductive healthcare center registered pursuant to NAC 639.746 are jointly responsible for ensuring that the requirements of subsection 3 are met.

Sec. 27. NAC 639.757 is hereby amended to read as follows:

639.757 1. A pharmacy , ~~for~~ pharmacist *or dispensing practitioner* is not required to obtain a license as a manufacturer to compound drugs if:

(a) The compounded drugs are prepared in a quantity that is:

- (1) Necessary to fill a prescription or chart order; or
- (2) Reasonably necessary to fill future prescriptions or chart orders based upon the previous history of practitioners and patients who regularly use the pharmacy ~~for~~ *or dispensing practitioner;*

(b) The compounded drugs are not sold or otherwise provided by the pharmacy , ~~for~~ pharmacist *or dispensing practitioner* to any person other than the ultimate user of the drugs ~~for~~ *or* the agent of the ultimate user of the drugs ~~for a practitioner who will be administering the drugs to a patient;~~ *; and*

(c) The compounded drugs are dispensed pursuant to a prescription or chart order . ~~for~~

~~—(d) Except as otherwise provided in paragraph (e) and subsection 2, the active ingredients used to compound the drugs:~~

~~——(1) Have a monograph in and meet or exceed the standards of the United States Pharmacopoeia—National Formulary, as adopted by reference in paragraph (c) of subsection 1 of NAC 639.670;~~

~~——(2) Have been components of drugs approved by the Food and Drug Administration; or~~

~~——(3) Are authorized to be used in pharmacy compounding pursuant to 21 U.S.C. § 353a(b)(1) or the regulations adopted pursuant thereto; and~~

~~—(e) Except as otherwise provided in subsection 2, for an active ingredient used to compound the drugs that does not have a monograph in the United States Pharmacopoeia—National Formulary, as adopted by reference in paragraph (c) of subsection 1 of NAC 639.670, the active ingredient is:~~

~~——(1) Prepared by a manufacturer or distributed by a distributor registered with the Food and Drug Administration;~~

~~——(2) Accompanied by a certificate of analysis provided by the manufacturer or distributor of the ingredient; and~~

~~——(3) Prepared to a grade that, at a minimum, satisfies the requirements set forth in:~~

~~——(I) The Food Chemicals Codex, as adopted by reference in paragraph (d) of subsection 1 of NAC 639.670; or~~

~~——(II) Reagent Chemicals: Specifications and Procedures, as adopted by reference in paragraph (c) of subsection 1 of NAC 639.670, if the active ingredient is a certified analytical reagent, is for use in high pressure liquid chromatography, is for use in spectrophotometric applications or is a primary standard grade for use in standard solutions for analytical purposes.}]~~

2. In compounding a drug product, a pharmacy , ~~or~~ pharmacist ~~{may use an active ingredient that does not satisfy the requirements of paragraphs (d) and (e) of subsection 1 if the pharmacy or pharmacist establishes the purity and safety of the ingredient by reasonable means, satisfactory to the Board, which include, without limitation, analysis of the lot in which the ingredient was packaged, the reputation of the manufacturer of the ingredient and the reliability of the source of the ingredient. A pharmacy shall make and maintain a record of the means that the pharmacy relied upon in determining that an ingredient was pure and safe pursuant to this subsection.}~~ *or dispensing practitioner shall use bulk drug substances in compliance with 21 U.S.C. § 353a, as applicable.*

3. Except as otherwise provided in this subsection, a pharmacy , ~~or~~ pharmacist *or dispensing practitioner* shall not compound a drug that has been withdrawn or removed from the market because the drug was found to be unsafe or ineffective. A pharmacy , ~~or~~ pharmacist *or dispensing practitioner* may compound a drug for veterinary use that has been withdrawn or removed from the market because the drug was found to be unsafe or ineffective for use in humans if the drug remains available for veterinary use.

