Texas State Board of Pharmacy

"Red Flags" Checklist for Pharmacies

YOU MIGHT BE A PILL MILL IF...

Check all that apply:

	(1) Your pharmacy fills a discernable pattern of prescriptions for prescribers who write essentially the same prescriptions for numerous persons, indicating a lack of individual drug therapy
	(2) Your pharmacy operates with limited hours of operation or closes after a certain threshold of controlled substance prescriptions are dispensed, and has overall low prescription dispensing volume.
	(3) Prescriptions presented to the pharmacy are for controlled substances with popularity as street drugs, such as opiates, benzodiazepines, muscle relaxants, psychostimulants, and/or cough syrups, or any combination of these drugs.
	(4) The prescriptions for controlled substances contain nonspecific or no diagnoses.
	(5) The prescriptions are commonly for the highest strength of the drug and/or for large quantities.
	(6) Dangerous drugs or OTC products (such as multi-vitamins or laxatives) are added to the controlled substance prescriptions, maintaining relatively consistent 1:1 ratio of controlled substances to dangerous drugs and/or OTC products dispensed as prescriptions.
	(7) Prescriptions are authorized by the same prescriber with what appears to be different handwriting on the hardcopy prescription drug order forms.
	(8) Upon contact with the prescriber's office, you are unable to engage in comprehensive discussion with the actual prescriber, or he/she is unconcerned about your apprehensions regarding his/her prescribing practices or unwilling to provide additional information, such as treatment goals and/or prognosis with prescribed drug therapy.
	(9) You rely solely on the prescriber's representation, or on the representation of the individual answering the phone at the number on the prescription, that prescriptions are legitimate.
	(10) The prescriber's clinic is not registered as a pain management clinic by the Texas Medical Board, despite routinely receiving prescriptions from the prescriber foropiates, benzodiazepines, and/or muscle relaxants.
	(11) Drugs prescribed are inconsistent with the prescriber's area of practice.
	(12) The prescriber of the drugs is located a significant distance from your pharmacy.
	(13) The prescriber has been subject to disciplinary action by the licensing board, had his/her DEA registration removed, or been subject to criminal action.
	(14) The Texas PMP system indicates that persons are obtaining prescriptions for the same drugs from multiple prescribers or that persons are filling prescriptions for the same drugs at multiple pharmacies.
	(15) The person's address is a significant distance from your pharmacy and/or from the prescriber's office.
	(16) Multiple persons with the same address present prescriptions from the same prescriber.
	(17) Persons pay with cash or credit card more often than through insurance.
	(18) Persons presenting controlled substance prescriptions are doing so in such a manner that varies from seeking routine pharmacy services (e.g., willing to wait in long lines to receive drugs, persons arrive in the same vehicle with prescriptions from same prescriber, one person presents to pick up prescriptions for multiple others, persons refer to drugs by "street names" and/or comment on drug's color, persons seek early refills, persons travel from outside reasonable trade area of pharmacy).
	(19) Your pharmacy charges and persons are willing to pay more for controlled substances than they would at nearby pharmacies.
	(20) Your pharmacy routinely orders controlled substances from more than one drug supplier, or your pharmacy has been discontinued by a drug supplier related to controlled substance orders.
	(21) Sporadic and non-consistent dispensing volume (including zero dispensing) varies from day to day and week to week, and your pharmacy does not maintain operational hours each week on Monday through Friday.
	(22) Your pharmacy employs or contracts security personnel during operational hours to prevent problems.
	(23) Your pharmacy has been previously warned or disciplined by the Texas State Board of Pharmacy for inappropriate dispensing of controlled substances (i.e., corresponding responsibility).

If you checked any of the above items, you should review the laws and rules regarding corresponding responsibility and non-therapeutic dispensing, especially Board rule §291.29, in the law book or on our website: www.pharmacy.texas.gov (click on Texas Pharmacy Rules and Laws). Additional educational material is available at: http://www.pharmacy.texas.gov/Nontherapeutic.asp. Failure of pharmacies and pharmacists to detect patterns of inappropriate dispensing of prescription drugs is unprofessional practice and constitutes grounds for disciplinary action.

Dear Licensing Director:

Please find enclosed the non-resident pharmacy application for Physicians Preference Pharmacy International, LLC. We previously held licensure in Nevada for many years, but closed our license due to the mandate that all pharmacists hold licensure in Nevada, as it just was not feasible for our business. Our previous license number was PH01991.

We are reapplying for licensure now that the pharmacist requirement has changed. I am the managing pharmacist, and I hold NV licensure (24127). Our facility and ownership have not changed in the time since our NV licensure closure, nor have we added or cancelled any of our services. We are operating in the same manner and are still PCAB-accredited.

Sincerely,

FACTUAL ALLEGATIONS

2. From January 3, 2020, to January 3, 2022, Respondent's Prescription Monitoring Program (PMP) database patient request history report reveals a total of 55,102 queries. However, Respondent only issued 1,915 prescriptions (including refills) for 490 unique patients during that period.

3. Respondent regularly permitted unauthorized persons who were not licensed practitioners, including staff at 5 or more office locations, to use Respondent's credentials to access the PMP database and review patient utilization reports for patients of approximately 40 other practitioners, patients with whom Respondent had not established a bona fide therapeutic relationship.

4. Respondent failed to query and review for accuracy his MyRx prescriber activity report in the PMP database as required at least once every 6 months from 2015 through 2021, and during the 14-month period of July 7, 2022, to October 3, 2023.

APPLICABLE LAW

5. No person may prescribe a controlled substance except as authorized by law. 21 CFR § 1306.03; NRS 453.226(1); NRS 453.321(1)(a); NRS 639.100(1).

6. A prescribing practitioner shall only issue a controlled substance prescription after review of a patient's utilization report in the PMP database in conformance with NRS 639.23507.

7. A practitioner shall review for accuracy his or her prescriber activity in the PMP database at least once every 6 months. NRS 453.164(7).

8. Patient utilization reports and all data in the PMP database constitute Protected Health Information (PHI); unauthorized access constitutes a criminal offense. 42 U.S.C. §1320d-6; 45 C.F.R. Part 160 and Part 164, Subparts A and E; NRS 453.164(8); NRS 453.552(2).

9. Performing or in any way being a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(h) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 453.236(1) and NRS 639.210(4).

10. Performing any duties as the holder of a controlled substance registration or a dispensing practitioner registration in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 453.236(1) and NRS 639.210(4).

11. Violating, attempting to violate, assisting or abetting in the violation of or conspiring to violate any law or regulation relating to drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 453.236(1) and NRS 639.210(12).

12. The Board may suspend or revoke a registration issued pursuant to NRS 453.226 to prescribe or otherwise dispense a controlled substance upon a finding that the registrant has

committed an act that would render registration inconsistent with the public interest. NRS 453.236(1)(e) and NRS 453.241(1).

COUNT ONE

Violations of Law - Prescription Monitoring Program

13. By permitting unauthorized persons to access the PMP database and PHI using Respondent's credentials, as alleged in Paragraph 2 herein, and by failing to review for accuracy his MyRx prescriber activity, as alleged in paragraph 3 herein, Respondent violated, attempted to violate, assisted or abetted in the violation of or conspired to violate 42 U.S.C. §1320d-6, 45 C.F.R. Sterility – This preliminary report was issued after approximately 72 hours of incubation. In accordance with the test methodology, the sample will be incubated for 14 days; if there is any change in the sample a supplemental report will be issued.

Fungal – This preliminary report was issued after approximately 4 days of incubation. In accordance with the test methodology, the sample will be incubated for 14 days; if there is any change in the sample a supplemental report will be issued.

Endotoxin - To calculate the endotoxin limit use the following formulae: EL = K/M where K = tolerance limit (EU/kg) and M = Maximum dose/kg/hour or Maximum dose/kg
Parenteral: K is 5 EU/kg for any route of administration /Intrathecal: K is 0.2 EU/kg body weight)
Radiopharmaceutical parenteral: K is 175/V or Intrathecal radiopharmaceuticals: K is 14/V, where V is the maximum recommended dose in mL.
Dermal Application: K/M, where K = 5 EU/kg and M is the (maximum dose/m2/hour × 1.80 m2)/70 Kg.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **ROBERT FEINGOLD, MD,** **Certificate of Registration Nos. CS15741, CS18837, CS28864, PD15741, PD27479,** **Respondent.**	**CASE NO. 23-118-CS-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Robert Feingold, MD, held controlled substance registrations, Certificate Nos. CS15741, CS18837, and CS28864, and dispensing practitioner registrations, Certificate Nos. PD15741, and PD27479, all issued by the Board.

FACTUAL ALLEGATIONS

2. On or about December 20, 2018, an annual Board inspection of Respondent's practice at Medical Weight Loss & Wellness Center, Inc. dba Advanced Medical Weight Loss & Wellness Center (Advanced Medical), located at 1450 W. Horizon Parkway, Suite B313 in Henderson, revealed that Respondent permitted unlicensed individuals to have independent access by key to the medication storage containing controlled substances and dangerous drugs, and to access those medications outside Respondent's presence and without Respondent's supervision.

3. On or about December 29, 2021, a Board investigation at Advanced Medical revealed that Respondent permitted medical technician A.D. to have independent access by key

to the medication storage containing controlled substances and dangerous drugs, and to access those medications outside Respondent's presence and without Respondent's supervision.

4. On or about February 1, 2022, a Board investigation at Advanced Medical revealed that Respondent continued to permit unlicensed medical assistants to have independent access by key to the medication storage containing controlled substances and dangerous drugs, and to access those medications outside Respondent's presence and without Respondent's supervision.

5. On March 23, 2023, a Board investigation at Advanced Medical revealed that Respondent continued to permit unlicensed medical assistants to have independent access by key to the medication storage containing controlled substances and dangerous drugs, and to access those medications outside Respondent's presence and without Respondent's supervision.

6. Respondent permitted persons not licensed as practitioners in Nevada, including, without limitation, Advanced Medical owner Claudia Baker, to act under his authority to operate Advanced Medical, to provide on-site medical treatment to patients, and to purchase, access, store, possess, administer, furnish and/or dispense controlled substances, dangerous drugs and hypodermic devices, including, without limitation, administering various injections of vitamins, glutathione, and amino blends, to patients with whom Respondent had not established a bona fide therapeutic relationship, before Respondent had examined the patients and without his direct supervision, and for whom Respondent had neither diagnosed or determined that a prescription drug was medically necessary.

7. In June 2019, purchase orders and invoices from supplier Modern Medical reveal that Advanced Medical obtained 1000 tablets of alprazolam 0.5 mg under Respondent's credentials that were not accounted for in Advanced Medical's inventory in July 2019, nor were there any records showing the dispensing of alprazolam from Advanced Medical.

8. Advanced Medical's purchase orders/invoices indicated the purchases and deliveries of the following medications:

- Finasteride 1 mg tablets, quantity.90, on or about March 4, 2019, quantity 180, on June 28, 2019, and quantity 180 on August 19, 2019.
- Sildenafil citrate 100 mg, quantity 200 on May 1, 2019 and quantity 200 on August 19, 2019.
- Tretinoin cream 0.025% 45 gm on June 6, 2019, January 9, 2020, February 13, 2020, June 25, 2020, October 6, 2020, December 17, 2020, May 6, 2021, September 28, 2021, and January 13, 2022.

However, Advanced Medical maintained no inventory or dispensing records accounting for these medications.

9. Records evidence that Advanced Medical staff shipped controlled substances to out-of-state patients, including, without limitation, phentermine mailed to J.G. in San Antonio, TX on multiple occasions, and phendimetrazine mailed to J.C. in St. George, UT on multiple occasions.

10. Advanced Medical's dispensing logs substantiate that medications were dispensed when Respondent was not present at the facility, including, without limitation:

- hCG dispensed to patient C.B. on August 27, 2021;
- hCG dispensed to patient L.S. on September 10, 2021;
- phentermine lollipops dispensed to patient C.L. on September 24, 2021;
- hCG dispensed to patient J.D. on October 11, 2021;
- hCG dispensed to patients S.K. and S. R. on October 11, 2021; and
- phentermine lollipops dispensed to patient T.C. on November 5, 2021.

11. From June 2019 to January 2022, Respondent regularly prescribed controlled substances and dangerous drugs, including, without limitation, alprazolam, finasteride, sildenafil citrate, tretinoin cream, phentermine, hCG, sermorelin and ipamorelin, to patients with whom Respondent had not established a bona fide therapeutic relationship, before Respondent had examined the patients and without his direct supervision, and for whom Respondent had neither diagnosed or determined that a prescription drug was medically necessary.

12. Respondent dispensed controlled substances and dangerous drugs ordered on patient-specific prescriptions to other patients, including, without limitation, hCG, phentermine lollipops, sermorelin and ipamorelin. For example: Records from Hallandale Pharmacy document the following prescriptions for hCG filled on October 21, 2021: Rx#2302889 for patient L.P; Rx#2305158 for patient B.S.; and Rx#2302886 for patient M.R. There is no record of these patients receiving these medications; however, Advanced Medical's dispensing logs document numerous other patients being dispensed hCG. Hallandale Pharmacy records also document the following prescriptions for phentermine lollipops filled on October 21, 2021: Rx#2302894 for patient C.E.; Rx#230902 for patient B.S.; Rx#2305996 for patient D.I.; and Rx#2305991 for patient A.T. There is no record of phentermine lollipops dispensed to these particular patients after the dates of the prescriptions; however, Advanced Medical's dispensing records document phentermine lollipops dispensed to other patients, including J.F., S.A., J.P., Y.M., and C.L.

13. Respondent failed to maintain accurate records of controlled substances dispensed. Prescription Monitoring Program (PMP) database prescriber activity reports document the following prescriptions dated September 15, 2022, which were not substantiated by Advanced Medical's dispensing records:

Rx#108741 - 1000 phentermine 37.5 mg tablets for a 7-day supply to patient K.B.

Rx#108739 - 1000 phentermine 37.5 mg tablets for an 84-day supply to patient L.H.

Attorney for Joseph Palumbo, DO

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. JOSEPH PALUMBO, DO, Certificate of Registration No., CS26034 Respondent.	CASE NO.: 23-266-CS-BS **ANSWER AND NOTICE OF DEFENSE**

With sincere respect for the Nevada States Board of Pharmacy ("Board"), Respondent above named, in answer to the Notice of Intended Action and Accusation ("Complaint") filed in the above-titled matter before the Board, declares that his objections to the Complaint as being incomplete or failing to state clearly the charges against him is hereby interposed on the following grounds:

1. Answering Paragraph 1, Respondent admits that the Nevada State Board of Pharmacy (Board) has jurisdiction over this matter, and that at the time of the events alleged herein, Respondent Joseph Palumbo, DO, held a Nevada controlled substance registration, Certificate of Registration No. CS26034, issued by the Board. As for the remaining allegations, Respondent is without sufficient knowledge or information upon which to form a belief as to the truth or falsity of the allegations set forth therein and upon that basis denies each and every allegation set forth therein.

2. Answering Paragraph 2, Respondent admits that, for limited and specific purposes, he served as one of at least two or more "medical directors" of Prime IV, located at 10595 W Discovery Drive in Las Vegas, Nevada, from November 11, 2022, to the date of the Complaint, February 27, 2024. As for the remaining allegations, Respondent is without sufficient

knowledge or information upon which to form a belief as to the truth or falsity of the allegations set forth therein and upon that basis denies each and every allegation set forth therein.

3. Answering Paragraph 3, Respondent asserts that these allegations are made without any reference to specific facts, and made against multiple individual licensees with different and apparently overlapping periods of, and differing professional involvement with, the unspecified events that have been placed, apparently, in question by these allegations. The allegations refer, apparently, to multiple, unspecified patients with whose care Respondent had no involvement whatsoever, and with respect to care rendered by persons and/or practitioners other than Respondent, and about which Respondent had no knowledge. This generic pleading makes it impossible for Respondent to understand the nature of the allegations against him, specifically, which makes formulating a defense impossible, violates Respondent's Sixth Amendment rights, and is an unconstitutionally vague method of pleading that fails to apprise the Respondent, with reasonable certainty, of the allegations against him and, thus, deprives him of the ability to prepare a defense. *See* Dutchess Bus. Servs., Inc. v. Nevada State Bd. of Pharmacy, 124 Nev. 701, 711, 191 P.3d 1159, 1166 (2008) ("Although proceedings before administrative agencies may be subject to more relaxed procedural and evidentiary rules, due process guarantees of fundamental fairness still apply . . . [the Board must] give notice to the defending party of the issues on which decision will turn and the factual material on which the agency relies for decision so that he may rebut it."); In re Ruffalo, 390 U.S. 544, 550-551 (1968) (state professional board disciplinary proceedings are "adversary proceedings of a quasi-criminal nature" so that adequate notice of the charges must be given); United States v. Nance, 533 F.2d 699, 701 (D.C. Cir. 1976). Accordingly, Respondent is without sufficient notice, knowledge and information upon which to form a belief as to the truth or falsity of the allegations set forth therein and upon that basis denies each and every allegation set forth therein.

4. Answering Paragraph 4, this paragraph calls for a legal conclusion and therefore Respondent need not respond to the allegations set forth therein. Nonetheless, out of an abundance of caution, Respondent states that to the extent any of the allegations in this paragraph may be construed as factual allegations, Respondent is without sufficient knowledge or information to either admit or deny the allegations contained in this paragraph, and on this basis, denies each and every allegation set forth therein.

5. Answering Paragraph 5, this paragraph calls for a legal conclusion and therefore Respondent need not respond to the allegations set forth therein. Nonetheless, out of an abundance of caution, Respondent states that to the extent any of the allegations in this paragraph

DocuSign Envelope ID: D48A8598-0306-4911-93BB-B44B4D56228B

may be construed as factual allegations, Respondent is without sufficient knowledge or information to either admit or deny the allegations contained in this paragraph, and on this basis, denies each and every allegation set forth therein.

6. Answering Paragraph 6, this paragraph calls for a legal conclusion and therefore Respondent need not respond to the allegations set forth therein. Nonetheless, out of an abundance of caution, Respondent states that to the extent any of the allegations in this paragraph may be construed as factual allegations, Respondent is without sufficient knowledge or information to either admit or deny the allegations contained in this paragraph, and on this basis, denies each and every allegation set forth therein.

7. Answering Paragraph 7, this paragraph calls for a legal conclusion and therefore Respondent need not respond to the allegations set forth therein. Nonetheless, out of an abundance of caution, Respondent states that to the extent any of the allegations in this paragraph may be construed as factual allegations, Respondent is without sufficient knowledge or information to either admit or deny the allegations contained in this paragraph, and on this basis, denies each and every allegation set forth therein.

8. Answering Paragraph 8, this paragraph calls for a legal conclusion and therefore Respondent need not respond to the allegations set forth therein. Nonetheless, out of an abundance of caution, Respondent states that to the extent any of the allegations in this paragraph may be construed as factual allegations, Respondent is without sufficient knowledge or information to either admit or deny the allegations contained in this paragraph, and on this basis, denies each and every allegation set forth therein.

9. Answering Paragraph 9, this paragraph calls for a legal conclusion and therefore Respondent need not respond to the allegations set forth therein. Nonetheless, out of an abundance of caution, Respondent states that to the extent any of the allegations in this paragraph may be construed as factual allegations, Respondent is without sufficient knowledge or information to either admit or deny the allegations contained in this paragraph, and on this basis, denies each and every allegation set forth therein.

10. Answering Paragraph 10, this paragraph calls for a legal conclusion and therefore Respondent need not respond to the allegations set forth therein. JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because, at the time of the events alleged herein, Respondent Matthew Dikin, DO, held a Nevada controlled substance registration, Certificate of Registration No. CS26423, issued by the Board.

FACTUAL ALLEGATIONS

2. On or about October 4, 2023, the Nevada State Board of Osteopathic Medicine (NSBOM) entered an order in Case No. OT2301003, summarily suspending Respondent's NSBOM License No. DO2227 to practice osteopathic medicine for cause on the basis that the health, safety of welfare of the public and any patient served by the Respondent was at risk of imminent or continued harm.

3. The suspension of Respondent's NSBOM License No. DO2227 operated as an immediate suspension of his Certificate of Registration No. CS26423 with the Board pursuant to NRS 639.2107.

4. The NSBOM Case No. OT2301003 was based in pertinent part on criminal charges initiated against Respondent in December 2020 and December 2022.

5. Respondent failed to disclose to the Board the 2020 criminal charges on his 2022 biennial renewal application for Certificate of Registration No. CS26423.

6. Respondent failed to disclose to the Board the suspension of his NSBOM License No. DO2227.

7. Respondent issued a controlled substance prescription in Nevada on October 23, 2023, prescription no. 474042, after the suspension of his Certificate of Registration No. CS26423.

