As listed in CASOP 6.4.1.1 and CASOP 6.4.1.2

VI. Equipment and Materials:

As listed in CASOP 6.4.1.1 and CASOP 6.4.1.2

VII. Procedure

A. Documentation
   1. ISO Classified area and hand hygiene sink cleaning/disinfecting shall be documented on the appropriate approved form as indicated in CASOP 6.4.1.1 and CASOP 6.4.2.2.
      a. Retain documentation per SOP 1.4.1.
   2. Cleaning of areas outside and immediately surrounding the ISO Classified area may be documented on a site-specific cleaning checklist such as Attachment B of this procedure.
      a. No document retention requirement for areas outside and surrounding the ISO Classified area

B. Timing/Frequency
   1. Aseptic processing areas shall be cleaned/disinfected at the minimum timing/frequencies as listed in CASOP 6.4.1.1 and CASOP 6.4.1.2.
      a. If aseptic activities are not performed daily, daily cleaning and disinfection shall be completed before initiating activities.
   2. For the purposes of cleaning and disinfecting, the following definitions apply:
      a. Daily- each calendar day of use
      b. Weekly- each calendar week
      c. Monthly- each calendar month
   3. If a required task frequency exceeds the defined parameters in this procedure, the deviation will be identified in a note to file and the pharmacist in charge or designee will review.
   4. Areas outside but immediately surrounding the clean room shall be maintained in a clean manner to support the cleanliness of the ISO Classified areas at timing/frequency determined by the facility.

C. General Principles of cleaning the immediate area surrounding the clean room
   1. Follow storage and handling of clean room supplies as detailed in SOP 6.4.2.
   2. Keep floors and countertops immediately surrounding the clean room, as clean as possible to avoid dirt and debris inadvertently being carried inside the clean room.
   3. Adhesive-coated tacky mats shall be installed at each personnel and cart entrance to the clean room. As foot traffic or wheels pass over the surface, the non-transferring adhesive traps dirt.
      a. When the exposed layer is completely used, peel it off to expose a clean layer.
      b. Tacky mat sheets should be replaced daily as part of the cleaning of the ante room.
      c. Tacky mat should be replaced immediately when excessive contamination is noticed.
      d. Tacky mats shall never be placed inside an ISO classified area.

D. General Principles of Cleaning and Disinfection of the Clean Room
   1. Always check for radioactive contamination prior to cleaning or disinfecting.
      a. If radioactive contamination is identified, follow SOP 4.1.1 Facility Wipes and Surveys and SOP 4.1.2 Radiation Events
   2. All cleaning/disinfection and mopping will start in the cleanest area of the environment and move toward the less clean area of the environment.
   3. Cleaning/disinfection tasks are generally completed from top to bottom, and back to front.
      a. Hood cleaning/disinfection is outlined in CASOP 6.4.1.1.
      b. Rooms cleaning/disinfection is outlined in CASOP 6.4.1.2.
   4. Cleaning/disinfection of the Dispensing and WBC rooms shall not be performed during compounding or dose drawing activities.

a. Compounding or dose drawing activities may resume after the required contact time for the cleaning agent used.
b. To prevent cross contamination, mop heads and other disposable, non-cleanable, cleaning materials and supplies used in the WBC areas shall not be used in other areas of the clean room.
i. Cleanable supplies such as cleaning/disinfecting agent spray bottles, and mop handles may be used in other areas of the clean room only after thorough cleaning and disinfection.

5. Horizontal work surfaces must be wiped each day in each room to remove any dust or debris that may have settled on the surface.
a. Operators shall move supplies and equipment that are moveable to facilitate cleaning/disinfecting
b. Use the same front leading edge of a wiper or mop cover with each wipe
c. Wipe in one direction, carefully wiping around any non-moveable equipment
d. Each wipe should overlap approximately 25% with the previous wipe
6. Contact surfaces are those surfaces that are likely to be touched by employees and must be wiped each day to remove any possible touch contamination.
7. All reusable cleaning equipment such as mop handles and Easy Reach tool handles shall be cleaned and disinfected before and after use.
8. All non-reusable/disposable cleaning supplies, mop heads, and covers will be:
a. Disposed of after use
b. Surveyed for radioactive contamination prior to final disposal
c. Radioactive contaminated material will be handled according to current policies
9. Floors should be mopped using side to side motions wherever possible:
a. Always use the same leading edge of the floor mop head and overlap wipes to cover all areas with the cleaning agent, working backward toward the exit.
b. Where side to side motions cannot occur because of equipment placement, straight line overlapping wipes are appropriate.
c. Operators should not walk on freshly wet mopped floors.
d. Microfiber floor mop head covers must be changed when visibly soiled to ensure proper removal of dirt and debris.

E. General Principles Regarding Agents used to Clean/Disinfect the Clean Rooms
1. Cleaning and disinfecting agents must be approved through the MOC process prior to use in aseptic processing areas.
a. Approved agents are listed by category in Attachment A of this procedure
b. During product shortages, short term agent approval must be requested through the Quality Department
2. Agents shall be used and stored according to product labeling and site safety procedures.
3. All appropriate PPE per the product labeling and safety data sheet, including safety glasses shall be worn when handling or using agents.
4. Storage and handling of **non-sterile** agents and wipers shall follow these general rules:
a. Shall be used to clean and disinfect ISO Class 7 & 8 Environments
b. Shall not be used in ISO 5 Environments
c. In original manufacturer's spray bottles may be used up to the labeled manufacturer's expiration date

d. Transferred into new, clean chemical resistant spray bottles shall be properly labeled and given a maximum 2-month expiration or the manufacturer's recommended expiration, whichever is less

5. Storage and handling of **sterile agents** shall follow these general rules:
   a. Shall be used to clean and disinfect ISO Class 5 Environments
   b. In original manufacturer's spray bottles are single use and shall not be refilled
   c. Must be labeled with the open date and manufacturer's recommended expiration after opening or 2-month expiration, whichever is less. This is also considered the "in-use time".
   d. Sterile products not completely used prior to the "in-use time" shall be considered non-sterile and may be used in ISO Class 7 & 8 areas up to the manufacturer's product expiration.
   e. Spray bottles not pre-assembled shall be assembled in accordance with the manufacturer's instructions. If no instructions are provided, assemble according to the following:
      i. The outer product wrapper shall be cleaned and disinfected as the product is introduced into the cleanroom
      ii. The operator shall wear aseptic garb and use aseptic technique
      iii. The product shall be placed inside an ISO 5 PEC as the outer wrapper is removed.
      iv. Once inside the ISO 5 PEC, remove bottle from inner wrapper and place upright in first air
      v. Remove product cap; do not touch product seal and ensuring seal is in first air
      vi. Remove trigger sprayer from inner wrapper, avoid touch contamination of any parts that will be introduced into the product
      vii. Use sprayer straw to puncture the center of the bottle seal and tighten sprayer to bottle.
         1. Most sprayer seals are puncturable and sterility will not be compromised if properly handled
         2. Use judgement to determine if seal must be removed for assembly.
6. A sporicidal agent shall be used at least once each month to clean and disinfect all surfaces and items in all ISO Classified areas.
7. Wipers and mops shall be wetted with the agent being used. Agents shall not be sprayed or poured directly onto surfaces unless specifically allowed or required by the procedure.
8. Dry wipers shall only be wetted with one agent
9. Prewetted wipers shall not be wetted with a different agent
10. Surfaces shall be visibly wetted with the agent without dripping and shall remain wet for the required contact time.
11. All agents shall be ready-to-use (RTU) or premeasured/preassembled formulations and shall not be diluted or altered.
    a. If concentrated non-sterile agents are used due to shortages or out of stock situations,
       ii. The manufacturers labeling must be followed for proper dilution
       iii. A log must be maintained that records:
          1. The identity, lot number and volumes of the agent and diluent
          2. Date and time of dilution
          3. Expiration- per manufacturers labeling requirements or 24 hours if none is provided
       iv. Only new sterile syringes shall be used to measure agents for dilution
       v. Clean, chemical resistant containers must be used to store diluted agents
       vi. Containers must be properly labeled per SOP 5.1.8 Chemical Management

12. All agents exceeding the manufacturers or pharmacy assigned expiration must be removed from the clean room environment.
    a. Agents exceeding expiration may be used in other areas of the facility as determined appropriate by local management but shall not be used to support the clean room, i.e., used to disinfect items placed in pass thrus.
13. Approved cleaning agents listed in attachment A of this procedure may be used to remove residues as needed left by cleaning/disinfecting agents.

F. Special Cleaning Notes and Considerations for Areas Outside the Clean Rooms
1. Care must be taken when procedures require operators to bend down to reach low areas.
    a. Operators must familiarize themselves with obstructions in the area that may cause injury.
2. Areas immediately surrounding the clean room perimeter shall only contain essential items
3. Paper shredders and other particulate generating activities or materials such as corrugated cardboard storage or manipulation are prohibited within 10 feet of a pass through or doorway into the clean room.
4. A routine extermination program should be implemented upon findings of infestations in any areas of facility.
5. A cleaning checklist may be used for areas outside the clean room but maintaining this document is not a procedural requirement.
    a. Refer to Attachment B of this procedure for a checklist template

G. Maintenance of HEPA Filtered Clean Room Canister Vacuum
1. Follow the manufacturer's instructions for use and filter replacement.
2. Document filter replacements on Form 111 Clean Room Air Filter Maintenance Log.

XIII. Training

All employees shall review this procedure prior to initial site demonstration training.

C. Daily LFH Cleaning/Disinfection and Daily LFH Disinfection Procedure
1. Remove all removable tools, equipment, and supplies from the hood.
   a. The dose calibrator keypad, well, and pulleys are not considered "removable" equipment for daily cleaning.
2. Apply the appropriate approved agent to the wiper/mop cover as indicated in the chart above.

a. The Easy Reach tool must be used if the operator cannot reach all surfaces without leaning into the LFH, i.e., the operator's body should not break the plane of the front opening.
b. Rewet the wiper/mop cover as needed during this procedure to ensure all surfaces are thoroughly wetted without dripping.

3. Clean/disinfect stainless steel ceiling panels
   a. Starting where the ceiling meets the back wall, wipe from the ceiling center toward the left or right side with over lapping wipes, moving from the back to the front of the LFH.
   b. Move to the other side and wipe in the same manner from the center toward the opposite sidewall ensuring wipes also overlap with opposite side wipes in the center of the ceiling.
4. Clean/disinfect the backwall
   a. Begin by wiping the vertical bar separating the back wall of the LFH from top to bottom
   b. Starting at the upper left or right edge of the vertical bar, wipe horizontally along the top of the back wall toward the side wall. Continue wiping horizontally down the back wall, wiping in one direction with the same leading wiper edge and overlapping wipes as you work down the wall.
   c. Move the other side of the center bar and wipe the other side in the same way.
5. Clean/disinfect each side wall
   a. Starting at the ceiling in the back corner, wipe vertically or downward toward the deck moving toward the front of the hood with overlapping wipes.
   b. Move to the other side and wipe the other side wall in the same way.
6. Clean/disinfect permanent items within the LFH
   a. Using a saturated wiper, wipe all items that are not removed, working from the highest points down toward the deck and from the back to the front
   b. Permanent items include dose calibrator keypad, well, pulleys, and WB shield/support bars.
7. Clean/disinfect the deck surface
   a. Starting at the approximate center of the deck, wipe the deck surface from the center to the left or right side wall along the line where the deck meets the back wall. Continue wiping from the center of the deck to the outside wall using overlapping wipes as you work your way toward the front of the hood opening.
   b. Wipe in as straight a line as possible, carefully wiping around the dose calibrator well
   c. Pick up the dose calibrator keypad, wipe under, replace, and wipe keypad where it was touched
   d. Move to the other side and wipe the other side of the deck in the same way

Provide explanation below:

This event took place so long ago I have very limited recollection and zero records. I have tried to obtain records but they are no longer available. This arrest arose from me driving while under the influence of alcohol. I pled no contest, paid fees, attended driving school. There was no resulting property or injuries and I learned my lesson.

Also referred to as a bulk drug substance. A conventionally manufactured drug product is not an API but is typically manufactured from an API(s).
Added Substance	An ingredient that is necessary to compound a preparation but is not intended or expected to cause a pharmacologic response if administered alone in the amount or concentration contained in a single dose of the compounded preparation. The term is used synonymously with inactive ingredient, excipient, and pharmaceutical ingredient.
Administration	The preparation of a nonsterile pharmacologic or other therapeutic agent for ingesting, inserting, applying, or otherwise providing a nonsterile medication in its final form to a single patient. This includes crushing a tablet(s) or opening a capsule(s) to mix with food or liquids to facilitate patient dosing.
Alcohol-based hand rub	An alcohol-containing preparation (liquid, gel, or foam) designed for application to the hands of health care personnel to inactivate microorganisms and/or temporarily suppress their growth. Such preparations may contain one or more types of alcohol, other active ingredients, excipients, and humectants.

Biological Safety Cabinet (BSC)	A ventilated cabinet that may be used for compounding. These cabinets are divided into three general classes (Class I, Class II, and Class III). Class II BSCs are further divided into types (Type A1, Type A2, Type B1, Type B2, and Type C1).
Bulk drug substance	See the entry for Active Pharmaceutical Ingredient.
Certificate of analysis (COA)	A report from the supplier of a component, container, or closure that accompanies the supplier's material and contains the specifications and results of all analyses and a description of the material.
Cleaning	The process of removing substances (eg, organic and inorganic material) from objects and surfaces, normally accomplished by manually or mechanically using water with detergents or enzymatic products.
Cleaning agent	An agent, usually containing a surfactant, used for the removal of substances (eg, dirt, debris, microbes, and residual drugs or chemicals) from surfaces.
Closed-system processing device	A device designed to reduce the potential exposure to personnel or contamination of the facility or CNSPs. Examples include CVEs, BSCs, or single-use containment glove bags.
Component	Any ingredient used in the compounding of a preparation, including any API, added substance, or conventionally manufactured product.
Compounded nonsterile preparation (CNSP)	A preparation not intended to be sterile that is created by combining, admixing, diluting, pooling, reconstituting other than as provided in the manufacturer's labeling, or otherwise altering a drug product or bulk drug substance.

74.0	Does the pharmacy ensure the assigned BUD does not exceed the shortest beyond use date of any individual compounded components? ***Inspector note: Per USP, "the BUD should generally not exceed the shortest BUD of any of the individual compounded components. However, there may be acceptable instances when the BUD of the final CSP exceeds the BUD assigned to compounded components (eg, pH-altering solutions). If the assigned BUD of the final CSP exceeds the BUD of the compounded components, the physical, chemical, and microbiological quality of the final CSP must not be negatively impacted." Other examples where this may occur: formula within a formula, preservative-free compounded component used in a preserved final CSP, "in-use" times for pharmacy bulk packages, and cyclosporine ophthalmic stock solution.*** ***If no, inspector should describe the observations, including the name of the component whose BUD was shorter than the assigned BUD of the final CSP.***	Yes		14.3

Sterile Compounding Personnel Records Review

Select personnel with compounding responsibilities for your records review; preferably select staff performing compounding duties at time of inspection or staff identified during CR review.

- Recommend also pulling supervising personnel file.

- Inspector can consider pulling non-compounder employee file ("Other") who cleans and stocks compounding area but who does not compound (Note: frequency of competency assessment will be defined by pharmacy SOPs).

Review five (5) personnel files and document your observations. (For applicants seeking a Class E-S Non-Resident Sterile Compounding Inspection (Texas Sampling), review a total of 10 personnel records.)

- *Note: long-term employees may not have initial training available, if this is the case, you may select an alternative file. If an alternate file is not available, document length of service of long-term employee.

Inspector Note: soybean casein digest medium and trypticase soy broth are the same media.

Inspector Instructions

1. Use the drop-down list and make the appropriate selection for the Employee Title, Personnel Function, and CSP Category Type for the files reviewed. *Do not record the employee name, only the title or position.
2. Review the selected files to verify that the required training and competency records are present in the personnel file and comply with USP <797> standards for training and demonstrated competency.
3. Select the appropriate response for each item reviewed.
-Select "Yes" if the document is present in the records and the competency evaluation was conducted in compliance USP <797> standards.
-Select "No" if the document is present but is not compliant with USP <797> standards (eg, incorrect frequency of test, GFT and surface sample was not conducted after media-fill, failed tests did not include a corrective action, etc). Document the area(s) of non-compliance in the notes column.
-Select "Missing" if the document is not present in the file.
-Select "N/A" if the training does not apply, eg, long-term employees may not have initial training available. Document further in the notes column.
4. Use the notes column to document any pertinent information.

Demonstrating Knowledge and Competency of Core Skills (Section 2.1)

1. Personnel who perform or oversee compounding or *support activities* must be trained in the SOPs and trained on maintaining the quality of the environment (See Table 2).
2. Compounding personnel and supervising personnel must complete training needed to demonstrate knowledge of principles and competency of skills for performing sterile manipulations and achieving and maintaining appropriate environmental conditions (See Table 2 and Table 3). This must be completed initially and every 12 months in at least the following areas:

3. Personnel who only perform restocking or cleaning and disinfecting duties outside of the primary engineering control (PEC) must complete ongoing training as required by the facility's SOPs (See Table 3).
4. Personnel compounding only immediate-use CSPs must complete training as required by the facility's SOPs (See Table 3).
5. All training and evaluations must be documented.

ACPH: Air changes per hour.
Active pharmaceutical ingredient (API): Any substance or mixture of substances intended to be used in the compounding of a preparation, thereby becoming the active ingredient in that preparation and furnishing pharmacological activity or other direct effect in the diagnosis, cure, mitigation, treatment, or prevention of disease in humans and animals or affecting the structure and function of the body. Also referred to as *Bulk drug substance*. A conventionally manufactured drug product is not an API but is typically manufactured from an API(s).
Added substance: An ingredient that is necessary to compound a preparation but is not intended or expected to cause a pharmacologic response if administered alone in the amount or concentration contained in a single dose of the compounded preparation. The term is used synonymously with the terms *inactive ingredient, excipient, and pharmaceutical ingredient.*

Allergenic extract prescription set: Combinations of licensed allergenic extracts that would be mixed and diluted to provide subcutaneous immunotherapy to an individual patient, even though these allergenic extract combinations are not specified in the approved BLAs for the licensed biological products.
Allergenic extract: A biological substance used for the diagnosis and/or treatment of allergic diseases such as allergic rhinitis, allergic sinusitis, allergic conjunctivitis, bee venom allergy, and food allergy.
Anteroom: An ISO Class 8 or cleaner room with fixed walls and doors where personnel hand hygiene, garbing procedures, and other activities that generate high particulate levels may be performed. The anteroom is the transition room between the unclassified area of the facility and the buffer room.
Aseptic processing: A method by which separate, sterile components (eg, drugs, containers, or closures) are brought together under conditions that maintain their sterility. The components can either be purchased as sterile or, when starting with nonsterile components, can be separately sterilized prior to combining (eg, by membrane filtration or by autoclave).

Visual/Physical Inspection of CSPs

	Name	*Signature*	*Date*
Pharmacist-In-Charge			
Employee Signature of Acceptance:			

POLICY: *All injectable preparations (CSPs) shall be visually and physically inspected at a rate of 100% prior to dispensing. Visual and physical inspection shall consist primarily of post-compounding inspection. Pre-release and pre-dispensing visual and physical inspection shall be supplemental to post-compounding inspection to ensure quality of CSPs.*

PURPOSE: *Visual and physical inspection of vials after compounding allows for detection of porticulates, insufficient container closures, unexpected CSP characteristics, and other apparent defects.*

RESPONSIBILITY: *Pharmacist-in-Charge, Aseptic Pharmacists, and Staff Pharmacists*

PROCEDURE:

Post compounding visual inspection should be done promptly after compounding has been completed and prior to labeling. Post-compounding inspection consists of: particulate inspection, container closure inspection, and other apparent defects inspection. Pharmacists performing post compounding visual inspection must be adequately trained in visual inspection, particularly pertaining to the detection of visible foreign particulote matter.

- *Particulate inspection-CSPs should be essentially free from visible foreign porticulate matter. The presence of particulates should be assessed by placing the vial under a bright, high-intensity light against a black and a white background for a minimum of 5 seconds per background. Minimal agitation should be used to suspend and visualize any particulates through a combination of gentle inversion and gentle swirling. Care must be taken to avoid the production of air bubbles as this significantly hinders detection of particulates. Viols thot contain visible foreign particulate matter shall be rejected. Particulate inspection should be done in a manner that ollows for sufficient breaks to prevent eye-strain and facilitate porticulate detection.*
    - *Key Aspects of particulate inspection:*
        - *100% inspection*
        - *High intensity light*
        - *Black and white background; 5 seconds minimum per background*
        - *Gentle inversion/swirling; minimal air bubbles*
        - *Rejection of all vials containing visible particulates*
    - *Particulate inspection shall be modified and combined with particle size inspection for suspensions. Particulate inspection of suspensions should be done under a bright light against a dark background.*
- *Container Closure inspection- Container closure system shall be inspected and determined to be robust enough to prevent microbiol penetration.*

- *Other apparent defects inspection- Vials should be inspected for any other defects (i.e. glass imperfections) that might affect the quality of CSPs.*
- *CSP Characteristics- Solutions shall retain the characteristics described in the log (color, clarity, etc.). Suspensions shall retain the characteristics described in the log and additionally have a uniform, small particle size. Articles which have not retained proper CSP characteristics shall be discarded. Rejection of the entire batch may be warranted at the discretion of the inspecting pharmacist if a significant number of articles do not retain the expected CSP characteristics.*
- *Quality Limit- Based on 100% inspection and current process capabilities, the acceptable quality limit for rejects is set at 10% of the actual batch yield. Any lot that does not meet the acceptable quality limit shall be investigated thoroughly.*
    - *Reject reason will be clearly defined and documented in the compounded batch record*
    - *Reject reasons may include:*
        - *Overfilled vial*
        - *Underfilled vial*
        - *Particulate observed on white background*
        - *Particulate observed on black background*
        - *Other with an explanation of the specific reject reasan*
    - *Reject reasons will be trended quarterly to identify trends associated with API, vial size or method of sterilization.*
- *Pre-release visual inspection shall be done immediately prior to release of CSPs from quarantine and is a brief inspection compared to post-compounding inspection. The primary objective of pre-release visual inspection is to ensure that no changes have occurred during storage in the quarantine area.*
    - *CSP appearance inspection- CSPs shall be inspected and appearance determined to be consistent with desired properties (i.e. clarity of solutions, ease of dispersion for suspensions).*
    - *Container closure inspection- Container closure shall be briefly inspected to ensure that the clasure system still prevents microbial penetration.*
- *Pre-dispensing visual inspection shall be done immediately prior to dispensing of CSPs ond is a brief inspection during final verification. The primary objective of pre-dispensing visual inspection is to ensure that no changes have occurred during storage prior to dispensing.*
    - *CSP appearance inspection- CSPs shall be inspected and appearance determined to be consistent with desired properties (i.e. clarity of solutions, ease of dispersion for suspensions).*
    - *Container closure inspection- Container closure shall be briefly inspected to ensure that the closure system still prevents microbial penetration.*

Primary Engineering Control (Isolator): Certification/Testing, Operation, and Maintenance

Primary Engineering Control (Isolator): Certification/Testing, Operation, and Maintenance

	Name	*Signature*	*Date*
Pharmacist-In-Charge			
Employee Signature of Acceptance:			

Purpose

To define a procedure for certification/testing, operation, and maintenance of primary engineering controls (isolotors). Properly certified, tested, and operated isolators are critical in achieving and maintaining the sterility of CSPs.

Responsibility

It is the responsibility of the PIC and the supervising pharmacists to ensure the procedure is followed. All clean room personnel are responsible for following this procedure.

Procedure

Primary Engineering Controls

Primary engineering controls shall be designed to maintain ISO 5 or better conditions. All aseptic manipulations shall take place in the PEC under ISO 5 or better conditions. Aseptic technique and manipulations are detailed in the aseptic technique and manipulations procedure.

Per USP <797>, ISO 5 conditions are:

- *Not more than 3,520 0.5um or larger particles per m3 under dynamic operating conditions*

Primary engineering controls may include: CAIs, CACIs, LAFWs, etc.

Certification/Testing

Certification of primory engineering controls may be done in-house or by an outside certification company.

Equipment used for certification and testing sholl conform to the manufacturer's standards for maintenonce and calibration.

CETA or similar guidelines that outline specific stondards shall be used to perform certificotion and testing of primary engineering controls. These standards shall include, at a minimum:

- *Non- viable porticle counts not more than 3,520 0.5um or larger particles per m3 under dynamic operating conditions*
- *Air flow/velocity*
- *HEPA Filter Leak Testing*
- *Direct compounding area smoke testing demonstrating unidirectionol air flow under dynamic operating conditions*

Certifications and testing sholl be done at a minimum of seml-annuolly, unless otherwise required.

Viable air sampling and surface sampling are required as part of ongoing testing of primary engineering controls and are described in their respective procedures.

Re-certification and re-testing of primary engineering controls shall be done whenever relocated as part of clean room construction or re-organization, or when repairs deemed likely to affect isolator performance are required. Short, careful, deliberate movements of the primary engineering controls to allow for cleaning behind do not require re-certification and re-testing.

Operation

The operation of primary engineering controls requires proper knowledge of their function and use. Properly functioning and maintained but poorly operated primary engineering controls may not maintain ISO 5 conditions. As such, it is critical for them to be properly operated.

Cleaning of primary engineering controls is vital to their aperatian and is described in the PEC cleaning procedure.

Proper use of primary engineering controls while performing aseptic manipulations is described in the aseptic technique and manipulations procedure.

Where equipped, primary engineering control pressures shall be recorded daily and trended.

Recovery times allow for re-establishment of appropriate ISO conditions whenever portions of the isalatar are opened for material tronsfer or cleaning. Minimum recovery times for the primary engineering controls ore as follows:

- *Pass-Through In/Out Transfer: 60 seconds prior to opening af main chamber*
- *Front Panel Opening: 30 minutes priar to compounding*

All materials transferred into the isolator during use/operation shall be cleaned as per the material transfer procedure.

Primary engineering controls are designed for continuaus aperation. In the event that a primary engineering control is not operated continuously, a sporicidal disinfection deep clean must be performed followed by period of at least 30 minutes after closing the front panel prior to compounding. Additional corrective or preventive action may be required depending an the nature af the interruption in operation.

Maintenance

Maintenance may be required as part of certificotian or on an ongoing basis. Proper maintenance shall be done to ensure adequate performance of the primary engineering control. The following maintenance is required by the operator's manual:

- *HEPA Filters- As required by certifier*
- *Pre-Filters- Annually, ot minimum (inspect monthly)*
- *Gountlet gloves- Daily (when in use)*
- *Sleeves- Semi-Annually, at minimum (inspect daily)*
- *Sleeve accessories (o- rings, cuff, etc.)- As needed*

Cleaning and Sanitizing Procedures for Sterile Areas

	Name	*Signature*	*Date*
Pharmacist-In-Charge			
Emplayee Signature of Acceptance:			

PURPOSE: *To develop and maintain an organized and clean environment for the preparation of Sterile preparations.*

RESPONSIBLE: *The PIC, the head Aseptic Pharmacist and the Aseptic Technicians are responsible for ensuring compliance with this protocol.*
Chorts and logs are maintained as a means of compliance. The PIC shall verify that all cleaning is being sufficiently completed according to protocol and that staff performing the cleaning have been adequately troined.

