Pharmacy uses USPS, UPS, and FedEx. Pharmacy does not return any delivered drugs back to stock for redispensing. All drug stock returned from delivery agents are sent to Inmar for destruction.

8) REMINDER: The contents of a prescription vial or container shall not be returned to the manufacturer's stock bottle.

Observation
REMINDER: The contents of a prescription vial or container shall not be returned to the manufacturer's stock bottle.
OAC 4729:5-5-22 (B)(4)

25) Customized Medication Packaging (Adherence Packaging)

1) Does the pharmacy dispense customized patient medication packages (sometimes referred to as adherence packaging)?

No

27) Charitable Pharmacies

1) Is this pharmacy a charitable pharmacy?

No

31) *Expired/Adulterated Drugs

2) Are there expired/adulterated drugs present in the licensee's active drug stock?

No

33) Prescription Pick-Up Station

1) Does the pharmacy accept prescriptions from pick-up stations or other intermediaries?

No

39) Drug Repository Program

1) Does this pharmacy operate a drug repository program?

No

40) Temporary Removal of Drugs

1) Does the licensee engage in the temporary off-site storage of dangerous drugs?

No

46) Substance Abuse and Mental Health Resources for Healthcare Professionals

1) Substance Abuse and Mental Health Resources for Healthcare Professionals

Observation

The healthcare profession is not immune to substance use disorder and mental health conditions. Such medical conditions impair a healthcare professional's competency, ability, and judgment. Substance use disorder and/or mental health conditions that are left untreated may not only cause a healthcare professional to risk their career, but may also endanger the life of a patient.
These medical conditions can be effectively treated, and it is possible for healthcare professionals that are in treatment or recovery to return to practice.

The State of Ohio Boar of Pharmacy encourages all healthcare professionals who may be struggling with substance use disorder or mental health condition to seek help. The following are resources that can assist healthcare professionals in getting help: (the resources listed here are for informational purposes only and do not constitute an endorsement by the State of Ohio Board of Pharmacy. They do not represent a complete list of the resources available)

Ohio Careline 1-800-720-9616, emotional support, with referral to other resources if needed.
Crisis text line, text "4hope" to 741 741 to speak with a crisis counselor.
Treatment Bridge 1-877-275-6364, for addiction and mental health srevices.
National Suicide prevention dial 988, or call 1-800-273-8255.
Ohio Domestic Violence Network 1-800-934-9840
Pharmacist Rehabilitation Organization (www.ohiopro.org) for pharmacists and pharmacy interns.
Ohio Physicians Health Program (www.ophp.org)

50) Inspection Affirmation

1) Inspection Affirmation

Observation

As the person in charge at the time of this inspection, I affirm that I have reviewed this inspection report with the Specialist/Agent/Inspector, and understand its content.

If this inspection report requires a written response, I understand, per OAC 4729:5-3-03, that either of the following must be submitted to the State of Ohio Board of Pharmacy within 30 days of this inspection:

(1) The action(s) the licensee or applicant has taken to correct the violation(s) and the date of implementation of the corrective action(s); or

(2) An explanation disputing the observed violations.

I understand that if I am not the responsible person documented on this site's Ohio terminal distributor of dangerous drugs license, I will ensure the responsible person is provided a complete copy of this inspection report in a timely manner.

I further acknowledge that a written response does not release the licensee listed in this inspection report from potential disciplinary action.

Responses must be either emailed (with a copy of the inspection report) to writtenresponse@pharmacy.ohio.gov or mailed to 77 South High Street, 17th Floor, Columbus, Ohio 43215.

Louisiana Board of Pharmacy

The Louisiana Board of Pharmacy issued the pharmacy a Consent Order of Discipline dated May 11, 2022. The pharmacy did not report the change of ownership in a timely manner. The Louisiana Board of Pharmacy approved the change of ownership application with a new permit number PHY.008479-NR as a successor to permit number PHY.007761-NR.

North Carolina Board of Pharmacy

The North Carolina Board of Pharmacy issued the pharmacy a Consent Order of Discipline dated March 8, 2022. The pharmacy made inaccurate statements about its ownership and officers on its initial application in November 2017 and did not correct this until November 2021. The North Carolina Board of Pharmacy approved the change of ownership application with a new permit number 14900 as a successor to permit number 13413.

Maine Board of Pharmacy

The Maine Board of Pharmacy notified the pharmacy on March 30, 2022 that its non-resident license was terminated effective November 6, 2019 for reporting deficiencies related to its ownership. The pharmacy submitted a change of ownership application for licensure, and has been issued a new pharmacy license on November 2, 2022.

California Board of Pharmacy

The California Board of Pharmacy issued the pharmacy a letter of admonishment CI 2019 84877 dated January 23, 2020, concluding an investigation that found the pharmacy shipped a prescription to the wrong patient and shipped two prescriptions with the wrong return address.

The California Board of Pharmacy issued the pharmacy a modified citation and fine CI 2019 78633 dated June 16, 2020, with the fine amount of $0.00. In 2018, certain prescriptions were issued to the pharmacy by prescribers that were either not yet licensed to prescribe in California or who had not yet entered into an established standardized procedure or protocol developed by a supervising physician.

Also, The California Board of Pharmacy issued the pharmacy a citation and fine order of abatement CI 2020 89223 dated August 25, 2021, with the fine amount of $5,000. The pharmacy was in violation when dangerous drugs were stored in temperatures exceeding the recommended storage temperatures Truepill did not consider the manufacturer's stability data for drugs which may have been adulterated by heat.

JURISDICTION: Bus. & Prof. Code § 4314; CCR, title 16, § 1775; Bus. & Prof. Code § 4301, subd. (o)

VIOLATION CODE SECTION	OFFENSE	AMT OF FINE
Bus. & Prof. Code § 4059 subd. (a)/Bus. & Prof. Code § 4067 subd. (a)	**Furnishing dangerous drugs without a prescription/Internet; Dispensing Dangerous Drugs or Devices without Prescription; No person shall dispense or furnish, or cause to be furnished dangerous drugs...on the internet...without a prescription issued pursuant to a good faith examination**	**Citation without a fine**
Bus. & Prof. Code § 4174	**Dispensing on order of nurse practitioner or person of similar status.**	**Citation without a fine**

CONDUCT:

Furnishing Dangerous Drugs or Devices Prohibited Without Prescription: Business and Professions Code 4059 (a) states in pertinent part a person may not furnish any dangerous drug, except upon the prescription of a physician, dentist, podiatrist, optometrist, veterinarian, or naturopathic doctor pursuant to Section 3640.7. A person may not furnish any dangerous device, except upon the prescription of a physician, dentist, podiatrist, optometrist, veterinarian, or naturopathic doctor pursuant to Section 3640.7. In conjunction with Business and Professions Code 4067 (a) which states no person or entity shall dispense or furnish, or cause to be dispensed or furnished, dangerous drugs or dangerous devices, as defined in Section 4022, on the Internet for delivery to any person in this state without a prescription issued pursuant to a good faith prior examination of a human or animal for whom the prescription is meant if the person or entity either knew or reasonably should have known that the prescription was not issued pursuant to a good faith prior examination of a human or animal, or if the person or entity did not act in accordance with Section 1761 of Title 16 of the California Code of Regulations and (f) for the purposes of this section, "good faith prior examination" includes the requirements for a physician and surgeon in Section 2242. In conjunction with Business and Professions Code 2290.5 (a) For purposes of this division, the following definitions shall apply: (3) "Health care provider" means either of the following: (A) a person who is licensed under this division. Between 4/1/2018 to 10/31/2018, Postmeds Inc. (PHY56100) located at 3121 Diablo Ave. Hayward, CA dispensed prescriptions issued by prescribers who were not licensed in California. Specifically, 2 prescriptions were issued by Nurse Practitioner Jenny Ingle; 9 prescriptions were issued by Dr. Brook Randal; 6 prescriptions were issued by Dr. Jessica Rubino and 4 prescriptions were issued by Dr. Sudhi Trye. These prescribers were not licensed in California at the time the prescriptions were initiated and shipped to a California resident. Postmeds pharmacy dispensed the prescriptions issued by unlicensed prescribers to

California residents in violation of Business and Professions Code 4059 (a) and Business and Professions Code 4067 (a).

Dispensing by Pharmacist Upon Order of Nurse Practitioner: Business and Professions Code 4174 states in pertinent part notwithstanding any other law, a pharmacist may dispense drugs or devices upon the drug order of a nurse practitioner functioning pursuant to Section 2836.1 or a certified nurse-midwife functioning pursuant to Section 2746.51, a drug order of a physician assistant functioning pursuant to Section 3502.1 or a naturopathic doctor functioning pursuant to Section 3640.5, or the order of a pharmacist acting under Section 4052.1, 4052.2, 4052.3, or 4052.6. Postmeds Inc. (PHY56100) located at 3121 Diablo Ave. Hayward, CA dispensed prescriptions issued by Nurse Practitioners and Physicians Assistants who had not yet entered into an established standardized procedure or protocol developed by a supervising physician. Between 4/1/2018 and 10/31/2018, the following prescribers issued prescriptions to Postmeds without an established protocol in place: Physician's Assistant Leanne Mays issued 8 prescriptions and Physician's Assistant Susan Owen issued 6 prescriptions. Between 4/1/2018 and 10/31/2018, the following prescribers issued prescriptions to Postmeds entering into a protocol after the prescriptions were issued: Nurse Practitioner Joni Gunzburger issued 4,782 prescriptions; Nurse Practitioner Cristin Hackel issued 10,819 prescriptions and Nurse Practitioner Jessica Horwitz issued 4,711 prescriptions. Postmeds Pharmacy dispensed the prescriptions issued by Nurse Practitioners and Physicians Assistants who had not yet entered into standardized procedures or protocols as required by Business and Professions Code 4174.

VIA CERTIFIED MAIL

LETTER OF ADMONISHMENT

TRUEPILL
ATTN: MOHAMMAD UMAR AFRIDI, CEO
[redacted] DIABLO AVE
HAYWARD, CA 94545

RE: CI 2019 84877
TRUEPILL
PHY 56100

This LETTER OF ADMONISHMENT is being issued pursuant to Business and Professions Code section 4315 for failure to comply with the laws and regulations that govern the practice of pharmacy in California. (For exact language refer to the California Pharmacy Law and Index, located on the board's website at www.pharmacy.ca.gov, under Forms and Publications.)

The Board of Pharmacy has completed its investigation in the above referenced matter. All documentation and/or statements relating to the investigation have been accepted and included in an Investigation Report on file in this office. Facts contained in this report lead to the conclusion that the following violations of pharmacy laws or regulations have occurred:

JURISDICTION: Bus. & Prof. Code § 4315; 1764/56.10(a) - Unauthorized disclosure of prescription and medical information

Unauthorized disclosure of prescriptions: California Code of Regulations section 1764 states in pertinent part that no pharmacist shall exhibit, discuss, or reveal the contents of any prescription or any medical information furnished by the prescriber with any person other than the patient or his or her authorized representative and Civil Code section 56.10 subdivision (a) states, in pertinent part, no provider of health care shall disclose medical information regarding a patient of the provider of health care without first obtaining an authorization. Truepill Pharmacy was not in compliance with these regulations. Specifically, on 4/17/2019, Truepill Pharmacy (PHY56100) located at 3121 Diablo Avenue in Hayward, CA shipped prescription RX#1186395 to the wrong person. The prescription was intended for AR but was shipped to the address of MS in error. Also, Truepill Pharmacy shipped prescriptions to patients with a shipping label showing the return address of NuRx located at 6838 Ellicott Drive in East Syracuse, NY and from Apostrophe located at 330 2nd Street in Oakland, CA. NuRx and Apostrophe are not licensed pharmacies and prescription packages returned as undeliverable to these locations would cause the disclosure of medical information without authorization.

Shipping prescriptions to an unauthorized person violates California Code of Regulations section 1764 and Civil Code 56.10.

If you wish to contest this Letter of Admonishment, you may do so by submitting, within 30 days of the date of service of this Letter of Admonishment, namely February 22, 2020, the attached "Request for an Office Conference" form. If an office conference is not requested, compliance with the Letter of Admonishment shall not constitute an admission of the violations described in the Letter of Admonishment.

Unless it is dismissed following an office conference or you receive other instructions from the Board in writing, Pharmacy Law requires that you maintain and have readily available for inspection a copy of this Letter of Admonishment and any written corrective action plan, if any, for at least three years from the date of issuance at the top of this letter. The Letter of Admonishment will be considered a public record for purposes of disclosure for three years from issuance. The issuance of this Letter of Admonishment does not limit the board's ability to pursue other disciplinary or administrative action under Business and Professions Code section 4315, subdivision (f).

If you have any questions regarding this Letter of Admonishment, please contact Barbera Schleicher, Public Inquiry Analyst at (916) 518-3081.

Sincerely

Virginia Herold

RE: CI 2020 89223
TRUEPILL
PHY 56100

The attached Citation CI 2020 89223, has been issued to TRUEPILL, PHY 56100. A copy has been sent to the pharmacy, and a copy is being sent to the pharmacist-in-charge for informational purposes only. As pharmacist in charge it is your responsibility to insure the pharmacy's compliance with the term(s) and condition(s) of the citation by the date(s) ordered, and to ensure the pharmacy's compliance with all pharmacy laws.

The Citation references the specific statutes and regulations violated, and defines each violation charged. The Citation details the conduct that resulted in the issuance of the citation. In addition the citation may also include information regarding fine(s) assessed. If fine(s) have been assessed, the citation specifies the amount and the specific violation for which the fine was levied.

If you have any questions please contact Joshua Monforte, Citation and Fine Analyst at (916) 518-3014.

Sincerely

BOARD OF PHARMACY
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

CITATION AND FINE
ORDER OF ABATEMENT

COPY

Citation Number	Name, License No
CI 2020 89223	TRUEPILL, PHY 56100

JURISDICTION: Bus. & Prof. Code § 4314; CCR, title 16, § 1775; Bus. & Prof. Code § 4301, subd. (o)

VIOLATION CODE SECTION	OFFENSE	AMT OF FINE
CCR, Title 16, § 1714 subd. (b)	Operational Standards and Security; pharmacy responsible for pharmacy security	$5,000.00
Bus. & Prof. Code § 4169 subd. (a)(2)/Health & Safety Code § 111295	Prohibited Acts; Purchase, trade, sell, or transfer dangerous drugs to that the person knew or reasonably should have known were adulterated.../It is unlawful for any person to manufacture, sell, deliver, hold, or offer for sale any drug or device that is adulterated	Citation without a fine

CONDUCT:

California Code of Regulations 1714, section b states, (b) Each pharmacy licensed by the board shall maintain its facilities, space, fixtures, and equipment so that drugs are safely and properly prepared, maintained, secured and distributed. The pharmacy shall be of sufficient size and unobstructed area to accommodate the safe practice of pharmacy. Specifically, Truepill Pharmacy, PHY56100, located at 3121 Diablo Ave, Hayward, CA 94545 was in violation when they failed to keep dangerous drugs stored according to policy and procedure 2001.4, Oversight of Pharmacy Safety, which states: "The Pharmacy will make all attempts at maintaining a room temperature below 85F and ideally between 68-77F". Between 7/1/2020 and 9/14/2020, on numerous occasions, dangerous drug storage temperatures, summarized in Table 2, exceeded the recommended storage temperatures. The most egregious of these temperature spikes were:

a)On 8/13/2020, in the cage area of the warehouse, dangerous drugs were stored approximately 161 hours over 77 F and 47 hours over 85F.
b)On 9/6/2020, in the cage area of the warehouse, dangerous drugs were stored approximately 59 hours over 77 F and 17 hours above 85F.
c)On 8/13/2020, in the Parata Automated dispensing machine located in the warehouse, dangerous drugs were stored for approximately 163 hours above 77 F and 44 hours above 85 F.

Business and Professions Code 4169 section (a), subdivision (2) states, A person or entity shall not do any of the following: (2) Purchase, trade, sell, or transfer dangerous drugs that the person knew or reasonably should have known were adulterated, as set forth in Article 2 (commencing with Section 111250) of Chapter 6 of Part 5 of Division 104 of the Health and Safety Code as it relates to Health and Safety Code 111295 which states, It is unlawful for any person to manufacture, sell, deliver, hold or offer for sale any drug or device that is adulterated. Specifically, Truepill Pharmacy, PHY56100, located at3121 Diablo Ave, Hayward, CA 94545 was in violation when they used the MKT calculation alone instead of in conjunction with manufactures stability data as stated in USP <1079>, which provides guidance for assessing possible adulteration to dangerous drugs stored at the pharmacy due to excessive heat. In particular, USP<1079> states, "Knowing the MKT for an excursion is useful for evaluating the potential impact on product quality. However, it is also essential to know the upper and lower temperature limits of any excursion. If these extreme temperatures are outside available stability data, it may not be possible to predict the quality impact of the excursion with any confidence regardless of the MKT. At higher temperatures the kinetics of degradation may change or new degradation reactions may occur. Truepill Pharmacy did not consider the manufacture's stability data for at least 72 dangerous drugs stored in the cage area of the warehouse which were held and offered for sale when determining if a dangerous drug was adulterated by the extreme heat, summarized in Table 3. For each one of the 72 dangerous drugs, the maximum temperature for storage was listed by the manufacturer as 77F or storage information was not listed. As there was no stability temperature for at least the 72 drugs in question and per USP<1079>, the MKT cannot be without the stability data, these drugs which were held and offered for sale were adulterated.

ORDER OF ABATEMENT

By the Abatement date/payment date submit to the Board the following:

- Either (1) full payment of the assessed fine(s) in the amount of $5,000.00; or payment in the amount of $1,000.00 and (2) provide proof of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations within ninety (90) days.

COPY

If you choose option (2), within 90 days of this citation, you shall submit proof of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations. Any failure to do so shall be deemed a failure to meet the abatement requirements of this citation.

If you timely submit proof of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations within 90 days from the date the citation was issued, this citation shall be reduced to $1,000.00 and proof of compliance of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations shall be considered satisfactory abatement of the citation.

If you fail to submit proof of compliance of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations within 90 days from the date the citation was issued, the stay shall be lifted and the fine(s) in the amount of $5,000.00 shall be due and owing from you within thirty (30) days of any such failure.

CITATION ISSUED ON: August 25, 2021

TOTAL AMOUNT OF FINE(S): $5,000.00

PROOF OF ABATEMENT AND PAYMENT OF FINE(S) DUE BY: September 24, 2021

COPY

LOUISIANA BOARD OF PHARMACY

BATON ROUGE, LOUISIANA

IN THE MATTER OF: **CONSENT ORDER**

POSTMEDS, INC.

LOUISIANA PHARMACY PERMIT NO. 7761 **Case No. 21-0456**

****

CONSENT AGREEMENT

WHEREAS, an informal conference was conducted by the Violations Committee of the Louisiana Board of Pharmacy (hereinafter referred to as the "Board") on March 16, 2022 at the Board office, 3388 Brentwood Drive, Baton Rouge, LA 70809, in the matter of POSTMEDS, INC. (hereinafter referred to as "Respondent"), holding Louisiana Pharmacy Permit No. 7761, 3121 Diablo Ave., Hayward, CA 94545-2701, with attorney Skip Philips and Postmeds Corporate Counsel Donnie Simkin appearing on behalf of Respondent.

WHEREAS, WHEREAS, on August 27, 2018, the Louisiana Board of Pharmacy issued a non-resident pharmacy permit, PHY.007761-NR, to Postmeds Inc. At that time, Postmeds Inc. was 31.5% owned by Mohammad Umar Afridi, 31.5% owned by Siddharth Viswanathan, 16.5% owned by Initialized III L.P., and 20.5% owned by others with no individual owner holding more than 4%. On December 17, 2021 the Board received an "Application for New Louisiana Pharmacy Permit for Nonresident Pharmacy" from Postmeds, Inc. d/b/a Truepill. Accompanying correspondence and organization chart detailed a 100% change in the ownership structure of Postmeds Inc., effective November 6, 2019. Postmeds Inc. went from being owned 31.5% by Mohammad Umar Afridi, 31.5% by Siddharth Viswanathan, 16.5% by Initialized III L.P., and 20.5% by others with no individual owner holding more than 4%, to being owned 100% by Truepill, Inc.

WHEREAS, the Board alleges that such actions constitute violations of the following:

La. R.S. 37:1241 (A)(1): Practiced or assisted in the practice of pharmacy, or knowingly permitted or has permitted anyone in his employ or under his supervision to practice or assist in the practice of pharmacy, in violation of the provisions of this Chapter and any rules and regulations promulgated thereto in accordance with the Administrative Procedure Act.

La. R.S. 37:1221(B). No out-of-state pharmacy providing pharmacy services to residents of this state shall open, establish, operate, or maintain a pharmacy, located out-of-state, unless the pharmacy is issued a permit by the board.

La. R.S. 37:1222(A). A person applying for a permit to open, establish, operate, or maintain a pharmacy, within or outside of this state, shall complete an application in such form and contain such data as the board may require, and complete such other requirements as deemed necessary by the board, including but not limited to designation and identification of a pharmacist-in-charge.

La. R.S. 37:1222(E). A permit to operate a pharmacy shall not be transferable.

La. R.S. 37:1232(A). A pharmacy located outside this state which does business in this state within the meaning of this Chapter, shall hold a current pharmacy permit as provided in this Chapter. The pharmacy shall be designated a "nonresident pharmacy" and the permit shall be designated a "nonresident pharmacy permit."

LAC, Title 46: LIII §1101(A). Individuals, partnerships, corporations, limited liability companies, or associations desiring to operate a pharmacy in Louisiana, or outside the state where prescriptions drugs/devices are dispensed and delivered to Louisiana residents, shall execute an application for a pharmacy permit for their particular classification of pharmacy.

LAC, Title 46: LIII §1135(A)(1)(e). The holder of a pharmacy permit shall notify the board, in writing, prior to the transfer of ownership, in order for the board to complete an inspection of the pharmacy premises. A change of ownership of a pharmacy is evident under the following conditions: a 50 percent, or more, change in ownership of a corporation, limited liability company, or association since the issuance of the original permit or the last renewal application.

LAC, Title 46: LIII §1135(A)(2). The new owner(s) of the pharmacy shall submit a properly completed pharmacy permit application, with appropriate fee, to the board.

LAC, Title 46: LIII §1135(A)(4). Pharmacy permits are not transferable from the original holder(s) of the permit to the new owner(s).

LAC, Title 46: LIII §2305(A). The out-of-state pharmacy shall apply for a permit and annual permit renewals on forms provided by the board.

LAC, Title 46: LIII §2307(C). Authority and Accountability. The designated pharmacist-in-charge of the pharmacy and the pharmacy owner(s), or partners, or corporate officer(s) of the permit holder, where applicable, shall be responsible for the complete supervision, management, and compliance with all federal and state pharmacy laws and regulations pertaining to the practice of pharmacy of the entire prescription department. This responsibility necessarily includes accountability for any violation involving federal or state laws or regulations occurring within the prescription department supervised by a pharmacist-in-charge.

To facilitate the submission of this Consent Agreement, Respondent does not contest the allegations and agrees that there is sufficient evidence upon which to predicate a finding of those violations.

Respondent further understands that this Consent Agreement shall constitute a Public Record, pursuant to La. R.S. 44:1 et seq., and is considered disciplinary action by the Board.

Respondent further understands that this Consent Agreement shall constitute a Public Record, pursuant to La. R.S. 44:1 et seq., and is considered disciplinary action by the Board.

In order to avoid further administrative and judicial proceedings, Respondent hereby consents to accept and abide by the following order of the Board:

POSTMEDS, INC., holder of Louisiana Pharmacy Permit No. 7761, is ordered to pay a fine of $10,000.00 and to reimburse the Board $250.00 for administrative costs, and $324.48 for investigative costs with total payment due the Board of $10,574.80, due by *certified check or money order* to be paid simultaneously with the execution of this Consent Agreement by Respondent.

By signing this Consent Agreement, Respondent agrees that the Board has jurisdiction in this matter, waives all rights to informal conference, to Notice of Hearing, to a formal Administrative Hearing and to judicial review of this Consent Agreement. Moreover, at no time shall Respondent request the expungement, rescission or removal of this Consent Agreement.

By signing this Consent Agreement, Respondent agrees that any failure to comply with the terms of this Agreement is a basis for discipline by the Board.

Both Respondent and the Board stipulate that this Consent Order shall not become effective and shall not become binding on the Board unless and until approved by the Board at formal meeting. However, Respondent agrees that this Consent Order shall be effective and binding upon Respondent without recourse upon its authorized representative signing said Order.

Respondent agrees to authorize the Board to report this action to the National Practitioner Data Bank – Healthcare Integrity and Protection Data Bank (NPDB-HIPDB) as required by law.

I, Matt Davis-Ratner, authorized to act on behalf of and acting on behalf of **POSTMEDS, INC.**, understand that this Consent Agreement is effective as a Board Order upon affirmative vote by the Board at formal hearing. It is also understood that, should the Board not approve this Consent Agreement, the agreement therein does not preclude the Louisiana Board of Pharmacy from requiring a formal hearing of this case.

It is further understood that, should this Consent Agreement not be accepted by the Board, the presentation to and consideration by the Board of this Agreement, including presented documentary evidence and information, shall not unfairly or illegally prejudice or preclude the Board or any of its members from further participation in hearings or resolution of these proceedings.

STATE OF NORTH CAROLINA
NORTH CAROLINA BOARD OF PHARMACY

IN THE MATTER OF	)	
	)	
POSTMEDS, INC. d/b/a Truepill,	)	**CONSENT ORDER**
	)	**OF DISCIPLINE**
Permit No. 13413 and Its Successor Permit(s).	)	

THIS MATTER came to be considered before a member of the North Carolina Board of Pharmacy (hereinafter, the "Board") pursuant to 21 N.C.A.C. 46 .2008. The Conference was scheduled for Thursday, February 24, 2022, and, after appropriate notice, was heard on that day by Board member Wallace E. Nelson. Respondent PostMeds, Inc. was informed of its right to be present at the pre-hearing conference and declined. The Board's General Counsel, Clinton R. Pinyan, represented the Board.

Respondent has agreed to waive a formal hearing in the above-referenced matter. It stipulates and agrees to the findings of fact and conclusions of law recited herein and to the order of discipline imposed. By its consent, Respondent also stipulates that it waives its right to appeal this Consent Order or challenge in any way the sufficiency of the findings of this Order as a basis for the action taken. Based upon the consent of the parties, the Board hereby enters the following:

FINDINGS OF FACT

1. On November 20, 2017, the Board issued Permit No. 13413 to Respondent PostMeds, Inc. d/b/a Truepill (Permit No. 13413) ("PostMeds").

2. On PostMeds' initial permit application, its then-pharmacist manager, Mohammad Umar Afridi, submitted an inaccurate statement that he was the sole owner and officer of PostMeds. In fact, PostMeds now acknowledges that Afridi and Siddharth

Viswanathan each owned 47 percent of PostMeds on November 20, 2017, with others owning six percent, and that Viswanathan was also an officer of PostMeds.

3. Viswanathan and the minority owners' interests would not have raised questions about the permit application in this particular case. If PostMeds had disclosed the true ownership and officers of PostMeds, the Board still would have granted PostMeds a permit. However, it was an inaccurate statement that Afridi, as the person who submitted the application, knew was inaccurate. That statement prevented the Board from vetting Viswanathan as the owner of the pharmacy. Because of the inaccuracy of the representations, the initial permit was void ab initio.

4. In November 2019, PostMeds went through a corporate restructuring. During that restructuring, Truepill, Inc. was created as a holding company for PostMeds. At that time, Truepill, Inc. became the sole owner of PostMeds. Afridi, Viswanathan and the other former direct owners of PostMeds became indirect owners with the same ownership interests in the holding company, Truepill, Inc., that they had before the transfer of ownership.

5. This restructuring required PostMeds to submit a transfer of ownership application and have that application granted before the restructuring closed. PostMeds failed to do this. Therefore, even if the initial permit had been valid (which it was not), it would have become invalid upon the corporate restructuring.

6. Insertion of a new holding company between the ultimate owners and PostMeds would not have raised questions about the permit application in this particular case. The ownership interests of the ultimate owners did not change. If PostMeds had disclosed the new holding company, the Board still would have granted the transfer of ownership. However,

PostMeds failed to submit the transfer of ownership application or otherwise disclose the interests of Truepill, Inc.

7. In each of its subsequent renewals, PostMeds failed to correct the ownership information that it had inaccurately submitted on its initial application or to list Truepill, Inc., as the direct owner of the pharmacy.

8. On November 4, 2021, counsel for PostMeds informed the Board that its "current ownership information on file with the North Carolina Board of Pharmacy is out of date." Upon follow-up questioning, the next day, PostMeds disclosed that it should have submitted a transfer of ownership application in November 2019. It further was apparent from the ownership information that PostMeds provided that Afridi made inaccurate representations about ownership and officers on PostMed's initial application that had never been corrected.

9. PostMeds agreed to stop shipping any drugs, devices or medical equipment into the State of North Carolina until the matter was resolved. It further agreed to stop shipping or dispensing any drugs, devices or medical equipment from six other pharmacies under its ownership until the matter was resolved (even though those pharmacies did not receive permits until after the transfer of ownership had occurred, and so did not suffer from the same problem).

10. PostMeds submitted a transfer of ownership application promptly.

11. Although PostMed's disclosure of its inaccuracies was tardy, its remedial actions are a mitigating factor in this matter.

CONCLUSIONS OF LAW

1. Reporting of correct and complete ownership information on an initial pharmacy permit application or a renewal application is material, indeed essential, to the Board's ability to ensure that a pharmacy will provide services safely and competently to the public.

2. PostMeds made inaccurate statements about its ownership and officers on its initial application, which it failed to correct at any point through its 2022 renewal. That initial permit was therefore void ab initio and violated G.S. § 90-85.38(b).

3. The creation of Truepill, Inc. as a holding company further triggered a requirement to report the ownership change and obtain a successor permit, and to do so before the closing of the transaction that created Truepill, Inc. The transaction "result[ed] in a different person . . . owning more than 50 percent interest in the permit holder . . . ." 21 NCAC 46.1603. Failure to apply for and obtain a successor permit prior to the transaction, and a continuing failure to disclose the ownership interest of Truepill, Inc., violated G.S. § 90-85.38(b).

IT IS THEREFORE ORDERED:

PostMeds was in violation of G.S. § 90-85.38(b) in North Carolina from November 20, 2017 until at least November 4, 2021. Respondent PostMed's Permit No. 13413 was **VOID** from the time that it was granted on November 20, 2017. G.S. § 90-85.38(c).

Respondent PostMed's change of ownership application is **APPROVED** as a successor permits to Permit No. 13413 (the "Successor Permit") with the following **CONDITIONS**:

1. PostMeds shall provide timely advance notice of any contemplated change in ownership to the current pharmacist-manager and any future pharmacist-manager(s) of the Successor Permit. PostMeds shall consult with the Successor Permit's pharmacist-manager(s) to determine whether any contemplated transaction triggers the need to obtain new permits. PostMeds shall authorize the Successor Permit's pharmacist-manager(s) to take any necessary action to update that ownership information with the Board or to apply for new permits. If a contemplated transaction triggers the need for new permits, PostMeds shall not complete that

transaction unless and until either the Board issues new permits or PostMeds ceases all practice of pharmacy at the permitted location.

2. The Successor Permit shall violate no laws governing the practice of pharmacy or the distribution of drugs.

3. The Successor Permit shall violate no rules or regulations of the Board.

4. If the Successor Permit fail to comply with any term or condition of this Order, it may be subject to additional disciplinary action by the Board.

This is the 8th day of March, 2022

NORTH CAROLINA BOARD OF PHARMACY

William A. Mixon
President

Respondent PostMeds, Inc. has full knowledge that it has the right to a formal hearing, at which it would have the right to be represented at its expense by counsel, in this matter. Respondent freely, knowingly and voluntarily waives its right to such a hearing by entering into this Consent Order.

Respondent understands and agrees that by entering into this Consent Order, it certifies that it has read the foregoing Consent Order and that it voluntarily consents to the terms and conditions set forth therein and relinquishes any right to judicial review of Board actions that may be taken concerning this matter.

Respondent further understands that should it violate the terms and conditions of this Consent Order, the Board may take additional action.

Respondent understands and agrees that this Consent Order will not become effective unless and until approved by the Board.

Respondent understands that it has the right to have counsel of its choice review and advise them with respect to their rights and this Consent Order, and represents that it enters this Consent Order after consultation with counsel or after knowingly and voluntarily choosing not to consult with counsel. Respondent further agrees that the person who is executing this Consent Order has been duly authorized by any required corporation action to execute on behalf of Respondent.

DEA Order to Show Cause
Although the matter remains pending and no discipline has issued, for transparency with the Board and out of an abundance of caution, the Pharmacy wishes to disclose that on December 15, 2022, the federal Drug Enforcement Agency ("DEA") issued the Pharmacy an administrative Order to Show Cause ("OSC") regarding revocation of its DEA registration FP6189725. On January 13, 2023, the Pharmacy answered the OSC.

Kansas Board of Pharmacy
The Kansas Board of Pharmacy issued the pharmacy an amended Summary Order effective February 8, 2023. The pharmacy did not report the change of ownership in a timely manner, and paid a fine. The Kansas Board of Pharmacy approved the change of ownership application, and issued license 22-117859 on May 20, 2022.

Louisiana Board of Pharmacy
The Louisiana Board of Pharmacy issued the pharmacy a Consent Order of Discipline dated May 11, 2022. The pharmacy did not report the change of ownership in a timely manner. The Louisiana Board of Pharmacy approved the change of ownership application with a new permit number PHY.008479-NR as a successor to permit number PHY.007761-NR.

North Carolina Board of Pharmacy

The North Carolina Board of Pharmacy issued the pharmacy a Consent Order of Discipline dated March 8, 2022. The pharmacy made inaccurate statements about its ownership and officers on its initial application in November 2017 and did not correct this until November 2021. The North Carolina Board of Pharmacy approved the change of ownership application with a new permit number 14900 as a successor to permit number 13413.

Maine Board of Pharmacy

The Maine Board of Pharmacy notified the pharmacy on March 30, 2022 that its non-resident license was terminated effective November 6, 2019 for reporting deficiencies related to its ownership. The pharmacy submitted a change of ownership application for licensure, and has been issued a new pharmacy license on November 2, 2022.

California Board of Pharmacy

The California Board of Pharmacy issued the pharmacy a letter of admonishment CI 2019 84877 dated January 23, 2020, concluding an investigation that found the pharmacy shipped a prescription to the wrong patient and shipped two prescriptions with the wrong return address.

The California Board of Pharmacy issued the pharmacy a modified citation and fine CI 2019 78633 dated June 16, 2020, with the fine amount of $0.00. In 2018, certain prescriptions were issued to the pharmacy

by prescribers that were either not yet licensed to prescribe in California or who had not yet entered into an established standardized procedure or protocol developed by a supervising physician.

Also, The California Board of Pharmacy issued the pharmacy a citation and fine order of abatement CI 2020 89223 dated August 25, 2021, with the fine amount of $5,000. The pharmacy was in violation when dangerous drugs were stored in temperatures exceeding the recommended storage temperatures Truepill did not consider the manufacturer's stability data for drugs which may have been adulterated by heat.

IN THE MATTER OF

Truepill
3121 Diablo Ave
Hayward, CA 94545

DEA Certificate of Registration FP6189725

ORDER TO SHOW CAUSE

Telemedicine is an important tool for providing increased access to medical treatment that has been relied upon by hundreds of millions of Americans since the onset of the COVID-19 pandemic in 2020. Unfortunately, this access is being exploited by a subset of medical practitioners and businesses seeking opportunities to profit by wrongfully providing controlled substances without a legitimate medical purpose.

DEA has an obligation to protect the public by ensuring that pharmacists only fill prescriptions for controlled substances which are prescribed for legitimate medical purposes by practitioners acting in the usual course of professional practice. It is critical that entities engaged in the practice of online pharmacy are appropriately registered and subject to reporting, disclosure, and other requirements imposed under law. These requirements allow entities engaged in the legitimate practice of telemedicine to continue safely providing critical services and protect the safety and health of the American public.

The Ryan Haight Online Pharmacy Consumer Protection Act of 2008 (Ryan Haight Act) and its implementing regulations prohibit actors from operating as an "online pharmacy" without the appropriate DEA registration. Truepill does not have the requisite registration to act as an online pharmacy. But since September 2020, it has acted as an online pharmacy, and in a two-year period filled 72,000 controlled substance prescriptions, of which 60% were for stimulants, such as amphetamines used in the treatment of Attention Deficit/Hyperactivity Disorder (ADHD).

Truepill was the pharmacy for telehealth companies, including Cerebral, that marketed ADHD treatments, including Adderall ® and its generic forms, directly to consumers using Internet advertisements and social media. Cerebral arranged for patients to receive prescriptions for ADHD treatments through a telehealth visit, and for Truepill to fill those prescriptions. In numerous instances, Truepill dispensed controlled substances pursuant to prescriptions that were not issued for a legitimate medical purpose in the usual course of professional practice. Many of these prescriptions were written by providers that lacked the requisite state certifications to prescribe and who issued multiple prescriptions for a patient to receive more than a 90-day supply of a

Schedule II controlled substance, including prescriptions for the treatment of ADHD, in violation of federal regulations.

Accordingly,

PURSUANT to Sections 303 and 304 of the Controlled Substances Act, Title 21, United States Code, Sections 823 and 824,

NOTICE is hereby given to afford Truepill an opportunity to Show Cause before the Drug Enforcement Administration (DEA), at the DEA Hearing Facility, 700 Army Navy Drive, 2nd Floor, Arlington, Virginia 22202, or a location designated by the Administrative Law Judge, on March 21, 2023, or on such a subsequent date designated by the Administrative Law Judge (if Truepill requests such a hearing), as to why DEA should not revoke Truepill's DEA Certificate of Registration (COR or registration), Number FP6189725, pursuant to 21 U.S.C. § 824(a)(4), and deny any applications for any other DEA registrations, because Truepill's registration would be inconsistent with the public interest, as that term is defined in 21 U.S.C. § 823(f).

As detailed below, this Order states DEA's basis to revoke the above-referenced DEA registration, including a ***non-exhaustive summary*** of the matters of fact and law at issue, as well as citations to laws and regulations that Truepill has violated (*see* 21 C.F.R. §§ 1301.36(e) and 1301.37(c), which DEA construes *in pari materia*). In order to preserve Truepill's rights in this proceeding, Truepill may appear in these revocation proceedings by filing a notice of appearance or request for hearing in the manner prescribed by regulations within 30 days from the receipt of this Order. On or before the date of Truepill's appearance, Truepill may submit a corrective action plan that will be considered by DEA in accordance with 21 U.S.C. § 824(c).

LEGAL REQUIREMENTS

Entities That Must Register as Online Pharmacies

Federal law proscribes any person from distributing or dispensing a controlled substance except as authorized by the Controlled Substances Act (CSA). *See* 21 U.S.C. §§ 841(a)(1); 842(a)(1). Federal law further explicitly provides that it is unlawful for "any person" to "deliver, distribute, or dispense a controlled substance by means of the Internet, except as authorized" by the CSA. 21 U.S.C. § 841(h)(1).

An "online pharmacy" is "a person, entity, or Internet site . . . that knowingly or intentionally delivers, distributes, or dispenses, or offers or attempts to deliver, distribute, or dispense, a controlled substance by means of the Internet." 21 U.S.C. § 802(52)(A); *see also* 21 C.F.R. § 1300.04(h) (same). Further, the term "'deliver, distribute, or dispense by means of the Internet' refers, respectively, to any delivery, distribution, or dispensing of a controlled substance that is caused or facilitated by means of the Internet." 21 U.S.C. § 802(51). To act as an online pharmacy, a pharmacy must "request that the Administrator modify its registration to authorize the pharmacy to dispense controlled substances by means of the Internet as an online pharmacy." 21 C.F.R. § 1301.19(a); *see* 21 C.F.R. § 1301.11(b).

The CSA instructs that "it is unlawful for any person who falls within the [CSA's] definition of 'online pharmacy' . . . to deliver, distribute, or dispense a controlled substance by means of the

Internet" unless that person is "validly registered with a modification of such registration authorizing such activity." 21 C.F.R. § 1301.11(b). "Accordingly, any pharmacy registered" with DEA "that falls within the definition of an online pharmacy and proposes to dispense controlled substances by means of the Internet must obtain a modification of its registration authorizing such activity." *Id.*; *see also* 21 C.F.R. § 1301.19(f) ("No person . . . required to obtain a modification of a registration . . . authorizing it to operate as an online pharmacy may engage in any activity for which such modification of registration is required until the application for such modified registration is granted and an active Certificate of Registration indicating the modification of the registration has been issued by the Administrator to such person."). The CSA explicitly provides that "delivering, distributing, or dispensing a controlled substance by means of the Internet by an online pharmacy that is not validly registered with a modification authorizing such activity" is a violation of section 841(h)(1). 21 U.S.C. § 841(h)(2)(A).

Requirements Applicable to Online Pharmacies

An online pharmacy is subject to a number of requirements under the CSA. Among other things, an online pharmacy must:

- "[D]isplay in a visible and clear manner on its homepage a statement that it complies with the requirements of this section with respect to the delivery or sale or offer for sale of controlled substances." 21 U.S.C. § 831(a); 21 C.F.R. § 1304.45(a); *see also* 21 U.S.C. § 802(53) ("The term 'homepage' means the opening or main page or screen of the website of an online pharmacy that is viewable on the Internet.").

- Post "in a visible and clear manner" on its homepage or a page clearly linked from its homepage, the following information:

    - "The name, professional degree, and States of licensure of the pharmacist-in-charge, and a telephone number at which the pharmacist-in-charge can be contacted."

    - "A list of the States in which the pharmacy is licensed to dispense controlled substances."

    - "A certification that the pharmacy is registered under" the CSA "to deliver, distribute, or dispense" controlled substances "by means of the Internet."

    - The following statement: "This online pharmacy is obligated to comply fully with the Controlled Substances Act and DEA regulations. As part of this obligation, this online pharmacy has obtained a modified DEA registration authorizing it to operate as an online pharmacy. In addition, this online pharmacy will only dispense a controlled substance to a person who has a valid prescription issued for a legitimate medical purpose based upon a medical relationship with a prescribing practitioner. This includes at least one prior in-person medical evaluation in accordance with section 309 of the Controlled Substances Act (21 U.S.C. 829) or a medical evaluation via telemedicine in

accordance with section 102(54) of the Controlled Substances Act (21 U.S.C. 802(54))."

See 21 U.S.C. § 831(c); 21 C.F.R. § 1304.45.

- Notify the DEA Administrator, thirty days before offering a controlled substance for sale, delivery, distribution, or dispensing, of, among other things: the information the online pharmacy is required to post on its Internet site under 21 U.S.C. § 831(c), and 21 C.F.R. § 1304.45; each Internet site address used by the online pharmacy; the DEA registration numbers of every pharmacy that delivers, distributes or dispenses controlled substances pursuant to orders made through each of those identified websites; and a certification that the information provided on its Internet site under 21 U.S.C. § 831(c), and 21 C.F.R. § 1304.45 is true and accurate. *See* 21 U.S.C. § 831(d); 21 C.F.R. § 1304.40(b).

- Display on its homepage a declaration that it has made an appropriate notification to the DEA Administrator. *See* 21 U.S.C. § 831(e); 21 C.F.R. § 1304.40(d).

- Monthly report to the DEA Administrator of the total quantity of controlled substances the online pharmacy has dispensed for each calendar month in which it dispenses either 100 or more controlled substance prescriptions, or 5,000 or more dosage units of controlled substances. If the pharmacy's dispensing does not meet either threshold in a given month, it must report a negative response for that month. *See* 21 C.F.R. § 1304.55.

Requirements Applicable to All Pharmacies

A "prescription for a controlled substance may only be filled by a pharmacist, acting in the usual course of his professional practice." 21 C.F.R. § 1306.06. A pharmacist is only permitted to fill prescriptions "issued for a legitimate medical purpose by an individual practitioner acting in the usual course of his professional practice." 21 C.F.R. § 1306.04(a). Although "[t]he responsibility for the proper prescribing and dispensing of controlled substances is upon the prescribing practitioner, . . . a corresponding responsibility rests with the pharmacist who fills the prescription." *Id.*

"DEA has consistently interpreted this provision as prohibiting a pharmacist from filling a prescription for a controlled substance when [s]he either knows or has reason to know that the prescription was not written for a legitimate medical purpose." *Wheatland Pharmacy*, 78 Fed. Reg. 69,441, 69,445 (2013) (internal quotation marks and citation omitted, alternation in original). Section 1306.04(a) "expressly requires pharmacists to identify and resolve suspicions that a prescription is illegitimate." *Trinity Pharmacy II*, 83 Fed. Reg. 7304, 7331 (2018).

A violation of these regulations is a violation of federal law. *See* 21 U.S.C. § 842(a)(1) (making it unlawful to dispense controlled substances in violation of 21 U.S.C. § 829, whose scope is defined in part by 21 C.F.R. §§ 1306.04, 1306.06). Any attempt to violate these regulations is also a violation of federal law. *See* 21 U.S.C. § 846.

Additionally, DEA may find that a registrant's DEA COR is inconsistent with the public interest if the registrant acted carelessly or negligently in handling controlled substances, even if the registrant did not intend to violate the Controlled Substances Act. *See, e.g., Med. Shoppe*, 79 Fed. Reg. 59,504, 59,506 (2014) ("Careless or negligent handling of controlled substances creates the opportunity for diversion and [can] justify revocation or denial." (quoting *Paul J. Caragine, Jr.*, 63 Fed. Reg. 51,592, 51,601 (1998))).

Pharmacies are also required to keep appropriate records as set forth in the CSA. "Recordkeeping is one of the CSA's principal tools for preventing the diversion of controlled substances." *Wayne Pharmacy*, 85 Fed. Reg. 63,579, 63,582 (2020). Such recordkeeping is one of the central features of the CSA's regulatory regime because "a registrant's accurate and diligent adherence to this obligation is absolutely essential to protect against the diversion of controlled substances." *Superior Pharmacy I & Superior Pharmacy II*, 81 Fed. Reg. 31,310, 31,337 (2016). Thus, a finding that a registrant "failed to maintain complete and accurate records . . . supports the conclusion that [the registrant] has committed such acts as to render its continued registration 'inconsistent with the public interest.'" *Id.* at 31,338 (quoting 21 U.S.C. § 824(a)(4)).

Pharmacies are also required to, among other things, "maintain, on a current basis, a complete and accurate record of each [controlled] substance . . . received, sold, delivered, or otherwise disposed of." 21 U.S.C. § 827(a)(3); 21 C.F.R. § 1304.21(a); *see also* 21 C.F.R. § 1304.22(c) (specific recordkeeping requirements for dispensers).

An individual practitioner is not authorized, on a single occasion, to issue multiple prescriptions for a patient to receive more than a 90-day supply of a Schedule II controlled substance. *See* 21 C.F.R. § 1306.12(b).

State of California Authority to Dispense Controlled Substances

As noted above, a pharmacy may only fill valid prescriptions. *See* 21 U.S.C. § 829; 21 C.F.R. § 1306.06.

California law provides that to practice as a nurse practitioner in California, a nurse practitioner must hold, among other things, a valid and active registered nursing license issued by the Board of Registered Nursing (Nursing Board). Cal. Bus. & Prof. Code § 2835.5. Additionally, for a nurse practitioner licensed in California to prescribe a controlled substance, the Nursing Board must certify that the nurse practitioner satisfactorily completed a course in pharmacology covering the controlled substances to be prescribed and must issue a Furnishing Number to the nurse practitioner. *See id.* §§ 2836.1(g)(1), 2836.2, 2836.3.

To practice as a doctor of naturopathic medicine in California, one must hold a valid and active naturopathic medicine license issued by the California Naturopathic Medicine Committee. *See* Cal. Bus. & Prof. Code §§ 3630, 3633, 3644(d)(2). Schedule III through V controlled substances may only be dispensed by a naturopathic doctor under supervision by a physician or surgeon and pursuant to standardized procedures or protocols established between them. *See* Cal. Bus. & Prof. Code § 3640.5(f).

To practice as a physician assistant in California, one must hold a valid physician assistant license issued by the California Physician Assistant Board. *See* Cal. Bus. & Prof. Code § 3519;

see also Cal. Bus. & Prof. Code §§ 3501, 3503, 3516. Schedule II through V controlled substances may only be prescribed by a physician assistant under supervision by a physician or surgeon and pursuant to a practice agreement. *See* Cal. Bus. & Prof. Code §§ 3502.1 and 3516.

Additionally, practitioners licensed outside California may only be authorized to practice within California by the California Director of Emergency Medical Services Authority during a gubernatorially declared state of emergency. *See* Cal. Bus. and Prof. Code § 900.

BACKGROUND

1. Truepill is registered as a retail pharmacy under DEA COR Number FP6189725 in Schedules II through V with a registered address of 3121 Diablo Avenue, Hayward, California 94545. Truepill's registration expires by its own terms on November 30, 2025.

2. Truepill is not registered as an online pharmacy with DEA.

3. Truepill is licensed by the State of California as a community pharmacy with license number PHY58585. Truepill's pharmacy license expires by its own terms on March 1, 2023.

4. Between on or about September 14, 2020, and September 13, 2022, of the more than 72,000 controlled substances Truepill filled, nearly 46,000 were stimulants, accounting for more than 60% of the controlled substances Truepill dispensed.

5. Truepill's DEA COR should be revoked, and any applications for registration should be denied, because Truepill has committed such acts as would render its registration inconsistent with the public interest. *See* 21 U.S.C. §§ 823(f), 824(a)(4). Specifically, Truepill has acted as an online pharmacy without obtaining an appropriate DEA registration and without meeting a number of legal requirements applicable to online pharmacies. Truepill has, on numerous occasions, unlawfully filled controlled stimulant prescriptions issued by prescribers with no state authority to issue such prescriptions. Truepill has also repeatedly filled controlled stimulant prescriptions there were for more than a 90-day supply, in violation of 21 C.F.R. § 1306.12(b).

6. Dextroamphetamine-amphetamine, which is often sold under the brand names Adderall® and Adderall XR®, is a Schedule II stimulant.

7. Methylphenidate, which is often sold under the brand name Ritalin®, is a Schedule II stimulant.

OPERATING AS AN ONLINE PHARMACY WITHOUT DEA REGISTRATION

8. Truepill provides both pharmacy and technical services to corporate customers, including telehealth companies such as Cerebral. Moreover, Truepill employs a number of customer service representatives to assist its corporate customers.

9. On its Internet site, Truepill describes itself as a "virtual pharmacy," providing "[a]n end-to-end virtual pharmacy experience." Furthermore, Truepill claims that "Truepill's virtual pharmacy enables you to create the convenient experience your customers want."

10. Truepill provides its corporate customers with a software platform containing, among other things, patient information, prescriber information, and prescription information to facilitate the delivery of prescriptions by means of the Internet.

11. Truepill's Internet site also extensively describes how its software programs assist its corporate customers in providing patients with prescriptions. Among other things, the Truepill's Internet site includes the following statements:

    a. Truepill states that it can help companies "[d]eliver medications to your patients using powerful programmatic APIs [Application Programing Interfaces] that give you full control." It further states that these companies can "[p]air our pharmacy fulfillment services with our telehealth solutions to make your programs more accessible to patients who may find it difficult to commute to a doctor's office."

    b. Truepill informs that it provides other software that uses the Internet to facilitate the filling of prescriptions, including, among others, telehealth APIs to help practitioners create and update patient records, and to provide the practitioners' patients with patient health questionnaires, all in "the Truepill ecosystem." Truepill makes clear that its telehealth API customers are "third-party provider networks and physician groups that that can diagnose, treat and prescribe for your patient population. These providers are all part of licensed professional medical corporations who are independently owned and operated."

    c. Truepill explains that it uses a "fulfillment API" to assist providers to "efficiently get medications to your patient's door across all 50 states." Truepill goes on to explain how its software platform uses the Internet to electronically create patient records, obtain prescriptions, and allow practitioners to create fill requests that they submit to Truepill electronically.

    d. Truepill states that it offers a "team of marketers, merchandisers, and fulfillment experts" to help telehealth companies "maximize the value of your e-commerce program."

12. Through these services, Truepill "deliver[ed], distribute[ed], or dispense[ed]" "a controlled substance by means of the Internet," despite not being registered as an online pharmacy, in violation of 21 U.S.C. § 841(h)(1) and 21 C.F.R. §§ 1301.11(b) & 1301.19(f).

FAILURE TO MAKE AND DISPLAY REQUIRED REPORTS AND NOTIFICATIONS

13. Despite operating as an online pharmacy, Truepill failed to put on its Internet site information required by the CSA, including:

a. A statement on its homepage that Truepill complies with the requirements of 21 U.S.C. § 831 with respect to the delivery or sale or offer for sale of controlled substances, in violation of 21 U.S.C. § 831(a) and 21 C.F.R. § 1304.45(a).

b. A visible and clear statement on its homepage, or a page clearly linked from its homepage including:

   i. the name, professional degree, and states of licensure of its pharmacist-in-charge;

   ii. a telephone number at which its pharmacist-in-charge can be contacted;

   iii. a list of states in which Truepill is licensed to dispense controlled substances;

   iv. a certification that Truepill is licensed under the CSA to deliver, distribute, or dispense controlled substances by means of the Internet; and

   v. the following statement: "This online pharmacy is obligated to comply fully with the Controlled Substances Act and DEA regulations. As part of this obligation, this online pharmacy has obtained a modified DEA registration authorizing it to operate as an online pharmacy. In addition, this online pharmacy will only dispense a controlled substance to a person who has a valid prescription issued for a legitimate medical purpose based upon a medical relationship with a prescribing practitioner. This includes at least one prior in-person medical evaluation in accordance with section 309 of the Controlled Substances Act (21 U.S.C. 829) or a medical evaluation via telemedicine in accordance with section 102(54) of the Controlled Substances Act (21 U.S.C. 802(54)).";

all in violation of 21 U.S.C. § 831(c) and 21 C.F.R. § 1304.45.

14. Truepill failed to notify the DEA Administrator of the information listed in 13.b., *supra*, through the submission of an application for a modified registration thirty days before offering a controlled substance for sale, delivery, distribution, or dispensing together with a certification that such information is true and accurate, in violation of 21 U.S.C. § 831(d) and 21 C.F.R § 1304.40(a)(1). Truepill also did not notify the DEA Administrator of each Internet site address it used, nor of the DEA registration numbers of every pharmacy that delivers, distributes or dispenses controlled substances pursuant to orders made through each of those identified websites, in violation of 21 U.S.C. § 831(d) and 21 C.F.R. § 1304.40(b)(3) and (4).

15. Truepill failed to display on the homepage of its Internet site that it had made an appropriate notification to the DEA Administrator under 21 U.S.C. § 831(d) and 21 C.F.R. § 1304.40(b), in violation of 21 U.S.C. § 831(e) and 21 C.F.R. § 1304.40(d).

16. Truepill failed to the provide the DEA Administrator with any of the monthly reports required by 21 C.F.R. § 1304.55.

UNLAWFUL DISPENSING OF SCHEDULE II CONTROLLED SUBSTANCES PURSUANT TO PRESCRIPTIONS FOR GREATER THAN 90-DAY SUPPLY

17. Between on or about September 13, 2020, and September 13, 2022, in dozens of instances, Truepill dispensed Schedule II controlled substances for prescriptions written on a single date by an individual practitioner to an individual patient for a greater than 90-day supply. A non-exhaustive set of examples is provided below.

18. On August 24, 2020, a practitioner issued **Patient N.S.** five prescriptions amounting to a 150-day supply of dextroamphetamine-amphetamine extended release (ER) 10 mg capsules, which are often sold under the brand name Adderall XR®, a total of 300 capsules, which Truepill dispensed.

19. On January 12, 2021, a practitioner issued **Patient L.H.** four prescriptions amounting to a 120-day supply of methylphenidate 20 mg tablets, which are often sold under the brand name Ritalin®, a total of 120 tablets, which Truepill dispensed.

20. On January 12, 2021, a practitioner issued **Patient L.H.** four prescriptions amounting to a 120-day supply of methylphenidate ER 54 mg tablets, which are often sold under the brand name Ritalin®, a total of 120 tablets, which Truepill dispensed.

21. On February 11, 2021, a practitioner issued **Patient D.K.** two prescriptions amounting to a 120-day supply of dextroamphetamine-amphetamine 20 mg tablets, which are often sold under the brand name Adderall®, a total of 120 tablets, which Truepill dispensed.

22. On February 11, 2021, a practitioner issued **Patient D.K.** two prescriptions amounting to a 180-day supply of dextroamphetamine-amphetamine ER 30 mg capsules, which are often sold under the brand name Adderall XR®, a total of 180 capsules, which Truepill dispensed.

23. On March 9, 2021, a practitioner issued **Patient H.M.** three prescriptions amounting to a 210-day supply of dextroamphetamine-amphetamine 10 mg tablets, which are often sold under the brand name Adderall®, a total of 315 tablets, which Truepill dispensed.

24. On November 8, 2021, a practitioner issued **Patient N.B.** four prescriptions amounting to a 120-day supply of dextroamphetamine-amphetamine ER 15 mg capsules, which are often sold under the brand name Adderall XR®, a total of 120 capsules, which Truepill dispensed.

25. On November 8, 2021, a practitioner issued **Patient N.B.** four prescriptions amounting to a 120-day supply of dextroamphetamine-amphetamine 5 mg tablets, which are often sold under the brand name Adderall®, a total of 120 tablets, which Truepill dispensed.

UNLAWFUL DISPENSING OF CONTROLLED SUBSTANCES PURSUANT TO PRESCRIPTIONS ISSUED BY PRACTITIONERS WITHOUT STATE AUTHORITY

26. Between on or about September 13, 2020, and September 13, 2022, Truepill dispensed controlled substances to patients located in California pursuant to prescriptions written by numerous practitioners who were neither sufficiently licensed in California to do so nor holders of an Authorization for Out-of-State Health Care Practitioner issued by the California Emergency Medical Services Authority (Temporary Emergency Authorization). These practitioners included nurse practitioners, physician assistants, and doctors of naturopathic medicine.

27. A non-exhaustive set of insufficiently licensed practitioners who also did not hold a Temporary Emergency Authorization include: **Nurse Practitioner N.B.**; **Nurse Practitioner T.C.**; **Nurse Practitioner D.S.**; **Nurse Practitioner H.M.**; **Nurse Practitioner J.M.**; **Nurse Practitioner A.N.**; **Nurse Practitioner S.O.**; **Nurse Practitioner A.S.**; and **Nurse Practitioner N.S.**

RECORDKEEPING AND AUDIT FINDINGS

28. In September and October of 2022, DEA investigators conducted an audit of Truepill's controlled substance records by conducting an inventory of certain controlled substances present at Truepill's registered location and comparing that inventory to the records maintained and provided by Truepill. DEA's audit identified 1,674 missing dosage units of dextroamphetamine-amphetamine ER 20 mg, often sold under the brand name Adderall XR®, for which Truepill was unable to account, in violation of 21 C.F.R. §§ 1304.21(a) and 1304.22(c). *See Bill Lloyd Drug*, 64 Fed. Reg. 1,823, 1,824 (1999) ("The shortages and overages revealed by the accountability audit show that Respondent does not keep complete and accurate records of its controlled substance handling as required by 21 U.S.C. 827 and 21 CFR 1304.21.").

29. This shortage of 1,674 units constituted over two percent of the dextroamphetamine-amphetamine ER 20 mg, often sold under the brand name Adderall XR®, for which Truepill was accountable during the audit period. Truepill's failure to account for a significant number of dosage units of controlled substances not only violated its obligation to maintain accurate records, but also constituted a failure to comply with its obligation to maintain effective controls against the diversion of controlled substances into illicit channels. *See, e.g.*, *Superior Pharmacy*, 81 Fed. Reg. at 31,337.

THE following procedures are available to Truepill in this matter:

1. Within 30 days after the date of receipt of this Order to Show Cause, Truepill may file with DEA a written request for a hearing in the form set forth in 21 C.F.R. § 1316.47. *See* 21 C.F.R. § 1301.43(a). If Truepill fails to file such a request, the hearing shall be cancelled in accordance with paragraph 3, below.

2. Within 30 days after the date of receipt of this Order to Show Cause, Truepill may file with DEA a waiver of hearing together with a written statement regarding its position on the matters of fact and law involved. *See* 21 C.F.R. § 1301.43(c).

3. Should Truepill decline to file a request for a hearing, or should Truepill request a hearing and then fail to appear at the designated hearing, Truepill shall be deemed to

have waived the right to a hearing, and DEA may cancel such hearing and may enter a final order in this matter without a hearing based upon the evidence presented. *See* 21 C.F.R. §§ 1301.43(d), 1301.43(e).

Requests for hearing should be filed by email with the Office of Administrative Law Judges at the following address: ECF-DEA@dea.gov, with a copy simultaneously provided to the Government at the following address: DEA.Registration.Litigation@dea.gov. Except as provided below with respect to a corrective action plan, correspondence concerning this matter, including requests referenced in paragraphs 1 and 2 above, should be addressed to the Hearing Clerk, Office of Administrative Law Judges, Drug Enforcement Administration, 8701 Morrissette Drive, Springfield, VA 22152. A copy of the same shall also be served on Government counsel, Edward O. Siclari, and be addressed to the Office of Chief Counsel, Diversion and Regulatory Litigation Section, 8701 Morrissette Drive, Springfield, VA 22152. Matters are deemed filed upon receipt by the Hearing Clerk. *See* 21 C.F.R. § 1316.45.

OPPORTUNITY TO SUBMIT CORRECTIVE ACTION PLAN

In addition to the procedural options set forth in paragraphs 1 and 2 above, in accordance with 21 U.S.C. § 824(c)(2)(C), Truepill has the opportunity to submit a corrective action plan, which must be received by the Acting Assistant Administrator, Diversion Control Division, on or before the date of its appearance. Truepill is not required to submit a corrective action plan, nor will any adverse inference be drawn if Truepill chooses not to do so. If Truepill wishes to submit a corrective action plan, it must be submitted directly to the Acting Assistant Administrator, Diversion Control Division, who will decide whether, in view of the plan and the allegations set forth in this Order to Show Cause, the proceedings to revoke Truepill's registration should be discontinued, or deferred for the purposes of modification, amendment, or clarification of such plan. Any corrective action plan should be clearly labeled "Corrective Action Plan" and submitted by email to Thomas W. Prevoznik, Acting Assistant Administrator, Diversion Control Division, at the following address: CAPresponse@usdoj.gov.

A copy of the corrective action plan shall also be served on Government counsel, Edward O. Siclari, and be addressed to the Office of Chief Counsel, Diversion and Regulatory Litigation Section, 8701 Morrissette Drive, Springfield, VA 22152.

In the event Truepill submits a corrective action plan and the Acting Assistant Administrator decides not to discontinue or postpone the proceedings, please note that such a decision is not a final determination by the agency regarding Truepill's corrective action plan or registration. In such circumstances, the Administrator may nonetheless consider the corrective action plan in issuing the final order at the conclusion of the proceedings.

Finally, please be advised that the submission of a corrective action plan shall not constitute a request for a hearing under paragraph 1 above or a written statement regarding Truepill's position on the matters of fact and law involved under paragraph 2 above. As indicated, if Truepill chooses to submit a corrective action plan and also wishes to proceed under paragraph 1 or 2 above, it must separately submit its request for a hearing (paragraph 1) or written statement (paragraph 2) in accordance with the instructions above.

BEFORE THE KANSAS BOARD OF PHARMACY

In the Matter of	)	
	)	Case No. 22-183
PostMeds, Inc dba Truepill	)	
	)	
Registration No. 22-117859	)	

AMENDED SUMMARY ORDER

NOW on this 20th day of January, 2023, comes before the Kansas Board of Pharmacy (the "Board"), through its Executive Director, the matter of PostMeds, Inc dba Truepill ("Respondent").

Pursuant to the authority granted to the Board by the Kansas Pharmacy Act, K.S.A. 65-1625, *et seq.*, and in accordance with the Kansas Administrative Procedure Act, K.S.A. 77-501, *et seq.*, the Board's Executive Secretary enters this Amended Summary Order in the above-captioned matter. After reviewing the investigation materials and being otherwise duly advised in the premises, makes the following findings, conclusions and order:

FINDINGS OF FACT

1. The Board has previously issued Respondent Registration No. 22-104228 which entitled Respondent to operate as a non-resident pharmacy in the State of Kansas.

2. On November 6, 2019, the ownership of Respondent's non-resident pharmacy changed.

3. On May 22, 2020, the Board received a renewal application for Respondent's Registration No. 22-104228, which was approved on June 3, 2020 with an expiration date of June 30, 2021. Respondent answered "No" to the question: "Has any license or registration, currently or previously held by the applicant or the PIC been surrendered to, denied, disciplined, censured, suspended, limited, placed on probation, or revoked by any state of federal government?"

Respondent certified the information submitted was true, correct, and complete to the best of Respondent's knowledge.

4. On June 1, 2021, the Board received a renewal application for Respondent's Registration No. 22-104228, which was approved on June 21, 2021 with an expiration date of June 30, 2022. Respondent answered "No" to the question: "Has any license or registration, currently or previously held by the applicant or the PIC been surrendered to, denied, disciplined, censured, suspended, limited, placed on probation, or revoked by any state of federal government?" Respondent certified the information submitted was true, correct, and complete to the best of Respondent's knowledge.

5. Due to staffing challenges, personnel turnover and administrative oversight resulting from its early, rapid growth and restructuring and the corresponding COVID-19 pandemic, Respondent mistakenly failed to report the 2019 ownership change and related disclosures to the Board in its May 22, 2020 and June 1, 2021 renewal applications.

6. On April 18, 2022, the Board received notification from Respondent of an ownership change and several past disciplinary actions not previously reported to the Board including: North Carolina Board of Pharmacy Consent Order of Discipline dated March 8, 2022; California State Board of Pharmacy Letter of Admonishment dated January 23, 2020; California State Board of Pharmacy Citation and Fine dated June 16, 2020; California State Board of Pharmacy Citation and Fine Order of Abatement dated August 25, 2021; Alabama State Board of Pharmacy Final Order dated October 25, 2021; California State Board of Pharmacy Citation and Fine dated January 24, 2019; and California State Board of Pharmacy Citation dated December 16, 2019.

7. On April 28, 2022, the Board received from Respondent a Form BA-22 Non-Resident Pharmacy Registration Application ("Respondent's Application"), notifying of the change in ownership effective November 6, 2019, and applying for a new non-resident pharmacy registration under the new ownership.

8. On May 20, 2022, the Board approved Respondent's Application and issued Respondent the new Non-Resident Pharmacy Registration No. of 22-117859 ("Respondent's Registration") under their new ownership.

9. Prior to receiving the ownership change application, registrant provided a letter notifying of the late ownership change, as well as unreported discipline. Ownership change application completed indicating discipline had occurred and providing details of discipline (5 occurrences).

10. In mitigation, Respondent states that it has invested in additional staff, engaged internal and external legal counsel and implemented training efforts to prevent any such reporting oversights in the future.

CONCLUSIONS OF LAW

1. Pursuant to K.S.A. 65-1658, the Board may assess a civil fine not to exceed $5,000, after notice and an opportunity to be heard, to any registrant for violation of the pharmacy act of the state of Kansas or any other rules or regulations of the state board of pharmacy.

2. Pursuant to K.S.A. 65-1627(f), the Board may take action against a registration on any ground that would authorize the board to take action against the registration of a pharmacy under K.S.A. 65-1627, and amendments thereto.

3. Pursuant to K.S.A. 65-1627(e)(1), the Board may take action against the registration of a pharmacy upon a finding that such pharmacy has been operated in such manner

that violations of the provisions of the pharmacy act of the state of Kansas or of the rules and regulations of the board have occurred in connection therewith.

4. Pursuant to K.S.A. 65-1627(e)(4), the Board may take action against the registration of a pharmacy upon a finding that the registrant has had a registration revoked, suspended or limited, has been censured or has had other disciplinary action taken, or an application for registration denied, by the proper registering authority of another state, territory, District of Columbia or other country.

5. Pursuant to K.S.A. 65-1657, no nonresident pharmacy shall ship, mail, or deliver, in any manner, prescription drugs to a patient in this state unless registered with the Board as a nonresident pharmacy.

6. Pursuant to K.S.A. 65-1645(f), registrations shall not be transferable.

7. Pursuant to K.A.R. 68-2-9, each registrant shall notify the executive secretary of the Board in writing of any change in majority ownership of the operation for which the registration was issued within five days after the date the change in ownership becomes effective.

8. Pursuant to K.A.R. 68-2-23, each pharmacy owner shall notify the board in writing within 30 days of any denial, limitation, suspension, revocation, voluntary surrender, or other disciplinary action taken by the state of Kansas or another jurisdiction against the pharmacy or the pharmacy owner or any application, license, registration, or permit held by the pharmacy owner.

9. Respondent's registered facility changed ownership on November 6, 2019 but Respondent did not provide notification or file a new application with the Board until April 18 and 28, 2022, respectively.

10. Respondent's failure to submit the complete change of ownership to the Board until April 2022 is a violation pursuant to K.A.R. 68-2-9 and an unlawful transfer of the previous

registration to the new ownership. Respondent's actions are a violation pursuant to K.S.A. 65-1657 and K.S.A. 65-1627(e)(1), and a basis to take action against Respondent's Registration.

11. Respondent failed to notify the Board of the six disciplinary actions by North Carolina, California, and Alabama until April 18, 2022, nearly one to two years after they were effective, is a violation of K.A.R. 68-2-23 and a basis to take action against Respondent's Registration pursuant to K.S.A. 65-1627(e)(1) and (e)(4).

ORDER

Taking into account the mitigating and corrective actions of Respondent, the Board finds and concludes that Respondent's conduct, as described above, violates the Act and such conduct warrants the imposition of a fine pursuant to K.S.A. 65-1658, in the amount of $3,500.00. Respondent has 30 days from the date of this order to pay the fine.

NOTICES

The Respondent is hereby notified as follows:

1. The Respondent may request a hearing pursuant to the Kansas Administrative Procedure Act by filing a written request with the Kansas Board of Pharmacy, 800 SW Jackson, Suite 1414, Topeka, KS 66612-1231 within fifteen (15) days after service of this order.

2. If a hearing is not requested as described above, the Order shall become a final order of the Board, effective upon the expiration of the time to request a hearing.

3. Within fifteen (15) days after entry of a final agency order, either party may file a petition for reconsideration pursuant to K.S.A. 77-529.

4. Within the time limits established in K.S.A. 77-613, either party may seek judicial review of a final agency order, pursuant to said statute. The agency officer designated to receive service of a petition for judicial review is:

Alexandra Blasi
Executive Secretary
Kansas Board of Pharmacy
800 SW Jackson, Suite 1414
Topeka, KS 66612

IT IS SO ORDERED.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✓
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)	✓	
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?	✓	
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?	✓	
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).	✓	
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 4 & 6. Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
1/24/2019		CA		

Case #	Governing, licensing, Arresting Presiding Body/Agency/Court
CI 2017 80030	California Board of Pharmacy

Reason/Charge
Failure to provide documentation substantiating completion of continuing education. Unprofessional conduct

Plaintiff/Defendant/Claimant/Respondent	Lawsuit/Arbitration/Bankruptcy

Name of Business/Industry/Entity

Provide explanation below:

CI 2017 80030 issued on January 24, 2019
Mr. Afridi received a citation and fine following an audit of the Continuing Education ("CE") requirements imposed on pharmacists by the State of California. California Board of Pharmacy alleges Mr. Afridi had not completed all CE requirements to maintain his California Registered Pharmacist license.

Mr. Afridi has paid the fine imposed by the California Board of Pharmacy. Upon receipt of the fine, the California Board of Pharmacy considered the matter closed and took no further action. Mr. Afridi's California Registered Pharmacist License remains active in good standing.

Mr. Afridi has since registered for the NABP CE Monitor tracking service, enabling him to remain compliant now and in the future.

12/16/2019		CA		

Case #	Governing, licensing, Arresting Presiding Body/Agency/Court
CI 2019 86472	California Board of Pharmacy

Reason/Charge
furnished dangerous drugs on order of nurse practitioners who had not yet entered into an established protocol in place

Plaintiff/Defendant/Claimant/Respondent	Lawsuit/Arbitration/Bankruptcy

Name of Business/Industry/Entity

Provide explanation below:

CI 2019 86472 issued on December 16, 2019
Mr. Afridi received a citation while pharmacist-in-charge of Truepill PHY 56100. The California Board of Pharmacy alleges Truepill furnished dangerous drugs on order of nurse practitioners and physician assistants who had not yet entered into an established protocol in place.

Case #		**Governing, licensing, Arresting Presiding Body/Agency/Court**		
21-L-0080		Alabama Board of Pharmacy		
Reason/Charge				
Failure to timely notify the Alabama Board of Pharmacy of the California Board of Pharmacy Citation and Fine				
Plaintiff/Defendant/Claimant/Respondent			**Lawsuit/Arbitration/Bankruptcy**	
Name of Business/Industry/Entity				

Provide explanation below:

21-L-0080 issued on October 25, 2021
Alabama Board of Pharmacy issued a Final Order to Mr. Mohammad Afridi, Alabama Registered Pharmacist #20384, regarding the California Board of Pharmacy Citation and Fine described below. Alabama Board of Pharmacy scheduled a reciprocal discipline hearing on the matter. The hearing was to discuss the California Board of Pharmacy Citation and Fine and to issue reciprocal discipline. Alabama Board of Pharmacy fined Mr. Afridi for failure to timely notify the Alabama Board of Pharmacy of the California Board of Pharmacy Citation and Fine. Mr. Afridi paid the fine to the Alabama Board of Pharmacy. Upon receipt of the fine, the Alabama Board of Pharmacy considered the matter closed and took no further action. Mr. Afridi's Alabama Registered Pharmacist License remains active in good standing.

Reason/Charge

Plaintiff/Defendant/Claimant/Respondent	Lawsuit/Arbitration/Bankruptcy

Name of Business/Industry/Entity

Provide explanation below:

Mohammed Afridi does not have a direct ownership interest in any licensed pharmacy. Mr. Afridi does have an ownership interest in the grandparent level holding company of licensed pharmacies. In the interests of transparency the Postmeds, Inc (direct owner of Seven Hills Pharmacy, LLC) has been involved in discipline cases. Which are described in Postmeds Discipline summary (provided along with the original NV application).

This is in response to Question # 9 . Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
Case #		**Governing, licensing, Arresting Presiding Body/Agency/Court**		
Reason/Charge				
Plaintiff/Defendant/Claimant/Respondent			**Lawsuit/Arbitration/Bankruptcy**	
Name of Business/Industry/Entity				

Provide explanation below:

Mohammed Afridi does not have a direct ownership interest in any licensed pharmacy. Mr. Afridi does have an ownership interest in the grandparent level holding company of licensed pharmacies. In the interests of transparency the following pharmacies (also owned by Postmeds Inc) were voluntarily closed:

Lake Forest Pharmacy, LLC - closed on 6/23/22
Belle Isle Pharmacy, LLC - closed on 6/23/22
Wind City pharmacy, LLC - closed on 6/14/22
Queen City Pharmacy, LLC - closed on 8/17/2022

The following pharmacies have also closed since the initial submission of this application:
Overlake Pharmacy, LLC - closed on 03/15/23
LA Pharmacy, LLC - closed on 03/15/23
Marymoor Pharmacy, LLC - closed on 04/21/23
River City Pharmacy, LLC - closed on 04/14/23

Section 11: Managing Pharmacist Acknowledgement, Professional/Personal History – REQUIRED TO BE COMPLETED BY THE MANAGING PHARMACIST FOR NEVADA LOCATED PHARMACY APPLICANTS ONLY

Managing Pharmacist Name: Christopher Spitzer Pharmacist Registration #: 03236754

Pharmacy Name: Seven Hills Pharmacy, LLC

Initial each statement below to indicate you have read and agree with the following:

CS I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

CS I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

CS I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

CS I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

CS I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

Personal and Professional History	Yes	No
1. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔
2. Have you been charged, arrested, or convicted of a felony or misdemeanor in any state?		✔
3. Have you been the subject of a board citation or an administrative action whether completed or pending in any state?		✔
4. Has your license been subjected to any discipline for violation of pharmacy or drug laws in any state?	✔	

If you marked YES to any questions above, include the following information and provide a signed statement of explanation. Copies of any documents that identify the circumstance or contain an order, agreement or other disposition is required.

STATE OF OHIO
BOARD OF PHARMACY

IN THE MATTER OF:

CASE NO. A-2021-0336

Christopher Spitzer, RPh
[redacted] Gardenside Lane
Loveland, Ohio 45140

License No. 03-236754

SETTLEMENT AGREEMENT WITH THE STATE OF OHIO BOARD OF PHARMACY

This Settlement Agreement (Agreement) is entered into by the State of Ohio Board of Pharmacy (Board) and Christopher Spitzer, RPh, for the purpose of resolving all issues between the parties relating to the Board investigation of Christopher Spitzer and CVS Pharmacy #6123 for failing to report a pharmacist for arriving to work his scheduled shift at CVS Pharmacy while impaired and under the influence of alcohol. Together, the Board and Christopher Spitzer are referred to hereinafter as "the parties."

JURISDICTION

1. Pursuant to Section 4729.16 of the Ohio Revised Code and the rules adopted thereunder, the Board has the authority to suspend, revoke, restrict, limit, or refuse to grant or renew any license issued pursuant to Sections 4729.07 and 4729.08 of the Ohio Revised Code to practice pharmacy in the state of Ohio.

2. Christopher Spitzer is a licensed pharmacist in the state of Ohio under license number 03-236754, who was listed as the District Manager at CVS Pharmacy #6123, located at 7500 Beechmont Avenue, Cincinnati, Ohio, at the time of the Allegations in the Notice of Opportunity for Hearing dated March 9, 2022.

FACTS

1. The Board initiated an investigation of Christopher Spitzer, pharmacist license number 03-236754, and CVS Pharmacy #6123 for failing to report a pharmacist for arriving to work his scheduled shift at CVS Pharmacy while impaired and under the influence of alcohol.

2. On or about March 9, 2022, the Board sent a Notice of Opportunity for Hearing to Christopher Spitzer, which outlined the allegations and provided notice of his right to a hearing, his rights in such hearing, and his right to submit contentions in writing.

3. On or about March 31, 2022, Christopher Spitzer, timely requested an administrative hearing, which was subsequently scheduled for April 6, 2022. Settlement of this matter was reached prior to hearing.

WHEREFORE, the parties desire to resolve the issues relating to the above-referenced findings without resorting to further administrative proceedings.

TERMS

NOW THEREFORE, in consideration of the mutual promises herein expressed, the parties knowingly and voluntarily agree as follows:

1. The recitals set forth above are incorporated in this Settlement Agreement as though fully set forth herein.

2. Christopher Spitzer neither admits nor denies the allegations stated in the Notice of Opportunity for hearing letter dated March 9, 2022; however, the Board has evidence sufficient to sustain the allegations, finds them to violate Ohio's pharmacy law as set forth in the Notice, and hereby adjudicates the same.

3. Christopher Spitzer agrees to pay to the Board a monetary penalty in the amount of $250.00. This fine will be attached to Christopher Spitzer' license record and must be paid no later than 180 days from the effective date of this Order. To pay this fine, login to www.elicense.ohio.gov and process the items in the cart.

4. Christopher Spitzer must obtain five hours of approved continuing pharmacy education (0.5 CEUs) which may not also be used for license renewal. The 0.5 CEUs must be completed within six months from the effective date of this agreement. Copies of completed CEUs must be e-mailed to legal@pharmacy.ohio.gov.

5. The Board hereby imposes a written reprimand on Christopher Spitzer's pharmacist license, number 03-236754.

6. Christopher Spitzer agrees to pay all reasonable costs associated with the collection of any payment, and of the prosecution of any violation of this Agreement.

7. Christopher Spitzer understands that he has the right to be represented by counsel for review and execution of this agreement.

8. Christopher Spitzer agrees and acknowledges that this Board disciplinary action must be disclosed to the proper licensing authority of any state or jurisdiction in which he currently holds a professional license, including to the Board on renewal applications or applications for a new license.

9. Christopher Spitzer explicitly withdraws his request for a hearing, waives an opportunity to be heard pursuant to Chapter 119. of the Ohio Revised Code, and waives any right to an appeal.

10. This Agreement may be executed in counterparts or facsimiles, each of which shall be deemed an original, but all of which shall constitute one and the same instrument.

11. All parties to this Agreement understand that this document is a public record pursuant to Ohio Revised Code Section 149.43.

12. This Agreement contains the entire agreement between the parties, there being no other agreement of any kind, verbal or otherwise, which varies the terms of this Agreement.

13. If any of the provisions, terms, or clauses of this Agreement are declared illegal, unenforceable, or ineffective by an authority of competent jurisdiction, those provisions, terms, and clauses shall be deemed severable, such that all other provisions, terms, and clauses of this Agreement shall remain valid and binding upon both Parties.

14. This Agreement shall become effective upon the date of the Board President's signature below.

[SIGNATURE PAGE FOLLOWS]

IN WITNESS WHEREOF, the parties to this Agreement have executed it and/or cause it to be executed by their duly authorized representatives.

Approved by:

Christopher Spitzer, RPh, Respondent	7/20/22 Date of Signature
James F. Leo, Attorney for Respondent	7/20/22 Date of Signature

DANIEL YITZHAK SIMKIN			N/A	
Name of Business/Industry/Entity				
N/A				

Provide explanation below:

On January 29, 2013, Manager Daniel Simkin received a misdemeanor alcohol DUI conviction under California Vehicle Code section 23152(b). See Los Angeles Superior Court (2013), Case #3VY002301-01; see also Exhibit A, Misdemeanor Sentencing Memorandum – Vehicle Code. On March 22, 2016, this misdemeanor conviction was dismissed under California Penal Code section 1203.4. See Exhibit B, Order for Dismissal.
On January 11, 2018, Mr. Simkin was admitted to the State Bar of California and remains active and in good standing (State Bar Number: 319806).

MISDEMEANOR COMPLAINT

Case number: 3VY00230

FILED
JOHN A. CLARKE
Executive Officer/Clerk

By_____
Deputy Clerk

Issued by
CARMEN A. TRUTANICH
City Attorney

By_____
KATHLEEN FORD (LT)
Deputy City Attorney

Comes now the undersigned and states that he is informed and believes, and upon such information and belief declares: That on or about 12/25/2012 at and in the City of Los Angeles, in the County of Los Angeles, State of California, a misdemeanor, to wit, violation of Subdivision (a) of Section 23152 of the California Vehicle Code was committed by the above-named defendant(s) (whose true name(s) to affiant is(are) unknown), who at the time and place last aforesaid, did willfully and unlawfully drive a vehicle while being under the influence of an alcoholic beverage and a drug and under the combined influence of an alcoholic beverage and a drug.

MCI 23152(A)/29

COUNT II

For a further, separate and second cause of action being a different offense, belonging to the same class of crimes and offenses set forth in Count I hereof, affiant further alleges that on or about 12/25/2012 at and in the City of Los Angeles, in the County of Los Angeles, State of California, a misdemeanor, to wit, violation of Subdivision (b) of Section 23152 of the California Vehicle Code was committed by the above-named defendant(s) (whose true name(s) to affiant is(are) unknown), who at the time and place last aforesaid, did willfully and unlawfully drive a vehicle with 0.08 percent or more, by weight, of alcohol in his or her blood.

The allegations of prior convictions listed in Count I of this complaint are hereby incorporated by reference as allegations of prior convictions for the purposes of this Count of the complaint.

MCI 23152(B)/29

All of which is contrary to the law and against the peace and dignity of the People of the State of California. Declarant and complainant therefore prays that a warrant may be issued for the arrest of said defendant(s) and that he may be dealt with according to law.

Attached hereto and incorporated by reference as though fully set forth are written statements and reports which constitute the basis upon which I make the within allegations.

A declaration in Support of the Issuance of Such Warrant is Submitted.

Executed at Los Angeles, California, on

I declare under penalty of perjury that the foregoing is true and correct.

A. Martinez
Declarant and Complainant

INFORMAL DISCOVERY NOTICE

TO THE ABOVE-NAMED DEFENDANT(S) AND/OR ATTORNEY(S) FOR DEFENDANT(S):

Plaintiff, the People of the State of California, hereby requests discovery/disclosure from the defendant(s) and his or her attorney(s) in this case pursuant to Penal Code Sections 1054.3 and 1054.5.

YOU ARE HEREBY NOTIFIED that if complete disclosure is not made within 15 days of this request, plaintiff will seek -- on or before the next court date, or as soon as practicable thereafter -- a court order enforcing the provisions of Penal Code Section 1054.1, subdivisions (b) and (c). This is an ongoing request for any of the listed items which become known to the defendant(s) and his or her attorney(s) after the date of compliance.

The written statements and reports attached hereto constitute discoverable materials designated in Penal Code Section 1054.1. Any additional material discoverable pursuant to Penal Code Section 1054.1 that becomes known to plaintiff will be provided to the defense.

If, prior to or during trial, as a result of this request plaintiff obtains additional evidence or material subject to disclosure under a previous defense request or court order pursuant to Penal Code Section 1054.1, plaintiff will disclose the existence of that evidence or material within a reasonable time.

DISCOVERY MATERIALS SHOULD BE DELIVERED TO A DEPUTY CITY ATTORNEY IN TRIAL COURT ON THE FIRST TRIAL DATE.

CASE NUMBER: 3VY00230-01

The court finds from the records on file in this case, and from the foregoing petition, that the petitioner *(the defendant in the above-entitled criminal action)* is eligible for the following requested relief:

1. The court **GRANTS** the petition for reduction of a felony to a misdemeanor (maximum punishment of 364 days per Pen. Code, § 18.5) under Penal Code section 17(b) and/or for reduction of a misdemeanor to an infraction under Penal Code section 17(d)(2) and reduces the following convictions:
   - ☐ ALL FELONY CONVICTIONS in the above-entitled action;
   - ☐ ALL MISDEMEANOR CONVICTIONS in the above-entitled action; OR
   - ☐ Only the following convictions in the above-entitled action *(specify charges and date of conviction)*:

2. The court **DENIES** the petition for reduction of a felony to a misdemeanor under Penal Code section 17(b) and/or for reduction of a misdemeanor to an infraction under Penal Code section 17(d)(2) for:
   - ☐ ALL FELONY CONVICTIONS in the above-entitled action;
   - ☐ ALL MISDEMEANOR CONVICTIONS in the above-entitled action; OR
   - ☐ Only the following convictions in the above-entitled action *(specify charges and date of conviction)*:

3. The court **GRANTS** the petition for dismissal regarding the following convictions under Penal Code ☒ § 1203.4, or ☐ § 1203.4a, or ☐ § 1203.41, or ☐ § 1203.49, and it is ordered that the pleas, verdicts, or findings of guilt be set aside and vacated and a plea of not guilty be entered and that the complaint be, and is hereby, dismissed for:
   - ☒ ALL CONVICTIONS in the above-entitled action, or
   - ☐ Only the following convictions in the above-entitled action *(specify charges and date of conviction)*:

4. The court **DENIES** the petition for dismissal regarding the following convictions under Penal Code ☐ § 1203.4, or ☐ § 1203.4a, or ☐ § 1203.41, or ☐ § 1203.49 for:
   - ☐ ALL CONVICTIONS in the above-entitled action; or
   - ☐ Only the following convictions in the above-entitled action *(specify charges and date of conviction)*:

5. In granting this order under the provisions of Penal Code section 1203.49:
   a. The court finds that the petitioner was a victim of human trafficking when he or she committed the crime.
   b. ☐ The court orders the relief described in section 1203.4, or
      ☐ The court orders the relief described in section 1203.4, with the following exceptions *(specify)*:

Form Approved for Optional Use
Judicial Council of California
CR-181 [Rev. January 1, 2016]

ORDER FOR DISMISSAL

Penal Code, §§ 17(b), 17(d)(2), 1203.4, 1203.4a, 1203.41, and 1203.49
www.courts.ca.gov

CR-181

PEOPLE OF THE STATE OF CALIFORNIA v DEFENDANT:	CASE NUMBER:
DANIEL YITZHAK Simkin	3VY00230-01

6. If this order is granted under the provisions of Penal Code section 1203.4 or 1203.41:
   a. The petitioner is required to disclose the above conviction in response to any direct question contained in any questionnaire or application for public office, or for licensure by any state or local agency, or for contracting with the California State Lottery Commission.
   b. Dismissal of the conviction does not *automatically* relieve petitioner from the requirement to register as a sex offender. (See, e.g., Pen. Code, § 290.5.)

7. If the order is granted under the provisions of Penal Code section 1203.49, the Department of Justice is hereby notified that the petitioner was a victim of human trafficking when he or she committed the crime, and the relief ordered.

8. If the order is granted under the provisions of either Penal Code section 1203.4, 1203.4a, 1203.41, or 1203.49, the petitioner is released from all penalties and disabilities resulting from the offense except as provided in Penal Code sections 29800 and 29900 (formerly sections 12021 and 12021.1) and Vehicle Code section 13555. In any subsequent prosecution of the petitioner for any other offense, the prior conviction may be pleaded and proved and shall have the same effect as if probation had not been granted or the accusation or information dismissed. The dismissal does not permit a person to own, possess, or have in his or her control a firearm if prevented by Penal Code sections 29800 or 29900 (formerly sections 12021 and 12021.1). Dismissal of a conviction does not permit a person prohibited from holding public office as a result of that conviction to hold public office.

9. In addition, as required by Penal Code section 299(f), relief under Penal Code sections 17(b), 17(d)(2), 1203.4, 1203.4a, 1203.41, or 1203.49 does *not* release petitioner from the separate administrative duty to provide specimens, samples, or print impressions under the DNA and Forensic Identification Database and Data Bank Act (Pen. Code, § 295 et seq.) if petitioner was found guilty by a trier of fact, not guilty by reason of insanity, or pled no contest to a qualifying offense as defined in Penal Code section 296(a).

Hi Artiom,

Thank you for providing the documentation.

However, I was unable to find the attached documents for the following.

- Personal History application (Daniel Simkin) – need copies of any documents that identify the circumstances or contain an order, agreement, or other disposition. - supporting documents attached
- Also, if you can update page 6 and 7 of the Designated Rep application due to there is a Yes answer on Section 11 of the Pharmacy Application.

Can you please provide?

Thank you,

Olivia Mora

WARNING - This email originated from outside the State of Nevada. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good Morning Olivia,

Thank you for your patience.

Deficiency items:
1) Personal History application (Daniel Simkin) – need copies of any documents that identify the circumstances or contain an order, agreement, or other disposition. - The Personal History application is attached and the supporting documents are included in the document.

2) Designated Representative app pages 6 & 7 - none of these questions describe the PIC's reprimand. We can't put a "yes" on any of the questions.
The PIC's disciplinary reprimand falls under Section 11 of the Pharmacy Application but not to any questions from Designated Representative app pages 6 & 7

3) We would like to update our application to disclose recent action on the pharmacy's owner, Postmeds. Inc. Please see attached.
Thank you,

Thank you,

To clarify, the applicant, Women's International Pharmacy, Inc. located in **Youngtown, Arizona**, has no disciplinary history to report.

However, Women's International Pharmacy, Inc. also operates a pharmacy in Madison, Wisconsin and, out of an abundance of caution, we disclose the following information in response to Section 3: question 3 on the Pharmacy application submitted to add sterile compounding permissions to existing Nevada permit number PH01886 for Women's International Pharmacy, Inc. in Youngtown, AZ.

In 1995, Women's International Pharmacy, Inc. of **Madison, Wisconsin** ("Women 's-Wisconsin") entered into the attached Stipulation to resolve a disciplinary proceeding before the Wisconsin Pharmacy Examining Board. The Stipulation imposed certain limitations on Women's-Wisconsin's resident pharmacy license, however, those limitations were removed nineteen years ago, in 2004, after a showing of good cause. Women's-Wisconsin has operated under an unrestricted resident license since that time and without further discipline by any state board of pharmacy or federal authority. The Stipulation is attached for your reference.

STATE OF WISCONSIN
BEFORE THE PHARMACY EXAMINING BOARD

IN THE MATTER OF DISCIPLINARY PROCEEDINGS AGAINST WALLACE L. SIMONS, R.Ph., WOMEN'S INTERNATIONAL PHARMACY, INC. RESPONDENTS	:	STIPULATION 88 PHM 25, 90 PHM 70 90 PHM 70a, 94 PHM 66 94 PHM 111

It is hereby stipulated between the above Respondents and the undersigned prosecuting attorney for the Division of Enforcement of the Department of Regulation and Licensing, as follows:

1. This Stipulation is entered into as a result of a pending investigation of Respondents by the Division of Enforcement and a hearing in process. The parties consent to the resolution of the above files by agreement and without a conclusion of the ongoing hearing on the formal complaint which has been issued in this matter, or a hearing in 90 PHM 70a, and without any issuance of any other complaints in the other above-named investigations which have been opened with respect to these respondents. This agreement does not resolve the allegations of 95 PHM 25.

2. Respondents understand that by signing this Stipulation, respondents waive the following rights with respect to disciplinary proceedings: the right to a statement of the allegations against respondents; a right to a hearing at which time the State has the burden of proving those allegations; the right to confront and cross-examine the witnesses against respondents; the right to call witnesses on respondents' behalf and to compel attendance of witnesses by subpoena; the right to testify personally; the right to file objections to any proposed decision and to present briefs or oral arguments to the officials who are to render the final decision; the right to petition for rehearing; and all other applicable rights afforded to respondents under the United States Constitution, the Wisconsin Constitution, the Wisconsin Statutes, and the Wisconsin Administrative Code, except as expressly reserved elsewhere herein.

3. Respondents are aware of respondents' right to seek legal representation and have obtained legal advice before signing this Stipulation.

4. Respondents assure the Board that they have at all times complied with ¶A of the Order, and that they will make every effort to ensure that Genesis Systems Corporation complies with ¶F of the Order but they do not legally control Genesis. Respondents also deny and do not agree that any violations have been committed intentionally or otherwise, except those admitted in the Answer to the Complaint in 88 PHM 25/90 PHM 70, but agree to the adoption of the attached Final Decision and Order by the Board. The parties consent to the entry of the attached Final Decision and Order without further notice, pleading, appearance or consent of the parties. Respondent waives all rights to any appeal of the Board's order, if adopted in the form as attached.

5. If the terms of this Stipulation are not acceptable to the Board, the parties shall not be bound by the contents of this Stipulation or the proposed Final Decision and Order, and the matter shall be returned to the Division of Enforcement for further proceedings, including the resumption of the currently ongoing hearings. In the event that this Stipulation is not accepted by the Board, the parties agree not to contend that the Board has been prejudiced or biased in any manner by the consideration of this attempted resolution.

6. The parties agree that an attorney for the Division of Enforcement may appear before the Board, in open or closed session, without the presence of Respondents or Respondents' attorney, for the purposes of speaking in support of this agreement and answering questions that the members of the Board and its staff may have in connection with their deliberations on the case. Respondents have the option of appearing with the prosecuting attorney at all open or closed sessions, and any appearance shall be preceeded by timely notice.

7. The Board Advisor in this matter may participate freely in any deliberations of the Board regarding acceptance of this Stipulation and the proposed Final Order, and may relate to the Board any knowledge and views of the case acquired during the investigation, the panel session, the hearing and the settlement negotiations.

8. The Division of Enforcement joins respondents in recommending that the Board adopt this Stipulation and issue the attached Final Decision and Order.

9. Respondents are informed that should the Board adopt this stipulation, the board's final decision and order is a public record and will be published in the Monthly Disciplinary Report issued by the department. A summary of the order will be published in the Wisconsin Regulatory Digest issued semiannually by the Board. This is standard department procedure and in no way specially directed at respondents.

10. Respondents do not waive, and may pursue any rights to reimbursement for costs, attorneys' fees, or disbursements, from any state agency, and before any forum. Any such agency may defend such claims on any grounds available. This agreement also does not preclude respondents and their attorneys from pursuing any sanctions arising out of this hearing over which the Pharmacy Examining Board has no jurisdiction.

11. The Division and its prosecuting attorney assure respondents that there are no actual or tacit agreements or understandings with the FDA, DEA, or any other state or federal agency that after the entry of this Order, the FDA, DEA, or other agency will proceed against respondents in the Division's stead, i.e. the Division and its prosecuting attorney have no agreement or understanding with another agency to undermine the finality of this Stipulation and Final Decision and Order. Respondents understand that the FDA and DEA may be conducting their own investigations, and that to the extent that they or other agencies request the cooperation of the Division, such cooperation will be provided only in a manner similar to cooperation routinely provided in other cases.

12. Any patient records, without limit as to form, in any of the above-captioned files kept by the Department of Regulation & Licensing will be released under a public records request only in accordance with §146.82, Wis. Stats. The department will notify respondent of any requests to view or copy any of the file documents received from respondents upon receipt of the request, including the identity of the requestor if known, and at least 30 days before release of any records. This does not limit the department's obligation to comply with §19.35 et seq., Wis. Stats.

13. The parties agree that the wording "Reprinted for educational and promotional purposes..." is substantially similar to the wording set forth in ¶F of the Order.

BEFORE THE PHARMACY EXAMINING BOARD

IN THE MATTER OF DISCIPLINARY PROCEEDINGS AGAINST	:	FINAL DECISION AND ORDER
WALLACE L. SIMONS, R.Ph., WOMEN'S INTERNATIONAL PHARMACY, INC. RESPONDENTS	:	88 PHM 25, 90 PHM 70 90 PHM 70a, 94 PHM 66 94 PHM 111

The parties to this action for the purposes of §227.53, Wis. Stats., are:

Wallace L. Simons, R.Ph.
[redacted] Leyton Lane
Madison, WI 53713

Women's International Pharmacy, Inc.
5708 Monona Drive
Madison, WI 53716

Wisconsin Pharmacy Examining Board
P.O. Box 8935
Madison, WI 53708-8935

Department of Regulation and Licensing
Division of Enforcement
P.O. Box 8935
Madison, WI 53708-8935

The parties in this matter agree to the terms and conditions of the attached Stipulation as the final decision of this matter, subject to the approval of the Board. The Board has reviewed this Stipulation and considers it acceptable.

Accordingly, the Board in this matter adopts the attached Stipulation and makes the following:

FINDINGS OF FACT

1. Respondent Wallace L. Simons (dob 7/10/40) is and was at all times relevant to the facts set forth herein a registered pharmacist licensed in the State of Wisconsin pursuant to license #7258. At all times material, respondent Simons was the managing pharmacist of co-respondent Women's International Pharmacy, which was at all times relevant to the facts set forth herein a pharmacy licensed in the State of Wisconsin pursuant to license #7091.

2. The Respondents are charged in 88 PHM 25 and 90 PHM 70 with exceeding the legal limits for compounding and thus being manufacturers, of making certain recordkeeping errors with respect to controlled substances dispensed by them and their staff, and dispensing in a manner inconsistent with state law and the Food Drug & Cosmetic Act. Respondents deny all these allegations, but desire to settle this matter solely to avoid the expenses and uncertainties of litigation.

CONCLUSIONS OF LAW

3. The Wisconsin Pharmacy Examining Board has jurisdiction to act in this matter pursuant to §450.10, Wis. Stats. and is authorized to enter into the attached Stipulation pursuant to §227.44(5), Wis. Stats.

4. The Board concludes that respondents did in the past commit errors with respect to their dispensing of compounded testosterone prescriptions by failing to stamp some hard-copy prescriptions for controlled substances with a red "C" although they were combined with non-controlled substance records, failing to keep their hard copy prescription records in chronological order, and dispensing more than a 34 day supply at one time, all in violation of ch. Phar 8, Wis. Adm. Code. The Board has no evidence that such violations continued after June, 1993, when respondents adopted a new recordkeeping system.

5. The Board concludes that routinely dispensing large quantities of compounded drug products to practitioners (except as permitted in this Order) and respondents' providing compounded drug products to Health Pharmacies, Inc. in 1992-93, is not compounding for dispensing to a patient.

6. The Board concludes that if Women's International Pharmacy complies with this Final Decision and Order, its actions to be undertaken under this Order will be in conformance with applicable state and local laws regulating the practice of pharmacy, that it will be regularly engaged in dispensing prescription drugs upon the prescriptions of practitioners licensed to administer such drugs to patients under their care in the course of their professional practice, and that it will not be manufacturing under §450.01(13), Wis. Stats.

ORDER

NOW, THEREFORE, IT IS HEREBY ORDERED, that the attached Stipulation is accepted.

IT IS FURTHER ORDERED, that respondents are REPRIMANDED for their actions described in ¶4, above.

IT IS FURTHER ORDERED, that the licenses of Wallace L. Simons, R.Ph., to practice pharmacy, and of Women's International Pharmacy to be a pharmacy are LIMITED in that all compounding performed by either is limited to the following:

A. No compounded drug or drug product shall be dispensed unless all active ingredients are legally obtainable in the United States and of USP or equivalent grade and all inactive ingredients are either food grade or customarily used in the profession.

B. No prescription drug shall be dispensed except directly to a patient in the pharmacy or delivered to a patient's home by an agent of the pharmacist, including a common carrier or the US Postal Service, or pursuant to this Order.

C. No compounded drug product shall be delivered, dispensed, or otherwise transferred to another pharmacy for dispensing to a patient unless respondent has informed that pharmacy that the portion of the medication container label showing the name, address and telephone number of Women's International Pharmacy must appear on the medication container dispensed to the patient, and Women's International Pharmacy makes and documents direct telephone contact with each patient to provide a consultation.

D. No substance shall be delivered, dispensed, or otherwise transferred to a practitioner's office more than once unless the practitioner certifies in writing that in-office administration of the substance to the practitioner's patients is medically necessary, and the quantities of such substance are reasonable under the circumstances to provide only that amount of product which will carry the patient from the time the practitioner administers the drug until a prescription can be presented to, and dispensed by, a pharmacy for that patient. In the absence of other evidence, such a period of time shall be presumed to be ten calendar days. The form of such certification shall be approved by the Board or its designee, which approval shall not be unreasonably withheld. The amount, if any, to be charged by respondents for the above permitted transfer of office supplies is within respondents' discretion. Except as permitted above, respondents shall not provide any "office samples" or other free or reduced-price products to practitioners. Records of office supplies provided to practitioners shall be clearly distinguishable from prescription dispensing records, and shall be readily retrievable and verifiable.