8. From November 29, 2021 to November 29, 2023 Respondent issued thirty-seven controlled substance prescriptions in Nevada utilizing his U.S. Drug Enforcement Administration (DEA) Certificate of Registration No. BD5774042 for the State of Tennessee.

9. On or about December 5, 2023, the NSBOM entered an order in Case No. OT2301003, lifting the summary suspension of Respondent's NSBOM License No. DO2227 to practice osteopathic medicine; however, Respondent has failed to petition the Board for reinstatement of his Certificate of Registration No. CS26423 pursuant to NRS 639.2565.

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300 and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Amazon Pharmacy #002, Pharmacy License No. PH03988 (Amazon), located in Phoenix, AZ, was a pharmacy licensed by the Board.

2. On or about August 20, 2019, Dr. R.F. submitted an oral prescription order to Amazon for patient J.S. for Depakote DR 250 mg tablets, subsequently designated as prescription no. 64229826. Patient J.S. was on a course of medication for Depakote ER that had previously been dispensed by Amazon.

3. On or about August 28, 2019, Amazon pharmaceutical technician Russell Dube, who is not registered with the Board, contacted the prescribing practitioner's office requesting clarification on prescription no. 64229826 and was advised that patient J.S. should continue to receive Depakote ER, and that it was never the prescribing practitioner's intention to change the prescription from Depakote ER to Depakote DR.

4. On or about August 28, 2019, Amazon pharmacist Danielle Richard, who is not registered with the Board, performed pharmacist verification (for accuracy and DUR) on prescription no. 64229826.

5. On or about September 16, 2019, the prescribing practitioner's office contacted Amazon and was informed by pharmaceutical technician Danielle James, who is not registered with the Board, that prescription no. 64229826 had not yet been dispensed to the patient.

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. MATTHEW OKEKE, M.D., Certificate of Registration No. CS10935, Respondent.	Case No. 19-013-CS-S FINDINGS OF FACT, CONCLUSIONS OF LAW, AND ORDER

This matter came before the Nevada State Board of Pharmacy at its regularly scheduled meeting on Wednesday, January 17, 2024. Gregory L. Zunino, Senior General Counsel, prosecuted the case before the Board. Respondent Matthew Okeke, M.D., Certificate of Registration No. CS10935, failed to appear after being properly served notice of the time, date, and place of the hearing. Pursuant to NRS 622A.350(2) and NRS 638.244(2), the Board adopted, as its Findings of Fact and Conclusions of Law, the allegations, averments, and legal conclusions stated in the Notice of Intended Action and Accusation on file herein. Those allegations, averments, and legal conclusions are restated below with minor conforming changes, as appropriate, to reflect the Board's determination to impose professional discipline in this case.

FINDINGS OF FACT

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over Respondent Matthew Okeke, M.D. (Respondent), because Respondent, at the time of the violations alleged herein, held a Nevada controlled substance registration, Certificate of Registration No. CS10935.

2. Respondent is a physician licensed by the Nevada State Board of Medical Examiners to practice psychiatry in Nevada. During the time periods discussed herein, Respondent was a "practitioner" as that term is defined at NRS 453.126.

3. Between February 28, 2017, and November 21, 2018, Respondent maintained a psychiatric practice in Las Vegas, Nevada. During that time frame, while engaged at various times in overseas travel, Respondent issued or caused to be issued at least one hundred twenty (120)

prescriptions for controlled substances. These included prescriptions for alprazolam, clonazepam, diazepam, lacosamide, pregabalin, lisdexamfetamine, and buprenorphine.

4. Respondent was located outside of the United States during the periods from: 1) February 26 to March 11, 2017; 2) September 27 to October 2, 2017; 3) June 30 to July 17, 2018; and 4) November 9 to November 23, 2018.

5. While engaged in overseas travel as stated above, Respondent employed the following methods of issuing prescriptions for controlled substances: 1) Respondent pre-signed certain of the prescriptions and supplied then to persons under his supervision or control for subsequent distribution to consumers; 2) Respondent authorized or directed one or more persons under his supervision or control to issue prescriptions to consumers by affixing Respondent's signature to those prescriptions via a rubber stamp imprinted with Respondent's signature; and 3) Respondent authorized or directed one or more persons under his supervision or control to telephonically issue prescriptions for consumers using Respondent's name and controlled substances registration number.

6. During the periods described herein, Respondent intentionally failed to maintain patient treatment charts and/or records from which a person could reasonably determine whether Respondent had a bona fide therapeutic relationship with the persons to whom prescriptions for controlled substances were issued under Respondent's name and controlled substances registration number.

7. Respondent caused, directed, or permitted one or more persons under his supervision or control to issue prescriptions for controlled substances even though such person(s) were not licensed or registered under state or federal law to prescribe controlled substances. Respondent knew or should have known that such person(s) was not licensed or registered under state or federal law to prescribe controlled substances.

8. On or about March 9, 2020, the Nevada State Board of Medical Examiners disciplined Respondent for malpractice and for failure to maintain proper medical records.

9. On or about September 7, 2022, Respondent entered a guilty plea pursuant to a plea agreement of committing the offense of intentional failure to maintain adequate records, a gross misdemeanor violation of NRS 422.510(1).

10. On or about September 7, 2022, Discovery Mind Center Ltd. (Discovery Mind Center), a Nevada limited-liability company, entered a guilty plea pursuant to a plea agreement of submitting false claims to defraud Medicaid, a felony violation of NRS 422.540; and of using the identifying information of an older person for unlawful purposes, a felony violation of NRS 205.463.

11. At the time of the offenses described in paragraph 10 above, Respondent owned, controlled, and/or managed Discovery Mind Center. Respondent entered guilty pleas on behalf of Discovery Mind Center.

12. On or about December 8, 2022, the Nevada State Board of Medical Examiners disciplined Respondent for failure to maintain proper medical records.

13. On or about January 17, 2023, Respondent and Discovery Mind Center were sentenced for the criminal offenses described in paragraph 10 above. Discovery Mind Center was ordered to pay $330,000 in restitution, and Respondent was sentenced to probation and ordered to pay $300,000 in costs and penalties.

14. On or about February 21, 2023, Matthew Okeke, M.D., Ltd., a Nevada limited-liability company, was convicted pursuant to a plea agreement of one count of submitting false claims: Medicaid fraud, a category D felony in violation of NRS 422.540(1)(a) and NRS 422.540(2)(a), and one count of obtaining and using personal identifying information of an older person for unlawful purposes, a category D felony in violation of NRS 205.463(1) and NRS 205.463(3)(a).

15. At the time of the offenses described in paragraph 14 above, Respondent owned, controlled, and/or managed Matthew Okeke, M.D., Ltd., a Nevada limited-liability company. Respondent entered guilty pleas on behalf of the company.

16. On or about February 21, 2023, Matthew Okeke, M.D., Ltd., a Nevada limited-liability company, was sentenced for the offenses described in paragraph 14 above. The company was ordered to pay a fine of $100,000.00, among other fees and assessments.

17. Respondent was charged individually with the offenses described in paragraphs 9, 10, and 14 above. As noted above, Respondent entered into plea agreements whereby he avoided individual convictions for all offenses except the gross misdemeanor offense described in paragraph 9 above.

18. On or about October 25, 2022, Respondent submitted to the Board his application to renew his certificate of registration to prescribe controlled substances. The application specifically directed Respondent to disclose any charges, arrests, or convictions. Respondent disclosed the conviction described in paragraph 9 above, referring to it as a "misdemeanor for record keeping," but he omitted to disclose the individual charges and/or arrests related to the more serious offenses described in paragraphs 10 and 14 above.

OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **NEGAR SAFAVI, RPH,** **Certificate of Registration No. 18099,** **and,** **CVS PHARMACY # 6717,** **Pharmacy License No. PH01932,** **Respondents.**	**Case Nos. 20-133-PH-S** **20-133-RPH-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent Negar Safavi ("Respondent Safavi"), because Respondent Safavi holds a certificate of registration issued by the Board pursuant to NRS 639.127, authorizing her to engage in the practice of pharmacy in the state of Nevada.

2. The Board has personal jurisdiction over Respondent CVS Pharmacy #6717 ("Respondent CVS"), because Respondent CVS holds a license issued by the Board pursuant to NRS 639.230, authorizing Respondent CVS to operate a pharmacy located at 60 N. Valle Verde Drive in Henderson, Nevada.

3. The Board has jurisdiction over the subject matter of this accusation because the violations alleged herein involve the practice of pharmacy at a pharmacy location operated by Respondent CVS in Henderson, Nevada.

FACTUAL ALLEGATIONS

4. In June 2020, Respondent Safavi was a registered pharmacist employed by Respondent CVS at its pharmacy on North Valle Verde Drive in Henderson, Nevada.

5. On or about June 24, 2020, while on duty at the pharmacy location on North Valle Verde Drive, Respondent Safavi dispensed, or caused to be dispensed to patient T.E., a total of 14 tablets of Oxycodone 10 mg.

6. The 14 tablets were dispensed pursuant to a prescription written by T.E.'s physician, who provided instructions for T.E. to take 1 tablet by mouth every 12 hours. Respondent CVS assigned prescription number 888727 to that order. A CVS pharmacist or pharmacy technician entered the relevant details about the prescription into the CVS computer system.

7. As of June 24, 2020, Respondent CVS had not previously filled a prescription for T.E. for Oxycodone. Accordingly, the CVS computer system alerted pharmacy staff that patient counseling was required by Nevada law before dispensing the drug.

8. T.E. unknowingly left the pharmacy with just 14 tablets even though T.E.'s physician had written the prescription for 56 tablets. When T.E. later discovered that she had not received the full supply of Oxycodone as prescribed by her physician, she complained to CVS pharmacy employees. T.E. later submitted a lengthy complaint to the Board in which she alleged, among other things, that someone had stolen her Oxycodone.

9. Respondent Safavi neglected to counsel T.E. before T.E. left the pharmacy on June 24, 2020, with 14 tablets instead of 56 tablets as prescribed.

10. Between June 24, 2020, and June 26, 2020, Respondent Safavi investigated T.E.'s complaints concerning the alleged theft of her Oxycodone. Having reviewed pharmacy records, Respondent Safavi determined that there had been no theft of T.E.'s Oxycodone. Respondent Safavi explained to T.E. and/or to T.E.'s physician that T.E. had received just 14 tablets, as opposed to 56 tablets, because T.E.'s insurance would not agree to pay for more than a 7-day supply.

11. T.E. insisted that her insurance would have paid for 56 tablets had pharmacy employees requested preauthorization to fill the full 28-day supply. Respondent Safavi and/or other CVS employees explained that the insurance company would not have processed a request for preauthorization until after she had received the initial 7-day supply. T.E. continued to demand a full 28-day supply of Oxycodone.

12. Between June 24, 2020, and 26, 2020, Respondent Safavi attempted to resolve T.E.'s complaints about having received a short supply of Oxycodone. Respondent Safavi states that she attempted to edit the entry in the CVS computer system for prescription number 88727, and to obtain preauthorization from T.E.'s insurance company. Ultimately, it was determined that T.E.'s insurance would not pay for a 28-day supply of Oxycodone.

13. According to Respondent Safavi, her edits to the data entry for prescription number 88727 were intended to reflect that the prescribed 28-day supply had been partially dispensed on June 24, 2020, and/or to reflect that T.E. would pay cash for the balance of the drug rather than use insurance.

14. Respondent Safavi states that she tried but was unable to edit the data entry for prescription number 88727 to reflect that the prescription had been partially and not fully dispensed. Consequently, the description of the prescribed drug, the dose, and the dosage remained in the system without amendment or modification.

15. Due to Respondent Safavi's edits and/or attempted edits as described above, the CVS computer system automatically prompted another CVS pharmacist, Todd Spears, to fill prescription number 88727 according to the prescription information that remained in the system. That information conformed to the prescription as originally written by T.E.'s physician, without any indication that the prescription had been partially dispensed on June 24, 2020.

16. On or about June 26, 2020, acting in reliance upon the information in the CVS computer system, Spears filled prescription number 88727 with a full 28-day supply of Oxycodone tablets. Spears placed the filled prescription in the pharmacy's waiting bin. Spears stated that he had not previously interacted with T.E. or been made aware of any issues with her prescription.

17. On or about July 24, 2020, T.E. picked up a full 28-day supply of Oxycodone tablets. According to T.E., a pharmacy employee handed her a bag without asking her to sign for the receipt of the contents or present photo identification. Respondent CVS was unable to produce a record of the July 24, 2020, transaction.

18. At no time between June 24, 2020, and July 24, 2020, did T.E.'s physician write her a second prescription for Oxycodone. According to Respondent Safavi, the CVS computer system did not generate a record of the transaction on July 24, 2020, because the system had already been programmed to reflect that prescription number 88727 was fully dispensed on June 24, 2020. As indicated above, Respondent Safavi was unable to modify or amend the applicable data entry.

19. As of October 16, 2020, Respondent CVS had not corrected pharmacy records to reflect that prescription number 88727 was only partially filled on June 24, 2020, and then filled a second time on July 24, 2020, with an excess number of Oxycodone 10 mg tablets.

APPLICABLE LAW

20. The Board may revoke or suspend the registration of any pharmacist who has been guilty of unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4). Likewise, the Board may revoke or suspend the registration of any pharmacist who has violated any provision of Nevada law relating to prescription drugs. NRS 639.210(12). In lieu of revoking or suspending a pharmacist's registration, the Board may impose fines as a disciplinary measure. NRS 639.255; NAC 639.955.

21. A pharmacist's conduct is deemed unprofessional if the pharmacist fails to strictly follow the instructions of the person writing, making, or ordering a prescription as to its filling or refilling. NAC 639.945(1)(d). Additionally, a pharmacist's conduct is deemed unprofessional if the pharmacist performs his or her duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

22. Unless otherwise provided by law, a pharmacist must verbally provide a patient or a person caring for the patient with information about each prescription drug or device dispensed to the

patient. Failure to provide appropriate counseling to the patient constitutes a violation of NRS 639.707(1). Pursuant to NRS 639.210(12), the Board may discipline a pharmacist who violates NRS 639.707(1).

23. Pursuant to NAC 639.910, a computerized system used by a pharmacy for recording information concerning prescriptions must be designed in such a manner that it provides a readily retrievable printed record of the information relating to a prescription or a patient which the pharmacy is required to maintain pursuant to state or federal law, including, without limitation, information relating to the original prescription or the refill or modification of that prescription.

24. Pursuant to NRS 639.230(5), NAC 639.702 and NAC 639.945(2), pharmacies, pharmacy managers, and/or pharmacists are responsible for the acts and omissions of the pharmacy workers under their supervision and/or in their employ.

COUNT ONE
Failure to Counsel
(Respondents Safavi and CVS)

25. On or about June 24, 2020, Respondent Safavi dispensed, or caused to be dispensed to patient T.E., a total of 14 tablets of Oxycodone 10 mg. This was 42 fewer tablets than what had been prescribed by T.E.'s physician.

26. Respondent Safavi neglected to counsel T.E. before T.E. left the pharmacy with 14 tablets of Oxycodone.

27. Had Respondent Safavi properly counseled T.E., she would have alerted T.E. to the discrepancy between the number of tablets dispensed versus the number of tablets prescribed. This, in turn, would have alerted Respondent Safavi to correct the entry in the CVS computer system before it ostensibly became irreversible.

28. Respondent Safavi's conduct as alleged above violated NRS 639.707(1). Further, Respondent's conduct as alleged above was negligent. Accordingly, Respondent Safavi is subject to discipline pursuant to NRS 629.210(4), NRS 639.210(12), and NAC 639.945(1)(i).

29. As the owner/operator of the pharmacy at which Respondent Safavi was employed, Respondent CVS is responsible for Respondent Safavi's conduct as alleged above. Accordingly, the Board may discipline Respondent CVS pursuant to NRS 639.230(5), NAC 639.702 and NAC 639.945(2).

COUNT TWO
Failure to Follow Physician's Instructions
(Respondents Safavi and CVS)

30. On or about June 24, 2020, Respondent Safavi dispensed, or caused to be dispensed to patient T.E., a total of 14 tablets of Oxycodone 10 mg. This was 42 fewer tablets than what had been prescribed by T.E.'s physician.

31. Respondent Safavi did not obtain T.E.'s consent, nor the consent of T.E.'s physician, to deviate from the instructions on the prescription.

32. Having failed to obtain consent to deviate from the instructions on the prescription, Respondent Safavi failed to strictly follow the instructions of the person writing, making, or ordering a prescription as to its filling or refilling.

33. Having failed to obtain consent to deviate from the instructions on the prescription, Respondent Safavi performed her duties in a negligent manner.

34. Respondent Safavi's negligent conduct as alleged above was unprofessional. Accordingly, Respondent Safavi is subject to discipline pursuant to NRS 639.210(4) and NAC 639.945(1)(d) and (i).

35. As the owner/operator of the pharmacy at which Respondent Safavi was employed, Respondent CVS is liable for Respondent Safavi's' negligent conduct as described above. Accordingly, the Board may discipline Respondent CVS pursuant to NRS 639.230(5) and NAC 639.945(2).

COUNT THREE
Failure to Follow Physician's Instructions
(Respondents Safavi and CVS)

36. On or about June 24, 2020, Respondent Safavi dispensed, or caused to be dispensed to patient T.E., a total of 14 tablets of Oxycodone 10 mg. This was 42 fewer tablets than what had been prescribed by T.E.'s physician.

37. Between June 24 and 26, 2020, Respondent Safavi attempted without success to edit pharmacy records to reflect that prescription number prescription number 88727 was partially and not fully dispensed on June 24, 2020. Although Respondent Safavi knew that her attempts to edit pharmacy records were unsuccessful, Respondent Safavi neglected to monitor the status of prescription number 88727.

38. As a result of Respondent Safavi's failure to monitor the status of prescription number 88727, another CVS pharmacist erroneously filled the prescription a second time by adding 56 Oxycodone tablets to the 14 tablets that had already been dispensed to T.E. This, in turn, caused Respondent CVS and/or its employees to dispense too many tablets to T.E, thus deviating from the instructions of the person writing, making, or ordering prescription number 88727 as to its filling or refilling.

39. Respondent Safavi's conduct as alleged above was negligent. Accordingly, she is subject to discipline for having engaged in unprofessional conduct. NRS 639.210(4); NAC 639.945(1)(d) and (i).

40. As the owner/operator of the pharmacy at which Respondent Safavi was employed, Respondent CVS is liable for Respondent Safavi's conduct as described above. Accordingly, the Board may discipline Respondent CVS pursuant to NRS 639.230(5) and NAC 639.945(2).

COUNT FOUR
Failure to Maintain Accurate Records
(Respondent CVS)

41. On or about June 24, 2020, Respondent Safavi dispensed, or caused to be dispensed to patient T.E., a total of 14 tablets of Oxycodone 10 mg. This was 42 fewer tablets than what had been prescribed by T.E.'s physician.

42. On information and belief, Respondent CVS designed its computer system in such a way as to make it difficult if not impossible for Respondent Safavi to correct the history and status of prescription number 88727 as it appeared in pharmacy records.

43. As of October 16, 2020, Respondent CVS had not corrected pharmacy records to reflect that prescription number 88727 was only partially filled on June 24, 2020, and then filled a second time on July 24, 2020, with an excess number of Oxycodone 10 mg tablets.

44. Acting by and through its officers, employees, consultants, and/or independent contractors, Respondent CVS designed a computerized system that was incapable of providing a readily retrievable printed record of relevant information relating to prescription number 88727. Through this conduct, Respondent CVS violated NAC 639.910.

45. Based on the foregoing, Respondent CVS may be disciplined pursuant to NRS 639.210(12).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of Respondent Safavi and the pharmacy license of Respondent CVS.

Nevada State Board of Pharmacy

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, by and through its Senior General Counsel, Gregory L. Zunino, Respondent Negar Safavi ("Respondent Safavi"), and Respondent CVS Pharmacy #6717 ("Respondent CVS") hereby stipulate and agree as follows:

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over Respondent Safavi and Respondent CVS (together "Respondents"), and this matter.

2. The Board's staff properly served each of Respondents with the Notice of Intended Action and Accusation ("Accusation") on file in this matter, together with the Statement to Respondent and Notice of Hearing.

3. The Board and Respondents agreed to delay the date for submitting a Notice of Answer and Defense as the parties pursued settlement negotiations.

4. Respondents acknowledge that they understand the terms of this Stipulation and Proposed Order ("Stipulation"), and they have executed it knowingly and voluntarily.

