As the employed/contracted pharmacist, for (ASC/RC Name): Advanced Orthopaedic Surgery Center, LLC :

I understand that I am responsible for establishing policies and procedures which (NAC 639.4996):

a) Are consistent with the policies and procedures developed pursuant to NAC 639.447;
b) Require to maintain records in accordance with the provisions of NAC 639.485 and 639.485;
c) Address the purchase, storage, maintenance of records and dispensing of drugs and investigational drugs;
d) Require maintenance of a perpetual inventory of all controlled substances;
e) Prescribe the procedure for quarantining and destroying drugs and investigational drugs that are expired, adulterated, mislabeled or otherwise unsafe for human use;
f) Require the storage of drugs and investigational drugs in accordance with the specifications of the manufacturer;
g) Ensure that the ASC and RC dispenses drugs and investigational drugs pursuant to chart orders and in accordance with applicable state and federal laws; and
h) Ensure that all compounding is
    a. Performed by a registered pharmacist in accordance with the provisions of NRS and NAC 639; or
    b. If performed by an employee of the ASC or RC, other than a registered pharmacist, performed:
        i. In accordance with the provisions of NRS and NAC 639;
        ii. In a location designated for compounding that is clean and disinfected before each act of compounding; and
        iii. By a person who has completed training for the type of compounding that will be performed.

I understand that I shall (NAC 639.4998):

a) Visit the ASC or RC at least once each month to:
    a. Evaluate the effectiveness of the policies and procedures established pursuant to NAC 693.4996; and
    b. Confirm that the ASC or RC is complying with those policies and procedures, the below provisions.
b) Maintain documentation of each visit that the pharmacist makes;
c) Conduct an audit at least once each month using a sufficient number of records of the ASC or RC, including, without limitation, records of patients and records relating to the purchasing, storing and dispensing of drugs and investigational drugs, which must be randomly selected, to determine whether:
    a. The records indicate that the drugs and investigational drugs are dispensed in a safe and effective manner in accordance with accepted standards of practice and the specifications of the manufacturer;
    b. Drugs and investigational drugs are diluted in accordance with accepted standards of practice or pursuant to the specifications of the manufacturer;
    c. The records demonstrate:
        i. That a discrepancy does not exist in the number of drugs and investigational drugs that are in vials designated by the manufacturer for a single use which are dispensed and the number of patients who receive such drugs and investigational drugs; and
        ii. That drugs, not including investigational drugs, which are in vials designated by the manufacturer for a single use and any remaining medication in those vials are discarded after use;
    d. The records demonstrate that drugs, not including investigational drugs, which are in vials designated by the manufacturer for more than one use are discarded when the medication in the vials has expired or not more than 28 days after the initial breach of the vial;
    e. The employees of the ASC or RC properly maintain accurate records relating to drugs and investigational drugs; and
    f. The employees of the ASC or RC properly monitor and maintain the perpetual inventory required pursuant to paragraph (d) of subsection 1 of NAC 639.4996; and
d) Submit a written report, including, without limitation, a written explanation, to the Board not later than 5 business days after the pharmacist determines that:
    a. The ASC or RC is violating a state or federal law which affects the care and safety of a patient;
    b. There is a discrepancy of 5 percent or more between the actual quantity of a controlled substance in the possession of the ASC or RC and the amount of the controlled substance that should be in the possession of the ASC or RC according to the records of the ASC or RC, including, without limitation:
        i. Purchase orders and invoices for the controlled substance;
        ii. Records which indicate the removal of the controlled substance from the storage area;
        iii. Patient records;
        iv. Records which indicate the return of the controlled substance to the manufacturer;
        v. Records which indicate that the controlled substance was destroyed; and
        vi. Any other record for the controlled substance;
    c. The recovery center or surgical center has intentionally or recklessly failed to create or maintain a record required by the policies and procedures established pursuant to NAC 639.4996;
    d. The recovery center or surgical center is administering a drug or an investigational drug in violation of accepted standards of practice or the specifications of the manufacturer; or
    e. The recovery center or surgical center is engaged in a practice which endangers the health, safety or welfare of a patient or employee of the recovery center or surgical center.

Mary Grear	

Name of Business/Industry/Entity
PRN, Inc.

Provide explanation below:

A complaint was made concerning grants made by the Board of Pharmacy to PRN, Inc. to Mary Grear, Executive Director. The Board of Pharmacy sent notice of a request for hearing to the wrong mailing address even though the correct address was on file at the Board Office. This resulted in my not being aware that I needed to appear until after the Board Meeting. I subsequently prepared the requested documents and submitted them to the Board Auditors who found no discrepancies in the funds granted by the Board of Pharmacy to PRN and the expense record under my administration. A rehearing was held and the case was closed finding all monies were accounted for the PRN, Inc. grants.

As the employed/contracted pharmacist, for (ASC/RC Name): Nevada Surgical Suites :

I understand that I am responsible for establishing policies and procedures which (NAC 639.4996):

a) Are consistent with the policies and procedures developed pursuant to NAC 639.447;
b) Require to maintain records in accordance with the provisions of NAC 639.485 and 639.485;
c) Address the purchase, storage, maintenance of records and dispensing of drugs and investigational drugs;
d) Require maintenance of a perpetual inventory of all controlled substances;
e) Prescribe the procedure for quarantining and destroying drugs and investigational drugs that are expired, adulterated, mislabeled or otherwise unsafe for human use;
f) Require the storage of drugs and investigational drugs in accordance with the specifications of the manufacturer;
g) Ensure that the ASC and RC dispenses drugs and investigational drugs pursuant to chart orders and in accordance with applicable state and federal laws; and
h) Ensure that all compounding is
    a. Performed by a registered pharmacist in accordance with the provisions of NRS and NAC 639; or
    b. If performed by an employee of the ASC or RC, other than a registered pharmacist, performed:
        i. In accordance with the provisions of NRS and NAC 639;
        ii. In a location designated for compounding that is clean and disinfected before each act of compounding; and
        iii. By a person who has completed training for the type of compounding that will be performed.

I understand that I shall (NAC 639.4998):

a) Visit the ASC or RC at least once each month to:
    a. Evaluate the effectiveness of the policies and procedures established pursuant to NAC 693.4996; and
    b. Confirm that the ASC or RC is complying with those policies and procedures, the below provisions.
b) Maintain documentation of each visit that the pharmacist makes;
c) Conduct an audit at least once each month using a sufficient number of records of the ASC or RC, including, without limitation, records of patients and records relating to the purchasing, storing and dispensing of drugs and investigational drugs, which must be randomly selected, to determine whether:
    a. The records indicate that the drugs and investigational drugs are dispensed in a safe and effective manner in accordance with accepted standards of practice and the specifications of the manufacturer;
    b. Drugs and investigational drugs are diluted in accordance with accepted standards of practice or pursuant to the specifications of the manufacturer;
    c. The records demonstrate:
        i. That a discrepancy does not exist in the number of drugs and investigational drugs that are in vials designated by the manufacturer for a single use which are dispensed and the number of patients who receive such drugs and investigational drugs; and
        ii. That drugs, not including investigational drugs, which are in vials designated by the manufacturer for a single use and any remaining medication in those vials are discarded after use;
    d. The records demonstrate that drugs, not including investigational drugs, which are in vials designated by the manufacturer for more than one use are discarded when the medication in the vials has expired or not more than 28 days after the initial breach of the vial;
    e. The employees of the ASC or RC properly maintain accurate records relating to drugs and investigational drugs; and
    f. The employees of the ASC or RC properly monitor and maintain the perpetual inventory required pursuant to paragraph (d) of subsection 1 of NAC 639.4996; and
d) Submit a written report, including, without limitation, a written explanation, to the Board not later than 5 business days after the pharmacist determines that:
    a. The ASC or RC is violating a state or federal law which affects the care and safety of a patient;
    b. There is a discrepancy of 5 percent or more between the actual quantity of a controlled substance in the possession of the ASC or RC and the amount of the controlled substance that should be in the possession of the ASC or RC according to the records of the ASC or RC, including, without limitation:
        i. Purchase orders and invoices for the controlled substance;
        ii. Records which indicate the removal of the controlled substance from the storage area;
        iii. Patient records;
        iv. Records which indicate the return of the controlled substance to the manufacturer;
        v. Records which indicate that the controlled substance was destroyed; and
        vi. Any other record for the controlled substance;
    c. The recovery center or surgical center has intentionally or recklessly failed to create or maintain a record required by the policies and procedures established pursuant to NAC 639.4996;

INSTRUCTIONS

The wording of all Jurats completed in California after January 1, 2015 must be in the form as set forth within this Jurat. There are no exceptions. If a Jurat to be completed does not follow this form, the notary must correct the verbiage by using a jurat stamp containing the correct wording or attaching a separate jurat form such as this one with does contain the proper wording. In addition, the notary must require an oath or affirmation from the document signer regarding the truthfulness of the contents of the document. The document must be signed AFTER the oath or affirmation. If the document was previously signed, it must be re-signed in front of the notary public during the jurat process.

- State and county information must be the state and county where the document signer(s) personally appeared before the notary public.
- Date of notarization must be the date the signer(s) personally appeared which must also be the same date the jurat process is completed.
- Print the name(s) of the document signer(s) who personally appear at the time of notarization.
- Signature of the notary public must match the signature on file with the office of the county clerk.
- The notary seal impression must be clear and photographically reproducible. Impression must not cover text or lines. If seal impression smudges, re-seal if a sufficient area permits, otherwise complete a different jurat form.
  - ❖ Additional information Is not required but could help to ensure this jurat is not misused or attached to a different document.
  - ❖ Indicate title or type of attached document, number of pages and date.
- Securely attach this document to the signed document with a staple.

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-4, you have marked "YES" to in section 7 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event MUST be provided.

This is in response to Question # _____. Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
02/22/10		CA	Sylmar	Los Angeles

Case #	Governing, licensing, Arresting Presiding Body/Agency/Court
2215448	Los Angeles Police Department

Reason/Charge
At fault vechicle Accident. Accused of hit and run accident resulting in property damages and loud noise.

Plaintiff/Defendant/Claimant/Respondent	Lawsuit/Arbitration/Bankruptcy

Name of Business/Industry/Entity

Provide explanation below:

To the best of my recollection, in December of 2009, I was in a vehicle accident in which I was at fault. However, the other party accused me of leaving the scene after I proceeded to drive forward where I deemed it safe to pull over. As a result, I was to appear in court for a hit and run. In the end I was ordered to pay about 600 dollars with an infraction for disturbing the peace and probation.

Although I did not include this important incident that occurred in my past, it was surely not my intention to deliberately omit any information from the Nevada State Board of Pharmacy. It was my honest and understanding and recollection of the events that occured back in the year of 2009/2010 in which I was involved in a car accident that resulted in an infraction.

Since it has been some time since the occurrence, I went ahead and visited the Police Station in California to find more information about my case. There, I was able to get a case number (2215448) and DR number (20100311). The officer attending me described the case notes to me that stated, a hit and run, property damages that were dropped to an infraction and probation. This was new information to me because it was my understanding at the time that I was only charged with an infraction and did not have a hit and run on my record.

In conclusion, I am certain that I have provided all the information in regards to my background. I hope that I have provided more information to clarify my background
and I am allowed to continue with my licensing with the Board of Pharmacy in the state of Nevada.

Sincerely,

Gabriela Castillo R

Accused of falsifying rabies certificates. In fact I was exempting certain patients for medical reasons from vaccinations as is allowed under Nevada administrative code section 441A.435 paragraph 4 stating that a veterinarian may exempt a patient from rabies vaccination if the administration of this vaccine could be detrimental to the health of the patient. The code states that the veterinarian must issue a rabies certificate and indicate on the certificate the reason for the exemption. My fault was in not indicating the reason for the exemption on the certificate and was therefore accused of issuing false certificates. Terry

	)	

The Nevada State Board of Veterinary Medical Examiners (the Board), by and through its Investigating Board Member Ronald Sandoval, DVM (IBM) for case 09-2019DVM-79, Investigating Board Member Betsy Phillips, DVM (IBM2) for case 12-2019DVM-101, and Investigating Board Member Davyd Pelsue, DVM, DACVS (IBM3) for case 11-2019DVM-98 hereby enter into this Consent Decree with Terry Muratore, DVM (License No. 0551). Pursuant to chapter 233B and chapter 638 of the Nevada Revised Statutes (NRS) and Nevada Administrative Code (NAC), it is hereby stipulated and agreed, by and between the parties in the above-entitled matter, that this matter shall be settled and resolved upon the following terms:

STIPULATED FACTS AND CONCLUSIONS OF LAW

Dr. Muratore understands the nature of the allegations under consideration by the Board. He acknowledges that the conduct described below constitutes violations of the Nevada Veterinary Practice Act (NRS & NAC 638). He acknowledges that if this matter were to be taken to a disciplinary hearing, the following allegations could be proven and that by acknowledging the same, he is subject to disciplinary action by the Board:

1. At all times pertinent to this matter, Dr. Muratore was licensed as a licensed veterinarian in the State of Nevada, practicing at Legacy Animal Hospital (LAH), 2591 Windmill Parkway in Henderson, Nevada and is, therefore, subject to the jurisdiction of the Board. At all times pertinent to this matter, Dr. Muratore was the owner of and veterinarian-in-charge for LAH.

Facts and Violations Related to Case No. 09-2019DVM-79

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

2. On June 10, 2019, the owners of a nine-year-old female spayed Great Dane named Isabella brought her to LAH where Dr. Muratore performed surgery to remove a fatty mass (lipoma) on Isabella's chest. The mass had been first noted at LAH in 2015 and had been monitored since that time. After surgery to remove the mass, Isabella developed a seroma, for which Dr. Muratore performed treatment with bandage changes and antibiotics.

3. On June 15, 2019, Isabella's owner brought her to LAH for a bandage change, and the veterinary assistant who removed the bandage discovered that the surgical site had dehisced and had what she believed was a serious infection. Dr. Muratore was in surgery during this time and communicated through the veterinary assistant with the owners. Because of delays in Dr. Muratore's ability to address the dehiscence, the owner elected to take Isabella to an emergency hospital in the Las Vegas area to have her post-surgical complications addressed.

4. After Isabella's owner made a complaint to the Board, the Board's staff obtained Isabella's medical records from Dr. Muratore and LAH. A review of the records provided by Dr. Muratore and LAH showed:

(a) A lack of assessment of blood work results;

(b) A lack of interpretive findings of radiographs;

(c) A lack of documentation of communications with the owner;

(d) No discussion or concern regarding Isabella's loss of fifteen pounds over the course of treatment; and

(e) Substantive additions and alterations to the records, sometimes modifying records that were years old, that were not properly identified as addenda.

5. In maintaining substandard records and in substantively altering Isabella's medical records without identifying the alterations or additions as such, Dr. Muratore violated Nevada Revised Statutes (NRS) 638.140(1) (Violation of statute or regulation) and Nevada Administrative Code (NAC) 638.0475 (Medical records).

6. In substantively altering Zoey's medical records from the state in which they were originally made, Dr. Muratore harmed the integrity and utility of the records. In so doing, Dr. Muratore violated

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

NRS 638.140(1) (Violation of statute or regulation) and NAC 638.046 (Violation of AVMA Principles of Veterinary Medical Ethics) and AVMA Principles of Veterinary Medical Ethics VII(A).

Facts and Violations Related to Case No. 11-2019DVM-98

7. On August 7, 2019, an owner of a five-year-old male neutered Siberian Husky named Kingsley brought him to LAH where he was seen by Dr. Muratore. The owner explained that Kingsley showed pain in his left ear since being groomed a few days earlier. It was revealed after Kingsley was sedated that he had cotton remaining in both ears from the groomers which had caused bilateral ear infections. After removing the cotton and flushing the ears, Dr. Muratore gave a subcutaneous injection of meloxicam (5.5 mg), and prescribed meloxicam suspension 1.5 mg/ml #10 ml (once a day orally) and Mometamax drops for administration into both ears.

8. On August 13, 2019, the owner returned with Kingsley, reporting that he had been tucking his rear end, sitting and scooting backwards, and acting uncomfortable and gassy. Dr. Muratore noted pain in the lumbar spine on palpation and took three radiographs of the abdomen and lumbar spine. The medical records show no interpretation of the radiographs, and although no specific diagnosis was made, Dr. Muratore treated Kingsley for spinal issues. Dr. Muratore injected meloxicam 5.2 mg subcutaneously and prescribed piroxicam 10 mg #10 (one tablet orally per day) and Dasuquin.

9. On August 14, 2019, the owner brought Kingsley back to LAH where he was again seen by Dr. Muratore. The owner explained that Kingsley remained very uncomfortable in his back and rear area. Dr. Muratore found that Kingsley was guarding his rear. Without performing further diagnostics, Dr. Muratore prescribed tramadol 50 mg #30 (two tablets orally three time a day and to increase to as many as five tablets per dose three times a day) and prednisone 20 mg #30 (one tablet orally twice a day for two days, then ½ tablet twice a day for two days, then ½ tablet once a day for two days, then ½ tablet every other day for three doses).

10. On August 15, 2019, the owner brought Kingsley back to LAH where he was seen by another veterinarian. The owner explained that Kingsley had been passing bloody stool and had screamed out in pain when he tried to rise the previous night. The veterinarian noted that Kingsley could not get comfortable, shifted position persistently, sat profoundly kyphotic, and was propping

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

himself up on vertical surfaces. The veterinarian hospitalized Kingsley, instituted intravenous saline (75 ml/hr) and buprenorphine 0.9 ml, injected 0.2 mg acepromazine intramuscularly, and prescribed the oral medications methocarbamol (1000 mg three times a day), famotidine (20 mg twice a day), and metronidazole (500 mg twice a day). After Kingsley chewed out his catheter and attempted to dig out of his kennel, gabapentin (600 mg three times a day) was added to Kingsley's medication regimen. Kingsley also received 25 mg acepromazine orally that evening.

11. Kingsley remained hospitalized, now under the care of Dr. Muratore, for the next two days (August 16 and 17, 2019). Dr. Muratore continued treating Kingsley similarly to the treatments rendered on August 15, 2019, and by August 17, 2019, Kingsley's pain improved enough to send him home.

12. On August 22, 2019, the owner took Kingsley back to see Dr. Muratore, because he wasn't eating and had no bowel movements. Abdominal radiographs revealed a moderate amount of stool in the distal colon and rectum. Kingsley was given an enema, and 2.6 ml Cerenia was injected subcutaneously.

13. On August 23, 2019, as Kingsley's condition worsened and he became profoundly weak and unable to walk, the owner took him to an emergency veterinary facility in the Las Vegas area. The veterinarians there performed diagnostics and determined that Kingsley had a perforated duodenal ulcer and systemic complications related thereto. Despite immediate abdominal surgery to repair the perforated duodenum and aggressive treatment, on August 24, 2019 the owner opted to have Kingsley humanely euthanized due to Kingsley's continued decline. Results of the pre-mortem biopsy of the perforated duodenal ulcer confirmed erosive/ulcerative duodenitis without evidence of neoplasia.

14. Dr. Muratore's treatment of Kingsley lacked any discernable treatment plan. The records do not show that Dr. Muratore ever made a definitive diagnosis, nor did he definitively rule out any particular diagnosis. As Kingsley's condition worsened while in LAH's and Dr. Muratore's care, the records do not reflect any reconsideration of a diagnosis or treatment plan. Dr. Muratore also ordered a corticosteroid to be given without appropriate washout time after treating Kingsley with the two NSAIDs meloxicam and piroxicam. In so doing, Dr. Muratore violated NRS 638.140(5)

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

(Incompetence), NRS 638.140(6) (Negligence), NAC 638.045(2) (Negligence), and NAC 638.045(3) (Incompetence).

15. A review of the records Dr. Muratore made regarding his treatment of Kingsley showed that the records were substandard. For example, the records do not contain any analysis of diagnostics, do not always contain TPRs, and did not always record discussions with the owner. In maintaining substandard records, Dr. Muratore violated NRS 638.140(1) (Violation of statute or regulation) and NAC 638.0475 (Medical records).

Facts and Violations Related to Case No. 12-2019DVM-101

16. On March 8, 2019, the owner of a six-year-old female spayed Pug named Zoey brought her to LAH for a second opinion. (Zoey had been seen at another veterinary hospital the previous three days for bleeding from the mouth, and lab work there revealed Zoey had suspected immune-mediated thrombocytopenia (ITP), which caused a dangerously low platelet count. Due to a series of unfortunate events, the owner lacked confidence with the veterinary hospital that diagnosed the ITP, so she took Zoey to LAH for continued treatment.) Dr. Muratore performed an examination and ordered an abdominal ultrasound to rule out obvious abdominal neoplasia before continuing the medications for ITP that had been initiated by the previous veterinary hospital. Over the next month (a total of eight veterinary visits), Zoey was treated by Dr. Muratore, and her ITP was managed successfully.

17. When Zoey's owner filed a complaint with the Board against the veterinarians at the first veterinary hospital where the ITP was initially diagnosed, Zoey's owner provided within her complaint her copy of Zoey's records from LAH.

18. After the Board complaint was initiated, the Board's staff requested a complete copy of Zoey's medical records from Dr. Muratore at LAH.

19. A comparison of the medical records produced to Zoey's owner with the set produced to the Board showed that the records produced to the Board were substantively different and significantly more detailed than the records earlier produced to Zoey's owner. The set of records produced to the Board contained numerous additions and alterations, none of which were noted properly as addenda.

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

20. In the course of the Board's investigation, Dr. Muratore admitted that he had substantively altered Zoey's medical records before producing them to the Board.

21. In substantively altering Zoey's medical records and then presenting the altered set of records to the Board's staff as the complete set of Zoey's medical records while knowing that the records were being reviewed as part of an ongoing investigation into a complaint made by Zoey's owner, Dr. Muratore violated Nevada Revised Statutes (NRS) 638.140(1) (Violation of statute or regulation) and Nevada Administrative Code (NAC) 638.0475 (Medical records).

2. In substantively altering Zoey's medical records from the state in which they were originally provided to Zoey's owner, Dr. Muratore essentially created two sets of records for a single patient, thus harming the integrity and utility of the records. In so doing, Dr. Muratore violated NRS 638.140(1) (Violation of statute or regulation) and NAC 638.046 (Violation of AVMA Principles of Veterinary Medical Ethics) and AVMA Principles of Veterinary Medical Ethics VII(A).

VOLUNTARY WAIVER OF RIGHTS

Dr. Muratore is aware of, understands, and has been advised of the effect of this Consent Decree, which he has carefully read and fully acknowledged. Dr. Muratore had the opportunity to consult with competent counsel of his choice.

Dr. Muratore has freely and voluntarily entered into the Consent Decree, and he is aware of his rights to contest the charges pending against him. These rights include representation by an attorney at his own expense, the right to a public hearing on any charges or allegations formally filed, the right to confront and cross-examine witnesses called to testify against him, the right to present evidence on his own behalf, the right to testify on his own behalf, the right to obtain any other type of formal judicial review of this matter, and any other rights which may be accorded to him pursuant to the provisions of Chapters 233B, 622, 622A, and 638 of the NRS and the NAC. Dr. Muratore is voluntarily waiving all of these rights in exchange for the Board's acceptance of this Consent Decree.

Should the Consent Decree be rejected by the Board, it is agreed that presentation to and consideration by the Board of such proposed Consent Decree or other documents or matters pertaining to the consideration of this Consent Decree shall not unfairly or illegally prejudice the Board or any of

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

its members from further participation, consideration, adjudication, or resolution of these proceedings and that no Board member shall be disqualified or challenged for bias.

In consideration of execution of this Consent Decree, Dr. Muratore for himself, his executors, administrators, successors, and assigns hereby releases and forever discharges the State of Nevada, the Nevada State Board of Veterinary Medical Examiners, and each of their members, agents, investigators, and employees in their individual and representative capacities, from any and all manner of actions, causes of action, suits, debts, judgments, executions, claims, and demands whatsoever, known and unknown, in law or equity, that Licensee ever had, now has, may have, or claims to have against any or all of the persons or entities named in this paragraph arising out of or by reason of this investigation, this disciplinary action, this Consent Decree, or its administration.

Dr. Muratore acknowledges that the Consent Decree shall only become effective after both the Board and he have duly executed it. The Consent Decree becomes a public document and will be reported to the National Veterinary Disciplinary Database of the American Association of Veterinary State Boards (AAVSB).

Dr. Muratore enters into this Consent Decree voluntarily after being fully advised of his rights and as to the consequences of this Consent Decree. This Consent Decree embodies the entire agreement reached between the Board and Dr. Muratore. It may not be altered, amended, or modified without the express consent of the parties.

TERMS OF SETTLEMENT

For the purposes of resolving this matter, the parties agree to the following terms and conditions:

1. Dr. Muratore's license (#551-A) shall be on probation for one year commencing on the effective date of this Consent Decree according to the following terms and conditions:

(a) As soon as possible after the effective date of this Consent Decree, the Board shall designate a veterinarian to serve as a practice monitor for Dr. Muratore and LAH. The terms and conditions of the service of the practice monitor shall be:

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

(1) At least monthly, the practice monitor shall obtain from LAH and Dr. Muratore a randomized sampling of medical records in such amount as the practice monitor determines necessary to conduct his or her review. The practice monitor shall review the records to determine whether the records comply with NAC 638.0475 and whether the records are in a SOAP format (Subjective–Objective-Assessment-Plan).

(2) After each set of records reviews, the practice monitor shall provide in writing to Dr. Muratore and the IBM an analysis of the records for compliance with subparagraph (1). Where the records comply, the practice monitor shall say so; where the records do not comply, the practice monitor shall identify the deficiencies with particularity. If records are deficient, either the practice monitor or the IBM or both shall discuss the deficiencies with Dr. Muratore with the aim of improving Dr. Muratore's records so that they all comply with subparagraph (1).

(3) If the practice monitor and the IBM do not see substantial improvement and compliance over time, they may bring those concerns to the attention of the Board for further disciplinary action for failure to comply with this Consent Decree, and the Board may thereafter take whatever disciplinary action it deems needed.

(4) Dr. Muratore may petition the Board for early termination of the probationary term at any time after the practice monitor finds that Dr. Muratore's and LAH's records substantially comply with subparagraph (1) for three consecutive months.

(5) Dr. Muratore shall pay all expenses related to the practice monitor's work immediately upon receiving an invoice for such expenses from the practice monitor. Failure to pay the expenses in a timely manner will constitute a breach of this Consent Decree.

(6) Dr. Muratore shall cooperate in good faith with all reasonable requests from the practice monitor to assure that the practice monitor can perform all functions he or she deems needed to conform with this Consent Decree. A failure to cooperate in good faith will constitute a breach of this Consent Decree.

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

(b) Dr. Muratore shall comply with all laws, whether federal or state and whether statutory or regulatory, related to the practice of veterinary medicine. Any substantive violations of such laws during the period of probation shall be considered violations of his probation.

2. Dr. Muratore shall pay the Board's attorney fees and investigative costs of $1,999.50 by check or money order made payable to "Nevada State Board of Veterinary Medical Examiners" which must be received by the Board's office within 30 days of the effective date of this Consent Decree.

3. For the recordkeeping violations noted herein, Dr. Muratore shall pay a fine of $1,000 by check or money order made payable to "Nevada State Board of Veterinary Medical Examiners" which must be received by the Board's office within 30 days of the effective date of this Consent Decree.

4. Dr. Muratore shall meet with the Board or its representatives upon request and shall cooperate with such representatives in their supervision, monitoring, investigation, or auditing to assure compliance with the terms and conditions of this order.

5. Dr. Muratore will provide to the Board's office written evidence of successful completion of 5 hours of continuing education in medical records, 4 hours of continuing education regarding ethics, and 3 hours of continuing education regarding drug interactions in small animals within 120 days of the date of the Board's approval of this Consent Decree. The 12 hours of continuing education in this paragraph may not be counted toward Dr. Muratore's continuing education requirements for renewal of his license.

6. In the event the IBM is presented with information reasonably indicating that Dr. Muratore has failed to materially comply with any term of this Consent Decree, the IBM (a) may immediately suspend Dr. Muratore's license without further action of the Board and (b) shall inform Dr. Muratore of what he believes to constitute the noncompliance and shall give Dr. Muratore no more than ten days to respond to the IBM describing what actions he intends to take to remedy the noncompliance. If Dr. Muratore cannot or does not satisfy the IBM with his response, the IBM may take such action as the IBM deems necessary to assure compliance by Dr. Muratore, which may include but is not limited to negotiating a resolution or amendment to this Consent Decree, suspending Dr. Muratore's license, commencing additional disciplinary action, and/or taking any other administrative or legal action the

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

IBM deems necessary to effectuate compliance with this Consent Decree. Dr. Muratore's failure to comply with any term or condition of this Consent Decree shall also result in further discipline by the Board, up to and potentially including revocation of his license. Board staff may take any and all actions it deems necessary to collect any sums ordered that remain unpaid. If Board staff is required to pursue judicial action to affect such collections, it shall be entitled to recover its attorney's fees and costs incurred in pursuing such judicial action.

OF VETERINARY MEDICAL EXAMINERS

In the Matter of:	**Case Nos. 09-2019DVM-79, 11-2019DVM-98 & 12-2019DVM-101**
TERRY MURATORE, DVM	
License # 0551	**CONSENT DECREE**

The Nevada State Board of Veterinary Medical Examiners (the Board), by and through its Investigating Board Member Ronald Sandoval, DVM (IBM) for case 09-2019DVM-79, Investigating Board Member Betsy Phillips, DVM (IBM2) for case 12-2019DVM-101, and Investigating Board Member Davyd Pelsue, DVM, DACVS (IBM3) for case 11-2019DVM-98 hereby enter into this Consent Decree with Terry Muratore, DVM (License No. 0551). Pursuant to chapter 233B and chapter 638 of the Nevada Revised Statutes (NRS) and Nevada Administrative Code (NAC), it is hereby stipulated and agreed, by and between the parties in the above-entitled matter, that this matter shall be settled and resolved upon the following terms:

STIPULATED FACTS AND CONCLUSIONS OF LAW

Dr. Muratore understands the nature of the allegations under consideration by the Board. He acknowledges that the conduct described below constitutes violations of the Nevada Veterinary Practice Act (NRS & NAC 638). He acknowledges that if this matter were to be taken to a disciplinary hearing, the following allegations could be proven and that by acknowledging the same, he is subject to disciplinary action by the Board:

1. At all times pertinent to this matter, Dr. Muratore was licensed as a licensed veterinarian in the State of Nevada, practicing at Legacy Animal Hospital (LAH), 2591 Windmill Parkway in Henderson, Nevada and is, therefore, subject to the jurisdiction of the Board. At all times pertinent to this matter, Dr. Muratore was the owner of and veterinarian-in-charge for LAH.

Facts and Violations Related to Case No. 09-2019DVM-79

2. On June 10, 2019, the owners of a nine-year-old female spayed Great Dane named Isabella brought her to LAH where Dr. Muratore performed surgery to remove a fatty mass (lipoma) on Isabella's chest. The mass had been first noted at LAH in 2015 and had been monitored since that time. After surgery to remove the mass, Isabella developed a seroma, for which Dr. Muratore performed treatment with bandage changes and antibiotics.

3. On June 15, 2019, Isabella's owner brought her to LAH for a bandage change, and the veterinary assistant who removed the bandage discovered that the surgical site had dehisced and had what she believed was a serious infection. Dr. Muratore was in surgery during this time and communicated through the veterinary assistant with the owners. Because of delays in Dr. Muratore's ability to address the dehiscence, the owner elected to take Isabella to an emergency hospital in the Las Vegas area to have her post-surgical complications addressed.

4. After Isabella's owner made a complaint to the Board, the Board's staff obtained Isabella's medical records from Dr. Muratore and LAH. A review of the records provided by Dr. Muratore and LAH showed:

(a) A lack of assessment of blood work results;

(b) A lack of interpretive findings of radiographs;

(c) A lack of documentation of communications with the owner;

(d) No discussion or concern regarding Isabella's loss of fifteen pounds over the course of treatment; and

(e) Substantive additions and alterations to the records, sometimes modifying records that were years old, that were not properly identified as addenda.

5. In maintaining substandard records and in substantively altering Isabella's medical records without identifying the alterations or additions as such, Dr. Muratore violated Nevada Revised Statutes (NRS) 638.140(1) (Violation of statute or regulation) and Nevada Administrative Code (NAC) 638.0475 (Medical records).

6. In substantively altering Zoey's medical records from the state in which they were originally made, Dr. Muratore harmed the integrity and utility of the records. In so doing, Dr. Muratore violated

NRS 638.140(1) (Violation of statute or regulation) and NAC 638.046 (Violation of AVMA Principles of Veterinary Medical Ethics) and AVMA Principles of Veterinary Medical Ethics VII(A).

Facts and Violations Related to Case No. 11-2019DVM-98

7. On August 7, 2019, an owner of a five-year-old male neutered Siberian Husky named Kingsley brought him to LAH where he was seen by Dr. Muratore. The owner explained that Kingsley showed pain in his left ear since being groomed a few days earlier. It was revealed after Kingsley was sedated that he had cotton remaining in both ears from the groomers which had caused bilateral ear infections. After removing the cotton and flushing the ears, Dr. Muratore gave a subcutaneous injection of meloxicam (5.5 mg), and prescribed meloxicam suspension 1.5 mg/ml #10 ml (once a day orally) and Mometamax drops for administration into both ears.

8. On August 13, 2019, the owner returned with Kingsley, reporting that he had been tucking his rear end, sitting and scooting backwards, and acting uncomfortable and gassy. Dr. Muratore noted pain in the lumbar spine on palpation and took three radiographs of the abdomen and lumbar spine. The medical records show no interpretation of the radiographs, and although no specific diagnosis was made, Dr. Muratore treated Kingsley for spinal issues. Dr. Muratore injected meloxicam 5.2 mg subcutaneously and prescribed piroxicam 10 mg #10 (one tablet orally per day) and Dasuquin.

9. On August 14, 2019, the owner brought Kingsley back to LAH where he was again seen by Dr. Muratore. The owner explained that Kingsley remained very uncomfortable in his back and rear area. Dr. Muratore found that Kingsley was guarding his rear. Without performing further diagnostics, Dr. Muratore prescribed tramadol 50 mg #30 (two tablets orally three time a day and to increase to as many as five tablets per dose three times a day) and prednisone 20 mg #30 (one tablet orally twice a day for two days, then ½ tablet twice a day for two days, then ½ tablet once a day for two days, then ½ tablet every other day for three doses).

10. On August 15, 2019, the owner brought Kingsley back to LAH where he was seen by another veterinarian. The owner explained that Kingsley had been passing bloody stool and had screamed out in pain when he tried to rise the previous night. The veterinarian noted that Kingsley could not get comfortable, shifted position persistently, sat profoundly kyphotic, and was propping

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

himself up on vertical surfaces. The veterinarian hospitalized Kingsley, instituted intravenous saline (75 ml/hr) and buprenorphine 0.9 ml, injected 0.2 mg acepromazine intramuscularly, and prescribed the oral medications methocarbamol (1000 mg three times a day), famotidine (20 mg twice a day), and metronidazole (500 mg twice a day). After Kingsley chewed out his catheter and attempted to dig out of his kennel, gabapentin (600 mg three times a day) was added to Kingsley's medication regimen. Kingsley also received 25 mg acepromazine orally that evening.

11. Kingsley remained hospitalized, now under the care of Dr. Muratore, for the next two days (August 16 and 17, 2019). Dr. Muratore continued treating Kingsley similarly to the treatments rendered on August 15, 2019, and by August 17, 2019, Kingsley's pain improved enough to send him home.

12. On August 22, 2019, the owner took Kingsley back to see Dr. Muratore, because he wasn't eating and had no bowel movements. Abdominal radiographs revealed a moderate amount of stool in the distal colon and rectum. Kingsley was given an enema, and 2.6 ml Cerenia was injected subcutaneously.

13. On August 23, 2019, as Kingsley's condition worsened and he became profoundly weak and unable to walk, the owner took him to an emergency veterinary facility in the Las Vegas area. The veterinarians there performed diagnostics and determined that Kingsley had a perforated duodenal ulcer and systemic complications related thereto. Despite immediate abdominal surgery to repair the perforated duodenum and aggressive treatment, on August 24, 2019 the owner opted to have Kingsley humanely euthanized due to Kingsley's continued decline. Results of the pre-mortem biopsy of the perforated duodenal ulcer confirmed erosive/ulcerative duodenitis without evidence of neoplasia.

14. Dr. Muratore's treatment of Kingsley lacked any discernable treatment plan. The records do not show that Dr. Muratore ever made a definitive diagnosis, nor did he definitively rule out any particular diagnosis. As Kingsley's condition worsened while in LAH's and Dr. Muratore's care, the records do not reflect any reconsideration of a diagnosis or treatment plan. Dr. Muratore also ordered a corticosteroid to be given without appropriate washout time after treating Kingsley with the two NSAIDs meloxicam and piroxicam. In so doing, Dr. Muratore violated NRS 638.140(5)

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

(Incompetence), NRS 638.140(6) (Negligence), NAC 638.045(2) (Negligence), and NAC 638.045(3) (Incompetence).

15. A review of the records Dr. Muratore made regarding his treatment of Kingsley showed that the records were substandard. For example, the records do not contain any analysis of diagnostics, do not always contain TPRs, and did not always record discussions with the owner. In maintaining substandard records, Dr. Muratore violated NRS 638.140(1) (Violation of statute or regulation) and NAC 638.0475 (Medical records).

Facts and Violations Related to Case No. 12-2019DVM-101

16. On March 8, 2019, the owner of a six-year-old female spayed Pug named Zoey brought her to LAH for a second opinion. (Zoey had been seen at another veterinary hospital the previous three days for bleeding from the mouth, and lab work there revealed Zoey had suspected immune-mediated thrombocytopenia (ITP), which caused a dangerously low platelet count. Due to a series of unfortunate events, the owner lacked confidence with the veterinary hospital that diagnosed the ITP, so she took Zoey to LAH for continued treatment.) Dr. Muratore performed an examination and ordered an abdominal ultrasound to rule out obvious abdominal neoplasia before continuing the medications for ITP that had been initiated by the previous veterinary hospital. Over the next month (a total of eight veterinary visits), Zoey was treated by Dr. Muratore, and her ITP was managed successfully.

17. When Zoey's owner filed a complaint with the Board against the veterinarians at the first veterinary hospital where the ITP was initially diagnosed, Zoey's owner provided within her complaint her copy of Zoey's records from LAH.

18. After the Board complaint was initiated, the Board's staff requested a complete copy of Zoey's medical records from Dr. Muratore at LAH.

19. A comparison of the medical records produced to Zoey's owner with the set produced to the Board showed that the records produced to the Board were substantively different and significantly more detailed than the records earlier produced to Zoey's owner. The set of records produced to the Board contained numerous additions and alterations, none of which were noted properly as addenda.

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

20. In the course of the Board's investigation, Dr. Muratore admitted that he had substantively altered Zoey's medical records before producing them to the Board.

21. In substantively altering Zoey's medical records and then presenting the altered set of records to the Board's staff as the complete set of Zoey's medical records while knowing that the records were being reviewed as part of an ongoing investigation into a complaint made by Zoey's owner, Dr. Muratore violated Nevada Revised Statutes (NRS) 638.140(1) (Violation of statute or regulation) and Nevada Administrative Code (NAC) 638.0475 (Medical records).

2. In substantively altering Zoey's medical records from the state in which they were originally provided to Zoey's owner, Dr. Muratore essentially created two sets of records for a single patient, thus harming the integrity and utility of the records. In so doing, Dr. Muratore violated NRS 638.140(1) (Violation of statute or regulation) and NAC 638.046 (Violation of AVMA Principles of Veterinary Medical Ethics) and AVMA Principles of Veterinary Medical Ethics VII(A).

VOLUNTARY WAIVER OF RIGHTS

Dr. Muratore is aware of, understands, and has been advised of the effect of this Consent Decree, which he has carefully read and fully acknowledged. Dr. Muratore had the opportunity to consult with competent counsel of his choice.

Dr. Muratore has freely and voluntarily entered into the Consent Decree, and he is aware of his rights to contest the charges pending against him. These rights include representation by an attorney at his own expense, the right to a public hearing on any charges or allegations formally filed, the right to confront and cross-examine witnesses called to testify against him, the right to present evidence on his own behalf, the right to testify on his own behalf, the right to obtain any other type of formal judicial review of this matter, and any other rights which may be accorded to him pursuant to the provisions of Chapters 233B, 622, 622A, and 638 of the NRS and the NAC. Dr. Muratore is voluntarily waiving all of these rights in exchange for the Board's acceptance of this Consent Decree.

Should the Consent Decree be rejected by the Board, it is agreed that presentation to and consideration by the Board of such proposed Consent Decree or other documents or matters pertaining to the consideration of this Consent Decree shall not unfairly or illegally prejudice the Board or any of

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

its members from further participation, consideration, adjudication, or resolution of these proceedings and that no Board member shall be disqualified or challenged for bias.

In consideration of execution of this Consent Decree, Dr. Muratore for himself, his executors, administrators, successors, and assigns hereby releases and forever discharges the State of Nevada, the Nevada State Board of Veterinary Medical Examiners, and each of their members, agents, investigators, and employees in their individual and representative capacities, from any and all manner of actions, causes of action, suits, debts, judgments, executions, claims, and demands whatsoever, known and unknown, in law or equity, that Licensee ever had, now has, may have, or claims to have against any or all of the persons or entities named in this paragraph arising out of or by reason of this investigation, this disciplinary action, this Consent Decree, or its administration.

Dr. Muratore acknowledges that the Consent Decree shall only become effective after both the Board and he have duly executed it. The Consent Decree becomes a public document and will be reported to the National Veterinary Disciplinary Database of the American Association of Veterinary State Boards (AAVSB).

Dr. Muratore enters into this Consent Decree voluntarily after being fully advised of his rights and as to the consequences of this Consent Decree. This Consent Decree embodies the entire agreement reached between the Board and Dr. Muratore. It may not be altered, amended, or modified without the express consent of the parties.

TERMS OF SETTLEMENT

For the purposes of resolving this matter, the parties agree to the following terms and conditions:

1. Dr. Muratore's license (#551-A) shall be on probation for one year commencing on the effective date of this Consent Decree according to the following terms and conditions:

(a) As soon as possible after the effective date of this Consent Decree, the Board shall designate a veterinarian to serve as a practice monitor for Dr. Muratore and LAH. The terms and conditions of the service of the practice monitor shall be:

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

(1) At least monthly, the practice monitor shall obtain from LAH and Dr. Muratore a randomized sampling of medical records in such amount as the practice monitor determines necessary to conduct his or her review. The practice monitor shall review the records to determine whether the records comply with NAC 638.0475 and whether the records are in a SOAP format (Subjective–Objective-Assessment-Plan).

(2) After each set of records reviews, the practice monitor shall provide in writing to Dr. Muratore and the IBM an analysis of the records for compliance with subparagraph (1). Where the records comply, the practice monitor shall say so; where the records do not comply, the practice monitor shall identify the deficiencies with particularity. If records are deficient, either the practice monitor or the IBM or both shall discuss the deficiencies with Dr. Muratore with the aim of improving Dr. Muratore's records so that they all comply with subparagraph (1).

(3) If the practice monitor and the IBM do not see substantial improvement and compliance over time, they may bring those concerns to the attention of the Board for further disciplinary action for failure to comply with this Consent Decree, and the Board may thereafter take whatever disciplinary action it deems needed.

(4) Dr. Muratore may petition the Board for early termination of the probationary term at any time after the practice monitor finds that Dr. Muratore's and LAH's records substantially comply with subparagraph (1) for three consecutive months.

(5) Dr. Muratore shall pay all expenses related to the practice monitor's work immediately upon receiving an invoice for such expenses from the practice monitor. Failure to pay the expenses in a timely manner will constitute a breach of this Consent Decree.

(6) Dr. Muratore shall cooperate in good faith with all reasonable requests from the practice monitor to assure that the practice monitor can perform all functions he or she deems needed to conform with this Consent Decree. A failure to cooperate in good faith will constitute a breach of this Consent Decree.

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

(b) Dr. Muratore shall comply with all laws, whether federal or state and whether statutory or regulatory, related to the practice of veterinary medicine. Any substantive violations of such laws during the period of probation shall be considered violations of his probation.

2. Dr. Muratore shall pay the Board's attorney fees and investigative costs of $1,999.50 by check or money order made payable to "Nevada State Board of Veterinary Medical Examiners" which must be received by the Board's office within 30 days of the effective date of this Consent Decree.

3. For the recordkeeping violations noted herein, Dr. Muratore shall pay a fine of $1,000 by check or money order made payable to "Nevada State Board of Veterinary Medical Examiners" which must be received by the Board's office within 30 days of the effective date of this Consent Decree.

4. Dr. Muratore shall meet with the Board or its representatives upon request and shall cooperate with such representatives in their supervision, monitoring, investigation, or auditing to assure compliance with the terms and conditions of this order.

5. Dr. Muratore will provide to the Board's office written evidence of successful completion of 5 hours of continuing education in medical records, 4 hours of continuing education regarding ethics, and 3 hours of continuing education regarding drug interactions in small animals within 120 days of the date of the Board's approval of this Consent Decree. The 12 hours of continuing education in this paragraph may not be counted toward Dr. Muratore's continuing education requirements for renewal of his license.

6. In the event the IBM is presented with information reasonably indicating that Dr. Muratore has failed to materially comply with any term of this Consent Decree, the IBM (a) may immediately suspend Dr. Muratore's license without further action of the Board and (b) shall inform Dr. Muratore of what he believes to constitute the noncompliance and shall give Dr. Muratore no more than ten days to respond to the IBM describing what actions he intends to take to remedy the noncompliance. If Dr. Muratore cannot or does not satisfy the IBM with his response, the IBM may take such action as the IBM deems necessary to assure compliance by Dr. Muratore, which may include but is not limited to negotiating a resolution or amendment to this Consent Decree, suspending Dr. Muratore's license, commencing additional disciplinary action, and/or taking any other administrative or legal action the

IBM deems necessary to effectuate compliance with this Consent Decree. Dr. Muratore's failure to comply with any term or condition of this Consent Decree shall also result in further discipline by the Board, up to and potentially including revocation of his license. Board staff may take any and all actions it deems necessary to collect any sums ordered that remain unpaid. If Board staff is required to pursue judicial action to affect such collections, it shall be entitled to recover its attorney's fees and costs incurred in pursuing such judicial action.

Pursuant to chapter 233B and chapter 638 of the Nevada Revised Statutes (NRS) and Nevada Administrative Code (NAC), it is hereby stipulated and agreed, by and between the parties in the above-entitled matter, that this matter shall be settled and resolved upon the following terms:

STIPULATED FACTS AND CONCLUSIONS OF LAW

Dr. Muratore understands the nature of the allegations under consideration by the Board. He acknowledges that the conduct described below constitutes violations of the Nevada Veterinary Practice Act (NRS & NAC 638). He acknowledges that if this matter were to be taken to a disciplinary hearing, the following allegations could be proven and that by acknowledging the same, he is subject to disciplinary action by the Board:

1. At all times pertinent to this matter, Dr. Muratore was licensed as a licensed veterinarian in the State of Nevada, practicing at Legacy Animal Hospital (LAH), 2591 Windmill Parkway in Henderson, Nevada and is, therefore, subject to the jurisdiction of the Board. At all times pertinent to this matter, Dr. Muratore was the owner of and veterinarian-in-charge for LAH.

2. On June 10, 2019, the owners of a nine-year-old female spayed Great Dane named Isabella brought her to LAH where Dr. Muratore performed surgery to remove a fatty mass (lipoma) on Isabella's chest. The mass had been first noted at LAH in 2015 and had been monitored since that time. After surgery to remove the mass, Isabella developed a seroma, for which Dr. Muratore performed treatment with bandage changes and antibiotics.

Facts and Violations Related to Case No. 11-2019DVM-98

7. On August 7, 2019, an owner of a five-year-old male neutered Siberian Husky named Kingsley brought him to LAH where he was seen by Dr. Muratore. The owner explained that Kingsley showed pain in his left ear since being groomed a few days earlier. It was revealed after Kingsley was sedated that he had cotton remaining in both ears from the groomers which had caused bilateral ear infections. After removing the cotton and flushing the ears, Dr. Muratore gave a subcutaneous injection of meloxicam (5.5 mg), and prescribed meloxicam suspension 1.5 mg/ml #10 ml (once a day orally) and Mometamax drops for administration into both ears.

8. On August 13, 2019, the owner returned with Kingsley, reporting that he had been tucking his rear end, sitting and scooting backwards, and acting uncomfortable and gassy. Dr. Muratore noted pain in the lumbar spine on palpation and took three radiographs of the abdomen and lumbar spine. The medical records show no interpretation of the radiographs, and although no specific diagnosis was made, Dr. Muratore treated Kingsley for spinal issues. Dr. Muratore injected meloxicam 5.2 mg subcutaneously and prescribed piroxicam 10 mg #10 (one tablet orally per day) and Dasuquin.

9. On August 14, 2019, the owner brought Kingsley back to LAH where he was again seen by Dr. Muratore. The owner explained that Kingsley remained very uncomfortable in his back and rear area. Dr. Muratore found that Kingsley was guarding his rear. Without performing further diagnostics, Dr. Muratore prescribed tramadol 50 mg #30 (two tablets orally three time a day and to increase to as many as five tablets per dose three times a day) and prednisone 20 mg #30 (one tablet orally twice a day for two days, then ½ tablet twice a day for two days, then ½ tablet once a day for two days, then ½ tablet every other day for three doses).

10. On August 15, 2019, the owner brought Kingsley back to LAH where he was seen by another veterinarian. The owner explained that Kingsley had been passing bloody stool and had screamed out in pain when he tried to rise the previous night. The veterinarian noted that Kingsley could not get comfortable, shifted position persistently, sat profoundly kyphotic, and was propping

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

himself up on vertical surfaces. The veterinarian hospitalized Kingsley, instituted intravenous saline (75 ml/hr) and buprenorphine 0.9 ml, injected 0.2 mg acepromazine intramuscularly, and prescribed the oral medications methocarbamol (1000 mg three times a day), famotidine (20 mg twice a day), and metronidazole (500 mg twice a day). After Kingsley chewed out his catheter and attempted to dig out of his kennel, gabapentin (600 mg three times a day) was added to Kingsley's medication regimen. Kingsley also received 25 mg acepromazine orally that evening.

11. Kingsley remained hospitalized, now under the care of Dr. Muratore, for the next two days (August 16 and 17, 2019). Dr. Muratore continued treating Kingsley similarly to the treatments rendered on August 15, 2019, and by August 17, 2019, Kingsley's pain improved enough to send him home.

12. On August 22, 2019, the owner took Kingsley back to see Dr. Muratore, because he wasn't eating and had no bowel movements. Abdominal radiographs revealed a moderate amount of stool in the distal colon and rectum. Kingsley was given an enema, and 2.6 ml Cerenia was injected subcutaneously.

13. On August 23, 2019, as Kingsley's condition worsened and he became profoundly weak and unable to walk, the owner took him to an emergency veterinary facility in the Las Vegas area. The veterinarians there performed diagnostics and determined that Kingsley had a perforated duodenal ulcer and systemic complications related thereto. Despite immediate abdominal surgery to repair the perforated duodenum and aggressive treatment, on August 24, 2019 the owner opted to have Kingsley humanely euthanized due to Kingsley's continued decline. Results of the pre-mortem biopsy of the perforated duodenal ulcer confirmed erosive/ulcerative duodenitis without evidence of neoplasia.

14. Dr. Muratore's treatment of Kingsley lacked any discernable treatment plan. The records do not show that Dr. Muratore ever made a definitive diagnosis, nor did he definitively rule out any particular diagnosis. As Kingsley's condition worsened while in LAH's and Dr. Muratore's care, the records do not reflect any reconsideration of a diagnosis or treatment plan. Dr. Muratore also ordered a corticosteroid to be given without appropriate washout time after treating Kingsley with the two NSAIDs meloxicam and piroxicam. In so doing, Dr. Muratore violated NRS 638.140(5)

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

(Incompetence), NRS 638.140(6) (Negligence), NAC 638.045(2) (Negligence), and NAC 638.045(3) (Incompetence).

15. A review of the records Dr. Muratore made regarding his treatment of Kingsley showed that the records were substandard. For example, the records do not contain any analysis of diagnostics, do not always contain TPRs, and did not always record discussions with the owner. In maintaining substandard records, Dr. Muratore violated NRS 638.140(1) (Violation of statute or regulation) and NAC 638.0475 (Medical records).

Facts and Violations Related to Case No. 12-2019DVM-101

16. On March 8, 2019, the owner of a six-year-old female spayed Pug named Zoey brought her to LAH for a second opinion. (Zoey had been seen at another veterinary hospital the previous three days for bleeding from the mouth, and lab work there revealed Zoey had suspected immune-mediated thrombocytopenia (ITP), which caused a dangerously low platelet count. Due to a series of unfortunate events, the owner lacked confidence with the veterinary hospital that diagnosed the ITP, so she took Zoey to LAH for continued treatment.) Dr. Muratore performed an examination and ordered an abdominal ultrasound to rule out obvious abdominal neoplasia before continuing the medications for ITP that had been initiated by the previous veterinary hospital. Over the next month (a total of eight veterinary visits), Zoey was treated by Dr. Muratore, and her ITP was managed successfully.

17. When Zoey's owner filed a complaint with the Board against the veterinarians at the first veterinary hospital where the ITP was initially diagnosed, Zoey's owner provided within her complaint her copy of Zoey's records from LAH.

18. After the Board complaint was initiated, the Board's staff requested a complete copy of Zoey's medical records from Dr. Muratore at LAH.

19. A comparison of the medical records produced to Zoey's owner with the set produced to the Board showed that the records produced to the Board were substantively different and significantly more detailed than the records earlier produced to Zoey's owner. The set of records produced to the Board contained numerous additions and alterations, none of which were noted properly as addenda.

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

20. In the course of the Board's investigation, Dr. Muratore admitted that he had substantively altered Zoey's medical records before producing them to the Board.

21. In substantively altering Zoey's medical records and then presenting the altered set of records to the Board's staff as the complete set of Zoey's medical records while knowing that the records were being reviewed as part of an ongoing investigation into a complaint made by Zoey's owner, Dr. Muratore violated Nevada Revised Statutes (NRS) 638.140(1) (Violation of statute or regulation) and Nevada Administrative Code (NAC) 638.0475 (Medical records).

2. In substantively altering Zoey's medical records from the state in which they were originally provided to Zoey's owner, Dr. Muratore essentially created two sets of records for a single patient, thus harming the integrity and utility of the records. In so doing, Dr. Muratore violated NRS 638.140(1) (Violation of statute or regulation) and NAC 638.046 (Violation of AVMA Principles of Veterinary Medical Ethics) and AVMA Principles of Veterinary Medical Ethics VII(A).

VOLUNTARY WAIVER OF RIGHTS

Dr. Muratore is aware of, understands, and has been advised of the effect of this Consent Decree, which he has carefully read and fully acknowledged. Dr. Muratore had the opportunity to consult with competent counsel of his choice.

Dr. Muratore has freely and voluntarily entered into the Consent Decree, and he is aware of his rights to contest the charges pending against him. These rights include representation by an attorney at his own expense, the right to a public hearing on any charges or allegations formally filed, the right to confront and cross-examine witnesses called to testify against him, the right to present evidence on his own behalf, the right to testify on his own behalf, the right to obtain any other type of formal judicial review of this matter, and any other rights which may be accorded to him pursuant to the provisions of Chapters 233B, 622, 622A, and 638 of the NRS and the NAC. Dr. Muratore is voluntarily waiving all of these rights in exchange for the Board's acceptance of this Consent Decree.

Should the Consent Decree be rejected by the Board, it is agreed that presentation to and consideration by the Board of such proposed Consent Decree or other documents or matters pertaining to the consideration of this Consent Decree shall not unfairly or illegally prejudice the Board or any of

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

its members from further participation, consideration, adjudication, or resolution of these proceedings and that no Board member shall be disqualified or challenged for bias.

In consideration of execution of this Consent Decree, Dr. Muratore for himself, his executors, administrators, successors, and assigns hereby releases and forever discharges the State of Nevada, the Nevada State Board of Veterinary Medical Examiners, and each of their members, agents, investigators, and employees in their individual and representative capacities, from any and all manner of actions, causes of action, suits, debts, judgments, executions, claims, and demands whatsoever, known and unknown, in law or equity, that Licensee ever had, now has, may have, or claims to have against any or all of the persons or entities named in this paragraph arising out of or by reason of this investigation, this disciplinary action, this Consent Decree, or its administration.

Dr. Muratore acknowledges that the Consent Decree shall only become effective after both the Board and he have duly executed it. The Consent Decree becomes a public document and will be reported to the National Veterinary Disciplinary Database of the American Association of Veterinary State Boards (AAVSB).

Dr. Muratore enters into this Consent Decree voluntarily after being fully advised of his rights and as to the consequences of this Consent Decree. This Consent Decree embodies the entire agreement reached between the Board and Dr. Muratore. It may not be altered, amended, or modified without the express consent of the parties.

TERMS OF SETTLEMENT

For the purposes of resolving this matter, the parties agree to the following terms and conditions:

1. Dr. Muratore's license (#551-A) shall be on probation for one year commencing on the effective date of this Consent Decree according to the following terms and conditions:

(a) As soon as possible after the effective date of this Consent Decree, the Board shall designate a veterinarian to serve as a practice monitor for Dr. Muratore and LAH. The terms and conditions of the service of the practice monitor shall be:

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

(1) At least monthly, the practice monitor shall obtain from LAH and Dr. Muratore a randomized sampling of medical records in such amount as the practice monitor determines necessary to conduct his or her review. The practice monitor shall review the records to determine whether the records comply with NAC 638.0475 and whether the records are in a SOAP format (Subjective–Objective-Assessment-Plan).

(2) After each set of records reviews, the practice monitor shall provide in writing to Dr. Muratore and the IBM an analysis of the records for compliance with subparagraph (1). Where the records comply, the practice monitor shall say so; where the records do not comply, the practice monitor shall identify the deficiencies with particularity. If records are deficient, either the practice monitor or the IBM or both shall discuss the deficiencies with Dr. Muratore with the aim of improving Dr. Muratore's records so that they all comply with subparagraph (1).

(3) If the practice monitor and the IBM do not see substantial improvement and compliance over time, they may bring those concerns to the attention of the Board for further disciplinary action for failure to comply with this Consent Decree, and the Board may thereafter take whatever disciplinary action it deems needed.

(4) Dr. Muratore may petition the Board for early termination of the probationary term at any time after the practice monitor finds that Dr. Muratore's and LAH's records substantially comply with subparagraph (1) for three consecutive months.

(5) Dr. Muratore shall pay all expenses related to the practice monitor's work immediately upon receiving an invoice for such expenses from the practice monitor. Failure to pay the expenses in a timely manner will constitute a breach of this Consent Decree.

(6) Dr. Muratore shall cooperate in good faith with all reasonable requests from the practice monitor to assure that the practice monitor can perform all functions he or she deems needed to conform with this Consent Decree. A failure to cooperate in good faith will constitute a breach of this Consent Decree.

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

(b) Dr. Muratore shall comply with all laws, whether federal or state and whether statutory or regulatory, related to the practice of veterinary medicine. Any substantive violations of such laws during the period of probation shall be considered violations of his probation.

2. Dr. Muratore shall pay the Board's attorney fees and investigative costs of $1,999.50 by check or money order made payable to "Nevada State Board of Veterinary Medical Examiners" which must be received by the Board's office within 30 days of the effective date of this Consent Decree.

3. For the recordkeeping violations noted herein, Dr. Muratore shall pay a fine of $1,000 by check or money order made payable to "Nevada State Board of Veterinary Medical Examiners" which must be received by the Board's office within 30 days of the effective date of this Consent Decree.

4. Dr. Muratore shall meet with the Board or its representatives upon request and shall cooperate with such representatives in their supervision, monitoring, investigation, or auditing to assure compliance with the terms and conditions of this order.

5. Dr. Muratore will provide to the Board's office written evidence of successful completion of 5 hours of continuing education in medical records, 4 hours of continuing education regarding ethics, and 3 hours of continuing education regarding drug interactions in small animals within 120 days of the date of the Board's approval of this Consent Decree. The 12 hours of continuing education in this paragraph may not be counted toward Dr. Muratore's continuing education requirements for renewal of his license.

6. In the event the IBM is presented with information reasonably indicating that Dr. Muratore has failed to materially comply with any term of this Consent Decree, the IBM (a) may immediately suspend Dr. Muratore's license without further action of the Board and (b) shall inform Dr. Muratore of what he believes to constitute the noncompliance and shall give Dr. Muratore no more than ten days to respond to the IBM describing what actions he intends to take to remedy the noncompliance. If Dr. Muratore cannot or does not satisfy the IBM with his response, the IBM may take such action as the IBM deems necessary to assure compliance by Dr. Muratore, which may include but is not limited to negotiating a resolution or amendment to this Consent Decree, suspending Dr. Muratore's license, commencing additional disciplinary action, and/or taking any other administrative or legal action the

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

IBM deems necessary to effectuate compliance with this Consent Decree. Dr. Muratore's failure to comply with any term or condition of this Consent Decree shall also result in further discipline by the Board, up to and potentially including revocation of his license. Board staff may take any and all actions it deems necessary to collect any sums ordered that remain unpaid. If Board staff is required to pursue judicial action to affect such collections, it shall be entitled to recover its attorney's fees and costs incurred in pursuing such judicial action.

Signed and effective this 23 day of April, 2020.

Board accusation of providing false rabies certificates to certain patients. In compliance to Nevada Administrative Code section 441A.435 paragraph 4 a practitioner may exempt a patient from vaccination based on examination or existing illness at the time that may contradict the administration of any biologics. My error was in not properly documenting the reason for the exemption on the certificate and as a result was accused of producing false rabies vaccination certificates. Current litigation is still pending. My license to practice is currently active status.

BEFORE THE NEVADA STATE BOARD OF

BOARD OF VETERINARY MEDICAL EXAMINERS

IN THE MATTER OF: **TERRY MURATORE, D.V.M.,** **License No. 551-A,** **Respondent.**	**Case No. 03-2022DVM-10** **FINDINGS OF FACT, CONCLUSIONS OF LAW, AND ORDER**

This matter was heard by the Nevada State Board of Veterinary Medical Examiners on April 29 and May 14, 2022 in Las Vegas, Nevada. Board Staff was represented by Louis Ling, and Dr. Muratore was represented by Alan Westbrook of Perry & Westbrook. Based upon the evidence and testimony presented and the arguments of counsel, the Board finds the following to be the facts in this matter, makes conclusions about the applicable law, and orders as follows.

FINDINGS OF FACT

1. On March 8, 2022, Board Inspector Becky Phlegar performed a hospital inspection at LAH. In the course of the inspection, Ms. Phlegar found medical records made by Dr. Muratore that indicated that he had issued Certificates of Vaccination for animals to whom he had not administered a rabies vaccination.

2. Based upon Ms. Phlegar's findings, on March 11, 2022, the Board's President signed an Order of Summary Suspension of License to Practice Veterinary Medicine, the effect of which was the immediate suspension of Dr. Muratore's license to practice veterinary medicine.

3. On March 14, 2022, the Board's Executive Director, Jennifer Pedigo, served the Order of Summary Suspension on Dr. Muratore. Also on March 14, 15, and 16, Board Staff – Ms. Pedigo, Ms. Phlegar, and Dr. John Crumley, Board Investigator – investigated Dr. Muratore's rabies vaccination practices. Board Staff's investigation included copying a large number of medical files and interviewing LAH staff.

4. On March 25, 2022, Board Staff filed and served an Accusation and Notice of Hearing in the instant matter by which it charged Dr. Muratore with a cause of action regarding his rabies vaccination

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

practices and by which it set a hearing for April 22, 2022. Pursuant to mutual agreement of the parties, the hearing was rescheduled for April 29, 2022.

5. On April 25, 2022, Dr. Muratore, through his counsel Alan W. Westbrook, filed a Response to Complaint.

6. A hearing was held on April 29, 2022 in Las Vegas, Nevada. At the hearing, Board Staff presented the testimony of Kevin Longoria, L.V.T., Chad Bower, D.V.M., John Crumley, D.V.M. Mr. Longoria, Dr. Bower, and Ms. Samuels all testified under compulsion of subpoena issued at the instance of Board Staff. Dr. Muratore presented the testimony of Dennis Nelson, Mary Jo Goodman, Donna Findlay, Nina Neely, Susan Sayegh, Christy Stevens, and Dr. Muratore. At the April 29, 2022 hearing, the parties stipulated to the entry into evidence of: (1) a packet of exhibits comprising 533 pages, and (2) a packet of statutes, regulations, ordinances, and a magazine article comprising 35 pages. The hearing was continued until May 14, 2022, at which Dr. Muratore completed his testimony and Board Staff presented the testimony of Heather Samuels as a rebuttal witness. At the May 14, 2022 hearing, the parties stipulated to the entry into evidence of: (1) the Compendium of Animal Rabies Prevention from JAVMA, Vol 248, No. 5, March 1, 2016 comprising 13 pages; and (2) "Annual rabies vaccination waiver" issued by the AVMA comprising one page.

7. At the time of the events in this matter, Dr. Muratore had been practicing veterinary medicine in Nevada for approximately 37 years, the last twelve at Legacy Animal Hospital (LAH), which he owned and for which he was the veterinarian in charge, though by the time of the hearing Dr. Muratore had sold LAH to Western Veterinary Partners. At the time of the events in this matter, Mr. Longoria was a licensed veterinary technician who had been licensed since 2002 and who had been working for Dr. Muratore and LAH since June 2019. At the time of the events in this matter, Dr. Bower was a veterinarian who had been licensed since 1997 and who had been working for Dr. Muratore and LAH since August 2020. At the time of the events in this matter, Ms. Samuels was a veterinary assistant employed at the front desk by Dr. Muratore and LAH for over five years.

8. Regarding Dr. Muratore's practices relating to the administration or non-administration of rabies vaccinations, Mr. Longoria and Dr. Bower both described that there were animals to whom Dr.

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

Muratore would not administer a rabies vaccination but for which he would issue a Certificate of Vaccination on which he would indicate that he had, in fact, administered the rabies vaccination to the animal. Mr. Longoria said that he had been trained to prepare and draw up syringes for rabies vaccinations for veterinarians with whom he had previously worked, and also for Dr. Bower once he began working at LAH, and that when he had prepared the syringes, he would put the manufacturer's sticker on the syringe to identify the syringe as containing rabies vaccine and to assist in the ease of recordkeeping for the veterinarian. At LAH, Dr. Muratore deterred Mr. Longoria from preparing and drawing up syringes for vaccinations, including rabies vaccinations. Mr. Longoria also explained that when Dr. Muratore was going to see an animal for vaccinations, usually no other LAH personnel were present in the examination room, resulting in Dr. Muratore being alone with the animal and the client.

9. Dr. Bower stated that he was aware that Dr. Muratore was issuing Certificates of Vaccination for animals that he had not, in fact, vaccinated for rabies. As one of the ways in which he became aware of Dr. Muratore's rabies vaccination practices, Dr. Bower detailed a client encounter where a client had informed Dr. Bower that Dr. Muratore had not administered the rabies vaccine to her animal but had issued a Certificate of Vaccination anyways. Dr. Bower subsequently vaccinated that client's animal for rabies. Dr. Bower explained that he had several times had to explain to Dr. Muratore's clients that he, Dr. Bower, would vaccinate the client's animal because rabies vaccinations are legally mandated, and several times Dr. Bower would be seen by a client for a rabies vaccination for the client's animal after Dr. Muratore had not vaccinated the animal.

10. Ms. Samuels explained that she had been specifically instructed by Dr. Muratore to prepare and issue Certificates of Vaccination for animals that she knew had not been vaccinated, including issuing Certificates of Vaccination for animals and clients where the animals were not physically present at LAH and could not, therefore, have been vaccinated. The issuance of Certificates of Vaccination for animals who had not, in fact, been vaccinated was a regular occurrence at LAH and was always done with Dr. Muratore's knowledge and at his direction.

11. Dr. Crumley explained the methodology used by Board Staff in the course of its investigation. Dr. Crumley explained that Board Staff looked for certain markers in Dr. Muratore's

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

medical files and billing records in cases where a Certificate of Vaccination had been issued by Dr. Muratore, including the lack of a manufacturer's sticker, the notation "3 yr. Rabies" or similar notation, and an indication in the medical record and/or the billing record that no charge had been assessed to the client for the rabies vaccination. Based upon a review of hundreds of medical files and billing records, Board Staff compiled a list of 143 medical files that bore evidence that Dr. Muratore had issued Certificates of Vaccination for animals that he had not, in fact, vaccinated for rabies. Of the 143 medical files identified, 36 medical files contained Certificates of Vaccination for animals who were not at LAH on the date that the rabies vaccination was supposedly administered by Dr. Muratore, and just under 100 medical files contained handwritten notations that a rabies vaccination had been administered by Dr. Muratore but did not contain a manufacturer's sticker for the vaccination supposedly administered, and 10 medical files contained indications that the animal was seen on the day that a Certificate of Vaccination was issued but there is no indication in the medical record that a rabies vaccination had been administered that same day.

12. Regarding the issue of exemptions from rabies vaccinations, Dr. Crumley testified that rabies vaccinations are mandatory by law, and, further, that the AVMA's position on exemptions from rabies vaccinations is that exemptions are only to made where the giving of the rabies vaccination would endanger the life of the animal. Dr. Crumley and Dr. Bower both explained that the only conditions for which an exemption would be appropriate would be for severe autoimmune diseases such as immune mediated hemolytic anemia or immune mediated thrombocytopenia. Dr. Crumley explained that an exemption would not be appropriate because of the animal's age, previous non-life-threatening reactions, pain at the injection site, gastrointestinal upset, of airborne or skin allergies as these could easily be treated prophylactically or with supportive aftercare and observation. Dr. Bower agreed that an animal's age would not be a reason for exemption from a rabies vaccination. In his 25-year veterinary career, Dr. Bower had never exempted an animal specifically from the rabies vaccination. In his 23-year career, Dr. Crumley had exempted fewer than five animals from the rabies vaccination, and all exemptions he gave were because the animals had severe autoimmune diseases. Dr. Crumley stated that in order to exempt an animal from rabies vaccination, the animal's condition

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

and diagnosis would need to be recorded in the medical file and that the cause for the exemption would also need to be recorded in the medical file. Dr. Crumley stated that in none of the 143 records reviewed and made a part of the record of the hearing did the word "exemption" appear nor did any of the records contain an indication by Dr. Muratore that he had exempted any of the 143 animals from a rabies vaccination.

13. At hearing, Dr. Muratore presented the testimony of six of his clients: Dennis Nelson, Mary Jo Goodman, Donna Findlay, Nina Neely, Susan Sayegh, and Christy Stevens. The presentations included reviewing the medical files for the animals owned by each client. The testimonies of the clients proved problematic in view of the medical files for the various animals made by Dr. Muratore and Dr. Muratore's subsequent testimony. An analysis regarding each of Dr. Muratore's witnesses follows.

(a) Dennis Nelson: Mr. Nelson testified that he had been a client of Dr. Muratore's and a personal friend of Dr. Muratore's for over thirty years. At hearing, Mr. Nelson's testimony focused on his Chihuahua named Fabiana. Mr. Nelson regularly took Fabiana with him during his frequent visits to Mexico, so Mr. Nelson obtained both Certificates of Vaccination and USDA Certificates of Examination for Small Animals (USDA Certificates) from Dr. Muratore. The medical records for Fabiana contained two Certificates of Vaccination: in one Dr. Muratore certified having given Fabiana a rabies vaccination on March 20, 2017 and in another Dr. Muratore certified having given Fabiana a rabies vaccination on August 13, 2019. The two vaccination dates were contained in three USDA Certificates (3/20/17), one USDA Certificate (8/13/19), three Health Certificates to Export Dogs and Cats from the United States of America to Mexico (3/20/17), and one Certificate of Veterinary Inspection for Small Animals and Avian Species issued by the Nevada Division of Animal Industry (3/20/17). Dr. Muratore's medical records do not contain entries for either of the purported rabies vaccinations. Rather, regarding the purported rabies vaccination on March 20, 2017, Dr. Muratore's records show a patient encounter on November 21, 2016 and then a patient encounter on September 12, 2017 with no other patient encounters between those two dates. Dr. Muratore's records on August 13, 2019 show that Dr. Muratore saw Fabiana on that date, but that he only saw Fabiana for excessive

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

urination for which he prescribed Clindamycin liquid and that Dr. Muratore did not administer a rabies vaccination (or any other vaccination) to Fabiana on that day. Under cross-examination, Dr. Muratore could not prove from his medical records either of Fabiana's rabies vaccinations; instead, Dr. Muratore relied upon his memory of events five and three years earlier in combination with the issuance of the Certificates of Vaccination themselves. Based upon the reliable evidence, it appears that Fabiana was not, in fact, vaccinated for rabies and that the two Certificates of Vaccination and the eight USDA Certificates needed so that Fabiana could be taken by Mr. Nelson to Mexico were false.

(b) Mary Jo Goodman: Ms. Goodman explained that she was employed by an unidentified couple for fifteen years, during which she was responsible for the couple's dogs, including taking the dogs to Dr. Muratore. At hearing, Ms. Goodman testified about one of the dogs, a goldendoodle named Teddy, who was a therapy dog who was taken to libraries to interact with children. Ms. Goodman also testified regarding a second of her employer's dogs named Jerry. On cross-examination, Ms. Goodman testified that maintaining the dogs was one of her job duties for the unidentified couple and that it was important to her, in maintaining the dogs for her unidentified employers, that the dogs be properly vaccinated. Despite her profession of desiring that the dogs be properly vaccinated, the medical records for Jerry show that he was only vaccinated every six years instead of the legally mandated every three years. Ms. Goodman offered no plausible explanation for why Jerry had not been timely vaccinated for rabies, but she did state that Dr. Muratore had not reminded her of Jerry's rabies vaccination status. The medical records for Jerry did not contain records regarding an encounter on June 8, 2020 during which Dr. Muratore purportedly vaccinated Jerry for rabies according to a Certificate of Vaccination issued for Jerry on June 8, 2020, and Ms. Goodman had no recollection of the encounter or whether Jerry had, in fact, received a rabies vaccination. Regarding Teddy, the service dog who interacted with children, the Certificate of Vaccination showed that Teddy received his first puppy rabies vaccination, which was a one-year vaccination, on May 29, 2014 and that he did not receive another rabies vaccination until October 14, 2020, meaning that Teddy did not receive his first booster that should have been administered in May 2015 and that he, in fact, had not been vaccinated for six and one-half years. Ms. Goodman offered no plausible explanation for why Teddy had not been vaccinated for over

six years. Under questioning from a Board member, Ms. Goodman offered no plausible explanation for how Teddy was exposed to giardia, but that in being treated for giardia, it demonstrated that Teddy was exposed to the natural elements since that is how giardia is contracted. Dr. Muratore's medical records regarding Teddy shows an encounter on October 14, 2020, but the records do not include a manufacturer's sticker for the purported rabies vaccine administered that day. Therefore, Dr. Muratore's records do not support and cannot prove that either Jerry or Teddy was vaccinated for rabies and demonstrate a disregard by Dr. Muratore and Ms. Goodman for the legal mandate that both dogs be vaccinated for rabies at all times, including boosters every three years. As with Mr. Nelson, Dr. Muratore's medical records are troubling in view of the salutary public policy supporting the maintenance of every dog's rabies vaccination status, regardless of whether the owners live in a gated community.

(c) Nina Neely: Ms. Neely stated that she had been a client of Dr. Muratore's for four years and that he treated her three Cavalier King Charles Spaniels. Ms. Neely's testimony focused on one of the three dogs named Rhianna. Ms. Neely testified that Dr. Muratore did not vaccinate Rhianna for rabies on June 10, 2021 because Rhianna on that day Rhianna was brought in for cancer surgery and that Rhianna had mitral valve disease. Ms. Neely also testified that despite Dr. Muratore not administering a rabies vaccination, she left his office that day with a Certificate of Vaccination by which Dr. Muratore indicated that he had, in fact, vaccinated Rhianna for rabies that day. Ms. Neely also acknowledged that on June 10, 2021 Dr. Muratore also issued a Certificate of Vaccination for Onyx, another of Ms. Neely's dogs, even though Onyx had not seen or been treated by Dr. Muratore that day. On cross-examination, Ms. Neely conceded that on June 10, 2021, Rhianna was not being seen by Dr. Muratore for a cancer treatment but, instead, was being seen for a lumpectomy, meaning that on June 10, 2021 there was no diagnosis of cancer because the lumpectomy had not even yet been performed. Furthermore, Ms. Neely conceded that Rhianna's Certificate of Vaccination resultant from the visit on June 10, 2021 was false because Rhianna had not, in fact, been vaccinated for rabies, as was also indicated in Dr. Muratore's medical records. Ms. Neely further conceded that when Rhianna's records were sent by LAH to a veterinary facility in Santa Cruz, California, the records that would have been

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

sent would have indicated that Rhianna had been vaccinated for rabies when, in fact, she had not. Dr. Muratore testified that the cause for exemption for Rhianna was that she had been diagnosed with a cancerous growth that would best respond to irradiation therapy. Unfortunately, this representation is untrue because Dr. Muratore's records show that on June 10, 2021, Rhianna was being seen for a lumpectomy, which is a procedure that precedes any diagnosis of a lump, meaning that Rhianna was not, in fact, diagnosed with cancer on June 10, 2021. Dr. Muratore also testified that on June 10, 2021, Rhianna was on immunosuppressant drugs, but Dr. Muratore's records do not indicate any diagnosis of cancer on, prior to, or after June 10, 2021, and the only prescription indicated in Dr. Muratore's medical records for Rhianna was pimobendan, which is a drug for congestive heart failure and is not an immunosuppressant. Dr. Muratore further indicated that his medical records for Rhianna did not indicate that he had exempted Rhianna from a rabies vaccination, much less that there was a valid medical cause to do so. Based upon Dr. Muratore's and Ms. Neely's testimony and Dr. Muratore's own records, the records do not support that there was cause to exempt Rhianna on June 10, 2021 from a rabies vaccination and, therefore, that the two Certificates of Vaccination issued on June 10, 2021 (Rhianna and Onyx) and the Certificates of Vaccination were and are false. This is particularly troubling where the false records were then provided by LAH to a veterinary facility in Santa Cruz, California and where, on their face, the records falsely indicate that Rhianna had been vaccinated for rabies when, in fact, she had not.

(d) Susan Sayegh: Ms. Sayegh was a client of Dr. Muratore's for nine years and he has treated her dogs, including Ricky, the focus of her testimony. Regarding Ricky, Ms. Sayegh testified that Dr. Muratore temporarily exempted Ricky from his due rabies vaccination because Ricky was experiencing diarrhea at the time, and she recalled receiving antibiotics to address the diarrhea. She also remembered that Dr. Muratore gave her a Certificate of Vaccination despite Dr. Muratore not having vaccinated Ricky for rabies. Dr. Muratore's records were directly contrary to Ms. Sayegh's testimony. Dr. Muratore's medical records for February 25, 2022 show her concern with diarrhea for which he was taking no medications, but Dr. Muratore's own handwritten notes indicate, instead, that Ricky was having two bowel movements a day, which would be normal. The medical records document Ms.

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

Sayegh's concern with a growth on Ricky's head, and the medical records in Dr. Muratore's showed "3yr Rabies." The Certificate of Vaccination shows a rabies vaccination was administered on February 25, 2022 and that if that rabies vaccine had, in fact, been administered (which Ms. Sayegh denied), it would have been the first such rabies vaccination in at least seven years. On cross-examination, Ms. Sayegh conceded that Dr. Muratore's medical records and the Certificate of Vaccination were false because no rabies vaccination had been administered on February 25, 2022. More distressing, though, was Ms. Sayegh's testimony that Ricky had gotten into a bloody fight with a dog she was fostering, that she took both dogs to another veterinary facility for emergency treatment, and that at that veterinary facility she did not inform the treating veterinarian that Ricky had not had a rabies vaccination in at least the past seven years. This meant that the veterinarian treating Ricky for the dog fight injuries had no way to know about Ricky's longtime unvaccinated status, and, therefore, had no way to protect himself, his staff, and the other animals in the facilities from a longtime unvaccinated dog who was bleeding at the veterinary facility. On cross-examination, Dr. Muratore testified that he had not administered a rabies vaccination to Ricky on February 25, 2022, and that his handwritten notation "3yr Rabies" was intended to signal that he had ***not*** given the rabies vaccination. Additionally, contrary to Dr. Muratore's testimony that he had been treating Ricky for diarrhea, Dr. Muratore's medical records show that Ricky was not on any medications for his diarrhea. Thus, Dr. Muratore's own presentation proved: (a) that he had a dog under his care for nine years that was allowed to go at least seven years without being vaccinated for rabies; (b) that Dr. Muratore's records were proven false by his own testimony and the testimony of his witness; (c) that Dr. Muratore's longtime unvaccinated patient was taken to another veterinary facility bleeding from a dog fight under circumstances where the treating veterinarian and facility had not way to know that their emergency patient was longtime unvaccinated; and (4) that had the treating veterinarian checked Ricky's medical records, he would have concluded that Ricky was vaccinated when, in fact, he was not. Under examination by his counsel, Dr. Muratore explained that in his medical records there are sometimes manufacturer's stickers for rabies vaccinations and that sometimes there are no stickers for rabies vaccinations because the stickers get torn, fall off, get lost, or are given to the clients. These explanations regarding the stickers appear

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

untrue or implausible and exhibit a troubling and cavalier attitude regarding rabies vaccinations which are mandatory for salutary public policy reasons.

14. Dr. Muratore's records were entirely unreliable as evidence of what rabies vaccinations he did or did not administer. For example, Dr. Muratore testified that his handwritten notation "3yr Rabies" meant that he had administered the vaccination sometimes and that he had not administered the vaccination at other times, rendering such notations throughout the 143 medical records meaningless. Both Dr. Muratore and many of his witnesses conceded that Dr. Muratore's records were false. The patient records of Dr. Muratore's witnesses ran the gamut of concerns noted by Dr. Crumley during his testimony: Mr. Nelson (Fabiana) and Ms. Goodman (Jerry) received Certificates of Vaccination (and Fabiana multiple international certificates of health) for dates on which the dogs were not even at LAH, Ms. Sayegh (Ricky) was an example of a medical record showing a rabies vaccination with no corresponding manufacturer's sticker, and Ms. Neely (Rhianna) was an example of a date on which a patient was seen by Dr. Muratore and a Certificate of Vaccination was issued where there is no indication in the medical record that a rabies vaccination was administered. Dr. Muratore testified extensively about granting exemptions from rabies vaccinations to his patients for "health reasons," but he also admitted he did not know about the regulation allowing for such exemptions until this disciplinary action was initiated and there is not a single word in any of the 143 records examined in this matter about him considering or granting an exemption for any of the 143 patients at issue. Dr. Muratore testified at length about contradictory and unsubstantiated scientific claims related to rabies vaccinations where such understanding and knowledge is irrelevant because the law enjoins on all of Nevada's veterinarians the duty to actively participate in the protection of the public by mandatorily giving rabies vaccinations to all dogs, cats, and ferrets.

15. Taken as a whole, the presentations of the parties amply demonstrated that Dr. Muratore routinely issued Certificates of Vaccination for animals that he had not, in fact, vaccinated for rabies. Dr. Muratore's medical records were replete with false representations indicating the administration of rabies vaccinations when he had not administered such. Each Certificate of Vaccination issued by Dr. Muratore where he had not, in fact, administered the rabies vaccine is also false. Dr. Muratore's

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

explanations about when and why he would 'exempt' an animal from the rabies vaccine varied situationally, were not borne out in the medical records he made, were at variance with the actual contents of the records he made and were not grounded in extant medical standards such as were provided by the AVMA. Dr. Muratore's practice regarding rabies vaccination demonstrates, overall, a disconcerting lack of knowledge, skill, or care regarding the critical part Nevada's veterinarians play in protecting the public and its animals from rabies through the routine and mandatory vaccination of virtually all animals brought to them.

CONCLUSIONS OF LAW

1. The Board has jurisdiction over this matter because at all times pertinent to this matter Dr. Muratore was a veterinarian licensed by the Board (License No. 551-A).

2. In the Accusation in this matter, Dr. Muratore was charged with violations of Nevada Revised Statutes (NRS) 628.140(1) and/or NRS 638.140(8) and/or NRS 638.1402(4) and/or NRS 638.1408(4) and/or Nevada Administrative Code (NAC) 638.048(1) and/or NAC 638.048(2) and/or NAC 638.048(4). Furthermore, the Accusation made it patent that each failure to vaccinate an animal and each certification of having done so constitutes a separate violation of the statutes and regulations cited within this paragraph and, therefore, constitutes a separate and distinct cause for discipline.

3. The substantial, reliable, and credible evidence at hearing proved that Dr. Muratore violated NRS 638.140(1) by violating regulations adopted by the Board as will be detailed in subsequent paragraphs.

4. The substantial, reliable, and credible evidence at hearing proved that Dr. Muratore violated NRS 638.140(8) by willfully vailing to comply with the standard of care established by the American Veterinary Medical Association (AVMA). In particular, Dr. Muratore's descriptions of why and how he exempted animals from the rabies vaccination were not in conformance with the JAVMA's Compendium of Animal Rabies Prevention and Control, 2016 and the AVMA Policy entitled Annual rabies vaccination waiver, both of which were received into evidence at the hearing.

5. The substantial, reliable, and credible evidence at hearing proved that Dr. Muratore violated NRS 638.1402(4) in that Dr. Muratore's practice of issuing Certificates of Vaccination where he knew

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

that he had not, in fact, vaccinated the animals was conduct likely to deceive recipients of those certificates and was conduct likely to harm the public because Dr. Muratore was disseminating information concerning his services – namely the administration of rabies vaccinations – which was false and which he knew to be false at the time that he issued the certificates.

6. The substantial, reliable, and credible evidence at hearing proved that Dr. Muratore violated NRS 638.1408(4) in that Dr. Muratore made reports, namely Certificates of Vaccination and international certificates of health, certifying that he had administered rabies vaccinations to animals that he knew he had not, in fact, vaccinated, and in so certifying, all of these certificates were false.

7. The substantial, reliable, and credible evidence at hearing proved that Dr. Muratore violated NAC 638.048(1) in that he falsified records of health care every time he indicated in his medical records that he had vaccinated an animal for rabies where he had not, in fact, done so and every time he certified on a Certificate of Vaccination or USDA Certificate that he had vaccinated an animal for rabies when, in fact, he had not.

8. The substantial, reliable, and credible evidence at hearing proved that Dr. Muratore violated NAC 638.048(2) in that he indicated in his medical records and in Certificates of Vaccination and USDA Certificates that he had performed procedures, namely the administration of rabies vaccinations to animals, that he had not, in fact, performed.

9. The substantial, reliable, and credible evidence at hearing proved that Dr. Muratore violated NAC 638.048(4) in that his consistent practice of not administering rabies vaccines to animals in his care and then indicating in his medical records and subsequent Certificates of Vaccination and international health certificates for those animal in which he certified that he had done what he had, in fact, not done was a serious departure from the prevailing standards of acceptable veterinary medical practice.

10. The substantial, reliable, and credible evidence at hearing compels the conclusion that Dr. Muratore made a regular practice of not administering rabies vaccinations to animals in his care and then indicating in his medical records and certifying in official documents that he had, in fact, administered the rabies vaccination. This conduct is deeply troubling for two reasons. First, the

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

statutes, regulations, and ordinances reviewed at the hearing indicate that the Nevada Legislature, the State Department of Health, and the governing boards of the various local jurisdictions as well as the AVMA Compendium that is incorporated by reference into these laws all hinge Nevada's rabies control and prevention efforts upon an implicit trust in the reliability and veracity of Nevada's veterinarians. Dr. Muratore repeatedly and regularly betrayed this public trust. Second, the Board, patients, public agencies, international agencies, and fellow veterinarians must be able to depend upon and trust the veracity of Dr. Muratore's medical records and certifications because important decisions relating to the patients under Dr. Muratore's care will be made based upon his medical records. Dr. Muratore repeatedly and regularly betrayed this trust and duty of a veterinarian by making false medical records and certificates indicating he had administered rabies vaccinations to animals that he had not, in fact, vaccinated. We conclude that these violations of trust by Dr. Muratore were intentional, willful, and, therefore, of the highest concern as to his reliability, credibility, and veracity.

ORDER

Based upon the above findings of fact and conclusions of law, the Board hereby orders the following:

1. Dr. Muratore's license (License No. 551-A) is suspended for 18 months commencing on March 14, 2022. During this period of suspension, the following terms and conditions will apply:

(a) With the sole exception of his own personal animals, Dr. Muratore may not perform any act upon an animal in Nevada for which licensure would be required or that would otherwise constitute the practice of veterinary medicine. During this period of suspension, Dr. Muratore may not be in any veterinary facility except in the context of being the owner of an animal in need of care.

(b) Board Staff shall obtain from LAH a list of all clients and animals for which the records show that Dr. Muratore administered a rabies vaccination for the period of March 14, 2018 to present. Board Staff shall provide a copy of the list to Dr. Muratore. Within 15 days of having been provided a copy of the list, Dr. Muratore shall notify each client regarding each animal on the list that the animal may not have received a rabies vaccination and that each client is instructed that if the client has not received a rabies vaccination from another veterinarian since the one shown for Dr. Muratore the client

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

should immediately take his or her animal(s) to another veterinarian to receive a rabies vaccination. Before Dr. Muratore mails or e-mails the notification, he shall provide his intended text to Board Staff and shall not mail or e-mail the text to the clients until he and Board Staff have reached agreement as to the text. Dr. Muratore shall mail or e-mail each client at his own cost, and shall notify Board Staff the date on which he has done so.

(c) During the period of suspension, Dr. Muratore shall pay the Board's fees and costs totaling $54,216.43 by check, money order, credit card, or certified or cashier's check made payable to "Nevada State Board of Veterinary Medical Examiners." The fees and costs ordered in this paragraph must be received by the Board office no later than September 30, 2022.

(d) During the period of suspension, Dr. Muratore shall pay a fine of $36,000.00 ($1,000 for each of the 36 animals for whom he issued Certificates of Vaccination on days on which the animals were not at LAH) by check, money order, credit card, or certified or cashier's check made payable to "Nevada State Board of Veterinary Medical Examiners." The fine ordered in this paragraph must be received by the Board office by the end of the suspension period.

(e) Dr. Muratore's suspension will continue if: (1) Dr. Muratore has not cooperated and assisted with the notification of the clients; (2) Dr. Muratore has not paid all the costs related to the forensic document review ordered in subparagraph 1(b); (3) Dr. Muratore has not paid timely the fees and costs ordered in subparagraph 1(c); or (d) Dr. Muratore has not paid the fine ordered in subparagraph 1(d).

(f) If Dr. Muratore breaches any of the terms or conditions of his suspension above, Board Staff shall commence disciplinary action seeking the revocation of Dr. Muratore's license thereby. If Dr. Muratore's license is thereby revoked, all monies ordered or due and owing as a result of subparagraphs 1(b) – 1(d) above shall immediately become due and owing.

2. After the period of suspension terminates, Dr. Muratore's license shall be on probation for a period of one year. The terms and conditions of the probations shall be:

(a) Dr. Muratore shall shadow one or more general practice veterinarians in their practices for 80 hours. The Board's office shall submit to Dr. Muratore the name or names of veterinarians with whom he could shadow, and Dr. Muratore shall notify the Board's Executive Director with which

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

veterinarians he will shadow. The shadowing veterinarian or veterinarians shall provide to the Board's office an accounting for the days and times at which Dr. Muratore shadowed with them. The intent of the shadowing under this subparagraph is to have Dr. Muratore relearn and understand how other general practice veterinarians handle day-to-day tasks, including vaccinations, and how they make medical records related thereto.