INFORMATION: *All individuals entering the room are expected to wear head and shoe covers, as well as appropriate garb, as minimum attire. See Gowning and Garbing P&P for details.*

In general, cleaning should be done from the cleanest area to the dirtiest area. To minimize cross-contamination, cleaning should also be done from top to bottom. For example, in a monthly cleaning, the order would be: ceilings; walls ond windows; exteriors of process equipment and cabinets; countertops ond other horizontal surfaces; and at last, floors.

This is the responsibility of trained pharmacy staff (pharmacists and technicians), and should be performed at the beginning of each shift. Spills and residue in the hood and adjacent surfaces should be disinfected with 70% isopropyl alcohol as necessary. The isopropyl alcohol should be allowed to dry before compounding is begun. All cleaning tools should be for single-use only, non-shedding, and for use only in controlled area.

During Shifts: Surfaces in the isolator within arm's reach can be cleaned using wipers and solutions - 70% isopropyl alcohol (IPA). Wipers should be "low-linting" — that is, wipers should not leave particles and fibers behind when they are used to clean surfaces. A non-woven polyester/cellulose wiper can be used. Wipers that ore pre-wetted with 70% IPA shall be used. They can be also be wetted at the time of use with the solution of choice. Be sure wipers are not dripping with solution — an overly wet wiper can redisperse contaminonts and can increase the chances of the solution itself becoming a contamination source. ***The isopropyl alcohol should be allowed to dry before compounding is begun.*** *Wipers should be folded so that the entire surface of the wiper can be used. Typically wipers are quarter folded, and then refolded after every wipe of the surface, to contain and remove the contamination. In this manner, there are eight different surfaces of the wiper exposed and able to be used for wiping. Wiping should be done in overlapping linear strokes from clean to dirty or dry to wet. After all eight surfaces have been used, the wiper (and its captured contamination) should be discarded in an appropriate container. The appropriate cleaning tool may be used to clean the isolator.*

The ante, buffer and clean room(s), will be cleaned and disinfected according to guidelines below: *In addition to the sterile compaunding areas, counters and work surfaces shall be cleaned and disinfected daily. Floors in all areas, including the buffer area, anteroom, and compaunding area, are to be cleaned and disinfected daily. All mopping should take place when no compounding is in progress.*

Walls and ceilings shall be cleaned monthly when no compounding is in process.

All other surfaces, carts, and storage area shelving, shall be cleaned and disinfected at least monthly, again when no compounding is in progress. Storage shelving in the buffer or clean area should be emptied of all supplies, and then cleaned.

Floors in the buffer area, as well as the anteroom area, should be mopped daily with a multi-purpose antifungal, ontivirucidol and antibacterial agent, when no aseptic operations are in progress. Mopping should be performed using approved agents described in written procedures. Only approved cleaning and sanitizing agents are used with careful consideration of compatibilities, effectiveness, and inappropriate or toxic residues. Their schedules of use and methods of application are in accord with written procedures. All cleaning tools, such as wipers, sponges, and mops are non-shedding and dedicated to use in the buffer or clean area. Floors are cleaned using flat mops with a bucketless system where mop covers are either pre-wetted with the cleaning or rinsing solutions, or the operator sprays the mop covers with a cleaning solution after the covers have been placed on the mop head. The mopping should be done in linear overlapping strokes from clean to dirty, dry to wet, the same procedure that is recommended for wiping. In a cleanroom, the corners furthest away from the entry doors are usually the cleanest areas since they have the least foot traffic. Aisles and entry doors sustain the greatest traffic and are usually the dirtiest areas. So mopping is done from far corners to aisles and entry doors (cleanest to dirtiest). Swabs wetted with a cleaning solution, IPA, or sterile water can be used to address very tight areas. Some possible candidotes for swab cleaning are: vents in the back wall or front surface, the junction of the walls with the floor and ceiling of the cabinet, surface dimples surrounding rivets or screws, connectors to hoses or filters, etc.

All surfaces ore cleaned with a multi-purpose antifungal, antivirucidal and antibacterial agent daily.

Wipers are discarded ofter one use. If cleaning tools are reused, their cleanliness is mointained by thorough rinsing and sanitization or cleaning and outoclaving after use and by storing in a cleon environment between uses.

Trash receptocles should be emptied daily or more frequently according to the needs of the area. Trash should be collected in suitable plastic bags and removed with minimal agitation.

Supplies, if appropriate, and equipment to be placed in the buffer or clean room environment or isolator, must be unpockaged in the anteroom area and wiped with a sanitizing agent, such as sterile 70% isopropyl alcohol. Alternatively, if supplies are planned to be received in sealed pouches, the pouches can be removed as the supplies are introduced into the buffer or clean area without the need to sanitize the individual supply items.

No shipping or other external cartons (e.g., corrugated cardboard) moy be taken into either the buffer or ante room areas.

Disinfectants should be alternated periodically to prevent the development of resistant organisms.

Problems with equipment (burned out lights, computer malfunctions, laminar flow hood problem, etc.) should be reported to the Pharmacist in Charge.

Autoclave should be cleaned weekly per manufacturer with approved cleaning agent.

Refer to rotation schedule for specifics on cleaning

TRAINING

Training, based on written protocols, is essential for proper cleaning of a cleanroom. Cleanroom personnel are assigned responsibilities. Cleaning logs with check-offs for daily, weekly, and monthly cleaning are completed by the responsible personnel.

Personnel are trained using these SOPs, and then tested to ensure proficiency in cleaning and maintenance procedures. Personnel is retrained on a regular schedule. The PIC shall ensure training is completed and will ensure audits are completed when necessary.

Clean Room Material Washing

	Name	*Signature*	*Date*
Pharmacist-In-Charge			
Employee Signature of Acceptance:			

POLICY:

This policy describes the process of washing reusable materials.

PURPOSE:

All reusable materials (beakers, spin bars, etc.) shall be thoroughly and completely cleaned following use in compounding and prior to depyrogenation/sterilization (if applicable). Thorough cleaning shall be done to prevent the possibility of cross-contamination of CSPs.

RESPONSIBILITY:

The pharmacist-in-charge and sterile compounding supervisor are responsible to ensure that this procedure is followed.

PROCEDURE:

Initial cleaning shall be done using an appropriate low residue detergent with thorough scrubbing and rinsing. Particular attention should be given to difficult to remove preparations (i.e. oils, high active concentrations, etc.) and areas of the material that might be difficult to clean (lip of beaker, spout of beaker, crevices, etc.). Several rounds of detergent use and rinsing may be necessary to achieve completely clean materials. Initial cleaning and rinsing is critical to ensuring that reusable materials do not pose a cross-contamination risk and that they are maintained in an acceptable condition. During depyrogenation/sterilization, left-over residues can be burned onto the surface of materials, creating unacceptable conditions for re-use os they pose contamination risks in addition to appearing insanitary.

Notify the pharmacist-in-charge immediotely if any equipment has a stain or substance that is not removed after multiple cleaning attempts.

Once materials are cleaned thoroughly and all detergent residues removed, materials shall be rinsed briefly with sIPA.

Following sIPA rinse, materials shall be rinsed with sterile water. Materials shall then be placed on the drying rack and allowed to dry completely.

Materials shall then be placed on the drying rack and allowed to dry completely. Monthly visual inspections of all reusable materials will be performed by the pharmacist-in-charge or sterile compounding supervisor.

Pharmacist-In-Charge			
Employee Signature of Acceptance:			

Policy:
This procedure describes the process of steam sterilization.

Purpose:
This procedure describes the process of steam sterilization and the required actions to be taken to ensure that steam sterilization occurs in a correct and repeatable manner that ensures that appropriate sterilization has occurred.

Responsibility:
The pharmacist-in-charge and sterile compounding supervisor are responsible for ensuring that this procedure is followed.

Procedure:
Steam sterilization shall occur in a consistent, correct, and repeatable manner to ensure that components, materials, and compounded preparations are properly sterilized.

Prior to steam sterilization, components, materials, and compounded preparations shall be prepped or compounded according to procedure.

Prepped components and materials shall be placed in appropriate autoclave pouches designed to prevent post-sterilization microbial penetration.

Terminally steam-sterilized compounded preparations shall contain a biological indicator designed to validate steam sterilization cycles in a non-dispensable specimen to ensure that sterilization has occurred.

The autoclave shall be loaded according to manufacturer recommendations with sufficient room for circulation of air within the chamber and around contents.

All cycles shall contain a temperature indicator. Per manufacturer recommendations, each autoclave shall be tested weekly with a biological indicator to verify sterilization capability. Autoclaves used less frequently than weekly shall be tested with a biological indicator on an as needed basis (i.e. with each load).

The autoclave shall be set to sterilize at 121 °C and 15 PSI for 20-60 minutes. Sterilization time for terminally steam-sterilized compounded preparations shall be specified in the compounding record.

Steam sterilization cycles shall be documented on the autoclave batch log. Personnel responsible for loading and unloading the autoclave shall document the following information for each load:

- *Date*
- *Load #*
- *Description of Contents or Compound Name/Lot #*
- *Start Settings*
- *Start Time*
- *Start Operator Initials*
- *Final Display Description (i.e. CYC FINISH)*
- *Steam Strip Results*
- *End Settings*
- *End Time*
- *Remove Operator Initials*

Personnel who remove autoclave contents shall ensure that all components and materiols are clearly marked with the load number and expiration date. An expiration date of 30 days shall be assigned to all components and moterials which are stored prior to use.

Biological indicators shall be incubated per manufacturer recommendations and results recorded to verify that sterilization has occurred.

Validation of depyrogenation shall occur every 6 months. Validation shall demonstrate a minimum 3 log reduction in endotoxin.

Compounded Preparation Using Dry-Heat Sterilization

1. *When possible, compounded preparations should be filtered through a 1 um particulate filter prior to filling. Vials shall be placed onto trays and placed in oven with sufficient room for air to circulate over the entire surface of the container. Temperature Indicator strips and biological indicators are placed in the oven. Biological indicators shall be placed in non-dispensable specimens to ensure sterilization of the CSP.*

Proper hand hygiene is critical to contamination control. Personnel are a major source of contamination and appropriate hand hygiene can help reduce bioburden and the possibility of contamination. Hand hygiene should be performed in the following manner in the dedicated area at the appropriate time during the garbing process:

1. *Fingernails should be kept short, clean, and natural.*
2. *Remove debris from underneath fingernails with a disposable nail cleaner and warm water.*
3. *Wash hands and forearms to the elbow for at least 30 seconds with antimicrobial soap and water. Hand washing should be vigorous and thorough, paying careful attention to frequently missed areas (i.e. tips of fingers, thumb, in between fingers)*
4. *Rinse well in warm water at an adequate flow rate. Water should flow from fingertips to elbows and drain into the sink. Be sure to remove all soap from skin.*
5. *Carefully dry hands and arms with a lint-free towel.*
6. *Cantinue with garbing per protocol.*

USP chapter <797> sterile preparation compounding is performed in designated areas only.

The air entering a cleanroom from outside is filtered to exclude dust, and the air inside is constantly recirculated through high efficiency particulate air (HEPA) and/or ultra low particulate air (ULPA) filters to remove internally generated contaminants. These filtration systems keep the air changes appropriate at all times.

Staff members enter and leave through one air locked door. All cleanroom doors are wired into an antilock system preventing more than one to be opened at any given time. Only in the event of a fire, will the cleanroom doors be allowed to be opened simultaneously. This system allows minimal contamination by dust and other particles. Staff wear protective clothing such as hairnets, face masks, gloves, show covers and lab coats. All protective clothing is classified for use in ISO 7 and ISO 5 environments, depending on the orea in which the staff will be compounding. Appropriate garb is donned in the cleonroom ot all times. Upon entry in the garbing area, staff is required to put on the appropriate cleanroom attire. The use of appropriate cleanroom attire minimizes the contamination by personnel in the cleanroom area.

Only trained personnel are allowed in the cleanroom. No persons may pass into the designoted garbing area unless they are one of the cleanroom staff. This minimizes interruption and contamination.

Equipment inside the cleanroom is designed to generate minimal air contamination. Cleanroom furniture is also designed to produce a minimum of particles and to be easy to clean.

The cleanroom is kept at a positive pressure so that if there are any leaks, air leaks out of the chamber instead of unfiltered air coming in.

The cleanroom HVAC systems controls the temperature and the humidity.

Sterile compounded preparations shall be compounded in accordance with the aseptic processes and in an area separate and distinct from the area used for the compounding of non-sterile products. Chemicals are opened only in designated areas. Powder containment hoods are provided for the accurate and safe weighing of chemicals. They provide protection for the compounder as well as prevent

cross contamination and environmental contamination. No more than one chemical may be opened at any given time while under the compounding hood.

The areas used for compounding are maintained in clean, orderly, and sanitary conditions.

The areas for drug compounding shall be maintained in a good state of repair. The plumbing system shall be free of defects that could contribute to contamination of any compounded product. Adequate washing facilities shall be easily accessible to the compounding areas. Such facilities shall include, but not be limited to, hot and cold water, soap or detergent, antibacterial hand sanitizer and single-use aseptic wipes.

The area for compounding provides adequate lighting and ventilation.

The area for compounding is free of infestation by insects, rodents, and other vermin. Trash shall be held and disposed of in a sanitary and timely manner.

Bulk drugs and other chemicals or materials used in the compounding of drugs must be stored as directed by the manufacturer, or according to USP monograph requirements, in a clean, dry area, under appropriate temperature conditions (controlled room temperature, refrigerator, or freezer). Shelving units are provided for the storage of all chemicals. Chemicals shall be stored in a manner such that they are protected from contamination. All containers shall be properly labeled.

CONSENT ORDER

THIS MATTER comes before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on a complaint against Nicholas Richard Kirkpatrick (hereinafter referred to as "Kirkpatrick") which resulted in the filing of a Statement of Charges and Notice of Hearing ("Statement") alleging violations of the Alabama Pharmacy Practice Act. These allegations with particularity are set out in the Statement, which is attached hereto as **Exhibit "A."**

Prior to a hearing in this cause, and pursuant to Code of Alabama (1975), § 41-22-12(f), the matters at issue were resolved informally by the parties and the parties negotiated a Consent Order, the terms of which are as follows:

1. The Board finds Kirkpatrick violated the provision of law set out in Count Two of the Statement. Counts One and Three of the Statement shall be dismissed with prejudice.

2. Kirkpatrick shall pay an administrative fine in the amount of Five Hundred Dollars ($500.00) within thirty (30) days of the effective date of this Consent Order that being the day the same is signed on behalf of the Board. This payment shall not be subject to discharge in bankruptcy nor shall Kirkpatrick attempt to discharge the same.

3. Kirkpatrick expressly waives his rights pursuant to the Alabama Pharmacy Practice Act, the Alabama Administrative Procedures Act and the Alabama Uniform

Controlled Substances Act, including but not limited to the Code of Alabama (1975), §34-23-34 and §34-23-92(12), Code of Alabama (1975), §41-22-12 and §40-22-20 and Code of Alabama (1975), § 20-2-50 et seq., and including but not limited to the opportunity for a hearing before the Board in connection with any charges against him and any judicial review. Kirkpatrick further waives any objection to the attorney for the Board preparing, drafting or making this Order, including the waiver of any objection or right pursuant to Code of Alabama (1975), §41-22-18.

5. By execution of this Consent Order, Kirkpatrick hereby releases the Board, its members, agents, representatives, servants and employees from any and all liability, claims, damages, fees or expenses arising out of or made in connection with the matters relating to this Consent Order and Statement.

6. Kirkpatrick acknowledges and agrees that any future violation of the Alabama Pharmacy Practice Act, the laws that regulate the sale and/or dispensing of prescription or legend drugs and/or narcotics or any Rules of the Alabama State Board of Pharmacy or the pharmacy law or Rules of the Board of Pharmacy of another state or any other applicable laws, upon proof and hearing thereof, may result in further disciplinary sanctions against his license, including, but not limited to revocation.

7. Kirkpatrick acknowledges and agrees that he has read this Consent Order and that he fully understands the terms, conditions and contents of the same. Kirkpatrick acknowledges and agrees that he voluntarily and of his own free will accepts the terms and conditions set out in this Consent Order and had the opportunity to seek legal counsel prior to the execution of this Consent Order.

Section 3: History of Company

3. Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been subject of an administrative action, board citation, cite fine, or proceeding relating to the pharmaceutical industry?

Wedgewood Pharmacy LLC

The list includes prior matters that have previously been reported to the Board in an effort to provide full transparency with the application.

Please note that Wedgewood Pharmacy has operated in two locations so the matters are being reported specific to the applicable facility.

Discipline and Closed Matters for Wedgewood Village Pharmacy LLC, Swedesboro, NJ Location

03/19/2015 – MN/MI/AL Consent Orders

On March 19, 2015, Wedgewood entered into a consent order with the Minnesota Board of Pharmacy (*"Minnesota Consent Order"*). Wedgewood subsequently entered into consent orders with the Michigan Department of Licensing and Regulatory Affairs (*"Michigan LARA"*) and the Alabama Board of Pharmacy ("Alabama BOP") to resolve "sister state" actions that arose out of the Minnesota Consent Order.

The basis for the Minnesota Consent Order are as follows:
Acting on a reasonable and good-faith interpretation of Minnesota law, Wedgewood from its NJ location, dispensed compounds to licensed veterinarians in Minnesota, pursuant to a veterinarian's order for office use. The Minnesota Board asserted that Wedgewood needed a wholesale license to engage in this activity. For the purposes of settlement only, Wedgewood entered into the Minnesota Consent Order whereby it agreed to a $10,000 civil penalty but admitted no wrongdoing.
Wedgewood subsequently entered into a consent order with the Michigan LARA to resolve a "sister state" action brought by Michigan based on the Minnesota Consent Order. Wedgewood entered into a similar consent order with the Alabama BOP to resolve a sister state action brought by Alabama based on the Minnesota Consent Order. There was no finding in the Michigan or the Alabama Consent Order that Wedgewood violated any provisions of Michigan or Alabama state law outside of these states' prohibitions on sister state actions.

10/22/2015 – New Jersey Consent Agreement

On October 22, 2015, Wedgewood Village Pharmacy, Inc., entered into a Consent Agreement with the New Jersey Board of Pharmacy resolving a dispute between the parties on the application of "beyond use dating" regulations for sterile compounds.

This is the same order that is referenced on the Swedesboro, NJ facility's home license however, per the terms of the Agreement, it is not to be construed as discipline and any reimbursement paid to the Board is not considered a fine or other sanction.

10/13/2017 – California Citation & Fine

Issued as a result of an investigation by the CA BOP into an unlicensed individual who fraudulently set up an account with Wedgewood as a veterinarian using valid prescriber license information he acquired unlawfully. An administrative citation was issued and Wedgewood paid a nominal fine.

07/20/2018 - DEA Memorandum of Agreement

While Wedgewood does not consider there to be a restriction on its handling of CDS or disciplinary action, however, out of an abundance of caution, Wedgewood is disclosing the following:

As a condition of issuing Wedgewood located in Swedesboro, New Jersey a DEA manufacturer registration, Wedgewood and the DEA entered into a Memorandum of Agreement ("MOA") for a period of five years (until July 20, 2023) during which Wedgewood agreed not to use the DEA manufacturer license to manufacture or distribute controlled substances for human use. Wedgewood obtained a DEA manufacturer registration for the sole purposes of providing controlled substance compounds solely for veterinarians to use for office use.

12/5/2018 – California Citation

The California Board of Pharmacy issued a non-disciplinary, Administrative Citation with no penalty or fine based on a California Board inspector's interpretation of California regulations. In the Inspector's opinion, providing a 15ml ophthalmic container to a veterinarian for office use exceeded the "reasonable quantity" limitation for office use compounds.

Wedgewood discontinued sales of all 15ml ophthalmic container for office use to California veterinarians. The Board issued a Close Out letter on March 1, 2019. No penalty or fine was assessed.

6/17/2021 – California Citation & Fine

Received notification of a non-disciplinary, Administrative Citation which was finalized on 07/29/2021. A fine was paid as part of the final citation. The basis for the citation was that Wedgewood did not have the necessary data to support the "beyond use dates" Wedgewood used.

3/22/24 – California Stipulation Settlement and Disciplinary Order for Public Reproval

On February 21, 2024, the California Board of Pharmacy (the "Board") approved a Stipulated Settlement and Disciplinary Order for Public Reproval entered into with Wedgewood Village Pharmacy LLC relating to claims made by the Board regarding assignment of unsupported beyond use dates and other matters. The Order became effective on March 22, 2024 and Wedgewood agreed to pay the Board $11,054.75 as reimbursement of its costs in connection with this matter.

Discipline and Closed Matters for Wickliffe Veterinary Pharmacy Lexington Kentucky

01/10/2024 – Alaska Imposition of Civil Fine

On August 8, 2023, Wickliffe received a complaint from the Alaska Board of Pharmacy concerning the omission of past discipline of the pharmacist in charge for the facility. A clerical error was made on the initial application and the information was not included. However, the information was provided on an updated application. The matter has been resolved through the consent order and a nominal fine will be paid upon Board approval of the order.

BOARD OF PHARMACY

In the Matter of
Wedgewood Pharmacy, Non-Resident Pharmacy
License Number: 262173

STIPULATION AND CONSENT ORDER

STIPULATION

Wedgewood Pharmacy ("Pharmacy" or "Licensee") and the Minnesota Board of Pharmacy Complaint Review Panel ("Review Panel") agree the above-referenced matter may be resolved without trial of any issue or fact as follows:

I.

JURISDICTION

1. The Minnesota Board of Pharmacy ("Board") is authorized pursuant to Minnesota Statutes chapter 151 to register and regulate pharmacies and to take disciplinary action as appropriate.

2. Wedgewood has been licensed as a non-resident pharmacy in Minnesota since October 22, 2002. As such, Wedgewood is subject to the jurisdiction of the Board with respect to the matters referred to in this Stipulation and Consent Order.

II.

CONFERENCE

3. On December 4, 2013, Wedgewood representatives attended a conference with the Review Panel to discuss the allegations described in a Notice of Conference. The Review Panel was composed of Board members Karen Bergrud and Bob Goetz. Bryan D. Huffman, Assistant Attorney General, represented the Review Panel in this matter. Wedgewood was represented by Greg Bulinski, Esq., of Bassford Remele and Rachael G. Pontiltes, Esq., of Duane Morris.

III.

FACTS

4. Licensee is not, nor has it ever been, licensed as a drug wholesaler by the Board.

5. Licensee shipped drugs to licensed veterinarians in Minnesota without patient-specific prescriptions.

6. Beginning January 7, 2013, Licensee dispensed drugs only pursuant to patient-specific prescriptions.

IV.

ISSUES

7. Licensee asserts it was acting on a good-faith interpretation of Minnesota law when it shipped drugs to licensed veterinarians in Minnesota without patient-specific prescriptions. Minn. Stat. § 151.01, subd. 30 (2012) defined "dispense or dispensing," in part, as meaning "the preparation or delivery of a drug pursuant to a lawful order. . . ." Licensee asserts that it reasonably and in good faith interpreted "lawful order" to include an order by a veterinarian for office use.

8. The Board asserts that Licensee's conduct described in section III. above constitutes violations of Minn. Stat. §§ 151.06, subd. 1(a)(7)(ix) and 151.47, subd. 1(b). The Board asserts that Minnesota law at all times relevant hereto prohibited Licensee from shipping drugs for office use without being licensed as a wholesaler.

9. For purposes of the settlement of this matter only, and for no other purposes civil, administrative or criminal, Licensee agrees that the disciplinary action described below may be imposed by the Board.

V.

DISCIPLINARY ACTION

The parties agree the Board may take the following disciplinary action and require compliance with the following terms:

10. The Board imposes a CIVIL PENALTY in the amount of $10,000 for the conduct described in section III above. The civil penalty must be paid by cashier's check or money order made payable to the Minnesota Board of Pharmacy, c/o Cody Wiberg, Executive Director, 2829 University Avenue S.E., Suite 530, Minneapolis, Minnesota 55414, within 60 days of the date of this Order.

VI.

CONSEQUENCES FOR NONCOMPLIANCE OR ADDITIONAL VIOLATIONS

11. If Licensee fails to comply with or violates this Stipulation and Consent Order, the Review Panel may, in its discretion, seek additional discipline either by initiating a contested case proceeding pursuant to Minnesota Statutes chapter 14 or by bringing the matter directly to the Board pursuant to the following procedure:

a. The Review Panel must schedule a hearing before the Board. At least 20 days before the hearing, the Review Panel must mail Licensee a notice of the violation(s) alleged by the Review Panel. In addition, the notice must designate the time and place of the hearing. Within ten days after the notice is mailed, Licensee must submit a written response to the allegations. If Licensee does not submit a timely response to the Board, the allegations may be deemed admitted.

b. The Review Panel, in its discretion, may schedule a conference with Licensee prior to the hearing before the Board to discuss the allegations and to attempt to resolve the allegations through agreement.

c. Prior to the hearing before the Board, the Review Panel and Licensee may submit affidavits and written argument in support of their positions. At the hearing, the Review Panel and Licensee may present oral argument. Argument may not refer to matters outside the record. The evidentiary record must be limited to the affidavits submitted prior to the hearing and this Stipulation and Consent Order. The Review Panel will have the burden of proving by a preponderance of the evidence that a violation has occurred. If Licensee has failed to submit a timely response to the allegations, Licensee may not contest the allegations but may present argument concerning the appropriateness of additional discipline. Licensee waives a hearing before an administrative law judge, discovery, cross-examination of adverse witnesses, and other procedures governing hearings pursuant to Minnesota Statutes chapter 14.

d. Licensee's correction of a violation before the conference, hearing, or meeting of the Board may be taken into account by the Board but will not limit the Board's authority to impose discipline for the violation. A decision by the Review Panel not to seek discipline when it first learns of a violation shall not waive the Review Panel's right to later seek discipline for that violation, either alone or in combination with other violations, at any time while Licensee's registration is in a conditional status.

e. Following the hearing, the Board will deliberate confidentially. If the allegations are not proved, the Board must dismiss the allegations. If a violation is proved, the Board may impose additional discipline, including conditions or limitations on Licensee's future practice or suspension or revocation of Licensee's registration.

f. Nothing herein limits the Review Panel's or the Board's right to temporarily suspend Licensee's license pursuant to Minnesota Statutes section 151.06, subdivision 1(b), based on a violation of this Stipulation and Consent Order or based on conduct of Licensee not specifically referred to herein.

VII.

ADDITIONAL INFORMATION

12. Licensee waives the contested case hearing and all other procedures before the Board to which Licensee may be entitled under the Minnesota and United States constitutions, statutes, or rules.

13. Licensee waives any claims against the Board, the Minnesota Attorney General, the State of Minnesota, and their agents, employees, and representatives related to the investigation of the conduct herein, or the negotiation or execution of this Stipulation and Consent Order, which may otherwise be available to Licensee.

14. This Stipulation and Consent Order, the files, records, and proceedings associated with this matter will constitute the entire record and may be reviewed by the Board in its consideration of this matter.

15. Either party may seek enforcement of this Stipulation and Consent Order in any appropriate civil court.

16. Licensee has read, understands, and agrees to this Stipulation and Consent Order and has voluntarily signed the Stipulation and Consent Order. Licensee is aware this Stipulation and Consent Order must be approved by the Board before it goes into effect. The Board may either approve the Stipulation and Consent Order as proposed, approve it subject to specified change, or reject it. If the changes are acceptable to Licensee, the Stipulation and Consent Order

will take effect and the order as modified will be issued. If the changes are unacceptable to Licensee or the Board rejects the Stipulation and Consent Order, it will be of no effect except as specified in the following paragraph.