5. Respondents are aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration of a Board determination in a contested case, the right to appeal a Board determination in a contested case, and all other rights afforded to Respondents under NRS Chapter 233B, the Nevada Administrative Procedure Act, NRS Chapter 622A, which governs administrative

procedure before the Board, NRS Chapter 639, the Nevada Pharmacy Act, and NRS Chapter 453, the Nevada Uniform Controlled Substances Act.

6. Conditioned on the acceptance of this Stipulation by the Board, and excluding the right to challenge any determination that either of Respondents has failed to comply with the provisions of this Stipulation, Respondents hereby freely and voluntarily waive their rights to a hearing, reconsideration, appeal, and other rights related to this action as identified above.

7. Respondent Safavi admits that evidence exists, and that the Board staff prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violations alleged in Count One and Count Three of the Accusation. Although Respondent Safavi denies any direct, individual responsibility for the violation alleged in Count Three of the Accusation, Respondent Safavi acknowledges that pursuant to NAC 639.702, she is responsible for the violation because she was acting as managing pharmacist at the time of the violation and reasonably should have known of the acts and/or omissions of her subordinates. The parties further agree that Count Four of the Accusation does not apply to Respondent Safavi. Finally, the parties agree that Count Two of the Accusation arises from the same facts and circumstances as are alleged in Count One, such that Count Two is partially duplicative of Count One. Therefore, upon approval of this Stipulation by the Board, Count Two of the Accusation shall be dismissed with prejudice as to Respondent Safavi.

8. Respondent CVS admits that evidence exists, and that Board staff prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violations alleged in Count One, Count Three, and Count Four of the Accusation. The parties agree that Count Two of the Accusation arises from the same facts and circumstances as are alleged in Count One, such that Count Two is partially duplicative of Count One. Therefore, upon approval of this Stipulation by the Board, Count Two of the Accusation shall be dismissed with prejudice as to Respondent CVS.

9. To resolve this matter without incurring any further costs or the expenses associated with a hearing, the Board and Respondent Safavi agree to the imposition of the following penalties:

A. Respondent Safavi shall pay an administrative fine of Five Hundred and No/100 Dollars ($500.00) as to each of the violations alleged in Count One and Count Three of the

Accusation, for a total administrative fine of One Thousand and 00/100 Dollars ($1,000.00). This sum shall be payable by *cashier's check, certified check, CVS company check,* or *money order* written to the "**State of Nevada, Office of the Treasurer.**" Respondent Safavi shall remit payment in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, on or before October 15, 2024.

B. Respondent Safavi shall pay the sum of Five Hundred and 00/100 Dollars ($500.00) to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter. This sum shall be payable by *cashier's check, certified check, CVS company check,* or *money order* written to the "**Nevada State Board of Pharmacy.**" Respondent Safavi shall remit payment in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, on or before October 15, 2024.

10. To resolve this matter without incurring any further costs or the expenses associated with a hearing, the Board and Respondent CVS agree to the imposition of the following penalties:

A. Respondent CVS shall pay an administrative fine of Five Hundred and No/100 Dollars ($500.00) as to each of the violations alleged in Count One, Count Three, and Count Four of the Accusation, for a total administrative fine of One Thousand Fine Hundred and 00/100 Dollars ($1,500.00). This sum shall be payable by *cashier's check, certified check, business check,* or *money order* written to the "**State of Nevada, Office of the Treasurer.**" Respondent CVS shall remit payment in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, on or before October 15, 2024.

B. Respondent CVS shall pay the sum of Five Hundred and 00/100 Dollars ($500.00) to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter. This sum shall be payable by *cashier's check, certified check, business check,* or *money order* written to the "**Nevada State Board of Pharmacy.**" Respondent CVS shall remit payment in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, on or before October 15, 2024.

11. This Stipulation constitutes a full and final resolution of the Accusation in Case No. 20-133-RPH-S as to Respondent Safavi, and a full and final resolution of the Accusation in Case No. 20-133-PH-S as to Respondent CVS. However, failure by either Respondent to comply with the terms stated herein may result in issuance by the Executive Secretary of an order to show cause, pursuant to NAC 639.965, directing the noncompliant Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation by that Respondent, the Board may impose additional discipline not inconsistent with the provisions of NRS Chapter 639.

12. The Board's Senior General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on September 4, 2024, in Las Vegas, Nevada. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondents fails to appear for the meeting.

13. The Board may accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60.

14. If the Board rejects any part or all this Stipulation, and unless the parties reach an alternative agreement on the record during the hearing, the parties agree that the Board may hear a full contested hearing on the merits of all alleged violations as stated in the Accusation. The terms and admissions herein may not be used, relied upon, or referred to by any party during any such hearing.

15. Subject to the approval of this Stipulation by the Board, the Board and Respondents agree to release each other from any or all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have been asserted by the Board on or before the effective date of this Order.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and has freely and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

Case Nos. 20-133-PH-S

NOTICE OF INTENDED ACTION AND ACCUSATION

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has personal jurisdiction over Respondent Negar Safavi ("Respondent Safavi"), because Respondent Safavi holds a certificate of registration issued by the Board pursuant to NRS 639.127, authorizing her to engage in the practice of pharmacy in the state of Nevada.

2. The Board has personal jurisdiction over Respondent CVS Pharmacy #6717 ("Respondent CVS"), because Respondent CVS holds a license issued by the Board pursuant to NRS 639.230, authorizing Respondent CVS to operate a pharmacy located at 60 N. Valle Verde Drive in Henderson, Nevada.

3. The Board has jurisdiction over the subject matter of this accusation because the violations alleged herein involve the practice of pharmacy at a pharmacy location operated by Respondent CVS in Henderson, Nevada.

FACTUAL ALLEGATIONS

4. In June 2020, Respondent Safavi was a registered pharmacist employed by Respondent CVS at its pharmacy on North Valle Verde Drive in Henderson, Nevada.

5. On or about June 24, 2020, while on duty at the pharmacy location on North Valle Verde Drive, Respondent Safavi dispensed, or caused to be dispensed to patient T.E., a total of 14 tablets of Oxycodone 10 mg.

6. The 14 tablets were dispensed pursuant to a prescription written by T.E.'s physician, who provided instructions for T.E. to take 1 tablet by mouth every 12 hours. Respondent CVS assigned prescription number 888727 to that order. A CVS pharmacist or pharmacy technician entered the relevant details about the prescription into the CVS computer system.

7. As of June 24, 2020, Respondent CVS had not previously filled a prescription for T.E. for Oxycodone. Accordingly, the CVS computer system alerted pharmacy staff that patient counseling was required by Nevada law before dispensing the drug.

8. T.E. unknowingly left the pharmacy with just 14 tablets even though T.E.'s physician had written the prescription for 56 tablets. When T.E. later discovered that she had not received the full supply of Oxycodone as prescribed by her physician, she complained to CVS pharmacy employees. T.E. later submitted a lengthy complaint to the Board in which she alleged, among other things, that someone had stolen her Oxycodone.

9. Respondent Safavi neglected to counsel T.E. before T.E. left the pharmacy on June 24, 2020, with 14 tablets instead of 56 tablets as prescribed.

10. Between June 24, 2020, and June 26, 2020, Respondent Safavi investigated T.E.'s complaints concerning the alleged theft of her Oxycodone. Having reviewed pharmacy records, Respondent Safavi determined that there had been no theft of T.E.'s Oxycodone. Respondent Safavi explained to T.E. and/or to T.E.'s physician that T.E. had received just 14 tablets, as opposed to 56 tablets, because T.E.'s insurance would not agree to pay for more than a 7-day supply.

11. T.E. insisted that her insurance would have paid for 56 tablets had pharmacy employees requested preauthorization to fill the full 28-day supply. Respondent Safavi and/or other CVS employees explained that the insurance company would not have processed a request for preauthorization until after she had received the initial 7-day supply. T.E. continued to demand a full 28-day supply of Oxycodone.

12. Between June 24, 2020, and 26, 2020, Respondent Safavi attempted to resolve T.E.'s complaints about having received a short supply of Oxycodone. Respondent Safavi states that she attempted to edit the entry in the CVS computer system for prescription number 88727, and to obtain preauthorization from T.E.'s insurance company. Ultimately, it was determined that T.E.'s insurance would not pay for a 28-day supply of Oxycodone.

13. According to Respondent Safavi, her edits to the data entry for prescription number 88727 were intended to reflect that the prescribed 28-day supply had been partially dispensed on June 24, 2020, and/or to reflect that T.E. would pay cash for the balance of the drug rather than use insurance.

14. Respondent Safavi states that she tried but was unable to edit the data entry for prescription number 88727 to reflect that the prescription had been partially and not fully dispensed. Consequently, the description of the prescribed drug, the dose, and the dosage remained in the system without amendment or modification.

15. Due to Respondent Safavi's edits and/or attempted edits as described above, the CVS computer system automatically prompted another CVS pharmacist, Todd Spears, to fill prescription number 88727 according to the prescription information that remained in the system. That information conformed to the prescription as originally written by T.E.'s physician, without any indication that the prescription had been partially dispensed on June 24, 2020.

16. On or about June 26, 2020, acting in reliance upon the information in the CVS computer system, Spears filled prescription number 88727 with a full 28-day supply of Oxycodone tablets. Spears placed the filled prescription in the pharmacy's waiting bin. Spears stated that he had not previously interacted with T.E. or been made aware of any issues with her prescription.

17. On or about July 24, 2020, T.E. picked up a full 28-day supply of Oxycodone tablets. According to T.E., a pharmacy employee handed her a bag without asking her to sign for the receipt of the contents or present photo identification. Respondent CVS was unable to produce a record of the July 24, 2020, transaction.

18. At no time between June 24, 2020, and July 24, 2020, did T.E.'s physician write her a second prescription for Oxycodone. According to Respondent Safavi, the CVS computer system did not generate a record of the transaction on July 24, 2020, because the system had already been programmed to reflect that prescription number 88727 was fully dispensed on June 24, 2020. As indicated above, Respondent Safavi was unable to modify or amend the applicable data entry.

19. As of October 16, 2020, Respondent CVS had not corrected pharmacy records to reflect that prescription number 88727 was only partially filled on June 24, 2020, and then filled a second time on July 24, 2020, with an excess number of Oxycodone 10 mg tablets.

APPLICABLE LAW

20. The Board may revoke or suspend the registration of any pharmacist who has been guilty of unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4). Likewise, the Board may revoke or suspend the registration of any pharmacist who has violated any provision of Nevada law relating to prescription drugs. NRS 639.210(12). In lieu of revoking or suspending a pharmacist's registration, the Board may impose fines as a disciplinary measure. NRS 639.255; NAC 639.955.

21. A pharmacist's conduct is deemed unprofessional if the pharmacist fails to strictly follow the instructions of the person writing, making, or ordering a prescription as to its filling or refilling. NAC 639.945(1)(d). Additionally, a pharmacist's conduct is deemed unprofessional if the pharmacist performs his or her duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

22. Unless otherwise provided by law, a pharmacist must verbally provide a patient or a person caring for the patient with information about each prescription drug or device dispensed to the

patient. Failure to provide appropriate counseling to the patient constitutes a violation of NRS 639.707(1). Pursuant to NRS 639.210(12), the Board may discipline a pharmacist who violates NRS 639.707(1).

23. Pursuant to NAC 639.910, a computerized system used by a pharmacy for recording information concerning prescriptions must be designed in such a manner that it provides a readily retrievable printed record of the information relating to a prescription or a patient which the pharmacy is required to maintain pursuant to state or federal law, including, without limitation, information relating to the original prescription or the refill or modification of that prescription.

24. Pursuant to NRS 639.230(5), NAC 639.702 and NAC 639.945(2), pharmacies, pharmacy managers, and/or pharmacists are responsible for the acts and omissions of the pharmacy workers under their supervision and/or in their employ.

COUNT ONE
Failure to Counsel
(Respondents Safavi and CVS)

25. On or about June 24, 2020, Respondent Safavi dispensed, or caused to be dispensed to patient T.E., a total of 14 tablets of Oxycodone 10 mg. This was 42 fewer tablets than what had been prescribed by T.E.'s physician.

26. Respondent Safavi neglected to counsel T.E. before T.E. left the pharmacy with 14 tablets of Oxycodone.

27. Had Respondent Safavi properly counseled T.E., she would have alerted T.E. to the discrepancy between the number of tablets dispensed versus the number of tablets prescribed. This, in turn, would have alerted Respondent Safavi to correct the entry in the CVS computer system before it ostensibly became irreversible.

28. Respondent Safavi's conduct as alleged above violated NRS 639.707(1). Further, Respondent's conduct as alleged above was negligent. Accordingly, Respondent Safavi is subject to discipline pursuant to NRS 629.210(4), NRS 639.210(12), and NAC 639.945(1)(i).

29. As the owner/operator of the pharmacy at which Respondent Safavi was employed, Respondent CVS is responsible for Respondent Safavi's conduct as alleged above. Accordingly, the Board may discipline Respondent CVS pursuant to NRS 639.230(5), NAC 639.702 and NAC 639.945(2).

COUNT TWO
Failure to Follow Physician's Instructions
(Respondents Safavi and CVS)

30. On or about June 24, 2020, Respondent Safavi dispensed, or caused to be dispensed to patient T.E., a total of 14 tablets of Oxycodone 10 mg. This was 42 fewer tablets than what had been prescribed by T.E.'s physician.

31. Respondent Safavi did not obtain T.E.'s consent, nor the consent of T.E.'s physician, to deviate from the instructions on the prescription.

32. Having failed to obtain consent to deviate from the instructions on the prescription, Respondent Safavi failed to strictly follow the instructions of the person writing, making, or ordering a prescription as to its filling or refilling.

33. Having failed to obtain consent to deviate from the instructions on the prescription, Respondent Safavi performed her duties in a negligent manner.

34. Respondent Safavi's negligent conduct as alleged above was unprofessional. Accordingly, Respondent Safavi is subject to discipline pursuant to NRS 639.210(4) and NAC 639.945(1)(d) and (i).

35. As the owner/operator of the pharmacy at which Respondent Safavi was employed, Respondent CVS is liable for Respondent Safavi's' negligent conduct as described above. Accordingly, the Board may discipline Respondent CVS pursuant to NRS 639.230(5) and NAC 639.945(2).

COUNT THREE
Failure to Follow Physician's Instructions
(Respondents Safavi and CVS)

36. On or about June 24, 2020, Respondent Safavi dispensed, or caused to be dispensed to patient T.E., a total of 14 tablets of Oxycodone 10 mg. This was 42 fewer tablets than what had been prescribed by T.E.'s physician.

37. Between June 24 and 26, 2020, Respondent Safavi attempted without success to edit pharmacy records to reflect that prescription number prescription number 88727 was partially and not fully dispensed on June 24, 2020. Although Respondent Safavi knew that her attempts to edit pharmacy records were unsuccessful, Respondent Safavi neglected to monitor the status of prescription number 88727.

38. As a result of Respondent Safavi's failure to monitor the status of prescription number 88727, another CVS pharmacist erroneously filled the prescription a second time by adding 56 Oxycodone tablets to the 14 tablets that had already been dispensed to T.E. This, in turn, caused Respondent CVS and/or its employees to dispense too many tablets to T.E, thus deviating from the instructions of the person writing, making, or ordering prescription number 88727 as to its filling or refilling.

39. Respondent Safavi's conduct as alleged above was negligent. Accordingly, she is subject to discipline for having engaged in unprofessional conduct. NRS 639.210(4); NAC 639.945(1)(d) and (i).

40. As the owner/operator of the pharmacy at which Respondent Safavi was employed, Respondent CVS is liable for Respondent Safavi's conduct as described above. Accordingly, the Board may discipline Respondent CVS pursuant to NRS 639.230(5) and NAC 639.945(2).

COUNT FOUR
Failure to Maintain Accurate Records
(Respondent CVS)

41. On or about June 24, 2020, Respondent Safavi dispensed, or caused to be dispensed to patient T.E., a total of 14 tablets of Oxycodone 10 mg. This was 42 fewer tablets than what had been prescribed by T.E.'s physician.

42. On information and belief, Respondent CVS designed its computer system in such a way as to make it difficult if not impossible for Respondent Safavi to correct the history and status of prescription number 88727 as it appeared in pharmacy records.

43. As of October 16, 2020, Respondent CVS had not corrected pharmacy records to reflect that prescription number 88727 was only partially filled on June 24, 2020, and then filled a second time on July 24, 2020, with an excess number of Oxycodone 10 mg tablets.

44. Acting by and through its officers, employees, consultants, and/or independent contractors, Respondent CVS designed a computerized system that was incapable of providing a readily retrievable printed record of relevant information relating to prescription number 88727. Through this conduct, Respondent CVS violated NAC 639.910.

45. Based on the foregoing, Respondent CVS may be disciplined pursuant to NRS 639.210(12).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of Respondent Safavi and the pharmacy license of Respondent CVS.

Nevada State Board of Pharmacy

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, by and through its Senior General Counsel, Gregory L. Zunino, Respondent Negar Safavi ("Respondent Safavi"), and Respondent CVS Pharmacy #6717 ("Respondent CVS") hereby stipulate and agree as follows:

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over Respondent Safavi and Respondent CVS (together "Respondents"), and this matter.

2. The Board's staff properly served each of Respondents with the Notice of Intended Action and Accusation ("Accusation") on file in this matter, together with the Statement to Respondent and Notice of Hearing.

3. The Board and Respondents agreed to delay the date for submitting a Notice of Answer and Defense as the parties pursued settlement negotiations.

4. Respondents acknowledge that they understand the terms of this Stipulation and Proposed Order ("Stipulation"), and they have executed it knowingly and voluntarily.

5. Respondents are aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration of a Board determination in a contested case, the right to appeal a Board determination in a contested case, and all other rights afforded to Respondents under NRS Chapter 233B, the Nevada Administrative Procedure Act, NRS Chapter 622A, which governs administrative

procedure before the Board, NRS Chapter 639, the Nevada Pharmacy Act, and NRS Chapter 453, the Nevada Uniform Controlled Substances Act.

6. Conditioned on the acceptance of this Stipulation by the Board, and excluding the right to challenge any determination that either of Respondents has failed to comply with the provisions of this Stipulation, Respondents hereby freely and voluntarily waive their rights to a hearing, reconsideration, appeal, and other rights related to this action as identified above.

7. Respondent Safavi admits that evidence exists, and that the Board staff prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violations alleged in Count One and Count Three of the Accusation. Although Respondent Safavi denies any direct, individual responsibility for the violation alleged in Count Three of the Accusation, Respondent Safavi acknowledges that pursuant to NAC 639.702, she is responsible for the violation because she was acting as managing pharmacist at the time of the violation and reasonably should have known of the acts and/or omissions of her subordinates. The parties further agree that Count Four of the Accusation does not apply to Respondent Safavi. Finally, the parties agree that Count Two of the Accusation arises from the same facts and circumstances as are alleged in Count One, such that Count Two is partially duplicative of Count One. Therefore, upon approval of this Stipulation by the Board, Count Two of the Accusation shall be dismissed with prejudice as to Respondent Safavi.

8. Respondent CVS admits that evidence exists, and that Board staff prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violations alleged in Count One, Count Three, and Count Four of the Accusation. The parties agree that Count Two of the Accusation arises from the same facts and circumstances as are alleged in Count One, such that Count Two is partially duplicative of Count One. Therefore, upon approval of this Stipulation by the Board, Count Two of the Accusation shall be dismissed with prejudice as to Respondent CVS.

9. To resolve this matter without incurring any further costs or the expenses associated with a hearing, the Board and Respondent Safavi agree to the imposition of the following penalties:

A. Respondent Safavi shall pay an administrative fine of Five Hundred and No/100 Dollars ($500.00) as to each of the violations alleged in Count One and Count Three of the

Accusation, for a total administrative fine of One Thousand and 00/100 Dollars ($1,000.00). This sum shall be payable by *cashier's check, certified check, CVS company check,* or *money order* written to the "**State of Nevada, Office of the Treasurer.**" Respondent Safavi shall remit payment in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, on or before October 15, 2024.

B. Respondent Safavi shall pay the sum of Five Hundred and 00/100 Dollars ($500.00) to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter. This sum shall be payable by *cashier's check, certified check, CVS company check,* or *money order* written to the "**Nevada State Board of Pharmacy.**" Respondent Safavi shall remit payment in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, on or before October 15, 2024.

10. To resolve this matter without incurring any further costs or the expenses associated with a hearing, the Board and Respondent CVS agree to the imposition of the following penalties:

A. Respondent CVS shall pay an administrative fine of Five Hundred and No/100 Dollars ($500.00) as to each of the violations alleged in Count One, Count Three, and Count Four of the Accusation, for a total administrative fine of One Thousand Fine Hundred and 00/100 Dollars ($1,500.00). This sum shall be payable by *cashier's check, certified check, business check,* or *money order* written to the "**State of Nevada, Office of the Treasurer.**" Respondent CVS shall remit payment in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, on or before October 15, 2024.

B. Respondent CVS shall pay the sum of Five Hundred and 00/100 Dollars ($500.00) to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter. This sum shall be payable by *cashier's check, certified check, business check,* or *money order* written to the "**Nevada State Board of Pharmacy.**" Respondent CVS shall remit payment in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, on or before October 15, 2024.

11. This Stipulation constitutes a full and final resolution of the Accusation in Case No. 20-133-RPH-S as to Respondent Safavi, and a full and final resolution of the Accusation in Case No. 20-133-PH-S as to Respondent CVS. However, failure by either Respondent to comply with the terms stated herein may result in issuance by the Executive Secretary of an order to show cause, pursuant to NAC 639.965, directing the noncompliant Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation by that Respondent, the Board may impose additional discipline not inconsistent with the provisions of NRS Chapter 639.

12. The Board's Senior General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on September 4, 2024, in Las Vegas, Nevada. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondents fails to appear for the meeting.

13. The Board may accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60.

14. If the Board rejects any part or all this Stipulation, and unless the parties reach an alternative agreement on the record during the hearing, the parties agree that the Board may hear a full contested hearing on the merits of all alleged violations as stated in the Accusation. The terms and admissions herein may not be used, relied upon, or referred to by any party during any such hearing.

15. Subject to the approval of this Stipulation by the Board, the Board and Respondents agree to release each other from any or all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have been asserted by the Board on or before the effective date of this Order.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and has freely and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **JONES FEED AND TACK,** **Permit No. VDS00026,** **Respondent.**	**CASE NO. 21-064-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Jones Feed and Tack (Respondent), because Respondent currently holds a permit issued by the Board pursuant to NRS 639.2345 and NAC 639.650, authorizing Respondent to sell veterinary drugs.

2. The Board has jurisdiction over the subject matter of this accusation because the alleged violation involves unpermitted sales of veterinary drugs.

FACTUAL ALLEGATIONS

3. Respondent is currently permitted by the Board to sell veterinary drugs from its business location at 6515 W. Lone Mountain Road in Las Vegas, Nevada. Respondent's sister location is separately permitted by the Board to sell veterinary drugs at 8174 S. Las Vegas Boulevard #111A in Las Vegas, Nevada.

4. In November 2018, Respondent neglected to renew the permit for its business location at 6515 W. Lone Mountain Road.

5. In May 2021, Board staff learned that Respondent was selling veterinary drugs from its location at 6515 W. Lone Mountain Road. Board Investigator Kenneth Scheuber contacted David

Singh, manager, who acknowledged that he had forgotten to renew the permit for the location at 6515 W. Lone Mountain Road. That permit came due for renewal on November 1, 2018.

6. Since 2016, Mr. Singh has continuously maintained a permit for Respondent's sister location at 8174 S. Las Vegas Boulevard #111A in Las Vegas, Nevada.

7. Mr. Singh acknowledged that between November 1, 2018, and May 12, 2021, Respondent sold veterinary drugs from Respondent's unpermitted location at 6515 W. Lone Mountain Road.

8. In November 2020, Mr. Singh attempted through the Board's on-line portal to renew Respondent's permit for the location at 6515 W. Lone Mountain Road. The system did not process the renewal request because the permit had expired more than two years earlier. By email, Board staff advised Mr. Singh that he would have to apply for a new permit.

9. On May 17, 2021, Mr. Singh applied for a new permit for the location at 6515 W. Lone Mountain Road.

10. In 2022, the Board approved Respondent's application and issued a new permit for the location at 6515 W. Lone Mountain Road.

APPLICABLE LAW

11. In Nevada, it is unlawful for any person to sell drugs without the applicable license or permit. NRS 639.100(1). "Drug" is defined to include drugs or medicines intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in humans or animals. NRS 639.007(2).

12. Any person who engages in the sale of veterinary prescription or nonprescription drugs must obtain a permit from the Board. NRS 639.2345(1). "The fee for a biennial permit, valid for a 2-year period commencing November 1 of each even-numbered year, is $300." NAC 639.650(1).

13. In addition to any criminal or civil penalties that may apply, the Board may revoke or suspend the permit of any person who has been guilty of unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4). Likewise, the Board may revoke or suspend the permit of any person who has violated any Nevada law or regulation relating to drugs. NRS 639.210(12).

14. A person's conduct is deemed unprofessional and/or contrary to the public interest if the person performs any act, task or operation for which licensure, certification or registration is required without the required license, certificate, or registration. NAC 639.945(1)(h).

15. In addition to or in lieu of revoking or suspending a person's permit due to an act or omission described above, the Board may impose an administrative fine upon the person. The fine may not exceed $10,000 for each offense. NRS 639.255(1)(f) and (3).

COUNT ONE

Selling Veterinary Drugs Without a Permit

16. Between November 1, 2018, and May 12, 2021, as alleged above, Respondent sold veterinary drugs from Respondent's unpermitted location at 6515 W. Lone Mountain Road. This constitutes a violation of Nevada law for which the Board may impose administrative discipline. NRS 639.210(1); NRS 639.210(12). It also constitutes unprofessional conduct for which the Board may impose administrative discipline. NRS 639.210(4); NAC 639.945(1)(k).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the current permit of this respondent.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **ANGELINA BUCU, APRN,** **Certificate of Registration No. CS29531,** **Respondent.**	**Case No. 21-072-CS-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Angelina Bucu, APRN (Respondent), because Respondent holds a certificate of registration issued by the Board pursuant to NRS 453.226. This certificate of registration authorizes Respondent to prescribe controlled substances in Nevada.

2. The Board has jurisdiction over the subject matter of this accusation because it concerns Respondent's alleged noncompliance with a statutory obligation to monitor her own prescribing activity and that of other practitioners relative to Respondent's Nevada patients. NRS 639.070.

FACTUAL ALLEGATIONS

3. Respondent is licensed by the Nevada State Board of Nursing to practice advanced nursing. At the time of the violations alleged herein, Respondent was a "practitioner" as that term is defined at NRS 453.126(2) and 639.0125(3).

4. Between November 1, 2020, and October 31, 2022, Respondent held a certificate of registration issued by the Board pursuant to NRS 453.226. This certificate of registration authorized Respondent to prescribe controlled substances. Respondent had previously held a certificate of registration for the period from November 13, 2019, to October 31, 2020. Respondent currently holds

a certificate of registration that was issued on November 1, 2022, and is due to expire on October 31, 2024.

5. On November 13, 2019, Respondent established an account with Nevada's Prescription Monitoring Program (PMP). The account provided Respondent with individual access to the PMP database, a confidential source of information concerning all prescriptions written in Nevada for controlled substances.

6. According to the Board's records, Respondent first accessed the PMP database on February 1, 2022. Prior to that date, Respondent had never accessed the PMP database to review her own prescribing activity or to evaluate the prescription histories of the patients for whom she prescribed controlled substances.

7. Between December 16, 2019, and July 31, 2021, Respondent wrote 1,349 prescriptions for controlled substances, including refills. Respondent wrote these prescriptions for 480 different Nevada-based patients.

8. Between November 18, 2020, and January 31, 2021, Respondent worked at the Extensive Pain, Primary and Urgent Care Center of Nevada (Extensive Pain), located at 6465 W. Sahara Avenue, Suite 103, in Las Vegas, Nevada. For a short period of time, Respondent worked at Extensive Pain with another nurse practitioner by the name of Twyla Russell (RN Russell). RN Russell passed away on November 25, 2020.

9. Between November 25, 2020, and January 31, 2020, Respondent assumed responsibility for some or all of RN Russell's former patients. Respondent wrote controlled substance prescriptions for these patients on December 4, 2020, December 17, 2020, January 6, 2021, and January 14, 2021.

10. Respondent did not individually query the PMP database concerning RN Russell's former patients. Instead, Respondent knowingly permitted, caused, or directed a non-practitioner, Arvin Videna, to access the PMP database on Respondent's behalf. Videna accessed the PMP database using the account and credentials that had been assigned to RN Russell.

11. Arvin Videna was never authorized, per NAC 453.070, to access the PMP database as a "delegate" of either Respondent or RN Russell.

APPLICABLE LAW

12. In Nevada, it is unlawful to dispense a controlled substance except as authorized by NRS Chapter 453. NRS 453.321(1)(a). "Dispense" is defined to include the act of prescribing a controlled substance. NRS 453.056.

13. Every practitioner who intends to prescribe controlled substances in Nevada must first apply for and obtain a certificate of registration from the Board. NRS 453.226(1)(a); NRS 453.231(3). The practitioner must renew the certificate of registration on a biennial basis. *Id.* A practitioner who fails to register or renew may be subject to criminal and/or civil penalties for prescribing controlled substances without a certificate of registration. NRS 453.232; NRS 453.553; NRS 453.5531.

14. When a practitioner first obtains a certificate of registration to prescribe controlled substances, the practitioner must enroll in the PMP and complete a course of instruction concerning the use of the PMP database. NRS 453.164(5) & (6); NAC 453.065.

15. A practitioner shall, before issuing an initial prescription for a controlled substance, and at least once every 90 days thereafter for the duration of the course of treatment using the controlled substance, obtain a patient utilization report regarding the patient from the PMP. NRS 639.23507.

16. A practitioner registered with the Board to write prescriptions for controlled substances must access his or her prescriber activity in the PMP at least once every 6 months to review prescriptions issued by the practitioner and to verify for the Board that he or she continues to have access to the PMP. NRS 453.164(7).

17. A practitioner may designate not more than two members of his or her staff to act as delegates for the purpose of accessing the PMP database. NAC 453.070(1). Before accessing the PMP database, a delegate must complete a course of instruction concerning the use of the PMP. NAC 453.070(2).

18. With a few exceptions, the patient and prescription information in the PMP database is confidential. NRS .453.164(8). A practitioner has a duty to maintain the confidentiality of this information.

19. The Board may revoke or suspend the registration of any practitioner who has violated any Nevada statute or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

20. The Board may revoke or suspend the existing registration of any practitioner who has been guilty of unprofessional conduct or conduct contrary to the public interest. *See* NRS 639.210(4).

21. A practitioner's conduct is deemed unprofessional and/or contrary to the public interest if the practitioner performs his or her duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i) and (k).

22. A practitioner's conduct is deemed unprofessional and/or contrary to the public interest if the practitioner fails to provide any document, data, or information that is required to be made and maintained pursuant to the statutes and regulations governing the PMP. NAC 639.945(1)(m).

23. In addition to or in lieu of revoking or suspending a practitioner's certificate of registration due to any violation described herein, the Board may impose an administrative fine upon the practitioner. The fine may not exceed $10,000 for each offense. NRS 639.255(1)(f) and (3).

COUNT ONE

Noncompliance with Prescription Monitoring Program

24. As alleged above, between December 16, 2019, and July 31, 2021, Respondent failed to query the PMP database regarding her patients' histories of using controlled substances. The PMP database compiles a controlled substance utilization report for any practitioner who makes such a query. The controlled substance utilization report provides the practitioner with evidence as to whether a patient is doctor-shopping and/or abusing controlled substances.

25. As alleged above, between December 16, 2019, and July 31, 2021, Respondent failed to query the PMP database regarding her own prescriber activity. The PMP database compiles a report

of prescribing activity for any practitioner who makes such a query. This allows the practitioner to evaluate whether anyone has fraudulently used the practitioner's credentials to prescribe controlled substances.

26. As alleged above, between December 16, 2019, and July 31, 2021, Respondent wrote 1,349 prescriptions for controlled substances, including refills, for 480 different Nevada-based patients.

27. By failing to query the PMP database to review her patients' utilization report prior to issuing a prescription for a controlled substance, and by failing to review her own prescriber activity on a semi-annual basis, Respondent violated NRS 453.164(7) and NRS 639.23507. These are violations of state law and acts that render Respondent's Nevada controlled substance registration inconsistent with the public interest. Therefore, the Board may impose administrative discipline. NRS 639.210(4) and (12); NRS 639.255(3), NRS 453.236(1)(d) and (e), and NRS 453.241(1).

COUNT TWO

Unprofessional Conduct by a Practitioner

28. As alleged above, between November 25, 2020, and January 31, 2020, Respondent assumed responsibility for some or all of RN Russell's former patients. Respondent wrote controlled substance prescriptions for these patients on December 4, 2020, December 17, 2020, January 6, 2021, and January 14, 2021.

29. Respondent did not individually query the PMP database concerning RN Russell's former patients. Instead, Respondent knowingly permitted, caused, or directed a non-practitioner, Arvin Videna, to access the PMP database on Respondent's behalf. Videna accessed the PMP database by using the account and credentials that were assigned to RN Russell.

30. Because Arvin Videna had not been designated as a delegate with permission to access the PMP database, Respondent breached her duty to protect the confidentiality of the information in the PMP database. Therefore, Respondent performed her duties as the holder of a certificate issued by the Board in an incompetent, unskillful or negligent manner.

31. As alleged above, Respondent's acts and/or omissions constitute unprofessional conduct for which the Board may impose administrative discipline. NRS 639.210(4); NAC 639.945(1)(i).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of Respondent Angelina Bucu.

DATED this 18th day of JUNE 2024.

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, by and through counsel, Gregory L. Zunino, Esq., and Respondent Angelina Bucu, APRN ("Respondent"), by and through counsel, Kevin Murphy, Esq., hereby stipulate and agree as follows:

2. The Board's staff properly served Respondent with the Notice of Intended Action and Accusation ("Accusation") on file in this matter, together with the Statement to Respondent and Notice of Hearing.

3. Respondent acknowledges that she understands the terms of this Stipulation and Order ("Stipulation") and has executed it knowingly and voluntarily.

4. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration of a Board determination in a contested case, the right to appeal a Board determination in a contested case, and all other rights afforded to Respondent under NRS Chapter 233B, the Nevada Administrative Procedure Act, NRS Chapter 622A, which governs administrative procedure before the Board, NRS Chapter 639, the Nevada Pharmacy Act, and NRS Chapter 453, the Nevada Uniform Controlled Substances Act.

6. Respondent admits that evidence exists, and that Board staff prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violations alleged in Count One and Count Two of the Accusation. In this regard, Respondent admits that between December 16, 2019, July 31, 2023, she did not access the prescription monitoring program database for the purpose of reviewing her prescribing activity, as required by NRS 453.164(7), and she did not review patient utilization reports in instances where such review was required pursuant to NRS 639.23507. 9. This Stipulation constitutes a full and final resolution of the Accusation in Case No. 21-072-CS-S. The Board's Senior General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on September 4, 2024, in Las Vegas, Nevada. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent fails to appear for the meeting.

If approved, this Stipulation shall become effective as of the date upon which the Board enters its written order below.

12. If the Board rejects any part or all this Stipulation, and unless the parties reach an alternative agreement on the record during the hearing, the parties agree that the Board may hear a full contested hearing on the merits of all alleged violations as stated in the Accusation. The terms and admissions herein may not be used, relied upon, or referred to by any party during any such hearing.

13. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release each other from any or all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have been asserted by the Board on or before the effective date of this Stipulation.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **CVS PHARMACY #9842,** **License No. PH01422,** **Respondent.**	**CASE NO. 22-169-PH-N** **STIPULATION AND ORDER**

Gregory Zunino, Senior General Counsel for Petitioner the Nevada State Board of Pharmacy (Board), and Respondent CVS Pharmacy #9842, License No. PH01422, **HEREBY STIPULATE AND AGREE THAT:**

1. The Board has jurisdiction over Respondent and this matter.

2. On or about March 18, 2024, Respondent was served with the Notice of Intended Action and Accusation (Accusation) on file in this matter together with the Statement to Respondent and Notice of Hearing.

3. The Board and Respondent agreed to delay the date for submitting a Notice of Answer and Defense as both parties pursued settlement negotiations.

4. Respondent is fully aware of the right to seek the advice of counsel in this matter and obtained the advice of counsel prior to entering into this Stipulation.

5. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration, the right to appeal and any and all other rights which may be accorded to them pursuant to NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

6. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondent has failed to comply with the provisions of this Stipulation, Respondent hereby freely and voluntarily waives their rights to

a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to them by NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

7. Respondent admits that evidence exists, and that Board staff prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violation alleged in Count One of the Accusation. Regarding Count Two and Count Three of the Accusation, Respondent maintains that the prescribing practitioner, not an unidentified CVS employee, deleted electronic prescription number 1100905 before Respondent's computer system could preserve a permanent record of the prescription. Respondent disputes that its computer system is inadequate as a matter of law, but Respondent acknowledges that Respondent failed to produce a hard copy of the prescription at the request of the Board's investigator. Therefore, in the interest of compromise, Count Two and Count Three of the Accusation shall be dismissed upon approval of this Stipulation by the Board.

8. To resolve this matter without incurring any further costs or the expenses associated with a hearing, the Board and Respondent agrees to the imposition of the following penalties:

A. Respondent shall pay **Five Hundred Dollars ($500.00)** for the violation alleged in Count One of the Accusation, payable by *cashier's check* or *certified check* or *money order* made payable to **"State of Nevada, Office of the Treasurer,"** to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, not later than October 15, 2024;

B. Respondent shall pay **Five Hundred Dollars (500.00)** to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter, payable by *cashier's check or certified check or money order* made payable to **"Nevada State Board of Pharmacy,"** to be received by the Board's Reno office

located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, not later than October 15, 2024.

9. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an Order to Show Cause pursuant to NAC 639.965 directing that Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. The Board may impose additional discipline upon Respondent consistent with the provisions of NRS Chapter 639;

10. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on September 4, 2024. Respondent will appear at the meeting to answer questions from the Board Members and/or Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent is not present at the meeting;

11. The Board has discretion to accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board it shall be a public record pursuant to NRS 622.330;

12. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board. The terms and agreement herein may not be used or referred to in a full hearing on the merits of this matter;

13. This matter will be reported to the National Practitioner Data Bank as required by 45 C.F.R. §§ 60.3; 60.5; and 60.9;

14. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release each other from any and all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and has

freely and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Candice Denham, D.V.M. (Respondent), because the violations alleged herein, weigh on Respondent's character to hold certificates of registration issued by the Board pursuant to NRS 453.226 to prescribe controlled substances and NRS 639.100 to dispense drugs. Since April 19, 2023, Respondent has held certificate of registration number CS35349 to prescribe controlled substances issued by the Board pursuant to NRS 453.226 and certificate of registration number DV00822 to dispense drugs pursuant to NRS 639.100.

2. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the dispensing of poisons, drugs, chemicals and medicines. NRS 639.070.

FACTUAL ALLEGATIONS

3. Respondent has been licensed by the Board to prescribe controlled substances (CS35349) since April 19, 2023. NRS 453.226. Such a license authorizes the holder to write prescriptions for controlled substances. NRS 453.226.

4. Respondent has been licensed by the Board to dispense drugs (DV00822) since April 19, 2023. NRS 639.100. Such a license authorizes the holder to deliver a controlled substance or dangerous drug to an ultimate user, patient or subject of research by or pursuant to the lawful order of a practitioner. NRS 639.0065.

5. Respondent submitted a controlled substance application and an application for veterinary authority to dispense drugs, both signed on April 12, 2023, that stated she had never been the subject of a board citation or administrative action whether completed or pending in any state.

6. It later came to the Board's attention that Respondent had voluntarily surrendered her DEA Certificate of Registration No. FS5781263 in the State of Hawaii on February 24, 2023.

7. Respondent had admitted at the time to the DEA that she had been using stimulants.

8. On November 2, 2023, Respondent's controlled substance license was suspended pursuant to NRS 639.2107.

APPLICABLE LAW

13. The Board may revoke or suspend a registration if a respondent has violated, attempted to violate, assisted or abetted in the violation of or conspired to violate any of the provisions of this

chapter or any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

14. A person may not secure or attempt to secure any certificate, license or permit issued by the Board for themselves by making, or causing to be made, any false representation. NRS 639.281(1).

15. In lieu of a suspension or revocation, or in concert with it, the Board may impose a fine of up to $10,000 for each violation committed. NRS 639.255(1)(f) and (3).

COUNT ONE
Unprofessional Conduct by a DVM

16. Respondent applied for a certificate of registration with the Board to prescribe controlled substances pursuant to NRS 453.226. On the Board's controlled substance application, question three of section five asks whether the applicant has been the subject of a board citation or an administrative action whether completed or pending in any state. Respondent also applied for veterinarian authority to dispense drugs pursuant to NRS 639.100. On the Board's application for veterinarian authority to dispense drugs, question three of section four asks the same question, whether the applicant has been the subject of a board citation or administrative action whether completed or pending in any state. Respondent answered "no" to this question on both applications. Respondent answered "no" even though she had voluntarily surrendered her Hawaii DEA Registration Number FS 5781263 on February 24, 2023.

17. Because of these actions, Respondent has engaged in unprofessional conduct. NRS 639.210(4). Respondent engaged in unprofessional conduct because Respondent, as the holder of a certificate of registration issued by the Board, performed or was a party to a fraudulent or deceitful practice or transaction. NAC 639.945(1)(h).

18. 20. Respondent filed a false application with the Board when her controlled substance application and her application for veterinary authority to dispense drugs neglected to disclose her voluntary surrender of her DEA Certificate of Registration.

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, by and through counsel, Gregory L. Zunino, Esq., and Respondent Candice Denham, DVM, ("Respondent"), hereby stipulate and agree as follows:

1. The Nevada State Board of Pharmacy (the "Board") has jurisdiction over Respondent and this matter.

2. The Board's staff properly served Respondent with the Notice of Intended Action and Accusation ("Accusation") on file in this matter, together with the Statement to Respondent and Notice of Hearing.

3. The Board and Respondent agreed to delay the date for submitting a Notice of Answer and Defense as the parties pursued settlement negotiations.

4. Respondent acknowledges that she understands the terms of this Stipulation and Order ("Stipulation") and has executed it knowingly and voluntarily.

5. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration of a Board determination in a contested case, the right to appeal a Board determination in a contested case, and all other rights afforded to Respondent under NRS Chapter 233B, the Nevada Administrative Procedure Act, NRS Chapter 622A, which governs administrative procedure before the Board, NRS Chapter 639, the Nevada Pharmacy Act, and NRS Chapter 453, the Nevada Uniform Controlled Substances Act.

6. Conditioned on the acceptance of this Stipulation by the Board, and excluding the right to challenge any determination that Respondent has failed to comply with the provisions of this

Stipulation, Respondent hereby freely and voluntarily waives her right to a hearing, reconsideration, appeal, and other rights related to this action as identified above.

7. Respondent admits that evidence exists, and that Board staff prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violations alleged in the Accusation. In this regard, Respondent admits that she applied to the Board for certificates of registration to prescribe and dispense controlled substances in Nevada and failed to disclose that she had previously surrendered her certificate of registration to prescribe controlled substances as issued by the federal Drug Enforcement Administration (DEA). Further, Respondent admits that she responded "no" to questions on the Board's applications asking whether she had "been the subject of a board citation or administrative action whether completed or pending in any state."

8. Respondent has been advised and understands that she cannot hold certificates of registration to prescribe and dispense controlled substances in Nevada unless she simultaneously holds a current DEA registration number.

9. Now, therefore, to resolve this matter without incurring any further costs or the expenses associated with a hearing, the Board and Respondent agrees to the imposition of the following penalties:

A. Respondent's Certificate of Registration Nos. CS35349 and DV00822 shall be **REVOKED**, and Respondent shall not be eligible to petition for the reinstatement of her privileges to prescribe and dispense controlled substances in Nevada for a period of one (1) year from the effective date of this Stipulation, or until Respondent secures a DEA registration number in Nevada, whichever is later.

B. Respondent shall pay an administrative fine of **One Thousand and 00/100 Dollars ($1,000.00)**, payable by *cashier's check, certified check,* or *money order* written to the **"State of Nevada, Office of the Treasurer."** Respondent shall remit payment in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, on or before October 15, 2024.

C. Respondent shall pay the sum of **One Thousand and 00/100 Dollars ($1,000.00)** to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter. This sum shall be payable by *cashier's check, certified check,* or *money order* written to the **"Nevada State Board of Pharmacy."** Respondent shall remit payment in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, on or before October 15, 2024.

10. This Stipulation constitutes a full and final resolution of the Accusation in Case No. 23-257-CS-S. However, Respondent understands and acknowledges that her failure to comply with the terms stated herein may result in issuance by the Executive Secretary of an order to show cause, pursuant to NAC 639.965, directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation by Respondent, the Board may impose additional discipline not inconsistent with the provisions of NRS Chapter 639.

11. The Board's Senior General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on September 4, 2024, in Las Vegas, Nevada. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent fails to appear for the meeting.

12. The Board may accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60. If approved, this Stipulation shall become effective as of the date upon which the Board enters its written order below.

13. If the Board rejects any part or all this Stipulation, and unless the parties reach an alternative agreement on the record during the hearing, the parties agree that the Board may hear a full contested hearing on the merits of all alleged violations as stated in the Accusation. The terms and admissions herein may not be used, relied upon, or referred to by any party during any such hearing.

14. NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **TAMMARA BEEGHLY, PA,** **Certificate of Registration No. CS12793,** **Respondent.**	**Case No. 23-274-CS-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Tammara Beeghly, P.A. (Respondent), because the violations alleged herein, weigh on Respondent's character to hold a certificate of registration issued by the Board pursuant to NRS 453.226, authorizing Respondent to write prescriptions for controlled substances.

2. The Board has jurisdiction over the subject matter of this accusation because the alleged violations require the Board to enforce referenced provisions of NRS Chapter 453 and NRS Chapter 639. NRS 639.070(l).

FACTUAL ALLEGATIONS

3. Respondent is currently registered by the Board to prescribe controlled substances. NRS 453.226. Such a registration authorizes the holder to write prescriptions for controlled substances. NRS 453.226.

4. A requirement of possessing a controlled substance registration with the Board is to maintain and actively use a prescription monitoring program (PMP) account. NRS 453.162.

5. Respondent's PMP account was activated on or about December 24, 2014.

6. On or about July 10, 2023, Board Inspector Jenine Davis worked with Respondent to update her PMP account.

7. Through this meeting, Board Inspector Davis noticed that Respondent was not in compliance with NRS 453.164(7) and NRS 639.23507.

8. Board Inspector Davis informed Board PMP Compliance Coordinator Dave Jones of this noncompliance.

9. Board PMP Compliance Coordinator Jones conducted an audit of Respondent's account to see whether or not they are compliant with state law related to the PMP. The audits are conducted to ensure compliance with NRS 453.164(7) and NRS 639.23507.

10. Board PMP Compliance Coordinator Jones found that Respondent had not conducted a "MyRx" review of all the prescriptions Respondent had written as required by NRS 453.164(7) for the entire calendar years of 2016, 2017, 2018, 2019, 2020, 2021, 2022, and 2023.

11. Respondent was also found to have only conducted one "MyRx" review ever, on April 29, 2015.

12. Board PMP Compliance Coordinator Jones also found that Respondent conducted individual patient queries as required by NRS 639.23507 a total of 83 times for 37 unique patients between the dates of January 1, 2018, and July 10, 2023.

13. Between January 1, 2018, and July 10, 2023, Respondent had written at least 4,444 prescriptions for controlled substances to at least 499 unique patients.

14. This means that Respondent failed to conduct individual patient inquires at least over 400 times during this period.

15. Respondent's PMP registration listed "jrivera022300@gmail.com" as the email address of record for Respondent's PMP account. Another email address associated with the PMP account was "chw.frontoffice@lvcoxmail.com."

APPLICABLE LAW

16. Each practitioner who is authorized to write prescriptions for human consumption of controlled substances listed in schedule II, III, IV or V shall access the database of the (PMP) program at least once every 6 months to review the information concerning the practitioner that is listed in the database, including, without limitation, information concerning prescriptions issued by the practitioner, and notify the Board if any such information is not correct, and to verify to the Board that he or she continues to have access to and has accessed the database as required by this subsection. NRS 453.164(7).

17. A practitioner shall, before issuing an initial prescription for a controlled substance listed in schedule II, III or IV or an opioid that is a controlled substance listed in schedule V and at least once every 90 days thereafter for the duration of the course of treatment using the controlled substance, obtain a patient utilization report regarding the patient from the computerized program established by the Board. NRS 639.23507.

18. The Board may suspend or revoke any registration if the holder or applicant is guilty of unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4).

19. The Board may suspend or revoke any registration if the holder or applicant has violated, attempted to violate, assisted or abetted in the violation of or conspired to violate any of the provisions of this chapter or any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy, or has knowingly permitted, allowed, condoned or failed to report a violation of any of the provisions of this chapter or any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy committed by the holder of a certificate, license, registration or permit. NRS 639.210(12).

20. The Board requires practitioners to properly register delegates prior to allowing the delegate access to the PMP. NAC 453.070.

21. Unprofessional conduct includes, "performing any duties as the holder of a license issued by the Board in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

22. In lieu of a suspension or revocation, the Board may impose a fine of up to $10,000 for each violation committed. NRS 639.255(1)(f) and (3).

COUNT ONE

Unprofessional Conduct and Violation of State Law – Failure to Query PMP Every 6 Months

23. Respondent established his PMP account on December 24, 2014. Between these dates, Respondent failed to review his PMP account every six (6) months for the entire calendar years of 2016, 2017, 2018, 2019, 2020, and 2021, 2022, and 2023 to ensure that the information in the account concerning the practitioner, including the legitimacy or validity of the prescriptions Respondent is shown as having written was correct. Respondent conducted a "MyRx" query of all the prescriptions she had written only one time ever, on April 29, 2015. Respondent was and is still required to do so every six (6) months. NRS 453.164(7).

24. Because of these actions, Respondent has engaged in unprofessional conduct. NRS 639.210(4). Respondent engaged in unprofessional conduct because Respondent, as the holder of a certificate of registration issued by the Board, performed his duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

25. Respondent performed his duties as the holder of a certificate of registration issued by the Board in an incompetent, unskillful or negligent manner because Respondent failed to query his PMP account every six (6) months to review the information in the account regarding the practitioner as is required by law for the calendar years of 2016, 2017, 2018, 2019, 2020, and 2021, 2022, and 2023. *See* NRS 453.164(7) and NAC 639.945(1)(i). The information regarding the practitioner that Respondent was and still is required to look at includes information concerning the prescriptions written by the practitioner. *See* NRS 453.164(7). A check of the PMP account at least once every six (6) months ensures that a practitioner has not had their credentials stolen or duplicated and that, if they

have been stolen or duplicated, the Board is notified of any potentially forged prescriptions by the practitioner in a timely manner. *See* NRS 453.164(7). The required six (6) month check of a practitioner's PMP account guards against forged controlled substance prescriptions and allows practitioners to work with the Board to stop them in real time. *See* NRS 453.164(7).

26. Respondent's actions and/or lack thereof has also violated Nevada law. NRS 639.210(12). 28. Between the period of time from January 1, 2018, to July 10, 2023, Respondent only queried individual patients given unique prescriptions 83 times. During the same period, Respondent wrote over 4,400 prescriptions for controlled substances to at least 499 unique patients. Respondent failed to query the PMP regarding individual patient information when prescribing them controlled substances at least 400 times.

29. Because of these actions, Respondent has engaged in unprofessional conduct. NRS 639.210(4). Respondent engaged in unprofessional conduct because Respondent, as the holder of a certificate of registration issued by the Board, performed his duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

30. Respondent performed his duties as the holder of a certificate of registration issued by the Board in an incompetent, unskillful or negligent manner because Respondent failed to conduct patient queries on at least 400 patients given initial prescriptions for controlled substances in schedule I-IV, or for an opioid that is a controlled substance and listed in schedule V and at least once every 90 days thereafter for the duration of the course of treatment using the controlled substance. *See* NRS 639.23507 and NAC 639.945(1)(i). Respondent failed to query at least 54 patients that should have been queried as PMP records reflect that Respondent only queried seven (7) patients since Respondent's PMP account has been active. *See* NRS 639.23507.

31. Respondent's actions and/or lack thereof has also violated Nevada law. NRS 639.210(12). Respondent failed to comply with this statute during the dates referenced in the previous paragraph at least 400 times. *See* NRS 639.210(12).

32. Having engaged in unprofessional conduct as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.210(12); NRS 639.255; NAC 639.945.

COUNT THREE
Unprofessional Conduct and Violation of State Law– Allowing Unauthorized Access to PMP Account

33. Respondent's PMP registration listed "jrivera022300@gmail.com" as the email address of record for Respondent's PMP account. Another email address associated with the PMP account was "chw.frontoffice@lvcoxmail.com." Both email addresses are clearly not private email addresses for Respondent Tamara Beeghly.

34. 26. Because of these actions, Respondent has engaged in unprofessional conduct. NRS 639.210(4). Respondent engaged in unprofessional conduct because Respondent, as the holder of a certificate of registration issued by the Board, performed his duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

35. Respondent performed his duties as the holder of a certificate of registration issued by the Board in an incompetent, unskillful or negligent manner because Respondent allowed access to the database to individuals that were not herself. NRS 453.164(8)(a).

36. Respondent's actions and/or lack thereof has also violated Nevada law. NRS 639.210(12). Respondent's actions violated Nevada law because Respondent failed to comply with NRS 453.164(8)(a) which maintains that information from the PMP is confidential. Respondent failed to comply with this statute because she allowed other members of her office to have access to the PMP without properly registering them as a delegate. *See* NRS 639.210(12); NAC 453.070.

37. Having engaged in unprofessional conduct as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.210(12); NRS 639.255; NAC 639.945.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

3. Respondent acknowledges that she understands the terms of this Stipulation and Order ("Stipulation") and has executed it knowingly and voluntarily.

4. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration of a Board determination in a contested case, the right to appeal a Board determination in a contested case, and all other rights afforded to Respondent under NRS Chapter 233B, the Nevada Administrative Procedure Act, NRS Chapter 622A, which governs administrative procedure before the Board, NRS Chapter 639, the Nevada Pharmacy Act, and NRS Chapter 453, the Nevada Uniform Controlled Substances Act.

5. Conditioned on the acceptance of this Stipulation by the Board, and excluding the right to challenge any determination that Respondent has failed to comply with the provisions of this Stipulation, Respondent hereby freely and voluntarily waives her right to a hearing, reconsideration, appeal, and other rights related to this action as identified above.

6. Respondent admits that evidence exists, and that Board staff prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violations alleged in Count One and Count Two of the Accusation. In this regard, Respondent admits that between 2016 and 2023, she did not access the prescription monitoring program database for the purpose of reviewing her prescribing activity, as required by NRS 453.164(7), and she did not review patient utilization reports in instances where such review was required pursuant to NRS 639.23507.

7. The parties agree that there is no direct evidence to establish that Respondent allowed unauthorized persons to access the prescription monitoring program database using Respondent's credentials. Therefore, in the interest of compromise, Count Three of the Accusation shall be dismissed upon approval of this Stipulation by the Board.

8. Respondent represents that she has read and is familiar with the provisions of NRS 453.164(7) and NRS 639.23507 concerning the use of, and access to, the prescription monitoring program database, and has educated herself on the proper use of said database.

9. Now, therefore, to resolve this matter without incurring any further costs or the expenses associated with a hearing, the parties agree to the imposition of the following penalties as to the violations alleged in Count One and Count Two of the Accusation, to wit:

A. Respondent accepts this Stipulation as a public reprimand issued pursuant to NRS 639.255(1)(e).

B. Respondent shall pay an administrative fine of **Two Thousand Five Hundred and 00/100 Dollars ($2,500.00)**, payable by *cashier's check, certified check,* or *money order* written to the "**State of Nevada, Office of the Treasurer.**" Respondent shall remit payment in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, on or before October 15, 2024.

C. Respondent shall pay the sum of **One Thousand and 00/100 Dollars ($1,000.00)** to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter. This sum shall be payable by *cashier's check, certified check,* or *money order* written to the "**Nevada State Board of Pharmacy.**"

Respondent shall remit payment in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, on or before October 15, 2024.

10. This Stipulation constitutes a full and final resolution of the Accusation in Case No. 23-274-CS-S. However, Respondent understands and acknowledges that her failure to comply with the terms stated herein may result in issuance by the Executive Secretary of an order to show cause, pursuant to NAC 639.965, directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation by Respondent, the Board may impose additional discipline not inconsistent with the provisions of NRS Chapter 639.

11. The Board's Senior General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on September 4, 2024, in Las Vegas, Nevada. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent fails to appear for the meeting.

12. The Board may accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60. If approved, this Stipulation shall become effective as of the date upon which the Board enters its written order below.

13. If the Board rejects any part or all this Stipulation, and unless the parties reach an alternative agreement on the record during the hearing, the parties agree that the Board may hear a full contested hearing on the merits of all alleged violations as stated in the Accusation. The terms and admissions herein may not be used, relied upon, or referred to by any party during any such hearing.

14. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release each other from any or all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have been asserted by the Board on or before the effective date of this Stipulation.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and has freely and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **WALGREENS PHARMACY #06424, Pharmacy License No. PH01628, and** **SANETTE SEVERANCE, RPH, Certificate of Registration No. 20772,** **Respondents.**	**Case Nos. 23-310-PH-S** **23-310-RPH-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Pharmacist Sanette Severance (RPH Severance) because RPH Severance is registered by the Board to practice pharmacy in Nevada. RPH Severance has held Certificate of Registration No. 20772 since January 20, 2021. RPH Severance has not previously been disciplined by the Board.

2. The Board has personal jurisdiction over Walgreens Pharmacy #06424 (Walgreens), because Walgreens holds Pharmacy License No. PH01628, issued by the Board pursuant to NRS 639.230. Walgreens has held Pharmacy License No. PH01628 since August 21, 2001. On March 12, 2024, the Board issued a citation to Walgreens concerning a dispensing error committed by a pharmacist other than RPH Severance. Walgreens paid the applicable $500 fine.

3. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the dispensing of dangerous drugs and the regulation of the practice of pharmacy. NRS 639.070.

FACTUAL ALLEGATIONS

4. Walgreens operates a pharmacy on West Horizon Ridge Parkway in Henderson, Nevada. In August 2023, Walgreens employed RPH Severance as a staff pharmacist at that pharmacy location.

5. On or about August 8, 2023, patient G.J. arrived at the pharmacy before his prescription was ready for pick-up. RPH Severance filled the prescription for patient G.J. while he waited.

6. Patient G.J.'s health care provider had prescribed cough syrup with codeine, specifically codeine-guaifenesin. This was a new prescription for patient G.J., such that it required patient G.J. to be counseled by a pharmacist before the sale.

7. As she began to fill the prescription, RPH Severance noted that the prescription called for 560ml of cough syrup. This was too large of a quantity to be dispensed in a single store bottle.

8. To save time while patient G.J waited for his prescription, RPH Severance dispensed a portion of the codeine syrup in the manufacturer's stock bottle and poured the balance of the prescription into a store bottle.

9. RPH Severance affixed a label with instructions to each of the bottles. The stock bottle was also labeled with the manufacturer's instructions for use. The two bottles were enclosed in a bag before being delivered to patient G.J.

10. Before delivering the bag to patient G.J., RPH Severance asked patient G.J. whether he had any questions about his new prescription. Patient G.J. stated that he had no questions, and he left the pharmacy with the bag containing two bottles of codeine cough syrup.

11. Aside from asking whether patient G.J. had any questions, RPH Severance communicated no information to patient G.J. concerning his prescription for codeine-guaifenesin, its use, possible side effects, drug interactions, or contraindications.

12. After patient G.J. left the pharmacy, RPH Severance made an entry in pharmacy records indicating that she had counseled patient G.J. concerning his prescription for codeine-guaifenesin.

13. When, at home, patient G.J. opened his prescription bag and discovered two bottles of medication, he mistakenly concluded that he had received two different kinds of medication. Patient G.J. found it confusing that one of the bottles was labeled with two sets of instructions.

14. Concerned by an apparent lack of professionalism by Walgreens and/or RPH Severance, patient G.J.'s spouse made a complaint to the Board.

APPLICABLE LAW

15. The Board may discipline the holder of a license or registration issued by the Board if the holder engages in unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4).

16. Unprofessional conduct includes performing one's duties as the holder of a certificate or registration issued by the Board in an "incompetent, unskillful or negligent manner." NAC 639.945(1)(i).

17. A pharmacist is required to communicate with the patient or a person caring for the patient all matters that will enhance therapy through drugs. NRS 639.266(1). The communication must include appropriate elements of counseling for the patient, as established by the Board. NRS 639.266(1).

18. A pharmacist has a duty to counsel patients and supply all information required by the Board pursuant to NAC 639.707. The information may include, among other things, the name and a description of the drug, the form of dosage, dose, route of administration and duration of drug therapy, the intended use of the drug or device and expected responses from that use, and any common severe side effects, interactions and contraindications that may occur, and recommendations to avoid these side effects, interactions or contraindications, and the action required if they occur. *Id.*

19. A pharmacist has a duty to keep accurate records of whether counseling was given to or refused by a patient. *See* NAC 639.707(6).

20. The owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of its employees. NRS 639.230(5), NAC 639.702 and NAC 639.945(3).

COUNT ONE
Failure by Pharmacist to Counsel
(RPH Severance and Walgreens)

21. Although RPH Severance asked patient G.J. if he had any questions about his medication, RPH Severance failed to communicate matters which would enhance therapy through drugs. Nevada law requires a pharmacist to affirmatively counsel a patient by communicating all matters which will enhance therapy through drugs. Nevada law explicitly lists many of the subjects that a pharmacist should address when counseling a patient. *See* NRS 639.266(1) and NAC 639.707(2). RPH Severance did not discuss a single relevant topic with patient G.J.

22. Having neglected to counsel patient G.J. in a manner that enhances drug therapy, RPH Severance performed her duties in an incompetent, unskillful or negligent manner. This constitutes unprofessional conduct for which RPH Severance may be disciplined. NRS 639.210(4); NAC 639.945(1)(i).

23. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Walgreens is responsible for those violations, including all errors and omissions of RPH Severance. NRS 639.230(5), NAC 639.702, and NAC 639.945(2).

\\\

\\\

\\\

\\\

COUNT TWO

Failure to Make an Accurate Record of Counseling
(RPH Severance and Walgreens)

24. RPH Severance made an entry in pharmacy records indicating that patient G.J. had been counseled even though she did not properly counsel him. Counseling records should only indicate that a patient has been counseled if the patient was counseled properly. *See* NAC 639.707(6). In this case, patient G.J. was not properly counseled.

25. Having made a false, misleading, or incomplete record of counseling, RPH Severance performed her duties in an incompetent, unskillful or negligent manner. This constitutes unprofessional conduct for which RPH Severance may be disciplined. NRS 639.210(4); NAC 639.945(1)(i).

26. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Walgreens is responsible for those violations, including all errors and omissions of RPH Severance. NRS 639.230(5), NAC 639.702, and NAC 639.945(2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of Respondent Sanette Severance and the pharmacy license of Respondent Walgreens Pharmacy #06424.

DATED this 24th day of JULY 2024.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Nana Kufuor, M.D. (Respondent), because the violations alleged herein, weigh on Respondent's character to hold a certificate of registration issued by the Board pursuant to NRS 453.226, authorizing Respondent to write prescriptions for controlled substances. Since August 12, 1999, Respondent has held certificate of registration no. CS09587, allowing Respondent to prescribe controlled substances issued by the Board pursuant to NRS 453.226.

2. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the dispensing of poisons, drugs, chemicals and medicines. NRS 639.070.

FACTUAL ALLEGATIONS

3. Respondent has been registered by the Board to prescribe controlled substances since August 12, 1999. NRS 453.226. Such a registration authorizes the holder to write prescriptions for controlled substances. NRS 453.226.

4. A requirement of possessing a controlled substance registration with the Board is to maintain and actively use a prescription monitoring program (PMP) account. NRS 453.162.

5. Respondent's PMP account was activated on or about February 8, 2017.

6. Board PMP Compliance Coordinator Dave Jones conducts audits of practitioners to ensure that they are compliant with state law related to the PMP. The audits are conducted to ensure compliance with NRS 453.164(7) and NRS 639.23507.

7. Board PMP Compliance Coordinator Jones conducted an audit of Respondent's PMP account.

8. Board PMP Compliance Coordinator Jones found that Respondent had never conducted a six-month "MyRx" review of all the prescriptions Respondent had written as required by NRS 453.164(7). Respondent never reviewed the PMP every six (6) months for the entire calendar years of 2017, 2018, 2019, 2020, 2021, 2022, and 2023.

9. Board PMP Compliance Coordinator Jones also found that Respondent conducted individual patient queries as required by NRS 639.23507 a grand total of three (3) times between the dates of January 1, 2018, and August 14, 2023.

10. Between January 1, 2018, and August 8, 2023, Respondent had written over 500 prescriptions for controlled substances to over 70 unique patients.

11. This means that Respondent failed to conduct individual patient inquires at least over 70 times during this period.

12. Prescriptions for controlled substances are required to be sent in an electronic format to a pharmacy. NRS 639.23535.

13. The Board ceased granting waivers to practitioners that would allow them to transmit prescriptions for controlled substances via other means. All waivers ended on January 1, 2022.

14. Respondent, on information and belief, continued and/or continues to transmit prescriptions for controlled substances via paper prescription pad.

15. From January 1, 2022, to August 8, 2023, Respondent wrote at least forty-five (45) prescriptions for controlled substances to at least thirteen (13) unique patients via paper prescription pad.

APPLICABLE LAW

16. Each practitioner who is authorized to write prescriptions for human consumption of controlled substances listed in schedule II, III, IV or V shall access the database of the (PMP) program at least once every 6 months to review the information concerning the practitioner that is listed in the database, including, without limitation, information concerning prescriptions issued by the practitioner, and notify the Board if any such information is not correct, and to verify to the Board that he or she continues to have access to and has accessed the database as required by this subsection. NRS 453.164(7).

17. A practitioner shall, before issuing an initial prescription for a controlled substance listed in schedule II, lII or IV or an opioid that is a controlled substance listed in schedule V and at least once every 90 days thereafter for the duration of the course of treatment using the controlled substance, obtain a patient utilization report regarding the patient from the computerized program established by the Board. NRS 639.23507.

18. Prescriptions for controlled substances are required to be sent in an electronic format to a pharmacy. NRS 639.23535.

19. The Board may suspend or revoke any registration if the holder or applicant is guilty of unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4).

20. Unprofessional conduct includes, "performing any duties as the holder of a license issued by the Board in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

21. In lieu of a suspension or revocation, the Board may impose a fine of up to $10,000 for each violation committed. NRS 639.255(1)(f) and (3).

COUNT ONE

Unprofessional Conduct – Failure to Query PMP Every 6 Months

22. Respondent established his PMP account on February 8, 2017. Between these dates, Respondent failed to review his PMP account every six (6) months for the entire calendar years of 2017, 2018, 2019, 2020, and 2021, 2022, 2023 to ensure that the information in the account concerning

the practitioner, including the legitimacy or validity of the prescriptions Respondent is shown as having written was correct. Respondent was and is still required to do so every six (6) months. NRS 453.164(7).

23. Because of these actions, Respondent has engaged in unprofessional conduct. NRS 639.210(4). Respondent engaged in unprofessional conduct because Respondent, as the holder of a certificate of registration issued by the Board, performed his duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

24. Respondent performed his duties as the holder of a certificate of registration issued by the Board in an incompetent, unskillful or negligent manner because Respondent failed to query his PMP account every six (6) months to review the information in the account regarding the practitioner as is required by law for the calendar years of 2017, 2018, 2019, 2020, and 2021, 2022, and 2023. *See* NRS 453.164(7) and NAC 639.945(1)(i). The information regarding the practitioner that Respondent was and still is required to look at includes information concerning the prescriptions written by the practitioner. *See* NRS 453.164(7). A check of the PMP account at least once every six (6) months ensures that a practitioner has not had their credentials stolen or duplicated and that, if they have been stolen or duplicated, the Board is notified of any potentially forged prescriptions by the practitioner in a timely manner. *See* NRS 453.164(7). The required six (6) month check of a practitioner's PMP account guards against forged controlled substance prescriptions and allows practitioners to work with the Board to stop them in real time. *See* NRS 453.164(7).

25. Having engaged in unprofessional conduct as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945.

COUNT TWO

Unprofessional Conduct – Failure to Query Patients Prior to Issuing an Initial Prescription for a Controlled Substance

26. Between the period of time from January 1, 2018, to August 8, 2023, Respondent only queried individual patients given unique prescriptions three (3) times. During the same period, Respondent wrote over 500 prescriptions for controlled substances to over seventy (70) unique patients. Respondent failed to query the PMP regarding individual patient information when prescribing them controlled substances at least seventy (70) times.

27. Because of these actions, Respondent has engaged in unprofessional conduct. NRS 639.210(4). Respondent engaged in unprofessional conduct because Respondent, as the holder of a certificate of registration issued by the Board, performed his duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

28. Respondent performed his duties as the holder of a certificate of registration issued by the Board in an incompetent, unskillful or negligent manner because Respondent failed to conduct patient queries on at least seventy (70) patients given initial prescriptions for controlled substances in schedule I-IV, or for an opioid that is a controlled substance and listed in schedule V and at least once every 90 days thereafter for the duration of the course of treatment using the controlled substance. *See* NRS 639.23507 and NAC 639.945(1)(i). Respondent failed to query at least seventy (70) patients that should have been queried as PMP records reflect that Respondent only queried three (3) patients since Respondent's PMP account has been active. *See* NRS 639.23507.

29. Having engaged in unprofessional conduct as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945

COUNT THREE

Unprofessional Conduct – Failure to Transmit Prescriptions for Controlled Substances in an Electronic Format

30. A practitioner is required to transmit prescriptions for controlled substances via electronic transmission. NRS 639.23535. Since January 1, 2022, all exemptions given by the Board

from this electronic transmission requirement have expired. The Board no longer offers exemptions from the electronic transmission program. Since January 1, 2022, Respondent has written at least forty-five (45) prescriptions for controlled substances to at least thirteen (13) unique patients.

31. Because of these actions, Respondent has engaged in unprofessional conduct. NRS 639.210(4). Respondent engaged in unprofessional conduct because Respondent, as the holder of a certificate of registration issued by the Board, performed his duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

32. Respondent performed his duties as the holder of a certificate of registration issued by the Board in an incompetent, unskillful or negligent manner because he continued to write prescriptions for controlled substances via paper prescription pad despite having no valid statutory reason to do so and all exemptions from the electronic transmission requirement having expired. *See* NRS 639.23535.

33. Having engaged in unprofessional conduct as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

Subject: Appeal of Citation for Prescribing Controlled Substances
Heath G. DeHart, PA (CS33956) Case No. 22-351-CS-N

Dear Members of the Nevada Board of Pharmacy,

I am writing to appeal the decision to issue a citation to me, Heath Gabriel DeHart, Physician Assistant, for prescribing controlled substances between January 10, 2022, and June 3, 2022. I am a licensed physician assistant, and I believed that my prescribing authority for controlled substances had been transferred to fully approved status during the timeframe mentioned above.

As you are aware, I was initially approved under COVID-19 status, and my license was later converted to a fully approved physician assistant license. Unfortunately, I was not fully aware of the intricacies of Nevada State Board of Pharmacy approval process, and I mistakenly believed that my prescribing authority for controlled substances had also been transferred to fully approved status.

I want to emphasize that I did not intend to prescribe controlled substances without proper authorization or maliciously. My sole intention was to provide adequate pain management to patients who were experiencing traumatic injuries, or severe conditions causing pain. There was no monetary gain for me in prescribing these medications, and the only benefit was to ensure the well-being and comfort of my patients.

I deeply regret any misunderstanding , or oversight on my part. and I immediately took steps to rectify the situation and ensure compliance with all regulations and guidelines once I was made aware of the situation. I am committed to upholding the highest standards of healthcare and serving the people of Nevada with integrity and professionalism.

I respectfully request that you reconsider the decision to issue a citation to me and take into account the circumstances outlined in this appeal. I am willing to provide any additional information or documentation that may assist in your review of this matter.

Thank you for your attention to this appeal, and I look forward to a favorable resolution.

Sincerely,

Heath DeHart, PA-C

Alpine Home Medical Equipment

Provide explanation below:

The plaintiff Alpine Home Medical Equipment came in and was in the process of purchasing the company I had worked for for 18 years Cache Valley Oxygen. After meeting with their management, my future with their company was very unsure and so we went out and purchased our own DME company Advantage Medical Supply in April 2015. When Alpine became aware of this they sued us for violating non-compete clauses which we had never had at any point and for in their words trade secret misappropriation along with a couple other false claims. Upon discovery, these were found to be all without merit and the lawsuit was dismissed and settled out of court in June 2016.

Provide explanation below:

A complaint was made concerning grants made by the Board of Pharmacy to PRN, Inc. under the care of Mary Grear, Executive Director. The Board of Pharmacy sent notice of a request for hearing to the wrong mailing address even though the correct address was on file at the Board Office. This resulted in my not being aware that I needed to appear until after the Board Meeting. I subsequently prepared the requested documents and submitted them to the Board Auditors who found no discrepencies in the funds granted by the Board of Pharmacy to PRN and the expense record under my administration. A rehearing was held and the case was closed finding all monies were accounted for the PRN, Inc. gronts.

Section 3, Ques. 1 and 3

Indirect owners Elliott Cohen and Michael Cohen have disclosed arrests in 2006 and 2008 for drug possession on their Personal History Applications. They have each attempted unsuccessfully to obtain copies of records related to these cases, both from their attorneys and from the courts, due to the records having been expunged many years ago and to the remoteness of the arrests themselves. The Cohens assure the BOP that the arrests were related to young adult antics, and are not indicative of any current substance abuse issues or representative of their character and integrity.

Re: Change of Ownership Application
Thrive Behavioral Hospital, LLC, # IB02706

Dear Mr. Sedar:

This firm represents Thrive Behavioral Hospital LLC ("Thrive"). Enclosed please find Thrive's change of ownership application ("Application") for the pharmacy at Desert Winds Hospital, current license no. IB02706, located at 5900 W. Rochelle Avenue, Las Vegas ("Hospital"). We request that this Application be considered at the Nevada State Board of Pharmacy's ("BOP") meeting on May 29-30, 2024 in Las Vegas.

Thrive has entered into an agreement to purchase certain assets of the Hospital, including its licenses, to be effective once all necessary licenses and permits are in place. Thrive plans to continue using the Hospital's current consultant, Brian Bulfer with Advanced Pharmaceutical Consultants, after it assumes ownership.

As referenced in the enclosed Personal History Applications, several of the individual indirect owners of Thrive are also members of many other companies which own and operate healthcare facilities, primarily skilled nursing facilities, in various states. These other entities are parties to numerous lawsuits related to general liability, malpractice, negligence, slip-and-fall, etc., as are expected in the industry. As a list of all business entities and their related lawsuits would be unwieldy, Thrive has provided a list of Sandstone Spring Valley, LLC's (Nevada) lawsuits as representative of the lawsuits faced by their other entities. Significantly, none of the lawsuits are related to controlled substances or criminal activity.

Finally, please note that records related to Elliott Cohen's and Michael Cohen's criminal cases in 2006 and 2008 were expunged and are unavailable through court records. They are also no longer available from their former attorneys. The Cohens assure the BOP that the arrests were

related to young adult antics, and are not indicative of any current substance abuse issues or representative of their character and integrity.

Date of Event/Arrest	Disposition Date	State	City	County
July 14, 2020	July 19, 2023	MT	Missoula	Missoula
Case # DV-21-61		**Governing, licensing, Arresting Presiding Body/Agency/Court** Montana Fourth Judicial District Court		
Reason/Charge Marital Status Discrimination				
Plaintiff/Defendant/Claimant/Respondent Jennifer Baker			**Lawsuit/Arbitration/Bankruptcy** Baker v. OSRX, Inc., DV-21-61	
Name of Business/Industry/Entity OSRX, Inc.				

Provide explanation below:

I am a shareholder and officer of OSRX, Inc. OSRX, Inc. employed Jennifer Baker as a part-time intern while she was in college, but discontinued her employment in January of 2020, at the outset of the Covid-19 pandemic. Around the same time, OSRX also terminated a vendor contract with Ms. Baker's husband's company. Ms. Baker asserted that her employment termination violated Montana's unique employment laws, namely Montana's statutory wrongful discharge act and Montana's marital status discrimination statute.

On July 14, 2020, Ms. Baker filed her claim with the Montana Human Rights Bureau, which found "no reasonable cause to believe discrimination or retaliation occurred." Ms. Baker appealed that decision to the Montana Human Rights Commission, which affirmed that decision and dismissed her case. Ms. Baker then appealed those decisions to Montana District Court. Ms. Baker was awarded a nominal sum, following a jury trial. The matter ultimately settled in July of 2023 for a confidential amount, pending OSRX's appeal.

Case No. 21-cv-01305-BAS		Southern District of California,

Plaintiff/Defendant/Claimant/Respondent		**Lawsuit/Arbitration/Bankruptcy**

OSRX, Inc.				

Provide explanation below:

ImprimisRx, Inc. v. OSRX, Inc., et al., Case No. 21-cv-01305-BAS (S.D. Cal). On July 20, 2021, ImprimisRx, LLC ("ImprimisRX") filed a lawsuit against OSRX, Inc. and Ocular Science, Inc. (collectively, "Ocular") in the Southern District of California, alleging claims for false advertising, trademark infringement, false designation of origin, common law unfair competition, violation of California's UCL, and copyright infringement. ImprimisRx amended its complaint with respect to the false advertising claims, ImprimisRx asserted that Ocular made false statements regarding its compliance with Section 503A of the FDCA, the safety and efficacy of its products, and whether its products are intended to treat certain maladies. ImprimisRx's trademark claims are based on Ocular's naming convention for its ophthalmic formulations, using abbreviated forms of the active ingredients (TIM-LAT, TIM-BRIM-DOR, TIM-BRIM-DOR-LAT, PRED-BROM, MOXI-BROM, PRED-KETOR, PRED-GATI-BROM, PRED-MOXI-BROM, PRED-MOXI, DEX-MOXI), which ImprimisRx claims as protected trademarks. ImprimisRx's copyright claims are based on Ocular's purportedly infringing use of a printed order form. Ocular denied ImprimisRx's claims and brought counterclaims seeking to invalidate ImprimisRx's claimed trademarks at issue and alleging false advertising against ImprimisRx.

On June 2, 2023, Ocular filed a motion for summary judgment with respect to ImprimisRx's false advertising claims. The Court granted Ocular's motion on December 12, 2023, finding that ImprimisRx offered "no evidence it was actually injured by [Ocular's] alleged misstatements." The Court also granted ImprimisRx's motion for summary judgment and dismissed Ocular's false advertising counterclaims. Throughout this lawsuit, ImprimisRx's central focus was its false advertising claim based on Ocular's compliance with Section 503A. Thus, following summary judgment, the core claim in this lawsuit has been resolved (pending potential appeals), and Ocular believes that it has significant defenses to ImprimisRx's remaining claims.

In 2018, IQVIA, which is a state licensing vendor, was hired as a state licensing vendor for Geodis Logistics LLC and oversaw initiating, renewing, and monitoring all of Geodis' state licensing needs for drug and medical device licensing.
In April of 2019, IQVIA was tasked to complete state licensing for Geodis Logistics LLC located at 1004 Trade Center Parkway, Rincon, GA 31326 for nonprescription drugs. Geodis Logistics LLC was under the impression the task had been initiated by IQVIA and therefore started shipping into KS not knowing the application had not been sent.
In 2020, KS switched from providing a Wholesaler license to third party logistics providers and moved to licensing third party logistics providers separately.
On 9/30/2021 a Nonprescription Drug Third Party Logistics Provider application for the facility located at 1004 Trade Center Parkway, Rincon, GA 31326 was mailed to the state of KS.
On the application's Non-Resident Supplemental S-350 form, Geodis truthfully answered "Yes" to the following question: "Has the facility listed on the application shipped drugs and/or devices into Kansas in the previous 12 months." The form states if the applicant answered "yes," the applicant should provide the specific drugs and/or devices sent in, the dates of shipment, and the locations they were sent in Kansas." Included with the Application, Geodis provided requested copies of shipping records for products shipped into Kansas. The records show Geodis Logistics LLC shipped into Kansas on 28 unique days during the previous 12-month period.
On December 9, 2021, the Kansas Board of Pharmacy issued Geodis Logistics LLC a Summary Order for shipping into Kansas prior to being registered as a nonprescription drug third-party logistics provider and ordered Geodis Logistics LLC to pay a fine to the Board in the amount of $780.
On December 16, 2021, the KS Summary Order was brought to the attention of Geodis Logistics LLC by IQVIA. After discussion with IQVIA, it was concluded IQVIA would cover the fee due to failure to process Geodis' Nonprescription Drug Third Party Logistics Provider application with the KS Board of Pharmacy.
On January 20, 2022, the fee/check was sent to KS Board of Pharmacy by IQVIA on behalf of Geodis Logistics LLC and the KS registration was issued.

SUMMARY ORDER

NOW, on this 9th day of December 2021, comes before the Kansas Board of Pharmacy (the "Board"), through its Executive Secretary, the matter of Geodis Logistics LLC. ("Applicant"), for application for registration as a non-prescription drug third-party logistics provider in the state of Kansas.

Pursuant to the authority granted to the Board by the Kansas Pharmacy Act, K.S.A. 65-1625, *et seq.*, and in accordance with the provisions of the Kansas Administrative Procedure Act, K.S.A. 77-501, *et seq.*, the Board enters this Summary Order in the above-captioned matter. After reviewing the application materials and being otherwise duly advised in the premises, the Board makes the following findings, conclusions, and order:

FINDINGS OF FACT

1. On October 1, 2021, the Board received Applicant's application for registration as a nonprescription drug third-party logistics provider in the State of Kansas ("Applicant's Application") at the following location: 1004 Trade Center Parkway, Rincon, Georgia.

1. On Applicant's Non-Resident Supplemental S-350 form, Applicant answered "Yes" to the following question: "Has the facility listed on the application shipped drugs and/or devices into Kansas in the previous 12 months." The form directs that if the applicant answered "yes," the applicant should provide the specific drugs and/or devices sent in, the dates of shipment, and the

locations they were sent in Kansas."

2. In conjunction with Applicant's Application, Applicant provided requested copies of shipping records for products shipped into Kansas. Applicant reported shipping into Kansas on 28 unique days during the previous 12-month period.

CONCLUSIONS OF LAW

1. Pursuant to K.S.A. 65-1658, the Board may assess a civil fine not to exceed $5,000, after notice and an opportunity to be heard, to any registrant for violation of the pharmacy act of the state of Kansas or any other rules or regulations of the state board of pharmacy.

2. Pursuant to K.S.A. 65-1627(f)(6), the Board may take action against the application of any third-party logistics provider upon a finding that the applicant has violated the pharmacy act of the state of Kansas or any regulation adopted by the Board.

3. Pursuant to K.S.A. 65-1643(d), it shall be unlawful for any person to operate as a third-party logistics provider without first obtaining a registration from the Board.

4. Applicant's act of shipping into Kansas prior to being registered as a nonprescription drug third-party logistics provider is a violation of K.S.A. 65-1643(d) and is a basis to take action against Applicant's Application pursuant to K.S.A. 65-1627(f)(6).

ORDER

Based upon the foregoing findings of fact and conclusions of law, Applicant's Application is hereby GRANTED but Applicant is ordered to pay a fine to the Board in the amount of $780. Applicant has 30 days from the date of this order to pay the fine and the registration shall be issued upon receipt.

NOTICES

Applicant is hereby notified as follows:

1. Applicant may request a hearing pursuant to the Kansas Administrative Procedure Act by filing a written request with the Kansas Board of Pharmacy, 800 SW Jackson, Suite 1414, Topeka, KS 66612-1231, within 15 days after service of this Order. If the outcome of the hearing is adverse to Applicant, costs of the proceedings shall be charged to Applicant.

CEASE-AND-DESIST and CITATION-AND-FINE ORDER: Case No. 23-153-N, Unlicensed Furnishing of Prescription Medical Devices

Dear Mr. Grant:

This letter responds to your letter dated June 1, 2023, in which you confirm that you represent Geryon Holdings, LLC, a Delaware limited-liability company doing business as DESS-USA (DESS). The Nevada State Board of Pharmacy (Board) has determined that DESS is engaged in the business of furnishing prescription medical devices in Nevada without having secured a license as required by Nevada Revised Statutes (NRS) 639.233. Pursuant to NRS 639.233, any manufacturer or seller of prescription medical devices must secure a Nevada license if it receives, stores, or ships such products within or into Nevada.

Under Nevada law, the term "drug" is defined to include "[a]rticles and devices intended for use in the diagnosis, cure, mitigation, treatment or prevention of disease in humans." *See* NRS 639.007. The terms "manufacturer" and "wholesaler" are defined at NRS 639.009 and NRS 639.016, respectively. The term "medical products provider" is defined at Nevada Administrative Code (NAC) 639.6936. Nevada licensure is required of any person, *including* a manufacturer, wholesaler, or medical products provider, who sells or ships drugs or medical devices "that are restricted by federal law to sale by or on the order of a physician to any person located within this State." *See* NRS 639.233(1) and (2); NAC 639.6942.

As suggested by your own letter, DESS is engaged in the business of selling "devices" as that term is defined at 21 U.S.C. § 321(h). To serve their intended purpose, these devices must be surgically implanted or affixed by a qualified medical practitioner such as a dentist or oral surgeon. Accordingly, the devices are "prescription devices" within the meaning of 21 CFR § 801.109. Federal regulations define these prescription devices more precisely as "endosseous dental implants," *see* 21 CFR § 872.3640, "endosseous dental implant accessories," *see* 21 CFR § 872.3980, and/or "endosseous dental implant abutments," *see* 21 CFR §§ 872.3630.

Because these devices are not safe to use for their intended purpose except under the supervision of a qualified medical practitioner, they must bear a label indicating that they are prescription-only devices. *See* 21 CFR § 109(b). Please consider the following:

- On or about April 27, 2023, Board Inspector Mui Lee visited the DESS facility, located at 10765 Double R. Blvd., Suite 200, in Reno, Nevada. There, she observed what appeared to be an inventory of endosseous dental components bearing "Rx only" labels.
- Employees Kim Ki and Joes Frey advised Ms. Lee that DESS sells such products from its location in Reno, Nevada.
- On or about May 15, 2023, during a conversation with Board Investigator Monica Segedy, Chief Executive Officer Robert Tobys confirmed the same.
- DESS maintains a website where it describes its devices as "FDA approved" dental "implant systems."

Given the above evidence, the Board rejects your contention that DESS devices are not restricted by federal law to sale by or on the order of a physician. The labeling on the devices directly rebuts this position. Even if DESS chooses to sell its devices directly to patients—as opposed to dentists and oral surgeons—it must secure a license pursuant to NRS 639.233. In short, it is immaterial whether DESS sells its devices at retail or at wholesale. Either way, DESS sells devices that are restricted by federal law to sale by or on the order of a physician.

Accordingly, the Board hereby orders DESS to immediately **CEASE and DESIST** furnishing to persons in Nevada any devices that are restricted by federal law to sale by or on the order of a physician. This includes, without limitation, all devices described in 21 CFR Part 872. Further, this notice shall serve as a **CITATION** pursuant to NRS 639.2895(2) for the unlicensed furnishing of medical devices to persons in Nevada. Pursuant to NRS 639.2895(3), the Board has assessed an **administrative fine** against DESS in the amount of **Five Thousand and 00/100 Dollars ($5,000.00).**

If your client does not intend to contest the above fine, please instruct your client to pay the fine within 30 days of receipt of this citation, or otherwise contact Board staff to request an alternative payment plan. Payment must be by *cashier's check*, *certified check* or *money order* made payable to "State of Nevada, Office of the Treasurer," to be received at the Board's Reno office, located at 985 Damonte Ranch Parkway – Suite 206, Reno, NV 89521.

Your client may appeal this citation by submitting to the Board, at the Reno address listed above, a written request for a public hearing. You must submit any such request not later than 30 days after receipt of this notice. *See* NRS 639.2895(2). Additionally, please be aware that issuance of the foregoing letter does not preclude the filing of an administrative disciplinary complaint, a civil suit, or criminal charges, if deemed appropriate based upon evidence not currently available to the Board's investigative staff. If you have any questions, please do not

hesitate to contact me by telephone at 775-850-1440, ext. 124, or *via* email at zunino@pharmacy.nv.gov.

Sincerely,

/s/ Gregory L. Zunino

Your cooperation in providing information during this investigation is appreciated. On a separate sheet, provide a written response regarding the following investigation issues.

The Board office received notification of pharmacist discipline which resulted in the termination of your employment on 9/29/2023, from Wal-Mart Pharmacy 10-1021, 500 Warren County Center, Warrenton, MO, for reasons of gross misconduct resulting from an internal investigation by Wal-Mart.

Board investigation of the incidents which occurred at your place of residence, with a 19 year old male pharmacy technician, "LL", over a period between July, 2022, to September, 2022, revealed the allegations by the technician that you, Sean Levins, supplied the minor with alcohol on multiple incidents, and provided prescription drugs from your own personal prescription containers of Trazodone, outside of the practice of pharmacy or dispensing.

The technician also alleges from September, 2022, to August, 2023, that you continued with repeated attempts to communicate with him by phone, texts, and social media, causing him to block you from phone or instant messaging, which then lead to your attempt to visit him while he was at work, and to make contact with the technicians mother and/or sister, which was considered by the technician as harassment.

Please respond to the above allegations and provide your explanation of the incidents.

PLEASE INCLUDE DETAILS OF ANY CORRECTIVE ACTION TAKEN OR PLANNED ON YOUR PART RELATING TO YOUR:

☐ Practice of Pharmacy ☐ Responsibilities as Pharmacist-in-Charge (PIC) ☐ Responsibilities as permitholder of the pharmacy

Your written response will be included as part of the investigation report submitted to the Board. Your written response or documentation should be provided to the Inspector at the address/email/fax indicated below before the deadline provided. ***If your response arrives after the deadline, the investigation report will be submitted to the Board without a response from you.*** Please note 20 CSR 2220-2.010(7) states, in part: "Except as otherwise authorized by law, a licensee, permittee, or registrant of the board must cooperate with any investigation or inspection conducted by or on the board's behalf. Provide explanation below:

I was discharged from Walmart Pharmacy for gross misconduct. The MO Board of Pharmacy reached out asking to meet with me in regards to my dismissal. I met with a board inspector, Scott Spencer, on December 14, 2023.

In regards to my misconduct, the BOP questioned me about a technician "LL", who also is my cousin and godson. Between July 2022 and Sept 2022, LL was allowed to drink alcohol at my residence approximately 2-3 times. Sometimes alcohol was provided by LL, and at times it was from my own personal supply. This was done with the stipulations that LL must remain at my residence while under the influence as a safety precaution. He was not allowed to leave or drive if he was under the influence of alcohol.

At one point, LL mentioned he had difficulty sleeping, and I provided a single trazodone tablet to LL from my own personal prescription. I deeply regret having been a "safe house" for him and for providing him a trazodone tablet.

Additionally, LL made complaints of harassment toward him between September 16, 2022 and August 3, 2023. LL stated that I continued to call, text, and use social media to keep in contact, at which time he blocked me. And then alleged that I visited him at work and remained in contact with his mother and sister. I did not know that LL was wanting to discontinue contact with me, and as a 19 year old college student, I just thought it was laziness on his part. There was several times that I stopped in the store that LL worked at. My mother-in-law lives less than 1 mile from the store, I would visit my old technicians and coworkers (as I was a staff pharmacist from Oct 2017 to Nov 2020 at that location) or to visit my optometrist who was based out of that store for my yearly eye check ups, contacts, and glasses adjustments.

There were times that LL was there that I would say hi, we could chat for a few minutes, or I would chat with his coworkers that were old technicians of mine. There were also times he was not present, but I still had stopped by the pharmacy. I had become deeply worried about his lack of contact with me knowing his previous mental health issues, and his abrupt stopping of response. I would reach out to LL, hoping to get a response, to discuss what was going on in his life, or if I had upset him in some way. In late October 2022, I was at the store, and he did not have a coat but was doing curbside deliveries. I offered him the extra coat I keep in my car, since it had become colder throughout the day. He accepted and came to my car to get it. While I felt like he was just overwhelmed by school at that point since he was still talking to me in person, his texting behavior seemed to make sense. I would speak to his household family (including mother and sister), who stated he has had phases like this before, and to give him time and he would come around, just keep reminding him I am here. Knowing how it feels to be in a stressed or depressed mood, I continued to reach out every so often, hoping to spur a conversation. If at any point I had been asked by LL, I would have been happy to cease communication with him. I truly thought I was reminding him I was there for him. I am sorry for continuing to reach out at this point.

I am a recovering alcoholic. Reflecting back on my upbringing gave me insight into why I used alcohol as a coping mechanism. I grew up in a home and community where daily drinking was normal. As a child, I did not recognize the signs of alcohol abuse but, instead, associated the signs of intoxication I saw in my parents just as exhaustion from working all day. My family's alcohol abuse was first brought to my attention by my friends in middle school and early high school. While my parents appeared to drink often, there was never a moment in which I felt they were not able to fulfill their responsibilities and had the means to raise me well. From my perspective, their alcohol abuse did not appear to be problematic.

When I went off to college, the overconsumption of alcohol remained prevalent. Even in a new environment with new friends, it was always present. In college, alcohol was commonly used to bring friends together and was, of course, often used to relieve the stress of classes. Reflecting back on this time, I am now able to recognize the stress I placed on myself to do well in class and maintain a high grade point average. I relied on alcohol to relieve my stress in the same way I have seen my family and friends do my entire life.

I graduated from Mizzou with a bachelor's degree in biological sciences and began working at a reproductive services lab for the University of Missouri. The new challenge for me became developing skills in a brand new career. For anyone, this can be a daunting experience on its own. At this time, I had also became completely financially independent. This was the first time I felt a significant amount of financial pressure because I needed to manage my limited income as best as I possibly could. I wanted a good future for myself and that meant I needed to excel in my current job as well properly plan financially on my own. These novel stresses coupled with the fact I had lived alone at the time lead to a deep depression. Just like college, I placed a lot of pressure on myself which often led to drinking to alleviate the pain, just as I, my parents, and what I thought my friends had done before. I was eventually able to seek help for my depression. I was prescribed antidepressants and was managed medically, however, I never saw a therapist, so my problem with alcohol had not been identified at that time.

After years of working at the lab, I had several co-workers that I trained who eventually left to start vet school. I was really good friends with all of my co-workers at the lab, but seeing them head off to start new chapters in their lives, whether it was vet school or other careers, allowed me to develop new aspirations for myself as well. I gave serious consideration to applying to vet school and started completing prerequisites while shadowing veterinarians. It was a long road trying to complete classes and gain general practice experience while maintaining a full time job. During this was the first time that I had to face the consequences of my addiction and was convicted of having excessive blood alcohol content or BAC. I was nervous that I ruined my future career. I convinced myself that it was a mistake I wouldn't repeat. I thought I could make good choices related to my consumption of alcohol.

On my third vet school application, I was finally placed on the waitlist and didn't hear from Mizzou until three weeks before school started that a spot had opened up. I knew that starting this new part of my life was going to be incredibly challenging. Mizzou is, of course, a vet school with an accelerated program (2&2) requiring me to learn how to study and manage my time

effectively as possible. The pace of school was difficult to maintain and led to even more anxiety than I had ever experienced before. Restful sleep became difficult to acquire for weeks on end. This was due to the anxiety of school which, in turn, made studying difficult because I was constantly in a default of adequate rest. This was a vicious cycle of being too tired to study from lack of sleep, making me fall behind on my school work, increasing my anxiety substantially and therefore making it difficult to sleep -- repeating over and over again.

Until halfway through vet school, I never developed healthy mechanisms for dealing with stress, anxiety, or depression. I also had the mentality from my upbringing that a man should be stoic about their emotions and talking about it was not even a consideration. I never thought that I had large enough problems that would benefit from professional help anyways. Every person in my class was going through the same stresses that I was, so in my opinion, I never thought it was worth seeking help for. I used the method which I had seen with my friends and family and which I have relied on most of my life: alcohol abuse. I am extremely lucky and grateful that no one was harmed because of my addiction. I felt like my addiction was entirely innocent because I kept my drinking confined to my home or when I was having dinner with friends and family. I was under the assumption that I was not hurting anyone by drinking as I did, I will never forget, because my inability to recognize my abuse as a problem led to one of the biggest mistakes of my life, something I can no longer take back and was convicted of driving under the influence or DUI. This was a pivotal point in my life. After that day, I realized that I am putting so many others at risk for my addiction. It isn't just myself that is trying to overcome my substance abuse.

Now that I have graduated from vet school, I realize I have the support system I always needed. I used alcohol to help manage the problems of my life and I am fortunate enough to have family and friends that are willing to help me with my addiction. I am learning new ways to manage my stress and anxiety through self-reflection and working on talking about my feelings with others to allow them to help me through difficult situations. Therapy will be a consistent source of help for me as well as the support from my family. As of now, I am abstaining from alcohol use. It is incredibly difficult to put into words the amount of regret I have for not seeking help sooner and identifying my problem with alcohol abuse. However, it is important for me to continue to look forward, not backwards. There are times when I am required to reflect on my past in order to identify where my problems lie. I can see the amount of change I've made already and I am happy with this progress. I look forward to being able to growing as a person and a doctor in my new chapter of life, with a new mindset and a brighter outlook on the life I want to have for myself.

Finally, I was assessed fines and fees totaling $403.00. The case was fully closed on August 30, 2023.

Explanatory Answer for Question #3

The Nevada State Board of Pharmacy ("NVBOP") issued me a public reprimand pursuant to a Stipulation and Order which was effective on June 10, 2020. In October 2018, I inadvertently allowed my Nevada controlled substance registration to expire; however, I continued to write controlled substance prescriptions until realizing the error. The NVBOP filed a disciplinary Accusation against me on December 13, 2019, arising from the prescriptions I had written on the expired controlled substance registration. I entered into the Stipulation referred to above which resolved the matter.

The Nevada State Board of Medical Examiners ("NSBME") subsequently filed a disciplinary Complaint on February 12, 2021, based upon on the action taken by the NVBOP. I entered into a settlement with the NSBME on March 5, 2021, to resolve the matter; pursuant to that settlement agreement, the NSBME also issued a public reprimand.

B. TERMS & CONDITIONS

NOW, THEREFORE, in order to resolve the matters addressed herein, i.e., the matters with regard to the Complaint, Respondent and the IC hereby agree to the following terms and conditions:

1. **Jurisdiction**. Respondent is, and at all times relevant to the Complaint has been, a physician licensed to practice medicine in Nevada subject to the jurisdiction of the Board as set forth in the Medical Practice Act.

2. **Representation by Counsel/Knowing, Willing and Intelligent Agreement**. Respondent acknowledges she is represented by counsel, and wishes to resolve the matters addressed herein with said counsel. Respondent agrees that if representation by counsel in this matter materially changes prior to entering into this Agreement and for the duration of this Agreement, that counsel for the IC will be timely notified of the material change. Respondent agrees that she knowingly, willingly and intelligently enters into this Agreement after deciding to have a full consultation with and upon the advice of legal counsel.

that Respondent is not admitting that the IC's claims/counts as alleged in the Complaint have merit and Respondent is agreeing to resolve this matter to avoid the costs of hearing and potential subsequent litigation. Respondent asserts that if these matters were to proceed to hearing, she has evidence, witnesses, expert witness(es) and defenses to the count/claim alleged in the Complaint, but for the purposes of resolving these matters and for no other purpose, Respondent waives the presentation of evidence, witnesses, expert witnesses, and defenses in order to effectuate this Agreement.

5. **Consent to Entry of Order**. f. All other claims and allegations arising from the specific claim alleged in the Complaint shall be dismissed with prejudice.

6. **Release From Liability**. In execution of this Agreement, Respondent understands and agrees that the State of Nevada, the Board, and each of its members, staff, counsel, investigators, experts, peer reviewers, committees, panels, hearing officers, consultants and agents are immune from civil liability for any decision or action taken in good faith in response to

information acquired by the Board. NRS 630.364(2)(a). Respondent agrees to release the State of Nevada, the Board, and each of its members, staff, counsel, investigators, experts, peer reviewers, committees, panels, hearing officers, consultants and agents from any and all manner of actions, causes of action, suits, debts, judgments, executions, claims and demands whatsoever, known and unknown, in law or equity, that Respondent ever had, now has, may have or claim to have, against any or all of the persons, government agencies or entities named in this paragraph arising out of, or by reason of, this investigation, this Agreement or the administration of the case referenced herein.

9. Effect of Rejection of Agreement by Board. In the event the Board does not accept, approve and adopt this Agreement, this Agreement shall be null, void and of no force and effect except as to the following agreement regarding adjudications: (1) Respondent agrees that, notwithstanding rejection of this Agreement by the Board, nothing contained in this Agreement and nothing that occurs pursuant to efforts of the IC to seek the Board's acceptance of this Agreement shall disqualify any member of the adjudicating panel of the Board from considering the Complaint and from participating in disciplinary proceedings against Respondent, including adjudication of this case; and (2) Respondent further agrees that she shall not seek to disqualify any such member absent evidence of bad faith.

10. Binding Effect. If approved by the Board, Respondent understands that this Agreement is a binding and enforceable contract upon Respondent and the Board.

13. Failure to Comply With Terms. Should Respondent fail to comply with any term or condition of this Agreement once the Agreement has been accepted, approved and adopted by the Board, the IC shall be authorized to immediately suspend Respondent's license to practice medicine in Nevada pending an Order To Show Cause Hearing on revocation, which will be duly noticed. Failure to comply with the terms of this Agreement, including failure to pay any fines, costs, expenses or fees owed to the Board, is a failure to comply with an order of the Board, which may result in additional disciplinary action being taken against Respondent. NRS 630.3065(2)(a).

Further, Respondent's failure to remit payment to the Board for monies agreed to be paid as a condition of this Agreement may subject Respondent to any civil and administrative collection efforts available.

Explanatory Answer for Section 5, Question #1

I was officially diagnosed with Bipolar Disorder type I in the winter of 2016 after multiple years of suffering from mental health issues which had a significant impact on the circumstances which resulted in the board administrative actions discussed in the answer to Quest #3 below. I am currently prescribed Depakote by my treating provider which has ameliorated my symptoms significantly. Additionally, I discovered that my my bipolar symptoms were significantly impacted by a strong seasonal affective component. I lived and worked in the Pacific Northwest during the height of my symptoms. After relocating to Las Vegas several years ago, I found that my bipolar symptoms in conjunction with continuing my prescribed medication, have been substantially reduced. I continue seeing my treating provider on a regular basis and my diagnosis does not currently impact my ability to practice medicine safely.

Explanatory Answer for Section 5, Question #2

I was arrested on December 5, 1999, in Clackamas County, Oregon, for misdemeanor Assault IV and Menacing for an alleged domestic dispute with my wife at the time arising out of a verbal argument that briefly became a physical altercation. The charges were rejected by the District Attorney's office and no formal charges were filed.

Explanatory Answer for Section 5, Question #3

In June 2015, the Oregon Medical Board (OMB) requested that I entered into an Interim Stipulated Order agreeing not to practice until the conclusion of an administrative investigation; that order was effective July 2, 2015.

On July 15, 2016, the Washington Medical Board (WMB) issued an Order of Suspension of my medical license which had previously expired. The Order of Suspension was based solely on an Interim Stipulated Order in Oregon.

In February 2016, the OMB filed a Complaint and Notice of Disciplinary Action. The complaint alleged sexual misconduct with a patient and boundary issues. In August 2016 I signed a stipulation to retire my medical license under investigation, which was accepted by the OMB in October 2016; no findings or admissions related to the allegations were made in the stipulation. I also agreed to surrender my expired medical license in Washington in October 2016 after retiring my license in Oregon.

To Whom It May Concern:

I have reviewed the computer record regarding an incident that occurred on or about December 5, 1999 involving allegations of domestic abuse involving Dr. Tangredi. This office received a piece of intake regarding that allegation on December 14, 1999. On December 21, 1999, Deputy District Attorney Dan Kelley rejected the case for the reason that the evidence was insufficient to charge Dr. Tangredi with a criminal offense. The statute of limitations on that action has now run, and the case cannot be filed.

OREGON MEDICAL BOARD

STATE OF OREGON

In the Matter of RAYMOND PAUL TANGREDI, MD LICENSE NO. MD18328	)	INTERIM STIPULATED ORDER

1.

The Oregon Medical Board (Board) is the state agency responsible for licensing, regulating and disciplining certain healthcare providers, including physicians, in the state of Oregon. Raymond Paul Tangredi, MD (Licensee) is a licensed physician in the state of Oregon.

2.

The Board received credible information regarding Licensee that resulted in the Board initiating an investigation. The results of the Board's investigation to date have raised concerns to the extent that the Board believes it necessary that Licensee agree to cease the practice of medicine until the investigation is completed.

3.

In order to address the concerns of the Board, Licensee and the Board agree to enter into this Interim Stipulated Order, which is not an admission of any wrongdoing on the part of the Licensee, and provides that Licensee shall comply with the following conditions effective the date this Order is signed by Licensee:

3.1 Licensee voluntarily withdraws from the practice of medicine and his license is placed in Inactive status pending the completion of the Board's investigation into his ability to safely and competently practice medicine.

3.2 Licensee understands that violating any term of this Order will be grounds for disciplinary action under ORS 677.190(17).

///

3.3 Licensee must notify the Oregon Medical Board within 10 days as to how patients may access or obtain their medical records.

4.

At the conclusion of the Board's investigation, Licensee's status will be reviewed in an expeditious manner. Following that review, if the Board determines that Licensee shall not be permitted to return to the practice of medicine, Licensee may request a hearing to contest that decision.

5.

This Order is issued by the Board pursuant to ORS 677.265(1) and (2) for the purpose of protecting the public, and making a complete investigation in order to fully inform itself with respect to the performance or conduct of the Licensee and Licensee's ability to safely and competently practice medicine. Pursuant to ORS 677.425, Board investigative materials are confidential and shall not be subject to public disclosure. However, as a stipulation this Order is a public document and is reportable to the national Data Bank and the Federation of State Medical Boards.

The Oregon Interim Order provided that Respondent voluntarily withdraw from the practice of medicine pending the completion of the Board's investigation regarding Respondent's ability to safely and competently practice medicine.

1.4 On February 24, 2016, the Oregon Board issued Complaint and Notice of Proposed Disciplinary Action (Oregon Complaint) in the same case as the Stipulated Order. The Oregon Complaint alleges that Respondent violated the Oregon Medical Practice Act by engaging in sexual misconduct with one patient and committing repeated boundary violations with another.

1.5 On or about December 30, 2015, the Commission received a certified copy of Oregon Stipulated Order in Case. No. MD18328, that was entered by the Oregon Board on July 2, 2015. On or about April 8, 2016, the Commission received written notice from the Oregon Board that it issued the Oregon Complaint to Respondent on February 24, 2016, in the same case as the Oregon Interim Stipulated Order. The certified copy of the Oregon Interim Stipulated Order and the notice regarding issuance of the Oregon Complaint in the same case constitute conclusive proof of the violation of RCW 18.130.180(5).

1.6 The basis for the Oregon Stipulated Interim Order is substantially similar to RCW 18.130.180(1), (4), (7), (24), and WAC 246-919-630(2)(a) and (j).

II. CONCLUSIONS OF LAW

2.1 The Commission (and by delegated authority the Presiding Officer), has jurisdiction over Respondent's license to practice as a physician and surgeon. RCW 18.130.040.

2.2 The Commission has authority to take emergency adjudicative action to address an immediate danger to the public health, safety, or welfare. RCW 34.05.422(4); RCW 34.05.479; RCW 18.130.050(8); and WAC 246-11-300.

III. ORDER

3.1 Based on the Findings of Fact and the Conclusions of Law, it is ORDERED that Respondent's license to practice as a physician and surgeon is SUMMARILY SUSPENDED pending further disciplinary proceedings by the Commission. Respondent shall immediately deliver all licenses, (including wall, display, and/or wallet, if any), to the Commission.

3.2 It is HEREBY ORDERED that a protective order in this case is GRANTED. RCW 34.05.446(1) and WAC 246-11-400(2) and (5). This Protective Order prohibits the

release of health care information outside of these proceedings. Unless required by law, anyone involved in these proceedings must keep confidential and not disclose health care information obtained through these proceedings. Health care information includes information in any form "that identifies or can readily be associated with the identity of a patient and directly relates to the patient's health care." RCW 70.02.010(16). The parties may share the information with their attorney, if any.

Dated this 15 day of July, 2016

The Medical Quality Assurance Commission (Commission), through Lawrence J. Berg, Department of Health Staff Attorney, and Respondent, represented by counsel, Jennifer Smitrovich, stipulate and agree to the following.

1. PROCEDURAL STIPULATIONS

1.1 On or about July 18, 2016, the Commission issued a Statement of Charges and entered Ex Parte Order of Summary Suspension (Ex Parte Order) suspending Respondent's license pending further proceedings.

1.2 In the Statement of Charges, the Commission alleges that Respondent violated RCW 18.130.180(5).

1.3 The Commission is prepared to proceed to a hearing on the allegations in the Statement of Charges.

1.4 Respondent has the right to defend against the allegations in the Statement of Charges by presenting evidence at a hearing.

1.5 The Commission has authority to impose sanctions pursuant to RCW 18.130.160 if the factual allegations are proved at a hearing.

1.6 The parties agree to resolve this matter by means of this Stipulated Findings of Fact, Conclusions of Law and Agreed Order (Agreed Order).

1.7 Respondent waives the opportunity for a hearing on the Statement of Charges if the Commission accepts this Agreed Order.

1.8 This Agreed Order is not binding unless it is accepted and signed by the Commission. This Agreed Order supersedes the Ex Parte Order.

1.9 If the Commission accepts this Agreed Order, it will be reported to the National Practitioner Data Bank (45 CFR Part 60), the Federation of State Medical Boards' Physician Data Center and elsewhere as required by law.

1.10 This Agreed Order is a public document. It will be placed on the Department of Health's website, disseminated via the Commission's electronic mailing list, and disseminated according to the Uniform Disciplinary Act (Chapter 18.130 RCW). It may be disclosed to the public upon request pursuant to the Public Records Act (Chapter 42.56 RCW). It will remain part of Respondent's file according to the state's records retention law and cannot be expunged.

1.11 If the Commission rejects this Agreed Order, Respondent waives any objection to the participation at hearing of any Commission members who heard the Agreed Order presentation.

2. FINDINGS OF FACT

Respondent and the Commission acknowledge that the evidence is sufficient to justify the following findings, and the Commission makes the following findings of fact.

2.1 On October 21, 2011, the state of Washington issued Respondent a license to practice as a physician and surgeon. Respondent's license is currently expired in renewal. Respondent is board certified in Psychiatry and Neurology, and he completed a fellowship at Oregon Health Science University in Addiction Psychiatry.

2.2 On July 2, 2015, the Oregon Medical Board (OMB) entered an Interim Stipulated Order in a case regarding Respondent's license to practice medicine (Interim Order). Respondent voluntarily withdrew from the practice of medicine pending the completion of the Board's investigation.

2.3 On February 24, 2016, the OMB issued Complaint and Notice of Proposed Disciplinary Action (Oregon Complaint) in the same case as the Interim Order.

2.4 On October 6, 2016, the OMB entered a Stipulated Order in which Respondent agreed to retire his Oregon license while under investigation.

//

3. CONCLUSIONS OF LAW

The Commission and Respondent agree to the entry of the following Conclusions of Law.

3.1 The Commission has jurisdiction over Respondent and over the subject matter of this proceeding.

3.2 Respondent has committed unprofessional conduct in violation of RCW 18.130.180(5).

3.3 The above violations provide grounds for imposing sanctions under RCW 18.130.160.

4. AGREED ORDER

Based on the Findings of Fact and Conclusions of Law, Respondent agrees to entry of the following Agreed Order.

4.1 **Surrender.** Respondent agrees to SURRENDER his physician license, and agrees not to resume the practice of medicine in the state of Washington, including any temporary, emergency or volunteer practice. Respondent acknowledges that he is ineligible to renew, reactivate, or to practice subject to a retired active license as a physician in the state of Washington.

4.2 **Return of License:** Respondent agrees to immediately return his wallet license card and wall license certificate, if they exist, to:

Compliance Officer
Medical Quality Assurance Commission
Department of Health
P. O. Box 47866
Olympia, WA 98504-7866

4.3 **Effective Date.** The effective date of this Agreed Order is the date the Adjudicative Clerk Office places the signed Agreed Order into the U.S. mail.

//

//

//

5. COMPLIANCE WITH SANCTION RULES

5.1 The Commission applies WAC 246-16-800, et seq., to determine appropriate sanctions. The sanction schedules stated in those rules do not address the alleged conduct in this case. RCW 18.130.390 and WAC 246-16-800(1)(d) require the Commission to use its judgment when the sanction schedules do not address the conduct in question.

5.2 WAC 246-16-800(2)(b)(iii) provides for surrender of a credential by a license holder as an alternative to sanctions consistent with the sanction rules.

5.3 Respondent retired his license to practice as a physician while under investigation in the state of Oregon where the underlying conduct occurred. The Commission has not conducted an independent investigation regarding the underlying allegations stated in the Oregon Complaint. Respondent is at the effective end of his practice and surrender alone is enough to protect the public.

6. RESPONDENT'S ACCEPTANCE

I, RAYMOND P. TANGREDI, MD, Respondent, have read and understand this Agreed Order. I agree to this Agreed Order solely for the purpose of resolving this proceeding. This Agreed Order may be presented to the Commission without my appearance. I understand that I will receive a signed copy if the Commission accepts this Agreed Order.

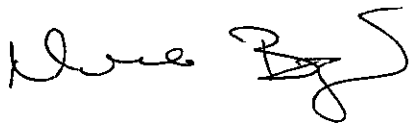
To: Nevada State Board of Pharmacy

My name is Nicole Brooks and I am currently attending the Pharmacy Technician program at Northwest Career College in Las Vegas, NV. I am writing to provide details about my background charges that I was convicted of in 2005.

During my early twenties, I was experiencing some challenges. Both of my very young children were with their Grandmother and I was in between houses experiencing homelessness. I was trying to figure it out for my children and focus on what I needed to do. I thought that I had found my person to go through life with, that was going to continue to create a future with, my boyfriend at the time. My boyfriend at the time, he was very sweet, supportive and I thought he was a great guy. That was until the night that my whole life changed.

He told me that he had some friends coming into town and asked if I could go and get a hotel room for them before they got there, he gave me the money, but I put the room under my name, not thinking anything of it, why would I not trust the person that I was going to build a future with. However, I spent about 10 minutes with him and his "friends" when they got there and immediately thought these are not the type of people I want to be around. I left with my boyfriend and was gone for about an hour and went to go back to check on the room since I just had a weird feeling. I went over there by myself, I was there for about 10 minutes, trying to figure out these people and how they could know my boyfriend. Within that 10 minutes, there is a loud knock on the door. The Police surrounded the room.

On the evening of February 25, 2005, as I sit in a room in my name, around people that I don't really know, Police surround the room, in the front door and on the back patio. Not known to me was that the Police were called by one of the individuals mother's. While I was gone for that hour, a female and two males in that room robbed someone for large amounts of Marijuana and the guy that was robbed, found the females house and told her mother that her daughter was going to get killed. Her mother, in a panic, called the police and sent them to the hotel room. While I didn't know that was happening, what I did know is that more than 10 police officers came into the room and I am surrounded wondering what is happening. The two men run to the bathroom and lock themselves in and I am taken to the hallway, I am crying, anxiety going through me and throwing up. I have never been in trouble before and now I sit in a hotel hallway surrounded by police as they ask me what is going on because my name is on the room. Police proceed to take out scales, drugs and guns. I also find out that the female that was there was underage. I was in shock, how could my good deed of trying to help out my boyfriends friends end up with me being taken to jail, but that is exactly what happened. I stayed in jail for 5 days, went to court and the judge stated that they needed to release me or charge me. I was released on bond and called my father and begged him to come and get me.



My dad took me back to Missouri, I got my children, and continued working, now focusing on my future without the person that I thought would have my back. The only time that I went back to Kansas, was to turn myself in, making sure that this was closed and didn't have to worry about it in the future. When I did this, they put me on probation for just about 2 months, I had to pay some fines and after that, I continued about my life, focusing on what I needed to do for myself and my children.

That night deeply impacted me and changed my life. Since then, I have worked at the hospital as a cook, have been in professional settings and have never been in trouble again. I've been fingerprinted, had background checks and to this day, tell my children (that are grown) don't EVER get someone a hotel room, car, anything, because you never know what will happen by just trying to be nice and help someone

out. I tell them to trust their instincts, because now in my forties, and never have been in trouble since, I focus on how to help my children ensure they are never put in that situation.

Currently, I am still a chef, I've been in Las Vegas for 3 years, I've been with my husband for 8 years and we have 4 children combined, 4 high school graduates and 2 College graduates, one that is going back to get their Masters degree while teaching High School English, my other child that is going to Law School for Real Estate Law, and my other children focusing on their careers. I am so proud of them, they have never been in trouble, they are amazing kids and having had the chance to watch them grow, now it's the chance for me to continue to grow as well. I've wanted the chance to work in the pharmacy world for years, having come to Northwest Career College, gave me the chance to focus on now my education. I had the chance to work in a pharmacy about 15 years ago, during that time, I fell in love with the world of pharmacy. Being able to put a smile on the faces of patients, even if they were having a bad day, I had the chance to make a change, help someone and hopefully be the reason for someone to have a great day. Working in the pharmacy wasn't a job to me, it was a career that I loved and something I was passionate about. Since then, I have worked a few jobs but they have always been jobs, I want to go back to that feeling that I got working in the pharmacy and it is my dream to be able to continue moving forward. I promise that I will continue to make a positive difference to my family, myself and my community.

Thank you for considering me,

Nicole Brooks

LCB File No. R085-24

June 25, 2024

EXPLANATION – Matter in ***italics*** is new; matter in brackets **[**~~omitted material~~**]** is material to be omitted.

AUTHORITY: §§ 1 and 2, NRS 639.070 and 639.266.

A REGULATION relating to pharmacy; revising requirements concerning the documentation of the counseling of a patient by a pharmacist, intern pharmacist or dispensing practitioner; requiring a pharmacy or dispensing practitioner to have certain staff; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires a pharmacist, upon receiving a prescription and after reviewing the record of the patient, to communicate with the patient or a person caring for the patient matters which will enhance therapy through drugs. Existing law requires such communication to include appropriate elements of counseling, as prescribed by regulations of the State Board of Pharmacy. (NRS 639.266) **Section 2** of this regulation requires a pharmacy or dispensing practitioner to ensure that the pharmacy or dispensing practitioner, as applicable, has adequate staff to comply with all legal requirements governing the counseling of patients.

Existing regulations require a pharmacy or dispensing practitioner to maintain a record of medication for each person to whom a prescription has been dispensed by the pharmacy or dispensing practitioner, as applicable. (NAC 639.708) **Section 2** requires such a record to include: (1) the prescription number; (2) the date and time that the prescription was dispensed; and (3) certain information about counseling provided to the patient or the refusal of the patient to accept such counseling. **Section 1** of this regulation requires a pharmacist, intern pharmacist or dispensing practitioner who dispenses a prescription to: (1) create or update, as applicable, the record of medication; and (2) include the record of medication in the computerized system or files of the pharmacy. **Section 1** also removes an existing requirement that is partially duplicative of the requirements being added by **section 2**.

Section 1. NAC 639.707 is hereby amended to read as follows:

639.707 1. Except as otherwise provided in this section, a pharmacist, an intern pharmacist under the supervision of a pharmacist or a dispensing practitioner shall verbally

provide a patient or a person caring for the patient with information about each prescription drug or device dispensed to the patient that:

(a) Has not been previously dispensed to the patient from that pharmacy or dispensing practitioner, as applicable; or

(b) Has been previously dispensed to the patient from that pharmacy or dispensing practitioner, as applicable, including, without limitation, a prescription drug or a device that is being refilled, if, in the professional judgment of the pharmacist, intern pharmacist or dispensing practitioner:

(1) The information would further or improve the drug therapy of the patient; or

(2) A reasonable concern relating to the safety or efficacy of the drug therapy of the patient was raised by the review of the patient's record that the pharmacist, intern pharmacist or dispensing practitioner conducted pursuant to subsection 4.

2. The information provided by the pharmacist, intern pharmacist or dispensing practitioner pursuant to subsection 1 may include, without limitation:

(a) The name and a description of the drug;

(b) The form of dosage, dose, route of administration and duration of drug therapy;

(c) The intended use of the drug or device and expected responses from that use;

(d) Any special directions and precautions for the preparation, administration and use of the drug or device by the patient;

(e) Any common severe side effects, interactions and contraindications that may occur, recommendations to avoid these side effects, interactions or contraindications, and the action required if they occur;

(f) Techniques for the patient or the person caring for the patient to monitor the drug therapy;

(g) Proper storage of the drug or device;

(h) Information about refilling the prescription;

(i) Actions to be taken in the event of a missed dose;

(j) Any relevant information contained in the record of medication of the patient; and

(k) Any other information which, in the professional judgment of the pharmacist, intern pharmacist or dispensing practitioner, is necessary to ensure the safe and effective use of the drug or device by the patient.

3. The pharmacist or intern pharmacist shall provide the information required pursuant to subsections 1 and 2 in written form to the patient if a drug or device will be distributed to the patient outside the confines of the pharmacy by mail or any other delivery service. A pharmacist or intern pharmacist is not required to provide written information pursuant to this subsection if the drug or device is being delivered to a patient who is in a licensed medical facility where other licensed health care professionals are authorized to administer drugs.

4. The pharmacist, intern pharmacist or dispensing practitioner shall review a patient's record before dispensing a prescription to determine its therapeutic appropriateness and, in making that determination, may consider, without limitation:

(a) Overutilization of the drug and drug misuse;

(b) Underutilization of the drug;

(c) Therapeutic duplications, contraindications and any warning labels or other information included with the drug;

(d) Interactions between the drug and any:

(1) Other drugs which the patient is taking or has recently taken;

(2) Diseases which the patient has, including any stages of that disease; and

(3) Allergies that the patient may have; and

(e) Incorrect dosage or duration of treatment.

5. A pharmacist, intern pharmacist or dispensing practitioner is not required to counsel a patient pursuant to this section if the patient or a person caring for the patient refuses to accept the counseling.