E. Respondents shall compound only the number or quantity of medication called for by the initial-fill quantities stated on the prescriptions respondents have actually received at the time the compounding is commenced, or on the basis of prescriptions respondents have received in the past 30 days. Respondents may, in the case of capsules, round that number up to the number of capsules held by the pharmacy's equipment. Respondents shall not accept, compound or dispense two or more prescriptions for the same formula to the same patient at the same time, in an effort to evade the limitations of this paragraph. All drug products shall be dispensed and labeled with "beyond use" dates of six months from the date of compounding or 25% of the time before the expiration date of any component used in the compounding, whichever is nearer: any medication which will not be so used shall be discarded. Respondents may use any other beyond-use date which can be supported by reasonable stability testing.

F. Respondents shall not provide reprints, articles or other printed materials purporting to state that the active ingredients in respondents' products, or formulae similar to those used by respondents, are safe or effective unless those articles were published in refereed journals. Respondents shall not promote directly or through Genesis Systems Corporation or another, any particular formula or dosage of any drug or drug product which they compound, and shall advise and counsel Genesis Systems Corporation not to so promote. Upon request, respondents shall submit all promotional and informational materials in use at that time (and for the year preceeding the request) to the Board for review by the Board or its designee. Such submission is for informational purposes only. All material intended to be sent to practitioners or patients shall bear the date of printing after 12/1/95. All reprints of articles or similar materials shall bear the disclaimer: "Reprinted for promotional purposes by Genesis Systems Corporation for Women's International Pharmacy" or similar wording, after 12/1/95.

G. Respondents shall provide to any requesting licensed pharmacy (or pharmacist) which a patient desires to use with respondents' complete ingredient list and formula for any prescription which it has compounded for that patient, and shall make no statement concerning price, difficulty, or other issue which could reasonably be interpreted as an attempt to discourage the patient-selected pharmacy or pharmacist from compounding the prescription. If, in the course of transmitting all information necessary to truthfully describe the compounding process, respondents accurately apprise the pharmacy or pharmacist of the complexity of the process, such a statement does not violate this paragraph.

H. All products containing progesterone or any estrogen shall contain a Patient Package Insert containing all FDA-required content no later than August 1, 1995. If, for reasons beyond respondents' control, the PPI cannot be made ready by this date, a reasonable extension shall be granted.

J. Third party claims submitted by respondent may include the NDC numbers of the active ingredients if the claim processor has been informed that the product was compounded, that the NDC numbers refer only to the ingredients and not to the final product, and the processor has consented to the claim being filed in such fashion.

IT IS FURTHER ORDERED, that in 94 PHM 66, a distributor license shall be granted to respondents upon updating the application to answer all questions with currently accurate and complete information.

IT IS FURTHER ORDERED that the complaints in 88 PHM 25, 90 PHM 70, and 90 PHM 70a is DISMISSED and will not be reopened as long as the parties comply with this Stipulation and Final Decision and Order.

IT IS FURTHER ORDERED that 94 PHM 111 is CLOSED without disciplinary action.

IT IS FURTHER ORDERED, that the settlement agreement incorporated into this Order is binding upon respondents and their successors, and upon the Department of Regulation & Licensing and Pharmacy Examining Board and their successors, but without prejudice to the right of the legislature or Board to adopt statutory and administrative rules which may modify or change public policy as to future actions by licensees.

Dated this 16 day of August, 1995.

WISCONSIN PHARMACY EXAMINING BOARD

STATE OF WISCONSIN
BEFORE THE PHARMACY EXAMINING BOARD

IN THE MATTER OF DISCIPLINARY PROCEEDINGS AGAINST	:	
WALLACE L. SIMONS, R.Ph.,	:	ORDER REMOVING LIMITATIONS
WOMEN'S INTERNATIONAL PHARMACY, INC., RESPONDENTS.	:	Case Nos. LS 9312291 PHM LS 9405231 PHM

PARTIES

The parties in this matter under section 227.44 of the Statutes and section RL 2.037 of the Wisconsin Administrative Code, and for purposes of review under sec. 227.53, Stats. are:

Disciplinary Authority:
Pharmacy Examining Board
1400 East Washington Ave.
Madison, WI 53703

The board and the division are represented by:

Division of Enforcement
Department of Regulation and Licensing
1400 E. Washington Ave.
Madison, WI 53703

Complainant:
Division of Enforcement
Department of Regulation and Licensing
Madison, WI 53708-8935

Respondents:
Wallace L. Simons, R.Ph.
[redacted] East Dalea Drive
P.O. Box [redacted]
Carefree, AZ 85377

The respondents are represented by:
Nia Enemuoh Trammell
Michael Best & Friedrich, LLP
One South Pinckney St.
Suite 700
Madison, WI 53703

Women's International Pharmacy, Inc.
2 Marsh Ct.
Madison, WI 53718

Howard M. Hoffman
Duane Morris
227 West Monroe St.
Suite 3400
Chicago, IL 60606

On October 13, 2004, the Wisconsin Pharmacy Examining Board reviewed the respondents' petition dated August 5, 2004, requesting that the removal of the limitations in paragraphs A

through J, inclusive, from the board's Final Decision and Order, dated August 16, 1995, case numbers LS 9312291 PHM and LS 9405231 PHM

Based upon the Board's review of the petition and good cause appearing therefore:

IT IS THEREFORE ORDERED: That the limitations in paragraphs A through J, inclusive, of the board's Final Decision and Order, dated August 16, 1995, case numbers LS 9312291 PHM and LS 9405231 PHM, be REMOVED. Wallace L. Simons, license number 7258, is hereby restored to the unlimited practice of pharmacy in the state of Wisconsin, with all right, title and privilege appurtenant thereto. Women's International Pharmacy, license number 7091, is hereby restored to the unlimited practice of pharmacy in the state of Wisconsin, with all right, title and privilege appurtenant thereto.

Sterile Compounding Questionnaire

Rev (08/02/2022)

This application cannot be returned by fax or email.
We must have an original signature to process.

Approval of this completed questionnaire is required for an existing pharmacy, new pharmacy and/or out-sourcing facility applicant who wish to engage in preparing, compounding, dispensing, and furnishing sterile compounded products to Nevada patients or consumers.

Please provide a thorough response to the questions below and provide any necessary supporting documents.
-For a new pharmacy or out-sourcing facility applicant, submit this completed form with your application.
-For an existing pharmacy, send the completed form to the address indicated above.

Section 1: General Information

Pharmacy Name: Women's International Pharmacy

NV Pharmacy or Outsourcing facility license # (if applicable): PH01886

Physical Address: 12012 N 111th Ave

City: Youngtown State: AZ Zip: 85363

Mailing Address (if different from physical address): _____

City: _____ State: _____ Zip: _____

Telephone: 623-214-7700 Toll Free # (NAC 639.708, NRS 639.23286): 800-699-8143

Fax: 800-330-0268 Contact Email: smogen@womensinternational.com

Website: www.womensinternational.com

Nevada Business License # (if applicable) _____

Supervising/Managing Pharmacist Name (NRS 639.220): Susan Mogen

Supervising/Managing Pharmacist NV Pharmacist Registration #: 21052

Name of Person with direct knowledge of compounding procedures: Susan Mogen, RPh PIC

Email of Person with direct knowledge of compounding procedures: smogen@womensinternational.com

Telephone of Person with direct knowledge of compounding procedures: 623-214-7700 x 1531 or 800-699-8143

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)? ☐ Low ☐ Medium ■ High
If you marked "High", you must also complete section 4.

2. Will you be performing sterile hazardous drug compounding? ■ Yes ☐ No
If you marked "Yes", you must also complete section 3.

3. List the sterile compounded products that you will be compounding for Nevada patients or consumers:
See attachment 1

4. Will you be utilizing beyond use dates in excess of USP-797? ■ Yes ☐ No

5. If yes, describe the additional testing performed on your products to validate the extended BUD:
Stability testing that includes API potency, particulate matter, appearance, pH (if applicable), endotoxin, assay for preservative, container closure, sterility, and AET testing at every timepoint. Timepoints include T0, T30, T60, T90, T120.

6. What laboratory performs this additional testing?
Name: ARL BioPharma
Address: 840 Research Pkwy #546
City: Oklahoma City State: OK Zip: 73104
Telephone: 405-271-1144

7. What is your procedure for visual inspection of compounded sterile products?
Every vial of every batch is visually inspected by qualified quality personnel only. Must meet an acceptance criteria to move forward with release.

8. How often do you perform glove fingertip and medial fill testing?
Quarterly

9. What is your policy if an employee fails a glove fingertip or media-fill test?
If an operator has failed the media fill it must be repeated entirely. Media fill failures must be investigated by the quality unit and may result in operator retraining or disqualification at the discretion of the quality unit and the PIC. Organisms must be identified to the species level.

10. Describe your initial and annual training program for all personnel performing sterile compounding:
Initial:
Read and understand SOP's, hands on training, aseptic technique competency, media fill, garb Qualification, cleaning competency.

Annual:
Potency testing, hazardous communication training, cleaning competency.

11. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:
Cleaners used: Peridox RTU, Sterile 70% IPA, Steri-Perox 6%.
Daily AM: PECs, powderhoods, scales, tabletops, repeater pumps, carts, passthroughs, hot plates, sinks - PeridoxRTU followed by sIPA wipe.
Daily PM: PECs, powderhoods - PeridoxRTU followed by sIPA wipe.
Daily PM: scales, tabletops, repeater pumps, carts, passthroughs, hot plates, sinks. - Steri-perox 6% follwed by sIPA wipe.
Weekly PM: PECs, passthroughs, sinks, hot plates, floors, powderhood, carts, tabletops, scales, trash cans, repeater pumps - PeridoxRTU followed by sIPA wipe.
Monthly PM: Entire room ceiling, walls to floors and everything in the room - PeridoxRTU followed by sIPA wipe.

12. Who performs the sterile compounding process at your facility?
Sterile compounding technicians, sterile compounding Pharmacist.

13. Who is responsible and accountable for the sterile compounding process at your facility?
Sterile Compounding Manager- Matt Thorpe, Rph
Pharmacist in Charge- Susan Mogen, Rph

14. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?
Room temperature, Refrigerated, Frozen.

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)		
1. What type of primary engineering controls will you be using in your facility? Biological safety cabinets, Laminar airflow workbench, Powder containment hoods.		
2. Is your BSC or CACI vented 100% to the outside?	■ Yes	☐ No
3. Do you have a negative pressure buffer room at your facility?	■ Yes	☐ No
4. Will you be compounding with antineoplastic HDs or HD API?	■ Yes	☐ No
5. If yes, are the drugs stored in an externally ventilated, negative pressure room?	■ Yes	☐ No
6. Will you be utilizing a closed system transfer device?	☐ Yes	■ No
7. If yes, list the name of the device: N/A		
8. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers? HAZARDOUS DRUG: Observe special handling and disposal requirements. Do not flush down a toilet or pour down a drain. Check with your pharmacist if you have any questions about the best way to dispose of medications. There may be a drug take-back program in your area. If an overdose is suspected contact your local poison control center at 1-800-222-1222 or go to the nearest emergency room.		
9. Describe your initial process for training new employees prior to compounding sterile hazardous drugs? Hazardous communication training (Safety procedures and hazardous communication SOP), USP <800> powerpoint training.		

Section 4: Sterile High Risk Compounding Questions (Complete this section ONLY if you will be performing High Risk Compounding.)

1. List the specific high risk sterile products that your facility compounds:

See attachment 1

2. What sterilization methods are utilized at your facility?

Sterilization via filtration.

3. Does your facility utilize biological indicators? ■ Yes ☐ No

4. If yes, describe how they are utilized:

A biological indicator must be placed in the coldest part of the chamber (based on temperature mapping) and run with every autoclave cycle load. The BI serves as an additional challenge to the sterilization process. A positive control will be placed in the incubator once daily.

I certify under penalty of perjury that the information contained in this form is accurate, true and complete in all material respects. I understand that making any false representation in this form is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire form and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event the form is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Important Information

LICENSE HOLDER (pharmacist, intern, technician, technician-trainee)

- Holder of this license number, printed above, is authorized in accordance with A.A.C. R4-23-201(A), A.A.C. R4-23-301(A) or A.A.C R4-23-1101(A), to perform the duties associated within their profession. By holding this license, the licensee agrees to comply with state & federal law.
- You are required by law to notify the Board of any home address and/or employment change within 10 business days

PERMIT HOLDER (pharmacy, non-prescription retailer (OTC), wholesale, manufacture, CMG, DME)

- Holder of this permit number, printed above, is authorized to conduct business according to the classification specified in A.R.S. § 32-1908(A); A.A.C. R4-23-601 and A.A.C. R4-23-607. By holding this permit, the permittee agrees to comply with state & federal law
- In-state pharmacy, wholesaler & manufacture permit holder(s) who plan to remodel or move locations, must submit a change-of-location/remodel form within 30 days prior to move/remodel. In-state non-prescription (OTC), compressed medical gas (CMG) & DME providers who plan to move locations must notify the board within 10 business days of move.
- Out-of-State permit holders must notify the Board of location changes, in writing, within 10 business days of move. A revised copy of your state permit shall be submitted to the Board, when available.
- Permits are non-transferable. Ownership changes of more than 30% require that a new application be submitted to the Board.

Sterile Compounding Questionnaire

Rev (08/02/2022)

This application cannot be returned by fax or email.
We must have an original signature to process.

Approval of this completed questionnaire is required for an existing pharmacy, new pharmacy and/or out-sourcing facility applicant who wish to engage in preparing, compounding, dispensing, and furnishing sterile compounded products to Nevada patients or consumers.

Please provide a thorough response to the questions below and provide any necessary supporting documents.
-For a new pharmacy or out-sourcing facility applicant, submit this completed form with your application.
-For an existing pharmacy, send the completed form to the address indicated above.

Section 1: General Information

Pharmacy Name: Women's International Pharmacy

NV Pharmacy or Outsourcing facility license # (if applicable): PH01886

Physical Address: 12012 N 111th Ave

City: Youngtown State: AZ Zip: 85363

Mailing Address (if different from physical address):

City: State: Zip:

Telephone: 623-214-7700 Toll Free # (NAC 639.708, NRS 639.23286): 800-699-8143

Fax: 800-330-0268 Contact Email: smogen@womensinternational.com

Website: www.womensinternational.com

Nevada Business License # (if applicable)

Supervising/Managing Pharmacist Name (NRS 639.220): Susan Mogen

Supervising/Managing Pharmacist NV Pharmacist Registration #: 21052

Name of Person with direct knowledge of compounding procedures: Susan Mogen, RPh PIC

Email of Person with direct knowledge of compounding procedures: smogen@womensinternational.com

Telephone of Person with direct knowledge of compounding procedures: 623-214-7700 x 1531 or 800-699-8143

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)? ☐ Low ☐ Medium ■ High
If you marked "High", you must also complete section 4.

2. Will you be performing sterile hazardous drug compounding? ■ Yes ☐ No
If you marked "Yes", you must also complete section 3.

3. List the sterile compounded products that you will be compounding for Nevada patients or consumers:
See attachment 1

4. Will you be utilizing beyond use dates in excess of USP-797? ■ Yes ☐ No

5. If yes, describe the additional testing performed on your products to validate the extended BUD:
Stability testing that includes API potency, particulate matter, appearance, pH (if applicable), endotoxin, assay for preservative, container closure, sterility, and AET testing at every timepoint. Timepoints include T0, T30, T60, T90, T120.

6. What laboratory performs this additional testing?
Name: ARL BioPharma
Address: 840 Research Pkwy #546
City: Oklahoma City State: OK Zip: 73104
Telephone: 405-271-1144

7. What is your procedure for visual inspection of compounded sterile products?
Every vial of every batch is visually inspected by qualified quality personnel only. Must meet an acceptance criteria to move forward with release.

8. How often do you perform glove fingertip and medial fill testing?
Quarterly

9. What is your policy if an employee fails a glove fingertip or media-fill test?
If an operator has failed the media fill it must be repeated entirely. Media fill failures must be investigated by the quality unit and may result in operator retraining or disqualification at the discretion of the quality unit and the PIC. Organisms must be identified to the species level.

10. Describe your initial and annual training program for all personnel performing sterile compounding:
Initial:
Read and understand SOP's, hands on training, aseptic technique competency, media fill, garb Qualification, cleaning competency.

Annual:
Potency testing, hazardous communication training, cleaning competency.

11. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:
Cleaners used: Peridox RTU, Sterile 70% IPA, Steri-Perox 6%.
Daily AM: PECs, powderhoods, scales, tabletops, repeater pumps, carts, passthroughs, hot plates, sinks - PeridoxRTU followed by sIPA wipe.
Daily PM: PECs, powderhoods - PeridoxRTU followed by sIPA wipe.
Daily PM: scales, tabletops, repeater pumps, carts, passthroughs, hot plates, sinks. - Steri-perox 6% follwed by sIPA wipe.
Weekly PM: PECs, passthroughs, sinks, hot plates, floors, powderhood, carts, tabletops, scales, trash cans, repeater pumps - PeridoxRTU followed by sIPA wipe.
Monthly PM: Entire room ceiling, walls to floors and everything in the room - PeridoxRTU followed by sIPA wipe.

12. Who performs the sterile compounding process at your facility?
Sterile compounding technicians, sterile compounding Pharmacist.

13. Who is responsible and accountable for the sterile compounding process at your facility?
Sterile Compounding Manager- Matt Thorpe, Rph
Pharmacist in Charge- Susan Mogen, Rph

14. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?
Room temperature, Refrigerated, Frozen.

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)		
1. What type of primary engineering controls will you be using in your facility? Biological safety cabinets, Laminar airflow workbench, Powder containment hoods.		
2. Is your BSC or CACI vented 100% to the outside?	■ Yes	☐ No
3. Do you have a negative pressure buffer room at your facility?	■ Yes	☐ No
4. Will you be compounding with antineoplastic HDs or HD API?	■ Yes	☐ No
5. If yes, are the drugs stored in an externally ventilated, negative pressure room?	■ Yes	☐ No
6. Will you be utilizing a closed system transfer device?	☐ Yes	■ No
7. If yes, list the name of the device: N/A		
8. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers? HAZARDOUS DRUG: Observe special handling and disposal requirements. Do not flush down a toilet or pour down a drain. Check with your pharmacist if you have any questions about the best way to dispose of medications. There may be a drug take-back program in your area. If an overdose is suspected contact your local poison control center at 1-800-222-1222 or go to the nearest emergency room.		
9. Describe your initial process for training new employees prior to compounding sterile hazardous drugs? Hazardous communication training (Safety procedures and hazardous communication SOP), USP <800> powerpoint training.		

Section 4: Sterile High Risk Compounding Questions (Complete this section ONLY if you will be performing High Risk Compounding.)

1. List the specific high risk sterile products that your facility compounds:
See attachment 1

2. What sterilization methods are utilized at your facility?
Sterilization via filtration.

3. Does your facility utilize biological indicators? ■ Yes ☐ No

4. If yes, describe how they are utilized:
A biological indicator must be placed in the coldest part of the chamber (based on temperature mapping) and run with every autoclave cycle load. The BI serves as an additional challenge to the sterilization process. A positive control will be placed in the incubator once daily.

I certify under penalty of perjury that the information contained in this form is accurate, true and complete in all material respects. I understand that making any false representation in this form is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire form and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event the form is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

- **Your license must be available for inspections during business hours.**
- **Permit holder(s) must display permit in the location to which it is issued.**
- **Please note it is your responsibility to keep this license/permit current.**

Important Information

LICENSE HOLDER (pharmacist, intern, technician, technician-trainee)

- Holder of this license number, printed above, is authorized in accordance with A.A.C. R4-23-201(A), A.A.C. R4-23-301(A) or A.A.C R4-23-1101(A), to perform the duties associated within their profession. By holding this license, the licensee agrees to comply with state & federal law.
- You are required by law to notify the Board of any home address and/or employment change within 10 business days

PERMIT HOLDER (pharmacy, non-prescription retailer (OTC), wholesale, manufacture, CMG, DME)

- Holder of this permit number, printed above, is authorized to conduct business according to the classification specified in A.R.S. § 32-1908(A); A.A.C. R4-23-601 and A.A.C. R4-23-607. By holding this permit, the permittee agrees to comply with state & federal law
- In-state pharmacy, wholesaler & manufacture permit holder(s) who plan to remodel or move locations, must submit a change-of-location/remodel form within 30 days prior to move/remodel. In-state non-prescription (OTC), compressed medical gas (CMG) & DME providers who plan to move locations must notify the board within 10 business days of move.
- Out-of-State permit holders must notify the Board of location changes, in writing, within 10 business days of move. A revised copy of your state permit shall be submitted to the Board, when available.
- Permits are non-transferable. Ownership changes of more than 30% require that a new application be submitted to the Board.

Verified Pharmacy Program® Inspection Form

General Pharmacy Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
24.00	Has the pharmacy been inspected by the FDA? *If yes, indicate the inspection date and note any deficiencies, significant correspondence, or if a "483" was issued and date, and response and date. Also note how frequently the pharmacy is inspected by the FDA.*	No	Was visited by the FDA in 2014. No 483.
25.00	Does the pharmacy hold any accreditations or certifications? *If yes, indicate which and select most recent date of survey.*	No	Per PIC Mogen
26.00	Has the pharmacy held any accreditations or certifications in the past that they no longer hold? *Provide a list and the reasons for such.*	Yes	PCAB was relinquished voluntarily to obtain NABP Compounding Accreditation.
27.00	Does the pharmacy perform patient lab testing such as blood glucose tests, cholesterol tests, etc? *Verify that the lab director is current (usually the PIC is the lab director named). If yes, record the Clinical Laboratory Improvement Amendments (CLIA) waiver information, expiration date, and the name of lab director listed.*	No	Per PIC Mogen
28.00	Does the pharmacy maintain all required records, including but not limited to prescription files and invoices on site? *Record how long records are kept. If not on site, where?*	Yes	Onsite for 8 years and then shredded.
28.01	Are written and verbal prescriptions (reduced to writing) kept on site for the entire retention period? *If not, explain including how and they are stored on site?*	Yes	Onsite for 8 years and then shredded.
28.02	Are electronic prescriptions (such as fax, e-scripts) kept on site for the entire retention period? *Describe how they are kept (electronically or printed and kept in hard copy).*	Yes	E-scripts for controls are printed out. Non-control e-scripts are maintained electronically. All paper records are maintained for 8 years. Electronic records are indefinitely maintained at the present time.
28.03	Are all dispensing records (such as refills, verifications, DUR overrides) kept on site for the entire retention period? *Describe how they are kept (electronically or printed and kept in hard copy).*	Yes	Maintained electronically
28.04	Are there systems in place to prevent a pharmacy record from being deleted after the prescription has been dispensed? *Describe how they are kept (electronically or printed and kept in hard copy).*	No	Can inactive a prescription but cannot delete a prescription in LifeFile.

General Pharmacy Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
28.05	If record are stored off site are they secure in a HIPAA compliant manner and readily retrievable?	N/A	No off site storage.
29.00	Is there a statement in the P&P, or are other means used to ensure that the most stringent laws/regulations are followed? *Describe system details.*	N/A	Stated in P&Ps and most stringent laws/rules are loaded into the LifeFile system.
	Personnel **If any part of a question is no, enter "No" and explain the observation.**		
30.00	Are all pharmacist, pharmacy intern, and pharmacy technician (if applicable) licenses or registrations with the board current and in good standing? *Describe how this is documented.*	Yes	PIC Mogen conducts primary source verification on a quarterly basis.
31.00	Is there a process for periodic verification of validity of licenses? *Describe the process.*	Yes	PIC Mogen conducts primary source verification on a quarterly basis.
32.00	If pharmacists are providing patient services that require additional training or certification, are they appropriately trained and certified? *(Immunization, CPR, MTM, etc.). Mark NA if no patient services that require additional training/certification.* *If yes, list certifications and if current?*	N/A	Per PIC Mogen
33.00	Does the pharmacy maintain the proper technician-to-pharmacist ratio? *Mark N/A if not required by resident state.* *Indicate ratio used and the maximum number of staff who were at the store time.*	N/A	AZ no longer has a pharmacist to tech ratio per Ms Larson.
	Facility and Security **If any part of a question is no, enter "No" and explain the observation.**		
34.00	Does the pharmacy have a working security/alarm system in place? *If yes, describe.*	Yes	Standard alarm system that includes motion detectors, glass breakage, door contacts and cameras.
35.00	Are Schedule II controlled substances secured in a locked cabinet or safe? *If not, describe how controlled substances are secured or stored.*	N/A	Pharmacy does not stock or dispense C-IIs.
36.00	Are there contingency plans in the event the pharmacy cannot be secured? *Describe how the drug products will be secured and handled.*	Yes	Pharmacists would maintain the security of the drugs until they could be moved to a secure location.
37.00	Is the pharmacy clean and sanitary, and is there appropriate space for the prescription volume? *Look for clutter, or crowded counters or stacks of prescriptions to be checked.* *If no, document with photo.*	Yes

Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
37.01	Is the working area well lit and free of tripping hazards? *If no, document with photo*	Yes	
37.02	Is there a sink with hot and cold running water?	Yes	
37.03	If the pharmacy destroys prescription products on site (such as expired, damaged, recalled, etc), do they appropriately document the destruction? *View destruction logs. Mark NA if no destruction on site*	N/A	No destruction onsite
37.04	Does the pharmacy return prescription products to the manufacturer, distributor, or send to a reverse distributor for destruction? *If yes, indicate name of reverse distributor used*	Yes	123 Compliant Logistic is the reverse distributor.
37.05	Does the pharmacy have a hazardous waste handling and collection system? For example, empty bottles that contained chemotherapy medications or warfarin, or hazardous drug compounding waste. *If yes, indicate how often the bin is emptied/collected and the vendor used*	No	Disposed of in regular trash.
38.00	Does the pharmacy have a private area for patient counseling and providing patient services? *Describe*	Yes	Private conference room as you enter the pharmacy.
39.00	Is temperature in the drug storage area maintained to provide controlled room temperature of 20° to 25°C (68° to 77 °F), or more restrictive if warranted by specific drug product storage requirements? *Describe. Record the temperature at the time of inspection*	Yes	Alarm settings are a low of 68 degrees F and a high of 77 degrees F. Temperature at time of inspection was 69.79 degrees F.
39.01	Is temperature monitoring in place to detect any excursions (24/7) by continuous monitoring or retroactive detection using min/max? Temperature records are maintained. *If yes, describe the process*	Yes	Continuous monitoring by enteliWEB.
39.02	Are excursion action plans in place including evaluating excursion effects on drug product integrity?	Yes	
40.00	Are the refrigerator and freezer restricted to drug products only (no food)?	Yes	
41.00	Does the pharmacy have a process for how the refrigerator temperature is monitored for excursions 24/7? *If yes, describe the process. Indicate range. How are excursions alerted? How long are records maintained?*	Yes	Alarm settings are a low of 2 degrees C and a high of 8 degrees C.

Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
41.01	Is the temperature in the refrigerator within the USP range (2°-8°C or 36°-46 °F) or as specified by FDA approved labeling for drug product storage? *Record the temperature of the refrigerator at the time of inspection.*	Yes	3.15 degrees C at time of inspection.
42.00	Does the pharmacy have a process for how the freezer temperature is monitored for excursions 24/7? *If yes, describe the process. Indicate range. How are excursions detected? How long are records maintained?*	N/A	No frozen items in general pharmacy.
42.01	Is the temperature in the freezer within the USP range (between −25° to −10°C or −13° to 14 °F) or as specified by FDA approved labeling for drug product storage? *Record the temperature of the freezer at the time of inspection.*	N/A	
43.00	Are there contingency plans in the event of power outage or refrigerator/freezer failure? *Describe process.*	Yes	No back-up power. In process of looking to purchase a generator per PIC Mogen.
44.00	Are there contingency plans in the event of heating or air conditioning failure? *Describe processes.*	Yes	In process of securing a maintenance contract per PIC Mogen.
45.00	Is there a plan of action if there are any temperature or humidity excursions to determine if the integrity of the products has been compromised?	Yes	Quality and pharmacists would conduct a product assessment of each item.
46.00	Does the pharmacy utilize any automated apparatuses for prescription processing/counting (such as robotics, Baker cells, etc)? *List numbers and types.*	No	
46.01	If yes, do they have and follow policies and procedures addressing cross-contamination and identification of drug products?	N/A	
	Product Receipt and Inventory **If any part of a question is no, enter "No" and explain the observation.**		
47.00	Does the pharmacy have a documented process for establishing sources (vendors) of prescription drugs? *Describe.*	Yes	This is a corporate function.
47.01	Does the pharmacy purchase all prescription drugs directly from the manufacturer?	No	
47.02	Does the pharmacy purchase (obtain) prescription drugs from other pharmacies? *If yes, list pharmacy source information and circumstances leading to the purchase.*	No	Per PIC Mogen

Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
47.03	Does the pharmacy purchase (obtain) prescription drugs from wholesale distributors (non-manufacturer sources)? *(or non-manufacturer sources)*	Yes	ABC and Anda.
47.04	Does the pharmacy require wholesale distributor sources to purchase prescription drugs directly from the manufacturer? *If yes, how is this verified?*	Unknown	This is a corporate function.
47.05	Does the pharmacy purchase drugs from wholesale distributors that purchased the drug from other wholesale distributors? *If yes, describe the due diligence steps to determine the source's legitimacy and legitimacy of the drugs sold by the vendor. (For instance, does the pharmacy examine transaction histories and limit the number of movements of drugs between wholesale distributors and look for diversions in the supply chain?)*	Unknown	This is a corporate function.
47.06	Does the pharmacy determine that all sources listed on transaction histories have requisite state licensing? *If yes, describe the process.*	No	Corporate function
47.07	Does the pharmacy determine that all sources listed on transaction histories have reported to FDA's Wholesale Distributor database? *If yes, describe the process.*	No	Corporate function
47.08	Does the pharmacy have a process to handle suspect and illegitimate product investigations? *If yes, describe the process.*	Yes	The item would be quarantined and Quality would conduct an investigation.
47.09	Has the pharmacy conducted any suspect or illegitimate product investigations? *If yes, describe the details, including the drug, circumstances, outcome, and identification of agencies to whom reported.*	No	Per Ms Larson
47.10	Does the pharmacy ensure transaction data (transaction history, transaction information, transaction statement, also known as 3T data) is received at the same time or before the product is received? *I assume to all purchases to determine if the pharmacy is receiving and maintaining 3T data for a minimum of 6 years.*	No	Corporate function
47.11	Does the pharmacy have a procedure to verify product (suspect or illegitimate) including quarantine of product and reporting?	Yes	Per Ms Larson
48.00	Does the pharmacy utilize paper DEA-222 forms to procure Schedule II substances? *If yes, how are they secured? Who has the authority (Power of Attorney) to sign the DEA 222 forms?*	N/A	No C-IIs
49.00	Does the pharmacy utilize CSOS (electronic Schedule II ordering) to procure Schedule II substances? *If yes, who is signing orders in CSOS?*	N/A	No C-IIs

e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
50.00	Is the receipt of Schedule II orders documented appropriately? *DEA-222 has the quantity and date on each line of product received, the CSOS record (electronic or paper printout) indicates verification of receipt and staff performing verification.*	N/A	No C-IIs
51.00	Are invoices for controlled substances (Schedules I-V) that are received filed separately and are the invoices signed/initialed and dated upon receipt and every item checked in?	Yes	
52.00	Are all orders received when the pharmacy is open? *Verify the orders are brought directly to the pharmacy still sealed and not delivered before the pharmacy is open.*	Yes	Per PIC Mogen
53.00	Does the pharmacy purchase any compounded products from other entities for dispensing to patients? *If so, describe which products and from where they are purchased (plant name and license of other entity).*	No	Per PIC Mogen
54.00	Does the pharmacy have a system in place to track prescription drug products in order to detect diversion or theft? *Describe (for example, inventory of drugs, audit trail used, perpetual inventory in computer, etc.).*	Yes	Perpetual inventory of all items.
54.01	Are incidents of diversion or resignation/termination of personnel for cause reported? *Indicate agencies (law enforcement to whom reports are made).*	Yes	No diversion but would contact the local authorities and notify the AZ Board of Pharmacy.
55.00	Does the pharmacy keep a perpetual inventory log of all Schedule II controlled substances (including APIs, if applicable)?	N/A	No C-IIs
56.00	Is the Schedule II perpetual inventory log reconciled regularly? *Indicate how often the Schedule II controlled substances are counted. View the perpetual log and verify that reconciliation is taking place.*	N/A	No C-IIs
57.00	Is the most recent complete controlled substances inventory available for review? *Indicate the date of the last inventory and frequency taken (minimum every two years).*	Yes	Last inventory on 5/1/2023 and inventory is taken annually.
57.01	Does the pharmacy maintain other required inventories (such as change in PIC, theft/loss, etc)?	Yes	
58.00	Does the pharmacy stock and sell OTC pseudoephedrine (and/or ephedrine) products? If yes, indicate if the sale is recorded electronically or manually in a logbook.	No	Per PIC Mogen
58.01	Are these products mailed, sent, or delivered into other states? *View logs. If yes, list the other states.*	N/A

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
59.00	Does the pharmacy stock and sell other OTC restricted products for which ID is required and a log kept of the sale? *If yes, indicate product types*	No	Per PIC Mogen
59.01	Are these products mailed, sent, or delivered into other states? *View logs. If yes, list the other states*	N/A	
60.00	Are outdated, damaged, or recalled products segregated? *If yes, how often does the pharmacy check for out-of-date products? Does it include OTC products?*	Yes	At least every other week.
60.01	Are all drugs within active-stock within expiration date? *Examine shelves, refrigerator and freezer*	Yes	
60.02	How often is active-stock examined for drugs past the expiration date?		Pull 30 days in advance.
61.00	Does the pharmacy **prepackage** bulk containers of prescription medications into smaller containers for ease of use? *What BUD is used on the prepackaged container?*	No	Per PIC Mogen
62.00	Does the pharmacy **prepack** multiple drugs into a single container for compliance packaging? *What BUD is used on the prepacked containers?*	No	Per PIC Mogen
63.00	Does the pharmacy return to stock prescription drugs that were filled but never picked up?	No	Sent for destruction.
63.01	If yes, are they maintained in the appropriate container, with PHI removed and BUD adjusted?	N/A	
	Prescription Processing **If any part of a question is no, enter "No" and explain the observation.**		
64.00	**Patient Profile:** Is patient profile data organized and readily accessible to facilitate consultation with the prescriber, patient, or caregiver? *Indicate who enters patient profile data into the computer system and how often it is updated?*	Yes	Information is entered by a technician and updated with each patient contact.
64.01	If the pharmacy dispenses veterinary prescriptions, does the information gathered and recorded include the species, and name of the animal/owner as required by resident state law? *Describe how it is indicated in the computer system that the patient is an animal? And how it is indicated in the system the prescription is a veterinary prescription?*	N/A	No animal dispensing.
65.00	**Prescription:** Are adequate processes in place to assure the integrity, legitimacy, and authenticity of prescription orders? *Staff is familiar with detecting fraud in hard copy, faxed, verbal, and electronic prescriptions.*	Yes

Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
65.01	Is there a procedure to follow when a prescription is suspected of (or actually is) fraudulent? *Describe the steps and reporting process*	Yes	Contact the prescriber and if fraudulent would contact the local authorities.
65.02	Are adequate processes in place for assuring that prescription medications are not prescribed or dispensed based on online medical consultations without there being a pre-existing prescriber-patient/client relationship? *Describe. Do the processes include comparing the physical addresses of the patient and prescriber?*	Yes	Verification of patient and prescribers address and if any question, they contact the prescriber.
65.03	Does the pharmacy have electronic prescription capability? *Indicate whether it is for non-controlled substances, controlled substances, or both*	Yes	Both
65.04	If the pharmacy accepts electronic prescriptions for controlled substances, are they in compliance with federal regulations?	Yes	
66.00	**Accuracy:** Is the accuracy of the information entered into the computer system verified (patient information and prescription information)? *Indicate how and by whom*	Yes	Pharmacist verifies the prescription is entered correctly.
67.00	**DUR:** Does staff conduct prospective DUR prior to the dispensing of a medication or product? *Describe at what point in the process does the DUR take place?*	Yes	Manual DUR takes place when the pharmacist is conducting the verification of data entered by the technicians and also at final verification of the prescription.
67.01	Does the DUR include: • drug-drug interaction (Prescription and OTC), • drug-allergy interaction, • therapeutic duplication, • under- or over-utilization (including clinical abuse/misuse), • disease state or condition contraindication, • Incorrect dosage or duration of therapy, and • gender or age related contraindications. *Indicate if there are other parameters routinely included in the DUR*	No	Reviewed 6 patient profiles 4 had no allergies and 5 had no disease states/medical conditions, none of the 6 had prescriptions from other pharmacies or OTCs.
67.02	In addition to the pharmacy DUR software, does the pharmacy staff obtain other information to use in the DUR process? *Describe*	No	
67.03	Does the pharmacy have adequate resources/references related to the type of pharmacy practice it operates?	Yes	
67.04	Does the pharmacy report required data to the state PMP (in this state and the other states in which the pharmacy is licensed)? *Describe*	Yes	Daily per PIC Mogen

Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
67.05	Does the pharmacy access state PMP/PDMP data for specific patients? *Verify there is a policy regarding access and follow-up or reporting and that pharmacist can access the PMP data.*	Yes	At the pharmacist discretion
67.06	Are DUR overrides/bypasses documented? *Indicate how the override is documented and who has override capability*	Yes	Hard halt and only a pharmacist can override and this is documented in the LifeFile system.
67.07	Is the DUR process performed electronically by the computer system? *Identify integrated drug database used.*	No	No drug database in LifeFile per PIC Mogen.
67.08	If the DUR is manual, is there a system to document: • How manual DUR is performed • Specific issues that were identified • Pharmacist that considered the identified issues and gave the okay to proceed	Yes	All DURs are manual.
67.09	If the pharmacy dispenses veterinary prescriptions, does it have a veterinary drug database integrated into the computer system for electronic DUR? *List veterinary practice electronic database used. If not, list resource used for performing manual DUR.*	N/A	No animal dispensing.
68.00	Are filled prescriptions verified for accuracy prior to dispensing? *Indicate process, if written, and how documented.*	Yes	The pharmacist conducts a final check on the prescription prior to sending the prescription to shipping.
69.00	Are filled prescriptions appropriately labeled? *Cite rule.*	Yes	As required by State Law.
70.00	**Confidentiality**: Does the system have adequate safeguards to prevent a user from performing functions under a different user account or beyond what they are authorized to perform? *Password protected, access limited by job type, access revoked as appropriate such as upon termination. Record review/audit of pharmacy computer system user.*	Yes	LifeFile
70.01	Does the pharmacy destroy PHI including labeled prescription vials?	Yes	Shred-It picks up these items monthly.
71.00	**Mail/Delivery:** If applicable, are packing materials designed to maintain the physical integrity, stability, and purity of prescription medications and compounded preparations in transport?	Unknown	While packaging suppositories the vial containing the suppositories was placed directly in contact with the ice bricks.
72.00	**Off-Site Processes:** Are any portions of the prescription processing (in the questions below) performed at a different location? ***Note: Please ask each question below to verify.***	No	Per PIC Mogen

		Finding	Notes
72.01	If yes, is the other location under common ownership? *If not commonly owned, explain if there is a central fill/shared services or other agreement in place. Record the name and license number for the other location.*	N/A	
72.02	If yes, is that location in a different state than this facility? *If so, explain.*	N/A	
72.03	If yes, are there policies and procedures for identifying who is responsible for each step of prescription processing?	N/A	
73.00	**Off-Site Inventory:** Does the pharmacy maintain any emergency kits in nursing homes, long-term care facilities, or other entities (such as hospice, EMTs, ambulances)? *Note name(s) of facilities or entities.*	No	Per PIC Mogen
73.01	Do the emergency kits contain any compounded products? *If so, indicate whether sterile and/or nonsterile and are they stored, non-patient specific.*	N/A	
74.00	**Off-Site Inventory:** Does the pharmacy maintain any automated prescription dispensing devices outside the pharmacy such as Pyxis in a nursing home, or a secure mailbox device that patients access after hours, etc? *Note types and locations.*	No	Per PIC Mogen
74.01	If yes, are the automated devices appropriately licensed, registered, or approved by the board of pharmacy? *Provide details.*	N/A	
74.02	Do the automated dispensing devices contain any compounded products? *If so, indicate whether sterile and/or nonsterile and are they stored, non-patient specific?*	N/A	
	Patient Counseling and Communication **If any part of a question is no, enter "No" and explain the observation.**		
75.00	Does the pharmacist provide counseling for all <u>new</u> prescriptions picked up at the pharmacy (proactively, no "offer")?	Yes	
75.01	Is an "offer" to counsel made for all <u>new</u> prescriptions picked up at the pharmacy? *Indicate who makes the "offer."*	N/A	
76.00	Does the pharmacist provide counseling for all <u>refilled</u> prescriptions picked up at the pharmacy (proactively, no "offer")?	No	
76.01	Is an "offer" to counsel made for all <u>refilled</u> prescriptions picked up at the pharmacy? *Indicate who makes the "offer."*	Yes	Receptionist

National Association of Boards of Pharmacy®
Verified Pharmacy Program® Inspection Form

General Pharmacy Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
77.00	Does the pharmacist provide counseling for refilled prescriptions picked up at the pharmacy when there is a change in therapy or other issue determined by the pharmacist (proactively, no "offer")?	Yes	
77.01	Is an "offer" to counsel made for all refilled prescriptions picked up at the pharmacy when there is a change in therapy or other issue determined by the pharmacist? *Indicate who makes the "offer"*	N/A	
78.00	Is patient counseling provided for delivered prescriptions? *Printed information sent to patient, toll-free number for patients to call, pharmacist calls patients directly, etc? Describe how.*	Yes	Toll free number provided and printed information
79.00	Is patient counseling provided for mailed prescriptions? *Printed information sent to patient, toll-free number for patients to call, pharmacist calls patients directly, etc? Describe how.*	Yes	Toll free number provided and printed information
80.00	Are patient package inserts (PPIs) provided with every fill and refill of medications for which they are required (such as hormone products, inhalers, etc)? *Describe how.*	Yes	The pharmacy has printed their own PPI and provides these to the patient.
81.00	Are MedGuides provided with every fill and refill of medications for which they are required (such as NSAIDS, antidepressants, etc)? *Describe how.*	Yes	As provided by the manufacturer
82.00	Are REMS (Risk Evaluation Mitigation Strategy) implementation programs performed? Confirm that procedures are in place. *List programs (such as Clozapine, Isotretinoin, or Thalidomide).*	N/A	No REMS drugs
83.00	Is patient counseling, the offer to counsel, or the refusal of patient counseling documented? *Describe how.*	Yes	In the pharmacy system, counseling is documented electronically. Documented in the computer system for mailed or delivered prescriptions.
84.00	Do patients have 24-hour access to a pharmacist? *Note: may not be required by the resident state.* *Describe how (such as patient contact information and hours of inspection).*	No	
85.00	Are processes in place to handle a drug recall?	Yes	No recalls lately
86.00	Does the pharmacy accept prescription drugs back for destruction as part of a drug take-back program?	No

Verified Pharmacy Program® Inspection Form

General Pharmacy Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
86.01	Does the take-back program include controlled substances?	N/A	
86.02	Does the pharmacy have a modified DEA registration for controlled substance take-back? *If yes, list*	N/A	
	Quality Assurance/Quality Improvement Program **If any part of a question is no, enter "No" and explain the observation.**		
87.00	Is there a documented continuous quality improvement (CQI) Program for the purpose of detecting, documenting, assessing, and preventing quality related events (QREs)? *If yes, list who oversees the program*	Yes	This is Ms Larson's responsibility.
87.01	Policies and procedures for the program are maintained in the pharmacy in an immediately retrievable form. *Indicate if hard copy, electronic, or both*	Yes	Electronic
87.02	"Quality-Related Event" (QRE) is defined to mean any departure from the appropriate dispensing of a prescribed medication that is or is not corrected prior to the delivery and/or administration of the medication including (but not limited to): 1. a variation from the prescriber's prescription drug order such as incorrect drug, strength, form, or patient; or inadequate or incorrect packaging, labeling, or directions; 2. a failure to identify and manage over-utilization or under-utilization; therapeutic duplication; drug-disease contraindications; drug-drug interactions incorrect drug dosage or duration of drug treatment; drug-allergy interactions; or clinical abuse/misuse. 3. packaging or warnings that fail to meet recognized standards, the delivery of a medication to the wrong patient, or the failure to detect and appropriately manage a significant actual or potential problem with a patient's drug therapy.	Yes	
87.03	There is documentation of initial/ongoing (at least yearly) review and training of all pharmacy employees on the CQI program and processes. *For example, may be formal training or reviewed at a yearly meeting.*	Yes	Monthly
88.00	**Documentation of QREs** starts as soon as possible, but no more than three days, after determining their occurrence. *Indicate if are unintervened forms on hard copy or electronic*	Yes	Electronic

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
88.01	Documentation includes all the pertinent data about the prescription involved including personnel involved at each step.	Yes	
88.02	Documentation includes documenting the type of QRE details and how/who discovered the QRE.	Yes	
88.03	Documentation incudes possible contributing factors such as day and time the QRE occurred, number of pharmacists and technicians on duty, prescription volume that day, equipment failure, or other factors affecting work-flow at the time.	Yes	
88.04	Documentation includes steps taken to remediate including communications with the patient and the provider, and if the medication was ingested, disposition of the patient.	Yes	
89.00	**QRE data** collected is analyzed to assess causes and any contributing factors (root cause). *Indicate who performs the analysis and frequency (with each event, weekly, monthly, quarterly, etc).*	Yes	This is a corporate function with any event.
89.01	The pharmacy uses the findings of the analysis to formulate an appropriate response and develop pharmacy systems and workflow processes designed to prevent QREs and increase good outcomes for patients.	Yes	
89.02	For pharmacies utilizing a drug formulary, a periodic review of such formulary is undertaken to ensure that appropriate medications are being offered/selected in the best interest of patients.	N/A	No drug formulary.
90.00	**Quality meetings** are held at least annually by staff members of the pharmacy to consider the effects on quality of the pharmacy system due to staffing levels, workflow, and technological support.	Yes	Monthly
90.01	The meeting reviews data showing evidence of the quality of care for patients and develops plans for improvements to increase good outcomes for patients.	Yes	
90.02	Improvements or changes made are evaluated for performance to measure the effectiveness of the CQI program.	Yes

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
91.00	**Reporting:** Incidents of QREs are reported to a nationally recognized error reporting program, an outside peer review committee, or a patient safety organization. *Indicate which organizations are reported or stating if the pharmacy reports QREs to the board of pharmacy.*	No	
91.01	Adverse events are reported to the appropriate entities such as the board of pharmacy, MedWatch, FDA, VAERS, etc?	Yes	To MedWatch if required.
91.02	Incidents involving malfunctioning or defective medical equipment or devices (blood glucose meters, DME, injection devices, etc) are documented and reported to the manufacturer or distributor.	N/A	No devices.
92.00	**Quality Self-Audits** are performed by the pharmacy at least quarterly (and upon change in PIC) to determine whether the occurrence of QREs has decreased and whether there has been compliance with preventative procedures, and to develop a plan for improved adherence with the CQI program in the future.	Yes	
93.00	**Consumer Surveys** are conducted at least yearly of patients who receive pharmaceutical products and services at the pharmacy. A statistically valid sampling technique may be used in lieu of surveying every patient. Each pharmacy should use the results of its consumer survey to evaluate its own performance at a particular time and over a period of time.	No	Random consumer surveys.
94.00	**Patient Complaints** are documented, tracked, and investigated as appropriate and the information is used as part of the CQI program.	Yes

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
	General Operations and Information		
1.00	Does the pharmacy **dispense** nonsterile compounded preparations pursuant to a prescription?	Yes	
1.01	Are patient profiles complete and DUR performed for each prescription? *View selected files for profile to include allergies, disease states/conditions, other medications taken not dispensed by this pharmacy.*	No	Reviewed 6 patient profiles 4 had no allergies and 5 had no disease states/medical conditions, none of the 6 had prescriptions from other pharmacies or OTCs.
1.02	Do the compounded prescriptions produce a significant difference from a commercially available drug that is justified by a documented medical need of the individual patient as determined by the prescribing practitioner?	Yes	All copies of commercially available items are in a different oil or different base and documented on most of the prescriptions reviewed.
1.03	Are nonsterile compounded prescriptions picked up at the pharmacy?	Yes	
1.04	Are nonsterile compounded prescriptions delivered to patients in their homes or residential facilities?	Yes	
1.05	Are nonsterile compounded prescriptions mailed to patients in their homes or residential facilities?	Yes	
1.06	Are nonsterile compounded prescriptions delivered to the practitioner for administration to the patient in the office, clinic, or facility?	Yes	Only by patient request.
1.07	Are nonsterile compounded prescriptions mailed to the practitioner for administration to the patient in the office, clinic, or facility?	Yes	Only by patient request.
2.00	Does the pharmacy **distribute** nonsterile compounded preparations? *Not pursuant to a prescription, not labeled by the pharmacy with a patient name.*	No	Per RPh Berthold
2.01	Does the pharmacy distribute nonsterile compounded preparations to practitioners for office use?	No	Per RPh Berthold
2.02	Does the pharmacy distribute nonsterile compounded preparations to hospitals, clinics, or surgery centers?	No	Per RPh Berthold
2.03	Does the pharmacy have a sales force that promotes compounded preparations? *List compounds promoted.*	Yes	Corporate marketing department
2.04	Does the pharmacy distribute non-patient specific compounded preparations for promotional purposes? *List compounds promoted.*	No	Per PIC Mogen
2.05	If yes, does the sales force hand-deliver these compounds? *List compounds promoted.*	N/A

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
2.06	If yes, are any of these controlled substances? *List compounds provided.*	N/A	
3.00	Does the pharmacy provide nonsterile compounded preparations to other pharmacies for dispensing?	No	Per PIC Mogen
3.01	If so, does the pharmacy have central fill/shared services contracts or agreements with these pharmacies for patient specific preparations? *Provide List.*	N/A	
4.00	Does the pharmacy compound oral preparations (tablets, capsules, liquids, lozenges, etc.)? *Provide list.*	Yes	Tablets, capsules, suspensions, troches and lozenges
5.00	Does the pharmacy compound topicals (gels, creams, ointments, inserts, suppositories, patches, sprays including nasal sprays, etc.)? *Provide List*	Yes	Creams, gels and suppositories
6.00	Does the pharmacy compound vitamin or nutritional supplements? *Provide List*	No	Per RPh Berthold
7.00	Does the pharmacy sell any compounds over-the-counter? *Provide list*	No	Per RPh Berthold
8.00	Does the pharmacy compound investigational drugs? *Provide List.*	No	Per RPh Berthold
9.00	Does the pharmacy only make essential copies of a commercially available drug product on the Drug Shortage List or that is justified by a documented medical need of the individual patient as determined by the prescribing practitioner? *Indicate volume or percent compounded currently.*	No	Any commercially available item that is being compounded is either in a different oil or different base. 0%
9.01	If yes, products are verified as appearing on the Drug Shortage List in effect under 506E of the Federal Act at the time of compounding, distribution, and dispensing.	N/A	
9.02	If yes, the Drug Shortage List is monitored and when a drug product is no longer on the list, any remaining stock is quarantined and not available for distribution or dispensing. *Note: Per FDA guidance, 503B facilities may continue to distribute for 60 days following drug shortage list removal for existing orders.*	N/A	
10.00	Does the pharmacy perform compounding identified as **simple?** *Indicate percentage of simple compounding.* 1. Making a preparation that has a USP compounding monograph or that appears in a peer-reviewed journal article that contains specific quantities of all components, compounding procedure and equipment, and stability data for that formulation with appropriate beyond-use dates (BUD)s. 2. Reconstituting or manipulating commercial products that may require the addition of one or more ingredients as directed by the manufacturer. *Examples include Captopril Oral Solution, Indomethacin Topical precautions. Gel, and Potassium Bromide Oral Solution (Veterinary).*	No	0%

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
11.00	Does the pharmacy perform compounding identified as **moderate?** *Indicate percentage of moderate compounding* 1. Making a preparation that requires special calculations or procedures (such as calibration of dosage unit mold cavities) to determine quantities of components per preparation or per individualized dosage units. 2. Making a preparation for which stability data for that specific formula is not available. *Examples include Morphine Sulfate Suppositories, diphenhydramine hydrochloride troches, and mixing two or more manufactured cream products when the stability of the mixture is not known.*	Yes	80%
12.00	Does the pharmacy perform compounding identified as **complex**? *Indicate percentage of complex compounding* Making a preparation that requires special training, environment, facilities, equipment, and procedures to ensure appropriate therapeutic outcomes. *Examples of possible complex preparation types include transdermal dosage forms, modified-release preparations, and some inserts and suppositories for systemic effects.*	Yes	20%
13.00	Does the pharmacy perform compounding with **hazardous drugs**? *Indicate percentage of compounding with hazardous drugs* NIOSH list of hazardous drugs including chemotherapy, hormones, etc.	Yes	80-85%
13.01	Is the pharmacy aware of the more stringent requirements of the proposed USP Chapter <800>?	Yes	
14.00	Are Safety Data Sheets (SDS) [formerly known as Material Safety Data Sheets (MSDS)] available to personnel for drugs and chemicals used in the pharmacy (including those for compounding, if applicable)? *Verify that personnel can access them and are familiar with the format.*	Yes	Printed at the entrance to the prescription department and electronically on each laptop.
15.00	Does the pharmacy compound using any **controlled substances**? *Indicate percentage of controlled substance nonsterile compounding*	Yes	35%
16.00	**APIs:** Does the pharmacy make any nonsterile compounded preparations using bulk powder Active Pharmaceutical Ingredients (APIs)?	Yes	
16.01	Does the pharmacy purchase APIs directly from the manufacturer/repackager? *Indicate the source of APIs*	Yes	Medisca, Letco, Spectrum and RLC Labs (SP Labs)

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
16.02	Does the pharmacy verify that the manufacturer/repackager of the API is an FDA-registered facility? *If so, list how this verified*	Yes	This is done both at the corporate level and at the pharmacy from the FDA website.
16.03	Does the pharmacy use active ingredients that are not from an FDA-registered facility? *If so, indicate source*	No	
16.04	Does the computer track on-hand quantities of APIs used for compounding? *If not, explain*	Yes	PK software system
17.00	Does the pharmacy perform any testing in-house (not sent to an outside lab)? *If so, what tests are performed in house?*	No	
18.00	Does the pharmacy send samples to an outside lab to perform testing? *If so, provide the name of the lab performing testing for the pharmacy and what testing is performed*	Yes	ARI for potency
19.00	Does the pharmacy use scales/balances for nonsterile compounding?	Yes	
19.01	If so, what type of scale/balanced is used? *List make(s), type and model number*		See Doc 03
19.02	If the scale/balance is electronic, does the pharmacy use the automatic calibration? *Describe process and calibrate frequency*	Yes	Manually calibrating with a weight.
19.03	Describe the pharmacist checks for the measurement of each ingredient		As printed on the PK Compounding Log
20.00	**Quality Assurance/Quality Improvement:** Does the pharmacy continuous quality improvement program include nonsterile compounding measures? **Note: If the facility indicates "yes", please ask each question below to verify.**	Yes	
20.01	Does the pharmacy continuous quality improvement program include QREs related to the preparation of compounded products?	Yes	
20.02	Does the pharmacy continuous quality improvement program include personnel testing and verification?	Yes	
20.03	Does the pharmacy continuous quality improvement program include equipment calibration, testing, etc?	Yes	
20.04	Does the pharmacy continuous quality improvement program include end product testing (such as: pH, weight, potency, particulates, consistency, etc.)?	Yes

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
20.05	Does the pharmacy continuous quality improvement program include patient or prescriber reports or complaints regarding nonsterile compounded products?	Yes	
20.06	Does the facility QA program identify action limits or thresholds and the appropriate follow-up mechanisms when action limits or thresholds are exceeded including a recall system?	Yes	
20.07	Does the recall system include communication with both the patient and the physician/prescriber regarding the affected nonsterile compounded preparation?	Yes	
20.08	Are QREs involving nonsterile compounded preparations or are recalled by the pharmacy reported to the Board of Pharmacy?	Yes	
	Component Selection and Use		
	Total Non-Compliant (Includes Unknowns)	**0**	
21.00	**Active Pharmaceutical Ingredients (APIs), bulk drug substances:** All bulk drug substances (APIs) used are: 1) Compliant with the standards of an applicable USP or NF monograph, if one exists; or 2) A component of an FDA-approved human drug product; or 3) On the list of bulk drug substances for use in compounding developed by the FDA and issued through regulation (note: must comply with (1) or (2) above until the FDA list is issued)	Compliant	
21.01	Certificates of analysis (COAs) obtained for all bulk APIs used for compounding. *Verify by selecting products from the shelf from different suppliers and ask to see the COAs for those products.* NOTE: The COA for an API should be reviewed upon receipt of the API to verify the quality of the API before using to compound.	Compliant	See Doc 04
21.02	USP- or NF-grade substances used, if available	Compliant	
21.03	If compendia quality components are not available, chemically pure, analytical reagent grade or American Chemical Society-certified components are used and are determined to be free from impurities.	Compliant	
21.04	APIs or other components have labeling indicating use for pharmaceutical compounding or manufacturing. Labels do not indicate "for research purposes only", "not for drug use", or are handwritten labels from other pharmacies. Photograph and describe if found. Request copies of the invoices for products with questionable labels.	Compliant

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
21.05	If compounding for both humans and animals, APIs or other components that are labeled for veterinary use only are segregated or marked in such a way to prevent them from being used for human compounding	N/A	No animal compounding.
21.06	All substances and components have a complete label including a batch control or lot number, and an expiration date.	Compliant	
21.07	For APIs without an expiration date assigned by the manufacturer or supplier, the pharmacy assigns a conservative expiration date. The expiration date assigned does not exceed three (3) years for ingredients used for non-sterile compounding and does not exceed one (1) year for ingredients used for sterile compounding. *Note: purity and quality testing may be performed to extend.*	N/A	All APIs are received with an expiration date.
21.08	All APIs and components received without an expiration date are labeled with the date they were received.	N/A	All APIs are received with an expiration date.
21.09	If the pharmacy repackages APIs into smaller containers for ease of use, the expiration date assigned is conservative (typically the lesser of one year or the actual expiration from the original container). Product may be tested to extend the expiration date but may not exceed the original package expiration date.	Compliant	One year or the actual expiration date if sooner.
21.10	Bulk component containers are labeled with appropriate OSHA hazard communication labels and hazardous substances are segregated (including hormones).	Compliant	
22.00	Where water is an ingredient, purified or distilled water is used.	Compliant	Purified
23.00	Ingredients used for dietary or nutritional supplements meet USP, Food Chemicals Codex (FCC), or NF standards, or the pharmacy has alternate means to determine if the ingredients meet food-grade quality.	N/A	No dietary or nutritional compounding.
24.00	Pharmacy confirms that there are no preparations for human use made or ingredients used that appear on the FDA list of drug products withdrawn or removed from the market for safety reasons (facility has a copy of the list or other way to determine).	Compliant	
25.00	When manufactured products are used for compounding, all the other excipients in the product are considered relative to the use, effectiveness, and stability of the compounded preparation to be made.	Compliant

Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
26.00	For **animal compounding:** The compounding meets the same standards as compounding for human patients.	N/A	No animal compounding.
26.01	The pharmacist is knowledgeable or has references regarding the individual species' limitations in physiology and metabolic capacity that can result in toxicity when certain drugs or excipients are used.	N/A	
26.02	It is determined and documented if the animal is used for food (meat, milk, eggs, etc.) or that the animal is a pet.	N/A	
26.03	The pharmacist familiar with, or has a reference regarding drug residues in the food chain and withdrawal times if compounding for food-producing animals.	N/A	
26.04	The facility has a list of drugs and components not allowed when compounding for food-producing animals.	N/A	
26.05	The pharmacist is familiar with, or has a reference regarding regulations for drug use in performance animals (e.g., race or show horses, racing dogs)	N/A	
	Beyond Use Dating (BUD)		
	Total Non-Compliant (Includes Unknowns)	**0**	
27.00	BUDs are assigned from the day of preparation.	Compliant	
28.00	BUDs are assigned based on dispensing in tight, light-resistant containers/overpacks.	Compliant	
29.00	Extended BUDs are supported by testing data. *View documentation used, preparation must exactly match formulation upon which data was obtained.*	Compliant	Compounder's International Analytical Laboratory for most extended BUD creams.
29.01	Extended BUDs are assigned and the facility has performed its own stability testing. *View records, preparation must exactly match the preparation tested by the facility including concentration of all active ingredients, excipients, etc.*	Compliant	See Doc 05

Verified Pharmacy Program® Inspection Form

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
30.00	BUDs for nonaqueous formulations are not later than the remaining time until the earliest expiration date of any API and not later than six (6) months.	Compliant	
31.00	BUDs for water-containing oral formulations are not later than 14 days when stored at controlled cold temperatures (refrigerated).	Compliant	
32.00	BUDs for water-containing topical/dermal and mucosal liquid and semisolid formulations not later than 30 days.	Compliant	Except for the preparations with extended BUD documentation.
	Environment		
	Total Non-Compliant (Includes Unknowns)	**0**	
33.00	The non-sterile compounding area is a controlled environment and separate from the general pharmacy.	Compliant	
34.00	There sufficient space available for the type and amount of compounding performed and the space is orderly to prevent mix-ups between ingredients, containers, labels, in-process materials, and finished preparations.	Compliant	
35.00	Only one preparation compounded at a time.	Compliant	Per technician
36.00	Procedures are implemented to prevent cross-contamination, especially when compounding with drugs such as hazardous drugs and known allergens like penicillin that require special precautions.	Compliant	
37.00	The compounding area is well lit.	Compliant	
38.00	The pharmacy performs **hazardous** non-sterile compounding in a ventilated cabinet such as a BSC, CAI, or CACI. *Note: CAI may not be used for hazardous drugs that may volatilize.(NIOSH requirement referenced in USP<795>. Note that proposed USP Chapter <800> will change hazardous drug compounding requirements.)*	Compliant	Double HEPA filtered BSC. BSCs are not vented to the outside.
38.01	Ventilated cabinets (BSC, CAI, CACI) used for hazardous compounding are certified or tested periodically.	N/A	
38.02	If the hoods or isolators are not located in a closed, controlled room environment, there is documentation from the manufacturer and site testing to verify proper functioning of equipment under dynamic conditions for the safety of personnel.	Compliant	Located in a negative pressure room.

Verified Pharmacy Program® Inspection Form

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
39.00	Appropriate protective attire (gowns, gloves, masks, etc.) is available.	Compliant	
39.01	If hazardous drugs are used, appropriate protective attire is available (gowns, gloves, hair and shoe covers, eye and face protection, etc.).	Compliant	
40.00	There is a sink in the compounding area with hot and cold potable water, soap or detergent, and air-driers or single-use towels.	Compliant	
41.00	There is adequate space to wash equipment and utensils including access to water for rinsing. *(Purified water is **recommended** - not required)*	Compliant	
42.00	The temperature of the compounding area is controlled by a thermostat and an air conditioning system is in place.	Compliant	Temperature at time of inspection was 69.00 degrees F.
43.00	**Temperature** in the compounding area is maintained to provide controlled room temperature of 20° to 25°C (68° to 77 °F), or more restrictive if warranted by specific drug product storage requirements.	Compliant	Alarms are set
43.01	Temperature monitoring is in place to detect any excursions (24/7) by continuous monitoring or retroactive detection using min/max. Temperature records are maintained.	Compliant	
43.02	Excursion action plan in place including evaluating excursion effects on drug product integrity.	Compliant	
43.03	Temperature monitoring is also performed in **drug storage areas** (if separate from the compounding areas) and maintained within 20° to 25°C (68° to 77 °F), or more restrictive if warranted by specific drug product storage requirements.	Compliant	
43.04	Temperature monitoring is in place to detect any excursions (24/7) by continuous monitoring or retroactive detection using min/max. Temperature records are maintained.	Compliant	
43.05	Excursion action plan in place including evaluating excursion effects on drug product integrity.	Compliant	
44.00	**Humidity** in the compounding area is maintained to provide humidity in the ranges warranted by specific drug product storage requirements. If drug products require storage in a "dry place", humidity is not to exceed 40%. Generally **recommended** range is 35-60%.	Compliant	35.35% at time of inspection. Alert is set for above 60%.
44.01	Humidity monitoring in place to detect any excursions (24/7) by continuous monitoring or retroactive detection using min/max. Humidity records are maintained.	Compliant	
44.02	Excursion action plan in place including evaluating excursion effects on drug product integrity.	Compliant

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
44.03	Humidity monitoring is also performed in **drug storage areas** (if separate from the compounding areas) to provide humidity in the ranges warranted by specific drug product storage requirements. If drug products require storage in a "dry place", humidity is not to exceed 40%. Generally recommended range is 35-60%.	Compliant	
44.04	Humidity monitoring is in place to detect any excursions (24/7) by continuous monitoring or retroactive detection using min/max. Humidity records are maintained.	Compliant	
44.05	Excursion action plan in place including evaluating excursion effects on drug product integrity.	Compliant	
45.00	The bulk component storage area is adequately arranged and maintained in a clean and sanitary condition.	Compliant	
46.00	All components, equipment, and containers are stored off the floor, and handled and stored to prevent contamination.	Compliant	
47.00	All components and packaging containers and closures are properly rotated to use oldest first.	Compliant	
48.00	Hazardous drugs are appropriately identified and marked, received, handled and stored by appropriately trained personnel. (OSHA regulations and NIOSH Alerts)	Compliant	
49.00	Trash is disposed of in a safe, sanitary, and timely manner.	Compliant	
49.01	Hazardous waste is disposed of in a safe, sanitary, and timely manner.	Compliant	
	Training *-Verify records of all compounding personnel (up to 10).*		
	Total Non-Compliant (Includes Unknowns)	**0**	
50.00	Have all personnel of reproductive capability who handle or compound hazardous drugs or chemicals confirmed in writing that they understand the risks of handling hazardous drugs? Teratogenicity, carcinogenicity, reproductive issues.	Compliant	
51.00	There is documentation that all personnel that perform compounding are appropriately trained including policies and procedures, documentation, hazardous drug handling, and compounding technique and not allowed to compound or supervise compounding until training is successfully completed.	Compliant

Nonsterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
52.00	There is documentation that the training process for the preparation of compounds includes demonstration of the compounding procedure first, followed by the trainee performing the procedure under supervision successfully before being allowed to perform compounding.	Compliant	
53.00	There is documentation that training includes the operation of any equipment that may be used when preparing compounded products. *Documentation includes operation and troubleshooting.*	Compliant	
54.00	There is documentation available showing employees performing non-sterile compounding are evaluated at least annually.	Compliant	
54.01	If performing hazardous nonsterile compounding, there is documentation available showing employees are evaluated at least annually.	Compliant	
55.00	If the pharmacy uses relief personnel from outside agencies to perform non-sterile compounding there is documentation that training is verified.	N/A	No personnel from outside agencies.
	Compounding Equipment		
	Total Non-Compliant (Includes Unknowns)	**0**	
56.00	Appropriate equipment and utensils are available, clean, and in good working order. *Automated, mechanical, or electronic equipment (including capsule machines, autoclaves, ovens, etc.) are periodically inspected and calibrated.*	Compliant	
57.00	Scales, balances, or other types of equipment used for measurement shall be routinely inspected, calibrated as necessary (per manufacturer instructions), and checked to ensure proper performance. Describe procedure used.	Compliant	Daily documented manual calibration and annually by an outside firm.
58.00	Powder hoods used for nonsterile compounding are certified or tested periodically to ensure proper function.	Compliant	
58.01	Hood filters are checked regularly and replaced when necessary.	Compliant	
59.00	All equipment is cleaned promptly after each use. *Equipment and utensils washed using potable water with a soap or detergent, and rinsed.* ***Recommended*** *rinsed with purified water.*	Compliant	
60.00	The pharmacy uses separate equipment and utensils to compound allergenic, cytotoxic, or hazardous products, or has detailed procedures for meticulous cleaning of equipment and utensils immediately after use to prevent cross-contamination or exposure.	Compliant

		Finding	Notes
Documentation			
	Total Non-Compliant (Includes Unknowns)	**1**	
61.00	The pharmacy creates a master formulation record the first time before compounding a new preparation	Compliant	
61.01	Every formulation is evaluated for incompatibilities and the potential for being ineffective or toxic.	Compliant	
61.02	The **master formulation record** includes:		
61.03	Official or assigned name, strength, and dosage form	Compliant	
61.04	All necessary calculations	Compliant	
61.05	Description of all ingredients and their quantities	Compliant	
61.06	Compatibility and stability information including references (when available)	Compliant	
61.07	Equipment used for the preparation	Compliant	Located within the document
61.08	Mixing instructions (order of mixing, temperatures, duration of mixing, and other pertinent factors)	Non-Compliant	No order of mixing
61.09	Container used and packaging requirements	Compliant	
61.10	Assigned BUD information	Compliant	
61.11	Labeling information including the name of and quantity or concentration of each active ingredient	Compliant	
61.12	Description of the finished preparation	Compliant	
61.13	Storage requirements	Compliant	
61.14	Quality control procedures and expected results (e.g. dose measurement of capsule in the dose calibrator).	Compliant	
62.00	The pharmacy creates a compounding record for each compound prepared	Compliant

		Finding	Notes
Compounding Procedures			
	Total Non-Compliant (Includes Unknowns)	**0**	
63.00	The Master Formulation Record and the Compounding Record has been reviewed by the compounder to ensure it is error free.	Compliant	
64.00	Compounding personnel ascertain that ingredients for compounded preparations are of the correct identity and appropriate quality including a unit-by-unit inspection of the components.	Compliant	
65.00	The containers and closures selected meet USP standards (from container supplier).	Compliant	
66.00	Container selection determined by physical and chemical properties of the preparation.	Compliant	
67.00	Compounding personnel maintain good hand hygiene and wear clean and appropriate clothing for the compounding being performed.	Compliant	
68.00	Personnel don appropriate protective garb when performing compounding.	Compliant	
68.01	If hazardous compounding, personnel don appropriate protective garb when compounding.	Compliant	
69.00	Routine compounding procedures for batch preparation completed and verified according to written procedures. Including: *Calculations correct, weighing and measuring performed correctly, order of mixing correct, compounding techniques performed correctly*	Compliant	
70.00	Procedures for in-process checks followed. *These checks indicate that appropriate procedures and packaging are followed for each step, including addressing pharmacist verification of steps performed by non-pharmacists that includes visual inspection of product, and documentation of the compounding accuracy is performed to ensure proper measurement, reconstitution and component usage.* ***Recommended:*** *compounding accuracy checked by a person other than the compounder.*	Compliant	
71.00	There are no deviations from the master formulation record, unless they are approved and deemed appropriate by a pharmacist and a new master formulation record is created.	Compliant	
72.00	There is a procedure for cleaning which is followed. *After each preparation, daily tasks, monthly tasks, etc.*	Compliant

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
73.00	Personnel are appropriately garbed for protection when cleaning.	Compliant	
74.00	Compounding employees are using appropriate techniques. *Inspector to observe compounding procedures, documentation, appropriate garb, cleanliness of compounding area and equipment. Compounding MUST be observed. If compounding is not being performed at the time of survey mark as "Non-Compliant"*	Compliant	Observed a suppository, a cream and a capsule being compounded.
74.01	If compounding is not being performed at the time of survey, ask that a compounding pharmacist or technician prepare a compound for you to observe the compounding process. *If the pharmacy staff refuses or is unable to perform compounding for you to observe, document on the "Denial of Authorization" form. List individual who signs the Denial of Authorization*		
	Finished Preparation Release Checks and Tests		
	Total Non-Compliant (Includes Unknowns)	**0**	
75.00	The finished preparation is observed to appear as expected in the master formulation record and documented.	Compliant	
76.00	As appropriate, the final completed preparation assessed for quality control and is documented, such as weight, mixing, clarity, odor, color, consistency, pH, and strength.	Compliant	
77.00	There are established written processes that describe test or examinations conducted on the compounded preparation (degree of weight variation in capsules, for example) to ensure uniformity and integrity.	Compliant	
78.00	Preparations with extended BUDs that are not supported by testing data are sampled and tested for physical, chemical, and microbiological characteristics.	N/A	
78.01	If any failed tests or discrepancies are observed, there is an investigation and appropriate corrective actions taken before dispensing to patient	Compliant	
78.02	If products being tested are dispensed or distributed before the test results are obtained, there is a recall procedure if the test results indicate an issue.	Compliant

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
79.00	There are appropriate quality control procedures to monitor the output and to verify the performance of compounding processes and equipment that may be responsible for causing variability in the final compounded preparations. *Review validation of equipment and personnel performance documentation.*	Compliant	
80.00	Labels on immediate patient-specific containers include identifiers for the persons preparing the compound and performing the final verification, BUD, an indication that this is a compounded preparation, special requirements for storage, and appropriate packaging and labeling of hazardous materials.	Compliant	
80.01	Labeling contains generic name and quantity or concentration of each active ingredient.	Compliant	
80.02	Labeling contains assigned BUD.	Compliant	
80.03	Labeling contains storage and handling information.	Compliant	
80.04	If hazardous, labeling contains storage and handling information.	Compliant	
80.05	Labeling contains prescription or control number, whichever is applicable.	Compliant	
81.00	Batch preparations (in anticipation of prescriptions) are of an appropriate volume and batch products in stock are all within their BUD (not outdated).	Compliant	Batch should be dispensed in approximately 1 month.
82.00	Labels on batch preparations include the name and quantity of all contents, date and time of preparation (or internal code/lot number indicating this information), preparer and verification pharmacist identifiers, stability (BUD), and any auxiliary labels indicated including appropriate packaging and labeling of hazardous materials.	Compliant	
83.00	Preparations are stored and secured properly prior to dispensing based upon conditions upon which BUD was assigned.	Compliant	
84.00	Preparations are examined immediately after preparation **AND** again immediately prior to dispensing for any signs of instability.	Compliant

Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
	Indicate the drug name, dosage or strength, and the size of the sample obtained for testing. *(NA if no sample)*		NA. No sample collected during this inspection.
	Indicate the areas/rooms of the pharmacy entered to perform the inspection. *If the inspector did not fully gown and enter buffer room(s), indicate reason*		Facility mandated that this inspector change to scrubs and fully garb head to toe with no exposed skin before entering buffer room.
	General Operations Information		
1.00	Does the pharmacy **dispense** sterile compounded preparations pursuant to a prescription?	Yes	
1.01	Are patient profiles complete and DUR performed for each prescription? *View selected files for profile to include allergies, disease states/conditions, other medications taken not dispensed by this pharmacy*	No	Reviewed 6 patient profiles 4 had no allergies and 5 had no disease states/medical conditions, none of the 6 had prescriptions from other pharmacies or OTCs.
1.02	Are sterile compounded prescriptions picked up at the pharmacy?	Yes	
1.03	Are sterile compounded prescriptions delivered/mailed to patients in their homes or residential facilities?	Yes	
1.04	Are sterile compounded prescriptions delivered/mailed to the practitioner for administration to the patient in the office, clinic, or facility?	Yes	
2.00	Does the pharmacy **distribute** sterile compounded preparations? *Not pursuant to a prescription, not labeled by the pharmacy with a patient name.*	No	This pharmacy does not distribute any items per RPh Thorpe.
2.01	Does the pharmacy distribute sterile compounded preparations to practitioners for office use?	N/A	
2.02	Does the pharmacy distribute sterile compounded preparations to hospitals, clinics, or surgery centers?	N/A	
2.03	Is the pharmacy registered with the FDA as an Outsourcing Facility?	No	
2.04	Does the pharmacy have a sales force that distributes samples containing active ingredients? *List samples provided*	No	Belmar has a corporate sales force.
3.00	Does the pharmacy provide sterile compounded preparations to other pharmacies for dispensing?	No	
3.01	If so, does the pharmacy have central fill/shared services contracts or agreements with these pharmacies for patient specific preparations?	N/A	
4.00	Which of the following sterile compounds are prepared?

		Finding	Notes
4.01	Allergen extracts	No	
4.02	Parenteral solutions	Yes	
4.03	Parenteral *suspensions*	Yes	
4.04	Preservative-free parenterals	No	
4.05	Ophthalmic preparations	No	
4.06	Oral or nasal *inhalation* preparations (not topical sprays)	No	
4.07	Baths and soaks for live organs and tissues	No	
4.08	Irrigations for wounds and body cavities	No	
4.09	Any other sterile preparations (implants, pellets, etc.). *Provide list*	No	
5.00	Does the pharmacy compound investigational drugs? *Provide list*	No	
6.00	Does the pharmacy only make essential copies of a commercially available drug product on the Drug Shortage List or that is justified by a documented medical need of the individual patient as determined by the prescribing practitioner? *Indicate name and source/percent compounded (if any)*	No	0%. Per RPh Thorpe
6.01	If yes, products are verified as appearing on the Drug Shortage List in effect under 506E of the Federal Act at the time of compounding, distribution, and dispensing.	N/A	
6.02	If yes, the Drug Shortage List is monitored and when a drug product is no longer on the list, any remaining stock is quarantined and not available for distribution or dispensing. *Note: Per FDA guidance, 503B facilities may continue to distribute for 60 days following drug shortage list removal for existing orders.*	N/A	
7.00	Does the pharmacy perform **low-risk** compounding? *Indicate percentage of low-risk sterile compounding*	No	0%
7.01	Are all low-risk compounds assigned BUDs within USP guidelines (48 hours at controlled room temperature, 14 days refrigerated, 45 days frozen)?	N/A	
7.02	If low risk, are the compounds located in segregated area are BUD 12 hours or less?	N/A	
7.03	If extended BUDs are used, list products with Extended BUDs and maximum BUD in notes.

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
7.04	If extended BUDs are used, is further testing being performed to justify the use of extended BUDs? *(List the types of testing performed (potency, sterility, stability, etc)*	N/A	
8.00	Does the pharmacy perform **medium-risk** compounding? *Indicate percentage of medium-risk sterile compounding*	No	0%
8.01	Are all medium-risk compounds assigned BUDs within USP guidelines (30 hours at controlled room temperature, 9 days refrigerated, 45 days frozen)?	N/A	
8.02	If extended BUDs are used, list products with Extended BUDs and maximum BUD in notes.		
8.03	If extended BUDs are used, is further testing being performed to justify the use of extended BUDs? *(List the types of testing performed (potency, sterility, stability, etc)*	N/A	
9.00	Does the pharmacy perform **high-risk** compounding? *Indicate percentage of high-risk sterile compounding.*	Yes	100%
9.01	Are all high-risk compounds assigned BUDs within USP guidelines (24 hours at controlled room temperature, 3 days refrigerated, 45 days frozen)?	No	Some sterile preparations have extended BUDs
9.02	If extended BUDs are used, list products with Extended BUDs and maximum BUD in notes.		See Doc 06
9.03	If extended BUDs are used, is further testing being performed to justify the use of extended BUDs? *(List the types of testing performed (potency, sterility, stability, etc)*	Yes	ARL conducts sterility, potency, endotoxin and particle testing.
10.00	Does the pharmacy provide sterile compounded preparations to be administered via an implantable infusion pump?	No	
11.00	Does the pharmacy perform compounding for **immediate use?** *Indicate percentage of immediate-use sterile compounding*	No	0%
12.00	Does the pharmacy perform compounding with **hazardous drugs**? *Indicate percentage of hazardous sterile compounding* *NIOSH list of hazardous drugs including chemotherapy, hormones, etc.*	Yes	60%. Mostly testosterone.
12.01	Does pharmacy have a plan to comply with USP Chapter <800> by the implementation date? *Describe plan.*	Yes	RPh Thorpe considers the pharmacy 800 compliant.
12.02	Are hazardous drugs segregated and stored in a room that is negative pressure (at least -0.01" wc) to adjacent areas and with at least 12 ACPH?	Yes

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
12.03	Is hazardous drug waste quarantined in a designated area and disposed of in compliance with local, state, and federal regulations?	Unknown	Hazardous waste is disposed of in the regular trash.
13.00	Are Safety Data Sheets (SDS) [formerly known as Material Safety Data Sheets (MSDS)] available to personnel for drugs and chemicals used in the pharmacy (including those for compounding, if applicable)? *Verify that personnel can access them and are familiar with the format*	Yes	Printed copies are located on wall outside of prescription department door and electronically on each laptop.
14.00	Does the pharmacy perform compounding using **blood products** (or other biological materials)? Such as wound care, autologous eye drops, etc. *Describe*	No	Per RPh Thorpe
15.00	Does the pharmacy compound using any Federally **controlled substances I-V**? *Indicate controlled substances used and percentage of controlled substance sterile compounding*	Yes	Testosterone is the only controlled substance used in sterile compounding. Pharmacy has just begun sterile compounding and does not have a percentage at the present time.
16.00	**APIs:** Does the pharmacy make any sterile compounded preparations using bulk powder Active Pharmaceutical Ingredients (APIs)?	Yes	
16.01	Does the pharmacy purchase APIs directly from the manufacturer/repackager? *If not, indicate the source of API.*	Yes	Biopeptek, WilliowBirch, and PharmaSource Direct
16.02	Does the pharmacy verify that the manufacturer/repackager of the API is an FDA-registered facility? *If so, list how this verified.*	Yes	Primary source verification by both the pharmacy and corporate.
16.03	Does the pharmacy use active ingredients that are not from an FDA facility? *If so, indicate sources*	No	
16.04	Does the computer track on-hand quantities of APIs used for compounding?	Yes	In PK software
17.00	Does the pharmacy use scales/balances for sterile compounding?	Yes	
17.01	If so, what type of scale/balanced is used? *List manufacturer and model number.*		2 Ohaus Explorers EX225/AD and 4 Ohaus EX423
17.02	If the scale/balance is electronic, does the pharmacy use the automatic calibration? *Describe process and indicate frequency.*	Yes	Daily manually calibrated and calibrated by annually Analytic and Precision.
18.00	Does the pharmacy have a **lyophilizer**?	No	
18.01	Where is the lyophilizer located? *Indicate location and ISO class of room*

An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
18.02	Note the products lyophilized, and the volume or percent of products per week produced using the lyophilizer.		
18.03	Is the lyophilizer part of the viable air and surface sampling, media fill testing procedures, and cleaning schedules and procedures?	N/A	
19.00	Does the pharmacy perform any testing in-house (not sent to an outside lab)? *If so, what tests are performed in-house?*	Yes	Bubble point and viable and nonviable surface and air sampling.
20.00	Does the pharmacy send samples to an outside lab to perform testing? *If so, provide the name of the lab performing testing for the pharmacy and what testing is performed.*	Yes	ARL and Pharmetric for potency, sterility and endotoxin testing.
21.00	**Quality Assurance/Quality Improvement:** Does the pharmacy continuous quality improvement program include sterile compounding measures? *Note: If the facility indicates "yes", please ask each question below to verify.*	Yes	
21.01	Does the pharmacy continuous quality improvement program include QREs related to the preparation of compounded products?	Yes	
21.02	Does the pharmacy continuous quality improvement program include nonviable environmental monitoring and testing?	Yes	
21.03	Does the pharmacy continuous quality improvement program include viable environmental testing?	Yes	
21.04	Does the pharmacy continuous quality improvement program include personnel testing and verification?	Yes	
21.05	Does the pharmacy continuous quality improvement program include equipment calibration, testing, etc?	Yes	
21.06	Does the pharmacy continuous quality improvement program include sterilization method testing and validation?	Yes	
21.07	Does the pharmacy continuous quality improvement program include end product testing (such as: potency, particulates, sterility, endotoxin, etc.)?	Yes

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
21.08	Does the pharmacy continuous quality improvement program include patient or prescriber reports or complaints regarding CSPs?	Yes	
21.09	Does the facility QA program identify action limits or thresholds and the appropriate follow-up mechanisms when action limits or thresholds are exceeded including a recall system?	Yes	
21.10	Does the recall system include communication with both the patient and the physician/prescriber regarding the potentially contaminated CSP administered and the potential risks?	Yes	
21.11	Are QREs involving CSPs that may have been contaminated or are recalled reported to the appropriate agency such as the Board of Pharmacy and/or FDA.	Yes	
21.12	Are all CFUs detected by any personnel, environmental, or product testing; or any other checks or tests including endotoxin, purity, potency, etc. remediated, appropriately investigated, cause determined, and processes implemented to prevent in the future, where applicable? Review QA trends	Yes	
	Component Selection and Use		
	Total Non-Compliant (Includes Unknowns)	**0**	
22.00	**Active Pharmaceutical Ingredients (APIs), bulk drug substances:** All bulk drug substances (APIs) used are: 1) Compliant with the standards of an applicable USP or NF monograph, if one exists; or 2) A component of an FDA-approved human drug product; or 3) On the list of bulk drug substances for use in compounding developed by the FDA and issued through regulation (note: must comply with (1) or (2) above until the FDA list is issued)	Compliant	
22.01	Certificates of analysis (COAs) obtained for all bulk APIs used for compounding. Verify by selecting products from the shelf from different suppliers and ask to see the COAs for those products. NOTE: The COA for an API should be reviewed upon receipt of the API to verify the quality of the API before being used for compounding.	Compliant	See Doc 07
22.02	USP- or NF-grade substances used, if available.	Compliant

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
22.03	If compendia quality components are not available, chemically pure, analytical reagent grade or American Chemical Society-certified components are used and are determined to be free from impurities.	Compliant	
22.04	APIs or other components have labeling indicating use for pharmaceutical compounding or manufacturing. Labels do not indicate "for research purposes only", "not for drug use", or are handwritten labels from other pharmacies. *Photograph and describe if found. Request copies of the invoices for products with questionable status.*	Compliant	
22.05	If compounding for both humans and animals, APIs or other components that are labeled for veterinary use only are segregated or marked in such a way to prevent them from being used for human compounding.	N/A	No animal compounding.
22.06	All substances and components have a complete label including a batch control or lot number, and an expiration date.	Compliant	
22.07	For APIs without an expiration date assigned by the manufacturer or supplier, the pharmacy assigns a conservative expiration date. The expiration date assigned is not greater than one (1) year, unless it is supported with data and/or testing. *Note: purity and quality testing may be performed to extend.*	N/A	All APIs have an expiration date.
22.08	All APIs are labeled with the date they were received.	Compliant	
22.09	If the pharmacy repackages APIs into smaller containers for ease of use, the expiration date assigned is conservative (typically the lesser of one year or the actual expiration from the original container). Product may be tested to extend the expiration date but may not exceed the original package expiration date.	N/A	
22.10	Bulk component containers are labeled with appropriate OSHA hazard communication labels and hazardous substances are segregated (including hormones).	Compliant	
23.00	There are no preparations for human use made or ingredients used that appear on the FDA list of drug products withdrawn or removed from the market for safety reasons (facility has a copy of the list or other way to determine).	Compliant

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
24.00	When manufactured products are used for compounding, all the other excipients (in addition to the active ingredient) in the manufactured product are considered relative to the use, effectiveness, and stability of the compounded preparation to be made.	Compliant	
25.00	For **animal compounding**, does the compounding meet the same standards as compounding for human patients?	N/A	No animal compounding.
25.01	The pharmacist is knowledgeable or has the most up-to-date references regarding the individual species' limitations in physiology and metabolic capacity that can result in toxicity when certain drugs or excipients are used.	N/A	
25.02	It is determined and documented if the animal is used for food (meat, milk, eggs, etc.) or that the animal is a pet.	N/A	
25.03	The pharmacist familiar with, or has the most up-to-date reference regarding drug residues in the food chain and withdrawal times if compounding for food-producing animals.	N/A	
25.04	The facility has a list of drugs and components not allowed when compounding for food-producing animals.	N/A	
25.05	The pharmacist is familiar with, or has the most up-to-date reference regarding regulations for drug use in performance animals (e.g., race or show horses, racing dogs)	N/A	
26.00	If the pharmacy compounds **stock solutions** or components (that are then used to compound a finished product) using APIs, these stock solutions are categorized as high-risk compounding.	Compliant	
26.01	The stock solutions are assigned BUD based on the USP<797> high-risk compound BUD, OR are assigned on the basis of direct testing or extrapolation from reliable literature sources to support an extended BUD.	Compliant	
26.02	Compounded preparations using the stock solution are classified as high-risk compounds with appropriate handling with regard to BUD and testing requirements.	Compliant

e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
Environment			
	Total Non-Compliant (Includes Unknowns)	**1**	
27.00	If the facility performs both sterile and nonsterile compounding, the areas are separated and distinct.	Compliant	
28.00	If the facility performs compounding using blood products (or other biological materials), this compounding area is separate and distinct from the general compounding areas.	N/A	No compounding with blood items.
28.01	Are components used in compounding with blood products restricted to the blood compounding area (not used in other compounding areas)?	N/A	
29.00	Entry into the sterile compounding areas is limited to task critical employees (limited to only the pharmacist(s) and other trained and authorized pharmacy personnel).	Compliant	
30.00	The anteroom has a line of demarcation or other separation of the dirty to the clean side. Note: the line of demarcation may NOT be the doorway between the anteroom and the clean/buffer room.	Compliant	
30.01	Carts used to bring supplies from the storeroom are kept on the outside of the line of demarcation.	Compliant	
30.02	Carts used in the clean/buffer room are kept on the clean side of the line of demarcation.	Compliant	
31.00	All surfaces of the sterile product compounding area carts, shelves, stools, chairs, and other items are resistant to disinfectants, non-permeable, non-carpeted or upholstered, and low particulate generating.	Compliant	
32.00	Walls are constructed of durable material, which is cleanable, such as epoxy-coated or heavy-gauge polymer material. *If panels are used, they are locked together and sealed.*	Compliant	
33.00	The ceiling surface shall be impervious and hydrophobic. *If tiles are used, they shall be locked and the seams between the tiles and where they meet the walls shall be caulked and sealed.*	Compliant	
34.00	The floor overlaid with wide sheet flooring and seamless or with heat welded seams, with coving to the sidewall, and a sealed seam where the coving meets the wall.	Compliant	
35.00	The clean/buffer room or anteroom does not have dust collecting overhangs.	Compliant

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
36.00	The exposed surfaces of:		
36.01	PEC are free of dirt, rust, chips and particulate matter.	Compliant	
36.02	Light fixtures are smooth, mounted flush, and sealed.	Compliant	
37.00	A working sink, located on the clean side of the line of demarcation, is available that enables pharmacy personnel to wash hands and enter the sterile compounding area without contaminating his/her hands and is away from/not adjacent to any PEC(s).	Compliant	
38.00	There is no sink or drain in the clean/buffer room.	Compliant	
39.00	Hand drying is with lint-free disposable towels, or an electronic or HEPA filtered hand dryer.	Compliant	
39.01	If using a hand dryer, particle count and smoke testing validation is performed while dryer is in use (while someone is actively using to dry their hands) at certification, and the immediate area around the dryer is part of the viable air and surface testing program performed. *(N/A if only using towels)*	N/A	
40.00	All air ducts controlling air flow into the sterile compounding clean/buffer room and anteroom are equipped with High Efficiency Particulate Air filtered air that maintains the cleanroom with an ISO Class 7 environment and the anteroom with an ISO Class 7 (when adjacent to HD cleanroom) or ISO Class 8 environment.	Compliant	
41.00	Incoming air ducts through HEPA filters are on or near the ceiling and air return ducts are low on the walls in the anteroom and clean/buffer room.	Compliant	
42.00	If there are particle generating equipment/appliances in the clean/buffer room or anteroom (e.g. computers, printers, refrigerators, dishwashers, etc), they are located by an air return so air flows over and out of the room taking particles with it, and this air flow has been confirmed by smoke testing while in use.	N/A	No particle generating equipment is located in any of the ante or buffer rooms.
43.00	Beverages including drinking water, chewing gum, candy, or food items are prohibited from the clean/buffer room or anteroom.	Compliant	
44.00	If compounding occurs using nonsterile ingredients, products, components, or devices (for example compounding with non-sterile APIs or using nonsterile vials and closures), the pharmacy has appropriate equipment to sterilize the finished product.	Compliant

e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
44.01	Pre-sterilization procedures for high risk level CSPs (such as weighing and mixing) are performed in no worse than an ISO Class 8 environment.	Compliant	
45.00	Completely enclosed anteroom and clean/buffer room (with a door) are equipped with monitors or gauges to measure differential pressure.	Compliant	
45.01	Anteroom is at least 0.02" wc positive pressure to general pharmacy areas.	Compliant	
45.02	Clean/buffer room is at least 0.02" wc positive pressure to Anteroom.	Compliant	
45.03	Hazardous compounding room and drug storage area is at least 0.01" wc negative pressure to ISO Class 7 anteroom.	Compliant	
45.04	Pressures are reviewed and documented on a log at least every work shift (minimum of once daily) or monitored by a continuous recording device. *View logs*	Compliant	Continuously monitored and pharmacist are alerted via email.
45.05	Written plan in place to detect and react to pressure differentials outside of limits.	Compliant	
46.00	If the clean/buffer room and anteroom are not fully enclosed (open or with plastic strips - no door that closes), the air flow is measured across the openings.	N/A	Anteroom and buffer rooms are fully enclosed.
46.01	The air flow is at least 40 feet per minute across the entire opening.	N/A	
46.02	Airflow is read and recorded each shift (minimum of once daily) or continuously recorded. *View logs.*	N/A	
46.03	Written plan in place to detect and react to air flow measurements outside of limits	N/A	
46.04	This area is used only for low- and medium-risk compounding (**HD and high-risk not allowed**).	N/A	
47.00	**Temperature:** The temperature of all compounding and drug storage areas shall be maintained in accordance with standards, and a written plan shall be in place and followed to address any excursions.	Compliant	
47.01	Temperature in the **compounding area** is maintained to provide comfortable working conditions for compounding personnel of 20° C or cooler (68° F or cooler); Temperature can be more restrictive if warranted by specific drug product storage requirements. *Temperature records are maintained.*	Compliant	65.85, 64.99 and 65.68 degrees F at time of inspection.

® National Association of Boards of Pharmacy® (NABP®). All rights reserved. Verified Pharmacy Program® Inspection Form

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
47.02	If drugs are stored in the compounding area, temperature monitoring is in place to detect any excursions (24/7) by continuous monitoring or retroactive detection using min/max. *Temperature records are maintained.*	Compliant	
47.03	Temperature monitoring is also performed in **drug storage areas** (if separate from the compounding areas). Temperature is maintained at controlled room temperature of 20° - 25° C (68° - 77° F) or as specified by FDA approved labeling for drug product storage.	Compliant	
47.04	Temperature monitoring in the **drug storage area** is performed at least once daily and documented. *Temperature records are maintained.*	Compliant	
47.05	Temperature in the **refrigerator or cooler** is maintained to provide controlled cold temperature of 2° to 8°C (36° to 46°F) or as specified by FDA approved labeling for drug product storage.	Compliant	Temperature at time of inspection was 3.93 degrees C.
47.06	Temperature monitoring in the **refrigerator** is performed at least once daily and documented. Additionally, compounding personnel shall note the storage temperature when placing the product into or removing the product from the storage unit in order to monitor any temperature aberration. Alternatively, continuous monitoring or retroactive detection using min/max may be used. *Temperature records are maintained.*	Compliant	
47.07	Temperature in the **freezer** is maintained to provide controlled frozen temperature of -25° to -10°C (-13° to 14°F) or as specified by FDA approved labeling for drug product storage.	Compliant	Alarms are set for a low of minus 25 and a high of minus 10 degrees C. Minus 16.69 degrees C at time of inspection.
47.08	Temperature monitoring in the **freezer** is performed at least once daily and documented. Additionally, compounding personnel shall note the storage temperature when placing the product into or removing the product from the storage unit in order to monitor any temperature aberration. *Temperature records are maintained.*	Compliant	
47.09	Action plan in place for any temperature excursions including evaluating excursion effects on drug product integrity for all temperature monitored areas.	Compliant	
48.00	**Humidity:** If warranted by specific drug products, humidity in the compounding area is maintained to provide humidity within the specified ranges. If drug products require storage in a "dry place", humidity is not to exceed 40%. (*Generally recommended range is 35-60% for performing sterile compounding.*)	Unknown	17.10%, 23.38% and 26.31% at time of inspection.
48.01	If applicable, humidity monitoring in place to detect any excursions (24/7) by continuous monitoring or retroactive detection using min/max. Humidity records are maintained.	Compliant

Verified Pharmacy Program® Inspection Form

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
48.02	If applicable, excursion action plan in place including evaluating excursion effects on drug product integrity.	Compliant	
48.03	If applicable, humidity monitoring is also performed in drug storage areas (if separate from the compounding areas).	Compliant	
49.00	Blowers on ISO 5 PECs are operated continuously during compounding activity, including during interruptions of less than eight hours.	Compliant	
50.00	When the ISO 5 PEC blower is turned off, and before other personnel enter to perform compounding activities, only one garbed person is allowed to enter the buffer area for the purposes of turning on the blower (for at least 30 minutes) and of sanitizing the work surfaces	Compliant	ISO 5 blowers run 24/7.
51.00	The doors into the anteroom from the general pharmacy area and from the anteroom into the clean/buffer room are prevented from both being open at the same time. *By interlocking, training of personnel, or signage.*	Compliant	Interlocking.
52.00	The inside and outside doors of a pass-through are prevented from both being open at the same time. *By interlocking, training of personnel, or signage.*	Compliant	Interlocking.
53.00	**If the PEC is a BSC or LAFW that is NOT located in an ISO Class 7 clean/buffer room**: BSC or LAFW has been certified to maintain ISO Class 5 during compounding activities.	N/A	All PECs are located in an ISO 7 area.
53.01	Used only for low-risk compounded preparations with a 12-hour or less BUD assigned. // we do not interchange	N/A	
53.02	All garbing requirements are adhered to.	N/A	
53.03	Located in an area that is maintained under sanitary conditions and only traveled by persons engaging in the compounding of sterile preparations.	N/A	
53.04	Location does not contain any unsealed windows or doors that connect to the outdoors or areas of high traffic flow, and is not adjacent to construction sites, warehouses, or food preparation areas?	N/A	
53.05	The sink is separated from the immediate area of the ISO Class 5 BSC or LAFW (not adjacent).	N/A

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
54.00	**If the PEC is a CAI/CACI that is NOT located in an ISO Class 7 clean/buffer room:** CAI/CACI has been certified to maintain ISO Class 5 under dynamic conditions including transferring of ingredients, components and devices, and during preparation of CSP.	N/A	All PECs are located in an ISO 7 area.
54.01	The pharmacy has documentation from the manufacturer that the CAI or CACI will meet this standard when located in worse than ISO Class 7 environments.	N/A	
54.02	The CAI or CACI is located in an area that is maintained under sanitary conditions and only traveled by persons engaging in the compounding of sterile preparations.	N/A	
54.03	The sink is separated from the immediate area of the CAI or CACI (not adjacent).	N/A	
54.04	For NIOSH hazardous compounding in a CACI that is NOT located in a clean/buffer room, the CACI is located in a physically separated area that maintains a negative pressure of 0.01" water column pressure to adjacent areas and a minimum of 12 ACPH.	N/A	
	Cleaning and Disinfection		
	Total Non-Compliant (Includes Unknowns)	**0**	
55.00	Are all personnel performing cleaning appropriately garbed?	Compliant	
56.00	Is the sterile compounding area equipped with appropriate nonshedding cleaning equipment and supplies? *All cleaning tools, such as wipers, sponges, and mops, must be nonshedding, dedicated to and labeled for use in either the buffer or clean area (no wooden handles are allowed).*	Compliant	
57.00	If cleaning tools are reused, is there a procedure to rinse and sanitize the tools and an appropriate clean storage area?	Compliant	
58.00	Are reusable tools appropriately labeled to prevent them from being used inappropriately?	Compliant	
59.00	For cleaning and sanitizing agents that are not "ready-to -use" formulations, are there formulas and instructions for mixing or diluting the agents prior to use and is the preparation documented?	Compliant	
60.00	Are cleaning and sanitizing agents appropriately labeled including expiration dates? *Verify no expired agents present*	Compliant

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
61.00	Are appropriate cleaning agents used that are effective for bacteria, viruses, fungi, and spores?	Compliant	
62.00	Is the ISO 5 PEC cleaned at the beginning of each shift, between compounding activities, at least every 30 minutes while compounding and after spills or suspected surface contamination?	Compliant	
62.01	If heavily soiled, cleaning includes the appropriate agent. *List agent(s) used.*	Compliant	Peridox RTU and Steriperox RTU. Decon-Spor Plus and TexQ as backups.
63.00	Does sanitizing of the ISO 5 PEC include sanitizing with sterile 70% IPA using a nonlinting wipe?	Compliant	
64.00	Does daily cleaning and sanitizing include counters and easily cleanable work surfaces?	Compliant	
65.00	Does daily cleaning include the floors starting from the clean/buffer room and working outwards? Floor cleaning is not to occur during compounding.	Compliant	
66.00	If fatigue mats are used, are they cleaned daily and let dry on both sides?	N/A	No fatigue mats.
67.00	Is a tacky mat used and if so, is there a procedure in place regarding replacement?	Compliant	
68.00	Are the ceilings, walls, all shelving, bins, carts, chairs, and the tops and sides of the primary engineering controls (PECs) thoroughly cleaned monthly? (*This includes removing everything from shelves and bins before cleaning, cleaning the undersides of cart surfaces and stools, wheels, etc.)* *Check inside bins and shelving for dust if you are unsure.*	Compliant	
69.00	Is enough time allocated for cleaning activities, including contact/dwell times for the cleaning/disinfection agents?	Compliant

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
Training *-Verify records of all compounding personnel (up to 10).*			
	Total Non-Compliant (Includes Unknowns)	**1**	
70.00	There is documentation that compounding personnel are appropriately trained including policies and procedures, documentation, hazardous drug handling, cleaning/disinfection/spills, garbing/gowning/hand hygiene, and aseptic technique. *Note that "compounding personnel" includes personnel performing compounding, supervising compounding, and performing verification of compounding.* List number of personnel training files viewed.	Compliant	2 pharmacists and 3 technicians. The pharmacy has been conducting sterile compounding less than six months.
70.01	All personnel performing compounding are not allowed to compound until training and initial testing is successfully completed.	Compliant	
70.02	All personnel that SUPERVISE compounding and/or perform verifications of other's compounding are not allowed to supervise or verify compounding until training and initial testing is successfully completed.	Compliant	
71.00	All personnel of reproductive capability who handle or compound hazardous drugs or chemicals have confirmed in writing that they understand the risks of handling hazardous drugs. *Teratogenicity, carcinogenicity, reproductive issues.*	Compliant	
72.00	There is documentation, such as an observational checklist, that all personnel (including housekeeping or other outside personnel) that perform cleaning activities in the compounding areas including hazardous compounding areas are appropriately trained in garbing, cleaning and disinfection.	Compliant	
73.00	There is documentation of training on the operation of any equipment that may be used when preparing compounded sterile products. *Documentation needs to include training on operation, and troubleshooting*	Compliant	
74.00	If the pharmacy uses relief personnel from outside agencies to perform sterile compounding, training and certifications are verified. View documentation.	N/A	No relief personnel.