17. Licensee agrees that if the Board rejects this Stipulation and Consent Order or a lesser remedy than indicated in this settlement, and this case comes again before the Board, Licensee will assert no claim that the Board was prejudiced by its review and discussion of this Stipulation and Consent Order or of any records relating to it.

18. This Stipulation and Consent Order does not limit the Board's authority to proceed against Licensee by initiating a contested case hearing or by other appropriate means on the basis of any act, conduct, or admission of Licensee which constitutes grounds for disciplinary action and which is not directly related to the specific facts and circumstances set forth in this document.

VIII.

DATA PRACTICES NOTICES

19. This Stipulation and Consent Order constitutes disciplinary action by the Board and is classified as public data pursuant to Minnesota Statutes section 13.41, subdivision 5. Data regarding this action will be provided to data banks as required by Federal law or consistent with Board policy. While this Stipulation and Consent Order is in effect, information obtained by the Board pursuant to this Order is considered active investigative data on a licensed person, and as such, is classified as protected nonpublic data pursuant to Minnesota Statutes sections 13.39, subdivision 2, and 13.02, subdivision 13.

20. This Stipulation contains the entire agreement between the parties, there being no other agreement of any kind, verbal or otherwise, which varies this Stipulation.

6. Wedgewood acknowledges and agrees that it has read this Consent Order and that it fully understand the terms, conditions and contents of the same. Wedgewood acknowledges and agrees that it voluntarily and of its own free will accepts the terms and conditions set out in this Consent Order and is signing this Consent Order on the advice of its attorney.

3. On January 21, 2015, the Minnesota Board of Pharmacy (Minnesota Board) executed a Stipulation and Consent Order which ordered Respondent Pharmacy

COUNT I

The action by the Minnesota Board, as set forth above evidence a pharmacy, manufacturer, or wholesale distributor which has had its license or federal registration limited, suspended, or revoked, or been subject to any other criminal, civil, or administrative penalty and constitutes a violation of section 17768(2)(d) of the Public Health Code, supra.

CONSENT ORDER AND STIPULATION

CONSENT ORDER

An administrative complaint was filed with the Disciplinary Subcommittee of the Board of Pharmacy on July 24, 2015, charging Wedgewood Village Pharmacy, Inc. (Respondent) with having violated section 17768(2)(d) of the Public Health Code, 1978 PA 368, as amended, MCL 333.1101 *et seq.*

The parties have stipulated that the Disciplinary Subcommittee may enter this consent order. The Disciplinary Subcommittee has reviewed the stipulation contained in this document and agrees that the public interest is best served by resolution of the outstanding complaint. Therefore, the Disciplinary Subcommittee finds that the allegations of fact contained in the complaint are true and that Respondent has violated section 17768(2)(d) of the Public Health Code.

Accordingly, for this violation, IT IS ORDERED:

Respondent is FINED $500.00 (Five Hundred Dollars) to be paid by check, money order or cashier's check made payable to the State of Michigan (with complaint number 53-15-137238 clearly indicated on the check or money order), and

shall be payable within 60 days of the effective date of this order. The timely payment of the fine shall be Respondent's responsibility. Respondent shall mail the fine to: Sanction Monitoring, Bureau of Professional Licensing, Enforcement Division – Compliance Section, Department of Licensing and Regulatory Affairs, P.O. Box 30189, Lansing, Michigan 48909.

This order shall be effective on the date signed by the Chairperson of the Disciplinary Subcommittee or the Disciplinary Subcommittee's authorized representative, as set forth below.

Signed on 4-13-16

MICHIGAN BOARD OF PHARMACY

By_____
Chairperson, Disciplinary Subcommittee

STIPULATION

The parties stipulate as follows:

1. Respondent does not contest the allegations of fact and law in the complaint. Respondent understands that, by pleading no contest, it does not admit the truth of the allegations but agrees that the Disciplinary Subcommittee may treat the allegations as true for resolution of the complaint and may enter an order treating the allegations as true.

2. Respondent understands and intends that, by signing this stipulation, it is waiving the right under the Public Health Code, rules promulgated under the Public Health Code, and the Administrative Procedures Act of 1969, 1969 PA 306,

as amended, MCL 24.201 *et seq.*, to require the Department to prove the charges set forth in the complaint by presentation of evidence and legal authority, and to present a defense to the charges before the Disciplinary Subcommittee or its authorized representative. Should the Disciplinary Subcommittee reject the proposed consent order, the parties reserve the right to proceed to hearing.

3. The Disciplinary Subcommittee may enter the above Consent Order, supported by Board conferee Patti Smeelink, R.Ph. Ms. Smeelink or an attorney from the Licensing and Regulation Division may discuss this matter with the Disciplinary Subcommittee in order to recommend acceptance of this resolution.

4. Conferee Smeelink and the parties considered the following factors in reaching this agreement:

A. Respondent has fully cooperated in this matter and since initially licensed in 2004, Respondent has never had any disciplinary action taken against its Michigan Pharmacy license prior to this incident.

B. Respondent timely reported the Minnesota Board of Pharmacy Stipulation and Consent Order to the Department.

C. The violation of MCL 333.17768(d)(2) as alleged in the Complaint is based solely on a "sister-state" action taken against Respondent's Pharmacy license by the Minnesota Board of Pharmacy that was based on Respondent's former practice in 2012 of dispensing compounded veterinary medications for office-use to licensed veterinarians in Minnesota, which according to the Minnesota Board of Pharmacy, required a wholesaler's license. However, this practice did not implicate Respondent's practice of pharmacy in the State of Michigan and Respondent has not been found to have violated the Michigan Public Health Code or Board of Pharmacy Administrative Rules, except as provided herein.

By signing this stipulation, the parties confirm that they have read, understand and agree with the terms of the consent order.

CONSENT ORDER

This matter was opened to the New Jersey Board of Pharmacy ("the Board") upon receipt of reports of inspection of the facility at Wedgewood Village Pharmacy, Inc. ("Wedgewood") which occurred on November 14 and 15, 2012. The reports document potential violations of the Board's regulations regarding sterile compounding. Wedgewood engages in high risk sterile compounding.

Among other things, the inspection reports highlighted routine professional practices suggesting that thousands of units of medication were dispensed with disregard for the following regulatory requirements:

- Use-by dates exceed 30 days after preparation in violation of N.J.A.C. 13:39-11.11.
- Failure to include date and time of preparation on prescription labels in violation of N.J.A.C. 13:39-11.10(a)(1).
- Failure to include the use-by date and use-by time on prescription labels as required by N.J.A.C. 13:39-11.10(a)(7).

No evidence of contamination was found. Wedgewood denies the allegations of violations and has been fully cooperative with the Board's investigation. There have been significant changes in management of Wedgewood since the time of the events in question. The pharmacy permit holder at the time of these events is now deceased and his wife now holds the permit. Wedgewood has agreed to replace the registered pharmacist-in-charge. Wedgewood represents that it is now in compliance with New Jersey statutes and regulations and with the USP guidelines. Wedgewood further represents that 100% of all sterile compounds are currently being tested for sterility and that all use-by dates are properly supported. Accordingly, the Board has determined that the monitoring requirements imposed herein are sufficient to protect the public health, safety and

welfare.

The parties, having agreed to resolution of this matter without formal proceedings, and Wedgewood, having agreed and given voluntary consent to the within order and waiving any right to a hearing, and the Board finding the within disposition adequately protective of the public health, safety, and welfare, and other good cause having been shown;

IT IS THEREFORE on this 22nd day of OCTOBER, 2015,

ORDERED AND AGREED that

1. Wedgewood shall contract with a third-party monitor (the "Monitor") pre-approved by the Board to review all compounding operations of the pharmacy. For the purposes of this Order, LDT Health Solutions, Inc. is an approved Monitor. Within 30 days of the entry of this Order, the Monitor shall furnish the Board directly with a report which demonstrates review of all processes and procedures, and attests to compliance with all Board regulations and USP standards. Wedgewood shall conduct environmental testing, pressure differential monitoring, and air and surface sampling for bacteria and fungi and make these test results available to the Monitor prior to the Monitor issuing its report and directly to the Board. Wedgewood shall continue to contract with the Monitor and the Monitor will submit reports directly to the Board on the first day of each month until the Monitor

reports directly to the Board that Wedgewood has complied with all recommendations made by the Monitor and is operating in full compliance with all Board regulations and USP standards. All costs associated with the monitoring outlined in this Order shall be the responsibility of, and paid directly by, Wedgewood.

2. Within 30 days of the entry of this order, Wedgewood shall appoint a new pharmacist-in-charge and shall ensure that a pharmacist with sterile compounding expertise (either the pharmacist-in-charge or another employee) directly supervises the daily sterile compounding operations to further ensure the quality and integrity of their products. "Directly supervise" for the purpose of this paragraph means ensure that all proper checks and balances are being performed during the compounding process; help identify and eliminate errors and mistakes; ensure training and testing of personnel testing is occurring; and generally help to ensure that proper aseptic technique is being used to help implement a Quality System and Environment to produce compounded sterile product.

3. Prior to hiring any pharmacist-in-charge or pharmacist to directly supervise daily sterile compounding operations, Wedgewood shall ensure that the individual is competent and that his/her license is not restricted in such a way as to preclude them from fulfilling their job responsibilities.

Wedgewood shall not hire an individual to be pharmacist-in-charge or to directly supervise the daily sterile compounding operations if Wedgewood is aware that the individual is subject to a pending Board investigation.

4. Wedgewood agrees to pay the Board the sum of $500,000.00 in two equal installments due on or before November 31, 2015 and December 31, 2015. This payment will reimburse the Board for attorney's fees and investigative costs and the remainder will be applied toward the Board's ongoing efforts to inspect, investigate and educate pharmacies involved in sterile compounding. Wedgewood and the Board acknowledge and agree that the payment described herein is not a fine, sanction, warning letter or penalty, or payment in lieu thereof. Payment shall be made by bank check, money order, wire transfer or credit card made payable to the New Jersey Board of Pharmacy.

5. This Consent Order shall not be construed to be a disciplinary action or sanction of any kind, nor as an admission of liability of the pharmacy.

Dear Pharmacist-in-Charge:

The Board of Pharmacy has completed its investigation of Wedgewood Village Pharmacy.

As a regulatory agency, when conducting an investigation, the Board must adhere to violations prohibited in pharmacy law. Specifically, the information and documentation obtained during the course of an investigation must clearly demonstrate that a violation of pharmacy law occurred.

The Board's analysis of the information and documentation received did not identify sufficient evidence to determine that a violation of pharmacy law occurred. Accordingly, the Board is closing the matter and will be taking no action against the pharmacy or its licensees.

Although we are closing this matter, please be advised that it is your professional responsibility to assure compliance with all pharmacy laws.

We would like to thank you for your cooperation and assistance. If you should have any questions, please contact the Board at the above address or telephone number.

Sincerely,

VIRGINIA K. HEROLD

FACTUAL ALLEGATIONS

19. Respondents own and operate a nonresident pharmacy which also possesses a nonresident sterile compounding pharmacy permit, and is located in the State of New Jersey.

20. On or about April 1, 2021, due to a change in the ownership structure of certain parent corporations that own the corporations that own Respondent Original Licensee, successor licensees, both a nonresident pharmacy permit and a nonresident sterile compounding pharmacy permit, were issued to the same immediate ownership structure. Nearly all of the immediate owners and officers of Respondent Original Licensee remained with Respondent Successor Licensee. The conduct set forth in this accusation came to the attention of the Board due to the change of ownership inspection that is required by pharmacy law. Therefore, all of the actions were taken on dates on which Respondent Original Licensee was the owner and operator of the pharmacy. However, since the immediate ownership structure did not change, the owners and operators of Respondent Successor Licensee are responsible for the actions of Respondent Original Licensee.

21. Respondents specialize in veterinary compounding.

22. On January 1, 2017, the Board's sterile compounding regulations became effective.

23. In 2017, Board inspector S.P. issued a written warning to Respondents due to Respondents issuing many of its drug preparations extended beyond use dates (BUDs) without the appropriate data to support those BUDs.

24. In 2018, and again in 2020, during inspections of Respondents facility, Board inspector S.P. discussed with Respondents the documentation Respondents needed to provide, obtain, or test for, in order determine and assign extended BUDs and noted that Respondents had not obtained, tested for, or provided this documentation such that the extended BUDs were still inappropriate.

25. After the 2020 inspection, the Board issued a citation to Respondents for providing 120-day extended BUDs without having the tests and studies required to support the extended BUDs.

///

26. On and between approximately March 17, 2021, and May 28, 2021, Board Inspector M.V. conducted a change of ownership inspection regarding Respondents as discussed in additional depth, above. Due to the COVID-19 pandemic, the inspection was conducted remotely via records review. The investigation report is dated March 1, 2022 (March 1, 2022 Inspection Report).

27. On or about March 19, 2021, Board Inspector M.V. requested five specific compounding logs for review, including certificates of analyses, end-product release testing, documentation supporting any extended BUDs assigned to preparations, sample labels, and training records for Respondents' compounding pharmacist and compounding pharmacy technician. M.V.'s review of just these five compounding logs lead to the causes for discipline set forth below.

FIRST CAUSE FOR DISCIPLINE

(Assignment of Unsupported Extended Beyond Use Dates)

28. Respondents are subject to disciplinary action for unprofessional conduct pursuant to Code section 4301, subdivisions (j) and (o), for failing to follow laws and regulations governing pharmacy and regulating dangerous drugs in that Respondents violated Regulations 1735.2, subdivision (i). The circumstances are as follows:

A. On or about July 1, 2020, Respondents compounded 623 bottles of Tacrolimus 0.03% ophthalmic aqueous suspensions and gave an extended BUD of 160 days. Respondents only had data to support a 45-day BUD for this drug product.

B. On or about November 27, 2020, Respondents compounded 581 bottles of Cyclosporine 2% in MCT oil ophthalmic solutions and gave an extended BUD of 180 days. Respondents only had data to support a 45-day BUD for this drug product.

C. On or about February 8, 2021, Respondents compounded 353 vials of Protirelin Acetate 1mg/ml injectable solution and gave an extended BUD of 240 days. Respondents had no data to support an extended BUD for this product.

///

///

D. On or about March 10, 2020, Respondents compounded 53 bottles (15mL) of Edetate Disodium and gave an extended BUD of 240 days. Respondents had no data to support an extended BUD for the product.

SECOND CAUSE FOR DISCIPLINE

(Incomplete Compounding Records)

29. Respondents are subject to disciplinary action for unprofessional conduct pursuant to Code section 4301, subdivisions (j) and (o), for failing to follow laws and regulations governing pharmacy and regulating dangerous drugs in that Respondents violated Regulations section 1735.3, subdivision (a)(2). The circumstances are that Respondents' compounding logs reviewed by Board Inspector M.V. failed to list the manufacturers of the drug components Respondents used for compounding.

THIRD CAUSE FOR DISCIPLINE

(Gross Negligence)

30. Respondents are subject to disciplinary action for unprofessional conduct pursuant to Code section 4301, subdivision (c), in that Respondents committed acts constituting gross negligence when Respondents assigned extended BUDs without having the required data to support those BUDs.

FOURTH CAUSE FOR DISCIPLINE

(Knowingly Making or Signing a False Document)

31. Respondents are subject to disciplinary action for unprofessional conduct pursuant to Code section 4301, subdivision (g), in that Respondents knowingly made or signed false documents when Respondents assigned extended BUDs without having the required data to support those BUDs.

FIFTH CAUSE FOR DISCIPLINE

(Acts Involving Moral Turpitude, Dishonesty, Fraud, Deceit, or Corruption)

32. Respondents are subject to disciplinary action for unprofessional conduct pursuant to Code section 4301, subdivision (g), in that Respondents committed acts involving moral turpitude, dishonesty, fraud, deceit, or corruption when Respondents continued to assign extended

BUDs and ship the compounded drugs to patients without having the required data to support those BUDs.

DISCIPLINARY CONSIDERATIONS

33. On or about June 17, 2021, Citation number CI 2020 90874 was issued to Respondent Original Licensee's Nonresident Pharmacy permit for violation of Regulations section 1735.2, subdivision (i)(3), for assigning an extended BUD without the required data. The citation did not order a fine, it was not appealed, and it is final.

34. On or about June 17, 2021, Citation number CI 2020 89042 was issued to Respondent Original Licensee's Nonresident Sterile Compounding Pharmacy permit for violation of Regulations section 1735.2, subdivision (i)(3), for assigning an extended BUD without the required data. The citation ordered a $2,500 fine, and required proof of abatement regarding justification for assigning extended BUDs for antibacterial eye ointment. The citation was not appealed and is final.

35. On or about December 5, 2018, Citation number CI 2018 82132 was issued to Respondent Original Licensee's Nonresident Pharmacy permit f or violation of Regulations section 1735.2, subdivisions (c)(1), and (c)(4) for furnishing over 2,200 unites of compounded ophthalmic drops to a prescriber for office use. This amount exceeds the reasonable quantity that may be furnished and Respondent Original Licensee failed to have a credible basis for determining a reasonable quantity for office use. The citation was not appealed and is final.

36. On or about December 5, 2018, Citation number CI 2016 73882 was issued to Respondent Original Licensee's Nonresident Sterile Compounding Pharmacy permit for violation of Regulations section 1735.2, subdivisions (c)(1), and (c)(4) for furnishing over 2,200 unites of compounded ophthalmic drops to a prescriber for office use. This amount exceeds the reasonable quantity that may be furnished and Respondent Original Licensee failed to have a credible basis for determining a reasonable quantity for office use. The citation was not appealed and is final.

///

37. On or about October 13, 2017, Citation number CI 2017 77042 was issued to Respondent Original Licensee's Nonresident Pharmacy permit for violation of Code section 4059.5, subdivision (b), for selling prescription items to individual. S.G. who was not authorized to purchase these items. S.G. represented himself as a physician and Respondent Original Licensee failed to note the discrepancy between S.G.'s address and the address of the physician he was impersonating. The citation ordered a $1,000 fine, it was not appealed, and it is final.

8. How often do you perform glove fingertip and medial fill testing?

GFS is performed 3X for the initial testing then every 3 months. For sterile compounding personnel,media fills are performed initially and every 3 months thereafter. Those overseeing compounding perform media fills every 6 months.

9. What is your policy if an employee fails a glove fingertip or media-fill test?

Employees that fail a glove fingertip or media fill are prohibited from performing sterile compounding until the GFS or media fill is redone and passing results are confirmed. An investigation is also initiated with any OOS for GFS or media fill.

10. Describe your initial and annual training program for all personnel performing sterile compounding:

The enclosed prescription medication is considered a cytotoxic/chemotherapy drug. As such, the following guidelines are recommended for medication handling, administration and disposal.

1. Keep this medication (and all medications) out of reach of children.
2. Wear gloves when handling or administering medication containers and doses. When finished, remove gloves (inside out), place in a sealed plastic bag and discard.
3. Wash hands immediately following removal of gloves.
4. Dispose of cytotoxic/chemotherapy trash, waste and unused medications by first placing in a sealed plastic bag.
5. Dosage forms should not be manipulated if possible (i.e. crushing tablets, opening capsules). If HD dosage forms do require manipulation for a single dose, gloves must be worn, and a plastic bag or pouch must be used to contain any dust or particles generated from being inhaled.
6. If your state does not have a household hazardous waste collection program in your area that accepts medications for destruction, dispose in the municipal trash collection, taking precautions to ensure that children and animals cannot access the unused medication. This method is currently considered safer and more environmentally friendly than flushing down toilets or sinks.

CAUTION: Pregnant women should not handle chemotherapy drugs, clean cages or handle waste from animals during cancer treatment.

While taking chemotherapy medications, your pet's waste (urine, vomit and feces) may be contaminated with chemotherapy medications and will require special handling. Follow your veterinarian's specific recommendations. General handling recommendations include:

Urine Waste

- Encourage pet to urinate on soil where urine will drain quickly.
- Handle and dispose of all other urine the same as chemotherapy waste.
- Discard soiled bedding; do not launder.
- Contaminated surfaces should be washed down gently; not pressure washed.
- Follow these safety precautions during therapy and following therapy for the time specified by your veterinarian or pharmacist; or a minimum of 48-72 hours.

Vomit / Feces:

- Place scooped feces in securely sealed plastic bags before discarding.
- Use similar precautions as for urine.

These precautions will protect you from unnecessary exposure to cytotoxic/chemotherapy medications and waste. Normal handling and interaction with your pet is safe and to be encouraged. Your relationship with them is an important part of their health and well-being.

If you have any questions, do not hesitate to contact your veterinarian or one of our pharmacists at Wedgewood Pharmacy (800-331-8272). You can also log onto to the National Institute of Occupational Safety and Health (NIOSH) website https://www.cdc.gov/niosh/index.htm for further information.

Administering Hazardous Drugs Safely

The following guidelines are recommended for medication handling, administration and disposal.

1. Keep this medication (and all medications) out of reach of children.
2. Wear gloves when handling or administering medication containers and doses. When finished, remove gloves (inside out) and discard.
3. Wash hands immediately following removal of gloves.
4. Dosage forms should not be manipulated if possible (i.e. crushing tablets, opening capsules). If HD dosage forms do require manipulation for a single dose, gloves must be worn, and a plastic bag or pouch must be used to contain any dust or particles generated from being inhaled.
5. This method is currently considered safer and more environmentally friendly than flushing down toilets or sinks.

CAUTION: Men and women who are actively trying to conceive, women who are pregnant or may become pregnant and women who are breast feeding must use extra care and follow these safe medication handling practices as many HDs present reproductive and developmental hazards.

Normal handling and interaction with your pet is safe and to be encouraged. Your relationship with them is an important part of their health and well-being.

If you have any questions, do not hesitate to contact your veterinarian or one of our pharmacists at Wedgewood Pharmacy (800-331-8272). You can also log onto to the National Institute of Occupational Safety and Health (NIOSH) website https://www.cdc.gov/niosh/index.htm for further information.

- Observed for competency
- Potency test

Question 11

Primary engineering controls are cleaned/disinfected daily. Cleaning will be performed from back to front so that contaminants are moved out of the LAFW/BSC. Solution alternate according to schedule and include the following:

- Decon-Quat Ammonium Solution – Clean/disinfect 10-minute contact time
- Decon-Phene High pH Phenolic Germicidal Detergent with Organic Soil Tolerance - Clean/disinfect 10-minute contact time
- Decon-Cycle Low pH Phenolic Germicidal Detergent/disinfectant – Clean/disinfect 10-minute contact time

Once/week Primary engineering controls are cleaned/disinfected utilizing a sporicidal agent

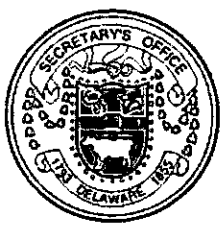
- Peridox Sporicidal Disinfectant/Cleaner – 3-minute contact time and is followed with a wiping of the interior of the PEC with Sterile IPA – Texwipe 70% sterile IPA

LAFW/BSC will be cleaned routinely throughout the compounding process and in between preparations according to procedure.

- Cyquanol Quaternary Ammonium and Ethanol Disinfectant/cleaner followed by a wiping of the interior of the PEC with Texwipe Sterile 70% IPA
- HD- Peridox Sporicidal Disinfectant/Cleaner – 3-minute contact time and is followed with a wiping of the interior of the PEC with Sterile IPA – Texwipe 70% sterile IPA.

Secondary engineering controls are cleaned/disinfected daily. Cleanroom complexes are cleaned complex in order form the cleanest to the least clean areas (i.e. Iso Class 5 area(s), then the ISO 7 buffer area(s), then the ISO class 7 or 8ante area, and the ISO class 8 gowning area last.

During weekly cleans the order of cleaning within the buffer room is interior of the LAFW/BSC, ceiling, walls, exterior of the LAFW/BSC, all surfaces/carts, and lastly the floor.



The cleanroom complex(es) are cleaned beginning from the furthest point from the door working towards the door starting with the ceiling, then the walls, then the surfaces/carts, and lastly the floor.

3. Has the corporation, any owner(s), shareholder(s) or partner(s) with any interest, ever been subject of an administrative action, board citation, cite fine, or proceeding relating to the pharmaceutical industry?

Wedgewood Pharmacy LLC

The list includes prior matters that have previously been reported to the Board in an effort to provide full transparency with the application.

03/19/2015 – MN/MI/AL Consent Orders

On March 19, 2015, Wedgewood entered into a consent order with the Minnesota Board of Pharmacy (*"Minnesota Consent Order"*). Wedgewood subsequently entered into consent orders with the Michigan Department of Licensing and Regulatory Affairs (*"Michigan LARA"*) and the Alabama Board of Pharmacy ("Alabama BOP") to resolve "sister state" actions that arose out of the Minnesota Consent Order.

The basis for the Minnesota Consent Order are as follows:

Acting on a reasonable and good-faith interpretation of Minnesota law, Wedgewood from its NJ location, dispensed compounds to licensed veterinarians in Minnesota, pursuant to a veterinarian's order for office use. The Minnesota Board asserted that Wedgewood needed a wholesale license to engage in this activity. For the purposes of settlement only, Wedgewood entered into the Minnesota Consent Order whereby it agreed to a $10,000 civil penalty but admitted no wrongdoing.

Wedgewood subsequently entered into a consent order with the Michigan LARA to resolve a "sister state" action brought by Michigan based on the Minnesota Consent Order. Wedgewood entered into a similar consent order with the Alabama BOP to resolve a sister state action brought by Alabama based on the Minnesota Consent Order. There was no finding in the Michigan or the Alabama Consent Order that Wedgewood violated any provisions of Michigan or Alabama state law outside of these states' prohibitions on sister state actions.

10/22/2015 – New Jersey Consent Agreement

On October 22, 2015, Wedgewood Village Pharmacy, Inc., entered into a Consent Agreement with the New Jersey Board of Pharmacy resolving a dispute between the parties on the application of "beyond use dating" regulations for sterile compounds.

This is the same order that is referenced on the Swedesboro, NJ facility's home license however, per the terms of the Agreement, it is not to be construed as discipline and any reimbursement paid ta the Board is not considered a fine or other sonction.

10/13/2017 – California Citation & Fine

Issued as a result of an investigation by the CA BOP into an unlicensed individual who fraudulently set up an account with Wedgewood as a veterinarian using valid prescriber license information he acquired unlawfully. An administrative citation was issued and Wedgewood paid a nominal fine.

07/20/2018 - DEA Memorandum of Agreement

While Wedgewood does not consider there to be a restriction on its handling of CDS or disciplinary action, however, out of an abundance of caution, Wedgewood is disclosing the following:

As a condition of issuing Wedgewood located in Swedesboro, New Jersey a DEA manufacturer registration, Wedgewood and the DEA entered into a Memorandum of Agreement ("MOA") for a period of five years (until July 20, 2023) during which Wedgewood agreed not to use the DEA manufacturer license to manufacture or distribute controlled substances for human use. Wedgewood obtained a DEA manufacturer registration for the sole purposes of providing controlled substance compounds solely for veterinarians to use for office use.

12/5/2018 – California Citation

The California Board of Pharmacy issued a non-disciplinary, Administrative Citation with no penalty or fine based on a California Board inspector's interpretation of California regulations. In the Inspector's opinion, providing a 15ml ophthalmic container to a veterinarian for office use exceeded the "reasonable quantity" limitation for office use compounds.