(b) Dr. Muratore shall bear and pay all costs associate with the shadowing ordered herein.

(c) The period of probation shall continue beyond one year until Dr. Muratore completes fully and successfully the terms of probation. If Dr. Muratore fails to complete fully and successfully any of the terms of probation for more than six months after the probation was otherwise due to terminate, Dr. Muratore's license will immediately thereafter be revoked upon written notification of the Board's Executive Director and without further action by the Board.

(d) After Dr. Muratore has successfully and fully completed the terms and conditions of probation, this matter will be placed upon the Agenda of the next regularly scheduled Board meeting at which Dr. Muratore will appear before the Board so the Board can ask pertinent questions and obtain pertinent information and documents regarding Dr. Muratore's return to practice, and if the Board finds that Dr. Muratore can safely and ethically return to practice, the Board shall terminate the probation and this Order.

3. Dr. Muratore shall take and successfully complete 80 hours of continuing education related to medical ethics, medical recordkeeping, and rabies prevention and exemptions in small animals. The 80 hours of continuing education in this subparagraph must be completed by the end of the period of probation and cannot count as part of the continuing education obligation to renew his license.

4. Dr. Muratore shall meet with, cooperate with, and allow the review of any and all records related to his practice of veterinary medicine throughout the period of suspension and the period of probation. Failure to so cooperate will result in Board Staff's pursuing disciplinary action to revoke Dr. Muratore's license.

ORDERED AND EFFECTIVE this _____ day of July 21, 2022.

BOARD OF VETERINARY MEDICAL EXAMINERS

IN THE MATTER OF: **TERRY MURATORE, D.V.M.,** **License No. 551-A,** **Respondent.**	**Case No. 03-2022DVM-10** **JOINT STIPULATION AND ORDER RE: RESPONDENT'S PETITION FOR RECONSIDERATION**

BACKGROUND FOR JOINT STIPULATION

This matter was heard by the Nevada State Board of Veterinary Medical Examiners on April 29 and May 14, 2022 in Las Vegas, Nevada. Board Staff was represented by Louis Ling, and Dr. Muratore was represented by Alan Westbrook of Perry & Westbrook.

On August 24, 2022, the hearing panel of the Board issued its Findings of Fact, Conclusions of Law, and Order (the Order), which was subsequently served by mail on the parties on August 31, 2022.

On September 8, 2022, Dr. Muratore filed a Petition for Reconsideration. By the Petition, Dr. Muratore sought the hearing panel's reconsideration of various portions of the discipline imposed in the Order, mostly on the basis that the Order caused certain negative financial impacts that were unknown to the hearing panel at the time that it imposed the Order.

Subsequent to September 8, 2022, Board Staff and Dr. Muratore engaged in discussions and negotiations in an attempt to address and resolve the concerns with the Order raised in the Petition and to avoid further legal proceedings in the matter. The parties reached certain agreements and understandings that would modify some provisions of the Order as set out herein. The parties now ask the hearing panel for its consideration, and if it is the will of the panel, its modification of the Order as set out below.

JOINT PROPOSED AMENDMENT OF ORDER

The entirety of the "Discipline" section of the Order is set out below shall be amended as follows as noted in yellow highlighting:

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

1. Dr. Muratore's license (License No. 551-A) is suspended for ~~18~~ 12 months commencing on March 14, 2022. During this period of suspension, the following terms and conditions will apply:

(a) With the sole exception of his own personal animals or as otherwise allowed in subparagraph (aa) following, Dr. Muratore may not perform any act upon an animal in Nevada for which licensure would be required or that would otherwise constitute the practice of veterinary medicine. During this period of suspension, Dr. Muratore may not be in any veterinary facility except in the context of being the owner of an animal in need of care.

(aa) If Dr. Muratore opts to perform 360 hours of volunteer work pursuant to subparagraph (1)(d) below, he shall so notify the Board office. Though the parties intend that Dr. Muratore will complete the 360 hours during the period of suspension, if that cannot be accomplished Dr. Muratore will so notify the Board office. In order to do so, Dr. Muratore must inform Board Staff of the non-profit facility at which he will be providing volunteer services before commencing any such volunteer work, and he may not commence any such work until he has received approval from Board Staff. During such volunteer work, Dr. Muratore may not be the only veterinarian on duty at any time while he is providing volunteer services. During such volunteer work, Dr. Muratore could not exempt any animal from rabies vaccination, and if he identified an animal for whom he believed an exemption was necessary and proper, he would refer the animal to another veterinarian for his or her assessment. The referred veterinarian would make a determination to vaccinate or to exempt from vaccination the animal referred by Dr. Muratore independently of Dr. Muratore. Before performing any volunteer work, Dr. Muratore would provide a current certificate of malpractice insurance if malpractice insurance can be obtained during a period of suspension. If Dr. Muratore cannot obtain malpractice insurance during a period of suspension, he shall so notify the Board office and any non-profit facility at which he intends to work. Dr. Muratore will obtain from the non-profit facility a document accounting for the dates, times, and work performed for that non-profit facility, which certificate Dr. Muratore would then provide to Board Staff.

(b) Board Staff shall obtain from LAH a list of all clients and animals for which the records show that Dr. Muratore administered a rabies vaccination for the period of March 14, 2018 to present. Board Staff shall provide a copy of the list to Dr. Muratore. Within 15 days of having been provided a copy of the list, Dr. Muratore shall notify each client regarding each animal on the list that the animal may not have received a rabies vaccination and that each client is instructed that if the client has not received a rabies vaccination from another veterinarian since the one shown for Dr. Muratore the client should immediately take his or her animal(s) to another veterinarian to receive a rabies vaccination. Before Dr. Muratore mails or e-mails the notification, he shall provide his intended text to Board Staff and shall not mail or e-mail the text to the clients until he and Board Staff have reached agreement as to the text. Dr. Muratore shall mail or e-mail each client at his own cost, and shall notify Board Staff the date on which he has done so.

(c) ~~During the period of suspension, Dr. Muratore shall pay the Board's fees and costs totaling $54,216.43 by check, money order, credit card, or certified or cashier's check made payable to "Nevada State Board of Veterinary Medical Examiners." The fees and costs ordered in this paragraph must be received by the Board office no later than September 30, 2022.~~

(d) During the period of suspension, Dr. Muratore shall either: (1) pay a fine of $36,000.00 ($1,000 for each of the 36 animals for whom he issued Certificates of Vaccination on days on which the animals were not at LAH) by check, money order, credit card, or certified or cashier's check made payable to "Nevada State Board of Veterinary Medical Examiners"; or (2) perform 360 hours of volunteer services for a non-profit veterinary facility pursuant to the terms and conditions in subparagraph (aa) above. The fine ordered in this paragraph must be received by the Board office by the end of the suspension period.

(e) Dr. Muratore's suspension will continue if: (1) Dr. Muratore has not cooperated and assisted with the notification of the clients~~; (2) Dr. Muratore has not paid all the costs related to the forensic document review ordered in subparagraph 1(b); (3) Dr. Muratore has not paid timely the fees and costs ordered in subparagraph 1(c); or (d)~~ or if Dr. Muratore has opted to pay

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

the fine rather than perform the 360 volunteer hours, Dr. Muratore has not paid the fine ordered in subparagraph 1(d).

(f) If Dr. Muratore breaches any of the terms or conditions of his suspension above, Board Staff shall commence disciplinary action seeking the revocation of Dr. Muratore's license thereby. If Dr. Muratore's license is thereby revoked, all monies ordered or due and owing ~~as a result of subparagraphs 1(b) – 1(d) above~~ shall immediately become due and owing.

2. After the period of suspension terminates, Dr. Muratore's license shall be on probation for a period of ~~one year~~ three years. The terms and conditions of the probations shall be:

(a) Dr. Muratore shall shadow one or more general practice veterinarians in their practices for 80 hours. The Board's office shall submit to Dr. Muratore the name or names of veterinarians with whom he could shadow, and Dr. Muratore shall notify the Board's Executive Director with which veterinarians he will shadow. A veterinarian with whom Dr. Muratore could shadow could be a veterinarian at a veterinary facility at which Dr. Muratore was employed or working. The shadowing veterinarian or veterinarians shall provide to the Board's office an accounting for the days and times at which Dr. Muratore shadowed with them. The intent of the shadowing under this subparagraph is to have Dr. Muratore relearn and understand how other general practice veterinarians handle day-to-day tasks, including vaccinations, and how they make medical records related thereto.

(aa) When Dr. Muratore commences working as a veterinarian during the period of probation, Dr. Muratore's work as a veterinarian shall be subject to the following terms and conditions: (1) Dr. Muratore may not be the only veterinarian on duty at any time while he is providing volunteer services; (2) Dr. Muratore could not exempt any animal from rabies vaccination, and if he identified an animal for whom he believed an exemption was necessary and proper, he would refer the animal to another veterinarian for his or her assessment, and the referred veterinarian would make a determination to vaccinate or to exempt from vaccination the animal referred by Dr. Muratore independently of Dr. Muratore; (3) Dr. Muratore would

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

provide a current certificate of malpractice insurance to Board Staff when he commences work and within one week after each annual renewal thereof; (4) Dr. Muratore would provide to Board Staff on a quarterly basis a list of all veterinary facilities at which he worked as a veterinarian for the preceding quarter, including a listing of dates and shifts at which he was employed at each facility.

(aaa) If Dr. Muratore is otherwise in compliance with all the terms of probation set out herein, at the end of eighteen full months of probation he may petition the hearing panel to terminate subparagraph (aa)(1) and, if the hearing panel so allows, thereafter he may work in a veterinary facility as the only veterinarian on duty throughout the remainder of the probationary period.

(b) Dr. Muratore shall bear and pay all costs associate with the shadowing ordered herein.

(bb) Dr. Muratore shall pay the Board's fees and costs totaling $54,216.43 by check, money order, credit card, or certified or cashier's check made payable to "Nevada State Board of Veterinary Medical Examiners." The fees and costs ordered in this paragraph shall be paid in 11 installments of $4,500.00 and a final installment of $4,716.43, all to be received by the Board office no later than the last day of each quarter after the first payment, which is due on March 30, 2023.

(c) The period of probation shall continue beyond ~~one year~~ three years until Dr. Muratore completes fully and successfully the terms of probation. If Dr. Muratore fails to complete fully and successfully any of the terms of probation for more than six months after the probation was otherwise due to terminate, Dr. Muratore's license will immediately thereafter be revoked upon written notification of the Board's Executive Director and without further action by the Board.

(d) After Dr. Muratore has successfully and fully completed the terms and conditions of probation, this matter will be placed upon the Agenda of the next regularly scheduled Board meeting at which Dr. Muratore will appear before the Board so the Board can ask pertinent

NEVADA STATE BOARD OF VETERINARY MEDICAL EXAMINERS • 4600 Kietzke Lane, Building O, Suite 265 • Reno, Nevada 89502 • (775) 688-1788

questions and obtain pertinent information and documents regarding Dr. Muratore's return to practice, and if the Board finds that Dr. Muratore can safely and ethically return to practice, the Board shall terminate the probation and this Order.

~~3.~~ (e) Dr. Muratore shall take and successfully complete 80 hours of continuing education related to medical ethics, medical recordkeeping, and rabies prevention and exemptions in small animals. The 80 hours of continuing education in this subparagraph must be completed by the end of the period of probation and cannot count as part of the continuing education obligation to renew his license.

~~4.~~ 3. Dr. Muratore shall meet with, cooperate with, and allow the review of any and all records related to his practice of veterinary medicine throughout the period of suspension and the period of probation. Failure to so cooperate will result in Board Staff's pursuing disciplinary action to revoke Dr. Muratore's license.

The parties further stipulate that this Joint Stipulation will be presented to the hearing panel of Board at its special meeting on September 29, 2022 and that if the hearing panel of the Board agrees to this Stipulation and Order, Dr. Muratore will thereafter waive his right to seek judicial review of the Order.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **CVS PHARMACY #9967,** **Pharmacy License No. PH01250, and** **MIHRETEAB TESEMA, RPH,** **Certificate of Registration No. 18570,** **Respondents.**	**CASE NOS. 19-049-PH-S** **19-049-RPH-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Mihreteab Tesema, RPH (Tesema), Certificate of Registration No. 18570, was a pharmacist registered with the Board, and Respondent CVS Pharmacy #9967, Pharmacy License No. PH01250, was a pharmacy licensed by the Board.

2. By Board order entered January 10, 2018, in Case No. 17-032-RPH-S, Tesema stipulated to discipline including a public reprimand and a fine for prescription dispensing errors.

FACTUAL ALLEGATIONS

3. Tesema was employed as a staff pharmacist by CVS Pharmacy #9967 at the time of the events alleged herein.

4. On or about February 22, 2019, Dr. G.C. submitted an electronic prescription to CVS Pharmacy #9967 for patient D.T. for budesonide 1mg/2ml inhalation suspension for 1 bottle with directions to take 4ml daily with 6 refills: no further directions nor days' supply were specified on the prescription. CVS computer system designated this prescription no. 591151.

5. Pharmaceutical technician Liss Ocampo performed data entry for 60ml (1 box) for a 15-day supply with directions to use 2-unit doses (a total of 4ml) via nebulizer every day. RPh Tesema performed data entry verification, pharmaceutical technician Lizeth Perez-Bailon filled the prescription, Tesema performed final verification and prescription no. 591151 was dispensed to patient D.T. on February 26, 2019.

6. On or about February 27, 2019, the prescriber's office contacted Tesema and clarified that the prescription called for two (2) boxes for a 30-day supply with directions to take orally 4ml per day.

COUNT ONE

Error in Dispensing Prescription/Unprofessional Conduct

(Respondent Tesema)

7. Unprofessional conduct includes failing to confer with the person writing or ordering a prescription if there is an error or omission which should be questioned. NAC 639.945(1)(e). Unprofessional conduct also includes a licensee performing his or her duties in an "incompetent, unskillful, or negligent manner." NAC 639.945(1)(i).

8. If a pharmaceutical technician performs one or more of the functions necessary to prepare a prescription, the pharmacist supervising the pharmaceutical technician is responsible for the filled prescription. NAC 639.252 and NAC 639.702

9. Tesema engaged in unprofessional conduct as defined in NAC 639.945(1)(e) and/or (i) when he failed to contact the prescriber for clarification on prescription no. 591151 and is therefore subject to discipline pursuant to NAC 639.252, NAC 639.702, NRS 639.210(4) and/or (12).

COUNT TWO

Pharmacy/Pharmacy Owner Responsibility

(Respondent CVS Pharmacy #9967)

10. Any violation of any of the provisions of NRS Chapter 639 by a managing pharmacist or by personnel of the pharmacy is cause for the suspension or revocation of the license of the pharmacy by the Board. NRS 639.230(5); NAC 639.702. Further, the owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(2).

11. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Respondent CVS Pharmacy #9967 is responsible for those violations, including all errors and omissions of Tesema and the pharmaceutical technicians, pursuant to NRS 639.230(5), NAC 639.702 and/or NAC 639.945(2).

WHEREFORE, it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the pharmacy license and certificate of registration of these Respondents.

Signed this 16th day of NOVEMBER 2023.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **CVS PHARMACY #9967,** **Pharmacy License No. PH01250,** **Respondent.**	**CASE NO. 19-049-PH-S** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy ("Board") by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation ("Accusation") has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you.

2. **A hearing on the Accusation filed against you has been scheduled before the Board for Wednesday, January 17, 2024, at 9:00 AM PST, or soon thereafter at the following location:**

Hilton Garden Inn Las Vegas Strip South
7830 S. Las Vegas Blvd
Las Vegas, NV 89123

3. At the hearing, you have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). At the hearing, you are entitled to present argument and evidence including witness testimony on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241; NRS 639.246. To do so, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, within twenty (20) days of your receipt of this Statement and Notice, and the Accusation. NRS 622A.320; NRS 639.243.

You may file your answer electronically by emailing a copy of your Answer and Notice of Defense to the Board's coordinating staff and its prosecuting attorney at the email addresses below:

TeamBC@Pharmacy.nv.gov and bkandt@pharmacy.nv.gov

Alternatively, you may file your Answer and Notice of Defense by mailing two (2) copies to Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. Upon receipt of your Answer and Notice of Defense, a file stamped copy will be returned to you.

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. Error in Dispensing Prescription/Unprofessional Conduct

(Respondent Tesema)

7. Unprofessional conduct includes failing to confer with the person writing or ordering a prescription if there is an error or omission which should be questioned. NAC 639.945(1)(e). Unprofessional conduct also includes a licensee performing his or her duties in an "incompetent, unskillful, or negligent manner." NAC 639.945(1)(i).

8. If a pharmaceutical technician performs one or more of the functions necessary to prepare a prescription, the pharmacist supervising the pharmaceutical technician is responsible for the filled prescription. NAC 639.252 and NAC 639.702

9. Tesema engaged in unprofessional conduct as defined in NAC 639.945(1)(e) and/or (i) when he failed to contact the prescriber for clarification on prescription no. 591151 and is therefore subject to discipline pursuant to NAC 639.252, NAC 639.702, NRS 639.210(4) and/or (12).

COUNT TWO

Pharmacy/Pharmacy Owner Responsibility

(Respondent CVS Pharmacy #9967)

10. Any violation of any of the provisions of NRS Chapter 639 by a managing pharmacist or by personnel of the pharmacy is cause for the suspension or revocation of the license of the pharmacy by the Board. NRS 639.230(5); NAC 639.702. Further, the owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(2).

11. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Respondent CVS Pharmacy #9967 is responsible for those violations, including all errors and omissions of Tesema and the pharmaceutical technicians, pursuant to NRS 639.230(5), NAC 639.702 and/or NAC 639.945(2).

WHEREFORE, it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the pharmacy license and certificate of registration of these Respondents.

Signed this 16th day of NOVEMBER 2023.

Brett Kandt, General Counsel for Petitioner the Nevada State Board of Pharmacy (Board), Respondent Mihreteab Tesema, RPh (Tesema), Certificate of Registration No. 18570, and Respondent CVS Pharmacy #9967, Pharmacy License No. PH01250, **HEREBY STIPULATE AND AGREE THAT**:

1. On or about November 16, 2023, Respondents were served with the Notice of Intended Action and Accusation (Accusation) on file in this matter together with the Statement to Respondent and Notice of Hearing.

2. Respondents are fully aware of the right to seek the advice of counsel in this matter prior to entering into this Stipulation.

3. Respondents are aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration, the right to appeal and any and all other rights which may be accorded pursuant to NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

4. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondents have failed to comply with the provisions of this Stipulation, Respondents hereby knowingly and voluntarily waive the rights to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded by NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

5. Respondents do not contest the allegations in the Accusation, but acknowledge that Board staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the violations alleged therein, *to wit,* that:

A. Tesema engaged in unprofessional conduct as defined in NAC 639.945(1)(e) and/or (i) when he failed to contact the prescriber for clarification on prescription no. 591151 and is therefore subject to discipline pursuant to NAC 639.252, NAC 639.702, NRS 639.210(4) and/or (12); and

B. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Respondent CVS Pharmacy #9967 is responsible for those violations, including all errors and omissions of Tesema and pharmaceutical technicians Liss Ocampo and Lizeth Perez-Bailon, pursuant to NRS 639.230(5), NAC 639.702 and/or NAC 639.945(2).

6. Those violations are plead with particularity in the Accusation and grounds for action pursuant to NRS 639.210 and NRS 639.255.

7. To resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent Mihreteab Tesema, RPh, Certificate of Registration No. 18570, stipulate to the following penalties:

A. Pursuant to NRS 639.255(1)(f) and NAC 639.955(5), Respondent Tesema shall pay a fine of One Thousand Dollars ($1,000.00) for the violations; and

B. Pursuant to NRS 622.400, Respondent Tesema shall pay Five Hundred Dollars ($500.00) to partially reimburse the Board for recoverable attorney's fees and investigative costs.

8. To resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent CVS Pharmacy #9967, Pharmacy License No. PH01250, stipulate to the following penalties:

A. Pursuant to NRS 639.255(1)(f) and NAC 639.955(5), Respondent CVS Pharmacy #9967 shall pay a fine of Two Thousand Dollars ($2,000.00) for the violations; and

B. Pursuant to NRS 622.400, Respondent CVS Pharmacy #9967 shall pay One Thousand Dollars ($1,000.00) to partially reimburse the Board for recoverable attorney's fees and investigative costs.

9. Any failure by any Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing the non-compliant Respondent(s) to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by any Respondent, the Board may impose additional discipline upon the non-compliant Respondent(s) consistent with the provisions of NRS Chapter 639.

10. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on March 6, 2024. Respondents will appear in person at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondents or counsel are not present at the meeting.

11. The Board has discretion to accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 USC § 1396r–2 and 45 CFR Part 60.

12. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board at a later date. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

13. Upon approval of this Stipulation by the Board, Respondents shall pay the fines agreed to herein by personal, business, certified or cashier's check or money order made payable to "State of Nevada, Office of the Treasurer," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) days of entry of this Order.

14. Upon approval of this Stipulation by the Board, Respondents shall pay the attorney's fees and investigative costs agreed to herein by personal, business, certified or cashier's check or money order made payable to the "Nevada State Board of Pharmacy" to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) days of entry of this Order.

15. Subject to the approval of this Stipulation by the Board, the Board and Respondents agree to release one another from any and all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondents have fully considered the charges and allegations contained in the *First Amended Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and have knowingly and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **ASP CARES PHARMACY,** **Pharmacy License No. PH03347, and** **VENUS VEDADI, RPH,** **Certificate of Registration No. 18969,** **Respondents.**	**CASE NOS. 19-011-PH-S** **19-011-RPH-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Venus Vedadi, RPh (Vedadi), Certificate of Registration No. 18969, was a pharmacist registered with the Board, and Respondent ASP Cares Pharmacy, Pharmacy License No. PH03347, was a pharmacy licensed by the Board.

2. By Board order entered October 10, 2018, in Case No. 17-112-RPH-S, Vedadi stipulated to discipline including a fine for unauthorized access of the Prescription Monitoring Program (PMP) database.

FACTUAL ALLEGATIONS

3. Vedadi was employed as managing pharmacist by ASP Cares Pharmacy at the time of the events alleged herein.

4. Vedadi and ASP Cares Pharmacy provided preprinted prescription blanks with ASP Cares Pharmacy information to Kindred Outpatient Wound Care Hospital, located at 5110 W. Sahara Avenue in Las Vegas, directing the prescribing practitioner to fax the prescription to ASP Cares Pharmacy.

5. On or about October 29, 2018, in the course of filling and dispensing prescription no. 170875, and again on December13, 2018, in the course of filling and dispensing prescription no. 174758, both for patient M.K., Vedadi erroneously entered the name of Dr. L.R. on the illegal preprinted prescription blank form as the prescribing practitioner.

6. On or about January 7, 2019, in the course of filling and dispensing prescription no. 176440, submitted on the illegal preprinted prescription blank form, Vedadi erroneously dispensed six (6) 30g tubes of Santyl Ointment to patient L.M. rather than one (1) 30g tube as prescribed by Dr. L.R.

COUNT ONE

Violation of Statutory Prohibition Against Unearned Rebate/Inducement
(Respondents Vedadi and ASP Cares Pharmacy)

7. The furnishing to a practitioner by a pharmacist or a pharmacy of prescription blanks bearing the name or name and address of any pharmacy is an unearned rebate and an inducement to refer patients to such pharmacist or pharmacy. NRS 639.264(2).

8. A managing pharmacist is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy. NRS 639.210(12) and (15); NRS 639.220(1).

9. Vedadi and ASP Care Pharmacy violated NRS 639.264(2) by providing preprinted prescription blanks with ASP Cares Pharmacy information to Kindred Wound Care Hospital directing the prescribing practitioner to fax the prescription to ASP Cares Pharmacy, and are subject to discipline pursuant to NRS 639.210(12) and (15), NRS 639.220(1) and/or NRS 639.230(5).

COUNT TWO

Error in Dispensing Prescription/Unprofessional Conduct

(Respondent Vedadi)

10. Unprofessional conduct includes failing to strictly follow the instructions of a practitioner when filling, labeling, and dispensing a prescription. NAC 639.945(1)(d). Unprofessional conduct also includes failing to confer with the person writing or ordering a prescription if there is an error or omission which should be questioned. NAC 639.945(1)(e). Unprofessional conduct also includes a licensee performing his or her duties in an "incompetent, unskillful, or negligent manner." NAC 639.945(1)(i).

11. If a pharmaceutical technician performs one or more of the functions necessary to prepare a prescription, the pharmacist supervising the pharmaceutical technician is responsible for the filled prescription. NAC 639.252 and NAC 639.702

12. Vedadi engaged in unprofessional conduct as defined in NAC 639.945(1)(d), (e) and/or (i) when she and/or pharmaceutical technicians under her supervision committed errors in the course of filling and dispensing prescription nos. 170875, 174758 and 176440, and is subject to discipline pursuant to NAC 639.252, NAC 639.702, NRS 639.210(4) and/or (12).

COUNT THREE

Pharmacy/Pharmacy Owner Responsibility

(Respondent ASP Cares Pharmacy)

13. Any violation of any of the provisions of NRS Chapter 639 by a managing pharmacist or by personnel of the pharmacy is cause for the suspension or revocation of the license of the pharmacy by the Board. NRS 639.230(5); NAC 639.702. Further, the owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(2).

14. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Respondent ASP Cares Pharmacy is responsible for those violations, including all

errors and omissions of Vedadi and the pharmaceutical technicians, pursuant to NRS 639.230(5), NAC 639.702 and/or NAC 639.945(2).

WHEREFORE, it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the pharmacy license and certificate of registration of these Respondents.

Signed this 2nd day of January, 2024.

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Venus Vedadi, RPh (Vedadi), Certificate of Registration No. 18969, was a pharmacist registered with the Board, and Respondent ASP Cares Pharmacy, Pharmacy License No. PH03347, was a pharmacy licensed by the Board.

2. By Board order entered October 10, 2018, in Case No. 17-112-RPH-S, Vedadi stipulated to discipline including a fine for unauthorized access of the Prescription Monitoring Program (PMP) database.

FACTUAL ALLEGATIONS

3. Vedadi was employed as managing pharmacist by ASP Cares Pharmacy at the time of the events alleged herein.

4. Vedadi and ASP Cares Pharmacy provided preprinted prescription blanks with ASP Cares Pharmacy information to Kindred Outpatient Wound Care Hospital, located at 5110 W. Sahara Avenue in Las Vegas, directing the prescribing practitioner to fax the prescription to ASP Cares Pharmacy.

5. On or about October 29, 2018, in the course of filling and dispensing prescription no. 170875, and again on December13, 2018, in the course of filling and dispensing prescription no. 174758, both for patient M.K., Vedadi erroneously entered the name of Dr. L.R. on the illegal preprinted prescription blank form as the prescribing practitioner.

6. On or about January 7, 2019, in the course of filling and dispensing prescription no. 176440, submitted on the illegal preprinted prescription blank form, Vedadi erroneously dispensed six (6) 30g tubes of Santyl Ointment to patient L.M. rather than one (1) 30g tube as prescribed by Dr. L.R.

COUNT ONE

Violation of Statutory Prohibition Against Unearned Rebate/Inducement
(Respondents Vedadi and ASP Cares Pharmacy)

7. The furnishing to a practitioner by a pharmacist or a pharmacy of prescription blanks bearing the name or name and address of any pharmacy is an unearned rebate and an inducement to refer patients to such pharmacist or pharmacy. NRS 639.264(2).

8. A managing pharmacist is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy. NRS 639.210(12) and (15); NRS 639.220(1).

9. Vedadi and ASP Care Pharmacy violated NRS 639.264(2) by providing preprinted prescription blanks with ASP Cares Pharmacy information to Kindred Wound Care Hospital directing the prescribing practitioner to fax the prescription to ASP Cares Pharmacy, and are subject to discipline pursuant to NRS 639.210(12) and (15), NRS 639.220(1) and/or NRS 639.230(5).

COUNT TWO

Error in Dispensing Prescription/Unprofessional Conduct

(Respondent Vedadi)

10. Unprofessional conduct includes failing to strictly follow the instructions of a practitioner when filling, labeling, and dispensing a prescription. NAC 639.945(1)(d). Unprofessional conduct also includes failing to confer with the person writing or ordering a prescription if there is an error or omission which should be questioned. NAC 639.945(1)(e). Unprofessional conduct also includes a licensee performing his or her duties in an "incompetent, unskillful, or negligent manner." NAC 639.945(1)(i).

11. If a pharmaceutical technician performs one or more of the functions necessary to prepare a prescription, the pharmacist supervising the pharmaceutical technician is responsible for the filled prescription. NAC 639.252 and NAC 639.702

12. Vedadi engaged in unprofessional conduct as defined in NAC 639.945(1)(d), (e) and/or (i) when she and/or pharmaceutical technicians under her supervision committed errors in the course of filling and dispensing prescription nos. 170875, 174758 and 176440, and is subject to discipline pursuant to NAC 639.252, NAC 639.702, NRS 639.210(4) and/or (12).

COUNT THREE

Pharmacy/Pharmacy Owner Responsibility

(Respondent ASP Cares Pharmacy)

13. Any violation of any of the provisions of NRS Chapter 639 by a managing pharmacist or by personnel of the pharmacy is cause for the suspension or revocation of the license of the pharmacy by the Board. NRS 639.230(5); NAC 639.702. Further, the owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(2).

14. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Respondent ASP Cares Pharmacy is responsible for those violations, including all

errors and omissions of Vedadi and the pharmaceutical technicians, pursuant to NRS 639.230(5), NAC 639.702 and/or NAC 639.945(2).

WHEREFORE, it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the pharmacy license and certificate of registration of these Respondents.

Signed this 2nd day of January, 2024.

Respondent Venus Vedadi, RPH., hereby files with the Nevada State Board of Pharmacy ("Board"), her Answer and Notice of Defense to the Notice of Intended Action and Accusation ("Accusation") filed on January 2, 2024.

ANSWER TO ACCUSATION

Jurisdiction

Ms. Vedadi agrees that the Board has jurisdiction in this matter as set forth in Paragraphs 1 and 2 of the Accusation. Ms. Vedadi further answers the Factual Allegations set forth in the Accusation as follows:

Factual Allegations: Paragraphs 3-6

Paragraph 3: Ms. Vedadi acknowledges being employed by ASP Cares Pharmacy in 2018 and 2019 as the managing pharmacist.

Paragraph 4: Ms. Vedadi denies that she personally provided preprinted prescription blanks with ASP Care Pharmacy information to Kindred Outpatient Wound Care and at no time directed the prescribing practitioner to fax the prescription to ASP Cares Pharmacy.

Paragraph 5: Ms. Vedadi has no independent knowledge as to whether she erroneously entered the name of Dr. L.R. on the prescription provided by Kindred Wound Care Hospital, but does acknowledge that on two prescriptions she entered the practitioner's name as it was on the prescription, however the signature on both prescriptions were sloppy and Ms. Vedadi does not have sufficient personal knowledge to state whether the signature was that of Dr. L.R. or not.

Paragraph 6: Ms. Vedadi is without sufficient personal knowledge to respond to the factual assertions set forth in Paragraph 6 in full, however, to the best of Ms. Vedadi's recollection for any wound treatment, the prescription provided to the pharmacy would typically indicate that the pharmacy was to dispense a sufficient quantity of the prescribed medication for a period of time. The quantity dispensed would be dependent upon the size of the wound, which would have been noted on the prescription. Based on the wound size and the length of time for which the prescription was to be issued, the pharmacist or pharmacy technician would check the website for Santyl which would indicate how much of the drug to dispense for the size. Ms. Vedadi believes that the amount of Santyl Ointment dispensed to the patient at issue would have been based on this type of a calculation.

Counts: Paragraphs 7-14

Count I: Paragraphs 7-9

Paragraph 7: Ms. Vedadi agrees that Paragraph 7 accurately reflects the provisions of NRS 639.264(2).

Paragraph 8: Ms. Vedadi agrees that Paragraph 8 accurately reflects provisions of NRS 639.220(1) but does not reflect the contents of NRS 639.210(12 and (15).

Paragraph 9: Ms. Vedadi denies the allegations contained in Paragraph 9 as they pertain to her personally.

Count II: Paragraphs 10-12

Paragraph 10: Ms. Vedadi asserts that paragraph 10 accurately reflects the contents of NAC 639.945(1)(d),(e), and (i).

Paragraph 11: Ms. Vedadi agrees that Paragraph 11 reflects provisions found in NAC 639.252 and NAC 639.702.

Paragraph 12: Ms. Vedadi denies the allegations set forth in Paragraph 12 and further asserts that the factual allegations contained in the Accusation contain no reference to pharmacy technicians.

Counts III: Paragraphs 13-14

Count lII pertains solely to ASP Cares Pharmacy and requires no response from Ms. Vedadi.

NOTICE OF DEFENSE/MITIGATING INFORMATION

Ms. Vedadi reserves the right to raise any legal defense available to her regarding this matter.

Beggs, Esq., **HEREBY STIPULATE AND AGREE THAT**:

1. The Board has jurisdiction over Respondent and this matter.

2. On or about January 2, 2024, Respondent was served with the Notice of Intended Action and Accusation (Accusation) on file in this matter together with the Statement to Respondent and Notice of Hearing.

3. On or about January 29, 2024, Respondent filed an Answer and Notice of Defense to the Accusation.

4. Respondent is fully aware of the right to seek the advice of counsel in this matter and obtained the advice of counsel prior to entering into this Stipulation.

5. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration, the right to appeal and any and all other rights which may be accorded to her pursuant to NRS Chapter 233B (Nevada Administrative Procedure Act),

NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

6. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondent has failed to comply with the provisions of this Stipulation, Respondent hereby freely and voluntarily waives her rights to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to her by NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

7. Respondent does not contest the allegations in the Accusation, but acknowledges that Board staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the violations alleged therein, *to wit*:

A. Vedadi as managing pharmacist and ASP Care Pharmacy violated NRS 639.264(2) by providing preprinted prescription blanks with ASP Cares Pharmacy information to Kindred Wound Care Hospital directing the prescribing practitioner to fax the prescription to ASP Cares Pharmacy; and

B. Vedadi engaged in unprofessional conduct as defined in NAC 639.945(1)(d), (e) and/or (i) when she and/or pharmaceutical technicians under her supervision committed errors in the course of filling and dispensing prescription nos. 170875, 174758 and 176440.

8. Those violations are plead with particularity in the Accusation, and are grounds for action pursuant to NRS 639.210 and/or NRS 639.255.

9. In order to resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent stipulate to the following penalties. The certificate of registration of Venus Vedadi, RPh, Certificate of Registration No. 18969, is suspended for a period of two (2) years pursuant to NRS 639.255(1)(c). The suspension is

stayed, and Respondent is placed on probation pursuant to NRS 639.255(1)(b) subject to the following conditions:

A. Respondent shall accept this Stipulation and Order as a public reprimand regarding her duties and responsibilities as a registered pharmacist under NRS Chapter 639;

B. Pursuant to NRS 639.255(1)(f) and NAC 639.955(5), Respondent shall pay a fine of Five Thousand Dollars ($5,000.00) for the violations, by personal, business, certified or cashier's check or money order made payable to "State of Nevada, Office of the Treasurer," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) days of entry of this Order;

C. Pursuant to NRS 622.400, Respondent shall pay One Thousand Dollars ($1,000.00) to partially reimburse the Board for reasonable attorney's fees and recoverable costs incurred in investigating and prosecuting this matter, by personal, business, certified or cashier's check or money order made payable to the "Nevada State Board of Pharmacy" to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) days of entry of this Order; and

D. Respondent shall comply with all federal and state statutes and regulations regarding the practice of pharmacy, and have no additional charges filed against her while on probation.

Upon successful completion of probation, Respondent's Certificate of Registration No. 18969 will be fully restored.

10. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by Respondent, the Board may lift the stay and immediately suspend Respondent's Certificate of

Registration No. 18969 and impose additional discipline upon Respondent not inconsistent with the provisions of NRS Chapter 639.

11. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on March 6, 2024. Respondent will appear at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent is not present at the meeting.

12. The Board has discretion to accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60.

13. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

14. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release each other from any and all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and has knowingly and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **JAY K. SELZNICK, DMD, MD,** **Certificate of Registration No. CS07913,** **Respondent.**	**CASE NO. 19-043-CS-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300 and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because, at the time of the events alleged herein, Respondent Jay K. Selznick, DMD, MD, held a Nevada controlled substance registration, Certificate of Registration No. CS07913, issued by the Board.

FACTUAL ALLEGATIONS

2. On or about December 18, 2015, the Nevada State Board of Dental Examiners (NSBDE) entered an order in Case No. 74127-02801 and imposed discipline on Respondent's License No. S2-22 to practice dentistry for engaging in conduct in violation of standards of practice under NRS 631.3475(1) and NRS 631.230(1)(c) related to prescribing controlled substances to treat pain.

3. Respondent failed to disclose to the Board the disciplinary order in NSBDE Case No. 74127-02801 on his 2016 biennial renewal application for Certificate of Registration No. CS07913.

APPLICABLE LAW

4. A prescription for a controlled substance may be issued only for a legitimate medical purpose and in conformance with all applicable standards of care. 21 CFR § 1306.04(a); NRS 453.381(1).

5. It is unlawful for a person knowingly or intentionally to furnish false or fraudulent material information in, or omit any material information from, any application for registration under NRS Chapter 453. NRS 453.331(1)(e); NRS 639.281(1).

6. Performing any duties as the holder of a controlled substance registration in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

7. Willfully making to the Board any false statement which is material to the administration or enforcement of Nevada law is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(9).

8. Obtaining any registration by the filing of an application, or any record, affidavit or other information in support thereof, which is false or fraudulent is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(10).

9. Violating any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(11).

10. Violating, attempting to violate, assisting or abetting in the violation of or conspiring to violate any law or regulation relating to drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(12).

11. The Board may suspend or revoke a registration issued pursuant to NRS 453.226 to prescribe or otherwise dispense a controlled substance upon a finding that the registrant has

committed an act that would render registration inconsistent with the public interest. NRS 453.236(1)(e) and NRS 453.241(1).

COUNT ONE
Furnishing False Material Information to Board

12. By failing to disclose to the Board the disciplinary order in NSBDE Case No. 74127-02801 on his 2016 biennial renewal application for Certificate of Registration No. CS07913, Respondent violated NRS 453.331(l)(e) and NRS 639.281(1), and is subject to discipline pursuant to NRS 453.236(1)(a) and (e), NRS 453.241(1), NRS 639.210(9) and/or NRS 639.210(12).

COUNT TWO
Obtaining Registration by False or Fraudulent Application

13. By failing to disclose to the Board the disciplinary order in NSBDE Case No. 74127-02801 on his 2016 biennial renewal application for Certificate of Registration No. CS07913, Respondent is subject to discipline pursuant to NRS 453.236(1)(a) and (e), NRS 453.241(1) and/or NRS 639.210(10).

COUNT THREE
Violations of Federal and State Law

14. By violating NRS Chapter 631 as detailed in the disciplinary order in NSBDE Case No. 74127-02801, Respondent violated 21 CFR § 1306.04(a) and/or NRS 453.381(1), and is subject to discipline pursuant to NRS 453.236(1), NRS 453.241(1) and/or NRS 639.210(11) and (12).

COUNT FOUR
Unprofessional Conduct – Incompetent, Unskillful or Negligent Performance of Duties

15. By violating NRS Chapter 631 as detailed in the disciplinary order in NSBDE Case No. 74127-02801, and by violating 21 CFR § 1306.04(a) and/or NRS 453.381(1), Respondent has performed his duties as the holder of a controlled substance registration in an incompetent, unskillful or negligent manner and engaged in unprofessional conduct and conduct

contrary to the public interest as defined in NAC 639.945(1)(i), and is subject to discipline pursuant to NRS 453.236(1), NRS 453.241(1) and/or NRS 639.210(4).

COUNT FIVE

Commission of Acts that Render Registration Inconsistent with the Public Interest

16. By failing to disclose to the Board the disciplinary order in NSBDE Case No. 74127-02801 on his 2016 biennial renewal application for Certificate of Registration No. CS07913, by violating NRS Chapter 631 as detailed in the disciplinary order in NSBDE Case No. 74127-02801, and by violating 21 CFR § 1306.04(a) and/or NRS 453.381(1), Respondent has committed acts that render his registration inconsistent with the public interest and is subject to discipline pursuant to NRS 453.236(1) and NRS 453.241(1).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this Respondent.

Signed this 2nd day of January 2024.

Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. Re: **Jay K. Selznick CS07913**
Notice of Intended Action and Accusation
Case NO. 10-043-CS-S

I received a Certificate of Service for the above referenced Notice.

I have read it thoroughly and reviewed my records.

In response to the Factual Allegations and COUNTS:

Any failure to disclose to the Board my NSBDE action was **erroneous.**
Any violation of the NRSs and CFRs was **erroneous.**

It has been a lengthy period of time since my NSBDE 2016 disciplinary action. I successfully completed the probationary period.
During the probationary period, my license to practice Oral & Maxillofacial Surgery was NOT restricted. I maintained all of my hospital privileges and appointments. I maintained my provider status with ALL insurance companies.

I would NEVER knowingly withhold any information from a licensing entity - So much so, that when I applied for a New York State DEA number in 2018, they were made aware of my Board action, issued my

DEA number (FS8777382) and had me comply for a 3 year period of prescription monitoring. This was done by way of a letter of Memorandum. It was completed perfectly and monitored by DEA representative - DI Denise Jordan-Group D-62 Program Manager

Since obtaining a NV CS number, this is my first occurrence of this sort. I understand my rights and the Board's claim. I am not retaining counsel and would like to come to a reasonable conclusion to this matter.

Respectfully, I would like to discuss this matter and try to resolve it without the need of a hearing. I would also like to amend and correct my erroneous application from the year in question.

I hereby declare, under the penalty of perjury, that the foregoing Answer and Notice of Defense, and all facts herein stated, are true and correct to the best of my knowledge.

I look forward to hearing from the Board.

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. **KOCHY M.Y. TANG, DO,** **Certificate of Registration No. CS06260,** **Respondent.**	**CASE NO. 19-126-CS-S** **FIRST AMENDED NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a first amended notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300 and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because, at the time of the events alleged herein, Respondent Kochy M.Y. Tang, DO, held a Nevada controlled substance registration, Certificate of Registration No. CS06260, issued by the Board.

FACTUAL ALLEGATIONS

2. Respondent was the medical director of M Family Care, located at 12300 Las Vegas Blvd S in Henderson, Nevada, during the relevant time frames herein.

3. From June 2018 to July 2019, Respondent authorized and directed M Family Care employee Estee Schmidt, RN (RN Schmidt), to independently access, possess, store and administer dangerous drugs to patients, specifically, to provide mobile IV hydration services under the business name of True IVip.

4. With Respondent's knowledge and authorization and at her direction, RN Schmidt provided off-site medical treatment, including the administration of dangerous drugs through

intravenous (IV) therapy and/or injections without direct practitioner supervision, and without a patient-specific and medication-specific written chart order for the patient and/or medication, to patients with whom Respondent had not established a bona fide therapeutic relationship, and for whom Respondent had neither diagnosed nor determined that a dangerous drug was medically necessary.

5. Respondent falsified patient information and issued false prescriptions to Solutions Specialty Pharmacy, located at 8579 S Eastern Avenue in Las Vegas, Nevada, in order to obtain compounded dangerous drugs for office use.

APPLICABLE LAW

6. No person may possess or administer a dangerous drug in Nevada without specific statutory authority to do so. NRS 454.213, NRS 454.221, NRS 454.316, NRS 454.321; NRS 454.356; NRS 639.100(1).

7. A practitioner may give a registered nurse (RN) limited authority to possess and administer dangerous drugs pursuant to NRS 454.213(1)(c), which states in relevant part:

> A drug or medicine referred to in NRS 454.181 to 454.371, inclusive, may be possessed and administered by . . . a registered nurse licensed to practice professional nursing or licensed practical nurse, at the direction of a prescribing physician, physician assistant licensed pursuant to chapter 630 or 633 of NRS, dentist, podiatric physician or advanced practice registered nurse, or pursuant to a chart order, for administration to a patient at another location.

Chart orders are patient-specific and medication-specific. *See* NRS 454.0041; NRS 639.004.

8. It is a felony offense to falsify a prescription for a dangerous drug or obtain a dangerous drug by a fraudulent prescription. NRS 454.311.

9. Performing or in any way being a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(h) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

10. Performing any duties as the holder of a controlled substance registration in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

11. Aiding or abetting a person not licensed to practice in the State of Nevada constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(j) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

12. Dispensing a drug to any patient with whom the practitioner does not have a bona fide therapeutic relationship constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(n) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

13. Violating, attempting to violate, assisting or abetting in the violation of or conspiring to violate any law or regulation relating to drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(12).

14. The Board may suspend or revoke a registration issued pursuant to NRS 453.226 to prescribe or otherwise dispense a controlled substance upon a finding that the registrant has committed an act that would render registration inconsistent with the public interest. NRS 453.236(1)(e) and NRS 453.241(1).

COUNT ONE

Violation of State Law - Unlawful Possession & Administration of Dangerous Drugs

15. By permitting RN Schmidt to independently access, possess, store and administer dangerous drugs, without direct practitioner supervision, and without a patient-specific and medication-specific written chart order for the patient and/or medication, to patients with whom Respondent had not established a bona fide therapeutic relationship, and for whom Respondent had neither diagnosed nor determined that a dangerous drug was medically necessary,

Respondent violated, attempted to violate, assisted or abetted in the violation of or conspired to violate NRS 454.213, NRS 454.221, NRS 454.316, NRS 454.316, NRS 454.321, NRS 454.356 and NRS 639.100(1), and Respondent is subject to discipline pursuant to NRS 639.210(12).

COUNT TWO

Unprofessional Conduct - Unlawful Possession & Administration of Dangerous Drugs

16. By permitting RN Schmidt to independently access, possess, store and administer dangerous drugs, without direct practitioner supervision, and without a patient-specific and medication-specific written chart order for the patient and/or medication, to patients with whom Respondent had not established a bona fide therapeutic relationship, and for whom Respondent had neither diagnosed nor determined that a dangerous drug was medically necessary, Respondent performed her duties as the holder of a controlled substance registration in an incompetent, unskillful or negligent manner, aided and abetted RN Schmidt in unlicensed practice, and engaged in, or aided and abetted RN Schmidt to engage in, unprofessional conduct as defined in NAC 639.945(i), (j) and (n), and Respondent is subject to discipline pursuant to NRS 639.210(4).

COUNT THREE

Violations of State Law — Issuing Fraudulent Prescriptions

17. By falsifying patient information and issuing false prescriptions to Solutions Specialty Pharmacy to obtain compounded dangerous drugs for office use, Respondent violated, attempted to violate, assisted or abetted in the violation of or conspired to violate NRS 454.311, and is subject to discipline pursuant to NRS 639.210(12).

COUNT FOUR

Unprofessional Conduct - Issuing Fraudulent Prescriptions

18. By falsifying patient information and issuing false prescriptions to Solutions Specialty Pharmacy to obtain compounded dangerous drugs for office use, Respondent was party to a fraudulent or deceitful practice or transaction and engaged in unprofessional conduct as defined in NAC 639.945(h), and is subject to discipline pursuant to NRS 639.210(4).

COUNT FIVE

Commission of Acts that Render Registration Inconsistent with the Public Interest

19. By permitting RN Schmidt to independently access, possess, store and administer dangerous drugs, without direct practitioner supervision, and without a patient-specific and medication-specific written chart order for the patient and/or medication, to patients with whom Respondent had not established a bona fide therapeutic relationship, and for whom Respondent had neither diagnosed nor determined that a dangerous drug was medically necessary, and by falsifying patient information and issuing false prescriptions to Solutions Specialty Pharmacy to obtain compounded dangerous drugs for office use, Respondent has committed acts that render her registration inconsistent with the public interest and is subject to discipline pursuant to NRS 453.236(1) and NRS 453.241(1).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this Respondent.

Signed this 9th day of FEBRUARY 2024.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. KOCHY M. Y. TANG, D.O. Certificate of Registration No. CS06260, Respondent.	CASE NO.: 19-126-CS-S **ANSWER AND NOTICE OF DEFENSE; REQUEST FOR DISMISSAL PURSUANT TO NRS 622A.360(2)(e) / REQUEST FOR MORE DEFINITE STATEMENT REGARDING THE ALLEGATIONS PURSUANT TO NRS 622A.360(2)(d)**

Respondent above named, in answer to the Notice of Intended Action and Accusation filed in the above-titled matter before the Nevada States Board of Pharmacy (the "Board"), declares:

1. That her objections to the Notice of Intended Action and Accusation ("Notice") as being incomplete or failing to state clearly the charges against her, is hereby interposed on the following grounds:

A. Failure to State a Claim. As alleged in the Notice, the allegations in Paragraphs 3 through 5, as reflected in Counts One through Five, violate Dr. Tang's Sixth Amendment rights and are unconstitutionally vague because they fail to apprise the Respondent, with reasonable certainty, of the allegations against her and, thus, deprive her of the ability to prepare a defense. *United States v. Estrada-Iglesias,* 425 F. Supp. 3d 1265, 1269 (D. Nev. 2019). Paragraphs 3 through 5 generally allege that Dr. Tang authorized and directed a non-practitioner employee to

independently access, possess, store and administer dangerous drugs via mobile hydration services, and to administer such services without direct practitioner supervision and without a patient-specific and medication-specific written chart order for the patient and/or medication, and that Dr. Tang failed to establish a bona fide therapeutic relationship with the patients treated by her employee. The Notice fails to specify dates (other than a broad range of thirteen (13) months), times, locations, or patients associated with these alleged events. By failing to identify specific persons and instances on dates certain, the Notice of Intended Action and Accusation deprives Respondent of the ability to defend herself adequately.

B. Lack of Specificity. Paragraph 5 of the Notice, as reflected in Counts Three and Four, allege that Respondent falsified patient information and issued false prescriptions to obtain compounded drugs, thereby participating in fraud or deception. Although Nevada Rules of Civil Procedure do not strictly apply to the adjudication of a contested case (NRS 622A.370), it is well-established that allegations of fraud must be pleaded with specificity as to "the who, what, where, and when of the alleged fraud...to assure that the charge of fraud is responsible and supported, rather than defamatory and extortionate." *Ackerman v. Nw. Mut. Life Ins. Co.,* 172 F.3d 467, 469 (7th Cir. 1999). The Notice fails to provide any specificity as to the alleged falsification(s), and we request that the charges related thereto be dismissed pursuant to NRS 622A.360(2)(e); or, in the alternative, that the Notice be amended to include a more definite statement pursuant to NRS 622A.360(2)(d), with specificity as to the alleged falsification(s) so that Respondent may formulate a defense.

C. Lack of Jurisdiction. Respondent objects to the Board's jurisdiction to prosecute this matter, as (1) all allegations in this case relate to dangerous drugs, and (2) Respondent's authority to prescribe dangerous drugs derives from her licensure under NRS Chapter 633, and not from any authorization issued by the Board. See, NRS 454.00958(1), 454.213(1)(a).

D. The purpose of the foregoing paragraphs was to place the Board on notice of Respondent's legal objections to the Notice. Respondent respectfully reserves the right to brief further and expand upon these objections at the appropriate juncture, if necessary.

2. That, subject to the foregoing objections, in answer to the Notice, she admits, denies, and alleges as follows:

A. With regard to Paragraph 1, Respondent admits that Respondent held and does currently hold Controlled Substance Registration, Certificate No. CS06260, but denies the Board

has jurisdiction in this matter as set forth in Paragraph 1(C) above.

B. With regard to Paragraph 2, Respondent admits the allegations contained therein.

C. With regard to Paragraph 3, Respondent denies the allegations contained therein. Respondent also notes that True IVip was never the business name for M Family Care.

B. With regard to Paragraphs 4 and 5, Respondent denies the allegations therein.

C. Paragraphs 6 through 14 do not contain allegations against the Respondent. To the extent an answer is required, the Respondent denies the allegations in this paragraph.

D. With regard to Paragraphs 15 through 19, Respondent denies the allegations therein.

I hereby declare, under penalty of perjury, that the foregoing Answer and Notice of Defense; and Request for Dismissal Pursuant to NRS 622A.360(2)(e) / Request for More Definite Statement Regarding the Allegations Pursuant to NRS 622A.360(2)(d), and all facts therein stated, are true and correct to best of my knowledge.

Dated this 24th day of January 2024.

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **KOCHY M.Y. TANG, DO,** **Certificate of Registration No. CS06260,** **Respondent.**	**CASE NO. 19-126-CS-S** **STIPULATION AND ORDER**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, by and through General Counsel Brett Kandt, and Respondent Kochy M.Y. Tang, DO, Certificate of Registration No. CS06260, by and through counsel**,** Bridget Kelly, Esq., **HEREBY STIPULATE AND AGREE THAT**:

1. The Board has jurisdiction over Respondent and this matter.

2. On or about February 9, 2024, Respondent was served with the First Amended Notice of Intended Action and Accusation (Accusation) on file in this matter together with the Statement to Respondent and Notice of Hearing.

3. Respondent is entering this Stipulation in lieu of filing an Answer and Notice of Defense to the Accusation.

4. Respondent is fully aware of the right to seek the advice of counsel in this matter and obtained the advice of counsel prior to entering into this Stipulation.

5. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration, the right to appeal and any and all other rights which may be accorded to her pursuant to NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

6. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondent has failed to comply with the provisions of this Stipulation, Respondent hereby freely and voluntarily waives her rights to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to her by NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

7. Respondent does not contest the allegations in the Accusation, but acknowledges that Board staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the violations alleged therein, *to wit*:

A. Respondent as medical director of M Family Care in Henderson authorized and directed M Family Care employee Estee Schmidt, RN (RN Schmidt) to independently access, possess, store and administer dangerous drugs to patients who have not been examined and diagnosed by a practitioner and without direct practitioner supervision, in violation of NRS 454.213, NRS 454.221, NRS 454.316, NRS 454.316, NRS 454.321, NRS 454.356 and NRS 639.100(1);

B. Respondent performed her duties as the holder of a controlled substance registration in an incompetent, unskillful or negligent manner, aided and abetted RN Schmidt in unlicensed practice, and engaged in, or aided and abetted RN Schmidt to engage in, unprofessional conduct as defined in NAC 639.945(i), (j) and (n);

C. Respondent falsified patient information and issued false prescriptions to Solutions Specialty Pharmacy to obtain compounded dangerous drugs for office use in violation of NRS 454.311 and was party to a fraudulent or deceitful practice or transaction and engaged in unprofessional conduct as defined in NAC 639.945(h); and

D. Respondent has committed acts that render her registration inconsistent with the public interest.

8. Those violations are plead with particularity in the Accusation, and are grounds for action pursuant to NRS 453.236(1), NRS 453.241(1), NRS 639.210 and/or NRS 639.255.

9. In order to resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent stipulate to the following penalties. The Respondent Kochy M.Y. Tang, DO, Certificate of Registration No. CS06260, is placed on probation pursuant to NRS 639.255(1)(b) for a period of one (1) year subject to the following conditions:

A. Respondent shall accept this Stipulation and Order as a public reprimand regarding her duties and responsibilities as a practitioner under NRS Chapters 453, 454 and 639;

B. Pursuant to NRS 639.255(1)(f) and NAC 639.955(5), Respondent shall pay a fine of Two Thousand Five Hundred Dollars ($2,500.00) for the violations, by personal, business, certified or cashier's check or money order made payable to "State of Nevada, Office of the Treasurer," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) days of entry of this Order;

C. Pursuant to NRS 622.400, Respondent shall pay One Thousand Dollars ($1,000.00) to partially reimburse the Board for reasonable attorney's fees and recoverable costs incurred in investigating and prosecuting this matter, by personal, business, certified or cashier's check or money order made payable to the "Nevada State Board of Pharmacy" to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) days of entry of this Order;

D. Respondent shall establish and put into practice all necessary policies and procedures to ensure that dangerous drugs are stored, possessed, and administered to patients in compliance with NRS 454.213(1), NRS 454.316, NRS 454.221, NRS 454.321, NRS 454.356 and NRS 639.100(1); and

E. Respondent shall comply with all federal and state statutes and regulations regarding controlled substances and dangerous drugs, and have no additional charges filed against her while on probation.

Upon successful completion of probation, Respondent's Certificate of Registration No. CS06260 will be fully restored.

10. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by Respondent, the Board may impose additional discipline upon Respondent not inconsistent with the provisions of NRS Chapters 453 and 639.

11. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on March 6, 2024. Respondent will appear at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent is not present at the meeting.

12. The Board has discretion to accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60.

13. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

14. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release each other from any and all additional claims arising from the facts

set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and has knowingly and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **RYAN ROSS, PT,** **Certificate of Registration No. PT20827,** **Respondent.**	**Case No. 20-027-PT-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and/or NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because, at the time of the events alleged herein, Respondent Ryan Ross, PT, Certificate of Registration No. PT20827, was a pharmaceutical technician registered with the Board.

FACTUAL ALLEGATIONS

2. On or about February 4, 2020, Board investigators determined that Respondent was falsely representing himself as a registered pharmacist on social media, specifically Facebook.

COUNT ONE
Violation of State Law

3. Any person who fraudulently represents himself or herself to be a registered pharmacist or practitioner is guilty of a misdemeanor. NRS 639.281(1).

4. Violating, attempting to violate, assisting or abetting in the violation of or conspiring to violate any law or regulation relating to drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(12).

5. By falsely representing himself to be a registered pharmacist, Respondent violated NRS 639.281(1) and is subject to discipline pursuant to NRS 639.210 (12).

COUNT TWO

Unprofessional Conduct - Fraudulent/Deceitful Practice/Transaction

6. Performing or in any way being a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(h) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

7. By falsely representing himself to be a registered pharmacist, Respondent was a party to a fraudulent or deceitful practice or transaction, engaged in unprofessional conduct and conduct contrary to the public interest pursuant to NAC 639.945(1)(h), and is subject to discipline pursuant to NRS 639.210(4).

WHEREFORE, it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

Signed this 24th day of June 2023.

2. On September 6, 2023, the Board and Respondent entered into a Stipulation and Order in Case No. 20-027-PT-N suspending Certificate of Registration No. PT20827 for cause. The suspension was stayed, and Respondent placed on probation for a period of one (1) year pursuant to NRS 639.255(1)(b), subject to certain conditions. Pursuant to Paragraphs 7(b) and (c), Respondent agreed to pay pursuant to a payment schedule a fine of Five-Hundred Dollars ($500.00) for the violations, and Five-Hundred Dollars ($500.00) to partially reimburse the Board for recoverable attorney's fees and costs.

3. Respondent has failed to make timely payment of the fine and attorney's fees and costs pursuant to the Stipulation and Order.

4. Respondent is therefore directed to show cause why his Certificate of Registration No. PT20827 should not be subject to further discipline pursuant to NRS Chapter 639.

IT IS SO ORDERED.

Entered this 25th day of January 2024.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **AJUMOBI CHARLES AGU, MD,** **Certificate of Registration No. CS21324,** **Respondent.**	**CASE NO. 22-535-CS-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300 and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because, at the time of the events alleged herein, Respondent Ajumobi Charles Agu, MD, held a Nevada controlled substance registration, Certificate of Registration No. CS21324, issued by the Board.

FACTUAL ALLEGATIONS

2. On or about June 30, 2023, the Nevada State Board of Medical Examiners (NSBME) entered an order in Case No. 23-12518-1, summarily suspending Respondent's NSBME License No. 8857 to practice medicine for violating prior NSBME disciplinary orders resulting from violations of NRS Chapter 630 related to prescribing controlled substances.

3. On or about July 14, 2023, Board staff served Respondent with notice that the suspension of his NSBME License No. 8857 operated as an immediate suspension of his Certificate of Registration No. CS21324 with the Board pursuant to NRS 639.2107, and that

Respondent must immediately cease and desist possessing, administering and/or prescribing controlled substances for Nevada patients.

4. Respondent issued multiple prescriptions for controlled substances after the suspension of his Certificate of Registration No. CS21324.

5. On or about August 10, 2023, the NSBME entered an order in Case No. 23-12518-1, lifting the summary suspension of Respondent's NSBME License No. 8857 to practice medicine; however, Respondent has failed to petition the Board for reinstatement of his Certificate of Registration No. CS21324 pursuant to NRS 639.2565.

APPLICABLE LAW

6. A practitioner must hold a license to practice his or her profession in this State and be registered with both the DEA and the Board to possess, administer, prescribe and/or otherwise dispense any controlled substance. 21 U.S.C. § 822(a)(2); 21 U.S.C. § 823(f); 21 CFR § 1306.03(a)(1); NRS 453.226(1); NRS 453.321(1)(a); NRS 639.100(1); NRS 639.235(1).

7. Falsely representing oneself as a practitioner entitled to write prescriptions in this state is a felony offense. 21 U.S.C. § 841(a); 21 U.S.C. § 842(a); NRS 453.321(1)(a); NRS 453.232; NRS 639.2813(1).

8. Performing any duties as the holder of a controlled substance registration in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

9. Performing any act, task or operation for which licensure, certification or registration is required without the required license, certificate or registration constitutes unprofessional conduct and conduct contrary to the public interest pursuant to NAC 639.945(1)(k) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 453.236(1) and NRS 639.210(4).

10. The Board may suspend or revoke a registration to prescribe a controlled substance upon a finding that the registrant has committed an act that would render registration inconsistent with the public interest as determined pursuant to NRS 453.231. NRS 453.236(1)(e) and NRS 453.241(1).

11. The surrender, revocation or a suspension that has not been stayed of any certificate, license or registration of a practitioner, as defined in NRS 453.126, NRS 454.00958 or NRS 639.0125, by a licensing board or the Drug Enforcement Administration operates as an immediate suspension of a certificate, license, registration or permit issued by the Board pursuant to NRS chapters 453, 454 or 639 to possess, administer, prescribe or dispense drugs. NRS 639.2107.

12. The pre-hearing suspension of any certificate, license or registration of a practitioner pursuant to NRS 233B.127(3), NRS 453.241(3) and/or NRS 639.2107 is subject to review by the Board. *Barry v. Barchi*, 443 U.S. 55, 99 S. Ct. 2642 (1979); *Spiegel v. Ryan*, 946 F.2d 1435, 1439 (9th Cir. 1991).

COUNT ONE
Violations of Federal Controlled Substances Act

13. By issuing controlled substance prescriptions after the suspension of his Certificate of Registration No. CS21324, Respondent falsely represented himself as a practitioner entitled to write prescriptions in this state and violated, attempted to violate, assisted or abetted in the violation of or conspired to violate 21 U.S.C. § 822(a)(2), 21 U.S.C. § 823(f), 21 U.S.C. § 841(a), 21 U.S.C. § 842(a) and/or 21 CFR § 1306.03(a)(1), and is subject to discipline pursuant to NRS 453.236(1), NRS 453.241(1) and/or NRS 639.210(11).

COUNT TWO
Violations of State Controlled Substances Act

14. By issuing controlled substance prescriptions after the suspension of his Certificate of Registration No. CS21324, Respondent falsely represented himself as a

practitioner entitled to write prescriptions in this state and violated, attempted to violate, assisted or abetted in the violation of or conspired to violate NRS 453.226(1), NRS 453.232, NRS 453.321(1)(a), NRS 639.100(1), NRS 639.235(1)and/or NRS 639.2813(1), and is subject to discipline pursuant to NRS 453.236(1), NRS 453.241(1) and/or NRS 639.210(12).

COUNT THREE

Unprofessional Conduct – Incompetent, Unskillful or Negligent Performance of Duties

15. By violating NRS Chapter 630 as detailed in the NSBME's orders in Case No. 23-12518-1, and by issuing controlled substance prescriptions after the suspension of his Certificate of Registration No. CS21324, Respondent has performed his duties as the holder of a Nevada controlled substance registration in an incompetent, unskillful or negligent manner and engaged in unprofessional conduct as defined in NAC 639.945(1)(i) and is subject to discipline pursuant to NRS 453.236(1) and NRS 639.210(4).

COUNT FOUR

Unprofessional Conduct – Prescribing on Suspended Registration

16. By issuing controlled substance prescriptions after the suspension of his Certificate of Registration No. CS21324, Respondent engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(k) and is subject to discipline pursuant to NRS 453.236(1)(e), NRS 453.241(1) and/or NRS 639.210(4).

COUNT FIVE

Commission of Acts that Render Registration Inconsistent with the Public Interest

17. By violating NRS Chapter 630 as detailed in the NSBME's orders in Case No. 23-12518-1, and by issuing controlled substance prescriptions after the suspension of his Certificate of Registration No. CS21324, Respondent has committed acts that render his registration inconsistent with the public interest and is subject to discipline pursuant to NRS 453.236(1) and NRS 453.241(1).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

DATED this 18th day of SEPTEMBER 2023.

ORDER OF SUSPENSION AND NOTICE OF HEARING

The Investigative Committee[1] (IC) of the Nevada State Board of Medical Examiners (Board) hereby **IMMEDIATELY SUSPENDS** the license of Ajumobi Charles Agu, M.D. (Respondent) from the practice of medicine, pursuant to the Board's authority to regulate the practice of medicine in the State of Nevada pursuant to Nevada Revised Statutes (NRS) Chapter 630.

The IC issues this Order of Suspension (Order) based on its determination that Respondent violated a Board Order when he did not satisfy all of the conditions contained in the Settlement Agreement and Order he entered into with the IC on November 15, 2022, approved by the Board on December 2, 2022.

Prior to the preparation of this Order, Board Staff presented to the IC the following:

1. Respondent is a medical doctor licensed to practice medicine in the State of Nevada (License No. 8857). The Board issued his license on November 23, 1998.

2. On November 15, 2022, Respondent entered into a Settlement Agreement with the IC and the Board approved the agreement on December 2, 2022. *See* **Exhibit 1** (Settlement Agreement and Order).

///

[1] The Investigative Committee of the Nevada State Board of Medical Examiners is composed of Board members Bret W. Frey, M.D., Carl N. Williams, Jr., M.D., FACS, and Col. Eric D. Wade, USAF (Ret.).

3. Per the terms of the Settlement Agreement, Respondent was to submit to and pass all five (5) sections of the Ethics and Boundaries Assessment Services (EBAS) examination within sixty (60) days of the Board's acceptance, adoption, and approval of the Agreement. The Settlement Agreement was approved and adopted on December 2, 2022, requiring completion of the terms on or before January 31, 2023.

4. Additionally, per the Settlement Agreement, Respondent was to perform ten (10) hours of Continuing Medical Education relating to best practices in medical record keeping within six (6) months from the date of the Board's acceptance, adoption, and approval of the Settlement Agreement. The Settlement Agreement was approved and adopted on December 2, 2022, requiring completion of ten (10) hours of Continuing Medical Education to be completed by June 2, 2023.

5. Pursuant to the Settlement Agreement and Order, Respondent agreed that should Respondent fail to comply with any of the terms or conditions of the Agreement, once the Agreement had been accepted, approved, and adopted by the Board, the IC shall be authorized to immediately suspend Respondent's license to practice medicine in the State of Nevada pending an Order to Show Cause Hearing, which is hereby duly noticed.

6. Respondent registered for the EBAS examination on March 14, 2023, for an April 25, 2023, exam date.

7. On May 17, 2023, Board staff received notice from Ethics and Boundaries Assessment Services that the Respondent failed all five sections of the EBAS examination which took place on April 25, 2023.

8. On June 28, 2023, Respondent furnished a certificate of completion for the aforementioned hours of Continuing Medical Education with a completion date of June 26, 2023, twenty-four (24) days past the deadline stated in the Settlement Agreement and Order.

9. NRS 630.3065(2)(a) states in pertinent part that [e]xcept as otherwise provided in NRS 630.2672, knowingly or willfully failing to comply with: (a) [a] regulation, subpoena or order of the Board or a committee designated by the Board to investigate a complaint against a physician, constitutes grounds for initiating disciplinary action.

10. Based on the foregoing, the IC finds that Respondent, Ajumobi Charles Agu, M.D., has willfully and/or knowingly violated his Settlement Agreement and Board Order and is immediately suspended from the practice of medicine in the State of Nevada. *See* NRS 630.326(1); *see also* BME Case No. 22-12518-1 Settlement Agreement and Order attached hereto as Exhibit 1.

ORDER

IT IS HEREBY ORDERED that the license to practice medicine issued to Ajumobi Charles Agu, M.D. (No. 8857) by the State of Nevada Board of Medical Examiners is immediately **SUSPENDED** until further order of the IC or Board, and Respondent is prohibited from engaging in any acts that constitute the practice of medicine pursuant to NRS 630.020; and

IT IS FURTHER ORDERED that a hearing on this matter is set for the **27th day of July, 2023, at 2:00 p.m.,** at the Board's office located at 9600 Gateway Drive, Reno, Nevada 89521, to determine whether this suspension may continue, unless the parties mutually agree in writing to a different date and/or time. *See* NRS 630.326(2).

SETTLEMENT AGREEMENT

The Investigative Committee (IC) of the Nevada State Board of Medical Examiners (Board), by and through Ian J. Cumings, J.D., Deputy General Counsel for the Board and attorney for the IC, and Ajumobi Charles Agu, M.D. (Respondent), a licensed physician in Nevada, assisted by his attorney, Alia A. Najjar, M.D., Esq., of Ladah Law Firm, hereby enter into this Settlement Agreement (Agreement) based on the following:[1]

A. BACKGROUND

2. Respondent is a medical doctor currently licensed in active status by the Board pursuant to Chapter 630 of the Nevada Revised Statutes (NRS) and Chapter 630 of the Nevada Administrative Code (NAC) (collectively, the Medical Practice Act) to practice medicine in Nevada. His license was originally issued on November 23, 1998 (License No. 8857).

3. On July 29, 2022, in Case No. 22-12518-1, the IC filed a formal Complaint (Complaint) charging Respondent with violating the Medical Practice Act. Specifically, the Complaint alleges three (3) violations of NRS 630.301(4) Malpractice (Counts I, IV, VII); three (3) violations of NRS 630.3062(1)(a), Failure to Maintain Proper Medical Records (Counts II, V, VIII); and three (3) violations of NRS 630.306(1)(b)(2) Violation of Standards of Practice by Engaging in

[1] All agreements and admissions made by Respondent are solely for final disposition of this matter and any subsequent related administrative proceedings or civil litigation involving the Board and Respondent. Therefore, Respondent's agreements and admissions are not intended or made for any other use, such as in the context of another state or federal government regulatory agency proceeding, state or federal civil or criminal proceeding, any state or federal court proceeding, or any credentialing or privileges matter.

the Practice of Writing Prescriptions for Controlled Substances in a Manner that Deviates from the Model Policy (Counts III, VI, IX). By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

4. Respondent was properly served with a copy of this Complaint, has reviewed, and understands this Complaint, and has had the opportunity to consult with competent counsel concerning the nature and significance of this Complaint.

5. Respondent is hereby advised of his rights regarding this administrative matter, and of his opportunity to defend against the allegations in the Complaint. Specifically, Respondent has certain rights in this administrative matter as set out by the United States Constitution, the Nevada Constitution, the Medical Practice Act, the Nevada Open Meeting Law (OML), which is contained in NRS Chapter 241, and the Nevada Administrative Procedure Act (APA), which is contained in NRS Chapter 233B. These rights include the right to a formal hearing on the allegations in the Complaint, the right to representation by counsel, at his own expense, in the preparation and presentation of his defense, the right to confront and cross-examine the witnesses and evidence against him, the right to written findings of fact, conclusions of law and order reflecting the final decision of the Board, and the right to judicial review of the Board's order, if the decision is adverse to him.

6. Respondent understands that, under the Board's charge to protect the public by regulating the practice of medicine, the Board may take disciplinary action against Respondent's license, including license probation, license suspension, license revocation and imposition of administrative fines, as well as any other reasonable requirement or limitation, if the Board concludes that Respondent violated one or more provisions of the Medical Practice Act.

7. Respondent understands and agrees that this Agreement, by and between Respondent and the IC, is not with the Board, and that the IC will present this Agreement to the Board for consideration in open session at a duly noticed and scheduled meeting. Respondent understands that the IC shall advocate for the Board's approval of this Agreement, but that the Board has the right to decide in its own discretion whether or not to approve this Agreement. Respondent further understands and agrees that if the Board approves this Agreement, then the terms and conditions enumerated below shall be binding and enforceable upon him and the Board.

B. TERMS & CONDITIONS

NOW, THEREFORE, in order to resolve the matters addressed herein, i.e., the matters with regard to the Complaint, Respondent and the IC hereby agree to the following terms and conditions:

1. **Jurisdiction**. Respondent is, and at all times relevant to the Complaint has been, a physician licensed to practice medicine in Nevada subject to the jurisdiction of the Board as set forth in the Medical Practice Act.

2. **Representation by Counsel/Knowing, Willing and Intelligent Agreement**. Respondent acknowledges he is represented by counsel and wishes to resolve the matters addressed herein with said counsel. Respondent agrees that if representation by counsel in this matter materially changes prior to entering into this Agreement and for the duration of this Agreement, that counsel for the IC will be timely notified of the material change. Respondent agrees that he knowingly, willingly, and intelligently enters into this Agreement after deciding to have a full consultation with and upon the advice of legal counsel.

3. **Waiver of Rights**. In connection with this Agreement, and the associated terms and conditions, Respondent knowingly, willingly and intelligently waives all rights in connection with this administrative matter. Respondent hereby knowingly, willingly and intelligently waives all rights arising under the United States Constitution, the Nevada Constitution, the Medical Practice Act, the OML, the APA, and any other legal rights that may be available to him or that may apply to him in connection with the administrative proceedings resulting from the Complaint filed in this matter, including defense of the Complaint, adjudication of the allegations set forth in the Complaint, and imposition of any disciplinary actions or sanctions ordered by the Board. Respondent agrees to settle and resolve the allegations of the Complaint as set out by this Agreement, without a hearing or any further proceedings and without the right to judicial review.

4. **Acknowledgement of Reasonable Basis to Proceed**. As of the time of entering into this Settlement Agreement, the allegations of the Complaint remain unproven. Respondent acknowledges that the IC believes it has a reasonable basis to allege that Respondent engaged in conduct that is grounds for discipline pursuant to the Medical Practice Act. The IC acknowledges

OFFICE OF THE GENERAL COUNSEL
Nevada State Board of Medical Examiners
9600 Gateway Drive
Reno, Nevada 89521
(775) 688-2559

Respondent is not admitting that the IC's claims/counts as alleged in the Complaint have merit and Respondent is agreeing to resolve this matter to avoid the costs of hearing and potential subsequent litigation. Respondent asserts if this matter were to proceed to hearing, he has evidence, witnesses, expert witness(es) and defenses to the counts/claims alleged in the Complaint, but for the purposes of resolving the matter and for no other purpose, Respondent waives the presentation of evidence, witnesses, expert witnesses, and defenses in order to effectuate this Agreement.

5. **Consent to Entry of Order**. In order to resolve this Complaint pending against Respondent, Respondent hereby agrees that the Board may issue an order finding that Respondent engaged in conduct that is grounds for discipline pursuant to the Medical Practice Act. Accordingly, the following terms and conditions are hereby agreed upon:

a. Respondent admits to Counts I, II, V, VIII: one (1) violation of NRS 630.301(4) Malpractice and three (3) violations of NRS 630.3062(1)(a) Failure to Maintain Proper Medical Records.

b. Respondent will pay the costs and expenses incurred in the investigation and prosecution of the above-referenced matter within sixty (60) days of the Board's acceptance, adoption and approval of this Agreement, the current amount being four thousand five hundred four dollars and thirty-four cents ($4,504.34).

c. Respondent shall pay a fine of four thousand five hundred dollars and zero cents ($4,500.00) within sixty (60) days of the Board's acceptance, adoption, and approval of this Agreement.

d. Respondent shall perform ten (10) hours of Continuing Medical Education (CME) relating to best practices in medical recordkeeping within six (6) months from the date of the Board's acceptance, adoption, and approval of this agreement. The aforementioned hours of CME shall be in addition to the CME requirements that are regularly imposed for licensure

e. The Respondent shall submit to and pass all five (5) sections of the Ethics and Boundaries Assessment Services (EBAS) examination within sixty (60) days of Board approval of this agreement to be paid for at the expense of the Respondent.

f. This Agreement shall be reported to the appropriate entities and parties as required by law, including, but not limited to, the National Practitioner Data Bank.

g. Respondent shall receive a Public Letter of Reprimand.

h. The remaining counts of the Complaint, and any other claims arising from the Board's corresponding investigative case file(s), shall be dismissed with prejudice.

6. **Release from Liability**. In execution of this Agreement, Respondent understands and agrees that the State of Nevada, the Board, and each of its members, staff, counsel, investigators, experts, peer reviewers, committees, panels, hearing officers, consultants and agents are immune from civil liability for any decision or action taken in good faith in response to information acquired by the Board. NRS 630.364(2)(a). Respondent agrees to release the State of Nevada, the Board, and each of its members, staff, counsel, investigators, experts, peer reviewers, committees, panels, hearing officers, consultants and agents from any and all manner of actions, causes of action, suits, debts, judgments, executions, claims and demands whatsoever, known and unknown, in law or equity, that Respondent ever had, now has, may have or claim to have, against any or all of the persons, government agencies or entities named in this paragraph arising out of, or by reason of, this investigation, this Agreement or the administration of the case referenced herein.

7. **Procedure for Adoption of Agreement**. The IC and counsel for the IC shall recommend approval and adoption of the terms and conditions of this Agreement by the Board in resolution of this Complaint. In the course of seeking Board acceptance, approval and adoption of this Agreement, counsel for the IC may communicate directly with the Board staff and the adjudicating members of the Board.

Respondent acknowledges that such contacts and communications may be made or conducted ex-parté, without notice or opportunity to be heard on his part until the public Board meeting where this Agreement is discussed, and that such contacts and communications may include, but may not be limited to, matters concerning this Agreement, the Complaint and any and all information of every nature whatsoever related to this matter. The IC and its counsel agree that Respondent and/or Counsel for the Respondent may appear at the Board meeting where this

Agreement is discussed and, if requested, respond to any questions that may be addressed to the IC or the IC's counsel.

8. **Effect of Acceptance of Agreement by Board**. In the event the Board accepts, approves, and adopts this Agreement, the Board shall issue a final order, making this Agreement an order of the Board, and, pending full compliance with the terms herein, the case shall be closed and all remaining claims arising out of the Complaint shall be dismissed with prejudice.

9. **Effect of Rejection of Agreement by Board**. In the event the Board does not accept, approve and adopt this Agreement, this Agreement shall be null, void and of no force and effect except as to the following agreement regarding adjudications: (1) Respondent agrees that, notwithstanding rejection of this Agreement by the Board, nothing contained in this Agreement and nothing that occurs pursuant to efforts of the IC to seek the Board's acceptance of this Agreement shall disqualify any member of the adjudicating panel of the Board from considering this Complaint and from participating in disciplinary proceedings against Respondent, including adjudication of this case; and (2) Respondent further agrees that he shall not seek to disqualify any such member absent evidence of bad faith.

10. **Binding Effect**. If approved by the Board, Respondent understands that this Agreement is a binding and enforceable contract upon Respondent and the Board.

11. **Forum Selection Clause**. The parties agree that in the event either party is required to seek enforcement of this Agreement in district court, the party's consent to such jurisdiction and agree that exclusive jurisdiction shall be in the Second Judicial District Court, State of Nevada, Washoe County.

12. **Attorneys' Fees and Costs**. The parties agree that in the event an action is commenced in district court to enforce any provision of this Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees and costs.

13. **Failure to Comply with Terms**. Should Respondent fail to comply with any term or condition of this Agreement once the Agreement has been accepted, approved, and adopted by the Board, the IC shall be authorized to immediately suspend Respondent's license to practice medicine in Nevada pending an Order to Show Cause Hearing, which will be duly noticed.

Re: Suspension of Registration No. CS21324 (Case No. 22-535-CS-S)

Dear Dr. Agu:

The Nevada State Board of Pharmacy (Board) has been notified by the Nevada State Board of Medical Examiners (NSBME) that your NSBME License No. 8857 to practice medicine in Nevada has been suspended in NSBME Case No. 23-12518-1.

Please be advised that pursuant to NRS 639.2107 the suspension of your NSBME License No. 8857 operates as an immediate suspension of your Certificate of Registration No. CS21324 with the Board. You may not possess (except pursuant to the lawful order of a practitioner), administer, prescribe or dispense a controlled substance until you petition the Board for reinstatement pursuant to NRS 639.2565 and the Board reinstates your certificate of registration. Your PMP account is also suspended pursuant to NAC 453.078.

You may request a hearing before the Board to contest the suspension of your registration by submitting a written request to the Board's Reno office, located at 985 Damonte Ranch Parkway – Suite 206, Reno, NV 89521.

Please be aware that the forgoing does not preclude a formal investigation or filing of an accusation pursuant to NRS 639.241. If you have any questions, please do not hesitate to contact me at 775-850-1440 or bkandt@pharmacy.nv.gov.

ORDER OF SUSPENSION AND NOTICE OF HEARING

The Investigative Committee[1] (IC) of the Nevada State Board of Medical Examiners (Board) hereby **IMMEDIATELY SUSPENDS** the license of Ajumobi Charles Agu, M.D. (Respondent) from the practice of medicine, pursuant to the Board's authority to regulate the practice of medicine in the State of Nevada pursuant to Nevada Revised Statutes (NRS) Chapter 630.

The IC issues this Order of Suspension (Order) based on its determination that Respondent violated the previous Order of Suspension of his license to practice medicine, served on July 6, 2023.

Prior to the preparation of this Order, Board Staff presented to the IC the following:

1. Respondent is a medical doctor licensed to practice medicine in the State of Nevada (License No. 8857). The Board issued his license on November 23, 1998.

2. On November 15, 2022, Respondent entered into a Settlement Agreement (Agreement) with the IC and the Board approved the Agreement on December 2, 2022. *See* **Exhibit 1** (Settlement Agreement and Order).

3. Per the terms of the Agreement, Respondent was to submit to and pass all five (5) sections of the Ethics and Boundaries Assessment Services (EBAS) examination within sixty (60)

days of the Board's acceptance, adoption, and approval of the Agreement. The Agreement was accepted, adopted, approved, and subsequently filed on December 2, 2022, requiring Respondent to complete the terms of the Agreement on or before January 31, 2023.

4. Additionally, per the Agreement, Respondent was to perform ten (10) hours of Continuing Medical Education (CME) related to the best practices in medical record keeping within six (6) months from the date of the Board's acceptance, adoption, and approval of the Agreement or June 2, 2023.

5. Pursuant to the Agreement and Order, Respondent acceded, that should he fail to comply with any of the terms or conditions of the Agreement, once the Agreement had been accepted, approved, and adopted by the Board, the IC would be authorized to immediately suspend Respondent's license to practice medicine in the State of Nevada pending an Order to Show Cause hearing, which is hereby duly noticed.

6. Respondent registered for the EBAS examination on March 14, 2023, for an April 25, 2023, exam date.

7. On May 17, 2023, Board staff received notice from Ethics and Boundaries Assessment Services that the Respondent failed all five (5) sections of the EBAS examination on April 25, 2023.

8. On June 28, 2023, Respondent furnished a certificate of completion for the aforementioned hours of CME with a completion date of June 26, 2023, twenty-four (24) days past the deadline stated in the Agreement and Order.

9. On June 30, 2023, the IC issued the Respondent an Order of Suspension, which stated unequivocally that the Respondent was prohibited from engaging in any acts that constitute the practice of medicine pursuant to NRS 630.020. *See* **Exhibit 2** (Order of Suspension and Notice of Hearing, filed June 30, 2023).

10. On July 6, 2023, Respondent was served with aforementioned Order of Suspension.

11. An Order to Show Cause Hearing was conducted on July 27, 2023, which was attended by Respondent and Counsel for the IC where it was found that the IC had met its burden of proof to maintain the suspension of Respondent's license to practice medicine.

12. After consideration of the testimony provided at the Order to Show Cause hearing on August 10, 2023, the IC elected to lift the suspension of Respondent's license.

13. On or about August 29, 2023, a prescriber activity report from the Nevada State Board of Pharmacy was retrieved that indicated that Respondent was, in fact, practicing medicine while his license was suspended.

14. Despite Respondent's prohibition from the practice of medicine during the period of his suspension from July 6, 2023, through August 10, 2023, Respondent continued to engage in the practice of medicine without an active Nevada medical license, in violation of the IC's Order of Suspension by writing no less than fifty-eight (58) prescriptions for controlled substances.

15. NRS 630.3065(2)(a) states in pertinent part that [e]xcept as otherwise provided in NRS 630.2672, knowingly or willfully failing to comply with:

> (a) [a] regulation, subpoena or order of the Board or a committee designated by the Board to investigate a complaint against a physician, constitutes grounds for initiating disciplinary action.

16. Based on the foregoing, the IC finds that Respondent, Ajumobi Charles Agu, M.D., has willfully and/or knowingly violated his Settlement Agreement and Order adopted and issued on December 2, 2022, and then willfully and/or knowingly violated the June 30, 2023, Order of Suspension to which Respondent was immediately suspended from the practice of medicine in the State of Nevada. *See* NRS 630.326(1); BME Case No. 22-12518-1, Settlement Agreement and Order attached hereto as **Exhibit 1**; Order of Suspension and Notice of Hearing attached hereto as **Exhibit 2**.

ORDER

IT IS HEREBY ORDERED that the license to practice medicine issued to Ajumobi Charles Agu, M.D. (No. 8857) by the State of Nevada Board of Medical Examiners is again immediately **SUSPENDED** until further order of the IC or Board, and **Respondent is**

prohibited from engaging in *any* acts that constitute the practice of medicine pursuant to NRS 630.020; (emphasis added); and

IT IS FURTHER ORDERED that a hearing on this matter is set for the **19th day of October, 2023, at 2:00 p.m.,** at the Board's office located at 9600 Gateway Drive, Reno, Nevada 89521, to determine whether this suspension may continue, unless the parties mutually agree in writing to a different date and/or time. *See* NRS 630.326(2).

SETTLEMENT AGREEMENT

The Investigative Committee (IC) of the Nevada State Board of Medical Examiners (Board), by and through Ian J. Cumings, J.D., Deputy General Counsel for the Board and attorney for the IC, and Ajumobi Charles Agu, M.D. (Respondent), a licensed physician in Nevada, assisted by his attorney, Alia A. Najjar, M.D., Esq., of Ladah Law Firm, hereby enter into this Settlement Agreement (Agreement) based on the following:[1]

A. BACKGROUND

2. Respondent is a medical doctor currently licensed in active status by the Board pursuant to Chapter 630 of the Nevada Revised Statutes (NRS) and Chapter 630 of the Nevada Administrative Code (NAC) (collectively, the Medical Practice Act) to practice medicine in Nevada. His license was originally issued on November 23, 1998 (License No. 8857).

3. On July 29, 2022, in Case No. 22-I2518-1, the IC filed a formal Complaint (Complaint) charging Respondent with violating the Medical Practice Act. Specifically, the Complaint alleges three (3) violations of NRS 630.301(4) Malpractice (Counts I, IV, VII); three (3) violations of NRS 630.3062(1)(a), Failure to Maintain Proper Medical Records (Counts II, V, VIII); and three (3) violations of NRS 630.306(1)(b)(2) Violation of Standards of Practice by Engaging in

[1] All agreements and admissions made by Respondent are solely for final disposition of this matter and any subsequent related administrative proceedings or civil litigation involving the Board and Respondent. Therefore, Respondent's agreements and admissions are not intended or made for any other use, such as in the context of another state or federal government regulatory agency proceeding, state or federal civil or criminal proceeding, any state or federal court proceeding, or any credentialing or privileges matter.

the Practice of Writing Prescriptions for Controlled Substances in a Manner that Deviates from the Model Policy (Counts III, VI, IX). By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

4. Respondent was properly served with a copy of this Complaint, has reviewed, and understands this Complaint, and has had the opportunity to consult with competent counsel concerning the nature and significance of this Complaint.

5. Respondent is hereby advised of his rights regarding this administrative matter, and of his opportunity to defend against the allegations in the Complaint. Specifically, Respondent has certain rights in this administrative matter as set out by the United States Constitution, the Nevada Constitution, the Medical Practice Act, the Nevada Open Meeting Law (OML), which is contained in NRS Chapter 241, and the Nevada Administrative Procedure Act (APA), which is contained in NRS Chapter 233B. These rights include the right to a formal hearing on the allegations in the Complaint, the right to representation by counsel, at his own expense, in the preparation and presentation of his defense, the right to confront and cross-examine the witnesses and evidence against him, the right to written findings of fact, conclusions of law and order reflecting the final decision of the Board, and the right to judicial review of the Board's order, if the decision is adverse to him.

6. Respondent understands that, under the Board's charge to protect the public by regulating the practice of medicine, the Board may take disciplinary action against Respondent's license, including license probation, license suspension, license revocation and imposition of administrative fines, as well as any other reasonable requirement or limitation, if the Board concludes that Respondent violated one or more provisions of the Medical Practice Act.

7. Respondent understands and agrees that this Agreement, by and between Respondent and the IC, is not with the Board, and that the IC will present this Agreement to the Board for consideration in open session at a duly noticed and scheduled meeting. Respondent understands that the IC shall advocate for the Board's approval of this Agreement, but that the Board has the right to decide in its own discretion whether or not to approve this Agreement. Respondent further understands and agrees that if the Board approves this Agreement, then the terms and conditions enumerated below shall be binding and enforceable upon him and the Board.

B. TERMS & CONDITIONS

NOW, THEREFORE, in order to resolve the matters addressed herein, i.e., the matters with regard to the Complaint, Respondent and the IC hereby agree to the following terms and conditions:

1. **Jurisdiction**. Respondent is, and at all times relevant to the Complaint has been, a physician licensed to practice medicine in Nevada subject to the jurisdiction of the Board as set forth in the Medical Practice Act.

2. **Representation by Counsel/Knowing, Willing and Intelligent Agreement**. Respondent acknowledges he is represented by counsel and wishes to resolve the matters addressed herein with said counsel. Respondent agrees that if representation by counsel in this matter materially changes prior to entering into this Agreement and for the duration of this Agreement, that counsel for the IC will be timely notified of the material change. Respondent agrees that he knowingly, willingly, and intelligently enters into this Agreement after deciding to have a full consultation with and upon the advice of legal counsel.

3. **Waiver of Rights**. In connection with this Agreement, and the associated terms and conditions, Respondent knowingly, willingly and intelligently waives all rights in connection with this administrative matter. Respondent hereby knowingly, willingly and intelligently waives all rights arising under the United States Constitution, the Nevada Constitution, the Medical Practice Act, the OML, the APA, and any other legal rights that may be available to him or that may apply to him in connection with the administrative proceedings resulting from the Complaint filed in this matter, including defense of the Complaint, adjudication of the allegations set forth in the Complaint, and imposition of any disciplinary actions or sanctions ordered by the Board. Respondent agrees to settle and resolve the allegations of the Complaint as set out by this Agreement, without a hearing or any further proceedings and without the right to judicial review.