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
75.00	There is documentation that all compounding personnel (including those supervising or performing verifications) have passed an initial written exam, and subsequent annual written exams for the appropriate compounding risk levels and NIOSH hazardous drugs when applicable. *Indicate frequency, if testing more than annually.*	Compliant	At least annually
76.00	There is documentation that all compounding personnel have passed an initial and subsequent annual competency assessments of aseptic compounding skills using observational audit tools including handling NIOSH hazardous drugs when applicable. Compounding skills evaluation to include use of equipment. *Indicate frequency, if testing more than annually.*	Compliant	At least annually
77.00	There is documentation that new compounding personnel have passed an initial observed gowning procedure and three gloved fingertip sampling tests? *Personnel must pass the tests upon initial validation before being allowed to compound. Action required if the tests yield any garbing deficiencies, or if the sampling results are >0 colony-forming units (CFU)/plate on the three initial validations. Indicate frequency, if testing more than annually.*	Compliant	Gowning and gloving is evaluated quarterly and gloved finger tip testing with each batch.
78.00	There is documentation that compounding personnel preparing low or medium risk-level products have passed an annual observed gowning procedure and gloved fingertip sampling test. *Action required if the tests yield any garbing deficiencies, or if the fingertip sampling results are >3 CFU (total both hands, all 10 fingers). Documentation to include type of media used, COA on media, incubation time and temperature and interpretation of results. Indicate frequency, if testing more than annually.*	N/A	Only high risk.
79.00	There is documentation that a media fill test procedure is performed for each compounding employee at least annually for individuals that prepare low or medium risk-level products. *The test conditions must closely simulate the most challenging or stressful conditions encountered during compounding of the highest risk level product and include any automation used in compounding. Media-filled vials are incubated and failure is indicated by visible turbidity in the medium on or before 14 days. Indicate frequency, if testing more than annually.*	Non-Compliant	Quarterly. PIC Mogen has not completed her current six month media fill.
80.00	The media-fill testing procedures include:		
80.01	Media selection (including obtaining COAs or growth promotion certificates from suppliers)	Compliant	
80.02	Fill Volume	Compliant

Verified Pharmacy Program® Inspection Form

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
80.03	Incubation time and temperature (Media-filled vials are generally incubated at 20° to 25° or at 30° to 35° for a minimum of 14 days. If two temperatures are used for incubation of media-filled samples, then these filled containers should be incubated for at least 7 days at each temperature.)	Compliant	
80.04	Inspection of filled units	Compliant	
80.05	Documentation	Compliant	
80.06	Interpretation of results	Compliant	
80.07	Action levels set with the corrective actions required	Compliant	In a SOP
81.00	**High-Risk Sterile Compounding:** There is documentation that compounding personnel have passed an observed gowning procedure and gloved fingertip sampling test every six (6) months. *Action required if the tests yield any garbing deficiencies, or if the sampling results are >3 CFU on both hands upon revalidation. Documentation to include type of media used, COA on media, incubation time and temperature and interpretation of results.* Indicate frequency, if testing more than every 6 months	Compliant	Gowning and gloving is evaluated quarterly and gloved finger tip testing is performed with each batch.
82.00	**High-Risk Sterile Compounding:** There is documentation that a media fill test procedure is performed for each compounding employee at least every six (6) months for individuals that prepare high risk-level products. *The test conditions must closely simulate the most challenging or stressful conditions encountered during compounding of the highest risk level product and include any automation used in compounding.* Media-filled vials are generally incubated at 20° to 25° or at 30° to 35° for a minimum of 14 days. If two temperatures are used for incubation of media-filled samples, then these filled containers should be incubated for at least 7 days at each temperature.	Compliant	Quarterly
83.00	**Failed testing:** Employees who have failed any testing are prohibited from compounding until training is performed/reviewed and subsequent testing is performed successfully.	Compliant	
83.01	Gloved fingertip tests that have failed have the organisms identified down to the genus to determine the most likely source of the contamination. This data is used to develop plans to prevent contamination.	Compliant	Belmar has an in-house lab for identification if any growth.
83.02	There is a plan to evaluate the sterile compounds prepared by an employee with failed gloved fingertip tests or media fills to detect potential contamination of the sterile preparations compounded.	Compliant

Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
Garbing			
	Total Non-Compliant (Includes Unknowns)	**0**	
84.00	Personnel are prohibited from compounding, or entering the clean/buffer room or anteroom if they have a rash, sunburn, weeping sores, conjunctivitis, or an active respiratory infection.	Compliant	
85.00	Personnel are required to remove all personal outer garments such as hats, scarves, sweaters, vests, coats, or jackets and any makeup or cosmetics before entering compounding areas.	Compliant	
86.00	Personnel are required to remove all hand and wrist jewelry, and all visible jewelry or piercings such as earrings, lip or eyebrow piercings, etc. before entering clean/buffer room.	Compliant	
87.00	Personnel are prohibited from wearing artificial nails or extenders, and required to keep natural nails neat and trimmed.	Compliant	
88.00	Garbing with dedicated shoes or shoe covers that are donned as the line of demarcation is crossed (with the dedicated or covered shoe never touching the same side of the line of demarcation as the dirty shoe).	Compliant	Sterile compounding was demonstrated by Ms Bailey.
89.00	Garbing includes head and facial hair covers and masks. *Note that facial hair requires both a facial hair cover AND a mask. Eye shields are optional unless using cleaning agents or preparing hazardous drugs. There is a method available to assure that all hair is covered.*	Compliant	Ms Bailey donned sterile coverall to include head hood and googles. There was no exposed skin.
90.00	Hand cleaning is performed in the anteroom and includes removing debris from under the nails with a nail cleaner followed by a vigorous washing of the hands and forearms with soap for at least 30 seconds with hands and arms then dried with a non-linting disposable towel or a hand dryer. *Scrub brushes are NOT recommended as they cause skin irritation and damage.*	Compliant	
91.00	The gown is nonshedding with sleeves that fit snugly around the wrists and enclosed at the neck.	Compliant	
92.00	All bare skin is covered on the arms and the legs (no bare ankles, wrists, etc.).	Compliant	
93.00	Prior to donning sterile gloves, a waterless alcohol based surgical hand scrub with persistent activity is used and hands allowed to dry. *Note: regular Purell Hand Sanitizer is NOT appropriate. Purell or other brand surgical hand scrub is appropriate - must have residual activity.*	Compliant	Avagard

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
94.00	Upon leaving the sterile product compounding area, gowns are taken off and disposed of, or if used for nonhazardous compounding they are left in the anteroom and not reused for longer than one shift.	Compliant	
95.00	Pharmacists or other personnel do NOT enter the anteroom and cross the line of demarcation without donning shoe covers or dedicated shoes. *Watch for personnel traversing back and forth across the line of demarcation without doffing and donning new shoe covers or dedicated shoes.*	Compliant	
96.00	Pharmacists or other personnel do NOT enter the clean/buffer room without fully washing and garbing (wearing just a mask to check technician's work, for example)	Compliant	
	Environmental Monitoring		
	Total Non-Compliant (Includes Unknowns)	**0**	
97.00	The most recent PEC and room certification report is available.	Compliant	CEM conducts the certification.
97.01	All ISO Class 7 and 8 SECs (clean/buffer rooms and anterooms) have been certified within the last 6 months. *If non-compliant, record the date of the last certification.*	Compliant	Hazardous-9/5/23 Non-hazardous 5/18/23
97.02	All ISO Class 5 PECs (laminar airflow workbenches or areas, BSCs, CAIs, CACIs, and barrier isolators) have been certified within the last 6 months. *If non-compliant, record the date of the last certification.*	Compliant	
97.03	Certification is performed at least every six months (view date of previous certification) and whenever a device or room is relocated or altered, or major service to the facility is performed. *If non-compliant, record the date of the previous certification.*	Compliant	Only one certification for the non-hazardous and hazardous areas since this is a newly constructed sterile compounding area.
97.04	Certification is performed to the Controlled Environment Testing Association (CETA) guide (USP: CETA CAG-003-2006 Certification Guide for Sterile Compounding Facilities) and is noted on the report.	Compliant	
97.05	If the certification standard used and noted on the report is NOT CETA CAG-003-2006, the facility has performed a comparison and determined the standard used is the same or better than the CETA CAG-003-2006 guide.	Compliant

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
97.06	The PIC/compounding supervisor is familiar with what testing is required and interpretation of results, ensures all testing is performed appropriately (under dynamic conditions where appropriate), has action levels identified, evaluates results to detect issues or trends, and action levels are further customized based on trended data of performance.	Compliant	
98.00	The certification report includes information about the equipment used for performing each test including: identification of the equipment used by model, serial number, last calibration date (or date when next calibration is due).	Compliant	
98.01	The equipment used had not exceeded its calibration date at the time of certification.	Compliant	
99.00	The HEPA filtered air changes per hour (ACPH) were measured for the compounding rooms.	Compliant	
99.01	ISO Class 7 sterile compounding room is certified as having a minimum of 30 ACPH with at least 15 ACPH from outside air sources. *Recirculated air from the PECs may account for up to 15 ACPH in nonhazardous classified rooms only.*	Compliant	
99.02	ISO class 7 anteroom is certified as having a minimum of 30 ACPH. *Anteroom must be ISO class 7 if connected to a NIOSH hazardous compounding clean/buffer room.*	Compliant	
99.03	ISO class 7 hazardous sterile compounding room is certified as having a minimum of 30 ACPH. *Typically all of the air will be from outside.*	Compliant	
99.04	If a CACI is used in a non-HEPA filtered room, the room is certified to maintain a minimum of 12 ACPH.	Compliant	
100.00	Air pattern analysis using smoke testing was performed under dynamic conditions (people working in the PECs and rooms). The smoke flow is described in the report for the various tests such as turbulent, sluggish, smooth, etc.	Compliant	
100.01	Air pattern analysis was conducted at the critical area (direct compounding area inside the ISO Class 5 PEC) to demonstrate **unidirectional** airflow and sweeping action over and away from the product under dynamic conditions (personnel compounding or simulating compounding in PEC).	Compliant

Verified Pharmacy Program® Inspection Form

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
100.02	Air pattern analysis was conducted to confirm positive pressure (and negative pressure into hazardous compounding rooms) at all points around all openings, doorways, and pass-throughs	Compliant	
100.03	Air pattern analysis conducted around particle generating equipment *while the equipment was in operation* to confirm air flow.	Compliant	
101.00	Differential air pressure between rooms was measured.	Compliant	
101.01	The differential pressure measured was at least 0.02" water column positive from the cleanroom to the anteroom and between the anteroom and all adjacent spaces with the doors closed.	Compliant	
101.02	The differential pressure measured was at least 0.01" water column negative from the hazardous clean/buffer room to the anteroom with the doors closed.	Compliant	
102.00	Displacement airflow between rooms or areas was measured. This is for a clean/buffer room without a door that closes to the anteroom - may be an open space or may have plastic strips in doorways.	N/A	
102.01	Displacement airflow (for low and medium-risk non-hazardous rooms only) was measured at a minimum differential velocity of 40 feet per minute from the cleanroom to the anteroom. *Note that it is very important to maintain this velocity across the entire opening and the report should indicate multiple points of measure across all openings.*	N/A	
103.00	Particle counts of particles 0.5um and larger were measured under dynamic conditions.	Compliant	
103.01	ISO Class 5 areas and PECs are certified as having less than 3,520 particles per cubic meter of air (100 particles per cubic foot).	Compliant	
103.02	ISO Class 7 areas are certified as having less than 352,000 particles per cubic meter of air (10,000 particles per cubic foot).	Compliant	
103.03	ISO Class 8 areas are certified as having less than 3,520,000 particles per cubic meter of air (100,000 particles per cubic foot).	Compliant	
104.00	HEPA filter tests were performed.	Compliant

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
104.01	All room HEPA filters were leak tested and if leaks found, they were fixed	Compliant	
104.02	All PEC HEPA filters were leak tested and if leaks found, they were fixed	Compliant	
105.00	PECs with failed tests are not used for compounding until the conditions are corrected and verified by subsequent testing.	Compliant	
106.00	Viable air (every six months) and surface sampling (periodically) tests have been conducted as required. *Document frequency*	Compliant	
106.01	Appropriate growth media used (containing tryptic soy agar medium with polysorbate and lecithin (TSApl) added to neutralize cleaning agents for surface sampling) with appropriate corresponding incubation time and temperature used. *Required to use media that supports both bacterial and fungal growth for high risk compounding.*	Compliant	
106.02	Viable air sampling by active impaction using a volumetric air sampling device. *NOTE: Passive air sampling or settling plates are not compliant with USP Chapter <797>.*	Compliant	
106.03	Air samples were taken in each ISO Class 5 PEC, and in each sterile compounding room and anteroom and volume sufficient volume of air (400-1000L) was collected? *Note: 1000L must be collected in ISO Class 5 PECs to be able to detect the action level. Room samples can be 400-1000L.*	Compliant	
106.04	Surface samples performed on all direct compounding areas inside of each ISO 5 PEC, in each ISO classified room, inside any pass-throughs, and on surfaces likely to be contaminated due to position relative to doorways, etc.	Compliant	
106.05	Viable air and surface samples did not exceed USP action levels (or internal action levels if more restrictive). Classification Air Sample Surface Sample ISO Class 5 >1 CFU/m3 >3 CFU/plate ISO Class 7 >10 CFU/m3 >5 CFU/plate ISO Class 8 >100 CFU/m3 >100 CFU/plate *CFUs are TOTAL of bacterial plus fungal/mold plates. If air sampling volume is less than 1000 liters (one cubic meter), the raw total microbial count must be multiplied by the appropriate factor to determine the number of CFU/cubic meter.*	Compliant

Verified Pharmacy Program® Inspection Form

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
106.06	CFUs detected by any means (viable air or surface sampling, gloved fingertip testing, failed sterility tests, etc.) are identified to the genus level. *All CFUs detected must be identified even if the number of CFUs does not exceed an action level.*	Compliant	
106.07	If the number of CFUs detected **in the rooms** exceeds action levels, begin immediate remediation (e.g. recleaning and retesting); and conduct investigation into the source(s) of the contamination.	Compliant	
106.08	If the number of CFUs detected **in the PECs** exceeds action levels, begin immediate remediation, (e.g. recleaning and retesting); and conduct investigation into the source(s) of the contamination.	Compliant	
106.09	If any highly pathogenic microbes (e.g. mold, yeast, coagulase positive staphylococcus, or gram negative rods) were detected (whether or not the number of CFUs exceeds action levels), begin immediate remediation(e.g. recleaning and retesting); and conduct investigation into the source(s) of the contamination.	Compliant	
107.00	Facilities performing routine air or surface sampling with internal qualified personnel routinely verify sampling procedures. Indicate the sample weight used to verify gravimetric and frequency of verifications.	Compliant	Weekly air and surface sampling. If any growth the culture is sent to Belmar.
	Equipment		
	Total Non-Compliant (Includes Unknowns)	**0**	
108.00	Appropriate equipment and utensils are available, clean, and in good working order. *Automated, mechanical, or electronic equipment (autoclaves, ovens, etc.) are periodically inspected, and calibrated yearly or in accordance with the equipment manufacturer guidelines.*	Compliant	
109.00	All environmental monitoring equipment and gauges (differential pressure gauges or probes, air flow and velocity measuring equipment for rooms not fully enclosed, etc.) are periodically inspected, and calibrated yearly or in accordance with the equipment manufacturer guidelines. Calibration is documented.	Compliant	New gauges. Will be calibrated annually.

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
110.00	All temperature and humidity (where applicable) monitoring devices (thermometers, hygrometers, probes, etc.) are periodically inspected, and calibrated yearly or in accordance with the equipment manufacturer guidelines. Calibration is documented	Compliant	AZ Air Balance Company
111.00	Automated Compounding Devices (ACDs) are used for sterile compounding (such as repeater pumps) and there is a P&P for the use and calibration.	Compliant	
111.01	There is documentation of the ACD tubing being changed or discarded every 24 hours	Compliant	With each compounding
111.02	The ACD is used when performing media fill testing.	Compliant	
	Compounding Procedures		
	Total Non-Compliant (Includes Unknowns)	**0**	
112.00	Gloves are disinfected with adequate frequency with an approved disinfectant, such as sterile 70% isopropyl alcohol (IPA).	Compliant	
113.00	Nonessential objects that shed particles are prohibited in the buffer or clean area, including pencils, cardboard cartons, paper towels, reading material, and cotton items (e.g., gauze pads)?	Compliant	
114.00	Essential paper related products (syringe overwraps, work records contained in a protective plastic sleeve) are wiped down with sterile 70% IPA before being brought into the buffer or clean area.	Compliant	
115.00	Supplies required for the scheduled operations of the shift are prepared by wiping the outer surface with sterile 70% IPA (or removing the outer wrap as the item is introduced into the aseptic work area) and brought into the buffer or clean area in a bin or on a movable cart.	Compliant	
116.00	Compounding employees are using appropriate aseptic technique. *May require inspector to garb and enter clean/buffer room. Pay attention to first air, entry and exit of materials in ISO Class 5 PEC, appropriate frequent sanitization of gloves, appropriate cleaning and cleanliness of the direct compounding area (DCA).* Compounding MUST be observed - if compounding is not being performed at the time of survey mark item as "Non-Compliant"	Compliant	Sterile compounding was demonstrated by Ms Bailey.

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
116.01	If compounding is not being performed at the time of survey, ask that a compounding pharmacist or technician prepare a compound for you to observe the compounding process. *If the pharmacy staff refuses or is unable to perform compounding for you to observe, document on the "Denial of Authorization" form. List individual who signs the Denial of Authorization.*		
117.00	Compounding personnel ascertain that ingredients for CSPs are of the correct identity and appropriate quality by reading vendors' labels, and a unit-by-unit physical inspection of the product before use.	Compliant	
118.00	All rubber stoppers, of vials and bottles and the necks of ampules are disinfected with sterile 70% IPA waiting for at least 10 seconds before they are used to prepare CSPs.	N/A	All sterile compounding is high risk starting with APIs.
119.00	Single-dose vials exposed to ISO Class 5 or cleaner air are used within six (6) hours of the initial puncture and any remaining contents discarded. *If exposed to less than ISO Class 5 air, used within 1 hour and discarded.*	N/A	
120.00	The remaining contents of opened single-dose ampules (or vials where container closure system has been removed) are discarded immediately. *May not be stored for any time period.*	N/A	
121.00	Multiple-dose vials formulated for removal of portions on multiple occasions are used within 28 days (or the manufacturer's specific BUD if less) after the initial entry or puncture and any remaining contents discarded.	N/A	
122.00	The compounding record is complete. *View several completed compounding records and answer each of the following questions. List records reviewed.*	Compliant	Sermorelin Acetate 2mg/ml and Gonadorelin Acetate 0.2mg/ml
122.01	Official or assigned name, strength and dosage of the preparation	Compliant	
122.02	Names, lot numbers and expiration dates of all components	Compliant	
122.03	Total quantity or number of units compounded	Compliant	
122.04	Person compounding the preparation	Compliant	
122.05	Person performing the quality control procedures	Compliant	
122.06	Person who approved the preparation	Compliant

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
122.07	Date of compounding	Compliant	
122.08	Assigned internal identification number or prescription number	Compliant	
122.09	Assigned BUD and reference if extended beyond USP guidelines	Compliant	
122.10	Duplicate label	Compliant	
122.11	Sterilization method (if applicable)	Compliant	
122.12	Indication of the quality control procedures to perform (testing, filter integrity, etc.) and results of the testing, quality control issues, and investigation/recall if applicable	Compliant	
123.00	Procedure for in-process checks is followed. *These checks indicate that appropriate procedures and packaging are followed for each step, including addressing pharmacist verification of steps performed by non-pharmacists and visual inspection of product. Documentation of the compounding accuracy is* ***recommended*** *to be performed by someone other than the compounder to ensure proper measurement, reconstitution, and component usage.*	Compliant	
124.00	Labels on BATCH preparations include the name and quantity of all contents, date, and time of preparation (or internal code indicating this information), preparer and verification pharmacist identifiers, stability (BUD), and any auxiliary labels indicated including appropriate packaging and labeling of hazardous materials.	Compliant	
125.00	Labels on PATIENT-SPECIFIC containers, in addition to standard label requirements, also include names and quantity or concentration of active ingredients, BUD, total volume, route of administration, storage conditions and other information for safe use.	Compliant	
126.00	Inspect several different finished products and look for any particulates. Do any of the finished products inspected show any evidence of particulates? *If so, list the products including lot and expiration date and obtain photos if possible.* **REQUEST THE PRODUCT BE QUARANTINED AND NOTIFY NABP IMMEDIATELY.**	Compliant

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
127.00	Preparations without additional stability testing or supported by data are assigned BUDs within USP<797> guidelines. **Low Risk:** 48 hours room temp, 14 days refrigerated, 45 days frozen **Medium Risk:** 30 hours room temp, 9 days refrigerated, 45 days frozen **High Risk:** 24 hours room temp, 3 days refrigerated, 45 days frozen	Compliant	
128.00	If extended BUDs are assigned, are they assigned on the basis of stability data extrapolated from reliable literature sources? *View records, preparation must exactly match the preparation used in the documentation including concentration of all active ingredients, excipients, etc.*	Compliant	
129.00	If extended BUDs are assigned, has the facility performed its own stability testing? *View records, preparation must exactly match the preparation tested by the facility including concentration of all active ingredients, excipients, etc. If so, view records for at least three products and list the products reviewed below.* List the products reviewed	Compliant	See Doc06
130.00	Compounded multiple-dose vials with extended BUDs assigned have additional instruction provided that indicates remainder must be discarded 28 days after first puncture or use.	Compliant	
131.00	**Filter sterilization** in an ISO 5 environment and documentation includes:		
131.01	If the compounded preparation contains large particles, a prefilter is placed upstream from the sterilizing filter.	Compliant	
131.02	The 0.2 micron sterile microporous membrane filter used to sterilize CSP solutions is chemically and physically compatible with the CSP; and the filter is intended for human-use applications for sterilizing CSPs (labeling on the filter does not indicate "research only" or "laboratory only", for example).	Compliant	
131.03	Is the appropriate capacity filter being used for the volume being filtered.	Compliant	
131.04	Filtering is completed rapidly without filter replacement.	Compliant

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
131.05	Confirmation of filter integrity/bubble testing is performed and value documented for each filter used with each batch sterilized by filtration. View documentation on compounding records of items sterilized by filtration to confirm.	Compliant	
132.00	**Steam sterilization** documentation includes:		No steam sterilization
132.01	The autoclave has been verified for the exposure time and mass of the items to be sterilized	N/A	
132.02	Ensures live steam contacts all ingredients and surfaces to be sterilized, effectiveness verified with biological indicators and temperature sensing devices	N/A	
132.03	Solutions are passed through a 1.2 micron or smaller filter into the final containers to remove particulates before sterilization	N/A	
132.04	That the CSP will not be adversely affected by the steam and heat	N/A	
132.05	The description of steam sterilization includes conditions and duration for specific CSPs	N/A	
132.06	That the effectiveness of steam sterilization is verified each time using appropriate biological indicators of Bacillus stearothermophilus and other confirmation methods such as temperature-sensing devices.	N/A	
133.00	**Dry heat sterilization** documentation includes:		No dry heat sterilization
133.01	Dry heat is only used for those items that cannot be sterilized by steam or would be damaged by moisture	N/A	
133.02	Sufficient space is left between materials to allow for air circulation	N/A	
133.03	The description of dry heat sterilization includes conditions and duration for specific CSPs	N/A	
133.04	That the effectiveness of dry heat sterilization is verified each time using appropriate biological indicators of Bacillus subtilis and other confirmation methods such as temperature-sensing devices.	N/A	
133.05	Heated filtered air is evenly distributed throughout the chamber with a blower and the oven is equipped with a system for controlling and recording temperature and exposure period.	N/A	
134.00	**Depyrogenation by dry heat** documentation includes:

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
134.01	Dry heat depyrogenation is used to render glassware and containers (such as vials) free from pyrogens as well as viable microbes	Compliant	
134.02	The description of the cycle and duration for specific load items	Compliant	
134.03	The effectiveness of the cycle is verified using endotoxin challenge vials (ECVs)	Compliant	
134.04	Bacterial endotoxin testing is performed on the ECVs to verify the cycle is capable of achieving a 3-log reduction in endotoxins	Compliant	
135.00	Other methods of sterilization are used with documented procedures and validation performed. *Indicate method*	N/A	
	Finished Preparation Release Checks and Tests		
	Total Non-Compliant (Includes Unknowns)	**0**	
136.00	Are products visually checked for particulates or other foreign matter against both a light and a dark colored background as a condition of release?	Compliant	
137.00	Are there checks for container, closure integrity and any other apparent visual defects?	Compliant	
138.00	Is compounding accuracy documented by verification of steps?	Compliant	
139.00	Is verification of ingredient identity and quantity verified? *Is there a reconciliation of components?*	Compliant	
140.00	Are labels verified as being correct and is a copy of the label included in the record? *Complies to regulation, contains the correct names and amounts or concentrations of ingredients, total volumes, BUDs, storage conditions, and route of administration.*	Compliant	
141.00	**Sterility testing (USP <71>).** *If testing is performed to a higher standard than the minimums below describe*		ARL
141.01	Sterility testing includes both bacterial and fungal testing.	Compliant	
141.02	Sterility testing is performed for all CSPs that have extended BUDS.	Compliant

Sterile Compounding Inspection

The information and comments obtained in the Nonsterile Compounding and Sterile Compounding Inspections are based on USP Chapters <795> and <797>.
An inspection against current Good Manufacturing Practices (cGMPs) was not conducted. There may be some overlap in concepts.

Facility Name: Women's International Pharmacy Inc
e-Profile ID: 758539
Inspection Date: 10/16/2023 & 10/19/2023

		Finding	Notes
141.03	Sterility testing is performed for high-risk CSPs prepared in batches of more than 25 identical containers	Compliant	
141.04	Sterility testing is performed for CSPs exposed longer than 12 hours at 2°C-8°C or longer than six hours at warmer than 8°C before being sterilized	N/A	Filter sterilized immediately after compounding.
141.05	The appropriate quantities of units are sterility tested. Parenterals, number of units in the batch is: 1. Not more than 100, test 10% or four units, whichever is greater 2. More than 100 but more than 500, test 10 units 3. More than 500, test 2% or 20 units, whichever is less For large volume parenterals: 2% or 10 containers, whichever is less. For non-parenterals (eye drops, inhalation, etc.): 1. Not more than 200 containers, test 5% or 2 containers, whichever is greater 2. More than 200, test 10 containers 3. If the product is packaged in unit doses, use the parenteral testing above.	Compliant	
141.06	For products failing testing, product is quarantined, and an investigation is performed including microbial identification and action taken. *View testing records and note any products with failed results and actions taken*	N/A	No failed testing.
141.07	If items are dispensed or distributed prior to sterility testing completion, there is a written procedure requiring daily observation of the incubated media. If there is any evidence of microbial growth, there is an immediate recall and both the patient and the physician/prescriber of the patient to whom a potentially contaminated CSP was administered are notified of the potential risk. *View testing records and note any products with failed results and actions taken*	N/A	No dispensing prior to sterility testing.
142.00	**Endotoxin testing (USP <85>).** *If testing is performed to a higher standard than the minimums below, describe*		
142.01	Is endotoxin testing performed for all high-risk level CSPs for administration by injection prepared in groups of more than 25 single-dose packages (such as ampules, bags, syringes, vials)	Compliant	
142.02	High-risk CSPs prepared in multiple dose vials for administration to multiple patients	Compliant	
142.03	High-risk CSPs exposed longer than 12 hours at 2°C-8°C (25°F-46°F) or longer than six (6) hours at warmer than 8°C (46°F) before they are sterilized	N/A	Filter sterilized immediately after compounding.
142.04	For products failing testing, product is quarantined, and an investigation is performed and action taken. *View testing records and note any products with failed results and actions taken*	N/A	No failed testing.

USP	United States Pharmacopeia
VAERS	Vaccine Adverse Event Reporting System
VFC	Vaccines for Children Program
WD	Wholesale distributor

Term	Definition
Dispense/dispensing	Pursuant to a patient specific prescription, labeled with patient name at the pharmacy
Distribute/distributing	Delivered/sent to a practitioner or health care facility for office use or further dispensing, no prescription, not labeled with a patient name at the pharmacy.
Type of Practice: Central Fill/Processing/ Shared Services	Where part of the prescription processing and dispensing process occurs at another location
Type of Practice: Closed Door	Such as a mail order facility, prescriptions cannot be picked up at the facility, all are sent
Type of Practice: HMO/PBM only	Limited to only the beneficiaries of the specific insurance program - no cash patients
Type of Practice: Institutional	Such as a hospital or jail
Type of Practice: Internet Pharmacy	Pharmacy advertises on the internet, patients fill/refill prescriptions and revise patient profile information on-line.
Type of Practice: Investigational Drugs, Clinical Trials or Research	Approved to handle investigational drugs
Type of Practice: Long Term Care	Nursing Home pharmacy
Type of Practice: Manufacturer	Registered with the FDA as a manufacturer
Type of Practice: Open to the Public	Patients are able to come into the pharmacy to pick up filled prescriptions and interact with a pharmacist
Type of Practice: Outsourcing Facility	Registered with the FDA as an Outsourcing Facility
Type of Practice: Provides Office Use	Distributes prescription and/or compounded preparations to providers for administration or resale. No prescription, not labeled with a patient name by the pharmacy.
Type of Practice: Specialty Pharmacy	Business is primarily with specialty drugs and works with specific disease states
Type of Practice: Telepharmacy	Pharmacy oversees a remote location staffed by a technician supervised via audio/visual system by a pharmacist at this facility.
Type of Practice: Traditional retail	Also known as Community Pharmacy.
Type of Practice: Veterinary Pharmacy	Pharmacy business is primarily or exclusively for animals.
Type of Practice: Wholesale Distributor	Pharmacy is licensed or registered as a wholesale distributor

Inspector Remarks:

Performing on-site new non-resident sterile compounding inspection at Women's International Pharmacy, Inc in Youngtown, AZ. PIC Susan (Sue) Mogen, Arizona facility Quality Manager Dana Larson, and Belmar Pharma Solutions Vice President of Quality Anne Szilagyi are present and assisting in the inspection.

PIC Mogen's Contact information is: E-mail: smogen@womensinternational.com Phone: 800-699-8143

Women's International Pharmacy was founded in 1985. The Arizona facility is one of two Women's International Pharmacies licensed with the State of California. The other is in Madison, Wisconsin (NRP2519), which was originally licensed with CA in 1991. The Arizona location has been licensed as a CA Non-Resident Pharmacy (NRP) since September 2003 with the current NRP2520 issued in March 2021. Women's International Pharmacy was acquired by Belmar Pharma Solutions (BPS) and became part of the BPS organization in March 2021.

Women's International Pharmacy specializes in providing primarily compounded bioidentical hormone replacement therapies to patients in all 50 states, including California, through non-sterile compounding up to this point. The facility has now applied with the CA Board of Pharmacy to add a non-resident sterile compounding license to be able to provide sterile products in addition to their current offerings. They are also in the process of applying to other states for their sterile compounding licenses. Per Quality V.P Szilagyi, part of the strategy to obtain sterile compounding licenses is to have some company redundancy for sterile compounding as Belmar has one other company owned 503A facility in Florida.

The facility has 21,700 square feet. Aside from the compounding areas, there is an entry/reception area, a conference room, staff break room, warehouse area, customer service area with work stations, etc. There are currently 42 employees with three full time employees working in the quality department. PIC Mogen states they fill approximately 300 - 500 prescriptions per day.

An entire tour of the facility was taken during inspection. The compounding area is

INSPECTION REPORT

completely new. An entire construction project was commenced in September 2021 and was recently completed. There are brand new rooms and defined areas for each step of the sterile and non-sterile compounding process. These include two separate sterile compounding suites for HD and non-HD sterile compounding.

Other Inspections:

- NABP inspection was completed approximately two years ago and per PIC Mogen they are expected to inspect again soon.
- Arizona Board of Pharmacy inspected the new construction for the compounding area in March 2023.

LSC Inspection:

The new compounding area is a state of the art extensive modular suite with a number of different areas including:

- Staff locker rooms
- Sterile Packaging Room
- Sterile glass room
- Dish washing room
- Storage areas
- Locked chemical storage rooms
- Decontamination room

Compounding Area:

- Flooring: Sheet vinyl throughout
- Walls: Clean and washable
- Sink: Stainless steel in ante rooms
- Emergency Eye Wash Station: Outside classified areas. Additional eye wash bottles inside compounding areas.
- Air Pressure Monitoring: Electronic and continuous

Positive Pressure Ante Room: Room 110A

- ISO7
- Air Exchanges Per Hour: 53.6
- Air Pressures: +0.032
- Stainless steel sink
- Line of Demarcation embedded in sheet vinyl
- Mirror
- Stainless steel benches

INSPECTION REPORT

Compounding Log:
- Several batch records reviewed
  - Estriol/Estradiol/Progesterone/DHEA 3.6/0.9/100/20 Lot # 09262023@131
- Batch records are produced in PK software
- Each batch record reviewed complied with assigned BUD from shortest date of ingredients used.

Controlled Substances:
- Diazepam suppositories
- Gabapentin topical
- Testosterone
- No schedule II controlled substances in inventory

Cleaning Documentation:
- Documentation recorded in Pestle system
- Cleaning will be performed by pharmacy staff only

Refrigerator/Freezer Logs:
- Recorded in Enteliweb system
- Data is sent to the Delta Control system
- If out of range, message is sent to facility staff

Security:
- Employee badge readers for access to all licensed areas
- Security cameras throughout facility
- Alarm system in place

Cleaning Agents:
- PREempt
- Peridox
- Deco-Spore
- Tex-Q
- Sterile IPA

Training:
- Fingertip testing every three months
- Media fill testing every three months
- Observational competencies

INSPECTION REPORT

HD area
- Environmental Viable Sampling:
  - Passed during certification
- Air Exchanges:
  - Passed during certification
- HEPA Filtration:
  - HEPA filters in ceiling throughout classified area

Smoke Tests:
- Viewed with Quality Manager Larson during inspection

PPE/Garbing:
- All required PPE is available in all required locations of the facility
- Sterile gloves that meet ASTM D 678 requirements are available
- Bootie Butler system is utilized throughout the compounding area

BUD's:
- 180 days maximum currently for non-sterile products
- 60 days maximum for sterile products pending the new USP guidelines taking effect 11/1/23

Labeling:
- Reviewed several labels during tour of facility
  - Estriol/Estradiol/Progesterone/DHEA 3.6/0.9/100/20 Lot # 09262023@131
  - Progesterone 120mg/gm Cream Lot # LG1832718
- All required elements are on label.

Adverse Drug Reactions:
- Complaint process in place
- Information obtained on initial call
- Further investigated by compounding Manager and quality dept.
- Complaints are reviewed on a monthly basis

Master Formula:
- Reviewed for:
  - Estriol/Estradiol/Estrone 2.5/0.75/0.25 mg/gm Versapro ANH
  - Estriol/Estradiol/Estrone/Progesterone Olive 0.5/0.63/0.063/100mg Oil Capsule
  - Discussion to ensure clear directions on Master Formula for compounding personnel

INSPECTION REPORT

- Garbing qualification
- Hand washing
- SOP training
- Aseptic technique
- Videos reviewed
- Etc.

- Quality Manager Larson under the supervision of V.P Szilagyi leads an extensive training program.

Pharmacist Review Process:
- Observed during inspection
- Pharmacist K.L. explained and demonstrated the pharmacist review process

Standard Operating Procedures:
- Corporate SOPs in place
- Facility/site specific SOPs in place
- Reviewed annually by PICs

Quality Assurance Program:
- Process Validation:
  - Process discussed with PIC
  - Will be implemented upon licensing of the sterile compounding area

Wholesaler:
- Amerisource Bergen
- Letco
- Medisca
- Willow Birch
- Spectrum
- Supriya Life Sciences Limited
- Biopeptek

Reverse Distributor:
- 123 Compliant Logistics

Shipping:
- Shipping to all 50 states
- Shipping area toured
- Shipping staff member Brandon was interviewed and observed for shipping process

INSPECTION REPORT

- USPS, Fed Ex, UPS all utilized
- Shipping guidelines in place for temperature monitoring
- Shipping studies have been performed
- Temperature indicators included in every shipment requiring temperature monitoring.
- Refrigerated products shipped in insulated containers with ice packs and a temperature monitor

Education During Inspection:

- Ensure all API used for sterile compounding meets requirements for sterile products
- Security - Always ask for credentials from anyone representing themselves as being from a regulatory agency to ensure they are who they say they are.
- Security - Beware of scam callers representing themselves as being from a regulatory agency who threaten the status of your license and request money. No one from the CA Board of Pharmacy will call and request money.
- Security - Be aware of scam callers representing themselves as an agency that is asking for your wholesaler account number. There are scams that will order product under your account number, then call and say it was a mistake and want to pick up the order that is being delivered and steal the product.
- Date and label any open bottle, i.e. sterile IPA to indicate either date of opening and/or expiration date after opening and removal from sterile packaging.

If there have been changes in your policies and procedures in the last year, please provide an electronic copy of the new or changed polices and procedures. You may do this by sending a disk or CD to the Board or e-mail the new policies and procedures to: compounding.pharmacy@dca.ca.gov. Please use the pharmacy's California sterile compounding license number (LSC or NSC and five-digit number) on the disk, CD, or in the subject line of the e-mail to ensure proper identification. Please identify or list the changes to your procedures. Failure to identify or list the changes will hinder timely renewal.

Discussion:

Follow-up questions may be referred to Inspector Matthews at lyle.matthews@dca.ca.gov or to (909) 255-2973.

Comments:

1. Prior to Service:
☑ This instrument was within tolerance and customer specifications
☐ This instrument was NOT within tolerance and customer specifications

2. After Service:
☑ This instrument IS WITHIN TOLERANCE and customer specifications
☐ This instrument is OUT OF TOLERANCE: DO NOT USE THIS INSTRUMENT. Significant out of tolerance may affect end product.

Analytical & Precision Balance Co., Inc. has developed a format and procedure for the estimation of uncertainty of all calibrations that it does. The Combined Type A and B Uncertainty Report includes the standard deviation on repeatability measurements and worst-case eccentricity. The reported Expanded Uncertainty of Measurement is stated with a Coverage Factor of k=2 with a provided level of confidence: approximately 95%. Measurements reported are traceable to SI units via standards traceable to N.I.S.T. The report containing all the Uncertainty Calculations is a separate report and is available at client's request for an additional fee. This Certificate of Calibration applies only to the specific instrument identified by the serial #. Each client should analyze their Certificate of Calibration to determine impact to their scope of business. Simple Acceptance Decision Rule: WITHIN TOLERANCE or OUT OF TOLERANCE does not take Expanded Uncertainty of Measurement into account.

This Certificate of Calibration applies only to the specific instrument identified by the serial #. Each client should analyze their Certificate of Calibration to determine impact to their scope of business. Simple Acceptance Decision Rule; WITHIN TOLERANCE or OUT OF TOLERANCE does not take Expanded Uncertainty of Measurement into account.

All ISO 17025 accredited calibrations performed by Analytical & Precision Balance Co., Inc. RSR are done using N.I.S.T. Traceable weight standards issued from an ISO 17025:2017 Accredited Metrology Laboratory. These weight standards are submitted to the Metrology Lab on an annual basis. The Metrology Weight Reports are available upon client's request. The Traceable Certificate Number issued for the weight standards used during this calibration:

Combined Uncertainty	Expanded Uncertainty
0.000012 g	0.000023 g

Comments:
First time calibrating

1. Prior to Service:
☐ This instrument was within tolerance and customer specifications
☑ This instrument was NOT within tolerance and customer specifications

2. After Service:
☑ This instrument IS WITHIN TOLERANCE and customer specifications
☐ This instrument is OUT OF TOLERANCE: DO NOT USE THIS INSTRUMENT. Significant out of tolerance may affect end product.

Analytical & Precision Balance Co., Inc. has developed a format and procedure for the estimation of uncertainty of all calibrations that it does. The Combined Type A and B Uncertainty Report includes the standard deviation on repeatability measurements and worst-case eccentricity. The reported Expanded Uncertainty of Measurement is stated with a Coverage Factor of k=2 with a provided level of confidence: approximately 95%. Measurements reported are traceable to SI units via standards traceable to N.I.S.T. The report containing all the Uncertainty Calculations is a separate report and is available at client's request for an additional fee. This Certificate of Calibration applies only to the specific instrument identified by the serial #. Each client should analyze their Certificate of Calibration to determine impact to their scope of business. Simple Acceptance Decision Rule: WITHIN TOLERANCE or OUT OF TOLERANCE does not take Expanded Uncertainty of Measurement into account.

+/-0.005 g — Tolerance Value

All ISO 17025 accredited calibrations performed by Analytical & Precision Balance Co., Inc. RSR are done using N.I.S.T. Traceable weight standards issued from an ISO 17025:2017 Accredited Metrology Laboratory. These weight standards are submitted to the Metrology Lab on an annual basis. The Metrology Weight Reports are available upon client's request. The Traceable Certificate Number issued for the weight standards used during this calibration:

20212371J

Calibration Instructions: Internal Cal. ☐ External Cal. ☑ Standard Cal. Procedure ☑ Handbook 44 ☐

List Weights Used	0.5 g	1 g	150 g	300 g
1. Prior to Service	0.500 g	1.000 g	150.000 g	300.000 g
Tolerance Error	0.000 g	0.000 g	0.000 g	0.000 g
2. After Service	0.500 g	1.000 g	150.000 g	300.000 g

	Weight Used			
Corner Load	100g	Prior to Service	2 0.000 g	3 +0.001 g
			1 0.000 g	4 0.000 g

0.00044 g	0.00087 g

Comments:

1. Prior to Service:
☑ This instrument was within tolerance and customer specifications
☐ This instrument was NOT within tolerance and customer specifications

2. After Service:
☑ This instrument IS WITHIN TOLERANCE and customer specifications
☐ This instrument is OUT OF TOLERANCE: DO NOT USE THIS INSTRUMENT. Significant out of tolerance may affect end product.

Analytical & Precision Balance Co., Inc. has developed a format and procedure for the estimation of uncertainty of all calibrations that it does. The Combined Type A and B Uncertainty Report includes the standard deviation on repeatability measurements and worst-case eccentricity. The reported Expanded Uncertainty of Measurement is stated with a Coverage Factor of k=2 with a provided level of confidence: approximately 95%. Measurements reported are traceable to SI units via standards traceable to N.I.S.T. The report containing all the Uncertainty Calculations is a separate report and is available at client's request for an additional fee. This Certificate of Calibration applies only to the specific instrument identified by the serial #. Each client should analyze their Certificate of Calibration to determine impact to their scope of business. Simple Acceptance Decision Rule; WITHIN TOLERANCE or OUT OF TOLERANCE does not take Expanded Uncertainty of Measurement into account.

All ISO 17025 accredited calibrations performed by Analytical & Precision Balance Co., Inc. RSR are done using N.I.S.T. Traceable weight standards issued from an ISO 17025:2017 Accredited Metrology Laboratory. These weight standards are submitted to the Metrology Lab on an annual basis. The Metrology Weight Reports are available upon client's request. The Traceable Certificate Number issued for the weight standards used during this calibration:

Comments:

1. Prior to Service:
☑ This instrument was within tolerance and customer specifications
☐ This instrument was NOT within tolerance and customer specifications

2. After Service:
☑ This instrument IS WITHIN TOLERANCE and customer specifications
☐ This instrument is OUT OF TOLERANCE: DO NOT USE THIS INSTRUMENT. Significant out of tolerance may affect end product.

Analytical & Precision Balance Co., Inc. has developed a format and procedure for the estimation of uncertainty of all calibrations that it does. The Combined Type A and B Uncertainty Report includes the standard deviation on repeatability measurements and worst-case eccentricity. The reported Expanded Uncertainty of Measurement is stated with a Coverage Factor of k=2 with a provided level of confidence: approximately 95%. Measurements reported are traceable to SI units via standards traceable to N.I.S.T. The report containing all the Uncertainty Calculations is a separate report and is available at client's request for an additional fee. This Certificate of Calibration applies only to the specific instrument identified by the serial #. Each client should analyze their Certificate of Calibration to determine impact to their scope of business. Simple Acceptance Decision Rule; WITHIN TOLERANCE or OUT OF TOLERANCE does not take Expanded Uncertainty of Measurement into account.

Comments:

1. Prior to Service:
☑ This instrument was within tolerance and customer specifications
☐ This instrument was NOT within tolerance and customer specifications

2. After Service:
☑ This instrument IS WITHIN TOLERANCE and customer specifications
☐ This instrument is OUT OF TOLERANCE: DO NOT USE THIS INSTRUMENT. Significant out of tolerance may affect end product.

Analytical & Precision Balance Co., Inc. has developed a format and procedure for the estimation of uncertainty of all calibrations that it does. The Combined Type A and B Uncertainty Report includes the standard deviation on repeatability measurements and worst-case eccentricity. The reported Expanded Uncertainty of Measurement is stated with a Coverage Factor of k=2 with a provided level of confidence: approximately 95%. Measurements reported are traceable to SI units via standards traceable to N.I.S.T. The report containing all the Uncertainty Calculations is a separate report and is available at client's request for an additional fee. This Certificate of Calibration applies only to the specific instrument identified by the serial #. Each client should analyze their Certificate of Calibration to determine impact to their scope of business. Simple Acceptance Decision Rule; WITHIN TOLERANCE or OUT OF TOLERANCE does not take Expanded Uncertainty of Measurement into account.

1. Prior to Service:
☑ This instrument was within tolerance and customer specifications
☐ This instrument was NOT within tolerance and customer specifications

2. After Service:
☑ This instrument IS WITHIN TOLERANCE and customer specifications
☐ This instrument is OUT OF TOLERANCE: DO NOT USE THIS INSTRUMENT. Significant out of tolerance may affect end product.

Analytical & Precision Balance Co., Inc. has developed a format and procedure for the estimation of uncertainty of all calibrations that it does. The Combined Type A and B Uncertainty Report includes the standard deviation on repeatability measurements and worst-case eccentricity. The reported Expanded Uncertainty of Measurement is stated with a Coverage Factor of k=2 with a provided level of confidence: approximately 95%. Measurements reported are traceable to SI units via standards traceable to N.I.S.T. The report containing all the Uncertainty Calculations is a separate report and is available at client's request for an additional fee. This Certificate of Calibration applies only to the specific instrument identified by the serial #. Each client should analyze their Certificate of Calibration to determine impact to their scope of business. Simple Acceptance Decision Rule; WITHIN TOLERANCE or OUT OF TOLERANCE does not take Expanded Uncertainty of Measurement into account.

Zhejiang Xianju Pharmaceutical Co., Ltd
Certificate of Analysis

Product	Estriol	Batch No	Z200101
Batch No	QC081-230310	Test Date	2023-05-07
Amount	16.250kg	Manufacture Date	2023-03-11
According To	USP 2020-05-01 And Customer Standard	Retest Date	2026-03-11

ITEM	SPECIFICATION	RESULT
Appearance	White or almost white crystalline powder	Almost white crystalline powder
Identification	A. Complies by IR	Conforms
Identification	B. Complies by HPLC	Conforms
Specific Rotation	+81° ~ +82°	+81.0°
Residue On Ignition	≤0.1%	0.06%
Loss On Drying	≤0.5%	0.2%
Related Substances	16A, 17a-Estriol≤0.5%	Not detected
Related Substances	Estriol related compound A≤0.5%	0.01%
Related Substances	16β-Estriol≤0.5%	0.07%
Related Substances	17b-Estriol≤0.5%	Not detected
Related Substances	Estrone≤0.5%	Not detected
Related Substances	Estradiol≤0.5%	Not detected
Related Substances	3-O-Methyl estriol≤0.5%	Not detected
Related Substances	Any individual impurity ≤0.10%	0.07%
Related Substances	Total impurities(include estriol related compound A) ≤1%	0.22%
Residual Solvents	Methanol≤3000ppm	40ppm
Residual Solvents	Acetone≤5000ppm	Not detected
Residual Solvents	Ethyl acetate≤5000ppm	6ppm
Residual Solvents	Cyclohexane≤3880ppm	Not detected
Assay	Contains 97.0% to 102.0% (C18H24O3 calculated on the dried basis	100.1%
Particle Size (Volume Method)	D90≤10μm	8μm

Conclusion: The Product Conforms To USP 2020-05-01 And Customer Standard.

PLOT NO : 426, I.D. PHARMA CITY, PARAWADA MANDAL, ANAKAPALLI A.P. INDIA

Calculating Levothyroxine (T4) loss on drying potency

(as per USPC vol. 14 no. 4 p. 306)

Lot: 2303150010 Manufacturer: Letco

Date: 8/1/2023 EXP: 2/17/2026

Standard Conversion of 'sodium' to 'base' (MW 776.87/798.65)

Conversion: 97.20%

TEST 1 Loss on drying % = 9.14%

TEST 2 Assay % 99 = 99.30%

STEP 1	100%	-	Loss on drying	=	Dried levothyroxine sodium %
STEP 2	Dried levo %	x	Assay %	=	Levothyroxine Sodium USP potency
STEP 3	Levo Sodium%	x	97.2% (standard base conversion)	=	Levothyroxine USP potency

100%	-	9.14% Loss on drying %	=	90.86%	Dried levothyroxine sodium %
90.86% Dried levo sodium%	x	99.30% Assay %	=	90.22%	Levothyroxine Sodium USP potency
90.22% Levo sodium%	x	97.20% 97.2% (standard base conversion)	=	87.70%	Levothyroxine USP potency

**Excel program automatically converts to percent - when checking by calculator you must divide the answer by 100.*

Calculating potency adjustment factor:

want	Potency %	x	Adjustment factor	=	100%
therefore	100%	÷	Potency %	=	Adjustment factor

**This is a factor not a percent*

If potency is under 100%	100%	÷	87.70% Low potency %	=	1.140 Adjustment in decimal form	Use loss on drying adjustment

**This number is what we multiply with the theoretical weight to get the actual weight*

Spectrum Chemical Mfg Corp
14422 South San Pedro Street
Gardena 90248 CA

All pharmaceutical ingredients are tested using current edition of applicable pharmacopeia.

Read and understand label and SDS before handling any chemicals. All Spectrum's chemicals are for manufacturing, processing, repacking or research purposes by experienced personnel only. It is the customer's responsibility to provide adequate hazardous material training and ensure that appropriate Personal Protective Equipment (PPE) is used before handling any chemical.

The Elemental Impurities standards implemented by USP and other Pharmaceutical Compendia reflect a growing understanding of the toxicology of trace levels of elemental impurities that can remain in drug substances originating from either raw materials or manufacturing processes. Identifying and quantifying impurities can be critical to predicting the best possible patient outcomes. Elemental Impurities has been a requirement of all products meeting USP/NF, EP and BP monographs since January 1, 2018. More information can be found in USP sections <232> Elemental Impurities – Limits and <233> Elemental Impurities – Procedures. Data for drug substances furnished by Spectrum Chemical Mfg. Corp can be used to ensure that patient daily exposures by oral administration to the selected elements are not exceeded in the formulation of pharmaceutical products.

Spectrum Chemical Mfg. Corp. repackages Active Pharmaceutical Ingredient chemicals provided by other manufacturers and suppliers. For traceability purposes, Spectrum's Certificate of Analysis contains an identifier code unique to each manufacturer or supplier, as well as the chemical's lot number provided on the original manufacturer Certificate of Analysis. This material is manufactured by Zhejiang Xianju Pharmaceutical Co. Ltd. at No. 1 Xianyao Road, Xianju, Zhejiang 317300, China. Copies of the original Certificate of Analysis are available upon request from your Spectrum Sales Representative or by calling Spectrum's Quality Department at 1-800-772-8786.

SPL Class 3 Solvent Presence Calculation for Thyroid, Full Strength API (adendum to Thyroid, Full Strength C of A)

Class 3 solvents are considered less toxic, and control to 50 mg/day or less for each of these solvents are acceptable without justification.

USP <467> limits the residual solvent content of a finished drug product, it does not apply directly to excipients, drug substances, or dietary ingredients except where specified in the individual monographs.

It is the responsibility of the compounder or manufacturer of the finished product to ensure that the total residual solvent content meets relevant requirements of the permitted daily exposure within USP <467>.

Class 3 Permitted Daily Exposure: 5,000 ppm = 50 mg/day "allowance" BASED on 10,000 mg Daily Dosage

Solvent	Amount	Solvent % Equivalent	Thyroid Daily Dosage Equiv.	Class 3 Solvent Daily Presence	
Class 3	1 ppm	0.0001%	N/A	N/A	N/A
Class 3	5,000 ppm	0.5000%	10,000.00 mg	50 mg/Day	5,000 ppm
IPA*	47,500 ppm	4.7500%	19.17 mg	0.911 mg/Day	91 ppm @ 1 Grains/Day (as FS)
IPA*	47,500 ppm	4.7500%	115.04 mg	5.465 mg/Day	546 ppm @ 6 Grains/Day (as FS)
IPA*	47,500 ppm	4.7500%	958.70 mg	45.538 mg/Day	4,554 ppm @ 50 Grains/Day (as FS)
Heptane*	500 ppm	0.0500%	115.04 mg	0.058 mg/Day	6 ppm @ 1 Grains/Day (as FS)
Heptane*	500 ppm	0.0500%	249.26 mg	0.125 mg/Day	12 ppm @ 6 Grains/Day (as FS)
Heptane*	500 ppm	0.0500%	958.70 mg	0.479 mg/Day	48 ppm @ 50 Grains/Day (as FS)

*Tested by Outside Laboratory

Thyroid USP Concentration Factor: 3.39

65.00 mg/Day = 1 Grain
19.17 mg/Day (as FS)= 1 Grain
115.04 mg/Day (as FS)= 6 Grains
249.26 mg/Day (as FS)= 13 Grains
958.70 mg/Day (as FS)= 50 Grains

Thyroid, Full Strength API Lot #: [redacted]

Typical Daily dose (of Thyroid USP) per 1 kg (2.2 lbs) of body weight (for Congenital Hypothyroidism) = 1.2 - 1.8 mg for age Over 12 Years**

Example, based on: 217 kg person (477 lb equiv.), this would be equivelent to 390.00 mg dosage Thyroid USP/Day

390.00 mg dosage Thyroid USP/Day is equivelent to 6.00 Grains dosage Thyroid USP/Day (@ 1 Grain = 65 mg Thyroid USP (per USP))

Our example is to demonstrate that above person weight is not a typical average weight for an individual and thus @ 6 Grains/Day is NOT a typical MAX dosage amount for an average individual. Thus, this is the basis for using 6 Grains/Day (as max) in determining the IPA/Heptane PPM/Daily presence.

**dosage indication from Nature-Throid; Armour; NP-Thyroid Prescribing Information

Quality Assurance

Nonsterile Compounded Products with extended BUD

Bracketed study performed for single ingredients:

Compounded in our standard cream base.

Estrone -- 0.5 and 10 mg/gm

Estradiol 0.7 and 20 mg/gm

Estriol 0.5 and 100 mg/gm

Progesterone 2 and 200 mg/gm

Dhea 1.25 and 200 mg/gm

7-Keto-Dhea 1 and 100 mg/gm

Hydrocortisone 5 and 100 mg/gm

Pregnenolone 1 and 200mg/gm

Chrysin 5 and 200 mg/gm

Testosterone 0.5 and 200 mg/gm

All formulations remained stable for 180 days, assigned 180 day BUD

Combined Estrone, Estradiol, Estriol, Progesterone, Dhea, 7-keto Dhea, Hydrocortisone, Pregnenolone, Chrysin, Testosterone into 1 formulation in our standard cream base - potency over time testing performed for 360 days and formulation remained stable. Assigned 180 day BUD.

Testing performed by CIAL using UHPLC coupled with PDA (Ultra-High Performance Liquid Chromatography coupled with Photodiode Array detection). Individual lab reports certificate of analysis can be viewed during inspection visit.

next to your initials, it is assumed that compounding and related cleaning occurred on the date appearing on the logged formula worksheet in the "date made" field.

Principles of Geometric Dilution:
Geometric Dilution is the process by which a homogenous mixture or even distribution of two or more substances is achieved. When using this method, the smallest quantity of active ingredient is mixed thoroughly with an equal volume of the diluent in a mortar and pestle. More diluent (excipient) is added in amounts equal to the volume of the mixture in the mortar and pestle. This process is repeated until all of the diluent (excipient) is incorporated in the mixture. This method, though time consuming, will create a homogenous mixture or smooth dispersion of the drug and diluent (excipient).

Calculation for 100 tablets:
Sildenafil: (10,000mg/1000) = 10 gm

Directions for Compounding:
1. Determine batch size and enter into quantity field on log formula worksheet.
2. Scan and accurately weigh ingredients.
    Invomatic:
        Place weighed powder in appropriate sized container for the batch. (Not more than 70% of powder for container volume)
        Twist top of container tightly and load into Invomatic Blender.
        Mix a 75% speed for 5 minutes.

    Mortar and Pestle:
        If needed, blend powders using geometric dilution prior to sieving into Invomatic Blender container.

3. Visually inspect for thorough blend.
4. Print three batch labels and affix one to log formula worksheet, one to appropriate size bag and one to final tablet container.
5. Weigh final blend and record on log formula worksheet.
6. Transfer labeled bag of powder, log formula worksheet and final tablet container to tablet press room.
7. Select proper tablet press and tooling as noted on log formula worksheet.
8. Set tablet press for desired tablet weight.
9. Periodically weigh a random tablet during batch process and adjust weight setting as necessary.
10. Periodically check tablets for appearance.

next to your initials, it is assumed that compounding and related cleaning occurred on the date appearing on the logged formula worksheet in the "date made" field.

Principles of Geometric Dilution:
Geometric Dilution is the process by which a homogenous mixture or even distribution of two or more substances is achieved. When using this method, the smallest quantity of active ingredient is mixed thoroughly with an equal volume of the diluent in a mortar and pestle. More diluent (excipient) is added in amounts equal to the volume of the mixture in the mortar and pestle. This process is repeated until all of the diluent (excipient) is incorporated in the mixture. This method, though time consuming, will create a homogenous mixture or smooth dispersion of the drug and diluent (excipient).

Calculation for 100 tablets:
Tadalafil: (2,000mg/1000) = 2 gm

Directions for Compounding:
1. Determine batch size and enter into quantity field on log formula worksheet.
2. Scan and accurately weigh ingredients and equipment
   Invomatic:
      Place weighed powder in appropriate sized container for the batch. (Not more than 70% of powder for container volume)
      Twist top of container tightly and load into Invomatic Blender.
      Mix a 75% speed for 5 minutes.

   Mortar and Pestle:
      If needed, blend powders using geometric dilution prior to sieving into Invomatic Blender container.
   V-Blender: Use for big batches and thyroids:
      Place all powder ingredients in the blender except the stearic acid. Mix for __ minutes. Open container and add the stearic acid. Mix for __ minutes.
3. Visually inspect for thorough blend.
4. Print three batch labels and affix one to log formula worksheet, one to appropriate size bag and one to final tablet container.
5. Weigh final blend and record on log formula worksheet.
6. Transfer labeled bag of powder, log formula worksheet and final tablet container to tablet press room.

Instructions for Tablet Press:

7. Select proper tablet press and tooling as noted on log formula worksheet.
8. Set tablet press for desired tablet weight.
Load powder into tablet press hopper, set the tablet weight and hardness. Once reached optimal hardness, record the hardness of two tablets here. #1 N/A #2 _____
9. Periodically weigh a random tablet during batch process and adjust weight setting as necessary.
10. Periodically check tablets for appearance.
Record tablet weights below, record 5 tablet weights for every 200 tablets up to 1000 tablets. Over 1000 tablets use quality form.

218 mg 224 mg 227 mg 230 mg 226 mg (2-200 tablets) See attached form for additional information

___ mg ___ mg ___ mg ___ mg ___ mg (200-400 tablets)

___ mg ___ mg ___ mg ___ mg (400-600 tablets)

___ mg ___ mg ___ mg ___ mg ___ mg (600-800 tablets)

___ mg ___ mg ___ mg ___ mg ___ mg (800-1000 tablets)

*if the weight of the tablets are out of range and adjusting machine doesn't help - immediately contact the quality department to verify the formulation.
11. Discard out of range tablets from the end of the run and remove excess powder from tablets.
12. Place empty labeled container on balance and tare, add finished tablets to container and weigh.
11. Calculate yield and record on log formula worksheet.
12. Transfer to metal detector.
13. Run batch through metal detector, rebottle and transfer to dispensing along with log formula worksheet.

Quality Control:
JBT Powder accurately weighed
JBT Ingredients thoroughly blended to a uniform mixture.
JBT Ingredients mixed using appropriate method.

Technician Initials JBT

JBT Tablet within weight range
JBT Tablet appearance (solid, clean)
JBT Passed metal detection

Facility Response to Verified Pharmacy Program® (VPP®) Inspection

Type of Response (Choose from Drop Down)	VPP Inspection Report Page No.	VPP Inspection Report Item No.	Facility Response/Corrective Action/Comments	Estimated Date of Completion For Corrective Action Taken	Attachment Included (Y/N)	Title of Document (Must be indicated at top of document attachment)
Clarification or Further Explanation	8	16.00	The most recent inspection by the Arizona State Board of Pharmacy was on 3/29/2023, not 5/1/2024.	In compliance at time of inspection.	N	
Clarification or Further Explanation	9	28.02	E-scripts for controls are printed out for filing but the original is maintained electronically as allowed by state and federal law.	In compliance at time of inspection.	N	
Clarification or Further Explanation	9	28.04	There are systems in place to prevent a pharmacy record from being deleted after the prescription has been dispensed. The answer to this question should be yes as evidenced by the inspector's comments in the notes field.	In compliance at time of inspection.	N	
Clarification or Further Explanation	11, 43	37.05, 12.03	While Women's International Pharmacy, Inc. ("WIP") compounds with hazardous *drugs* as defined by NIOSH/USP 800, we do not routinely compound/handle hazardous *waste* defined by EPA/RCRA. WIP follows federal, state and local laws for hazardous waste disposal including 40 CFR 261.7 Residues of Hazardous Waste in Empty Containers. If a container is not empty as defined by federal law, WIP utilizes 123 Compliant Logistics for disposal.	In compliance at time of inspection.	Y	Attachment 1 - 123 Compliant Logistics destruction report
Clarification or Further Explanation	13	47.04-47.10	See attached for DSCSA SOP.	In compliance at time of inspection.	Y	Attachment 2 - SOP 14.00.06 Drug Supply Chain Security Act (DSCSA) Procedure
Clarification or Further Explanation	16, 23, 40	67.01, 1.01, 1.01	Women's International Pharmacy, Inc. ("WIP") staff collect allergy, condition and other medication information from patients at every point of contact. Staff have been trained to WI-1.00.10-20 Work Instruction for LifeFile – Contact the Patient and Customer Experience Training Series: Onboarding New Patients. All staff will complete retraining before November 15, 2023 to emphasize the importance of obtaining all information necessary for pharmacists to perform DUR. Additionally, WIP sends an email to each patient annually during their birthday month asking them to update their profile, including allergies, conditions and other medications so WIP has the most up-to-date information on file.	11/15/2023	Y	Attachment 3 - WI 1.00.10-20 Work Instruction for LifeFile – Contact The Patient, Attachment 4 - Customer Experience Training Series - Onboarding New Patients
Clarification or Further Explanation	17	71.00	Packing materials are regularly validated using data loggers placed in prescription vials and packed just like the suppositories were (in vial directly against an ice pack).	In compliance at time of inspection.	N	
Clarification or Further Explanation	22	93.00	Consumer surveys are conducted at least yearly of patients who receive pharmaceutical products and services at the pharmacy. The answer to this question should be yes as evidenced by the inspector's comments in the notes field.	In compliance at time of inspection.	N

Belmar PHARMA SOLUTIONS	Document Number: SOP 14.00.06	CHAPTER 14: Compliance	Version 1.0
	Document Title: Drug Supply Chain Security Act (DSCSA) Procedure (503A-APS, BP-CO, BP-FL, WIP-AZ, WIP-WI)		Document Status Effective
			Effective Date 05/31/2023
Author: Michelle Violi		Authorized By: Kristen Youngdahl	

1.0 PURPOSE

The purpose of this procedure is to provide guidance on proper procedure of identifying and investigating suspicious manufactured drug products.

Drug Supply Chain Security Act is an act enacted by Congress and enforced by the FDA to help protect consumers from exposure to manufactured drugs that may be counterfeit, stolen, contaminated, or otherwise harmful. 503A facilities are responsible for receiving the transaction statement (T3) from the supplier and investigating if the product appears suspicious or illegitimate. The T3 includes the following three documents: the transaction history (TH), the transaction information (TI), and the transaction statement.

2.0 SCOPE

The scope of this procedure applies to all 503A facilities purchasing or compounding with manufactured drug product (APIs excluded) and dispensing manufactured drug product to a patient.

3.0 RESPONSIBILITY

3.1 It is the responsibility of the pharmacist-in-charge and/or the quality unit to assure that all personnel involved in ordering, reviewing, and receiving manufactured drug products are trained in the requirements of this procedure.

3.2 It is the responsibility of the PIC to perform any necessary investigations and make the final determination if reporting to FDA is necessary in consultation with the Director of Compliance.

3.3 It is the responsibility of all personnel at Belmar Pharma Solutions 503A facilities to comply with this procedure.

3.4 Supplier Quality Manager will verify suppliers have valid licensure using FDA database prior to placing an order.

4.0 DEFINITIONS

Terms and definitions are available in Corporate Glossary.

5.0 MATERIALS AND EQUIPMENT

5.1 Manufactured drug products

5.2 3T Database

6.0 GENERAL INFORMATION

6.1 SUSPECT PRODUCT—The term "suspect product" means a product for which there is reason to believe that such product: (A) is potentially counterfeit, diverted, or stolen; (B) is potentially intentionally adulterated such that the product would result in serious adverse health consequences or death to humans; (C) is potentially the subject of a fraudulent transaction; or (D) appears otherwise unfit for distribution such that the product would result in serious adverse health consequences or death to humans. (per Definitions of Suspect Product and Illegitimate Product for Verification Obligations Under the Drug Supply Chain Security Act Guidance for Industry as published by FDA)

6.2 ILLEGITIMATE PRODUCT—The term "illegitimate product" means a product for which credible evidence shows that the product: (A) is counterfeit, diverted, or stolen; (B) is intentionally adulterated such that the product would result in serious adverse health consequences or death to humans; (C) is the subject of a fraudulent transaction; or (D) appears otherwise unfit for distribution such that the product would be reasonably likely to result in serious adverse health consequences or death to

humans. (per Definitions of Suspect Product and Illegitimate Product for Verification Obligations Under the Drug Supply Chain Security Act Guidance for Industry as published by FDA)

6.3 Frequency

6.3.1 As needed, whenever purchasing and receiving manufactured drug products.

7.0 PROCESS MAP

8.0 PROCEDURE

8.1 Belmar Pharma Solutions (BPS) 503A facilities will only purchase from suppliers authorized by the Supplier Quality Manager.

8.2 BPS 503A facilities will not accept ownership of a manufactured drug product unless the transaction history, transaction information and a transaction statement (T3) is provided by the previous owner.

8.3 If BPS 503A facilities transfers ownership of a manufactured drug product, BPS will provide the subsequent owner with T3 information.

8.3.1 T3 information is not required to be provided to the subsequent owner for the following:

8.3.1.1 Dispensing to a patient

8.3.1.2 Returns to the manufacturer or to a reverse distributor for destruction

8.3.1.3 Sale to a pharmacy to fulfill a specific patient need

8.3.1.4 Transfer to a pharmacy under the same ownership. BPS has the following pharmacies under the same ownership:

8.3.1.4.1 APS

8.3.1.4.2 Belmar Pharmacy – Colorado (BP-CO)

8.3.1.4.3 Belmar Pharmacy – Florida (BP-FL)

8.3.1.4.4 Custom Rx

8.3.1.4.5 MedQuest

8.3.1.4.6 Pharmacy Solutions

8.3.1.4.7 Women's International Pharmacy – Arizona (WIP-AZ)

8.3.1.4.8 Women's International Pharmacy – Wisconsin (WIP-WI)

8.4 BPS will engage in transactions involving a manufactured drug product only if such product is encoded with a product identifier.

8.5 BPS will maintain access to T3 information for 6 years following the transaction.

8.6 BPS may enter into a written agreement with a third party, including an authorized wholesale distributor, under which the third party confidentially maintains the T3 information on behalf of BPS. BPS will maintain a copy of the written agreement.

8.7 Suspect Manufactured Drug Product

8.7.1 BPS will capture T3 information as necessary to investigate a suspect product.

8.7.2 If BPS determines they are in possession of a suspect product, they will:

8.7.2.1 Quarantine the product.

8.7.2.2 Promptly conduct an investigation in coordination with suppliers to determine whether the product is illegitimate.

8.8 Investigation

8.8.1 BPS will verify whether the lot number of the suspect manufactured drug product corresponds with the lot number for such product.

8.8.2 BPS will verify that the manufactured drug product identifier of at least 3 packages or 10% (whichever is greater) of the suspect product corresponds with the product identifier for such product.

8.8.3 BPS will validate any T3 information in their possession.

8.8.4 BPS will perform other investigation as necessary to determine whether the manufactured drug product is an illegitimate product.

8.9 Cleared Product

8.9.1 If BPS determines that the suspect manufactured drug product is not illegitimate, BPS will notify the FDA, if applicable, of such determination and the manufactured drug product may be distributed or dispensed.

8.9.1.1 After consultation with the Director of Compliance, click on the link to fill out form. Notify FDA of Illegitimate Products | FDA

8.10 Illegitimate Manufactured Drug Product

8.10.1 If BPS, in coordination with the manufacturer, determine that the manufactured drug product is an illegitimate product, BPS will dispose of the product.

8.10.2 BPS will take reasonable and appropriate steps to assist a supplier in disposing of the product.

8.10.3 BPS will retain a sample of the product for future analysis by the manufacturer or the FDA upon request.

8.10.4 BPS will notify the FDA and all immediate suppliers that they have reason to believe they may have received an illegitimate manufactured drug product. The notification must be made no later than 24 hours after making such determination. After consultation with the Director of Compliance, click on the link to fill out form. Notify FDA of Illegitimate Products | FDA

8.10.4.1 If BPS, in consultation with the FDA, determine that a notification is no longer necessary, BPS will promptly notify immediate suppliers (as notified above) that the notification has been terminated.

8.10.5 If BPS receives notification from the FDA or a supplier that a determination has been made that a manufactured drug product is illegitimate, BPS will follow all steps as described above under sections 8.8 and 8.9.

9.0 FORM BACKUP USAGE

If the Pestle system is not available, obtain a paper hardcopy of Pestle Tasks from site "Library of Backup forms", maintained by site Quality units.

Attachment 3

Belmar PHARMA SOLUTIONS	Document Number: WI1.00.10-20	CHAPTER 1: Policies and Procedures	Version: 1.0
	Document Title: Work Instruction for LifeFile – Contact The Patient (CTP) (503A – BP, WIP-AZ, WIP-WI)		Document Status: Effective
			Effective Date: 02/17/2023
Author: Julie Brown, Gina Boche		Authorized By: Kristen Youngdahl	

1.0 PURPOSE

The purpose of this work instruction is to detail the steps of contacting a patient about a new prescription or a change in a prescription before processing orders in the LifeFile dispensing system.

2.0 SCOPE

The scope of this procedure applies to all Customer Experience Center (CXC) staff and all pharmacists.

3.0 RESPONSIBILITY

3.1 The Director of Customer Experience Operations shall supervise this procedure and update the procedure as LifeFile order processing changes and develops.

3.2 The Pharmacist-in-charge (PIC)'s and Operations Managers at all Belmar Pharma Fulfillment sites are responsible for implementing the order processing standard.

4.0 DEFINITIONS

Terms and definitions are available in Corporate Glossary.

5.0 MATERIALS AND EQUIPMENT

5.1 LifeFile

6.0 GENERAL INFORMATION

6.1 Background

6.1.1 See standard operating procedure (SOP) 1.00.10 General LifeFile for the overall description of LifeFile dispensing software.

6.2 Required Training

6.2.1 Read and Understand SOP 1.00.10 and this work instruction.

6.2.2 CXC Pharmacists and Technicians must complete a training checklist for each process until they are deemed a proficient performer by the supervisor. See SOP Customer Service Training.

6.3 Frequency

6.3.1 As prescriptions are waiting to be processed with customer approval and/or information.

7.0 PROCEDURE

7.1 When to call/text the patient:

7.1.1 A patient should be contacted regarding a new prescription if the following criteria exist:

7.1.1.1 It is a New Patient (see New Patient Checklist).

7.1.1.2 If there is a change for a new prescription where it differs in drug, dose, dosage form, sig, or quantity, or if more than 14 days until the next expected Fill Date.

7.1.2 Prescriptions in the contact the patient (CTP) buckets require patient contact.

7.1.2.1 This was determined based on the order memo selected at populating (See Memos, Notes and Activities).

7.1.2.2 Orders enter the CTP bucket workflow from the CS bucket (See Managing the CS Bucket).

7.2 Patient Contact Workflow

7.2.1 CTP 1

7.2.1.1 The CTP 1 bucket does not need to be monitored. Patients receive an automated email and text at this step when the order is moved into the bucket.

7.2.1.2 After 8 business hours, the order will move from CTP 1 to CTP 2.

7.2.2 CTP 2

7.2.2.1 This bucket may need to be monitored. Orders in the CTP 2 bucket require a manual phone call by a technician as the second attempt.

7.2.2.2 This bucket may contain automated outbound calling technology and then this bucket will not need to be monitored. An automated call will go out to the patient with an automated recording to contact us or automated voicemail message will be left for the patient. The patient can also press 1 to be redirected back to the pharmacy tech line.

7.2.2.3 After 24 business hours, the order will flow from CTP 2 to Profiled when the manual in CTP 2. After 8 business hours, the order will flow from CTP 2 to Profiled when the outbound calls are automated.

7.3 CTP Standard Practices

7.3.1 Multiple order memos include CTP (see Memos, Notes and Activities). These, and the NEW PT memo, all require patient contact.

7.3.2 Orders with the CTP ASAP order memos should be prioritized at CTP.

7.3.2.1 If the order has an elevated priority status, in most cases the priority should be changed back to normal before going to Complete Processing. CTP ASAP means the call should be prioritized, but not necessarily the compounding or fulfillment.

7.3.2.1.1 If the compounding or fulfillment needs to be expedited, the lot request will be STAT or URGENT if the order is processed in these statuses. Documentation in the form of a sticky or addition to the memo is needed as to why.

7.3.2.2 The order should be dipped into CTP 1, Submit and Edit, and then immediately moved to CTP 2.

7.3.3 All CTP calls should verify the patient information, shipping, and billing and the offer to talk to a pharmacist (See General Order Processing).

7.3.4 If the patient is not ready to fill the prescription, the order should be moved to status Profiled Order. A sticky note is handy as to why.

7.3.5 If it is too early to fill, the order can be moved to Future Orders and scheduled to move back to CS on a certain date.

7.3.6 If the patient cannot be reached a message should be left to contact the pharmacy back and the order should be moved to Profiled Order. If it is a manual call and you leave a message, leave a note after the memo (Ex. LM/GB 1/1/23). Automated calls are timestamped in the Order Notes tab.

7.4 New Patient Checklist

7.4.1 A new patient will require some extra time and communication. An order in the CS Bucket (See managing the CS Bucket) that has the memo NEW PT, will be marked as urgent status, sent to CTP1, submit/edit, and immediately sent to CTP 2.

7.4.1.1 When the order is processed, the priority should be changed back to Normal.

New Patient Call Check List

- ☐ Introduce yourself, example: "Thank you for calling Belmar Pharmacy, this is _____, how can I help you?"
- ☐ Name and spelling.
- ☐ Date of Birth
- ☐ Address- let them tell you.
- ☐ Cell phone for text message notifications, order status, and refill reminders.
- ☐ Email for tracking, receipts, and order status.
- ☐ Any known drug/food allergies, diseases, or medical conditions they would like us to make note of in the clinical tab. The boxes must be checked if there are no known allergies, diseases or medical conditions. Ask the patient about other medications they are taking and input as necessary.
  -   - 
  - A Patient Priority Note should also be made for any severe allergies.
  - If there is anything severe, the call should be passed to a pharmacist and the pharmacist should document reactions.
- ☐ Has the patient ever had a prescription compounded before?

- ☐ Go over prescription(s) details with patient.
- ☐ Explain the cost as the Rx is written.
- ☐ How much would the patient like to fill (1 mo., 2 mo., 3 mo.?) Discuss price for higher quantities and potential price breaks. Except for controls, then you can dispense only what is written or less.
- ☐ Shipping options (free 2-day) and compounding time (3-5 days after payment).
- ☐ For refills, call us two weeks before your prescription runs out, so we have time to compound your refill, request a refill from your doctor, and shipping time.
- ☐ Refills can be requested via a call, web, our IVR, or our patient portal (explain the difference).
- ☐ We will send you text and email refill reminders if you provide your cell phone number and email address.
- ☐ When you get a new prescription from your prescriber, and it is the same dose, dosage form, directions for use, quantity, and within 2 weeks of your next fill date, we will automatically fill and ship it to you if you leave your credit card on file. If there are any changes to your prescription, we will call you for confirmation. Refills must still be requested.
- ☐ Are you interested in getting access to our patient portal? On our patient portal you can set up automatic refills, submit refill requests, print receipts, and view your medication history. Do you want to talk to our patient portal coordinator now? You can also email the team at patientportal@belmarpharma.com or transfer call to portal team at ext. 722.
- ☐ Would you like to consult with a pharmacist about your prescription?
- ☐ Is there anything else you can do for him/her?
- ☐ If you have any questions, please give us a call back. Enjoy the rest of your day!

8.0 FORM BACKUP USAGE

If the Pestle system is not available, obtain a paper hardcopy of Pestle Tasks from site "Library of Backup forms", maintained by site Quality units.

Belmar
PHARMA SOLUTIONS

…Only 8% of their customers felt the same way.

The Growing Power Of Consumers - Deloitte

3

DID YOU KNOW?

Belmar
PHARMA SOLUTIONS

We are not the only game in town. There are competitors all over the country that want to win over our patients.

4

DO YOU REALIZE HOW IMPORTANT YOU ARE?

Belmar

73% of customers fall in love with a brand and remain loyal because of friendly customer service representatives.

Customer Service Impact Report – RightNow Technologies

5

DID YOU KNOW

Belmar

Face-to-Face Communication

- 55% Body Language
- 38% Tone of Voice
- 7% Words Used

6

DID YOU KNOW

Belmar

Telephone Communication

- 18% Words Used
- 82% Tone of Voice

7

VOCAL QUALITIES

Belmar

- Tone
  - Expresses feeling or emotion
- Inflection
  - Emphasizing words and syllables to enhance message
- Pitch
  - How high or deep voice sounds
- Rate
  - How many words spoken per minute
- Volume
  - How loud or soft a voice sounds

8

FRIENDLY SERVICE REMINDERS:

Belmar

- Tone is everything.
- Listen and don't talk over the patient or provider
- Don't get defensive. It's not personal.
- Never blame the doctor's office
- Keep it simple. Neither the clinic nor the patient will understand our pharmacy jargon (PV1, Assembly, etc.)
- If you make a mistake, we have your back. If another pharmacist or technician makes a mistake, have their back and thank the patient/clinic for the opportunity to fix it.
- Put labels on prescriptions straight. The same with the UPS labels on our shipments. We work too hard throughout the entire prescription process to have a sloppy presentation and the patient think we are second class.
- If we set expectations with our new doctors and patients, could some of our problems go away?

9

THE IMPORTANCE OF GETTING EMAIL ADDRESSES

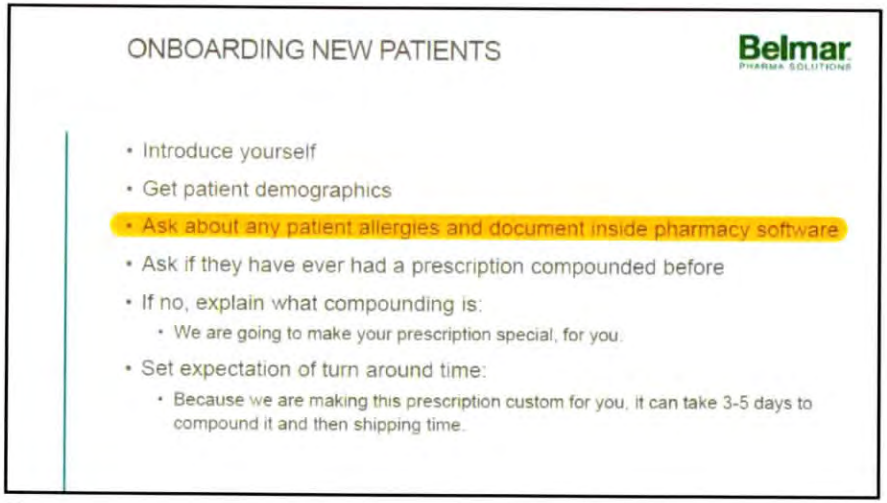
Belmar

- Patients
  - Order status updates
  - Billing
  - Tracking info
  - Refill reminders
  - Recalls
  - Do they want to be added to our patient eNewsletter? This is not mandatory.
- Doctors
  - Recalls
  - Prescription clarifications
  - Regulatory updates
  - Medication availability updates
  - Learning about additional services/medications

10

ONBOARDING NEW PATIENTS
Managing Expectations
Belmar

11



ONBOARDING NEW PATIENTS
Belmar
PHARMA SOLUTIONS
• Introduce yourself
• Get patient demographics
• Ask about any patient allergies and document inside pharmacy software
• Ask if they have ever had a prescription compounded before
• If no, explain what compounding is:
• We are going to make your prescription special, for you.
• Set expectation of turn around time:
• Because we are making this prescription custom for you, it can take 3-5 days to compound it and then shipping time.

12

ONBOARDING NEW PATIENTS

Belmar PHARMA SOLUTIONS

- Get billing and shipping information and his/her email address. Let the patient know they should receive text messages and emails throughout the process.
- Talk about shipping options.
  - 95% of prescriptions leave the pharmacy within 5 days, how fast would you like to get your prescription after that?
  - Some medications may have special shipping rules, like they have to go overnight on ice.
  - If someone selects overnight, re-emphasize that we still need the time to make the prescription so it won't go out today. Shipping is shipping. Overnight does not expedite the compounding time.
- The patient can check the status of the prescription on the IVR by typing it into the automated phone system.

13

ONBOARDING NEW PATIENTS

Belmar PHARMA SOLUTIONS

- Let them know how they can submit a refill request:
  - On the pharmacy website
  - Give us a call:
    - Use the phone IVR system
    - Leave us a voicemail
    - Speak to a technician
  - Respond to a text message (if there are refills on file)
  - Some pharmacies in BPS have an app they can use to request a refill
- We would really appreciate two weeks to get your prescription to you.
- Since you are getting a 30/60/90-day supply, you will want to send in your refill on _____ day. I recommend setting a reminder on your calendar or in your phone.

14

ONBOARDING NEW PATIENTS

Belmar

- Would you like to consult with a pharmacist about your prescription?
  - If yes: park the call, and in your pharmacist ZAC group, let the pharmacists know there is a patient holding who would like to talk about their prescription. Give patient name and medication or doc ID number.
  - If no
- Thank them for letting us take care of their compounding needs. Say your name again and remind them to call us if they need us. We are happy to help!

15

NEW PATIENT CHECK LIST

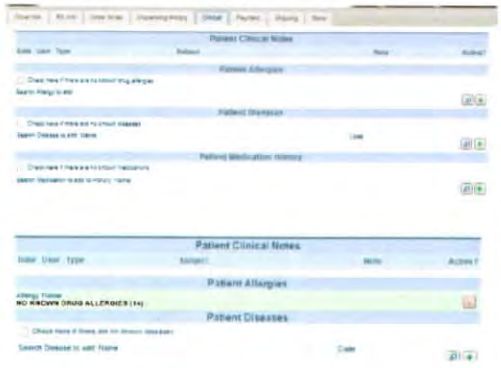
Belmar

- ✓ Introduce yourself
- ✓ Patient name
- ✓ DOB
- ✓ Address
- ✓ Cell phone
- ✓ Email for prescription updates
- ✓ Any known drug/food allergies, diseases, or medical conditions they would like us to make note of in the clinical tab.

16

WHERE TO DOCUMENT ALLERGIES IN LIFEFILE

Belmar

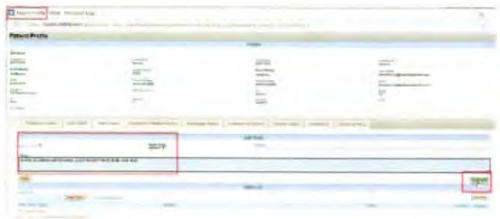


17

DOCUMENTING SEVERE ALLERGIES

Belmar

- A patient priority note should also be made for any severe allergies.
- If there is anything severe, the call should be passed to a pharmacist and the pharmacist should document reactions.



18

NEW PATIENT CHECK LIST

Belmar

- ✓Has the patient ever had a prescription compounded before?
- ✓Go over the prescription that was sent in
- ✓Cost as rx is written
- ✓How much would the patient like to fill? (1mo, 2mo, 3mo)
  - BUD dependent
  - Controlled substance rxes can be filled for amount written or less
- ✓Shipping options and compounding time

19

NEW PATIENT CHECK LIST

Belmar

- ✓Would the patient like to consult with a pharmacist?
- ✓Call us two weeks before your prescription runs out so we have time to compound your refill.
- ✓Is there anything else you can do for him/her?
- ✓My name is _____. it is really great to meet you. If there is ever anything I can do for you, please give me a call back.

20

THE GOALS OF PATIENT ONBOARDING

Belmar PHARMA SOLUTIONS

- Gives us a chance to explain how what we do is special and specifically for him/her.
- Set realistic expectations with the patient.

21

Belmar PHARMA SOLUTIONS

THANK YOU!

Unit AWP: Time to make:

Mixing directions

Verify the information is correct when creating the log.
The pharmacist must be the pharmacist overseeing compounding (lot verification) the day the log is created and made.
The technician scanning and weighing the ingredients must be the technician named in the field.

Batch yield: This is the amount that this log will yield.
Qty remaining: This is the amount that this log will yield.

Weigh all the ingredients in the following order in accordance with directions below. All powders must be weighed in a powder containment hood and must be wet down prior to removing from hood.

Click the barcode icon for the first ingredient and scan the barcode containing the chemical ID located on the ingredient.
Place weigh paper on the scale and tare. Click the Record Balance Tare to record the zero weight.
Following the order of the listed ingredients, weigh the ingredient on the balance (within 3% range) and click "Get value from balance". Click OK. Weigh the base into an appropriately sized maz container.
Follow these instructions to scan and weigh all remaining ingredients.

1. Remove a small amount of base from weighed container and place into the unguator jar.
2. In the powder containment hood, place each powder into the unguator jar in the order that each active powder ingredient was weighed.
3. Remove another small amount of base from weighed container and add to the unguator jar. Place unguator blade and lid on jar and close, turn blade around and up and down, hand mixing prior to placing on unguator machine.
4. Assemble unguator jar and select the Less than 2% preprogrammed cycle. Once complete, remove mix from unguator jar and place into the maz container containing the remaining base.
5. Select an appropriate counter weight for the total weight of this log. Select Channel 12, a preprogrammed cycle and run. Once complete, perform a blend check on a glass slab. If needed, run channel 12 cycle again. Visually confirm there are no particles and mixture is uniform and smooth. Request a pharmacist blend check and initial.

On tab 3, scan the barcodes for all equipment/devices used and add to the log.

Finalize log and print log worksheet and Standard Batch Labels and chemical barcodes. Attach one standard batch label to log worksheet. Initial on weigh/mix line and finish line and document the yield. Attach the standard batch label and chemical barcodes to the mixing device and place in bucket for the lot verification pharmacist to check. The lot verification pharmacist will sign and date the Lot Verification RPH field confirming that all ingredients were scanned with appropriate beyond use dating, all calculations are correct, final product appearance is appropriate and correct quantity was made for the order.

Final product should be a smooth, white to off-white cream/gel

CALCULATIONS ARE BASED ON 2800 GMS (Strength x Quantity ÷ 1000)
Estradiol Powder 56 gm
Cream Base 2744 gm

Belmar PHARMA SOLUTIONS	Document Number: SOP 7.00.10	CHAPTER 7: Compounding Process - Sterile	Version 1.0
	Document Title: Media Fill Trial for High-Risk Level CSPs		Document Status: Effective
			Effective Date: 02/17/2023
Author: Dana Larson		Authorized By: Anne Szilagyi	

1.0 PURPOSE

The purpose of this procedure is to describe how to validate the sterile filling process using microbiological growth medium in place of actual product during various processes of sterile compounding.

The purpose of a media fill trial is to assess the aseptic ability of the operator as well as to evaluate the processing steps and provide assurance of process control.

2.0 SCOPE

This procedure applies to all sterile compounding personnel and the Quality Unit.

3.0 RESPONSIBILITY

3.1 Sterile Compounding Personnel

3.1.1 It is the responsibility of sterile processing staff to follow this procedure.

3.2 Quality Unit and Management

3.2.1 It is the responsibility of Management to ensure that all sterile compounding personnel complete a media fill trial and that it encompasses the sterile processing procedures performed by that staff.

3.2.2 It is the responsibility of the Quality Unit to ensure this procedure is followed and audit for compliance.

3.2.3 It is the responsibility of the Pharmacist in Charge (PIC) to perform abbreviated media fills of at least 50 vials to demonstrate performance of aseptic manipulations. PIC will not prepare compounded sterile preparations in quantities greater than 50 vials for which they have successfully completed a media fill.

4.0 DEFINITIONS

Terms and definitions are available in Corporate Glossary.

5.0 MATERIALS AND EQUIPMENT

5.1 Cleaning supplies per SOP 3.00.01 and 3.00.02

5.2 Materials and equipment listed in Media Fill Worksheet

5.3 Incubator(s)

5.4 Tryptic Soy Agar (TSA) with neutralizer contact plates

6.0 GENERAL INFORMATION

6.1 Background

6.1.1 The skill of personnel to aseptically prepare sterile compounds is evaluated using this policy.

6.1.2 Media-fill challenge tests that simulate high-risk level compounding are also used to verify the mostchallenging process to compound a sterile preparation.

6.2 Required Training

6.2.1 Competencies and Written Exam

6.2.1.1 Personnel will successfully complete a written exam annually or with each media fill.

6.2.1.2 The competencies and risk of exposure to hazardous chemicals will be documented withevery media fill.

6.3 Frequency

6.3.1 Initially and before compounding sterile preparations for patients

6.3.2 Quarterly as defined in this procedure

6.3.3 As needed for requalification or corrective action, as defined in this procedure

7.0 PROCESS MAP

8.0 PROCEDURE

8.1 Media Fill Requirements

8.1.1 Media fills are to be completed after sterile compounding personnel pass a gowning qualification and complete and pass the sterile compounding training program. See 2.00.01 Sterile Compounding Personnel Qualifications, 7.00.01 Hand Hygiene and Garbing Hazardous, 7.00.02 Hand Hygiene and Garbing Nonhazardous.

8.1.2 Media fills will be completed by each sterile compounding technician and pharmacist for the sterile compounding process that they will perform.

8.1.3 Tryptic Soy Broth (TSB) media is used for this test. This media has been demonstrated to support the growth of a variety of microorganisms.

8.1.4 Vials for growth promotion will be drawn from each batch.

8.1.5 Media fills must be completed using the same equipment and in the same area where production occurs.

8.1.5.1 The media fills worksheet must document Primary Engineering Control (PEC) utilized.

8.1.6 Qualification will require passing 1 media fill for each media fill process being tested (i.e., 1 media fill trial for product produced in a vertical flow hood and 1 media fill trial for product produced in a horizontal flow hood).

8.1.7 Each media fill will simulate worst case conditions, in the event that compounding will occur all day, media fills must capture that.

8.1.8 Requalification will occur on any sterile personnel that have not compounded sterile products in more than 3 months or if requested by the Quality Unit.

8.1.9 Media fills must be conducted quarterly (every 3 months) on all active sterile compounders and pharmacists.

8.1.9.1 If the media fill is not completed every 3 months, the employee may not engage in

the production of sterile products until this requirement has been satisfied.

8.1.10 Media fills must be conducted whenever there is a significant change to the aseptic process.

8.1.11 Each media fill will include both inherent and corrective planned interventions as dictated by the media fill worksheet.

8.1.11.1 Inherent planned interventions are those which are inherent to the process and the verification of which are not recorded on a typical production batch but are to be recorded on the media fill worksheets. These may include but are not limited to aseptic material transfer, pump calibration, equipment assembly, hood setup, etc.

8.1.11.2 Corrective planned interventions are those which have historically been experienced but are not typically associated with the filing of an out of specification and subsequent investigation. Examples of positive corrective interventions include glove tears, breakage of vials, spill cleanup, etc.

8.1.11.3 Unplanned interventions are those which are not expected but did occur while in the process of completing the media fill. These must be documented on the media fill worksheet and investigated per procedure if required.

8.1.12 Media fills must be conducted under dynamic conditions typically encountered by the operator.

8.1.12.1 The number of personnel present must, at minimum, be reflective of maximum operating conditions (i.e., dayshift normal production) at all times during the media fill. In addition, the ISO 7 buffer room must contain the maximum allowable number of personnel (based on room certification) for a minimum of one hour. The personnel present may be made up of other compounding personnel, quality personnel, pharmacists, or other appropriately trained personnel.

8.1.12.2 There will be simulation of routine procedures such as garbing, hand hygiene, aseptic technique, product manipulations, etc.

8.1.12.3 The duration of the media fill will be at least equivalent to the largest batch size produced.

8.1.12.4 Maximum operator fatigue will be represented, and all unscheduled breaks documented in the applicable area of the worksheet.

8.1.13 Clear vials will be used, if available, for the sizes of vials required in the testing.

8.1.13.1 If clear containers are unavailable, extra care must be taken to ensure that no contamination is missed. If any uncertainty, the media will be drawn out into a syringe and reviewed for contamination. The reason for removal will be documented on the Media Fill Worksheet.

8.1.13.2 Vials will be inspected by appropriately trained personnel and in accordance with SOP *Visual Inspection of Sterile Solutions*.

8.1.13.3 All integral vials must be incubated. Non-integral vials may be rejected by the operator of quality personnel, but the number of vials rejected and the reason for rejection must be documented on the media fill worksheet. Cosmetic defects and other items not impacting container closure integrity may not be rejected and will be incubated.

8.1.14 Fill volume must be adequate to show growth, capable of contacting all interior surfaces of the vial and closure when swirled or inverted and allow adequate headspace to support the

growth of aerobic microorganisms. For example, media fill vials may be filled to the stated volume capacity of the vial without overfill.

8.1.15 Routine environmental monitoring must be conducted per SOP *Environmental Monitoring and Sampling*. At minimum, this includes PEC surface sampling at the completion of the media fill.

8.2 Media Fill Worksheet Requirements

8.2.1 Documentation of media fills will include, but not be limited to:

8.2.1.1 Specific PK Software log worksheet for the media fill completed

8.2.1.2 Date and workspace location of media fill

8.2.1.3 Start and stop time of media fill

8.2.1.4 Container/closure descriptions (type, lot number and size)

8.2.1.5 Volume filled

8.2.1.6 Filter brand/description and lot numbers/expirations date (if applicable)

8.2.1.7 Type of media used, lot number/expiration date and growth promotion date/results (if purchased, a certificate of growth promotion should be maintained on file)

8.2.1.8 Number of units filled

8.2.1.9 Number of units rejected at inspection and reason for rejection

8.2.1.10 Number of units incubated and incubation time/temperature

8.2.1.11 Number of positive units at the conclusion of the incubation

8.2.1.12 Final Results

8.3 Preparation for Media Fill

8.3.1 The sterile laboratory will be cleaned per SOP 3.00.01, "Cleaning and Maintenance of the Cleanroom Facility and SOP 3.00.02, "Deactivation, Decontamination, Disinfect and Cleaning of the Hazardous Sterile Areas."

8.3.2 Using PK software, prepare a log for the amount needed for the personnel performing the challenge (include overfill to ensure entire quantity of units can be prepared at one time). All media fills shall be conducted using the current compounding procedures and equipment.

8.3.3 Personnel performing the media fill will compile equipment and materials needed for the media fill; quantities are dependent on size of fill and the process being evaluated. Quantities and components are listed and verified on the media fill worksheet and will include the same items utilized in the normal production process being simulated whenever possible.

8.3.4 Document equipment and materials to be used on the media fill worksheet.

8.3.4.1 Equipment includes calibration dates and calibration due dates. All equipment must be within calibration to be utilized.

8.3.4.2 For non-ingredient materials sterilized or depyrogenated on site, include the autoclave/depyrogenation oven cycle and beyond use date.

8.3.4.3 For ingredient materials and items sterilize off-site, include the manufacturer, lot number, and beyond use date.

8.3.5 Prepare a 3% solution per media fill worksheet instructions.

8.3.5.1 Prior to entering the buffer room and filtering the solution, remove one aliquot of media

and place into a sterile vial.THIS IS THE POSITIVE CONTROL.

8.3.6 Once inside the buffer room, stage the direct compounding area (DCA) with all required equipment and materials following appropriate aseptic material transfer.

8.3.7 Begin the filling portion of the media fill trial, following aseptic technique as described in all applicable SOPs

8.3.7.1 Oil Solution Injectable: filter solution using the approved sterilizing filter into a sterile receiver.

8.3.7.2 Aqueous solutions: using repeater pump, attach sterilizing grade filter to tubing and filter directly into empty sterile vials.

8.3.8 Using a repeater pump, aseptically transfer the required amount of filtered media solutioninto sterile vials for the total amount needed to validate the personnel completing the challenge. Volume transferred depends on the process being simulated and may be between 5ml-10ml.

8.3.9 Aseptically insert sterilized rubber septum into the vial top using sterilized tweezers. Applyflip caps. A different color should be assigned to each person, if possible.

8.3.10 Remove all supplies from the PEC and clean according to SOP 3.00.01 and 3.00.02 depending on the area (hazardous or nonhazardous).

8.4 Post Media Fill

8.4.1 Fingertip and body sampling must be completed per SOP 11.00.17 Personnel Monitoring at the end of each media fill trial.

8.4.2 The Quality Unit will take possession of the filters, plates, and any other material required for analytical testing.

8.4.3 The Quality Unit will take possession of the finished media fill vials and incubate the samples and controls as follows:

8.4.3.1 Incubate at 20-25°C for the first 7 days.

8.4.3.2 The Quality Unit will visually examine each vial for growth

8.4.3.3 If no growth is present, incubate the vials at 30-35°C for an additional 7 days.

8.4.3.4 Quality personnel will visually examine each vial for growth.

8.4.3.5 Incubation time will total 14 days.

8.4.3.6 Any media filled units not incubated or found to be damaged during visual inspection must be accounted for and documented.

8.4.3.6.1 Immediately notify the Quality Manager to any damaged or questionable vials.

8.4.3.6.2 Cause for rejection must be documented.

8.4.3.6.3 Units found to have defects not related to integrity (e.g., cosmetic defect) should be incubated; units that lack integrity should be rejected.

8.4.3.6.4 If a vial is damaged and is not a representative sample of acceptable quality standards (e.g., container closure integrity has been compromised) it may be removed from the lot provided an investigation is conducted and photographic evidence is attached to the investigation to support removal.

8.4.3.6.5 If a vial is damaged and it is determined the vial may be a representative

sample of damage that may occur upon release to the market, it must remain with the lot to complete incubation.

8.4.4 After incubation, the testing vials should be clear and free from evidence of turbidity or growth.

8.4.4.1 Documentation of successful growth promotion is required for a passing result to ensure the media is capable of supporting growth after processing and filling.

8.5 Interpretation of Results

8.5.1 Sterile compounding may take place during the incubation period for the Media Fill Trial with full understanding that product will be discarded if the compounder fails the trial.

8.5.2 If no growth is noted after day 14, the media fill will be given a "conform" or "pass" to indicate a successful media fill.

8.5.3 Any units showing suspected growth will be brought to the attention of the Quality Manager and Sterile Compounding manager and investigated.