~~{4. A pharmacy shall not sell or otherwise provide a compounded drug to a retail pharmacy or a practitioner, except that a pharmacy may sell or otherwise provide a compounded drug to:~~

- ~~—(a) A practitioner who will be administering the drug to a patient; or~~
- ~~—(b) A practitioner or another pharmacy if the compounded drug is:~~
 - ~~——(1) A highly concentrated drug product that is not commercially available; or~~
 - ~~——(2) Needed to fill a particular prescription or chart order in the possession of the receiving pharmacy at the time the receiving pharmacy orders the compounded drug from the compounding pharmacy.~~

~~—5. The quantity of a compounded drug that is sold or otherwise provided to a practitioner or pharmacy pursuant to subsection 4 must not exceed the amount necessary for the practitioner or pharmacy to serve the present needs of the patients of the practitioner or pharmacy.~~

Sec. 28. NAC 639.760 is hereby amended to read as follows:

639.760 1. Dangerous drugs and controlled substances may be returned to the pharmacy which dispensed them, pursuant to subsection 3 of NRS 639.267, if they are packaged in unit doses by the original manufacturer, the packages and the packaging of which conform to chapters 661 and 671 of the *United States Pharmacopeia - National Formulary*, as adopted by reference in paragraph ~~(e)~~ (b) of subsection 1 of NAC 639.670.

2. A drug may not be returned to the issuing pharmacy unless its package contains the expiration date of the usefulness of the drug.

3. A person or agency returning the unused drugs and the pharmacy receiving the unused drugs shall maintain a current audit of the drugs which are returned and received on forms approved by the Board. Such forms will be furnished at the expense of the facility or pharmacy.

4. A prescription for a dangerous drug or controlled substance dispensed by a pharmacy that has been removed from the premises of the pharmacy may not be returned to the pharmacy pursuant to subsection 3 of NRS 639.267 for the destruction of the drug or substance, or for the return of the drug or substance to the stock of drugs of the pharmacy, if the dangerous drug or controlled substance is not packaged in a unit dose by its original manufacturer as required by subsection 1.

5. A drug dispensed by a pharmacy to a patient may be returned to the pharmacy to be repackaged or relabeled only if the drug will be dispensed by the pharmacy to the same patient.

6. Nothing in this section establishes any condition of reimbursement, credit or refund of a prescription purchased in a pharmacy.

Sec. 29. NAC 639.6613, 639.6619, 639.6633, 639.6637, 639.6639, 639.6647, 639.6649, 639.6655, 639.67033, 639.67037, 639.6705, 639.67051, 639.67059, 639.67061, 639.67063, 639.67065, 639.67067, 639.67069, 639.67071 and 639.67075 are hereby repealed.

TEXT OF REPEALED SECTIONS

639.6613 “Ante-area” defined. (NRS 639.070) “Ante-area” has the meaning ascribed to it in chapter 797 of the *United States Pharmacopeia - National Formulary*, as adopted by reference in paragraph (c) of subsection 1 of NAC 639.670.

639.6619 “Buffer area” defined. (NRS 639.070) “Buffer area” has the meaning ascribed to it in chapter 797 of the *United States Pharmacopeia - National Formulary*, as adopted by reference in paragraph (c) of subsection 1 of NAC 639.670.

639.6633 “Gloved fingertip sampling” defined. (NRS 639.070) “Gloved fingertip sampling” has the meaning ascribed to it in chapter 797 of the *United States Pharmacopeia - National Formulary*, as adopted by reference in paragraph (c) of subsection 1 of NAC 639.670.

639.6637 “High-risk sterile compounded drug product” defined. (NRS 639.070) “High-risk sterile compounded drug product” means a sterile compounded drug product which is compounded by a pharmacist or a pharmaceutical technician and which satisfies the requirements set forth in NAC 639.67067.

639.6639 “Immediate-use sterile compounded drug product” defined. (NRS 639.070)

“Immediate-use sterile compounded drug product” means a sterile compounded drug product which is compounded by a pharmacist or a pharmaceutical technician and which satisfies the requirements set forth in NAC 639.67073.

639.6647 “Low-risk sterile compounded drug product” defined. (NRS 639.070)

“Low-risk sterile compounded drug product” means a sterile compounded drug product which is compounded by a pharmacist or a pharmaceutical technician and which satisfies the requirements set forth in NAC 639.67061.