Wedgewood discontinued sales of all 15ml ophthalmic container for office use to California veterinarians. The Board issued a Close Out letter on March 1, 2019. No penalty or fine was assessed.

6/17/2021 – California Citation & Fine

Received notification of a non-disciplinary, Administrative Citation which was finalized on 07/29/2021. A fine was paid as part of the final citation. The basis for the citation was that Wedgewood did not have the necessary data to support the "beyond use dates" Wedgewood used.

3/22/24 – California Stipulation Settlement and Disciplinary Order for Public Reproval

On February 21, 2024, the California Board of Pharmacy (the "Board") approved a Stipulated Settlement and Disciplinary Order for Public Reproval entered into with Wedgewood Village Pharmacy LLC relating to claims made by the Board regarding assignment of unsupported beyond use dates and other matters. The Order became effective on March 22, 2024 and Wedgewood agreed to pay the Board $11,054.75 as reimbursement of its costs in connection with this matter.

BOARD OF PHARMACY

In the Matter of

STIPULATION AND CONSENT ORDER

STIPULATION

Wedgewood Pharmacy ("Pharmacy" or "Licensee") and the Minnesota Board of Pharmacy Complaint Review Panel ("Review Panel") agree the above-referenced matter may be resolved without trial of any issue or fact as follows:

I.

JURISDICTION

1. The Minnesota Board of Pharmacy ("Board") is authorized pursuant to Minnesota Statutes chapter 151 to register and regulate pharmacies and to take disciplinary action as appropriate.

2. Wedgewood has been licensed as a non-resident pharmacy in Minnesota since October 22, 2002. As such, Wedgewood is subject to the jurisdiction of the Board with respect to the matters referred to in this Stipulation and Consent Order.

II.

CONFERENCE

3. On December 4, 2013, Wedgewood representatives attended a conference with the Review Panel to discuss the allegations described in a Notice of Conference. The Review Panel was composed of Board members Karen Bergrud and Bob Goetz. Bryan D. Huffman, Assistant Attorney General, represented the Review Panel in this matter. Wedgewood was represented by Greg Bulinski, Esq., of Bassford Remele and Rachael G. Pontikes, Esq., of Dunne Morris.

III.

FACTS

4. Licensee is not, nor has it ever been, licensed as a drug wholesaler by the Board.

5. Licensee shipped drugs to licensed veterinarians in Minnesota without patient-specific prescriptions.

6. Beginning January 7, 2013, Licensee dispensed drugs only pursuant to patient-specific prescriptions.

IV.

ISSUES

7. Licensee asserts it was acting on a good-faith interpretation of Minnesota law when it shipped drugs to licensed veterinarians in Minnesota without patient-specific prescriptions. Minn. Stat. § 151.01, subd. 30 (2012) defined "dispense or dispensing," in part, as meaning "the preparation or delivery of a drug pursuant to a lawful order. . . ." Licensee asserts that it reasonably and in good faith interpreted "lawful order" to include an order by a veterinarian for office use.

8. The Board asserts that Licensee's conduct described in section III, above constitutes violations of Minn. Stat. §§ 151.06, subd. 1(a)(7)(ix) and 151.47, subd. 1(b). The Board asserts that Minnesota law at all times relevant hereto prohibited Licensee from shipping drugs for office use without being licensed as a wholesaler.

9. For purposes of the settlement of this matter only, and for no other purposes civil, administrative or criminal, Licensee agrees that the disciplinary action described below may be imposed by the Board.

V.

DISCIPLINARY ACTION

The parties agree the Board may take the following disciplinary action and require compliance with the following terms:

10. The Board imposes a CIVIL PENALTY in the amount of $10,000 for the conduct described in section III above. The civil penalty must be paid by cashier's check or money order made payable to the Minnesota Board of Pharmacy, c/o Cody Wiberg, Executive Director, 2829 University Avenue S.E., Suite 530, Minneapolis, Minnesota 55414, within 60 days of the date of this Order.

VI.

CONSEQUENCES FOR NONCOMPLIANCE OR ADDITIONAL VIOLATIONS

11. If Licensee fails to comply with or violates this Stipulation and Consent Order, the Review Panel may, in its discretion, seek additional discipline either by initiating a contested case proceeding pursuant to Minnesota Statutes chapter 14 or by bringing the matter directly to the Board pursuant to the following procedure:

a. The Review Panel must schedule a hearing before the Board. At least 20 days before the hearing, the Review Panel must mail Licensee a notice of the violation(s) alleged by the Review Panel. In addition, the notice must designate the time and place of the hearing. Within ten days after the notice is mailed, Licensee must submit a written response to the allegations. If Licensee does not submit a timely response to the Board, the allegations may be deemed admitted.

b. The Review Panel, in its discretion, may schedule a conference with Licensee prior to the hearing before the Board to discuss the allegations and to attempt to resolve the allegations through agreement.

c. Prior to the hearing before the Board, the Review Panel and Licensee may submit affidavits and written argument in support of their positions. At the hearing, the Review Panel and Licensee may present oral argument. Argument may not refer to matters outside the record. The evidentiary record must be limited to the affidavits submitted prior to the hearing and this Stipulation and Consent Order. The Review Panel will have the burden of proving by a preponderance of the evidence that a violation has occurred. If Licensee has failed to submit a timely response to the allegations, Licensee may not contest the allegations but may present argument concerning the appropriateness of additional discipline. Licensee waives a hearing before an administrative law judge, discovery, cross-examination of adverse witnesses, and other procedures governing hearings pursuant to Minnesota Statutes chapter 14.

d. Licensee's correction of a violation before the conference, hearing, or meeting of the Board may be taken into account by the Board but will not limit the Board's authority to impose discipline for the violation. A decision by the Review Panel not to seek discipline when it first learns of a violation shall not waive the Review Panel's right to later seek discipline for that violation, either alone or in combination with other violations, at any time while Licensee's registration is in a conditional status.

e. Following the hearing, the Board will deliberate confidentially. If the allegations are not proved, the Board must dismiss the allegations. If a violation is proved, the Board may impose additional discipline, including conditions or limitations on Licensee's future practice or suspension or revocation of Licensee's registration.

f. Nothing herein limits the Review Panel's or the Board's right to temporarily suspend Licensee's license pursuant to Minnesota Statutes section 151.06, subdivision 1(b), based on a violation of this Stipulation and Consent Order or based on conduct of Licensee not specifically referred to herein.

VII.

ADDITIONAL INFORMATION

12. Licensee waives the contested case hearing and all other procedures before the Board to which Licensee may be entitled under the Minnesota and United States constitutions, statutes, or rules.

13. Licensee waives any claims against the Board, the Minnesota Attorney General, the State of Minnesota, and their agents, employees, and representatives related to the investigation of the conduct herein, or the negotiation or execution of this Stipulation and Consent Order, which may otherwise be available to Licensee.

14. This Stipulation and Consent Order, the files, records, and proceedings associated with this matter will constitute the entire record and may be reviewed by the Board in its consideration of this matter.

15. Either party may seek enforcement of this Stipulation and Consent Order in any appropriate civil court.

16. Licensee has read, understands, and agrees to this Stipulation and Consent Order and has voluntarily signed the Stipulation and Consent Order. Licensee is aware this Stipulation and Consent Order must be approved by the Board before it goes into effect. The Board may either approve the Stipulation and Consent Order as proposed, approve it subject to specified change, or reject it. If the changes are acceptable to Licensee, the Stipulation and Consent Order

will take effect and the order as modified will be issued. If the changes are unacceptable to Licensee or the Board rejects the Stipulation and Consent Order, it will be of no effect except as specified in the following paragraph.

17. Licensee agrees that if the Board rejects this Stipulation and Consent Order or a lesser remedy than indicated in this settlement, and this case comes again before the Board, Licensee will assert no claim that the Board was prejudiced by its review and discussion of this Stipulation and Consent Order or of any records relating to it.

18. This Stipulation and Consent Order does not limit the Board's authority to proceed against Licensee by initiating a contested case hearing or by other appropriate means on the basis of any act, conduct, or admission of Licensee which constitutes grounds for disciplinary action and which is not directly related to the specific facts and circumstances set forth in this document.

VIII.

DATA PRACTICES NOTICES

19. This Stipulation and Consent Order constitutes disciplinary action by the Board and is classified as public data pursuant to Minnesota Statutes section 13.41, subdivision 5. Data regarding this action will be provided to data banks as required by Federal law or consistent with Board policy. While this Stipulation and Consent Order is in effect, information obtained by the Board pursuant to this Order is considered active investigative data on a licensed person, and as such, is classified as protected nonpublic data pursuant to Minnesota Statutes sections 13.39, subdivision 2, and 13.02, subdivision 13.

20. This Stipulation contains the entire agreement between the parties, there being no other agreement of any kind, verbal or otherwise, which varies this Stipulation.

WEDGEWOOD VILLAGE PHARMACY, LLC	**BEFORE THE ALABAMA STATE BOARD OF PHARMACY**

CONSENT ORDER

THIS MATTER comes before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on a complaint against Wedgewood Village Pharmacy, LLC ("Wedgewood") which resulted in the filing of a Statement of Charges and Notice of Hearing ("Statement") alleging violations of the Alabama Pharmacy Practice Act as are more particularly set out in the Statement which is attached hereto as **Exhibit "A."**

Prior to a hearing in this cause, and pursuant to Code of Alabama (1975) §41-22-12(f), the Board through its counsel and Wedgewood through its counsel engaged in negotiations and as a result the matters at issue were resolved informally by the parties and the parties negotiated a Consent Order, the terms of which are as follows:

1. The Board finds that Wedgewood has violated the "sister-state" provisions of Alabama law as set out in the Statement of Charges.

2. Wedgewood shall pay an administrative fine in the amount of Three Thousand Dollars ($3,000.00) within thirty (30) days of the effective date of this consent order that being the day the same is signed on behalf of the Board. This payment shall not be subject to discharge in bankruptcy nor shall either pharmacy attempt to discharge the same.

3. Wedgewood expressly waive its rights pursuant to the Alabama Pharmacy Practice Act, the Alabama Administrative Procedure Act and the Alabama Uniform Controlled Substances Act, including but not limited to the Code of Alabama (1975),

§34-23-34 and §34-23-92(12), Code of Alabama (1975), §41-22-12 and §40-22-20 and Code of Alabama (1975), § 20-2-50 et seq., and including but not limited to the opportunity for a hearing before the Board in connection with any charges against it and any judicial review. Wedgewood further waives any objection to the attorney for the Board preparing, drafting or making this Order, including the waiver of any objection or right pursuant to Code of Alabama (1975), §41-22-18.

4. By execution of this Consent Order, Wedgewood hereby releases the Board, its members, agents, representatives, servants and employees from any and all liability, claims, damages, fees or expenses arising out of or made in connection with the matters relating to this Consent Order and Statement.

5. Wedgewood acknowledges and agrees that any future violation of the Alabama Pharmacy Practice Act, the laws that regulate the sale and/or dispensing of prescription or legend drugs and/or narcotics or any Rules and regulations of the Alabama State Board of Pharmacy or the pharmacy law or rules of the Board of Pharmacy of another state or any other applicable laws may, upon proof and hearing thereof, result in further disciplinary sanctions against Wedgewood's permit, including, but not limited to revocation.

6. Wedgewood acknowledges and agrees that it has read this Consent Order and that it fully understand the terms, conditions and contents of the same. Wedgewood acknowledges and agrees that it voluntarily and of its own free will accepts the terms and conditions set out in this Consent Order and is signing this Consent Order on the advice of its attorney.

DISCIPLINARY ACTION

The parties agree the Board may take the following disciplinary action and require compliance with the following terms:

10. The Board impose a CIVIL PENALTY in the amount of $10,000 for the conduct described in section III above. The civil penalty must be paid by cashier's check or money order made payable to the Minnesota Board of Pharmacy, c/o Cody Wiberg, Executive Director, 2829 University Avenue S.E., Suite 530, Minneapolis, Minnesota 55414, within 60 days of the date of this Order.

VI.

CONSEQUENCES FOR NONCOMPLIANCE OR ADDITIONAL VIOLATIONS

11. If Licensee fails to comply with or violates this Stipulation and Consent Order, the Review Panel may, in its discretion, seek additional discipline either by initiating a contested case proceeding pursuant to Minnesota Statutes chapter 14 or by bringing the matter directly to the Board pursuant to the following procedures:

a. The Review Panel must schedule a hearing before the Board. At least 20 days before the hearing, the Review Panel must mail Licensee a notice of the violation(s) alleged by the Review Panel. In addition, the notice must designate the time and place of the hearing. Within ten days after the notice is mailed, Licensee must submit a written response to the allegations. If Licensee does not submit a timely response to the Board, the allegations may be deemed admitted.

b. The Review Panel, in its discretion, may schedule a conference with Licensee prior to the hearing before the Board to discuss the allegations and to attempt to resolve the allegations through agreement.

c. Prior to the hearing before the Board, the Review Panel and Licensee may submit affidavits and written argument in support of their positions. At the hearing, the Review Panel and Licensee may present oral argument. Argument may not refer to matters outside the record. The evidentiary record must be limited to the affidavits submitted prior to the hearing and this Stipulation and Consent Order. The Review Panel will have the burden of proving by a preponderance of the evidence that a violation has occurred. If Licensee has failed to submit a timely response to the allegations, Licensee may not contest the allegations but may present argument concerning the appropriateness of additional discipline. Licensee waives a hearing before an administrative law judge, discovery, cross-examination of adverse witnesses, and other procedures governing hearings pursuant to Minnesota Statutes chapter 14.

d. Licensee's correction of a violation before the conference, hearing, or meeting of the Board may be taken into account by the Board but will not limit the Board's authority to impose discipline for the violation. A decision by the Review Panel not to seek discipline when it first learns of a violation shall not waive the Review Panel's right to later seek discipline for that violation, either alone or in combination with other violations, at any time while Licensee's registration is in a conditional status.

e. Following the hearing, the Board will deliberate confidentially. If the allegations are not proved, the Board must dismiss the allegations. If a violation is proved, the Board may impose additional discipline, including conditions or limitations on Licensee's future practice or suspension or revocation of Licensee's registration.

f. Nothing herein limits the Review Panel's or the Board's right to temporarily suspend Licensee's license pursuant to Minnesota Statutes section 151.06, subdivision 1(b), based on a violation of this Stipulation and Consent Order or based on conduct of Licensee not specifically referred to herein.

VII.

ADDITIONAL INFORMATION

12. Licensee waives the contested case hearing and all other procedures before the Board to which Licensee may be entitled under the Minnesota and United States constitutions, statutes, or rules.

13. Licensee waives any claims against the Board, the Minnesota Attorney General, the State of Minnesota, and their agents, employees, and representatives related to the investigation of the conduct herein, or the negotiation or execution of this Stipulation and Consent Order, which may otherwise be available to Licensee.

14. This Stipulation and Consent Order, the files, records, and proceedings associated with this matter will constitute the entire record and may be reviewed by the Board in its consideration of this matter.

15. Either party may seek enforcement of this Stipulation and Consent Order in any appropriate civil court.

16. Licensee has read, understands, and agrees to this Stipulation and Consent Order and has voluntarily signed the Stipulation and Consent Order. Licensee is aware this Stipulation and Consent Order must be approved by the Board before it goes into effect. The Board may either approve the Stipulation and Consent Order as proposed, approve it subject to specified change, or reject it. If the changes are acceptable to Licensee, the Stipulation and Consent Order

will take effect and the order as modified will be issued. If the changes are unacceptable to Licensee or the Board rejects the Stipulation and Consent Order, it will be of no effect except as specified in the following paragraph.

17. Licensee agrees that if the Board rejects this Stipulation and Consent Order or a lesser remedy than indicated in this settlement, and this case comes again before the Board, Licensee will assert no claim that the Board was prejudiced by its review and discussion of this Stipulation and Consent Order or of any records relating to it.

18. This Stipulation and Consent Order does not limit the Board's authority to proceed against Licensee by initiating a contested case hearing or by other appropriate means on the basis of any act, conduct, or admission of Licensee which constitutes grounds for disciplinary action and which is not directly related to the specific facts and circumstances set forth in this document.

VIII.

DATA PRACTICES NOTICE

19. This Stipulation and Consent Order constitutes disciplinary action by the Board and is classified as public data pursuant to Minnesota Statutes section 13.41, subdivision 3. Data regarding this action will be provided to data banks as required by Federal law or consistent with Board policy. While this Stipulation and Consent Order is in effect, information obtained by the Board pursuant to this Order is considered active investigative data on a licensed person, and as such, is classified as protected nonpublic data pursuant to Minnesota Statutes sections 13.39, subdivision 2, and 13.02, subdivision 13.

STIPULATION AND
CONSENT ORDER

STIPULATION

Wedgewood Pharmacy ("Pharmacy" or "Licensee") and the Minnesota Board of Pharmacy Complaint Review Panel ("Review Panel") agree the above-referenced matter may be resolved without trial of any issue or fact as follows:

I.

JURISDICTION

1. The Minnesota Board of Pharmacy ("Board") is authorized pursuant to Minnesota Statutes chapter 151 to register and regulate pharmacies and to take disciplinary action as appropriate.

2. Wedgewood has been licensed as a non-resident pharmacy in Minnesota since October 22, 2002. As such, Wedgewood is subject to the jurisdiction of the Board with respect to the matters referred to in this Stipulation and Consent Order.

II.

CONFERENCE

3. On December 4, 2013, Wedgewood representatives attended a conference with the Review Panel to discuss the allegations described in a Notice of Conference. The Review Panel was composed of Board members Karen Bergrud and Bob Goetz. Bryan D. Huffman, Assistant Attorney General, represented the Review Panel in this matter. Wedgewood was represented by Greg Bullinski, Esq., of Bassford Remele and Rachael C. Pontikes, Esq., of Dunne Morris.

III.

FACTS

4. Licensee is not, nor has it ever been, licensed as a drug wholesaler by the Board.

5. Licensee shipped drugs to licensed veterinarians in Minnesota without patient-specific prescriptions.

6. Beginning January 7, 2013, Licensee dispensed drugs only pursuant to patient-specific prescriptions.

IV.

ISSUES

7. Licensee asserts it was acting on a good-faith interpretation of Minnesota law when it shipped drugs to licensed veterinarians in Minnesota without patient-specific prescriptions. Minn. Stat. § 151.01, subd. 30 (2012) defined "dispense or dispensing," in part, as meaning "the preparation or delivery of a drug pursuant to a lawful order. . . ." Licensee asserts that it reasonably and in good faith interpreted "lawful order" to include an order by a veterinarian for office use.

8. The Board asserts that Licensee's conduct described in section III. above constitutes violations of Minn. Stat. §§ 151.06, subd. 1(a)(7)(ix) and 151.47, subd. 1(b). The Board asserts that Minnesota law at all times relevant hereto prohibited Licensee from shipping drugs for office use without being licensed as a wholesaler.

9. For purposes of the settlement of this matter only, and for no other purposes civil, administrative or criminal, Licensee agrees that the disciplinary action described below may be imposed by the Board.

V.

DISCIPLINARY ACTION

The parties agree the Board may take the following disciplinary action and require compliance with the following terms:

10. The Board imposes a CIVIL PENALTY in the amount of $10,000 for the conduct described in section III above. The civil penalty must be paid by cashier's check or money order made payable to the Minnesota Board of Pharmacy, c/o Cody Wiberg, Executive Director, 2829 University Avenue S.E., Suite 530, Minneapolis, Minnesota 55414, within 60 days of the date of this Order.

VI.

CONSEQUENCES FOR NONCOMPLIANCE OR ADDITIONAL VIOLATIONS

11. If Licensee fails to comply with or violates this Stipulation and Consent Order, the Review Panel may, in its discretion, seek additional discipline either by initiating a contested case proceeding pursuant to Minnesota Statutes chapter 14 or by bringing the matter directly to the Board pursuant to the following procedure:

a. The Review Panel must schedule a hearing before the Board. At least 20 days before the hearing, the Review Panel must mail Licensee a notice of the violation(s) alleged by the Review Panel. In addition, the notice must designate the time and place of the hearing. Within ten days after the notice is mailed, Licensee must submit a written response to the allegations. If Licensee does not submit a timely response to the Board, the allegations may be deemed admitted.

EXHIBIT A page 3 of 7

b. The Review Panel, in its discretion, may schedule a conference with Licensee prior to the hearing before the Board to discuss the allegations and to attempt to resolve the allegations through agreement.

c. Prior to the hearing before the Board, the Review Panel and Licensee may submit affidavits and written argument in support of their positions. At the hearing, the Review Panel and Licensee may present oral argument. Argument may not refer to matters outside the record. The evidentiary record must be limited to the affidavits submitted prior to the hearing and this Stipulation and Consent Order. The Review Panel will have the burden of proving by a preponderance of the evidence that a violation has occurred. If Licensee has failed to submit a timely response to the allegations, Licensee may not contest the allegations but may present argument concerning the appropriateness of additional discipline. Licensee waives a hearing before an administrative law judge, discovery, cross-examination of adverse witnesses, and other procedures governing hearings pursuant to Minnesota Statutes chapter 14.

d. Licensee's correction of a violation before the conference, hearing, or meeting of the Board may be taken into account by the Board but will not limit the Board's authority to impose discipline for the violation. A decision by the Review Panel not to seek discipline when it first learns of a violation shall not waive the Review Panel's right to later seek discipline for that violation, either alone or in combination with other violations, at any time while Licensee's registration is in a conditional status.

e. Following the hearing, the Board will deliberate confidentially. If the allegations are not proved, the Board must dismiss the allegations. If a violation is proved, the Board may impose additional discipline, including conditions or limitations on Licensee's future practice or suspension or revocation of Licensee's registration.

f. Nothing herein limits the Review Panel's or the Board's right to temporarily suspend Licensee's license pursuant to Minnesota Statutes section 151.06, subdivision 1(b), based on a violation of this Stipulation and Consent Order or based on conduct of Licensee not specifically referred to herein.

VII.

ADDITIONAL INFORMATION

12. Licensee waives the contested case hearing and all other procedures before the Board to which Licensee may be entitled under the Minnesota and United States constitutions, statutes, or rules.

13. Licensee waives any claims against the Board, the Minnesota Attorney General, the State of Minnesota, and their agents, employees, and representatives related to the investigation of the conduct herein, or the negotiation or execution of this Stipulation and Consent Order, which may otherwise be available to Licensee.

14. This Stipulation and Consent Order, the files, records, and proceedings associated with this matter will constitute the entire record and may be reviewed by the Board in its consideration of this matter.

15. Either party may seek enforcement of this Stipulation and Consent Order in any appropriate civil court.

16. Licensee has read, understands, and agrees to this Stipulation and Consent Order and has voluntarily signed the Stipulation and Consent Order. Licensee is aware this Stipulation and Consent Order must be approved by the Board before it goes into effect. The Board may either approve the Stipulation and Consent Order as proposed, approve it subject to specified change, or reject it. If the changes are acceptable to Licensee, the Stipulation and Consent Order

will take effect and the order as modified will be issued. If the changes are unacceptable to Licensee or the Board rejects the Stipulation and Consent Order, it will be of no effect except as specified in the following paragraph.

17. Licensee agrees that if the Board rejects this Stipulation and Consent Order or a lesser remedy than indicated in this settlement, and this case comes again before the Board, Licensee will assert no claim that the Board was prejudiced by its review and discussion of this Stipulation and Consent Order or of any records relating to it.

18. This Stipulation and Consent Order does not limit the Board's authority to proceed against Licensee by initiating a contested case hearing or by other appropriate means on the basis of any act, conduct, or admission of Licensee which constitutes grounds for disciplinary action and which is not directly related to the specific facts and circumstances set forth in this document.

CONSENT ORDER AND STIPULATION

CONSENT ORDER

An administrative complaint was filed with the Disciplinary Subcommittee of the Board of Pharmacy on July 24, 2015, charging Wedgewood Village Pharmacy, Inc. (Respondent) with having violated section 17768(2)(d) of the Public Health Code, 1978 PA 368, as amended, MCL 333.1101 *et seq.*

The parties have stipulated that the Disciplinary Subcommittee may enter this consent order. The Disciplinary Subcommittee has reviewed the stipulation contained in this document and agrees that the public interest is best served by resolution of the outstanding complaint. Therefore, the Disciplinary Subcommittee finds that the allegations of fact contained in the complaint are true and that Respondent has violated section 17768(2)(d) of the Public Health Code.

Accordingly, for this violation, IT IS ORDERED:

Respondent is FINED $500.00 (Five Hundred Dollars) to be paid by check, money order or cashier's check made payable to the State of Michigan (with complaint number 58-15-137238 clearly indicated on the check or money order), and

shall be payable within 60 days of the effective date of this order. The timely payment of the fine shall be Respondent's responsibility. Respondent shall mail the fine to: Sanction Monitoring, Bureau of Professional Licensing, Enforcement Division – Compliance Section, Department of Licensing and Regulatory Affairs, P.O. Box 30169, Lansing, Michigan 48909.

This order shall be effective on the date signed by the Chairperson of the Disciplinary Subcommittee or the Disciplinary Subcommittee's authorized representative, as set forth below.

Chairperson, Disciplinary Subcommittee

STIPULATION

The parties stipulate as follows:

1. Respondent does not contest the allegations of fact and law in the complaint. Respondent understands that, by pleading no contest, it does not admit the truth of the allegations but agrees that the Disciplinary Subcommittee may treat the allegations as true for resolution of the complaint and may enter an order treating the allegations as true.

2. Respondent understands and intends that, by signing this stipulation, it is waiving the right under the Public Health Code, rules promulgated under the Public Health Code, and the Administrative Procedures Act of 1969, 1969 PA 306,

as amended, MCL 24.201 *et seq.*, to require the Department to prove the charges set forth in the complaint by presentation of evidence and legal authority, and to present a defense to the charges before the Disciplinary Subcommittee or its authorized representative. Should the Disciplinary Subcommittee reject the proposed consent order, the parties reserve the right to proceed to hearing.

3. The Disciplinary Subcommittee may enter the above Consent Order, supported by Board conferee Patti Smeelink, R.Ph. Ms. Smeelink or an attorney from the Licensing and Regulation Division may discuss this matter with the Disciplinary Subcommittee in order to recommend acceptance of this resolution.

4. Conferee Smeelink and the parties considered the following factors in reaching this agreement:

A. Respondent has fully cooperated in this matter and since initially licensed in 2004, Respondent has never had any disciplinary action taken against its Michigan Pharmacy license prior to this incident.

B. Respondent timely reported the Minnesota Board of Pharmacy Stipulation and Consent Order to the Department.

C. The violation of MCL 388.17768(d)(2) as alleged in the Complaint is based solely on a "sister-state" action taken against Respondent's Pharmacy license by the Minnesota Board of Pharmacy that was based on Respondent's former practice in 2012 of dispensing compounded veterinary medications for office-use to licensed veterinarians in Minnesota, which according to the Minnesota Board of Pharmacy, required a wholesaler's license. However, this practice did not implicate Respondent's practice of pharmacy in the State of Michigan and Respondent has not been found to have violated the Michigan Public Health Code or Board of Pharmacy Administrative Rules, except as provided herein.

By signing this stipulation, the parties confirm that they have read, understand and agree with the terms of the consent order.