8.5.4 Growth in any vial will constitute a media fill failure.

8.5.5 The media fill results form must be closed out and signed off by the Quality Unit once results are finalized.

8.5.6 All results should be maintained in the employee file.

8.6 Failure of a Media Fill

8.6.1 If an operator has failed the media fill it must be repeated in its entirety.

8.6.2 Media fill failures must be investigated by the quality unit and may result in operator retraining or disqualification at the discretion of the quality unit and the PIC.

8.6.3 Organisms must be identified to the species level.

8.7 Invalidation of a Media Fill

8.7.1 Media fill invalidations should be rare and only under circumstances that would require a lot of finished product not to be released.

8.7.1.1 An example of an invalidated media fill would be if the operator had to evacuate the building due to fire or other safety hazard.

9.0 FORM BACKUP USAGE

If the Pestle system is not available, obtain a paper hardcopy of Pestle Tasks from site "Library of Backup forms", maintained by site Quality units.

11.0 HISTORY

Version Number	Date Effective	Description of Change	Change Control Number / Justification
1.0	02/17/2023	New SOP for Belmar Corporate. CCCN23-004 is for the introduction of this document into WIP-AZ master SOP index.	CCCN23-004

Attachment 7

Belmar PHARMA SOLUTIONS	Document Number: SOP 7.00.01	CHAPTER 7: Compounding Process – Sterile (503A)	Version: 1.0
	Document Title: Hand Hygiene and Garbing Hazardous Sterile Areas (503A – WIP-AZ)		Document Status: Effective
			Effective Date: 12/09/2022
Author: Arielle Bailey		Authorized By: Anne Szilagyi	

1.0 PURPOSE

The purpose of this procedure is to establish proper handwashing and garbing techniques for entry into the hazardous sterile areas.

2.0 SCOPE

This procedure applies to all sterile compounding staff, pharmacists, quality department, and any other person entering the hazardous areas. Hand hygiene and garbing processes are required in all compounding laboratories and are required for ensuring a safe quality drug is compounded.

3.0 RESPONSIBILITY

3.1 Sterile Compounding Staff

3.1.1 It is the responsibility of each employee authorized to enter the cleanroom to follow this procedure.

3.1.2 It is the responsibility of the sterile compounding staff to ensure anyone entering the cleanroom follows this procedure.

3.2 Quality Unit

3.2.1 It is the responsibility of the Quality Unit to understand and periodically review this process for compliance.

3.2.2 The Quality unit will be responsible for maintaining the requirements within this document.

4.0 DEFINITIONS

Terms and definitions are available in Corporate Glossary.

5.0 MATERIALS AND EQUIPMENT

5.1 Lab dedicated scrubs
5.2 Lab dedicated shoes
5.3 Lab coat (if applicable)
5.4 Hair net
5.5 Beard cover (if applicable)
5.6 Shoe covers
5.7 Hot and cold running water
5.8 Sink
5.9 Soap
5.10 Nail cleaning picks
5.11 Low lint wipes
5.12 ASTM gloves (Sterile and non-sterile)
5.13 N-95
5.14 Sterile suit
5.15 Sterile chemo gown
5.16 Sterile sleeves

6.0 MATERIALS AND EQUIPMENT

6.1 Pestle – electronic system used to document training tasks

7.0 GENERAL INFORMATION

7.1 General Rules

7.1.1 No food, drink, or gum are allowed in sterile lab or surrounding area(s).

7.1.2 Individuals experiencing rashes, sunburns, weeping sores, conjunctivitis, or acute respiratory infections must be excluded from working in the ISO classified areas compounding areas until condition is remedied to prevent an increased risk of microbial contamination of compounded sterile products.

7.1.3 Personnel must remove all visible jewelry, makeup/cosmetics, adornments, ear buds, outerwear, and any nonessential items to compounding prior to entering the clean room facility. No artificial nails or nail polish can be worn.

7.1.4 Sterile disposable garb must not be reused.

7.1.5 Sterile laundered garb must not be reused without being laundered and re-sterilized with a validated cycle.

7.1.6 If at any time items are picked up from the floor, gloves must be changed immediately.

7.1.7 If glove tears occur while garbing, immediately stop the garbing process and remove and discard garb, and re-glove.

7.1.8 If double gloved and second (or top glove) tears, remove the second set of gloves and discard and re-glove.

7.1.9 In the event of a double glove tear in the prep or buffer room, immediately leave the room and proceed to the anteroom to start the doffing process. See section 9.2. After all garb has been removed, rewash your hands and start the garbing process over.

7.2 Required Training

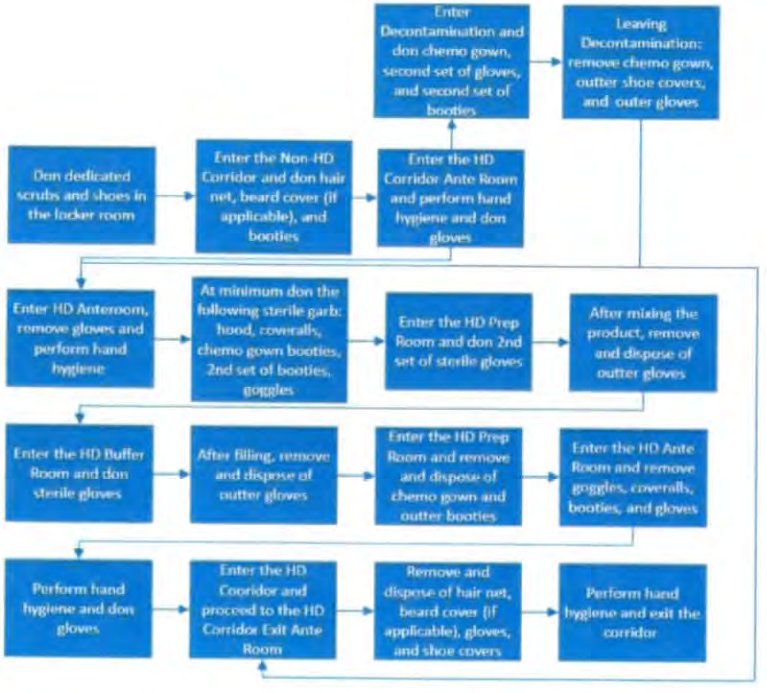
7.2.1 All sterile compounding personnel entering hazardous (HD) areas will be assessed for hand hygiene and garbing initially and quarterly thereafter. See SOP Sterile Compounding Personnel Qualification.

7.3 Frequency

7.3.1 Sterile hazardous gowns must be changed every 2-3 hours or immediately after a spill or splash.

7.3.2 Chemotherapy gloves must be changed every 30 minutess unless otherwise recommended by the manufacturer's documentation and must be changed when torn, punctured, or contaminated. Documentation of this requirement will be found in each batch record.

8.0 PROCESS MAP



9.0 PROCEDURE

9.1 All lab personnel entering ISO 7 areas, HD drug storage, and the decontamination room must wear clean dedicated lab scrubs.

9.2 Lab dedicated scrubs and shoes will be housed in an employee locker onsite, a third party will pickup dedicated scrubs for washing weekly.

9.3 Street clothes (i.e., jeans) are not to be worn under scrubs, but dedicated undershirts are permitted.

9.3.1 If undergarments such as camisoles are worn in to work underneath another article of clothing, an employee may keep them underneath their scrubs during compounding.

9.4 Lab dedicated scrubs and shoes may only be worn in CNC and ISO classified areas.

9.5 Lab dedicated scrubs and shoes may not be worn in the shipping/receiving area, breakroom, outdoors or in the bathroom.

9.6 Entering Clean Corridor

9.6.1 The clean corridor is split between a dirty and clean side. Personnel that are not in dedicated scrubs must remain on the dirty side.

9.6.2 While on the dirty side, in addition to lab dedicated scrubs and shoes, personnel must also don a hair net. Use the mirror to ensure that all hair is secure in the hair net.

9.6.3 Don beard cover if applicable.

9.6.4 Wipe eyeglasses lens and frames with pre-wetted lens cleaning tissue, if applicable.

9.6.5 Using the bootie butler, don one bootie and place that foot over the line of demarcation to the clean side. Don the second bootie and place that foot onto the clean side as well, being sure to not let either boot touch the dirty side of the line of demarcation.

9.6.6 Visitors or lab personnel that are not entering the lab area(s) may wear a lab coat in the clean corridors as a substitute for lab scrubs.

9.7 Entering HD Corridor Anteroom

9.7.1 When entering the HD corridor anteroom all personnel must wash their hands.

9.7.2 Wet hands with warm water, avoid excessively hot water as it increases skin shedding.

9.7.3 Apply enough soap to cover all hand surfaces.

9.7.4 Wash your hands and wrists thoroughly for at least 30 seconds.

9.7.5 Rinse hands with warm water.

9.7.6 Dry hands thoroughly with a low lint wipe.

9.7.7 Don nonsterile gloves.

9.8 Entering ISO 7 HD Anteroom

9.8.1 When entering the ISO 7 HD anteroom all personnel must wash their hands, forearms down to elbows thoroughly for at least 30 seconds.

9.8.2 Remove nail pick from container.

9.8.3 Expose the skin of the arms up to the elbows.

9.8.4 Using foot pedals on the bottom of the sink adjust the water temperature to a comfortable lukewarm to warm level, avoid excessively hot water as it increases skin shedding.

9.8.5 Under warm running water remove debris from under nails using a disposable nail cleaning pick. Start with the thumb and clean nails away from the body.

9.8.6 Dispose of the nail pick.

9.8.7 Wet arms one at a time, from fingertips to forearms.

9.8.8 Pump soap into the palm of your hands.

9.8.9 Lather the soap up by rubbing palms together.

9.8.10 Perform the following tasks

Note: the following order does not depict a sequential process, but all steps must be performed

9.8.11 Clean the back of your hands using your palm.

9.8.12 Clean in between each finger by interlacing fingers. Clean each finger with rotational rubbing of each finger.

9.8.13 Clean cuticles by rubbing the cuticles into the palm of the opposite hand.

9.8.14 Using a sweeping motion clean in between index finger and thumb.

9.8.15 Use a circular motion to clean from the wrist to the elbow. Avoid using scrubbing motions.

9.8.16 Once both arms have been thoroughly washed, the operator will place his or her arms under the running water to rinse one at a time. The hands must be held upward during rinsing to allow the water to run from the fingertips down to the elbows.

9.8.17 If soap remains, rewet fingertips and arms starting with fingertips.

9.8.18 Keeping your hands and arms over the sink use a low lint towel to dry, separate towels must be used per arm.

9.8.19 While drying the hands and forearms move in a downward motion with the towel, do not move upward.

9.8.20 Thoroughly apply alcohol-based hand sanitizer to hands only and rub dry.

9.9 Aseptic Donning Sterile Gloves.

9.9.1 Prior to donning sterile gloves, glove packages must be examined for defects and expiration dating.

9.9.2 Choose the correct size of sterile gloves.

9.9.3 Open the outer glove package and carefully set the inner wrapping packaging containing the gloves on a clean table.

9.9.4 Unfold the inner packaging to expose the set of sterile gloves.

9.9.5 Using your index finger and thumb, grasp the exposed folded cuff of one glove and slip your free hand into the glove, maintaining the folded cuff.

9.9.6 Touch only the part of the glove that will be next to your skin.

9.9.7 With your gloved hand, slip your fingers into the cuff of the second glove.

9.9.8 Keep the gloved thumb tucked in to keep from touching your bare palm or wrist.

9.9.9 Pull on the second glove, keeping your hands above the waist.

9.9.10 Reach under the cuffed part of the glove to pull up or adjust the gloves.

9.9.11 Keep your hands in front of you and above the waist.

9.9.12 Spray hands with sterile 70% isopropyl alcohol (IPA).

9.9.13 Gloves must be routinely inspected for holes, punctures, or tears.

9.9.14 If gloves are torn or punctured during compounding, remove, and discard the contaminated gloves and don a clean pair.

9.10 Garbing For Entry to Prep & Buffer Room

9.10.1 Garbing cannot be done at the same time as doffing (de-garbing).

9.10.2 The anteroom is split into a "dirty" and "clean" side, personnel must remain on the "dirty" side of the anteroom until sterile garb is donned.

9.10.3 Spray low lint wipe with sterile 70% IPA, wipe bench from clean to dirty side with overlapping strokes.

Note: If using wall to garb, wipe the designated area on wall from top to bottom with sterile 70% IPA.

9.10.4 Select appropriate size sterile garb, and check packaging expiration dates and ensure packaging has no tears. If vacuum seal is no longer intact discard the garb.

9.10.5 Wipe sterile garb packaging with sterile 70% IPA focusing on areas that will be touched when opening and place on clean garbing bench.

9.10.6 Discard sterile 70% IPA wipes as often as necessary and replace them with a new saturated sterile 70% IPA wipe as needed.

9.10.7 Spray gloves with sterile 70% IPA allow hands to dry and don face mask (if applicable).

9.10.8 Spray gloves with sterile 70% IPA allow hands to dry. Carefully remove hood from its packaging only touching the inside, gently unfold hood do not shake hood open. Open and don hood, if hood needs adjusting pull from the inside to avoid touching the outer hood with gloves.

9.10.9 Spray gloves with sterile 70% IPA allow hands to dry. Open suit, gently pull suit from packaging only touching the inside, make sure the outside of suit does not touch the ground, body, bench or any other object within the anteroom.

9.10.10 Gather the suit's arms and legs to assist in garbing touching only the inside of the suit. Standing or leaning against wall very carefully place one leg into the suit, repeat with the other leg. Bring suit up over shoulders and carefully insert one arm in at a time. Using the mirror, make sure the hood is fully tucked into the suit. Cross legs if necessary to zip suit. Fold flap over.

9.10.11 Spray gloves with sterile 70% IPA allow hands to dry. Remove one boot from packaging touching the inside of the boot. Sitting or standing put one boot on at a time rotating fully booted foot to the clean side of the anteroom. Repeat step for second boot.

9.10.12 Spray gloves with sterile 70% IPA allow hands to dry. Sitting or standing, don 2nd pair of sterile boot covers.

9.10.13 Spray gloves with sterile 70% IPA allow hands to dry. Don goggles by only touching the straps, adjust goggles to make sure no skin is showing.

9.10.14 Spray gloves with sterile 70% IPA allow hands to dry. Don sterile chemo gown, pull the gown up the arms and onto the shoulders, secure neck closure and tie in back.

9.10.15 Spray gloves with sterile 70% IPA allow hands to dry. Don sterile chemo sleeves. Touching only the inside of sleeves, slide sleeves up to the shoulder.

Note: Sterile chemo sleeves are only required by personnel compounding in the prep room.

9.10.16 Spray gloves with sterile 70% IPA. Check the mirror to make sure no skin is showing, and no holes or tears are in the suit. Do not enter the cleanroom with skin or scrubs exposed.

9.10.17 If suit has holes or tears while garbing cross back over to the dirty side. Remove garb and start garbing process over.

9.10.18 If suit tears occur while compounding in prep room or buffer room immediately exit to ISO 7 anteroom. See section 9.2

9.11 Entry to ISO 7 HD Prep Room

9.11.1 Upon entry to prep room spray gloves with sterile 70% IPA and allow hands to dry. Don second pair of sterile gloves. See section 8.8 aseptic donning of sterile gloves.

9.12 Moving from ISO 7 HD Prep Room to ISO 7 HD buffer Room

9.12.1 While in the powder BSC, remove sterile chemo sleeves and second pair of gloves. Discard in waste bag inside of hood before moving to buffer room.

9.12.2 If not wearing chemo sleeves, discard second pair of gloves in proper waste bag before moving to buffer room.

9.13 Entry to ISO 7 HD Buffer Room

9.13.1 Upon entry to buffer room spray gloves with sterile 70% IPA allow hands to dry. Don a second pair of sterile gloves. See section 8.8 aseptic donning of sterile gloves.

9.14 Entering Decontamination Room

9.14.1 While on the dirty side, don a nonsterile chemo gown and secure the gown by tying it in the back.

9.14.2 Don second pair of boot covers, one at a time, stepping double booted foot over line of demarcation. Repeat for second boot.

9.14.3 Don nonsterile gloves over chemo gown.

10.0 REMOVAL OF GARB

10.1 Exiting ISO 7 Buffer Room to ISO 7 Prep Room

10.1.1 Remove gloves in BSC

Pull first glove off, place glove in the palm of double gloved hand carefully slip finger underneath cuff of glove and remove glove. Discard gloves in waste trace HD bag inside of BSC.

Non compounding personnel may discard gloves into a trace HD waste bag.

10.1.2 Proceed to ISO 7 prep room.

10.2 Exiting ISO 7 Prep Room to Anteroom

10.2.1 Next to the line of demarcation but remaining on clean side of the prep room remove chemo gown. Slowly and deliberately pull the gown away from the body in an inside out fashion rolling the gown into a ball. Discard chemo gown into a trace HD waste bag.

10.2.2 Remove outer sterile boot one at a time stepping the single booted foot to the dirty side. Repeat step for second boot. Discard boots into a trace HD waste bag.

Note: Due to limited space, the single booted foot may touch the outer line of demarcation

10.2.3 Proceed to the dirty side of the Anteroom.

10.3 Exiting ISO 7 Ante Room to HD Corridor

10.3.1 On the dirty side of the anteroom remove sterile boot covers. Discard boots into a trace HD waste bag.

10.3.2 Remove goggles.

10.3.3 Unzip suit halfway and remove hood. Discard hood into a trace HD waste bag.

10.3.4 Finish unzipping suit, roll the collar back past the shoulders. Using gloved hands reach and pull sleeves down over the glove remove one hand from the suit then repeat on the other side. Roll the suit down to the floor. Remove one leg from the suit and repeat with the other leg. Discard suit into a trace waste bag.

10.3.5 Remove face mask (if applicable)

10.3.6 Remove second pair of gloves. Pull first glove off without touching the wrist or the skin, place glove in the palm of the gloved hand. Carefully slip finger underneath the cuff of the glove, remove glove. Place discarded gloves in trace waste bag.

10.3.7 Wash hands for 30 seconds. Dry hands with low lint wipes.

10.3.8 Don nonsterile gloves.

10.3.9 Exit ISO 7 anteroom.

10.4 Exiting Decontamination Room

10.4.1 Slowly and deliberately pull the gown away from the body in an inside out fashion rolling the gown and gloves into a ball. Discard chemo gown into a trace HD waste bag.

10.4.2 Remove boots and cross over line of demarcation.

10.5 Exiting HD Corridor Anteroom Exit

10.5.1 Remove hair net and place in trash.

10.5.2 Remove second pair of shoe covers.

10.5.3 Wash hands for 30 seconds. Dry hands with low lint wipes.

10.5.4 Leave hazardous corridor.

1.0 PURPOSE

The purpose of this procedure is to establish proper handwashing and garbing techniques for entry into the non-hazardous sterile areas.

2.0 SCOPE

This procedure applies to all sterile compounding staff, pharmacists, quality department, and any other personnel entering the sterile lab areas. Hand hygiene and garbing processes are required in all sterile compounding cleanrooms.

3.0 RESPONSIBILITY

3.1 Sterile Compounding Staff

3.1.1 It is the responsibility of each employee authorized to enter the cleanroom to follow this procedure.

3.1.2 It is the responsibility of the sterile compounding staff to ensure anyone entering the cleanroom follows this procedure.

3.2 Quality Unit

3.2.1 It is the responsibility of the Quality Unit to understand and periodically review this process for compliance.

3.2.2 The quality unit will be responsible for maintaining the requirements within this document.

4.0 DEFINITIONS

Terms and definitions are available in Corporate Glossary.

5.0 MATERIALS AND EQUIPMENT

5.1 Lab dedicated scrubs
5.2 Lab dedicated shoes
5.3 Hair net
5.4 Beard cover (if applicable)
5.5 Shoe covers
5.6 Hot and cold running water
5.7 Sink
5.8 Soap
5.9 Nail cleaning picks
5.10 Low lint wipes
5.11 Gloves (sterile and non-sterile)
5.12 Sterile hood
5.13 Sterile coveralls
5.14 Sterile sleeves
5.15 Lab coats (sterile and non-sterile)
5.16 Pestle – electronic system used to document training tasks

6.0 GENERAL INFORMATION

6.1 No, food, drink, or gum are allowed in the sterile lab or surrounding area(s).

6.2 Individuals experiencing rashes, sunburns, weeping sores, fresh tattoos, conjunctivitis, or acute respiratory infections must be excluded from working in the ISO classified areas until condition is remedied to prevent an increased risk of microbial contamination of compound sterile products.

6.3 Personnel must remove all visible jewelry, makeup/cosmetics, adornments, ear buds, outerwear, and any nonessential items to compounding prior to entering the clean room facility. No artificial nails or nail polish can be worn.

6.4 Sterile disposable garb must not be reused.

6.5 Sterile laundered garb must not be reused without being laundered and re-sterilized with a validated cycle.

6.6 If at any time items are picked up from the floor gloves must be changed immediately.

6.7 If glove tears occur while garbing immediately stop the garbing process and remove and discard garb, and re-glove.

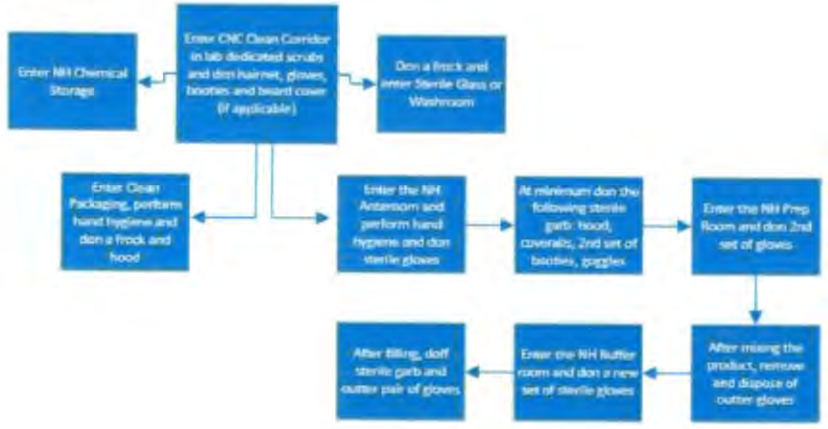
6.8 If double gloved and second (or top glove) tears remove second set of gloves discard and re-glove.

6.9 In the event of a double glove tear in the prep room or buffer room immediately leave room and proceed to anteroom to start the doffing process. See section 9.2. After all garb has been removed rewash hands and start garbing process over.

6.10 Required Training

6.10.1 All sterile compounding personnel entering the sterile cleanroom area(s) will be assessed for hand hygiene and garbing initially and quarterly thereafter. Training Tasks are documented within Pestle. See SOP Sterile Compounding Qualification

7.0 PROCES MAP



Confidential

8.0 PROCEDURE

8.1 Scrubs and Dedicated Shoes

8.1.1 All lab personnel entering the CNC and ISO classified areas must wear lab dedicated scrubs and shoes.

8.1.2 Lab dedicated scrubs will be housed in an employee locker onsite, a third party will pick up dedicated scrubs for washing weekly.

8.1.3 Street clothes (i.e., jeans) are not to be worn under scrubs, but dedicated undershirts kept onsite in an employee's locker are permitted

8.1.4 If undergarments such as camisoles are worn in to work underneath another article of clothing, an employee may keep them underneath their scrubs during compounding.

8.1.5 Lab dedicated scrubs and shoes may only be worn in CNC and ISO classified areas.

8.1.6 Lab dedicated scrubs and shoes may not be worn in the shipping/receiving area, breakroom, outdoors or in the bathroom.

8.2 Entry to Clean Corridor

8.2.1 The clean corridor is split between a dirty and clean side. Personnel not in dedicated scrubs must remain on the dirty side.

8.2.2 While on the dirty side in addition to lab dedicated scrubs and shoes, personnel must don a hair net, use the mirror to ensure all hair is secure in the hair net.

8.2.3 Don beard cover if applicable.

8.2.4 Wipe eyeglasses lens and frames with pre-wetted lens cleaning tissue (if applicable).

8.2.5 Don nonsterile gloves.

8.2.6 Using the bootie butler don one boot cover at a time stepping the booted foot over the line of demarcation. Repeat for other foot.

8.2.7 Visitors or lab personnel that are not entering classified area(s) may wear a lab coat in the clean corridor as substitute for lab scrubs. Don acceptable PPE at the entrance of the clean corridor.

8.3 Entering ISO 7 Non-Hazardous Anteroom

8.3.1 When entering the ISO 7 anteroom all personnel must wash their hands, forearms down to elbows thoroughly for at least 30 seconds.

8.3.2 Expose the skin of the arms up to the elbows.

8.3.3 Remove nail pick from container.

8.3.4 Using foot pedals on sink adjust water temperature to a comfortable lukewarm to warm level, avoid excessively hot water as it increases skin shedding.

8.3.5 Under warm running water remove debris from under nails using a disposable nail cleaning pick. Start with thumb, clean nails away from the body and into the sink.

8.3.6 Dispose of nail pick.

8.3.7 Soak arms from fingertips to forearms.

8.3.8 Pump soap into palm of hands.

8.3.9 Lather the soap up by rubbing palms together.

8.3.10 Perform the following tasks

8.3.11 Note: the following order does not depict a sequential process, but all steps must be performed.

8.3.12 Clean back of hands with palms.

8.3.13 Clean in between each finger by interlacing finger. Clean each finger with rotational rubbing of each finger.

8.3.14 Clean cuticles by rubbing the cuticles into palms of opposite hand.

8.3.15 Using a sweeping motion clean in between index finger and thumb.

8.3.16 Use a circular motion to clean the wrist to the elbow. Avoid using scrubbing motion.

8.3.17 Once both arms have been thoroughly washed, the operator will place his or her arms under the running water to rinse away the soap. Allow water to run from fingertips down to elbows.

8.3.18 If soap remains, rewet fingertips and arms starting with fingertips.

8.3.19 With hands and arms over the sink use a low lint towel to pat hands dry starting at the fingertip's dry arms in a unidirectional manner down to elbows never go back up. Use at least 1 dry wipe per arm. Separate towels used per arm.

8.3.20 Thoroughly apply alcohol-based hand sanitizer to hands only and rub dry.

8.4 Aseptic Donning Sterile Gloves.

8.4.1 Glove packages must be examined for defects and expiration date verification.

8.4.2 Choose the correct size of sterile gloves.

8.4.3 Open the outer glove package and carefully set the inner wrapping packaging containing the gloves on a clean table.

8.4.4 Unfold the inner packaging to expose the set of gloves.

8.4.5 Starting with one hand, use the index finger and thumb to grasp the exposed folded cuff of one glove and slip your free hand into the glove, maintaining the folded cuff.

8.4.6 Touch only the part of the glove that will be next to your skin.

8.4.7 With your gloved hand, slip your fingers into the cuff of the second glove.

8.4.8 Keep the gloved thumb tucked in to keep from touching your bare palm or wrist.

8.4.9 Pull on the second glove, keeping your hands above the waist.

8.4.10 Reach under the cuffed part of the glove to pull up or adjust the gloves.

8.4.11 Keep your hands in front of you and above the waist.

8.4.12 Spray hands with sterile 70% isopropyl alcohol (IPA).

8.4.13 Gloves must be routinely inspected for holes, punctures, or tears.

8.4.14 If gloves are torn or punctured during compounding, remove, and discard the contaminated gloves and don a clean pair of gloves.

Belmar PHARMA SOLUTIONS	Document Number: 7.00.02	CHAPTER 7: Compounding Process – Sterile (503A)	Version 1.0
	Document Title: Hand Hygiene and Garbing Nonhazardous Sterile Area (503A – Sterile – WIP-AZ)		Document Status: Effective
			Effective Date: 12/09/2022
Author: Arielle Bailey		Authorized By: Anne Szilagyi	

8.5 Garbing For Entry to Prep & Buffer Room

8.5.1 The Anteroom is split by a yellow line of demarcation to a "dirty" side and a "clean"side. personnel must remain on the "dirty" side of the anteroom until sterile garb is properly donned.

8.5.2 Spray a low lint wipe with sterile 70% IPA, wipe the bench from clean to dirty side with overlapping strokes.

8.5.3 Note: If using wall to garb, wipe designated area on wall from top to bottom with sterile 70% IPA.

8.5.4 Select appropriate size sterile garb, check packaging expiration dates, and ensure packaging has no tears. If the vacuum seal is no longer intact discard the garb.

8.5.5 Wipe sterile garb packaging with sterile 70% IPA focusing on areas that will be touched when opening and place on clean bench.

8.5.6 Discard sterile 70% IPA wipes as often as necessary and replace with a new saturated sterile 70% IPA wipe as needed.

8.5.7 Spray gloves with sterile 70% IPA allow hands to dry and don face mask (if applicable).

Note: Prudential hoods require the use of sterile surgical masks in addition to the built-in mask attached to the hood.

8.5.8 Spray gloves with sterile 70% IPA allow hands to dry. Carefully remove hood from its packaging only touching the inside. Gently unfold the hood, do not shake the hood open. Open and don hood, if hood needs adjusting pull from the inside to avoid touching the outer hood with gloves.

8.5.9 Spray gloves with sterile 70% IPA allow hands to dry. Open suit, gently pull suit from packaging only touching the inside, make sure the outside of suit does not touch the ground, body, bench or any other object within the anteroom.

8.5.10 Gather the suits arms and legs to assist in garbing touching only the inside of the suit. Standing or leaning against wall very carefully place one leg into the suit, repeat with the other leg. Bring suit up over shoulders and carefully insert one arm in at a time. Using the mirror make sure the hood is fully tucked into the suit. Cross legs if necessary to zip suit. Fold flap over the zipper.

8.5.11 Spray gloves with sterile 70% IPA allow hands to dry. Remove one boot from packaging touching the inside of the boot. Sitting or standing put one boot on at a time rotating fully booted foot to the clean side of the anteroom. Repeat step for second boot.

8.5.12 Spray gloves with sterile 70% IPA allow hands to dry. Don sterile sleeves. Touching only the inside of sleeves slide sleeves up to the shoulder.

Note: Sterile sleeves in addition to sterile garb are only required for personnel weighing and mixing in the prep room.

8.5.13 Spray gloves with sterile 70% IPA allow hands to dry. Don goggles by only touching the straps, adjust goggles to make sure no skin is showing.

8.5.14 Spray gloves with sterile 70% IPA. Check the mirror to make sure no skin is showing, and no holes or tears are in the suit. Do not enter the ISO 7 Prep Room with skin or scrubs exposed.

8.6 Entry to ISO 7 Prep Room

8.6.1 Upon entry to prep room spray gloves with sterile 70% IPA allow hands to dry. Don a second pair of sterile gloves. See section 8.6 aseptic donning of sterile gloves.

8.7 Moving From ISO 7 Prep Room to ISO 7 Buffer Room

8.8 Entry to ISO 7 Buffer Room

8.8.1 Before entering the buffer room discard sterile sleeves (if applicable) and a second pair of gloves.

8.8.2 Upon entry to the buffer room spray gloves with sterile 70% IPA allow hands to dry. Don second pair of sterile gloves. See section 8.6 aseptic donning of sterile gloves.

8.9 Entering Clean Packaging Room

8.9.1 When entering the ISO 7 clean packaging anteroom all personnel must wash their hands, forearms down to elbows thoroughly for at least 30 seconds. See section 8.5

8.9.2 Don sterile gloves. See section 8.6 aseptic donning of sterile gloves.

8.9.3 Spray low lint wipe with sterile 70% IPA, wipe table/cart with overlapping strokes.

8.9.4 Select the appropriate size of sterile garb, check packaging expiration dates and ensure packaging has no tears, if the vacuum seal is no longer intact discard the garb.

8.9.5 Wipe sterile garb packaging with sterile 70% IPA focusing on areas that will be touched when opening and place on clean table/cart.

8.9.6 Spray gloves with sterile 70% IPA allow hands to dry. Carefully remove hood from its packaging only touching the inside, gently unfold hood do not shake hood open. Open and don hood, if hood needs adjusting pull from the inside to avoid touching the outer hood with gloves.

8.9.7 Pull sterile lab coat from the packaging using the tag. Unzip lab coat, put one arm through at a time. Keeping both hands inside sleeves zip up lab coat. Finish pulling hands through sleeves.

8.9.8 Don sterile boots one at a time.

8.9.9 Upon entering the clean packaging room don second pair of sterile gloves. See section 8.6 aseptic donning of sterile gloves.

8.10 Entering the Wash Room

8.10.1 Prior to entering the washroom don a nonsterile lab coat in the clean corridor.

8.10.2 Don a 2nd pair on top of the lab coat.

8.11 Entering Sterile Glass

8.11.1 Prior to entering the sterile glass room don a nonsterile lab coat in the clean corridor.

8.11.2 Don a 2nd pair on top of the lab coat.

9.0 FORM BACKUP USAGE

If the Pestle system is not available, obtain a paper hardcopy of Pestle Tasks from site "Library of Backup forms", maintained by site Quality units.

IMMEDIATE CORRECTIVE ACTION IS REQUIRED (I.E., CONTINUING OPERATION WOULD CONSTITUTE A THREAT TO PUBLIC HEALTH AND WELFARE)

WOMEN'S INTERNATIONAL PHARMACY

Response to Summary of Unsatisfactory Conditions

1. Effective November 1, 2023, with the implementation of updated USP 797 for sterile compounding, designated personnel with direct oversight of compounding personnel will not verify sterile compounding procedures or prescriptions until they have completed garbing competency, media fill with post gloved fingertip testing and surface sampling with passing results at least every 12 months. If compounding, these competency assessments will be performed every 3 months.

2. While Women's International Pharmacy, Inc. ("WIP") compounds with hazardous *drugs* as defined by NIOSH/USP 800, we do not routinely compound/handle hazardous *waste* defined by EPA/RCRA. WIP follows federal, state and local laws for hazardous waste disposal including 40 CFR 261.7 Residues of Hazardous Waste in Empty Containers. If a container is not empty as defined by federal law, WIP utilizes 123 Logistics for disposal.

3. Women's International Pharmacy, Inc. ("WIP") staff collect allergy, condition and other medication information from patients at every point of contact. Staff have been trained to WI-1.00.10-20 Work Instruction for LifeFile – Contact the Patient and Customer Experience Training Series: Onboarding New Patients. All staff will complete retraining before November 15, 2023 to emphasize the importance of obtaining all information necessary for pharmacists to perform DUR. Additionally, WIP sends an email to each patient annually during their birthday month asking them to update their profile, including allergies, conditions and other medications so WIP has the most up-to-date information on file.

Pharmacist Application
Non-Refundable $250 fee

Rev (06/28/2022)

Section 1: Select how will you be obtaining your Nevada Pharmacist Registration

☒ **Examination**

☐ **Score Transfer** (Transfer your NAPLEX SCORE to Nevada within 89 days after taking your exam at https://nabp.pharmacy/ before completing this application.)

☐ **Reciprocation** (Complete NABP's Electronic Licensure Transfer Program (e-LTP) application at https://nabp.pharmacy/ before completing this application.)

Are you submitting this application to RETAKE the NAPLEX and/or MPJE? ☒ Yes ☐ No

Section 2: General Information

First: Rakan Middle: Munir Last: Sayegh

Date of Birth: [redacted] SSN or ITIN: [redacted] Sex: ☒ M ☐ F ☐ X

Mailing Address: [redacted] Midvale Terrace

City: Henderson State: NV Zip: 89074

Telephone: [redacted] Email: [redacted]

Section 3: Employment Information

Pharmacy Name: _____ NV Pharmacy License # (if applicable): _____

Address: _____

City: _____ State: _____ Zip: _____

Telephone: _____ Email: _____

Section 4: College of Pharmacy Information

School Name: Roseman University

Address: 11 Sunset Way

City: Henderson State: NV Zip: 89014

Country/Territory/Province: USA

Graduation Date: 2022 Degree: ☒ PharmD ☐ BS in Pharmacy ☐ Other

Section 5: ONLY COMPLETE this section if you are applying for a Nevada Pharmacist Registration by RECIPROCATION.

Original State of licensure/registration you are reciprocating from must be active and issued by exam (passing the NAPLEX and that state's MPJE).

State: _____ License #: _____ Date of Issuance: _____ Expiry Date: _____

Section 6: List all pharmacist license/registration you have/had in other states. Use another sheet if additional space is needed.								
State	License/ Registration #	Issued Date	Expiry Date	License/Registration Status (check applicable box)				
				Active	Inactive	Expired	Revoked	Surrendered

Section 7: Military Service (NRS 622.120)	Yes	No
1. Have you ever served on active duty in the Armed Forces of the United States and separated from such service under conditions other than dishonorable? (Mark "Yes" if discharged honorably.)		X
2. Have you ever been assigned to duty for a minimum of 6 continuous years in the National Guard or a reserve component of the Armed Forces of the United States and separated from such service under conditions other than dishonorable? (Mark "Yes" if discharged honorably.)		X
3. Have you ever served the Commissioned Corps of the United States Public Health Service or the Commissioned Corps of the National Oceanic and Atmospheric Administration of the United States in the capacity of a commissioned officer while on active duty in defense of the United States and separated from such service under conditions other than dishonorable? (Mark "Yes" if discharged honorably.)		X

Section 8: Federally Mandated Requirement (NRS 425.520, NRS 639.129)	Yes	No
1. Are you the subject of a court order for the support of a child? (If "yes", answer question 2.)		X
2. Are you in compliance with the order or the plan approved by the district attorney or other public agency enforcing the order for the repayment of the amount owed pursuant to the order?		X

Section 9: Personal and Professional History	Yes	No
1. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your registration?		X
2. Have you been charged, arrested or convicted of a felony or misdemeanor in <u>any</u> state?		X
3. Have you been the subject of a board citation or administrative action whether completed or pending in <u>any</u> state?		X
4. Has your license/registration been subjected to any discipline for violation of pharmacy or drug laws in <u>any</u> state?		X

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

I attest to the knowledge of and compliance with the guidelines of the Centers for Disease Control and Prevention concerning the prevention of transmission of infectious agents through safe and appropriate injection practices. NRS 639.132

I understand that Nevada law requires a registered pharmacist who, in their professional or occupational capacity, knows or has reasonable cause to believe a child has been abused/neglected to report the abuse/neglect to an agency which provides child welfare services or to a local law enforcement agency, and make such a report as soon as reasonably practicable but not later than 24 hours after the person knows or has reasonable cause to believe that the child has been abused/neglected. NRS 432B.220.

The California State Board of Pharmacy has place my CA RPH license on probation for 5 years effective 4/21/2022. My CA RPH license i s placed on probation as a result of the Stipulated Settlement of CA Board Accusation case #7025. The AC #7025 case was primarily a case about failure to comply with the RPH Corresponding Responsibilities regarding controlled substances. I was part owner, and PIC of Top Drugs Pharmacy from 2018 to 2022 when I was audited by the CA Board of pharmacy inspector during a routine pharmacy inspection in 2020. The Board Inspector audited my controlled prescriptions, and discovered that I was not in compliance with the RPH Correspon ding Responsibilities and Red Flags in filling controlled prescriptions.

In the Matter of the Accusation Against: **TOP DRUGS PHARMACY, INC.,** **DBA TOP DRUGS PHARMACY;** **TOM THUY PHUNG, CEO, CFO, PRES, DIR, SEC, TREAS;** **HAIDUONG NGO, VP, DIR** **11010 Magnolia St.,** **Garden Grove, CA 92841** **Pharmacy Permit Number No. PHY 55878,** **HAIDUONG NGO** **[redacted] Waterbury Ln.,** **Huntington Beach, CA 92646** **Pharmacist License No. RPH 54675,** **and** **TOM THUY PHUNG** **[redacted] Waterbury Ln.,** **Huntington Beach, CA 92646** **Pharmacist License No. RPH 52739** Respondents.	Case No. 7025 OAH No. 2021061004 **STIPULATED SETTLEMENT AND DISCIPLINARY ORDER AS TO HAIDUONG NGO, ONLY**

IT IS HEREBY STIPULATED AND AGREED by and between parties Complainant Anne Sodergren and Respondent Haiduong Ngo to the above-entitled proceedings that the following matters are true:

PARTIES

1. Anne Sodergren (Complainant) is the Executive Officer of the Board of Pharmacy (Board). She brought this action solely in her official capacity and is represented in this matter by Rob Bonta, Attorney General of the State of California, by Erin M. Sunseri, Supervising Deputy Attorney General.

2. Respondent is represented in this proceeding by Adam B. Brown of the Law Offices of Brown & Brown, 3848 Carson Street, Suite 206, Torrance, California 90503.

3. On or about August 21, 2003, the Board of Pharmacy issued Pharmacist License Number RPH 54675 to Haiduong Ngo (Respondent). The Pharmacist License was in full force and effect at all times relevant to the charges brought herein and will expire on February 28, 2023, unless renewed.

JURISDICTION

4. Accusation No. 7025 was filed before the Board, and is currently pending against Respondent. The Accusation and all other statutorily required documents were properly served on Respondent on February 1, 2021. Respondent timely filed her Notice of Defense contesting the Accusation.

5. A copy of Accusation No. 7025 is attached as Exhibit A and incorporated herein by reference.

ADVISEMENT AND WAIVERS

6. Respondent has carefully read, fully discussed with counsel, and understands the charges and allegations in Accusation No. 7025. Respondent has also carefully read, fully discussed with counsel, and understands the effects of this Stipulated Settlement and Disciplinary Order.

7. Respondent is fully aware of her legal rights in this matter, including the right to a hearing on the charges and allegations in the Accusation; the right to confront and cross-examine

the witnesses against her; the right to present evidence and to testify on her own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Procedure Act and other applicable laws.

8. Respondent voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

CULPABILITY

9. Respondent understands and agrees that the charges and allegations in Accusation No. 7025, if proven at a hearing, constitute cause for imposing discipline upon her Pharmacist License.

10. For the purpose of resolving the Accusation without the expense and uncertainty of further proceedings, Respondent agrees that, at a hearing, Complainant could establish a factual basis for the charges in the Accusation, and that Respondent hereby gives up her right to contest those charges.

11. Respondent agrees that her Pharmacist License is subject to discipline and she agrees to be bound by the Board's probationary terms as set forth in the Disciplinary Order below.

CONTINGENCY

12. This stipulation shall be subject to approval by the Board of Pharmacy. Respondent understands and agrees that counsel for Complainant and the staff of the Board of Pharmacy may communicate directly with the Board regarding this stipulation and settlement, without notice to or participation by Respondent or its counsel. By signing the stipulation, Respondent understands and agrees that she may not withdraw its agreement or seek to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal action between the parties, and the Board shall not be disqualified from further action by having considered this matter.

13. The parties understand and agree that Portable Document Format (PDF) and facsimile copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile signatures thereto, shall have the same force and effect as the originals.

14. This Stipulated Settlement and Disciplinary Order is intended by the parties to be an integrated writing representing the complete, final, and exclusive embodiment of their agreement. It supersedes any and all prior or contemporaneous agreements, understandings, discussions, negotiations, and commitments (written or oral). This Stipulated Settlement and Disciplinary Order may not be altered, amended, modified, supplemented, or otherwise changed except by a writing executed by an authorized representative of each of the parties.

15. In consideration of the foregoing admissions and stipulations, the parties agree that the Board may, without further notice or formal proceeding, issue and enter the following Disciplinary Order:

DISCIPLINARY ORDER

IT IS HEREBY ORDERED that Pharmacist License No. RPH 54675 issued to Respondent Haiduong Ngo is revoked. However, the revocation is stayed and Respondent is placed on probation for five (5) years on the following terms and conditions:

1. **Obey All Laws**

Respondent shall obey all state and federal laws and regulations.

Respondent shall report any of the following occurrences to the board, in writing, within seventy- two (72) hours of such occurrence:

- an arrest or issuance of a criminal complaint for violation of any provision of the Pharmacy Law, state and federal food and drug laws, or state and federal controlled substances laws
- a plea of guilty, or nolo contendere, no contest, or similar, in any state or federal criminal proceeding to any criminal complaint, information or indictment
- a conviction of any crime
- the filing of a disciplinary pleading, issuance of a citation, or initiation of another administrative action filed by any state or federal agency which involves

Respondent's license or which is related to the practice of pharmacy or the manufacturing, obtaining, handling, distributing, billing, or charging for any drug, device or controlled substance.

Failure to timely report such occurrence shall be considered a violation of probation.

2. **Report to the Board**

Respondent shall report to the board quarterly, on a schedule as directed by the board or its designee. The report shall be made either in person or in writing, as directed. Among other requirements, Respondent shall state in each report under penalty of perjury whether there has been compliance with all the terms and conditions of probation.

Failure to submit timely reports in a form as directed shall be considered a violation of probation. Any period(s) of delinquency in submission of reports as directed may be added to the total period of probation. Moreover, if the final probation report is not made as directed, probation shall be automatically extended until such time as the final report is made and accepted by the board.

3. **Interview with the Board**

Upon receipt of reasonable prior notice, Respondent shall appear in person for interviews with the board or its designee, at such intervals and locations as are determined by the board or its designee. Failure to appear for any scheduled interview without prior notification to board staff, or failure to appear for two (2) or more scheduled interviews with the board or its designee during the period of probation, shall be considered a violation of probation.

4. **Cooperate with Board Staff**

Respondent shall timely cooperate with the board's inspection program and with the board's monitoring and investigation of Respondent's compliance with the terms and conditions of her probation, including but not limited to: timely responses to requests for information by board staff; timely compliance with directives from board staff regarding requirements of any term or condition of probation; and timely completion of documentation pertaining to a term or condition of probation. Failure to timely cooperate shall be considered a violation of probation.

///

5. **Continuing Education**

Respondent shall provide evidence of efforts to maintain skill and knowledge as a pharmacist as directed by the board or its designee.

6. **Reporting of Employment and Notice to Employers**

During the period of probation, Respondent shall notify all present and prospective employers of the decision in case number 7025 and the terms, conditions and restrictions imposed on respondent by the decision, as follows:

Within thirty (30) days of the effective date of this decision, and within ten (10) days of undertaking any new employment, Respondent shall report to the board in writing the name, physical address, and mailing address of each of her employer(s), and the name(s) and telephone number(s) of all of her direct supervisor(s), as well as any pharmacist(s)-in- charge, designated representative(s)-in-charge, responsible manager, or other compliance supervisor(s) and the work schedule, if known. Respondent shall also include the reason(s) for leaving the prior employment. Respondent shall sign and return to the board a written consent authorizing the board or its designee to communicate with all of Respondent's employer(s) and supervisor(s), and authorizing those employer(s) or supervisor(s) to communicate with the board or its designee, concerning respondent's work status, performance, and monitoring. Failure to comply with the requirements or deadlines of this condition shall be considered a violation of probation.

Within thirty (30) days of the effective date of this decision, and within fifteen (15) days of Respondent undertaking any new employment, Respondent shall cause (a) her direct supervisor, (b) her pharmacist-in-charge, designated representative-in-charge, responsible manager, or other compliance supervisor, and (c) the owner or owner representative of her employer, to report to the board in writing acknowledging that the listed individual(s) has/have read the decision in case number 7025, and terms and conditions imposed thereby. If one person serves in more than one role described in (a), (b), or (c), the acknowledgment shall so state. It shall be Respondent's responsibility to ensure that these acknowledgment(s) are timely submitted to the board. In the event of a change in the person(s) serving the role(s) described in (a), (b), or (c) during the term of probation, Respondent shall cause the person(s) taking over the role(s) to report to the board in

writing within fifteen (15) days of the change acknowledging that he or she has read the decision in case number 7025, and the terms and conditions imposed thereby.

If Respondent works for or is employed by or through an employment service, Respondent must notify the person(s) described in (a), (b), and (c) above at every entity licensed by the board of the decision in case number 7025, and the terms and conditions imposed thereby in advance of respondent commencing work at such licensed entity. A record of this notification must be provided to the board upon request.

Furthermore, within thirty (30) days of the effective date of this decision, and within fifteen (15) days of respondent undertaking any new employment by or through an employment service, Respondent shall cause the person(s) described in (a), (b), and (c) above at the employment service to report to the board in writing acknowledging that he or she has read the decision in case number, and the terms and conditions imposed thereby. It shall be Respondent's responsibility to ensure that these acknowledgment(s) are timely submitted to the board.

Failure to timely notify present or prospective employer(s) or failure to cause the identified person(s) with that/those employer(s) to submit timely written acknowledgments to the board shall be considered a violation of probation.

"Employment" within the meaning of this provision includes any full-time, part-time, temporary, relief, or employment/management service position as a pharmacist, or any position for which a pharmacist is a requirement or criterion for employment, whether Respondent is an employee, independent contractor or volunteer.

7. **Notification of Change(s) in Name, Address(es), or Phone Number(s)**

Respondent shall further notify the board in writing within ten (10) days of any change in name, residence address, mailing address, e-mail address or phone number.

Failure to timely notify the board of any change in employer, name, address, or phone number shall be considered a violation of probation.

8. **Restrictions on Supervision and Oversight of Licensed Facilities**

During the period of probation, Respondent shall not supervise any intern pharmacist, be the pharmacist-in-charge, designated representative-in-charge, responsible manager or other

compliance supervisor of any entity licensed by the board, nor serve as a consultant. Assumption of any such unauthorized supervision responsibilities shall be considered a violation of probation.

9. **Reimbursement of Board Costs**

As a condition precedent to successful completion of probation, Respondent shall pay to the board its costs of investigation and prosecution in the amount of $15,000.00 and shall be jointly and severally liable for those costs with Respondents Tom Thuy Phung and Top Drugs Pharmacy, Inc., dba Top Drugs Pharmacy. Respondent shall be permitted to pay these costs in a payment plan approved by the board or its designee, so long as full payment is completed no later than one (1) year prior to the end date of probation. There shall be no deviation from this schedule absent prior written approval by the board or its designee. Failure to pay costs by the deadline(s) as directed shall be considered a violation of probation.

10. **Probation Monitoring Costs**

Respondent shall pay any costs associated with probation monitoring as determined by the board each and every year of probation. Such costs shall be payable to the board on a schedule as directed by the board or its designee. Failure to pay such costs by the deadline(s) as directed shall be considered a violation of probation.

11. **Status of License**

Respondent shall, at all times while on probation, maintain an active, current Pharmacist License with the board, including any period during which suspension or probation is tolled. Failure to maintain an active, current Pharmacist License shall be considered a violation of probation.

If Respondent's Pharmacist License expires or is cancelled by operation of law or otherwise at any time during the period of probation, including any extensions thereof due to tolling or otherwise, upon renewal or reapplication Respondent's license shall be subject to all terms and conditions of this probation not previously satisfied.

///

///

///

12. **License Surrender While on Probation/Suspension**

Following the effective date of this decision, should Respondent cease practice due to retirement or health, or be otherwise unable to satisfy the terms and conditions of probation, Respondent may relinquish her license, including any indicia of licensure issued by the board, along with a request to surrender the license. The board or its designee shall have the discretion whether to accept the surrender or take any other action it deems appropriate and reasonable. Upon formal acceptance of the surrender of the license, Respondent will no longer be subject to the terms and conditions of probation. This surrender constitutes a record of discipline and shall become a part of Respondent's license history with the board.

Upon acceptance of the surrender, Respondent shall relinquish her pocket and/or wall license, including any indicia of licensure not previously provided to the board within ten (10) days of notification by the board that the surrender is accepted if not already provided. Respondent may not reapply for any license from the board for three (3) years from the effective date of the surrender. Respondent shall meet all requirements applicable to the license sought as of the date the application for that license is submitted to the board, including any outstanding costs.

13. **Practice Requirement – Extension of Probation**

Except during periods of suspension, Respondent shall, at all times while on probation, be employed as a pharmacist in California for a minimum of 120 hours per calendar month. Any month during which this minimum is not met shall extend the period of probation by one month. During any such period of insufficient employment, Respondent must nonetheless comply with all terms and conditions of probation, unless Respondent receives a waiver in writing from the board or its designee.

If Respondent does not practice as a pharmacist in California for the minimum number of hours in any calendar month, for any reason (including vacation), Respondent shall notify the board in writing within ten (10) days of the conclusion of that calendar month. This notification shall include at least: the date(s), location(s), and hours of last practice; the reason(s) for the interruption or reduction in practice; and the anticipated date(s) on which Respondent will resume

practice at the required level. Respondent shall further notify the board in writing within ten (10) days following the next calendar month during which respondent practices as a pharmacist in California for the minimum of hours. Any failure to timely provide such notification(s) shall be considered a violation of probation.

It is a violation of probation for Respondent's probation to be extended pursuant to the provisions of this condition for a total period, counting consecutive and non-consecutive months, exceeding thirty-six (36) months. The board or its designee may post a notice of the extended probation period on its website.

14. **Violation of Probation**

If Respondent has not complied with any term or condition of probation, the board shall have continuing jurisdiction over Respondent, and the board shall provide notice to Respondent that probation shall automatically be extended, until all terms and conditions have been satisfied or the board has taken other action as deemed appropriate to treat the failure to comply as a violation of probation, to terminate probation, and to impose the penalty that was stayed. The board or its designee may post a notice of the extended probation period on its website.

If Respondent violates probation in any respect, the board, after giving Respondent notice and an opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. If a petition to revoke probation or an accusation is filed against Respondent during probation, or the preparation of an accusation or petition to revoke probation is requested from the Office of the Attorney General, the board shall have continuing jurisdiction and the period of probation shall be automatically extended until the petition to revoke probation or accusation is heard and decided, and the charges and allegations in Accusation No. 7025 shall be deemed true and correct.

15. **Completion of Probation**

Upon written notice by the board or its designee indicating successful completion of probation, Respondent's license will be fully restored.

///

///

16. **Remedial Education**

Within thirty (30) days of the effective date of this decision, Respondent shall submit to the board or its designee, for prior approval, an appropriate program of remedial education related to corresponding responsibility. The program of remedial education shall consist of at least ten hours completed each year of probation. All remedial education shall be in addition to, and shall not be credited toward, continuing education (CE) courses used for license renewal purposes for pharmacists.

Failure to timely submit for approval or complete the approved remedial education shall be considered a violation of probation. The period of probation will be automatically extended until such remedial education is successfully completed and written proof, in a form acceptable to the board, is provided to the board or its designee.

Following the completion of each course, the board or its designee may require Respondent, at her own expense, to take an approved examination to test Respondent's knowledge of the course. If Respondent does not achieve a passing score on the examination that course shall not count towards satisfaction of this term. Respondent shall take another course approved by the board in the same subject area.

17. **Board's One-Day Training Program**

Within the first year of probation, Respondent shall enroll in the Board's one-day, six (6) hour training program, "Preventing Prescription Drug Abuse and Drug Diversion," at Respondent's expense. Respondent shall provide proof of enrollment upon request. Within thirty (30) days of completion, Respondent shall submit a copy of the certificate of completion to the Board or its designee. Failure to timely enroll in the training program, to initiate the training program during the first year of probation, to successfully complete it before the second year of probation, or to timely submit proof of completion to the Board or its designee, shall be considered a violation of probation.

18. **Ethics Course**

Within sixty (60) calendar days of the effective date of this decision, Respondent shall enroll in a course in ethics, at Respondent's expense, approved in advance by the board or its

designee that complies with Title 16 California Code of Regulations section 1773.5. Respondent shall provide proof of enrollment upon request. Within five (5) days of completion, Respondent shall submit a copy of the certificate of completion to the board or its designee. Failure to timely enroll in an approved ethics course, to initiate the course during the first year of probation, to successfully complete it before the end of the second year of probation, or to timely submit proof of completion to the board or its designee, shall be considered a violation of probation.

19. **Supervised Practice**

Within thirty (30) days of the effective date of this decision, Respondent shall submit to the board or its designee, for prior approval, the name of a pharmacist by and not on probation with the board, to serve as Respondent's practice supervisor. As part of the documentation submitted, Respondent shall cause the proposed practice supervisor to report to the board in writing acknowledging that he or she has read the decision in case number 7025, and is familiar with the terms and conditions imposed thereby, including the level of supervision required by the board or its designee. This level will be determined by the board or its designee, will be communicated to Respondent on or before the effective date of this decision and shall be one of the following:

Continuous – At least 75% of a work week

Substantial - At least 50% of a work week

Partial - At least 25% of a work week

Daily Review - Supervisor's review of probationer's daily activities within 24 hours

Respondent may practice only under the required level of supervision by an approved practice supervisor. If, for any reason, including change of employment, Respondent is no longer supervised at the required level by an approved practice supervisor, within ten (10) days of this change in supervision Respondent shall submit to the board or its designee, for prior approval, the name of a pharmacist by and not on probation with the board, to serve as Respondent's replacement practice supervisor. As part of the documentation submitted, Respondent shall cause the proposed replacement practice supervisor to report to the board in writing acknowledging that he or she has read the decision in case number 7025, and is familiar with the terms and conditions imposed thereby, including the level of supervision required.

Any of the following shall result in the automatic suspension of practice by Respondent and shall be considered a violation of probation:

Failure to nominate an initial practice supervisor, and to have that practice supervisor report to the board in writing acknowledging the decision, terms and conditions, and supervision level, within thirty (30) days;

Failure to nominate a replacement practice supervisor, and to have that practice supervisor report to the board in writing acknowledging the decision, terms and conditions, and supervision level, within ten (10) days;

Practicing in the absence of an approved practice supervisor beyond the initial or replacement nomination period; or

Any failure to adhere to the required level of supervision.

Respondent shall not resume practice until notified in writing by the board or its designee.

During any suspension, Respondent shall not enter any pharmacy area or any portion of the licensed premises of a wholesaler, third-party logistics provider, veterinary food-animal drug retailer or any other distributor of drugs which is licensed by the board, or any manufacturer, or any area where dangerous drugs and/or dangerous devices or controlled substances are maintained. Respondent shall not practice pharmacy nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing or patient consultation; nor shall respondent manage, administer, or be a consultant to any licensee of the board, or have access to or control the ordering, distributing, manufacturing or dispensing of dangerous drugs and/or dangerous devices or controlled substances.

During any suspension, Respondent shall not engage in any activity that requires the professional judgment and/or licensure as a pharmacist. Respondent shall not direct or control any aspect of the practice of pharmacy or of the manufacture, distribution, wholesaling, or retailing of dangerous drugs and/or dangerous devices or controlled substances.

Failure to comply with any suspension shall be considered a violation of probation.

///

///

20. **No Ownership or Management of Licensed Premises**

Respondent shall not own, have any legal or beneficial interest in, nor serve as a manager, administrator, member, officer, director, trustee, associate, or partner of any business, firm, partnership, or corporation currently or hereinafter licensed by the board. Respondent shall sell or transfer any legal or beneficial interest in any entity licensed by the board within ninety (90) days following the effective date of this decision and shall immediately thereafter provide written proof thereof to the board. Failure to timely divest any legal or beneficial interest(s) or provide documentation thereof shall be considered a violation of probation.

ACCEPTANCE

I have carefully read the above Stipulated Settlement and Disciplinary Order and have fully discussed it with my attorney, Adam B. Brown. I understand the stipulation and the effect it will have on my Pharmacist License. I enter into this Stipulated Settlement and Disciplinary Order voluntarily, knowingly, and intelligently, and agree to be bound by the Decision and Order of the Board of Pharmacy.

BEFORE THE
BOARD OF PHARMACY
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

In the Matter of the Accusation Against:	Case No. 7025
TOP DRUGS PHARMACY, INC., **DBA TOP DRUGS PHARMACY;** **TOM THUY PHUNG, CEO, CFO, PRES, DIR, SEC, TREAS;** **HAIDUONG NGO, VP, DIR** **11010 Magnolia St.,** **Garden Grove, CA 92841** **Pharmacy Permit Number No. PHY 55878,** **HAIDUONG NGO** **[redacted] Waterbury Ln.,** **Huntington Beach, CA 92646** **Pharmacist License No. RPH 54675,** **and** **TOM THUY PHUNG** **[redacted] Waterbury Ln.,** **Huntington Beach, CA 92646** **Pharmacist License No. RPH 52739** Respondents.	**ACCUSATION**

PARTIES

1. Anne Sodergren (Complainant) brings this Accusation solely in her official capacity as the Executive Officer of the Board of Pharmacy, Department of Consumer Affairs.

2. On or about August 21, 2003, the Board of Pharmacy issued Pharmacy Permit Number PHY 55878 to Top drugs Pharmacy, Inc., dba Top Drugs Pharmacy (Respondent Top Drugs Pharmacy). The Pharmacy Permit was in full force and effect at all times relevant to the charges brought herein and will expire on January 1, 2022, unless renewed.

3. On or about January 21, 2003, the Board of Pharmacy issued Pharmacist License Number RPH 54675 to Haiduong Ngo (Respondent Ngo). The Pharmacist License was in full force and effect at all times relevant to the charges brought herein and will expire on February 28, 2021, unless renewed.

4. On or about September 4, 2001, the Board of Pharmacy issued Pharmacist License Number RPH 52739 to Tom Thuy Phung (Respondent Phung). The Pharmacist License was in full force and effect at all times relevant to the charges brought herein and will expire on February 28, 2021, unless renewed.

JURISDICTION

5. This Accusation is brought before the Board of Pharmacy (Board), Department of Consumer Affairs, under the authority of the following laws. All section references are to the Business and Professions Code (Code) unless otherwise indicated.

6. Section 4011 of the Code provides that the Board shall administer and enforce both the Pharmacy Law (Bus. & Prof. Code, § 11000 *et seq*.).

7. Code section 4300, subdivision (a), provides that every license issued by the Board may be suspended or revoked.

8. Code section 4300.1 states:

> The expiration, cancellation, forfeiture, or suspension of a board-issued license by operation of law or by order or decision of the board or a court of law, the placement of a license on a retired status, or the voluntary surrender of a license by a licensee shall not deprive the board of jurisdiction to commence or proceed with any investigation of, or action or disciplinary proceeding against, the licensee or to render a decision suspending or revoking the license.

STATUTORY PROVISIONS

9. Code section 4022 states:

"Dangerous drug" or "dangerous device" means any drug or device unsafe for self-use in humans or animals, and includes the following:

(a) Any drug that bears the legend: "Caution: federal law prohibits dispensing without prescription," "Rx only," or words of similar import.

(b) Any device that bears the statement: "Caution: federal law restricts this device to sale by or on the order of a ____" "Rx only," or words of similar import, the blank to be filled in with the designation of the practitioner licensed to use or order use of the device.

(c) Any other drug or device that by federal or state law can be lawfully dispensed only on prescription or furnished pursuant to Section 4006.

10. Code section 4113, subdivision (c) states:

The pharmacist-in-charge shall be responsible for a pharmacy's compliance with all state and federal laws and regulations pertaining to the practice of pharmacy.

11. Code section 4301 states in pertinent part:

The board shall take action against any holder of a license who is guilty of unprofessional conduct or whose license has been procured by fraud or misrepresentation or issued by mistake. Unprofessional conduct shall include, but is not limited to, any of the following:

…

(c) Gross negligence.

(d) The clearly excessive furnishing of controlled substances in violation of subdivision (a) of Section 11153 of the Health and Safety Code.

…

(j) The violation of any of the statutes of this state, or any other state, or of the United States regulating controlled substances and dangerous drugs.

…

(o) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of or conspiring to violate any provision or term of this chapter or of the applicable federal and state laws and regulations governing pharmacy, including regulations established by the board or any other state or federal regulatory agency.

…

12. Code section 4306.5, subdivisions (a) and (b) states:

Unprofessional conduct for a pharmacist may include any of the following:

(a) Acts or omissions that involve, in whole or in part, the inappropriate exercise of his or her education, training, or experience as a pharmacist, whether or not the act or omission arises in the course of the practice of pharmacy or the ownership, management, administration, or operation of a pharmacy or other entity licensed by the board.

(b) Acts or omissions that involve, in whole or in part, the failure to exercise or implement his or her best professional judgment or corresponding responsibility with regard to the dispensing or furnishing of controlled substances, dangerous drugs, or dangerous devices, or with regard to the provision of services.

(c) Acts or omissions that involve, in whole or in part, the failure to consult appropriate patient, prescription, and other records pertaining to the performance of any pharmacy function.

(d) Acts or omissions that involve, in whole or in part, the failure to fully maintain and retain appropriate patient specific information pertaining to the performance of any pharmacy function.

13. Code section 4307, subdivision (a) states:

Any person who has been denied a license or whose license has been revoked or is under suspension, or who has failed to renew his or her license while it was under suspension, or who has been a manager, administrator, owner member, officer, director, associate, or partner of any partnership, corporation, firm, or association whose application for a license has been denied or revoked, is under suspension or has been placed on probation, and while acting as the manger, administrator, owner, member, officer, director, associate, or partner had knowledge or knowingly participated in any conduct for which the license was denied, revoked, suspended, or placed on probation, shall be prohibited from serving as a manger, administrator, owner, member, officer, director, associate, or partner of a licensee as follows:

(1) Where a probationary license is issued or where an existing license is placed on probation, this prohibition shall remain in effect for a period not to exceed five years.

(2) Where the license is denied or revoked, the prohibition shall continue until the license is issued or reinstated.

14. Health and Safety Code section 11153, subdivision (a), states:

A prescription for a controlled substance shall only be issued for a legitimate medical purpose by an individual practitioner acting in the usual course of his or her professional practice. The responsibility for the proper prescribing and dispensing of controlled substances is upon the prescribing practitioner, but a corresponding responsibility rests with the pharmacist who fills the prescription. Except as authorized by this division, the following are not legal prescriptions: (1) an order purporting to be a prescription which is issued not in the usual course of professional treatment or in legitimate and authorized research; or (2) an order for an addict or

habitual user of controlled substances, which is issued not in the course of professional treatment or as part of an authorized narcotic treatment program, for the purpose of providing the user with controlled substances, sufficient to keep him or her comfortable by maintaining customary use.

REGULATORY PROVISIONS

15. Code of Federal Regulations, Title 21, section 1306.04, subdivision (a), states:

A prescription for a controlled substance to be effective must be issued for a legitimate medical purpose by an individual practitioner acting in the usual course of his professional practice. The responsibility for the proper prescribing and dispensing of controlled substances is upon the prescribing practitioner, but a corresponding responsibility rests with the pharmacist who fills the prescription. An order purporting to be a prescription issued not in the usual course of professional treatment or in legitimate and authorized research is not a prescription within the meaning and intent of section 309 of the Act (21 U.S.C. 829) and the person knowingly filling such a purported prescription, as well as the person issuing it, shall be subject to the penalties provided for violations of the provisions of law relating to controlled substances.

16. California Code of Regulations, title 16, section 1761 states:

(a) No pharmacist shall compound or dispense any prescription which contains any significant error, omission, irregularity, uncertainty, ambiguity or alteration. Upon receipt of any such prescription, the pharmacist shall contact the prescriber to obtain the information needed to validate the prescription.

(b) Even after conferring with the prescriber, a pharmacist shall not compound or dispense a controlled substance prescription where the pharmacist knows or has objective reason to know that said prescription was not issued for a legitimate medical purpose.

COST RECOVERY

17. Section 125.3 of the Code provides, in pertinent part, that the Board may request the administrative law judge to direct a licentiate found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case.

DRUGS

18. Xanax is the brand name for alprazolam, a Schedule IV controlled substance pursuant to Health and Safety Code section 11057, subdivision (d)(1), and is a dangerous drug as defined by Business and Professions Code section 4022.

19. Adderall is the brand name for amphetamine salts, a Schedule II controlled substance pursuant to Health and Safety Code section 11055, subdivision (d)(1) and a dangerous drug as defined by Business and Professions Code section 4022.

20. Norco/Lortab is the brand name for hydrocodone/acetaminophen (APAP), a Schedule II controlled substance pursuant to Health and Safety Code section 11055, subdivision (I)(i), and Title 21 CFR 1308.12 and a dangerous drug as defined by Business and Professions Code section 4022.

21. Percolone/Roxicodone is the brand name for oxycodone, a Schedule II controlled substance pursuant to Health and Safety Code section 11055, subdivision (b)(1)(M) and a dangerous drug as defined by Business and Professions Code section 4022.

22. Phenergan with Codeine Syrup is the brand name for promethazine/codeine syrup, a Schedule V controlled substance pursuant to Health and Safety Code section 11058, subdivision (c)(1) and a dangerous drug as defined by Business and Professions Code section 4022.

FACTUAL ALLEGATIONS

23. At all relevant times, Respondent Top Drugs Pharmacy was an independent community pharmacy located in Garden Grove, California. At all relevant times, Respondent Ngo was the Pharmacist-in-Charge and owner of 25% of Respondent Top Drugs Pharmacy, and Respondent Phung was the owner of 75% of Respondent Top Drugs Pharmacy.

24. On or about February 13, 2020, a Board of Pharmacy inspector conducted an inspection of Top Drugs Pharmacy. Respondent Ngo, pharmacist-in-charge, was present during the inspection. Based on the facts set forth below, their educational and professional background and knowledge of pharmacy and drug laws, the Board's inspectors found a pattern of dispensing controlled substance prescriptions with red flags of illegitimacy, and determined that on numerous occasions, Respondents failed to exercise their corresponding responsibility and best professional judgment to dispense only controlled substance prescriptions issued for legitimate medical purposes.

25. The inspectors focused on five prescribers, Dr. E.D., Dr. J.D., Dr. S.C., Dr. A.F., and Physician Assistant (PA) J.E. The inspector found those prescribers' prescriptions contained

significant irregularities and "red flags," suggesting that prescriptions were not written or filled for a legitimate medical purpose. Respondents' prescribing profiles for these physicians indicated that alprazolam, amphetamine salts, promethazine with codeine and/or oxycodone 30 mg immediate-release, drugs associated with high rates of abuse and diversion, were the most commonly prescribed drugs for these prescribers. Most, if not all of the prescriptions from these prescribers exhibited obvious red flags of drug abuse that Respondents ignored when filling them, in spite of the Respondents' corresponding responsibility to ensure that all prescriptions dispensed were for a legitimate medical purpose.

Those red flags included:

Multiple patients at the same or similar address;

Cash payments;

Prescriptions written for an unusually large quantity of drugs;

Prescriptions written for potentially duplicative drugs;

The same combinations of drugs prescribed for multiple patients;

Initial prescriptions written for strong opiates;

Long distances traveled from the patient's home to the prescriber's office or pharmacy;

Irregularities in the prescriber's qualifications in relation to the medication(s) prescribed;

Prescriptions that are written outside of the prescriber's medical specialty;

Prescriptions for medications with no logical connection to diagnosis or treatment.

26. From January 22, 2018 through April 30, 2020, Respondents dispensed 10,298 prescriptions for non-controlled substances, comprising 90.3% of the total prescriptions dispensed. With many more medical conditions requiring treatment with non-controlled medications than controlled medications, this distribution is expected for a community pharmacy such as Respondent Top Drugs Pharmacy. The low percentages of controlled substance prescriptions dispensed would cause patterns of irregularities from particular prescribers to stand out, especially if multiple identical or similar prescriptions were presented on the same day, or

close to the same day. Of the top ten drugs (controlled and non-controlled) dispensed by Respondent Top Drugs Pharmacy, oxycodone 30 mg was the third most commonly dispensed, with a total amount paid by patients (out-of-pocket price) of $84,439. The second highest total amount paid by patients (out-of-pocket price) was $925.00, for ibuprofen 600 mg. The top five highest cash pay drugs dispensed by Respondent Top Drugs Pharmacy were oxycodone 30 mg, amphetamine salts 30 mg, promethazine/codeine syrup (ml), Narcan 4 mg spray, and alprazolam 2 mg. The percentage of cash payment for controlled substances dispensed by Respondent Top Drugs Pharmacy was more than three to five times that of non-controlled substances. This high percentage of cash payment for controlled substances was irregular for a retail pharmacy.

27. Top Drugs Pharmacy dispensed the following:

Oxycodone:

Drug	Number of prescriptions	Percent of total	Number with cash payment	Percent with cash payment
oxycodone 5 mg	0	0	0	0%
oxycodone 10 mg	1	0.5%	0	0%
oxycodone 15 mg	32	14.5%	0	0%
oxycodone 20 mg	4	1.8%	1	25%
oxycodone 30 mg	**183**	**83.2%**	**165**	**90.2%**
Total	**220**		**166**	

Oxycodone 30 mg prescriptions stood out as a group as having the following irregularities:

Higher percentage of oxycodone 30 mg compared to lower strengths;

Higher cash payment percentage for 30 mg strength than lower strengths of oxycodone, and more than most other controlled substances;

Large amounts of money charged to patients for these prescriptions, more than any other drug.

Alprazolam

Drug	Number of prescriptions	Percent of total	Number with cash payment	Percent with cash payment
alprazolam 0.25 mg	3	3.1%	0	0%
alprazolam 0.5 mg	10	10.2%	0	0%
alprazolam 1 mg	10	10.2%	0	0%
alprazolam 2 mg	**75**	**76.5%**	**73**	**97.3%**
Total	**98**		**73**	

Alprazolam 2 mg prescriptions stood out as a group as having the following irregularities:

Higher percentage of alprazolam 2 mg compared to lower strengths;

Higher cash payment percentage for 2 mg strength than lower strengths of alprazolam, and more than most other controlled substances.

Amphetamine salts

Drug	Number of prescriptions	Percent of total	Number with cash payment	Percent with cash payment
Amphetamine salts 30 mg	68	100%	68	100%

Amphetamine salts 30 mg prescriptions stood out as a group as having the following irregularities:

Only the highest available strength was dispensed;

All were from one prescriber;

All were for cash payment.

28. Dosing for oxycodone, alprazolam, and amphetamine salts was inconsistent with the principles of safe dosing, and titrating patients individually up from the lowest effective dose. This factor of irregularity would need to be resolved before dispensing controlled substances in the highest strengths, particularly if other red flags of illegitimacy existed. These patterns of irregularities from particular prescribers would stand out, especially if multiple identical or similar prescriptions were presented on the same day, or in the same time periods.

29. The above highest strength controlled substances, as well as promethazine/codeine, are very well known to be commonly sought after for abuse. The following prescribers contributed to the vast majority of these drugs dispensed by Respondent Top Drugs Pharmacy:

Prescriber	Drug	Number of prescriptions	Percent of total prescriptions dispensed of these drugs from each prescriber
Dr. S.C.	oxycodone 30 mg	31	16.9%
Dr. J.D.	oxycodone 30 mg	53	29.0%
Dr. E.D.		62	82.7%
		68	100%
PA J.E.	alprazolam 2 mg	11	14.7%

	oxycodone 30 mg	55	30.1%
	promethazine-codeine	98	87.5%
Dr. A.F.	oxycodone 30 mg	42	23.0%
	promethazine-codeine	8	7.1%

Just these five prescribers accounted for the following totals:

Drug	Number of prescriptions	Total percent of prescriptions dispensed from above prescribers
Oxycodone 30 mg	183	98.9%
Amphetamine salts 30 mg	68	100%
Promethazine/codeine syrup	112	94.6%
Alprazolam 2 mg	73	97.3%

30. From January 22, 2018 through April 30, 2020, Respondents dispensed **436** prescriptions for controlled substances under the prescribing authority of the above five prescribers. Having nearly all of these commonly sought drugs of abuse prescribed by just these five prescribers was a factor of irregularity.

PA J.E.

31. PA J.E. prescribed, and Respondents dispensed, the following: 29,019 mL of promethazine with codeine; 6,370 tablets of oxycodone immediate-release 30 mg; 900 tablets of alprazolam 2 mg; and 480 tablets of hydrocodone/APAP 10/325 mg. The two most common controlled substances prescribed by PA J.E. and dispensed by Respondents were promethazine/codeine and oxycodone 30 mg (the highest immediate release tablet available).

32. The uniformity of treatment is very irregular. There is patient variability in medical conditions, with not all being of the same cause, and thus requiring a variety of treatments. There was no adjustment in the oxycodone prescribing pattern from PA J.E. for age, weight, diagnosis,

drug allergies, medical histories, the severity of symptoms being treated, tolerance to drugs, or other patient related factors.

33. The patterns of controlled substances dispensed, per prescriptions from PA J.E., by Respondents, presented at least the following factors of irregularity, and contrasted with legitimate prescribing and dispensing of controlled substances:

All oxycodone prescriptions were for 30 mg, the highest strength available;

All controlled substance prescriptions were for cash payment;

23 of the 30 patients (76%) were prescribed oxycodone 30 mg;

25 of the 30 patients (83%) were prescribed promethazine/codeine;

Uniformity of treatment for multiple patients receiving similar or identical controlled substances on the same day;

Multiple patients dispensed overlapping treatment with oxycodone and promethazine/codeine, for which there is a boxed warning of serious risks;

Multiple patients dispensed overlapping treatment with oxycodone and alprazolam, for which there is a boxed warning of serious risks;

Numerous patients were repeatedly prescribed promethazine/codeine (indicated for the temporary relief of cough), some with full pint bottles, paying up to $200.00 cash for a bottle of cough syrup.

Dr. J.D.

34. Dr. J.D. prescribed, and Respondents dispensed, 4,950 tablets of oxycodone immediate-release 30 mg. The only controlled substance prescribed by Dr. J.D. and dispensed by Respondents was oxycodone 30 mg. This drug is very well known to be sought for abuse. Most irregular were the following factors:

20 out of 20 (100%) of the oxycodone prescriptions were for 30 mg, the highest strength available;

20 out of the 20 different patients from Dr. J.D. were prescribed oxycodone;

All were for cash payment, with some patients paying as much $720.00 for their prescription,

35. The uniformity of treatment is very irregular. There is patient variability in medical conditions, with not all being of the same cause, and thus requiring a variety of treatments. Due to the various presentations of pain symptoms, medications with differing mechanisms of actions are typically prescribed for the legitimate treatment of pain. There was no adjustment in the prescribing pattern from Dr. J.D. for age, weight, diagnosis, drug allergies, medical histories, the severity of symptoms being treated, tolerance to drugs, or other patient related factors.

Dr. A.F.

36. Dr. A.F. prescribed, and Respondents dispensed, the following: 1,920 mL of promethazine with codeine; 3,860 tablets of oxycodone immediate-release 30 mg; 84 tablets of oxycodone immediate-release 20 mg; and 120 tablets of hydrocodone/APAP 10/325 mg.

37. The uniformity of treatment is very irregular. There is patient variability in medical conditions, with not all being of the same cause, and thus requiring a variety of treatments. Due to the various presentations of pain symptoms, medications with differing mechanisms of actions are typically prescribed for legitimate treatment of pain. There was almost no adjustment in the oxycodone prescribing pattern from Dr. A.F. for age, weight, diagnosis, drug allergies, medical histories, the severity of symptoms being treated, tolerance to drugs, or other patient related factors.

38. The patterns of controlled substances dispensed per prescriptions from Dr. A.F. by Respondents, presented at least the following factors of irregularity, and contrasted with legitimate prescribing and dispensing of controlled substances:

42 of the 43 oxycodone prescriptions were for 30 mg, the highest strength available;

22 of the 27 different patients from Dr. A.F. were prescribed oxycodone 30 mg;

Over 80% of the prescriptions were paid with cash;

Sudden influx for multiple patients for the same drug;

Dr. S.C.

39. Dr. S.C. prescribed, and Respondents dispensed, 3,510 tablets of oxycodone immediate-release 30 mg.

40. The uniformity of treatment is very irregular. There is patient variability in medical conditions, with not all being of the same cause, and thus requiring a variety of treatments. Due to the various presentations of pain symptoms, medications with differing mechanisms of actions are typically prescribed for legitimate treatment of pain. There was no adjustment in the oxycodone prescribing pattern from Dr. S.C. for age, weight, diagnosis, drug allergies, medical histories, the severity of symptoms being treated, tolerance to drugs, or other patient related factors.

41. The patterns of controlled substances dispensed per prescriptions from Dr. S.C. by Respondents, presented at least the following factors of irregularity, and contrasted with legitimate prescribing and dispensing of controlled substances:

All of the oxycodone prescriptions were for 30 mg, the highest strength available;

All 10 different patients from Dr. S.C. were prescribed oxycodone 30 mg;

Over 74% of the prescriptions were paid with cash, with some patients paying as much $720.00 for their prescription;

It is irregular for a family and sports medicine doctor to prescribe oxycodone to all patients.

Dr. E.D.

42. Dr. E.D. prescribed, and Respondents dispensed, the following: 6,120 tablets of amphetamine salts 30 mg, and 5,730 tablets of alprazolam 2 mg.

43. The patterns of controlled substances dispensed per prescriptions from Dr. E.D. by Respondents, presented at least the following factors of irregularity, and contrasted with legitimate prescribing and dispensing of controlled substances:

All of the prescriptions were for the highest strengths available; All 15 different patients were prescribed amphetamine salts 30 mg; All 15 different patients were prescribed to take three tablets daily; 14 of the 15 patients were also prescribed alprazolam 2 mg;

All were for cash payment.

44. Additionally, amphetamine salts is to be labeled to be dosed in two to three divided doses. All of the amphetamine salts prescriptions were written by Dr. E.D., and dispensed, with

instructions to take three tablets daily. There were no notes or other documentation to indicate if the prescriber wrote this in error, and actually meant to prescribe one tablet three times per day. These patients could reasonably assume this meant to take the three tablets all at once, once per day, especially since all but one patient were also prescribed alprazolam 2 mg with contrasting directions to take one tablet three to four times per day. This is exactly the type of intervention which should have occurred in the usual course of professional pharmacy practice to prevent patients from taking drugs incorrectly; however, Respondents failed to intervene.

45. Many patients being treated by Dr. E.D. were also apparently treated with oxycodone and promethazine/codeine.

46. The uniformity of treatment is very irregular. There is patient variability in medical conditions, with not all being of the same cause, and thus requiring a variety of treatments. Due to the various presentations of pain symptoms, medications with differing mechanisms of actions are typically prescribed for legitimate treatment of pain. There was almost no adjustment in the oxycodone prescribing pattern from Dr. E.D. for age, weight, diagnosis, drug allergies, medical histories, the severity of symptoms being treated, tolerance to drugs, or other patient related factors.

47. It was a factor of irregularity for multiple patients from one prescriber to also receive treatment with interacting drugs from other prescribers. There was no indication or documentation to show any attempts to ensure this type of treatment was legitimate and being coordinated with all involved prescribers, despite exhibiting the following irregularities:

Identical, or similar addresses for many patients;

Identical or similar treatments for ADHD, anxiety, pain, and cough for many patients;

11 of the 15 patients were also dispensed prescriptions from PA Edwards.

48. Respondents dispensed controlled substances without ensuring they were for a legitimate medical use when obvious, objective, and systemic signs of irregularities and red flags of illegitimacy existed as detailed above.

49. Respondents dispensed controlled substances even though customers from certain prescribers paid for a large percentage of these medications in cash even though pharmacists

know that almost all patients seek reimbursement from insurance companies or government agencies for medications.

50. Although there are no restrictions or limits in pharmacy law for the price charged by drugs for pharmacies, the cash price for oxycodone 30 mg (up to $540.00 for 90 tablets, and $720.00 for 120 tablets) charged by Respondent Top Drugs Pharmacy appears to be much higher than amounts charged by other pharmacies. This would make the irregularity of cash payment particularly stand out as multiple patients paid large sums of money for certain controlled substances.

51. Normal pricing structures at pharmacies have the same price for a drug, regardless of the prescriber. Between September and December of 2019, Respondent Top Drugs Pharmacy charged patients of Dr. S.C. $2.00 per tablet on cash prescriptions for oxycodone 30 mg; however, Respondent charged patients of Dr. J.D. and Dr. A.F. $6.00 per tablet on cash prescriptions for oxycodone 30 mg. Charging three times as much for oxycodone 30 mg from certain prescribers is a factor of irregularity for these prescriptions.

52. Respondents filled prescriptions in which patients received oxycodone 30 mg tablets at dosages which were at least twice the recommended starting, or restarting, dose. The CURES reports showed that these patients had not received an opioid over a time, and in an amount, which would make appropriate dosing with oxycodone 30 mg to patients who were not opioid tolerant.

53. Respondents are required to maintain records of all prescriptions dispensed, and a review of prescriptions written by the prescribers detailed above would have been possible. Respondents failed to review the readily available patient and prescription records which would supply necessary information to use their best professional judgment in making appropriate dispensing decisions. When the sudden influx of these prescriptions occurred at Respondent Top Drugs Pharmacy, reasonable and prudent pharmacists would have had enough objective information to identify these prescriptions as not being issued in the usual course of professional practice. These prescriptions were exactly as would be expected for illegitimate prescriptions.

54. The data illustrated that Respondents failed to fulfill their corresponding responsibility by dispensing the following excessive amounts of controlled substances:

Totals dispensed from prescribers with red flags of illegitimacy

Drug	Number of prescriptions	Number of doses
alprazolam 2 mg	73	6,630
amphetamine 30 mg	68	6,120
oxycodone 30 mg	181	18,690
Promethazine/codeine (5 ml/dose)	106	6,187
Total	**428**	**37,627**

These prescriptions were presented with many factors of irregularity and red flags of illegitimacy, and Respondents failed to use available records and professional judgment when dispensing these controlled substances. The objective factors included but were not limited to:

Cash payment for controlled substances was three to five times more common than non-controlled substances;

Oxycodone 30 mg was the third most common drug (including non-controlled) dispensed;

Over six times as much money paid by patients for oxycodone 30 mg than any other drug;

Oxycodone 30 mg accounted for much more (83%) compared to lower strengths of oxycodone;

Oxycodone 30 mg cash payment was much more (90%) compared to lower strengths of oxycodone;

Oxycodone 30 mg cash price was three times higher for certain prescribers from September through December, 2019;

Oxycodone 30 mg was dispensed to the vast majority (76-100%) of patients from certain prescribers;

Higher percentage of alprazolam 2 mg (76%) compared to other lower strengths;

Higher cash payments for alprazolam 2 mg (97%) compared to other lower strengths;

Amphetamine 30 mg was the only strength dispensed, no lower strengths;

Amphetamine 30 mg was only dispensed for cash payment;

All patients from one prescriber treated with amphetamine, with only the highest 30 mg strength;

Commonly sought drugs of abuse predominately (94-100%) prescribed by just a few prescribers;

Promethazine/codeine dispensed to vast majority (83%) of patients from one prescriber;

Commonly sought drugs of abuse dispensed with other interacting controlled substances, including oxycodone with promethazine/codeine, and oxycodone with alprazolam;

Multiple patients receiving similar or identical treatment with promethazine/codeine on the same days;

Sudden influx of commonly sought drugs of abuse from certain prescribers with red flag patterns;

Uniformity of treatment for many patients, with no individually based treatment;

17 patients restarted on at least over twice the safe starting dose of oxycodone on 19 occasions.

FIRST CAUSE FOR DISCIPLINE

(Unprofessional Conduct-Gross Negligence Against All Respondents)

55. Respondents are subject to disciplinary action under Code sections 4301, subdivision (c), in that Respondents owned, managed, and operated Top Drugs Pharmacy in an unprofessional manner with the inappropriate exercise, training, or experience and best professional judgment in that they:

a. Dispensed, or allowed to be dispensed, controlled substance prescriptions and ignored, or wasn't aware of, objective signs of irregularity and abuse;

b. Dispensed, or allowed to be dispensed, controlled substance prescriptions without ensuring they were issued for a legitimate medical purpose and the usual course of professional practice;

c. Failed to consult appropriate patient, prescription, and other records to prevent the dispensing of illegitimate prescriptions.

56. As described above, Respondents repeatedly furnished prescriptions for controlled substances even though obvious and systemic "red flags" were present to indicate those prescriptions were not issued for a legitimate medical purpose. Respondents' conduct was a gross deviation from the standard of safe pharmacy practice, and could cause harm to patients or other persons.

SECOND CAUSE FOR DISCIPLINE

(Unprofessional Conduct-Excessive Prescribing Against All Respondents)

57. Respondents are subject to disciplinary action under Code sections 4301, subdivision (d), for violating Health and Safety Code section 11153, subdivision (a), for the clearly excessive furnishing of controlled substances, as follows:

a. Dispensed, or allowed to be dispensed, controlled substance prescriptions and ignored, or wasn't aware of, objective signs of irregularity and abuse;

b. Dispensed, or allowed to be dispensed, controlled substance prescriptions without ensuring they were issued for a legitimate medical purpose and the usual course of professional practice;

c. Failed to consult appropriate patient, prescription, and other records to prevent the dispensing of illegitimate prescriptions.

58. As described above, Respondents repeatedly furnished prescriptions for controlled substances even though obvious and systemic "red flags" were present to indicate those prescriptions were not issued for a legitimate medical purpose.

THIRD CAUSE FOR DISCIPLINE

(Unprofessional Conduct-Failing to Comply with Corresponding Responsibility for Controlled Substance Prescriptions Against All Respondents)

59. Respondents are subject to disciplinary action under Code sections 4301, subdivisions (j) and (o), for violating Health and Safety Code section 11153, subdivision (a), and Code of Federal Regulations, Title 21, section 1306.04, subdivision (a), because they failed to comply

with their corresponding responsibility to ensure that controlled substances were dispensed for a legitimate medical purpose. As described above, Respondents repeatedly furnished prescriptions for controlled substances even though obvious and systemic "red flags" were present to indicate those prescriptions were not issued for a legitimate medical purpose.

FOURTH CAUSE FOR DISCIPLINE

(Failing to Exercise or Implement Best Professional Judgment or Corresponding Responsibility when Dispensing Controlled Substances Against Respondents Haiduong Ngo and Tom Thuy Phung)

60. Respondents Haiduong Ngo and Tom Thuy Phung are subject to disciplinary action under Code section 4301, subdivision (o), for violating Business and Professions Code section 4306.5, subdivisions (a) and (b), because they failed to exercise or implement their best professional judgment or corresponding responsibility when dispensing controlled substances, as described above.

FIFTH CAUSE FOR DISCIPLINE

(Unprofessional Conduct against All Respondents)

61. Respondents are subject to disciplinary action under Code section 4301 for unprofessional conduct because they engaged in the activities described above.

OTHER MATTERS

62. Pursuant to Code section 4307, if discipline is imposed on Pharmacy Permit No. PHY 55878 issued to Top Drugs Pharmacy, it shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee for five years if Pharmacy Permit Number PHY 55878 is placed on probation or until the Pharmacy Permit is reinstated if it is revoked.

63. Pursuant to Code section 4307, if discipline is imposed on Pharmacy Permit No. PHY 55878 issued to Top Drugs Pharmacy, while Haiduong Ngo has been an owner or manager and had knowledge of or knowingly participated in any conduct for which the licensee was disciplined, she shall be prohibited from serving as a manager, administrator, owner, member,

officer, director, associate, or partner of a licensee for five years if the Pharmacy Permit is placed on probation or until the Pharmacy Permit is reinstated, if it is revoked.

64. Pursuant to Code section 4307, if discipline is imposed on Pharmacy Permit No. PHY 55878 issued to Top Drugs Pharmacy while Tom Thuy Phung has been an owner or manager and had knowledge of or knowingly participated in any conduct for which the licensee was disciplined, he shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee for five years if the Pharmacy Permit is placed on probation or until the Pharmacy Permit is reinstated, if it is revoked.

65. Pursuant to Code section 4307, if discipline is imposed on Pharmacist License No. RPH 54675 issued to Haiduong Ngo, she shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee for five years if the Pharmacist License is placed on probation or until the Pharmacist License is reinstated, if it is revoked.

66. Pursuant to Code section 4307, if discipline is imposed on Pharmacist License No. RPH 52739 issued to Tom Thuy Phung, he shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee for five years if the Pharmacist License is placed on probation or until the Pharmacist License is reinstated, if it is revoked.

PRAYER

WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged, and that following the hearing, the Board of Pharmacy issue a decision:

1. Revoking or suspending Permit Number PHY 55878, issued to Top Drugs Pharmacy Inc., dba Top Drugs Pharmacy;

2. Revoking or suspending Pharmacist License Number RPH 54675, issued to Haiduong Ngo;

3. Revoking or suspending Pharmacist License Number RPH 52739, issued to Tom Thuy Phung;

4. Prohibiting Top Drugs Pharmacy, Inc., dba Top Drugs Pharmacy from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee for five years if Pharmacy Permit Number PHY 55878 is placed on probation or until the Pharmacy Permit is reinstated, if it is revoked;

5. Prohibiting Haiduong Ngo from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee for five years if Pharmacy Permit Number PHY 55878 is placed on probation or until the Pharmacy Permit is reinstated, if it is revoked;

6. Prohibiting Tom Thuy Phung from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee for five years if Pharmacy Permit Number PHY 55878 is placed on probation or until the Pharmacy Permit is reinstated, if it is revoked;

7. Prohibiting Haiduong Ngo from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee for five years if Pharmacist License Number RPH 54675 is placed on probation or until the Pharmacist License is reinstated, if it is revoked;

8. Prohibiting Tom Thuy Phung from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee for five years if Pharmacist License Number RPH 52739 is placed on probation or until the Pharmacist License is reinstated, if it is revoked;

9. Ordering Top Drugs Pharmacy, Inc., dba Top Drugs Pharmacy, Haiduong Ngo and Tom Thuy Phung to pay the Board of Pharmacy the reasonable costs of the investigation and enforcement of this case, pursuant to Business and Professions Code section 125.3; and,

10. Taking such other and further action as deemed necessary and proper.

Case No. 7025 OAH No. 2021061004 **STIPULATED SETTLEMENT AND DISCIPLINARY ORDER AS TO HAIDUONG NGO, ONLY**

IT IS HEREBY STIPULATED AND AGREED by and between parties Complainant Anne Sodergren and Respondent Haiduong Ngo to the above-entitled proceedings that the following matters are true:

PARTIES

1. Anne Sodergren (Complainant) is the Executive Officer of the Board of Pharmacy (Board). She brought this action solely in her official capacity and is represented in this matter by Rob Bonta, Attorney General of the State of California, by Erin M. Sunseri, Supervising Deputy Attorney General.

2. Respondent is represented in this proceeding by Adam B. Brown of the Law Offices of Brown & Brown, 3848 Carson Street, Suite 206, Torrance, California 90503.

3. On or about August 21, 2003, the Board of Pharmacy issued Pharmacist License Number RPH 54675 to Haiduong Ngo (Respondent). The Pharmacist License was in full force and effect at all times relevant to the charges brought herein and will expire on February 28, 2023, unless renewed.

JURISDICTION

4. Accusation No. 7025 was filed before the Board, and is currently pending against Respondent. The Accusation and all other statutorily required documents were properly served on Respondent on February 1, 2021. Respondent timely filed her Notice of Defense contesting the Accusation.

5. A copy of Accusation No. 7025 is attached as Exhibit A and incorporated herein by reference.

ADVISEMENT AND WAIVERS

6. Respondent has carefully read, fully discussed with counsel, and understands the charges and allegations in Accusation No. 7025. Respondent has also carefully read, fully discussed with counsel, and understands the effects of this Stipulated Settlement and Disciplinary Order.

7. Respondent is fully aware of her legal rights in this matter, including the right to a hearing on the charges and allegations in the Accusation; the right to confront and cross-examine

the witnesses against her; the right to present evidence and to testify on her own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Procedure Act and other applicable laws.

8. Respondent voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

CULPABILITY

9. Respondent understands and agrees that the charges and allegations in Accusation No. 7025, if proven at a hearing, constitute cause for imposing discipline upon her Pharmacist License.

10. For the purpose of resolving the Accusation without the expense and uncertainty of further proceedings, Respondent agrees that, at a hearing, Complainant could establish a factual basis for the charges in the Accusation, and that Respondent hereby gives up her right to contest those charges.

11. Respondent agrees that her Pharmacist License is subject to discipline and she agrees to be bound by the Board's probationary terms as set forth in the Disciplinary Order below.

CONTINGENCY

12. This stipulation shall be subject to approval by the Board of Pharmacy. Respondent understands and agrees that counsel for Complainant and the staff of the Board of Pharmacy may communicate directly with the Board regarding this stipulation and settlement, without notice to or participation by Respondent or its counsel. By signing the stipulation, Respondent understands and agrees that she may not withdraw its agreement or seek to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal action between the parties, and the Board shall not be disqualified from further action by having considered this matter.

13. The parties understand and agree that Portable Document Format (PDF) and facsimile copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile signatures thereto, shall have the same force and effect as the originals.

14. This Stipulated Settlement and Disciplinary Order is intended by the parties to be an integrated writing representing the complete, final, and exclusive embodiment of their agreement. It supersedes any and all prior or contemporaneous agreements, understandings, discussions, negotiations, and commitments (written or oral). This Stipulated Settlement and Disciplinary Order may not be altered, amended, modified, supplemented, or otherwise changed except by a writing executed by an authorized representative of each of the parties.

15. In consideration of the foregoing admissions and stipulations, the parties agree that the Board may, without further notice or formal proceeding, issue and enter the following Disciplinary Order:

DISCIPLINARY ORDER

IT IS HEREBY ORDERED that Pharmacist License No. RPH 54675 issued to Respondent Haiduong Ngo is revoked. However, the revocation is stayed and Respondent is placed on probation for five (5) years on the following terms and conditions:

1. **Obey All Laws**

Respondent shall obey all state and federal laws and regulations.

Respondent shall report any of the following occurrences to the board, in writing, within seventy- two (72) hours of such occurrence:

- an arrest or issuance of a criminal complaint for violation of any provision of the Pharmacy Law, state and federal food and drug laws, or state and federal controlled substances laws
- a plea of guilty, or nolo contendere, no contest, or similar, in any state or federal criminal proceeding to any criminal complaint, information or indictment
- a conviction of any crime
- the filing of a disciplinary pleading, issuance of a citation, or initiation of another administrative action filed by any state or federal agency which involves

Respondent's license or which is related to the practice of pharmacy or the manufacturing, obtaining, handling, distributing, billing, or charging for any drug, device or controlled substance.

Failure to timely report such occurrence shall be considered a violation of probation.

2. **Report to the Board**

Respondent shall report to the board quarterly, on a schedule as directed by the board or its designee. The report shall be made either in person or in writing, as directed. Among other requirements, Respondent shall state in each report under penalty of perjury whether there has been compliance with all the terms and conditions of probation.

Failure to submit timely reports in a form as directed shall be considered a violation of probation. Any period(s) of delinquency in submission of reports as directed may be added to the total period of probation. Moreover, if the final probation report is not made as directed, probation shall be automatically extended until such time as the final report is made and accepted by the board.

3. **Interview with the Board**

Upon receipt of reasonable prior notice, Respondent shall appear in person for interviews with the board or its designee, at such intervals and locations as are determined by the board or its designee. Failure to appear for any scheduled interview without prior notification to board staff, or failure to appear for two (2) or more scheduled interviews with the board or its designee during the period of probation, shall be considered a violation of probation.

4. **Cooperate with Board Staff**

Respondent shall timely cooperate with the board's inspection program and with the board's monitoring and investigation of Respondent's compliance with the terms and conditions of her probation, including but not limited to: timely responses to requests for information by board staff; timely compliance with directives from board staff regarding requirements of any term or condition of probation; and timely completion of documentation pertaining to a term or condition of probation. Failure to timely cooperate shall be considered a violation of probation.

///

5. **Continuing Education**

Respondent shall provide evidence of efforts to maintain skill and knowledge as a pharmacist as directed by the board or its designee.

6. **Reporting of Employment and Notice to Employers**

During the period of probation, Respondent shall notify all present and prospective employers of the decision in case number 7025 and the terms, conditions and restrictions imposed on respondent by the decision, as follows:

Within thirty (30) days of the effective date of this decision, and within ten (10) days of undertaking any new employment, Respondent shall report to the board in writing the name, physical address, and mailing address of each of her employer(s), and the name(s) and telephone number(s) of all of her direct supervisor(s), as well as any pharmacist(s)-in- charge, designated representative(s)-in-charge, responsible manager, or other compliance supervisor(s) and the work schedule, if known. Respondent shall also include the reason(s) for leaving the prior employment. Respondent shall sign and return to the board a written consent authorizing the board or its designee to communicate with all of Respondent's employer(s) and supervisor(s), and authorizing those employer(s) or supervisor(s) to communicate with the board or its designee, concerning respondent's work status, performance, and monitoring. Failure to comply with the requirements or deadlines of this condition shall be considered a violation of probation.

Within thirty (30) days of the effective date of this decision, and within fifteen (15) days of Respondent undertaking any new employment, Respondent shall cause (a) her direct supervisor, (b) her pharmacist-in-charge, designated representative-in-charge, responsible manager, or other compliance supervisor, and (c) the owner or owner representative of her employer, to report to the board in writing acknowledging that the listed individual(s) has/have read the decision in case number 7025, and terms and conditions imposed thereby. If one person serves in more than one role described in (a), (b), or (c), the acknowledgment shall so state. It shall be Respondent's responsibility to ensure that these acknowledgment(s) are timely submitted to the board. In the event of a change in the person(s) serving the role(s) described in (a), (b), or (c) during the term of probation, Respondent shall cause the person(s) taking over the role(s) to report to the board in

writing within fifteen (15) days of the change acknowledging that he or she has read the decision in case number 7025, and the terms and conditions imposed thereby.

If Respondent works for or is employed by or through an employment service, Respondent must notify the person(s) described in (a), (b), and (c) above at every entity licensed by the board of the decision in case number 7025, and the terms and conditions imposed thereby in advance of respondent commencing work at such licensed entity. A record of this notification must be provided to the board upon request.

Furthermore, within thirty (30) days of the effective date of this decision, and within fifteen (15) days of respondent undertaking any new employment by or through an employment service, Respondent shall cause the person(s) described in (a), (b), and (c) above at the employment service to report to the board in writing acknowledging that he or she has read the decision in case number, and the terms and conditions imposed thereby. It shall be Respondent's responsibility to ensure that these acknowledgment(s) are timely submitted to the board.

Failure to timely notify present or prospective employer(s) or failure to cause the identified person(s) with that/those employer(s) to submit timely written acknowledgments to the board shall be considered a violation of probation.

"Employment" within the meaning of this provision includes any full-time, part-time, temporary, relief, or employment/management service position as a pharmacist, or any position for which a pharmacist is a requirement or criterion for employment, whether Respondent is an employee, independent contractor or volunteer.

7. **Notification of Change(s) in Name, Address(es), or Phone Number(s)**

Respondent shall further notify the board in writing within ten (10) days of any change in name, residence address, mailing address, e-mail address or phone number.

Failure to timely notify the board of any change in employer, name, address, or phone number shall be considered a violation of probation.