639.6649 “Media fill test” defined. (NRS 639.070) “Media fill test” has the meaning ascribed to it in chapter 797 of the *United States Pharmacopeia - National Formulary*, as adopted by reference in paragraph (c) of subsection 1 of NAC 639.670.

639.6655 “Medium-risk sterile compounded drug product” defined. (NRS 639.070)

“Medium-risk sterile compounded drug product” means a sterile compounded drug product which is compounded by a pharmacist or a pharmaceutical technician and which satisfies the requirements set forth in NAC 639.67065.

639.67033 Environmental standards. (NRS 639.070) A pharmacy engaged in the practice of compounding nonsterile compounded drug products shall:

1. Designate a specific area of the pharmacy in which nonsterile compounded drug products will be compounded;
2. Ensure that the area described in subsection 1 has adequate space in which to place, in an orderly manner, the equipment and materials that will be used in the compounding process;
3. Ensure that the area described in subsection 1 is cleaned using an antiseptic cleaning method before and after any compounding occurs in the area to prevent cross-contamination

between the previously compounded drug products and any subsequently compounded drug products;

4. Ensure that any equipment used to compound a nonsterile compounded drug product is cleaned after the compounding of that drug product is completed to prevent cross-contamination from occurring when the equipment is used in the compounding process of any subsequently compounded drug products;

5. If the pharmacy compounds both nonsterile compounded drug products and sterile compounded drug products, ensure that none of the equipment which is used to compound nonsterile compounded drug products is used to compound sterile compounded drug products unless the equipment is cleaned and sanitized before the compounding of sterile compounded drug products begins; and

6. Ensure that any employee of the pharmacy who compounds nonsterile compounded drug products washes his or her hands with soap and water or with an antimicrobial agent before and after compounding nonsterile compounded drug products.

639.67037 Safety procedures for storage, handling, compounding and disposal; training required. (NRS 639.070)

1. A pharmacy engaged in the practice of compounding nonsterile hazardous drugs shall:

(a) Store the components of the hazardous drugs separately from all the other inventory at the pharmacy and in such a manner and location as to minimize the contamination of other drugs in and employees of the pharmacy;

(b) Handle the components of the hazardous drugs with caution by using appropriate gloves while distributing, receiving, stocking, inventorying, and preparing for administering and disposing of the components of a hazardous drug or a final compounded drug product;

(c) Ensure that an employee of the pharmacy involved with compounding hazardous drugs wears personal protective equipment, including, without limitation, gowns, face masks, eye protection, double gloves or chemotherapy gloves;

(d) Dispose of all waste relating to compounding hazardous drugs in a manner that complies with any applicable state, federal and local laws and regulations; and

(e) Ensure that any employees of the pharmacy who are known to the pharmacy to be at special risk with regard to the properties of the hazardous drugs are limited from exposure to those drugs.

2. A pharmacy engaged in the practice of compounding nonsterile hazardous drugs and dispensing compounded nonsterile hazardous drugs shall require each pharmacist and pharmaceutical technician who compounds nonsterile hazardous drugs to be trained in the storage, handling, compounding, safety procedures and disposal of such compounded drugs:

(a) Before the pharmacy authorizes the pharmacist or pharmaceutical technician to compound a nonsterile hazardous drug that will be administered or dispensed to a patient; and

(b) At least once each year thereafter.

3. The training required pursuant to subsection 2 must, at a minimum, include information concerning:

(a) Safe manipulation practices that minimize exposure to the hazardous drug and protect employees of the pharmacy from any overt exposure to the hazardous drug;

(b) Procedures for containment, cleaning and disposal with regard to breaks and spills; and

(c) Treatment of employees of the pharmacy with regard to exposure by contact and inhalation.

4. The pharmacy shall make and keep a record of any training given pursuant to subsection 2.

639.6705 Environmental standards. (NRS 639.070)

1. Except as otherwise provided in NAC 639.67059, a pharmacy engaged in the practice of compounding sterile compounded drug products shall provide an ISO Class 5 environment.