CONSENT ORDER

This matter was opened to the New Jersey Board of Pharmacy ("the Board") upon receipt of reports of inspection of the facility at Wedgewood Village Pharmacy, Inc. ("Wedgewood") which occurred on November 14 and 15, 2012. The reports document potential violations of the Board's regulations regarding sterile compounding. Wedgewood engages in high risk sterile compounding.

Among other things, the inspection reports highlighted routine professional practices suggesting that thousands of units of medication were dispensed with disregard for the following regulatory requirements:

- Use-by dates exceed 30 days after preparation in violation of N.J.A.C. 13:39-11.11.

- Failure to include date and time of preparation on prescription labels in violation of N.J.A.C. 13:39-11.10(a)(1).

- Failure to include the use-by date and use-by time on prescription labels as required by N.J.A.C. 13:39-11.10(a)(7).

No evidence of contamination was found. Wedgewood denies the allegations of violations and has been fully cooperative with the Board's investigation. There have been significant changes in management of Wedgewood since the time of the events in question. The pharmacy permit holder at the time of these events is now deceased and his wife now holds the permit. Wedgewood has agreed to replace the registered pharmacist-in-charge. Wedgewood represents that it is now in compliance with New Jersey statutes and regulations and with the USP guidelines. Wedgewood further represents that 100% of all sterile compounds are currently being tested for sterility and that all use-by dates are properly supported. Accordingly, the Board has determined that the monitoring requirements imposed herein are sufficient to protect the public health, safety and

welfare.

The parties, having agreed to resolution of this matter without formal proceedings, and Wedgewood, having agreed and given voluntary consent to the within order and waiving any right to a hearing, and the Board finding the within disposition adequately protective of the public health, safety, and welfare, and other good cause having been shown;

IT IS THEREFORE on this 22nd day of OCTOBER, 2015,

ORDERED AND AGREED that

1. Wedgewood shall contract with a third-party monitor (the "Monitor") pre-approved by the Board to review all compounding operations of the pharmacy. For the purposes of this Order, LDT Health Solutions, Inc. is an approved Monitor. Within 30 days of the entry of this Order, the Monitor shall furnish the Board directly with a report which demonstrates review of all processes and procedures, and attests to compliance with all Board regulations and USP standards. Wedgewood shall conduct environmental testing, pressure differential monitoring, and air and surface sampling for bacteria and fungi and make these test results available to the Monitor prior to the Monitor issuing its report and directly to the Board. Wedgewood shall continue to contract with the Monitor and the Monitor will submit reports directly to the Board on the first day of each month until the Monitor

reports directly to the Board that Wedgewood has complied with all recommendations made by the Monitor and is operating in full compliance with all Board regulations and USP standards. All costs associated with the monitoring outlined in this Order shall be the responsibility of, and paid directly by, Wedgewood.

2. Within 30 days of the entry of this order, Wedgewood shall appoint a new pharmacist-in-charge and shall ensure that a pharmacist with sterile compounding expertise (either the pharmacist-in-charge or another employee) directly supervises the daily sterile compounding operations to further ensure the quality and integrity of their products. "Directly supervise" for the purpose of this paragraph means ensure that all proper checks and balances are being performed during the compounding process; help identify and eliminate errors and mistakes; ensure training and testing of personnel testing is occurring; and generally help to ensure that proper aseptic technique is being used to help implement a Quality System and Environment to produce compounded sterile product.

3. Prior to hiring any pharmacist-in-charge or pharmacist to directly supervise daily sterile compounding operations, Wedgewood shall ensure that the individual is competent and that his/her license is not restricted in such a way as to preclude them from fulfilling their job responsibilities.

Wedgewood shall not hire an individual to be pharmacist-in-charge or to directly supervise the daily sterile compounding operations if Wedgewood is aware that the individual is subject to a pending Board investigation.

4. Wedgewood agrees to pay the Board the sum of $500,000.00 in two equal installments due on or before November 31, 2015 and December 31, 2015. This payment will reimburse the Board for attorney's fees and investigative costs and the remainder will be applied toward the Board's ongoing efforts to inspect, investigate and educate pharmacies involved in sterile compounding. Wedgewood and the Board acknowledge and agree that the payment described herein is not a fine, sanction, warning letter or penalty, or payment in lieu thereof. Payment shall be made by bank check, money order, wire transfer or credit card made payable to the New Jersey Board of Pharmacy.

5. This Consent Order shall not be construed to be a disciplinary action or sanction of any kind, nor as an admission of liability of the pharmacy.

Dear Pharmacist-in-Charge:

Although we are closing this matter, please be advised that it is your professional responsibility to assure compliance with all pharmacy laws.

We would like to thank you for your cooperation and assistance. If you should have any questions, please contact the Board at the above address or telephone number.

Sincerely,

DRUG PREPARATIONS

15. Tacrolimus Ophthalmic Suspension is an eye drop generally prescribed to dogs to treat dry eyes, particularly when caused by low tear production or tears of poor quality. It is a dangerous drug pursuant to Code section 4022.

16. Protirelin is an injectable drug product generally prescribed for horses as a thyrotropin-releasing hormone in order to test for certain metabolic disorders or illnesses. It is a dangerous drug pursuant to Code section 4022.

17. Cyclosporine in MCT oil solution is an eye drop generally prescribed to dogs. It is used to decrease inflammation in the eye and tear glands and increase tear production. It is a dangerous drug pursuant to Code section 4022.

18. Edetate Disodium (EDTA) is a chelating agent generally prescribed to treat corneal ulcers in dogs, cats, and horses. It is a dangerous drug pursuant to Code section 4022.

FACTUAL ALLEGATIONS

19. Respondents own and operate a nonresident pharmacy which also possesses a nonresident sterile compounding pharmacy permit, and is located in the State of New Jersey.

20. On or about April 1, 2021, due to a change in the ownership structure of certain parent corporations that own the corporations that own Respondent Original Licensee, successor licensees, both a nonresident pharmacy permit and a nonresident sterile compounding pharmacy permit, were issued to the same immediate ownership structure. Nearly all of the immediate owners and officers of Respondent Original Licensee remained with Respondent Successor Licensee. The conduct set forth in this accusation came to the attention of the Board due to the change of ownership inspection that is required by pharmacy law. Therefore, all of the actions were taken on dates on which Respondent Original Licensee was the owner and operator of the pharmacy. However, since the immediate ownership structure did not change, the owners and operators of Respondent Successor Licensee are responsible for the actions of Respondent Original Licensee.

21. Respondents specialize in veterinary compounding.

22. On January 1, 2017, the Board's sterile compounding regulations became effective.

23. In 2017, Board inspector S.P. issued a written warning to Respondents due to Respondents issuing many of its drug preparations extended beyond use dates (BUDs) without the appropriate data to support those BUDs.

24. In 2018, and again in 2020, during inspections of Respondents facility, Board inspector S.P. discussed with Respondents the documentation Respondents needed to provide, obtain, or test for, in order determine and assign extended BUDs and noted that Respondents had not obtained, tested for, or provided this documentation such that the extended BUDs were still inappropriate.

25. After the 2020 inspection, the Board issued a citation to Respondents for providing 120-day extended BUDs without having the tests and studies required to support the extended BUDs.

///

26. On and between approximately March 17, 2021, and May 28, 2021, Board Inspector M.V. conducted a change of ownership inspection regarding Respondents as discussed in additional depth, above. Due to the COVID-19 pandemic, the inspection was conducted remotely via records review. The investigation report is dated March 1, 2022 (March 1, 2022 Inspection Report).

27. On or about March 19, 2021, Board Inspector M.V. requested five specific compounding logs for review, including certificates of analyses, end-product release testing, documentation supporting any extended BUDs assigned to preparations, sample labels, and training records for Respondents' compounding pharmacist and compounding pharmacy technician. M.V.'s review of just these five compounding logs lead to the causes for discipline set forth below.

FIRST CAUSE FOR DISCIPLINE

(Assignment of Unsupported Extended Beyond Use Dates)

28. Respondents are subject to disciplinary action for unprofessional conduct pursuant to Code section 4301, subdivisions (j) and (o), for failing to follow laws and regulations governing pharmacy and regulating dangerous drugs in that Respondents violated Regulations 1735.2, subdivision (i). The circumstances are as follows:

A. On or about July 1, 2020, Respondents compounded 623 bottles of Tacrolimus 0.03% ophthalmic aqueous suspensions and gave an extended BUD of 160 days. Respondents only had data to support a 45-day BUD for this drug product.

B. On or about November 27, 2020, Respondents compounded 581 bottles of Cyclosporine 2% in MCT oil ophthalmic solutions and gave an extended BUD of 180 days. Respondents only had data to support a 45-day BUD for this drug product.

C. On or about February 8, 2021, Respondents compounded 353 vials of Protirelin Acetate 1mg/ml injectable solution and gave an extended BUD of 240 days. Respondents had no data to support an extended BUD for this product.

///

///

D. On or about March 10, 2020, Respondents compounded 53 bottles (15mL) of Edetate Disodium and gave an extended BUD of 240 days. Respondents had no data to support an extended BUD for the product.

SECOND CAUSE FOR DISCIPLINE

(Incomplete Compounding Records)

29. Respondents are subject to disciplinary action for unprofessional conduct pursuant to Code section 4301, subdivisions (j) and (o), for failing to follow laws and regulations governing pharmacy and regulating dangerous drugs in that Respondents violated Regulations section 1735.3, subdivision (a)(2). The circumstances are that Respondents' compounding logs reviewed by Board Inspector M.V. failed to list the manufacturers of the drug components Respondents used for compounding.

THIRD CAUSE FOR DISCIPLINE

(Gross Negligence)

30. Respondents are subject to disciplinary action for unprofessional conduct pursuant to Code section 4301, subdivision (c), in that Respondents committed acts constituting gross negligence when Respondents assigned extended BUDs without having the required data to support those BUDs.

FOURTH CAUSE FOR DISCIPLINE

(Knowingly Making or Signing a False Document)

31. Respondents are subject to disciplinary action for unprofessional conduct pursuant to Code section 4301, subdivision (g), in that Respondents knowingly made or signed false documents when Respondents assigned extended BUDs without having the required data to support those BUDs.

FIFTH CAUSE FOR DISCIPLINE

(Acts Involving Moral Turpitude, Dishonesty, Fraud, Deceit, or Corruption)

32. Respondents are subject to disciplinary action for unprofessional conduct pursuant to Code section 4301, subdivision (g), in that Respondents committed acts involving moral turpitude, dishonesty, fraud, deceit, or corruption when Respondents continued to assign extended

BUDs and ship the compounded drugs to patients without having the required data to support those BUDs.

DISCIPLINARY CONSIDERATIONS

33. On or about June 17, 2021, Citation number CI 2020 90874 was issued to Respondent Original Licensee's Nonresident Pharmacy permit for violation of Regulations section 1735.2, subdivision (i)(3), for assigning an extended BUD without the required data. The citation did not order a fine, it was not appealed, and it is final.

34. On or about June 17, 2021, Citation number CI 2020 89042 was issued to Respondent Original Licensee's Nonresident Sterile Compounding Pharmacy permit for violation of Regulations section 1735.2, subdivision (i)(3), for assigning an extended BUD without the required data. The citation ordered a $2,500 fine, and required proof of abatement regarding justification for assigning extended BUDs for antibacterial eye ointment. The citation was not appealed and is final.

35. On or about December 5, 2018, Citation number Cl 2018 82132 was issued to Respondent Original Licensee's Nonresident Pharmacy permit f or violation of Regulations section 1735.2, subdivisions (c)(1), and (c)(4) for furnishing over 2,200 unites of compounded ophthalmic drops to a prescriber for office use. This amount exceeds the reasonable quantity that may be furnished and Respondent Original Licensee failed to have a credible basis for determining a reasonable quantity for office use. The citation was not appealed and is final.

36. On or about December 5, 2018, Citation number Cl 2016 73882 was issued to Respondent Original Licensee's Nonresident Sterile Compounding Pharmacy permit for violation of Regulations section 1735.2, subdivisions (c)(1), and (c)(4) for furnishing over 2,200 unites of compounded ophthalmic drops to a prescriber for office use. This amount exceeds the reasonable quantity that may be furnished and Respondent Original Licensee failed to have a credible basis for determining a reasonable quantity for office use. Dear Sir/Madam:

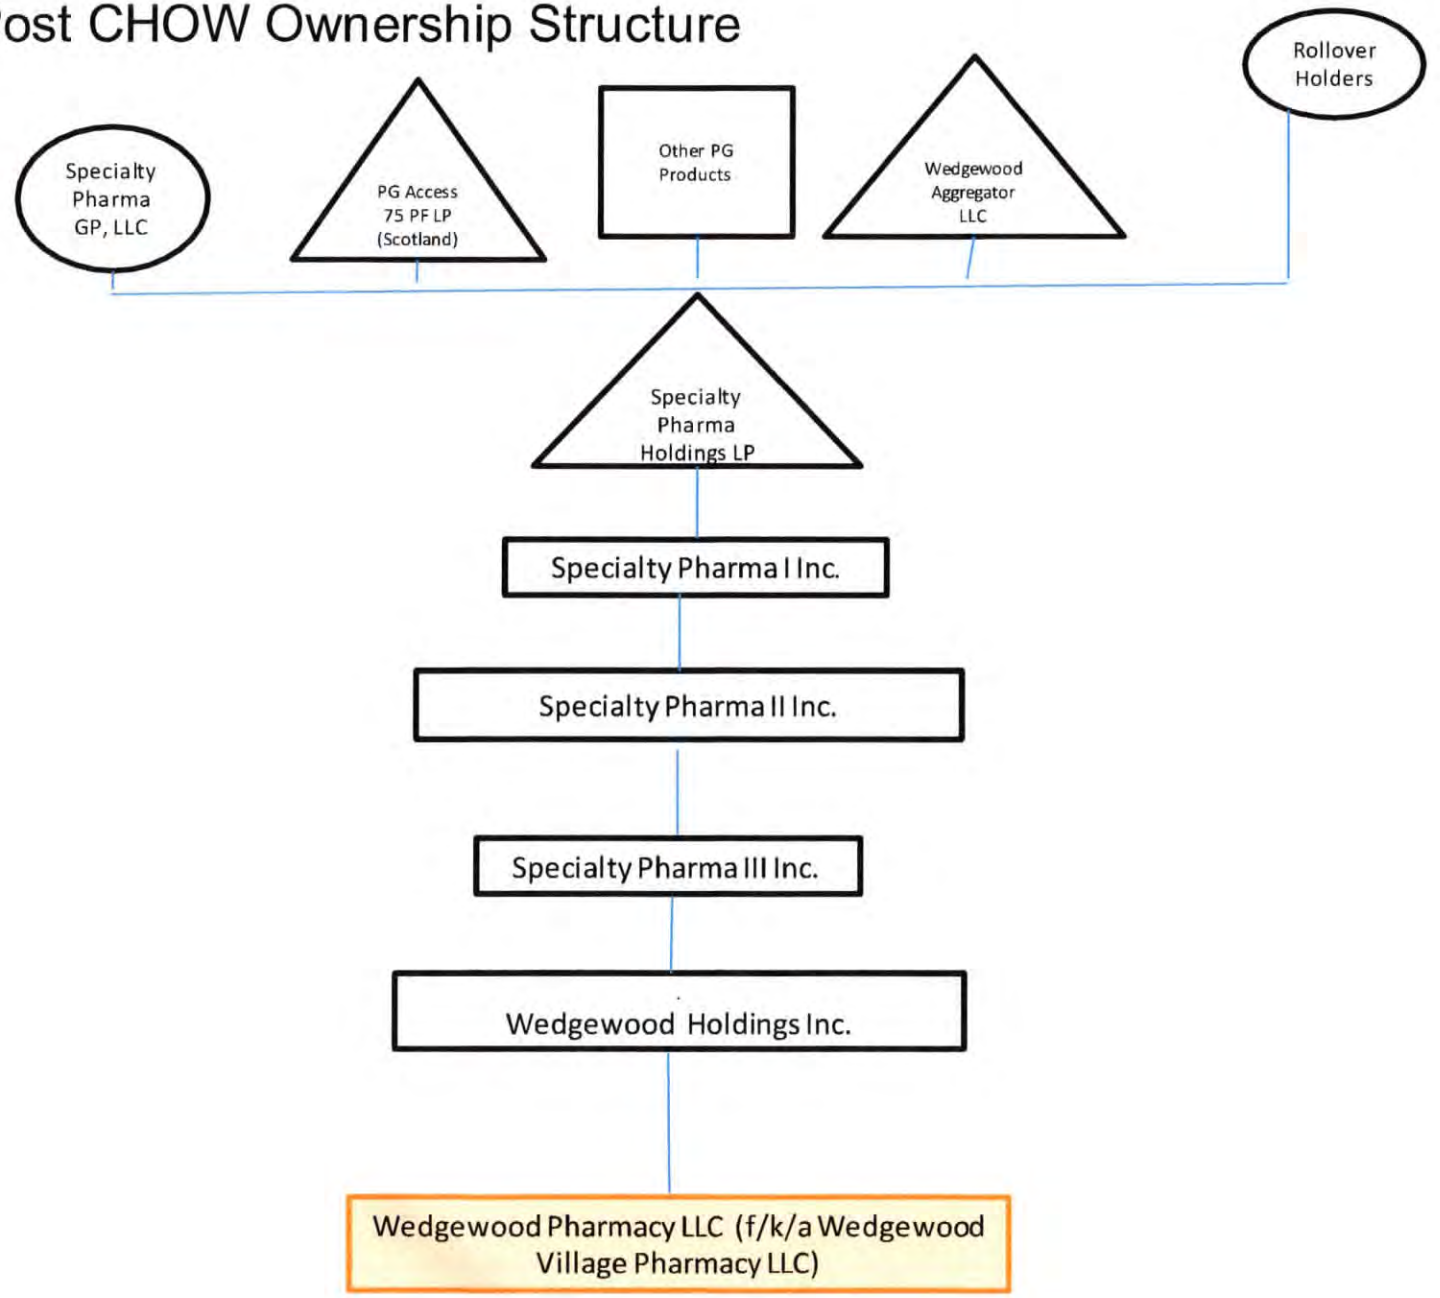
Enclosed please find an application for the change of ownership of Wedgewood Village Pharmacy LLC ("Wedgewood"). Wedgewood is a compounding pharmacy located in Scottsdale, Arizona that compounds sterile and non-sterile medications for veterinary use.

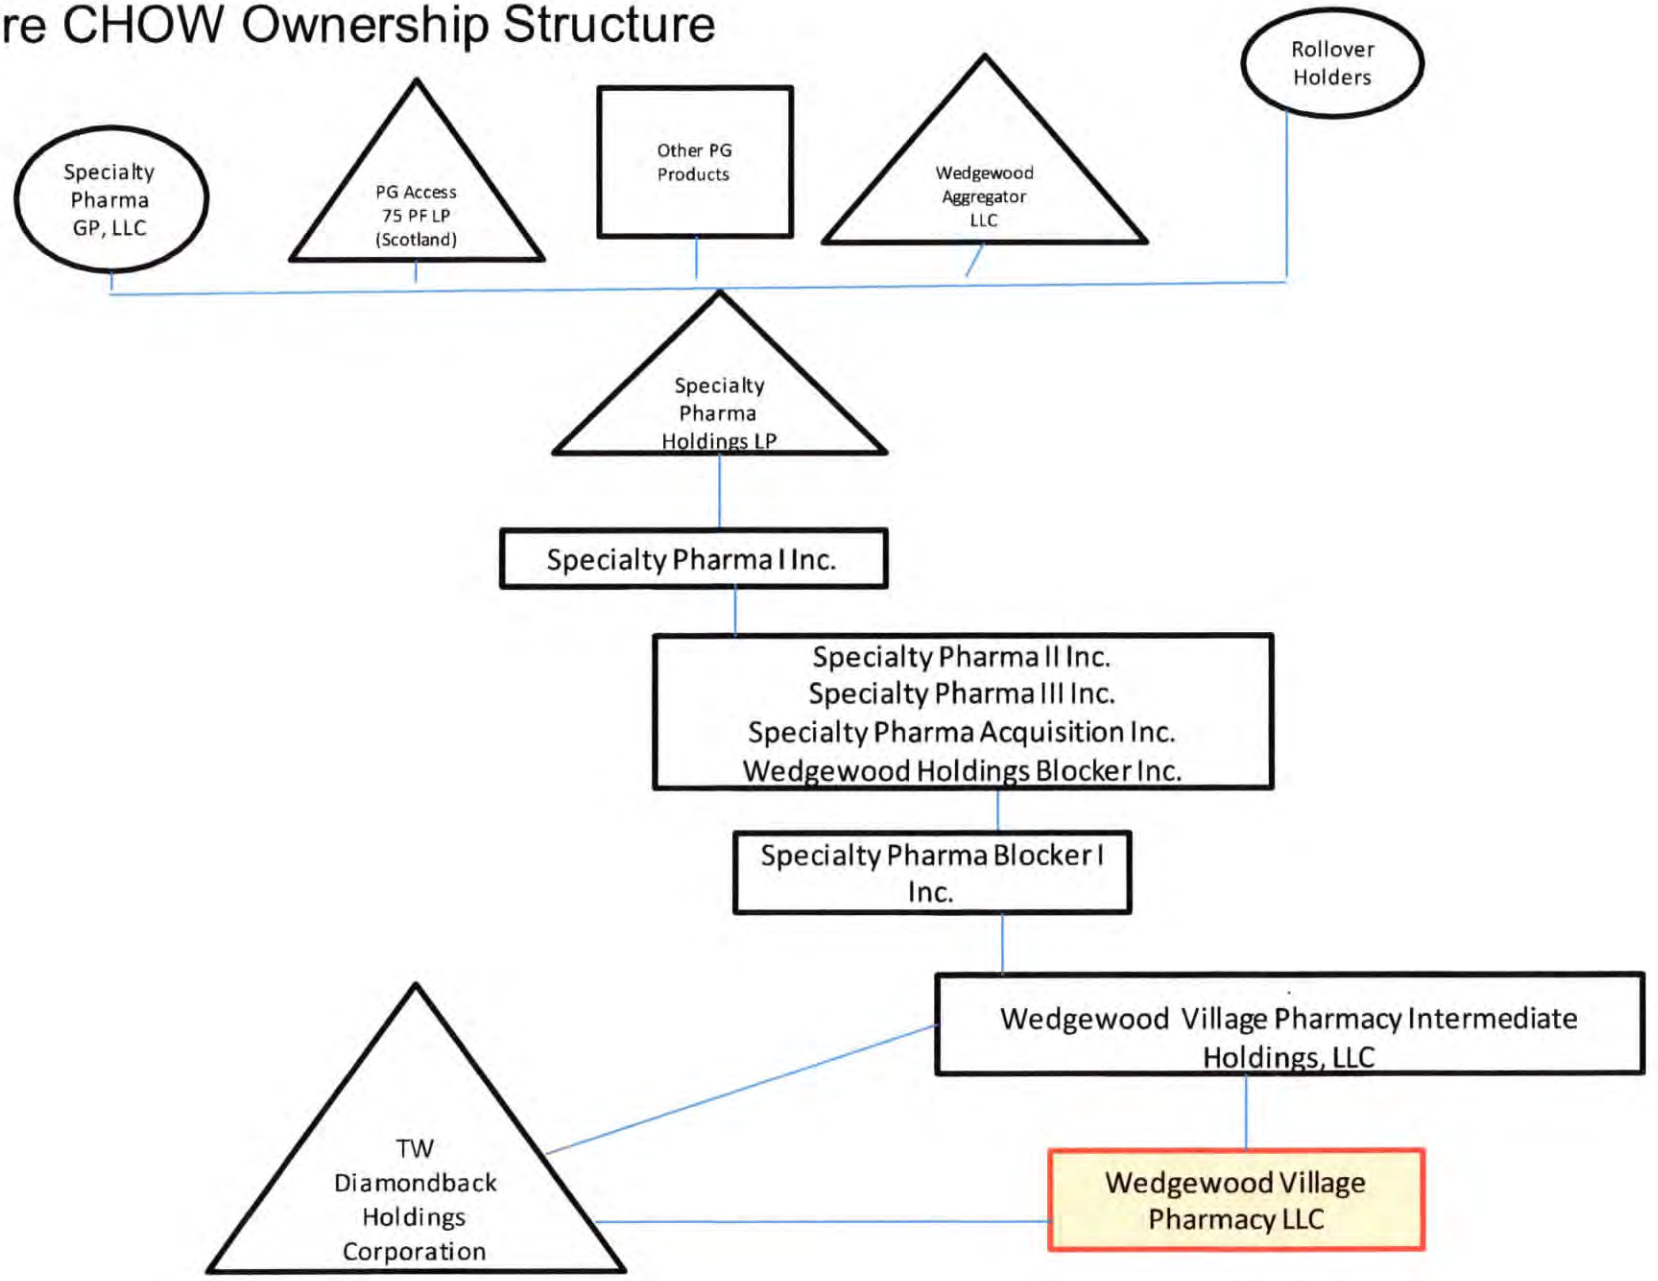
As part of an internal reorganization Wedgewood's parent companies will change in an effort to more streamline the company's organizational structure. The immediate parent of Wedgewood will change to Wedgewood Holdings Inc. In addition, Wedgewood Village Pharmacy LLC will change its name to Wedgewood Pharmacy LLC. The name change is a change in name only and not the result of an entity change. The FEIN and day-to-day operations of Wedgewood will remain the same.

These changes are all internal restructuring and no new external investments are being made into the company. The changes are expected to occur on or about April 30, 2024.



For your reference, we have enclosed before and after organization structure charts demonstrating the nature of the change as well as updated ownership information.

Should you have any questions or require additional information, please do not hesitate to contact me at (559) 361 - 2342 or rachel.taggs@precisionpharmacy.com.



Sincerely,

Discipline and Closed Matters for Wedgewood Village Pharmacy LLC, Swedesboro, NJ Location

03/19/2015 – MN/MI/AL Consent Orders

On March 19, 2015, Wedgewood entered into a consent order with the Minnesota Board of Pharmacy (*"Minnesota Consent Order"*). Wedgewood subsequently entered into consent orders with the Michigan Department of Licensing and Regulatory Affairs (*"Michigan LARA"*) and the Alabama Board of Pharmacy ("Alabama BOP") to resolve "sister state" actions that arose out of the Minnesota Consent Order.

The basis for the Minnesota Consent Order are as follows:
Acting on a reasonable and good-faith interpretation of Minnesota law, Wedgewood from its NJ location, dispensed compounds to licensed veterinarians in Minnesota, pursuant to a veterinarian's order for office use. The Minnesota Board asserted that Wedgewood needed a wholesale license to engage in this activity. For the purposes of settlement only, Wedgewood entered into the Minnesota Consent Order whereby it agreed to a $10,000 civil penalty but admitted no wrongdoing.
Wedgewood subsequently entered into a consent order with the Michigan LARA to resolve a "sister state" action brought by Michigan based on the Minnesota Consent Order. Wedgewood entered into a similar consent order with the Alabama BOP to resolve a sister state action brought by Alabama based on the Minnesota Consent Order. There was no finding in the Michigan or the Alabama Consent Order that Wedgewood violated any provisions of Michigan or Alabama state law outside of these states' prohibitions on sister state actions.

10/22/2015 – New Jersey Consent Agreement

On October 22, 2015, Wedgewood Village Pharmacy, Inc., entered into a Consent Agreement with the New Jersey Board of Pharmacy resolving a dispute between the parties on the application of "beyond use dating" regulations for sterile compounds.