4. **Acknowledgement of Reasonable Basis to Proceed**. As of the time of entering into this Settlement Agreement, the allegations of the Complaint remain unproven. Respondent acknowledges that the IC believes it has a reasonable basis to allege that Respondent engaged in conduct that is grounds for discipline pursuant to the Medical Practice Act. The IC acknowledges

OFFICE OF THE GENERAL COUNSEL
Nevada State Board of Medical Examiners
9600 Gateway Drive
Reno, Nevada 89521
(775) 688-2559

Respondent is not admitting that the IC's claims/counts as alleged in the Complaint have merit and Respondent is agreeing to resolve this matter to avoid the costs of hearing and potential subsequent litigation. Respondent asserts if this matter were to proceed to hearing, he has evidence, witnesses, expert witness(es) and defenses to the counts/claims alleged in the Complaint, but for the purposes of resolving the matter and for no other purpose, Respondent waives the presentation of evidence, witnesses, expert witnesses, and defenses in order to effectuate this Agreement.

5. **Consent to Entry of Order**. In order to resolve this Complaint pending against Respondent, Respondent hereby agrees that the Board may issue an order finding that Respondent engaged in conduct that is grounds for discipline pursuant to the Medical Practice Act. Accordingly, the following terms and conditions are hereby agreed upon:

a. Respondent admits to Counts I, II, V, VIII: one (1) violation of NRS 630.301(4) Malpractice and three (3) violations of NRS 630.3062(1)(a) Failure to Maintain Proper Medical Records.

b. Respondent will pay the costs and expenses incurred in the investigation and prosecution of the above-referenced matter within sixty (60) days of the Board's acceptance, adoption and approval of this Agreement, the current amount being four thousand five hundred four dollars and thirty-four cents ($4,504.34).

c. Respondent shall pay a fine of four thousand five hundred dollars and zero cents ($4,500.00) within sixty (60) days of the Board's acceptance, adoption, and approval of this Agreement.

d. Respondent shall perform ten (10) hours of Continuing Medical Education (CME) relating to best practices in medical recordkeeping within six (6) months from the date of the Board's acceptance, adoption, and approval of this agreement. The aforementioned hours of CME shall be in addition to the CME requirements that are regularly imposed for licensure

e. The Respondent shall submit to and pass all five (5) sections of the Ethics and Boundaries Assessment Services (EBAS) examination within sixty (60) days of Board approval of this agreement to be paid for at the expense of the Respondent.

OFFICE OF THE GENERAL COUNSEL
Nevada State Board of Medical Examiners

Reno, Nevada 89521
(775) 688-2559

f. This Agreement shall be reported to the appropriate entities and parties as required by law, including, but not limited to, the National Practitioner Data Bank.

g. Respondent shall receive a Public Letter of Reprimand.

h. The remaining counts of the Complaint, and any other claims arising from the Board's corresponding investigative case file(s), shall be dismissed with prejudice.

6. **Release from Liability**. In execution of this Agreement, Respondent understands and agrees that the State of Nevada, the Board, and each of its members, staff, counsel, investigators, experts, peer reviewers, committees, panels, hearing officers, consultants and agents are immune from civil liability for any decision or action taken in good faith in response to information acquired by the Board. NRS 630.364(2)(a). Respondent agrees to release the State of Nevada, the Board, and each of its members, staff, counsel, investigators, experts, peer reviewers, committees, panels, hearing officers, consultants and agents from any and all manner of actions, causes of action, suits, debts, judgments, executions, claims and demands whatsoever, known and unknown, in law or equity, that Respondent ever had, now has, may have or claim to have, against any or all of the persons, government agencies or entities named in this paragraph arising out of, or by reason of, this investigation, this Agreement or the administration of the case referenced herein.

7. **Procedure for Adoption of Agreement**. The IC and counsel for the IC shall recommend approval and adoption of the terms and conditions of this Agreement by the Board in resolution of this Complaint. In the course of seeking Board acceptance, approval and adoption of this Agreement, counsel for the IC may communicate directly with the Board staff and the adjudicating members of the Board.

Respondent acknowledges that such contacts and communications may be made or conducted ex-parté, without notice or opportunity to be heard on his part until the public Board meeting where this Agreement is discussed, and that such contacts and communications may include, but may not be limited to, matters concerning this Agreement, the Complaint and any and all information of every nature whatsoever related to this matter. The IC and its counsel agree that Respondent and/or Counsel for the Respondent may appear at the Board meeting where this

Agreement is discussed and, if requested, respond to any questions that may be addressed to the IC or the IC's counsel.

8. **Effect of Acceptance of Agreement by Board**. In the event the Board accepts, approves, and adopts this Agreement, the Board shall issue a final order, making this Agreement an order of the Board, and, pending full compliance with the terms herein, the case shall be closed and all remaining claims arising out of the Complaint shall be dismissed with prejudice.

9. **Effect of Rejection of Agreement by Board**. In the event the Board does not accept, approve and adopt this Agreement, this Agreement shall be null, void and of no force and effect except as to the following agreement regarding adjudications: (1) Respondent agrees that, notwithstanding rejection of this Agreement by the Board, nothing contained in this Agreement and nothing that occurs pursuant to efforts of the IC to seek the Board's acceptance of this Agreement shall disqualify any member of the adjudicating panel of the Board from considering this Complaint and from participating in disciplinary proceedings against Respondent, including adjudication of this case; and (2) Respondent further agrees that he shall not seek to disqualify any such member absent evidence of bad faith.

10. **Binding Effect**. If approved by the Board, Respondent understands that this Agreement is a binding and enforceable contract upon Respondent and the Board.

11. **Forum Selection Clause**. The parties agree that in the event either party is required to seek enforcement of this Agreement in district court, the party's consent to such jurisdiction and agree that exclusive jurisdiction shall be in the Second Judicial District Court, State of Nevada, Washoe County.

12. **Attorneys' Fees and Costs**. The parties agree that in the event an action is commenced in district court to enforce any provision of this Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees and costs.

13. **Failure to Comply with Terms**. Should Respondent fail to comply with any term or condition of this Agreement once the Agreement has been accepted, approved, and adopted by the Board, the IC shall be authorized to immediately suspend Respondent's license to practice medicine in Nevada pending an Order to Show Cause Hearing, which will be duly noticed.

ORDER OF SUSPENSION AND NOTICE OF HEARING

The Investigative Committee[1] (IC) of the Nevada State Board of Medical Examiners (Board) hereby **IMMEDIATELY SUSPENDS** the license of Ajumobi Charles Agu, M.D. (Respondent) from the practice of medicine, pursuant to the Board's authority to regulate the practice of medicine in the State of Nevada pursuant to Nevada Revised Statutes (NRS) Chapter 630.

The IC issues this Order of Suspension (Order) based on its determination that Respondent violated a Board Order when he did not satisfy all of the conditions contained in the Settlement Agreement and Order he entered into with the IC on November 15, 2022, approved by the Board on December 2, 2022.

Prior to the preparation of this Order, Board Staff presented to the IC the following:

1. Respondent is a medical doctor licensed to practice medicine in the State of Nevada (License No. 8857). The Board issued his license on November 23, 1998.

2. On November 15, 2022, Respondent entered into a Settlement Agreement with the IC and the Board approved the agreement on December 2, 2022. *See* **Exhibit 1** (Settlement Agreement and Order).

///

[1] The Investigative Committee of the Nevada State Board of Medical Examiners is composed of Board members Bret W. Frey, M.D., Carl N. Williams, Jr., M.D., FACS, and Col. Eric D. Wade, USAF (Ret.).

3. Per the terms of the Settlement Agreement, Respondent was to submit to and pass all five (5) sections of the Ethics and Boundaries Assessment Services (EBAS) examination within sixty (60) days of the Board's acceptance, adoption, and approval of the Agreement. The Settlement Agreement was approved and adopted on December 2, 2022, requiring completion of the terms on or before January 31, 2023.

4. Additionally, per the Settlement Agreement, Respondent was to perform ten (10) hours of Continuing Medical Education relating to best practices in medical record keeping within six (6) months from the date of the Board's acceptance, adoption, and approval of the Settlement Agreement. The Settlement Agreement was approved and adopted on December 2, 2022, requiring completion of ten (10) hours of Continuing Medical Education to be completed by June 2, 2023.

5. Pursuant to the Settlement Agreement and Order, Respondent agreed that should Respondent fail to comply with any of the terms or conditions of the Agreement, once the Agreement had been accepted, approved, and adopted by the Board, the IC shall be authorized to immediately suspend Respondent's license to practice medicine in the State of Nevada pending an Order to Show Cause Hearing, which is hereby duly noticed.

6. Respondent registered for the EBAS examination on March 14, 2023, for an April 25, 2023, exam date.

7. On May 17, 2023, Board staff received notice from Ethics and Boundaries Assessment Services that the Respondent failed all five sections of the EBAS examination which took place on April 25, 2023.

8. On June 28, 2023, Respondent furnished a certificate of completion for the aforementioned hours of Continuing Medical Education with a completion date of June 26, 2023, twenty-four (24) days past the deadline stated in the Settlement Agreement and Order.

9. NRS 630.3065(2)(a) states in pertinent part that [e]xcept as otherwise provided in NRS 630.2672, knowingly or willfully failing to comply with: (a) [a] regulation, subpoena or order of the Board or a committee designated by the Board to investigate a complaint against a physician, constitutes grounds for initiating disciplinary action.

10. Based on the foregoing, the IC finds that Respondent, Ajumobi Charles Agu, M.D., has willfully and/or knowingly violated his Settlement Agreement and Board Order and is immediately suspended from the practice of medicine in the State of Nevada. *See* NRS 630.326(1); *see also* BME Case No. 22-12518-1 Settlement Agreement and Order attached hereto as Exhibit 1.

ORDER

IT IS HEREBY ORDERED that the license to practice medicine issued to Ajumobi Charles Agu, M.D. (No. 8857) by the State of Nevada Board of Medical Examiners is immediately **SUSPENDED** until further order of the IC or Board, and Respondent is prohibited from engaging in any acts that constitute the practice of medicine pursuant to NRS 630.020; and

IT IS FURTHER ORDERED that a hearing on this matter is set for the **27th day of July, 2023, at 2:00 p.m.,** at the Board's office located at 9600 Gateway Drive, Reno, Nevada 89521, to determine whether this suspension may continue, unless the parties mutually agree in writing to a different date and/or time. *See* NRS 630.326(2).

SETTLEMENT AGREEMENT

The Investigative Committee (IC) of the Nevada State Board of Medical Examiners (Board), by and through Ian J. Cumings, J.D., Deputy General Counsel for the Board and attorney for the IC, and Ajumobi Charles Agu, M.D. (Respondent), a licensed physician in Nevada, assisted by his attorney, Alia A. Najjar, M.D., Esq., of Ladah Law Firm, hereby enter into this Settlement Agreement (Agreement) based on the following:[1]

A. BACKGROUND

2. Respondent is a medical doctor currently licensed in active status by the Board pursuant to Chapter 630 of the Nevada Revised Statutes (NRS) and Chapter 630 of the Nevada Administrative Code (NAC) (collectively, the Medical Practice Act) to practice medicine in Nevada. His license was originally issued on November 23, 1998 (License No. 8857).

3. On July 29, 2022, in Case No. 22-12518-1, the IC filed a formal Complaint (Complaint) charging Respondent with violating the Medical Practice Act. Specifically, the Complaint alleges three (3) violations of NRS 630.301(4) Malpractice (Counts I, IV, VII); three (3) violations of NRS 630.3062(1)(a), Failure to Maintain Proper Medical Records (Counts II, V, VIII); and three (3) violations of NRS 630.306(1)(b)(2) Violation of Standards of Practice by Engaging in

[1] All agreements and admissions made by Respondent are solely for final disposition of this matter and any subsequent related administrative proceedings or civil litigation involving the Board and Respondent. Therefore, Respondent's agreements and admissions are not intended or made for any other use, such as in the context of another state or federal government regulatory agency proceeding, state or federal civil or criminal proceeding, any state or federal court proceeding, or any credentialing or privileges matter.

the Practice of Writing Prescriptions for Controlled Substances in a Manner that Deviates from the Model Policy (Counts III, VI, IX). By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

4. Respondent was properly served with a copy of this Complaint, has reviewed, and understands this Complaint, and has had the opportunity to consult with competent counsel concerning the nature and significance of this Complaint.

5. Respondent is hereby advised of his rights regarding this administrative matter, and of his opportunity to defend against the allegations in the Complaint. Specifically, Respondent has certain rights in this administrative matter as set out by the United States Constitution, the Nevada Constitution, the Medical Practice Act, the Nevada Open Meeting Law (OML), which is contained in NRS Chapter 241, and the Nevada Administrative Procedure Act (APA), which is contained in NRS Chapter 233B. These rights include the right to a formal hearing on the allegations in the Complaint, the right to representation by counsel, at his own expense, in the preparation and presentation of his defense, the right to confront and cross-examine the witnesses and evidence against him, the right to written findings of fact, conclusions of law and order reflecting the final decision of the Board, and the right to judicial review of the Board's order, if the decision is adverse to him.

6. Respondent understands that, under the Board's charge to protect the public by regulating the practice of medicine, the Board may take disciplinary action against Respondent's license, including license probation, license suspension, license revocation and imposition of administrative fines, as well as any other reasonable requirement or limitation, if the Board concludes that Respondent violated one or more provisions of the Medical Practice Act.

7. Respondent understands and agrees that this Agreement, by and between Respondent and the IC, is not with the Board, and that the IC will present this Agreement to the Board for consideration in open session at a duly noticed and scheduled meeting. Respondent understands that the IC shall advocate for the Board's approval of this Agreement, but that the Board has the right to decide in its own discretion whether or not to approve this Agreement. Respondent further understands and agrees that if the Board approves this Agreement, then the terms and conditions enumerated below shall be binding and enforceable upon him and the Board.

B. TERMS & CONDITIONS

NOW, THEREFORE, in order to resolve the matters addressed herein, i.e., the matters with regard to the Complaint, Respondent and the IC hereby agree to the following terms and conditions:

1. **Jurisdiction**. Respondent is, and at all times relevant to the Complaint has been, a physician licensed to practice medicine in Nevada subject to the jurisdiction of the Board as set forth in the Medical Practice Act.

2. **Representation by Counsel/Knowing, Willing and Intelligent Agreement**. Respondent acknowledges he is represented by counsel and wishes to resolve the matters addressed herein with said counsel. Respondent agrees that if representation by counsel in this matter materially changes prior to entering into this Agreement and for the duration of this Agreement, that counsel for the IC will be timely notified of the material change. Respondent agrees that he knowingly, willingly, and intelligently enters into this Agreement after deciding to have a full consultation with and upon the advice of legal counsel.

3. **Waiver of Rights**. In connection with this Agreement, and the associated terms and conditions, Respondent knowingly, willingly and intelligently waives all rights in connection with this administrative matter. Respondent hereby knowingly, willingly and intelligently waives all rights arising under the United States Constitution, the Nevada Constitution, the Medical Practice Act, the OML, the APA, and any other legal rights that may be available to him or that may apply to him in connection with the administrative proceedings resulting from the Complaint filed in this matter, including defense of the Complaint, adjudication of the allegations set forth in the Complaint, and imposition of any disciplinary actions or sanctions ordered by the Board. Respondent agrees to settle and resolve the allegations of the Complaint as set out by this Agreement, without a hearing or any further proceedings and without the right to judicial review.

4. **Acknowledgement of Reasonable Basis to Proceed**. As of the time of entering into this Settlement Agreement, the allegations of the Complaint remain unproven. Respondent acknowledges that the IC believes it has a reasonable basis to allege that Respondent engaged in conduct that is grounds for discipline pursuant to the Medical Practice Act. The IC acknowledges

OFFICE OF THE GENERAL COUNSEL
Nevada State Board of Medical Examiners
9600 Gateway Drive
Reno, Nevada 89521
(775) 688-2559

Respondent is not admitting that the IC's claims/counts as alleged in the Complaint have merit and Respondent is agreeing to resolve this matter to avoid the costs of hearing and potential subsequent litigation. Respondent asserts if this matter were to proceed to hearing, he has evidence, witnesses, expert witness(es) and defenses to the counts/claims alleged in the Complaint, but for the purposes of resolving the matter and for no other purpose, Respondent waives the presentation of evidence, witnesses, expert witnesses, and defenses in order to effectuate this Agreement.

5. **Consent to Entry of Order**. In order to resolve this Complaint pending against Respondent, Respondent hereby agrees that the Board may issue an order finding that Respondent engaged in conduct that is grounds for discipline pursuant to the Medical Practice Act. Accordingly, the following terms and conditions are hereby agreed upon:

a. Respondent admits to Counts I, II, V, VIII: one (1) violation of NRS 630.301(4) Malpractice and three (3) violations of NRS 630.3062(1)(a) Failure to Maintain Proper Medical Records.

b. Respondent will pay the costs and expenses incurred in the investigation and prosecution of the above-referenced matter within sixty (60) days of the Board's acceptance, adoption and approval of this Agreement, the current amount being four thousand five hundred four dollars and thirty-four cents ($4,504.34).

c. Respondent shall pay a fine of four thousand five hundred dollars and zero cents ($4,500.00) within sixty (60) days of the Board's acceptance, adoption, and approval of this Agreement.

d. Respondent shall perform ten (10) hours of Continuing Medical Education (CME) relating to best practices in medical recordkeeping within six (6) months from the date of the Board's acceptance, adoption, and approval of this agreement. The aforementioned hours of CME shall be in addition to the CME requirements that are regularly imposed for licensure

e. The Respondent shall submit to and pass all five (5) sections of the Ethics and Boundaries Assessment Services (EBAS) examination within sixty (60) days of Board approval of this agreement to be paid for at the expense of the Respondent.

OFFICE OF THE GENERAL COUNSEL
Nevada State Board of Medical Examiners

Reno, Nevada 89521
(775) 688-2559

f. This Agreement shall be reported to the appropriate entities and parties as required by law, including, but not limited to, the National Practitioner Data Bank.

g. Respondent shall receive a Public Letter of Reprimand.

h. The remaining counts of the Complaint, and any other claims arising from the Board's corresponding investigative case file(s), shall be dismissed with prejudice.

6. **Release from Liability**. In execution of this Agreement, Respondent understands and agrees that the State of Nevada, the Board, and each of its members, staff, counsel, investigators, experts, peer reviewers, committees, panels, hearing officers, consultants and agents are immune from civil liability for any decision or action taken in good faith in response to information acquired by the Board. NRS 630.364(2)(a). Respondent agrees to release the State of Nevada, the Board, and each of its members, staff, counsel, investigators, experts, peer reviewers, committees, panels, hearing officers, consultants and agents from any and all manner of actions, causes of action, suits, debts, judgments, executions, claims and demands whatsoever, known and unknown, in law or equity, that Respondent ever had, now has, may have or claim to have, against any or all of the persons, government agencies or entities named in this paragraph arising out of, or by reason of, this investigation, this Agreement or the administration of the case referenced herein.

7. **Procedure for Adoption of Agreement**. The IC and counsel for the IC shall recommend approval and adoption of the terms and conditions of this Agreement by the Board in resolution of this Complaint. In the course of seeking Board acceptance, approval and adoption of this Agreement, counsel for the IC may communicate directly with the Board staff and the adjudicating members of the Board.

Respondent acknowledges that such contacts and communications may be made or conducted ex-parté, without notice or opportunity to be heard on his part until the public Board meeting where this Agreement is discussed, and that such contacts and communications may include, but may not be limited to, matters concerning this Agreement, the Complaint and any and all information of every nature whatsoever related to this matter. The IC and its counsel agree that Respondent and/or Counsel for the Respondent may appear at the Board meeting where this

Agreement is discussed and, if requested, respond to any questions that may be addressed to the IC or the IC's counsel.

8. **Effect of Acceptance of Agreement by Board**. In the event the Board accepts, approves, and adopts this Agreement, the Board shall issue a final order, making this Agreement an order of the Board, and, pending full compliance with the terms herein, the case shall be closed and all remaining claims arising out of the Complaint shall be dismissed with prejudice.

9. **Effect of Rejection of Agreement by Board**. In the event the Board does not accept, approve and adopt this Agreement, this Agreement shall be null, void and of no force and effect except as to the following agreement regarding adjudications: (1) Respondent agrees that, notwithstanding rejection of this Agreement by the Board, nothing contained in this Agreement and nothing that occurs pursuant to efforts of the IC to seek the Board's acceptance of this Agreement shall disqualify any member of the adjudicating panel of the Board from considering this Complaint and from participating in disciplinary proceedings against Respondent, including adjudication of this case; and (2) Respondent further agrees that he shall not seek to disqualify any such member absent evidence of bad faith.

10. **Binding Effect**. If approved by the Board, Respondent understands that this Agreement is a binding and enforceable contract upon Respondent and the Board.

11. **Forum Selection Clause**. The parties agree that in the event either party is required to seek enforcement of this Agreement in district court, the party's consent to such jurisdiction and agree that exclusive jurisdiction shall be in the Second Judicial District Court, State of Nevada, Washoe County.

12. **Attorneys' Fees and Costs**. The parties agree that in the event an action is commenced in district court to enforce any provision of this Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees and costs.

13. **Failure to Comply with Terms**. Should Respondent fail to comply with any term or condition of this Agreement once the Agreement has been accepted, approved, and adopted by the Board, the IC shall be authorized to immediately suspend Respondent's license to practice medicine in Nevada pending an Order to Show Cause Hearing, which will be duly noticed.

NEVADA STATE BOARD OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **MONIVIRIN SON, MD,** **Certificate of Registration No. CS35699,** **Respondent.**	**CASE NO. 23-046-CS-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and this respondent because at the time of the alleged events, Respondent Monivirin Son, MD, held expired Nevada controlled substance registrations, Certificate of Registration Nos. CS25265, CS12420, and CS15562, and/or a provisional Nevada controlled substance registration, CS35699, all issued by the Board.

FACTUAL ALLEGATIONS

2. Respondent failed to timely renew his Certificate of Registration Nos. CS25265, CS12420, and CS15562, all of which expired on October 31, 2018.

3. Respondent issued two thousand six hundred and eighty-four (2,684) prescriptions for controlled substances via telehealth to four hundred and eighty-four (484) patients in Nevada between November 1, 2018, and June 21, 2023, without a valid Nevada controlled substance registration and without accessing the Prescription Monitoring Program (PMP) database to review a patient utilization report.

4. On or about June 14, 2023, Respondent submitted an application to the Board for a new Nevada controlled substance registration, representing that his practice was located at 504 San Pablo Drive – APT 202, Las Vegas, NV 89104.

5. On or about June 22, 2023, Respondent was issued a new controlled substance registration, Certificate of Registration No. CS35699. However, Respondent failed to submit proof of his registration with the U.S. Drug Enforcement Administration pursuant to 21 U.S.C. § 822(a)(2) to the Board, and failed to enroll with the Board for Internet access to the PMP database.

6. Since June 22, 2023, Respondent has issued no fewer than eight hundred and six (806) prescriptions for controlled substances to patients in Nevada without complying with all requirements for prescribing under a Nevada controlled substance registration and without accessing the PMP database to review a patient utilization report.

7. On or about December 6, 2023, Respondent was served with an order pursuant to NRS 639.2895(1) to cease and desist possessing (except pursuant to the lawful order of a practitioner), administering, prescribing or dispensing any controlled substance under Certification of Registration No. CS35699 until he submits proof of registration with the U.S. Drug Enforcement Administration to the Board and enrolls with the Board for Internet access to the PMP database.

8. On or about December 12, 2023, Respondent admitted to the Executive Secretary that he does not practice at 504 San Pablo Drive – APT 202 in Las Vegas.

APPLICABLE LAW

9. A prescription for a controlled substance may be issued only for a legitimate medical purpose and in the usual course of his or her professional practice by an individual practitioner who holds a DEA registration and is authorized to prescribe controlled substances by the jurisdiction in which he is licensed to practice his profession. 21 U.S.C. § 822(a)(2); 21 U.S.C. § 823(f); 21 CFR § 1306.03(a)(1); NRS 453.226(1); NRS 453.232; NRS 453.321(1)(a); NRS 629.515(1); NRS 639.100(1); NRS 639.235(1).

10. A practitioner must present proof that he or she is authorized to access the PMP database to hold a valid Nevada controlled substance registration. NRS 453.226(1); NAC 453.065.

11. Falsely representing oneself as a practitioner entitled to issue prescriptions in this state, and unlawfully issuing a prescription for a controlled substance in this state, are felony offenses. 21 U.S.C. § 841(a); 21 U.S.C. § 842(a); NRS 453.232; NRS 453.321(1)(a); NRS 639.2813(1).

12. It is unlawful for a person knowingly or intentionally to furnish false or fraudulent material information in, or omit any material information from, any application for registration under NRS Chapter 453. NRS 453.331(1)(e); NRS 639.281(1).

13. Performing or in any way being a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(h) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

14. Performing any duties as the holder of a controlled substance registration in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

15. Performing any act, task or operation for which licensure, certification or registration is required without the required license, certificate or registration constitutes unprofessional conduct and conduct contrary to the public interest pursuant to NAC 639.945(1)(k) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 453.236(1) and NRS 639.210(4).

16. Willfully making to the Board any false statement which is material to the administration or enforcement of Nevada law is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(9).

17. Obtaining any registration by the filing of an application, or any record, affidavit or other information in support thereof, which is false or fraudulent is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(10).

18. The Board may suspend or revoke a registration if the holder has violated any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs. NRS 639.210(11).

19. The Board may suspend or revoke a registration if the holder has violated, attempted to violate, assisted or abetted in the violation of or conspired to violate any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

20. The Board may suspend or revoke a registration if the holder has failed to timely renew a certificate of registration by failing to submit the application for renewal. NRS 639.210(13).

21. The Board may suspend or revoke a registration to prescribe a controlled substance upon a finding that the registrant has committed an act that would render registration inconsistent with the public interest as determined pursuant to NRS 453.231. NRS 453.236(1)(e) and NRS 453.241(1).

COUNT ONE

Violations of Federal Controlled Substances Act

22. By issuing prescriptions for controlled substances to patients in Nevada without a valid registration as alleged herein, Respondent falsely represented himself as a practitioner entitled to write prescriptions in this state and violated, attempted to violate, assisted or abetted in the violation of or conspired to violate 21 U.S.C. § 822(a)(2), 21 U.S.C. § 823(f), 21 U.S.C. § 841(a), 21 U.S.C. § 842(a) and/or 21 CFR § 1306.03(a)(1), and is subject to discipline pursuant to NRS 453.236(1)(e), NRS 453.241(1) and/or NRS 639.210(11).

COUNT TWO
Violations of State Controlled Substances Act

23. By issuing prescriptions for controlled substances to patients in Nevada without a valid registration as alleged herein, Respondent falsely represented himself as a practitioner entitled to write prescriptions in this state and violated, attempted to violate, assisted or abetted in the violation of or conspired to violate NRS 453.226(1), NRS 453.232, NRS 453.321(1)(a), NRS 629.515(1), NRS 639.100(1), NRS 639.235(1)and/or NRS 639.2813(1), and is subject to discipline pursuant to NRS 453.236(1)(e), NRS 453.241(1) and/or NRS 639.210(12).

COUNT THREE
Failure to Time Renew Controlled Substance Registration

24. By failing to timely renew his Certificate of Registration Nos. CS25265, CS12420, and CS15562, and subsequently issuing prescriptions for controlled substances, Respondent is subject to discipline pursuant to NRS 453.236(1)(e), NRS 453.241(1) and/or NRS 639.210(13).

COUNT FOUR
Furnishing False Material Information to Board

25. Nevada State Board of Pharmacy, Petitioner.
v.
Monivirin Son, MD,
Certificate of Registration No. CS35699, Respondent.

Case No. 23-046 – CS – S
Answer And Notice Of Defense.

Responded above name, in answer to the notice of
Intended Action and Accusation, filed in the above– entitled matter before the Nevada State Board of Pharmacy, declares:

1. That his/her objection to the Notice of Intended Action and accusation, as being incomplete, or failing to state clearly the charges against him/her, is hereby interposed on the following grounds: None

2. That, in answer to the Notice of Intended Action and Accusation, he/she admits, denies, and all ledges, as follows:

In 2018, I had 3 Nevada Controlled Substance Registrations when I worked for University Medical Center of Southern Nevada Quick-cares, Laborers/Pipe-Fitters Union clinic and Southwest Medical Urgent Cares. In the latter parts of 2018, after 10+ years in Las Vegas, Nevada, I transitioned to California and the 3 CSL - Control Substance Registrations expired in Aug 2018.

Towards the end of 2018, I initially worked in California prisons - CDCR and California jail system. This included several CDCR - California prisons: CHCF - California Health Care Facility, San Joaquin county, California State Prison in Sacramento, Mule Creek State Prison in Amador county, Salinas Valley State Prison in Monterey county, and Valley State Prison in Madera county. In 2018, I also began work in California state jail system in Amador, Calaveras and Tuolumne counties - both adult/juvenile facilities.

When COVID outbreak started, I continued to work in the prison and jail systems doing both Primary Care and ISUDT - Integrated Substance Use Disorder Treatment program - both in-person and telemedicine capacities. The ISUDT

program uses the American Society of Addiction Medicine - ASAM criteria - the treatment criteria for addictive substance related and co-occurring conditions. The ASAM criteria was created to improve the quality of and access to addiction care. The principles concepts and criteria of ASAM is to promote good stewardship of resources in addiction, mental health and general healthcare systems. The criteria provide a way to match individual suffering from addiction with the services and tools they need for successful and long-term recovery.

California prisons used Buprenorphine-Naloxone vs the California jails used Buprenorphine as the Medication in their respective program. As COVID progressed, I also started working for QuickMD as a telemedicine only addiction medicine specialist based in California. For QuickMD, I prescribe both Buprenorphine and Buprenorphine-Naloxone - for the following states - California, Florida, Texas, Colorado, Ohio, Nevada, Michigan, Mississippi, Hawaii, and Wisconsin.

Working initially only in California, I used the State of California's Prescription Drug Monitoring Program (CURES) - which on the website has not only California, but can add interstate search for other states - including pending for Nevada. Therefore, I did not do the individual PDMP for other states at that time.

Recently, between May 2023 through September 2023, I transitioned from California Prison Primary care physician/ISUDT treatment physician to an ISUDT physician for American Health Services/El Dorado Community Service Centers in Southern California serving several cities including Pico Rivera, Hawaiian Gardens, Lawndale, Long Beach, and Azusa. The Southern California ISUDT program uses Methadone, Buprenorphine and Buprenorphine-Naloxone as medication choices. I can travel from my home in Southern California, rather than rent an apartment and move every 3 to 6 months if I continued to work in the California prisons. In summary, I continue employment at three places: California state jail system in Amador, Calaveras, and Tuolumne counties (both in person and telemedicine), American Health Services/El Dorado Community Service Centers in Southern California (in person only) and QuickMD (telemedicine only). In all three places of employment, I work as an ISUDT, Integrated Substance Use Disorder Treatment physician using ASAM - American Society of Addiction Medicine criteria to improve quality of and access to addiction care.

The notice from the State Board of Pharmacy - filed 12-14-23 states the following with my answers:

1) The notice states that I failed to renew your Certificate of Registration, which expired on October 31, 2018. Yes, this accurate.

2) The notice states that I issued 2,684 prescriptions for controlled substances via tele-health to 484 patients in Nevada between November 1, 2018, and June 21, 2023 without a valid Nevada controlled substance registration and without accessing the PMP database. Yes, this accurate.

3) The notice states when I was issued a new controlled substance registration on June 22, 2023, I failed to submit proof of your registration to the U.S. Drug Enforcement Administration and that I failed to enroll with the Board for Internet access to the PMP database. Yes, this accurate.

4) Since June 22, 2023, I have issued no fewer than 806 prescriptions for controlled substances to patients in Nevada without complying with all requirements for prescribing under a Nevada controlled substance registration and without accessing the PMP database to review a patient utilization report. Yes, this is accurate.

After notification from the Nevada State Board of Pharmacy, I had the opportunity to and did make the following corrections:

1] Update CSL applications - Control Substance Registration to those states that require State Board of Pharmacy documentation - Hawaii, Michigan and Nevada.

2] Register and use the PDMP - Prescription Drug Monitoring Program for all individual states I am licensed in: California, Florida, Texas, Colorado, Ohio, Nevada, Michigan, Mississippi, Hawaii, and Wisconsin.

3] Respond to the State of Nevada Board of Pharmacy December 6, 2023 Cease and Desist/Citation – I submitted proof of my registration with the US drug enforcement administration to the Board and enrolled with the Board for Internet access to the prescription monitoring program database. On December 19, 2023 the State of Nevada Board Pharmacy lifted the order to cease and desist.

What I realized during this process is that I should found it meaningful to take the extra step and do individual state PDMP rather than wait for the State of California Prescription Drug Monitoring Program (CURES) to activate pending interstate search modules. I should have monitored which states require Controlled Substance Registrations - State Board of Pharmacy applications. I should have called the Nevada State Board of Pharmacy regarding my options for the Nevada address for QuickMD telemedicine services rather than Google the address. I do want to express my apologies and look forward to work with the Nevada State Board of Pharmacy to make current and future corrections as needed.

I hereby declare, under penalty of perjury, that the foregoing Answer, and Notice

of Defense, and all facts therein stated, are true, and correct to the best of my knowledge.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **MONIVIRIN SON, MD,** **Certificate of Registration No. CS35699,** **Respondent.**	**Case No. 23-046-CS-S** **STIPULATION AND ORDER**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, by and through General Counsel Brett Kandt, and Respondent Monivirin Son, MD, Certificate of Registration No. CS35699, **HEREBY STIPULATE AND AGREE THAT**:

1. The Board has jurisdiction over Respondent and this matter.

2. On or about December 14, 2023, Respondent was served with the Notice of Intended Action and Accusation (Accusation) on file in this matter together with the Statement to Respondent and Notice of Hearing, and Respondent filed an Answer and Notice of Defense to the Accusation on or about January 25, 2024.

3. Respondent is fully aware of the right to seek the advice of counsel in this matter prior to entering into this Stipulation.

4. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration, the right to appeal and any and all other rights which may be accorded to him pursuant to NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

5. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondent has failed to comply with the provisions

of this Stipulation, Respondent hereby freely and voluntarily waives his rights to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to him by NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

6. Respondent does not contest the allegations in the Accusation, but acknowledges that Board staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the violations alleged therein, *to wit*:

A. Respondent failed to timely renew his Certificate of Registration Nos. CS25265, CS12420, and CS15562, all of which expired on October 31, 2018.

B. Respondent issued two thousand six hundred and eighty-four (2,684) prescriptions for controlled substances via telehealth to four hundred and eighty-four (484) patients in Nevada between November 1, 2018, and June 21, 2023, without a valid Nevada controlled substance registration and without accessing the Prescription Monitoring Program (PMP) database to review a patient utilization report.

C. On or about June 14, 2023, Respondent submitted an application to the Board for a new Nevada controlled substance registration, representing that his practice was located at 504 San Pablo Drive – APT 202, Las Vegas, NV 89104.

D. On or about June 22, 2023, Respondent was issued a new controlled substance registration, Certificate of Registration No. CS35699. However, Respondent failed to submit proof of his registration with the U.S. Drug Enforcement Administration pursuant to 21 U.S.C. § 822(a)(2) to the Board, and failed to enroll with the Board for Internet access to the PMP database.

E. Since June 22, 2023, Respondent has issued no fewer than eight hundred and six (806) prescriptions for controlled substances to patients in Nevada without complying with all requirements for prescribing under a Nevada controlled substance registration and without accessing the PMP database to review a patient utilization report.

F. On or about December 6, 2023, Respondent was served with an order pursuant to NRS 639.2895(1) to cease and desist possessing (except pursuant to the lawful order of a practitioner), administering, prescribing or dispensing any controlled substance under Certification of Registration No. CS35699 until he submits proof of registration with the U.S. Drug Enforcement Administration to the Board and enrolls with the Board for Internet access to the PMP database.

G. On or about December 12, 2023, Respondent admitted to the Executive Secretary that he does not practice at 504 San Pablo Drive – APT 202 in Las Vegas.

H. On or about December 19, 2023, the cease-and-desist order was lifted after Respondent submitted proof of registration with the U.S. Drug Enforcement Administration to the Board and enrolled with the Board for Internet access to the PMP database.

I. By issuing prescriptions for controlled substances to patients in Nevada without a valid registration, Respondent falsely represented himself as a practitioner entitled to write prescriptions in this state and violated, attempted to violate, assisted or abetted in the violation of or conspired to violate 21 U.S.C. **§** 822(a)(2), 21 U.S.C. **§** 823(f), 21 U.S.C. § 841(a), 21 U.S.C. § 842(a) and/or 21 CFR § 1306.03(a)(1), and is subject to discipline pursuant to NRS 453.236(1)(e), NRS 453.241(1) and/or NRS 639.210(11).

J. By issuing prescriptions for controlled substances to patients in Nevada without a valid registration, Respondent falsely represented himself as a practitioner entitled to write prescriptions in this state and violated, attempted to violate, assisted or abetted in the violation of or conspired to violate NRS 453.226(1), NRS 453.232, NRS 453.321(1)(a), NRS 629.515(1), NRS 639.100(1), NRS 639.235(1)and/or NRS 639.2813(1), and is subject to discipline pursuant to NRS 453.236(1)(e), NRS 453.241(1) and/or NRS 639.210(12).

K. By failing to timely renew his Certificate of Registration Nos. CS25265, CS12420, and CS15562, and subsequently issuing prescriptions for controlled substances, Respondent is subject to discipline pursuant to NRS 453.236(1)(e), NRS 453.241(1) and/or NRS 639.210(13).

L. By falsely representing on his application for a new Nevada controlled substance registration that his practice was located at 504 San Pablo Drive – APT 202 in Las Vegas, Respondent violated NRS 453.331(l)(e) and NRS 639.281(1), and is subject to discipline pursuant to NRS 453.236(1)(a) and (e), NRS 453.241(1), NRS 639.210(9) and/or NRS 639.210(12).

M. By falsely representing on his application for a new Nevada controlled substance registration that his practice was located at 504 San Pablo Drive – APT 202 in Las Vegas, Respondent is subject to discipline pursuant to NRS 453.236(1)(a) and (e), NRS 453.241(1) and/or NRS 639.210(10).

N. By falsely representing on his application for a new Nevada controlled substance registration that his practice was located at 504 San Pablo Drive – APT 202 in Las Vegas, Respondent was party to a fraudulent or deceitful practice or transaction and engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1(h) and is subject to discipline pursuant to NRS 453.236(1)(a) and (e), NRS 453.241(1) and/or NRS 639.210(4).

O. By issuing prescriptions for controlled substances to patients in Nevada without a valid registration, Respondent performed his duties as the holder of a controlled substance registration in an incompetent, unskillful or negligent manner, engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(i) and (k), and is subject to discipline pursuant to NRS 453.236(1)(e), NRS 453.241(1) and/or NRS 639.210(4).

P. By issuing prescriptions for controlled substances to patients in Nevada without a valid registration, by falsely representing himself as a practitioner entitled to issue prescriptions in this state, and by falsely representing on his application for a new Nevada controlled substance registration that his practice was located at 504 San Pablo Drive – APT 202 in Las Vegas, Respondent committed acts that render his registration inconsistent with the public interest, and is subject to discipline pursuant to NRS 453.236(1)(a) and (e) and/or NRS 453.241(1).

8. Those violations are plead with particularity in the Accusation, and are grounds for action pursuant to NRS 453.236(1), NRS 453.241(1), NRS 639.210 and NRS 639.255.

9. In order to resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent stipulate to the following penalties. The certificate of registration of Respondent Monivirin Son, MD, Certificate of Registration No. CS35699, is suspended for a period of two (2) years pursuant to NRS 453.241(1)(a). The suspension is stayed, and Respondent is placed on probation pursuant to NRS 639.255(1)(b) subject to the following conditions:

A. Respondent shall accept this Stipulation and Order as a public reprimand regarding his duties and responsibilities as a practitioner under NRS Chapters 453, 454 and 639;

B. Pursuant to NRS 639.255(1)(f) and NAC 639.955(5), Respondent shall pay a fine of Two Thousand Dollars ($2,000.00) for each of the eight (8) causes of action in the Accusation, for a total of Sixteen Thousand Dollars ($16,000.00), by personal, business, certified or cashier's check or money order made payable to "State of Nevada, Office of the Treasurer," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) days of entry of this Order;

C. Pursuant to NRS 622.400, Respondent shall pay Two Thousand Five Hundred Dollars ($2,500.00) to partially reimburse the Board for reasonable attorney's fees and recoverable costs incurred in investigating and prosecuting this matter, by personal, business, certified or cashier's check or money order made payable to the "Nevada State Board of Pharmacy" to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) days of entry of this Order;

D. Respondent shall establish and put into practice all necessary policies and procedures to ensure that any prescription complies with the provisions of federal and state law and shall be subject to quarterly PMP compliance checks; and

E. Respondent shall comply with all federal and state statutes and regulations regarding controlled substances and dangerous drugs, and have no additional charges filed against him while on probation.

Upon successful completion of probation, Respondent's Certificate of Registration No. CS35699 will be fully restored.

10. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by Respondent, the Board may lift the stay and immediately suspend Respondent's Certificate of Registration No. CS35699 and impose additional discipline upon Respondent not inconsistent with the provisions of NRS Chapters 453 and 639.

11. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on March 6, 2024. Respondent shall appear at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent is not present at the meeting.

12. The Board has discretion to accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60.

13. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

14. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release each other from any and all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and has knowingly and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **MATTHEW OKEKE, M.D.,** **Certificate of Registration No. CS10935,** **Respondent.**	**Case No. 19-013-CS-S** **FIRST AMENDED NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a first amended notice of intended action under NRS 233B.127(3) and a first amended accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over Respondent Matthew Okeke, M.D. (Respondent), because Respondent, at the time of the violations alleged herein, held a Nevada controlled substance registration, Certificate of Registration No. CS10935.

2. Respondent is a physician licensed by the Nevada State Board of Medical Examiners to practice psychiatry in Nevada. During the time periods discussed herein, Respondent was a "practitioner" as that term is defined at NRS 453.126.

FACTUAL ALLEGATIONS

3. Between February 28, 2017, and November 21, 2018, Respondent maintained a psychiatric practice in Las Vegas, Nevada. During that time frame, while engaged at various times in overseas travel, Respondent issued or caused to be issued at least one hundred twenty (120) prescriptions for controlled substances. These included prescriptions for alprazolam, clonazepam, diazepam, lacosamide, pregabalin, lisdexamfetamine, and buprenorphine.

4. Respondent was located outside of the United States during the periods from: 1) February 26 to March 11, 2017; 2) September 27 to October 2, 2017; 3) June 30 to July 17, 2018; and 4) November 9 to November 23, 2018.

5. While engaged in overseas travel as alleged above, Respondent employed the following methods of issuing prescriptions for controlled substances: 1) Respondent pre-signed certain of the prescriptions and supplied then to persons under his supervision or control for subsequent distribution to consumers; 2) Respondent authorized or directed one or more persons under his supervision or control to issue prescriptions to consumers by affixing Respondent's signature to those prescriptions via a rubber stamp imprinted with Respondent's signature; and 3) Respondent authorized or directed one or more persons under his supervision or control to telephonically issue prescriptions for consumers using Respondent's name and controlled substances registration number.

6. During the periods described herein, Respondent intentionally failed to maintain patient treatment charts and/or records from which a person could reasonably determine whether Respondent had a bona fide therapeutic relationship with the persons to whom prescriptions for controlled substances were issued under Respondent's name and controlled substances registration number.

7. Respondent caused, directed, or permitted one or more persons under his supervision or control to issue prescriptions for controlled substances even though such person(s) were not licensed or registered under state or federal law to prescribe controlled substances. Respondent knew or should have known that such person(s) were not licensed or registered under state or federal law to prescribe controlled substances.

8. On or about March 9, 2020, the Nevada State Board of Medical Examiners disciplined Respondent for malpractice and for failure to maintain proper medical records.

9. On or about September 7, 2022, Respondent entered a guilty plea pursuant to a plea agreement of committing the offense of intentional failure to maintain adequate records, a gross misdemeanor violation of NRS 422.510(1).

10. On or about September 7, 2022, Discovery Mind Center Ltd. (Discovery Mind Center), a Nevada limited-liability company, entered a guilty plea pursuant to a plea agreement of submitting false claims to defraud Medicaid, a felony violation of NRS 422.540; and of using the identifying information of an older person for unlawful purposes, a felony violation of NRS 205.463.

11. At the time of the offenses described in paragraph 10 above, Respondent owned, controlled, and/or managed Discovery Mind Center. Respondent entered guilty pleas on behalf of Discovery Mind Center.

12. On or about December 8, 2022, the Nevada State Board of Medical Examiners disciplined Respondent for failure to maintain proper medical records.

13. On or about January 17, 2023, Respondent and Discovery Mind Center were sentenced for the criminal offenses described in paragraph 10 above. Discovery Mind Center was ordered to pay $330,000 in restitution, and Respondent was sentenced to probation and ordered to pay $300,000 in costs and penalties.

14. On or about February 21, 2023, Matthew Okeke, M.D., Ltd., a Nevada limited-liability company, was convicted pursuant to a plea agreement of one count of submitting false claims: Medicaid fraud, a category D felony in violation of NRS 422.540(1)(a) and NRS 422.540(2)(a), and one count of obtaining and using personal identifying information of an older person for unlawful purposes, a category D felony in violation of NRS 205.463(1) and NRS 205.463(3)(a).

15. At the time of the offenses described in paragraph 14 above, Respondent owned, controlled, and/or managed Matthew Okeke, M.D., Ltd., a Nevada limited-liability company. Respondent entered guilty pleas on behalf of the company.

16. On or about February 21, 2023, Matthew Okeke, M.D., Ltd., a Nevada limited-liability company, was sentenced for the offenses described in paragraph 14 above. The company was ordered to pay a fine of $100,000, among other fees and assessments.

17. Respondent was charged individually with the offenses described in paragraphs 9, 10, and 14 above. However, Respondent entered into plea agreements whereby he avoided individual convictions for all offenses except the gross misdemeanor offense described in paragraph 9 above.

18. On or about October 25, 2022, Respondent submitted to the Board his application to renew his certificate of registration to prescribe controlled substances. The application specifically directed Respondent to disclose any charges, arrests, or convictions. Respondent disclosed the

conviction described in paragraph 9 above, referring to it as a "misdemeanor for record keeping," but he did not disclose the individual charges and/or arrests related to the felony fraud charges mentioned in paragraphs 10 and 14 above.

APPLICABLE LAW

19. In Nevada, it is unlawful to dispense a controlled substance except as authorized by NRS Chapter 453. *See* NRS 453.321(1)(a). "Dispense" is defined to include the act of prescribing a controlled substance. *See* NRS 453.056.

20. Every practitioner who prescribes controlled substances in Nevada must secure and maintain a certificate of registration from the Board. NRS 453.226(1)(a); NRS 453.231(3). A practitioner who fails to secure and maintain such a registration is subject to criminal and/or civil penalties for prescribing controlled substances without a registration. *See* NRS 453.232; NRS 453.553; NRS 453.5531.

21. In addition to any criminal or civil penalties that may apply, the Board may revoke or suspend the existing registration of any practitioner who has been guilty of unprofessional conduct or conduct contrary to the public interest. *See* NRS 639.210(4).

22. A practitioner's conduct is deemed unprofessional and contrary to the public interest if the practitioner: 1) performs, without the required registration, any task or operation for which registration is required; 2) performs his or her duties in an incompetent, unskillful, or negligent manner; 3) performs or engages in any fraudulent or deceitful transaction; or, 4) prescribes a drug as a prescribing practitioner to a patient with whom the prescribing practitioner does not have a bona fide therapeutic relationship. *See* NAC 639.945(1)(h)-(o).

23. Additionally, the Board may revoke or suspend the registration of any practitioner who has violated any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to controlled substances, *see* NRS 639.210(11), or who has violated any Nevada statute or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy, *see* NRS 639.210(12).

24. Further, the Board may revoke or suspend the registration of any practitioner who has been convicted of a crime involving moral turpitude, dishonesty or corruption. *See* NRS 639.210(7)(c).

25. Finally, the Board may revoke or suspend the registration of any practitioner who "[h]as willfully made to the Board or its authorized representative any false statement which is material to the administration or enforcement of any of the provisions of [NRS chapter 639]." *See* NRS 639.210(9).

26. In addition to or in lieu of revoking or suspending a practitioner's certificate of registration due to any violation described herein, the Board may impose an administrative fine upon such practitioner. The fine may not exceed $10,000 for each offense. *See* NRS 639.255(1)(f) and (3).

COUNT ONE
Failure to Comply with Federal Registration Requirements

27. Between February 28, 2017, and November 21, 2018, Respondent caused, directed, or assisted one or more persons under his supervision or control to prescribed controlled substances in Nevada without their having obtained a registration from the Drug Enforcement Division of the U.S. Department of Justice. This constitutes a violation of federal law relating to controlled substances. *See* 21 U.S.C. 822(a)(2); 21 C.F.R. § 1306.03(a)(1). It also constitutes a violation of NRS 639.210(11), an offense for which the Board may impose administrative discipline.

COUNT TWO
Failure to Comply with State Registration Requirements

28. Between February 28, 2017, and November 21, 2018, Respondent caused, directed, or assisted one or more persons under his supervision or control to prescribe controlled substances in Nevada without their having obtained a registration from the Board. This violates state law relating to controlled substances. *See* NRS 453.321(1); NRS 453.226. It also constitutes a violation of NRS 639.210(12), an offense for which the Board may impose administrative discipline.

COUNT THREE
Participating in Deceitful Transactions

29. Between February 28, 2017, and November 21, 2018, Respondent caused, directed, or assisted one or more persons under his supervision or control to prescribe controlled substances in Nevada.

30. Respondent engaged in the conduct described herein as part of a scheme to bill Medicaid for services that Respondent did not provide. In this regard, Respondent used prescriptions to falsely document patient visits that never occurred.

31. By causing prescriptions to be issued in the manner described herein, Respondent engaged in unprofessional conduct for which the Board may impose administrative discipline. *See* NRS 639.210(4); NAC 639.945(1)(h).

COUNT FOUR
Issuing Pre-signed Prescriptions

32. Between February 28, 2017, and November 21, 2018, Respondent caused, directed, or assisted one or more persons under his supervision or control to prescribe controlled substances in Nevada by supplying patients with written prescriptions that Respondent had signed or stamped in advance of his overseas travel.

33. By causing prescriptions to be issued in the manner described herein, Respondent violated NRS 639.2353 by issuing pre-signed prescriptions. This constitutes a violation of state law for which the Board may impose administrative discipline. *See* NRS 639.210(12). Through his conduct, Respondent has potentially subjected other persons to administrative discipline. *See* NAC 639.295(15). (a physician assistant is subject to discipline for supplying patients with pre-signed prescriptions).

COUNT FIVE
Issuing Prescriptions from Unauthorized Locations

34. Between May 18, 2022, and January 22, 2023, while located outside the United States, Respondent caused prescriptions for controlled substances to be issued in his name and under his controlled substances registration number.

35. By engaging in the conduct described herein, Respondent prescribed controlled substances from locations other than his office and/or a location properly registered with the Board. This constitutes a violation of state law for which the Board may impose administrative discipline. *See* NRS 453.226; NRS 639.210(12); NAC 453.130(3).

COUNT SIX

Performing Duties in an Incompetent, Unskillful, or Negligent Manner

36. Respondent failed to maintain patient charts and records from which the Board and/or a member of the Board's staff could reasonably ascertain whether Respondent maintained bona fide therapeutic relationships with the persons to whom prescriptions for controlled substances were issued between May 18, 2022, and January 22, 2023. Pursuant to NRS 453.246 and NAC 639.945(1)(o), Respondent had a legal duty to maintain such records.

37. By failing to maintain records as required by NRS 453.246 and NAC 639.945(1)(o), Respondent violated state law relating to controlled substances and/or performed his duties in an incompetent, unskillful and/or negligent manner. This is conduct for which the Board may impose administrative discipline. *See* NRS 639.210(4) and (12); NAC 639.945(1)(i).

38. By subjecting persons under his supervision or control to potential disciplinary action, Respondent performed his duties in an incompetent, unskillful and/or negligent manner. This too is conduct for which the Board may impose administrative discipline. *See* NRS 639.210(4); NAC 639.945(1)(i).

COUNT SEVEN

Failure to Establish Bona Fide Patient Relationships

39. Between February 28, 2017, and November 21, 2018, Respondent caused, directed, or assisted one or more persons under his supervision or control to prescribe controlled substances for persons whom Respondent identified as his patients. Respondent did not establish bona fide therapeutic relationship with one or more of these ostensible patients.

40. Respondent's conduct as described above constitutes unprofessional conduct for which the Board may impose administrative discipline. *See* NRS 639.210(4); NAC 639.945(1)(o).

COUNT EIGHT
Conviction of Crime Involving Dishonesty

41. As described above, Respondent was convicted of intentional failure to maintain adequate records, a gross misdemeanor.

42. Respondent's conviction for intentional failure to maintain adequate records, a gross misdemeanor, was directly related to a fraudulent billing scheme involving the Discovery Mind Center and Matthew Okeke, M.D., Ltd., both limited-liability companies under the ownership and control of Respondent.

43. Respondent's conviction for intentional failure to maintain adequate records, a gross misdemeanor, amounted to a conviction for a crime involving dishonesty. The Board may impose administrative discipline based upon that conviction. *See* NRS 639.210(7)(c).

COUNT NINE
Willfully Making False Statements in Connection with Renewal Application

44. As alleged above, on or about October 25, 2022, Respondent submitted to the Board his application to renew his certificate of registration to prescribe controlled substances. On the application, Respondent falsely represented that he had never been charged with or arrested for a criminal offense other than a misdemeanor offense related to record keeping. When he made this representation, Respondent had recently been charged with and/or arrested for multiple felony offenses related to a scheme to defraud Medicaid.

45. When he made the above false representation, Respondent knew that he had recently been charged with and/or arrested for multiple felony offenses related to a scheme to defraud Medicaid.

46. Respondent's false statement was material to the Board's determination whether to renew Respondent's certificate of registration to prescribe controlled substances.

47. Having willfully made a false representation as alleged above, Respondent is subject to discipline pursuant to NRS 639.210(9).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

DATED this 26th day of September 2023.

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. MATTHEW OKEKE, M.D., Certificate of Registration No. CS10935, Respondent.	Case No. 19-013-CS-S FINDINGS OF FACT, CONCLUSIONS OF LAW, AND ORDER

This matter came before the Nevada State Board of Pharmacy at its regularly scheduled meeting on Wednesday, January 17, 2024. Gregory L. Zunino, Senior General Counsel, prosecuted the case before the Board. Respondent Matthew Okeke, M.D., Certificate of Registration No. CS10935, failed to appear after being properly served notice of the time, date, and place of the hearing. Pursuant to NRS 622A.350(2) and NRS 638.244(2), the Board adopted, as its Findings of Fact and Conclusions of Law, the allegations, averments, and legal conclusions stated in the Notice of Intended Action and Accusation on file herein. Those allegations, averments, and legal conclusions are restated below with minor conforming changes, as appropriate, to reflect the Board's determination to impose professional discipline in this case.

FINDINGS OF FACT

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over Respondent Matthew Okeke, M.D. (Respondent), because Respondent, at the time of the violations alleged herein, held a Nevada controlled substance registration, Certificate of Registration No. CS10935.

2. Respondent is a physician licensed by the Nevada State Board of Medical Examiners to practice psychiatry in Nevada. During the time periods discussed herein, Respondent was a "practitioner" as that term is defined at NRS 453.126.

3. Between February 28, 2017, and November 21, 2018, Respondent maintained a psychiatric practice in Las Vegas, Nevada. During that time frame, while engaged at various times in overseas travel, Respondent issued or caused to be issued at least one hundred twenty (120)

prescriptions for controlled substances. These included prescriptions for alprazolam, clonazepam, diazepam, lacosamide, pregabalin, lisdexamfetamine, and buprenorphine.

4. Respondent was located outside of the United States during the periods from: 1) February 26 to March 11, 2017; 2) September 27 to October 2, 2017; 3) June 30 to July 17, 2018; and 4) November 9 to November 23, 2018.

5. While engaged in overseas travel as stated above, Respondent employed the following methods of issuing prescriptions for controlled substances: 1) Respondent pre-signed certain of the prescriptions and supplied then to persons under his supervision or control for subsequent distribution to consumers; 2) Respondent authorized or directed one or more persons under his supervision or control to issue prescriptions to consumers by affixing Respondent's signature to those prescriptions via a rubber stamp imprinted with Respondent's signature; and 3) Respondent authorized or directed one or more persons under his supervision or control to telephonically issue prescriptions for consumers using Respondent's name and controlled substances registration number.

6. During the periods described herein, Respondent intentionally failed to maintain patient treatment charts and/or records from which a person could reasonably determine whether Respondent had a bona fide therapeutic relationship with the persons to whom prescriptions for controlled substances were issued under Respondent's name and controlled substances registration number.

7. Respondent caused, directed, or permitted one or more persons under his supervision or control to issue prescriptions for controlled substances even though such person(s) were not licensed or registered under state or federal law to prescribe controlled substances. Respondent knew or should have known that such person(s) was not licensed or registered under state or federal law to prescribe controlled substances.

8. On or about March 9, 2020, the Nevada State Board of Medical Examiners disciplined Respondent for malpractice and for failure to maintain proper medical records.

9. On or about September 7, 2022, Respondent entered a guilty plea pursuant to a plea agreement of committing the offense of intentional failure to maintain adequate records, a gross misdemeanor violation of NRS 422.510(1).

10. On or about September 7, 2022, Discovery Mind Center Ltd. (Discovery Mind Center), a Nevada limited-liability company, entered a guilty plea pursuant to a plea agreement of submitting false claims to defraud Medicaid, a felony violation of NRS 422.540; and of using the identifying information of an older person for unlawful purposes, a felony violation of NRS 205.463.

11. At the time of the offenses described in paragraph 10 above, Respondent owned, controlled, and/or managed Discovery Mind Center. Respondent entered guilty pleas on behalf of Discovery Mind Center.

12. On or about December 8, 2022, the Nevada State Board of Medical Examiners disciplined Respondent for failure to maintain proper medical records.

13. On or about January 17, 2023, Respondent and Discovery Mind Center were sentenced for the criminal offenses described in paragraph 10 above. Discovery Mind Center was ordered to pay $330,000 in restitution, and Respondent was sentenced to probation and ordered to pay $300,000 in costs and penalties.

14. On or about February 21, 2023, Matthew Okeke, M.D., Ltd., a Nevada limited-liability company, was convicted pursuant to a plea agreement of one count of submitting false claims: Medicaid fraud, a category D felony in violation of NRS 422.540(1)(a) and NRS 422.540(2)(a), and one count of obtaining and using personal identifying information of an older person for unlawful purposes, a category D felony in violation of NRS 205.463(1) and NRS 205.463(3)(a).

15. At the time of the offenses described in paragraph 14 above, Respondent owned, controlled, and/or managed Matthew Okeke, M.D., Ltd., a Nevada limited-liability company. Respondent entered guilty pleas on behalf of the company.

16. On or about February 21, 2023, Matthew Okeke, M.D., Ltd., a Nevada limited-liability company, was sentenced for the offenses described in paragraph 14 above. The company was ordered to pay a fine of $100,000.00, among other fees and assessments.

17. Respondent was charged individually with the offenses described in paragraphs 9, 10, and 14 above. As noted above, Respondent entered into plea agreements whereby he avoided individual convictions for all offenses except the gross misdemeanor offense described in paragraph 9 above.

18. On or about October 25, 2022, Respondent submitted to the Board his application to renew his certificate of registration to prescribe controlled substances. The application specifically directed Respondent to disclose any charges, arrests, or convictions. Respondent disclosed the conviction described in paragraph 9 above, referring to it as a "misdemeanor for record keeping," but he omitted to disclose the individual charges and/or arrests related to the more serious offenses described in paragraphs 10 and 14 above.

CONCLUSIONS OF LAW

19. In Nevada, it is unlawful to dispense a controlled substance except as authorized by NRS Chapter 453. *See* NRS 453.321(1)(a). "Dispense" is defined to include the act of prescribing a controlled substance. *See* NRS 453.056.

20. Every practitioner who prescribes controlled substances in Nevada must secure and maintain a certificate of registration from the Board. NRS 453.226(1)(a); NRS 453.231(3). A practitioner who fails to secure and maintain such a registration is subject to criminal and/or civil penalties for prescribing controlled substances without a registration. *See* NRS 453.232; NRS 453.553; NRS 453.5531.

21. In addition to any criminal or civil penalties that may apply, the Board may revoke or suspend the existing registration of any practitioner who has been guilty of unprofessional conduct or conduct contrary to the public interest. *See* NRS 639.210(4).

22. A practitioner's conduct is deemed unprofessional and contrary to the public interest if the practitioner: 1) performs, without the required registration, any task or operation for which

registration is required; 2) performs his or her duties in an incompetent, unskillful, or negligent manner; 3) performs or engages in any fraudulent or deceitful transaction; or, 4) prescribes a drug as a prescribing practitioner to a patient with whom the prescribing practitioner does not have a bona fide therapeutic relationship. *See* NAC 639.945(1)(h)-(o).

23. Additionally, the Board may revoke or suspend the registration of any practitioner who has violated any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to controlled substances, *see* NRS 639.210(11), or who has violated any Nevada statute or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy, *see* NRS 639.210(12).

24. Further, the Board may revoke or suspend the registration of any practitioner who has been convicted of a crime involving moral turpitude, dishonesty or corruption. *See* NRS 639.210(7)(c).

25. Finally, the Board may revoke or suspend the registration of any practitioner who "[h]as willfully made to the Board or its authorized representative any false statement which is material to the administration or enforcement of any of the provisions of [NRS chapter 639]." *See* NRS 639.210(9).

26. In addition to or in lieu of revoking or suspending a practitioner's certificate of registration due to any violation described herein, the Board may impose an administrative fine upon such practitioner. The fine may not exceed $10,000 for each offense. *See* NRS 639.255(1)(f) and (3).

COUNT ONE

Failure to Comply with Federal Registration Requirements

27. Between February 28, 2017, and November 21, 2018, Respondent caused, directed, or assisted one or more persons under his supervision or control to prescribed controlled substances in Nevada without their having obtained a registration from the Drug Enforcement Division of the U.S. Department of Justice. This constitutes a violation of federal law relating to controlled substances. *See* 21 U.S.C. 822(a)(2); 21 C.F.R. § 1306.03(a)(1). It also constitutes a violation of NRS 639.210(11), an offense for which the Board may impose administrative discipline.

COUNT TWO

Failure to Comply with State Registration Requirements

28. Between February 28, 2017, and November 21, 2018, Respondent caused, directed, or assisted one or more persons under his supervision or control to prescribe controlled substances in Nevada without their having obtained a registration from the Board. This violates state law relating to controlled substances. *See* NRS 453.321(1); NRS 453.226. It also constitutes a violation of NRS 639.210(12), an offense for which the Board may impose administrative discipline.

COUNT THREE

Participating in Deceitful Transactions

29. Between February 28, 2017, and November 21, 2018, Respondent caused, directed, or assisted one or more persons under his supervision or control to prescribe controlled substances in Nevada.

30. Respondent engaged in the conduct described herein as part of a scheme to bill Medicaid for services that Respondent did not provide. In this regard, Respondent used prescriptions to falsely document patient visits that never occurred.

31. By causing prescriptions to be issued in the manner described herein, Respondent engaged in unprofessional conduct for which the Board may impose administrative discipline. *See* NRS 639.210(4); NAC 639.945(1)(h).

COUNT FOUR

Issuing Pre-signed Prescriptions

32. Between February 28, 2017, and November 21, 2018, Respondent caused, directed, or assisted one or more persons under his supervision or control to prescribe controlled substances in Nevada by supplying patients with written prescriptions that Respondent had signed or stamped in advance of his overseas travel.

33. By causing prescriptions to be issued in the manner described herein, Respondent violated NRS 639.2353 by issuing pre-signed prescriptions. This constitutes a violation of state law for which the Board may impose administrative discipline. *See* NRS 639.210(12). Through his conduct,

Respondent has potentially subjected other persons to administrative discipline. *See* NAC 639.295(15). (a physician assistant is subject to discipline for supplying patients with pre-signed prescriptions).

COUNT FIVE

Issuing Prescriptions from Unauthorized Locations

34. Between May 18, 2022, and January 22, 2023, while located outside the United States, Respondent caused prescriptions for controlled substances to be issued in his name and under his controlled substances registration number.

35. By engaging in the conduct described herein, Respondent prescribed controlled substances from locations other than his office and/or a location properly registered with the Board. This constitutes a violation of state law for which the Board may impose administrative discipline. *See* NRS 453.226; NRS 639.210(12); NAC 453.130(3).

COUNT SIX

Performing Duties in an Incompetent, Unskillful, or Negligent Manner

36. Respondent failed to maintain patient charts and records from which the Board and/or a member of the Board's staff could reasonably ascertain whether Respondent maintained bona fide therapeutic relationships with the persons to whom prescriptions for controlled substances were issued between May 18, 2022, and January 22, 2023. Pursuant to NRS 453.246 and NAC 639.945(1)(o), Respondent had a legal duty to maintain such records.

37. By failing to maintain records as required by NRS 453.246 and NAC 639.945(1)(o), Respondent violated state law relating to controlled substances and/or performed his duties in an incompetent, unskillful and/or negligent manner. This is a conduct for which the Board may impose administrative discipline. *See* NRS 639.210(4) and (12); NAC 639.945(1)(i).

38. By subjecting persons under his supervision or control to potential disciplinary action, Respondent performed his duties in an incompetent, unskillful and/or negligent manner. This too is a conduct for which the Board may impose administrative discipline. *See* NRS 639.210(4); NAC 639.945(1)(i).

COUNT SEVEN
Conviction of Crime Involving Dishonesty

39. As described herein, Respondent was convicted of a crime involving dishonesty. Respondent's conviction for intentional failure to maintain adequate records, a gross misdemeanor, was directly related to a fraudulent billing scheme involving the Discovery Mind Center and Matthew Okeke, M.D., Ltd., both limited-liability companies under the ownership and control of Respondent. The Board may impose administrative discipline based upon that conviction because the underlying offense involved dishonesty. *See* NRS 639.210(7)(c).

COUNT EIGHT
Prescribing Controlled Substances Without a Bona Fide Patient Relationship

40. Between February 28, 2017, and November 21, 2018, Respondent caused, directed, or assisted one or more persons under his supervision or control to prescribe controlled substances for persons whom Respondent identified as his patients. Respondent did not establish bona fide therapeutic relationship with one or more of these ostensible patients.

41. Respondent's conduct as described above constitutes unprofessional conduct for which the Board may impose administrative discipline. *See* NRS 639.210(4); NAC 639.945(1)(o).

ORDER

NOW, THEREFORE, based upon the above Findings of Fact and Conclusions of Law, the Board imposes upon Respondent Matthew Okeke, M.D., Certificate of Registration No. CS10935, the following professional discipline:

42. Respondent's Certificate of Registration No. CS10935 is hereby **REVOKED** pursuant to NRS 453.236 and NRS 453.241. Pursuant to NRS 622A.410(1) and NRS 639.257(1), Respondent may not petition the Board for reinstatement for a period of at least ten (10) years. Respondent may not prescribe controlled substances in the state of Nevada in any capacity unless the Board reinstates his certificate of registration.

43. Respondent shall pay an administrative fine in the amount of Two Thousand Five Hundred and No/100 Dollars ($2,500.00), payable to the State of Nevada, Office of the Treasurer.

44. Respondent shall reimburse the Board for its costs of investigation and prosecution in the amount of One Thousand Seven Hundred Fifty-Four and 68/100 Dollars ($1,754.68), payable to the Nevada State Board of Pharmacy.

45. This Order constitutes a final decision in a contested case and a public record pursuant to NRS 639.255(5) and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60.

46. This Order is effective immediately.

IT IS SO ORDERED.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **MATTHEW OKEKE, M.D.,** **Certificate of Registration No. CS10935,** **Respondent.**	**Case No. 19-013-CS-S** **PETITION FOR RECONSIDERATION**

COMES NOW, Respondent Matthew Okeke, M.D., by and through his counsel, Liborius Agwara, Esq., of the Law Offices of Libo Agwara, Ltd., and hereby files his Petition For Reconsideration of the Board's Findings Of Fact, Conclusions Of Law, and Order, which was entered by the Board on January 27, 2024.

This Petition is made and based on the attached Declaration of Liborius Agwara, Esq., counsel for Respondent.

Starting in or about September 2023 and through the end of November 2023, Senior General Counsel for the Board, Gregory Zunino, Esq., and Respondent's counsel, Liborius Agwara, Esq., engaged in a series of negotiations and were able to arrive at a resolution. The first draft of the settlement agreement, which Respondent and his counsel signed on November 17, 2023, is attached hereto as Exhibit "A." Thereafter, the parties realized that Respondent's inactive status with the medical board meant that some of the provisions in the first draft would have to be changed. The parties were able to agree on the terms of the final draft, a copy of which is attached hereto as Exhibit "B." Counsel for Respondent signed the final draft the

settlement agreement before leaving for Africa, where he runs a foundation, on December 17, 2023. See Exhibit "C." Respondent subsequently came to counsel's office and signed the final draft on December 20, 2023, and left the signed copy with counsel's staff, who were supposed to have scanned and emailed the signed copy to Mr. Zunino. For reasons that no one can explain, counsel's staff put the signed copy in a different file belonging to Respondent, without first scanning and emailing it to Mr. Zunino. Counsel returned to the United States on January 17, 2024. See Exhibit "D." Thinking that Mr. Zunino had been sent the signed agreement, counsel was awaiting a notice of hearing by the board, wherein the settlement agreement would be presented for acceptance, but was shocked when he received, by certified mail, a copy of the board's findings of fact, conclusions of law, and order on January 29, 2024.

Respondent did not ignore this matter, as there were numerous emails between Mr. Zunino and counsel. Indeed, the parties' negotiations were going so well that counsel for both parties did not see the need for Respondent to file an Answer to the Complaint, as they were confident the matter would be resolved.

In light of the foregoing, Respondent respectfully requests that the Board grant his Petion for Reconsideration.

RESPONDENT'S COUNSEL'S DECLARATION IN SUPPORT OF PETITION FOR RECONSIDERATION

I, LIBORIUS AGWARA, ESQ., counsel for Respondent Matthew Okeke, M.D., under the penalty of perjury, hereby declare:

1. That I am an attorney licensed to practice in the State of Nevada.

2. That I represent Dr. Matthew Okeke, Respondent in this matter.

3. That between the months of September 2023 and November 2023, Senior General Counsel for the Board, Mr. Zunino, and I, engaged in a series of negotiations and arrived at an acceptable settlement agreement on behalf of the Board and Respondent.

4. That the first draft, which was signed by Respondent and me, had to be revised due to the fact that Respondent's medical license was inactive at the time.

5. That I signed the final settlement agreement before leaving for Africa on December 17, 2023, while Respondent signed it on December 20, 2023; that my staff misplaced the signed agreement by putting it in another file belonging to the Respondent, without first sending it to Mr. Zunino.

6. That this matter was resolved by the parties and would not have gone to a hearing, if it had not been for my staff's mistake; that I take full responsibility for my staff's mistake and hope that the Board does not punish Respondent for my office's mistake.

FURTHER YOUR DECLARANT SAYETH NAUGHT.

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. MATTHEW OKEKE, M.D., Certificate of Registration No. CS10935, Respondent.	Case No. 19-013-CS-A STIPULATION AND ORDER

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy ("Board"), by and through its Senior General Counsel, Gregory L. Zunino, and Respondent Matthew Okeke, M.D., ("Respondent"), by and through his counsel, Liborius Agwara, Esq., hereby stipulate and agree as follows:

1. The Board has jurisdiction over Respondent and this matter.

2. The Board's staff properly served Respondent with the First Amended Notice of Intended Action and Accusation ("Accusation") on file in this matter, together with the Statement to Respondent and Notice of Hearing.

3. Respondent acknowledges that he understands the terms of this Stipulation, and that he has executed it knowingly and voluntarily.

4. Respondent acknowledges that he is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration of a Board determination in a contested case, the right to appeal a Board determination in a contested case, and all other rights afforded Respondent under NRS Chapter 233B, the Nevada Administrative Procedure Act, NRS Chapter 622A, which governs administrative procedure before the Board, NRS Chapter 639, the Nevada Pharmacy Act, and NRS Chapter 453, the Nevada Uniform Controlled Substances Act.

5. Conditioned on the acceptance of this Stipulation by the Board and excluding the right to challenge any determination that Respondent has failed to comply with its provisions, Respondent

hereby freely and voluntarily waives the right to a hearing, reconsideration, appeal, and other rights related to this action as identified above.

6. Respondent admits that evidence exists, and that the Board counsel prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violations alleged in the Accusation.

7. To resolve this matter without incurring any further costs or the expenses associated with a hearing, the Board and Respondent agree as follows:

A. Respondent, a physician, holds Certificate of Registration No. CS10935, which was originally issued by the Board in 2016. Certificate of Registration No. CS10935 authorizes Respondent to prescribe controlled substances in Nevada.

B. Respondent is licensed by the Nevada Board of Medical Examiners ("BME") to practice medicine in Nevada; however, in Case No. 21-22461-1, the BME placed conditions upon Respondent's medical license requiring Respondent to successfully complete a 24-month period of probation in connection with the BME's Case No. 21-22461-1. Respondent's period of probation with the BME commenced on December 8, 2022.

C. In addition to having agreed to the terms and conditions of the probation imposed by the BME in Case No. 21-22461-1, Respondent placed his medical license on inactive status with the BME.

D. Respondent understands and acknowledges that pursuant to the Board's administrative regulation, LCB File No. R071-91 (February 7, 2020), Certificate of Registration No. CS10935 will be placed on inactive status until such time as Respondent petitions the Board to reactivate it.

E. As of the effective date of this Order, in addition to being placed in inactive status, Certificate of Registration No. CS10935 shall be **SUSPENDED** until December 31, 2024; however, the execution of said order of suspension shall be stayed pending Respondent's completion of a period of probation ending December 31, 2024. During this period of probation, Respondent must: 1) comply with all Nevada laws relating to dangerous drugs and controlled substances; 2) successfully

complete the terms and conditions of the probation imposed by the BME in connection with Case No. 21-22401-1; 3) place his Nevada medical license on active status before engaging in the practice of medicine in Nevada; and 4) petition the Board to place Certificate of Registration No. CS29711 on active status before prescribing any dangerous drugs or controlled substances in Nevada.

F. Further, Respondent shall pay an administrative fine in the amount of Two Thousand Five Hundred and 00/100 Dollars ($2,500.00); and Respondent shall partially reimburse the Board in the amount of One Thousand and 00/100 Dollars ($1,000.00) for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter.

8. Failure by Respondent to comply with the terms stated herein may result in issuance by the Executive Secretary of an order to show cause, pursuant to NAC 639.965, directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation, the Board may unconditionally suspend or revoke Certificate of Registration No. CS10935 and/or impose additional discipline not inconsistent with the provisions of NRS Chapters 453 and 639. In the absence of such a finding of a violation, and assuming Respondent renews CS10935 when it comes due for renewal, Respondent's authority to prescribe controlled substances in Nevada shall be automatically restored without probationary conditions or restrictions effective December 5, 2024.

9. The Board's Senior General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on December 6, 2023, in Las Vegas, Nevada. The Board Members and Staff may discuss and deliberate regarding this Stipulation even if Respondent fails to appear for the meeting.

10. The Board may accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60.

11. If the Board rejects any part or all this Stipulation, and unless the parties reach an alternative agreement on the record during the hearing, the parties agree that the Board may hear a full

DECISION AND ORDER

The Nevada State Board of Pharmacy hereby adopts the foregoing Stipulation as its final decision in Case No. 19-013-CS-S and hereby orders that the terms of the foregoing Stipulation be made effective upon the date of entry set forth below.

1. The Board has jurisdiction over Respondent and this matter.

2. The Board's staff properly served Respondent with the First Amended Notice of Intended Action and Accusation ("Accusation") on file in this matter, together with the Statement to Respondent and Notice of Hearing.

3. Respondent acknowledges that he understands the terms of this Stipulation, and that he has executed it knowingly and voluntarily.

4. Respondent acknowledges that he is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration of a Board determination in a contested case, the right to appeal a Board determination in a contested case, and all other rights afforded Respondent under NRS Chapter 233B, the Nevada Administrative Procedure Act, NRS Chapter 622A, which governs administrative procedure before the Board, NRS Chapter 639, the Nevada Pharmacy Act, and NRS Chapter 453, the Nevada Uniform Controlled Substances Act.

6. Respondent admits that evidence exists, and that the Board counsel prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violations alleged in the Accusation.

7. To resolve this matter without incurring any further costs or the expenses associated with a hearing, the Board and Respondent agree as follows:

A. As of the effective date of this Order, Respondent's Certificate of Registration No. CS10935 shall be **SUSPENDED** for a period of two (2) years. Respondent understands and acknowledges that during this two-year period of suspension, Respondent will have no authority to prescribe controlled substances in Nevada and will be ineligible to renew Certificate of Registration No. CS10935 when it would otherwise come due for renewal on October 31, 2024. Further, at the expiration of the two-year period of suspension, Respondent must reapply to the Board for a new certificate of registration if Respondent intends to prescribe controlled substances in Nevada.

B. During the two-year period of suspension referenced above, Respondent shall comply with all laws and regulations governing the practice of medicine in any jurisdiction in which Respondent holds a professional license or registration.

C. During the two-year period of suspension referenced above, Respondent shall refrain from engaging in any conduct that results in a criminal conviction, whether for a felony or a misdemeanor, under any federal, state, or local law.

D. On or before May 1, 2024, Respondent shall pay an administrative fine in the amount of Two Thousand Five Hundred and 00/100 Dollars ($2,500.00), payable by *certified check* or *money order* written to the "**State of Nevada, Office of the Treasurer.**" Payment shall be remitted in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521.

E. On or before May 1, 2024, Respondent shall partially reimburse the Board in the amount of One Thousand and 00/100 Dollars ($1,000.00) for recoverable attorney's fees and costs

incurred in investigating and prosecuting this matter. This sum shall be payable by *certified check* or *money order* written to the "**Nevada State Board of Pharmacy.**" Payment shall be remitted in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521.

8. Respondent understands and acknowledges that the Board has already entered a decision dated January 17, 2024, in which the Board imposed discipline upon Respondent for the charges stated in the Accusation, including an order revoking Certificate of Registration No. CS10935 for a period of ten (10) years. Respondent has petitioned the Board for reconsideration of the Board's decision dated January 17, 2024, requesting that the Board vacate its decision dated January 17, 2024. Respondent's counsel and the Board's Senior General Counsel will jointly recommend that the Board vacate its decision dated January 17, 2024. However, Respondent has been advised and understands that the Board may not accept this recommendation.

9. If the Board agrees to vacate its decision dated January 17, 2024, the Board's Senior General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on March 6, 2024, in Las Vegas, Nevada. The Board Members and Staff may discuss and deliberate regarding this Stipulation even if Respondent fails to appear for the meeting.

10. If the Board agrees to vacate its decision dated January 17, 2024, the Board may subsequently approve this Stipulation in settlement of the charges stated in the Accusation. However, Respondent understands and acknowledges that even if the Board agrees to vacate its decision dated January 17, 2024, the Board is not obligated to accept this Stipulation. Assuming the Board accepts this Stipulation, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60.

11. If the Board accepts this Stipulation, failure by Respondent to comply with the terms stated herein may result in issuance by the Executive Secretary of an order to show cause, pursuant to NAC 639.965, directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation, the Board may, pursuant

to NRS 622A.410(1), revoke Certificate of Registration No. CS10935 for a period of not more than ten (10) years.

12. If the Board agrees to vacate its decision dated January 17, 2024, but rejects any part or all this Stipulation, and unless the parties reach an alternative agreement on the record during the hearing, the parties agree that the Board may hear a full contested hearing on the merits of all alleged violations as stated in the Accusation. The terms and admissions herein may not be used, relied upon, or referred to by any party during any such hearing.

13. Subject to the approval of this Stipulation by the Board, the parties agree to release each other from any or all additional claims arising from the facts set forth in the Accusation on file herein.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **DVH HOSPITAL ALLIANCE, LLC,** **Pharmacy License No. IB02134,** **ELLIOTT ASARCH, RPH,** **Certificate of Registration No. 19265,** **MATTHEW HUNTINGTON, RPH,** **Certificate of Registration No. 18203,** **and,** **MARISSA CRAIN, PT,** **Certificate of Registration No. PT14524,** **Respondents.**	**CASE NOS. 22-053-PH-S** **22-053-RPH-A-S** **22-053-RPH-B-S** **22-053-PT-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent DVH Hospital Alliance, LLC ("Respondent DVH"), because Respondent DVH is licensed by the Board to dispense dangerous drugs and controlled substances in Nevada. Respondent DVH holds pharmacy license number PH02587.

2. The Board has personal jurisdiction over Respondent Elliott Asarch ("Respondent Asarch") because Respondent Asarch is a registered pharmacist authorized by the Board to dispense dangerous drugs and controlled substances in Nevada. Respondent Asarch holds certificate of registration no. 19265.

3. The Board has personal jurisdiction over Respondent Matthew Huntington ("Respondent Huntington") because Respondent Huntington is a registered pharmacist authorized by the Board to dispense dangerous drugs and controlled substances in Nevada. Respondent Huntington holds certificate of registration no. 18203.

4. The Board has personal jurisdiction over Respondent Marissa Crain ("PT Crain") because PT Crain was formerly registered by the Board to work as a pharmacy technician. The allegations below relate to PT Crain's employment as a pharmacy technician between December 2019 and February 2022. PT Crain held certificate of registration no. PT14524, which expired on October 31, 2022.

5. The Board has jurisdiction over the subject matter of this accusation because it alleges violations pertaining to the possession, control, and distribution of dangerous drugs and controlled substances.

FACTUAL ALLEGATIONS

6. At all times relevant to this accusation, Respondent DVH operated a pharmacy within the Desert View Hospital ("DVH Hospital"), located at 360 South Lola Lane in Pahrump, Nevada.

7. Between October 28, 2019, and February 18, 2022, Respondent DVH employed PT Crain as a pharmacy technician.

8. During her employment with Respondent DVH, PT Crain stole a large quantity of controlled substances. The stolen items included at least 3,243 tablets of hydrocodone, oxycodone, and alprazolam, 103 vials of fentanyl, 218 vials of morphine, and 50 vials of lorazepam, meperidine, and midazolam.

9. In February 2022, PT Crain admitted to stealing controlled substances from DVH Hospital. Respondent DVH thereafter terminated PT Crain's employment at DVH Hospital. In September 2022, PT Crain pleaded guilty to felony charges of unlawful possession of a controlled substance and embezzlement.

10. Between November 13, 2020, and October 5, 2021, Respondent DVH employed Respondent Asarch as its managing pharmacist. During this time frame, while under Respondent Asarch's direct or indirect supervision, PT Crain stole a large percentage of the controlled substances described in paragraph 8 above.

11. Between October 6, 2021, and February 18, 2022, Respondent DVH employed Respondent Huntington as its managing pharmacist. During this time frame, while under Respondent Huntington's direct or indirect supervision, PT Crain stole a large percentage of the controlled substances described in paragraph 8 above.

12. At all times relevant to this accusation, Respondent DVH owned or leased a Pyxis automated medication dispensing system. Respondent DVH used the Pyxis system to store and dispense dangerous drugs and controlled substances.

13. The Pyxis system consisted of a Pyxis CII safe, which was located in the pharmacy of the DVH Hospital. The Pyxis system also consisted of Pyxis MedStations, which were located at different places outside the pharmacy but inside the DVH Hospital where designated medical practitioners had access to them.

14. The Pyxis CII safe served as the central vault for storing dangerous drugs and controlled substances in the hospital pharmacy. The Pyxis MedStations served as automated dispensing devices from which medical practitioners removed dangerous drugs and controlled substances for administering to patients of the DVH Hospital.

15. The Pyxis system is equipped with digital technology that tracks dangerous drugs and controlled substances when they are removed from the Pyxis CII safe and then transferred to the Pyxis MedStations. The system also tracks removals from and/or deposits to the Pyxis MedStations. The Pyxis system is capable of generating a report that identifies in real time all such transactions involving dangerous drugs and controlled substances. If used properly, the Pyxis system provides the means by which a hospital pharmacy can maintain a perpetual inventory of controlled substances.

16. During her employment at DVH Hospital, PT Crain was responsible for restocking the Pyxis MedStations. This required her to remove dangerous drugs and controlled substances from the Pyxis CII safe and then transport them to the Pyxis MedStations.

17. While performing her restocking duties, PT Crain frequently worked without supervision. PT Crain was rarely if ever accompanied by another hospital employee when she removed inventory from the Pyxis CII safe and/or transported it to the Pyxis MedStations.

18. While performing her restocking duties, PT Crain often pretended to restock the Pyxis MedStations with inventory removed from the Pyxis CII safe. In fact, PT Crain stole much of the inventory that she removed from the Pyxis CII safe, never transferring it to the Pyxis MedStations and/or never returning it to the Pyxis CII safe.

19. During his tenure as managing pharmacist at DVH Hospital, Respondent Asarch neglected to familiarize himself with the Pyxis technology described in paragraph 15 above. As a result, Respondent DVH did not maintain an automated inventory system for tracking dangerous drugs and controlled substances. Respondent DVH manually tracked its inventory of dangerous drugs and controlled substances. Working without supervision, PT Crain easily falsified these records of inventory.

20. During his tenure as managing pharmacist at DVH Hospital, Respondent Huntington neglected to familiarize himself with the Pyxis technology described in paragraph 15 above. As a result, Respondent DVH did not maintain an automated inventory system for tracking dangerous drugs and controlled substances. Instead, Respondent DVH manually tracked its inventory of dangerous drugs and controlled substances. Working without supervision, PT Crain easily falsified these records of inventory.

21. In February 2022, Board Inspector Luis Curras met with Respondent Huntington to discuss some deficiencies that were noted during a previous inspection of the hospital pharmacy. During that meeting, Inspector Curras explained the technology described in paragraph 15 above. Respondent Huntington thereafter generated a report using the technology. Based on the report,

Respondent Huntington determined that PT Crain had been stealing controlled substances from the Pyxis CII safe.

APPLICABLE LAW

22. Every pharmacy in Nevada must be licensed by the Board to dispense dangerous drugs and/or controlled substances. NRS 639.230; NRS 639.231.

23. Additionally, every pharmacy must be managed by a registered pharmacist, approved by the Board, who is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. NRS 639.220(1).

24. A "managing pharmacist" is a registered pharmacist who is responsible for managing the operation of the pharmacy. NRS 639.0087. This includes the duty to supervise the procurement and storage of drugs in the pharmacy. NAC 639.473(1).

25. The managing pharmacist must establish policies, procedures and systems related to the procurement and storage of drugs, the distribution of drugs to be administered to patients, and the recording of all transactions of the pharmacy required by applicable state and federal laws. NAC 639.468(4), (6) and (9).

26. A pharmacy must maintain records for controlled substances in a manner that establishes the receipt, distribution and destruction of all controlled substances handled by the pharmacy. NAC 639.485(1)(b). Additionally, a pharmacy must maintain a perpetual inventory of any controlled substance listed in schedule II. NAC 639.485(2).

27. The Board may revoke or suspend the license of any pharmacy owner, pharmacist, or pharmacy technician who has violated any Nevada law or regulation relating to the practice of pharmacy, or who has been convicted of a felony relating to the practice of pharmacy. NRS 639.210(7) & (12); NRS 639.230(5).

28. The Board may revoke or suspend the license of a managing pharmacist who has violated any provision of law or regulation concerning recordkeeping or inventory in a store over which he or she presides. NRS 639.210(15)

29. The Board may revoke or suspend the license of a pharmacist upon finding that the pharmacist committed unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4); NRS 639.230(5).

30. A pharmacist commits unprofessional conduct when the pharmacist performs their duties as the holder of a license or registration issued by the Board in an incompetent, unskillful, or negligent manner. NAC 639.945(1)(i).

31. It is unlawful for a person knowingly or intentionally to acquire or obtain or attempt to acquire or obtain possession of a controlled substance by misrepresentation, fraud, forgery, deception, subterfuge, or alteration. NRS 453.331(1)(d).

32. Pharmacy managers and/or pharmacists are responsible for the acts and/or omissions of the pharmacy employees under their supervision if they knew or should have known of such acts and/or omissions. NAC 639.702. Further, pharmacy owners are responsible for the acts and/or omissions of pharmacy employees regardless of whether they knew or should have known of such acts and/or omissions. NRS 639.230(5); NAC 639.945(2),

33. In addition to or in lieu of revoking or suspending a license or certificate of registration, the Board may impose an administrative fine upon the offending pharmacy or pharmacist. The fine may not exceed $10,000 for each offense. NRS 639.255(3).

COUNT ONE

Unlawful Diversion of Controlled Substances

34. Between October 28, 2019, and February 18, 2022, PT Crain knowingly or intentionally acquired or obtained possession of controlled substances by means of deception and/or subterfuge, in violation of NRS 453.331(1)(d).

35. For her criminal misconduct as alleged above, PT Crain is subject to discipline by the Board pursuant to NRS 639.210(7) and/or (12).

36. Respondent DVH is subject to discipline by the Board because Respondent DVH is responsible as the pharmacy owner for PT Crain's unlawful diversion of controlled substances. NRS 453.331(1)(d), NRS 639.230(5), and NAC 639.945(2).

37. Respondent Asarch is subject to discipline by the Board because Respondent Asarch knew or should have known that PT Crain unlawfully diverted controlled substances in violation of NRS 453.331(1)(d). NAC 639.702.

38. Respondent Huntington is subject to discipline by the Board because Respondent Huntington knew or should have known that PT Crain unlawfully diverted controlled substances in violation of NRS 453.331(1)(d). NAC 639.702.

COUNT TWO
Failure by Managing Pharmacist to Comply with NAC 639.485

39. Between November 13, 2020, and October 5, 2021, while serving as the managing pharmacist for Respondent DVH, Respondent Asarch failed to maintain a perpetual inventory of Schedule II controlled substances as required by NAC 639.485(2). Had Respondent Asarch familiarized himself with the technology described in paragraph 15 above, Respondent Asarch could easily have maintained a perpetual inventory of all controlled substances in the possession of Respondent DVH.

40. Between October 6, 2021, and February 18, 2022, while serving as the managing pharmacist for Respondent DVH, Respondent Huntington failed to maintain a perpetual inventory of Schedule II controlled substances as required by NAC 639.485(2). Had Respondent Huntington familiarized himself with the technology described in paragraph 15 above, Respondent Huntington could easily have maintained a perpetual inventory of all controlled substances in the possession of Respondent DVH.

41. For his failure to comply with NAC 639.485(2) as alleged above, Respondent Asarch is subject to discipline by the Board pursuant to NRS 639.210(15).

42. For his failure to comply with NAC 639.485(2) as alleged above, Respondent Huntington is subject to discipline by the Board pursuant to NRS 639.210(15).

43. Respondent DVH is subject to discipline by the Board because Respondent DVH is responsible as the pharmacy owner for the noncompliance with NAC 639.485(2) as alleged above. NRS 639.230(5); NAC 639.945(2).

COUNT THREE
Unprofessional Conduct by a Pharmacist

44. Between November 13, 2020, and October 5, 2021, while serving as the managing pharmacist for Respondent DVH, Respondent Asarch failed to implement and/or maintain a reliable system and/or policies and procedures for tracking the possession, control, and distribution of controlled substances within the DVH Hospital. As a result, PT Crain, without detection, unlawfully diverted a large quantity of controlled substances over a period of more than 11 months.

45. Between October 6, 2021, and February 18, 2022, while serving as the managing pharmacist for Respondent DVH, Respondent Huntington failed to implement and/or maintain a reliable system and/or policies and procedures for tracking the possession, control, and distribution of dangerous drugs and controlled substances within the DVH Hospital. As a result, PT Crain, without detection, unlawfully diverted a large quantity of controlled substances over a period of more than 6 months.