2. If a pharmacy uses a laminar airflow hood as its ISO Class 5 environment within which to compound sterile compounded drug products, the pharmacy:

(a) Shall ensure that the laminar airflow hood is located within a room with a buffer area that maintains an ISO Class 7 environment under normal conditions of use.

(b) Shall maintain an ante-area or space in close proximity to any entrance to the room containing the laminar airflow hood that maintains an ISO Class 8 environment under normal conditions of use.

(c) Shall ensure that the room that contains the laminar airflow hood maintains a constant temperature and humidity that:

(1) Ensures the safety and efficacy of the compounded drug products, components and equipment; and

(2) Provides an environment in which the employees of the pharmacy can work comfortably for the duration of the compounding that will be conducted in the room.

(d) Shall require each employee of the pharmacy who enters the buffer area containing the laminar airflow hood to:

(1) Remove all jewelry from his or her hands and arms;

(2) Perform sanitizing scrubbing; and

(3) Wear fresh protective clothing, including, without limitation, gowns, shoe covers or dedicated shoes, and hair covers, in the ante-area or space in close proximity to an entrance to the room and to remove all such items of protective clothing whenever the employee leaves the room. A gown may be used more than once within a 12-hour period if it is removed in the ante-area and is stored in the ante-area until it is used again.

(e) Shall require an employee to wear nonpowdered gloves and a face mask and beard cover, as applicable, before the employee enters the buffer area.

(f) Shall ensure, to the extent practicable, that all items located in or brought into the room containing the laminar airflow hood have nonporous, smooth, impermeable surfaces that:

(1) Can withstand being cleaned repeatedly with a disinfectant; and

(2) Do not shed particles which may become airborne in the room.

(g) Must have floors, walls and ceilings in the room containing the laminar airflow hood that are made of materials that can withstand being cleaned and disinfected repeatedly with solutions and products.

(h) Shall ensure, before any compounding can occur within the laminar airflow hood, that the laminar airflow hood is used according to the manufacturer's directions with regard to starting and using the laminar airflow hood in a manner which ensures that the interior of the laminar airflow hood creates and maintains an ISO Class 5 environment.

(i) Shall ensure that:

(1) The ISO Class 5 environment is cleaned:

(I) At the beginning of each work shift;

(II) Before the compounding of each batch preparation begins;

(III) At least every 30 minutes after the compounding of a sterile compounded drug product has begun during a period of continuous compounding activity;

(IV) After there has been a spill within the ISO Class 5 environment; and

(V) Whenever it is known or suspected that surface contamination exists as a result of a breach in procedure.

(2) The counters and easily cleanable work surfaces in close proximity to the laminar airflow hood and in, or in close proximity to, the buffer area are cleaned at least once each day in which the ISO Class 5 environment is used and whenever a counter or surface may require cleaning as a result of its use throughout the working day.

(3) The floors are cleaned at least once each day in which the ISO Class 5 environment is used and whenever the floors may require cleaning as a result of its use throughout the working day.

(4) The walls, ceilings, storage, shelving and other surfaces that are not easily cleaned are cleaned at least once each month.

3. If a pharmacy uses a barrier isolator cabinet that maintains an ISO Class 5 environment at all times when it is in use as its ISO Class 5 environment within which to compound sterile compounded drug products, the pharmacy shall ensure that:

(a) The barrier isolator cabinet is placed in the pharmacy at a location where:

(1) The compounding may occur without interruption or inconvenience; and

(2) The barrier isolator cabinet will not be compromised by its proximity to air vents, doorways or other pharmacy fixtures or equipment.

(b) Before any compounding may occur within the barrier isolator cabinet, the barrier isolator cabinet is used according to the manufacturer's directions with regard to starting and using the

barrier isolator cabinet in a manner which ensures that the interior of the barrier isolator cabinet creates and maintains an ISO Class 5 environment.