This is the same order that is referenced on the Swedesboro, NJ facility's home license however, per the terms of the Agreement, it is not to be construed as discipline and any reimbursement paid to the Board is not considered a fine or other sanction.

10/13/2017 – California Citation & Fine

Issued as a result of an investigation by the CA BOP into an unlicensed individual who fraudulently set up an account with Wedgewood as a veterinarian using valid prescriber license information he acquired unlawfully. An administrative citation was issued and Wedgewood paid a nominal fine.

07/20/2018 - DEA Memorandum of Agreement

While Wedgewood does not consider there to be a restriction on its handling of CDS or disciplinary action, however, out of an abundance of caution, Wedgewood is disclosing the following:

As a condition of issuing Wedgewood located in Swedesboro, New Jersey a DEA manufacturer registration, Wedgewood and the DEA entered into a Memorandum of Agreement ("MOA") for a period of five years (until July 20, 2023) during which Wedgewood agreed not to use the DEA manufacturer license to manufacture or distribute controlled substances for human use. Wedgewood obtained a DEA manufacturer registration for the sole purposes of providing controlled substance compounds solely for veterinarians to use for office use.

12/5/2018 – California Citation

The California Board of Pharmacy issued a non-disciplinary, Administrative Citation with no penalty or fine based on a California Board inspector's interpretation of California regulations. In the Inspector's opinion, providing a 15ml ophthalmic container to a veterinarian for office use exceeded the "reasonable quantity" limitation for office use compounds.

Wedgewood discontinued sales of all 15ml ophthalmic container for office use to California veterinarians. The Board issued a Close Out letter on March 1, 2019. No penalty or fine was assessed.

✓ 6/17/2021 – California Citation & Fine

Received notification of a non-disciplinary, Administrative Citation which was finalized on 07/29/2021. A fine was paid as part of the final citation. The basis for the citation was that Wedgewood did not have the necessary data to support the "beyond use dates" Wedgewood used.

3/22/24 – California Stipulation Settlement and Disciplinary Order for Public Reproval

On February 21, 2024, the California Board of Pharmacy (the "Board") approved a Stipulated Settlement and Disciplinary Order for Public Reproval entered into with Wedgewood Village Pharmacy LLC relating to claims made by the Board regarding assignment of unsupported beyond use dates and other matters. The Order became effective on March 22, 2024 and Wedgewood agreed to pay the Board $11,054.75 as reimbursement of its costs in connection with this matter.

10/18/2023 – DEA Letter of Admonition

The Letter of Admonition contains some observations that Wedgewood considers minor and for which Wedgewood has put a corrective plan in place to address.

BOARD OF PHARMACY

In the Matter of
Wedgewood Pharmacy, Non-Resident Pharmacy
License Number: 262173

STIPULATION AND CONSENT ORDER

STIPULATION

Wedgewood Pharmacy ("Pharmacy" or "Licensee") and the Minnesota Board of Pharmacy Complaint Review Panel ("Review Panel") agree the above-referenced matter may be resolved without trial of any issue or fact as follows:

I.

JURISDICTION

1. The Minnesota Board of Pharmacy ("Board") is authorized pursuant to Minnesota Statutes chapter 151 to register and regulate pharmacies and to take disciplinary action as appropriate.

2. Wedgewood has been licensed as a non-resident pharmacy in Minnesota since October 22, 2002. As such, Wedgewood is subject to the jurisdiction of the Board with respect to the matters referred to in this Stipulation and Consent Order.

II.

CONFERENCE

3. On December 4, 2013, Wedgewood representatives attended a conference with the Review Panel to discuss the allegations described in a Notice of Conference. The Review Panel was composed of Board members Karen Bergrud and Bob Goetz. Bryan D. Huffman, Assistant Attorney General, represented the Review Panel in this matter. Wedgewood was represented by Greg Bullinski, Esq., of Bassford Remele and Rachael G. Pontikes, Esq., of Dunne Morris.

III.

FACTS

4. Licensee is not, nor has it ever been, licensed as a drug wholesaler by the Board.

5. Licensee shipped drugs to licensed veterinarians in Minnesota without patient-specific prescriptions.

6. Beginning January 7, 2013, Licensee dispensed drugs only pursuant to patient-specific prescriptions.

IV.

ISSUES

7. Licensee asserts it was acting on a good-faith interpretation of Minnesota law when it shipped drugs to licensed veterinarians in Minnesota without patient-specific prescriptions. Minn. Stat. § 151.01, subd. 30 (2012) defined "dispense or dispensing," in part, as meaning "the preparation or delivery of a drug pursuant to a lawful order, . . ." Licensee asserts that it reasonably and in good faith interpreted "lawful order" to include an order by a veterinarian for office use.

8. The Board asserts that Licensee's conduct described in section III, above constitutes violations of Minn. Stat. §§ 151.06, subd. 1(a)(7)(ix) and 151.47, subd. 1(b). The Board asserts that Minnesota law at all times relevant hereto prohibited Licensee from shipping drugs for office use without being licensed as a wholesaler.

9. For purposes of the settlement of this matter only, and for no other purposes civil, administrative or criminal, Licensee agrees that the disciplinary action described below may be imposed by the Board.

V.

DISCIPLINARY ACTION

The parties agree the Board may take the following disciplinary action and require compliance with the following terms:

10. The Board imposes a CIVIL PENALTY in the amount of $10,000 for the conduct described in section III above. The civil penalty must be paid by cashier's check or money order made payable to the Minnesota Board of Pharmacy, c/o Cody Wiberg, Executive Director, 2829 University Avenue S.E., Suite 530, Minneapolis, Minnesota 55414, within 60 days of the date of this Order.

VI.

CONSEQUENCES FOR NONCOMPLIANCE OR ADDITIONAL VIOLATIONS

11. If Licensee fails to comply with or violates this Stipulation and Consent Order, the Review Panel may, in its discretion, seek additional discipline either by initiating a contested case proceeding pursuant to Minnesota Statutes chapter 14 or by bringing the matter directly to the Board pursuant to the following procedure:

a. The Review Panel must schedule a hearing before the Board. At least 20 days before the hearing, the Review Panel must mail Licensee a notice of the violation(s) alleged by the Review Panel. In addition, the notice must designate the time and place of the hearing. Within ten days after the notice is mailed, Licensee must submit a written response to the allegations. If Licensee does not submit a timely response to the Board, the allegations may be deemed admitted.

b. The Review Panel, in its discretion, may schedule a conference with Licensee prior to the hearing before the Board to discuss the allegations and to attempt to resolve the allegations through agreement.

c. Prior to the hearing before the Board, the Review Panel and Licensee may submit affidavits and written argument in support of their positions. At the hearing, the Review Panel and Licensee may present oral argument. Argument may not refer to matters outside the record. The evidentiary record must be limited to the affidavits submitted prior to the hearing and this Stipulation and Consent Order. The Review Panel will have the burden of proving by a preponderance of the evidence that a violation has occurred. If Licensee has failed to submit a timely response to the allegations, Licensee may not contest the allegations but may present argument concerning the appropriateness of additional discipline. Licensee waives a hearing before an administrative law judge, discovery, cross-examination of adverse witnesses, and other procedures governing hearings pursuant to Minnesota Statutes chapter 14.

d. Licensee's correction of a violation before the conference, hearing, or meeting of the Board may be taken into account by the Board but will not limit the Board's authority to impose discipline for the violation. A decision by the Review Panel not to seek discipline when it first learns of a violation shall not waive the Review Panel's right to later seek discipline for that violation, either alone or in combination with other violations, at any time while Licensee's registration is in a conditional status.

e. Following the hearing, the Board will deliberate confidentially. If the allegations are not proved, the Board must dismiss the allegations. If a violation is proved, the Board may impose additional discipline, including conditions or limitations on Licensee's future practice or suspension or revocation of Licensee's registration.

f. Nothing herein limits the Review Panel's or the Board's right to temporarily suspend Licensee's license pursuant to Minnesota Statutes section 151.06, subdivision 1(b), based on a violation of this Stipulation and Consent Order or based on conduct of Licensee not specifically referred to herein.

VII.

ADDITIONAL INFORMATION

12. Licensee waives the contested case hearing and all other procedures before the Board to which Licensee may be entitled under the Minnesota and United States constitutions, statutes, or rules.

13. Licensee waives any claims against the Board, the Minnesota Attorney General, the State of Minnesota, and their agents, employees, and representatives related to the investigation of the conduct herein, or the negotiation or execution of this Stipulation and Consent Order, which may otherwise be available to Licensee.

14. This Stipulation and Consent Order, the files, records, and proceedings associated with this matter will constitute the entire record and may be reviewed by the Board in its consideration of this matter.

15. Either party may seek enforcement of this Stipulation and Consent Order in any appropriate civil court.

16. Licensee has read, understands, and agrees to this Stipulation and Consent Order and has voluntarily signed the Stipulation and Consent Order. Licensee is aware this Stipulation and Consent Order must be approved by the Board before it goes into effect. The Board may either approve the Stipulation and Consent Order as proposed, approve it subject to specified change, or reject it. If the changes are acceptable to Licensee, the Stipulation and Consent Order

will take effect and the order as modified will be issued. If the changes are unacceptable to Licensee or the Board rejects the Stipulation and Consent Order, it will be of no effect except as specified in the following paragraph.

17. Licensee agrees that if the Board rejects this Stipulation and Consent Order or a lesser remedy than indicated in this settlement, and this case comes again before the Board, Licensee will assert no claim that the Board was prejudiced by its review and discussion of this Stipulation and Consent Order or of any records relating to it.

18. This Stipulation and Consent Order does not limit the Board's authority to proceed against Licensee by initiating a contested case hearing or by other appropriate means on the basis of any act, conduct, or admission of Licensee which constitutes grounds for disciplinary action and which is not directly related to the specific facts and circumstances set forth in this document.

VIII.

DATA PRACTICES NOTICES

19. This Stipulation and Consent Order constitutes disciplinary action by the Board and is classified as public data pursuant to Minnesota Statutes section 13.41, subdivision 5. Data regarding this action will be provided to data banks as required by Federal law or consistent with Board policy. While this Stipulation and Consent Order is in effect, information obtained by the Board pursuant to this Order is considered active investigative data on a licensed person, and as such, is classified as protected nonpublic data pursuant to Minnesota Statutes sections 13.39, subdivision 2, and 13.02, subdivision 13.

20. This Stipulation contains the entire agreement between the parties, there being no other agreement of any kind, verbal or otherwise, which varies this Stipulation.

IN THE MATTER OF: WEDGEWOOD VILLAGE PHARMACY, LLC Non-Resident Pharmacy Permit Number: 112625	BEFORE THE ALABAMA STATE BOARD OF PHARMACY CASE NO: 16-L-0066

CONSENT ORDER

THIS MATTER comes before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on a complaint against Wedgewood Village Pharmacy, LLC ("Wedgewood") which resulted in the filing of a Statement of Charges and Notice of Hearing ("Statement") alleging violations of the Alabama Pharmacy Practice Act as are more particularly set out in the Statement which is attached hereto as **Exhibit "A."**

Prior to a hearing in this cause, and pursuant to Code of Alabama (1975) §41-22-12(f), the Board through its counsel and Wedgewood through its counsel engaged in negotiations and as a result the matters at issue were resolved informally by the parties and the parties negotiated a Consent Order, the terms of which are as follows:

1. The Board finds that Wedgewood has violated the "sister-state" provisions of Alabama law as set out in the Statement of Charges.

2. Wedgewood shall pay an administrative fine in the amount of Three Thousand Dollars ($3,000.00) within thirty (30) days of the effective date of this consent order that being the day the same is signed on behalf of the Board. This payment shall not be subject to discharge in bankruptcy nor shall either pharmacy attempt to discharge the same.

3. Wedgewood expressly waive its rights pursuant to the Alabama Pharmacy Practice Act, the Alabama Administrative Procedure Act and the Alabama Uniform Controlled Substances Act, including but not limited to the Code of Alabama (1975),

Wedgewood further waives any objection to the attorney for the Board preparing, drafting or making this Order, including the waiver of any objection or right pursuant to Code of Alabama (1975), §41-22-18.

4. By execution of this Consent Order, Wedgewood hereby releases the Board, its members, agents, representatives, servants and employees from any and all liability, claims, damages, fees or expenses arising out of or made in connection with the matters relating to this Consent Order and Statement.

5. Wedgewood acknowledges and agrees that any future violation of the Alabama Pharmacy Practice Act, the laws that regulate the sale and/or dispensing of prescription or legend drugs and/or narcotics or any Rules and regulations of the Alabama State Board of Pharmacy or the pharmacy law or rules of the Board of Pharmacy of another state or any other applicable laws may, upon proof and hearing thereof, result in further disciplinary sanctions against Wedgewood's permit, including, but not limited to revocation.

6. Wedgewood acknowledges and agrees that it has read this Consent Order and that it fully understand the terms, conditions and contents of the same. Wedgewood acknowledges and agrees that it voluntarily and of its own free will accepts the terms and conditions set out in this Consent Order and is signing this Consent Order on the advice of its attorney.

STIPULATION AND
CONSENT ORDER

STIPULATION

Wedgewood Pharmacy ("Pharmacy" or "Licensee") and the Minnesota Board of Pharmacy Complaint Review Panel ("Review Panel") agree the above-referenced matter may be resolved without trial of any issue or fact as follows:

I.

JURISDICTION

1. The Minnesota Board of Pharmacy ("Board") is authorized pursuant to Minnesota Statutes chapter 151 to register and regulate pharmacies and to take disciplinary action as appropriate.

2. Wedgewood has been licensed as a non-resident pharmacy in Minnesota since October 22, 2002. As such, Wedgewood is subject to the jurisdiction of the Board with respect to the matters referred to in this Stipulation and Consent Order.

II.

CONFERENCE

3. On December 4, 2013, Wedgewood representatives attended a conference with the Review Panel to discuss the allegations described in a Notice of Conference. The Review Panel was composed of Board members Karen Bergrud and Bob Goetz. Bryan D. Huffman, Assistant Attorney General, represented the Review Panel in this matter. Wedgewood was represented by Greg Bulinski, Esq., of Bassford Remele and Rachael G. Pontikes, Esq., of Dunn Morris.

EXHIBIT A page 1 of 7

III.

FACTS

4. Licensee is not, nor has it ever been, licensed as a drug wholesaler by the Board.

5. Licensee shipped drugs to licensed veterinarians in Minnesota without patient-specific prescriptions.

6. Beginning January 7, 2013, Licensee dispensed drugs only pursuant to patient-specific prescriptions.

IV.

ISSUES

7. Licensee asserts it was acting on a good-faith interpretation of Minnesota law when it shipped drugs to licensed veterinarians in Minnesota without patient-specific prescriptions. Minn. Stat. § 151.01, subd. 30 (2012) defined "dispense or dispensing," in part, as meaning "the preparation or delivery of a drug pursuant to a lawful order. . . ." Licensee asserts that it reasonably and in good faith interpreted "lawful order" to include an order by a veterinarian for office use.

8. The Board asserts that Licensee's conduct described in section III. above constitutes violations of Minn. Stat. §§ 151.06, subd. 1(a)(7)(ix) and 151.47, subd. 1(b). The Board asserts that Minnesota law at all times relevant hereto prohibited Licensee from shipping drugs for office use without being licensed as a wholesaler.

9. For purposes of the settlement of this matter only, and for no other purposes, civil, administrative or criminal, Licensee agrees that the disciplinary action described below may be imposed by the Board.

V.

DISCIPLINARY ACTION

The parties agree the Board may take the following disciplinary action and require compliance with the following terms:

10. The Board imposes a CIVIL PENALTY in the amount of $10,000 for the conduct described in section III above. The civil penalty must be paid by cashier's check or money order made payable to the Minnesota Board of Pharmacy, c/o Cody Wiberg, Executive Director, 2829 University Avenue S.E., Suite 510, Minneapolis, Minnesota 55414, within 60 days of the date of this Order.

VI.

CONSEQUENCES FOR NONCOMPLIANCE OR ADDITIONAL VIOLATIONS

11. If Licensee fails to comply with or violates this Stipulation and Consent Order, the Review Panel may, in its discretion, seek additional discipline either by initiating a contested case proceeding pursuant to Minnesota Statutes chapter 14 or by bringing the matter directly to the Board pursuant to the following procedure:

a. The Review Panel must schedule a hearing before the Board. At least 20 days before the hearing, the Review Panel must mail Licensee a notice of the violation(s) alleged by the Review Panel. In addition, the notice must designate the time and place of the hearing. Within ten days after the notice is mailed, Licensee must submit a written response to the allegations. If Licensee does not submit a timely response to the Board, the allegations may be deemed admitted.

EXHIBIT A page 3 of 7

b. The Review Panel, in its discretion, may schedule a conference with Licensee prior to the hearing before the Board to discuss the allegations and to attempt to resolve the allegations through agreement.

c. Prior to the hearing before the Board, the Review Panel and Licensee may submit affidavits and written argument in support of their positions. At the hearing, the Review Panel and Licensee may present oral argument. Argument may not refer to matters outside the record. The evidentiary record must be limited to the affidavits submitted prior to the hearing and this Stipulation and Consent Order. The Review Panel will have the burden of proving by a preponderance of the evidence that a violation has occurred. If Licensee has failed to submit a timely response to the allegations, Licensee may not contest the allegations but may present argument concerning the appropriateness of additional discipline. Licensee waives a hearing before an administrative law judge, discovery, cross-examination of adverse witnesses, and other procedures governing hearings pursuant to Minnesota Statutes chapter 14.

d. Licensee's correction of a violation before the conference, hearing, or meeting of the Board may be taken into account by the Board but will not limit the Board's authority to impose discipline for the violation. A decision by the Review Panel not to seek discipline when it first learns of a violation shall not waive the Review Panel's right to later seek discipline for that violation, either alone or in combination with other violations, at any time while Licensee's registration is in a conditional status.

e. Following the hearing, the Board will deliberate confidentially. If the allegations are not proved, the Board must dismiss the allegations. If a violation is proved, the Board may impose additional discipline, including conditions or limitations on Licensee's future practice or suspension or revocation of Licensee's registration.

EXHIBIT B PAGE 4 of 7

f. Nothing herein limits the Review Panel's or the Board's right to temporarily suspend Licensee's license pursuant to Minnesota Statutes section 151.06, subdivision 1(b), based on a violation of this Stipulation and Consent Order or based on conduct of Licensee not specifically referred to herein.

VII.

ADDITIONAL INFORMATION

12. Licensee waives the contested case hearing and all other procedures before the Board to which Licensee may be entitled under the Minnesota and United States constitutions, statutes, or rules.

13. Licensee waives any claims against the Board, the Minnesota Attorney General, the State of Minnesota, and their agents, employees, and representatives related to the investigation of the conduct herein, or the negotiation or execution of this Stipulation and Consent Order, which may otherwise be available to Licensee.

14. This Stipulation and Consent Order, the files, records, and proceedings associated with this matter will constitute the entire record and may be reviewed by the Board in its consideration of this matter.

15. Either party may seek enforcement of this Stipulation and Consent Order in any appropriate civil court.

16. Licensee has read, understands, and agrees to this Stipulation and Consent Order and has voluntarily signed the Stipulation and Consent Order. Licensee is aware this Stipulation and Consent Order must be approved by the Board before it goes into effect. The Board may either approve the Stipulation and Consent Order as proposed, approve it subject to specified change, or reject it. If the changes are acceptable to Licensee, the Stipulation and Consent Order

will take effect and the order as modified will be issued. If the changes are unacceptable to Licensee or the Board rejects the Stipulation and Consent Order, it will be of no effect except as specified in the following paragraph.

17. Licensee agrees that if the Board rejects this Stipulation and Consent Order or a lesser remedy than indicated in this settlement, and this case comes again before the Board, Licensee will assert no claim that the Board was prejudiced by its review and discussion of this Stipulation and Consent Order or of any records relating to it.

18. This Stipulation and Consent Order does not limit the Board's authority to proceed against Licensee by initiating a contested case hearing or by other appropriate means on the basis of any act, conduct, or admission of Licensee which constitutes grounds for disciplinary action and which is not directly related to the specific facts and circumstances set forth in this document.

VIII.

DATA PRACTICES NOTICES

19. This Stipulation and Consent Order constitutes disciplinary action by the Board and is classified as public data pursuant to Minnesota Statutes section 13.41, subdivision 5. Data regarding this action will be provided to data banks as required by Federal law or consistent with Board policy. While this Stipulation and Consent Order is in effect, information obtained by the Board pursuant to this Order is considered active investigative data on a licensed person, and as such, is classified as protected nonpublic data pursuant to Minnesota Statutes sections 13.39, subdivision 2, and 13.02, subdivision 13.

20. This Stipulation contains the entire agreement between the parties, there being no other agreement of any kind, verbal or otherwise, which varies this Stipulation.

Complaint No. 53-15-137288

CONSENT ORDER AND STIPULATION

CONSENT ORDER

An administrative complaint was filed with the Disciplinary Subcommittee of the Board of Pharmacy on July 24, 2015, charging Wedgewood Village Pharmacy, Inc. (Respondent) with having violated section 17768(2)(d) of the Public Health Code, 1978 PA 368, as amended, MCL 333.1101 *et seq.*

The parties have stipulated that the Disciplinary Subcommittee may enter this consent order. The Disciplinary Subcommittee has reviewed the stipulation contained in this document and agrees that the public interest is best served by resolution of the outstanding complaint. Therefore, the Disciplinary Subcommittee finds that the allegations of fact contained in the complaint are true and that Respondent has violated section 17768(2)(d) of the Public Health Code.

Accordingly, for this violation, IT IS ORDERED:

Respondent is FINED $500.00 (Five Hundred Dollars) to be paid by check, money order or cashier's check made payable to the State of Michigan (with complaint number 53-15-137288 clearly indicated on the check or money order), and

shall be payable within 60 days of the effective date of this order. The timely payment of the fine shall be Respondent's responsibility. Respondent shall mail the fine to: Sanction Monitoring, Bureau of Professional Licensing, Enforcement Division -- Compliance Section, Department of Licensing and Regulatory Affairs, P.O. Box 30189, Lansing, Michigan 48909.

This order shall be effective on the date signed by the Chairperson of the Disciplinary Subcommittee or the Disciplinary Subcommittee's authorized representative, as set forth below.

Signed on 4-13-16

MICHIGAN BOARD OF PHARMACY

By _____
Chairperson, Disciplinary Subcommittee

STIPULATION

The parties stipulate as follows:

1. Respondent does not contest the allegations of fact and law in the complaint. Respondent understands that, by pleading no contest, it does not admit the truth of the allegations but agrees that the Disciplinary Subcommittee may treat the allegations as true for resolution of the complaint and may enter an order treating the allegations as true.

2. Respondent understands and intends that, by signing this stipulation, it is waiving the right under the Public Health Code, rules promulgated under the Public Health Code, and the Administrative Procedures Act of 1969, 1969 PA 306,

as amended, MCL 24.201 *et seq.*, to require the Department to prove the charges set forth in the complaint by presentation of evidence and legal authority, and to present a defense to the charges before the Disciplinary Subcommittee or its authorized representative. Should the Disciplinary Subcommittee reject the proposed consent order, the parties reserve the right to proceed to hearing.

3. The Disciplinary Subcommittee may enter the above Consent Order, supported by Board conferee Patti Smeelink, R.Ph. Ms. Smeelink or an attorney from the Licensing and Regulation Division may discuss this matter with the Disciplinary Subcommittee in order to recommend acceptance of this resolution.

4. Conferee Smeelink and the parties considered the following factors in reaching this agreement:

A. Respondent has fully cooperated in this matter and since initially licensed in 2004, Respondent has never had any disciplinary action taken against its Michigan Pharmacy license prior to this incident.

B. Respondent timely reported the Minnesota Board of Pharmacy Stipulation and Consent Order to the Department.

C. The violation of MCL 333.17768(d)(2) as alleged in the Complaint is based solely on a "sister-state" action taken against Respondent's Pharmacy license by the Minnesota Board of Pharmacy that was based on Respondent's former practice in 2012 of dispensing compounded veterinary medications for office-use to licensed veterinarians in Minnesota, which according to the Minnesota Board of Pharmacy, required a wholesaler's license. However, this practice did not implicate Respondent's practice of pharmacy in the State of Michigan and Respondent has not been found to have violated the Michigan Public Health Code or Board of Pharmacy Administrative Rules, except as provided herein.

By signing this stipulation, the parties confirm that they have read, understand and agree with the terms of the consent order.

CONSENT ORDER

This matter was opened to the New Jersey Board of Pharmacy ("the Board") upon receipt of reports of inspection of the facility at Wedgewood Village Pharmacy, Inc. ("Wedgewood") which occurred on November 14 and 15, 2012. The reports document potential violations of the Board's regulations regarding sterile compounding. Wedgewood engages in high risk sterile compounding.

Among other things, the inspection reports highlighted routine professional practices suggesting that thousands of units of medication were dispensed with disregard for the following regulatory requirements:

- Use-by dates exceed 30 days after preparation in violation of N.J.A.C. 13:39-11.11.

- Failure to include date and time of preparation on prescription labels in violation of N.J.A.C. 13:39-11.10(a)(1).

- Failure to include the use-by date and use-by time on prescription labels as required by N.J.A.C. 13:39-11.10(a)(7).

No evidence of contamination was found. Wedgewood denies the allegations of violations and has been fully cooperative with the Board's investigation. There have been significant changes in management of Wedgewood since the time of the events in question. The pharmacy permit holder at the time of these events is now deceased and his wife now holds the permit. Wedgewood has agreed to replace the registered pharmacist-in-charge. Wedgewood represents that it is now in compliance with New Jersey statutes and regulations and with the USP guidelines. Wedgewood further represents that 100% of all sterile compounds are currently being tested for sterility and that all use-by dates are properly supported. Accordingly, the Board has determined that the monitoring requirements imposed herein are sufficient to protect the public health, safety and

welfare.

The parties, having agreed to resolution of this matter without formal proceedings, and Wedgewood, having agreed and given voluntary consent to the within order and waiving any right to a hearing, and the Board finding the within disposition adequately protective of the public health, safety, and welfare, and other good cause having been shown;

IT IS THEREFORE on this 22nd day of OCTOBER, 2015,

ORDERED AND AGREED that

1. Wedgewood shall contract with a third-party monitor (the "Monitor") pre-approved by the Board to review all compounding operations of the pharmacy. For the purposes of this Order, LDT Health Solutions, Inc. is an approved Monitor. Within 30 days of the entry of this Order, the Monitor shall furnish the Board directly with a report which demonstrates review of all processes and procedures, and attests to compliance with all Board regulations and USP standards. Wedgewood shall conduct environmental testing, pressure differential monitoring, and air and surface sampling for bacteria and fungi and make these test results available to the Monitor prior to the Monitor issuing its report and directly to the Board. Wedgewood shall continue to contract with the Monitor and the Monitor will submit reports directly to the Board on the first day of each month until the Monitor

reports directly to the Board that Wedgewood has complied with all recommendations made by the Monitor and is operating in full compliance with all Board regulations and USP standards. All costs associated with the monitoring outlined in this Order shall be the responsibility of, and paid directly by, Wedgewood.

2. Within 30 days of the entry of this order, Wedgewood shall appoint a new pharmacist-in-charge and shall ensure that a pharmacist with sterile compounding expertise (either the pharmacist-in-charge or another employee) directly supervises the daily sterile compounding operations to further ensure the quality and integrity of their products. "Directly supervise" for the purpose of this paragraph means ensure that all proper checks and balances are being performed during the compounding process; help identify and eliminate errors and mistakes; ensure training and testing of personnel testing is occurring; and generally help to ensure that proper aseptic technique is being used to help implement a Quality System and Environment to produce compounded sterile product.