8. **Restrictions on Supervision and Oversight of Licensed Facilities**

During the period of probation, Respondent shall not supervise any intern pharmacist, be the pharmacist-in-charge, designated representative-in-charge, responsible manager or other

compliance supervisor of any entity licensed by the board, nor serve as a consultant. Assumption of any such unauthorized supervision responsibilities shall be considered a violation of probation.

9. **Reimbursement of Board Costs**

As a condition precedent to successful completion of probation, Respondent shall pay to the board its costs of investigation and prosecution in the amount of $15,000.00 and shall be jointly and severally liable for those costs with Respondents Tom Thuy Phung and Top Drugs Pharmacy, Inc., dba Top Drugs Pharmacy. Respondent shall be permitted to pay these costs in a payment plan approved by the board or its designee, so long as full payment is completed no later than one (1) year prior to the end date of probation. There shall be no deviation from this schedule absent prior written approval by the board or its designee. Failure to pay costs by the deadline(s) as directed shall be considered a violation of probation.

10. **Probation Monitoring Costs**

Respondent shall pay any costs associated with probation monitoring as determined by the board each and every year of probation. Such costs shall be payable to the board on a schedule as directed by the board or its designee. Failure to pay such costs by the deadline(s) as directed shall be considered a violation of probation.

11. **Status of License**

Respondent shall, at all times while on probation, maintain an active, current Pharmacist License with the board, including any period during which suspension or probation is tolled. Failure to maintain an active, current Pharmacist License shall be considered a violation of probation.

If Respondent's Pharmacist License expires or is cancelled by operation of law or otherwise at any time during the period of probation, including any extensions thereof due to tolling or otherwise, upon renewal or reapplication Respondent's license shall be subject to all terms and conditions of this probation not previously satisfied.

///

///

///

12. **License Surrender While on Probation/Suspension**

Following the effective date of this decision, should Respondent cease practice due to retirement or health, or be otherwise unable to satisfy the terms and conditions of probation, Respondent may relinquish her license, including any indicia of licensure issued by the board, along with a request to surrender the license. The board or its designee shall have the discretion whether to accept the surrender or take any other action it deems appropriate and reasonable. Upon formal acceptance of the surrender of the license, Respondent will no longer be subject to the terms and conditions of probation. This surrender constitutes a record of discipline and shall become a part of Respondent's license history with the board.

Upon acceptance of the surrender, Respondent shall relinquish her pocket and/or wall license, including any indicia of licensure not previously provided to the board within ten (10) days of notification by the board that the surrender is accepted if not already provided. Respondent may not reapply for any license from the board for three (3) years from the effective date of the surrender. Respondent shall meet all requirements applicable to the license sought as of the date the application for that license is submitted to the board, including any outstanding costs.

13. **Practice Requirement – Extension of Probation**

Except during periods of suspension, Respondent shall, at all times while on probation, be employed as a pharmacist in California for a minimum of 120 hours per calendar month. Any month during which this minimum is not met shall extend the period of probation by one month. During any such period of insufficient employment, Respondent must nonetheless comply with all terms and conditions of probation, unless Respondent receives a waiver in writing from the board or its designee.

If Respondent does not practice as a pharmacist in California for the minimum number of hours in any calendar month, for any reason (including vacation), Respondent shall notify the board in writing within ten (10) days of the conclusion of that calendar month. This notification shall include at least: the date(s), location(s), and hours of last practice; the reason(s) for the interruption or reduction in practice; and the anticipated date(s) on which Respondent will resume

practice at the required level. Respondent shall further notify the board in writing within ten (10) days following the next calendar month during which respondent practices as a pharmacist in California for the minimum of hours. Any failure to timely provide such notification(s) shall be considered a violation of probation.

It is a violation of probation for Respondent's probation to be extended pursuant to the provisions of this condition for a total period, counting consecutive and non-consecutive months, exceeding thirty-six (36) months. The board or its designee may post a notice of the extended probation period on its website.

14. **Violation of Probation**

If Respondent has not complied with any term or condition of probation, the board shall have continuing jurisdiction over Respondent, and the board shall provide notice to Respondent that probation shall automatically be extended, until all terms and conditions have been satisfied or the board has taken other action as deemed appropriate to treat the failure to comply as a violation of probation, to terminate probation, and to impose the penalty that was stayed. The board or its designee may post a notice of the extended probation period on its website.

If Respondent violates probation in any respect, the board, after giving Respondent notice and an opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. If a petition to revoke probation or an accusation is filed against Respondent during probation, or the preparation of an accusation or petition to revoke probation is requested from the Office of the Attorney General, the board shall have continuing jurisdiction and the period of probation shall be automatically extended until the petition to revoke probation or accusation is heard and decided, and the charges and allegations in Accusation No. 7025 shall be deemed true and correct.

15. **Completion of Probation**

Upon written notice by the board or its designee indicating successful completion of probation, Respondent's license will be fully restored.

///

///

16. **Remedial Education**

Within thirty (30) days of the effective date of this decision, Respondent shall submit to the board or its designee, for prior approval, an appropriate program of remedial education related to corresponding responsibility. The program of remedial education shall consist of at least ten hours completed each year of probation. All remedial education shall be in addition to, and shall not be credited toward, continuing education (CE) courses used for license renewal purposes for pharmacists.

Failure to timely submit for approval or complete the approved remedial education shall be considered a violation of probation. The period of probation will be automatically extended until such remedial education is successfully completed and written proof, in a form acceptable to the board, is provided to the board or its designee.

Following the completion of each course, the board or its designee may require Respondent, at her own expense, to take an approved examination to test Respondent's knowledge of the course. If Respondent does not achieve a passing score on the examination that course shall not count towards satisfaction of this term. Respondent shall take another course approved by the board in the same subject area.

17. **Board's One-Day Training Program**

Within the first year of probation, Respondent shall enroll in the Board's one-day, six (6) hour training program, "Preventing Prescription Drug Abuse and Drug Diversion," at Respondent's expense. Respondent shall provide proof of enrollment upon request. Within thirty (30) days of completion, Respondent shall submit a copy of the certificate of completion to the Board or its designee. Failure to timely enroll in the training program, to initiate the training program during the first year of probation, to successfully complete it before the second year of probation, or to timely submit proof of completion to the Board or its designee, shall be considered a violation of probation.

18. **Ethics Course**

Within sixty (60) calendar days of the effective date of this decision, Respondent shall enroll in a course in ethics, at Respondent's expense, approved in advance by the board or its

designee that complies with Title 16 California Code of Regulations section 1773.5. Respondent shall provide proof of enrollment upon request. Within five (5) days of completion, Respondent shall submit a copy of the certificate of completion to the board or its designee. Failure to timely enroll in an approved ethics course, to initiate the course during the first year of probation, to successfully complete it before the end of the second year of probation, or to timely submit proof of completion to the board or its designee, shall be considered a violation of probation.

19. **Supervised Practice**

Within thirty (30) days of the effective date of this decision, Respondent shall submit to the board or its designee, for prior approval, the name of a pharmacist by and not on probation with the board, to serve as Respondent's practice supervisor. As part of the documentation submitted, Respondent shall cause the proposed practice supervisor to report to the board in writing acknowledging that he or she has read the decision in case number 7025, and is familiar with the terms and conditions imposed thereby, including the level of supervision required by the board or its designee. This level will be determined by the board or its designee, will be communicated to Respondent on or before the effective date of this decision and shall be one of the following:

Continuous – At least 75% of a work week

Substantial - At least 50% of a work week

Partial - At least 25% of a work week

Daily Review - Supervisor's review of probationer's daily activities within 24 hours

Respondent may practice only under the required level of supervision by an approved practice supervisor. If, for any reason, including change of employment, Respondent is no longer supervised at the required level by an approved practice supervisor, within ten (10) days of this change in supervision Respondent shall submit to the board or its designee, for prior approval, the name of a pharmacist by and not on probation with the board, to serve as Respondent's replacement practice supervisor. As part of the documentation submitted, Respondent shall cause the proposed replacement practice supervisor to report to the board in writing acknowledging that he or she has read the decision in case number 7025, and is familiar with the terms and conditions imposed thereby, including the level of supervision required.

Any of the following shall result in the automatic suspension of practice by Respondent and shall be considered a violation of probation:

Failure to nominate an initial practice supervisor, and to have that practice supervisor report to the board in writing acknowledging the decision, terms and conditions, and supervision level, within thirty (30) days;

Failure to nominate a replacement practice supervisor, and to have that practice supervisor report to the board in writing acknowledging the decision, terms and conditions, and supervision level, within ten (10) days;

Practicing in the absence of an approved practice supervisor beyond the initial or replacement nomination period; or

Any failure to adhere to the required level of supervision.

Respondent shall not resume practice until notified in writing by the board or its designee.

During any suspension, Respondent shall not enter any pharmacy area or any portion of the licensed premises of a wholesaler, third-party logistics provider, veterinary food-animal drug retailer or any other distributor of drugs which is licensed by the board, or any manufacturer, or any area where dangerous drugs and/or dangerous devices or controlled substances are maintained. Respondent shall not practice pharmacy nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing or patient consultation; nor shall respondent manage, administer, or be a consultant to any licensee of the board, or have access to or control the ordering, distributing, manufacturing or dispensing of dangerous drugs and/or dangerous devices or controlled substances.

During any suspension, Respondent shall not engage in any activity that requires the professional judgment and/or licensure as a pharmacist. Respondent shall not direct or control any aspect of the practice of pharmacy or of the manufacture, distribution, wholesaling, or retailing of dangerous drugs and/or dangerous devices or controlled substances.

Failure to comply with any suspension shall be considered a violation of probation.

///

///

20. **No Ownership or Management of Licensed Premises**

Respondent shall not own, have any legal or beneficial interest in, nor serve as a manager, administrator, member, officer, director, trustee, associate, or partner of any business, firm, partnership, or corporation currently or hereinafter licensed by the board. Respondent shall sell or transfer any legal or beneficial interest in any entity licensed by the board within ninety (90) days following the effective date of this decision and shall immediately thereafter provide written proof thereof to the board. Failure to timely divest any legal or beneficial interest(s) or provide documentation thereof shall be considered a violation of probation.

ACCEPTANCE

I have carefully read the above Stipulated Settlement and Disciplinary Order and have fully discussed it with my attorney, Adam B. Brown. I understand the stipulation and the effect it will have on my Pharmacist License. I enter into this Stipulated Settlement and Disciplinary Order voluntarily, knowingly, and intelligently, and agree to be bound by the Decision and Order of the Board of Pharmacy.

Attorneys for Complainant

BEFORE THE
BOARD OF PHARMACY
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

In the Matter of the Accusation Against: **SCRIPTSRUS, CORP. DBA SCRIPTSRUS PHARMACY,** **ROLAND ISRAEL** **15630 Ventura Blvd** **Encino, CA 91436** **Pharmacy Permit No. PHY 52078,** **and** **ROLAND ISRAEL** **[redacted] Maryland Drive** **Los Angeles, CA 90048** **Pharmacist License No. RPH 47379,** Respondents.	Case No. 7042 **ACCUSATION**

PARTIES

1. Anne Sodergren (Complainant) brings this Accusation solely in her official capacity as the Executive Officer of the Board of Pharmacy (Board), Department of Consumer Affairs.

2. On or about December 1, 2014, the Board issued Permit Number PHY 52078 to Scriptsrus, Corp. dba Scriptsrus Pharmacy, Roland Israel (Respondent Scriptsrus). The Permit was

in full force and effect at all times relevant to the charges brought herein and will expire on December 1, 2021, unless renewed.

3. On or about August 5, 1994, the Board issued Pharmacist License Number RPH 47379 to Respondent Pharmacist-in-Charge, Roland Israel (Respondent Israel). The Pharmacist License was in full force and effect at all times relevant to the charges brought herein and will expire on June 30, 2022, unless renewed. Respondent Israel is and has been the Pharmacist-in-Charge, President, Partner, and Secretary of Respondent Scriptsrus since September 8, 2014.

JURISDICTION

4. This Accusation is brought before the Board under the authority of the following laws. All section references are to the Business and Professions Code (Code) unless otherwise indicated.

5. Section 118, subdivision (b), of the Code states that the suspension, expiration, surrender, cancellation of a license shall not deprive the Board, Registrar/Director of jurisdiction, to proceed with a disciplinary action during the period within which the license may be renewed, restored, reissued or reinstated.

6. Section 4300 of the Code states:

(a) Every license issued may be suspended or revoked.

(b) The board shall discipline the holder of any license issued by the board, whose default has been entered or whose case has been heard by the board and found guilty, by any of the following methods:

(1) Suspending judgment.

(2) Placing him or her upon probation.

(3) Suspending his or her right to practice for a period not exceeding one year.

(4) Revoking his or her license.

(5) Taking any other action in relation to disciplining him or her as the board in its discretion may deem proper.

...

(e) The proceedings under this article shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of the Government Code, and the board shall have all the powers granted therein. The action shall be final,

except that the propriety of the action is subject to review by the superior court pursuant to Section 1094.5 of the Code of Civil Procedure.

7. Section 4300.1 of the Code states:

The expiration, cancellation, forfeiture, or suspension of a board-issued license by operation of law or by order or decision of the board or a court of law, the placement of a license on a retired status, or the voluntary surrender of a license by a licensee shall not deprive the board of jurisdiction to commence or proceed with any investigation of, or action or disciplinary proceeding against, the licensee or to render a decision suspending or revoking the license.

8. Section 4302 of the Code states:

The board may deny, suspend, or revoke any license where conditions exist in relation to any person holding 10 percent or more of the ownership interest or where conditions exist in relation to any officer, director, or other person with management or control of the license that would constitute grounds for disciplinary action against a licensee.

9. Section 4307 of the Code states:

(a) Any person who has been denied a license or whose license has been revoked or is under suspension, or who has failed to renew his or her license while it was under suspension, or who has been a manager, administrator, owner, member, officer, director, associate, partner, or any other person with management or control of any partnership, corporation, trust, firm, or association whose application for a license has been denied or revoked, is under suspension or has been placed on probation, and while acting as the manager, administrator, owner, member, officer, director, associate, partner, or any other person with management or control had knowledge of or knowingly participated in any conduct for which the license was denied, revoked, suspended, or placed on probation, shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate, partner, or in any other position with management or control of a licensee as follows:

(1) Where a probationary license is issued or where an existing license is placed on probation, this prohibition shall remain in effect for a period not to exceed five years.

(2) Where the license is denied or revoked, the prohibition shall continue until the license is issued or reinstated.

(b) "Manager, administrator, owner, member, officer, director, associate, partner, or any other person with management or control of a license" as used in this section and Section 4308, may refer to a pharmacist or to any other person who serves in such capacity in or for a licensee.

(c) The provisions of subdivision (a) may be alleged in any pleading filed pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of the

Government Code. However, no order may be issued in that case except as to a person who is named in the caption, as to whom the pleading alleges the applicability of this section, and where the person has been given notice of the proceeding as required by Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of the Government Code. The authority to proceed as provided by this subdivision shall be in addition to the board's authority to proceed under Section 4339 or any other provision of law.

BUSINESS AND PROFESSIONS CODE PROVISIONS

10. Section 4021 of the Code states:

"Controlled substance" means any substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code.

11. Section 4022 of the Codes states:

"Dangerous drug" or "dangerous device" means any drug or device unsafe for self-use in humans or animals, and includes the following:

(a) Any drug that bears the legend: "Caution: federal law prohibits dispensing without prescription," "Rx only," or words of similar import.

...

12. Section 4113 of the Code states:

...

(c) The pharmacist-in-charge shall be responsible for a pharmacy's compliance with all state and federal laws and regulations pertaining to the practice of pharmacy.

13. Section 4156 of the Code states:

A pharmacy corporation shall not do, or fail to do, any act where doing or failing to do the act would constitute unprofessional conduct under any statute or regulation. In the conduct of its practice, a pharmacy corporation shall observe and be bound by the laws and regulations that apply to a person licensed under this chapter.

14. Section 4301 of the Code states:

The board shall take action against any holder of a license who is guilty of unprofessional conduct or whose license has been issued by mistake. Unprofessional conduct shall include, but is not limited to, any of the following:

...

(c) Gross negligence.

(d) The clearly excessive furnishing of controlled substances in violation of subdivision (a) of Section 11153 of the Health and Safety Code.

...

(j) The violation of any of the statutes of this state, of any other state, or of the United States regulating controlled substances and dangerous drugs.

...

(o) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of or conspiring to violate any provision or term of this chapter or of the applicable federal and state laws and regulations governing pharmacy, including regulations established by the board or by any other state or federal regulatory agency.

...

15. Section 4306.5 of the Code states:

Unprofessional conduct for a pharmacist may include any of the following:

(a) Acts or omissions that involve, in whole or in part, the inappropriate exercise of his or her education, training, or experience as a pharmacist, whether or not the act or omission arises in the course of the practice of pharmacy or the ownership, management, administration, or operation of a pharmacy or other entity licensed by the board.

(b) Acts or omissions that involve, in whole or in part, the failure to exercise or implement his or her best professional judgment or corresponding responsibility with regard to the dispensing or furnishing of controlled substances, dangerous drugs, or dangerous devices, or with regard to the provision of services

(c) Acts or omissions that involve, in whole or in part, the failure to consult appropriate patient, prescription, and other records pertaining to the performance of any pharmacy function.

(d) Acts or omissions that involve, in whole or in part, the failure to fully maintain and retain appropriate patient-specific information pertaining to the performance of any pharmacy function.

HEALTH AND SAFETY CODE PROVISIONS

16. Section 11152 of the Code states:

No person shall write, issue, fill, compound, or dispense a prescription that does not conform to this division.

17. Section 11153 of the Code states:

(a) A prescription for a controlled substance shall only be issued for a legitimate medical purpose by an individual practitioner acting in the usual course of his or her professional practice. The responsibility for the proper prescribing and dispensing of controlled substances is upon the prescribing practitioner, but a corresponding

responsibility rests with the pharmacist who fills the prescription. Except as authorized by this division, the following are not legal prescriptions: (1) an order purporting to be a prescription which is issued not in the usual course of professional treatment or in legitimate and authorized research; or (2) an order for an addict or habitual user of controlled substances, which is issued not in the course of professional treatment or as part of an authorized narcotic treatment program, for the purpose of providing the user with controlled substances, sufficient to keep him or her comfortable by maintaining customary use.

...

18. Section 11162.1 of the Code states:

(a) The prescription forms for controlled substances shall be printed with the following features:

...

(2) A watermark shall be printed on the backside of the prescription blank; the watermark shall consist of the words "California Security Prescription."

...

(6) A description of the security features included on each prescription form.

...

(9) The preprinted name, category of licensure, license number, federal controlled substance registration number, and address of the prescribing practitioner.

...

(15) A uniquely serialized number, in a manner prescribed by the Department of Justice in accordance with Section 11162.2.

(b) Each batch of controlled substance prescription forms shall have the lot number printed on the form and each form within that batch shall be numbered sequentially beginning with the numeral one.

19. Section 11164 of the Code states:

Except as provided in Section 11167, no person shall prescribe a controlled substance, nor shall any person fill, compound, or dispense a prescription for a controlled substance, unless it complies with the requirements of this section.

(a) Each prescription for a controlled substance classified in Schedule II, III, IV, or V, except as authorized by subdivision (b), shall be made on a controlled substance prescription form as specified in Section 11162.1. ...

///

///

STATE REGULATORY PROVISION

20. Section 1761 of the California Code of Regulations, title 16, states:

(a) No pharmacist shall compound or dispense any prescription which contains any significant error, omission, irregularity, uncertainty, ambiguity or alteration. Upon receipt of any such prescription, the pharmacist shall contact the prescriber to obtain the information needed to validate the prescription.

(b) Even after conferring with the prescriber, a pharmacist shall not compound or dispense a controlled substance prescription where the pharmacist knows or has objective reason to know that said prescription was not issued for a legitimate medical purpose.

COST RECOVERY

21. Section 125.3 of the Code states, in pertinent part, that the Board may request the administrative law judge to direct a licentiate found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case.

DRUG CLASSIFICATIONS

BRAND NAME	GENERIC NAME	DANGEROUS DRUG PER B&PC § 4022	CONTROLLED SUBSTANCE PER H&SC	INDICATIONS FOR USE
Xanax	Alprazolam	Yes	Yes – Schedule IV, H&SC § 11057(d)(1)	Anxiety
Adderall	Amphetamine Salts	Yes	Yes – Schedule II, H&SC § 11055(d)(1)	ADD/ADHD
Norco/Lortab	Hydrocodone/ Acetaminophen (APAP)	Yes	Yes – Schedule II, H&SC § 11055(l)(i) Yes – Schedule II, Title 21 CFR § 1308.12	Pain
Percolone/ Roxicodone	Oxycodone	Yes	Yes – Schedule II, H&SC § 11055(b)(1)(M)	Pain
Phenergan with Codeine Syrup	Promethazine/ Codeine Syrup	Yes	Yes, Schedule V, H&SC § 11058(c)(1)	Cough

FACTUAL ALLEGATIONS

22. On May 1, 2020, a Board Inspector emailed Respondent Israel a request for pharmacy records and original prescriptions for Respondent Scriptsrus. Subsequently, the Inspector received Respondent Scriptsrus' dispensing records for April 30, 2017 through April 30, 2020, and copies of prescription documents instead of originals. On June 10, 2020, the Inspector received the original prescriptions, after a second request, and unsolicited documents not previously provided.

Doctors MB, DB, and JK

23. The Board's investigation revealed that from June 29, 2017 through March 1, 2019, Respondent Scriptsrus and Respondent Israel (collectively Respondents) dispensed 63 controlled substance prescriptions from prescribers Dr. MB, Dr. DB, and Dr. JK on invalid security prescription forms for Alprazolam, Amphetamine Salts, and Oxycodone classified as Schedule IV controlled substances and Promethazine/Codeine classified as a Schedule V controlled substance, which were missing required features described as follows, but not limited to:

(a) Prescription documents were missing a watermark printed on the backside of the prescription, which reads: "California Security Prescription."

(b) Repeat sequential form numbers were used on some prescriptions.

(c) Dr. MB's prescriptions lacked a valid DEA number.

24. These prescriptions had enough red flags of illegitimacy to be recognized as the illegal distribution of controlled substances for diversion and abuse.

25. The Board's investigation also revealed that Respondents failed to exercise their corresponding responsibility from April 30, 2017 through April 30, 2020, as to 89 prescriptions of Alprazolam 2mg for 7,620 doses, 99 prescriptions of Amphetamine Salts 30 mg for 8,400 doses, 154 prescriptions of Oxycodone 30 mg for 14,880 doses, and 15 prescriptions of Promethazine/Codeine (5ml/dose) for 1,232 doses for a total number of 357 prescriptions and 37,063 total number of doses as described below.

26. Specifically, Respondents dispensed 63 controlled substance prescriptions from Dr. MB, Dr. DB, and Dr. JK after ignoring or failing to recognize multiple objective factors which

///

showed the prescriptions were irregular and not medically legitimate prescriptions. The objective factors of illegitimacy, irregularity and abuse include, but were not limited to the following:

(a) Long distances traveled from patient homes in Van Nuys to prescribers Dr. MB's office in Santa Ana and Dr. DB's office in West Hollywood.

(b) Patients had appointments on the same day with prescribers in different cities.

(c) Patients issued the same prescriptions on the same day at different offices.

(d) Initial prescriptions were written for high starting doses described below:

i. 07/09/2018 for Oxycodone 30 mg, RX 106466, by Dr. DB, to patient NS.

ii. 10/03/2018 for Alprazolam 2 mg, RX 107321, by Dr. MB, to patient NS.

iii. 08/06/2018 for Oxycodone 30 mg, RX 106725, by Dr. DB, to patient RS.

27. Also, prescribers Dr. MB, Dr. DB, and Dr. JK only prescribed the highest strength of controlled substances[1] described below:

PRESCRIBER	DRUG	NUMBER OF RXS	TOTAL QUANTITY
MB	Alprazolam 2 mg	14	840
	Amphetamine Salts 30 mg	16	960
DB	Oxycodone 30 mg	17	2,040
JK	Alprazolam 2 mg	6	600
	Amphetamine Salts 30 mg	6	540
	Oxycodone 30 mg	4	480
	Total	**63**	**5,460**

28. These 63 fraudulent prescriptions had enough red flags of illegitimacy to be recognized as the illegal distribution of controlled substances. None of the prescription documents submitted indicated resolution of the irregularities of prescribing controlled substances.

///

///

[1] Alprazolam is available in 0.25 mg to 2 mg immediate release tablets. Amphetamine Salts are available in various strengths from 5 mg to 30 mg immediate release tablets. Oxycodone is available in 5, 10, 15, 20, and 30 mg immediate release tablets.

Dr. JMK

29. In addition, the investigation revealed that from April 30, 2018 through April 30, 2020, Respondents dispensed 82 controlled substance prescriptions from prescriber Dr. JMK with patterns of irregularities and red flags of abuse without ensuring the prescriptions to patients VT, PF, AA, AB, SE, AE, FL, and RT were issued for a legitimate medical purpose in the usual course of professional practice. The objective factors of illegitimacy, irregularity and abuse include, but were not limited to the following:

(a) All 82 Oxycodone prescriptions for 7,160 tablets were for 30 mg, the highest strength available.

(b) Every patient was prescribed Oxycodone 30 mg without adjustment to varying patient demographic data.

30. These patterns are apparent deviations from the usual course of professional practice.

Physician Assistant JME

31. The investigation records further revealed that from January 31, 2019 through April 16, 2020, Respondents dispensed 212 controlled substances from prescriber Physician Assistant JME with patterns of irregularities and red flags of abuse without ensuring the prescriptions to patients JB, EM, SR, LF, NS, RF, JC, TA, PO, and IS were issued for a legitimate medical purpose in the usual course of professional practice, described as follows:

(a) All 51 Oxycodone prescriptions were for 30 mg for 5,200 tablets, the highest strength available.

(b) All 77 Amphetamine Salts prescriptions were for 30 mg for 6,900 tablets, the highest strength available.

(c) All 69 Alprazolam prescriptions were for 2 mg for 6,180 tablets, the highest strength available.

(d) High percentage of cash payments for controlled substances.

(e) Numerous patients prescribed Oxycodone, Amphetamine Salts, Alprazolam, and or Promethazine/Codeine in a pattern of overlapping treatment, for which there is a boxed warning of serious risks.

(f) Each of the 15 Promethazine/Codeine prescriptions was prescribed with Oxycodone 30 mg.

(g) Most of the 15 Promethazine/Codeine prescriptions were for 473 ml, a full pint size bottle.

(h) Multiple patients issued similar or identical controlled substances prescriptions on the same day regardless of patient demographic data.

32. These patterns are apparent deviations from the usual course of professional practice.

Initial Prescriptions Written for Strong Controlled Substances and Other Irregularities

33. Furthermore, the investigation revealed that from June 7, 2018 through March 18, 2020, Respondents dispensed controlled substance prescriptions from prescribers Dr. JMK, Dr. MB, Dr. DB, Dr. MG, and Dr. AF with the following additional patterns of irregularities and red flags of abuse:

(a) Prescriptions dispensed days and even weeks after the date prescribed.

(b) Cash payments.

(c) Patients were not tolerant to opioids.

(d) High Oxycodone doses greater than 90 MME/day.[2]

(e) High Alprazolam doses.

(f) High Amphetamine Salts doses.

(g) Out of area patients (between 25-50 miles away).

(h) Out of area prescribers (25 miles away).

(i) Patients JC and TA were dispensed almost identical prescriptions on the same day.

34. In addition, these eleven patients were dispensed unusually high doses at least twice the recommended safe dose of Oxycodone, Amphetamine Salts, and or Alprazolam without any documentation of effective intervention by a pharmacist. Also, ten of eleven patients were started or restarted on opioid doses above the CDC recommendation limit of 90 MME/day for opioids.

[2] According to the Centers for Disease Control and Prevention (CDC), higher opioid doses are associated with a higher risk of overdose and death. The concept of Morphine Milligram Equivalent (MME) has come into everyday use to facilitate dosing decisions. The CDC guidelines recommend caution when prescribing opioids at any dosage. Doses above 90 MME/day (60 mg/day of Oxycodone) should be avoided or carefully justified and titrated accordingly.

FIRST CAUSE FOR DISCIPLINE

(Requirements of Controlled Substance Prescriptions)

35. Respondent Scriptsrus and Respondent Israel are subject to disciplinary action under Code section 4301, subdivisions (j) and (o), for violating Health and Safety Code sections 11152, 11162.1 and 11164, in conjunction with California Code of Regulations, title 16, section 1761, in that Respondents dispensed controlled substances written on deficient and noncompliant prescription forms by prescribers Dr. MB, Dr. DB, and Dr. JK for a total of 63 prescriptions. Complainant refers to, and by reference, incorporates the allegations set forth above in paragraphs 22 through 24, as though set forth fully.

SECOND CAUSE FOR DISCIPLINE

(Failure to Exercise Corresponding Responsibility)

36. Respondent Scriptsrus and Respondent Israel are subject to disciplinary action under Code section 4301, subdivisions (c), (d), (j), and (o), and section 4306.5, in conjunction with the Health and Safety Code section 11153, subdivision (a), and California Code of Regulations, title 16, section 1761, in that between April 30, 2017 through April 30, 2020, Respondents operated in a grossly negligent manner, which constituted unprofessional conduct by excessively furnishing 357 prescriptions and 37,063 doses of controlled substances, despite multiple cues of irregularity and uncertainty related to patient and prescriber factors, and in failing to comply with their corresponding responsibility to ensure that controlled substances were dispensed for a legitimate medical purpose. Complainant refers to, and by this reference, incorporates the allegations set forth above in paragraphs 22 through 34, as though set forth fully.

THIRD CAUSE FOR DISCIPLINE

(Unprofessional Conduct - Respondent Israel)

37. Respondent Israel is subject to disciplinary action under Code sections 4301, 4113, subdivision (c), and 4306.5, in that between April 30, 2017 through April 30, 2020, as the Pharmacist-in-Charge of Respondent Scriptsrus Pharmacy, Respondent Israel committed acts of unprofessional conduct when he failed to ensure that Respondent Scriptsrus exercised its corresponding responsibility to ensure the legitimacy of controlled substance prescriptions

dispensed. Respondent Israel approved to be dispensed 357 prescriptions and 37,063 doses of controlled substances, despite multiple cues of irregularity and uncertainty related to patient and prescriber factors, and failed to ensure that controlled substances were dispensed for a legitimate medical purpose. Complainant refers to, and by this reference, incorporates the allegations set forth above in paragraphs 22 through 34, as though set forth fully.

OTHER MATTERS

38. Pursuant to section 4307 of the Code, if discipline is imposed on Pharmacy Permit Number PHY 52078 issued to Scriptsrus Pharmacy, Corp. dba Scriptsrus Pharmacy, Roland Isreal, Scriptsrus Pharmacy, Corp. dba Scriptsrus Pharmacy, Roland Isreal shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate, partner, or any other person with management or control of a licensee for five years if Pharmacy Permit Number PHY 52078 is placed on probation or until Pharmacy Permit Number PHY 52078 is reinstated if it is revoked.

39. Pursuant to section 4307 of the Code, if discipline is imposed on Pharmacy Permit Number PHY 52078, issued to Scriptsrus, Corp. dba Scriptsrus Pharmacy, Roland Israel, for conduct that occurred while Respondent Israel, a Pharmacist-in-Charge, President, Partner, and Secretary, had knowledge of or knowingly participated in the conduct for which Respondent Scriptsrus was disciplined, then Respondent Israel shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate, partner, or any other person with management or control of a licensee for five years if Pharmacy Permit Number PHY 52078 is placed on probation or until Pharmacy Permit Number PHY 52078 is reinstated if it is revoked.

40. Pursuant to section 4307 of the Code, if discipline is imposed on Pharmacist License Number RPH 47379 issued to Roland Israel, Roland Isreal shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate, partner, or any other person with management or control of a licensee for five years if Pharmacist License Number RPH 47379 is placed on probation or until Pharmacist License Number RPH 47379 is reinstated if it is revoked.

///

///

PRAYER

WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged, and that following the hearing, the California State Board of Pharmacy issue a decision:

1. Revoking or suspending Permit Number PHY 52078, issued to Scriptsrus Pharmacy, Corp. dba Scriptsrus Pharmacy, Roland Israel;

2. Revoking or suspending Pharmacist License Number RPH 47379, issued to Roland Israel;

3. Prohibiting Scriptsrus Pharmacy Corp., dba Scriptsrus Pharmacy, Roland Israel from serving as a manager, administrator, owner, member, officer, director, associate, partner, or any other person with management or control of a licensee for five years if Pharmacy Permit Number PHY 52078 is placed on probation or until Pharmacy Permit Number PHY 52078 is reinstated if Pharmacy Permit Number PHY 52078 issued to Scriptsrus Pharmacy, Corp. dba Scriptsrus Pharmacy, Roland Israel is revoked;

4. Prohibiting Roland Israel from serving as a manager, administrator, owner, member, officer, director, associate, partner, or any other person with management or control of a licensee for five years if Pharmacy Permit Number PHY 52078 is placed on probation or until Pharmacy Permit Number PHY 52078 is reinstated if Pharmacy Permit Number PHY 52078 issued to Scriptsrus Pharmacy, Corp. dba Scriptsrus Pharmacy, Roland Isreal is revoked;

5. Prohibiting Roland Israel from serving as a manager, administrator, owner, member, officer, director, associate, partner, or any other person with management or control of a licensee for five years if Pharmacist License Number RPH 47379 is placed on probation or until Pharmacist License Number RPH 47379 is reinstated if Pharmacist License Number RPH 47379 issued to Roland Isreal is revoked;

6. Ordering Scriptsrus Pharmacy, Corp. dba Scriptsrus Pharmacy and Roland Israel to pay the Board of Pharmacy the reasonable costs of the investigation and enforcement of this case, pursuant to Business and Professions Code section 125.3; and,

///

///

7. Taking such other and further action as deemed necessary and proper.

DATED: 5/4/2021

BEFORE THE
BOARD OF PHARMACY
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

In the Matter of the Accusation Against: **SCRIPTSRUS CORP. DBA SCRIPTSRUS PHARMACY, ROLAND ISRAEL** **15630 Ventura Blvd.** **Encino, CA 91436** **Pharmacy Permit No. PHY 52078** **and** **ROLAND ISRAEL** **[redacted] Maryland Drive** **Los Angeles, CA 90048** **Pharmacist License No. RPH 47379** Respondents.	Case No. 7042 OAH No. 2021080317 **STIPULATED SETTLEMENT AND DISCIPLINARY ORDER AS TO SCRIPTSRUS CORP. DBA SCRIPTSRUS PHARMACY, PHARMACY PERMIT NO. 52078 ONLY**

IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-entitled proceedings that the following matters are true:

PARTIES

1. Anne Sodergren (Complainant) is the Executive Officer of the Board of Pharmacy (Board). She brought this action solely in her official capacity and is represented in this matter by

///

Rob Bonta, Attorney General of the State of California, by Sheronda L. Edwards, Deputy Attorney General.

2. Respondent Scriptsrus Corp. dba Scriptsrus Pharmacy, Roland Israel (Respondent) is represented in this proceeding by attorney Armond Marcarian, whose address is: Marcarian Law Firm, 21650 Oxnard Street, Suite 1980, Woodland Hills, CA 91367-7853.

3. On or about December 1, 2014, the Board issued Pharmacy Permit No. PHY 52078 to Respondent. The Pharmacy Permit was in full force and effect at all times relevant to the charges brought in Accusation No. 7042, and will expire on December 1, 2022, unless renewed.

JURISDICTION

4. Accusation No. 7042 was filed before the Board, and is currently pending against Respondent. The Accusation and all other statutorily required documents were properly served on Respondent on May 13, 2021. Respondent timely filed its Notice of Defense contesting the Accusation.

5. A copy of Accusation No. 7042 is attached as exhibit A and incorporated herein by reference.

ADVISEMENT AND WAIVERS

6. Respondent has carefully read, fully discussed with counsel, and understands the charges and allegations in Accusation No. 7042. Respondent has also carefully read, fully discussed with counsel, and understands the effects of this Stipulated Settlement and Disciplinary Order.

7. Respondent is fully aware of its legal rights in this matter, including the right to a hearing on the charges and allegations in the Accusation; the right to confront and cross-examine the witnesses against it; the right to present evidence and to testify on its own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Procedure Act and other applicable laws.

8. Respondent voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

CULPABILITY

9. Respondent understands and agrees that the charges and allegations in Accusation No. 7042, if proven at a hearing, constitute cause for imposing discipline upon its Pharmacy Permit.

10. For the purpose of resolving the Accusation without the expense and uncertainty of further proceedings, Respondent agrees that, at a hearing, Complainant could establish a factual basis for the charges in the Accusation, and that Respondent hereby gives up its right to contest those charges.

11. Respondent agrees that its Pharmacy Permit is subject to discipline and they agree to be bound by the Board's probationary terms as set forth in the Disciplinary Order below.

CONTINGENCY

12. This stipulation shall be subject to approval by the Board. Respondent understands and agrees that counsel for Complainant and the staff of the Board may communicate directly with the Board regarding this stipulation and settlement, without notice to or participation by Respondent or its counsel. By signing the stipulation, Respondent understands and agrees that it may not withdraw its agreement or seek to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal action between the parties, and the Board shall not be disqualified from further action by having considered this matter.

13. The parties understand and agree that Portable Document Format (PDF) and facsimile copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile signatures thereto, shall have the same force and effect as the originals.

14. This Stipulated Settlement and Disciplinary Order is intended by the parties to be an integrated writing representing the complete, final, and exclusive embodiment of their agreement. It supersedes any and all prior or contemporaneous agreements, understandings, discussions, negotiations, and commitments (written or oral). This Stipulated Settlement and Disciplinary

///

Order may not be altered, amended, modified, supplemented, or otherwise changed except by a writing executed by an authorized representative of each of the parties.

15. In consideration of the foregoing admissions and stipulations, the parties agree that the Board may, without further notice or formal proceeding, issue and enter the following Disciplinary Order:

DISCIPLINARY ORDER

IT IS HEREBY ORDERED that Pharmacy Permit No. PHY 52078 issued to Respondent Scriptsrus Corp. dba Scriptsrus Pharmacy, Roland Israel, is revoked. However, the revocation is stayed, and Respondent is placed on probation for five (5) years on the following terms and conditions:

1. **Definition: Respondent**

For the purposes of these terms and conditions, "Respondent" shall refer to Scriptsrus Corp. dba Scriptsrus Pharmacy. All terms and conditions stated herein shall bind and be applicable to the licensed premises and to all owners, managers, officers, administrators, members, directors, trustees, associates, or partners thereof. For purposes of compliance with any term or condition, any report, submission, filing, payment, or appearance required to be made by Respondent to or before the Board or its designee shall be made by an owner or executive officer with authority to act on behalf of and legally bind the licensed entity.

2. **Obey All Laws**

Respondent shall obey all state and federal laws and regulations.

Respondent shall report any of the following occurrences to the Board, in writing, within seventy-two (72) hours of such occurrence:

- an arrest or issuance of a criminal complaint for violation of any provision of the Pharmacy Law, state and federal food and drug laws, or state and federal controlled substances laws;
- a plea of guilty, or nolo contendere, no contest, or similar, in any state or federal criminal proceeding to any criminal complaint, information or indictment;
- a conviction of any crime; or

- discipline, citation, or other administrative action filed by any state or federal agency which involves Respondent's Pharmacy Permit No. PHY 52078 or which is related to the practice of pharmacy or the manufacturing, obtaining, handling or distributing, billing, or charging for any dangerous drug, and/or dangerous device or controlled substance. Failure to timely report any such occurrence shall be considered a violation of probation.

3. **Report to the Board**

Respondent shall report to the Board quarterly, on a schedule as directed by the Board or its designee. The report shall be made either in person or in writing, as directed. Among other requirements, Respondent shall state in each report under penalty of perjury whether there has been compliance with all the terms and conditions of probation. Failure to submit timely reports in a form as directed shall be considered a violation of probation. Any period(s) of delinquency in submission of reports as directed may be added to the total period of probation. Moreover, if the final probation report is not made as directed, probation shall be automatically extended until such time as the final report is made and accepted by the Board.

4. **Interview with the Board**

Upon receipt of reasonable prior notice, Respondent shall appear in person for interviews with the Board or its designee, at such intervals and locations as are determined by the Board or its designee. Failure to appear for any scheduled interview without prior notification to Board staff, or failure to appear for two (2) or more scheduled interviews with the Board or its designee during the period of probation, shall be considered a violation of probation.

5. **Cooperate with Board Staff**

Respondent shall timely cooperate with the Board's inspection program and with the Board's monitoring and investigation of Respondent's compliance with the terms and conditions of the probation, including but not limited to: timely responses to requests for information by Board staff; timely compliance with directives from Board staff regarding requirements of any term or condition of probation; and timely completion of documentation pertaining to a term or condition of probation. Failure to timely cooperate shall be considered a violation of probationn.

///

6. **Reimbursement of Board Costs**

As a condition precedent to successful completion of probation, Respondent shall be jointly and severally responsible with Respondent Roland Israel to pay to the Board its costs of investigation and prosecution in the amount of $15,513.51. Respondent shall make said payments monthly to commence within thirty (30) days of the effective date of this Decision pursuant to the following terms:

There shall be no deviation from this schedule absent prior written approval by the Board or its designee. Failure to pay costs by the deadline(s) as directed shall be considered a violation of probation.

Respondent shall be permitted to pay these costs in a payment plan approved by the Board or its designee, so long as full payment is completed no later than three (3) years prior to the end date of probation.

7. **Probation Monitoring Costs**

Respondent shall pay any costs associated with probation monitoring as determined by the Board each and every year of probation. Such costs shall be payable to the Board on a schedule as directed by the Board or its designee. Failure to pay such costs by the deadline(s) as directed shall be considered a violation of probation.

8. **Status of License**

Respondent shall, at all times while on probation, maintain current Pharmacy Permit with the Board. Failure to maintain current licensure shall be considered a violation of probation.

If Respondent's Pharmacy Permit expires or is cancelled by operation of law or otherwise at any time during the period of probation, including any extensions thereof or otherwise, upon renewal or reapplication Respondent's Pharmacy Permit shall be subject to all terms and conditions of this probation not previously satisfied.

9. **License Surrender While on Probation/Suspension**

Following the effective date of this decision, should Respondent wish to discontinue business, Respondent may tender the premises license to the Board for surrender. The Board or its designee shall have the discretion whether to grant the request for surrender or take any other

action it deems appropriate and reasonable. Upon formal acceptance of the surrender of the license, Respondent will no longer be subject to the terms and conditions of probation.

Respondent may not apply for any new license from the Board for three (3) years from the effective date of the surrender. Respondent shall meet all requirements applicable to the license sought as of the date the application for that license is submitted to the Board.

Respondent further stipulates that it shall reimburse the Board for its costs of investigation and prosecution prior to the acceptance of the surrender.

Upon acceptance of the surrender, Respondent shall relinquish the premises wall and renewal license to the Board within ten (10) days of notification by the Board that the surrender is accepted. Respondent shall further submit a completed Discontinuance of Business form according to Board guidelines and shall notify the Board of the records inventory transfer within five (5) days. Respondent shall further arrange for the transfer of all records of acquisition and disposition of dangerous drugs and/or devices to premises licensed and approved by the Board.

Respondent shall also, by the effective date of this decision, arrange for the continuation of care for ongoing patients of the pharmacy by, at minimum, providing a written notice to ongoing patients that specifies the anticipated closing date of the pharmacy and that identifies one or more area pharmacies capable of taking up the patients' care, and by cooperating as may be necessary in the transfer of records or prescriptions for ongoing patients. Within five (5) days of its provision to the pharmacy's ongoing patients, Respondent shall provide a copy of the written notice to the Board. For the purposes of this provision, "ongoing patients" means those patients for whom the pharmacy has on file a prescription with one or more refills outstanding, or for whom the pharmacy has filled a prescription within the preceding sixty (60) days.

10. **Sale or Discontinuance of Business**

During the period of probation, should Respondent sell, trade or transfer all or part of the ownership of the licensed entity, discontinue doing business under the license issued to Respondent, or should practice at that location be assumed by another full or partial owner, person, firm, business, or entity, under the same or a different premises license number, the Board or its designee shall have the sole discretion to determine whether to exercise continuing

jurisdiction over the licensed location, under the current or new premises license number, and/or carry the remaining period of probation forward to be applicable to the current or new premises license number of the new owner.

11. **Notice to Employees**

Respondent shall, upon or before the effective date of this decision, ensure that all employees involved in permit operations are made aware of all the terms and conditions of probation, either by posting a notice of the terms and conditions, circulating such notice, or both. If the notice required by this provision is posted, it shall be posted in a prominent place and shall remain posted throughout the probation period. Respondent shall ensure that any employees hired or used after the effective date of this decision are made aware of the terms and conditions of probation by posting a notice, circulating a notice, or both. Additionally, Respondent shall submit written notification to the Board, within fifteen (15) days of the effective date of this decision, that this term has been satisfied. Failure to timely provide such notification to employees, or to timely submit such notification to the Board shall be considered a violation of probation.

"Employees" as used in this provision includes all full-time, part-time, volunteer, temporary, relief employees, and independent contractors employed or hired at any time during probation.

12. **Owners and Officers: Knowledge of the Law**

Respondent shall provide, within thirty (30) days after the effective date of this decision, signed and dated statements from its owners, including any owner or holder of ten percent (10%) or more of the interest in Respondent or Respondent's stock, and all of its officer, stating under penalty of perjury that said individuals have read and are familiar with state and federal laws and regulations governing the practice of pharmacy. The failure to timely provide said statements under penalty of perjury shall be considered a violation of probation.

13. **Premises Open for Business**

Respondent shall remain open and engaged in its ordinary business as a Pharmacy in California for a minimum of 80 hours per calendar month. Any month during which this minimum is not met shall toll the period of probation, i.e., the period of probation shall be

extended by one month for each month during which this minimum is not met. During any such period of tolling of probation, Respondent must nonetheless comply with all terms and conditions of probation, unless Respondent is informed otherwise in writing by the Board or its designee. If Respondent is not open and engaged in its ordinary business as a Pharmacy for a minimum of 80 hours in any calendar month, for any reason (including vacation), Respondent shall notify the Board in writing within ten (10) days of the conclusion of that calendar month. This notification shall include at minimum all of the following: the date(s) and hours Respondent was open; the reason(s) for the interruption or why business was not conducted; and the anticipated date(s) on which Respondent will resume business as required. Respondent shall further notify the Board in writing with ten (10) days following the next calendar month during which Respondent is open and engaged in its ordinary business as a Pharmacy in California for a minimum of 80 hours. Any failure to timely provide such notification(s) shall be considered a violation of probation.

14. **Posted Notice of Probation**

Respondent shall prominently post a probation notice provided by the Board or its designee in a place conspicuous to and readable by the public within two (2) days of receipt thereof from the Board or its designee. Failure to timely post such notice, or to maintain the posting during the entire period of probation, shall be considered a violation of probation.

Respondent shall not, directly or indirectly, engage in any conduct or make any statement which is intended to mislead or is likely to have the effect of misleading any patient, customer, member of the public, or other person(s) as to the nature of and reason for the probation of the licensed entity.

15. **Violation of Probation**

If a Respondent has not complied with any term or condition of probation, the Board shall have continuing jurisdiction over Respondent, and probation shall be automatically extended, until all terms and conditions have been satisfied or the Board has taken other action as deemed appropriate to treat the failure to comply as a violation of probation, to terminate probation, and to impose the penalty that was stayed.

///

If Respondent violates probation in any respect, the Board, after giving Respondent notice and an opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. If a petition to revoke probation or an accusation is filed against Respondent during probation, the Board shall have continuing jurisdiction and the period of probation shall be automatically extended until the petition to revoke probation or accusation is heard and decided, and the charges and allegations in Accusation No. 7042 shall be deemed true and correct.

16. **Completion of Probation**

Upon written notice by the Board or its designee indicating successful completion of probation, Respondent's Pharmacy Permit will be fully restored.

17. **No Additional Ownership or Management of Licensed Premises**

Respondent shall not acquire any additional ownership, legal or beneficial interest in, nor serve as a manager, administrator, member, officer, director, associate, partner or any business, firm, partnership, or corporation currently or hereinafter licensed by the Board except as approved by the Board or its designee. Violations of this restriction shall be considered a violation of probation.

17. **Consultant Review of Pharmacy Operations**

During the period of probation, Respondent Pharmacy shall retain an independent consultant at its own expense who shall be responsible for conducting an inspection to review the operations of Respondent Pharmacy on a monthly basis for compliance by Respondent Pharmacy with state and federal laws and regulations governing the practice of pharmacy, and compliance by Respondent. During the period of probation, the Board or its designee, retains the discretion to modify the frequency of the inspection of the pharmacist consultant's review.

The consultant shall be a pharmacist licensed by and not on probation with the Board and whose name shall be submitted to the Board or its designee, for prior approval, within thirty (30) days of the effective date of this decision.

Failure to timely retain, seek approval of, or ensure timely reporting by the consultant shall be considered a violation of probation.

///

ACCEPTANCE

I have carefully read the above Stipulated Settlement and Disciplinary Order and have fully discussed it with my attorney, Armond Marcarian. I understand the stipulation and the effect it will have on my Pharmacy Permit. I enter into this Stipulated Settlement and Disciplinary Order voluntarily, knowingly, and intelligently, and agree to be bound by the Decision and Order of the Board of Pharmacy.

DATED: _____

SCRIPTSRUS CORP. DBA SCRIPTSRUS PHARMACY, ROLAND ISRAEL

BEFORE THE
BOARD OF PHARMACY
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

In the Matter of the Accusation Against**:**	
PREFERRED PHARMACY, INC.; **SCOTT LEROY MONTGOMERY, CEO** **3303 Harbor Blvd., Ste. H7** **Costa Mesa, CA 92626.** **Original Permit No. PHY 54453** **and** **TONY HIEU LA** **[redacted] Abrazo Aisle** **Irvine, CA 92614** **Registered Pharmacist License No. RPH 73904** **and** **MICHAEL JEAN OLIVIE AGBASSI** **[redacted] Alamo Way** **Oceanside, CA 92057** **Registered Pharmacist License No. RPH 80700** Respondents.	Case No. 7019 **ACCUSATION**

PARTIES

1. Anne Sodergren (Complainant) brings this Accusation solely in her official capacity as the Executive Officer of the Board of Pharmacy, Department of Consumer Affairs (Board).

2. On or about June 1, 2016, the Board issued Original Permit Number PHY 54453 to Preferred Pharmacy, Inc. (Respondent Pharmacy), Scott Leroy Montgomery, CEO (Respondent Montgomery). The Original Permit was in full force and effect at all times relevant to the charges brought herein and will expire on June 1, 2023, unless renewed.

3. On or about November 3, 2015, the Board issued Registered Pharmacist License Number RPH 73904 to Tony Hieu La (Respondent La). The Registered Pharmacist License was in full force and effect at all times relevant to the charges brought herein and will expire on July 31, 2023, unless renewed.

4. On or about July 31, 2019, the Board issued Registered Pharmacist License Number RPH 80700 to Michael Jean Olivie Agbassi (Respondent Agbassi). The Registered Pharmacist License was in full force and effect at all times relevant to the charges brought herein and will expire on September 30, 2022, unless renewed.

JURISDICTION

5. This Accusation is brought before the Board under the authority of the following laws. All section references are to the Business and Professions Code (Code) unless otherwise indicated.

6. Section 4300 of the Code states:

(a) Every license issued may be suspended or revoked.

(b) The board shall discipline the holder of any license issued by the board, whose default has been entered or whose case has been heard by the board and found guilty, by any of the following methods:

(1) Suspending judgment.

(2) Placing him or her upon probation.

(3) Suspending his or her right to practice for a period not exceeding on year.

(4) Revoking his or her license.

///

(5) Taking any other action in relation to disciplining him or her as the board in its discretion may deem proper.

. . .

(e) The proceedings under this article shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of the Government Code, and the board shall have all the powers granted therein. The action shall be final, except that the propriety of the action is subject to review by the superior court pursuant to Section 1094.5 of the Code of Civil Procedure.

7. Section 4300.1 of the Code states:

The expiration, cancellation, forfeiture, or suspension of a board-issued license by operation of law or by order or decision of the board or a court of law, the placement of a license on a retired status, or the voluntary surrender of a license by a licensee shall not deprive the board of jurisdiction to commence or proceed with any investigation of, or action or disciplinary proceeding against, the licensee or to render a decision suspending or revoking the license.

8. Section 4307 of the Code states:

(a) Any person who has been denied a license or whose license has been revoked or is under suspension, or who has failed to renew his or her license while it was under suspension, or who has been a manager, administrator, owner, member, officer, director, associate, partner, or any other person with management or control of any partnership, corporation, trust, firm, or association whose application for a license has been denied or revoked, is under suspension or has been placed on probation, and while acting as the manager, administrator, owner, member, officer, director, associate, partner, or any other person with management or control had knowledge of or knowingly participated in any conduct for which the license was denied, revoked, suspended, or placed on probation, shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate, partner, or in any other position with management or control of a licensee as follows:

(1) Where a probationary license is issued or where an existing license is placed on probation, this prohibition shall remain in effect for a period not to exceed five years.

(2) Where the license is denied or revoked, the prohibition shall continue until the license is issued or reinstated.

(b) "Manager, administrator, owner, member, officer, director, associate, or partner," as used in this section and Section 4308, may refer to a pharmacist or to any other person who serves in that capacity in or for a licensee.

(c) The provisions of subdivision (a) may be alleged in any pleading filed pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of the Government Code. However, no order may be issued in that case except as to a person who is named in the caption, as to whom the pleading alleges the applicability of this section, and where the person has been given notice of the proceeding as required by Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of the Government Code. The authority to proceed as provided by this subdivision shall

be in addition to the board's authority to proceed under Section 4339 or any other provision of law.

STATUTORY PROVISIONS

9. Section 733 of the Code states:

(a) A licentiate shall not obstruct a patient in obtaining a prescription drug or device that has been legally prescribed or ordered for that patient. A violation of this section constitutes unprofessional conduct by the licentiate and shall subject the licentiate to disciplinary or administrative action by his or her licensing agency.

(b) Notwithstanding any other law, a licentiate shall dispense drugs and devices, as described in subdivision (a) of Section 4024, pursuant to a lawful order or prescription unless one of the following circumstances exists:

(1) Based solely on the licentiate's professional training and judgment, dispensing pursuant to the order or the prescription is contrary to law, or the licentiate determines that the prescribed drug or device would cause a harmful drug interaction or would otherwise adversely affect the patient's medical condition.

(2) The prescription drug or device is not in stock. If an order, other than an order described in Section 4019 , or prescription cannot be dispensed because the drug or device is not in stock, the licentiate shall take one of the following actions:

(A) Immediately notify the patient and arrange for the drug or device to be delivered to the site or directly to the patient in a timely manner.

(B) Promptly transfer the prescription to another pharmacy known to stock the prescription drug or device that is near enough to the site from which the prescription or order is transferred, to ensure the patient has timely access to the drug or device.

(C) Return the prescription to the patient and refer the patient. The licentiate shall make a reasonable effort to refer the patient to a pharmacy that stocks the prescription drug or device that is near enough to the referring site to ensure that the patient has timely access to the drug or device.

(3) The licentiate refuses on ethical, moral, or religious grounds to dispense a drug or device pursuant to an order or prescription. A licentiate may decline to dispense a prescription drug or device on this basis only if the licentiate has previously notified his or her employer, in writing, of the drug or class of drugs to which he or she objects, and the licentiate's employer can, without creating undue hardship, provide a reasonable accommodation of the licentiate's objection. The licentiate's employer shall establish protocols that ensure that the patient has timely access to the prescribed drug or device despite the licentiate's refusal to dispense the prescription or order. For purposes of this section, "reasonable accommodation" and "undue hardship" shall have the same meaning as applied to those terms pursuant to subdivision (l) of Section 12940 of the Government Code.

///

///

///

///

10. Section 810 of the Code states:

…

(b) It shall constitute cause for revocation or suspension of a license or certificate for a health care professional to engage in any conduct prohibited under Section 1871.4 of the Insurance Code or Section 549 or 550 of the Penal Code.

11. Section 4040 of the Code states:

(a) "Prescription" means an oral, written, or electronic transmission order that is both of the following:

(1) Given individually for the person or persons for whom ordered that includes all of the following:

(A) The name or names and address of the patient or patients.

(B) The name and quantity of the drug or device prescribed and the directions for use.

(C) The date of issue.

(D) Either rubber stamped, typed, or printed by hand or typeset, the name, address, and telephone number of the prescriber, his or her license classification, and his or her federal registry number, if a controlled substance is prescribed.

(E) A legible, clear notice of the condition or purpose for which the drug is being prescribed, if requested by the patient or patients.

(F) If in writing, signed by the prescriber issuing the order, or the certified nurse-midwife, nurse practitioner, physician assistant, or naturopathic doctor who issues a drug order pursuant to Section 2746.51 , 2836.1 , 3502.1 , or 3640.5 , respectively, or the pharmacist who issues a drug order pursuant to Section 4052.1 , 4052.2 , or 4052.6.

(2) Issued by a physician, dentist, optometrist, podiatrist, veterinarian, or naturopathic doctor pursuant to Section 3640.7 or, if a drug order is issued pursuant to Section 2746.51 , 2836.1, 3502.1 , or 3460.5, by a certified nurse-midwife, nurse practitioner, physician assistant, or naturopathic doctor licensed in this state, or pursuant to Section 4052.1 , 4052.2 , or 4052.6 by a pharmacist licensed in this state.

(b) Notwithstanding subdivision (a), a written order of the prescriber for a dangerous drug, except for any Schedule II controlled substance, that contains at least the name and signature of the prescriber, the name and address of the patient in a manner consistent with paragraph (2) of subdivision (a) of Section 11164 of the Health and Safety Code , the name and quantity of the drug prescribed, directions for use, and the date of issue may be treated as a prescription by the dispensing pharmacist as long as any additional information required by subdivision (a) is readily retrievable in the pharmacy. In the event of a conflict between this subdivision and Section 11164 of the Health and Safety Code , Section 11164 of the Health and Safety Code shall prevail.

(c) "Electronic transmission prescription" includes both image and data prescriptions. "Electronic image transmission prescription" means any prescription

order for which a facsimile of the order is received by a pharmacy from a licensed prescriber. "Electronic data transmission prescription" means any prescription order, other than an electronic image transmission prescription, that is electronically transmitted from a licensed prescriber to a pharmacy.

(d) The use of commonly used abbreviations shall not invalidate an otherwise valid prescription.

(e) Nothing in the amendments made to this section (formerly Section 4036) at the 1969 Regular Session of the Legislature shall be construed as expanding or limiting the right that a chiropractor, while acting within the scope of his or her license, may have to prescribe a device.

12. Section 4059.5 of the Code states:

. . .

(e) A dangerous drug or dangerous device shall not be transferred, sold, or delivered to a person outside this state, whether foreign or domestic, unless the transferor, seller, or deliverer does so in compliance with the laws of this state and of the United States and of the state or country to which the dangerous drugs or dangerous devices are to be transferred, sold, or delivered. Compliance with the laws of this state and the United States and of the state or country to which the dangerous drugs or dangerous devices are to be delivered shall include, but not be limited to, determining that the recipient of the dangerous drugs or dangerous devices is authorized by law to receive the dangerous drugs or dangerous devices.

. . .

13. Section 4110 of the Code states:

(a) No person shall conduct a pharmacy in the State of California unless he or she has obtained a license from the board. A license shall be required for each pharmacy owned or operated by a specific person. A separate license shall be required for each of the premises of any person operating a pharmacy in more than one location. The license shall be renewed annually. The board may, by regulation, determine the circumstances under which a license may be transferred.

. . .

14. Section 4116 of the Code states:

(a) No person other than a pharmacist, an intern pharmacist, an authorized officer of the law, or a person authorized to prescribe shall be permitted in that area, place, or premises described in the license issued by the board wherein controlled substances or dangerous drugs or dangerous devices are stored, possessed, prepared, manufactured, derived, compounded, dispensed, or repackaged. However, a pharmacist shall be responsible for any individual who enters the pharmacy for the purposes of receiving consultation from the pharmacist or performing clerical, inventory control, housekeeping, delivery, maintenance, or similar functions relating to the pharmacy if the pharmacist remains present in the pharmacy during all times as the authorized individual is present.

. . .

15. Section 4156 of the Code states:

A pharmacy corporation shall not do, or fail to do, any act where doing or failing to do the act would constitute unprofessional conduct under any statute or regulation. In the conduct of its practice, a pharmacy corporation shall observe and be bound by the laws and regulations that apply to a person licensed under this chapter.

16. Section 4169 of the Code states:

(a) A person or entity shall not do any of the following:

(1) Purchase, trade, sell, warehouse, distribute, or transfer dangerous drugs or dangerous devices at wholesale with a person or entity that is not licensed with the board as a wholesaler, third-party logistics provider, or pharmacy.

(2) Purchase, trade, sell, or transfer dangerous drugs that the person knew or reasonably should have known were adulterated, as set forth in Article 2 (commencing with Section 111250) of Chapter 6 of Part 5 of Division 104 of the Health and Safety Code Section 4301 of the Code states:

17. Section 4301 of the Code states:

The board shall take action against any holder of a license who is guilty of unprofessional conduct or whose license has been issued by mistake. Unprofessional conduct includes, but is not limited to, any of the following:

…

(f) The commission of any act involving moral turpitude, dishonesty, fraud, deceit, or corruption, whether the act is committed in the course of relations as a licensee or otherwise, and whether the act is a felony or misdemeanor or not.

(g) Knowingly making or signing any certificate or other document that falsely represents the existence or nonexistence of a state of facts.

…

(j) The violation of any of the statutes of this state, of any other state, or of the United States regulating controlled substances and dangerous drugs.

…

(o) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of or conspiring to violate any provision or term of this chapter or of the applicable federal and state laws and regulations governing pharmacy, including regulations established by the board or by any other state or federal regulatory agency.

…

(q) Engaging in any conduct that subverts or attempts to subvert an investigation of the board. …

18. Section 4330 of the Code states:

…

(b) Any nonpharmacist owner who commits any act that would subvert or tend to subvert the efforts of the pharmacist in charge to comply with the laws governing the operation of the pharmacy is guilty of a misdemeanor.

…

REGULATORY PROVISIONS

19. California Code of Regulations, title 16, section 1709.1 states:

(a) The pharmacist-in-charge of a pharmacy shall be employed at that location and shall have responsibility for the daily operation of the pharmacy.

(b) The pharmacy owner shall vest the pharmacist-in-charge with adequate authority to assure compliance with the laws governing the operation of a pharmacy.

. . .

20. California Code of Regulations, title 16, section 1714 states:

. ..

(c) The pharmacy and fixtures and equipment shall be maintained in a clean and orderly condition. The pharmacy shall be dry, well-ventilated, free from rodents and insects, and properly lighted. The pharmacy shall be equipped with a sink with hot and cold running water for pharmaceutical purposes.

(d) Each pharmacist while on duty shall be responsible for the security of the prescription department, including provisions for effective control against theft or diversion of dangerous drugs and devices, and records for such drugs and devices. Possession of a key to the pharmacy where dangerous drugs and controlled substances are stored shall be restricted to a pharmacist.

. . .

21. California Code of Regulations, title 16, section 1764 states:

No pharmacist shall exhibit, discuss, or reveal the contents of any prescription, the therapeutic effect thereof, the nature, extent, or degree of illness suffered by any patient or any medical information furnished by the prescriber with any person other than the patient or his or her authorized representative, the prescriber or other licensed practitioner then caring for the patient, another licensed pharmacist serving the

CODE OF FEDERAL REGULATIONS

22. Title 42, Code of Federal Regulations, (CFR) section 424.57 states:

. . .

c) *Application certification standards.* The supplier must meet and must certify in its application for billing privileges that it meets and will continue to meet the following standards:

. ..

(11) Must agree not to contact a beneficiary by telephone when supplying a Medicare-covered item unless one of the following applies:

(i) The individual has given written permission to the supplier to contact them by telephone concerning the furnishing of a Medicare-covered item that is to be rented or purchased.

(ii) The supplier has furnished a Medicare-covered item to the individual and the supplier is contacting the individual to coordinate the delivery of the item.

(iii) If the contact concerns the furnishing of a Medicare-covered item other than a covered item already furnished to the individual, the supplier has furnished at least one covered item to the individual during the 15-month period preceding the date on which the supplier makes such contact.

PENAL CODE SECTIONS

23. California Penal Code section 550 states:

. . .

(a) It is unlawful to do any of the following, or to aid, abet, solicit, or conspire with any person to do any of the following:

. . .

(6) Knowingly make or cause to be made any false or fraudulent claim for payment of a health care benefit.

(7) Knowingly submit a claim for a health care benefit that was not used by, or on behalf of, the claimant.

. . .

CALIFORNIA CIVIL CODE SECTION

24. California Civil Code section 56.10, subdivision (a) states:

(a) A provider of health care, health care service plan, or contractor shall not disclose medical information regarding a patient of the provider of health care or an enrollee or subscriber of a health care service plan without first obtaining an authorization, except as provided in subdivision (b) or (c).

HEALTH AND SAFETY CODE

25. California Health and Safety Code section 111255 states:

> Any drug or device is adulterated if it has been produced, prepared, packed, or held under conditions whereby it may have been contaminated with filth, or whereby it may have been rendered injurious to health.

26. California Health and Safety Code section 111295 states:

> It is unlawful for any person to manufacture, sell, deliver, hold, or offer for sale any drug or device that is adulterated.

COST RECOVERY

27. Section 125.3 of the Code states, in pertinent part, that the Board may request the administrative law judge to direct a licentiate found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case.

FACTUAL ALLEGATIONS

28. Respondent Pharmacy is a pharmacy located in Costa Mesa, California. Respondent Pharmacy primarily dispenses diabetic test strips, test meters, lancets and lancing devices, and topical creams. The Board received multiple complaints alleging Preferred Pharmacy cold-called patients in an attempt to fill prescriptions, and/or filled patient prescriptions, without authorization. Board investigations confirmed that Respondent Pharmacy cold-called patients, test-billed prescriptions, filled prescriptions without patient knowledge, and utilized an unlicensed call center to solicit potential patients to fill prescriptions.

29. Respondent La was the Pharmacist in Charge (PIC) of Respondent Pharmacy from February 1, 2017 to October 7, 2019.

30. Respondent Agbassi was the PIC of Respondent Pharmacy since October 3, 2019 until present.

31. Respondent Montgomery owns and operates a variety of businesses and pharmacies including Respondent Pharmacy, located at 2202 Harbor Blvd., Suite D, Costa Mesa, California. Respondent Montgomery is not a licensed pharmacist. RXMSO is an entity associated with

Respondent Montgomery and is located in the same building complex as Respondent Pharmacy. The Board received information that RXMSO had call centers located in California, Florida, and the Philippines. RXMSO hired affiliates that obtained patient information and sold the information to RXMSO.

COMPLAINTS TO THE BOARD

32. On or around April 4, 2018, the Board received a complaint from Pharmacist MK on behalf of a homeless patient. The patient required daily insulin and any delay in the ability to test her blood sugar could result in hospitalization. The patient learned that she could not refill her prescription for diabetic test strips through her insurance because Respondent Pharmacy previously completed and billed her insurance for the prescription test strips. The patient did not request nor receive diabetic test strips from Respondent Pharmacy and had no knowledge that the prescription was placed on her behalf. Pharmacist MK researched Respondent Pharmacy's location and determined that Respondent Pharmacy was approximately 150 miles away from the patient. Pharmacist MK called Respondent Pharmacy and was informed that Respondent Pharmacy received signature confirmation for delivery. Pharmacist MK believed that this signature could not be the patient's signature as the patient was homeless.

33. On or about September 21, 2018, the Board received an anonymous complaint alleging that a patient received a telephone call from Respondent Pharmacy. The anonymous complainant stated that the caller asked the patient to describe their pain and to provide the name of the patient's care provider so that Respondent Pharmacy could call the provider and initiate prescriptions. The patient did not know how Respondent Pharmacy received the patient's information and did not provide the requested information.

34. On or about April 17, 2020, the Board received a complaint from a former employee of RXMSO. The employee, identified as YM, believed Respondent Montgomery operated RXMSO. YM confirmed RXMSO worked with approximately seven pharmacies including Respondent Pharmacy. YM stated that Respondent Pharmacy held patient information without patient authorization. YM alleged that RXMSO employed call center agents in the Philippines, Florida, and California. None of the agents was a licensed pharmacist or pharmacy technician.

YM stated that the call centers initiated contact with prospective patients and identified themselves as "with the Health Care Department." The agent offered prospective patients such things as cookbooks or coupons for free meals to obtain patient information, including the patient's full name, date of birth, treating physician information, and last four numbers of the patient's social security number.

35. On or around September 9, 2020, the Board received an online complaint from MI, a nurse practitioner for Sutter Health. MI stated that he received a prescription request for a Medicare patient, TW, from Respondent Pharmacy. MI indicated that the patient had never been to, nor requested services from, Respondent Pharmacy.

BOARD INVESTIGATIONS

36. Based on the complaints, the Board conducted investigations and inspections of Respondent Pharmacy.

37. On or around March 6, 2019, Board Inspectors BM and CW conducted an inspection of Respondent Pharmacy located at 3303 Harbor Blvd., Suite H7, Costa Mesa, California. Respondent La assisted in the inspection. The pharmacy stocked UPS boxes and UPS label sleeves. The pharmacy's stock was comprised mostly of topical creams and diabetic products. The pharmacy Daily Fill Log appeared to be mostly diabetes supplies, including over the counter alcohol pads, lancets, meters, and strips. Inspector BM noted that one computer monitor had a screen that stated, "Allow Remote Control" and "Control Remote Computer." Respondent La confirmed that Respondent Pharmacy held an Arizona non-resident pharmacy license. Board Inspector BM viewed an expired Nevada Pharmacy license on the wall.

38. During the inspection, Board Inspectors BM and CW issued corrections for the following violations:

a.) California Code of Regulations 1707.5(d), for the pharmacy not having interpretive services;

b.) California Code of Regulations 1714(c), for the pharmacy not having a sink with hot water;

///

c.) California Code of Regulations 1715.65(c), for the pharmacy not having completed an inventory reconciliation of Schedule II controlled substances; and

d.) Business and Professions Code 4070(a), for e-fax prescriptions not being reduced to hard copy form and maintained.

39. As part of the inspection, Inspector BM interviewed Respondent La who stated the following:

a.) Respondent Montgomery knew more about the pharmacy procedures than Respondent La.

b.) Respondent La did not know about the marketing procedures and did not know if Respondent Pharmacy cold-called patients.

c.) Respondent Pharmacy received prescriptions via e-script or e-fax and automatically placed patient prescriptions on auto refill.

d.) E-scripts came directly from the prescribers via a Faxage server.[1] Inspector BM could not locate printed E-faxed prescriptions.

e.) Respondent Pharmacy used a delivery driver and did not mail prescriptions. Approximately half of Respondent's patients walked into the premises to fill prescriptions and prescriptions were set for auto refills. Respondent La did not know exactly how the prescriptions were delivered to locations several hours from Respondent Pharmacy's location.

40. Inspector BM asked Respondent La to log into Respondent Pharmacy's computer system. Respondent La could not log in to the fax server and called Respondent Montgomery. Once Respondent La gained access, Board Inspector BM reviewed prescriptions received by fax. The system organized prescriptions by the prescriber fax number and date/time. While reviewing Respondent Pharmacy's prescriptions, Board Inspector BM found:

a.) Respondent Pharmacy stocked preprinted prescriptions that appeared to be created by Respondent Pharmacy or a marketing company and included a fine print disclaimer

[1] A faxage server is a third-party faxing vendor fax that collects the prescriptions from doctors which then gets entered into a computer system, instead of the prescription being sent directly to the pharmacy.

that the prescriber's signature authorized the pharmacy to "substitute as necessary any comparable cream formulation, patch, gel, or kit."

b.) Inspector BM pulled two examples of preprinted prescriptions. One prescription was for Patient RD for lidocaine 5% ointment with three refills, and the other prescription was for CP for calcipotriene 0.005% cream with 5 refills. The prescriptions appeared to be created by Respondent Pharmacy or a marketing group and requested the prescription be faxed back to an unidentified toll free number. The prescriptions contained a disclaimer in fine print at the bottom that indicated that the prescriber's signature authorized the pharmacy to "substitute as necessary any comparable cream formulation, patch, gel, or kit."

c.) A review of Patient TW's file included a pre-printed fax that appeared to have been created by Respondent Pharmacy, although the prescription did not include the pharmacy name. The prescription included preprinted information such as the patient name, address, date of birth, and the prescriber name, address, phone number, fax number, and National Provider Identifier (NPI). The prescription advised the prescriber to fax the prescription back to an unidentified toll free number. The prescription contained generic prescriptions of diabetic test strips, lancets, alcohol prep pads, lancet device, glucose meter, control solution, and syringes, all with a 90-day quantity or single device listed in the quantity. The prescription included a section for refills, but three refills appeared to be already electronically circled on the prescription. The prescription was signed and dated June 24, 2017, however a signature log for the patient was not retrievable during inspection. Patient TW resided in Bakersfield. Respondent La stated that distant deliveries used a different system and that he did not have access to that system.

d.) Respondent La could not pull additional sample signatures for delivery when asked to do so by Board Inspector BM.

///

///

///

///

///

Marketing Relationship with RXMSO

41. RXMSO is an entity associated with Respondent Montgomery and is located in the same building complex as Respondent Pharmacy. RXMSO includes a call center that contacted prescribers and patients to obtain prescriptions, demographics, and insurance information and access pharmacy systems to upload patient and prescription information on behalf of Respondent Pharmacy. There was no pharmacist overseeing RXMSO.

42. RXMSO company training documents included a coverage check process, a script for calling patients, RXMSO training, and a store contact list. The training document described the "Doc Chase" process, where after the pharmacy "approves a prescription," the RXMSO employee would attempt to obtain a prescription from the provider. Training documents included a prepared script for the employee to use when calling the prescriber. The training material instructed the employee to attempt to obtain a prescription by contacting the prescriber twice a day for approximately seven days. The documents described another process, the "Reverse Que," in which the agent would reverse or "credit return" billed prescriptions and then rebill them. The materials used by RXMSO were provided to employees of Respondent Pharmacy.

43. Beginning with the COVID-19 pandemic, call center employees worked from home. RXMSO affiliates cold-called patients and identified themselves as from the "health department." Once the affiliates obtained patient information, "coverage checkers" verified prescription profitability. If patients requested refills of prescriptions deemed "not profitable" to the pharmacy, the pharmacy would inform the patient "their insurance was telling the pharmacy to have the patient use a local community pharmacy" even though the pharmacy had not spoken with the patient's insurance company. If the claim was approved, the patient would move to the "doc chase" department. Members of the "doc chase" department would call prescribers and inform the prescriber that they previously spoke with the patient, even though the "doc chase" employee had not spoken with the patient. The "doc chase" employees received commissions based on how many prescriptions they obtained.

44. On or around August 19, 2020, Board Inspectors traveled to Respondent Pharmacy to tour the call center and to conduct a follow up interview of Respondent Agbassi. Respondent

Agbassi indicated that the call center ceased onsite operations and that he did not have access to the call center space. Respondent Agbassi stated that the company recently downsized and had only one call center employee. Respondent Agbassi believed Respondent Montgomery previously had access to the call center and oversaw the operations on occasion.

45. During the Board investigator's interview with Respondent Agbassi, Respondent Montgomery arrived. Inspector BM interviewed Respondent Montgomery. Respondent Montgomery admitted that Respondent Pharmacy bought patient leads from a marketer, or Management Services Organization in this case, RXMSO. The call center employed approximately five employees who worked from home due to COVID-19 shelter-in-place orders.

Test Billing and Solicitation of Prescriptions

46. A review of Respondent Pharmacy's data indicated as follows:

a.) The data was comprised of approximately 50,000 prescriptions.

b.) Respondent Pharmacy marked approximately 31,680 prescriptions as "completed."

c.) Respondent Pharmacy reversed billing in approximately 18,318 prescriptions, resulting in approximately 37% of prescriptions being cancelled.

d.) Respondent Pharmacy data reflected that there were approximately 5,333 patients who only had prescriptions that were in cancelled status, indicating that Respondent Pharmacy typed and attempted to process prescriptions for 5,333 patients for whom Respondent Pharmacy had never filled prescriptions. This is a red flag that indicated Respondent test billed prescriptions, that is, Respondent Pharmacy submitted fraudulent insurance claims to determine if the prescription would result in a profit for the pharmacy.

e.) Data from February 1, 2017, through October 7, 2019, indicated that Respondent La verified approximately 30,323 prescriptions as PIC, while Respondent Agbassi verified approximately 976 prescriptions as PIC. Over 18,000 prescriptions did not list a pharmacist in the verified by column, indicating no pharmacist reviewed or dispensed the prescription.

f.) Although Respondent La alleged that Respondent Pharmacy only utilized a delivery driver for delivering prescriptions, Respondent Pharmacy held prescriptions for patients from 821 separate California cities. Respondent Pharmacy only completed approximately 30 prescriptions in Costa Mesa, where Respondent Pharmacy was located, representing 0.11% of Respondent's prescriptions. The top cities where Respondent Pharmacy completed prescriptions are as follows:

Patient City	Distance from Costa Mesa (approximate miles)	Count of Rx Number	Percentage of Total Rx's
Sacramento	427	1894	5.98%
Los Angeles	41	1591	5.02%
Fresno	261	1294	4.08%
San Diego	87	850	2.68%
Bakersfield	154	814	2.57%
Long Beach	28	646	2.04%
Modesto	354	592	1.87%
Lancaster	113	549	1.73%
San Bernardino	56	424	1.34%
Victorville	88	413	1.30%

47. Dr. LM appeared in approximately 2,489 prescriptions. Of these prescriptions, approximately 2,445 prescriptions were cancelled and only 44 were completed. Dr. LM's address of record was approximately fifty miles from the pharmacy. The patients listed as Dr. LM's "patients" resided throughout the state and not near Respondent Pharmacy nor Dr. LM's office. Dr. LM's office confirmed via questionnaire that out of the approximately 2,445 prescriptions provided by Inspector BM, only 19 of those patients ~~(27 total prescriptions)~~ were under Dr. LM's care. The remaining approximately 2,171 separate patients had prescriptions created by Preferred Pharmacy that were not patients of Dr. LM. Thus, approximately 2,426 separate prescriptions were created by Preferred Pharmacy using Dr. LM's name. Dr. LM stated that he had not authorized the pharmacy to create prescriptions for the patients that were not his patients. Dr. LM did note that he had sent some prescriptions to the pharmacy for the 19 patients under his care but stated that Respondent Pharmacy test billed approximately 2,426 prescriptions under Dr. LM's name without his authorization.

48. Dr. DS confirmed that Respondent Pharmacy test billed 56 prescriptions that were not authorized. Dr. DS stated that he was not familiar with Respondent Pharmacy, did not prescribe these types of prescriptions (test strips, lancets, alcohol pads), had not authorized Respondent Pharmacy to test bill prescriptions under his name, and that the patients on the list of prescriptions provided were not his patients. Dr. DS's office confirmed 56 prescriptions had not been authorized by the prescriber.

49. Dr. DD confirmed that he did not authorize approximately 19 prescriptions that were test billed by Respondent Pharmacy. Dr. DD retired on January 25, 2019, and he confirmed that he did not write any prescriptions after that date. Additionally, Dr. DD stated that he was not familiar with Respondent Pharmacy, was located more than 500 miles from Respondent Pharmacy, did not perform telemedicine, and only saw patients in person. Thus, it was unlikely that he authorized any prescriptions for patients located outside of Paradise, California.

50. An employee of Respondent Pharmacy and RXMSO confirmed that Respondent Pharmacy test billed prescriptions to ensure that the prescriptions were profitable. The employee explained that if Respondent Pharmacy could make $35.00 from the patient's prescription, then it would pursue obtaining the prescription. The employee confirmed that if the patient wanted a refill or a prescription but the profit was less than $35.00, or if the patient had a high copay, Respondent Pharmacy would lie to the patient and tell the patient that their insurance informed Respondent Pharmacy to have the patient use a local community pharmacy instead.

51. Inspector BM contacted patients that received prescriptions from Respondent Pharmacy. Responding patients indicated that Respondent Pharmacy billed their insurance in some instances, that they received cold calls in an attempt to obtain authorization to bill and obtain prescriptions for the patient, that they had not contacted Respondent Pharmacy directly to fill prescriptions. By way of example, the following patients stated the following:

a.) Patient DJ stated that she received supplies from Respondent Pharmacy that she had not requested. She had not been to the pharmacy and did not know how Respondent Pharmacy obtained her information. Patient DJ confirmed that she was cold-called by

Respondent Pharmacy. She further confirmed that she did not authorize Respondent Pharmacy to bill her insurance.

b.) Patient RP indicated that she received prescriptions from Respondent Pharmacy but that she had not been to, did not provide a prescription to, and did not know how Respondent Pharmacy obtained her contact information. Patient RP confirmed that Respondent Pharmacy cold-called her.

c.) Patient JM stated that he had not received or requested prescriptions from Respondent Pharmacy. Patient JM stated that he did not authorize Respondent Pharmacy to bill his insurance. Patient JM's prescription was listed as "cancelled" in the computer system.

d) Respondent Pharmacy declined to fill a prescription for S.O. after her insurance changed and the pharmacy noted "New Insurance no longer meets margin, will D/C Patient In Pioneers" according to a screenshot provided.

52. On or around November 21, 2019, Respondent La participated in a conference call with Board Inspectors and confirmed that Respondent Pharmacy used "RXMSO" employees known as "chasers." Contrary to what Respondent La previously stated, Respondent Pharmacy mailed about 90% of the prescriptions. Patients called and asked why they received prescriptions from Respondent Pharmacy. "RXMSO" staff that called these patients were different from the "chasers." Respondent Pharmacy sometimes received returns from patients. Those prescriptions were returned for destruction and reversed from billing. Respondent La explained the prescription would be filled typically by him, given to the clerk who would label it for shipping, and the driver would collect the boxes for delivery via "DCS."

Adulterated Prescriptions

53. Respondent Pharmacy accepted prescriptions returned by patients. If a patient returned a prescription, Respondent Agbassi would reverse the insurance charge and examine the product. If the product appeared intact and still sealed, Respondents would re-dispense the product despite having no knowledge of the conditions in which the products were kept.

///

///

Lack of Pharmacy Security

54. On or around September 9, 2019, Inspector BM conducted another inspection of Respondent Pharmacy. Upon entering the pharmacy, Inspector BM found that two clerks and pharmacy technicians EL and YT were present in the pharmacy with computers running and patient profiles visible on one screen and without a pharmacist present. Pharmacy technicians possessed keys to enter the pharmacy. Although the pharmacy maintained a small stock of dangerous drugs in the front locked room, test strips, pharmacy computers, and patient prescriptions were located in the main pharmacy area.

FIRST CAUSE FOR DISCIPLINE

(Interference with Pharmacist in Charge

Against Respondent Pharmacy and Respondent Montgomery)

55. Respondent Pharmacy and Respondent Montgomery are subject to disciplinary action under Code sections 4301 subdivision (o), for violating California Code of Regulations, title 16, section 1709.1, subdivision (b), and Code section 4330, subdivision (b), in that Respondent Pharmacy and Respondent Montgomery utilized an unlicensed, offsite call center to contact patients and prescribers; maintained fax servers to receive prescriptions that the Pharmacist-in-Charge could neither access nor locate; and, used delivery systems that the Pharmacist-in-Charge did not have knowledge of, access to, nor control over, as described above in paragraphs 28 through 54 which are incorporated herein by reference.

SECOND CAUSE FOR DISCIPLINE

(Unlicensed Activity Against All Respondents)

56. Respondents are subject to disciplinary action under Code sections 4301, subdivision (o), for violating Code section 4110, subdivision (a), in that Respondents utilized an unlicensed entity, RXMSO, to run a call center to contact prescribers and patients to obtain prescriptions and access pharmacy systems to upload patient and prescription information. This location was not supervised by a pharmacist and was not licensed by the Board, as described above in paragraphs 28 through 54, which are incorporated herein by reference.

///

THIRD CAUSE FOR DISCIPLINE

(Unauthorized Disclosure of Prescription Information

Against Respondent Pharmacy and Respondent Montgomery)

57. Respondents are subject to disciplinary action under Code sections 4301 subdivisions (j) and (o), for violating California Code of Regulations, title 16, section 1764, and California Civil Code section 56.10, subdivision (a), in that Respondent Pharmacy and Respondent Montgomery ran an unlicensed call center that contacted prescribers and patients to obtain prescriptions, demographics, and insurance information and accessed pharmacy systems to upload patient and prescription information. The call center was not supervised by a pharmacist and was manned by unlicensed staff, as described above in paragraphs 28 through 54, which are incorporated herein by reference.

FOURTH CAUSE FOR DISCIPLINE

(Insurance Fraud Against All Respondents)

58. Respondents are subject to disciplinary action under Code sections 4301 subdivisions (j) and (o), for violating Code section 810, subdivision (b) and Penal Code section 550 subdivision (a)(6) and (7), in that Respondent Pharmacy knowingly made or caused to be made any false or fraudulent claim for payment of a health care benefit and knowingly submitted a claim for a health care benefit that was not used by, or on behalf of, the claimant. Specifically, and as more fully set forth in paragraphs 46 through 52 above, between February 1, 2017, and November 7, 2019, Respondents cancelled 18,318 prescriptions in the computer system and had approximately 5,333 patients who only had prescriptions that were in the cancelled status (the pharmacy entered a prescription for them but never dispensed drugs or products). These 18,318 claims represented approximately 37% of Respondent Pharmacy's typed prescriptions and suggests that Respondent Pharmacy was test-billing and soliciting prescriptions it knew it would not be dispensing. Additionally, patients confirmed that Respondent Pharmacy cold-called patients and billed their insurance either without the patient's authorization and/or without the patient requesting prescriptions be filled by Respondent Pharmacy.

///

FIFTH CAUSE FOR DISCIPLINE

(Unprofessional Conduct Against All Respondents)

59. Respondent Pharmacy is subject to disciplinary action under Code sections 4301 subdivisions (f), (g) and (o) in that Respondent Pharmacy test-billed insurance claims the patient did not receive, billed patient's insurance without authorization, ran an unlicensed call center that accessed patient prescription information, cold-called patients, and lied about cold calling patients, as described above in paragraphs 44 through 52, which are incorporated herein by reference.

SIXTH CAUSE FOR DISCIPLINE

(Unprofessional Conduct-Subverting an Investigation

Against Respondent Pharmacy, Respondent Montgomery and Respondent La)

60. Respondent Pharmacy and Respondent Montgomery are subject to disciplinary action under Code sections 4301, subdivision (q), in that Respondent Pharmacy, Respondent Montgomery and Respondent La each signed a written statement denying that patients were cold-called, stating that pharmacy personnel delivered prescriptions despite prescriptions being shipped hundreds of miles away, and denying that marketers had access to pharmacy records despite marketers calling patients and prescribers regarding their prescriptions, as described above in paragraphs 28 through 54, which are incorporated herein by reference.

SEVENTH CAUSE FOR DISCIPLINE

(Unprofessional Conduct by a Corporation

Against Respondent Pharmacy and Respondent Montgomery)

61. Respondent Pharmacy and Respondent Montgomery are subject to disciplinary action under Code sections 4301, subdivision (o), in conjunction with Code section 4156 in that Respondent Pharmacy and Respondent Montgomery test-billed insurance claims for prescriptions the patients did not receive, billed patients' insurance without authorization, ran an unlicensed call center that accessed patient prescription information, cold-called patients, and lied about cold calling patients, as described above in paragraphs 28 through 54, which are incorporated herein by reference.

EIGHTH CAUSE FOR DISCIPLINE

(Obstruction of Prescriptions Against All Respondents)

62. Respondents are subject to disciplinary action under Code sections 4301, subdivisions (f) and (o), and Code section 733, subdivision (a) and (b), in that Respondents' policies and procedures confirmed the pharmacy would not ship a patient their prescription if the prescription did not meet a set profit margin, including if the patient was receiving a refill for a prescription previously filled by the pharmacy. In addition, Respondents declined to fill prescriptions for Patient SO after her insurance changed and her file noted "new insurance no longer meets margin," as described above in paragraphs 28 through 54, which are incorporated herein by reference.

NINTH CAUSE FOR DISCIPLINE

(Adulterated Drugs Against all Respondent Pharmacy and Respondent Agbassi)

63. Respondent Pharmacy, Respondent Montgomery and Respondent Agbassi are subject to disciplinary action under Code sections 4301, subdivision (j), Code section 4169, subdivision (a)(1) and (2), and Health and Safety Code sections 111255 and 111295 in that Respondents sold, delivered, held, or offered for sale an adulterated drug, as described above in paragraphs 28 through 54, which are incorporated herein by reference.

TENTH CAUSE FOR DISCIPLINE

(Lack of Pharmacy Security

Against Respondent Pharmacy and Respondent Agbassi)

64. Respondent Pharmacy, Respondent Montgomery and Respondent Agbassi are subject to disciplinary action under Code sections 4301 subdivision (j), Code section 4116, subdivision (a) and California Code of Regulations, title 16, section 1714, subdivision (d), in that non-pharmacist personnel had a key to the pharmacy premises, which allowed access to pharmacy computer systems and records an hour prior to the arrival of the pharmacist, as described above in paragraph 54, which is incorporated herein by reference.

///

///

OTHER MATTERS

65. Pursuant to Section 4307, if Pharmacy Permit Number PHY 54453 issued to Preferred Pharmacy, Inc. is suspended, revoked or placed on probation, Respondent Pharmacy shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee of the Board.

66. Pursuant to Section 4307, if Pharmacy Permit Number PHY 54453 issued to Preferred Pharmacy, Inc. is suspended, revoked or placed on probation, and Respondent Agbassi, while acting as the manager, administrator, owner, member, officer, director, associate, or partner, had knowledge of or knowingly participated in any conduct for which Pharmacy Permit Number PHY 54453 was revoked, suspended, or placed on probation, Respondent Agbassi shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee of the Board.

67. Pursuant to Section 4307, if Pharmacy Permit Number PHY54453 issued to Preferred Pharmacy, Inc. is suspended, revoked or placed on probation, and Respondent Montgomery, while acting as the manager, administrator, owner, member, officer, director, associate, or partner, had knowledge of or knowingly participated in any conduct for which Pharmacy Permit Number PHY 54453 was revoked, suspended, or placed on probation, Respondent Montgomery shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee of the Board.

68. Pursuant to Section 4307, if Pharmacist License Number RPH 73904 issued to Tony Hieu La is suspended or revoked, Respondent La shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee.

69. Pursuant to Section 4307, if Pharmacist License Number RPH 80700 issued to Michael Jean Olivie Agbassi is suspended or revoked, Respondent Agbassi shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee.

///

///

PRAYER

WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged, and that following the hearing, the Board of Pharmacy issue a decision:

1. Revoking or suspending Original Permit Number PHY 54453, issued to Preferred Pharmacy, Inc.; Scott Leroy Montgomery, CEO;

2. Revoking or suspending Registered Pharmacist License Number RPH 73904, issued to Tony Hieu La;

3. Revoking or suspending Registered Pharmacist License Number RPH 80700, issued to Michael Jean Olivie Agbassi;

4. Ordering Tony Hieu La, Michael Jean Olivier Agbassi and Scott Leroy Montgomery to pay the Board of Pharmacy the reasonable costs of the investigation and enforcement of this case, pursuant to Business and Professions Code section 125.3;

5. Prohibiting Preferred Pharmacy, Inc. from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee for five years if Pharmacy Permit Number PHY 54453 is placed on probation or until Pharmacy Permit Number PHY 54453 is reinstated if Pharmacy Permit Number PHY 54453 issued to Preferred Pharmacy is revoked;

6. Prohibiting Scott Montgomery from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee for five years if Pharmacy Permit Number PHY 54453 is placed on probation or until Pharmacy Permit Number PHY 54453 is reinstated if it is revoked;

7. Prohibiting Tony Hieu La from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee for five years if Registered Pharmacist License Number RPH 73904 is placed on probation or until Registered Pharmacist License Number RPH 73904 is reinstated if it is revoked; and,

8. Prohibiting Michael Jean Olivie Agbassi from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee for five years if Registered Pharmacist License Number RPH 80700 is placed on probation or until Registered Pharmacist License Number RPH 80700 is reinstated if it is revoked; and,

9. Taking such other and further action as deemed necessary and proper.

CERTIFIED & FIRST-CLASS

Tony La
[redacted] Abrazo Aisle
Irvine, CA 92614

RE: **AC 7019 – Office Conference**

Dear Tony La,

In accordance with the terms and conditions of your probation, you are hereby required to report **IN PERSON** at an office conference. The office conference will be held via Microsoft Teams video conference on **May 15, 2023** at **1:30pm.**

This conference has been scheduled to introduce you to your probation team that will be assisting you through this probationary period, to advise you of their functions and responsibilities, and to review and clarify the terms of probation.

Instructions for joining the Microsoft Teams Video Conference:

- Please use a laptop or desktop computer with camera access. If you do not have access to a desktop computer with a camera, please notify your probation analyst prior to your scheduled conference.
- At your scheduled conference time, select "Click here to join the meeting" (link found below these instructions).
- Enter the "Meeting ID" and "Passcode".
- When prompted, select "Continue on this Browser/Internet/Web". *You do not need to download Microsoft Teams.*
- Ensure video and microphone/audio are enabled.
- Enter your first and last name, click "Join now", and wait to be admitted to the meeting.
- If you experience technical issues, please use the "call in for audio" instructions listed below for assistance.

Microsoft Teams meeting

Join on your computer or mobile app
Click here to join the meeting
or go to https://www.microsoft.com/en-us/microsoft-teams/join-a-meeting?rtc=1
Meeting ID: **253 523 169 323**
Meeting Passcode: **377P4i (case sensitive)**

At least 48 hours prior to your scheduled conference email BOPprobation@dca.ca.gov the following:

- Confirmation that you will be in attendance.
- Best contact information for the duration of probation (email, phone number, work phone number).

Please ensure the following for your scheduled video conference:

- Locate a quiet, distraction-free location for the duration of the conference.
- Ensure your electronic device is fully charged and have charging capabilities, if needed.
- Have the following documents in front of you for the duration of the conference, please review prior:
  - Your decision and order.
  - This letter with the ancillary forms and guidelines that were attached. These documents will be reviewed during the conference and additional directions will be provided.

Pursuant to the terms and conditions of your probation, you shall appear for interviews with the board upon request at various intervals. Failure to appear for a scheduled interview without prior notification to the board shall be considered a violation of probation.

Call in for audio (only if needed day of office conference)
Dial (916) 461-9649
Enter in conference ID: **971 495 437**

Quarterly Report

UPDATED (6/9/2021)

The terms and conditions of your probation require that you report quarterly to the board during the period of probation. It is your responsibility to ensure that the board receives your reports by the **10th of January, April, July, and October** of each year of probation.

You are required to include the following information in each report in full detail:
(if not applicable please note N/A)

1. Your Personal Information:
    - Name
    - License number
    - Case number
    - Current home address
    - Best contact number
    - Email

2. Your Work Information:
    - Pharmacy name
    - Pharmacy license number
    - Pharmacy license address
    - Best contact number for your employer
    - Name of pharmacist-in-charge
    - Name of your supervisor (if not the PIC)

3. Information on your employment:
    - Number of hours worked by month for the quarter
    - Work schedule for the next quarter
    - General description of your duties and responsibilities

**Please note, unpaid (volunteer) positions may not be used as hours worked to satisfy community service requirements.*

4. If you are not working in the field of pharmacy:
    - Employer Name
    - Employer Address
    - Best contact number of your employer
    - General description of your duties
    - Hours worked per month
    - Work schedule for the next quarter
    - Your plans in obtaining employment in the field of pharmacy

5. Describe how you remain current with laws and regulations governing the practice of pharmacy. Provide a list of titles of pharmaceutical literature you have read and a list of continuing education courses you have completed.

**Please note, to receive credit for remedial education you must attach the corresponding approval letter to the copies of your certificates of completion or your official CPE transcripts and email to BOPprobation@dca.ca.gov (subject line should include your first name, last name, license number and "RE completion").*

6. List other professional activities.

7. Do you have any questions and/or problems adhering to pharmacy laws and regulations?

8. **Include the following statement on each quarterly report. All reports must be signed and dated and must include the following statement:**

    I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Email report as a **PDF attachment** to BOPprobation@dca.ca.gov

- Subject line must include first name, last name, license number and "quarterly report"
    - ex. Jane Doe RPH 55555 quarterly report
- Only pdf attachments will be accepted. All other formats will not be accepted, and your report will be considered as missing.

If you have any questions, please contact your Probation Analyst at BOPProbation@dca.ca.gov.

Ethics Course

One of the terms of your probation is completion of an ethics course approved by the Board. This letter will provide you with information about available courses. According to Title 16 California Code of Regulations, section 1773.5, the ethics course must consist of at least 22 hours of specified components. A copy of the regulation describing these required components is provided on the following page.

Professional Boundaries Inc. offers ethics courses. The Board does not operate these courses or endorse the company. You may contact Professional Boundaries Inc., at (904) 800-1237 www.professionalboundaries.com. This provider has represented to the Board that they comply with the regulations as set forth in Title 16 California Code of Regulations, section 1773.5. Before enrolling in any course for the purposes of satisfying the terms and conditions of probation, please review the regulations to ensure the course will fulfill the requirements specified in the regulation.

Once you have enrolled in the course, please submit proof of enrollment to your Probation Analyst at the above address. As a reminder, a certificate of completion must be mailed to the Board office within five days after completing the course.

1773.5 Ethics Course Required as Condition of Probation.

When directed by the board, a pharmacist or intern pharmacist may be required to complete an ethics course that meets the requirements of this section as a condition of probation, license reinstatement or as abatement for a citation and fine. Board approval must be obtained prior to the commencement of an ethics course.

a. The board will consider for approval an ethics course that at minimum satisfies the following requirements:
   (1) Duration. The course shall consist of a minimum of 22 hours, of which at least 14 are contact hours and at least 8 additional hours are credited for preparation, evaluation and assessment.
   (2) Faculty. Every instructor shall either possess a valid unrestricted California professional license or otherwise be qualified, by virtue of prior training, education and experience, to teach an ethics or professionalism course at a university or teaching institution.
   (3) Educational Objectives. There are clearly stated educational objectives that can be realistically accomplished within the framework of the course.
   (4) Methods of Instruction. The course shall describe the teaching methods for each component of the program, e.g., lecture, seminar, role-playing, group discussion, video, etc.
   (5) Content. The course shall contain all of the following components:
      (A) A background assessment to familiarize the provider and instructors with the factors that led to the prospective candidate's referral to the class.
      (B) A baseline assessment of knowledge to determine the participant's knowledge/awareness of ethical and legal issues related to the practice of pharmacy in California, including but not limited to those legal and ethical issues related to the specific case(s) for which the participant has been referred to the program.
      (C) An assessment of the participant's expectations of the program, recognition of need for change, and commitment to change.
      (D) Didactic presentation of material related to those areas that were problems for the participants based upon the results of the background assessments and baseline assessments of knowledge.
      (E) Experiential exercises that allow the participants to practice concepts and newly developed skills they have learned during the didactic section of the class.
      (F) A longitudinal follow-up component that includes (1) a minimum of two contacts at spaced intervals (e.g., 6 months and 12 months) within one year after course completion or prior to completion of the participant's probationary period if probation is less than one year, to assess the participant's status; and (2) a status report submitted to the division within 10 calendar days after the last contact.
   (6) Class Size. A class shall not exceed a maximum of 12 participants.
   (7) Evaluation. The course shall include an evaluation method that documents that educational objectives have been met - e.g. written examination or written evaluation - and that provides for written follow-up evaluation at the conclusion of the longitudinal assessment.
   (8) Records. The course provider shall maintain all records pertaining to the program, including a record of the attendance for each participant, for a minimum of 3 years and shall make those records available for inspection and copying by the board or its designee.
   (9) Course Completion. The provider shall issue a certificate of completion to a participant who has successfully completed the program. The provider shall also notify the board or its designee in writing of its determination that a participant did not successfully complete the program. The provider shall fail a participant who either was not actively involved in the class or demonstrated behavior indicating a lack of insight (e.g., inappropriate comments, projection of blame). This notification shall be made within 10 calendar days of that determination and shall be accompanied by all documents supporting the determination.

Case No. 7019 OAH No. 2022110412 **STIPULATED SETTLEMENT AND DISCIPLINARY ORDER AS TO RESPONDENT TONY HIEU LA ONLY**

IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-entitled proceedings that the following matters are true:

PARTIES

1. Anne Sodergren (Complainant) is the Executive Officer of the Board of Pharmacy (Board). She brought this action solely in her official capacity and is represented in this matter by Rob Bonta, Attorney General of the State of California, by Dionne Mochon, Deputy Attorney General.

2. Tony Hieu La (Respondent) is represented in this proceeding by attorney Luis Andre P. Vizcocho, whose address is: 9090 Irvine Center Drive, Irvine, California 92618.

3. On or about July 31, 2019, the Board issued Registered Pharmacist License No. RPH 73904 to Respondent La. The Registered Pharmacist License was in full force and effect at all times relevant to the charges brought in Accusation No. 7019, and will expire on July 31, 2023, unless renewed.

JURISDICTION

4. Accusation No. 7019 was filed before the Board, and is currently pending against Respondent. The Accusation and all other statutorily required documents were properly served on Respondent on September 2, 2022. Respondent timely filed his Notice of Defense contesting the Accusation.

5. A copy of Accusation No. 7019 is attached as Exhibit A and incorporated herein by reference.

ADVISEMENT AND WAIVERS

6. Respondent has carefully read, fully discussed with counsel, and understands the charges and allegations in Accusation No. 7019. Respondent has also carefully read, fully discussed with counsel, and understands the effects of this Stipulated Settlement and Disciplinary Order.