(c) The barrier isolator cabinet is cleaned:

- (1) At the beginning of each work shift;
- (2) Before the compounding of each batch preparation begins;
- (3) At least every 30 minutes after the compounding of a sterile compounded drug product has begun during a period of continuous compounding activity;
- (4) After there has been a spill within the ISO Class 5 environment; and
- (5) Whenever it is known or suspected that surface contamination exists as a result of a breach in procedure.

(d) The counters and easily cleanable work surfaces in close proximity to the barrier isolator cabinet are cleaned at least once each day in which the barrier isolator cabinet is used and whenever a counter or surface may require cleaning as a result of its use throughout the working day.

(e) The floors in close proximity to the barrier isolator cabinet are cleaned at least once each day in which the barrier isolator cabinet is used and whenever the floors may require cleaning as a result of its use throughout the working day.

4. A barrier isolator cabinet that cannot maintain an ISO Class 5 environment at all times when it is being used shall be deemed a laminar airflow hood for purposes of satisfying the requirements of this section.

5. As used in this section, “batch preparation” means the compounding of multiple units of sterile compounded drug products, not for immediate use, in a single process by the same person.

639.67051 Air quality testing and certification. (NRS 639.070)

1. Except as otherwise provided in NAC 639.67059, a pharmacy engaged in the practice of compounding sterile compounded drug products shall test the air in each of its controlled environments to ensure that the environments attain the air quality required by the provisions of NAC 639.661 to 639.690, inclusive, for an ISO Class 5, ISO Class 7 or ISO Class 8 environment, as applicable.

2. The air quality testing required by subsection 1 must be performed randomly with regard to:

- (a) The time of day the air samples are collected;
- (b) The staff who is on duty when the samples are gathered; and
- (c) The locations within the pharmacy from which the samples are collected.

3. A pharmacy engaged in the practice of compounding sterile compounded drug products shall have its ISO Class 5 environment certified pursuant to subsection 4:

- (a) At least twice each year; and
- (b) Before compounding a sterile compounded drug product after:

(1) A substantial change or renovation is made in the room that contains the laminar airflow hood or barrier isolator cabinet;

(2) Sizeable equipment is placed in the room that contains the laminar airflow hood or barrier isolator cabinet;

(3) The laminar airflow hood or barrier isolator cabinet is moved from the location at which the laminar airflow hood or barrier isolator cabinet was most recently tested; or

(4) The laminar airflow hood or barrier isolator cabinet is repaired.

4. The certification required by subsection 3 must be completed by a person who is independent of the pharmacy requesting the certification and who is capable of certifying that the

ISO Class 5 environment can satisfy and maintain the minimum requirements set forth in NAC 639.6641 for air quality under normal conditions of use.

5. A pharmacy engaged in the practice of compounding sterile compounded drug products shall have each of its ISO Class 7 and ISO Class 8 environments tested or certified pursuant to subsection 7 for particulates:

(a) At least twice each year; and

(b) Before compounding a sterile compounded drug product after:

(1) A substantial change or renovation is made in the room that contains the laminar airflow hood or barrier isolator cabinet;

(2) Sizeable equipment is placed in the room that contains the laminar airflow hood or barrier isolator cabinet;

(3) The laminar airflow hood or barrier isolator cabinet is moved from the location at which the laminar airflow hood or barrier isolator cabinet was most recently tested; or

(4) A laminar airflow hood or barrier isolator cabinet is added to or removed from the room that contains the laminar airflow hood or barrier isolator cabinet.

6. The air quality testing required by subsection 5 must be performed randomly with regard to:

(a) The time of day the air samples are collected;

(b) The staff who are on duty when the samples are gathered; and

(c) The locations within the pharmacy from which the samples are collected.

7. The testing or certification required by subsection 5 must be completed by the pharmacy or by a person who is independent of the pharmacy requesting the certification and who is capable of testing or certifying that the ISO Class 7 or ISO Class 8 environment can satisfy and

maintain the minimum requirements set forth in NAC 639.6643 and 639.6645, respectively, for air quality under normal conditions of use.

