Members of the Board of Pharmacy:

We, the undersigned, write to you from the perspective of Board licensees who agreed to the imposition of discipline on our pharmacy and pharmacist licenses in the case titled *In the Matter of the Accusation Against McGuff Compounding Pharmacy Services, Inc., et al.*, Board Case No. 7176. We reached a settlement of the Accusation, of which this letter is part.

We wish to forthrightly and unequivocally state, here, that as persons with significant experience in pharmacy compounding, we agree with and support the following statements:

- All compounding pharmacies located in California or which provide services to California patients are governed both by relevant sections of federal statutes and regulations applicable to pharmacy compounding, including but not limited to section 501 [21 U.S.C. § 351] of the Federal Food, Drug, and Cosmetic Act (FDCA), which defines "adulterated" drugs to include those prepared, packed, or held under insanitary conditions, and FDCA section 503A [21 U.S.C. § 353a], which sets forth several federal requirements to engage in traditional pharmacy compounding, and by the California Pharmacy Law and its associated regulations;

- Further, best practices demand that section 503A traditional compounding pharmacies not use bulk drug substances that are not graded, nor those not designated by their manufacturers for pharmaceutical use, nor those lacking an appropriate USP/NF monograph;

- Best practices further demand that section 503A traditional compounding pharmacies only use bulk drug substances that: (1) comply with the standards of an applicable United States Pharmacopoeia or National Formulary monograph; (2) if such monograph does not exist, are drug substances that are components of FDA-approved drugs; and (3) if such monograph does not exist and the drug substance is not a component of an FDA-approved drug, then it must be on a list developed by the Secretary through regulations issued by the Secretary under subsection (c); and

- Best practices also demand that section 503A traditional compounding pharmacies: (1) only use bulk drug substances that are manufactured by an FDA-registered establishment; and (2) that are accompanied by valid certificates of analysis for each bulk drug substance.

We look forward to working with the FDA and the Board to be sure that Californians have access to prescribed medications that are held to the highest degree of quality assurance.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **McGUFF COMPANY, INC,** **Wholesale License No. WH01300,** **Respondent.**	**Case Nos. 23-070-WH-O** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy ("Board") by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation ("Accusation") has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you.

2. **A hearing on the Accusation filed against you has been scheduled before the Board for Wednesday, April 16, 2025, at 9:00 AM PST, or soon thereafter at the following location:**

Hyatt Place
1790 E Plumb Ln
Reno, NV 89502

3. At the hearing, you have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). At the hearing, you are entitled to present argument and evidence including witness testimony on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241; NRS 639.246. To do so, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, within twenty (20) days of your receipt of this Statement and Notice, and the Accusation. NRS 622A.320; NRS 639.243.

You may file your answer electronically by emailing a copy of your Answer and Notice of Defense to the Board's coordinating staff and its prosecuting attorney at the email addresses below:

TeamBC@Pharmacy.nv.gov and **bkandt@pharmacy.nv.gov**

Alternatively, you may file your Answer and Notice of Defense by mailing two (2) copies to Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. Upon receipt of your Answer and Notice of Defense, a file-stamped copy will be returned to you.

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **REVIVE Rx,** **Pharmacy License No. PH04215,** **Respondent.**	**CASE NO. 23-411-PH-O** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300 and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Revive Rx, Pharmacy License No. PH04215, located in Houston, Texas, was a pharmacy licensed by the Board.

FACTUAL ALLEGATIONS

2. From October 10, 2023, through January 10, 2024, Respondent compounded and dispensed drug products to Nevada patients using active ingredients that (1) do not have a United States Pharmacopoeia-National Formulary monograph; (2) are not a part of an FDA approved drug product, or (3) are not authorized to be used in pharmacy compounding pursuant to 21 USC § 353a(b)(1) or the regulations adopted pursuant thereto. Specifically, Respondent dispensed compounded injectable peptides, including, without limitation, AOD9604, Ipamorelin, Kisspeptin, and MOTs-C Acetate. Respondent also dispensed KPV 500mcg/BPX-157 20mcg and Dihexa in capsule form and Selank 7.5mg in a nasal spray.

3. Respondent compounded and dispensed high-risk sterile products to Nevada patients with beyond use dates (BUD's) listed on the product label in excess of USP-797 guidelines based on storage conditions without documentation to support the extended BUD.

APPLICABLE LAW

4. A pharmacy engaged in the practice of compounding drug products and dispensing compounded drug products in Nevada shall comply with the provisions of NAC 639.661 -.690, *inclusive*, and related federal law, 21 U.S.C. § 353a, establishing national standards for compounding medications.

5. Any duties as the holder of a registration in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license issued by the Board. NRS 639.210(4).

6. The Board may suspend or revoke a license if the holder has violated any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs. NRS 639.210(11).

7. The Board may suspend or revoke a license if the holder has violated any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

8. Any violation of any of the provisions of NRS Chapter 639 or NAC Chapter 639 by personnel of the pharmacy is cause for the suspension or revocation of the license of the pharmacy by the Board. NRS 639.230(5); NAC 639.702. Further, the owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(3).

COUNT ONE

Violation of Federal and State Compounding Law/Unprofessional Conduct

9. Respondent, Respondent's owner(s), and/or their personnel engaged in unprofessional conduct as defined in NAC 639.945(1)(i) and violated various provisions of 21 U.S.C. § 353a, NAC 639.67019, NAC 639.67067, NAC 639.67071 and/or NAC 639.757 and related provisions of 21 U.S.C. § 353a as alleged in paragraphs 2-3 herein. Respondent is responsible for those violations, including all errors and omissions of pharmacy personnel, pursuant to NRS 639.230(5), NAC 639.702 and/or NAC 639.945(3) and therefore subject to discipline pursuant to NRS 639.210(4), (11) and/or (12).

Exhibit A

SETTLEMENT AGREEMENT

This Settlement Agreement ("Agreement") is made and entered into by and between the United States of America, acting through the United States Department of Justice, the Drug Enforcement Administration ("DEA"), and the Department of Labor (collectively, the "United States"); and Injured Workers Pharmacy LLC ("IWP"). The United States and IWP are each referred to herein as a "Party" and collectively as the "Parties."

RECITALS

A. IWP is a mail-order pharmacy that is located at 300 Federal St, Andover, Massachusetts. IWP dispenses and ships prescription drugs, including controlled substances, across the United States, primarily to workers who have been injured on the job. IWP is a pharmacy registered with the DEA.

B. The DEA is the Department of Justice component agency primarily responsible for enforcing the Controlled Substances Act ("CSA"), 21 U.S.C. § 801, et seq., and is vested with the responsibility of investigating violations of the CSA.

C. The United States Attorney General, through the United States Attorney's Office, has primary authority to bring civil actions to enforce the CSA. *See* 21 U.S.C. § 871 and 28 C.F.R. § 0.55(c).

D. The Department of Labor's Office of Worker Compensation Programs administers workers compensation claims under the Federal Workers Compensation Act. Each pharmacy submitting claims for payment to the Department of Labor pursuant to that Act "signifies that the service for which reimbursement is sought was performed as described, necessary, appropriate and properly billed in accordance with accepted industry standards." 20 C.F.R. § 10.801(d). In 2018, the Department of Labor began requiring pharmacies to pre-

adjudicate federal workers compensation prescription claims electronically through a pharmacy benefit manager. The Department of Labor required pre-adjudication to curtail opioid abuse among injured federal workers.

E. Each DEA registrant is required to conduct its operations in accordance with the CSA and the regulations promulgated thereunder. Under the CSA, a prescription "must be issued for a legitimate medical purpose by an individual practitioner acting in the usual course of his professional practice." 21 C.F.R. § 1306.04(a). The prescriber has a responsibility for proper prescribing, "but a corresponding responsibility rests with the pharmacist who fills the prescription." *Id.*

F. Beginning in or around June 2018, the United States and the Attorney General for the Commonwealth of Massachusetts (the "Massachusetts AG") began investigating, among other things, IWP's processes and documentation relating to the dispensing of controlled substances. The two investigations proceeded in parallel until June 2020, when IWP resolved the Massachusetts AG's investigation by settling with the Massachusetts AG for $11 million and agreeing to permanent injunctive relief in a stipulated consent judgment (the "Massachusetts AG Consent Judgment"). The settlement with the Massachusetts AG concerned IWP's dispensing practices from 2008 to 2019. The United States' investigation concerned IWP's dispensing practices, as discussed further below, from 2014 through 2019.

G. Prior to and in connection with the Massachusetts AG Consent Judgment, IWP implemented changes to its policies and procedures concerning dispensing controlled substances, including opioids.

H. IWP admits, acknowledges, and accepts its responsibility for the following facts:

a. Between January 1, 2014, and July 31, 2019, IWP received numerous

prescriptions with "red flags," including high doses of opioids, early refills, and "Holy Trinities." A Holy Trinity occurs when an opioid, a benzodiazepine, and a muscle relaxant are prescribed simultaneously to a patient. "Red flags" may indicate a prescriber issued a prescription for a reason other than a legitimate medical purpose, such as abuse or diversion. Pharmacists must review and resolve such "red flags" before filling any prescription. When IWP received prescriptions with "red flags" between January 1, 2014, and July 31, 2019, IWP pharmacists did not always resolve the "red flags" before filling those prescriptions. Even though IWP implemented process improvements beginning in 2017, IWP pharmacists did not have a consistent process or documentation with respect to resolving "red flags."

b. IWP dispensed medications to injured federal workers and submitted claims for payment to the Department of Labor. Between December 12, 2017, and September 26, 2019, the Department of Labor's pharmacy benefit manager issued drug utilization review ("DUR") alerts for 1,456 claims for federal workers' prescriptions for issues such as drug interactions, potential allergic reactions, and therapeutic duplication of opioids. A DUR helps pharmacists ensure that prescribed drugs are appropriate and medically necessary. To clear those DUR rejections and ultimately receive payment from the Department of Labor, IWP's non-pharmacy, claims employees routinely submitted override codes representing that IWP had consulted with prescribers about the DUR alerts. The IWP claims employees, who lacked clinical pharmacy experience and training, submitted the overrides without consulting with IWP pharmacists. Because IWP pharmacists were not aware of the rejections, they did not consult with prescribers in response to the DUR alerts received from the Department of Labor, as represented by IWP claims employees. The foregoing conduct set out in subparagraphs (a) through (b) of Paragraph H is referred to below as the "Covered Conduct."

I. In May 2020, IWP self-disclosed to the Department of Labor that the DUR alerts issue affected 821 claims and offered to repay 256 of them.

J. The United States contends that it has certain civil and administrative claims for civil monetary penalties, injunctive relief, and administrative remedies against IWP under the CSA and its implementing regulations based upon the Covered Conduct. Such civil and administrative claims under the CSA include violations of 21 U.S.C. §§ 827(a)(3), 842(a)(1), 843(a)(2), and the following implementing regulations: 21 C.F.R. §§ 1301.19(b), 1301.71(a), 1304.21(a), 1306.04(a), 1306.05(a), 1306.06, and 1307.02.

K. The United States also contends that it has certain federal civil claims against IWP for submitting or causing the submission of false claims for payment to the Department of Labor.

In consideration of the mutual promises and obligations of this Agreement, the Parties agree and covenant as follows:

TERMS AND CONDITIONS

1. IWP shall pay to the United States the sum of Ten Million Dollars ($10,000,000), plus interest at a rate of 3.6% per annum from February 13, 2023 ("Settlement Amount"), of which $318,341.40 is restitution. Within fifteen (15) calendar days of the Effective date of this agreement, IWP shall pay One Million Two Hundred Fifty Thousand Dollars ($1,250,000), plus interest accrued.

a. Over a period of five years, IWP will pay the remaining Eight Million, Seven Hundred Fifty Thousand Dollars ($8,750,000), plus interest at 3.6% per annum, pursuant to the payment schedule attached at Exhibit A. If a prepayment occurs under either paragraph 1.d or paragraph 7 of this Agreement, the parties agree that the principal balance will be adjusted

accordingly and that the computation and allocation of interest set forth in Exhibit A will be adjusted consistant with the remaining principal balance.

b. Interest shall accrue on the unpaid Settlement Amount as indicated in Exhibit A. Collectively the Settlement Amount and interest received by the United States shall be referred to as the "Settlement Payments."

c. If IWP or any of its affiliates is sold, merged, or transferred, or a significant portion of the assets of IWP or of any of its affiliates is sold, merged, or transferred into another non-affiliated entity, IWP shall promptly notify the United States, and all remaining payments owed pursuant to the Agreement shall be accelerated and become immediately due and payable.

d. The Settlement Amount may be prepaid, in whole or in part, without penalty or premium.

e. IWP shall pay the Settlement Payments, or any portion thereof, by electronic funds transfer pursuant to written instructions to be provided by the Office of the United States Attorney for the District of Massachusetts.

2. No later than five business days after the Effective Date of this agreement, IWP and the DEA will enter into the Corrective Action Plan ("CAP").

3. Subject to the exceptions in Paragraph 4 (concerning reserved claims) and Paragraph 5 (injunctive relief) below, and conditioned upon the United States' receipt of the Settlement Amount, and upon IWP complying with Paragraph 2, the United States releases IWP, its predecessors, its current and former parents, divisions, subsidiaries, successors, and assigns from any civil or administrative monetary claim the United States has for the Covered Conduct under Controlled Substances Act; the False Claims Act, 31 U.S.C. §§ 3729-3733; the Program

Fraud Civil Remedies Act, 31 U.S.C. §§ 3801-3812; or the common law theories of breach of contract, payment by mistake, unjust enrichment, and fraud.

4. Notwithstanding the release given in Paragraph 3 of this Agreement, or any other term of this Agreement, the following claims and rights of the United States are specifically reserved and are not released:

a. Any liability arising under Title 26, U.S. Code (Internal Revenue Code);

b. Any criminal liability;

c. Except as explicitly stated in this Agreement, any administrative liability or enforcement right, or any administrative remedy, including the suspension and debarment rights of any federal agency;

d. Any liability to the United States (or its agencies) for any conduct other than the Covered Conduct;

e. Any liability based upon obligations created by this Agreement;

f. Any liability of individuals;

g. Any liability for failure to deliver goods or services due; and

h. Any liability for personal injury or property damages or for other consequential damages arising from the Covered Conduct.

5. The United States reserves the right to seek injunctive relief pursuant to 21 U.S.C. § 843(f) if IWP fails to pay the Settlement Amount, or fails to comply with the obligations of the CAP.

6. IWP has provided financial disclosures and supporting documents ("Financial Disclosures") to the United States, and the United States has relied on the accuracy and completeness of those Financial Disclosures in reaching this Agreement. IWP warrants that the

Financial Disclosures are complete, accurate, and current as of the Effective Date of this Agreement. If the United States learns of asset(s) in which IWP had an interest of any kind as of the Effective Date of this Agreement (including, but not limited to, promises by insurers or other third parties to satisfy IWP's obligations under this Agreement) that were not disclosed in the Financial Disclosures, or if the United States learns of any false statement or misrepresentation by IWP on, or in connection with, the Financial Disclosures, and if such nondisclosure, false statement, or misrepresentation changes the estimated net worth set forth in the Financial Disclosures by One Million Dollars ($1,000,000) or more, the United States may at its option: (a) rescind this Agreement and reinstate its suit or file suit based on the Covered Conduct or (b) collect the full Settlement Amount in accordance with the Agreement plus one hundred percent (100%) of the net value of IWP's previously undisclosed assets. IWP agrees not to contest any collection action undertaken by the United States pursuant to this provision and agrees that it will immediately pay the United States the greater of (i) a ten-percent (10%) surcharge of the amount collected in the collection action as allowed by 28 U.S.C. § 3011(a), or (ii) the United States' reasonable attorneys' fees and expenses incurred in such an action. In the event that the United States, pursuant to this paragraph rescinds this Agreement, IWP waives and agrees not to plead, argue, or otherwise raise any defenses under the theories of statute of limitations, laches, estoppel or similar theories, to any civil or administrative claims that (a) are filed by the United States within 120 calendar days of written notification to IWP that this Agreement has been rescinded, and (b) relate to the Covered Conduct, except to the extent these defenses were available on the Effective Date of this Agreement.

7. In the event IWP receives proceeds from any insurance policy on account of the Settlement Amount in this Agreement or the Covered Conduct at any time before the Settlement

Amount has been paid in full, IWP agrees to remit those insurance proceeds to the United States within fifteen (15) days, and that amount shall be credited against future payments, with the schedule of remaining payments to be adjusted as described in paragraph 1.a. IWP need not remit to the United States more insurance proceeds than necessary to pay the Settlement Amount in full. This paragraph does not apply to IWP's receipt of proceeds from any insurance policy on account of its legal expenses.

8. IWP waives and shall not assert any defenses it may have to any criminal prosecution relating to the Covered Conduct that may be based in whole or in part on a contention that, under the Double Jeopardy Clause in the Fifth Amendment of the Constitution, or under the Excessive Fines Clause in the Eighth Amendment of the Constitution, this Agreement bars a remedy sought in such criminal prosecution or administrative action.

9. IWP fully and finally releases the United States and its agencies, officers, agents, employees, and servants from any claims (including for attorneys' fees, costs, and expenses of every kind and however denominated) that IWP has asserted, could have asserted, or may assert in the future against the United States or its agencies, officers, agents, employees, or servants, related to the Covered Conduct and the United States' investigation and prosecution thereof.

10. IWP agrees to the following:

a. Unallowable Costs Defined: All costs (as defined in the Federal Acquisition Regulation, 48 C.F.R. § 31.205-47) incurred by or on behalf of IWP, and its present or former officers, directors, employees, shareholders, and agents in connection with:

(1) the matters covered by this Agreement:

(2) the United States' audit(s) and civil and any criminal investigation(s) of the matters covered by this Agreement;

(3) IWP's investigation, defense, and corrective actions undertaken in response to the United States' audit(s) and civil and any criminal investigation(s) in connection with the matters covered by this Agreement (including attorneys' fees);

(4) the negotiation and performance of this Agreement; and

(5) the payment IWP makes to the United States pursuant to this Agreement,

are unallowable costs for government contracting purposes (hereinafter referred to as Unallowable Costs).

b. Future Treatment of Unallowable Costs: Unallowable Costs will be separately determined and accounted for by IWP, and IWP shall not charge such Unallowable Costs directly or indirectly to any contract with the United States.

c. Treatment of Unallowable Costs Previously Submitted for Payment: Within 90 days of the Effective Date of this Agreement, IWP shall identify and repay by adjustment to future claims for payment or otherwise any Unallowable Costs included in payments previously sought by IWP or any of its subsidiaries or affiliates from the United States. IWP agrees that the United States, at a minimum, shall be entitled to recoup from IWP any overpayment plus applicable interest and penalties as a result of the inclusion of such Unallowable Costs on previously-submitted requests for payment. The United States, including the Department of Justice and/or the affected agencies, reserves its rights to audit, examine, or re-examine IWP's books and records and to disagree with any calculations submitted by IWP or

any of its subsidiaries or affiliates regarding any Unallowable Costs included in payments previously sought by IWP, or the effect of any such Unallowable Costs on the amount of such payments.

11. The obligations imposed upon IWP pursuant to this Agreement are in addition to, and not in derogation of, all requirements imposed upon IWP pursuant to all applicable federal, state, and local laws and regulations, including but not limited to the requirements set forth in Title 21 of the United States Code and the regulations promulgated thereunder.

12. IWP agrees to cooperate fully and truthfully with the United States' investigation of individuals and entities not released in this Agreement. Upon reasonable notice, IWP shall encourage, and agrees not to impair, the cooperation of its directors, officers, and employees, and shall use its best efforts to make available, and encourage, the cooperation of former directors, officers, and employees for interviews and testimony, consistent with the rights and privileges of such individuals. IWP further agrees to furnish to the United States, upon request, complete and unredacted copies of all non-privileged documents, reports, memoranda of interviews, and records in its possession, custody, or control concerning any investigation of the Covered Conduct that it has undertaken, or that has been performed by another on its behalf.

13. The Settlement Amount and Settlement Payments represent the amount the United States is willing to accept in compromise of its civil claims arising from the Covered Conduct due solely to IWP's financial condition as reflected in the Financial Disclosures referenced in Paragraph 6.

a. In the event that IWP fails to pay the Settlement Amount as provided in the payment schedule set forth in Paragraph 1 above and in Exhibit A, IWP shall be in Default of IWP's payment obligations ("Default"). The United States will provide a written Notice of

Default, and IWP shall have an opportunity to cure such Default within seven (7) calendar days from the date of receipt of the Notice of Default by making the payment due under the payment schedule and paying any additional interest accruing under the Agreement up to the date of payment. Notice of Default will be delivered to IWP, or to such other representative as IWP shall designate in advance in writing. If IWP fails to cure the Default within seven (7) calendar days of receiving the Notice of Default and in the absence of an agreement with the United States to a modified payment schedule ("Uncured Default"), the remaining unpaid balance of the Settlement Amount shall become immediately due and payable, and interest on the remaining unpaid balance shall thereafter accrue at the rate of 12% per annum, compounded daily from the date of Default, on the remaining unpaid total (principal and interest balance).

14. In the event of Uncured Default, IWP agrees that the United States, at its sole discretion, may (i) retain any payments previously made, rescind this Agreement and pursue the Civil Action or bring any civil and/or administrative claim, action, or proceeding against IWP for the claims that would otherwise be covered by the releases provided in Paragraph 4 above, with any recovery reduced by the amount of any payments previously made by IWP to the United States under this Agreement; (ii) take any action to enforce this Agreement in a new action or by reinstating the Civil Action; (iii) offset the remaining unpaid balance from any amounts due and owing to IWP and/or affiliated companies by any department, agency, or agent of the United States at the time of Default or subsequently; and/or (iv) exercise any other right granted by law, or under the terms of this Agreement, or recognizable at common law or in equity. The United States shall be entitled to any other rights granted by law or in equity by reason of Default, including referral of this matter for private collection. In the event the United States pursues a collection action, IWP agrees immediately to pay the United States the greater of (i) a

ten-percent (10%) surcharge of the amount collected, as allowed by 28 U.S.C. § 3011(a), or (ii) the United States' reasonable attorneys' fees and expenses incurred in such an action. In the event that the United States opts to rescind this Agreement pursuant to this paragraph, IWP waives and agrees not to plead, argue, or otherwise raise any defenses of statute of limitations, laches, estoppel or similar theories, to any civil or administrative claims that are (i) filed by the United States against IWP within 120 days of written notification that this Agreement has been rescinded, and (ii) relate to the Covered Conduct, except to the extent these defenses were available on the Effective Date. IWP agrees not to contest any offset, recoupment, and/or collection action undertaken by the United States pursuant to this paragraph, either administratively or in any state or federal court, except on the grounds of actual payment to the United States.

15. In exchange for valuable consideration provided in this Agreement, IWP acknowledges the following:

a. IWP has reviewed its financial situation and warrants that it is solvent within the meaning of 11 U.S.C. §§ 547(b)(3) and 548(a)(1)(B)(ii)(I) and shall remain solvent following payment to the United States of the Settlement Amount.

b. In evaluating whether to execute this Agreement, the Parties intend that the mutual promises, covenants, and obligations set forth herein constitute a contemporaneous exchange for new value given to IWP, within the meaning of 11 U.S.C. § 547(c)(1), and the Parties conclude that these mutual promises, covenants, and obligations do, in fact, constitute such a contemporaneous exchange.

c. The mutual promises, covenants, and obligations set forth herein are intended by the Parties to, and do in fact, constitute a reasonably equivalent exchange of value.

d. The Parties do not intend to hinder, delay, or defraud any entity to which IWP was or became indebted to on or after the date of any transfer contemplated in this Agreement, within the meaning of 11 U.S.C. § 548(a)(1).

e. If any of IWP's payments or obligations under this Agreement are avoided for any reason (including but not limited to, through the exercise of a trustee's avoidance powers under the Bankruptcy Code) or if, before the Settlement Amount is paid in full, IWP or a third party commences a case, proceeding, or other action under any law relating to bankruptcy, insolvency, reorganization, or relief of debtors seeking any order for relief of IWP's debts, or to adjudicate IWP as bankrupt or insolvent; or seeking appointment of a receiver, trustee, custodian, or other similar official for IWP or for all or any substantial part of IWP's assets:

(i) the United States may rescind the releases in this Agreement and bring any civil and/or administrative claim, action, or proceeding against IWP for the claims that would otherwise be covered by the releases provided in Paragraph 4 above; and

(ii) the United States has an undisputed, noncontingent, and liquidated allowed claim against IWP in the amount of Eleven Million Two-Hundred Twenty-Six Thousand Sixty-Two Dollars and Seventy-One Cents ($11,226,062.71), plus first payment handshake interest, per Paragraph 1, less any payments received pursuant to Paragraph 1 of this Agreement, provided, however, that such payments are not otherwise avoided and recovered from the United States by a receiver, trustee, creditor, custodian, or similar official.

f. IWP agrees that any civil and/or administrative claim, action, or proceeding brought by the United States under Paragraph 17.E is not subject to an "automatic stay" pursuant to 11 U.S.C. § 362(a) because it would be an exercise of the United States' police and regulatory power. IWP shall not argue or otherwise contend that the United States' claim,

action, or proceeding is subject to an automatic stay and, to the extent necessary, consents to relief from the automatic stay for cause under 11 U.S.C. § 362(d)(1). IWP waives and shall not plead, argue, or otherwise raise any defenses under the theories of statute of limitations, laches, estoppel, or similar theories, to any such civil or administrative claim, action, or proceeding brought by the United States within 120 days of written notification to IWP that the releases have been rescinded pursuant to this paragraph, except to the extent such defenses were available on the Effective Date.

16. This Agreement is intended to be for the benefit of the Parties only.

17. Each Party shall bear its own legal and other costs incurred in connection with this matter, including the preparation and performance of this Agreement.

18. Each Party represents that it freely and voluntarily enters into this Agreement without any degree of duress or compulsion.

19. This Agreement is governed by the laws of the United States. The exclusive jurisdiction and venue for any dispute relating to this Agreement is the United States District Court for the District of Massachusetts. This Agreement shall be deemed to have been drafted by all Parties to this Agreement and, therefore, shall not be construed against any Party for that reason in any subsequent dispute.

20. The Agreement contains the complete agreement between the Parties. This Agreement may not be amended except by written consent of the Parties. Forbearance by the United States from pursuing any remedy or relief available to it under this Agreement shall not constitute a waiver of rights under this Agreement.

21. The undersigned represent and warrant that they are fully authorized to execute this Agreement on behalf of the persons and entities indicated below.

22. This Agreement may be executed in counterparts, each of which constitutes an original and all of which constitute one and the same Agreement.

23. This Agreement is binding on IWP's successors, transferees, heirs, and assigns.

24. All Parties consent to the United States' disclosure of this Agreement, and information about this Agreement, to the public.

25. The Parties may execute this Agreement via facsimile and/or by portable document format (.pdf), both of which shall be deemed the equivalent of an original signature.

26. This Agreement shall become effective on the date of the signature of the last signatory to the Agreement ("Effective Date" of this Agreement).

Attachment 1 - Corrective Action Plan

This Corrective Action Plan ("CAP") between the Injured Worker's Pharmacy ("IWP") and the U.S. Drug Enforcement Administration ("DEA") memorializes the policies and procedures that IWP and the DEA (jointly, the "Parties") have agreed upon to advance IWP's efforts to ensure compliance with the Controlled Substances Act (the "Act") and to enhance IWP's ability to prevent, detect, and address drug diversion. IWP is registered with the DEA as a Retail Pharmacy authorized to handle Schedule II-V controlled substances under DEA #BI7566245.

1. This CAP is incorporated by reference at paragraph 2 of the Settlement Agreement between IWP and the United States executed contemporaneously with this CAP (the "Settlement Agreement").

2. This CAP pertains to the "Covered Conduct" described in Recital H of the Settlement Agreement and in the United States' contentions in Recital I of the Settlement Agreement.

3. DEA agrees to take no further administrative action against IWP, along with their respective directors, officers, managers, employees, successors and assigns related to the Covered Conduct. However, should IWP violate this CAP, IWP understands that DEA may institute further administrative action, including but not limited to seeking revocation of IWP's DEA registration for any new violation, as well as for the Covered Conduct. DEA may also seek injunctive relief to enforce the terms of the CAP pursuant to 21 U.S.C. § 843 (f), as stated in Paragraph 5 of the Settlement Agreement.

4. The period of this CAP shall be five (5) years, starting on the Effective Date of the Settlement Agreement.

5. Whenever this CAP requires notice to the DEA, the persons to be notified will be Taylor McCarty (571-362-9087) Taylor.A.McCarty@dea.gov and Heather Danner-Ryan (571-362-9035) Heather.A.Danner-Ryan@dea.gov. Whenever this CAP requires notice to IWP, the persons to be notified will be Jayne Kresac (888-321-7945) jkresac@iwpharmacy.com and Brian Benjet (215-656-3311) brian.benjet@dlapiper.com. Either party may change the name and or contact information of its contact person(s) by so notifying the other party's contact person(s).

6. Prior to, in connection with, and following the Massachusetts AG Consent Judgment, IWP has implemented several changes to their controlled substance handling procedures, including, but not limited to, the following:

   a. In 2018, IWP released a High-Risk Prescribing Regimens Standard of Procedure ("SOP"), which requires pharmacists to conduct a thorough review of prescriptions that are identified as part of a high-risk drug combination. As later amended, this SOP requires the Pain Management Specialty Pharmacist to contact the prescribers of the identified high-risk prescriptions to confirm awareness and accuracy of the prescribed dosages and treatment plan.

   b. In 2020, IWP implemented an Initial High-Risk Opioid Prescription Policy and Procedure, which expands the clinical checks conducted prior to initial dispensing, by including a process for documenting the authenticity of high-risk prescriptions before dispensing the medication and a process for providing specific counseling to patients regarding alternatives to high-risk prescriptions. IWP also implemented training regarding the identification of initial high-risk opioid prescriptions, the review process, and the documentation process. In

addition, IWP implemented an At-Risk Patient Process that requires holistic review of patient profiles for high-risk medications.

c. IWP has implemented other new and revised pharmacy policies and procedures. IWP has provided the DEA with copies of its current policies and procedures that pertain to:

i. At-Risk Patient Chronic Pain Counseling
ii. CII Room Operation
iii. Controlled Substance Inventory
iv. Controlled Substances Workflow (CIII-CV)
v. Drug Utilization Review (DUR)
vi. Clinical Intervention: High Risk Prescribing Regimens
vii. Initial High-Risk Opioid Prescriptions
viii. Naloxone Standing Order
ix. New At-Risk Patient Auditing Procedure
x. PDMP Query
xi. Prescription Authentication Practices
xii. Processing Pharmacist Responsibilities & Preserving Pharmacist's Judgement
xiii. Professional License Verification (MedPro)
xiv. Receipt of Pharmaceutical Inventory
xv. Pharmacy Record Retention
xvi. Pharmacy Risk Evaluation and Mitigation Strategy (REMS)
xvii. Schedule II Narcotic Non-Contiguous States
xviii. PMSP Program Provider Monitoring

7. Since 2017, IWP has either hired new personnel or created new positions including: a Chief Compliance Officer that reports to the Board of Directors as well as the Chief Executive Officer, Pain Management Specialty Pharmacist, replacing its Chief Executive Officer, and hiring new executive and clinical leadership. IWP's new Chief Compliance Officer has since designed and implemented a new compliance program.

8. IWP agrees that it will continue utilizing the changes that it undertook, as those changes are listed out in paragraph 6 in order to address the Covered Conduct, and to remain in compliance with Title 21 of the Code of Federal Regulations.

9. During the CAP Period, IWP:

a. Agrees to abide by all federal, state and local statutes and regulations relating to controlled substances.

b. Agrees to allow DEA personnel to enter the registered location at any time during regular business hours, without prior notice, and without requiring DEA to obtain an administrative inspection warrant, search warrant, or other means of entry, in order to verify compliance with the Controlled Substances Act (Title 21 United States Code §801, et seq.), its implement regulations, and this CAP.

c. Agrees to maintain complete and accurate records relating to controlled substances, and to maintain copies of these records for a period of five years, from the effective date of this CAP, which will be available to DEA for inspection and copying, and inventories as required by 21 C.F.R. § 1304.04(a), except that, during the CAP Period only, the time period for which records and inventories must be maintained is extended to five (5) years from the date of such records or inventories.

d. Agrees to be truthful and accurate in all information that it submits to the DEA and that any notifications, as required by this CAP and DEA rules and regulations, are timely submitted.

e. Agrees that if any state agency or entity conducts an inspection or any investigation of IWP by seeking any records or documents from IWP, IWP hereby gives its unrestricted consent to the state agency or entity to share

any and all reports, documents, evidence and information of whatever nature or kind with the DEA.

f. Agree to continue implementing SOP's to ensure compliance with its obligations under 21 CFR 1306.04(a).

g. Agrees to maintain SOPs to ensure compliance with its obligations under 21 CFR § 1306.04(a).

h. Agrees that it shall maintain SOPs to ensure the pharmacy complies with the requirements of 21 CFR § 1306.05, including by ensuring prescriptions contain all the required information.

i. Agrees to maintain, on a current basis, a complete and accurate record of each controlled substance received, sold, delivered, dispensed or otherwise disposed of, as required by 21 CFR § 1304.21(a).

j. Agrees that only IWP pharmacists will make clinical determinations relating to Drug Utilization Review ("DUR") alerts for prescriptions that are flagged for issues such as drug interactions, potential allergic reactions, dangerous drug combinations and therapeutic duplication of opioids, to ensure that the prescribed drugs are appropriate and medically necessary prior to filling.

k. Agrees to emphasize the identification of potential safety concerns, red flags, and potentially illegitimate prescriptions.

l. Agrees to not make any decision relating to a pharmacist's performance review, compensation, promotion, work hours, hiring, or termination that relies in whole or in part on dispensing rates, whether measured individually or in aggregate. This restriction shall not be interpreted to limit IWP's ability

to reassign pharmacists to different responsibilities based on operational considerations, or to prohibit employment decisions based upon non-performance (e.g., absenteeism, failure to complete essential job responsibilities) or significant underperformance, as compared to peers and taking into account best dispensing practices.

m. Agrees to provide controlled substance training to all new employees who handle controlled substances or records related to controlled substances. This training shall be conducted within one week of hire. This training shall include, but not be limited to the following: (1) the proper handling, recordkeeping, security, and storage procedures for controlled substances (2) how to identify and handle prescription red flags to ensure patient safety and prescription legitimacy (3) how to identify potentially dangerous medication combinations (4) current CDC prescription guidelines and (5) controlled substance abuse and prevention.

n. Agrees to provide controlled substance training to all current employees who handle controlled substances or records related to controlled substances. This training shall be conducted at least, but not limited to, annually. This training shall include, but not be limited to the following: (1) the proper handling, recordkeeping, security, and storage procedures for controlled substances (2) how to identify and handle prescription red flags to ensure patient safety and prescription legitimacy (3) how to identify potentially dangerous medication combinations (4) current CDC prescription guidelines and (5) controlled substance abuse and prevention.

o. Agrees to maintain a drug diversion team consisting of employees in compliance, pharmacy, security and operations roles. This drug diversion team shall be tasked with establishing, maintaining, and, if appropriate, advancing various diversion controls throughout IWP.

p. Will send a copy of this CAP, in its entirety, to the Massachusetts Department of Public Health Drug Control Program, within ten days of the full execution of this Agreement.

q. At least once every 12 months following the Effective Date of the Settlement Agreement, IWP will conduct a self-evaluation to review compliance with all requirements of the Act, this CAP and its corresponding commitments to maintain SOPs and a compliance program directed at IWP's obligations under the Act. At the completion of each evaluation, the Pharmacy Manager of Record and/or the Chief Compliance Officer will certify that he/she has completed the evaluation and document any corrective action to be taken. IWP will retain the letters of certification, and make them available to the DEA upon request, for two years following the expiration of this CAP.

r. IWP will promptly and thoroughly investigate all thefts, significant losses, and other potential diversions of controlled substances. IWP will establish protocols to reduce the number of in-transit losses of controlled substances and will promptly report all such thefts, significant losses, and other diversions to DEA. DEA is aware that IWP has additional reporting duties to licensure boards, and all other relevant agencies.

10. IWP will comply at all times with the Act and the regulations issued thereunder. To the extent that any requirements in the Act or regulations are greater than those imposed by this CAP, the stricter requirements will apply.

11. Each Party and signatory to this CAP represents that it/he/she freely and voluntarily enters into this CAP without any degree of duress or compulsion.

12. This CAP is intended for the benefit of the Parties only; it does not create any rights or benefits for third parties.

13. This CAP is governed by the laws of the United States. The exclusive jurisdiction and venue for any dispute relating to this CAP is the United States District Court for the District of Massachusetts. This CAP shall be deemed to have been drafted by both Parties and shall not, therefore, be construed against either Party in any subsequent dispute.

14. This CAP and the Settlement Agreement constitute the complete agreement between the DEA and IWP relating to the matters addressed herein. This CAP may be amended only by a writing signed by both DEA and IWP.

15. The undersigned signatories represent and warrant that it is fully authorized to execute this CAP on behalf of the parties.

16. This CAP may be executed in two counterparts, each of which constitutes an original and both of which constitute one and the same agreement.

17. This CAP is binding on IWP's successors, transferees, and assigns.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **INJURED WORKERS PHARMACY,** **Pharmacy License No. PH02281,** **Respondent.**	**Case No. 23-428-PH-O** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy ("Board") by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation ("Accusation") has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you.

2. **A hearing on the Accusation filed against you has been scheduled before the Board for Wednesday, April 16, 2025, at 9:00 AM PST, or soon thereafter at the following location:**

Hyatt Place
1790 E Plumb Ln
Reno, NV 89502

3. At the hearing, you have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). At the hearing, you are entitled to present argument and evidence including witness testimony on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241; NRS 639.246. To do so, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, within twenty (20) days of your receipt of this Statement and Notice, and the Accusation. NRS 622A.320; NRS 639.243.

You may file your answer electronically by emailing a copy of your Answer and Notice of Defense to the Board's coordinating staff and its prosecuting attorney at the email addresses below:

TeamBC@Pharmacy.nv.gov and **bkandt@pharmacy.nv.gov**

Alternatively, you may file your Answer and Notice of Defense by mailing two (2) copies to Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. Upon receipt of your Answer and Notice of Defense, a file-stamped copy will be returned to you.

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **META PHARMACY SERVICES, Pharmacy License No. PH03433,** **SEAN BARCLAY, RPH, Certificate of Registration No. 17303,** **CHRISTOPHER PETERS, RPH, Certificate of Registration No. 16325, and** **MICHELLE LYNN BADTEN, RPH, Certificate of Registration No. 14966-B,** **Respondents.**	**CASE NOS. 24-125-PH-S** **24-125-RPH-A-S** **24-125-RPH-B-S** **24-125-RPH-C-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300 and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Sean Barclay, RPh (Barclay), Certificate of Registration No. 17303, Respondent Christopher Peters, RPh (Peters), Certificate of Registration No. 16325, and Respondent Michelle Lynn Badten, RPh (Badten), Certificate of Registration No. 14966-B, were pharmacists registered with the Board, and Respondent Meta Pharmacy Services (Meta), Pharmacy License No. PH03433, was a pharmacy licensed by the Board.

2. On or about November 8, 2023, in case no. 23-254-PH-S, Board staff issued a cease-and-desist order with a citation and $5000 fine against Meta pursuant to NRS 639.2895 for utilizing pre-printed prescription blanks in violation of NRS 639.264(2).

FACTUAL ALLEGATIONS

3. Barclay owned Meta and acted as managing pharmacist, and Peters and Badten were employed by Meta, at the time of the events alleged herein.

4. A Board investigation in case no. 20-075-PT-S revealed that on or about March 11, 2020, Barclay hired Rosalina Ross (Ross), who held Certificate of Registration No. PT22373 as a pharmaceutical technician in training at Sunrise Pharmacy, Pharmacy License No. PH03880, in Las Vegas, without obtaining registration for Ross to work at Meta, and subsequently submitted documentation falsely certifying the number of hours of training Ross completed at Meta prior to her departure on or about June 22, 2020.

5. In 2021, a Board investigation in case no. 21-109-CS-S of the practice of Vincent Nalbone, MD, Certificate of Registration No. CS08907 (Nalbone), located in Las Vegas, revealed that Barclay, Peters and Badten counseled, induced and/or solicited Nalbone to issue prescriptions for controlled substances, including, without limitation, midazolam, diazepam, and alprazolam, under the names of his staff, including Hazel Mercado, Ellen Lovan, and Caroline Delos Santos, to Meta Pharmacy for the purpose of obtaining those controlled substances for office administration to multiple patients. Respondents subsequently filled and dispensed those unlawful controlled substance prescriptions to Nalbone's practice for office administration to multiple patients.

6. In 2023, a Board investigation in case no. 23-090-CS-S of the practice of Cristy O'Connell, APRN, Certificate of Registration No. CS25857, (O'Connell), located at Health

Xpress Medical Center LLC in Henderson, revealed that Barclay counseled, induced and/or solicited O'Connell to issue prescriptions for compounded semaglutide under the names of her staff and/or specific patients to Meta Pharmacy for the purpose of obtaining compounded semaglutide for office administration to multiple patients. Barclay subsequently filled and dispensed those unlawful prescriptions for compounded semaglutide to O'Connell's practice for office administration to multiple patients.

7. In 2023, a Board investigation in case no. 23-256-CS-S of the practice of Erika Kimble, APRN, Certificate of Registration No. CS21522 (Kimble), located at Parasol Aesthetics in Las Vegas, revealed that Barclay counseled, induced and/or solicited Kimble to issue prescriptions for compounded semaglutide under the names of her staff to Meta Pharmacy for the purpose of obtaining compounded semaglutide for office administration to multiple patients. Barclay subsequently filled and dispensed those unlawful prescriptions for compounded semaglutide to Kimble's practice for office administration to multiple patients.

8. On or about February 10, 2025, in case no. 25-008-PTT-S, Board staff issued a citation and $500 fine pursuant to NRS 639.2895 against Jasmynne Bayabo, PTT, Certificate of Registration No. PT28866 (Bayabo), for working on a expired registration from October 31, 2024, to November 20, 2024, while employed as a pharmaceutical technician in training by Meta, in violation of NRS 639.100(1), NRS 639.180 and/or NAC 639.242, and engaging in unprofessional conduct as defined in NAC 639.945(1)(i) and/or (k).

APPLICABLE LAW

9. A practitioner may prescribe a controlled substance only for a specific patient in conformance with 21 CFR § 1306.04, 21 CFR § 1306.05 and NAC 453.440 and may not issue a prescription in order to obtain controlled substances for supplying the practitioner for the

purpose of general dispensing to patients. 21 CFR § 1306.04(b); NAC 453.430(1); NRS 639.268(1)(a).

10. It is a felony offense to falsify a prescription for a controlled substance or otherwise purchase or possess a controlled substance except as authorized by law. 21 U.S.C. § 841(a); 21 U.S.C. § 842(a); NRS 453.321(1)(a) and (c); NRS 453.331(1)(d) and (i); NRS 639.281(1); NRS 639.2813(1).

11. It is a felony offense for a pharmacist to knowingly fill or refill any prescription for a controlled substance for use by a person other than the person for whom the prescription was originally issued. 21 U.S.C. § 829; NRS 453.431(1).

12. Conspiring to violate the Controlled Substances Act is a felony offense. 21 U.S.C. § 846; NRS 453.401(1)(a).

13. A practitioner may prescribe a dangerous drug only for a specific patient in conformance with NRS 454.223 and NRS 639.2353.

14. It is a criminal offense to falsify a prescription for a dangerous drug or otherwise purchase or possess a dangerous drug except as authorized by law. NRS 454.311(1); NRS 454.321; NRS 639.281(1); NRS 639.2813(1).

15. It is a criminal offense for a pharmacist to knowingly fill or refill any prescription for a dangerous drug for use by a person other than the person for whom the prescription was originally issued. NRS 454.231.

16. A practitioner may purchase supplies of controlled substances and/or dangerous drugs from a pharmacy, and a pharmacy may sell or otherwise provide a compounded drug to a practitioner who will be administering the drug to a patient; the quantity must not exceed the

amount necessary for the practitioner to serve the present needs of the patients of the practitioner. NRS 639.268(1)(a) and NAC 639.757(4) and (5).

17. It is unlawful to engage in practice as a pharmaceutical technician in training without a valid registration, which expires on October 31 of each even-numbered year unless timely renewed in conformances with NRS 639.180 and NAC 639.242. NRS 639.100(1).

18. Prior to amendment by LCB File No. R041-21 effective 9-29-2022, NAC 639.242(6) required a registration certificate of a pharmaceutical technician in training to specify the pharmacy of employment; termination of that employment voided the registration, and the trainee must reapply for registration before his or her services may be used by another pharmacy. Furthermore, a managing pharmacist must certify the number of hours of training a pharmaceutical technician in training has completed. NAC 639.242(6); NAC 639.245.

19. Performing or in any way being a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(h) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 453.236(1) and NRS 639.210(4).

20. Performing any duties as a license holder in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license issued by the Board. NRS 639.210(4).

21. Aiding or abetting a person in unlicensed practice constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(j) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

22. Violating any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(11).

23. Violating, attempting to violate, assisting or abetting in the violation of or conspiring to violate any law or regulation relating to drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(12).

24. A managing pharmacist is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy, including recordkeeping. NRS 639.210(12) and (15), NRS 639.220(1) and/or NAC 639.702.

25. Any violation of any of the provisions of NRS Chapter 639 or NAC Chapter 639 by personnel of the pharmacy is cause for the suspension or revocation of the license of the pharmacy by the Board. NRS 639.230(5); NAC 639.702. Further, the owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(3).

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **META PHARMACY SERVICES,** **Pharmacy License No. PH03433,** **SEAN BARCLAY, RPH,** **Certificate of Registration No. 17303,** **CHRISTOPHER PETERS, RPH,** **Certificate of Registration No. 16325, and** **MICHELLE LYNN BADTEN, RPH,** **Certificate of Registration No. 14966-B,** **Respondents.**	**CASE NOS. 24-125-PH-S** **24-125-RPH-A-S** **24-125-RPH-B-S** **24-125-RPH-C-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300 and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Sean Barclay, RPh (Barclay), Certificate of Registration No. 17303, Respondent Christopher Peters, RPh (Peters), Certificate of Registration No. 16325, and Respondent Michelle Lynn Badten, RPh (Badten), Certificate of Registration No. 14966-B, were pharmacists registered with the Board, and Respondent Meta Pharmacy Services (Meta), Pharmacy License No. PH03433, was a pharmacy licensed by the Board.

2. On or about November 8, 2023, in case no. 23-254-PH-S, Board staff issued a cease-and-desist order with a citation and $5000 fine against Meta pursuant to NRS 639.2895 for utilizing pre-printed prescription blanks in violation of NRS 639.264(2).

FACTUAL ALLEGATIONS

3. Barclay owned Meta and acted as managing pharmacist, and Peters and Badten were employed by Meta, at the time of the events alleged herein.

4. A Board investigation in case no. 20-075-PT-S revealed that on or about March 11, 2020, Barclay hired Rosalina Ross (Ross), who held Certificate of Registration No. PT22373 as a pharmaceutical technician in training at Sunrise Pharmacy, Pharmacy License No. PH03880, in Las Vegas, without obtaining registration for Ross to work at Meta, and subsequently submitted documentation falsely certifying the number of hours of training Ross completed at Meta prior to her departure on or about June 22, 2020.

5. In 2021, a Board investigation in case no. 21-109-CS-S of the practice of Vincent Nalbone, MD, Certificate of Registration No. CS08907 (Nalbone), located in Las Vegas, revealed that Barclay, Peters and Badten counseled, induced and/or solicited Nalbone to issue prescriptions for controlled substances, including, without limitation, midazolam, diazepam, and alprazolam, under the names of his staff, including Hazel Mercado, Ellen Lovan, and Caroline Delos Santos, to Meta Pharmacy for the purpose of obtaining those controlled substances for office administration to multiple patients. Respondents subsequently filled and dispensed those unlawful controlled substance prescriptions to Nalbone's practice for office administration to multiple patients.

6. In 2023, a Board investigation in case no. 23-090-CS-S of the practice of Cristy O'Connell, APRN, Certificate of Registration No. CS25857, (O'Connell), located at Health

Xpress Medical Center LLC in Henderson, revealed that Barclay counseled, induced and/or solicited O'Connell to issue prescriptions for compounded semaglutide under the names of her staff and/or specific patients to Meta Pharmacy for the purpose of obtaining compounded semaglutide for office administration to multiple patients. Barclay subsequently filled and dispensed those unlawful prescriptions for compounded semaglutide to O'Connell's practice for office administration to multiple patients.

7. In 2023, a Board investigation in case no. 23-256-CS-S of the practice of Erika Kimble, APRN, Certificate of Registration No. CS21522 (Kimble), located at Parasol Aesthetics in Las Vegas, revealed that Barclay counseled, induced and/or solicited Kimble to issue prescriptions for compounded semaglutide under the names of her staff to Meta Pharmacy for the purpose of obtaining compounded semaglutide for office administration to multiple patients. Barclay subsequently filled and dispensed those unlawful prescriptions for compounded semaglutide to Kimble's practice for office administration to multiple patients.

8. On or about February 10, 2025, in case no. 25-008-PTT-S, Board staff issued a citation and $500 fine pursuant to NRS 639.2895 against Jasmynne Bayabo, PTT, Certificate of Registration No. PT28866 (Bayabo), for working on a expired registration from October 31, 2024, to November 20, 2024, while employed as a pharmaceutical technician in training by Meta, in violation of NRS 639.100(1), NRS 639.180 and/or NAC 639.242, and engaging in unprofessional conduct as defined in NAC 639.945(1)(i) and/or (k).

APPLICABLE LAW

9. A practitioner may prescribe a controlled substance only for a specific patient in conformance with 21 CFR § 1306.04, 21 CFR § 1306.05 and NAC 453.440 and may not issue a prescription in order to obtain controlled substances for supplying the practitioner for the

purpose of general dispensing to patients. 21 CFR § 1306.04(b); NAC 453.430(1); NRS 639.268(1)(a).

10. It is a felony offense to falsify a prescription for a controlled substance or otherwise purchase or possess a controlled substance except as authorized by law. 21 U.S.C. § 841(a); 21 U.S.C. § 842(a); NRS 453.321(1)(a) and (c); NRS 453.331(1)(d) and (i); NRS 639.281(1); NRS 639.2813(1).

11. It is a felony offense for a pharmacist to knowingly fill or refill any prescription for a controlled substance for use by a person other than the person for whom the prescription was originally issued. 21 U.S.C. § 829; NRS 453.431(1).

12. Conspiring to violate the Controlled Substances Act is a felony offense. 21 U.S.C. § 846; NRS 453.401(l)(a).

13. A practitioner may prescribe a dangerous drug only for a specific patient in conformance with NRS 454.223 and NRS 639.2353.

14. It is a criminal offense to falsify a prescription for a dangerous drug or otherwise purchase or possess a dangerous drug except as authorized by law. NRS 454.311(1); NRS 454.321; NRS 639.281(1); NRS 639.2813(1).

15. It is a criminal offense for a pharmacist to knowingly fill or refill any prescription for a dangerous drug for use by a person other than the person for whom the prescription was originally issued. NRS 454.231.

16. A practitioner may purchase supplies of controlled substances and/or dangerous drugs from a pharmacy, and a pharmacy may sell or otherwise provide a compounded drug to a practitioner who will be administering the drug to a patient; the quantity must not exceed the

amount necessary for the practitioner to serve the present needs of the patients of the practitioner. NRS 639.268(1)(a) and NAC 639.757(4) and (5).

17. It is unlawful to engage in practice as a pharmaceutical technician in training without a valid registration, which expires on October 31 of each even-numbered year unless timely renewed in conformances with NRS 639.180 and NAC 639.242. NRS 639.100(1).

18. Prior to amendment by LCB File No. R041-21 effective 9-29-2022, NAC 639.242(6) required a registration certificate of a pharmaceutical technician in training to specify the pharmacy of employment; termination of that employment voided the registration, and the trainee must reapply for registration before his or her services may be used by another pharmacy. Furthermore, a managing pharmacist must certify the number of hours of training a pharmaceutical technician in training has completed. NAC 639.242(6); NAC 639.245.

19. Performing or in any way being a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(h) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 453.236(1) and NRS 639.210(4).

20. Performing any duties as a license holder in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license issued by the Board. NRS 639.210(4).

21. Aiding or abetting a person in unlicensed practice constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(j) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

22. Violating any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(11).

23. Violating, attempting to violate, assisting or abetting in the violation of or conspiring to violate any law or regulation relating to drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(12).

24. A managing pharmacist is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy, including recordkeeping. NRS 639.210(12) and (15), NRS 639.220(1) and/or NAC 639.702.

25. Any violation of any of the provisions of NRS Chapter 639 or NAC Chapter 639 by personnel of the pharmacy is cause for the suspension or revocation of the license of the pharmacy by the Board. NRS 639.230(5); NAC 639.702. Further, the owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(3).

24-125-RPH-B-S
24-125-RPH-C-S

NOTICE OF INTENDED ACTION AND ACCUSATION

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300 and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Sean Barclay, RPh (Barclay), Certificate of Registration No. 17303, Respondent Christopher Peters, RPh (Peters), Certificate of Registration No. 16325, and Respondent Michelle Lynn Badten, RPh (Badten), Certificate of Registration No. 14966-B, were pharmacists registered with the Board, and Respondent Meta Pharmacy Services (Meta), Pharmacy License No. PH03433, was a pharmacy licensed by the Board.

2. On or about November 8, 2023, in case no. 23-254-PH-S, Board staff issued a cease-and-desist order with a citation and $5000 fine against Meta pursuant to NRS 639.2895 for utilizing pre-printed prescription blanks in violation of NRS 639.264(2).

FACTUAL ALLEGATIONS

3. Barclay owned Meta and acted as managing pharmacist, and Peters and Badten were employed by Meta, at the time of the events alleged herein.

4. A Board investigation in case no. 20-075-PT-S revealed that on or about March 11, 2020, Barclay hired Rosalina Ross (Ross), who held Certificate of Registration No. PT22373 as a pharmaceutical technician in training at Sunrise Pharmacy, Pharmacy License No. PH03880, in Las Vegas, without obtaining registration for Ross to work at Meta, and subsequently submitted documentation falsely certifying the number of hours of training Ross completed at Meta prior to her departure on or about June 22, 2020.

5. In 2021, a Board investigation in case no. 21-109-CS-S of the practice of Vincent Nalbone, MD, Certificate of Registration No. CS08907 (Nalbone), located in Las Vegas, revealed that Barclay, Peters and Badten counseled, induced and/or solicited Nalbone to issue prescriptions for controlled substances, including, without limitation, midazolam, diazepam, and alprazolam, under the names of his staff, including Hazel Mercado, Ellen Lovan, and Caroline Delos Santos, to Meta Pharmacy for the purpose of obtaining those controlled substances for office administration to multiple patients. Respondents subsequently filled and dispensed those unlawful controlled substance prescriptions to Nalbone's practice for office administration to multiple patients.

6. In 2023, a Board investigation in case no. 23-090-CS-S of the practice of Cristy O'Connell, APRN, Certificate of Registration No. CS25857, (O'Connell), located at Health

Xpress Medical Center LLC in Henderson, revealed that Barclay counseled, induced and/or solicited O'Connell to issue prescriptions for compounded semaglutide under the names of her staff and/or specific patients to Meta Pharmacy for the purpose of obtaining compounded semaglutide for office administration to multiple patients. Barclay subsequently filled and dispensed those unlawful prescriptions for compounded semaglutide to O'Connell's practice for office administration to multiple patients.

7. In 2023, a Board investigation in case no. 23-256-CS-S of the practice of Erika Kimble, APRN, Certificate of Registration No. CS21522 (Kimble), located at Parasol Aesthetics in Las Vegas, revealed that Barclay counseled, induced and/or solicited Kimble to issue prescriptions for compounded semaglutide under the names of her staff to Meta Pharmacy for the purpose of obtaining compounded semaglutide for office administration to multiple patients. Barclay subsequently filled and dispensed those unlawful prescriptions for compounded semaglutide to Kimble's practice for office administration to multiple patients.

8. On or about February 10, 2025, in case no. 25-008-PTT-S, Board staff issued a citation and $500 fine pursuant to NRS 639.2895 against Jasmynne Bayabo, PTT, Certificate of Registration No. PT28866 (Bayabo), for working on a expired registration from October 31, 2024, to November 20, 2024, while employed as a pharmaceutical technician in training by Meta, in violation of NRS 639.100(1), NRS 639.180 and/or NAC 639.242, and engaging in unprofessional conduct as defined in NAC 639.945(1)(i) and/or (k).

APPLICABLE LAW

9. A practitioner may prescribe a controlled substance only for a specific patient in conformance with 21 CFR § 1306.04, 21 CFR § 1306.05 and NAC 453.440 and may not issue a prescription in order to obtain controlled substances for supplying the practitioner for the

purpose of general dispensing to patients. 21 CFR § 1306.04(b); NAC 453.430(1); NRS 639.268(1)(a).

10. It is a felony offense to falsify a prescription for a controlled substance or otherwise purchase or possess a controlled substance except as authorized by law. 21 U.S.C. § 841(a); 21 U.S.C. § 842(a); NRS 453.321(1)(a) and (c); NRS 453.331(1)(d) and (i); NRS 639.281(1); NRS 639.2813(1).

11. It is a felony offense for a pharmacist to knowingly fill or refill any prescription for a controlled substance for use by a person other than the person for whom the prescription was originally issued. 21 U.S.C. § 829; NRS 453.431(1).

12. Conspiring to violate the Controlled Substances Act is a felony offense. 21 U.S.C. § 846; NRS 453.401(l)(a).

13. A practitioner may prescribe a dangerous drug only for a specific patient in conformance with NRS 454.223 and NRS 639.2353.

14. It is a criminal offense to falsify a prescription for a dangerous drug or otherwise purchase or possess a dangerous drug except as authorized by law. NRS 454.311(1); NRS 454.321; NRS 639.281(1); NRS 639.2813(1).

15. It is a criminal offense for a pharmacist to knowingly fill or refill any prescription for a dangerous drug for use by a person other than the person for whom the prescription was originally issued. NRS 454.231.

16. A practitioner may purchase supplies of controlled substances and/or dangerous drugs from a pharmacy, and a pharmacy may sell or otherwise provide a compounded drug to a practitioner who will be administering the drug to a patient; the quantity must not exceed the

amount necessary for the practitioner to serve the present needs of the patients of the practitioner. NRS 639.268(1)(a) and NAC 639.757(4) and (5).

17. It is unlawful to engage in practice as a pharmaceutical technician in training without a valid registration, which expires on October 31 of each even-numbered year unless timely renewed in conformances with NRS 639.180 and NAC 639.242. NRS 639.100(1).

18. Prior to amendment by LCB File No. R041-21 effective 9-29-2022, NAC 639.242(6) required a registration certificate of a pharmaceutical technician in training to specify the pharmacy of employment; termination of that employment voided the registration, and the trainee must reapply for registration before his or her services may be used by another pharmacy. Furthermore, a managing pharmacist must certify the number of hours of training a pharmaceutical technician in training has completed. NAC 639.242(6); NAC 639.245.

19. Performing or in any way being a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(h) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 453.236(1) and NRS 639.210(4).

20. Performing any duties as a license holder in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license issued by the Board. NRS 639.210(4).

21. Aiding or abetting a person in unlicensed practice constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(j) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

22. Violating any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(11).

23. Violating, attempting to violate, assisting or abetting in the violation of or conspiring to violate any law or regulation relating to drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(12).

24. A managing pharmacist is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy, including recordkeeping. NRS 639.210(12) and (15), NRS 639.220(1) and/or NAC 639.702.

25. Any violation of any of the provisions of NRS Chapter 639 or NAC Chapter 639 by personnel of the pharmacy is cause for the suspension or revocation of the license of the pharmacy by the Board. NRS 639.230(5); NAC 639.702. Further, the owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(3).

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **META PHARMACY SERVICES, Pharmacy License No. PH03433,** **SEAN BARCLAY, RPH, Certificate of Registration No. 17303,** **CHRISTOPHER PETERS, RPH, Certificate of Registration No. 16325, and** **MICHELLE LYNN BADTEN, RPH, Certificate of Registration No. 14966-B,** **Respondents.**	**CASE NOS. 24-125-PH-S** **24-125-RPH-A-S** **24-125-RPH-B-S** **24-125-RPH-C-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300 and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Sean Barclay, RPh (Barclay), Certificate of Registration No. 17303, Respondent Christopher Peters, RPh (Peters), Certificate of Registration No. 16325, and Respondent Michelle Lynn Badten, RPh (Badten), Certificate of Registration No. 14966-B, were pharmacists registered with the Board, and Respondent Meta Pharmacy Services (Meta), Pharmacy License No. PH03433, was a pharmacy licensed by the Board.

2. On or about November 8, 2023, in case no. 23-254-PH-S, Board staff issued a cease-and-desist order with a citation and $5000 fine against Meta pursuant to NRS 639.2895 for utilizing pre-printed prescription blanks in violation of NRS 639.264(2).

FACTUAL ALLEGATIONS

3. Barclay owned Meta and acted as managing pharmacist, and Peters and Badten were employed by Meta, at the time of the events alleged herein.

4. A Board investigation in case no. 20-075-PT-S revealed that on or about March 11, 2020, Barclay hired Rosalina Ross (Ross), who held Certificate of Registration No. PT22373 as a pharmaceutical technician in training at Sunrise Pharmacy, Pharmacy License No. PH03880, in Las Vegas, without obtaining registration for Ross to work at Meta, and subsequently submitted documentation falsely certifying the number of hours of training Ross completed at Meta prior to her departure on or about June 22, 2020.

5. In 2021, a Board investigation in case no. 21-109-CS-S of the practice of Vincent Nalbone, MD, Certificate of Registration No. CS08907 (Nalbone), located in Las Vegas, revealed that Barclay, Peters and Badten counseled, induced and/or solicited Nalbone to issue prescriptions for controlled substances, including, without limitation, midazolam, diazepam, and alprazolam, under the names of his staff, including Hazel Mercado, Ellen Lovan, and Caroline Delos Santos, to Meta Pharmacy for the purpose of obtaining those controlled substances for office administration to multiple patients. Respondents subsequently filled and dispensed those unlawful controlled substance prescriptions to Nalbone's practice for office administration to multiple patients.

6. In 2023, a Board investigation in case no. 23-090-CS-S of the practice of Cristy O'Connell, APRN, Certificate of Registration No. CS25857, (O'Connell), located at Health

Xpress Medical Center LLC in Henderson, revealed that Barclay counseled, induced and/or solicited O'Connell to issue prescriptions for compounded semaglutide under the names of her staff and/or specific patients to Meta Pharmacy for the purpose of obtaining compounded semaglutide for office administration to multiple patients. Barclay subsequently filled and dispensed those unlawful prescriptions for compounded semaglutide to O'Connell's practice for office administration to multiple patients.

7. In 2023, a Board investigation in case no. 23-256-CS-S of the practice of Erika Kimble, APRN, Certificate of Registration No. CS21522 (Kimble), located at Parasol Aesthetics in Las Vegas, revealed that Barclay counseled, induced and/or solicited Kimble to issue prescriptions for compounded semaglutide under the names of her staff to Meta Pharmacy for the purpose of obtaining compounded semaglutide for office administration to multiple patients. Barclay subsequently filled and dispensed those unlawful prescriptions for compounded semaglutide to Kimble's practice for office administration to multiple patients.

8. On or about February 10, 2025, in case no. 25-008-PTT-S, Board staff issued a citation and $500 fine pursuant to NRS 639.2895 against Jasmynne Bayabo, PTT, Certificate of Registration No. PT28866 (Bayabo), for working on a expired registration from October 31, 2024, to November 20, 2024, while employed as a pharmaceutical technician in training by Meta, in violation of NRS 639.100(1), NRS 639.180 and/or NAC 639.242, and engaging in unprofessional conduct as defined in NAC 639.945(1)(i) and/or (k).

APPLICABLE LAW

9. A practitioner may prescribe a controlled substance only for a specific patient in conformance with 21 CFR § 1306.04, 21 CFR § 1306.05 and NAC 453.440 and may not issue a prescription in order to obtain controlled substances for supplying the practitioner for the

purpose of general dispensing to patients. 21 CFR § 1306.04(b); NAC 453.430(1); NRS 639.268(1)(a).

10. It is a felony offense to falsify a prescription for a controlled substance or otherwise purchase or possess a controlled substance except as authorized by law. 21 U.S.C. § 841(a); 21 U.S.C. § 842(a); NRS 453.321(1)(a) and (c); NRS 453.331(1)(d) and (i); NRS 639.281(1); NRS 639.2813(1).

11. It is a felony offense for a pharmacist to knowingly fill or refill any prescription for a controlled substance for use by a person other than the person for whom the prescription was originally issued. 21 U.S.C. § 829; NRS 453.431(1).

12. Conspiring to violate the Controlled Substances Act is a felony offense. 21 U.S.C. § 846; NRS 453.401(l)(a).

13. A practitioner may prescribe a dangerous drug only for a specific patient in conformance with NRS 454.223 and NRS 639.2353.

14. It is a criminal offense to falsify a prescription for a dangerous drug or otherwise purchase or possess a dangerous drug except as authorized by law. NRS 454.311(1); NRS 454.321; NRS 639.281(1); NRS 639.2813(1).

15. It is a criminal offense for a pharmacist to knowingly fill or refill any prescription for a dangerous drug for use by a person other than the person for whom the prescription was originally issued. NRS 454.231.

16. A practitioner may purchase supplies of controlled substances and/or dangerous drugs from a pharmacy, and a pharmacy may sell or otherwise provide a compounded drug to a practitioner who will be administering the drug to a patient; the quantity must not exceed the

amount necessary for the practitioner to serve the present needs of the patients of the practitioner. NRS 639.268(1)(a) and NAC 639.757(4) and (5).

17. It is unlawful to engage in practice as a pharmaceutical technician in training without a valid registration, which expires on October 31 of each even-numbered year unless timely renewed in conformances with NRS 639.180 and NAC 639.242. NRS 639.100(1).

18. Prior to amendment by LCB File No. R041-21 effective 9-29-2022, NAC 639.242(6) required a registration certificate of a pharmaceutical technician in training to specify the pharmacy of employment; termination of that employment voided the registration, and the trainee must reapply for registration before his or her services may be used by another pharmacy. Furthermore, a managing pharmacist must certify the number of hours of training a pharmaceutical technician in training has completed. NAC 639.242(6); NAC 639.245.

19. Performing or in any way being a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(h) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 453.236(1) and NRS 639.210(4).

20. Performing any duties as a license holder in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license issued by the Board. NRS 639.210(4).

21. Aiding or abetting a person in unlicensed practice constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(j) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

22. Violating any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(11).

23. Violating, attempting to violate, assisting or abetting in the violation of or conspiring to violate any law or regulation relating to drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(12).

24. A managing pharmacist is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy, including recordkeeping. NRS 639.210(12) and (15), NRS 639.220(1) and/or NAC 639.702.

25. Any violation of any of the provisions of NRS Chapter 639 or NAC Chapter 639 by personnel of the pharmacy is cause for the suspension or revocation of the license of the pharmacy by the Board. NRS 639.230(5); NAC 639.702. Further, the owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(3).

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **ABDOLLAH ASSAD, MD,** **Certificate of Registration No. CS12432,** **Respondent.**	**CASE NO. 24-470-CS-N** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300 and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because, at the time of the events alleged herein, Respondent Abdollah Assad, MD, held a Nevada controlled substance registration, Certificate of Registration No. CS12432, issued by the Board.

FACTUAL ALLEGATIONS

2. On or about August 14, 2024, the Nevada State Board of Medical Examiners (NSBME) filed charges in Case Nos 24-28982-1 and 24-28982-2 against Respondent's License No. 10883 to practice medicine for engaging in conduct in violation of NRS Chapter 630.

3. Respondent failed to disclose to the Board the pending charges in NSBME Case Nos 24-28982-1 and 24-28982-2 on his 2024 biennial renewal application for Certificate of Registration No. CS12432.

4. Respondent failed to review the patient utilization report for patient S.D. in the Prescription Monitoring Program (PMP) database prior to issuing a prescription for Adderall, a

Schedule II controlled substance, on August 18, 2024. Respondent subsequently changed the dosage of patient S.D.'s Adderall prescription from 20mg to 30mg on September 9, 2024, and again prescribed Adderall to S.D. on September 19, 2024, each time without reviewing the patient utilization report for patient S.D. in the PMP database.

APPLICABLE LAW

5. It is unlawful for a person knowingly or intentionally to furnish false or fraudulent material information in, or omit any material information from, any application for registration under NRS Chapter 453. NRS 453.331(1)(e); NRS 639.281(1).

6. A prescribing practitioner shall only issue a controlled substance prescription after review of a patient's utilization report in the PMP database in conformance with NRS 639.23507.

7. Performing any duties as the holder of a controlled substance registration in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

8. Willfully making to the Board any false statement which is material to the administration or enforcement of Nevada law is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(9).

9. Obtaining any registration by the filing of an application, or any record, affidavit or other information in support thereof, which is false or fraudulent is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(10).

10. Violating, attempting to violate, assisting or abetting in the violation of or conspiring to violate any law or regulation relating to drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(12).

11. The Board may suspend or revoke a registration issued pursuant to NRS 453.226 to prescribe or otherwise dispense a controlled substance upon a finding that the registrant has

committed an act that would render registration inconsistent with the public interest. NRS 453.236(1)(e) and NRS 453.241(1).

COUNT ONE

Furnishing False Material Information to Board

12. By failing to disclose to the Board the pending charges in NSBME Case Nos 24-28982-1 and 24-28982-2 on his 2024 biennial renewal application for Certificate of Registration No. CS12432, as detailed in Paragraphs 2 and 3 herein, Respondent violated NRS 453.331(l)(e) and NRS 639.281(1), and is subject to discipline pursuant to NRS 453.236(1)(a) and (e), NRS 453.241(1), NRS 639.210(9) and/or NRS 639.210(12).

COUNT TWO

Obtaining Registration by False or Fraudulent Application

13. By failing to disclose to the Board the pending charges in NSBME Case Nos 24-28982-1 and 24-28982-2 on his 2024 biennial renewal application for Certificate of Registration No. CS12432, as detailed in Paragraphs 2 and 3 herein, Respondent is subject to discipline pursuant to NRS 453.236(1)(a) and (e), NRS 453.241(1) and/or NRS 639.210(10).

COUNT THREE

Violation of State Law when Prescribing a Controlled Substance

14. By failing to review the patient utilization report for patient S.D. in the PMP database prior to issuing controlled substance prescriptions, as detailed in Paragraph 4 herein, Respondent is subject to discipline pursuant to NRS 453.236(1), NRS 453.241(1), NRS 639.210(12) and/or NRS 639.23916(3)(b).

COUNT FOUR

Unprofessional Conduct – Incompetent, Unskillful or Negligent Performance of Duties

15. By failed to review the patient utilization report for patient S.D. in the PMP database prior to issuing controlled substance prescriptions, as detailed in Paragraph 4 herein, Respondent has performed his duties as the holder of a controlled substance registration in an incompetent, unskillful or negligent manner and engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(i), and is subject to discipline pursuant to NRS 453.236(1), NRS 453.241(1), NRS 639.210(4) and/or NRS 639.23916(3)(b).

COUNT FIVE

Commission of Acts that Render Registration Inconsistent with the Public Interest

16. By failing to disclose to the Board the pending charges in NSBME Case Nos 24-28982-1 and 24-28982-2 on his 2024 biennial renewal application for Certificate of Registration No. CS124321, and by violating NRS 639.23507, Respondent has committed acts that render his registration inconsistent with the public interest and is subject to discipline pursuant to NRS 453.236(1) and NRS 453.241(1).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this Respondent.

Signed this 11th day of MARCH 2025.

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy ("Board") by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation ("Accusation") has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you.

2. **A hearing on the Accusation filed against you has been scheduled before the Board for Wednesday, April 16, 2025, at 9:00 AM PST, or soon thereafter at the following location:**

Hyatt Place
1790 E Plumb Lane
Reno, NV 89502

3. At the hearing, you have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). At the hearing, you are entitled to present argument and evidence including witness testimony on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241; NRS 639.246. To do so, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, within twenty (20) days of your receipt of this Statement and Notice, and the Accusation. NRS 622A.320; NRS 639.243.

You may file your answer electronically by emailing a copy of your Answer and Notice of Defense to the Board's coordinating staff and its prosecuting attorney at the email addresses below:

TeamBC@Pharmacy.nv.gov and bkandt@pharmacy.nv.gov

Alternatively, you may file your Answer and Notice of Defense by mailing two (2) copies to Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. Upon receipt of your Answer and Notice of Defense, a file stamped copy will be returned to you.

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350.

DATED this 11th day of MARCH 2025.

COMPLAINT

The Investigative Committee[1] (IC) of the Nevada State Board of Medical Examiners (Board), by and through Ian J. Cumings, Senior Deputy General Counsel and attorney for the IC, having a reasonable basis to believe that Abdollah Assad, M.D. (Respondent) violated the provisions of Nevada Revised Statutes (NRS) Chapter 630 and Nevada Administrative Code (NAC) Chapter 630 (collectively, the Medical Practice Act), hereby issues its Complaint, stating the IC's charges and allegations as follows:

1. Respondent was at all times relative to this Complaint a medical doctor holding an active license to practice medicine in the State of Nevada (License No. 10883). Respondent was originally licensed by the Board on April 8, 2004.

2. Patient A[2] was a thirty-one (31) year-old female at the time of the events at issue.

3. During the relevant time period, Patient A was a long-established psychiatric patient of Respondent, having regular visits being under Respondent's care and treatment since June 23, 2011. During these regular visits, Respondent documented a history of anxiety and problematic relationships that included her difficult relationship with her boyfriend on repeated occasions. Respondent's records from these visits are handwritten and largely illegible.

---

[1] The Investigative Committee of the Nevada State Board of Medical Examiners, at the time this formal Complaint was authorized for filing, was composed of Board members Chowdhury H. Ahsan, M.D., Ph.D, FACC, Ms. Pamela J. Beal and Irwin B. Simon, M.D., FACS.

[2] Patient A's true identity is not disclosed herein to protect her privacy, but is disclosed in the Patient Designation served upon Respondent along with a copy of this Complaint.

OFFICE OF THE GENERAL COUNSEL
Nevada State Board of Medical Examiners
9600 Gateway Drive
Reno, Nevada 89521
(775) 688-2559

4. On September 28, 2020, Respondent documented a telephone visit with Patient A who informed Respondent that she was moving out of the state. During this telephone visit, Respondent prescribed Latuda, Xanax, and Adderall for her.

5. On or about October 12, 2020, Respondent was contacted by Patient A who was staying in a motel and admitted to having attempted suicide. Respondent did not instruct Patient A to go to an emergency room, call an ambulance, or call police but instead came to the motel and picked up Patient A.

6. Respondent did not take Patient A to the hospital, nor attempt to initiate a legal 2000 mandatory hold to observe Patient A after her attempted suicide. Instead, Respondent took Patient A to another motel, and engaged in sexual intercourse with her, despite his awareness of troublesome relationships in the past and her obvious fragile state.

7. On October 16, 2020, following the sexual encounter, Respondent continued to prescribe Adderall to Patient A, and documented that Patient A was going to seek a new physician. Respondent did not refer Patient A to a new psychiatrist or make arrangements for the transfer of her care.

COUNT I

NRS 630.301(4) - Malpractice

8. All of the allegations contained in the above paragraphs are hereby incorporated by reference as though fully set forth herein.

9. NRS 630.301(4) provides that malpractice of a physician is grounds for initiating disciplinary action against a licensee.

10. NAC 630.040 defines malpractice as "the failure of a physician, in treating a patient, to use the reasonable care, skill, or knowledge ordinarily used under similar circumstances."

11. As demonstrated by, but not limited to, the above-outlined facts, Respondent failed to use the reasonable care, skill or knowledge ordinarily used under similar circumstances when rendering medical services to Patient A by engaging in sexual intercourse and having an

///

inappropriate sexual relationship with Patient A while still continuing to see her as his patient and prescribe her Adderall.

12. By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

COUNT II

NRS 630.304(5) – Influencing a Patient to Engage in Sexual Activity

13. All of the allegations contained in the above paragraphs are hereby incorporated by reference as though fully set forth herein.

14. NRS 630.304(5) provides that influencing a patient in order to engage in sexual activity with the patient or others is grounds for initiating disciplinary action.

15. As demonstrated by, but not limited to, the above-outlined facts, Respondent influenced Patient A by failing to properly admit her to an appropriate care facility or get Patient A emergency assistance following a suicide attempt despite her documented history of troubled relationships, but instead took Patient A to a motel and engaged in sexual intercourse with her.

16. By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

COUNT III

NRS 630.301(5) – Engaging in Sexual Activity with a Patient

17. All of the allegations contained in the above paragraphs are hereby incorporated by reference as though fully set forth herein.

18. NRS 630.301(5) provides that engaging by a practitioner in any sexual activity with a patient who is currently being treated by the practitioner constitutes grounds for initiating disciplinary action.

19. As demonstrated by, but not limited to, the above-outlined facts, Respondent engaged in sexual intercourse with Patient A and subsequently continued to prescribe controlled substances to her as her physician.

20. By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

COUNT IV

NRS 630.306(1)(p) - Unsafe or Unprofessional Conduct

21. All of the allegations in the above paragraphs are hereby incorporated as if fully set forth herein.

22. Engaging in any act that is unsafe or unprofessional conduct in accordance with regulations adopted by the Board is grounds for disciplinary action against a licensee pursuant to NRS 630.306(1)(p).