7. Respondent is fully aware of his legal rights in this matter, including the right to a hearing on the charges and allegations in the Accusation; the right to confront and cross-examine the witnesses against him; the right to present evidence and to testify on his own behalf; the right

to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Procedure Act and other applicable laws.

8. Respondent voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

CULPABILITY

9. Respondent understands and agrees that the charges and allegations in Accusation No. 7019, if proven at a hearing, constitute cause for imposing discipline upon his Pharmacist License.

10. For the purpose of resolving the Accusation without the expense and uncertainty of further proceedings, Respondent agrees that, at a hearing, Complainant could establish a factual basis for the charges in the Accusation, and Respondent hereby gives up his right to contest those charges.

11. Respondent agrees that his Pharmacist License is subject to discipline and he agrees to be bound by the Board's probationary terms as set forth in the Disciplinary Order below.

CONTINGENCY

12. This stipulation shall be subject to approval by the Board of Pharmacy. Respondent understands and agrees that counsel for Complainant and the staff of the Board of Pharmacy may communicate directly with the Board regarding this stipulation and settlement, without notice to or participation by Respondent or his counsel. By signing the stipulation, Respondent understands and agrees that he may not withdraw his agreement or seek to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal action between the parties, and the Board shall not be disqualified from further action by having considered this matter.

13. The parties understand and agree that Portable Document Format (PDF) and facsimile copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile signatures thereto, shall have the same force and effect as the originals.

14. This Stipulated Settlement and Disciplinary Order is intended by the parties to be an integrated writing representing the complete, final, and exclusive embodiment of their agreement. It supersedes any and all prior or contemporaneous agreements, understandings, discussions, negotiations, and commitments (written or oral). This Stipulated Settlement and Disciplinary Order may not be altered, amended, modified, supplemented, or otherwise changed except by a writing executed by an authorized representative of each of the parties.

15. In consideration of the foregoing admissions and stipulations, the parties agree that the Board may, without further notice or formal proceeding, issue and enter the following Disciplinary Order:

DISCIPLINARY ORDER

IT IS HEREBY ORDERED that Registered Pharmacist License No. RPH 73904 issued to Respondent Tony Hieu La is revoked. However, the revocation is stayed and Respondent is placed on probation for four (4) years on the following terms and conditions:

1. **Obey All Laws**

Respondent shall obey all state and federal laws and regulations.

Respondent shall report any of the following occurrences to the board, in writing, within seventy- two (72) hours of such occurrence:

- an arrest or issuance of a criminal complaint for violation of any provision of the Pharmacy Law, state and federal food and drug laws, or state and federal controlled substances laws
- a plea of guilty, or nolo contendere, no contest, or similar, in any state or federal criminal proceeding to any criminal complaint, information or indictment
- a conviction of any crime
- the filing of a disciplinary pleading, issuance of a citation, or initiation of another administrative action filed by any state or federal agency which involves Respondent's license or which is related to the practice of pharmacy or the manufacturing, obtaining, handling, distributing, billing, or charging for any drug, device or controlled substance.

Failure to timely report such occurrence shall be considered a violation of probation.

2. **Report to the Board**

Respondent shall report to the board quarterly, on a schedule as directed by the board or its designee. The report shall be made either in person or in writing, as directed. Among other requirements, Respondent shall state in each report under penalty of perjury whether there has been compliance with all the terms and conditions of probation.

Failure to submit timely reports in a form as directed shall be considered a violation of probation. Any period(s) of delinquency in submission of reports as directed may be added to the total period of probation. Moreover, if the final probation report is not made as directed, probation shall be automatically extended until such time as the final report is made and accepted by the board.

3. **Interview with the Board**

Upon receipt of reasonable prior notice, Respondent shall appear in person for interviews with the board or its designee, at such intervals and locations as are determined by the board or its designee. Failure to appear for any scheduled interview without prior notification to board staff, or failure to appear for two (2) or more scheduled interviews with the board or its designee during the period of probation, shall be considered a violation of probation.

4. **Cooperate with Board Staff**

Respondent shall timely cooperate with the board's inspection program and with the board's monitoring and investigation of Respondent's compliance with the terms and conditions of his probation, including but not limited to: timely responses to requests for information by board staff; timely compliance with directives from board staff regarding requirements of any term or condition of probation; and timely completion of documentation pertaining to a term or condition of probation. Failure to timely cooperate shall be considered a violation of probation.

///

///

///

///

5. **Continuing Education**

Respondent shall provide evidence of efforts to maintain skill and knowledge as a pharmacist as directed by the board or its designee.

6. **Reporting of Employment and Notice to Employers**

During the period of probation, Respondent shall notify all present and prospective employers of the decision in case number 7019 and the terms, conditions and restrictions imposed on Respondent by the decision, as follows:

Within thirty (30) days of the effective date of this decision, and within ten (10) days of undertaking any new employment, Respondent shall report to the board in writing the name, physical address, and mailing address of each of Respondent's employer(s), and the name(s) and telephone number(s) of all of Respondent's direct supervisor(s), as well as any pharmacist(s)-in-charge, designated representative(s)-in-charge, responsible manager, or other compliance supervisor(s) and the work schedule, if known. Respondent shall also include the reason(s) for leaving the prior employment. Respondent shall sign and return to the board a written consent authorizing the board or its designee to communicate with all of Respondent's employer(s) and supervisor(s), and authorizing those employer(s) or supervisor(s) to communicate with the board or its designee, concerning Respondent's work status, performance, and monitoring. Failure to comply with the requirements or deadlines of this condition shall be considered a violation of probation.

Within thirty (30) days of the effective date of this decision, and within fifteen (15) days of Respondent undertaking any new employment, Respondent shall cause (a) Respondent's direct supervisor, (b) Respondent's pharmacist-in-charge, designated representative-in-charge, responsible manager, or other compliance supervisor, and (c) the owner or owner representative of Respondent's employer, to report to the board in writing acknowledging that the listed individual(s) has/have read the decision in case number 7019, and terms and conditions imposed thereby. If one person serves in more than one role described in (a), (b), or (c), the acknowledgment shall so state. It shall be the Respondent La's's responsibility to ensure that these acknowledgment(s) are timely submitted to the board. In the event of a change in the

person(s) serving the role(s) described in (a), (b), or (c) during the term of probation, Respondent shall cause the person(s) taking over the role(s) to report to the board in writing within fifteen (15) days of the change acknowledging that he or she has read the decision in case number 7019, and the terms and conditions imposed thereby.

If Respondent works for or is employed by or through an employment service, Respondent must notify the person(s) described in (a), (b), and (c) above at every entity licensed by the board of the decision in case number 7019, and the terms and conditions imposed thereby in advance of Respondent commencing work at such licensed entity. A record of this notification must be provided to the board upon request.

Furthermore, within thirty (30) days of the effective date of this decision, and within fifteen (15) days of Respondent undertaking any new employment by or through an employment service, Respondent shall cause the person(s) described in (a), (b), and (c) above at the employment service to report to the board in writing acknowledging that he or she has read the decision in case number, and the terms and conditions imposed thereby. It shall be Respondent's responsibility to ensure that these acknowledgment(s) are timely submitted to the board.

Failure to timely notify present or prospective employer(s) or failure to cause the identified person(s) with that/those employer(s) to submit timely written acknowledgments to the board shall be considered a violation of probation.

"Employment" within the meaning of this provision includes any full-time, part-time, temporary, relief, or employment/management service position as a pharmacist, or any position for which a pharmacist is a requirement or criterion for employment, whether the Respondent is an employee, independent contractor or volunteer.

7. **Notification of Change(s) in Name, Address(es), or Phone Number(s)**

Respondent shall further notify the board in writing within ten (10) days of any change in name, residence address, mailing address, e-mail address or phone number.

Failure to timely notify the board of any change in employer, name, address, or phone number shall be considered a violation of probation.

///

8. **Restrictions on Supervision and Oversight of Licensed Facilities –**

During the period of probation, Respondent shall not supervise any intern pharmacist, be the pharmacist-in-charge, designated representative-in-charge, responsible manager or other compliance supervisor of any entity licensed by the board, nor serve as a consultant. Assumption of any such unauthorized supervision responsibilities shall be considered a violation of probation.

9. **Reimbursement of Board Costs**

As a condition precedent to successful completion of probation, Respondent shall pay to the board its costs of investigation and prosecution in the amount of $20,000.00. Failure to pay costs by the deadline(s) as directed shall be considered a violation of probation.

Respondent shall be permitted to pay these costs in a payment plan approved by the board or his designee, so long as full payment is completed no later than one (1) year prior to the end date of probation.

10. **Probation Monitoring Costs**

Respondent shall pay any costs associated with probation monitoring as determined by the board each and every year of probation. Such costs shall be payable to the board on a schedule as directed by the board or its designee. Failure to pay such costs by the deadline(s) as directed shall be considered a violation of probation.

11. **Status of License**

Respondent shall, at all times while on probation, maintain an active, current Registered Pharmacist License with the board, including any period during which suspension or probation is tolled. Failure to maintain an active, current Registered Pharmacist License shall be considered a violation of probation.

If Respondent's Registered Pharmacist License expires or is cancelled by operation of law or otherwise at any time during the period of probation, including any extensions thereof due to tolling or otherwise, upon renewal or reapplication Respondent's license shall be subject to all terms and conditions of this probation not previously satisfied.

///

///

12. **License Surrender While on Probation/Suspension**

Following the effective date of this decision, should Respondent cease practice due to retirement or health, or be otherwise unable to satisfy the terms and conditions of probation, Respondent may relinquish his license, including any indicia of licensure issued by the board, along with a request to surrender the license. The board or its designee shall have the discretion whether to accept the surrender or take any other action it deems appropriate and reasonable. Upon formal acceptance of the surrender of the license, Respondent will no longer be subject to the terms and conditions of probation. This surrender constitutes a record of discipline and shall become a part of the Respondent's license history with the board.

Upon acceptance of the surrender, Respondent shall relinquish his pocket and/or wall license, including any indicia of licensure not previously provided to the board within ten (10) days of notification by the board that the surrender is accepted if not already provided. Respondent may not reapply for any license from the board for three (3) years from the effective date of the surrender. Respondent shall meet all requirements applicable to the license sought as of the date the application for that license is submitted to the board, including any outstanding costs.

13. **Practice Requirement – Extension of Probation**

Except during periods of suspension, Respondent shall, at all times while on probation, be employed as a pharmacist in California for a minimum of 100 hours per calendar month. Any month during which this minimum is not met shall extend the period of probation by one month. During any such period of insufficient employment, Respondent must nonetheless comply with all terms and conditions of probation, unless Respondent receives a waiver in writing from the board or its designee.

If Respondent does not practice as a pharmacist in California for the minimum number of hours in any calendar month, for any reason (including vacation), Respondent shall notify the board in writing within ten (10) days of the conclusion of that calendar month. This notification shall include at least: the date(s), location(s), and hours of last practice; the reason(s) for the interruption or reduction in practice; and the anticipated date(s) on which Respondent will resume practice at the required level. Respondent shall further notify the board in writing within ten (10)

days following the next calendar month during which Respondent practices as a pharmacist in California for the minimum of hours. Any failure to timely provide such notification(s) shall be considered a violation of probation.

It is a violation of probation for Respondent's probation to be extended pursuant to the provisions of this condition for a total period, counting consecutive and non-consecutive months, exceeding thirty-six (36) months. The board or its designee may post a notice of the extended probation period on its website.

14. **Violation of Probation**

If Respondent has not complied with any term or condition of probation, the board shall have continuing jurisdiction over Respondent, and the board shall provide notice to Respondent that probation shall automatically be extended, until all terms and conditions have been satisfied or the board has taken other action as deemed appropriate to treat the failure to comply as a violation of probation, to terminate probation, and to impose the penalty that was stayed. The board or its designee may post a notice of the extended probation period on its website.

If Respondent violates probation in any respect, the board, after giving Respondent notice and an opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. If a petition to revoke probation or an accusation is filed against Respondent during probation, or the preparation of an accusation or petition to revoke probation is requested from the Office of the Attorney General, the board shall have continuing jurisdiction and the period of probation shall be automatically extended until the petition to revoke probation or accusation is heard and decided and the charges and allegations in Accusation No. 7019 shall be deemed true and correct.

15. **Completion of Probation**

Upon written notice by the board or its designee indicating successful completion of probation, Respondent's license will be fully restored.

16. **Ethics Course**

Within sixty (60) calendar days of the effective date of this decision, Respondent shall enroll in a course in ethics, at Respondent’s expense, approved in advance by the board or its

designee that complies with Title 16 California Code of Regulations section 1773.5. Respondent shall provide proof of enrollment upon request. Within five (5) days of completion, Respondent shall submit a copy of the certificate of completion to the board or its designee. Failure to timely enroll in an approved ethics course, to initiate the course during the first year of probation, to successfully complete it before the end of the second year of probation, or to timely submit proof of completion to the board or its designee, shall be considered a violation of probation. Respondent shall be given credit for the live portion of the ethics course that was completed within twelve (12) months prior to the effective date of this Decision and Order, so long as Respondent provides sufficient documentation confirming completion of that portion of the course.

17. **No Ownership or Management of Licensed Premises**

Respondent shall not own, have any legal or beneficial interest in, nor serve as a manager, administrator, member, officer, director, trustee, associate, or partner of any business, firm, partnership, or corporation currently or hereinafter licensed by the board. Respondent shall sell or transfer any legal or beneficial interest in any entity licensed by the board within ninety (90) days following the effective date of this decision and shall immediately thereafter provide written proof thereof to the board. Failure to timely divest any legal or beneficial interest(s) or provide documentation thereof shall be considered a violation of probation.

ACCEPTANCE

I have carefully read the above Stipulated Settlement and Disciplinary Order and have fully discussed it with my attorney, Luis Andre P. Vizcocho. I understand the stipulation and the effect it will have on my Registered Pharmacist License. I enter into this Stipulated Settlement and Disciplinary Order voluntarily, knowingly, and intelligently, and agree to be bound by the Decision and Order of the Board of Pharmacy.

DATED: 3/15/23

TONY HIEU LA
Respondent

I have read and fully discussed with Respondent Tony Hieu La the terms and conditions and other matters contained in the above Stipulated Settlement and Disciplinary Order. I approve its form and content.

Case No. 7019 **ACCUSATION**

PARTIES

1. Anne Sodergren (Complainant) brings this Accusation solely in her official capacity as the Executive Officer of the Board of Pharmacy, Department of Consumer Affairs (Board).

2. On or about June 1, 2016, the Board issued Original Permit Number PHY 54453 to Preferred Pharmacy, Inc. (Respondent Pharmacy), Scott Leroy Montgomery, CEO (Respondent Montgomery). The Original Permit was in full force and effect at all times relevant to the charges brought herein and will expire on June 1, 2023, unless renewed.

3. On or about November 3, 2015, the Board issued Registered Pharmacist License Number RPH 73904 to Tony Hieu La (Respondent La). The Registered Pharmacist License was in full force and effect at all times relevant to the charges brought herein and will expire on July 31, 2023, unless renewed.

4. On or about July 31, 2019, the Board issued Registered Pharmacist License Number RPH 80700 to Michael Jean Olivie Agbassi (Respondent Agbassi). The Registered Pharmacist License was in full force and effect at all times relevant to the charges brought herein and will expire on September 30, 2022, unless renewed.

JURISDICTION

5. This Accusation is brought before the Board under the authority of the following laws. All section references are to the Business and Professions Code (Code) unless otherwise indicated.

6. Section 4300 of the Code states:

(a) Every license issued may be suspended or revoked.

(b) The board shall discipline the holder of any license issued by the board, whose default has been entered or whose case has been heard by the board and found guilty, by any of the following methods:

(1) Suspending judgment.

(2) Placing him or her upon probation.

(3) Suspending his or her right to practice for a period not exceeding on year.

(4) Revoking his or her license.

///

(5) Taking any other action in relation to disciplining him or her as the board in its discretion may deem proper.

. . .

(e) The proceedings under this article shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of the Government Code, and the board shall have all the powers granted therein. The action shall be final, except that the propriety of the action is subject to review by the superior court pursuant to Section 1094.5 of the Code of Civil Procedure.

7. Section 4300.1 of the Code states:

The expiration, cancellation, forfeiture, or suspension of a board-issued license by operation of law or by order or decision of the board or a court of law, the placement of a license on a retired status, or the voluntary surrender of a license by a licensee shall not deprive the board of jurisdiction to commence or proceed with any investigation of, or action or disciplinary proceeding against, the licensee or to render a decision suspending or revoking the license.

8. Section 4307 of the Code states:

(a) Any person who has been denied a license or whose license has been revoked or is under suspension, or who has failed to renew his or her license while it was under suspension, or who has been a manager, administrator, owner, member, officer, director, associate, partner, or any other person with management or control of any partnership, corporation, trust, firm, or association whose application for a license has been denied or revoked, is under suspension or has been placed on probation, and while acting as the manager, administrator, owner, member, officer, director, associate, partner, or any other person with management or control had knowledge of or knowingly participated in any conduct for which the license was denied, revoked, suspended, or placed on probation, shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate, partner, or in any other position with management or control of a licensee as follows:

(1) Where a probationary license is issued or where an existing license is placed on probation, this prohibition shall remain in effect for a period not to exceed five years.

(2) Where the license is denied or revoked, the prohibition shall continue until the license is issued or reinstated.

(b) "Manager, administrator, owner, member, officer, director, associate, or partner," as used in this section and Section 4308, may refer to a pharmacist or to any other person who serves in that capacity in or for a licensee.

(c) The provisions of subdivision (a) may be alleged in any pleading filed pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of the Government Code. However, no order may be issued in that case except as to a person who is named in the caption, as to whom the pleading alleges the applicability of this section, and where the person has been given notice of the proceeding as required by Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of the Government Code. The authority to proceed as provided by this subdivision shall

be in addition to the board's authority to proceed under Section 4339 or any other provision of law.

STATUTORY PROVISIONS

9. Section 733 of the Code states:

(a) A licentiate shall not obstruct a patient in obtaining a prescription drug or device that has been legally prescribed or ordered for that patient. A violation of this section constitutes unprofessional conduct by the licentiate and shall subject the licentiate to disciplinary or administrative action by his or her licensing agency.

(b) Notwithstanding any other law, a licentiate shall dispense drugs and devices, as described in subdivision (a) of Section 4024, pursuant to a lawful order or prescription unless one of the following circumstances exists:

(1) Based solely on the licentiate's professional training and judgment, dispensing pursuant to the order or the prescription is contrary to law, or the licentiate determines that the prescribed drug or device would cause a harmful drug interaction or would otherwise adversely affect the patient's medical condition.

(2) The prescription drug or device is not in stock. If an order, other than an order described in Section 4019 , or prescription cannot be dispensed because the drug or device is not in stock, the licentiate shall take one of the following actions:

(A) Immediately notify the patient and arrange for the drug or device to be delivered to the site or directly to the patient in a timely manner.

(B) Promptly transfer the prescription to another pharmacy known to stock the prescription drug or device that is near enough to the site from which the prescription or order is transferred, to ensure the patient has timely access to the drug or device.

(C) Return the prescription to the patient and refer the patient. The licentiate shall make a reasonable effort to refer the patient to a pharmacy that stocks the prescription drug or device that is near enough to the referring site to ensure that the patient has timely access to the drug or device.

(3) The licentiate refuses on ethical, moral, or religious grounds to dispense a drug or device pursuant to an order or prescription. A licentiate may decline to dispense a prescription drug or device on this basis only if the licentiate has previously notified his or her employer, in writing, of the drug or class of drugs to which he or she objects, and the licentiate's employer can, without creating undue hardship, provide a reasonable accommodation of the licentiate's objection. The licentiate's employer shall establish protocols that ensure that the patient has timely access to the prescribed drug or device despite the licentiate's refusal to dispense the prescription or order. For purposes of this section, "reasonable accommodation" and "undue hardship" shall have the same meaning as applied to those terms pursuant to subdivision (l) of Section 12940 of the Government Code.

///

///

///

///

10. Section 810 of the Code states:

…

(b) It shall constitute cause for revocation or suspension of a license or certificate for a health care professional to engage in any conduct prohibited under Section 1871.4 of the Insurance Code or Section 549 or 550 of the Penal Code.

11. Section 4040 of the Code states:

(a) "Prescription" means an oral, written, or electronic transmission order that is both of the following:

(1) Given individually for the person or persons for whom ordered that includes all of the following:

(A) The name or names and address of the patient or patients.

(B) The name and quantity of the drug or device prescribed and the directions for use.

(C) The date of issue.

(D) Either rubber stamped, typed, or printed by hand or typeset, the name, address, and telephone number of the prescriber, his or her license classification, and his or her federal registry number, if a controlled substance is prescribed.

(E) A legible, clear notice of the condition or purpose for which the drug is being prescribed, if requested by the patient or patients.

(F) If in writing, signed by the prescriber issuing the order, or the certified nurse-midwife, nurse practitioner, physician assistant, or naturopathic doctor who issues a drug order pursuant to Section 2746.51 , 2836.1 , 3502.1 , or 3640.5 , respectively, or the pharmacist who issues a drug order pursuant to Section 4052.1 , 4052.2 , or 4052.6.

(2) Issued by a physician, dentist, optometrist, podiatrist, veterinarian, or naturopathic doctor pursuant to Section 3640.7 or, if a drug order is issued pursuant to Section 2746.51 , 2836.1, 3502.1 , or 3460.5, by a certified nurse-midwife, nurse practitioner, physician assistant, or naturopathic doctor licensed in this state, or pursuant to Section 4052.1 , 4052.2 , or 4052.6 by a pharmacist licensed in this state.

(b) Notwithstanding subdivision (a), a written order of the prescriber for a dangerous drug, except for any Schedule II controlled substance, that contains at least the name and signature of the prescriber, the name and address of the patient in a manner consistent with paragraph (2) of subdivision (a) of Section 11164 of the Health and Safety Code , the name and quantity of the drug prescribed, directions for use, and the date of issue may be treated as a prescription by the dispensing pharmacist as long as any additional information required by subdivision (a) is readily retrievable in the pharmacy. In the event of a conflict between this subdivision and Section 11164 of the Health and Safety Code , Section 11164 of the Health and Safety Code shall prevail.

(c) "Electronic transmission prescription" includes both image and data prescriptions. "Electronic image transmission prescription" means any prescription

order for which a facsimile of the order is received by a pharmacy from a licensed prescriber. "Electronic data transmission prescription" means any prescription order, other than an electronic image transmission prescription, that is electronically transmitted from a licensed prescriber to a pharmacy.

(d) The use of commonly used abbreviations shall not invalidate an otherwise valid prescription.

(e) Nothing in the amendments made to this section (formerly Section 4036) at the 1969 Regular Session of the Legislature shall be construed as expanding or limiting the right that a chiropractor, while acting within the scope of his or her license, may have to prescribe a device.

12. Section 4059.5 of the Code states:

. . .

(e) A dangerous drug or dangerous device shall not be transferred, sold, or delivered to a person outside this state, whether foreign or domestic, unless the transferor, seller, or deliverer does so in compliance with the laws of this state and of the United States and of the state or country to which the dangerous drugs or dangerous devices are to be transferred, sold, or delivered. Compliance with the laws of this state and the United States and of the state or country to which the dangerous drugs or dangerous devices are to be delivered shall include, but not be limited to, determining that the recipient of the dangerous drugs or dangerous devices is authorized by law to receive the dangerous drugs or dangerous devices.

. . .

13. Section 4110 of the Code states:

(a) No person shall conduct a pharmacy in the State of California unless he or she has obtained a license from the board. A license shall be required for each pharmacy owned or operated by a specific person. A separate license shall be required for each of the premises of any person operating a pharmacy in more than one location. The license shall be renewed annually. The board may, by regulation, determine the circumstances under which a license may be transferred.

. . .

14. Section 4116 of the Code states:

(a) No person other than a pharmacist, an intern pharmacist, an authorized officer of the law, or a person authorized to prescribe shall be permitted in that area, place, or premises described in the license issued by the board wherein controlled substances or dangerous drugs or dangerous devices are stored, possessed, prepared, manufactured, derived, compounded, dispensed, or repackaged. However, a pharmacist shall be responsible for any individual who enters the pharmacy for the purposes of receiving consultation from the pharmacist or performing clerical, inventory control, housekeeping, delivery, maintenance, or similar functions relating to the pharmacy if the pharmacist remains present in the pharmacy during all times as the authorized individual is present.

. . .

15. Section 4156 of the Code states:

A pharmacy corporation shall not do, or fail to do, any act where doing or failing to do the act would constitute unprofessional conduct under any statute or regulation. In the conduct of its practice, a pharmacy corporation shall observe and be bound by the laws and regulations that apply to a person licensed under this chapter.

16. Section 4169 of the Code states:

(a) A person or entity shall not do any of the following:

(1) Purchase, trade, sell, warehouse, distribute, or transfer dangerous drugs or dangerous devices at wholesale with a person or entity that is not licensed with the board as a wholesaler, third-party logistics provider, or pharmacy.

(2) Purchase, trade, sell, or transfer dangerous drugs that the person knew or reasonably should have known were adulterated, as set forth in Article 2 (commencing with Section 111250) of Chapter 6 of Part 5 of Division 104 of the Health and Safety Code Section 4301 of the Code states:

17. Section 4301 of the Code states:

The board shall take action against any holder of a license who is guilty of unprofessional conduct or whose license has been issued by mistake. Unprofessional conduct includes, but is not limited to, any of the following:

…

(f) The commission of any act involving moral turpitude, dishonesty, fraud, deceit, or corruption, whether the act is committed in the course of relations as a licensee or otherwise, and whether the act is a felony or misdemeanor or not.

(g) Knowingly making or signing any certificate or other document that falsely represents the existence or nonexistence of a state of facts.

…

(j) The violation of any of the statutes of this state, of any other state, or of the United States regulating controlled substances and dangerous drugs.

…

(o) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of or conspiring to violate any provision or term of this chapter or of the applicable federal and state laws and regulations governing pharmacy, including regulations established by the board or by any other state or federal regulatory agency.

…

(q) Engaging in any conduct that subverts or attempts to subvert an investigation of the board. …

18. Section 4330 of the Code states:

…

(b) Any nonpharmacist owner who commits any act that would subvert or tend to subvert the efforts of the pharmacist in charge to comply with the laws governing the operation of the pharmacy is guilty of a misdemeanor.

…

REGULATORY PROVISIONS

19. California Code of Regulations, title 16, section 1709.1 states:

(a) The pharmacist-in-charge of a pharmacy shall be employed at that location and shall have responsibility for the daily operation of the pharmacy.

(b) The pharmacy owner shall vest the pharmacist-in-charge with adequate authority to assure compliance with the laws governing the operation of a pharmacy.

. . .

20. California Code of Regulations, title 16, section 1714 states:

. ..

(c) The pharmacy and fixtures and equipment shall be maintained in a clean and orderly condition. The pharmacy shall be dry, well-ventilated, free from rodents and insects, and properly lighted. The pharmacy shall be equipped with a sink with hot and cold running water for pharmaceutical purposes.

(d) Each pharmacist while on duty shall be responsible for the security of the prescription department, including provisions for effective control against theft or diversion of dangerous drugs and devices, and records for such drugs and devices. Possession of a key to the pharmacy where dangerous drugs and controlled substances are stored shall be restricted to a pharmacist.

. . .

21. California Code of Regulations, title 16, section 1764 states:

No pharmacist shall exhibit, discuss, or reveal the contents of any prescription, the therapeutic effect thereof, the nature, extent, or degree of illness suffered by any patient or any medical information furnished by the prescriber with any person other than the patient or his or her authorized representative, the prescriber or other licensed practitioner then caring for the patient, another licensed pharmacist serving the patient, or a person duly authorized by law to receive such information.

CODE OF FEDERAL REGULATIONS

22. Title 42, Code of Federal Regulations, (CFR) section 424.57 states:

. . .

c) *Application certification standards.* The supplier must meet and must certify in its application for billing privileges that it meets and will continue to meet the following standards:

. ..

(11) Must agree not to contact a beneficiary by telephone when supplying a Medicare-covered item unless one of the following applies:

(i) The individual has given written permission to the supplier to contact them by telephone concerning the furnishing of a Medicare-covered item that is to be rented or purchased.

(ii) The supplier has furnished a Medicare-covered item to the individual and the supplier is contacting the individual to coordinate the delivery of the item.

(iii) If the contact concerns the furnishing of a Medicare-covered item other than a covered item already furnished to the individual, the supplier has furnished at least one covered item to the individual during the 15-month period preceding the date on which the supplier makes such contact.

PENAL CODE SECTIONS

23. California Penal Code section 550 states:

. . .

(a) It is unlawful to do any of the following, or to aid, abet, solicit, or conspire with any person to do any of the following:

. . .

(6) Knowingly make or cause to be made any false or fraudulent claim for payment of a health care benefit.

(7) Knowingly submit a claim for a health care benefit that was not used by, or on behalf of, the claimant.

. . .

CALIFORNIA CIVIL CODE SECTION

24. California Civil Code section 56.10, subdivision (a) states:

(a) A provider of health care, health care service plan, or contractor shall not disclose medical information regarding a patient of the provider of health care or an enrollee or subscriber of a health care service plan without first obtaining an authorization, except as provided in subdivision (b) or (c).

HEALTH AND SAFETY CODE

25. California Health and Safety Code section 111255 states:

> Any drug or device is adulterated if it has been produced, prepared, packed, or held under conditions whereby it may have been contaminated with filth, or whereby it may have been rendered injurious to health.

26. California Health and Safety Code section 111295 states:

> It is unlawful for any person to manufacture, sell, deliver, hold, or offer for sale any drug or device that is adulterated.

COST RECOVERY

27. Section 125.3 of the Code states, in pertinent part, that the Board may request the administrative law judge to direct a licentiate found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case.

FACTUAL ALLEGATIONS

28. Respondent Pharmacy is a pharmacy located in Costa Mesa, California. Respondent Pharmacy primarily dispenses diabetic test strips, test meters, lancets and lancing devices, and topical creams. The Board received multiple complaints alleging Preferred Pharmacy cold-called patients in an attempt to fill prescriptions, and/or filled patient prescriptions, without authorization. Board investigations confirmed that Respondent Pharmacy cold-called patients, test-billed prescriptions, filled prescriptions without patient knowledge, and utilized an unlicensed call center to solicit potential patients to fill prescriptions.

29. Respondent La was the Pharmacist in Charge (PIC) of Respondent Pharmacy from February 1, 2017 to October 7, 2019.

30. Respondent Agbassi was the PIC of Respondent Pharmacy since October 3, 2019 until present.

31. Respondent Montgomery owns and operates a variety of businesses and pharmacies including Respondent Pharmacy, located at 2202 Harbor Blvd., Suite D, Costa Mesa, California. Respondent Montgomery is not a licensed pharmacist. RXMSO is an entity associated with

Respondent Montgomery and is located in the same building complex as Respondent Pharmacy. The Board received information that RXMSO had call centers located in California, Florida, and the Philippines. RXMSO hired affiliates that obtained patient information and sold the information to RXMSO.

COMPLAINTS TO THE BOARD

32. On or around April 4, 2018, the Board received a complaint from Pharmacist MK on behalf of a homeless patient. The patient required daily insulin and any delay in the ability to test her blood sugar could result in hospitalization. The patient learned that she could not refill her prescription for diabetic test strips through her insurance because Respondent Pharmacy previously completed and billed her insurance for the prescription test strips. The patient did not request nor receive diabetic test strips from Respondent Pharmacy and had no knowledge that the prescription was placed on her behalf. Pharmacist MK researched Respondent Pharmacy's location and determined that Respondent Pharmacy was approximately 150 miles away from the patient. Pharmacist MK called Respondent Pharmacy and was informed that Respondent Pharmacy received signature confirmation for delivery. Pharmacist MK believed that this signature could not be the patient's signature as the patient was homeless.

33. On or about September 21, 2018, the Board received an anonymous complaint alleging that a patient received a telephone call from Respondent Pharmacy. The anonymous complainant stated that the caller asked the patient to describe their pain and to provide the name of the patient's care provider so that Respondent Pharmacy could call the provider and initiate prescriptions. The patient did not know how Respondent Pharmacy received the patient's information and did not provide the requested information.

34. On or about April 17, 2020, the Board received a complaint from a former employee of RXMSO. The employee, identified as YM, believed Respondent Montgomery operated RXMSO. YM confirmed RXMSO worked with approximately seven pharmacies including Respondent Pharmacy. YM stated that Respondent Pharmacy held patient information without patient authorization. YM alleged that RXMSO employed call center agents in the Philippines, Florida, and California. None of the agents was a licensed pharmacist or pharmacy technician.

YM stated that the call centers initiated contact with prospective patients and identified themselves as "with the Health Care Department." The agent offered prospective patients such things as cookbooks or coupons for free meals to obtain patient information, including the patient's full name, date of birth, treating physician information, and last four numbers of the patient's social security number.

35. On or around September 9, 2020, the Board received an online complaint from MI, a nurse practitioner for Sutter Health. MI stated that he received a prescription request for a Medicare patient, TW, from Respondent Pharmacy. MI indicated that the patient had never been to, nor requested services from, Respondent Pharmacy.

BOARD INVESTIGATIONS

36. Based on the complaints, the Board conducted investigations and inspections of Respondent Pharmacy.

37. On or around March 6, 2019, Board Inspectors BM and CW conducted an inspection of Respondent Pharmacy located at 3303 Harbor Blvd., Suite H7, Costa Mesa, California. Respondent La assisted in the inspection. The pharmacy stocked UPS boxes and UPS label sleeves. The pharmacy's stock was comprised mostly of topical creams and diabetic products. The pharmacy Daily Fill Log appeared to be mostly diabetes supplies, including over the counter alcohol pads, lancets, meters, and strips. Inspector BM noted that one computer monitor had a screen that stated, "Allow Remote Control" and "Control Remote Computer." Respondent La confirmed that Respondent Pharmacy held an Arizona non-resident pharmacy license. Board Inspector BM viewed an expired Nevada Pharmacy license on the wall.

38. During the inspection, Board Inspectors BM and CW issued corrections for the following violations:

a.) California Code of Regulations 1707.5(d), for the pharmacy not having interpretive services;

b.) California Code of Regulations 1714(c), for the pharmacy not having a sink with hot water;

///

c.) California Code of Regulations 1715.65(c), for the pharmacy not having completed an inventory reconciliation of Schedule II controlled substances; and

d.) Business and Professions Code 4070(a), for e-fax prescriptions not being reduced to hard copy form and maintained.

39. As part of the inspection, Inspector BM interviewed Respondent La who stated the following:

a.) Respondent Montgomery knew more about the pharmacy procedures than Respondent La.

b.) Respondent La did not know about the marketing procedures and did not know if Respondent Pharmacy cold-called patients.

c.) Respondent Pharmacy received prescriptions via e-script or e-fax and automatically placed patient prescriptions on auto refill.

d.) E-scripts came directly from the prescribers via a Faxage server.[1] Inspector BM could not locate printed E-faxed prescriptions.

e.) Respondent Pharmacy used a delivery driver and did not mail prescriptions. Approximately half of Respondent's patients walked into the premises to fill prescriptions and prescriptions were set for auto refills. Respondent La did not know exactly how the prescriptions were delivered to locations several hours from Respondent Pharmacy's location.

40. Inspector BM asked Respondent La to log into Respondent Pharmacy's computer system. Respondent La could not log in to the fax server and called Respondent Montgomery. Once Respondent La gained access, Board Inspector BM reviewed prescriptions received by fax. The system organized prescriptions by the prescriber fax number and date/time. While reviewing Respondent Pharmacy's prescriptions, Board Inspector BM found:

a.) Respondent Pharmacy stocked preprinted prescriptions that appeared to be created by Respondent Pharmacy or a marketing company and included a fine print disclaimer

[1] A faxage server is a third-party faxing vendor fax that collects the prescriptions from doctors which then gets entered into a computer system, instead of the prescription being sent directly to the pharmacy.

that the prescriber's signature authorized the pharmacy to "substitute as necessary any comparable cream formulation, patch, gel, or kit."

b.) Inspector BM pulled two examples of preprinted prescriptions. One prescription was for Patient RD for lidocaine 5% ointment with three refills, and the other prescription was for CP for calcipotriene 0.005% cream with 5 refills. The prescriptions appeared to be created by Respondent Pharmacy or a marketing group and requested the prescription be faxed back to an unidentified toll free number. The prescriptions contained a disclaimer in fine print at the bottom that indicated that the prescriber's signature authorized the pharmacy to "substitute as necessary any comparable cream formulation, patch, gel, or kit."

c.) A review of Patient TW's file included a pre-printed fax that appeared to have been created by Respondent Pharmacy, although the prescription did not include the pharmacy name. The prescription included preprinted information such as the patient name, address, date of birth, and the prescriber name, address, phone number, fax number, and National Provider Identifier (NPI). The prescription advised the prescriber to fax the prescription back to an unidentified toll free number. The prescription contained generic prescriptions of diabetic test strips, lancets, alcohol prep pads, lancet device, glucose meter, control solution, and syringes, all with a 90-day quantity or single device listed in the quantity. The prescription included a section for refills, but three refills appeared to be already electronically circled on the prescription. The prescription was signed and dated June 24, 2017, however a signature log for the patient was not retrievable during inspection. Patient TW resided in Bakersfield. Respondent La stated that distant deliveries used a different system and that he did not have access to that system.

d.) Respondent La could not pull additional sample signatures for delivery when asked to do so by Board Inspector BM.

///

///

///

///

///

Marketing Relationship with RXMSO

41. RXMSO is an entity associated with Respondent Montgomery and is located in the same building complex as Respondent Pharmacy. RXMSO includes a call center that contacted prescribers and patients to obtain prescriptions, demographics, and insurance information and access pharmacy systems to upload patient and prescription information on behalf of Respondent Pharmacy. There was no pharmacist overseeing RXMSO.

42. RXMSO company training documents included a coverage check process, a script for calling patients, RXMSO training, and a store contact list. The training document described the "Doc Chase" process, where after the pharmacy "approves a prescription," the RXMSO employee would attempt to obtain a prescription from the provider. Training documents included a prepared script for the employee to use when calling the prescriber. The training material instructed the employee to attempt to obtain a prescription by contacting the prescriber twice a day for approximately seven days. The documents described another process, the "Reverse Que," in which the agent would reverse or "credit return" billed prescriptions and then rebill them. The materials used by RXMSO were provided to employees of Respondent Pharmacy.

43. Beginning with the COVID-19 pandemic, call center employees worked from home. RXMSO affiliates cold-called patients and identified themselves as from the "health department." Once the affiliates obtained patient information, "coverage checkers" verified prescription profitability. If patients requested refills of prescriptions deemed "not profitable" to the pharmacy, the pharmacy would inform the patient "their insurance was telling the pharmacy to have the patient use a local community pharmacy" even though the pharmacy had not spoken with the patient's insurance company. If the claim was approved, the patient would move to the "doc chase" department. Members of the "doc chase" department would call prescribers and inform the prescriber that they previously spoke with the patient, even though the "doc chase" employee had not spoken with the patient. The "doc chase" employees received commissions based on how many prescriptions they obtained.

44. On or around August 19, 2020, Board Inspectors traveled to Respondent Pharmacy to tour the call center and to conduct a follow up interview of Respondent Agbassi. Respondent

Agbassi indicated that the call center ceased onsite operations and that he did not have access to the call center space. Respondent Agbassi stated that the company recently downsized and had only one call center employee. Respondent Agbassi believed Respondent Montgomery previously had access to the call center and oversaw the operations on occasion.

45. During the Board investigator's interview with Respondent Agbassi, Respondent Montgomery arrived. Inspector BM interviewed Respondent Montgomery. Respondent Montgomery admitted that Respondent Pharmacy bought patient leads from a marketer, or Management Services Organization in this case, RXMSO. The call center employed approximately five employees who worked from home due to COVID-19 shelter-in-place orders.

Test Billing and Solicitation of Prescriptions

46. A review of Respondent Pharmacy's data indicated as follows:

a.) The data was comprised of approximately 50,000 prescriptions.

b.) Respondent Pharmacy marked approximately 31,680 prescriptions as "completed."

c.) Respondent Pharmacy reversed billing in approximately 18,318 prescriptions, resulting in approximately 37% of prescriptions being cancelled.

d.) Respondent Pharmacy data reflected that there were approximately 5,333 patients who only had prescriptions that were in cancelled status, indicating that Respondent Pharmacy typed and attempted to process prescriptions for 5,333 patients for whom Respondent Pharmacy had never filled prescriptions. This is a red flag that indicated Respondent test billed prescriptions, that is, Respondent Pharmacy submitted fraudulent insurance claims to determine if the prescription would result in a profit for the pharmacy.

e.) Data from February 1, 2017, through October 7, 2019, indicated that Respondent La verified approximately 30,323 prescriptions as PIC, while Respondent Agbassi verified approximately 976 prescriptions as PIC. Over 18,000 prescriptions did not list a pharmacist in the verified by column, indicating no pharmacist reviewed or dispensed the prescription.

f.) Although Respondent La alleged that Respondent Pharmacy only utilized a delivery driver for delivering prescriptions, Respondent Pharmacy held prescriptions for patients from 821 separate California cities. Respondent Pharmacy only completed approximately 30 prescriptions in Costa Mesa, where Respondent Pharmacy was located, representing 0.11% of Respondent's prescriptions. The top cities where Respondent Pharmacy completed prescriptions are as follows:

Patient City	Distance from Costa Mesa (approximate miles)	Count of Rx Number	Percentage of Total Rx's
Sacramento	427	1894	5.98%
Los Angeles	41	1591	5.02%
Fresno	261	1294	4.08%
San Diego	87	850	2.68%
Bakersfield	154	814	2.57%
Long Beach	28	646	2.04%
Modesto	354	592	1.87%
Lancaster	113	549	1.73%
San Bernardino	56	424	1.34%
Victorville	88	413	1.30%

47. Dr. LM appeared in approximately 2,489 prescriptions. Of these prescriptions, approximately 2,445 prescriptions were cancelled and only 44 were completed. Dr. LM's address of record was approximately fifty miles from the pharmacy. The patients listed as Dr. LM's "patients" resided throughout the state and not near Respondent Pharmacy nor Dr. LM's office. Dr. LM's office confirmed via questionnaire that out of the approximately 2,445 prescriptions provided by Inspector BM, only 19 of those patients ~~(27 total prescriptions)~~ were under Dr. LM's care. The remaining approximately 2,171 separate patients had prescriptions created by Preferred Pharmacy that were not patients of Dr. LM. Thus, approximately 2,426 separate prescriptions were created by Preferred Pharmacy using Dr. LM's name. Dr. LM stated that he had not authorized the pharmacy to create prescriptions for the patients that were not his patients. Dr. LM did note that he had sent some prescriptions to the pharmacy for the 19 patients under his care but stated that Respondent Pharmacy test billed approximately 2,426 prescriptions under Dr. LM's name without his authorization.

48. Dr. DS confirmed that Respondent Pharmacy test billed 56 prescriptions that were not authorized. Dr. DS stated that he was not familiar with Respondent Pharmacy, did not prescribe these types of prescriptions (test strips, lancets, alcohol pads), had not authorized Respondent Pharmacy to test bill prescriptions under his name, and that the patients on the list of prescriptions provided were not his patients. Dr. DS's office confirmed 56 prescriptions had not been authorized by the prescriber.

49. Dr. DD confirmed that he did not authorize approximately 19 prescriptions that were test billed by Respondent Pharmacy. Dr. DD retired on January 25, 2019, and he confirmed that he did not write any prescriptions after that date. Additionally, Dr. DD stated that he was not familiar with Respondent Pharmacy, was located more than 500 miles from Respondent Pharmacy, did not perform telemedicine, and only saw patients in person. Thus, it was unlikely that he authorized any prescriptions for patients located outside of Paradise, California.

50. An employee of Respondent Pharmacy and RXMSO confirmed that Respondent Pharmacy test billed prescriptions to ensure that the prescriptions were profitable. The employee explained that if Respondent Pharmacy could make $35.00 from the patient's prescription, then it would pursue obtaining the prescription. The employee confirmed that if the patient wanted a refill or a prescription but the profit was less than $35.00, or if the patient had a high copay, Respondent Pharmacy would lie to the patient and tell the patient that their insurance informed Respondent Pharmacy to have the patient use a local community pharmacy instead.

51. Inspector BM contacted patients that received prescriptions from Respondent Pharmacy. Responding patients indicated that Respondent Pharmacy billed their insurance in some instances, that they received cold calls in an attempt to obtain authorization to bill and obtain prescriptions for the patient, that they had not contacted Respondent Pharmacy directly to fill prescriptions. By way of example, the following patients stated the following:

a.) Patient DJ stated that she received supplies from Respondent Pharmacy that she had not requested. She had not been to the pharmacy and did not know how Respondent Pharmacy obtained her information. Patient DJ confirmed that she was cold-called by

Respondent Pharmacy. She further confirmed that she did not authorize Respondent Pharmacy to bill her insurance.

b.) Patient RP indicated that she received prescriptions from Respondent Pharmacy but that she had not been to, did not provide a prescription to, and did not know how Respondent Pharmacy obtained her contact information. Patient RP confirmed that Respondent Pharmacy cold-called her.

c.) Patient JM stated that he had not received or requested prescriptions from Respondent Pharmacy. Patient JM stated that he did not authorize Respondent Pharmacy to bill his insurance. Patient JM's prescription was listed as "cancelled" in the computer system.

d) Respondent Pharmacy declined to fill a prescription for S.O. after her insurance changed and the pharmacy noted "New Insurance no longer meets margin, will D/C Patient In Pioneers" according to a screenshot provided.

52. On or around November 21, 2019, Respondent La participated in a conference call with Board Inspectors and confirmed that Respondent Pharmacy used "RXMSO" employees known as "chasers." Contrary to what Respondent La previously stated, Respondent Pharmacy mailed about 90% of the prescriptions. Patients called and asked why they received prescriptions from Respondent Pharmacy. "RXMSO" staff that called these patients were different from the "chasers." Respondent Pharmacy sometimes received returns from patients. Those prescriptions were returned for destruction and reversed from billing. Respondent La explained the prescription would be filled typically by him, given to the clerk who would label it for shipping, and the driver would collect the boxes for delivery via "DCS."

Adulterated Prescriptions

53. Respondent Pharmacy accepted prescriptions returned by patients. If a patient returned a prescription, Respondent Agbassi would reverse the insurance charge and examine the product. If the product appeared intact and still sealed, Respondents would re-dispense the product despite having no knowledge of the conditions in which the products were kept.

///

///

Lack of Pharmacy Security

54. On or around September 9, 2019, Inspector BM conducted another inspection of Respondent Pharmacy. Upon entering the pharmacy, Inspector BM found that two clerks and pharmacy technicians EL and YT were present in the pharmacy with computers running and patient profiles visible on one screen and without a pharmacist present. Pharmacy technicians possessed keys to enter the pharmacy. Although the pharmacy maintained a small stock of dangerous drugs in the front locked room, test strips, pharmacy computers, and patient prescriptions were located in the main pharmacy area.

FIRST CAUSE FOR DISCIPLINE

(Interference with Pharmacist in Charge

Against Respondent Pharmacy and Respondent Montgomery)

55. Respondent Pharmacy and Respondent Montgomery are subject to disciplinary action under Code sections 4301 subdivision (o), for violating California Code of Regulations, title 16, section 1709.1, subdivision (b), and Code section 4330, subdivision (b), in that Respondent Pharmacy and Respondent Montgomery utilized an unlicensed, offsite call center to contact patients and prescribers; maintained fax servers to receive prescriptions that the Pharmacist-in-Charge could neither access nor locate; and, used delivery systems that the Pharmacist-in-Charge did not have knowledge of, access to, nor control over, as described above in paragraphs 28 through 54 which are incorporated herein by reference.

SECOND CAUSE FOR DISCIPLINE

(Unlicensed Activity Against All Respondents)

56. Respondents are subject to disciplinary action under Code sections 4301, subdivision (o), for violating Code section 4110, subdivision (a), in that Respondents utilized an unlicensed entity, RXMSO, to run a call center to contact prescribers and patients to obtain prescriptions and access pharmacy systems to upload patient and prescription information. This location was not supervised by a pharmacist and was not licensed by the Board, as described above in paragraphs 28 through 54, which are incorporated herein by reference.

///

THIRD CAUSE FOR DISCIPLINE

(Unauthorized Disclosure of Prescription Information

Against Respondent Pharmacy and Respondent Montgomery)

57. Respondents are subject to disciplinary action under Code sections 4301 subdivisions (j) and (o), for violating California Code of Regulations, title 16, section 1764, and California Civil Code section 56.10, subdivision (a), in that Respondent Pharmacy and Respondent Montgomery ran an unlicensed call center that contacted prescribers and patients to obtain prescriptions, demographics, and insurance information and accessed pharmacy systems to upload patient and prescription information. The call center was not supervised by a pharmacist and was manned by unlicensed staff, as described above in paragraphs 28 through 54, which are incorporated herein by reference.

FOURTH CAUSE FOR DISCIPLINE

(Insurance Fraud Against All Respondents)

58. Respondents are subject to disciplinary action under Code sections 4301 subdivisions (j) and (o), for violating Code section 810, subdivision (b) and Penal Code section 550 subdivision (a)(6) and (7), in that Respondent Pharmacy knowingly made or caused to be made any false or fraudulent claim for payment of a health care benefit and knowingly submitted a claim for a health care benefit that was not used by, or on behalf of, the claimant. Specifically, and as more fully set forth in paragraphs 46 through 52 above, between February 1, 2017, and November 7, 2019, Respondents cancelled 18,318 prescriptions in the computer system and had approximately 5,333 patients who only had prescriptions that were in the cancelled status (the pharmacy entered a prescription for them but never dispensed drugs or products). These 18,318 claims represented approximately 37% of Respondent Pharmacy's typed prescriptions and suggests that Respondent Pharmacy was test-billing and soliciting prescriptions it knew it would not be dispensing. Additionally, patients confirmed that Respondent Pharmacy cold-called patients and billed their insurance either without the patient's authorization and/or without the patient requesting prescriptions be filled by Respondent Pharmacy.

///

FIFTH CAUSE FOR DISCIPLINE

(Unprofessional Conduct Against All Respondents)

59. Respondent Pharmacy is subject to disciplinary action under Code sections 4301 subdivisions (f), (g) and (o) in that Respondent Pharmacy test-billed insurance claims the patient did not receive, billed patient's insurance without authorization, ran an unlicensed call center that accessed patient prescription information, cold-called patients, and lied about cold calling patients, as described above in paragraphs 44 through 52, which are incorporated herein by reference.

SIXTH CAUSE FOR DISCIPLINE

(Unprofessional Conduct-Subverting an Investigation

Against Respondent Pharmacy, Respondent Montgomery and Respondent La)

60. Respondent Pharmacy and Respondent Montgomery are subject to disciplinary action under Code sections 4301, subdivision (q), in that Respondent Pharmacy, Respondent Montgomery and Respondent La each signed a written statement denying that patients were cold-called, stating that pharmacy personnel delivered prescriptions despite prescriptions being shipped hundreds of miles away, and denying that marketers had access to pharmacy records despite marketers calling patients and prescribers regarding their prescriptions, as described above in paragraphs 28 through 54, which are incorporated herein by reference.

SEVENTH CAUSE FOR DISCIPLINE

(Unprofessional Conduct by a Corporation

Against Respondent Pharmacy and Respondent Montgomery)

61. Respondent Pharmacy and Respondent Montgomery are subject to disciplinary action under Code sections 4301, subdivision (o), in conjunction with Code section 4156 in that Respondent Pharmacy and Respondent Montgomery test-billed insurance claims for prescriptions the patients did not receive, billed patients' insurance without authorization, ran an unlicensed call center that accessed patient prescription information, cold-called patients, and lied about cold calling patients, as described above in paragraphs 28 through 54, which are incorporated herein by reference.

EIGHTH CAUSE FOR DISCIPLINE

(Obstruction of Prescriptions Against All Respondents)

62. Respondents are subject to disciplinary action under Code sections 4301, subdivisions (f) and (o), and Code section 733, subdivision (a) and (b), in that Respondents' policies and procedures confirmed the pharmacy would not ship a patient their prescription if the prescription did not meet a set profit margin, including if the patient was receiving a refill for a prescription previously filled by the pharmacy. In addition, Respondents declined to fill prescriptions for Patient SO after her insurance changed and her file noted "new insurance no longer meets margin," as described above in paragraphs 28 through 54, which are incorporated herein by reference.

NINTH CAUSE FOR DISCIPLINE

(Adulterated Drugs Against all Respondent Pharmacy and Respondent Agbassi)

63. Respondent Pharmacy, Respondent Montgomery and Respondent Agbassi are subject to disciplinary action under Code sections 4301, subdivision (j), Code section 4169, subdivision (a)(1) and (2), and Health and Safety Code sections 111255 and 111295 in that Respondents sold, delivered, held, or offered for sale an adulterated drug, as described above in paragraphs 28 through 54, which are incorporated herein by reference.

TENTH CAUSE FOR DISCIPLINE

(Lack of Pharmacy Security

Against Respondent Pharmacy and Respondent Agbassi)

64. Respondent Pharmacy, Respondent Montgomery and Respondent Agbassi are subject to disciplinary action under Code sections 4301 subdivision (j), Code section 4116, subdivision (a) and California Code of Regulations, title 16, section 1714, subdivision (d), in that non-pharmacist personnel had a key to the pharmacy premises, which allowed access to pharmacy computer systems and records an hour prior to the arrival of the pharmacist, as described above in paragraph 54, which is incorporated herein by reference.

///

///

OTHER MATTERS

65. Pursuant to Section 4307, if Pharmacy Permit Number PHY 54453 issued to Preferred Pharmacy, Inc. is suspended, revoked or placed on probation, Respondent Pharmacy shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee of the Board.

66. Pursuant to Section 4307, if Pharmacy Permit Number PHY 54453 issued to Preferred Pharmacy, Inc. is suspended, revoked or placed on probation, and Respondent Agbassi, while acting as the manager, administrator, owner, member, officer, director, associate, or partner, had knowledge of or knowingly participated in any conduct for which Pharmacy Permit Number PHY 54453 was revoked, suspended, or placed on probation, Respondent Agbassi shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee of the Board.

67. Pursuant to Section 4307, if Pharmacy Permit Number PHY54453 issued to Preferred Pharmacy, Inc. is suspended, revoked or placed on probation, and Respondent Montgomery, while acting as the manager, administrator, owner, member, officer, director, associate, or partner, had knowledge of or knowingly participated in any conduct for which Pharmacy Permit Number PHY 54453 was revoked, suspended, or placed on probation, Respondent Montgomery shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee of the Board.

68. Pursuant to Section 4307, if Pharmacist License Number RPH 73904 issued to Tony Hieu La is suspended or revoked, Respondent La shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee.

69. Pursuant to Section 4307, if Pharmacist License Number RPH 80700 issued to Michael Jean Olivie Agbassi is suspended or revoked, Respondent Agbassi shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee.

///

///

PRAYER

WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged, and that following the hearing, the Board of Pharmacy issue a decision:

1. Revoking or suspending Original Permit Number PHY 54453, issued to Preferred Pharmacy, Inc.; Scott Leroy Montgomery, CEO;

2. Revoking or suspending Registered Pharmacist License Number RPH 73904, issued to Tony Hieu La;

3. Revoking or suspending Registered Pharmacist License Number RPH 80700, issued to Michael Jean Olivie Agbassi;

4. Ordering Tony Hieu La, Michael Jean Olivier Agbassi and Scott Leroy Montgomery to pay the Board of Pharmacy the reasonable costs of the investigation and enforcement of this case, pursuant to Business and Professions Code section 125.3;

5. Prohibiting Preferred Pharmacy, Inc. from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee for five years if Pharmacy Permit Number PHY 54453 is placed on probation or until Pharmacy Permit Number PHY 54453 is reinstated if Pharmacy Permit Number PHY 54453 issued to Preferred Pharmacy is revoked;

6. Prohibiting Scott Montgomery from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee for five years if Pharmacy Permit Number PHY 54453 is placed on probation or until Pharmacy Permit Number PHY 54453 is reinstated if it is revoked;

7. Prohibiting Tony Hieu La from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee for five years if Registered Pharmacist License Number RPH 73904 is placed on probation or until Registered Pharmacist License Number RPH 73904 is reinstated if it is revoked; and,

8. Prohibiting Michael Jean Olivie Agbassi from serving as a manager, administrator, owner, member, officer, director, associate, or partner of a licensee for five years if Registered Pharmacist License Number RPH 80700 is placed on probation or until Registered Pharmacist License Number RPH 80700 is reinstated if it is revoked; and,

9. Taking such other and further action as deemed necessary and proper.

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

I understand that Nevada law requires a registered pharmaceutical technician in training who, in their professional or occupational capacity, knows or has reasonable cause to believe a child has been abused/neglected to report the abuse/neglect to an agency which provides child welfare services or to a local law enforcement agency, and make such a report as soon as reasonably practicable but not later than 24 hours after the person knows or has reasonable cause to believe that the child has been abused/neglected. NRS 432B.220.

	)	
LICENSE NO. 1-099287	)	

The Alabama Board of Nursing, hereinafter referred to as Board, having evidence that **CHASITY DENISE BEENE MARTIN**, hereinafter referred to as Respondent, is in violation of the Code of Alabama 1975, § 34-21-25, and the Alabama Board of Nursing Administrative Code, § 610-X-8; and Respondent, desiring to avoid the necessity of a formal hearing, do hereby enter into this Consent Order in lieu of proceeding with further disciplinary action. Respondent understands the right to a formal hearing in this matter and hereby knowingly waives such right. Respondent further understands and agrees that this is a non-appealable Order.

FINDINGS OF FACT

I.

On April 22, 2003, Respondent was licensed by the Alabama Board of Nursing as a Registered Nurse and was so licensed at all times relevant to matters stated herein. Respondent is currently licensed through December 31, 2006.

II.

On September 25, 2005, Respondent reported to work as a RN at Walker Baptist Medical Center, Jasper, Alabama, while under the influence of unknown chemicals. Respondent was described as stumbling, appearing disoriented, acting strange and almost falling out of a chair.

Multiple patients reported concerns about the Respondent's care as follows: failure to administer medications, dropping the MAR, and spilling water on a patient.

A urine drug screen conducted for cause was positive for methamphetamine and amphetamine. Respondent did not have a valid prescription for either drug. Respondent attributed her conduct to the one time use of methamphetamine prior to going to work.

CONCLUSIONS OF LAW

The conduct stated above constitutes sufficient grounds for the imposition of sanctions against Respondent's license to practice as a Registered Nurse in the State of Alabama pursuant to the Code of Alabama 1975, § 34-21-25, and the Alabama Board of Nursing Administrative Code, § 610-X-8-.03(4)(a)(e); (6)(a)(b)(f)(i)(ii)(iii)(m)(q)(v)(x).

ORDER

Respondent's Alabama Registered Nurse License, No. 1-099287, is hereby **SUSPENDED** until such time as the Board is in receipt of documentation of: (a) completion of required evaluations in accordance with Stipulation Number 4 below; (b) successful completion of the initial phase of an approved treatment program as specified in Stipulation Number 6 below, if treatment is recommended; (c) participation in an aftercare program as specified in Stipulation Number 7 below, if treatment is recommended; (d) negative random monthly drug screens as specified in Stipulation Number 15 below; (e) active participation in Twelve Step Programs as specified in Stipulation Number 9 below, if recommended; (f) accrual of requisite continuing education contact hours; and, (g) payment of appropriate fees. Should Respondent be deemed in need of treatment and upon documented completion of the above terms, Respondent's license will be reinstated on **PROBATION** for sixty (60) months pursuant to the following terms and conditions. If not deemed to be in need of treatment, Respondent's license will be placed on probation for twelve (12) months pursuant to the terms and conditions in this Order. In no event

will this period of suspension extend longer than TWELVE (12) MONTHS past the effective date of this Order. Should such occur, Respondent's licensure status will be considered as and listed as revoked.

1. **Return of Wallet ID Card**

Respondent's wallet ID card shall be **immediately** returned to the Alabama Board of Nursing office. Upon reinstatement, Respondent will be issued a wallet ID card which indicates probationary status.

2. **Fine**

Respondent shall pay a fine in the amount of **$750** if treatment is recommended or **$250** if treatment is not recommended. This fine must be paid within thirty (30) days of the effective date of Respondent's reinstatement. Respondent understands that failure to pay the fine is cause for additional disciplinary action by the Board of Nursing.

Should Respondent's probation extend beyond a period of thirty-six (36) months, Respondent shall pay an additional fine of $250 prior to termination of this Order.

3. **Education – Completion of Course**
(If not deemed in need of chemical dependency treatment)

Respondent shall satisfactorily complete a Board-approved course/program on chemical dependency and provide documentation of completion to the Board. This course must be satisfactorily completed within three (3) months of the effective date of this Order.

4. **Evaluations (Chemical dependency)**

Respondent must submit the results of required comprehensive evaluations for chemical dependency, physical and mental illness from a Board-recognized treatment provider with Board consultation with the evaluating professional prior to making the assessment. Respondent must abide by any requests and recommendations from the providers that may include inpatient evaluation, outpatient evaluation, partial hospitalization evaluation and psychological testing.

Respondent is also required to undergo subsequent evaluations by a recognized provider with a healthcare professionals tract should such be requested by the Board following a relapse or for other cause. Respondent must follow all treatment recommendations from the provider including inpatient treatment, outpatient treatment, halfway house, residential long-term treatment, counseling, etc.

If not eligible for early release, the Respondent shall return to the original treatment provider(s) or other Board-approved provider for required comprehensive evaluations and a determination of readiness to practice without supervision and/or monitoring. Said evaluations must be performed within the ninety (90) day period immediately prior to the scheduled termination of this Order. Based upon the evaluations, the Board may extend the period of this Order and require additional treatment, counseling, etc.

5. **Duration of Order**

The duration of this Order is for a period of sixty (60) months unless extended pursuant to Stipulation Number 4 below. Respondent may apply for early release after thirty-six (36) months of satisfactory compliance with all the stipulations of this Order. If Respondent applies for early release, a comprehensive chemical dependency, physical and mental evaluation from a treatment provider with a healthcare professionals tract which supports early release shall be submitted to the Board. Said evaluation must be performed within the ninety (90) day period immediately prior to submission of the application for early release. The duration of this Order is for a period of twelve (12) months if deemed not in need of chemical dependency treatment. These time periods are subject to Stipulation Number 25 below.

6. **Treatment Program (If chemical dependency treatment recommended)**

The program must be a Board-recognized chemical dependency treatment program. Respondent shall cause the director of the treatment program to submit to the Board proof of Respondent's entry into a primary intensive alcohol/drug treatment program in accordance with the recommendations made during the evaluation process which may include inpatient treatment,

outpatient treatment, halfway house, residential long-term treatment and/or a combination thereof. Respondent shall also cause the program director to provide the Board with documentation concerning Respondent's successful completion of the program, readiness to return to the safe practice of nursing and recommendations and arrangements for appropriate follow-up.

7. **Aftercare Program (If chemical dependency treatment recommended)**

Unless otherwise recommended by the treatment provider and approved by the Board, the Respondent, within one (1) week of the completion of the initial phase of the treatment program, shall enter a Board-acceptable chemical dependency aftercare program with said program to meet on a weekly basis and to extend for a minimum of one (1) year. Respondent shall also cause the program to submit to the Board, in writing, and on the Board-approved form, documentation of the Respondent's attendance, participation and progress in the program. Such reports are due quarterly, according to schedule, for the duration of the probationary period or until successful completion of the aftercare program. In the event the Respondent is discharged from the aftercare program for noncompliance, the Respondent and the program are to immediately notify the Board, in writing, of such occurrence. This is required regardless of whether Respondent is employed in nursing.

8. **Individual/Group Counseling (If recommended by chemical dependency evaluation)**

Respondent shall participate regularly in a Board-acceptable counseling program contingent upon the recommendations of the original treatment program. Respondent shall continue in counseling for as long as deemed necessary by the counselor/therapist. This stipulation is in addition to meeting the stipulation requiring aftercare participation. Respondent shall have the counselor/therapist notify the Board when continued counseling is no longer indicated and Respondent is discharged or when there is a failure to complete or comply with the course of therapy. Respondent shall also cause the program to submit to the Board, in writing and on the Board-approved form, evidence of satisfactory participation and progress in counseling. Such reports are due quarterly, according to schedule, as long as indicated during

the period of this Order. This is required regardless of whether Respondent is employed in nursing.

9. **Twelve Step Meetings (If recommended by chemical dependency evaluation)**

Respondent shall attend and participate in a minimum of three (3) Twelve Step meetings per week for the duration of this Order. The Respondent shall submit meeting attendance verification sheets monthly, according to schedule, on the Board-approved form, for the duration of the Order period. It is required that Respondent have a sponsor during the period of this Order. If there is a sponsor, the Board should be provided sufficient information as how to contact this individual. This is required regardless of whether Respondent is employed in nursing.

10. **Self-Report**

Respondent shall submit a written status report to the Board on a Board-approved form. This is to be submitted on a monthly basis, according to schedule, and must contain a self-assessment of current status. This report is required regardless of whether Respondent is employed in nursing. At the Board's discretion, Respondent may be allowed to make verbal contact with Board staff in lieu of a written report.

11. **Primary Physician – Drug Use Exception**

The Respondent will have only one primary physician/group during the period of this Order. The primary physician must refer to any other physician, except in a documented emergency. All mood-altering medications or medications containing a mood-altering substance must be prescribed to Respondent by this primary physician for a bona fide medical condition, or if prescribed by the referred physician, must be immediately reported in writing by the Respondent to the primary physician with a copy to the Board. Respondent must notify the Board of the name, address, and telephone number of the primary physician within ten (10) days of the effective date of this Order and within ten (10) days in the case of a new physician. Respondent shall cause any and all prescriptions to be verified to the Board by the prescribing practitioner on a Board-provided form at the time of the issuance of a prescription and must also provide verification of all

medications prescribed prior to the Respondent's Board Order. No prescription over twelve (12) months old should be taken without an updated prescription verification. The Board or its designee may, at any time, request the practitioner to document the continued need for prescribed medications. Respondent shall keep a written record of medications taken, including over-the-counter drugs, and produce such record upon request by the Board. This is required regardless of whether Respondent is employed in nursing.

12. **Dentist – Drug Use Exception**

The Respondent will have only one dentist during the period of this Order. The primary dentist must refer to any other dentist or dental specialist, except in a documented emergency. All mood-altering medications or medications containing a mood-altering substance must be prescribed to Respondent by this primary dentist for a bona fide dental condition, or if prescribed by a referred dentist, must be immediately reported in writing by the Respondent to the primary dentist with a copy to the Board. Respondent must notify the Board of the name, address, and telephone number of the primary dentist within ten (10) days of the effective date of this Order. Respondent shall cause any and all prescriptions to be verified to the Board by the prescribing dentist on a Board-provided form at the time of the issuance of a prescription and must also provide verification of all medications prescribed prior to the Respondent's Board Order. No prescription over twelve (12) months old should be taken without an updated prescription verification. The Board or its designee may, at any time, request the practitioner to document the continued need for prescribed medications. Respondent shall keep a written record of medications taken, including over-the-counter drugs, and produce such record upon request by the Board. This is required regardless of whether Respondent is employed in nursing.

13. **Abstain from Alcohol Use**

Respondent shall abstain completely from the use of any substance containing alcohol.

14. **Abstain from Drug Use**

Respondent shall abstain completely from the non-prescribed use or possession of controlled substances as defined in the Alabama Uniform Controlled Substances Act, illegal drugs as defined by law, mood-altering substances, or any drugs requiring a prescription (legend) except as provided for in this Order.

15. **Drug Screening**

Respondent shall participate as directed in a Board-acceptable program for random drug testing. The drug screen will be a Board-approved drug screen and may include additional chemicals as designated by the Board or its designee. A minimum of one (1) random testing per month shall be done and may be required more frequently as requested by the Board or its designee. Further, the Board or its designee may at anytime require the Respondent to undergo additional drug screening of a type specified by the Board, including hair tests of a minimum of one time per year, to ensure that the Respondent is free of chemical substances. Refusal to provide a specimen suitable for testing within the requested time frame constitutes a violation of this Order and grounds for disciplinary action. Respondent waives any argument as to chain-of-custody of the sample or validity/accuracy of its testing regarding any positive screen received by the Board from an approved testing facility. The report of a positive drug screen which is not a result of documented, prescribed medications as provided for herein shall be considered a violation of this Order. This is required regardless of whether Respondent is employed in nursing.

16. **Employment - Monitoring**

Respondent shall practice only under the on-site monitoring of a Board-approved licensed health professional in good standing with their professional regulatory body. The employment monitor is not required to be on the same unit or ward as Respondent but should be on site and readily available to provide assistance and intervention in the event the Respondent appears impaired or otherwise unable to safely practice. The Respondent shall work only

regularly assigned, identified, and predetermined units. The on-site monitor shall be primarily one (1) person. The Respondent shall not be self-employed or contract for services.

17. **Employment-Increased Autonomy**

Following two (2) years of satisfactory compliance with stipulations, Respondent may request to work areas which have limited supervision. If such is granted, said employment will be with specified conditions as set forth by the Board. In no event may Respondent engage in unsupervised practice without prior written authorization from the Board or its designee.

18. **Restricted Employment**

Respondent shall not work for a nursing registry, traveling nurse agency, nursing float pool, hospice, home health agency, or temporary employment agency without prior written authorization from the Board or its designee.

19. **Employment - Supervision Restriction**

Respondent shall not be employed as a supervising nurse.

20. **Employment - Access to Drugs (if treatment recommended)**

Respondent shall not administer or have access to controlled substance medications for a minimum of six (6) months of employment, and shall not have access to or administer controlled substance medications until written permission is received from the Board stating this stipulation no longer applies. Respondent shall work in nursing a minimum of six (6) months without this restriction prior to completing the Order.

21. **Employment - Hours of Practice**

Respondent shall not work more than eighty (80) hours in a two (2) week period without prior written authorization from the Board or its designee.

22. **Employment - Notification**

Respondent shall provide all health care employers, collaborative and covering physicians (if CRNP/CNM) and schools of nursing with a copy of this Order and cause each to acknowledge to the Board that a copy of this Order has been provided to them. Said notification

shall be received by the Board no later than ten (10) days after the effective date of this Order or within ten (10) days of Respondent's employment or advanced practice approval or entry into school and must be on the Board-provided form.

23. **Employment - Change in Status**

Respondent shall not accept or change employment without prior written notification to the Board. Said notification must include the name and number of the person who will be Respondent's supervisor.

24. **Employment - Evaluation of Performance**

Respondent shall cause the employer to provide to the Board, on a Board-approved form, a written evaluation of Respondent's nursing performance. Such reports are due quarterly, according to schedule. The receipt of an unfavorable report may be considered to be a violation of this Order. If Respondent is not employed as a nurse, Respondent is required to inform the Board of employment status in the monthly self-report.

25. **Not Employed in Nursing**

In order to complete the terms of this Order, the Respondent must have been employed as a practicing nurse for a minimum period of eighteen (18) months if chemical dependency treatment is recommended. If treatment is not recommended, Respondent must be employed as a practicing nurse for a minimum of twelve (12) months. During periods of employment in fields other than nursing, Respondent is not relieved from compliance with all other terms and conditions of this Order.

26. **Alabama Licensure Status**

Respondent must maintain a current license at all times during the period of probation. If for any reason Respondent allows the nursing license to lapse/expire, such may be cause for disciplinary action.

27. **Notification of Board**

If Respondent is arrested by any law enforcement agency or is admitted as a patient to any institution in this state or elsewhere for treatment regarding the abuse of or dependence on any chemical substance, or for treatment for any emotional or psychological disorder, Respondent shall cause the Board to be notified immediately. Respondent also shall immediately report to the Board any relapse as well as any disciplinary action issued by an employer. Should Respondent test positive on any drug screen conducted by an employer, an employee assistance program, court referral program or other entity, the Respondent shall immediately report such to the Board.

28. **Change of Address**

Respondent shall immediately notify the Board, in writing, of any change of address.

29. **Relocation**

The Respondent must notify the Board of pending relocation outside the State of Alabama. If Respondent plans to relocate to another state, Respondent must inform that state's board of nursing as to licensure status and may request the Alabama Board to transfer monitoring to the other state. If monitored by another state, Respondent must successfully complete all requirements of the Board Order of the other jurisdiction in order to fulfill the terms of this Order. Respondent must submit to the Alabama Board a copy of the Order from the other state and official notification of successful completion or unsuccessful termination thereof. The Board retains the right to withdraw approval for out-of-state monitoring if circumstances indicate that such is appropriate.

30. **Personal Interview**

Respondent shall appear in person for interviews at the request of the Board or Board designee.

31. **Obey the Laws**

Respondent shall refrain from violation of any federal, state or local law or rule or Order of the Board. A conviction on any criminal charge pending at the time of the signing of this

Order may result in further disciplinary action. Any arrest subsequent to the signing of this Order may result in further disciplinary action.

32. **Release of Records and Information**

Respondent hereby authorizes the Board of Nursing, to submit information and all records necessary to ensure compliance with the stipulations of this Order and public safety. This includes communication with Respondent's employer (existing and prospective) and members of Respondent's treatment team regarding noncompliance and/or possible relapse. Respondent also agrees to execute all appropriate release of information forms so as to allow all treatment providers, healthcare providers, employers and all other necessary persons to inform the Board, in writing, of Respondent's status and progress.

33. **Violation**

Any deviation from the requirements of this Order without the written consent of the Board shall constitute a violation of this Order and will be cause for disciplinary action.

34. **Subsequent Practice Act Violation**

Should supplemental cause for disciplinary action arise during the period of this Order such is cause for disciplinary action.

35. **Fraudulent Acts During Period of Order**

Submission of fraudulent documents or reports or misrepresentation of facts relating to the terms and conditions stated herein shall constitute a violation of this Order.

36. **Termination of Order**

This Order shall terminate only upon receipt of documents to satisfy all terms and conditions of this Order, including receipt of official court records documenting successful completion of court-ordered probation, pretrial diversionary-type program, drug court, etc., where applicable. This period of probation will not terminate until notification by the Board to Respondent in writing that all terms and conditions have been met and the probation has been completed.

37. **Public Information**

This Order is public information. All disciplinary actions of the Board will be reported to all required data banks.

38. **Effective Date**

The effective date of this Order shall be the documented date of service or attempted service by certified mail or personal service.

39. **Final Order**

This Order is subject to full Board consideration and acceptance before it shall be final.

PROPOSED REGULATION OF THE STATE BOARD OF PHARMACY

Workshop – January 18, 2024

EXPLANATION – Matter in ***italics*** is new; matter in brackets **[~~omitted material~~]** is material to be omitted. and language in ***green text*** indicates prior Board-approved amendments that are in the process of being codified.

AUTHORITY: NRS 639.070; NRS 639.0727

A REGULATION relating to pharmacy; The proposed amendment removes various provisions relating to compounding which are in conflict with current United States Pharmacopeia compounding standard.

CHAPTER 639 - PHARMACISTS AND PHARMACY

GENERAL PROVISIONS

639.010 Definitions.
639.020 "Consumer" interpreted.
639.030 "Date" interpreted.
639.031 "Dispensing practitioner" defined.
639.032 "Facsimile machine" interpreted.
639.040 "File" interpreted.
639.050 Storage and destruction of certain controlled substances.
639.055 Adoption by reference of guidelines concerning treatment of sexually transmitted diseases; revision of publication after adoption.
639.060 Marketing codes of conduct: Adoption of certain codes by reference.
639.065 Marketing codes of conduct: Periodic review of adopted codes.

STATE BOARD OF PHARMACY

639.100 Seal of Board.
639.110 Inactive regulations: Duties of Executive Secretary.
639.120 Conduct of disciplinary hearings.
639.130 Representation by counsel at disciplinary hearings.
639.140 Petitions to adopt, amend or repeal regulations.
639.150 Declaratory orders and advisory opinions.
639.160 Required time for receipt of application.
639.170 Waiver of regulation upon declaration of emergency: Authority; required notices.

CERTIFICATES, LICENSES AND PERMITS

639.200 Temporary certificates, licenses and permits.
639.205 Application to register as pharmacist: Completion required within 1 year.
639.208 Qualifications for registration by reciprocity; completion of requirements of Electronic Licensure Transfer Program.
639.210 Educational qualifications: Approval of accredited programs of education in pharmacy.
639.212 Educational qualifications: Advanced degree in pharmacy.
639.214 Application for license to operate pharmacy: Information required.
639.215 Application for license to operate pharmacy: Appearance of applicant before Board; execution on behalf of partnership or corporation; payment of expenses for special meeting of Board.
639.218 Application for inactive status.
639.219 Application for return to active status.
639.2195 Appearance of applicant for issuance or renewal of license, certificate or permit before Board under certain circumstances.
639.220 Schedule of fees; penalty for late renewal; exemptions from certain fees.

DRAFT

639.221 Payment of fees.
639.222 Period of validity for application; extension.
639.223 Electronic submission of fingerprints.
639.224 Submission of second set of fingerprints; name-based background check.
639.225 Notice to Executive Secretary of change of address.
639.226 Notice to Board by certain licensees of change of address.
639.227 Application or written notice to Board concerning change in ownership of pharmacy required under certain circumstances; suspension of license.
639.229 Report to Executive Secretary of conviction, administrative action or surrender of registration; appearance before Board before renewal of certificate, license or permit.
639.230 Voluntary surrender of certificate, license or registration to practice pharmacy in another state pursuant to agreement relating to disciplinary matter.

PHARMACEUTICAL TECHNICIANS

639.240 Requirements for registration of pharmaceutical technicians.
639.242 Registration of pharmaceutical technician in training; grounds for denial of application for registration; expiration of registration; certification by managing pharmacist.
639.245 Maintenance and availability of records regarding certain pharmaceutical personnel on duty; activities of pharmaceutical technicians.
639.247 Establishment and maintenance of policies and procedures for personnel; maintenance and availability of personnel records.
639.250 Restrictions on supervision.
639.252 Initialing of prescriptions, records and reports; responsibility for filled prescriptions.
639.254 Initial and biennial in-service training of pharmaceutical technicians working in or for pharmacy; maintenance of record by managing pharmacist; substitution of continuing education for in-service training.
639.256 Program of training: Approval by Board; testing of pharmaceutical technician in training for presence of alcohol or drug.
639.258 Participation in program of training for pharmaceutical technicians.
639.260 Disciplinary action against pharmacy.

INTERN PHARMACISTS

639.262 Application for registration; issuance of certificate of registration; maintenance of records relating to internship.
639.264 Employment at pharmacy as part of internship.
639.266 Supervision and training: Service as preceptor; duties; evaluation of internship.
639.268 Supervision and training: Responsibilities of registered pharmacist.

PHYSICIAN ASSISTANTS

639.269 "Physician assistant" defined.
639.270 Scope.
639.272 Requirements for registration certificate.
639.277 Change in location of practice or supervising physician.
639.280 Scope of authority to prescribe and dispense.
639.283 Prescriptions: Orders on charts of hospitalized patients.
639.285 Security and storage of controlled substances and drugs.
639.290 Substitution in case of illness or absence.
639.295 Grounds for denial of application or suspension or revocation of registration.

IMMUNIZATION BY PHARMACISTS, INTERN PHARMACISTS AND PHARMACEUTICAL TECHNICIANS

639.297 "Immunization" defined.
639.2971 Written protocol by physician authorizing administration; contents of and deviation from written protocol; restrictions to written protocol.
639.2972 Duties of authorizing physician.
639.2973 Training and certification to administer immunizations.
639.2974 Certification in basic cardiac life support; continuing education.
639.2975 Legal possession and control of drugs administered as immunizations; drugs to counteract adverse reactions.
639.2976 Reporting of certain information concerning immunizations.
639.2977 Maintenance of records.

DRAFT

639.2978 Confidentiality of records.

CONTINUING PROFESSIONAL EDUCATION

639.300 Definitions.
639.315 "Continuing education unit" defined.
639.320 "Provider" defined.
639.330 Registration and renewal of registration: Continuing education required; submission of proof.
639.333 Registration and renewal of registration: Acceptance of certificate issued by another state as proof of compliance with requirements for continuing education.
639.335 Registration and renewal of registration: Exceptions to requirement of continuing education.
639.345 Providers of continuing education: Records required; issuance of certificates of completion.
639.365 Providers of continuing education: Advertising, announcements and other promotional material.
639.390 Certificate of completion: Retention by pharmacist; copy to be submitted to Board upon request.

REMOTE SITES, SATELLITE CONSULTATION SITES AND TELEPHARMACIES

639.391 Pharmacist or dispensing practitioner required to obtain certificate of registration to dispense controlled substances or dangerous drugs at remote site or satellite consultation site.
639.392 Telepharmacies required to be located within State; requirements concerning accessibility of pharmacist or dispensing practitioner; procedure during interruption of communicative access between telepharmacy and remote site or satellite consultation site.
639.393 Requirements for pharmaceutical technicians and dispensing technicians.
639.395 Transmission of new prescription to telepharmacy; consultation with pharmacist or dispensing practitioner required before accessing controlled substances or dangerous drugs at remote site or satellite consultation site; prerequisites for dispensing at remote site or satellite consultation site.
639.396 Requirements for maintenance of records.
639.397 Requirements for labeling.
639.398 Establishment of policies and procedures for operation of remote site or satellite consultation site; monthly inspections.
639.399 Responsibility of pharmacist or dispensing practitioner concerning dispensing of controlled substances or dangerous drugs at remote site or satellite consultation site.

OFF-SITE PHARMACY PRACTICE

639.401 Pharmacist authorized to engage in practice of pharmacy only at licensed pharmacy; exceptions.
639.403 Engaging in practice of pharmacy at site other than licensed pharmacy: Approval of Board required under certain circumstances; submission of application.
639.406 Engaging in practice of pharmacy at site other than licensed pharmacy: Hearing to approve or deny application from pharmacist.
639.407 Engaging in practice of pharmacy at site other than licensed pharmacy: Approval of Board not required under certain circumstances; required access to computerized system and patient data.
639.408 Engaging in practice of pharmacy at site other than licensed pharmacy: Limitation on performance of services; requirements; prohibitions.
639.409 Grounds for revocation, suspension or placement of restrictions on approval granted to pharmacist to practice pharmacy at site other than licensed pharmacy.

INTERNET PHARMACIES

General Provisions

639.420 Definitions.
639.422 "Certified Internet pharmacy" defined.
639.424 "Internet pharmacy" defined.

Certification

639.426 Requirements for approval of application.
639.428 Access to premises and records; suspension for noncompliance.

CANADIAN PHARMACIES

639.430 Licensure: Requirement; application.
639.432 Restrictions on dispensing drugs.
639.434 Standards of practice.
639.436 Dissemination of certain contact information; printing of certain information on label of prescription.

MEDICAL FACILITIES AND CORRECTIONAL INSTITUTIONS

DRAFT

General Provisions

639.440 Definitions.
639.441 “Administer” defined.
639.442 “Chart order” defined.
639.445 “Compound” and “compounding” defined.
639.446 “Consultant pharmacist” defined.
639.4465 “Correctional institution” defined.
639.447 “Deliver” and “delivery” defined.
639.448 “Device” defined.
639.449 “Direct copy” defined.
639.450 “Dispense” defined.
639.451 “Distribute” defined.
639.452 “Floor stock” defined.
639.453 “Formulary” defined.
639.455 “Investigational drug” defined.
639.456 “IV admixture” defined.
639.457 “Medical facility” defined.
639.4575 “Pharmacy” defined.
639.458 “Prescription” defined.
639.459 “Unit dose” defined.
639.460 “Unit of use” defined.
639.461 Licensing.
639.462 Biennial registration.
639.463 Change of ownership.

Standards of Operation

639.464 Scope of services in hospital or correctional institution.
639.4645 Maintenance of registration certificates required.
639.465 Managing pharmacist.
639.466 Consultant pharmacist.
639.467 Staff pharmacists.
639.468 Establishment of policies, procedures and systems.
639.4685 Handling of medications in correctional institutions without pharmacies.
639.469 Standards for premises.
639.470 Security of premises.
639.472 Maintenance of reference library.
639.473 Procurement and storage of drugs.
639.474 Development and use of formulary.
639.475 Preparation and labeling of admixtures.
639.476 Prepackaging of drugs.
639.477 Policies and procedures for distribution of drugs.
639.478 Limitations on distribution of drugs.
639.479 Withdrawal of drugs when full-time pharmacist is absent.
639.480 Withdrawal of drugs when part-time or consultant pharmacist is absent.
639.481 Withdrawal of drugs when facility uses floor stock and pharmacy is closed.

Records

639.482 Maintenance and availability of records.
639.483 Statutes applicable to maintenance of records.
639.484 Contents and maintenance of chart orders.
639.485 Maintenance of records for controlled substances.
639.486 Maintenance of records of controlled substances administered from floor stock.
639.487 Maintenance of additional records.
639.488 Maintenance of records for distribution of controlled substances to another pharmacy or practitioner.
639.489 Separation of certain records.

DRAFT

639.490 Permission to use centralized system for keeping records.

Chart Order Processing Services

639.491 Definitions.
639.4911 "Chart order" defined.
639.49115 "Chart order processing services" defined.
639.4912 "Correctional institution" defined.
639.4914 "Remote chart order processing services" defined.
639.4915 Provision of services by pharmacies within certain hospitals and correctional institutions.
639.4916 Provision of remote services by pharmacist employed by or under contract with pharmacy located in hospital or correctional institution.

FACILITIES FOR INTERMEDIATE CARE AND FACILITIES FOR SKILLED NURSING

639.492 Definitions.
639.494 Prescriptions for controlled substances: Accountability record; handling of unused portions.
639.496 Maintenance of accountability record; examination of chart orders; issuance of receipt for controlled substances delivered to coroner.
639.498 Destruction of certain controlled substances: Requirement; procedure.

RECOVERY CENTERS AND SURGICAL CENTERS FOR AMBULATORY PATIENTS

639.4985 Definitions.
639.4987 "Compounding" defined.
639.4989 "Drug" defined.
639.4991 "Investigational drug" defined.
639.4992 Dispensing of controlled substances and dangerous drugs: Registration and licensing required.
639.4996 Establishment and review of policies and procedures by pharmacist.
639.4998 Duties of pharmacist who establishes policies and procedures.

PHARMACIES IN GENERAL

639.500 Ownership of pharmacies; application to conduct a pharmacy.
639.5005 Representative of pharmacy: General requirements; exceptions; approval; enforcement.
639.5007 Terms and conditions of license to conduct pharmacy for applicant required to designate representative.
639.501 Inspections; provision of self-assessment form.
639.5014 Completion of self-assessment form before annual inspections; suggestions relating to compliance by or improvement of pharmacy.
639.5016 Annual inspections: Review of self-assessment form; notes regarding discrepancies or deficiencies; correction of discrepancies or deficiencies.
639.5018 Protection of employee providing answers, information or suggestions on self-assessment form or during inspections.
639.5019 Annual review by Board of provisions of NAC 639.501 to 639.5019, inclusive.
639.503 Maintenance in pharmacy of current statutes, regulations and reference material.
639.505 Maintenance in pharmacy of reports of inspection, warning notices and special bulletins.
639.510 Maintenance and storage of pharmaceutical stock.
639.512 Class A and B packaging: Label; expiration date; log.
639.513 Class C packaging: Expiration date.
639.515 Stock of drugs in facility for skilled nursing or intermediate care.
639.517 Nurse employed by medical facility or agency to provide nursing in the home may maintain stock of certain drugs.
639.520 Security of prescription departments.
639.523 Physical address for delivery of drugs.
639.525 Minimum requirements for work area and equipment.
639.526 Drive-through facilities.
639.527 Required temperature in refrigerator or freezer used to store medicine.
639.528 Preparation and storage of food in prescription department of pharmacy.
639.530 Sanitation; required washbasins; exception.
639.535 Remodeling or relocation of pharmacy or prescription department.
639.540 Notice of employment and termination of employment of certain pharmaceutical professionals.
639.542 Identification of persons employed by pharmacy.
639.556 Meal periods and rest periods for employees of pharmacy.

DRAFT

639.570 Involuntary closure of pharmacy.
639.575 Voluntary closure of pharmacy.
639.580 Permanent closure of pharmacy.
NUCLEAR PHARMACIES
639.5802 Definitions.
639.5804 "Agreement state" defined.
639.5806 "Authentication of product history" defined.
639.5808 "Procedures to assure the quality of radiopharmaceuticals" defined.
639.581 "Qualified nuclear pharmacist" defined.
639.5812 "Radiopharmaceutical services" defined.
639.5814 "Testing to control the quality of radiopharmaceutical" defined.
639.5816 "Radiopharmaceutical" interpreted.
639.5818 Nuclear pharmacist: Certification; training and instruction; affidavit of experience and training.
639.582 Permit to operate.
639.5822 Space and equipment requirements; floor plan.
639.5824 Security.
639.5826 Records.
639.5828 Quality assurance procedures for radiopharmaceuticals.
639.583 Dispensing or transferring radiopharmaceuticals.
639.5832 Oral order for radiopharmaceutical: Requirement to keep record; contents of record.
639.5834 Outer shield of radiopharmaceutical container: Label required; contents of label.
639.5836 Inner label of radiopharmaceutical container; contents.
639.5838 Records of nuclear pharmacy when radiopharmaceutical is dispensed pursuant to investigational new drug application: Contents.
639.584 Required equipment.
WHOLESALERS
639.585 Definitions.
639.587 "Facility" defined.
639.588 "Manufacturer" defined.
639.589 "Ongoing relationship" defined.
639.5893 "Person who exercises significant influence over the operation" defined.
639.5895 "Purchaser" defined.
639.5897 "Purchasing wholesaler" defined.
639.5902 "Statement of prior sales" defined.
639.5905 "Supplier" defined.
639.592 "Wholesaler" defined.
639.593 Licensing requirements; consideration of transaction as wholesale transaction; new application if change of ownership; nontransferability of license; exception to submission of fingerprints.
639.59305 Submission of fingerprints of persons who exercise significant influence over the operation of wholesaler.
639.5931 Submission of fingerprints: Required method. [Replaced in revision by NAC 639.223.]
639.5932 Provisional license: Prerequisites for issuance.
639.5935 Representative of wholesaler: General requirements; exceptions; approval; enforcement.
639.5937 Bond or other security: Amount required from certain wholesalers; reduction of amount; substitution.
639.5938 Filing of single bond for multiple sites.
639.594 Documentation of ongoing relationship; ongoing relationship attributed to affiliated wholesaler under certain circumstances.
639.595 Qualifications of employees who engage in storage or distribution of drugs.
639.596 Facilities: General requirements; maintenance of stock.
639.597 Facilities: Security.
639.5975 Prescription drugs: Restrictions on purchase and receipt; disposal of certain drugs.
639.5977 Prescription drugs: Sale to purchasing wholesaler.
639.598 Prescription drugs: Storage.
639.599 Prescription drugs: Examination of shipments; actions upon determination of certain conditions.

DRAFT

639.601 Prescription drugs: Separation and disposal of certain drugs.
639.6015 Prescription drugs: Destruction.
639.602 Prescription drugs: Records.
639.603 Prescription drugs: Requirements regarding statements of prior sales.
639.6035 Prescription drugs: Exclusion of certain transactions from statements of prior sales.
639.604 Maintenance and availability of list of wholesalers with whom manufacturer has ongoing relationship.
639.605 Establishment and maintenance of policies and procedures regarding prescription drugs.
639.6053 Wholesaler who employs person to sell or market drug, medicine or chemical: Annual submission of certain information to Board; review and contents of marketing code of conduct; exemption.
639.6055 Submission of certain information regarding sales and marketing staff: Submission of form after initial submittal; method of submission.
639.6057 Submission of certain information regarding sales and marketing staff: Incomplete, improperly completed or noncompliant submittal; correction of deficiencies.
639.606 Establishment and maintenance of lists regarding certain personnel.
639.6065 Annual submission of certain reports or proof to Board.
639.607 Inspections; examination of records and procedures; copies of documents.

MANUFACTURERS

639.609 "Manufacturer" defined.
639.610 Minimum standards for premises.
639.615 Equipment and requirements for operation; employees.
639.616 Manufacturer who employs person to sell or market drug, medicine or chemical: Annual submission of certain information to Board; review and contents of marketing code of conduct.
639.617 Manufacturer who employs person to sell or market device or appliance: Annual submission of certain information to Board; review and contents of marketing code of conduct.
639.618 Submission of certain information regarding sales and marketing staff: Submission of form after initial submittal; method of submission.
639.619 Submission of certain information regarding sales and marketing staff: Incomplete, improperly completed or noncompliant submittal; correction of deficiencies.

WAREHOUSES

639.620 Definitions.
639.621 "Authorized person" defined.
639.622 "Authorized warehouse" defined.
639.623 "Chain warehouse" defined.
639.624 "Facility" defined.
639.625 "Goods" defined.
639.626 "Manufacturer" defined.
639.627 "Pharmacy" defined.
639.6282 "Third-party logistics provider" defined.
639.629 "Wholesaler" defined.
639.6305 Third-party logistics providers: General requirements.
639.631 Licensing: General requirements.
639.633 Contracts authorizing receipt, storage and shipment of prescription drugs and goods.
639.634 Enforcement of statutory liens.
639.635 Cessation of operation.
639.636 Change in legal ownership of facility resulting from legal proceeding.
639.637 Facilities: General requirements.
639.638 Facilities: Security.
639.639 Prescription drugs: Storage.
639.640 Prescription drugs: Shipment.
639.641 Prescription drugs: Records.
639.642 Establishment of policies and procedures regarding prescription drugs.
639.643 Inspections; examination of records and procedures.
639.644 Enforcement.

DRAFT

VETERINARIANS: CONSIGNMENT OF APPROVED DRUGS FROM WHOLESALERS TO PHARMACIES
639.645 Definitions.
639.6455 "Approved drug" defined.
639.646 "Consign," "consigned" and "consignment" defined.
639.6465 "Licensed pharmacy" defined.
639.6475 "Licensed wholesaler" defined.
639.648 Requirements for veterinarian to engage in consignment; maintenance of records; counseling of client on matters to enhance therapy of animal.
639.6485 Requirements for wholesaler to engage in consignment; additional requirements for obtaining license as wholesaler.
639.649 Requirements for pharmacy to engage in consignment; additional requirements for obtaining license as pharmacy.
639.6495 Payment by pharmacy to veterinarian not considered unearned compensation.
VETERINARY DRUGS
639.650 Fee for and scope of permit to sell; penalty for late registration; prohibited sales; refrigeration.
639.655 Registration of euthanasia technician who possesses or administers sodium pentobarbital; registration revocable privilege.
639.660 Restriction on use of rabies vaccine.
COMPOUNDING AND DISPENSING DRUG PRODUCTS
General Provisions
639.661 Definitions.
639.6611 "Active ingredient" defined.
639.6613 "Ante-area" defined.
639.6615 "Barrier isolator cabinet" defined.
639.6617 "Beyond-use date" defined.
639.6619 "Buffer area" defined.
639.6621 "Chart order" defined.
639.6623 "Component" defined.
639.6625 "Compound" and "compounding" defined.
639.6627 "Compounding aseptic containment isolator" defined.
639.6629 "Compounding aseptic isolator" defined.
639.663 "Cytotoxic" defined.
639.6631 "Drug product" defined.
639.6633 "Gloved fingertip sampling" defined.
639.6635 "Hazardous drug" defined.
~~639.6637 "High-risk sterile compounded drug product" defined.~~
639.6639 "Immediate-use sterile compounded drug product" defined.
639.6641 "ISO Class 5" defined.
639.6643 "ISO Class 7" defined.
639.6645 "ISO Class 8" defined.
~~639.6647 "Low-risk sterile compounded drug product" defined.~~
639.6649 "Media fill test" defined.
639.665 "Medical facility" defined.
~~639.6655 "Medium-risk sterile compounded drug product" defined.~~
639.6665 "Nonsterile compounded drug product" defined.
639.667 "Nursing personnel" defined.
639.6673 "Parenteral nutrition" defined.
639.6677 "Sterile compounded drug product" defined.
639.670 Adoption of certain publications by reference; revision of publication after adoption.
Standards for Compounding and Dispensing Generally
639.6701 Inspection of materials and equipment; recordkeeping.
639.67013 Competency and proficiency of certain pharmaceutical personnel.
639.67015 Establishment of policies and procedures.
639.67017 Use of automated compounding devices.
639.67019 Retention of records.

DRAFT

639.6702 Records concerning drug products compounded in excess and in bulk quantities.

Standards for Compounding and Dispensing Nonsterile Products

639.6703 Labeling.

~~639.67033 Environmental standards.~~

639.67035 Establishment of policies and procedures.

~~639.67037 Safety procedures for storage, handling, compounding and disposal; training required.~~

Standards for Compounding and Dispensing Sterile Products

~~639.6705 Environmental standards.~~

~~639.67051 Air quality testing and certification.~~

639.67053 Tests for competency and proficiency of certain pharmaceutical personnel.

639.67055 Record verifying accuracy required to be made.

639.67057 Procedures following breach of seal of single-dose and multi-dose containers.

~~639.67059 Exemptions for certain institutional pharmacies.~~

~~639.67061 Low-risk sterile compounding: Process and storage.~~

~~639.67063 Low-risk sterile compounding: Radiopharmaceutical drug products.~~

~~639.67065 Medium-risk sterile compounding: Process and storage.~~

~~639.67067 High-risk sterile compounding: Process and storage.~~

~~639.67069 High-risk sterile compounding: Sterilization.~~

~~639.67071 High-risk sterile compounding: Testing of certain drug products.~~

639.67073 Immediate-use sterile compounding: Preparation and labeling.

~~639.67075 Immediate-use sterile compounding: Compounding standards.~~

639.67077 Sterile hazardous drugs: Safety procedures for storage, handling, compounding and disposal.

639.67079 Sterile hazardous drugs: Required training for certain pharmaceutical personnel.

Standards for Compounding and Dispensing Parenteral Solutions

639.672 Reference materials required to be located in or immediately available to pharmacy.

639.680 Labeling.

639.682 Record for each patient.

639.683 Delivery, storage and recordation of delivery.

639.686 Written policies and procedures for disposal of infectious materials and materials containing cytotoxic residues.

639.688 Written policies and procedures regarding provision of services related to parenteral therapy.

639.690 Pharmacist: Consultation with patient; proper training in safe handling, compounding and therapy related to parenteral solutions.

OUTSOURCING FACILITIES

639.691 Definitions.

639.6911 “Compounding” defined.

639.6912 “Outsourcing facility” defined.

639.6913 “Sterile drug” defined.

639.6915 Duties of facility.

639.6916 When licensure as pharmacy required.

PROVIDERS AND WHOLESALERS OF MEDICAL PRODUCTS

General Provisions

639.693 Definitions.

639.69305 “Accreditation and certification organization” defined.

639.6931 “Assistive equipment” defined.

639.6932 “Consumer” defined.

639.69325 “Customized orthotic or prosthetic device” defined.

639.6933 “Health professional” defined.

639.6934 “Life-sustaining equipment” defined.

639.6935 “Medical products” defined.

639.6936 “Medical products provider” defined.

639.6937 “Medical products wholesaler” defined.

639.6938 “Respiratory equipment” defined.

639.6939 Adoption by reference of code of ethics and code of professional conduct; revision of codes after adoption.
639.694 Employment of administrator required; duties; notice to Board of cessation of employment; sharing of common administrator at shared facility.
639.6941 Unprofessional conduct; responsibility of owner for acts of others.

Licensing and Fees

639.6942 Application for license; license required for each location; notification of change in information; license nontransferable; expiration.
639.6943 Board will not issue license to certain practicing health professionals.
639.6944 Licensing of applicants located outside of State.
639.6945 Waiver of license fee.

Medical Products Providers

639.6946 Duties of providers; repair and maintenance of medical products; hours of operation; restriction on location; procedure for consumer complaints.
639.6947 Change in controlling interest.
639.6948 Compliance with provisions by person or business who is not medical products provider.
639.6949 Provision of medical products to consumer with or without bona fide order or prescription; tracking requirements.
639.695 Maintenance of records.
639.6951 Communications and advisement of options and use of medical products; written record.
639.6952 Communications concerning use of medical products provided by written or oral order or prescription; written record.
639.6953 Assistive equipment.
639.69533 Customized orthotic or prosthetic devices: Approval by Board required.
639.69535 Customized orthotic or prosthetic devices: Accessibility of services and confidentiality.
639.69537 Customized orthotic or prosthetic devices: Practitioner's order required.
639.6954 Medical gases and associated equipment or respiratory equipment.
639.69543 Insulin pumps.
639.69545 Pressurized stockings.
639.6955 Life-sustaining equipment.
639.6956 Parenteral and enteral services and equipment.

Medical Products Wholesalers

639.6957 Duties of wholesalers; repair and maintenance of medical products; hours of operation; consumer complaints.
639.69573 Wholesaler who employs person to sell or market device or appliance: Annual submission of certain information to Board; review and contents of marketing code of conduct.
639.69575 Submission of certain information regarding sales and marketing staff: Submission of form after initial submittal; method of submission.
639.69577 Submission of certain information regarding sales and marketing staff: Incomplete, improperly completed or noncompliant submittal; correction of deficiencies.

Disciplinary Action

639.6958 Summary suspension of license.

TRADE PRACTICES

639.700 Performance of certain acts by pharmacists and pharmaceutical interns only.
639.701 Acts not required to be performed by pharmaceutical professionals.
639.702 Responsibility for acts and omissions of personnel who are not pharmacists.
639.704 Check of license or certification required before employment by pharmacy or wholesaler.
639.706 Marking of prescriptions with serial numbers; maintenance of files of prescriptions.
639.707 Counseling of patients: Duties of pharmacist, intern pharmacist or dispensing practitioner; exception; documentation.
639.708 Counseling of patients: Duties of pharmacy or dispensing practitioner.
639.709 Persons to whom pharmacy may furnish certain restricted products.
639.7102 Use of computer system for issuance and transmission of prescription.
639.7105 Electronic transmission of prescription.