3. Prior to hiring any pharmacist-in-charge or pharmacist to directly supervise daily sterile compounding operations, Wedgewood shall ensure that the individual is competent and that his/her license is not restricted in such a way as to preclude them from fulfilling their job responsibilities.

Wedgewood shall not hire an individual to be pharmacist-in-charge or to directly supervise the daily sterile compounding operations if Wedgewood is aware that the individual is subject to a pending Board investigation.

4. Wedgewood agrees to pay the Board the sum of $500,000.00 in two equal installments due on or before November 31, 2015 and December 31, 2015. This payment will reimburse the Board for attorney's fees and investigative costs and the remainder will be applied toward the Board's ongoing efforts to inspect, investigate and educate pharmacies involved in sterile compounding. Wedgewood and the Board acknowledge and agree that the payment described herein is not a fine, sanction, warning letter or penalty, or payment in lieu thereof. Payment shall be made by bank check, money order, wire transfer or credit card made payable to the New Jersey Board of Pharmacy.

5. This Consent Order shall not be construed to be a disciplinary action or sanction of any kind, nor as an admission of liability of the pharmacy.

Wedgewood Village Pharmacy, located at 405 Heron Dr. Suite 200 Swedesboro, NJ 08085 was not in compliance with this section. Specifically, Wedgewood Village Pharmacy sold prescription items to S Gerson, who represented himself as Dr. M Burd in order to purchase those items. There was a policy in place to verify licenses, but, it did not catch the fraud. The discrepancy between Dr. Burd's address of record and the fraudulent address provided was not questioned.

Although we are closing this matter, please be advised that it is your professional responsibility to assure compliance with all pharmacy laws.

We would like to thank you for your cooperation and assistance. If you should have any questions, please contact the Board at the above address or telephone number.

SENT VIA EMAIL TO AZ-COMPLIANCE@WEDGEWOODPHARMACY.COM

Dear Ms. Bliss:

On July 11-13, 2023, Investigators from the Drug Enforcement Administration (DEA), Phoenix Division, conducted an investigation at your registered location at 7631 East Indian School Road, Suite 105, Scottsdale, Arizona 85251 under DEA Certificate of Registration (COR) RD0541878, as a manufacturer handling controlled substances in schedules 2, 2N, 3, 3N, 4, and 5 as well as List 1 chemicals. The investigation revealed your failure to comply with the requirements of Title 21 Code of Federal Regulations (C.F.R.), in violation of Title 21 United States Code (U.S.C.). The following violations were noted during the investigation:

1. You failed to maintain complete and accurate records of controlled substances as required by Title 21 C.F.R. § 1304.21(a) and Title 21 U.S.C. § 827(a)(3) in violation of Title 21 U.S.C. § 842(a)(2). The audit conducted by the Investigators showed both shortages and overages throughout the manufacturing process. The initial inventory provided during the audit was inaccurate for one of the controlled substances audited. Wedgewood failed to keep an accurate record of all movement of the controlled substances during the manufacturing process. The audit revealed the following:

DRUG PREPARATIONS

15. Tacrolimus Ophthalmic Suspension is an eye drop generally prescribed to dogs to treat dry eyes, particularly when caused by low tear production or tears of poor quality. It is a dangerous drug pursuant to Code section 4022.

16. Protirelin is an injectable drug product generally prescribed for horses as a thyrotropin-releasing hormone in order to test for certain metabolic disorders or illnesses. It is a dangerous drug pursuant to Code section 4022.

17. Cyclosporine in MCT oil solution is an eye drop generally prescribed to dogs. It is used to decrease inflammation in the eye and tear glands and increase tear production. It is a dangerous drug pursuant to Code section 4022.

18. Edetate Disodium (EDTA) is a chelating agent generally prescribed to treat corneal ulcers in dogs, cats, and horses. It is a dangerous drug pursuant to Code section 4022.

FACTUAL ALLEGATIONS

19. Respondents own and operate a nonresident pharmacy which also possesses a nonresident sterile compounding pharmacy permit, and is located in the State of New Jersey.

20. On or about April 1, 2021, due to a change in the ownership structure of certain parent corporations that own the corporations that own Respondent Original Licensee, successor licensees, both a nonresident pharmacy permit and a nonresident sterile compounding pharmacy permit, were issued to the same immediate ownership structure. Nearly all of the immediate owners and officers of Respondent Original Licensee remained with Respondent Successor Licensee. The conduct set forth in this accusation came to the attention of the Board due to the change of ownership inspection that is required by pharmacy law. Therefore, all of the actions were taken on dates on which Respondent Original Licensee was the owner and operator of the pharmacy. However, since the immediate ownership structure did not change, the owners and operators of Respondent Successor Licensee are responsible for the actions of Respondent Original Licensee.

21. Respondents specialize in veterinary compounding.

22. On January 1, 2017, the Board's sterile compounding regulations became effective.

23. In 2017, Board inspector S.P. issued a written warning to Respondents due to Respondents issuing many of its drug preparations extended beyond use dates (BUDs) without the appropriate data to support those BUDs.

24. In 2018, and again in 2020, during inspections of Respondents facility, Board inspector S.P. discussed with Respondents the documentation Respondents needed to provide, obtain, or test for, in order determine and assign extended BUDs and noted that Respondents had not obtained, tested for, or provided this documentation such that the extended BUDs were still inappropriate.

25. After the 2020 inspection, the Board issued a citation to Respondents for providing 120-day extended BUDs without having the tests and studies required to support the extended BUDs.

///

26. On and between approximately March 17, 2021, and May 28, 2021, Board Inspector M.V. conducted a change of ownership inspection regarding Respondents as discussed in additional depth, above. Due to the COVID-19 pandemic, the inspection was conducted remotely via records review. The investigation report is dated March 1, 2022 (March 1, 2022 Inspection Report).

27. On or about March 19, 2021, Board Inspector M.V. requested five specific compounding logs for review, including certificates of analyses, end-product release testing, documentation supporting any extended BUDs assigned to preparations, sample labels, and training records for Respondents' compounding pharmacist and compounding pharmacy technician. M.V.'s review of just these five compounding logs lead to the causes for discipline set forth below.

FIRST CAUSE FOR DISCIPLINE

(Assignment of Unsupported Extended Beyond Use Dates)

28. Respondents are subject to disciplinary action for unprofessional conduct pursuant to Code section 4301, subdivisions (j) and (o), for failing to follow laws and regulations governing pharmacy and regulating dangerous drugs in that Respondents violated Regulations 1735.2, subdivision (i). The circumstances are as follows:

A. On or about July 1, 2020, Respondents compounded 623 bottles of Tacrolimus 0.03% ophthalmic aqueous suspensions and gave an extended BUD of 160 days. Respondents only had data to support a 45-day BUD for this drug product.

B. On or about November 27, 2020, Respondents compounded 581 bottles of Cyclosporine 2% in MCT oil ophthalmic solutions and gave an extended BUD of 180 days. Respondents only had data to support a 45-day BUD for this drug product.

C. On or about February 8, 2021, Respondents compounded 353 vials of Protirelin Acetate 1mg/ml injectable solution and gave an extended BUD of 240 days. Respondents had no data to support an extended BUD for this product.

///

///

D. On or about March 10, 2020, Respondents compounded 53 bottles (15mL) of Edetate Disodium and gave an extended BUD of 240 days. Respondents had no data to support an extended BUD for the product.

SECOND CAUSE FOR DISCIPLINE

(Incomplete Compounding Records)

29. Respondents are subject to disciplinary action for unprofessional conduct pursuant to Code section 4301, subdivisions (j) and (o), for failing to follow laws and regulations governing pharmacy and regulating dangerous drugs in that Respondents violated Regulations section 1735.3, subdivision (a)(2). The circumstances are that Respondents' compounding logs reviewed by Board Inspector M.V. failed to list the manufacturers of the drug components Respondents used for compounding.

THIRD CAUSE FOR DISCIPLINE

(Gross Negligence)

30. Respondents are subject to disciplinary action for unprofessional conduct pursuant to Code section 4301, subdivision (c), in that Respondents committed acts constituting gross negligence when Respondents assigned extended BUDs without having the required data to support those BUDs.

FOURTH CAUSE FOR DISCIPLINE

(Knowingly Making or Signing a False Document)

31. Respondents are subject to disciplinary action for unprofessional conduct pursuant to Code section 4301, subdivision (g), in that Respondents knowingly made or signed false documents when Respondents assigned extended BUDs without having the required data to support those BUDs.

FIFTH CAUSE FOR DISCIPLINE

(Acts Involving Moral Turpitude, Dishonesty, Fraud, Deceit, or Corruption)

32. Respondents are subject to disciplinary action for unprofessional conduct pursuant to Code section 4301, subdivision (g), in that Respondents committed acts involving moral turpitude, dishonesty, fraud, deceit, or corruption when Respondents continued to assign extended

BUDs and ship the compounded drugs to patients without having the required data to support those BUDs.

DISCIPLINARY CONSIDERATIONS

33. On or about June 17, 2021, Citation number CI 2020 90874 was issued to Respondent Original Licensee's Nonresident Pharmacy permit for violation of Regulations section 1735.2, subdivision (i)(3), for assigning an extended BUD without the required data. The citation did not order a fine, it was not appealed, and it is final.

34. On or about June 17, 2021, Citation number CI 2020 89042 was issued to Respondent Original Licensee's Nonresident Sterile Compounding Pharmacy permit for violation of Regulations section 1735.2, subdivision (i)(3), for assigning an extended BUD without the required data. The citation ordered a $2,500 fine, and required proof of abatement regarding justification for assigning extended BUDs for antibacterial eye ointment. The citation was not appealed and is final.

35. On or about December 5, 2018, Citation number CI 2018 82132 was issued to Respondent Original Licensee's Nonresident Pharmacy permit f or violation of Regulations section 1735.2, subdivisions (c)(1), and (c)(4) for furnishing over 2,200 unites of compounded ophthalmic drops to a prescriber for office use. This amount exceeds the reasonable quantity that may be furnished and Respondent Original Licensee failed to have a credible basis for determining a reasonable quantity for office use. The citation was not appealed and is final.

36. On or about December 5, 2018, Citation number CI 2016 73882 was issued to Respondent Original Licensee's Nonresident Sterile Compounding Pharmacy permit for violation of Regulations section 1735.2, subdivisions (c)(1), and (c)(4) for furnishing over 2,200 unites of compounded ophthalmic drops to a prescriber for office use. This amount exceeds the reasonable quantity that may be furnished and Respondent Original Licensee failed to have a credible basis for determining a reasonable quantity for office use. Chewy Pharmacy	
UNDUE DELAYS	Original Date: July 2018
Document Control Number: 11.0	Revision Date: October 2023

11.0 POLICY

Chewy Pharmacy will have a process for contacting the Pet-Parent and, if necessary, the veterinarian, for any undue delays when trying to dispense and deliver a prescription to the Pet-Parent. This policy will address the definition of an "undue delay", when to activate the policy, and identify whether this delay will affect the care of the companion animal. It will also address how to contact the Pet-Parent, a contingency plan to contact the veterinarian if the Pet-Parent cannot be reached, and when to contact veterinarians for an alternative therapy or filling the medication at a different pharmacy.

11.1 DEFINITIONS

Undue Delay: The inability to provide the prescription(s) to the Pet-Parent in a timely manner (7-10 days) within the normal operating time frame of the pharmacy for filling and dispensing prescriptions.

This can be caused by:

1. A drug on backorder
2. An order that has not received authorization after one week.
3. A carrier that has not delivered the drug within five days of the order being shipped.

11.2 RESPONSIBILITIES

Pharmacists and technicians will be responsible for activating the procedures of this policy when an Undue Delay is encountered. The PIC will ensure that all pharmacy staff employees understand what circumstances will activate this policy.

11.3 PROCEDURES

In the event of an Undue Delay, the following actions will be taken:

1. A pharmacist will review the reason for the Undue Delay and then assess the patient's profile.
2. If the companion animal's health care will be affected, the pharmacist will contact the Pet-Parent to advise of the delay and to inquire what course of action the Pet-Parent may take such as: contacting the prescribing veterinarian, canceling the prescription, obtaining the drug from another source, coordinating with pet-parent and prescriber to arrange for prescription to be filled a pet-parent's local pharmacy of choice as appropriate, or waiting until the drug is available.
3. The pharmacist will document the resolution in the patient's profile comment section for that prescription.

If the mail carrier is the source of the delay, a pharmacy technician will track the shipment by the order's tracking number to determine its status. If the shipment has not yet been delivered and patient requires interim dosage until mailed prescription drug(s) become(s) available, pharmacy staff will contact the pet-parent and recommend that they go to their veterinarian of choice and obtain a sufficient supply of medication to last until the medication is delivered. If the shipment has been delivered to the wrong address, pharmacy staff will contact the carrier and request that the shipment be retrieved and delivered to the correct address. If the shipment is unable to be retrieved, then Chewy Pharmacy will file a report with the carrier and will resend the order at no additional cost to the Pet-Parent.

11.6 TRAINING

The PIC will provide training to the pharmacy staff by going over the policy and answering questions about certain situations.

Chewy Pharmacy	
STORAGE AND SHIPMENT	Original Date: July 2018
Document Control Number: 14.0	Revision Date: October 2023

14.0 POLICY

Chewy Pharmacy will have guidelines for proper storage and shipment of drugs. Storage temperature ranges will be identified and maintained as established by the United States Pharmacopoeia (USP). Contingency plans will be established should the temperatures fall outside of the range.

14.1 DEFINITIONS

Storage Temperature: The manufacturer's recommended temperature for storage of the drug.

14.2 RESPONSIBILITIES

The PIC will be responsible for maintaining the proper temperature in the pharmacy as well as the proper temperature in the refrigerator and freezer.

Pharmacists and technicians will help the PIC by aiding in monitoring the temperatures periodically.

14.3 PROCEDURES

In accordance with USP standards, Chewy Pharmacy will maintain a pharmacy temperature of 68 - 77°F and humidity level less than 40 percent. Digital alerts are sent via email or text message if temperature excursions occur. Temperature and humidity are monitored by a thermo data-logger that monitors and stores data in 15-minute increments. The refrigerator temperature is kept between 36-46°F and is monitored by a thermo data-logger that monitors and stores data in 15-minute increments. The freezer will have a temperature ranging between -20 to -10°C or -4 to 14°F. Currently, Chewy Pharmacy does not have any items that are monitored in the freezer. If a temperature excursion occurs or is expected, all possible methods will be used to prevent the excursion.

If a temperature excursion still occurs, the PIC will attempt to verify drug integrity through professional judgment or contacting the manufacturer. If drug integrity cannot be guaranteed, then the drugs will be disposed of, and the stock replenished.

A daily log will be maintained for monitoring these variables. The log will contain the date and time of monitoring and the results as well as the as the initials of the pharmacist/technician checking.

Factors in determining if a drug's effectiveness has been compromised include the following:

1. Is the drug discolored?
2. If it is a solution, are there particles floating in it?
3. Is the drug sensitive to temperature fluctuation?
4. Was the drug outside the allowable temperature range as determined by USP standards or the prescription label for a significant period of time?
5. Was the drug exposed to excessive humidity?

The PIC will make the final decision to destroy or return a drug to the wholesaler or manufacturer using professional judgment and in consultation with professional resources as needed.

Shipment of medications will be done through a common carrier as appropriate. Packaging and shipping of medications will be conducted by a pharmacist or pharmacy technician and will be conducted in the pharmacy. Protective packaging will be used to ensure drug integrity and, when necessary, Styrofoam coolers and icepacks that have been tested to comply with USP standards and/or specific drug labeling requirements will be used to keep items at refrigerator temperatures. Packaging will be non-descript and tamper evident to help deter inappropriate handling.

Items that must be shipped cold will be sent as express shipments to ensure delays are prevented as much as possible. Any shipment with questionable integrity will be replaced and the adulterated drug will be disposed of.

Test shipments with thermometers and freeze indicators will be sent as deemed appropriate by the PIC. Any time test shipments are performed, the date will be written/typed and saved for two years.

14.4 TRAINING

The PIC will train the staff in proper measuring and recording techniques.

14.5 REVIEW

The PIC will review this policy annually and update it as needed, including but not limited to, any required modifications to temperature control based on updates to the USP standards.

Chewy Pharmacy	
UNDUE DELAYS	Original Date: July 2018
Document Control Number: 11.0	Revision Date: October 2023

11.0 POLICY

Chewy Pharmacy will have a process for contacting the Pet-Parent and, if necessary, the veterinarian, for any undue delays when trying to dispense and deliver a prescription to the Pet-Parent. This policy will address the definition of an "undue delay", when to activate the policy, and identify whether this delay will affect the care of the companion animal. It will also address how to contact the Pet-Parent, a contingency plan to contact the veterinarian if the Pet-Parent cannot be reached, and when to contact veterinarians for an alternative therapy or filling the medication at a different pharmacy.

11.1 DEFINITIONS

Undue Delay: The inability to provide the prescription(s) to the Pet-Parent in a timely manner (7-10 days) within the normal operating time frame of the pharmacy for filling and dispensing prescriptions.

This can be caused by:

1. A drug on backorder
2. An order that has not received authorization after one week.
3. A carrier that has not delivered the drug within five days of the order being shipped.

11.2 RESPONSIBILITIES

Pharmacists and technicians will be responsible for activating the procedures of this policy when an Undue Delay is encountered. The PIC will ensure that all pharmacy staff employees understand what circumstances will activate this policy.

11.3 PROCEDURES

In the event of an Undue Delay, the following actions will be taken:

1. A pharmacist will review the reason for the Undue Delay and then assess the patient's profile.
2. If the companion animal's health care will be affected, the pharmacist will contact the Pet-Parent to advise of the delay and to inquire what course of action the Pet-Parent may take such as: contacting the prescribing veterinarian, canceling the prescription, obtaining the drug from another source, coordinating with pet-parent and prescriber to arrange for prescription to be filled a pet-parent's local pharmacy of choice as appropriate, or waiting until the drug is available.
3. The pharmacist will document the resolution in the patient's profile comment section for that prescription.

If the mail carrier is the source of the delay, a pharmacy technician will track the shipment by the order's tracking number to determine its status. If the shipment has not yet been delivered and patient requires interim dosage until mailed prescription drug(s) become(s) available, pharmacy staff will contact the pet-parent and recommend that they go to their veterinarian of choice and obtain a sufficient supply of medication to last until the medication is delivered. If the shipment has been delivered to the wrong address, pharmacy staff will contact the carrier and request that the shipment be retrieved and delivered to the correct address. If the shipment is unable to be retrieved, then Chewy Pharmacy will file a report with the carrier and will resend the order at no additional cost to the Pet-Parent.

11.6 TRAINING

The PIC will provide training to the pharmacy staff by going over the policy and answering questions about certain situations.

Chewy Pharmacy	
STORAGE AND SHIPMENT	Original Date: July 2018
Document Control Number: 14.0	Revision Date: October 2023

14.0 POLICY

Chewy Pharmacy will have guidelines for proper storage and shipment of drugs. Storage temperature ranges will be identified and maintained as established by the United States Pharmacopoeia (USP). Contingency plans will be established should the temperatures fall outside of the range.

14.1 DEFINITIONS

Storage Temperature: The manufacturer's recommended temperature for storage of the drug.

14.2 RESPONSIBILITIES

The PIC will be responsible for maintaining the proper temperature in the pharmacy as well as the proper temperature in the refrigerator and freezer.

Pharmacists and technicians will help the PIC by aiding in monitoring the temperatures periodically.

14.3 PROCEDURES

In accordance with USP standards, Chewy Pharmacy will maintain a pharmacy temperature of 68 - 77°F and humidity level less than 40 percent. Digital alerts are sent via email or text message if temperature excursions occur. Temperature and humidity are monitored by a thermo data-logger that monitors and stores data in 15-minute increments. The refrigerator temperature is kept between 36-46°F and is monitored by a thermo data-logger that monitors and stores data in 15-minute increments. The freezer will have a temperature ranging between -20 to -10°C or -4 to 14°F. Currently, Chewy Pharmacy does not have any items that are monitored in the freezer. If a temperature excursion occurs or is expected, all possible methods will be used to prevent the excursion.

If a temperature excursion still occurs, the PIC will attempt to verify drug integrity through professional judgment or contacting the manufacturer. If drug integrity cannot be guaranteed, then the drugs will be disposed of, and the stock replenished.

A daily log will be maintained for monitoring these variables. The log will contain the date and time of monitoring and the results as well as the as the initials of the pharmacist/technician checking.

Factors in determining if a drug's effectiveness has been compromised include the following:

1. Is the drug discolored?
2. If it is a solution, are there particles floating in it?
3. Is the drug sensitive to temperature fluctuation?
4. Was the drug outside the allowable temperature range as determined by USP standards or the prescription label for a significant period of time?
5. Was the drug exposed to excessive humidity?

The PIC will make the final decision to destroy or return a drug to the wholesaler or manufacturer using professional judgment and in consultation with professional resources as needed.

Shipment of medications will be done through a common carrier as appropriate. Packaging and shipping of medications will be conducted by a pharmacist or pharmacy technician and will be conducted in the pharmacy. Protective packaging will be used to ensure drug integrity and, when necessary, Styrofoam coolers and icepacks that have been tested to comply with USP standards and/or specific drug labeling requirements will be used to keep items at refrigerator temperatures. Packaging will be non-descript and tamper evident to help deter inappropriate handling.

Items that must be shipped cold will be sent as express shipments to ensure delays are prevented as much as possible. Any shipment with questionable integrity will be replaced and the adulterated drug will be disposed of.

Test shipments with thermometers and freeze indicators will be sent as deemed appropriate by the PIC. Any time test shipments are performed, the date will be written/typed and saved for two years.

14.4 TRAINING

The PIC will train the staff in proper measuring and recording techniques.

14.5 REVIEW

The PIC will review this policy annually and update it as needed, including but not limited to, any required modifications to temperature control based on updates to the USP standards.

Although the investigation and disciplinary process for each jurisdiction can take months, if not years, the conduct described below occurred over six (6) years ago. Seller, GenRx took robust corrective measures to ensure full compliance and commitment to following all state licensing laws, as well as any federal and state regulation. **Please note these actions are related to the current permit holder GenRx and are included here out of the abundance of caution and in the spirit of full disclosure. There is no conduct to report for the new applicant.**

Oregon – case #2016-0227. On September 21, 2016, Gen Rx received a fully executed Consent Order. Gen Rx agreed to discipline for distributing drugs into Oregon without registering with the Oregon Board of Pharmacy. Gen Rx paid a penalty in the amount of $10,000 with $3,000 stayed pending no further violations.

Alabama – case #16-L-0085. On November 2, 2016, Gen Rx signed a Consent Order. Gen Rx agreed to discipline for operating as a pharmacy in the state of Alabama without being duly permitted by the Board to operate as a pharmacy. Gen Rx paid a penalty in the amount of $4,000.

Alabama (reciprocal) – case #16-L-0168. On February 21, 2017, the Alabama Board adopted GenRx signed a Consent Order, although GenRx was not notified of this acceptance until a later date. An administrative fine by Alabama, for the discipline imposed by Oregon, was $15,000.

Kentucky- case #17-0173. On May 1, 2017, GenRx received confirmation of the acceptance of the Agreed Order. After notification of previous disciplinary action taken by other state boards of pharmacy, the Kentucky Board investigated and found that Gen Rx shipped 14 prescriptions to 7 patients before Gen Rx had a license to conduct business. GenRx paid a $700.00 fine.

California – citation #CI 2016 74685. Gen Rx received a non-disciplinary citation and fine issued by the California Board of Pharmacy in the amount of $1,500.00, which became final upon payment on August 17, 2017. The citation was issued for reciprocal action related to fines issued by Oregon and Kentucky for conduct that occurred in Oregon and Kentucky more than a year prior.

South Carolina – case #2016-70. On February 13, 2018, GenRx received the fully executed Final Order for sending prescriptions to patients in South Carolina without a permit. GenRx paid a penalty of $25,000.00.

Minnesota - On July 16, 2018, GenRx received the fully executed Stipulation and Consent Order for sending prescriptions to patients in Minnesota without a permit. GenRx paid a penalty of $2,500.00.

Maryland - Case #P06911. Representatives from GenRx appeared at a Pre-Charge Case Resolution Conference to discuss dispensing prescription medications into a state without the requisite permit. The committee proposed a $10,000 fine, which was approved by the full Board at their December 19, 2018, meeting. GenRx's confirmation of the full Board approval and receipt of a copy of the fully executed order did not occur until January 2, 2019.

California - Citation #CI 2018 81733. GenRx received a non-disciplinary citation and fine issued by the California Board of Pharmacy in the amount of $1,000. The citation was issued for violations of Business and Professions Code; the non-resident licensee's failure to timely report a change of corporate officers and change of location to the Board. Citations without fines were also rendered for similar conduct in

violation of California Code of Regulations. The action was final December 5, 2018 when GenRx paid the fine.

California - Citation #CI 2017 79007. GenRx received a non-disciplinary citation and fine issued by the California Board of Pharmacy in the amount of $1,500. The citation was issued as reciprocity for conduct in the state of South Carolina and Minnesota. After an appeal, GenRx was notified the citation was final as of March 28, 2019.

Utah - Citation #113128. GenRx received a non-disciplinary citation and fine issued by the Utah Board of Pharmacy in the amount of $300.00 for failure to timely report numerous disciplinary actions from other jurisdictions. The action was final October 17, 2019. GenRx paid the fine but did ask Utah to reconsider. Although GenRx would agree to enter into a consent order with a Board of Pharmacy, GenRx often had to wait for the full Board committee to approve and fully execute the order at a future board meeting. Oftentimes, GenRx would not receive confirmation until days or weeks after the full Board committee approved, making disclosure within 10 days an impossibility. As such, GenRx typically disclosed discipline within 10 days of its confirmation the full Board adopted the agreed up on Consent Order and its receipt of the fully executed order. Despite its dispute of the action by Utah, GenRx disclosed the action to every state in which it holds a non-resident license in the event a Board would require such disclosure.

On November 12, 2019, Utah reduced the fine and renumbered the citation from #113128 to #100556. On January 31, 2020 the Utah Division of Occupational and Professional Licensing set aside the citation order and dismissed the citation without prejudice.

Alabama (reciprocal) - Case #17-L-0057. The Alabama State Board of Pharmacy Issued a Statement of Charges and Notice of Hearing to GenRx for Alabama pharmacy violations as reciprocal discipline for the discipline imposed by other Boards of Pharmacy. GenRx agreed to a $10,000 fine. The action became final on December 17, 2019, when it was fully executed by the Alabama State Board of Pharmacy.

Vermont – Docket No. 2020-82. On December 2, 2020, the Vermont Board of Pharmacy accepted a Stipulation and Consent Order related to GenRx Pharmacy dispensing medications to Vermont residents prior to being fully licensed and accredited by the Vermont Board of Pharmacy. The stipulation and Consent Order imposed a $7,500 fine. A copy of the fully executed order was received by GenRx on December 4, 2020.