23. As demonstrated by, but not limited to, the above-outlined facts, Respondent's conduct was unprofessional and violated the physician-patient relationship when Respondent engaged in sexual intercourse with Patient A, a vulnerable psychiatric patient.

24. By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

COUNT V

NRS 630.304(7) - Terminating Medical Care without Adequate Notice to a Patient

25. All of the allegations contained in the above paragraphs are hereby incorporated by reference as though fully set forth herein.

26. NRS 630.304(7) provides that terminating the medical care of a patient without adequate notice or without making other arrangements for the continued care of the patient is grounds for initiating disciplinary action.

27. Respondent terminated the medical care of Patient A without adequate notice when he discontinued care of Patient A on October 16, 2020. Respondent noted Patient A's intention to seek another provider but failed to coordinate her care or provide a referral to an appropriate physician following his October 16, 2020, prescription of Adderall.

28. By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

COUNT VI

NRS 630.301(7) – Violation of Patient Trust and Exploitation of Physician and Patient Relationship for Financial or Personal Gain

29. All of the allegations contained in the above paragraphs are hereby incorporated by reference as though fully set forth herein.

30. NRS 630.301(7) provides that "engaging in conduct that violates the trust of a patient and exploits the relationship between the physician and the patient for financial or other personal gain" is grounds for initiating discipline against a licensee.

31. As demonstrated by, but not limited to, the above-outlined facts, Respondent violated the trust of a patient and exploited the relationship between the Respondent and Patient A by gaining intimate knowledge of Patient A during psychiatric treatment, and subsequently engaging in a sexual relationship with Patient A while she was in a vulnerable state.

32. By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

WHEREFORE, the Investigative Committee prays:

1. That the Board give Respondent notice of the charges herein against him and give him notice that he may file an answer to the Complaint herein as set forth in NRS 630.339(2) within twenty (20) days of service of the Complaint;

2. That the Board set a time and place for a formal hearing after holding an Early Case Conference pursuant to NRS 630.339(3);

3. That the Board determine what sanctions to impose if it determines there has been a violation or violations of the Medical Practice Act committed by Respondent;

4. That the Board award fees and costs for the investigation and prosecution of this case as outlined in NRS 622.400;

5. That the Board make, issue and serve on Respondent its findings of fact, conclusions of law and order, in writing, that includes the sanctions imposed; and

3. On July 3, 2019, Patient A began seeing Respondent to continue medication-assisted treatment following the retirement of a psychiatrist he had been seeing regularly for the issue. Respondent diagnosed Patient A with opioid dependence but did not include a comprehensive assessment, review or records from Patient A's previous provider. Respondent also failed to collect other pertinent information to support a comprehensive diagnosis or

treatment plan. Respondent then prescribed Patient A buprenorphine, but did not document any evidence that a discussion about informed consent took place prior to the prescription of controlled substances to Patient A.

4. On August 20, 2019, Respondent prescribed Patient A Risperdal, an antipsychotic medication. Respondent did not include a review of prior records, any documentation, nor any comprehensive examination in his records to support a diagnosis of a psychiatric disorder that would justify prescribing Risperdal. Moreover, Respondent also failed to document whether Patient A received informed consent or alternatives to Risperdal prior to delivery of the prescription.

5. On November 6, 2019, Respondent prescribed Patient A Zoloft, an SSRI antidepressant. Respondent did not include any documentation or examination in his records to support an appropriate diagnosis of depression that justifies the prescription for Zoloft, nor did Respondent document that Patient A received informed consent or alternatives to Zoloft prior to delivery of the prescription.

6. In total, Respondent saw Patient A from July 7, 2019, through January 8, 2020. Throughout Patient A's treatment, Respondent did not include documentation that he checked Patient A's Prescription Monitoring Program (PMP) report prior to prescribing Patient A controlled substances in violation of Nevada law, especially given Patient A's history of medication dependence.

7. Throughout Respondent's treatment of Patient A, Respondent required urine drug screenings which required Patient A to pay out-of-pocket for the tests despite having Medicare. Respondent did not have a valid Clinical Laboratory Improvements Amendment (CLIA) waiver for the point-of-care testing offered in his practice to charge payments to his patients.

8. On January 8, 2020, Patient A was noted by Respondent to be a "no call, no show" whereupon Respondent ceased his medical care of Patient A. Respondent documents no further effort to contact Patient A or refer him to an appropriate clinician to maintain his prescription.

COUNT I

NRS 630.301(4) - Malpractice

9. All of the allegations contained in the above paragraphs are hereby incorporated by reference as though fully set forth herein.

10. NRS 630.301(4) provides that malpractice of a physician is grounds for initiating disciplinary action against a licensee.

11. NAC 630.040 defines malpractice as "the failure of a physician, in treating a patient, to use the reasonable care, skill, or knowledge ordinarily used under similar circumstances."

12. As demonstrated by, but not limited to, the above-outlined facts, Respondent failed to use the reasonable care, skill or knowledge ordinarily used under similar circumstances when rendering medical services to Patient A by failing to either document or perform an appropriate psychological examination or perform a review of Patient A's prior medical records to support the diagnosis of opioid dependence, and to provide the prescription of controlled substances.

13. By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

COUNT II

NRS 630.3062(1)(a) - Failure to Maintain Complete Medical Records

14. All of the allegations contained in the above paragraphs are hereby incorporated by reference as though fully set forth herein.

15. NRS 630.3062(1)(a) provides that the "failure to maintain timely, legible, accurate and complete medical records relating to the diagnosis, treatment and care of a patient" constitute grounds for initiating discipline against a licensee.

16. Respondent failed to maintain complete medical records relating to the diagnosis, treatment and care of Patient A, by failing to correctly document his actions when he treated Patient A, whose medical records were not timely, legible, accurate, and complete as evidenced by Respondent's handwritten and illegible medical records for Patient A's care which omits standard

/ / /

portions of psychological examinations including an appropriate review of symptoms, and informed consent.

17. By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

COUNT III

NRS 630.304(7) - Terminating Medical Care without Adequate Notice to a Patient

18. All of the allegations contained in the above paragraphs are hereby incorporated by reference as though fully set forth herein.

19. NRS 630.304(7) provides that terminating the medical care of a patient without adequate notice or without making other arrangements for the continued care of the patient is grounds for initiating disciplinary action.

20. Respondent terminated the medical care of Patient A without adequate notice to Patient A and without making any arrangements for Patient A's continued care after January 8, 2020, when Respondent failed to appropriately follow-up or refer Patient A to another medical care provider after the termination of his care. Furthermore, Respondent failed to document his termination treatment for Patient A.

21. By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

COUNT IV

NRS 630.306(1)(b)(2) - Violation of Standards of Practice – Violation of Model Policy

22. All of the allegations in the above paragraphs are hereby incorporated by reference as though fully set forth herein.

23. Violation of a standard of practice adopted by the Board is grounds for disciplinary action pursuant to NRS 630.306(1)(b)(2).

24. The Board adopted by reference the Model Policy in NAC 630.187.

25. Pursuant to NAC 630.230(1)(k), a licensee shall not engage in the practice of writing prescriptions for controlled substances to treat acute pain or chronic pain in a manner that deviates from the standards set forth in the Model Policy.

26. As demonstrated by, but not limited to, the above-outlined facts, Respondent wrote prescriptions to Patient A for opioid analgesics to treat chronic pain in a manner that deviated from the Model Policy by failing to check Patient A's PMP report at any time during the course of Patient A's treatment.

27. By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

COUNT V

NRS 630.306(1)(b)(2) - Violation of Standards of Practice Established by Regulation – Unreasonable Additional Charges for Laboratory Tests

28. All of the allegations contained in the above paragraphs are hereby incorporated by reference as though fully set forth herein.

29. Violation of a standard of practice adopted by the Board is grounds for disciplinary action pursuant to NRS 630.306(1)(b)(2).

30. NAC 630.230(1)(f) provides that a physician shall not, "Make an unreasonable additional charge for tests in a laboratory"

31. Respondent charged cash payments to Patient A for laboratory testing covered by Medicare in violation of Medicare policies without having a valid CLIA Waiver.

32. By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

WHEREFORE, the Investigative Committee prays:

1. That the Board give Respondent notice of the charges herein against him and give him notice that he may file an answer to the Complaint herein as set forth in NRS 630.339(2) within twenty (20) days of service of the Complaint;

2. That the Board set a time and place for a formal hearing after holding an Early Case Conference pursuant to NRS 630.339(3);

3. That the Board determine what sanctions to impose if it determines there has been a violation or violations of the Medical Practice Act committed by Respondent;

///

4. That the Board award fees and costs for the investigation and prosecution of this case as outlined in NRS 622.400;

5. That the Board make, issue and serve on Respondent its findings of fact, conclusions of law and order, in writing, that includes the sanctions imposed; and

6. That the Board take such other and further action as may be just and proper in these premises.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **ABDOLLAH ASSAD, MD,** **Certificate of Registration No. CS12432** **Respondent.**	**Case No. 24-470-CS-N** **ANSWER AND NOTICE OF DEFENSE OF RESPONDENT TO ACCUSATION**

Respondent Abdollah Assad, M.D. . hereby files with the Nevada State Board of Pharmacy ("Board"), his Answer and Notice of Defense to the Notice of Intended Action and Accusation ("Accusation") filed on March 11, 2025.

ANSWER TO ACCUSATION

Jurisdiction

Dr. Assad agrees that the Board has jurisdiction in this matter as set forth in Paragraph 1 of the Accusation. Dr. Assad further answers the Factual Allegations set forth in the Accusation as follows:

Factual Allegations: Paragraphs 2-9

Paragraph 2: Dr. Assad acknowledges the factual allegations set forth in Paragraph 2.

Paragraph 3: Dr. Assad acknowledges the factual assertions set forth in Paragraph 3, however Dr. Assad asserts this was due to a misunderstanding on his part that pending matters also had to be disclosed, not only resolved matters.

Paragraph 4: Dr. Assad denies the factual allegations set forth in Paragraph 4 to the extent that he attempted to check the PMP for patient S.D. on August 18, 2024, however was unable to log into the system at that time. On September 9, 2024, Dr. Assad only prescribed seven days of Adderall due to the patient having allegedly lost some of her medication. The change in dosage was made due to the unavailability of 20 mg Adderall which the patient had been taking three times per day. Dr. Assad changed the prescription to 30 mg of Adderall twice a day; there was no modification in the daily dose of Adderall the patient was taking. Dr. Assad prescribed a fourteen day supply of Adderall on September 19, 2024.

Dr. Assad then checked the PMP to discover that the patient had been receiving controlled substances from other providers and the patient was discharged in October 2024.

Applicable Law: Paragraphs 5-11

Dr. Assad acknowledges that paragraphs 5 through 11 generally reflect the applicable laws.

Counts: Paragraphs 12-16

Paragraph 12/Count I: Dr. Assad denies the allegations contained in Paragraph 12.

Paragraph 13/Count II: Dr. Assad denies the allegations in paragraph 13.

Paragraph 14/Count III: Dr. Assad denies the allegations in paragraph 14.

Paragraph 15/Count IV: Dr. Assad denies the allegations in paragraph 15

Paragraph 16/Count V: Dr. Assad denies the allegations contained in Paragraph 16.

NOTICE OF DEFENSE/MITIGATING INFORMATION

Dr. Assad acknowledges his failure to disclose the two Board of Medical Examiners complaints which were pending at the time he submitted his renewal and asserts the failure to

disclose the pending cases was due solely to a misunderstanding regarding disclosing pending matters, rather than matters that were resolved.

In regard to patient S.D., Dr. Assad first saw the patient on August 18, 2024. At the time the patient was currently taking Adderall as well as other medications which Dr. Assad continued the patient on. Dr. Assad does check the PMP when prescribing for any new patient, however on the day at issue, he experienced issues logging into the database.

As described above the patient was prescribed a seven day supply of Adderall on September 9, 2024, as she reported she had lost some of her pills. Dr. Assad changed the dose from 20 mg Adderall three times per day to 30 mg Adderall two times per day due to a shortage at the time of 20 mg Adderall. The daily dosage of Adderall was not altered. Dr. Assad prescribed a final fourteen day supply for the patient on September 19, 2024. Dr. Assad did check the PMP and after doing so, he discovered that the patient had been obtaining medications from other providers. Dr. Assad ultimately discharged the patient in October 2024.

Respectfully submitted this 1st day of April, 2025.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **ALYSSA GARCIA, PT,** **Certificate of Registration No. PT20499,** **Respondent.**	**CASE NO. 25-076-PT-S** **ORDER OF SUMMARY SUSPENSION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy (Board), has determined that the certificate of registration of Respondent Alyssa Garcia, PT, Certificate of Registration No. PT20499, is subject to summary suspension pursuant to Nevada Revised Statute (NRS) 233B.127(3), based upon the following preliminary findings:

1. Upon information and belief, on or about January 24, 2025, Respondent was terminated from employment by Smith's Pharmacy #315, License No. PH03897, due policy violations and unprofessional conduct related to the theft of 9,515 tablets of Alprazolam 1mg, 19,908 tablets of Alprazolam 2mg, and 1,018 tablets of Tramadol 50mg. Smith's Pharmacy #315 filed a police report with the Las Vegas Metropolitan Police Department and an investigation is ongoing.

2. As of the date of this Order, the Executive Secretary has reasonably determined that the health, safety, or welfare of the public in the State of Nevada is at risk of imminent harm based upon the finding in paragraph 1 above.

3. Based on the foregoing, the Executive Secretary has reasonably determined that a summary suspension of Certificate of Registration No. PT20499 is necessary to remove the risk of imminent harm to the health, safety and welfare of the public.

Accordingly, pursuant to NRS 233B.127(3):

IT IS HEREBY ORDERED that the Certificate of Registration No. PT20499 is **SUMMARILY SUSPENDED** until further order of the Board; and,

IT IS FURTHER ORDERED that pursuant to NRS 233B.127(3), a hearing before the Board on this matter is set for Wednesday, April 16, 2025, at 9:00 AM, or soon thereafter at the following location:

Hyatt Place
1790 E Plumb Ln
Reno, NV 89502

Respondent is therefore directed to provide the Board with any evidence or information that would show that either the factual or legal reasons for the summary suspension are incorrect or otherwise demonstrate that her conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3).

IT IS SO ORDERED.

Entered this 11th day of March 2025.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

CERTIFICATE OF SERVICE

I certify that I am an employee of the Nevada State Board of Pharmacy, and that on this 12th day of March 2025, I served a true and correct copy of the foregoing document by Certified U.S. Mail and Standard U.S. mail to the following:

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **PULMONARY SOLUTIONS, LLC, License No. MP02951,** **Respondent.**	**CASE NO. 22-357-MP-N** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Pulmonary Solutions, LLC (Respondent), because Respondent holds a license issued by the Board pursuant to NRS 639.233 and NAC 639.6942.

2. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve retail sales and/or consumer leases of medical devices, equipment, and gases.

FACTUAL ALLEGATIONS

3. Respondent is currently licensed by the Board to sell medical products from its business location at 7660 West Sahara Avenue in Las Vegas, Nevada. Respondent was previously licensed to sell medical products from a second Nevada business location at 50 Freeport Boulevard #24 in Sparks, Nevada.

4. As a licensed medical products provider, Respondent is authorized to sell and/or lease respiratory equipment and related supplies to Nevada consumers.

5. In March 2024, Respondent closed its business location at 50 Freeport Boulevard #24 in Sparks, Nevada. Respondent continues to conduct business from its location on Sahara Avenue in Las Vegas, Nevada.

6. The allegations below concern the operation of Respondent's business location in Sparks, Nevada. Until March 2024, Respondent operated the Sparks location under license no. MP02951. Respondent operates the Las Vegas location under license no. MP00687. Respondent did not renew its license for the Sparks location.

7. In August 2020, Respondent entered into a contract with patient J.E., an 88-year-old male who was suffering from chronic obstructive pulmonary disease (COPD). As directed by J.E.'s physician, Respondent supplied J.E. with a home oxygen concentrator for nocturnal use, a portable oxygen concentrator for daytime use, and associated oxygen supplies. Medicare reimbursed Respondent for the cost of the equipment and supplies.

8. Under Medicare rules, J.E. was obligated to contract with Respondent for a 5-year term of duration. Pursuant to the terms of the contract, Medicare had no obligation to pay for equipment or supplies acquired by J.E. from any source other than Respondent.

9. In 2022, as discussed in greater detail below, Respondent was largely unresponsive to J.E.'s requests for service, maintenance, and oxygen supplies. This unresponsive behavior forced J.E. to acquire oxygen supplies from Amazon at his own expense.

10. In November and December 2021, J.E.'s respiratory distress became more severe. J.E.'s physician issued an order dated December 17, 2021, directing Respondent to service J.E.'s home oxygen concentrator, to supply J.E. with an oximeter, and to provide him with a small volume nebulizer and related supplies.

11. Although Respondent received the physician's order as described above, Respondent did not service or otherwise address the problems with J.E.'s home oxygen concentrator until May 9, 2022. On that date, Respondent replaced the existing oxygen concentrator with an entirely new unit. Respondent did not document the reasons why the existing unit had failed.

12. Between December 2021 and April 2022, Respondent billed Medicare for a home oxygen concentrator and a battery that it had reportedly delivered to J.E. pursuant to his physician's

order. Respondent had not actually delivered these items to J.E. despite representing to Medicare that it had delivered the items.

13. Between December 2021 and May 9, 2022, J.E.'s various caregivers reportedly telephoned Respondent on more than 100 occasions to request service to J.E.'s home oxygen concentrator and/or to request the prescribed oximeter, the nebulizer, a battery for the portable oxygen concentrator, and much needed oxygen supplies such as masks and tubing. According to the caregivers, Respondent's employees typically complained that they were overworked, understaffed, and/or generally unable to promptly address J.E.'s medical needs.

14. Respondent did not document any of the telephone calls described above, nor did it document Respondent's responses, if any, to the calls.

15. In April 2022, Respondent dispatched a technician to examine J.E.'s home oxygen concentrator. The technician removed a piece from the home oxygen concentrator and left J.E.'s home without repairing or otherwise improving the operation or function of the home oxygen concentrator. Respondent did not make a record of this visit by the technician.

16. As noted above, on May 9, 2022, Respondent replaced J.E.'s home oxygen concentrator with an entirely new unit. Respondent's administrator has represented that Respondent's standard operating procedure is to replace rather than repair an inoperable or poorly functioning oxygen concentrator.

17. On May 10, 2022, J.E.'s caregiver telephoned Respondent to explain that J.E.'s new home oxygen concentrator was missing a part. Sometime thereafter, a technician arrived at J.E.'s home to examine the unit. According to the caregiver, the technician removed a second part from the unit and left with it. The technician never returned to repair and/or reassemble the unit. Respondent did not document the visit by the technician or the reasons why the technician had partially dissembled the unit.

18. In July and August 2022, J.E.'s caregivers telephoned Respondent on three or more occasions to inform Respondent that J.E.'s home oxygen concentrator was missing a part or parts. On

August 16, 2022, after receiving several telephone calls from J.E.'s caregivers, Respondent repaired J.E.'s home oxygen concentrator.

19. On or about November 1, 2022, Board Investigator Monica Segedy transmitted to Respondent a demand for records concerning the events described above. The demand included a request for "[a]ny and all notes documenting visits and/or communication with [J.E.] and or his caretaker." The records produced by Respondent in response to the demand letter contain very few entries documenting visits and communications with J.E. after December 2020. Respondent produced no record of ever having delivered an oximeter or a small volume nebulizer to J.E. or his caregivers as ordered by J.E.'s physician.

20. J.E. passed away on January 19, 2023.

APPLICABLE LAW

21. Any person who engages in business as a medical products provider must obtain a license from the Board. NRS 639.233; NAC 639.6942. "Medical products provider" means a person licensed pursuant to NAC 639.693 to 639.6958, inclusive, to sell, lease or otherwise provide medical products to a consumer in Nevada.

22. "Medical products" includes medical devices, equipment, supplies and gases intended for use in the diagnosis, cure, mitigation, treatment or prevention of disease. NAC 639.6935.

23. "Respiratory equipment" means a medical product intended to assist a consumer in the act of breathing or intended to introduce a product or drug, other than a medical gas, into the lungs of a consumer. NAC 639.6938.

24. A medical products provider may be disciplined for violating, attempting to violate, assisting or abetting in the violation of federal or state statutes and regulations governing the sale, service, or maintenance of medical products. NRS 639.210(12); NRS 639.255.

25. A medical products provider may be disciplined for unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4).

26. Unprofessional conduct includes performing one's duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

27. Unprofessional conduct includes submitting any claim for payment or reimbursement to any person or entity for products or services that is fraudulent, deceitful, unnecessary, or for any products or services not actually provided to a consumer. NAC 639.6941(1)(f).

28. It is unprofessional conduct for a medical products provider to perform or allow any employee or agent of the medical products provider to perform services beyond the training, competency, ability or knowledge of the employee or agent. NAC 639.6941(1)(e).

29. The owner of a medical products provider is responsible for the acts of his or her business administrator and employees. NAC 639.6941(2).

30. A medical products provider must provide services for all medical products sold, leased or otherwise provided by the medical products provider, including, without limitation, set up, repair and maintenance. NAC 639.6946(1)(a).

31. A medical products provider must employ an administrator and other employees sufficient to provide set up, repair and maintenance services. NAC 639.6946(1)(b).

32. A medical products provider must communicate with its customer and/or the customer's physician when made aware of issues or problems concerning the maintenance, efficacy, or functionality of the medical products sold or leased to the customer. NAC 639.6951(2); NAC 639.6952(1)-(2). Further, the medical products provider must make a written record of all such communications. NAC 639.6951(3); NAC 639.6952(3).

33. A medical products provider that sells, leases or otherwise provides respiratory equipment must service the equipment at appropriate intervals, and keep corresponding service records, to ensure that the equipment is functional and otherwise meets the medical needs of the customer. NAC 639.6954(1)(d)-(e).

34. A medical products provider must provide an emergency supply of oxygen, supplies and equipment to maintain therapy while the primary supply of oxygen and related equipment is inoperable or unusable. NAC 639.6954(4).

35. In addition to or in lieu of revoking or suspending a person's license due to an act or omission described above, the Board may impose an administrative fine upon the person. The fine may not exceed $10,000 for each offense. NRS 639.255(1)(f) and (3).

COUNT ONE
Failure to Service Respiratory Equipment

36. Between December 17, 2021, and May 9, 2022, Respondent was repeatedly informed and knew that J.E.'s home oxygen concentrator required service.

37. Respondent had a legal duty to service J.E.'s home oxygen concentrator within a reasonable period of time after first being informed on or about December 17, 2021, that J.E.'s home oxygen concentrator required service. NAC 639.6946(1)(a).

38. Respondent failed to service J.E.'s home oxygen concentrator within a reasonable period of time after first being informed on or about December 17, 2021, that J.E.'s home oxygen concentrator required service.

39. Respondent failed to employ an administrator and/or other employees sufficient to service J.E.'s home oxygen concentrator within a reasonable period of time after first being informed on or about December 17, 2021, that J.E.'s home oxygen concentrator required service.

40. By failing to service J.E.'s home oxygen concentrator within a reasonable period of time, Respondent violated NAC 639.6946(1)(a).

41. By failing to employ an administrator and/or other employees sufficient to service J.E.'s home oxygen concentrator within a reasonable period of time, Respondent violated NAC 639.6946(1)(b).

42. By failing to service J.E.'s home oxygen concentrator within a reasonable period of time, and/or by failing to employ an administrator and/or other employees sufficient to service J.E.'s

home oxygen concentrator within a reasonable period of time, Respondent performed its duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner.

43. Respondent is subject to professional discipline for any one or more of the acts of misconduct described above. NRS 639.210(4) and (12); NRS 639.255; NAC 639.6941(2); NAC 639.945(1)(i).

COUNT TWO
Failure to Repair Respiratory Equipment

44. On May 9, 2022, Respondent replaced J.E.'s home oxygen concentrator with an entirely new unit.

45. On or about May 10, 2022, J.E.'s caregiver telephoned Respondent to explain that J.E.'s new home oxygen concentrator was missing a part.

46. In July and August 2022, J.E.'s caregivers telephoned Respondent on three or more occasions to inform Respondent that J.E.'s home oxygen concentrator was missing a part or parts.

47. Despite receiving the several telephone calls noted above, Respondent did not repair J.E.'s home oxygen concentrator until August 16, 2022.

48. Respondent failed to repair J.E.'s home oxygen concentrator within a reasonable period of time after first being informed on or about May 10, 2022, that J.E.'s home oxygen concentrator was missing a part.

49. Respondent failed to employ an administrator and/or other employees sufficient to repair J.E.'s home oxygen concentrator within a reasonable period of time after first being informed on or about May 10, 2022, that J.E.'s home oxygen concentrator was missing a part.

50. By failing to repair J.E.'s home oxygen concentrator within a reasonable period of time, Respondent violated NAC 639.6946(1)(a).

51. By failing to employ an administrator and/or other employees sufficient to repair J.E.'s home oxygen concentrator within a reasonable period of time, Respondent violated NAC 639.6946(1)(b).

52. By failing to repair J.E.'s home oxygen concentrator within a reasonable period of time, and/or by failing to employ an administrator and/or other employees sufficient to repair J.E.'s home oxygen concentrator within a reasonable period of time, Respondent performed its duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner.

53. Respondent is subject to professional discipline for any one or more of the acts of misconduct described above. NRS 639.210(4) and (12); NRS 639.255; NAC 639.6941(2); NAC 639.945(1)(i).

COUNT THREE

Failure to Communicate with a Customer Concerning Ongoing Medical Needs

54. Between December 17, 2021, and May 9, 2022, Respondent was repeatedly informed and knew that J.E.'s home oxygen concentrator required service, that he required an oximeter and nebulizer, that he required a battery for his portable oxygen concentrator, and that he required oxygen supplies such as masks and tubing.

55. Between December 17, 2021, and May 9, 2022, despite having been repeatedly informed of J.E.s immediate medical needs as described above, Respondent failed to communicate with J.E. and/or J.E.s caregivers regarding those medical needs.

56. By failing to communicate with J.E. regarding his medical needs, Respondent violated NAC 639.6951(2) and NAC 639.6952(1)-(2).

57. By failing to communicate with J.E. regarding his immediate medical needs, Respondent performed its duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner.

58. Respondent is subject to professional discipline for any one or more of the acts of misconduct described above. NRS 639.210(4) and (12); NRS 639.255; NAC 639.6941(2); NAC 639.945(1)(i).

COUNT FOUR
Failure to Make a Record of Communications with a Customer

59. Between December 17, 2021, and May 9, 2022, J.E.'s caregivers repeatedly telephoned Respondent to inform Respondent that J.E.'s home oxygen concentrator required service, that he required an oximeter and nebulizer, that he required a battery for his portable oxygen concentrator, and that he required oxygen supplies such as masks and tubing. Respondent failed to make a written record of these telephone calls.

60. By failing to make a written record of telephone calls concerning J.E.'s immediate medical needs, Respondent violated NAC 639.6951(3) and NAC 639.6952(3).

61. By failing to make a written record of telephone calls concerning J.E.'s immediate medical needs, Respondent performed its duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner.

62. Respondent is subject to professional discipline for any one or more of the acts of misconduct described above. NRS 639.210(4) and (12); NRS 639.255; NAC 639.6941(2); NAC 639.945(1)(i).

COUNT FIVE
Failure to Supply Emergency Oxygen and Related Supplies

63. Between December 17, 2021, and May 9, 2022, Respondent was repeatedly informed and knew that J.E.'s home oxygen concentrator required service, that he required an oximeter and nebulizer, that he required a battery for his portable oxygen concentrator, and that he required oxygen supplies such as masks and tubing. J.E.'s caregivers regularly explained that he was in urgent need of ongoing oxygen therapy.

64. Between December 17, 2021, and May 9, 2022, despite having been repeatedly informed of J.E.s urgent medical needs, Respondent failed to provide J.E. with an emergency supply of oxygen, supplies and equipment to maintain therapy while the primary supply of oxygen and related equipment was inoperable or unusable.

65. By failing to provide J.E. with an emergency supply of oxygen, supplies and equipment to maintain therapy pending repair or replacement of J.E.'s home oxygen concentrator, Respondent violated NAC 639.6954(4).

66. By failing to provide J.E. with an emergency supply of oxygen, supplies and equipment to maintain therapy pending repair or replacement of J.E.'s home oxygen concentrator, Respondent performed its duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner.

67. Respondent is subject to professional discipline for any one or more of the acts of misconduct described above. NRS 639.210(4) and (12); NRS 639.255; NAC 639.6941(2); NAC 639.945(1)(i).

COUNT SIX

Failure to Service Respiratory Equipment at Appropriate Intervals

68. On or about December 17, 2021, J.E.'s physician directed Respondent to service J.E.'s home oxygen concentrator. Respondent did not properly service or otherwise address the problems with J.E.'s home oxygen concentrator until May 9, 2022.

69. On information and belief, Respondent failed to service J.E.'s home oxygen concentrator at the intervals recommended by the manufacturer.

70. By failing to service J.E.'s home oxygen concentrator at recommended intervals, Respondent violated NAC 639.6954(1)(d).

71. By failing to service J.E.'s home oxygen concentrator at recommended intervals, Respondent performed its duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner.

72. Respondent is subject to professional discipline for any one or more of the acts of misconduct described above. NRS 639.210(4) and (12); NRS 639.255; NAC 639.6941(2); NAC 639.945(1)(i).

COUNT SEVEN
Failure to Make a Record of Service Call

73. In April 2022, Respondent dispatched a technician to examine J.E.'s home oxygen concentrator. The technician removed a piece from the home oxygen concentrator and left J.E.'s home without repairing or otherwise improving the operation or function of the home oxygen concentrator. Respondent did not make a record of this visit by the technician.

74. By failing to make a written record of the service call by the technician as described above, Respondent violated NAC 639.6954(1)(e).

75. By failing to make a written record of the service call by the technician as described above, Respondent performed its duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner.

76. Respondent is subject to professional discipline for any one or more of the acts of misconduct described above. NRS 639.210(4) and (12); NRS 639.255; NAC 639.6941(2); NAC 639.945(1)(i).

COUNT EIGHT
Failure to Employ or Engage Competent Service Technicians

77. In April 2022, Respondent dispatched a technician to examine J.E.'s home oxygen concentrator. The technician removed a piece from the home oxygen concentrator and left J.E.'s home without repairing or otherwise improving the operation or function of the home oxygen concentrator.

78. In May 2022, Respondent once again dispatched a technician to examine J.E.'s home oxygen concentrator. The technician removed a piece from the home oxygen concentrator and left J.E.'s home without repairing or otherwise improving the operation or function of the home oxygen concentrator.

79. The technician never communicated with J.E. or his caregivers regarding an anticipated repair or replacement date.

80. As evidenced by the events described above, Respondent allowed an employee or agent to perform services beyond the training, competency, ability or knowledge of the employee or agent.

Pursuant to NAC 639.6941(1)(e), this amounts to unprofessional conduct for which Respondent may be disciplined.

COUNT NINE
Improper Billing Practices

81. Between December 2021 and April 2022, Respondent billed Medicare for a home oxygen concentrator and a battery that it had reportedly delivered to J.E. pursuant to his physician's order. Respondent had not actually delivered these items to J.E. despite representing to Medicare that it had delivered the items.

82. By billing Medicare in the manner described above, Respondent submitted a claim for payment or reimbursement for products and services not actually provided to a consumer. Pursuant to NAC 639.6941(1)(f), this amounts to unprofessional conduct for which Respondent may be disciplined.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the license of Respondent Pulmonary Solutions, LLC.

DATED this 14th day of NOVEMBER 2024.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **LINCARE, INC.,** **License No. MP00015,** **Respondent.**	**Case No. 24-324-MP-N** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over Respondent Lincare, Inc., (Respondent), because the Board has licensed Respondent to conduct business as a medical products provider.

FACTUAL ALLEGATIONS

2. Since March 9, 2001, Respondent has held license number MP00015, allowing Respondent to sell medical devices, equipment and gases at retail.

3. Respondent conducts business from a location at 3427 Goni Road #106, in Carson City, Nevada.

4. In 2019, Respondent filled patient M.O.'s prescriptions for an oxygen concentrator and a CPAP machine. Respondent delivered the oxygen concentrator to patient M.O.'s home on July 7, 2019, and the CPAP machine on November 5, 2019.

5. Respondent was charged with servicing patient M.O.'s oxygen concentrator and CPAP machine as required by Nevada law.

6. Respondent serviced patient M.O.'s oxygen concentrator on October 28, 2020, and then replaced it with a new oxygen concentrator on November 4, 2020.

7. The manufacturer of the oxygen concentrator, Philips Respironics, recommends that the machine's air inlet filter be replaced every 12 months to a maximum of 24 months or more frequently in an environment of high dust.

8. Respondent did not service patient M.O.'s oxygen concentrator or replace its air inlet filter in 2021.

9. Respondent did not service patient M.O.'s oxygen concentrator or replace its air inlet filter in 2022.

10. On March 10, 2023, patient M.O. called Respondent to request service to her oxygen concentrator. Patient M.O. explained that air was not coming out of the machine.

11. On March 31, 2023, Respondent called Respondent to advise that the only access to her home was through her garage, and to call upon arrival so that patient M.O. could let the repair person into the house through the garage.

12. Respondent did not service patient M.O.'s oxygen concentrator or replace its air inlet filter in 2023. It is unknown whether Respondent ever dispatched a repair person or technician to patient M.O.'s home in 2023. Respondent has no record of having dispatched a repair person or technician to patient M.O.'s home in 2023.

13. Patient M.O. recalls that a technician came to her home at one point in time to address a malfunction. Patient M.O. states that the technician was unable to address the problem. Respondent's records indicate that this service call likely occurred on April 7, 2024. Respondent 's records do not indicate what, if any, service or repairs were performed on April 7, 2024.

14. Respondent eventually dispatched someone to visit patient M.O.'s home on or about July 24, 2024. Respondent's record of the visit indicates that the service technician performed some type of maintenance. According to patient M.O., the service technician changed the air inlet filter but did not otherwise perform any repairs or maintenance services.

15. As explained above, Respondent did not service patient M.O.'s oxygen concentrator between November 4, 2020, and July 24, 2024, despite several calls from patient M.O. requesting service.

APPLICABLE LAW

16. Any person who engages in business as a medical products provider must obtain a license from the Board. NRS 639.233; NAC 639.6942. "Medical products provider" means a person licensed pursuant to NAC 639.693 to 639.6958, inclusive, to sell, lease or otherwise provide medical products to a consumer in Nevada.

17. "Medical products" includes medical devices, equipment, supplies and gases intended for use in the diagnosis, cure, mitigation, treatment or prevention of disease. NAC 639.6935.

18. "Respiratory equipment" means a medical product intended to assist a consumer in the act of breathing or intended to introduce a product or drug, other than a medical gas, into the lungs of a consumer. NAC 639.6938.

19. The owner of a medical products provider is responsible for the acts of his or her business administrator and employees. NAC 639.6941(2).

20. A medical products provider must provide services for all medical products sold, leased or otherwise provided by the medical products provider, including, without limitation, set up, repair and maintenance. NAC 639.6946(1)(a).

21. A medical products provider must employ an administrator and other employees sufficient to provide set up, repair and maintenance services. NAC 639.6946(1)(b).

22. A medical products provider must communicate with its customer and/or the customer's physician when made aware of issues or problems concerning the maintenance, efficacy, or functionality of the medical products sold or leased to the customer. NAC 639.6951(2); NAC 639.6952(1)-(2). Further, the medical products provider must make a written record of all such communications. NAC 639.6951(3); NAC 639.6952(3).

23. A medical products provider that sells, leases or otherwise provides respiratory equipment must service the equipment at appropriate intervals, and keep corresponding service records, to ensure that the equipment is functional and otherwise meets the medical needs of the customer. NAC 639.6954(1)(d)-(e).

24. A medical products provider may be disciplined for violating, attempting to violate, or assisting or abetting in the violation of federal or state statutes and regulations governing the sale, service, or maintenance of medical products. NRS 639.210(12); NRS 639.255.

25. A medical products provider may be disciplined for unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4); NRS 639.255.

26. Unprofessional conduct includes performing one's duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

27. In addition to a suspension or revocation, the Board may impose a fine of up to $10,000 for each violation committed. NRS 639.255(1)(f) and (3).

COUNT ONE

Unprofessional Conduct – Violation of NAC Chapter 639 Regulations Governing Medical Products Providers – (Respondent Lincare)

28. As alleged above, Respondent failed to service respiratory equipment furnished to patient M.O. at least every 24 months as required by the manufacturer's product manual. Failure to service such equipment according to the directions and specifications of the manufacturer is required by Nevada law. NAC 639.6954(1)(d).

29. By failing to properly service respiratory equipment furnished to patient M.O., Respondent violated NAC 639.6954(1)(d).

30. Having violated NAC 639.6954(1)(d), Respondent is subject to professional discipline. NRS 639.210(12); NRS 639.255; NAC 639.6941; NAC 639.945; and NAC 639.955.

COUNT TWO

Unprofessional Conduct - Performing Duties in an Incompetent, Unskillful, or Negligent Manner (Respondent Lincare)

31. Respondent had a duty as a licensed medical products provider to service patient M.O.'s oxygen concentrator at reasonable intervals, including those recommended by the product manufacturer. *See* NAC 639.6954(1)(d).

32. Respondent had a duty as a licensed medical products provider to exercise reasonable diligence in responding to patient M.O.'s request for service. NAC 639.6951(2); NAC 639.6952(2).

33. Respondent had a duty to communicate with patient M.O. concerning issues or problems with her oxygen concentrator. NAC 639.6951(2); NAC 639.6952(2).

34. Assuming that Respondent dispatched a repair person or service technician to patient M.O.'s home in response to her calls in 2023, Respondent had a duty to make and maintain a record of the service or maintenance performed, if any. NAC 639.6951(3); NAC 639.6952(3).

35. Respondent had a duty to employ or engage a repair person or service technician with training, competency, ability and/or knowledge sufficient to service and maintain patient M.O.'s oxygen concentrator. NAC 639.6941(1)(e).

36. Respondent failed to perform one or more of the duties specified in paragraphs 32 through 36 above, thereby performing Respondent's duties as the holder of a license issued by the Board in an incompetent, unskillful or negligent manner.

37. Due to the acts and/or omissions detailed above, Respondent is guilty of unprofessional conduct for which the Board may impose professional discipline. NRS 639.210(4); NRS 639.255; NAC 639.945; and NAC 639.955.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of Respondent.

DATED this 11th day of JANUARY 2025.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. LINCARE INC., License No. MP00015, Respondent.	CASE NO. 24-324-MP-N **OBJECTION, ANSWER, AND NOTICE OF DEFENSE**

The above-named Respondent, Lincare Inc. ("Lincare," or the "Respondent"), by and through its undersigned counsel of Holland & Hart LLP, in response to the Notice of Intended Action and Accusation (the "Accusation") filed in the above-captioned matter before the Nevada State Board of Pharmacy ("Board"), declares as follows in response to the Accusation:

OBJECTION TO ACCUSATION

Pursuant to NRS 639.244(1)(b), NRS 622A.320(1), and NRS 233B.121(4), Lincare makes the following objections to the Accusation:

1. Lincare objects to the allegations in the Accusation as incomplete and failing to fully set forth the two counts of alleged regulatory violations asserted against Lincare. The incomplete nature of these allegations include, but is not limited to, the Accusation's omission of known facts and details relating to the conduct, course of dealing, acts, and omissions of the individual identified as "patient M.O." in the Accusation ("M.O."), therefore denying Lincare the ability to fully and fairly respond to the two counts of regulatory violations alleged by the Executive Secretary of the Board (the "Secretary").

2. Lincare objects to the allegations in the Accusation as failing to clearly state allegations supporting Accusation's two counts of alleged regulatory violations. The Accusation fails to set forth claims and allegations that satisfy either of the counts alleged in the Accusation, including but not limited to the Accusation's allegations in Paragraphs 12, 13, and 14, which are unclear, ambiguous, and neither notify Lincare nor identify for the Board the facts, circumstances,

and conduct or lack thereof, that would be counter to the regulations the Accusation alleges were violated.

ANSWER AND NOTICE OF DEFENSE

Pursuant to NRS 639.244(1)(b), NRS 622A.320(1), and NRS 233B.121(4), Lincare hereby answers each and every one of the allegations in the Accusation as follows:

JURISDICTION[1]

1. Answering Paragraph 1 of the Accusation, this paragraph contains legal conclusions to which a response is not required; nonetheless, to the extent there are factual allegations within Paragraph 1 of the Accusation that require a response, Lincare admits only that it is licensed by the Board to conduct business as a medical products provider.

FACTUAL ALLEGATIONS

2. Answering Paragraph 2 of the Accusation, Lincare admits only that at the times identified in the Accusation, it held license number MP00015; Lincare denies any and all other allegations in Paragraph 2 that are not specifically admitted within this response.

3. Answering Paragraph 3 of the Accusation, Lincare admits that it conducts business at 3427 Goni Road # 106 in Carson City, Nevada.

4. Answering Paragraph 4 of the Accusation, Lincare objects to Paragraph 4 as an improper compound allegation compiling numerous discrete and separately answerable allegations into one paragraph. Notwithstanding the foregoing objection and without waiving the same, Lincare admits only that in 2019 it filled M.O.'s prescriptions for an oxygen concentrator and CPAP machine; further admits that Lincare delivered the oxygen concentrator and CPAP machine to Respondent on July 7, 2019 and November 5, 2019, respectively; and Lincare further avers that M.O. signed for and accepted delivery of both devices on the dates set forth above. All allegations within Paragraph 4 of the Accusation not specifically admitted herein are denied.

[1] The headings used by Lincare in this Objection, Answer and Notice of Defense in response to the Accusation are copied from the Accusation for organizational purposes only; Lincare's adoption of these headings does not constitute and cannot be construed as any admission as to any fact.

5. Answering Paragraph 5 of the Accusation, this paragraph contains legal conclusions to which a response is not required; nonetheless, to the extent there are factual allegations within Paragraph 5 of the Accusation that require a response, Lincare denies them. Lincare further disputes the allegations within Paragraph 5 on the basis that M.O.'s actions or absence thereof excused, terminated, limited, or otherwise negated Lincare's "charge[]" alleged to exist within Paragraph 5.

6. Answering Paragraph 6 of the Accusation, Lincare admits the allegations therein.

7. Answering Paragraph 7 of the Accusation, this paragraph contains allegations regarding the recommendations of a third party during an unspecified time period, and further relates to documents, policies, and procedures, the contents of which speak for themselves. Accordingly, no response to Paragraph 7's allegations is required; to the extent there are factual allegations within Paragraph 7 of the Accusation that require a response, Lincare denies Paragraph 7's allegations for lack of firsthand knowledge.

8. Answering Paragraph 8 of the Accusation, Lincare denies the allegations within Paragraph 8, and further alleges that its efforts to provide the service at issue in Paragraph 8 to M.O. were frustrated or denied for circumstances beyond its control, including but not limited to the COVID-19 pandemic ("Pandemic"), restrictions on Lincare's operations during the Pandemic, the consequences of the Pandemic and its various state and federal orders affecting the availability of care in patients' homes, considerations regarding M.O.'s underlying respiratory conditions during the Pandemic, and M.O.'s actions or absence thereof in connection with Lincare's attempts to provide the services described in Paragraph 8 of the Accusation.

9. Answering Paragraph 9 of the Accusation, Lincare denies the allegations within Paragraph 9, and further alleges that its efforts to provide the service at issue in Paragraph 9 to M.O. were frustrated or denied for circumstances beyond its control, including but not limited to the Pandemic, restrictions on Lincare's operations during the Pandemic, the consequences of the Pandemic and its various state and federal orders affecting the availability of care in patients' homes, considerations regarding M.O.'s underlying respiratory conditions during the Pandemic,

HOLLAND & HART LLP
9555 HILLWOOD DRIVE, 2ND FLOOR

and M.O.'s actions or absence thereof in connection with Lincare's attempts to provide the services described in Paragraph 9 of the Accusation.

10. Answering Paragraph 10 of the Accusation, Lincare admits only that on March 10, 2023, M.O. called Lincare to request service to her oxygen concentrator; Lincare denies any and all other allegations in Paragraph 10 that are not specifically admitted within this response.

11. Answering Paragraph 11 of the Accusation, Lincare objects to this paragraph's allegations as ambiguous and unintelligible, as it alleges "Respondent called Respondent [sic]" as the basis for its contentions. Lincare is not required to guess the meaning of this Paragraph's allegations. Based on these objections and without waiving the same, to the extent it is compelled to respond to the contents of Paragraph 11's allegations as stated, Lincare denies them.

12. Answering Paragraph 12 of the Accusation, Lincare objects to Paragraph 12 as an improper compound allegation compiling numerous discrete and separately answerable allegations into one paragraph. Notwithstanding the foregoing objection and without waiving the same, admits only that it did not service M.O.'s oxygen concentrator or replace its air inlet filter in 2023, denies all allegations within Paragraph 12 not expressly admitted herein, and further avers that Lincare did, in fact, dispatch a repair person or technician to M.O.'s home in 2023, and that M.O. denied access to and/or refused service from Lincare's representative at this time.

13. Answering Paragraph 13 of the Accusation, Lincare objects to this paragraph's allegations as vague, ambiguous, unclear, and therefore difficult to fairly answer, specifically as the Paragraph relates to "a malfunction" but does not identify which device was checked for a malfunction. Lincare also objects to Paragraph 13 as an improper compound allegation compiling numerous discrete and separately answerable allegations into one paragraph. Notwithstanding the foregoing objections and without waiving the same, Lincare denies the allegations within Paragraph 13 of the Accusation. Lincare further avers that it dispatched a repair person or technician to M.O.'s residence on April 7, 2023, rather than April 7, 2024, as alleged in the Accusation, and that M.O. sent away Lincare's representative prior to performing maintenance

HOLLAND & HART LLP
9555 HILLWOOD DRIVE, 2ND FLOOR
LAS VEGAS, NV 89134

or repairs on M.O.'s device(s), rather than Lincare's representative being "unable to address the problem" due to lack of knowledge, skill, or ability.

14. Answering Paragraph 14 of the Accusation, Lincare admits only that a representative visited M.O.'s house on July 24, 2024 and performed a maintenance check on M.O.'s oxygen concentrator; Lincare denies all remaining allegations within Paragraph 14 of the Allegation not specifically admitted herein.

15. Answering Paragraph 15 of the Accusation, Lincare denies the allegations within Paragraph 15. Lincare further objects to this Paragraph's allegations as misstatements of fact, to the extent Paragraph 15 misstates and is contradicted by both the Accusation's allegations and Lincare's averrals set forth herein.

APPLICABLE LAW

16. Answering Paragraphs 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, and 27 of the Accusation, these paragraphs contain legal conclusions to which response are not required; however, to the extent these paragraphs contain or could be construed to contain any factual allegations to which responses in the form of admissions or denials are required, Lincare denies each and every allegation within Paragraphs 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, and 27, inclusive.

COUNT ONE

17. Answering Paragraph 28 of the Accusation, this paragraph contains legal conclusions to which a response is not required; however, to the extent this paragraph contains any factual allegations to which a response is required, Lincare denies the allegations within Paragraph 28.

18. Answering Paragraph 29 of the Accusation, this paragraph contains legal conclusions to which a response is not required; however, to the extent this paragraph contains any factual allegations to which a response is required, Lincare denies the allegations within Paragraph 29.

19. Answering Paragraph 30 of the Accusation, this paragraph contains legal conclusions to which a response is not required; however, to the extent this paragraph contains any factual allegations to which a response is required, Lincare denies the allegations within Paragraph 30.

COUNT TWO

20. Answering Paragraph 31 of the Accusation, this paragraph contains legal conclusions to which a response is not required; however, to the extent this paragraph contains any factual allegations to which a response is required, Lincare denies the allegations within Paragraph 31.

21. Answering Paragraph 32 of the Accusation, this paragraph contains legal conclusions to which a response is not required; however, to the extent this paragraph contains any factual allegations to which a response is required, Lincare denies the allegations within Paragraph 32.

22. Answering Paragraph 33 of the Accusation, this paragraph contains legal conclusions to which a response is not required; however, to the extent this paragraph contains any factual allegations to which a response is required, Lincare denies the allegations within Paragraph 33. Lincare further avers that it duly discharged and satisfied any legal obligation it may have had to communicate with M.O., and any lack of communication was the result of M.O.'s conduct or inaction.

23. Answering Paragraph 34 of the Accusation, this paragraph contains legal conclusions to which a response is not required; however, to the extent this paragraph contains any factual allegations to which a response is required, Lincare denies the allegations within Paragraph 34.

24. Answering Paragraph 35 of the Accusation, this paragraph contains legal conclusions to which a response is not required; however, to the extent this paragraph contains any factual allegations to which a response is required, Lincare denies the allegations within Paragraph 35.

25. Answering Paragraph 36 of the Accusation, this paragraph contains legal conclusions to which a response is not required; however, to the extent this paragraph contains any factual allegations to which a response is required, Lincare denies the allegations within Paragraph 36.

26. Answering Paragraph 37 of the Accusation, this paragraph contains legal conclusions to which a response is not required; however, to the extent this paragraph contains any factual allegations to which a response is required, Lincare denies the allegations within Paragraph 37.

AFFIRMATIVE DEFENSES

Lincare asserts and raises the following affirmative defenses to the Board's allegations contained within the Accusation:

1. The Accusation, in whole or in part, fails to state a claim upon which relief may be granted.

2. M.O.'s conduct or inaction, including through telephonic communication or lack thereof, and interactions with Lincare representatives, are the proximate cause of the regulatory violations alleged in the Accusation.

3. M.O.'s conduct or inaction, including through telephonic communication or lack thereof, and interactions with Lincare representatives, are a superseding or intervening cause for the regulatory violations alleged in the Accusation.

4. Federal and state governmental actions, emergency orders, emergency regulations, guidance, and other directives during the Pandemic (the "Pandemic Orders"), were intervening and/or superseding and affected the availability and manner of Lincare's services, including as they related to home-based maintenance requests by M.O. as it related to equipment for M.O.'s oxygenation and underlying respiratory condition.

5. Lincare's activities described in the Accusation are excused, justified, and/or privileged or immunized against any liability based on the Pandemic Orders.

HOLLAND & HART LLP
9555 HILLWOOD DRIVE, 2ND FLOOR
LAS VEGAS, NV 89134

6. At all times, Lincare took all reasonable actions available to comply with manufacturer requirements for the maintenance of M.O.'s devices, to the extent permitted by M.O.'s conduct and the effects of Pandemic Orders, as well as the Pandemic generally.

7. Lincare exercised due care and good faith towards M.O. in performing its duties and/or made a good faith effort to comply with all applicable statutes and regulations.

8. The Board has not alleged any facts to demonstrate any harm or damages, whether public or private, resulting from Lincare's alleged acts or omissions.

9. The Board's claims are barred by the doctrines of laches and estoppel.

10. The Board's claims are barred in equity and based on M.O.'s conduct as described in Lincare's averrals herein and may be proven at a hearing on the above-captioned matter.

11. All possible affirmative defenses may not have been alleged herein insofar as sufficient facts were not available after reasonable inquiry upon the filing of Lincare's Answer and Notice of Defense, and insofar as the Accusation is couched in compound, ambiguous, vague, confusing, and conclusory terms. Lincare therefore reserves the right to amend this Answer and Notice of Defense, and assert additional affirmative defenses as may be supported by the facts and evidence adduced prior to hearing.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **HELIODORO MAGANA, P.A.,** **Certificate of Registration No. PR14531,** **Respondent.**	**CASE NO. 20-070-PR-N** **ORDER TO SHOW CAUSE**

1. On April 17, 2024, the Nevada State Board of Pharmacy (Board) disciplined Respondent Heliodoro Magana (Respondent) for prescribing controlled substances without legal authority in violation of NRS 639.100. Respondent's unprofessional conduct and/or violations of Nevada law are more particularly described in the Board's Findings of Fact, Conclusions of Law and Order dated April 17, 2024 (Order).

2. For the unprofessional conduct and/or violations of Nevada law as described in the Order, the Board revoked Respondent's Certificate of Registration No. PR14531. Additionally, the Board directed Respondent to pay an administrative fine of $10,000, and to partially reimburse the Board for its recoverable costs of investigation and prosecution in the amount of $544.55.

3. As of January 21, 2025, Respondent had not paid the fine or fees imposed via the Board's Order.

4. Should Respondent choose to petition the Board to reinstate his privilege to prescribe prescription drugs in Nevada, he must demonstrate that he has the character and fitness to hold a certificate of registration to prescribe prescription drugs.

5. Having failed to comply with the Board's Order, Respondent has demonstrated that he may lack the character and fitness to hold a certificate of registration to prescribe prescription drugs.

6. To memorialize Respondent's noncompliance with the Board's Order, the Board intends to issue a public reprimand and/or impose additional discipline not inconsistent with the provisions of chapter 639 of NRS.

7. Pursuant to NAC 639.960, a record of such discipline, if imposed, shall be forwarded to the National Practitioner Data Bank, where it will put licensing authorities, insurers, and/or employers on public notice of Respondent's noncompliance with the Order.

8. Accordingly, pursuant to NAC 639.965, Respondent shall appear before the Board at the next regularly scheduled meeting to show cause why he should not be publicly reprimanded and/or disciplined for having failed to comply with the terms of the Order.

NOW, THEREFORE, IT IS HEREBY ORDERED that Respondent Heliodoro Magana appear before the Board and show cause, if any, why he should not be publicly reprimanded and/or disciplined for having failed to comply with the Order.

DATED this 30th day of January 2025.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to dispute the allegations of noncompliance as set forth above. NRS 233B.127(3); NAC 639.968.

The Board has scheduled your hearing on this matter for Wednesday, April 16, at 9:00 a.m. or soon thereafter. The hearing will occur at the Hyatt Place, 1790 E Plumb Lane, Reno, Nevada. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **HELIODORO MAGANA, PA,** **Certificate of Registration No. PR14531,** **Respondent.**	**Case No. 20-070-PR-N** **FINDINGS OF FACT, CONCLUSIONS OF LAW AND ORDER**

This matter came before the Nevada State Board of Pharmacy (Board) at its regularly scheduled meeting on Wednesday, April 17, 2024. Gustaf Vanderdonck, Esq., prosecuted the case before the Board. Respondent Heliodoro Magana, P.A., Certificate of Registration No. PR14531, failed to appear. The Board heard the case and, based on the evidence presented, the Board makes the following Findings of Fact, Conclusions of Law and Order.

FINDINGS OF FACT

The Board finds that probative evidence exists in the record to establish each of the following facts by a preponderance of the evidence:

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Heliodoro Magana, P.A. (Respondent), because the at the time of the violations alleged herein, Respondent held a certificate of registration issued by the Board pursuant to NRS 639.1373, authorizing Respondent to write prescriptions for dangerous drugs as a Physician's Assistant. Since March 18, 2019, Respondent has held certificate of registration no. PR14531, allowing Respondent to prescribe dangerous drugs.

2. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the dispensing of poisons, drugs, chemicals and medicines. NRS 639.070

3. Respondent is a Physician's Assistant who practiced at Lags Spine & SportsCare Medical Centers, located at 3967 S. McCarran Blvd., Reno, NV 89502, at the time of the events alleged herein.

4. Respondent has been registered by the Board to prescribe dangerous drugs pursuant to NRS 639.1373 since March 18, 2019.

5. Respondent has never held a controlled substance certificate of registration with the Board.

6. In Nevada, prior to prescribing controlled substances, a Physician's Assistant must obtain a controlled substance certificate of registration with the Board pursuant to NRS 453.226.

7. A requirement of possessing a controlled substance registration with the Board and prescribing controlled substances in Nevada is to maintain and actively use a prescription monitoring program (PMP) account. NRS 453.162.

8. Respondent never had a Nevada PMP account.

9. Board PMP Compliance Coordinator Dave Jones conducts audits of practitioners to ensure that they are compliant with state law related to the PMP. The audits are conducted to ensure compliance with NRS 453.164(7) and NRS 639.23507.

10. Board PMP Compliance Coordinator Jones attempted to conduct an audit of Respondent's PMP account.

11. Board PMP Compliance Coordinator Jones found that Respondent was never issued a Nevada controlled substance certificate of registration. Respondent also never was able to establish a Nevada PMP account.

12. Respondent was never able to review the prescriptions for controlled substances he had written every six (6) months, as required by NRS 453.164(7).

13. Additionally, Respondent was not able to individually query any patient he prescribed controlled substances to for the first time, or every ninety (90) days thereafter, if applicable, as required by NRS 639.23507.

14. Respondent wrote at least 690 total prescriptions for controlled substances between the dates of March 18, 2018, and January 12, 2022.

15. Respondent wrote prescriptions for at least 150 unique patients during this time period.

CONCLUSIONS OF LAW

Based on the forgoing findings of fact, the Board concludes as a matter of law:

16. The Board has jurisdiction over this matter and this Respondent, because at the time of the events herein, Respondent held a Prescriber certificate of registration issued by the Board.

17. Respondent failed to file a Notice of Defense to the Accusation, which constituted a waiver of the Respondent's right to a hearing. NRS 639.244(2).

18. Board staff satisfied the notice and service requirements of NRS 233B.127(3), NRS 639.242, and NRS 639.245, and Respondent was given sufficient legal notice of the hearing.

19. The applicable law in this matter is as follows:

A. Each practitioner who is authorized to write prescriptions for human consumption of controlled substances listed in schedule II, III, IV or V shall access the database of the (PMP) program at least once every 6 months to review the information concerning the practitioner that is listed in the database, including, without limitation, information concerning prescriptions

issued by the practitioner, and notify the Board if any such information is not correct, and to verify to the Board that he or she continues to have access to and has accessed the database as required by this subsection. NRS 453.164(7).

B. Every practitioner or other person who dispenses any controlled substance within this State or who proposes to engage in the dispensing of any controlled substance within this State shall obtain a certificate of registration with the Board. NRS 453.226(1).

C. A practitioner shall, before issuing an initial prescription for a controlled substance listed in schedule II, III or IV or an opioid that is a controlled substance listed in schedule V and at least once every 90 days thereafter for the duration of the course of treatment using the controlled substance, obtain a patient utilization report regarding the patient from the computerized program established by the Board. NRS 639.23507.

D. The Board may suspend or revoke any registration if the holder or applicant is guilty of unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4).

E. Unprofessional conduct includes, "performing any duties as the holder of a license issued by the Board in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

F. Unprofessional conduct includes, "performing any act, task or operation for which licensure, certification or registration is required without the required license, certificate or registration." NAC 639.945(1)(k).

G. The Board may impose a fine upon the holder of a certificate, license, or permit issued by the Board for up to $10,000.00 for each violation. NRS 639.255(3).

20. Having failed to appear at the April 17, 2024, hearing, and pursuant to NRS 622A.350(1) and (2), the Board accepts the allegations of fact and alleged violations of law contained in the Accusation against Respondent as true, and hereby finds Respondent guilty of the following:

A. Respondent Magana Respondent has engaged in unprofessional conduct. NRS 639.210(4). Respondent engaged in unprofessional conduct because Respondent, as the holder of a certificate of registration issued by the Board, performed his duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i). Respondent performed his duties as the holder of a certificate of registration issued by the Board in an incompetent, unskillful or negligent manner because Respondent failed to query his PMP account every six (6) months to review the information in the account regarding the practitioner as is required by law. See NRS 453.164(7) and NAC 639.945(1)(i). Having engaged in unprofessional conduct as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945

B. Respondent Magana engaged in unprofessional conduct. NRS 639.210(4). Respondent engaged in unprofessional conduct because Respondent, as the holder of a certificate of registration issued by the Board, performed his duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i). Respondent performed his duties as the holder of a certificate of registration issued by the Board in an incompetent, unskillful or negligent manner because Respondent failed to conduct patient queries on any patients Respondent prescribed controlled substances to between March 18, 2018, and January 12, 2022. Having engaged in unprofessional conduct as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945

C. Respondent Magana engaged in unprofessional conduct. NRS 639.210(4). Respondent engaged in unprofessional conduct because Respondent performed an act for which obtaining a certificate of registration was required without having obtained the required certificate of registration. NRS 453.226(1) and NAC 639.945(1)(k). Respondent performed an act for which obtaining a certificate of registration was required without having obtained the required certificate of registration because Respondent prescribed controlled substances in Nevada without having obtained a Nevada controlled substance certificate of registration. See NRS 453.226(1) and NAC 639.945(1)(k). A Nevada controlled substance certificate of registration is required to prescribe controlled substances in Nevada. NRS 453.226(1). 34.

Having engaged in unprofessional conduct as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945.

ORDER

THEREFORE, THE BOARD HEREBY ORDERS AS FOLLOWS:

21. Respondent's Certificate of Registration No. PR14531 is hereby **REVOKED** pursuant to NRS 639.210 and/or NRS 639.255.

22. Pursuant to NRS 622A.410(1) and 639.257(1), Respondent may not petition the Board for reinstatement for a period of **one (1) year.**

23. Respondent has **no authority to prescribe drugs in the state of Nevada** or to Nevada based patients in any capacity unless and until they have petitioned the Board for reinstatement pursuant to NRS 639.257 and the Board reinstates their certificate of registration. (This section does not apply if a Nevada based patient visits the Respondent in a different state where the Respondent holds a valid registration to prescribe drugs and Respondent prescribes that drug for the Nevada based patient in a legal manner).

24. In the event Respondent applies for any registration or certificate with the Board, he **shall appear before the Board** to answer questions and give testimony regarding his application, his compliance with this Order, and the facts and circumstances underlying this matter.

25. Respondent shall pay **Ten Thousand Dollars and Zero Cents ($10,000.00)** for the alleged violations, payable by *cashier's check or certified check or money order* made payable to **"State of Nevada, Office of the Treasurer,"** to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) of the effective date of this Order.

26. Respondent shall pay **Five Hundred and Forty Four Dollars and Fifty-Five Cents ($544.55)** to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter, payable by *cashier's check or certified check or money order* made payable to **"Nevada State Board of Pharmacy,"** to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) of the effective date of this Order.

27. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by Respondent, the Board may impose additional discipline upon Respondent not inconsistent with the provisions of NRS Chapter 453 and Chapter 639.

28. This Order constitutes a final decision in a contested case and a public record pursuant to NRS 639.255(5) and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60.

29. This Order will be reported to federal and/or state authorities as consistent with federal and/or state laws and regulations.

30. This Order is effective immediately.

IT IS SO ORDERED.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **HELIODORO MAGANA, PA,** **Certificate of Registration No. PR14531,** **Respondent.**	**Case No. 20-070-PR-N** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Heliodoro Magana, P.A. (Respondent), because the at the time of the violations alleged herein, Respondent held a certificate of registration issued by the Board pursuant to NRS 639.1373, authorizing Respondent to write prescriptions for dangerous drugs as a Physician's Assistant. Since March 18, 2019, Respondent has held certificate of registration no. PR14531, allowing Respondent to prescribe dangerous drugs.

2. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the dispensing of poisons, drugs, chemicals and medicines. NRS 639.070.

FACTUAL ALLEGATIONS

3. Respondent is a Physician's Assistant who practiced at Lags Spine & SportsCare Medical Centers, located at 3967 S. McCarran Blvd., Reno, NV 89502, at the time of the events alleged herein.

4. Respondent has been registered by the Board to prescribe dangerous drugs pursuant to NRS 639.1373 since March 18, 2019.

5. Respondent has never held a controlled substance certificate of registration with the Board.

6. In Nevada, prior to prescribing controlled substances, a Physician's Assistant must obtain a controlled substance certificate of registration with the Board pursuant to NRS 453.226.

7. A requirement of possessing a controlled substance registration with the Board and prescribing controlled substances in Nevada is to maintain and actively use a prescription monitoring program (PMP) account. NRS 453.162.

8. Respondent never had a Nevada PMP account.

9. Board PMP Compliance Coordinator Dave Jones conducts audits of practitioners to ensure that they are compliant with state law related to the PMP. The audits are conducted to ensure compliance with NRS 453.164(7) and NRS 639.23507.

10. Board PMP Compliance Coordinator Jones attempted to conduct an audit of Respondent's PMP account.

11. Board PMP Compliance Coordinator Jones found that Respondent was never issued a Nevada controlled substance certificate of registration. Respondent also never was able to establish a Nevada PMP account.

12. Respondent was never able to review the prescriptions for controlled substances he had written every six (6) months, as required by NRS 453.164(7).

13. Additionally, Respondent was not able to individually query any patient he prescribed controlled substances to for the first time, or every ninety (90) days thereafter, if applicable, as required by NRS 639.23507.

14. Respondent wrote at least 690 total prescriptions for controlled substances between the dates of March 18, 2018, and January 12, 2022.

15. Respondent wrote prescriptions for at least 150 unique patients during this time period.

APPLICABLE LAW

16. Each practitioner who is authorized to write prescriptions for human consumption of controlled substances listed in schedule II, III, IV or V shall access the database of the (PMP) program at least once every 6 months to review the information concerning the practitioner that is listed in the database, including, without limitation, information concerning prescriptions issued by the practitioner, and notify the Board if any such information is not correct, and to verify to the Board that he or she continues to have access to and has accessed the database as required by this subsection. NRS 453.164(7).

17. Every practitioner or other person who dispenses any controlled substance within this State or who proposes to engage in the dispensing of any controlled substance within this State shall obtain a certificate of registration with the Board. NRS 453.226(I).

18. A practitioner shall, before issuing an initial prescription for a controlled substance listed in schedule II, III or IV or an opioid that is a controlled substance listed in schedule V and at least once every 90 days thereafter for the duration of the course of treatment using the controlled substance, obtain a patient utilization report regarding the patient from the computerized program established by the Board. NRS 639.23507.

19. The Board may suspend or revoke any registration if the holder or applicant is guilty of unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4).

20. Unprofessional conduct includes, "performing any duties as the holder of a license issued by the Board in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

21. Unprofessional conduct includes, "performing any act, task or operation for which licensure, certification or registration is required without the required license, certificate or registration." NAC 639.945(1)(k).

22. In lieu of a suspension or revocation, the Board may impose a fine of up to $10,000 for each violation committed. NRS 639.255(1)(f) and (3).

COUNT ONE

Unprofessional Conduct – Failure to Query PMP Every 6 Months

23. Respondent never established his PMP account. Since Respondent never had an active PMP account between the dates of March 18, 2018, and January 12, 2022, Respondent was never able to review his PMP account every six (6) months to ensure that the information in the account concerning the practitioner, including the legitimacy or validity of the prescriptions Respondent is shown as having written was correct. *See* NRS 453.164(7). During this period, Respondent wrote over 690 prescriptions for controlled substances.

24. Because of these actions, Respondent has engaged in unprofessional conduct. NRS 639.210(4). Respondent engaged in unprofessional conduct because Respondent, as the holder of a certificate of registration issued by the Board, performed his duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

25. Respondent performed his duties as the holder of a certificate of registration issued by the Board in an incompetent, unskillful or negligent manner because Respondent failed to query his PMP account every six (6) months to review the information in the account regarding the practitioner as is required by law. *See* NRS 453.164(7) and NAC 639.945(1)(i). The information regarding the practitioner that Respondent was and still is required to look at includes information concerning the prescriptions written by the practitioner. *See* NRS 453.164(7). A check of the PMP account at least once every six (6) months ensures that a practitioner has not had their credentials stolen or duplicated and that, if they have been stolen or duplicated, the Board is notified of any potentially forged prescriptions by the practitioner in a timely manner. *See* NRS 453.164(7). The required six (6) month check of a practitioner's PMP account guards against forged controlled substance prescriptions and allows practitioners to work with the Board to stop them in real time. *See* NRS 453.164(7).

26. Having engaged in unprofessional conduct as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945.

COUNT TWO

Unprofessional Conduct – Failure to Query Patients Prior to Issuing an Initial Prescription for a Controlled Substance

27. Between March 18, 2018, and January 12, 2022, Respondent was never able to conduct an individual PMP patient inquiry because Respondent had not established an account. During the same period, Respondent wrote over 690 prescriptions for over 150 unique patients.

28. Because of these actions, Respondent has engaged in unprofessional conduct. NRS 639.210(4). Respondent engaged in unprofessional conduct because Respondent, as the holder of a certificate of registration issued by the Board, performed his duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

29. Respondent performed his duties as the holder of a certificate of registration issued by the Board in an incompetent, unskillful or negligent manner because Respondent failed to conduct patient queries on any patients Respondent prescribed controlled substances to during the time period referenced in paragraph 27. *See* NRS 639.23507 and NAC 639.945(1)(i).

30. Having engaged in unprofessional conduct as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945.

COUNT THREE

Unprofessional Conduct – Prescribing Controlled Substances in Nevada Without Having the Authority to do so

31. Respondent never possessed a Nevada controlled substance certificate of registration. Respondent wrote over 690 prescriptions for controlled substances in Nevada without possessing the required certificate of registration to do so.

32. Because of these actions, Respondent has engaged in unprofessional conduct. NRS 639.210(4). Respondent engaged in unprofessional conduct because Respondent performed an act for which obtaining a certificate of registration was required without having obtained the required certificate of registration. NRS 453.226(1) and NAC 639.945(1)(k).

33. Respondent performed an act for which obtaining a certificate of registration was required without having obtained the required certificate of registration because Respondent prescribed controlled substances in Nevada without having obtained a Nevada controlled substance certificate of registration. *See* NRS 453.226(1) and NAC 639.945(1)(k). A Nevada controlled substance certificate of registration is required to prescribe controlled substances in Nevada. NRS 453.226(1).

34. Having engaged in unprofessional conduct as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this respondent.

DATED this 27th day of FEBRUARY 2024.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

Memorandum of Points and Authorities

I. Introduction

Good cause exists to set aside the Nevada State Board of Pharmacy's ("the Board") findings of fact, conclusions of law, and order that were issued on April 17, 2024. Nevada law has long-recognized a strong policy preference for decisions on the merits and this case is no different. Through no fault of his own, respondent Heliodoro "Hector" Magana, PA, was never served with any complaint from the Board and therefore failed to respond or otherwise defend against the allegations. A finding was issued against him without any actual notice to him and therefore no opportunity to be heard.

Respondent therefore respectfully requests that the findings of fact, conclusions of law, and order that were issued on April 17, 2024, be set aside or vacated, and that he be given the opportunity to present a defense to the allegations in this matter.

II. Relevant Facts

On April 17, 2024, the Board issued a findings of fact, conclusions of law, and order ("FFCL"). **Exhibit A, FFCL**. The FFCL acknowledges that it was issued based upon a failure of the Respondent to "file a Notice of Defense to the Accusation, which constituted a waiver of Respondent's right to a hearing." *Id*. at 3. Nowhere in the FFCL is there any finding that the respondent had *actual* notice of the hearing, instead relying upon service through certified mail to the respondent's last known address as allowed by statute. The FFCL issued a harsh punishment against Respondent, revoking his Certificate of Registration, imposing a $10,000 fine and also costs of $544.55. *Id* at 7.

Respondent never received any notice of the Board's April 2024 hearing or FFCL until he happened to perform an internet search of his own name in July 2024. **Exhibit B**, **Declaration of Heliodoro Magana, PA**. Respondent promptly retained counsel to attempt to address the FFCL at that time. Unfortunately, former counsel did not promptly file a motion to set aside the FFCL before leaving the employment of the firm. **Exhibit C**, **Declaration of Counsel**.

At this time, Respondent is admittedly not in compliance with the Board's FFCL, and the case is set for an order to show cause on April 16, 2025. Respondent has acknowledged notice of

that hearing and fully intends to appear at that time with counsel. **Exhibit B**.

III. Argument

Both the Fifth and Fourteenth Amendments of the United States Constitution provide for procedural due process before one can be deprived of "life, liberty, *or property*..." (emphasis added). The notion of due process is at least as old as Clause 39 of the Magna Carta and has been a well-established right going on eight centuries. The United States Supreme Court has itself addressed the limits of these due process protections. In *Goldberg v. Kelly*, 397 US 254 (1970), the Supreme Court found that due process requires, at minimum, notice and opportunity to be heard.

Nevada law also has a longstanding, strong policy preference for decisions on the merits. *See e.g.*, *Price v. Dunn,* 106 Nev. 100 (1990), *Hansen v. Universal Health Services, Inc.*, 112 Nev. 1245, 1248 (1996), and *Huckabay Props v. NC Auto Parts, LLC,* 130 Nev. 196 (2014).

Respondent understands that Nevada law allows for service by certified mail for administrative actions, however, at the time that service was made in this case, Respondent was not actively practicing in Nevada and was also no longer receiving mail at his address of record. He did not receive any actual notice of this case, and the failure to respond was the result of that lack of notice.

Given that Respondent had no notice of the hearing, the FFCL cannot be said to satisfy basic due process protections. Respondent therefore moves to have the FFCL set aside or vacated, and to allow for an opportunity for a decision on the merits consistent with Nevada's longstanding policy preference for the same.

Respondent furthermore submits that his lack of knowledge of the existence of the case is good cause for having so far failed to comply with the terms of the order. Respondent respectfully submits that should the Board deny his request to set aside or vacate the FFCL, there is nonetheless good cause for the Board not to impose any additional discipline or penalties.

IV. Conclusion

Based on the foregoing, Respondent respectfully requests that the April 17, 2024 Findings of Fact, Conclusions of Law and Order be set aside or vacated and that Respondent be

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **HELIODORO MAGANA, PA,** **Certificate of Registration No. PR14531,** **Respondent.**	**Case No. 20-070-PR-N** **FINDINGS OF FACT, CONCLUSIONS OF LAW AND ORDER**

This matter came before the Nevada State Board of Pharmacy (Board) at its regularly scheduled meeting on Wednesday, April 17, 2024. Gustaf Vanderdonck, Esq., prosecuted the case before the Board. Respondent Heliodoro Magana, P.A., Certificate of Registration No. PR14531, failed to appear. The Board heard the case and, based on the evidence presented, the Board makes the following Findings of Fact, Conclusions of Law and Order.

FINDINGS OF FACT

The Board finds that probative evidence exists in the record to establish each of the following facts by a preponderance of the evidence:

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Heliodoro Magana, P.A. (Respondent), because the at the time of the violations alleged herein, Respondent held a certificate of registration issued by the Board pursuant to NRS 639.1373, authorizing Respondent to write prescriptions for dangerous drugs as a Physician's Assistant. Since March 18, 2019, Respondent has held certificate of registration no. PR14531, allowing Respondent to prescribe dangerous drugs.

2. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the dispensing of poisons, drugs, chemicals and medicines. NRS 639.070

3. Respondent is a Physician's Assistant who practiced at Lags Spine & SportsCare Medical Centers, located at 3967 S. McCarran Blvd., Reno, NV 89502, at the time of the events alleged herein.

4. Respondent has been registered by the Board to prescribe dangerous drugs pursuant to NRS 639.1373 since March 18, 2019.

5. Respondent has never held a controlled substance certificate of registration with the Board.

6. In Nevada, prior to prescribing controlled substances, a Physician's Assistant must obtain a controlled substance certificate of registration with the Board pursuant to NRS 453.226.

7. A requirement of possessing a controlled substance registration with the Board and prescribing controlled substances in Nevada is to maintain and actively use a prescription monitoring program (PMP) account. NRS 453.162.

8. Respondent never had a Nevada PMP account.

9. Board PMP Compliance Coordinator Dave Jones conducts audits of practitioners to ensure that they are compliant with state law related to the PMP. The audits are conducted to ensure compliance with NRS 453.164(7) and NRS 639.23507.

10. Board PMP Compliance Coordinator Jones attempted to conduct an audit of Respondent's PMP account.

11. Board PMP Compliance Coordinator Jones found that Respondent was never issued a Nevada controlled substance certificate of registration. Respondent also never was able to establish a Nevada PMP account.

12. Respondent was never able to review the prescriptions for controlled substances he had written every six (6) months, as required by NRS 453.164(7).

13. Additionally, Respondent was not able to individually query any patient he prescribed controlled substances to for the first time, or every ninety (90) days thereafter, if applicable, as required by NRS 639.23507.

14. Respondent wrote at least 690 total prescriptions for controlled substances between the dates of March 18, 2018, and January 12, 2022.

15. Respondent wrote prescriptions for at least 150 unique patients during this time period.

CONCLUSIONS OF LAW

Based on the forgoing findings of fact, the Board concludes as a matter of law:

16. The Board has jurisdiction over this matter and this Respondent, because at the time of the events herein, Respondent held a Prescriber certificate of registration issued by the Board.

17. Respondent failed to file a Notice of Defense to the Accusation, which constituted a waiver of the Respondent's right to a hearing. NRS 639.244(2).

18. Board staff satisfied the notice and service requirements of NRS 233B.127(3), NRS 639.242, and NRS 639.245, and Respondent was given sufficient legal notice of the hearing.

19. The applicable law in this matter is as follows:

A. Each practitioner who is authorized to write prescriptions for human consumption of controlled substances listed in schedule II, III, IV or V shall access the database of the (PMP) program at least once every 6 months to review the information concerning the practitioner that is listed in the database, including, without limitation, information concerning prescriptions

issued by the practitioner, and notify the Board if any such information is not correct, and to verify to the Board that he or she continues to have access to and has accessed the database as required by this subsection. NRS 453.164(7).

B. Every practitioner or other person who dispenses any controlled substance within this State or who proposes to engage in the dispensing of any controlled substance within this State shall obtain a certificate of registration with the Board. NRS 453.226(1).

C. A practitioner shall, before issuing an initial prescription for a controlled substance listed in schedule II, III or IV or an opioid that is a controlled substance listed in schedule V and at least once every 90 days thereafter for the duration of the course of treatment using the controlled substance, obtain a patient utilization report regarding the patient from the computerized program established by the Board. NRS 639.23507.