DRAFT

639.711 Transmission of prescription by facsimile machine.
639.712 Transcribing prescription transmitted by oral order.
639.7125 Use of fulfillment pharmacy by dispensing pharmacy.
639.713 Transfer of information between pharmacies: Conditions; prohibitions.
639.714 Transfer of information between pharmacies: Procedure.
639.7145 Transfer of information between pharmacies: Requirements for transfer by facsimile machine.
639.715 Automated drug dispensing system or other mechanical device: Restrictions on use.
639.718 Automated drug dispensing system used by pharmacy: Licensure required for system; use to dispense prescription drugs to patients.
639.719 Automated drug dispensing system used by reproductive healthcare center: Licensure required for system; use to dispense prescription drugs to patients.
639.720 Mechanical device other than automated drug dispensing system: Licensure and use to furnish drugs and medicines for administration to registered patients in medical facility and to patients receiving treatment in emergency room of hospital.
639.725 Use of mechanical counting device for dispensing medication to be taken orally.
639.730 Inspection of damaged pharmaceuticals.
639.740 Container for dispensing prescribed medicine.
639.742 Dispensing of controlled substances or dangerous drugs for human consumption: Application by practitioner for certificate of registration at each site; application by facility required under certain circumstances; duties of dispensing practitioner, facility and federally-qualified health center vehicle relating to drugs; authority of dispensing practitioner and technician.
639.7421 Dispensing of controlled substances: Registered practitioner practicing in hospital or independent center for emergency medical care exempt from requirement to obtain certificate of registration to dispense at site.
639.7422 Dispensing of dangerous drugs: Application by dispensing practitioner to transport and dispense to patients of federally-qualified health center from federally-qualified health center vehicle; duties of dispensing practitioner; approval of vehicle not transferable.
639.7423 Dispensing of controlled substances or dangerous drugs not for human consumption: Application by veterinarian for certificate of registration; duties of veterinarian and veterinary facility; maintenance of records; exemption from certain regulations.
639.7424 Dispensing technician in training: Application and fee for registration; grounds for denial of application; issuance and expiration of registration; participation in training.
639.7425 Dispensing technician: Application and fee for certificate of registration; grounds for denial of application; issuance and expiration of certificate of registration; in-service training required for renewal of registration.
639.743 Restrictions on access to drugs by dispensing technician in training or dispensing technician; dispensing practitioner responsible for performance of functions by dispensing technician.
639.7435 Dispensing technician and dispensing technician in training: Registration transferable; notice of change of location of practice or supervisor.
639.744 Dispensing practitioner: Employment of multiple dispensing technicians.
639.7445 Dispensing practitioner: Disciplinary action for violation of NAC 639.742 to 639.7445, inclusive.
639.745 Duties of certain practitioners concerning dispensing of controlled substances and dangerous drugs; maintenance of records.
639.746 Registration of oncology group practice or group of practitioners practicing at reproductive healthcare center to maintain single inventory of dangerous drugs; issuance and renewal of certificate of registration; authority and duties of registrant.
639.748 Identification of person who picks up controlled substance.
639.750 Dispensing of medication at certain locations when services of local retail pharmacy not available.
639.751 Requirements concerning signatures or initials to be placed on prescription.
639.752 Restrictions on filling or dispensing certain prescriptions.
639.753 Declination of pharmacist to fill prescription.
639.754 Refilling prescriptions: Restrictions; authorization by patient without specific request for particular refill.
639.755 Sale of preparations for treatment of asthma.
639.756 Retail community pharmacy: Required notice of availability of prescription readers; directions or advice on

obtaining prescription reader.
639.757 Preparation and sale of compounded drugs by pharmacy or pharmacist: License as manufacturer not required under certain circumstances; unsafe or ineffective drug; restrictions on sale.
639.760 Return of unused drugs packaged in unit doses.
639.765 Disclosure by practitioner of certain ownership interests in pharmacy.
SELF-ADMINISTERED HORMONAL CONTRACEPTIVES
639.771 Requirements for pharmacist to dispense under protocol.
639.772 Adoption of certain eligibility criteria by reference; revision of publication after adoption.
639.773 Protocol for dispensing.
639.774 Risk assessment questionnaire.
DRUGS FOR PREVENTING THE ACQUISITION OF HUMAN IMMUNODEFICIENCY VIRUS
639.776 "Drug" defined.
639.777 Requirements for pharmacist to prescribe, dispense and administer.
639.778 Procedure for prescribing, dispensing and administering preexposure and postexposure prophylaxis drugs.
639.7785 Adoption by reference of certain guidelines; revision of publication after adoption.
639.779 Compliance with certain guidelines, laws and regulations; prescribing, dispensing and administering without laboratory testing; plan of care for treatment.
REPACKAGING OF PREVIOUSLY DISPENSED DRUGS
639.781 Definitions.
639.784 Duties of repackaging pharmacy.
639.788 Restrictions on repackaging pharmacy.
PRODUCTS THAT ARE PRECURSORS TO METHAMPHETAMINE
639.815 Real-time, stop sale system: Minimum requirements for approval by the Board.
639.817 Real-time, stop sale system: Duties of pharmacy; completion of sale or transfer despite an alert from or without first consulting the system authorized in certain circumstances.
PRESCRIPTIONS FOR CERTAIN CONTROLLED SUBSTANCES FOR TREATMENT OF PAIN
639.823 "Acute pain" interpreted.
639.826 "Course of treatment" interpreted.
639.831 Requirements included to "obtain informed written consent to the use of the controlled substance."
639.834 Review of medical history and physical examination of patient; good faith effort to obtain and review medical records; determination of whether medical record is necessary.
639.836 Practitioner not prohibited from prescribing or increasing dosage of controlled substance under certain circumstances.
639.838 Prescription medication agreement: Authority of patient to enter into agreement with group of practitioners; review and update by practitioner.
ADVANCED PRACTICE REGISTERED NURSES
General Provisions
639.841 "Collaborating physician" defined.
639.846 Change in location of practice or collaborating physician.
Prescribing
639.850 Certificate of registration: Application; appearance before Board.
639.854 Scope of authority to prescribe.
639.858 Authorization to write prescription in form of chart order or physician's order.
Dispensing
639.870 Certificate of registration: Application; fee; period of validity; appearance before Board; collaborating physician; late renewal.
639.879 Scope of authority to dispense.
639.892 Use of child-proof container.
639.898 Security and storage of controlled substances and drugs.
Disciplinary Action
639.900 Grounds for denial of application or suspension or revocation of registration.
COMPUTERIZED SYSTEMS
Recording of Information

639.910 Information to be provided by system; procedure to ensure information not lost or destroyed.
639.912 Requirements for use of system; maintenance of physical records.
639.914 Maintenance and availability of information relating to operation; entrance of each prescription into system required; issuance of consecutive numbers for prescriptions.
639.918 Written record of refills; exception.
639.921 Sharing information between systems: Conditions and requirements.
639.924 Computerized system to record prescriptions required for pharmacies licensed on or after August 27, 1996.
639.926 Transmission of information regarding dispensing of controlled substances to certain persons; adoption and availability of publication by reference.
639.930 Safeguards against access to and modification or manipulation of information.
639.935 Printed record of contents.
639.938 Auxiliary procedure to document prescriptions when system not functioning.

Automated Dispensing Systems

639.940 "Computerized system to fill prescriptions" defined.
639.9405 Authority to use system.
639.941 Written policies and procedures of operation.
639.9415 Written program for quality assurance.
639.942 Written plan for recovery.
639.9425 Written program for preventative maintenance of system.
639.943 Required security of drugs and records.

DISCIPLINARY ACTION

639.945 Unprofessional conduct; owner responsible for acts of employees.
639.951 Violations by employees of pharmacy concerning controlled substances or other drugs; screening tests.
639.955 Imposition of fines; authority to take disciplinary action.
639.960 Dissemination of certain orders and decisions to National Practitioner Data Bank and certain licensing authorities.
639.965 Failure to comply with order imposing disciplinary action: Issuance of order to show cause; hearing.
639.968 Failure to comply with order imposing disciplinary action: Contents of order to show cause.
639.972 Failure to comply with order imposing disciplinary action: Service of order to show cause.
639.976 Failure to comply with order imposing disciplinary action: Authority of Board to take action upon conclusion of hearing.
639.978 Failure of respondent to appear at hearing to show cause.

COMPOUNDING AND DISPENSING DRUG PRODUCTS

General Provisions

NAC 639.661 Definitions. (NRS 639.070**,** 639.2807**)** As used in NAC 639.661 to 639.690, inclusive, unless the context otherwise requires, the words and terms defined in NAC 639.6611 to 639.6677, inclusive, have the meanings ascribed to them in those sections.

(Added to NAC by Bd. of Pharmacy, eff. 7-7-94; A by R035-06, 9-18-2008)

NAC 639.6611 "Active ingredient" defined. (NRS 639.070**)** "Active ingredient" means an ingredient added to a compounded drug product which provides the therapeutic effect desired from the compounded drug product. The term does not include an inert ingredient.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.6613 "Ante-area" defined. (NRS 639.070**)** "Ante-area" has the meaning ascribed to it in chapter 797 of the *United States Pharmacopeia - National Formulary*, as adopted by reference in paragraph (c) of subsection 1 of NAC 639.670.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.6615 "Barrier isolator cabinet" defined. (NRS 639.070**)** "Barrier isolator cabinet" means a device the

interior of which creates an ISO Class 5 environment and provides an impermeable barrier to outside air at all times while it is being used for compounding purposes. The term includes, without limitation, compounding aseptic isolators and compounding aseptic containment isolators.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.6617 "Beyond-use date" defined. (NRS 639.070**)** "Beyond-use date" has the meaning ascribed to it in chapter 797 of the *United States Pharmacopeia - National Formulary*, as adopted by reference in paragraph (c) of subsection 1 of NAC 639.670.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.6619 "Buffer area" defined. (NRS 639.070**)** "Buffer area" has the meaning ascribed to it in chapter 797 of the *United States Pharmacopeia - National Formulary*, as adopted by reference in paragraph (c) of subsection 1 of NAC 639.670.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.6621 "Chart order" defined. (NRS 639.070**)** "Chart order" has the meaning ascribed to it in NAC 639.442.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.6623 "Component" defined. (NRS 639.070**)** "Component" means an ingredient that is used to compound a drug product, including, without limitation, an ingredient that does not appear on the labeling of the compounded drug product.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.6625 "Compound" and "compounding" defined. (NRS 639.070**)**

1. Except as otherwise provided in subsection 2, "compound" and "compounding" mean:

(a) The preparation, mixing or assembling of a drug product of which at least one component is a prescription drug; and

(b) The packaging and labeling incident to the preparation, mixing or assembling of a drug product for the purpose of selling or dispensing the drug product pursuant to a prescription or chart order.

2. The terms "compound" and "compounding" do not include the mixing or reconstituting of a nonsterile drug product that is performed in accordance with:

(a) The directions contained in the labeling of the drug product that have been approved by the Food and Drug Administration and provided by the manufacturer of the drug product; or

(b) Any other directions provided by the manufacturer of the drug product that are consistent with the labeling of the drug product that have been approved by the Food and Drug Administration.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.6627 "Compounding aseptic containment isolator" defined. (NRS 639.070**)** "Compounding aseptic containment isolator" has the meaning ascribed to it in chapter 797 of the *United States Pharmacopeia - National Formulary*, as adopted by reference in paragraph (c) of subsection 1 of NAC 639.670.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.6629 "Compounding aseptic isolator" defined. (NRS 639.070**)** "Compounding aseptic isolator" has the meaning ascribed to it in chapter 797 of the *United States Pharmacopeia - National Formulary*, as adopted by reference in paragraph (c) of subsection 1 of NAC 639.670.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.663 "Cytotoxic" defined. (NRS 639.070**,** 639.2807**)** "Cytotoxic" means having the capability of killing living cells.

(Added to NAC by Bd. of Pharmacy, eff. 7-7-94)

NAC 639.6631 "Drug product" defined. (NRS 639.070**)** "Drug product" means a commercially manufactured drug or nutrient that has been evaluated for safety and efficacy by the Food and Drug Administration.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.6633 "Gloved fingertip sampling" defined. (NRS 639.070**)** "Gloved fingertip sampling" has the meaning ascribed to it in chapter 797 of the *United States Pharmacopeia - National Formulary*, as adopted by reference in paragraph (c) of subsection 1 of NAC 639.670.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.6635 "Hazardous drug" defined. (NRS 639.070**)** "Hazardous drug" means:

1. A compounded drug product in which one or more of the components of the compounded drug product produce one or more of the following characteristics in humans or animals:
   (a) Carcinogenicity;
   (b) Teratogenicity or other developmental toxicity;
   (c) Reproductive toxicity;
   (d) Organ toxicity at low doses; or
   (e) Genotoxicity; or
2. A compounded drug product in which the structure and toxicity profiles of the compounded drug product mimic an existing drug product which has components that produce one or more of the characteristics set forth in subsection 1.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

~~**NAC 639.6637 "High-risk sterile compounded drug product" defined. (**NRS 639.070**)** "High-risk sterile compounded drug product" means a sterile compounded drug product which is compounded by a pharmacist or a pharmaceutical technician and which satisfies the requirements set forth in NAC 639.67067.~~

~~(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)~~

NAC 639.6639 "Immediate-use sterile compounded drug product" defined. (NRS 639.070**)** "Immediate-use sterile compounded drug product" means a sterile compounded drug product which is compounded by a pharmacist or a pharmaceutical technician and which satisfies the requirements set forth in NAC 639.67073.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.6641 "ISO Class 5" defined. (NRS 639.070**)** "ISO Class 5" means the classification of an atmospheric environment that is made by the International Organization for Standardization based on an adaptation of Federal Standard 209E, as adopted by reference in paragraph (a) of subsection 1 of NAC 639.670, in which the atmospheric environment contains:

1. Less than 3,520 particles that are 0.5 micron or larger in diameter per cubic meter of air; or
2. Less than 100 particles that are 0.5 micron or larger in diameter per cubic foot of air.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.6643 "ISO Class 7" defined. (NRS 639.070**)** "ISO Class 7" means the classification of an atmospheric environment that is made by the International Organization for Standardization based on an adaptation of Federal Standard 209E, as adopted by reference in paragraph (a) of subsection 1 of NAC 639.670, in which the atmospheric environment contains:

1. Less than 352,000 particles that are 0.5 micron or larger in diameter per cubic meter of air; or
2. Less than 10,000 particles that are 0.5 micron or larger in diameter per cubic foot of air.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.6645 "ISO Class 8" defined. (NRS 639.070**)** "ISO Class 8" means the classification of an atmospheric environment that is made by the International Organization for Standardization based on an adaptation of Federal Standard 209E, as adopted by reference in paragraph (a) of subsection 1 of NAC 639.670, in which the atmospheric environment contains:

1. Less than 3,520,000 particles that are 0.5 micron or larger in diameter per cubic meter of air; or
2. Less than 100,000 particles that are 0.5 micron or larger in diameter per cubic foot of air.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

~~**NAC 639.6647 "Low-risk sterile compounded drug product" defined. (**NRS 639.070**)** "Low-risk sterile compounded drug product" means a sterile compounded drug product which is compounded by a pharmacist or a pharmaceutical technician and which satisfies the requirements set forth in NAC 639.67061.~~

~~(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)~~

DRAFT

NAC 639.6649 "Media fill test" defined. (NRS 639.070**)** "Media fill test" has the meaning ascribed to it in chapter 797 of the *United States Pharmacopeia - National Formulary*, as adopted by reference in paragraph (c) of subsection 1 of NAC 639.670.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.665 "Medical facility" defined. (NRS 639.070, 639.2807**)** "Medical facility" has the meaning ascribed to it in NRS 449.0151.

(Added to NAC by Bd. of Pharmacy, eff. 7-7-94)

~~**NAC 639.6655 "Medium-risk sterile compounded drug product" defined. (**NRS 639.070**)** "Medium-risk sterile compounded drug product" means a sterile compounded drug product which is compounded by a pharmacist or a pharmaceutical technician and which satisfies the requirements set forth in NAC 639.67065.~~

~~(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)~~

NAC 639.6665 "Nonsterile compounded drug product" defined. (NRS 639.070**)** "Nonsterile compounded drug product" means a drug product the preparation and dispensing of which require compounding and which is not required to be sterile as described in NAC 639.6677.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.667 "Nursing personnel" defined. (NRS 639.070, 639.2807**)** "Nursing personnel" means an employee of:

1. A medical facility who is licensed pursuant to chapter 632 of NRS;
2. A nursing pool as defined in NRS 449.0153; or
3. An agency to provide nursing in the home as defined in NRS 449.0015.

(Added to NAC by Bd. of Pharmacy, eff. 7-7-94)

NAC 639.6673 "Parenteral nutrition" defined. (NRS 639.070**)** "Parenteral nutrition" means nutrients provided intravenously.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.6677 "Sterile compounded drug product" defined. (NRS 639.070**)** "Sterile compounded drug product" means a drug product the preparation and dispensing of which require compounding and which is required to be sterile by either the provisions of chapter 797 of the *United States Pharmacopeia - National Formulary*, as adopted by reference in paragraph (c) of subsection 1 of NAC 639.670, or the provisions of NAC 639.661 to 639.690, inclusive.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.670 Adoption of certain publications by reference; revision of publication after adoption. (NRS 639.070, 639.2807**)**

1. The Board hereby adopts by reference the following, all licensees must adhere to these standards when compounding:

~~(a) Federal Standard 209E, "Airborne Particulate Cleanliness Classes in Cleanrooms and Clean Zones," as revised on September 11, 1992, by the Institute of Environmental Sciences. A copy of this publication may be obtained free of charge at the Internet address **http://www.set3.com/papers/209e.pdf**.~~

~~(b) NSF International Standard 49, "Class II (Laminar Flow) Biosafety Cabinetry," NSF/ANSI 49-2007, 2007 edition. A copy of this standard~~ may ~~be obtained from Techstreet, 3916 Ranchero Drive, Ann Arbor, Michigan 48108, or at the Internet address **http://www.techstreet.com/**, for the price of $160.~~ Clean room standards set by International Organization for Standardization (ISO), 1214 Verbier, Geneva, Switzerland.

~~(c)~~ *(a)United States Pharmacopeia - National Formulary*, 20~~08~~23 edition, published by the United States Pharmacopeial Convention. A copy of this publication may be obtained from the United States Pharmacopeial Convention, Customer Service Department, 12601 Twinbrook Parkway, Rockville, Maryland 20852, or at the Internet address **http://www.usp.org/products/**, ~~for the price of $755~~.

~~(d)~~ (b)The *Food Chemicals Codex*, ~~6~~ 13th edition, published by the United States Pharmacopeial Convention. A copy of this publication may be obtained from the United States Pharmacopeial Convention, Customer Service Department, 12601 Twinbrook Parkway, Rockville, Maryland 20852, or at the Internet address **http://www.usp.org/products/**, ~~for the price of $495.~~

~~(e) *Reagent Chemicals: Specifications and Procedures*, 10th edition, published by the American Chemical Society. A copy of this publication may be obtained from the Oxford University Press, 2001 Evans Road, Cary, North Carolina 27513, or at the Internet address **http://www.oup-usa.org**, for the price of $274.50~~.

~~(f)~~ (c)Appendix A of *Publication No. ~~2004-165~~2016-161*, "Alert: Preventing Occupational Exposures to Antineoplastic and Other Hazardous Drugs in Health Care Settings," published by the National Institute for Occupational Safety and Health. A copy of this publication may be obtained free of charge by telephone at (800) 232-4636 or at the Internet address **http://www.cdc.gov/niosh/docs/~~2004-165~~2016-161/**.

2. The Board will periodically review the standards and publications adopted by reference pursuant to paragraphs (b) to (f), inclusive, of subsection 1 and determine within 120 days after the review whether any change made to those standards or publications is appropriate for application in this State. If the Board does not disapprove a change to an adopted standard or publication within 120 days after the review, the change is deemed to be approved by the Board.

(Added to NAC by Bd. of Pharmacy, eff. 8-14-87; A 7-7-94; R035-06, 9-18-2008)

Standards for Compounding and Dispensing Generally

NAC 639.6701 Inspection of materials and equipment; recordkeeping. (NRS 639.070**)**

1. A pharmacy or pharmacist engaged in the practice of compounding drug products shall:

(a) Inspect and either approve or reject, without limitation, each component, container, closure, label and other material used in the process of compounding each drug product;

(b) Ensure the proper use, cleanliness and maintenance of any equipment used in the process of compounding each drug product; and

(c) Prepare the records required to be prepared pursuant to NAC 639.661 to 639.690, inclusive, concerning the compounding of each drug product to ensure that an error has not occurred in the process of compounding each drug product.

2. A pharmacy or pharmacist engaged in the practice of compounding drug products may not allow any food or drink to be stored or consumed in or at an area or room in the pharmacy that is designated for compounding.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.67013 Competency and proficiency of certain pharmaceutical personnel. (NRS 639.070**)**

1. A pharmacy engaged in the practice of compounding drug products and dispensing compounded drug products shall ensure that each pharmacist and pharmaceutical technician engaged in the practice of compounding drug products:

(a) Is competent and proficient in compounding the drug products that the pharmacist or pharmaceutical technician will be authorized and expected to compound;

(b) Complies with the provisions of NAC 639.661 to 639.690, inclusive, concerning the drug products which the pharmacist or pharmaceutical technician compounds and the compounded drug products which the pharmacist or pharmaceutical technician dispenses at the pharmacy; and

(c) Receives, on an ongoing basis, sufficient training to maintain that competency and proficiency.

2. A pharmacy engaged in the practice of compounding drug products and dispensing compounded drug products shall evaluate the competency and proficiency of a pharmacist and pharmaceutical technician:

(a) If the pharmacist or pharmaceutical technician is newly hired or is newly assigned to compound drug products, before the pharmacy authorizes the pharmacist or pharmaceutical technician to compound drug products; and

(b) If the pharmacist or pharmaceutical technician will be assigned to compound drug products that involve a higher level of risk than the drug products which the pharmacist or pharmaceutical technician had previously been trained to compound, before the pharmacy authorizes the pharmacist or pharmaceutical technician to compound those drug products.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.67015 Establishment of policies and procedures. (NRS 639.070**)**

1. A pharmacy engaged in the practice of compounding drug products shall establish and maintain written policies and procedures for compounding drug products to ensure that each final compounded drug product has the identity, strength, quality and purity which the compounded drug product is purported or represented to have. Such policies and procedures must include, without limitation:

(a) Policies and procedures for:

(1) The processes used by the pharmacy to compound drug products;

(2) The equipment used by the pharmacy to compound drug products;

(3) Ensuring that the actual weights and measures of each component are within plus or minus 5 percent of the theoretical weights and measures required for the drug products compounded by the pharmacy;

(4) Tracking, recalling and destroying the drug products compounded by the pharmacy, which must include a

requirement that the pharmacy ensure that all drug products which could have been compounded with a particular component be located, recalled and destroyed; and

(5) Identifying the drug products or components of drug products that will be considered hazardous drugs.

(b) Control procedures for monitoring each final compounded drug product and validating the compounding processes that may be responsible for causing variability in the final compounded drug product.

(c) Control procedures to ensure that:

(1) Each component is accurately weighed, measured or subdivided, as appropriate;

(2) Any variation in the actual yield of a drug product compounded by the pharmacy is within plus or minus 10 percent of the theoretical yield of the compounded drug product; and

(3) If a component is transferred from its original storage container to a new storage container, the new storage container is labeled with the date of the transfer and information that is sufficient to trace the contents of the new container to the original storage container.

2. A member of the staff of the Board may require a pharmacy engaged in the practice of compounding drug products to provide a sample of a drug product that is being compounded at the time of the request and any records related to that compounded drug product for purposes of testing the compounded drug product for compliance with the provisions of NAC 639.661 to 639.690, inclusive. The Board will share the costs of testing such a sample equally with the pharmacy.

3. If a sample tested pursuant to subsection 2 does not comply with the provisions of NAC 639.661 to 639.690, inclusive, the Board will notify the pharmacy of the failure to comply and the pharmacy must:

(a) Provide to the Board a written plan for remediating or addressing the noncompliance; and

(b) If requested by a member of the staff of the Board, provide an additional sample of the compounded drug product for testing. The costs of a test conducted pursuant to this paragraph must be paid solely by the pharmacy.

4. If the sample provided to the Board pursuant to paragraph (b) of subsection 3 does not comply with the provisions of NAC 639.661 to 639.690, inclusive, the Board will take such action as it deems necessary to correct the noncompliance or to prevent further noncompliance, including, without limitation:

(a) Suspending the license of the pharmacy pursuant to NRS 639.210;

(b) Suspending the ability of the pharmacy to compound certain drug products; and

(c) Requiring the pharmacy to perform any other remedial or protective measures the Board deems necessary to correct the noncompliance or to prevent further noncompliance.

NAC 639.67017 Use of automated compounding devices. (NRS 639.070**)**

1. A pharmacy may use an automated compounding device to:

(a) Assist with the compounding of a drug product; or

(b) Produce a final compounded drug product.

2. If a pharmacy uses an automated compounding device as described in subsection 1, the pharmacy shall establish and maintain written policies and procedures, in addition to the policies and procedures established and maintained pursuant to NAC 639.67015, that address:

(a) The qualifications that a pharmacist or a pharmaceutical technician must have to use the automated compounding device;

(b) The routine maintenance and cleaning required to be performed on the automated compounding device which, at a minimum, satisfies the requirements for maintenance and cleaning established by the manufacturer of the automated compounding device; and

(c) The testing required to be performed on the automated compounding device to ensure that the automated compounding device is measuring and dispensing the components of the compounded drug product and manufacturing the final compounded drug product within tolerances of not more than plus or minus 5 percent.

3. If a pharmacy uses an automated compounding device to assist with the compounding of a drug product for parenteral nutrition, the pharmacy shall establish safe maximum limits for each additive that may be used in compounding such a drug product. The pharmacy shall ensure that:

(a) The automated compounding device will cease compounding the drug product for parenteral nutrition if a maximum limit for an additive will be exceeded until a pharmacist, after consultation with the prescribing practitioner, makes changes to or validates the correctness of the prescription or chart order; or

(b) If an automated compounding device cannot be programmed to cease the compounding process as described in paragraph (a):

(1) The automated compounding device is equipped with an audible alarm or some other mechanism that will alert the pharmacist if a maximum limit for an additive has been exceeded; and

(2) The pharmacy has written policies and procedures to prevent the continuation of the compounding process once a maximum limit for an additive has been exceeded until a pharmacist, after consultation with the prescribing

practitioner, makes changes to or validates the correctness of the prescription or chart order.

4. If the pharmacy uses a computerized order entry system in conjunction with the automated compounding device, the pharmacy must ensure that the computerized order entry system will cease processing the order if a maximum limit for an additive will be exceeded until a pharmacist, after consultation with the prescribing practitioner, makes changes to or validates the correctness of the prescription or chart order.

5. A pharmacy shall make and maintain records that evidence compliance by the pharmacy with the policies and procedures required by this section.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.67019 Retention of records. (NRS 639.070**)**

1. Except as otherwise provided in NAC 639.67055, each record required to be made pursuant to NAC 639.661 to 639.690, inclusive, must be:

(a) Maintained by the pharmacy for which the record was made for at least 2 years after the date the record was made; and

(b) Available for inspection and copying by the Board or its representative.

2. Records made and maintained by a pharmacy pursuant to NAC 639.67055 must be available for inspection and copying by the Board or its representative after the 6-month period required by NAC 639.67055 if the pharmacy maintains the records longer than the required 6-month period.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.6702 Records concerning drug products compounded in excess and in bulk quantities. (NRS 639.070**)** For each compounded drug product that is in excess of the amount required by the prescription or chart order and each compounded drug product that is compounded in bulk quantities, the pharmacist who compounded or supervised the compounding of the compounded drug product shall prepare a record, either on paper or in the pharmacy's computer system, that includes, without limitation:

1. The name of the compounded drug product;

2. A list of the components and quantities of components used to compound the drug product, including, without limitation, the manufacturer or supplier of the components used, the lot number of the components used and the expiration dates of the components used;

3. The internal control number assigned to the compounded drug product by the pharmacist or the number of the prescription of the compounded drug product;

4. The beyond-use date of the compounded drug product;

5. The date of preparation of the compounded drug product;

6. The initials of the pharmacist or pharmaceutical technician who compounded the compounded drug product;

7. If the drug product was compounded by a pharmaceutical technician, the initials of the pharmacist who supervised the pharmaceutical technician; and

8. The quantity of the final compounded drug product.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

Standards for Compounding and Dispensing Nonsterile Products

NAC 639.6703 Labeling. (NRS 639.070**)**

1. Each pharmacist engaged in the practice of compounding nonsterile compounded drug products shall label each nonsterile compounded drug product, including, without limitation, any amount of the nonsterile compounded drug product that is in excess of the amount required by the prescription or chart order and any nonsterile compounded drug product that is compounded in bulk quantities. The label must include, without limitation:

(a) The name of the final compounded drug product or the name of each active ingredient present in the nonsterile compounded drug product and, as appropriate, the concentration of each active ingredient in the final compounded drug product;

(b) The internal control number assigned to the compounded drug product by the pharmacist; and

~~(c) The beyond-use date of the compounded drug product.~~

~~2. Except as otherwise provided in subsection 3 or in the published data or data of the manufacturer, or as otherwise determined to be earlier in the judgment of the pharmacist, the latest beyond-use date of a nonsterile compounded drug product is:~~

~~(a) For nonaqueous liquids and solid formations, not later than the expiration date of the active ingredient present in the nonsterile compounded drug product with the earliest expiration date or 6 months after the date on which the nonsterile~~

~~compounded drug product was compounded, whichever is earlier;~~

~~(b) For compounds which contain nonsterile water, not later than 14 days after the date on which the nonsterile compounded drug product was compounded; and~~

~~(c) For compounds other than those listed in paragraph (a) or (b), not later than the intended duration of the therapy or 30 days after the date on which the nonsterile compounded drug product was compounded, whichever is earlier.~~

~~3. Except as otherwise provided in subsection 7 of NRS 639.2801, a pharmacy may use a beyond-use date that is later than the dates described in subsection 2 if the pharmacy can prove by appropriate testing or published data that the nonsterile compounded drug product is safe and effective using the extended beyond-use date.~~

~~4.~~ 2. Each pharmacist engaged in the practice of compounding nonsterile compounded drug products shall ensure that each nonsterile compounded drug product, including, without limitation, any amount of the nonsterile compounded drug product that is in excess of the amount required by the prescription or chart order, and any nonsterile compounded drug product that is compounded in bulk quantities is stored in the pharmacy in a manner that:

(a) Maintains the efficacy of the nonsterile compounded drug product; and

(b) Ensures that the nonsterile compounded drug product remains free from contamination.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

~~**NAC 639.67033 Environmental standards.** (NRS 639.070) A pharmacy engaged in the practice of compounding nonsterile compounded drug products shall:~~

~~1. Designate a specific area of the pharmacy in which nonsterile compounded drug products will be compounded;~~

~~2. Ensure that the area described in subsection 1 has adequate space in which to place, in an orderly manner, the equipment and materials that will be used in the compounding process;~~

~~3. Ensure that the area described in subsection 1 is cleaned using an antiseptic cleaning method before and after any compounding occurs in the area to prevent cross-contamination between the previously compounded drug products and any subsequently compounded drug products;~~

~~4. Ensure that any equipment used to compound a nonsterile compounded drug product is cleaned after the compounding of that drug product is completed to prevent cross-contamination from occurring when the equipment is used in the compounding process of any subsequently compounded drug products;~~

~~5. If the pharmacy compounds both nonsterile compounded drug products and sterile compounded drug products, ensure that none of the equipment which is used to compound nonsterile compounded drug products is used to compound sterile compounded drug products unless the equipment is cleaned and sanitized before the compounding of sterile compounded drug products begins; and~~

~~6. Ensure that any employee of the pharmacy who compounds nonsterile compounded drug products washes his or her hands with soap and water or with an antimicrobial agent before and after compounding nonsterile compounded drug products.~~

~~(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)~~

NAC 639.67035 Establishment of policies and procedures. (NRS 639.070) A pharmacy engaged in the practice of compounding nonsterile compounded drug products shall, in addition to the requirements of NAC 639.67015, establish and maintain written policies and procedures for compounding nonsterile compounded drug products to ensure that each final compounded drug product has the identity, strength, quality and purity which the compounded drug product is purported or represented to have. Such policies and procedures must include, without limitation:

~~1.~~ Policies and procedures for:

(a) Making and maintaining records concerning the components used to compound each nonsterile compounded drug product;

(b) The amount of each component used to compound each nonsterile compounded drug product;

(c) The order of each step in the process of compounding each nonsterile compounded drug product; and

(d) Including the information listed in paragraphs (a), (b) and (c) on the original hard copy of the prescription maintained in the written records of the pharmacy or in a computer system that may be accessed to provide information:

(1) For refilling the prescription; or

(2) Requested by the staff of the Board.

~~2.~~ Control procedures for monitoring each final nonsterile compounded drug product and validating the processes for compounding that may be responsible for causing variability in the final nonsterile compounded drug product. Such control procedures must include, without limitation, procedures for evaluating:

(a) Any variation of more than plus or minus 10 percent in the weight of the capsules, tablets or any other solid form of a dosage of the same nonsterile compounded drug product;

(b) The adequacy of mixing to ensure uniformity and homogeneity of each nonsterile compounded drug product;

(c) If applicable, the clarity, completeness and pH of a nonsterile compounded drug product;
(d) If applicable, the even distribution of coloring agents; and
(e) Any variation of more than plus or minus 10 percent in the actual yield of a nonsterile compounded drug product compounded by the pharmacy as compared to the theoretical yield of the nonsterile compounded drug product.
~~3.~~ Control procedures to ensure:
(a) If the final nonsterile compounded drug product is a capsule, that the capsule is properly locked;
(b) If the final nonsterile compounded drug product is a tablet or any other solid form of dosage, that the final compounded drug product is of a uniform size and is intact;
(c) If the final nonsterile compounded drug product is a suppository, that the suppository is properly sealed;
(d) If the final nonsterile compounded drug product is an oral liquid, that, to the extent possible, the liquid is palatable to the patient;
(e) If the final nonsterile compounded drug product is a suspension, that the visible suspended particles are of uniform size and are readily dispersed upon shaking; and
(f) If the final nonsterile compounded drug product is a topical compounded drug product, that the final compounded drug product is smooth and not gritty and has a uniform viscosity unless grittiness is required for a particular therapeutic purpose.
(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

~~**NAC 639.67037 Safety procedures for storage, handling, compounding and disposal; training required. (**~~NRS 639.070~~)~~

~~1. A pharmacy engaged in the practice of compounding nonsterile hazardous drugs shall:~~
~~(a) Store the components of the hazardous drugs separately from all the other inventory at the pharmacy and in such a manner and location as to minimize the contamination of other drugs in and employees of the pharmacy;~~
~~(b) Handle the components of the hazardous drugs with caution by using appropriate gloves while distributing, receiving, stocking, inventorying, and preparing for administering and disposing of the components of a hazardous drug or a final compounded drug product;~~
~~(c) Ensure that an employee of the pharmacy involved with compounding hazardous drugs wears personal protective equipment, including, without limitation, gowns, face masks, eye protection, double gloves or chemotherapy gloves;~~
~~(d) Dispose of all waste relating to compounding hazardous drugs in a manner that complies with any applicable state, federal and local laws and regulations; and~~
~~(e) Ensure that any employees of the pharmacy who are known to the pharmacy to be at special risk with regard to the properties of the hazardous drugs are limited from exposure to those drugs.~~
~~2. A pharmacy engaged in the practice of compounding nonsterile hazardous drugs and dispensing compounded nonsterile hazardous drugs shall require each pharmacist and pharmaceutical technician who compounds nonsterile hazardous drugs to be trained in the storage, handling, compounding, safety procedures and disposal of such compounded drugs:~~
~~(a) Before the pharmacy authorizes the pharmacist or pharmaceutical technician to compound a nonsterile hazardous drug that will be administered or dispensed to a patient; and~~
~~(b) At least once each year thereafter.~~
~~3. The training required pursuant to subsection 2 must, at a minimum, include information concerning:~~
~~(a) Safe manipulation practices that minimize exposure to the hazardous drug and protect employees of the~~

DRAFT

~~pharmacy from any overt exposure to the hazardous drug;~~
~~(b) Procedures for containment, cleaning and disposal with regard to breaks and spills; and~~
~~(c) Treatment of employees of the pharmacy with regard to exposure by contact and inhalation.~~
~~4. The pharmacy shall make and keep a record of any training given pursuant to subsection 2.~~
~~(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)~~

NAC 639.XXX Flavoring a prescription.

1. A pharmacist may add flavoring to an oral solution at the request of a patient or their legal guardian.
   a. The pharmacist must make the record contemporaneous with the completion of the mixture, including but not limited to ingredients of the product, and
   b. The flavor additive shall in no way compromise the stability, safety, or efficacy of the dispensed drug, and
   c. The beyond use date of the product is assigned in accordance with USP 795 standards.

NAC 639.XXX Mixing of ready to use products.

1. A pharmacist may mix components of commercially manufactured ready to use FDA approved products.
   a. The pharmacist must make the record contemporaneous with the completion of the mixture, including but not limited to ingredients of the product, and
   b. The beyond use date of the product is assigned in accordance with USP 795 standards, and
   c. The pharmacist must follow all FDA approved mixing instructions.

Standards for Compounding and Dispensing Sterile Products

~~**NAC 639.6705 Environmental standards.** (NRS 639.070)~~

~~1. Except as otherwise provided in NAC 639.67059, a pharmacy engaged in the practice of compounding sterile compounded drug products shall provide an ISO Class 5 environment.~~

~~2. If a pharmacy uses a laminar airflow hood as its ISO Class 5 environment within which to compound sterile compounded drug products, the pharmacy:~~

~~(a) Shall ensure that the laminar airflow hood is located within a room with a buffer area that maintains an ISO Class 7 environment under normal conditions of use.~~

~~(b) Shall maintain an ante-area or space in close proximity to any entrance to the room containing the laminar airflow hood that maintains an ISO Class 8 environment under normal conditions of use.~~

~~(c) Shall ensure that the room that contains the laminar airflow hood maintains a constant temperature and humidity that:~~

~~(1) Ensures the safety and efficacy of the compounded drug products, components and equipment; and~~

~~(2) Provides an environment in which the employees of the pharmacy can work comfortably for the duration of the compounding that will be conducted in the room.~~

~~(d) Shall require each employee of the pharmacy who enters the buffer area containing the laminar airflow hood to:~~

~~(1) Remove all jewelry from his or her hands and arms;~~

~~(2) Perform sanitizing scrubbing; and~~

~~(3) Wear fresh protective clothing, including, without limitation, gowns, shoe covers or dedicated shoes, and hair covers, in the ante-area or space in close proximity to an entrance to the room and to remove all such items of protective clothing whenever the employee leaves the room. A gown may be used more than once within a 12-hour period if it is removed in the ante-area and is stored in the ante-area until it is used again.~~

~~(e) Shall require an employee to wear nonpowdered gloves and a face mask and beard cover, as applicable, before the employee enters the buffer area.~~

~~(f) Shall ensure, to the extent practicable, that all items located in or brought into the room containing the laminar airflow hood have nonporous, smooth, impermeable surfaces that:~~

~~(1) Can withstand being cleaned repeatedly with a disinfectant; and~~

~~(2) Do not shed particles which may become airborne in the room.~~

~~(g) Must have floors, walls and ceilings in the room containing the laminar airflow hood that are made of materials that can withstand being cleaned and disinfected repeatedly with solutions and products.~~

~~(h) Shall ensure, before any compounding can occur within the laminar airflow hood, that the laminar airflow hood is~~

used according to the manufacturer's directions with regard to starting and using the laminar airflow hood in a manner ~~which ensures that the interior of the laminar airflow hood creates and maintains an ISO Class 5 environment.~~

(i) ~~Shall ensure that:~~

~~(1) The ISO Class 5 environment is cleaned:~~

~~(I) At the beginning of each work shift;~~

~~(II) Before the compounding of each batch preparation begins;~~

~~(III) At least every 30 minutes after the compounding of a sterile compounded drug product has begun during a period of continuous compounding activity;~~

~~(IV) After there has been a spill within the ISO Class 5 environment; and~~

~~(V) Whenever it is known or suspected that surface contamination exists as a result of a breach in procedure.~~

~~(2) The counters and easily cleanable work surfaces in close proximity to the laminar airflow hood and in, or in close proximity to, the buffer area are cleaned at least once each day in which the ISO Class 5 environment is used and whenever a counter or surface may require cleaning as a result of its use throughout the working day.~~

~~(3) The floors are cleaned at least once each day in which the ISO Class 5 environment is used and whenever the floors may require cleaning as a result of its use throughout the working day.~~

~~(4) The walls, ceilings, storage, shelving and other surfaces that are not easily cleaned are cleaned at least once each month.~~

~~3. If a pharmacy uses a barrier isolator cabinet that maintains an ISO Class 5 environment at all times when it is in use as its ISO Class 5 environment within which to compound sterile compounded drug products, the pharmacy shall ensure that:~~

~~(a) The barrier isolator cabinet is placed in the pharmacy at a location where: (1)~~

~~The compounding may occur without interruption or inconvenience; and~~

~~(2) The barrier isolator cabinet will not be compromised by its proximity to air vents, doorways or other pharmacy fixtures or equipment.~~

~~(b) Before any compounding may occur within the barrier isolator cabinet, the barrier isolator cabinet is used according to the manufacturer's directions with regard to starting and using the barrier isolator cabinet in a manner which ensures that the interior of the barrier isolator cabinet creates and maintains an ISO Class 5 environment.~~

~~(c) The barrier isolator cabinet is cleaned:~~

~~(1) At the beginning of each work shift;~~

~~(2) Before the compounding of each batch preparation begins;~~

~~(3) At least every 30 minutes after the compounding of a sterile compounded drug product has begun during a period of continuous compounding activity;~~

~~(4) After there has been a spill within the ISO Class 5 environment; and~~

~~(5) Whenever it is known or suspected that surface contamination exists as a result of a breach in procedure.~~

~~(d) The counters and easily cleanable work surfaces in close proximity to the barrier isolator cabinet are cleaned at least once each day in which the barrier isolator cabinet is used and whenever a counter or surface may require cleaning as a result of its use throughout the working day.~~

~~(e) The floors in close proximity to the barrier isolator cabinet are cleaned at least once each day in which the barrier isolator cabinet is used and whenever the floors may require cleaning as a result of its use throughout the working day.~~

~~4. A barrier isolator cabinet that cannot maintain an ISO Class 5 environment at all times when it is being used shall be deemed a laminar airflow hood for purposes of satisfying the requirements of this section.~~

~~5. As used in this section, "batch preparation" means the compounding of multiple units of sterile compounded drug products, not for immediate use, in a single process by the same person.~~

~~(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)~~

~~NAC 639.67051 Air quality testing and certification.~~ ~~(NRS 639.070)~~

~~1. Except as otherwise provided in NAC 639.67059, a pharmacy engaged in the practice of compounding sterile compounded drug products shall test the air in each of its controlled environments to ensure that the environments attain the air quality required by the provisions of NAC 639.661 to 639.690, inclusive, for an ISO Class 5, ISO Class 7 or ISO Class 8 environment, as applicable.~~

2. ~~The air quality testing required by subsection 1 must be performed randomly with regard to:~~

~~(a) The time of day the air samples are collected;~~

~~(b) The staff who is on duty when the samples are gathered; and~~

~~(c) The locations within the pharmacy from which the samples are collected.~~

~~3. A pharmacy engaged in the practice of compounding sterile compounded drug products shall have its ISO Class 5 environment certified pursuant to subsection 4:~~

~~(a) At least twice each year; and~~
~~(b) Before compounding a sterile compounded drug product after:~~
~~(1) A substantial change or renovation is made in the room that contains the laminar airflow hood or barrier isolator cabinet;~~
~~(2) Sizeable equipment is placed in the room that contains the laminar airflow hood or barrier isolator cabinet;~~
~~(3) The laminar airflow hood or barrier isolator cabinet is moved from the location at which the laminar airflow hood or barrier isolator cabinet was most recently tested; or~~
~~(4) The laminar airflow hood or barrier isolator cabinet is repaired.~~
~~4. The certification required by subsection 3 must be completed by a person who is independent of the pharmacy requesting the certification and who is capable of certifying that the ISO Class 5 environment can satisfy and maintain the minimum requirements set forth in NAC 639.6641 for air quality under normal conditions of use.~~
~~5. A pharmacy engaged in the practice of compounding sterile compounded drug products shall have each of its ISO Class 7 and ISO Class 8 environments tested or certified pursuant to subsection 7 for particulates:~~
~~(a) At least twice each year; and~~
~~(b) Before compounding a sterile compounded drug product after:~~
~~(1) A substantial change or renovation is made in the room that contains the laminar airflow hood or barrier isolator cabinet;~~
~~(2) Sizeable equipment is placed in the room that contains the laminar airflow hood or barrier isolator cabinet;~~
~~(3) The laminar airflow hood or barrier isolator cabinet is moved from the location at which the laminar airflow hood or barrier isolator cabinet was most recently tested; or~~
~~(4) A laminar airflow hood or barrier isolator cabinet is added to or removed from the room that contains the laminar airflow hood or barrier isolator cabinet.~~
~~6. The air quality testing required by subsection 5 must be performed randomly with regard to:~~
~~(a) The time of day the air samples are collected;~~
~~(b) The staff who are on duty when the samples are gathered; and~~
~~(c) The locations within the pharmacy from which the samples are collected.~~
~~7. The testing or certification required by subsection 5 must be completed by the pharmacy or by a person who is independent of the pharmacy requesting the certification and who is capable of testing or certifying that the ISO Class 7 or ISO Class 8 environment can satisfy and maintain the minimum requirements set forth in NAC 639.6643 and 639.6645, respectively, for air quality under normal conditions of use.~~
~~8. If the pharmacy performs the testing or certification required by subsection 5, the testing or certification process of the pharmacy must be validated semiannually by the managing pharmacist.~~
~~9. If any of the results of the air quality testing or certification required by this section exceed the tolerances set forth in NAC 639.6641, 639.6643 and 639.6645, for the particular controlled environment, the pharmacy shall take whatever action is necessary to remediate the deficiency and retest the environment until the environment produces results within the tolerances for the particular controlled environment.~~
~~10. The pharmacy shall make and maintain records concerning the air quality testing and certification and any corrections and retesting that were conducted pursuant to this section.~~
~~(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)~~

NAC 639.67053 Tests for competency and proficiency of certain pharmaceutical personnel. (NRS 639.070)

~~1. Except as otherwise provided in subsections 4 and 5, a~~ 1. A pharmacy engaged in the practice of compounding and dispensing sterile compounded drug products ~~shall require each pharmacist and pharmaceutical technician who compounds sterile compounded drug products to pass a media fill test which~~ must ~~be conducted~~ compound in the manner provided by chapter 797 of the *United States Pharmacopeia - National Formulary*, as adopted by reference in paragraph (c) of subsection 1 of NAC 639.670, ~~and which must be commensurate to the highest level of risk of compounding sterile compounded drug products that the pharmacist or pharmaceutical technician will be authorized by the pharmacy to perform:~~
~~(a) Before the pharmacy authorizes the pharmacist or pharmaceutical technician to compound a sterile compounded drug product that will be administered or dispensed to a patient;~~
~~(b) At least once each year thereafter if the pharmacy authorizes the pharmacist or pharmaceutical technician to compound low-risk sterile compounded drug products or medium-risk sterile compounded drug products; and~~
~~(c) At least twice each year thereafter if the pharmacy authorizes the pharmacist or pharmaceutical technician to compound high-risk sterile compounded drug products.~~
~~2. A pharmacy engaged in the practice of compounding and dispensing sterile compounded drug products shall ensure the competency and proficiency of each pharmacist and pharmaceutical technician who compounds at the highest~~

~~level of risk of compounding sterile compounded drug products the pharmacist or pharmaceutical technician is authorized by the pharmacy to perform by:~~

~~(a) Requiring the pharmacist or pharmaceutical technician to provide a sample for a gloved fingertip sampling which must be conducted in the manner provided by chapter 797 of the *United States Pharmacopeia - National Formulary*, as adopted by reference in paragraph (c) of subsection 1 of NAC 639.670;~~

~~(b) Testing a sample taken from a surface cleaned by the pharmacist or pharmaceutical technician to determine sterility;~~

~~(c) Ensuring the pharmacist or pharmaceutical technician receives, on an ongoing basis, sufficient training to maintain that competency and proficiency through attending in-house training programs or continuing education courses;~~

~~(d) Observing the pharmacist or pharmaceutical technician as he or she compounds sterile compounded drug products; or~~

~~(e) Correcting any error and initiating remedial measures for a pharmacist or pharmaceutical technician to take after an error has been noted with a sterile compounded drug product that was made or verified by the pharmacist or pharmaceutical technician.~~

2. A pharmacy shall make and maintain records concerning all the actions listed in subsection 1 ~~2~~ which the pharmacy takes to ensure the competency and proficiency of each pharmacist and pharmaceutical technician who is authorized by the pharmacy to compound sterile compounded drug products.

~~3. A sterile compounded drug product that is compounded by a pharmacist or pharmaceutical technician who has not passed the media fill test required by paragraph (a) of subsection 1 may be dispensed and administered to a patient if:~~

~~a. The managing pharmacist of the pharmacy determines that it is appropriate to dispense and administer the sterile compounded drug product; and~~

~~b. The entire compounding process was personally witnessed by a pharmacist or pharmaceutical technician who passed the media fill test.~~

~~4. A pharmacy is not required to make a pharmacist or pharmaceutical technician pass a media fill test pursuant to paragraph (a) of subsection 1 if the pharmacist or pharmaceutical technician provides evidence of passing a media fill test:~~

~~a. Within the immediately preceding 9 months if the pharmacist or pharmaceutical technician will compound low- risk sterile compounded drug products and medium-risk sterile compounded products; or~~

~~b. Within the immediately preceding 5 months if the pharmacist or pharmaceutical technician will compound high-risk sterile compounded drug products.~~

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.67055 Record verifying accuracy required to be made. (NRS 639.070**)**

1. For all sterile compounded drug products compounded by a pharmacy, other than an institutional pharmacy, and for all sterile drug products for parenteral nutrition and sterile antineoplastic drug products compounded by an institutional pharmacy, a pharmacist shall make a record verifying the accuracy of each sterile compounded drug product that the pharmacist:

(a) Compounded;

(b) Verified the accuracy of after it was compounded by a pharmaceutical technician; or

(c) Dispensed for administration to a patient in a medical facility.

2. A pharmacist required to make a record pursuant to subsection 1 shall:

(a) Make the record contemporaneous with the completion of the compounding, verifying or dispensing of the sterile compounded drug product;

(b) Include in the record information identifying the patient for which the sterile compounded drug product was made and the date the sterile compounded drug product was compounded; and

(c) Initial the record if it is a written record or enter an initial or other identifying mark onto the record if the record is made in a computerized system.

3. A pharmacy for which a record was made pursuant to subsection 1 shall ensure that the record is maintained for at least 6 months after the date the sterile compounded drug product was compounded, verified or dispensed.

4. If a sterile compounded drug product is compounded by a pharmaceutical technician, the pharmaceutical technician shall make a record of the compounding in the same manner as a pharmacist is required to make a record pursuant to this section.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.67057 Procedures following breach of seal of single-dose and multi-dose containers. (NRS 639.070**)**

~~1. If, in the course of compounding a drug product, the seal of a single-dose container, including, without limitation, a bag, bottle, syringe or vial of a sterile drug product, is breached, the time and date of the breach must be~~

~~marked upon the container and the contents of the container may be used:~~

~~(a) Within 1 hour after the breach of the seal if:~~

~~(1) The breach occurred in an environment with an air quality that is worse than ISO Class 5; and~~

~~(2) The container is subsequently stored in an environment with an air quality that is worse than ISO Class 7;~~

~~(b) Within 6 hours after the breach of the seal if:~~

~~(1) The breach of the seal occurred and the contents of the container were used in an environment with an air quality that satisfies or exceeds ISO Class 5; and~~

~~(2) The container is subsequently stored in an environment with an air quality that satisfies or exceeds ISO Class 7; or~~

(c) ~~Within 24 hours after the breach of the seal if the breach occurred in an environment with an air quality that satisfies or exceeds ISO Class 5 and the container remains in an environment with an air quality that satisfies or exceeds ISO Class 5.~~

~~2.~~ (1) If, in the course of compounding a drug product, the seal of a multi-dose container is breached:

(a) The container must be stored according to the requirements of the manufacturer; and

(b) The contents of the container may be used within 28 days after the breach of the seal occurred.

~~3.~~ (2) Any drug product that is not used within the periods set forth in subsection 1 ~~or 2~~ may not be used and must be destroyed.

~~4.~~ (3) If the seal of a single-use ampule is breached or the entire seal has been removed from a multi-use vial and the contents are not used at the time of the breach, the contents may not be used and must be destroyed.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

~~**NAC 639.67059 Exemptions for certain institutional pharmacies.** (NRS 639.070) The Board may, upon application and for good cause shown, waive or modify any requirement set forth in NAC 639.6705 and 639.67051 for an institutional pharmacy engaged in the practice of compounding drug products if the institutional pharmacy serves an institution that:~~

~~1. Has less than 100 beds licensed for providing acute care; and~~

~~2. Is located in a county:~~

~~(a) Whose population is less than 100,000; or~~

~~(b) Whose population is 100,000 or more if the hospital is designated as a rural hospital by the Nevada Office of Rural Health within the University of Nevada School of Medicine.~~

~~(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)~~

~~**NAC 639.67061 Low-risk sterile compounding: Process and storage.** (NRS 639.070)~~

~~1. A compounded drug product is a low-risk sterile compounded drug product if:~~

~~(a) The compounded drug product is required to be sterile for its effective administration;~~

~~(b) The sterile compounded drug product is at a low risk of contamination; and~~

~~(c) One or more of the following conditions are present:~~

~~(1) The compounding process involves aseptic manipulations that are performed entirely within an environment with an air quality of at least ISO Class 5 and uses only sterile ingredients, products, components and devices;~~

~~(2) The compounding process involves only transferring, measuring and mixing manipulations and uses not more than three commercially manufactured sterile drug products or other entries of a sterile drug product into one container, including, without limitation, a bag or vial, to make the final compounded drug product;~~

~~(3) The manipulations needed to compound the drug product are limited to aseptically opening ampules, penetrating sterile stoppers on vials with sterile needles and syringes, and transferring sterile liquids in sterile syringes to sterile administration devices, package containers or other sterile drug products and containers for storage and dispensing;~~

~~(4) The final compounded drug product contains a volume of 15 milliliters or less of a radiopharmaceutical and has an expiration time of 18 hours or less per dosage unit, including, without limitation, a dosage unit of a radiopharmaceutical prepared from an eluate by using a molybdenum-99technetiym-99m generator; or~~

~~(5) The final compounded drug product contains commercially manufactured cyclotron radiopharmaceuticals which contain preservatives and which have expiration times of 72 hours or less.~~

~~2. Unless sterility testing or potency limitations allow for a different period, the period of storage before administration of a low-risk sterile compounded drug product must not exceed:~~

~~(a) Forty-eight hours at a controlled room temperature that is at least 20 degrees Celsius (68 degrees Fahrenheit) but not more than 25 degrees Celsius (77 degrees Fahrenheit);~~

~~(b) Fourteen days at a temperature that is at least 2 degrees Celsius (36 degrees Fahrenheit) but not more than 8 degrees Celsius (46 degrees Fahrenheit); or~~

~~(c) Forty-five days in a solid frozen state that is -10 degrees Celsius (14 degrees Fahrenheit) or colder.~~

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.67063 Low-risk sterile compounding: Radiopharmaceutical drug products. (NRS 639.070) If a nuclear pharmacy compounds radiopharmaceutical drug products, the nuclear pharmacy shall ensure that, in addition to satisfying the requirements of NAC 639.5828:

1. The radiopharmaceutical compounded drug products are compounded in a vertical laminar airflow hood or Class II type B2 biological safety cabinet that is located in an environment with an air quality of ISO Class 8 or higher;

2. Only shielded vials, syringes and other devices and containers specifically manufactured for use with radiopharmaceutical components are used in the compounding process;

3. Each employee of the nuclear pharmacy who will compound radiopharmaceutical drug products is trained and knowledgeable with regard to compounding, handling, cleaning and any special techniques used with radiopharmaceutical drug products; and

4. Any special equipment or device that is used to compound radiopharmaceutical products, including, without limitation, a molybdenum-99technetiym-99m generator, is used, stored and maintained according to the directions of the manufacturer of the equipment or device.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.67065 Medium-risk sterile compounding: Process and storage. (NRS 639.070) 1. A compounded drug product is a medium-risk sterile compounded drug product if:

(a) The compounded drug product is required to be sterile for its effective administration;

(b) The sterile compounded drug product is compounded using aseptic techniques pursuant to one of the conditions listed in NAC 639.67061 as a condition for a low-risk sterile compounded drug product; and

(c) One or more of the following conditions are present:

(1) Individual or small doses of sterile drug products are combined or pooled to prepare the final compounded drug product that will be administered to multiple patients or to one patient multiple times;

(2) The compounding process includes complex aseptic manipulations other than a single-volumetransfer;

(3) The compounding process uses more than three commercially manufactured sterile drug products or other entries of a sterile drug product into one container, including, without limitation, a bag or vial, to make the final compounded drug product;

(4) The final compounded drug product does not contain broad-spectrum bacteriostatic substances and will be administered over a period which exceeds 24 hours; or

(5) The compounding process requires an unusually long duration, as determined by the managing pharmacist, including, without limitation, the period required to complete dissolution or homogeneous mixing.

2. Unless sterility testing or potency limitations allow for a different period, the period of storage before administration of a medium-risk sterile compounded drug product must not exceed:

(a) Thirty hours at a controlled room temperature that is at least 20 degrees Celsius (68 degrees Fahrenheit) but not more than 25 degrees Celsius (77 degrees Fahrenheit);

(b) Nine days at a temperature that is at least 2 degrees Celsius (36 degrees Fahrenheit) but not more than 8 degrees Celsius (46 degrees Fahrenheit); or

(c) Forty-five days in a solid frozen state that is -10 degrees Celsius (14 degrees Fahrenheit) or colder.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.67067 High-risk sterile compounding: Process and storage. (NRS 639.070)

1. A compounded drug product is a high-risk sterile compounded drug product if:

(a) The compounded drug product is required to be sterile for its effective administration;

(b) The sterile compounded drug product is contaminated with or at a high risk of becoming contaminated with infectious microorganisms; and

(c) One or more of the following conditions are present:

(1) One or more of the ingredients or devices used in the compounding process are nonsterile; or

(2) One or more of the ingredients or devices used in the compounding process were sterile but were exposed or are suspected of having been exposed for more than 1 hour to an air quality inferior to an ISO Class 5 environment.

2. Unless sterility testing or potency limitations allow for a different period, the period of storage before administration of a high-risk sterile compounded product must not exceed:

(a) Twenty-four hours at a controlled room temperature that is at least 20 degrees Celsius (68 degrees Fahrenheit) but not more than 25 degrees Celsius (77 degrees Fahrenheit);

(b) Three days at a temperature that is at least 2 degrees Celsius (36 degrees Fahrenheit) but not more than 8 degrees

Celsius (46 degrees Fahrenheit); or

(c) Forty-five days in a solid frozen state that is -10 degrees Celsius (14 degrees Fahrenheit) or colder.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.67069 High-risk sterile compounding: Sterilization. (NRS 639.070)

1. Except as otherwise provided in subsection 5, a pharmacy engaged in the practice of compounding and dispensing high-risk sterile compounded drug products shall ensure that each such compounded drug product is sterilized through filtration, by using steam in an autoclave or by dry heat. Except as otherwise provided in subsection 5, a pharmacist engaged in the practice of compounding high-risk sterile compounded drug products shall choose the method of sterilization that ensures the strength, purity, quality and packaging integrity of the final compounded drug product.

2. If a pharmacy sterilizes high-risk sterile compounded drug products using the filtration method, the pharmacy shall:

(a) Use commercially available sterile filters that are:

(1) Pyrogen-free and have a nominal porosity of 0.2 micron or 0.22 micron; and

(2) Certified by the manufacturer to retain at least 10^7 microorganisms of a strain of *Brevundimonas* (*Pseudomonas*) *diminuta* on each square centimeter of upstream filter surface area under conditions similar to the conditions of sterilization of the high-risk compounded drug products;

(b) Ensure that the filters used have sufficient capacity to permit the sterilization process to be completed rapidly and without compromising the sterility of the filtration process; and

(c) Subject the filtration units to the manufacturer's recommended integrity testing, including, without limitation, the bubble point test, after the filtration of the high-risk sterile compounded drug products is completed.

3. If a pharmacy sterilizes high-risk sterile compounded drug products using steam in an autoclave, the pharmacy shall:

(a) Expose each high-risk sterile compounded drug product to steam at 121 degrees Celsius (250 degrees Fahrenheit) under a pressure of 15 pounds per square inch for the duration of the sterilization process;

(b) Before starting the sterilization process, ensure that plastic, glass and metal devices are wrapped in low particle shedding paper or fabric or sealed in envelopes that prevent microbial penetration after the sterilization of the high-risk sterile compounded drug products is completed;

(c) Ensure that the solutions that will be used to fill the vials which will be steam sterilized are passed through a filter having a porosity of not more than 1.2 microns to remove particulate matter immediately before filling those vials; and

(d) Verify the mass of the container that will be sterilized using steam in an autoclave to ensure that the container will be sterile after the period of exposure in that autoclave.

4. If a pharmacy sterilizes high-risk sterile compounded drug products using dry heat, the pharmacy shall ensure that:

(a) The heated air is filtered and evenly distributed by a blower throughout the chamber or oven used for the sterilization process; and

(b) The chamber or oven used for the sterilization process is equipped with accurate temperature controls and a timer.

5. A pharmacy may only use dry heat as a method of sterilization for a high-risk sterile compounded drug product if the final high-risk sterile compounded drug product would be damaged by moisture or is impermeable to moisture.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.67071 High-risk sterile compounding: Testing of certain drug products. (NRS 639.070)

1. A pharmacy engaged in the practice of compounding and dispensing high-risk sterile compounded drug products for injection into the vascular system or central nervous system shall test a quantity of the high-risk sterile compounded drug product for:

(a) Sterility using a membrane filtration method or an equivalent method, as determined by the Board, before any of the compounded drug product may be administered or dispensed to a patient; and

(b) Excessive bacterial endotoxins using an appropriate test, as determined by the Board, for the particular product at issue before any of the compounded drug product may be administered or dispensed to a patient.

2. A pharmacy engaged in the practice of compounding and dispensing high-risk sterile compounded drug products for inhalation or ophthalmic use shall test a quantity of each such high-risk sterile compounded drug product for sterility.

3. The provisions of subsections 1 and 2 apply only to high-risk sterile compounded drug products:

(a) Compounded in groups of more than 25 identical individual single-dose packages;

(b) Compounded in multiple-dose vials for administration to multiple patients; or

(c) That will be exposed for a period of more than:

~~(1) Twelve hours to temperatures of at least 2 degrees Celsius (36 degrees Fahrenheit) but not more than 8 degrees Celsius (46 degrees Fahrenheit); or~~

~~(2) Six hours to temperatures exceeding 8 degrees Celsius (46 degrees Fahrenheit) before the compounded drug product is sterilized.~~

~~4. If any high-risk sterile compounded drug product tested pursuant to this section tests positive for antimicrobial growth or endotoxin production, the high-risk sterile compounded drug product must not be administered or dispensed to a patient.~~

~~(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)~~

NAC 639.67073 Immediate-use sterile compounding: Preparation and labeling. (NRS 639.070**)** ~~1.~~

~~A sterile compounded drug product is an immediate-use sterile compounded drug product if:~~

~~(a) The compounded drug product is intended only for the purpose of emergency care or immediate care of a patient;~~

~~(b) The compounding of the drug product occurs in an environment other than an ISO Class 5 environment and the compounding process consists of simple aseptic measuring and transfer manipulations performed with not more than six sterile nonhazardous commercial drug products and diagnostic radiopharmaceutical drug products, excluding infusion solutions or diluents;~~

~~(c) The preparation procedure occurs continuously without delays or interruptions and does not exceed 1 hour unless a period longer than 1 hour is required for the reconstitution of the compounded drug product;~~

~~(d) During compounding and before the administration of the compounded drug product, no part of the drug product or critical surfaces and ingredients of the drug product is directly exposed to contact contamination, including, without limitation, human touch, cosmetic flakes or particulates, blood or other bodily substances of a person or nonsterile inanimate sources; and~~

(e) ~~Except as otherwise provided in paragraph (c), the administration of the compounded drug product begins not later than 1 hour after the start of the preparation of the compounded drug product and the compounded drug product is fully administered as soon as practicable but not longer than 24 hours after the administration of the compounded drug product began or the compounded drug product is disposed of promptly and safely.~~

~~2.~~ (1) If an immediate-use sterile compounded drug product is not immediately administered by direct injection into a patient by the person who compounded it, the compounded drug product must bear a label which includes, without limitation:

(a) The name and, if the patient has an identification number, the identification number of the patient;

(b) The name and amount of each ingredient of the compounded drug product;

(c) The initials of the person who compounded the compounded drug product; and

(d) The exact date and time of expiration of the compounded drug product.

~~3.~~ (2) An immediate-use sterile compounded drug product must not be stored for later use. (Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

~~NAC 639.67075 Immediate-use sterile compounding: Compounding standards. (~~NRS 639.070**~~)~~**

~~1. An immediate-use sterile compounded drug product that contains three or less commercial sterile drug products that will be stored more than 1 hour before administration is begun must comply with all compounding standards applicable to low-risk sterile compounded drug products.~~

~~2. An immediate-use sterile compounded drug product which contains more than three commercial sterile drug products or which requires complex manipulations or complex preparation must comply with all compounding standards applicable to medium-risk sterile compounded drug products.~~

~~3. An immediate-use sterile compounded drug product that contains one or more nonsterile ingredients or components must comply with all compounding standards applicable to high-risk sterile compounded drug products.~~

~~(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)~~

NAC 639.67077 Sterile hazardous drugs: Safety procedures for storage, handling, compounding and disposal. (NRS 639.070**)**

1. A pharmacy engaged in the practice of compounding sterile hazardous drugs shall:

(a) Store the components of the hazardous drugs separately from all the other inventory at the pharmacy and in such a manner and location as to minimize the contamination of other drugs in and employees of the pharmacy;

(b) Handle the components of the hazardous drugs with caution by using appropriate gloves during preparation, handling and disposal of the components of the hazardous drug or final compounded drug product;

(c) Compound the hazardous drugs pursuant to the requirements set forth in NAC 639.661 to 639.690, inclusive, and applicable to the risk level of the compounded hazardous drugs;

(d) Ensure that an employee of the pharmacy involved with compounding hazardous drugs wears personal protective equipment, including, without limitation, gowns, gloves, face masks, hair covers, shoe covers or dedicated shoes, and, if the hazardous drugs contain one or more antineoplastic agents or it is recommended by the drug manufacturer, double gloves or chemotherapy gloves;

(e) Dispose of all waste relating to the compounding of the hazardous drugs in a manner that complies with any applicable state, federal and local laws and regulations; and

(f) Ensure that any employees of the pharmacy who are known to the pharmacy to be at special risk with regard to the properties of the hazardous drugs are limited from exposure to those drugs.

2. A pharmacy shall ensure that the process of compounding sterile hazardous drugs is performed only in an ISO Class 5 environment in either a biological safety cabinet or a compounding aseptic containment isolator if one or more of the components of the hazardous drug are:

(a) An antineoplastic drug;

(b) A radiopharmaceutical drug; or

(c) A drug whose manufacturer has recommended that the drug only be compounded in an ISO Class 5 environment in either a biological safety cabinet or a compounding aseptic containment isolator.

3. The biological safety cabinet or compounding aseptic containment isolator described in paragraph (c) of subsection 2 must be vented to outside air during the compounding process through the use of high efficiency particulate air filtration if one or more of the components of the compounded hazardous drug are antineoplastic drugs.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

NAC 639.67079 Sterile hazardous drugs: Required training for certain pharmaceutical personnel. (NRS 639.070**)**

1. A pharmacy engaged in the practice of compounding sterile hazardous drugs and dispensing sterile compounded hazardous drugs shall require each pharmacist and pharmaceutical technician who compounds sterile hazardous drugs to be trained in the storage, handling, compounding, safety procedures and disposal of such compounded drugs:

(a) Before the pharmacy authorizes the pharmacist or pharmaceutical technician to compound a sterile hazardous drug that will be administered or dispensed to a patient; and

(b) At least once each year thereafter.

2. The training required pursuant to subsection 1 must include, at a minimum, information concerning:

(a) Safe aseptic manipulation practices;

(b) Negative pressure techniques for use with a biological safety cabinet, compounding aseptic containment isolator or compounding aseptic isolator;

(c) The correct use of a vial transfer device in a closed system;

(d) Procedures for containment, cleaning and disposal with regard to breaks and spills; and

(e) Treatment of employees of the pharmacy with regard to contact and inhalation exposure.

3. The pharmacy shall make and keep a record of any training given pursuant to subsection 1.

(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

Standards for Compounding and Dispensing Parenteral Solutions

NAC 639.672 Reference materials required to be located in or immediately available to pharmacy. (NRS 639.070**,** 639.2807**)** Any pharmacy engaged in the practice of compounding and dispensing parenteral solutions shall have current reference materials located in or immediately available to the pharmacy. The reference materials must include information on:

1. All drugs and chemicals used in services related to parenteral therapy; and

2. The activities involved in parenteral therapy, including manufacturing, dispensing, distribution and counseling.

(Added to NAC by Bd. of Pharmacy, eff. 8-14-87)

NAC 639.680 Labeling. (NRS 639.070**,** 639.2807**)**

1. In addition to any other requirements for labeling, the label of any parenteral solution must include:

(a) The name and concentrations of all ingredients contained in the parenteral solution, including the primary solution; and

(b) Instructions for storage and handling.

2. The label of a parenteral solution which is used by a patient in the patient's home, in a facility for the dependent or in a medical facility which does not furnish the parenteral solution from a pharmacy located in that medical facility must include the telephone number of the pharmacy that furnished the parenteral solution.

3. Any cytotoxic agent must bear a special label which states:
(a) "Chemotherapy - Dispose of Properly;" or
(b) "Biohazard - Dispose of Properly."

4. As used in this section, "biohazard" means a biological agent that may be hazardous to persons or the environment.

(Added to NAC by Bd. of Pharmacy, eff. 8-14-87; A 7-7-94)

NAC 639.682 Record for each patient. (NRS 639.070**,** 639.2807**)**

1. A pharmacy engaged in the practice of compounding and dispensing parenteral solutions shall have on the premises or readily accessible:
(a) A record for each patient being treated with parenteral therapy;
(b) A summary of the most recent hospitalization of the patient or the patient's medical history; and
(c) Any notes taken by the pharmacist concerning the progress of the patient which document any contact with the patient or the practitioner concerning the parenteral therapy.

2. In addition to any other requirements for keeping records, the following records must be maintained in the pharmacy:
(a) Records concerning any prescriptions and medical supplies furnished to the patient.
(b) Information relevant to the patient's parenteral therapy, including, but not limited to:
(1) The patient's name, age, height, weight, sex and address and the telephone number of the location where the patient is receiving parenteral therapy;
(2) The diagnosis of the patient; and
(3) The patient's history of medication, including his or her current regimen concerning diet and medication and any allergies to drugs or food.
(c) Data of a laboratory relevant to the parenteral therapy.
(d) If the patient is using a parenteral solution in the patient's home, in a facility for the dependent or in a medical facility which does not furnish the parenteral solution from a pharmacy located in that medical facility, records indicating that the care of the patient is coordinated by the pharmacy, practitioner and nursing personnel before the administration of the parenteral solution, including:
(1) Documentation of all orders for medication, laboratory tests or other treatment related to the medication of the patient.
(2) Documentation of all orders given by a practitioner which were communicated to nursing personnel by a pharmacist.
(3) Documentation that a total assessment of the patient has been performed.
(4) Documentation that a plan for the parenteral therapy of the patient has been developed by the pharmacy. The plan must include:
(I) The identification of any problem related to a drug that is administered to the patient; and
(II) Any suggested solution for that problem and the monitoring of the results of the therapy.

3. As used in this section, "total assessment" means an evaluation of the circumstances of the administration of parenteral therapy to a patient in the patient's home, in a facility for the dependent or in a medical facility which does not furnish the parenteral solution from a pharmacy located within that medical facility that includes a review of:
(a) The state of the disease of the patient;
(b) The regimen of medication of the patient;
(c) The medical history of the patient;
(d) Any therapies other than parenteral therapy administered to the patient; and
(e) If the patient is using the parenteral solution in the patient's home, the ability of the patient to receive parenteral therapy in his or her home.

(Added to NAC by Bd. of Pharmacy, eff. 8-14-87; A 7-7-94)

NAC 639.683 Delivery, storage and recordation of delivery. (NRS 639.070**,** 639.2807**)** A managing pharmacist shall ensure that:

1. A sterile parenteral solution is furnished to a patient in a container which is capable of maintaining the appropriate temperature for the storage of the sterile parenteral solution;

2. A patient is advised of the appropriate conditions for the storage and disposal of the sterile parenteral solution; and

3. The delivery of a controlled substance listed in schedule II, as set forth in NAC 453.520, is documented and a receipt which indicates that the patient received that controlled substance is included with the records maintained at the pharmacy.

(Added to NAC by Bd. of Pharmacy, eff. 7-7-94)

NAC 639.686 Written policies and procedures for disposal of infectious materials and materials containing cytotoxic residues. (NRS 639.070**,** 639.2807**)** In addition to the requirements of NAC 639.67015 and 639.67017, any pharmacy providing parenteral solutions shall have written policies and procedures for the disposal of infectious materials and materials containing cytotoxic residues. The procedures must contain methods for the cleanup of spills and must be in conformance with the regulations of the local health authority. The pharmacy shall ensure the return of infectious materials and materials containing cytotoxic residues to the pharmacy or shall inform the provider of care of the procedures for the proper destruction of such materials.

(Added to NAC by Bd. of Pharmacy, eff. 8-14-87; A by R035-06, 9-18-2008)

NAC 639.688 Written policies and procedures regarding provision of services related to parenteral therapy. (NRS 639.070**,** 639.2807**)** In addition to the requirements of NAC 639.67015 and 639.67017, any pharmacy, other than an institutional pharmacy, engaged in the practice ofcompounding and dispensing parenteral solutions shall have written policies and procedures relating to:

1. The qualifications and training of employees of the pharmacy to compound and dispense parenteral solutions.
2. A determination of the necessity for administering the medication a patient requires in a parenteral form.
3. The compounding and control of the quality of parenteral solutions.
4. The distribution and delivery of parenteral solutions.
5. The clinical monitoring of parenteral therapy.
6. The availability of a practitioner, pharmacist and nursing personnel during the administration of parenteral therapy to a patient.
7. The availability of products and equipment which are necessary during the administration of parenteral therapy to a patient.
8. The communication of orders among the practitioner, pharmacist and nursing personnel for a patient who requires parenteral therapy.
9. The coordination of the care of a patient who requires parenteral therapy by the pharmacist, practitioner and nursing personnel, including documentation of participation in any conference relating to the care of that patient.
10. The education of a patient relating to:

(a) The self-administration of a parenteral solution;
(b) The proper maintenance and storage of a parenteral solution; and
(c) The operation of devices used to administer parenteral solutions.

11. The cleaning and maintenance of equipment used to administer a parenteral solution furnished to a patient by the pharmacy.
12. The provision of services relating to parenteral therapy furnished by the pharmacy in an emergency.

(Added to NAC by Bd. of Pharmacy, eff. 8-14-87; A 7-7-94; R035-06, 9-18-2008)

NAC 639.690 Pharmacist: Consultation with patient; proper training in safe handling, compounding and therapy related to parenteral solutions. (NRS 639.070**,** 639.2807**)**

1. Any pharmacy furnishing parenteral solutions shall ensure that a pharmacist is available 24 hours a day for consultation with the patient and the patient's primary provider of care concerning the proper use of any parenterals and related supplies furnished by the pharmacy.
2. The managing pharmacist shall ensure that all pharmacists engaging in compounding parenteral solutions have the proper training in the safe handling, compounding and therapy related to parenteral solutions, including cytotoxic agents.

(Added to NAC by Bd. of Pharmacy, eff. 8-14-87; A 7-7-94)

OUTSOURCING FACILITIES

NAC 639.691 Definitions. (NRS 639.070**,** 639.100**)** As used in NAC 639.691 to 639.6916, inclusive, unless the context otherwise requires, the words and terms defined in NAC 639.6911, 639.6912 and 639.6913 have the meanings ascribed to them in those sections.

(Added to NAC by Bd. of Pharmacy by R003-15, eff. 12-21-2015)

NAC 639.6911 "Compounding" defined. (NRS 639.070**,** 639.100**)** "Compounding" includes, without limitation, the

combining, admixing, mixing, pooling, reconstituting or other altering of a drug or bulk drug substance, as defined in 21 C.F.R. § 207.3, to create a drug.
(Added to NAC by Bd. of Pharmacy by R003-15, eff. 12-21-2015)

NAC 639.6912 "Outsourcing facility" defined. (NRS 639.070**,** 639.100**)** "Outsourcing facility" means a facility at one geographic location or address that:
1. Is engaged in the compounding of sterile drugs; and
2. Has registered with the Secretary of Health and Human Services as an outsourcing facility pursuant to 21 U.S.C. § 353b.
(Added to NAC by Bd. of Pharmacy by R003-15, eff. 12-21-2015)

NAC 639.6913 "Sterile drug" defined. (NRS 639.070**,** 639.100**)** "Sterile drug" means a drug that is:
1. Intended for parenteral administration;
2. An ophthalmic or oral inhalation drug in aqueous format; or
3. Required to be sterile pursuant to the provisions of federal law or the provisions of NAC 639.661 to 639.690, inclusive.
(Added to NAC by Bd. of Pharmacy by R003-15, eff. 12-21-2015)

NAC 639.6915 Duties of facility. (NRS 639.070**,** 639.100**)** An outsourcing facility that is engaged in the compounding of sterile drugs in this State or for shipment into this State shall:
1. Obtain a license from the Board as a manufacturer in accordance with NRS 639.100 and 639.233 by submitting an application on a form prescribed by the Board;
2. Comply with the provisions of NAC 639.609 to 639.619, inclusive; and
3. Comply with all the requirements of 21 U.S.C. § 353b.
(Added to NAC by Bd. of Pharmacy by R003-15, eff. 12-21-2015; A by R025-21, 4-11-2022)

NAC 639.6916 When licensure as pharmacy required. (NRS 639.070**,** 639.100**)**
1. Except as otherwise provided in subsection 2, an outsourcing facility is not required to be licensed as a pharmacy.
2. An outsourcing facility may dispense dangerous drugs or controlled substances for identified individual patients pursuant to a prescription only if the outsourcing facility is licensed by the Board as a pharmacy in accordance with NRS 639.230 or 639.2328, as applicable.
(Added to NAC by Bd. of Pharmacy by R003-15, eff. 12-21-2015)

NAC 639.757 Preparation and sale of compounded drugs by registrants ~~pharmacy or pharmacist~~: License as manufacturer not required under certain circumstances; unsafe or ineffective drug; restrictions on sale. (NRS 639.070**)**
1. A ~~pharmacy or pharmacist~~ pharmacy, pharmacist, or practitioners is not required to obtain a license as a manufacturer to compound drugs if:
(a) The compounded drugs are prepared in a quantity that is:
(1) Necessary to fill a prescription or chart order; or
(2) Reasonably necessary to fill future prescriptions or chart orders based upon the previous history of practitioners and patients who regularly use the pharmacy or dispensing practitioner;
(b) The compounded drugs are not sold or otherwise provided by the ~~pharmacy or pharmacist~~ registrant to any person other than the ultimate user of the drugs, the agent of the ultimate user of the drugs and; ~~or a practitioner who will be administering the drugs to a patient~~;
(c) The compounded drugs are dispensed pursuant to a prescription or chart order;
~~(d)~~ 2. A pharmacy, pharmacist or practitioner may only compound drugs products using substances that: ~~Except as otherwise provided in paragraph (e) and subsection 2, the active ingredients used to compound the drugs:~~

(a) Comply with an applicable United States Pharmacopeia (USP) or National Formulary (NF) monograph if one exists, and the USP chapter on pharmacy compounding;

(b) Are components of FDA-approved drug products if an applicable USP or NF monograph does not exist; or

(c) Appear on FDA's list of bulk drug substances that can be used in compounding (the 503A) if such a

monograph does not exist and the substance is not a component of an FDA-approved drug product.

3. An outsourcing facility is not required to obtain a license as a manufacturer to compound drugs if,

(a) Compounding drug products that appear on FDA's drug shortage list at the time of compounding, distribution, and dispensing; or

(b) Compounding drug products that appear on FDA's list of bulk drug substances for which there is a clinical need (the 503B bulks list).

~~(1) Are authorized to be used in pharmacy compounding pursuant to 21 U.S.C. § 353a(b)(1) or the regulations adopted pursuant thereto; and~~

~~(d) Except as otherwise provided in subsection 2, for an active ingredient used to compound the drugs that does not have a monograph in the *United States Pharmacopoeia - National Formulary*, as adopted by reference in paragraph (c) of subsection 1 of NAC 639.670, the active ingredient is:~~

~~(1) Prepared by a manufacturer or distributed by a distributor registered with the Food and Drug Administration; (2) Accompanied by a certificate of analysis provided by the manufacturer or distributor of the ingredient; and (3) Prepared to a grade that, at a minimum, satisfies the requirements set forth in:~~

~~(I) The *Food Chemicals Codex*, as adopted by reference in paragraph (d) of subsection 1 of NAC 639.670; or~~

~~(II) *Reagent Chemicals: Specifications and Procedures*, as adopted by reference in paragraph (e) of subsection 1 of NAC 639.670, if the active ingredient is a certified analytical reagent, is for use in high pressure liquid chromatography, is for use in spectrophotometric applications or is a primary standard grade for use in standard solutions for analytical purposes.~~

~~4. In compounding a drug product, a pharmacy or pharmacist may use an active ingredient that does not satisfy the requirements of paragraphs (d) and (e) of subsection 1 if the pharmacy or pharmacist establishes the purity and safety of the ingredient by reasonable means, satisfactory to the Board, which include, without limitation, analysis of the lot in which the ingredient was packaged, the reputation of the manufacturer of the ingredient and the reliability of the source of the ingredient. A pharmacy shall make and maintain a record of the means that the pharmacy relied upon in determining that an ingredient was pure and safe pursuant to this subsection.~~

~~5.~~ 4. Except as otherwise provided in this subsection, a pharmacy or pharmacist shall not compound a drug that has been withdrawn or removed from the market because the drug was found to be unsafe or ineffective. A pharmacy or pharmacist may compound a drug for veterinary use that has been withdrawn or removed from the market because the drug was found to be unsafe or ineffective for use in humans if the drug remains available for veterinary use.

~~6. A pharmacy shall not sell or otherwise provide a compounded drug to a retail pharmacy or a practitioner, except that a pharmacy may sell or otherwise provide a compounded drug to:~~

~~(a) A practitioner who will be administering the drug to a patient; or~~

~~(b) A practitioner or another pharmacy if the compounded drug is:~~

~~(1) A highly concentrated drug product that is not commercially available; or~~

~~(2) Needed to fill a particular prescription or chart order in the possession of the receiving pharmacy at the time the receiving pharmacy orders the compounded drug from the compounding pharmacy.~~

~~7. The quantity of a compounded drug that is sold or otherwise provided to a practitioner or pharmacy pursuant to subsection 4 must not exceed the amount necessary for the practitioner or pharmacy to serve the present needs of the patients of the practitioner or pharmacy.~~

(Added to NAC by Bd. of Pharmacy by R032-02, eff. 5-31-2002; A by R035-06, 9-18-2008)

DRAFT

15B

PROPOSED REGULATION OF THE STATE BOARD OF PHARMACY

Workshop – March 7, 2024

EXPLANATION – Matter in ***italics*** is new; matter in brackets **[~~omitted material~~]** is material to be omitted. and language in ***green text*** indicates prior Board-approved amendments that are in the process of being codified.

AUTHORITY: § 1, NRS 639.070, Senate Bill 336

A REGULATION relating to pharmacy; establishing the registration requirements for certified registered nurse anesthetist, under the supervision of a physician licensed pursuant to chapter 630 or 633 of NRS, to order, prescribe, possess and administer controlled substances, poisons, dangerous drugs and devices to treat a patient under the care of a licensed physician in a critical access hospital in preparation for surgery or childbirth, during surgery or childbirth and while a patient recovers from surgery or childbirth; and providing other matters properly relating thereto.

Section 1. Chapter 639 of NAC is hereby amended by adding thereto a new section to read as follows:

1. ***The application of a certified registered nurse anesthetist for a certificate of registration to order, prescribe, possess, and administer controlled substances, poisons, dangerous drugs, and devices to treat a patient under the care of a licensed physician in a critical access hospital in preparation for surgery or childbirth, during surgery or childbirth and while a patient recovers from surgery or childbirth, must include:***
    a. ***The name, address, social security number and telephone number of the applicant; and***
    b. ***Any other information requested by the Board.***
2. ***Each certified registered nurse anesthetist who applies for a certificate of registration may be required by the Board to appear personally before the Board for a determination and an assignment of the specific authority to be granted to the certified registered nurse anesthetist.***

3. *Any certificate of registration issued pursuant to subsection 1 and 2 is a revocable privilege and no holder of such a certificate acquires any vested right therein or thereunder.*
4. *A certified registered nurse anesthetist shall notify the Board in writing of a change in location of the practice of the certified registered nurse anesthetist not later than 10 days after the change occurs.*

Section 2. NAC 639.900 is hereby amended as follows:

The Board may deny the application of an advanced practice registered nurse *or a certified registered nurse anesthetist* for a certificate of registration or suspend or revoke his or her certificate of registration if the advanced practice registered nurse *or certified registered nurse anesthetist*:

1. Is not of good moral character;
2. Is guilty of habitual intemperance;
3. Becomes or is under the influence of liquor, any depressant drug or a controlled substance while on duty, unless the drug or substance has been taken pursuant to a physician's prescription;
4. Is guilty of unprofessional conduct or conduct contrary to the public interest;
5. Is addicted to the use of any controlled substance;
6. Has been convicted of a violation of any federal law or law of this or any other state relating to controlled substances;
7. Has been convicted of a felony or other crime involving moral turpitude, dishonesty or corruption;
8. Has willfully made to the Board or its authorized representative any false written statement which is material to the administration or enforcement of any provision of chapter 453, 454 or 639 of NRS;
9. Has obtained a registration by filing any application, record or affidavit, or any information in support thereof, which is false or fraudulent;
10. Has violated any provision of the Federal Food, Drug, and Cosmetic Act or any other state or federal law or regulation relating to prescription drugs;
11. Has failed to renew his or her registration by failing to pay the renewal fee;
12. Has failed to maintain the security of his or her drug supply;

13. Has supplied patients with prescriptions that are presigned in blank; or

14. Has violated any provision of chapter 453, 454, 585 or 639 of NRS or any regulation pertaining to the practice of pharmacy, controlled substances, dangerous drugs or devices.

Section 3. NAC 639.220 is hereby amended as follows:

1. The Board hereby adopts the following schedule of fees:

For the examination of an applicant for registration as a pharmacist.....	Actual cost of the examination
For the investigation or registration of an applicant as a registered pharmacist.....	$200
For the investigation, examination or registration of an applicant as a registered pharmacist by reciprocity.....	200
For the investigation or issuance of an original license to conduct a retail pharmacy.....	500
For the biennial renewal of a license to conduct a retail pharmacy.....	500
For the investigation or issuance of an original license to conduct an institutional pharmacy.....	500
For the biennial renewal of a license to conduct an institutional pharmacy	500
For the investigation or issuance of an original license to conduct a pharmacy in a correctional institution.....	500
For the biennial renewal of a license to conduct a pharmacy in a correctional institution.....	500
For the investigation or issuance of an original license to conduct a pharmacy in a recovery center or ambulatory surgical center licensed pursuant to chapter 449 of NRS.....	500
For the biennial renewal of a license to conduct a pharmacy in a recovery center or ambulatory surgical center licensed pursuant to chapter 449 of NRS.....	500

For the issuance of an original or duplicate certificate of registration as a registered pharmacist	50
For the biennial renewal of registration as a registered pharmacist	200
For the reinstatement of a lapsed registration (in addition to the fees for renewal for the period of lapse)	100
For the initial registration of a pharmaceutical technician, pharmaceutical technician in training, dispensing technician or dispensing technician in training	50
For the biennial renewal of registration of a pharmaceutical technician, pharmaceutical technician in training, dispensing technician or dispensing technician in training	50
For the investigation or registration of an intern pharmacist	40
For the biennial renewal of registration as an intern pharmacist	40
For the investigation or registration of an advanced practice registered nurse or a physician assistant to prescribe drugs that are not controlled substances	80
For the biennial renewal of registration of an advanced practice registered nurse or a physician assistant to prescribe drugs that are not controlled substances	80
For authorization of a physician, advanced practice registered nurse, physician assistant, euthanasia technician, facility for treatment with narcotics, researcher, instructional user or any other authorized person, except a practitioner who is a medical intern or resident physician, to prescribe or possess controlled substances	200
For the biennial renewal of authorization of a physician, advanced practice registered nurse, physician assistant, euthanasia technician, facility for treatment with narcotics, researcher, instructional user or any other authorized person, except a practitioner who is a medical intern or resident physician, to prescribe or possess controlled substances	200
For authorization of certified registered nurse anesthetist, under the supervision of a physician licensed pursuant to chapter 630 or 633 of	***200***

NRS, to order, prescribe, possess and administer controlled substances, poisons, dangerous drugs and devices to treat a patient under the care of a licensed physician in a critical access hospital in preparation for surgery or childbirth, during surgery or childbirth and while a patient recovers from surgery or childbirth.....	
For biennial renewal of authorization of certified registered nurse anesthetist, under the supervision of a physician licensed pursuant to chapter 630 or 633 of NRS, to order, prescribe, possess and administer controlled substances, poisons, dangerous drugs and devices to treat a patient under the care of a licensed physician in a critical access hospital in preparation for surgery or childbirth, during surgery or childbirth and while a patient recovers from surgery or childbirth.....	*200*
For the biennial renewal of authorization of a practitioner who is a medical intern or resident physician to prescribe or possess controlled substances.....	80
For the investigation or issuance of an original license to engage in business as an authorized warehouse or medical products provider.....	500
For the biennial renewal of a license to engage in business as an authorized warehouse or medical products provider.....	500
For the investigation or issuance of an original license to a manufacturer or wholesaler.....	1,000
For the biennial renewal of a license for a manufacturer or wholesaler.....	1,000
For the reissuance of a license issued to a pharmacy, when no change of ownership is involved, but the license must be reissued because of a change in the information required thereon.....	50
For authorization of a practitioner, other than a licensed veterinarian, to dispense controlled substances or dangerous drugs, or both, for human consumption for each location where the practitioner will dispense	300

controlled substances or dangerous drugs, or both, for human consumption.....	
For the biennial renewal of authorization of a practitioner, other than a licensed veterinarian, to dispense controlled substances or dangerous drugs, or both, for human consumption for each location where the practitioner will dispense controlled substances or dangerous drugs, or both, for human consumption.....	300
For authorization of a licensed veterinarian to dispense controlled substances or dangerous drugs, or both, not for human consumption....	150
For the biennial renewal of authorization of a licensed veterinarian to dispense controlled substances or dangerous drugs, or both, not for human consumption.....	150
For the investigation or issuance of an original license for an automated drug dispensing system.....	500
For the biennial renewal of a license for an automated drug dispensing system.....	500
For the investigation or issuance of an original license to a pharmacy authorizing the use of a mechanical device to furnish drugs and medications for administration to patients at a medical facility.....	250
For the biennial renewal of a license to a pharmacy authorizing the use of a mechanical device to furnish drugs and medications for administration to patients at a medical facility.....	250

2. The penalty for failure to pay the renewal fee for any license, permit or certificate within the statutory period, as provided in subsection 6 of NRS 639.170, is 50 percent of the renewal fee for each period of delinquency in addition to the renewal fee for each period of delinquency.

3. Any person who has been registered as a pharmacist in this State for at least 50 years is not required to pay the fee for the biennial renewal of a certificate of registration as a registered pharmacist.

4. The provisions of this section concerning the fee for the biennial renewal of the authorization to dispense controlled substances or dangerous drugs do not apply to an advanced practice registered nurse who is required to pay a fee pursuant to NAC 639.870.

5. A practitioner employed by or serving as an independent contractor of a health center:

(a) Which is a federally-qualified health center that provides health care primarily to medically underserved persons in a community; and

(b) Which is not a medical facility as defined in NRS 449.0151,

Ê is not required to pay a fee to the Board for a change of address or for an additional address at which the practitioner dispenses drugs.

6. A practitioner who is exempt from the payment of a fee pursuant to subsection 5 shall notify the Board in writing of each change of address or additional address, or both.

7. In addition to any other fees paid by an applicant for a certificate, license or permit issued pursuant to chapter 639 of NRS, the Board may require that the applicant pay the actual costs of inspection incurred by the Board.

Proposed Regulation of the Nevada State Board of Pharmacy

Workshop March 7, 2024

Explanation – Language in ***blue italics*** is new; language in ***red text*** [~~*omitted material*~~] is language to be omitted, and language in ***green text*** indicates prior Board-approved amendments that are in the process of being codified.

AUTHORITY: NRS 453.146; NRS 453.221; NRS 639.070

A REGULATION relating to controlled substances adding tianeptine, hallucinogenic substances and fentanyl related substances to the controlled substances listed in Schedule I; and providing other matters properly relating thereto.

NAC 453.510 is hereby amended to read as follows:

1. Schedule I consists of the drugs and other substances listed in this section by whatever official, common, usual, chemical or trade name designated

2. Unless specifically excepted or unless listed in another schedule, any of the following opiates, including, without limitation, their isomers, esters, ethers, salts and salts of isomers, esters and ethers, whenever the existence of such isomers, esters, ethers and salts is possible within the specific chemical designation:

Acetyl-alpha-methylfentanyl (N-[1-(1-methyl-2-phenethyl)-4-piperidinyl]-N-phenylacetamide);

Acetylmethadol;

Acryl fentanyl (N-(1-phenethylpiperidin-4-yl)-N-phenylacrylamide) (some trade or other names: acryloylfentanyl);

Allylprodine;

Alpha' -methyl butyryl fentanyl (2-methyl-N-(1-phenethylpiperidin-4-yl)-phenylbutanamide);

Alphacetylmethadol (except levo-alphacetylmethadol, commonly referred to as levo-alpha-

acetylmethadol, levomethadyl acetate or “LAAM”);

Alphameprodine;

Alphamethadol;

Alphamethylfentanyl (N-[1-(alpha-methyl-beta-phenyl)ethyl-4-piperidyl] propionanilide; 1-(1-methyl-2-phenylethyl)-4-(N-propanilido) piperidine);

Alpha-methylthiofentanyl (N-[1-methyl-2-(2-thienyl)ethyl-4-piperidinyl]-N-phenylpropanamide);

Benzethidine;

Betacetylmethdol;

Beta-hydroxyfentanyl (N-[1-(2-hydroxy-2-phenethyl)-4-piperidinyl]-N-phenylpropanamide);

Beta-hydroxy-3-methylfentanyl (other name: N-[1-(2-hydroxy-2-phenethyl)-3-methyl-4-piperidinyl]-N-phenylpropanamide);

Beta-hydroxythiofentanyl (trade or other names: N-[1-[2-hydroxy-2-(thiophen-2-yl)ethyl]piperidin-4-yl]-N-phenylpropionamide; N-[1-[2-hydroxy-2-(2-thienyl)ethyl]-4-piperidinyl]-N-phenylpropanamide);

Betameprodine;

Betamethadol;

Betaprodine;

Butyryl fentanyl (trade or other names: N-(1-phenethylpiperidin-4-yl)-N-phenylbutyramide; N-(1-phenethylpiperidin-4-yl)-N-phenylbutanamide);

Clonitazene;

Cyclopentylfentanyl(N-(1-phenethylpiperidin-4-yl)-N-phenylcyclopentanecarboxamide);

Cyclopropylfentanyl(N-(1-phenethylpiperidin-4-yl)-N-phenylcyclopropanecarboxamide);

Dextromoramide;

Diampromide;

2',5'-dimethoxyfentanyl (N *-(1-(2,5 dimethoxyphenethyl)piperidin-4-yl)* N*-phenylpropionamide);*

Diethylthiambutene;

Difenoxin;

Dimenoxadol;

Dimepheptanol;

Dimethylthiambuten;

Dioxaphetyl butyrate;

Dipipanone;

Ethylmethylthiambutene;

Etonitazene;

Etoxeridine;

Eutylone (bk-EBDB, 1-(1,3-Benzodioxol-5-yl)-2-(ethylamino)butan-1-one, b-keto-ethylbenzodioxolylbutanamine);

Fentanyl carbamate (Ethyl-(1-phenethylpiperidin-4-yl)(phenyl)carbamate);

Fluoro furanyl fentanyl;

Fluoroacryl fentanyl;

Fluorobutyryl fentanyl;

Fluorofentanyl (N-(4-fluorophenyl)-N-[1-(2-phenethyl)-4-piperidinyl]propanamide);

Fluoroisobutyryl fentanyl (N-(4-fluorophenyl)-N-(1-phenethylpiperidin-4-yl)isobutyramide);

Furanyl fentanyl (N-(1-phenethylpiperidin-4-yl)-N-phenylfuran-2-carboxamide);

3-furanyl fentanyl (N *-(1-phenethylpiperidin-4-yl)-* N *-phenylfuran-3-carboxamide);*

Furethidine;

Hydroxypethidine;

Isobutyryl fentanyl (N-(1-phenethylpiperidin-4-yl)-N-phenylisobutyramide);

Isovaleryl fentanyl (3-methyl-N-(1-phenethylpiperidin-4-yl)-N-phenylbutanamide);

Isotonitazene;

Ketobemidone;

Levomoramide;

Levophenacylmorphan;

Meta -fluorofentanyl (N -(3-fluorophenyl)- N -(1-phenethylpiperidin-4-yl)propionamide);

Meta -fluoroisobutyryl fentanyl (N -(3-fluorophenyl)- N -(1-phenethylpiperidin-4-yl) isobutyramide);

Methoxyacetyl fentanyl***;***

Methyl acetyl fentanyl;

Methyl methoxyacetyl fentanyl (some trade or other names: 2-methoxy-N-(2-methylphenyl)-N-(1-phenethylpiperidin-4-yl)acetamide (ortho-methyl methoxyacetylfentanyl; 2-methyl methoxyacetyl fentanyl));

Methylfentanyl;

Methylthiofentanyl;

Morpheridine;

MPPP (1-methyl-4-phenyl-4-propionoxypiperidine);

Noracymethadol;

Norlevorphanol;

Normethadone;

N-(1-(2-fluorophenethyl)piperidin-4-yl)-N-(2-fluorophenyl)propionamide (2'-fluoro ortho-fluorofentanyl; 2'-fluro 2'-fluorofentanyl);

Norpipanone;

Ocfentanil (N-(2-fluorophenyl)-2-methoxy-N-(1-phenethylpiperidin-4-yl)acetamide;

Ortho -fluorofuranyl fentanyl (N -(2-fluorophenyl)- N -(1-phenethylpiperidin-4-yl)furan-2-carboxamide);

Para-chloroisobutyryl fentanyl (N-(4-chlorophenyl)-N-(1-phenethylpiperidin-4-yl)isobutyramide);

Para-fluorobutyryl fentanyl (N-(4-fluorophenyl)-N-(1-phenethylpiperidin-4-yl)butyramide);

Para-methoxybutyryl fentanyl (N-(4-methoxyphenyl)-N-(1-phenethylpiperidin-4-yl)butyramide);

Para -methoxyfuranyl fentanyl (N -(4-methoxyphenyl)- N -(1-phenethylpiperidin-4-yl)furan-2-carboxamide);

Para -methylcyclopropyl fentanyl (N -(4-methylphenyl)- N -(1-phenethylpiperidin-4-yl)cyclopropanecarboxamide);

PEPAP (1-(-2-phenethyl)-4-phenyl-4-acetoxypiperidine);

Phenadoxone;

Phenampromide;

Phenomorphan;

Phenoperidine;

Phenyl fentanyl (some trade or other names: benzoyl fentanyl);

Phenylpropanoyl fentanyl;

Piritramide;

Proheptazine;

Properidine;

Propiram;

Racemoramide;

Tetrahydrofuranyl fentanyl (N-(1-phenethylpiperidin-4-yl)-N-phenyltetrahydrofuran-2-carboxamide);

Tianeptine;

Thiofentanyl (N-phenyl-N-[1-(2-thienyl)ethyl-4-piperidinyl]-propanamide);

Thiofuranyl fentanyl (some trade or other names: thiophene fentanyl);

Tilidine;

Trimeperidine; or

Valeryl fentanyl (N-(1-phenethylpiperidin-4-yl)-N-phenylpentanamide).

3. Unless specifically excepted or unless listed in another schedule, any of the following opium derivatives, including, without limitation, their salts, isomers and salts of isomers, whenever the existence of such salts, isomers and salts of isomers is possible within the specific chemical designation:

Acetorphine;

Acetyl fentanyl;

Acetyldihydrocodeine;

Benzylmorphine;

Codeine methylbromide;

Codeine-N-Oxide;

Cyprenorphine;

Desomorphine;

Dihydromorphine;

Drotebanol;

Etorphine (except hydrochloride salt);

Heroin;

Hydromorphinol;

Methyldesorphine;

Methyldihydromorphine;

Morphine methylbromide;

Morphine methylsulfonate;

Morphine-N-Oxide;

Myrophine;

Nicocodeine;

Nicomorphine;

Normorphine;

Pholcodine; or

Thebacon.

4. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture or preparation which contains any quantity of the following hallucinogenic substances, including, without limitation, their salts, isomers and salts of isomers, whenever the existence of such salts, isomers and salts of isomers is possible within the specific chemical designation:

ADB–BUTINACA (some trade or other names: N -(1-amino-3,3-dimethyl-1-oxobutan-2-yl)-1-butyl-1 H -indazole-3-carboxamide

ADB-4en-PINACA (some trade or other names: N-(1-amino-3,3-dimethyl-1-oxobutan-2-yl)-1-(pent-4-en-1-yl)-1H-indazole-3-carboxamide)

Adinazolam (some trade or other names: 8-chloro-1-((dimethylamino)methyl)-6-phenyl-4H-s-triazlo(4,3-a)(1,4)benzodiazepine; adinazolamum; Deracyn);

Alpha-ethyltryptamine (some trade or other names: ET, Trip);

Alpha-methyltryptamine (some trade or other names: AMT);

Alpha -PiHP (some trade or other names: 4-methyl-1-phenyl-2-(pyrrolidin-1-yl)pentan-1-one)

Bromazolam (some trade or other name: 8-bromo-1-methyl-6-phenyl H[1,2,4]triazolo[4,3a][1,4]benzodiazepine; XLI-268);

1,4-Butanediol (some trade or other names: 1,4-butyleneglycol, dihydroxybutane, tetramethylene glycol, butane 1,4-diol, SomatoPro, Soma Solutions, Zen);

~~3~~ bromo-2,5-dimethoxyamphetamine (some trade or other names: 4-bromo-2,5-dimethoxy-alpha-methylphenethylamine; 4-bromo-2,5-DMA);

4-bromo-2,5-dimethoxyphenethylamine (some trade or other names: Nexus, 2C-B);

1-Butyl-3-(1-naphthoyl)indole-7173 (some trade or other names: JWH-073);

2-(4-Chloro-2,5-dimethoxyphenyl)ethanamine (some trade or other names: 2C-C);

4-(2-chlorophenyl)-2-ethyl-9-methyl-6H-thieno[3,2-f][1,2,4]triazolo[4,3-a][1,4]diazepine (some trade or other names: Etizolam);

Clonazolam (some trade or other names: 6-(2-chlorophenyl)-1-methyl-8-nitro-4H-[1,2,4]triazolo[4,3-a][1,4]benzodiazepine; clonitrazolam);

1-cyclohexylethyl-3-(2-methoxyphenylacetyl)indole (some trade or other names: SR-18; BTM-8; RCS-8);

CUMYL-PEGACLONE (some trade or other names: SGT-151; 5-Pentyl-2-(2-phenylpropan-2-yl)pyrido[4,3-b]indol-1-one; 2,5-dihydro-2-(1-methyl-1-

phenylethyl)-5-pentyl-1H-pyrido[4,3-b]indol-1-one)

Diclazepam (some trade or other names: 7-chloro-5-(2-chlorophenyl)-1,3-dihydro-1-methyl-2H-1,4-benzodiazepine-2-one; 7-chloro-5-(2-chlorophenyl)-1-methyl-1,3-dihydro-2H-benzo[e][1,4]diazepin-2-one; 2'-chlorodiazepam; Chlorodiazepam; Ro 5-3448);

2,5-dimethoxyamphetamine (some trade or other names: 2,5-dimethoxy-alpha-methylphenethylamine; 2,5-DMA);

2,5-dimethoxy-4-ethylamphet-amine (some trade or other names: DOET);

2-(2,5-Dimethoxy-4-ethylphenyl)ethanamine (some trade or other names: 2C-E);

2-(2,5-Dimethoxy-4-methylphenyl)ethanamine (some trade or other names: 2C-D);

2-(2,5-Dimethoxy-4-nitro-phenyl)ethanamine (some trade or other names: 2C-N);

2,5-Dimethoxy-N-(2-methoxybenzyl) phenethylamine (NBOMe) and any derivative thereof (some trade or other names: 2C-X-NBOMe; N-benzylated phenethylamines; N- o-methoxybenzyl analogs; NBOMe; 25H-NBOMe; 25B-NBOMe; 25C-NBOMe; 25D-NBOMe; 25E-NBOMe; 25I-NBOMe; 25N-NBOMe; 25P-NBOMe; 25T2-NBOMe; 25T4-NBOMe; 25T7-NBOMe);

2-(2,5-Dimethoxy-4-(n)-propylphenyl)ethanamine (some trade or other names: 2C-P);

2,5-dimethoxy-4-(n)-propylthiophenethylamine (some trade or other names: 2C-T-7);

2-(2,5-Dimethoxyphenyl)ethanamine (some trade or other names: 2C-H);

3-[(2-Dimethylamino)ethyl]-1H-indol-4-yl acetate (some trade or other names: 4-acetoxy- N, N-dimethyltryptamine;4-AcO-DMT; psilacetin; O-acetylpsilocin; 4-acetoxy-DMT);

5-(1,1-Dimethylheptyl)-2-[(1R,3S)-3-hydroxycyclohexyl]-phenol-7297 (some trade or other names: CP-47,497);

5-(1,1-Dimethyloctyl)-2-[(1R,3S)-3-hydroxycyclohexyl]-phenol-7298 (some trade or other

names: cannabicyclohexanol; CP-47,497 C8 homologue);

Ethyl 2-(1-(5-fluoropentyl)-1H-indazole-3-carboxamido)-3,3-dimethylbutanoate (some trade or other names: 5F-EDMB-PINACA);

4-ethylnaphthalen-1-yl-(1-pentylindol-3-yl)methanone (some trade or other names: (4- ethyl-1-naphthalenyl)(1-pentyl-1H-indol-3-yl)-methanone; JWH-210);

2-[4-(Ethylthio)-2,5-dimethoxyphenyl]ethanamine (some trade or other names: 2C-T-2);

4F-MDMB-BUTICA (some trade or other names: 4F-MDMB-BICA; Methyl 2-[[1-(4-fluorobutyl)indole-3-carbonyl]amino]-3,3-dimethyl-butanoate; N-[[1-(4-fluorobutyl)-1H-indol-3-yl]carbonyl]-3-methyl-L-valine, methyl)

5F-EDMB-PICA (some trade or other names: 5F-EDMB-2201; Ethyl 2-[[1-(5-fluoropentyl)indole-3-carbonyl]amino]-3,3-dimethyl-butanoate; N-[[1-(5-fluoropentyl)-1H-indol-3-yl]carbonyl]-3-methyl-L-valine, ethyl ester)

Flualprazolam (some trade or other names: 8-chloro-6-(2-fluorophenyl)-1-methyl-4H-[1,2,4]triazolo[4,3-a][1,4]benzodiazepine; 8-chloro-6-(2-fluoro-phenyl)-1-methyl-4H-benzo[f][1,2,4]triazolo[4,3-a][1,4]diazepine; 2'-fluoro alprazolam; ortho-fluoro alprazolam);

Flubromazepam (some trade or other names: 7-bromo-5-(2-fluorophenyl)-1,3-dihydro-2H-1,4-benzodiazepin-2-one; 7-Bromo-5-(2-fluorophenyl)-1H-benzo[e][1,4]diazepin- 2(3H)-one; 7-bromo-5-(2-fluorophenyl)-1,3-dihydro-1,4-benzodiazepin-2-one);

Flubromazolam (some trade or other names: 8-bromo-6-(2-fluorophenyl)-1-methyl-4H-(1,2,4)triazolo(4,3-a)(1,4)benzodiazepine);

Flunitrazolam (some trade or other names: 6-(2-fluorophenyl)-1-methyl-8-nitro-4H-benzo[f][1,2,4]triazolo[4,3-a][1,4]diazepine);

(1-(4-fluorobenzyl)-1H-indol-3-yl)(2,2,3,3-tetramethylcyclopropyl)methanone (some trade or other names: FUB-144);

2-(1-(4-fluorobenzyl)-1H-indazole-3-carboxamido)-3-methylbutanoate (Some trade or other names: FUB-AMB; MMB-FUBINACA);

[1-(5-fluoropentyl)-1H-indazol-3-yl](naphthalen-1-yl)methanone (some trade or other names: THJ-2201; 5-fluoro THJ 018; AM2201 indazole analog; fluorpentyl JWH-018 indazole);

[1-(5-fluoropentyl)-1H-indol-3-yl]-1-naphthalenyl-methanone (some trade or other names: 1-(5-fluoropentyl)-3-(1-naphthoyl)indole; AM-2201);

[1-(5-fluoropentyl)-1H-indol-3-yl]-(2-iodophyenyl)-methanone (some trade or other names: 1-(5-fluoropentyl)-3-(2-iodobenzoyl)indole; AM-694);

(1-(5-fluoropentyl)-1H-indol-3-yl)(2,2,3,3-tetramethylcyclopropyl)methanone (some trade or other names: XLR-11);

1-(5-fluoropentyl)-N-(2-phenylpropan-2-yl)-1H-indazole-3-carboxamide (some trade or other names: 5F-CUMYL-PINACA; SGT-25);

1-(5-fluoropentyl)-N-(tricyclo[3.3.1.13,7]dec-1-yl)-1H-indazole-3-carboxamide (some trade or other names: N-((3s,5s,7s)-adamantan-1-yl)-1-(5-fluoropentyl)-1H-indazole-3-carboxamide; APINACA 5-fluoropentyl analog; 5F-AKB48; 5-Fluoro-AKB48; 5F-APINACA; 5-Fluoro-APINACA;

1-(5-fluoropentyl)-8-quinolinyl ester-1H-indole-3-carboxylic acid (some trade or other names: 1-(5-fluoropentyl)-1H-indole-3-carboxylic acid 8-quinolinyl ester; 5-Fluoro-PB-22; 5F-PB-22);

Flutoprazepam (some trade or other names: 7-chloro-1-(cyclopropylmethyl)-5-(2-fluorophenyl)-1,3-dihydro-2H-1,4-benzodiazepin-2-one);

2-(4-Iodo-2,5-dimethoxyphenyl)ethanamine (some trade or other names: 2C-I);

2-[4-(Isopropylthio)-2,5-dimethoxyphenyl]ethanamine (some trade or other names: 2C-T-4);

1-hexyl-3-(1-naphthoyl)indole (some trade or other names: JWH-019);

MDMB-4en-PINACA (some trade or other names: Methyl 3,3-dimethyl-2-(1-(pent-4-en-1-yl)-1H-indazole-3-carboxamido)butanoate)

Meclonazepam (some trade or other names: (3S)-5-(2-chlorophenyl)-1,3-dihydro-3-methyl-7-nitro-2H-1,4-benzodiazepin-2-one; Ro 11-3128);

Methoxetamine (some trade or other names: MXE; 2-(3-methoxyphenyl)-2-(ethylamino)cyclohexanone)

3–MMC (some trade or other names: 3-methylmethcathinone; 2-(methylamino)-1-(3-methylphenyl)propan-1-one)

4-methoxyamphetamine (some trade or other names: 4-methoxy-alpha-methylphenethylamine; para-methoxyamphetamine; PMA);

(4-methoxy-1-naphthalenyl)(1-pentyl-1H-indol-3-yl)-methanone (some trade or other names: JWH-081);

5-methoxy-3,4-methylenedioxyamphetamine (some trade or other names: MMDA);

5-methoxy-N, N-diisopropyltryptamine (some trade or other names: 5-meO-DIPT);

4-methyl-2,5-dimethoxyamphetamine (some trade or other names: 4-methyl-2,5-dimethoxy-alpha-methylphenethylamine; “DOM”; “STP”);

(4-methyl-1-naphthalenyl)(1-pentyl-1H-indol-3-yl)-methanone (some trade or other names: JWH-122);

Methyl 2-(1-(5-fluoropentyl)-1H-indazole-3-carboxamido)-3,3-dimethylbutanoate (some trade

or other names: 5F-ADB; 5F-MDMB-PINACA);

Methyl 2-(1-(5-fluoropentyl)-1H-indole-3-carboxamido)-3,3-dimethylbutanoate (some trade or other names: 5F-MDMB-PICA);

Methylenedioxyamphetamine (some trade or other names: MDA);

Methylenedioxymethamphetamine (MDMA);

Methylenedioxy-N-ethylamphetamine (commonly referred to as N-ethyl-alpha-methyl-3,4(methylenedioxy) phenethylamine, N-ethyl MDA, MDE, MDEA);

1-[2-(4-Morpholinyl)ethyl]-3-(1-naphthoyl)indole-7200 (some trade or other names: JWH-200);

MMB-FUBICA ester (some trade or other names: Methyl 2-(1-(4-fluorobenzyl)-1H-indole-3-carboxamido)-3-methyl butanoate; N-[[1-[(4-fluorophenyl)methyl]-1H-indol-3-yl]carbonyl]-L-valine, methyl ester

N-(adamantan-1-yl)-1-(4-fluorobenzyl)-1H-indazole-3-carboxamide (some trade or other names: FUB-AKB48; FUB-APINACA; AKB48 N-(4-fluorobenzyl);

N-(1-adamantyl)-1-pentyl-1H-indazole-3-carboxamide (some trade or other names: 1-pentyl-N-tricyclo[3.3.1.13,7]dec-1-yl-1H-indazole-3-carboxamide; APINACA; AKB48);

N-(1-amino-3,3-dimethyl-1-oxobutan-2-yl)-1-(cyclohexylmethyl)-1H-indazole-3-carboxamide (trade or other names: ADB-CHMINACA; MAB-CHMINACA);

N-(1-amino-3,3-dimethyl-1-oxobutan-2-yl)-1-pentyl-1H-indazole-3-carboxamide (trade or other name: ADB-PINACA);

N-(1-amino-3-methyl-1-oxobutan-2-yl)-1-pentyl-1H-indazole-3-carboxamide (some trade or

other names: AB-PINACA);

N-(1-amino-3-methyl-1-oxobutan-2-yl)-1-(4-fluorobenzyl)-1H-indazole-3-carboxamide (trade or other name: AB-FUBINACA);

N-[(1S)-1-(aminocarbonyl)-2-methylpropyl]-1-(cyclohexylmethyl)-1H-indazole-3-carboxamide (trade or other name: AB-CHMINACA);

N-hydroxy-3,4-methylenedioxyamphetamine (commonly referred to as N-hydroxy-alpha-methyl-3,4(methylenedioxy) phenethylamine, N-hydroxy MDA);

2-(2-methoxyphenyl)-1-(1-pentylindol-3-yl)ethanone (some trade or other names: 1-(1-pentyl-1H-indol-3-yl)-2-(2-methoxyphenyl)-ethanone; 1-pentyl-3-(2-methoxyphenylacetyl)indole; JWH-250);

Nifoxipam (some trade or other names: 5-(2-fluorophenyl)-1,3-dihydro-3-hydroxy-7- nitro-2H-1,4-benzodiazepin-2-one; 1,3-Dihydro-5-(2-fluorophenyl)-3-hydroxy-7-nitro- 2H-1,4-benzodiazepin-2-one; 3-hydroxydesmethylflunitrazepam; DP 370);

Nitrazolam (some trade or other names: 1-methyl-8-nitro-6-phenyl-4H-[1,2,4]triazolo[4,3-a][1,4]benzodiazepine);

Norflurazepam (some trade or other names: 7-chloro-5-(2-fluorophenyl)-1,3-dihydro-2H-1,4-benzodiazepin-2-one; nor-Flurazepam; N-Desalkylflurazepam; Desalkylflurazepam; Ro 5-3367);

1-Pentyl-3-(2-chlorophenylacetyl)indole (some trade or other names: JWH-203);

1-Pentyl-3-(4-cholor-1-naphthoyl)indole (some trade or other names: JWH-398);

1-Pentyl-3-[(4-methoxy)-benzoyl]indole (some trade or other names: SR-19; BTM-4; RCS-4);

1-Pentyl-3-(1-naphthoyl)indole-7118 (some trade or other names: JWH-018; AM678);

(1-pentylindol-3-yl)-(2,2,3,3-tetramethylcyclopropyl)methanone (some trade or other

names: UR-144);

1-pentyl-N-(tricyclo[3.3.1.1^{3,7}]dec-1-yl-1H-indole-3 carboxamide (some trade or other names: APICA; JWH-018 adamantyl carboxamide; 2NE1; SDB-001);

1-pentyl-8-quinolinyl ester-1H-indole-3-carboxylic acid (some trade or other names: 1-pentyl-1H-indole-3-carboxylic acid 8-quinolinyl ester; PB-22; QUPIC);

Phenazepam (some trade or other names: 7-bromo-5-(2-chlorophenyl)-1,3-dihydro-2H-1,4-benzodiazepin-2-one; 7-bromo-5-(2-chlorophenyl)-1,2-dihydro-3H-1,4-benzodiazepin- 2-one; BD 98; Fenazepam; Elzepam; Phezipam; Phenorelaxan; Phenzitat);

Pyrazolam (some trade or other names: 8-bromo-1-methyl-6-(2-pyridinyl)-4H-(1,2,4)triazolo(4,3-a)(1,4)benzodiazepine; 8-bromo-1-methyl-6-(pyridin-2-yl)-4H-benzo[f][1,2,4]triazolo[4,3-a][1,4]diazepine; Pirazolam);

3,4,5-trimethoxyamphetamine;

Bufotenine (some trade or other names: 3-(beta-dimethylaminoethyl)-5-hydroxyindole; 3-(2-dimethyl-aminoethyl)-5-indolol; N, N-dimethylserotonin; 5-hydroxy-N, N-dimethyltryptamine; mappine);

Diethyltryptamine (some trade or other names: DET; N,N-Diethyltryptamine);

Dimethyltryptamine (some trade or other names: DMT; N,N-DMT; N,N-Dimethyltryptamine);

Fluorophenylpiperazine (some trade or other names: FPP, pFPP, 2-fluorophenylpiperazine, 3-fluorophenylpiperazine, 4-fluorophenylpiperazine);

Gamma butyrolactone (some trade or other names: GBL, Gamma Buty Lactone, 4-butyrolactone, dihydro-2(3H)-furanone, tetrahydro-2-furanone, Gamma G, GH Gold);

Gamma hydroxy butyric acid (some trade or other names: GHB);

Ibogaine (some trade or other names: 7-ethyl-6, 6 beta, 7, 8, 9, 10, 12, 13-octahydro-2-

methoxy-6, 9-methano-5H-pyrido (1',2':1,2) azepino (5,4-b) indole; *Tabernanthe iboga*);

Lysergic acid diethylamide;

Marijuana;

Mescaline;

Methoxyphenylpiperazine (some trade or other names: MeOPP, pMPP, 4-MPP, 2-MeOPP, 3-MeOPP, 4-MeOPP);

Parahexyl (some trade or other names: 3-Hexyl-1-hydroxy-7, 8, 9, 10-tetrahydro-6,6,9-trimethyl-6H-dibenzo[b,d]pyran; Synhexyl);

Peyote (meaning all parts of the plant presently classified botanically as *Lophophora williamsii Lemaire*, whether growing or not, the seeds thereof, any extract from any part of such plant, and every compound, manufacture, salts, derivative, mixture, or preparation of such plant, its seeds or extracts);

N-benzylpiperazine (some trade or other names: BZP, 1-benzylpiperazine);

N-ethyl-3-piperidyl benzilate;

N-methyl-3-piperidyl benzilate;

Psilocybin;

Psilocin;

Salvinorin A (some trade or other names: Divinorin A; Methyl (2S,4aR,6aR,7R,9S,10aS,10bR)-9-(acetyloxy)-2-(furan-3-yl)-6a,10b-dimethyl-4,10-dioxododecahydro-2H-benzofisochromene-7-carboxylate);

Ethylamine analog of phencyclidine (some trade or other names: N-ethyl-1-phenylcyclohexylamine; (1-phenylcyclohexyl) ethylamine; N-(1-phenylcyclohexyl) ethylamine; cyclohexamine; PCE);

Pyrrolidine analog of phencyclidine (some trade or other names: 1-(1-phenylcyclohexyl)-pyrrolidine; PCPy; PHP);

1-(1-(2-thienyl)-cyclohexyl)-pyrrolidine (some trade or other names: TCPy);

Thiophene analog of phencyclidine (some trade or other names: 1-(1-(2-thienyl)-cyclohexyl)-piperidine; 2-thienyl analog of phencyclidine; TPCP; TCP); or

Trifluoromethylphenylpiperazine (some trade or other names: 1-(3-trifluoromethylphenyl)piperazine; 3-trifluoromethylphenylpiperazine; TFMPP).

 For the purposes of this subsection, "isomer" includes, without limitation, the optical, position or geometric isomer.

5. All parts of the plant presently classified botanically as Datura, whether growing or not, the seeds thereof, any extract from any part of such plant or plants, and every compound, manufacture, salt derivative, mixture or preparation of such plant or plants, its seeds or extracts, unless substances consistent with those found in such plants are present in formulations that the Food and Drug Administration of the United States Department of Health and Human Services has approved for distribution.

6. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture or preparation which contains any quantity of phencyclidine, mecloqualone or methaqualone having a depressant effect on the central nervous system, including, without limitation, their salts, isomers and salts of isomers, whenever the existence of such salts, isomers and salts of isomers is possible within the specific chemical designation.

7. Unless specifically excepted or unless listed in another schedule, any material,

compound, mixture or preparation which contains any quantity of the following substances having a stimulant effect on the central nervous system, including, without limitation, their salts, isomers and salts of isomers:

Alpha-PBP (some trade or other names: 1-phenyl-2-(pyrrolidin-1-yl)butan-1-one, alpha- pyrrolidinobutiophenone);

Alpha-PVP (some trade or other names: 1-phenyl-2-(1-pyrrolidinyl)-1-pentanone, alpha- pyrrolidinopentiophenone, alpha-pyrrolidinovalerophenone, O-2387);

Alpha-pyrrolidinoheptaphenone (some trade or other names: PV8);

Alpha-pyrrolidinohexanophenone (some trade or other names: alpha-PHP);

Aminorex;

Butylone (some trade or other names: 1-(1,3-benzodioxol-5-yl)-2-(methylamino)butan-1- one, β-keto-N-methylbenzodioxolylpropylamine, bk-MBDB);

Cathinone (some trade or other names: 2-amino-1-phenyl-1-propanone; alpha- aminopropiophenone; 2-aminopropiophenone; norephedrone);

4-chloro-alpha-pyrrolidinovalerophenone (some trade or other names: 4-chloro-a-PVP);

Dimethylone (some trade or other names: 3,4-methylenedioxy-N,Ndimethylcathinone; N,N-dimethyl MDCATH; N,N-dimethyl-3,4- methylenedioxycathinone; N,N-dimethylβ-keto-3,4-methylenedioxyamphetamine; 1-(1,3-benzodioxol-5-yl)-2-(dimethylamino)propan-1-one; bk-MDDMA);

N-ethylhexedrone;

Ethylone (some trade or other names: N-ethyl-3,4-methylenedioxycathinone; 1-(1,3- benzodioxol-5-yl)-2-(ethylamino)propan-1-one; MDEC; bk-MDEA);

N-ethylpentylone (1-(1,3-benzodioxol-5-yl)-2-ethylamino)-pentan-1-one) (some trade

or other names: ephylone);

Fenethylline;

Fluoroamphetamine (some trade or other names: 2-fluoroamphetamine, 3-fluoroamphetamine, 4-fluoroamphetamine, 2-FA, 3-FA, 4-FA, PFA);

Fluoromethcathinone (some trade or other names: 4-Fluoro-N-methylcathinone, 1-(4-fluorophenyl)-2-(methylamino)propan-1-one, 4-Fluoromethcathinone (Flephedrone), 4- FMC, 3-Fluoro-N-methylcathinone, 1-(3-fluorophenyl)-2-2(methylamino)propan-1- one, 3-Fluoromethcathinone, 3-FMC, 2-Fluoro-N-methylcathinone, 1-(2-fluorophenyl)- 2-(methylamino)propan-1-one, 2-FMC);

Mephedrone (some trade or other names: Methylmethcathinone, 4-Methylmethcathinone, 4-MMC, 4-Methylephedrone);

Methamphetamine;

Methcathinone (some trade or other names: N Methylcathinone,cat);

Methedrone (some trade or other names: Methoxymethcathinone, 4-Methoxymethcathinone, bk-PMMA, methoxyphedrine);

4-methyl-alpha-ethylaminopentiophenone (some trade or other names: 4-MEAP);

4’-methyl-alpha-pyrrolidinohexiophenone (some trade or other names: MPHP);

4-methyl-alpha-pyrrolidinopropiophenone (some trade or other names: 1-(4-methylphenyl)-2-(pyrrolidin-1-yl)-propan-1-one, 4-MePPP);

(±)cis-4-methylaminorex ((+)cis-4,5-dihydro-4-methyl-5-phenyl-2-oxazolamine);

Methylenedioxypyrovalerone (some trade or other names: 3,4-Methylenedioxypyrovalerone, MDPV);

Methylethcathinone (some trade or other names: 2-(ethylamino)-1-(4-

methylphenyl)propan-1-one, 4-MEC, 4-methyl-N-ethylcathinone);

Methylone (some trade or other names: Methylenedioxy-N-methylcathinone, Methylenedioxymethcathinone, 3,4-Methylenedioxy-N-methylcathinone, bk-MDMA);

N,N-dimethylamphetamine (commonly referred to as N,N-alpha-trimethyl-benzeneethanamine; N,N-alpha-trimethylphenethylamine);

N-ethylamphetamine;

Naphyrone (some trade or other names: 1-(naphthalen-2-yl)-2(pyrrolidin-1-yl)pentan-1-one, naphthylpyrovalerone, naphpyrovalerone, NRG-1, O-2482);

Pentedrone (some trade or other names: 2-(methylamino)-1-phenylpentan-1-one, α- methylaminovalerophenone); or

Pentylone (trade or other names: 1-(1,3-benzodioxol-5-yl)-2-(methylamino)pentan-1-one; beta-keto-methylbenzodioxolylpentanamine; bk-MBDP; bk-methyl-K).

8. Unless specifically listed in another schedule, coca leaves, cocaine base or free base, or a salt, compound, derivative, isomer or preparation thereof which is chemically equivalent or identical to such substances, and any quantity of material, compound, mixture or preparation which contains coca leaves, cocaine base or cocaine free base or its isomers or any of the salts of cocaine, except decocainized coca leaves or extractions which do not contain cocaine or ecgonine.

9. Unless specifically listed in another schedule, Tetrahydrocannabinols (natural or synthetic equivalents of substances contained in the plant, or in the resinous extractives of Cannabis, sp. or synthetic substances, derivatives and their isomers with similar chemical structure and pharmacological activity such as the following:

Delta 9 cis or trans tetrahydrocannabinol, and their optical isomers, also known as Delta 1 cis or trans tetrahydrocannabinol, and their optical isomers;

Delta 8 cis or trans tetrahydrocannabinol, and their optical isomers, also known as Delta 6 cis or trans tetrahydrocannabinol, and their optical isomers;

Delta 3, 4 cis or trans tetrahydrocannabinol, and its optical isomers;

Tetrahydrocannabinols contained in the genus Cannabis or in the resinous extractives of the genus Cannabis;

Synthetic equivalents of tetrahydrocannabinol substances or synthetic substances, derivatives and their isomers with a similar chemical structure; and

Since nomenclature of these substances is not internationally standardized, compounds of these structures, regardless of numerical designation of atomic positions covered).

10. Unless specifically listed in another schedule and except as otherwise provided in subsection 11, any material, compound, mixture or preparation which contains any quantity of CBD (natural or synthetic equivalents of the substances contained in the plant or in the resinous extractives of Cannabis sp. or synthetic substances, derivatives and their isomers with similar chemical structure and pharmacological activity).

11. A drug product which:

(a) Has been approved by the United States Food and Drug Administration;

(b) Contains CBD derived from any plant in the genus Cannabis or the resinous extractives thereof; and

(c) Contains not more than 0.1 percent residual THC by weight,

➥ is not a controlled substance.

STATE OF NEVADA

BOARD OF PHARMACY

985 Damonte Ranch Pkwy, Ste 206
Reno, NV 89521

Proposed Scheduling: Adding Tianeptine to Schedule I

Section 1: Summary

The Nevada State Board of Pharmacy, pursuant to NRS 453.146, proposes the placement of Tianeptine to Schedule I.

Section 2: Background

NRS 453.146 Powers and duties of Board.
The Board shall administer the provisions of NRS 453.011 to 453.552, inclusive, and may add substances to or delete or reschedule all substances enumerated in schedules I, II, III, IV and V by regulation.

In making a determination regarding a substance, the Board shall consider the following:

1. The actual or relative potential for abuse;
2. The scientific evidence of its pharmacological effect, if known;
3. The state of current scientific knowledge regarding the substance;
4. The history and current pattern of abuse;
5. The scope, duration and significance of abuse;
6. The risk to the public health;
7. The potential of the substance to produce psychic or physiological dependence liability; and
8. Whether the substance is an immediate precursor of a controlled substance.

Section 3: Evaluation of the Scheduling Criteria

1. The actual or relative potential for abuse;

Tianeptine is an atypical tricyclic antidepressant that is not approved by the U.S. Food and Drug Administration (FDA). The drug (marketed as Coaxil or Stablon) is approved for use in Europe, Asia, and Latin America.[1] In the U.S., tianeptine is known as ZaZa and Tianna Red by some users, who can find it readily available in gas stations, convenience stores, and online.

Tianeptine was developed to help increase serotonin uptake in the brain; it can also act as a full agonist at the mu-opioid receptor. As a full agonist, it produces a euphoric high and carries a significant risk of overdose. Furthermore, its short half-life can lead to rapid withdrawal, increasing its potential for addiction and misuse.[2]

Similar to opioid withdrawal, patients who experience tianeptine withdrawal commonly present with neurologic effects (e.g., agitation, anxiety, drowsiness), cardiovascular effects (e.g., tachycardia, hypertension), and gastrointestinal effects (e.g., nausea, vomiting, diarrhea, abdominal cramps).[3]

A medical literature review conducted in 2017, found 18 cases of individuals experiencing tianeptine misuse, dependence, and abuse. The review found higher frequency of tianeptine abuse/dependence was observed in women and 30- to 45-year-olds. Most cases (n = 13) reported a previous history of substance abuse. The therapeutic dose of tianeptine was exceeded 110-fold (i.e., up to 4125 mg/day) with a mean of about 1469 mg/day. The most prominent phenomena associated with tianeptine abuse and dependence were marked euphoria and withdrawal symptoms perpetuating further drug misuse.[4]

According to the U.S. Centers for Disease Control and Prevention (CDC), case reports demonstrate that tianeptine toxicity mimicked opioid toxicity and that naloxone was an effective therapy.[5,6] Tolerance to tianeptine and withdrawal have been reported. Neonatal abstinence syndrome mimicking opioid neonatal abstinence syndrome has occurred after tianeptine dependence during pregnancy.[7]

2. The scientific evidence of its pharmacological effect, if known;

Clinical effects of tianeptine abuse can mimic opioid toxicity and withdrawal due to its strong affinity at the mu-opioid receptors and through increases in extracellular dopamine concentrations throughout cerebral tissue.[2] One study examining the effect of the compound on rats, found that tianeptine produces mu-opioid receptor agonist-like acute adverse effects that include motor impairment, constipation, and respiratory depression.[8]

Additional evidence demonstrates that tianeptine mimics opioid toxicity due to reports of tianeptine toxicity being reversed with naloxone. Dempsey and others (2017) document a case report of a 36-year-old male intentionally injected tianeptine powder intravenously and, as a result, became unresponsive. The authors noted that "his toxicity was successfully reversed with two doses of naloxone 0.4 mg IV.[9]

In February 2022, the FDA issued a consumer update on tianeptine products linked to serious harm, overdoses, and death. In the alert, the agency notes that it has identified cases in which people experienced other serious harmful effects from abusing or misusing tianeptine by itself or with other drugs, including antidepressants and anti-anxiety medicines. These effects included agitation, drowsiness, confusion, sweating, rapid heartbeat, high blood pressure, nausea, vomiting, slowed or stopped breathing, coma, and death.[10]

3. The state of current scientific knowledge regarding the substance;

Tianeptine is an atypical antidepressant approved for use in Europe, Asia, and Latin America. The drug has not been approved by the United States Food and Drug Administration (FDA) for any medical use nor are there any commercial uses for tianeptine in the United States.

As stated previously, the clinical effects of tianeptine abuse can mimic opioid toxicity and withdrawal due to its strong affinity at the mu-opioid receptors and through increases in extracellular dopamine concentrations throughout cerebral tissue.[2] One study examining the effect of the compound on rats, found that tianeptine produces mu-opioid receptor agonist-like acute adverse effects that include motor impairment, constipation, and respiratory depression.[8] Neonatal abstinence syndrome mimicking opioid neonatal abstinence syndrome has occurred after tianeptine dependence during pregnancy.[7]

In February 2022, the FDA issued a consumer update on tianeptine products linked to serious harm, overdoses, and death. In the alert, the agency notes that it has identified cases in which people experi-

enced other serious harmful effects from abusing or misusing tianeptine by itself or with other drugs, including antidepressants and anti-anxiety medicines. These effects included agitation, drowsiness, confusion, sweating, rapid heartbeat, high blood pressure, nausea, vomiting, slowed or stopped breathing, coma, and death.[10]

4. The history and current pattern of abuse;

The history and current pattern of abuse can be illustrated by a recent review of exposure calls related to tianeptine reported by poison control centers to the National Poison Data System (NPDS) from 2000 to 2017. From 2000 to 2017, NPDS received 218 calls related to tianeptine exposure, including one from outside the United States. Tianeptine-only exposures, excluding 29 withdrawal-associated calls, accounted for 114 (52.3%) calls. During the first 14 years of the study period (2000–2013), NPDS received a total of 11 tianeptine exposure calls. From 2014 through 2017, there was a statistically significant increase in calls related to exposure ($p<0.001$) and intentional abuse or misuse ($p<0.001$). The total number of tianeptine exposure calls increased from five in 2014 to 38 in 2015, 83 in 2016, and 81 in 2017.[10]

A similar review conducted by Alabama's poison control centers found an increase in tianeptine toxicity beginning in May 2019. The review found eighty-four cases of atypical tricyclic antidepressants were identified in the study period. Forty-eight cases involving tianeptine met inclusion criteria and were reviewed. Of these, 37 (77%) occurred from May 2019 to March 2020. Twenty-seven (56%) required medical admission including 17 cases (35%) that were managed in an intensive care unit. Seventeen of the 48 cases resulted from acute tianeptine intoxication. Lethargy was the most common presentation, but some patients also presented with agitation. Thirty-one (65%) of the cases resulted from tianeptine withdrawal, which usually exhibited agitation, anxiety, gastrointestinal distress. Naloxone was used in 4 cases (24%) of the acute intoxication cohort and benzodiazepines were frequently used both in acutely intoxicated patients and in patients experiencing tianeptine withdrawal.[11]

Although tianeptine is not approved for use by the FDA, it is readily available for purchase as a dietary supplement or research chemical. Several online discussion forums among users describe the euphorigenic effects of tianeptine. In a 2018 Morbidity and Mortality Weekly Report from CDC, the authors conclude that "…in light of the ongoing U.S. opioid epidemic, any emerging trends in drugs with opioid-like effects raise concerns about potential abuse and public health safety."[1]

5. The scope, duration and significance of abuse;

To characterize tianeptine exposures in the United States, CDC analyzed all exposure calls related to tianeptine reported by poison control centers to the National Poison Data System (NPDS) from 2000 to 2017. CDC found that tianeptine exposure calls, including those for intentional abuse or misuse, increased across the United States during 2014–2017. Most tianeptine exposures occurred among persons aged 21–40 years and resulted in moderate outcomes. Neurologic, cardiovascular, and gastrointestinal signs and symptoms were the most commonly reported health effects, with some effects mimicking opioid toxicity. A substantial number of tianeptine exposure calls also reported clinical effects of withdrawal. Among 83 tianeptine exposures with noted coexposures, the most commonly reported coexposures were to phenibut, ethanol, benzodiazepines, and opioids.[1]

From 2000 to 2017, NPDS received 218 calls related to tianeptine exposure, including one from outside the United States. Tianeptine-only exposures, excluding 29 withdrawal-associated calls, accounted for 114 (52.3%) calls. During the first 14 years of the study period (2000–2013), NPDS received a total of 11 tianeptine exposure calls. From 2014 through 2017, there was a statistically significant increase in calls related to exposure ($p<0.001$) and intentional abuse or misuse ($p<0.001$). The total number of tianeptine exposure calls increased from five in 2014 to 38 in 2015, 83 in 2016, and 81 in 2017.[1]

6. The risk to the public health;

The availability of an unregulated, tricyclic antidepressant without any medical supervision presents a serious risk to public health. Media reports indicate that patients are utilizing tianeptine to either manage withdrawal or initiating use based upon the reported opioid-like effects.[12] Additionally, reports indicate that such unregulated access leads patients to consuming tianeptine at doses higher than the doses prescribed in the countries where the drug has been approved.[13] Further, the compound is not subject to the same FDA regulatory scheme – including inspections of manufacturing facilities, quality assurance testing, and adverse event monitoring – as other tricyclic antidepressants approved for use in the United States.

According to CDC, case reports demonstrate that tianeptine toxicity mimicked opioid toxicity and that naloxone was an effective therapy.[5] Tolerance to tianeptine and withdrawal have been reported.[15] Neonatal abstinence syndrome mimicking opioid neonatal abstinence syndrome has occurred after tianeptine dependence during pregnancy.[7]

Although tianeptine is not approved for use by the FDA, it is readily available for purchase as a dietary supplement or research chemical. Several online discussion forums among users describe the euphoric effects of tianeptine. In a 2018 Morbidity and Mortality Weekly Report from CDC, the authors conclude that "in light of the ongoing U.S. opioid epidemic, any emerging trends in drugs with opioid-like effects raise concerns about potential abuse and public health safety."[1]

In February 2022, the FDA issued a consumer update on tianeptine products linked to serious harm, overdoses, and death. In the alert, the agency notes that it has identified cases in which people experienced other serious harmful effects from abusing or misusing tianeptine by itself or with other drugs, including antidepressants and an-ti-anxiety medicines. These effects included agitation, drowsiness, confusion, sweating, rapid heartbeat, high blood pressure, nausea, vomiting, slowed or stopped breathing, coma, and death.[10]

7. The potential of the substance to produce psychic or physiological dependence liability; and

While tianeptine is approved for use in other counties, many countries have banned or withdrawn this medication from the market due to concerns regarding addiction and other adverse events. In the country of Georgia, the health authority withdrew tianeptine from the market in June 2010, and the health authorities of Russia and Armenia classified tianeptine as a controlled substance in July 2010. Similar measures were implemented in Ukraine in January 2011.[16] Tianeptine has been described to have a similar risk for diversion as diazepam, ranking first among various antidepressants for doctor-shopping in France.[17] Several states, including Alabama, Michigan, Mississippi, Tennessee, Georgia, Indiana, Ohio, Florida, and Kentucky have taken action to ban or strictly control tianeptine sales at the state level.[18]

In January, House lawmakers called on FDA Commissioner Dr. Robert Califf to crack down on the use of tianeptine. The letter stated, "The FDA first issued a warning on tianeptine use in 2018, noting that users may "inadvertently find themselves addicted to tianeptine and should avoid all products containing this ingredient." Your agency issued an additional warning in 2022, warning that reports indicate that "tianeptine has a potential for abuse." And in November 2023, FDA issued a warning for consumers not to purchase or use any products sold under the brand Neptune's Fix that contain tianeptine after reports of severe adverse events by users including seizures and hospitalizations. While we appreciate these warnings, we believe that more action on tianeptine use is needed to ensure the health and well-being of the American people."

A medical literature review conducted in 2017, found 18 cases of individuals experiencing tianeptine misuse, dependence, and abuse. The review found higher frequency of tianeptine abuse/dependence was

observed in women and 30- to 45-year-olds. Most cases (n = 13) reported a previous history of substance abuse. The therapeutic dose of tianeptine was exceeded 110-fold (i.e., up to 4125 mg/day) with a mean of about 1469 mg/day. The most prominent phenomena associated with tianeptine abuse and dependence were marked euphoria and withdrawal symptoms perpetuating further drug misuse.[4]

8. Whether the substance is an immediate precursor of a controlled substance.

This substance is not known to be an immediate precursor.

U.S. FOOD & DRUG ADMINISTRATION

January 11, 2024

To Whom it May Concern:

The U.S. Food and Drug Administration (FDA) issued a public safety alert on November 21, 2023, after receiving multiple reports of serious medical injuries related to "Neptune's Fix." Neptune's Fix is labeled to contain the dangerous and addictive ingredient tianeptine. Tianeptine is not approved for any medical use in the United States and is often unlawfully labeled or sold as a dietary supplement. FDA continues to receive reports of consumers who have suffered seizures, loss of consciousness or other adverse health events after ingesting this product. **We are reaching out because most consumers report purchasing this product at local gas stations or convenience stores across the country.**

FDA is urging all retailers to STOP selling Neptune's Fix and any tianeptine-containing products. We are asking that trade associations please share the message above and information below to keep consumers safe:

- FDA warns consumers not to purchase or use Neptune's Fix or any tianeptine product due to serious risks: https://www.fda.gov/drugs/drug-safety-and-availability/fda-warns-consumers-not-purchase-or-use-neptunes-fix-or-any-tianeptine-product-due-serious-risks
- Tianeptine Products Linked to Serious Harm, Overdoses, Death: https://www.fda.gov/consumers/consumer-updates/tianeptine-products-linked-serious-harm-overdoses-death

Further, FDA is actively investigating new reports in conjunction with local and state health departments. We are also aware that Neptune's Fix and other tianeptine-containing products are sold illegally online and in other retail locations. At least twelve states have banned the sale of tianeptine.

U.S. Food and Drug Administration
Office of Regulatory Affairs
Rockville, MD 20857

U.S. FOOD & DRUG ADMINISTRATION

According to the CDC, the clinical effects of tianeptine abuse and withdrawal can mimic opioid toxicity/withdrawal.

Consumers and retailers should report adverse events or side effects related to the use of Neptune's Fix and similar products to FDA's MedWatch Safety Information and Adverse Event Reporting Program:

- Complete and submit the report online at MedWatch Online Voluntary Reporting Form, or;
- Download and complete the form, then submit it via fax at 1-800-FDA-0178.

Please respond to this email for any additional information or clarification.

Sincerely,

Health Fraud Branch

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

21 CFR Part 1308

[Docket No. DEA–1036]

Schedules of Controlled Substances: Placement of Nine Specific Fentanyl-Related Substances in Schedule I

AGENCY: Drug Enforcement Administration, Department of Justice.

ACTION: Final rule.

SUMMARY: With the issuance of this final rule, the Drug Enforcement Administration places nine fentanyl-related substances, as identified in this final rule, including their isomers, esters, ethers, salts, and salts of isomers, esters, and ethers whenever the existence of such isomers, esters, ethers, and salts is possible, in schedule I of the Controlled Substances Act. These nine fentanyl-related substances are currently listed in schedule I pursuant to a temporary scheduling order. This action makes permanent the imposition of the regulatory controls and administrative, civil, and criminal sanctions applicable to schedule I controlled substances on persons who handle (manufacture, distribute, import, export, engage in research, conduct instructional activities or chemical analysis with, or possess), or propose to handle these nine specific fentanyl-related controlled substances.

DATES: *Effective date:* December 7, 2023.

FOR FURTHER INFORMATION CONTACT: Dr. Terrence L. Boos, Drug and Chemical Evaluation Section, Diversion Control Division, Drug Enforcement Administration; Telephone: (571) 362–3249.

SUPPLEMENTARY INFORMATION: In this rule, the Drug Enforcement Administration (DEA) is permanently scheduling the following nine controlled substances including their isomers, esters, ethers, salts, and salts of isomers, esters, and ethers whenever the existence of such isomers, esters, ethers, and salts is possible, in schedule I of the Controlled Substances Act (CSA):

- *meta*-fluorofentanyl (*N*-(3-fluorophenyl)-*N*-(1-phenethylpiperidin-4-yl)propionamide),
- *meta*-fluoroisobutyryl fentanyl (*N*-(3-fluorophenyl)-*N*-(1-phenethylpiperidin-4-yl)isobutyramide),
- *para*-methoxyfuranyl fentanyl (*N*-(4-methoxyphenyl)-*N*-(1-phenethylpiperidin-4-yl)furan-2-carboxamide),
- 3-furanyl fentanyl (*N*-(1-phenethylpiperidin-4-yl)-*N*-phenylfuran-3-carboxamide),
- 2′,5′-dimethoxyfentanyl (*N*-(1-(2,5-dimethoxyphenethyl)piperidin-4-yl)-*N*-phenylpropionamide),
- isovaleryl fentanyl (3-methyl-*N*-(1-phenethylpiperidin-4-yl)-*N*-phenylbutanamide),
- *ortho*-fluorofuranyl fentanyl (*N*-(2-fluorophenyl)-*N*-(1-phenethylpiperidin-4-yl)furan-2-carboxamide),
- *alpha*′-methyl butyryl fentanyl (2-methyl-*N*-(1-phenethylpiperidin-4-yl)-*N*-phenylbutanamide), and
- *para*-methylcyclopropyl fentanyl (*N*-(4-methylphenyl)-*N*-(1-phenethylpiperidin-4-yl)cyclopropanecarboxamide).

Legal Authority

The CSA provides that proceedings for the issuance, amendment, or repeal of the scheduling of any drug or other substance may be initiated by the Attorney General (1) on his own motion; (2) at the request of the Secretary of the Department of Health and Human Services (HHS);[1] or (3) on the petition of any interested party.[2] This action was initiated on the Attorney General's own motion, as delegated to the Administrator of the DEA (Administrator), and is supported by, *inter alia,* a recommendation from the Assistant Secretary for Health of HHS

[1] As discussed in a memorandum of understanding entered into by the Food and Drug Administration (FDA) and the National Institute on Drug Abuse (NIDA), FDA acts as the lead agency within HHS in carrying out the Secretary's scheduling responsibilities under the CSA, with the concurrence of NIDA. 50 FR 9518, Mar. 8, 1985. The Secretary of HHS has delegated to the Assistant Secretary for Health of HHS the authority to make domestic drug scheduling recommendations. 58 FR 35460, July 1, 1993.

[2] 21 U.S.C. 811(a).

(Assistant Secretary) and an evaluation of all relevant data by DEA. This action continues the imposition of the regulatory controls and administrative, civil, and criminal sanctions of schedule I controlled substances on any person who handles or proposes to handle *meta*-fluorofentanyl, *meta*-fluoroisobutyryl fentanyl, *para*-methoxyfuranyl fentanyl, 3-furanyl fentanyl, 2′,5′-dimethoxyfentanyl, isovaleryl fentanyl, *ortho*-fluorofuranyl fentanyl, *alpha*′-methyl butyryl fentanyl, and *para*-methylcyclopropyl fentanyl.

Background

On February 6, 2018, DEA published an order in the **Federal Register** (FR) (83 FR 5188) amending 21 CFR 1308.11(h), temporarily placing fentanyl-related substances, as defined in that order, in schedule I of the CSA based upon a finding that these substances pose an imminent hazard to the public safety and pursuant to the temporary scheduling provisions of 21 U.S.C. 811(h). The nine substances named in this final rule meet the existing definition of fentanyl-related substances, as they are not otherwise controlled in any other schedule (i.e., not included under another DEA Controlled Substance Code Number) and are structurally related to fentanyl by one or more of the five modifications listed under the definition. That temporary scheduling order was effective on the date of publication and was based on findings by the former Acting Administrator that the temporary scheduling of these substances was necessary to avoid an imminent hazard to the public safety pursuant to 21 U.S.C. 811(h)(1). Pursuant to 21 U.S.C. 811(h)(2), the temporary control of fentanyl-related substances, a class of substances as defined in the order, as well as these nine specific substances already covered by that order, was set to expire on February 6, 2020. However, on February 6, 2020, as explained in DEA's April 10, 2020, correcting amendment (85 FR 20155), Congress extended that expiration date until May 6, 2021, by enacting the Temporary Reauthorization and Study of the Emergency Scheduling of Fentanyl Analogues Act (Pub. L. 116–114, sec. 2, 134 Stat. 103). This temporary order was subsequently extended multiple times, most recently on December 29, 2022, through the Consolidated Appropriations Act, 2023, which extended the order until December 31, 2024.

Comment: One commenter stated that fentanyl and the list of related substances is a hazard due to the overdose deaths that have been occurring. This commenter also referenced the National Institute on Drug Abuse, stating that fentanyl-related overdoses have been increasing in the United States. Lastly, this commenter stated that permanently placing fentanyl and the list of related substances in schedule I would improve public health and allow for regulation of these substances.

DEA Response: DEA appreciates the comments in support of this rulemaking. One clarification to note is that fentanyl remains a schedule II substance. This final rule only applies to the fentanyl-related substances that are listed in this final order.

Comment: One commenter stated the proposed rule would make it more difficult to produce and distribute these dangerous fentanyl-related substances, which would help combat the opioid epidemic in the United States. This commenter also referenced a news article by National Public Radio, stating that these nine fentanyl-related substances are not currently classified as controlled substances, making it easy to produce and distribute these substances without legal consequences. Lastly, this commenter recognized that this proposal could have significant impacts on the healthcare industry, such as increased oversight and regulation of fentanyl-related substances, which could prevent their misuse and abuse.

DEA Response: DEA appreciates the comments in support of this rulemaking. One clarification to note based on the comment above is that, by temporary order on February 6, 2018, DEA placed these nine fentanyl-related substances under schedule I. 83 FR 5188. That temporary order defined a fentanyl-related substance to mean any substance not otherwise controlled in any schedule (*i.e.,* not listed under another DEA Controlled Substance Code Number), and for which no exemption or approval is in effect under section 505 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355), that is structurally related to fentanyl by one or more of five specified structural modifications. Therefore, these nine fentanyl-related substances are in fact already schedule I controlled substances.

The final rule being issued today applies to nine fentanyl-related substances that were the subject of a February 6, 2018, temporary scheduling order. These nine substances will now be listed in 21 CFR 1308.11(b), as specified in the text of the rule that appears below. This final rule should not have a significant impact on the healthcare industry because these nine fentanyl-related substances have no medical use and they have already been added as schedule I controlled substances since 2018.

Comment: One commenter discussed the direct and indirect effects on federal and state healthcare from this regulation. The commenter suggested that this regulation will boost federal oversight of manufacturing and disseminating harmful chemicals. In addition, this regulation would limit availability and expected use, ensure protection of residents, and increases confidence in the medical field. In addition, the commenter stated that is critical to restrict the use of ''fentanyl replicates'' to those who may need them for medical conditions. Lastly, the commenter stated that raising awareness of the risks of abusing these drugs benefits their prevention.

DEA Response: DEA appreciates the comments in support of this rulemaking. As mentioned previously, FDA has not approved a marketing application for a drug product containing any of these nine substances for any therapeutic indication. These substances have no medical use in the United States.

Comment: One commenter stated that this rule will affect federal healthcare because many federal agencies are trying to tackle the opioid crisis. The commenter discussed the rising number of pediatric deaths from fentanyl in 2021 and the surge in 2018 of fentanyl overdoses among older adolescents as well as in children younger than five. The commenter agrees with this final rule to schedule these fentanyl-related substances. The commenter also stated that fentanyl is highly addictive and that while fentanyl is prescribed for chronic pain or major surgery, it should be a last resort.

DEA Response: DEA appreciates the comments in support of this rulemaking.

Comment: One commenter agreed with this final rule to make permanent these nine specific fentanyl-related substances rather than continuing multiple temporary extensions. Once finalized, the commenter stated that the federal government could act against anyone handling these substances since over 150 people die each day from a fentanyl-related drug overdose.

DEA Response: DEA appreciates the comments in support of this rulemaking. Again, DEA notes that fentanyl is a schedule II controlled substance that can be prescribed for approved medical uses. However, the nine fentanyl-related substances addressed in this rule are already

schedule I controlled substances and none of them have any medical use in the United States.

Comment: One commenter stated that fentanyl should be placed in schedule I. The commenter compared this substance to marijuana, which is a schedule I drug and thought it was mind-blowing that fentanyl was not a schedule I substance. It was suggested that the rising number of deaths, the risk to public health, abuse potential, and dependency should classify fentanyl as a schedule I.

DEA Response: DEA appreciates this comment. As stated previously, fentanyl remains a schedule II substance. Fentanyl has approved medical uses in the United States. This final rule only applies to the fentanyl-related substances that are listed in this final order.

Scheduling Conclusion

After consideration of the relevant matter presented through public comments, the scientific and medical evaluation and accompanying recommendation of HHS, and after its own eight-factor evaluation, DEA finds that these facts and all other relevant data constitute substantial evidence of the potential for abuse of *meta*-fluorofentanyl, *meta*-fluoroisobutyryl fentanyl, *para*-methoxyfuranyl fentanyl, 3-furanyl fentanyl, 2′,5′-dimethoxyfentanyl, isovaleryl fentanyl, *ortho*-fluorofuranyl fentanyl, *alpha*′-methyl butyryl fentanyl, and *para*-methylcyclopropyl fentanyl. DEA is permanently scheduling these nine fentanyl-related substances as schedule I controlled substances under the CSA.

Determination of Appropriate Schedule

The CSA establishes five schedules of controlled substances known as schedules I, II, III, IV, and V. The CSA also specifies the findings required to place a drug or other substance in any particular schedule.[3] After consideration of the analysis and recommendation of the Assistant Secretary for HHS and review of all other available data, the Administrator, pursuant to 21 U.S.C. 811(a) and 812(b)(1), finds the following:

(1) The abuse potential of *meta*-fluorofentanyl, *meta*-fluoroisobutyryl fentanyl, *para*-methoxyfuranyl fentanyl, 3-furanyl fentanyl, 2′,5′-dimethoxyfentanyl, isovaleryl fentanyl, *ortho*-fluorofuranyl fentanyl, *alpha*′-methyl butyryl fentanyl, and *para*-methylcyclopropyl fentanyl is associated with each substance's pharmacological similarity to other schedule I and II mu-opioid receptor agonist substances which have a high potential for abuse. Similar to morphine (schedule II), fentanyl (schedule II), and several schedule I opioid substances that are structurally related to fentanyl, these nine fentanyl-related substances have been shown to bind and act as mu-opioid receptor agonists;

(2) *meta*-Fluorofentanyl, *meta*-fluoroisobutyryl fentanyl, *para*-methoxyfuranyl fentanyl, 3-furanyl fentanyl, 2′,5′-dimethoxyfentanyl, isovaleryl fentanyl, *ortho*-fluorofuranyl fentanyl, *alpha*′-methyl butyryl fentanyl, and *para*-methylcyclopropyl fentanyl, have no currently accepted medical use in treatment in the United States;[4] and

(3) There is a lack of accepted safety for use of *meta*-fluorofentanyl, *meta*-fluoroisobutyryl fentanyl, *para*-methoxyfuranyl fentanyl, 3-furanyl fentanyl, 2′,5′-dimethoxyfentanyl, isovaleryl fentanyl, *ortho*-fluorofuranyl fentanyl, *alpha*′-methyl butyryl fentanyl, and *para*-methylcyclopropyl fentanyl under medical supervision.

Based on these findings, the Administrator concludes that *meta*-fluorofentanyl, *meta*-fluoroisobutyryl fentanyl, *para*-methoxyfuranyl fentanyl, 3-furanyl fentanyl, 2′,5′-dimethoxyfentanyl, isovaleryl fentanyl, *ortho*-fluorofuranyl fentanyl, *alpha*′-methyl butyryl fentanyl, and *para*-methylcyclopropyl fentanyl, including their isomers, esters, ethers, salts, and salts of isomers, esters, and ethers whenever the existence of such isomers, esters, ethers, and salts is possible, warrant control in schedule I of the CSA.[5]

This final rule does not affect the scheduling of fentanyl itself, which remains a schedule II controlled substance.

Requirements for Handling Meta-Fluorofentanyl, Meta-Fluoroisobutyryl Fentanyl, Para-Methoxyfuranyl Fentanyl, 3-Furanyl Fentanyl, 2′,5′-Dimethoxyfentanyl, Isovaleryl Fentanyl, Ortho-Fluorofuranyl Fentanyl, Alpha′-Methyl Butyryl Fentanyl, and Para-Methylcyclopropyl Fentanyl

Meta-Fluorofentanyl, *meta*-fluoroisobutyryl fentanyl, *para*-methoxyfuranyl fentanyl, 3-furanyl fentanyl, 2′,5′-dimethoxyfentanyl, isovaleryl fentanyl, *ortho*-fluorofuranyl fentanyl, *alpha*′-methyl butyryl fentanyl, and *para*-methylcyclopropyl fentanyl will continue, on a permanent basis,[6] to be subject to the CSA's schedule I regulatory controls and administrative, civil, and criminal sanctions applicable to the manufacture, distribution, dispensing, importing, exporting, research, and conduct of instructional activities, including the following:

1. *Registration.* Any person who handles (manufactures, distributes, dispenses, imports, exports, engages in research, or conducts instructional activities or chemical analysis with, or possesses) *meta*-fluorofentanyl, *meta*-fluoroisobutyryl fentanyl, *para*-methoxyfuranyl fentanyl, 3-furanyl fentanyl, 2′,5′-dimethoxyfentanyl, isovaleryl fentanyl, *ortho*-fluorofuranyl fentanyl, *alpha*′-methyl butyryl fentanyl, and *para*-methylcyclopropyl fentanyl, or who desires to handle these nine substances, is required to be registered with DEA to conduct such activities pursuant to 21 U.S.C. 822, 823, 957, and 958, and in accordance with 21 CFR parts 1301 and 1312. Retail sales of schedule I controlled substances to the general public are not allowed under the CSA. Possession of any quantity of these substances in a manner not authorized by the CSA is unlawful and those in possession of any quantity of these substances may be subject to prosecution pursuant to the CSA.

2. *Disposal of stocks. meta*-fluorofentanyl, *meta*-fluoroisobutyryl fentanyl, *para*-methoxyfuranyl fentanyl, 3-furanyl fentanyl, 2′,5′-

[3] 21 U.S.C. 812(b).

[4] Although there is no evidence suggesting that *meta*-fluorofentanyl, *meta*-fluoroisobutyryl fentanyl, *para*-methoxyfuranyl fentanyl, 3-furanyl fentanyl, 2′,5′-dimethoxyfentanyl, isovaleryl fentanyl, *ortho*-fluorofuranyl fentanyl, *alpha*′-methyl butyryl fentanyl, and *para*-methylcyclopropyl fentanyl have a currently accepted medical use in treatment in the United States, it bears noting that a drug cannot be found to have such medical use unless DEA concludes that it satisfies a five-part test. Specifically, with respect to a drug that has not been approved by FDA, to have a currently accepted medical use in treatment in the United States, all of the following must be demonstrated:

i. The drug's chemistry must be known and reproducible;

ii. there must be adequate safety studies;

iii. there must be adequate and well-controlled studies proving efficacy;

iv. the drug must be accepted by qualified experts; and

v. the scientific evidence must be widely available.

57 FR 10499 (1992).

[5] 21 U.S.C. 812(b)(1).

[6] *meta*-fluorofentanyl, *meta*-fluoroisobutyryl fentanyl, *para*-methoxyfuranyl fentanyl, 3-furanyl fentanyl, 2′,5′-dimethoxyfentanyl, isovaleryl fentanyl, *ortho*-fluorofuranyl fentanyl, *alpha*′-methyl butyryl fentanyl, and/or *para*-methylcyclopropyl fentanyl have been subject to schedule I controls on a temporary basis, pursuant to 21 U.S.C. 811(h), by virtue of the February 6, 2018 temporary scheduling order (83 FR 5188) and the subsequent statutory extension of that order through December 31, 2024 (Pub. L. 117–328, Division O, Title VI, Sec. 601).

dimethoxyfentanyl, isovaleryl fentanyl, *ortho*-fluorofuranyl fentanyl, *alpha*′-methyl butyryl fentanyl, and *para*-methylcyclopropyl fentanyl must be disposed of in accordance with 21 CFR part 1317, in addition to all other applicable federal, state, local, and tribal laws.

3. *Security. meta*-fluorofentanyl, *meta*-fluoroisobutyryl fentanyl, *para*-methoxyfuranyl fentanyl, 3-furanyl fentanyl, 2′,5′-dimethoxyfentanyl, isovaleryl fentanyl, *ortho*-fluorofuranyl fentanyl, *alpha*′-methyl butyryl fentanyl, and *para*-methylcyclopropyl fentanyl are subject to schedule I security requirements and must be handled and stored pursuant to 21 U.S.C. 823, and in accordance with 21 CFR 1301.71–1301.76. Non-practitioners handling these nine substances must also comply with the employee screening requirements of 21 CFR 1301.90–1301.93.

4. *Labeling and Packaging.* All labels and labeling for commercial containers of *meta*-fluorofentanyl, *meta*-fluoroisobutyryl fentanyl, *para*-methoxyfuranyl fentanyl, 3-furanyl fentanyl, 2′,5′-dimethoxyfentanyl, isovaleryl fentanyl, *ortho*-fluorofuranyl fentanyl, *alpha*′-methyl butyryl fentanyl, and *para*-methylcyclopropyl fentanyl, must be in compliance with 21 U.S.C. 825, and be in accordance with 21 CFR part 1302.

5. *Quota.* Only registered manufacturers are permitted to manufacture *meta*-fluorofentanyl, *meta*-fluoroisobutyryl fentanyl, *para*-methoxyfuranyl fentanyl, 3-furanyl fentanyl, 2′,5′-dimethoxyfentanyl, isovaleryl fentanyl, *ortho*-fluorofuranyl fentanyl, *alpha*′-methyl butyryl fentanyl, and *para*-methylcyclopropyl fentanyl in accordance with a quota assigned pursuant to 21 U.S.C. 826 and in accordance with 21 CFR part 1303.

6. *Inventory.* Any person registered with DEA to handle *meta*-fluorofentanyl, *meta*-fluoroisobutyryl fentanyl, *para*-methoxyfuranyl fentanyl, 3-furanyl fentanyl, 2′,5′-dimethoxyfentanyl, isovaleryl fentanyl, *ortho*-fluorofuranyl fentanyl, *alpha*′-methyl butyryl fentanyl, and *para*-methylcyclopropyl fentanyl must have an initial inventory of all stocks of controlled substances (including these substances) on hand on the date the registrant first engages in the handling of controlled substances pursuant to 21 U.S.C. 827 and 958(e), and in accordance with 21 CFR 1304.03, 1304.04, and 1304.11.

After the initial inventory, every DEA registrant must take a new inventory of all stocks of controlled substances (including *meta*-fluorofentanyl, *meta*-fluoroisobutyryl fentanyl, *para*-methoxyfuranyl fentanyl, 3-furanyl fentanyl, 2′,5′-dimethoxyfentanyl, isovaleryl fentanyl, *ortho*-fluorofuranyl fentanyl, *alpha*′-methyl butyryl fentanyl, and *para*-methylcyclopropyl fentanyl) on hand every two years pursuant to 21 U.S.C. 827 and 958(e), and in accordance with 21 CFR 1304.03, 1304.04, and 1304.11.

7. *Records and Reports.* Every DEA registrant must maintain records and submit reports with respect to *meta*-fluorofentanyl, *meta*-fluoroisobutyryl fentanyl, *para*-methoxyfuranyl fentanyl, 3-furanyl fentanyl, 2′,5′-dimethoxyfentanyl, isovaleryl fentanyl, *ortho*-fluorofuranyl fentanyl, *alpha*′-methyl butyryl fentanyl, and *para*-methylcyclopropyl fentanyl, pursuant to 21 U.S.C. 827 and 958(e), and in accordance with 21 CFR parts 1301.74(b) and (c), 1301.76(b), 1307.11 and parts 1304, 1312, and 1317. Manufacturers and distributors must submit reports regarding these substances to the Automation of Reports and Consolidated Order System pursuant to 21 U.S.C. 827 and in accordance with 21 CFR parts 1304 and 1312.

8. *Order Forms.* Every DEA registrant who distributes *meta*-fluorofentanyl, *meta*-fluoroisobutyryl fentanyl, *para*-methoxyfuranyl fentanyl, 3-furanyl fentanyl, 2′,5′-dimethoxyfentanyl, isovaleryl fentanyl, *ortho*-fluorofuranyl fentanyl, *alpha*′-methyl butyryl fentanyl, and *para*-methylcyclopropyl fentanyl must continue to comply with the order form requirements, pursuant to 21 U.S.C. 828 and in accordance with 21 CFR part 1305.

9. *Importation and Exportation.* All importation and exportation of *meta*-fluorofentanyl, *meta*-fluoroisobutyryl fentanyl, *para*-methoxyfuranyl fentanyl, 3-furanyl fentanyl, 2′,5′-dimethoxyfentanyl, isovaleryl fentanyl, *ortho*-fluorofuranyl fentanyl, *alpha*′-methyl butyryl fentanyl, and *para*-methylcyclopropyl fentanyl must comply with 21 U.S.C. 952, 953, 957, and 958, and in accordance with 21 CFR part 1312.

10. *Liability.* Any activity involving *meta*-fluorofentanyl, *meta*-fluoroisobutyryl fentanyl, *para*-methoxyfuranyl fentanyl, 3-furanyl fentanyl, 2′,5′-dimethoxyfentanyl, isovaleryl fentanyl, *ortho*-fluorofuranyl fentanyl, *alpha*′-methyl butyryl fentanyl, and *para*-methylcyclopropyl fentanyl not authorized by, or in violation of, the CSA or its implementing regulations is unlawful and may subject the person to administrative, civil, and/or criminal sanctions.

Regulatory Analyses

Executive Orders (E.O.) 12866 (Regulatory Planning and Review), 13563 (Improving Regulation and Regulatory Review), and 14094 (Modernizing Regulatory Review)

This action is not a significant regulatory action as defined by Executive Order (E.O.) 12866 (Regulatory Planning and Review), section 3(f), and the principles reaffirmed in E.O. 13563 (Improving Regulation and Regulatory Review); and, accordingly, this action has not been reviewed by the Office of Management and Budget (OMB). This action makes no change in the status quo, as *meta*-fluorofentanyl, *meta*-fluoroisobutyryl fentanyl, *para*-methoxyfuranyl fentanyl, 3-furanyl fentanyl, 2′,5′-dimethoxyfentanyl, isovaleryl fentanyl, *ortho*-fluorofuranyl fentanyl, *alpha*′-methyl butyryl fentanyl, and *para*-methylcyclopropyl fentanyl are already listed as a schedule I controlled substances.

Executive Order 12988, Civil Justice Reform

This action meets the applicable standards set forth in sections 3(a) and 3(b)(2) of E.O. 12988 to eliminate drafting errors and ambiguity, minimize litigation, provide a clear legal standard for affected conduct, and promote simplification and burden reduction.

Executive Order 13132, Federalism

This rulemaking does not have federalism implications warranting the application of E.O. 13132. The rule does not have substantial direct effects on the states, on the relationship between the National Government and the states, or the distribution of power and responsibilities among the various levels of government.

Executive Order 13175, Consultation and Coordination With Indian Tribal Governments

This rule does not have tribal implications warranting the application of E.O. 13175. It does not have substantial direct effects on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Regulatory Flexibility Act

The Administrator, in accordance with the Regulatory Flexibility Act, 5 U.S.C. 601–602, has reviewed this final rule and, by approving it, certifies that it will not have a significant economic impact on a substantial number of small

entities. On February 6, 2018, DEA published an order to temporarily place fentanyl-related substances in schedule I of the CSA pursuant to the temporary scheduling provisions of 21 U.S.C. 811(h). DEA estimates that all entities handling or planning to handle *meta*-fluorofentanyl, *meta*-fluoroisobutyryl fentanyl, *para*-methoxyfuranyl fentanyl, 3-furanyl fentanyl, 2′,5′-dimethoxyfentanyl, isovaleryl fentanyl, *ortho*-fluorofuranyl fentanyl, *alpha*′-methyl butyryl fentanyl, and *para*-methylcyclopropyl fentanyl have already established and implemented the systems and processes required to handle these substances.

As discussed in the NPRM, there are 108 registrations authorized to handle one or more of the following substances: *meta*-fluorofentanyl, *meta*-fluoroisobutyryl fentanyl, *para*-methoxyfuranyl fentanyl, 3-furanyl fentanyl, 2′,5′-dimethoxyfentanyl, isovaleryl fentanyl, *ortho*-fluorofuranyl fentanyl, *alpha*′-methyl butyryl fentanyl, and *para*-methylcyclopropyl fentanyl, as well as a number of registered analytical labs that are authorized to handle schedule I controlled substances generally. These 108 registrations represent a maximum of 95 small entities. Therefore, DEA conservatively estimates as many as 95 small entities are affected by this rule.

A review of the 108 registrations indicates that all entities that currently handle *meta*-fluorofentanyl, *meta*-fluoroisobutyryl fentanyl, *para*-methoxyfuranyl fentanyl, 3-furanyl fentanyl, 2′,5′-dimethoxyfentanyl, isovaleryl fentanyl, *ortho*-fluorofuranyl fentanyl, *alpha*′-methyl butyryl fentanyl, and *para*-methylcyclopropyl fentanyl, also handle other schedule I controlled substances and have established and implemented (or maintain) the systems and processes required to handle these substances. Therefore, DEA anticipates that this final rule will impose minimal or no economic impact on any affected entities, and, thus, will not have a significant economic impact on any of the small entities. Therefore, DEA has concluded that this final rule will not have a significant economic impact on a substantial number of small entities.

Unfunded Mandates Reform Act of 1995

In accordance with the Unfunded Mandates Reform Act (UMRA) of 1995, 2 U.S.C. 1501 *et seq.,* DEA has determined and certifies that this action would not result in any federal mandate that may result ''in the expenditure by State, local, and Tribal Governments, in the aggregate, or by the private sector, of $100 million or more (adjusted annually for inflation) in any 1 year * * * .'' Therefore, neither a Small Government Agency Plan nor any other action is required under UMRA of 1995.

Paperwork Reduction Act of 1995

This final rule does not impose a new collection or modify an existing collection of information under the Paperwork Reduction Act of 1995. 44 U.S.C. 3501–3521. Also, this final rule does not impose new or modify existing recordkeeping or reporting requirements on State or local governments, individuals, businesses, or organizations. However, this final rule does require compliance with the following existing OMB collections: 1117–0003, 1117–0004, 1117–0006, 1117–0008, 1117–0009, 1117–0010, 1117–0012, 1117–0014, 1117–0021, 1117–0023, 1117–0029, and 1117–0056. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Congressional Review Act

This rule is not a major rule as defined by the Congressional Review Act (CRA), 5 U.S.C. 804. Pursuant to the CRA, DEA is submitting a copy of this final rule to both Houses of Congress and to the Comptroller General.

Determination To Make Rule Effective Immediately

As indicated above, this rule finalizes the schedule I control status of nine substances that has already been in effect. These nine substances all fall within the definition of fentanyl-related substances set forth in the February 6, 2018, temporary scheduling order (83 FR 5188). Through the Temporary Reauthorization and Study of the Emergency Scheduling of Fentanyl Analogues Act, which became law on February 6, 2020, Congress extended the temporary control of fentanyl-related substances until May 6, 2021. This temporary order was subsequently extended multiple times, most recently on December 29, 2022, through the Consolidated Appropriations Act, 2023, which extended the order until December 31, 2024.[7] The February 2018 order was effective on the date of publication, and was based on findings by the then-Acting Administrator that the temporary scheduling of the fentanyl-related substances was necessary to avoid an imminent hazard to the public safety pursuant to 21 U.S.C. 811(h)(1). Because this rule finalizes the control status of nine substances that has already been in effect, it does not alter the legal obligations of any person who handles these substances. Rather, it merely makes permanent the current scheduling status and corresponding legal obligations. Therefore, since this rule does not change the current scheduling status and corresponding legal obligations, DEA is making the rule effective on the date of publication in the **Federal Register**, as any delay in the effective date is unnecessary and would be contrary to the public interest.

[7] Public Law 117–328, Division O, Title VI, Sec. 601.

Signing Authority

This document of the Drug Enforcement Administration was signed on November 29, 2023, by Administrator Anne Milgram. That document with the original signature and date is maintained by DEA. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DEA Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of DEA. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Scott Brinks,

Federal Register Liaison Officer, Drug Enforcement Administration.

List of Subjects in 21 CFR Part 1308

Administrative practice and procedure, Drug traffic control, Reporting and recordkeeping requirements.

For the reasons set out above, 21 CFR part 1308 is amended as follows:

PART 1308—SCHEDULES OF CONTROLLED SUBSTANCES

■ 1. The authority citation for 21 CFR part 1308 continues to read as follows:

Authority: 21 U.S.C. 811, 812, 871(b), 956(b), unless otherwise noted.

■ 2. In § 1308.11:

■ a. Redesignate paragraphs (b)(10) through (94) to read as follows:

Old paragraph	New paragraph
(b)(10) through (33)	(b)(11) through (34).
(b)(34) through (43)	(b)(36) through (45).
(b)(44) through (47)	(b)(47) through (50).
(b)(48) through (50)	(b)(52) through (54).
(b)(51) through (66)	(b)(57) through (72).
(b)(67) through (74)	(b)(74) through (81).
(b)(75) through (94)	(b)(84) through (103).

■ b. Add new paragraphs (b)(10), (35), (46), (51), (55), (56), (73), (82), and (83);

The additions to read as follows:

§ 1308.11 Schedule I.

(b) * * *

* * * * *

*	*	*	*	*	*	*
(10) *alpha'*-Methyl butyryl fentanyl (2-methyl-*N*-(1-phenethylpiperidin-4-yl)-*N*-phenylbutanamide)						9864
*	*	*	*	*	*	*
(35) 2′,5′-Dimethoxyfentanyl (*N*-(1-(2,5-dimethoxyphenethyl)piperidin-4-yl)-*N*-phenylpropionamide)						9861
*	*	*	*	*	*	*
(46) 3-Furanyl fentanyl (*N*-(1-phenethylpiperidin-4-yl)-*N*-phenylfuran-3-carboxamide)						9860
*	*	*	*	*	*	*
(51) Isovaleryl fentanyl (3-methyl-*N*-(1-phenethylpiperidin-4-yl)-*N*-phenylbutanamide)						9862
*	*	*	*	*	*	*
(55) *meta*-Fluorofentanyl *(N*-(3-fluorophenyl)-*N*-(1-phenethylpiperidin-4-yl)propionamide)						9857
(56) *meta*-Fluoroisobutyryl fentanyl (*N*-(3-fluorophenyl)-*N*-(1-phenethylpiperidin-4-yl)isobutyramide)						9858
*	*	*	*	*	*	*
(73) *ortho*-Fluorofuranyl fentanyl (*N*-(2-fluorophenyl)-*N*-(1-phenethylpiperidin-4-yl)furan-2-carboxamide)						9863
*	*	*	*	*	*	*
(82) *para*-Methoxyfuranyl fentanyl (*N*-(4-methoxyphenyl)-*N*-(1-phenethylpiperidin-4-yl)furan-2-carboxamide						9859
(83) *para*-Methylcyclopropyl fentanyl (*N*-(4-methylphenyl)-*N*-(1-phenethylpiperidin-4-yl)cyclopropanecarboxamide)						9865

* * * * *

[FR Doc. 2023–26694 Filed 12–6–23; 8:45 am]

BILLING CODE 4410–09–P

DEPARTMENT OF STATE

22 CFR Part 42

[Public Notice: 12224]

RIN 1400–AE83

Immigrant Visas

AGENCY: Department of State.

ACTION: Final rule.

SUMMARY: The Department of State (''Department'') is amending its regulation governing immigrant visas by removing the section which allows a consular officer to conduct an informal evaluation of the family members of an immigrant visa applicant to identify potential grounds of ineligibility. The existing regulation was promulgated in 1952, at a time when a consular officer could more readily assess a family member's potential qualification for a visa without a formal visa application. Assessing eligibility for an immigrant visa is now a more complex task and not one which can be accomplished accurately with an informal evaluation.

DATES: This final rule is effective on January 8, 2024.

FOR FURTHER INFORMATION CONTACT: Claire Kelly, Office of Visa Services, Bureau of Consular Affairs, Department of State; telephone (202) 485–7586, *VisaRegs@state.gov.*

SUPPLEMENTARY INFORMATION: The Department published a notice of proposed rulemaking, Public Notice 11604 at 88 FR 16384 (Mar. 17, 2023) (hereafter ''proposed rule''), with a request for comments, proposing to amend Part 42 of Title 22 of the Code of Federal Regulations. The rule will eliminate 22 CFR 42.68 in its entirety. The regulatory amendment was discussed in detail in the proposed rule, and that discussion is adopted by reference in this final rule. The Department received two responsive comments, both in support of eliminating 22 CFR 42.68. The Department is now promulgating a final rule with no changes from the proposed rule. This rule results in no change for applicants, as the authority granted by 22 CFR 42.68 was no longer used by consular officers.[1]

Analysis of Comments

The proposed rule was published in the **Federal Register** on March 17, 2023. The comment period closed May 16, 2023. The Department received two responsive comments, both in favor of the proposed elimination of 22 CFR 42.68, and one non-responsive comment.

One of the two responsive comments advocated for replacing 22 CFR 42.68 with ''supportive and accessible eligibility screenings for noncitizens seeking visas,'' while the other comment only expressed its support for the proposed elimination. The Department has considered these comments. Considering the complexity required to evaluate a noncitizen's eligibility for a visa, and limited resources to reliably assess eligibility absent a visa application, the Department is unable to offer any eligibility screenings. Noncitizens who wish to receive a nonimmigrant or immigrant visa must formally apply for a visa to allow a consular officer to assess their eligibility for the visa.

[1] *See* the proposed rule for further discussion.

Regulatory Findings

A. Administrative Procedure Act

As this rule involves amending visa policy, which is a foreign affairs function of the United States, it is exempt from both the delayed effective date and notice and comment requirements of 5 U.S.C. 553 per subsection (a)(1). Notwithstanding the applicability of the foreign affairs exception to this rule, the Department, for its own benefit, sought public comment on the proposed elimination of 22 CFR 42.68. *See, e.g., Hoctor* v. *U.S. Dep't of Agric.,* 82 F.3d 165, 171–72 (7th Cir. 1996) (observing that there is nothing in the APA that forbids an agency's use of notice-and-comment procedures even if not required under the APA, and that courts should attach no weight to an agency's varied approaches involving similar rules). Though this rule is not subject to 5 U.S.C. 553(d), the Department is also choosing to delay the effective date of this rule for 30 days.

B. Regulatory Flexibility Act

As this rulemaking is not required to be published for notice and comment under 5 U.S.C. 553, it is exempt from the regulatory flexibility analysis requirements set forth by the Regulatory

Cologne, Germany; phone: +49 221 8999 000; email: *ADs@easa.europa.eu;* website: *easa.europa.eu.* You may find this EASA AD on the EASA website at *ad.easa.europa.eu.*

BILLING CODE 4910–13–P

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

21 CFR Part 1308

[Docket No. DEA–1222]

Specific Listing for Three Currently Controlled Schedule I Substances

AGENCY: Drug Enforcement Administration, Department of Justice.

ACTION: Final rule.

SUMMARY: The Drug Enforcement Administration (DEA) is establishing a specific listing and DEA Controlled Substances Code Number (drug code) for three substances: *N*-(1-amino-3,3-dimethyl-1-oxobutan-2-yl)-1-butyl-1*H*-indazole-3-carboxamide (also known as ADB–BUTINACA); 4-methyl-1-phenyl-2-(pyrrolidin-1-yl)pentan-1-one (also known as α-PiHP or *alpha*-PiHP); and 2-(methylamino)-1-(3-methylphenyl)propan-1-one (also known as 3–MMC or 3-methylmethcathinone) in schedule I of the Controlled Substances Act (CSA). Although ADB–BUTINACA, α-PiHP, and 3–MMC are not specifically listed in schedule I of the CSA with their own unique drug codes, they are schedule I controlled substances in the United States because they are positional isomers of AB–PINACA (controlled January 30, 2015), α-PHP (controlled July 18, 2019), and mephedrone (controlled as a hallucinogen July 9, 2012), respectively, each of which are schedule I hallucinogens. Therefore, DEA is simply amending the schedule I hallucinogenic substances list in its regulations to separately include ADB–BUTINACA, α-PiHP, and 3–MMC.

DATES: Effective December 13, 2023.

FOR FURTHER INFORMATION CONTACT: Dr. Terrence L. Boos, Drug and Chemical Evaluation, Diversion Control Division, Drug Enforcement Administration; Telephone: (571) 362–3249.

SUPPLEMENTARY INFORMATION:

ADB–BUTINACA Control

ADB–BUTINACA (also known as *N*-(1-amino-3,3-dimethyl-1-oxobutan-2-yl)-1-butyl-1*H*-indazole-3-carboxamide) is a chemical substance that is structurally related to AB–PINACA (also known as *N*-(1-amino-3-methyl-1-oxobutan-2-yl)-1-pentyl-1*H*-indazole-3-carboxamide). AB–PINACA is listed as a hallucinogenic substance in schedule I at 21 CFR 1308.11(d)(70). The introductory text to paragraph (d) provides: (1) A listed substance includes ''any of its salts, isomers, and salts of isomers whenever the existence of such salts, isomers, and salts of isomers is possible within the specific chemical designation,'' and (2) the term ''isomer'' includes the ''optical, position[al], and geometric isomers.''

When compared to the chemical structure of AB–PINACA, ADB–BUTINACA meets the definition of a positional isomer in 21 CFR 1300.01(b), which cross-references the term ''positional isomer'' in 21 CFR 1308.11(d). Both AB–PINACA and ADB–BUTINACA possess the same molecular formula and core structure, and they have the same functional groups. They only differ from one another by a rearrangement of an alkyl moiety between functional groups that does not create new chemical functionalities or destroy existing chemical functionalities. Accordingly, under 21 CFR 1308.11(d), ADB–BUTINACA, as a positional isomer of AB–PINACA, has been and continues to be a schedule I controlled substance.[1]

α-PiHP Control

α-PiHP (also known as 4-methyl-1-phenyl-2-(pyrrolidin-1-yl)pentan-1-one or *alpha*-PiHP) is a chemical substance that is structurally related to α-PHP (also known as 1-phenyl-2-(pyrrolidin-1-yl)hexan-1-one). α-PHP is listed as a hallucinogenic substance in schedule I at 21 CFR 1308.11(d)(95). When compared to the chemical structure of α-PHP, α-PiHP meets the definition of a positional isomer in 21 CFR 1300.01(b), which cross-references the term ''positional isomer'' in 21 CFR 1308.11(d). Both α-PHP and α-PiHP possess the same molecular formula and core structure, and they have the same functional groups. They only differ from one another by a rearrangement of an alkyl moiety that does not create new chemical functionalities or destroy existing chemical functionalities. Accordingly, under 21 CFR 1308.11(d), α-PiHP, as a positional isomer of α-PHP, has been and continues to be a schedule I controlled substance.[2]

3–MMC Control

3–MMC (also known 2-(methylamino)-1-(3-methylphenyl)propan-1-one or 3-methylmethcathinone) is a chemical substance that is structurally related to mephedrone (also known as 4-methylmethcathinone). Mephedrone is listed as a hallucinogenic substance in schedule I at 21 CFR 1308.11(d)(36). When compared to the chemical structure of mephedrone, 3–MMC meets the definition of a positional isomer in 21 CFR 1300.01(b), which cross-references the term ''positional isomer'' in 21 CFR 1308.11(d). Both mephedrone and 3–MMC possess the same molecular formula and core structure, and they have the same functional groups. They only differ from one another by a repositioning of an alkyl moiety. Accordingly, under 21 CFR 1308.11(d), 3–MMC, as a positional isomer of mephedrone, has been and continues to be a schedule I controlled substance.[3]

The Drug Enforcement Administration's (DEA) Authority To Control ADB–BUTINACA, α-PiHP, and 3–MMC

This rule is prompted by a letter dated May 17, 2023, in which the United States government was informed by the Secretariat of the United Nations that ADB–BUTINACA, α-PiHP, and 3–MMC have been added to Schedule II of the Convention on Psychotropic Substances of 1971 (1971 Convention). This letter was prompted by decisions at the 66th Session of the Commission on Narcotic Drugs (CND) in March 2023 to schedule ADB–BUTINACA, α-PiHP, and 3–MMC under Schedule II of the 1971

[1] AB–PINACA (and its isomers) has been subject to temporary schedule I controls since January 30, 2015, first pursuant to a final order (January 30, 2015, 80 FR 5042) and the subsequent one-year extension of that order (January 27, 2017, 82 FR 8590), and then permanently pursuant to a final rule, which continued the imposition of those controls (October 16, 2017, 82 FR 47971).

[2] α-PHP (and its isomers) has been subject to temporary schedule I controls since July 18, 2019, first pursuant to a temporary scheduling order (July 18, 2019, 84 FR 34291) and the subsequent one-year extension of that order (July 16, 2021, 86 FR 37672), and then permanently pursuant to a final rule which continued the imposition of those controls (June 1, 2022, 87 FR 32996).

[3] Positional isomers of mephedrone have been subject to permanent schedule I controls since July 9, 2012 (Synthetic Drug Abuse Prevention Act of 2012 or SDAPA, Public Law 112–144, Title XI, Subtitle D).

Convention (CND Decisions 66/5, 66/6, and 66/7). Preceding these decisions, the Food and Drug Administration (FDA), on behalf of the Secretary of Health and Human Services and pursuant to 21 U.S.C. 811(d)(2), published two notices in the **Federal Register** with an opportunity to submit domestic information and opportunity to comment on this action (August 3, 2022, 87 FR 47428 and February 17, 2023, 88 FR 10344). In each instance, FDA noted that ADB–BUTINACA, α-PiHP, and 3–MMC were already controlled in schedule I of the Controlled Substances Act (CSA) as positional isomers of AB–PINACA, α-PHP, and mephedrone, respectively, and the February 2023 notice stated that no additional permanent controls for ADB–BUTINACA, α-PiHP, and 3–MMC under the CSA would be necessary to fulfill United States' obligations as a party to the 1971 Convention.

As discussed above in this final rule, ADB–BUTINACA—by virtue of being a positional isomer of AB–PINACA—has been controlled in schedule I of the CSA temporarily since January 30, 2015 (80 FR 5042), and permanently since October 16, 2017 (82 FR 47971). α-PiHP, a positional isomer of α-PHP, has been controlled in schedule I of the CSA temporarily since July 18, 2019 (84 FR 34291), and permanently since June 1, 2022 (87 FR 32996). 3–MMC, a positional isomer of mephedrone, has been controlled in schedule I of the CSA permanently since July 9, 2012 (Pub. L. 112–144, Title XI, Subtitle D). Therefore, all regulations and criminal sanctions applicable to schedule I substances have been and remain applicable to ADB–BUTINACA, α-PiHP, and 3–MMC. Drugs controlled in schedule I of the CSA satisfy and exceed the required domestic controls of Schedule II under Article 2 of the 1971 Convention.

Effect of Action

As discussed above, this rule does not affect the continuing status of ADB–BUTINACA, α-PiHP, and 3–MMC as schedule I controlled substances in any way. This action, as an administrative matter, merely establishes a separate, specific listing for ADB–BUTINACA, α-PiHP, and 3–MMC in schedule I of the CSA and assigns a DEA controlled substances code number (drug code) for these substances. This action will allow DEA to establish an aggregate production quota and grant individual manufacturing and procurement quotas to DEA-registered manufacturers of ADB–BUTINACA, α-PiHP, or 3–MMC, who had previously been granted individual quotas for such purposes under the drug codes for AB–PINACA, α-PHP, or mephedrone.

Regulatory Analyses

Administrative Procedure Act

An agency may find good cause to exempt a rule from certain provisions of the Administrative Procedure Act (APA) including notice of proposed rulemaking and the opportunity for public comment, if it is determined to be unnecessary, impracticable, or contrary to the public interest (5 U.S.C. 553). ADB–BUTINACA, α-PiHP, and 3–MMC are currently controlled in schedule I as positional isomers of AB–PINACA, α-PHP, and mephedrone, respectively.

Pursuant to 5 U.S.C. 553(b) (B), DEA finds that notice and comment rulemaking is unnecessary and that good cause exists to dispense with these procedures. The addition of a separate listing for ADB–BUTINACA, α-PiHP, and 3–MMC and their DEA controlled substances code numbers in the list of schedule I substances in 21 CFR 1308.11(d) makes no substantive difference in the status of these drugs as schedule I controlled substances, but instead is ''a minor or merely technical amendment in which the public is not particularly interested.'' *National Nutritional Foods Ass'n* v. *Kennedy,* 572 F.2d 377, 385 (2d Cir. 1978) (quoting S. Rep. No. 79–752, at 200 (1945)). *See also Utility Solid Waste Activities Group* v. *E.P.A.,* 236 F.3d 749, 755 (D.C. Cir. 2001) (the ''unnecessary'' prong ''is confined to those situations in which the administrative rule is a routine determination, insignificant in nature and impact, and inconsequential to the industry and public'') (internal quotations and citation omitted). This rule is a ''technical amendment'' to 21 CFR 1308.11(d) as it is ''insignificant in nature and impact, and inconsequential to the industry and public.'' Therefore, publishing a notice of proposed rulemaking and soliciting public comment are unnecessary.

In addition, because ADB–BUTINACA, α-PiHP, and 3–MMC are already subject to domestic control under schedule I as positional isomers and no additional requirements are being imposed through this action, DEA finds good cause exists to make this rule effective immediately upon publication in accordance with 5 U.S.C. 553(d)(3). DEA is concerned that delaying the effective date of this rule potentially could cause confusion regarding the regulatory status of ADB–BUTINACA, α-PiHP, and 3–MMC. ADB–BUTINACA, α-PiHP, and 3–MMC are currently controlled as schedule I controlled substances, and this level of control does not change with this rulemaking.

Executive Orders 12866 (Regulatory Planning and Review), 13563 (Improving Regulation and Regulatory Review), and 14094 (Modernizing Regulatory Review)

This regulation has been drafted and reviewed in accordance with the principles of Executive Orders (E.O.) 12866, 13563, and 14094. This rule is not a significant regulatory action under section 3(f) of E.O. 12866. ADB–BUTINACA, α-PiHP, and 3–MMC are already controlled substances in the United States under schedule I, as they are positional isomers of schedule I hallucinogens AB–PINACA, α-PHP, and mephedrone, respectively. In this final rule, DEA is merely making an administrative change by amending its regulations to separately list ADB–BUTINACA, α-PiHP, and 3–MMC in schedule I and to assign DEA controlled substances code numbers to these substances. A separate listing for ADB–BUTINACA, α-PiHP, and 3–MMC and their DEA controlled substances code numbers will not alter the status of these substances as a schedule I controlled substances. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

Executive Order 12988, Civil Justice Reform

This regulation meets the applicable standards set forth in sections 3(a) and 3(b)(2) of E.O. 12988 to eliminate drafting errors and ambiguity, provide a clear legal standard for affected conduct, and promote simplification and burden reduction.

Executive Order 13132, Federalism

This rulemaking does not have federalism implications warranting the application of E.O. 13132. The rule does not have substantial direct effects on the states, on the relationship between the National Government and the states, or on the distribution of power and responsibilities among the various levels of government.

Executive Order 13175, Consultation and Coordination With Indian Tribal Governments

This rule does not have tribal implications warranting the application of E.O. 13175. It does not have substantial direct effects on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Regulatory Flexibility Act

The Regulatory Flexibility Act (RFA) (5 U.S.C. 601–612) applies to rules that are subject to notice and comment under section 553(b) of the APA or other laws. As noted in the above section regarding the applicability of the APA, DEA determined that there was good cause to exempt this final rule from notice and comment. Consequently, the RFA does not apply.

Paperwork Reduction Act of 1995

This action does not impose a new collection of information requirement under the Paperwork Reduction Act of 1995. 44 U.S.C. 3501–3521. This action would not impose recordkeeping or reporting requirements on State or local governments, individuals, businesses, or organizations. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Unfunded Mandates Reform Act of 1995

In accordance with the Unfunded Mandates Reform Act (UMRA) of 1995, 2 U.S.C. 1532, DEA has determined that this action would not result in any Federal mandate that may result ''in the expenditure by State, local, and Tribal Governments, in the aggregate, or by the private sector, of $100,000,000 or more (adjusted annually for inflation) in any 1 year.'' Therefore, neither a Small Government Agency Plan nor any other action is required under UMRA of 1995.

Congressional Review Act

This rule is not a major rule as defined by the Congressional Review Act (CRA), 5 U.S.C. 804. However, pursuant to the CRA, DEA is submitting a copy of this rule to both Houses of Congress and to the Comptroller General.

Signing Authority

This document of the Drug Enforcement Administration was signed on December 7, 2023, by Administrator Anne Milgram. That document with the original signature and date is maintained by DEA. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DEA Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of DEA. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Scott Brinks,

Federal Register Liaison Officer, Drug Enforcement Administration.

List of Subjects in 21 CFR Part 1308

Administrative practice and procedure, Drug traffic control, Reporting and recordkeeping requirements.

For the reasons set out above, DEA amends 21 CFR part 1308 as follows:

PART 1308—SCHEDULES OF CONTROLLED SUBSTANCES

■ 1. The authority citation for part 1308 continues to read as follows:

Authority: 21 U.S.C. 811, 812, 871(b), 956(b), unless otherwise noted.

■ 2. Amend § 1308.11 by adding new paragraphs (d)(102) to (104) to read as follows:

§ 1308.11 Schedule I.

* * * * *

(d) * * *

* * * * * * *

(102) *N*-(1-amino-3,3-dimethyl-1-oxobutan-2-yl)-1-butyl-1*H*-indazole-3-carboxamide (other name: ADB–BUTINACA)	7027
(103) 4-methyl-1-phenyl-2-(pyrrolidin-1-yl)pentan-1-one (other names: α-PiHP; *alpha*-PiHP)	7551
(104) 2-(methylamino)-1-(3-methylphenyl)propan-1-one (other names: 3–MMC; 3-methylmethcathinone)	1259

BILLING CODE 4410–09–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 180

[EPA–HQ–OPP–2021–0657; FRL–11567–01–OCSPP]

Dodine; Pesticide Tolerances

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: This regulation establishes tolerances for residues of dodine in or on Fruit, pome, group 11–10; Fruit, stone, group 12–12; Nut, tree, group 14–12; and Olive, with pit. Interregional Research Project Number 4 (IR–4) requested these tolerances under the Federal Food, Drug, and Cosmetic Act (FFDCA).

DATES: This regulation is effective December 13, 2023. Objections and requests for hearings must be received on or before February 12, 2024, and must be filed in accordance with the instructions provided in 40 CFR part 178 (see also Unit I.C. of the **SUPPLEMENTARY INFORMATION**).

ADDRESSES: The docket for this action, identified by docket identification (ID) number EPA–HQ–OPP–2021–0657, is available at *https://www.regulations.gov* or at the Office of Pesticide Programs Regulatory Public Docket (OPP Docket) in the Environmental Protection Agency Docket Center (EPA/DC), West William Jefferson Clinton Bldg., Rm. 3334, 1301 Constitution Ave. NW, Washington, DC 20460–0001. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room and the OPP Docket is (202) 566–1744. Please review the visitor instructions and additional information about the docket available at *https://www.epa.gov/dockets.*

FOR FURTHER INFORMATION CONTACT: Charles Smith, Director, Registration Division (7505T), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460–0001; main telephone number: (202) 566–1030; email address: *RDFRNotices@epa.gov.*

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. The following list of North American Industrial Classification System (NAICS) codes is not intended to be exhaustive, but rather provides a guide to help readers determine whether this document applies to them. Potentially affected entities may include:

- Crop production (NAICS code 111).
- Animal production (NAICS code 112).

PROPOSED REGULATION OF THE STATE BOARD OF PHARMACY

Workshop – March 7, 2024

EXPLANATION – Matter in *italics* is new; matter in brackets [~~omitted material~~] is material to be omitted. and language in *green text* indicates prior Board-approved amendments that are in the process of being codified.

AUTHORITY: § 1, NRS 639.070

A REGULATION relating to pressurized stocking. Allowing pressurized stocking to be provided without a prescription in certain circumstances.

NAC 639.69545 Pressurized stockings. (NRS 639.070)

1. A pressurized stocking ~~that has a pressure rating of 20 millimeters of mercury or more~~ may not be sold, leased or otherwise provided to a consumer without an order from a practitioner if:

(a) The Food and Drug Administration (FDA) requires the product to be sold only on a prescription or other order of a practitioner: or

(b) The product is labeled in a manner that directs the product to be sold only on a prescription or other order of a practitioner.

2. A pressurized stocking listed in subsection 1 is medical product as defined by NAC 639.6935 and a ~~A~~ medical products provider that sells, leases or otherwise provides to a consumer a pressurized stocking ~~that has a pressure rating of 20 millimeters of mercury or more~~ shall provide training to the consumer or the consumer's family, caregiver or agent in the use, maintenance and potential problems in the use of the stocking. The training must be provided by a person who is certified by the manufacturer of the pressurized stocking in the fitting and use of the stocking.

NAC 639.6935 "Medical products" defined. (NRS 639.070)

1. "Medical products" includes medical devices, equipment, supplies and gases intended for use in the diagnosis, cure, mitigation, treatment or prevention of disease.

2. The term does not include:

(a) Controlled substances;

(b) Dangerous drugs, except medical gases and supplies that facilitate the use of a dangerous drug, including, without limitation, normal saline and other similar inert liquids;

(c) Medical devices, equipment, supplies or gases the regulation of which is governed by any other board or agency other than the Board; and

~~(d) Pressurized stockings that have a pressure rating of less than 20 millimeters of mercury.~~

PROPOSED REGULATION OF THE

STATE BOARD OF PHARMACY

LCB File No. R144-23

January 3, 2024

EXPLANATION – Matter in ***italics*** is new; matter in brackets **[**~~omitted material~~**]** is material to be omitted.

AUTHORITY: § 1, NRS 453.146, 453.2182 and 639.070.

A REGULATION relating to controlled substances; adding zuranolone to the controlled substances listed in schedule IV of the Uniform Controlled Substances Act; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes the State Board of Pharmacy to add, delete or reschedule substances listed as controlled substances in schedules I, II, III, IV and V of the Uniform Controlled Substances Act by regulation. (NRS 453.146) Existing law also provides that if a substance is designated, rescheduled or deleted as a controlled substance pursuant to federal law, the Board is required, with certain exceptions, to similarly treat the substance under the Uniform Controlled Substances Act. (NRS 453.2182) This regulation adds zuranolone to the list of controlled substances set forth in schedule IV of the Uniform Controlled Substances Act, consistent with federal regulations. (21 C.F.R. § 1308.14)

Section 1. NAC 453.540 is hereby amended to read as follows:

453.540 1. Schedule IV consists of the drugs and other substances listed in this section, by whatever official, common, usual, chemical or trade name designated.

2. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture or preparation containing any of the following narcotic drugs, including, without limitation, their salts, calculated as the free anhydrous base of alkaloid, is hereby enumerated on schedule IV, in quantities:

(a) Not more than 1 milligram of difenoxin and not less than 25 micrograms of atropine sulfate per dosage unit; or

(b) Dextropropoxyphene (alpha-(+)-4-dimethylamino-1,2-diphenyl-3-methyl-2-propionoxy-butane).

3. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture or preparation which contains any quantity of the following substances, including, without limitation, their salts, isomers and salts of isomers, is hereby enumerated on schedule IV, whenever the existence of such salts, isomers and salts of isomers is possible within the specific chemical designation:

Alprazolam;

Barbital;

Bromazepam;

Butorphanol;

Camazepam;

Carisoprodol;

Chloral betaine;

Chloral hydrate;

Chlordiazepoxide;

Clobazam;

Clonazepam;

Clorazepate;

Clotiazepam;

Cloxazolam;

Daridorexant;

Delorazepam;

Diazepam;

Dichloralphenazone;

Eluxadoline;

Estazolam;

Ethchlorvynol;

Ethinamate;

Ethyl loflazepate;

Fludiazepam;

Flunitrazepam;

Flurazepam;

Halazepam;

Haloxazolam;

Ketazolam;

Lemborexant;

Loprazolam;

Lorazepam;

Lorcaserin;

Lormetazepam;

Mebutamate;

Medazepam;

Meprobamate;

Methohexital;

Methylphenobarbital (mephobarbital);

Midazolam;

Nimetazepam;

Nitrazepam;

Nordiazepam;

Oxazepam;

Oxazolam;

Paraldehyde;

Petrichloral;

Phenobarbital;

Pinazepam;

Prazepam;

Quazepam;

Remimazolam;

Suvorexant;

Temazepam;

Tetrazepam;

Tramadol (2-((dimethylamino)methyl)-1-(3-methoxyphenyl)cyclohexanol);

Triazolam;

Zaleplon;

Zolpidem; ~~[or]~~

Zopiclone ~~[.]~~ ***; or***

Zuranolone.

4. Any material, compound, mixture or preparation which contains any quantity of fenfluramine, including, without limitation, its salts, isomers and salts of such isomers, whenever the existence of such salts, isomers and salts of isomers is possible, is hereby enumerated on schedule IV. For the purposes of this subsection, "isomer" includes, without limitation, the optical, position or geometric isomer.

5. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture or preparation which contains any quantity of the following substances having a stimulant effect on the central nervous system, including, without limitation, their salts, isomers and salts of isomers, is hereby enumerated on schedule IV:

Cathine ((+)-norpseudoephedrine);

Diethylpropion;

Fencamfamin;

Fenproporex;

Mazindol;

Mefenorex;

Modafinil;

Pemoline (including organometallic complexes and chelates thereof);

Phentermine;

Pipradrol;

Sibutramine; or

SPA ((-)-dimethylamino-1,2,diphenylethane).

6. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture or preparation which contains any quantity of pentazocine, including, without limitation, its salts, is hereby enumerated on schedule IV.