8. If the pharmacy performs the testing or certification required by subsection 5, the testing or certification process of the pharmacy must be validated semiannually by the managing pharmacist.

9. If any of the results of the air quality testing or certification required by this section exceed the tolerances set forth in NAC 639.6641, 639.6643 and 639.6645, for the particular controlled environment, the pharmacy shall take whatever action is necessary to remediate the deficiency and retest the environment until the environment produces results within the tolerances for the particular controlled environment.

10. The pharmacy shall make and maintain records concerning the air quality testing and certification and any corrections and retesting that were conducted pursuant to this section.

639.67059 Exemptions for certain institutional pharmacies. (NRS 639.070) The Board may, upon application and for good cause shown, waive or modify any requirement set forth in NAC 639.6705 and 639.67051 for an institutional pharmacy engaged in the practice of compounding drug products if the institutional pharmacy serves an institution that:

1. Has less than 100 beds licensed for providing acute care; and
2. Is located in a county:
 - (a) Whose population is less than 100,000; or
 - (b) Whose population is 100,000 or more if the hospital is designated as a rural hospital by the Nevada Office of Rural Health within the University of Nevada School of Medicine.

639.67061 Low-risk sterile compounding: Process and storage. (NRS 639.070)

1. A compounded drug product is a low-risk sterile compounded drug product if:

- (a) The compounded drug product is required to be sterile for its effective administration;
- (b) The sterile compounded drug product is at a low risk of contamination; and
- (c) One or more of the following conditions are present:

(1) The compounding process involves aseptic manipulations that are performed entirely within an environment with an air quality of at least ISO Class 5 and uses only sterile ingredients, products, components and devices;

(2) The compounding process involves only transferring, measuring and mixing manipulations and uses not more than three commercially manufactured sterile drug products or other entries of a sterile drug product into one container, including, without limitation, a bag or vial, to make the final compounded drug product;

(3) The manipulations needed to compound the drug product are limited to aseptically opening ampules, penetrating sterile stoppers on vials with sterile needles and syringes, and transferring sterile liquids in sterile syringes to sterile administration devices, package containers or other sterile drug products and containers for storage and dispensing;

(4) The final compounded drug product contains a volume of 15 milliliters or less of a radiopharmaceutical and has an expiration time of 18 hours or less per dosage unit, including, without limitation, a dosage unit of a radiopharmaceutical prepared from an eluate by using a molybdenum-99technetium-99m generator; or

(5) The final compounded drug product contains commercially manufactured cyclotron radiopharmaceuticals which contain preservatives and which have expiration times of 72 hours or less.

2. Unless sterility testing or potency limitations allow for a different period, the period of storage before administration of a low-risk sterile compounded drug product must not exceed:

(a) Forty-eight hours at a controlled room temperature that is at least 20 degrees Celsius (68 degrees Fahrenheit) but not more than 25 degrees Celsius (77 degrees Fahrenheit);

(b) Fourteen days at a temperature that is at least 2 degrees Celsius (36 degrees Fahrenheit) but not more than 8 degrees Celsius (46 degrees Fahrenheit); or

(c) Forty-five days in a solid frozen state that is -10 degrees Celsius (14 degrees Fahrenheit) or colder.

639.67063 Low-risk sterile compounding: Radiopharmaceutical drug products. (NRS 639.070) If a nuclear pharmacy compounds radiopharmaceutical drug products, the nuclear pharmacy shall ensure that, in addition to satisfying the requirements of NAC 639.5828:

1. The radiopharmaceutical compounded drug products are compounded in a vertical laminar airflow hood or Class II type B2 biological safety cabinet that is located in an environment with an air quality of ISO Class 8 or higher;

2. Only shielded vials, syringes and other devices and containers specifically manufactured for use with radiopharmaceutical components are used in the compounding process;

3. Each employee of the nuclear pharmacy who will compound radiopharmaceutical drug products is trained and knowledgeable with regard to compounding, handling, cleaning and any special techniques used with radiopharmaceutical drug products; and

4. Any special equipment or device that is used to compound radiopharmaceutical products, including, without limitation, a molybdenum-99technetium-99m generator, is used, stored and maintained according to the directions of the manufacturer of the equipment or device.

639.67065 Medium-risk sterile compounding: Process and storage. (NRS 639.070)

1. A compounded drug product is a medium-risk sterile compounded drug product if:

(a) The compounded drug product is required to be sterile for its effective administration;

(b) The sterile compounded drug product is compounded using aseptic techniques pursuant to one of the conditions listed in NAC 639.67061 as a condition for a low-risk sterile compounded drug product; and

(c) One or more of the following conditions are present:

(1) Individual or small doses of sterile drug products are combined or pooled to prepare the final compounded drug product that will be administered to multiple patients or to one patient multiple times;

(2) The compounding process includes complex aseptic manipulations other than a single-volume transfer;

(3) The compounding process uses more than three commercially manufactured sterile drug products or other entries of a sterile drug product into one container, including, without limitation, a bag or vial, to make the final compounded drug product;

(4) The final compounded drug product does not contain broad-spectrum bacteriostatic substances and will be administered over a period which exceeds 24 hours; or

(5) The compounding process requires an unusually long duration, as determined by the managing pharmacist, including, without limitation, the period required to complete dissolution or homogeneous mixing.

2. Unless sterility testing or potency limitations allow for a different period, the period of storage before administration of a medium-risk sterile compounded drug product must not exceed:

(a) Thirty hours at a controlled room temperature that is at least 20 degrees Celsius (68 degrees Fahrenheit) but not more than 25 degrees Celsius (77 degrees Fahrenheit);

(b) Nine days at a temperature that is at least 2 degrees Celsius (36 degrees Fahrenheit) but not more than 8 degrees Celsius (46 degrees Fahrenheit); or

(c) Forty-five days in a solid frozen state that is -10 degrees Celsius (14 degrees Fahrenheit) or colder.

639.67067 High-risk sterile compounding: Process and storage. (NRS 639.070)

1. A compounded drug product is a high-risk sterile compounded drug product if:

(a) The compounded drug product is required to be sterile for its effective administration;

(b) The sterile compounded drug product is contaminated with or at a high risk of becoming contaminated with infectious microorganisms; and

(c) One or more of the following conditions are present:

(1) One or more of the ingredients or devices used in the compounding process are nonsterile; or

(2) One or more of the ingredients or devices used in the compounding process were sterile but were exposed or are suspected of having been exposed for more than 1 hour to an air quality inferior to an ISO Class 5 environment.

2. Unless sterility testing or potency limitations allow for a different period, the period of storage before administration of a high-risk sterile compounded product must not exceed:

(a) Twenty-four hours at a controlled room temperature that is at least 20 degrees Celsius (68 degrees Fahrenheit) but not more than 25 degrees Celsius (77 degrees Fahrenheit);

(b) Three days at a temperature that is at least 2 degrees Celsius (36 degrees Fahrenheit) but not more than 8 degrees Celsius (46 degrees Fahrenheit); or

(c) Forty-five days in a solid frozen state that is -10 degrees Celsius (14 degrees Fahrenheit) or colder.

639.67069 High-risk sterile compounding: Sterilization. (NRS 639.070)

1. Except as otherwise provided in subsection 5, a pharmacy engaged in the practice of compounding and dispensing high-risk sterile compounded drug products shall ensure that each such compounded drug product is sterilized through filtration, by using steam in an autoclave or by dry heat. Except as otherwise provided in subsection 5, a pharmacist engaged in the practice of compounding high-risk sterile compounded drug products shall choose the method of sterilization that ensures the strength, purity, quality and packaging integrity of the final compounded drug product.

2. If a pharmacy sterilizes high-risk sterile compounded drug products using the filtration method, the pharmacy shall:

(a) Use commercially available sterile filters that are:

(1) Pyrogen-free and have a nominal porosity of 0.2 micron or 0.22 micron; and

(2) Certified by the manufacturer to retain at least 10⁷ microorganisms of a strain of *Brevundimonas* (*Pseudomonas*) *diminuta* on each square centimeter of upstream filter surface area under conditions similar to the conditions of sterilization of the high-risk compounded drug products;

(b) Ensure that the filters used have sufficient capacity to permit the sterilization process to be completed rapidly and without compromising the sterility of the filtration process; and

(c) Subject the filtration units to the manufacturer's recommended integrity testing, including, without limitation, the bubble point test, after the filtration of the high-risk sterile compounded drug products is completed.

3. If a pharmacy sterilizes high-risk sterile compounded drug products using steam in an autoclave, the pharmacy shall:

(a) Expose each high-risk sterile compounded drug product to steam at 121 degrees Celsius (250 degrees Fahrenheit) under a pressure of 15 pounds per square inch for the duration of the sterilization process;

(b) Before starting the sterilization process, ensure that plastic, glass and metal devices are wrapped in low particle shedding paper or fabric or sealed in envelopes that prevent microbial penetration after the sterilization of the high-risk sterile compounded drug products is completed;

(c) Ensure that the solutions that will be used to fill the vials which will be steam sterilized are passed through a filter having a porosity of not more than 1.2 microns to remove particulate matter immediately before filling those vials; and

(d) Verify the mass of the container that will be sterilized using steam in an autoclave to ensure that the container will be sterile after the period of exposure in that autoclave.

4. If a pharmacy sterilizes high-risk sterile compounded drug products using dry heat, the pharmacy shall ensure that:

(a) The heated air is filtered and evenly distributed by a blower throughout the chamber or oven used for the sterilization process; and

(b) The chamber or oven used for the sterilization process is equipped with accurate temperature controls and a timer.

5. A pharmacy may only use dry heat as a method of sterilization for a high-risk sterile compounded drug product if the final high-risk sterile compounded drug product would be damaged by moisture or is impermeable to moisture.

639.67071 High-risk sterile compounding: Testing of certain drug products. (NRS 639.070)

1. A pharmacy engaged in the practice of compounding and dispensing high-risk sterile compounded drug products for injection into the vascular system or central nervous system shall test a quantity of the high-risk sterile compounded drug product for:

(a) Sterility using a membrane filtration method or an equivalent method, as determined by the Board, before any of the compounded drug product may be administered or dispensed to a patient; and

(b) Excessive bacterial endotoxins using an appropriate test, as determined by the Board, for the particular product at issue before any of the compounded drug product may be administered or dispensed to a patient.

2. A pharmacy engaged in the practice of compounding and dispensing high-risk sterile compounded drug products for inhalation or ophthalmic use shall test a quantity of each such high-risk sterile compounded drug product for sterility.

3. The provisions of subsections 1 and 2 apply only to high-risk sterile compounded drug products:

(a) Compounded in groups of more than 25 identical individual single-dose packages;

(b) Compounded in multiple-dose vials for administration to multiple patients; or

(c) That will be exposed for a period of more than:

(1) Twelve hours to temperatures of at least 2 degrees Celsius (36 degrees Fahrenheit) but not more than 8 degrees Celsius (46 degrees Fahrenheit); or

(2) Six hours to temperatures exceeding 8 degrees Celsius (46 degrees Fahrenheit) before the compounded drug product is sterilized.

4. If any high-risk sterile compounded drug product tested pursuant to this section tests positive for antimicrobial growth or endotoxin production, the high-risk sterile compounded drug product must not be administered or dispensed to a patient.

639.67075 Immediate-use sterile compounding: Compounding standards. (NRS 639.070)

1. An immediate-use sterile compounded drug product that contains three or less commercial sterile drug products that will be stored more than 1 hour before administration is begun must comply with all compounding standards applicable to low-risk sterile compounded drug products.

2. An immediate-use sterile compounded drug product which contains more than three commercial sterile drug products or which requires complex manipulations or complex preparation must comply with all compounding standards applicable to medium-risk sterile compounded drug products.

3. An immediate-use sterile compounded drug product that contains one or more nonsterile ingredients or components must comply with all compounding standards applicable to high-risk sterile compounded drug products.