46. As the managing pharmacist for Respondent DVH, Respondent Asarch had a legal duty to implement and/or maintain a reliable system and/or policies and procedures for tracking the possession, control, and distribution of controlled substances within the DVH Hospital. *See* NRS 639.220(1); NRS 639.0087; NAC 639.473(1); NAC 639.468(4), (6) and (9); NAC 639.485(1)(b) and (2). Through his negligence, inattention, and/or incompetence, Respondent Asarch breached this duty.

47. As the managing pharmacist for Respondent DVH, Respondent Huntington had a legal duty to implement and/or maintain a reliable system and/or policies and procedures for tracking the possession, control, and distribution of controlled substances within the DVH Hospital. *See* NRS 639.220(1); NRS 639.0087; NAC 639.473(1); NAC 639.468(4), (6) and (9); NAC 639.485(1)(b) and (2). Through his negligence, inattention, and/or incompetence, Respondent Huntington breached this duty.

48. As alleged above, Respondent Asarch performed his duties as the holder of a license or registration issued by the Board in an incompetent, unskillful, or negligent manner. NAC 639.945(1)(i). Therefore, Respondent Asarch is subject to discipline by the Board pursuant to NRS 639.210(4).

49. As alleged above, Respondent Huntington performed his duties as the holder of a license or registration issued by the Board in an incompetent, unskillful, or negligent manner. NAC 639.945(1)(i). Therefore, Respondent Huntington is subject to discipline by the Board pursuant to NRS 639.210(4).

50. Respondent DVH is subject to discipline by the Board because Respondent DVH is responsible as the pharmacy owner for the unprofessional conduct as alleged above. NRS 639.230(5); NAC 639.945(2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy impose appropriate discipline with respect to the pharmacy license of Respondent DVH and the certificates of registration of PT Crain, Respondent Asarch, and Respondent Huntington.

DATED this 9th day of January 2024.

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. DVH HOSPITAL ALLIANCE, LLC, License No. IB02134, and MATTHEW HUNTINGTON, RPH, Certificate of Registration No. 18203, Respondents.	Case Nos. 22-053-PH-S 22-053-RPH-B-S STIPULATION AND ORDER

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy ("Board"), by and through its Senior General Counsel, Gregory L. Zunino, and Respondents DVH Hospital Alliance, LLC, and Matthew Huntington (together "Respondents"), by and through counsel, Maria Nutile, Esq., hereby stipulate and agree as follows:

1. The Board has jurisdiction over Respondents and this matter.

2. The Board's staff properly served Respondents with the Notice of Intended Action and Accusation ("Accusation") on file in this matter, together with the Statement to Respondent and Notice of Hearing.

3. Respondents acknowledge that after having consulted with counsel, they understand the terms of this Stipulation, and that they have executed it knowingly and voluntarily.

4. Respondents acknowledge that they are aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration of a Board determination in a contested case, the right to appeal a Board determination in a contested case, and all other rights afforded Respondents under NRS Chapter 233B, the Nevada Administrative Procedure Act, NRS Chapter 622A, which governs administrative procedure before the Board, NRS Chapter 639, the Nevada Pharmacy Act, and NRS Chapter 453, the Nevada Uniform Controlled Substances Act.

5. Conditioned on the acceptance of this Stipulation by the Board and excluding the right to challenge any determination that Respondents have failed to comply with its provisions,

Respondents hereby freely and voluntarily waive the right to a hearing, reconsideration, appeal, and other rights related to this action as identified above.

6. Respondents admit that evidence exists, and that the Board counsel prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violations alleged against each of them in the Accusation.

7. To resolve this matter without incurring any further costs or the expenses associated with a hearing, the Board and Respondent DVH Hospital Alliance, LLC ("Respondent DVH") agree to the following:

A. In lieu of risking a possible suspension or revocation of its pharmacy license by proceeding with a hearing on the merits, Respondent DVH agrees to submit to four quarterly inspections of its pharmacy within the Desert View Hospital, located at 360 South Lola Lane in Pahrump, Nevada. These inspections will be conducted by the Board's inspectors for the calendar quarters ending June 30, 2024, September 30, 2024, December 31, 2024, and March 31, 2025, or at such other quarterly intervals as the parties may agree.

B. Respondent DVH further agrees that its registered pharmacists will maintain a perpetual inventory of all controlled substances in stock in the pharmacy; that they will supply the Board's inspectors with copies of the pharmacy's most current policies and procedures to reflect the maintenance of a perpetual inventory for all controlled substances; that they will supply the Board's inspectors with copies of the pharmacy's most current policies and procedures concerning the investigation and reporting of suspected controlled substance losses; and that they will make reasonable updates to policies and procedures as the Board's inspectors may recommend.

C. On or before May 1, 2024, Respondent DVH shall pay an administrative fine in the amount of Ten Thousand and 00/100 Dollars ($10,000.00), payable by *certified check, cashier's check,* or *money order* written to the "**State of Nevada, Office of the Treasurer.**" Payment shall be remitted in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521.

D. On or before May 1, 2024, Respondent DVH shall partially reimburse the Board in the amount of One Thousand and 00/100 Dollars ($1,000.00) for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter. This sum shall be payable by *certified check, cashier's check,* or *money order* written to the "**Nevada State Board of Pharmacy.**" Payment shall be remitted in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521.

8. To resolve this matter without incurring any further costs or the expenses associated with a hearing, the Board and Respondent Matthew Huntington ("Respondent Huntington") agree to the following:

A. As of the effective date of this Order, Respondent Huntington's Certificate of Registration No. 18203 shall be **SUSPENDED** for a period of one (1) year; however, the execution of the suspension shall be stayed, and Respondent Huntington shall be authorized to engage in the practice of pharmacy in Nevada provided that Respondent Huntington satisfies the terms and conditions stated below.

B. Respondent Huntington shall not violate any federal or state law pertaining to the dispensing of controlled substances and/or dangerous drugs.

C. Respondent Huntington shall, as long as he remains employed by Respondent DVH as the managing pharmacist at the Desert View Hospital, facilitate the performance by Respondent DVH of its responsibilities as described above.

D. On or before May 1, 2024, Respondent Huntington shall pay an administrative fine in the amount of Two Thousand Five Hundred and 00/100 Dollars ($2,500.00), payable by *certified check, cashier's check,* or *money order* written to the "**State of Nevada, Office of the Treasurer.**" Payment shall be remitted in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521.

E. On or before May 1, 2024, Respondent Huntington shall partially reimburse the Board in the amount of Five Hundred and 00/100 Dollars ($500.00) for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter. This sum shall be payable by *certified check,*

cashier's check, or *money order* written to the "**Nevada State Board of Pharmacy.**" Payment shall be remitted in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521

9. The Board's Senior General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on March 6, 2024, in Las Vegas, Nevada. The Board Members and Staff may discuss and deliberate regarding this Stipulation even if Respondents or their attorney fail to appear for the meeting.

10. Respondents understand and acknowledge that the Board is not obligated to accept this Stipulation. Assuming the Board accepts this Stipulation, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60.

11. If the Board accepts this Stipulation, failure by Respondents to comply with the terms stated herein may result in issuance by the Executive Secretary of an order to show cause, pursuant to NAC 639.965, directing Respondents, or either of them as applicable, to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation, the Board may, pursuant to NRS 622A.410(1), impose additional discipline not inconsistent with the provisions of NRS chapter 639.

12. If the Board rejects any part or all this Stipulation, and unless the parties reach an alternative agreement on the record during the hearing, the parties agree that the Board may hear a full contested hearing on the merits of all alleged violations as stated in the Accusation. The terms and admissions herein may not be used, relied upon, or referred to by any party during any such hearing.

13. Subject to the approval of this Stipulation by the Board, the parties agree to release each other from any or all additional claims arising from the facts set forth in the Accusation.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **DVH HOSPITAL ALLIANCE, LLC,** **Pharmacy License No. IB02134,** **ELLIOTT ASARCH, RPH,** **Certificate of Registration No. 19265,** **MATTHEW HUNTINGTON, RPH,** **Certificate of Registration No. 18203,** **and,** **MARISSA CRAIN, PT,** **Certificate of Registration No. PT14524,** **Respondents.**	**CASE NOS. 22-053-PH-S** **22-053-RPH-A-S** **22-053-RPH-B-S** **22-053-PT-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent DVH Hospital Alliance, LLC ("Respondent DVH"), because Respondent DVH is licensed by the Board to dispense dangerous drugs and controlled substances in Nevada. Respondent DVH holds pharmacy license number PH02587.

2. The Board has personal jurisdiction over Respondent Elliott Asarch ("Respondent Asarch") because Respondent Asarch is a registered pharmacist authorized by the Board to dispense dangerous drugs and controlled substances in Nevada. Respondent Asarch holds certificate of registration no. 19265.

3. The Board has personal jurisdiction over Respondent Matthew Huntington ("Respondent Huntington") because Respondent Huntington is a registered pharmacist authorized by the Board to dispense dangerous drugs and controlled substances in Nevada. Respondent Huntington holds certificate of registration no. 18203.

4. The Board has personal jurisdiction over Respondent Marissa Crain ("PT Crain") because PT Crain was formerly registered by the Board to work as a pharmacy technician. The allegations below relate to PT Crain's employment as a pharmacy technician between December 2019 and February 2022. PT Crain held certificate of registration no. PT14524, which expired on October 31, 2022.

5. The Board has jurisdiction over the subject matter of this accusation because it alleges violations pertaining to the possession, control, and distribution of dangerous drugs and controlled substances.

FACTUAL ALLEGATIONS

6. At all times relevant to this accusation, Respondent DVH operated a pharmacy within the Desert View Hospital ("DVH Hospital"), located at 360 South Lola Lane in Pahrump, Nevada.

7. Between October 28, 2019, and February 18, 2022, Respondent DVH employed PT Crain as a pharmacy technician.

8. During her employment with Respondent DVH, PT Crain stole a large quantity of controlled substances. The stolen items included at least 3,243 tablets of hydrocodone, oxycodone, and alprazolam, 103 vials of fentanyl, 218 vials of morphine, and 50 vials of lorazepam, meperidine, and midazolam.

9. In February 2022, PT Crain admitted to stealing controlled substances from DVH Hospital. Respondent DVH thereafter terminated PT Crain's employment at DVH Hospital. In September 2022, PT Crain pleaded guilty to felony charges of unlawful possession of a controlled substance and embezzlement.

10. Between November 13, 2020, and October 5, 2021, Respondent DVH employed Respondent Asarch as its managing pharmacist. During this time frame, while under Respondent Asarch's direct or indirect supervision, PT Crain stole a large percentage of the controlled substances described in paragraph 8 above.

11. Between October 6, 2021, and February 18, 2022, Respondent DVH employed Respondent Huntington as its managing pharmacist. During this time frame, while under Respondent Huntington's direct or indirect supervision, PT Crain stole a large percentage of the controlled substances described in paragraph 8 above.

12. At all times relevant to this accusation, Respondent DVH owned or leased a Pyxis automated medication dispensing system. Respondent DVH used the Pyxis system to store and dispense dangerous drugs and controlled substances.

13. The Pyxis system consisted of a Pyxis CII safe, which was located in the pharmacy of the DVH Hospital. The Pyxis system also consisted of Pyxis MedStations, which were located at different places outside the pharmacy but inside the DVH Hospital where designated medical practitioners had access to them.

14. The Pyxis CII safe served as the central vault for storing dangerous drugs and controlled substances in the hospital pharmacy. The Pyxis MedStations served as automated dispensing devices from which medical practitioners removed dangerous drugs and controlled substances for administering to patients of the DVH Hospital.

15. The Pyxis system is equipped with digital technology that tracks dangerous drugs and controlled substances when they are removed from the Pyxis CII safe and then transferred to the Pyxis MedStations. The system also tracks removals from and/or deposits to the Pyxis MedStations. The Pyxis system is capable of generating a report that identifies in real time all such transactions involving dangerous drugs and controlled substances. If used properly, the Pyxis system provides the means by which a hospital pharmacy can maintain a perpetual inventory of controlled substances.

16. During her employment at DVH Hospital, PT Crain was responsible for restocking the Pyxis MedStations. This required her to remove dangerous drugs and controlled substances from the Pyxis CII safe and then transport them to the Pyxis MedStations.

17. While performing her restocking duties, PT Crain frequently worked without supervision. PT Crain was rarely if ever accompanied by another hospital employee when she removed inventory from the Pyxis CII safe and/or transported it to the Pyxis MedStations.

18. While performing her restocking duties, PT Crain often pretended to restock the Pyxis MedStations with inventory removed from the Pyxis CII safe. In fact, PT Crain stole much of the inventory that she removed from the Pyxis CII safe, never transferring it to the Pyxis MedStations and/or never returning it to the Pyxis CII safe.

19. During his tenure as managing pharmacist at DVH Hospital, Respondent Asarch neglected to familiarize himself with the Pyxis technology described in paragraph 15 above. As a result, Respondent DVH did not maintain an automated inventory system for tracking dangerous drugs and controlled substances. Respondent DVH manually tracked its inventory of dangerous drugs and controlled substances. Working without supervision, PT Crain easily falsified these records of inventory.

20. During his tenure as managing pharmacist at DVH Hospital, Respondent Huntington neglected to familiarize himself with the Pyxis technology described in paragraph 15 above. As a result, Respondent DVH did not maintain an automated inventory system for tracking dangerous drugs and controlled substances. Instead, Respondent DVH manually tracked its inventory of dangerous drugs and controlled substances. Working without supervision, PT Crain easily falsified these records of inventory.

21. In February 2022, Board Inspector Luis Curras met with Respondent Huntington to discuss some deficiencies that were noted during a previous inspection of the hospital pharmacy. During that meeting, Inspector Curras explained the technology described in paragraph 15 above. Respondent Huntington thereafter generated a report using the technology. Based on the report,

Respondent Huntington determined that PT Crain had been stealing controlled substances from the Pyxis CII safe.

APPLICABLE LAW

22. Every pharmacy in Nevada must be licensed by the Board to dispense dangerous drugs and/or controlled substances. NRS 639.230; NRS 639.231.

23. Additionally, every pharmacy must be managed by a registered pharmacist, approved by the Board, who is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. NRS 639.220(1).

24. A "managing pharmacist" is a registered pharmacist who is responsible for managing the operation of the pharmacy. NRS 639.0087. This includes the duty to supervise the procurement and storage of drugs in the pharmacy. NAC 639.473(1).

25. The managing pharmacist must establish policies, procedures and systems related to the procurement and storage of drugs, the distribution of drugs to be administered to patients, and the recording of all transactions of the pharmacy required by applicable state and federal laws. NAC 639.468(4), (6) and (9).

26. A pharmacy must maintain records for controlled substances in a manner that establishes the receipt, distribution and destruction of all controlled substances handled by the pharmacy. NAC 639.485(1)(b). Additionally, a pharmacy must maintain a perpetual inventory of any controlled substance listed in schedule II. NAC 639.485(2).

27. The Board may revoke or suspend the license of any pharmacy owner, pharmacist, or pharmacy technician who has violated any Nevada law or regulation relating to the practice of pharmacy, or who has been convicted of a felony relating to the practice of pharmacy. NRS 639.210(7) & (12); NRS 639.230(5).

28. The Board may revoke or suspend the license of a managing pharmacist who has violated any provision of law or regulation concerning recordkeeping or inventory in a store over which he or she presides. NRS 639.210(15)

29. The Board may revoke or suspend the license of a pharmacist upon finding that the pharmacist committed unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4); NRS 639.230(5).

30. A pharmacist commits unprofessional conduct when the pharmacist performs their duties as the holder of a license or registration issued by the Board in an incompetent, unskillful, or negligent manner. NAC 639.945(1)(i).

31. It is unlawful for a person knowingly or intentionally to acquire or obtain or attempt to acquire or obtain possession of a controlled substance by misrepresentation, fraud, forgery, deception, subterfuge, or alteration. NRS 453.331(1)(d).

32. Pharmacy managers and/or pharmacists are responsible for the acts and/or omissions of the pharmacy employees under their supervision if they knew or should have known of such acts and/or omissions. NAC 639.702. Further, pharmacy owners are responsible for the acts and/or omissions of pharmacy employees regardless of whether they knew or should have known of such acts and/or omissions. NRS 639.230(5); NAC 639.945(2),

33. In addition to or in lieu of revoking or suspending a license or certificate of registration, the Board may impose an administrative fine upon the offending pharmacy or pharmacist. The fine may not exceed $10,000 for each offense. NRS 639.255(3).

COUNT ONE
Unlawful Diversion of Controlled Substances

34. Between October 28, 2019, and February 18, 2022, PT Crain knowingly or intentionally acquired or obtained possession of controlled substances by means of deception and/or subterfuge, in violation of NRS 453.331(1)(d).

35. For her criminal misconduct as alleged above, PT Crain is subject to discipline by the Board pursuant to NRS 639.210(7) and/or (12).

36. Respondent DVH is subject to discipline by the Board because Respondent DVH is responsible as the pharmacy owner for PT Crain's unlawful diversion of controlled substances. NRS 453.331(1)(d), NRS 639.230(5), and NAC 639.945(2).

37. Respondent Asarch is subject to discipline by the Board because Respondent Asarch knew or should have known that PT Crain unlawfully diverted controlled substances in violation of NRS 453.331(1)(d). NAC 639.702.

38. Respondent Huntington is subject to discipline by the Board because Respondent Huntington knew or should have known that PT Crain unlawfully diverted controlled substances in violation of NRS 453.331(1)(d). NAC 639.702.

COUNT TWO
Failure by Managing Pharmacist to Comply with NAC 639.485

39. Between November 13, 2020, and October 5, 2021, while serving as the managing pharmacist for Respondent DVH, Respondent Asarch failed to maintain a perpetual inventory of Schedule II controlled substances as required by NAC 639.485(2). Had Respondent Asarch familiarized himself with the technology described in paragraph 15 above, Respondent Asarch could easily have maintained a perpetual inventory of all controlled substances in the possession of Respondent DVH.

40. Between October 6, 2021, and February 18, 2022, while serving as the managing pharmacist for Respondent DVH, Respondent Huntington failed to maintain a perpetual inventory of Schedule II controlled substances as required by NAC 639.485(2). Had Respondent Huntington familiarized himself with the technology described in paragraph 15 above, Respondent Huntington could easily have maintained a perpetual inventory of all controlled substances in the possession of Respondent DVH.

41. For his failure to comply with NAC 639.485(2) as alleged above, Respondent Asarch is subject to discipline by the Board pursuant to NRS 639.210(15).

42. For his failure to comply with NAC 639.485(2) as alleged above, Respondent Huntington is subject to discipline by the Board pursuant to NRS 639.210(15).

43. Respondent DVH is subject to discipline by the Board because Respondent DVH is responsible as the pharmacy owner for the noncompliance with NAC 639.485(2) as alleged above. NRS 639.230(5); NAC 639.945(2).

COUNT THREE
Unprofessional Conduct by a Pharmacist

44. Between November 13, 2020, and October 5, 2021, while serving as the managing pharmacist for Respondent DVH, Respondent Asarch failed to implement and/or maintain a reliable system and/or policies and procedures for tracking the possession, control, and distribution of controlled substances within the DVH Hospital. As a result, PT Crain, without detection, unlawfully diverted a large quantity of controlled substances over a period of more than 11 months.

45. Between October 6, 2021, and February 18, 2022, while serving as the managing pharmacist for Respondent DVH, Respondent Huntington failed to implement and/or maintain a reliable system and/or policies and procedures for tracking the possession, control, and distribution of dangerous drugs and controlled substances within the DVH Hospital. As a result, PT Crain, without detection, unlawfully diverted a large quantity of controlled substances over a period of more than 6 months.

46. As the managing pharmacist for Respondent DVH, Respondent Asarch had a legal duty to implement and/or maintain a reliable system and/or policies and procedures for tracking the possession, control, and distribution of controlled substances within the DVH Hospital. *See* NRS 639.220(1); NRS 639.0087; NAC 639.473(1); NAC 639.468(4), (6) and (9); NAC 639.485(1)(b) and (2). Through his negligence, inattention, and/or incompetence, Respondent Asarch breached this duty.

47. As the managing pharmacist for Respondent DVH, Respondent Huntington had a legal duty to implement and/or maintain a reliable system and/or policies and procedures for tracking the possession, control, and distribution of controlled substances within the DVH Hospital. *See* NRS 639.220(1); NRS 639.0087; NAC 639.473(1); NAC 639.468(4), (6) and (9); NAC 639.485(1)(b) and (2). Through his negligence, inattention, and/or incompetence, Respondent Huntington breached this duty.

48. As alleged above, Respondent Asarch performed his duties as the holder of a license or registration issued by the Board in an incompetent, unskillful, or negligent manner. NAC 639.945(1)(i). Therefore, Respondent Asarch is subject to discipline by the Board pursuant to NRS 639.210(4).

49. As alleged above, Respondent Huntington performed his duties as the holder of a license or registration issued by the Board in an incompetent, unskillful, or negligent manner. NAC 639.945(1)(i). Therefore, Respondent Huntington is subject to discipline by the Board pursuant to NRS 639.210(4).

50. Respondent DVH is subject to discipline by the Board because Respondent DVH is responsible as the pharmacy owner for the unprofessional conduct as alleged above. NRS 639.230(5); NAC 639.945(2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy impose appropriate discipline with respect to the pharmacy license of Respondent DVH and the certificates of registration of PT Crain, Respondent Asarch, and Respondent Huntington.

DATED this 9th day of January 2024.

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent DVH Hospital Alliance, LLC ("Respondent DVH"), because Respondent DVH is licensed by the Board to dispense dangerous drugs and controlled substances in Nevada. Respondent DVH holds pharmacy license number PH02587.

2. The Board has personal jurisdiction over Respondent Elliott Asarch ("Respondent Asarch") because Respondent Asarch is a registered pharmacist authorized by the Board to dispense dangerous drugs and controlled substances in Nevada. Respondent Asarch holds certificate of registration no. 19265.

3. The Board has personal jurisdiction over Respondent Matthew Huntington ("Respondent Huntington") because Respondent Huntington is a registered pharmacist authorized by the Board to dispense dangerous drugs and controlled substances in Nevada. Respondent Huntington holds certificate of registration no. 18203.

4. The Board has personal jurisdiction over Respondent Marissa Crain ("PT Crain") because PT Crain was formerly registered by the Board to work as a pharmacy technician. The allegations below relate to PT Crain's employment as a pharmacy technician between December 2019 and February 2022. PT Crain held certificate of registration no. PT14524, which expired on October 31, 2022.

5. The Board has jurisdiction over the subject matter of this accusation because it alleges violations pertaining to the possession, control, and distribution of dangerous drugs and controlled substances.

FACTUAL ALLEGATIONS

6. At all times relevant to this accusation, Respondent DVH operated a pharmacy within the Desert View Hospital ("DVH Hospital"), located at 360 South Lola Lane in Pahrump, Nevada.

7. Between October 28, 2019, and February 18, 2022, Respondent DVH employed PT Crain as a pharmacy technician.

8. During her employment with Respondent DVH, PT Crain stole a large quantity of controlled substances. The stolen items included at least 3,243 tablets of hydrocodone, oxycodone, and alprazolam, 103 vials of fentanyl, 218 vials of morphine, and 50 vials of lorazepam, meperidine, and midazolam.

9. In February 2022, PT Crain admitted to stealing controlled substances from DVH Hospital. Respondent DVH thereafter terminated PT Crain's employment at DVH Hospital. In September 2022, PT Crain pleaded guilty to felony charges of unlawful possession of a controlled substance and embezzlement.

10. Between November 13, 2020, and October 5, 2021, Respondent DVH employed Respondent Asarch as its managing pharmacist. During this time frame, while under Respondent Asarch's direct or indirect supervision, PT Crain stole a large percentage of the controlled substances described in paragraph 8 above.

11. Between October 6, 2021, and February 18, 2022, Respondent DVH employed Respondent Huntington as its managing pharmacist. During this time frame, while under Respondent Huntington's direct or indirect supervision, PT Crain stole a large percentage of the controlled substances described in paragraph 8 above.

12. At all times relevant to this accusation, Respondent DVH owned or leased a Pyxis automated medication dispensing system. Respondent DVH used the Pyxis system to store and dispense dangerous drugs and controlled substances.

13. The Pyxis system consisted of a Pyxis CII safe, which was located in the pharmacy of the DVH Hospital. The Pyxis system also consisted of Pyxis MedStations, which were located at different places outside the pharmacy but inside the DVH Hospital where designated medical practitioners had access to them.

14. The Pyxis CII safe served as the central vault for storing dangerous drugs and controlled substances in the hospital pharmacy. The Pyxis MedStations served as automated dispensing devices from which medical practitioners removed dangerous drugs and controlled substances for administering to patients of the DVH Hospital.

15. The Pyxis system is equipped with digital technology that tracks dangerous drugs and controlled substances when they are removed from the Pyxis CII safe and then transferred to the Pyxis MedStations. The system also tracks removals from and/or deposits to the Pyxis MedStations. The Pyxis system is capable of generating a report that identifies in real time all such transactions involving dangerous drugs and controlled substances. If used properly, the Pyxis system provides the means by which a hospital pharmacy can maintain a perpetual inventory of controlled substances.

16. During her employment at DVH Hospital, PT Crain was responsible for restocking the Pyxis MedStations. This required her to remove dangerous drugs and controlled substances from the Pyxis CII safe and then transport them to the Pyxis MedStations.

17. While performing her restocking duties, PT Crain frequently worked without supervision. PT Crain was rarely if ever accompanied by another hospital employee when she removed inventory from the Pyxis CII safe and/or transported it to the Pyxis MedStations.

18. While performing her restocking duties, PT Crain often pretended to restock the Pyxis MedStations with inventory removed from the Pyxis CII safe. In fact, PT Crain stole much of the inventory that she removed from the Pyxis CII safe, never transferring it to the Pyxis MedStations and/or never returning it to the Pyxis CII safe.

19. During his tenure as managing pharmacist at DVH Hospital, Respondent Asarch neglected to familiarize himself with the Pyxis technology described in paragraph 15 above. As a result, Respondent DVH did not maintain an automated inventory system for tracking dangerous drugs and controlled substances. Respondent DVH manually tracked its inventory of dangerous drugs and controlled substances. Working without supervision, PT Crain easily falsified these records of inventory.

20. During his tenure as managing pharmacist at DVH Hospital, Respondent Huntington neglected to familiarize himself with the Pyxis technology described in paragraph 15 above. As a result, Respondent DVH did not maintain an automated inventory system for tracking dangerous drugs and controlled substances. Instead, Respondent DVH manually tracked its inventory of dangerous drugs and controlled substances. Working without supervision, PT Crain easily falsified these records of inventory.

21. In February 2022, Board Inspector Luis Curras met with Respondent Huntington to discuss some deficiencies that were noted during a previous inspection of the hospital pharmacy. During that meeting, Inspector Curras explained the technology described in paragraph 15 above. Respondent Huntington thereafter generated a report using the technology. Based on the report,

Respondent Huntington determined that PT Crain had been stealing controlled substances from the Pyxis CII safe.

APPLICABLE LAW

22. Every pharmacy in Nevada must be licensed by the Board to dispense dangerous drugs and/or controlled substances. NRS 639.230; NRS 639.231.

23. 26. A pharmacy must maintain records for controlled substances in a manner that establishes the receipt, distribution and destruction of all controlled substances handled by the pharmacy. NAC 639.485(1)(b). Additionally, a pharmacy must maintain a perpetual inventory of any controlled substance listed in schedule II. NAC 639.485(2).

27. The Board may revoke or suspend the license of any pharmacy owner, pharmacist, or pharmacy technician who has violated any Nevada law or regulation relating to the practice of pharmacy, or who has been convicted of a felony relating to the practice of pharmacy. NRS 639.210(7) & (12); NRS 639.230(5).

28. The Board may revoke or suspend the license of a managing pharmacist who has violated any provision of law or regulation concerning recordkeeping or inventory in a store over which he or she presides. NRS 639.210(15)

29. The Board may revoke or suspend the license of a pharmacist upon finding that the pharmacist committed unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4); NRS 639.230(5).

30. A pharmacist commits unprofessional conduct when the pharmacist performs their duties as the holder of a license or registration issued by the Board in an incompetent, unskillful, or negligent manner. NAC 639.945(1)(i).

31. It is unlawful for a person knowingly or intentionally to acquire or obtain or attempt to acquire or obtain possession of a controlled substance by misrepresentation, fraud, forgery, deception, subterfuge, or alteration. NRS 453.331(1)(d).

32. Pharmacy managers and/or pharmacists are responsible for the acts and/or omissions of the pharmacy employees under their supervision if they knew or should have known of such acts and/or omissions. NAC 639.702. Further, pharmacy owners are responsible for the acts and/or omissions of pharmacy employees regardless of whether they knew or should have known of such acts and/or omissions. NRS 639.230(5); NAC 639.945(2),

33. In addition to or in lieu of revoking or suspending a license or certificate of registration, the Board may impose an administrative fine upon the offending pharmacy or pharmacist. The fine may not exceed $10,000 for each offense. NRS 639.255(3).

COUNT ONE
Unlawful Diversion of Controlled Substances

34. Between October 28, 2019, and February 18, 2022, PT Crain knowingly or intentionally acquired or obtained possession of controlled substances by means of deception and/or subterfuge, in violation of NRS 453.331(1)(d).

35. For her criminal misconduct as alleged above, PT Crain is subject to discipline by the Board pursuant to NRS 639.210(7) and/or (12).

36. Respondent DVH is subject to discipline by the Board because Respondent DVH is responsible as the pharmacy owner for PT Crain's unlawful diversion of controlled substances. NRS 453.331(1)(d), NRS 639.230(5), and NAC 639.945(2).

37. Respondent Asarch is subject to discipline by the Board because Respondent Asarch knew or should have known that PT Crain unlawfully diverted controlled substances in violation of NRS 453.331(1)(d). NAC 639.702.

38. Respondent Huntington is subject to discipline by the Board because Respondent Huntington knew or should have known that PT Crain unlawfully diverted controlled substances in violation of NRS 453.331(1)(d). NAC 639.702.

COUNT TWO
Failure by Managing Pharmacist to Comply with NAC 639.485

39. Between November 13, 2020, and October 5, 2021, while serving as the managing pharmacist for Respondent DVH, Respondent Asarch failed to maintain a perpetual inventory of Schedule II controlled substances as required by NAC 639.485(2). Had Respondent Asarch familiarized himself with the technology described in paragraph 15 above, Respondent Asarch could easily have maintained a perpetual inventory of all controlled substances in the possession of Respondent DVH.

40. Between October 6, 2021, and February 18, 2022, while serving as the managing pharmacist for Respondent DVH, Respondent Huntington failed to maintain a perpetual inventory of Schedule II controlled substances as required by NAC 639.485(2). Had Respondent Huntington familiarized himself with the technology described in paragraph 15 above, Respondent Huntington could easily have maintained a perpetual inventory of all controlled substances in the possession of Respondent DVH.

41. For his failure to comply with NAC 639.485(2) as alleged above, Respondent Asarch is subject to discipline by the Board pursuant to NRS 639.210(15).

42. For his failure to comply with NAC 639.485(2) as alleged above, Respondent Huntington is subject to discipline by the Board pursuant to NRS 639.210(15).

43. Respondent DVH is subject to discipline by the Board because Respondent DVH is responsible as the pharmacy owner for the noncompliance with NAC 639.485(2) as alleged above. NRS 639.230(5); NAC 639.945(2).

COUNT THREE
Unprofessional Conduct by a Pharmacist

44. Between November 13, 2020, and October 5, 2021, while serving as the managing pharmacist for Respondent DVH, Respondent Asarch failed to implement and/or maintain a reliable system and/or policies and procedures for tracking the possession, control, and distribution of controlled substances within the DVH Hospital. As a result, PT Crain, without detection, unlawfully diverted a large quantity of controlled substances over a period of more than 11 months.

45. Between October 6, 2021, and February 18, 2022, while serving as the managing pharmacist for Respondent DVH, Respondent Huntington failed to implement and/or maintain a reliable system and/or policies and procedures for tracking the possession, control, and distribution of dangerous drugs and controlled substances within the DVH Hospital. As a result, PT Crain, without detection, unlawfully diverted a large quantity of controlled substances over a period of more than 6 months.

46. As the managing pharmacist for Respondent DVH, Respondent Asarch had a legal duty to implement and/or maintain a reliable system and/or policies and procedures for tracking the possession, control, and distribution of controlled substances within the DVH Hospital. *See* NRS 639.220(1); NRS 639.0087; NAC 639.473(1); NAC 639.468(4), (6) and (9); NAC 639.485(1)(b) and (2). Through his negligence, inattention, and/or incompetence, Respondent Asarch breached this duty.

47. As the managing pharmacist for Respondent DVH, Respondent Huntington had a legal duty to implement and/or maintain a reliable system and/or policies and procedures for tracking the possession, control, and distribution of controlled substances within the DVH Hospital. *See* NRS 639.220(1); NRS 639.0087; NAC 639.473(1); NAC 639.468(4), (6) and (9); NAC 639.485(1)(b) and (2). Through his negligence, inattention, and/or incompetence, Respondent Huntington breached this duty.

48. As alleged above, Respondent Asarch performed his duties as the holder of a license or registration issued by the Board in an incompetent, unskillful, or negligent manner. NAC 639.945(1)(i). Therefore, Respondent Asarch is subject to discipline by the Board pursuant to NRS 639.210(4).

49. As alleged above, Respondent Huntington performed his duties as the holder of a license or registration issued by the Board in an incompetent, unskillful, or negligent manner. NAC 639.945(1)(i). Therefore, Respondent Huntington is subject to discipline by the Board pursuant to NRS 639.210(4).

50. Respondent DVH is subject to discipline by the Board because Respondent DVH is responsible as the pharmacy owner for the unprofessional conduct as alleged above. NRS 639.230(5); NAC 639.945(2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy impose appropriate discipline with respect to the pharmacy license of Respondent DVH and the certificates of registration of PT Crain, Respondent Asarch, and Respondent Huntington.

DATED this 4th day of January 2024.

Respondent Elliott Asarch, RPH, hereby files with the Nevada State Board of Pharmacy ("Board"), his Answer and Notice of Defense to the Notice of Intended Action and Accusation ("Accusation") filed on January 9, 2024, which was received by Mr. Asarch on January 13, 2024.

ANSWER TO ACCUSATION

Jurisdiction

Mr. Asarch agrees that the Board has jurisdiction in this matter as set forth in Paragraphs 2 and 5 of the Accusation. Paragraphs 1, 3, and 4 pertain solely to Respondents DVH Hospital Alliance, LLC ("DVH"), Mr. Huntington and Ms. Crain. Mr. Asarch further answers the Factual Allegations set forth in the Accusation as follows:

Factual Allegations: Paragraphs 6-21

Paragraph 6: Paragraph 6 pertains only to DVH and does not require a response from Mr. Asarch.

Paragraph 7: Mr. Asarch is without sufficient personal knowledge to fully respond to paragraph 7 but acknowledges that Ms. Crain was employed at DVH during the time that he worked at the facility, with the exception of a multi-month medical leave of absence taken by Ms. Crain in 2021.

Paragraph 8: Mr. Asarch is without sufficient personal knowledge to respond to the factual assertions set forth in Paragraph 8, but based on information Mr. Asarch has reviewed related to this matter, he believes these factual assertions to be correct to the extent that Ms. Crain stole controlled substances from DVH.

Paragraph 9: Mr. Asarch is without sufficient personal knowledge to respond to the factual assertions set forth in Paragraph 9.

Paragraph 10: Mr. Asarch believes that he was employed by DVH approximately between September 13, 2020, rather than November 13, 2020, and October 5, 2021, but is without sufficient personal knowledge to respond to the remaining factual allegations set forth in Paragraph 10.

Paragraph 11: Paragraph 11 pertains solely to Mr. Huntington and Ms. Crain and does not require a response from Mr. Asarch.

Paragraph 12: Mr. Asarch believes to the best of his knowledge and recollection that the factual allegations set forth in Paragraph 12 are accurate.

Paragraph 13: Mr. Asarch believes to the best of his knowledge and recollection that the factual allegations set forth in Paragraph 13 are accurate.

Paragraph 14: Mr. Asarch believes to the best of his knowledge and recollection that the factual allegations set forth in Paragraph 14 are accurate.

Paragraph 15: Mr. Asarch is in agreement with the factual allegations set forth in Paragraph 15 to the extent that the Pyxis system did allow the tracking of dangerous drugs and controlled substances but is without sufficient recollection to respond to the capabilities of the Pyxis system in place at DVH during the time he worked at the facility.

Paragraph 16: Mr. Asarch agrees with the factual allegations contained in Paragraph 16 to the extent that Ms. Crain's duties did include restocking the Pyxis MedStations.

Paragraph 17: Mr. Asarch agrees with the factual allegations contained in Paragraph 17 to the extent that Ms. Crain often worked without supervision when restocking Pyxis Medstations, which is a standard institutional pharmacy practice. Ms. Crain worked under pharmacist supervision for all duties performed in the central pharmacy, including but not limited to controlled substances transactions involving the CII safe. Due to the limited number of pharmacy staff on duty during the week and which was further limited during the weekends, it was difficult to find a witness for transporting drugs between the CII safe and the Pyxis MedStations. However, Mr. Asarch asserts that inventories did require a witness and the Pyxis system should not have allowed Ms. Crain to inventory without a witness after Mr. Asarch modified access to the Pyxis system as described in Paragraph 19.

Paragraph 18: Mr. Asarch is without sufficient personal knowledge to respond to the factual allegations contained in Paragraph 18.

Paragraph 19: Mr. Asarch agrees with the factual allegations set forth in Paragraph 19 only to the extent that he believes he was unaware of all reports that were available through the Pyxis system at the time in question. However, Mr. Asarch asserts that daily automated reports

were being run through the Pyxis system which were reviewed by the staff pharmacist or himself. Further, Mr. Asarch asserts that when he became managing pharmacist at DVH, he identified that Ms. Crain had inappropriate access to the Pyxis records and corrected the issue. However, Mr. Asarch believes that these corrected settings must have been changed at some point by other unidentified individuals. The Pyxis system in use by DVH at the time did not allow for remote modification of settings, or remote running of reports. If modifications were to be made to the system, an individual would have needed to be physically at a Pyxis station.

Paragraph 20: The factual allegations contained in Paragraph 20 pertain solely to Mr. Huntington and do not require a response from Mr. Asarch.

Paragraph 21: The factual allegations contained in Paragraph 21 pertain solely to Mr. Huntington and do not require a response from Mr. Asarch.

Applicable Law: Paragraphs 22-33

Paragraph 22: Mr. Asarch agrees that Paragraph 22 accurately reflects the provisions of NRS 639.230 and 639.231.

Paragraph 23: Mr. Asarch agrees that Paragraph 23 accurately reflects provisions of NRS 639.220(1).

Paragraph 24: Mr. Asarch agrees that Paragraph 24 accurately reflects the provisions of NRS 639.0087 and NAC 639.473(1).

Paragraph 25: Mr. Asarch agrees that Paragraph 25 accurately reflects provisions of NAC 639.468 (4), (6), and (9).

Paragraph 26: Mr. Asarch agrees that Paragraph 26 accurately reflects the provisions of NAC 639.485(1)(b) and (2).

Paragraph 27: Mr. Asarch agrees that Paragraph 27 accurately reflects the provisions of NRS 639.210(7) and (12), however agrees that the Paragraph accurately reflects the provisions of NRS 639.230(5) only to the extent that a violation of the provisions of Chapter 639 by pharmacy personnel under the supervision of a managing pharmacist is ground for disciplinary action against the pharmacy.

Paragraph 28: Mr. Asarch agrees that Paragraph 28 accurately reflects the provisions of NRS 639.210(15).

Paragraph 29: Mr. Asarch agrees that Paragraph 29 accurately reflects the provisions of NRS 639.210(4) to the extent that the Board may take disciplinary action against any holder of a license or certificate issued by the Board. Mr. Asarch contends that Paragraph 29 does not accurately reflect the contents of NRS 639.230(5).

Paragraph 30: Mr. Asarch agrees that Paragraph 30 accurately reflects the provisions of NAC 639.945(1)(i).

Paragraph 31: Mr. Asarch agrees that Paragraph 31 accurately reflects the provisions of NRS 453.331(1)(d) as it relates to criminal activity.

Paragraph 32: Mr. Asarch agrees that Paragraph 32 accurately reflects the provisions of NAC 639.702 and NRS 639.230(5), however Paragraph 32 does not accurately reflect the provisions of NAC 639.945(2).

Paragraph 33: Mr. Asarch agrees that Paragraph 33 accurately reflects the provisions of NRS 693.255(3).

Counts: Paragraphs 34-50

Count One (Paragraphs 34-38):

Mr. Asarch denies the allegations set forth in Count I as they relate to him in Paragraph 37.

Count Two (Paragraphs 39-43): Mr. Asarch denies the allegations contained in Count Two as they pertain to him in Paragraphs 39 and 41.

Count Three (Paragraphs 44-50): Mr. Asarch denies the allegations set forth in Count III as they pertain to him in Paragraphs 44, 46 and 48.

NOTICE OF DEFENSE/MITIGATING INFORMATION

Mr. Asarch worked as managing pharmacist at DVH in Pahrump for approximately thirteen months between September 2020 and October 2021 after transferring from another facility within the same healthcare system. During the time that Mr. Asarch acted as managing pharmacist, he typically worked Monday through Friday, 8:00 a.m. through 5:00 p.m. During the week the pharmacy would be staffed by the managing pharmacist, one staff pharmacist and a pharmacy technician. On the weekend, the pharmacy would be staffed by a staff pharmacist and pharmacy technician.

Drugs ordered by the DVH pharmacy would be received and the order audited. The drugs received in the order would them be placed in the CII Pyxis safe in the presence of two licensed individuals. Transfer of drugs from the CII Pyxis safe to the Pyxis MedStations was usually performed by a pharmacy technician. From the Pyxis MedStation, the drug would be dispensed to patients per provider orders. Inventories of the Pyxis system were regularly performed.

Upon starting his position at DVH, Mr. Asarch discovered that Ms. Crain had inappropriate access to the Pyxis system which allowed her to perform inventories without a witness. Once Mr.

Asarch identified this issue, he modified her access so that she was unable to perform inventories without a witness. As discussed above, Mr. Asarch believes the Ms. Crain's Pyxis access was at some point modified by someone. Modifications to Pyxis access system in place at DVH at the time of the incidents in question could only be done while physically at a Pyxis station; Mr. Asarch is unaware of who may have modified Ms. Crain's access.

Mr. Asarch did have the Pyxis system running an automated report once daily. Mr. Asarch relied heavily on the staff pharmacist to review the daily report as Mr. Asarch was required to be out of the pharmacy often during the thirteen months due to duties related to the roll out of COVID vaccinations including but not limited to planning of vaccination clinics, conducting on-site hospital vaccination clinics, and preparing and administering vaccines off-site for Nye County. While Mr. Asarch was running a daily report, he does acknowledge that a different report may have been more useful in identifying Ms. Crain's diversion, which he is now aware was occurring before he acted as managing pharmacist at DVH and continued after he left the position. While daily reports were being run, the timing of the reports was important as well as ideally no drugs should be in movement at the time the report was run. While an automated report was programed to run daily, there is no way to be certain that the report generated by the Pyxis would have always been accurate due to drug movement.

Mr. Asarch asserts that he did put in place safeguards against diversion, however due to DVH being a small but busy rural hospital, he did not have at his disposal all the tools that he would in a larger facility. With the limitations of a rural hospital and Mr. Asarch's COVID related duties, Ms. Crain was unfortunately able to manipulate the system to divert controlled substances.

However, Mr. Asarch denies that he has in any manner violated any provision of NRS/NAC Chapters 639 as alleged in the Accusation in this matter.

Respectfully submitted this 6th of February, 2024.

Lyn E. Beggs, Esq.
Attorney for Respondent Elliott Asarch, RPh

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **ELLIOTT ASARCH, RPH,** **Certificate of Registration No. 19265,** **Respondent.**	**Case Nos. 22-053-RPH-A-S** **STIPULATION AND ORDER**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy ("Board"), by and through its Senior General Counsel, Gregory L. Zunino, and Respondent Elliott Asarch ("Respondent"), by and through counsel, Lyn Beggs, Esq., hereby stipulate and agree as follows:

1. The Board has jurisdiction over Respondent and this matter.

2. The Board's staff properly served Respondent with the Notice of Intended Action and Accusation ("Accusation") on file in this matter, together with the Statement to Respondent and Notice of Hearing.

3. Respondent acknowledges that after having consulted with counsel, he understands the terms of this Stipulation and has executed it knowingly and voluntarily.

4. Respondent acknowledges that he is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration of a Board determination in a contested case, the right to appeal a Board determination in a contested case, and all other rights afforded Respondent under NRS Chapter 233B, the Nevada Administrative Procedure Act, NRS Chapter 622A, which governs administrative procedure before the Board, NRS Chapter 639, the Nevada Pharmacy Act, and NRS Chapter 453, the Nevada Uniform Controlled Substances Act.

5. Conditioned on the acceptance of this Stipulation by the Board and excluding the right to challenge any determination that Respondent has failed to comply with its provisions, Respondent

hereby freely and voluntarily waives the right to a hearing, reconsideration, appeal, and other rights related to this action as identified above.

6. Respondent admits that evidence exists, and that the Board counsel prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violations alleged against Respondent in the Accusation.

7. To resolve this matter without incurring any further costs or the expenses associated with a hearing, Respondent agrees to the following:

A. As of the effective date of this Order, Respondent's Certificate of Registration No. 19265 shall be **SUSPENDED** for a period of one (1) year; however, the execution of the suspension shall be stayed, and Respondent shall be authorized to engage in the practice of pharmacy in Nevada provided that Respondent satisfies the terms and conditions stated below.

B. Respondent shall not violate any federal or state law pertaining to the dispensing of controlled substances and/or dangerous drugs.

C. On or before May 1, 2024, Respondent shall pay an administrative fine in the amount of Two Thousand Five Hundred and 00/100 Dollars ($2,500.00), payable by *certified check, cashier's check,* or *money order* written to the "**State of Nevada, Office of the Treasurer.**" Payment shall be remitted in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521.

D. On or before May 1, 2024, Respondent shall partially reimburse the Board in the amount of Five Hundred and 00/100 Dollars ($500.00) for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter. This sum shall be payable by *certified check, cashier's check,* or *money order* written to the "**Nevada State Board of Pharmacy.**" Payment shall be remitted in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521

8. The Board's Senior General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on March 6, 2024, in Las Vegas, Nevada. The Board Members and Staff may discuss and deliberate regarding this Stipulation even if Respondent or his attorney fails to appear for the meeting.

9. Respondent understands and acknowledges that the Board is not obligated to accept this Stipulation. Assuming the Board accepts this Stipulation, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r-2 and 45 CFR Part 60.

10. If the Board accepts this Stipulation, failure by Respondent to comply with the terms stated herein may result in issuance by the Executive Secretary of an order to show cause, pursuant to NAC 639.965, directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation, the Board may, pursuant to NRS 622A.410(1), impose additional discipline not inconsistent with the provisions of NRS chapter 639.

11. If the Board rejects any part or all this Stipulation, and unless the parties reach an alternative agreement on the record during the hearing, the parties agree that the Board may hear a full contested hearing on the merits of all alleged violations as stated in the Accusation. The terms and admissions herein may not be used, relied upon, or referred to by any party during any such hearing.

12. Subject to the approval of this Stipulation by the Board, the parties agree to release each other from any or all additional claims arising from the facts set forth in the Accusation.

AGREED:

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **DVH HOSPITAL ALLIANCE, LLC,** **Pharmacy License No. IB02134,** **ELLIOTT ASARCH, RPH,** **Certificate of Registration No. 19265,** **MATTHEW HUNTINGTON, RPH,** **Certificate of Registration No. 18203,** **and,** **MARISSA CRAIN, PT,** **Certificate of Registration No. PT14524,** **Respondents.**	**CASE NOS. 22-053-PH-S** **22-053-RPH-A-S** **22-053-RPH-B-S** **22-053-PT-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent DVH Hospital Alliance, LLC ("Respondent DVH"), because Respondent DVH is licensed by the Board to dispense dangerous drugs and controlled substances in Nevada. Respondent DVH holds pharmacy license number PH02587.

2. The Board has personal jurisdiction over Respondent Elliott Asarch ("Respondent Asarch") because Respondent Asarch is a registered pharmacist authorized by the Board to dispense dangerous drugs and controlled substances in Nevada. Respondent Asarch holds certificate of registration no. 19265.

3. The Board has personal jurisdiction over Respondent Matthew Huntington ("Respondent Huntington") because Respondent Huntington is a registered pharmacist authorized by the Board to dispense dangerous drugs and controlled substances in Nevada. Respondent Huntington holds certificate of registration no. 18203.

4. The Board has personal jurisdiction over Respondent Marissa Crain ("PT Crain") because PT Crain was formerly registered by the Board to work as a pharmacy technician. The allegations below relate to PT Crain's employment as a pharmacy technician between December 2019 and February 2022. PT Crain held certificate of registration no. PT14524, which expired on October 31, 2022.

5. The Board has jurisdiction over the subject matter of this accusation because it alleges violations pertaining to the possession, control, and distribution of dangerous drugs and controlled substances.

FACTUAL ALLEGATIONS

6. At all times relevant to this accusation, Respondent DVH operated a pharmacy within the Desert View Hospital ("DVH Hospital"), located at 360 South Lola Lane in Pahrump, Nevada.

7. Between October 28, 2019, and February 18, 2022, Respondent DVH employed PT Crain as a pharmacy technician.

8. During her employment with Respondent DVH, PT Crain stole a large quantity of controlled substances. The stolen items included at least 3,243 tablets of hydrocodone, oxycodone, and alprazolam, 103 vials of fentanyl, 218 vials of morphine, and 50 vials of lorazepam, meperidine, and midazolam.

9. In February 2022, PT Crain admitted to stealing controlled substances from DVH Hospital. Respondent DVH thereafter terminated PT Crain's employment at DVH Hospital. In September 2022, PT Crain pleaded guilty to felony charges of unlawful possession of a controlled substance and embezzlement.

10. Between November 13, 2020, and October 5, 2021, Respondent DVH employed Respondent Asarch as its managing pharmacist. During this time frame, while under Respondent Asarch's direct or indirect supervision, PT Crain stole a large percentage of the controlled substances described in paragraph 8 above.

11. Between October 6, 2021, and February 18, 2022, Respondent DVH employed Respondent Huntington as its managing pharmacist. During this time frame, while under Respondent Huntington's direct or indirect supervision, PT Crain stole a large percentage of the controlled substances described in paragraph 8 above.

12. At all times relevant to this accusation, Respondent DVH owned or leased a Pyxis automated medication dispensing system. Respondent DVH used the Pyxis system to store and dispense dangerous drugs and controlled substances.

13. The Pyxis system consisted of a Pyxis CII safe, which was located in the pharmacy of the DVH Hospital. The Pyxis system also consisted of Pyxis MedStations, which were located at different places outside the pharmacy but inside the DVH Hospital where designated medical practitioners had access to them.

14. The Pyxis CII safe served as the central vault for storing dangerous drugs and controlled substances in the hospital pharmacy. The Pyxis MedStations served as automated dispensing devices from which medical practitioners removed dangerous drugs and controlled substances for administering to patients of the DVH Hospital.

15. The Pyxis system is equipped with digital technology that tracks dangerous drugs and controlled substances when they are removed from the Pyxis CII safe and then transferred to the Pyxis MedStations. The system also tracks removals from and/or deposits to the Pyxis MedStations. The Pyxis system is capable of generating a report that identifies in real time all such transactions involving dangerous drugs and controlled substances. If used properly, the Pyxis system provides the means by which a hospital pharmacy can maintain a perpetual inventory of controlled substances.

16. During her employment at DVH Hospital, PT Crain was responsible for restocking the Pyxis MedStations. This required her to remove dangerous drugs and controlled substances from the Pyxis CII safe and then transport them to the Pyxis MedStations.

17. While performing her restocking duties, PT Crain frequently worked without supervision. PT Crain was rarely if ever accompanied by another hospital employee when she removed inventory from the Pyxis CII safe and/or transported it to the Pyxis MedStations.

18. While performing her restocking duties, PT Crain often pretended to restock the Pyxis MedStations with inventory removed from the Pyxis CII safe. In fact, PT Crain stole much of the inventory that she removed from the Pyxis CII safe, never transferring it to the Pyxis MedStations and/or never returning it to the Pyxis CII safe.

19. During his tenure as managing pharmacist at DVH Hospital, Respondent Asarch neglected to familiarize himself with the Pyxis technology described in paragraph 15 above. As a result, Respondent DVH did not maintain an automated inventory system for tracking dangerous drugs and controlled substances. Respondent DVH manually tracked its inventory of dangerous drugs and controlled substances. Working without supervision, PT Crain easily falsified these records of inventory.

20. During his tenure as managing pharmacist at DVH Hospital, Respondent Huntington neglected to familiarize himself with the Pyxis technology described in paragraph 15 above. As a result, Respondent DVH did not maintain an automated inventory system for tracking dangerous drugs and controlled substances. Instead, Respondent DVH manually tracked its inventory of dangerous drugs and controlled substances. Working without supervision, PT Crain easily falsified these records of inventory.

21. In February 2022, Board Inspector Luis Curras met with Respondent Huntington to discuss some deficiencies that were noted during a previous inspection of the hospital pharmacy. During that meeting, Inspector Curras explained the technology described in paragraph 15 above. Respondent Huntington thereafter generated a report using the technology. Based on the report,

Respondent Huntington determined that PT Crain had been stealing controlled substances from the Pyxis CII safe.

APPLICABLE LAW

22. Every pharmacy in Nevada must be licensed by the Board to dispense dangerous drugs and/or controlled substances. NRS 639.230; NRS 639.231.

23. Additionally, every pharmacy must be managed by a registered pharmacist, approved by the Board, who is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. NRS 639.220(1).

24. A "managing pharmacist" is a registered pharmacist who is responsible for managing the operation of the pharmacy. NRS 639.0087. This includes the duty to supervise the procurement and storage of drugs in the pharmacy. NAC 639.473(1).

25. The managing pharmacist must establish policies, procedures and systems related to the procurement and storage of drugs, the distribution of drugs to be administered to patients, and the recording of all transactions of the pharmacy required by applicable state and federal laws. NAC 639.468(4), (6) and (9).

26. A pharmacy must maintain records for controlled substances in a manner that establishes the receipt, distribution and destruction of all controlled substances handled by the pharmacy. NAC 639.485(1)(b). Additionally, a pharmacy must maintain a perpetual inventory of any controlled substance listed in schedule II. NAC 639.485(2).

27. The Board may revoke or suspend the license of any pharmacy owner, pharmacist, or pharmacy technician who has violated any Nevada law or regulation relating to the practice of pharmacy, or who has been convicted of a felony relating to the practice of pharmacy. NRS 639.210(7) & (12); NRS 639.230(5).

28. The Board may revoke or suspend the license of a managing pharmacist who has violated any provision of law or regulation concerning recordkeeping or inventory in a store over which he or she presides. NRS 639.210(15)

29. The Board may revoke or suspend the license of a pharmacist upon finding that the pharmacist committed unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4); NRS 639.230(5).

30. A pharmacist commits unprofessional conduct when the pharmacist performs their duties as the holder of a license or registration issued by the Board in an incompetent, unskillful, or negligent manner. NAC 639.945(1)(i).

31. It is unlawful for a person knowingly or intentionally to acquire or obtain or attempt to acquire or obtain possession of a controlled substance by misrepresentation, fraud, forgery, deception, subterfuge, or alteration. NRS 453.331(1)(d).

32. Pharmacy managers and/or pharmacists are responsible for the acts and/or omissions of the pharmacy employees under their supervision if they knew or should have known of such acts and/or omissions. NAC 639.702. Further, pharmacy owners are responsible for the acts and/or omissions of pharmacy employees regardless of whether they knew or should have known of such acts and/or omissions. NRS 639.230(5); NAC 639.945(2),

33. In addition to or in lieu of revoking or suspending a license or certificate of registration, the Board may impose an administrative fine upon the offending pharmacy or pharmacist. The fine may not exceed $10,000 for each offense. NRS 639.255(3).

COUNT ONE
Unlawful Diversion of Controlled Substances

34. Between October 28, 2019, and February 18, 2022, PT Crain knowingly or intentionally acquired or obtained possession of controlled substances by means of deception and/or subterfuge, in violation of NRS 453.331(1)(d).

35. For her criminal misconduct as alleged above, PT Crain is subject to discipline by the Board pursuant to NRS 639.210(7) and/or (12).

36. Respondent DVH is subject to discipline by the Board because Respondent DVH is responsible as the pharmacy owner for PT Crain's unlawful diversion of controlled substances. NRS 453.331(1)(d), NRS 639.230(5), and NAC 639.945(2).

37. Respondent Asarch is subject to discipline by the Board because Respondent Asarch knew or should have known that PT Crain unlawfully diverted controlled substances in violation of NRS 453.331(1)(d). NAC 639.702.

38. Respondent Huntington is subject to discipline by the Board because Respondent Huntington knew or should have known that PT Crain unlawfully diverted controlled substances in violation of NRS 453.331(1)(d). NAC 639.702.

COUNT TWO
Failure by Managing Pharmacist to Comply with NAC 639.485

39. Between November 13, 2020, and October 5, 2021, while serving as the managing pharmacist for Respondent DVH, Respondent Asarch failed to maintain a perpetual inventory of Schedule II controlled substances as required by NAC 639.485(2). Had Respondent Asarch familiarized himself with the technology described in paragraph 15 above, Respondent Asarch could easily have maintained a perpetual inventory of all controlled substances in the possession of Respondent DVH.

40. Between October 6, 2021, and February 18, 2022, while serving as the managing pharmacist for Respondent DVH, Respondent Huntington failed to maintain a perpetual inventory of Schedule II controlled substances as required by NAC 639.485(2). Had Respondent Huntington familiarized himself with the technology described in paragraph 15 above, Respondent Huntington could easily have maintained a perpetual inventory of all controlled substances in the possession of Respondent DVH.

41. For his failure to comply with NAC 639.485(2) as alleged above, Respondent Asarch is subject to discipline by the Board pursuant to NRS 639.210(15).

42. For his failure to comply with NAC 639.485(2) as alleged above, Respondent Huntington is subject to discipline by the Board pursuant to NRS 639.210(15).

43. Respondent DVH is subject to discipline by the Board because Respondent DVH is responsible as the pharmacy owner for the noncompliance with NAC 639.485(2) as alleged above. NRS 639.230(5); NAC 639.945(2).

COUNT THREE
Unprofessional Conduct by a Pharmacist

44. Between November 13, 2020, and October 5, 2021, while serving as the managing pharmacist for Respondent DVH, Respondent Asarch failed to implement and/or maintain a reliable system and/or policies and procedures for tracking the possession, control, and distribution of controlled substances within the DVH Hospital. As a result, PT Crain, without detection, unlawfully diverted a large quantity of controlled substances over a period of more than 11 months.

45. Between October 6, 2021, and February 18, 2022, while serving as the managing pharmacist for Respondent DVH, Respondent Huntington failed to implement and/or maintain a reliable system and/or policies and procedures for tracking the possession, control, and distribution of dangerous drugs and controlled substances within the DVH Hospital. As a result, PT Crain, without detection, unlawfully diverted a large quantity of controlled substances over a period of more than 6 months.

46. As the managing pharmacist for Respondent DVH, Respondent Asarch had a legal duty to implement and/or maintain a reliable system and/or policies and procedures for tracking the possession, control, and distribution of controlled substances within the DVH Hospital. *See* NRS 639.220(1); NRS 639.0087; NAC 639.473(1); NAC 639.468(4), (6) and (9); NAC 639.485(1)(b) and (2). Through his negligence, inattention, and/or incompetence, Respondent Asarch breached this duty.

47. As the managing pharmacist for Respondent DVH, Respondent Huntington had a legal duty to implement and/or maintain a reliable system and/or policies and procedures for tracking the possession, control, and distribution of controlled substances within the DVH Hospital. *See* NRS 639.220(1); NRS 639.0087; NAC 639.473(1); NAC 639.468(4), (6) and (9); NAC 639.485(1)(b) and (2). Through his negligence, inattention, and/or incompetence, Respondent Huntington breached this duty.

48. As alleged above, Respondent Asarch performed his duties as the holder of a license or registration issued by the Board in an incompetent, unskillful, or negligent manner. NAC 639.945(1)(i). Therefore, Respondent Asarch is subject to discipline by the Board pursuant to NRS 639.210(4).

49. As alleged above, Respondent Huntington performed his duties as the holder of a license or registration issued by the Board in an incompetent, unskillful, or negligent manner. NAC 639.945(1)(i). Therefore, Respondent Huntington is subject to discipline by the Board pursuant to NRS 639.210(4).

50. Respondent DVH is subject to discipline by the Board because Respondent DVH is responsible as the pharmacy owner for the unprofessional conduct as alleged above. NRS 639.230(5); NAC 639.945(2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy impose appropriate discipline with respect to the pharmacy license of Respondent DVH and the certificates of registration of PT Crain, Respondent Asarch, and Respondent Huntington.

DATED this 9th day of JANUARY 2024.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. DVH HOSPITAL ALLIANCE, LLC, License No. IB02134, and MATTHEW HUNTINGTON, RPH, Certificate of Registration No. 18203, Respondents.	Case Nos. 22-053-PH-S 22-053-RPH-B-S STIPULATION AND ORDER

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy ("Board"), by and through its Senior General Counsel, Gregory L. Zunino, and Respondents DVH Hospital Alliance, LLC, and Matthew Huntington (together "Respondents"), by and through counsel, Maria Nutile, Esq., hereby stipulate and agree as follows:

1. The Board has jurisdiction over Respondents and this matter.

2. The Board's staff properly served Respondents with the Notice of Intended Action and Accusation ("Accusation") on file in this matter, together with the Statement to Respondent and Notice of Hearing.

3. Respondents acknowledge that after having consulted with counsel, they understand the terms of this Stipulation, and that they have executed it knowingly and voluntarily.

4. Respondents acknowledge that they are aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration of a Board determination in a contested case, the right to appeal a Board determination in a contested case, and all other rights afforded Respondents under NRS Chapter 233B, the Nevada Administrative Procedure Act, NRS Chapter 622A, which governs administrative procedure before the Board, NRS Chapter 639, the Nevada Pharmacy Act, and NRS Chapter 453, the Nevada Uniform Controlled Substances Act.

5. Conditioned on the acceptance of this Stipulation by the Board and excluding the right to challenge any determination that Respondents have failed to comply with its provisions,

Respondents hereby freely and voluntarily waive the right to a hearing, reconsideration, appeal, and other rights related to this action as identified above.

6. Respondents admit that evidence exists, and that the Board counsel prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violations alleged against each of them in the Accusation.

7. To resolve this matter without incurring any further costs or the expenses associated with a hearing, the Board and Respondent DVH Hospital Alliance, LLC ("Respondent DVH") agree to the following:

A. In lieu of risking a possible suspension or revocation of its pharmacy license by proceeding with a hearing on the merits, Respondent DVH agrees to submit to four quarterly inspections of its pharmacy within the Desert View Hospital, located at 360 South Lola Lane in Pahrump, Nevada. These inspections will be conducted by the Board's inspectors for the calendar quarters ending June 30, 2024, September 30, 2024, December 31, 2024, and March 31, 2025, or at such other quarterly intervals as the parties may agree.

B. Respondent DVH further agrees that its registered pharmacists will maintain a perpetual inventory of all controlled substances in stock in the pharmacy; that they will supply the Board's inspectors with copies of the pharmacy's most current policies and procedures to reflect the maintenance of a perpetual inventory for all controlled substances; that they will supply the Board's inspectors with copies of the pharmacy's most current policies and procedures concerning the investigation and reporting of suspected controlled substance losses; and that they will make reasonable updates to policies and procedures as the Board's inspectors may recommend.

C. On or before May 1, 2024, Respondent DVH shall pay an administrative fine in the amount of Ten Thousand and 00/100 Dollars ($10,000.00), payable by *certified check, cashier's check,* or *money order* written to the "**State of Nevada, Office of the Treasurer.**" Payment shall be remitted in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521.

D. On or before May 1, 2024, Respondent DVH shall partially reimburse the Board in the amount of One Thousand and 00/100 Dollars ($1,000.00) for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter. This sum shall be payable by *certified check, cashier's check,* or *money order* written to the "**Nevada State Board of Pharmacy.**" Payment shall be remitted in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521.

8. To resolve this matter without incurring any further costs or the expenses associated with a hearing, the Board and Respondent Matthew Huntington ("Respondent Huntington") agree to the following:

A. As of the effective date of this Order, Respondent Huntington's Certificate of Registration No. 18203 shall be **SUSPENDED** for a period of one (1) year; however, the execution of the suspension shall be stayed, and Respondent Huntington shall be authorized to engage in the practice of pharmacy in Nevada provided that Respondent Huntington satisfies the terms and conditions stated below.

B. Respondent Huntington shall not violate any federal or state law pertaining to the dispensing of controlled substances and/or dangerous drugs.

C. Respondent Huntington shall, as long as he remains employed by Respondent DVH as the managing pharmacist at the Desert View Hospital, facilitate the performance by Respondent DVH of its responsibilities as described above.

D. On or before May 1, 2024, Respondent Huntington shall pay an administrative fine in the amount of Two Thousand Five Hundred and 00/100 Dollars ($2,500.00), payable by *certified check, cashier's check,* or *money order* written to the "**State of Nevada, Office of the Treasurer.**" Payment shall be remitted in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521.

E. On or before May 1, 2024, Respondent Huntington shall partially reimburse the Board in the amount of Five Hundred and 00/100 Dollars ($500.00) for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter. This sum shall be payable by *certified check,*

cashier's check, or *money order* written to the "**Nevada State Board of Pharmacy**." Payment shall be remitted in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521

9. The Board's Senior General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on March 6, 2024, in Las Vegas, Nevada. The Board Members and Staff may discuss and deliberate regarding this Stipulation even if Respondents or their attorney fail to appear for the meeting.

10. Respondents understand and acknowledge that the Board is not obligated to accept this Stipulation. Assuming the Board accepts this Stipulation, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60.

11. If the Board accepts this Stipulation, failure by Respondents to comply with the terms stated herein may result in issuance by the Executive Secretary of an order to show cause, pursuant to NAC 639.965, directing Respondents, or either of them as applicable, to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation, the Board may, pursuant to NRS 622A.410(1), impose additional discipline not inconsistent with the provisions of NRS chapter 639.

12. If the Board rejects any part or all this Stipulation, and unless the parties reach an alternative agreement on the record during the hearing, the parties agree that the Board may hear a full contested hearing on the merits of all alleged violations as stated in the Accusation. The terms and admissions herein may not be used, relied upon, or referred to by any party during any such hearing.

13. Subject to the approval of this Stipulation by the Board, the parties agree to release each other from any or all additional claims arising from the facts set forth in the Accusation.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **CHERYL SAUNDERS, APRN,** **Certificate of Registration No. CS27884,** **Respondent.**	**CASE NO. 23-167-CS-N** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent Cheryl Saunders, APRN ("Saunders"), because Saunders holds a certificate of registration issued by the Board that authorizes her to prescribe dangerous drugs and controlled substances in Nevada. Thompson holds certificate of registration no. CS27884, which was issued by the Board pursuant to NRS 639.2351, NRS 453.226, and NRS 453.231.

2. The Board has jurisdiction over the subject matter of this accusation because, at the time of the violations alleged herein, Saunders was engaged in the "practice of pharmacy" as that term is defined at NRS 639.0124.

FACTUAL ALLEGATIONS

3. Saunders is an advanced practice registered nurse licensed by the Nevada State Board of Nursing to practice advanced nursing in Nevada. Between November 1, 2021, and May 22, 2023, Saunders practiced advanced nursing at the Aesthetics MedSpa, located at 6295 Sharlands Avenue, Suite C1, in Reno, Nevada.

4. At all times relevant to this accusation, Jasmine Wells (Wells) owned and/or operated the Aesthetics MedSpa.

5. Wells is not and has never been a "practitioner" as that term is defined at NRS 639.012 and NRS 454.00958.

6. The Aesthetics MedSpa is not and has never been a "medical facility" as that term is defined in NRS 449.0151.

7. The Aesthetics MedSpa is not and has never been "the office of a physician or physician assistant" within the meaning of NRS 454.217(1)(c).

8. At all times relevant to this accusation, Saunders was a "practitioner" as that term is defined at NRS 639.0125 and NRS 454.00958.

9. In 2021 and 2022, Saunders worked on site at the Aesthetics MedSpa, where she injected customers with botulinum toxin type A and various dermal fillers.

10. Beginning in July of 2022, Saunders worked with and/or occasionally supervised Kylie Shay Sondermann ("Sondermann"), a registered nurse who also injected customers with botulinum toxin type A and various dermal fillers.

11. Sondermann is not and has never been a "practitioner" as that term is defined at NRS 639.0125 and NRS 454.00958.

12. Botulinum toxin type A and injectable dermal fillers are "dangerous drugs" as that term is defined at NRS 454.201.

13. In January of 2023, Saunders moved to Virginia, where she was employed full-time as a nurse for the Deerfield Correctional Facility in Capron, Virginia. Between January of 2023 and May 22, 2023, Saunders was concurrently employed as the "medical director" of the Aesthetics MedSpa in Reno, Nevada.

14. Saunders was a "medical director" in name only and did not perform the duties that one would reasonably associate with a medical director.

15. Between January of 2023 and May 22, 2023, while working in Virginia, Saunders procured dangerous drugs for the Aesthetics MedSpa and caused them to be shipped to the Aesthetics MedSpa. Sondermann possessed, stored, and/or administered these drugs upon their delivery to the Aesthetics MedSpa.

16. Between January of 2023 and May 22, 2023, Sondermann possessed, stored, and/or administered dangerous drugs at the direction of Wells and without supervision or direction by Saunders or any other practitioner.

17. Between January of 2023 and May 22, 2023, Sondermann administered dangerous drugs at the direction of Wells and without an order issued by Saunders or any other practitioner.

18. Between July of 2022 and May 22, 2023, Saunders became aware that Sondermann had possessed, stored, and/or administered dangerous drugs in the course of their mutual employment with the Aesthetics MedSpa, often at the direction of Wells and without supervision or direction by Saunders or another practitioner.

19. Between July of 2022 and May 22, 2023, Saunders became aware that Sondermann had administered dangerous drugs in the course of their mutual employment with the Aesthetics MedSpa, often at the direction of Wells and without an order issued by Saunders or another practitioner.

20. At various times between July of 2022 and May 22, 2023, Wells falsely informed Saunders that Sondermann was working under the supervision of a practitioner other than Saunders. On information and belief, Saunders knew or should have known that Sondermann was not working under the supervision of a practitioner.

21. At no time between July of 2022 and May 22, 2023, was Sondermann licensed by the Board to possess, store, and/or administer dangerous.

22. On May 17, 2023, Board Investigator Monica S. Segedy and Board Inspector Mui C. Lee conducted an unannounced site visit to the Aesthetics MedSpa. While on the premises, they observed the locations where the Aesthetics MedSpa stored its dangerous drugs. One of these locations was a locked refrigerator and the other locations were locked cabinets. Upon obtaining the codes and

opening the locks, Investigator Segedy and Inspector Lee observed that the Aesthetics MedSpa had commingled expired and unexpired injectable drugs.

23. While on the premises of the Aesthetics MedSpa, Investigator Segedy reviewed business and employment records and appointment logs. These records showed that Sondermann had possessed, stored, and/or administered dangerous drugs at various times when there was no practitioner on the premises of the Aesthetics MedSpa.

24. On May 17, 2023, Investigator Segedy interviewed Wells. Wells stated that Saunders had been consulting with patients via "telemedicine" because of her residence in Virginia. In a separate interview with Investigator Segedy, Saunders stated that she had never practiced telemedicine while employed by the Aesthetics MedSpa.

25. On July 3, 2023, Investigator Segedy conducted a second interview with Wells after learning that Saunders and another practitioner had terminated their employment with the Aesthetics MedSpa. When Segedy asked whether Wells had hired a new practitioner, Wells responded that she had hired Rose Parizo, an advanced practice registered nurse. Parizo later denied that she had accepted an offer of employment from Wells.

26. On July 19, 2023, the Board issued a cease-and-desist letter to Wells, ordering her to cease and desist from operating the business of the Aesthetics MedSpa until such time as she employs a practitioner with the authority to possess, store, and administer dangerous drugs and to properly supervise the activities of Sondermann.

27. On August 1, 2023, the Board issued a cease-and-desist letter to Sondermann, ordering her to cease and desist from possessing, storing, and/or administering dangerous drugs while not under the supervision or direction of a practitioner.

APPLICABLE LAW

28. The Board may revoke or suspend the registration of any practitioner who has violated, attempted to violate, assisted, or abetted in the violation of, or conspired to violate any of the provisions

of NRS chapter 639 or any state or federal law or regulation relating to drugs, the manufacture or distribution of drugs, or the practice of pharmacy. *See* NRS 639.210(12).

29. Additionally, the Board may revoke or suspend the registration of any practitioner who is guilty of unprofessional conduct or conduct contrary to the public interest. *See* NRS 639.210(4).

30. A practitioner's conduct is deemed unprofessional and contrary to the public interest if the person performs his or her duties as the holder of a certificate issued by the Board in an incompetent, unskillful, or negligent manner, or if the person aids or abets a person not licensed to practice pharmacy in Nevada. NAC 639.945(1)(i) and (j).

31. "'Practice of pharmacy' includes, but is not limited to, the . . . [p]erformance or supervision of activities associated with manufacturing, compounding, labeling, dispensing and distributing of a drug, including the receipt, handling and storage of prescriptions and other confidential information relating to patients." NRS 639.0124(1)(a).

32. In lieu of revoking or suspending a practitioner's registration for violating the law or engaging in unprofessional conduct, the Board may impose fines as a disciplinary measure. *See* NRS 639.255; NAC 639.955.

33. It is unlawful to possess, store, or administer dangerous drugs, including botulinum toxin type A and injectable dermal fillers, except as authorized by NRS 454.213. "Administer" means the direct application of a [dangerous drug] . . . whether by injection, inhalation, ingestion or any other means, to the body of a patient or research subject." NRS 454.191.

34. Pursuant to NRS 454.213, a registered nurse may not possess, store, or administer dangerous drugs except at the direction of a supervising practitioner.

35. It is unlawful for a registered nurse to inject botulinum toxin type A in a patient or customer "at a location other than a medical facility, as defined in NRS 449.0151, or the office of a physician or physician assistant licensed [pursuant to applicable statutes]." NRS 454.217.

36. A practitioner who maintains a stock of controlled substances and/or dangerous drugs must not commingle expired substances and unexpired substances in a storage area from which the substances are withdrawn from inventory for administering or dispensing to patients. NAC 639.050(2); NAC 639.473.

37. A practitioner is subject to discipline if the practitioner causes or allows a dangerous drug to be dispensed in a manner not authorized by NRS 454.215 and NRS 454.301. *See* NRS 639.100; NRS 639.210(12). The term "dispense" includes the prescribing by a practitioner, administering, packaging, labeling, or compounding necessary to prepare a substance for delivery to a patient. NRS 639.0065; NRS 453.056.

COUNT ONE

Assisting or Abetting in Violations of NRS 454.215 and/or NRS 454.301

38. Between January of 2023 and May 22, 2023, while working in Virginia, Saunders procured dangerous drugs for the Aesthetics MedSpa and caused them to be shipped to the Aesthetics MedSpa.

39. Upon their delivery to the Aesthetics MedSpa, Sondermann possessed, stored, and/or administered the dangerous drugs procured by Saunders as alleged above.

40. Saunders knew or should have known that Sondermann possessed, stored, and/or administered these dangerous drugs without any supervision or direction by a practitioner.

41. Sondermann was not licensed by the Board to possess, store, and/or administer dangerous drugs in the manner alleged above.

42. Saunders knew or should have known that Sondermann was not licensed by the Board to possess, store, and/or administer dangerous drugs.

43. By procuring dangerous drugs with actual or constructive knowledge of Sondermann's unlicensed activity as alleged above, Saunders assisted or abetted Sondermann in violating NRS 454.215 and NRS 454.310.

44. Saunders' conduct as alleged above amounts to a violation of law for which the Board may impose administrative discipline. *See* NRS 639.210(12).

COUNT TWO
Assisting or Abetting the Unlicensed Practice of Pharmacy

45. Between January of 2023 and May 22, 2023, while working in Virginia, Saunders procured dangerous drugs for the Aesthetics MedSpa and caused them to be shipped to the Aesthetics MedSpa.

46. Upon their delivery to the Aesthetics MedSpa, Sondermann possessed, stored, and/or administered the dangerous drugs procured by Saunders as alleged above.

47. Saunders knew or should have known that Sondermann possessed, stored, and/or administered these dangerous drugs without any supervision or direction by a practitioner.

48. Sondermann was not licensed by the Board to possess, store, and/or administer dangerous drugs.

49. Saunders knew or should have known that Sondermann was not licensed by the Board to possess, store, and/or administer dangerous drugs.

50. By procuring dangerous drugs with actual or constructive knowledge of Sondermann's unlicensed activity as alleged above, Saunders assisted or abetted Sondermann in the unlicensed practice of pharmacy.

51. Saunders' conduct as alleged above amounts to unprofessional conduct for which the Board may impose administrative discipline. *See* NRS 639.210(4); NAC 639.945(1)(j).

COUNT THREE
Assisting or Abetting in Violations of NAC 639.050(2) and/or NAC 639.473

52. Between January of 2023 and May 22, 2023, while working in Virginia, Saunders procured dangerous drugs for the Aesthetics MedSpa and caused them to be shipped to the Aesthetics MedSpa.

53. Upon their delivery to the Aesthetics MedSpa, Sondermann possessed, stored, and/or administered the dangerous drugs procured by Saunders as alleged above. Saunders knew or should

have known that Sondermann possessed, stored, and/or administered these dangerous drugs without any supervision or direction by a practitioner.

54. In addition to engaging in unlicensed activity, Sondermann stored the dangerous drugs procured by Saunders in locations from which Aesthetics MedSpa withdrew the drugs from inventory for administering or dispensing to patients.

55. Sondermann commingled expired drugs and unexpired drugs in the locations where Aesthetics MedSpa withdrew the drugs from inventory for administering or dispensing to patients.

56. Saunders knew or should have known that Sondermann was not trained to properly store dangerous drugs.

57. By allowing Sondermann to commingle expired and unexpired drugs as alleged above, Saunders assisted or abetted Sondermann in violations of NAC 639.050(2) and/or NAC 639.473.

58. Saunders' conduct as alleged above amounts to a violation of law for which the Board may impose administrative discipline. *See* NRS 639.210(12).

COUNT FOUR
Performing Duties in an Incompetent, Unskillful, or Negligent Manner

59. Between January of 2023 and May 22, 2023, while working in Virginia, Saunders procured dangerous drugs for the Aesthetics MedSpa and caused them to be shipped to the Aesthetics MedSpa.

60. By procuring dangerous drugs for the Aesthetics MedSpa, Saunders assumed a duty to supervise Sondermann and/or to ensure that the drugs procured by her were possessed, stored, and/or administered in accordance with all applicable statutes and regulations.

61. As alleged above, Sondermann possessed, stored, and/or administered dangerous drugs in violation of the statutes and/or regulations cited above.

62. By failing to properly supervise Sondermann, Saunders performed her duties as the holder of a certificate of registration issued by the Board in an incompetent, unskillful, or negligent manner.

63. Saunders' conduct as alleged above amounts to unprofessional conduct for which the Board may impose administrative discipline. *See* NRS 639.210(4); NAC 639.945(1)(i).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of Respondent Cheryl Saunders.

DATED this 30th day of AUGUST 2023.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **CHERYL SAUNDERS, APRN,** **Certificate of Registration No. CS27884,** **Respondent.**	**Case No. 23-167-CS-N** **STIPULATION AND ORDER**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy ("Board"), by and through its Senior General Counsel, Gregory L. Zunino, and Respondent Cheryl Saunders ("Respondent"), by and through her counsel, Kevin Murphy, Esq., hereby stipulate and agree as follows:

1. The Board has jurisdiction over Respondent and this matter.

2. The Board's staff properly served Respondent with the Notice of Intended Action and Accusation ("Accusation") on file in this matter, together with the Statement to Respondent and Notice of Hearing.

3. Respondent acknowledges that she understands the terms of this Stipulation, and that she has executed it knowingly and voluntarily after consulting with her attorney.

4. Respondent acknowledges that she is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration of a Board determination in a contested case, the right to appeal a Board determination in a contested case, and all other rights afforded Respondent under NRS Chapter 233B, the Nevada Administrative Procedure Act, NRS Chapter 622A, which governs administrative procedure before the Board, NRS Chapter 639, the Nevada Pharmacy Act, and NRS Chapter 453, the Nevada Uniform Controlled Substances Act.

5. Conditioned on the acceptance of this Stipulation by the Board and excluding the right to challenge any determination that Respondent has failed to comply with its provisions, Respondent

hereby freely and voluntarily waives the right to a hearing, reconsideration, appeal, and other rights related to this action as identified above.

6. Without admitting to a violation of law, Respondent admits that evidence exists, and that the Board counsel prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violations alleged in the Accusation.

7. To resolve this matter without incurring any further costs or the expenses associated with a hearing, the Board and Respondent agree as follows:

A. Respondent shall pay an administrative fine of One Thousand Five Hundred and 00/100 Dollars ($1,500.00).

B. Respondent shall partially reimburse the Board for recoverable costs of litigation and attorneys' fees in the amount of One Thousand and 00/100 Dollars ($1,000.00).

C. Upon receipt of a subpoena issued pursuant to NRS 639.246, Respondent shall appear and provide sworn testimony at an administrative hearing related to the matters alleged in the Accusation as they pertain to Aesthetics MedSpa, Jasmine Wells, and Kylie Sondermann. Respondent waives jurisdictional defenses, if any, to the Board's subpoena power.

8. Failure by Respondent to comply with the terms stated herein may result in issuance by the Executive Secretary of an order to show cause, pursuant to NAC 639.965, directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation, the Board may impose additional discipline not inconsistent with the provisions of NRS Chapters 453 and 639.

9. The Board's Senior General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on March 6, 2024, in Las Vegas, Nevada. The Board Members and Staff may discuss and deliberate regarding this Stipulation even if Respondent fails to appear for the meeting.

10. The Board may accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60.

11. If the Board rejects any part or all this Stipulation, and unless the parties reach an alternative agreement on the record during the hearing, the parties agree that the Board may hear a full contested hearing on the merits of all alleged violations as stated in the Accusation. The terms and admissions herein may not be used, relied upon, or referred to by any party during any such hearing.

12. Upon approval of this Stipulation by the Board, Respondent shall pay the administrative fine agreed to herein by *check* or *money order* payable to "**State of Nevada, Office of the Treasurer**." Payment shall be remitted in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, by May 1, 2024.

13. Upon approval of this Stipulation by the Board, Respondent shall pay the costs and fees agreed to herein by *check* or *money order* payable to "**Nevada State Board of Pharmacy**." Payment shall be remitted in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, by May 1, 2024.

14. Subject to the approval of this Stipulation by the Board, the parties agree to release each other from any or all additional claims arising from the facts set forth in the Accusation on file herein.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **MATTHEW M. KIKUCHI, DMD,** **Certificate of Registration Nos. CS23600,** **Respondent.**	**CASE NO. 21-087-CS-N** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Matthew M. Kikuchi, D.M.D. (Respondent), because the violations alleged herein, weigh on Respondent's character to hold a certificate of registration issued by the Board pursuant to NRS 453.226, authorizing Respondent to write prescriptions for controlled substances. Since August 13, 2015, Respondent has held a license to prescribe controlled substances issued by the Board pursuant to NRS 453.226.

2. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the dispensing of poisons, drugs, chemicals and medicines. NRS 639.070.

FACTUAL ALLEGATIONS

3. Respondent has been licensed by the Board to prescribe controlled substances since August 13, 2015. NRS 453.226. Such a license authorizes the holder to write prescriptions for controlled substances. NRS 453.226.

4. Respondent is a dentist who practices at/owns the Kikuchi Oral Surgery and Dental Implant Center. There are two main locations, with the main one being at 5765 S. Ft. Apache Rd. #110, Las Vegas, NV 89148.

5. On or about June 14, 2021, Respondent's staff called the Board and spoke with Board Inspector Jenine Davis regarding how to conduct a self-query of Respondent's prescriptions in the Prescription Monitoring Program (PMP).

6. During the conversation with Board Inspector Davis, it became clear to her that neither Respondent, nor Respondent's staff knew that Respondent had an active PMP account.

7. During the conversation, it was confirmed by Board Inspector Davis that Respondent had an active PMP account since January 19, 2016.

8. After the conversation with Respondent's staff, Board PMP Compliance Coordinator Dave Jones discovered that during the period of time from January 19, 2016, to June 13, 2021, Respondent failed to conduct a single PMP review of his prescriptions.

9. Board PMP Compliance Coordinator Jones also found that Respondent only queried two (2) individual patients in his PMP account since January 19, 2016. One patient was queried on January 19, 2016, and the other was queried on April 4, 2023. During the period January 1, 2018, to April 17, 2023, Dr. Kikuchi had over 8,000 filled Controlled Substance prescriptions for over 6,800 unique patients. Dr. Kikuchi failed to conduct a PMP review for over 6,800 patients during the review period.

APPLICABLE LAW

10. Each practitioner who is authorized to write prescriptions for human consumption of controlled substances listed in schedule II, III, IV or V shall access the database of the (PMP) program at least once every 6 months to review the information concerning the practitioner that is listed in the database, including, without limitation, information concerning prescriptions issued by the practitioner, and notify the Board if any such information is not correct, and to verify to the Board that he or she continues to have access to and has accessed the database as required by this subsection. NRS 453.164(7).

11. A practitioner shall, before issuing an initial prescription for a controlled substance listed in schedule II, III or IV or an opioid that is a controlled substance listed in schedule V and at

least once every 90 days thereafter for the duration of the course of treatment using the controlled substance, obtain a patient utilization report regarding the patient from the computerized program established by the Board. NRS 639.23507.

12. The Board may suspend or revoke any registration if the holder or applicant is guilty of unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4).

13. Unprofessional conduct includes, "performing any duties as the holder of a license issued by the Board in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

14. In lieu of a suspension or revocation, the Board may impose a fine of up to $10,000 for each violation committed. NRS 639.255(1)(f) and (3).

COUNT ONE

Unprofessional Conduct – Failure to Query PMP Every 6 Months

15. Respondent established his PMP account on January 19, 2016. Between the period of time from January 19, 2016, to June 13, 2021, Respondent never reviewed his PMP account to ensure that the information in the account concerning the practitioner, including the legitimacy or validity of the prescriptions Respondent is shown as having written was correct. Respondent was and is still required to do so every six (6) months. NRS 453.164(7).

16. Because of these actions, Respondent has engaged in unprofessional conduct. NRS 639.210(4). Respondent engaged in unprofessional conduct because Respondent, as the holder of a certificate of registration issued by the Board, performed his duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

17. Respondent performed his duties as the holder of a certificate of registration issued by the Board in an incompetent, unskillful or negligent manner because Respondent failed to query his PMP account every six (6) months to review the information in the account regarding the practitioner as is required by law. *See* NRS 453.164(7) and NAC 639.945(1)(i). The information regarding the

practitioner that Respondent was and still is required to look at includes information concerning the prescriptions written by the practitioner. *See* NRS 453.164(7). A check of the PMP account at least once every six (6) months ensures that a practitioner has not had their credentials stolen or duplicated and that, if they have been stolen or duplicated, the Board is notified by the practitioner of any potentially forged prescriptions in a timely manner. *See* NRS 453.164(7). The required six (6) month check of a practitioner's PMP account guards against forged controlled substance prescriptions and allows practitioners to work with the Board to stop them in real time. *See* NRS 453.164(7).

18. Having engaged in unprofessional conduct as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945.

COUNT TWO

Unprofessional Conduct – Failure to Query Patients Prior to Issuing an Initial Prescription and/or for a Controlled Substance

19. Respondent established his PMP account on January 19, 2016. Between the period January 19, 2016, to April 17, 2023, Respondent only queried the PMP for two patients. The queries were conducted on January 19, 2016, and April 4, 2023.

20. Because of these actions, Respondent has engaged in unprofessional conduct. NRS 639.210(4). Respondent engaged in unprofessional conduct because Respondent, as the holder of a certificate of registration issued by the Board, performed his duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

21. Respondent performed his duties as the holder of a certificate of registration issued by the Board in an incompetent, unskillful or negligent manner because Respondent failed to conduct patient queries on over 6,800 patients given initial prescriptions for controlled substances in schedule I-IV, or for an opioid that is a controlled substance and listed in schedule V. *See* NRS 639.23507 and NAC 639.945(1)(i). Respondent failed to query over 6,800 patients that should have been queried as PMP records reflect that Respondent only queried two patients since Respondent's PMP account has been active. *See* NRS 639.23507.

22. Having engaged in unprofessional conduct as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

DATED this 2nd day of JANUARY 2024.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **MATTHEW M. KIKUCHI, DMD,** **Certificate of Registration No. CS23600,** **Respondent.**	**CASE NO. 21-087-CS-N** **STIPULATION AND ORDER**

Gustaf Vanderdonck, Assistant General Counsel for Petitioner the Nevada State Board of Pharmacy (Board), and Respondent Matthew M. Kikuchi, Certificate of Registration No. CS23600, by and through counsel, R. Christopher Reade, Esq., **HEREBY STIPULATE AND AGREE THAT**:

1. The Board has jurisdiction over Respondent and this matter.

2. On or about January 5, 2024, Respondent was served with the Notice of Intended Action and Accusation (Accusation) on file in this matter together with the Statement to Respondent and Notice of Hearing.

3. Respondent is fully aware of the right to seek the advice of counsel in this matter and obtained the advice of counsel prior to entering into this Stipulation.

4. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration, the right to appeal and any and all other rights which may be accorded to them pursuant to NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act);

5. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondent has failed to comply with the provisions of this Stipulation, Respondent hereby freely and voluntarily waives their rights to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to them by NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter

622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act);

6. Respondent does not contest the allegations in the Accusation, but acknowledges that Board staff prosecuting this case could present such evidence at an administrative hearing to establish a factual basis for the violations alleged therein, *to wit,* that:

A. Respondent failed to check the Prescription Monitoring Program (PMP) every six (6) months for the entire calendar years of 2016, 2017, 2018, 2019, 2020, despite issuing over 6,800 controlled substance prescriptions to unique patients in violation of NRS 453.164(7); NRS 639.210(4); and NAC 639.945(1)(i);

B. Respondent only conducted individual patient queries on two (2) patients between January 19, 2016, to April 4, 2023, despite issuing over 6,800 controlled substance prescriptions to unique patients in violation of NRS 639.23507; NRS 639.210(4); and NAC 639.945(1)(i);

7. These violations are pleaded with particularity in the Accusation and are grounds for action pursuant to NRS 639.210; NRS 639.255; NAC 639.945;

8. In order to resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent stipulate to the following penalties:

A. Respondent agrees to **continue to comply with all PMP related laws and regulations**, including but not limited to, NRS 453.164(7) and NRS 639.23507, and to contact the Board of Pharmacy in the future if he has any problems or questions;

B. Respondent shall pay a fine of **Six Thousand Five Hundred Dollars and Zero Cents ($6,500.00)** for the alleged violations, payable by *cashier's check* or *certified check* or *money order* made payable to **"State of Nevada, Office of the Treasurer,"** to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) of the effective date of this Order;

C. Respondent shall pay **One Thousand Dollars and Zero Cents ($1,000.00)** to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter, payable by *cashier's check* or *certified check* or *money order* made payable to **"Nevada State Board of Pharmacy,"** to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) of the effective date of this Order;

9. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an Order to Show Cause pursuant to NAC 639.965 directing that Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. The Board may impose additional discipline upon Respondent consistent with the provisions of NRS Chapter 639;

10. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on March 6, 2024. Respondent and/or Counsel for Respondent will appear at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent is not present at the meeting;

11. The Board has discretion to accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330;

12. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board. The terms and agreement herein may not be used or referred to in a full hearing on the merits of this matter;

13. This matter will be reported to the National Practitioner Data Bank as required by 45 C.F.R. §§ 60.3; 60.5; and 60.9;

14. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release each other from any and all additional claims arising from the facts

set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and has freely and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **PLUS ONE PHARMACY, LLC,** **License No. PH04369,** **Respondents.**	**Case No. 21-189-PH-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Plus One Pharmacy (Respondent), because Respondent, at the time of the violations alleged herein, held a License issued by the Board pursuant to NRS 639.230, authorizing the business to operate as a pharmacy. Since August 11, 2021, Respondent has held a license to operate a pharmacy issued by the Board pursuant to NRS 639.230.

2. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the dispensing of poisons, drugs, chemicals and medicines and the regulation of the practice of pharmacy. NRS 639.070.

FACTUAL ALLEGATIONS

3. Respondent has been licensed by the Board to operate as a pharmacy since August 11, 2021. *See* NRS 639.230. Such a license authorizes the holder to conduct a pharmacy and to sell and dispense drugs and poisons and devices and appliances that are restricted by federal law to sale by or on the order of a physician. NRS 639.231.

4. Respondent Plus One Pharmacy, LLC is located at 6545 Fort Apache Road, #140, Las Vegas, NV 89148.

5. The owner of Respondent Plus One Pharmacy, LLC is Anisha Patel (Ms. Patel).

6. Ms. Patel is not herself licensed by the Board.

7. Ms. Patel is not a pharmacist.

8. On or about August 11, 2021, D.S. was listed as the managing pharmacist for Respondent.

9. On or about November 5, 2021, D.S. noticed a large shipment of drugs that had been delivered to Respondent.

10. These drugs were ordered and received without the managing pharmacist's knowledge.

11. None of the drugs were controlled substances; however, some of the drugs required refrigeration but were stored at room temperature. (i.e., insulin).

12. Once managing pharmacist D.S. discovered the drugs that were delivered without his knowledge, he immediately contacted Respondent's owner Ms. Patel and demanded that she turn over her pharmacy key to him.

13. Ms. Patel complied with the managing pharmacist's demand.

14. The drugs were then locked and secured and managing pharmacist D.S. verified that the inventory was accurate as stated on the invoice.

15. Ms. Patel stated that the unsupervised receipt of drugs by Respondent was due to a "miscommunication."

16. After verifying that the shipment of drugs was correctly documented on the accompanying invoices, managing pharmacist D.S. resigned and, being that Respondent did not have a managing pharmacist for the time being, the shipment of drugs was returned to the seller.

APPLICABLE LAW

17. In Nevada, the Board may suspend or revoke any registration if the holder or applicant is guilty of unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4).

18. Conduct contrary to the public interest includes, "performing any duties as the holder of a license issued by the Board in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

19. A pharmacy owner and managing pharmacist in charge of a licensed pharmacy shall maintain a representative stock of dangerous drugs and controlled substances which must be stored properly. NAC 639.510.

20. The security of the prescription department of a pharmacy must be maintained by a pharmacist, including key access. NAC 639.520

21. A pharmacist employed by the pharmacy shall acknowledge on every invoice that drugs shipped to the pharmacy were received at the address where the Board issued a pharmacy license. NAC 639.523.

22. In lieu of a suspension or revocation, the Board may impose a fine of up to $10,000 for each violation committed. NRS 639.255(1)(f) and (3).

COUNT ONE
Conduct Contrary to the Public Interest in Receiving Drugs

23. Respondent, acting by and through Ms. Patel, ordered drugs and received them without a pharmacist present. A pharmacy owner and managing pharmacist in charge of a licensed pharmacy must maintain a representative stock of dangerous drugs and controlled substances. NAC 639.510. However, the stock of drugs must be acquired in the manner required by Nevada statutes and regulations.

24. More specifically, when shipments of drugs are received by a pharmacy, a pharmacist employed by the pharmacy must be there to acknowledge on each invoice that the drugs were received at the physical address where the Board issued the pharmacy license. NAC 639.523. Respondent's owner, Ms. Patel, stated that the absence of a pharmacist to receive the drug shipment was a "miscommunication."

25. As the holder of a pharmacy license issued by the Board, Respondent had a duty to receive dangerous drugs and controlled substances in the manner required by NAC 639.523. Acting by

and through Ms. Patel, Respondent performed this duty in an incompetent, unskillful, or negligent manner.

26. Through her actions as described above, Ms. Patel caused Respondent to engage in conduct contrary to the public interest. NRS 639.210(4). Respondent engaged in conduct contrary to the public interest because the pharmacy performed its duties as the holder of a license issued by the Board in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

27. Respondent performed its duties as the holder of a license issued by the Board in an incompetent, unskillful or negligent manner because it failed to ensure that a pharmacist employed by the pharmacy was present to receive the shipment of drugs. *See* NAC 639.523; and NAC 639.945(1)(i).

28. Having engaged in conduct contrary to the public interest as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; and NAC 639.955.

COUNT TWO
Conduct Contrary to the Public Interest in Allowing Access to Drugs

29. Respondent's owner Ms. Patel possessed a key to the pharmacy's prescription department despite not being a pharmacist. The security of the pharmacy's prescription department must be maintained by a pharmacist, including key access. NAC 639.520. Additional keys, not being handled by a pharmacist for the time being, must be secured in a manner that is inaccessible to unauthorized persons. NAC 639.520.

30. Because of her actions, Ms. Patel caused Respondent to engage in conduct contrary to the public interest. NRS 639.210(4). Respondent engaged in conduct contrary to the public interest because the pharmacy performed its duties as the holder of a license issued by the Board in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

31. Respondent performed its duties as the holder of a license issued by the Board in an incompetent, unskillful or negligent manner because the pharmacy allowed other people, besides

registered pharmacists, key access into the pharmacy's prescription department. *See* NAC 639.520; and NAC 639.945(1)(i).

32. Having engaged in conduct contrary to the public interest as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; and NAC 639.955.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of Respondent.

DATED this 16th day of OCTOBER 2023.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **PLUS ONE PHARMACY, LLC,** **License No. PH04369,** **Respondents.**	**Case No. 21-189-PH-S** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy ("Board") by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation ("Accusation") has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you.

2. **A hearing on the Accusation filed against you has been scheduled before the Board for Wednesday, December 6, 2023, at 9:00 AM PST, or soon thereafter at the following location:**

Hilton Garden Inn Las Vegas Strip South
7830 Las Vegas Blvd
Las Vegas, NV 89123

3. At the hearing, you have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). At the hearing, you are entitled to present argument and evidence including witness testimony on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241; NRS 639.246. To do so, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, within twenty (20) days of your receipt of this Statement and Notice, and the Accusation. NRS 622A.320; NRS 639.243.

You may file your answer electronically by emailing a copy of your Answer and Notice of Defense to the Board's coordinating staff and its prosecuting attorney at the email addresses below:

TeamBC@Pharmacy.nv.gov and gvanderdonck@pharmacy.nv.gov

Alternatively, you may file your Answer and Notice of Defense by mailing two (2) copies to Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. Upon receipt of your Answer and Notice of Defense, a file stamped copy will be returned to you.

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **MAURICE VARGAS, DDS,** **Certificate of Registration No. CS15506,** **Respondent.**	**CASE NO. 21-086-CS-N** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Maurice Vargas, D.D.S. (Respondent), because the violations alleged herein, weigh on Respondent's character to hold a certificate of registration issued by the Board pursuant to NRS 453.226, authorizing Respondent to write prescriptions for controlled substances. Since August 31, 2007, Respondent has held certificate of registration no. CS15506, allowing Respondent to prescribe controlled substances issued by the Board pursuant to NRS 453.226.

2. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the dispensing of poisons, drugs, chemicals and medicines. NRS 639.070.

FACTUAL ALLEGATIONS

3. Respondent is a dentist who practices at North Vegas Dental, located at 1631 W. Craig Rd., North Las Vegas, NV 89032.

4. Respondent has been registered by the Board to prescribe controlled substances since August 31, 2007. NRS 453.226. Such a registration authorizes the holder to write prescriptions for controlled substances. NRS 453.226.

5. A requirement of possessing a controlled substance registration with the Board is to maintain and actively use a prescription monitoring program (PMP) account. NRS 453.162.

6. Respondent's PMP account was activated on or about June 29, 2015.

7. Board PMP Compliance Coordinator Dave Jones conducts audits of practitioners to ensure that they are compliant with state law related to the PMP. The audits are conducted to ensure compliance with NRS 453.164(7) and NRS 639.23507.

8. Board PMP Compliance Coordinator Jones conducted an audit of Respondent's PMP account.

9. Board PMP Compliance Coordinator Jones found that Respondent conducted a "MyRx" review of all the prescriptions Respondent had written as required by NRS 453.164(7) on the following dates: June 26, 2023, May 17, 2023, June 13, 2022, February 21, 2022, June 14, 2021, June 18, 2019, June 29, 2017, and June 29, 2015.

10. Respondent was not in compliance for the entire calendar years of 2016, 2018, and 2020.

11. Additionally, Respondent was not in compliance for part of the calendar years of 2017, 2019, and 2021.

12. Board PMP Compliance Coordinator Jones also found that Respondent conducted individual patient queries a grand total of nine (9) times as required by NRS 639.23507, despite writing over 890 prescriptions for 651 unique patients during that period.

13. This means that Respondent failed to conduct individual patient inquires at least over 640 times during this period.

APPLICABLE LAW

14. Each practitioner who is authorized to write prescriptions for human consumption of controlled substances listed in schedule II, III, IV or V shall access the database of the (PMP) program at least once every 6 months to review the information concerning the practitioner that is listed in the database, including, without limitation, information concerning prescriptions issued by the practitioner, and notify the Board if any such information is not correct, and to verify to the Board that he or she

continues to have access to and has accessed the database as required by this subsection. NRS 453.164(7).

15. A practitioner shall, before issuing an initial prescription for a controlled substance listed in schedule II, III or IV or an opioid that is a controlled substance listed in schedule V and at least once every 90 days thereafter for the duration of the course of treatment using the controlled substance, obtain a patient utilization report regarding the patient from the computerized program established by the Board. NRS 639.23507.

16. The Board may suspend or revoke any registration if the holder or applicant is guilty of unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4).

17. Unprofessional conduct includes, "performing any duties as the holder of a license issued by the Board in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

18. In lieu of a suspension or revocation, the Board may impose a fine of up to $10,000 for each violation committed. NRS 639.255(1)(f) and (3).

COUNT ONE

Unprofessional Conduct – Failure to Query PMP Every 6 Months

19. Respondent established his PMP account on June 29, 2015. Between these dates, Respondent failed to review his PMP account every six (6) months for the entire calendar years of 2016, 2018, and 2020 to ensure that the information in the account concerning the practitioner, including the legitimacy or validity of the prescriptions Respondent is shown as having written was correct. Respondent also failed to do this for part of the calendar years of 2017, 2019, and 2021. Respondent was and is still required to do so every six (6) months. NRS 453.164(7).

20. Because of these actions, Respondent has engaged in unprofessional conduct. NRS 639.210(4). Respondent engaged in unprofessional conduct because Respondent, as the holder of a certificate of registration issued by the Board, performed his duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

21. Respondent performed his duties as the holder of a certificate of registration issued by the Board in an incompetent, unskillful or negligent manner because Respondent failed to query his PMP account every six (6) months to review the information in the account regarding the practitioner as is required by law. *See* NRS 453.164(7) and NAC 639.945(1)(i). The information regarding the practitioner that Respondent was and still is required to look at includes information concerning the prescriptions written by the practitioner. *See* NRS 453.164(7). A check of the PMP account at least once every six (6) months ensures that a practitioner has not had their credentials stolen or duplicated and that, if they have been stolen or duplicated, the Board is notified of any potentially forged prescriptions by the practitioner in a timely manner. *See* NRS 453.164(7). The required six (6) month check of a practitioner's PMP account guards against forged controlled substance prescriptions and allows practitioners to work with the Board to stop them in real time. *See* NRS 453.164(7).

22. Having engaged in unprofessional conduct as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945.

COUNT TWO

Unprofessional Conduct – Failure to Query Patients Prior to Issuing an Initial Prescription for a Controlled Substance

23. Between the period of time from January 1, 2018, to September 18, 2023, Respondent only queried individual patients given unique prescriptions nine (9) times. During the same period, Respondent wrote over 890 prescriptions for over 650 unique patients. Respondent failed to query the PMP regarding individual patient information when prescribing them controlled substances over 640 times.

24. Because of these actions, Respondent has engaged in unprofessional conduct. NRS 639.210(4). Respondent engaged in unprofessional conduct because Respondent, as the holder of a certificate of registration issued by the Board, performed his duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

25. Respondent performed his duties as the holder of a certificate of registration issued by the Board in an incompetent, unskillful or negligent manner because Respondent failed to conduct patient queries on over 640 patients given initial prescriptions for controlled substances in schedule I-IV, or for an opioid that is a controlled substance and listed in schedule V. *See* NRS 639.23507 and NAC 639.945(1)(i). Respondent failed to query over 640 patients that should have been queried as PMP records reflect that Respondent only queried nine patients since Respondent's PMP account has been active. *See* NRS 639.23507.

26. Having engaged in unprofessional conduct as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

DATED this 25th day of January 2024.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **CANDICE DENHAM, DVM, Certificate of Registration Nos. CS35349, and DV00822,** **Respondent.**	**Case No. 23-257-CS-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Candice Denham, D.V.M. (Respondent), because the violations alleged herein, weigh on Respondent's character to hold certificates of registration issued by the Board pursuant to NRS 453.226 to prescribe controlled substances and NRS 639.100 to dispense drugs. Since April 19, 2023, Respondent has held certificate of registration number CS35349 to prescribe controlled substances issued by the Board pursuant to NRS 453.226 and certificate of registration number DV00822 to dispense drugs pursuant to NRS 639.100.

2. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the dispensing of poisons, drugs, chemicals and medicines. NRS 639.070.

FACTUAL ALLEGATIONS

3. Respondent has been licensed by the Board to prescribe controlled substances (CS35349) since April 19, 2023. NRS 453.226. Such a license authorizes the holder to write prescriptions for controlled substances. NRS 453.226.

4. Respondent has been licensed by the Board to dispense drugs (DV00822) since April 19, 2023. NRS 639.100. Such a license authorizes the holder to deliver a controlled substance or dangerous drug to an ultimate user, patient or subject of research by or pursuant to the lawful order of a practitioner. NRS 639.0065.

5. Respondent submitted a controlled substance application and an application for veterinary authority to dispense drugs, both signed on April 12, 2023, that stated she had never been the subject of a board citation or administrative action whether completed or pending in any state.

6. It later came to the Board's attention that Respondent had voluntarily surrendered her DEA Certificate of Registration No. FS5781263 in the State of Hawaii on February 24, 2023.

7. Respondent had admitted at the time to the DEA that she had been using stimulants.

8. On November 2, 2023, Respondent's controlled substance license was suspended pursuant to NRS 639.2107.

APPLICABLE LAW

9. If a regulatory body revokes the license of a person in a contested case pursuant to this chapter, the regulatory body shall prescribe a period during which the person may not apply for reinstatement of the license. The period must not be less than 1 year and not more than 10 years. NRS 622A.410(1).

10. The Board may suspend or revoke any registration if the holder or applicant is guilty of unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4).

11. Unprofessional conduct includes, "performing or in any way being a party to any fraudulent or deceitful practice or transaction. NAC 639.945(1)(h).

12. The Board may suspend or revoke any registration if the holder or applicant has obtained any certificate, certification, license or permit by the filing of an application, or any record, affidavit or other information in support thereof, which is false or fraudulent. NRS 639.2010(10).

13. The Board may revoke or suspend a registration if a respondent has violated, attempted to violate, assisted or abetted in the violation of or conspired to violate any of the provisions of this

chapter or any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

14. A person may not secure or attempt to secure any certificate, license or permit issued by the Board for themselves by making, or causing to be made, any false representation. NRS 639.281(1).

15. In lieu of a suspension or revocation, or in concert with it, the Board may impose a fine of up to $10,000 for each violation committed. NRS 639.255(1)(f) and (3).

COUNT ONE
Unprofessional Conduct by a DVM

16. Respondent applied for a certificate of registration with the Board to prescribe controlled substances pursuant to NRS 453.226. On the Board's controlled substance application, question three of section five asks whether the applicant has been the subject of a board citation or an administrative action whether completed or pending in any state. Respondent also applied for veterinarian authority to dispense drugs pursuant to NRS 639.100. On the Board's application for veterinarian authority to dispense drugs, question three of section four asks the same question, whether the applicant has been the subject of a board citation or administrative action whether completed or pending in any state. Respondent answered "no" to this question on both applications. Respondent answered "no" even though she had voluntarily surrendered her Hawaii DEA Registration Number FS 5781263 on February 24, 2023.

17. Because of these actions, Respondent has engaged in unprofessional conduct. NRS 639.210(4). Respondent engaged in unprofessional conduct because Respondent, as the holder of a certificate of registration issued by the Board, performed or was a party to a fraudulent or deceitful practice or transaction. NAC 639.945(1)(h).

18. Respondent performed or was a party to a fraudulent or deceitful practice or transaction because Respondent failed to disclose that she had voluntarily surrendered her Hawaii DEA Certificate of Registration. *See* NAC 639.945(1)(h). Respondent also performed or was a party to a fraudulent or deceitful practice or transaction because Respondent failed to truthfully answer question three of section five on the Board's controlled substance registration and question three of section four of the Board's application for veterinarian authority to dispense drugs. *See* NAC 639.945(1)(h).

19. Having engaged in unprofessional conduct as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NRS 639.281; NAC 639.945; and NAC 639.955.

COUNT TWO

Obtaining a Certificate of Registration by the Filing of a False Application

20. Respondent filed a false application with the Board when her controlled substance application and her application for veterinary authority to dispense drugs neglected to disclose her voluntary surrender of her DEA Certificate of Registration.

21. The Board may suspend or revoke any registration if the holder or applicant has obtained any certificate, certification, license or permit by the filing of an application, or any record, affidavit or other information in support thereof, which is false or fraudulent. NRS 639.2010(10). Additionally, a person may not secure or attempt to secure any certificate, license or permit issued by the Board for themselves by making, or causing to be made, any false representation. NRS 639.281(1).

22. Respondent's application was obtained by the filing of a false application because she neglected to disclose that she voluntarily surrendered her DEA certificate of registration less than two months before she sent in her applications to the Board. *See* NRS 639.210(10); NRS 639.281(1); and NRS 639.281(2).

23. Having obtained a certificate of registration from the Board by the filing of a false application, Respondent is subject to discipline by the Board. NRS 639.210(10); NRS 639.255; NRS 639.281; and NAC 639.955.

COUNT THREE
Violations of NRS Chapter 639

24. By filing an application with the Board that neglected to include Respondent's voluntary surrender of her DEA Certificate of Registration, she violated NRS 639.210(4), NRS 639.210(10), and NRS 639.281.

25. The Board may revoke or suspend a registration if a respondent has violated, attempted to violate, assisted or abetted in the violation of or conspired to violate any of the provisions of this chapter or any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

26. Respondent violated or attempted to violate provisions of NRS Chapter 639 when she failed to disclose to the Board that she voluntarily surrendered her DEA Certificate of Registration on February 24, 2023. *See* NRS 639.210(12).

27. These actions violated NRS 639.210(4) because she engaged in unprofessional conduct by being a party to a fraudulent or deceitful practice or transaction. *See* NRS 639.210(4); NRS 639.210(12); and NAC 639.945(1)(h). Respondent violated NRS 639.210(10) and NRS 639.281 because she obtained a certificate of registration from the Board by the filing of a false application. NRS 639.210(10); NRS 639.210(12); and NRS 639.281.

28. Having committed violations of NRS Chapter 639, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.210(10); NRS 639.210(12); NRS 639.255; NRS 639.281; and NAC 639.955.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

DATED this 14th day of NOVEMBER 2023.

WALGREENS PHARMACY #05479, Pharmacy License No. PH01938, WALGREENS PHARMACY #02445, Pharmacy License No. PH01964, GRACE OPULENCIA, RPh., Pharmacist Registration No. 15190, Respondent.	Case Nos. 21-169-PH-S 21-169-PH-O 21-169-RPH-S NOTICE OF INTENDED ACTION AND ACCUSATION

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and/or NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent Walgreens Pharmacy #05479 ("Walgreens #05479"), because at the time of the events alleged herein, Respondent Walgreens #05479 held Pharmacy License No. PH01938, issued by the Board, pursuant to NRS 639.230, on May 20, 2005, which authorized Respondent Walgreens #05479 to operate a pharmacy within the State of Nevada.

2. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent Walgreens Pharmacy #02445 ("Walgreens #02445"), because at the time of the events alleged herein, Respondent Walgreens #002445 held Pharmacy License No. PH01964, issued by the Board, pursuant to NRS 639.230, on September 9, 2004, which authorized Respondent Walgreens #02445 to operate a pharmacy which dispenses into the State of Nevada.

3. The Board has personal jurisdiction over Respondent Grace Opulencia, RPh. ("Opulencia"), because at the time of the events alleged herein, Respondent Opulencia held

Certificate of Registration No. 15190, issued by the Board, pursuant to NRS 639.127, on October 6, 2000, which authorized Respondent Opulencia to practice pharmacy in the State of Nevada.

4. The Board has subject matter jurisdiction over this matter because at the time of the events alleged herein Respondent Opulencia was engaged in the practice of pharmacy at the pharmacy operated by Respondent Walgreens #05479 in the State of Nevada and Walgreens #02445 was operating a pharmacy which engaged in the practice of pharmacy into the State of Nevada.

PRIOR DISCIPLINE
(Respondent Opulencia)

5. On or about February 7, 2022, Respondent Opulencia was mailed a $500.00 Citation and Fine in Case No. 19-119-RPH-S for a medication misfill of Adderall XR capsules, 25mg wherein RX# 2969633 was short six capsules. Respondent Opulencia timely paid the $500.00 fine.

(Respondent Walgreens #02445)

6. In or about January of 2016, Respondent Walgreens #02445 a.k.a Walgreens Mail Service, Inc., Certificate of Registration No. PH01964, entered into a Stipulation and Order in Case No. 15-028-RPH-S. In the Stipulation, Respondent Walgreens #02445 admitted it was responsible for the actions of its employees, pursuant to NAC 639.945(2), and that evidence existed to establish a factual basis demonstrating that its pharmacist employee, who did not hold a Nevada pharmacist registration, had incorrectly verified a RX #3094107-3922, a prescription written for Zoloft 200mg as simvastatin 20 mg tablets (generic Zocor). Respondent Walgreens #02445 paid a fine of $1,000.00 and attorney's fees and costs of $495.00.

7. On or about April 10, 2019, Respondent Walgreens #02445, Certificate of Registration No. PH01964, entered into a Stipulation and Order Case No. 17-086-S. In the Stipulation, Respondent Walgreens admitted it was responsible for the actions of its employees, pursuant to NAC 639.945(2), and that evidence existed to establish a factual basis demonstrating that its pharmacist employees who did not hold Nevada pharmacist registrations, had on three

separate occasions, overrode Drug Utilization Review ("DUR") warnings during the automatic refill data review of RX #1465131-04579. RX #1465131-04579 was written for Rophinirole 2mg, a treatment for restless leg syndrome, and incorrectly verified as Risperidone 2mg, an antipsychotic. Respondent Walgreens #02445 paid a fine of $2,000.00 and attorney's fees and costs of $1,000.00.

FACTUAL ALLEGATIONS

8. On or about October 14, 2021, the Board received a patient complaint indicating that the patient had incorrectly received preservative free single dose Methotrexate instead of the multidose Methotrexate containing a preservative.

9. Respondent Walgreens #05479 operated a pharmacy at 385 E. Silverado Ranch Blvd., Las Vegas, Nevada 89183 at the time of the events alleged herein.

10. Respondent Opulencia, RPh., was employed as a staff pharmacist at Walgreens #05479 at the time of the events alleged herein.

RX# 1930061-2

11. On or about August 2, 2021, Dana Shepherd, P.A. issued a prescription for "Methotrexate 50mg/2ml injection solution," with directions stating "0.5 milliliter inject subcutaneously one time weekly," and "#1 Bottle(s), 30-day, Refills: 2." The prescription was electronically transmitted to Respondent Walgreens #05479 and designated as RX# 1930061-2.

12. On or about August 3, 2021, pharmaceutical technician H.X. Jaghanan, located at Walgreens #02445, at 8337 Southpark Circle, Orlando, Florida 32819, performed the data entry for RX# 1930061-2. The data entry performed by H.X. Jaghanan identified prescription at "Methotrexate 25mg/ml PF SI."

13. Pharmaceutical technician H.X. Jaghanan is not licensed to practice pharmacy in the State of Nevada.

14. On or about August 23, 2021, pharmacist Julie Wan, located at Walgreens #02445, at 8337 Southpark Circle, Orlando, Florida 32819, performed the "Pat/Pbr rev" and "Data Product Review" for RX# 1930061-2.

15. Pharmacist Julie Wan is not licensed to practice pharmacy in the State of Nevada.

APPLICABLE LAW

23. A pharmacist, pharmacist intern, or dispensing practitioner shall review a patient's record before dispensing a prescription to determine its therapeutic appropriateness and, in making that determination, may consider, without limitation: (a) overutilization of the drug and drug

misuse; (b) underutilization of the drug; (c) therapeutic duplications, contradictions, and any warning labels or other information included with the drug; (d) interactions between the drug and any (i) other drugs which the patient is taking or has recently taken, (ii) diseases which the patient has, including any stages of the disease, and (iii) allergies that the patient may have; and (e) incorrect dosage or duration of treatment. NAC 639.707(4).

24. The Board may suspend or revoke any certificate, license, registration or permit for engaging in unprofessional conduct or conduct contrary to the public interest, pursuant to NRS 639.210(4), upon a finding that the holder fails to strictly follow the instructions of a practitioner when filling, refilling, labeling, and dispensing a prescription. NAC 639.945(1)(d)

25. The Board may suspend or revoke any certificate, license, registration or permit for engaging in unprofessional conduct or conduct contrary to the public interest, pursuant to NRS 639.210(4), upon a finding that the holder performed his or her duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

26. The Board may suspend or revoke any certificate, license, registration or permit pursuant to NRS 639.210(12) upon the finding that the holder, violated, attempted to violate, assisted or abetted in the violation of or conspired to violate any of the provisions of this chapter or any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy, or has knowingly permitted, allowed, condoned or failed to report a violation of any of the provisions of this chapter or any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

27. The Board may suspend or revoke any certificate, license, registration or permit pursuant to NRS 639.210(15) upon the finding that the holder, as a managing pharmacist, violated any provision of law or regulation concerning recordkeeping or inventory in a store over which he or she presides, or has knowingly allowed a violation of any provision of NRS Chapter 639 or

other state or federal laws or regulations relating to the practice of pharmacy by personnel of the pharmacy under his or her supervision.

28. Each pharmacy must be managed by a registered pharmacist, approved by the Board, who is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. NRS 639.220(1).

29. Any violation of NRS Chapter 639 by a managing pharmacist or by personnel of the pharmacy under the supervision of the managing pharmacist is cause for suspension or revocation of the license of the pharmacy by the Board. NRS 639.230(5).

30. If a pharmaceutical technician performs one of more of the functions necessary to prepare a prescription, the pharmacist supervising the pharmaceutical technician is responsible for the filled prescription, including but not limited to, verifying: (a) the selection and strength of the drug; the dosage form; and the labeling of the prescription. NAC 639.252(2).

31. The owner of any business or facility licensed, certified, or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(2).

32. The owner of a pharmacy, the managing pharmacist of the pharmacy and the registered pharmacist on duty are responsible for the acts and omissions of pharmaceutical technicians and other personnel who are not pharmacists working in or for the pharmacy, including, but not limited to, any errors committed or unauthorized work performed by such personnel, if the owner, managing pharmacist or registered pharmacist knew or reasonably should have known of the act or omission. NAC 639.702.

33. The Board may impose a fine upon the holder of a certificate, license, or permit issued by the Board for up to $10,000.00 for each violation. NRS 639.255(3).

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. WALGREENS PHARMACY #05479, Pharmacy License No. PH01938, WALGREENS PHARMACY #02445, Pharmacy License No. PH01964, GRACE OPULENCIA, RPh., Pharmacist Registration No. 15190, Respondent.	Case Nos. 21-169-PH-S 21-169-PH-O 21-169-RPH-S NOTICE OF INTENDED ACTION AND ACCUSATION

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and/or NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent Walgreens Pharmacy #05479 ("Walgreens #05479"), because at the time of the events alleged herein, Respondent Walgreens #05479 held Pharmacy License No. PH01938, issued by the Board, pursuant to NRS 639.230, on May 20, 2005, which authorized Respondent Walgreens #05479 to operate a pharmacy within the State of Nevada.

2. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent Walgreens Pharmacy #02445 ("Walgreens #02445"), because at the time of the events alleged herein, Respondent Walgreens #002445 held Pharmacy License No. PH01964, issued by the Board, pursuant to NRS 639.230, on September 9, 2004, which authorized Respondent Walgreens #02445 to operate a pharmacy which dispenses into the State of Nevada.

3. The Board has personal jurisdiction over Respondent Grace Opulencia, RPh. ("Opulencia"), because at the time of the events alleged herein, Respondent Opulencia held

Certificate of Registration No. 15190, issued by the Board, pursuant to NRS 639.127, on October 6, 2000, which authorized Respondent Opulencia to practice pharmacy in the State of Nevada.

4. The Board has subject matter jurisdiction over this matter because at the time of the events alleged herein Respondent Opulencia was engaged in the practice of pharmacy at the pharmacy operated by Respondent Walgreens #05479 in the State of Nevada and Walgreens #02445 was operating a pharmacy which engaged in the practice of pharmacy into the State of Nevada.

PRIOR DISCIPLINE
(Respondent Opulencia)

5. On or about February 7, 2022, Respondent Opulencia was mailed a $500.00 Citation and Fine in Case No. 19-119-RPH-S for a medication misfill of Adderall XR capsules, 25mg wherein RX# 2969633 was short six capsules. Respondent Opulencia timely paid the $500.00 fine.

(Respondent Walgreens #02445)

6. In or about January of 2016, Respondent Walgreens #02445 a.k.a Walgreens Mail Service, Inc., Certificate of Registration No. PH01964, entered into a Stipulation and Order in Case No. 15-028-RPH-S. In the Stipulation, Respondent Walgreens #02445 admitted it was responsible for the actions of its employees, pursuant to NAC 639.945(2), and that evidence existed to establish a factual basis demonstrating that its pharmacist employee, who did not hold a Nevada pharmacist registration, had incorrectly verified a RX #3094107-3922, a prescription written for Zoloft 200mg as simvastatin 20 mg tablets (generic Zocor). Respondent Walgreens #02445 paid a fine of $1,000.00 and attorney's fees and costs of $495.00.

7. On or about April 10, 2019, Respondent Walgreens #02445, Certificate of Registration No. PH01964, entered into a Stipulation and Order Case No. 17-086-S. In the Stipulation, Respondent Walgreens admitted it was responsible for the actions of its employees, pursuant to NAC 639.945(2), and that evidence existed to establish a factual basis demonstrating that its pharmacist employees who did not hold Nevada pharmacist registrations, had on three

separate occasions, overrode Drug Utilization Review ("DUR") warnings during the automatic refill data review of RX #1465131-04579. RX #1465131-04579 was written for Rophinirole 2mg, a treatment for restless leg syndrome, and incorrectly verified as Risperidone 2mg, an antipsychotic. Respondent Walgreens #02445 paid a fine of $2,000.00 and attorney's fees and costs of $1,000.00.

FACTUAL ALLEGATIONS

8. On or about October 14, 2021, the Board received a patient complaint indicating that the patient had incorrectly received preservative free single dose Methotrexate instead of the multidose Methotrexate containing a preservative.

9. Respondent Walgreens #05479 operated a pharmacy at 385 E. Silverado Ranch Blvd., Las Vegas, Nevada 89183 at the time of the events alleged herein.

10. Respondent Opulencia, RPh., was employed as a staff pharmacist at Walgreens #05479 at the time of the events alleged herein.

RX# 1930061-2

11. On or about August 2, 2021, Dana Shepherd, P.A. issued a prescription for "Methotrexate 50mg/2ml injection solution," with directions stating "0.5 milliliter inject subcutaneously one time weekly," and "#1 Bottle(s), 30-day, Refills: 2." The prescription was electronically transmitted to Respondent Walgreens #05479 and designated as RX# 1930061-2.

12. On or about August 3, 2021, pharmaceutical technician H.X. Jaghanan, located at Walgreens #02445, at 8337 Southpark Circle, Orlando, Florida 32819, performed the data entry for RX# 1930061-2. The data entry performed by H.X. Jaghanan identified prescription at "Methotrexate 25mg/ml PF SI."

13. Pharmaceutical technician H.X. Jaghanan is not licensed to practice pharmacy in the State of Nevada.

14. On or about August 23, 2021, pharmacist Julie Wan, located at Walgreens #02445, at 8337 Southpark Circle, Orlando, Florida 32819, performed the "Pat/Pbr rev" and "Data Product Review" for RX# 1930061-2.

15. Pharmacist Julie Wan is not licensed to practice pharmacy in the State of Nevada.

16. On or about August 23, 2021, pharmacist D. Pham, located at Walgreens #02445, at 8337 Southpark Circle, Orlando, Florida 32819, overrode 5 DURs for RX# 1930061-2.

17. Pharmacist D. Pham is not licensed to practice pharmacy in the State of Nevada.

18. On or about August 23, 2021, pharmaceutical technician J.N. Zuniga, Certificate of Registration No. PT24198, who was located at Walgreens #05479, filled RX# 1930061-2.

19. On or about August 24, 2021, Respondent Opulencia performed the final verification and incorrectly verified RX# 1930061-2 as preservative free.

20. On or about August 26, 2021, RX# 1930061-2 was dispensed as a preservative free solution. Respondent Walgreen's #05479's computer system identified Respondent Opulencia as the pharmacist of record for RX# 1930061-2.

RX# 1930061-5 - REFILL

21. On or about September 28, 2021, Respondent Opulencia performed the final verification on a refill of RX# 1930061 and incorrectly verified the prescription as preservative free.

22. On or about September 28, 2021, RX# 1930061-5 was dispensed as a preservative free solution. Respondent Walgreen's #05479's computer system identified Respondent Opulencia as the pharmacist of record for RX# 1930061-5.

APPLICABLE LAW

23. A pharmacist, pharmacist intern, or dispensing practitioner shall review a patient's record before dispensing a prescription to determine its therapeutic appropriateness and, in making that determination, may consider, without limitation: (a) overutilization of the drug and drug

misuse; (b) underutilization of the drug; (c) therapeutic duplications, contradictions, and any warning labels or other information included with the drug; (d) interactions between the drug and any (i) other drugs which the patient is taking or has recently taken, (ii) diseases which the patient has, including any stages of the disease, and (iii) allergies that the patient may have; and (e) incorrect dosage or duration of treatment. NAC 639.707(4).

24. The Board may suspend or revoke any certificate, license, registration or permit for engaging in unprofessional conduct or conduct contrary to the public interest, pursuant to NRS 639.210(4), upon a finding that the holder fails to strictly follow the instructions of a practitioner when filling, refilling, labeling, and dispensing a prescription. NAC 639.945(1)(d)

25. The Board may suspend or revoke any certificate, license, registration or permit for engaging in unprofessional conduct or conduct contrary to the public interest, pursuant to NRS 639.210(4), upon a finding that the holder performed his or her duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

26. The Board may suspend or revoke any certificate, license, registration or permit pursuant to NRS 639.210(12) upon the finding that the holder, violated, attempted to violate, assisted or abetted in the violation of or conspired to violate any of the provisions of this chapter or any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy, or has knowingly permitted, allowed, condoned or failed to report a violation of any of the provisions of this chapter or any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

27. The Board may suspend or revoke any certificate, license, registration or permit pursuant to NRS 639.210(15) upon the finding that the holder, as a managing pharmacist, violated any provision of law or regulation concerning recordkeeping or inventory in a store over which he or she presides, or has knowingly allowed a violation of any provision of NRS Chapter 639 or

other state or federal laws or regulations relating to the practice of pharmacy by personnel of the pharmacy under his or her supervision.

28. Each pharmacy must be managed by a registered pharmacist, approved by the Board, who is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. NRS 639.220(1).

29. Any violation of NRS Chapter 639 by a managing pharmacist or by personnel of the pharmacy under the supervision of the managing pharmacist is cause for suspension or revocation of the license of the pharmacy by the Board. NRS 639.230(5).

30. If a pharmaceutical technician performs one of more of the functions necessary to prepare a prescription, the pharmacist supervising the pharmaceutical technician is responsible for the filled prescription, including but not limited to, verifying: (a) the selection and strength of the drug; the dosage form; and the labeling of the prescription. NAC 639.252(2).

31. The owner of any business or facility licensed, certified, or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(2).

32. The owner of a pharmacy, the managing pharmacist of the pharmacy and the registered pharmacist on duty are responsible for the acts and omissions of pharmaceutical technicians and other personnel who are not pharmacists working in or for the pharmacy, including, but not limited to, any errors committed or unauthorized work performed by such personnel, if the owner, managing pharmacist or registered pharmacist knew or reasonably should have known of the act or omission. NAC 639.702.

33. The Board may impose a fine upon the holder of a certificate, license, or permit issued by the Board for up to $10,000.00 for each violation. NRS 639.255(3).

NOTICE OF INTENDED ACTION AND ACCUSATION

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and/or NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent Walgreens Pharmacy #05479 ("Walgreens #05479"), because at the time of the events alleged herein, Respondent Walgreens #05479 held Pharmacy License No. PH01938, issued by the Board, pursuant to NRS 639.230, on May 20, 2005, which authorized Respondent Walgreens #05479 to operate a pharmacy within the State of Nevada.

2. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent Walgreens Pharmacy #02445 ("Walgreens #02445"), because at the time of the events alleged herein, Respondent Walgreens #002445 held Pharmacy License No. PH01964, issued by the Board, pursuant to NRS 639.230, on September 9, 2004, which authorized Respondent Walgreens #02445 to operate a pharmacy which dispenses into the State of Nevada.

3. The Board has personal jurisdiction over Respondent Grace Opulencia, RPh. ("Opulencia"), because at the time of the events alleged herein, Respondent Opulencia held

Certificate of Registration No. 15190, issued by the Board, pursuant to NRS 639.127, on October 6, 2000, which authorized Respondent Opulencia to practice pharmacy in the State of Nevada.

4. The Board has subject matter jurisdiction over this matter because at the time of the events alleged herein Respondent Opulencia was engaged in the practice of pharmacy at the pharmacy operated by Respondent Walgreens #05479 in the State of Nevada and Walgreens #02445 was operating a pharmacy which engaged in the practice of pharmacy into the State of Nevada.

PRIOR DISCIPLINE
(Respondent Opulencia)

5. On or about February 7, 2022, Respondent Opulencia was mailed a $500.00 Citation and Fine in Case No. 19-119-RPH-S for a medication misfill of Adderall XR capsules, 25mg wherein RX# 2969633 was short six capsules. Respondent Opulencia timely paid the $500.00 fine.

(Respondent Walgreens #02445)

6. In or about January of 2016, Respondent Walgreens #02445 a.k.a Walgreens Mail Service, Inc., Certificate of Registration No. PH01964, entered into a Stipulation and Order in Case No. 15-028-RPH-S. In the Stipulation, Respondent Walgreens #02445 admitted it was responsible for the actions of its employees, pursuant to NAC 639.945(2), and that evidence existed to establish a factual basis demonstrating that its pharmacist employee, who did not hold a Nevada pharmacist registration, had incorrectly verified a RX #3094107-3922, a prescription written for Zoloft 200mg as simvastatin 20 mg tablets (generic Zocor). Respondent Walgreens #02445 paid a fine of $1,000.00 and attorney's fees and costs of $495.00.

7. On or about April 10, 2019, Respondent Walgreens #02445, Certificate of Registration No. PH01964, entered into a Stipulation and Order Case No. 17-086-S. In the Stipulation, Respondent Walgreens admitted it was responsible for the actions of its employees, pursuant to NAC 639.945(2), and that evidence existed to establish a factual basis demonstrating that its pharmacist employees who did not hold Nevada pharmacist registrations, had on three

separate occasions, overrode Drug Utilization Review ("DUR") warnings during the automatic refill data review of RX #1465131-04579. RX #1465131-04579 was written for Rophinirole 2mg, a treatment for restless leg syndrome, and incorrectly verified as Risperidone 2mg, an antipsychotic. Respondent Walgreens #02445 paid a fine of $2,000.00 and attorney's fees and costs of $1,000.00.

FACTUAL ALLEGATIONS

8. On or about October 14, 2021, the Board received a patient complaint indicating that the patient had incorrectly received preservative free single dose Methotrexate instead of the multidose Methotrexate containing a preservative.

9. Respondent Walgreens #05479 operated a pharmacy at 385 E. Silverado Ranch Blvd., Las Vegas, Nevada 89183 at the time of the events alleged herein.

10. Respondent Opulencia, RPh., was employed as a staff pharmacist at Walgreens #05479 at the time of the events alleged herein.

RX# 1930061-2

11. On or about August 2, 2021, Dana Shepherd, P.A. issued a prescription for "Methotrexate 50mg/2ml injection solution," with directions stating "0.5 milliliter inject subcutaneously one time weekly," and "#1 Bottle(s), 30-day, Refills: 2." The prescription was electronically transmitted to Respondent Walgreens #05479 and designated as RX# 1930061-2.

12. On or about August 3, 2021, pharmaceutical technician H.X. Jaghanan, located at Walgreens #02445, at 8337 Southpark Circle, Orlando, Florida 32819, performed the data entry for RX# 1930061-2. The data entry performed by H.X. Jaghanan identified prescription at "Methotrexate 25mg/ml PF SI."

13. Pharmaceutical technician H.X. Jaghanan is not licensed to practice pharmacy in the State of Nevada.

14. On or about August 23, 2021, pharmacist Julie Wan, located at Walgreens #02445, at 8337 Southpark Circle, Orlando, Florida 32819, performed the "Pat/Pbr rev" and "Data Product Review" for RX# 1930061-2.

15. Pharmacist Julie Wan is not licensed to practice pharmacy in the State of Nevada.

16. On or about August 23, 2021, pharmacist D. Pham, located at Walgreens #02445, at 8337 Southpark Circle, Orlando, Florida 32819, overrode 5 DURs for RX# 1930061-2.

17. Pharmacist D. Pham is not licensed to practice pharmacy in the State of Nevada.

18. On or about August 23, 2021, pharmaceutical technician J.N. Zuniga, Certificate of Registration No. PT24198, who was located at Walgreens #05479, filled RX# 1930061-2.

19. On or about August 24, 2021, Respondent Opulencia performed the final verification and incorrectly verified RX# 1930061-2 as preservative free.

20. On or about August 26, 2021, RX# 1930061-2 was dispensed as a preservative free solution. Respondent Walgreen's #05479's computer system identified Respondent Opulencia as the pharmacist of record for RX# 1930061-2.

RX# 1930061-5 - REFILL

21. On or about September 28, 2021, Respondent Opulencia performed the final verification on a refill of RX# 1930061 and incorrectly verified the prescription as preservative free.

22. On or about September 28, 2021, RX# 1930061-5 was dispensed as a preservative free solution. Respondent Walgreen's #05479's computer system identified Respondent Opulencia as the pharmacist of record for RX# 1930061-5.

APPLICABLE LAW

23. A pharmacist, pharmacist intern, or dispensing practitioner shall review a patient's record before dispensing a prescription to determine its therapeutic appropriateness and, in making that determination, may consider, without limitation: (a) overutilization of the drug and drug

misuse; (b) underutilization of the drug; (c) therapeutic duplications, contradictions, and any warning labels or other information included with the drug; (d) interactions between the drug and any (i) other drugs which the patient is taking or has recently taken, (ii) diseases which the patient has, including any stages of the disease, and (iii) allergies that the patient may have; and (e) incorrect dosage or duration of treatment. NAC 639.707(4).

24. The Board may suspend or revoke any certificate, license, registration or permit for engaging in unprofessional conduct or conduct contrary to the public interest, pursuant to NRS 639.210(4), upon a finding that the holder fails to strictly follow the instructions of a practitioner when filling, refilling, labeling, and dispensing a prescription. NAC 639.945(1)(d)

25. The Board may suspend or revoke any certificate, license, registration or permit for engaging in unprofessional conduct or conduct contrary to the public interest, pursuant to NRS 639.210(4), upon a finding that the holder performed his or her duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

26. The Board may suspend or revoke any certificate, license, registration or permit pursuant to NRS 639.210(12) upon the finding that the holder, violated, attempted to violate, assisted or abetted in the violation of or conspired to violate any of the provisions of this chapter or any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy, or has knowingly permitted, allowed, condoned or failed to report a violation of any of the provisions of this chapter or any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

27. The Board may suspend or revoke any certificate, license, registration or permit pursuant to NRS 639.210(15) upon the finding that the holder, as a managing pharmacist, violated any provision of law or regulation concerning recordkeeping or inventory in a store over which he or she presides, or has knowingly allowed a violation of any provision of NRS Chapter 639 or

other state or federal laws or regulations relating to the practice of pharmacy by personnel of the pharmacy under his or her supervision.

28. Each pharmacy must be managed by a registered pharmacist, approved by the Board, who is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. NRS 639.220(1).

29. Any violation of NRS Chapter 639 by a managing pharmacist or by personnel of the pharmacy under the supervision of the managing pharmacist is cause for suspension or revocation of the license of the pharmacy by the Board. NRS 639.230(5).

30. If a pharmaceutical technician performs one of more of the functions necessary to prepare a prescription, the pharmacist supervising the pharmaceutical technician is responsible for the filled prescription, including but not limited to, verifying: (a) the selection and strength of the drug; the dosage form; and the labeling of the prescription. NAC 639.252(2).

31. The owner of any business or facility licensed, certified, or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(2).

32. The owner of a pharmacy, the managing pharmacist of the pharmacy and the registered pharmacist on duty are responsible for the acts and omissions of pharmaceutical technicians and other personnel who are not pharmacists working in or for the pharmacy, including, but not limited to, any errors committed or unauthorized work performed by such personnel, if the owner, managing pharmacist or registered pharmacist knew or reasonably should have known of the act or omission. NAC 639.702.

33. The Board may impose a fine upon the holder of a certificate, license, or permit issued by the Board for up to $10,000.00 for each violation. NRS 639.255(3).

COUNT ONE

Unprofessional Conduct- Incompetent, Unskillful, or Negligent Conduct
(Respondent Opulencia)

34. Respondent Opulencia's failure to accurately verify the prescription dosage and duration in strict conformance with the instructions of prescribing practitioner prior to dispensing dispense RX# 1930061-2 and RX# 1930061-5 violated NAC 639.707(4)(e) and constituted unprofessional conduct and/or incompetent, unskillful, or negligent conduct contrary to the public interest pursuant to NAC 639.945(1)(d) and/or (i). Respondent Opulencia is therefore subject to discipline pursuant to NRS 639.210(4) and/or NRS 639.210(12) and/or NRS 639.255(3).

35. Respondent Opulencia, as the managing pharmacist of Walgreens #05479 at the time of the violations alleged herein, is responsible, pursuant to NRS 639.220(1), for the misfills of RX# 1930061-2 and RX# 1930061-5, including pursuant to NAC 639.252(2) and NAC 639.702, if the misfills were attributable to the unprofessional conduct, including incorrect prescription data entry by pharmaceutical technician J.N. Zuniga, or any of the other pharmacy employee of Walgreens #05479 under the supervision of Respondent Opulencia. Respondent Opulencia is therefore subject to discipline pursuant to NRS 639.210(4) and/or NRS 639.255(3).

COUNT TWO

Pharmacy/Pharmacy Owner Responsibility
(Respondent Walgreens #05479)

36. To the extent the dispensing errors on RX# 1930061-2 and RX# 1930061-5 were attributable to employees of Respondent Walgreens #05479, including Respondent Opulencia, or pharmaceutical technician J.N. Zuniga, Certificate of Registration No. PT24198, Walgreens #05479 is responsible for those violations pursuant to NRS 639.230(5), NAC 639.702, and NAC 639.945(2). Respondent Walgreens #05479 is therefore subject to discipline pursuant to NRS 639.210 and/or NRS 639.255(3).

\\\

\\\

COUNT THREE

Pharmacy/Pharmacy Owner Responsibility
(Respondent Walgreens #02445)

37. To the extent the dispensing errors on RX# 1930061-2 and RX# 1930061-5 were attributable to employees of Respondent Walgreens #02445, including pharmaceutical technician H.X. Jaghanan, pharmacist Julie Wan, or pharmacist D. Pham, Walgreens #02445 is responsible for those violations pursuant to NRS 639.230(5), NAC 639.702, and NAC 639.945(2). Respondent Walgreens #02445 is therefore subject to discipline pursuant to NRS 639.210 and/or NRS 639.255(3).

WHEREFORE, it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

Signed this 6th day of December 2023.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **JAMES MARIUS AGRAVIO TOLENTINO, APRN, Certificate of Registration Nos. CS31227 (Inactive) - PR15600 (Inactive),** **Respondent.**	**Case No. 22-021-CS-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Board has personal jurisdiction over Respondent James Marius Agravio Tolentino, APRN ("Tolentino"), because at the time of the events alleged herein, Respondent Tolentino held an active controlled substance registration, Certificate of Registration No. CS31227, issued by the Board, pursuant to NRS 639.127, on January 14, 2021, which authorized Respondent Tolentino to prescribe dangerous drugs and controlled substances in the State of Nevada.

2. The Board has subject matter jurisdiction over this matter because at the time of the events alleged herein Respondent Tolentino was a practitioner engaged in the prescribing of dangerous drugs and/or controlled substances to Nevada patients.

FACTUAL ALLEGATIONS

3. On or about January 14, 2021, Respondent Tolentino was issued his initial Controlled Substance Registration, Certificate of Registration No. CS31227.

4. On or about May 13, 2022, the Board issued a cease-and-desist letter to Respondent Tolentino informing him that he was ineligible to hold a Nevada Controlled Substances Registration because his underlying Registered Nurse ("RN"), license number RN68993, and Advanced Practice Registered Nurse ("APRN-CNP"), license number 835286, had expired on or about February 4, 2022.

5. On or about May 19, 2022, Respondent Tolentino entered into a Stipulation with the Nevada State Board of Nursing, wherein his Nevada Professional Nurse license number RN68993 and Nevada Advanced Practice Registered Nurse license number 835286 were suspended. In the Stipulation, Respondent Tolentino freely admitted that:

> On September 6, 2017, the Board [of Nursing] accepted an Agreement for Monitoring that he had signed related to diverting controlled substances from his employer for his own personal use, a positive for cause drug test for Fentanyl, and for addiction to alcohol and/or controlled substances. The agreement included abstinence and drug testing stipulations. On February 1, 2022, Respondent reported to Board [of Nursing] staff that he had written multiple prescriptions for controlled substances in the name of a family member and had diverted the medications for his own personal use. . . . [H]e is addicted to alcohol and/or controlled substances.

6. Between June 2021 and January 2022, Respondent Tolentino prescribed Oxycodone-Acetaminophen 10-325 or Oxcontin ER 15 mg to his mother-in-law on twenty-two occasions without a bona fide therapeutic relationship or purpose, but for his own personal use.

7. Respondent Tolentino made a false statement on his application for a Nevada controlled substance registration dated November 25, 2020, when he failed to disclose the substance abuse Agreement for Monitoring he entered into with the Nevada State Board of Nursing on September 6, 2017.

APPLICABLE LAW

8. It is unlawful for a person knowingly or intentionally to acquire or obtain or attempt to obtain possession of a controlled substance or a prescription for a controlled substance by

misrepresentation, fraud, forgery, deception, subterfuge, or alteration. NRS 453.331(1)(d); NRS 453.391(1); and/or 21 U.S.C. § 843(a)(3).

9. The Board shall register an applicant to dispense controlled substances included in schedules I to V, inclusive unless it determines that the issuance of such registration would be inconsistent with the public interest. In determining the public interest, the Board shall consider the following factors:

e. Past experience of the applicant in the manufacture or distribution of controlled substances, and the existence in the applicant's establishment of effective controls against diversion of controlled substances into other than legitimate medical, scientific research or industrial channels;
f. Furnishing by the applicant of false or fraudulent material in an application filed pursuant to the provisions of NRS 453.011 to 453.552, inclusive;
g. Suspension or revocation of the applicant's federal registration to manufacture, distribute, possess, administer or dispense controlled substances as authorized by federal law; and
h. Any other factors relevant to and consistent with the public health and safety.

NRS 453.231(1).

10. Diverting drugs which are legally sold in pharmacies constitutes unprofessional conduct or conduct contrary to the public interest, pursuant to NAC 639.945(1)(g), and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

11. The Board may suspend or revoke a registration if the holder performs or in any way is a party to any fraudulent or deceitful practice or transaction because such actions constitute unprofessional conduct or conduct contrary to the public interest, pursuant to NRS 639.210(4) and NAC 639.945(1)(h), and/or NRS 453.236(1)(e).

12. Prescribing a drug as a prescribing practitioner to a patient with whom the prescribing practitioner does not have a bona fide therapeutic relationship constitutes unprofessional conduct or conduct that is contrary to the public interest, pursuant to NAC 639.945(1)(n)(2), and is grounds for suspension or revocation of the any license or registration issued by the Board. NRS 639.210(4).

13. It is unlawful for a person knowingly to use of be under the influence of a controlled substance except in accordance with a lawfully issued prescription. NRS 453.411(1).

14. The Board may suspend or revoke any license or registration issued pursuant to NRS Chapter 639, and deny the application of any person for a certificate, license, registration, or permit, if the holder of applicant has a substance abuse disorder. NRS 639.210(5).

15. The Board may suspend or revoke any certificate, license, registration or permit upon a finding that the holder has willfully made to the Board or its authorized representative any false statement which is material to the administration or enforcement of any of the provision of this chapter. NRS 639.210(9).

16. The Board may suspend or revoke and certificate, license, registration, or permit upon a finding that the holder has obtained the certificate, certification, license, or permit by the filing of an application, or any record, affidavit, or other information in support thereof, which is false or fraudulent. NRS 639.210(10).

17. It is unlawful for any person to secure registration by making, or causing to be made, any false representation. NRS 639.281(1). The Board may automatically cancel any certificate, license, or permit upon information later found to be false or fraudulent. NRS 639.281(2).

18. The Board may suspend or revoke a registration if the holder has violated any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs. NRS 639.210(11).

19. The Board may suspend or revoke a registration if the holder has violated, attempted to violate, assisted, or abetted in the violation of or conspired to violate any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

20. Administrative proceedings brought by the Board against a Respondent pursuant to NRS Chapter 453, to deny, suspend or revoke a registration must be initiated, conducted and concluded pursuant to the provisions of NRS 639.241 to NRS 639.257, and upon a finding of guilt against the Respondent, the Board shall suspend the right of the registrant to use his or her registration or a schedule thereof; or revoke the registration of a schedule thereof. NRS 453.241.

21. The surrender, revocation or a suspension that has not been stayed of any certificate, license, or registration of a practitioner, as defined in NRS 453.126, 454.00958 or 639.0125, by a licensing board or the Drug Enforcement Administration operates as an immediate suspension of a certificate, license, registration, or permit issued by the Board pursuant to NRS chapters 453, 454 or 639 to possess, administer, prescribe, or dispense drugs. NRS 639.2107.

22. This Accusation constitutes a public record pursuant to NRS 622.330 and any discipline imposed by the Board shall be reported to the National Practitioner Data Bank as required by federal law. Title 42 USC § 1396r–2; 45 CFR Part 60.

23. The Board may impose a fine upon the holder of a certificate, license, or permit issued by the Board for up to $10,000.00 for each violation alleged in an accusation for which the holder is found guilty. NRS 639.255(1)(f) and (3); NAC 639.955.

COUNT ONE

Unlawful Prescribing, Diversion, Acquisition, and/or Use of Controlled Substance

24. By prescribing, diverting, acquiring and/or using controlled substances as alleged herein, Respondent Tolentino violated, attempted to violate, assisted, or abetted in the violation of or conspired to violate 21 U.S.C. § 843(a)(3); and/or NRS 453.331(1)(d); and/or NRS 453.391(1); and/or NRS 453.411(1); and/or NRS 453.231(1) by acting outside the public interest. Therefore, Respondent Tolentino is subject to discipline pursuant to NRS 453.236(1)(e); and/or NRS 453.241; and/or NRS 639.210(4) and/or (11) and/or (12); and/or NRS 639.255(3).

COUNT TWO

Commission of Acts that Render Registration Inconsistent with the Public Interest

25. By prescribing controlled substances to his mother-in-law and diverting the controlled substances for personal use as alleged herein, Respondent Tolentino engaged deceitful practices and transactions and/or in unprofessional conduct and conduct contrary to the public interest, as defined by NAC 639.945(1)(h),(g), and (n)(2), which renders his continued registration to dispense controlled substances inconsistent with the public interest. Therefore, Respondent is subject to discipline pursuant to NRS 453.236(1)(e); and/or NRS 453.241(1); and/or NRS 639.210(4); and/or NRS 639.255.

COUNT THREE

False Statement on Application for Controlled Substance Registration

26. By making a false statement on his November 25, 2020, application for a Nevada Certificate of Registration to Dispense Controlled Substances, Respondent Tolentino violated NRS 639.210(10); and/or NRS 639.281(2); and/or NRS 453.231(1) by acting outside the public interest; therefore, Respondent is subject to discipline under NRS 639.210(10); and/or NRS 639.255(3); and/or NRS 639.281(2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

DATED this 6th day of December 2023.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

24. By prescribing, diverting, acquiring and/or using controlled substances as alleged herein, Respondent Tolentino violated, attempted to violate, assisted, or abetted in the violation of or conspired to violate 21 U.S.C. § 843(a)(3); and/or NRS 453.331(1)(d); and/or NRS 453.391(1); and/or NRS 453.411(1); and/or NRS 453.231(1) by acting outside the public interest. Therefore, Respondent Tolentino is subject to discipline pursuant to NRS 453.236(1)(e); and/or NRS 453.241; and/or NRS 639.210(4) and/or (11) and/or (12); and/or NRS 639.255(3).

COUNT TWO

Commission of Acts that Render Registration Inconsistent with the Public Interest

25. By prescribing controlled substances to his mother-in-law and diverting the controlled substances for personal use as alleged herein, Respondent Tolentino engaged deceitful practices and transactions and/or in unprofessional conduct and conduct contrary to the public interest, as defined by NAC 639.945(1)(h),(g), and (n)(2), which renders his continued registration to dispense controlled substances inconsistent with the public interest. Therefore, Respondent is subject to discipline pursuant to NRS 453.236(1)(e); and/or NRS 453.241(1); and/or NRS 639.210(4); and/or NRS 639.255.

\\\

\\\

COUNT THREE
False Statement on Application for Controlled Substance Registration

26. By making a false statement on his November 25, 2020, application for a Nevada Certificate of Registration to Dispense Controlled Substances, Respondent Tolentino violated NRS 639.210(10); and/or NRS 639.281(2); and/or NRS 453.231(1) by acting outside the public interest; therefore, Respondent is subject to discipline under NRS 639.210(10); and/or NRS 639.255(3); and/or NRS 639.281(2).

CULPABILITY
(Respondent Tolentino)

27. Tolentino admits the truth of each and every factual allegation in this Stipulation.

28. Tolentino admits the truth of the alleged violations of law in this Stipulation.

DISCIPLINARY ORDER

29. In consideration of the foregoing admissions and stipulations, and to save the time and expense of litigating the alleged violations of law before the Board, the parties agree that the Board may, without further notice or formal proceeding, issue and enter the following Disciplinary Order:

A. Tolentino's Certificate of Registration No. CS31227 is hereby revoked, Tolentino is prohibited from reapplying for a Certificate of Registration to Dispense Controlled Substances for a period of one (1) year to be measured from the effective date of the Board's Order accepting this Stipulation. Tolentino agrees that this one (1) year revocation constitutes formal discipline pursuant to NRS 233B.121(6) and that he shall comply with the below the below stipulation terms before reapplying to the Board; and

B. Tolentino shall comply with all the terms of the Nevada State Board of Nursing's Agreement for Suspension and Probation in Case No. 2022020005; and

C. Tolentino shall pay a fine of Five Thousand Dollars ($5,000.00) for the violations, by way of a single *check, cashier's check* or *certified check* or *money order* made payable to **"State of Nevada, Office of the Treasurer,"** to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521 not later than one (1) year or 365 days from effective date of the Board's Order; and

D. Tolentino shall pay Seven Hundred Fifty Dollars ($750.00) to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter, by *check, cashier's check* or *certified check* or *money order* made payable to "**Nevada State Board of Pharmacy**," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521 within thirty (30) days of the effective date of this Order.

30. Any failure by Tolentino to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing Tolentino to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by Tolentino, the Board may impose additional discipline upon Tolentino consistent with the provisions of NRS Chapter 453 and/or Chapter 639.

31. The Board's General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on March 6, 2023. Tolentino will appear through its representatives and/or counsel at the meeting to answer questions from the Board Members. The Board Members may discuss and deliberate regarding this Stipulation, even if Tolentino is not present at the meeting.

32. The Board has discretion to accept this Stipulation, but it is not obligated to do so.

33. If the Board rejects any part or all this Stipulation, the parties agree that a full hearing on the merits of this matter may be heard by the Board – unless the parties reach an alternative agreement on the record which is approved by the Board. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

34. Subject to the approval of this Stipulation by the Board, the Board and Tolentino agree to release each other from any and all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondent Tolentino has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and has freely and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **WAL-MART PHARMACY #10-4239, Pharmacy License No. PH02772,** **Respondent.**	**Case No. 22-089-PH-N** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy hereby files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and/or NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent Wal-Mart Pharmacy #10-4239 ("Wal-Mart #10-4239"), because at the time of the events alleged herein, Respondent Wal-Mart #10-4239 held Pharmacy License No. PH02772, issued by the Board, pursuant to NRS 639.230, on February 13, 2012, which authorized Respondent Wal-Mart #10-4239 to operate a pharmacy within the State of Nevada.

2. The Board has subject matter jurisdiction over this matter because at the time of the events alleged herein Respondent Wal-Mart #10-4239 was operating a pharmacy which dispensed dangerous drugs and controlled substances to Nevada patients.

FACTUAL ALLEGATIONS

3. At all times relevant to the allegations herein Respondent Wal-Mart #10-4239 operated a pharmacy located at 250 Vista Knoll Parkway, Reno, Nevada 89506. At all times relevant to the allegations herein, Respondent Wal-Mart #10-4239 employed pharmaceutical technician Junned Safdar and pharmacist Wencheng Liao.

4. On or about June 28, 2021, Dr. Devangi Desai prescribed a patient Metformin ER, 500mg tablets ASC, quantity 360, with instructions to take two tablets by mouth before breakfast and two tablets before evening meal. The prescription was tendered to Respondent Wal-Mart #10-4239 identified as RX# 7221879.

5. Respondent Wal-Mart #10-4239's records indicate that on or about January 22, 2022, RX# 7221879 was refilled by pharmaceutical technician Junned Safdar and visually verified by pharmacist Wencheng Liao (deceased) and dispensed to the patient. The patient was dispensed three white bottles containing the Ascend logo, two bottles correctly contained 100 tablets of Metformin Hydrochloride ER 500mg tablets AS, but one of the bottles incorrectly contained amlodipine besylate tablets, USP 5mg, quantity 500. Each of the three bottles contained a prescription label which specified RX# 7221879 and identified the drug as Metformin ER 500mg Tab ASC, quantity 360.

6. On or about January 22, 2022, the patient began ingesting the amlodipine besylate tablets, USP 5mg, and continued ingesting the medication for approximately two weeks.

7. The patient complained of disorientation, nausea, dizziness, and extreme fatigue; however, the patient did not seek medical treatment.

APPLICABLE LAW

8. The Board may suspend or revoke any certificate, license, registration or permit pursuant to NRS 639.210(4) upon a finding that the holder performed his or her duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner, this includes failing to strictly following the instructions of a practitioner when filling, labeling, or dispensing a prescription. NAC 639.945(1)(d), (i).

9. Any violation of NRS Chapter 639 by a managing pharmacist or by personnel of the pharmacy under the supervision of the managing pharmacist is cause for suspension or revocation of the license of the pharmacy by the Board. NRS 639.230(5).

10. The owner of any business of facility licensed, certified, or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(2).

11. The owner of a pharmacy, the managing pharmacist of the pharmacy and the registered pharmacist on duty are responsible for the acts and omissions of pharmaceutical technicians and other personnel who are not pharmacists working in or for the pharmacy, including, but not limited to, any errors committed or unauthorized work performed by such personnel, if the owner, managing pharmacist or registered pharmacist knew or reasonably should have known of the act or omission. NAC 639.702.

12. The Board may impose a fine upon the holder of a certificate, license, or permit issued by the Board for up to $10,000.00 for each violation. NRS 639.255(3).

COUNT ONE

Unprofessional Conduct- Incompetent, Unskillful, or Negligent Conduct (Respondent Wal-Mart #10-4239)

13. The failure of Respondent Wal-Mart #10-4239's employees, pharmaceutical technician Junned Safdar and pharmacist Wencheng Liao (deceased), to accurately dispense RX# 7221879 in strict conformance with the instructions of prescribing practitioner constitutes unprofessional conduct and/or incompetent, unskillful, or negligent conduct contrary to the public interest pursuant to NAC 639.945(1)(d) and/or (i).

14. Wal-Mart #10-4239 is responsible for the unprofessional conduct of its employees pursuant to NRS 639.230(5), NAC 639.702, and NAC 639.945(2). Respondent Wal-Mart #10-4239 is therefore subject to discipline pursuant to NRS 639.210(4) and/or NRS 639.255(3).

WHEREFORE, it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the pharmacy license of this Respondent Wal-Mart #10-4239.

Signed this 6th day of December 2023.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **WAL-MART PHARMACY #10-4239, Pharmacy License No. PH02772,** **Respondent.**	**Case No. 22-089-PH-N** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy ("Board") by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation ("Accusation") has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you.

2. **A hearing on the Accusation filed against you has been scheduled before the Board for Wednesday, January 17, 2024, at 9:00 AM PST, or soon thereafter at the following location:**

Hilton Garden Inn Las Vegas Strip South
7830 Las Vegas Blvd
Las Vegas, NV 89123

3. At the hearing, you have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). At the hearing, you are entitled to present argument and evidence including witness testimony on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241; NRS 639.246. To do so, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, within twenty (20) days of your receipt of this Statement and Notice, and the Accusation. NRS 622A.320; NRS 639.243.

You may file your answer electronically by emailing a copy of your Answer and Notice of Defense to the Board's coordinating staff and its prosecuting attorney at the email addresses below:

TeamBC@Pharmacy.nv.gov and p.keegan@pharmacy.nv.gov

Alternatively, you may file your Answer and Notice of Defense by mailing two (2) copies to Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. Upon receipt of your Answer and Notice of Defense, a file stamped copy will be returned to you.

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy (the "Board"), by and through its General Counsel, Peter K. Keegan, Esq., and Respondent, Wal-Mart Pharmacy #10-4239 ("Wal-Mart #10-4239"), Pharmacy License No. PH02772, **HEREBY STIPULATE AND AGREE THAT**:

1. On or about December 11, 2023, Board staff served Wal-Mart #10-4239 with the Notice of Intended Action and Accusation ("Accusation") on file in this matter together with the Statement to Respondent and Notice of Hearing.

2. In lieu of filing an Answer, Wal-Mart #10-4239 submits this Stipulation and Order for the Board's consideration.

3. Wal-Mart #10-4239 is aware of the right to seek the advice of counsel in this matter and has sought the advice of counsel prior to entering this Stipulation.

4. Wal-Mart #10-4239 is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration, the right to appeal, and any and all other rights which may be accorded pursuant to NRS Chapter 233B, Nevada Administrative Procedure Act, NRS Chapter 622A, Administrative Procedure Before Certain Regulatory Bodies, and NRS Chapter 639, Nevada Pharmacy Act.

5. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Wal-Mart #10-4239 has failed to comply with the provisions of this Stipulation, Wal-Mart #10-4239 hereby freely and voluntarily waives its rights

to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to it by NRS Chapter 233B, Nevada Administrative Procedure Act, NRS Chapter 622A, Administrative Procedure Before Certain Regulatory Bodies, and NRS Chapter 639, Nevada Pharmacy Act.

JURISDICTION

6. The Board has personal jurisdiction over Wal-Mart #10-4239 because at the time of the events alleged herein, Wal-Mart #10-4239 held Pharmacy License No. PH02772, issued by the Board, pursuant to NRS 639.230, on February 13, 2012, which authorized Wal-Mart #10-4239 to operate a pharmacy within the State of Nevada.

7. The Board has subject matter jurisdiction over this matter because at the time of the events alleged herein Wal-Mart #10-4239 was operating a pharmacy which dispensed dangerous drugs and controlled substances to Nevada patients.

FACTUAL ALLEGATIONS

8. At all times relevant to the allegations herein Wal-Mart #10-4239 operated a pharmacy located at 250 Vista Knoll Parkway, Reno, Nevada 89506. At all times relevant to the allegations herein, Wal-Mart #10-4239 employed pharmaceutical technician Junned Safdar and pharmacist Wencheng Liao.

9. On or about June 28, 2021, Dr. Devangi Desai prescribed a patient Metformin ER, 500mg tablets ASC, quantity 360, with instructions to take two tablets by mouth before breakfast and two tablets before evening meal. The prescription was tendered to Wal-Mart #10-4239 identified as RX# 7221879.

10. Wal-Mart #10-4239's records indicate that on or about January 22, 2022, RX# 7221879 was refilled by pharmaceutical technician Junned Safdar and visually verified by pharmacist Wencheng Liao (deceased) and dispensed to the patient. The patient was dispensed three white bottles containing the Ascend logo, two bottles correctly contained 100 tablets of Metformin Hydrochloride ER 500mg tablets AS, but one of the bottles incorrectly contained amlodipine

besylate tablets, USP 5mg, quantity 500. Each of the three bottles contained a prescription label which specified RX# 7221879 and identified the drug as Metformin ER 500mg Tab ASC, quantity 360.

11. On or about January 22, 2022, the patient began ingesting the amlodipine besylate tablets, USP 5mg, and continued ingesting the medication for approximately two weeks.

12. The patient complained of disorientation, nausea, dizziness, and extreme fatigue; however, the patient did not seek medical treatment.

APPLICABLE LAW

13. Wal-Mart #10-4239 admits that evidence exists, and that Board staff prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for certain of the violations alleged in the Accusation, *to wit*:

A. As the pharmacy/pharmacy owner, Wal-Mart #10-4239 is responsible for the unprofessional conduct of its employees pursuant to NRS 639.230(5), NAC 639.702, and NAC 639.945(3). Wal-Mart # 10-4239 is therefore subject to discipline pursuant to NRS 639.210(4) and/or NRS 639.255(3).

AGREEMENT

14. In consideration of the foregoing stipulations, and to save the time and expense of litigating the alleged violations of law before the Board, the parties agree that the Board may, without further notice or formal proceeding, issue and enter the following Order:

A. Wal-Mart #10-4239 shall pay a fine of One Thousand Dollars ($1,000.00) for the violations, by *check, cashier's check* or *certified check* or *money order* made payable to "**State of Nevada, Office of the Treasurer**," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521 within thirty (30) days of the effective date of this Order; and

B. Wal-Mart #10-4239 shall pay Seven Hundred Fifty Dollars ($750.00) to partially reimburse the Board for recoverable attorney's fees and costs incurred in

investigating and prosecuting this matter, by *check, cashier's check* or *certified check* or *money order* made payable to "**Nevada State Board of Pharmacy**," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521 within thirty (30) days of the effective date of this Order.

15. Any failure by Wal-Mart #10-4239 to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing Wal-Mart #10-4239 to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by Wal-Mart #10-4239, the Board may impose additional discipline upon Wal-Mart #10-4239 consistent with the provisions of NRS Chapter 453 and/or Chapter 639.

16. The Board's General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on March 6, 2024. Wal-Mart #10-4239 will appear through its representatives and/or counsel at the meeting to answer questions from the Board Members. The Board Members may discuss and deliberate regarding this Stipulation, even if Wal-Mart #10-4239 is not present at the meeting.

17. The Board has discretion to accept this Stipulation, but it is not obligated to do so.

18. If the Board rejects any part or all of this Stipulation, and unless the parties reach an alternative agreement on the record which is approved by the Board, the parties agree that a full hearing on the merits of this matter may be held at the next regularly scheduled Board meeting in Las Vegas. The terms and admissions herein may not be used, relied upon, or referred to by any party during any such hearing on the merits of this matter.

19. Subject to the approval of this Stipulation by the Board, the Board and Wal-Mart #10-4239 agree to release each other from any and all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Wal-Mart #10-4239 has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and has freely and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

NOTICE OF INTENDED ACTION AND ACCUSATION

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and/or NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent CVS Pharmacy #8821 ("CVS #8821"), because at the time of the events alleged herein, Respondent CVS #8821 held Pharmacy License No. PH01095, issued by the Board, pursuant to NRS 639.230, on November 14, 1996, which authorized Respondent CVS #8821 to operate a pharmacy within the State of Nevada.

2. The Board has personal jurisdiction over Respondent Eugen Bondoc Naval, RPh. ("Naval"), because at the time of the events alleged herein, Respondent Naval held Certificate of Registration No. 19578, issued by the Board, pursuant to NRS 639.127, on May 23, 2017, which authorized Respondent Naval to practice pharmacy in the State of Nevada.

3. The Board has subject matter jurisdiction over this matter because at the time of the events alleged herein Respondent Naval was engaged in the practice of pharmacy at the pharmacy operated by Respondent CVS #8821 in the State of Nevada.

\\\

\\\

FACTUAL ALLEGATIONS

4. On or about April 5, 2023, the Board received a complaint concerning the pharmaceutical technician ratio CVS #8821.

5. Respondent CVS #8821 operated a pharmacy at 8320 W. Cheyenne Avenue, Las Vegas, Nevada 89129 at the time of the events alleged herein.

6. Respondent Eugene Naval, RPh., was employed as the managing pharmacist at CVS #8821 at the time of the events alleged herein.

7. On or about April 19, 2023, the Board's inspector conducted a site visit and inspection of Respondent CVS #8821.

8. During the April 19, 2023, inspection of Respondent CVS #8821's pharmacy, the Board's inspector observed Respondent Eugene Naval working in the pharmacy as the managing pharmacist along with five (5) additional people who identified themselves as pharmaceutical technicians and who were signed in as pharmacy technicians.

9. Respondent CVS #8821's sign in logs reflected a pharmacist to pharmaceutical technician ratio for exceeding one to three on the following dates:

i. April 18, 2023 – one pharmacist to four pharmaceutical technicians;

ii. April 17, 2023 – one pharmacist to four pharmaceutical technicians;

iii. April 14, 2023 – one pharmacist to four pharmaceutical technicians; and

iv. April 10, 2023 – one pharmacist to four pharmaceutical technicians.

10. Respondent CVS #8821 conducts pharmaceutical technician employee scheduling through a computerized system which is pre-populated by CVS corporate based upon anticipated customer demand.

11. On at least five dates, Respondent CVS #8821 exceeded Nevada's pharmacist to pharmaceutical technician supervision ratio of one to three.

12. On at least five dates, Respondent Naval failed to supervise the pharmaceutical technician ratio at CVS #8821.

APPLICABLE LAW

15. A pharmacist working in a dispensing pharmacy may supervise no more than three pharmaceutical technicians. NRS 639.1371(1); NAC 639.250(2).

16. The Board may suspend or revoke any certificate, license, registration or permit pursuant to NRS 639.210(4) upon a finding that the holder performed his or her duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

17. The Board may suspend or revoke any certificate, license, registration or permit pursuant to NRS 639.210(12) upon the finding that the holder, violated, attempted to violate, assisted or abetted in the violation of or conspired to violate any of the provisions of this chapter or any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy, or has knowingly permitted, allowed, condoned or failed to report a violation of any of the provisions of this chapter or any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

18. The Board may suspend or revoke any certificate, license, registration or permit pursuant to NRS 639.210(15) upon the finding that the holder, as a managing pharmacist, violated any provision of law or regulation concerning recordkeeping or inventory in a store over which he or she presides, or has knowingly allowed a violation of any provision of NRS Chapter 639 or other state or federal laws or regulations relating to the practice of pharmacy by personnel of the pharmacy under his or her supervision.

19. Each pharmacy must be managed by a registered pharmacist, approved by the Board, who is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. NRS 639.220(1).

20. Any violation of NRS Chapter 639 by a managing pharmacist or by personnel of the pharmacy under the supervision of the managing pharmacist is cause for suspension or revocation of the license of the pharmacy by the Board. NRS 639.230(5).

21. The owner of any business or facility licensed, certified, or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(2).

22. The owner of a pharmacy, the managing pharmacist of the pharmacy and the registered pharmacist on duty are responsible for the acts and omissions of pharmaceutical technicians and other personnel who are not pharmacists working in or for the pharmacy, including, but not limited to, any errors committed or unauthorized work performed by such personnel, if the owner, managing pharmacist or registered pharmacist knew or reasonably should have known of the act or omission. NAC 639.702.

23. The Board may impose a fine upon the holder of a certificate, license, or permit issued by the Board for up to $10,000.00 for each violation. NRS 639.255(3).

COUNT ONE

Exceeding the Supervising Pharmacist to Pharmaceutical Technician Ratio
(Respondents Naval)

24. Respondent Naval, as the managing pharmacist of CVS #8821 at the time of the events alleged herein, violated NAC 639.250(2) by exceeding the allowable pharmacist to pharmaceutical technician ratio on five (5) dates. Pursuant to NRS 639.220(1) and NAC 639.702, Respondent Naval is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy. Respondent Navel is therefore subject to discipline pursuant to NRS 639.210(12); and/or NRS 639.210(15); and/or NRS 639.255(3).

\\\

\\\

\\\

COUNT TWO

Exceeding the Supervising Pharmacist to Pharmaceutical Technician Ratio
(Respondents CVS #8821)

25. Respondent CVS #8821 violated NAC 639.250(2) by scheduling employees in excess of the allowable pharmacist to pharmaceutical technician ratio on five (5) dates. Respondent CVS #8821 is therefore subject to discipline pursuant to NRS 639.210(12); and/or NRS 639.210(15); and/or NRS 639.255(3). Pursuant to NRS 639.230(5), NAC 639.702 and NAC 639.945(2), CVS #8821 is also subject to discipline, pursuant to NRS 639.210(12); and/or NRS 639.210(15); and/or NRS 639.255(3), as the pharmacy owner responsible for the acts of its managing pharmacist and the employees supervised thereby.

COUNT THREE

Unprofessional Conduct
(Respondents Naval)

26. Respondent Naval, as the managing pharmacist of CVS #8821 at the time of the events alleged herein, is responsible, pursuant to NRS 639.220(1), and/or NAC 639.702 for allowing the pharmacist to pharmaceutical technician ratio to exceed one to three in violation of NAC 639.250 on five dates. This constituted unprofessional conduct, as defined in NAC 639.945(1)(i). Respondent Naval is therefore subject to discipline pursuant to NRS 639.210(4) and/or NRS 639.255(3).

COUNT FOUR

Unprofessional Conduct
(Respondents CVS #8821)

27. Respondent CVS #8821, engaged in unprofessional conduct by scheduling employees in excess of the allowable pharmacist to pharmaceutical technician ratio on five (5) dates. This constituted unprofessional conduct, as defined in NAC 639.945(1)(i) and Respondent CVS #8821 is therefore subject to discipline pursuant to NRS 639.210(4) and/or NRS 639.255(3). Pursuant to NRS 639.230(5), NAC 639.702 and NAC 639.945(2), CVS #8821 is also subject to discipline, pursuant to NRS 639.210(4) and/or NRS 639.255(3), as the pharmacy owner responsible for the acts of its managing pharmacist and the employees supervised thereby.

WHEREFORE, it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

Signed this 16th day of November 2023.

Certificate of Registration No. 19578,

Respondents.

Case Nos. 23-126-PH-S
23-126-RPH-S

NOTICE OF INTENDED ACTION AND ACCUSATION

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and/or NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent CVS Pharmacy #8821 ("CVS #8821"), because at the time of the events alleged herein, Respondent CVS #8821 held Pharmacy License No. PH01095, issued by the Board, pursuant to NRS 639.230, on November 14, 1996, which authorized Respondent CVS #8821 to operate a pharmacy within the State of Nevada.

2. The Board has personal jurisdiction over Respondent Eugen Bondoc Naval, RPh. ("Naval"), because at the time of the events alleged herein, Respondent Naval held Certificate of Registration No. 19578, issued by the Board, pursuant to NRS 639.127, on May 23, 2017, which authorized Respondent Naval to practice pharmacy in the State of Nevada.

3. The Board has subject matter jurisdiction over this matter because at the time of the events alleged herein Respondent Naval was engaged in the practice of pharmacy at the pharmacy operated by Respondent CVS #8821 in the State of Nevada.

\\\

\\\

FACTUAL ALLEGATIONS

4. On or about April 5, 2023, the Board received a complaint concerning the pharmaceutical technician ratio CVS #8821.

5. Respondent CVS #8821 operated a pharmacy at 8320 W. Cheyenne Avenue, Las Vegas, Nevada 89129 at the time of the events alleged herein.

6. Respondent Eugene Naval, RPh., was employed as the managing pharmacist at CVS #8821 at the time of the events alleged herein.

7. On or about April 19, 2023, the Board's inspector conducted a site visit and inspection of Respondent CVS #8821.

8. During the April 19, 2023, inspection of Respondent CVS #8821's pharmacy, the Board's inspector observed Respondent Eugene Naval working in the pharmacy as the managing pharmacist along with five (5) additional people who identified themselves as pharmaceutical technicians and who were signed in as pharmacy technicians.

9. Respondent CVS #8821's sign in logs reflected a pharmacist to pharmaceutical technician ratio for exceeding one to three on the following dates:

i. April 18, 2023 – one pharmacist to four pharmaceutical technicians;

ii. April 17, 2023 – one pharmacist to four pharmaceutical technicians;

iii. April 14, 2023 – one pharmacist to four pharmaceutical technicians; and

iv. April 10, 2023 – one pharmacist to four pharmaceutical technicians.

10. Respondent CVS #8821 conducts pharmaceutical technician employee scheduling through a computerized system which is pre-populated by CVS corporate based upon anticipated customer demand.

11. On at least five dates, Respondent CVS #8821 exceeded Nevada's pharmacist to pharmaceutical technician supervision ratio of one to three.

12. On at least five dates, Respondent Naval failed to supervise the pharmaceutical technician ratio at CVS #8821.

APPLICABLE LAW

15. A pharmacist working in a dispensing pharmacy may supervise no more than three pharmaceutical technicians. NRS 639.1371(1); NAC 639.250(2).

16. The Board may suspend or revoke any certificate, license, registration or permit pursuant to NRS 639.210(4) upon a finding that the holder performed his or her duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

17. The Board may suspend or revoke any certificate, license, registration or permit pursuant to NRS 639.210(12) upon the finding that the holder, violated, attempted to violate, assisted or abetted in the violation of or conspired to violate any of the provisions of this chapter or any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy, or has knowingly permitted, allowed, condoned or failed to report a violation of any of the provisions of this chapter or any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

18. The Board may suspend or revoke any certificate, license, registration or permit pursuant to NRS 639.210(15) upon the finding that the holder, as a managing pharmacist, violated any provision of law or regulation concerning recordkeeping or inventory in a store over which he or she presides, or has knowingly allowed a violation of any provision of NRS Chapter 639 or other state or federal laws or regulations relating to the practice of pharmacy by personnel of the pharmacy under his or her supervision.

19. Each pharmacy must be managed by a registered pharmacist, approved by the Board, who is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. NRS 639.220(1).

20. Any violation of NRS Chapter 639 by a managing pharmacist or by personnel of the pharmacy under the supervision of the managing pharmacist is cause for suspension or revocation of the license of the pharmacy by the Board. NRS 639.230(5).

21. The owner of any business or facility licensed, certified, or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(2).

22. The owner of a pharmacy, the managing pharmacist of the pharmacy and the registered pharmacist on duty are responsible for the acts and omissions of pharmaceutical technicians and other personnel who are not pharmacists working in or for the pharmacy, including, but not limited to, any errors committed or unauthorized work performed by such personnel, if the owner, managing pharmacist or registered pharmacist knew or reasonably should have known of the act or omission. NAC 639.702.

23. The Board may impose a fine upon the holder of a certificate, license, or permit issued by the Board for up to $10,000.00 for each violation. NRS 639.255(3).

COUNT ONE

Exceeding the Supervising Pharmacist to Pharmaceutical Technician Ratio
(Respondents Naval)

24. Respondent Naval, as the managing pharmacist of CVS #8821 at the time of the events alleged herein, violated NAC 639.250(2) by exceeding the allowable pharmacist to pharmaceutical technician ratio on five (5) dates. Pursuant to NRS 639.220(1) and NAC 639.702, Respondent Naval is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy. Respondent Navel is therefore subject to discipline pursuant to NRS 639.210(12); and/or NRS 639.210(15); and/or NRS 639.255(3).

\\\

\\\

\\\

COUNT TWO

Exceeding the Supervising Pharmacist to Pharmaceutical Technician Ratio
(Respondents CVS #8821)

25. Respondent CVS #8821 violated NAC 639.250(2) by scheduling employees in excess of the allowable pharmacist to pharmaceutical technician ratio on five (5) dates. Respondent CVS #8821 is therefore subject to discipline pursuant to NRS 639.210(12); and/or NRS 639.210(15); and/or NRS 639.255(3). Pursuant to NRS 639.230(5), NAC 639.702 and NAC 639.945(2), CVS #8821 is also subject to discipline, pursuant to NRS 639.210(12); and/or NRS 639.210(15); and/or NRS 639.255(3), as the pharmacy owner responsible for the acts of its managing pharmacist and the employees supervised thereby.

COUNT THREE

Unprofessional Conduct
(Respondents Naval)

26. Respondent Naval, as the managing pharmacist of CVS #8821 at the time of the events alleged herein, is responsible, pursuant to NRS 639.220(1), and/or NAC 639.702 for allowing the pharmacist to pharmaceutical technician ratio to exceed one to three in violation of NAC 639.250 on five dates. This constituted unprofessional conduct, as defined in NAC 639.945(1)(i). Respondent Naval is therefore subject to discipline pursuant to NRS 639.210(4) and/or NRS 639.255(3).

COUNT FOUR

Unprofessional Conduct
(Respondents CVS #8821)

27. Respondent CVS #8821, engaged in unprofessional conduct by scheduling employees in excess of the allowable pharmacist to pharmaceutical technician ratio on five (5) dates. This constituted unprofessional conduct, as defined in NAC 639.945(1)(i) and Respondent CVS #8821 is therefore subject to discipline pursuant to NRS 639.210(4) and/or NRS 639.255(3). Pursuant to NRS 639.230(5), NAC 639.702 and NAC 639.945(2), CVS #8821 is also subject to discipline, pursuant to NRS 639.210(4) and/or NRS 639.255(3), as the pharmacy owner responsible for the acts of its managing pharmacist and the employees supervised thereby.

WHEREFORE, it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

Signed this 16th day of November 2023.

1. Additional Insured by Contract, Agreement or Permit

The following is added to **SECTION II – WHO IS AN INSURED:**

Additional Insured by Contract, Agreement or Permit

a. Any person or organization with whom you agreed in a written contract, written agreement or permit that such person or organization to add an additional insured on your policy is an additional insured only with respect to liability for "bodily injury", "property damage", or "personal and advertising injury" caused, in whole or in part, by your acts or omissions, or the acts or omissions of those acting on your behalf, but only with respect to:

(1) "Your work" for the additional insured(s) designated in the contract, agreement or permit;

(2) Premises you own, rent, lease or occupy; or

(3) Your maintenance, operation or use of equipment leased to you.

b. The insurance afforded to such additional insured described above:

(1) Only applies to the extent permitted by law; and

(2) Will not be broader than the insurance which you are required by the contract, agreement or permit to provide for such additional insured.

 Includes copyrighted material of Insurance Services Office, Inc., with its permission.

(3) Applies on a primary basis if that is required by the written contract, written agreement or permit.

(4) Will not be broader than coverage provided to any other insured.

(5) Does not apply if the "bodily injury", "property damage" or "personal and advertising injury" is otherwise excluded from coverage under this Coverage Part, including any endorsements thereto.

c. This provision does not apply:

(1) Unless the written contract or written agreement was executed or permit was issued prior to the "bodily injury", "property damage", or "personal injury and advertising injury".

(2) To any person or organization included as an insured by another endorsement issued by us and made part of this Coverage Part.

(3) To any lessor of equipment:

(a) After the equipment lease expires; or

(b) If the "bodily injury", "property damage", "personal and advertising injury" arises out of sole negligence of the lessor

(4) To any:

(a) Owners or other interests from. whom land has been leased which takes place after the lease for the land expires; or

(b) Managers or lessors of premises if:

(i) The occurrence takes place after you cease to be a tenant in that premises; or

(ii) The "bodily injury", "property damage", "personal injury" or "advertising injury" arises out of structural alterations, new construction or demolition operations performed by or on behalf of the manager or lessor.

(5) To "bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of or the failure to render any professional services.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage" or the offense which caused the "personal and advertising injury" involved the rendering of or failure to render any professional services by or for you.

d. With respect to the insurance afforded to these additional insureds, the following is added to **SECTION III – LIMITS OF INSURANCE**:

The most we will pay on behalf of the additional insured for a covered claim is the lesser of the amount of insurance:

1. Required by the contract, agreement or permit described in Paragraph **a.**; or

2. Available under the applicable Limits of Insurance shown in the Declarations.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

2. Additional Insured – Primary and Non-Contributory

The following is added to **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS,** Paragraph **4. Other insurance:**

Additional Insured – Primary and Non-Contributory

If you agree in a written contract, written agreement or permit that the insurance provided to any person or organization included as an Additional Insured under **SECTION II – WHO IS AN INSURED**, is primary and non-contributory, the following applies:

If other valid and collectible insurance is available to the Additional Insured for a loss covered under Coverages **A** or **B** of this Coverage Part, our obligations are limited as follows:

a. Primary Insurance

This insurance is primary to other insurance that is available to the Additional Insured which covers the

Additional Insured as a Named Insured. We will not seek contribution from any other insurance available to the Additional Insured except:

(1) For the sole negligence of the Additional Insured;

(2) When the Additional Insured is an Additional Insured under another primary liability policy; or

(3) when **b.** below applies.

If this insurance is primary, our obligations are not affected unless any of the other insurance is also primary. Then, we will share with all that other insurance by the method described in **c.** below.