Alabama (reciprocal) – Case No: 21-L-0004. The Alabama State Board of Pharmacy Issued a Statement of Charges and Notice of Hearing to GenRx for Alabama pharmacy violations as reciprocal discipline for the discipline imposed by the Vermont State Board of Pharmacy. GenRx agreed to a $20,000 fine. The action became final on June 15, 2021, when it was fully executed by the Alabama State Board of Pharmacy.

(b) The Board's investigation revealed that Respondent shipped 14 prescriptions to 7 patients in Kentucky between October 24, 2014 and March 10, 2015, before Respondent had a license to conduct business in Kentucky.

(c) The above actions constitute a violation of KRS 315.0351(1) and subject the Respondent to discipline pursuant to KRS 315.121(1)(b).

(4) The Board and Respondent have agreed to address this matter by entering into this Agreed Order, in lieu of the filing of a formal Complaint.

CONDUCT:

Business and Professions Code section 4301(n) authorizes the Board to take action against a licensee for the revocation, suspension, or other discipline by another state of a license to practice pharmacy, operate a pharmacy, or do any other act for which a license is required. License No. PY.16212,

Permit Holder

Case No. 2016-70

Respondent.

FINAL ORDER

This matter came before the State Board of Pharmacy (the "Board") on November 17, 2017, with a quorum present, for a hearing on the Memorandum of Agreement and Stipulations ("MOA") in the above-referenced matter. In the MOA, Respondent elected to dispose of the matter pursuant to S.C. Code Ann. § 1-23-320(f) (2005, as amended), in lieu of, *inter alia*, a full hearing before the Board.

Patrick Hanks, Esquire, Chief Disciplinary Counsel, represented the State. The Respondent was represented by Travis Dayhuff, Esquire. GenRx Pharmacy appeared through its permit holder, Mark Boesen. GenRx Pharmacy's in-house compliance administrator and its general counsel also attended the hearing. Board members Leo Richardson, Marvin Hyatt and Robert Hubbard did not participate in this matter. The remaining Board members voted for the sanctions set forth below.

FINDINGS OF FACT

Respondent and the State stipulated to the following findings of fact, which the Board adopts:

1. Respondent is a full service retail and mail order pharmacy located at 17250 North Hartford Drive, Suite 115, Scottsdale, AZ 85255. Respondent does not dispense compounded medications or controlled substances.

2. Respondent submitted an application for a nonresident pharmacy permit to the Board's staff, which application was attached to the MOA for the Board's consideration.[1]

3. In response to the nonresident pharmacy permit application question "[d]ate your pharmacy began dispensing to South Carolina," Respondent's Pharmacist-in-Charge ("PIC") answered, "not yet." Respondent's PIC signed this application on February 26, 2015.

4. On June 22, 2015, Respondent mailed the application for a nonresident pharmacy

[1] Exhibits referenced herein were identified and admitted into evidence for the Board's consideration during the final order hearing, but are not attached hereto.

permit to the Board's staff. This application was stamped received on June 30, 2015.

5. On October 15, 2015, Respondent's PIC appeared before the Board's Nonresident Application Review Committee for a hearing. At this hearing, Respondent's PIC was not asked whether Respondent had commenced shipping product in the South Carolina. A copy of the transcript of that Nonresident's Applicant Review Committee hearing was attached to the MOA for the Board's consideration.

6. On October 22, 2015, Respondent was issued a nonresident pharmacy permit, and on July 1, 2017, this permit was renewed. Copies of the permits were attached to the MOA for the Board's consideration.

7. On or about May 3, 2016, after receiving a complaint that Respondent had shipped product into South Carolina prior to receiving a permit, the Board's staff asked Respondent to conduct an internal investigation to determine how many prescriptions Respondent had shipped to patients in South Carolina from May 1, 2015, until October 21, 2015.

8. Respondent's PIC reported to the Board's staff that Respondent had shipped 695 prescriptions to South Carolina patients between May 1, 2015 and October 21, 2015.

9. In response, Respondent took corrective action that included modification of the pharmacy's software to block the processing of orders for patients in states where Respondent is not licensed, and hiring a new administrator who is both a pharmacist and an attorney, and who has experience implementing robust pharmacy compliance programs, to oversee compliance. Respondent also terminated the employment of the PIC who completed the application and appeared before the Nonresident Application Review Committee in October 2015.

10. On or about October 25, 2016, the South Carolina Department of Labor, Licensing, and Regulation ("LLR") proposed a Consent Agreement to Respondent to resolve this matter that included a public reprimand and a $500 fine. Respondent agreed to the terms of this Consent Agreement and returned an executed copy of the Consent Agreement with a check for $500 to LLR. A copy of that Consent Agreement was attached to the MOA for the Board's consideration. The Board takes judicial notice that the Board never accepted that Consent Agreement and it was never signed by the Board's chair or signed by counsel for LLR.

11. On or about March 16, 2017, LLR proposed a second Consent Agreement to Respondent to resolve this matter that included a public reprimand and $5,000 fine. Respondent agreed to the terms of the second Consent Agreement and returned the executed copy of the Consent Agreement with a check for $4,500 to LLR. A copy of that Consent Agreement was attached to the MOA for the Board's consideration. The Board takes judicial notice that the Board never accepted the second Consent Agreement and it was never signed by the Board's chair or signed by counsel for LLR.

12. LLR cashed Respondent's check that accompanied the first and second Consent Orders and currently holds these funds.

13. On June 14, 2017, the second Consent Agreement was presented by LLR to the Board for approval. The Board rejected the second Consent Agreement primarily because of concerns that Respondent may have intentionally misled the Board about shipping into South

Carolina without a permit. A copy of the transcript of the Board's consideration of that matter at its June 14, 2017 meeting was attached to the MOA for the Board's consideration.

CONCLUSIONS OF LAW

1. The Board has jurisdiction in this matter.

2. Respondent acknowledged in the MOA that Respondent's conduct as stipulated in the MOA constitutes a violation of S.C. Code Ann. §§40-43-89(N)(1) and 40-43-140(A)(1)(a), which admission the Board accepts.

3. Upon finding that a permittee's conduct is grounds for discipline under any of the provisions of the Pharmacy Practice Act (S.C. Code Ann. § 40-43-10, *et seq.*), the Board has the authority to, suspend, revoke, deny, or refuse to renew the permit or impose a fine or other disciplinary action, including a public reprimand. S.C. Code Ann. §§ 40-43-140 and 150 (2011). South Carolina Code Ann. Regs. 99-46 (Supp. 2017) authorizes the Board to impose a fine of $500 per violation, not to exceed $25,000 per action. Further, S.C. Code Ann. § 40-43-140(A)(2) provides that a person who distributes or delivers drugs or devices to a person not permitted in accordance with this chapter is subject to a fine to be imposed by the board not to exceed one thousand dollars for each offense in addition to such other disciplinary action the board may take under this chapter. Here, Respondent admitted to sending 695 prescriptions to patients in South Carolina over an approximately six-month period without a permit. The Board concludes that Respondent's actions warrant imposition of the maximum fine of Twenty-Five-Thousand and 00/100 Dollars ($25,000.00) and a public reprimand.

4. The sanctions and conditions imposed by this Order are within the scope of those permitted by law and are designed not to punish the Respondent, but to protect the life, health and welfare of the people at large.

IT IS THEREFORE ORDERED:

1. Respondent is publicly reprimanded.

2. Respondent is assessed a civil penalty of Twenty-Five Thousand and 00/100 Dollars ($25,000.00), which must be paid within Sixty (60) days of the date of this Order.

AND IT IS SO ORDERED.

STIPULATION AND CONSENT ORDER

STIPULATION

GenRx Pharmacy ("Licensee"), and the Minnesota Board of Pharmacy Complaint Review Panel ("Panel") agree the above-referenced matter may be resolved without trial of any issue or fact as follows:

I.

JURISDICTION

1. The Minnesota Board of Pharmacy ("Board") is authorized pursuant to Minnesota Statutes chapter 151 to license and regulate pharmacies and pharmacists and to take disciplinary action as appropriate.

2. Licensee holds a pharmacy license from the Board and is subject to the jurisdiction of the Board with respect to the matters referred to in this Stipulation and Consent Order.

II.

NOTICE AND WAIVERS

3. After a review of the facts, Licensee and the Review Panel, composed of Board members Rabih Nahas and James Bialke, agree that this matter may be resolved by mail with a Stipulation and Consent Order.

4. Licensee was advised by the Board's representative that it may choose to be represented by legal counsel. Licensee has waived legal representation. Nicholas Lienesch, Assistant Attorney General, represented the Panel in this matter.

III.

FACTS

5. On May 17, 2016, the Board licensed Licensee as a non-resident pharmacy in Minnesota.

6. By letter dated September 22, 2016, Licensee notified the Board that on or about September 9, 2016, the Oregon Board of Pharmacy took disciplinary action against Licensee ("Oregon Order") for distributing drugs into Oregon without registering as a drug outlet.

5. On or about October 18, 2016, a Board Surveyor called Licensee's Chairman and Chief Executive Officer ("CEO"), to ask whether Licensee dispensed prescriptions to Minnesota patients prior to the active date of Licensee's license. Licensee's CEO indicated prescriptions had been dispensed to Minnesota patients before the license was active and stated he would submit a list of those prescriptions dispensed.

6. On November 3, 2016, the Board Surveyor received an email from Licensee's CEO, indicating that there may have been as many as ninety-five prescriptions dispensed to Minnesota patients prior to the active date of Licensee's license, and that it was a mistake and should have never occurred. The CEO stated that a number of policies and computer fail-safe settings had been implemented to prevent this activity for states in which the pharmacy is not licensed.

7. By letter dated March 10, 2017, Licensee notified the Board that on or about February 21, 2017, the Alabama Board of Pharmacy took disciplinary action against Licensee ("Alabama Order") due to the disciplinary action taken in Oregon.

8. On or about April 13, 2017, the Board Surveyor sent a letter to Licensee requesting additional information about prescriptions dispensed to Minnesota patients prior to the active date of Licensee's license.

9. By letter dated May 4, 2017, Licensee notified the Board that on or about April 13, 2017, the Kentucky Board of Pharmacy took disciplinary action against Licensee ("Kentucky Order") for shipping prescription drugs into Kentucky without a license and disciplinary actions in other states.

10. On or about May 15, 2107, the Board received a response from Licensee including a list of prescription shipped to Minnesota patients prior to Licensee's license becoming active. Between January 19, 2015 and May 12, 2016, Licensee dispensed and shipped one hundred and twenty-one prescriptions to Minnesota patients.

11. By letter dated August 24, 2017, Licensee notified the Board that on July 19, 2017, the California Board of Pharmacy fined Licensee ("California Order") due to disciplinary actions taken in Oregon and Kentucky.

12. By letter dated February 22, 2018, Licensee notified the Board that on February 13, 2018, the South Carolina Board of Pharmacy took disciplinary action against Licensee ("South Carolina Order") for shipping prescriptions into South Carolina without a permit.

IV.

LAWS

13. Licensee acknowledges the conduct described in sections III., above constitutes a violation of Minn. Stat. § 151.071, subd. 2(6), (7) and (12); Minn. Stat. § 151.19, subd. 1; Minn. R. 6800.0300; and Minn. R. 6800.2250, subp. 1.K. Licensee further acknowledges that this conduct justifies the disciplinary action described below.

V.

DISCIPLINARY ACTION

The parties agree the Board may take the following disciplinary action and require compliance with the following terms:

A. Reprimand

14. The Board **REPRIMANDS** Licensee for the conduct outlined in sections III., above.

B. Civil Penalty

15. The Board imposes a **CIVIL PENALTY** in the amount of $2,500.00. The civil penalty must be paid by cashier's check or money order made payable to the Minnesota Board of Pharmacy, c/o Cody Wiberg, Executive Director, 2829 University Avenue S.E., Suite 530, Minneapolis, Minnesota 55414, within 60 days of the date of this Order.

VI.

CONSEQUENCES FOR NONCOMPLIANCE OR ADDITIONAL VIOLATIONS

16. If Licensee fails to comply with or violates this Stipulation and Consent Order, the Committee may, in its discretion, seek additional discipline either by initiating a contested case proceeding pursuant to Minnesota Statutes chapter 14 or by bringing the matter directly to the Board pursuant to the following procedure:

a. The Committee shall schedule a hearing before the Board. At least 20 days before the hearing, the Committee must mail Licensee a notice of the violation(s) alleged by the Committee. In addition, the notice must designate the time and place of the hearing. Within ten days after the notice is mailed, Licensee shall submit a written response to the allegations. If Licensee does not submit a timely response to the Board, the allegations may be deemed admitted.

b. The Committee, in its discretion, may schedule a conference with Licensee prior to the hearing before the Board to discuss the allegations and to attempt to resolve the allegations through agreement.

c. Prior to the hearing before the Board, the Committee and Licensee may submit affidavits and written argument in support of their positions. At the hearing, the Committee and Licensee may present oral argument. Argument may not refer to matters outside the record. The evidentiary record must be limited to the affidavits submitted prior to the hearing and this Stipulation and Consent Order. The Committee will have the burden of proving by a preponderance of the evidence that a violation has occurred. If Licensee has failed to submit a timely response to the allegations, Licensee may not contest the allegations, but may present argument concerning the appropriateness of additional discipline. Licensee waives a hearing before an administrative law judge, discovery, cross-examination of adverse witnesses, and other procedures governing hearings pursuant to Minnesota Statutes chapter 14.

d. Licensee's correction of a violation before the conference, hearing, or meeting of the Board may be taken into account by the Board but does not limit the Board's authority to impose discipline for the violation. A decision by the Committee not to seek discipline when it first learns of a violation does not waive the Committee's right to later seek discipline for that violation, either alone or in combination with other violations, at any time while Licensee's license is in a suspended status.

e. Following the hearing, the Board will deliberate confidentially. If the allegations are not proved, the Board must dismiss the allegations. If a violation is proved, the Board may impose additional discipline, including conditions or limitations on Licensee's future

practice, an additional period of suspension, additional conditions of reinstatement, or revocation of Licensee's license.

f. Nothing herein limits the Committee's or the Board's right to temporarily suspend Licensee's license as provided in Minnesota Statutes chapters 151 and 214, based on a violation of this Stipulation and Consent Order or based on conduct of Licensee not specifically referred to herein.

VII.

ADDITIONAL INFORMATION

17. Licensee waives the contested case hearing and all other procedures before the Board to which Licensee may be entitled under Minnesota state and U.S. federal constitutions, statutes, or rules.

18. Licensee waives any claims against the Board, the Minnesota Attorney General, the State of Minnesota, and their agents, employees, and representatives related to the investigation of the conduct herein, or the negotiation or execution of this Stipulation and Consent Order, which may otherwise be available to Licensee.

19. This Stipulation and Consent Order, the files, records, and proceedings associated with this matter shall constitute the entire record and may be reviewed by the Board in its consideration of this matter.

20. Either party may seek enforcement of this Stipulation and Consent Order in any appropriate civil court.

21. Licensee has read, understands, and agrees to this Stipulation and Consent Order and has voluntarily signed the Stipulation and Consent Order. Licensee is aware this Stipulation and Consent Order must be approved by the Board before it goes into effect. The Board may

approve the Stipulation and Consent Order as proposed, approve it subject to specified change, or reject it. If the changes are acceptable to Licensee, the Stipulation and Consent Order will take effect and the order as modified will be issued. If the changes are unacceptable to Licensee or the Board rejects the Stipulation and Consent Order, it will be of no effect except as specified in the following paragraph.

22. Licensee agrees that if the Board rejects this Stipulation and Consent Order or a lesser remedy than indicated in this settlement, and this case comes again before the Board, Licensee will assert no claim that the Board was prejudiced by its review and discussion of this Stipulation and Consent Order or of any records relating to it.

23. This Stipulation and Consent Order does not limit the Board's authority to proceed against Licensee by initiating a contested case hearing or by other appropriate means on the basis of any act, conduct, or admission of Licensee which constitutes grounds for disciplinary action and which is not directly related to the specific facts and circumstances set forth in this document.

VIII.

PRE-CHARGE CONSENT ORDER

Background

Between August 2016 and July 2018, the Maryland Board of Pharmacy (the "Board") received self-reports of disciplinary actions taken in six other states against GenRx Pharmacy (the "Pharmacy"), Permit No. P06911. Because most of the other disciplinary actions concerned practicing pharmacy in those states without an active pharmacy permit, the Board subpoenaed the Pharmacy's records of prescription drugs dispensed into Maryland between January 1, 2010, and August 21, 2015. The information provided by the Pharmacy indicated that the Pharmacy dispensed 7,354 prescriptions into Maryland before it received a permit from the Board on August 22, 2015.

In lieu of instituting formal proceedings against the Pharmacy, in accordance with the Maryland Pharmacy Act, Md. Code Ann., Health Occ. § 12-101 et seq., the Board held a Pre-Charge Case Resolution Conference ("CRC") with the Pharmacy on August 22, 2018. As a result, the Board and the Pharmacy have agreed to resolve this matter as set forth in this Consent Order.

FINDINGS OF FACT

1. The Pharmacy began operating as a pharmacy in Maryland under Permit No. P06911 on August 22, 2015. The Pharmacy's permit is currently active and is set to expire on May 31, 2020.

2. Between August 2016 and July 2018, the Pharmacy self-reported to the Board disciplinary actions taken by Boards of Pharmacy in Oregon, Kentucky, South Carolina, and Minnesota, all for shipping prescription drugs to patients in those states without a permit. The Pharmacy also disclosed reciprocal disciplinary actions taken by Boards of Pharmacy in Alabama and California based on the other disciplinary actions reported to the Board.
3. On April 25, 2018, the Board issued a *subpoena duces tecum* to the Pharmacy, requesting dispensing records for all prescriptions dispensed by the Pharmacy into Maryland between January 1, 2010, and August 21, 2015. The responsive documents submitted by the Pharmacy indicated that it dispensed 7,354 prescriptions into Maryland without an active pharmacy permit between July 28, 2014, and August 21, 2015.
4. At the CRC, the Pharmacy admitted to dispensing prescription drugs into Maryland without an active permit, although it noted that it did not dispense any compounded drugs or controlled dangerous substances into Maryland. The Pharmacy stated that after it learned of its licensing deficiencies in several states, it discharged some senior staff and brought in a new chief executive officer to clean up any quality assurance issues. The Pharmacy noted that the root causes of its licensure issues were a knowledge deficit and certain system deficiencies.
5. The Pharmacy also stated that it took several steps to ensure that no further licensing deficiencies occur. Specifically, the Pharmacy stated that it implemented a shipping software system that does not allow it to print labels for shipping into states where it does not have a permit, hired general counsel to survey its compliance with various state laws, and created an anonymous ethics hotline. The Pharmacy also received URAC mail order accreditation on August 1, 2018.

CONCLUSION OF LAW

Based on the foregoing Findings of Fact, the Board concludes that the Pharmacy is subject to disciplinary action in accordance with Md. Code Ann., Health Occ. §§12-401(a), 12-703, and 12-707(e), and COMAR 10.34.11.09D(1)(b).

ORDER

Based on an affirmative vote of a majority of the Board, it is this 19th day of December, 2018, hereby:

ORDERED that the Pharmacy shall pay a fine in the amount of $10,000.00, payable to the Maryland Board of Pharmacy, within thirty (30) days of the date of this Order; and be it further,

ORDERED that failure to pay in full the above fine within thirty (30) days of the date of this Order shall be considered a violation of this Order, and after notice and opportunity for a show cause hearing may subject the Pharmacy to further discipline such as suspension, revocation or further fines based on the violations cited in this Order; and be it further,

RE: GenRx Pharmacy, Utah License #9452529-1708

Dear Sir or Madam:

We are in receipt of your letter dated September 27, 2019 (copy enclosed) with an associated "Citation and Fine" for $300.00 for failure to report numerous disciplinary actions with 10 days of the action[1] pursuant to U.C.A. 58-17b-614.

Enclosed please find a check payable to "DOPL" (Division of Occupational and Professional Licensing) in the amount of $300.00 to satisfy the "Citation and Fine". I have also enclosed the "Notice of Response" as instructed and elected Option #2; "I admit committing the offense, hereby submit the fine imposed (if applicable) with a written explanation of the circumstances of the offense and **request that the fine be reduced or the sanction be modified.**"

I have taken the opportunity to review discipline records. I believe I understand where the confusion lies. As you know, agreement as to the terms of a Consent Order with Board staff is not always a guarantee the full Board committee will adopt the Order. GenRx has adopted a policy of notifying jurisdictions of discipline within 10 days of our *confirmation* that the Order has been adopted. This is for good reason. In the case of our South Carolina discipline (not referenced in your letter, but timely disclosed nevertheless), GenRx learned that premature disclosure of a proposed first Order GenRx *expected* South Carolina to adopt resulted in the necessity to rescind the disclosure. In fact, South Carolina proposed two Consent Orders that GenRx accepted that were subsequently rejected by the full South Carolina Board. GenRx ultimately appeared in front of the full board the third time, which resulted in an Order that was eventually adopted. As you can imagine, this created confusion for numerous jurisdictions asking

[1] The Citation references an Alabama action on 5/13/19. Please note there is no final action from Alabama at this time in reference to this reciprocal discipline. GenRx disclosed this as an investigation on its Utah renewal application.

for a fully executed Order after our premature disclosure because the first Order was never countersigned and could not be provided.

Thus, GenRx's policy has been to disclose discipline after *confirmation* the Consent Order is adopted and countersigned. Many times this confirmation does not come until weeks after the Board adopts and countersigns the order, making disclosure within 10 days an impossibility. As an example, although GenRx might have signed the Maryland Consent Order on December 7, 2018, the full Maryland Board did not meet, adopt and fully execute the Order until December 19, 2018. Undersigned counsel had to follow-up with the Maryland Board and did not receive a copy of the Order until January 2, 2019. GenRx mailed its notifications to each state in which it held a non-resident license (including Utah) on January 4, 2019. Even had GenRx been able to confirm the Maryland Board had adopted the Order on December 19, 2018, disclosure without a fully executed copy would be impractical as the final Order would be expected to be attached as an exhibit to the disclosure letter.

GenRx acknowledges that perhaps it could have been more specific in its disclosures regarding when complaints were issued, when GenRx accepted an order, when the order was made final, and most importantly, when GenRx received notification with a copy of the fully executed Order. However, GenRx would respectfully request that DOPL consider that, even in the event an organization discloses late, they are still disclosing. It would seem to be poor public policy to penalize an organization for disclosing discipline a few days late and would actually incentivize people with ill intent to not disclose at all and risk their lack of disclosure not be discovered.

In the event Utah's Division of Occupational and Professional Licensing choose to reduce of modify the sanction as requested, GenRx will still be required to disclose this Citation and Fine to each jurisdiction in which it holds a non-resident license within 10 days, or risk similar actions in other states. Nevertheless, GenRx wishes to explain the underlying circumstances in hopes that it sheds light on an organization that makes every effort to be compliant with all State and Federal laws, rules and regulations.

As always, should you have any questions, please do not hesitate to contact me. You may e-mail me at asnow@genrx2u.com or reach my direct line at (602) 892-4250 x 2012.

CONSENT ORDER

THIS MATTER comes before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on a complaint against GenRX which resulted in the filing of a Statement of Charges and Notice of Hearing ("Statement") alleging violations of the Alabama Pharmacy Practice Act as are more particularly set out in the Statement which is attached hereto as **Exhibit "A."**

Prior to a hearing in this cause, and pursuant to Code of Alabama (1975) §41-22-12(f), the Board through its counsel and GenRX through its counsel engaged in negotiations and as a result the matters at issue were resolved informally by the parties and the parties negotiated a Consent Order, the terms of which are as follows:

1. The Board finds that GenRX has violated the provisions of law based upon the conduct set out in all Counts of the Statement.

2. GenRX shall pay an administrative fine in the amount of Ten Thousand Dollars ($10,000.00) within thirty (30) days of the effective date of this consent order that being the day the same is signed on behalf of the Board. This payment shall not be subject to discharge in bankruptcy nor shall either pharmacy attempt to discharge the same.

3. GenRX expressly waive its rights pursuant to the Alabama Pharmacy Practice Act, the Alabama Administrative Procedure Act and the Alabama Uniform Controlled Substances Act, including but not limited to the Code of Alabama (1975),

§34-23-34 and §34-23-92(12), Code of Alabama (1975), §41-22-12 and §40-22-20 and Code of Alabama (1975), § 20-2-50 et seq., and including but not limited to the opportunity for a hearing before the Board in connection with any charges against it and any judicial review. GenRX further waives any objection to the attorney for the Board preparing, drafting or making this Order, including the waiver of any objection or right pursuant to Code of Alabama (1975), §41-22-18.

4. By execution of this Consent Order, GenRX hereby releases the Board, its members, agents, representatives, servants and employees from any and all liability, claims, damages, fees or expenses arising out of or made in connection with the matters relating to this Consent Order and Statement.

5. GenRX acknowledges and agrees that any future violation of the Alabama Pharmacy Practice Act, the laws that regulate the sale and/or dispensing of prescription or legend drugs and/or narcotics or any Rules and regulations of the Alabama State Board of Pharmacy or the pharmacy law or rules of the Board of Pharmacy of another state or any other applicable laws may, upon proof and hearing thereof, result in further disciplinary sanctions against GenRX' permit, including, but not limited to revocation.

6. GenRX acknowledges and agrees that it has read this Consent Order and that it fully understand the terms, conditions and contents of the same. GenRX acknowledges and agrees that it voluntarily and of its own free will accepts the terms and conditions set out in this Consent Order and is signing this Consent Order on the advice of its attorney.

THIS MATTER comes before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on a complaint against GenRx which resulted in the filing of a Statement of Charges and Notice of Hearing ("Statement") alleging violations of the Alabama Pharmacy Practice Act as are more particularly set out in the Statement which is attached hereto as **Exhibit "A."**

Prior to a hearing in this cause, and pursuant to Code of Alabama (1975) §41-22-12(f), the Board through its counsel and GenRx through its counsel engaged in negotiations and as a result the matters at issue were resolved informally by the parties and the parties negotiated a Consent Order, the terms of which are as follows:

5. GenRx acknowledges and agrees that any future violation of the Alabama Pharmacy Practice Act, the laws that regulate the sale and/or dispensing of prescription or legend drugs and/or narcotics or any Rules and regulations of the Alabama State Board of Pharmacy or the pharmacy law or rules of the Board of Pharmacy of another state or any other applicable laws may, upon proof and hearing thereof, result in further disciplinary sanctions against GenRx's permit, including, but not limited to revocation.

6. GenRx acknowledges and agrees that it has read this Consent Order and that it fully understand the terms, conditions and contents of the same. The alleged violator has voluntarily entered into an Opportunity to Correct Plan with the Indiana Professional Licensing Agency (PLA). Pursuant to IC 4-21.5-2.5-7, the alleged violator enters into a written Corrective Plan to correct the alleged violation(s) set forth above before the agency institutes an enforcement action which may include the filing of a Consumer Complaint with the Office of the Indiana Attorney General. Upon notice that the alleged violation(s) has been corrected, this Agency shall re-inspect not more than thirty (30) days after to determine if you have substantially complied with the applicable rule or state statute. If subsequent inspection identifies a failure to address previous violations the facility will "fail" the inspection and additional enforcement actions may be initiated against licensure.

In order to avoid additional enforcement action, the alleged violator must submit the Corrective Plan within five (5) business days after the initial inspection. A plan of corrective action can be either emailed to PLACompliance@pla.in.gov, or mailed to: Indiana Professional Licensing Agency, Attn: Compliance Division, 402 W. Washington St. RM W072, Indianapolis, IN 46204.