D. The Board may suspend or revoke any registration if the holder or applicant is guilty of unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4).

E. Unprofessional conduct includes, "performing any duties as the holder of a license issued by the Board in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i).

F. Unprofessional conduct includes, "performing any act, task or operation for which licensure, certification or registration is required without the required license, certificate or registration." NAC 639.945(1)(k).

G. The Board may impose a fine upon the holder of a certificate, license, or permit issued by the Board for up to $10,000.00 for each violation. NRS 639.255(3).

20. Having failed to appear at the April 17, 2024, hearing, and pursuant to NRS 622A.350(1) and (2), the Board accepts the allegations of fact and alleged violations of law contained in the Accusation against Respondent as true, and hereby finds Respondent guilty of the following:

A. Respondent Magana Respondent has engaged in unprofessional conduct. NRS 639.210(4). Respondent engaged in unprofessional conduct because Respondent, as the holder of a certificate of registration issued by the Board, performed his duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i). Respondent performed his duties as the holder of a certificate of registration issued by the Board in an incompetent, unskillful or negligent manner because Respondent failed to query his PMP account every six (6) months to review the information in the account regarding the practitioner as is required by law. See NRS 453.164(7) and NAC 639.945(1)(i). Having engaged in unprofessional conduct as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945

B. Respondent Magana engaged in unprofessional conduct. NRS 639.210(4). Respondent engaged in unprofessional conduct because Respondent, as the holder of a certificate of registration issued by the Board, performed his duties in an incompetent, unskillful or negligent manner. NAC 639.945(1)(i). Respondent performed his duties as the holder of a certificate of registration issued by the Board in an incompetent, unskillful or negligent manner because Respondent failed to conduct patient queries on any patients Respondent prescribed controlled substances to between March 18, 2018, and January 12, 2022. Having engaged in unprofessional conduct as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945

C. Respondent Magana engaged in unprofessional conduct. NRS 639.210(4). Respondent engaged in unprofessional conduct because Respondent performed an act for which obtaining a certificate of registration was required without having obtained the required certificate of registration. NRS 453.226(1) and NAC 639.945(1)(k). Respondent performed an act for which obtaining a certificate of registration was required without having obtained the required certificate of registration because Respondent prescribed controlled substances in Nevada without having obtained a Nevada controlled substance certificate of registration. See NRS 453.226(1) and NAC 639.945(1)(k). A Nevada controlled substance certificate of registration is required to prescribe controlled substances in Nevada. NRS 453.226(1). 34.

Having engaged in unprofessional conduct as alleged above, Respondent is subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945.

ORDER

THEREFORE, THE BOARD HEREBY ORDERS AS FOLLOWS:

21. Respondent's Certificate of Registration No. PR14531 is hereby **REVOKED** pursuant to NRS 639.210 and/or NRS 639.255.

22. Pursuant to NRS 622A.410(1) and 639.257(1), Respondent may not petition the Board for reinstatement for a period of **one (1) year.**

23. Respondent has **no authority to prescribe drugs in the state of Nevada** or to Nevada based patients in any capacity unless and until they have petitioned the Board for reinstatement pursuant to NRS 639.257 and the Board reinstates their certificate of registration. (This section does not apply if a Nevada based patient visits the Respondent in a different state where the Respondent holds a valid registration to prescribe drugs and Respondent prescribes that drug for the Nevada based patient in a legal manner).

24. In the event Respondent applies for any registration or certificate with the Board, he **shall appear before the Board** to answer questions and give testimony regarding his application, his compliance with this Order, and the facts and circumstances underlying this matter.

25. Respondent shall pay **Ten Thousand Dollars and Zero Cents ($10,000.00)** for the alleged violations, payable by *cashier's check or certified check or money order* made payable to **"State of Nevada, Office of the Treasurer,"** to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) of the effective date of this Order.

26. Respondent shall pay **Five Hundred and Forty Four Dollars and Fifty-Five Cents ($544.55)** to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter, payable by *cashier's check or certified check or money order* made payable to **"Nevada State Board of Pharmacy,"** to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within thirty (30) of the effective date of this Order.

27. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by Respondent, the Board may impose additional discipline upon Respondent not inconsistent with the provisions of NRS Chapter 453 and Chapter 639.

28. This Order constitutes a final decision in a contested case and a public record pursuant to NRS 639.255(5) and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60.

29. This Order will be reported to federal and/or state authorities as consistent with federal and/or state laws and regulations.

30. This Order is effective immediately.

IT IS SO ORDERED.

Entered this 17th day of April, 2024.

HELIODORO MAGANA being duly sworn, deposes and states:

1. Declarant is a resident of Sacramento County, California, over the age of 18, and competent to make this declaration.

2. Declarant is a Physician Assistant, currently practicing in the State of California. Declarant is not currently practicing in the state of Nevada and has not for several years.

3. Declarant is currently aware of case 20-70-PR-N before the Nevada State Board of Pharmacy. Declarant was not, however, aware of that case until July of 2024.

4. At that time, declarant became aware of the case when he performed a google search of his own name.

5. Declarant was never personally served with any complaint from the Nevada State Board of Pharmacy nor did he ever receive any emails related to the same.

6. Declarant did not have any actual knowledge of the case until *after* a default was already entered against him in hearing where he was not present in April of 2024.

7. Upon learning of the case, declarant promptly sought counsel to attempt to defend himself before the Nevada State Board of Pharmacy.

8. Declarant would like an opportunity to defend himself against any and all allegations made against him by the Nevada State Board of Pharmacy.

9. Declarant furthermore submits that his failure to participate in the process previously was the result of excusable neglect as he lacked any actual knowledge of the proceedings.

10. Declarant is competent to testify as to the matters contained herein and furthermore acknowledges notice of the hearing on April 16, 2025, in Reno, Nevada, and intends to appear at

that hearing with counsel.

11. This declaration is made subject to the laws of penalty of perjury of the State of Nevada and the State of California.

Further the declarant sayeth naught.

DECLARATION OF BRAD J. SHIPLEY, ESQ.

STATE OF NEVADA)
) : ss.
COUNTY OF CLARK)

BRAD J. SHIPLEY, being duly sworn, deposes and states:

1. Declarant is a resident of CLARK County, NEVADA, over the age of 18, and competent to make this declaration.

2. Declarant is an attorney practicing law in the State of Nevada. Declarant has been retained to represent the interests of Heliodoro Magana, PA.

3. I am employed by the law firm John H. Cotton & Associates, which was retained to represent the interests of Heliodoro Magana, PA. At the time the firm was initially retained, attorney Eleanor Murphy, Esq., was assigned as the attorney primarily responsible for this case.

4. Ms. Murphy's employment with the firm ended abruptly in August of 2024. Review of business records indicates that Ms. Murphy did not file anything with the board to address the issues the firm was retained to address nor did she advise that she had not done so.

5. The firm first became aware of the failure to file a motion or petition on behalf of Mr. Magana when the firm received the Order to Show Cause several months later.

6. Upon being assigned this case, I diligently made efforts to investigate the current status of the case and ultimately determined that no motion or petition had been filed, at which time I promptly undertook the preparation of an appropriate petition. I offer this declaration in support of that petition.

7. Declarant is competent to testify as to the matters contained herein and furthermore acknowledges notice of the hearing on April 16, 2025, in Reno, Nevada, and intends to appear at that hearing with Mr. Magana.

8. This declaration is made subject to the laws of penalty of perjury of the State of Nevada.

NEVADA STATE BOARD OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **FRANK A. SHALLENBERGER, MD, Certificate of Registration No. CS20566,** **Respondent.**	**Case No. 23-515-CS-N** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300 and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because, at the time of the events alleged herein, Respondent Frank A. Shallenberger, MD, held a Nevada controlled substance registration, Certificate of Registration No. CS20566, issued by the Board.

FACTUAL ALLEGATIONS

2. On or about December 1, 2023, the Nevada State Board of Medical Examiners (NSBME) and Respondent entered a settlement agreement in Case No. 23-7127-1, imposing discipline on Respondent's NSBME License No. 4951 to practice medicine for cause, relating in pertinent part to Respondent unlawfully prescribing a controlled substance for his own personal use.

3. Respondent failed to disclose to the Board the disciplinary order in NSBDE Case No. 23-7127-1 on his 2024 biennial renewal application for Certificate of Registration No. CS20566.

APPLICABLE LAW

4. A prescription for a controlled substance may be issued only for a legitimate medical purpose and in conformance with the requirements federal and state law. 21 CFR § 1306.04(a); NRS 453.381(1).

5. It is a category E felony for an individual practitioner to dispense a substance included in schedule II, III or IV for the practitioner's own personal use except in a medical emergency. NRS 453.256(5) and (6).

6. It is unlawful for a person knowingly or intentionally to furnish false or fraudulent material information in, or omit any material information from, any application for registration under NRS Chapter 453. NRS 453.331(1)(e); NRS 639.281(1).

7. Performing any duties as the holder of a controlled substance registration or a dispensing practitioner registration in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

8. Willfully making to the Board any false statement which is material to the administration or enforcement of Nevada law is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(9).

9. Obtaining any registration by the filing of an application, or any record, affidavit or other information in support thereof, which is false or fraudulent, is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(10).

10. Violating any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(11).

11. Violating, attempting to violate, assisting or abetting in the violation of or conspiring to violate any law or regulation relating to drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(12).

12. The Board may suspend or revoke a registration issued pursuant to NRS 453.226 to prescribe or otherwise dispense a controlled substance upon a finding that the registrant has furnished false or fraudulent material information in an application or committed an act that would render registration inconsistent with the public interest. NRS 453.236(1)(a) and (e) and NRS 453.241(1).

COUNT ONE

Violation of State Controlled Substances Act

13. By violating NRS Chapter 630 as detailed in the NSBME's order in Case No. 23-7127-1, Respondent violated, attempted to violate, assisted or abetted in the violation of or conspired to violate NRS 453.256(5) and/or NRS 453.381(1) and is subject to discipline pursuant to NRS 453.236(1), NRS 453.241(1) and/or NRS 639.210(11).

COUNT TWO

Unprofessional Conduct – Incompetent, Unskillful or Negligent Performance of Duties

14. By violating NRS Chapter 630 as detailed in the NSBME's order in Case No. 23-7127-1 and by violating NRS 453.256(5) and/or NRS 453.381(1), Respondent has performed his duties as the holder of a controlled substance registration in an incompetent, unskillful or negligent manner and engaged in unprofessional conduct and conduct contrary to the public interest in violation of NAC 639.945(1)(i), and is subject to discipline pursuant to NRS 453.236(1), NRS 453.241(1) and/or NRS 639.210(4).

\\\

\\\

\\\

\\\

COUNT THREE
Furnishing False Material Information to Board/
Obtaining Registration by False or Fraudulent Application

15. By failing to disclose to the Board the disciplinary order in NSBDE Case No. 23-7127-1 on his 2024 biennial renewal application for Certificate of Registration No. CS20566, Respondent violated, attempted to violate, assisted or abetted in the violation of or conspired to violate NRS 453.331(l)(e) and NRS 639.281(1), and is subject to discipline pursuant to NRS 453.236(1)(a), NRS 453.241(1) and/or NRS 639.210(9), (10) and/or (12).

COUNT FOUR
Commission of Acts that Render Registration Inconsistent with the Public Interest

16. By violating NRS Chapter 630 as detailed in the NSBME's order in Case No. 23-7127-1 by violating NRS 453.256(5) and/or NRS 453.381(1), Respondent has committed acts that render his registration inconsistent with the public interest, and is subject to discipline pursuant to NRS 453.236(1)(e) and NRS 453.241(1).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this Respondent.

Signed this 26th day of March 2025.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **FRANK A. SHALLENBERGER, MD,** **Certificate of Registration No. CS20566,** **Respondent.**	**Case No. 23-515-CS-N** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

1. Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy ("Board") by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B and 622A, a Notice of Intended Action and Accusation ("Accusation") has been filed with the Board by the Petitioner, J. David Wuest, Executive Secretary for the Board, alleging grounds for imposition of disciplinary action by the Board against you.

2. **A hearing on the Accusation filed against you has been scheduled before the Board for Wednesday, April 16, 2025, at 9:00 AM PST, or soon thereafter at the following location:**

Hyatt Place
1790 E Plumb Ln
Reno, NV 89502

3. At the hearing, you have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). At the hearing, you are entitled to present argument and evidence including witness testimony on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241; NRS 639.246. To do so, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, within twenty (20) days of your receipt of this Statement and Notice, and the Accusation. NRS 622A.320; NRS 639.243.

You may file your answer electronically by emailing a copy of your Answer and Notice of Defense to the Board's coordinating staff and its prosecuting attorney at the email addresses below:

In the Matter of Charges and Complaint Against: **FRANK ANTHONY SHALLENBERGER, M.D., Respondent.**	**Case No. 23-7127-1** FILED DEC 01 2023 NEVADA STATE BOARD OF MEDICAL EXAMINERS By:

SETTLEMENT AGREEMENT

The Investigative Committee (IC) of the Nevada State Board of Medical Examiners (Board), by and through Donald K. White, Senior Deputy General Counsel for the Board and attorney for the IC, and Frank Anthony Shallenberger, M.D. (Respondent), a licensed physician in Nevada, assisted by his attorney, Lyn E. Beggs, Esq., of the Law Offices of Lyn E. Beggs, PLLC hereby enter into this Settlement Agreement (Agreement) based on the following:[1]

A. BACKGROUND

1. Respondent is a medical doctor currently licensed in active status by the Board pursuant to Chapter 630 of the Nevada Revised Statutes (NRS) and Chapter 630 of the Nevada Administrative Code (NAC) (collectively, the Medical Practice Act) to practice medicine in Nevada. His license was originally issued on January 7, 1984 (License No. 4951).

2. On April 21, 2023, in Case No. 23-7127-1, the IC filed a formal Complaint (Complaint) charging Respondent with violating the Medical Practice Act. Specifically, the Complaint alleges two (2) violations of NRS 630.301(4), Malpractice (Counts I and IV); three (3) violations of NRS 630.3062(1)(a), Failure to Maintain Proper Medical Records (Counts II, III, and V); and one (1) violation of NRS 630.306(1)(c), Unlawful Prescribing of Controlled Substance or

[1] All agreements and admissions made by Respondent are solely for final disposition of this matter and any subsequent related administrative proceedings or civil litigation involving the Board and Respondent. Therefore, Respondent's agreements and admissions are not intended or made for any other use, such as in the context of another state or federal government regulatory agency proceeding, state or federal civil or criminal proceeding, any state or federal court proceeding, or any credentialing or privileges matter.

Dangerous Drug (Count VI). By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

3. Respondent was properly served with a copy of this Complaint, has reviewed and understands this Complaint, and has had the opportunity to consult with competent counsel concerning the nature and significance of this Complaint.

4. Respondent is hereby advised of his rights regarding this administrative matter, and of his opportunity to defend against the allegations in the Complaint. Specifically, Respondent has certain rights in this administrative matter as set out by the United States Constitution, the Nevada Constitution, the Medical Practice Act, the Nevada Open Meeting Law (OML), which is contained in NRS Chapter 241, and the Nevada Administrative Procedure Act (APA), which is contained in NRS Chapter 233B and 622A. These rights include the right to a formal hearing on the allegations in the Complaint, the right to representation by counsel, at his own expense, in the preparation and presentation of his defense, the right to confront and cross-examine the witnesses and evidence against him, the right to written findings of fact, conclusions of law and order reflecting the final decision of the Board, and the right to judicial review of the Board's order, if the decision is adverse to him.

5. Respondent understands that, under the Board's charge to protect the public by regulating the practice of medicine, the Board may take disciplinary action against Respondent's license, including license probation, license suspension, license revocation and imposition of administrative fines, as well as any other reasonable requirement or limitation, if the Board concludes that Respondent violated one or more provisions of the Medical Practice Act.

6. Respondent understands and agrees that this Agreement, by and between Respondent and the IC, is not with the Board, and that the IC will present this Agreement to the Board for consideration in open session at a duly noticed and scheduled meeting. Respondent understands that the IC shall advocate for the Board's approval of this Agreement, but that the Board has the right to decide in its own discretion whether or not to approve this Agreement. Respondent further understands and agrees that if the Board approves this Agreement, then the terms and conditions enumerated below shall be binding and enforceable upon him and the Board.

B. TERMS & CONDITIONS

NOW, THEREFORE, in order to resolve the matters addressed herein, i.e., the matters with regard to the Complaint, Respondent and the IC hereby agree to the following terms and conditions:

1. **Jurisdiction**. Respondent is, and at all times relevant to the Complaint has been, a physician licensed to practice medicine in Nevada subject to the jurisdiction of the Board as set forth in the Medical Practice Act.

2. **Representation by Counsel/Knowing, Willing and Intelligent Agreement**. Respondent acknowledges he is represented by counsel and wishes to resolve the matters addressed herein with said counsel. Respondent agrees that if representation by counsel in this matter materially changes prior to entering into this Agreement and for the duration of this Agreement, that counsel for the IC will be timely notified of the material change. Respondent agrees that he knowingly, willingly and intelligently enters into this Agreement after deciding to have a full consultation with and upon the advice of legal counsel.

3. **Waiver of Rights**. In connection with this Agreement, and the associated terms and conditions, Respondent knowingly, willingly and intelligently waives all rights in connection with this administrative matter. Respondent hereby knowingly, willingly and intelligently waives all rights arising under the United States Constitution, the Nevada Constitution, the Medical Practice Act, the OML, the APA, and any other legal rights that may be available to him or that may apply to him in connection with the administrative proceedings resulting from the Complaint filed in this matter, including defense of the Complaint, adjudication of the allegations set forth in the Complaint, and imposition of any disciplinary actions or sanctions ordered by the Board. Respondent agrees to settle and resolve the allegations of the Complaint as set out by this Agreement, without a hearing or any further proceedings and without the right to judicial review.

4. **Acknowledgement of Reasonable Basis to Proceed**. As of the time of entering into this Settlement Agreement, the allegations of the Complaint remain unproven. Respondent acknowledges that the IC believes it has a reasonable basis to allege that Respondent engaged in conduct that is grounds for discipline pursuant to the Medical Practice Act. The IC acknowledges

Respondent is not admitting that the IC's claims/counts as alleged in the Complaint have merit and Respondent is agreeing to resolve this matter to avoid the costs of hearing and potential subsequent litigation. Respondent asserts if this matter were to proceed to hearing, he has evidence, witnesses, expert witness(es) and defenses to the counts/claims alleged in the Complaint, but for the purposes of resolving the matter and for no other purpose, Respondent waives the presentation of evidence, witnesses, expert witnesses, and defenses in order to effectuate this Agreement.

5. **Consent to Entry of Order**. In order to resolve this Complaint pending against Respondent, Respondent hereby agrees that the Board may issue an order finding that Respondent engaged in conduct that is grounds for discipline pursuant to the Medical Practice Act. Accordingly, the following terms and conditions are hereby agreed upon:

a. Respondent admits to Counts II, III and V, three (3) violations of NRS 630.3062(1)(a), Failure to Maintain Proper Medical Records; and Count VI, one (1) violation of NRS 630.306(1)(c), Unlawful Prescribing of Controlled Substance or Dangerous Drug.

b. Respondent shall pay a fine of five thousand dollars ($5,000.00) within sixty (60) days of the Board's acceptance, adoption and approval of this Agreement.

c. Respondent will pay the costs and expenses incurred in the investigation and prosecution of the above-referenced matter, in the amount of nine thousand sixty-one dollars and seventy-three cents ($9,061.73), within 60 days of the Board's acceptance, adoption and approval of this Agreement.

d. The Respondent shall perform twenty-two (22) hours of Continued Medical Education (CME) related to best practices in prescribing, in addition to the required CMEs for licensure. These CME hours must be completed within one hundred eighty (180) days.

e. This Agreement shall be reported to the appropriate entities and parties as required by law, including, but not limited to, the National Practitioner Data Bank.

f. Respondent shall receive a Public Letter of Reprimand.

g. The remaining counts of the Complaint, and any other claims arising from

the Board's corresponding investigative case file(s), shall be dismissed with prejudice.

6. **Release from Liability**. In execution of this Agreement, Respondent understands and agrees that the State of Nevada, the Board, and each of its members, staff, counsel, investigators, experts, peer reviewers, committees, panels, hearing officers, consultants and agents are immune from civil liability for any decision or action taken in good faith in response to information acquired by the Board. NRS 630.364(2)(a). Respondent agrees to release the State of Nevada, the Board, and each of its members, staff, counsel, investigators, experts, peer reviewers, committees, panels, hearing officers, consultants and agents from any and all manner of actions, causes of action, suits, debts, judgments, executions, claims and demands whatsoever, known and unknown, in law or equity, that Respondent ever had, now has, may have or claim to have, against any or all of the persons, government agencies or entities named in this paragraph arising out of, or by reason of, this investigation, this Agreement or the administration of the case referenced herein.

7. **Procedure for Adoption of Agreement**. The IC and counsel for the IC shall recommend approval and adoption of the terms and conditions of this Agreement by the Board in resolution of this Complaint. In the course of seeking Board acceptance, approval and adoption of this Agreement, counsel for the IC may communicate directly with the Board staff and the adjudicating members of the Board.

Respondent acknowledges that such contacts and communications may be made or conducted ex-parté, without notice or opportunity to be heard on his part until the public Board meeting where this Agreement is discussed, and that such contacts and communications may include, but may not be limited to, matters concerning this Agreement, the Complaint and any and all information of every nature whatsoever related to this matter. The IC and its counsel agree that Respondent and/or Counsel for the Respondent may appear at the Board meeting where this Agreement is discussed and, if requested, respond to any questions that may be addressed to the IC or the IC's counsel.

8. **Effect of Acceptance of Agreement by Board**. In the event the Board accepts, approves and adopts this Agreement, the Board shall issue a final order, making this Agreement

an order of the Board, and, pending full compliance with the terms herein, the case shall be closed and all remaining claims arising out of the Complaint shall be dismissed with prejudice.

9. **Effect of Rejection of Agreement by Board**. In the event the Board does not accept, approve and adopt this Agreement, this Agreement shall be null, void and of no force and effect except as to the following agreement regarding adjudications: (1) Respondent agrees that, notwithstanding rejection of this Agreement by the Board, nothing contained in this Agreement and nothing that occurs pursuant to efforts of the IC to seek the Board's acceptance of this Agreement shall disqualify any member of the adjudicating panel of the Board from considering this Complaint and from participating in disciplinary proceedings against Respondent, including adjudication of this case; and (2) Respondent further agrees that he shall not seek to disqualify any such member absent evidence of bad faith.

10. **Binding Effect**. If approved by the Board, Respondent understands that this Agreement is a binding and enforceable contract upon Respondent and the Board.

11. **Forum Selection Clause**. The parties agree that in the event either party is required to seek enforcement of this Agreement in district court, the party's consent to such jurisdiction and agree that exclusive jurisdiction shall be in the Second Judicial District Court, State of Nevada, Washoe County.

12. **Attorneys' Fees and Costs**. The parties agree that in the event an action is commenced in district court to enforce any provision of this Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees and costs.

13. **Failure to Comply with Terms**. Should Respondent fail to comply with any term or condition of this Agreement once the Agreement has been accepted, approved and adopted by the Board, the IC shall be authorized to immediately suspend Respondent's license to practice medicine in Nevada pending an Order to Show Cause Hearing, which will be duly noticed. Failure to comply with the terms of this Agreement, including failure to pay any fines, costs, expenses or fees owed to the Board, is a failure to comply with an order of the Board, which may result in additional disciplinary action being taken against Respondent. NRS 630.3065(2)(a). Further, Respondent's failure to remit payment to the Board for monies agreed to be paid as a

Subject: Medway Medical MDEG administrator follow up

WARNING - This email originated from outside the State of Nevada. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good afternoon,

I wanted to follow up and apologize for not providing a more detailed description earlier regarding my experience with medical equipment.

During my time at Cottonwood Treatment Center as the Coordinator & Medical Device Trainer (September 2012 – May 2016), I worked extensively with a variety of medical equipment, including wheelchairs, walkers, nebulizers, oxygen concentrators, and portable oxygen concentrators. I led training sessions for new hires on the proper use of this equipment, ensuring staff were confident with both basic operations and troubleshooting protocols. I worked closely with the nursing team to ensure proficiency and provided daily, on-the-floor support for any device-related issues. Depending on onboarding needs and equipment-related concerns, approximately 15% to 25% of my shift was dedicated to managing and supporting these devices to ensure continuous patient care and equipment readiness.

Additionally, I wanted to note that my current hours worked with Med Way have recently increased—from 877 to 1,030.

Thank you for your consideration of my MDEG Administrator application. I truly appreciate your time and the opportunity to share more about my background.

Please don't hesitate to reach out if you need any further details—I'd be happy to assist.

Best regards, Michael Wiliams

I was 18 years of age when after a schol dance went out to eat with a group of friends upon finishing meal, I was told everything had been paid for. While standing outside waitress came out and informed me the meal had not been paid for. I told her I would pay for my meal but wouldnt be able to cover the full dinning ticket. She informed me she would call the police if the bill wasn't taken care in full. When the officer arrived I was given a ticket and told to appear in court. I plead guilty due to not knowing my rights or having any form of legal council. I am currently in the process of having this expunged.

Disciplinary History Summary and Brief Description

Boxout, LLC has had the following disciplinary actions from State Boards of Pharmacy. Boxout, LLC has previously operated under the names Boxout, LLC (fka WBC Group, LLC), MDC Acquisition Company, and WBC Group, LLC.

Arkansas BOP, January 6th, 2010

MDC Acquisition Company was contacted by the Arkansas State Board of Pharmacy regarding the shipment of prescription drugs into the State of Arkansas without licensure in response to the applications of said license permits for its Ohio and California facilities. MDC Acquisition Company resolved this matter, without an admission of guilt, by signing Consent Agreements on January 6th, 2010, and paid a penalty of $1000 per facility.

Alabama BOP, July 17th, 2018

WBC Group, LLC was contacted by the Alabama State Board of Pharmacy regarding a complaint of distributing prescription medical devices into the State of Alabama without *renewing its permits* (Permit 194118 and 194218, for OH and FL, respectively). WBC Group, LLC resolved this matter by signing Consent Orders on July 17th, 2018, and paid a penalty of $2500.00 per permit.

Colorado BOP, September 29, 2020

Boxout, LLC received was contacted by the Colorado Board of Pharmacy for failing to notify the board of a change in company name within the required 30-day period. This failure to notify applied to Boxout's Ohio and California facilities (WHO.8341 and WHO.8407). Boxout, LLC informally resolved this matter by signing a Final Agency Order on September 29, 2020, and paid a fee of $1,150.00 per license.

Alabama BOP, March 30, 2021

Boxout, LLC was contacted by the Alabama Board of Pharmacy regarding a *failure to disclose* the Colorado Final Agency Orders (listed above) on the Alabama permit renewal for its Ohio facility (AL license number: 194118). A Consent Order was signed and fully executed on March 30, 2021, to resolve the matter and a $1,000.00 fine was paid.

Ohio BOP, April 23, 2021

Boxout, LLC was contacted by the Ohio State Board of Pharmacy regarding the *sale of a prescription drug to a clinic that had a lapsed license*. Boxout had already put protections into place to prevent recurrence. Boxout signed a Settlement Agreement on April 23, 2021, to resolve the matter, and a $125.00 fine was paid.

I attest that the information provided herein is true and correct to the best of my knowledge and it is recognized that providing false information may result in disciplinary action.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. LHM/673441

Application/License No. _____

Boxout, LLC (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 625 Pittsburgh Ave. Suite 110, McCarran, NV 89437-6508 (Address of Applicant/Principal), as PRINCIPAL, and FIDELITY AND DEPOSIT COMPANY OF MARYLAND (Surety Company), a corporation organized under the laws of the state of Maryland (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 1299 Zurich Way Schaumburg, IL 60196-1056 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on January 16th, 2025 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statue (NRS) 639.515 and Nevada Administrative Code (NAC) 639.5937 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $25,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.

(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and NAC 639.5937 and said bond shall be subject to all of the terms and provisions thereof.

(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.

(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS 639.515 and NAC 639.5937. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.

(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.

(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.

(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 17th day of January, 2023.

Nevada Board of Pharmacy
985 Damonte Ranch Pkwy #206
Reno, NV 89521

Dear Board of Pharmacy,

We are pleased to announce that we are opening a new distribution center in McCarran, NV, and will be closing our facility in Ontario, CA. Our target date to begin shipping from the Nevada facility is April 1, 2025.
Dennis Partain, our current Director of West Coast Operations, will be transitioning from our California distribution center to the new Nevada facility and will fulfill the role of Designated Representative (DR). Mr. Partain has successfully managed our TX and CA facilities and has consistently worked an average of 50 hours per week. As of now, he has accumulated approximately 6,000 hours of experience in his role at Boxout, LLC., and this total will increase significantly by the planned shipping start date.

This attestation is being provided to fulfill the requirement for the hours needed for the DR application. Mr. Partain's hire date was July 25, 2022.

Thank you for your attention to this matter. If you need any further information or documentation, please do not hesitate to reach out.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. 3494190

Application/License No. _____

The Tranzonic Companies (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is 5850 E. North Belt Rd., Las Vegas, NV 89135 (Address of Applicant/Principal), as PRINCIPAL, and SureTec Insurance Company (Surety Company), a corporation organized under the laws of the state of Texas (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is 2103 CityWest Blvd., Suite 1300, Houston, TX 77042 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on October 02, 2024 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 2nd day of October, 2024.

UNANIMOUS WRITTEN CONSENT

OF THE BOARD OF DIRECTORS OF

KUEHNE + NAGEL HOLDINGS, INC.

Pursuant to the authority contained in the provisions of Section 141(f) of the General Corporation Law of the State of Delaware, the undersigned, being all of the members of the board of directors (the "**Board**") of Kuehne + Nagel Holdings, Inc., a Delaware corporation (the "**Corporation**"), do hereby adopt the following resolutions with the same force and effect as though adopted at a meeting of the Board, and direct the Secretary of the Corporation to place a copy of this Written Consent in the minutes book of the Corporation:

WHEREAS, the Corporation is the sole member of Kuehne + Nagel Investment LLC, a New Jersey limited liability company ("**KNI LLC**").

WHEREAS, the Corporation has decided that KNI LLC should merge into and become part of the Corporation.

THEREFORE, IT IS

RESOLVED, that the Agreement and Plan of Merger by and among the Corporation and KNI LLC substantially in the form attached hereto, be approved;

RESOLVED, that KNI LLC shall merge into the Corporation under the terms set forth in the Agreement and Plan of Merger (the "Merger");

RESOLVED, that the officers of the Company are hereby authorized, empowered, and directed to execute the Agreement and Plan of Merger containing all of the material terms set forth in the form attached hereto, and to take any and all actions deemed by them to be necessary to effectuate the Merger and its terms;

RESOLVED, that this Unanimous Written Consent is being executed in lieu of a meeting of the board of directors of the Corporation and shall be filed with the minutes of proceedings of the directors of the Corporation.

RESOLVED, that this Written Consent may be in the form of an electronic record (in "*.pdf*" form or otherwise) and may be executed using electronic signatures, which shall be considered as originals and shall have the same legal effect, validity, and enforceability as a paper records.

[Signature page to follow]

IN WITNESS WHEREOF, the foregoing resolutions of the Board of Kuehne + Nagel Holdings, Inc. are hereby approved and adopted as of the date written below.

EXHIBIT A

Agreement and Plan of Merger

See attached.

AGREEMENT
AND
PLAN OF MERGER

THIS AGREEMENT AND PLAN OF MERGER, dated as of November 11, 2024 (this "Plan of Merger"), is between Kuehne + Nagel Investment LLC, a New Jersey Limited Liability Company ("Merged LLC"), and Kuehne + Nagel Holdings, Inc., a Delaware corporation ("Surviving Corporation").

W I T N E S S E T H:

WHEREAS, Merged LLC has a single member to wit, the Surviving Corporation; and

WHEREAS, Surviving Corporation is authorized to issue a total of 100 shares of capital stock, consisting of 200 shares of common stock, par value $0.01 per share ("Surviving Corporation Common Stock"), of which, as of the date hereof, 100 shares of Common Stock are issued and outstanding; and

WHEREAS, the sole member and the Managers of the Merged LLC and the Board of Directors of the Surviving Corporation, respectively, approve and deem it advisable that Merged LLC and Surviving Corporation, respectively, consummate the Merger (as defined below).

NOW, THEREFORE, in consideration of the mutual agreements contained in this Plan of Merger, the parties to this Plan of Merger hereby agree that Merged LLC shall be merged (the "Merger") with and into Surviving Corporation in accordance with applicable laws and upon the terms and subject to the conditions set forth as follows:

1. The Merger. At such time agreed between Merged LLC and Surviving Corporation, a certificate of merger evidencing the Merger shall be filed with each of the Office of the Secretary of State of the State of New Jersey pursuant to the Title 42 of the New Jersey Revised Statutes and of the State of Delaware General Corporation Law. The Certificates of Merger shall specify that the Merger shall become effective on December 1, 2024 ("Effective Time"). At the Effective Time, Merged LLC shall be merged with and into Surviving Corporation, and Surviving Corporation shall continue as the surviving corporation. The Surviving Corporation's name shall remain Kuehne + Nagel Holdings, Inc.

2. Certificate of Incorporation and By-laws. The Certificate of Incorporation and By-laws of Surviving Corporation in effect immediately prior to the Effective Time shall be and remain the Certificate of Incorporation and By-laws, respectively, of Surviving Corporation, as the surviving corporation, after the Effective Time, until amended as provided by law.

3. Officers and Directors. From and after the Effective Time, and until they shall have resigned or shall have been legally removed or until their respective successors shall have been elected or appointed and qualified, those persons who are the officers and directors of Surviving Corporation immediately prior to the Effective Time shall be the officers and directors of Surviving Corporation.

4. Effect of the Merger.

4.1 All assets, rights, privileges, immunities, powers, franchises and interests of Merged LLC in and to every type of property (real, personal and mixed) and choses in action, as they exist as of the Effective Time, shall pass and be transferred to and vest in Surviving Corporation, as the surviving corporation, by virtue of the Merger at the Effective Time without any deed, conveyance or other transfer, and all such interests of Surviving Corporation as they exist as of the Effective Time shall remain with Surviving Corporation upon consummation of the Merger. The corporate existence of Surviving Corporation shall continue unaffected and unimpaired upon consummation of the Merger and the separate corporate existence of Merged LLC shall cease at and as of the Effective Time.

4.2 From and after the Effective Time, Surviving Corporation, as the surviving corporation, shall be responsible and liable for all of the liabilities and obligations of Surviving Corporation and Merged LLC existing as of the Effective Time. Any claim existing or action or proceeding pending by or against Surviving Corporation or Merged LLC at the Effective Time may, thereafter, be prosecuted by or against Surviving Corporation, as the surviving corporation, as if the Merger had not taken place or, in connection with any such action or proceeding to which Merged LLC is a party, Surviving Corporation, as the surviving corporation, may be substituted in place of Merged LLC. Neither the rights of creditors nor any liens upon the property of either Surviving Corporation or Merged LLC shall be impaired by reason of the Merger.

5. Effect of Merger on Outstanding Shares.

5.1 *Exchange Ratio*. At the Effective Time, by virtue of the Merger and without any action on the part of the holder thereof, all of the issued and outstanding member shares of the Merged LLC shall be cancelled.

5.2 *Closing of Transfer Books*. At the Effective Time, the membership transfer books of Merged LLC shall be closed and no transfer of shares of Merged LLC membership shall thereafter be made. If, after the Effective Time, certificates representing member shares of Merged LLC are presented to the Surviving Corporation, they shall be canceled in accordance with the terms hereof. At and after the Effective Time, the holders of member shares of Merged LLC Stock shall cease to have any rights as members of Merged LLC.

6. Further Assurances. From time to time after the Effective Time, as and when requested by Surviving Corporation, and to the extent permitted by law, the former managers of Merged LLC and the officers and directors of Surviving Corporation shall execute and deliver such assignments, deeds and other instruments and shall take or cause to be taken such further or other action as shall be necessary in order to consummate the Merger, vest or perfect in or to confirm of record or otherwise to Surviving Corporation, as the surviving corporation, title to, and possession of, all of the assets, rights, privileges, immunities, powers, franchises and interests of Merged LLC and Surviving Corporation in and to every type of property (real, personal and

mixed) and choses in action, and otherwise to carry out the purposes of this Plan of Merger, and the proper officers and directors of Surviving Corporation, as the surviving corporation, are fully authorized to take any and all such action in the name of Merged LLC or Surviving Corporation or otherwise.

7. Termination and Amendment. Prior to the Effective Time, this Plan of Merger may be terminated or amended by the mutual consent of the Managers of Merged LLC and the Board of Directors of Surviving Corporation.

8. Counterparts. This Plan of Merger may be signed in any number of counterparts, each of which shall be deemed an original, and all of which shall be deemed but one and the same instrument.

9. Governing Law. This Plan of Merger shall be governed by and construed in accordance with the laws of the State of New Jersey without giving effect to any choice of law or conflict of law provision or rule (whether of the State of New Jersey or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of New Jersey.

IN WITNESS WHEREOF, the parties have duly executed this Plan of Merger as of the date first written above.

Affidavit for Pharmacy License

I, April M. Tsai hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the OWNER (title) for AMG PHARMACY (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

Initial each statement below to indicate you have read and agree with the following:

TK I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

TK I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

TK I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

TK I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

TK I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

Initial each statement below to indicate you have read and agree with the following:

KB I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

KB I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

KB I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

KB I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

KB I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacy located inside the State of Nevada employ only pharmacists, intern pharmacists, pharmaceutical technicians, and technicians in training that are licensed by the Nevada State Board of Pharmacy. (NRS 639.100).
6. I further understand and acknowledge that Nevada law requires that each pharmacy located outside the State of Nevada engaged in providing pharmacy services into Nevada employs at least one pharmacist licensed by the Nevada State Board of Pharmacy who will be responsible for any prescription dispensed to a patient located in Nevada and responsible for any acts or omissions of pharmacy personnel who are not registered with the Board. Initial each statement below to indicate you have read and agree with the following:

I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

Nevada State Board of Pharmacy, Case Numbers: 19-002-RPH-S and 19-002-PH-S

On April 10, 2019 the Nevada State Board of Pharmacy ("Board of Pharmacy") finalized a Findings of Fact, Conclusions of Law and Order ("Order) between the Board of Pharmacy, pharmacist Mr. Sean Barclay and Meta Pharmacy Services, LLC dba Meta Pharmacy Services, (formerly known as Barclay Luke & Pillai Specialty Pharmacy PLLC dba Meta Pharmacy Services) located at 8352 W. Warm Springs Road, Suite 120, Las Vegas, NV 89113 (Nevada Resident Pharmacy Permit #: PH03433).

On or about November 27, 2018, the Board of Pharmacy alleged that Mr. Barclay, acting as a licensed Nevada pharmacist and as the managing pharmacist for Meta Pharmacy Services, had operated a pharmacy from approximately November 1, 2017 to November 29, 2018, in the state of Nevada, without a current license or registration with the Board of Pharmacy.

Mr. Barclay and Meta Pharmacy Services did not oppose the citation. Mr. Barclay agreed to pay the $3,500 personal fine and Meta Pharmacy Services agreed to pay the $7,683.99 facility fine issued by the Board of Pharmacy.

Upon receipt of the fines, and signed Order, the Board of Pharmacy considered the matter closed and took no further action.

The Nevada State Board of Pharmacy (Board) heard this matter at its regularly scheduled meeting on April 10, 2019, in Las Vegas, Nevada. S. Paul Edwards, Esq., prosecuted the case on behalf of the State of Nevada, Board of Pharmacy. Sean Barclay, R.Ph., Certificate of Registration No. 17303 (Barclay), appeared in his capacity as the managing pharmacist/pharmacist in charge of Respondent Meta Pharmacy Services, Certificate of Registration No. PH03433 (Meta Pharmacy). He also appeared in his capacity as Meta Pharmacy's authorized representative. Neither Respondent had counsel, and neither Respondent disputed the allegations set forth in the Accusation on file herein.

Based on the evidence presented, including testimony from Barclay, the Board hereby enters the following Findings of Fact, Conclusions of Law and Order.

FINDINGS OF FACT

1. On or about November 27, 2018, Board Staff and the Food and Drug Administration (FDA) conducted a joint inspection of Meta Pharmacy.

2. During that inspection, Board Staff discovered that Barclay's Nevada pharmacist registration, Certificate of Registration No. 17303, expired on October 31, 2017, and that Barclay did not hold a current pharmacist registration.

3. Board Staff obtained Barclay's work schedule from November 2017, through November 2018, from Meta Pharmacy.

4. From the records Meta Pharmacy provided, Board Staff ascertained that Barclay had worked at Meta Pharmacy approximately two-hundred and twenty-four (224) days from November 1, 2017, through November 29, 2018, without a license or registration with the Board.

5. Barclay's work history also revealed that he was employed as Meta Pharmacy's managing pharmacist/pharmacist in charge during the time period that his pharmacist registration was expired.

6. On the days that Barclay worked without a current pharmacist registration, Meta Pharmacy operated without a registered managing pharmacist, and with an unregistered person on site (Barclay) who was engaged in the practice of pharmacy.

7. On November 29, 2018, Board Staff served Barclay with a Cease and Desist Order and Citation for the Unregistered Practice of Pharmacy.

8. On January 11, 2019, Board Staff served Barclay with a Citation for the Unregistered Practice of Pharmacy and fined him $5,000.00 for working approximately two-hundred and twenty-four (224) days without a current pharmacist registration.

9. Barclay did not seek a hearing to oppose that citation.

10. Board Staff incurred costs and expenses of three thousand six hundred eighty-three dollars ($3,683.99) to partially reimburse the Board for costs associated with investigating and prosecuting this matter.

CONCLUSIONS OF LAW

11. As the pharmacist in charge of a pharmacy that operated with an unregistered person on site who engaged in the practice of pharmacy, Barclay violated Nevada Revised

Statute (NRS) 639.220(1) and NRS 639.284(2), as well as Nevada Administrative Code (NAC) 639.945(1)(i) and (j), which violations are grounds for discipline pursuant to NRS 639.210(4), (11), (12) and/or (15) and NAC 639.702, as well as NRS 639.255 and NAC 639.955.

12. As the owner and operator of the pharmacy in which Barclay violated Nevada law, as indicated above, including in the First Cause of Action, Meta Pharmacy is responsible for those violations pursuant to NAC 639.945(2), which is grounds for discipline pursuant to NRS 639.210(11) and (12), NRS 639.230(5), NRS 639.255 and NAC 639.955.

13. In owning and operating a pharmacy without a registered pharmacist acting as the pharmacist in charge, Meta Pharmacy Services violated NRS 639.220(1) and NRS 639.284(1), which violations are grounds for discipline pursuant to NRS 639.210(4), (11) and (12), NRS 639.255 and NAC 639.955.

14. The costs and attorney fees Board Staff incurred to investigate and prosecute this case are fair and reasonable, necessary and actually incurred by Board Staff in its investigation and prosecution of this case.

ORDER

15. Based upon the foregoing, the BOARD HEREBY ORDERS:

a. Barclay shall pay a fine of two thousand five hundred dollars ($2,500.00).

b. Barclay shall pay an administrative fee of one thousand dollars ($1,000.00) to partially reimburse the Board for its costs and expenses associated with investigating and prosecuting this matter.

c. Meta Pharmacy shall pay a fine of five thousand dollars ($5,000.00).

d. Meta Pharmacy shall pay an administrative fee of two thousand six hundred eighty-three dollars ($2,683.99) to partially reimburse the Board for its costs and expenses associated with investigating and prosecuting this matter.

16. Respondents shall pay the fines ordered herein by *cashier's check* or *certified check* or *money order* made payable to "*State of Nevada, Office of the Treasurer*" to be received

by the Board's Reno office at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada, 89521, within sixty (60) days of the effective date of this Order.

17. Respondents shall pay the administrative fees ordered herein by *cashier's check* or *certified check* or *money order* made payable to the "*Nevada State Board of Pharmacy*" to be received by the Board's Reno office at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada, 89521, within sixty (60) days of the effective date of this Order.

18. Board Staff has authority to offer to Respondents, and each of them, a plan by which they can pay the fines and administrative fees ordered herein through installments which may exceed the sixty-day time limit ordered above. The terms of such a payment plan shall be at Board Staff's sole judgment and discretion.

19. Any failure by Respondents, or either of them, to comply with any term in this Order may result in additional discipline, including the possible suspension or revocation of their respective license or registration until the default is cured. Furthermore, any failure to pay any fine, fee, or cost ordered herein will also result in such legal action as Board Staff determines to be necessary to collect the unpaid fine, fee, or cost.

IT IS SO ORDERED.

Signed and effective this 26 day of April 2019.

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and these respondents because at the time of the events alleged herein, Respondent Sean Barclay, Certificate of Registration No.17303 (Barclay), was a registered pharmacist with the Board, and Respondent Meta Pharmacy Services. Certificate of Registration No. PH03433 (Meta Pharmacy), was a pharmacy registered with the Board.

II.

On or about November 27, 2018, Board Staff and the Food and Drug Administration (FDA) conducted a joint inspection of Meta Pharmacy.

III.

During that inspection, Board Staff discovered that Barclay's Nevada pharmacist registration, Certificate of Registration No. 17303, expired on October 31, 2017, and that Barclay did not hold a current pharmacist registration.

IV.

Board Staff obtained Barclay's work schedule from November 2017, through November 2018, from Meta Pharmacy.

V.

From the records Meta Pharmacy provided, Board Staff ascertained that Barclay had worked at Meta Pharmacy approximately two-hundred and twenty-four (224) days from November 1, 2017, through November 29, 2018, without a license or registration with the Board.

VI.

Barclay's work history also revealed that he was employed as the managing pharmacist of Meta Pharmacy during the time period that his pharmacist registration was expired.

VII.

On the days that Barclay worked without a current pharmacist registration, Meta Pharmacy operated without a managing pharmacist who was registered with the Board and without a registered staff pharmacist on site.

VIII.

On November 29, 2018, Board Staff served Barclay with a Cease and Desist Order and Citation for the Unregistered Practice of Pharmacy.

IX.

On January 11, 2019, Board Staff served Barclay with a Citation for the Unregistered Practice of Pharmacy and fined him $5,000.00 for working approximately two-hundred and twenty-four (224) days without a current pharmacist registration. Barclay did not seek a hearing to oppose that citation.

FIRST CAUSE OF ACTION

X.

As the pharmacist in charge of a pharmacy that operated without a registered pharmacist on site, Sean Barclay violated Nevada Revised Statute (NRS) 639.220(1) and NRS 639.284(2), as well as Nevada Administrative Code (NAC) 639.945(1)(i) and/or (j), which violations are

grounds for discipline pursuant to NRS 639.210(4), (11), (12) and/or (15) and NAC 639.702, or alternatively, under NRS 639.255, as well as NAC 639.955.

SECOND CAUSE OF ACTION

XI.

As the owner and operator of the pharmacy in which Barclay violated Nevada law, as alleged above, including in the First Cause of Action, Meta Pharmacy Services is responsible for those violations pursuant to NAC 639.945(2), which is grounds for discipline pursuant to NRS 639.210(11) and/or (12), NRS 639.230(5), NRS 639.255, and NAC 639.955.

THIRD CAUSE OF ACTION

XII.

In owning and operating a pharmacy without a registered pharmacist acting as the pharmacist in charge, Meta Pharmacy Services violated NRS 639.220(1) and NRS 639.284(1), which violations are grounds for discipline pursuant to NRS 639.210(4), (11) and/or (12), or alternatively, under NRS 639.255, as well as NAC 639.955.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of the Respondent.

Signed this 8th day of March 2019.

J. David Wiest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements regarding your license and/or certificate of registration. To do so, you must mail to the Board within 20 days of your receipt of this Notice of Intended Action and Accusation a written statement showing your compliance.

Alaska State Board of Pharmacy, Case Number: 2023-000767

On November 16, 2023, the Alaska Board of Pharmacy ("Board of Pharmacy") finalized an Imposition of Civil Fine between the Board of Pharmacy and Meta Pharmacy Services, LLC dba Meta Pharmacy Services, (formerly known as Barclay Luke & Pillai Specialty Pharmacy PLLC dba Meta Pharmacy Services) located at 8352 W. Warm Springs Road, Suite 120, Las Vegas, NV 89113 (Alaska Non-Resident Pharmacy Permit #: 212605).

On or about November 16, 2023, the Board of Pharmacy alleged that Meta Pharmacy Services failed to timely report disciplinary action received in Nevada in 2019 regarding operating a pharmacy with an unregistered pharmacist.

Meta Pharmacy Services acknowledged allegations made by the Board of Pharmacy and agreed to the Imposition of Civil Fine and to pay a $1,000 fine issued by the Board of Pharmacy.

Upon receipt of the fine, and signed Imposition of Civil Fine, the Board of Pharmacy considered the matter closed and took no further action. The Board of Pharmacy has independently chosen not to report this matter to the National Practitioner Data Bank (NPDB), however this information is provided here for transparency.

IMPOSITION OF CIVIL FINE
Case # 2023-000767

I, MATTHEW HOGAN, as an agent for Meta Pharmacy Services, admit and agree the Alaska Board of Pharmacy (Board) has jurisdiction over the subject matter of Out-of-State Pharmacy License No. 212605, and over this Imposition of Civil Fine.

1. On July 10, 2023, we submitted an initial Out-of-State (OOS) Pharmacy application in reference to License #212605.
2. We failed to properly disclose an April 26, 2019, license disciplinary action from the Nevada State Board of Pharmacy for owning and operating a pharmacy with an unregistered pharmacist for approximately 224 days.
3. This is a violation of AS 08.80.261(a)(6) and 12 AAC 52.920(a)(13).

We admit that as a result of these facts, grounds exist for possible denial of licensure or other disciplinary sanctions of my license pursuant to AS 08.01.075, AS 08.80.261(a)(6), and 12 AAC 52.920(a)(13) We are agreeing to this Imposition of a Civil Fine of one thousand dollars ($1000) in cash, certified check, or money order payable to the "**State of Alaska**" within ninety (90) days after this Imposition of Civil Fine is accepted by the Board.

We have the right to consult with an attorney, and a right to an administrative hearing on the facts in this case. We understand and agree by voluntarily signing this Imposition of Civil Fine, we are waiving our rights to counsel and to a hearing on this matter.

The attached Citation and Fine, ("Citation") is being issued pursuant to Business and Professions Code section 125.9 and California Code of Regulations, title 16, section 1775 et. seq., for violations of the laws and regulations that govern the practice of pharmacy in California. (For exact language refer to the California Pharmacy Law and Index, located on the Board's web site, at www.pharmacy.ca.gov, under Pharmacy Law and Regulation).

The attached Citation references the specific statutes and regulations violated, defines each violation charged and specifies any fine(s) assessed. The attached Citation details the conduct that resulted in the issuance of the Citation.

IT IS YOUR RESPONSIBILITY TO READ THE ENTIRE CITATION AND INSTRUCTIONS, TO UNDERSTAND THE PROCESS FOR CONTESTING THE CITATION AND TO RESPOND TO THE CITATION WITHIN THE FOLLOWING TIME FRAMES:

- May 04, 2024: Unless the Citation is contested payment of fine(s) must be received by the Board.
- April 18, 2024: Any contest of the Citation by request for an informal Office Conference must be received by the Board.
- May 04, 2024: Any contest of the Citation by request for a formal Appeal must be received by the Board.

The issuance of a Citation by the Board of Pharmacy is considered an administrative action and substantiated resolution of a complaint and/or investigation. If a hearing is not requested to contest the Citation(s), payment of any fine(s) shall not constitute an admission of the violation(s) charged. Payment in full of the fine(s) assessed shall be represented as a satisfactory resolution of the matter in any public disclosure. (Business and Professions Code section 125.9; California Code of Regulations section 1775).

Additionally, if, at the time of license renewal, the Board has not received full payment of assessed fine(s) and a request to contest the Citation has not been received within the time frames specified, the license shall not be renewed until the assessed fine(s) and renewal fee/s are paid in full.

If you have any questions regarding this Citation please contact Joshua Monforte, Citation and Fine Analyst at (916) 518-3014.

INSTRUCTION

Read the Following Carefully and Thoroughly

You are hereby served with a Citation issued by the Executive Officer of the California State Board of Pharmacy or her designee. The following instructions are provided to assist you in your timely completion of the Citation process.

PAYMENT OF FINE

- Payment must be made by **May 04, 2024.**
- Make check or money order payable to the Board of Pharmacy. Do not submit cash.
- Attach the enclosed "copy" of your Citation

Mail payment to: State Board of Pharmacy
Attn: Cashier
2720 Gateway Oaks Drive, Suite 100
Sacramento, CA 95833

Unless contested, Citations are final 30 days from the date of service. Payment of a fine is not an admission of the violation charged. A Citation becomes part of your record, and remains there for five years. It can be used as an aggravating factor for future violations. Citations are public information and as such may be released to the public in accordance with the Public Records Act and Information Practices Act.

CONTESTING THE CITATION (CCR §1775.4)

If you wish to contest all or part of your Citation you may request an informal office conference or an appeal before an administrative law judge, or both. If you wish to request both you must submit both forms. If you prevail at the office conference your request for an appeal shall be deemed withdrawn. Please note that the time frames that allow you to request an office conference and an appeal run concurrently. You must submit your request(s) according to the following instructions:

REQUEST FOR OFFICE CONFERENCE (CCR §1775.4 subd. (b))

- Complete attached "Request for Office Conference".
- Mail form to arrive at the Board office no later than April 18, 2024 to the address at the bottom of the form.
- You will be advised by the Board in writing as to the date and time of your appearance.
- You are allowed one postponement.

An office conference is not a hearing. It is an informal discussion of the events that took place, and an opportunity for you to present information and mitigating factors pertaining to the Citation that you would like considered. The Executive Officer and or her designee represent the Board of Pharmacy at this meeting. One other individual of your choice may accompany you to this meeting. Office conferences are not open to the public. There is no discovery available in this process. You will not be allowed to present or question witnesses. AMENDED CEASE AND DESIST

Date: November 3, 2023
Permit No.: Unlicensed
Names: Meta Pharmacy Services
Address: 8350 W Warm Springs Rd Suite 120
Las Vegas, NV 89113

Authority for this Action:

Business and Professions Code Section 4316, subdivision (a), states, "the board, through its executive officer, is authorized to issue a cease and desist order for operating any facility under this chapter that requires licensure without obtaining that licensure." Subdivision (b) of that section provides that, whenever the board issues a cease and desist order, the Board must immediately issue the facility a notice setting forth the acts or omissions with which it is charged, specifying the pertinent code section or sections and any regulations.

On or about October 16, 2023, the Board issued a cease and desist to Meta Pharmacy Services (Meta). Meta timely appealed the October 16, 2023, cease and desist, and a hearing was scheduled. In order to resolve this matter without the expense and uncertainty of a hearing, this cease and desist order is amended as follows:

Activities under this chapter that require licensure include those set forth in the following regulations:

Business and Professions Code section 4037, subdivision (a) "Pharmacy" means an area, place, or premises licensed by the board in which the profession of pharmacy is practiced and where prescriptions are compounded. "Pharmacy" includes, but is not limited to, any area, place, or premises described in a license issued by the board wherein controlled substances, dangerous drugs, or dangerous devices are stored, possessed, prepared, manufactured, derived, compounded, or repackaged, and from which the controlled substances, dangerous drugs, or dangerous devices are furnished, sold, or dispensed at retail.

Business and Professions Code section 4112, subdivision (a) any pharmacy located outside this state that ships, mails, or delivers, **in any manner**, controlled substances, dangerous drugs, or dangerous devices into this state shall be considered a nonresident pharmacy.

Business and Professions Code section 4112, subdivision (b) a person may not act as a nonresident pharmacy unless he or she has obtained a license from the board. The board may register a nonresident pharmacy that is organized as a limited liability company in the state in which it is licensed.

Business and Professions Code section 4127.2 subdivision (a) a nonresident pharmacy shall not compound sterile drug products for shipment into this state without a sterile compounding pharmacy license issued by the board pursuant to this section. The license shall be renewed annually and shall not be transferable.

Acts or Omissions Upon Which this Action is Based

Meta Pharmacy Services located at 8350 W Warm Springs Rd Suite 120 Las Vegas, NV 89113 is not licensed in California by the Board.

The Board's investigation has determined that between January 4, 2022, and September 27, 2023, Meta Pharmacy Services may have conducted activities which under this chapter require licensure without obtaining that licensure by filling or dispensing prescription drugs, including sterile compounded drugs, to California-resident patients with prescriptions that were issued by California licensed physicians who do not hold prescribers' licenses in the State of Nevada.

Order

On the basis of the foregoing, the Board, through its Executive Officer, therefore ORDERS: Effective immediately, Meta Pharmacy Services, not licensed as a pharmacy in California, shall cease and desist practicing any activity under this chapter that requires licensure, including shipping, mailing, or delivering **in any manner**, prescription medications to California-resident patients with prescriptions issued by California licensed prescribers who do not hold prescribers' licenses in the State of Nevada.

Unlicensed Entity's Right to be Heard and Procedure

Meta Pharmacy Services waives and gives up its right to a hearing before the president of the Board pursuant to Business and Professions Code section 4316, subdivision (c). Meta Pharmacy Services understands and agrees that this Amended Cease and Desist Order is issued in resolution of the October 16, 2023, cease and desist order, which is now and hereby amended, and stipulates and agrees that the hearing currently scheduled for November 8, 2023, will be cancelled and that this matter is now final.

Authority for this Action:

Business and Professions Code Section 4316, subdivision (a), states, "the board, through its executive officer, is authorized to issue a cease and desist order for operating any facility under this chapter that requires licensure without obtaining that licensure." Subdivision (b) of that section provides that, whenever the board issues a cease and desist order, the Board must immediately issue the facility a notice setting forth the acts or omissions with which it is charged, specifying the pertinent code section or sections and any regulations.

Activities under this chapter that require licensure include those set forth in the following regulations:

Business and Professions Code section 4037, subdivision (a) "Pharmacy" means an area, place, or premises licensed by the board in which the profession of pharmacy is practiced and where prescriptions are compounded. "Pharmacy" includes, but is not limited to, any area, place, or premises described in a license issued by the board wherein controlled substances, dangerous drugs, or dangerous devices are stored, possessed, prepared, manufactured, derived, compounded, or repackaged, and from which the controlled substances, dangerous drugs, or dangerous devices are furnished, sold, or dispensed at retail.

Business and Professions Code section 4112, subdivision (a) any pharmacy located outside this state that ships, mails, or delivers, in any manner, controlled substances, dangerous drugs, or dangerous devices into this state shall be considered a nonresident pharmacy.

Business and Professions Code section 4112, subdivision (b) a person may not act as a nonresident pharmacy unless he or she has obtained a license from the board. The board may register a nonresident pharmacy that is organized as a limited liability company in the state in which it is licensed.

Business and Professions Code section 4127.2 subdivision (a) a nonresident pharmacy shall not compound sterile drug products for shipment into this state without a sterile compounding pharmacy license issued by the board pursuant to this section. The license shall be renewed annually and shall not be transferable.
Business and Professions Code section 4127.2 subdivision (b) A license to compound sterile drug products shall be issued only to a location that is licensed as a nonresident pharmacy and shall be issued only to the owner of the nonresident pharmacy licensed at that location.

Acts or Omissions Upon Which this Action is Based

Meta Pharmacy Services located at 8350 W Warm Springs Rd Suite 120 Las Vegas, NV 89113 is not licensed in California by the Board.

The Board's investigation has determined that Meta Pharmacy Services is conducting activities which under this chapter require licensure without obtaining that licensure by initiating the process of dispensing drugs as follows:

- Meta Pharmacy Services has provided over 900 prescription medications to California patients and doctors.
- Meta Pharmacy Services has provided sterile compounded medications to California patients and doctors.

Order

On the basis of the foregoing, the Board, through its Executive Officer therefore ORDERS: Effective immediately, Meta Pharmacy Services, an unlicensed pharmacy, shall cease and desist practicing any activity under this chapter that requires licensure, including providing prescription medication to California patients.

Unlicensed Entity's Right to be Heard and Procedure

Pursuant to Business and Professions Code Section 4316, subdivision (c), within 15 days of receipt of this notice, Meta Pharmacy Services may request a hearing before the president of the Board to contest this cease and desist order. Any contest of the cease and desist order will comply with the requirements of Section 11425.10 of the Government Code, a copy of which is enclosed. Chapter 5 of the Administrative Procedures Act (commencing at Government Code Section 11500) does not apply to this proceeding. The hearing will be held no later than five (5) days from the date the owner's request for a hearing is received by the Board. The president will render a written decision within five (5) days of the hearing. In the absence of the president of the Board, the vice president of the Board may conduct the hearing permitted by this subdivision. Review of the decision of the president of the Board may be sought by the owner or person in possession or control of the pharmacy pursuant to Section 1094.5 of the Code of Civil Procedure.

Provide explanation below:

On April 10, 2019 the Nevada State Board of Pharmacy ("Board of Pharmacy") finalized a Findings of Fact, Conclusions of Law and Order ("Order) between the Board of Pharmacy, pharmacist Mr. Sean Barclay and Meta Pharmacy Services, 8352 W. Warm Springs Road, Suite 120, Las Vegas, NV 89113 (Nevada Resident Pharmacy Permit #: PH03433).

On or about November 27, 2018, the Board of Pharmacy alleged that Mr. Barclay, acting as a licensed Nevada pharmacist and as the managing pharmacist for Meta Pharmacy Services, had operated a pharmacy from approximately November 1, 2017 to November 29, 2018 without a current license or registration with the Board of Pharmacy.

Mr. Barclay and Meta Pharmacy Services did not oppose the citation. Mr. Barclay agreed to pay the $3,500 personal fine and Meta Pharmacy Services agreed to pay the $7,683.99 facility fine issued by the Board of Pharmacy.

Upon receipt of the fines, and signed Order, the Board of Pharmacy considered the matter closed and took no further action.

Provide explanation below:

On November 16, 2023, the Alaska Board of Pharmacy ("Board of Pharmacy") finalized an Imposition of Civil Fine between the Board of Pharmacy and Meta Pharmacy Services, 8352 W. Warm Springs Road, Suite 120, Las Vegas, NV 89113 (Alaska Non-Resident Pharmacy Permit #: 212605).

On November 16, 2023, the Board of Pharmacy alleged that Meta Pharmacy Services failed to timely report disciplinary action received in Nevada in 2019 regarding operating a pharmacy with an unregistered pharmacist.

Meta Pharmacy Services acknowledged allegations made by the Board of Pharmacy and agreed to the Imposition of Civil Fine and to pay a $1,000 fine issued by the Board of Pharmacy.

Upon receipt of the fine, and signed Imposition of Civil Fine, the Board of Pharmacy considered the matter closed and took no further action. Provide explanation below:

On September 16, 2024, the California Board of Pharmacy ("Board of Pharmacy") finalized a Citation and Fine ("Citation") between the Board of Pharmacy, and Meta Pharmacy Services, 8352 W. Warm Springs Road, Suite 120, Las Vegas, NV 89113.

On or about October 16, 2023, the Board of Pharmacy alleged that Meta Pharmacy Services had operated a pharmacy from approximately January 4, 2022 to September 27, 2023, including dispensing into the state of California, without a current license or registration with the Board of Pharmacy.

Meta Pharmacy Services agreed to the Citation and to pay a $5,000 fine issued by the Board of Pharmacy.

Upon receipt of the fine, and signed Citation, the Board of Pharmacy considered the matter closed and took no further action. The Board of Pharmacy has independently chosen not to report this matter to the National Practitioner Data Bank (NPDB), however this information is provided here for transparency.

Section 11: Personal and Professional History

Nevada State Board of Pharmacy (Case Numbers: 19-002-RPH-S and 19-002-PH-S)

On April 10, 2019 the Nevada State Board of Pharmacy ("Board of Pharmacy") finalized a Findings of Fact, Conclusions of Law and Order ("Order) between the Board of Pharmacy, pharmacist Mr. Sean Barclay and Meta Pharmacy Services, 8352 W. Warm Springs Road, Suite 120, Las Vegas, NV 89113 (Nevada Resident Pharmacy Permit #: PH03433).

On or about November 27, 2018, the Board of Pharmacy alleged that Mr. Barclay, acting as a licensed Nevada pharmacist and as the managing pharmacist for Meta Pharmacy Services, had operated a pharmacy from approximately November 1, 2017 to November 29, 2018 without a current license or registration with the Board of Pharmacy.

Mr. Barclay and Meta Pharmacy Services did not oppose the citation. Mr. Barclay agreed to pay the $3,500 personal fine and Meta Pharmacy Services agreed to pay the $7,683.99 facility fine issued by the Board of Pharmacy.

Upon receipt of the fines, and signed Order, the Board of Pharmacy considered the matter closed and took no further action.

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)?

■ Category 1 ■ Category 2 ■ Category 3

If you marked "**Category 3**", you must also complete **section 4**.

2. If compounding Category 2 products is the location performing sterility and endotoxin testing (if required) to obtain extended beyond-use dates? ☐ Yes ■ No

3. If compounding Category 2 products is the location performing aseptically processed CSPs or terminally sterilized CSPs? ■ Aseptic ■ Terminal

4. Is the pharmacy following the new garbing requirements listed in the revised USP-797 guidelines? ■ Yes ☐ No

5. When was the most recent certification for the ISO classified areas? 10/29/2024

6. What is the frequency of the recertification for the ISO classified areas? every seven months

7. Were there any follow-up items required from the most recent certification report? ■ Yes ☐ No

Follow-up to occur at the next annual inspection in October 2025.

8. If preparing Category 2 or Category 3 CSPs from non-sterile starting components are the pre-sterilization procedures such as weighing and mixing completed in an ISO Class 8 or better environment? ■ Yes ☐ No

9. If compounding Category 1 CSPs and Category 2 CSPs how often is surface sampling of all classified areas and pass-through chambers conducted? Biannually

10. Will you be performing sterile hazardous drug compounding? ■ Yes ☐ No

If you marked "**Yes**", you must also complete **section 3**.

11. List the sterile compounded products that you will be compounding for Nevada patients or consumers:

please see attached

12. What laboratory performs your sterility or endotoxin testing?

Name: ARL Bio Pharma

Address: 840 Research Parkway, Ste. 546

City: Oklahoma City State: OK Zip: 73104

Telephone: (800) 393-1595

13. What is your procedure for visual inspection of compounded sterile products?

Compounded sterile products will be inspected, before dispensing, by supervising pharmacists through a double-check system. (1.) Inspection of CSPs includes: (a.) Visual inspection for particulates and/or cloudiness. The CSP will be examined against a lighted white or black background, or both.; (b.) Verification of prescription orders with the written work order / compounding record (preparation; records). (c.) Verification of ingredients used, including correct amounts and concentrations (d.) Verification of final fill amounts (e.) Verification of aseptic manipulations and sterilization (f.) Package integrity, any leakage observed (g.) Visual inspection of syringes and additive containers used (h.) Correct and complete label: i. Name of patient; ii. Patient location; iii. Correct names, amounts and concentrations of the ingredients; iv. Total volume ; v. Preparation date; vi. Beyond-use date; vii. Route of administration; viii. Storage requirements; ix. Infusion rate when applicable; x. The initials of the final Pharmacist check (i.) Labels for CSPs must be clear, consistent, legible and in compliance with state and federal regulations. (2.) CSPs with visual defects will be immediately discarded. (3.) When the identity and concentrations of ingredients cannot be verified, samples of the CSPs will be assayed. (4.) CSPs that are not immediately dispensed will be stored according to procedure. a. CSPs that are stored, will again be inspected before the CSPs are dispensed.

14. How often do you perform glove fingertip and medial fill testing?

Biannually

15. Describe your initial and ongoing training program for all personnel performing sterile compounding:

Aseptic technique training will be ongoing; personnel must pass a media-fill test every 6 months. Compounding personnel who fail media-fill test would be re-evaluated. All compounding personnel must successfully complete 3 (three) Initial Gloved Fingertip sampling prior to compounding CSPs for human use. Ongoing GFS to be performed with the preparation of media fill units which is required initially (before compounding CSPs for human use) and every 6 months for compounding staff of pharmacies performing Category 2 compounding. Personnel who have direct oversight of compounding personnel, but do not compound, must complete training initially and every 12 months. Pharmacy Department shall demonstrate, assess, maintain and improve staff competence on an ongoing basis. Personnel must have didactic and practical training. Staff will receive guided instruction in the theory and practice of compounded sterile preparations, in addition to hands-on training before assuming compounding responsibilities.

16. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:

Please see attached policy: 3.020 Cleaning and Maintenance of Non-Sterile Compounding Area

17. Who performs the sterile compounding process at your facility?

Licensed staff members who have documented completion of appropriate competencies.

18. Who is responsible and accountable for the sterile compounding process at your facility?

Sean M. Barclay, Pharmacist-in-Charge

19. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?

Please see attached policy: 1.090 Delivery of Compounded Preparations

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)		
1. What type of primary engineering controls will you be using in your facility? Laminar Flow Hood, Powder Hood, Biological Safety Cabinet		
2. Are you complying with all USP 800 guidelines?	■ Yes	☐ No
3. Have your employees who compound with hazardous drugs signed an acknowledgement that they understand the risks associated with this process?	■ Yes	☐ No
4. Is your BSC or CACI vented 100% to the outside?	■ Yes	☐ No
5. Do you have a negative pressure buffer room at your facility?	■ Yes	☐ No
6. Will you be compounding with antineoplastic HDs or HD API?	☐ Yes	■ No
7. If yes, are the drugs stored in an externally ventilated, negative pressure room?	☐ Yes	☐ No
8. Will you be utilizing a closed system transfer device?	☐ Yes	■ No
9. If yes, list the name of the device: N/A		

10. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers?

The Applicant provides education to patients upon admission and on an on-going basis while patients are actively on service.
(a.) Patients are to receive an admission packet, including information explaining how to contact the pharmacy for any concerns or questions.
(b.) Patients are to receive individual consultation as well as ongoing communication with the pharmacists.
(c.) Patients have access to the website, which allows them access to patient specific information.
(d.) Patients have access to pharmacists for any concerns or questions about their medications.
(e.) Patients review and sign a consent form explaining the therapy and medications involved (indication for IT drug(s), side effects, and when to call the pharmacy or physician).
(f.) Patients will be given patient drug information leaflets, that are available, the first time a medication is dispensed or when there is serious risk.

11. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?

(1.) On-the-job experiential training from experienced compounding personnel.
(2.) Staff will receive guided instruction in the theory and practice of compounded sterile preparations, in addition to hands-on training before assuming compounding responsibilities. A PATT for the appropriate risk level of CSPs, and a 3-part initial Glove Fingertip Test must be passed before assuming compounding responsibilities.
(3.) Staff will participate in training and assessment (web-based continuing education for USP 797 compliance) upon hire and annually thereafter.
(4.) Staff will have access to the ASHP Sterile Compounding Library in order to complete a 3- course program with interactive lessons and follow-up testing. This program is completed annually and will include: a. Hand hygiene; b. Garbing procedure for ISO classified environments; c. Cleaning and disinfection of the Ante-area, Cleanroom, and PECs; d. Aseptic technique
(5.) Pharmacy Competency Skills Checklist performed annually
(6.) Bi-annual Aseptic Personnel Assessment Form
(7.) Bi-annual PATT requirement
(8.) Bi-annual Glove Fingertip Sampling
(9.) Instruction on safety procedures
(10.) Instruction on CSPs to include: a. Identification; b. Accurate measuring, weighing, dilution and mixing of ingredients; c. Purification, sterilization; d. Packaging; e. Labeling; f. Storage; g. Dispensing; h. Transport; i. Documentation of the compounding process; j. Sterilization for high-risk CSPs
(11.) Proper use and maintenance of all equipment, including an understanding of HEPA Filtered air flow in ISO classified environments
(12.) Transport of materials to and from the Cleanroom
(13.) Only those individuals who are qualified through license, experience and training to assess sterile compounding skills will conduct competency assessments.
(14.) When improvement activities (written test and media-fill tests) lead to a determination that a person with performance problems is unable or unwilling to improve, the staff member's work assignment may be revised. Further education and training will be required or other corrective action(s) may be taken.
(15.) The staff member will not return to compounding duties until performance problems are resolved.
(16.) The competence assessment program is continuous and ongoing, with reports of competency outcomes available to the Pharmacist-in-Charge.

Section 4: Sterile Category 3 Compounding Questions (Complete this section ONLY if you will be performing Category 3 Compounding.)

1. List the specific Category 3 sterile products that your facility compounds:

please see attached

2. What is the frequency for ongoing garbing, gloved fingertip and thumb sampling, and media fill testing for compounding personnel?

Biannually

3. Is the pharmacy meeting all of the additional garbing requirements for compounding Category 3 CSPs as defined by the revised USP-797 guidelines? ■ Yes ☐ No

4. What is the frequency for completing volumetric active air sampling?

Biannually

5. What is the frequency for completing surface sampling? Monthly
6. What is the frequency for using sporicidal agents? Sporicidal agents are used daily inside PEC's and nonsterile HD room powder hood and table surfaces. All surfaces, including ceilings, walls, and bins undergo monthly terminal cleaning with sporicidal agents.
7. Is an endotoxin test performed for all products compounded from one or more nonsterile component? ☐ Yes ■ No
8. Is the BUD assigned supported by stability data obtained using a stability-indicating analytical method? ☐ Yes ■ No

I. Discipline and Closed Matters for Wedgewood Village Pharmacy LLC, Swedesboro, NJ Location

03/19/2015 – MN/MI/AL Consent Orders

On March 19, 2015, Wedgewood entered into a consent order with the Minnesota Board of Pharmacy ("*Minnesota Consent Order*"). Wedgewood subsequently entered into consent orders with the Michigan Department of Licensing and Regulatory Affairs ("*Michigan LARA*") and the Alabama Board of Pharmacy ("Alabama BOP") to resolve "sister state" actions that arose out of the Minnesota Consent Order.

The basis for the Minnesota Consent Order are as follows:

Acting on a reasonable and good-faith interpretation of Minnesota law, Wedgewood from its NJ location, dispensed compounds to licensed veterinarians in Minnesota, pursuant to a veterinarian's order for office use. The Minnesota Board asserted that Wedgewood needed a wholesale license to engage in this activity. For the purposes of settlement only, Wedgewood entered into the Minnesota Consent Order whereby it agreed to a $10,000 civil penalty but admitted no wrongdoing.

Wedgewood subsequently entered into a consent order with the Michigan LARA to resolve a "sister state" action brought by Michigan based on the Minnesota Consent Order. Wedgewood entered into a similar consent order with the Alabama BOP to resolve a sister state action brought by Alabama based on the Minnesota Consent Order. There was no finding in the Michigan or the Alabama Consent Order that Wedgewood violated any provisions of Michigan or Alabama state law outside of these states' prohibitions on sister state actions.

10/22/2015 – New Jersey Consent Agreement

On October 22, 2015, Wedgewood Village Pharmacy, Inc., entered into a Consent Agreement with the New Jersey Board of Pharmacy resolving a dispute between the parties on the application of "beyond use dating" regulations for sterile compounds.

This is the same order that is referenced on the Swedesboro, NJ facility's home license however, per the terms of the Agreement, it is not to be construed as discipline and any reimbursement paid to the Board is not considered a fine or other sanction.

10/13/2017 – California Citation & Fine

Issued as a result of an investigation by the CA BOP into an unlicensed individual who fraudulently set up an account with Wedgewood as a veterinarian using valid prescriber license information he acquired unlawfully. An administrative citation was issued and Wedgewood paid a nominal fine.

07/20/2018 - DEA Memorandum of Agreement

While Wedgewood does not consider there to be a restriction on its handling of CDS or disciplinary action, however, out of an abundance of caution, Wedgewood is disclosing the following:

As a condition of issuing Wedgewood located in Swedesboro, New Jersey a DEA manufacturer registration, Wedgewood and the DEA entered into a Memorandum of Agreement ("MOA") for a period of five years (until July 20, 2023) during which Wedgewood agreed not to use the DEA manufacturer license to manufacture or distribute controlled substances for human use. Wedgewood obtained a DEA manufacturer registration for the sole purposes of providing controlled substance compounds solely for veterinarians to use for office use.

12/5/2018 – California Citation

The California Board of Pharmacy issued a non-disciplinary, Administrative Citation with no penalty or fine based on a California Board inspector's interpretation of California regulations. In the Inspector's opinion, providing a 15ml ophthalmic container to a veterinarian for office use exceeded the "reasonable quantity" limitation for office use compounds.

Wedgewood discontinued sales of all 15ml ophthalmic container for office use to California veterinarians. The Board issued a Close Out letter on March 1, 2019. No penalty or fine was assessed.

6/17/2021 – California Citation & Fine

Received notification of a non-disciplinary, Administrative Citation which was finalized on 07/29/2021. A fine was paid as part of the final citation. The basis for the citation was that Wedgewood did not have the necessary data to support the "beyond use dates" Wedgewood used.

3/22/24 – California Stipulation Settlement and Disciplinary Order for Public Reproval

On February 21, 2024, the California Board of Pharmacy (the "Board") approved a Stipulated Settlement and Disciplinary Order for Public Reproval entered into with Wedgewood Village Pharmacy LLC relating to claims made by the Board regarding assignment of unsupported beyond use dates and other matters. The Order became effective on March 22, 2024 and Wedgewood agreed to pay the Board $11,054.75 as reimbursement of its costs in connection with this matter.

BEFORE THE MINNESOTA

BOARD OF PHARMACY

In the Matter of
Wedgewood Pharmacy, Non-Resident Pharmacy
License Number: 262173

STIPULATION AND CONSENT ORDER

STIPULATION

Wedgewood Pharmacy ("Pharmacy" or "Licensee") and the Minnesota Board of Pharmacy Complaint Review Panel ("Review Panel") agree the above-referenced matter may be resolved without trial of any issue or fact as follows:

I.

JURISDICTION

1. The Minnesota Board of Pharmacy ("Board") is authorized pursuant to Minnesota Statutes chapter 151 to register and regulate pharmacies and to take disciplinary action as appropriate.

2. Wedgewood has been licensed as a non-resident pharmacy in Minnesota since October 22, 2002. As such, Wedgewood is subject to the jurisdiction of the Board with respect to the matters referred to in this Stipulation and Consent Order.

II.

CONFERENCE

3. On December 4, 2013, Wedgewood representatives attended a conference with the Review Panel to discuss the allegations described in a Notice of Conference. The Review Panel was composed of Board members Karen Bergrud and Bob Goetz. Bryan D. Huffman, Assistant Attorney General, represented the Review Panel in this matter. Wedgewood was represented by Greg Bullinski, Esq., of Bassford Remele and Rachael G. Pontikes, Esq., of Dunn Morris.

III.

FACTS

4. Licensee is not, nor has it ever been, licensed as a drug wholesaler by the Board.

5. Licensee shipped drugs to licensed veterinarians in Minnesota without patient-specific prescriptions.

6. Beginning January 7, 2013, Licensee dispensed drugs only pursuant to patient-specific prescriptions.

IV.

ISSUES

7. Licensee asserts it was acting on a good-faith interpretation of Minnesota law when it shipped drugs to licensed veterinarians in Minnesota without patient-specific prescriptions. Minn. Stat. § 151.01, subd. 30 (2012) defined "dispense or dispensing," in part, as meaning "the preparation or delivery of a drug pursuant to a lawful order. . . ." Licensee asserts that it reasonably and in good faith interpreted "lawful order" to include an order by a veterinarian for office use.

8. The Board asserts that Licensee's conduct described in section III. above constitutes violations of Minn. Stat. §§ 151.06, subd. 1(a)(7)(ix) and 151.47, subd. 1(b). The Board asserts that Minnesota law at all times relevant hereto prohibited Licensee from shipping drugs for office use without being licensed as a wholesaler.

9. For purposes of the settlement of this matter only, and for no other purposes civil, administrative or criminal, Licensee agrees that the disciplinary action described below may be imposed by the Board.

V.

DISCIPLINARY ACTION

The parties agree the Board may take the following disciplinary action and require compliance with the following terms:

10. The Board imposes a CIVIL PENALTY in the amount of $10,000 for the conduct described in section III above. The civil penalty must be paid by cashier's check or money order made payable to the Minnesota Board of Pharmacy, c/o Cody Wiberg, Executive Director, 2829 University Avenue S.E., Suite 530, Minneapolis, Minnesota 55414, within 60 days of the date of this Order.

VI.

CONSEQUENCES FOR NONCOMPLIANCE OR ADDITIONAL VIOLATIONS

11. If Licensee fails to comply with or violates this Stipulation and Consent Order, the Review Panel may, in its discretion, seek additional discipline either by initiating a contested case proceeding pursuant to Minnesota Statutes chapter 14 or by bringing the matter directly to the Board pursuant to the following procedure:

a. The Review Panel must schedule a hearing before the Board. At least 30 days before the hearing, the Review Panel must mail Licensee a notice of the violation(s) alleged by the Review Panel. In addition, the notice must designate the time and place of the hearing. Within ten days after the notice is mailed, Licensee must submit a written response to the allegations. If Licensee does not submit a timely response to the Board, the allegations may be deemed admitted.

b. The Review Panel, in its discretion, may schedule a conference with Licensee prior to the hearing before the Board to discuss the allegations and to attempt to resolve the allegations through agreement.

c. Prior to the hearing before the Board, the Review Panel and Licensee may submit affidavits and written argument in support of their positions. At the hearing, the Review Panel and Licensee may present oral argument. Argument may not refer to matters outside the record. The evidentiary record must be limited to the affidavits submitted prior to the hearing and this Stipulation and Consent Order. The Review Panel will have the burden of proving by a preponderance of the evidence that a violation has occurred. If Licensee has failed to submit a timely response to the allegations, Licensee may not contest the allegations but may present argument concerning the appropriateness of additional discipline. Licensee waives a hearing before an administrative law judge, discovery, cross-examination of adverse witnesses, and other procedures governing hearings pursuant to Minnesota Statutes chapter 14.

d. Licensee's correction of a violation before the conference, hearing, or meeting of the Board may be taken into account by the Board but will not limit the Board's authority to impose discipline for the violation. A decision by the Review Panel not to seek discipline when it first learns of a violation shall not waive the Review Panel's right to later seek discipline for that violation, either alone or in combination with other violations, at any time while Licensee's registration is in a conditional status.

e. Following the hearing, the Board will deliberate confidentially. If the allegations are not proved, the Board must dismiss the allegations. If a violation is proved, the Board may impose additional discipline, including conditions or limitations on Licensee's future practice or suspension or revocation of Licensee's registration.

f. Nothing herein limits the Review Panel's or the Board's right to temporarily suspend Licensee's license pursuant to Minnesota Statutes section 151.06, subdivision 1(b), based on a violation of this Stipulation and Consent Order or based on conduct of Licensee not specifically referred to herein.

VII.

ADDITIONAL INFORMATION

12. Licensee waives the contested case hearing and all other procedures before the Board to which Licensee may be entitled under the Minnesota and United States constitutions, statutes, or rules.

13. Licensee waives any claims against the Board, the Minnesota Attorney General, the State of Minnesota, and their agents, employees, and representatives related to the investigation of the conduct herein, or the negotiation or execution of this Stipulation and Consent Order, which may otherwise be available to Licensee.

14. This Stipulation and Consent Order, the files, records, and proceedings associated with this matter will constitute the entire record and may be reviewed by the Board in its consideration of this matter.

15. Either party may seek enforcement of this Stipulation and Consent Order in any appropriate civil court.

16. Licensee has read, understands, and agrees to this Stipulation and Consent Order and has voluntarily signed the Stipulation and Consent Order. Licensee is aware this Stipulation and Consent Order must be approved by the Board before it goes into effect. The Board may either approve the Stipulation and Consent Order as proposed, approve it subject to specified change, or reject it. If the changes are acceptable to Licensee, the Stipulation and Consent Order

will take effect and the order as modified will be issued. If the changes are unacceptable to Licensee or the Board rejects the Stipulation and Consent Order, it will be of no effect except as specified in the following paragraph.

17. Licensee agrees that if the Board rejects this Stipulation and Consent Order or a lesser remedy than indicated in this settlement, and this case comes again before the Board, Licensee will assert no claim that the Board was prejudiced by its review and discussion of this Stipulation and Consent Order or of any records relating to it.

18. This Stipulation and Consent Order does not limit the Board's authority to proceed against Licensee by initiating a contested case hearing or by other appropriate means on the basis of any act, conduct, or admission of Licensee which constitutes grounds for disciplinary action and which is not directly related to the specific facts and circumstances set forth in this document.

VIII.

DATA PRACTICES NOTICES

19. This Stipulation and Consent Order constitutes disciplinary action by the Board and is classified as public data pursuant to Minnesota Statutes section 13.41, subdivision 5. Data regarding this action will be provided to data banks as required by Federal law or consistent with Board policy. While this Stipulation and Consent Order is in effect, information obtained by the Board pursuant to this Order is considered active investigative data on a licensed person, and as such, is classified as protected nonpublic data pursuant to Minnesota Statutes sections 13.39, subdivision 2, and 13.02, subdivision 13.

20. This Stipulation contains the entire agreement between the parties, there being no other agreement of any kind, verbal or otherwise, which varies this Stipulation.

IN THE MATTER OF:	BEFORE THE ALABAMA STATE BOARD OF PHARMACY
WEDGEWOOD VILLAGE PHARMACY, LLC	
Non-Resident Pharmacy Permit Number: 112625	CASE NO: 16-L-0066

CONSENT ORDER

THIS MATTER comes before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on a complaint against Wedgewood Village Pharmacy, LLC ("Wedgewood") which resulted in the filing of a Statement of Charges and Notice of Hearing ("Statement") alleging violations of the Alabama Pharmacy Practice Act as are more particularly set out in the Statement which is attached hereto as Exhibit "A."

Prior to a hearing in this cause, and pursuant to Code of Alabama (1975) §41-22-12(f), the Board through its counsel and Wedgewood through its counsel engaged in negotiations and as a result the matters at issue were resolved informally by the parties and the parties negotiated a Consent Order, the terms of which are as follows:

1. The Board finds that Wedgewood has violated the "sister-state" provisions of Alabama law as set out in the Statement of Charges.

2. Wedgewood shall pay an administrative fine in the amount of Three Thousand Dollars ($3,000.00) within thirty (30) days of the effective date of this consent order that being the day the same is signed on behalf of the Board. This payment shall not be subject to discharge in bankruptcy nor shall either pharmacy attempt to discharge the same.

3. Wedgewood expressly waive its rights pursuant to the Alabama Pharmacy Practice Act, the Alabama Administrative Procedure Act and the Alabama Uniform Controlled Substances Act, including but not limited to the Code of Alabama (1975),

§34-23-34 and §34-23-92(12), Code of Alabama (1975), §41-22-12 and §40-22-20 and Code of Alabama (1975), § 20-2-50 et seq., and including but not limited to the opportunity for a hearing before the Board in connection with any charges against it and any judicial review. Wedgewood further waives any objection to the attorney for the Board preparing, drafting or making this Order, including the waiver of any objection or right pursuant to Code of Alabama (1975), §41-22-18.

4. By execution of this Consent Order, Wedgewood hereby releases the Board, its members, agents, representatives, servants and employees from any and all liability, claims, damages, fees or expenses arising out of or made in connection with the matters relating to this Consent Order and Statement.

5. Wedgewood acknowledges and agrees that any future violation of the Alabama Pharmacy Practice Act, the laws that regulate the sale and/or dispensing of prescription or legend drugs and/or narcotics or any Rules and regulations of the Alabama State Board of Pharmacy or the pharmacy law or rules of the Board of Pharmacy of another state or any other applicable laws may, upon proof and hearing thereof, result in further disciplinary sanctions against Wedgewood's permit, including, but not limited to revocation.

6. Wedgewood acknowledges and agrees that it has read this Consent Order and that it fully understand the terms, conditions and contents of the same. Wedgewood acknowledges and agrees that it voluntarily and of its own free will accepts the terms and conditions set out in this Consent Order and is signing this Consent Order on the advice of its attorney.

BEFORE THE MINNESOTA

BOARD OF PHARMACY

In the Matter of
Wedgewood Pharmacy, Non-Resident Pharmacy
License Number: 202173

STIPULATION AND
CONSENT ORDER

STIPULATION

Wedgewood Pharmacy ("Pharmacy" or "Licensee") and the Minnesota Board of Pharmacy Complaint Review Panel ("Review Panel") agree the above-referenced matter may be resolved without trial of any issue or fact as follows:

I.

JURISDICTION

1. The Minnesota Board of Pharmacy ("Board") is authorized pursuant to Minnesota Statutes chapter 151 to register and regulate pharmacies and to take disciplinary action as appropriate.

2. Wedgewood has been licensed as a non-resident pharmacy in Minnesota since October 22, 2002. As such, Wedgewood is subject to the jurisdiction of the Board with respect to the matters referred to in this Stipulation and Consent Order.

II.

CONFERENCE

3. On December 5, 2013, Wedgewood representatives attended a conference with the Review Panel to discuss the allegations described in a Notice of Conference. The Review Panel was composed of Board members Karen Bergrud and Bob Goetz. Bryan D. Huffman, Assistant Attorney General, represented the Review Panel in this matter. Wedgewood was represented by Greg Bullock, Esq., of Hazelford Rennis and Rachael C. Pontikes, Esq., of Dunn Morris.

III.

FACTS

4. Licensee is not, nor has it ever been, licensed as a drug wholesaler by the Board.

5. Licensee shipped drugs to licensed veterinarians in Minnesota without patient-specific prescriptions.

6. Beginning January 7, 2013, Licensee dispensed drugs only pursuant to patient-specific prescriptions.

IV.

ISSUES

7. Licensee asserts it was acting on a good-faith interpretation of Minnesota law when it shipped drugs to licensed veterinarians in Minnesota without patient-specific prescriptions. Minn. Stat. § 151.01, subd. 30 (2012) defined "dispense or dispensing," in part, as meaning "the preparation or delivery of a drug pursuant to a lawful order. . . ." Licensee asserts that it reasonably and in good faith interpreted "lawful order" to include an order by a veterinarian for office use.

8. The Board asserts that Licensee's conduct described in section III. above constitutes violations of Minn. Stat. §§ 151.06, subd. 1(a)(7)(ix) and 151.47, subd. 1(b). The Board asserts that Minnesota law at all times relevant hereto prohibited Licensee from shipping drugs for office use without being licensed as a wholesaler.

9. For purposes of the settlement of this matter only, and for no other purposes civil, administrative or criminal, Licensee agrees that the disciplinary action described below may be imposed by the Board.

V.

DISCIPLINARY ACTION

The parties agree the Board may take the following disciplinary action and require compliance with the following terms:

10. The Board imposes a CIVIL PENALTY in the amount of $10,000 for the conduct described in section III above. The civil penalty must be paid by cashier's check or money order made payable to the Minnesota Board of Pharmacy, c/o Cody Wiberg, Executive Director, 2829 University Avenue S.E., Suite 530, Minneapolis, Minnesota 55414, within 60 days of the date of this Order.

VI.

CONSEQUENCES FOR NONCOMPLIANCE OR ADDITIONAL VIOLATIONS

11. If Licensee fails to comply with or violates this Stipulation and Consent Order, the Review Panel may, in its discretion, seek additional discipline either by initiating a contested case proceeding pursuant to Minnesota Statutes chapter 14 or by bringing the matter directly to the Board pursuant to the following procedures:

a. The Review Panel must schedule a hearing before the Board. At least 20 days before the hearing, the Review Panel must mail Licensee a notice of the violation(s) alleged by the Review Panel. In addition, the notice must designate the time and place of the hearing. Within ten days after the notice is mailed, Licensee must submit a written response to the allegations. If Licensee does not submit a timely response to the Board, the allegations may be deemed admitted.

b. The Review Panel, in its discretion, may schedule a conference with Licensee prior to the hearing before the Board to discuss the allegations and to attempt to resolve the allegations through agreement.

c. Prior to the hearing before the Board, the Review Panel and Licensee may submit affidavits and written argument in support of their positions. At the hearing, the Review Panel and Licensee may present oral argument. Argument may not refer to matters outside the record. The evidentiary record must be limited to the affidavits submitted prior to the hearing and this Stipulation and Consent Order. The Review Panel will have the burden of proving by a preponderance of the evidence that a violation has occurred. If Licensee has failed to submit a timely response to the allegations, Licensee may not contest the allegations but may present argument concerning the appropriateness of additional discipline. Licensee waives a hearing before an administrative law judge, discovery, cross-examination of adverse witnesses, and other procedures governing hearings pursuant to Minnesota Statutes chapter 14.

d. Licensee's correction of a violation before the conference, hearing, or meeting of the Board may be taken into account by the Board but will not limit the Board's authority to impose discipline for the violation. A decision by the Review Panel not to seek discipline when it first learns of a violation shall not waive the Review Panel's right to later seek discipline for that violation, either alone or in combination with other violations, at any time while Licensee's registration is in a conditional status.

e. Following the hearing, the Board will deliberate confidentially. If the allegations are not proved, the Board must dismiss the allegations. If a violation is proved, the Board may impose additional discipline, including conditions or limitations on Licensee's future practice or suspension or revocation of Licensee's registration.

11. Nothing herein limits the Review Panel's or the Board's right to temporarily suspend Licensee's license pursuant to Minnesota Statutes section 151.06, subdivision 1(b), based on a violation of this Stipulation and Consent Order or based on conduct of Licensee not specifically referred to herein.

VII.

ADDITIONAL INFORMATION

12. Licensee waives the contested case hearing and all other procedures before the Board to which Licensee may be entitled under the Minnesota and United States constitutions, statutes, or rules.

13. Licensee waives any claims against the Board, the Minnesota Attorney General, the State of Minnesota, and their agents, employees, and representatives related to the investigation of the conduct herein, or the negotiation or execution of this Stipulation and Consent Order, which may otherwise be available to Licensee.

14. This Stipulation and Consent Order, the files, records, and proceedings associated with this matter will constitute the entire record and may be reviewed by the Board in its consideration of this matter.

15. Either party may seek enforcement of this Stipulation and Consent Order in any appropriate civil court.

16. Licensee has read, understands, and agrees to this Stipulation and Consent Order and has voluntarily signed the Stipulation and Consent Order. Licensee is aware this Stipulation and Consent Order must be approved by the Board before it goes into effect. The Board may either approve the Stipulation and Consent Order as proposed, approve it subject to specified change, or reject it. If the changes are acceptable to Licensee, the Stipulation and Consent Order

will take effect and the order as modified will be issued. If the changes are unacceptable to Licensee or the Board rejects the Stipulation and Consent Order, it will be of no effect except as specified in the following paragraph.

17. Licensee agrees that if the Board rejects this Stipulation and Consent Order or a lesser remedy than indicated in this settlement, and this case comes again before the Board, Licensee will assert no claim that the Board was prejudiced by its review and discussion of this Stipulation and Consent Order or of any records relating to it.

18. This Stipulation and Consent Order does not limit the Board's authority to proceed against Licensee by initiating a contested case hearing or by other appropriate means on the basis of any act, conduct, or admission of Licensee which constitutes grounds for disciplinary action and which is not directly related to the specific facts and circumstances set forth in this document.

VIII.

DATA PRACTICES NOTICES

19. This Stipulation and Consent Order constitutes disciplinary action by the Board and is classified as public data pursuant to Minnesota Statutes section 13.41, subdivision 5. Data regarding this action will be provided to data banks as required by Federal law or consistent with Board policy. While this Stipulation and Consent Order is in effect, information obtained by the Board pursuant to this Order is considered active investigative data on a licensed person, and as such, is classified as protected nonpublic data pursuant to Minnesota Statutes sections 13.39, subdivision 2, and 13.02, subdivision 13.

III.

FACTS

4. Licensee is not, nor has it ever been, licensed as a drug wholesaler by the Board.

5. Licensee shipped drugs to licensed veterinarians in Minnesota without patient-specific prescriptions.

6. Beginning January 7, 2013, Licensee dispensed drugs only pursuant to patient-specific prescriptions.

IV.

ISSUES

7. Licensee asserts it was acting on a good-faith interpretation of Minnesota law when it shipped drugs to licensed veterinarians in Minnesota without patient-specific prescriptions. Minn. ADMINISTRATIVE COMPLAINT

The Michigan Department of Licensing and Regulatory Affairs (Complainant) by Kim Gaedeke, Acting Director, Bureau of Health Care Services, files this Complaint against Wedgewood Village Pharmacy Inc. (Respondent Pharmacy) as follows:

1. The Michigan Board of Pharmacy (Board) is an administrative agency established by the Public Health Code, 1978 PA 368, as amended; MCL 333.1101 et seq. Pursuant to section 17768 of the Public Health Code, supra, the Board's Disciplinary Subcommittee is empowered to discipline licensees for violations of the Public Health Code.

2. Respondent Pharmacy is licensed to practice as a pharmacy in the state of Michigan and has an address of record with Complainant of Swedesboro, New Jersey.

3. On January 21, 2015, the Minnesota Board of Pharmacy (Minnesota Board) executed a Stipulation and Consent Order which ordered Respondent Pharmacy

to pay a $10,000.00 civil penalty. The action was based on Respondent Pharmacy not being licensed as a drug wholesaler by the Minnesota Board and shipping drugs to licensed veterinarians in Minnesota without patient-specific prescriptions. A copy of the Stipulation and Consent Order, marked Exhibit A, is attached and incorporated

COUNT I

The action by the Minnesota Board, as set forth above evidence a pharmacy, manufacturer, or wholesale distributor which has had its license or federal registration limited, suspended, or revoked, or been subject to any other criminal, civil, or administrative penalty and constitutes a violation of section 17768(2)(d) of the Public Health Code, supra.

Complainant requests that this Complaint be served upon Respondent Pharmacy and that Respondent Pharmacy be offered an opportunity to show compliance with all lawful requirements for retention of the license. If compliance is not shown, Complainant further requests that formal proceedings be commenced pursuant to the Public Health Code, rules promulgated thereunder, and the Administrative Procedures Act of 1969, 1969 PA 306, as amended; MCL 24.201 et seq.

Pursuant to section 16231(8) of the Public Health Code, supra, Respondent Pharmacy has 30 days from the date of receipt of this Complaint to submit a written response to the allegations contained herein. The written response shall be submitted to Complainant, Kim Geedeke, Acting Director, Bureau of Health Care Services, Department of Licensing and Regulatory Affairs, P.O. Box 30670, Lansing, MI 48909.

Pursuant to section 16231(9) of the Public Health Code, supra, Respondent Pharmacy's failure to submit a written response within 30 days, as noted above, shall be treated as an admission of the allegations contained herein and shall result in transmittal of this Complaint directly to the Board's Disciplinary Subcommittee for imposition of an appropriate sanction.

CONSENT ORDER AND STIPULATION

CONSENT ORDER

An administrative complaint was filed with the Disciplinary Subcommittee of the Board of Pharmacy on July 24, 2015, charging Wedgewood Village Pharmacy, Inc. (Respondent) with having violated section 17768(2)(d) of the Public Health Code, 1978 PA 368, as amended, MCL 333.1101 *et seq.*

The parties have stipulated that the Disciplinary Subcommittee may enter this consent order. The Disciplinary Subcommittee has reviewed the stipulation contained in this document and agrees that the public interest is best served by resolution of the outstanding complaint. Therefore, the Disciplinary Subcommittee finds that the allegations of fact contained in the complaint are true and that Respondent has violated section 17768(2)(d) of the Public Health Code.

Accordingly, for this violation, IT IS ORDERED:

Respondent is FINED $500.00 (Five Hundred Dollars) to be paid by check, money order or cashier's check made payable to the State of Michigan (with complaint number 58-15-137238 clearly indicated on the check or money order), and

shall be payable within 60 days of the effective date of this order. The timely payment of the fine shall be Respondent's responsibility. Respondent shall mail the fine to: Sanction Monitoring, Bureau of Professional Licensing, Enforcement Division -- Compliance Section, Department of Licensing and Regulatory Affairs, P.O. Box 30189, Lansing, Michigan 48909.

This order shall be effective on the date signed by the Chairperson of the Disciplinary Subcommittee or the Disciplinary Subcommittee's authorized representative, as set forth below.

Signed on 4-13-16

MICHIGAN BOARD OF PHARMACY

By _____
Chairperson, Disciplinary Subcommittee

STIPULATION

The parties stipulate as follows:

1. Respondent does not contest the allegations of fact and law in the complaint. Respondent understands that, by pleading no contest, it does not admit the truth of the allegations but agrees that the Disciplinary Subcommittee may treat the allegations as true for resolution of the complaint and may enter an order treating the allegations as true.

2. Respondent understands and intends that, by signing this stipulation, it is waiving the right under the Public Health Code, rules promulgated under the Public Health Code, and the Administrative Procedures Act of 1969, 1969 PA 306,

as amended, MCL 24.201 *et seq.*, to require the Department to prove the charges set forth in the complaint by presentation of evidence and legal authority, and to present a defense to the charges before the Disciplinary Subcommittee or its authorized representative. Should the Disciplinary Subcommittee reject the proposed consent order, the parties reserve the right to proceed to hearing.

3. The Disciplinary Subcommittee may enter the above Consent Order, supported by Board conferee Patti Smeelink, R.Ph. Ms. Smeelink or an attorney from the Licensing and Regulation Division may discuss this matter with the Disciplinary Subcommittee in order to recommend acceptance of this resolution.

4. Conferee Smeelink and the parties considered the following factors in reaching this agreement:

A. Respondent has fully cooperated in this matter and since initially licensed in 2004, Respondent has never had any disciplinary action taken against its Michigan Pharmacy license prior to this incident.

B. Respondent timely reported the Minnesota Board of Pharmacy Stipulation and Consent Order to the Department.

C. The violation of MCL 333.17768(d)(2) as alleged in the Complaint is based solely on a "sister-state" action taken against Respondent's Pharmacy license by the Minnesota Board of Pharmacy that was based on Respondent's former practice in 2012 of dispensing compounded veterinary medications for office-use to licensed veterinarians in Minnesota, which according to the Minnesota Board of Pharmacy, required a wholesaler's license. However, this practice did not implicate Respondent's practice of pharmacy in the State of Michigan and Respondent has not been found to have violated the Michigan Public Health Code or Board of Pharmacy Administrative Rules, except as provided herein.

By signing this stipulation, the parties confirm that they have read, understand and agree with the terms of the consent order.

CONSENT ORDER

This matter was opened to the New Jersey Board of Pharmacy ("the Board") upon receipt of reports of inspection of the facility at Wedgewood Village Pharmacy, Inc. ("Wedgewood") which occurred on November 14 and 15, 2012. The reports document potential violations of the Board's regulations regarding sterile compounding. Wedgewood engages in high risk sterile compounding.

Among other things, the inspection reports highlighted routine professional practices suggesting that thousands of units of medication were dispensed with disregard for the following regulatory requirements:

- Use-by dates exceed 30 days after preparation in violation of N.J.A.C. 13:39-11.11.

- Failure to include date and time of preparation on prescription labels in violation of N.J.A.C. 13:39-11.10(a)(1).

- Failure to include the use-by date and use-by time on prescription labels as required by N.J.A.C. 13:39-11.10(a)(7).

No evidence of contamination was found. Wedgewood denies the allegations of violations and has been fully cooperative with the Board's investigation. There have been significant changes in management of Wedgewood since the time of the events in question. The pharmacy permit holder at the time of these events is now deceased and his wife now holds the permit. Wedgewood has agreed to replace the registered pharmacist-in-charge. Wedgewood represents that it is now in compliance with New Jersey statutes and regulations and with the USP guidelines. Wedgewood further represents that 100% of all sterile compounds are currently being tested for sterility and that all use-by dates are properly supported. Accordingly, the Board has determined that the monitoring requirements imposed herein are sufficient to protect the public health, safety and

welfare.

The parties, having agreed to resolution of this matter without formal proceedings, and Wedgewood, having agreed and given voluntary consent to the within order and waiving any right to a hearing, and the Board finding the within disposition adequately protective of the public health, safety, and welfare, and other good cause having been shown;

IT IS THEREFORE on this 22nd day of OCTOBER, 2015,

ORDERED AND AGREED that

1. Wedgewood shall contract with a third-party monitor (the "Monitor") pre-approved by the Board to review all compounding operations of the pharmacy. For the purposes of this Order, LDT Health Solutions, Inc. is an approved Monitor. Within 30 days of the entry of this Order, the Monitor shall furnish the Board directly with a report which demonstrates review of all processes and procedures, and attests to compliance with all Board regulations and USP standards. Wedgewood shall conduct environmental testing, pressure differential monitoring, and air and surface sampling for bacteria and fungi and make these test results available to the Monitor prior to the Monitor issuing its report and directly to the Board. Wedgewood shall continue to contract with the Monitor and the Monitor will submit reports directly to the Board on the first day of each month until the Monitor

reports directly to the Board that Wedgewood has complied with all recommendations made by the Monitor and is operating in full compliance with all Board regulations and USP standards. All costs associated with the monitoring outlined in this Order shall be the responsibility of, and paid directly by, Wedgewood.

2. Within 30 days of the entry of this order, Wedgewood shall appoint a new pharmacist-in-charge and shall ensure that a pharmacist with sterile compounding expertise (either the pharmacist-in-charge or another employee) directly supervises the daily sterile compounding operations to further ensure the quality and integrity of their products. "Directly supervise" for the purpose of this paragraph means ensure that all proper checks and balances are being performed during the compounding process; help identify and eliminate errors and mistakes; ensure training and testing of personnel testing is occurring; and generally help to ensure that proper aseptic technique is being used to help implement a Quality System and Environment to produce compounded sterile product.

3. Prior to hiring any pharmacist-in-charge or pharmacist to directly supervise daily sterile compounding operations, Wedgewood shall ensure that the individual is competent and that his/her license is not restricted in such a way as to preclude them from fulfilling their job responsibilities.

Wedgewood shall not hire an individual to be pharmacist-in-charge or to directly supervise the daily sterile compounding operations if Wedgewood is aware that the individual is subject to a pending Board investigation.

4. Wedgewood agrees to pay the Board the sum of $500,000.00 in two equal installments due on or before November 31, 2015 and December 31, 2015. This payment will reimburse the Board for attorney's fees and investigative costs and the remainder will be applied toward the Board's ongoing efforts to inspect, investigate and educate pharmacies involved in sterile compounding. Wedgewood and the Board acknowledge and agree that the payment described herein is not a fine, sanction, warning letter or penalty, or payment in lieu thereof. Payment shall be made by bank check, money order, wire transfer or credit card made payable to the New Jersey Board of Pharmacy.

5. This Consent Order shall not be construed to be a disciplinary action or sanction of any kind, nor as an admission of liability of the pharmacy.

The attached Citation and Fine, ("Citation") is being issued pursuant to Business and Professions Code section 125.9 and California Code of Regulations, title 16, section 1775 et. seq., for violations of the laws and regulations that govern the practice of pharmacy in California. (For exact language refer to the California Pharmacy Law and Index, located on the Board's web site, at www.pharmacy.ca.gov, under Pharmacy Law and Regulation).

The attached Citation references the specific statutes and regulations violated, defines each violation charged and specifies any fine(s) assessed. The attached Citation details the conduct that resulted in the issuance of the Citation.

IT IS YOUR RESPONSIBILITY TO READ THE ENTIRE CITATION AND INSTRUCTIONS, TO UNDERSTAND THE PROCESS FOR CONTESTING THE CITATION AND TO RESPOND TO THE CITATION WITHIN THE FOLLOWING TIME FRAMES:

- November 12, 2017: Unless the Citation is contested payment of fine(s) must be received by the Board.
- October 27, 2017: Any contest of the Citation by request for an informal Office Conference must be received by the Board.
- November 12, 2017: Any contest of the Citation by request for a formal Appeal must be received by the Board.

The issuance of a Citation by the Board of Pharmacy is considered an administrative action and substantiated resolution of a complaint and/or investigation. If a hearing is not requested to contest the Citation(s), payment of any fine(s) shall not constitute an admission of the violation(s) charged. Payment in full of the fine(s) assessed shall be represented as a satisfactory resolution of the matter in any public disclosure. (Business and Professions Code section 125.9; California Code of Regulations section 1775).

Additionally, if, at the time of license renewal, the Board has not received full payment of assessed fine(s) and a request to contest the Citation has not been received within the time frames specified, the license shall not be renewed until the assessed fine(s) and renewal fee/s are paid in full.

If you have any questions regarding this Citation please contact Christina Metzen, Associate Enforcement Analyst at (916) 574-7924.

INSTRUCTION

Read the Following Carefully and Thoroughly

You are hereby served with a Citation issued by the Executive Officer of the California State Board of Pharmacy or her designee. The following instructions are provided to assist you in your timely completion of the Citation process.

PAYMENT OF FINE

- Payment must be made by **November 12, 2017.**
- Make check or money order payable to the Board of Pharmacy. Do not submit cash.
- Attach the enclosed "copy" of your Citation

Mail payment to: State Board of Pharmacy
Attn: Ericka Busby
1625 North Market Boulevard, Suite N219
Sacramento, CA 95834-1924
(916) 574-7731

Unless contested, Citations are final 30 days from the date of service. Payment of a fine is not an admission of the violation charged. A Citation becomes part of your record, and remains there for five years. It can be used as an aggravating factor for future violations. Citations are public information and as such may be released to the public in accordance with the Public Records Act and Information Practices Act.

CONTESTING THE CITATION (CCR §1775.4)

If you wish to contest all or part of your Citation you may request an informal office conference or an appeal before an administrative law judge, or both. If you wish to request both you must submit both forms. If you prevail at the office conference your request for an appeal shall be deemed withdrawn. Please note that the time frames that allow you to request an office conference and an appeal run concurrently. You must submit your request(s) according to the following instructions:

REQUEST FOR OFFICE CONFERENCE (CCR §1775.4 subd. (b))

- Complete attached "Request for Office Conference".
- Mail form to arrive at the Board office no later than October 27, 2017 to the address at the bottom of the form.
- You will be advised by the Board in writing as to the date and time of your appearance.
- You are allowed one postponement.

An office conference is not a hearing. It is an informal discussion of the events that took place, and an opportunity for you to present information and mitigating factors pertaining to the Citation that you would like considered. The Executive Officer and or her designee represent the Board of Pharmacy at this meeting. One other individual of your choice may accompany you to this meeting. Office conferences are not open to the public. There is no discovery available in this process. You will not be allowed to present or question witnesses. However, you may present any written statements or documents that you believe are relevant.

After your office conference, the Citation may be affirmed, modified or dismissed. You will be advised of the decision in writing within 14 calendar days from the date of the conference. If the Citation is affirmed you will have 30 days from the date of the decision letter to comply with the conditions of your Citation. If the Citation is modified, the Citation originally issued shall be considered withdrawn and a new Citation will be issued. The decision issued after the office conference shall be deemed to be a final order with regard to the Citation issued, including the administrative fine levied, and/or an order of abatement.

REQUEST FOR APPEAL (CCR § 1775.4 subd. (a))

- Complete attached "Request for Hearing".
- Mail form to arrive at the Board office no later than November 12, 2017 to the address at the bottom of the form.
- You will be advised in writing as to the date and time of your hearing.

An appeal is a formal adjudicative hearing before an Administrative Law Judge. A Deputy Attorney General will represent the Board of Pharmacy at this hearing. These proceedings shall be conducted in accordance with the provisions of Chapter 5, commencing with Section 11500 of Part 1 of Division 3 of Title 2 of the Government Code.

If you have questions regarding any documents enclosed with the Citation, please contact Jennifer Sevilla, Associate Enforcement Analyst, at (916) 574-7924.

RE: Complaint Investigation CI 2016 72146

Dear Pharmacist-in-Charge:

The Board of Pharmacy has completed its investigation of Wedgewood Village Pharmacy.

As a regulatory agency, when conducting an investigation, the Board must adhere to violations prohibited in pharmacy law. Specifically, the information and documentation obtained during the course of an investigation must clearly demonstrate that a violation of pharmacy law occurred.

The Board's analysis of the information and documentation received did not identify sufficient evidence to determine that a violation of pharmacy law occurred. Accordingly, the Board is closing the matter and will be taking no action against the pharmacy or its licensees.

Although we are closing this matter, please be advised that it is your professional responsibility to assure compliance with all pharmacy laws.

We would like to thank you for your cooperation and assistance. If you should have any questions, please contact the Board at the above address or telephone number.

Sincerely,

VIRGINIA K. HEROLD

07/20/2018 - DEA Memorandum of Agreement

UNITED STATES DEPARTMENT OF JUSTICE
DRUG ENFORCEMENT ADMINISTRATION
NEW JERSEY DIVISION
CAMDEN RESIDENT OFFICE

IN THE MATTER OF:

Wedgewood Village Pharmacy, LLC — DEA Application# W15007898E
Wedgewood Animal Wellness, LLC — DEA Application# W17088272E
405 Heron Drive
Swedesboro, NJ 08085

MEMORANDUM OF AGREEMENT

On or about 2/5/2015, the Drug Enforcement Administration (DEA) received an application for controlled substance registration (DEA control number W15007898E) from Wedgewood Village Pharmacy, LLC 405 Heron Drive, Swedesboro, NJ 08085. On or about 8/18/2017, DEA received another application for controlled substance registration (DEA control number W17088272E) from Wedgewood Animal Wellness LLC, 405 Heron Drive, Swedesboro, NJ 08085.

This Memorandum of Agreement (MOA) between the DEA and Wedgewood Village Pharmacy LLC establishes terms and conditions under which the DEA will issue a registration to Wedgewood Village Pharmacy LLC as a Manufacturer to handle Schedules III through V controlled substances subject to the terms set forth below in this Memorandum of Agreement. This MOA applies only to the manufacturing registration to be issued to Wedgewood Village Pharmacy LLC.

Wedgewood agrees to enter into this MOA with the DEA for a period of five (5) years from the date the MOA is signed and fully executed. The MOA shall be considered fully executed when all parties to the MOA have signed and dated the MOA.

Wedgewood agrees to not manufacture or distribute any controlled substances for human use under the DEA issued manufacturing registration.

Wedgewood agrees to contact DEA immediately if there is any change to their business practice of selling controlled substances for animal use only pursuant to their DEA issued manufacturing registration.

Wedgewood shall abide by and obey all federal, state, and local laws and requirements relating to controlled substances.

Wedgewood agrees to immediately notify DEA if there is any change of status in its State of New Jersey license and/or State Controlled Dangerous Substance license, including any actions filed against these licenses.

Wedgewood agrees to allow DEA to conduct onsite inspections, including inspections of its controlled substances records, without prior notice pursuant to a Notice of Inspection of Controlled Premises and without requiring DEA to obtain an Administrative Inspection Warrant, Search Warrant, or other means of entry

Wedgewood agrees that this MOA constitutes the entire agreement between Wedgewood and DEA, and may only be modified or amended by a subsequent document executed in the same manner by both parties in writing.

Wedgewood shall report any professional, civil, or criminal action concerning controlled substances that is pending or taken against the firm by any state, federal, or professional agency or governing body to DEA, Camden Resident Office.

Wedgewood shall maintain a complete and accurate record of all controlled substances manufactured or distributed pursuant to this manufacturing registration.

Wedgewood agrees by executing this MOA, it waives judicial review, and will not challenge or contest the validity of any terms or conditions of this agreement.

The parties further agree that should Wedgewood violate any terms or conditions of this agreement, such violation may constitute grounds for the revocation, or the revocation and immediate suspension, of Wedgewood's DEA manufacturing registration. Nothing in this MOA shall preclude Wedgewood from contesting any subsequent Order to Show Cause, or Order to Show Cause and Immediate Suspension, of its DEA manufacturing registration as permitted under the Controlled Substances Act and the Administrative Procedure Act. Nothing in this MOA shall be construed as a waiver on the part of DEA to utilize any violations, past or subsequent, as grounds for revocation of Wedgewood's DEA manufacturing registration, either by themselves or in conjunction with other grounds, in the event that future DEA administrative proceedings become necessary. Furthermore, DEA is not precluded from introducing this MOA at any subsequent DEA administrative proceeding.

DEA agrees to promptly approve Wedgewood's application for a manufacturing registration, control# W15007898E, upon the signing of this MOA by both parties.

The parties agree that Wedgewood's application, control# W17088272E is withdrawn effective the execution of this agreement.

The responsible Wedgewood official below acknowledges and states that s/he has read the foregoing and understands and agrees with the contents herein and that s/he has signed this MOA.

The parties enter into this MOA with the understanding that the Drug Enforcement Administration and Wedgewood Village Pharmacy LLC will abide by its contents in good faith.

The attached Citation, ("Citation") is being issued pursuant to Business and Professions Code section 125.9 and California Code of Regulations, title 16, section 1775 et. seq., for violations of the laws and regulations that govern the practice of pharmacy in California. (For exact language refer to the California Pharmacy Law and Index, located on the Board's web site, at www.pharmacy.ca.gov, under Forms and Publications).

The attached Citation references the specific statutes and regulations violated, and defines each violation charged. The attached Citation details the conduct that resulted in the issuance of the Citation.

IT IS YOUR RESPONSIBILITY TO READ THE ENTIRE CITATION AND INSTRUCTIONS, TO UNDERSTAND THE PROCESS FOR CONTESTING THE CITATION AND IF CONTESTING THE CITATION TO RESPOND WITHIN THE FOLLOWING TIME FRAMES:

- December 19, 2018: Any contest of the Citation by request for an informal Office Conference must be received by the Board.
- January 04, 2019: Any contest of the Citation by request for a formal Appeal must be received by the Board.

The issuance of a Citation by the Board of Pharmacy is considered an administrative action and substantiated resolution of a complaint and/or investigation. The acceptance of the Citation(s) shall not constitute an admission of the violation(s) charged.

No fine has been assessed with this Citation and no proof of abatement has been ordered.

If the Board does not receive a written request to contest this Citation within 30 days of the issue date, you will be deemed to have waived your right to contest this Citation. The Citation shall then become the final order of the Board. Please be advised that if not contested this Citation will become a part of the Board's records and constitute a public record for purposes of disclosure.

CONDUCT:

California Code of Regulations section 1735.2 subsection (c)(1) states a "reasonable quantity" that may be furnished to a prescriber for office use by the prescriber as authorized by Business and Professions Code section 4052, subdivision (a)(1), means that amount of compounded drug preparation that is ordered by the prescriber or the prescriber's agent using a purchase order or other documentation received by the pharmacy prior to furnishing that lists the number of patients seen or to be seen in the prescriber's office for whom the drug is needed or anticipated, and the quantity for each patient that is sufficient for office administration. Wedgewood Village Pharmacy LLC NSC 100970 was non-compliant. Specifically, Wedgewood Village Pharmacy LLC NSC 100970, located at 405 Heron Drive #200, Swedesboro, New Jersey, furnished order #s SO-WO00513166, SO-WO0512562 and SO-WO00513661 for prescriber office use without documentation, prior to furnishing, that listed the number of patients seen or to be seen in the prescriber's office and the quantity for each patient that was sufficient for office administration. This is a violation of pharmacy law.

California Code of Regulations section 1735.2 subsection (c)(4) states a "reasonable quantity" that may be furnished to a prescriber for office use by the prescriber as authorized by Business and Professions Code section 4052, subdivision (a)(1), means that amount of compounded drug preparation that the pharmacist has a credible basis for concluding it is a reasonable quantity for office use considering the intended use of the compounded medication and the nature of the prescriber's practice. Wedgewood Village Pharmacy LLC NSC 100970 was non-compliant. Specifically, between 4/1/2017 and 4/1/2018, Wedgewood Village Pharmacy LLC NSC 100970, located at 405 Heron Drive #200, Swedesboro, New Jersey, furnished over 22000 units of compounded ophthalmic drops sized 10ml to 30ml for prescriber office use into California with the pharmacist not having a credible basis to conclude this was a reasonable quantity for office use, considering the intended use of the ophthalmic drops and the nature of the prescriber's practice. This is a violation of pharmacy law.

RE: Administrative Case No. 7286
Wedgewood Village Pharmacy LLC, dba Wedgewood Village Pharmacy,
NRP 2526, NRP 1826, NSC 101673 & NSC 100970

Dear Ms. Bliss:

Attached is the Board of Pharmacy's Stipulated Settlement and Disciplinary Order for Public Reproval regarding the above-referenced matter. Your attention is directed to pages 5 – 6 of the document.

Effective at 5:00 p.m. on March 22, 2024, Nonresident Pharmacy Permit Nos. NRP 2526 & NRP 1826 and Nonresident Sterile Compounding Permit Nos. NSC 101673 & NSC 100970 issued to Wedgewood Village Pharmacy, shall be publicly reproved by the Board and shall also be subject to terms and conditions in the decision.

If you wish to file a petition for reconsideration pursuant to Government Code section 11521, the petition must be received prior to the effective date of the decision. However, please be aware the Board needs approximately five days to process a petition for reconsideration. Attached is a copy of the Government Code section for your review. **Please note that reconsideration is NOT available to you if you entered into a stipulated settlement with the Board.**

If you have any questions concerning this matter, you may contact Lupe Baltazar, at lupe.baltazar@dca.ca.gov or (916) 518-3009. Should you have any questions related to litigation of this matter, please contact the Deputy Attorney General handling this matter.

Sincerely,

Nonresident Pharmacy Permit No. NRP 1826, Nonresident Sterile Compounding Permit No. NSC 100970	
Respondents.	

IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-entitled proceedings that the following matters are true:

PARTIES

1. Anne Sodergren (Complainant) is the Executive Officer of the Board of Pharmacy (Board). She brought this action solely in her official capacity and is represented in this matter by Rob Bonta, Attorney General of the State of California, by Kristina T. Jarvis, Deputy Attorney General.

2. On or about June 6, 2016, the Board issued Nonresident Pharmacy Permit Number NRP 1826 to Wedgewood Village Pharmacy Intermediate Holdings LLC, 100% shareholder, doing business as (dba) Wedgewood Village Pharmacy LLC, Marcy Ann Bliss, CEO; and Alison Lynch, Pharmacist-in-Charge (Respondent Original Licensee). On or about July 17, 2018, the Board was notified and updated its records to reflect a change in ownership such that Wedgewood Village Pharmacy Intermediate Holdings LLC became a 59% shareholder and TW Diamondback Holdings Corporation became a 41% shareholder, still dba Wedgewood Village Pharmacy LLC; Marcy Ann Bliss, CEO; and Alison Lynch, Pharmacist-in-Charge, (Respondent Successor Licensee, collectively "Respondents"). The Nonresident Pharmacy Permit was in full force and effect at all times relevant to the charges brought herein until April 1, 2021, at which point the license was cancelled due to a change of ownership as set forth in paragraph 4, below.

3. On or about June 6, 2016, the Board issued Nonresident Sterile Compounding Pharmacy Permit Number NSC 100970 to Respondent Original Licensee. The Nonresident Sterile Compounding Pharmacy Permit was in full force and effect at all times relevant to the charges brought herein until April 1, 2021, at which point the license was cancelled due to a change of ownership as set forth in paragraph 5, below.

///

4. On or about April 1, 2021, due to a change of ownership application, the Board issued Nonresident Pharmacy Permit Number NRP 2526 to Wedgewood Village Pharmacy Intermediate Holdings LLC, 59% shareholder, and TW Diamondback Holdings Corporation, 41% shareholder dba Wedgewood Village Pharmacy LLC; Marcy Ann Bliss, CEO; Joseph Costa, COO; and Alison Lynch, Pharmacist-in-Charge; (Respondent Successor Licensee, collectively "Respondents"). The Nonresident Pharmacy Permit was in full force and effect at all times relevant to the charges brought herein from April 1, 2021, and will expire on April 1, 2024, unless renewed.

5. On or about April 1, 2021, the Board issued Nonresident Sterile Compounding Permit Number NSC 101673 to Respondent Successor Licensee. The Nonresident Sterile Compounding Permit was in full force and effect at all times relevant to the charges brought herein from April 1, 2021, and will expire on April 1, 2024, unless renewed.

6. Respondent is represented in this proceeding by attorney Derek Shaffer whose address is: 1300 I Street NW, Suite 900, Washington D.C. 20005.

JURISDICTION

7. Accusation No. 7286 was filed before the Board of Pharmacy (Board), Department of Consumer Affairs and is currently pending against Respondent. The Accusation and all other statutorily required documents were properly served on Respondent on April 27, 2023. Respondent timely filed its Notice of Defense contesting the Accusation. On July 26, 2023, Complainant filed a First Amended Accusation. A copy of First Amended Accusation No. 7286 is attached as exhibit A and incorporated herein by reference.

ADVISEMENT AND WAIVERS

8. Respondent has carefully read, fully discussed with counsel, and understands the charges and allegations in First Amended Accusation No. 7286. Respondent has also carefully read, fully discussed with counsel, and understands the effects of this Stipulated Settlement and Disciplinary Order for Public Reproval.

9. Respondent is fully aware of its legal rights in this matter, including the right to a hearing on the charges and allegations in the First Amended Accusation; the right to be

represented by counsel at its own expense; the right to confront and cross-examine the witnesses against them; the right to present evidence and to testify on its own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Procedure Act and other applicable laws.

10. Respondent voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

11. NRP 1826 and NSC 101673 have been cancelled, and the Board confirms that there are no pending allegations or investigations against these licenses, and therefore no future administrative or disciplinary action is contemplated.

CULPABILITY

12. Respondent understands and agrees that the charges and allegations in Accusation No. 7286, if proven at a hearing, constitute cause for imposing discipline upon its Nonresident Pharmacy Permits and Nonresident Sterile Compounding Permits.

13. For the purpose of resolving the Accusation without the expense and uncertainty of further proceedings, Respondent hereby gives up its right to contest those charges.

14. Respondent agrees that its Nonresident Pharmacy Permit and Nonresident Sterile Compounding Permit are subject to discipline and they agree to be bound by the Disciplinary Order below.

CONTINGENCY

15. This stipulation shall be subject to approval by the Board of Pharmacy. Respondent understands and agrees that counsel for Complainant and the staff of the Board of Pharmacy may communicate directly with the Board regarding this stipulation and settlement, without notice to or participation by Respondent or its counsel. By signing the stipulation, Respondent understands and agrees that they may not withdraw its agreement or seek to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary Order for Public Reproval shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal action

between the parties, and the Board shall not be disqualified from further action by having considered this matter.

16. The parties understand and agree that Portable Document Format (PDF) and facsimile copies of this Stipulated Settlement and Disciplinary Order for Public Reproval, including PDF and facsimile signatures thereto, shall have the same force and effect as the originals.

17. This Stipulated Settlement and Disciplinary Order for Public Reproval is intended by the parties to be an integrated writing representing the complete, final, and exclusive embodiment of their agreement. It supersedes any and all prior or contemporaneous agreements, understandings, discussions, negotiations, and commitments (written or oral). This Stipulated Settlement and Disciplinary Order for Public Reproval may not be altered, amended, modified, supplemented, or otherwise changed except by a writing executed by an authorized representative of each of the parties.

18. In consideration of the foregoing admissions and stipulations, the parties agree that the Board may, without further notice or formal proceeding, issue and enter the following Disciplinary Order:

DISCIPLINARY ORDER

IT IS HEREBY ORDERED that Nonresident Pharmacy Permit No. NRP 1826, Nonresident Sterile Compounding Permit No. NSC 100970, Nonresident Pharmacy Permit No. NRP 2526 and Nonresident Sterile Compounding Permit No. NSC 101673 issued to Respondents shall be publicly reproved by the Board of Pharmacy under Business and Professions Code section 495 in resolution of Accusation No. 7286, attached as exhibit A.

Cost Recovery. No later than 1 YEAR from the effective date of the Decision, Respondent shall pay $11,054.75 to the Board for its costs associated with the investigation and enforcement of this matter pursuant to Business and Professions Code Section 125.3. If Respondent fails to pay the Board costs as ordered, Respondent shall not be allowed to renew their Nonresident Pharmacy Permit NRP 2526, or Nonresident Sterile Compounding Permit No. NSC 101673 until Respondent pays costs in full. In addition, the Board may enforce this order for payment of its costs in any appropriate court, in addition to any other rights the Board may have.

Full Compliance. As a resolution of the charges in Accusation No. 7286, this stipulated settlement is contingent upon Respondent's full compliance with all conditions of this Order. If Respondent fails to satisfy any of these conditions, such failure to comply constitutes cause for discipline, including outright revocation, of Respondent's Nonresident Pharmacy Permit No. NRP 2526 and Nonresident Sterile Compounding Permit No. NSC 101673.

ACCEPTANCE

I have carefully read the above Stipulated Settlement and Disciplinary Order for Public Reproval and have fully discussed it with my attorney, Derek Shaffer. I understand the stipulation and the effect it will have on my Nonresident Pharmacy Permits and Nonresident Sterile Compounding Permits. I enter into this Stipulated Settlement and Disciplinary Order for Public Reproval voluntarily, knowingly, and intelligently, and agree to be bound by the Decision and Order of the Board of Pharmacy.

5. On or about April 1, 2021, the Board issued Nonresident Sterile Compounding Permit Number NSC 101673 to Respondent Successor Licensee. The Nonresident Sterile Compounding Permit was in full force and effect at all times relevant to the charges brought herein from April 1, 2021, and will expire on April 1, 2024, unless renewed.

JURISDICTION

6. This Accusation is brought before the Board under the authority of the following laws. All section references are to the Business and Professions Code (Code) unless otherwise indicated.

7. Section 4011 of the Code states:

The board shall administer and enforce this chapter and the Uniform Controlled Substances Act (Division 10 (commencing with Section 11000) of the Health and Safety Code).

8. Section 4300 of the Code states in pertinent part:

(a) Every license issued may be suspended or revoked.

...

(e) The proceedings under this article shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of the Government Code, and the board shall have all the powers granted therein. The action shall be final, except that the propriety of the action is subject to review by the superior court pursuant to Section 1094.5 of the Code of Civil Procedure.

9. Section 4300.1 of the Code states:

The expiration, cancellation, forfeiture, or suspension of a board-issued license by operation of law or by order or decision of the board or a court of law, the placement of a license on a retired status, or the voluntary surrender of a license by a licensee shall not

deprive the board of jurisdiction to commence or proceed with any investigation of, or action or disciplinary proceeding against, the licensee or to render a decision suspending or revoking the license.

10. Section 4307 of the Code states:

(a) Any person who has been denied a license or whose license has been revoked or is under suspension, or who has failed to renew his or her license while it was under suspension, or who has been a manager, administrator, owner, member, officer, director, associate, partner, or any other person with management or control of any partnership, corporation, trust, firm, or association whose application for a license has been denied or revoked, is under suspension or has been placed on probation, and while acting as the manager, administrator, owner, member, officer, director, associate, partner, or any other person with management or control had knowledge of or knowingly participated in any conduct for which the license was denied, revoked, suspended, or placed on probation, shall be prohibited from serving as a manager, administrator, owner, member, officer, director, associate, partner, or in any other position with management or control of a licensee as follows:

(1) Where a probationary license is issued or where an existing license is placed on probation, this prohibition shall remain in effect for a period not to exceed five years.

(2) Where the license is denied or revoked, the prohibition shall continue until the license is issued or reinstated.

(b) "Manager, administrator, owner, member, officer, director, associate, partner, or any other person with management or control of a license" as used in this section and Section 4308, may refer to a pharmacist or to any other person who serves in such capacity in or for a licensee.

(c) The provisions of subdivision (a) may be alleged in any pleading filed pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of the Government Code. However, no order may be issued in that case except as to a person who is named in the caption, as to whom the pleading alleges the applicability of this section, and where the person has been given notice of the proceeding as required by Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of the Government Code. The authority to proceed as provided by this subdivision shall be in addition to the board's authority to proceed under Section 4339 or any other provision of law.

STATUTORY PROVISIONS

11. Section 4301 of the Code states in pertinent part:

The board shall take action against any holder of a license who is guilty of unprofessional conduct or whose license has been issued by mistake. Unprofessional conduct shall include, but is not limited to, any of the following:

....

(c) Gross negligence.

...

(f) The commission of any act involving moral turpitude, dishonesty, fraud, deceit, or corruption, whether the act is committed in the course of relations as a licensee or otherwise, and whether the act is a felony or misdemeanor or not.

(g) Knowingly making or signing any certificate or other document that falsely represents the existence or nonexistence of a state of facts.

...

(j) The violation of any of the statutes of this state, of any other state, or of the United States regulating controlled substances and dangerous drugs.

...

(o) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of or conspiring to violate any provision or term of this chapter or of the applicable federal and state laws and regulations governing pharmacy, including regulations established by the board or by any other state or federal regulatory agency....

REGULATORY PROVISIONS

12. California Code of Regulations, title 16, (Regulations) section 1735.2 states in pertinent part:

...

(i) Every compounded drug preparation shall be given a beyond use date representing the date or date and time beyond which the compounded drug preparation should not be used, stored, transported or administered, and determined based on the professional judgment of the pharmacist performing or supervising the compounding.

...

(3) For sterile compounded drug preparations, extension of a beyond use date is only allowable when supported by the following:

(A) Method Suitability Test,

(B) Container Closure Integrity Test, and

(C) Stability Studies

(4) In addition to the requirements of paragraph three (3), the drugs or compounded drug preparations tested and studied shall be identical in ingredients, specific and essential compounding steps, quality reviews, and packaging as the finished drug or compounded drug preparation.

...

(*l*) Packages of ingredients, both active and inactive, that lack a supplier's expiration date are subject to the following limitations:

(1) such ingredients cannot be used for any non-sterile compounded drug preparation more than three (3) years after the date of receipt by the pharmacy.

(2) such ingredients cannot be used for any sterile compounded drug preparation more than one (1) year after the date of receipt by the pharmacy.

13. Regulations section 1735.3 states in pertinent part:

(a) For each compounded drug preparation, pharmacy records shall include:

...

(2) A compounding log consisting of a single document containing all of the following:

...

(F) The manufacturer, expiration date and lot number of each component. If the manufacturer name is demonstrably unavailable, the name of the supplier may be substituted. If the manufacturer does not supply an expiration date for any component, the records shall include the date of receipt of the component in the pharmacy, and the limitations of section 1735.2, subdivision (l) shall apply....

COST RECOVERY

14. Section 125.3 of the Code states, in pertinent part, that the Board may request the administrative law judge to direct a licentiate found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case.

DRUG PREPARATIONS

15. Tacrolimus Ophthalmic Suspension is an eye drop generally prescribed to dogs to treat dry eyes, particularly when caused by low tear production or tears of poor quality. It is a dangerous drug pursuant to Code section 4022.

16. Protirelin is an injectable drug product generally prescribed for horses as a thyrotropin-releasing hormone in order to test for certain metabolic disorders or illnesses. It is a dangerous drug pursuant to Code section 4022.

17. Cyclosporine in MCT oil solution is an eye drop generally prescribed to dogs. It is used to decrease inflammation in the eye and tear glands and increase tear production. It is a dangerous drug pursuant to Code section 4022.

18. Edetate Disodium (EDTA) is a chelating agent generally prescribed to treat corneal ulcers in dogs, cats, and horses. It is a dangerous drug pursuant to Code section 4022.

FACTUAL ALLEGATIONS

19. Respondents own and operate a nonresident pharmacy which also possesses a nonresident sterile compounding pharmacy permit, and is located in the State of New Jersey.

20. On or about April 1, 2021, due to a change in the ownership structure of certain parent corporations that own the corporations that own Respondent Original Licensee, successor licensees, both a nonresident pharmacy permit and a nonresident sterile compounding pharmacy permit, were issued to the same immediate ownership structure. Nearly all of the immediate owners and officers of Respondent Original Licensee remained with Respondent Successor Licensee. The conduct set forth in this accusation came to the attention of the Board due to the change of ownership inspection that is required by pharmacy law. Therefore, all of the actions were taken on dates on which Respondent Original Licensee was the owner and operator of the pharmacy. However, since the immediate ownership structure did not change, the owners and operators of Respondent Successor Licensee are responsible for the actions of Respondent Original Licensee.

21. Respondents specialize in veterinary compounding.

22. On January 1, 2017, the Board's sterile compounding regulations became effective.

23. In 2017, Board inspector S.P. issued a written warning to Respondents due to Respondents issuing many of its drug preparations extended beyond use dates (BUDs) without the appropriate data to support those BUDs.

24. In 2018, and again in 2020, during inspections of Respondents facility, Board inspector S.P. discussed with Respondents the documentation Respondents needed to provide, obtain, or test for, in order determine and assign extended BUDs and noted that Respondents had not obtained, tested for, or provided this documentation such that the extended BUDs were still inappropriate.

25. After the 2020 inspection, the Board issued a citation to Respondents for providing 120-day extended BUDs without having the tests and studies required to support the extended BUDs.

///

26. On and between approximately March 17, 2021, and May 28, 2021, Board Inspector M.V. conducted a change of ownership inspection regarding Respondents as discussed in additional depth, above. Due to the COVID-19 pandemic, the inspection was conducted remotely via records review. The investigation report is dated March 1, 2022 (March 1, 2022 Inspection Report).

27. On or about March 19, 2021, Board Inspector M.V. requested five specific compounding logs for review, including certificates of analyses, end-product release testing, documentation supporting any extended BUDs assigned to preparations, sample labels, and training records for Respondents' compounding pharmacist and compounding pharmacy technician. M.V.'s review of just these five compounding logs lead to the causes for discipline set forth below.

FIRST CAUSE FOR DISCIPLINE

(Assignment of Unsupported Extended Beyond Use Dates)

28. Respondents are subject to disciplinary action for unprofessional conduct pursuant to Code section 4301, subdivisions (j) and (o), for failing to follow laws and regulations governing pharmacy and regulating dangerous drugs in that Respondents violated Regulations 1735.2, subdivision (i). The circumstances are as follows:

A. On or about July 1, 2020, Respondents compounded 623 bottles of Tacrolimus 0.03% ophthalmic aqueous suspensions and gave an extended BUD of 160 days. Respondents only had data to support a 45-day BUD for this drug product.

B. On or about November 27, 2020, Respondents compounded 581 bottles of Cyclosporine 2% in MCT oil ophthalmic solutions and gave an extended BUD of 180 days. Respondents only had data to support a 45-day BUD for this drug product.

C. On or about February 8, 2021, Respondents compounded 353 vials of Protirelin Acetate 1mg/ml injectable solution and gave an extended BUD of 240 days. Respondents had no data to support an extended BUD for this product.

///

///

D. On or about March 10, 2020, Respondents compounded 53 bottles (15mL) of Edetate Disodium and gave an extended BUD of 240 days. Respondents had no data to support an extended BUD for the product.

SECOND CAUSE FOR DISCIPLINE

(Incomplete Compounding Records)

29. Respondents are subject to disciplinary action for unprofessional conduct pursuant to Code section 4301, subdivisions (j) and (o), for failing to follow laws and regulations governing pharmacy and regulating dangerous drugs in that Respondents violated Regulations section 1735.3, subdivision (a)(2). The circumstances are that Respondents' compounding logs reviewed by Board Inspector M.V. failed to list the manufacturers of the drug components Respondents used for compounding.

THIRD CAUSE FOR DISCIPLINE

(Gross Negligence)

30. Respondents are subject to disciplinary action for unprofessional conduct pursuant to Code section 4301, subdivision (c), in that Respondents committed acts constituting gross negligence when Respondents assigned extended BUDs without having the required data to support those BUDs.

FOURTH CAUSE FOR DISCIPLINE

(Knowingly Making or Signing a False Document)

31. Respondents are subject to disciplinary action for unprofessional conduct pursuant to Code section 4301, subdivision (g), in that Respondents knowingly made or signed false documents when Respondents assigned extended BUDs without having the required data to support those BUDs.

FIFTH CAUSE FOR DISCIPLINE

(Acts Involving Moral Turpitude, Dishonesty, Fraud, Deceit, or Corruption)

32. Respondents are subject to disciplinary action for unprofessional conduct pursuant to Code section 4301, subdivision (g), in that Respondents committed acts involving moral turpitude, dishonesty, fraud, deceit, or corruption when Respondents continued to assign extended

BUDs and ship the compounded drugs to patients without having the required data to support those BUDs.

DISCIPLINARY CONSIDERATIONS

33. On or about June 17, 2021, Citation number CI 2020 90874 was issued to Respondent Original Licensee's Nonresident Pharmacy permit for violation of Regulations section 1735.2, subdivision (i)(3), for assigning an extended BUD without the required data. The citation did not order a fine, it was not appealed, and it is final.

34. On or about June 17, 2021, Citation number CI 2020 89042 was issued to Respondent Original Licensee's Nonresident Sterile Compounding Pharmacy permit for violation of Regulations section 1735.2, subdivision (i)(3), for assigning an extended BUD without the required data. The citation ordered a $2,500 fine, and required proof of abatement regarding justification for assigning extended BUDs for antibacterial eye ointment. The citation was not appealed and is final.

35. On or about December 5, 2018, Citation number CI 2018 82132 was issued to Respondent Original Licensee's Nonresident Pharmacy permit f or violation of Regulations section 1735.2, subdivisions (c)(1), and (c)(4) for furnishing over 2,200 unites of compounded ophthalmic drops to a prescriber for office use. This amount exceeds the reasonable quantity that may be furnished and Respondent Original Licensee failed to have a credible basis for determining a reasonable quantity for office use. The citation was not appealed and is final.

36. On or about December 5, 2018, Citation number CI 2016 73882 was issued to Respondent Original Licensee's Nonresident Sterile Compounding Pharmacy permit for violation of Regulations section 1735.2, subdivisions (c)(1), and (c)(4) for furnishing over 2,200 unites of compounded ophthalmic drops to a prescriber for office use. This amount exceeds the reasonable quantity that may be furnished and Respondent Original Licensee failed to have a credible basis for determining a reasonable quantity for office use. The citation was not appealed and is final.

TITLE 2. GOVERNMENT OF THE STATE OF CALIFORNIA [8000 - 22980] *(Title 2 enacted by Stats. 1943, Ch. 134.)*

DIVISION 3. EXECUTIVE DEPARTMENT [11000 - 15986] *(Division 3 added by Stats. 1945, Ch. 111.)*

PART 1. STATE DEPARTMENTS AND AGENCIES [11000 - 11898] *(Part 1 added by Stats. 1945, Ch. 111.)*

CHAPTER 5. Administrative Adjudication: Formal Hearing [11500 - 11529] *(Heading of Chapter 5 amended by Stats. 1995, Ch. 938, Sec. 22.)*

11521. (a) The agency itself may order a reconsideration of all or part of the case on its own motion or on petition of any party. The agency shall notify a petitioner of the time limits for petitioning for reconsideration. The power to order a reconsideration shall expire 30 days after the delivery or mailing of a decision to a respondent, or on the date set by the agency itself as the effective date of the decision if that date occurs prior to the expiration of the 30-day period or at the termination of a stay of not to exceed 30 days which the agency may grant for the purpose of filing an application for reconsideration. If additional time is needed to evaluate a petition for reconsideration filed prior to the expiration of any of the applicable periods, an agency may grant a stay of that expiration for no more than 10 days, solely for the purpose of considering the petition. If no action is taken on a petition within the time allowed for ordering reconsideration, the petition shall be deemed denied.

(b) The case may be reconsidered by the agency itself on all the pertinent parts of the record and such additional evidence and argument as may be permitted, or may be assigned to an administrative law judge. A reconsideration assigned to an administrative law judge shall be subject to the procedure provided in Section 11517. If oral evidence is introduced before the agency itself, no agency member may vote unless he or she heard the evidence.

Viable volumetric air sampling- performed date on November 2, 2023, (sterile hazardous suite) showed acceptable growth in ISO-7 buffer room air sample and ISO-8 prep room, and ISO-8 airlock surface sample. Highly pathogenic organisms detected (aspergillus) in air sample.

Remediation-report was just received today (12/6/2023). Per PIC will perform CAPA.

Investigation:

Staffing ratio- observed during inspection.
At time of inspection, observed pharmacy of staff with 6 pharmacist and 11 technicians.

Discussion:

1. Discussed CI 2023-101122 with PIC.
2. Discussed that pharmacist/technician ratios a pharmacy with only one pharmacist shall have no more than one pharmacy technician. The ratio of pharmacy technicians performing the tasks specified in subdivision (a) to any additional pharmacist shall not exceed 2:1. As per 1793.7 (b) Pharmacy technicians must work under the direct supervision of a pharmacist and in such a relationship that the supervising pharmacist is fully aware of all activities involved in the preparation and dispensing of medications, including the maintenance of appropriate records.
3. Beyond use Dates (BUD) for non-sterile compounded preparations please see Table 4 (USP 795) A cream because it has a water activity (Aw) of Aw > 0.6, if it is non-preserved then it will have a BUD of 14 days. If the cream is a preserved aqueous dosage

INSPECTION REPORT

form, then it will have a BUD of 35 days, available in SOP.
4. Discussed per section 5.2 storage USP 800 API must be stored separately from non-HDs in a manner that prevents contamination and personnel exposure. These HDs must be stored in an externally ventilated, negative-pressure room with at least 12 air changes per hour (ACPH). The pharmacy has performed ACPH for this area on September 14, 2023, by ENV. (45 ACPH)
5. Discussed that relative humidity 60% and below to minimize risk of microbial proliferation. Pharmacy has been monitoring and has SOP.
6. Remediation plans will need to be documented which the pharmacy has been performing.

Education:

1. November 1, 2023, is the compendial date for several USP General Chapters, including General Chapters <795> Pharmaceutical Compounding—Nonsterile Preparations, <797> Pharmaceutical Compounding—Sterile Preparations, <800> Hazardous Drugs—Handling in Healthcare Settings, and <825> Radiopharmaceuticals—Preparation, Compounding, Dispensing, and Repackaging. Consistent with the policy statement the Board released on September 12, 2023, it is the Board's expectation that licensees are moving forward with all necessary implementation activities to comply with the updated USP compounding standards.
   The Board has undertaken a review of its compounding regulations and identified changes necessary to clarify or make more specific requirements of federal law and USP General Chapters.
   During this transition period, licensees are encouraged to monitor the regulation process for updates, including signing up for the Board's subscriber alert system and by checking the Board's website.
   Licensees are reminded to also ensure continuing compliance with other laws, regulations, and requirements that may apply to their activities, including, without limitation: the Federal Food, Drug, and Cosmetic Act (21 USC §§ 321–399i), including Section 503A thereof (21 USC § 353a); provisions of California's Sherman Food, Drug, and Cosmetic Law (Health and Safety Code §§ 109875–111929.4); and laws, regulations, and requirements related to radiopharmaceuticals and/or the handling of hazardous drugs, including requirements established by Cal/OSHA.
2. The October 2023 issue of The Script Newsletter is available on the Board of Pharmacy's website
3. New law changes are on the Board of Pharmacy's website under Pharmacy law changes for 2023
4. Board CE webinars and DEA training. Law & Ethics CE requirements: available on the Board of Pharmacy's website

Please provide all requested items and corrections no later than to email to: jeff.shinoda@dca.ca.gov within 14 days.

1.0 PURPOSE

1.1 The purpose of this procedure is to establish requirements and documentation for finished preparation testing of sterile compounded preparations.

2.0 SCOPE

2.1 This procedure applies to all sterile compounding personnel at Wedgewood Pharmacy, Bakersfield ("Bakersfield").

3.0 RESPONSIBILITY

3.1 The sterile compounding supervisor shall supervise this procedure or document that another staff member has been designated to ensure that all sterile compounding personnel responsible for finished preparation testing comply with this procedure.

3.2 It is the responsibility of the sterile compounding supervisor to review and assess the contract laboratory for appropriate regulatory compliance according to SOP 9.220 Contract Laboratory Selection and Desk Audit, or equivalent.

3.3 Testing performed in house will be performed by properly trained personnel.

5.0 DEFINITIONS

5.1 CSP – compounded sterile preparation.

5.2 BI – biological indicator.

5.3 CI – chemical integrator.

5.4 MDV – multi-dose vial.

5.5 Filter integrity test – A test (e.g., bubble point test) of the integrity of a sterilizing grade filter performed after the filtration process to detect whether the integrity of the filter has been compromised. (USP <797>)

6.0 FREQUENCY

6.1 It is the responsibility of the sterile compounding supervisor and/or PIC to determine when and which tests should be performed and whether tests should be conducted in-house or performed at a third party analytical/microbiological testing laboratory.

7.0 EQUIPMENT & SUPPLIES

7.1 Third party analytical/microbiological testing laboratory, if applicable.

7.2 Low-lint/Lint-free wipes.

7.3 Appropriate gloves (e.g., powder-free latex, nitrile, ASTM Tested Chemotherapy gloves).

7.4 Bubble point – filter integrity test.

7.5 Biological indicators.

7.6 Chemical integrators.

7.7 Incubators

7.8 WinKQCL Endotoxin Detection System, or equivalent.

7.9 White and black background with light.

8.0 GENERAL INFORMATION

8.1 This procedure is designed for planned testing to verify and demonstrate effectiveness of all processes and procedures critical to the accuracy and purity of the finished compounded sterile preparation.

8.2 All compounded sterile preparations are tested according to USP <797>, as applicable, and other referenced chapters.

8.2.1 USP <71> or equivalent should be followed when a sterility test is required. Within chapter <71>, the number of units, volume per unit and specific methods are discussed.

8.2.2 USP <71> ". . . Fluid Thioglycollate Medium is primarily intended for the culture of anaerobic bacteria. However, it will also detect aerobic bacteria. Soybean-Casein Digest Medium is suitable for the culture of both fungi and aerobic bacteria."

8.2.3 USP <85> "The Bacterial Endotoxins Test (BET) is a test to detect or quantify endotoxins from Gram-negative bacteria using amoebocyte lysate from the horseshoe crab (Limulus polyphemus or Tachypleus tridentatus). There are three techniques for this test: the gel-clot technique, which is based on gel formation; the turbidimetric technique, based on the development of turbidity after cleavage of an endogenous substrate; and the chromogenic technique, based on the development of color after cleavage of a synthetic peptide-chromogen complex. Proceed by any of the three techniques for the test. In the event of doubt or dispute, the final decision is made based upon the quantitative results of the test being performed on a drug in triplicate via chromogenic technique. Based upon the quantitative results the pharmacist can determine if the drug is within acceptable limits. The test is carried out in a manner that avoids endotoxin contamination."

8.2.4 <1229.5> "A biological indicator (BI) is a well-characterized preparation of a

specific microorganism that has known resistance to a specific sterilization process. BIs are used to demonstrate the effectiveness of processes that render a product sterile in its final package or container, as well as the effectiveness of the sterilization of equipment, product contact materials, and packaging components as required. BIs may also be used to monitor established sterilization cycles and are used for periodic reassessment of sterilization process effectiveness. BIs are process aids and can support the correlation of physical parameters to microbiological destruction. Microorganisms recognized as suitable for BIs are spore-forming bacteria; the spores of these microorganisms are significantly more resistant than the vegetative cells that comprise the majority of bioburden in or on materials."

8.2.5 <USP> 797 "Filter units used to sterilize CSPs must be subjected to the manufacturers' recommended integrity testing, such as a post-use bubble point test. If multiple filters are required for the compounding process, each of the filters must pass a filter-integrity test.."

8.3 2023 Law Book for Pharmacy, California Title 16 of the California Code of Regulations, Article 7, Section 1751.7 Sterile Compounding Quality Assurance and Process Validation,". . . (e) (1) Batch-produced sterile drug preparations compounded from one or more non-sterile ingredients, except as provided in paragraph (2), shall be subject to documented end product testing for sterility and pyrogens and shall be quarantined until the end product testing confirms sterility and acceptable levels of pyrogens. Sterility testing shall be USP <71> compliant and pyrogens testing shall confirm acceptable levels of pyrogens per USP <85> limits, before dispensing. This requirement of end product testing confirming sterility and acceptable levels of pyrogens prior to dispensing shall apply regardless of any sterility or pyrogen testing that may have been conducted on any ingredient or combination of ingredients that were previously non-sterile. Exempt from pyrogen testing are topical ophthalmic and inhalation preparations.

(2) The following non-sterile-to-sterile batch drug preparations do not require end product testing for sterility and pyrogens:

(A) Preparations for self-administered ophthalmic drops in a quantity sufficient for administration to a single patient for 30 days or less pursuant to a prescription.

(B) Preparations for self-administered inhalation in a quantity sufficient for administration to a single patient for 5 days or less pursuant to a prescription."

8.4 At the completion of compounding, before release and dispensing, the CSP must be visually inspected to determine whether the physical appearance of the CSP is as expected (e.g., free of inappropriate visible particulates or other foreign matter, discoloration, or other defects). The CSP label must be visually inspected to confirm that the CSP and its labeling match the prescription or medication order. The inspection also must include a visual inspection of container closure integrity (e.g., checking for leakage, cracks in the container, or improper seals).

9.0 PROCEDURE

9.1 Sterility testing.

9.1.1 Sterility testing is not required for Category 1 CSPs. For Category 2 CSPs assigned a BUD that requires sterility testing (see SOP 9.050 Determination and Extension of Beyond-Use-Dates (BUD) for Compounded Preparations, or equivalent) and all Category 3 CSPs, the testing must be performed according to USP <71> testing.

9.1.2 Sterility sampling requirements must follow the tables in USP <71>. According to California pharmacy law, all batch produced sterile drug preparations starting

with one or more non-sterile ingredients will need to undergo sterility testing unless exempted in 8.3.

9.1.2.1 The maximum batch size for all CSPs requiring sterility testing must be limited to 250 final yield units.

9.1.3 Sterility tests resulting in failures must prompt an investigation into the possible causes and must include identification of the microorganism, as well as an evaluation of the sterility testing procedure, compounding facility, process, and/or personnel that may have contributed to the failure. The source(s) of the contamination, if identified, must be corrected, and the facility must determine whether the conditions causing the sterility failure affect other CSPs. The investigation and resulting corrective actions must be documented according to SOP 1.030 Deviations – OOS and Corrective and Preventative Action (CAPA) Management, or equivalent.

9.1.4 Sterility methods should follow USP <71> or equivalent membrane filtration method, if applicable. If not performing membrane filtration, the methods outlined in USP <71>, or other methods proving to be equivalent or better than those methods outlined, are acceptable.

9.1.5 Communication with the laboratory will be recorded on Contract Laboratory Communication Log, Attachment 1.

9.2 Endotoxin (pyrogen) testing.

9.2.1 Category 1 injectable CSPs do not require testing for bacterial endotoxins. Category 2 injectable CSPs compounded from one or more nonsterile component(s) and assigned a BUD that requires sterility testing (see SOP 9.050 Determination and Extension of Beyond-Use-Dates (BUD) for Compounded Preparations, or equivalent) and Category 3 injectable CSPs compounded from one or more nonsterile component(s) must be tested to ensure that they do not contain excessive bacterial endotoxins (see <85>). Category 2 injectable CSPs compounded from one or more nonsterile component(s) and assigned a BUD that does not require sterility testing should be tested for bacterial endotoxins. In the absence of a bacterial endotoxin limit in an official *USP–NF* monograph or other CSP formula source, the CSP must not exceed the endotoxin limit calculated as described in <85> for the appropriate route of administration for humans.

9.2.1 CSPs for nonhuman species must not exceed the endotoxin limit calculated as described in <85> based on the largest recommended dose and weight (or average weight for more than a single animal) of the target animal species. Calculate and document endotoxin limits according to SOP 4.270 Pyrogen Testing and Use of WinKQCL® IQ and ELx808™ OQ, Endotoxin Limit Calculations and Maximum Valid Dilution (MVD), Attachment 1, or equivalent.

9.3 Physical testing requirements.

9.3.1 At the completion of compounding, end preparation must be visually inspected to determine whether the physical appearance of the CSP is as expected, for example:

9.3.1.1 Container leaks, cracks in the container, or improper seals.

9.3.1.2 Free from inappropriate visible particulates or other foreign matter

9.3.1.3 Solution cloudiness or phase separation.

9.3.1.4 Discoloration.

9.3.1.5 Appropriate volume.

9.3.1.6 Or other defects.

9.3.2 Particulate testing.

9.3.2.1 Compounded sterile preparation solutions shall be checked when being placed into quarantine and individually checked prior to dispensing.

9.3.2.1.1 Wipe the container with a damp, lint-free wipe to remove any external particles.

9.3.2.1.2 Hold the container by its top and swirl the contents by rotating the wrist in a circular motion.

9.3.2.1.3 Hold the container horizontally about four inches below a light source against a white and/or black background and move the container back and forth.

9.3.2.1.4 Slowly invert the container and look for heavy particles that may have settled on the bottom of the container.

9.3.2.2 Bottles containing visible particulate matter must be promptly rejected, clearly labeled as rejected, and segregated from active stock to prevent use before appropriate disposal according to SOP 9.090 Proper Disposal of Pharmacy Waste, or equivalent.

9.4 Accuracy requirements.

9.4.1 Final check of preparation must be performed by a sterile compounding pharmacist.

9.4.2 Accuracy must meet applicable state board requirements.

9.4.3 All preparation weights and volumes must be verified by a sterile compounding pharmacist.

9.4.4 All calculations and volumes must be verified on the batch by a sterile compounding pharmacist.

9.5 Identification and potency requirements.

9.5.1 Verify the label has the correct:

9.5.1.1 Names.

9.5.1.2 Amounts or concentrations of ingredients.

9.5.1.3 Total volume.

9.5.1.4 Beyond-use date.

9.5.1.5 Appropriate route(s) of administration.

9.5.1.6 Storage conditions.

9.5.1.7 Other safe use information as needed.

9.5.2 Verify the compounding record to the original written order for correct identities of ingredients and amounts of ingredients. If any of these cannot be confirmed, the preparation must be reviewed by a sterile compounding pharmacist and appropriate action must be taken, following all necessary and appropriate policies, if applicable.

9.5.3 Verify that correct fill volumes and quantities of units were prepared.

9.5.4 At the discretion of a sterile compounding pharmacist on duty, samples shall be tested for potency using the appropriate method by sending to a contract lab for testing.

9.6 If a pH requirement exists, test pH according to SOP 4.360 Use, Calibration and Maintenance of the pH Meters during the compounding process, or equivalent.

9.7 All autoclaved preparations will include biological indicators and chemical integrators. Results will be documented on appropriate forms as indicated in SOP 8.020 Biological Indicators, or equivalent.

9.8 All preparations sterilized in the dry-heat oven will include biological indicators. Results will be documented on appropriate forms as indicated in SOP 4.380 Use Verification and Maintenance of the Thermo Scientific-Heratherm Dry-Heat Oven, or equivalent.

9.9 All filters used for sterilization by filtration will be integrity tested per SOP 9.210 Integrity Test Method by Bubble Point, or equivalent.

9.9.1 If a filter is lost before it can be tested, the batch must be disposed of according to SOP 9.090 Proper Disposal of Pharmacy Waste, or equivalent, and an OOS must be completed.

9.10 An aqueous multiple-dose CSP must additionally pass antimicrobial effectiveness testing in accordance with USP <797> and <51> Antimicrobial Effectiveness Testing.

9.11 Sterile preparations will not be dispensed until all applicable end preparation testing is complete. Once testing is complete a sterile compounding pharmacist will release the preparation according to SOP 9.080 Preparation Quarantine, Storage and Release, or equivalent.

9.12 If any of the finished preparation testing is out of specification or unacceptable quality (e.g., observed defects), the preparation must be promptly rejected, clearly labeled as rejected, and segregated from active stock to prevent use before an investigation can be performed, according to applicable SOPs. The investigation should determine the cause and if a preparation recall is necessary.

5.0 DEFINITIONS

5.1 Aseptic technique – a set of methods used to keep objects and areas free of microorganisms and thereby minimize infection risk to the patient. It is accomplished through practices that maintain the microbe count at an irreducible minimum (USP <797>).

5.2 Aseptic processing – a method by which separate, sterile components (e.g., drugs, containers, or closures) are brought together under conditions that maintain their sterility. The components can either be purchased as sterile or, when starting with nonsterile components, can be separately sterilized prior to combining (e.g., by membrane filtration or by autoclave) (USP <797>).

5.3 Aseptic processing area – controlled environment for sterile compounding; consists of several zones in which the air supply, materials, equipment, and personnel are regulated to control microbial and particulate contamination to acceptable levels (PCCA).

5.4 Direct compounding area (DCA) – A critical area within the ISO Class 5 PEC where critical sites are exposed to unidirectional HEPA-filtered air, also known as first air (USP

<797>).

5.5 First air – The air exiting the HEPA filter in a unidirectional air stream (USP 797).

5.6 Media fill test - a simulation used to qualify processes and personnel engaged in sterile compounding to ensure that the processes and personnel are able to prepare CSPs without contamination (USP <797>).

5.7 CSP – compounded sterile preparation.

5.8 TSB – tryptic soy broth

5.9 TSA – tryptic soy agar

5.10 SDA – sabouraud dextrose agar

5.11 MEA – malt extract agar (may be used when SDA is unavailable).

5.12 PPE – personal protective equipment

5.13 HEPA – high-efficiency particulate air.

5.14 PEC – primary engineering control

5.15 IPA – isopropyl alcohol

6.0 FREQUENCY

6.1 For high-risk compounding or Category Three CSPs, sterile compounding personnel must each complete an initial media fill before performing sterile compounding or supervising sterile compounding.

6.1.1 For personnel compounding Category Three CSPs, the aseptic manipulation competency (media fill) must occur initially and at least every three months thereafter (USP 797).

6.1.2 Personnel who have direct oversight of sterile compounding personnel must complete a media fill annually. Media fills should correspond to the type of activities of the personnel they oversee but does not require the same quantities (USP 797).

6.2 When the quality assurance program yields an unacceptable result.

6.3 When a change occurs that would impact the aseptic process or when improper aseptic techniques are observed.

7.0 EQUIPMENT & SUPPLIES

7.1 ISO Class 5 (Class 100) or better air

7.2 ISO Class 7 (class 10,000) or better air

7.3 ISO Class 8 (class 100,000) or better air

7.4 Incubator

7.5 Repeater pump

7.6 Laminar airflow workbench/Biological safety cabinet class II

7.7 Scales

7.8 Powder containment hood/Biological safety cabinet class I

7.9 PPE

7.10 For specific media fill supplies, see batch ticket.

8.0 GENERAL INFORMATION

8.1 Media fills must be conducted without interruption.

8.2 Media fills shall be performed under the most challenging or stressful conditions encountered during compounding.

8.3 Separate tests will be performed with prepared TSB. Two positive controls should also be created with the media. These tests should mimic the process of filtration that is most commonly used along with the largest batch volumes each person can filter in a single work shift.

8.4 Media fill procedures mimic making a high-risk/Category Three sterile compounded preparation where non-sterile media is filtered to produce sterile media.

8.5 Media fill turbidity observation will be performed in-house.

Note: In instances where USP and California Board of Pharmacy regulations are in conflict or where current regulations are under board of pharmacy review (e.g., CA BOP reviewing current 2023 compounding regulations in preparation for new USP effective November 1, 2023), Bakersfield will make every effort to follow the strictest rule, regulation, or guideline.

9.0 PROCEDURE

9.1 Media fill procedures.

9.1.1 Growth promotion of media may be done concurrently with the media fill and verified after the media fill run (certificate of analysis indicating vendor growth promotion is acceptable).

9.1.1.1 The incubation temperature will be the same as that used for the media filled units.

9.1.1.2 The medium selected must be capable of growing a wide spectrum of microorganisms and of supporting microbiological recovery and growth of low numbers of microorganisms.

9.1.2 Positive control

9.1.2.1 There shall be two positive controls of media created for each batch ticket.

9.1.3 High-risk/Category Three media fills – non-hazardous and hazardous.

9.1.3.1 All media fills shall be conducted using the current batch ticket utilizing proper aseptic technique according to SOP 1.060 General Aseptic Technique, or equivalent.

9.1.3.2 Media fills shall be conducted in clean room facilities and engineering controls according to SOP 3.010 Sterile Compounding Area Requirements, or equivalent.

9.1.3.3 In an ISO 8 preparation area, dissolve non-sterile TSB granules in sterile water to make a 3% solution.

9.1.3.4 Components should be assembled and brought into the ISO Class 7 buffer room.

9.1.3.5 Disinfect the PEC in accordance with SOP 3.020 Cleaning and Maintenance of the Clean Room Facilities and/or 13.020 Deactivation, Decontamination, Cleaning and Disinfection, or equivalent.

9.1.3.6 Disinfect each component prior to placing in the PEC.

9.1.3.7 Work at least six inches within the PEC to protect the critical sites from

contamination and not interrupt first air.

9.2 Incubation and inspection of media-filled units.

9.2.1 Leaking or damaged media fill units must be removed. Document the quantity removed and the reason for removal on Qualification of Personnel (Media Fills) – Sterile Compounding, Attachment 1, or equivalent, and on the Daily Monitoring Record, SOP 3.030 Environmental Monitoring of the Clean Room Facilities, Attachment 2, or equivalent.

9.2.2 All media fill units and positive control media units shall be incubated at 20°C – 25°C and 30°C – 35°C for a minimum of seven days at each temperature band to detect a broad spectrum of microorganisms.

9.2.3 All media fill units shall be stored and manipulated to allow contact of the media with all product contact surfaces in the unit.

9.2.4 Media shall be visually inspected daily for the presence of visible turbidity or other visual manifestations of growth indicating a media failure. Document daily inspection on SOP 3.030 Environmental Monitoring of the Clean Room Facilities, EM/Media Fill Daily Monitoring Log, Attachment 2, or equivalent.

9.3 Contamination with media.

9.3.1 Contamination of the area and equipment with media during media-fill processing shall not compromise the quality of the facility and equipment or the preparation subsequently processed using the same facility and equipment.

9.3.2 Media spills must be handled properly and promptly by cleaning and disinfecting the facility and equipment according to applicable SOPs (e.g., 7.030 API, Compounded Preparation and Biohazardous Spills, or equivalent).

9.4 Documentation requirements for media fills shall be recorded on Qualification of Personnel – Sterile Compounding form, Attachment 1, or equivalent, the batch ticket or according to SOP 3.030 Environmental Monitoring of the Clean Room Facilities, EM/Media Fill Daily Monitoring Log, Attachment 2, or equivalent.

9.4.1 Documentation shall include, and not be limited to, the following items:

9.4.1.1 Name of the person evaluated/conducting the media fill.

9.4.1.2 Date, time, and location of media fill (*Example Laminar Air Flow Hood number 2).*

9.4.1.3 Components used (e.g., tubing, filter, etc.) to include manufacturer or supplier, lot numbers, expiration date and size.

9.4.1.4 Volume filled and filling speed.

9.4.1.5 Type of media used, manufacturer or supplier, lot number, expiration date and growth promotion date/results (if purchased, a certificate of growth promotion should be maintained on file).

9.4.1.6 Number of units filled.

9.4.1.7 Number of units rejected at inspection and reason for rejection.

9.4.1.8 Number of units incubated.

9.4.1.9 Incubation date, time, temperature. Including incubation start times and temperature intervals.

9.4.1.10 Name(s) or other identification of the observer and the person who reads and documents the results.

9.4.1.11 Number of positive units at the conclusion of the incubation.

9.4.1.12 Results (pass/fail).

9.5 Garbing and cleaning assessments.

9.5.1 Along with the media fill procedure, personnel will be assessed and observed on hand hygiene, garbing, and cleaning competency.

9.5.2 Observations will be recorded by a pharmacist using Aseptic Technique and Related Practices of Compounding Personnel and Hand Hygiene and Garbing Related Practices of Sterile Compounding Personnel/Cleaning Assessment, Attachment 2, or equivalent.

9.5.3 An initial glove test for both hands (fingers and thumbs) will be performed immediately after garbing before spraying hands with IPA. Additionally, gloves test and surface samples of the PEC shall be collected immediately following the media fill test, prior to disinfecting gloves and PEC.

9.5.4 Record the number of cfu per hand (left hand, right hand).

9.6 Personnel and environmental monitoring (EM).

9.6.1 Settling plates.

9.6.1.1 The compounder shall place one TSA settling plate within the PEC for a maximum time of four hours per sub test. This is used as a dynamic condition environmental test.

9.6.2 Glove tests.

9.6.2.1 The compounder shall take glove samples of his or her finger and thumb tips to monitor aseptic technique. Glove tests are to be done at the completion of each media fill sub test prior to disinfecting gloves. The compounder shall roll each gloved fingertip, to include thumbs, to the agar surface, making certain to not re-touch areas. The compounder will test each hand on a separate TSA sampling plate.

9.6.1.2 Gloves must be changed prior to continuing the media fill after touching the agar surface.

9.6.3 Surface sampling.

9.6.3.1 Surface sampling of the direct compounding area must be done at the conclusion of the media fill.

9.6.4 There shall be one positive control contact plate for each lot number of media used. Touch the agar surface with an un-gloved fingertip replace the lid, label the plate appropriately and incubate according to step 9.7.

9.6.5 There shall be one negative control contact plate for each lot number of media used. Label an unopened plate appropriately and incubate according to step 9.7.

9.6.6 For glove tests, record the number of cfu per hand (left hand, right hand).

9.6.7 For environmental monitoring plates, record the number of cfu per sample location.

9.7 In-house incubation of environmental controls and samples.

9.7.1 All TSA plates shall be incubated at 30°C – 35°C for no less than 48 hours and then at 20°C – 25°C for no less than 5 additional days.

9.7.2 Plates shall be checked daily for growth and results documented on SOP 3.030 Environmental Monitoring of the Clean Room Facilities, EM/Media Fill Daily Monitoring Log, Attachment 2, or equivalent.

9.8 Acceptance criteria.

9.8.1 All media must demonstrate growth promotion capabilities.

9.8.1.1 If no growth is observed in the positive control containers, repeat the growth promotion study with new components. Incubate the samples at the appropriate temperature with a negative control for seven days or until growth is observed. If no growth is observed, the medium is unacceptable for use, and the results of the media fill are invalid.

9.8.1.2 A certificate of analysis indicating vendor growth promotion is acceptable.

9.8.2 Calibration documentation of all equipment must be current and verified.

9.8.3 Sterile compounding facilities must meet the requirements outlined in SOP 3.010 Sterile Compounding Area Requirements, or equivalent.

9.8.4 All media fill units must be clear, free of turbidity. Failure is indicated by visual turbidity or other visual manifestations of growth in the media in one or more containers on or before the end of the incubation period.

9.8.5 For glove tests, determine whether the cfu action level is exceeded by counting the total number of cfu from both hands. Action levels are outlined in SOP 3.030 Environmental Monitoring of the Clean Room Facilities, USP Action Levels for Air, Surface, Gloves and Garb Monitoring, Attachment 4, or equivalent. Failure of the media fill assessment is indicated if glove tests meet or exceed action levels.

9.8.6 All in-house environmental data must be recorded, and all results must be within acceptable levels, according to SOP 3.030 Environmental Monitoring of the Clean Room Facilities, or equivalent.

9.8.7 Environmental samples taken in the PEC shall be evaluated and growth shall be identified to at least the genus level when action levels are exceeded regardless of the outcome of the media fill.

9.8.8 All media fill failures must have a formal investigation completed. (SOP 1.030 Deviations – OOS and Corrective and Preventative Action (CAPA) Management, Attachment 3), or equivalent.

9.8.9 A summary report (Validation of Personnel - Sterile Compounding, SOP 2.030 Sterile Compounding Technician and Support Staff Qualification, Attachment 2, or equivalent), along with Attachments 1 and 2, or equivalent, shall be generated for each media fill.

9.8.10 A failure in the media fill, gloved fingertip and thumb sampling or surface sample constitutes an overall failure of the aseptic manipulation competency.

QUALIFICATION OF PERSONNEL (MEDIA FILL) – STERILE COMPOUNDING

Personnel involved in preparing drug compounds shall be evaluated for proper technique and understanding of the concepts behind the procedures to be performed. Qualification shall be handled under a "pass/fail" grading system. If the individual performing the procedure does not "pass" then proper retraining and education shall be given and the individual shall not be allowed to perform the procedure again until competency is demonstrated.

Aseptic Technique and Related Practices of Compounding Personnel (Media Fill)

Aseptic Technique, Safety, and Quality Assurance Practices:

_____ Performs proper hand hygiene, garbing, and gloving procedures according to SOPs.

_____ Disinfects ISO Class 5 surfaces with an appropriate agent(s).

_____ Disinfects components/vials with an appropriate agent prior to placing into ISO Class 5 work area.

_____ Introduces only essential materials in a proper arrangement in the ISO Class 5 work area.

_____ Does not interrupt, impede, or divert flow of first air to critical sites.

_____ Ensures syringes, needles, and tubing remain in their individual packaging and are only opened in ISO Class 5 work area.

_____ Performs manipulations only in the appropriate direct compounding area of the ISO Class 5 device.

_____ Does not expose critical sites to contact contamination or worse than ISO Class 5 air.

_____ Labels preparation(s) correctly.

_____ Disinfects sterile gloves routinely by wiping with sterile 70% IPA during prolonged compounding manipulations.

_____ Disposes of waste according to SOPs.

Cleaning Practices During Media Fill:

_____ Uses disinfectant prepared at correct concentration according to SOP(s) and manufacturer's instructions.

_____ Uses appropriately labeled solution for the type of surface being cleaned (ISO 5, work surfaces, floors, etc.).

_____ At the beginning of each shift, cleans all ISO 5 surfaces prior to compounding in the following order: ceiling, walls, IV bar (if applicable) and work surface.

_____ Uses a lint free ISO 5 wipe soaked with sterile 70% IPA or other approved disinfectant solution and allows to completely dry.

_____ Removes all compounding components and cleans all ISO Class 5 areas at the end of the shift.

_____ Introduces only essential materials in a proper arrangement in the ISO Class 5 work area.

_____ Presents in a clean appropriate attire and manner.
_____ Wears no cosmetics or jewelry (watches, rings, earrings, etc. piercing jewelry included) upon entry into ante-areas.
_____ Brings no food or drinks into or stored in the ante-areas or buffer areas.
_____ Is aware of the line of demarcation separating clean and dirty sides and observes required activities.
_____ Dons beard cover, if necessary.
_____ Dons head cover assuring that all hair is covered.
_____ Dons face mask to cover bridge of nose down to include chin.
_____ Performs hand hygiene procedure by wetting hands and forearms and washing using soap and warm water for at least 30 seconds (procedure performed in prep room).
_____ Dries hands and forearms using lint-free towel (procedure performed in prep room).
_____ Pushes door leading from prep room to garb room open without touching clean hands.
_____ Dons shoe covers one at a time, placing the covered on clean side of the line of demarcation, as appropriate.
_____ Disinfects hands using a waterless alcohol-based surgical hand scrub with persistent activity and allows hands to dry.
_____ Dons first pair of gloves.
_____ Dons a sterile hood by grasping the edges and pulling over the head. Ensure hair cover remains in place.
_____ Selects the appropriate sized coverall, examining for any holes, tears, or other defects.
_____ Dons coverall and ensures full closure.
_____ Dons sterile disposable HD gown over coveralls, if in hazardous room.
_____ Dons a pair of sterilized eye protection. Must be worn in a manner to completely cover eyelashes, eyebrows, and exposed skin not covered by the hood.
_____ Disinfects hands again using a waterless alcohol-based surgical hand scrub with persistent activity.
_____ Ensures there is no exposed skin inside the Buffer room for Category 3 CSPs.
_____ Pushes door from garb room to buffer room open without touching gloves.
_____ Once inside the buffer room, aseptically don a second pair of sterile gloves ensuring there is a tight fit with no excess glove material at the fingertips. Examine for defects, holes, or tears.
_____ Sprays gloves with sterile 70% IPA and allows to air dry before compounding.
_____ While engaging in sterile compounding activities, routinely disinfects gloves with sterile 70% IPA prior to work in the direct compounding area (DCA) and after touching items or surfaces that may contaminate gloves.
_____ Removes gloves and performs hand hygiene (surgical hand scrub).
_____ Removes gown/coverall and discards.
_____ Removes eye protection, hood, mask, beard cover (if used), head cover, first pair of gloves.
_____ PPE was removed on the clean side of the garb room.
_____ Removes shoe covers one at a time, ensuring that uncovered designated shoe is placed on the dirty side of the line of demarcation (Removes shoe covers every time the compounding area is exited).
_____ Performs hand hygiene again (procedure performed in prep room).

1.0 PURPOSE

1.1 Wedgewood Pharmacy, Bakersfield ("Bakersfield") shall require basic qualifications for each employee actively involved in sterile compounding.

2.0 SCOPE

2.1 This procedure applies to all sterile compounding personnel in Bakersfield to include both hazardous and non-hazardous sterile compounding.

3.0 RESPONSIBILITY

3.1 The Sterile Compounding Pharmacist Supervisor shall supervise this procedure or document that another staff member has been designated to complete this task.

3.2 Each pharmacist and technician shall be responsible for ensuring their professional license is kept current and in good standing.

5.0 DEFINITIONS

5.1 ACPE – Accreditation Council for Pharmacy Education

5.2 CFU – colony forming units

5.3 CSP – compounded sterile preparation

6.0 FREQUENCY

6.1 Commencement of employment or initial training before performing sterile compounding.

6.2 For personnel compounding Category Three CSPs, the aseptic manipulation competency (media fill) shall occur initially and at least every three months thereafter.

6.3 Additionally, before beginning to compound CSPs independently personnel must complete training and be able to demonstrate knowledge of principles and competency of skills for performing sterile manipulations and achieving and maintaining appropriate environmental conditions as applicable to their assigned job functions. This must be completed initially and at least every 12 months in at least the areas described in 8.1.4 below.

7.0 EQUIPMENT & SUPPLIES

7.1 N/A

8.0 GENERAL INFORMATION

8.1 Initial sterile technician training (Texas Administrative Code- Rule §291.133, CCR 1751.6(e) and USP <797>).

8.1.1 Initial training must be obtained through completion of either:

8.1.1.1 A single course, a minimum of 40 hours of instruction and experience. Such training shall be obtained through completion of a course sponsored by an ACPE-accredited provider; or

8.1.1.2 A training program which is accredited by the American Society of Health-System Pharmacists.

8.1.2 Complete a structured on-the-job didactic and experiential training program in Bakersfield which provides sufficient hours of instruction and experience in the facility's sterile compounding processes and procedures.

8.1.3 The experiential portion of the training program must be supervised by a trained sterile compounding pharmacist as outlined in SOP 2.060 Compounding Pharmacist Qualification, or equivalent.

8.1.4 The didactic and experiential training shall include instruction, experience and demonstrated proficiency in the following areas:

8.1.4.1 Aseptic technique (CCR 1751.6 (e), TAC §291.133 and <797>).

8.1.4.2 Critical area contamination factors (TAC §291.133).

8.1.4.3 Environmental monitoring (TAC §291.133).

8.1.4.4 Structure and engineering controls related to facilities (TAC §291.133).

8.1.4.5 Container, equipment and closure system selection/equipment and supplies, to include their proper use (CCR 1751.6 (e), TAC §291.133 and <797>).

8.1.4.6 Pharmaceutical calculations and terminology/sterile preparation calculations and terminology (CCR 1751.6 (e) and TAC §291.133).

8.1.4.7 Sterile preparation compounding documentation (e.g., master formulas and batch tickets) (CCR 1751.6 (e), TAC §291.133 and <797>).

8.1.4.8 Quality assurance procedures (CCR 1751.6 (e) and TAC §291.133).

8.1.4.9 Aseptic preparation procedures (CCR 1751.6 (e) and TAC §291.133).

8.1.4.10 Proper hand hygiene, gowning/garbing and gloving technique (CCR 1751.6 (e), TAC §291.133 and <797>).

8.1.4.11 Cleaning, disinfecting, sanitizing, and maintaining of equipment in the controlled area/Cleaning procedures including decontamination (where applicable) (CCR 1751.3, CCR 1751.6 (e) and TAC §291.133).

8.1.4.12 General conduct in the controlled area to include principles of movement of materials and personnel within the compounding area (CCR 1751.6 (e),TAC §291.133 and <797>).

8.1.4.13 Sterilization techniques for compounding sterile drug preparations from one or more non-sterile ingredients; including achieving and/or maintaining sterility (and apyrogenicity if compounding with nonsterile components) (CCR 1751.6 (e) and <797>).

8.1.4.14 Measuring and mixing (<797>).

8.1.4.15 Principles of high-efficiency particulate air (HEPA)-filtered unidirectional airflow within the ISO Class 5 area (<797>).

8.1.4.16 Proper use of PECs (<797>).

8.1.5 Each sterile compounding technician must successfully complete an initial glove/garbing competency evaluation and gloved fingertip/thumb sampling procedure (zero cfu) no less than three times before compounding.

8.1.6 Each sterile compounding technician must successfully complete an initial media fill test before compounding to demonstrate competency in aseptic technique.

8.2 Initial hazardous sterile technician training, if applicable.

8.2.1 A sterile compounding technician must complete all the requirements outlined in 8.1 before becoming trained in hazardous sterile compounding.

8.2.2 Be trained and demonstrate competence in the safe handling and compounding of hazardous agents (CCR 1751.6).

8.2.2.1 To include, and may not be limited to, items addressed in SOPs 13.010 Hazardous Communication Program and 13.020 Deactivation, Decontamination, Cleaning and Disinfection, or equivalent.

8.2.3 Complete an initial media fill in the hazardous clean room to demonstrate competency in aseptic technique.

8.3 Ongoing sterile technician training.

8.3.1 After initial training is complete, each sterile compounding technician must successfully complete a media fill test, glove/garb assessment and cleaning assessment every three months to continue sterile compounding.

8.3.2 Proficiency and competency shall be assessed annually to include topics in section 8.1.4.

8.3.3 If compounding in the hazardous clean room, a separate media fill and glove/garb assessment must be successfully completed every three months to continue hazardous sterile compounding.

8.3.4 Preparation process validations must be completed by each sterile compounding technician per sterilization method every six months (PCAB Standard TCRX5-G).

8.3.5 Annual training for sterile compounding technicians will also include written assessments on medication errors, HIPAA policies, blood borne pathogens and hazardous drugs. Each sterile technician will also be visually assessed by a pharmacist on the proper handling of hazardous drugs, if applicable.

8.4 Initial sterile support staff training.

8.4.1 Sterile support staff will complete a structured on-the-job didactic and experiential training program in Bakersfield which provides sufficient hours of instruction and experience in the facility's sterile compounding processes and procedures.

8.4.2 Sterile support staff must successfully complete an initial glove/garbing competency evaluation and gloved fingertip/thumb sampling procedure (zero cfu) no less than three times before assisting with clean room activities.

8.4.3 Sterile support staff must successfully complete an initial cleaning assessment before being allowed to clean independently.

8.5 Ongoing sterile support staff training.

8.5.1 Support staff shall complete cleaning and glove/garbing assessments every six months to demonstrate proper cleaning techniques.

9.0 PROCEDURE

9.1 Each pharmacy technician will be responsible for obtaining the appropriate number of continuing education hours, for certification, if applicable.

9.1.1 All licensed professionals are required to display their licensure certificates in the pharmacy area for easy access to regulatory agents and the public.

9.1.2 All licensed professionals shall display any additional information required by the appropriate state board of pharmacy.

9.2 Sterile compounding technicians and support staff involved in the sterile compounding process will be evaluated on their physical ability to perform the assigned compounding responsibility without compromising the integrity of the compound. This will include handicap issues (along with dexterity skills) and any illness or injury.

9.3 All sterile compounding technicians shall undergo training and validation of sterile compounding.

9.3.1 Training should be conducted by expert personnel and through audio-video instructional sources and professional publications in theoretical principles and practical skills of aseptic manipulations and in achieving and maintaining ISO Class 5 environmental conditions before they begin to prepare CSPs.

9.3.2 Initial training shall be documented on Initial Sterile Compounding Training, Attachment 1, or equivalent, and Sterile Compounding Technician Training Checklist, Attachment 4, or equivalent, for technicians.

9.3.3 Sterile compounding technicians shall undergo didactic and experiential training as outlined in 8.1.4 and pass written testing initially and annually thereafter for high-risk/Category 3 compounding.

9.3.4 Glove/garbing competency evaluation will be performed prior to initial sterile compounding. Sterile compounding technicians will be reassessed at least every three months thereafter. The initial gloved fingertip/thumb sampling must have zero cfu no less than three times before compounding. Document according to SOP 9.130 Sterile Compounding Process Validation (Media Fills), or equivalent.

9.3.5 Glove/garbing competency evaluation will be performed three times prior to initial sterile compounding.

9.3.5.1 Sterile compounding technician will be visually observed during the process of performing hand hygiene and garbing procedures by a qualified sterile compounding pharmacist. Document according to SOP

9.130 Sterile Compounding Process Validation (Media Fills), Hand Hygiene and Garbing Related Practices of Sterile Compounding Personnel/Cleaning Assessment, Attachment 2, or equivalent.

9.3.5.2 Sterile compounding technician must perform proper hand hygiene and garbing and then, prior to disinfection, a gloved fingertip and thumb sample from both hands of the compounder will be collected onto appropriate agar plates by lightly pressing each fingertip into the agar. Each hand shall be sampled on a separate agar plate. Once the sampling is complete, immediately remove gloves and perform proper hand hygiene procedures before donning a new set of sterile gloves. Document according to SOP 9.130 Sterile Compounding Process Validation (Media Fills), Hand Hygiene and Garbing Related Practices of Sterile Compounding Personnel/Cleaning Assessment, Attachment 2, or equivalent.

9.3.5.3 Incubate the plates according to SOP 9.130 Sterile Compounding Process Validation (Media Fills), or equivalent.

9.3.6 All sterile compounding technicians must successfully complete a high-risk/Category 3 media fill according to SOP 9.130 Sterile Compounding Process Validation (Media Fills), or equivalent, prior to initially compounding and every three months thereafter.

9.3.6.1 Results are recorded on Initial Sterile Compounding Technician Training. Attachment 1, or equivalent, and Validation of Personnel – Sterile Compounding, Attachment 2, or equivalent, and according to SOP 9.130 Sterile Compounding Process Validation (Media Fills), or equivalent.

9.3.7 All sterile compounding technicians and support staff must successfully complete SOP 3.020 Cleaning and Maintenance of the Clean Room Facilities, Cleaning Assessment for Cleaning and Disinfection Procedures in the Clean Room, Attachment 12, or equivalent, initially and every three months thereafter. Assessment must be completed before personnel initially clean and must include deactivation, decontamination, cleaning and disinfection steps according to SOP 13.020 Deactivation, Decontamination, Cleaning and Disinfection, or equivalent, if cleaning in the hazardous clean room.

9.3.8 All sterile compounding technicians must successfully complete preparation process validations every six months, to prove competency, accuracy, and technique on each sterilization method (Attachment 2, or equivalent). This includes a visual inspection of the final preparation by a sterile compounding pharmacist. Potency tests should be performed on each sterilization method initially and every six months thereafter..

9.3.8.1 Validation shall be handled under a "pass/fail" grading system. If the individual performing the procedure does not "pass" then proper retraining and education shall be given and the individual shall not be allowed to perform the procedure again until competency is demonstrated.

9.3.9 Should personnel fail written tests or whose media fill results in microbial colonization or one or more cfu(s) on a glove test between both hands, they shall be immediately re-instructed and re-evaluated by expert compounding personnel to ensure correction of all aseptic deficiencies. Personnel will be restricted from performing sterile compounding or clean room activities until all required evaluations have passed.

9.3.9.1 Positive media fill test results or positive glove/garb competency tests should prompt a rapid and systematic investigation of aseptic technique, environmental control, and other sterility assurance controls according to applicable SOPs (e.g., 1.030 Deviations – OOS and Corrective and Preventative Action (CAPA) Management, or equivalent) to identify sources of contamination and correct problems in the methods or processes.

9.3.9.1.1 If source of contamination is suspected to have originated/resulted from employee technique, validation test(s) shall be performed which may include garbing assessment, media fill assessment (or an abbreviated version) or cleaning assessment. Document according to SOP 3.020 Cleaning and Maintenance of the Clean Room Facilities and/or SOP 9.130 Sterile Compounding Process Validation (Media Fills), or equivalent.

9.4 Before a sterile compounding technician may compound with hazardous drugs, all initial training requirements outlined in section 9.3 and a separate initial hazardous media fill, according to SOP 9.130 Sterile Compounding Process Validation (Media Fills), or equivalent, shall be completed. Once complete, a hazardous media fill shall be performed every three months thereafter.

9.4.1 The sterile compounding technician must have sufficient training on the safe handling and disposal of hazardous drugs according to SOPs 7.030 API and Compounded Preparation Spills, 9.090 Proper Disposal of Pharmacy Waste, 13.010 Hazardous Communication Program and 13.020 Deactivation, Decontamination, Cleaning and Disinfection, or equivalent, before beginning hazardous compounding.

9.5 Sterile compounding support personnel will be trained in their specific duties involving the sterile compounding process.

9.5.1 Glove/garbing competency evaluation will be performed prior to entering the buffer room(s). Each support staff member must successfully complete an initial glove/garbing competency evaluation and gloved fingertip/thumb sampling procedure (zero cfu) no less than three times before entering the buffer room according to section 9.3.5. Support staff will be recertified at least every six months. Document according to SOP 9.130 Sterile Compounding Process Validation (Media Fills), Hand Hygiene and Garbing Related Practices of Sterile Compounding Personnel/Cleaning Assessment, Attachment 2, or equivalent.

9.5.2 Cleaning assessment shall be performed during initial cleaning (weekly, monthly, quarterly) and must include deactivation, decontamination, cleaning, and disinfection steps if cleaning in the hazardous clean room. Staff will be recertified at least semi-annually. Document assessment according to SOP 3.020 Cleaning and Maintenance of the Clean Room Facilities, Cleaning Assessment for Cleaning and Disinfection Procedures in the Clean Room, Attachment 12, or equivalent.

9.6 Should a sterile compounding support staff member fail a glove test with one or more cfu(s) between both hands, they shall be immediately re-instructed and re-evaluated by expert compounding personnel to ensure correction of all aseptic deficiencies. They will be restricted from buffer room access until all required evaluations have passed.

9.6.1 Positive glove/garb competency tests should prompt a rapid and systematic investigation of aseptic technique, environmental control, and other sterility assurance controls according to applicable SOPs (e.g., 1.030 Deviations – OOS

and Corrective and Preventative Action (CAPA) Management, or equivalent) to identify sources of contamination and correct problems in the methods or processes.

9.6.1.1 If source of contamination is suspected to have originated/resulted from employee technique, validation test(s) shall be performed which may include a garbing assessment or cleaning assessment. Document according to SOP 3.020 Cleaning and Maintenance of the Clean Room Facilities and/or SOP 9.130 Sterile Compounding Process Validation (Media Fills), or equivalent.

9.7 Training assessments shall be documented and retained appropriately in the designated employee training binder for at least three years beyond the employee's employment.

9.8 The Sterile Compounding Pharmacist Supervisor shall be responsible for determining if the employee or procedure requires evaluation more frequently than every three months.

9.9 Annual training for all sterile compounding technicians will also include didactic training in blood borne pathogens and written assessments on medication errors and HIPAA procedures. Annual hazardous drug training must be completed according to SOP 13.010 Hazardous Communication Program, or equivalent. All training assessments will be recorded on Annual Sterile Compounding Technician Training, Attachment 3, or equivalent, for each calendar year and retained appropriately in the designated employee training binder.

BASIC STERILE COMPOUNDING TECHNIQUES

Date Completed: _____
Employee Initials: _____
Trainer Initials: _____

☐ Documentation of the Compounding Process

-Go over LFW Checklist, SOP 9.040 Attachment 1, or equivalent: yield, end preparation testing forms, filter info, etc.

-Pull all chemicals and check expiration dates. Check that none of the chemical expiration dates are shorter than the expected BUD of the batch. If there is a shorter date, check with schedule to see if that is okay.

- Log into EBR and scan batch ticket barcode.

-READ ALL DIRECTIONS BEFORE STARTING.

-Choose correct PPE based on the compound and cleanroom (hazardous/non-hazardous).

- Clean the hood and scale with the appropriate cleaners and record in batch notes.

☐ **Powder Checks**

-Check units on scale display are GRAMS.

-Make sure scale is clean from previous use. If not, perform cleaning procedure.

-Check bubble is in middle of circle to ensure scale is level. If not, maneuver the legs to become level.

-Scan all equipment needed to compound into the EBR system (including scales, hood, pH meters, hot plates, etc.)

-Tare weighing container. Make sure scale says zero (0). Hit print button on scale to capture the tare.

-Weigh powder to the correct weight. Hit the print button on the scale again for EBR to capture the weight.

- Continue this process with all ingredients (powders and liquids).

-Clean scale.

-NEVER MOVE A SCALE FROM ITS CURRENT HOOD.

-Change or clean gloves between weighing out each powder to prevent cross contamination.

-Proper measuring and mixing

☐ **Liquid Checks**

-Determine volume needed for log and choose the appropriate equipment (beaker, syringes).

-How to read volume in an oral syringe.

-How to read the volume in a beaker (bottom of meniscus) or graduated cylinder.

-Label beaker with contents.

-Determine which liquid is QS agent.

-This is the liquid that will be used to bring the compound to its final volume.

-Does not need to be poured out of original container until the compound needs to be brought to final volume.

-Proper measuring and mixing

☐ **Processing Agents/pH Adjusters**

-These are formulas made in the pharmacy that will be used in another formula.

-pH adjusters are processing agents and they are only required to adjust pH.

-Ex: Sodium Hydroxide, Hydrochloric Acid, Sulfuric Acid, Citric Acid

-If the pH is too high and you need it to decrease use an acid according to the log directions.

-If the pH is too low and you need it to increase, use a base according to the log directions.

-Go over proper storage containers for specific pH adjusters.

☐ **Q.S. Checks**

-Once everything is mixed according to directions and QS'ed to the appropriate volume, take a picture of the beaker with the final volume and call for a sterile compounding pharmacist to do the QS check.

-Have the pharmacist document in Batch Notes that they did the QS check.

- If consistency is ready, have RPH check consistency at this point as well.

-Once final volume has been checked, compound can be filtered or packaged into final dispensing container to be autoclaved.

☐ **Labels**

-Explain who to give log to so labels can be made.

Have a RPH check the labels

☐ **Final Batch Verification/QC Checks**

Before the pharmacist can close a batch, the technician must perform all of the following in EBR:

Enter the amount of compounded product into production and hit Finish

This checklist may not be all-inclusive of all SOPs. Training and procedures at Wedgewood Pharmacy, Bakersfield and is subject to change without officially updating all SOPs.

Make sure all BOM items used in the compounding process is scanned into EBR
Make sure all equipment used are scanned into EBR
Scrap any materials or products that were discarded during the compounding process.
Make sure all Technician QC checks are completed (PriComp, SecComp, PriPack, SecPack, BWFailQty, BWTestTech)
Take a picture of the LFW Checklist page
Take a picture of the page with all the lot#s and exp dates of BOM items

☐ **General Aseptic Technique**

-Use processes and procedures from formal training.

-Principles of movement of materials and personnel within the compounding area. Decrease talking and fast movements while in the buffer room.

-DO NOT touch face mask or face with sterile gloves on.

-If there is a concern about touch contamination with a filter or other critical site, dispose of the device.

-If leaving the ISO Class 5 Environment for any reason, spray gloves with sterile IPA before re-entering hood.

-All equipment, devices and supplies must be wiped down with sterile IPA before entering the ISO Class 5 environment.

EQUIPMENT

-Go over location in the pharmacy and how to use specific equipment

Trainer Initials:_____

☐ Primary Engineering Controls (ISO 8 Environment)-

-Powder Containment Hood

- Used only for non-hazardous compounding when weighing and mixing powders.

-Biological Safety Cabinet (BSC)- Class I

-Ventilated exhaust to the outside.

- Used for hazardous (or non-hazardous) compounding when weighing and mixing powders.

-Velocity meter

-Large hoods must have main flap down while standing in front of hood. If you need to walk away, make sure the second flap is down.

☐ Primary Engineering Controls (ISO 5 Environment)-

-Laminar Airflow Workbench (Non-Hazardous)

- Air flows from the HEPA filter horizontally across the work surface toward the compounder.

- Used only for non-hazardous sterile compounding.

-Biological Safety Cabinet (BSC)- Class II

-Ventilated exhaust to the outside.

-Air flows from the HEPA filter at the top of the hood vertically down toward the work surface. Air exits through the grates before coming in contact with the compounder.

-Must be used when compounding hazardous drugs.

-Velocity meter

-Large hoods must have main flap down while standing in front of hood. If you need to walk away, make sure the second flap is down.

☐ Read, sign, and date SOP 4.200 Use and Maintenance of the Streamline and Air Sciences Containment/Fume/BSC Class I & Class II/LAFW, or equivalent.

☐ Beakers

-Must use calibrated beakers when bringing formula to volume or measuring out liquids.

-All beakers and glassware should be depyrogenated before using to make sterile compounds.

☐ Read, sign, and date SOP 4.300 Use, Calibration and Maintenance of Beakers, or equivalent.

-Cleaning procedures.

☐ pH Meters

☐ Read, sign, and date SOP 4.360 Use, Calibration and Maintenance of the pH Meters, or equivalent.

-Milwaukee meter should be used for high pH (over 10).

-Paper strips are not as accurate.

☐ Thermometers

☐ Dry Heat Oven

☐ Read, sign, and date SOP 4.380 Use, Verification and Maintenance of the Thermo Scientific Heratherm Dry-Heat Oven, or equivalent.

-Used to sterilize non-aqueous preparations that are resistant to heat degradation.

-Used to depyrogenate glassware and other utensils.

☐ Autoclaves

☐ Read, sign, and date SOP 4.030 Use, Verification and Maintenance of the Tuttnauer EZ10 Electronic Tabletop Autoclave, or equivalent.

-Used to sterilize reusable garb, vials, aqueous preparations and other equipment that cannot be sterilized using dry heat.

-Go over settings to sterilize equipment and preparations.

-Autoclave bags and steam indicator.

☐ Biological Indicators

☐ Read, sign and date SOP 8.020 Biological Indicators, or equivalent.

-Microorganisms encapsulated in glass or plastic and placed inside the autoclave to indicate steam sterilization is effective in killing microbes.

-Glass biological indicators must be placed inside one filled preparation bottle per autoclave. Also need to place a plastic biological indicator on tray per autoclave.

-Chemical indictors placed in dry heat cycle to prove heat cycle reached a certain temperature.

☐ Branson Sonicator

☐ Read, sign, and date 4.230 Use and Maintenance of the Branson Ultrasonic Cleaners, or equivalent.

-Used to break up clumps in autoclaved suspensions.

-Go over settings and when to use.

☐ Repeater Pump

☐ Read, sign, and date 4.220 Use and Maintenance of the Baxa Repeater Pump, or equivalent.

-Go over how to calibrate fill volumes for oil and water-based compounds.

END PREPARATION TESTING

☐ Quarantine Forms

-How to fill them out and what tests need to be performed.

☐ Sterility Testing

-Processes to achieve and maintain sterility and apyrogenicity, if applicable

-Must be performed on all sterile preparations.

-Send the appropriate amount of containers based on the batch size chart.

-Go over procedure on how to send sample to shipping.

-Sterility testing can take 14-18 days depending on the preparation.

Date Completed:_____

Trainer Initials:_____

☐ Pyrogen Testing

-Performed on all injectable sterile preparations. This includes preparations that will remain within a body cavity (e.g. Belly Jelly).

-Determines the amount of endotoxin units in a preparation and it must be lower than the predetermined limit to pass.

-Endotoxins are remnants of bacterial cells that are too small to be filtered out of a preparation but when in high amounts can cause a pyrogenic reaction in the animal it is injected into.

-Endotoxin testing is done by a third party lab.

☐ Bubble Point Testing

-Required for all preparations that are filtered.

-Tests the integrity of the filter by ensuring it can withstand a specific pressure applied to the membrane.

☐ Read, sign, and date SOP 9.210 Integrity Test Method by Bubble Point, or equivalent.

☐ Particulate Observation

-Required for all sterile solutions and some suspensions.

-Bottles with particulate will be discarded.

CLEANING/MAINTENANCE OF THE CLEANROOM AND DISPOSAL OF WASTE

☐ Cleaning Agents

-Disinfectant: Decreases microbial load by killing microorganisms.

-Detergent: Cleans residues and dirt.

-Sporicidal: Robust cleaning agent that kills spores that some microorganisms leave behind after the cell dies.

-Deactivation and Decontamination: Required when compounding with hazardous drugs. Transforms and removes the hazardous drug contaminants on surfaces.

Date Completed:_____
Employee Initials:_____
Trainer Initials:_____

☐ Read, sign, and date SOP 3.020 Cleaning and Maintenance of the Clean Room Facilities, or equivalent.

☐ Read, sign, and date SOP 7.030 API and Compounded Preparation Spills, or equivalent.

☐ Review hood cleaning procedures.

☐ Review contact times of specific cleaning agents currently in use and the order they are used in.

☐ Fill out cleaning and maintenance log when complete with date, time, and initials.

☐ When compounding in the preparation room: keep all bags, weigh boats and other disposable supplies within the powder hood. When cleaning, put all waste in a resealable plastic bag. Seal and wipe outside of bag before bringing out of hood.

-For hazardous compounds, dispose of bag in hazardous waste container.

-For non-hazardous compounds, dispose bag in trash.

☐ Review locations of spill kits, eye wash stations, fire extinguishers.

☐ Daily temperature and humidity log requirements.

☐ Daily pressure readings.

☐ Read, sign and date SOP 4.430 Use, Verification, and Maintenance of the Data Loggers, or equivalent.

☐ Media Fills

-TSB solution is substituted for compounded preparation to test aseptic technique.

-Must be completed quarterly for high-risk compounding.

-If compounding hazardous sterile compounds a separate media fill will also need to be performed quarterly.

-A didactic test will be given at the same time of the media fill.

☐ Read, sign, and date SOP 9.130 Sterile Compounding Process Validations (Media Fills), or equivalent.

Initial media fill completed on: _____ Lot #: _____

Circle One: Hazardous Non-Hazardous

☐ Preparation Process Validations

-Must be completed for every type of sterilization method initially and then every six months thereafter. Complete below for first validation, document second validation in six months according to SOP 2.030 Sterile Compounding Technician and Support Staff Qualification, Attachment 2, or equivalent.

Filter Sterilization Process Validation:

1.0 PURPOSE

1.1 The purpose of this procedure is to establish requirements and documentation for cleaning and maintenance of the clean room facilities.

2.0 SCOPE

2.1 This procedure applies to the Precision Equine (Precision) clean room facilities under conditions that meet or exceed state and federal guidelines as outlined by the United States Pharmacopoeia <797> and <800>.

2.2 This policy must be followed to reduce the amount of particulate matter and microbial contamination.

3.0 RESPONSIBILITY

3.1 The designated sterile compounding supervisor shall supervise this procedure to ensure compliance and documents have been completed for all personnel responsible for cleaning and maintenance of the clean room facilities.

5.0 DEFINITIONS

5.1 LAFW – laminar airflow workbench

5.2 BSC – biological safety cabinet

5.3 Cleaning – the process of removing substances (e.g., organic and inorganic material) from objects and surfaces, normally accomplished by manually or mechanically using water with detergents or enzymatic products. (USP <797>)

5.4 Cleaning agent – An agent, usually containing a surfactant, used for the removal of substances (e.g., dirt, debris, microbes, and residual drugs or chemicals) from surfaces. (USP <797>)

5.5 Daily means occurring every day the pharmacy is operating, except when daily monitoring of refrigerator and freezer temperatures are required, then daily means every 24 hours. (2023 CA 1735.1)

5.6 Disinfectant – A chemical or physical agent used on inanimate surfaces and objects to destroy fungi, viruses, and bacteria. (USP <797>)

5.7 Sanitizing agent - An agent for reducing, on inanimate surfaces, the number of microorganisms (e.g., 70% isopropyl alcohol). (USP <795>)

5.8 Sporicidal – a chemical or physical agent that destroys bacterial and fungal spores when used at a sufficient concentration for a specified contact time. It is expected to kill all vegetative microorganisms (USP <797>).

5.9 PPE – personal protective equipment

5.10 Primary Engineering Control (PEC) - a device or zone that provides an ISO Class 5 air quality environment for sterile compounding.

5.11 IPA – isopropyl alcohol

5.12 CSP – compounded sterile preparation

5.13 EPA – United States Environmental Protection Agency

6.0 FREQUENCY

6.1 Non-hazardous clean room cleaning procedure.

6.1.1 Daily, when compounding occurs.

6.1.1.1 Clean and disinfect all in use work surfaces (e.g., counters, carts) and floors.

6.1.1.2 Clean and disinfect all ISO 5 surfaces of LAFW(s) with sterile cleaning and disinfecting agents.

6.1.1.2.1 Additionally, sterile 70% IPA must be applied to the ISO 5 work surfaces immediately before initiating compounding.

6.1.1.2.2 Sterile 70% IPA must be applied to the ISO 5 horizontal work surface every 30 minutes if the compounding process takes 30 minutes or less. If the compounding process takes more than 30 minutes, compounding must not be disrupted, and the work surface of the LAFW must be disinfected immediately after compounding.

6.1.1.3 Clean and disinfect all contact surfaces of the sink.

6.1.1.4 Clean and disinfect mop pole(s).

6.1.1.5 Clean and disinfect all in-use equipment. Equipment inside the LAFW(s) shall be cleaned and disinfected with sterile agents.

6.1.1.6 Clean and disinfect pass-throughs.

6.1.1.7 Remove and discard trash.

6.1.1.8 Record the temperature and humidity.

6.1.1.9 Record pressure differential.

6.1.2 Weekly

6.1.2.1 Includes all requirements listed in section 6.1 utilizing a sporicidal agent on the following:

6.1.2.2.1 Disinfect inside the LAFW(s), including equipment, with a sterile sporicidal agent.

6.1.2.2.2 Disinfect pass-throughs.

6.1.2.2.3 Disinfect work surfaces

6.1.2.2.4 Disinfect floors.

6.1.3 Monthly

6.1.3.1 Perform and document daily requirements listed in section 6.1.2.

6.1.3.2 Clean and disinfect with a sporicidal agent the waste receptacle.

6.1.3.3 Clean and disinfect with a sporicidal agent all exposed supplies stored in the clean room facilities.

6.1.3.4 Clean and disinfect with a sporicidal agent inside and outside of all items used for storage (e.g. shelving, carts, plastic bins, cabinets, etc.).

6.1.3.5 Clean and disinfect with a sporicidal agent to all walls and ceilings.

6.1.2.6 Clean and disinfect with a sporicidal agent inside of storage totes.

6.1.2.7 Clean and disinfect with a sporicidal agent the surfaces of the sink.

6.1.4 Cleaning steps may be followed with sterile water to remove residue, if recommended by the manufacturer.

6.1.5 In the LAFW(s) sterile 70% IPA must be applied after cleaning and disinfecting, or after the application of a one-step disinfectant cleaner or sporicidal disinfectant, to remove residue.

6.1.6 The final cleaning step should be done with sterile IPA.

6.2 Hazardous clean room cleaning procedure – all steps listed in sections 6.2.1 through 6.2.6 below shall be carried out according to SOP 13.020 Deactivation, Decontamination, Cleaning and Disinfection.

6.2.1 Daily, when compounding occurs.

6.2.1.1 Deactivate, decontaminate, clean, and disinfect all in use work surfaces (e.g., counters, carts).

6.2.1.2 Clean and sanitize floors.

6.2.1.3 Deactivate, decontaminate, clean, and disinfect all ISO 5 surfaces of BSC.

6.2.1.3.1 Additionally, sterile 70% IPA must be applied to the ISO 5 work surfaces immediately before initiating compounding.

6.2.1.3.2 Sterile 70% IPA must be applied to the ISO 5 horizontal work surface every 30 minutes if the compounding process takes 30 minutes or less. If the compounding process takes more than 30 minutes, compounding must not be disrupted, and the work surface of the BSC must be disinfected immediately after compounding.

6.2.1.4 Deactivate, decontaminate, clean, and disinfect all contact surfaces of the sink.

6.2.1.5 Deactivate, decontaminate, clean, and disinfect mop pole(s).

6.2.1.6 Deactivate, decontaminate, clean, and disinfect all in-use equipment.

6.2.1.7 Remove and discard trash.

6.2.1.8 Deactivate, decontaminate, clean, and disinfect trash receptacle.

6.2.1.9 Record the temperature and humidity.

6.2.1.10 Record pressure differential.

NOTE: If no hazardous compounding is occuring on that day, deactivation and decontamination step may be omitted and documented.

6.2.2 Weekly

6.2.2.1 Deactivate and decontaminate floors. Followed by a clean with a sporicidal agent utilizing the appropriate dwell time specified by the manufacturer.

Deactivate, decontaminate, clean and disinfect pass-throughs.

6.2.2.2 Each scheduled weekly clean will replace a daily clean.

6.2.3 Monthly

6.2.3.1 Perform and document requirements listed in section 6.2.1 and 6.2.2.

6.2.3.2 Clean and disinfect all exposed supplies stored in the clean room facilities with a sporicidal agent.

6.2.3.3 Clean and disinfect the inside and outside of all items used for storage (e.g., shelving, carts, plastic bins, cabinets, etc.) with a sporicidal agent.

6.2.3.4 The front valance of the BSC must be removed and deactivated, decontaminated, and cleaned with sporicidal agent and disinfected along with the work tray. Personnel performing this task must wear a full-face piece respirator.

6.2.3.5 Clean, disinfect and apply a sporicidal agent to the surfaces of the sink.

6.2.3.6 Clean and disinfect all walls and ceilings with a sporicidal agent.

6.2.3.7 Each scheduled monthly clean will replace a weekly clean.

6.2.4 All steps shall be performed utilizing the manufacturer's recommendations (e.g., wipe methods, dwell times, etc.).

6.2.5 If environmental monitoring trends show unfavorable results, step 6.2.3.1 may need to be carried out with different agents used in the previous clean.

6.3 Cleaning may be performed on a more frequent basis than outlined in this SOP (e.g., weekly as opposed to monthly).

7.0 EQUIPMENT & SUPPLIES

7.1 Mop(s) with disposable cleaning pads labeled for use on the appropriate surfaces of each clean room facility only.

7.2 Lint-free or low shed towels or wipes.

7.3 70% sterile isopropyl alcohol (IPA)

7.4 Appropriate sanitation agents:

7.4.1 Daily sanitizing agents: quaternary ammonium solution (e.g. TexQ, Decon Quat, or TB1-3300), chlorine-based solution (e.g. BruTab or Bru Clean TbC (Floors)

7.4.2 Sporicidal agents: hydrogen peroxide with peracetic acid (Decon-Spore and Peridox RTU), bleach (Decon sodium hypochlorite)

7.4.3 Deactivation/decontamination agents: EPA-registered oxidizer (e.g., Peridox RTU)

7.4.4 Germicidal detergents: DeconClean

7.4.5 Disinfectant: sterile 70% IPA

7.5 Sterile water

7.6 Waste container liners.

7.7 Step stool, if needed.

7.8 Room thermometer and hygrometer.

7.9 Hood pressure monitors

7.10 Room pressure monitors (manometers)

7.11 PPE – personnel protective equipment

7.12 Dedicated mop poles for each room.

8.0 GENERAL INFORMATION

8.1 Surfaces in cleanrooms used to prepare compounded sterile preparations must be cleaned, disinfected and sporicidal disinfectants applied according to the frequencies described in this SOP.

8.2 Additionally, in a PEC, sterile 70% IPA must be applied after cleaning and disinfecting, or after the application of a one-step disinfectant cleaner or sporicidal disinfectant, to remove any residue. Sterile 70% IPA must also be applied immediately before initiating compounding. During the compounding process sterile 70% IPA must be applied to the horizontal work surface, including any removable work trays, of the PEC at least every 30 min if the compounding process takes 30 min or less. If the compounding process takes more than 30 min, compounding must not be disrupted, and the work surface of the PEC must be disinfected immediately after compounding.

8.3 Surfaces must be cleaned prior to being disinfected with an EPA-registered disinfectant unless an EPA-registered one-step disinfectant cleaner is used to accomplish both the cleaning and disinfection in one step. A sporicidal disinfectant must also be applied. Some EPA-registered one-step disinfectant cleaners may have sporicidal properties.

8.4 Sanitizing solutions/disinfectants

8.4.1 Quaternary ammonium disinfectant (e.g., TexQ, Decon Quat or TB1-3300)

8.4.2 Floor sanitizers (e.g., BruTab or Bru Clean TbC)

8.4.3 Sterile 70% IPA – All IPA designated for use in the clean room facility must be sterile.

8.5 Sporicidal agents

8.5.1 Hydrogen peroxide with peracetic acid (e.g., Decon-Spore 200 Plus and Peridox RTU).

8.5.2 Hydrogen peroxide 6%

8.5.3 Sodium hypochlorite (e.g., Hypo-Chlor)

8.6 Deactivation/decontamination agents - EPA-registered oxidizers (e.g., Peridox RTU, Hypo-Chlor).

8.7 Cleaning shall be done using a sanitizer and sterile water, if applicable, followed by a disinfectant. The use of a sporicidal agent is required as detailed in section 6.0.

8.7.1 In the hazardous clean room, deactivation/decontamination, cleaning and disinfection are required daily in the PEC (when used), any time a spill occurs, before and after certification, any time voluntary power interruption occurs, and if the ventilation tool is moved where hazardous drugs are handled.

8.7.2 All cleaning materials, such as wipers, sponges, and mops, shall be non-shedding or low-lint and dedicated for use in the cleanroom, or ante-area. Materials shall not be removed from these areas except for disposal. In addition, cleaning and disinfecting supplies used in the PEC must be sterile with the exception of tool handles and holders, which must be cleaned and disinfected prior to use in a PEC.

8.8 Cleaning effectiveness of the clean room is checked by periodic environmental surveys as per SOP 3.030 Environmental Monitoring of the Clean Room Facilities.

8.9 Always refer to manufacturer recommendations for appropriate dwell times and dilutions, if applicable.

8.10 Document the agent in use on the appropriate attachment.

8.11 Cleaning, disinfecting and sporicidal agents used within the PEC must be sterile. When diluting concentrated cleaning and disinfecting agents for use in the PEC, sterile water must be used. In classified areas outside of the PEC, sterile cleaning and disinfecting agents should be used. When diluting concentrated cleaning and disinfecting agents for use outside of the PEC, sterile water should be used.

8.12 All hazardous cleaning processes performed in this SOP shall also be in compliance with SOP 13.020 Deactivation, Decontamination, Cleaning and Disinfection.

8.13 Dwell time requirements, monitoring and documentation shall be recorded on applicable attachments.

9.0 PROCEDURE

9.1 Personnel must be properly attired and gowned according to SOP 9.120 Required Garb for Clean Room Facilities Access. Additional PPE may be necessary as required by specific agents being used to clean (refer to manufacturer's recommendations).

9.2 The necessary cleaning materials are dedicated solely to cleaning each clean room facility. These materials shall be labeled as such, stored in the appropriate room of each clean room facility, and shall be kept separate from other cleaning materials.

9.3 Cleaning solutions shall be prepared as needed.

9.3.1 Do not combine disinfectants or use them in concentrations other than those outlined in the SOPs or manufacturers' recommendations.

9.4 Except for cleaning/disinfection of the LAFW, BSC and powder/fume hoods, cleaning of the sterile compounding area is prohibited during compounding operations within the same room.

9.4.1 Ensure all compounding operations are completed and all equipment has been removed from the LAFW, BSC or, powder/fume hood prior to cleaning.

9.4.2 The operator must clean and disinfect the exposed work surfaces (counters and walls) of the LAFW, BSC as follows:

9.4.2.1 Cleaning and disinfection, using a suitable sterile agent, shall occur on all surfaces in the ISO Class 5 PEC as outlined in section 6.0, including:

9.4.2.1.1 Daily, when compounding occurs.

9.4.2.1.2 Disinfect at least every 30 minutes when compounding Processes take 30 minutes or less. If the compounding process takes longer than 30 minutes, compounding must not be disrupted and must be disinfected immediately after.

9.4.2.1.3 After each spill.

9.4.2.1.4 When surface contamination is known or suspected.

9.4.2.1.5 Disinfection with sterile 70% IPA must occur in the PEC immediately prior to starting compounding.

9.4.3 When compounding hazardous drugs the operator must deactivate, decontaminate, clean, and disinfect the exposed work surfaces (counters and walls) of the BSC at least daily (when used) and:

9.4.3.1 Between compounding of different hazardous drugs.

9.4.3.2 After each spill.

9.4.3.3 Before and after certification.

9.4.3.4 After a voluntary power interruption occurs.

9.4.3.5 When the BSC is moved.

9.4.3.6 Disinfection with sterile 70% IPA must occur in the PEC immediately prior to starting compounding.

9.4.3.7 Disinfect at least every 30 minutes when compounding processes take 30 minutes or less. If the compounding process takes longer than 30 minutes, compounding must not be disrupted and must be disinfected immediately after.

9.5 Mop pole(s) will be cleaned before and after each use with appropriate agent(s).

9.6 The order of cleaning within the clean room facilities is as follows:

9.6.1 Non-hazardous clean room.

9.6.1.1 LAFW (ISO 5)

9.6.1.2 Buffer room (ISO 7)

9.6.1.3 Garb room (ISO 8)

9.6.1.4 Preparation room (ISO 8)

9.6.2 Hazardous clean room.

9.6.2.1 BSC (ISO 5)

9.6.2.2 Buffer room (ISO 7), may be cleaned at the same time as the garb room.

9.6.2.3 Garb room (ISO 7), may be cleaned at the same time as the buffer room.

9.6.2.4 Preparation room (ISO 8), may be cleaned at the same time as the air lock.

9.6.2.5 Air lock (ISO 8), may be cleaned at the same time as the preparation room.

9.7 A cleaning assessment will be completed initially and every six months thereafter for cleaning staff using Cleaning Assessment for Cleaning and Disinfection Procedures in the Clean Room, Attachment 12. Assessment shall be completed during a scheduled weekly or monthly clean.

9.8 Reusable PPE and garb shall be cleaned and sanitized according to SOP 4.030 Use, Verification, and Maintenance of the Tabletop Autoclave.

9.9 Daily, when compounding occurs – non-hazardous clean room.

9.9.1 Empty all waste receptacles by removing the filled plastic bag. If necessary, wipe the receptacle with cleaning solution and then disinfect, let dry and then place a clean plastic bag in the receptacle. Do not remove or relocate receptacles within the clean room facility.

9.9.2 Temperature, humidity and pressure readings shall be taken in all areas of the clean room facility and may be monitored electronically.

9.9.2.1 The humidity should be maintained in the range of 15%-60%.

9.9.2.2 The temperature shall be maintained ≤ 20°C (≤ 68°F).

9.9.2.3 For non-hazardous sterile compounding a positive pressure differential of at least 0.02 inch water column relative to all adjacent spaces is required.

9.9.2.4 Document temperature and humidity results on the Facility Control Monitoring of the Non-Hazardous Clean Room Facility, Attachment 9, as appropriate.

9.9.2.5 Document pressure results of the non-hazardous clean room on the Manometer Record – Non-Hazardous Clean Room Facility, Attachment 13.

9.9.3 The ISO 5 equipment/devices should be cleaned and disinfected in the following order (if applicable): walls, IV bar, automated compounding devices and work surface.

9.9.4 Clean and disinfect all areas at the frequency outlined in section 6.0.

9.9.5 Clean and disinfect the floors, starting at corner farthest from the door and working toward the center of the room from each sidewall toward the door. Mop heads used to clean the floor are only used in this area and then not re-used.

9.9.6 Allow all rooms and equipment to air dry, before sterile compounding resumes.

9.9.7 Cleaning shall be performed using a disinfectant or one-step cleaning and disinfecting agent followed by sterile IPA, if required by the agent's manufacturer. Non-shedding or low-lint material shall be used for cleaning.

9.9.8 Document all activities and agents used on the appropriate attachment. If the equipment is not in use, write "N/A" in the appropriate location on the form.

9.10 Weekly requirements

9.10 Weekly

9.10.1 Perform cleaning and disinfection with a sporicidal agent on the areas outlined in section 6.0.

9.11 Monthly requirements.

9.11.1 Perform cleaning and disinfection with sporicidal agent on areas outlined in 6.0.

9.11.2 Once ISO 5 area is cleaned and disinfected as instructed in section 9.9, clean, disinfect with a sporicidal agent to the ceiling first beginning at the farthest point from the door and working toward the door.

9.11.3 Clean and disinfect with a sporicidal agent to the walls beginning with the wall farthest from the door and working toward the door. Using a wall mop, start at the ceiling and make uniform vertical strokes to floor.

9.11.4 Remove all supplies from shelving and carts. Clean and disinfect with a sporicidal agent to the storage units and supplies.

9.11.5 Clean and disinfect with a sporicidal agent to all buffer area totes, storage shelves and contents by removing contents and using a cleaning solution-soaked lint free wipe, clean the inside surfaces of the tote and the entire exterior surfaces of the tote. Allow totes to dry. Prior to replacing contents into the tote, wipe tote with sterile water to remove disinfectant residues, if recommended by the manufacturer, followed by sterile IPA. Use new wipes as needed.

9.11.6 Clean and disinfect with a sporicidal agent to all buffer area carts and contents by removing contents and using a cleaning solution-soaked lint free wipe. Clean all carts starting with the top shelf and top of post, working down to the wheels. Clean the underside of the shelves in the same manner. Use a new wipe for each cart. Allow to dry. Wipe carts with sterile water to remove disinfectant residue, if recommended by the manufacturer, followed by sterile IPA. Use new wipes as needed.

9.11.7 Clean and disinfect with a sporicidal agent to the surfaces of the sink.

9.11.8 Clean and disinfect with a sporicidal agent to the floors starting at corner farthest from the door and work toward the center of the room from each sidewall toward the door. Mop heads used to clean the floor are only used on the floor in this area and then not re-used.

9.11.9 Clean and disinfect with a sporicidal agent to the buffer area stools using a cleaning solution-soaked lint free wipe. Start at the top (seat) and work towards the floor.

9.11.10 Clean and disinfect with a sporicidal agent to the trash receptacle (interior and exterior), let dry and place a clean bag in the receptacle.

9.11.11 Allow all rooms and equipment to air dry before sterile compounding resumes.

9.11.12 Document all activities and cleaning solution used on the appropriate Cleaning and Maintenance of the Clean Room Facility attachment (Attachments 1-8). If the equipment is not in use, write "N/A" in the appropriate location on the form.

9.12 All cleaning should be performed upon completion of compounding, so the clean room facility is always left clean. Cleaning may be performed as often as needed, but the minimum requirements are outlined in Section 6.0.

9.13 A trained sterile compounding pharmacist shall ensure the completion of tasks on a daily basis, and shall review, sign and date the appropriate attachment at the end of each month. The attachment shall be retained.

9.14 The clean room facilities and PECs shall be certified semi-annually by an approved third-party contractor according to SOP 3.030 Environmental Monitoring of the Clean Room Facilities.

9.15 In the event of a procedure deviation or error (e.g., wrong solution used, incorrect room pressure, temperature, etc.), notify the sterile compounding supervisor (designated person) and the Facilities Supervisor immediately and document accordingly.

9.15.1 In the event of temperature excursions lasting longer than 24 hours, Precision will notify the appropriate state board(s) of pharmacy, if drug components are stored in the affected area(s) (NJ).

9.16 Daily requirements – hazardous.

9.16.1 All hazardous cleaning processes shall be according to SOP 13.020 Deactivation, Decontamination, Cleaning and Disinfection.

9.16.2 Empty all waste receptacles by removing the filled plastic bag. If necessary, perform cleaning process according to SOP 13.020 Deactivation, Decontamination, Cleaning and Disinfection with appropriate agents, let dry and then place a clean plastic bag in the receptacle. Do not remove or relocate receptacles within the clean room facility.

9.16.3 Temperature, humidity and pressure readings shall be taken in all areas of the clean room facility and may be monitored electronically.

9.16.3.1 The humidity should be maintained in the range of 15%-60%.

9.16.3.2 The temperature shall be maintained ≤ 20°C (≤ 68°F).

9.16.3.3 For hazardous sterile compounding negative pressure of 0.01 to 0.03 inches of water column relative to adjacent spaces is required in the buffer and prep rooms. A positive pressure differential of at least 0.02 inch water column relative to adjacent spaces is required for the garb and air lock rooms.

9.16.3.4 Document temperature and humidity results on the Facility Control Monitoring of the Hazardous Clean Room Facility, Attachment 10, or attach printout and date and initial.

9.16.3.5 Document pressure results on Facility Control Monitoring of the Hazardous Clean Room Facility, Attachment 10.

9.16.4 The BSC equipment/devices cleaning process should be conducted in the following order (if applicable): ceiling, walls, IV bar, automated compounding devices and work surface.

9.16.5 Deactivate, decontaminate, clean, and disinfect ISO 5 work surfaces at the frequency outlined in Section 6.0.

9.16.6 Deactivate, decontaminate, and clean in use equipment and devices including high-touch areas like telephones, intercoms, and door handles.

9.16.7 Deactivate, decontaminate and clean the floors starting at corner farthest from the door and work toward the center of the room from each sidewall toward the door. Mop heads used to clean the floor are only used in this area and then not re-used.

9.16.8 Deactivate, decontaminate, clean and disinfect sink and other contact surface areas in the prep room.

9.16.9 Allow all rooms and equipment to air dry before sterile compounding resumes.

9.16.10 Document all activities and cleaning solutions used on the appropriate Cleaning and Maintenance of the Clean Room Facility attachment. If the equipment is not in use, write "N/A" in the appropriate location on the form.

NOTE: If no hazardous compounding is occuring on that day, deactivation and decontemination step may be omitted and documented.

9.17 Weekly requirements.

9.17.1 Perform all daily cleaning activities in 9.16.

9.18 Monthly requirements.

9.18.1 Perform all cleaning activities in 9.16.

9.18.2 Once ISO 5 area's cleaning process is complete as instructed in section 9.16, clean and disinfect the ceiling first beginning at the farthest point from the door and working toward the door.

9.18.3 Clean and disinfect the walls beginning with the wall farthest from the door and working toward the door.

9.18.4 Remove all supplies from shelving and carts. Clean and disinfect with a sporicidal agent the storage units and supplies.

9.18.5 Clean and disinfect with a sporicidal agent all buffer area totes, storage shelves and contents by removing contents and using the appropriate solution-soaked lint free wipe. Wipe the inside surfaces of the tote and the entire exterior surfaces of the tote. Allow totes to dry. Follow with sterile IPA. Use new wipes as needed.

9.18.6 Clean and disinfect with a sporicidal agent all buffer area carts and contents by removing contents and using the appropriate solution-soaked lint free wipe. Begin the cleaning process with the top shelf and top of post, working down to the wheels. Continue with the underside of the shelves in the same manner. Use a new wipe for each cart.

9.18.7 Clean and disinfect with a sporicidal agent buffer area stools. Start at the top (seat) and work towards the floor.

9.18.8 Deactivate, decontaminate, clean, and disinfect the trash receptacle (interior and exterior), let dry and place a clean bag in the receptacle.

9.18.9 Clean and disinfect with a sporicidal agent to the surfaces of the sink.

9.18.10 Allow all rooms and equipment to air dry, before sterile compounding resumes.

9.18.11 The front valance of the BSC must be removed. The work tray and front valance must be deactivated, decontaminated, cleaned, and disinfected. Personnel performing this task must wear a full-face piece respirator.

9.18.12 Document all activities and cleaning solution used on the appropriate Cleaning and Maintenance of the Clean Room Facility attachment (Attachments 1-8). If the equipment is not in use, write "N/A" in the appropriate location on the form.

9.19 All cleaning processes shall be performed upon completion of compounding, so the clean room facility is always left clean. Cleaning process of the facility may be performed as often as needed, but the minimum requirement is at the end of the day after compounding.

9.20 A trained sterile compounding pharmacist shall ensure the completion of tasks on a daily basis, and shall review, sign and date the appropriate attachment at the end of each month. The attachment shall be retained.

9.21 The clean room facilities and PECs shall be certified semi-annually by an approved third-party contractor according to SOP 3.030 Environmental Monitoring of the Clean Room Facilities.

9.22 In the event of a procedure deviation or error (e.g., wrong solution used, incorrect room pressure, temperature, etc.) notify a trained sterile compounding pharmacist and the facility coordinator immediately and document accordingly.

9.22.1 In the event of temperature excursions lasting longer than 24 hours, Precision Pharmacy will notify the appropriate state board(s) of pharmacy, if drug components are stored in the affected areas (NJ).

Cleaning Assessment for Cleaning and Disinfection Procedures in the Clean Room

General:

_____ Follows proper garbing and gloving procedures.

_____ Uses proper PPE for the cleaning solutions being used.

_____ Prepares correct concentration of disinfectant solution according to manufacturer's instructions.

_____ All surfaces of the room are being saturated for the proper dwell time per the cleaning agent being used.

Monthly Tasks:

_____ Cleans ISO 5 areas first in the following order (if applicable): walls, IV bar, automated compounding devices, and work surface.

_____ Starts cleaning in buffer room (cleanest) and works towards prep room/air lock (dirtiest).

_____ Cleaning of ceilings is started at the wall opposite the room entry door and is cleaned toward the door to the next room.

_____ Cleaning of walls is started at the wall opposite the room entry door and is cleaned toward the door to the next room.

_____ All vertical surfaces are cleaned with continuous strokes from the top to the bottom.

_____ All areas of hoods are cleaned including the entire hood exterior and underneath surfaces.

_____ All chairs are cleaned from the top of the chair to the wheels.

_____ All carts/shelves are cleaned with contents being removed first. Starting with the top shelf and top of post clean the carts working down toward the wheels. Cleans the underside of shelves in a similar manner. Uses a new wipe for each cart. Allows carts to dry. Wipes carts with sterile 70% IPA (or sterile water, if recommended by manufacturer) to remove disinfectant residue. Uses new wipe as needed.

_____ All trash receptacles are cleaned inside and out.

_____ Cleans all counters and work surfaces.

_____ Floors are mopped with designated floor mop starting at the wall opposite the room entry door; floor surfaces are mopped in even strokes toward the operator.

_____ Cleans all buffer area totes and storage shelves by removing contents. Cleans the inside surfaces of the tote and then the entire exterior surfaces of the tote. Allows tote to dry. Prior to replacing contents into the tote, wipes tote with sterile water, if recommended by manufacturer, to remove disinfectant residue. Uses new wipe as needed.

_____ All remaining residues on surfaces are removed with sterile water and sterile 70% IPA, with the final step always being sterile 70% IPA, if needed.

_____ Correct documentation has been completed, signed, and dated.

All steps were followed per SOP 3.020 Yes ☐ No ☐

5.0 DEFINITIONS

5.1 Cleaning – the process of removing soil (e.g., organic and inorganic material) from objects and surfaces, normally accomplished by manually or mechanically using water with detergents or enzymatic products. (USP <800>)

5.2 Deactivation – treatment of an HD contaminant on surfaces with a chemical, heat, ultraviolet light, or another agent to transform the HD into a less hazardous agent. (USP <800>)

5.3 Decontamination – inactivation, neutralization, or removal of HD contaminants on surfaces, usually by chemical means. (USP <800>)

5.4 Detergent – cleaning solution used to remove dirt and chemical residue.

5.5 Disinfectant –a chemical or physical agent used on inanimate surfaces and objects to destroy fungi, viruses, and bacteria. Sporicidal disinfectants are considered a special class of disinfectants that also are effective against bacterial and fungal spores. . (USP <797>)

5.6 Hazardous drug (HD) – any drug identified by at least one of the following six criteria: carcinogenicity, teratogencity or developmental toxicity, reproductive toxicity in humans, organ toxicity at low dose in humans or animals, genotoxicity, or new drugs that mimic existing HDs in structure or toxicity (USP <797> and <800>). Bakersfield's HDs are listed

on Wedgewood Pharmacy, Bakersfield Hazardous Drug List, Attachment 1, SOP 13.010 Hazardous Communication Program, or equivalent.

5.7 PEC – primary engineering control.

5.8 PPE – personal protective equipment.

5.9 IPA – isopropyl alcohol

6.0 FREQUENCY

6.1 Frequency of cleaning shall be performed according to frequency outlined in SOPs 3.020 Cleaning and Maintenance of the Clean Room Facilities, or equivalent, and 3.050 Cleaning and Maintenance of the Non-Sterile Compounding and Storage Areas, or equivalent.

7.0 EQUIPMENT & SUPPLIES

7.1 PPE

7.9 Mop pads

8.0 GENERAL INFORMATION

8.1 All areas where HDs are handled and all reusable equipment and devices must be deactivated, decontaminated, and cleaned. Additionally, sterile compounding areas and devices must be subsequently disinfected.

8.2 All personnel who perform deactivation, decontamination, cleaning, and disinfection activities in hazardous drug handling areas must be trained in appropriate procedures to protect themselves and the environment from contamination. All personnel performing these activities must wear appropriate PPE resistant to the cleaning agents used, including two pairs of chemotherapy gloves and impermeable disposable gowns. Additionally, eye protection and face shields must be used if splashing is likely. If warranted by the activity, respiratory protection must be used.

8.3 The deactivating, decontaminating, cleaning, and disinfecting agents selected must be appropriate for the type of hazardous drug contaminant(s), location, and surface materials. The products used must be compatible with the surface material. Consult manufacturer or supplier information for compatibility with cleaning agents used. Agents used for deactivation, decontamination, and cleaning should be applied through the use of wipes wetted with appropriate solution and not delivered by a spray bottle to avoid spreading hazardous drug residue.

8.4 Deactivation

8.4.1 Deactivation renders a compound inert or inactive. While deactivating a hazardous drug is preferred, no single process or agent has been found to deactivate all currently available hazardous drugs from different surface materials. Residue from deactivation must be removed by decontaminating the surface. The ultimate goal should be complete surface decontamination.

8.4.2 Products that have known deactivation properties (EPA-registered oxidizing agents that are appropriate for the intended use) should be used when possible. There is no one proven method for deactivating all compounds.

8.4.3 Manufacturer or supplier directions shall be followed when using the deactivating agent(s) (e.g., how to apply, if a neutralizer is needed, contact time, etc.)

8.5 Decontamination

8.5.1 Decontamination occurs by inactivating, neutralizing, or physically removing hazardous drug residue from non-disposable surfaces and transferring it to absorbent, disposable materials (e.g., wipes, pads, or towels) appropriate to the area being cleaned. Decontamination may also be considered the combined process of cleaning and deactivating.

8.5.2 The work surface of the PEC must be decontaminated between compounding of different hazardous drugs. The PEC must be decontaminated at least daily (when used), any time a spill occurs, before and after certification, any time voluntary power interruption occurs, and if the ventilation tool is moved.

8.5.3 The area under the work tray of the PEC should be deactivated, decontaminated, and cleaned at least monthly, if applicable.

8.5.3.1 Deactivate, decontaminate, and clean as much as possible of the PEC surfaces before accessing the area under the work tray. When deactivating, decontaminating, and cleaning under the work tray of the PEC, the containment airflows are compromised by opening the cabinet. To provide protection to the employee performing this task, respiratory protection may be required.

8.5.4 Manufacturer or supplier directions shall be followed when using the decontaminating agent(s) (e.g., how to apply, if a neutralizer is needed, contact time, etc.)

8.6 Cleaning

8.6.1 Cleaning is a process that results in the removal of contaminants (e.g., soil, microbial contamination, HD residue) from objects and surfaces using water, detergents, surfactants, solvents, and/or other chemicals.

8.6.2 Cleaning agents used on compounding equipment should not introduce microbial contamination.

8.6.3 No cleaning step may be performed when compounding activities are occurring.

8.6.4 Manufacturer or supplier directions shall be followed when using the cleaning agent(s) (e.g., how to apply, if a neutralizer is needed, contact time, etc.)

8.7 Disinfection

8.7.1 Disinfection is a process of inhibiting or destroying microorganisms.

8.7.2 Before disinfection can be adequately performed, surfaces must be cleaned.

8.7.3 Disinfection must be done for areas intended to be sterile, including the sterile compounding areas.

8.8 One agent may be used to satisfy all or multiple steps if, according to the manufacturer or supplier, the agent meets the criteria listed in the table below.

Cleaning Steps		
Cleaning Step	**Purpose**	**Example Agents**

Deactivation	Render compound inert or inactive.	As listed in the hazardous drug labeling or other agents which may incorporate Environmental Protection Agency – registered oxidizers (e.g., peroxide formulations, sodium hypochlorite, etc.).
Decontamination	Remove hazardous drug residue.	Materials that have been validated to be effective for hazardous drug decontamination, or through other materials proven to be effective through testing, which may include alcohol, water, peroxide, or sodium hypochlorite.
Cleaning	Remove organic and inorganic material.	Germicidal detergent
Disinfection (for sterile compounding)	Destroy microorganisms.	Environmental Protection Agency-registered disinfectant and/or sterile alcohol as appropriate for use.

9.0 PROCEDURE

9.1 Before beginning the deactivation, decontamination, cleaning, and disinfection process for any reason (e.g., regularly scheduled process or a spill) personnel shall be properly garbed according to the SOP applicable to the procedure.

9.2 When beginning the process of deactivation, decontamination, cleaning, and disinfection always work through areas as outlined in SOP 3.020 Cleaning and Maintenance of the Clean Room Facilities, or equivalent, or SOP 3.050 Cleaning and Maintenance of the Non-Sterile Compounding and Storage Areas, or equivalent.

9.3 Deactivation and decontamination.

9.3.1 Deactivation shall be achieved by rendering the hazardous drug inert.

9.3.2 For hazardous drug powder residue, wet a dry lint free wipe with an EPA-registered oxidizer (e.g., PeridoxRTU) to remove the hazardous drug. For liquid hazardous drug residue, remove the liquid residue with a dry wipe and then deactivate according to powder residue directions. Discard wipes according to SOP 9.090 Proper Disposal of Pharmacy Waste, or equivalent.

9.3.3 The deactivating agent should not be sprayed but poured on a wipe or use a pre-wet wipe to avoid aerosolizing the hazardous drug.

9.3.4 Decontamination occurs when a deactivated hazardous drug is transferred from a non-disposable surface to a disposable one and removed from the area (i.e., wiping the deactivating agent from the work surface and the hazardous drug is transferred to the wipe).

9.4 Cleaning

9.4.1 No cleaning step shall be performed while compounding activities are occurring.

9.4.2 Saturate a new dry wipe with a germicidal detergent (e.g., PeridoxRTU).

9.4.3 Wipe the surface with the saturated wipe, utilizing overlapping, unidirectional strokes in an order applicable to the area or equipment being cleaned.

9.4.4 Reapply agent to the existing or a new wipe as needed to thoroughly clean the entire surface or area. Allow the agent to sit for the appropriate contact time for germicidal or sporicidal action.

9.4.5 To remove residue, wipe surface with water or IPA after appropriate contact time.

9.4.6 For sterile compounding, proceed to 9.5.

9.5 Disinfection, if applicable, for sterile compounding area(s) and equipment only.

9.5.1 Once area or surface to be cleaned has been saturated with wet wipe, allow the surface to remain wet for the specified contact time according to the manufacturer for antimicrobial or sporicidal activity.

9.5.2 After the specified contact time has lapsed, complete the process by wiping the area or surface with a new wipe wetted with sterile 70% IPA.

9.6 All hazardous drug cleaning materials must be discarded as hazardous waste according to SOP 9.090 Proper Disposal of Pharmacy Waste, or equivalent.

6.0 FREQUENCY

6.1 According to CCR 1707.2 Duty to Consult, a pharmacist shall provide oral consultation to his or her patient or patient's agent in all settings when a prescription is dispensed by the pharmacy.

6.1.1 Upon request.

6.1.2 Whenever the pharmacist deems it warranted in the exercise of his or her professional judgement.

6.1.3 Whenever the prescription drug has not been dispensed to a patient; or

6.1.4 Whenever a prescription drug not previously dispensed to a patient In the same dosage form, strength or with the same written directions.

7.0 EQUIPMENT & SUPPLIES

7.1 Compounded preparation.

7.2 Patient advisory leaflet (PAL) – informational sheet that address topics specific to a medication or class of medications.

7.3 Wedgewood Pharmacy Bakersfield Information Sheet, Attachment 1.

8.0 GENERAL INFORMATION

8.1 Patient consultation may include and is not necessarily be limited to:

8.1.1 Making appropriate recommendations regarding medication therapy management and adherence;

8.1.2 Obtaining a medication profile, allergy and pertinent medical history from the patient seeking consultation;

8.1.3 Evaluating the patient's medication profile, in conjunction with applicable allergies and disease states, in order to determine appropriate interventions and/or referrals;

8.1.4 Ensuring the patient understands the counseling points explained;

8.1.5 Establishing contact with the patient's provider in the event a referral or intervention in therapy is needed;

8.1.6 Performing a full review of the information obtained from the patient, looking for issues pertaining to non-compliance, inappropriate therapies or prescribing practices; over/underutilization, and interactions with other medications, allergies, disease-states, or supplements; and

8.1.7 Recording pertinent information related to the information obtained from the patient and the counseling performed in the patient's profile or the pharmacy's counseling log, if applicable.

6.2 Pharmacists involved in patient consultation shall complete the appropriate training requirements for their position according to SOP 2.060 Compounding Pharmacist Qualification.

8.3 Wedgewood's website shall clearly provide information regarding pharmacist consultation and provide a phone number a patient may use to request pharmacist consultation.

8.4 All mailed prescriptions shall receive Wedgewood Pharmacy Bakersfield Information Sheet, Attachment 1, advising of their right to consultation.

8.5 All prescriptions will be dispensed with the corresponding PAL.

8.6 Wedgewood Pharmacy Bakersfield Information Sheet, Attachment 1, advises patient owner/caregivers that medications may be dispensed without a child resistant safety cap.

9.0 PROCEDURE

9.1 When oral consultation is provided, whether in person or by telephone, it shall include at least the following:

9.1.1 Directions for use and storage and the importance of compliance with directions; and

9.1.2 Precautions and relevant warnings, including common severe side or adverse effects or interactions that may be encountered.

9.2 Whenever a pharmacist deems it warranted in the exercise of his or her professional judgment, oral consultation shall also include:

9.2.1 The name and description of the medication;

9.2.2 The route of administration, dosage form, dosage, and duration of drug therapy;

9.2.3 Any special directions for use and storage;

9.2.4 Precautions for preparation and administration by the patient, including techniques for self-monitoring drug therapy;

9.2.5 Prescription refill information;

9.2.6 Therapeutic contraindications, avoidance of common severe side or adverse effects or known interactions, including serious potential interactions with known nonprescription medications and therapeutic contraindications and the action required if such side or adverse effects or interactions or therapeutic contraindications are present or occur;

9.2.7 Action to be taken in the event of a missed dose.

9.3 Notwithstanding the requirements set forth in subsection 9.1 and 9.2, a pharmacist is not required to provide oral consultation when a patient or the patient's agent refuses such consultation. (9.1 through 9.3; CCR Sections 1707.2 Duty to Consult.)

9.4 The patient owner/caregiver shall be counseled on the appropriate use of the compounded preparation, any adverse effects the patient should be aware of and any additional information relevant to the compounded preparation, as outlined in 9.1 and 9.2 above.

9.4.1 Consultation shall include the proper use, storage, handling, and disposal of sterile injectable preparations, if applicable. (CCR 1751.6[a])

9.5 Prescription refills shall be counseled upon request or when a pharmacist deems necessary.

9.6 When physically present, the patient owner/caregiver shall be counseled in a private or semi-private area such that sensitive patient information may be retained and so the pharmacist has access to a computer for patient information.

9.7 Special instructions and information shall be distributed with the preparation if available and/or upon request. (Example: Topi-Click Micro Transdermal applicator instructions, Attachment 4)

9.8 Patient owner/caregiver that have received their preparation via mail will receive Wedgewood Pharmacy Bakersfield Information Sheet, Attachment 1, which advises patient owners/caregivers of at least the following:

9.8.1 Their right to request consultation. (CCR 1707.2)

9.8.2 Hours of availability and a toll-free telephone number from which they may obtain oral consultation from a pharmacist who has ready access to the patient's record. (CCR 1702)

You have the right to receive consultation from a pharmacist. If you wish to receive a consultation regarding your medication, please contact the pharmacy.

A pharmacist may be reached during normal business hours Monday-Friday 8:15AM-5:15PM (PST) or after hours for emergency consultation.

This medication has been compounded for your animal as prescribed by your veterinarian. This medication should only be given to the animal for which it was prescribed. Wedgewood cannot accept returned medications.

Storage and Stability:

- Store the medication at the recommended storage temperature provided on the label. Minimize exposure to extreme temperatures and humidity.
- Failure to store preparations at the recommended temperature may subject the medication to degradation.
- Before administering, examine the medication for signs of instability or degradation which may include change in color, odor, consistency, or appearance.

How to dispose of unused or expired medication:

- Mix medication with an unpalatable substance such as kitty litter or used coffee grounds.
- Place the mixture in a disposable container with a lid, or a sealed plastic bag.
- Conceal or remove any personal or drug information on original prescription container before throwing it away in your household trash.
- The sealed container or bag with drug mixture and the empty prescription containers can now be placed in the trash.
- **Do Not** flush unused medication or pour down a sink or drain.
- For more information on disposal of unused medications please contact the pharmacy or visit "How to Dispose of Unused Medicines" https://www.fda.gov/drugs/safe-disposal-medicines/disposal-unused-medicines-what-you-should-know.

Controlled Substance Prescriptions:

- If you are receiving a controlled substance prescription for an animal under your care, be advised your information may be shared with governmental bodies for administration purposes as required by law.

Questions or concerns?

- To report any adverse events, complaints or grievances related to compounded preparation(s), please contact the pharmacy immediately to speak to a pharmacist. Wedgewood will conduct an investigation and keep the caregiver and veterinarian informed of the investigation progress.

Notice of Privacy Practice is available on our website www.precisionpharmacy.com. Please contact the pharmacy if you would like a copy to be mailed to you.

Step 4: Needle Disposal

Used Needle Disposal

- Used needles should be placed in puncture-resistant, sharps containers immediately after use.
- Keep sharps containers out of reach from children or animals.
- Contact local facilities for disposal sites or services. These may include:
  - Community drop-off collection areas
  - Home needle destruction services
  - Residential "special waste pickup services"
  - Household "hazardous waste centers"

What NOT to Do

- Reuse needles
- Place used needles in the garbage
- Flush needles down the toilet
- Place needles in recycling bins

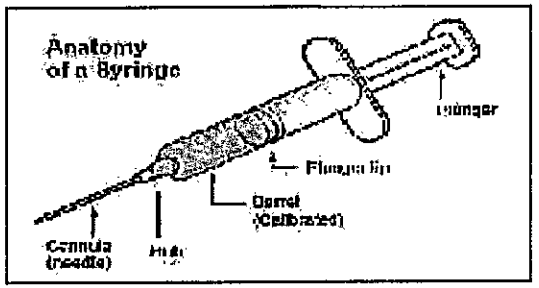
An Owner's Guide to Administering Intramuscular Injections for Horses

This is a quick, step-by-step reference for administering IM injections to horses. These guidelines are intended to supplement directions given by your veterinarian. For further instructions or training please contact your prescribing veterinarian.

- **Step 1: Consult Your Veterinarian**
- **Step 2: Preparation of Injection Site**
- **Step 3: Administration**
- **Step 4: Needle Disposal**



Step 1: Consult Your Veterinarian

Consultation

- Administering IM injections is a common procedure but improper technique can lead to serious infections or abscesses.
- Discuss signs and symptoms with your veterinarian of adverse drug reactions and what to do if they occur.

Caregiver Safety

- If you are unsure how the horse will react to an injection, it is best to untie the horse and have someone else hold the lead line. A tied horse may panic with the constraint resulting in handler injury.
- If the horse moves during the injection, it is best to move with the animal and then finish the injection after the horse has calmed down.

Medication Precautions

- Always check the medication label for the correct drug name, dosage, expiration and storage instructions.
- Never mix different medications into the same syringe unless specifically instructed.
- Wear gloves while administering the injection since some medications can be absorbed through human skin.

Step 2: Preparation of Injection Site

Needle Selection

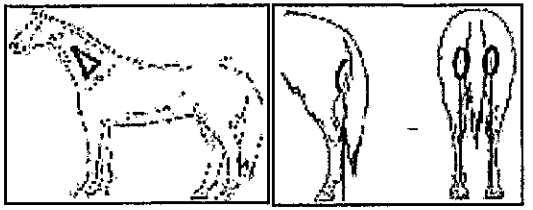
- Use sterile individually packaged syringes.
- Never reuse a needle since this can spread diseases and cause infections.
- Needle gauge selection will depend on the thickness of the medication to be administered. Consult your veterinarian or pharmacist if you are unsure.

Medication Preparation

- Remove the needle cap but do not touch the needle shaft.
- Draw up a volume of air equal to the dose volume.
- Swab the top of the vial with alcohol and insert needle into vial.
- Tilt the vial upside down and inject some air into the bottle. Continue to move plunger back and forth until all volume is pulled up in syringe.
- Pull the needle out of the vial and hold with the needle pointing up. Tap the barrel to move all air bubbles to the top and push plunger up to remove any remaining air. Recap the needle.

Injection Site

- Choose a large muscle mass area that will facilitate drug absorption and also ensure handler safety (common areas pictured below).
- Remove any dirt from the selected area and swab the skin with an alcohol-soaked pad.



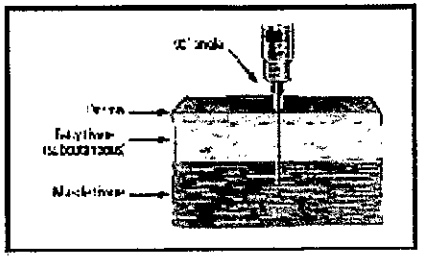
Step 3: Administration

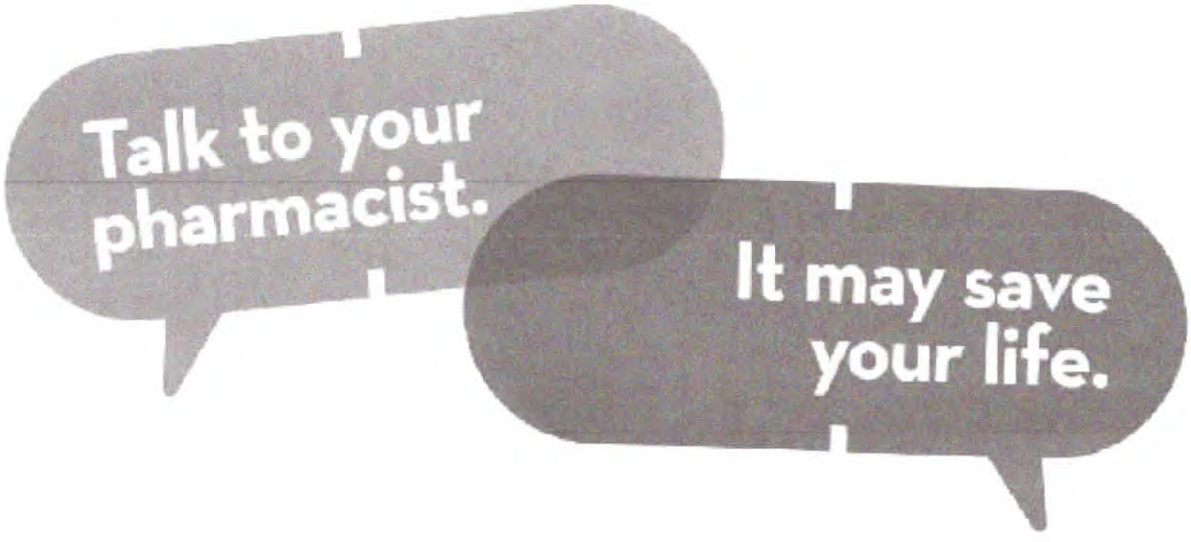
Injection Administration

- Pinch the skin next to the injection site. This will distract the animal and help with the needle insertion.
- Insert the needle perpendicular to the skin (at a 90° angle) and push the needle into the muscle until the hub touches the skin. This should be done quickly to ease the pain for the horse.
- Pull back slightly on the plunger before giving the injection to ensure the needle is not in a blood vessel.
- If blood enters the syringe or collects at the hub, pull the needle out and replace it with a new sterile needle to start the procedure again.
- Push down on the plunger slowly to inject all the medication from the syringe into the muscle.

Adverse Reaction Observation

- After the injection has been administered, observe the horse for at least 30 minutes. Signs and symptoms of an anaphylactic reaction usually happen immediately. This is a serious reaction and your veterinarian should be contacted immediately.
- Other symptoms of allergic reactions may include hives, site swelling, increased breathing rate or agitation. If this occurs, stop using the medication and contact your veterinarian.





Illinois law requires the pharmacist talk to you about any new or changed prescriptions.

Education ensures safe and effective use of your medications, reducing the chances of a serious interaction.

If you receive prescriptions by mail, you may contact the pharmacist at the number provided on your order.

If the pharmacist fails to discuss any new or changed prescriptions with you, please contact the state regiulatory authority.

Topi-CLICK

Topical Dosing Applicators

by DOSELOGIX

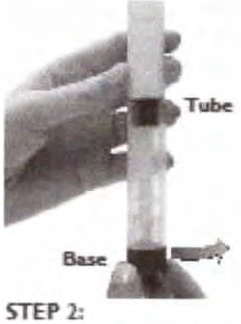
Topi-CLICK MICRO™ User Instructions

Topical Micro-dosing Application

- Automated, metered topical dosing provides an accurate and consistent dose every time
- Audible, Tactile and Visual CLICKs indicate measure of dose (no need to manually mark dose)
- Innovative triad-shape allows for precision handling
- Built-in REFILL Badge helps patients reorder medication on-time

Pet Owner Approved MICRO

STEP 1:
Unscrew the cap of the Topi-CLICK® Micro™ and set aside for recapping after use.



STEP 2:
Holding the Micro™ in an upright position, turn/CLICK the **Base** the number of CLICKs or mLs specified on the prescription label. Use the Audible, Tactile and Visual CLICK points of the triad-shaped **Base** as dosing indicators. Be sure to align Base with the Triad Tube to ensure dose is fully dispensed.

STEP 3:
Apply topical medication with built-in applicator as directed by physician or pharmacist. Continue rubbing until preparation is completely absorbed into the skin. **IMPORTANT:** The built-in applicator lessens the risk of transference to unintended areas. No need to use your fingertips to apply medication.

STEP 4:
Screw on cap after each dose to prevent evaporation. Be sure cap is secured completely.

Each turn/Click of the base dispenses 0.05 mL of medication accurately.

Innovative TRIAD Shape Allows Precision Application Control

The Refill Badge™ reminder system helps patients reorder in a timely manner.

When the **TOP** black line of the **Plunger** reaches the embossed line below the word "REFILL" approximately 32 CLICKs are left. Approximately 12 CLICKs remain at the line above the word "REFILL".

Note: Graduated Marks are for pharmacy filling purposes only. Follow instructions on prescription label before use. Topi-CLICK® Micro™ is not re-fillable.

Made of FDA grade materials | Phthalate free | blocks UV and is Recyclable ♺.

Wisconsin law requires the pharmacist to consult with you about any new or changed prescriptions. You may contact the pharmacy about any prescription.

Contact the pharmacy about any delivery concerns including:

- Timeliness of delivery.
- Condition of the prescription drug upon delivery.
- Failure to receive the proper prescription drug product or device

Any prescription which is damaged or lost due to delivery must be replaced by the pharmacy at no additional cost to the patient. If the timeliness of the replacement leads to an interruption in therapy, the dispensing pharmacy must take steps to reduce patient harm.

If a pharmacist fails to consult or resolve your delivery concern, you may contact:

New Jersey Patient Advisory

Advising patients on the proper disposal of unused prescription drugs and controlled dangerous substances; dispensing prescription drugs.

When unused, unwanted, or expired drugs and medications are not properly, safely, and promptly disposed of:

- there is a risk that the drug or medication can be stolen, diverted, abused, misused, or accidentally ingested, which can pose a risk to the health and safety of the patient and other members of the patient's household;
- children are particularly at risk of accidentally ingesting unused, unwanted, and expired medications that have not been properly, safely, and promptly disposed of;
- when drugs or medications are disposed of in the household trash or flushed down the drain, the drugs and medications can leak into the ecosystem, which can have a potentially adverse or harmful effect on the environment; and
- when drugs or medications are disposed of in the household trash without the drug or medication having been rendered deactivated, inaccessible, or otherwise unusable, the drug or medication may be stolen by individuals seeking to divert, abuse, or misuse the drug or medication.

How to dispose of unused or expired medication:

- Mix medication with an unpalatable substance such as kitty litter or used coffee grounds
- Place the mixture in a disposable container with a lid, or a sealed plastic bag.
- Conceal or remove any personal or drug information on original prescription container before throwing it away in your household trash.
- The sealed container or bag with drug mixture and the empty prescription containers can now be placed in the trash.
- **Do Not** flush unused medication or pour down a sink or drain.
- For more information on disposal of unused medications please contact the pharmacy or visit "How to Dispose of Unused Medicines" https://www.fda.gov/drugs/safe-disposal-medicines/disposal-unused-medicines-what-you-should-know

Thank you for allowing us to be a part of your animal's care.

This medicine was compounded specifically for your animal to fill a prescription written by your veterinarian. It was specially made to meet your animal's individual needs. For this reason, no standardized information or literature is available with your prescription. If you have not done so, please discuss this medicine with your veterinarian to ensure that you understand (1) why your animal has been prescribed a compounded medicine, (2) how to properly give the medicine, and (3) the interactions, if any, this medicine may have with any other medicines your animal is taking.

Compounding is a long-standing pharmacy practice that allows practitioners to treat their patients' individual needs without being restricted only to off-the-shelf medicines or devices. This medicine was prepared in a compounding pharmacy to meet the specifications ordered by your animal's veterinarian.

Our pharmacists will be happy to help with any additional questions or concerns. If we are unable to resolve your concern, the pharmacy manager shall be notified as soon as reasonably possible and an investigation shall be initiated within 72 hours after being made aware of an incident, accident, variance or unusual occurrence and you will be informed of the outcome by telephone or in writing. If the pharmacy manager is unable to resolve your concern, our accrediting agency ACHC may be contacted at **855-937-2242**.

WEDGEWOOD PHARMACY LLC	
TITLE: ENVIRONMENTAL MONITORING OF THE CLEAN ROOM FACILITIES	
SOP NUMBER: 3.030	**VERSION NUMBER: 21.0**
Authorized By:	Date:
Written By: PCCA/Rachel Taggs/Chris Shine	Date: 3-24-2022
Reviewed By:	Date:
Date Effective:	

1.0 PURPOSE

1.1 The purpose of this procedure is to establish requirements for non-viable and viable environmental monitoring (EM) of the clean room facilities.

2.0 SCOPE

2.1 This procedure applies to Wedgewood Pharmacy, Bakersfield ("Bakersfield") clean room facilities under conditions that meet or exceed state and federal guidelines as outlined by the United States Pharmacopeia <797>.

2.2 This procedure must be followed to reduce the amount of particulate matter and microbial contamination.

3.0 RESPONSIBILITY

3.1 The Sterile Compounding Pharmacist Supervisor shall supervise this procedure and document that all personnel responsible for EM of the clean room facility comply with this procedure.

4.0 REFERENCE

4.1 USP Current Version <797> "Pharmaceutical Compounding – Sterile Preparations"

4.2 ISO 14644-4 Clean Rooms and Associated Controlled Environments, Part 4

4.3 USP Current Version <1116> "Microbiological Control and Monitoring of Aseptic Process Environments"

4.4 SOP 3.010 Sterile Compounding Area Requirements, or equivalent

4.5 SOP 3.020 Cleaning and Maintenance of the Clean Room Facilities, or equivalent

4.6 SOP 9.120 Required Garb for Clean Room Facilities Access, or equivalent

4.7 SOP 4.340 Use, Calibration and Maintenance of the SAS Super 180 Microbiological Air Sampler, or equivalent

4.8 2024 Lawbook for Pharmacy, California; 1751.4 Facility and Equipment Standards for Sterile Compounding

5.0 DEFINITIONS

5.1 CFU – colony forming unit

5.2 TSA – tryptic soy agar

5.3 SDA – sabouraud dextrose agar

5.4 MEA – malt extract agar (may be used when SDA is unavailable)

5.5 PEC – primary engineering control

5.6 Non-viable air sampler – device used to provide quantitative analysis of all airborne particles $\geq 0.5\mu m$ in diameter. (PCCA)

5.7 Viable air sampler – device used to provide quantitative analysis of viable airborne particles. (PCCA)

5.8 Surface contact plate – device of known surface area providing a convex surface to remove viable particles from a flat work surface. (PCCA)

5.9 ISO classifications

5.9.1 ISO Class 5 is equivalent to Class 100.

5.9.2 ISO Class 6 is equivalent to Class 1,000.

5.9.3 ISO Class 7 is equivalent to Class 10,000.

5.9.4 ISO Class 8 is equivalent to Class 100,000.

5.10 Action level – Signals a potential drift from normal operating conditions when normal levels of viable/non-viable particulate in a controlled environment are exceeded; reaching action level requires an investigation and corresponding corrective action (Attachment 4). (PCCA)

5.11 LAFW/BSC – laminar flow workbench / biological safety cabinet

5.12 EM – environmental monitoring

5.13 HEPA – high efficiency particulate air

5.14 IPA – isopropyl alcohol

6.0 FREQUENCY

6.1 Sterile compounding personnel who directly perform sterile compounding duties shall perform glove tests at least every three months when completing a quarterly media fill. The test shall be conducted after garbing and **prior to disinfecting gloves.**

6.2 Surface sampling of all classified areas, and pass-throughs chambers connecting to a classified area, must be completed prior to assigning a BUD longer than the limits established in USP <797> and at least weekly on a regularly scheduled basis regardless of the frequency of compounding. Additionally, surface sampling must be conducted within the PEC at the end of each batch before cleaning and disinfection occurs.

6.3 Viable air samples must be conducted prior to compounding occurs in each classified area (e.g., ISO Class 5 PEC, ISO Class 7 and 8 rooms) under dynamic conditions monthly with use of an impaction air sampler testing a least 1 cubic meter of 1000L of air per location by qualified personnel via media contact plates.

6.4 A sterile compounding pharmacist shall review EM data at least quarterly to ensure no adverse trends exist.

6.5 EM data shall be reviewed, initialed, and dated by the Sterile Compounding Pharmacist Supervisor upon completion.

7.0 EQUIPMENT & SUPPLIES

7.1 Contracted third party (e.g. CTS, C.E.R.T.S, ENV)

7.2 TSA/SDA/MEA media plates. Surface contact plates must contain neutralizers (e.g. lecithin and polysorbate 80).

7.3 Impaction Viable Air Sampler (e.g., SAS Super 180)

7.4 70% sterile isopropyl alcohol

7.5 Appropriate user manuals.

7.6 Sterile compounding garb.

8.0 GENERAL INFORMATION

8.1 EM sampling should flow from "cleanest" areas to "dirtiest" areas.

8.2 Sample sites chosen include locations within ISO class 5, 7 and 8 environments. Sites are also chosen based on greatest risk of contamination (e.g. work areas near the ISO class 5 environment, pass-through boxes, shelving, carts, door handles, etc.).

8.3 Certification and testing of primary and secondary engineering controls shall be performed no less than every six months. Additionally, microbiological air and surface sampling must be performed in the following circumstances: in conjunction with the certification of new facilities or equipment, after servicing of facilities or equipment, in response to identified problems (e.g., positive growth in sterility tests of CSPs), in response to identified trends (e.g., repeated positive gloved fingertip and thumb sampling results, failed media fill testing, or repeated observations of air or surface contamination), and/or in response to changes that could impact the sterile compounding environment (e.g., change in cleaning agents).

8.3.1 Certification must be completed by a qualified technician who is familiar with certification methods and procedures in accordance with CETA Certification Guide for Sterile Compounding Facilities (CAG-003-2006-13, Revised May 20, 2015). The certification shall also include video of smoke studies in all ISO 5 certified areas. (CA 1751.4(f))

8.4 Viable surface sampling shall be done at least every six months for all sterile-to-sterile compounding and quarterly for all non-sterile-to-sterile compounding. (CA 1751.4(j))

8.5 Viable air sampling shall be done by volumetric air sampling procedures which test a sufficient volume of air (400 to 1,000 liters) at each location and shall be done at least once every six months. (CA 1751.4(j))

8.5.1 Viable surface and viable air sampling shall be performed by a qualified individual who is familiar with the methods and procedures for surface testing and air sampling. (CA 1751.4(j))

8.5.2 Viable air sampling is to be performed under dynamic conditions that simulate actual production. (CA 1751.4(j))

8.5.3 Viable surface sampling is to be performed under dynamic conditions of actual compounding. (CA 1751.4(j))

8.5.4 When the environmental monitoring action levels are exceeded, the pharmacy shall identify the CFUs at least to the genus level in addition to conducting an investigation pursuant to its policies and procedures. Remediation shall include, at minimum, an immediate investigation of cleaning and compounding operations and facility management. (CA 1751.4(j))

Note: In instances where USP and California Board of Pharmacy regulations are in conflict or where current regulations are under board of pharmacy review (e.g., CA BOP reviewing current 2023 compounding regulations in preparation for new USP effective November 1, 2023), Bakersfield will make every effort to follow the strictest rule, regulation, or guideline.

9.0 PROCEDURE

9.1 Upon receipt of commercial media products, verify the manufacturer's certificate of testing and conformance.

9.2 Verify that the certificate of conformance documents the manufacturer's testing of positive and negative controls for the lot of media. If documentation is not provided, quarantine the media and do not use until appropriate certification is received.

9.2.1 Document receipt and verification of the media products on Receipt of Testing Media, Attachment 1, or equivalent, and retain.

9.2.2 Store the media according to the manufacturer's recommendation.

9.3 All sampling should be performed with TSA media incubated at 30°-35°C for no less than 48 hours and then at 20°-25°C for no less than 5 additional days according to USP <797>. Only one TSA sample per sampling location is required if the dual incubation temperature procedure is used.

9.3.1 Alternative incubation schedules using a duplicate TSA media plate per sample location or an alternate media type per sample location may be used as outlined in USP <797> if the procedure outlined in 9.3 cannot be followed.

9.4 Non-viable air sampling

9.4.1 Non-viable air sampling will be performed semi-annually for certification and as needed by a contract vendor for the clean rooms, LAFWs and BSC.

9.4.2 A copy of the final report will be reviewed, initialed and dated by the Sterile Compounding Pharmacist Supervisor and retained.

9.5 Viable air sampling

9.5.1 Viable air sampling will be performed as part of the semi-annual certification of the clean rooms, LAFWs and BSC utilizing the appropriate equipment.

9.5.2 Viable air samples will also be taken monthly with the use of an impaction air sampling device (e.g., SAS 180 Microbiological Air Sampler) by qualified personnel via media contact plates and according to appropriate equipment SOP.

9.5.3 Obtain the appropriate quantity of contact plates from storage.

9.5.4 Label each plate with the following information:

9.5.4.1 Sample code (e.g. A1S25).

9.5.4.2 Date (mmddyy).

9.5.4.3 Initials of the analyst.

9.5.5 Inspect each media plate and discard any damaged or contaminated media and replace. Verify media is within expiration dating.

9.5.6 Don all appropriate clean room garb and sterile gloves as per SOP 9.120 Required Garb for Clean Room Facilities Access, or equivalent. Be sure to periodically sanitize gloves with sterile 70% IPA or appropriate disinfectant while sampling.

9.5.7 Record sample location and times samples are taken on Non-Hazardous Clean Room Environmental Monitoring Cover Sheet, Attachment 5 or Hazardous Clean Room Environmental Monitoring Cover Sheet, Attachment 7, or equivalent (depending on clean room facility).

9.5.8 Sampling technique

9.5.8.1 Prior to sampling, verify that the battery is charged to last the duration of the sampling period.

9.5.8.2 Wipe the exterior of the unit with a sporicidal agent prior to coming in contact with any controlled environment.

9.5.8.3 Use a new or autoclaved head for the first sampling cycle. The stainless steel sampling head, with its protective plastic lid, may be autoclaved at 121 C for 15 minutes. For each following cycle, the head must be sanitized with 70% sterile IPA. Pre-sterilized plastic sampling heads may also be used.

9.5.8.4 The sampling head can be sanitized by treating the inside and outside surfaces with a wipe saturated with sterile 70% IPA before each cycle.

9.5.8.5 Sanitize the unit using 70% IPA spray for approximately 30 seconds at a distance of approximately 30 cm while the instrument is running. This must be completed before sampling is started and between each sample site.

9.5.8.6 Unscrew and remove the aspirating head by turning counterclockwise.

9.5.8.7 Unscrew the head of the sampler without touching the inside surface or placing your hand over the aspirating section of the head.

9.5.8.8 Insert the contact plate into the plate holder of the sampler and remove the lid of the contact plate.

9.5.8.9 Place the lid face down on a clean wipe that is saturated with 70% IPA.

9.5.8.10 Screw the aspirating head on the sampler and begin sampling, by turning the sampler on.

9.5.8.11 At the end of the sampling cycle, unscrew the aspirating head, put the lid on the plate and remove the contact plate from the sampler.

9.5.9 Clean the unit according to the setting. For example, after sampling the hazardous clean room, clean according to SOP 13.020 Deactivation, Decontamination, Cleaning and Disinfection, or equivalent.

9.5.10 Incubate all samples according to USP. Record daily observation on EM/Media Fill Daily Monitoring Log, Attachment 2, or equivalent. Samples may be shipped to a contract lab for incubation.

9.5.11 When the environmental monitoring action levels are exceeded, samples will be sent to a third party laboratory to be identified at least to the genus level.

9.5.12 Record viable air sampling results on EM/Media Fill Daily Monitoring Log, Attachment 2, or equivalent, obtain review by a sterile compounding pharmacist and retain.

9.6 Surface sampling

9.6.1 Surface samples must be performed within the PEC at the end of each batch before cleaning and disinfection occurs. Additionally, surface sampling shall also occur within the classified (ISO Class 5, 7, and 8) areas and pass-throughs prior to assigning a BUD longer than the limits established in USP 797 prior to cleaning on a weekly basis.

9.6.2 Obtain the appropriate quantity of contact plates from storage.

9.6.2.1 Inspect each plate and discard any damaged or contaminated media and replace. Verify media is within expiration dating.

9.6.2.2 Record sample location and times samples are taken on Non-Hazardous Clean Room Environmental Monitoring Cover Sheet, Attachment 5, or Hazardous Clean Room Environmental Monitoring Cover Sheet, Attachment 7, or equivalent, depending on clean room facility.

9.6.3 Don all appropriate clean room garb and sterile gloves as per SOP 9.120 Required Garb for Clean Room Facilities Access, or equivalent. Be sure to periodically sanitize gloves with sterile 70% IPA or appropriate disinfectant while sampling.

9.6.4 Sampling technique:

9.6.4.1 Aseptically open the media and hold the surface of the agar face down. Do not touch the agar surface. If agar is touched, discard the plate and begin again.

9.6.4.2 Gently touch the media to the desired surface.

9.6.4.3 Replace the cover.

9.6.4.4 Label each plate with the following information, and reference to sampling map, which includes sampling site (Non-Hazardous Clean Room Facility Sampling Map, Attachment 3 or Hazardous Clean Room Facility Map, Attachment 6, or equivalent - depending on clean room facility), and environmental monitoring cover sheet, which includes time, location, and if sample taken was done under dynamic conditions (Non-Hazardous Clean Room Environmental Monitoring Cover Sheet, Attachment 5 or Hazardous Clean Room Environmental Monitoring Cover Sheet, Attachment 7, or equivelent - depending on clean room facility).

9.6.4.4.1 Sample code (e.g. A1S25).

9.6.4.4.2 Date (mmddyy)

9.6.4.4.3 Initials of the analyst.

9.6.4.5 Clean the sample site per SOP 3.020 Cleaning and Maintenance of the Clean Room Facilities, or equivalent, before proceeding to the next site.

9.6.5 Incubate all samples according to USP. Record daily observation on EM/Media Fill Daily Monitoring Log, Attachment 2, or equivalent. Samples may be shipped to a contract lab for incubation.

9.6.6 When the environmental monitoring action levels are exceeded, samples will be sent to a third party laboratory to be identified at least to the genus level. Record surface sampling results on EM/Media Fill Daily Monitoring Log, Attachment 2, or equivalent, obtain review by a sterile compounding pharmacist and retain.

9.7 Personnel monitoring

9.7.1 After initial garbing and glove competency, sterile compounding personnel, involved directly in sterile compounding processes, shall complete the assessment at least once every three months.

9.7.1.1 Personnel who have direct oversight of compounding personnel, but do not compound, must complete a garbing competency evaluation at least every 12 months.

9.7.1.2 Personnel who restock or clean and disinfect the sterile compound areas shall complete the glove and garb evaluation at least semi-annually.

9.7.2 Obtain the appropriate quantity of contact plates from storage.

9.7.2.1 Inspect each plate and discard any damaged or contaminated media and replace.

9.7.2.2 Verify media is within expiration dating and record the appropriate information on EM/Media Fill Daily Monitoring Log, Attachment 2, or equivalent.

9.7.3 Don all appropriate clean room garb and sterile gloves as per SOP 9.120 Required Garb for Clean Room Facilities Access, or equivalent. Be sure to periodically sanitize gloves with sterile 70% IPA or appropriate disinfectant while sampling.

9.7.4 Sampling technique

9.7.4.1 After sterile garbing is completed and prior **to spraying gloves**, have another staff member aseptically open a media plate. Collect samples from all gloved fingertips and thumbs by rolling fingertip and thumb pad over the agar surface of one hand, making certain not to re-touch areas on agar.

9.7.4.2 Replace the cover.

9.7.4.3 Label the plate with the date, personnel initials, sampler's initials and the hand sampled.

9.7.4.4 Repeat steps 9.7.4.1 – 9.7.4.3 for other hand.

9.7.5 Incubate all samples according to USP. Record daily observation on EM/Media Fill Daily Monitoring Log, Attachment 2, or equivalent. Samples may be shipped to a contract lab for incubation and/or analysis.

9.7.6 Record personnel monitoring results on EM/Media Fill Daily Monitoring Log, Attachment 2, or equivalent, obtain review by sterile compounding pharmacist and file all completed documents.

9.8 Action limits

9.8.1 Air sampling (viable)

9.8.1.1 If colonies are present for viable air sampling count and record on EM/Media Fill Daily Monitoring Log, Attachment 2, or equivalent.

9.8.1.2 When the environmental monitoring action levels are exceeded, samples will be sent to a third party laboratory to be identified at least to the genus level. The action limits for air sampling should be derived from USP and historical data. See USP Action Levels for Air, Surface, and Gloves, Attachment 4, or equivalent.

9.8.2 Surface and personnel monitoring

9.8.2.1 The action limits for surface and personnel monitoring should be derived from USP and historical data. See USP Action Levels for Air, Surface, and Gloves, Attachment 4, or equivalent.

9.9 Investigation and corrective actions

9.9.1 If an action level occurs, the Pharmacist-in-Charge and Sterile Compounding Pharmacist Supervisor must be notified and investigation and corrective action should occur with the help of a competent microbiologist. The corrective action

will be dependent on the number of cfu's recovered and the microorganism identified. This may include, but is not limited to, the following actions:

9.9.1.1 Identification of microbial isolates to determine origin.

9.9.1.2 Review of processes and facility improvements.

9.9.1.3 Review of pressure differential information, temperatures and humidity.

9.9.1.4 Review of clean room certification.

9.9.1.5 Review of clean room facility cleaning logs.

9.9.1.6 Review of sterile compounding personnel training records.

9.9.1.7 Additional sanitation.

9.9.1.8 Corrective Action/Preventative Action Plan (CAPA), Attachment 5, or equivalent, from SOP 1.030 Deviations – OOS and Corrective and Preventative Action (CAPA) Management will be completed with an overview and all steps taken to correct the issues. It will also be signed as a final review by the Pharmacist-in-Charge.

9.9.1.9 After the corrective action is taken, the area should be re-sampled within a reasonable time frame. If any sample fails, additional investigation is required.

9.9.2 All action plans will be documented according to SOP 1.030 Deviations – OOS and Corrective and Preventative Action (CAPA) Management, Corrective Action/Preventative Action Plan (CAPA), Attachment 5, or equivalent.

PRECISION EQUINE	
TITLE: SHIPPING OF COMPOUNDED PREPARATIONS	
SOP NUMBER: 5.050	**VERSION NUMBER: 15.0**
Authorized By:	Date:
Written By: Rachel Taggs	Date: 6-21-2021
Reviewed By:	Date:
Date Effective:	

1.0 PURPOSE

1.1 The purpose of this procedure is to ensure that compounded preparations are packaged and shipped to the designated receiver and in a manner such that the product integrity, quality, safety and efficacy are not compromised.

2.0 SCOPE

2.1 This procedure applies to all personnel at Precision Equine (Precision).

3.0 RESPONSIBILITY

3.1 The Pharmacist-in-Charge shall supervise this procedure or document that another staff member has been designated to complete the task.

4.0 REFERENCES

4.1 USP Current Version <795> "Pharmaceutical Compounding – Non-Sterile Preparations"

4.2 USP Current Version <797> "Pharmaceutical Compounding – Sterile Preparations"

4.3 USP Current Version <800> "Hazardous Drugs – Handling in Healthcare Settings"

4.4 Precision's internal shipping verification temperature studies.

4.5 USP <659> "Packaging and Storage Requirements" (Effective May 1, 2020)

4.6 Current Version Kansas Board of Pharmacy Laws and Regulations; 65-1657. Nonresident pharmacy registration; information required; civil fine; regulatory requirements; drug product selection rules; interstate delivery guidelines; disciplinary action; pharmacies prohibited from advertising unless registered; penalties for violations; injunctive relief; rules and regulations.

5.0 DEFINITIONS

5.1 ISTA – International Safe Transit Association

5.2 Refrigerator – a cold place in which the temperature is maintained between 2° and 8° (36° and 46° F) (USP <659>).

5.3 Controlled room temperature - the temperature maintained thermostatically that encompasses at the usual and customary working environment of 20°-25° (68°-77°F) (USP <659>).

5.4 SDS – safety data sheet

6.0 FREQUENCY

6.1 This procedure shall be followed for each compounded preparation that is to be packaged and shipped.

7.0 EQUIPMENT & SUPPLIES

7.1 Compounded preparation(s) and appropriate equipment/devices, if necessary.

7.2 Appropriate delivery container (e.g. box, insulated cooler, Mylar bag, etc.).

7.3 Appropriate shipping materials (e.g. bubble wrap, packing paper, packing peanuts, ice gel packs, temperature indicators, etc.).

7.4 Detailed delivery instructions, if applicable.

8.0 GENERAL INFORMATION

8.1 Normal delivery time for prescriptions is next day or second day. Geographical locations that will receive the package within two days may be shipped ground. (KS)

8.2 During the months of March through October refrigerated preparations shall be shipped overnight with appropriate packing materials, temperature indicator and shipping container according to ISTA 7E Qualifications. Packages being shipped to a geographical location that will receive the package the next day may be shipped ground.

8.3 If the patient or prescriber needs a preparation before Precision is able to provide it, an offer to transfer the prescription to a pharmacy of their choice may be made. (KS)

8.4 Hazardous drugs must be transported in containers that minimize the risk of breakage or leakage (e.g. secondary internal packaging).

8.5 Hazardous drugs shall be transported in a format that is consistent with the carrier's policies.

8.6 When shipping hazardous drugs, Precision will consult the transport information on the SDS.

9.0 PROCEDURE

9.1 General shipping procedures.

9.1.1 A pharmacist on duty shall ensure that compounded preparations are properly packaged and shipped without compromising the product integrity, quality, safety and efficacy.

9.1.2 All compounded preparations shall be packaged and shipped in appropriate containers that will protect the preparation from wide variations in temperatures, structural damage, or light.

9.1.3 Applicable packages will be shipped with an activated temperature indicator appropriate to the preparation(s) recommended storage temperature.

9.1.4 Deliveries of all medications, dispensed or distributed, are sent via a common carrier utilizing a secure and traceable method.

9.1.5 A packing slip and/or receipt should be provided for each preparation along with devices or equipment that may be included with each product.

9.1.5.1 The location of the delivery shall be recorded on the delivery tag.

9.1.5.2 Delivery tags shall be kept as the internal shipping record in the pharmacy for the period required by state and federal regulations. Shipping records may also be obtained through third party shipping company upon request.

9.1.5.3 Staff responsible for packing and shipping shall ensure all delivery tags are retained and turned over to accounting in a timely manner.

9.1.5.4 The authorized recipient signature shall be recorded by delivering agency when requested by receiver or Precision.

9.1.5.4.1 Exception to 9.1.5.4: All controlled substance prescriptions will require signature upon delivery.

9.1.6 A safety data sheet (SDS) for each ingredient used in the compounded preparation shall be available at the pharmacy in case a spill or accident occurs while delivering the preparation.

9.1.7 If special instructions are required for proper inspection of the preparation, they will be transmitted to the designated receiver prior to delivery of the package or included in the package.

9.1.8 Storage instructions shall be provided to the designated receiver via the prescription label to ensure that the preparation is stored appropriately at the patient's home or at the health care facility.

9.1.9 If applicable, specific handling instructions shall be included on the exteriors of shipping containers packed with compounded preparations (e.g. Refrigerate Upon Arrival).

9.1.9.1 When shipping hazardous drugs internal packaging shall be labeled as such.

9.1.10 All packages shall include a Precision Equine Information Sheet (SOP 5.040 Counseling of Compounded Preparations, Attachment 1) which includes and may not be limited to:

9.1.10.1 Instructions on how to contact the pharmacy for a consultation with a pharmacist via a toll-free number.

9.1.10.2 Information regarding storage and stability.

9.1.10.3 Information regarding proper disposal of medications.

9.1.10.4 Information regarding Precision Equine's Privacy Notice.

9.1.10.5 Information regarding shipment temperature indicators.

9.1.11 Prescriptions received for an acute illness shall be priority for processing and patients shall have options for expedited delivery. Expedited delivery options may include overnight early morning delivery or Saturday delivery when possible. (KS)

9.2 Refrigerated shipments.

9.2.1 All items in 9.1 shall be followed including items outlined in this section.

9.2.2 During the months of March through October all refrigerated preparations will be shipped overnight. This time frame may vary based on information received from the third party shipping company and current temperatures.

9.2.3 All preparations requiring refrigeration (Attachment 4) shall be packaged according to ISTA 7E Qualification recommendations (Attachments 1, 2 and 3) and include the appropriate temperature indicator strip.

9.2.3.1 Each package will include Precision Equine Information Sheet (Attachment 1, SOP 5.040 Counseling of Compounded Preparations)

detailing instructions to follow if the indicator strip is out of the specified range.

9.3 Controlled room temperature shipments.

9.3.1 All applicable items in 9.1 shall be followed including items outlined in this section.

9.3.1.1 Each package will include Precision Equine Information Sheet (Attachment 1, SOP 5.040 Counseling of Compounded Preparations) detailing instructions to follow if the indicator strip is out of the specified range.

9.4 Transit incidents.

9.4.1 Shipping exceptions.

9.4.1.1 Precision will be notified by the third party shipping company via email once a delivery exception has occurred. Every attempt will be made to contact the patient and/or prescriber via phone and/or email to advise them of the situation. If the preparation will not reach the end user in the appropriate time frame or if the patient/prescriber is out of medication, Precision will offer to send a replacement or offer to transfer the prescription to a pharmacy of their choice. (KS)

9.4.1.2 If a replacement is sent, the original package should be returned to the pharmacy.

9.4.2 Damaged preparation.

9.4.2.1 In the event the preparation is damaged in transit, Precision will send replacement item(s) and request the original package is returned to sender, if possible.

9.4.3 Temperature excursions.

9.4.3.1 In the event Precision is notified that a preparation was received out of the specified temperature range, Precision will send a replacement and issue a pick up for the temperature-sensitive preparation to be destroyed at the pharmacy according to SOP 9.090 Proper Disposal of Pharmacy Waste.

9.4.3.2 Temperatures are considered out of range when Warm Mark temperature indicators:

9.4.3.3.1 Controlled room temperature: a package that has entered the "prolonged" range for any period of time (any color change) shall be returned.

9.4.3.2.2 Refrigerated: a package that has entered the "moderate" range for any period of time (any color change) shall be returned.

9.4.4 In each case a pharmacist on duty shall be responsible for decisions and complete any necessary documentation (e.g. OOS, incident report, etc.).

RE: Wedgewood Pharmacy LLC - New Application

Dear Sir/Madam:

Enclosed please find an application for Wedgewood Pharmacy LLC, previously known as Precision Pharmacy. Wedgewood Pharmacy LLC is a compounding pharmacy located in Bakersfield, California that compounds both non-sterile and sterile medications for veterinary use.

Wedgewood Pharmacy LLC, formerly known as Precision Pharmacy, once held license number PH02584. Sadly, our designated Nevada pharmacist passed away, and due to staffing shortages, we were unable to find a replacement. Consequently, we halted shipments to Nevada. Today, we are pleased to announce that Ragini Shah, a licensed Nevada pharmacist, has joined our team. Please accept the enclosed pharmacy application for licensure.

Should you have any questions or require additional information, please do not hesitate to contact me at (207) 518-0124 or nasro.ali@wedgwood.com.

Sincerely,

Nasro Ali
Licensing Coordinator

To whom it may concern,

I was involved in a car accident on January 21, 2024 and there was a suspicion of substance use at the time. I had 2-3 drinks earlier that day and was given an option to give a voluntary breath sample while in the hospital due to my injuries and refused. Due to this I was referred to the NCMB for further evaluation, and in April 2024 I was recommended to have inpatient treatment (10 weeks total with a discharge date of 6/15/24 at Pavillon). My medical license was not suspended; however, I did enter into a temporary nonpractice agreement with the state of North Carolina's medical board at the time.

I do not have any outstanding legal charges from this event and was not charged with a substance abuse related ticket. Additionally, all moving violations from the incident have since been vacated.

My current license is unrestricted. I am currently under a 5-year monitoring contract with the NCPHP (signed 6/17/24). I continue currently following NCPHP recommendations which include 4 AA meetings weekly, an AA sponsor meeting once monthly, a workplace supervisor meeting once monthly, a substance abuse counselor meeting monthly (discharged as of December 2024), a monthly meeting with NCPHP representative, and random urine drug screens 3-4 times a month.

The Nevada Board of medicine is aware of the above information. My contact at NVPHP is Dr. [redacted]

Thank you for your time and attention,

Harsha Nagaraja, MD

North Carolina Professionals Health Program (NCPHP)
Recovery Monitoring Contract

Name: **Harsha Ghatge Nagaraja MD**

Address: [redacted]

This Recovery Monitoring contract ("contract") specifies the terms under which NCPHP will act in a monitoring and support role to my professional licensing board and equivalent state licensing boards, hospitals, employers, medical societies, legal entities, the Drug Enforcement Agency, and others. This contract remains in effect until such time as it is completed or both parties mutually agree to end the contract.

_____ **1.** I understand that I have been diagnosed with **Alcohol Use Disorder, Moderate** and my recovery from that condition will be monitored by NCPHP.

_____ **2.** I agree to engage in respectful and courteous communication with NCPHP staff at all times. I understand that threatening, vulgar, or disrespectful language or behavior can result in my exclusion from NCPHP, loss of support, and potential legal action by NCPHP, if warranted. I can expect to be treated with equal respect and courteous behavior by NCPHP staff. Should I experience anything other than such, I will report it to NCPHP leadership for prompt action.

_____ **3.** I understand that all evaluation, treatment, therapeutic intervention, or education services will be obtained at my own expense. I understand that NCPHP does not provide treatment services.

_____ **4.** I agree to the following monitoring plan:

- **To abstain from alcohol, cannabis (e.g., CBD and Delta-8 products) and all mood-altering substances unless prescribed by my primary care physician or psychiatrist and approved by NCPHP.**
- **To follow all recommendations from Pavillon.**
- **To engage in individual psychotherapy with an NCPHP-approved therapist at a frequency and duration determined by the provider.**
- **To attend 90 abstinence-based self-help groups in 90 days following discharge as recommended by Pavillon.**
- **After completing 90 in 90, I agree to attend 4 abstinence-based self-help meetings per week in year one and 3 per week thereafter. NCPHP strongly encourages participation in a minimum of 2 Caduceus meetings per month. I agree to record my meeting attendance through a mobile app made available to me by NCPHP and the NCPHP Random Toxicology Screening Program.**
- **To not return to the practice of medicine before 7/1/24 and until cleared to do so by NCMB, NCPHP and my providers.**
- **To return to Pavillon for Relapse Prevention Week on March 23, 2025.**

_____ **5.** I agree to attend abstinence-based self-help meetings. These meetings can include 12-step meetings, Dharma Recovery, Celebrate Recovery, Smart Recovery, or other abstinence-based groups.

_____ **6.** I agree to enroll in the NCPHP Random Toxicology Screening Program by the Third-Party Administrator (TPA) designated by NCPHP. By my enrollment I agree to abide by the rules and provisions of this program, including providing a sample when selected to do so within the parameters set by the TPA and NCPHP. I also understand that by enrolling in this program, I agree to the release of the results of my screens to NCPHP by the TPA and allow communication between NCPHP and the TPA to facilitate this process.

_____ **7.** I understand that dilute or other specimen results of concern may be retested. I understand that I will be billed for the additional charges for retesting.

_____ **8.** I agree to pay for random toxicology testing by NCPHP or its vendors. Failure to pay for screens may be considered a violation of my contract.

_____ **9.** I agree to contact NCPHP within 24 hours of any unintentional or intentional use of alcohol or other mood-altering substance(s) not previously made known to NCPHP. Failure to do so will be considered a breach of this contract and may result in loss of anonymity (if applicable) and subsequent report to my professional licensing board, employer, or other entities to which NCPHP previously supported me.

_____ **10.** I agree to random visits by NCPHP Field Coordinator, **Jason Yates CCS, LCAS, LCSW**, which may include weekend visits (Saturday/Sunday). I will notify my Field Coordinator in advance of any travel that may interfere with Field Coordinator visits.

_____ **11.** Field Coordinator visits are partly for the purpose of obtaining random toxicology screens to document abstinence, which includes the possible collection of urine, saliva, hair, nail clippings, blood, or other biological samples for testing. Therefore, I agree to promptly communicate with a Field Coordinator and remain available for random visits. I will immediately notify a Field Coordinator of travel outside of my usual work and home geographic areas. I realize that refusal or inability to meet (other than an emergency) with a Field Coordinator may be considered an issue of non-compliance and must be reported to the NCPHP Compliance Committee as a violation of my contract. The Compliance Committee is the independent body that oversees the work done by NCPHP.

_____ **12.** I understand that any ingestion of ethyl alcohol (including mouthwash, "non-alcoholic" beer, OTC cough syrup) or ingestion of some other substances such as poppy seeds may cause a positive drug screen that cannot be differentiated from intentional ingestion. If this situation occurs, NCPHP may require a comprehensive evaluation at an NCPHP-approved facility or additional testing via other means.

_____ **13.** NCPHP discourages travel during the first year of monitoring. For any travel while under monitoring, I agree to the following:

- Discuss non-emergency travel plans with my Field Coordinator at least 2 weeks in advance of travel.
- Inform my Field Coordinator of any emergency travel within 24 hours.
- For all travel, email, or other written notification to my Field Coordinator and NCPHP office is required.

_____ **14.** For travel while participating in daily check-ins for random toxicology screening, I agree to the following:

- Check in each weekday to the toxicology screening program while traveling, just as at home.
- Contact TPA at least 5 business days in advance of travel to determine available testing sites at my destination.
- Take chain-of-custody (COC) forms or any testing materials with me. I understand that not having a COC form or testing materials with me is not a reason to miss a screen.
- A missed screen is a violation of my contract and may be reported to the NCPHP Compliance Committee.
- Travel to locations outside the US or other locations where a screening site is not available must be discussed with and approved by my Field Coordinator 4 weeks in advance. I understand that I will be required to submit to specific testing upon my return.
- For emergency situations where I may be unable to screen if selected, I will notify my Field Coordinator as soon as possible, preferably within 24 hours.

_____ **15.** If I need prescribed medication for an acute medical condition, I agree to:

- Obtain approval from NCPHP prior to the use of any medication (including over the counter medications) unless used during an emergency. In the case of such emergency, I agree to notify NCPHP of the use of such medication within one business day.
- Communicate with my Field Coordinator or Director regarding use of any potentially addictive or impairing medications, prescription or otherwise, prior to actually starting the medication.
- Send NCPHP by secure text, e-mail, or other electronic communication a picture(s) of the prescription bottle within 24 hours of the time such prescription is picked up from the pharmacy or dispensing entity, prior to actually starting the medication.
- In the case of emergency surgery, inform Field Coordinator as soon as possible of the surgery and what mood-altering or potentially addictive medications were required prior, during or after surgery.
- I understand that the use of a potentially addictive or controlled substance medication for an acute medical condition requires that I refrain from all medical practice until at least twenty-four (24) hours after the last dose of the medication or as outlined in my individualized monitoring contract with NCPHP. I understand that NCPHP will obtain urine and/or other screens from me as I am returning to practice.
- I will make virtual or face-to-face contact with my NCPHP Director prior to beginning work to verify that I have discontinued all use of any potentially addictive or impairing medication.
- I will provide the name and contact information of my prescribing provider and primary care physician/PA/NP and any changes to this information to NCPHP office. Participant shall also provide to NCPHP a signed release of information allowing communication between NCPHP and prescribing provider, primary care physician/PA/NP, and pharmacist as appropriate.
- I will have someone else (e.g., spouse, partner, significant support person, other family member, etc.) maintain possession of any potentially addictive or impairing medication(s). I will inform Field Coordinator as to who will hold potentially addictive or impairing medication for me.
- Report any dosage or other changes in the use of such potentially addictive or impairing medication, both prescribed and over-the- counter, to Field Coordinator prior to such changes.
- Inform Field Coordinator of any planned elective surgery or procedure and provide a list of any anticipated potentially addictive or impairing medication(s) prior to such surgery or procedure.

Note: While a participant in NCPHP, the use of non-NCPHP-approved potentially addictive or impairing medications, prescription or otherwise, may be considered a relapse and could result in a report of such use to the Compliance Committee of NCPHP. The Compliance Committee may require additions or

changes to your individual monitoring contract and also has the authority to require anonymity breaks to your regulatory or licensing board.

_____ **16.** I agree to follow all federal, state, and my professional licensing board rules, regulations, and position statements, and the American Medical Association Code of Medical Ethics (if applicable) regarding the prescribing or provision of any medications to anyone to whom I provide medical care, including myself.

_____ **17.** If I have been recommended to see a therapist and/or psychiatrist by NCPHP or a treatment provider, I agree to have an appointment to establish care with a therapist and/or psychiatrist after signing this contract. My therapist and/or psychiatrist will submit quarterly reports to NCPHP. It is my responsibility to ensure these reports are submitted by the deadline given. I hereby authorize my therapist and/or psychiatrist to release and receive information from NCPHP for the duration of this contract.

My therapist is:

Name _____
Address _____
_____
Phone _____
Email _____

My psychiatrist is: N/A

Name _____
Address _____
_____
Phone _____
Email _____

_____ **18.** I agree to have an appointment to establish care with the above provider(s) no later than two weeks from the start date of this contract.

_____ **19.** I agree to meet with my workplace advocate at least monthly. My advocate will submit quarterly reports to NCPHP. It is my responsibility to ensure these reports are submitted by the deadline given. My advocate must have frequent (at least weekly) contact with me, should be in the same field, should be sensitive to confidential information, and cannot be a subordinate or employed by me, unless approved by NCPHP. I hereby authorize my advocate to release and receive information from NCPHP for the duration of this contract. My workplace advocate is:

Name _____
Address _____
_____
Phone _____
Email _____

_____ **20.** I understand that if I have significant disagreement with NCPHP findings or recommendations, I may report my situation to the Review Committee (RC) of NCPHP. In regards to this process, I agree to first notify NCPHP of my disagreement with my diagnosis, need for additional assessment, need for treatment, or need for monitoring by NCPHP. I agree to first meet with NCPHP staff to discuss my disagreement prior to requesting a meeting of the RC. If unable to resolve my disagreement at the NCPHP staff level, I may proceed to review by the RC.

_____ **21.** If I enroll as an anonymous participant, I can anticipate remaining in that status unless NCPHP determines that it is legally required to report me to my professional licensing board, which generally would occur if one of the following occurs:

a. I constitute an imminent danger to patient care by reason of mental illness, physical illness, substance use disorder, professional sexual misconduct, or any other reason.
b. I refuse to submit to an assessment as ordered by my professional licensing board or enter into a contract and fail to comply with the terms of that contract, am still impaired or unsafe to practice after treatment, or display professional incompetence.
c. It reasonably appears that there are other grounds for disciplinary action (for Pharmacy & Veterinarian licensees only).

_____ **22.** I understand that I may be asked to travel to the NCPHP office to meet with NCPHP staff. I agree to schedule meetings in a timely manner.

_____ **23.** I understand that I may be asked to participate in an exit survey for the purpose of providing feedback to NCPHP about my treatment (if applicable) and monitoring experiences.

_____ **24.** I will notify NCPHP of any change in address, phone numbers, or employment, malpractice suits, arrests, psychiatric or medical hospitalizations or any other significant events.

_____ **25.** I understand that NCPHP does not provide medical or other health care services or any licensed professional services on my behalf. I understand that it is my responsibility to obtain qualified medical treatment and that NCPHP assumes no responsibility in this regard. In consideration for the opportunity to participate with NCPHP, I agree to release and discharge NCPHP and the trustees, officers, agents and employees of NCPHP from any claims, demands, obligations, costs incurred, expenses (including court costs and reasonable attorneys' fees), damages or causes of actions of any nature whatsoever arising out of, or related to, or in any way connected with, any disclosure, release, act or omission in connection with my participation with NCPHP and acknowledge receipt of a copy of this contract.

_____ **26.** I understand that NCPHP may encourage my spouse, partner, and/or children to be seen by a family counselor and to participate in a family program, self-help group or private counseling, if and when appropriate.

_____ **27.** If I have been referred to NCPHP by my professional licensing board or if NCPHP deems my anonymity should be broken, then I authorize NCPHP to disclose any information it may have concerning me including, but not limited to, my involvement with NCPHP, my illness, diagnosis, prognosis, treatment, or any other information, to my professional licensing board, its members, employees, or agents for its use in the discharge of its duties while enforcing the laws my licensing board is responsible to uphold. If not previously revoked, this consent will terminate upon the successful completion of this contract. NCPHP is acting in reliance on the consent to disclosure when the contract is

signed. In the above circumstances, I also authorize NCPHP to disclose information and records protected by 42CFR Part 2 to my professional licensing board and have signed a separate Consent form (Consent A).

_____ **28.** If I move to or begin practice in another state before completing this contract, I will contact the Professionals Health Program (PHP) in that state and my monitoring may be transferred to that state, if appropriate. If I fail to contact the PHP in that state, I authorize NCPHP to notify the other state PHP of my participation with NCPHP.

_____ **29.** This Stage I contract will run for **3 Years.** I understand that I will be charged a monitoring fee of **$110** per month. This contract will begin **6/17/2024 or upon receipt of signed document** and end **6/17/2027** or **3 Years** from date signed for Stage I. I understand these fees will be billed by NCPHP directly. In the event my fee is reduced, it will revert to the full amount of **$220** upon working as a licensed professional.

_____ **30.** Following the conclusion of my Stage I contract, a Stage II contract will run for **2 Years,** beginning **6/17/2027**. I understand that I will be charged a monitoring fee of **$110** per month for Stage II. In the event my fee is reduced, it will revert to the full amount upon working as a licensed professional. NCPHP may require further monitoring in the case of relapse of illness or substantial non-compliance as a condition of advocacy. I may elect to continue monitoring if active support is needed beyond the expiration date or at my discretion to support my recovery.

_____ **31.** I agree to provide a copy of this contract to the following:

Therapist _____

Psychiatrist N/A

Workplace advocate _____

_____ **32.** I agree to sign a Consent to Release Confidential Information to NCPHP (Consent B) and a Consent for NCPHP to Disclose Confidential Information to Third Party (Consent A), which are attached to and part of this contract.

NVPHP Medical Counseling Contract

The NVPHP Medical Counseling Contract is a legal document that specifies the terms under which NVPHP agrees to counsel, aid, and monitor a medical professional within the program. The purpose of this contract is to prevent any misunderstanding of the terms and the time specified. It is specifically designed to meet the needs of the individual. All provisions may not apply to every individual; however, all provisions will apply unless indicated explicitly for the omission.

Provisions of the Contract

1. I agree to the terms of this contract for a period of **Three (3) Years** beginning on **January 12, 2024,** with a reevaluation conducted annually.

2. I understand that all expenses connected with my treatment in the program are my responsibility. The NVPHP monthly fee is $250.00, which includes random urine drug screenings.

3. I agree to participate in the ***Aftercare*** meeting with NVPHP on the first Tuesday of each month and ***Peer Support Group Counseling*** each Wednesday, held at 1800 hours. Participants may be excused only once with prior approval and may miss a maximum of two Peer Group Counseling meetings per year. After the third absence, the governing Nevada State Board will be notified of the event.

4. Counseling/Monitoring agreements are abstinence-based. I agree to abstain from any mood-altering drugs, including alcohol, completely. If a physician prescribes any medications, I will notify NVPHP and provide a copy of the prescription for my file.

5. I agree to pay all financial obligations, including NVPHP monitoring fees.

6. I agree not to manage my own medical care and to comply with the treatment plan, including but not limited to complying with recommendations and not self-prescribing or independently discontinuing medications.

NVPHP Medical Counseling Contract

7. At the discretion of NVPHP, I agree to be evaluated by a psychiatrist/psychologist for a thorough examination and recommendations for therapy at any time during my contract.

8. I agree to have no more than one individual counselor besides the NVPHP Clinical Director.

9. I agree to notify NVPHP within 24 hours of any changes in my physical or mental health, contact information, employer, or any change in work setting.

10. I agree to consent to the release to NVPHP of verbal information and all documentation, including toxicology testing results of visits to emergency treaters, with any third parties such as emergency treaters.

11. I agree to be appropriately courteous and cooperative in all contacts with NVPHP staff and representatives. I agree to return NVPHP calls and e-mails in a timely manner.

12. I agree to submit to random urinalysis screenings as determined by the NVPHP Clinical Program Director. You must report within four hours of notification. In cases where you cannot leave your place of employment, you must report within two hours of your shift ending.

13. I understand that ungloved administration of anesthesia/sedation can produce positive toxicology results. I therefore agree that I will not administer medications without wearing gloves.

14. I agree not to prescribe scheduled drugs for family members or others who are not legitimate patients within the scope of my practice.

NVPHP Medical Counseling Contract

15. I understand that the documentation of my progress will be kept confidential at NVPHP.

16. I understand that this contract is valid for thirty-six (36) months from the date in section one of the agreement or until my termination from the NVPHP program, whichever is later.

17. I understand and agree that my failure to comply with any of this contract's provisions will result in notification to the governing Nevada State Board and my current employer. Furthermore, NVPHP is authorized to furnish the State Board copies of this contract, medical records, drug screen results, and other records pertinent to my treatment and aftercare.

STATE OF NEBRASKA ex rel., DOUGLAS J. PETERSON, Attorney General, Plaintiff, v. PATEL, DEVENDRAKUMAR, Defendant.	210661 MBBS FINDINGS OF FACT AND CONCLUSIONS OF LAW; ORDER

STATEMENT OF THE CASE

A Petition for Disciplinary Action was filed in this matter on June 28, 2021, alleging that Defendant, Devendrakumar Patel, was convicted in U.S. District Court of one count of Intentional Distribution of a Controlled Substance without a legitimate medical purpose, and for having his license disciplined in another state or jurisdiction.

SUMMARY OF THE HEARING

A hearing was held in this matter on August 19, 2021, in Lincoln, Nebraska, before Robert E. Harkins, Department of Health and Human Services (DHHS) Hearing Officer. Mindy Lester, Assistant Attorney General, appeared on behalf of the State of Nebraska. Defendant, Devendrakumar Patel, did not appear. Testimony and exhibits were received into evidence.

The Hearing Officer makes the following proposed Findings of Fact and Conclusions of Law.

FINDINGS OF FACT

1. Proper notice of this hearing was provided to the parties.

2. On March 9, 2000, DHHS issued Physician license #21368 to Defendant, which license expired on October 1, 2004.

3. As a result of a criminal investigation, the United States Department of Justice discovered that between September 2015 and February 2016; Defendant prescribed Oxycodone and Hydrocodone to several of his patients without a legitimate medical purpose and outside the usual course of professional practice.

4. On December 6, 2017, a Grand Jury in the United States District Court for the District of Nevada indicted the Defendant on twenty one counts of Intentional Distribution of a Schedule II Controlled Substance without a legitimate medical purpose, four counts of Intentional Distribution

of a Schedule III Controlled Substance without a legitimate medical purpose, eleven counts of Intentional Distribution of a Schedule IV Controlled Substance without a legitimate medical purpose, and three counts of health care fraud.

5. On May 7, 2019, Defendant pled guilty to one Count of Intentional Distribution of a Schedule II Controlled Substance without a legitimate medical purpose. The Court sentenced defendant to a term of three years and one month in Federal prison, and imposed a fine of $500,000.00.

6. On September 6, 2019, the Nevada Board of Medical Examiners accepted and approved a Settlement Agreement wherein the Board found Defendant had illegally dispensed controlled substances. The Board revoked Defendant's Nevada physician license.

CONCLUSIONS OF LAW

Jurisdiction is based upon Neb. Rev. Stat. §§38-176 and 38-186. A credential to practice may be disciplined for conviction of a misdemeanor or felony under Nebraska law or federal law which has a rational connection with the fitness or capacity of the applicant or credential holder to practice the profession. Neb. Rev. Stat. §38-178(5)(a). Conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere or non vult contendere made to a formal criminal charge or a judicial finding of guilt irrespective of the pronouncement of judgment or the suspension thereof and includes instances in which the imposition or the execution of sentence is suspended following a judicial finding of guilt and the defendant is placed on probation. Neb. Rev. Stat. §38-177(2).

A credential to practice may also be disciplined for having had a credential denied, refused renewal, limited, suspended, revoked, or disciplined in any manner similar to section 38-196 by another state or jurisdiction based upon acts by the applicant or credential holder similar to acts described in this section. Neb. Rev. Stat. §38-178(12). Upon the completion of any hearing held regarding discipline of a credential, the director may dismiss the action or impose any of the following sanctions: (1) Censure; (2) Probation; (3) Limitation; (4) Civil penalty; (5) Suspension; or (6) Revocation. Neb. Rev. Stat. §38-196.

The practice of medicine is regulated under the Uniform Credentialing Act to protect the health and safety of Nebraska citizens. Neb. Rev. Stat. §38-103. The evidence supports a finding by clear and convincing evidence that the Defendant was convicted of a Federal felony that is not only rationally related to his fitness or capacity to practice his profession, but directly linked to his treatment of patients. The State also proved by clear and convincing evidence that the State of Nevada disciplined Defendant's medical license based on acts similar to those described in Neb.Rev.Stat. §38-178. Both Defendant's Federal felony conviction and the Nevada disciplinary

action constitute grounds for discipline against Defendant's Nebraska license. Revocation is the only suitable remedy to address Defendant's reprehensible conduct, and is the only remedy that will adequately safeguard the health and safety of Nebraska citizens.

ORDER

Based upon the foregoing proposed Findings of Fact and Conclusions of Law, I recommend that the Defendant's license to practice as a physician in the State of Nebraska be REVOKED.

Date: 8/25/21

[redacted]

Robert E. Harkins, Hearing Officer

I hereby adopt the foregoing proposed Findings of Fact and Conclusions of Law and recommended Order in the above captioned proceedings as my official and final Order, and the following sanction is imposed against the Defendant:

Defendant's license to practice as a physician in the State of Nebraska is hereby REVOKED, effective TEN (10) DAYS from the date of this Order.

IT IS SO ORDERED.

DEPARTMENT OF HEALTH AND HUMAN SERVICES
DIVISION OF PUBLIC HEALTH

STATE OF NEBRASKA ex rel. DOUGLAS J. PETERSON, Attorney General, Plaintiff, vs. DEVENDRAKUMAR ISHWARBHAI PATEL, MBBS, Defendant.	)	PETITION FOR DISCIPLINARY ACTION

The Plaintiff alleges as follows:

ALLEGATIONS COMMON TO ALL CAUSES OF ACTION

1. Jurisdiction is based on Neb. Rev. Stat. §§ 38-176 and 38-186 (Reissue 2016).

2. At all times relevant herein, the Defendant, Devendrakumar Ishwarbhai Patel, MBBS, has been the holder of a physician license (#21368) issued by the Department of Health and Human Services Division of Public Health ("Department").

3. The Department is the agency in the State of Nebraska authorized to enforce the provisions of the Uniform Credentialing Act regulating the practice of medicine and surgery.

4. The Nebraska Board of Medicine and Surgery considered the investigation of this matter and made a disciplinary recommendation to the Attorney General, which recommendation has been considered. Such matters are privileged pursuant to Neb. Rev. Stat. §§ 38-1,105 and 38-1,106 (Reissue 2016).

5. On December 6, 2017, the Defendant was indicted in the United States District Court for the District of Nevada for twenty-one counts of intentional distribution of a Schedule II Controlled Substance without a legitimate medical purpose, four counts of intentional distribution of Schedule III Controlled Substances without a legitimate medical purpose, eleven counts of intentional distribution of Schedule IV Controlled Substances without a legitimate medical purpose and three counts of health care fraud.

6. In May 2019, the Defendant entered a plea of guilty to Count 1 of the Indictment and was sentenced to three years and one month in federal prison for distribution of a controlled substance outside the course of his professional practice.

7. On September 6, 2019, the Nevada Board of Medical Examiners accepted and approved a settlement Agreement wherein the Board found the Defendant had illegally dispensed controlled substances. The Defendant's Nevada physician license was revoked. A copy of the Nevada disciplinary documentation is attached as Exhibit "1".

8. The 2019 Nevada disciplinary action was based upon acts by the Defendant similar to those described in the following sections of Neb. Rev. Stat. § 38-178 (2019 Supp.):

a. Neb. Rev. Stat. § 38-178 (5) for conviction of (a) a misdemeanor or felony under Nebraska law or federal law, or (b) a crime in any jurisdiction which, if committed within this state, would have constituted a misdemeanor or felony under Nebraska law and which has a rational connection with the fitness or capacity of the applicant or credential holder to practice the profession; and

b. Neb. Rev. Stat. § 38-178(23) for unprofessional conduct.

FIRST CAUSE OF ACTION

9. Paragraphs 1 through 8 are incorporated herein.

10. Neb. Rev. Stat. § 38-178(11) (2019 Supp.) provides that a professional credential may be disciplined for "having had his or her license credential denied, refused renewal, limited, suspended, revoked or disciplined in any manner similar to section 38-196 by another state or jurisdiction based upon acts of the...credential holder similar to the acts described in this section."

11. The Defendant's 2019 Nevada disciplinary action against his Nevada physician license is grounds for discipline.

SECOND CAUSE OF ACTION

12. Paragraphs 1 through 11 are incorporated herein by reference.

13. Neb. Rev. Stat. § 38-178(5)(a) (Supp. 2019) provides that a professional license may be disciplined for conviction of a misdemeanor or felony under Nebraska law or federal law.

14. The Defendant's 2019 conviction in the United States District Court for the District of Nevada are grounds for discipline.

PRAYER FOR RELIEF

WHEREFORE, the Plaintiff prays that the Chief Medical Officer set this matter for hearing, order appropriate disciplinary action pursuant to Neb. Rev. Stat. 38-196 (Reissue 2016), and tax the costs of this action to the Defendant.

Please note that the settlement of a medical malpractice action may occur for a variety of reasons that do not necessarily reflect negatively on the professional competence or conduct of the provider. Therefore, there may be no disciplinary action appearing for a licensee even though there is a closed malpractice claim on file. A payment in the settlement of medical malpractice does not create a presumption that medical malpractice occurred. Sometimes insurance companies settle a case without the knowledge and/or agreement of the physician. This database represents information from insurers to date. Please note: All insurers may not have submitted claim information to the Board.

RE: In the Matter of Devendrakumar Ishwarbhai Patel, M.D.

Dear Parties:

Enclosed please find the Determination and Order (No. 20-232) of the Hearing Committee in the above referenced matter. This Determination and Order shall be deemed effective upon the receipt or seven (7) days after mailing by certified mail as per the provisions of §230, subdivision 10, paragraph (h) of the New York State Public Health Law.

Five days after receipt of this Order, you will be required to deliver to the Board of Professional Medical Conduct your license to practice medicine together with the registration certificate. Delivery shall be by either certified mail or in person to:

Office of Professional Medical Conduct
New York State Department of Health
Office of Professional Medical Conduct
Riverview Center
150 Broadway - Suite 355
Albany, New York 12204

If your license or registration certificate is lost, misplaced or its whereabouts is otherwise unknown, you shall submit an affidavit to that effect. If subsequently you locate the requested items, they must then be delivered to the Office of Professional Medical Conduct in the manner noted above.

As prescribed by the New York State Public Health Law §230, subdivision 10, paragraph (i), (McKinney Supp. 2015) and §230-c subdivisions 1 through 5, (McKinney Supp. 2015), "the determination of a committee on professional medical conduct may be reviewed by the

Administrative Review Board for professional medical conduct." Either the licensee or the Department may seek a review of a committee determination.

Request for review of the Committee's determination by the Administrative Review Board stays penalties other than suspension or revocation until final determination by that Board. Summary orders are not stayed by Administrative Review Board reviews.

All notices of review must be served, by certified mail, upon the Administrative Review Board and the adverse party within fourteen (14) days of service and receipt of the enclosed Determination and Order.

The notice of review served on the Administrative Review Board should be forwarded to:

James F. Horan, Esq., Chief Administrative Law Judge
New York State Department of Health
Bureau of Adjudication
Riverview Center
150 Broadway – Suite 510

IN THE MATTER	DETERMINATION
OF	AND
DEVENDRAKUMAR ISHWARBHAI PATEL, M.D.	ORDER
	BPMC-20-232

In accordance with Public Health Law (PHL) §230, and the New York State Administrative Procedure Act (SAPA) Article 3, a hearing was held by videoconference on August 13, 2020. Pursuant to PHL §230(10)(e), William P. Dillon, M.D., Chairperson, Richard F. Kasulke, M.D., and Paul J. Lambiase, duly designated members of the State Board for Professional Medical Conduct (BPMC), served as the Hearing Committee in this matter. Jean T. Carney, Administrative Law Judge (ALJ), served as the Administrative Officer.

The Department appeared by Senior Attorney Trudy A. Menard. The Respondent failed to appear[1]. Jurisdiction over the Respondent was obtained by personal service of the Commissioner's Order of Summary Action, Notice of Referral Proceeding, and Statement of Charges. The Hearing Committee received and examined documents from the Department (Exhibits 1-5). A stenographic reporter prepared a transcript of the

[1] The Respondent was personally served at FCI Sheridan, in Sheridan Oregon, and was given information on how to participate at the hearing remotely; but failed to make any attempt to participate and was found in default. (Exhibit 1; Transcript @ p.7)

proceeding. After consideration of the entire record, the Hearing Committee sustains the charges that the Respondent committed professional misconduct in violation of Educ. Law §§6530(9)(a)(ii) and 6530(9)(d); and that pursuant to PHL §230-a, the penalty of revocation is appropriate.

BACKGROUND

The Department brought the case pursuant to PHL §230(10)(p), which provides for a hearing when a licensee is charged solely with a violation of Educ. Law §6530(9).

The Respondent is charged with professional misconduct pursuant to Educ. Law §6530(9)(a)(ii), having been convicted of committing an act constituting a crime under federal law; and Educ. Law §6530(9)(d), having had disciplinary action taken by a duly authorized professional disciplinary agency of another state, where the conduct resulting in such action would, if committed in New York State, constitute professional misconduct under the laws of New York State.

Under PHL §230(10), the Department had the burden of proving its case by a preponderance of the evidence. Any licensee found guilty of professional misconduct under the procedures prescribed in PHL § 230 "shall be subject to penalties as prescribed in [PHL § 230-a] except that the charges may be dismissed in the interest of justice."

FINDINGS OF FACT

The following findings are the unanimous determinations of the Hearing Committee:

1. The Respondent was authorized to practice medicine in New York State on July 14, 1992, by the issuance of license number 189760. (Exhibit 5).

2. On November 26, 2018, the Respondent executed a Plea Agreement wherein he pled guilty to distributing a controlled substance in violation of 21 U.S.C. §841(a)(1). Specifically, the Respondent knowingly and intentionally distributed Oxycodone without a legitimate medical purpose and outside the course of professional practice. (Exhibit 3).

3. On May 7, 2019, the United States District Court, District of Nevada, sentenced the Respondent to 37 months in prison, with three years of post-release supervision, and $500,000 in fines. (Exhibit 3).

4. On or about July 2, 2019, the Respondent executed a Settlement Agreement with the Board of Medical Examiners of the State of Nevada (NV Board) wherein he admitted to engaging in conduct constituting grounds for professional discipline; namely, in illegally dispensing controlled substances. The NV Board revoked the Respondent's license to practice medicine, and required that he pay the costs and expenses of the investigation, amounting to $10,103.88. (Exhibit 4).

VOTE OF THE HEARING COMMITTEE

The Hearing Committee unanimously concludes that the evidence supports sustaining the charge of having committed misconduct as defined in Educ. Law §6530(9)(a)(ii) and §6530(9)(d).

HEARING COMMITTEE DETERMINATIONS

The Department met its burden of proving by a preponderance of the evidence that the Respondent committed professional misconduct as alleged in the Statement of Charges. The evidence shows that the Respondent was convicted of acts constituting a federal crime resulting in incarceration; and had disciplinary action taken by the NV Board resulting in the revocation of his license to practice medicine for the same conduct. If committed in New York State, the Respondent's actions would establish professional misconduct pursuant to Educ. Law §6530(9)(a)(ii). The committee concludes that the Respondent's actions constitute professional misconduct as defined in Educ. Law §§6530(9)(a)(ii) and 6530(9)(d).

In considering the full spectrum of penalties available by statute, including revocation, suspension and/or probation, censure and reprimand, and the imposition of monetary penalties; the Hearing Committee noted that the Respondent failed to respond to the charges, despite being given the opportunity to do so. The Hearing Committee considered the serious nature of the conviction, and that the Respondent's conduct placed the public at risk of harm. The Hearing Committee agrees with the Department's

recommendation that his medical license in New York State be revoked pursuant to PHL §230-a.

ORDER

IT IS HEREBY ORDERED THAT:

1. The specification of professional misconduct as set forth in the Statement of Charges is sustained;

2. The Respondent's license to practice medicine is revoked; and

3. This Order shall be effective upon service on the Respondent in accordance with the Requirements of PHL §230(10)(h).

Sheridan, OR 97378

The undersigned, Marybeth Hefner, Deputy Commissioner for Administration, pursuant to N.Y. Public Health Law §230, and upon the recommendation of a Committee on Professional Medical Conduct of the State Board for Professional Medical Conduct, has determined that Devendrakumar Ishwarbhai Patel, M.D. (henceforth "Respondent"), New York license number 189760, was convicted of committing an act constituting a felony under federal law in the United States District Court, District of Nevada, as is more fully set forth in the Statement of Charges attached to the Notice of Referral Proceeding and made a part hereof.

It is therefore:

ORDERED, pursuant to N.Y. Public Health Law §230(12)(b), that effective immediately, Respondent shall not practice medicine in the State of New York, or practice in any setting under the authority of Respondent's New York license.

> Any practice of medicine in violation of this Order shall constitute Professional Misconduct within the meaning of N.Y. Educ. Law §6530(29) and may constitute unauthorized medical practice, a Felony defined by N.Y. Educ. Law §6512.

This Order shall remain in effect until the final conclusion of a hearing which shall commence within ninety days of the service of this order and shall end within ninety days thereafter. The hearing will be held pursuant to the provisions of N.Y. Pub. Health Law

EXHIBIT
953 2

§230, and N.Y. State Admin. Proc. Act §§301-307 and 401. The hearing will be conducted before a committee on professional conduct of the State Board for Professional Medical Conduct on a date and at a location to be set forth in a written Notice of Hearing or Notice of Referral Proceeding provided to the Respondent contemporaneously with this Order.

THESE PROCEEDINGS MAY RESULT IN A DETERMINATION THAT YOUR LICENSE TO PRACTICE MEDICINE IN NEW YORK STATE BE REVOKED OR SUSPENDED, AND/OR THAT YOU BE FINED OR SUBJECT TO OTHER SANCTIONS SET FORTH IN NEW YORK PUBLIC HEALTH LAW §230-a. YOU ARE URGED TO OBTAIN AN ATTORNEY TO REPRESENT YOU IN THIS MATTER.

PLEASE TAKE NOTICE THAT:

An adjudicatory proceeding will be held pursuant to the provisions of N.Y. Pub. Health Law §230(10)(p) and N.Y. State Admin. Proc. Act §§301-307 and 401. The proceeding will be conducted before a committee on professional conduct of the State Board for Professional Medical Conduct (Committee) on August 13, 2020, at 10:30 a.m., at the offices of the New York State Department of Health, Riverview Center, 150 Broadway, Suite 510, Menands (Albany), NY 12204-2719,[1] or by video conference as directed by the Administrative Law Judge, and at such other adjourned dates, times and places as the committee may direct.

At the proceeding, evidence will be received concerning the allegations set forth in the Statement of Charges, which is attached. A stenographic record of the proceeding will be made and the witnesses at the proceeding will be sworn and examined.

You may appear in person at the proceeding, or by video conference if directed by the Administrative Law Judge, and may be represented by counsel who shall be an attorney admitted to practice in New York state. You may produce evidence or sworn testimony on your behalf. Such evidence or sworn testimony shall be strictly limited to evidence and testimony relating to the nature and severity of the penalty to be imposed upon the licensee. Where the charges are based on the conviction of state law crimes in other jurisdictions, evidence may be offered which would show that the conviction would not be a crime in New York State. The

[1] For GPS purposes, enter "Menands", not "Albany".

Committee also may limit the number of witnesses whose testimony will be received, as well as the length of time any witness will be permitted to testify.

If you intend to present sworn testimony, the number of witnesses and an estimate of the time necessary for their direct examination must be submitted to the New York State Department of Health, Division of Legal Affairs, Bureau of Adjudication, Riverview Center, 150 Broadway - Suite 510, Albany, NY 12204-2719, ATTENTION: HON. JAMES HORAN, DIRECTOR, BUREAU OF ADJUDICATION (Telephone: (518-402-0748), (henceforth "Bureau of Adjudication") as well as the Department of Health attorney indicated below, no later than twenty days prior to the scheduled date of the Referral Proceeding, as indicated above.

Pursuant to the provisions of N.Y. Pub. Health Law §230(10)(p), you shall file a written answer to each of the charges and allegations in the Statement of Charges at least ten days prior to the date of the hearing. Any charge or allegation not so answered shall be deemed admitted: You may wish to seek the advice of counsel prior to filing such answer. You may also file a written brief and affidavits with the Committee. All such documents shall be filed with the Bureau of Adjudication, at the address indicated above, and a copy shall be forwarded to the attorney for the Department of Health whose name appears below, at least ten days prior to the date of the hearing. Should the parties have objection(s) to proposed witnesses or documentary evidence, the party raising the objection(s) shall contact the Bureau of Adjudication at least three days prior to the hearing date to arrange for a pre-hearing conference with the Administrative Law Judge, prior to the hearing date.

Not later than ten days prior to the date of the hearing, you are required to file one copy of your proposed exhibits (if any) with the Bureau of Adjudication at the address indicated above, and a copy of all such documents/exhibits must be served on the same date on the Department of Health attorney indicated below. On the day of the hearing, you are also required to provide the original of such exhibits and three copies, for use by the Committee.

Pursuant to §301(5) of the State Administrative Procedure Act, the Department, upon reasonable notice, will provide at no charge a qualified interpreter of the deaf to interpret the proceedings to, and the testimony of, any deaf person. Pursuant to the terms of N.Y. State Admin. Proc. Act §401 and 10 N.Y.C.R.R. §51.8(b), the Petitioner hereby demands disclosure of the evidence that the Respondent intends to introduce at the hearing, including the names of

witnesses, a list of and copies of documentary evidence and a description of physical or other evidence which cannot be photocopied.

YOU ARE HEREBY ADVISED THAT THE ATTACHED CHARGES WILL BE MADE PUBLIC FIVE BUSINESS DAYS AFTER THEY ARE SERVED.
Department attorney: Initial here [redacted]

The proceeding may be held whether or not you appear. Please note that requests for adjournments must be made in writing to the Bureau of Adjudication, at the address indicated above, with a copy of the request to the attorney for the Department of Health, whose name appears below, at least five days prior to the scheduled date of the proceeding. Adjournment requests are not routinely granted. Claims of court engagement will require detailed affidavits of actual engagement. Claims of illness will require medical documentation. Failure to obtain an attorney within a reasonable period of time prior to the proceeding will not be grounds for an adjournment.

The Committee will make a written report of its findings, conclusions as to guilt, and a determination. Such determination may be reviewed by the administrative review board for professional medical conduct.

THESE PROCEEDINGS MAY RESULT IN A DETERMINATION THAT YOUR LICENSE TO PRACTICE MEDICINE IN NEW YORK STATE BE REVOKED OR SUSPENDED, AND/OR THAT YOU BE FINED OR SUBJECT TO OTHER SANCTIONS SET OUT IN NEW YORK PUBLIC HEALTH LAW §§230-a. NEW YORK STATE DEPARTMENT OF HEALTH
STATE BOARD FOR PROFESSIONAL MEDICAL CONDUCT

IN THE MATTER OF DEVENDRAKUMAR ISHWARBHAI PATEL, M.D.	STATEMENT OF CHARGES

DEVENDRAKUMAR ISHWARBHAI PATEL, M.D., the Respondent, was authorized to practice medicine in New York State on or about July 14, 1992, by the issuance of license number 189760 by the New York State Education Department.

FACTUAL ALLEGATIONS

A. On May 7, 2019 Respondent was convicted in the United States District Court, District of Nevada of one count of felony distribution of controlled substances. Respondent was sentenced to thirty-seven (37) months incarceration, three years supervised released, a fee of one hundred ($100.00) dollars and a fine of five hundred thousand ($500,000.00) dollars. The conviction resolved allegations that beginning on or about September 2015 and January 2016 and later dates, Respondent knowingly distributed Schedule II controlled substances, oxycodone and hydrocodone. Respondent distributed the controlled substances outside the usual course of professional practice and not for a legitimate medical purpose.

B. On or about September 6, 2019 Respondent entered into a Settlement Agreement with the Nevada Board of Medicine (Board) which resolved three separate formal Board complaints. The Settlement Agreement resulted in the revocation of Respondent's Nevada medical license, prohibiting reapplication for three years, a letter of reprimand and imposed a fine and fees in the amount of $10,103.88. The Settlement Agreement

resolved allegations of malpractice, failure to diagnose, recommending medical procedures not clinically indicated, violating a patient's trust for financial gain, failure to offer appropriate procedures for financial benefit, and the Respondent's conviction in the United States District Court, District of Nevada for the distribution of controlled substance.

C. The conduct resulting in the Nevada disciplinary action against Respondent would constitute misconduct under the laws of New York State pursuant to the following sections of New York State law:

1. New York Education Law § 6530(3) (negligence on more than one occasion);

2. New York Education Law § 6530(17) (exercising undue influence on the patient, including the promotion of the sale of services, goods, appliances, or, drugs in such a manner as to exploit the patient for the financial gain of the licensee);

3. New York Education Law § 6530(20) (moral unfitness to practice medicine);

4. New York Education § 6530(9)(a)(ii) (having been convicted of committing an act constituting a crime under federal law).

FIRST SPECIFICATION OF CHARGES

Respondent is charged with committing professional misconduct as defined in N.Y. Educ. Law § 6530(9)(a)(ii) by having been convicted of committing an act constituting a crime under federal law as alleged in the facts of the following:

A. The facts in paragraph A.

SECOND SPECIFICATION OF CHARGES

Respondent is charged with committing professional misconduct as defined in N.Y. Educ. Law § 6530(9)(d) by having his or her license to practice medicine revoked, suspended or having other disciplinary action taken, or having his or her application for a license refused, revoked or suspended or having voluntarily or otherwise surrendered his or her license after a disciplinary action was instituted by a duly authorized professional disciplinary agency of another state, where the conduct resulting in the revocation, suspension or other disciplinary action involving the license or refusal, revocation or suspension of an application for a license or the surrender of the license would, if committed in New York state, constitute professional misconduct under the laws of New York state (namely N.Y. Educ. Law § 6530(3) § 6530(9)(a)(ii) § 6530(17) § 6530(20)) as alleged in the facts of the following:

B. Paragraphs B and C.

The proceeding will be conducted before a committee on professional conduct of the State Board for Professional Medical Conduct (Committee) on August 13, 2020, at 10:30 a.m., at the offices of the New York State Department of Health, Riverview Center, 150 Broadway, Suite 510, Menands (Albany), NY 12204-2719[1], or by video conference as directed by the Administrative Law Judge, and at such other adjourned dates, times and places as the committee may direct.

At the proceeding, evidence will be received concerning the allegations set forth in the Statement of Charges, which is attached. A stenographic record of the proceeding will be made and the witnesses at the proceeding will be sworn and examined.

You may appear in person at the proceeding, or by video conference if directed by the Administrative Law Judge, and may be represented by counsel who shall be an attorney admitted to practice in New York state. You may produce evidence or sworn testimony on your behalf. Such evidence or sworn testimony shall be strictly limited to evidence and testimony relating to the nature and severity of the penalty to be imposed upon the licensee. Where the charges are based on the conviction of state law crimes in other jurisdictions, evidence may be offered which would show that the conviction would not be a crime in New York State. The

[1] For GPS purposes, enter "Menands", not "Albany"

Committee also may limit the number of witnesses whose testimony will be received, as well as the length of time any witness will be permitted to testify.

If you intend to present sworn testimony, the number of witnesses and an estimate of the time necessary for their direct examination must be submitted to the New York State Department of Health, Division of Legal Affairs, Bureau of Adjudication, Riverview Center, 150 Broadway - Suite 510, Albany, NY 12204-2719, ATTENTION: HON. JAMES HORAN, DIRECTOR, BUREAU OF ADJUDICATION [redacted] henceforth "Bureau of Adjudication") as well as the Department of Health attorney indicated below, no later than twenty days prior to the scheduled date of the Referral Proceeding, as indicated above.

Pursuant to the provisions of N.Y. Pub. Health Law §230(10)(p), you shall file a written answer to each of the charges and allegations in the Statement of Charges at least ten days prior to the date of the hearing. Any charge or allegation not so answered shall be deemed admitted. You may wish to seek the advice of counsel prior to filing such answer. You may also file a written brief and affidavits with the Committee. All such documents shall be filed with the Bureau of Adjudication, at the address indicated above, and a copy shall be forwarded to the attorney for the Department of Health whose name appears below, at least ten days prior to the date of the hearing. Should the parties have objection(s) to proposed witnesses or documentary evidence, the party raising the objection(s) shall contact the Bureau of Adjudication at least three days prior to the hearing date to arrange for a pre-hearing conference with the Administrative Law Judge, prior to the hearing date.

Not later than ten days prior to the date of the hearing, you are required to file one copy of your proposed exhibits (if any) with the Bureau of Adjudication at the address indicated above, and a copy of all such documents/exhibits must be served on the same date on the Department of Health attorney indicated below. On the day of the hearing, you are also required to provide the original of such exhibits and three copies, for use by the Committee.

Pursuant to §301(5) of the State Administrative Procedure Act, the Department, upon reasonable notice, will provide at no charge a qualified interpreter of the deaf to interpret the proceedings to, and the testimony of, any deaf person. Pursuant to the terms of N.Y. State Admin. Proc. Act §401 and 10 N.Y.C.R.R. §51.8(b), the Petitioner hereby demands disclosure of the evidence that the Respondent intends to introduce at the hearing, including the names of

witnesses, a list of and copies of documentary evidence and a description of physical or other evidence which cannot be photocopied.

YOU ARE HEREBY ADVISED THAT THE ATTACHED CHARGES WILL BE MADE PUBLIC FIVE BUSINESS DAYS AFTER THEY ARE SERVED.

Department attorney initial here [redacted]

The proceeding may be held whether or not you appear. Please note that requests for adjournments must be made in writing to the Bureau of Adjudication, at the address indicated above, with a copy of the request to the attorney for the Department of Health, whose name appears below, at least five days prior to the scheduled date of the proceeding. Adjournment requests are not routinely granted. Claims of court engagement will require detailed affidavits of actual engagement. Claims of illness will require medical documentation. Failure to obtain an attorney within a reasonable period of time prior to the proceeding will not be grounds for an adjournment.

The Committee will make a written report of its findings, conclusions as to guilt, and a determination. Such determination may be reviewed by the administrative review board for professional medical conduct.

THESE PROCEEDINGS MAY RESULT IN A DETERMINATION THAT YOUR LICENSE TO PRACTICE MEDICINE IN NEW YORK STATE BE REVOKED OR SUSPENDED, AND/OR THAT YOU BE FINED OR SUBJECT TO OTHER SANCTIONS SET OUT IN NEW YORK PUBLIC HEALTH LAW §6230-a. YOU ARE URGED TO OBTAIN AN ATTORNEY TO REPRESENT YOU IN THIS MATTER.

NEW YORK STATE DEPARTMENT OF HEALTH
STATE BOARD FOR PROFESSIONAL MEDICAL CONDUCT

IN THE MATTER OF DEVENDRAKUMAR ISHWARBHAI PATEL, M.D.	STATEMENT OF CHARGES

DEVENDRAKUMAR ISHWARBHAI PATEL, M.D., the Respondent, was authorized to practice medicine in New York State on or about July 14, 1992, by the issuance of license number 189760 by the New York State Education Department.

FACTUAL ALLEGATIONS

A. On May 7, 2019 Respondent was convicted in the United States District Court, District of Nevada of one count of felony distribution of controlled substances. Respondent was sentenced to thirty-seven (37) months incarceration, three years supervised released, a fee of one hundred ($100.00) dollars and a fine of five hundred thousand ($500,000.00) dollars. The conviction resolved allegations that beginning on or about September 2015 and January 2016 and later dates, Respondent knowingly distributed Schedule II controlled substances, oxycodone and hydrocodone. Respondent distributed the controlled substances outside the usual course of professional practice and not for a legitimate medical purpose.

B. On or about September 6, 2019 Respondent entered into a Settlement Agreement with the Nevada Board of Medicine (Board) which resolved three separate formal Board complaints. The Settlement Agreement resulted in the revocation of Respondent's Nevada medical license, prohibiting reapplication for three years, a letter of reprimand and imposed a fine and fees in the amount of $10,103.88. The Settlement Agreement

resolved allegations of malpractice, failure to diagnose, recommending medical procedures not clinically indicated, violating a patient's trust for financial gain, failure to offer appropriate procedures for financial benefit, and the Respondent's conviction in the United States District Court, District of Nevada for the distribution of controlled substance.

C. The conduct resulting in the Nevada disciplinary action against Respondent would constitute misconduct under the laws of New York State pursuant to the following sections of New York State law:

1. New York Education Law § 6530(3) (negligence on more than one occasion);

2. New York Education Law § 6530(17) (exercising undue influence on the patient, including the promotion of the sale of services, goods, appliances, or, drugs in such a manner as to exploit the patient for the financial gain of the licensee);

3. New York Education Law § 6530(20) (moral unfitness to practice medicine);

4. New York Education § 6530(9)(a)(ii) (having been convicted of committing an act constituting a crime under federal law);

FIRST SPECIFICATION OF CHARGES

Respondent is charged with committing professional misconduct as defined in N.Y. Educ. Law § 6530(9)(a)(ii) by having been convicted of committing an act constituting a crime under federal law as alleged in the facts of the following:

A. The facts in paragraph A.

SECOND SPECIFICATION OF CHARGES

Respondent is charged with committing professional misconduct as defined in N.Y. Educ. Law § 6530(9)(d) by having his or her license to practice medicine revoked, suspended or having other disciplinary action taken, or having his or her application for a license refused, revoked or suspended or having voluntarily or otherwise surrendered his or her license after a disciplinary action was instituted by a duly authorized professional disciplinary agency of another state, where the conduct resulting in the revocation, suspension or other disciplinary action involving the license or refusal, revocation or suspension of an application for a license or the surrender of the license would, if committed in New York state, constitute professional misconduct under the laws of New York state (namely N.Y. Educ. Law § 6530(3) § 6530(9)(a)(i) § 6530(17) § 6530(20)) as alleged in the facts of the following:

B. Paragraphs B and C.

FIRST AMENDED COMPLAINT

The Investigative Committee[1] (IC) of the Nevada State Board of Medical Examiners (Board), by and through Aaron Bart Fricke, Esq., Deputy General Counsel and attorney for the IC, having a reasonable basis to believe that Devendrakumar I. Patel, M.D. (Respondent) violated the provisions of Nevada Revised Statutes (NRS) Chapter 630 and Nevada Administrative Code (NAC) Chapter 630 (collectively, the Medical Practice Act), hereby issues its Complaint, stating the IC's charges and allegations as follows:

1. Respondent is a physician licensed to practice medicine in the State of Nevada (License No. 11068). He was originally licensed by the Board on July 23, 2004.

2. Patient A was a 58-year-old male when he presented to Respondent for medical care on October 2, 2012. Patient A's true identity is not disclosed herein to protect his privacy, but is disclosed in the Patient Designation served upon Respondent along with a copy of this Complaint.

3. On October 2, 2012, Patient A presented to Respondent with signs and symptoms of an ST[2] elevation myocardial infarction (STEMI) of the inferior wall. Despite ample medical evidence available to him, Respondent failed to properly assess and diagnose the STEMI on October 2, 2012.

4. Based on the medical evidence available to him, specifically, ongoing clinical and ECG changes consistent with ischemia, Respondent failed to order urgent cardiac revascularization at a facility

NRS 630.301(4) (Malpractice)

5. All of the allegations in the above paragraphs are hereby incorporated as if fully set forth herein.

6. Malpractice is grounds for disciplinary action against a licensee pursuant to NRS 630.301(4).

7. NAC 630.040 defines malpractice as the failure to use the reasonable care, skill, or knowledge ordinarily used under similar circumstances when treating a patient.

8. As demonstrated by, but not limited to, the above-outlined facts, Respondent committed malpractice with respect to his treatment of Patient A.

9. By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

WHEREFORE, the Investigative Committee prays:

1. That the Board give Respondent notice of the charges herein against him and give him notice that he may file an answer to the Complaint herein as set forth in NRS 630.339(2) within twenty (20) days of service of the Complaint;

2. That the Board set a time and place for a formal hearing after holding an Early Case Conference pursuant to NRS 630.339(3);

3. That the Board determine the sanctions it will impose if it finds Respondent violated the Medical Practice Act;

FIRST AMENDED COMPLAINT

The Investigative Committee[1] (IC) of the Nevada State Board of Medical Examiners (Board), by and through Aaron Bart Fricke, Esq., Deputy General Counsel and attorney for the IC, having a reasonable basis to believe that Devendrakumar I. Patel, M.D. (Respondent) violated the provisions of Nevada Revised Statutes (NRS) Chapter 630 and Nevada Administrative Code (NAC) Chapter 630 (collectively, the Medical Practice Act), hereby issues its Complaint, stating the IC's charges and allegations as follows:

1. Respondent is a physician licensed to practice medicine in the State of Nevada (License No. 11068). He was originally licensed by the Board on July 23, 2004.

A. Enhanced External Counterpulsation (EECP) for the Treatment of Angina

2. EECP is a noninvasive therapy developed for the treatment of end-stage angina pectoris that is refractory to conventional therapy (i.e., surgery, angioplasty) for acute myocardial infarction and cardiogenic shock. EECP involves the sequential compression (inflation/deflation) of cuffs wrapped around the patient's calves, thighs, and buttocks. By timing the inflation/deflation sequence to the patient's cardiac cycle, the intention of EECP is to increase diastolic aortic pressure, thereby increasing coronary perfusion pressure possibly by enhancing the development of coronary collateral circulation and reducing the workload of the heart. Treatment

[1] The Investigative Committee of the Nevada State Board of Medical Examiners, at the time the filing of the Complaint was approved, was composed of Theodore B. Berndt, M.D., Wayne Hardwick, M.D., and Mr. M. Neil Duxbury.

usually consists of one-hour sessions, five days a week, for seven weeks. EECP has been approved by the U.S. Food and Drug Administration (FDA) for management of refractory angina.

3. End-stage angina pectoris is defined as "disabling angina" (class III or class IV), and is indicted for those who, in the opinion of a cardiologist or a cardiovascular surgeon, are not readily amenable to surgical intervention.

4. Angina is the sensation of chest pain or pressure often with radiation to the left arm or jaw that comes on with exertion or stress and is relieved with rest or medication. It can feel like smothering shortness of breath or severe indigestion. It is caused when the heart muscle outworks its blood supply.

5. Chronic stable angina is the occurrence of angina with predictable levels of exertion, usually lasting less than five minutes. It is reproducible and usually is predictable.

B. Respondent's Treatment of Patient A

6. Patient A was a 71-year-old female when she presented to Respondent for medical care in November 2013. Patient A's true identity is not disclosed herein to protect her privacy, but is disclosed in the Patient Designation served upon Respondent along with a copy of this Complaint.

7. On November 8, 2013, Patient A presented to Respondent with progressively increasing malaise, fatigue, and shortness of breath at less than normal exertion. Patient A had a history of coronary artery disease, diabetes, hypertension, hyperlipidemia, rheumatoid arthritis, chronic pain, osteoarthritis, hypothyroidism, and prior deep venous thrombosis, and lived a sedentary lifestyle. A stress test was conducted on November 13, 2013, which was abnormal. A left heart catheterization, selective coronary artery angiography, and left ventriculogram were performed at Northeastern Nevada Regional Hospital on November 10, 2013, which revealed substantial coronary artery disease. Accordingly, coronary artery bypass surgery (CABG) was performed in Salt Lake City, Utah, on December 18, 2013.

8. On July 18, 2014, Patient A presented to Respondent again for progressively increasing shortness of breath and fatigue at less than usual exertion over the past 5-6 years, and recent back pain and low blood pressure. Respondent recommended EECP therapy, and Patient A

OFFICE OF THE GENERAL COUNSEL

underwent EECP therapy at Respondent's medical practice during August and September 2014. Respondent billed Patient A $600 for each session, for at least seventeen sessions, for a total of $10,200.

9. Based on the medical evidence available to him, specifically, without an assessment for and diagnosis of angina or angina class (such as how far Patient A could walk before symptoms occur, or other physical assessments), without evidence of how Patient A had responded to standard therapies or treatments, such as CABG, and without assessment or changes in symptoms following CABG, the use of and recommendation of EECP was not indicated.

10. On information and belief, Respondent's conduct in recommending and performing EECP on Patient A was intentional, and made for his own financial benefit and pecuniary gain.

COUNT I

NRS 630.301(4) (Malpractice)

11. All of the allegations in the above paragraphs are hereby incorporated as if fully set forth herein.

12. Malpractice is grounds for disciplinary action against a licensee pursuant to NRS 630.301(4).

13. NAC 630.040 defines malpractice as the failure to use the reasonable care, skill, or knowledge ordinarily used under similar circumstances when treating a patient.

14. As demonstrated by, but not limited to, the above-outlined facts, Respondent committed malpractice with respect to his treatment of Patient A by failing to use reasonable care, skill or knowledge in recommending and performing EECP on Patient A.

15. By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

17. Engaging in conduct that violates the trust of a patient and exploits the relationship between the physician and the patient for financial or other personal gain is grounds for disciplinary action against a licensee pursuant to NRS 630.301(7).

18. As demonstrated by, but not limited to, the above-outlined facts, Respondent violated Patient A's trust and exploited their physician-patient relationship for financial gain recommending, performing and billing for EECP.

19. By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

COUNT III

NRS 630.301(8) (Failure to Offer Appropriate Procedures for Financial Benefit)

20. All of the allegations in the above paragraphs are hereby incorporated as if fully set forth herein.

21. The failure to offer appropriate procedures or studies, when the failure occurs with the intent of positively influencing the financial well-being of the practitioner, is grounds for disciplinary action against a licensee pursuant to NRS 630.301(8).

22. As demonstrated by, but not limited to, the above-outlined facts, Respondent failed to offer appropriate procedures to Patient A; rather, Respondent offered inappropriate procedures to Patient A by recommending, performing, and billing for EECP, and did so with the intent of positively influencing his own financial well-being.

23. By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

WHEREFORE, the Investigative Committee prays:

1. That the Board give Respondent notice of the charges herein against him and give him notice that he may file an answer to the Complaint herein as set forth in NRS 630.339(2) within twenty (20) days of service of the Complaint;

COMPLAINT

The Investigative Committee[1] (IC) of the Nevada State Board of Medical Examiners (Board), by and through Aaron Bart Fricke, Esq., Deputy General Counsel and attorney for the IC, having a reasonable basis to believe that Devendrakumar I. Patel, M.D. (Respondent) violated the provisions of Nevada Revised Statutes (NRS) Chapter 630 and Nevada Administrative Code (NAC) Chapter 630 (collectively, the Medical Practice Act), hereby issues its Complaint, stating the IC's charges and allegations as follows:

1. Respondent is a physician and holds an inactive license to practice medicine in the State of Nevada (License No. 11068). He was originally licensed by the Board on July 23, 2004.

A. Respondent Criminal Conduct

2. Pursuant to a Grand Jury Indictment filed on December 6, 2017 (hereinafter, the "Indictment"), in the U.S. District Court for the State of Nevada, in Criminal Case No. 3:17-cr-00114 LRH-VPC, "USA v. Patel M.D." (hereinafter, the "Federal Case"), a federal grand jury charged Respondent with 39 crimes, as follows: violation of 21 USC 841(a)(1) - Distribution of Controlled Substances - Schedule II (count 1); violation of 21 USC 841(a)(1) - Distribution of Controlled Substances - Schedule II (counts 2-21); violation of 21 USC 841(a)(1) - Distribution of Controlled Substances - Schedule III (counts 22-25); violation of 21 USC 841(a)(1) - Distribution

[1] The Investigative Committee (IC) of the Nevada State Board of Medical Examiners (Board), at the time this formal Complaint was authorized for filing, was composed of Board members Wayne Hardwick, M.D., Chairman, Mr. M. Neil Duxbury, and Aury Nagy, M.D.

of Controlled Substances - Schedule IV (counts 26-36); violation of 18 USC 1347 - Health Care Fraud (counts 37-39).

3. Pursuant to 18 USC 3559(a)(3), violation of 21 USC 841(a)(1), as alleged in Count One of the Indictment, constitutes a Class C felony.

4. Respondent and his attorney in the Federal Case, Lance Maningo, Esq., along with attorneys for the United States, entered into a "Plea Agreement Under Fed. R. Crim. P. 11 (c)(1)(A) and (B)," filed on November 26, 2018 ("Plea Agreement"), a true and correct copy of which is attached hereto as Exhibit 1 and incorporated herein by this reference. Pursuant to the Plea Agreement, Respondent knowingly and voluntarily agreed to plead guilty to Count One of the Indictment. Specifically, Respondent admitted the following:

a. Count One: The elements of Distribution of Controlled Substance in violation of 21 USC 841(a)(1) and (b)(1)(C) are:

i. First, beginning on or about September 2015 and January 2016 and later dates, the Respondent knowingly distributed Schedule II controlled substances, to wit Oxycodone and Hydrocodone;

ii. Second, the Respondent knew that the controlled substances were Oxycodone and Hydrocodone or some other prohibited drug;

iii. Third, the Respondent distributed the controlled substances outside the usual course of professional practice and not for a legitimate medical purpose; and

iv. Fourth, the Respondent intended to distribute the controlled substances outside the course of his professional practice.

5. Pursuant to the Plea Agreement, Respondent also admitted that he is, in fact and under the law, guilty of the crimes charged, and that he acknowledges that if he elected to go to trial instead of pleading guilty, the United States could prove his guilt beyond a reasonable doubt. Respondent further acknowledges that his admissions and declarations of fact set forth in the Plea Agreement satisfy every element of the charged offense.

UNITED STATES OF AMERICA,

Plaintiff,

vs.

DEVENDRA I. PATEL, M.D.,

Defendant.

Case No.: 3:17-cr-114 LRH-VPC

PLEA AGREEMENT UNDER FED. R. CRIM. P. 11 (c)(1)(A) and (B)

Plaintiff United States of America, by and through DAYLE ELIESON, United States Attorney, and SUE FAHAMI and KILBY MACFADDEN, Assistant United States Attorneys, the Defendant, DEVENDRA I. PATEL, M.D. and the Defendant's attorney, LANCE MANINGO, ESQ., submit this Plea Agreement under Fed. R. Crim. P. 11(c)(1)(A) and (B).

I. SCOPE OF AGREEMENT

The parties to this Plea Agreement are the United States of America and DEVENDRA I. PATEL (the Defendant). This Plea Agreement binds the Defendant and the United States Attorney's Office for the District of Nevada. It does not bind any other prosecuting, administrative, or regulatory authority, the United States

Probation Office, or the Court.

The Plea Agreement sets forth the parties' agreement regarding criminal charges referenced in the Plea Agreement and applicable sentences, fines, restitution and forfeiture. It does not control or prohibit the United States or any agency or third party from seeking any other civil or administrative remedies directly or indirectly against the Defendant.

II. DISPOSITION OF CHARGES AND WAIVER OF TRIAL RIGHTS

A. Guilty Plea. The Defendant knowingly and voluntarily agrees to plead guilty to Count One of the Criminal Indictment filed December 6, 2017:

Count One: Distribution of a Controlled Substance, in violation of Title 21, United States Code, Section 841(a)(1) and (b)(1)(C).

At the time of sentencing, the Government will move to dismiss the remaining counts of the Criminal Indictment.

B. Waiver of Trial Rights. The Defendant acknowledges that he has been advised and understands that by entering a plea of guilty he is waiving -- that is, giving up -- certain rights guaranteed to all Defendants by the laws and the Constitution of the United States. Specifically, the Defendant is giving up:

1. The right to proceed to trial by jury on all charges, or to a trial by a judge if the Defendant and the United States both agree;

2. The right to confront the witnesses against the Defendant at such a trial, and to cross-examine them;

3. The right to remain silent at such a trial, with assurance that his silence could not be used against him in any way;

4. The right to testify in his own defense at such a trial if he so chooses;

5. The right to compel witnesses to appear at such a trial and testify in the Defendant's behalf, and;

6. The right to have the assistance of an attorney at all stages of such proceedings.

C. Withdrawal of Guilty Plea. The Defendant will not seek to withdraw his guilty plea after he has entered it in court.

D. Additional Charges. The United States agrees not to bring any additional charges against the Defendant arising out of the investigation in the District of Nevada which culminated in the Criminal Indictment and this Plea Agreement and based on conduct known to the United States, except that the United States reserves the right to prosecute the Defendant for any crime of violence as defined by 18 U.S.C. § 16 in which the Defendant may have participated.

III. ELEMENTS OF THE OFFENSE

Count One: The elements of Distribution of Controlled Substance in violation of 21 U.S.C. §§ 841(a)(1) and (b)(1)(C) are:

First, beginning on or about September 2015 and January 2016 and later dates, the Defendant knowingly distributed Schedule II controlled substances, to wit: Oxycodone and Hydrocodone;

Second, the Defendant knew that the controlled substances were Oxycodone and Hydrocodone or some other prohibited drug;

Third, the Defendant distributed the controlled substances outside the usual

course of professional practice and not for a legitimate medical purpose; and

Fourth, the Defendant intended to distribute the controlled substances outside the course of his professional practice.

Ninth Cir. Model Criminal Jury Instr., Criminal 9.18; Title 21 C.F.R. § 1306.04; *United States v. Feingold*, 454 F.3d 1001, 1008 (9th Cir. 2006)

IV. FACTS SUPPORTING GUILTY PLEA

A. The Defendant will plead guilty because he is, in fact and under the law, guilty of the crimes charged.

B. The Defendant acknowledges that if he elected to go to trial instead of pleading guilty, the United States could prove his guilt beyond a reasonable doubt and establish its right to forfeit the specified property by preponderance of the evidence. The Defendant further acknowledges that his admissions and declarations of fact set forth below satisfy every element of the charged offense.

C. The Defendant waives any potential future claim that the facts he admitted in this Plea Agreement were insufficient to satisfy the elements of the charged offense.

D. Both the United States and the Defendant agree that this section of the Plea Agreement does not contain all of the relevant information known to the Defendant. The parties also agree that the facts contained in Section IV provide a sufficient factual basis for the crime to which Defendant is pleading guilty, but the facts contained in Section IV are not an exhaustive statement by the Defendant.

E. The Defendant admits and declares under penalty of perjury that the facts set forth below are true and correct:

At all times relevant to the Criminal Indictment:

1. The Defendant, DEVENDRA I. PATEL, M.D. ("Defendant"), was a licensed physician who, since 2004, practiced medicine in Nevada under Nevada License Number 11068, specializing in cardiology in Elko, Nevada.

2. As part of his medical practice, he prescribed Schedule II Controlled Substances, including Hydrocodone and Oxycodone, under a Drug Enforcement Administration ("DEA") license number BP6740662.

3. Defendant knew that under the Controlled Substances Act, Title 21, United States Code, Section 841(a) *et seq.*, and Title 21, Code of Federal Regulations, Section 1306.04, a prescription for a Schedule II controlled substance was lawful only when written for a legitimate medical purpose by a practitioner acting in the usual course of his or her professional practice.

4. Between approximately September 2015 and January 2016 and later dates, Defendant prescribed dosages and amounts of Oxycodone and Hydrocodone, to patients outside the usual course of his professional practice and without a legitimate medical purpose.

5. Defendant did so with the intent to prescribe Oxycodone and Hydrocodone outside the course of his professional practice and without a legitimate medical purpose.

6. All of the foregoing occurred in the State and Federal District of Nevada and elsewhere.

V. COLLATERAL USE OF FACTUAL ADMISSIONS

The facts set forth in Section IV of this Plea Agreement shall be admissible

against the Defendant under Fed. R. Evid. 801(d)(2)(A) at sentencing for any purpose. If the Defendant does not plead guilty or withdraws his guilty plea, the facts set forth in Section IV of this Plea Agreement shall be admissible at any proceeding, including a trial, for impeaching or rebutting any evidence, argument or representation offered by or on the Defendant's behalf. The Defendant expressly waives all rights under Fed. R. Crim. P. 11(f) and Fed. R. Evid. 410 regarding the use of the facts set forth in Section IV of this Plea Agreement.

VI. APPLICATION OF SENTENCING GUIDELINES PROVISIONS

A. Discretionary Nature of Sentencing Guidelines. The Defendant acknowledges that the Court must consider the United States Sentencing Guidelines ("USSG" or "Sentencing Guidelines") in determining the Defendant's sentence, but that the Sentencing Guidelines are advisory, not mandatory, and the Court has discretion to impose any reasonable sentence up to the maximum term of imprisonment permitted by statute.

B. Offense Level Calculations. The parties stipulate to the following calculation of the Defendant's offense level under the Sentencing Guidelines, acknowledge that these stipulations do not bind the Court, and agree that they will not seek to apply any other specific offense characteristics, enhancements or reductions:

The Defendant acknowledges that the statutory maximum sentence and any statutory minimum sentence limit the Court's discretion in determining the Defendant's sentence notwithstanding any applicable Sentencing Guidelines provisions.

Group 1: Count 1: 21 U.S.C. §§ 841(a)(1), (b)(1)(C)

Offense Level Calculation		USSG
Base Offense Level[1]	20	§ 2D1.1(c)(10)
Use of Special Skill	+2	§ 3B1.3
Adjusted Offense Level (Subtotal)	**22**	
Contingent Reduction for Acceptance of Responsibility	-2	§ 3E1.1(a)
Contingent Reduction for Government Motion for Acceptance of Responsibility	-1	§ 3E1.1(b)
Final Adjusted Offense Level	**19**	

C. Reduction of Offense Level for Acceptance of Responsibility. Under USSG § 3E1.1(a), the United States will recommend that the Defendant receive a two-level downward adjustment for acceptance of responsibility unless he (a) fails to truthfully admit facts establishing a factual basis for the guilty plea when he enters the plea; (b) fails to truthfully admit facts establishing the amount of restitution owed when he enters his guilty plea; (c) fails to truthfully admit facts establishing the forfeiture allegations when he enters his guilty plea; (d) provides false or misleading information to the United States, the Court, Pretrial Services, or the Probation Office; (e) denies involvement in the offense or provides conflicting statements regarding his involvement or falsely denies or frivolously contests conduct relevant to the offense; (f) attempts to withdraw his guilty plea; (g) commits or attempts to commit any crime; (h) fails to appear in court; or (i) violates the

[1] The Group 1 base offense level was calculated as follows: there were three prescriptions of Hydrocodone/Oxycodone for a total 10,800 milligrams of Hydrocodone/Oxycodone. This is equal to 72.36 kg of marijuana (10.8g x 6700g equals 72,360 grams). The parties stipulate to this calculation for purposes of sentencing only.

conditions of pretrial release.

Under USSG §3E1.1(b), if the Court determines that the Defendant's total offense level, before operation of § 3E1.1(a), is 16 or higher, and if the United States recommends a two-level downward adjustment pursuant to the preceding paragraph, the United States will move for an additional one-level downward adjustment for acceptance of responsibility before sentencing because the Defendant communicated his decision to plead guilty in a timely manner that enabled the United States to avoid preparing for trial and to efficiently allocate its resources.

D. Criminal History Category. The Defendant acknowledges that the Court may base his sentence in part on the Defendant's criminal record or criminal history. The Court will determine the Defendant's Criminal History Category under the Sentencing Guidelines.

E. Relevant Conduct. The Court may consider any counts dismissed under this Plea Agreement and all other relevant conduct, whether charged or uncharged, in determining the applicable Sentencing Guidelines range and whether to depart from that range.

F. Additional Sentencing Information. The stipulated Sentencing Guidelines calculations are based on information now known to the parties. The parties may provide additional information to the United States Probation Office and the Court regarding the nature, scope, and extent of the Defendant's criminal conduct and any aggravating or mitigating facts or circumstances. Good faith efforts to provide truthful information or to correct factual misstatements shall not be grounds for the Defendant to withdraw his guilty plea. The Defendant acknowledges

that the United States Probation Office may calculate the Sentencing Guidelines differently and may rely on additional information it obtains through its investigation. The Defendant also acknowledges that the Court may rely on this and other additional information as it calculates the Sentencing Guidelines range and makes other sentencing determinations, and the Court's reliance on such information shall not be grounds for the Defendant to withdraw his guilty plea.

VII. APPLICATION OF SENTENCING STATUTES

A. Maximum Penalty. The maximum penalty under 21 U.S.C. §§ 841(a) and 841(b)(1)(C) is 20 years imprisonment, a fine of $1,000,000, or both.

B. Factors Under 18 U.S.C. § 3553. The Court must consider the factors set forth in 18 U.S.C. § 3553(a) in determining the Defendant's sentence. However, the statutory maximum sentence and any statutory minimum sentence limit the Court's discretion in determining the Defendant's sentence.

C. Parole Abolished. The Defendant acknowledges that his prison sentence cannot be shortened by early release on parole because parole has been abolished.

D. Supervised Release. In addition to imprisonment and a fine, the Defendant will be subject to a three-year term of supervised release. Supervised release is a period of time after release from prison during which the Defendant will be subject to various restrictions and requirements. If the Defendant violates any condition of supervised release, the Court may order the Defendant's return to prison for all or part of the term of supervised release, which could result in the Defendant serving a total term of imprisonment equal to the statutory maximum prison

sentence of 20 years imprisonment.

E. Special Assessment. The Defendant will pay a $100.00 special assessment per count at the time of sentencing.

VIII. POSITIONS REGARDING SENTENCE

The Government will recommend that the Court sentence the Defendant to a sentence within the Sentencing Guidelines range as determined by the Court. Notwithstanding its agreement to recommend that the Defendant be sentenced as described in this Plea Agreement, the United States reserves its right to defend any lawfully imposed sentence on appeal or in any post-conviction litigation.

The Defendant may seek a downward adjustment pursuant to 18 U.S.C. § 3553, including probation, from any sentence the Court may impose.

The Defendant acknowledges that the Court does not have to follow these recommendations.

IX. RESTITUTION

In exchange for benefits received under this Plea Agreement, the Defendant agrees to make full restitution in an amount to be determined by the Court for all of the losses the Defendant caused by his schemes or offenses, whether charged or uncharged, pleaded to or not, and by all of his relevant conduct. 18 U.S.C. § 3663(a)(3).

X. FINANCIAL INFORMATION AND DISPOSITION OF ASSETS

Before or after sentencing, upon request by the Court, the United States, or the Probation Office, the Defendant will provide accurate and complete financial information, submit sworn statements, and/or give depositions under oath

concerning his assets and his ability to pay. The Defendant will surrender assets he obtained directly or indirectly as a result of his crimes, and will release funds and property under his control in order to pay any fine, forfeiture, or restitution ordered by the Court.

XI. THE DEFENDANT'S ACKNOWLEDGMENTS AND WAIVERS

A. Plea Agreement and Decision to Plead Guilty. The Defendant acknowledges that:

(1) He has read this Plea Agreement and understands its terms and conditions;

(2) He has had adequate time to discuss this case, the evidence, and this Plea Agreement with his attorney;

(3) He has discussed the terms of this Plea Agreement with his attorney;

(4) The representations contained in this Plea Agreement are true and correct, including the facts set forth in Section IV; and

(5) He was not under the influence of any alcohol, drug, or medicine that would impair his ability to understand the Agreement when he considered signing this Plea Agreement and when he signed it.

The Defendant understands that he alone decides whether to plead guilty or go to trial, and acknowledges that he has decided to enter his guilty plea knowing of the charges brought against him, his possible defenses, and the benefits and possible detriments of proceeding to trial. The Defendant also acknowledges that he decided to plead guilty voluntarily and that no one coerced or threatened his to enter into

this Plea Agreement.

B. Waiver of Appeal and Post-Conviction Proceedings. The Defendant knowingly and expressly waives: (a) the right to appeal any sentence imposed within or below the applicable Sentencing Guideline range as determined by the Court; (b) the right to appeal the manner in which the Court determined that sentence on the grounds set forth in 18 U.S.C. § 3742; and (c) the right to appeal any other aspect of the conviction or sentence and any order of restitution or forfeiture.

The Defendant also knowingly and expressly waives all collateral challenges, including any claims under 28 U.S.C. § 2255, to his conviction, sentence, and the procedure by which the Court adjudicated guilt and imposed sentence, except non-waivable claims of ineffective assistance of counsel.

The Defendant reserves only the right to appeal any portion of the sentence that is an upward departure or an upward variance from the Sentencing Guidelines range determined by the Court.

The Defendant acknowledges that the United States is not obligated or required to preserve any evidence obtained in the investigation of this case.

C. Removal / Deportation Consequences. The Defendant understands and acknowledges that if he is not a United States citizen, then it is highly probable that he will be permanently removed (deported) from the United States as a consequence of pleading guilty under the terms of this Plea Agreement. The Defendant has also been advised if his conviction is for an offense described in 8 U.S.C. § 1101(a)(43), he will be deported and removed from the United States and will not be allowed to return to the United States at any time in the future. The Defendant desires to plead

guilty regardless of any immigration consequences that may result from his guilty plea, even if the consequence is automatic removal from the United States with no possibility of returning. The Defendant acknowledges that he has specifically discussed these removal / deportation consequences with his attorney.

XII. ADDITIONAL ACKNOWLEDGMENTS

This Plea Agreement resulted from an arms-length negotiation in which both parties bargained for and received valuable benefits in exchange for valuable concessions. It constitutes the entire agreement negotiated and agreed to by the parties. No promises, agreements or conditions other than those set forth in this agreement have been made or implied by the Defendant, the Defendant's attorney, or the United States, and no additional promises, agreements or conditions shall have any force or effect unless set forth in writing and signed by all parties or confirmed on the record before the Court.

SETTLEMENT AGREEMENT

The Investigative Committee (IC) of the Nevada State Board of Medical Examiners (Board), by and through Aaron Bart Fricke, Esq., Deputy General Counsel for the Board and attorney for the IC, and Devendrakumar I. Patel, M.D. (Respondent), a licensed physician in Nevada, assisted by his attorney, Brent Vogel, Esq., of the law firm of Lewis Brisbois Bisgaard & Smith LLP, hereby enter into this Settlement Agreement (Agreement) based on the following:[1]

A. Background

1. Respondent is a medical doctor currently licensed in inactive status by the Board pursuant to Chapter 630 of the Nevada Revised Statutes (NRS) and Chapter 630 of the Nevada Administrative Code (NAC) (collectively, the Medical Practice Act). His license was originally issued on July 23, 2004 (License No. 11068).

2. On February 1, 2018, in Case No. 18-29352-1, the IC filed a formal First Amended Complaint (Complaint One) charging Respondent with violating the Medical Practice Act. Specifically, Complaint One alleges one (1) violation of NRS 630.301(4), Malpractice (Count I). Also on February 1, 2018, in Case No. 18-29352-2, the IC filed a formal First Amended Complaint

[1] All agreements and admissions made by Respondent are solely for final disposition of these matters and any subsequent related administrative proceedings or civil litigation involving the Board and Respondent. Therefore, Respondent's agreements and admissions are not intended or made for any other use, such as in the context of another state or federal government regulatory agency proceeding, state or federal civil or criminal proceeding, any state or federal court proceeding, or any credentialing or privileges matter.

(Complaint Two) charging Respondent with violating the Medical Practice Act. Specifically, Complaint Two alleges one (1) violation of NRS 630.301(4), Malpractice (Count I), one (1) violation of NRS 630.301(7), Violating Patient's Trust for Financial Gain (Count II), and one (1) violation of NRS 630.301(8), Failure to Offer Appropriate Procedures for Financial Benefit (Count III). On December 11, 2018, in Case No. 18-29352-3, the IC filed a formal Complaint (Complaint Three) charging Respondent with violating the Medical Practice Act. Specifically, Complaint Three alleges one (1) violation of NRS 630.306(1)(c), Illegal Dispensing of Controlled Substances (Count I), one (1) violation of NRS 630.306(1)(p), Unsafe or Unprofessional Conduct (Count II), and one (1) violation of NRS 630.301(9), Disreputable Conduct (Count III). Complaints One, Two and Three are hereinafter referred to collectively as the "Complaints."

3. By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

4. Respondent was properly served with a copy of the Complaints, has reviewed and understands the Complaints, and has had the opportunity to consult with competent counsel concerning the nature and significance of the Complaints.

5. Respondent is hereby advised of his rights regarding these administrative matters, and of his opportunity to defend against the allegations in the Complaints. Specifically, Respondent has certain rights in these administrative matters as set out by the United States Constitution, the Nevada Constitution, the Medical Practice Act, the Nevada Open Meeting Law (OML), which is contained in NRS Chapter 241, and the Nevada Administrative Procedure Act (APA), which is contained in NRS Chapter 233B. These rights include the right to a formal hearing on the allegations in the Complaints, the right to representation by counsel, at his own expense, in the preparation and presentation of his defense, the right to confront and cross-examine the witnesses and evidence against him, the right to written findings of fact, conclusions of law and order reflecting the final decision of the Board, and the right to judicial review of the Board's order, if the decision is adverse to him.

6. Respondent understands that, under the Board's charge to protect the public by regulating the practice of medicine, the Board may take disciplinary action against Respondent's license, including license probation, license suspension, license revocation and imposition of

(775) 688-2559

administrative fines, as well as any other reasonable requirement or limitation, if the Board concludes that Respondent violated one or more provisions of the Medical Practice Act.

7. Respondent understands and agrees that this Agreement, by and between Respondent and the IC, is not with the Board, and that the IC will present this Agreement to the Board for consideration in open session at a duly noticed and scheduled meeting. Respondent understands that the IC shall advocate for the Board's approval of this Agreement, but that the Board has the right to decide in its own discretion whether or not to approve this Agreement. Respondent further understands and agrees that if the Board approves this Agreement, then the terms and conditions enumerated below shall be binding and enforceable upon him and the Board.

B. Terms & Conditions

NOW, THEREFORE, in order to resolve the matters addressed herein, i.e., the matters with regard to the Complaints, Respondent and the IC hereby agree to the following terms and conditions:

1. Jurisdiction. Respondent is, and at all times relevant to the Complaints has been, a physician licensed to practice medicine in Nevada subject to the jurisdiction of the Board as set forth in the Medical Practice Act.

2. Representation by Counsel/Knowing, Willing and Intelligent Agreement. Respondent acknowledges he is represented by counsel, and wishes to resolve the matters addressed herein with said counsel. Respondent agrees that if representation by counsel in this matter materially changes prior to entering into this Agreement and for the duration of this Agreement, that counsel for the IC will be timely notified of the material change. Respondent agrees that he knowingly, willingly and intelligently enters into this Agreement after deciding to have a full consultation with and upon the advice of legal counsel.

3. Waiver of Rights. In connection with this Agreement, and the associated terms and conditions, Respondent knowingly, willingly and intelligently waives all rights in connection with these administrative matters. Respondent hereby knowingly, willingly and intelligently waives all rights arising under the United States Constitution, the Nevada Constitution, the Medical Practice Act, the OML, the APA, and any other legal rights that may be available to him

OFFICE OF THE GENERAL COUNSEL
Nevada State Board of Medical Examiners

or that may apply to him in connection with the administrative proceedings resulting from the Complaints filed in this matter, including defense of the Complaints, adjudication of the allegations set forth in the Complaints, and imposition of any disciplinary actions or sanctions ordered by the Board. Respondent agrees to settle and resolve the allegations of the Complaints as set out by this Agreement, without a hearing or any further proceedings and without the right to judicial review.

4. Acknowledgement of Reasonable Basis to Proceed. As of the time of entering into this Settlement Agreement, the allegations of the Complaints remain unproven. Respondent acknowledges that the IC believes it has a reasonable basis to allege that Respondent engaged in conduct that is grounds for discipline pursuant to the Medical Practice Act. The IC acknowledges that Respondent is not admitting that the IC's claims/counts as alleged in the Complaints have merit and Respondent is agreeing to resolve this matter to avoid the costs of hearing and potential subsequent litigation. Respondent asserts that if these matters were to proceed to hearing, he has evidence, witnesses, expert witness(es) and defenses to the counts/claims alleged in the Complaints, but for the purposes of resolving these matters and for no other purpose, Respondent waives the presentation of evidence, witnesses, expert witnesses, and defenses in order to effectuate this Agreement.

5. Consent to Entry of Order. In order to resolve this Complaints pending against Respondent, Respondent hereby agrees that the Board may issue an order finding that Respondent engaged in conduct that is grounds for discipline pursuant to the Medical Practice Act. Accordingly, the following terms and conditions are hereby agreed upon:

a. Respondent admits to Count I of Complaint Three, violation of NRS 630.306(1)(c), Illegal Dispensing of Controlled Substances.

b. Respondent's license shall be immediately revoked. Pursuant to NRS 622A.410(1), Respondent may not apply for reinstatement of his medical license for a period of three (3) years from the date of the Board's acceptance of this Agreement as an Order of the Board.

Reno, Nevada 89521
(775) 688-2559

c. Respondent will pay the costs and expenses incurred in the investigation and prosecution of the above-referenced matters, which imposition of costs and expenses shall be effective upon the Board's acceptance, adoption and approval of this Agreement, the current amount being $10,103.88, not including any costs that may be necessary to finalize this Agreement. This Board order for the payment of costs shall be immediately stayed, until which time as Respondent reapplies for licensure, at which time, Respondent is ordered to pay the aforementioned costs and fees within sixty (60) days.

d. This Agreement shall be reported to the appropriate entities and parties as required by law, including, but not limited to, the National Practitioner Data Bank.

e. Respondent shall receive a Public Letter of Reprimand.

f. The remaining counts of the Complaints, and any other claims arising therefrom, shall be dismissed with prejudice.

6. Release From Liability. In execution of this Agreement, Respondent understands and agrees that the State of Nevada, the Board, and each of its members, staff, counsel, investigators, experts, peer reviewers, committees, panels, hearing officers, consultants and agents are immune from civil liability for any decision or action taken in good faith in response to information acquired by the Board. NRS 630.364(2)(a). Respondent agrees to release the State of Nevada, the Board, and each of its members, staff, counsel, investigators, experts, peer reviewers, committees, panels, hearing officers, consultants and agents from any and all manner of actions, causes of action, suits, debts, judgments, executions, claims and demands whatsoever, known and unknown, in law or equity, that Respondent ever had, now has, may have or claim to have, against any or all of the persons, government agencies or entities named in this paragraph arising out of, or by reason of, this investigation, this Agreement or the administration of the case referenced herein.

7. Procedure for Adoption of Agreement. The IC and counsel for the IC shall recommend approval and adoption of the terms and conditions of this Agreement by the Board in resolution of the Complaints. In the course of seeking Board acceptance, approval and adoption of this Agreement, counsel for the IC may communicate directly with the Board staff and the

adjudicating members of the Board.

Respondent acknowledges that such contacts and communications may be made or conducted ex parte, without notice or opportunity to be heard on his part until the public Board meeting where this Agreement is discussed, and that such contacts and communications may include, but may not be limited to, matters concerning this Agreement, the Complaints and any and all information of every nature whatsoever related to these matters. The IC and its counsel agree that Respondent and/or Counsel for the Respondent may appear at the Board meeting where this Agreement is discussed and, if requested, respond to any questions that may be addressed to the IC or the IC's counsel.

8. Effect of Acceptance of Agreement by Board. In the event the Board accepts, approves and adopts this Agreement, the Board shall issue a final order, making this Agreement an order of the Board, and, pending full compliance with the terms herein, the cases shall be closed and all remaining claims arising out of the Complaints shall be dismissed with prejudice.

9. Effect of Rejection of Agreement by Board. In the event the Board does not accept, approve and adopt this Agreement, this Agreement shall be null, void and of no force and effect except as to the following agreement regarding adjudications: (1) Respondent agrees that, notwithstanding rejection of this Agreement by the Board, nothing contained in this Agreement and nothing that occurs pursuant to efforts of the IC to seek the Board's acceptance of this Agreement shall disqualify any member of the adjudicating panel of the Board from considering the Complaints and from participating in disciplinary proceedings against Respondent, including adjudication of this case; and (2) Respondent further agrees that he shall not seek to disqualify any such member absent evidence of bad faith.

10. Binding Effect. If approved by the Board, Respondent understands that this Agreement is a binding and enforceable contract upon Respondent and the Board.

11. Forum Selection Clause. The parties agree that in the event either party is required to seek enforcement of this Agreement in district court, the parties consent to such jurisdiction and agree that exclusive jurisdiction shall be in the Second Judicial District Court, State of Nevada, Washoe County.

12. Attorneys' Fees and Costs. The parties agree that in the event an action is commenced in district court to enforce any provision of this Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees and costs.

13. Failure to Comply With Terms. Should Respondent fail to comply with any term or condition of this Agreement once the Agreement has been accepted, approved and adopted by the Board, the IC shall be authorized to immediately suspend Respondent's license to practice medicine in Nevada pending an Order To Show Cause Hearing, which will be duly noticed. Failure to comply with the terms of this Agreement, including failure to pay any fines, costs, expenses or fees owed to the Board, is a failure to comply with an order of the Board, which may result in additional disciplinary action being taken against Respondent. DEVENDRA I. PATEL M.D.,
a.k.a., DEVENDRAKUMAR I. PATEL M.D.,

Defendant.

INDICTMENT FOR VIOLATION OF:

21 U.S.C. § 841(a)(1) - Distribute a Controlled Substance (Counts 1 through 36); and
18 U.S.C. § 1347 – Health Care Fraud (Counts 37 through 39)

UNDER SEAL

THE GRAND JURY CHARGES THAT:

At times material to this Indictment:

Introduction

1. The Defendant, Devendra I. Patel, M.D., ("Patel") is a licensed physician, with Nevada license number 11068, who has practiced medicine in Nevada since 2004. Defendant Patel previously practiced medicine in New York and Nebraska. He maintains his medical practice, Northeastern Nevada Cardiology, which is located at 674 North Cedar Street, Elko, Nevada. Defendant Patel is a cardiologist. As part of his practice, he prescribes Controlled Substances, including opioids, with a DEA license number BP6740662.

2. Under the Controlled Substances Act, Title 21, United States Code, Section 841(a) et seq., and Title 21, Code of Federal Regulations, Section 1306.04, a prescription for a controlled substance is not legal or effective unless it was issued for a legitimate medical purpose by a practitioner acting in the usual course of professional practice.

3. Defendant Patel routinely prescribes various Schedule II-IV controlled substances including Fentanyl, Hydrocodone and Oxycodone for his patients, outside the usual course of professional practice, without a legitimate medical purpose.

4. Further, Defendant Patel routinely has his patients submit to unnecessary heart testing in order to fraudulently obtain private insurance, Medicare and Medicaid payments.

5. One such procedure he routinely administers, without medical necessity, is a nuclear stress test. A nuclear stress test, which involves injecting a radioactive dye into the patient's bloodstream, is typically ordered if you have undiagnosed heart problems or a diagnosis such as coronary artery disease. This test measures blood flow. The test provides images that can show areas of low blood flow through the heart and damaged heart muscle. The test usually involves taking two sets of images of your heart — one while at rest and another after the heart is stressed, either by exercise or medication.

6. Defendant Patel broadly performed EKGs on his patients. These tests routinely showed the results as abnormal. Patel performed the EKGs so that he could then order these nuclear stress tests for his patients, all without medical necessity. He utilized a poorly calibrated machine and presented his patients with fraudulent X-Rays, in order to deceive his patients into thinking they had coronary issues that needed to be treated by him.

7. Defendant Patel also would bill Medicare or Medicaid for these nuclear stress tests, when he did not actually perform the test on the patients.

8. Medicare and Medicaid continued paying for the unnecessary tests for Patel's patients, or paying for these tests that were not performed, resulting in Patel receiving fraudulent provider payments.

SUPERVISED RELEASE

Upon release from imprisonment, you will be on supervised release for a term of: **THREE (3) YEARS**

MANDATORY CONDITIONS

1. You must not commit another federal, state or local crime.
2. You must not unlawfully possess a controlled substance.
3. You must refrain from any unlawful use of a controlled substance. You must submit to one drug test within 15 days of release from imprisonment and at least two periodic drug tests thereafter, as determined by the court, not to exceed 104 tests annually.
   - X The above drug testing condition is suspended, based on the court's determination that you pose a low risk of future substance abuse. *(check if applicable)*
4. ☐ You must make restitution in accordance with 18 U.S.C. §§ 3663 and 3663A or any other statute authorizing a sentence of restitution. *(check if applicable)*
5. X You must cooperate in the collection of DNA as directed by the probation officer. *(check if applicable)*
6. ☐ You must comply with the requirements of the Sex Offender Registration and Notification Act (34 U.S.C. ç 20901, *et seq.*) as directed by the probation officer, the Bureau of Prisons, or any state sex offender registration agency in the location where you reside, work, or are a student, or were convicted of a qualifying offense. *(check if applicable)*
1. ☐ You must participate in an approved program for domestic violence. *(check if applicable)*

You must comply with the standard conditions that have been adopted by this court as well as with any other conditions on the attached page.

DEFENDANT: Devendra I. Patel M.D.
CASE NUMBER: 3:17-cr-114-LRH-CBC

STANDARD CONDITIONS OF SUPERVISION

As part of your supervised release, you must comply with the following standard conditions of supervision. These conditions are imposed because they establish the basic expectations for your behavior while on supervision and identify the minimum tools needed by probation officers to keep informed, report to the court about, and bring about improvements in your conduct and condition.

2. You must report to the probation office in the federal judicial district where you are authorized to reside within 72 hours of your release from imprisonment, unless the probation officer instructs you to report to a different probation office or within a different time frame.
3. After initially reporting to the probation office, you will receive instructions from the court or the probation officer about how and when you must report to the probation officer, and you must report to the probation officer as instructed.
4. You must not knowingly leave the federal judicial district where you are authorized to reside without first getting permission from the court or the probation officer.
5. You must answer truthfully the questions asked by your probation officer.
6. You must live at a place approved by the probation officer. If you plan to change where you live or anything about your living arrangements (such as the people you live with), you must notify the probation officer at least 10 days before the change. If notifying the probation officer in advance is not possible due to unanticipated circumstances, you must notify the probation officer within 72 hours of becoming aware of a change or expected change.
7. You must allow the probation officer to visit you at any time at your home or elsewhere, and you must permit the probation officer to take any items prohibited by the conditions of your supervision that he or she observes in plain view.
8. You must work full time (at least 30 hours per week) at a lawful type of employment, unless the probation officer excuses you from doing so. If you do not have full-time employment you must try to find full-time employment, unless the probation officer excuses you from doing so. If you plan to change where you work or anything about your work (such as your position or your job responsibilities), you must notify the probation officer at least 10 days before the change. If notifying the probation officer at least 10 days in advance is not possible due to unanticipated circumstances, you must notify the probation officer within 72 hours of becoming aware of a change or expected change.
9. You must not communicate or interact with someone you know is engaged in criminal activity. If you know someone has been convicted of a felony, you must not knowingly communicate or interact with that person without first getting the permission of the probation officer.
10. If you are arrested or questioned by a law enforcement officer, you must notify the probation officer within 72 hours.
11. You must not own, possess, or have access to a firearm, ammunition, destructive device, or dangerous weapon (i.e., anything that was designed, or was modified for, the specific purpose of causing bodily injury or death to another person such as nunchukus or tasers).
12. You must not act or make any agreement with a law enforcement agency to act as a confidential human source or informant without first getting the permission of the court.
13. If the probation officer determines that you pose a risk to another person (including an organization), the probation officer may require you to notify the person about the risk and you must comply with that instruction. The probation officer may contact the person and confirm that you have notified the person about the risk.
14. You must follow the instructions of the probation officer related to the conditions of supervision.

U.S. Probation Office User Only

A U.S. probation officer has instructed me on the conditions specified by the court and has provided me with a written copy of this judgment containing these conditions. For further information regarding these conditions, see *Overview of Probation and Supervised Release Conditions*, available at: www.uscourts.gov.

Defendant's signature_____ Date_____

DEFENDANT: Devendra I. Patel M.D.
CASE NUMBER: 3:17-cr-114-LRH-CBC

SPECIAL CONDITIONS OF SUPERVISION

1. **Employment Restriction** – You must not engage in an occupation, business, or profession, or volunteer activity that would require or enable you to work in the medical profession unless directly supervised by a licensed physician who is willing to supervise the defendant. You are further prohibited from working or engaging in any business or activities involving the prescribing of opioid medication.

2. **Search and Seizure** - You shall submit to the search of your person, property, residence, or automobile under your control by the probation officer or any other authorized person under the immediate and personal supervision of the probation officer, without a search warrant to ensure compliance with all conditions of release.

3. **Access to Financial Information** - You must provide the probation officer access to any requested financial information and authorize the release of any financial information. The probation office will share financial information with the U.S. Attorney's Office.

4. **Debt Obligations** - You must not incur new credit charges, or open additional lines of credit without the approval of the probation officer.

DUI 12/31/2013 AL, dismissed, pre-trial diversion;
The information that follows is the sequence of events that occurred on 12/31/2013 in Pickens County of Carrollton, AL. The evening of 30DEC2013 and the morning of 31DEC2013, I consumed alcoholic beverages while reunited with former in-laws in Alabama. It was late afternoon on 31 December 2013, and after eating and sleeping, I left their house and began driving to a store to pick-up some items. Having driven approximately 1.5 miles down the road, I felt that I should not have been driving and attempted to turn around. The road condition was favorable, the weather clear with no traffic on a two-lane road with the sun about set. When I attempted to turn around using the shoulder of the road, I had not realized that the recent paving on the road helped create and obscure the steep shoulder. As I turned around, my front passenger side tire went onto the soft shoulder, and my automobile slid down that shoulder. The officer arrived and asked if I had drunk any alcohol, and I answered that I had the night before and the morning of. He asked if I would agree to have my B.A.C. tested, and I refused. Due to the refusal, I was ticketed, arrested, and then released the following morning. Consulted with legal, and a pre-trial diversion was completed, with fines paid, services/courses/class/testing completed satisfactorily per the court.

Provide explanation below:

DUI 02/22/2019 GA, Guilty plea, fines, probation,community service, and classes/courses completed. The events that follow are what occurred on February 25, 2019 in Henry County of McDonough, GA, after an arrest for driving under the influence. The facts of that night, I consumed too much alcohol while having a reunion with friends, simultaneously dealing with underlying military traumas, previous job(s) traumas, and relationship problems that went unresolved. I recognized periods in my past where I felt depressed; however, a prior diagnosis from Veterans Affairs was never discovered or conveyed until uncovered after this event. On February 27, 2019, I called my provider, notifying her of my need to start an antidepressant and the events that prompted the call. A prescription for medication was ordered and picked up the next day. After the incident, my peers and I called Veterans Affairs to begin the substance abuse training program (SATP) in an intensive outpatient setting. During the eight mandatory weekly classes that started in March, we took various self-improvement, coping, and assertiveness classes. Along with the types, we had weekly drug/alcohol screens, in which I remained clean. After the mandatory courses, I stayed to complete the capstone portion of the program.

CASE NO.: 2019 STSR 17180

Jorge Menjivar
Defendant.

WAIVER AND RECORD OF REPRESENTED DEFENDANT PRIOR TO ENTERING A PLEA

I, the undersigned Defendant am not under the influence of alcohol or drugs. I am not suffering from any mental or physical disabilities which would prevent me from entering a plea to the charge(s) against me. I have read the citation/accusation. I understand I am charged with DUI, DUI Wrong Way + Obstructions I understand the law provides for a maximum sentence of twelve (12) months imprisonment which may or may not be served on probation and a fine up to $1,000.00 for each offense ($5,000.00 for misdemeanors of a high and aggravated nature). As a part of my sentence, I may be required to perform community service. I understand the minimum sentence which can be imposed on the present charge(s) is 12 months, $200 fine + 40 hrs 4 9th DUI. I am represented by council and have had sufficient time to discuss this case with my attorney and I am satisfied with my attorney's advice. I understand by entering a plea of guilty or nolo contendere I waive the following rights:

(1) The right to a speedy and public trial by jury;
(2) The right to have the State prove my guilt beyond a reasonable doubt;
(3) The right to use the presumption of innocence in my favor;
(4) The right to confront and cross examine witnesses against me;
(5) The right to subpoena witnesses to testify in my behalf;
(6) The right to testify myself and to offer other evidence; and
(7) The right not to incriminate, testify or produce evidence against myself.

I now desire to enter my plea of Guilty to the charge(s) against me. This plea is free and voluntary. I have not been told what sentence will be imposed. No promises or threats have been made to me by anyone to induce me to enter this plea. I understand the Judge is not bound by any negotiations or recommendations.

If placed on non-reporting or reporting probation, I cannot violate any criminal laws of any governmental unit or any special conditions of probation without being subject to revocation for the balance of my sentence. I understand the Court may make any sentence run consecutively, that is, one after the other.

If not a citizen of the United States my plea may result in deportation, the exclusion of admission to this country or denial of naturalization under Federal Law. There have been no promises made to me concerning my right to remain in the United States.

I understand by entering a plea to any crime of domestic violence, I will be prohibited from possessing, receiving, shipping and transporting a firearm and/or ammunition under Federal Law.

I hereby acknowledge/waive receipt of a copy of the citation/accusation in the above-styled case.

I have read and have had read to me the above and foregoing waiver. I understand it and have no questions regarding its contents.

I understand that under penalty of law, I am answering the following question truthfully:

Do you have a Georgia Weapons Carry Permit?
(Write the word "Yes" or "No" as is appropriate) Yes

[redacted] 8/6/2019
Defendant **Date**

I hereby certify to the Court, I have fully explained the above and foregoing waiver to the Defendant. In my opinion, the Defendant understands the contents of it and is entering this plea freely and voluntarily.

[redacted] 8/6/19
Attorney for Defendant **Date**

I am satisfied the Defendant's plea is being given freely, voluntarily and intelligently and he/she is competent and is able to understand the nature and consequences of his/her plea. The Court is further satisfied there has been a sufficient factual basis shown for the acceptance of this plea.

Plaintiff/Defendant/Claimant/Respondent			**Lawsuit/Arbitration/Bankruptcy**	
State of Georgia vs. Jorge Roberto Menjivar				
Name of Business/Industry/Entity				

Provide explanation below:

On November 4, 2022, I was arrested for driving under the influence and failure to maintain lane. That evening, I knowingly consumed alcohol in a public location, where I had arranged for a designated driver—an unfamiliar associate of an acquaintance. En route to visit a friend in another city, we were involved in a single-car collision. Following the impact, the designated driver fled the scene. When law enforcement arrived, I reported the events and provided information about the designated driver, though no evidence of their existence was found. I cooperated with the authorities, submitting to both a breathalyzer and a field sobriety test (resulting in a reading over the legal limit and a failed test, respectively). I was subsequently arrested and released shortly thereafter, as the designated driver had not yet been located. Legal representation was secured, and a court date was scheduled. Around October 31, 2023, I was summoned for jury selection, and the trial took place from November 2, 2023. Surprisingly, I was found guilty by the jury, likely influenced by a prior 2019 DUI conviction and the absence of substantial evidence or witnesses. Although the possibility of an appeal was considered, the advice received highlighted the risk of serving the full sentence if the appeal was unsuccessful, despite potential early release for good behavior. Following the hearing, I was taken into custody, and on December 11, 2023, I was released early for good behavior with a sentence of 24 months, including 120 days in jail and the remainder on probation. Conditions include undergoing a substance abuse evaluation within 60 days of release, monthly probation officer meetings, payment of fines and court costs, compliance with court conditions, abstinence from alcohol and drugs, attendance at self-help 12-step/recovery meetings, property searches upon probation officer request, and mandatory alcohol/drug screenings with an interlock device installation. On December 19, 2023, I applied to the Georgia Nursing Association Peer Assistance Program, with the first urine and drug screening conducted on December 22, 2023. Program requirements included a scheduled clinical evaluation on 01/02/2024. My workplace director was informed of my incarceration on 11/03/2023, with periodic updates provided. On 12/11/2023, a meeting with both my director and vice-president fully disclosing the events, including the 2019 guilty plea for DUI. Due to the remote nature of my position, I was able to return to work on 12/12/2023. On April 16, 2024, a mental physical evaluation was completed, and I was found safe to practice. Affinity monitoring, random monthly drug screens, and psychotherapy with a board-certified psychiatrist in addiction medicine continue.

IN RE: General Conditions of Probation

ORDER

A. The following general conditions of probation shall apply in each sentence on each case in which the Court places a Defendant on probation:

(1) do not violate the criminal laws of any government unit;
(2) avoid injurious and vicious habits - including alcohol intoxication and use of narcotics and other dangerous drugs unless lawfully prescribed;
(3) avoid persons or places of disreputable or harmful character;
(4) report to the probation supervisor as directed and permit such supervisor to visit Defendant at home or elsewhere;
(5) work faithfully at suitable employment insofar as may be possible;
(6) do not change place of abode, move outside the jurisdiction of the Court or leave the state for any period of time without prior permission of the probation supervisor;
(7) support Defendant's legal dependent(s) to the best of Defendant's ability; and,
(8) if permitted to move or travel to another state, agree to waive extradition from any jurisdiction where he/she may be found and not contest any effort by any jurisdiction to return him/her to this state.

B. The Defendant shall pay any fine, restitution, costs, probation supervision fees, or any other sum of money lawfully imposed by this Court or by law as and when instructed by his/her probation supervising officer, and shall pay for any counseling and/or treatment ordered by the Court.

C. The Defendant shall not violate the rules of the Henry County Detention Center or the Henry County Annex while incarcerated therein or under the jurisdiction thereof.

D. The probation supervision officer shall advise the Defendant that the Court may, at any time, revoke or modify any conditions of the probation and/or discharge the Defendant from probation. The probationer shall be subject to arrest for violation of any conditions of probation ordered by the Court. If such probation is revoked, the Court may order the execution of the sentence which was originally imposed or any portion thereof, in the manner provided by law, after deducting therefrom the amount of time Defendant has served on probation.

E. All payments are to be paid through the Court's designated provider of supervision services at a rate to be determined by the probation supervising officer and beginning at such time as may be designated by the probation supervising officer. All court costs, costs of extradition or apprehension related to violation of probation by Defendant will be assessed against Defendant.

F. The above and foregoing general conditions of probation shall remain in effect with respect to each case, until the further Order of this Court. These general conditions of probation shall be in addition to, and not in lieu of, any other conditions of probation which the Court may impose in Defendant's sentence for each case.

G. Each special condition of probation imposed on the face of this sentence is imposed as to all counts upon which Defendant is sentenced.

H. A copy of this Order along with a copy of the Court's sentence shall be given to each Defendant and each Defendant shall acknowledge in writing, by an appropriate form to be supplied by the probation supervising officer, that Defendant has received said items.

I. Defendant is hereby notified that any habeas corpus petition challenging the legality of this conviction must be filed within one year from the date of this sentence pursuant to O.C.G.A. § 9-14-42 (six months for traffic offenses).

	*	
Respondent.	*	

PUBLIC CONSENT ORDER

By agreement of the Georgia Board of Nursing, (hereinafter "Board"), and JORGE MENJIVAR, (hereinafter "Respondent"), the following disposition of this disciplinary matter is entered pursuant to the provisions of the Georgia Administrative Procedure Act, O.C.G.A § 50-13-13(a)(4), as amended.

FINDINGS OF FACT

1.

The Respondent is licensed to practice nursing as a registered professional nurse in the State of Georgia and was so licensed at all times relevant to the matters stated herein. Of note, Respondent has a license to practice in California, RN816908.

2.

On or about November 2, 2023, Respondent was found guilty of O.C.G.A. § 40-6-391(a)(5) Driving Under the Influence, O.C.G.A. § 40-6-391(a)(1) Driving Under the Influence of the Alcohol to the Extent it is Less Safe for the Person to Drive, and O.C.G.A. § 40-6-48 Failure to Maintain Lane. *State of Georgia vs. Jorge Roberto Menjivar*, Criminal Action No. 2022-ST-SR-4113-SNK. On or about December 20, 2023, Respondent voluntarily enrolled in the GNA-PNP. Soon thereafter, on or about December 27, 2023, Respondent disclosed his arrest to the Board.

3.

On or about April 1, 2024, Respondent was ordered by the Board to submit to a Mental and Physical Evaluation (MPE). On or about April 16, 2024, Respondent submitted to the MPE. Respondent was diagnosed with alcohol dependence, uncomplicated. Respondent was found safe to practice with continuing treatment.

4.

Respondent admits the above Findings of Fact and waives any further findings of fact with respect to the above-styled matter.

CONCLUSIONS OF LAW

The Respondent's conduct and/or condition outlined in the above Findings of Facts constitute(s) sufficient grounds for the imposition of conditions upon Respondent's license to practice nursing as a registered professional nurse in the State of Georgia, under O.C.G.A. Chapter 26, Title 43.

ORDER

Upon the effective date of this Consent Order, the Respondent's license to practice nursing as a registered professional nurse shall be placed on probation subject to the following terms and conditions:

1.

REQUIRED COURSES

(a) Coursework. Within **ninety (90) days** of the docket date of this Consent Order, the Respondent shall provide to the Board proof of successful completion of the following nursing education course: **Article on Understanding the Disease of Addiction**, which can be found at

http: www.nesbn.org. Documentation of successful completion of the nursing education courses shall be submitted to the Georgia Board of Nursing at 237 Coliseum Drive, Macon, GA 31217-3858, in care of the Legal/Disciplinary Nurse Consultant. **Failure to provide documentation of completion of the nursing education course(s) within ninety (90) days shall be deemed a violation of this Consent Order and shall subject the Respondent's license to further disciplinary action.**

REQUIRED ENROLLMENTS WITH REPORTS

(b) Participation in Treatment/Aftercare Program with Quarterly Reports. Throughout the duration of probation, the Respondent shall participate in a structured aftercare program for chemical dependence approved by the Board. Respondent's participation in such program shall be viewed as a condition precedent to all other provisions set forth herein, and the Respondent's failure to comply with that requirement, upon substantiation thereof, shall subject the Respondent's license to revocation. **The Respondent shall not change aftercare provider without submitting to the Board a letter of permission from the current aftercare facilitator, and receiving from the Board a letter approving a change of aftercare provider.**

The Respondent shall provide a copy of this Order to Respondent's program facilitator and shall cause Respondent's program facilitator to submit quarterly reports to the Board by March 31, June 30, September 30, and December 31, commencing on the first reporting date following the effective date of this Order and continuing throughout the period of probation. The reports shall evaluate Respondent's progress in rehabilitation and each quarterly report shall contain the results of the following tests/screens: **Respondent shall undergo TWICE MONTHLY urine drug screens, to include EtS and EtG, for the first twenty-four (24) months of the probationary period, then MONTHLY screens throughout the duration of**

the probationary period and MONTHLY PEth screens for the first twenty-four (24) months of the probation period. All positive screens will be reported to the Board. The quarterly reports shall include a disclosure of any medication being administered to the Respondent or prescribed as treatment for any illness of the Respondent. Respondent agrees that the receipt of a positive alcohol/drug screen and/or a report from the Respondent's program counselor that the Respondent has failed to comply with the requirements of the program and/or that the Respondent is otherwise unable to function as a registered professional nurse shall constitute reasonable grounds for the Board to order the Respondent to undergo a mental/physical examination and may also be reasonable grounds for disciplinary action, including summary suspension. Reports submitted pursuant to this paragraph shall be deemed medical records and shall not be subject to disclosure by the Board. In the event the reports are used in a subsequent hearing, they shall be received *in camera.*

(c) Enrollment in Affinity Monitoring Program or a program pre-approved by the Board with quarterly reports for alcohol and drug screens. Within **thirty (30) days** of the docket date of this Consent Order, Respondent agrees to enroll and participate in the Georgia Nurses Association's ("GNA") Affinity Monitoring Program or a similar random drug screening program pre-approved by the Board at Respondent's expense for the monitoring of random alcohol and drug screens throughout the period of probation. Respondent shall provide a copy of this Order to the GNA or the program chosen by Respondent and approved by the Board at the time of enrollment in the Affinity Monitoring Program or the similar monitoring program. Respondent shall be screened for any controlled substance for which Respondent has not provided a prescription. Respondent shall cause GNA or the drug screening monitoring program chosen by the Respondent and approved by the Board to provide **quarterly reports as provided in**

paragraph (b) above. Receipt of a positive alcohol/drug screen by the Board and/or a failure to participate in the Affinity Monitoring Program or a similar monitoring program that has been approved by the Board shall be deemed to be a violation of this Consent Order. The Respondent acknowledges and agrees that all of the Respondent's alcohol/drug screen reports received by the Board during the period of probation shall be admissible in any administrative hearing concerning the Respondent, without the necessity of establishing chain of custody or receiving other supporting testimony.

ADDITIONAL REQUIRED REPORTS

(d) Quarterly Reports from Employers. If the Respondent is employed as a nurse, the Respondent shall provide a copy of this Order to each of such employers or supervisors within ten (10) days of the Respondent's receipt of a docketed copy of the document. The Respondent shall cause such employers or supervisors to submit quarterly reports to the Board by March 31, June 30, September 30, and December 31, commencing on the first reporting date following the effective date of this Order and continuing throughout the period of probation. Each report shall evaluate the Respondent's performance of Respondent's duties. The receipt of an unfavorable report shall be deemed a violation of this Order and, upon substantiation thereof, shall be grounds for sanction or revocation of Respondent's license. Respondent is under a continuing duty to provide a copy of this Consent Order to any new employer **prior to accepting nursing employment.**

(e) Personal Quarterly Reports. The Respondent shall submit personal quarterly reports to the Board by March 31, June 30, September 30, and December 31, commencing on the first reporting date following the effective date of this Order and continuing throughout the period of

probation. Failure to submit such reports, upon substantiation thereof, shall be grounds for sanction or revocation of Respondent's license.

(f) Participation in Psychotherapy and Quarterly Reports. Throughout the period of probation or until discharged by his psychiatrist, whichever occurs first, Respondent shall participate in a program of psychotherapy with a psychiatrist, approved by the Board, specializing in addiction medicine. The Respondent shall provide a copy of this Order to the Respondent's psychiatrist and shall cause such individual to submit quarterly reports to the Board by March 31, June 30, September 30 and December 31, commencing on the first reporting date following the effective date of this Order and continuing through the period of probation, which reports shall evaluate the Respondent's progress in therapy. Upon discharge from therapy, the Respondent shall provide the Board with evidence of such discharge. The receipt of a report from the Respondent's psychiatrist that the Respondent has failed to comply with the program of therapy or that the Respondent is otherwise unable to function in a nursing capacity shall be grounds for further disciplinary action. Reports submitted pursuant to this paragraph shall be deemed medical records and shall not be subject to disclosure by the Board. In the event the reports are used in a subsequent hearing, they shall be received in camera.

OTHER RESTRICTIONS

(g) Restrictions Concerning Agency/Private Duty Employment. Respondent shall not be employed in any of the following settings without prior written approval of the Board: (1) assignments through a nursing agency or pool, (2) private duty nursing, (3) in-home nursing, (4) internal float pools, (5) travel assignments, or (6) in-home hospice care.

(h) Abstain from Alcohol, Controlled Substances, and Mood-Altering Substances. Respondent shall completely abstain from the consumption of alcohol, mood altering substances,

and shall abstain from the consumption of controlled substances except as prescribed by a duly licensed practitioner for a legitimate purpose. Should the Respondent be prescribed any controlled substances, a written report from the prescribing physician shall be submitted to the Board and to the Respondent's aftercare program counselor within ten (10) days of the prescribing thereof. **The Respondent must use caution when consuming or using products that contain alcohol, THC, Kratom, and/or opioids. These products may produce a positive result on a toxicology screen and will be considered a positive drug test in violation of the terms of this Order. Examples of these products include foods containing alcohol, such as vanilla extract, wine vinegar, and kombucha drinks; hygiene products containing alcohol such as mouthwashes and hand sanitizers; OTC medications containing alcohol such as Nyquil and Diphenhydramine Elixir; products containing THC such as CBD oil and Hemp oil, and foods containing opiates such as poppy seeds.**

(i) Use of Buprenorphine, medications containing Buprenorphine or medical marijuana pursuant to a prescription. While this Consent Order is in effect, Respondent may be treated with Buprenorphine, medications containing Buprenorphine, including but not limited to Suboxone, Subutex, Bunavail, Zubsolv, or Butrans, or medical marijuana pursuant to a prescription only with written approval by the Board.

If taking Buprenorphine, medications containing Buprenorphine, or medical marijuana pursuant to a prescription *prior* to the effective date of this Consent Order, to obtain approval, Respondent must provide a statement to the Board **within 10 days of the effective date of the Consent Order** from a physician who is board certified in addiction medicine that Respondent is safe to practice while taking Buprenorphine, medications containing Buprenorphine or medical marijuana. If prescribed Buprenorphine, medications containing Buprenorphine or medical

marijuana *after* the effective date of the Consent Order, to obtain approval, Respondent must provide a statement to the Board **within 10 days from the prescription** date from a physician who is board certified in addiction medicine that Respondent is safe to practice while taking Buprenorphine, medications containing Buprenorphine or medical marijuana.

Failure to receive written Board approval for practicing while taking Buprenorphine, medications containing Buprenorphine, or medical marijuana may result in further disciplinary action by the Board, including summary suspension or revocation.

OTHER OBLIGATIONS

(j) Copy of Consent Order to Director of Nursing Education Course. If the Respondent should be enrolled in any clinical nursing course, the Respondent shall also provide a copy of this Consent Order to the dean or director of such program.

(k) Reporting Requirements. Respondent shall provide a copy of this Consent Order to all reporting individuals. It shall be the responsibility of the Respondent to ensure that all required reports are timely submitted to and received by the Georgia Board of Nursing. **The preferred way to submit the reports is by email: Nursingcompliance@sos.ga.gov. They may also be sent to 237 Coliseum Drive, Macon, Georgia 31217-3858** in care of the Legal/Disciplinary Nurse Consultant. The Respondent shall report to the Board any change in Respondent's place of employment, residence, and current status as a practicing nurse within ten (10) days of said change.

(l) Abide by Laws, Rules, and Terms of Consent Order. If the Respondent shall fail to abide by all State and federal laws relating to drugs and regulating the practice of nursing in the State of Georgia, the Rules and Regulations of the Georgia Board of Nursing and the terms of this Consent Order, or if it should appear from reports submitted to the Board that the Respondent is

unable to practice as a registered professional nurse with reasonable skill and safety to patients, Respondent's license may be sanctioned or revoked, upon substantiation thereof.

(m) Consent to Release of Information. By executing this Consent Order, Respondent specifically consents to any individuals or entities reporting to the Board information which would affect Respondent's ability to practice as a nurse with reasonable skill and safety to patients or which constitutes a violation of the Nurse Practice Act or this Consent Order, notwithstanding any privilege provided by state or federal law, and agrees to provide to the Board any release or other documentation which may be necessary for the Board to obtain such information.

(n) Requirement to Keep Address Current. Pursuant to Board Rule 410-1-.03(2), Respondent agrees to maintain a current mailing address, email address and phone number with the Board. Respondent shall report to the Board in writing any changes in Respondent's mailing address, email address or phone number within 30 days of said change and shall make such changes on the Board's website. **Failure to change the Respondent's address, email or phone number on the Board's website shall be a violation of this Consent Order and will subject Respondent to disciplinary action, including indefinite suspension or revocation.**

(o) Effective date. The effective date of this Consent Order is the date the Consent Order is docketed. Respondent should receive a docketed copy of the Consent Order from the Board at Respondent's address of record within 10 business days of the docket date. If Respondent has not received a docketed copy of the Consent Order, it is Respondent's responsibility to obtain a docketed copy of the Consent Order from the Board. Respondent must comply with the terms and conditions of the Consent Order beginning on the effective date.

(p) Review of Consent Order. After acceptance by the Board and docketing, a copy of the docketed Consent Order shall be mailed to the Respondent. The Board will forward a Consent Order Review Form to Respondent. Within **ten (10) days** of the Respondent's receipt of such form, the Respondent shall submit the completed form to the Board. **Failure to comply with this requirement shall be deemed a violation of this Consent Order.**

TERMINATION

(q) Termination of Period of Probation. Respondent shall not be eligible to petition for termination of the period of probation until Respondent can document **five (5) years** of continuous sobriety immediately preceding the petition. At such time, Respondent may petition for termination by certifying under oath before a notary public that Respondent has complied with all conditions of the period of probation and by providing documentation supporting discharge from the period of probation, including but not limited to, a written statement from Respondent's aftercare counselor indicating that said counselor agrees with the termination of the period of probation, that Respondent is in good recovery, has been a continuous and compliant participant in a substance abuse program for the **five (5) years** preceding the petition, and is deemed able to practice nursing with skill and safety to the public. The Board shall review and evaluate the practice of Respondent prior to terminating the period of probation. At such time, should the Board determine that reasonable cause exists for maintaining probation on Respondent's license, the Board shall notify Respondent of its intent to extend the period of probation, and Respondent may respond to such notice in writing or request an appearance before the Board as in a non-contested case. In any event, this Consent Order shall remain in effect pending a final written determination by the Board and notification that the period of probation has been terminated.

2.

Approval of this Consent Order by the Georgia Board of Nursing shall not be construed as a waiver of any of the lawful rights possessed by the Board.

3.

The Respondent has read this Consent Order and understands its contents. Respondent understands that Respondent has the right to a hearing in this matter, and freely, knowingly and voluntarily waives such right by entering into this Consent Order. Respondent understands that this Consent Order will not become effective until approved by the Georgia Board of Nursing and docketed by the Division Director, Professional Licensing Boards Division. Respondent further understands and agrees that the Board shall have the authority to review the investigative file and all relevant evidence in considering the Consent Order. Respondent understands that this Consent Order, once approved and docketed, shall constitute a **PUBLIC ORDER**, evidencing disciplinary action by the Board. However, if the Consent Order is not approved, it shall not constitute an admission against interest in this proceeding or prejudice the Board's ability to adjudicate this matter. Respondent hereby consents to the terms and sanctions contained herein.

Approved this 23 day of October, 2024.

BEFORE THE NEVADA STATE BOARD OF NURSING

IN THE MATTER OF JORGE MENJIVAR LICENSED PROFESSIONAL NURSE NEVADA LICENSE NUMBER: RN 865069 RESPONDENT	AGREEMENT FOR MONITORING CASE NO. 2024080115

This Agreement is hereby entered into between JORGE MENJIVAR, (RESPONDENT) and the NEVADA STATE BOARD OF NURSING, (BOARD).

It is hereby stipulated and agreed, by and between the parties to the above-entitled matter, that the following statements are true:

1. Respondent is aware of, understands, and has been advised of the effect of this Agreement, which Respondent herein has carefully read and fully acknowledges. No coercion has been exerted on the Respondent. Respondent acknowledges their right to an attorney at their own expense. Respondent has had the benefit at all times of obtaining advice from the competent counsel of their choice.
2. Respondent understands the nature of the allegations under investigation by the Nevada State Board of Nursing. Respondent freely admits that they have been convicted for driving under the influence of alcohol twice between 2019 and 2023. Furthermore, they are a participant in the Georgia Board of Nursing Peer Assistance Program. Respondent acknowledges this conduct constitutes a violation of the Nevada Revised Statutes 632.347 (1)(m) action in another state. Respondent further acknowledges that such acts and admissions subject them to disciplinary action by the Board.
3. Respondent is aware of the Respondent's rights, including the right to a hearing on any charges and allegations, the right to an attorney at their own expense, the right to examine witnesses who would testify against them, the right to present evidence in their favor and call witnesses on their behalf, or to testify themself, the right to contest the charges and

allegations, the right to reconsideration, appeal or any other type of formal judicial review of this matter, and any other rights which may be accorded to them pursuant to the Nevada Administrative Procedures Act and the provisions of Chapter 632 of the Nevada Revised Statutes and the Nevada Administrative Code. **Respondent agrees to waive the foregoing rights upon acceptance of this Agreement by the Board.**

4. Respondent understands that the Board is free to accept or reject this Agreement, and if rejected by the Board, a disciplinary proceeding may be commenced. It is agreed that presentation to and consideration by the Board of such proposed Agreement, shall not disqualify the Board, or any of its members, from further participation, consideration, adjudication, or the resolution of these proceedings, and that no Board member shall be disqualified or challenged for bias therefore. This Agreement shall only become effective when both parties have duly executed it, and unless so executed, this Agreement will not be construed as an admission.
5. This Agreement shall not be construed as excluding or reducing any criminal or civil penalties or sanctions, or other remedies that may be applicable under federal, state, or local laws.
6. This Agreement shall cover any nursing license or certificate issued by the State of Nevada. Based upon the foregoing stipulations and recitals, it is hereby agreed that the Board may issue the following decision and order:

DECISION AND ORDER

IT IS HEREBY ORDERED that the license in the name of JORGE MENJIVAR is placed on monitoring with the following terms and conditions for the amount of time remaining on their Georgia agreement until documentation of successful completion of the Georgia Board of Nursing Peer Assistance Program has been received, or they have completed all requirements herein:

1. COMPLIANCE WITH THE GEORGIA BOARD OF REGISTERED NURSING PEER ASSISTANCE PROGRAM (QUARTERLY REPORTS)

Respondent shall comply with all terms and conditions of their contract with the Georgia Board of Nursing Peer Assistance Program for impaired nurses and direct an authorized representative of the program to submit quarterly reports to the Board no later than the last day of March, June, September, and December addressing Respondent's contract compliance including copies of the results of their drug screens.

2. COMPLETION OF COURSES

Respondent shall take, and submit documentation of successful completion of the National Council of State Board of Nursing Nevada Nurse Practice Act course **within (30) days** of acceptance and execution of the Agreement by the Board.

3. VIOLATIONS OF THIS AGREEMENT - CONSEQUENCES

Respondent shall report any and all violations of the Georgia Board of Nursing Peer Assistance Program contract and/or this Agreement for Monitoring in writing to the Executive Director, or the Director of Investigations and Discipline and the Monitoring and Probation Investigator within seventy-two (72) hours of the occurrence. Respondent acknowledges that if they violate any of the terms and conditions of this Agreement, the Board may revoke, or invoke other appropriate discipline against their license to practice nursing, subject to a hearing in accordance with the Nevada Nurse Practice Act for the purpose of establishing that there has, in fact, been a violation of the stipulations of this Agreement. Respondent acknowledges that any violation of the Nevada Nurse Practice Act, any dilute urine or positive drug screen may be considered a violation of this Agreement and subject the respondent to further action by the Board.

4. AGREEMENT TO SURRENDER LICENSE

In the event that a violation of the terms and conditions of this Agreement is alleged, Respondent agrees to surrender their Nevada license to the Executive Director, or the Director of Investigations and Discipline and the Monitoring and Probation Investigator, if they so request, and refrain from practicing nursing in Nevada or with clients in Nevada until entry of a final

order of the Board or a court of competent jurisdiction, whichever last occurs, regarding a potential violation.

5. **COMPLETION AND TERMINATION OF MONITORING**

Respondent shall only receive credit toward service of their monitoring period in Nevada while employed in a capacity for which nursing licensure is required, and while working with clients/patients in Nevada, and/or while in compliance with the terms and conditions of their contract with the Georgia Board of Nursing Peer Assistance Program. Respondent acknowledges they are not eligible for early termination of this Agreement. The Agreement shall be terminated at the time the Board receives documentation verifying the Respondent's completion of all terms and conditions of the Monitoring Agreement and when the respondent receives notice of termination from the Board.

6. **MOVING TO THE STATE OF NEVADA (REQUIREMENTS)**

Respondent shall comply with the following terms and conditions effective immediately upon moving to the state of Nevada:

7. **ABSTINENCE AND DRUG TESTING**

Respondent shall abstain from the use of alcohol and all mood-altering drugs and controlled substances except when legally prescribed by a treating practitioner who is knowledgeable about the disease of addiction and the Respondent's history. This treatment must be reported to the Board, in writing, within seven (7) days, accompanied by documentation from the practitioner regarding the medical treatment and all other methods of alternative treatment having been tried first. The Board may require additional testing and reporting until Respondent documents sobriety after periods of prescribed drug use.

Respondent shall register with the Board-approved drug-screening program and submit to random urine, blood, or other tests for drugs of abuse and/or alcohol on the day requested by the drug testing company, their counselor, or representative of the Board. These tests shall occur no less than twenty-four (24) times per year and shall be treated as forensic specimens by a Board-approved laboratory. Respondent shall cause test results to be provided to the requesting party and the Board. Any confirmed positive finding shall be reported immediately to the Board.

Changes in the frequency of tests may be approved by the Director of Investigations and Discipline and the Monitoring and Probation Investigator.

8. **ATTENDANCE AT MEETINGS AND SUBMISSION OF QUARTERLY REPORTS TO THE BOARD**

Respondent shall comply with required attendance at meetings and shall cause all reports to be submitted in writing to the Board on a quarterly basis as follows. These reports are due no later than the last day of March, June, September, and December. The Executive Director, or the Director of Investigations and Discipline and the Monitoring and Probation Investigator may evaluate and approve or deny changes in the frequency of reporting. Respondent shall:

a. Attend a minimum of two (2) meetings per week of Alcoholics Anonymous (AA) or Narcotics Anonymous (NA) and shall submit documentation of all meetings attended, **whether working or not.** The Monitoring and Probation Investigator will evaluate consideration for alternative recovery support groups;

b. Cause their AA or NA sponsor to submit reports addressing Respondent's progress in recovery on forms provided by the Board **whether working or not;**

c. Attend weekly meetings of a Board-approved Nurse Support Group and submit documentation of all meetings attended, **whether working or not;**

d. Submit self-reports in a detailed format as provided by the Board, **whether working or not;**

9. **REQUIREMENT TO ATTEND ORIENTATION AND MEET WITH THE BOARD OR STAFF**

Respondent shall attend a **mandatory orientation** meeting within thirty days of execution of this agreement to facilitate understanding and accountability of the terms and conditions of this Agreement as scheduled by the Monitoring and Probation Investigator. Upon request, Respondent shall meet with the Board or its representatives and cooperate with representatives of the Board in their supervision and investigation of Respondent's compliance with the terms and conditions of this Agreement.

10. **FINANCIAL RESPONSIBILITIES**

Respondent shall be financially responsible for all requirements of this Agreement. Respondent has reviewed and understands the potential costs associated with the stipulations herein. Respondent understands these costs are subject to change and are respondent's financial responsibility.

11. **REQUIRED NOTIFICATION OF OTHER STATES OF LICENSURE**

Respondent shall, upon execution of this Agreement, provide a copy of this Agreement to any other state Board of Nursing in whose jurisdiction they have been issued a nursing license (current or not). Respondent shall also provide a copy of this Agreement to any other regulatory agency in whose jurisdiction they have applied or will apply for a license.

12. **VIOLATIONS OF THIS AGREEMENT - CONSEQUENCES**

Respondent acknowledges that if they violate any of the terms and conditions of this Agreement, the Board may revoke, or invoke other appropriate discipline against their license to practice nursing, subject to a hearing in accordance with the Nevada Nurse Practice Act for the purpose of establishing that there has, in fact, been a violation of the stipulations of this Agreement. Respondent acknowledges that any violation of the Nevada Nurse Practice Act, any dilute urine or positive drug screen may be considered a violation of this Agreement and subject the respondent to further action by the Board. A positive drug screen will result in immediate suspension of license. Suspension of the license is considered disciplinary action and will become part of the Respondent's permanent record, will become public information, will be published with the list of disciplinary actions taken against licensees or holders of certificates, or any agency or another state which regulates the practice of nursing.

13. **AGREEMENT TO SURRENDER LICENSE**

In the event that a violation of the terms and conditions of this Agreement is alleged, Respondent agrees to surrender their license to the Executive Director, or the Director of Investigations and Discipline and the Monitoring and Probation Investigator, if they so request, and refrain from practicing nursing until requirements have been met, violations resolved, or

entry of a final order of the Board or a court of competent jurisdiction, whichever last occurs, regarding a potential violation.

Respondent acknowledges that pursuant to NRS 632.405, this Agreement shall become a public record if an entry of a final order of the Board results in disciplinary action against their license for violation of this agreement.

14. **COMPLETION AND TERMINATION OF MONITORING**

Respondent shall only receive credit toward service of their probation period while employed in a capacity for which nursing licensure is required and subject to adequate supervision approved by the Board. Respondent acknowledges they are not eligible for early termination of this Agreement. The Agreement shall be terminated at the time the Board receives documentation verifying the Respondent's completion of all terms and conditions of the Probation Agreement and when the respondent receives notice of termination from the Board.

Provide explanation below:

-I have provided all this information to the board of nursing in Nevada and they are aware, and they recommended that I need to inform them of the conculsion when I reapply for my license .

The 11/19/2024 Accusation filed by the Board of Registered Nursing is a charging document which contains allegations only, allegations which I believe have been blown out of proportion. Nothing has been proven, no findings or judgments have yet been made on the allegations, nor has any discipline yet been imposed on my license. It remains completely unrestricted, pending resolution of this case, which I am informed by my attorneys will not conclude for quite some time. I will soon be invoking my right to a formal administrative hearing to challenge the allegations and requesting copies of all the materials the Board is claiming support its allegations. At present, I have received no discovery from the Board and no hearing dates have been scheduled, let alone held. All of that is a ways away.

I can share that in general they arise from my issuance of a very limited number of bridge and/or emergency prescriptions to a co-worker with whom I was engaged in a long-term, marriage-equivalent domestic relationship, which had begun years before the first prescription was issued. All prescriptions were clinically indicated, short-term, and resulted in zero harm to the patient. To the contrary, several were life-saving in the context they were issued. Regarding the Board's criticisms of my standardized procedures and protocols, I dispute that they were inadequate or that my limited prescriptions constituted the unlicensed practice of medicine as a result.

Although I acknowledge that my conduct was not perfect in every respect, particularly my documentation, the Board's allegations are not reflective of the actual situation. Moreover, in the years intervening, I have proactively engaged in extensive rehabilitation activities, including completing several intensive, multi-day, board-approved seminars in record keeping, prescribing, and ethics; undergoing targeted personal psychotherapy focused on maintaining boundaries; and completing a mentoring program with an N.P./Ph.D., which was focused on ethical practice, patient safety, and professional standards. I have also completely changed my practice setting and I experienced zero issues in any setting or context since. In sum, I have a substantial amount of relevant defense evidence and I plan on vigorously defending this Accusation.

In the Matter of the Accusation Against:	Case No. 4002023003518
SAMANTHA JEANNE PERKINS	**STATEMENT TO RESPONDENT**
Respondent.	[Gov. Code §§ 11504, 11505(b)]

TO RESPONDENT:

Enclosed is a copy of the Accusation that has been filed with the Board of Registered Nursing of the Department of Consumer Affairs (Board), and which is hereby served on you.

Unless a written request for a hearing signed by you or on your behalf is delivered or mailed to the Board, represented by Supervising Deputy Attorney General Gregory J. Salute, within fifteen (15) days after a copy of the Accusation was personally served on you or mailed to you, you will be deemed to have waived your right to a hearing in this matter and the Board may proceed upon the Accusation without a hearing and may take action thereon as provided by law.

The request for hearing may be made by delivering or mailing one of the enclosed forms entitled "Notice of Defense," or by delivering or mailing a Notice of Defense as provided in section 11506 of the Government Code, to

Gregory J. Salute
Supervising Deputy Attorney General

San Diego, CA 92186-5266

You may, but need not, be represented by counsel at any or all stages of these proceedings.

The enclosed Notice of Defense, if signed and filed with the Board, shall be deemed a specific denial of all parts of the Accusation, but you will not be permitted to raise any objection to the form of the Accusation unless you file a further Notice of Defense as provided in section 11506 of the Government Code within fifteen (15) days after service of the Accusation on you.

All communications from the Board will be sent to your address of record as shown in the caption page one of this document. It is your responsibility to advise the Board of any changes to your address of record.

If you file any Notice of Defense within the time permitted, a hearing will be held on the charges made in the Accusation.

The hearing may be postponed for good cause. If you have good cause, you are obliged to notify the Office of Administrative Hearings, Emerald Plaza, 402 West Broadway, Suite 600, San Diego, CA 92101, within ten (10) working days after you discover the good cause. Failure to notify the Office of Administrative Hearings within ten (10) days will deprive you of a postponement.

Copies of sections 11507.5, 11507.6, and 11507.7 of the Government Code are enclosed.

If you desire the names and addresses of witnesses or an opportunity to inspect and copy the items mentioned in section 11507.6 of the Government Code in the possession, custody or control of the Board you may send a Request for Discovery to the above designated Supervising Deputy Attorney General.

NOTICE REGARDING STIPULATED SETTLEMENTS

It may be possible to avoid the time, expense and uncertainties involved in an administrative hearing by disposing of this matter through a stipulated settlement. A stipulated settlement is a binding written agreement between you and the government regarding the matters

charged and the discipline to be imposed. Such a stipulation would have to be approved by the Board of Registered Nursing but, once approved, it would be incorporated into a final order.

Any stipulation must be consistent with the Board's established disciplinary guidelines; however, all matters in mitigation or aggravation will be considered A copy of the Board's Disciplinary Guidelines will be provided to you on your written request to the state agency bringing this action.

If you are interested in pursuing this alternative to a formal administrative hearing, or if you have any questions, you or your attorney should contact Supervising Deputy Attorney General Gregory J. Salute at the earliest opportunity.

The Nurse Practitioner Furnishing Certificate was in full force and effect at all times relevant to the charges brought herein and will expire on August 31, 2026, unless renewed.

STATUTORY PROVISIONS

5. Section 726 of the Code states:

> (a) The commission of any act of sexual abuse, misconduct, or relations with a patient, client, or customer constitutes unprofessional conduct and grounds for disciplinary action for any person licensed under this division or under any initiative act referred to in this division.
>
> (b) This section shall not apply to consensual sexual contact between a licensee and his or her spouse or person in an equivalent domestic relationship when that licensee provides medical treatment, other than psychotherapeutic treatment, to his or her spouse or person in an equivalent domestic relationship.

6. Section 2242, subdivision (a), of the Code states:

> Prescribing, dispensing, or furnishing dangerous drugs as defined in Section 4022 without an appropriate prior examination and a medical indication, constitutes unprofessional conduct. An appropriate prior examination does not require a synchronous interaction between the patient and the licensee and can be achieved through the use of telehealth, including, but not limited to, a self-screening tool or a questionnaire, provided that the licensee complies with the appropriate standard of care.

7. Section 2725 of the Code states:

> (a) In amending this section at the 1973-74 session, the Legislature recognizes that nursing is a dynamic field, the practice of which is continually evolving to include more sophisticated patient care activities. It is the intent of the Legislature in amending this section at the 1973-74 session to provide clear legal authority for functions and procedures that have common acceptance and usage. It is the legislative intent also to recognize the existence of overlapping functions between physicians and registered nurses and to permit additional sharing of functions within organized health care systems that provide for collaboration between physicians and registered nurses. These organized health care systems include, but are not limited to, health facilities licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code, clinics, home health agencies, physicians" offices, and public or community health services.

(b) The practice of nursing within the meaning of this chapter [the Nursing Practice Act] means those functions, including basic health care, that help people cope with difficulties in daily living that are associated with their actual or potential health or illness problems or the treatment thereof, and that require a substantial amount of scientific knowledge or technical skill, including all of the following:

(1) Direct and indirect patient care services that ensure the safety, comfort, personal hygiene, and protection of patients; and the performance of disease prevention and restorative measures.

(2) Direct and indirect patient care services, including, but not limited to, the administration of medications and therapeutic agents, necessary to implement a treatment, disease prevention, or rehabilitative regimen ordered by and within the scope of licensure of a physician, dentist, podiatrist, or clinical psychologist, as defined by Section 1316.5 of the Health and Safety Code.

(3) The performance of skin tests, immunization techniques, and the withdrawal of human blood from veins and arteries.

(4) Observation of signs and symptoms of illness, reactions to treatment, general behavior, or general physical condition, and (A) determination of whether the signs, symptoms, reactions, behavior, or general appearance exhibit abnormal characteristics, and (B) implementation, based on observed abnormalities, of appropriate reporting, or referral, or standardized procedures, or changes in treatment regimen in accordance with standardized procedures, or the initiation of emergency procedures.

(c) "Standardized procedures," as used in this section, means either of the following:

(1) Policies and protocols developed by a health facility licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code through collaboration among administrators and health professionals including physicians and nurses.

(2) Policies and protocols developed through collaboration among administrators and health professionals, including physicians and nurses, by an organized health care system which is not a health facility licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code.

The policies and protocols shall be subject to any guidelines for standardized procedures that the Division of Licensing of the Medical Board of California and the Board of Registered Nursing may jointly promulgate. If promulgated, the guidelines shall be administered by the Board of Registered Nursing.

(d) Nothing in this section shall be construed to require approval of standardized procedures by the Division of Licensing of the Medical Board of California, or by the Board of Registered Nursing.

///

///

(e) No state agency other than the board may define or interpret the practice of nursing for those licensed pursuant to the provisions of the chapter, or develop standardized procedures or protocols pursuant to this chapter, unless so authorized by this chapter, or specifically required under state or federal statute. A State agency includes every state office, officer, department, division, bureau, board, authority, and commission.

8. Section 2726 of the Code states that [e]xcept as otherwise provided herein, this chapter [the Nursing Practice Act] confers no authority to practice medicine or surgery.

9. Section 2761[1] of the Code states:

(a) The board may take disciplinary action against a certified or licensed nurse or deny an application for a certificate or license for any of the following:

(1) Unprofessional conduct, which includes, but is not limited to, the following:

(2) Incompetence or gross negligence in carrying out usual certified or licensed nursing functions.

...

10. Section 2762 of the Code states:

In addition to other acts constituting unprofessional conduct within the meaning of this chapter [the Nursing Practice Act], it is unprofessional conduct for a person licensed under this chapter to do any of the following:

(a) Obtain or possess in violation of law, or prescribe, or except as directed by a licensed physician and surgeon, dentist, or podiatrist administer to himself or herself, or furnish or administer to another, any controlled substance as defined in Division 10 (commencing with Section 11000) of the Health and Safety Code or any dangerous drug or dangerous device as defined in Section 4022.

...

(e) Falsify, or make grossly incorrect, grossly inconsistent, or unintelligible entries in any hospital, patient, or other record pertaining to the substances described in subdivision (a) of this section.

11. Section 2836.1 of the Code states:

Neither this chapter, nor any other provision of law shall be construed to prohibit a nurse practitioner from furnishing or ordering drugs or devices when all of the following apply:

[1] Business and Professions Code section 2761 was revised effective January 1, 2024. Former Section 2761(a) is now 2761(a)(1), and former Section 2761(a)(4) is now Section 2761(a)(2)(C).

(a) The drugs or devices are furnished or ordered by a nurse practitioner in accordance with standardized procedures or protocols developed by the nurse practitioner and the supervising physician when the drugs or devices furnished or ordered are consistent with the practitioner's educational preparation or for which clinical competency has been established and maintained.

(b) The nurse practitioner is functioning pursuant to standardized procedure, as defined by Section 2725, or protocol. The standardized procedures or protocols shall be developed and approved by the supervising physician and surgeon, the nurse practitioner, and the facility administrator or the designee.

(c)(1) The standardized procedure or protocol covering the furnishing of drugs or devices shall specify which nurse practitioners may furnish or order drugs or devices, which drugs or devices may be furnished or ordered, under what circumstances, the extent of physician and surgeon supervision, the method of periodic review of the nurse practitioners' competence, including peer review, and review of the provisions of the standardized procedure.

. . .

(d) The furnishing or ordering of drugs or devices by a nurse practitioner occurs under physician and surgeon supervision. Physician and surgeon supervision shall not be construed to require the physical presence of the physician, but does include (1) collaboration on the development of standardized procedure, (2) approval of standardized procedure, and (3) availability by telephone contact at the time of patient examination by the nurse practitioner.

. . .

12. Section 2836.2 of the Code states:

Furnishing or ordering of drugs or devices by nurse practitioners is defined to mean the act of making a pharmaceutical agent or agents available to the patient in strict accordance with a standardized procedure. All nurse practitioners who are authorized pursuant to Section 2386.1 to furnish or issue drug orders for controlled substances shall register with the United States Drug Enforcement Administration.

REGULATORY PROVISIONS

13. California Code of Regulations, title 16, section 1442, states:

As used in Section 2761 of the code, "gross negligence" includes an extreme departure from the standard of care which, under similar circumstances, would have ordinarily been exercised by a competent registered nurse. Such an extreme departure means the repeated failure to provide nursing care as required or failure to provide care or to exercise ordinary precaution in a single situation which the nurse knew, or should have known, could have jeopardized the client's health or life.

///

///

///

14. California Code of Regulations, title 16, section 1443, states:

As used in Section 2761 of the code, "incompetence" means the lack of possession of or the failure to exercise that degree of learning, skill, care and experience ordinarily possessed and exercised by a competent registered nurse as described in Section 1443.5.

15. California Code of Regulations, title 16, section 1443.5 states:

A registered nurse shall be considered to be competent when he/she consistently demonstrates the ability to transfer scientific knowledge from social, biological and physical sciences in applying the nursing process, as follows:

(1) Formulates a nursing diagnosis through observation of the client's physical condition and behavior, and through interpretation of information obtained from the client and others, including the health team.

(2) Formulates a care plan, in collaboration with the client, which ensures that direct and indirect nursing care services provide for the client's safety, comfort, hygiene, and protection, and for disease prevention and restorative measures.

(3) Performs skills essential to the kind of nursing action to be taken, explains the health treatment to the client and family and teaches the client and family how to care for the client's health needs.

(4) Delegates tasks to subordinates based on the legal scopes of practice of the subordinates and on the preparation and capability needed in the tasks to be delegated, and effectively supervises nursing care being given by subordinates.

(5) Evaluates the effectiveness of the care plan through observation of the client's physical condition and behavior, signs and symptoms of illness, and reactions to treatment and through communication with the client and health team members, and modifies the plan as needed.

(6) Acts as the client's advocate, as circumstances require, by initiating action to improve health care or to change decisions or activities which are against the interests or wishes of the client, and by giving the client the opportunity to make informed decisions about health care before it is provided.

16. California Code of Regulations, title 16, section 1471, states:

For purposes of this article:

(a) "Standardized procedure functions" means those functions specified in Business and Professions Code Section 2725(c) and (d) which are to be performed according to "standardized procedures";

(b) "Organized health care system" means a health facility which is not licensed pursuant to Chapter 2 (commencing with Section 1250), Division 2 of the Health and Safety Code and includes, but is not limited to, clinics, home health agencies, physicians' offices and public or community health services;

///

///

(c) "Standardized procedures" means policies and protocols formulated by organized health care systems for the performance of standardized procedure functions.

17. California Code of Regulations, title 16, section 1472 states:

An organized health care system must develop standardized procedures before permitting registered nurses to perform standardized procedure functions. A registered nurse may perform standardized procedure functions only under the conditions specified in a health care system's standardized procedures; and must provide the system with satisfactory evidence that the nurse meets its experience, training, and/or education requirements to perform such functions.

18. California Code of Regulations, title 16, section 1474 states:

Following are the standardized procedure guidelines jointly promulgated by the Medical Board of California and by the Board of Registered Nursing:

(a) Standardized procedures shall include a written description of the method used in developing and approving them and any revision thereof.

(b) Each standardized procedure shall:

(1) Be in writing, dated and signed by the organized health care system personnel authorized to approve it.

(2) Specify which standardized procedure functions registered nurses may perform and under what circumstances.

(3) State any specific requirements which are to be followed by registered nurses in performing particular standardized procedure functions.

(4) Specify any experience, training, and/or education requirements for performance of standardized procedure functions.

(5) Establish a method for initial and continuing evaluation of the competence of those registered nurses authorized to perform standardized procedure functions.

(6) Provide for a method of maintaining a written record of those persons authorized to perform standardized procedure functions.

(7) Specify the scope of supervision required for performance of standardized procedure functions, for example, immediate supervision by a physician.

(8) Set forth any specialized circumstances under which the registered nurse is to immediately communicate with a patient's physician concerning the patient's condition.

(9) State the limitations on settings, if any, in which standardized procedure functions may be performed.

(10) Specify patient record keeping requirements.

(11) Provide for a method of periodic review of the standardized procedures.

COST RECOVERY

19. Section 125.3 of the Code provides, in pertinent part, that the Board may request the administrative law judge to direct a licensee found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case, with failure of the licensee to comply subjecting the license to not being renewed or reinstated. If a case settles, recovery of investigation and enforcement costs may be included in a stipulated settlement.

DRUG DESCRIPTIONS

20. **Clonazepam:** is a Schedule IV controlled substance pursuant to Health and Safety Code section 11057, subdivision (d)(7), and a dangerous drug pursuant to Business and Professions Code section 4022. It is an anti-anxiety medication in the benzodiazepine family.

21. **Zofran (Ondansetron):** blocks the actions of chemicals in the body that can trigger nausea and vomiting. Ondansetron is used to prevent nausea and vomiting that may be caused by surgery, cancer chemotherapy, or radiation treatment. It is a dangerous drug pursuant to Business and Professions Code section 4022.

22. **Oxcarbazepine:** is an anticonvulsant. It works by decreasing nerve impulses that cause seizures and pain. Oxcarbazepine is used either alone or with other medicines to treat partial seizures. The Trileptal brand of oxcarbazepine is used as a single medicine in adults and children who are at least 4 years old. Trileptal is used with other medicines in adults and children who are at least 2 years old. It is a dangerous drug pursuant to Business and Professions Code section 4022.

23. **Effexor (Venlafaxine):** is used in adults to treat major depressive disorder. Effexor XR extended-release (long-acting) capsules are also used to treat generalized anxiety disorder (GAD; excessive worrying that is difficult to control), social anxiety disorder (extreme fear of interacting with others or performing in front of others that interferes with normal life), and panic disorder (sudden, unexpected attacks of extreme fear and worry about these attacks). Effexor belongs to in a class of medications called selective serotonin and norepinephrine reuptake inhibitors (SNRIs). Venlafaxine works by increasing the amounts of serotonin and

norepinephrine, natural substances in the brain that help maintain mental balance. It a dangerous drug pursuant to Business and Professions Code section 4022.

STATEMENT OF FACTS

24. Respondent was employed at St. Joseph Hospital from October 2016 through October 2022. She worked in the Emergency Clinical Decision Unit (EDOC) as a Psychiatric Nurse Practitioner. Her job duties required her to conduct consultations for psychiatric patients in the Emergency Room.

25. Respondent prescribed medications to a co-worker (RB) without completing a good faith exam or creating a medical record. Respondent was also in a personal relationship with RB while he was under her care. The following prescriptions were written by Respondent to patient RB:

6/27/2020-Venlafaxine ER 37.5-Telephone order

3/19/2021 Clonazepam 0.5 mg

04/20/2022 oxcarbazepine 150mg

05/25/2022 oxcarbazepine 600mg

8/1/2022-ondansetron (Zofran)

26. Respondent admitted that in 2017, after approximately a year of working together, her and RB had a personal relationship. The relationship continued for approximately four and a half years. The personal relationship ended on or about October 2021. When questioned, RB denied that he was a patient of Respondent.

27. Respondent stated that they also had a provider-patient relationship. The services provided were writing prescriptions. Some were written through her job at Providence, and some were in her private practice. Respondent admitted to writing one controlled substance prescription, clonazepam to RB. This was the first prescription written, along with Effexor. Respondent also admitted to writing a prescription for oxcarbazepine for RB, which she referred to by the brand name Trileptal, later in 2022.

28. Respondent admitted RB was not a patient at Providence St Joseph Hospital when she wrote him the prescriptions for clonazepam and Effexor. In addition, Respondent failed to

maintain a patient chart for patient RB at Providence St Joseph Hospital. Her patient records for RB at her private practice Transcend Psychiatry were sparse and had no good faith exam or diagnosis or rationale for prescribing the medications to RB.

29. In response to the Board investigator's request for Standardized Procedures for Transcend Psychiatry, Respondent provided an unsigned, undated document titled "Standard Treatment Protocol" that did not meet the legal requirements for Standardized Procedures and failed to have any protocols for drugs she was authorized to furnish, as required by Code section 2836.1. The document also did not specify the protocols for Clonazepam, Effexor and Trileptal as required by Code section 2836.1.

30. Respondent's conduct was unprofessional and deviated from the standards of practice for the following reasons:

A. Respondent failed to assess the health status of patient RB. Respondent's encounter notes did not reflect the following:

1. Comprehensive relevant health, social and medical history.

2. Physical examination based on age and history, which includes head to toe assessment and mental status exam.

3. Mental Health Screening Tools to help Respondent identify signs of psychological disorders or distress in RB.

B. Respondent made a diagnosis and prescribed medications without utilizing a diagnostic reasoning, which is based on the patient's detailed history, physical assessment, and diagnostic and mental health screening tools.

C. Respondent failed to delineate and maintain boundaries. Respondent failed to work within the therapeutic relationship...Respondent should examine any boundary crossing, be aware of its potential implications, and avoid repeated crossings.

D. There was a personal relationship while Respondent was treating RB. Respondent admitted after about a year, in 2017 they had a personal relationship. The significant relationship continued for approximately four and a half years. Respondent stated that their relationship ended on or about October 2021.

E. Respondent practiced without valid Standardized Procedures and Collaborative agreement for her private practice, Transcend Psychiatry. She claimed she saw RB as a provider in her private practice and submitted encounter notes.

F. The following elements were missing in Respondent's submitted Standardized Procedures:

(1) Be in writing, dated and signed by the organized health care system personnel authorized to approve it.

. . .

(5) Establish a method for initial and continuing evaluation of the competence of those registered nurses authorized to perform standardized procedure functions.

(6) Provide a method of maintaining a written record of those persons authorized to perform standardized procedure functions.

. . .

(8) Set forth any specialized circumstances under which the registered nurse is to immediately communicate with a patient's physician concerning the patient's condition.

(9) State the limitations on settings, if any, in which standardized procedure functions may be performed.

. . .

(11) Provide a method of periodic review of the standardized procedures.

FIRST CAUSE FOR DISCIPLINE

(Unprofessional Conduct – Furnishing of Drugs Without Standardized Procedures)

31. Respondent is subject to discipline for unprofessional conduct pursuant to Code sections 2761, subdivision (a)(1), and 2836.1, in that without standardized procedures she furnished and/or ordered prescription drugs including controlled substances to RB. The facts in support of this cause for discipline are set forth above in paragraphs 24 through 30.

///

///

///

SECOND CAUSE FOR DISCIPLINE

(Unprofessional Conduct – Unauthorized Dispensing of Prescription Medications)

32. Respondent is subject to discipline for unprofessional conduct pursuant to Code sections 2761, subdivision (a)(1), and 2762, subdivision (a), in that without authorization she furnished and/or ordered prescription drugs including controlled substances to RB. The facts in support of this cause for discipline are set forth above in paragraphs 24 through 30.

THIRD CAUSE FOR DISCIPLINE

(Unprofessional Conduct – Practice of Medicine Without a License)

33. Respondent is subject to discipline for unprofessional conduct pursuant to Code sections 2761, subdivision (a)(1), and 2726, in that she furnished and/or ordered prescription drugs including controlled substances without appropriate standardized procedures in place authorizing her to furnish and/or prescribe said drugs to RB. The facts in support of this cause for discipline are set forth above in paragraphs 24 through 30.

FOURTH CAUSE FOR DISCIPLINE

(Unprofessional Conduct – Submission of False Prescriptions)

34. Respondent is subject to discipline for unprofessional conduct pursuant to Code sections 2761, subdivision (a)(1), and 2762, subdivision (e), in that by furnishing and/or ordering prescription drugs including controlled substances to RB, Respondent falsely represented that she was the treating Nurse Practitioner. The facts in support of this cause for discipline are set forth above in paragraphs 24 through 30.

FIFTH CAUSE FOR DISCIPLINE

(Unprofessional Conduct – Gross Negligence)

35. In the Matter of the Accusation Against:	Case No. 4002023003518
SAMANTHA JEANNE PERKINS	**REQUEST FOR DISCOVERY**
Respondent.	

TO RESPONDENT:

Under section 11507.6 of the Government Code of the State of California, parties to an administrative hearing, including the Complainant, are entitled to certain information concerning the opposing party's case. A copy of the provisions of section 11507.6 of the Government Code concerning such rights is included among the papers served.

PURSUANT TO SECTION 11507.6 OF THE GOVERNMENT CODE, YOU ARE HEREBY REQUESTED TO:

1. Provide the names and addresses of witnesses to the extent known to the Respondent, including, but not limited to, those intended to be called to testify at the hearing, and

2. Provide an opportunity for the Complainant to inspect and make a copy of any of the following in the possession or custody or under control of the Respondent:

a. A statement of a person, other than the Respondent, named in the initial administrative pleading, or in any additional pleading, when it is claimed that

the act or omission of the Respondent as to this person is the basis for the administrative proceeding;

b. A statement pertaining to the subject matter of the proceeding made by any party to another party or persons;

c. Statements of witnesses then proposed to be called by the Respondent and of other persons having personal knowledge of the acts, omissions or events which are the basis for the proceeding, not included in (a) or (b) above;

d. All writings, including but not limited to reports of mental, physical and blood examinations and things which the Respondent now proposes to offer in evidence;

e. Any other writing or thing which is relevant and which would be admissible in evidence, including but not limited to, any patient or hospital records pertaining to the persons named in the pleading;

f. Investigative reports made by or on behalf of the Respondent pertaining to the subject matter of the proceeding, to the extent that these reports (1) contain the names and addresses of witnesses or of persons having personal knowledge of the acts, omissions or events which are the basis for the proceeding, or (2) reflect matters perceived by the investigator in the course of his or her investigation, or (3) contain or include by attachment any statement or writing described in (a) to (e), inclusive, or summary thereof.

IN ADDITION, if cost recovery is requested in the pleading prayer, provide all writings which will support any objection which may be made by the Respondent, to Respondent's payment of investigation and enforcement costs to the Board.

For the purpose of this Request for Discovery, "statements" include written statements by the person, signed, or otherwise authenticated by him or her, stenographic, mechanical, electrical or other recordings, or transcripts thereof, of oral statements by the person, and written reports or summaries of these oral statements.

YOU ARE HEREBY FURTHER NOTIFIED that nothing in this Request for Discovery should be deemed to authorize the inspection or copying of any writing or thing which is privileged from disclosure by law or otherwise made confidential or protected as attorney's work product.

Your response to this Request for Discovery should be directed to the undersigned attorney for the Complainant at the address on the first page of this Request for Discovery within 30 days after service of the Accusation.

Failure without substantial justification to comply with this Request for Discovery may subject the Respondent to sanctions pursuant to sections 11507.7 and 11455.10 to 11455.30 of the Government Code.

COPY OF GOVERNMENT CODE SECTIONS 11507.5, 11507.6 AND 11507.7 PROVIDED PURSUANT TO GOVERNMENT CODE SECTIONS 11504 AND 11505

SECTION 11507.5: Exclusivity of discovery provisions

The provisions of Section 11507.6 provide the exclusive right to and method of discovery as to any proceeding governed by this chapter.

SECTION 11507.6: Request for discovery

After initiation of a proceeding in which a respondent or other party is entitled to a hearing on the merits, a party, upon written request made to another party, prior to the hearing and within 30 days after service by the agency of the initial pleading or within 15 days after the service of an additional pleading, is entitled to (1) obtain the names and addresses of witnesses to the extent known to the other party, including, but not limited to, those intended to be called to testify at the hearing, and (2) inspect and make a copy of any of the following in the possession or custody or under the control of the other party:

(a) A statement of a person, other than the respondent, named in the initial administrative pleading, or in any additional pleading, when it is claimed that the act or omission of the respondent as to this person is the basis for the administrative proceeding;

(b) A statement pertaining to the subject matter of the proceeding made by any party to another party or person;

(c) Statements of witnesses then proposed to be called by the party and of other persons having personal knowledge of the acts, omissions or events which are the basis for the proceeding, not included in (a) or (b) above;

(d) All writings, including, but not limited to, reports of mental, physical and blood examinations and things which the party then proposes to offer in evidence;

(e) Any other writing or thing which is relevant and which would be admissible in evidence;

(f) Investigative reports made by or on behalf of the agency or other party pertaining to the subject matter of the proceeding, to the extent that these reports (1) contain the names and addresses of witnesses or of persons having personal knowledge of the acts, omissions or events which are the basis for the proceeding, or (2) reflect matters perceived by the investigator in the course of his or her investigation, or (3) contain or include by attachment any statement or writing described in (a) to (e), inclusive, or summary thereof.

For the purpose of this section, "statements" include written statements by the person signed or otherwise authenticated by him or her, stenographic, mechanical, electrical or other recordings, or transcripts thereof, of oral statements by the person, and written reports or summaries of these oral statements.

Nothing in this section shall authorize the inspection or copying of any writing or thing which is privileged from disclosure by law or otherwise made confidential or protected as the attorney's work product.

SECTION 11507.7: Petition to compel discovery; Order; Sanctions

(a) Any party claiming the party's request for discovery pursuant to Section 11507.6 has not been complied with may serve and file with the administrative law judge a motion to compel discovery, naming as respondent the party refusing or failing to comply with Section 11507.6. The motion shall state facts showing the respondent party failed or refused to comply with Section 11507.6, a description of the matters sought to be discovered, the reason or reasons why the matter is discoverable under that section, that a reasonable and good faith attempt to contact the respondent for an informal resolution of the issue has been made, and the ground or grounds of respondent's refusal so far as known to the moving party.

(b) The motion shall be served upon respondent party and filed within 15 days after the respondent party first evidenced failure or refusal to comply with Section 11507.6 or within 30 days after request was made and the party has failed to reply to the request, or within another time provided by stipulation, whichever period is longer.

(c) The hearing on the motion to compel discovery shall be held within 15 days after the motion is made, or a later time that the administrative law judge may on the judge's own motion for good cause determine. The respondent party shall have the right to serve and file a written answer or other response to the motion before or at the time of the hearing.

(d) Where the matter sought to be discovered is under the custody or control of the respondent party and the respondent party asserts that the matter is not a discoverable matter under the provisions of Section 11507.6, or is privileged against disclosure under those provisions, the administrative law judge may order lodged with it matters provided in subdivision (b) of Section 915 of the Evidence Code and examine the matters in accordance with its provisions.

(e) The administrative law judge shall decide the case on the matters examined in camera, the papers filed by the parties, and such oral argument and additional evidence as the administrative law judge may allow.

(f) Unless otherwise stipulated by the parties, the administrative law judge shall no later than 15 days after the hearing make its order denying or granting the motion. The order shall be in writing setting forth the matters the moving party is entitled to discover under Section 11507.6. A copy of the order shall forthwith be served by mail by the administrative law judge upon the parties. Where the order grants the motion in whole or in part, the order shall not become effective until 10 days after the date the order is served. Where the order denies relief to the moving party, the order shall be effective on the date it is served.

Nevada Board of Pharmacy

Dear Members of the Board of Pharmacy:

My name is Rebecca Ballinger, and I am writing to provide a comprehensive disclosure of my criminal history as part of my application for a prescribing license. I am committed to being open about my past, owning up to my mistakes, and illustrating how I've turned my life around through hard work and dedication.

March 24, 2000: Welfare Fraud and Perjury (10980(C)(2) and 118 PC)
In 1999, as a single mother facing financial hardship, I made the serious error of misrepresenting my financial situation on welfare forms and received a felony conviction for welfare fraud and perjury. I was placed on a 3-year probationary period and ordered to pay restitution. While my circumstances were challenging, I fully acknowledge that my decision to be untruthful was wrong. On March 13, 2009, these charges were expunged under Penal Code 1203.4, though I understand my ongoing obligation to disclose them for the purpose of licensure.

December 9, 2006: 11550(a) HS; May 21, 2007: 11364(a) HS and 1320(a) PC
Between 2006 and 2007, I experienced a period of personal struggle with methamphetamine, which led to several misdemeanor charges. In 2006, I received a conviction for being under the influence of a controlled substance. In 2007, I was charged with possession of drug paraphernalia. During the 2007 case, I accumulated two failure-to-appear convictions due to my ongoing substance use affecting my judgment and reliability. While these charges were later dismissed after completing court-ordered drug treatment, I take full responsibility for my actions during this period.

April 20, 2009: 415(2) PC
In 2009, I received a charge of noise violation, which was later dismissed on 9/2/2009. While alcohol wasn't mentioned in the official charge, I acknowledge that it was a contributing factor in the event.

These incidents represent a difficult period in my life when substance use was negatively impacting my decision-making and behavior. While the charges were ultimately deferred or expunged, they served as the catalyst for profound personal change. I recognized that I needed help and took decisive action to transform my life.

My last interaction with the criminal justice system was in 2009. Recognizing my need for support, I committed to a voluntary intensive outpatient treatment program from October 2010 to March 2011. October 1st, 2010, became my true north—the day I began my journey to sustained recovery. Through committed work in treatment, therapy, and recovery programs, I've built both effective coping skills and a strong support network. These experiences shaped my career path in a meaningful way. Having experienced firsthand both the struggle of substance use disorder and the life-changing impact of proper treatment and support, I chose to dedicate my professional life to helping others facing similar challenges.

November 6, 2013: Case 0336-13Y (Nevada Nursing Board Monitoring Agreement)
In 2013, I disclosed my history to the Nevada Board of Nursing when applying for my RN license. After initial denial and appropriate due process, the Board granted my license under a five-year monitoring agreement. I completed my monitoring agreement, without violations, in April of 2019. This successful monitoring period demonstrated my commitment to rehabilitation and professional excellence. I have maintained an unblemished nursing record for approximately 10 years. My professional standing was further affirmed in June 2020, when I obtained RN licensure (95223304) through California's stringent review process. While I no longer maintain active status in California, successfully meeting their exacting standards provides additional testament to my record of professional conduct.

In April 2020, I secured employment as a federal RN at the VA Medical Center of Reno, working on a high-intensity mental health unit. This role revealed my true calling and strengthened my commitment to helping those with mental health and substance use disorders. My passion led me to pursue advanced training as a Psychiatric Mental Health Nurse Practitioner (PMHNP), culminating in my licensure on February 4th, 2025. The Nevada Board of Nursing's decision to grant me full, unrestricted APRN licensure affirms their trust in my rehabilitation and professional integrity.

My professional journey has culminated in my selection for the highly competitive PMHNP Residency program at the VA Medical Center, which I began on January 27, 2025. In this role, I combine my clinical expertise with lived experience to serve Veterans facing mental health and substance use challenges – a mission that mirrors my own path from struggle to recovery to service.

My experiences have uniquely prepared me to understand and support those struggling with mental health and substance use challenges. As a PMHNP, I can now provide the kind of comprehensive, empathetic care that I know firsthand is essential for recovery. My residency at the VA Medical Center allows me to combine clinical expertise and personal insight to provide therapeutic and effective care.

I fully appreciate the Board's fundamental responsibility to protect public safety and maintain the integrity of pharmaceutical practice. My path of sustained recovery and professional development demonstrates an unwavering commitment to these essential standards. The Nevada Board of Nursing's decision to grant me an unrestricted nurse practitioner licensure validated my dedication to ethical practice. My current position at the VA Medical Center, serving our nation's Veterans, represents the continuation of this commitment to exemplary practice standards.

I respectfully ask the Board to consider my application, based on my demonstrated rehabilitation, professional accomplishments, and commitment to safe patient care. I am willing to provide any additional information that would assist in your review.

Sincerely,

RE: California Criminal History Information

Dear Applicant:

This is in response to your record review request concerning the existence of a California criminal history record maintained in the files of the Department of Justice's Bureau of Criminal Information and Analysis. Your fingerprints did identify to an existing California criminal history record and a copy of that record is enclosed. If you wish to challenge the accuracy or completeness of your record, please complete and return the enclosed form (BCIA 8706) and supporting documentation to the address noted above.

Pursuant to California Penal Code section 11121, the purpose of a record review request is to afford an individual with a copy of their record and to refute any erroneous or inaccurate information contained therein. The intent is not to be used for licensing, certification or employment purposes.

Additionally, California Penal Code sections 11125, 11142, and 11143 does not allow for a person or agency to make a request to another person to provide them with a copy of an individual's criminal history or notification that a record does not exist; does not allow an authorized person to furnish the record to an unauthorized person; nor does it allow an unauthorized person to buy, receive or possess the record or information. A violation of these section codes is a misdemeanor.

Sincerely,

COUNT I

The undersigned hereby declares, upon information and belief, based upon the declaration filed herewith, that defendant, did in the said County of Nevada, State of California, on or about **January 27, 2006,** commit a violation of **Section 11550(a) of the Health and Safety Code** of the State of California, a misdemeanor, in that said defendant did then and there, willfully and unlawfully use and be under the influence of a controlled substance.

NOTICE: Conviction of this offense will require you to register pursuant to Health & Safety Code section 11590. Failure to do so is a crime pursuant to Health and Safety Code section 11594.

Said complainant therefore prays, based upon the complaint and declaration, that a warrant may be issued for the arrest of the defendant who may then be dealt with according to law.

I declare under penalty of perjury, and upon information and belief, based upon the declaration filed therewith, that the foregoing is true and correct.

Executed at Nevada City, Nevada County, California, on this 24 day of February, 2006.

ORIGINAL

BEFORE THE NEVADA STATE BOARD OF NURSING

IN THE MATTER OF REBECCA BALLINGER LICENSED PROFESSIONAL NURSE APPLICANT RESPONDENT	ORDER FOR MONITORING CASE NO. 0336-13Y

The following is the order in case number 0336-13Y by the Nevada State Board of Nursing for violation of NRS 632.320 (1)(b) criminal conviction, and (1)(e) controlled substances and/or alcohol:

ORDER

It is thereby ordered that upon successful completion of all Board requirements for licensure, a Nevada Professional Nurse License be issued in the name of REBECCA BALLINGER, and the license is placed on monitoring for a minimum of five (5) years with the following terms and conditions:

1. **COMPLETION OF NEVADA NURSE PRACTICE ACT COURSE.**

Respondent shall take, and submit documentation of successful completion of the Nevada Nurse Practice Act course **within (30) days** of acceptance and execution of the Order by the Board **or the license is automatically suspended** without further proceedings until all requirements are completed.

2. **ABSTINENCE AND DRUGS TESTING**

Respondent shall abstain from the use of alcohol and all mood-altering drugs and controlled substances except when legally prescribed by a treating practitioner who is knowledgeable about the disease of addiction and the Respondent's history. This treatment must be reported to the Board, in writing, within seven (7) days, accompanied by documentation from the practitioner regarding the medical treatment and all other methods of alternative treatment having been tried

first. The Board may require additional testing and reporting until Respondent documents sobriety after periods of prescribed drug use.

Respondent shall register with the Board approved urine drug-screening program and submit to random urine, blood or other tests for drugs of abuse and/or alcohol on the day requested by the drug testing company, her counselor, or representative of the Board. These tests shall occur no less than twelve (12) times per year and shall be treated as forensic specimens by a Board-approved laboratory. Respondent shall cause test results to be provided to the requesting party and the Board. Any confirmed positive finding shall be reported immediately to the Board. Changes in frequency of tests may be approved by the Compliance Coordinator and/or the Professional Evaluation Group.

3. PARTICIPATION IN BOARD-APPROVED AFTERCARE PROGRAM

Respondent shall participate in a Board-approved aftercare program for a minimum of one year. Such program shall include a minimum of weekly aftercare group sessions and individual counseling not less than twice per month. Individual counseling shall be provided by a Board-approved Certified Substance Abuse Counselor, Certified Chemical Dependency Nurse, or other approved treatment provider.

4. COUNSELOR REPORTS (DUE QUARTERLY)

Respondent shall have a Board approved substance abuse counselor, or other state licensed counselor, associated with her aftercare program who shall submit progress reports related to the plan of treatment every three (3) months, and identify at the completion of one (1) year of the aftercare program whether Respondent needs to continue in aftercare or other counseling. Respondent shall participate in individual counseling with a Board approved counselor until the counselor and the Executive Director or the Compliance Coordinator approves discontinuance.

5. ATTENDANCE AT MEETINGS AND SUBMISSION OF QUARTERLY REPORTS TO THE BOARD

Respondent shall comply with required attendance at meetings and shall cause all reports to be submitted in writing to the Board on a quarterly basis as follows. These reports shall begin one (1) month subsequent to the execution of this Order and are due no later than the last day of the

month. The Executive Director or the Compliance Coordinator and/or the Professional Evaluation Group may evaluate and approve or deny changes in the frequency of reporting. Respondent shall:

a. Attend a minimum of two (2) meetings per week of Alcoholics Anonymous (AA) or Narcotics Anonymous (NA) and shall submit documentation of all meetings attended **whether working or not.** The Compliance Coordinator will evaluate consideration for alternative recovery support groups;

b. Cause her AA or NA sponsor to submit reports addressing Respondent's progress in recovery on forms provided by the Board **whether working or not;**

c. Attend weekly meetings of a Board-approved Nurse Support Group and submit documentation of all meetings attended **whether working or not;**

d. Submit self reports in a detailed format as provided by the Board, **whether working or not;**

e. Cause her direct nursing supervisor to submit written reports to the Board addressing work attendance, reliability, nursing competence, and any other information the supervisor identifies as appropriate to report to the Board for evaluation of compliance.

6. LIMITATIONS AND RESTRICTIONS ON EMPLOYMENT

The Board shall approve all employment sites requiring a nursing license (including changes within the same worksite or unit) **prior to commencement of work.** Respondent shall:

a. Provide a complete copy of this Order to her employer and direct supervisor **prior to commencement of work.**

b. Be employed in a setting in which direction is provided by a Registered Nurse. Direction shall mean: the intermittent observation, guidance and evaluation of the nursing practice by a licensed professional nurse who may only occasionally be physically present;

c. Cause her direct nursing supervisor to submit a job description and an initial written report on a form provided by the Board **prior to the commencement of employment,** and by each additional or subsequent supervisor;

d. Work only day or evening shift that ends prior to midnight. Respondent may not work for a nursing registry, work in home health, for a traveling

agency, or any other temporary employing agencies, float pool, or position that requires on-call status;

e. Not work more than ninety (90) hours in nursing in a two (2) week period for a **minimum of (1) one year;**

f. Not function as a supervisor, including as a head nurse or charge nurse for a **minimum of one (1) year;**

g. Notify the Board in writing within seventy-two (72) hours after termination of any nursing employment for any reason and include a full explanation of the circumstances surrounding the termination;

h. Register with the Board approved urine drug-screening program **prior to commencement of employment;**

i. Have no access to controlled substances during her employment as a licensed nurse for a **minimum of one (1) year.**

Upon receipt of a written request by the Respondent at the successful completion of one year of this Order, the Executive Director or the Compliance Coordinator and/or the Professional Evaluation Group may evaluate and approve or deny changes in the above employment limitations and restrictions that indicate a term of a minimum of one year.

7. **REQUIREMENT TO ATTEND ORIENTATION AND MEET WITH THE BOARD OR STAFF**

Respondent shall attend a **mandatory orientation** meeting to facilitate understanding and accountability of the terms and conditions of this Order as scheduled by the Compliance Coordinator. Upon request, Respondent shall meet with the Board or its representatives and cooperate with representatives of the Board in their supervision and investigation of Respondent's compliance with the terms and conditions of this Order.

8. **FINANCIAL RESPONSIBILITIES AND MONITORING FEES (DUE MONTHLY)**

Respondent shall be financially responsible for all requirements of this Order, including any financial assessments by the Board for the cost of monitoring her compliance with this Order. Respondent may be assessed a late fee for monitoring fees that are received more than ten (10) calendar days after the due date.

9. NOTIFICATION OF ACTION

Respondent shall notify any other state Board of Nursing or other regulatory agency in whose jurisdiction she has been issued a nursing license (current or not), or has applied or will apply for a license of this action by the Board. The Board may use the Order in any subsequent hearings.

10. VIOLATIONS OF THIS ORDER - CONSEQUENCES

Respondent acknowledges that if she violates any of the terms and conditions of this Order, the Board may revoke, or invoke other appropriate discipline against her license to practice nursing, subject to a hearing in accordance with the Nevada Nurse Practice Act for the purpose of establishing that there has, in fact, been a violation of the stipulations of this Order.

Respondent acknowledges that any violation of the Nevada Nurse Practice Act shall be considered a violation of this Agreement.

11. AGREEMENT TO SURRENDER LICENSE AND/OR CERTIFICATE

In the event that a violation of the terms and conditions of this Order is alleged, Respondent agrees to surrender her license to the Executive Director, or the Compliance Coordinator, if they so request, and refrain from practicing nursing until entry of a final order of the Board or a court of competent jurisdiction, whichever last occurs, regarding a potential violation.

12. COMPLETION AND TERMINATION OF MONITORING

Respondent shall only receive credit toward service of her monitoring period while employed in a capacity for which nursing licensure is required and subject to adequate supervision approved by the Board. Respondent acknowledges she is not eligible for early termination of this Order. Upon completion of the terms and conditions of this Order, Respondent shall apply for termination of monitoring and unrestricted licensure on forms supplied by the Board. Respondent shall meet with the Compliance Coordinator and/or the Professional Evaluation Group for evaluation of compliance and recommendation for termination of monitoring. The monitoring shall continue until terminated by the Board.

///

The NEVADA STATE BOARD OF NURSING retains jurisdiction in this case until all conditions have been met to the satisfaction of the Board.

To Whom It May Concern:

I am writing this letter at the request of Ms. Ballinger for submission to the California Board of Nursing, as evidence of her involvement in addiction outreach and community health service.

I met Ms. Ballinger in 2007 and was her counselor, as she began her own journey of recovery. Early on, Rebecca verbalized many goals for her future, and set out to achieve these goals with a determination and perseverance that I don't often see among my clients. Even though the standards she had set for herself were unusually high, she never wavered. The obstacles she had to overcome related to her past history did not deter her, but instead seemed to fuel her desire to meet those challenges.

Because of her efforts and success, she has gained a reputation as a leader and mentor. She has a unique ability to connect with people who seemed unreachable. Her high intelligence coupled with a personal understanding of addiction has a powerful impact during our local community outreach.

When Ms. Ballinger informed me that she was going to pursue nursing, I was not surprised. Caring for others comes naturally to her and she had a passion for providing health education to my clients. Even prior to her nursing career, she was eager to participate in community outreach which focused on risk reduction. Her work went beyond the sober client and extended to our clients who were still actively using. She provided "harm reduction" by educating clients on safe injection practices and participated in STD education and testing. More recently, she played a significant role in community education regarding Narcan and assisted in distribution of free Narcan.

Even though Ms. Ballinger's career path took her to Nevada, she still continues to play a pivotal role her in her hometown of Nevada County, CA. She has established herself as an educator and an agent of change. Her past unconventional history makes her relatable and gives her a unique ability to reach people on any level. She is aware of this attribute, and feels she has a duty to use her experiences to help others.

It is an honor to write Ms. Ballinger a letter in support of her professional goals. I have been involved in drug counseling and mental health for almost 2 decades, and Ms. Ballinger remains one of my most influential and successful clients.