 Includes copyrighted material of Insurance Services Office, Inc., with its permission.

b. Excess Insurance

(1) This insurance is excess over any of the other insurance, whether primary, excess, contingent or on any other basis:

(a) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";

(b) That is Fire insurance for premises rented to the Additional Insured or temporarily occupied by the Additional Insured with permission of the owner;

(c) That is insurance purchased by the Additional Insured to cover the Additional Insured's liability as a tenant for "property damage" to premises rented to the Additional Insured or temporarily occupied by the Additional with permission of the owner; or

(d) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to Exclusion **g.** of **SECTION I – COVERAGE A – BODILY INURY AND PROPERTY DAMAGE LIABILITY.**

(2) When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend the insured against any "suit" if any other insurer has a duty to defend the insured against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

(3) When this insurance is excess over other Insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

(a) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and

(b) The total of all deductible and self insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method Of Sharing

If all of the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first. If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers

3. Blanket Waiver of Subrogation

The following is added to **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS,** Paragraph **8. Transfer Of Rights Of Recovery Against Others To Us**:

We waive any right of recovery we may have against any person or organization with whom you have a written contract that requires such waiver because of payments we make for damage under this coverage form. The damage must arise out of your activities under a written contract with that person or organization. This waiver applies only to the extent that subrogation is waived under a written contract executed prior to the "occurrence" or offense giving rise to such payments.

4. Bodily Injury Redefined

SECTION V – DEFINITIONS, Definition **3.** "bodily injury" is replaced by the following:

3. "Bodily injury" means bodily injury, sickness or disease sustained by a person including death resulting from any of these at any time. "Bodily injury" includes mental anguish or other mental injury resulting from "bodily injury".

5. Broad Form Property Damage – Borrowed Equipment, Customers Goods, Use of Elevators

a. SECTION I – COVERAGES, COVERAGE A – BODILIY INJURY AND PROPERTY DAMAGE LIABILITY, Paragraph **2. Exclusions** subparagraph **j.** is amended as follows:

Paragraph **(4)** does not apply to "property damage" to borrowed equipment while at a jobsite and not being used to perform operations.

Paragraphs **(3), (4)** and **(6)** do not apply to "property damage" to "customers goods" while on your premises nor do they apply to the use of elevators at premises you own, rent, lease or occupy.

b. The following is added to **SECTION V – DEFINTIONS:**

24. "Customers goods" means property of your customer on your premises for the purpose of being:

 Includes copyrighted material of Insurance Services Office, Inc., with its permission.

a. worked on; or

b. used in your manufacturing process.

c. The insurance afforded under this provision is excess over any other valid and collectible property insurance (including deductible) available to the insured whether primary, excess, contingent

6. Knowledge of Occurrence

The following is added to **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS,** Paragraph **2. Duties in the Event of Occurrence, Offense, Claim or Suit:**

e. Notice of an "occurrence", offense, claim or "suit" will be considered knowledge of the insured if reported to an individual named insured, partner, executive officer or an "employee" designated by you to give us such a notice.

7. Liberalization Clause

The following is added to **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS:**

Liberalization Clause

If we adopt any revision that would broaden the coverage under this Coverage Form without additional premium, within 45 days prior to or during the policy period, the broadened coverage will immediately apply to this Coverage Part.

8. Medical Payments – Extended Reporting Period

a. **SECTION I – COVERAGES, COVERAGE C – MEDICAL PAYMENTS,** Paragraph **1. Insuring Agreement,** subparagraph **a.(3)(b)** is replaced by the following:

(b) The expenses are incurred and reported to us within three years of the date of the accident; and

b. This coverage does not apply if **COVERAGE C – MEDICAL PAYMENTS** is excluded either by the provisions of the Coverage Part or by endorsement.

9. Newly Acquired Or Formed Organizations

SECTION II – WHO IS AN INSURED, Paragraph **3.a.** is replaced by the following:

a. Coverage under this provision is afforded until the end of the policy period.

10. Non-Owned Watercraft

SECTION I – COVERAGES, COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY, Paragraph **2. Exclusions,** subparagraph **g.(2)** is replaced by the following:

g. Aircraft, Auto Or Watercraft

(2) A watercraft you do not own that is:

(a) Less than 51 feet long; and

(b) Not being used to carry persons or property for a charge;

This provision applies to any person who, with your consent, either uses or is responsible for the use of a watercraft.

11. Supplementary Payments Increased Limits

SECTION I – SUPPLEMENTARY PAYMENTS COVERAGES A AND B, Paragraphs **1.b.** and **1.d.** are replaced by the following:

1.b. Up to $2,500 for cost of bail bonds required because of accidents or traffic law violations arising out of the use of any vehicle to which the Bodily Injury Liability Coverage applies. We do not have to furnish these bonds.

1.d. All reasonable expenses incurred by the insured at our request to assist us in the investigation or defense of the claim or "suit", including actual loss of earnings up to $1000 a day because of time off from work.

12. Unintentional Failure to Disclose Hazards

The following is added to **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS,** Paragraph **6. Representations:**

We will not disclaim coverage under this Coverage Part if you fail to disclose all hazards existing as of the inception date of the policy provided such failure is not intentional.

13. Unintentional Failure to Notify

The following is added to **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS,** Paragraph **2. Duties in the Event of Occurrence, Offense, Claim or Suit:**

Your rights afforded under this policy shall not be prejudiced if you fail to give us notice of an "occurrence", offense, claim or "suit", solely due to your reasonable and documented belief that the "bodily injury" or "property damage" is not covered under this policy.

ALL OTHER TERMS, CONDITIONS, AND EXCLUSIONS REMAIN UNCHANGED.

Initial each statement below to indicate you have read and agree with the following:

WS I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

WS I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

WS I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

WS I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

WS I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, Sanjay Veerkar hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the CEO (title) for Trinity Pharmacy (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

Managing Pharmacist Name: Zorah Bernabe Pharmacist Registration #: 15265

Pharmacy Name: Trinity Pharmacy

Initial each statement below to indicate you have read and agree with the following:

ZB I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

ZB I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

ZB I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

ZB I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

ZB I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

5. If yes, describe the additional testing performed on your products to validate the extended BUD:

6. What laboratory performs this additional testing?

Name: _____

Address: _____

City: _____ State: _____ Zip: _____

Telephone: _____

7. What is your procedure for visual inspection of compounded sterile products?
At the completion of compounding, before release and dispensing, the CSP must be visually inspected to determine whether the physical appearance of the CSP is as expected (e.g., it is inspected for evidence of inappropriate visible particulates or other foreign matter, discoloration, or other defects) using a black and then white background.
The inspection also must include a visual inspection of container – closure integrity

When a CSP will not be released or dispensed on the day of preparation, a visual inspection must be conducted immediately before it is released or dispensed to make sure that the CSP does not exhibit any defects, such as precipitation, cloudiness, or leakage, which could develop during storage.

8. How often do you perform glove fingertip and medial fill testing?
Upon starting with our pharmacy (prior to any compounding) and then every 6 months

9. What is your policy if an employee fails a glove fingertip or media-fill test?
Personel will be retrained via competency modules and direct coaching/observation. A PDSA (plan/do/study/act) form will be filled out and overseen by the Performance Improvement Committee. The person will also be retested to assure a passing glove fingertip and/or media-fill test.

10. Describe your initial and annual training program for all personnel performing sterile compounding:
Initially a didactic training program must be completed. This program comes directly from coporate Vital Care and includes interactive learning on areas such as gowing, garbing, cleaning, disinfection, aseptic technicque and information on general engineering controls and environments.
Upon completion of the didactic portion a candidate would then go through a hands-on competency checklist that would include all areas mentioned above. A candidate will also need to complete their own gloved fingertip test and media fill test.
All compounding personel are required to completed the above mentioned training annually.

11. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:

General cleaning practices: dirtiest to cleanest, unidirectional and overlapping wipes

Daily cleaning tasks completed with Preempt Plus in the ante and buffer rooms: pass through, floors, work surfaces
Monthly cleaning tasks completed with Peridox (sporicidal agent) in the ante and buffer rooms: pass through, floors, work surfaces, ceilings, walls, storage shelving and bins

Primary engineering control: interior is cleaned daily with sterile TB1-3300 follwed by 70% sterile IPA to remove residue and then monthly with sterile Peridox followed by 70% sterile IPA. Work surface within the hood is cleaned every 30 minutes with 70% sterile IPA

12. Who performs the sterile compounding process at your facility?
Nicholas Coulter

13. Who is responsible and accountable for the sterile compounding process at your facility?
Nicholas Coulter with direct support available from Vital Care corporate

14. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?
We are using Kodiac Coolers. Their service provides packouts products and instructions. They perform summer and winter validations for their products to ensure temperatures are controlled in their products throughout the year.

BEFORE THE MINNESOTA

BOARD OF PHARMACY

In the Matter of
Polaris Pharmacy Services of Minnesota, LLC
License No. 265679

STIPULATION AND CONSENT ORDER

STIPULATION

Polaris Pharmacy Services of Minnesota, LLC ("Licensee") and the Minnesota Board of Pharmacy Committee on Professional Standards ("Committee") agree the above-referenced matter may be resolved without trial of any issue or fact as follows:

I.

JURISDICTION

1. The Minnesota Board of Pharmacy ("Board") is authorized pursuant to Minnesota Statutes chapter 151 to license and regulate pharmacies and to take disciplinary action as appropriate.

2. Licensee holds a pharmacy license from the Board and is subject to the jurisdiction of the Board with respect to the matters referred to in this Stipulation and Consent Order.

II.

CONFERENCE

3. On August 18, 2021, Licensee met with the Committee to discuss the allegations described in a Notice of Conference. Board members Kendra Metz and Stuart Williams comprised the Committee. The Board's Executive Director, Cody Wiberg; Deputy Director, Jennell Bilek; and staff attorney, Brian Park, were also present. Alex Mountain, Assistant Attorney General, represented the Committee. Brian A. Dillon, of Lathrop GPM LLP, represented licensee and was

accompanied by Licensee's Pharmacist-in-Charge, Neil Uitto; Polaris' Chief Operating Officer, Steven Baker; and Polaris' Executive Vice President of Operations, Todd Zisek.

III.

FACTS

4. On or about November 1, 2018, the Board licensed Licensee as a pharmacy in Minnesota.

5. Licensee is a closed door, long-term care ("LTC") pharmacy that prepares sterile and non-sterile compounded drug products for dispensing.

6. Licensee has two affiliated pharmacy locations in Florida, both licensed by the Board as follows:

a. On or about July 8, 2016, the Board issued Polaris Rx, located in Fort Lauderdale, Florida ("Pharmacy 1"), non-resident pharmacy license #265101.

b. On or about December 5, 2018, the Board issued Polaris Pharmacy Services of Tampa, located in Tampa, Florida ("Pharmacy 2"), non-resident pharmacy license #265721.

7. On or about March 19, 2019, two Board Surveyors visited Licensee for the purpose of completing a routine inspection, met with the pharmacist-in-charge, and identified the following:

a. Seven pharmacy technicians registered by the Board and employed by Pharmacy 1 and Pharmacy 2, were living in Florida but listed their current physical address as Licensee's address in Minnesota.

b. During the inspection, the Board Surveyors cited Licensee for engaging in central services with Pharmacy 1 and Pharmacy 2, by allowing pharmacy technicians working in Florida to remotely perform data entry of prescription drug information for Minnesota patients into

Licensee's Frameworks LTC prescription processing and dispensing software system ("FW-LTC"), followed by verification of the data entry by Licensee's pharmacist staff members working in Minnesota ("Central Service").

c. Prior to beginning Central Service, Licensee failed to submit a copy of its policy and procedure manual and failed to obtain Board approval to participate in a Central Service arrangement with Pharmacy 1 and Pharmacy 2.

d. Licensee disputes that it was operating a "central services arrangement" as it understands that term to be commonly used within the industry. Licensee maintains that its use of remote order entry processes was necessary under the circumstances, due to a backlog of prescription orders that had accumulated due in large part to Licensee's inability to recruit and retain sufficient staff in Minnesota during its early months of operating in the State. Nonetheless, for purposes of this stipulation, Licensee acknowledges and understands the March 2019 citation.

e. Licensee's nonsterile compounding records failed to include an assigned beyond use date ("BUD") for the final compounded drug product, or included a BUD exceeding those recommended within United States Pharmacopeia, General Chapter 795 for Pharmaceutical Compounding - Nonsterile Preparations ("USP 795"), without documentation of a reference for literature or a stability study applicable to the specific drug product allowing for extension of the BUD. Licensee avers that it responded to these findings by providing education to its staff to ensure compounded components included lot numbers, expiration dates, and BUDs, along with noting the supporting reference sources. Licensee states that it is not aware of any other issues regarding its compliance with BUD requirements since 2019.

8. On or about March 20, 2019, the Board received a complaint alleging that Licensee was utilizing pharmacy technicians from outside of Minnesota to enter prescription data. On or about April 9, 2019, a Board Surveyor reminded Licensee, after expanding its operations to 24-

hours, that pharmacy technicians working outside of its Minnesota location could not be used to help with covering the additional hours that the pharmacy is open, due to the lack of Board approved policies for Central Services with Pharmacy 1 and Pharmacy 2. As noted above, Licensee disputes that it was operating a "central services arrangement" as it understands that term to be commonly used within the industry. Licensee maintains that its use of remote order entry processes was necessary under the circumstances, due to a backlog of prescription orders that had accumulated due in large part to Licensee's inability to recruit and retain sufficient staff in Minnesota during its early months of operating in the State. Nonetheless, for purposes of this stipulation, Licensee acknowledges and understands the Board's concern regarding the use of out-of-state technicians to enter prescription data.

9. On June 11, 2019, two Board Surveyors visited Licensee for the purpose of an investigation, met with representatives of the Licensee, and identified the following:

a. The pharmacist-in-charge stated that, as far as she was aware, Pharmacy 1 and Pharmacy 2, both located in Florida, were the only two locations providing Central Services for Licensee.

b. Licensee utilized a company named IND Consulting ("IND") for emergency kit ("E-kit") billing and entry of patient information when pharmacy services are initiated in a new LTC facility. IND's website states its staff are able to provide services including, but not limited to, billing services, medical record entry, and data entry solutions, with guaranteed staffing in fully operational data centers that are open 24 hours a day and 365 days a year, located within or outside of the United States across the globe in Mexico, India, the Philippines, and Florida. During the conference with the Committee, Licensee admitted that IND consulting had been used to enter prescription data for prescription drug orders ultimately dispensed by its

Minnesota pharmacy. Licensee cannot definitively state where individuals affiliated with IND were licensed or physically located when entering such data.

c. At the end of the visit, the Board Surveyor's provided an Investigative Report requesting additional information and reminding Licensee again that it cannot engage in Central Services without Board approval.

10. On February 12, 2020, two Board Surveyors visited Licensee for the purposes of an investigation, met with representatives of Licensee, and identified the following:

a. After arriving at 4:36 a.m., one of the Board Surveyors observed two of Licensee's pharmacy technicians were allowed badge access to the pharmacy entrance prior to the arrival of RPh 3 at around 5:55 a.m. One technician was found to be working in the sterile compounding area and another was logged into Licensee's computer. A representative of Licensee later stated that three pharmacy technicians had been given keys and passcodes to access Licensee's pharmacy. During its conference with the Committee, Licensee admitted that this allegation is true, but stated that senior management took corrective action upon learning of the situation, including immediately revoking the access code of all non-pharmacists and physically rekeying all doors within the pharmacy. Licensees avers that periodic security assessments confirm that no unauthorized persons have had access to the pharmacy since February 2020.

b. Six pharmacy technicians, including the IV pharmacy technician, were present in the "filling area" with only one pharmacist, who was the second pharmacist to arrive. Another pharmacist was in an "order entry" area, a distinctly different area separated by a wall and door. The Board Surveyors were told that additional pharmacy technicians were scheduled that morning to perform non-technician "staging or stocking" duties. However, the Board Surveyors observed that the additional pharmacy technicians that were supposedly scheduled to perform non-technician duties, were filling orders in the "filling area" to be checked by the one pharmacist.

Licensee avers that is does not have sufficient information to admit or deny the Board surveyors' observations, but that company policy requires compliance with required technician-to-pharmacist ratios.

IV.

LAWS

11. Licensee acknowledges the conduct described in section III above constitutes a violation of Minn. Stat. § 151.071, subd. 2(7), and warrants the disciplinary action described below.

V.

DISCIPLINARY ACTION

The parties agree the Board may take the following disciplinary action and require compliance with the following terms:

12. The Board **REPRIMANDS** Licensee and imposes a **CIVIL PENALTY** in the amount of $50,000 for the conduct described in section III above. The civil penalty shall be paid by cashier's check or money order made payable to the Minnesota Board of Pharmacy, c/o Cody Wiberg, Executive Director, 2829 University Avenue S.E., Suite 530, Minneapolis, Minnesota 55414, within 60 days of the date of entry of this Order.

13. The Board places the following **CONDITION** on Licensee's License: every six months, for a period of three years, Licensee's CEO must certify to the Board's Executive Director that Licensee's licensed pharmacies that provide services to Minnesota residents are in full compliance with all applicable Minnesota statutes and rules.

VI.

CONSEQUENCES FOR NONCOMPLIANCE OR ADDITIONAL VIOLATIONS

14. If Licensee fails to comply with or violates this Stipulation and Consent Order, the Committee may, in its discretion, seek additional discipline either by initiating a contested case proceeding pursuant to Minnesota Statutes chapter 14 or by bringing the matter directly to the Board pursuant to the following procedure:

a. The Committee shall schedule a hearing before the Board. At least 20 days before the hearing, the Committee must mail Licensee a notice of the violation(s) alleged by the Committee. In addition, the notice must designate the time and place of the hearing. Within ten days after the notice is mailed, Licensee shall submit a written response to the allegations. If Licensee does not submit a timely response to the Board, the allegations may be deemed admitted.

b. The Committee, in its discretion, may schedule a conference with Licensee prior to the hearing before the Board to discuss the allegations and to attempt to resolve the allegations through agreement.

c. Prior to the hearing before the Board, the Committee and Licensee may submit affidavits and written argument in support of their positions. At the hearing, the Committee and Licensee may present oral argument. Argument may not refer to matters outside the record. The evidentiary record must be limited to the affidavits submitted prior to the hearing and this Stipulation and Consent Order. The Committee will have the burden of proving by a preponderance of the evidence that a violation has occurred. If Licensee has failed to submit a timely response to the allegations, Licensee may not contest the allegations, but may present argument concerning the appropriateness of additional discipline. Pursuant to this process, Licensee waives a hearing before an administrative law judge, discovery, cross-examination of

adverse witnesses, and other procedures governing hearings pursuant to Minnesota Statutes chapter 14.

d. Licensee's correction of a violation before the conference, hearing, or meeting of the Board may be taken into account by the Board but does not limit the Board's authority to impose discipline for the violation. A decision by the Committee not to seek discipline when it first learns of a violation does not waive the Committee's right to later seek discipline for that violation, either alone or in combination with other violations, at any time while Licensee's license is in a suspended status.

e. Following the hearing, the Board will deliberate confidentially. If the allegations are not proved, the Board must dismiss the allegations. If a violation is proved, the Board may impose additional discipline, including conditions or limitations on Licensee's license, a period of suspension, conditions of reinstatement, or revocation of Licensee's license.

f. Nothing herein limits the Committee's or the Board's right to temporarily suspend Licensee's license as provided in Minnesota Statutes chapters 151 and 214, based on a violation of this Stipulation and Consent Order or based on conduct of Licensee not specifically referred to herein.

VII. ADDITIONAL INFORMATION

15. Licensee waives the contested case hearing and all other procedures before the Board to which Licensee may be entitled under the Minnesota and United States constitutions, statutes, or rules.

16. Licensee waives any claims against the Board, the Minnesota Attorney General, the State of Minnesota, and their agents, employees, and representatives related to the

investigation of the conduct herein, or the negotiation or execution of this Stipulation and Consent Order, which may otherwise be available to Licensee.

17. This Stipulation and Consent Order, the files, records, and proceedings associated with this matter shall constitute the entire record and may be reviewed by the Board in its consideration of this matter.

18. Either party may seek enforcement of this Stipulation and Consent Order in any appropriate civil court.

19. Licensee has read, understands, and agrees to this Stipulation and Consent Order and has voluntarily signed the Stipulation and Consent Order. Licensee is aware this Stipulation and Consent Order must be approved by the Board before it goes into effect. The Board may either approve the Stipulation and Consent Order as proposed, approve it subject to specified change, or reject it. If the changes are acceptable to Licensee, the Stipulation and Consent Order will take effect and the order as modified will be issued. If the changes are unacceptable to Licensee or the Board rejects the Stipulation and Consent Order, it will be of no effect except as specified in the following paragraph.

20. Licensee agrees that if the Board rejects this Stipulation and Consent Order or a lesser remedy than indicated in this settlement, and this case comes again before the Board, Licensee will assert no claim that the Board was prejudiced by its review and discussion of this Stipulation and Consent Order or of any records relating to it. If the Board rejects this Stipulation and Consent Order, the parties agree that this Stipulation and Consent Order will not be admissible in any proceedings.

21. This Stipulation and Consent Order does not limit the Board's authority to proceed against Licensee by initiating a contested case hearing or by other appropriate means on the basis

of any act, conduct, or admission of Licensee which constitutes grounds for disciplinary action, and which is not directly related to the specific facts and circumstances set forth in this document.

VIII.

DATA PRACTICES NOTICES

22. This Stipulation and Consent Order constitutes disciplinary action by the Board and is classified as public data pursuant to Minnesota Statutes section 13.41, subdivision 5. Data regarding this action will be provided to data banks as required by Federal law or consistent with Board policy. While this Stipulation and Consent Order is in effect, information obtained by the Board pursuant to this Order is considered active investigative data on a licensed health professional, and as such, is classified as confidential data pursuant to Minnesota Statutes section 13.41, subdivision 4.

23. This Stipulation contains the entire agreement between the parties, there being no other agreement of any kind, verbal or otherwise, which varies this Stipulation.

CODY WIBERG
Executive Director

Challenges Polaris Faced in Minnesota

Polaris entered the Minnesota market in November 2018. The company operates only one pharmacy in Minnesota, which is located at 5220 Park Glen Road, St. Louis Park. Polaris' early experience in Minnesota was not without its challenges, but the company has made a good faith effort to address its challenges and is constantly looking to improve.

When Polaris entered the Minnesota market, it was surprised to find a labor market (particularly for pharmacy technicians) that was much tighter than other markets in which Polaris operates and experienced more staff turnover in Minnesota than it is accustomed to in other markets. The Covid-19 pandemic obviously put an incredible amount of stress on every stakeholder in the pharmacy industry, and Polaris was no exception. The pandemic made it even more difficult for Polaris to recruit, hire, and retain talented staff.

Polaris continues to believe it did not engage in central services by having Minnesota-licensed technicians located in Florida perform remote order entry tasks in connection with prescription orders filled in Minnesota. In letters to the Board dated July 19, 2019, Polaris explained why it began using Minnesota-licensed technicians based in Florida to assist Polaris Minnesota with order entry tasks.

In sum, during its initial months of operation, Polaris faced an unanticipated and unacceptable backlog of prescription orders that needed to be filled in Minnesota. The backlog resulted largely from Polaris' inability to recruit and retain enough capable pharmacy technicians in Minnesota during the early months of operation. To address the backlog and ensure the timely delivery of prescriptions to Minnesota patients, Polaris initially had Minnesota-licensed technicians based in Florida perform order entry services on behalf of Polaris Minnesota. These technicians were experienced technicians who were licensed in Minnesota before they performed order entry work for Polaris Minnesota. Further, while performing remote order entry work from a Polaris Florida location, these technicians were connected virtually to Polaris Minnesota's physical workspace through Polaris' FrameworkLTC software platform, which is commonly used across the long-term care pharmacy industry. At all times, the work of these technicians was overseen by a licensed pharmacist at the Florida pharmacy (where the data was entered into FrameworkLTC), as well as a Minnesota-licensed pharmacist in the Minnesota pharmacy, who ultimately controlled and was responsible for the technicians' work and any prescriptions filled in connection with data they entered into the system. Additionally, until May 2019, Polaris had IND Consulting and its "Team X" do some remote order entry work for Polaris Minnesota. Aside from the order entry function, Polaris Minnesota's prescription processing and filling functions have always taken place entirely in the Minnesota pharmacy. Polaris has at times relied on similar remote order entry processes in other states without triggering central service pharmacy requirements.

Accordingly, when Polaris started using this process to help deal with the Minnesota backlog, it did not anticipate that it might be triggering central services pharmacy requirements. For this reason, Polaris initially did not submit or seek approval from the Board for a central prescription drug processing policy or procedure. In March 2019, after Board staff expressed a

view that Polaris' use of Minnesota-licensed technicians based in Florida to perform remote entry work constituted an unauthorized central service arrangement, Polaris took immediate steps to address the issue. Polaris initially flew Minnesota-licensed technicians from Florida to Minnesota, so they could be physically present in the Polaris Minnesota pharmacy while performing the same order entry functions they had been performing in Florida.

Finally, Polaris sought Board approval of several remote order entry variances, with the goal of being authorized to resume using Minnesota-licensed technicians based in Florida to perform remote order entry for Polaris Minnesota, and particularly to deal with emergencies or backlogs. When Board staff initially raised this issue in March 2019, Polaris did not believe it could immediately shift all order entry functions to its limited staff in Minnesota without compromising patient safety and welfare. At the time, Polaris was still working through the backlog, onboarding new care facilities, and working hard to locate, hire, train, and retain technicians and other staff in Minnesota in a challenging labor market. Under the circumstances, Polaris determined it was necessary to continue using Minnesota licensed, Florida-based technicians for a period of time in order to deal with the backlog and continue filling prescriptions in a timely manner for patients who needed them, while simultaneously building up its Minnesota workforce and making the changes necessary to meet the expectations of Board staff. As soon as Polaris was staffed and equipped to perform all order entry functions in Minnesota, it stopped utilizing technicians who were not physically located in Minnesota altogether. Accordingly, from June 2019 to the present, Polaris has only used Minnesota-licensed technicians physically located in the Polaris Minnesota pharmacy to perform order entry work on prescription orders filled in Minnesota. Polaris took concerns raised by Board staff over remote order entry issues seriously, and it believes it acted reasonably under the circumstances to address those concerns, while also maintaining high levels of patient care.

Polaris remained committed to working cooperatively with the Board to better understand what it must do in order to utilize remote order entry processes in the future. Polaris would always attempt to rely on technicians physically located in its Minnesota pharmacy to perform data entry and other prescription filling functions. The Board acknowledged granting variance requests to many pharmacy chains and health-systems that authorize the use of remote order entry processes. In March 2020, the Board also issued Covid-19 related guidance acknowledging that pharmacists and technicians could perform various prescription drug filling functions while working remotely—including data entry of prescriptions and orders; verifying prescriptions; certifying data entry and the finished prescriptions (i.e., the product check); conducting profile and prospective drug utilization reviews; and stage-checking for compounding—so long as affiliated pharmacies were using adequate computer software and hardware for the tasks being performed. While the Board's Covid-19 guidance evolved after Governor Walz's Peacetime Emergency declaration was rescinded, Polaris continues to believe remote order entry processes like those implemented during the first few months of Polaris' operations in Minnesota were safe, effective, and should have a place in the delivery of modern pharmacy services.

The Board approved the central services variance #265679-010 on July 13, 2022 between Polaris Pharmacy Services of Minnesota, LLC and both the Polaris Pharmacies located in Tampa and Ft. Lauderdale Florida for urgent or emergent needs.

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)? ☐ Low ☒ Medium ☐ High
If you marked "High", you must also complete section 4.

2. Will you be performing sterile hazardous drug compounding? ☐ Yes ☒ No
If you marked "Yes", you must also complete section 3.

3. List the sterile compounded products that you will be compounding for Nevada patients or consumers:
Prospective Drugs,

IV antibiotics sych as Aminoglicosides (Tobramycin, Amikacin, gentamicin), amphotericins b, Daptomycin, and all non-standard strengths of vancomycin, ceftriaxone, cefazolin, Cefepime, Cefoxitin, Ceftazidime, Ertapenem, and Primaxin

4. Will you be utilizing beyond use dates in excess of USP-797? ☐ Yes ☒ No

5. If yes, describe the additional testing performed on your products to validate the extended BUD:
N/A

6. What laboratory performs this additional testing?

Name: _____

Address: _____

City: _____ State: _____ Zip: _____

Telephone: _____

7. What is your procedure for visual inspection of compounded sterile products?

All final products will be tested visually using LED light inspection boxes for particulate matter and turbidity.

8. How often do you perform glove fingertip and medial fill testing?
Every 6 months according to the guidelines of USP-797 for all designated compounding personnel

9. What is your policy if an employee fails a glove fingertip or media-fill test?
If any portion of the the tests does not meet the minimum passing result, the respective Competency is repeated in its entirety. Failures in other Core Competencies are repeated individually. Documentation of the failure, corrective actions, and the repeated competency results is retained and readily accessible. In the event of 1st failure, retraining and coaching first then repeat the test, on 2nd failure, extensitive knowledge and skill retaining and repeat the test, with 3rd failure, we reassign the employee to non-compounding duty and consider referral to HR.

10. Describe your initial and annual training program for all personnel performing sterile compounding:
Initial Gloved Fingertip and Thumb Sampling Assessment (GFS): successfully completed three separate times prior to compounding independently; each GFS is conducted separately after a completing the hand hygiene and garbing procedure
Ongoing Gloved Fingertip and Thumb Sampling Assessments: successfully completed at least once every 6 (six) months for Compounding Personnel requalification
After initial knowledge training, we 'observe', 'validate', then perform 3 separate assessment with 6 plates and 7 days incubation targeting 0 CFU.

11. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:
The cleaning protocol ins composed of three general procedure done by daily, weekly, and monthely.
A. Daily cleaning procedure includes
(1) Hood cleaning using Contec and sIPA to remove any residues, and (2) Everything else- (ISO 7 & 80 including but not limited to:carts, pass through, high-touch surfaces (phone, door handle, etc) sink surface,
B. Weekly cleaning procedure is
Using the same procedure with daily cleaning, we clean the exterior of hood (top, side and back) then clean exterior and interior of sink and leg)
C. Monthly
we clean Hood (w/sterile peridox and sIPA), Ceiling/Anteroom wall (using Peridox and sIPA), Glass walls (using peridox, sIPa) and Saticide) then all other surfaces and refrigerator with 70% IPA
(see the attached)

12. Who performs the sterile compounding process at your facility?

All pharmacists and IV technicians who are trained as aforementioned

13. Who is responsible and accountable for the sterile compounding process at your facility?
Lead IV pharmacist (Trish Ho)

14. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?

The final products are delivered within the same day in a temper-resistant plastic bag and/or temperature-controlled packaging (in either styrofoam boxes or insulated packages with ice bricks to the destinations). The quantity of ice brick is determined by established cold-chain studies.

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)		
1. What type of primary engineering controls will you be using in your facility?		
2. Is your BSC or CACI vented 100% to the outside?	☐ Yes	☐ No
3. Do you have a negative pressure buffer room at your facility?	☐ Yes	☐ No
4. Will you be compounding with antineoplastic HDs or HD API?	☐ Yes	☐ No
5. If yes, are the drugs stored in an externally ventilated, negative pressure room?	☐ Yes	☐ No
6. Will you be utilizing a closed system transfer device?	☐ Yes	☐ No
7. If yes, list the name of the device:		
8. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers?		
9. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?		

Section 4: Sterile High Risk Compounding Questions (Complete this section ONLY if you will be performing High Risk Compounding.)
1. List the specific high risk sterile products that your facility compounds:
2. What sterilization methods are utilized at your facility?
3. Does your facility utilize biological indicators? ☐ Yes ☐ No
4. If yes, describe how they are utilized:

I certify under penalty of perjury that the information contained in this form is accurate, true and complete in all material respects. I understand that making any false representation in this form is a crime under NRS 639.281. 2. Community self-assessment
3. Any changes to the sterile compounding policies and procedures since last inspection
4. Wholesaler, Reverse Distributor, and Waste Company used
5. Any FDA, DEA, and/or accreditation inspections with applicable reports issued within the past 12 months and responses if applicable
6. DEA license expiration date and date of last control drug inventory
7. Volume of sterile products compounded daily. Where applicable also indicate HD and non-HD volume separately
8. Describe any changes to the physical layout of the sterile compounding facilities and any changes in the sterile compounding equipment since last inspection
9. Describe any changes in the types of sterile products compounded at your facility since the last inspection. (For example, risk level changes or hazardous versus non-hazardous products)
10. Any changes to the list of sterile medications compounded at your facility since the last inspection
11. The most recent certification records for all ISO certified areas with smoke pattern videos for all ISO 5 spaces. (If the smoke video files are too large to send electronically, please confirm in writing that you have them available)
12. The most recent environmental air and surface viable sampling. If out of compliance growth detected during sampling please provide pharmacy's action plan in response.
13. Records:

a. Compounding worksheets/ master formulas/ labels for 4 compounded sterile products (CSPs). Please provide a variety of risk categories if available
b. All cleaning logs for hoods and rooms for the past two months. Please provide germicidal, disinfecting, and sporicidal agents used and if applicable decontamination agent used
c. Sterile compounding equipment calibration and maintenance logs for the past two months if applicable
d. Pressure differential monitoring logs for the past two months.
e. Refrigerator/freezer/incubator temperature logs for the past two months
f. Room temperature logs for the past two months

14. Employee competencies for compounding staff (one RPH and one TCH), such as didactic training, pharmaceutical calculations, gloved fingertip sampling, media fill testing, practical skills training in aseptic area practices, cleaning, etc.
15. Qualitative/quantitative analysis results for CSPs performed in the past 12 months
16. Any adverse events (ADR) or recalls related to your CSPs since last inspection

Thank you,

BEFORE THE MINNESOTA

BOARD OF PHARMACY

In the Matter of
Polaris Pharmacy Services of Minnesota, LLC
License No. 265679

STIPULATION AND CONSENT ORDER

STIPULATION

Polaris Pharmacy Services of Minnesota, LLC ("Licensee") and the Minnesota Board of Pharmacy Committee on Professional Standards ("Committee") agree the above-referenced matter may be resolved without trial of any issue or fact as follows:

I.

JURISDICTION

1. The Minnesota Board of Pharmacy ("Board") is authorized pursuant to Minnesota Statutes chapter 151 to license and regulate pharmacies and to take disciplinary action as appropriate.

2. Licensee holds a pharmacy license from the Board and is subject to the jurisdiction of the Board with respect to the matters referred to in this Stipulation and Consent Order.

II.

CONFERENCE

3. On August 18, 2021, Licensee met with the Committee to discuss the allegations described in a Notice of Conference. Board members Kendra Metz and Stuart Williams comprised the Committee. The Board's Executive Director, Cody Wiberg; Deputy Director, Jennell Bilek; and staff attorney, Brian Park, were also present. Alex Mountain, Assistant Attorney General, represented the Committee. Brian A. Dillon, of Lathrop GPM LLP, represented licensee and was

accompanied by Licensee's Pharmacist-in-Charge, Neil Uitto; Polaris' Chief Operating Officer, Steven Baker; and Polaris' Executive Vice President of Operations, Todd Zisek.

III.

FACTS

4. On or about November 1, 2018, the Board licensed Licensee as a pharmacy in Minnesota.

5. Licensee is a closed door, long-term care ("LTC") pharmacy that prepares sterile and non-sterile compounded drug products for dispensing.

6. Licensee has two affiliated pharmacy locations in Florida, both licensed by the Board as follows:

a. On or about July 8, 2016, the Board issued Polaris, Rx, located in Fort Lauderdale, Florida ("Pharmacy 1"), non-resident pharmacy license #265101.

b. On or about December 5, 2018, the Board issued Polaris Pharmacy Services of Tampa, located in Tampa, Florida ("Pharmacy 2"), non-resident pharmacy license #265721.

7. On or about March 19, 2019, two Board Surveyors visited Licensee for the purpose of completing a routine inspection, met with the pharmacist-in-charge, and identified the following:

a. Seven pharmacy technicians registered by the Board and employed by Pharmacy 1 and Pharmacy 2, were living in Florida but listed their current physical address as Licensee's address in Minnesota.

b. During the inspection, the Board Surveyors cited Licensee for engaging in central services with Pharmacy 1 and Pharmacy 2, by allowing pharmacy technicians working in Florida to remotely perform data entry of prescription drug information for Minnesota patients into

Licensee's Frameworks LTC prescription processing and dispensing software system ("FW-LTC"), followed by verification of the data entry by Licensee's pharmacist staff members working in Minnesota ("Central Service").

c. Prior to beginning Central Service, Licensee failed to submit a copy of its policy and procedure manual and failed to obtain Board approval to participate in a Central Service arrangement with Pharmacy 1 and Pharmacy 2.

d. Licensee disputes that it was operating a "central services arrangement" as it understands that term to be commonly used within the industry. Licensee maintains that its use of remote order entry processes was necessary under the circumstances, due to a backlog of prescription orders that had accumulated due in large part to Licensee's inability to recruit and retain sufficient staff in Minnesota during its early months of operating in the State. Nonetheless, for purposes of this stipulation, Licensee acknowledges and understands the March 2019 citation.

e. Licensee's nonsterile compounding records failed to include an assigned beyond use date ("BUD") for the final compounded drug product, or included a BUD exceeding those recommended within United States Pharmacopeia, General Chapter 795 for Pharmaceutical Compounding - Nonsterile Preparations ("USP 795"), without documentation of a reference for literature or a stability study applicable to the specific drug product allowing for extension of the BUD. Licensee avers that it responded to these findings by providing education to its staff to ensure compounded components included lot numbers, expiration dates, and BUDs, along with noting the supporting reference sources. Licensee states that it is not aware of any other issues regarding its compliance with BUD requirements since 2019.

8. On or about March 20, 2019, the Board received a complaint alleging that Licensee was utilizing pharmacy technicians from outside of Minnesota to enter prescription data. On or about April 9, 2019, a Board Surveyor reminded Licensee, after expanding its operations to 24-

hours, that pharmacy technicians working outside of its Minnesota location could not be used to help with covering the additional hours that the pharmacy is open, due to the lack of Board approved policies for Central Services with Pharmacy 1 and Pharmacy 2. As noted above, Licensee disputes that it was operating a "central services arrangement" as it understands that term to be commonly used within the industry. Licensee maintains that its use of remote order entry processes was necessary under the circumstances, due to a backlog of prescription orders that had accumulated due in large part to Licensee's inability to recruit and retain sufficient staff in Minnesota during its early months of operating in the State. Nonetheless, for purposes of this stipulation, Licensee acknowledges and understands the Board's concern regarding the use of out-of-state technicians to enter prescription data.

9. On June 11, 2019, two Board Surveyors visited Licensee for the purpose of an investigation, met with representatives of the Licensee, and identified the following:

a. The pharmacist-in-charge stated that, as far as she was aware, Pharmacy 1 and Pharmacy 2, both located in Florida, were the only two locations providing Central Services for Licensee.

b. Licensee utilized a company named IND Consulting ("IND") for emergency kit ("E-kit") billing and entry of patient information when pharmacy services are initiated in a new LTC facility. IND's website states its staff are able to provide services including, but not limited to, billing services, medical record entry, and data entry solutions, with guaranteed staffing in fully operational data centers that are open 24 hours a day and 365 days a year, located within or outside of the United States across the globe in Mexico, India, the Philippines, and Florida. During the conference with the Committee, Licensee admitted that IND consulting had been used to enter prescription data for prescription drug orders ultimately dispensed by its

Minnesota pharmacy. Licensee cannot definitively state where individuals affiliated with IND were licensed or physically located when entering such data.

c. At the end of the visit, the Board Surveyor's provided an Investigative Report requesting additional information and reminding Licensee again that it cannot engage in Central Services without Board approval.

10. On February 12, 2020, two Board Surveyors visited Licensee for the purposes of an investigation, met with representatives of Licensee, and identified the following:

a. After arriving at 4:36 a.m., one of the Board Surveyors observed two of Licensee's pharmacy technicians were allowed badge access to the pharmacy entrance prior to the arrival of RPh 3 at around 5:55 a.m. One technician was found to be working in the sterile compounding area and another was logged into Licensee's computer. A representative of Licensee later stated that three pharmacy technicians had been given keys and passcodes to access Licensee's pharmacy. During its conference with the Committee, Licensee admitted that this allegation is true, but stated that senior management took corrective action upon learning of the situation, including immediately revoking the access code of all non-pharmacists and physically rekeying all doors within the pharmacy. Licensees avers that periodic security assessments confirm that no unauthorized persons have had access to the pharmacy since February 2020.

b. Six pharmacy technicians, including the IV pharmacy technician, were present in the "filling area" with only one pharmacist, who was the second pharmacist to arrive. Another pharmacist was in an "order entry" area, a distinctly different area separated by a wall and door. The Board Surveyors were told that additional pharmacy technicians were scheduled that morning to perform non-technician "staging or stocking" duties. However, the Board Surveyors observed that the additional pharmacy technicians that were supposedly scheduled to perform non-technician duties, were filling orders in the "filling area" to be checked by the one pharmacist.

Licensee avers that is does not have sufficient information to admit or deny the Board surveyors' observations, but that company policy requires compliance with required technician-to-pharmacist ratios.

IV.

LAWS

11. Licensee acknowledges the conduct described in section III above constitutes a violation of Minn. Stat. § 151.071, subd. 2(7), and warrants the disciplinary action described below.

V.

DISCIPLINARY ACTION

The parties agree the Board may take the following disciplinary action and require compliance with the following terms:

12. The Board **REPRIMANDS** Licensee and imposes a **CIVIL PENALTY** in the amount of $50,000 for the conduct described in section III above. The civil penalty shall be paid by cashier's check or money order made payable to the Minnesota Board of Pharmacy, c/o Cody Wiberg, Executive Director, 2829 University Avenue S.E., Suite 530, Minneapolis, Minnesota 55414, within 60 days of the date of entry of this Order.

13. The Board places the following **CONDITION** on Licensee's License: every six months, for a period of three years, Licensee's CEO must certify to the Board's Executive Director that Licensee's licensed pharmacies that provide services to Minnesota residents are in full compliance with all applicable Minnesota statutes and rules.

VI.

CONSEQUENCES FOR NONCOMPLIANCE OR ADDITIONAL VIOLATIONS

14. If Licensee fails to comply with or violates this Stipulation and Consent Order, the Committee may, in its discretion, seek additional discipline either by initiating a contested case proceeding pursuant to Minnesota Statutes chapter 14 or by bringing the matter directly to the Board pursuant to the following procedure:

a. The Committee shall schedule a hearing before the Board. At least 20 days before the hearing, the Committee must mail Licensee a notice of the violation(s) alleged by the Committee. In addition, the notice must designate the time and place of the hearing. Within ten days after the notice is mailed, Licensee shall submit a written response to the allegations. If Licensee does not submit a timely response to the Board, the allegations may be deemed admitted.

b. The Committee, in its discretion, may schedule a conference with Licensee prior to the hearing before the Board to discuss the allegations and to attempt to resolve the allegations through agreement.

c. Prior to the hearing before the Board, the Committee and Licensee may submit affidavits and written argument in support of their positions. At the hearing, the Committee and Licensee may present oral argument. Argument may not refer to matters outside the record. The evidentiary record must be limited to the affidavits submitted prior to the hearing and this Stipulation and Consent Order. The Committee will have the burden of proving by a preponderance of the evidence that a violation has occurred. If Licensee has failed to submit a timely response to the allegations, Licensee may not contest the allegations, but may present argument concerning the appropriateness of additional discipline. Pursuant to this process, Licensee waives a hearing before an administrative law judge, discovery, cross-examination of

adverse witnesses, and other procedures governing hearings pursuant to Minnesota Statutes chapter 14.

d. Licensee's correction of a violation before the conference, hearing, or meeting of the Board may be taken into account by the Board but does not limit the Board's authority to impose discipline for the violation. A decision by the Committee not to seek discipline when it first learns of a violation does not waive the Committee's right to later seek discipline for that violation, either alone or in combination with other violations, at any time while Licensee's license is in a suspended status.

e. Following the hearing, the Board will deliberate confidentially. If the allegations are not proved, the Board must dismiss the allegations. If a violation is proved, the Board may impose additional discipline, including conditions or limitations on Licensee's license, a period of suspension, conditions of reinstatement, or revocation of Licensee's license.

f. Nothing herein limits the Committee's or the Board's right to temporarily suspend Licensee's license as provided in Minnesota Statutes chapters 151 and 214, based on a violation of this Stipulation and Consent Order or based on conduct of Licensee not specifically referred to herein.

VII. ADDITIONAL INFORMATION

15. Licensee waives the contested case hearing and all other procedures before the Board to which Licensee may be entitled under the Minnesota and United States constitutions, statutes, or rules.

16. Licensee waives any claims against the Board, the Minnesota Attorney General, the State of Minnesota, and their agents, employees, and representatives related to the

investigation of the conduct herein, or the negotiation or execution of this Stipulation and Consent Order, which may otherwise be available to Licensee.

17. This Stipulation and Consent Order, the files, records, and proceedings associated with this matter shall constitute the entire record and may be reviewed by the Board in its consideration of this matter.

18. Either party may seek enforcement of this Stipulation and Consent Order in any appropriate civil court.

19. Licensee has read, understands, and agrees to this Stipulation and Consent Order and has voluntarily signed the Stipulation and Consent Order. Licensee is aware this Stipulation and Consent Order must be approved by the Board before it goes into effect. The Board may either approve the Stipulation and Consent Order as proposed, approve it subject to specified change, or reject it. If the changes are acceptable to Licensee, the Stipulation and Consent Order will take effect and the order as modified will be issued. If the changes are unacceptable to Licensee or the Board rejects the Stipulation and Consent Order, it will be of no effect except as specified in the following paragraph.

20. Licensee agrees that if the Board rejects this Stipulation and Consent Order or a lesser remedy than indicated in this settlement, and this case comes again before the Board, Licensee will assert no claim that the Board was prejudiced by its review and discussion of this Stipulation and Consent Order or of any records relating to it. If the Board rejects this Stipulation and Consent Order, the parties agree that this Stipulation and Consent Order will not be admissible in any proceedings.

21. This Stipulation and Consent Order does not limit the Board's authority to proceed against Licensee by initiating a contested case hearing or by other appropriate means on the basis

of any act, conduct, or admission of Licensee which constitutes grounds for disciplinary action, and which is not directly related to the specific facts and circumstances set forth in this document.

VIII.

DATA PRACTICES NOTICES

22. This Stipulation and Consent Order constitutes disciplinary action by the Board and is classified as public data pursuant to Minnesota Statutes section 13.41, subdivision 5. Data regarding this action will be provided to data banks as required by Federal law or consistent with Board policy. While this Stipulation and Consent Order is in effect, information obtained by the Board pursuant to this Order is considered active investigative data on a licensed health professional, and as such, is classified as confidential data pursuant to Minnesota Statutes section 13.41, subdivision 4.

23. This Stipulation contains the entire agreement between the parties, there being no other agreement of any kind, verbal or otherwise, which varies this Stipulation.

Challenges Polaris Faced in Minnesota

Polaris entered the Minnesota market in November 2018. The company operates only one pharmacy in Minnesota, which is located at 5220 Park Glen Road, St. Louis Park. Polaris' early experience in Minnesota was not without its challenges, but the company has made a good faith effort to address its challenges and is constantly looking to improve.

When Polaris entered the Minnesota market, it was surprised to find a labor market (particularly for pharmacy technicians) that was much tighter than other markets in which Polaris operates and experienced more staff turnover in Minnesota than it is accustomed to in other markets. The Covid-19 pandemic obviously put an incredible amount of stress on every stakeholder in the pharmacy industry, and Polaris was no exception. The pandemic made it even more difficult for Polaris to recruit, hire, and retain talented staff.

Polaris continues to believe it did not engage in central services by having Minnesota-licensed technicians located in Florida perform remote order entry tasks in connection with prescription orders filled in Minnesota. In letters to the Board dated July 19, 2019, Polaris explained why it began using Minnesota-licensed technicians based in Florida to assist Polaris Minnesota with order entry tasks.

In sum, during its initial months of operation, Polaris faced an unanticipated and unacceptable backlog of prescription orders that needed to be filled in Minnesota. The backlog resulted largely from Polaris' inability to recruit and retain enough capable pharmacy technicians in Minnesota during the early months of operation. To address the backlog and ensure the timely delivery of prescriptions to Minnesota patients, Polaris initially had Minnesota-licensed technicians based in Florida perform order entry services on behalf of Polaris Minnesota. These technicians were experienced technicians who were licensed in Minnesota before they performed order entry work for Polaris Minnesota. Further, while performing remote order entry work from a Polaris Florida location, these technicians were connected virtually to Polaris Minnesota's physical workspace through Polaris' FrameworkLTC software platform, which is commonly used across the long-term care pharmacy industry. At all times, the work of these technicians was overseen by a licensed pharmacist at the Florida pharmacy (where the data was entered into FrameworkLTC), as well as a Minnesota-licensed pharmacist in the Minnesota pharmacy, who ultimately controlled and was responsible for the technicians' work and any prescriptions filled in connection with data they entered into the system. Additionally, until May 2019, Polaris had IND Consulting and its "Team X" do some remote order entry work for Polaris Minnesota. Aside from the order entry function, Polaris Minnesota's prescription processing and filling functions have always taken place entirely in the Minnesota pharmacy. Polaris has at times relied on similar remote order entry processes in other states without triggering central service pharmacy requirements.

Accordingly, when Polaris started using this process to help deal with the Minnesota backlog, it did not anticipate that it might be triggering central services pharmacy requirements. For this reason, Polaris initially did not submit or seek approval from the Board for a central prescription drug processing policy or procedure. In March 2019, after Board staff expressed a

view that Polaris' use of Minnesota-licensed technicians based in Florida to perform remote entry work constituted an unauthorized central service arrangement, Polaris took immediate steps to address the issue. Polaris initially flew Minnesota-licensed technicians from Florida to Minnesota, so they could be physically present in the Polaris Minnesota pharmacy while performing the same order entry functions they had been performing in Florida.

Finally, Polaris sought Board approval of several remote order entry variances, with the goal of being authorized to resume using Minnesota-licensed technicians based in Florida to perform remote order entry for Polaris Minnesota, and particularly to deal with emergencies or backlogs. When Board staff initially raised this issue in March 2019, Polaris did not believe it could immediately shift all order entry functions to its limited staff in Minnesota without compromising patient safety and welfare. At the time, Polaris was still working through the backlog, onboarding new care facilities, and working hard to locate, hire, train, and retain technicians and other staff in Minnesota in a challenging labor market. Under the circumstances, Polaris determined it was necessary to continue using Minnesota licensed, Florida-based technicians for a period of time in order to deal with the backlog and continue filling prescriptions in a timely manner for patients who needed them, while simultaneously building up its Minnesota workforce and making the changes necessary to meet the expectations of Board staff. As soon as Polaris was staffed and equipped to perform all order entry functions in Minnesota, it stopped utilizing technicians who were not physically located in Minnesota altogether. Accordingly, from June 2019 to the present, Polaris has only used Minnesota-licensed technicians physically located in the Polaris Minnesota pharmacy to perform order entry work on prescription orders filled in Minnesota. Polaris took concerns raised by Board staff over remote order entry issues seriously, and it believes it acted reasonably under the circumstances to address those concerns, while also maintaining high levels of patient care.

Polaris remained committed to working cooperatively with the Board to better understand what it must do in order to utilize remote order entry processes in the future. Polaris would always attempt to rely on technicians physically located in its Minnesota pharmacy to perform data entry and other prescription filling functions. The Board acknowledged granting variance requests to many pharmacy chains and health-systems that authorize the use of remote order entry processes. In March 2020, the Board also issued Covid-19 related guidance acknowledging that pharmacists and technicians could perform various prescription drug filling functions while working remotely—including data entry of prescriptions and orders; verifying prescriptions; certifying data entry and the finished prescriptions (i.e., the product check); conducting profile and prospective drug utilization reviews; and stage-checking for compounding—so long as affiliated pharmacies were using adequate computer software and hardware for the tasks being performed. While the Board's Covid-19 guidance evolved after Governor Walz's Peacetime Emergency declaration was rescinded, Polaris continues to believe remote order entry processes like those implemented during the first few months of Polaris' operations in Minnesota were safe, effective, and should have a place in the delivery of modern pharmacy services.

The Board approved the central services variance #265679-010 on July 13, 2022 between Polaris Pharmacy Services of Minnesota, LLC and both the Polaris Pharmacies located in Tampa and Ft. Lauderdale Florida for urgent or emergent needs.

BEFORE THE MINNESOTA

BOARD OF PHARMACY

In the Matter of
Polaris Pharmacy Services of Minnesota, LLC
License No. 265679

STIPULATION AND CONSENT ORDER

STIPULATION

Polaris Pharmacy Services of Minnesota, LLC ("Licensee") and the Minnesota Board of Pharmacy Committee on Professional Standards ("Committee") agree the above-referenced matter may be resolved without trial of any issue or fact as follows:

I.

JURISDICTION

1. The Minnesota Board of Pharmacy ("Board") is authorized pursuant to Minnesota Statutes chapter 151 to license and regulate pharmacies and to take disciplinary action as appropriate.

2. Licensee holds a pharmacy license from the Board and is subject to the jurisdiction of the Board with respect to the matters referred to in this Stipulation and Consent Order.

II.

CONFERENCE

3. On August 18, 2021, Licensee met with the Committee to discuss the allegations described in a Notice of Conference. Board members Kendra Metz and Stuart Williams comprised the Committee. The Board's Executive Director, Cody Wiberg; Deputy Director, Jennell Bilek; and staff attorney, Brian Park, were also present. Alex Mountain, Assistant Attorney General, represented the Committee. Brian A. Dillon, of Lathrop GPM LLP, represented licensee and was

accompanied by Licensee's Pharmacist-in-Charge, Neil Uitto; Polaris' Chief Operating Officer, Steven Baker; and Polaris' Executive Vice President of Operations, Todd Zisek.

III.

FACTS

4. On or about November 1, 2018, the Board licensed Licensee as a pharmacy in Minnesota.

5. Licensee is a closed door, long-term care ("LTC") pharmacy that prepares sterile and non-sterile compounded drug products for dispensing.

6. Licensee has two affiliated pharmacy locations in Florida, both licensed by the Board as follows:

a. On or about July 8, 2016, the Board issued Polaris Rx, located in Fort Lauderdale, Florida ("Pharmacy 1"), non-resident pharmacy license #265101.

b. On or about December 5, 2018, the Board issued Polaris Pharmacy Services of Tampa, located in Tampa, Florida ("Pharmacy 2"), non-resident pharmacy license #265721.

7. On or about March 19, 2019, two Board Surveyors visited Licensee for the purpose of completing a routine inspection, met with the pharmacist-in-charge, and identified the following:

a. Seven pharmacy technicians registered by the Board and employed by Pharmacy 1 and Pharmacy 2, were living in Florida but listed their current physical address as Licensee's address in Minnesota.

b. During the inspection, the Board Surveyors cited Licensee for engaging in central services with Pharmacy 1 and Pharmacy 2, by allowing pharmacy technicians working in Florida to remotely perform data entry of prescription drug information for Minnesota patients into

Licensee's Frameworks LTC prescription processing and dispensing software system ("FW-LTC"), followed by verification of the data entry by Licensee's pharmacist staff members working in Minnesota ("Central Service").

c. Prior to beginning Central Service, Licensee failed to submit a copy of its policy and procedure manual and failed to obtain Board approval to participate in a Central Service arrangement with Pharmacy 1 and Pharmacy 2.

d. Licensee disputes that it was operating a "central services arrangement" as it understands that term to be commonly used within the industry. Licensee maintains that its use of remote order entry processes was necessary under the circumstances, due to a backlog of prescription orders that had accumulated due in large part to Licensee's inability to recruit and retain sufficient staff in Minnesota during its early months of operating in the State. Nonetheless, for purposes of this stipulation, Licensee acknowledges and understands the March 2019 citation.

e. Licensee's nonsterile compounding records failed to include an assigned beyond use date ("BUD") for the final compounded drug product, or included a BUD exceeding those recommended within United States Pharmacopeia, General Chapter 795 for Pharmaceutical Compounding - Nonsterile Preparations ("USP 795"), without documentation of a reference for literature or a stability study applicable to the specific drug product allowing for extension of the BUD. Licensee avers that it responded to these findings by providing education to its staff to ensure compounded components included lot numbers, expiration dates, and BUDs, along with noting the supporting reference sources. Licensee states that it is not aware of any other issues regarding its compliance with BUD requirements since 2019.

8. On or about March 20, 2019, the Board received a complaint alleging that Licensee was utilizing pharmacy technicians from outside of Minnesota to enter prescription data. On or about April 9, 2019, a Board Surveyor reminded Licensee, after expanding its operations to 24-

hours, that pharmacy technicians working outside of its Minnesota location could not be used to help with covering the additional hours that the pharmacy is open, due to the lack of Board approved policies for Central Services with Pharmacy 1 and Pharmacy 2. As noted above, Licensee disputes that it was operating a "central services arrangement" as it understands that term to be commonly used within the industry. Licensee maintains that its use of remote order entry processes was necessary under the circumstances, due to a backlog of prescription orders that had accumulated due in large part to Licensee's inability to recruit and retain sufficient staff in Minnesota during its early months of operating in the State. Nonetheless, for purposes of this stipulation, Licensee acknowledges and understands the Board's concern regarding the use of out-of-state technicians to enter prescription data.

9. On June 11, 2019, two Board Surveyors visited Licensee for the purpose of an investigation, met with representatives of the Licensee, and identified the following:

a. The pharmacist-in-charge stated that, as far as she was aware, Pharmacy 1 and Pharmacy 2, both located in Florida, were the only two locations providing Central Services for Licensee.

b. Licensee utilized a company named IND Consulting ("IND") for emergency kit ("E-kit") billing and entry of patient information when pharmacy services are initiated in a new LTC facility. IND's website states its staff are able to provide services including, but not limited to, billing services, medical record entry, and data entry solutions, with guaranteed staffing in fully operational data centers that are open 24 hours a day and 365 days a year, located within or outside of the United States across the globe in Mexico, India, the Philippines, and Florida. During the conference with the Committee, Licensee admitted that IND consulting had been used to enter prescription data for prescription drug orders ultimately dispensed by its

Minnesota pharmacy. Licensee cannot definitively state where individuals affiliated with IND were licensed or physically located when entering such data.

c. At the end of the visit, the Board Surveyor's provided an Investigative Report requesting additional information and reminding Licensee again that it cannot engage in Central Services without Board approval.

10. On February 12, 2020, two Board Surveyors visited Licensee for the purposes of an investigation, met with representatives of Licensee, and identified the following:

a. After arriving at 4:36 a.m., one of the Board Surveyors observed two of Licensee's pharmacy technicians were allowed badge access to the pharmacy entrance prior to the arrival of RPh 3 at around 5:55 a.m. One technician was found to be working in the sterile compounding area and another was logged into Licensee's computer. A representative of Licensee later stated that three pharmacy technicians had been given keys and passcodes to access Licensee's pharmacy. During its conference with the Committee, Licensee admitted that this allegation is true, but stated that senior management took corrective action upon learning of the situation, including immediately revoking the access code of all non-pharmacists and physically rekeying all doors within the pharmacy. Licensees avers that periodic security assessments confirm that no unauthorized persons have had access to the pharmacy since February 2020.

b. Six pharmacy technicians, including the IV pharmacy technician, were present in the "filling area" with only one pharmacist, who was the second pharmacist to arrive. Another pharmacist was in an "order entry" area, a distinctly different area separated by a wall and door. The Board Surveyors were told that additional pharmacy technicians were scheduled that morning to perform non-technician "staging or stocking" duties. However, the Board Surveyors observed that the additional pharmacy technicians that were supposedly scheduled to perform non-technician duties, were filling orders in the "filling area" to be checked by the one pharmacist.

Licensee avers that is does not have sufficient information to admit or deny the Board surveyors' observations, but that company policy requires compliance with required technician-to-pharmacist ratios.

IV.

LAWS

11. Licensee acknowledges the conduct described in section III above constitutes a violation of Minn. Stat. § 151.071, subd. 2(7), and warrants the disciplinary action described below.

V.

DISCIPLINARY ACTION

The parties agree the Board may take the following disciplinary action and require compliance with the following terms:

12. The Board **REPRIMANDS** Licensee and imposes a **CIVIL PENALTY** in the amount of $50,000 for the conduct described in section III above. The civil penalty shall be paid by cashier's check or money order made payable to the Minnesota Board of Pharmacy, c/o Cody Wiberg, Executive Director, 2829 University Avenue S.E., Suite 530, Minneapolis, Minnesota 55414, within 60 days of the date of entry of this Order.

13. The Board places the following **CONDITION** on Licensee's License: every six months, for a period of three years, Licensee's CEO must certify to the Board's Executive Director that Licensee's licensed pharmacies that provide services to Minnesota residents are in full compliance with all applicable Minnesota statutes and rules.

VI.

CONSEQUENCES FOR NONCOMPLIANCE OR ADDITIONAL VIOLATIONS

14. If Licensee fails to comply with or violates this Stipulation and Consent Order, the Committee may, in its discretion, seek additional discipline either by initiating a contested case proceeding pursuant to Minnesota Statutes chapter 14 or by bringing the matter directly to the Board pursuant to the following procedure:

a. The Committee shall schedule a hearing before the Board. At least 20 days before the hearing, the Committee must mail Licensee a notice of the violation(s) alleged by the Committee. In addition, the notice must designate the time and place of the hearing. Within ten days after the notice is mailed, Licensee shall submit a written response to the allegations. If Licensee does not submit a timely response to the Board, the allegations may be deemed admitted.

b. The Committee, in its discretion, may schedule a conference with Licensee prior to the hearing before the Board to discuss the allegations and to attempt to resolve the allegations through agreement.

c. Prior to the hearing before the Board, the Committee and Licensee may submit affidavits and written argument in support of their positions. At the hearing, the Committee and Licensee may present oral argument. Argument may not refer to matters outside the record. The evidentiary record must be limited to the affidavits submitted prior to the hearing and this Stipulation and Consent Order. The Committee will have the burden of proving by a preponderance of the evidence that a violation has occurred. If Licensee has failed to submit a timely response to the allegations, Licensee may not contest the allegations, but may present argument concerning the appropriateness of additional discipline. Pursuant to this process, Licensee waives a hearing before an administrative law judge, discovery, cross-examination of

adverse witnesses, and other procedures governing hearings pursuant to Minnesota Statutes chapter 14.

d. Licensee's correction of a violation before the conference, hearing, or meeting of the Board may be taken into account by the Board but does not limit the Board's authority to impose discipline for the violation. A decision by the Committee not to seek discipline when it first learns of a violation does not waive the Committee's right to later seek discipline for that violation, either alone or in combination with other violations, at any time while Licensee's license is in a suspended status.

e. Following the hearing, the Board will deliberate confidentially. If the allegations are not proved, the Board must dismiss the allegations. If a violation is proved, the Board may impose additional discipline, including conditions or limitations on Licensee's license, a period of suspension, conditions of reinstatement, or revocation of Licensee's license.

f. Nothing herein limits the Committee's or the Board's right to temporarily suspend Licensee's license as provided in Minnesota Statutes chapters 151 and 214, based on a violation of this Stipulation and Consent Order or based on conduct of Licensee not specifically referred to herein.

VII. ADDITIONAL INFORMATION

15. Licensee waives the contested case hearing and all other procedures before the Board to which Licensee may be entitled under the Minnesota and United States constitutions, statutes, or rules.

16. Licensee waives any claims against the Board, the Minnesota Attorney General, the State of Minnesota, and their agents, employees, and representatives related to the

investigation of the conduct herein, or the negotiation or execution of this Stipulation and Consent Order, which may otherwise be available to Licensee.

17. This Stipulation and Consent Order, the files, records, and proceedings associated with this matter shall constitute the entire record and may be reviewed by the Board in its consideration of this matter.

18. Either party may seek enforcement of this Stipulation and Consent Order in any appropriate civil court.

19. Licensee has read, understands, and agrees to this Stipulation and Consent Order and has voluntarily signed the Stipulation and Consent Order. Licensee is aware this Stipulation and Consent Order must be approved by the Board before it goes into effect. The Board may either approve the Stipulation and Consent Order as proposed, approve it subject to specified change, or reject it. If the changes are acceptable to Licensee, the Stipulation and Consent Order will take effect and the order as modified will be issued. If the changes are unacceptable to Licensee or the Board rejects the Stipulation and Consent Order, it will be of no effect except as specified in the following paragraph.

20. Licensee agrees that if the Board rejects this Stipulation and Consent Order or a lesser remedy than indicated in this settlement, and this case comes again before the Board, Licensee will assert no claim that the Board was prejudiced by its review and discussion of this Stipulation and Consent Order or of any records relating to it. If the Board rejects this Stipulation and Consent Order, the parties agree that this Stipulation and Consent Order will not be admissible in any proceedings.

21. This Stipulation and Consent Order does not limit the Board's authority to proceed against Licensee by initiating a contested case hearing or by other appropriate means on the basis

of any act, conduct, or admission of Licensee which constitutes grounds for disciplinary action, and which is not directly related to the specific facts and circumstances set forth in this document.

VIII.

DATA PRACTICES NOTICES

22. This Stipulation and Consent Order constitutes disciplinary action by the Board and is classified as public data pursuant to Minnesota Statutes section 13.41, subdivision 5. Data regarding this action will be provided to data banks as required by Federal law or consistent with Board policy. While this Stipulation and Consent Order is in effect, information obtained by the Board pursuant to this Order is considered active investigative data on a licensed health professional, and as such, is classified as confidential data pursuant to Minnesota Statutes section 13.41, subdivision 4.

23. This Stipulation contains the entire agreement between the parties, there being no other agreement of any kind, verbal or otherwise, which varies this Stipulation.

Challenges Polaris Faced in Minnesota

Polaris entered the Minnesota market in November 2018. The company operates only one pharmacy in Minnesota, which is located at 5220 Park Glen Road, St. Louis Park. Polaris' early experience in Minnesota was not without its challenges, but the company has made a good faith effort to address its challenges and is constantly looking to improve.

When Polaris entered the Minnesota market, it was surprised to find a labor market (particularly for pharmacy technicians) that was much tighter than other markets in which Polaris operates and experienced more staff turnover in Minnesota than it is accustomed to in other markets. The Covid-19 pandemic obviously put an incredible amount of stress on every stakeholder in the pharmacy industry, and Polaris was no exception. The pandemic made it even more difficult for Polaris to recruit, hire, and retain talented staff.

Polaris continues to believe it did not engage in central services by having Minnesota-licensed technicians located in Florida perform remote order entry tasks in connection with prescription orders filled in Minnesota. In letters to the Board dated July 19, 2019, Polaris explained why it began using Minnesota-licensed technicians based in Florida to assist Polaris Minnesota with order entry tasks.

In sum, during its initial months of operation, Polaris faced an unanticipated and unacceptable backlog of prescription orders that needed to be filled in Minnesota. The backlog resulted largely from Polaris' inability to recruit and retain enough capable pharmacy technicians in Minnesota during the early months of operation. To address the backlog and ensure the timely delivery of prescriptions to Minnesota patients, Polaris initially had Minnesota-licensed technicians based in Florida perform order entry services on behalf of Polaris Minnesota. These technicians were experienced technicians who were licensed in Minnesota before they performed order entry work for Polaris Minnesota. Further, while performing remote order entry work from a Polaris Florida location, these technicians were connected virtually to Polaris Minnesota's physical workspace through Polaris' FrameworkLTC software platform, which is commonly used across the long-term care pharmacy industry. At all times, the work of these technicians was overseen by a licensed pharmacist at the Florida pharmacy (where the data was entered into FrameworkLTC), as well as a Minnesota-licensed pharmacist in the Minnesota pharmacy, who ultimately controlled and was responsible for the technicians' work and any prescriptions filled in connection with data they entered into the system. Additionally, until May 2019, Polaris had IND Consulting and its "Team X" do some remote order entry work for Polaris Minnesota. Aside from the order entry function, Polaris Minnesota's prescription processing and filling functions have always taken place entirely in the Minnesota pharmacy. Polaris has at times relied on similar remote order entry processes in other states without triggering central service pharmacy requirements.

Accordingly, when Polaris started using this process to help deal with the Minnesota backlog, it did not anticipate that it might be triggering central services pharmacy requirements. For this reason, Polaris initially did not submit or seek approval from the Board for a central prescription drug processing policy or procedure. In March 2019, after Board staff expressed a

view that Polaris' use of Minnesota-licensed technicians based in Florida to perform remote entry work constituted an unauthorized central service arrangement, Polaris took immediate steps to address the issue. Polaris initially flew Minnesota-licensed technicians from Florida to Minnesota, so they could be physically present in the Polaris Minnesota pharmacy while performing the same order entry functions they had been performing in Florida.

Finally, Polaris sought Board approval of several remote order entry variances, with the goal of being authorized to resume using Minnesota-licensed technicians based in Florida to perform remote order entry for Polaris Minnesota, and particularly to deal with emergencies or backlogs. When Board staff initially raised this issue in March 2019, Polaris did not believe it could immediately shift all order entry functions to its limited staff in Minnesota without compromising patient safety and welfare. At the time, Polaris was still working through the backlog, onboarding new care facilities, and working hard to locate, hire, train, and retain technicians and other staff in Minnesota in a challenging labor market. Under the circumstances, Polaris determined it was necessary to continue using Minnesota licensed, Florida-based technicians for a period of time in order to deal with the backlog and continue filling prescriptions in a timely manner for patients who needed them, while simultaneously building up its Minnesota workforce and making the changes necessary to meet the expectations of Board staff. As soon as Polaris was staffed and equipped to perform all order entry functions in Minnesota, it stopped utilizing technicians who were not physically located in Minnesota altogether. Accordingly, from June 2019 to the present, Polaris has only used Minnesota-licensed technicians physically located in the Polaris Minnesota pharmacy to perform order entry work on prescription orders filled in Minnesota. Polaris took concerns raised by Board staff over remote order entry issues seriously, and it believes it acted reasonably under the circumstances to address those concerns, while also maintaining high levels of patient care.

Polaris remained committed to working cooperatively with the Board to better understand what it must do in order to utilize remote order entry processes in the future. Polaris would always attempt to rely on technicians physically located in its Minnesota pharmacy to perform data entry and other prescription filling functions. The Board acknowledged granting variance requests to many pharmacy chains and health-systems that authorize the use of remote order entry processes. In March 2020, the Board also issued Covid-19 related guidance acknowledging that pharmacists and technicians could perform various prescription drug filling functions while working remotely—including data entry of prescriptions and orders; verifying prescriptions; certifying data entry and the finished prescriptions (i.e., the product check); conducting profile and prospective drug utilization reviews; and stage-checking for compounding—so long as affiliated pharmacies were using adequate computer software and hardware for the tasks being performed. While the Board's Covid-19 guidance evolved after Governor Walz's Peacetime Emergency declaration was rescinded, Polaris continues to believe remote order entry processes like those implemented during the first few months of Polaris' operations in Minnesota were safe, effective, and should have a place in the delivery of modern pharmacy services.

The Board approved the central services variance #265679-010 on July 13, 2022 between Polaris Pharmacy Services of Minnesota, LLC and both the Polaris Pharmacies located in Tampa and Ft. Lauderdale Florida for urgent or emergent needs.

BEFORE THE MINNESOTA

BOARD OF PHARMACY

In the Matter of
Polaris Pharmacy Services of Minnesota, LLC
License No. 265679

STIPULATION AND CONSENT ORDER

STIPULATION

Polaris Pharmacy Services of Minnesota, LLC ("Licensee") and the Minnesota Board of Pharmacy Committee on Professional Standards ("Committee") agree the above-referenced matter may be resolved without trial of any issue or fact as follows:

I.

JURISDICTION

1. The Minnesota Board of Pharmacy ("Board") is authorized pursuant to Minnesota Statutes chapter 151 to license and regulate pharmacies and to take disciplinary action as appropriate.

2. Licensee holds a pharmacy license from the Board and is subject to the jurisdiction of the Board with respect to the matters referred to in this Stipulation and Consent Order.

II.

CONFERENCE

3. On August 18, 2021, Licensee met with the Committee to discuss the allegations described in a Notice of Conference. Board members Kendra Metz and Stuart Williams comprised the Committee. The Board's Executive Director, Cody Wiberg; Deputy Director, Jennell Bilek; and staff attorney, Brian Park, were also present. Alex Mountain, Assistant Attorney General, represented the Committee. Brian A. Dillon, of Lathrop GPM LLP, represented licensee and was

accompanied by Licensee's Pharmacist-in-Charge, Neil Uitto; Polaris' Chief Operating Officer, Steven Baker; and Polaris' Executive Vice President of Operations, Todd Zisek.

III.

FACTS

4. On or about November 1, 2018, the Board licensed Licensee as a pharmacy in Minnesota.

5. Licensee is a closed door, long-term care ("LTC") pharmacy that prepares sterile and non-sterile compounded drug products for dispensing.

6. Licensee has two affiliated pharmacy locations in Florida, both licensed by the Board as follows:

a. On or about July 8, 2016, the Board issued Polaris, Rx, located in Fort Lauderdale, Florida ("Pharmacy 1"), non-resident pharmacy license #265101.

b. On or about December 5, 2018, the Board issued Polaris Pharmacy Services of Tampa, located in Tampa, Florida ("Pharmacy 2"), non-resident pharmacy license #265721.

7. On or about March 19, 2019, two Board Surveyors visited Licensee for the purpose of completing a routine inspection, met with the pharmacist-in-charge, and identified the following:

a. Seven pharmacy technicians registered by the Board and employed by Pharmacy 1 and Pharmacy 2, were living in Florida but listed their current physical address as Licensee's address in Minnesota.

b. During the inspection, the Board Surveyors cited Licensee for engaging in central services with Pharmacy 1 and Pharmacy 2, by allowing pharmacy technicians working in Florida to remotely perform data entry of prescription drug information for Minnesota patients into

Licensee's Frameworks LTC prescription processing and dispensing software system ("FW-LTC"), followed by verification of the data entry by Licensee's pharmacist staff members working in Minnesota ("Central Service").

c. Prior to beginning Central Service, Licensee failed to submit a copy of its policy and procedure manual and failed to obtain Board approval to participate in a Central Service arrangement with Pharmacy 1 and Pharmacy 2.

d. Licensee disputes that it was operating a "central services arrangement" as it understands that term to be commonly used within the industry. Licensee maintains that its use of remote order entry processes was necessary under the circumstances, due to a backlog of prescription orders that had accumulated due in large part to Licensee's inability to recruit and retain sufficient staff in Minnesota during its early months of operating in the State. Nonetheless, for purposes of this stipulation, Licensee acknowledges and understands the March 2019 citation.

e. Licensee's nonsterile compounding records failed to include an assigned beyond use date ("BUD") for the final compounded drug product, or included a BUD exceeding those recommended within United States Pharmacopeia, General Chapter 795 for Pharmaceutical Compounding - Nonsterile Preparations ("USP 795"), without documentation of a reference for literature or a stability study applicable to the specific drug product allowing for extension of the BUD. Licensee avers that it responded to these findings by providing education to its staff to ensure compounded components included lot numbers, expiration dates, and BUDs, along with noting the supporting reference sources. Licensee states that it is not aware of any other issues regarding its compliance with BUD requirements since 2019.

8. On or about March 20, 2019, the Board received a complaint alleging that Licensee was utilizing pharmacy technicians from outside of Minnesota to enter prescription data. On or about April 9, 2019, a Board Surveyor reminded Licensee, after expanding its operations to 24-

hours, that pharmacy technicians working outside of its Minnesota location could not be used to help with covering the additional hours that the pharmacy is open, due to the lack of Board approved policies for Central Services with Pharmacy 1 and Pharmacy 2. As noted above, Licensee disputes that it was operating a "central services arrangement" as it understands that term to be commonly used within the industry. Licensee maintains that its use of remote order entry processes was necessary under the circumstances, due to a backlog of prescription orders that had accumulated due in large part to Licensee's inability to recruit and retain sufficient staff in Minnesota during its early months of operating in the State. Nonetheless, for purposes of this stipulation, Licensee acknowledges and understands the Board's concern regarding the use of out-of-state technicians to enter prescription data.

9. On June 11, 2019, two Board Surveyors visited Licensee for the purpose of an investigation, met with representatives of the Licensee, and identified the following:

a. The pharmacist-in-charge stated that, as far as she was aware, Pharmacy 1 and Pharmacy 2, both located in Florida, were the only two locations providing Central Services for Licensee.

b. Licensee utilized a company named IND Consulting ("IND") for emergency kit ("E-kit") billing and entry of patient information when pharmacy services are initiated in a new LTC facility. IND's website states its staff are able to provide services including, but not limited to, billing services, medical record entry, and data entry solutions, with guaranteed staffing in fully operational data centers that are open 24 hours a day and 365 days a year, located within or outside of the United States across the globe in Mexico, India, the Philippines, and Florida. During the conference with the Committee, Licensee admitted that IND consulting had been used to enter prescription data for prescription drug orders ultimately dispensed by its

Minnesota pharmacy. Licensee cannot definitively state where individuals affiliated with IND were licensed or physically located when entering such data.

c. At the end of the visit, the Board Surveyor's provided an Investigative Report requesting additional information and reminding Licensee again that it cannot engage in Central Services without Board approval.

10. On February 12, 2020, two Board Surveyors visited Licensee for the purposes of an investigation, met with representatives of Licensee, and identified the following:

a. After arriving at 4:36 a.m., one of the Board Surveyors observed two of Licensee's pharmacy technicians were allowed badge access to the pharmacy entrance prior to the arrival of RPh 3 at around 5:55 a.m. One technician was found to be working in the sterile compounding area and another was logged into Licensee's computer. A representative of Licensee later stated that three pharmacy technicians had been given keys and passcodes to access Licensee's pharmacy. During its conference with the Committee, Licensee admitted that this allegation is true, but stated that senior management took corrective action upon learning of the situation, including immediately revoking the access code of all non-pharmacists and physically rekeying all doors within the pharmacy. Licensees avers that periodic security assessments confirm that no unauthorized persons have had access to the pharmacy since February 2020.

b. Six pharmacy technicians, including the IV pharmacy technician, were present in the "filling area" with only one pharmacist, who was the second pharmacist to arrive. Another pharmacist was in an "order entry" area, a distinctly different area separated by a wall and door. The Board Surveyors were told that additional pharmacy technicians were scheduled that morning to perform non-technician "staging or stocking" duties. However, the Board Surveyors observed that the additional pharmacy technicians that were supposedly scheduled to perform non-technician duties, were filling orders in the "filling area" to be checked by the one pharmacist.

Licensee avers that is does not have sufficient information to admit or deny the Board surveyors' observations, but that company policy requires compliance with required technician-to-pharmacist ratios.

IV.

LAWS

11. Licensee acknowledges the conduct described in section III above constitutes a violation of Minn. Stat. § 151.071, subd. 2(7), and warrants the disciplinary action described below.

V.

DISCIPLINARY ACTION

The parties agree the Board may take the following disciplinary action and require compliance with the following terms:

12. The Board **REPRIMANDS** Licensee and imposes a **CIVIL PENALTY** in the amount of $50,000 for the conduct described in section III above. The civil penalty shall be paid by cashier's check or money order made payable to the Minnesota Board of Pharmacy, c/o Cody Wiberg, Executive Director, 2829 University Avenue S.E., Suite 530, Minneapolis, Minnesota 55414, within 60 days of the date of entry of this Order.

13. The Board places the following **CONDITION** on Licensee's License: every six months, for a period of three years, Licensee's CEO must certify to the Board's Executive Director that Licensee's licensed pharmacies that provide services to Minnesota residents are in full compliance with all applicable Minnesota statutes and rules.

VI.

CONSEQUENCES FOR NONCOMPLIANCE OR ADDITIONAL VIOLATIONS

14. If Licensee fails to comply with or violates this Stipulation and Consent Order, the Committee may, in its discretion, seek additional discipline either by initiating a contested case proceeding pursuant to Minnesota Statutes chapter 14 or by bringing the matter directly to the Board pursuant to the following procedure:

a. The Committee shall schedule a hearing before the Board. At least 20 days before the hearing, the Committee must mail Licensee a notice of the violation(s) alleged by the Committee. In addition, the notice must designate the time and place of the hearing. Within ten days after the notice is mailed, Licensee shall submit a written response to the allegations. If Licensee does not submit a timely response to the Board, the allegations may be deemed admitted.

b. The Committee, in its discretion, may schedule a conference with Licensee prior to the hearing before the Board to discuss the allegations and to attempt to resolve the allegations through agreement.

c. Prior to the hearing before the Board, the Committee and Licensee may submit affidavits and written argument in support of their positions. At the hearing, the Committee and Licensee may present oral argument. Argument may not refer to matters outside the record. The evidentiary record must be limited to the affidavits submitted prior to the hearing and this Stipulation and Consent Order. The Committee will have the burden of proving by a preponderance of the evidence that a violation has occurred. If Licensee has failed to submit a timely response to the allegations, Licensee may not contest the allegations, but may present argument concerning the appropriateness of additional discipline. Pursuant to this process, Licensee waives a hearing before an administrative law judge, discovery, cross-examination of

adverse witnesses, and other procedures governing hearings pursuant to Minnesota Statutes chapter 14.

d. Licensee's correction of a violation before the conference, hearing, or meeting of the Board may be taken into account by the Board but does not limit the Board's authority to impose discipline for the violation. A decision by the Committee not to seek discipline when it first learns of a violation does not waive the Committee's right to later seek discipline for that violation, either alone or in combination with other violations, at any time while Licensee's license is in a suspended status.

e. Following the hearing, the Board will deliberate confidentially. If the allegations are not proved, the Board must dismiss the allegations. If a violation is proved, the Board may impose additional discipline, including conditions or limitations on Licensee's license, a period of suspension, conditions of reinstatement, or revocation of Licensee's license.

f. Nothing herein limits the Committee's or the Board's right to temporarily suspend Licensee's license as provided in Minnesota Statutes chapters 151 and 214, based on a violation of this Stipulation and Consent Order or based on conduct of Licensee not specifically referred to herein.

VII. ADDITIONAL INFORMATION

15. Licensee waives the contested case hearing and all other procedures before the Board to which Licensee may be entitled under the Minnesota and United States constitutions, statutes, or rules.

16. Licensee waives any claims against the Board, the Minnesota Attorney General, the State of Minnesota, and their agents, employees, and representatives related to the

investigation of the conduct herein, or the negotiation or execution of this Stipulation and Consent Order, which may otherwise be available to Licensee.

17. This Stipulation and Consent Order, the files, records, and proceedings associated with this matter shall constitute the entire record and may be reviewed by the Board in its consideration of this matter.

18. Either party may seek enforcement of this Stipulation and Consent Order in any appropriate civil court.

19. Licensee has read, understands, and agrees to this Stipulation and Consent Order and has voluntarily signed the Stipulation and Consent Order. Licensee is aware this Stipulation and Consent Order must be approved by the Board before it goes into effect. The Board may either approve the Stipulation and Consent Order as proposed, approve it subject to specified change, or reject it. If the changes are acceptable to Licensee, the Stipulation and Consent Order will take effect and the order as modified will be issued. If the changes are unacceptable to Licensee or the Board rejects the Stipulation and Consent Order, it will be of no effect except as specified in the following paragraph.

20. Licensee agrees that if the Board rejects this Stipulation and Consent Order or a lesser remedy than indicated in this settlement, and this case comes again before the Board, Licensee will assert no claim that the Board was prejudiced by its review and discussion of this Stipulation and Consent Order or of any records relating to it. If the Board rejects this Stipulation and Consent Order, the parties agree that this Stipulation and Consent Order will not be admissible in any proceedings.

21. This Stipulation and Consent Order does not limit the Board's authority to proceed against Licensee by initiating a contested case hearing or by other appropriate means on the basis

of any act, conduct, or admission of Licensee which constitutes grounds for disciplinary action, and which is not directly related to the specific facts and circumstances set forth in this document.

VIII.

DATA PRACTICES NOTICES

22. This Stipulation and Consent Order constitutes disciplinary action by the Board and is classified as public data pursuant to Minnesota Statutes section 13.41, subdivision 5. Data regarding this action will be provided to data banks as required by Federal law or consistent with Board policy. While this Stipulation and Consent Order is in effect, information obtained by the Board pursuant to this Order is considered active investigative data on a licensed health professional, and as such, is classified as confidential data pursuant to Minnesota Statutes section 13.41, subdivision 4.

23. This Stipulation contains the entire agreement between the parties, there being no other agreement of any kind, verbal or otherwise, which varies this Stipulation.

Challenges Polaris Faced in Minnesota

Polaris entered the Minnesota market in November 2018. The company operates only one pharmacy in Minnesota, which is located at 5220 Park Glen Road, St. Louis Park. Polaris' early experience in Minnesota was not without its challenges, but the company has made a good faith effort to address its challenges and is constantly looking to improve.

When Polaris entered the Minnesota market, it was surprised to find a labor market (particularly for pharmacy technicians) that was much tighter than other markets in which Polaris operates and experienced more staff turnover in Minnesota than it is accustomed to in other markets. The Covid-19 pandemic obviously put an incredible amount of stress on every stakeholder in the pharmacy industry, and Polaris was no exception. The pandemic made it even more difficult for Polaris to recruit, hire, and retain talented staff.

Polaris continues to believe it did not engage in central services by having Minnesota-licensed technicians located in Florida perform remote order entry tasks in connection with prescription orders filled in Minnesota. In letters to the Board dated July 19, 2019, Polaris explained why it began using Minnesota-licensed technicians based in Florida to assist Polaris Minnesota with order entry tasks.

In sum, during its initial months of operation, Polaris faced an unanticipated and unacceptable backlog of prescription orders that needed to be filled in Minnesota. The backlog resulted largely from Polaris' inability to recruit and retain enough capable pharmacy technicians in Minnesota during the early months of operation. To address the backlog and ensure the timely delivery of prescriptions to Minnesota patients, Polaris initially had Minnesota-licensed technicians based in Florida perform order entry services on behalf of Polaris Minnesota. These technicians were experienced technicians who were licensed in Minnesota before they performed order entry work for Polaris Minnesota. Further, while performing remote order entry work from a Polaris Florida location, these technicians were connected virtually to Polaris Minnesota's physical workspace through Polaris' FrameworkLTC software platform, which is commonly used across the long-term care pharmacy industry. At all times, the work of these technicians was overseen by a licensed pharmacist at the Florida pharmacy (where the data was entered into FrameworkLTC), as well as a Minnesota-licensed pharmacist in the Minnesota pharmacy, who ultimately controlled and was responsible for the technicians' work and any prescriptions filled in connection with data they entered into the system. Additionally, until May 2019, Polaris had IND Consulting and its "Team X" do some remote order entry work for Polaris Minnesota. Aside from the order entry function, Polaris Minnesota's prescription processing and filling functions have always taken place entirely in the Minnesota pharmacy. Polaris has at times relied on similar remote order entry processes in other states without triggering central service pharmacy requirements.

Accordingly, when Polaris started using this process to help deal with the Minnesota backlog, it did not anticipate that it might be triggering central services pharmacy requirements. For this reason, Polaris initially did not submit or seek approval from the Board for a central prescription drug processing policy or procedure. In March 2019, after Board staff expressed a

view that Polaris' use of Minnesota-licensed technicians based in Florida to perform remote entry work constituted an unauthorized central service arrangement, Polaris took immediate steps to address the issue. Polaris initially flew Minnesota-licensed technicians from Florida to Minnesota, so they could be physically present in the Polaris Minnesota pharmacy while performing the same order entry functions they had been performing in Florida.

Finally, Polaris sought Board approval of several remote order entry variances, with the goal of being authorized to resume using Minnesota-licensed technicians based in Florida to perform remote order entry for Polaris Minnesota, and particularly to deal with emergencies or backlogs. When Board staff initially raised this issue in March 2019, Polaris did not believe it could immediately shift all order entry functions to its limited staff in Minnesota without compromising patient safety and welfare. At the time, Polaris was still working through the backlog, onboarding new care facilities, and working hard to locate, hire, train, and retain technicians and other staff in Minnesota in a challenging labor market. Under the circumstances, Polaris determined it was necessary to continue using Minnesota licensed, Florida-based technicians for a period of time in order to deal with the backlog and continue filling prescriptions in a timely manner for patients who needed them, while simultaneously building up its Minnesota workforce and making the changes necessary to meet the expectations of Board staff. As soon as Polaris was staffed and equipped to perform all order entry functions in Minnesota, it stopped utilizing technicians who were not physically located in Minnesota altogether. Accordingly, from June 2019 to the present, Polaris has only used Minnesota-licensed technicians physically located in the Polaris Minnesota pharmacy to perform order entry work on prescription orders filled in Minnesota. Polaris took concerns raised by Board staff over remote order entry issues seriously, and it believes it acted reasonably under the circumstances to address those concerns, while also maintaining high levels of patient care.

Polaris remained committed to working cooperatively with the Board to better understand what it must do in order to utilize remote order entry processes in the future. Polaris would always attempt to rely on technicians physically located in its Minnesota pharmacy to perform data entry and other prescription filling functions. The Board acknowledged granting variance requests to many pharmacy chains and health-systems that authorize the use of remote order entry processes. In March 2020, the Board also issued Covid-19 related guidance acknowledging that pharmacists and technicians could perform various prescription drug filling functions while working remotely—including data entry of prescriptions and orders; verifying prescriptions; certifying data entry and the finished prescriptions (i.e., the product check); conducting profile and prospective drug utilization reviews; and stage-checking for compounding—so long as affiliated pharmacies were using adequate computer software and hardware for the tasks being performed. While the Board's Covid-19 guidance evolved after Governor Walz's Peacetime Emergency declaration was rescinded, Polaris continues to believe remote order entry processes like those implemented during the first few months of Polaris' operations in Minnesota were safe, effective, and should have a place in the delivery of modern pharmacy services.

The Board approved the central services variance #265679-010 on July 13, 2022 between Polaris Pharmacy Services of Minnesota, LLC and both the Polaris Pharmacies located in Tampa and Ft. Lauderdale Florida for urgent or emergent needs.

Inspector Remarks:

Closed door outpatient pharmacy located in a business park, servicing about 200 SNFs. CSPs compounded in a prefabricated structure within pharmacy warehouse area. Inspection conducted with PIC Flynn Lew, RPH Audrey Shing and TCH Gemma Lagasca. Per PIC, about 2 CSPs compounded daily. Practice of providing unspiked piggy bags, minibag plus devices, and antibiotic vials and the labeling thereof, discussed with PIC and education provided for labeling each ingredient supplied with appropriate instructions for mixing, pursuant to a matching prescription for the unmixed ingredients rather than for the admixed IVPB. PIC to communicate a plan after review.

INSPECTION REPORT

Documents reviewed: 6/14-6/16/2023
Date of Inspection: 6/19/2023

LSC RENEWAL INSPECTION:
Compounding Area: ISO 8 positive pressure anteroom with clean/dirty sides, sink, eyewash, garbing, rack and cleaning supplies, leads to a positive pressure ISO 7 non-HD buffer room with carts, an ISO 5 LFW and a passthrough window with interlocking door connecting to the non-ISO classified pharmacy. Per PIC, the pass through is cleaned, but never used. Advised labeling the pass through as non-usable, to ensure compliance with PIC's instructions, by all pharmacy staff.
Certification/Smoke pattern video: via CRS 2/2/2023. Smoke video of PEC provided to view.
Environmental viable sampling: viable volumetric air and surface sampling in all ISO classified areas, via CRS- last 2/2/2023. In-house surface sampling in PEC available and reviewed with RPH Shing. Discussed compliance with upcoming USP 797, effective 11/1/2023.
Hazardous Drugs Compounding: none, per PIC.
Record Keeping Requirements:

- Master Formula: in table format. Reviewed for ertapenem and discussed BUDs based on stability, sterility
- Compounding Worksheets: reviewed for ertapenem, micafungin. Date prepared and Rx date are inaccurate. Documentation of quality reviews and post compounding steps by RPH unavailable. PIC to review and provide plan of compliance with documentation of reviews, steps and date compounded on compounding log.
- Label: date compounded; 'compounded by' notification; storage: available on CSPs. Label for ceftriaxone dispensed as separate vials, bags and minibag plus adapters but labeled with instructions for infusion, and not instructions for mixing. Rx order is for admixed ceftriaxone, per PIC. Please review and advise on changes to be made to practice, labeling, prescription orders.
- Cleaning Documentation: daily, weekly, monthly cleaning logs reviewed- use of PeriDox monthly and PeriDox/PreEmpt daily in weekly alternating cycles noted.
- Refrigerator/Freezer/Room/Incubator Temp., Pressure: Excel logs available. Continuous monitoring w/notification via GoVee, and audible alarm for pressure available in 24 hour pharmacy.
- Training: written, video, gloved finger tip sampling, medium risk media fill, observational validation provided for RPH Tiffany Nguyen was reviewed and lack of observational validation of demonstrated daily, weekly, monthly cleaning tasks pointed out to PIC. Please remedy for all compounding staff and their supervising RPHs.

Protective Clothing: observed during inspection and reviewed in training
Policy and Procedures: PIC tasked with review and revision based on current practice and current regulations.

- Actions when viable sampling levels are exceeded: Please review as discussed
- Training of staff: Please revise based on gaps in administered competencies for RPH Nguyen.
- Hand hygiene and garbing: available
- Cleaning of Facilities/Equipment: spot checked.
- Annual review by PIC: completed 6/14/2023, per PIC. Education provided on reviewing P&Ps against regulations and practice to gauge compliance with the stricter standards.
- Recall of compounded drugs; ADRs: available. Please review and revise for definition of ADRs, recall of CSPs compounded by pharmacy which fall below minimum standards of integrity potency, quality and labeled strength, and for notification to Board.
- Documentation used to determine BUD: Please revise to current strictest standards.
- Qualitative/Quantitative Analysis/frequency: Policy requires testing annually. PIC educated on current standards requiring more than one qualitative and quantitative analysis per year. Please revise. Practice is to send 2 CSPs annually (twice a year) for potency, sterility and endotoxin testing- results from January and May 2023 from ARL available for review.

Education: New USP 797, 800 enforceable 11/1/2023 for facility requirements, viable sampling, activities considered as compounding

Inspector Remarks:

Closed door outpatient pharmacy located in a business park, servicing about 200 SNFs. CSPs compounded in a prefabricated structure within pharmacy warehouse area. Inspection conducted with PIC Flynn Lew, RPH Audrey Shing and TCH Gemma Lagasca. Per PIC, about 2 CSPs compounded daily. Practice of providing unspiked piggy bags, minibag plus devices, and antibiotic vials and the labeling thereof, discussed with PIC and education provided for labeling each ingredient supplied with appropriate instructions for mixing, pursuant to a matching prescription for the unmixed ingredients rather than for the admixed IVPB. PIC to communicate a plan after review.

INSPECTION REPORT

Documents reviewed: 6/14-6/16/2023
Date of Inspection: 6/19/2023

LSC RENEWAL INSPECTION:
Compounding Area: ISO 8 positive pressure anteroom with clean/dirty sides, sink, eyewash, garbing, rack and cleaning supplies, leads to a positive pressure ISO 7 non-HD buffer room with carts, an ISO 5 LFW and a passthrough window with interlocking door connecting to the non-ISO classified pharmacy. Per PIC, the pass through is cleaned, but never used. Advised labeling the pass through as non-usable, to ensure compliance with PIC's instructions, by all pharmacy staff.
Certification/Smoke pattern video: via CRS 2/2/2023. Smoke video of PEC provided to view.
Environmental viable sampling: viable volumetric air and surface sampling in all ISO classified areas, via CRS- last 2/2/2023. In-house surface sampling in PEC available and reviewed with RPH Shing. Discussed compliance with upcoming USP 797, effective 11/1/2023.
Hazardous Drugs Compounding: none, per PIC.
Record Keeping Requirements:

- Master Formula: in table format. Reviewed for ertapenem and discussed BUDs based on stability, sterility
- Compounding Worksheets: reviewed for ertapenem, micafungin. Date prepared and Rx date are inaccurate. Documentation of quality reviews and post compounding steps by RPH unavailable. PIC to review and provide plan of compliance with documentation of reviews, steps and date compounded on compounding log.
- Label: date compounded; 'compounded by' notification; storage: available on CSPs. Label for ceftriaxone dispensed as separate vials, bags and minibag plus adapters but labeled with instructions for infusion, and not instructions for mixing. Rx order is for admixed ceftriaxone, per PIC. Please review and advise on changes to be made to practice, labeling, prescription orders.
- Cleaning Documentation: daily, weekly, monthly cleaning logs reviewed- use of PeriDox monthly and PeriDox/PreEmpt daily in weekly alternating cycles noted.
- Refrigerator/Freezer/Room/Incubator Temp., Pressure: Excel logs available. Continuous monitoring w/notification via GoVee, and audible alarm for pressure available in 24 hour pharmacy.
- Training: written, video, gloved finger tip sampling, medium risk media fill, observational validation provided for RPH Tiffany Nguyen was reviewed and lack of observational validation of demonstrated daily, weekly, monthly cleaning tasks pointed out to PIC. Please remedy for all compounding staff and their supervising RPHs.

Protective Clothing: observed during inspection and reviewed in training
Policy and Procedures: PIC tasked with review and revision based on current practice and current regulations.

- Actions when viable sampling levels are exceeded: Please review as discussed
- Training of staff: Please revise based on gaps in administered competencies for RPH Nguyen.
- Hand hygiene and garbing: available
- Cleaning of Facilities/Equipment: spot checked.
- Annual review by PIC: completed 6/14/2023, per PIC. Education provided on reviewing P&Ps against regulations and practice to gauge compliance with the stricter standards.
- Recall of compounded drugs; ADRs: available. Please review and revise for definition of ADRs, recall of CSPs compounded by pharmacy which fall below minimum standards of integrity potency, quality and labeled strength, and for notification to Board.
- Documentation used to determine BUD: Please revise to current strictest standards.
- Qualitative/Quantitative Analysis/frequency: Policy requires testing annually. PIC educated on current standards requiring more than one qualitative and quantitative analysis per year. Please revise. Practice is to send 2 CSPs annually (twice a year) for potency, sterility and endotoxin testing- results from January and May 2023 from ARL available for review.

Education: New USP 797, 800 enforceable 11/1/2023 for facility requirements, viable sampling, activities considered as compounding

INSPECTION REPORT

Please provide the following to Inspector Patell at suzy.patell@dca.ca.gov, no later than 6/24/2023:
1. Plan of compliance with accurate documentation of the date a CSP is compounded on each compounding record.
2. Changes made to practice of minibag plus adapter, bag and vial dispensing to comply with labeling, prescription orders. Please provide an example to illustrate.
3. Revised P&Ps for: BUD determination; Quality assurance for end product testing; Recalls; ADRs: actions when viable sampling levels are exceeded.

SUBJECT: WORK SURFACE SAMPLING	REFERENCE #1006
	PAGE: 1 OF: 3
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: FLYNN LEW	REVISED: 06/21/2023

PURPOSE:

- To evaluate work surface cleaning and disinfection procedures, and staff competency. Potential sources of contamination in the compounding areas include improperly disinfected work surfaces, inadvertent touch contact by compounding personnel, damaged HEPA filters, improper room ventilation, and changes in personnel garbing procedures. Surface testing highlights conditions contributing to excessive microbial and particulate levels due to ineffective cleaning or personnel/equipment issues.

GENERAL POLICY:

- Surface sampling shall be completed in all ISO classified areas monthly.
- Sampling shall be performed at the end of compounding with QI EnviroTest™ Media Paddles for the sampling. Once sampling has occurred, plates are incubated to promote growth, the microorganisms are counted, and results reported as the number of colonies forming units (CFUs) per area sampled.
- Surface sampling must be performed at the end of compounding activity or shift, but before the area has been cleaned and disinfected.
- For each classified area the sampling, testing, cleaning, and retesting must be conducted monthly.

  ➢ Locations to be sampled are:

  Viable Outer Hood Surface
  - Right Hand Surface-HS1
  - Center Hand Surface- HS2
  - Left Hand Surface – HS3

  Viable Inner Hood Surface
  - Right Hand Surface - VA1
  - Center Hand Surface -VA2
  - Left Hand Surface -VA3

  Viable Outside Hood (sterile room door handle) - VA4

- Results shall be reported as CFU per unit of surface area.
- Any CFU growth reported shall prompt an immediate review of policies and procedures, staff competency and air filtration efficacy within the aseptic compounding area. Deficiencies shall be corrected as soon as possible.

SUBJECT: WORK SURFACE SAMPLING	REFERENCE #1006
	PAGE: 2 OF: 3
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: FLYNN LEW	REVISED: 06/21/2023

- If microbial growth is elevated consistently, a review of garbing, cleaning and compounding practices shall be performed and documented with follow up personnel training.

- CFU counts that exceed the action level shall be reported to the Pharmacist-in-Charge.

PROCEDURE

1. Surface Sampling
   1.1 Flat surfaces: Surface collection with use of contact plates is by gently pressing the media paddle surface plate to the sample surface. Using a rolling motion, with a light uniform pressure, to ensure that the entire surface of the paddle will contact the sample surface. Immediately following the sampling, the area shall be thoroughly wiped with a non-shedding towel soaked in sterile 70% IPA.
   1.2 Irregular surfaces: A sterile, cotton-tipped swab is moistened with sterile water and swabbed over such surfaces and into the corners of equipment. For other irregular surfaces, the swab should be rubbed over a surface area roughly the same size as the base of the contact plate three times in an opposite direction between each successive stroke. Following sampling, the swab head should be gently rotated over the surface of the media paddle three times, again rolling in opposite direction between each successive stroke.
   1.3 After collecting each sample, it is then placed in its container, sealed shut, and labeled.
   1.4 After sampling, the sampled area must be thoroughly cleaned and disinfected.

2. Incubation and Counting

   2.1 The media paddles are placed in an incubator.

      2.11 30°-35°C (86°-95°F) for no less than 48 hours, examine and record, THEN

      2.12 20°-25°C (68°-77°F) for no less than five (5) additional days, examine and record

   2.2 After incubation, the plates are removed from the incubator and the colonies counted. Record the total number of discrete colonies of microorganisms on each device as CFU per sample on the environmental sampling form. Note that counting areas containing a profuse growth may lead to considerable error.

SUBJECT: WORK SURFACE SAMPLING	REFERENCE #1006
	PAGE: 3
DEPARTMENT: MED-PLUS PHARMACY IV	OF: 3
	EFFECTIVE: 05/04/09
APPROVED BY: FLYNN LEW	REVISED: 06/21/2023

2.3 Spreading colonies should be counted as one, but care should be taken to observe other distinct colonies intermingled in the growth around the plate periphery or along a hairline. These should also be counted as one colony, as should be colored colonies and halo-type spreaders.

2.5 After the colony counting results are documented, the paddles are placed in a biohazard bag and disposed of accordingly.

2.6 When testing is completed for ISO Class 5 devices or hoods, clean the hood and test areas with sterile 70% isopropyl alcohol.

2.7 Colony counts exceeding recommended action levels for microbial contamination shall be met with remedial action. Recommended action levels with regard to ISO classification with surface sampling include:

2.7.1 ISO Class 5: >3 cfu per contact plate;
2.7.2 ISO Class 7: >5 cfu per contact plate; and
2.7.3 ISO Class 8 or worse: >50 cfu per contact plate.

If levels measured during surface sampling exceed the levels listed above, an attempt must be made to identify any microorganism recovered to the genus level.

2.8 The Pharmacist-In-Charge or designee shall determine the course of action to resolve any problems of this nature. The corrective action plan must be dependent on the cfu count and microorganism recovered. Corrective actions include:

2.8.1 Process or facility improvements
2.8.2 Personnel training
2.8.3 Cleaning and disinfecting
2.8.4 HEPA filter replacement and/or repair.

2.9 Corrective Action Plan
2.9.1 Investigation extent shall be consistent with the deviation and include evaluation of trends.
2.9.2 Corrective action plan results shall be documented.
2.9.3

DOCUMENTATION

A Surface Testing Log is used to document results and shall be maintained in the pharmacy for a minimum of three (3) years.

SUBJECT: QUALITY ASSURANCE PROCEDURES	REFERENCE #1010
	PAGE: 1
DEPARTMENT: MED-PLUS PHARMACY IV	OF: 1
	EFFECTIVE: 05/04/09
APPROVED BY: FLYNN LEW	REVISED: 06/19/2023

POLICY:

1. Policy for the quality assurance procedures involved in the Compounding of Sterile Products (CSPs).

PROCEDURE:

1. Routine cleaning and disinfection of direct compounding areas to minimize surface contamination. (See reference section #1031, #1032, #1033, #1034)

2. Air quality testing of the direct compounding environment is conducted every 6 months by Certifying Agency (Cleanroom Certification Company) (see reference section #1028).

    a. Air quality testing of the immediate compounding area, i.e., laminar airflow workbench to ensure maintenance of ISO Class 5 air quality.

3. Surface Sampling is performed by IV pharmacy staff monthly and documented (see Attachment E).

4. Visual validation of compounding personnel wearing the appropriate personal protective equipment, gowns, head and shoe covers, masks, and goggles, as appropriate.

5. Documented review of physicians' orders and ingredients used, including correct amount of the ingredients.

6. Final product inspection for particulates, cloudiness, abnormal discoloration, package integrity, correct and complete labeling.

7. Media-fill tests, fingered glove test, hand hygiene and garbing observation, IV competency assessment and written exam performed and passed initially and twice-yearly by all compounding personnel. (see reference section #1004, #1005)

8. Process validation is verified by qualitative and quantitative end-product analysis for sterility, potency, and endotoxin twice yearly.

    a. End product testing is performed by a third-party laboratory.
    b. Samples are properly prepared and are verified by pharmacist at each step.
    c. Samples are then sent for third party quantitative and qualitative analysis.
    d. Results are reviewed by the Pharmacist in Charge, IV Supervisor Pharmacist and IV Supervisor Technician.
    e. If results are outside of the acceptable range – processes are reviewed, and a new sample is resubmitted for validation of the processes.

	PAGE: 1 OF: 2
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 06/04/20
APPROVED BY: FLYNN LEW PHARM.D.	REVISED: 06/22/23

POLICY:

A. Assigning beyond-use dates (BUD) for CSPs is based on parameters that may affect quality, and the achievement and maintenance of sterility.

B. Determining BUD for CSP

1. Quality may be affected by the following parameters:

   a. Chemical and physical stability properties of the drug and or its formulation

   b. Materials of composition of the container closure system and compatibility of the container closure system with the final preparation (e.g., leachable, interactions, adsorption, and storage conditions).

2. Sterility achievement and maintenance may be affected by the following factors:

   a. Conditions of the environment in which the CSP is prepared.
   b. Aseptic processing and sterilization method
   c. Starting components (e.g., sterile vs nonsterile ingredients)
   d. Whether or not sterility testing is performed
   e. Storage conditions (e.g., packaging and temperature).

3. Each CSP formula record shall note the appropriate storage conditions and the BUD assigned.

4. The BUD must not exceed the shortest remaining expiration date of any of the commercially available starting components.

MEDWATCH
Consumer Voluntary Reporting (FORM FDA 3500B)

When do I use this form?

- You were hurt or had a bad side effect (including new or worsening symptoms) after taking a drug or using a medical device or product.
- You used a drug, product, or medical device incorrectly which could have or led to unsafe use.
- You noticed a problem with the quality of the drug, product or medical device.
- You had problems with how a drug worked after switching from one maker to another maker.

Don't use this form to report:

- Vaccines – report problems to the Vaccine Adverse Event Reporting System (VAERS).
- Investigational drugs or medical devices (those being studied) – report problems to your doctor or to the contact person listed in the clinical trial.
- Animal Drug, Device, Pet Food and Livestock Feed Problems – report problems to FDA's Center for Veterinary Medicine.
- Tobacco products – report health or product problems to the Safety Reporting Portal (SRP) https://www.safetyreporting.hhs.gov or call 1-877-287-1363.
- Food, cosmetic or dietary supplement products – report problems to the SRP https://www.safetyreporting.hhs.gov/SRP2.

Will the information I report be kept private?

The FDA recognizes that privacy is an important concern, so you should know:

- We ask only for the name and contact information of the person filling out the form in case we need more information.
- Your name and contact information may be shared with the company that makes the product to help them better understand the problem you are reporting, unless you request otherwise (see Section F).

What types of products should I use this form for?

- Prescription and over-the-counter drugs, therapeutic biologics and biosimilars including monoclonal antibodies, and biologics, such as human cells and tissues used for transplantation (for example, tendons, ligaments, and bone) allergenics and gene therapies.
- Medical devices, including any health-related kit, test, tool, or piece of equipment (such as breast implants, pacemakers, diabetes glucose-test kits, hearing aids, breast pumps, and many others)
- Cosmetics such as moisturizers, makeup, shampoos and conditioners, face and body washes, deodorants, nail care products, hair dyes and relaxers, and tattoos
- Foods (including beverages and ingredients added to foods)

Are there specific instructions for filling out the form?

- Fill in as much information as possible and send in the report even if you do not have all the information.
- You can fill out this form yourself or have someone fill it out for you. If you need help, you may want to talk with your health professional.
- Feel free to include or attach an image of the product. Please do not send the products to the FDA.

How will I know the FDA has received my form?

- You will receive a reply from the FDA after we receive your report. We will personally contact you only if we need additional information.
- Your report will become part of a database so that it can be reviewed and compared to other reports by an FDA safety evaluator who will determine what steps to take.

How can I contact the FDA if I have questions?

SUBJECT: POLICY AND PROCEDURE FOR DRUG RECALL	REFERENCE #1102
	PAGE: 1 OF: 3
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: FLYNN LEW	REVISED: 06/20/2023

DEFINITIONS

- The FDA has classified recalls according to the following guidelines:
- **Class I**: A situation in which there is reasonable probability that the use of, or exposure to, a volatile product will cause serious adverse health consequences or death.
- **Class II**: A situation in which the use of, or exposure to, a volatile product may cause temporary or medically reversible adverse health consequences or where the probability of serious adverse health consequences is remote.
- **Class III**: A situation in which the use of, or exposure to, a volatile product is not likely to cause adverse health consequences.

POLICY

- All recalled products would be removed from the compounding storage area, storage shelves and will-call area if a compounded prescription was compounded with the recalled product. The recalled product(s) will be quarantined until returned to the manufacturer or destroyed as per manufacturer instructions. In the event it is discovered that a compounded product does not pass our quality control, it is our policy to remove the product from out compounding area. In the event quality verification demonstrates the potential for adverse effects with continued use of the compounded drug product, patients who have received the compounded product would be notified and if possible, the compounded product would be recovered, in addition the prescriber and the state board of pharmacy will be notified.

PROCEDURES

- Identification of Product Recall Information: At our Pharmacy, product recall information is identified through several methods, including notification from the wholesaler, manufacturer, California State Board of Pharmacy and/or the FDA. Notification will typically be in written form via fax, e-mail, or mail.. This notification will be directed to or immediately forwarded to the Pharmacist-in- charge and/or compounding technician.

- Product Recall Assessment/Inventory Detection: Following receipt of recall information, the receiving party will determine if the product is stocked within the areas listed above.
- Recall Action/Information Dissemination
- Target Product Not Stocked: If the recalled product is not stocked, the following information is documented directly on the recall notice: identification of the product not being stocked, date, action, and initials of the reviewer. Records will be maintained in a binder.
- Target Product Stocked: Class II and III Recall:
- Identification: The pharmacist-in-charge and/or compounding technician will identify the location of the recalled medications
- Disposal/Return: Once the targeted item is identified the appropriate actions are taken in accordance with the manufacturer's recommendations and guidelines. The pharmacist-in-charge and/or compounding technician will supervise and ensure the removal of recalled product from stock immediately, quarantine and disposal/return via recall guidelines.
- Documentation: Retrieval and disposal/return of recalled product will be documented on the recall form sent from the manufacture/wholesaler by the pharmacist- in-charge and will include: date, recall classification, return date, quantity of stock, disposition, and initials. Records will be maintained in a binder
- Target Product stocked : Class I Recall - Because Class I recalls can have serious health consequences; the following additional measures will be taken in such cases
- Identification: The pharmacist-in-charge and/or compounding technician will identify the location of the recalled medications.
- Disposal/Return: Once the targeted item is identified the appropriate actions are taken in accordance with the manufacturer's recommendations and guidelines. The pharmacist-in-charge and/or compounding technician will supervise and ensure the removal of recalled product from stock immediately, quarantine, and disposal/return via recall guidelines
- Documentation: Retrieval and disposal/return of recalled product will be documented on the recall form sent from the manufacture/wholesaler by the pharmacist-in-charge and will include: date, recall classification, return date, quantity of stock, disposition, and initials. Records will be maintained in a binder.

	PAGE: 3 OF: 3
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: FLYNN LEW	REVISED: 06/20/2023

- Identification of Patients Receiving Recall Medication: The pharmacy will identify, via the pharmacy computer system, a list of patients who potentially received the targeted product. The pharmacy will then attempt to contact each patient by phone and/or by mail if the patient cannot be reached by phone.

- Notification
  - Issuance of a recall notice of a sterile compounded drug notice shall be done as soon as possible and notifications of the following entities, within 12 hours of the recall notice release:
    - Prescriber
    - Patient
    - State Board of Pharmacy
  - The 12-hour notification is mandated if: use of or exposure to the recalled drug may cause serious adverse health consequences or death within the state of California.

2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		✓
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✓
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✓
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✓
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

I, FLYNN LEW, **certify that as the designated representative for**

POLARIS PHARMACY SERVICES,

that I (initial that you have read and meet the following requirements) (NAC 639.5005, NAC 639.5935):

1. (1) I am at least 21 years of age;
3. (C) I have been employed for at least 6,000 hours in a pharmacy or with a wholesaler in a capacity related to the dispensing and distribution of, and recordkeeping related to, prescription drugs.
4. (C) I will be actively involved in and aware of the actual daily operations of the pharmacy or wholesaler;
5. (2) I will be employed full-time in a managerial level position with the pharmacy or wholesaler;
6. (C) I will be physically present at site of the pharmacy or at the facility of the wholesaler during regular business hours, except when the absence of the representative is authorized, including sick leaves, vacation leaves and other authorized absences; and
7. (N) I will serve in this representative capacity for only one pharmacy or wholesaler at a time.

Sterile Compounding Questionnaire

Rev (08/02/2022)

This application cannot be returned by fax or email.
We must have an original signature to process.

Approval of this completed questionnaire is required for an existing pharmacy, new pharmacy and/or out-sourcing facility applicant who wish to engage in preparing, compounding, dispensing, and furnishing sterile compounded products to Nevada patients or consumers.

Please provide a thorough response to the questions below and provide any necessary supporting documents.
-For a new pharmacy or out-sourcing facility applicant, submit this completed form with your application.
-For an existing pharmacy, send the completed form to the address indicated above.

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)? ☐ Low ☒ Medium ☐ High
If you marked "High", you must also complete section 4.

2. Will you be performing sterile hazardous drug compounding? ☐ Yes ☒ No
If you marked "Yes", you must also complete section 3.

3. List the sterile compounded products that you will be compounding for Nevada patients or consumers:
Prospective drugs:
Aminoglycosides (tobramycin, amikacin, gentamicin)
Vanocomycin (non-standard strengths)
Amphotericin b
Cefazolin (non-standard strengths)
Cefepime (non-standard strengths)
Cefoxitin (non-standard strengths)
Ceftaroline (Teflaro)
Ceftazidime (non-standard strengths)
Zerbaxa (non-standard strengths)
Daptomycin
Ertapenem (non-standard strengths)
Primaxin (non-standard strengths)
Meropenem (non-standard strength

4. Will you be utilizing beyond use dates in excess of USP-797? ☐ Yes ☒ No

5. If yes, describe the additional testing performed on your products to validate the extended BUD:

6. What laboratory performs this additional testing?

Name: _____

Address: _____

City: _____ State: _____ Zip: _____

Telephone: _____

7. What is your procedure for visual inspection of compounded sterile products?
All final release procedures will include a visual inspection for particulate matter and turbidity.

8. How often do you perform glove fingertip and medial fill testing?
Every 6 months per USP <797> guidance for all designated compounding personnel.

9. What is your policy if an employee fails a glove fingertip or media-fill test?
It will require repeating the didactic training and retesting. Repeat of the gloved fingertip and media fill testing for no fewer than three separate times.

10. Describe your initial and annual training program for all personnel performing sterile compounding:
The designee must demonstrate knowledge and competency of core skills in the following: hand hygiene, garbing, cleaning and disinfection, calculations, measuring, and mixing, aseptic teechnique, use of equipment, proper documentation of the compounding process on compounding records, proper use of the PEC's, principles of movement of materials and personnel within the ISO Class 5 compounding area.

11. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:
See separate attachment

12. Who performs the sterile compounding process at your facility?
Designated IV technicians.

13. Who is responsible and accountable for the sterile compounding process at your facility?
The lead IV pharmacist supervisor, Audrey Shing.

14. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?
Refrigerated items will be packaged and shipped in styrofoam shipping containers with ice bricks overnight to the destinations. Ice brick quantity is determined by established cold-chain studies.

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)		
1. What type of primary engineering controls will you be using in your facility?		
2. Is your BSC or CACI vented 100% to the outside?	☐ Yes	☐ No
3. Do you have a negative pressure buffer room at your facility?	☐ Yes	☐ No
4. Will you be compounding with antineoplastic HDs or HD API?	☐ Yes	☐ No
5. If yes, are the drugs stored in an externally ventilated, negative pressure room?	☐ Yes	☐ No
6. Will you be utilizing a closed system transfer device?	☐ Yes	☐ No
7. If yes, list the name of the device:		
8. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers?		
9. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?		

Section 4: Sterile High Risk Compounding Questions (Complete this section ONLY if you will be performing High Risk Compounding.)

1. List the specific high risk sterile products that your facility compounds:

2. What sterilization methods are utilized at your facility?

3. Does your facility utilize biological indicators? ☐ Yes ☐ No

4. If yes, describe how they are utilized:

I certify under penalty of perjury that the information contained in this form is accurate, true and complete in all material respects. DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: FLYNN LEW	REVISED: 06/08/2020

POLICY:

- All compounding policies and procedure will follow USP General Chapter <797> Pharmaceutical Compounding - Sterile Preparations.
- The policies in this manual apply to healthcare professionals in institutions where sterile preparations are compounded, stored and dispensed.
- These regulations do not apply in situations where medications are compounded for immediate use, such as when nurses prepare IV solutions for immediate administration or when a satellite pharmacy prepares an urgent or emergency (STAT) IV dose.

SUBJECT: COMPOUNDED STERILE PREPARATIONS - OPERATING PROCEDURES MANUAL	REFERENCE #1003
DEPARTMENT: MED-PLUS PHARMACY IV	PAGE: 1 OF: 2
	EFFECTIVE: 05/04/09
APPROVED BY: FLYNN LEW	REVISED: 06/08/20

POLICY:

A. The Pharmacy Department will have a standard operating procedures manual for compounded sterile preparations (CSPs).

B. Policies and procedures will reference USP <797> requirements, the most current literature available, and specific state regulations.

C. The Pharmacist-in-Charge will maintain, review and update the Sterile Compounding Policies & Procedure manual annually and as needed.

D. The manual will include a copy of the master formula record for each CSP prepared in the Pharmacy Department.

E. Each CSP formula record will include (not all inclusive):

1. CSP formula
2. Beyond-use date
3. Appropriate storage conditions

F. At a minimum the manual should address:

1. Access to buffer or clean area and appropriate activities conducted within the buffer or clean area
2. Traffic flow in and out of buffer or clean area
3. Management of supplies, including storage
4. Personnel attire and conduct required for the buffer or clean area
5. Cleaning and sanitizing activities

SUBJECT: COMPOUNDING STAFF GLOVED FINGERTIP SAMPLING	REFERENCE #1005
	PAGE: 2 OF: 2
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: FLYNN LEW	REVISED: 06/08/2020

E. Media paddles shall be covered using aseptic technique and incubated per manufacturer instructions as follows:

1. 30-35ºC (86ºF to 95ºF) for a minimum of forty-eight (48) hours, THEN

2. 20-25ºC (68ºF to 77ºF) for a minimum of an additional five (5) days.

F. Immediately after sampling is done, the employee should remove and dispose of the gloves and perform hand hygiene.

G. Successful completion of the gloved fingertip sampling is zero (0) colony-forming unit (CFU). Results should be reported separately as the number of CFU's per hand. New infusion staff must complete successfully at least three (3) times.

H. Results should be read, documented and trended utilizing the *Gloved Fingertip Sampling Log*.

I. Action levels shall be triggered when a sample indicates three (3) CFUs or greater. The CFU action level for gloved hands shall be based on the number of CFUs on both gloved hands, not per hand. Follow up personnel education should include proper hand washing/hand hygiene, garbing procedures and general compounding procedures.

SUBJECT: WORK SURFACE SAMPLING	REFERENCE #1006
	PAGE: 1
DEPARTMENT: MED-PLUS PHARMACY IV	OF: 3
	EFFECTIVE: 05/04/09
APPROVED BY: FLYNN LEW	REVISED: 06/21/2023

PURPOSE:

- To evaluate work surface cleaning and disinfection procedures, and staff competency. Potential sources of contamination in the compounding areas include improperly disinfected work surfaces, inadvertent touch contact by compounding personnel, damaged HEPA filters, improper room ventilation, and changes in personnel garbing procedures. Surface testing highlights conditions contributing to excessive microbial and particulate levels due to ineffective cleaning or personnel/equipment issues.

GENERAL POLICY:

- Surface sampling shall be completed in all ISO classified areas monthly.
- Sampling shall be performed at the end of compounding with QI EnviroTest™ Media Paddles for the sampling. Once sampling has occurred, plates are incubated to promote growth, the microorganisms are counted, and results reported as the number of colonies forming units (CFUs) per area sampled.
- Surface sampling must be performed at the end of compounding activity or shift, but before the area has been cleaned and disinfected.
- For each classified area the sampling, testing, cleaning, and retesting must be conducted monthly.

  ➢ Locations to be sampled are:

  Viable Outer Hood Surface
  - Right Hand Surface-HS1
  - Center Hand Surface- HS2
  - Left Hand Surface – HS3

  Viable Inner Hood Surface
  - Right Hand Surface - VA1
  - Center Hand Surface -VA2
  - Left Hand Surface -VA3

  Viable Outside Hood (sterile room door handle) - VA4

- Results shall be reported as CFU per unit of surface area.
- Any CFU growth reported shall prompt an immediate review of policies and procedures, staff competency and air filtration efficacy within the aseptic compounding area. Deficiencies shall be corrected as soon as possible.

SUBJECT: WORK SURFACE SAMPLING	REFERENCE #1006
	PAGE: 2
DEPARTMENT: MED-PLUS PHARMACY IV	OF: 3
	EFFECTIVE: 05/04/09
APPROVED BY: FLYNN LEW	REVISED: 06/21/2023

- If microbial growth is elevated consistently, a review of garbing, cleaning and compounding practices shall be performed and documented with follow up personnel training.

- CFU counts that exceed the action level shall be reported to the Pharmacist-in-Charge.

PROCEDURE

1. Surface Sampling
   1.1 Flat surfaces: Surface collection with use of contact plates is by gently pressing the media paddle surface plate to the sample surface. Using a rolling motion, with a light uniform pressure, to ensure that the entire surface of the paddle will contact the sample surface. Immediately following the sampling, the area shall be thoroughly wiped with a non-shedding towel soaked in sterile 70% IPA.
   1.2 Irregular surfaces: A sterile, cotton-tipped swab is moistened with sterile water and swabbed over such surfaces and into the corners of equipment. For other irregular surfaces, the swab should be rubbed over a surface area roughly the same size as the base of the contact plate three times in an opposite direction between each successive stroke. Following sampling, the swab head should be gently rotated over the surface of the media paddle three times, again rolling in opposite direction between each successive stroke.
   1.3 After collecting each sample, it is then placed in its container, sealed shut, and labeled.
   1.4 After sampling, the sampled area must be thoroughly cleaned and disinfected.

2. Incubation and Counting

   2.1 The media paddles are placed in an incubator.

      2.11 30°-35°C (86°-95°F) for no less than 48 hours, examine and record, THEN

      2.12 20°-25°C (68°-77°F) for no less than five (5) additional days, examine and record

   2.2 After incubation, the plates are removed from the incubator and the colonies counted. Record the total number of discrete colonies of microorganisms on each device as CFU per sample on the environmental sampling form. Note that counting areas containing a profuse growth may lead to considerable error.

SUBJECT: WORK SURFACE SAMPLING	REFERENCE #1006
	PAGE: 3 OF: 3
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: FLYNN LEW	REVISED: 06/21/2023

2.3 Spreading colonies should be counted as one, but care should be taken to observe other distinct colonies intermingled in the growth around the plate periphery or along a hairline. These should also be counted as one colony, as should be colored colonies and halo-type spreaders.

2.5 After the colony counting results are documented, the paddles are placed in a biohazard bag and disposed of accordingly.

2.6 When testing is completed for ISO Class 5 devices or hoods, clean the hood and test areas with sterile 70% isopropyl alcohol.

2.7 Colony counts exceeding recommended action levels for microbial contamination shall be met with remedial action. Recommended action levels with regard to ISO classification with surface sampling include:

2.7.1 ISO Class 5: >3 cfu per contact plate;
2.7.2 ISO Class 7: >5 cfu per contact plate; and
2.7.3 ISO Class 8 or worse: >50 cfu per contact plate.

If levels measured during surface sampling exceed the levels listed above, an attempt must be made to identify any microorganism recovered to the genus level.

2.8 The Pharmacist-In-Charge or designee shall determine the course of action to resolve any problems of this nature. The corrective action plan must be dependent on the cfu count and microorganism recovered. Corrective actions include:

2.8.1 Process or facility improvements
2.8.2 Personnel training
2.8.3 Cleaning and disinfecting
2.8.4 HEPA filter replacement and/or repair.

2.9 Corrective Action Plan

2.9.1 Investigation extent shall be consistent with the deviation and include evaluation of trends.
2.9.2 Corrective action plan results shall be documented.
2.9.3

DOCUMENTATION

A Surface Testing Log is used to document results and shall be maintained in the pharmacy for a minimum of three (3) years.

	PAGE: 1 OF: 1
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: FLYNN LEW	REVISED: 06/08/2020

POLICY:

A. Compounded sterile preparations include those preparations that:

1. Any manipulation of a sterile product intended to produce a sterile final product.
2. The pharmacy does not utilize non-sterile ingredients in the preparation of a sterile final product.

B. Compounded sterile preparations also include the following that meet either of the above characteristics:

1. Biologics
2. Diagnostics
3. Drugs
4. Nutrients

SUBJECT: STERILE COMPOUNDING - STAFF COMPETENCY	REFERENCE #1004
	PAGE: 1 OF: 2
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: FLYNN LEW	REVISED: 06/08/2020

POLICY:

A. This Pharmacy Department shall demonstrate, assess, maintain and improve staff competency on an ongoing basis.

B. Competency assessment of staff is based on the following:

1. Patient population served

2. The specific competencies required by the pharmacy (safety, equipment, infection control)

3. The specific competencies that need to be assessed and reassessed on an ongoing basis, based on techniques, procedures, technology, equipment and skills needed to perform specified job responsibilities.

4. Only those individuals who are qualified through license, experience, and training to assess sterile compounding skills will conduct competency assessments

C. Compounding personnel will receive didactic instruction in the theory and practice of compounded sterile preparations before assuming compounding responsibilities.

1. Didactic written assessment test will be conducted annually.

2. Competence assessment for compounding personnel will include:

   a. Achieving and maintaining ISO Class 5 PEC devices
   b. Safety procedures
   c. Achieving and maintaining ISO Class 5 PEC devices
   d. CSPs:
      i. Identification
      ii. Accurate measuring, weighing, dilution and mixing of ingredients
      iii. Packaging
      iv. Labeling
      v. Storage
      vi. Dispensing
      vii. Transport
   e. Proper use and maintenance of all equipment

D. An observational assessment and media-fill tests for CSPs must be passed before assuming compounding responsibilities.

SUBJECT: STERILE COMPOUNDING - STAFF COMPETENCY	REFERENCE #1004
	PAGE: 2 OF: 2
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: FLYNN LEW	REVISED: 06/08/2020

1. Observational assessment (gowning, cleaning, compounding) shall be conducted every 6 months.

    a. Hand hygiene and garbing practices related to the practices of compounding (see attachment A).

    b. Cleaning and disinfection of the ante-area, clean room and laminar airflow workbenches, CAIs, etc. (see attachment B)

    c. Working in the required conditions for aseptic processing and manipulation (see attachment C)

2. Media-fill tests

    a. Conducted every six(6) months for all sterile compounding personnel and infusion pharmacist.

E. When assessment activities (observation, written test, and media-fill tests) lead to a determination that an individual with performance abilities is unable or unwilling to improve, the staff member's work assignment may be revised. Further education and training will be required or other corrective action(s) may be taken.

    1. The staff member will not return to compounding duties until performance problems are resolved.

F. The competency assessment program is continuous and on-going with competency reports recorded and kept in a binder for review.

SUBJECT: COMPOUNDING STAFF GLOVED FINGERTIP SAMPLING	REFERENCE #1005
	PAGE: 1 OF: 2
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: FLYNN LEW	REVISED: 06/08/2020

PURPOSE:

To evaluate staff competency for hand hygiene, donning personal protective equipment (PPE) and touch contamination.

POLICY:

A. Direct touch contamination by compounding personnel is the most likely cause of sterility problems with compounded sterile preparations (CSPs).

B. Sterile media paddles (agar-tryptose) shall be used in the fingertip sampling.

C. Sampling of compounding staff glove fingertips shall be performed before assuming compounding responsibilities. Compounding staff shall complete the gloved fingertip sampling competency three (3) times before beginning compounding responsibilities. (See Attachment D).

D. Fingertip sampling competency shall be performed and documented at least every six (6) months for those staff who compound CSPs, including infusion pharmacist.

E. Supervisory infusion technician or pharmacist shall use sterile contact media paddles to sample gloved fingertips, both hands, of compounding staff immediately after completing the handwashing/hand hygiene, and garbing procedure.

F. Successful completion of a fingertip sampling yields zero (0) CFU.

PROCEDURE:

A. Before sampling, each media paddle should be labeled with the compounder name or initials, the sampling date, and sampling hand (right or left).

B. Compounding personnel (compounder) shall be observed during the handwashing/hand hygiene and garbing procedures

C. Using aseptic technique, remove the lids of each media paddle.

D. Having the compounder lightly press or touch gloved fingertip (and thumb) into separate media paddles, one for the left hand and one for the right hand. Do not disinfect gloves prior to sampling as this may allow false negative results (i.e. cleaning with sterile 70% isopropyl alcohol is contraindicated for this test). When done correctly, a visible impression of each finger will be present in the agar.

SUBJECT: CSP CLASSIFICATION LEVELS	REFERENCE #1009
	PAGE: 1
DEPARTMENT: MED-PLUS PHARMACY IV	OF: 1
	EFFECTIVE: 05/04/09
APPROVED BY: FLYNN LEW	REVISED: 06/08/2020

POLICY:

A. The Pharmacist-in-Charge who oversees compounding activities is responsible for determining the classification level of CSPs prepared in the facility.

B. Classification level will be assigned according to USP <797> guidelines, applicable literature and the Pharmacist-in-Charge's professional judgment and experience.

C. Classification levels of CSPs are based on the conditions in which the products are prepared, the probability for microbial growth, and the time period within which they must be used.

1. Category 1

   a. CSPs are sterile preparations made in a segregated compounding area. The area consists of a single ISO5 PEC which is always located just **outside** of an ISO7 clean room.

   b. BUD Assignment
      i. CSPs assigned a BUD of 12 hours or less at room controlled temperature
      ii. CSPs assigned a BUD of 24 hours or less when refrigerated.
      iii. The BUD must not exceed the shortest remaining expiration date or BUD of any of the starting components, regardless of source.

2. Category 2

   a. CSPs are sterile preparations made in a segregated compounding area. The area consists of a single ISO5 PEC which is always located **inside** of an ISO7, or better, clean room.

   b. BUD Assignment
      i. CSPs assigned a BUD of greater than 12 hours at controlled room temperature.
      ii. CSPs assigned a BUD of greater than 24 hours if refrigerated.
      iii. The BUD must not exceed the shortest remaining expiration date or BUD of any of the starting components, regardless of source.

SUBJECT: QUALITY ASSURANCE PROCEDURES	REFERENCE #1010
	PAGE: 1
DEPARTMENT: MED-PLUS PHARMACY IV	OF: 1
	EFFECTIVE: 05/04/09
APPROVED BY: FLYNN LEW	REVISED: 06/19/2023

POLICY:

1. Policy for the quality assurance procedures involved in the Compounding of Sterile Products (CSPs).

PROCEDURE:

1. Routine cleaning and disinfection of direct compounding areas to minimize surface contamination. (See reference section #1031, #1032, #1033, #1034)

2. Air quality testing of the direct compounding environment is conducted every 6 months by Certifying Agency (Cleanroom Certification Company) (see reference section #1028).

    a. Air quality testing of the immediate compounding area, i.e., laminar airflow workbench to ensure maintenance of ISO Class 5 air quality.

3. Surface Sampling is performed by IV pharmacy staff monthly and documented (see Attachment E).

4. Visual validation of compounding personnel wearing the appropriate personal protective equipment, gowns, head and shoe covers, masks, and goggles, as appropriate.

5. Documented review of physicians' orders and ingredients used, including correct amount of the ingredients.

6. Final product inspection for particulates, cloudiness, abnormal discoloration, package integrity, correct and complete labeling.

7. Media-fill tests, fingered glove test, hand hygiene and garbing observation, IV competency assessment and written exam performed and passed initially and twice-yearly by all compounding personnel. (see reference section #1004, #1005)

8. Process validation is verified by qualitative and quantitative end-product analysis for sterility, potency, and endotoxin twice yearly.

    a. End product testing is performed by a third-party laboratory.
    b. Samples are properly prepared and are verified by pharmacist at each step.
    c. Samples are then sent for third party quantitative and qualitative analysis.
    d. Results are reviewed by the Pharmacist in Charge, IV Supervisor Pharmacist and IV Supervisor Technician.
    e. If results are outside of the acceptable range – processes are reviewed, and a new sample is resubmitted for validation of the processes.

SUBJECT: IMMEDIATE-USE CSPs	REFERENCE #1011
	PAGE: 1 OF: 2
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

POLICY:

- The guidelines for immediate-use CSPs shall only be followed in the following events:
  - Cardiopulmonary resuscitation
  - Treatment in the Emergency Department
  - Preparation of diagnostic agents
  - Critical therapy:
    - When the preparation of a low-risk level CSP puts the patient at additional risk due to delays in treatment
- Medium-risk and high-risk level CSPs shall not be prepared as immediate-use CSPs.
- Immediate-use CSPs shall not be stored for anticipated needs or batch compounding.
- Immediate-use CSPs are excluded from the requirements for preparation of low-risk CSPs only when all of the following are met:
  - Compounding process involves simple transfer of three (3) or less commercially manufactured packages of sterile non-hazardous products and not more than two (2) entries into one (1) container of sterile infusion solution or administration container/device.
    - Chemotherapy agents are hazardous drugs and, therefore, shall not be prepared as an immediate-use CSP.
  - The compounding process is continuous and no longer than one (1) hour.
  - Aseptic technique is used during compounding.
  - If the CSP is not immediately administered to the patient, it is kept under constant surveillance to protect the CSP's sterility and to prevent mix-ups with other CSPs.
  - Administration of the CSP is within one (1) hour of the preparation of the CSP.

SUBJECT: IMMEDIATE-USE CSPs	REFERENCE #1011
DEPARTMENT: MED-PLUS PHARMACY IV	PAGE: 2 OF: 2
	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

- CSP label shall include:
  - Patient name
  - Patient MR#
  - Name(s) and amount(s) of all ingredients
  - Name or initials of the individual who prepared the CSP
  - The exact one (1) hour beyond-use date and time
- If the individual who prepared the CSP is the individual who immediately administered the CSP to the patient, labeling is not needed.
- If administration of the CSP does not occur within one (1) hour following the start of the preparation for the CSP, the CSP shall be discarded per policy and procedure.

SUBJECT: USE OF MULTIPLE DOSE VIALS (MDVs)	REFERENCE #1012
	PAGE: 1 OF: 2
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

POLICY:

- The beyond-use date (BUD) for an opened or entered (i.e., needle-punctured) multiple dose container with antimicrobial preservatives shall be **28 days**, unless otherwise specified by the manufacturer.
- The healthcare provider shall write the expiration date on the vial, when opened.
- If the MDV does not have an expiration date on the vial or in the package insert, expiration will occur **28 days** after the vial has been opened, providing:
  - There is no obvious contamination.
  - Aseptic technique has been followed when withdrawing the medication.
  - The MDV is stored according to the manufacturer.
- Multiple dose vials shall be refrigerated after they are opened, unless contraindicated by the manufacturer.
- MDVs shall be discarded:
  - When empty
  - When suspected contamination occurs
  - When contamination/particulates are visible
  - When the manufacturer's established expiration date is reached, as long as the MDV has been stored according to manufacturer's instructions
- Multiple use of preservative-free MDVs will be avoided whenever possible.
- Opened single-dose ampuls shall not be stored for any period of time.

SUBJECT: USE OF MULTIPLE DOSE VIALS (MDVs)	REFERENCE #1012
	PAGE: 2 OF: 2
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

PROCEDURE:

- The healthcare provider will perform hand hygiene before handling the multiple dose vial.
- A new, sterile needle and syringe shall be used each time medication is drawn from the vial.
- The integrity of the stopper shall be checked and the medication in the vial checked for any particulate matter prior to use. If the integrity of the stopper or sterility of the medication is in question, discard the vial.
- The stopper or vial gum shall be swabbed with 70% alcohol before each puncture.
- Avoid touching the stopper of the MDV during this process.
- The Pharmacy Department shall verify that MDVs are stored and labeled correctly when inspecting medication storage areas.

SUBJECT: CHEMOTHERAPY HANDLING	REFERENCE #1013
	PAGE: 1 OF: 5
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE:NOT IN EFFECT
APPROVED BY: SHABANA YASMIN	REVISED:

POLICY:

- All prospective employees must be informed that they may be required to work with antineoplastics. Note that this and the recommendations that follow apply to temporary staff as well as permanent staff. Supervisory staff shall review the procedures with their personnel. The toxic nature of antineoplastics shall be described to personnel in balanced terms. The rationale for each antineoplastic procedure or change in procedure shall be given. It should be noted that the procedures are felt to provide adequate safety, but that 100% protection cannot be guaranteed. All personnel must be informed that the procedures governing the handling of antineoplastics in the institution must be followed, and that adherence to these procedures will be monitored, and that noncompliance may result in disciplinary action.

- Under the US Environmental Protection Agency/Resource Conservation and Recovery Act (USEPA/RCRA), hazardous waste is a specific category of wastes that must be managed following a strict set of regulatory requirements. Of the large list of hazardous wastes, several were identified specifically as antineoplastic drugs; however, a number of drug formulations exhibit hazardous waste characteristics. Any drugs, including chemotherapy drugs utilized in this facility, meeting the criteria for hazardous drugs or with hazardous waste characteristics, will be managed according to the Occupational Safety and Health Administration (OSHA) standards, the Hazard Communication Standard, the Occupational Exposure to Hazardous Chemicals in Laboratories Standard and OSHA's Controlling Occupational Exposure to Hazardous Drugs guidelines.

    - Only those drugs determined to be hazardous agents will require management according to the federal hazardous chemicals standards listed above.

    - All other chemotherapy agents not identified as hazardous agents will be handled and disposed of as "simple" (i.e., not hazardous as identified by USEPA/RCRA standards) chemotherapy agents.

- Proper and timely medical treatment for acute antineoplastic exposures must be provided.

SUBJECT: CHEMOTHERAPY HANDLING	REFERENCE #1013
	PAGE: 2 OF: 5
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE:NOT IN EFFECT
APPROVED BY: SHABANA YASMIN	REVISED:

PROCEDURE:

- Only Pharmacy Department personnel specially trained and certified in chemotherapy handling will prepare or handle these drugs outside of the manufacturer's packaging.
  - Training shall occur before personnel prepare or handle hazardous drugs.
  - Training shall be ongoing.
  - Staff competency shall be assessed at least annually.
  - Training shall include:
    - Aseptic technique
    - Negative pressure techniques when using BSC or CACI
    - Proper use of CSTD devices
    - Procedures for containment, cleanup and disposal for breakage, spills, per federal and state regulations
    - Treatment for personnel with contact and inhalation exposure
- The organization will develop a list of drugs, including antineoplastic (chemotherapy) drugs, that are categorized as hazardous or having hazardous characteristics. Management of these drugs will follow the USEPA/RCRA standards for hazardous agents.
- Individuals preparing chemotherapy agents will do so in the area dedicated within the Pharmacy where access is restricted to authorized personnel only.
- Specialized compounding devices and equipment will be used for chemotherapy agents.
- Employees involved in compounding antineoplastics will wear gloves, gowns, head and shoe covers.

SUBJECT: CHEMOTHERAPY HANDLING	REFERENCE #1013
	PAGE: 3 OF: 5
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE:NOT IN EFFECT
APPROVED BY: SHABANA YASMIN	REVISED:

- Masks may also be used if needed. This apparel is never to be reused and will be discarded after each use.
    - Two (2) pairs of powder disposable chemotherapy gloves, with the outer one covering the gown cuff, will be worn whenever there is a risk of exposure to hazardous drugs.
    - A disposable gown made of low-lint, low-permeability fabric, with a closed front, long sleeves and elastic or knit closed cuffs, will be worn.
    - A face shield will be worn whenever there is a risk of exposure to hazardous drugs and engineering controls are not available, to avoid splash incidents involving the eyes, nose or mouth.
- All work involving the mixture or compounding of antineoplastics will be performed in the biological safety cabinet (ventilated cabinet designed to protect workers and adjacent personnel from exposure) or a compounding aseptic containment isolator (CACI) (ISO Class 5) located in the main Pharmacy. Syringes and IV sets with "Luer-Lok" fittings will be used for preparing and administering chemotherapy drugs that are considered hazardous agents. All material ancillary to the dose will be discarded as chemotherapy waste in the appropriate container. Compounding of sterile doses should use modified aseptic technique, taking into account the air-flow parameters of the environmental containment and control devices. Agents requiring aseptic technique will be prepared in aseptic manner, with full protection of the drugs requiring asepsis.
- When additional protection is necessary due to hazardous agents, use closed system, drug transfer devices, glove bags and needle-less systems within the ventilated cabinet.
- Antineoplastic drugs shall be stored in the manufacturer's packaging until ready for use. These packages will be stored in the IV room on shelving designated for chemotherapy storage, and shall be stored separately from other inventory.
    - Storage of many hazardous drugs should be within a containment area, i.e., negative pressure room.
        - Sufficient exhaust ventilation should be at least 12 air exchanges per hour to dilute and remove airborne contaminants.

SUBJECT: CHEMOTHERAPY HANDLING	REFERENCE #1013
	PAGE: 4
DEPARTMENT: MED-PLUS PHARMACY IV	OF: 5
	EFFECTIVE:NOT IN EFFECT
APPROVED BY: SHABANA YASMIN	REVISED:

- All chemotherapy doses and waste shall be labeled with the words "Chemotherapy - Dispose of Properly", with all hazardous wastes and contaminated materials handled separately from other trash.
- Work areas will be decontaminated before and after each activity involving the use of hazardous drugs, and at the end of each shift.
- Assay of surface wipe samples shall be performed every six (6) months.
- In the event of direct contact with antineoplastic agents:
  - Immediately change the involved gloves or gown.
  - Immediately wash the affected skin area with soap and water; it should be examined by a physician as soon as possible.
  - For eye exposure, immediately flood the affected eye with water or eyewash designated for that purpose. Medical attention should be obtained immediately.
  - Refer to MSDS for treatment guidelines.
- Sprayback and spill control techniques and equipment will always be employed by Pharmacy staff.
- In the event of small (less than 5 mL) spills in the environmental containment device:
  - Cover and clean with absorbent gauze.
  - Dispose of all materials as chemotherapy waste.
- In the event of small spills outside of the hood:
  - Mark the area to prevent cross contamination and exposure.
  - Clean up with gloves, gown, mask and eye protection (provided in proprietary clean up kits).

SUBJECT: CHEMOTHERAPY HANDLING	REFERENCE #1013
	PAGE: 5 OF: 5
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE:NOT IN EFFECT
APPROVED BY: SHABANA YASMIN	REVISED:

- In the event of large (greater than 5 mL, or greater than 5 gm) spills:
    - Contain the spill and refer to the MSDS and Safety Manual.
- All spill cleanup materials should be disposed of in a hazardous chemical waste container in accordance with USEPA/RCRA regulations regarding hazardous waste, not in a chemotherapy waste or biohazard container.
- Routine waste collection and disposal for other chemotherapy waste will be in accordance with Environmental Services policies and procedures for chemotherapy waste disposal
    - All chemotherapy waste will be placed in white chemotherapy waste containers and marked with the words "Chemotherapy - Dispose of Properly".

SUBJECT: CRITICAL SITES	REFERENCE #1020
	PAGE: 1
DEPARTMENT: MED-PLUS PHARMACY IV	OF: 1
	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

DEFINITION:

Critical Site: Any opening which provides a conduit between a sterile ingredient and the surrounding environment, or any item that comes in direct contact with the sterile ingredient and environment (direct contact with air, moisture or touch contamination).

POLICY:

- This facility uses laminar airflow workbench (LAFW)
- Laminar airflow workbenches include:
    - Horizontal flow clean benches
- Barrier isolators are positive pressure systems that separate the external environment from the critical site.
- Certification of LAFWs and barrier isolators are conducted every six (6) months.
- LAFWs and barrier isolators provide appropriate critical site environment for sterile compounding.
- LAFWs and barrier isolators provide an ISO Class 5 environment.
- LAFWs shall have a visible pressure gauge. Compounding personnel will check the reading on the pressure gauge before compounding.
- LAFWs will be in clean rooms (buffer zone).

SUBJECT: CLEAN ROOM (BUFFER AREA)	REFERENCE #1021
	PAGE: 1 OF: 2
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

POLICY:

- Access to the buffer area is restricted to staff who are assigned to the compounding area.
- Traffic in and out of the clean room will be kept at a minimum.
- Buffer area meets ISO Class 7
- Furniture, equipment and supplies that are in the clean room are dedicated to the clean room. Items will only be removed for servicing and/or preventive maintenance.
- Furniture, equipment and supplies shall be nonpermeable, non-shedding and resistant to disinfecting agents.
- Only the furniture, equipment and supplies needed for sterile compounding will be in the clean room.
- Pharmacy personnel will clean and disinfect all furniture, equipment and supplies with hospital-approved disinfectant before placement in the clean room.
- All supplies will be removed from their shipping cartons and wiped with 70% isopropyl alcohol.
- No food, drink, gum or candy is allowed in the clean room.
- All waste receptacles shall be below the level of the LAFW.
- Only non-shedding paper products may be brought into the clean room, i.e., no pencils, cardboard, paper towels or cotton items.
- Compounding personnel shall be able to access the clean room from the ante-area, hands-free.

SUBJECT: CLEAN ROOM (BUFFER AREA)	REFERENCE #1021
	PAGE: 2 OF: 2
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

PHYSICAL ATTRIBUTES OF THE CLEAN ROOM:

- Ceiling, walls, floors, lighting fixtures, shelves, counters and all work surfaces will be made of non-shedding materials and be smooth and impervious. There will be no cracks or crevices where dirt, microorganisms and contaminants can accumulate.
- The area where the ceiling and the walls meet will be coved or caulked.
- All surfaces will be resistant to damage from disinfectants.
- Ceilings will be impervious and hydrophobic. The ceilings will be caulked to seal the ceilings to the support frames.
- Walls will be made of epoxy-coated gypsum board. Panels may be used for the walls if the panels are locked together and sealed.
- Floors will be of wide-sheet vinyl flooring.
- All opening in the walls or ceilings will be sealed.
- There are no sinks or drains in the clean room.

SUBJECT: PHYSICAL ENVIRONMENT REQUIREMENTS FOR STERILE COMPOUNDING	REFERENCE #1022
	PAGE: 1
DEPARTMENT: MED-PLUS PHARMACY IV	
	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

POLICY:

- Laminar airflow workbenches, biological safety cabinets or barrier isolators will be located in the clean room (buffer area).
- The clean room is the environment immediately surrounding the LAFWs.
- The air quality of the clean room shall be a minimum of ISO Class 7.
- The space beyond the clean room is the ante-area.
- Low-Risk And Medium-Risk CSPs:
  - Clean room - ISO Class 7 (minimum)
  - Beyond the clean room is a demarcation line or barrier that separates the clean room from the ante-area
- High-Risk CSPs:
  - Clean room - ISO Class 7 (minimum)
  - The clean room is physically separated from the ante-area
- Engineering will maintain the appropriate air conditioning and humidity leaves in the clean room and ante-area.

SUBJECT: ANTE-AREA	REFERENCE #1023
	PAGE: 1 OF: 1
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

POLICY:

- The ante-area is the area beyond the clean room.
- ISO Class 8 environment for ante-areas.
- For low-risk and medium-risk compounding, the ante-area is separated from the clean room by a line of demarcation or physical barrier.
- For high-risk compounding, the ante-area is physically separated from the ante-area.
- Supplies will be removed from shipping cartons, cleaned and disinfected with 70% isopropyl alcohol and stored in the ante-area on a clean and disinfected cart.
- The ante-area contains a sink with a hands-free faucet and hand dryer for hand hygiene.
- Compounding personnel will don gown, masks, goggles, shoe and head covers in the ante-area.

SUBJECT: LAFWs OR BARRIER ISOLATORS	REFERENCE #1024
DEPARTMENT: MED-PLUS PHARMACY IV	PAGE: 1 OF: 1
	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

POLICY:

- All sterile compounding shall be prepared under the laminar airflow hood using aseptic technique.
- LSFWs, BSCs, CAIs and CACIs shall be located in a restricted access ISO Class 7 buffer area.
- The blowers of LAFWs or barrier isolators will be kept on throughout the compounding session.
    - Blowers will remain on during interruptions of compounding sessions of less than eight (8) hours.
- Only one (1) pharmacy staff member may enter the clean room to turn on the blower and clean and disinfect the work surfaces.
    - The blower must be on for a minimum of 30 minutes before a compounding session takes place.

	PAGE: 1 OF: 2
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 03/01/2018
APPROVED BY: FLYNN LEW PHARM.D.	REVISED: 08/06/2021

POLICY:

The laminar airflow hood (LAFW) utilizing a HEPA filter will be used for all intravenous admixture activities within the Pharmacy Department.

PROCEDURE:

- The laminar airflow hood shall be turned on continuously except for filter changes and other required maintenance.
- Pre-filters will be changed every 6 months or more frequently if necessary due to working conditions. A log will be maintained documenting when the filters are changed.
- The laminar airflow hood shall be cleaned every shift and PRN with disinfectant solution. All surfaces should be cleaned adequately. Sterile non-shedding cloths used to clean hood surfaces shall be discarded after use.
- The laminar airflow hood shall have routine contract maintenance performed every six (6) months, or when the LAFW is relocated, to assure proper function of HEPA filters. Documentation of such maintenance will be maintained in the Pharmacy Department.
- Air sampling will be performed in areas most prone to contamination during compounding activities.
- Air quality sampling will be outsourced and volumetric air sampling be completed:
    - Every six months, at a minimum, for sterile compounding areas used for category 1 and category 2 preparations

DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

POLICY:

- Performance of LAFW, buffer area and ante-area shall be tested by a qualified person and certified at least every six (6) months and when the device or room is relocated or changed in any way.
- Performance Testing:
  - ISO Class 5:
    - Not more than 3,520 particles of 0.5 µm size and larger per cubic meter of air for any LAFW.
  - ISO Class 7:
    - Not more than 352,000 particles of 0.5 µm size and larger per cubic meter of air for any buffer area
  - ISO Class 8:
    - Not more than 3,520,000 particles of 0.5 µm size and larger per cubic meter of air for any ante-area
- Certification shall be reviewed, documented and maintained.
- Prefilter shall be checked and replaced if necessary every 6 months by qualified person and logged.
- Any results found to be outside of the norm shall be reported to the Pharmacist-in-Charge.
- The Pharmacist-in-Charge shall take immediate action to solve the problem.

SUBJECT: PRESSURE DIFFERENTIAL MONITORING	REFERENCE #1027
	PAGE: 1 OF: 1
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 12/04/19
APPROVED BY: FLYNN LEW	REVISED:

POLICY:

- A pressure gauge or velocity meter shall be used to monitor the pressure differential (or airflow) between the buffer area and the ante-area, and between the ante-area and the general environment.
- Results shall be logged for daily.
- Any discrepancies shall be reported immediately to the Pharmacy Director/designee.
- The Pharmacy Director shall review the log on a daily basis.

	PAGE: 1 OF: 2
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 03/01/2018
APPROVED BY: FLYNN LEW PHARMD	REVISED: 01/14/2021

POLICY:

- Air quality testing will be completed for LAFW, clean room and ante-areas on a scheduled basis.
- Air quality checks for LAFW:
    - Every 6 months for compounding areas used for low-risk and medium-risk preparations by exposing agar plates performed by licensed pharmacy personnel or outsourced licensed certification entity.
- Air quality checks for clean room and ante-area (particulate air sampling)
- Air quality check records will be maintained by the Pharmacist-in-Charge or designee.
- Air quality checks may be performed by exposing agar plates to the environment.
- Air sampling shall be performed at locations compounding personnel deem most prone to contamination during compounding procedures.
- Agar Plates:
    - Remove covers of agar plates.
    - Place agar plates in designated areas.
    - Expose the agar plates to the environment for one (1) hour or more.

SUBJECT: AIR QUALITY CHECKS	REFERENCE #1028
	PAGE: 2 OF: 2
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 03/01/2018
APPROVED BY: FLYNN LEW PHARMD	REVISED: 01/14/2021

- Collect the agar plates after exposure time has been completed.
- Cover the agar plates and incubate at the temperature and time period specified by the manufacturer of the agar plates (usually 26 to 30 degrees C for at least fourteen [14] days).
- Colonies of microorganisms are counted after incubation and reported as colony forming units (CFUs).

- The normal baseline CFU count over 14 days should be zero [0].
- Establishing a CFU baseline will help to identify an increasing trend of CFU counts.
- The Pharmacist-in-charge will determine a plan of action when any CFU count exceeds its respective action level.
  - Action levels are based on CFU data collected at each sampling location and trended over time (USP <797> has an Action Level Table to serve as a guideline).
- If pathogenic micro-organisms, such as gram-negative rods, molds, yeast, coagulase positive staphylococcus, are found, regardless of the CFU count, this situation shall be corrected immediately.
- An increase in CFU counts over time will warrant an evaluation of:
  - Cleaning procedures
  - Operational procedures
  - Air filtration efficiency
  - Procedures will be revised as necessary

SUBJECT: INFECTION CONTROL	REFERENCE #1029
	PAGE: 1 OF: 3
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED: 11/21/15

PURPOSE:

- To assure appropriate compounded sterile preparation practices as they relate to infection prevention and control.
- Responsibilities of the Pharmacy Director:
  - Establish regulations for preparation of intravenous medications.
  - Assure the availability of adequate equipment to safely prepare intravenous fluids.
  - Assure that pharmaceutical preparations are sterile, properly packaged, labeled, stored and not outdated.
  - Certify the compounding skills of compounding staff.
  - Assist in the investigation of outbreaks of infection that may be the result of contaminated medications.
  - Assure that personnel health standards are maintained within the department.
  - Personnel who perform compounding procedures in ISO Class 5 and ISO Class 7 will not be permitted to perform their duties until the following are resolved:
    - Skin rash
    - Sunburn
    - Weeping sores
    - Conjunctivitis
    - Respirator infection
    - The Pharmacy Director and Employee Health will confer on these issues

APPROVED BY: SHABANA YASMIN	REVISED: 11/21/15

- Present policies and procedures to the Infection Control Committee.
- Personnel shall report potential toxic effects or drug reactions to the Pharmacy Director.

- Ante-Area:
  - Hand hygiene and the donning of appropriate garb are performed in the ante-area.

- Buffer Area/Clean Room Infection Control:
  - Traffic is kept to a minimum in the DCA in the clean room.
  - Supplies needed for an immediate compounding session will be wiped with 70% isopropyl alcohol before the item is brought into the clean room.
  - Items packaged in sealed pouches will be removed from the pouches before immediate introduction into the clean room. It is not necessary to wipe these items with 70% isopropyl alcohol.
  - Food, drink, candy and gum are not permitted in the ante-area, buffer areas or segregated compounding areas.
  - At the beginning of each shift and when spills occur, the surfaces of the direct compounding area are cleaned with purified water and then disinfected with 70% isopropyl alcohol with a disposable, non-shedding cloth.
  - Supplies will be gathered at the edge of the DCA. Supplies will then be disinfected with 70% isopropyl alcohol before being introduced into the aseptic work area.
  - All supplies are arranged in the DCA for maximum efficiency and to allow an uninterrupted path of HEPA-filtered air to bathe all critical sites during compounding.
  - Rubber stoppers of vials and the neck of ampules shall be disinfected with 70% isopropyl alcohol and allowed to dry for at least 10 seconds before withdrawing the contents with a sterile needle or spike.
  - Antiseptic hand cleansing with an alcohol-based surgical hand-scrub and the donning of sterile gloves is performed in the buffer area.

DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED: 11/21/15

- Sterile, disinfected gloves do not remain sterile during compounding procedures. Compounding personnel must remember not to touch sterile edges of packaging, transfer devices, etc.

- All supplies and equipment will be stored in an environment that is free of moisture, excessive temperature fluctuations or contamination. Correct temperature, humidity and lighting will be maintained in the supply areas.

- Syringes and needles shall be directly discarded into red puncture-proof container and the needles shall not be cut or re-sheathed.

- See Critical Sites policy, LAFWs or Barrier Isolators policy, Cleaning and Disinfection of the Sterile Compounding Areas - Pharmacy Responsibilities policy, Cleaning of the Clean Room and Ante-Area - Environmental Services Responsibilities policy, Attire in the Clean Room policy, Hand Scrub policy, Aseptic Technique policy.

SUBJECT: DISPOSAL OF SHARPS	REFERENCE #1030
	PAGE: 1 OF: 1
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

PURPOSE:

To prevent injury and exposure to bloodborne infections for personnel handling sharps, including needles, syringes and opened ampules of medication.

POLICY:

- All sharps, including hypodermic needles and syringes, and opened glass ampules of medicine will be disposed of into rigid, puncture resistant plastic sharps containers.
- Needles shall not be recapped or cut after use. This will prevent needle puncture injury and aerosolization of contents, per CDC recommendations.

PROCEDURE:

- After syringe/needle use, **DO NOT RECAP.**
- Slip needle through opening in top of plastic "sharps" container.
- Opened glass ampules will be handled carefully. All medication shall be removed from ampule and the ampule placed into contaminated sharps container.

PRECAUTIONARY MEASURES:

- Under no circumstances shall sharps be discarded into waste or trash containers.
- Bare needles will not be left on IV poles, instrument trays or any place that may pose a hazard to personnel, patients or visitors.
- **DO NOT RECAP NEEDLES.** This is the single most important cause of needle puncture injury.

DEPARTMENT: MED-PLUS PHARMACY IV	
	EFFECTIVE: 03/01/2018
APPROVED BY: SHABANA YASMIN, PHARMD	REVISED: 03/19/2019

POLICY:

- The Pharmacy-in-charge will select the cleaning and disinfecting solutions to be used in the compounding areas.
- Only approved solutions shall be used. Cleaning is done using a germicidal detergent and sterile water. A sporicidal agent is used at least monthly
- Selection of cleaning and disinfecting solutions will be based on:
  - The most current literature
  - Microbicidal activity
  - Compatibility
  - Effectiveness
  - Any toxic residues
  - Inactivation by organic matter
  - Shelf life

DEPARTMENT: MED-PLUS PHARMACY IV	PAGE: 1 OF: 1
	EFFECTIVE: 05/04/09
APPROVED BY: RENA CHARCHIAN	REVISED: 11/01/2018

POLICY:

- All cleaning supplies, i.e., wipes, cloths, mops, shall be made of non-shedding materials.
- All cleaning supplies for the clean room and ante-area are dedicated to the clean room and ante-area.
- Floor mops will be cleaned and disinfected after each use, per manufacturer's instructions.

DEPARTMENT: MED-PLUS PHARMACY IV	OF: 2
	EFFECTIVE: 05/04/09
APPROVED BY: RENA CHARCHIAN	REVISED: 11/01/2018

POLICY:

- Pharmacists and/or technicians will clean and disinfect the direct compounding area(s) (DCA - LAFW):
    - At the beginning of each shift
    - Before each batch
    - Every 30 minutes during continuous compounding of individual CSPs
    - After spills
        - When liquids are spilled, the DCA shall be cleaned with USP purified water to remove water-soluble residues, then disinfect the surface.
    - When contamination is known or suspected
- General cleaning of the buffer areas and ante-areas is also to be performed on a daily basis.

PROCEDURE:

- DCA Cleaning:
    -
    - Wipe all areas with a clean non-shedding cloth and purified water, followed by sterile 70% Isopropyl Alcohol.
        - Wipes are dedicated to DCA cleaning.
    - Wipe all compounding areas with a sterile 70% Isopropyl Alcohol. Allow time for the antimicrobial properties of the sanitizing agent to work (exposure time).
    - Wipe hood exteriors, including tops and bases with disinfectant weekly.

APPROVED BY: RENA CHARCHIAN	REVISED: 11/01/2018

- Clean Area, Ante-Area Cleaning:
  - Clean all work surfaces (countertops, carts, containers, shelves) in the clean room at the beginning of each shift.
  - Storage shelves will be emptied and cleaned and disinfected weekly and as needed.
  - Waste receptacles shall be removed from the clean room and then emptied every shift.
  - Floors are cleaned by mopping daily when there are no aseptic operations in place.
  - Mops are to be used in the clean room before use in the ante-area.
  - Walls, doors, glass and ceilings shall be cleaned weekly.
  - All cleaning activities will be recorded on the appropriate log sheet (See Attachment H and Attachment I).

DEPARTMENT: MED-PLUS PHARMACY IV	OF: 2
	EFFECTIVE: 05/04/09
APPROVED BY: RENA CHARCHIAN	REVISED: 11/01/18

POLICY:

- Pharmacy IV staff assigned to the Pharmacy Department will damp mop the floor in the clean room on a daily basis.
- Pharmacy IV staff will perform hand hygiene and don gown, shoe and head covers (available in the ante-area) before entering the clean room to mop the floor.
- Cleaning of the ante-area and clean room will be completed when there are no compounding activities being performed.
- The ante-area will be cleaned by Pharmacy IV staff.

PROCEDURE:

- Pharmacy IV staff will damp mop the ante-area floor on a daily basis.
- The same mop may be used for the clean room and ante-area. If using the same mop, ALWAYS mop from the clean room to the ante-area. Place wet floor signs prior to mopping.
- Storage shelves and bins are emptied and cleaned once per week.
- Empty all waste containers. The waste containers will be wiped out with the approved cleaning and disinfecting solutions. Replace bag liners.
- Clean sinks, soap dispensers and hand dryers with an approved cleaning agent and wipe dry, daily.

DEPARTMENT: MED-PLUS PHARMACY IV	OF: 1
	EFFECTIVE: 11/01/2018
APPROVED BY: RENA CHARCHIAN	REVISED: 11/01/2018

POLICY:

Temperatures within the identified range will be maintained and monitored within the pharmacy on a daily basis for the following areas:

- Pharmacy room temperature: 20-25°C
- Clean room temperature: ≤20°C
- Refrigerator temperature: 2-8°C
- Incubator temperature: 30-35°C

PROCEDURE:

- The pharmacy staff will be responsible for monitoring and recording the temperatures at least daily for the general pharmacy dispensing area, the refrigerators, the clean room and the incubator (See Attachment I).

- If any staff member notes that temperatures fall outside of the acceptable temperature range at any time, the Pharmacist-In -Charge and Operations Manager will be informed immediately so that measures can be implemented to bring the affected area or device back into compliance.

- The Pharmacist-In-Charge, Operations Manager and IV Supervisor Pharmacist/Technician will periodically review the temperature logs for completeness and accuracy to assure that appropriate storage temperatures are being maintained.

- Temperature logs should be retained at least 3 years.

SUBJECT: ATTIRE IN THE BUFFER AREA (CLEAN ROOM)	REFERENCE #1035
	PAGE: 1 OF: 3
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

PURPOSE:

Attire in the buffer area or segregated compounding area provides a barrier between personnel and the ingredients and devices used when performing sterile compounding procedures.

POLICY:

- All personnel entering the clean room/buffer area shall be in clean room attire.
- Clean room attire consists of (to be put on in this order):
  - Non-shedding shoe covers:
    - Shoe covers are removed and disposed of when leaving the clean room.
  - Non-shedding head and facial covers:
    - The head cover/facial cover should confine the hair.
    - Head covers/facial covers are removed and disposed of when leaving the clean room.
  - Face mask/eyeshields
    - Used when working with hazardous drugs and other irritants
  - Non-shedding knee-length gowns/coveralls
    - Gowns/coveralls shall fit snugly at the wrist, shall be closed in the front, and are enclosed at the neck

      Note: Gown is put on after the initial hand scrub in the ante-area.

SUBJECT: ATTIRE IN THE BUFFER AREA (CLEAN ROOM)	REFERENCE #1035

DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

- Gloves:
  - Gloves shall be sterile and powder-free.
  - When compounding procedures are performed over a long period of time and when non-sterile surfaces are touched, compounding personnel will periodically disinfect gloves with 70% isopropyl alcohol.
  - Replace gloves if they have been torn, punctured or otherwise lose their ability to function as a barrier.

  Note: Hand hygiene is performed before putting on gloves. See Hand Scrub policy and procedure.

- Face Masks:
  - Masks shall cover the nose and mouth, and shall be discarded whenever removed.
  - Masks will be put on immediately before performing a procedure in the DCA.
  - If using a barrier isolator or vertical flow LAFW with a transparent shield, masks are not necessary, but head and facial hair will be covered.

- Compounding personnel will remove all jewelry, from hands and arms, and other visible jewelry or piercings, before entering the clean room.
- Compounding personnel will remove all make-up before entering the clean room.
- Staff working in the sterile compounding environment are prohibited from wearing artificial nails or extenders.
- Fingernails should be kept short and well maintained.

SUBJECT: ATTIRE IN THE BUFFER AREA (CLEAN ROOM)	REFERENCE #1035
	PAGE: 3 OF: 3
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

- Compounding personnel who must leave the clean room may remove their gown at the entrance of the clean room and hang it inside out in an appropriate area of the ante-area, to be put on again when entering the clean room. This may only be done during the same shift.
    - Head and shoe covers, masks and gloves must be removed and discarded.
    - New head and shoe covers, masks and gloves must be donned before entering the clean room.
- When high-risk compounding procedures are being performed, gowns/coveralls may not be worn again once leaving the clean room.
- Clean room attire worn or taken outside of the ante-area may not be used in the clean room.

SUBJECT: HAND SCRUB	REFERENCE #1036
	PAGE: 1 OF: 2
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE:05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

POLICY:

- All compounding personnel must properly complete a hand scrub before entering the clean room.
- Hand scrub is performed outside the ante-area at a sink that has a hands-free faucet.
- Air dryer or disposable non-shedding towels will be used to dry hands and arms.

PROCEDURE:

- Ante-Area:
  - Remove all jewelry from hands and forearms.
  - Fingernails should be kept short and well maintained.
  - Hand and forearms must be free of rashes, sunburn and breaks in skin integrity.
  - Hand scrub is performed before putting on shoe covers, head/facial covers, face mask.
  - Preparation:
    - Adjust water temperature
    - Keep arms level and well away from body, with hands above elbows for duration of scrub
    - Clean underneath fingernails, using a nail cleaner, under running warm water

SUBJECT: HAND SCRUB	REFERENCE #1036
	PAGE: 2 OF: 2
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE:05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

- Scrub:
  - Wet hands and forearms
  - Apply soap to hands and arm
  - Wash from fingertips to three (3) inches above elbows, for at least 30 seconds
  - Wash/scrub all four (4) sides of each finger as efficiently as possible
  - Rinse hands and arms thoroughly
  - Turn off water using hands-free faucet
  - Dry hands and arms with air dryer or non-shedding disposable towel

- Buffer Area:
  - Hands shall be washed again, after donning gown, head and shoe covers, but before donning sterile gloves.
  - Waterless alcohol-based surgical handscrub shall be used. Follow manufacturer's instructions for application.
  - Allow hands to dry thoroughly before putting on gloves.

SUBJECT: ASEPTIC TECHNIQUE	REFERENCE #1037
	PAGE: 1 OF: 2
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

DEFINITIONS:

- Aseptic technique is a method to eliminate contamination, germs or infection. A method of working while maintaining a sterile area by awarding contact with anything which is not sterile.
    - Sterile: Absence of all microorganisms including bacterial, viruses and spores.
    - Sterilization: The process of killing or inactivating all microorganisms.
    - Disinfection: Any process which renders inanimate objects free of pathogenic bacteria.
    - Contamination: Introduction of microorganisms to a sterile solution, device, etc.

POLICY:

- Compounding staff receive initial training in aseptic techniques before beginning compounding responsibilities.
- Aseptic technique training shall be ongoing.
- Aseptic technique competency of compounding staff shall be assessed according to risk level of CSPs they are compounding.

PRINCIPLES OF ASEPSIS:

- If in doubt about the sterility of any item, consider it unsterile.
- The edge of anything that encloses sterile contents is not considered sterile.
- Moisture may cause contamination.
- Gloved hands must be kept at waist level or above.

SUBJECT: ASEPTIC TECHNIQUE	REFERENCE #1037
	PAGE: 2 OF: 2
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

- All prepackaged sterile ingredients and devices will be inspected by compounding personnel for damage that includes:
  - Holes or torn wrappers
  - Security tapes that have been tampered with or removed
  - Broken seals in peel pouches
  - Items dropped that are wrapped or in peel pouches
  - Exposure to a contaminated or unsafe environment
  - Exposure to any type of moisture
  - Check expiration date
- If any of the above is found, ingredients/devices will be considered NOT sterile.

SUBJECT: INGREDIENTS	REFERENCE #1038
	PAGE: 1 OF: 1
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

POLICY:

- Compounding personnel will verify the correct identity and quality of ingredients of CSPs through:
  - Vendors' labels
  - Certificates of analysis
  - Direct chemical analysis
  - Knowledge of appropriate storage conditions for the ingredients
- All labels of CSPs must have correct names, concentration of ingredients, total volume, beyond-use dating, route of administration and condition of storage.
- Records specific to compounding must be verified with original order for accuracy.

SUBJECT: STERILE INGREDIENTS AND COMPONENTS	REFERENCE #1039
	PAGE: 1 OF: 1
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE:05/04/09
APPROVED BY: SHABANA YASMIN	REVISED: 11/21/15

POLICY:

- Sterile Ingredients and components are purchased from licensed warehouse, distributor or manufacturers only.
- Compounding personnel shall inspect sterile ingredients, containers and devices before use for defects in packaging and unexpected appearance of the item. All ingredients and components must be sterile and free of defects and suitable for intended use.
- If sterility of an ingredient or component is ever in doubt, do not use that item.

SUBJECT: NON-STERILE INGREDIENTS AND COMPONENTS (HIGH-RISK)	REFERENCE #1040
	PAGE: 1 OF: 1
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

POLICY:

- Compounding activities that use non-sterile ingredients and components will be considered high-risk level CSPs.
- Non-sterile active ingredients/substances will preferably be official USP or NF articles.
    - If unofficial ingredients/substances are used, there must be a certificate of analysis provided by the supplier of the ingredients/substances to attest identity, quality and purity.
- Compounding personnel will visually inspect the ingredients/substances and the packaging before compounding. Visual inspection will include:
    - Package integrity, i.e., holes, tears
    - Presence of loose cap
    - Package not closed securely
    - Expected appearance of the ingredient substance
    - Aroma of the ingredient substance
    - Texture of the ingredient substance
- All ingredients/substances will be stored according to the recommendations of monographs or suppliers.
- The date of receipt will be marked on each ingredient package received at the Pharmacy.
- If an ingredient does not have an expiration date declared by the supplier, that ingredient will not be used after one (1) year in the Pharmacy.

SUBJECT: COMPOUNDING EQUIPMENT MAINTENANCE	REFERENCE #1041
	PAGE: 1 OF: 1
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED: 11/23/2015

PURPOSE:

To assure equipment/apparatus/devices used for compounding activities perform properly and safely, and that personnel are trained in the operation and maintenance of the equipment/ apparatus/devices used for compounding.

POLICY:

- The cleaning, sterilization, maintenance, calibration and repair of all compounding equipment is performed according to the manufacturers' recommendations.
- Routine maintenance will take place every month. All compounding equipment is inspected for operational integrity by compounding personnel, prior to each use and logged.
- Incubator, Refrigerator and Freezers are cleaned monthly.
- Temperature logs are maintained in the IV department and reviewed monthly.
- Equipment is to be removed from service, if needed repair or malfunction is evident. The Biomedical Engineering Department or service provider will be notified to repair equipment.
- Equipment calibration, maintenance reports and repair reports will be maintained by the Pharmacy-in-charge.

SUBJECT: AUTOMATED COMPOUNDING DEVICES (ACDs)	REFERENCE #1042
	PAGE: 1 OF: 1
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: NOT IN EFFECT
APPROVED BY: SHABANA YASMIN	REVISED:

POLICY:

- Pharmacy personnel will perform daily calibrations and accuracy assessments of the automated compounding devices.
- Accuracy assessments will be documented and maintained in the Pharmacy Department
- The Pharmacy Director will keep a daily record of accuracy assessments and review the results over time. This review must be conducted at weekly intervals to avoid cumulative errors over time. The precision of the ACDs shall be determined on the basis of variations over time of the results of accuracy testing.
- Routine daily maintenance is performed on the parenteral nutrition compounding machine in the main pharmacy. Daily, the tubing sets and the solutions are changed and the device is calibrated according to the manufacturer's specifications on the large volume compounder and the electrolyte compounder. These actions are documented on a daily log by the Pharmacy Technician and the Pharmacist. The accuracy of solution placement is verified by the Pharmacist initially and with all changes/refills.

APPROVED BY: SHABANA YASMIN	REVISED:

POLICY:

CSPs will be inspected, before dispensing, by compounding personnel other than the person who performed the compounding (double-check system)

PROCEDURE:

- Inspection of CSPs includes:
  - Visual inspection for particulates and/or cloudiness. The CSP will be examined against a lighted white or black background, or both.
  - Verification of prescription orders with the written compound record (preparation records).
  - Verification of ingredients used, including correct amounts and concentrations.
  - Verification of final fill amounts
  - Verification of aseptic manipulations and sterilization
  - Package integrity; any leakage observed
  - Visual inspection of syringes and additive containers used
  - Correct and complete label:
    - Name of patient
    - Patient location
    - Correct names, amounts and concentrations of the ingredients
    - Total volume
    - Preparation date

- Route of administration
- Infusion rate when applicable
- The initials of the compounding personnel
- Labels for CSPs must be clear, consistent, legible and in compliance with state and federal regulations

- CSPs with visual defects will be immediately discarded.
- When the identity and concentrations of ingredients cannot be verified, samples of the CSPs will be assayed.
- CSPs that are not immediately dispensed will be stored according to procedure.
  - CSPs that are stored, will again be inspected before the CSPs are dispensed.

NOTE:

This double-check system must meet your state's regulations.

SUBJECT: STERILITY AND BACTERIAL ENDOTOXIN TESTING FOR HIGH-RISK LEVEL CSPs	REFERENCE #1044
DEPARTMENT: MED-PLUS PHARMACY IV	PAGE: 1 OF: 1
	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

POLICY:

- The following high-risk level CSPs that are administered into the vascular and central nervous systems will be subjected to sterility testing and bacterial endotoxin testing before they are dispensed or administered:
  - Prepared in groups of 25 or more identical individual single-dose packages
  - Multiple-dose vials for administration to multiple patients
  - CSPs that were exposed to temperatures of 2 to 8 degrees C for longer than 12 hours before they are sterilized
  - CSPs that were exposed to temperatures warmer than 8 degrees C for six (6) hours or longer before they are sterilized
- The membrane filtration method will be used to check sterility.
- High-risk level CSPs that undergo sterility testing will be held in quarantine until results of the sterility testing are known.
- In the absence of a bacterial endotoxins limit in the official monograph or other CSP formula source, the CSP must not exceed the USP endotoxins limit (Bacterial Endotoxins Test <85>).
- All positive sterility and bacterial endotoxin tests mandate a thorough investigation of procedures and environmental controls to identify the source of contamination. A plan to correct those processes identified must be developed and implemented.

	PAGE: 1 OF: 2
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

POLICY:

All refrigerated drug storage areas will be inspected daily to ensure compliance with drug storage standards.

DEFINITIONS:

- Refrigerator temperature range: 2 to 8 degrees C
- Room temperature range: 20 to 25 degrees C
- Freezer temperature range: -25 to -10 degrees C
- Incubator temperature range: 30 to 35 degrees C
- Suitable temperature recording devices include a calibrated continuous recording device or an NBS calibrated thermometer with alarms

PROCEDURE:

- Drug storage areas (refrigerators and freezers) will be inspected daily by the Pharmacist. A daily record log of temperature readings will be maintained on the outside door of the refrigerator.
    - If temperature varies outside the normal range the Pharmacist will attempt an adjustment of the temperature dial and re-evaluate in two (2) hours.
    - If unsuccessful the Pharmacist will notify the Engineering Department to fix the refrigerator.
    - In such a case, all drugs will be removed and stored elsewhere until repairs are completed. The nonfunctioning refrigerator/freezer will be clearly marked as needing repair and not to be used.

DEPARTMENT: MED-PLUS PHARMACY IV	PAGE: 2 OF: 2
	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

- Pharmacy personnel will also monitor temperatures when placing and removing items from the refrigerator/freezer. The Pharmacy freezer will be fitted with a continuous monitoring temperature gauge and alarm.
    - In the event of variance from normal temperature range, the Pharmacist will be consulted immediately to determine the disposition of drugs.

DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 06/04/20
APPROVED BY: FLYNN LEW PHARM.D.	REVISED: 06/22/23

POLICY:

A. Assigning beyond-use dates (BUD) for CSPs is based on parameters that may affect quality, and the achievement and maintenance of sterility.

B. Determining BUD for CSP

1. Quality may be affected by the following parameters:

   a. Chemical and physical stability properties of the drug and or its formulation

   b. Materials of composition of the container closure system and compatibility of the container closure system with the final preparation (e.g., leachable, interactions, adsorption, and storage conditions).

2.Sterility achievement and maintenance may be affected by the following factors:

   a. Conditions of the environment in which the CSP is prepared.
   b. Aseptic processing and sterilization method
   c. Starting components (e.g., sterile vs nonsterile ingredients)
   d. Whether or not sterility testing is performed
   e. Storage conditions (e.g., packaging and temperature).

3.Each CSP formula record shall note the appropriate storage conditions and the BUD assigned.

4. The BUD must not exceed the shortest remaining expiration date of any of the commercially available starting components.

DEPARTMENT: MED-PLUS PHARMACY IV	PAGE: 1 OF: 1
	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

POLICY:

- The Pharmacy Director will maintain, continuously evaluate and revise, as needed, procedures for the safe packaging, handling and transport of each CSP prepared by the department to ensure maintenance of physical integrity, sterility and stability of CSPs.
- Procedures will be specific to safety mechanisms, special packaging, special inserts, foam padding, sealed plastic bags, tamper-proof closures and seals, etc.
- Safety mechanisms will be determined for each CSP prepared by the Pharmacy Department in relationship to mode of transfer and stability of the CSP.
- Special consideration shall be given to chemotoxic and other hazardous CSPs. Package integrity must be maintained to protect healthcare personnel from contact exposure.

SUBJECT: PACKING AND TRANSPORTING CSPs TO OUTSIDE LOCATIONS	REFERENCE #1049
DEPARTMENT: MED-PLUS PHARMACY IV	PAGE: 1 OF: 1
	EFFECTIVE:05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

POLICY:

- CSPs distributed to locations outside of the compounding facility will be appropriately packaged and transported to the receiving customer.
- Packing materials and containers will be selected based on the specifications of the ingredients of the CSP and Pharmacist's knowledge to ensure the physical integrity, sterility and stability of the CSP.
- Pharmacy personnel will include instructions for the customer to safely open and unpack the CSP.
- Pharmacy personnel must verify with transporters that storage temperatures are met during transit, and handling and exposure instructions are followed.

DEPARTMENT: MED-PLUS PHARMACY IV	PAGE: 1 OF: 1
	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

POLICY:

- The compounding pharmacy that ships CSPs to patients shall ensure that the CSP label includes (clearly visible):
  - Beyond-use date
  - Storage instructions
  - Instructions for the disposal of out-of-date CSPs
- The compounding pharmacy shall verify that the patient has a properly functioning refrigerator/freezer if this is the storage requirement for the CSP.

APPROVED BY: SHABANA YASMIN	REVISED:

POLICY:

- Nursing staff will immediately store CSPs, upon arrival on the patient care unit, according to the storage requirements on the label of the CSP.
- CSPs will be stored in the medication refrigerator only.
- Refrigeration temperature will be monitored and logged on a daily basis.
- Refrigeration temperature will be between 2 and 8 degrees C.

	PAGE: 1 OF: 1
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

POLICY:

- Nursing staff will follow policies and procedures in the Nursing Policy and Procedure Manual for the administration of CSPs.
- Policies and procedures should include:
  - Visual inspection of the CSP and its packaging
  - Hand hygiene
  - Aseptic technique
  - Site care
  - Change of administration sets
  - Infusion pumps
  - Implantable infusion ports
  - In-line filtration
- The licensed nurse shall not administer any CSP that is cloudy and/or contains particulates, or if the integrity of the packaging has been compromised.
- The licensed nurse shall immediately notify the Pharmacy of any problem and send the CSP back to the Pharmacy immediately.

SUBJECT: RE-DISPENSING OF CSPs	REFERENCE #1053
	PAGE: 1 OF: 1
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE:
APPROVED BY: SHABANA YASMIN	REVISED:

POLICY:

- The Pharmacy Department has sole discretion whether CSPs, returned from patient care units, may be used for another patient.
- The CSP may be re-dispensed only if the Pharmacy can ensure the quality of the CSP and the beyond-use date has not been reached.

DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

POLICY:

- The Pharmacy Department, in coordination with nursing and medical staff, will instruct the patient/caregiver regarding the safe storage, handling and administration of CSPs.
- Instruction will include:
  - Why the CSP has been prescribed
    - Goals and expected outcomes
  - Potential side effects
  - Inspection of the CSP and supplies/equipment when received
    - Packaging is intact
    - What to do if the integrity of the package has been compromised
    - What to do if there is a problem with administration devices
  - Proper storage of the CSP
  - How to read the label on the CSP
    - Always check the label of the CSP before administration for:
      - Right drug
      - Right dose
      - Right patient
      - Right route of administration
      - Right time of administration

SUBJECT: PATIENT MONITORING	REFERENCE #1056
	PAGE: 1 OF: 1
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

POLICY:

- Patients treated with CSPs will be monitored by the Pharmacy Department according to accepted standards of practice and the rules and regulations of the California state board of pharmacy.

- The Pharmacy Department shall notify the FDA and United States Pharmacopoeia (USP) to report adverse event reporting and product defects.

- See Adverse Drug Reaction Reporting policy, Adverse Drug Reaction Reporting Form, Potential Adverse Drug Reaction Form, Adverse Drug Report Form.

SUBJECT: ADVERSE DRUG EVENTS REPORTING	REFERENCE #1057
	PAGE: 1 OF: 1
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: FLYNN LEW	REVISED: 06/20/2023

PURPOSE:

To provide guidance on the reporting and review of Adverse Drug Events (ADEs) which includes adverse drug reactions and medication occurrences.

DEFINITION:

A. Adverse Drug Reaction
   a. Defined by ASHP (American Society of Heath-System Pharmacists), an adverse drug reaction is any unexpected, unintended, undesired, or excessive response to a drug that requires any of the following:
      i. Discontinuing, changing, or modifying the drug or dose
      ii. Hospital admission, prolonged stay, or supportive care or treatment
      iii. Significantly complicates, diagnosis, negatively affects prognosis, or results in temporary or permanent harm, disability, or death.

B. Medication Occurrence
   a. Defined as an error in prescribing, verifying, dispensing, preparing, documenting, or monitoring a medication.

REPORTING:

A. Pharmacy Quality Assurance Program documentation

   a. Documentation of adverse drug reactions and medication occurrences
      i. Each documented report is reviewed and investigated.
      ii. Aggregate monthly quality assurance are periodically reviewed and trended
   b. Pharmacy personnel shall be informed of changes to existing pharmacy policy, procedures, or processes because of the quality assurance program.

B. Food and Drug Administration (FDA)
   a. FDA MedWatch program
      i. Program for reporting serious reactions, product quality problems, therapeutic inequivalence/failure, and product use errors with human medical products, including drugs, biologic products, medical devices, dietary supplements, infant formula, and cosmetics.
   b. Reporting methods
      i. Completing FORM FDA 3500B
      ii. Phone: 1-800-FDA-1088
      iii. Fax: 1-800-FDA-0178

ADVERSE DRUG REACTION REPORTING FORM

REPORT ANY REACTION OR INCIDENCE THAT MAY BE A DETRIMENTAL RESPONSE TO A MEDICATION WHICH IS UNDESIRED, UNINTENDED OR UNEXPECTED IN DOSES ACCEPTED IN THE MEDICAL PRACTICE.

PREVENTABILITY ASSESSMENT

1. Was the drug involved in the ADR inappropriate for the patient's clinical condition?
2. Were the dose, route and frequency of administration appropriate for the patient's age, weight, organ function and disease state?
3. If the reaction was due to a drug allergy, was this allergy previously documented?
   ❑ Admitting orders ❑ Pharmacy computer ❑ Nursing Kardex
4. Were appropriate therapeutic drug monitoring or other laboratory tests performed, which may have predicted this reaction? (include toxic serum levels)
5. Reaction involved a drug-drug, drug-food or drug-lab interaction.

SEVERITY ASSESSMENT

1. An ADR occurred but required no change in treatment with the suspected drug.
2. The ADR required that treatment with the suspected drug be held, discontinued or otherwise changed. No antidote or other treatment required. No increase in length of stay.
3. The ADR required that treatment with the suspected drug be held, discontinued or otherwise changed **AND/OR** an antidote or other treatment was required.
4. Serious ADR, but drug's benefits outweigh the adverse effects; drug is continued.
5. The ADR was the reason for admission.
6. The ADR treatment required intensive medical care. Increase length of stay.
7. The ADR caused permanent harm to the patient.
8. The ADR directly or indirectly led to the death of the patient.

THESE TYPES OF ADR ARE REPORTABLE TO THE FDA - MED WATCH

1. The suspected drug has been on the market for less than two (2) years.
2. The reaction is not listed in the package insert.
3. The reaction is attributed to an investigational drug.
4. The reaction contributed to the death of the patient.
5. The reaction was life-threatening or permanently disabling.

Severity (S) Levels:

1. No action necessary, reaction minor
2. Change Rx, no treatment necessary
3. Change Rx, treatment instituted
4. Change Rx, provide Tx, requires admission or longer LOS
5. Change Rx, provide Tx, requires transfer to higher acuity unit (ICU/CCU)
6. Change Rx, provide Tx, results in irreversible harm/injury
7. Results in death

Preventability (P) Levels:

1. Unpreventable, Rx appropriate for Dx
2. Possibly preventable, different Rx could be ordered
3. Possibly preventable, drug-drug interaction noted
4. Possibly preventable, food-drug interaction noted
5. Preventable, documented patient allergy
6. Preventable, drug known to cause toxicity - no levels obtained
7. Preventable, drug known to cause toxicity - continuous monitoring required, not performed
8. Preventable, drug ordered inappropriate for patient Dx

SUBJECT: PERFORMANCE IMPROVEMENT PLAN FOR COMPOUNDED STERILE PREPARATIONS	REFERENCE #1061
DEPARTMENT: MED-PLUS PHARMACY IV	PAGE: 1 OF: 11
	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

PURPOSE/OBJECTIVE:

- The Pharmacy Department participates in a performance improvement (PI) program designed to monitor, evaluate and improve the quality, appropriateness and outcomes of clinical services by:
    - Planning, designing, measuring, assessing, improving new or revised processes of patient care and service,
    - Identifying opportunities through continuous assessment of systems and processes of care through a collaborative, interdisciplinary focus,
    - Implementing solutions and actions which will bring about the desired changed, to
    - Facilitate a positive patient outcome, while
    - Maintaining a safe environment of personnel; patients and visitors.

RESPONSIBILITY:

- The Pharmacy Director is responsible for establishing and implementing a performance improvement plan for sterile compounding procedures as well as a performance improvement plan for the entire department. The plan shall integrate Pharmacy Department quality assessment/improvement, continuous quality improvement (CQI) and quality control activities into a system that will foster improvement in patient care. The Pharmacy Director also shall delegate responsibilities for monitoring, action, evaluation and reporting.

- The Pharmacy Director will report all Pharmacy Department performance improvement activities to the Pharmacy and Therapeutics Committee for their review and recommendations.

SUBJECT: PERFORMANCE IMPROVEMENT PLAN FOR COMPOUNDED STERILE PREPARATIONS	REFERENCE #1061
	PAGE: 2 OF: 11
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

GOALS OF PERFORMANCE IMPROVEMENT:

- The primary goals of the Pharmacy Department performance improvement plan are to continually and systematically plan, design, measure, assess and improvement performance of priority focus areas, improve healthcare outcomes and reduce and prevent medical/health care errors. To achieve these goals the plan strives to:
  - Incorporate quality planning;
  - Provide for a program that assures the department designs processes (with special emphasis on design of new or revisions in established services) well and systematically measures, assesses and improves its performance to achieve optimal patient health outcomes in a collaborative, cross-departmental, interdisciplinary approach. These processes include mechanisms to assess the needs and expectations of the patients and their families, staff and others. Process design contains the following focus elements:
    - Consistency with the organization's mission, vision, values, goals and objectives, and plans
    - Meets the needs of individuals served, staff and others
    - Use of clinically sound and current data sources (for instance, information from relevant literature and clinical standards)
    - Is based upon sound business practices
    - Incorporates available information from internal sources and other organizations about the occurrence of medical errors and sentinel events to reduce the risk of similar events in this institution
    - Utilizes the results of performance improvement, patient safety and risk reduction activities
- The Pharmacy Department incorporates information related to these elements, when available and relevant, in the design or redesign of processes, functions or services.
- The status of identified problems is tracked to assure improvement or problem resolution.

SUBJECT: PERFORMANCE IMPROVEMENT PLAN FOR COMPOUNDED STERILE PREPARATIONS	REFERENCE #1061
DEPARTMENT: MED-PLUS PHARMACY IV	PAGE: 3 OF: 11
	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

- Information and the findings of discrete performance improvement activities and adverse patient events are used to detect trends, patterns of performance or potential problems that affect more than one (1) department/service.

- The objectives, scope, organization and mechanisms for overseeing the effectiveness of monitoring, assessing, evaluation and problem-solving activities in the performance improvement program are evaluated annually and revised as necessary.

- Treatment and services affecting the health and safety of patients are identified. Included are those that occur frequently or affect large numbers of patients at risk of serious consequences or deprivation of substantial benefit if care is not provided correctly or not provided when indicated; or care provided is not indicated, or those tending to produce problems for patients, their families or staff.

SCOPE OF CARE:

- Patient services are provided to both the inpatient and outpatient population across the life span. Pharmacy services are provided 24 hours a day, seven (7) days a week and include:
  - Selection and procurement of medications
  - Storage of medications
  - Preparation of medications
  - Medication dispensing
  - Drug utilization monitoring
  - Drug information to the hospital staff
  - Patient/family/staff counseling and education
  - Inservice to nursing and hospital staff
  - Compounding services

PERFORMANCE ACTIVITIES:

SUBJECT: PERFORMANCE IMPROVEMENT PLAN FOR COMPOUNDED STERILE PREPARATIONS	REFERENCE #1061
DEPARTMENT: MED-PLUS PHARMACY IV	PAGE: 4 OF: 11
	EFFECTIVE: 05/04/09
APPROVED BY: SHABANA YASMIN	REVISED:

- The performance improvement program for the Pharmacy Department shall monitor priority focus areas and processes of care which are felt to be high-risk, high volume, have demonstrated a trend toward potential negative patient outcome (problem prone) and/or that involve risks that may result in sentinel events or have been identified through the continuous quality improvement (CQI) process as an area where a system or process of patient care may be improved.

- Additional indicators will be identified and chosen for monitoring through a collaborative effort utilizing information obtained from all areas of Nursing Services, administration, medical staff evaluation, regulatory body reports, patient care questionnaires and other clinical services throughout the facility, as appropriate.

- Proposed processes for assessment include, but are not limited to:

    - Medication errors - wrong drug, dosage, time, route or rate of administration; wrong patient; omission, duplication or administration without an order
    - Adverse reaction to medication
    - Medication order filled incorrectly
    - Occurrences that have an adverse result on a patient
    - Equipment breakage/failure that has an adverse result on a patient
    - Equipment not available
    - Security incident
    - Expired, recalled or otherwise unusable drug dispensed
    - Incorrect or incomplete labeling of CSPs
    - Patient/family education

- Patient/visitor/personnel safety management
- Instrument preventive maintenance and safety assessments
- Patient confidentiality
- Sentinel event reduction and elimination
- Ambulatory Pharmacy services
- Patient satisfaction
- Technical quality control activities

- Performance monitoring of identified processes are subject to change due to the collaborative process outlined above.

PERFORMANCE MEASURES:

- Performance measures with related performance outcomes will be established as a means to systematically monitor the identified processes for review in an ongoing manner, and to provide operational linkages between the risk management functions related to the clinical aspects of patient care and safety and the performance improvement functions.

- Performance expectations will be established for any new or revised processes undertaken by the Pharmacy Department staff. Performance measures will be specific and measurable. Performance measures will be structured and related to both the processes and outcomes of patient care.

APPROVED BY: SHABANA YASMIN	REVISED:

- Performance measures will pertain directly to Pharmacy Department compounding practices and will use objective criteria that reflects current knowledge and clinical practice.
  - The following criteria will be utilized to assure that the indicator chosen for data collection is the most appropriate for monitoring the performance of a patient care of service process, system or function:
    - The measure can identify the events it was intended to identify.
    - The measure has a documented numerator and a denominator statement or description of the population to which the measure is applicable.
    - The measure has defined data elements and allowable values.
    - The measure can detect changes in performance over time.
    - The measure allows for comparison over time within the organization or between the organization and other entities.
    - The data intended for collection is available and attainable.
    - Results can be aggregated and reported in a way that is useful to the organization and other interested parties.
  - Examples of Pharmacy Department Performance Measures (specific to CSPs):
    - CSPs verified by Pharmacy personnel other than the compounder
    - # of dispensing errors
    - # of computer order entry errors
    - # of labeling errors
    - # of adverse drug events
    - Equipment malfunction

- Hand scrub procedures not followed
- Validation results
- Failed compounding competence assessment (staff competency)
- Sterilization parameters not followed
- Cleaning and disinfection of work environment not completed per policy and procedure
- # of errors found when performing compounding accuracy checks

THRESHOLDS:

Measurement of performance measures will be structured to focus on an improvement in patient care. Thresholds will represent either preestablished levels, that when reached trigger an intensive evaluation of the measure under review, or benchmarks that have been identified by facility experience, that require an indepth evaluation of the proposed performance aspect and related performance measures. Threshold will also serve as a means to identify targeted areas for further study.

METHODOLOGY:

- The Pharmacy Department utilizes the Plan, Do, Check, Act (PDCA) methodology to plan, design, measure, assess and improve functions and processes related to major patient care related activities.
  - **Plan:**
    - Performance measures are based on current knowledge and experience and are structured to represent cross-departmental, interdisciplinary processes, as appropriate.
    - The following data sources will be reviewed for use in the development of performance measures:
      - Staff opinions and needs
      - Staff perceptions of risks to patients and suggestions for improving patient safety
      - Staff willingness to report medical/health care errors
      - Outcomes of processes or services, including adverse events
      - Autopsy results if available
      - Performance measures from organization approved internal and external databases
      - Infection control surveillance and reporting
      - Satisfaction surveys
      - Risk management

- Medication management review process
- Quality control
- Customer demographics and diagnoses

- Benchmarks or thresholds that trigger intensive assessment and evaluation are established.

- **Do:**
  - Data is collected to determine:
    - Whether the design specifications for new processes were met
    - The level of performance and stability of existing processes
    - Priorities for possible improvement of existing processes

- **Check:**
  - The Pharmacy Director and the department as a whole shall review and evaluate the data presented for analysis of outcomes. Appropriate statistical methodology will be employed to analyze and display data. Evaluation shall focus on identifying opportunities to improve both the processes of patient care and actual identified problem areas that effectuate a negative outcome, as well as the reduction and/or elimination of real or potential sentinel events. Comparisons with both internal, department specific historical data and external data will be performed in the evaluation process, with undesirable patterns or trends in performance and sentinel events requiring intensive analysis. Conclusions will be drawn regarding the evaluation of data presented with recommendations considered.

- **Act:**
  - Upon review of the data presentation, conclusions and recommendations, the Pharmacy will take actions to resolve identified problems and will direct efforts to those areas which have the greatest potential for improving patient care and reducing the risk of sentinel events. The Pharmacy Department shall utilize existing resources, committees and problem-solving techniques to resolve identified problems and improve patient care and safety. The Pharmacy will perform follow-up monitoring to assure that actions taken are effective and than any progress achieved is sustained. The criteria used for follow-up monitoring should be the same or similar to those used in the initial identification of the problem/opportunity for improvement, however, the sample size may vary or focused monitoring may be utilized for effectiveness.

COMMUNICATION/INTEGRATION OF INFORMATION:

- The Pharmacy Director shall ensure that documentation of the results of the outcomes of performance improvement and patient safety activities are maintained and that reports are forwarded as prescribed by the organizationwide performance improvement plan. Pharmacy staff committees reviewing the outcome of the Pharmacy's ongoing performance improvement activities include: Pharmacy and Therapeutics Committee. The frequency of reporting will be as defined in the organizationwide performance improvement plan, on a monthly/bimonthly/quarterly basis as designated. Documentation and reports shall include:
  - Findings from monitoring activities
  - Conclusions regarding identified opportunities for improvement
  - Recommendations concerning potential actions
  - Actions take to effectuate change
  - Outcome of action effectiveness (results of follow-up monitoring performed to determine extent of effectiveness and that improvements made are sustained)

ANNUAL EVALUATION OF PERFORMANCE IMPROVEMENT PROGRAM:

The Pharmacy shall evaluate the effectiveness of the performance improvement monitoring and evaluation program at least annually and revise as necessary. Other sources that interact with the Pharmacy during the course of patient care activities will be encouraged to participate in the evaluation of effectiveness of the program. The evaluation shall be documented and forwarded through the appropriate medical staff reporting structure to the Governing Body.

CONFIDENTIALITY:

- All information related to performance improvement activities performed by the pharmacy staff and personnel in accordance with the plan are confidential.
    - Confidential information may include but is not limited to: the medical staff committee minutes, Performance Improvement Executive Report, electronic data gathering and reporting, untoward incident reporting and clinical profiling..
    - Some information may be disseminated on a "need to know basis" as required by agencies such as federal review agencies, regulatory bodies, the National Practitioners Data Bank or any individual or agency that proved a "need to know basis" as approved by the Governing Body.

APPROVED BY: SHABANA YASMIN	REVISED:

POLICY:

- The Pharmacy and Therapeutics Committee shall implement a Medication Management Assessment and Evaluation Program to provide a system to ensure medication use within the organization is conducted in a safe and optimal manner.

- The Medication Management Assessment and Evaluation program requires the routine evaluation of literature for new technologies and best practices that have been demonstrated to enhance safety in other organizations to determine if these practices are conducted successfully within the organization or if they should be implemented to improve the medication management system.

- The Medication Management Assessment and Evaluation Program identifies risk points (including medication errors and adverse drug reactions) and identifies areas to improve patient safety as well as the overall use of medications throughout the organization.

- For the purposes of this program the definition of medication includes:
  - Prescription medications
  - Sample medications
  - Herbal remedies
  - Vitamins
  - Nutraceuticals (substances not controlled by the FDA, not proven beneficial by authoritative sources, however the public commonly utilizes, i.e., Ingestible Shark Cartilage)
  - Over-the-counter drugs
  - Vaccines
  - Diagnostic and contrast agents
  - Respiratory therapy treatments
  - Parenteral nutrition
  - Blood derivatives

- Intravenous solutions (plain, with electrolytes and/or other drugs)
- Any product designated by the FDA as a drug

- The Pharmacy and Therapeutics Committee will maintain oversight for the Medication Management Assessment and Evaluation Program. The program is based on the principles of performance improvement, with a focus on identification and measurement of processes and activities that are high-volume, high-risk, problem-prone and patient safety related. The program includes data collection and measurement of medication management processes, identification of opportunities or areas of improvements, the testing of incremental improvements and the recommendation of improvements to the organization's leaders. The main goal of improving the performance of medication management processes is to continuously improve patient health outcomes and reduce the occurrence of medication related errors and medication related adverse patient outcomes, including adverse drug reactions. The following essential processes will be conducted to adequately assess and evaluate how medication is managed throughout the institution.
  - Process Design
  - Performance Measurement
  - Performance Assessment
  - Performance Improvement
- The Pharmacy Director is responsible for reporting medication management processes to the Pharmacy and Therapeutics Committee, whose members in turn are responsible for assessing, monitoring and evaluating the processes and outcomes of the medication management throughout the institution.

PROCEDURE:

- The Pharmacy and Therapeutics Committee will collaborate and work together as a team with the Pharmacy Director, and other designated members of the institution, to develop, implement and evaluate the organizationwide Medication Management Assessment and Evaluation Program. As appropriate to the setting, individuals involved in the system of medication management include licensed independent practitioners, healthcare professionals and staff involved in medication management processes.
    - Assessment and Evaluation Process: The following core medication management processes carried out by the organization are measured, assessed and evaluated:
        - Selection and procurement
        - Storage
        - Ordering and transcribing
        - Preparing and dispensing
        - Administration
        - Monitoring the effects and side effects on patients
    - Over time, data is collected on all of the above processes.
- The Pharmacy Department provides fundamental functions as well as key oversight responsibilities and activities in the system of medication management. The Pharmacy Department performs the following functions and activities:
    - Selection and procurement of medications
    - Storage of medications
    - Maintenance of adequate medication inventory
    - Oversight of ordering and transcribing processes

- Patient/family/staff counseling and education
- Provision of formal and informal inservice to the nursing and other staff licensed to administer medications
- Provision of IV additive service
- Clinical dosing of specific medications (i.e., aminoglycosides)

- The Pharmacy Department will be responsible to monitor the outcomes of its important functions and activities through internal performance improvement activities through investigation, data collection and monitoring of the internal processes conducted within, or by, the Pharmacy and its personnel. External performance improvement activities related to medication management will be monitored by the Pharmacy Department through data collection from a wide variety of sources including, but not limited to, medication error reports (which include real and potential errors), and adverse drug reaction reports.

- The Pharmacy Department will collect data systematically for improvement priorities and continuing measurement. The process of data collection activities will be (when appropriate and as often as possible) collaborative and interdisciplinary in nature.

- Performance Measures:
  - Administration of medication is of high-risk and therapeutic benefit to the patient. Medication management processes are measured on an ongoing basis. The following are performance measures or categories of measures for which data is collected, aggregated, reviewed and analyzed in an effort to identify risk points and areas to improve patient safety. The list is not exhaustive and may be revised in accordance with data collected, which may indicate the benefit of inclusion or exclusion of a performance measure from the monitoring and evaluation cycle. Measures include, but may not be limited to:
    - Medication errors - wrong drug, dosage, time, route or rate of administration, wrong patient, omission, duplication or administration without an order, adverse reaction to medication (includes potential errors or "near misses")
    - Medication order filled incorrectly
    - Medication order prepared incorrectly
    - STAT medication not sent within established time frames
    - Controlled substance missing and/or incorrect count
    - Occurrences that have an adverse result on a patient
    - Equipment breakage/failure that has an adverse result on a patient
    - Equipment not available
    - Security incident
    - Expired, recalled or otherwise unusable drug dispensed
    - Formulary management
    - Labeling of drugs

- Technical quality control activities
- Adverse drug reactions

- Drug Usage Evaluation is an important component of the Medication Management Assessment and Evaluation Program. The Pharmacy and Therapeutics Committee, acting on behalf of the medical staff shall implement as a component of the overall Medication Management Assessment and Monitoring Program a Drug Usage Evaluation Program to ensure the safe, appropriate and efficacious use of medications throughout the institution. Drug usage will be monitored in a systematic and continuous manner. The Pharmacy and Therapeutics Committee will determine the specific medications to be evaluated as well as the criteria to be applied. Based on the findings of the Drug Usage Evaluation Program, the Pharmacy and Therapeutics Committee will forward recommendations to the medical staff to correct or improve medication use.

- The Drug Usage Evaluation Program will present to the Pharmacy and Therapeutics Committee an annual plan (i.e., schedule) by which medications will be assessed in the forthcoming year.

- Priorities for the selection of medications for evaluation shall be based on one (1) or more of the following factors:
    - The number of patients affected by the medication use (i.e., frequency of medication use)
    - The significance, including degree of risk, to individual patients
    - The degree to which use of the medication is known or suspected to be problem-prone
    - Ability to improve the outcome of a specific disease for which medication is an integral part of the treatment
- Criteria for evaluation will be developed by the Pharmacy Department, based on objective measures that reflect the appropriate use of the medication as determined by community medical standards, current literature and best practices. The evaluation shall focus on processes that measure:
    - Prescribing or ordering of medications
    - Transcribing of medications
    - Preparing and dispensing
    - Administration
    - Monitoring the medications' effects on patients
- Criteria for evaluation shall be approved by the Pharmacy and Therapeutics Committee prior to an evaluation being performed.
- The Pharmacy Department, in conjunction with the medical staff, will conduct the evaluations, obtaining quantitative data and present a written report of findings to the Pharmacy and Therapeutics Committee on a quarterly basis. Reports shall include criteria, findings, causes/conclusions and recommendations.

- To adequately address the amount of medications that may prove beneficial for drug usage evaluation priorities for ongoing assessment have been developed. These priorities are based upon the following:
  - The number of patients taking a medication
  - The balancing of risk with therapeutic potential
  - Medications known or suspected to be problem-prone
  - Therapeutic effectiveness, (i.e., use of antibiotics to treat pneumonia)
- The Pharmacy and Therapeutics Committee shall determine if, and when, a medication evaluation requires discontinuation or needs to be continued as a:

    - The performance assessment process conducted for evaluation of the medication management program, as a whole is systematic, interdisciplinary and interdepartmental. The Pharmacy Department uses a systematic process to assess collected data. Other disciplines will collect data related to medication management processes conducted within their department. The assessment process will include statistical quality control techniques as needed. Data assessment begins with a clear understanding of the medication management processes under review. The framework for systematic assessment includes the multidisciplinary analysis of data to answer questions about the processes and outcomes that are being monitored throughout the organization. The following issues shall be assessed and evaluated:
        - Current level of performance
        - Stability of current processes
        - Identification of areas that could be improved
        - Identification of improvement priorities
        - Effectiveness of strategies implemented to improve performance
        - Specifications for new or redesigned processes determined and met
- An interdisciplinary approach will be made to make comparisons of processes and outcomes over time. The data will be compared and reference databases utilized as needed. Priorities for improvement will be assessed. Improvement activities will be implemented based upon assessment conclusions. The Pharmacy Department as well as the Pharmacy and Therapeutics Committee (as appropriate) will collaborate as necessary with other disciplines throughout the organization.

  - Assessing results and redesigning if necessary
  - Implementing
  - Assessing the effectiveness of implemented actions
  - Reevaluation as deemed necessary to assure gains made are sustained
- Performance improvements will be based on:
  - Evaluation of the hospital's medication management system
  - Review of new technologies
  - External data
  - Medication practices that have been proven successful and have enhanced patient safety
- Practitioner specific outcomes of medication management assessment and evaluation review will be included in the practitioner's quality and competency profile for reappointment purposes. This includes review outcome of Drug Usage Evaluation and other clinically significant issues within the Medication Management Assessment and Evaluation Program as a whole.

SUBJECT: Guidance for Extended Use and Limited Reuse of PPE	REFERENCE #1065
	PAGE: 1 OF: 3
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 03-11-2020
APPROVED BY: FLYNN LEW	REVISED:

POLICY:

This policy outlines the practice for extended use and limited reuse of PPE. Supplies of PPE devices can become depleted during influenza pandemic or wide-spread outbreaks of other infectious respiratory illnesses. This strategic policy conserves protective garb while maintaining the highest level of containment and limiting exposure of compounded sterile products to contaminants.

PROCEDURE:

A. Inventory the pharmacy's current supplies of PPE (personal protective equipment) to estimate how long the specific PPE supply will last under current policies.
   1. If current supply is running low, attempt to order more without hoarding.
   2. If current supply and future ordering capability cannot sufficiently provide two months' worth of supplies, consider immediate implementation of this policy.

B. Prior to initializing any guidance in this policy, the Pharmacist-In-Charge is to acquire a waiver from the California Board of Pharmacy.
   1. The granted waiver, to deviate from the single-use provision in USP <797>, shall be retained and stored for future reference.
   2. A individual waiver is not required if the board of pharmacy proclaims pharmacy law waivers in response to state or national declaration of emergencies.

C. Utilize existing SOP to limit exposure and limit use of PPE.
   1. Limit personnel entering the clean room
      i. Exclude anyone exhibiting signs of any illness
      ii. Reduce the number of personnel engaged in compounding activities
      iii. Stage supplies outside the compounding area
      iv. Minimize trips into the clean room
   2. Limit contamination
      i. Ensure personnel hygiene
      ii. Wear freshly laundered scrubs every day
      iii. Meticulous disinfection
      iv. Walk slowly and deliberately in the clean room
      v. Re-sanitize frequently
      vi. Avoid talking while compounding
      vii. Do not touch face mask after donning.

SUBJECT: Guidance for Extended Use and Limited Reuse of PPE	REFERENCE #1065
DEPARTMENT: MED-PLUS PHARMACY IV	PAGE: 2 OF: 3
	EFFECTIVE: 03-11-2020
APPROVED BY: FLYNN LEW	REVISED:

B. Response to shoe cover shortage
   1. Consider use of cleanable, facility-dedicated shoes that are not worn outside the compounding area.
   2. Source alternative shoe covers, such as those used on construction sites
   3. Do not reuse shoe covers, including turning them inside out for reuse.
   4. Develop systems to deliver materials to compounding employees to reduce garb change required when entering the compounding space.
   5. The use of pass-throughs and dedicated carts should be formalized and maximized.

C. Response to face mask shortage
   1. If available, substitute N-95 masks for clean room masks. When using N-95 mask for non-HD sterile compounding procedures, fit testing is not required.
   2. Limited reuse of face masks used in non-HD compounding.
      i. Store the used face mask in a new, paper bag (or something clean and breathable) after each use.
      ii. Face mask should never be shared between employees
      iii. Retained masks should be stored where they are donned, individually identified, donned prior to hand washing, and not touched after proper placement.
      iv. Retained masks should be replaced when the mask condition is questionable, the mask is visibly soiled, or after 72 hours of use.

D. Response to gown shortage
   1. Decrease the number of employees in the sterile compounding area to reduce use.
   2. Retain and reuse gowns for an entire shift/day.
   3. If gowns are reused for longer periods of reuse (no more than 1 week), store them on individual hooks. Do not store them inside out.
      i. Gowns should be stored on the clean side of the ante room away from the sink.
      ii. Gowns should be stored when they are visibly soiled or after one (1) week of use.
      iii. Gowns used for cleaning or HD compounding should not be retained or reused.

E. Response to hand sanitizer shortage
   1. Consider limiting hand sanitizer use to glove change procedures only.
   2. Alcohol-based hand sanitizer not intended for clean room or surgical use may be utilized as a replacement.

F. Environmental Monitoring
   1. Implementation of Policy 1065 requires additional environmental monitoring in the PEC use for sterile compounding.
   2. Weekly, dynamic microbial surface sampling inside the PEC on the Direct Compounding Area (DCA)
      i. If growth occurs, consider changes to supply cleaning/disinfecting procedures, changes to the procedure for material transfer into the PEC, or increasing the frequency of DCA sanitation procedures. Further testing growth to genus level when growth exceeds action levels.
      ii. If a growth occurs that exceeds action levels, retrain staff, resample the site, and potentially decrease the BUD until a compliant sample is obtained.
   3. If weekly dynamic microbial surface sampling inside the PEC is not possible, BUDs will be limited to 12 hours at room temperature or 24 hours under refrigeration.

G. HD Compounding and PPE garb shortage
   1. Garb used in HD compounding should not be reused.
   2. Implementation process workflow to reduce use of critical PPE shortage:
      i. Grouping HD compounding together.
      ii. Designating a time when HD compounding is performed.
      iii. Adjusting personnel schedules to limit the number of HD compounding personnel.
      iv. Handling HD outside a PEC (per Assessment of Risk, AoRs)

POLICY:

- It is the policy of this pharmacy to notify staff assigned to compounding duties of any changes in process or to the compounding policy and procedure manual. In addition, it is our policy that the compounding policy and procedure manual will be reviewed by the pharmacist-in-charge on an annual basis, and updated whenever changes in process are implemented.

PROCEDURE

- Whenever there is a change in a policy or procedure with respect to compounding, all staff assigned to compounding duties will be notified of the change, and proof of this notification will be documented and filed in the pharmacy in a readily retrievable form for at least three years.
    - Notification methodology may include, but not restricted to the following:
        - Printed format
        - Email
        - Stand-up meetings

- On or before July 1st of every year, the pharmacist in charge will review the policy and procedures with respect to compounding, and proof of review will be documented and filed in the pharmacy in a readily retrievable form for at least three years.

- The pharmacist-in-charge will update the compounding policy and procedures whenever changes in processes are implemented.

	PAGE: 1 OF: 3
DEPARTMENT: MED-PLUS PHARMACY IV	EFFECTIVE: 05/04/09
APPROVED BY: FLYNN LEW	REVISED: 06/20/2023

DEFINITIONS

- The FDA has classified recalls according to the following guidelines:
- **Class I**: A situation in which there is reasonable probability that the use of, or exposure to, a volatile product will cause serious adverse health consequences or death.
- **Class II**: A situation in which the use of, or exposure to, a volatile product may cause temporary or medically reversible adverse health consequences or where the probability of serious adverse health consequences is remote.
- **Class III**: A situation in which the use of, or exposure to, a volatile product is not likely to cause adverse health consequences.

POLICY

- All recalled products would be removed from the compounding storage area, storage shelves and will-call area if a compounded prescription was compounded with the recalled product. The recalled product(s) will be quarantined until returned to the manufacturer or destroyed as per manufacturer instructions. In the event it is discovered that a compounded product does not pass our quality control, it is our policy to remove the product from out compounding area. In the event quality verification demonstrates the potential for adverse effects with continued use of the compounded drug product, patients who have received the compounded product would be notified and if possible, the compounded product would be recovered, in addition the prescriber and the state board of pharmacy will be notified.

PROCEDURES

- Identification of Product Recall Information: At our Pharmacy, product recall information is identified through several methods, including notification from the wholesaler, manufacturer, California State Board of Pharmacy and/or the FDA. Notification will typically be in written form via fax, e-mail, or mail.. This notification will be directed to or immediately forwarded to the Pharmacist-in- charge and/or compounding technician.

- Product Recall Assessment/Inventory Detection: Following receipt of recall information, the receiving party will determine if the product is stocked within the areas listed above.
- Recall Action/Information Dissemination
- Target Product Not Stocked: If the recalled product is not stocked, the following information is documented directly on the recall notice: identification of the product not being stocked, date, action, and initials of the reviewer. Records will be maintained in a binder.
- Target Product Stocked: Class II and III Recall:
- Identification: The pharmacist-in-charge and/or compounding technician will identify the location of the recalled medications
- Disposal/Return: Once the targeted item is identified the appropriate actions are taken in accordance with the manufacturer's recommendations and guidelines. The pharmacist-in-charge and/or compounding technician will supervise and ensure the removal of recalled product from stock immediately, quarantine and disposal/return via recall guidelines.
- Documentation: Retrieval and disposal/return of recalled product will be documented on the recall form sent from the manufacture/wholesaler by the pharmacist- in-charge and will include: date, recall classification, return date, quantity of stock, disposition, and initials. Records will be maintained in a binder
- Target Product stocked : Class I Recall - Because Class I recalls can have serious health consequences; the following additional measures will be taken in such cases
- Identification: The pharmacist-in-charge and/or compounding technician will identify the location of the recalled medications.
- Disposal/Return: Once the targeted item is identified the appropriate actions are taken in accordance with the manufacturer's recommendations and guidelines. The pharmacist-in-charge and/or compounding technician will supervise and ensure the removal of recalled product from stock immediately, quarantine, and disposal/return via recall guidelines
- Documentation: Retrieval and disposal/return of recalled product will be documented on the recall form sent from the manufacture/wholesaler by the pharmacist-in-charge and will include: date, recall classification, return date, quantity of stock, disposition, and initials. - Identification of Patients Receiving Recall Medication: The pharmacy will identify, via the pharmacy computer system, a list of patients who potentially received the targeted product. The pharmacy will then attempt to contact each patient by phone and/or by mail if the patient cannot be reached by phone.

- Notification

    - Issuance of a recall notice of a sterile compounded drug notice shall be done as soon as possible and notifications of the following entities, within 12 hours of the recall notice release:

        - Prescriber
        - Patient
        - State Board of Pharmacy

    - The 12-hour notification is mandated if: use of or exposure to the recalled drug may cause serious adverse health consequences or death within the state of California.

_____ Disinfects hands again using waterless alcohol-based surgical hand scrub with persistent activity and allows hand to dry thoroughly before donning sterile gloves.
_____ Dons appropriate sized sterile gloves ensuring that there is a tight fit with no excess glove material at the fingertips.
_____ While engaging in sterile compounding activities, routinely disinfects gloves with 70% IPA prior to work in the direct compounding area (DCA) and after touching items or surfaces that may contaminate gloves.
_____ Removes PPE on the clean side of the ante-area.
_____ Removes gloves and performs hand hygiene.
_____ Removes gown and discards it, or hangs it on the hook if it is to be reused within the same working day.
_____ Removes and discards mask, head cover, and beard cover (if used).
_____ Removes shoe covers or shoe one at a time, ensuring that uncovered foot is placed on the dirty side of the line of demarcation and performs hand hygiene again. Removes and discards shoe covers every time the compounding area is exited).

Daily Tasks:

___ Prepares correct concentration of disinfectant solution according to manufacturer's instructions.

___ Uses appropriately labeled container for the type of surface to be cleaned (floor, wall, production bins, etc.).

___ Documents disinfectant solution preparation.

___ Follows garbing procedures when performing any cleaning activities.

___ At the beginning of each shift, cleans all ISO class 5 device prior to compounding in the following order: ceilings, walls, IV bar, and work surface.

___ Uses a lint free wipe soaked with sterile 70% IPA or other approved disinfectant solution and allows to dry completely.

___ Removes all compounder components and cleans all ISO class areas as stated above at the end of each shift.

___ Cleans all counters and easily cleanable work surfaces.

___ Mops floors, using mop labeled "floors", starting at the wall opposite the room entry door; mops floor surface in even strokes toward the operator; moves carts as needed to clean entire floor surface. Use of microfiber cleaning system is an acceptable alternative to mops.

___ In the ante-area cleans sink and all contact surfaces; cleans floor with disinfectant solution or uses microfiber cleaning system.

Weekly Tasks:

___ Performs weekly cleaning on a designated day. Prepares a disinfectant solution as stated in daily tasks that is appropriate for the surfaced to be cleaned.

___ Cleanse buffer area and ante-area ceiling, walls, and storage shelving with disinfectant solution and a mop or uses a microfiber cleaning system.

___ Once ISO Class 5 area is clean, cleans compounding room ceiling, followed by walls and ending with the floor. Uses appropriate labeled mops or microfiber cleaning system.

___ Cleans all buffer area totes and storage shelves by removing contents into tote, wipes tote with sterile 70% IPA to remove disinfectant residue. Uses new wipe as needed.

___ Cleans all buffer area carts by removing contents and using germicidal detergent soaked lint free wipe, cleans all carts starting with the top shelf and top of post, working down to wheels. Cleans the underside of the shelves in a similar manner. Uses a new wipe for each cart. Allows to dry. Wipes cart with sterile 70% IPA wetted lint-free wipe to remove any disinfectant residue. Uses new wipe as needed.

___ Cleanse buffer area chairs; the interior and exterior of trash bins and storage bins using disinfectant solution soaked lint free wipe.

___ Documents all cleaning activities as to who performed such activities with date and time noted.

Note: Validation of high risk manipulations may require additional supplies and equipment. If necessary, modify the suggested steps to more closely simulate the most challenging aseptic manipulations performed at your pharmacy. Non-sterile TSB media can be prepared by starting with #GM3000, Soybean-Casein Digest. It is packaged in convenient 3 gram pouches.

1. This procedure is one of the more complex of those the operator will be expected to perform. It consists of adding the contents of an ampule to a vial, then transferring 20 portions of a vial to a partially filled minibag.

2. Sanitize work area using standard procedures. Swab vial and bag ports according to the pharmacy's standard operating procedures.

3. Select 1 GroMed ampule, 1 GroMed partially filled minibag, and 1 GroMed 20 ml vial, each containing sterile Trypticase Soy Broth growth medium. Wipe the ampule and injection ports of the bag and vial with a wipe dampened with IPA. If using a laminar airflow hood place the containers at least 6 inches within the work area so as to protect the injection ports and not interrupt the clean air flow.

4. Select 20 sterile 18G x 1" needles (or smaller size as appropriate) and one sterile 3, 5, or 6cc disposable syringe. Remove the syringe from the pouch and place the syringe in the work space.

5. Aseptically attach a needle to the syringe.

6. Draw up contents of the ampule and inject into the GroMed vial. Shake to mix indicator dye.

7. Withdraw 1 ml of TSB from the GroMed vial and inject the TSB into the bag of sterile TSB. Change the needle. The frequent needle changes make the complexity of the procedure approach a "worst case" situation.

8. Repeat procedure (#7) 19 more times, using 19 different needles but the same syringe and receiving bag of TSB. The final transfer should empty the contents of the vial. At the end of these transfers there will be approximately 123 ml in the minibag.

Option 1: High Risk simulation, see Directions for Use for GroMed #GM3000.

Option 2: At this point in the test the complexity of the above procedure can be increased by transferring the entire contents of the GroMed minibag into another empty container. The receiving container, vial or bag, should be a frequently used size. The transfer is accomplished using gravity and a standard sterile pharmacy tubing set.

9. **Immediately** inspect the final container contents for particulates, corings, and fibers. These particles should not be recorded as microbial growth.

10. Label the final container of TSB. For compliance with USP<797>, incubate at a temperature of 20° - 25°C or 30°-35°C for 14 days.

11. Examine the container of TSB daily for turbidity. If turbidity is observed, growth from microorganisms is indicated and the test is positive. If the TSB is clear, the test is negative and the operator has passed the test.

12. A positive test sample indicates that the operator has introduced microorganisms into the "product" and has failed the test.

13. All operators should be revalidated, using the above procedure. Frequency of revalidation depends upon risk level being simulated.

14. After 14 days, transfer piggyback label and enter related data in the GroMed log.

Glove Fingertip Sampling
Do not disinfect gloves immediately prior to sampling. Press the agar with the fingertips and thumbs of both hands in a manner to create a slight impression in the agar *(Figure 1)*.

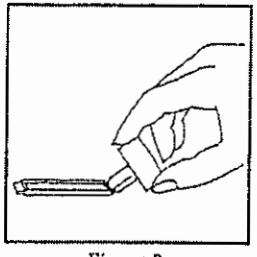

Figure 2

Contact Inoculation
Solid surfaces can be monitored for microbial contamination by pressing one side, then the other side, of the paddle firmly against the surface to be tested *(Figure 2)*. The hinged design allows full contact.
Do NOT drag the agar across the surface.

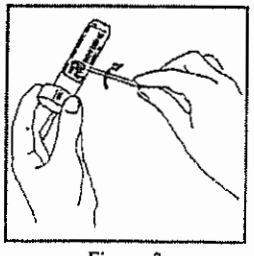

Figure 3

Swabbing
Difficult to reach surfaces can be tested by turning a sterile swab, previously moistened with sterile water, while moving across prescribed surfaces. The swab is then carefully and firmly rolled over both agar surfaces *(Figure 3)*.

Impaction Air Testing
Position one of the paddle surfaces perpendicular to the air flow to be monitored, using the cap as a pedestal *(Figure 4)*. The exposure duration of the paddle to the air stream should be planned and the same each time the test is performed. Exposure longer than 2 hours may dry the agar surface.

Incubation
After inoculation or exposure, carefully replace the paddle in the vial and tightly secure the cap. Incubate at an elevated temperature (USP <797>) 30°-35°C for 48 to 72 hours.

Interpretation of Results
Carefully remove paddle from the vial and visually examine under good lighting. Count the number of discrete colonies present, if any, and report as colony forming units (cfus). Quantitative conclusions can be drawn only when using the same sampling technique under similar conditions.

EnviroTest™ - ET1000 media promotes growth of most aerobic bacteria, yeasts, and fungi.

Storage, Stability and Destruction
EnviroTest™ kits should be kept unopened at room temperature and protected from light. The paddles must not be allowed to freeze. Any unused paddles showing microbial growth should be discarded. All used paddles should be discarded in a manner consistent with applicable State and Federal regulations.

Staff Training
New or used EnviroTests can also be used to demonstrate the importance of handwashing. Press unwashed finger tips on one paddle of an EnviroTest. Wash hands and press clean finger tips on other paddle. Incubate and compare results.

Challenges Polaris Faced in Minnesota

Polaris entered the Minnesota market in November 2018. The company operates only one pharmacy in Minnesota, which is located at 5220 Park Glen Road, St. Louis Park. Polaris' early experience in Minnesota was not without its challenges, but the company has made a good faith effort to address its challenges and is constantly looking to improve.

When Polaris entered the Minnesota market, it was surprised to find a labor market (particularly for pharmacy technicians) that was much tighter than other markets in which Polaris operates and experienced more staff turnover in Minnesota than it is accustomed to in other markets. The Covid-19 pandemic obviously put an incredible amount of stress on every stakeholder in the pharmacy industry, and Polaris was no exception. The pandemic made it even more difficult for Polaris to recruit, hire, and retain talented staff.

Polaris continues to believe it did not engage in central services by having Minnesota-licensed technicians located in Florida perform remote order entry tasks in connection with prescription orders filled in Minnesota. In letters to the Board dated July 19, 2019, Polaris explained why it began using Minnesota-licensed technicians based in Florida to assist Polaris Minnesota with order entry tasks.

In sum, during its initial months of operation, Polaris faced an unanticipated and unacceptable backlog of prescription orders that needed to be filled in Minnesota. The backlog resulted largely from Polaris' inability to recruit and retain enough capable pharmacy technicians in Minnesota during the early months of operation. To address the backlog and ensure the timely delivery of prescriptions to Minnesota patients, Polaris initially had Minnesota-licensed technicians based in Florida perform order entry services on behalf of Polaris Minnesota. These technicians were experienced technicians who were licensed in Minnesota before they performed order entry work for Polaris Minnesota. Further, while performing remote order entry work from a Polaris Florida location, these technicians were connected virtually to Polaris Minnesota's physical workspace through Polaris' FrameworkLTC software platform, which is commonly used across the long-term care pharmacy industry. At all times, the work of these technicians was overseen by a licensed pharmacist at the Florida pharmacy (where the data was entered into FrameworkLTC), as well as a Minnesota-licensed pharmacist in the Minnesota pharmacy, who ultimately controlled and was responsible for the technicians' work and any prescriptions filled in connection with data they entered into the system. Additionally, until May 2019, Polaris had IND Consulting and its "Team X" do some remote order entry work for Polaris Minnesota. Aside from the order entry function, Polaris Minnesota's prescription processing and filling functions have always taken place entirely in the Minnesota pharmacy. Polaris has at times relied on similar remote order entry processes in other states without triggering central service pharmacy requirements.

Accordingly, when Polaris started using this process to help deal with the Minnesota backlog, it did not anticipate that it might be triggering central services pharmacy requirements. For this reason, Polaris initially did not submit or seek approval from the Board for a central prescription drug processing policy or procedure. In March 2019, after Board staff expressed a

view that Polaris' use of Minnesota-licensed technicians based in Florida to perform remote entry work constituted an unauthorized central service arrangement, Polaris took immediate steps to address the issue. Polaris initially flew Minnesota-licensed technicians from Florida to Minnesota, so they could be physically present in the Polaris Minnesota pharmacy while performing the same order entry functions they had been performing in Florida.

Finally, Polaris sought Board approval of several remote order entry variances, with the goal of being authorized to resume using Minnesota-licensed technicians based in Florida to perform remote order entry for Polaris Minnesota, and particularly to deal with emergencies or backlogs. When Board staff initially raised this issue in March 2019, Polaris did not believe it could immediately shift all order entry functions to its limited staff in Minnesota without compromising patient safety and welfare. At the time, Polaris was still working through the backlog, onboarding new care facilities, and working hard to locate, hire, train, and retain technicians and other staff in Minnesota in a challenging labor market. Under the circumstances, Polaris determined it was necessary to continue using Minnesota licensed, Florida-based technicians for a period of time in order to deal with the backlog and continue filling prescriptions in a timely manner for patients who needed them, while simultaneously building up its Minnesota workforce and making the changes necessary to meet the expectations of Board staff. As soon as Polaris was staffed and equipped to perform all order entry functions in Minnesota, it stopped utilizing technicians who were not physically located in Minnesota altogether. Accordingly, from June 2019 to the present, Polaris has only used Minnesota-licensed technicians physically located in the Polaris Minnesota pharmacy to perform order entry work on prescription orders filled in Minnesota. Polaris took concerns raised by Board staff over remote order entry issues seriously, and it believes it acted reasonably under the circumstances to address those concerns, while also maintaining high levels of patient care.

Polaris remained committed to working cooperatively with the Board to better understand what it must do in order to utilize remote order entry processes in the future. Polaris would always attempt to rely on technicians physically located in its Minnesota pharmacy to perform data entry and other prescription filling functions. The Board acknowledged granting variance requests to many pharmacy chains and health-systems that authorize the use of remote order entry processes. In March 2020, the Board also issued Covid-19 related guidance acknowledging that pharmacists and technicians could perform various prescription drug filling functions while working remotely—including data entry of prescriptions and orders; verifying prescriptions; certifying data entry and the finished prescriptions (i.e., the product check); conducting profile and prospective drug utilization reviews; and stage-checking for compounding—so long as affiliated pharmacies were using adequate computer software and hardware for the tasks being performed. While the Board's Covid-19 guidance evolved after Governor Walz's Peacetime Emergency declaration was rescinded, Polaris continues to believe remote order entry processes like those implemented during the first few months of Polaris' operations in Minnesota were safe, effective, and should have a place in the delivery of modern pharmacy services.

The Board approved the central services variance #265679-010 on July 13, 2022 between Polaris Pharmacy Services of Minnesota, LLC and both the Polaris Pharmacies located in Tampa and Ft. Lauderdale Florida for urgent or emergent needs.

BEFORE THE MINNESOTA

BOARD OF PHARMACY

In the Matter of Polaris Pharmacy Services of Minnesota, LLC License No. 265679	STIPULATION AND CONSENT ORDER

STIPULATION

Polaris Pharmacy Services of Minnesota, LLC ("Licensee") and the Minnesota Board of Pharmacy Committee on Professional Standards ("Committee") agree the above-referenced matter may be resolved without trial of any issue or fact as follows:

I.

JURISDICTION

1. The Minnesota Board of Pharmacy ("Board") is authorized pursuant to Minnesota Statutes chapter 151 to license and regulate pharmacies and to take disciplinary action as appropriate.

2. Licensee holds a pharmacy license from the Board and is subject to the jurisdiction of the Board with respect to the matters referred to in this Stipulation and Consent Order.

II.

CONFERENCE

3. On August 18, 2021, Licensee met with the Committee to discuss the allegations described in a Notice of Conference. Board members Kendra Metz and Stuart Williams comprised the Committee. The Board's Executive Director, Cody Wiberg; Deputy Director, Jennell Bilek; and staff attorney, Brian Park, were also present. Alex Mountain, Assistant Attorney General, represented the Committee. Brian A. Dillon, of Lathrop GPM LLP, represented licensee and was

accompanied by Licensee's Pharmacist-in-Charge, Neil Uitto; Polaris' Chief Operating Officer, Steven Baker; and Polaris' Executive Vice President of Operations, Todd Zisek.

III.

FACTS

4. On or about November 1, 2018, the Board licensed Licensee as a pharmacy in Minnesota.

5. Licensee is a closed door, long-term care ("LTC") pharmacy that prepares sterile and non-sterile compounded drug products for dispensing.

6. Licensee has two affiliated pharmacy locations in Florida, both licensed by the Board as follows:

a. On or about July 8, 2016, the Board issued Polaris Rx, located in Fort Lauderdale, Florida ("Pharmacy 1"), non-resident pharmacy license #265101.

b. On or about December 5, 2018, the Board issued Polaris Pharmacy Services of Tampa, located in Tampa, Florida ("Pharmacy 2"), non-resident pharmacy license #265721.

7. On or about March 19, 2019, two Board Surveyors visited Licensee for the purpose of completing a routine inspection, met with the pharmacist-in-charge, and identified the following:

a. Seven pharmacy technicians registered by the Board and employed by Pharmacy 1 and Pharmacy 2, were living in Florida but listed their current physical address as Licensee's address in Minnesota.

b. During the inspection, the Board Surveyors cited Licensee for engaging in central services with Pharmacy 1 and Pharmacy 2, by allowing pharmacy technicians working in Florida to remotely perform data entry of prescription drug information for Minnesota patients into

Licensee's Frameworks LTC prescription processing and dispensing software system ("FW-LTC"), followed by verification of the data entry by Licensee's pharmacist staff members working in Minnesota ("Central Service").

c. Prior to beginning Central Service, Licensee failed to submit a copy of its policy and procedure manual and failed to obtain Board approval to participate in a Central Service arrangement with Pharmacy 1 and Pharmacy 2.

d. Licensee disputes that it was operating a "central services arrangement" as it understands that term to be commonly used within the industry. Licensee maintains that its use of remote order entry processes was necessary under the circumstances, due to a backlog of prescription orders that had accumulated due in large part to Licensee's inability to recruit and retain sufficient staff in Minnesota during its early months of operating in the State. Nonetheless, for purposes of this stipulation, Licensee acknowledges and understands the March 2019 citation.

e. Licensee's nonsterile compounding records failed to include an assigned beyond use date ("BUD") for the final compounded drug product, or included a BUD exceeding those recommended within United States Pharmacopeia, General Chapter 795 for Pharmaceutical Compounding - Nonsterile Preparations ("USP 795"), without documentation of a reference for literature or a stability study applicable to the specific drug product allowing for extension of the BUD. Licensee avers that it responded to these findings by providing education to its staff to ensure compounded components included lot numbers, expiration dates, and BUDs, along with noting the supporting reference sources. Licensee states that it is not aware of any other issues regarding its compliance with BUD requirements since 2019.

8. On or about March 20, 2019, the Board received a complaint alleging that Licensee was utilizing pharmacy technicians from outside of Minnesota to enter prescription data. On or about April 9, 2019, a Board Surveyor reminded Licensee, after expanding its operations to 24-

hours, that pharmacy technicians working outside of its Minnesota location could not be used to help with covering the additional hours that the pharmacy is open, due to the lack of Board approved policies for Central Services with Pharmacy 1 and Pharmacy 2. As noted above, Licensee disputes that it was operating a "central services arrangement" as it understands that term to be commonly used within the industry. Licensee maintains that its use of remote order entry processes was necessary under the circumstances, due to a backlog of prescription orders that had accumulated due in large part to Licensee's inability to recruit and retain sufficient staff in Minnesota during its early months of operating in the State. Nonetheless, for purposes of this stipulation, Licensee acknowledges and understands the Board's concern regarding the use of out-of-state technicians to enter prescription data.

9. On June 11, 2019, two Board Surveyors visited Licensee for the purpose of an investigation, met with representatives of the Licensee, and identified the following:

a. The pharmacist-in-charge stated that, as far as she was aware, Pharmacy 1 and Pharmacy 2, both located in Florida, were the only two locations providing Central Services for Licensee.

b. Licensee utilized a company named IND Consulting ("IND") for emergency kit ("E-kit") billing and entry of patient information when pharmacy services are initiated in a new LTC facility. IND's website states its staff are able to provide services including, but not limited to, billing services, medical record entry, and data entry solutions, with guaranteed staffing in fully operational data centers that are open 24 hours a day and 365 days a year, located within or outside of the United States across the globe in Mexico, India, the Philippines, and Florida. During the conference with the Committee, Licensee admitted that IND consulting had been used to enter prescription data for prescription drug orders ultimately dispensed by its

Minnesota pharmacy. Licensee cannot definitively state where individuals affiliated with IND were licensed or physically located when entering such data.

c. At the end of the visit, the Board Surveyor's provided an Investigative Report requesting additional information and reminding Licensee again that it cannot engage in Central Services without Board approval.

10. On February 12, 2020, two Board Surveyors visited Licensee for the purposes of an investigation, met with representatives of Licensee, and identified the following:

a. After arriving at 4:36 a.m., one of the Board Surveyors observed two of Licensee's pharmacy technicians were allowed badge access to the pharmacy entrance prior to the arrival of RPh 3 at around 5:55 a.m. One technician was found to be working in the sterile compounding area and another was logged into Licensee's computer. A representative of Licensee later stated that three pharmacy technicians had been given keys and passcodes to access Licensee's pharmacy. During its conference with the Committee, Licensee admitted that this allegation is true, but stated that senior management took corrective action upon learning of the situation, including immediately revoking the access code of all non-pharmacists and physically rekeying all doors within the pharmacy. Licensees avers that periodic security assessments confirm that no unauthorized persons have had access to the pharmacy since February 2020.

b. Six pharmacy technicians, including the IV pharmacy technician, were present in the "filling area" with only one pharmacist, who was the second pharmacist to arrive. Another pharmacist was in an "order entry" area, a distinctly different area separated by a wall and door. The Board Surveyors were told that additional pharmacy technicians were scheduled that morning to perform non-technician "staging or stocking" duties. However, the Board Surveyors observed that the additional pharmacy technicians that were supposedly scheduled to perform non-technician duties, were filling orders in the "filling area" to be checked by the one pharmacist.

Licensee avers that is does not have sufficient information to admit or deny the Board surveyors' observations, but that company policy requires compliance with required technician-to-pharmacist ratios.

IV.

LAWS

11. Licensee acknowledges the conduct described in section III above constitutes a violation of Minn. Stat. § 151.071, subd. 2(7), and warrants the disciplinary action described below.

V.

DISCIPLINARY ACTION

The parties agree the Board may take the following disciplinary action and require compliance with the following terms:

12. The Board **REPRIMANDS** Licensee and imposes a **CIVIL PENALTY** in the amount of $50,000 for the conduct described in section III above. The civil penalty shall be paid by cashier's check or money order made payable to the Minnesota Board of Pharmacy, c/o Cody Wiberg, Executive Director, 2829 University Avenue S.E., Suite 530, Minneapolis, Minnesota 55414, within 60 days of the date of entry of this Order.

13. The Board places the following **CONDITION** on Licensee's License: every six months, for a period of three years, Licensee's CEO must certify to the Board's Executive Director that Licensee's licensed pharmacies that provide services to Minnesota residents are in full compliance with all applicable Minnesota statutes and rules.

VI.

CONSEQUENCES FOR NONCOMPLIANCE OR ADDITIONAL VIOLATIONS

14. If Licensee fails to comply with or violates this Stipulation and Consent Order, the Committee may, in its discretion, seek additional discipline either by initiating a contested case proceeding pursuant to Minnesota Statutes chapter 14 or by bringing the matter directly to the Board pursuant to the following procedure:

a. The Committee shall schedule a hearing before the Board. At least 20 days before the hearing, the Committee must mail Licensee a notice of the violation(s) alleged by the Committee. In addition, the notice must designate the time and place of the hearing. Within ten days after the notice is mailed, Licensee shall submit a written response to the allegations. If Licensee does not submit a timely response to the Board, the allegations may be deemed admitted.

b. The Committee, in its discretion, may schedule a conference with Licensee prior to the hearing before the Board to discuss the allegations and to attempt to resolve the allegations through agreement.

c. Prior to the hearing before the Board, the Committee and Licensee may submit affidavits and written argument in support of their positions. At the hearing, the Committee and Licensee may present oral argument. Argument may not refer to matters outside the record. The evidentiary record must be limited to the affidavits submitted prior to the hearing and this Stipulation and Consent Order. The Committee will have the burden of proving by a preponderance of the evidence that a violation has occurred. If Licensee has failed to submit a timely response to the allegations, Licensee may not contest the allegations, but may present argument concerning the appropriateness of additional discipline. Pursuant to this process, Licensee waives a hearing before an administrative law judge, discovery, cross-examination of

adverse witnesses, and other procedures governing hearings pursuant to Minnesota Statutes chapter 14.

d. Licensee's correction of a violation before the conference, hearing, or meeting of the Board may be taken into account by the Board but does not limit the Board's authority to impose discipline for the violation. A decision by the Committee not to seek discipline when it first learns of a violation does not waive the Committee's right to later seek discipline for that violation, either alone or in combination with other violations, at any time while Licensee's license is in a suspended status.

e. Following the hearing, the Board will deliberate confidentially. If the allegations are not proved, the Board must dismiss the allegations. If a violation is proved, the Board may impose additional discipline, including conditions or limitations on Licensee's license, a period of suspension, conditions of reinstatement, or revocation of Licensee's license.

f. Nothing herein limits the Committee's or the Board's right to temporarily suspend Licensee's license as provided in Minnesota Statutes chapters 151 and 214, based on a violation of this Stipulation and Consent Order or based on conduct of Licensee not specifically referred to herein.

VII. ADDITIONAL INFORMATION

15. Licensee waives the contested case hearing and all other procedures before the Board to which Licensee may be entitled under the Minnesota and United States constitutions, statutes, or rules.

16. Licensee waives any claims against the Board, the Minnesota Attorney General, the State of Minnesota, and their agents, employees, and representatives related to the

investigation of the conduct herein, or the negotiation or execution of this Stipulation and Consent Order, which may otherwise be available to Licensee.

17. This Stipulation and Consent Order, the files, records, and proceedings associated with this matter shall constitute the entire record and may be reviewed by the Board in its consideration of this matter.

18. Either party may seek enforcement of this Stipulation and Consent Order in any appropriate civil court.

19. Licensee has read, understands, and agrees to this Stipulation and Consent Order and has voluntarily signed the Stipulation and Consent Order. Licensee is aware this Stipulation and Consent Order must be approved by the Board before it goes into effect. The Board may either approve the Stipulation and Consent Order as proposed, approve it subject to specified change, or reject it. If the changes are acceptable to Licensee, the Stipulation and Consent Order will take effect and the order as modified will be issued. If the changes are unacceptable to Licensee or the Board rejects the Stipulation and Consent Order, it will be of no effect except as specified in the following paragraph.

20. Licensee agrees that if the Board rejects this Stipulation and Consent Order or a lesser remedy than indicated in this settlement, and this case comes again before the Board, Licensee will assert no claim that the Board was prejudiced by its review and discussion of this Stipulation and Consent Order or of any records relating to it. If the Board rejects this Stipulation and Consent Order, the parties agree that this Stipulation and Consent Order will not be admissible in any proceedings.

21. This Stipulation and Consent Order does not limit the Board's authority to proceed against Licensee by initiating a contested case hearing or by other appropriate means on the basis

of any act, conduct, or admission of Licensee which constitutes grounds for disciplinary action, and which is not directly related to the specific facts and circumstances set forth in this document.

VIII.

DATA PRACTICES NOTICES

22. This Stipulation and Consent Order constitutes disciplinary action by the Board and is classified as public data pursuant to Minnesota Statutes section 13.41, subdivision 5. Data regarding this action will be provided to data banks as required by Federal law or consistent with Board policy. While this Stipulation and Consent Order is in effect, information obtained by the Board pursuant to this Order is considered active investigative data on a licensed health professional, and as such, is classified as confidential data pursuant to Minnesota Statutes section 13.41, subdivision 4.

23. This Stipulation contains the entire agreement between the parties, there being no other agreement of any kind, verbal or otherwise, which varies this Stipulation.

Upon consideration of the Stipulation, the Board **REPRIMANDS** Licensee, imposes a **CIVIL PENALTY**, and **CONDITIONS** Licensee's license and adopts all of the terms described above on this 8TH day of December, 2021.

MINNESOTA BOARD OF PHARMACY

CODY WIBERG
Executive Director

BEFORE THE MINNESOTA

BOARD OF PHARMACY

In the Matter of
Polaris Pharmacy Services of Minnesota, LLC
License No. 265679

STIPULATION AND CONSENT ORDER

STIPULATION

Polaris Pharmacy Services of Minnesota, LLC ("Licensee") and the Minnesota Board of Pharmacy Committee on Professional Standards ("Committee") agree the above-referenced matter may be resolved without trial of any issue or fact as follows:

I.

JURISDICTION

1. The Minnesota Board of Pharmacy ("Board") is authorized pursuant to Minnesota Statutes chapter 151 to license and regulate pharmacies and to take disciplinary action as appropriate.

2. Licensee holds a pharmacy license from the Board and is subject to the jurisdiction of the Board with respect to the matters referred to in this Stipulation and Consent Order.

II.

CONFERENCE

3. On August 18, 2021, Licensee met with the Committee to discuss the allegations described in a Notice of Conference. Board members Kendra Metz and Stuart Williams comprised the Committee. The Board's Executive Director, Cody Wiberg; Deputy Director, Jennell Bilek; and staff attorney, Brian Park, were also present. Alex Mountain, Assistant Attorney General, represented the Committee. Brian A. Dillon, of Lathrop GPM LLP, represented licensee and was

accompanied by Licensee's Pharmacist-in-Charge, Neil Uitto; Polaris' Chief Operating Officer, Steven Baker; and Polaris' Executive Vice President of Operations, Todd Zisek.

III.

FACTS

4. On or about November 1, 2018, the Board licensed Licensee as a pharmacy in Minnesota.

5. Licensee is a closed door, long-term care ("LTC") pharmacy that prepares sterile and non-sterile compounded drug products for dispensing.

6. Licensee has two affiliated pharmacy locations in Florida, both licensed by the Board as follows:

a. On or about July 8, 2016, the Board issued Polaris Rx, located in Fort Lauderdale, Florida ("Pharmacy 1"), non-resident pharmacy license #265101.

b. On or about December 5, 2018, the Board issued Polaris Pharmacy Services of Tampa, located in Tampa, Florida ("Pharmacy 2"), non-resident pharmacy license #265721.

7. On or about March 19, 2019, two Board Surveyors visited Licensee for the purpose of completing a routine inspection, met with the pharmacist-in-charge, and identified the following:

a. Seven pharmacy technicians registered by the Board and employed by Pharmacy 1 and Pharmacy 2, were living in Florida but listed their current physical address as Licensee's address in Minnesota.

b. During the inspection, the Board Surveyors cited Licensee for engaging in central services with Pharmacy 1 and Pharmacy 2, by allowing pharmacy technicians working in Florida to remotely perform data entry of prescription drug information for Minnesota patients into

Licensee's Frameworks LTC prescription processing and dispensing software system ("FW-LTC"), followed by verification of the data entry by Licensee's pharmacist staff members working in Minnesota ("Central Service").

c. Prior to beginning Central Service, Licensee failed to submit a copy of its policy and procedure manual and failed to obtain Board approval to participate in a Central Service arrangement with Pharmacy 1 and Pharmacy 2.

d. Licensee disputes that it was operating a "central services arrangement" as it understands that term to be commonly used within the industry. Licensee maintains that its use of remote order entry processes was necessary under the circumstances, due to a backlog of prescription orders that had accumulated due in large part to Licensee's inability to recruit and retain sufficient staff in Minnesota during its early months of operating in the State. Nonetheless, for purposes of this stipulation, Licensee acknowledges and understands the March 2019 citation.

e. Licensee's nonsterile compounding records failed to include an assigned beyond use date ("BUD") for the final compounded drug product, or included a BUD exceeding those recommended within United States Pharmacopeia, General Chapter 795 for Pharmaceutical Compounding - Nonsterile Preparations ("USP 795"), without documentation of a reference for literature or a stability study applicable to the specific drug product allowing for extension of the BUD. Licensee avers that it responded to these findings by providing education to its staff to ensure compounded components included lot numbers, expiration dates, and BUDs, along with noting the supporting reference sources. Licensee states that it is not aware of any other issues regarding its compliance with BUD requirements since 2019.

8. On or about March 20, 2019, the Board received a complaint alleging that Licensee was utilizing pharmacy technicians from outside of Minnesota to enter prescription data. On or about April 9, 2019, a Board Surveyor reminded Licensee, after expanding its operations to 24-

hours, that pharmacy technicians working outside of its Minnesota location could not be used to help with covering the additional hours that the pharmacy is open, due to the lack of Board approved policies for Central Services with Pharmacy 1 and Pharmacy 2. As noted above, Licensee disputes that it was operating a "central services arrangement" as it understands that term to be commonly used within the industry. Licensee maintains that its use of remote order entry processes was necessary under the circumstances, due to a backlog of prescription orders that had accumulated due in large part to Licensee's inability to recruit and retain sufficient staff in Minnesota during its early months of operating in the State. Nonetheless, for purposes of this stipulation, Licensee acknowledges and understands the Board's concern regarding the use of out-of-state technicians to enter prescription data.

9. On June 11, 2019, two Board Surveyors visited Licensee for the purpose of an investigation, met with representatives of the Licensee, and identified the following:

a. The pharmacist-in-charge stated that, as far as she was aware, Pharmacy 1 and Pharmacy 2, both located in Florida, were the only two locations providing Central Services for Licensee.

b. Licensee utilized a company named IND Consulting ("IND") for emergency kit ("E-kit") billing and entry of patient information when pharmacy services are initiated in a new LTC facility. IND's website states its staff are able to provide services including, but not limited to, billing services, medical record entry, and data entry solutions, with guaranteed staffing in fully operational data centers that are open 24 hours a day and 365 days a year, located within or outside of the United States across the globe in Mexico, India, the Philippines, and Florida. During the conference with the Committee, Licensee admitted that IND consulting had been used to enter prescription data for prescription drug orders ultimately dispensed by its

Minnesota pharmacy. Licensee cannot definitively state where individuals affiliated with IND were licensed or physically located when entering such data.

c. At the end of the visit, the Board Surveyor's provided an Investigative Report requesting additional information and reminding Licensee again that it cannot engage in Central Services without Board approval.

10. On February 12, 2020, two Board Surveyors visited Licensee for the purposes of an investigation, met with representatives of Licensee, and identified the following:

a. After arriving at 4:36 a.m., one of the Board Surveyors observed two of Licensee's pharmacy technicians were allowed badge access to the pharmacy entrance prior to the arrival of RPh 3 at around 5:55 a.m. One technician was found to be working in the sterile compounding area and another was logged into Licensee's computer. A representative of Licensee later stated that three pharmacy technicians had been given keys and passcodes to access Licensee's pharmacy. During its conference with the Committee, Licensee admitted that this allegation is true, but stated that senior management took corrective action upon learning of the situation, including immediately revoking the access code of all non-pharmacists and physically rekeying all doors within the pharmacy. Licensees avers that periodic security assessments confirm that no unauthorized persons have had access to the pharmacy since February 2020.

b. Six pharmacy technicians, including the IV pharmacy technician, were present in the "filling area" with only one pharmacist, who was the second pharmacist to arrive. Another pharmacist was in an "order entry" area, a distinctly different area separated by a wall and door. The Board Surveyors were told that additional pharmacy technicians were scheduled that morning to perform non-technician "staging or stocking" duties. However, the Board Surveyors observed that the additional pharmacy technicians that were supposedly scheduled to perform non-technician duties, were filling orders in the "filling area" to be checked by the one pharmacist.

Licensee avers that is does not have sufficient information to admit or deny the Board surveyors' observations, but that company policy requires compliance with required technician-to-pharmacist ratios.

IV.

LAWS

11. Licensee acknowledges the conduct described in section III above constitutes a violation of Minn. Stat. § 151.071, subd. 2(7), and warrants the disciplinary action described below.

V.

DISCIPLINARY ACTION

The parties agree the Board may take the following disciplinary action and require compliance with the following terms:

12. The Board **REPRIMANDS** Licensee and imposes a **CIVIL PENALTY** in the amount of $50,000 for the conduct described in section III above. The civil penalty shall be paid by cashier's check or money order made payable to the Minnesota Board of Pharmacy, c/o Cody Wiberg, Executive Director, 2829 University Avenue S.E., Suite 530, Minneapolis, Minnesota 55414, within 60 days of the date of entry of this Order.

13. The Board places the following **CONDITION** on Licensee's License: every six months, for a period of three years, Licensee's CEO must certify to the Board's Executive Director that Licensee's licensed pharmacies that provide services to Minnesota residents are in full compliance with all applicable Minnesota statutes and rules.

VI.

CONSEQUENCES FOR NONCOMPLIANCE OR ADDITIONAL VIOLATIONS

14. If Licensee fails to comply with or violates this Stipulation and Consent Order, the Committee may, in its discretion, seek additional discipline either by initiating a contested case proceeding pursuant to Minnesota Statutes chapter 14 or by bringing the matter directly to the Board pursuant to the following procedure:

a. The Committee shall schedule a hearing before the Board. At least 20 days before the hearing, the Committee must mail Licensee a notice of the violation(s) alleged by the Committee. In addition, the notice must designate the time and place of the hearing. Within ten days after the notice is mailed, Licensee shall submit a written response to the allegations. If Licensee does not submit a timely response to the Board, the allegations may be deemed admitted.

b. The Committee, in its discretion, may schedule a conference with Licensee prior to the hearing before the Board to discuss the allegations and to attempt to resolve the allegations through agreement.

c. Prior to the hearing before the Board, the Committee and Licensee may submit affidavits and written argument in support of their positions. At the hearing, the Committee and Licensee may present oral argument. Argument may not refer to matters outside the record. The evidentiary record must be limited to the affidavits submitted prior to the hearing and this Stipulation and Consent Order. The Committee will have the burden of proving by a preponderance of the evidence that a violation has occurred. If Licensee has failed to submit a timely response to the allegations, Licensee may not contest the allegations, but may present argument concerning the appropriateness of additional discipline. Pursuant to this process, Licensee waives a hearing before an administrative law judge, discovery, cross-examination of

adverse witnesses, and other procedures governing hearings pursuant to Minnesota Statutes chapter 14.

d. Licensee's correction of a violation before the conference, hearing, or meeting of the Board may be taken into account by the Board but does not limit the Board's authority to impose discipline for the violation. A decision by the Committee not to seek discipline when it first learns of a violation does not waive the Committee's right to later seek discipline for that violation, either alone or in combination with other violations, at any time while Licensee's license is in a suspended status.

e. Following the hearing, the Board will deliberate confidentially. If the allegations are not proved, the Board must dismiss the allegations. If a violation is proved, the Board may impose additional discipline, including conditions or limitations on Licensee's license, a period of suspension, conditions of reinstatement, or revocation of Licensee's license.

f. Nothing herein limits the Committee's or the Board's right to temporarily suspend Licensee's license as provided in Minnesota Statutes chapters 151 and 214, based on a violation of this Stipulation and Consent Order or based on conduct of Licensee not specifically referred to herein.

VII. ADDITIONAL INFORMATION

15. Licensee waives the contested case hearing and all other procedures before the Board to which Licensee may be entitled under the Minnesota and United States constitutions, statutes, or rules.

16. Licensee waives any claims against the Board, the Minnesota Attorney General, the State of Minnesota, and their agents, employees, and representatives related to the

investigation of the conduct herein, or the negotiation or execution of this Stipulation and Consent Order, which may otherwise be available to Licensee.

17. This Stipulation and Consent Order, the files, records, and proceedings associated with this matter shall constitute the entire record and may be reviewed by the Board in its consideration of this matter.

18. Either party may seek enforcement of this Stipulation and Consent Order in any appropriate civil court.

19. Licensee has read, understands, and agrees to this Stipulation and Consent Order and has voluntarily signed the Stipulation and Consent Order. Licensee is aware this Stipulation and Consent Order must be approved by the Board before it goes into effect. The Board may either approve the Stipulation and Consent Order as proposed, approve it subject to specified change, or reject it. If the changes are acceptable to Licensee, the Stipulation and Consent Order will take effect and the order as modified will be issued. If the changes are unacceptable to Licensee or the Board rejects the Stipulation and Consent Order, it will be of no effect except as specified in the following paragraph.

20. Licensee agrees that if the Board rejects this Stipulation and Consent Order or a lesser remedy than indicated in this settlement, and this case comes again before the Board, Licensee will assert no claim that the Board was prejudiced by its review and discussion of this Stipulation and Consent Order or of any records relating to it. If the Board rejects this Stipulation and Consent Order, the parties agree that this Stipulation and Consent Order will not be admissible in any proceedings.

21. This Stipulation and Consent Order does not limit the Board's authority to proceed against Licensee by initiating a contested case hearing or by other appropriate means on the basis

of any act, conduct, or admission of Licensee which constitutes grounds for disciplinary action, and which is not directly related to the specific facts and circumstances set forth in this document.

VIII.

DATA PRACTICES NOTICES

22. This Stipulation and Consent Order constitutes disciplinary action by the Board and is classified as public data pursuant to Minnesota Statutes section 13.41, subdivision 5. Executive Director

Challenges Polaris Faced in Minnesota

Polaris entered the Minnesota market in November 2018. The company operates only one pharmacy in Minnesota, which is located at 5220 Park Glen Road, St. Louis Park. Polaris' early experience in Minnesota was not without its challenges, but the company has made a good faith effort to address its challenges and is constantly looking to improve.

When Polaris entered the Minnesota market, it was surprised to find a labor market (particularly for pharmacy technicians) that was much tighter than other markets in which Polaris operates and experienced more staff turnover in Minnesota than it is accustomed to in other markets. The Covid-19 pandemic obviously put an incredible amount of stress on every stakeholder in the pharmacy industry, and Polaris was no exception. The pandemic made it even more difficult for Polaris to recruit, hire, and retain talented staff.

Polaris continues to believe it did not engage in central services by having Minnesota-licensed technicians located in Florida perform remote order entry tasks in connection with prescription orders filled in Minnesota. In letters to the Board dated July 19, 2019, Polaris explained why it began using Minnesota-licensed technicians based in Florida to assist Polaris Minnesota with order entry tasks.

In sum, during its initial months of operation, Polaris faced an unanticipated and unacceptable backlog of prescription orders that needed to be filled in Minnesota. The backlog resulted largely from Polaris' inability to recruit and retain enough capable pharmacy technicians in Minnesota during the early months of operation. To address the backlog and ensure the timely delivery of prescriptions to Minnesota patients, Polaris initially had Minnesota-licensed technicians based in Florida perform order entry services on behalf of Polaris Minnesota. These technicians were experienced technicians who were licensed in Minnesota before they performed order entry work for Polaris Minnesota. Further, while performing remote order entry work from a Polaris Florida location, these technicians were connected virtually to Polaris Minnesota's physical workspace through Polaris' FrameworkLTC software platform, which is commonly used across the long-term care pharmacy industry. At all times, the work of these technicians was overseen by a licensed pharmacist at the Florida pharmacy (where the data was entered into FrameworkLTC), as well as a Minnesota-licensed pharmacist in the Minnesota pharmacy, who ultimately controlled and was responsible for the technicians' work and any prescriptions filled in connection with data they entered into the system. Additionally, until May 2019, Polaris had IND Consulting and its "Team X" do some remote order entry work for Polaris Minnesota. Aside from the order entry function, Polaris Minnesota's prescription processing and filling functions have always taken place entirely in the Minnesota pharmacy. Polaris has at times relied on similar remote order entry processes in other states without triggering central service pharmacy requirements.

Accordingly, when Polaris started using this process to help deal with the Minnesota backlog, it did not anticipate that it might be triggering central services pharmacy requirements. For this reason, Polaris initially did not submit or seek approval from the Board for a central prescription drug processing policy or procedure. In March 2019, after Board staff expressed a

view that Polaris' use of Minnesota-licensed technicians based in Florida to perform remote entry work constituted an unauthorized central service arrangement, Polaris took immediate steps to address the issue. Polaris initially flew Minnesota-licensed technicians from Florida to Minnesota, so they could be physically present in the Polaris Minnesota pharmacy while performing the same order entry functions they had been performing in Florida.

Finally, Polaris sought Board approval of several remote order entry variances, with the goal of being authorized to resume using Minnesota-licensed technicians based in Florida to perform remote order entry for Polaris Minnesota, and particularly to deal with emergencies or backlogs. When Board staff initially raised this issue in March 2019, Polaris did not believe it could immediately shift all order entry functions to its limited staff in Minnesota without compromising patient safety and welfare. At the time, Polaris was still working through the backlog, onboarding new care facilities, and working hard to locate, hire, train, and retain technicians and other staff in Minnesota in a challenging labor market. Under the circumstances, Polaris determined it was necessary to continue using Minnesota licensed, Florida-based technicians for a period of time in order to deal with the backlog and continue filling prescriptions in a timely manner for patients who needed them, while simultaneously building up its Minnesota workforce and making the changes necessary to meet the expectations of Board staff. As soon as Polaris was staffed and equipped to perform all order entry functions in Minnesota, it stopped utilizing technicians who were not physically located in Minnesota altogether. Accordingly, from June 2019 to the present, Polaris has only used Minnesota-licensed technicians physically located in the Polaris Minnesota pharmacy to perform order entry work on prescription orders filled in Minnesota. Polaris took concerns raised by Board staff over remote order entry issues seriously, and it believes it acted reasonably under the circumstances to address those concerns, while also maintaining high levels of patient care.

Polaris remained committed to working cooperatively with the Board to better understand what it must do in order to utilize remote order entry processes in the future. Polaris would always attempt to rely on technicians physically located in its Minnesota pharmacy to perform data entry and other prescription filling functions. The Board acknowledged granting variance requests to many pharmacy chains and health-systems that authorize the use of remote order entry processes. In March 2020, the Board also issued Covid-19 related guidance acknowledging that pharmacists and technicians could perform various prescription drug filling functions while working remotely—including data entry of prescriptions and orders; verifying prescriptions; certifying data entry and the finished prescriptions (i.e., the product check); conducting profile and prospective drug utilization reviews; and stage-checking for compounding—so long as affiliated pharmacies were using adequate computer software and hardware for the tasks being performed. While the Board's Covid-19 guidance evolved after Governor Walz's Peacetime Emergency declaration was rescinded, Polaris continues to believe remote order entry processes like those implemented during the first few months of Polaris' operations in Minnesota were safe, effective, and should have a place in the delivery of modern pharmacy services.

The Board approved the central services variance #265679-010 on July 13, 2022 between Polaris Pharmacy Services of Minnesota, LLC and both the Polaris Pharmacies located in Tampa and Ft. Lauderdale Florida for urgent or emergent needs.

Alabama Board of Pharmacy

The Alabama Board issued the pharmacy a Consent Order of Discipline dated June 6, 2023. The Pharmacy has resolved alleged violations of the Alabama Pharmacy Practice Act through entry of a Consent Order with the Alabama State Board of Pharmacy on June 8, 2023. As per the terms of the Consent Order, Pharmacy has agreed to pay a $3,000 administrative fine to the Alabama State Board of Pharmacy.

DEA Order to Show Cause
Although the matter remains pending and no discipline has issued, for transparency with the Board and out of an abundance of caution, the Pharmacy wishes to disclose that on December 15, 2022, the federal Drug Enforcement Agency ("DEA") issued the Pharmacy an administrative Order to Show Cause ("OSC") regarding revocation of its DEA registration FP6189725. On January 13, 2023, the Pharmacy answered the OSC.

Kansas Board of Pharmacy
The Kansas Board of Pharmacy issued the pharmacy an amended Summary Order effective February 8, 2023. The pharmacy did not report the change of ownership in a timely manner, and paid a fine. The Kansas Board of Pharmacy approved the change of ownership application, and issued license 22-117859 on May 20, 2022.

CONSENT ORDER

THIS MATTER comes before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on a complaint against **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** which resulted in the filing of a Statement of Charges and Notice of Hearing ("Statement") alleging violations of the Alabama Pharmacy Practice Act as are more particularly set out in the Statement which is attached hereto as **Exhibit "A."**

Prior to a hearing in this cause, and pursuant to Code of Alabama (1975), § 41-22-12(f), the matters at issue were resolved informally by the parties and the parties negotiated a Consent Order, the terms of which are as follows:

1. The Board finds that **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** has violated the provisions of law set out in the Statement.

2. **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** shall pay an administrative fine in the amount of Three Thousand Dollars ($3,000.00) within thirty (30) days of the effective date of this consent order that being the day the same is signed on behalf of the Board. This payment shall not be subject to discharge in bankruptcy nor shall **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** attempt to discharge the same. Payments shall be made payable to Alabama State Board of Pharmacy and mailed to 111 Village Street, Birmingham, Alabama 35242.

3. **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** expressly waives its rights pursuant to the Alabama Pharmacy Practice Act, the Alabama

Administrative Procedure Act and the Alabama Uniform Controlled Substances Act, including but not limited to the Code of Alabama (1975), §34-23-34 and §34-23-92(12), Code of Alabama (1975), §41-22-12 and §40-22-20 and Code of Alabama (1975), §20-2-50 et seq., and including but not limited to the opportunity for a hearing before the Board in connection with any charges against it and any judicial review. **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** further waives any objection to the attorney for the Board preparing, drafting, or making this Order, including the waiver of any objection or right pursuant to Code of Alabama (1975), §41-22-18.

4. By execution of this Consent Order, **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** hereby releases the Board, its members, agents, representatives, servants, and employees from any and all liability, claims, damages, fees, or expenses arising out of or made in connection with the matters relating to this Consent Order and Statement.

5. **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** acknowledges and agrees that any future violation of the Alabama Pharmacy Practice Act, the laws that regulate the sale and/or dispensing of prescription or legend drugs and/or narcotics or any Rules and regulations of the Alabama State Board of Pharmacy or the pharmacy law or rules of the Board of Pharmacy of another state or any other applicable laws may, upon proof and hearing thereof, result in further disciplinary sanctions against **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.'s** permit, including, but not limited to revocation.

6. **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** acknowledges and agrees that it has read this Consent Order and that it fully understands the terms, conditions, and contents of the same. **PostMeds Inc. dba Truepill and/or**

Truepill f/k/a PostMeds Inc. acknowledges and agrees that it voluntarily and of its own free will accepts the terms and conditions set out in this Consent Order and agrees that it had the right to seek advice of counsel before executing this Consent Order.

AMENDED SUMMARY ORDER

NOW on this 20th day of January, 2023, comes before the Kansas Board of Pharmacy (the "Board"), through its Executive Director, the matter of PostMeds, Inc dba Truepill ("Respondent").

Pursuant to the authority granted to the Board by the Kansas Pharmacy Act, K.S.A. 65-1625, *et seq.*, and in accordance with the Kansas Administrative Procedure Act, K.S.A. 77-501, *et seq.*, the Board's Executive Secretary enters this Amended Summary Order in the above-captioned matter. After reviewing the investigation materials and being otherwise duly advised in the premises, makes the following findings, conclusions and order:

FINDINGS OF FACT

1. The Board has previously issued Respondent Registration No. 22-104228 which entitled Respondent to operate as a non-resident pharmacy in the State of Kansas.

2. On November 6, 2019, the ownership of Respondent's non-resident pharmacy changed.

3. On May 22, 2020, the Board received a renewal application for Respondent's Registration No. 22-104228, which was approved on June 3, 2020 with an expiration date of June 30, 2021. Respondent answered "No" to the question: "Has any license or registration, currently or previously held by the applicant or the PIC been surrendered to, denied, disciplined, censured, suspended, limited, placed on probation, or revoked by any state of federal government?"

Respondent certified the information submitted was true, correct, and complete to the best of Respondent's knowledge.

4. On June 1, 2021, the Board received a renewal application for Respondent's Registration No. 22-104228, which was approved on June 21, 2021 with an expiration date of June 30, 2022. Respondent answered "No" to the question: "Has any license or registration, currently or previously held by the applicant or the PIC been surrendered to, denied, disciplined, censured, suspended, limited, placed on probation, or revoked by any state of federal government?" Respondent certified the information submitted was true, correct, and complete to the best of Respondent's knowledge.

5. Due to staffing challenges, personnel turnover and administrative oversight resulting from its early, rapid growth and restructuring and the corresponding COVID-19 pandemic, Respondent mistakenly failed to report the 2019 ownership change and related disclosures to the Board in its May 22, 2020 and June 1, 2021 renewal applications.

6. On April 18, 2022, the Board received notification from Respondent of an ownership change and several past disciplinary actions not previously reported to the Board including: North Carolina Board of Pharmacy Consent Order of Discipline dated March 8, 2022; California State Board of Pharmacy Letter of Admonishment dated January 23, 2020; California State Board of Pharmacy Citation and Fine dated June 16, 2020; California State Board of Pharmacy Citation and Fine Order of Abatement dated August 25, 2021; Alabama State Board of Pharmacy Final Order dated October 25, 2021; California State Board of Pharmacy Citation and Fine dated January 24, 2019; and California State Board of Pharmacy Citation dated December 16, 2019.

7. On April 28, 2022, the Board received from Respondent a Form BA-22 Non-Resident Pharmacy Registration Application ("Respondent's Application"), notifying of the change in ownership effective November 6, 2019, and applying for a new non-resident pharmacy registration under the new ownership.

8. On May 20, 2022, the Board approved Respondent's Application and issued Respondent the new Non-Resident Pharmacy Registration No. of 22-117859 ("Respondent's Registration") under their new ownership.

9. Prior to receiving the ownership change application, registrant provided a letter notifying of the late ownership change, as well as unreported discipline. Ownership change application completed indicating discipline had occurred and providing details of discipline (5 occurrences).

10. In mitigation, Respondent states that it has invested in additional staff, engaged internal and external legal counsel and implemented training efforts to prevent any such reporting oversights in the future.

CONCLUSIONS OF LAW

1. Pursuant to K.S.A. 65-1658, the Board may assess a civil fine not to exceed $5,000, after notice and an opportunity to be heard, to any registrant for violation of the pharmacy act of the state of Kansas or any other rules or regulations of the state board of pharmacy.

2. Pursuant to K.S.A. 65-1627(f), the Board may take action against a registration on any ground that would authorize the board to take action against the registration of a pharmacy under K.S.A. 65-1627, and amendments thereto.

3. Pursuant to K.S.A. 65-1627(e)(1), the Board may take action against the registration of a pharmacy upon a finding that such pharmacy has been operated in such manner

that violations of the provisions of the pharmacy act of the state of Kansas or of the rules and regulations of the board have occurred in connection therewith.

4. Pursuant to K.S.A. 65-1627(e)(4), the Board may take action against the registration of a pharmacy upon a finding that the registrant has had a registration revoked, suspended or limited, has been censured or has had other disciplinary action taken, or an application for registration denied, by the proper registering authority of another state, territory, District of Columbia or other country.

5. Pursuant to K.S.A. 65-1657, no nonresident pharmacy shall ship, mail, or deliver, in any manner, prescription drugs to a patient in this state unless registered with the Board as a nonresident pharmacy.

6. Pursuant to K.S.A. 65-1645(f), registrations shall not be transferable.

7. Pursuant to K.A.R. 68-2-9, each registrant shall notify the executive secretary of the Board in writing of any change in majority ownership of the operation for which the registration was issued within five days after the date the change in ownership becomes effective.

8. Pursuant to K.A.R. 68-2-23, each pharmacy owner shall notify the board in writing within 30 days of any denial, limitation, suspension, revocation, voluntary surrender, or other disciplinary action taken by the state of Kansas or another jurisdiction against the pharmacy or the pharmacy owner or any application, license, registration, or permit held by the pharmacy owner.

9. Respondent's registered facility changed ownership on November 6, 2019 but Respondent did not provide notification or file a new application with the Board until April 18 and 28, 2022, respectively.

10. Respondent's failure to submit the complete change of ownership to the Board until April 2022 is a violation pursuant to K.A.R. 68-2-9 and an unlawful transfer of the previous

registration to the new ownership. Respondent's actions are a violation pursuant to K.S.A. 65-1657 and K.S.A. 65-1627(e)(1), and a basis to take action against Respondent's Registration.

11. Respondent failed to notify the Board of the six disciplinary actions by North Carolina, California, and Alabama until April 18, 2022, nearly one to two years after they were effective, is a violation of K.A.R. 68-2-23 and a basis to take action against Respondent's Registration pursuant to K.S.A. 65-1627(e)(1) and (e)(4).

ORDER

Taking into account the mitigating and corrective actions of Respondent, the Board finds and concludes that Respondent's conduct, as described above, violates the Act and such conduct warrants the imposition of a fine pursuant to K.S.A. 65-1658, in the amount of $3,500.00. Respondent has 30 days from the date of this order to pay the fine.

NOTICES

The Respondent is hereby notified as follows:

1. The Respondent may request a hearing pursuant to the Kansas Administrative Procedure Act by filing a written request with the Kansas Board of Pharmacy, 800 SW Jackson, Suite 1414, Topeka, KS 66612-1231 within fifteen (15) days after service of this order.

2. If a hearing is not requested as described above, the Order shall become a final order of the Board, effective upon the expiration of the time to request a hearing.

3. Within fifteen (15) days after entry of a final agency order, either party may file a petition for reconsideration pursuant to K.S.A. 77-529.

4. Within the time limits established in K.S.A. 77-613, either party may seek judicial review of a final agency order, pursuant to said statute. The agency officer designated to receive service of a petition for judicial review is:
