2.	Personnel must remove all makeup and jewelry prior to entering the compounding facility.		
3.	Turn water on to lukewarm.		
4.	Push the sleeves of the gown above the elbows and allow the water to soak your arms from the fingertips to the elbow.		
5.	Apply a liberal amount of hand soap into the palm of the hands. (If necessary, a pick shall be used to thoroughly clean under the fingernails.)		
6.	Assure to wash the "four sides" of the hands and fingertips, paying particular attention to the skin in between each finger. Liberally scrub hands and fingers for at least 30 seconds.		
7.	After each finger has been washed, proceed to clean the forearm, using a circular motion, from the wrist to the elbow. -Apply this process to both hands/arms.		
8.	Once both arms have been thoroughly washed, place arms under the running water to rinse away the soap. Make sure to rinse with the palm of hands remaining upwards so the water always runs from the fingertips to the elbows.		

4.050 SOP CLEANING AND MAINTENANCE OF THE NON-STERILE COMPOUNDING AREA (VERSION 1.0)

Synergy Apothecary

1.0 PURPOSE

1.1 The purpose of this procedure is to establish requirements for the cleaning the office areas and the non-sterile compounding area.

2.0 SCOPE

2.1 This procedure applies to the Synergy Apothecary non-sterile compounding area under conditions that meet or exceed state and federal guidelines as outlined by the United States Pharmacopeia <795>.

2.2 This procedure must be followed to reduce the amount of particulate matter and airborne microbial contamination.

2.3 Area will be immediately cleaned when a splash or suspected contamination has occurred.

3.0 RESPONSIBILITY

3.1 The Pharmacist-in-charge shall supervise this procedure and document that personnel will comply with this procedure.

4.0 DEFINITIONS

4.1 C-2's are medications classified as Controlled II substances.

4.2 IPA- Isopropyl Alcohol 70%

5.0 FREQUENCY

5.1 Office Areas

5.1.1 Weekly (or as needed)

5.1.1.1 Clean countertops/desks
5.1.1.2 Wipe down phones
5.1.1.3 Wipe down office equipment – computer/monitor/keyboards
5.1.1.4 Trash discarded
5.1.1.5 Empty recycling
5.1.1.6 Vacuum all carpeted areas
5.1.1.7 Clean staff refrigerator

5.1.2 Monthly (or as needed)

5.1.2.1 Dust shelves/racks
5.1.2.2 Clean windows and blinds
5.1.2.3 Clean wall hangings

5.2 Non-sterile Compounding Area (Lab 2)

5.2.1 Daily

5.2.1.1 Clean hood(s)
5.2.1.2 Clean Door Handles including pass through
5.2.1.3 Wipe down equipment
5.2.1.4 Clean utensils .
5.2.1.5 Document Temperature and humidity, if out of range, bring to attention of pharmacist or PIC as noted below
5.2.1.6 Fill and start dishwasher if installed (emptied next morning and as needed) plus handwash any glassware that is fragile each day.
5.2.1.7 Clean sink(s)
5.2.1.8 Sweep and mop floors
5.2.1.9 Trash discarded
5.2.1.10 Lab coats to laundry bin

5.2.1.11 Tacky mat refreshed
5.2.1.12 Assess supply needs and restock room as needed.

5.2.2 Weekly

5.2.2.1 Order supplies – note supply needs on clipboard or dry erase board as they arise throughout the week.

5.2.3 Monthly

5.2.3.1 Clean/sanitize drug product refrigerator/freezer
5.2.3.2 Clean/sanitize cabinet exteriors
5.2.3.3 Clean outside and underside of hoods
5.2.3.4 Inventory – controlled substances.

5.2.4 Quarterly

5.2.4.1 Walls, shelves and cabinet exteriors (if any)
5.2.4.2 Ceilings will be inspected for visible soil and cleaned

6.0 EQUIPMENT & SUPPLIES

6.1 Proper gowning protocol placards.
6.2 Mop with disposable cleaning pads labeled for use on floors of non-sterile compounding area.
6.3 Tacky mat (if necessary)
6.4 Paper towels
6.5 Bleach concentrate, Chlorox Hydrogen Peroxide or appropriate cleanser (i.e. quaternary compounds)
6.6 70% isopropyl alcohol (IPA)
6.7 Waste container liners
6.8 Step stool
6.9 Room thermometer
6.10 Room hygrometer

7.0 GENERAL INFORMATION

7.1 Cleaning Solutions

7.1.1 All labs will be cleaned daily with a neutral disinfectant daily, followed by 70% IPA.

7.1.2 Chlorox Hydrogen Peroxide disinfectant solution or a bleach-based solution is used at the end of the day once weekly (possibly a less busy day in the week). The manufacturer's instructions are followed. The surface will be allowed at a **10-minute** contact time. After surfaces are dry, follow up with a clean lint free cloth soaked with 70% IPA

7.1.3 All labs will be mopped daily when compounding occurs with Neutral Floor Cleaner (see SW), typically at the end of the day to allow floor to dry completely

7.1.4 All Lab surfaces are to be cleaned every 6 months with Sporicidin (RTU solution) by spraying lint free rag to decrease splatter. Allow 10-minute contact time to allow best antimicrobial activity. Document the date done on the quarterly portion of the monthly log and carry over the date done and date due to the next log.

8.0 PROCEDURE

8.1 Personnel must gown appropriately for the areas to be cleaned following the appropriate Standard Work for donning PPE.

8.2 Cleaning solutions shall be prepared as needed. – See SW for directions on cleaning solutions if mixing or dilution is required

- 8.2.1 Do not combine disinfectants or use them in concentrations other than those outlined in the SOPs.
- 8.2.2 Disinfectants with no expiration date should be assigned an expiration date of 30 days after opening.

8.3 Except for sanitization of the workbenches, utensils or equipment, cleaning of the non-sterile compounding area is prohibited during compounding operations.

- 8.3.1 Ensure all compounded preparations are completed.
- 8.3.2 The operator must clean and sanitize the exposed work surfaces before and after each batch preparation and immediately should a spill occur.

8.4 The order of cleaning within the non-sterile compounding area is as follows:

- 8.4.1 Hoods (powder hood)
- 8.4.2 Non-sterile compounding area
- 8.4.3 Warehouse storage room

8.5 **Daily requirements (when non-sterile compounding is occurring)**

- **8.5.1 At the beginning of the day:**
  - 8.5.1.1 Check supplies and straighten up the non-sterile compounding area (if necessary).
  - 8.5.1.2 Turn on all necessary equipment and computers.
  - 8.5.1.3 Temperature and humidity readings shall be taken in the non-sterile compounding area as well as drug store and office areas.
    - 8.5.1.3.1 The temperature and humidity in the non-sterile compounding area shall be monitored electronically.
    - 8.5.1.3.2 The humidity should be maintained in the range of 10% to 60% RH.
    - 8.5.1.3.3 The temperature shall be maintained between 68°F to 77°F
    - 8.5.1.3.4 Document results on the Temperature and Humidity Monitoring of the Non-Sterile Compounding Lab – See SOP 4.051
    - 8.5.1.3.5 Record drug product refrigerator/freezer temperature on Maintenance Log in SOP 4.051 – Any excursions out of range to be brought to PIC attention and products assessed for viability. They should be moved to backup working refrigerator. We do have a generator backup.
    - 8.5.1.3.6 Any excursions from the recommended temperature ranges to be brought to the attention of the PIC and HVAC vendor to

be contacted. Compounding activities to be held if needed based on temperature and humidity issues to ensure product quality and employee safety.

8.5.1.4 Clean and sanitize countertops/sinks.

8.5.1.5 Clean and sanitize equipment at start and end of day and with every new compound ingredient and as needed...

8.5.1.6 Clean and sanitize plastic bins used to transport drug preparation before compounding.

8.5.1.7 Once obtained, dishwasher will run at least once daily once installed. Do not use rinsing agent in the dishwasher cycle. Fragile glassware should be washed by hand and rinsed with distilled water, purified water or reverse osmosis water. If reusable compounding utensils are hand washed, they also should be rinsed with the same water quality as glassware.

8.5.1.8 Peel off tacky layer mat (if applicable).

8.5.1.9 Allow all rooms and equipment to air dry before non-sterile compounding resumes.

8.5.2 At the end of the day:

8.5.2.1 Turn off all equipment and computers as required.

8.5.2.2 Sweep and mop the floor with floor cleaning solution – see SW

8.5.2.3 Document all activities on the Cleaning and Maintenance of the Non-Sterile Compounding Lab labelled SOP 4.051.

8.5.2.4 If the task is not relevant to that lab area, write "N/A" in the appropriate location on the form.

8.6 **Weekly requirements**

8.6.1 Includes all the requirements in section 8.5

8.6.2 Order supplies as necessary.

8.6.3 Document all activities on the Cleaning and Maintenance of the Non-Sterile Compounding Area Form and Office Area Forms (Attachment 1&2) If the equipment is not in use, write "N/A" in the appropriate location on the form.

8.7 **Monthly requirements**

8.7.1 Includes all requirements in section 8.5

8.7.2 Clean and sanitize the drug product refrigerator/freezer.

8.7.3 Clean outside and underside of hoods/BSC monthly

8.7.4 Document all activities on the Cleaning and Maintenance of the Non-Sterile Compounding Area Lab (SOP 4.051) If the equipment is not in use, write "N/A" in the appropriate location on the form. QQ

8.8 **Quarterly requirements**

8.8.1 Wipe down/clean wall panels and cabinet exteriors

8.8.2 Wipe down shelving and bins

8.8.3 Assess ceiling tiles and wipe or replace as needed.

8.8.4 Remove all supplies from the shelving in the non-sterile compounding area and clean and sanitize the shelves.

9.0 Cleaning can be performed as often as needed, but the minimum requirement is at the end of the day after compounding.

10.0 The Pharmacist-in-charge shall ensure the completion of tasks on a daily basis and shall review and sign/date attachment 1&2 at the end of each month. The form shall be retained in a cleaning/maintenance binder. At the end of the month the forms will be scanned to a shared folder.

Sildenafil Citrate USP

Product Name : Sildenafil Citrate
Mfg. Date : Mar 2024
CAS No. : 171599-83-0

Lot No. : DR8084
Exp. Date : Feb 2029
Batch Qty : 263.16 kg

TESTS	SPECIFICATIONS		RESULTS
Description	White or almost white, slightly hygroscopic, crystalline powder		White, slightly hygroscopic, crystalline powder
Solubility	Slightly soluble in water and in methanol, practically insoluble in hexane		Complies
Identification	IR <197K>		Complies
Limit of Imidazole <621>	≤ 0.10%		< 0.10%
Organic Impurities (HPLC)	Sildenafil Related Compound A	≤ 0.30%	Below Quantification Limit
	Any Other Unspecified Individual Impurity	≤ 0.10%	Below Quantification Limit
	Total Unspecified Impurities	≤ 0.30%	Below Quantification Limit
	Total Impurities	≤ 0.50%	Below Quantification Limit
Water Content (KF) <921> (Method I)	≤ 2.50% w/w		1.40% w/w
Residue on Ignition <281>	≤ 0.10% w/w		0.02% w/w
Assay (On Anhydrous and Solvent-Free Basis) (HPLC) <621>	98.0 – 102.0% w/w		100.4% w/w
Citric Acid Content (Titration) (In-House)	27.5 – 30.5% w/w		28.7% w/w
Residual Solvents	Methanol	≤ 3000 ppm	Not Detected
	Methylene Dichloride	≤ 600 ppm	Not Detected
	Triethyl Amine (GC)	≤ 320 ppm	Below Quantification Limit
X-Ray Diffraction (In-House)	X-Ray diffraction pattern of test sample should match with 2θ value - 8.08, 10.29, 14.40, 19.87, 22.66 ± 0.2.		Complies
Conclusion: The product meets the USP Monograph specifications. Long Term Storage: Store in a sealed container at room temperature. ID Test was confirmed by FT-IR on-site. Distributed by Darmerica.

4.3 GENERAL INFORMATION

4.3.1 N/A

4.4 General Safety

4.4.1 All employees must know the location(s) of first aid kits, eye wash stations, safety showers, change of clothing, fire extinguishers and spill kits.

4.4.2 All employees must be familiar with SDS for materials in use in his or her work area.

4.4.3 Inspect glassware for defects before use. **DO NOT USE DAMAGED GLASSWARE.** If a defect is observed, the glassware must be disposed of properly.

4.4.4 Use only those chemicals for which the quality of the available ventilation system is appropriate.

4.4.5 The work area should be kept clean and free of clutter. Equipment and chemicals must be properly labeled and stored, and the work area must be cleaned upon the completion of an operation and/or at the end of each workday.

4.4.6 SW's are to be followed on spills, donning, and doffing of PPE. Use protective apparel (gloves, goggles, disposable gowns, masks, lab-coats, etc.) as appropriate.

4.4.7 Compliance of The Medical Surveillance plan.

4.4.8 Report all work-related accidents, illnesses and injuries to the Pharmacist-in-charge immediately. If administration of first aid is insufficient, employee must seek medical attention and complete OSHA Form 301 – Injury and Illness Incident Report.

4.4.9 Chemical waste must be disposed of in appropriately labeled containers.

4.4.10 Employees will complete SOP 1.020 Work orders on all equipment malfunctions.

4.5 Chemical Spills

4.5.1 Promptly clean up spills, and properly dispose of, using appropriate protective apparel and equipment. Refer to SDS for specific clean-up instructions.

4.5.2 Hazardous Spills – follow procedure defined in the "Hazardous Spill Clean Up" SW.

4.5.3 Eye Contact – Promptly flush eyes with water for at least 15 minutes and seek medical attention. Refer to SDS for specific eye contact instructions.

4.5.4 Ingestion – Drink large amounts of water. Refer to SDS for specific ingestion instructions.

4.5.5 Skin Contact – Promptly remove any contaminated clothing and flush the affected area with water. Seek medical attention if symptoms persist after washing. Refer to SDS for specific skin contact instructions.

4.6 Hazard Communication Training

4.6.1 The written hazard communication program shall describe how the requirements for labels and other forms of warning, material safety datasheets, and employee information and training are going to be met by the pharmacy. The written program shall also contain the following:

4.6.1.1 A list of the hazardous drugs known to be present in the pharmacy using a chemical name that is referenced on the appropriate SDS.

4.6.1.2 The methods that shall be used to inform personnel of the hazards of non-routine tasks in their work area.

4.6.1.3 The methods that shall be used to inform personnel of other employers of hazards at the pharmacy (i.e. contract janitorial service).

4.6.2 Requirements for labels and other forms of warning

4.6.2.1 The pharmacist or individual receiving hazardous chemicals shall ensure that all containers of hazardous drugs shipped to Synergy Apothecary are appropriately labeled with the identity and warnings of the hazardous drug(s), and the name and address of the chemical manufacturer or distributor.

4.6.2.2 Appropriate hazard warnings shall include words, pictures, symbols, or a combination thereof, and shall provide at least general information

2.050 SOP NON-HAZARDOUS DRUG SPILL CLEAN-UP (Version 1.0)

Synergy Apothecary

1.0 Purpose

1.1 The purpose of this procedure is to establish guidelines for the handling of non-hazardous drug or chemical spills in a safe and efficient manner.

1.2 This procedure applies to all compounding personnel and to the Synergy Apothecary non-sterile compounding area under conditions that meet or exceed state and federal guidelines as outlined by the United States Pharmacopeia <795>

2.0 Responsibility

2.1 The Pharmacist-in-charge or the Quality Control Officer shall supervise this procedure.

2.2 All personnel at Synergy Apothecary are responsible for following this procedure.

2.3 The Pharmacist-in-charge shall be responsible for ensuring that only trained personnel can work in the non-sterile compounding area. No other personnel or patients will be allowed within this area unless wearing appropriate clothing and under strict supervision.

2.4 All personnel shall be responsible for chemical non-hazardous drug spills and shall be cleaned up immediately and appropriately. Personnel involved in the spill shall be given priority, and the spill shall be contained to the immediate vicinity of the spill. Follow SW named Non-Hazardous spill clean-up.

2.5 All personnel must notify The Pharmacist-in-charge immediately if a spill occurs during delivery, and the driver shall fill out an Incident Report Form upon returning to Synergy Apothecary.

3.0 Definitions

3.1 MSDS – Material Safety Data Sheet

3.2 NIOSH – National Institute for Occupational Safety and Health

3.3 BSC – Biological Safety Cabinet

3.4 SW- Standard Work

4.0 Procedure

4.1 Whenever a non-hazardous drug spill occurs, follow SW Non-Hazardous Spill Clean Up.

4.2 The three categories of spills discussed in this procedure are:

- 4.2.1 Small spills
- 4.2.2 Large spills
- 4.2.3 Spills during delivery

4.3 Small Spills

- 4.3.1 Small spills are categorized as those less than 5mL or 5g inside of the hood.

4.4 Large Spills

- 4.4.1 Large spills are categorized as those larger than 5mL or 5g or a spill that extends outside of the hood.

4.4.2 For large spills, follow Non-Hazardous Spill Clean Up SW.

4.5 Spill During Delivery

4.5.1 Small spills and large spills shall be cleaned up per Product Receiving SW.

4.6 The BSC cannot be used until it has been properly cleaned and sanitized.

4.6.1.1 Only qualified personnel shall remove the HEPA filter grid from the BSC, if this is needed and product that was spilled to be disclosed to person/company replacing the filter.

4.6.1.2 The unit must be certified by an outside consulting company prior to use if new filter is placed.

Synergy Apothecary SOP:	**Non-Hazardous Spill Clean Up**		
Trigger:	**When a non-hazardous drug/product is spilled**		
Done:	**When the spill is cleaned up**		
Applies to:	**All Staff**	*Rev #:*	**0005**
Revised By:	**Theresa Bergh**	*Effective Date:*	**02/12/2025**
Written By:	**Wendy Buehring**	*Original Date:*	**11/01/2024**

	Process Step	*Reference*	*Time*
1.	There are three types of spills: when a spill occurs, cease all compounding and assess the situation. • Is the spill contained within the hood -proceed to step 2 • Has the spill contaminated an area outside of the hood but the drug has not penetrated your PPE -proceed to steps 3-13 • Are you personally contaminated where the drug has penetrated through your PPE? Proceed to steps 14-23		
2.	If a spill is contained in the hood • clean up the entire spill as you would clean the hood (see SW for cleaning hoods) • discard in the trash then close up the bag and start a new trash bag.		
3.	If a spill contaminates an area outside of the hood and has not penetrated your PPE, holler SPILL" loud enough to notify other staff that their help is needed to contain the spill (if needed) • An office personnel member/or a second person in the lab, at this time, will proceed to the Lab door and will obtain "Wet floor signs if needed" to avoid any employee an-up. -There is a spill kit that includes all necessary spill kit to clean the spill, Note, it might be labelled as HD spill kit but it's still appropriate to use for non-HD.		

4.	The compounder will remove the outer gloves and dispose of them directly into the spill. (This is to ensure you do not track the chemical/medication any further than necessary.) • Pinch the outside of the first glove about an inch below the cuff and pull down toward your fingers • Insert one finger from your first hand under the cuff of the second hand's glove that you are removing and push off toward your fingers.	 	
5.	Remove the blue disposable gown turning it inside out and rolling it into a ball. Dispose of the gown directly into the spill. (This is to ensure you do not track the chemical/medication any further than necessary.)		
6.	Inspect yourself for any signs of contamination that has penetrated through your PPE. (Seeing none, proceed to next step)		
7.	Re-don the proper PPE using the spill kit that your coworker will bring in with them once they have donned the proper PPE (located just outside Lab 2 door in the white Hazardous Spill Kit or the kit)		

8.	Clean the spill and dispose of everything in the bag provided in the spill kit. • Use water to wet the spill and the disposable towels to wipe up the contaminates. • Decontaminate all surfaces three times using 70% alcohol and a lint free cloth.			
9.	Remove your PPE (following the SW: Doffing PPE used for non-Hazardous Compounding) and place into the bag provided in the spill kit. This includes the shoe covers. Dispose of the bag into the trash unless sharp objects are involved then place in plastic box or bin before disposing of.			
10.	Wash hands following the SW for Proper Hand Washing			

11.	Re-don your non-hazardous PPE following the SW: Donning PPE for nonhazardous Materials	SW: Donning PPE for Non-hazardous Materials	
12.	Proceed to do a final cleaning of the area and allow it to dry and air out. This includes: • wiping the surrounding area, counters, cabinets, and any other equipment with 70% alcohol and a lint free cloth. • Washing any equipment with soap and water that can go into the sink. • Mopping the floor and using WET FLOOR signs		
13.	Resume operation in Lab • Proceed to step 21		
14.	If the spill contaminates an area outside of the hood and has penetrated the compounder's PPE, holler SPILL CONTAMINATED" loud enough to notify other staff that a has occurred, and someone has been contaminated. **Note: at this time multiple things will happen at the same time • An office personnel member/or a second person in the lab, at this time, will proceed to the Lab 2 door and will turn the "Caution Wet Floor" sign around to notify the remainder of the staff that there is a HD spill. This person will then don with the proper attire () to assist with the spill clean-up taking over for the compounder		

	who was contaminated (so they can decontaminate themselves). This person will also take the spill kit into the lab for clean-up following steps 7-14 -A non-contaminated personnel member will set up the shower and set out the clean set of scrubs (		
15.	Remove all PPE and contaminated clothing immediately this includes any clothing under your PPE (following the SW: Doffing for non-Hazardous Drug Preparation) and dispose of everything directly into the spill or double bagged garbage.		
16.	If drug has splashed directly in the eyes, the eyes must be immediately flushed with water or an eye wash solution for at least five minutes and if necessary, seek medical attention immediately. • Provide comfort cares/first aid as needed example: provide moist gauze to cover eyes post flushing. • Make sure to document all cares provided on the incident report form		
17.	Cover with the two lab coats provided by staff and proceed directly to the shower located in the warehouse area. • After shower, dress with the new scrubs provided		
18.	If medical attention is required management will determine if the incident is a minor or a major incident.		

	• Pull a copy of the incident report and the SDS form from the SDS binder for the chemical/medication spilled and send with coworker for the medical professionals to reference.		
19.	For a minor incident: • provide first aid/comfort measures as needed using the first aid kit • If further medical attention is needed, a member of management will drive the injured coworker to seek professional assistance taking a copy of the SDS form and the incident form with them. Management will stay with the injured coworker to ensure all paperwork is completed and to answer any additional questions.		
20.	For a major incident: • Call 911 and follow their instructions until help arrives • Offer comfort measures until medical assistance arrives. (Example: if eyes have been flushed, provide with saline soaked gauze to keep eyes moist) • A member of management will meet the injured coworker at the facility they are being taken to with copies of the SDS forms and an incident report form and will remain with them to ensure all forms are completed and to provide additional information as needed.		
21.	Write out an incident report located in the "Forms" active folder for chemical exposure. (Printed copies are also located in the SDS binder)

Compounding Directions:
1. Don appropriate garb for non-sterile compounding. This product is not hazardous
(Hazardous compounding requires full garb, including N95 mask, eye protection if using liquid or powders)
2. Measure/Weigh all active ingredients with analytical balance under powder containment hood and print to scale or computer for validation of weighed components.
3. Transfer into appropriate size EMP jar on a pretared scale for the jar weight. Mix to wet stage with appropriate wetting agent if needed.
4. Weigh and combine transdermal absorption base on pretared balance that also contains the active powder ingredients and add to the prorated amounts to allow for compounding waste during mixing.
5. Using the EMP, mix according to the preprogrammed jar size. Remove the jar while keeping the lid and blade on the machine.
6. Once mixed, transfer contents of the jar to the Three Roll/Ointment Mill at 15/13 roller setting for 1 cycle. After going through the Mill, transfer the compound back into the EMP jar.
7. Repeat mixing in the EMP using the jar lid and blade that are still attached for one more cycle.to ensure lack of grittiness and consistent mixing quality
8. Package in appropriate sized dispensing device taking care to prime any air so it is ready for patient use.
9. Use appropriate technique to reduce cross-contamination in each step.

STORAGE CONDITIONS - Store at controlled room temperatue 68-77 degrees F, (20-25 degrees C). Store in a tightly closed container. Protect from Light

3.010 SOP PERFORMANCE IMPROVEMENT PROGRAM (Version 1.0)

Synergy Apothecary

OLD & policy portion related to recall

1.0 Purpose

1.1 The purpose of this procedure is to outline a performance improvement (PI) program at Synergy Apothecary.

1.2 This procedure applies to all aspects of the preparation and dispensing of compounded preparations and commercially manufactured medications at Synergy Apothecary.

1.3 The satisfaction and safety of our patients is of the utmost importance. With that in mind, Synergy Apothecary will utilize the resources given to them to assess the quality of our procedures and our final product (dispensed prescriptions). Adverse Drug Events (ADE) will be reported to FDA's Med-watch system. The pharmacists shall report of QREs to the Institute for Safe Medication Practice (www.ISMP.org) a nationally recognized PSO.

1.4 The purpose of this procedure is to establish requirements for corrective and preventative action (CAPA).

1.5 This procedure applies to all CAPAs that might result from analyzing processes, customer complaints, and audit reports.

2.0 Responsibility

2.1 The Pharmacist-in-charge is responsible for designating the individual who will function as the compliance control officer. Refer to the posted "Authorization Approval Form" for the current Pharmacist-In-Charge and designated compliance control officer information.

2.2 The compliance control officer shall supervise the PI program and shall document that all personnel will comply with this procedure.

2.3 All personnel at Synergy Apothecary are responsible for complying with the established policies and procedures (SOPs).

2.4 The Quality Control officer will complete quarterly PI report and present to Synergy Apothecary owners. Report will include PI activities, customer and provider complaints, results from outside reviews and any pending disciplinary actions. The PI report will be discussed at staff meetings.

3.0 Definitions

3.1 Compounding – The preparing, mixing, assembling, packaging and labeling of a drug in accordance with a licensed practitioner's prescription under an initiative based on the practitioner/patient/pharmacist/ compounder relationship in the course of professional practice

3.2 PM – Preventive Maintenance

3.3 Performance Improvement (PI) – A state of control sufficient to result in a safe and effective product achieved by utilization of mechanisms for monitoring, evaluating, correcting and improving activities and operational systems

3.4 Microbial Control – The result of a system of microbiological evaluations, controls and actions sufficient to prevent contamination of preparations

3.5 CAPA – Corrective and Preventative Action

3.6 Corrective Action – Action taken to eliminate the cause of a detected nonconformity

3.7 Preventative Action – Action taken to prevent a nonconformity

3.8 OOS – Out of specification

3.9 EM- Equipment Maintenance

3.10 PDSA – Plan-Do-Study-Adjust

4.8.6.4 Equipment employed for compounding shall be inspected, cleaned and validated at appropriate times to ensure the accuracy and reliability of equipment performance is maintained.

4.8.7 Destruction and Recall

4.8.7.1 Expired, contaminated or otherwise unsuitable compounding preparations or materials shall be immediately removed from compounding preparation areas and stored under quarantine until disposed.

4.8.7.2 Refer to recall policy in SOP 3.080

4.8.8 MEDICATION ERRORS

4.8.8.1 Upon discovery of a medication error, the following procedure will be utilized:

4.8.8.1.1 The error will be brought to the attention of the pharmacist and the prescriber is to be informed of the medication error.

4.8.8.1.2 The pharmacist will work to determine if there was any harm caused to the patient due to the error. * Example: If the wrong drug was dispensed, was it taken by the patient? If so, could this do harm to the patient?

4.8.8.1.3 The error will be rectified as necessary and seen fit by the pharmacist. *Example: Correcting wrong quantity or wrong drug dispensed.

4.8.8.2 The error will be reported using the appropriate report.

4.8.8.3 The following information will be submitted:

4.8.8.3.1 Patient name, gender and date of birth

4.8.8.3.2 Event date, event type (medication event), event subtype (medication error), error type (wrong drug, wrong dose etc.), and error description

4.8.8.3.3 Intervention performed, suspected cause of error and whether or not patient and/or physician was notified

4.8.8.3.4 Location of event

4.8.8.3.5 Reporter description of event, reporter name and position

4.8.8.4 On a quarterly basis (Jan, Apr, July, Oct), all medication errors submitted will be reviewed by the managing pharmacist.

4.8.8.5 Based on possible patterns seen upon reviewing the quarterly reports, the managing pharmacist will adjust pharmacy procedures and workflow as needed. The managing pharmacist may also need to address issues with specific staff members as needed.

4.8.9 PATIENT SATISFACTION

4.8.9.1 On a yearly basis, the pharmacy staff will make available to patients a survey in either written or electronic form in order to determine patient satisfaction with the service provided by the pharmacy. Goals: Number of surveys returned 25%, Returned scores average 85% satisfaction.

4.8.6.4 Equipment employed for compounding shall be inspected, cleaned and validated at appropriate times to ensure the accuracy and reliability of equipment performance is maintained.

4.8.7 Destruction and Recall

4.8.7.1 Expired, contaminated or otherwise unsuitable compounding preparations or materials shall be immediately removed from compounding preparation areas and stored under quarantine until disposed.

4.8.7.2 Refer to recall policy in SOP 3.080

new verbiage of policy for recall med error subpath

4.8.8 MEDICATION ERRORS

4.8.8.1 Upon discovery of a medication error, the following procedure will be utilized:

4.8.8.1.1 The error will be brought to the attention of the pharmacist, and the prescriber is to be informed of the medication error. The prescriber will be contacted immediately in the case of harm or potential harm to the patient. If error does not cause imminent harm or risk, the prescriber is to be contacted the next business day. The patient will be advised upon discovery to stop taking that medication.

4.8.8.1.2 The pharmacist will work to determine if there was any harm caused to the patient due to the error. * Example; If the wrong drug was dispensed, was it taken by the patient? If so, could this do harm to the patient?

4.8.8.1.3 The error will be rectified as necessary and seen fit by the pharmacist. *Example: Correcting wrong quantity or wrong drug dispensed.

4.8.8.1.4 Additional clarification is that a medication error DOES include dispensing of a correctly labeled medication that was later found to be prepared out of specifications or labelled incorrectly during batch compounding. Follow Policy 3.080 recall process on process of recall and patient plus prescriber notifications.

4.8.8.2 The error will be reported using the appropriate report.

4.8.8.3 The following information will be submitted:

4.8.8.3.1 Patient name, gender and date of birth

4.8.8.3.2 Event date, event type (medication event), event subtype (medication error), error type (wrong drug, wrong dose etc.), and error description

4.8.8.3.3 Intervention performed, suspected cause of error and whether or not patient and/or physician was notified

4.8.8.3.4 Location of event

4.8.8.3.5 Reporter description of event, reporter name and position

4.8.8.4 On a quarterly basis (Jan, Apr, July, Oct), all medication errors submitted will be reviewed by the managing pharmacist.

4.13 Goals will be set at time of initiation of PI plan.

new verbiage

4.2 In the event that a product is suspected or confirmed to have caused patient harm, was compounded incorrectly, or needs to be recalled for any other reason, all facilities and/or patients that received the product must be notified according to the following criteria:

4.2.1 If the recall is deemed critical either by recall definition or pharmacist discretion, the patient AND prescriber will be notified by phone before the end of the workday.

4.2.2 If the recall is deemed non-critical by recall definition or pharmacist discretion, the patient will be notified by formal letter sent out by the end of the week and the prescriber will be informed via phone, fax or email by the end of the week. It would be preferable to alert prescribers all at once if multiple patients under there care are involved a recall and provide a HIPPA compliant list of their patients that might be affected.

4.2.3 If the recall is defined as "not to patient level" there is no need to notify the patient and the pharmacy will keep record of the recall. A prescriber is not involved at this level

4.2.4 If any time or material is exhausted in the process of notifying patients, the manufacturer will be contacted for reimbursement if possible.

4.3 A comprehensive list of all lot numbers affected shall be retrieved using all available data devices (formulation records, testing results, retained samples, hard copy files, etc.), refer to the standard work on product recall. Pioneer Rx has a process for tracking reporting of all batch numbers and lot numbers.

4.4 The nature of the recall shall be explained by the Quality Control Officer and a request will be made to check the affected lot numbers.

4.5 A formal recall letter (Attachment 1) shall be written, detailing the nature of the recall, affected lot numbers, and dates of dispensing to the facility and/or the patient. This letter will be sent via certified mail and the verification of receipt will be attached to the copy of the letter kept by the

pharmacy. A copy of this letter can also be provided to any prescribers that were involved in the recall to better understand the information that patients were provided.

4.6 The Quality Control Officer (QCO) shall ensure that all products that were dispensed are accounted for and/or that no harm was done to patients. The QCO shall complete the recall record (Attachment 2)

4.7 Synergy Apothecary will require all recalled products, if pharmaceutical is in patient's home, if deemed necessary, be returned to Synergy Apothecary via prepaid delivery devices.

4.8 Upon receipt of recalled product, Synergy Apothecary will quarantine the product for further analytical testing and evaluation of process malfunctions.

4.9 Any deficiencies shall be addressed, problems shall be resolved and/or investigated, and a formal explanation of the outcome of the recall will be documented.

4.10 Any training and/or education required to prevent the process deficiencies from occurring in the future will be initiated immediately. This will be documented in a PDSA form.

4.11 A copy of the recall notice, recall letter, investigation, quarantine records, and PDSA will be placed in the PI Projects binder under the recall tab.

4.12 If the event of a patient-level recall of a compounded drug sent to the State of Oregon, PIC will notify the Oregon Board of Pharmacy within 10 working days. This would include any other state that requires notification.

Synergy Apothecary

1.0 PURPOSE

1.1 The purpose of this procedure is to establish gowning requirements for entering the non-sterile compounding area

1.2 This procedure applies to all non-sterile compounding personnel at Synergy Apothecary.

2.0 RESPONSIBILITY

2.1 The Pharmacist-in-charge shall supervise this procedure or document that another staff member has been designated to complete the task.

2.2 The Pharmacist-in-charge shall be responsible for assuring that all personnel involved in generating, completing or reviewing data are trained in the requirements of this procedure. The PIC will make the final decision on personnel being excluded from being assigned to the compounding room as it relates to rashes, recent tattoos, oozing sores, conjunctivitis and active respiratory infections.

2.3 All employees at Synergy Apothecary are responsible for complying with this procedure.

3.0 DEFINITIONS

3.1 SW-Standard Work

4.0 PROCEDURE

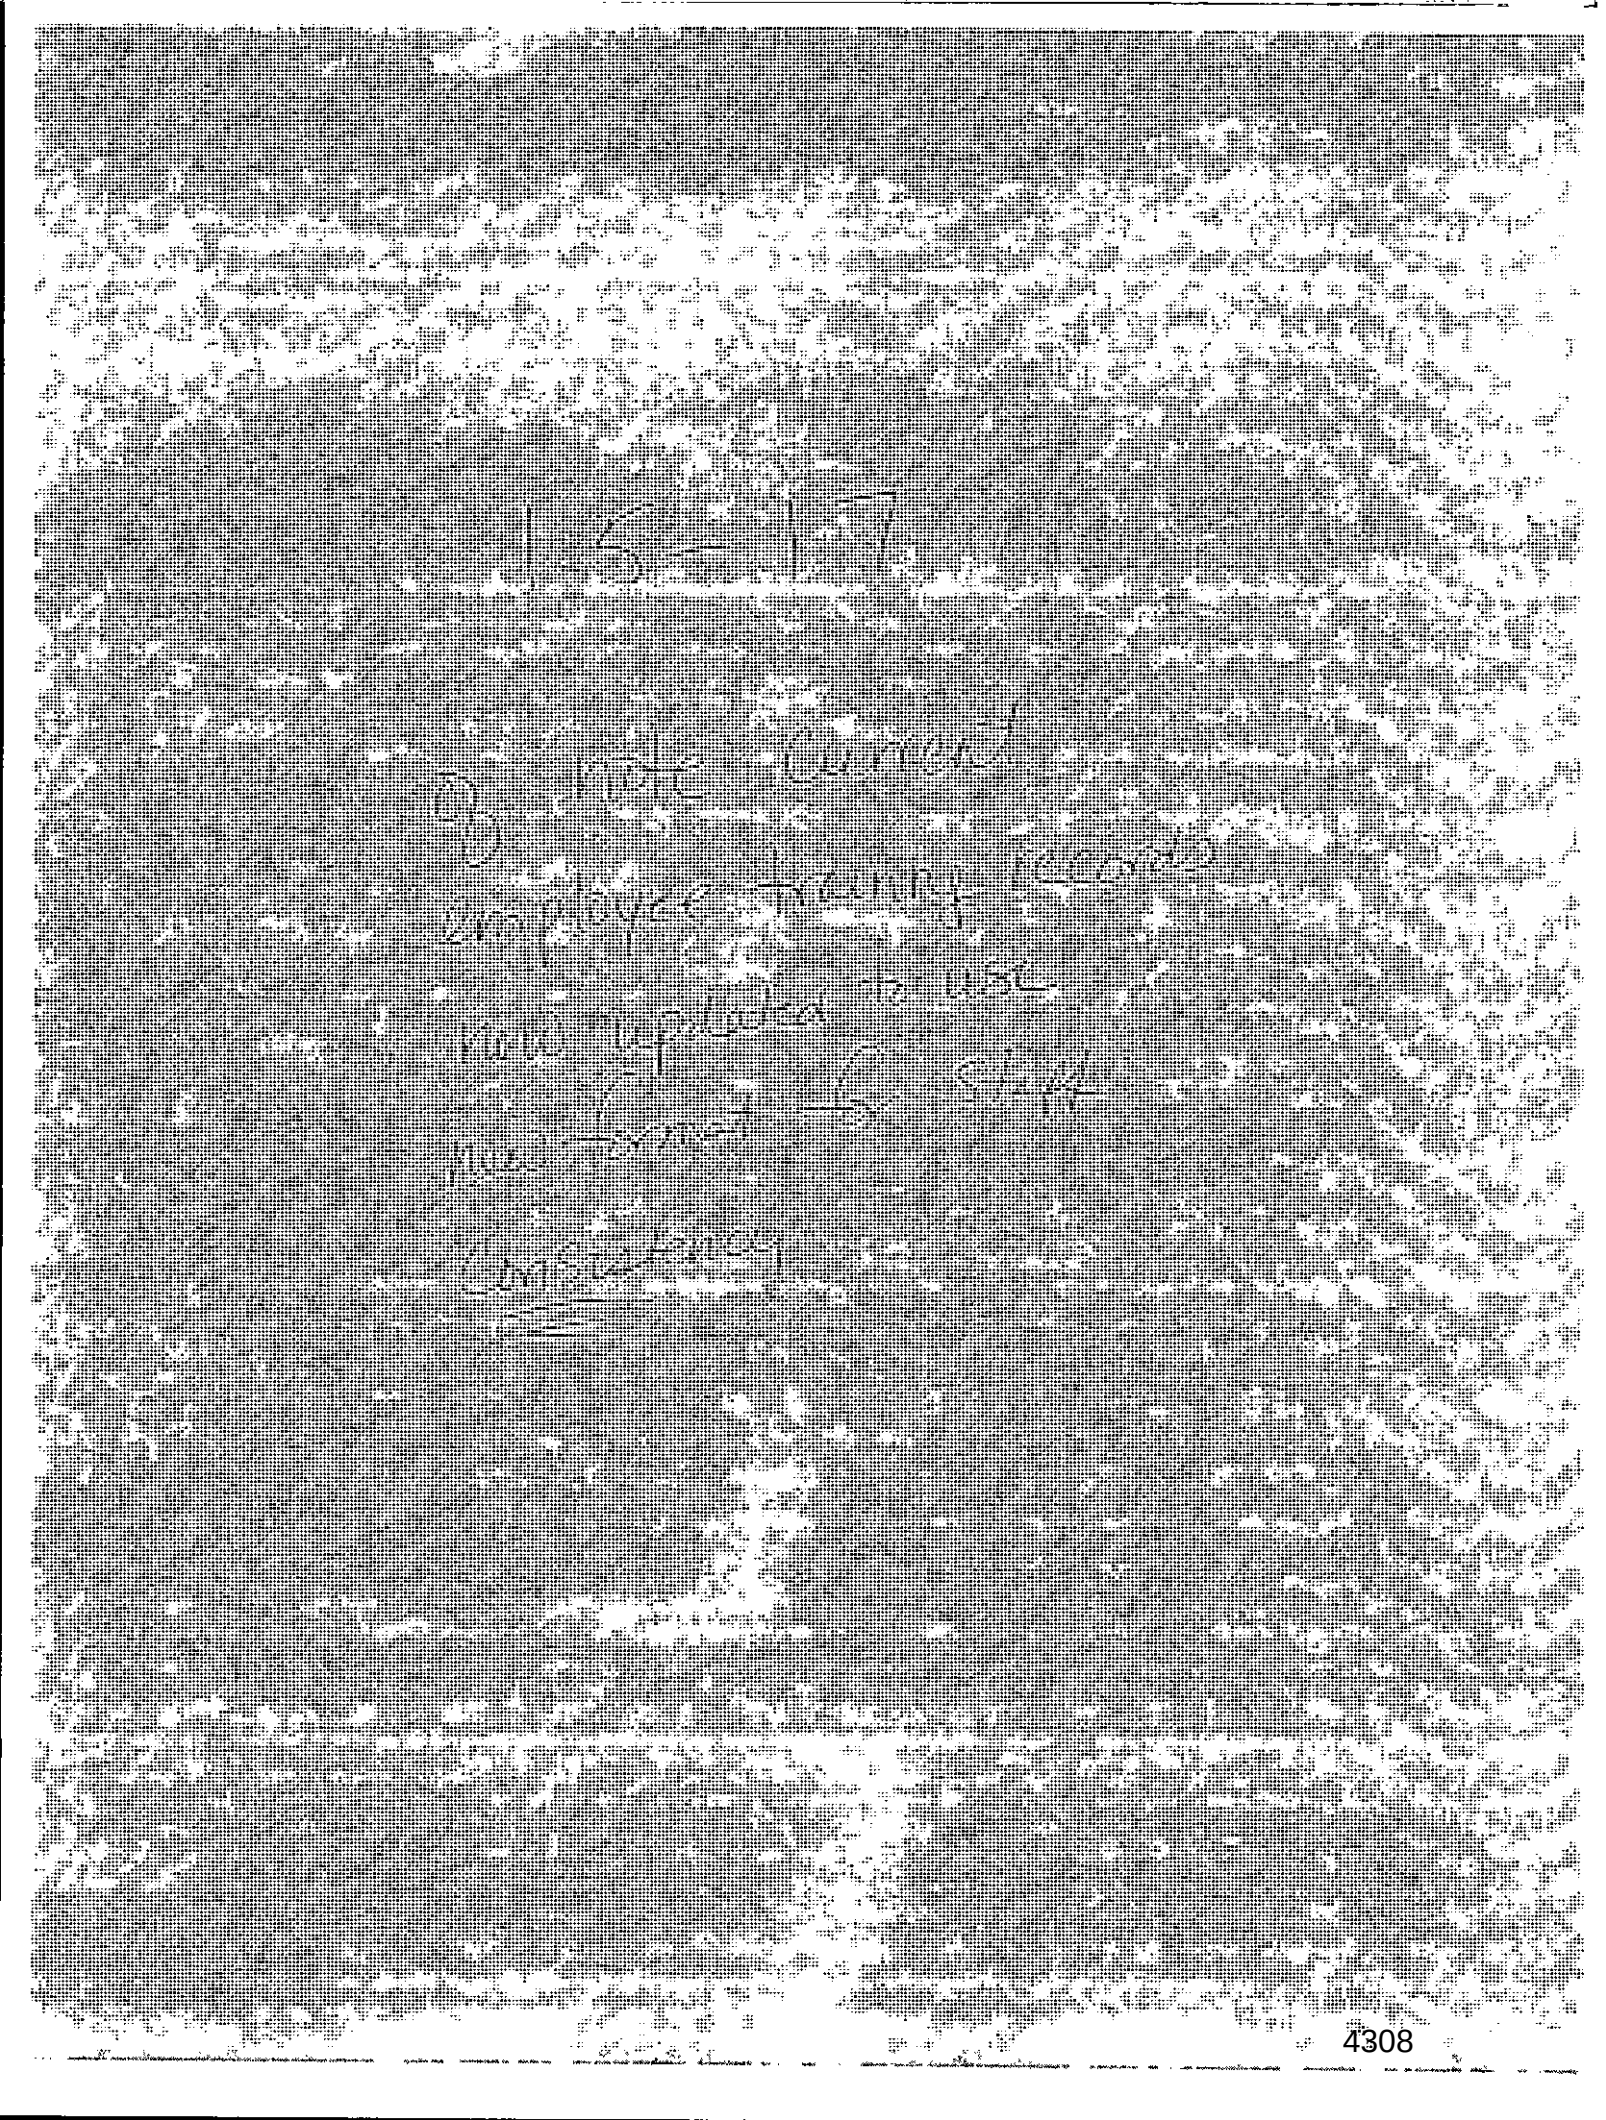
4.1 This procedure shall be performed upon entering the non-sterile compounding area.

4.2 Traffic flow through the non-sterile compounding area must be minimized during compounding.

4.3 Materials that shed particles such as cardboard or wood products shall not enter the non-sterile compounding area. All items entering the non-sterile compounding area should be removed from shipping cartons and stored properly.

4.4 All compounding staff are required to wear own scrubs. These must be freshly laundered and changed daily. Before entering the compounding area, compounding personnel must remove any items that are not easily cleanable and that might interfere with garbing. At a minimum, personnel must: • Remove personal outer garments (e.g., bandanas, coats, hats, jackets) • Remove all hand, wrist, and other exposed jewelry, including piercings that could interfere with the effectiveness of garbing or hand hygiene (e.g., watches, rings that may tear gloves) • Remove earbuds or headphones

1.1 The designated person(s) may permit accommodations as long as the quality of the environment and CNSP will not be compromised.



1.2 SW for donning Hazardous and Non-hazardous.

1.2.1.1.1 Prior to entering the compounding area, all personnel, or supervised visitors, must don hair covers and either shoe covers or dedicated shoes. Shoe covers must fit completely over the shoe pair.

1.2.1.1.2 All gloves must be wiped with alcohol and allowed to dry or replaced before beginning compounding a CNSP with a different component or when other objects were touched (i.e pens, keyboards, scanners) to minimize the risk of cross contamination with other CSNPs. Any concern of contamination or glove intregity requires changing to new non-sterile gloves.

Affidavit for Pharmacy License

I, Michele Peters hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the Vice President & Secretary (title) for TC Script LLC (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

Provide explanation below:

On March 4, 2003, I, James R. Bataoel, was the Pharmacist on duty at The Apothecary Shop of Phoenix, 1300 N. 12th Street, Ste 355, Phoenix, AZ 85006. I dispensed a compounded medication with the incorrect strength. I did not look closely enough at the 'bottle for injection' upon dispensing. The medication was a compounded prostaglandin injection for erectile dysfunction. The medication was dispensed at 1000mcg/ml when it should have been dispensed at 20mcg/ml. The Pharmacy Manager discovered the error the following day and advised the patient. The patient was informed to come back to the Pharmacy to receive the correct medication. He was told to discard the incorrectly dispensed medication.

On September 2, 2003 the patient submitted a "Consumer Complaint Report" to the Arizona State Board of Pharmacy.

On January 9, 2004, I entered into a "Consent Agreement and Order for Probation" with The Arizona State Board of Pharmacy, accepting responsibility for the error.

I was placed on probation for a period of six (6) months and was ordered to attend and complete a Continuing Education class on prescription compounding. I paid a civil penalty of $250.00 and was not allowed to serve as a preceptor Pharmacist or a Pharmacist-In-Charge during the probation period.

I completed all requirements and was released from the probation period on August 12, 2004 during The Arizona State Board of Pharmacy Board Meeting in Prescott, AZ.

RECITALS

In the interest of a prompt and judicious settlement of this case, consistent with the public interest, statutory requirements and responsibilities of the Arizona State Board of Pharmacy ("Board"), and under A.R.S. § 32-1928, *et seq.* and 41-1092(F)(5), James R. Bataoel, holder of license number 12255 to practice pharmacy in the State of Arizona ("Respondent"), and the Board enter into the following Recitals, Finding of Fact, Conclusions of Law and Order ("Consent Agreement") as the final disposition of this matter.

1. Respondent has read and understands this Consent Agreement as set forth herein, and has had the opportunity to discuss this Consent Agreement with an attorney. Respondent voluntarily enters into this Consent Agreement for the purpose of avoiding the expense and uncertainty of an administrative hearing.

2. Respondent understands that he has a right to a public administrative hearing concerning the above-captioned matter, at which administrative hearing he could present evidence and cross-examine witnesses. By entering into this Consent Agreement, Respondent freely and voluntarily relinquishes all rights to such an administrative hearing, as well as all rights of rehearing, review, reconsideration, appeal, judicial review or any other administrative and/or judicial action, concerning the matters set forth herein.

Respondent affirmatively agrees that this Consent Agreement shall be irrevocable.

3. Respondent understands that this Consent Agreement or any part of the agreement may be considered in any future disciplinary action against him.

4. Respondent understands that this Consent Agreement does not constitute a dismissal or resolution of other matters currently pending before the Board, if any, and does not constitute any waiver, express or implied, of the Board's statutory authority or jurisdiction regarding any other pending or future investigation, action or proceeding. Respondent understands that acceptance of this Consent Agreement does not preclude any other agency, subdivision or officer of this state from instituting any other civil or criminal proceedings with respect to the conduct that is the subject of this Consent Agreement.

5. Respondent understands that this Consent Agreement deals with Board Investigation Case No. 2003-18-H involving allegations of unprofessional conduct against Respondent. The investigation into these allegations against Respondent shall be concluded upon the Board's adoption of this Consent Agreement.

6. All admissions made by Respondent in this Consent Agreement are made solely for the final disposition of this matter, and any related administrative proceedings or civil litigation involving the Board and Respondent. Therefore, any admissions made by Respondent in this Consent Agreement are not intended for any other use, such as in the context of another regulatory agency proceedings, or civil or criminal proceedings, whether in the State of Arizona or in any other state or federal court.

7. Respondent acknowledges and agrees that, upon signing this Consent Agreement and returning this document to the Board's Executive Director, Respondent may not revoke his acceptance of the Consent Agreement or make any modifications to the document, regardless of whether the Consent Agreement has been issued by the Board's Executive Director. Any modification to this original document is ineffective and void unless mutually approved by the parties in writing.

8. Respondent understands that the foregoing Consent Agreement shall not become effective unless and until adopted by the Board and signed by its Executive Director.

9. Respondent understands and agrees that if the Board does not adopt this Consent

Agreement, he will not assert as a defense that the Board's consideration of this Consent Agreement constitutes bias, prejudice, prejudgment or other similar defense.

10. Respondent understands that this Consent Agreement is a public record that may be publicly disseminated as a formal action of the Board, and shall be reported as required by law to the National Practitioner Data Bank and the Healthcare Integrity and Protection Data Bank.

11. Respondent understands that any violation of this Consent Agreement constitutes unprofessional conduct under A.R.S. §32-1927(A)(17)([t]he licensee violated a formal order, terms of probation, a consent agreement or a stipulation issued or entered into by the board or its executive director pursuant to this chapter) and may result in disciplinary action under A.R.S. § 32-1927.

FINDINGS OF FACT

By stipulation of the parties, this Consent Agreement is entered into for final disposition of the matters described therein. Respondent admits to the following Finding of Fact:

12. The Board possesses jurisdiction over the subject matter and over Respondent as a licensee of the Board, under A.R.S. § 32-1901, *et seq.*

13. The Board is the duly constituted authority for the regulation and control of the practice of pharmacy in the State of Arizona.

14. Respondent is the holder of License No. 12255 for the practice of pharmacy in the State of Arizona. Respondent was engaged in the practice of pharmacy and was the only pharmacist on duty at Apothecary Shop of Phoenix, located at 1300 N. 12th Street, Suite 555, Phoenix, Arizona on March

4, 2003.

15. On or about March 4, 2003, Respondent admits that he incorrectly compounded and/or assumed responsibility for compounding and dispensed alprostidil 1000 mcg/ml injection pursuant to prescription number 176235 that was written for PGE 1, 20 mcg/ml injection, to patient M.G.

16. On or about March 4, 2003, Respondent dispensed alprostidil 1000 mcg/ml injection that had expired on January 31, 2003.

17. The parties waive all further findings of fact.

CONCLUSIONS OF LAW

18. The Board is the duly constituted authority for the regulation and control of the practice of pharmacy in the State of Arizona, under A.R.S. § 32-1901, *et seq.*

19. The conduct and circumstances described above regarding Respondent constitute violations of A.A.C. R4-23-402(A)(6)(8)&(11) to wit:

> A.A.C. R4-23-402(A)(6)(8)&(11) A pharmacist or a graduate intern or pharmacy intern under the supervision of a pharmacist shall perform the following professional practices in dispensing a prescription medication from a prescription order:
>
> (6). Verify that a dosage is within proper limits;
>
> (8). Compound, mix, combine, or otherwise prepare and package prescription medication needed to dispense individual prescription orders.
>
> (11). Make a final accuracy check on the completed prescription medication and manually initial the finished label;

20. The conduct and circumstances described above regarding Respondent constitute unprofessional conduct under A.R.S. § 32-1927(A)(10) and A.R.S. § 32-1927(B)(1)(2):

> **A.R.S. §32-1927(A)(10)** The license of any pharmacist, pharmacy intern, or graduate intern may be revoked or suspended or a pharmacist or intern may be placed on probation by the board if:
>
> 10. The licensee is found by the board to be guilty of violating any Arizona or federal law, rule or regulation relating to the manufacture and distribution of drugs, devices or the practice of pharmacy.
>
> **A.R.S. §32-1927(B)(1)&(2)** The license of any pharmacist or intern may be revoked or suspended or the pharmacist, pharmacy intern, or graduate intern may be placed on probation or censured and a civil penalty of not more than one thousand dollars for each offense may be imposed by the

board if the licensee:

1. Is found by the Board to be guilty of dispensing a different drug or brand of drug in place of the drug or brand of drug ordered or prescribed without the express permission in each case of the orderer, or in the case of a prescription order, the medical practitioner. The conduct prohibited by this paragraph does not apply to substitutions authorized pursuant to section 32-1963.01.

2. Is found by the board, or is convicted in a federal or state court, of having violated federal or state laws or administrative rules pertaining to marijuana, prescription-only drugs, narcotics, dangerous drugs or controlled substances.

ORDER

Based upon the above Findings of Fact and Conclusions of Law and under the authority granted to the Board under A.R.S. § 32-1928, 41-1092.07(F)(5), and A.A.C. R4-23-104(G),

IT IS HEREBY ORDERED that:

21. License No. 12255, which was issued to Respondent for the practice of pharmacy in the State of Arizona, is hereby placed on **PROBATION** for a period of six (6) months upon adoption of this Consent Agreement by the Board. The **PROBATION** is subject to the following conditions:

22. Respondent shall attend and complete a Continuing Education class on prescription compounding.

23. Respondent shall pay all fees and complete all Continuing Education requirements to maintain Pharmacist License number 12255 throughout the term of **PROBATION**.

24. Respondent shall not serve as a preceptor pharmacist nor as a pharmacist in charge throughout the term of **PROBATION**.

25. Respondent shall obey all federal and state laws and rules governing the practice of pharmacy.

26. Respondent shall pay a civil penalty of two hundred and fifty dollars ($250.00) to the Board within sixty 60 days of the date of this Order. Payment shall be by a certified check or a cashier's check.

27. If Respondent violates this Order in any way or fails to fulfill the requirements of this Order, the Board, after giving the Respondent notice and the opportunity to be heard, may revoke,

suspend or take other disciplinary action against the Respondent. The issue at such hearing will be limited solely to whether this Board Order has been violated.

28. Respondent shall appear before the Board at a regularly scheduled Board meeting on or after July 14, 2004 to request that the probation imposed by this order be terminated.

DATED AND EFFECTIVE this 20th **day of** January **, 2003.**

To whom it may concern,

In the pharmacy application, questions were asked about litigation involving me or companies for which I have worked, including TC Script, LLC. While I, personally, have not been involved in any litigation involving any company with which I have worked, almost every company of any size has been involved in some sort of litigious activity, most frequently with regard to employment matters.

TC Script's parent company, Mercalis Inc., has been involved in similar litigation as well as litigation involving some of the other services we offer – both as plaintiff and defendant. However, no litigation with any regulatory or compliance concern has named either Mercalis or TC Script as a party. There has been no litigation or other regulatory investigation involving either Mercalis or TC Script regarding patient safety or non-compliance with regulations. There has been no litigation or enforcement activity that has had or had the potential to have any impact on the services Mercalis or TC Script provides.

TC Script prides itself on ensuring strict compliance with all applicable regulations and ensuring exceptional patient care.

I trust this addresses any concerns you may have.

DISCIPLINARY HISTORY NARRATIVE

TRIAD RX, INC.

Status Summary

- **All disciplinary proceedings have been concluded, and all known investigations closed.**

- **Documentation, including disciplinary complaints, corrective action plans and responses, dispositive pharmacy board orders, and related correspondence are enclosed without exhibits.**

- **All Triad's licenses and permits have remained in good standing at all times.**

Texas Disciplinary Proceeding
(Original – Concluded 2018)

Triad Rx, Inc. ("Triad") holds Texas Pharmacy License #28003 issued by the Texas State Board of Pharmacy (the "TSBP") in 2012. In late 2015, the TSBP adopted rule amendments, effective September 1, 2016, requiring nonresident pharmacies such as Triad to employ a pharmacist-in-charge (a "PIC") who holds a pharmacist license from the TSBP.

On December 15, 2015, the TSBP issued a letter notifying nonresident PICs of this rule change. On June 15, 2016, the TSBP issued a second letter reminding nonresident pharmacy owners of the new PIC-licensing requirement. Both TSBP letters contained the following language "all pharmacy renewal applications submitted on or after September 1, 2016 must include the name and Texas pharmacist license number of the [PIC]...."

Triad's PIC (mis)interpreted this language to mean that TSBP would exercise enforcement discretion with regard to this new requirement so long as a TSBP-licensed PIC was listed on the renewal application next-following the new rule's September 1, 2016 effective date. Accordingly, on February 23, 2017, Robert R. Roberts, III, Triad's PIC, was issued Texas Pharmacist License No. 60196—well in advance of the expiration (and therefore prospective renewal) of Triad's then-current TSBP license.

In March 8, 2018, the TSBP issued a preliminary notice of intent to take disciplinary action (the "Texas Proceeding"), alleging that Triad had operated without a TSBP-licensed PIC from September 1, 2016 through February 22, 2017, in violation of the new rule codified in 22 Tex. Admin. Code § 291.103 (2017).

On April 4, 2018, Triad executed an Agreed Board Order #K-17-005, thereby agreeing to pay an administrative penalty in the amount of $1,000 but without admitting or denying the truth of TSBP's allegations. On May 23, 2018, Triad received notice that the TSBP had taken final agency action in accepting and adopting the Agreed Board Order. Triad self-reported the outcome in writing to the pharmacy regulatory authorities for all other states where Triad holds a pharmacy license within 30 days thereafter.

Triad paid the penalty and retains its Texas license. Triad's PIC did not face any sanction from the TSBP under his Texas pharmacist license.

First Alabama Disciplinary Proceeding
(Derivative – Concluded 2018)

This was derivative of the Texas Proceeding.

Triad is located in Alabama, so Triad's self-reporting of the Texas Proceeding outcome obviously extended to the Alabama Board of Pharmacy (the "ALBP").

In July 2018, the ALBP disclosed its intent to institute disciplinary proceedings against Triad's community pharmacy license. This was a "sister state" action: there were no new facts or substantive allegations in the statement of charges—alleged culpability was to be derived solely from the by-then-concluded matter in Texas described above. In other words, Alabama sought to take disciplinary action and assess a fine against Triad as an Alabama licensee based solely on the fact that another state had previously taken disciplinary action against Triad.

Further, none of the substantive alleged violations—the most recent having occurred over 2 years before the ALBP initiated proceedings, and Triad having passed onsite inspection from ALBP at least twice in that interval—had any direct factual or legal nexus with the State of Alabama, other than the fact that Triad happens to be situated in Alabama.

Triad ultimately signed a consent order to pay a $3,000 fine (triple the amount assessed by the affected State of Texas) because—despite the duplicative nature of the proceedings—the ALBP (technically) had the power to take the disciplinary action in question. This matter was concluded in September 2018.

Maine Disciplinary Proceeding
(Derivative – Concluded 2019)

This was derivative of the Texas Proceeding.

As discussed, Triad self-reported the Texas Proceeding outcome in writing to the pharmacy regulatory authorities for all other states where Triad holds a pharmacy license, including the State of Maine. Maine law, specifically 10 M.R.S. s. 8003-G(2)(C), requires such self-reporting within ten (10) days of final agency action.

Unfortunately for Triad, the Agreed Board Order in the Texas Proceeding was signed on May 1, 2018, but not mailed until May 15; and Triad did not receive it until May 23—well beyond Maine's 10-day deadline.

Accordingly, on July 10, 2019, the State of Maine Board of Pharmacy accepted a Consent Agreement resolving the allegation that Triad had violated 10 M.R.S. s. 8003-G(2)(C) under the following terms: (i) Triad agreed to accept a reprimand and to pay a civil penalty in the amount of $250.00, and (ii) the Maine Board agreed to renew Triad's Maine license.

FDA Warning Letter
(CMS Case #569659)
(Original – Concluded 2023)

Timeline & Summary

- July 2017 – FDA inspected Triad's facility and made observations—all pertaining to sterile compounding.
- July-August 2017 – Triad took immediate and comprehensive corrective action, and requested a reinspection.
- February 2019 – FDA issued a public warning letter 18 months later without any further discussion or acknowledgment.
- October 2019 – FDA replied to Triad's response, claiming that Triad had addressed some, but not all, of the issues, leaving the Warning Letter open until Triad's next inspection.
- July 2021 – Triad ceased all sterile compounding operations.
- December 2022 – FDA conducted a followup inspection.
- May 2023 – FDA notified Triad that the Warning Letter had been closed out, acknowledging that the concerns raised in the Warning Letter had been addressed

Factual Background

1. FDA Inspection, 483, & Triad's Response

On July 17-21, 2017, FDA conducted an onsite inspection of Triad's pharmacy located at 26258 Pollard Road, Daphne, Alabama and licensed by the Board (the "pharmacy"). At the conclusion of that inspection, FDA issued a Form 483 (the "483" – enclosed) describing the inspector's observations. On August 3, 2017, Triad submitted a response to the 483 (the ("483 Response" – enclosed without exhibits) detailing Triad's completed and anticipated corrective actions—and requesting reinspection and/or dialogue.

2. FDA Warning Letter & Triad's Response

FDA did not request a meeting, send a letter or email, make a phone call, or otherwise express dissatisfaction with Triad's 483 Response; and in fact, Triad received no communication from FDA at all for approximately eighteen (18) months—when FDA issued the (public) Warning Letter dated February 5, 2019 (the "Warning Letter").[1]

This course of conduct, although certainly within FDA's discretion, is completely at odds with FDA's stated purpose in issuing 483s in the first instance: "To assist firms inspected in complying with the Acts and regulations enforced by the Food and Drug Administration." See 483 at p.4.

Aside from the frustration at FDA having elected to issue the Warning Letter after ignoring Triad's 483 response for a year-and-a-half, Triad was also surprised that FDA placed majority emphasis in the Warning Letter on "ineligible products,"[2] an issue that does not appear **anywhere** in the 483.

In fact, FDA's inspector verbally advised at inspection closeout that he had been instructed through chain of command **not** to include "ineligible products" in 483s issued to 503A pharmacies like Triad, as long as those pharmacies understood the need to "voluntarily" express their willingness to comply with then-interim FDA policy guidance for 503A pharmacies compounding

from bulk drug substances—so as to avoid a warning letter or other regulatory escalation.

Triad naively so "volunteered" in its 483 Response, opening itself to FDA's unprincipled issuance of the Warning Letter, and the resulting deluge of regulatory fallout.

Triad responded to the Warning Letter even more comprehensively than to the 483, painstakingly documenting and detailing each step, each aspect of each particular corrective action. Triad's substantive response to the Warning Letter ("Warning Letter Response" – enclosed without exhibits) is therefore incorporated by reference.

3. FDA Reply & (Eventual) Closeout

On October 18, 2019 FDA replied to Triad's response with the enclosed untitled letter, claiming that Triad had addressed some, but not all, of the issues raised in the Warning Letter.

After nearly **five-and-a-half years**, on December 5-8, 2022, FDA conducted a followup inspection.

By the enclosed letter dated May 3, 2023, FDA notified Triad that, based on the findings of the December 2022 inspection, the Warning Letter had been closed out, acknowledging that the concerns raised in the Warning Letter had been addressed.

Second Alabama Disciplinary Proceeding
(Derivative – Concluded 2022)

Timeline

- July 2021 – Triad ceased **all** sterile compounding operations—for purely business reasons: decreased demand (COVID pandemic), diminishing margins, and rising operational costs (product and environmental testing, inspection/certifications, and regulatory burden).
- May 2022 – ALBOP filed its enclosed complaint in based **solely** on the contents of FDA's 2019 Warning Letter.
- July 2022 – Triad settled with ALBOP effective July 19, 2022 and agreed to pay a fine.

Summary

This was derivative of the Warning Letter, and contained no new allegations. The Consent Order from ALBOP is enclosed.

Wisconsin Disciplinary Proceeding
(Derivative – Concluded 2024)

This was derivative of the (second) Alabama Proceeding, which, in turn, was predicated solely on the issuance of the Warning Letter in 2019.

In September 2023, the Wisconsin Pharmacy Examining Board (the "WPEB") notified Triad of an investigation based on the (second) Alabama proceeding from 2021-22, and eventually initiated disciplinary proceedings (the "Wisconsin Proceeding").

This was another "sister state" action: no new facts or substantive allegations in the

statement of charges—alleged culpability was to be derived solely from Triad's dispensing of sterile compounded preparations to Wisconsin patients—in 2016-17.

Triad ultimately signed a stipulation to pay a $5,000 fine. This matter was concluded in March 2024.

TEXAS STATE BOARD OF PHARMACY

TRIAD RX, INC.
C/O ROBERT ROBERTS RPH
PHARMACIST-IN-CHARGE
26258 POLLARD ROAD
DAPHINE, AL 36526

RE: In the Matter of Triad Rx, Inc.

Dear Mr. Roberts:

Enclosed is a copy of Agreed Board Order (ABO) #K-17-055 that was entered by the Texas State Board of Pharmacy (TSBP) concerning the above-referenced matter. TSBP entered this Order on May 1, 2018. The requirements and conditions of the enclosed Order and matters relating to the Order are discussed below.

ADMINISTRATIVE PENALTY (FINE)

Under the terms of this Order, Triad Rx, Inc. (pharmacy license #28003) must pay an administrative penalty (fine) of $1,000.00. **This fine is due on or before August 29, 2018.** Please make your cashier's check or money order payable to the "Texas State Board of Pharmacy" and submit to the TSBP office by the due date. Please include your ABO number (#K-17-055) on the cashier's check or money order. **Note:** TSBP will **not** accept partial payments. You must submit payment for the full amount by the due date.

LICENSE RENEWAL APPLICATIONS

Prior to the next expiration date of pharmacy license #28003, the pharmacy will complete a license renewal application for the Texas State Board of Pharmacy. This application will require a pharmacy representative to answer the question:

> "Has the PHARMACY, THE PHARMACY'S owner or any officer or partner (if the pharmacy is owned by a corporation or partnership) been the subject of any professional disciplinary action or are any such actions pending against you by a regulatory authority within the last 36 months?..."

As a result of the entry of ABO #K-17-055, Triad Rx, Inc. must answer "yes" to this question for 36 months from the date of the termination of all sanctions. Consequently, a Triad Rx, Inc. representative must answer "yes" to this question on any renewal applications submitted beginning May 1, 2018, and ending August 29, 2021.

If you have any questions about this Order, please contact Carissa Garcia, Enforcement Specialist, at (512) 305-8054.

Sincerely,

Robert Rivera

AGREED BOARD ORDER #K-17-055

RE: IN THE MATTER OF
TRIAD RX, INC.
(PHARMACY LICENSE #28003)

BEFORE THE TEXAS STATE
BOARD OF PHARMACY

On this day came on to be considered by the Texas State Board of Pharmacy (Board) the matter of pharmacy license number 28003 issued to Triad Rx, Inc. (Respondent), 26258 Pollard Road, Daphne, Alabama 36526.

By letter dated March 8, 2018, the Board gave preliminary notice to Respondent of its intent to take disciplinary action. This action was taken as a result of an investigation which produced evidence indicating that Respondent may have violated:

Sections 562.101(f); and 565.002(a)(3) of the Texas Pharmacy Act, TEX. OCC. CODE ANN. Title 3, Subtitle J (2015); and

Section 291.103 of the Texas Pharmacy Board Rules, 22 TEX. ADMIN. CODE (2017), in that allegedly:

COUNT

On or about September 1, 2016, through on or about February 22, 2017, Triad Rx, Inc., 26258 Pollard Road, Daphne, Alabama 36526, was engaged in the operation of a non-resident pharmacy engaged in sterile compounding in violation of Texas State Board of Pharmacy Rules, in that the pharmacy was not under the supervision of a pharmacist-in-charge licensed as a pharmacist in Texas.

By letter dated March 8, 2018, Respondent was notified that the matters previously set out in this Order could be disposed of without the scheduling of an informal conference or a formal administrative hearing. By signing this Order, Matt McDonald, Corporate President, on behalf of Respondent, neither admits nor denies the truth of the matters previously set out in this Order, and agrees that the Board has jurisdiction in this matter and waives the right to informal conference, notice of hearing, formal administrative hearing, and judicial review of this Order.

The parties acknowledge that this Order resolves the allegations set forth herein, and agree to the terms and conditions set forth in the ORDER OF THE BOARD below.

ORDER OF THE BOARD

THEREFORE, PREMISES CONSIDERED, the Board does hereby ORDER that:

(1) Respondent shall pay an administrative penalty of one thousand dollars ($1,000) due one hundred twenty (120) days after the entry of this Order.

(2) Failure to comply with any of the requirements in this Order constitutes a violation and shall be grounds for further disciplinary action. The requirements of this Order are subject to the Texas Pharmacy Act, TEX. OCC. CODE ANN., Title 3, Subtitle J (2017), and Texas Pharmacy Board Rules, 22 TEX. ADMIN. CODE (2018).

And it is so ORDERED.

THIS ORDER IS A PUBLIC RECORD.

CONSENT ORDER

THIS MATTER comes before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on a complaint against Triad Rx Inc. listed above (hereinafter referred to as "Triad") which resulted in the filing of a Statement of Charges and Notice of Hearing ("Statement") alleging violations of the Alabama Pharmacy Practice Act. These allegations with particularity are set out in the Statement, which is attached hereto as **Exhibit "A."**

Prior to a hearing in this cause, and pursuant to Code of Alabama (1975) §41-22-12(f), the Board through its counsel and Triad, through its counsel, engaged in negotiations and as a result, the matters at issue were resolved informally by the parties who agreed to the entry of this Consent Order which includes the following terms:

1. The Board finds Triad has violated the provisions of the Alabama Pharmacy Practice Act based upon the conduct set forth in Counts One and Two of the Statement. Count Three shall be dismissed with prejudice.

2. Triad shall pay an administrative fine in the amount of Three Thousand Dollars ($3,000.00) within thirty (30) days from the effective date of the Consent Order, which is the date it is signed on behalf of the Board. This payment shall not be subject to discharge in bankruptcy nor shall Triad attempt to discharge the same.

3. Triad expressly waives its rights pursuant to the Alabama Pharmacy

Practice Act, the Alabama Administrative Procedures Act and the Alabama Uniform Controlled Substances Act, including but not limited to the Code of Alabama (1975), §34-23-34 and §34-23-92(12), Code of Alabama (1975), §41-22-12 and §40-22-20 and Code of Alabama (1975), § 20-2-50 et seq., and including but not limited to the opportunity for a hearing before the Board in connection with any charges against it and any judicial review. Triad further waives any objection to the attorney for the Board preparing, drafting or making this Order, including the waiver of any objection or right pursuant to Code of Alabama (1975), §41-22-18.

4. That Triad agrees that any future violation of the Alabama Pharmacy Practice Act, the rules and regulations of the Alabama State Board of Pharmacy or any other applicable laws may, upon proof and hearing thereof, result in further disciplinary sanctions against its license.

5. By execution of this Consent Order, Triad hereby releases the Board, its members, agents, representatives, servants and employees from any and all liability, claims, damages, fees or expenses arising out of or made in connection with the matters relating to this Consent Order and Statement.

6. Triad acknowledges and agrees that it has read this Consent Order and that it fully understands the terms, conditions and contents of the same. Triad acknowledges and agrees that it voluntarily and of its own free will accepts the terms and conditions set out in this Consent Order and is signing this Consent Order on the advice of its attorney.

STATEMENT OF CHARGES AND NOTICE OF HEARING

TO: Triad Rx Inc.
26258 Pollard Road
Daphne, Alabama 36526

Pursuant to the provisions of Code of Alabama (1975), § 34-23-34 and § 34-23-92(12) and Code of Alabama (1975), § 41-22-12, you are hereby notified and requested to appear before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on September 18, 2018 at 8:00a.m., at the State Board of Pharmacy Conference Room, 111 Village Street, Birmingham, Alabama 35242, and from time to time thereafter as may be required by the Board for the purpose of a hearing to determine why the permit to operate Triad Rx Inc. should not be revoked, suspended or placed on probation or a monetary penalty imposed in that it is alleged that Triad Rx Inc. has been guilty of the following, to-wit:

COUNT ONE

Violating Code of Alabama (1975), § 34-23-33(2) based upon the entry of an Agreed Board Order by the Texas State Board of Pharmacy on May 1, 2018 attached hereto as Exhibit "A" and/or operating a non-resident sterile compounding pharmacy in violation of Texas rules in that the pharmacy was not under the supervision of a pharmacist in charge licensed as a pharmacist in Texas as more fully set out in the

above referenced Order.

COUNT TWO

Violating Code of Alabama (1975), § 34-23-33(13) in that you violated Board Rule 680-X-2.22(2)(d) based upon any or all of the allegations of Count One above.

COUNT THREE

Violating Code of Alabama (1975), § 34-23-33(6) based upon any or all of the allegations of the preceding Counts.

Further, pursuant to the provisions of Code of Alabama, (1975), § 20-2-53 and § 41-22-12, you are hereby notified and requested to appear before the Board at the aforesaid time and place and from time to time thereafter as may be requested by the Board for the purpose of a hearing to determine why your registration to manufacture, dispense or distribute controlled substances enumerated in Schedules II, III, IV and V of the Alabama Uniform Controlled Substances Act, Code of Alabama (1975), § 20-2-1, et. seq., issued pursuant to Code of Alabama (1975), § 20-2-52, should not be suspended or revoked in that it is alleged that you have been guilty of the following:

COUNT FOUR

Violating Code of Alabama (1975), § 20-2-54(a)(4) by violating the provisions of Code of Alabama (1975), § 34-23-1 et seq., said violation being based upon the allegations contained in any or all of the preceding Counts of this Statement of Charges and Notice of Hearing.

At the aforesaid time and place and from time to time thereafter as may be directed by the Board, you may be represented by an attorney, if you so desire, cross-

examine all witnesses who testify against you and present such evidence in your own behalf in response to these charges as you consider necessary and appropriate.

IN RE:	)	
	)	
TRIAD RX, INC.	)	CONSENT AGREEMENT
	)	
Complaint No. 2019-PHA-15662	)	

PARTIES

This document is a Consent Agreement regarding the pending application of TRIAD RX, INC., for the renewal of its mail order pharmacy license. The parties to this Consent Agreement are: Triad Rx, Inc. ("Triad "), the Maine Board of Pharmacy ("the Board"), and the Office of the Maine Attorney General ("the Attorney General"). This Consent Agreement is entered into pursuant to 10 M.R.S. § 8003(5-A).

STATEMENT OF FACTS

1. Since March 30, 2018, Triad has been licensed in Maine as a mail order pharmacy with a registered location of 26258 Pollard Road, Daphne, Alabama (license number **MO40002052**).

2. On May 1, 2018, the Texas State Board of Pharmacy imposed discipline against Triad's Texas pharmacy license (#28003) pursuant to Agreed Board Order #K-17-055, which found that Triad engaged in the practice of sterile compounding while not under the supervision of a pharmacist in charge who was licensed as a pharmacist in Texas and imposed an administrative penalty of $1,000.00.

3. Triad failed to report this disciplinary action to the Board within 10 days as required by 10 M.R.S. § 8003-G(2)(C).

4. On June 25, 2018, Triad reported to the Board for the first time that it had been assessed a penalty by the Texas Board of Pharmacy.

5. Pursuant to 10 M.R.S. § 8003(5-A)(A)(11) and 10 M.R.S. § 8003-G(2)(C), the Board may deny, refuse to renew, suspend, or revoke a license and impose other discipline for failing to report a license disciplinary action to the Board within 10 days of that action.

6. At its meeting on March 7, 2019, the Board reviewed the above information and voted to preliminarily deny Triad 's application for renewal of its license to be a mail order pharmacy. In lieu of the denial, the Board also voted to offer Triad this Consent Agreement. Unless Triad either requests, in writing, a hearing regarding the appeal of the preliminary denial within thirty (30) days of receipt of the Notice of Preliminary Denial, or accepts this Consent Agreement by signing and dating it and returning it to Complaint Division, 35 State House Station, Augusta, ME 04333, by **July 20, 2019,** the preliminary denial of Triad's application for licensure as a mail order pharmacy will become final.

COVENANTS

7. Triad admits to the facts above and admits that such conduct constitutes grounds for denial of or refusal to renew its license and for the imposition of discipline pursuant to 10 M.R.S. §§ 8003(5-A)(A)(11), and 10 M.R.S. § 8003-G(2)(C) for failing to report disciplinary action taken against a license in another jurisdiction within 10 days after the action was taken.

8. As discipline for the violation admitted to in paragraph 7 above, Triad agrees to accept the following DISCIPLINARY ACTION:

a) A REPRIMAND; and

b) A CIVIL PENALTY in the amount of two hundred fifty dollars ($250.00), payment of which shall be made by certified check or money order payable to the "Treasurer, State of Maine" and delivered to Complaint Division, Maine Department of Professional and Financial Regulation, 35 State House Station, Augusta, Maine 04333, and must be submitted with the signed Consent Agreement;

9. Violation of any of the terms or conditions of this Consent Agreement by Triad shall constitute grounds for discipline, including but not limited to modification, suspension, or revocation of licensure or the denial of licensure or re-licensure.

10. The Board and Triad agree that no further agency action will be initiated against its license by the Board based upon the specific violations admitted to herein, except or unless Triad fails to comply with the terms and conditions of this Consent Agreement. The Board may however consider the conduct described above as evidence of a pattern of misconduct if other allegations are brought against Triad and this Consent Agreement will be admitted into evidence in any future adjudicatory hearing involving Triad. The Board may also consider the fact that discipline was imposed by this Consent Agreement in determining appropriate discipline in any further complaints against Triad.

11. This Consent Agreement is not appealable and is effective until modified or rescinded by the parties hereto.

12. The Board and the Attorney General may communicate and cooperate regarding any matter related to this Consent Agreement.

13. Upon receipt of the signed Consent Agreement and the civil penalty payment, the Board will renew Triad's license contingent upon it meeting all other eligibility criteria.

14. This Consent Agreement is a public record within the meaning of 1 M.R.S. § 402 and will be available for inspection and copying by the public pursuant to 1 M.R.S. § 408-A.

15. Nothing in this Consent Agreement shall be construed to affect any right or interest of any person not a party hereto.

16. Triad acknowledges by its duly authorized representative's signature hereto that it has had an opportunity to consult with an attorney before executing this Consent Agreement, that it executes this Consent Agreement voluntarily, and that it agrees to abide by all terms and conditions set forth herein.

This document lists observations made by the FDA representative(s) during the inspection of your facility. They are inspectional observations, and do not represent a final Agency determination regarding your compliance. If you have an objection regarding an observation, or have implemented, or plan to implement, corrective action in response to an observation, you may discuss the objection or action with the FDA representative(s) during the inspection or submit this information to FDA at the address above. If you have any questions, please contact FDA at the phone number and address above.

DURING AN INSPECTION OF YOUR FIRM (I) (WE) OBSERVED:

OBSERVATION 1
Cleaning pads or wipes used in the ISO 5 area are not sterile.

Specifically, the nonwoven wipers used to clean the ISO 5 area are not sterile.

OBSERVATION 2
The ISO-classified areas have difficult to clean, particle-generating, or visibly dirty equipment or surfaces.

Specifically, a lyophilizer and a portable dehumidifier are located in the clean room (ISO 7) adjacent to the ISO 5 area.

OBSERVATION 3
Inadequately or un-protected product intended to be sterile was observed to be exposed to lower than ISO 5 quality air.

Product Going to Work

Specifically, drug products intended to be lyophilized are sterile filtered in the ISO 5 area, partially stoppered, and then transferred to the lyophilizer (ISO 7 area) via unprotected/uncovered trays.

OBSERVATION 4
Personnel were observed touching equipment or other surfaces located outside of the ISO 5 area with gloved hands and then proceeding with aseptic processing without changing or sanitizing gloves.

Specifically, on 07/17/2017, I observed clean room operator, with initials GW, perform aseptic processing in the ISO 5 area. The operator did not always disinfect or change gloves before reentering the ISO 5 area after retrieving materials or discarding waste in the ISO 7 area. The following lots were produced without adequate glove disinfection/changes:

-Sermorelin Acetate 9mg/GHRP-2 9mg Lyophilized, lot 07172017@25

OBSERVATION 5
Personnel engaged in aseptic processing were observed with exposed hands, wrists, legs, hair, or mouth.

Specifically, on 07/17/2017, I observed clean room operator, with initials GW, enter the ISO 5 area with bare hands then put on sterile gloves and proceed with aseptic processing. The following lots were produced:

-Sermorelin Acetate 9mg/GHRP-2 9mg Lyophilized, lot 07172017@25
-Sermorelin Acetate 3mg/GHRP-6 3mg, Lyophilized, lot 07172017@24

OBSERVATION 6
Equipment, materials, and/or supplies are not disinfected prior to entering the aseptic processing areas.

Specifically, on 07/17/2017, I observed clean room operator, with initials GW, move a vacuum pump from the ISO 7 area to the ISO 5 area without first disinfecting the equipment.

OBSERVATION 7
Personnel were observed conducting aseptic manipulations or placing equipment/supplies in an area that blocked the movement of first pass air around an open unit, whether before or after it is filled with sterile product.

Specifically, on 07/17/2017, I observed clean room operator, with initials GW, place hands and arms over open glass vials during aseptic filling of the following products:

-Sermorelin Acetate 9mg/GHRP-2 9mg Lyophilized, lot 07172017@25
-Sermorelin Acetate 3mg/GHRP-6 3mg, Lyophilized, lot 07172017@24

FIRM NAME Triad Rx, Inc.	STREET ADDRESS 26258 Pollard Road
CITY, STATE, ZIP CODE, COUNTRY Daphne, AL 36526	TYPE ESTABLISHMENT INSPECTED Producer of Sterile and Non-sterile Drugs

Specifically, your firm's batch sizes for injectable drug products range in volume from 10 ml to 4,500 ml and from 1 vial to 500 vials. However, the last media fill performed only consisted of 6 -10 ml vials. Additionally, media fills previously performed do not simulate all steps for lyophilized products including but not limited post filtration manipulations, transfer, and lyophilization.

OBSERVATION 9

The use of sporicidal agents in the cleanrooms and/or ISO 5 area is inadequate or infrequent.

Specifically, your firm uses a prepared bleach water solution that consists of 30 ml of 5.25% sodium hypochlorite mixed with 1 liter of sterile water for irrigation. However, your firm has not established an effective contact time for this concentration/strength and the contact time is not currently monitored by your firm.

The observations of objectionable conditions and practices listed on the front of this form are reported:

1. Pursuant to Section 704(b) of the Federal Food, Drug and Cosmetic Act, or
2. To assist firms inspected in complying with the Acts and regulations enforced by the Food and Drug Administration.

Section 704(b) of the Federal Food, Drug, and Cosmetic Act (21 USC 374(b)) provides:

"Upon completion of any such inspection of a factory, warehouse, consulting laboratory, or other establishment, and prior to leaving the premises, the officer or employee making the inspection shall give to the owner, operator, or agent in charge a report in writing setting forth any conditions or practices observed by him which, in his judgment, indicate that any food, drug, device, or cosmetic in such establishment (1) consists in whole or in part of any filthy, putrid, or decomposed substance, or (2) has been prepared, packed, or held under insanitary conditions whereby it may have become contaminated with filth, or whereby it may have been rendered injurious to health. A copy of such report shall be sent promptly to the Secretary."

RE: Triad Rx, Inc. – FEI No. 3013497126
Response to FDA Form 483 Issued 7/21/2017

To Whom It May Concern:

This responds to the July 21, 2017 FDA Form 483 (the "483") issued to Triad Rx, Inc., FEI Number 3013497126 ("Triad") containing findings from FDA's July 17-21 inspection (the "inspection") of Triad's compounding pharmacy (described as a "[p]roducer of Sterile and Non-sterile Drugs") located at 26258 Pollard Road, Daphne Alabama (the "facility" or "establishment").

Background

As a small business undergoing our first post-Compounding Quality Act ("CQA") inspection by FDA, Triad values the input of FDA's inspector, Investigator Brandon C. Heitmeier, who demonstrated commendable efficiency, subject matter expertise, communications skill, and professionalism throughout the inspection.

Triad takes this process seriously and views the inspection, our interactions with Investigator Heitmeier during the inspection, the 483, and this response as opportunities for improving Triad's performance and understanding of its considerable responsibilities in protecting public health, safety, and welfare from unsafe products.

As a 503A compounding pharmacy, we are committed to compliance with USP standards and view this interaction as an opportunity to improve quality through ever-greater compliance.

Summary of Analysis

Triad has investigated the issues raised in the 483 in an effort to evaluate potential implications for product safety concerns, including an evaluation of the necessity for issue-specific exploratory and corrective responses, together with more general measures necessary to prevent recurrence of these and similar nonconformities.

We concluded that (i) immediate action is (and will be) required to respond to potential safety concerns over identified nonconformities in the compounding process, and (ii) comprehensive corrective and/or preventative action is (and will be) required to prevent similar (and other) nonconformities and otherwise to sustain compliance over the longer term.

We believe that we understand FDA's concerns, have identified compliance opportunities, and formulated and begun implementing action plans that we believe will successfully eliminate or rectify these issues.

Discussion

OBSERVATION 1

Cleaning pads or wipes used in the ISO 5 area are not sterile.

Specifically, the nonwoven wipes used to clean the ISO 5 area are not sterile.

RESPONSE TO OBSERVATION 1

1. **Context**

Going into the inspection, Triad's routine cleaning practice was to sterilize the wipes by soaking in alcohol for the validated duration before introducing the wipes into the ISO 5 environment for cleaning purposes.

Triad internalized this Observation, researched pharmacy compounding best practices, reviewed its policies and procedures ("P&Ps"), examined its compounding and environmental testing records, and concluded that corrective action would be warranted to reduce the risk of contaminated product even further.

2. **Immediate and Long-Term Corrective Actions**

Triad has purchased sterile cleaning pads for use in the ISO 5 area and replaced the non-sterile wipes. Triad has revised its P&Ps applicable to cleaning the ISO 5 area to incorporate the requirement for using sterile cleaning materials, and conducted training on the revised procedure with all pharmacists and technicians involved in sterile compounding. (Revised procedure and training records attached as composite Exhibit 1.)

OBSERVATION 2
The ISO-classified areas have difficult to clean, particle-generating, or visibly dirty equipment or surfaces.

Specifically, a lyophilizer and a portable dehumidifier are located in the clean room (ISO 7) adjacent to the ISO 5 area.

RESPONSE TO OBSERVATION 2

We have investigated (and believe that we understand) FDA's concerns, identified compliance opportunities, and formulated and begun implementing action plans that should successfully eliminate or rectify FDA's issues of concern.

- **Immediate Corrective Action**

Triad has removed the portable dehumidifier from the ISO 7 clean room and will continue to carefully monitor humidity in the ISO areas.

- **Medium- to Long-Term Corrective Action**

Triad has consulted with Simplex Isolation Systems and is in the process of developing a practical solution to FDA's concerns over the lyophilizer's presence in the ISO 7 environment. We have determined that the equipment in question may be moved to a place in the room that is the maximum distance from the ISO 5 work area. Furthermore, we are able to modify the area with a clear vinyl curtain to isolate the area where the lyophilizer is located from all other areas in the room. Additionally, the exposed part of the equipment, which was the most concerning to the inspector, will be located adjacent to the vented wall of the cleanroom, limiting exposure to any part of the room, or any other adjacent areas of filtered air.

Triad will remain diligent in its environmental surface and air testing to ensure the safety of our patients. Triad has followed strict environmental and/or sterile product procedure applicable to all medications prepared in the ISO 5 area and conducted training on the revised procedure with all pharmacists and technicians involved in sterile compounding, and will continue to do so in accordance with USP 797 requirements. (Procedure and diagram of proposed cleanroom layout attached as composite Exhibit 2.)

OBSERVATION 3
Inadequately or un-protected product intended to be sterile was observed to be exposed to lower than ISO 5 quality air.

Specifically, drug products intended to be lyophilized are sterile filtered in the ISO 5 area, partially stoppered, and then transferred to the lyophilizer (ISO 7 area) via unprotected/uncovered trays.

RESPONSE TO OBSERVATION 3

We have investigated (and believe that we understand) FDA's concerns, identified compliance opportunities, and formulated and begun implementing action plans that should successfully eliminate or rectify this issue.

Triad has consulted with Simplex Isolation Systems and is in the process of developing a practical solution to FDA's concerns over the workflow between the ISO 5 and ISO 7 environments. As discussed in Observation 2, the ISO 5 area created by the new curtain will be extended to allow direct access to the lyophilizer's chamber and controls without any unsealed product leaving the ISO 5 environment.

Triad will remain diligent in its sterility, fungal, and pyrogen testing of any products that are compounded to be lyophilized, to ensure the safety of our patients. Triad has followed or exceeded USP 797's requirements for testing all of its sterile products for potency and sterility, and will continue to do so with diligence, in accordance with USP 797 requirements.

Once the new curtain is in place, Triad will adopt a new sterile product procedure applicable to all medications prepared in the ISO 5 area to be placed in the lyophilizer and will conduct training on the revised procedure with all pharmacists and technicians involved in sterile compounding. (See Exhibit 2.)

OBSERVATION 4
Personnel were observed touching equipment or other surfaces located outside the ISO 5 area with gloved hands and then proceeding with aseptic processing without changing or sanitizing gloves.

Specifically, on 07/17/2017, I observed clean room operator, with initials GW, perform aseptic processing in the ISO 5 area. The Operator did not always disinfect or change gloves before reentering the ISO 5 area after retrieving materials or discarding waste in the ISO 7 area. The following lots were produced without adequate glove disinfection/change:

-Sermorelin Acetate 9mg/GHRP-2 9mg Lyophilized, lot 07172017@25
-Sermorelin Acetate 3mg/GHRP-6 3mg Lyophilized, lot 07172017@24

RESPONSE TO OBSERVATION 4

We have investigated (and believe that we understand) FDA's concerns, identified compliance opportunities, and formulated and begun implementing action plans that should successfully eliminate or rectify this issue.

Triad has reviewed its P&Ps and training records relative to aseptic handling of clean room items and confirmed that the observed behavior is not consistent with Triad's P&Ps and training standards. Triad has conducted an in-service training for all personnel involved in aseptic procedures to reinforce the correct procedure for disinfection and re-disinfection of gloves and equipment upon leaving and re-entering the ISO 5 area. (Training records attached as Exhibit 4.)

Further, Triad will increase testing frequency for the implicated lots by 100% of USP 797 requirements—to 20 vials of each—in an attempt to control for any potential contamination.

OBSERVATION 5
Personnel engaged in aseptic processing were observed with exposed hands, wrists, legs, hair, or mouth.

Specifically, on 07/17/2017, I observed clean room operator, with initials GW, enter the ISO 5 area with bare hands then put on sterile gloves and proceed with aseptic processing. The following lots were produced:

-Sermorelin Acetate 9mg/GHRP-2 9mg Lyophilized, lot 07172017@25

-Sermorelin Acetate 3mg/GHRP-6 3mg Lyophilized, lot 07172017@24

RESPONSE TO OBSERVATION 5

We have investigated (and believe that we understand) FDA's concerns, identified compliance opportunities, and formulated and begun implementing action plans that should successfully eliminate or rectify this issue.

Triad has reviewed its P&Ps and has noted that, consistent with long-standing professional pharmacy practice standards, Triad's procedure for aseptic gloving in the clean room did not prohibit initial gloving in the ISO 5 environment. Triad has adopted a revised procedure applicable to aseptic gloving that requires the initial donning of sterile gloves in the ISO 7 area and IPA to be applied to the gloves' outer surface before entering the ISO 5 area. We have also conducted an in-service training on the new procedure for all personnel involved in aseptic procedures. (Revised procedure and training records attached as composite Exhibit 5). We especially valued Investigator Heitmeier's input concerning the importance of not allowing any exposed skin in the ISO 5 environment.

Further, Triad will increase sterility testing frequency for the implicated lots by 100% of USP 797's requirements—to 20 vials of each—in an attempt to control for any potential contamination.

OBSERVATION 6
Equipment, materials, and/or supplies are not disinfected prior to entering the aseptic processing areas.

Specifically, on 07/17/2017, I observed clean room operator, with initials GW, move a vacuum pump from the ISO 7 area to the ISO 5 area without first disinfecting the equipment.

RESPONSE TO OBSERVATION 6

Triad has reviewed its P&Ps and training records applicable to the disinfecting of gloves and equipment moving between ISO 7 and ISO 5 environments, and confirmed that the observed behavior is not consistent with Triad's P&Ps and training standards. Triad has conducted an in-service training for all personnel involved in aseptic procedures to reinforce the correct procedure for disinfection and re-disinfection of gloves and equipment upon leaving and re-entering the ISO 5 area. (See Exhibit 4.)

OBSERVATION 7
Personnel were observed conducting aseptic manipulations or placing equipment/supplies in an area that blocked the movement of first pass air around an open unit, whether before or after it is filled with sterile product.

Specifically, on 07/17/2017, I observed clean room operator, with initials GW, place hands and arms over open glass vials during aseptic filling of the following products:

-Sermorelin Acetate 9mg/GHRP-2 9mg Lyophilized, lot 07172017@25

-Sermorelin Acetate 3mg/GHRP-6 3mg Lyophilized, lot 07172017@24

RESPONSE TO OBSERVATION 7

In these instances, a tray of smaller items was being filled with sterile solution. Triad has reviewed its P&Ps for ISO 5 aseptic manipulations, including, without limitation, techniques for applicable to filling multiple liquid units under laminar flow, and identified room for improvement. The drug formulation worksheet reflecting the procedure for producing sterile products compounded using a similar process has been revised to reflect the need to keep unfilled vials covered while the compounder is filling the tray in order to minimize the risk of unclean air flowing over the vials. Triad has conducted an in-service training for all personnel involved in aseptic procedures (Revised procedure and training records attached as Exhibit 5).

Further, Triad will increase sterility testing frequency for the implicated lots by 100% of USP 797's requirements—to 20 vials of each—in an attempt to control for any potential contamination.

OBSERVATION 8
Media fills were not performed that closely simulate aseptic production operations incorporating, as appropriate, worst-case activities and conditions that provide a challenge to aseptic operations.

Specifically, your firm's batch sizes for injectable drug products range in volume from 10 ml to 4,500 ml and from 1 vial to 500 vials. However, the last media fill performed only consisted of 6 – 10 ml vials. Additionally, media fills previously performed do not simulate all steps for lyophilized products including but not limited post filtration manipulations, transfer, and lyophilization.

RESPONSE TO OBSERVATION 8

We have investigated (and believe that we understand) FDA's concerns, identified compliance opportunities, and formulated and begun implementing action plans that should successfully eliminate or rectify this issue.

Again, Triad has reviewed its P&Ps and has noted that, consistent with long-standing professional pharmacy practice standards, we were under the impression that Triad's procedure for conducting Media Fills for High Risk Procedures met USP 797's requirements for this assessment. After discussing this with Investigator Heitmeier, we realized the importance conducting a more complex procedure for this assessment, especially in light of his other concerns of the equipment we regularly use for compounding. We have revised this procedure for all personnel involved in aseptic procedures also conducted an in-service training on the new procedure, which includes a more complex process with more fills and incorporates the lyophilizer. (Revised procedure and training records attached as composite Exhibit 5).

OBSERVATION 9
The use of sporicidal agents in the cleanrooms and/or ISO 5 area is inadequate or infrequent.

Specifically, your firm uses a prepared bleach water solution that consists of 30 ml of 5.25% sodium hypochlorite mixed with 1 liter of sterile water for irrigation. However, your firm has not established an effective contact time for this concentration/strength and that contact time is not currently monitored by your firm.

RESPONSE TO OBSERVATION 9

Triad has reviewed its P&Ps for preparing and documenting its use of sporicidal agents and has conducted an in-service training for all personnel involved in these procedures. The formulation has been adjusted to a concentration that is accepted in the industry for sporicidal activity (100 ml of 5.25% sodium hypochlorite mixed with 1 liter of sterile water for irrigation, in contact for 5 minutes), and documentation of use for sporicidal agents and length of contact time has been added to the pharmacy cleaning logs. (Revised formulation, pharmacy log sheet example, and training records attached as composite Exhibit 9.)

Conclusion

Triad welcomes this opportunity to improve patient safety through open and cooperative dialogue with FDA. We are prepared to undertake all actions necessary to achieve complete and comprehensive resolutions to all the concerns identified in the 483—or any other concerns FDA may have. In particular, Triad is committed to raising the level of its compliance under the CQA and related regulations. Triad's P&Ps have been updated to require monthly reviews of FDA publications to ensure that no article in 503A Categories 2 (Bulk Drug Substances that Raise Significant Safety Risks) or 3 (Bulk Drug Substances Nominated Without Adequate Support – including, without limitation, melatonin or GHRP-2 or -6) is inadvertently included as an active ingredient in compounded products.

Triad hopes that FDA will, in reviewing this response, have an opportunity to provide feedback, particularly if we are headed in a wrong direction.

Unless otherwise instructed, we will update this response monthly to:

- Incorporate any FDA feedback; and
- Track progress on long-term action items where solutions were still under development.

Please feel free to contact me with questions or concerns, or in my absence, Rob R. Roberts, III, Triad's pharmacist-in-charge. Or you may our general counsel, Robert Jernigan (251-753-2652).

Sincerely,

Matthew L. McDonald

Response to FDA Warning Letter Dated 02/05/2019
CMS Case #5699659

Dear Director Diehl:

This responds to the February 5, 2019 warning letter (the "Warning Letter" or the "Letter" – CMS Case #5699659) issued to Triad Rx, Inc., FEI Number 3013497126 ("Triad") concerning (i) the findings from FDA's July 17-21 inspection (the "inspection") of Triad's compounding pharmacy (described as a "[p]roducer of Sterile and Non-sterile Drugs") located at 26258 Pollard Road, Daphne Alabama (the "facility" or "establishment") as set forth in the July 21, 2017 FDA Form 483 (the "483"); and (ii) Triad's August 3, 2017 response to the 483 (the "Response").

Responses to Corrective Action Items

Triad also provides narrative commentary in an effort to provide FDA with sufficient basis to evaluate Triad's proposed corrective actions, as described in Warning Letter, Section D (entitled "Corrective Action"):

Corrective Action Item #1

In your response, you indicated that you have "Consulted with Simplex Isolation Systems" and provided a copy of the diagram of the proposed cleanroom layout where "the ISO 5 are created by the new curtain will be extended to allow direct access to the lyophlizer's chamber and controls without any unsealed product leaving the ISO 5 environment." However, you did not provide any detailed plans of construction or timeframe regarding the facility modification of the ISO 5 or the ISO 7 areas.

Response to Corrective Action Item #1

Triad consulted with Simplex Isolation Systems, and completed the installation of a vertical curtain compartmentalizing the work area of the clean room that includes the lyophilizer into an ISO 5 area, in mid- to late August 2017 . (See Exhibits A, B, and C). This creates an environment in which mobilization of products that need to be placed into the lyophilizer may remain in ISO 5 controlled air while doing so. A diagram of the clean room layout, including an illustration of the ISO 5 corridor created by the vinyl curtain, is also attached. (See Exhibit Z).

Triad's clean room has passed multiple environmental tests and certifications since the inspection (See Exhibits D, G, H, U, and V). Further, all sterile products compounded at the facility have passed lot-level sterility testing at a third-party analytical laboratory (examples available upon request).

Corrective Action Item #2

In your response, you indicated that you have revised "the drug formulation worksheet" to reflect "the need to keep unfilled vials covered while the compounder is filling the tray in order to minimize the risk of unclean air flowing over the vials." However, you did not provide "the drug formulation worksheet" or any other documents reflecting the revised procedures to support this corrective action."

Response to Corrective Action Item #2

In this instance—described in Observation 7 from the 483—a tray of smaller items was being filled with sterile solution. Upon discussion with FDA's inspector, Triad revised its procedure as set forth in the applicable standard drug formulation worksheets to reflect the need to keep unfilled vials covered while the compounder is filling the tray in order to minimize the risk of unclean air from flowing over the vials. Triad also reviewed and revised its procedures for aseptic handling of clean room items, and conducted in-service training for all personnel involved in aseptic procedures.

Triad acknowledges that its Response to the 483 did not include examples of the revisions to Triad's standard drug formulation worksheets, an oversight that Triad hopefully corrects by attaching Exhibits E and F. However, we respectfully submit that "other documents reflecting the revised procedures" were, in fact, included, specifically: revised procedure and training records attached as Exhibit 7 to Triad's Response. These items are also enclosed as Exhibits R, S, and T.

Corrective Action Item #3

In your response, you indicated that you can modify the cleanroom with a "clear vinyl curtain to isolate the area where the lyophilizer is located" and the "exposed part" of the lyophilizer "will be located adjacent to the vented wall of the cleanroom, limiting exposure to any part of the room." However, you did not provide any detailed plans or timeline of construction within the ISO 5 or the ISO 7 areas. Furthermore, it is unclear if your firm evaluated whether the "vinyl curtain" is considered a difficult to clean surface and whether a "vented wall" between an ISO 5 are and unclassified space could potentially introduce contamination directly in the aseptic processing areas.

Response to Corrective Action Item #3

Triad installed the curtain and completed in stages the related repositioning of equipment and reconfiguring of workflow described in the Response in mid- to late August 2017.

Triad considered whether the vinyl curtain would constitute a difficult-to-clean surface, and concluded that, based on the curtain's size, shape, and composition, the curtain would not pose any significant degree of additional difficulty as regards cleaning processes. The curtain installed is an AirBlock strip system comprised of overlapping individual 36" segments of heavy-gauge vinyl "designed to hang straight and maintain overlaps."[2] Given the thickness and relatively short length and of each individual segment, pharmacy personnel can place tension on the bottom of each segment so as to achieve the desired surface-to-surface contact during wiping/cleaning evolutions.

Triad did evaluate the potential for contamination posed by placing the lyophilizer as close as possible to a wall with a vent, and concluded that the risk of contamination did not exceed that of any other exterior vent in an ISO 5 area. Triad also made sure to test the air quality effects of so placing the lyophilizer inside the curtained ISO 5 corridor to ensure no significant threat to the quality of air in any

[2] https://simplex.is/products/modular-cleanrooms/softwall-enclosures/airblock/. Specifications for the curtain's composition material may be found here: https://simplex.is/assets/tech_sheets/SIM_TDS_ClearMaterial.pdf.

critical areas of the clean room. (See Exhibit G – Comments p.12; Exhibit H, Comments p.13; Exhibits U & V).

However, given the theoretical risk of eventual microbial colonization going undetected in or on the lyophilizer's potentially problematic components (exhaust ports/vents, fan blades/shafts/motors, exposed interior recesses, etc.), Triad decided to take additional steps in furtherance of protecting air quality. Triad has modified the ISO 5 area by installing a custom cutout in the clean room wall so that such potentially problematic components are not exposed within to the ISO 5 environment. (See Exhibit I, J, K, L, and M). This latest modification was completed in February 2019.[3]

Triad evaluated the safety of excluding the potentially problematic components from the ISO 5 environment by placing them in the immediately adjacent unclassified space, and concluded that the risk of contamination did not exceed that of any other exterior vent in an ISO 5 area. Triad also made sure to test the air quality effects of this reconfiguration to ensure no significant threat to the quality of air in any critical areas of the clean room. (See Exhibit H, Comments p.12-13).

Corrective Action Item #4

In your response, you indicated that you have revised your media fill procedure which includes a "more complex process with more fills and incorporates the lyophilizer". However, your revised media fill procedures reference only thirty 5ml vials which do not simulate operations incorporating the worst-case activities and conditions.

Response to Corrective Action Item #4

Triad has reviewed its procedures for media fills and has modified the media fill procedure to replicate a more complex manipulation: filling at least one hundred 10mL vials, incorporating non-sterile commercially available Tryptic Soy Broth, and using the lyophilizer. (See Exhibits N & O).

Corrective Action Item #5

In your response, you indicated that you have purchased "sterile cleaning pads" for use in the ISO 5 area to replace the non-sterile wipes. However, you did not provide a receipt or a certificate of analysis of the sterile "cleaning pads" purchased or the starting date of their use within your facility.

Triad purchased sterile cleaning pads as indicated in the 483 Response and began using these pads on August 1, 2017. The pads are TrueCare Biomedix—sterile gamma irradiated to a 10-6 Sterility Assurance level—for use in the pharmacy's ISO 5 areas. (See Exhibit P).

Response Regarding Section 503A Bulk Compounding

Triad believes that it understands FDA's concerns regarding which compounding bulk substances Triad, as a traditional, compounding and retail pharmacy dispensing medications on a patient-specific

[3] Please note that the enclosed clean room diagram (Exhibit Z) predates the February 2019 modification.

basis, may compound so as to stay within the parameters established by section 503A. To that end, Triad has (i) ceased compounding active ingredients identified as "ineligible drug products" in the Warning Letter, and (ii) revised its procedures in an effort to exclude, not just 503A category 2 or 3 bulk drug substances, but all bulk drug substances that (i) are not the subject of an applicable USP or NF monograph, (ii) are not a component of an FDA-approved drug, and (iii) do not appear on the 503A bulks list. (See Exhibit Q).

We would welcome any pre-inspection feedback FDA might provide, and otherwise look forward to collaborating in the process of achieving greater compliance in the interest of patient safety.

Sincerely,

Mr. McDonald:

This letter acknowledges receipt of your letter dated February 28, 2019, in which you responded to FDA's warning letter (ref: WL# CMS Case 569659) dated February 5, 2019.

We address below your responses to the violations identified in the warning letter.

Overall, it appears your response is inadequate as it appears incomplete. Regarding the insanitary conditions listed on page 3 of our February 5, 2019, Warning Letter, it appears your firm did not directly respond to examples: #3-4, #6-7, and #9-11. It appears your firm responded to page 4-5, section D of the Warning Letter, which correlate to examples #1-2, #5, and #8, of the insanitary conditions listed on page 3. Referring to pages 2-4 of your February 28, 2019 response (Response to Corrective Action Item #1 and #3), the response appears to correlate with insanitary condition #1 on page 3 of our Warning Letter.

We acknowledge your firm purchased and installed, during August 2017, a "Custom Cleanroom Soft Wall." The installation included a redesign of your firm's work area to include the lyophilizer within the ISO 5 area and conducted cleanroom certification tests after installation. Your response did not include written procedures regarding the cleaning of the soft wall; however, your response states "...pharmacy personnel can place tension on the bottom of each segment so as to achieve the desired surface-to-surface contact during wiping/cleaning evolutions." Your response did not address how your firm ensured the quality of in-process and finished drug products produced during the bracketed timeframes when these physical modifications were being conducted.

Referring to page 3 of your February 28, 2019, response, "Response to Corrective Action Item #2" appears to correlate with insanitary condition #2 on page 3 of our Warning Letter. It does not appear your firm responded directly to the insanitary condition cited in the Warning Letter. Formulation worksheets provided with your response as examples of corrective action, state at Step 10 and/or 11, generally: when working with a tray of multiple vials, carefully expose one row at a time for the next 2 steps to prevent interruption of air flow over open vials. However, your written procedure and training documents provided do not appear to address the practice specifically.

Referring to page 4 of your February 28, 2019, response, "Response to Corrective Action Item #4" appears to correlate with insanitary condition #5 on page 3 of our Warning Letter. We note your submission of a revised written procedure "Media Fill for High Risk Compounding Triad Rx Inc." that addresses media fill for high-risk compounding and requires 100 to 483, 10 ml vials, which, according to the procedure reflects the typical batch size range produced by your firm and incorporates the use of the lyophilizer. However, it does not appear the procedure was revised comprehensively to reflect the change made to the number of vials to be filled and tested as stated in your response and referenced in the procedure at step #4-5. Additional inconsistencies regarding the procedure, include: step #6 refers to drawing 30 ml of medium with 30 vials produced; and step #14 only requires the incubation of 10 randomly selected vials.

Referring to page 4 of your February 28, 2019, response, "Response to Corrective Action Item #5" appears to correlate with insanitary condition #8 on page 3 of our Warning Letter. It appears your firm responded adequately and began using sterile cleaning pads on August 1, 2017.

The Agency will verify the adequacy of your corrective actions during the next inspection.

Dear Mr. McDonald:

The U.S. Food and Drug Administration (FDA) has completed an evaluation of your firm's corrective actions in response to our warning letter [WL 569659 Issued February 5, 2019]. We acknowledge that your firm no longer produces sterile drug products. Based on our evaluation, it appears that you have adequately addressed the violations contained in this warning letter.

You are expected to take all necessary steps to ensure compliance with the Federal Food, Drug, and Cosmetic Act and FDA's implementing regulations. This letter will not preclude any future regulatory action should violations be observed during a subsequent inspection or through other means.

Sincerely,

CONSENT ORDER

THIS MATTER comes before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on a complaint against Triad Rx Inc. which resulted in the filing of a Statement of Charges and Notice of Hearing ("Statement") alleging violations of the Alabama Pharmacy Practice Act as are more particularly set out in the Statement which is attached hereto as **Exhibit "A."**

Prior to a hearing in this cause, and pursuant to Code of Alabama (1975), § 41-22-12(f), the matters at issue were resolved informally by the parties and the parties negotiated a Consent Order, the terms of which are as follows:

1. The Board finds that Triad Rx Inc. has violated the provisions of law based upon the conduct set out in Counts One through Six of the Statement.

2. Triad Rx Inc. shall pay an administrative fine in the amount of Fifteen Thousand Dollars ($15,000.00) within thirty (30) days of the effective date of this Consent Order that being the day the same is signed on behalf of the Board. This payment shall not be subject to discharge in bankruptcy nor shall Triad Rx Inc. attempt to discharge the same.

3. Triad Rx Inc. expressly waives its rights pursuant to the Alabama Pharmacy Practice Act, the Alabama Administrative Procedure Act and the Alabama Uniform Controlled Substances Act, including but not limited to the Code of Alabama (1975), §34-23-34 and §34-23-92(12), Code of Alabama (1975), §41-22-12 and §40-22-20 and

Code of Alabama (1975), § 20-2-50 et seq., and including but not limited to the opportunity for a hearing before the Board in connection with any charges against it and any judicial review. Triad Rx Inc. further waives any objection to the attorney for the Board preparing, drafting or making this Order, including the waiver of any objection or right pursuant to Code of Alabama (1975), §41-22-18.

4. By execution of this Consent Order, Triad Rx Inc. hereby releases the Board, its members, agents, representatives, servants and employees from any and all liability, claims, damages, fees or expenses arising out of or made in connection with the matters relating to this Consent Order and Statement.

5. Triad Rx Inc. acknowledges and agrees that any future violation of the Alabama Pharmacy Practice Act, the laws that regulate the sale and/or dispensing of prescription or legend drugs and/or narcotics or any Rules and regulations of the Alabama State Board of Pharmacy or the pharmacy law or rules of the Board of Pharmacy of another state or any other applicable laws may, upon proof and hearing thereof, result in further disciplinary sanctions against Triad Rx Inc.'s permit, including, but not limited to revocation.

6. Triad Rx Inc. acknowledges and agrees that it has read this Consent Order and that it fully understands the terms, conditions and contents of the same. Triad Rx Inc. acknowledges and agrees that it voluntarily and of its own free will accepts the terms and conditions set out in this Consent Order and is signing this Consent Order on the advice of their attorney.

STATEMENT OF CHARGES AND NOTICE OF HEARING

TO: Triad Rx Inc.
26258 Pollard Road
Daphne, Alabama 36526

Pursuant to the provisions of Code of Alabama (1975), § 34-23-34 and § 34-23-92(12) and Code of Alabama (1975), § 41-22-12, you are hereby notified and requested to appear before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on July 19, 2022 at 8:00 a.m., at the State Board of Pharmacy Conference Room, 111 Village Street, Birmingham, Alabama 35242, and from time to time thereafter as may be required by the Board for the purpose of a hearing to determine why the permit to operate Triad Rx Inc. should not be revoked, suspended or placed on probation or a monetary penalty imposed based upon any or all of the following, to-wit:

COUNT ONE

Violating Code of Alabama (1975), § 34-23-33(2) in that you violated 503(a) of the FDCA as set out in a Warning Letter dated February 5, 2019 attached hereto as Exhibit "A", to include any or all of the following:

(a) Using bulk drug substances which were not the subject of an applicable USP or NF monograph, were not components of an FDA approved human

drug and which did not appear on the 503A bulks list. An example of such is set out and described in Section B of the referenced Warning Letter.

(b) Violations of the FDCA Adulterated Drug Product, eleven (11) examples of the same being set out and described in Section C of the referenced Warning Letter.

(c) Compounding Unapproved New Drug Products as set out and described in Section C of the referenced Warning Letter.

(d) Your ineligible drug products compounded were misbranded as set out and described in Section C of the referenced Warning Letter.

The Board alleges that each and every violation is a separate and distinct offense.

COUNT TWO

Violating Code of Alabama, (1975), § 34-23-33(6) based upon any or all of the allegations of Count One above and/or the deficiencies noted by the FDA in your response to the Warning Letter as set out with particularly in Section D.

COUNT THREE

Violating Code of Alabama, (1975), § 34-23-33(13) in that you violated Board Rule 680-X-2.22(2)(a) based upon any or all of the allegations of Count One above.

COUNT FOUR

Violating Code of Alabama, (1975), § 34-23-33(13) in that you violated Board Rule 680-X-2.22(2)(b) based upon any or all of the allegations of Count One above.

COUNT FIVE

Violating Code of Alabama, (1975), § 34-23-33(13) in that you violated Board Rule 680-X-2.22(2)(d) based upon any or all of the allegations of Count One above.

COUNT SIX

Violating Code of Alabama, (1975), § 34-23-33(13) in that you violated Board Rule 680-X-2.22(2)(f) based upon any or all of the allegations of Count One above.

Further, pursuant to the provisions of Code of Alabama, (1975), § 20-2-53 and § 41-22-12, you are hereby notified and requested to appear before the Board at the aforesaid time and place and from time to time thereafter as may be requested by the Board for the purpose of a hearing to determine why your registration to manufacture, dispense or distribute controlled substances enumerated in Schedules II, III, IV and V of the Alabama Uniform Controlled Substances Act, Code of Alabama (1975), § 20-2-1, et. seq., issued pursuant to Code of Alabama (1975), § 20-2-52, should not be suspended or revoked in that it is alleged that you have been guilty of the following:

COUNT SEVEN

Violating Code of Alabama (1975), § 20-2-54(a)(4) by violating the provisions of Code of Alabama (1975), § 34-23-1 et seq., said violation being based upon the allegations contained in any or all of the preceding Counts of this Statement of Charges and Notice of Hearing.

Notice is further given that in the event you are found guilty of the allegations contained in any or all of the preceding Counts contained in this Statement of Charges and Notice of Hearing, the Board may consider in assessing punishment the Consent

Order entered by the Board on September 18, 2018, said document being attached hereto and made a part hereof as Exhibit "B".

At the aforesaid time and place and from time to time thereafter as may be directed by the Board, you may be represented by an attorney, if you so desire, cross-examine all witnesses who testify against you and present such evidence in your own behalf in response to these charges as you consider necessary and appropriate.

Dated this the 4th day of May, 2022.

WARNING LETTER

VIA UPS EXPRESS

Matthew L. McDonald, Owner Triad Rx, Inc.

26258 Pollard Road

Daphne, AL 36526

Dear Mr. McDonald:

From July 17, 2017, to July 21, 2017, a U.S. Food and Drug Administration (FDA) investigator inspected your facility, Triad Rx, Inc., located at 26258 Pollard Road, Daphne, AL 36526. During the inspection, the investigator noted that drug products you produced failed to meet the conditions of section 503A of the Federal Food, Drug, and Cosmetic Act (FDCA) [21 U.S.C. § 353a] for exemption from certain provisions of the FDCA. The investigator noted serious deficiencies in your practices for producing sterile drug products, which put patients at risk.

FDA issued a Form FDA 483 to your firm on July 21, 2017. FDA acknowledges receipt of your facility's response, dated August 3, 2017. Based on this inspection, it appears that you produced drug products that violate the FDCA.

A. Compounded Drug Products Under the FDCA

Section 503A of the FDCA describes the conditions under which human drug products compounded by a licensed pharmacist in a State licensed pharmacy or a Federal facility, or a licensed physician, qualify for exemptions from three sections of the FDCA: compliance with current good manufacturing practices (CGMP) (section 501(a)(2)(B)); labeling with adequate directions for use (section 502(f)(1)); and FDA approval prior to marketing (section 505) [21 U.S.C. §§ 351(a)(2)(B), 352(f)(1) and 355(a)].1 Receipt of valid prescriptions for individually- identified patients is one of the conditions for the exemptions under section 503A.

In addition, for a compounded drug product to qualify for the exemptions under section 503A, bulk drug substances used to compound it must: (I) comply with the standards of an applicable United States Pharmacopeia (USP) or National Formulary (NF) monograph, if a monograph exists, and the USP chapter on pharmacy compounding; (II) if such a monograph does not exist, be components of drugs approved by the Secretary; or (III) if such a monograph does not exist and the drug substance is not a component of a drug approved by the Secretary, appear on a list developed by the Secretary through regulation ("503A bulks list") (section 503A(b)(1)(A)(i) of the FDCA).

B. Failure to Meet the Conditions of Section 503A

During the inspection, the FDA investigator noted that drug products produced by your firm failed to meet the conditions of section 503A. For example, the investigator noted your firm compounded drug products using GHRP-2, GHRP-6, and chromium picolinate. Drug products compounded using GHRP-2, GHRP-6, and chromium picolinate are not eligible for the exemptions provided by section 503A(a), because these bulk drug substances are not the subject of an applicable USP or NF monograph, are not a component of an FDA-approved human drug, and do not appear on the 503A bulks list.2

Therefore, you compounded drug products that do not meet the conditions of section 503A and are not eligible for the exemptions in that section from the FDA approval requirement of section 505 of the FDCA, the requirement under section 502(f)(1) of the FDCA that labeling bear adequate directions for use, and the requirement of compliance with CGMP under section 501(a)(2)(B) of the FDCA. In the remainder of this letter, we refer to your drug products that do not qualify for exemptions under section 503A as the "ineligible drug products."

Specific violations are described below.

C. Violations of the FDCA Adulterated Drug Products

The FDA investigator noted that drug products intended or expected to be ster... were prepared, packed, or held under insanitary conditions, whereby they may have become contaminated with filth or rendered injurious to health, causing your drug products to be adulterated under section 501(a)(2)(A) of the FDCA. For example:

1. Partially stoppered vials of product intended to be sterile were observed to be exposed to lower than ISO 5 quality air during production while being transferred into the lyophilizer.

2. Personnel were observed conducting aseptic manipulations that blocked the movement of first pass air over and around open vials.

3. The (b)(4) testing of the (b)(4) was not conducted per the manufacturer's specification.

4. The ISO classified areas have difficult to clean, particle-generating, or visibly dirty equipment or surfaces.

5. The media fills were not performed under the most challenging or stressful conditions. Therefore, there is a lack of assurance that your firm can aseptically produce drug products within your facility.

6. You re-used isopropyl alcohol (IPA) bottles containing (b)(4) IPA for disinfecting ISO 5 areas without assurance that the bottles remained sterile after multiple uses and can adequately prevent the spread of contamination in the ISO 5 area.

7. Personnel engaged in aseptic processing were observed with exposed hands and wrists in the ISO 5 area.

8. Cleaning pads or wipes used in the ISO 5 area were not sterile.

9. Personnel were observed touching equipment or other surfaces located outside of the ISO 5 area with gloved hands and then proceeding with aseptic processing in the ISO 5 area without changing or sanitizing gloves.

10. Equipment used for aseptic processing was not disinfected prior to entering the ISO 5 processing area.

11. Your firm's preparation and contact time of the sporicidal agent used in the cleanrooms and ISO 5 areas was not adequate for its intended use.

Unapproved New Drug Products

You do not have any FDA-approved applications on file for the ineligible drug products that you compounded.3 Under sections 505(a) and 301(d) of the FDCA [21 U.S.C. § 331(d)], a new drug may not be introduced into or delivered for introduction into interstate commerce unless an application approved by FDA under section 505 of the FDCA is in effect for the drug. Marketing of these products, or other applicable products, without an approved application violates these provisions of the FDCA.

Misbranded Drug Products

The ineligible drug products you compounded are intended for conditions not amenable to self- diagnosis and treatment by individuals who are not medical practitioners; therefore, adequate directions for use cannot be written so that a layman can use these products safely for their intended uses. Consequently, their labeling fails to bear adequate directions for their intended uses.4 Accordingly, these ineligible drug products are misbranded under section 502(f)(1) of the FDCA. The introduction or delivery for introduction into interstate commerce of these products therefore violates section 301(a) of the FDCA. It is also a prohibited act under section 301(k) of the FDCA to do any act with respect to a drug, if such act is done while the drug is held for sale after shipment in interstate commerce and results in the drug being misbranded.

D. Corrective Actions

We have reviewed your firm's response to the Form FDA 483.

Regarding the insanitary condition observations in the Form FDA 483, we cannot fully evaluate the adequacy of the following corrective actions described in your response because you did not include sufficient information or supporting documentation:

1. In your response, you indicated that you have "consulted with (b)(4)" and provided a copy of the diagram of the proposed cleanroom layout where "the ISO 5 area created by (b)(4) to allow direct access to the lyophilizer's chamber and controls without any unsealed product leaving the ISO 5 environment." However, you did not provide any detailed plans of construction or timeframe regarding the facility modification of the ISO 5 or the ISO 7 areas. Furthermore, it is unclear if your firm will continue to produce lyophilized product while construction is underway.

2. In your response, you indicated that you have revised "the drug formulation worksheet" to reflect "the need to keep unfilled vials covered while (b)(4) in order to minimize the risk of unclean air flowing over the vials." However, you did not provide "the drug formulation worksheet" or any other documents reflecting the revised procedures to support this corrective action.

3. In your response, you indicated that you can modify the cleanroom "(b)(4) the area where the lyophilizer is located" and the "exposed part" of the lyophilizer "will be located (b)(4), limiting exposure to any part of the room." However, you did not provide any detailed plans or timeline of construction within the ISO 5 or the ISO 7 areas. Furthermore, it is unclear if your firm evaluated whether the "(b)(4)" is considered a difficult to clean surface and whether a "(b)(4)" between an ISO 5 area and unclassified space could potentially introduce contamination directly in the aseptic processing areas.

4. In your response, you indicated that you have revised your media fill procedure which includes a "more complex process with (b)(4) and (b)(4) the lyophilizer". However, your revised media fill procedures reference only (b)(4) which do not simulate production operations incorporating the worst-case activities and conditions.

5. In your response, you indicated that you have purchased "sterile cleaning pads" for use in the ISO 5 area to replace the non-sterile wipes. However, you did not provide a receipt or a certificate of analysis of the sterile "cleaning pads" purchased or the starting date of their use within your facility.

In addition, our review of your batch records collected during the inspection revealed that your (b)(4) testing for your L-Carnitine 250mg/ml injectable product was performed for (b)(4) with volumes of (b)(4) and (b)(4), but the batch quantity made was (b)(4). Therefore, the (b)(4) volume is not adequate for the quantity of drug product (b)(4).

Please be aware that section 501(a)(2)(A) of the FDCA concerning insanitary conditions applies regardless of whether drug products you compound meet the conditions of section 503A, including that bulk drug substances used to compound must: (I) comply with the standards of an applicable USP or NF monograph, if a monograph exists, and the USP chapter on pharmacy compounding; (II) if such a monograph does not exist, be components of drugs approved by the Secretary; or (III) if such a monograph does not exist and the drug substance is not a component of a drug approved by the Secretary, appear on 503A bulks list.

In addition, regarding issues related to the conditions of section 503A of the FD.A, your corrective actions appear partially adequate. In your response you state: "Triad's P&Ps have been updated to require (b)(4) reviews of FDA publications to ensure that no [nominated] article in 503A Categories 2 (Bulk Drug Substances that Raise Significant Safety Risks) or 3 (Bulk Drug Substances Nominated Without Adequate Support including, without limitation, GHRP-2 or -6) is inadvertently included as an active ingredient in compounded products." However, you did not state how your firm will ensure that other ineligible bulk drug substances that do not appear in the categories you referenced in your letter would not be used in compounding. An example bulk drug substance that is not the subject of an applicable USP or NF monograph, a component of an FDA-approved drug, and does not appear in category 2 or 3 of the interim 503A bulks list is chromium picolinate.

Should you continue to compound and distribute drug products that do not meet the conditions of section 503A, the compounding and distribution of such drugs would be subject to the new drug approval requirement, the requirement to label drug products with adequate directions for use, and the drug CGMP regulations. Before doing so, you must comply with the requirements of section 505, 502(f)(1), and 501(a)(2)(B).

In addition to the issues discussed above, you should note that CGMP requires the implementation of quality oversight and controls over the manufacture of drugs, including the safety of raw materials, materials used in drug manufacturing, and finished drug products. *See* section 501 of the FDCA. If you choose to contract with a laboratory to perform some functions required by CGMP, it is essential that you select a qualified contractor and that you maintain sufficient oversight of the contractor's operations to ensure that it is fully CGMP compliant. Regardless of whether you rely on a contract facility, you are responsible for assuring that drugs you produce are neither adulterated nor misbranded. [*See* 21 CFR 210.1(b), 21 CFR 200.10(b)].

FDA strongly recommends that your management undertake a comprehensive assessment of operations, including facility design, procedures, personnel, processes, maintenance, materials, and systems. In particular, this review should assess your aseptic processing operations. A third party consultant with relevant sterile drug manufacturing expertise should assist you in conducting this comprehensive evaluation.

E. Conclusion

The violations cited in this letter are not intended to be an all-inclusive statement of violations at your facility. You are responsible for investigating and determining the causes of the violations identified above and for preventing their recurrence or the occurrence of other violations. It is your responsibility to ensure that your firm complies with all requirements of federal law, including FDA regulations.

You should take prompt action to correct the violations cited in this letter. Failure to promptly correct these violations may result in legal action without further notice, including, without limitation, seizure and injunction.

Within fifteen working days of receipt of this letter, please notify this office in writing of the specific steps that you have taken to correct violations. Please include an explanation of each step being taken to prevent the recurrence of violations, as well as copies of related documentation. If you do not believe that the products discussed above are in violation of the FDCA, include your reasoning and any supporting information for our consideration. If you cannot complete corrective action within 15 working days, state the reason for the delay and the time within which you will complete the correction.

Your written notification should refer to the Warning Letter Number above (**CMS Case #569659**). Please address your reply to John W. Diehl, Director, Compliance Branch, at the FDA address provided on bottom of first page of this letter. Additionally, please submit a signed copy of your response on your firm's letterhead via

1 We remind you that there are conditions other than those discussed in this letter that must be satisfied to qualify for the exemptions in section 503A of the FDCA.

2 On June 9, 2016, FDA issued a final guidance titled, *Interim Policy on Compounding Using Bulk Drug Substances Under Section 503A of the Federal Food, Drug, and Cosmetic Act*. This guidance describes FDA's interim regulatory policy for State-licensed pharmacies, Federal facilities, and licensed physicians that compound human drug products using bulk drug substances that do not otherwise meet the conditions of section 503A(b)(1)(A)(i) while the 503A bulks list is being developed. Specifically, the guidance sets out the conditions under which FDA does not intend to take action against a State-licensed pharmacy, Federal facility, or licensed physician for compounding a drug product using a bulk drug substance that is not the subject of an applicable USP or NF monograph or a component of an FDA-approved drug, until the substance is identified in a final rule as included or not included on the 503A bulks list. These conditions include that the substance may be eligible for inclusion on the 503A bulks list, was nominated with adequate support for FDA to evaluate it, and has not been identified by FDA as a substance that appears to present significant safety risks pending further evaluation. GHRP-2 andGHRP-6 were nominated, but not with adequate support for FDA to evaluate these substances. Chromium picolinate was not nominated. For additional information, see the guidance at http://www.fda.gov/downloads/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/UCM469120.pdf. (http://www.fda.gov/downloads/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/UCM469120.pdf)

3 The specific products made by y . firm are drugs within the meaning of s. .on 201(g) of the Act, [21 U.S.C. § 321(g)] because they are intended for use in the diagnosis, cure, mitigation, treatment, or prevention of diseases and/or because they are intended to affect the structure or any function of the body. Further, they are "new drugs" within the meaning of section 201(p) [21 U.S.C. 321(p)] of the FDCA because they are not generally recognized as safe and effective for their labeled uses.

4 Your ineligible drug products are not exempted from the requirements of section 502(f)(1) of the FDCA by regulations issued by the FDA (see, e.g., 21 CFR 201.115).

CONSENT ORDER

THIS MATTER comes before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on a complaint against Triad Rx Inc. listed above (hereinafter referred to as "Triad") which resulted in the filing of a Statement of Charges and Notice of Hearing ("Statement") alleging violations of the Alabama Pharmacy Practice Act. These allegations with particularity are set out in the Statement, which is attached hereto as **Exhibit "A."**

Prior to a hearing in this cause, and pursuant to Code of Alabama (1975) §41-22-12(f), the Board through its counsel and Triad, through its counsel, engaged in negotiations and as a result, the matters at issue were resolved informally by the parties who agreed to the entry of this Consent Order which includes the following terms:

1. The Board finds Triad has violated the provisions of the Alabama Pharmacy Practice Act based upon the conduct set forth in Counts One and Two of the Statement. Count Three shall be dismissed with prejudice.

2. Triad shall pay an administrative fine in the amount of Three Thousand Dollars ($3,000.00) within thirty (30) days from the effective date of the Consent Order, which is the date it is signed on behalf of the Board. This payment shall not be subject to discharge in bankruptcy nor shall Triad attempt to discharge the same.

3. Triad expressly waives its rights pursuant to the Alabama Pharmacy

Practice Act, the Alabama Administrative Procedures Act and the Alabama Uniform Controlled Substances Act, including but not limited to the Code of Alabama (1975), §34-23-34 and §34-23-92(12), Code of Alabama (1975), §41-22-12 and §40-22-20 and Code of Alabama (1975), § 20-2-50 et seq., and including but not limited to the opportunity for a hearing before the Board in connection with any charges against it and any judicial review. Triad further waives any objection to the attorney for the Board preparing, drafting or making this Order, including the waiver of any objection or right pursuant to Code of Alabama (1975), §41-22-18.

4. That Triad agrees that any future violation of the Alabama Pharmacy Practice Act, the rules and regulations of the Alabama State Board of Pharmacy or any other applicable laws may, upon proof and hearing thereof, result in further disciplinary sanctions against its license.

5. By execution of this Consent Order, Triad hereby releases the Board, its members, agents, representatives, servants and employees from any and all liability, claims, damages, fees or expenses arising out of or made in connection with the matters relating to this Consent Order and Statement.

6. Triad acknowledges and agrees that it has read this Consent Order and that it fully understands the terms, conditions and contents of the same. Triad acknowledges and agrees that it voluntarily and of its own free will accepts the terms and conditions set out in this Consent Order and is signing this Consent Order on the advice of its attorney.

STATEMENT OF CHARGES AND NOTICE OF HEARING

TO: Triad Rx Inc.
26258 Pollard Road
Daphne, Alabama 36526

Pursuant to the provisions of Code of Alabama (1975), § 34-23-34 and § 34-23-92(12) and Code of Alabama (1975), § 41-22-12, you are hereby notified and requested to appear before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on September 18, 2018 at 8:00a.m., at the State Board of Pharmacy Conference Room, 111 Village Street, Birmingham, Alabama 35242, and from time to time thereafter as may be required by the Board for the purpose of a hearing to determine why the permit to operate Triad Rx Inc. should not be revoked, suspended or placed on probation or a monetary penalty imposed in that it is alleged that Triad Rx Inc. has been guilty of the following, to-wit:

COUNT ONE

Violating Code of Alabama (1975), § 34-23-33(2) based upon the entry of an Agreed Board Order by the Texas State Board of Pharmacy on May 1, 2018 attached hereto as Exhibit "A" and/or operating a non-resident sterile compounding pharmacy in violation of Texas rules in that the pharmacy was not under the supervision of a pharmacist in charge licensed as a pharmacist in Texas as more fully set out in the

above referenced Order.

COUNT TWO

Violating Code of Alabama (1975), § 34-23-33(13) in that you violated Board Rule 680-X-2.22(2)(d) based upon any or all of the allegations of Count One above.

COUNT THREE

Violating Code of Alabama (1975), § 34-23-33(6) based upon any or all of the allegations of the preceding Counts.

Further, pursuant to the provisions of Code of Alabama, (1975), § 20-2-53 and § 41-22-12, you are hereby notified and requested to appear before the Board at the aforesaid time and place and from time to time thereafter as may be requested by the Board for the purpose of a hearing to determine why your registration to manufacture, dispense or distribute controlled substances enumerated in Schedules II, III, IV and V of the Alabama Uniform Controlled Substances Act, Code of Alabama (1975), § 20-2-1, et. seq., issued pursuant to Code of Alabama (1975), § 20-2-52, should not be suspended or revoked in that it is alleged that you have been guilty of the following:

COUNT FOUR

Violating Code of Alabama (1975), § 20-2-54(a)(4) by violating the provisions of Code of Alabama (1975), § 34-23-1 et seq., said violation being based upon the allegations contained in any or all of the preceding Counts of this Statement of Charges and Notice of Hearing.

At the aforesaid time and place and from time to time thereafter as may be directed by the Board, you may be represented by an attorney, if you so desire, cross-

examine all witnesses who testify against you and present such evidence in your own behalf in response to these charges as you consider necessary and appropriate.

STATE OF WISCONSIN
BEFORE THE PHARMACY EXAMINING BOARD

IN THE MATTER OF DISCIPLINARY PROCEEDINGS AGAINST	:	
	:	FINAL DECISION AND ORDER
TRIAD RX, INC. RESPONDENT.	:	ORDER0019890

Division of Legal Services and Compliance Case No. 22 PHM 120

The parties to this action for the purpose of Wis. Stat. § 227.53 are:

Triad Rx, Inc.
Daphne, AL 36526

Wisconsin Pharmacy Examining Board
P.O. Box 8366
Madison, WI 53708-8366

Division of Legal Services and Compliance
Department of Safety and Professional Services
P.O. Box 7190
Madison, WI 53707-7190

The parties in this matter agree to the terms and conditions of the attached Stipulation as the final disposition of this matter, subject to the approval of the Pharmacy Examining Board (Board). The Board has reviewed this Stipulation and considers it acceptable.

Accordingly, the Board in this matter adopts the attached Stipulation and makes the following Findings of Fact, Conclusions of Law, and Order.

FINDINGS OF FACT

1. Triad Rx, Inc. (Respondent), is licensed in the state of Wisconsin as an Out-of-State Pharmacy, having license number 774-43, first issued on May 29, 2012, and current through May 31, 2024. Respondent's most recent address on file with the Wisconsin Department of Safety and Professional Services (Department) is in Daphne, Alabama 36526.

2. At all times relevant to this proceeding, Respondent was an Out-of-State Pharmacy located in Daphne, Alabama (Facility).

3. On August 19, 2022, Respondent notified the Department of a disciplinary action taken against Respondent by the Alabama Board of Pharmacy (Alabama Board).

4. In 2017 the FDA conducted an inspection at Respondent's facility. In 2019, the FDA issued a warning letter to Respondent for using ineligible drug products in compounding. The ineligible products were intended for conditions not amenable to self-diagnosis and treatment by individuals who were not medical practitioners. Respondent did not alert the Board to the warning letter.

5. Some of the medications which were referenced by the FDA in their warning letter as using ineligible products included Sermorelin Acetate 9mg/GHRP-2 9mg Lyophilized, Sermorelin Acetate 3mg/GHRP-2 3mg Lyophilized, L-Carnitine 250 mg/ml, and Chromium Picolinate.

6. Following the FDA inspection, Respondent shipped Sermorelin Acetate 9mg/GHRP-2 9mg Lyophilized to Wisconsin on 11 occasions, and L-Carnitine 250 mg/ml to Wisconsin on five occasions.

7. Respondent did not report the FDA warning letter to the Board because "(i) it was published on FDA's website and does not constitute final agency action, (ii) none of the allegations in the Warning Letter involved or implicated patient harm of any kind; (iii) [Respondent] did not consider the Warning Letter to describe any pharmacy practices constituting a realistic danger to the health, safety, or welfare of a patient or the public."

8. On July 7, 2022, the Alabama Board issued a consent order ordering Respondent to pay a $15,000 fine based upon findings that the Respondent used bulk drug substances which were not the subject of an applicable USP or NF monograph, were not components of an FDA approved human drug, and which did not appears on the 503A bulks list. Further, Respondent violated the FDCA Adulterated Drug Product on at least eleven occasions, compounded unapproved new drug products, and misbranded the unapproved compounded drug products.

9. In resolution of this matter, Respondent consents to the entry of the following Conclusions of Law and Order.

CONCLUSIONS OF LAW

1. The Board has jurisdiction to act in this matter pursuant to Wis. Stat. § 450.10(1) and is authorized to enter into the attached Stipulation pursuant to Wis. Stat. § 227.44(5).

2. By the conduct described in the Findings of Fact, Respondent committed unprofessional conduct by engaging in an any pharmacy practice which constitutes a danger to the health, welfare, or safety of patient or public including but not limited to, practicing in a manner which substantially departs from the standard of care ordinarily exercised by a pharmacist which harmed or could have harmed a patient pursuant to Wis. Admin. Code § Phar 10.03(2).

3. By the conduct described in the Findings of Fact, Respondent committed unprofessional conduct by failing to report to the Pharmacy Examining Board any pharmacy practice which constitutes a danger to the health, safety or welfare of patient or public pursuant to Wis. Admin. Code § Phar 10.03(7).

4. As a result of the above violations, Respondent is subject to discipline pursuant to Wis. Stat. § 450.10(1)(b)(1), and subject to a forfeiture pursuant to Wis. Stat. § 450.10(2).

ORDER

1. The attached Stipulation is accepted.

2. Respondent is REPRIMANDED.

3. Within ninety (90) days from the date of this Order, Respondent shall pay a forfeiture in the amount of $5,000.

4. Within ninety (90) days from the date of this Order, Respondent shall pay COSTS of this matter in the amount of $820.00. If costs are not paid within ninety (90) days from the date of this Order, interest shall accrue at the statutory rate of 12% per annum, pursuant to Wis. Stat. § 440.22(2).

5. Any requests, petitions, payments of forfeitures or costs (made payable to Department of Safety and Professional Services), and other information required by this Order shall be submitted to:

Department Monitor
Division of Legal Services and Compliance
Department of Safety and Professional Services
P.O. Box 7190, Madison, WI 53707-7190
Telephone (608) 266-2112; Fax (608) 266-2264
DSPSMonitoring@wisconsin.gov

Respondent may also submit this information online at: https://dspsmonitoring.wi.gov.

6. In the event Respondent violates any term of this Order, Respondent's license (number 774-43) or Respondent's right to renew its license, may, in the discretion of the Board or its designee, be SUSPENDED, without further notice or hearing, until Respondent has complied with the terms of the Order. The Board may, in addition and/or in the alternative refer any violation of this Order to the Division of Legal Services and Compliance for further investigation and action.

7. This Order is effective on the date of its signing.

IN THE MATTER OF DISCIPLINARY PROCEEDINGS AGAINST	:	
	:	STIPULATION
TRIAD RX, INC., RESPONDENT.	:	ORDER0019890

Division of Legal Services and Compliance Case No. 22 PHM 120

Triad Rx, Inc. (Respondent), and the Division of Legal Services and Compliance, Department of Safety and Professional Services, stipulate as follows:

1. This Stipulation is entered into as a result of a pending investigation by the Division of Legal Services and Compliance. Respondent consents to the resolution of this investigation by Stipulation.

2. Respondent understands that by signing this Stipulation, Respondent voluntarily and knowingly waives the following rights:

- the right to a hearing on the allegations against Respondent, at which time the State has the burden of proving those allegations by a preponderance of the evidence;
- the right to confront and cross-examine the witnesses against Respondent;
- the right to call witnesses on Respondent's behalf and to compel their attendance by subpoena;
- the right to testify on Respondent's own behalf;
- the right to file objections to any proposed decision and to present briefs or oral arguments to the officials who are to render the final decision;
- the right to petition for rehearing; and
- all other applicable rights afforded to Respondent under the United States Constitution, the Wisconsin Constitution, the Wisconsin Statutes, the Wisconsin Administrative Code, and other provisions of state or federal law.

3. Respondent is aware of Respondent's right to seek legal representation and has been provided an opportunity to obtain legal counsel before signing this Stipulation.

4. Respondent agrees to the adoption of the attached Final Decision and Order by the Wisconsin Pharmacy Examining Board (Board). The parties to the Stipulation consent to the entry of the attached Final Decision and Order without further notice, pleading, appearance or consent of the parties. Respondent waives all rights to any appeal of the Board's order, if adopted in the form as attached.

5. If the terms of this Stipulation are not acceptable to the Board, the parties shall not be bound by the contents of this Stipulation, and the matter shall then be returned to the Division

of Legal Services and Compliance for further proceedings. In the event that the Stipulation is not accepted by the Board, the parties agree not to contend that the Board has been prejudiced or biased in any manner by the consideration of this attempted resolution.

6. The parties to this Stipulation agree that the attorney or other agent for the Division of Legal Services and Compliance and any member of the Board ever assigned as an advisor in this investigation may appear before the Board in open or closed session, without the presence of Respondent, for purposes of speaking in support of this agreement and answering questions that any member of the Board may have in connection with deliberations on the Stipulation. Additionally, any such advisor may vote on whether the Board should accept this Stipulation and issue the attached Final Decision and Order.

7. Respondent is informed that should the Board adopt this Stipulation, the Board's Final Decision and Order is a public record and will be published in accordance with standard Department procedure.

8. Respondent is further informed that should the Board adopt this Stipulation, the Board's Final Decision and Order will be reported as required by the National Practitioner Databank (NPDB) Guidebook and as otherwise required by any licensure compact or any other state or federal law.

9. The Division of Legal Services and Compliance joins Respondent in recommending the Board adopt this Stipulation and issue the attached Final Decision and Order.

As per the terms of the Consent Order, Pharmacy has agreed to pay a $3,000 administrative fine to the Alabama State Board of Pharmacy.

Kansas Board of Pharmacy

The Kansas Board of Pharmacy issued the pharmacy (non resident license #22-117859) an amended Summary Order effective **February 8, 2023.** The pharmacy did not report the change of ownership in a timely manner, and paid a fine. The Kansas Board of Pharmacy approved the change of ownership application, and issued license 22-117859 on May 20, 2022.

Louisiana Board of Pharmacy

The Louisiana Board of Pharmacy issued the pharmacy (non resident license #PHY.007761-NR) a Consent Order of Discipline dated **May 11, 2022.** The pharmacy did not report the change of ownership in a timely manner. The Louisiana Board of Pharmacy approved the change of ownership application with a new permit number PHY.008479-NR as a successor to permit number PHY.007761-NR.

North Carolina Board of Pharmacy

The North Carolina Board of Pharmacy issued the pharmacy a Consent Order of Discipline dated **March 8, 2022.** The pharmacy made inaccurate statements about its ownership and officers on its initial application in November 2017 and did not correct this until November 2021. The North Carolina Board of Pharmacy approved the change of ownership application with a new permit number 14900 as a successor to permit number 13413.

Maine Board of Pharmacy

The Maine Board of Pharmacy notified the pharmacy on **March 30, 2022** that its non-resident license (#MO40002429) was terminated effective November 6, 2019 for reporting deficiencies related to its ownership. The pharmacy submitted a change of ownership application for licensure, and has been issued a new pharmacy license (#MO40003167) on November 2, 2022.

California Board of Pharmacy

The California Board of Pharmacy issued the pharmacy (former license #PHY 56100) a letter of admonishment CI 2019 84877 dated **January 23, 2020,** concluding an investigation that found the pharmacy shipped a prescription to the wrong patient and shipped two prescriptions with the wrong return address.

The California Board of Pharmacy issued the pharmacy (former license #PHY 56100) a modified citation and fine CI 2019 78633 dated **June 16, 2020,** with the fine amount of $0.00. In 2018, certain prescriptions were issued to the pharmacy by prescribers that were either not yet licensed to prescribe in California or who had not yet entered into an established standardized procedure or protocol developed by a supervising physician.

Also, The California Board of Pharmacy issued the pharmacy (former license #PHY 56100) a citation and fine order of abatement CI 2020 89223 dated **August 25, 2021,** with the fine amount of $5,000. The pharmacy was in violation when dangerous drugs were stored in temperatures exceeding the recommended storage temperatures Truepill did not consider the manufacturer's stability data for drugs which may have been adulterated by heat.

PENDING MATTERS

The following Actions are currently pending or threatened against the Company. The below Actions are currently subject to ongoing discussions, negotiations, and developments.

California Board of Pharmacy

California CI 2024 105307: On August 9, 2024, the California State Board of Pharmacy sent notice of a pending citation along with information on contesting or appealing. Truepill is in process of requesting an informal hearing to contest the citation.

South Carolina Board of Pharmacy

South Carolina 2022-49: On May 3, 2023, Postmeds agreed in principle to a proposed consent order with the South Carolina Board of Pharmacy to resolve inaccuracies in prior ownership information provided to the Board. The agreement would be categorized as a public reprimand but would not be a public document and would not be reported to the National Practitioner Data Bank. The negotiated fine was $30,000. The South Carolina Board of Pharmacy has not finalized this consent order or initiated formal disciplinary proceedings.

STATE OF ILLINOIS
DEPARTMENT OF FINANCIAL AND PROFESSIONAL REGULATION
DIVISION OF PROFESSIONAL REGULATION

IN RE: The Application of POSTMEDS INC DBA TRUEPILL, 054-app-4237687	APPLICANT.	)))	Case No. 2023-00783

CONSENT ORDER

The Division of Professional Regulation of the Illinois Department of Financial and Professional Regulation ("Department"), by its attorney Nicholas V. Gallo, and Applicant POSTMEDS INC ("Applicant"), by its attorney Marc N. Wagner, hereby agree to the following:

STIPULATIONS

On or about August 22, 2022, Applicant submitted to the Department a change of ownership application (the "application") for Illinois licensed pharmacy license no. 054.022350.

On or about June 16, 2020, the California State Board of Pharmacy issued Applicant a disciplinary modified citation and fine ("California Citation and Fine") under case no. 2017-78633 for Applicant filling prescriptions issued to Applicant by prescribers that were either not yet licensed to prescribe in California or who had not yet entered into an established standardized procedure or protocol developed by a supervising physician. The California Citation and Fine constitutes grounds for disciplinary action against Applicant on the authority of the Illinois Pharmacy Practice Act ("Act") at 225 ILCS 85/30(a)(8) as the grounds for action in the California Citation and Fine are the same or substantially equivalent to, including but not limited to 225 ILCS 85/30(a)(2) via 225 ILCS 85/4(g).

On or about August 25, 2021, the California State Board of Pharmacy issued Applicant a disciplinary citation and fine order of abatement ("California Citation and Fine Order of Abatement") under case no. 2020-89223 for, including but not limited to, Applicant storing dangerous drugs in temperatures exceeding the recommended storage temperatures. The California Citation and Fine Order of Abatement constitutes grounds for disciplinary action against Applicant on the authority of the Act at 225 ILCS 85/30(a)(8)

as the grounds for action in the California Citation and Fine Order of Abatement are the same or substantially equivalent to, including but not limited to 225 ILCS 85/30(a)(2) via 225 ILCS 85/3(d)(12).

On or about March 8, 2022, Applicant and the North Carolina Board of Pharmacy entered into a Consent Order of Discipline for, including but not limited to, Applicant failing to report change of ownership in a timely manner. The North Carolina Agreement constitutes grounds for disciplinary action against Applicant on the authority of the Act at 225 ILCS 85/30(a)(8) as the grounds for action in the North Carolina Agreement are the same or substantially equivalent to, including but not limited to 225 ILCS 85/30(a)(2) via the Act's Administrative Rules ("Rules") at 68 IAC 1330.780(a)(1).

On or about May 11, 2022, Applicant and the Louisiana Board of Pharmacy entered into a disciplinary Consent Agreement ("Louisiana Agreement") under case no. 21-0456 for, including but not limited to, Applicant failing to report change of ownership in a timely manner. The Louisiana Agreement constitutes grounds for disciplinary action against Applicant on the authority of the Act at 225 ILCS 85/30(a)(8) as the grounds for action in the Louisiana Agreement are the same or substantially equivalent to, including but not limited to 225 ILCS 85/30(a)(2) via 68 IAC 1330.780(a)(1).

On or about February 15, 2024, Applicant and the Board of Pharmacy for the State of Alaska entered into a disciplinary Consent Agreement ("Alaska Agreement") under case no. 2022-000434 for, including but not limited to, Applicant failing to disclose prior disciplines from another state within the required timeframe. The Alaska Agreement constitutes grounds for disciplinary action against Applicant on the authority of the Act at 225 ILCS 85/30(a)(8) as the grounds for action in the Alaska Agreement are the same or substantially equivalent to, including but not limited to 225 ILCS 85/30(a)(2) via 68 IAC 1330.40(c).

Pursuant to 68 IAC 1130.300(a) the following factor is considered in aggravation: (a) the presence of multiple adverse actions taken by other states against Applicant.

Pursuant to 68 IAC 1130.300(b) the following factors are considered in mitigation: (a) Applicant has cooperated with the Department in its investigation; and (b) Applicant has no prior disciplinary history with the Department.

At all times material to the matter set forth in this Consent Order, the Department had jurisdiction over the subject matter and the parties herein. Applicant has been advised of the right to have any allegation(s) reduced to written charges, to a hearing where the Department bears the burden to prove its allegations by clear and convincing evidence, to contest any charges brought and present mitigating evidence, and to administrative review of any order resulting from a hearing. Applicant knowingly waives each of these rights, as well as any right to administrative review of this Consent Order. Such waiver ceases if this Consent Order is rejected by the Secretary or the Secretary's designee or the Board. Applicant acknowledges that it has entered into this Consent Order freely and of Applicant's own will without threat or coercion by the Department or any person, and has not relied upon any representation made by or on behalf of the Department other than those specifically included herein. Applicant acknowledges that the Department attorney may be requested to communicate with the Board or the Secretary or the Secretary's designee in furtherance of the approval of this Consent Order. Applicant acknowledges that this Consent Order will be presented to the Secretary or the Secretary's designee. If this Consent Order is not approved, Applicant waives any right to raise any prejudice resulting from the Secretary or the Secretary's designee's consideration of this Consent Order. Applicant understands that this Consent Order is not effective unless and until it is adopted by the Secretary or the Secretary's designee. A copy of any original signature(s) affixed to this Consent Order shall be given the full force and effect of an original signature(s) affixed to this Consent Order.

Applicant and the Department agree, in order to resolve this case, that the Applicant be permitted to enter into a Consent Order with the Department providing for the terms and conditions contained herein which are fair and equitable in the circumstances and which are consistent with the best interests of the people of the State of Illinois.

CONDITIONS

Wherefore, the Department, by its attorney Nicholas V. Gallo, and Applicant, by its attorney Marc N. Wagner, agree:

A. Applicant's Illinois licensed pharmacy license no. 054.022350 shall be issued with a Reprimand.

B. Applicant shall pay a five-thousand-dollar ($5,000.00 USD) disciplinary fine within sixty (60) days of the effective date of this Consent Order.

C. All fines issued pursuant to this Consent Order are to be paid by personal check, company check, cashier's check, or personal money order. Said monetary instrument(s) shall be made payable to "Illinois Department of Financial and Professional Regulation," clearly indicate on the face of the monetary instrument the case number of 2023-00783 as well as license no. 054.022350, and be mailed to the following address:

Illinois Department of Financial and Professional Regulation
SSC – Accounts Receivable Section - Fines
P.O. Box 7086
Springfield, IL 62791-7086

D. Prior to the satisfaction of subsections B and C, above, Applicant shall not violate any state or federal law, rule, or regulation concerning controlled substances or the practice of wholesale drug distribution.

E. Applicant agrees that any violation of this Consent Order permits the Secretary or Secretary's designee to issue an Order forthwith mandating the automatic, indefinite, and immediate suspension of Applicant's license for a minimum period of twelve (12) months. This suspension shall not preclude the Department from taking any other disciplinary or other action it deems appropriate. In the event that Applicant(s) contest(s) in writing (by the filing with the Department within thirty (30) days the effective date of the suspension, a Petition complying with the Department's Rules of Practice in Administrative Hearings) the factual basis underlying said suspension, then Applicant(s) shall be afforded a hearing on the merits in accordance with the Department's Rules of Practice in Administrative Hearings, 68 Ill. Admin. Code 1110/et seq.

F. Applicant acknowledges that this Consent Order is a public disciplinary action and will be made available to the public. It will be reported to all applicable reporting databases.

G. This Consent Order is a final administrative order. This Consent Order shall become effective upon the signature of the Secretary or the Secretary's designee below unless otherwise stated herein.

Case No. 2022-000434

CONSENT AGREEMENT

IT IS HEREBY AGREED by the Department of Commerce, Community and Economic Development, Division of Corporations, Business and Professional Licensing (Division) and TRUEPILL (Respondent) as follows:

1) **Licensure.** Respondent is currently registered as an Out-of-State Pharmacy in the State of Alaska and holds License number #166601. This license was first issued on 08/27/2020 and will lapse unless renewed by 06/30/2024.

2) **Admission/Jurisdiction.** Respondent admits and agrees that the Board of Pharmacy has jurisdiction over the subject matter of their license in Alaska and over this Consent Agreement.

3) **Admission/Facts.** Respondent admits to the following facts:

a) On September 25, 2017, Staff Pharmacist working for TRUEPILL, Curtis Ancar, received a disciplinary order from the California Board of Pharmacy for failure to exercise corresponding responsibility and excessive furnishing of controlled substances.

b) On January 24, 2019, the California Board of Pharmacy cited former Pharmacist-in-Charge and former owner of TRUEPILL, Mohammad Umar Afridi, for failure to provide documentation substantiating completion of continuing education and knowingly making or signing a document with false information.

c) On December 16, 2019, the California Board of Pharmacy cited former Pharmacist-in-Charge and former owner of TRUEPILL, Mohammad Umar Afridi, for furnishing and dispensing dangerous drugs without a prescription and dispensing on order of nurse practitioner (or person of similar status).

d) On January 23, 2020, the California Board of Pharmacy issued a letter of admonishment to Respondent for shipping a prescription to the wrong address and shipping two prescriptions with the wrong return address.

e) On June 16, 2020, the California Board of Pharmacy issued a modified citation and fine CI 2019 78633 with the fine amount of $0.00 for receiving prescriptions by prescribers that were not licensed or have not entered into procedures with supervising physicians.

f) On April 08, 2022, Respondent submitted an Out-of-State Pharmacy Registration Ownership Change Application from license no. 166601 to license no. 193858 (now withdrawn) to the Division. Professional Fitness Question #1 was marked "Yes" indicating disciplinary actions had been issued against their license as listed above in sections a) through e).

g) Subsequent background investigation revealed Respondent failed to disclose the abovementioned 2017, 2019, and 2020 licensing actions from the California Board of Pharmacy on previous State of Alaska applications for TRUEPILL (formerly DBA Postmeds, Inc.) for licenses 137655 and 166601 dated June 08, 2018, August 06, 2020, and August 27, 2020.

h) Respondent admits that as a result of the above facts, grounds exist for possible suspension, revocation, or other disciplinary sanctions of their license pursuant to AS 08.01.075, AS 08.80.261(a)(1), AS 08.80.261(a)(6), AS 08.80.261(a)(9), AS 08.80.261(a)(11)(12)(14), 12 AAC 52.920(a)(13), and 52.920(a)(14)(c).

4) **Formal Hearing Process.** It is the intent of the parties to this Consent Agreement to provide for the compromise and settlement of all issues addressed in Paragraph 3 (above) that could be raised by an Accusation to revoke, suspend, or impose disciplinary sanctions against Respondent's license through a formal hearing process.

5) **Waiver of Rights.** Respondent understands they have the right to consult with an attorney of their own choosing and has a right to an administrative hearing on the facts in this case. Respondent understands and agrees that by signing this Consent Agreement, Respondent is waiving their rights to counsel and to a hearing. Further, Respondent understands and agrees that they are relieving the Division of any burden it has of proving the facts admitted above. Respondent further understands and agrees that by signing this Consent Agreement they are voluntarily and knowingly giving up their right to present oral and documentary evidence, to present rebuttal evidence, to cross-examine witnesses against Respondent, and to appeal the Board's decision to Superior Court.

6) **Effect of Non-Acceptance of Consent Agreement.** Respondent and the Division agree that this Consent Agreement is subject to the approval of the Board. They agree that, if the Board rejects this Consent Agreement, it will be void, and an Accusation may be filed. If this Consent Agreement is rejected by the Board, it will not constitute a waiver of Respondent's right to a hearing on the matters alleged in an Accusation and the admissions contained herein will have no effect. Respondent agrees that, if the Board rejects this Consent Agreement, the Board may decide the matter after a hearing, and its consideration of this Consent Agreement shall not alone be grounds for claiming that the Board is biased against Respondent, that it cannot fairly decide the case, or that it has received ex parte communication.

7) **Consent Agreement, Decision, and Order.** Respondent agrees that the Board has the authority to enter into this Consent Agreement and to issue the following Decision and Order.

PROPOSED DECISION AND ORDER

IT IS HEREBY ORDERED that any license issued to Respondent by the Board shall be subject to the following terms and conditions:

A. Violation of Agreement

If Respondent fails to comply with any term or condition of this Consent Agreement, the Division may enforce this agreement by immediately suspending Respondent's license, without an additional order from the Board or without a prior hearing, for a violation of this agreement. In addition, any suspended portion of the civil fine will be immediately due.

If Respondent's license is suspended under this paragraph, as provided above, they will be entitled to a hearing, on an expedited basis, regarding the issue of the suspension. If Respondent's license is suspended, they will continue to be responsible for all license requirements pursuant to AS 08.80.

Respondent shall maintain an active license for the entire duration of this Consent Agreement. If the Respondent lets their license lapse, and after receiving adequate notice from the Board fails to correct the problem, the failure to maintain active licensure will be considered a violation of this Consent Agreement.

B. Respondent Address

It is the responsibility of the Respondent to keep the Board's agent advised, in writing, at all times of their current mailing address, physical address, telephone number, current employment and any change in employment.

Failure to provide notice of any changes within 10 calendar days will constitute grounds for suspension of his or her license in accordance with paragraph 'B' above.

C. Compliance with Laws

Respondent shall obey all federal, state and local laws governing their license.

D. Authorization

Within 10 calendar days of a request by the Board agent, Respondent will sign all authorizations necessary for the release of information required by this Consent Agreement.

E. Good Faith

All parties agree to act in good faith in carrying out the stated intentions of this Consent Agreement.

F. Address of the Board

ORDER TO SHOW CAUSE

AND NOW, this 10th day of May 2023, **PostMeds Inc** ("Respondent") is hereby ORDERED TO SHOW CAUSE why the Pennsylvania State Board of Pharmacy ("Pennsylvania Board"), upon consideration of the Factual Allegations and the applicable law, should not suspend, revoke or otherwise restrict Respondent's registration, impose a civil penalty, or impose the costs of investigation. This action is brought pursuant to the Pharmacy Act, act of September 27, 1961, P.L. 1700, ("Act"), *as amended*, 63 P.S. §§ 390-1 to 390-13; and 63 Pa.C.S. Chapter 31 ("Chapter 31"); and will be conducted in accordance with the Administrative Agency Law, 2 Pa. C.S. §§ 501-508, 701-704, Chapter 31, and the General Rules of Administrative Practice and Procedure ("GRAPP"), 1 Pa. Code §§ 31.1-35.251.

IT IS FURTHER ORDERED that Respondent file an Answer to this Order to Show Cause in writing within thirty (30) days of the date on the most recent Certificate of Service associated with this Order to Show Cause, in accordance with Rule 35.37 of GRAPP, 1 Pa. Code § 35.37, *as amended.*

FACTUAL ALLEGATIONS

1. Respondent holds the following registration to practice as a nonresident pharmacy in the Commonwealth of Pennsylvania: registration no. NP000931.

DOS Prothonotary.
May 10 2023

2. Respondent's registration was originally issued on July 3, 2017, and it is currently set to expire on August 31, 2023.

3. Absent further action by the Pennsylvania Board, the Respondent's registration may be renewed or reactivated upon the filing of the appropriate documentation and payment of the necessary fees.

4. At all times pertinent to the Factual Allegations, Respondent held a registration to practice as a nonresident pharmacy in the Commonwealth of Pennsylvania.

5. Respondent's last known address on file with the Board is: 3131 Diablo Ave, Hayward, CA 94545.

COUNT ONE

6. Paragraphs 1 through 5 are incorporated by reference.

7. At all relevant and material times, Respondent was authorized to practice as a nonresident pharmacy in the State of North Carolina.

8. On or about March 8, 2022, the State of North Carlina Board of Pharmacy ("North Carolina Board"), by way of Consent Order of Discipline, found Respondent to be in violation of the laws, rules, code and/or regulations of the State of North Carolina because Respondent failed to report a restructuring of ownership to the North Carolina Board.

9. In the March 8, 2022 Consent Order of Discipline, the North Carolina Board voided Respondent's permit from the time it was issued until the time the restructuring began and approved Respondent's change of ownership application as a successor permit.

10. A true and correct copy of the North Carolina Board's March 8, 2022 Consent Order of Discipline is attached as **EXHIBIT A** and is incorporated by reference.

11. At all relevant and material times, Respondent was authorized to practice as a nonresident pharmacy in the State of Louisiana.

12. On or about May 11, 2022, the State of Louisiana Board of Pharmacy ("Louisiana Board"), by way of Consent Agreement at Louisiana Board Case Number 21-0456, found Respondent to be in violation of the laws, rules, code and/or regulations of the State of Louisiana because Respondent failed to report a restructuring of ownership to the Louisiana Board.

13. In the May 11, 2022 Consent Agreement, the Louisiana Board imposed a ten thousand dollar ($10,000.00) fine, two hundred fifty dollars ($250.00) in administrative costs, and three hundred twenty-four dollars and forty-eight cents ($324.48) in investigative costs.

14. A true and correct copy of the Louisiana Board's May 11, 2022 Consent Agreement, Louisiana Board Case Number 21-0456, is attached as **EXHIBIT B** and is incorporated by reference.

15. At all relevant and material times, Respondent was authorized to practice as a nonresident pharmacy in the State of Kansas.

16. On or about January 20, 2023, the State of Kansas Board of Pharmacy ("Kansas Board"), by way of Amended Summary Order at Kansas Board Case Number 22-183, found Respondent to be in violation of the laws, rules, code and/or regulations of the State of Kansas because Respondent failed to report a restructuring of ownership to the Kansas Board and failed to report disciplinary actions from North Carolina, Alabama, and California which also pertained to a failure to report a restructuring of ownership to each respective Board.

17. In the January 20, 2023 Amended Summary Order, the Kansas Board imposed a three thousand five hundred dollar ($3,500.00) fine.

DDS Prothonotary

18. A true and correct copy of the Kansas Board's January 20, 2023 Amended Summary Order, Kansas Board Case Number 22-183, is attached as **EXHIBIT C** and is incorporated by reference.

19. Based upon the foregoing Factual Allegations, the Pennsylvania Board is authorized to suspend or revoke, or otherwise restrict Respondent's nonresident pharmacy registration under section 4.1(e) of the Act, 63 P.S. §§ 390-4.1(e); or impose a civil penalty under section 63 Pa.C.S. § 3108(b)(4), and/or impose the costs of investigation under 63 Pa.C.S. § 3108(b)(5), because Respondent violated the Act at section 4.1(g), 63 P.S. § 390-4.1(g), in that Respondent had a permit to conduct a pharmacy suspended or revoked or the nonresident pharmacy was otherwise disciplined by the proper licensing authority of another state.

PENALTIES

If the Pennsylvania Board finds that the Factual Allegations are true and correct, and determines that it has the authority to suspend or revoke the Respondent's registration, the Pennsylvania Board may, in its discretion, impose one or more of the following penalties:

- The revocation, suspension or other restriction of any licenses, certifications, registrations, permits or other authorizations to practice a profession held by Respondent in the Commonwealth of Pennsylvania, or the imposition of any other disciplinary or corrective action that the Act authorizes the Board to impose.
- The imposition of a civil penalty of up to ten thousand dollars ($10,000.00) for each and every violation of the Act. Where criminal proceedings are a basis for a violation of the Act, each count for which the Respondent was convicted may be considered a separate violation of the Act.

PROCEDURES

All proceedings are conducted in accordance with the Administrative Agency Law, 2 Pa. C.S. §§ 501-508, 701-704; Chapter 31; and the General Rules of Administrative Practice and Procedure, 1 Pa. Code §§ 31.1-35.251. **RESPONDENT IS HEREBY ORDERED TO FILE A WRITTEN ANSWER TO THIS ORDER TO SHOW CAUSE WITHIN THIRTY (30) DAYS OF THE DATE ON THE MOST RECENT CERTIFICATE OF SERVICE ASSOCIATED WITH THIS ORDER TO SHOW CAUSE.** The Answer shall specifically admit or deny each of the Factual Allegations made herein, and shall set forth the facts and state concisely the matter of law upon which Respondent relies. If Respondent fails to file an Answer within the time allowed herein, the Factual Allegations may be deemed admitted, and the Pennsylvania Board will issue an Order which may impose penalties as set forth above.

If Respondent desires a formal administrative hearing, at which Respondent may defend against the allegations in the Order to Show Cause or to present evidence in mitigation of any penalty which may be imposed upon Respondent or any of Respondent's licenses, certifications, registrations, permits or other authorizations to practice a profession, a written request for hearing must be filed within thirty (30) days of the date on the most recent Certificate of Service associated with this Order to Show Cause. **IF RESPONDENT FAILS TO FILE A WRITTEN REQUEST FOR HEARING WITHIN THIRTY (30) DAYS OF THE DATE ON THE MOST RECENT CERTIFICATE OF SERVICE ASSOCIATED WITH THIS ORDER TO SHOW CAUSE, RESPONDENT WILL BE DEEMED TO HAVE WAIVED HIS OR HER RIGHT TO A HEARING AND FINAL JUDGMENT MAY BE ENTERED WITHOUT A HEARING.**

If a hearing is scheduled, Respondent will be notified of the specific time and place of the hearing. The hearing will be held before the Board or its duly designated Presiding Officer, in

STATE OF NORTH CAROLINA
NORTH CAROLINA BOARD OF PHARMACY

IN THE MATTER OF	)	
	)	
POSTMEDS, INC. d/b/a Truepill,	)	**CONSENT ORDER**
	)	**OF DISCIPLINE**
Permit No. 13413 and Its Successor Permit(s).	)	

THIS MATTER came to be considered before a member of the North Carolina Board of Pharmacy (hereinafter, the "Board") pursuant to 21 N.C.A.C. 46 .2008. The Conference was scheduled for Thursday, February 24, 2022, and, after appropriate notice, was heard on that day by Board member Wallace E. Nelson. Respondent PostMeds, Inc. was informed of its right to be present at the pre-hearing conference and declined. The Board's General Counsel, Clinton R. Pinyan, represented the Board.

Respondent has agreed to waive a formal hearing in the above-referenced matter. It stipulates and agrees to the findings of fact and conclusions of law recited herein and to the order of discipline imposed. By its consent, Respondent also stipulates that it waives its right to appeal this Consent Order or challenge in any way the sufficiency of the findings of this Order as a basis for the action taken. Based upon the consent of the parties, the Board hereby enters the following:

FINDINGS OF FACT

1. On November 20, 2017, the Board issued Permit No. 13413 to Respondent PostMeds, Inc. d/b/a Trucpill (Permit No. 13413) ("PostMeds").

2. On PostMeds' initial permit application, its then-pharmacist manager, Mohammad Umar Afridi, submitted an inaccurate statement that he was the sole owner and officer of PostMeds. In fact, PostMeds now acknowledges that Afridi and Siddharth

DOS Prothonotary:
May 10 2023

Viswanathan each owned 47 percent of PostMeds on November 20, 2017, with others owning six percent, and that Viswanathan was also an officer of PostMeds.

3. Viswanathan and the minority owners' interests would not have raised questions about the permit application in this particular case. If PostMeds had disclosed the true ownership and officers of PostMeds, the Board still would have granted PostMeds a permit. However, it was an inaccurate statement that Afridi, as the person who submitted the application, knew was inaccurate. That statement prevented the Board from vetting Viswanathan as the owner of the pharmacy. Because of the inaccuracy of the representations, the initial permit was void ab initio.

4. In November 2019, PostMeds went through a corporate restructuring. During that restructuring, Truepill, Inc. was created as a holding company for PostMeds. At that time, Truepill, Inc. became the sole owner of PostMeds. Afridi, Viswanathan and the other former direct owners of PostMeds became indirect owners with the same ownership interests in the holding company, Truepill, Inc., that they had before the transfer of ownership.

5. This restructuring required PostMeds to submit a transfer of ownership application and have that application granted before the restructuring closed. PostMeds failed to do this. Therefore, even if the initial permit had been valid (which it was not), it would have become invalid upon the corporate restructuring.

6. Insertion of a new holding company between the ultimate owners and PostMeds would not have raised questions about the permit application in this particular case. The ownership interests of the ultimate owners did not change. If PostMeds had disclosed the new holding company, the Board still would have granted the transfer of ownership. However,

DOS Prothonotary:
May 10 2023

PostMeds failed to submit the transfer of ownership application or otherwise disclose the interests of Truepill, Inc.

7. In each of its subsequent renewals, PostMeds failed to correct the ownership information that it had inaccurately submitted on its initial application or to list Truepill, Inc., as the direct owner of the pharmacy.

8. On November 4, 2021, counsel for PostMeds informed the Board that its "current ownership information on file with the North Carolina Board of Pharmacy is out of date." Upon follow-up questioning, the next day, PostMeds disclosed that it should have submitted a transfer of ownership application in November 2019. It further was apparent from the ownership information that PostMeds provided that Afridi made inaccurate representations about ownership and officers on PostMed's initial application that had never been corrected.

9. PostMeds agreed to stop shipping any drugs, devices or medical equipment into the State of North Carolina until the matter was resolved. It further agreed to stop shipping or dispensing any drugs, devices or medical equipment from six other pharmacies under its ownership until the matter was resolved (even though those pharmacies did not receive permits until after the transfer of ownership had occurred, and so did not suffer from the same problem).

10. PostMeds submitted a transfer of ownership application promptly.

11. Although PostMed's disclosure of its inaccuracies was tardy, its remedial actions are a mitigating factor in this matter.

CONCLUSIONS OF LAW

1. Reporting of correct and complete ownership information on an initial pharmacy permit application or a renewal application is material, indeed essential, to the Board's ability to ensure that a pharmacy will provide services safely and competently to the public.

DOS Prothonotary
May 10 2023

2. PostMeds made inaccurate statements about its ownership and officers on its initial application, which it failed to correct at any point through its 2022 renewal. That initial permit was therefore void ab initio and violated G.S. § 90-85.38(b).

3. The creation of Truepill, Inc. as a holding company further triggered a requirement to report the ownership change and obtain a successor permit, and to do so before the closing of the transaction that created Truepill, Inc. The transaction "result[ed] in a different person . . . owning more than 50 percent interest in the permit holder . . . ." 21 NCAC 46.1603. Failure to apply for and obtain a successor permit prior to the transaction, and a continuing failure to disclose the ownership interest of Truepill, Inc., violated G.S. § 90-85.38(b).

IT IS THEREFORE ORDERED:

PostMeds was in violation of G.S. § 90-85.38(b) in North Carolina from November 20, 2017 until at least November 4, 2021. Respondent PostMed's Permit No. 13413 was **VOID** from the time that it was granted on November 20, 2017. G.S. § 90-85.38(c).

Respondent PostMed's change of ownership application is **APPROVED** as a successor permits to Permit No. 13413 (the "Successor Permit") with the following **CONDITIONS:**

1. PostMeds shall provide timely advance notice of any contemplated change in ownership to the current pharmacist-manager and any future pharmacist-manager(s) of the Successor Permit. PostMeds shall consult with the Successor Permit's pharmacist-manager(s) to determine whether any contemplated transaction triggers the need to obtain new permits. PostMeds shall authorize the Successor Permit's pharmacist-manager(s) to take any necessary action to update that ownership information with the Board or to apply for new permits. If a contemplated transaction triggers the need for new permits, PostMeds shall not complete that

DOS Prothonotary:

4521

transaction unless and until either the Board issues new permits or PostMeds ceases all practice of pharmacy at the permitted location.

2. The Successor Permit shall violate no laws governing the practice of pharmacy or the distribution of drugs.

3. The Successor Permit shall violate no rules or regulations of the Board.

4. If the Successor Permit fail to comply with any term or condition of this Order, it may be subject to additional disciplinary action by the Board.

LOUISIANA BOARD OF PHARMACY

BATON ROUGE, LOUISIANA

IN THE MATTER OF: **CONSENT ORDER**

POSTMEDS, INC.

LOUISIANA PHARMACY PERMIT NO. 7761 **Case No. 21-0456**

****

CONSENT AGREEMENT

WHEREAS, an informal conference was conducted by the Violations Committee of the Louisiana Board of Pharmacy (hereinafter referred to as the "Board") on March 16, 2022 at the Board office, 3388 Brentwood Drive, Baton Rouge, LA 70809, in the matter of POSTMEDS, INC. (hereinafter referred to as "Respondent"), holding Louisiana Pharmacy Permit No. 7761, 3121 Diablo Ave., Hayward, CA 94545-2701, with attorney Skip Philips and Postmeds Corporate Counsel Donnie Simkin appearing on behalf of Respondent.

WHEREAS, WHEREAS, on August 27, 2018, the Louisiana Board of Pharmacy issued a non-resident pharmacy permit, PHY.007761-NR, to Postmeds Inc. At that time, Postmeds Inc. was 31.5% owned by Mohammad Umar Afridi, 31.5% owned by Siddharth Viswanathan, 16.5% owned by Initialized III L.P., and 20.5% owned by others with no individual owner holding more than 4%. On December 17, 2021 the Board received an "Application for New Louisiana Pharmacy Permit for Nonresident Pharmacy" from Postmeds, Inc. d/b/a Truepill. Accompanying correspondence and organization chart detailed a 100% change in the ownership structure of Postmeds Inc., effective November 6, 2019. Postmeds Inc. went from being owned 31.5% by Mohammad Umar Afridi, 31.5% by Siddharth Viswanathan, 16.5% by Initialized III L.P., and 20.5% by others with no individual owner holding more than 4%, to being owned 100% by Truepill, Inc.

WHEREAS, the Board alleges that such actions constitute violations of the following:

La. R.S. 37:1241 (A)(1): Practiced or assisted in the practice of pharmacy, or knowingly permitted or has permitted anyone in his employ or under his supervision to practice or assist in the practice of pharmacy, in violation of the provisions of this Chapter and any rules and regulations promulgated thereto in accordance with the Administrative Procedure Act.

La. R.S. 37:1221(B). No out-of-state pharmacy providing pharmacy services to residents of this state shall open, establish, operate, or maintain a pharmacy, located out-of-state, unless the pharmacy is issued a permit by the board.

La. R.S. 37:1222(A). A person applying for a permit to open, establish, operate, or maintain a pharmacy, within or outside of this state, shall complete an application in such form and contain such data as the board may require, and complete such other requirements as deemed necessary by the board, including but not limited to designation and identification of a pharmacist-in-charge.

DOS Prothonotary:
May 10 2023

La. R.S. 37:1222(E). A permit to operate a pharmacy shall not be transferable.

La. R.S. 37:1232(A). A pharmacy located outside this state which does business in this state within the meaning of this Chapter, shall hold a current pharmacy permit as provided in this Chapter. The pharmacy shall be designated a "nonresident pharmacy" and the permit shall be designated a "nonresident pharmacy permit."

LAC, Title 46: LIII §1101(A). Individuals, partnerships, corporations, limited liability companies, or associations desiring to operate a pharmacy in Louisiana, or outside the state where prescriptions drugs/devices are dispensed and delivered to Louisiana residents, shall execute an application for a pharmacy permit for their particular classification of pharmacy.

LAC, Title 46: LIII §1135(A)(1)(e). The holder of a pharmacy permit shall notify the board, in writing, prior to the transfer of ownership, in order for the board to complete an inspection of the pharmacy premises. A change of ownership of a pharmacy is evident under the following conditions: a 50 percent, or more, change in ownership of a corporation, limited liability company, or association since the issuance of the original permit or the last renewal application.

LAC, Title 46: LIII §1135(A)(2). The new owner(s) of the pharmacy shall submit a properly completed pharmacy permit application, with appropriate fee, to the board.

LAC, Title 46: LIII §1135(A)(4). Pharmacy permits are not transferable from the original holder(s) of the permit to the new owner(s).

LAC, Title 46: LIII §2305(A). The out-of-state pharmacy shall apply for a permit and annual permit renewals on forms provided by the board.

LAC, Title 46: LIII §2307(C). Authority and Accountability. The designated pharmacist-in-charge of the pharmacy and the pharmacy owner(s), or partners, or corporate officer(s) of the permit holder, where applicable, shall be responsible for the complete supervision, management, and compliance with all federal and state pharmacy laws and regulations pertaining to the practice of pharmacy of the entire prescription department. This responsibility necessarily includes accountability for any violation involving federal or state laws or regulations occurring within the prescription department supervised by a pharmacist-in-charge.

To facilitate the submission of this Consent Agreement, Respondent does not contest the allegations and agrees that there is sufficient evidence upon which to predicate a finding of those violations.

Respondent further understands that this Consent Agreement shall constitute a Public Record, pursuant to La. R.S. 44:1 et seq., and is considered disciplinary action by the Board.

DOS Prothonotary:
May 10 2023

Respondent further understands that this Consent Agreement shall constitute a Public Record, pursuant to La. R.S. 44:1 et seq., and is considered disciplinary action by the Board.

In order to avoid further administrative and judicial proceedings, Respondent hereby consents to accept and abide by the following order of the Board:

POSTMEDS, INC., holder of Louisiana Pharmacy Permit No. 7761, is ordered to pay a fine of $10,000.00 and to reimburse the Board $250.00 for administrative costs, and $324.48 for investigative costs with total payment due the Board of $10,574.80, due by *certified check or money order* to be paid simultaneously with the execution of this Consent Agreement by Respondent.

By signing this Consent Agreement, Respondent agrees that the Board has jurisdiction in this matter, waives all rights to informal conference, to Notice of Hearing, to a formal Administrative Hearing and to judicial review of this Consent Agreement. Moreover, at no time shall Respondent request the expungement, rescission or removal of this Consent Agreement.

By signing this Consent Agreement, Respondent agrees that any failure to comply with the terms of this Agreement is a basis for discipline by the Board.

Both Respondent and the Board stipulate that this Consent Order shall not become effective and shall not become binding on the Board unless and until approved by the Board at formal meeting. However, Respondent agrees that this Consent Order shall be effective and binding upon Respondent without recourse upon its authorized representative signing said Order.

Respondent agrees to authorize the Board to report this action to the National Practitioner Data Bank – Healthcare Integrity and Protection Data Bank (NPDB-HIPDB) as required by law.

I, Matt Davis-Ratner, authorized to act on behalf of and acting on behalf of **POSTMEDS, INC.**, understand that this Consent Agreement is effective as a Board Order upon affirmative vote by the Board at formal hearing. It is also understood that, should the Board not approve this Consent Agreement, the agreement therein does not preclude the Louisiana Board of Pharmacy from requiring a formal hearing of this case.

It is further understood that, should this Consent Agreement not be accepted by the Board, the presentation to and consideration by the Board of this Agreement, including presented documentary evidence and information, shall not unfairly or illegally prejudice or preclude the Board or any of its members from further participation in hearings or resolution of these proceedings.

AMENDED SUMMARY ORDER

NOW on this 20th day of January, 2023, comes before the Kansas Board of Pharmacy (the "Board"), through its Executive Director, the matter of PostMeds, Inc dba Truepill ("Respondent").

Pursuant to the authority granted to the Board by the Kansas Pharmacy Act, K.S.A. 65-1625, *et seq.*, and in accordance with the Kansas Administrative Procedure Act, K.S.A. 77-501, *et seq.*, the Board's Executive Secretary enters this Amended Summary Order in the above-captioned matter. After reviewing the investigation materials and being otherwise duly advised in the premises, makes the following findings, conclusions and order:

FINDINGS OF FACT

1. The Board has previously issued Respondent Registration No. 22-104228 which entitled Respondent to operate as a non-resident pharmacy in the State of Kansas.

2. On November 6, 2019, the ownership of Respondent's non-resident pharmacy changed.

3. On May 22, 2020, the Board received a renewal application for Respondent's Registration No. 22-104228, which was approved on June 3, 2020 with an expiration date of June 30, 2021. Respondent answered "No" to the question: "Has any license or registration, currently or previously held by the applicant or the PIC been surrendered to, denied, disciplined, censured, suspended, limited, placed on probation, or revoked by any state of federal government?"

DOS Prothonotary:

Respondent certified the information submitted was true, correct, and complete to the best of Respondent's knowledge.

4. On June 1, 2021, the Board received a renewal application for Respondent's Registration No. 22-104228, which was approved on June 21, 2021 with an expiration date of June 30, 2022. Respondent answered "No" to the question: "Has any license or registration, currently or previously held by the applicant or the PIC been surrendered to, denied, disciplined, censured, suspended, limited, placed on probation, or revoked by any state of federal government?" Respondent certified the information submitted was true, correct, and complete to the best of Respondent's knowledge.

5. Due to staffing challenges, personnel turnover and administrative oversight resulting from its early, rapid growth and restructuring and the corresponding COVID-19 pandemic, Respondent mistakenly failed to report the 2019 ownership change and related disclosures to the Board in its May 22, 2020 and June 1, 2021 renewal applications.

6. On April 18, 2022, the Board received notification from Respondent of an ownership change and several past disciplinary actions not previously reported to the Board including: North Carolina Board of Pharmacy Consent Order of Discipline dated March 8, 2022; California State Board of Pharmacy Letter of Admonishment dated January 23, 2020; California State Board of Pharmacy Citation and Fine dated June 16, 2020; California State Board of Pharmacy Citation and Fine Order of Abatement dated August 25, 2021; Alabama State Board of Pharmacy Final Order dated October 25, 2021; California State Board of Pharmacy Citation and Fine dated January 24, 2019; and California State Board of Pharmacy Citation dated December 16, 2019.

DOS Prothonotary:
May 10 2023

7. On April 28, 2022, the Board received from Respondent a Form BA-22 Non-Resident Pharmacy Registration Application ("Respondent's Application"), notifying of the change in ownership effective November 6, 2019, and applying for a new non-resident pharmacy registration under the new ownership.

8. On May 20, 2022, the Board approved Respondent's Application and issued Respondent the new Non-Resident Pharmacy Registration No. of 22-117859 ("Respondent's Registration") under their new ownership.

9. Prior to receiving the ownership change application, registrant provided a letter notifying of the late ownership change, as well as unreported discipline. Ownership change application completed indicating discipline had occurred and providing details of discipline (5 occurrences).

10. In mitigation, Respondent states that it has invested in additional staff, engaged internal and external legal counsel and implemented training efforts to prevent any such reporting oversights in the future.

CONCLUSIONS OF LAW

1. Pursuant to K.S.A. 65-1658, the Board may assess a civil fine not to exceed $5,000, after notice and an opportunity to be heard, to any registrant for violation of the pharmacy act of the state of Kansas or any other rules or regulations of the state board of pharmacy.

2. Pursuant to K.S.A. 65-1627(f), the Board may take action against a registration on any ground that would authorize the board to take action against the registration of a pharmacy under K.S.A. 65-1627, and amendments thereto.

3. Pursuant to K.S.A. 65-1627(e)(1), the Board may take action against the registration of a pharmacy upon a finding that such pharmacy has been operated in such manner

DOS Prothonotary:

that violations of the provisions of the pharmacy act of the state of Kansas or of the rules and regulations of the board have occurred in connection therewith.

4. Pursuant to K.S.A. 65-1627(e)(4), the Board may take action against the registration of a pharmacy upon a finding that the registrant has had a registration revoked, suspended or limited, has been censured or has had other disciplinary action taken, or an application for registration denied, by the proper registering authority of another state, territory, District of Columbia or other country.

5. Pursuant to K.S.A. 65-1657, no nonresident pharmacy shall ship, mail, or deliver, in any manner, prescription drugs to a patient in this state unless registered with the Board as a nonresident pharmacy.

6. Pursuant to K.S.A. 65-1645(f), registrations shall not be transferable.

7. Pursuant to K.A.R. 68-2-9, each registrant shall notify the executive secretary of the Board in writing of any change in majority ownership of the operation for which the registration was issued within five days after the date the change in ownership becomes effective.

8. Pursuant to K.A.R. 68-2-23, each pharmacy owner shall notify the board in writing within 30 days of any denial, limitation, suspension, revocation, voluntary surrender, or other disciplinary action taken by the state of Kansas or another jurisdiction against the pharmacy or the pharmacy owner or any application, license, registration, or permit held by the pharmacy owner.

9. Respondent's registered facility changed ownership on November 6, 2019 but Respondent did not provide notification or file a new application with the Board until April 18 and 28, 2022, respectively.

10. Respondent's failure to submit the complete change of ownership to the Board until April 2022 is a violation pursuant to K.A.R. 68-2-9 and an unlawful transfer of the previous

DOS Prothonotary:
May 10 2023

registration to the new ownership. Respondent's actions are a violation pursuant to K.S.A. 65-1657 and K.S.A. 65-1627(e)(1), and a basis to take action against Respondent's Registration.

11. Respondent failed to notify the Board of the six disciplinary actions by North Carolina, California, and Alabama until April 18, 2022, nearly one to two years after they were effective, is a violation of K.A.R. 68-2-23 and a basis to take action against Respondent's Registration pursuant to K.S.A. 65-1627(e)(1) and (e)(4).

ORDER

Taking into account the mitigating and corrective actions of Respondent, the Board finds and concludes that Respondent's conduct, as described above, violates the Act and such conduct warrants the imposition of a fine pursuant to K.S.A. 65-1658, in the amount of $3,500.00. Respondent has 30 days from the date of this order to pay the fine.

NOTICES

The Respondent is hereby notified as follows:

1. The Respondent may request a hearing pursuant to the Kansas Administrative Procedure Act by filing a written request with the Kansas Board of Pharmacy, 800 SW Jackson, Suite 1414, Topeka, KS 66612-1231 within fifteen (15) days after service of this order.

2. If a hearing is not requested as described above, the Order shall become a final order of the Board, effective upon the expiration of the time to request a hearing.

3. Within fifteen (15) days after entry of a final agency order, either party may file a petition for reconsideration pursuant to K.S.A. 77-529.

4. Within the time limits established in K.S.A. 77-613, either party may seek judicial review of a final agency order, pursuant to said statute. The agency officer designated to receive service of a petition for judicial review is:

CONSENT ORDER

THIS MATTER comes before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on a complaint against **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** which resulted in the filing of a Statement of Charges and Notice of Hearing ("Statement") alleging violations of the Alabama Pharmacy Practice Act as are more particularly set out in the Statement which is attached hereto as **Exhibit "A."**

Prior to a hearing in this cause, and pursuant to Code of Alabama (1975), § 41-22-12(f), the matters at issue were resolved informally by the parties and the parties negotiated a Consent Order, the terms of which are as follows:

1. The Board finds that **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** has violated the provisions of law set out in the Statement.

2. **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** shall pay an administrative fine in the amount of Three Thousand Dollars ($3,000.00) within thirty (30) days of the effective date of this consent order that being the day the same is signed on behalf of the Board. This payment shall not be subject to discharge in bankruptcy nor shall **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** attempt to discharge the same. Payments shall be made payable to Alabama State Board of Pharmacy and mailed to 111 Village Street, Birmingham, Alabama 35242.

3. **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** expressly waives its rights pursuant to the Alabama Pharmacy Practice Act, the Alabama

Administrative Procedure Act and the Alabama Uniform Controlled Substances Act, including but not limited to the Code of Alabama (1975), §34-23-34 and §34-23-92(12), Code of Alabama (1975), §41-22-12 and §40-22-20 and Code of Alabama (1975), §20-2-50 et seq., and including but not limited to the opportunity for a hearing before the Board in connection with any charges against it and any judicial review. **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** further waives any objection to the attorney for the Board preparing, drafting, or making this Order, including the waiver of any objection or right pursuant to Code of Alabama (1975), §41-22-18.

4. By execution of this Consent Order, **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** hereby releases the Board, its members, agents, representatives, servants, and employees from any and all liability, claims, damages, fees, or expenses arising out of or made in connection with the matters relating to this Consent Order and Statement.

5. **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** acknowledges and agrees that any future violation of the Alabama Pharmacy Practice Act, the laws that regulate the sale and/or dispensing of prescription or legend drugs and/or narcotics or any Rules and regulations of the Alabama State Board of Pharmacy or the pharmacy law or rules of the Board of Pharmacy of another state or any other applicable laws may, upon proof and hearing thereof, result in further disciplinary sanctions against **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.'s** permit, including, but not limited to revocation.

6. **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** acknowledges and agrees that it has read this Consent Order and that it fully understands the terms, conditions, and contents of the same. **PostMeds Inc. dba Truepill and/or**

AMENDED SUMMARY ORDER

NOW on this 20th day of January, 2023, comes before the Kansas Board of Pharmacy (the "Board"), through its Executive Director, the matter of PostMeds, Inc dba Truepill ("Respondent").

Pursuant to the authority granted to the Board by the Kansas Pharmacy Act, K.S.A. 65-1625, *et seq.*, and in accordance with the Kansas Administrative Procedure Act, K.S.A. 77-501, *et seq.*, the Board's Executive Secretary enters this Amended Summary Order in the above-captioned matter. After reviewing the investigation materials and being otherwise duly advised in the premises, makes the following findings, conclusions and order:

FINDINGS OF FACT

1. The Board has previously issued Respondent Registration No. 22-104228 which entitled Respondent to operate as a non-resident pharmacy in the State of Kansas.

2. On November 6, 2019, the ownership of Respondent's non-resident pharmacy changed.

3. On May 22, 2020, the Board received a renewal application for Respondent's Registration No. 22-104228, which was approved on June 3, 2020 with an expiration date of June 30, 2021. Respondent answered "No" to the question: "Has any license or registration, currently or previously held by the applicant or the PIC been surrendered to, denied, disciplined, censured, suspended, limited, placed on probation, or revoked by any state of federal government?"

Respondent certified the information submitted was true, correct, and complete to the best of Respondent's knowledge.

4. On June 1, 2021, the Board received a renewal application for Respondent's Registration No. 22-104228, which was approved on June 21, 2021 with an expiration date of June 30, 2022. Respondent answered "No" to the question: "Has any license or registration, currently or previously held by the applicant or the PIC been surrendered to, denied, disciplined, censured, suspended, limited, placed on probation, or revoked by any state of federal government?" Respondent certified the information submitted was true, correct, and complete to the best of Respondent's knowledge.

5. Due to staffing challenges, personnel turnover and administrative oversight resulting from its early, rapid growth and restructuring and the corresponding COVID-19 pandemic, Respondent mistakenly failed to report the 2019 ownership change and related disclosures to the Board in its May 22, 2020 and June 1, 2021 renewal applications.

6. On April 18, 2022, the Board received notification from Respondent of an ownership change and several past disciplinary actions not previously reported to the Board including: North Carolina Board of Pharmacy Consent Order of Discipline dated March 8, 2022; California State Board of Pharmacy Letter of Admonishment dated January 23, 2020; California State Board of Pharmacy Citation and Fine dated June 16, 2020; California State Board of Pharmacy Citation and Fine Order of Abatement dated August 25, 2021; Alabama State Board of Pharmacy Final Order dated October 25, 2021; California State Board of Pharmacy Citation and Fine dated January 24, 2019; and California State Board of Pharmacy Citation dated December 16, 2019.

7. On April 28, 2022, the Board received from Respondent a Form BA-22 Non-Resident Pharmacy Registration Application ("Respondent's Application"), notifying of the change in ownership effective November 6, 2019, and applying for a new non-resident pharmacy registration under the new ownership.

8. On May 20, 2022, the Board approved Respondent's Application and issued Respondent the new Non-Resident Pharmacy Registration No. of 22-117859 ("Respondent's Registration") under their new ownership.

9. Prior to receiving the ownership change application, registrant provided a letter notifying of the late ownership change, as well as unreported discipline. Ownership change application completed indicating discipline had occurred and providing details of discipline (5 occurrences).

10. In mitigation, Respondent states that it has invested in additional staff, engaged internal and external legal counsel and implemented training efforts to prevent any such reporting oversights in the future.

CONCLUSIONS OF LAW

1. Pursuant to K.S.A. 65-1658, the Board may assess a civil fine not to exceed $5,000, after notice and an opportunity to be heard, to any registrant for violation of the pharmacy act of the state of Kansas or any other rules or regulations of the state board of pharmacy.

2. Pursuant to K.S.A. 65-1627(f), the Board may take action against a registration on any ground that would authorize the board to take action against the registration of a pharmacy under K.S.A. 65-1627, and amendments thereto.

3. Pursuant to K.S.A. 65-1627(e)(1), the Board may take action against the registration of a pharmacy upon a finding that such pharmacy has been operated in such manner

that violations of the provisions of the pharmacy act of the state of Kansas or of the rules and regulations of the board have occurred in connection therewith.

4. Pursuant to K.S.A. 65-1627(e)(4), the Board may take action against the registration of a pharmacy upon a finding that the registrant has had a registration revoked, suspended or limited, has been censured or has had other disciplinary action taken, or an application for registration denied, by the proper registering authority of another state, territory, District of Columbia or other country.

5. Pursuant to K.S.A. 65-1657, no nonresident pharmacy shall ship, mail, or deliver, in any manner, prescription drugs to a patient in this state unless registered with the Board as a nonresident pharmacy.

6. Pursuant to K.S.A. 65-1645(f), registrations shall not be transferable.

7. Pursuant to K.A.R. 68-2-9, each registrant shall notify the executive secretary of the Board in writing of any change in majority ownership of the operation for which the registration was issued within five days after the date the change in ownership becomes effective.

8. Pursuant to K.A.R. 68-2-23, each pharmacy owner shall notify the board in writing within 30 days of any denial, limitation, suspension, revocation, voluntary surrender, or other disciplinary action taken by the state of Kansas or another jurisdiction against the pharmacy or the pharmacy owner or any application, license, registration, or permit held by the pharmacy owner.

9. Respondent's registered facility changed ownership on November 6, 2019 but Respondent did not provide notification or file a new application with the Board until April 18 and 28, 2022, respectively.

10. Respondent's failure to submit the complete change of ownership to the Board until April 2022 is a violation pursuant to K.A.R. 68-2-9 and an unlawful transfer of the previous

registration to the new ownership. Respondent's actions are a violation pursuant to K.S.A. 65-1657 and K.S.A. 65-1627(e)(1), and a basis to take action against Respondent's Registration.

11. Respondent failed to notify the Board of the six disciplinary actions by North Carolina, California, and Alabama until April 18, 2022, nearly one to two years after they were effective, is a violation of K.A.R. 68-2-23 and a basis to take action against Respondent's Registration pursuant to K.S.A. 65-1627(e)(1) and (e)(4).

ORDER

Taking into account the mitigating and corrective actions of Respondent, the Board finds and concludes that Respondent's conduct, as described above, violates the Act and such conduct warrants the imposition of a fine pursuant to K.S.A. 65-1658, in the amount of $3,500.00. Respondent has 30 days from the date of this order to pay the fine.

NOTICES

The Respondent is hereby notified as follows:

1. The Respondent may request a hearing pursuant to the Kansas Administrative Procedure Act by filing a written request with the Kansas Board of Pharmacy, 800 SW Jackson, Suite 1414, Topeka, KS 66612-1231 within fifteen (15) days after service of this order.

2. If a hearing is not requested as described above, the Order shall become a final order of the Board, effective upon the expiration of the time to request a hearing.

3. Within fifteen (15) days after entry of a final agency order, either party may file a petition for reconsideration pursuant to K.S.A. 77-529.

4. Within the time limits established in K.S.A. 77-613, either party may seek judicial review of a final agency order, pursuant to said statute. The agency officer designated to receive service of a petition for judicial review is:

LOUISIANA BOARD OF PHARMACY

BATON ROUGE, LOUISIANA

IN THE MATTER OF: **CONSENT ORDER**

POSTMEDS, INC.

LOUISIANA PHARMACY PERMIT NO. 7761 **Case No. 21-0456**

****

CONSENT AGREEMENT

WHEREAS, an informal conference was conducted by the Violations Committee of the Louisiana Board of Pharmacy (hereinafter referred to as the "Board") on March 16, 2022 at the Board office, 3388 Brentwood Drive, Baton Rouge, LA 70809, in the matter of POSTMEDS, INC. (hereinafter referred to as "Respondent"), holding Louisiana Pharmacy Permit No. 7761, 3121 Diablo Ave., Hayward, CA 94545-2701, with attorney Skip Philips and Postmeds Corporate Counsel Donnie Simkin appearing on behalf of Respondent.

WHEREAS, WHEREAS, on August 27, 2018, the Louisiana Board of Pharmacy issued a non-resident pharmacy permit, PHY.007761-NR, to Postmeds Inc. At that time, Postmeds Inc. was 31.5% owned by Mohammad Umar Afridi, 31.5% owned by Siddharth Viswanathan, 16.5% owned by Initialized III L.P., and 20.5% owned by others with no individual owner holding more than 4%. On December 17, 2021 the Board received an "Application for New Louisiana Pharmacy Permit for Nonresident Pharmacy" from Postmeds, Inc. d/b/a Truepill. Accompanying correspondence and organization chart detailed a 100% change in the ownership structure of Postmeds Inc., effective November 6, 2019. Postmeds Inc. went from being owned 31.5% by Mohammad Umar Afridi, 31.5% by Siddharth Viswanathan, 16.5% by Initialized III L.P., and 20.5% by others with no individual owner holding more than 4%, to being owned 100% by Truepill, Inc.

WHEREAS, the Board alleges that such actions constitute violations of the following:

La. R.S. 37:1241 (A)(1): Practiced or assisted in the practice of pharmacy, or knowingly permitted or has permitted anyone in his employ or under his supervision to practice or assist in the practice of pharmacy, in violation of the provisions of this Chapter and any rules and regulations promulgated thereto in accordance with the Administrative Procedure Act.

La. R.S. 37:1221(B). No out-of-state pharmacy providing pharmacy services to residents of this state shall open, establish, operate, or maintain a pharmacy, located out-of-state, unless the pharmacy is issued a permit by the board.

La. R.S. 37:1222(A). A person applying for a permit to open, establish, operate, or maintain a pharmacy, within or outside of this state, shall complete an application in such form and contain such data as the board may require, and complete such other requirements as deemed necessary by the board, including but not limited to designation and identification of a pharmacist-in-charge.

La. R.S. 37:1222(E). A permit to operate a pharmacy shall not be transferable.

La. R.S. 37:1232(A). A pharmacy located outside this state which does business in this state within the meaning of this Chapter, shall hold a current pharmacy permit as provided in this Chapter. The pharmacy shall be designated a "nonresident pharmacy" and the permit shall be designated a "nonresident pharmacy permit."

LAC, Title 46: LIII §1101(A). Individuals, partnerships, corporations, limited liability companies, or associations desiring to operate a pharmacy in Louisiana, or outside the state where prescriptions drugs/devices are dispensed and delivered to Louisiana residents, shall execute an application for a pharmacy permit for their particular classification of pharmacy.

LAC, Title 46: LIII §1135(A)(1)(e). The holder of a pharmacy permit shall notify the board, in writing, prior to the transfer of ownership, in order for the board to complete an inspection of the pharmacy premises. A change of ownership of a pharmacy is evident under the following conditions: a 50 percent, or more, change in ownership of a corporation, limited liability company, or association since the issuance of the original permit or the last renewal application.

LAC, Title 46: LIII §1135(A)(2). The new owner(s) of the pharmacy shall submit a properly completed pharmacy permit application, with appropriate fee, to the board.

LAC, Title 46: LIII §1135(A)(4). Pharmacy permits are not transferable from the original holder(s) of the permit to the new owner(s).

LAC, Title 46: LIII §2305(A). The out-of-state pharmacy shall apply for a permit and annual permit renewals on forms provided by the board.

LAC, Title 46: LIII §2307(C). Authority and Accountability. The designated pharmacist-in-charge of the pharmacy and the pharmacy owner(s), or partners, or corporate officer(s) of the permit holder, where applicable, shall be responsible for the complete supervision, management, and compliance with all federal and state pharmacy laws and regulations pertaining to the practice of pharmacy of the entire prescription department. This responsibility necessarily includes accountability for any violation involving federal or state laws or regulations occurring within the prescription department supervised by a pharmacist-in-charge.

To facilitate the submission of this Consent Agreement, Respondent does not contest the allegations and agrees that there is sufficient evidence upon which to predicate a finding of those violations.

Respondent further understands that this Consent Agreement shall constitute a Public Record, pursuant to La. R.S. 44:1 et seq., and is considered disciplinary action by the Board.

Respondent further understands that this Consent Agreement shall constitute a Public Record, pursuant to La. R.S. 44:1 et seq., and is considered disciplinary action by the Board.

In order to avoid further administrative and judicial proceedings, Respondent hereby consents to accept and abide by the following order of the Board:

POSTMEDS, INC., holder of Louisiana Pharmacy Permit No. 7761, is ordered to pay a fine of $10,000.00 and to reimburse the Board $250.00 for administrative costs, and $324.48 for investigative costs with total payment due the Board of $10,574.80, due by *certified check or money order* to be paid simultaneously with the execution of this Consent Agreement by Respondent.

By signing this Consent Agreement, Respondent agrees that the Board has jurisdiction in this matter, waives all rights to informal conference, to Notice of Hearing, to a formal Administrative Hearing and to judicial review of this Consent Agreement. Moreover, at no time shall Respondent request the expungement, rescission or removal of this Consent Agreement.

By signing this Consent Agreement, Respondent agrees that any failure to comply with the terms of this Agreement is a basis for discipline by the Board.

Both Respondent and the Board stipulate that this Consent Order shall not become effective and shall not become binding on the Board unless and until approved by the Board at formal meeting. However, Respondent agrees that this Consent Order shall be effective and binding upon Respondent without recourse upon its authorized representative signing said Order.

Respondent agrees to authorize the Board to report this action to the National Practitioner Data Bank – Healthcare Integrity and Protection Data Bank (NPDB-HIPDB) as required by law.

I, Matt Davis-Ratner, authorized to act on behalf of and acting on behalf of **POSTMEDS, INC.**, understand that this Consent Agreement is effective as a Board Order upon affirmative vote by the Board at formal hearing. It is also understood that, should the Board not approve this Consent Agreement, the agreement therein does not preclude the Louisiana Board of Pharmacy from requiring a formal hearing of this case.

It is further understood that, should this Consent Agreement not be accepted by the Board, the presentation to and consideration by the Board of this Agreement, including presented documentary evidence and information, shall not unfairly or illegally prejudice or preclude the Board or any of its members from further participation in hearings or resolution of these proceedings.

APPROVED FOR SUBMISSION TO THE LOUISIANA BOARD OF PHARMACY:

CARLOS M. FINALET, III
General Counsel, Louisiana Board of Pharmacy

ACCEPTANCE OF THE CONSENT AGREEMENT BY THE LOUISIANA BOARD OF PHARMACY:

By a majority vote of the Board members voting in favor of the foregoing Consent Agreement at the Board meeting on May 11, **2022**, the Board hereby adopts said Agreement as a Final Order of the Board.

FOR THE BOARD:

Marty R. McKay
Hearing Officer for the Board

STATE OF NORTH CAROLINA
NORTH CAROLINA BOARD OF PHARMACY

IN THE MATTER OF	)	
	)	
POSTMEDS, INC. d/b/a Truepill,	)	**CONSENT ORDER**
	)	**OF DISCIPLINE**
Permit No. 13413 and Its Successor Permit(s).	)	

THIS MATTER came to be considered before a member of the North Carolina Board of Pharmacy (hereinafter, the "Board") pursuant to 21 N.C.A.C. 46 .2008. The Conference was scheduled for Thursday, February 24, 2022, and, after appropriate notice, was heard on that day by Board member Wallace E. Nelson. Respondent PostMeds, Inc. was informed of its right to be present at the pre-hearing conference and declined. The Board's General Counsel, Clinton R. Pinyan, represented the Board.

Respondent has agreed to waive a formal hearing in the above-referenced matter. It stipulates and agrees to the findings of fact and conclusions of law recited herein and to the order of discipline imposed. By its consent, Respondent also stipulates that it waives its right to appeal this Consent Order or challenge in any way the sufficiency of the findings of this Order as a basis for the action taken. Based upon the consent of the parties, the Board hereby enters the following:

FINDINGS OF FACT

1. On November 20, 2017, the Board issued Permit No. 13413 to Respondent PostMeds, Inc. d/b/a Truepill (Permit No. 13413) ("PostMeds").

2. On PostMeds' initial permit application, its then-pharmacist manager, Mohammad Umar Afridi, submitted an inaccurate statement that he was the sole owner and officer of PostMeds. In fact, PostMeds now acknowledges that Afridi and Siddharth

Viswanathan each owned 47 percent of PostMeds on November 20, 2017, with others owning six percent, and that Viswanathan was also an officer of PostMeds.

3. Viswanathan and the minority owners' interests would not have raised questions about the permit application in this particular case. If PostMeds had disclosed the true ownership and officers of PostMeds, the Board still would have granted PostMeds a permit. However, it was an inaccurate statement that Afridi, as the person who submitted the application, knew was inaccurate. That statement prevented the Board from vetting Viswanathan as the owner of the pharmacy. Because of the inaccuracy of the representations, the initial permit was void ab initio.

4. In November 2019, PostMeds went through a corporate restructuring. During that restructuring, Truepill, Inc. was created as a holding company for PostMeds. At that time, Truepill, Inc. became the sole owner of PostMeds. Afridi, Viswanathan and the other former direct owners of PostMeds became indirect owners with the same ownership interests in the holding company, Truepill, Inc., that they had before the transfer of ownership.

5. This restructuring required PostMeds to submit a transfer of ownership application and have that application granted before the restructuring closed. PostMeds failed to do this. Therefore, even if the initial permit had been valid (which it was not), it would have become invalid upon the corporate restructuring.

6. Insertion of a new holding company between the ultimate owners and PostMeds would not have raised questions about the permit application in this particular case. The ownership interests of the ultimate owners did not change. If PostMeds had disclosed the new holding company, the Board still would have granted the transfer of ownership. However,

PostMeds failed to submit the transfer of ownership application or otherwise disclose the interests of Truepill, Inc.

7. In each of its subsequent renewals, PostMeds failed to correct the ownership information that it had inaccurately submitted on its initial application or to list Truepill, Inc., as the direct owner of the pharmacy.

8. On November 4, 2021, counsel for PostMeds informed the Board that its "current ownership information on file with the North Carolina Board of Pharmacy is out of date." Upon follow-up questioning, the next day, PostMeds disclosed that it should have submitted a transfer of ownership application in November 2019. It further was apparent from the ownership information that PostMeds provided that Afridi made inaccurate representations about ownership and officers on PostMed's initial application that had never been corrected.

9. PostMeds agreed to stop shipping any drugs, devices or medical equipment into the State of North Carolina until the matter was resolved. It further agreed to stop shipping or dispensing any drugs, devices or medical equipment from six other pharmacies under its ownership until the matter was resolved (even though those pharmacies did not receive permits until after the transfer of ownership had occurred, and so did not suffer from the same problem).

10. PostMeds submitted a transfer of ownership application promptly.

11. Although PostMed's disclosure of its inaccuracies was tardy, its remedial actions are a mitigating factor in this matter.

CONCLUSIONS OF LAW

1. Reporting of correct and complete ownership information on an initial pharmacy permit application or a renewal application is material, indeed essential, to the Board's ability to ensure that a pharmacy will provide services safely and competently to the public.

2. PostMeds made inaccurate statements about its ownership and officers on its initial application, which it failed to correct at any point through its 2022 renewal. That initial permit was therefore void ab initio and violated G.S. § 90-85.38(b).

3. The creation of Truepill, Inc. as a holding company further triggered a requirement to report the ownership change and obtain a successor permit, and to do so before the closing of the transaction that created Truepill, Inc. The transaction "result[ed] in a different person . . . owning more than 50 percent interest in the permit holder . . . ." 21 NCAC 46.1603. Failure to apply for and obtain a successor permit prior to the transaction, and a continuing failure to disclose the ownership interest of Truepill, Inc., violated G.S. § 90-85.38(b).

IT IS THEREFORE ORDERED:

PostMeds was in violation of G.S. § 90-85.38(b) in North Carolina from November 20, 2017 until at least November 4, 2021. Respondent PostMed's Permit No. 13413 was **VOID** from the time that it was granted on November 20, 2017. G.S. § 90-85.38(c).

Respondent PostMed's change of ownership application is **APPROVED** as a successor permits to Permit No. 13413 (the "Successor Permit") with the following **CONDITIONS:**

1. PostMeds shall provide timely advance notice of any contemplated change in ownership to the current pharmacist-manager and any future pharmacist-manager(s) of the Successor Permit. PostMeds shall consult with the Successor Permit's pharmacist-manager(s) to determine whether any contemplated transaction triggers the need to obtain new permits. PostMeds shall authorize the Successor Permit's pharmacist-manager(s) to take any necessary action to update that ownership information with the Board or to apply for new permits. If a contemplated transaction triggers the need for new permits, PostMeds shall not complete that

transaction unless and until either the Board issues new permits or PostMeds ceases all practice of pharmacy at the permitted location.

2. The Successor Permit shall violate no laws governing the practice of pharmacy or the distribution of drugs.

3. The Successor Permit shall violate no rules or regulations of the Board.

4. If the Successor Permit fail to comply with any term or condition of this Order, it may be subject to additional disciplinary action by the Board.

VIOLATION CODE SECTION	OFFENSE	AMT OF FINE
CCR, Title 16, § 1714 subd. (b)	Operational Standards and Security; pharmacy responsible for pharmacy security	$5,000.00
Bus. & Prof. Code § 4169 subd. (a)(2)/Health & Safety Code § 111295	Prohibited Acts; Purchase, trade, sell, or transfer dangerous drugs to that the person knew or reasonably should have known were adulterated.../It is unlawful for any person to manufacture, sell, deliver, hold, or offer for sale any drug or device that is adulterated	Citation without a fine

CONDUCT:

California Code of Regulations 1714, section b states, (b) Each pharmacy licensed by the board shall maintain its facilities, space, fixtures, and equipment so that drugs are safely and properly prepared, maintained, secured and distributed. The pharmacy shall be of sufficient size and unobstructed area to accommodate the safe practice of pharmacy. Specifically, Truepill Pharmacy, PHY56100, located at 3121 Diablo Ave, Hayward, CA 94545 was in violation when they failed to keep dangerous drugs stored according to policy and procedure 2001.4, Oversight of Pharmacy Safety, which states: "The Pharmacy will make all attempts at maintaining a room temperature below 85F and ideally between 68-77F". Between 7/1/2020 and 9/14/2020, on numerous occasions, dangerous drug storage temperatures, summarized in Table 2, exceeded the recommended storage temperatures. The most egregious of these temperature spikes were:

a)On 8/13/2020, in the cage area of the warehouse, dangerous drugs were stored approximately 161 hours over 77 F and 47 hours over 85F.
b)On 9/6/2020, in the cage area of the warehouse, dangerous drugs were stored approximately 59 hours over 77 F and 17 hours above 85F.
c)On 8/13/2020, in the Parata Automated dispensing machine located in the warehouse, dangerous drugs were stored for approximately 163 hours above 77 F and 44 hours above 85 F.

Business and Professions Code 4169 section (a), subdivision (2) states, A person or entity shall not do any of the following: (2) Purchase, trade, sell, or transfer dangerous drugs that the person knew or reasonably should have known were adulterated, as set forth in Article 2 (commencing with Section 111250) of Chapter 6 of Part 5 of Division 104 of the Health and Safety Code as it relates to Health and Safety Code 111295 which states, It is unlawful for any person to manufacture, sell, deliver, hold or offer for sale any drug or device that is adulterated. Specifically, Truepill Pharmacy, PHY56100, located at3121 Diablo Ave, Hayward, CA 94545 was in violation when they used the MKT calculation alone instead of in conjunction with manufactures stability data as stated in USP <1079>, which provides guidance for assessing possible adulteration to dangerous drugs stored at the pharmacy due to excessive heat. In particular, USP<1079> states, "Knowing the MKT for an excursion is useful for evaluating the potential impact on product quality. However, it is also essential to know the upper and lower temperature limits of any excursion. If these extreme temperatures are outside available stability data, it may not be possible to predict the quality impact of the excursion with any confidence regardless of the MKT. At higher temperatures the kinetics of degradation may change or new degradation reactions may occur. Truepill Pharmacy did not consider the manufacture's stability data for at least 72 dangerous drugs stored in the cage area of the warehouse which were held and offered for sale when determining if a dangerous drug was adulterated by the extreme heat, summarized in Table 3. For each one of the 72 dangerous drugs, the maximum temperature for storage was listed by the manufacturer as 77F or storage information was not listed. As there was no stability temperature for at least the 72 drugs in question and per USP<1079>, the MKT cannot be without the stability data, these drugs which were held and offered for sale were adulterated.

ORDER OF ABATEMENT

By the Abatement date/payment date submit to the Board the following:

- Either (1) full payment of the assessed fine(s) in the amount of $5,000.00; or payment in the amount of $1,000.00 and (2) provide proof of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations within ninety (90) days.

COPY

If you choose option (2), within 90 days of this citation, you shall submit proof of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations. Any failure to do so shall be deemed a failure to meet the abatement requirements of this citation.

If you timely submit proof of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations within 90 days from the date the citation was issued, this citation shall be reduced to $1,000.00 and proof of compliance of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations shall be considered satisfactory abatement of the citation.

If you fail to submit proof of compliance of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations within 90 days from the date the citation was issued, the stay shall be lifted and the fine(s) in the amount of $5,000.00 shall be due and owing from you within thirty (30) days of any such failure.

LETTER OF ADMONISHMENT

TRUEPILL
ATTN: MOHAMMAD UMAR AFRIDI, CEO
3121 DIABLO AVE
HAYWARD, CA 94545

RE: CI 2019 84877
TRUEPILL
PHY 56100

This LETTER OF ADMONISHMENT is being issued pursuant to Business and Professions Code section 4315 for failure to comply with the laws and regulations that govern the practice of pharmacy in California. (For exact language refer to the California Pharmacy Law and Index, located on the board's website at www.pharmacy.ca.gov, under Forms and Publications.)

The Board of Pharmacy has completed its investigation in the above referenced matter. All documentation and/or statements relating to the investigation have been accepted and included in an Investigation Report on file in this office. Facts contained in this report lead to the conclusion that the following violations of pharmacy laws or regulations have occurred:

JURISDICTION: Bus. & Prof. Code § 4315; 1764/56.10(a) - Unauthorized disclosure of prescription and medical information

Unauthorized disclosure of prescriptions: California Code of Regulations section 1764 states in pertinent part that no pharmacist shall exhibit, discuss, or reveal the contents of any prescription or any medical information furnished by the prescriber with any person other than the patient or his or her authorized representative and Civil Code section 56.10 subdivision (a) states, in pertinent part, no provider of health care shall disclose medical information regarding a patient of the provider of health care without first obtaining an authorization. Truepill Pharmacy was not in compliance with these regulations. Specifically, on 4/17/2019, Truepill Pharmacy (PHY56100) located at 3121 Diablo Avenue in Hayward, CA shipped prescription RX#1186395 to the wrong person. The prescription was intended for AR but was shipped to the address of MS in error. Also, Truepill Pharmacy shipped prescriptions to patients with a shipping label showing the return address of NuRx located at 6838 Ellicott Drive in East Syracuse, NY and from Apostrophe located at 330 2nd Street in Oakland, CA. NuRx and Apostrophe are not licensed pharmacies and prescription packages returned as undeliverable to these locations would cause the disclosure of medical information without authorization.

Shipping prescriptions to an unauthorized person violates California Code of Regulations section 1764 and Civil Code 56.10.

If you wish to contest this Letter of Admonishment, you may do so by submitting, within 30 days of the date of service of this Letter of Admonishment, namely February 22, 2020, the attached "Request for an Office Conference" form. If an office conference is not requested, compliance with the Letter of Admonishment shall not constitute an admission of the violations described in the Letter of Admonishment.

Unless it is dismissed following an office conference or you receive other instructions from the Board in writing, Pharmacy Law requires that you maintain and have readily available for inspection a copy of this Letter of Admonishment and any written corrective action plan, if any, for at least three years from the date of issuance at the top of this letter. The Letter of Admonishment will be considered a public record for purposes of disclosure for three years from issuance. The issuance of this Letter of Admonishment does not limit the board's ability to pursue other disciplinary or administrative action under Business and Professions Code section 4315, subdivision (f).

If you have any questions regarding this Letter of Admonishment, please contact Barbera Schleicher, Public Inquiry Analyst at (916) 518-3081.

Bus. & Prof. Code § 4174	Dispensing on order of nurse practitioner or person of similar status.	Citation without a fine

CONDUCT:

Furnishing Dangerous Drugs or Devices Prohibited Without Prescription: Business and Professions Code 4059 (a) states in pertinent part a person may not furnish any dangerous drug, except upon the prescription of a physician, dentist, podiatrist, optometrist, veterinarian, or naturopathic doctor pursuant to Section 3640.7. A person may not furnish any dangerous device, except upon the prescription of a physician, dentist, podiatrist, optometrist, veterinarian, or naturopathic doctor pursuant to Section 3640.7. In conjunction with Business and Professions Code 4067 (a) which states no person or entity shall dispense or furnish, or cause to be dispensed or furnished, dangerous drugs or dangerous devices, as defined in Section 4022, on the Internet for delivery to any person in this state without a prescription issued pursuant to a good faith prior examination of a human or animal for whom the prescription is meant if the person or entity either knew or reasonably should have known that the prescription was not issued pursuant to a good faith prior examination of a human or animal, or if the person or entity did not act in accordance with Section 1761 of Title 16 of the California Code of Regulations and (f) for the purposes of this section, "good faith prior examination" includes the requirements for a physician and surgeon in Section 2242. In conjunction with Business and Professions Code 2290.5 (a) For purposes of this division, the following definitions shall apply: (3) "Health care provider" means either of the following: (A) a person who is licensed under this division. Between 4/1/2018 to 10/31/2018, Postmeds Inc. (PHY56100) located at 3121 Diablo Ave. Hayward, CA dispensed prescriptions issued by prescribers who were not licensed in California. Specifically, 2 prescriptions were issued by Nurse Practitioner Jenny Ingle; 9 prescriptions were issued by Dr. Brook Randal; 6 prescriptions were issued by Dr. Jessica Rubino and 4 prescriptions were issued by Dr. Sudhi Trye. These prescribers were not licensed in California at the time the prescriptions were initiated and shipped to a California resident. Postmeds pharmacy dispensed the prescriptions issued by unlicensed prescribers to

California residents in violation of Business and Professions Code 4059 (a) and Business and Professions Code 4067 (a).

Dispensing by Pharmacist Upon Order of Nurse Practitioner: Business and Professions Code 4174 states in pertinent part notwithstanding any other law, a pharmacist may dispense drugs or devices upon the drug order of a nurse practitioner functioning pursuant to Section 2836.1 or a certified nurse-midwife functioning pursuant to Section 2746.51, a drug order of a physician assistant functioning pursuant to Section 3502.1 or a naturopathic doctor functioning pursuant to Section 3640.5, or the order of a pharmacist acting under Section 4052.1, 4052.2, 4052.3, or 4052.6. Postmeds Inc. (PHY56100) located at 3121 Diablo Ave. Hayward, CA dispensed prescriptions issued by Nurse Practitioners and Physicians Assistants who had not yet entered into an established standardized procedure or protocol developed by a supervising physician. Between 4/1/2018 and 10/31/2018, the following prescribers issued prescriptions to Postmeds without an established protocol in place: Physician's Assistant Leanne Mays issued 8 prescriptions and Physician's Assistant Susan Owen issued 6 prescriptions. Between 4/1/2018 and 10/31/2018, the following prescribers issued prescriptions to Postmeds entering into a protocol after the prescriptions were issued: Nurse Practitioner Joni Gunzburger issued 4,782 prescriptions; Nurse Practitioner Cristin Hackel issued 10,819 prescriptions and Nurse Practitioner Jessica Horwitz issued 4,711 prescriptions. Postmeds Pharmacy dispensed the prescriptions issued by Nurse Practitioners and Physicians Assistants who had not yet entered into standardized procedures or protocols as required by Business and Professions Code 4174.

VIOLATIONS COMMITTEE STATEMENT

TO: The New York State Office of Professional Discipline
The New York State Board of Pharmacy

I wish to settle and dispose of the misconduct allegations which are pending against me, to wit: committing unprofessional conduct (On October 31, 2016, while employed and on duty as the only pharmacist at the CVS Pharmacy, [redacted], New York, I had the assistance of four pharmacy technicians) in violation of Section 6509(9) of the Education Law and in specific violation of Section 29.7(a)(21)(ii)(a) of the Rules of the Board of Regents (8 NYCRR). For the purposes of settlement I do not contest said allegations. I understand that this settlement will be a matter of public record. My check in the sum of $500.00, payable to the order of "New York State Education Department," is enclosed.

Inspector Notes: List states in which Non-Resident licenses are held. Pharmacy is licensed in all states except MA which does not currently require licensure. Pharmacy acts as a fulfillment pharmacy contracted to provide prescriptions from patients or clients of Vetcove, Eli Lilly, Twenty Eight Health and Wisp. The pharmacy primarily dispenses veterinary prescription for clients of veterinary clinics that work with Vetcove. The Eli Lilly patients are part of program to dispense Zepbound. The pharmacy also provides patient care outreach and follow up for hepatitis and lupus specialty patients that receive the specialty medications from the Truepill pharmacy located in CA. The pharmacy is staffed 24 hours a day weekdays and from 10 am to 5 pm on Saturdays and Sundays. The pharmacy is only open to the public during the listed hours.

		Observation	Notes
Prescription Processing	**If any part of a question is no, enter "No" and explain the observation.**		
64.00	**Patient Profile:** Is patient profile data organized and readily accessible to facilitate consultation with the prescriber, patient, or caregiver? *Indicate who enters patient profile data into the computer system and how often it is updated?*	Yes	Information pulled automatically from client platforms. Patients or animal owner completes survey before ordering to update allergy, health conditions and other medications.
64.01	If the pharmacy dispenses veterinary prescriptions, does the information gathered and recorded include the species, and name of the animal/owner as required by resident state law? *Describe how it is indicated in the computer system that the patient is an animal? And how is it indicated in the system the prescription is a veterinary prescription?*	Yes	Information pulled automatically from Vetcove platform based on how the owner inputs information on survey. Only dispensing to companion animals.
65.00	**Prescription:** Are adequate processes in place to assure the integrity, legitimacy, and authenticity of prescription orders? *Staff is familiar with detecting fraud in hard copy, faxed, verbal, and electronic prescriptions.*	Yes	All prescriptions tied to client platforms and no outside prescriptions dispensed.
65.01	Is there a procedure to follow when a prescription is suspected of (or actually is) fraudulent? *Describe the steps and reporting process.*	Yes	Report to licensing board.
65.02	Are adequate processes in place for assuring that prescription medications are not prescribed or dispensed based on online medical consultations without there being a pre-existing prescriber-patient/client relationship? *Describe. Do the processes include comparing the physical addresses of the patient and prescriber?*	Yes	Staff trained to look for self prescribing and for veterinary prescriptions to be entered under owner's name and not animal. Prescriptions from Eli Lilly, Twenty Eight Health and Wisp are limited to certain drugs/disease states. Any discrepancies or concerns that cannot be easily resolved are reported to the corporate compliance team.
65.03	Does the pharmacy have electronic prescription capability? *Indicate whether it is for non-controlled substances, controlled substances, or both.*	Yes	Have system to allow veterinary prescriptions to be received electronically through Vetcove.
65.04	If the pharmacy accepts electronic prescriptions for controlled substances, are they in compliance with federal regulations?	N/A	
66.00	**Accuracy:** Is the accuracy of the information entered into the computer system verified (patient information and prescription information)? *Indicate how and by whom.*	Yes	Pharmacy performs PV1 step prior to label being printed for fulfillment.

As per the terms of the Consent Order, Pharmacy has agreed to pay a $3,000 administrative fine to the Alabama State Board of Pharmacy.

Kansas Board of Pharmacy

The Kansas Board of Pharmacy issued the pharmacy (non resident license #22-117859) an amended Summary Order effective **February 8, 2023**. The pharmacy did not report the change of ownership in a timely manner, and paid a fine. The Kansas Board of Pharmacy approved the change of ownership application, and issued license 22-117859 on May 20, 2022.

Louisiana Board of Pharmacy

The Louisiana Board of Pharmacy issued the pharmacy (non resident license #PHY.007761-NR) a Consent Order of Discipline dated **May 11, 2022**. The pharmacy did not report the change of ownership in a timely manner. The Louisiana Board of Pharmacy approved the change of ownership application with a new permit number PHY.008479-NR as a successor to permit number PHY.007761-NR.

North Carolina Board of Pharmacy

The North Carolina Board of Pharmacy issued the pharmacy a Consent Order of Discipline dated **March 8, 2022.** The pharmacy made inaccurate statements about its ownership and officers on its initial application in November 2017 and did not correct this until November 2021. The North Carolina Board of Pharmacy approved the change of ownership application with a new permit number 14900 as a successor to permit number 13413.

Maine Board of Pharmacy

The Maine Board of Pharmacy notified the pharmacy on **March 30, 2022** that its non-resident license (#MO40002429) was terminated effective November 6, 2019 for reporting deficiencies related to its ownership. The pharmacy submitted a change of ownership application for licensure, and has been issued a new pharmacy license (#MO40003167) on November 2, 2022.

California Board of Pharmacy

The California Board of Pharmacy issued the pharmacy (former license #PHY 56100) a letter of admonishment CI 2019 84877 dated **January 23, 2020,** concluding an investigation that found the pharmacy shipped a prescription to the wrong patient and shipped two prescriptions with the wrong return address.

The California Board of Pharmacy issued the pharmacy (former license #PHY 56100) a modified citation and fine CI 2019 78633 dated **June 16, 2020,** with the fine amount of $0.00. In 2018, certain prescriptions were issued to the pharmacy by prescribers that were either not yet licensed to prescribe in California or who had not yet entered into an established standardized procedure or protocol developed by a supervising physician.

Also, The California Board of Pharmacy issued the pharmacy (former license #PHY 56100) a citation and fine order of abatement CI 2020 89223 dated **August 25, 2021,** with the fine amount of $5,000. The pharmacy was in violation when dangerous drugs were stored in temperatures exceeding the recommended storage temperatures Truepill did not consider the manufacturer's stability data for drugs which may have been adulterated by heat.

PENDING MATTERS

The following Actions are currently pending or threatened against the Company. The below Actions are currently subject to ongoing discussions, negotiations, and developments.

California Board of Pharmacy

California CI 2024 105307: On August 9, 2024, the California State Board of Pharmacy sent notice of a pending citation along with information on contesting or appealing. Truepill is in process of requesting an informal hearing to contest the citation.

South Carolina Board of Pharmacy

South Carolina 2022-49: On May 3, 2023, Postmeds agreed in principle to a proposed consent order with the South Carolina Board of Pharmacy to resolve inaccuracies in prior ownership information provided to the Board. The agreement would be categorized as a public reprimand but would not be a public document and would not be reported to the National Practitioner Data Bank. The negotiated fine was $30,000. The South Carolina Board of Pharmacy has not finalized this consent order or initiated formal disciplinary proceedings.

POSTMEDS INC DBA TRUEPILL,		)	Case No. 2023-00783
054-app-4237687	APPLICANT.	)	

CONSENT ORDER

The Division of Professional Regulation of the Illinois Department of Financial and Professional Regulation ("Department"), by its attorney Nicholas V. Gallo, and Applicant POSTMEDS INC ("Applicant"), by its attorney Marc N. Wagner, hereby agree to the following:

STIPULATIONS

On or about August 22, 2022, Applicant submitted to the Department a change of ownership application (the "application") for Illinois licensed pharmacy license no. 054.022350.

On or about June 16, 2020, the California State Board of Pharmacy issued Applicant a disciplinary modified citation and fine ("California Citation and Fine") under case no. 2017-78633 for Applicant filling prescriptions issued to Applicant by prescribers that were either not yet licensed to prescribe in California or who had not yet entered into an established standardized procedure or protocol developed by a supervising physician. The California Citation and Fine constitutes grounds for disciplinary action against Applicant on the authority of the Illinois Pharmacy Practice Act ("Act") at 225 ILCS 85/30(a)(8) as the grounds for action in the California Citation and Fine are the same or substantially equivalent to, including but not limited to 225 ILCS 85/30(a)(2) via 225 ILCS 85/4(g).

On or about August 25, 2021, the California State Board of Pharmacy issued Applicant a disciplinary citation and fine order of abatement ("California Citation and Fine Order of Abatement") under case no. 2020-89223 for, including but not limited to, Applicant storing dangerous drugs in temperatures exceeding the recommended storage temperatures. The California Citation and Fine Order of Abatement constitutes grounds for disciplinary action against Applicant on the authority of the Act at 225 ILCS 85/30(a)(8)

as the grounds for action in the California Citation and Fine Order of Abatement are the same or substantially equivalent to, including but not limited to 225 ILCS 85/30(a)(2) via 225 ILCS 85/3(d)(12).

On or about March 8, 2022, Applicant and the North Carolina Board of Pharmacy entered into a Consent Order of Discipline for, including but not limited to, Applicant failing to report change of ownership in a timely manner. The North Carolina Agreement constitutes grounds for disciplinary action against Applicant on the authority of the Act at 225 ILCS 85/30(a)(8) as the grounds for action in the North Carolina Agreement are the same or substantially equivalent to, including but not limited to 225 ILCS 85/30(a)(2) via the Act's Administrative Rules ("Rules") at 68 IAC 1330.780(a)(1).

On or about May 11, 2022, Applicant and the Louisiana Board of Pharmacy entered into a disciplinary Consent Agreement ("Louisiana Agreement") under case no. 21-0456 for, including but not limited to, Applicant failing to report change of ownership in a timely manner. The Louisiana Agreement constitutes grounds for disciplinary action against Applicant on the authority of the Act at 225 ILCS 85/30(a)(8) as the grounds for action in the Louisiana Agreement are the same or substantially equivalent to, including but not limited to 225 ILCS 85/30(a)(2) via 68 IAC 1330.780(a)(1).

On or about February 15, 2024, Applicant and the Board of Pharmacy for the State of Alaska entered into a disciplinary Consent Agreement ("Alaska Agreement") under case no. 2022-000434 for, including but not limited to, Applicant failing to disclose prior disciplines from another state within the required timeframe. The Alaska Agreement constitutes grounds for disciplinary action against Applicant on the authority of the Act at 225 ILCS 85/30(a)(8) as the grounds for action in the Alaska Agreement are the same or substantially equivalent to, including but not limited to 225 ILCS 85/30(a)(2) via 68 IAC 1330.40(c).

Pursuant to 68 IAC 1130.300(a) the following factor is considered in aggravation: (a) the presence of multiple adverse actions taken by other states against Applicant.

Pursuant to 68 IAC 1130.300(b) the following factors are considered in mitigation: (a) Applicant has cooperated with the Department in its investigation; and (b) Applicant has no prior disciplinary history with the Department.

At all times material to the matter set forth in this Consent Order, the Department had jurisdiction over the subject matter and the parties herein. Applicant has been advised of the right to have any allegation(s) reduced to written charges, to a hearing where the Department bears the burden to prove its allegations by clear and convincing evidence, to contest any charges brought and present mitigating evidence, and to administrative review of any order resulting from a hearing. Applicant knowingly waives each of these rights, as well as any right to administrative review of this Consent Order. Such waiver ceases if this Consent Order is rejected by the Secretary or the Secretary's designee or the Board. Applicant acknowledges that it has entered into this Consent Order freely and of Applicant's own will without threat or coercion by the Department or any person, and has not relied upon any representation made by or on behalf of the Department other than those specifically included herein. Applicant acknowledges that the Department attorney may be requested to communicate with the Board or the Secretary or the Secretary's designee in furtherance of the approval of this Consent Order. Applicant acknowledges that this Consent Order will be presented to the Secretary or the Secretary's designee. If this Consent Order is not approved, Applicant waives any right to raise any prejudice resulting from the Secretary or the Secretary's designee's consideration of this Consent Order. Applicant understands that this Consent Order is not effective unless and until it is adopted by the Secretary or the Secretary's designee. A copy of any original signature(s) affixed to this Consent Order shall be given the full force and effect of an original signature(s) affixed to this Consent Order.

Applicant and the Department agree, in order to resolve this case, that the Applicant be permitted to enter into a Consent Order with the Department providing for the terms and conditions contained herein which are fair and equitable in the circumstances and which are consistent with the best interests of the people of the State of Illinois.

CONDITIONS

Wherefore, the Department, by its attorney Nicholas V. Gallo, and Applicant, by its attorney Marc N. Wagner, agree:

A. Applicant's Illinois licensed pharmacy license no. 054.022350 shall be issued with a Reprimand.

B. Applicant shall pay a five-thousand-dollar ($5,000.00 USD) disciplinary fine within sixty (60) days of the effective date of this Consent Order.

C. All fines issued pursuant to this Consent Order are to be paid by personal check, company check, cashier's check, or personal money order. Said monetary instrument(s) shall be made payable to "Illinois Department of Financial and Professional Regulation," clearly indicate on the face of the monetary instrument the case number of 2023-00783 as well as license no. 054.022350, and be mailed to the following address:

Illinois Department of Financial and Professional Regulation
SSC – Accounts Receivable Section - Fines
P.O. Box 7086
Springfield, IL 62791-7086

D. Prior to the satisfaction of subsections B and C, above, Applicant shall not violate any state or federal law, rule, or regulation concerning controlled substances or the practice of wholesale drug distribution.

E. Applicant agrees that any violation of this Consent Order permits the Secretary or Secretary's designee to issue an Order forthwith mandating the automatic, indefinite, and immediate suspension of Applicant's license for a minimum period of twelve (12) months. This suspension shall not preclude the Department from taking any other disciplinary or other action it deems appropriate. In the event that Applicant(s) contest(s) in writing (by the filing with the Department within thirty (30) days the effective date of the suspension, a Petition complying with the Department's Rules of Practice in Administrative Hearings) the factual basis underlying said suspension, then Applicant(s) shall be afforded a hearing on the merits in accordance with the Department's Rules of Practice in Administrative Hearings, 68 Ill. Admin. Code 1110/et seq.

F. Applicant acknowledges that this Consent Order is a public disciplinary action and will be made available to the public. It will be reported to all applicable reporting databases.

G. This Consent Order is a final administrative order. This Consent Order shall become effective upon the signature of the Secretary or the Secretary's designee below unless otherwise stated herein.

Case No. 2022-000434

CONSENT AGREEMENT

IT IS HEREBY AGREED by the Department of Commerce, Community and Economic Development, Division of Corporations, Business and Professional Licensing (Division) and TRUEPILL (Respondent) as follows:

1) **Licensure.** Respondent is currently registered as an Out-of-State Pharmacy in the State of Alaska and holds License number #166601. This license was first issued on 08/27/2020 and will lapse unless renewed by 06/30/2024.

2) **Admission/Jurisdiction**. Respondent admits and agrees that the Board of Pharmacy has jurisdiction over the subject matter of their license in Alaska and over this Consent Agreement.

3) **Admission/Facts.** Respondent admits to the following facts:

a) On September 25, 2017, Staff Pharmacist working for TRUEPILL, Curtis Ancar, received a disciplinary order from the California Board of Pharmacy for failure to exercise corresponding responsibility and excessive furnishing of controlled substances.

b) On January 24, 2019, the California Board of Pharmacy cited former Pharmacist-in-Charge and former owner of TRUEPILL, Mohammad Umar Afridi, for failure to provide documentation substantiating completion of continuing education and knowingly making or signing a document with false information.

c) On December 16, 2019, the California Board of Pharmacy cited former Pharmacist-in-Charge and former owner of TRUEPILL, Mohammad Umar Afridi, for furnishing and dispensing dangerous drugs without a prescription and dispensing on order of nurse practitioner (or person of similar status).

d) On January 23, 2020, the California Board of Pharmacy issued a letter of admonishment to Respondent for shipping a prescription to the wrong address and shipping two prescriptions with the wrong return address.

e) On June 16, 2020, the California Board of Pharmacy issued a modified citation and fine CI 2019 78633 with the fine amount of $0.00 for receiving prescriptions by prescribers that were not licensed or have not entered into procedures with supervising physicians.

f) On April 08, 2022, Respondent submitted an Out-of-State Pharmacy Registration Ownership Change Application from license no. 166601 to license no. 193858 (now withdrawn) to the Division. Professional Fitness Question #1 was marked "Yes" indicating disciplinary actions had been issued against their license as listed above in sections a) through e).

g) Subsequent background investigation revealed Respondent failed to disclose the abovementioned 2017, 2019, and 2020 licensing actions from the California Board of Pharmacy on previous State of Alaska applications for TRUEPILL (formerly DBA Postmeds, Inc.) for licenses 137655 and 166601 dated June 08, 2018, August 06, 2020, and August 27, 2020.

h) Respondent admits that as a result of the above facts, grounds exist for possible suspension, revocation, or other disciplinary sanctions of their license pursuant to AS 08.01.075, AS 08.80.261(a)(1), AS 08.80.261(a)(6), AS 08.80.261(a)(9), AS 08.80.261(a)(11)(12)(14), 12 AAC 52.920(a)(13), and 52.920(a)(14)(c).

4) **Formal Hearing Process.** It is the intent of the parties to this Consent Agreement to provide for the compromise and settlement of all issues addressed in Paragraph 3 (above) that could be raised by an Accusation to revoke, suspend, or impose disciplinary sanctions against Respondent's license through a formal hearing process.

5) **Waiver of Rights.** Respondent understands they have the right to consult with an attorney of their own choosing and has a right to an administrative hearing on the facts in this case. Respondent understands and agrees that by signing this Consent Agreement, Respondent is waiving their rights to counsel and to a hearing. Further, Respondent understands and agrees that they are relieving the Division of any burden it has of proving the facts admitted above. Respondent further understands and agrees that by signing this Consent Agreement they are voluntarily and knowingly giving up their right to present oral and documentary evidence, to present rebuttal evidence, to cross-examine witnesses against Respondent, and to appeal the Board's decision to Superior Court.

6) **Effect of Non-Acceptance of Consent Agreement.** Respondent and the Division agree that this Consent Agreement is subject to the approval of the Board. They agree that, if the Board rejects this Consent Agreement, it will be void, and an Accusation may be filed. If this Consent Agreement is rejected by the Board, it will not constitute a waiver of Respondent's right to a hearing on the matters alleged in an Accusation and the admissions contained herein will have no effect. Respondent agrees that, if the Board rejects this Consent Agreement, the Board may decide the matter after a hearing, and its consideration of this Consent Agreement shall not alone be grounds for claiming that the Board is biased against Respondent, that it cannot fairly decide the case, or that it has received ex parte communication.

7) **Consent Agreement, Decision, and Order.** Respondent agrees that the Board has the authority to enter into this Consent Agreement and to issue the following Decision and Order.

PROPOSED DECISION AND ORDER

IT IS HEREBY ORDERED that any license issued to Respondent by the Board shall be subject to the following terms and conditions:

A. Violation of Agreement

If Respondent fails to comply with any term or condition of this Consent Agreement, the Division may enforce this agreement by immediately suspending Respondent's license, without an additional order from the Board or without a prior hearing, for a violation of this agreement. In addition, any suspended portion of the civil fine will be immediately due.

If Respondent's license is suspended under this paragraph, as provided above, they will be entitled to a hearing, on an expedited basis, regarding the issue of the suspension. If Respondent's license is suspended, they will continue to be responsible for all license requirements pursuant to AS 08.80.

Respondent shall maintain an active license for the entire duration of this Consent Agreement. If the Respondent lets their license lapse, and after receiving adequate notice from the Board fails to correct the problem, the failure to maintain active licensure will be considered a violation of this Consent Agreement.

B. Respondent Address

It is the responsibility of the Respondent to keep the Board's agent advised, in writing, at all times of their current mailing address, physical address, telephone number, current employment and any change in employment.

Failure to provide notice of any changes within 10 calendar days will constitute grounds for suspension of his or her license in accordance with paragraph 'B' above.

C. Compliance with Laws

Respondent shall obey all federal, state and local laws governing their license.

D. Authorization

Within 10 calendar days of a request by the Board agent, Respondent will sign all authorizations necessary for the release of information required by this Consent Agreement.

E. Good Faith

All parties agree to act in good faith in carrying out the stated intentions of this Consent Agreement.

F. Address of the Board

ORDER TO SHOW CAUSE

AND NOW, this 10th day of May 2023, **PostMeds Inc** ("Respondent") is hereby ORDERED TO SHOW CAUSE why the Pennsylvania State Board of Pharmacy ("Pennsylvania Board"), upon consideration of the Factual Allegations and the applicable law, should not suspend, revoke or otherwise restrict Respondent's registration, impose a civil penalty, or impose the costs of investigation. This action is brought pursuant to the Pharmacy Act, act of September 27, 1961, P.L. 1700, ("Act"), *as amended*, 63 P.S. §§ 390-1 to 390-13; and 63 Pa.C.S. Chapter 31 ("Chapter 31"); and will be conducted in accordance with the Administrative Agency Law, 2 Pa. C.S. §§ 501-508, 701-704, Chapter 31, and the General Rules of Administrative Practice and Procedure ("GRAPP"), 1 Pa. Code §§ 31.1-35.251.

IT IS FURTHER ORDERED that Respondent file an Answer to this Order to Show Cause in writing within thirty (30) days of the date on the most recent Certificate of Service associated with this Order to Show Cause, in accordance with Rule 35.37 of GRAPP, 1 Pa. Code § 35.37, *as amended.*

FACTUAL ALLEGATIONS

1. Respondent holds the following registration to practice as a nonresident pharmacy in the Commonwealth of Pennsylvania: registration no. NP000931.

DOS Prothonotary.
May 10 2023

2. Respondent's registration was originally issued on July 3, 2017, and it is currently set to expire on August 31, 2023.

3. Absent further action by the Pennsylvania Board, the Respondent's registration may be renewed or reactivated upon the filing of the appropriate documentation and payment of the necessary fees.

4. At all times pertinent to the Factual Allegations, Respondent held a registration to practice as a nonresident pharmacy in the Commonwealth of Pennsylvania.

5. Respondent's last known address on file with the Board is: 3131 Diablo Ave, Hayward, CA 94545.

COUNT ONE

6. Paragraphs 1 through 5 are incorporated by reference.

7. At all relevant and material times, Respondent was authorized to practice as a nonresident pharmacy in the State of North Carolina.

8. On or about March 8, 2022, the State of North Carlina Board of Pharmacy ("North Carolina Board"), by way of Consent Order of Discipline, found Respondent to be in violation of the laws, rules, code and/or regulations of the State of North Carolina because Respondent failed to report a restructuring of ownership to the North Carolina Board.

9. In the March 8, 2022 Consent Order of Discipline, the North Carolina Board voided Respondent's permit from the time it was issued until the time the restructuring began and approved Respondent's change of ownership application as a successor permit.

10. A true and correct copy of the North Carolina Board's March 8, 2022 Consent Order of Discipline is attached as **EXHIBIT A** and is incorporated by reference.

11. At all relevant and material times, Respondent was authorized to practice as a nonresident pharmacy in the State of Louisiana.

12. On or about May 11, 2022, the State of Louisiana Board of Pharmacy ("Louisiana Board"), by way of Consent Agreement at Louisiana Board Case Number 21-0456, found Respondent to be in violation of the laws, rules, code and/or regulations of the State of Louisiana because Respondent failed to report a restructuring of ownership to the Louisiana Board.

13. In the May 11, 2022 Consent Agreement, the Louisiana Board imposed a ten thousand dollar ($10,000.00) fine, two hundred fifty dollars ($250.00) in administrative costs, and three hundred twenty-four dollars and forty-eight cents ($324.48) in investigative costs.

14. A true and correct copy of the Louisiana Board's May 11, 2022 Consent Agreement, Louisiana Board Case Number 21-0456, is attached as **EXHIBIT B** and is incorporated by reference.

15. At all relevant and material times, Respondent was authorized to practice as a nonresident pharmacy in the State of Kansas.

16. On or about January 20, 2023, the State of Kansas Board of Pharmacy ("Kansas Board"), by way of Amended Summary Order at Kansas Board Case Number 22-183, found Respondent to be in violation of the laws, rules, code and/or regulations of the State of Kansas because Respondent failed to report a restructuring of ownership to the Kansas Board and failed to report disciplinary actions from North Carolina, Alabama, and California which also pertained to a failure to report a restructuring of ownership to each respective Board.

17. In the January 20, 2023 Amended Summary Order, the Kansas Board imposed a three thousand five hundred dollar ($3,500.00) fine.

18. A true and correct copy of the Kansas Board's January 20, 2023 Amended Summary Order, Kansas Board Case Number 22-183, is attached as **EXHIBIT C** and is incorporated by reference.

19. Based upon the foregoing Factual Allegations, the Pennsylvania Board is authorized to suspend or revoke, or otherwise restrict Respondent's nonresident pharmacy registration under section 4.1(e) of the Act, 63 P.S. §§ 390-4.1(e); or impose a civil penalty under section 63 Pa.C.S. § 3108(b)(4), and/or impose the costs of investigation under 63 Pa.C.S. § 3108(b)(5), because Respondent violated the Act at section 4.1(g), 63 P.S. § 390-4.1(g), in that Respondent had a permit to conduct a pharmacy suspended or revoked or the nonresident pharmacy was otherwise disciplined by the proper licensing authority of another state.

PENALTIES

If the Pennsylvania Board finds that the Factual Allegations are true and correct, and determines that it has the authority to suspend or revoke the Respondent's registration, the Pennsylvania Board may, in its discretion, impose one or more of the following penalties:

- The revocation, suspension or other restriction of any licenses, certifications, registrations, permits or other authorizations to practice a profession held by Respondent in the Commonwealth of Pennsylvania, or the imposition of any other disciplinary or corrective action that the Act authorizes the Board to impose.
- The imposition of a civil penalty of up to ten thousand dollars ($10,000.00) for each and every violation of the Act. Where criminal proceedings are a basis for a violation of the Act, each count for which the Respondent was convicted may be considered a separate violation of the Act.

PROCEDURES

All proceedings are conducted in accordance with the Administrative Agency Law, 2 Pa. C.S. §§ 501-508, 701-704; Chapter 31; and the General Rules of Administrative Practice and Procedure, 1 Pa. Code §§ 31.1-35.251. **RESPONDENT IS HEREBY ORDERED TO FILE A WRITTEN ANSWER TO THIS ORDER TO SHOW CAUSE WITHIN THIRTY (30) DAYS OF THE DATE ON THE MOST RECENT CERTIFICATE OF SERVICE ASSOCIATED WITH THIS ORDER TO SHOW CAUSE.** The Answer shall specifically admit or deny each of the Factual Allegations made herein, and shall set forth the facts and state concisely the matter of law upon which Respondent relies. If Respondent fails to file an Answer within the time allowed herein, the Factual Allegations may be deemed admitted, and the Pennsylvania Board will issue an Order which may impose penalties as set forth above.

If Respondent desires a formal administrative hearing, at which Respondent may defend against the allegations in the Order to Show Cause or to present evidence in mitigation of any penalty which may be imposed upon Respondent or any of Respondent's licenses, certifications, registrations, permits or other authorizations to practice a profession, a written request for hearing must be filed within thirty (30) days of the date on the most recent Certificate of Service associated with this Order to Show Cause. **IF RESPONDENT FAILS TO FILE A WRITTEN REQUEST FOR HEARING WITHIN THIRTY (30) DAYS OF THE DATE ON THE MOST RECENT CERTIFICATE OF SERVICE ASSOCIATED WITH THIS ORDER TO SHOW CAUSE, RESPONDENT WILL BE DEEMED TO HAVE WAIVED HIS OR HER RIGHT TO A HEARING AND FINAL JUDGMENT MAY BE ENTERED WITHOUT A HEARING.**

If a hearing is scheduled, Respondent will be notified of the specific time and place of the hearing. The hearing will be held before the Board or its duly designated Presiding Officer, in

STATE OF NORTH CAROLINA
NORTH CAROLINA BOARD OF PHARMACY

IN THE MATTER OF	)	
	)	
POSTMEDS, INC. d/b/a Truepill,	)	**CONSENT ORDER**
	)	**OF DISCIPLINE**
Permit No. 13413 and Its Successor Permit(s).	)	

THIS MATTER came to be considered before a member of the North Carolina Board of Pharmacy (hereinafter, the "Board") pursuant to 21 N.C.A.C. 46 .2008. The Conference was scheduled for Thursday, February 24, 2022, and, after appropriate notice, was heard on that day by Board member Wallace E. Nelson. Respondent PostMeds, Inc. was informed of its right to be present at the pre-hearing conference and declined. The Board's General Counsel, Clinton R. Pinyan, represented the Board.

Respondent has agreed to waive a formal hearing in the above-referenced matter. It stipulates and agrees to the findings of fact and conclusions of law recited herein and to the order of discipline imposed. By its consent, Respondent also stipulates that it waives its right to appeal this Consent Order or challenge in any way the sufficiency of the findings of this Order as a basis for the action taken. Based upon the consent of the parties, the Board hereby enters the following:

FINDINGS OF FACT

1. On November 20, 2017, the Board issued Permit No. 13413 to Respondent PostMeds, Inc. d/b/a Truepill (Permit No. 13413) ("PostMeds").

2. On PostMeds' initial permit application, its then-pharmacist manager, Mohammad Umar Afridi, submitted an inaccurate statement that he was the sole owner and officer of PostMeds. In fact, PostMeds now acknowledges that Afridi and Siddharth

DOS Prothonotary
May 10 2023

Viswanathan each owned 47 percent of PostMeds on November 20, 2017, with others owning six percent, and that Viswanathan was also an officer of PostMeds.

3. Viswanathan and the minority owners' interests would not have raised questions about the permit application in this particular case. If PostMeds had disclosed the true ownership and officers of PostMeds, the Board still would have granted PostMeds a permit. However, it was an inaccurate statement that Afridi, as the person who submitted the application, knew was inaccurate. That statement prevented the Board from vetting Viswanathan as the owner of the pharmacy. Because of the inaccuracy of the representations, the initial permit was void ab initio.

4. In November 2019, PostMeds went through a corporate restructuring. During that restructuring, Truepill, Inc. was created as a holding company for PostMeds. At that time, Truepill, Inc. became the sole owner of PostMeds. Afridi, Viswanathan and the other former direct owners of PostMeds became indirect owners with the same ownership interests in the holding company, Truepill, Inc., that they had before the transfer of ownership.

5. This restructuring required PostMeds to submit a transfer of ownership application and have that application granted before the restructuring closed. PostMeds failed to do this. Therefore, even if the initial permit had been valid (which it was not), it would have become invalid upon the corporate restructuring.

6. Insertion of a new holding company between the ultimate owners and PostMeds would not have raised questions about the permit application in this particular case. The ownership interests of the ultimate owners did not change. If PostMeds had disclosed the new holding company, the Board still would have granted the transfer of ownership. However,

DOS Prothonotary:
May 10 2023

PostMeds failed to submit the transfer of ownership application or otherwise disclose the interests of Truepill, Inc.

7. In each of its subsequent renewals, PostMeds failed to correct the ownership information that it had inaccurately submitted on its initial application or to list Truepill, Inc., as the direct owner of the pharmacy.

8. On November 4, 2021, counsel for PostMeds informed the Board that its "current ownership information on file with the North Carolina Board of Pharmacy is out of date." Upon follow-up questioning, the next day, PostMeds disclosed that it should have submitted a transfer of ownership application in November 2019. It further was apparent from the ownership information that PostMeds provided that Afridi made inaccurate representations about ownership and officers on PostMed's initial application that had never been corrected.

9. PostMeds agreed to stop shipping any drugs, devices or medical equipment into the State of North Carolina until the matter was resolved. It further agreed to stop shipping or dispensing any drugs, devices or medical equipment from six other pharmacies under its ownership until the matter was resolved (even though those pharmacies did not receive permits until after the transfer of ownership had occurred, and so did not suffer from the same problem).

10. PostMeds submitted a transfer of ownership application promptly.

11. Although PostMed's disclosure of its inaccuracies was tardy, its remedial actions are a mitigating factor in this matter.

CONCLUSIONS OF LAW

1. Reporting of correct and complete ownership information on an initial pharmacy permit application or a renewal application is material, indeed essential, to the Board's ability to ensure that a pharmacy will provide services safely and competently to the public.

DOS Prothonotary:
May 10 2023

2. PostMeds made inaccurate statements about its ownership and officers on its initial application, which it failed to correct at any point through its 2022 renewal. That initial permit was therefore void ab initio and violated G.S. § 90-85.38(b).

3. The creation of Truepill, Inc. as a holding company further triggered a requirement to report the ownership change and obtain a successor permit, and to do so before the closing of the transaction that created Truepill, Inc. The transaction "result[ed] in a different person . . . owning more than 50 percent interest in the permit holder . . . ." 21 NCAC 46.1603. Failure to apply for and obtain a successor permit prior to the transaction, and a continuing failure to disclose the ownership interest of Truepill, Inc., violated G.S. § 90-85.38(b).

IT IS THEREFORE ORDERED:

PostMeds was in violation of G.S. § 90-85.38(b) in North Carolina from November 20, 2017 until at least November 4, 2021. Respondent PostMed's Permit No. 13413 was **VOID** from the time that it was granted on November 20, 2017. G.S. § 90-85.38(c).

Respondent PostMed's change of ownership application is **APPROVED** as a successor permits to Permit No. 13413 (the "Successor Permit") with the following **CONDITIONS:**

1. PostMeds shall provide timely advance notice of any contemplated change in ownership to the current pharmacist-manager and any future pharmacist-manager(s) of the Successor Permit. PostMeds shall consult with the Successor Permit's pharmacist-manager(s) to determine whether any contemplated transaction triggers the need to obtain new permits. PostMeds shall authorize the Successor Permit's pharmacist-manager(s) to take any necessary action to update that ownership information with the Board or to apply for new permits. If a contemplated transaction triggers the need for new permits, PostMeds shall not complete that

DOS Prothonotary:

4659

transaction unless and until either the Board issues new permits or PostMeds ceases all practice of pharmacy at the permitted location.

2. The Successor Permit shall violate no laws governing the practice of pharmacy or the distribution of drugs.

3. The Successor Permit shall violate no rules or regulations of the Board.

4. If the Successor Permit fail to comply with any term or condition of this Order, it may be subject to additional disciplinary action by the Board.

LOUISIANA BOARD OF PHARMACY

BATON ROUGE, LOUISIANA

IN THE MATTER OF: **CONSENT ORDER**

POSTMEDS, INC.

LOUISIANA PHARMACY PERMIT NO. 7761 **Case No. 21-0456**

****

CONSENT AGREEMENT

WHEREAS, an informal conference was conducted by the Violations Committee of the Louisiana Board of Pharmacy (hereinafter referred to as the "Board") on March 16, 2022 at the Board office, 3388 Brentwood Drive, Baton Rouge, LA 70809, in the matter of POSTMEDS, INC. (hereinafter referred to as "Respondent"), holding Louisiana Pharmacy Permit No. 7761, 3121 Diablo Ave., Hayward, CA 94545-2701, with attorney Skip Philips and Postmeds Corporate Counsel Donnie Simkin appearing on behalf of Respondent.

WHEREAS, WHEREAS, on August 27, 2018, the Louisiana Board of Pharmacy issued a non-resident pharmacy permit, PHY.007761-NR, to Postmeds Inc. At that time, Postmeds Inc. was 31.5% owned by Mohammad Umar Afridi, 31.5% owned by Siddharth Viswanathan, 16.5% owned by Initialized III L.P., and 20.5% owned by others with no individual owner holding more than 4%. On December 17, 2021 the Board received an "Application for New Louisiana Pharmacy Permit for Nonresident Pharmacy" from Postmeds, Inc. d/b/a Truepill. Accompanying correspondence and organization chart detailed a 100% change in the ownership structure of Postmeds Inc., effective November 6, 2019. Postmeds Inc. went from being owned 31.5% by Mohammad Umar Afridi, 31.5% by Siddharth Viswanathan, 16.5% by Initialized III L.P., and 20.5% by others with no individual owner holding more than 4%, to being owned 100% by Truepill, Inc.

WHEREAS, the Board alleges that such actions constitute violations of the following:

La. R.S. 37:1241 (A)(1): Practiced or assisted in the practice of pharmacy, or knowingly permitted or has permitted anyone in his employ or under his supervision to practice or assist in the practice of pharmacy, in violation of the provisions of this Chapter and any rules and regulations promulgated thereto in accordance with the Administrative Procedure Act.

La. R.S. 37:1221(B). No out-of-state pharmacy providing pharmacy services to residents of this state shall open, establish, operate, or maintain a pharmacy, located out-of-state, unless the pharmacy is issued a permit by the board.

La. R.S. 37:1222(A). A person applying for a permit to open, establish, operate, or maintain a pharmacy, within or outside of this state, shall complete an application in such form and contain such data as the board may require, and complete such other requirements as deemed necessary by the board, including but not limited to designation and identification of a pharmacist-in-charge.

DOS Prothonotary:
May 10 2023

La. R.S. 37:1222(E). A permit to operate a pharmacy shall not be transferable.

La. R.S. 37:1232(A). A pharmacy located outside this state which does business in this state within the meaning of this Chapter, shall hold a current pharmacy permit as provided in this Chapter. The pharmacy shall be designated a "nonresident pharmacy" and the permit shall be designated a "nonresident pharmacy permit."

LAC, Title 46: LIII §1101(A). Individuals, partnerships, corporations, limited liability companies, or associations desiring to operate a pharmacy in Louisiana, or outside the state where prescriptions drugs/devices are dispensed and delivered to Louisiana residents, shall execute an application for a pharmacy permit for their particular classification of pharmacy.

LAC, Title 46: LIII §1135(A)(1)(e). The holder of a pharmacy permit shall notify the board, in writing, prior to the transfer of ownership, in order for the board to complete an inspection of the pharmacy premises. A change of ownership of a pharmacy is evident under the following conditions: a 50 percent, or more, change in ownership of a corporation, limited liability company, or association since the issuance of the original permit or the last renewal application.

LAC, Title 46: LIII §1135(A)(2). The new owner(s) of the pharmacy shall submit a properly completed pharmacy permit application, with appropriate fee, to the board.

LAC, Title 46: LIII §1135(A)(4). Pharmacy permits are not transferable from the original holder(s) of the permit to the new owner(s).

LAC, Title 46: LIII §2305(A). The out-of-state pharmacy shall apply for a permit and annual permit renewals on forms provided by the board.

LAC, Title 46: LIII §2307(C). Authority and Accountability. The designated pharmacist-in-charge of the pharmacy and the pharmacy owner(s), or partners, or corporate officer(s) of the permit holder, where applicable, shall be responsible for the complete supervision, management, and compliance with all federal and state pharmacy laws and regulations pertaining to the practice of pharmacy of the entire prescription department. This responsibility necessarily includes accountability for any violation involving federal or state laws or regulations occurring within the prescription department supervised by a pharmacist-in-charge.

To facilitate the submission of this Consent Agreement, Respondent does not contest the allegations and agrees that there is sufficient evidence upon which to predicate a finding of those violations.

Respondent further understands that this Consent Agreement shall constitute a Public Record, pursuant to La. R.S. 44:1 et seq., and is considered disciplinary action by the Board.

DOS Prothonotary:
May 10 2023

Respondent further understands that this Consent Agreement shall constitute a Public Record, pursuant to La. R.S. 44:1 et seq., and is considered disciplinary action by the Board.

In order to avoid further administrative and judicial proceedings, Respondent hereby consents to accept and abide by the following order of the Board:

POSTMEDS, INC., holder of Louisiana Pharmacy Permit No. 7761, is ordered to pay a fine of $10,000.00 and to reimburse the Board $250.00 for administrative costs, and $324.48 for investigative costs with total payment due the Board of $10,574.80, due by *certified check or money order* to be paid simultaneously with the execution of this Consent Agreement by Respondent.

By signing this Consent Agreement, Respondent agrees that the Board has jurisdiction in this matter, waives all rights to informal conference, to Notice of Hearing, to a formal Administrative Hearing and to judicial review of this Consent Agreement. Moreover, at no time shall Respondent request the expungement, rescission or removal of this Consent Agreement.

By signing this Consent Agreement, Respondent agrees that any failure to comply with the terms of this Agreement is a basis for discipline by the Board.

Both Respondent and the Board stipulate that this Consent Order shall not become effective and shall not become binding on the Board unless and until approved by the Board at formal meeting. However, Respondent agrees that this Consent Order shall be effective and binding upon Respondent without recourse upon its authorized representative signing said Order.

Respondent agrees to authorize the Board to report this action to the National Practitioner Data Bank – Healthcare Integrity and Protection Data Bank (NPDB-HIPDB) as required by law.

I, Matt Davis-Ratner, authorized to act on behalf of and acting on behalf of **POSTMEDS, INC.**, understand that this Consent Agreement is effective as a Board Order upon affirmative vote by the Board at formal hearing. It is also understood that, should the Board not approve this Consent Agreement, the agreement therein does not preclude the Louisiana Board of Pharmacy from requiring a formal hearing of this case.

It is further understood that, should this Consent Agreement not be accepted by the Board, the presentation to and consideration by the Board of this Agreement, including presented documentary evidence and information, shall not unfairly or illegally prejudice or preclude the Board or any of its members from further participation in hearings or resolution of these proceedings.

AMENDED SUMMARY ORDER

NOW on this 20th day of January, 2023, comes before the Kansas Board of Pharmacy (the "Board"), through its Executive Director, the matter of PostMeds, Inc dba Truepill ("Respondent").

Pursuant to the authority granted to the Board by the Kansas Pharmacy Act, K.S.A. 65-1625, *et seq.*, and in accordance with the Kansas Administrative Procedure Act, K.S.A. 77-501, *et seq.*, the Board's Executive Secretary enters this Amended Summary Order in the above-captioned matter. After reviewing the investigation materials and being otherwise duly advised in the premises, makes the following findings, conclusions and order:

FINDINGS OF FACT

1. The Board has previously issued Respondent Registration No. 22-104228 which entitled Respondent to operate as a non-resident pharmacy in the State of Kansas.

2. On November 6, 2019, the ownership of Respondent's non-resident pharmacy changed.

3. On May 22, 2020, the Board received a renewal application for Respondent's Registration No. 22-104228, which was approved on June 3, 2020 with an expiration date of June 30, 2021. Respondent answered "No" to the question: "Has any license or registration, currently or previously held by the applicant or the PIC been surrendered to, denied, disciplined, censured, suspended, limited, placed on probation, or revoked by any state of federal government?"

DOS Prothonotary:

Respondent certified the information submitted was true, correct, and complete to the best of Respondent's knowledge.

4. On June 1, 2021, the Board received a renewal application for Respondent's Registration No. 22-104228, which was approved on June 21, 2021 with an expiration date of June 30, 2022. Respondent answered "No" to the question: "Has any license or registration, currently or previously held by the applicant or the PIC been surrendered to, denied, disciplined, censured, suspended, limited, placed on probation, or revoked by any state of federal government?" Respondent certified the information submitted was true, correct, and complete to the best of Respondent's knowledge.

5. Due to staffing challenges, personnel turnover and administrative oversight resulting from its early, rapid growth and restructuring and the corresponding COVID-19 pandemic, Respondent mistakenly failed to report the 2019 ownership change and related disclosures to the Board in its May 22, 2020 and June 1, 2021 renewal applications.

6. On April 18, 2022, the Board received notification from Respondent of an ownership change and several past disciplinary actions not previously reported to the Board including: North Carolina Board of Pharmacy Consent Order of Discipline dated March 8, 2022; California State Board of Pharmacy Letter of Admonishment dated January 23, 2020; California State Board of Pharmacy Citation and Fine dated June 16, 2020; California State Board of Pharmacy Citation and Fine Order of Abatement dated August 25, 2021; Alabama State Board of Pharmacy Final Order dated October 25, 2021; California State Board of Pharmacy Citation and Fine dated January 24, 2019; and California State Board of Pharmacy Citation dated December 16, 2019.

DDS Prothonotary:

7. On April 28, 2022, the Board received from Respondent a Form BA-22 Non-Resident Pharmacy Registration Application ("Respondent's Application"), notifying of the change in ownership effective November 6, 2019, and applying for a new non-resident pharmacy registration under the new ownership.

8. On May 20, 2022, the Board approved Respondent's Application and issued Respondent the new Non-Resident Pharmacy Registration No. of 22-117859 ("Respondent's Registration") under their new ownership.

9. Prior to receiving the ownership change application, registrant provided a letter notifying of the late ownership change, as well as unreported discipline. Ownership change application completed indicating discipline had occurred and providing details of discipline (5 occurrences).

10. In mitigation, Respondent states that it has invested in additional staff, engaged internal and external legal counsel and implemented training efforts to prevent any such reporting oversights in the future.

CONCLUSIONS OF LAW

1. Pursuant to K.S.A. 65-1658, the Board may assess a civil fine not to exceed $5,000, after notice and an opportunity to be heard, to any registrant for violation of the pharmacy act of the state of Kansas or any other rules or regulations of the state board of pharmacy.

2. Pursuant to K.S.A. 65-1627(f), the Board may take action against a registration on any ground that would authorize the board to take action against the registration of a pharmacy under K.S.A. 65-1627, and amendments thereto.

3. Pursuant to K.S.A. 65-1627(e)(1), the Board may take action against the registration of a pharmacy upon a finding that such pharmacy has been operated in such manner

DOS Prothonotary:
May 10 2023

that violations of the provisions of the pharmacy act of the state of Kansas or of the rules and regulations of the board have occurred in connection therewith.

4. Pursuant to K.S.A. 65-1627(e)(4), the Board may take action against the registration of a pharmacy upon a finding that the registrant has had a registration revoked, suspended or limited, has been censured or has had other disciplinary action taken, or an application for registration denied, by the proper registering authority of another state, territory, District of Columbia or other country.

5. Pursuant to K.S.A. 65-1657, no nonresident pharmacy shall ship, mail, or deliver, in any manner, prescription drugs to a patient in this state unless registered with the Board as a nonresident pharmacy.

6. Pursuant to K.S.A. 65-1645(f), registrations shall not be transferable.

7. Pursuant to K.A.R. 68-2-9, each registrant shall notify the executive secretary of the Board in writing of any change in majority ownership of the operation for which the registration was issued within five days after the date the change in ownership becomes effective.

8. Pursuant to K.A.R. 68-2-23, each pharmacy owner shall notify the board in writing within 30 days of any denial, limitation, suspension, revocation, voluntary surrender, or other disciplinary action taken by the state of Kansas or another jurisdiction against the pharmacy or the pharmacy owner or any application, license, registration, or permit held by the pharmacy owner.

9. Respondent's registered facility changed ownership on November 6, 2019 but Respondent did not provide notification or file a new application with the Board until April 18 and 28, 2022, respectively.

10. Respondent's failure to submit the complete change of ownership to the Board until April 2022 is a violation pursuant to K.A.R. 68-2-9 and an unlawful transfer of the previous

DOS Prothonotary:
May 10 2023

registration to the new ownership. Respondent's actions are a violation pursuant to K.S.A. 65-1657 and K.S.A. 65-1627(e)(1), and a basis to take action against Respondent's Registration.

11. Respondent failed to notify the Board of the six disciplinary actions by North Carolina, California, and Alabama until April 18, 2022, nearly one to two years after they were effective, is a violation of K.A.R. 68-2-23 and a basis to take action against Respondent's Registration pursuant to K.S.A. 65-1627(e)(1) and (e)(4).

ORDER

Taking into account the mitigating and corrective actions of Respondent, the Board finds and concludes that Respondent's conduct, as described above, violates the Act and such conduct warrants the imposition of a fine pursuant to K.S.A. 65-1658, in the amount of $3,500.00. Respondent has 30 days from the date of this order to pay the fine.

NOTICES

The Respondent is hereby notified as follows:

1. The Respondent may request a hearing pursuant to the Kansas Administrative Procedure Act by filing a written request with the Kansas Board of Pharmacy, 800 SW Jackson, Suite 1414, Topeka, KS 66612-1231 within fifteen (15) days after service of this order.

2. If a hearing is not requested as described above, the Order shall become a final order of the Board, effective upon the expiration of the time to request a hearing.

3. Within fifteen (15) days after entry of a final agency order, either party may file a petition for reconsideration pursuant to K.S.A. 77-529.

4. Within the time limits established in K.S.A. 77-613, either party may seek judicial review of a final agency order, pursuant to said statute. The agency officer designated to receive service of a petition for judicial review is:

CONSENT ORDER

THIS MATTER comes before the Alabama State Board of Pharmacy (hereinafter referred to as the "Board") on a complaint against **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** which resulted in the filing of a Statement of Charges and Notice of Hearing ("Statement") alleging violations of the Alabama Pharmacy Practice Act as are more particularly set out in the Statement which is attached hereto as **Exhibit "A."**

Prior to a hearing in this cause, and pursuant to Code of Alabama (1975), § 41-22-12(f), the matters at issue were resolved informally by the parties and the parties negotiated a Consent Order, the terms of which are as follows:

1. The Board finds that **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** has violated the provisions of law set out in the Statement.

2. **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** shall pay an administrative fine in the amount of Three Thousand Dollars ($3,000.00) within thirty (30) days of the effective date of this consent order that being the day the same is signed on behalf of the Board. This payment shall not be subject to discharge in bankruptcy nor shall **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** attempt to discharge the same. Payments shall be made payable to Alabama State Board of Pharmacy and mailed to 111 Village Street, Birmingham, Alabama 35242.

3. **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** expressly waives its rights pursuant to the Alabama Pharmacy Practice Act, the Alabama

Administrative Procedure Act and the Alabama Uniform Controlled Substances Act, including but not limited to the Code of Alabama (1975), §34-23-34 and §34-23-92(12), Code of Alabama (1975), §41-22-12 and §40-22-20 and Code of Alabama (1975), §20-2-50 et seq., and including but not limited to the opportunity for a hearing before the Board in connection with any charges against it and any judicial review. **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** further waives any objection to the attorney for the Board preparing, drafting, or making this Order, including the waiver of any objection or right pursuant to Code of Alabama (1975), §41-22-18.

4. By execution of this Consent Order, **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** hereby releases the Board, its members, agents, representatives, servants, and employees from any and all liability, claims, damages, fees, or expenses arising out of or made in connection with the matters relating to this Consent Order and Statement.

5. **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** acknowledges and agrees that any future violation of the Alabama Pharmacy Practice Act, the laws that regulate the sale and/or dispensing of prescription or legend drugs and/or narcotics or any Rules and regulations of the Alabama State Board of Pharmacy or the pharmacy law or rules of the Board of Pharmacy of another state or any other applicable laws may, upon proof and hearing thereof, result in further disciplinary sanctions against **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.'s** permit, including, but not limited to revocation.

6. **PostMeds Inc. dba Truepill and/or Truepill f/k/a PostMeds Inc.** acknowledges and agrees that it has read this Consent Order and that it fully understands the terms, conditions, and contents of the same. **PostMeds Inc. dba Truepill and/or**

AMENDED SUMMARY ORDER

NOW on this 20th day of January, 2023, comes before the Kansas Board of Pharmacy (the "Board"), through its Executive Director, the matter of PostMeds, Inc dba Truepill ("Respondent").

Pursuant to the authority granted to the Board by the Kansas Pharmacy Act, K.S.A. 65-1625, *et seq.*, and in accordance with the Kansas Administrative Procedure Act, K.S.A. 77-501, *et seq.*, the Board's Executive Secretary enters this Amended Summary Order in the above-captioned matter. After reviewing the investigation materials and being otherwise duly advised in the premises, makes the following findings, conclusions and order:

FINDINGS OF FACT

1. The Board has previously issued Respondent Registration No. 22-104228 which entitled Respondent to operate as a non-resident pharmacy in the State of Kansas.

2. On November 6, 2019, the ownership of Respondent's non-resident pharmacy changed.

3. On May 22, 2020, the Board received a renewal application for Respondent's Registration No. 22-104228, which was approved on June 3, 2020 with an expiration date of June 30, 2021. Respondent answered "No" to the question: "Has any license or registration, currently or previously held by the applicant or the PIC been surrendered to, denied, disciplined, censured, suspended, limited, placed on probation, or revoked by any state of federal government?"

Respondent certified the information submitted was true, correct, and complete to the best of Respondent's knowledge.

4. On June 1, 2021, the Board received a renewal application for Respondent's Registration No. 22-104228, which was approved on June 21, 2021 with an expiration date of June 30, 2022. Respondent answered "No" to the question: "Has any license or registration, currently or previously held by the applicant or the PIC been surrendered to, denied, disciplined, censured, suspended, limited, placed on probation, or revoked by any state of federal government?" Respondent certified the information submitted was true, correct, and complete to the best of Respondent's knowledge.

5. Due to staffing challenges, personnel turnover and administrative oversight resulting from its early, rapid growth and restructuring and the corresponding COVID-19 pandemic, Respondent mistakenly failed to report the 2019 ownership change and related disclosures to the Board in its May 22, 2020 and June 1, 2021 renewal applications.

6. On April 18, 2022, the Board received notification from Respondent of an ownership change and several past disciplinary actions not previously reported to the Board including: North Carolina Board of Pharmacy Consent Order of Discipline dated March 8, 2022; California State Board of Pharmacy Letter of Admonishment dated January 23, 2020; California State Board of Pharmacy Citation and Fine dated June 16, 2020; California State Board of Pharmacy Citation and Fine Order of Abatement dated August 25, 2021; Alabama State Board of Pharmacy Final Order dated October 25, 2021; California State Board of Pharmacy Citation and Fine dated January 24, 2019; and California State Board of Pharmacy Citation dated December 16, 2019.

7. On April 28, 2022, the Board received from Respondent a Form BA-22 Non-Resident Pharmacy Registration Application ("Respondent's Application"), notifying of the change in ownership effective November 6, 2019, and applying for a new non-resident pharmacy registration under the new ownership.

8. On May 20, 2022, the Board approved Respondent's Application and issued Respondent the new Non-Resident Pharmacy Registration No. of 22-117859 ("Respondent's Registration") under their new ownership.

9. Prior to receiving the ownership change application, registrant provided a letter notifying of the late ownership change, as well as unreported discipline. Ownership change application completed indicating discipline had occurred and providing details of discipline (5 occurrences).

10. In mitigation, Respondent states that it has invested in additional staff, engaged internal and external legal counsel and implemented training efforts to prevent any such reporting oversights in the future.

CONCLUSIONS OF LAW

1. Pursuant to K.S.A. 65-1658, the Board may assess a civil fine not to exceed $5,000, after notice and an opportunity to be heard, to any registrant for violation of the pharmacy act of the state of Kansas or any other rules or regulations of the state board of pharmacy.

2. Pursuant to K.S.A. 65-1627(f), the Board may take action against a registration on any ground that would authorize the board to take action against the registration of a pharmacy under K.S.A. 65-1627, and amendments thereto.

3. Pursuant to K.S.A. 65-1627(e)(1), the Board may take action against the registration of a pharmacy upon a finding that such pharmacy has been operated in such manner

that violations of the provisions of the pharmacy act of the state of Kansas or of the rules and regulations of the board have occurred in connection therewith.

4. Pursuant to K.S.A. 65-1627(e)(4), the Board may take action against the registration of a pharmacy upon a finding that the registrant has had a registration revoked, suspended or limited, has been censured or has had other disciplinary action taken, or an application for registration denied, by the proper registering authority of another state, territory, District of Columbia or other country.

5. Pursuant to K.S.A. 65-1657, no nonresident pharmacy shall ship, mail, or deliver, in any manner, prescription drugs to a patient in this state unless registered with the Board as a nonresident pharmacy.

6. Pursuant to K.S.A. 65-1645(f), registrations shall not be transferable.

7. Pursuant to K.A.R. 68-2-9, each registrant shall notify the executive secretary of the Board in writing of any change in majority ownership of the operation for which the registration was issued within five days after the date the change in ownership becomes effective.

8. Pursuant to K.A.R. 68-2-23, each pharmacy owner shall notify the board in writing within 30 days of any denial, limitation, suspension, revocation, voluntary surrender, or other disciplinary action taken by the state of Kansas or another jurisdiction against the pharmacy or the pharmacy owner or any application, license, registration, or permit held by the pharmacy owner.

9. Respondent's registered facility changed ownership on November 6, 2019 but Respondent did not provide notification or file a new application with the Board until April 18 and 28, 2022, respectively.

10. Respondent's failure to submit the complete change of ownership to the Board until April 2022 is a violation pursuant to K.A.R. 68-2-9 and an unlawful transfer of the previous

registration to the new ownership. Respondent's actions are a violation pursuant to K.S.A. 65-1657 and K.S.A. 65-1627(e)(1), and a basis to take action against Respondent's Registration.

11. Respondent failed to notify the Board of the six disciplinary actions by North Carolina, California, and Alabama until April 18, 2022, nearly one to two years after they were effective, is a violation of K.A.R. 68-2-23 and a basis to take action against Respondent's Registration pursuant to K.S.A. 65-1627(e)(1) and (e)(4).

ORDER

Taking into account the mitigating and corrective actions of Respondent, the Board finds and concludes that Respondent's conduct, as described above, violates the Act and such conduct warrants the imposition of a fine pursuant to K.S.A. 65-1658, in the amount of $3,500.00. Respondent has 30 days from the date of this order to pay the fine.

NOTICES

The Respondent is hereby notified as follows:

1. The Respondent may request a hearing pursuant to the Kansas Administrative Procedure Act by filing a written request with the Kansas Board of Pharmacy, 800 SW Jackson, Suite 1414, Topeka, KS 66612-1231 within fifteen (15) days after service of this order.

2. If a hearing is not requested as described above, the Order shall become a final order of the Board, effective upon the expiration of the time to request a hearing.

3. Within fifteen (15) days after entry of a final agency order, either party may file a petition for reconsideration pursuant to K.S.A. 77-529.

4. Within the time limits established in K.S.A. 77-613, either party may seek judicial review of a final agency order, pursuant to said statute. The agency officer designated to receive service of a petition for judicial review is:

LOUISIANA BOARD OF PHARMACY

BATON ROUGE, LOUISIANA

IN THE MATTER OF: **CONSENT ORDER**

POSTMEDS, INC.

LOUISIANA PHARMACY PERMIT NO. 7761 **Case No. 21-0456**

****

CONSENT AGREEMENT

WHEREAS, an informal conference was conducted by the Violations Committee of the Louisiana Board of Pharmacy (hereinafter referred to as the "Board") on March 16, 2022 at the Board office, 3388 Brentwood Drive, Baton Rouge, LA 70809, in the matter of POSTMEDS, INC. (hereinafter referred to as "Respondent"), holding Louisiana Pharmacy Permit No. 7761, 3121 Diablo Ave., Hayward, CA 94545-2701, with attorney Skip Philips and Postmeds Corporate Counsel Donnie Simkin appearing on behalf of Respondent.

WHEREAS, WHEREAS, on August 27, 2018, the Louisiana Board of Pharmacy issued a non-resident pharmacy permit, PHY.007761-NR, to Postmeds Inc. At that time, Postmeds Inc. was 31.5% owned by Mohammad Umar Afridi, 31.5% owned by Siddharth Viswanathan, 16.5% owned by Initialized III L.P., and 20.5% owned by others with no individual owner holding more than 4%. On December 17, 2021 the Board received an "Application for New Louisiana Pharmacy Permit for Nonresident Pharmacy" from Postmeds, Inc. d/b/a Truepill. Accompanying correspondence and organization chart detailed a 100% change in the ownership structure of Postmeds Inc., effective November 6, 2019. Postmeds Inc. went from being owned 31.5% by Mohammad Umar Afridi, 31.5% by Siddharth Viswanathan, 16.5% by Initialized III L.P., and 20.5% by others with no individual owner holding more than 4%, to being owned 100% by Truepill, Inc.

WHEREAS, the Board alleges that such actions constitute violations of the following:

La. R.S. 37:1241 (A)(1): Practiced or assisted in the practice of pharmacy, or knowingly permitted or has permitted anyone in his employ or under his supervision to practice or assist in the practice of pharmacy, in violation of the provisions of this Chapter and any rules and regulations promulgated thereto in accordance with the Administrative Procedure Act.

La. R.S. 37:1221(B). No out-of-state pharmacy providing pharmacy services to residents of this state shall open, establish, operate, or maintain a pharmacy, located out-of-state, unless the pharmacy is issued a permit by the board.

La. R.S. 37:1222(A). A person applying for a permit to open, establish, operate, or maintain a pharmacy, within or outside of this state, shall complete an application in such form and contain such data as the board may require, and complete such other requirements as deemed necessary by the board, including but not limited to designation and identification of a pharmacist-in-charge.

La. R.S. 37:1222(E). A permit to operate a pharmacy shall not be transferable.

La. R.S. 37:1232(A). A pharmacy located outside this state which does business in this state within the meaning of this Chapter, shall hold a current pharmacy permit as provided in this Chapter. The pharmacy shall be designated a "nonresident pharmacy" and the permit shall be designated a "nonresident pharmacy permit."

LAC, Title 46: LIII §1101(A). Individuals, partnerships, corporations, limited liability companies, or associations desiring to operate a pharmacy in Louisiana, or outside the state where prescriptions drugs/devices are dispensed and delivered to Louisiana residents, shall execute an application for a pharmacy permit for their particular classification of pharmacy.

LAC, Title 46: LIII §1135(A)(1)(e). The holder of a pharmacy permit shall notify the board, in writing, prior to the transfer of ownership, in order for the board to complete an inspection of the pharmacy premises. A change of ownership of a pharmacy is evident under the following conditions: a 50 percent, or more, change in ownership of a corporation, limited liability company, or association since the issuance of the original permit or the last renewal application.

LAC, Title 46: LIII §1135(A)(2). The new owner(s) of the pharmacy shall submit a properly completed pharmacy permit application, with appropriate fee, to the board.

LAC, Title 46: LIII §1135(A)(4). Pharmacy permits are not transferable from the original holder(s) of the permit to the new owner(s).

LAC, Title 46: LIII §2305(A). The out-of-state pharmacy shall apply for a permit and annual permit renewals on forms provided by the board.

LAC, Title 46: LIII §2307(C). Authority and Accountability. The designated pharmacist-in-charge of the pharmacy and the pharmacy owner(s), or partners, or corporate officer(s) of the permit holder, where applicable, shall be responsible for the complete supervision, management, and compliance with all federal and state pharmacy laws and regulations pertaining to the practice of pharmacy of the entire prescription department. This responsibility necessarily includes accountability for any violation involving federal or state laws or regulations occurring within the prescription department supervised by a pharmacist-in-charge.

To facilitate the submission of this Consent Agreement, Respondent does not contest the allegations and agrees that there is sufficient evidence upon which to predicate a finding of those violations.

Respondent further understands that this Consent Agreement shall constitute a Public Record, pursuant to La. R.S. 44:1 et seq., and is considered disciplinary action by the Board.

Respondent further understands that this Consent Agreement shall constitute a Public Record, pursuant to La. R.S. 44:1 et seq., and is considered disciplinary action by the Board.

In order to avoid further administrative and judicial proceedings, Respondent hereby consents to accept and abide by the following order of the Board:

POSTMEDS, INC., holder of Louisiana Pharmacy Permit No. 7761, is ordered to pay a fine of $10,000.00 and to reimburse the Board $250.00 for administrative costs, and $324.48 for investigative costs with total payment due the Board of $10,574.80, due by *certified check or money order* to be paid simultaneously with the execution of this Consent Agreement by Respondent.

By signing this Consent Agreement, Respondent agrees that the Board has jurisdiction in this matter, waives all rights to informal conference, to Notice of Hearing, to a formal Administrative Hearing and to judicial review of this Consent Agreement. Moreover, at no time shall Respondent request the expungement, rescission or removal of this Consent Agreement.

By signing this Consent Agreement, Respondent agrees that any failure to comply with the terms of this Agreement is a basis for discipline by the Board.

Both Respondent and the Board stipulate that this Consent Order shall not become effective and shall not become binding on the Board unless and until approved by the Board at formal meeting. However, Respondent agrees that this Consent Order shall be effective and binding upon Respondent without recourse upon its authorized representative signing said Order.

Respondent agrees to authorize the Board to report this action to the National Practitioner Data Bank – Healthcare Integrity and Protection Data Bank (NPDB-HIPDB) as required by law.

I, Matt Davis-Ratner, authorized to act on behalf of and acting on behalf of **POSTMEDS, INC.,** understand that this Consent Agreement is effective as a Board Order upon affirmative vote by the Board at formal hearing. It is also understood that, should the Board not approve this Consent Agreement, the agreement therein does not preclude the Louisiana Board of Pharmacy from requiring a formal hearing of this case.

It is further understood that, should this Consent Agreement not be accepted by the Board, the presentation to and consideration by the Board of this Agreement, including presented documentary evidence and information, shall not unfairly or illegally prejudice or preclude the Board or any of its members from further participation in hearings or resolution of these proceedings.

APPROVED FOR SUBMISSION TO THE LOUISIANA BOARD OF PHARMACY:

CARLOS M. FINALET, III
General Counsel, Louisiana Board of Pharmacy

ACCEPTANCE OF THE CONSENT AGREEMENT BY THE LOUISIANA BOARD OF PHARMACY:

By a majority vote of the Board members voting in favor of the foregoing Consent Agreement at the Board meeting on May 11, **2022**, the Board hereby adopts said Agreement as a Final Order of the Board.

FOR THE BOARD:

Marty R. McKay
Hearing Officer for the Board

STATE OF NORTH CAROLINA
NORTH CAROLINA BOARD OF PHARMACY

IN THE MATTER OF	)	
	)	
POSTMEDS, INC. d/b/a Truepill,	)	**CONSENT ORDER**
	)	**OF DISCIPLINE**
Permit No. 13413 and Its Successor Permit(s).	)	

THIS MATTER came to be considered before a member of the North Carolina Board of Pharmacy (hereinafter, the "Board") pursuant to 21 N.C.A.C. 46 .2008. The Conference was scheduled for Thursday, February 24, 2022, and, after appropriate notice, was heard on that day by Board member Wallace E. Nelson. Respondent PostMeds, Inc. was informed of its right to be present at the pre-hearing conference and declined. The Board's General Counsel, Clinton R. Pinyan, represented the Board.

Respondent has agreed to waive a formal hearing in the above-referenced matter. It stipulates and agrees to the findings of fact and conclusions of law recited herein and to the order of discipline imposed. By its consent, Respondent also stipulates that it waives its right to appeal this Consent Order or challenge in any way the sufficiency of the findings of this Order as a basis for the action taken. Based upon the consent of the parties, the Board hereby enters the following:

FINDINGS OF FACT

1. On November 20, 2017, the Board issued Permit No. 13413 to Respondent PostMeds, Inc. d/b/a Truepill (Permit No. 13413) ("PostMeds").

2. On PostMeds' initial permit application, its then-pharmacist manager, Mohammad Umar Afridi, submitted an inaccurate statement that he was the sole owner and officer of PostMeds. In fact, PostMeds now acknowledges that Afridi and Siddharth

Viswanathan each owned 47 percent of PostMeds on November 20, 2017, with others owning six percent, and that Viswanathan was also an officer of PostMeds.

3. Viswanathan and the minority owners' interests would not have raised questions about the permit application in this particular case. If PostMeds had disclosed the true ownership and officers of PostMeds, the Board still would have granted PostMeds a permit. However, it was an inaccurate statement that Afridi, as the person who submitted the application, knew was inaccurate. That statement prevented the Board from vetting Viswanathan as the owner of the pharmacy. Because of the inaccuracy of the representations, the initial permit was void ab initio.

4. In November 2019, PostMeds went through a corporate restructuring. During that restructuring, Truepill, Inc. was created as a holding company for PostMeds. At that time, Truepill, Inc. became the sole owner of PostMeds. Afridi, Viswanathan and the other former direct owners of PostMeds became indirect owners with the same ownership interests in the holding company, Truepill, Inc., that they had before the transfer of ownership.

5. This restructuring required PostMeds to submit a transfer of ownership application and have that application granted before the restructuring closed. PostMeds failed to do this. Therefore, even if the initial permit had been valid (which it was not), it would have become invalid upon the corporate restructuring.

6. Insertion of a new holding company between the ultimate owners and PostMeds would not have raised questions about the permit application in this particular case. The ownership interests of the ultimate owners did not change. If PostMeds had disclosed the new holding company, the Board still would have granted the transfer of ownership. However,

PostMeds failed to submit the transfer of ownership application or otherwise disclose the interests of Truepill, Inc.

7. In each of its subsequent renewals, PostMeds failed to correct the ownership information that it had inaccurately submitted on its initial application or to list Truepill, Inc., as the direct owner of the pharmacy.

8. On November 4, 2021, counsel for PostMeds informed the Board that its "current ownership information on file with the North Carolina Board of Pharmacy is out of date." Upon follow-up questioning, the next day, PostMeds disclosed that it should have submitted a transfer of ownership application in November 2019. It further was apparent from the ownership information that PostMeds provided that Afridi made inaccurate representations about ownership and officers on PostMed's initial application that had never been corrected.

9. PostMeds agreed to stop shipping any drugs, devices or medical equipment into the State of North Carolina until the matter was resolved. It further agreed to stop shipping or dispensing any drugs, devices or medical equipment from six other pharmacies under its ownership until the matter was resolved (even though those pharmacies did not receive permits until after the transfer of ownership had occurred, and so did not suffer from the same problem).

10. PostMeds submitted a transfer of ownership application promptly.

11. Although PostMed's disclosure of its inaccuracies was tardy, its remedial actions are a mitigating factor in this matter.

CONCLUSIONS OF LAW

1. Reporting of correct and complete ownership information on an initial pharmacy permit application or a renewal application is material, indeed essential, to the Board's ability to ensure that a pharmacy will provide services safely and competently to the public.

2. PostMeds made inaccurate statements about its ownership and officers on its initial application, which it failed to correct at any point through its 2022 renewal. That initial permit was therefore void ab initio and violated G.S. § 90-85.38(b).

3. The creation of Truepill, Inc. as a holding company further triggered a requirement to report the ownership change and obtain a successor permit, and to do so before the closing of the transaction that created Truepill, Inc. The transaction "result[ed] in a different person . . . owning more than 50 percent interest in the permit holder . . . ." 21 NCAC 46.1603. Failure to apply for and obtain a successor permit prior to the transaction, and a continuing failure to disclose the ownership interest of Truepill, Inc., violated G.S. § 90-85.38(b).

IT IS THEREFORE ORDERED:

PostMeds was in violation of G.S. § 90-85.38(b) in North Carolina from November 20, 2017 until at least November 4, 2021. Respondent PostMed's Permit No. 13413 was **VOID** from the time that it was granted on November 20, 2017. G.S. § 90-85.38(c).

Respondent PostMed's change of ownership application is **APPROVED** as a successor permits to Permit No. 13413 (the "Successor Permit") with the following **CONDITIONS:**

1. PostMeds shall provide timely advance notice of any contemplated change in ownership to the current pharmacist-manager and any future pharmacist-manager(s) of the Successor Permit. PostMeds shall consult with the Successor Permit's pharmacist-manager(s) to determine whether any contemplated transaction triggers the need to obtain new permits. PostMeds shall authorize the Successor Permit's pharmacist-manager(s) to take any necessary action to update that ownership information with the Board or to apply for new permits. If a contemplated transaction triggers the need for new permits, PostMeds shall not complete that

transaction unless and until either the Board issues new permits or PostMeds ceases all practice of pharmacy at the permitted location.

2. The Successor Permit shall violate no laws governing the practice of pharmacy or the distribution of drugs.

3. The Successor Permit shall violate no rules or regulations of the Board.

4. If the Successor Permit fail to comply with any term or condition of this Order, it may be subject to additional disciplinary action by the Board.

JURISDICTION: Bus. & Prof. Code § 4314; CCR, title 16, § 1775; Bus. & Prof. Code § 4301, subd. (o)

VIOLATION CODE SECTION	OFFENSE	AMT OF FINE
CCR, Title 16, § 1714 subd. (b)	Operational Standards and Security; pharmacy responsible for pharmacy security	$5,000.00
Bus. & Prof. Code § 4169 subd. (a)(2)/Health & Safety Code § 111295	Prohibited Acts; Purchase, trade, sell, or transfer dangerous drugs to that the person knew or reasonably should have known were adulterated.../It is unlawful for any person to manufacture, sell, deliver, hold, or offer for sale any drug or device that is adulterated	Citation without a fine

CONDUCT:

California Code of Regulations 1714, section b states, (b) Each pharmacy licensed by the board shall maintain its facilities, space, fixtures, and equipment so that drugs are safely and properly prepared, maintained, secured and distributed. The pharmacy shall be of sufficient size and unobstructed area to accommodate the safe practice of pharmacy. Specifically, Truepill Pharmacy, PHY56100, located at 3121 Diablo Ave, Hayward, CA 94545 was in violation when they failed to keep dangerous drugs stored according to policy and procedure 2001.4, Oversight of Pharmacy Safety, which states: "The Pharmacy will make all attempts at maintaining a room temperature below 85F and ideally between 68-77F". Between 7/1/2020 and 9/14/2020, on numerous occasions, dangerous drug storage temperatures, summarized in Table 2, exceeded the recommended storage temperatures. The most egregious of these temperature spikes were:

a)On 8/13/2020, in the cage area of the warehouse, dangerous drugs were stored approximately 161 hours over 77 F and 47 hours over 85F.
b)On 9/6/2020, in the cage area of the warehouse, dangerous drugs were stored approximately 59 hours over 77 F and 17 hours above 85F.
c)On 8/13/2020, in the Parata Automated dispensing machine located in the warehouse, dangerous drugs were stored for approximately 163 hours above 77 F and 44 hours above 85 F.

Business and Professions Code 4169 section (a), subdivision (2) states, A person or entity shall not do any of the following: (2) Purchase, trade, sell, or transfer dangerous drugs that the person knew or reasonably should have known were adulterated, as set forth in Article 2 (commencing with Section 111250) of Chapter 6 of Part 5 of Division 104 of the Health and Safety Code as it relates to Health and Safety Code 111295 which states, It is unlawful for any person to manufacture, sell, deliver, hold or offer for sale any drug or device that is adulterated. Specifically, Truepill Pharmacy, PHY56100, located at3121 Diablo Ave, Hayward, CA 94545 was in violation when they used the MKT calculation alone instead of in conjunction with manufactures stability data as stated in USP <1079>, which provides guidance for assessing possible adulteration to dangerous drugs stored at the pharmacy due to excessive heat. In particular, USP<1079> states, "Knowing the MKT for an excursion is useful for evaluating the potential impact on product quality. However, it is also essential to know the upper and lower temperature limits of any excursion. If these extreme temperatures are outside available stability data, it may not be possible to predict the quality impact of the excursion with any confidence regardless of the MKT. At higher temperatures the kinetics of degradation may change or new degradation reactions may occur. Truepill Pharmacy did not consider the manufacture's stability data for at least 72 dangerous drugs stored in the cage area of the warehouse which were held and offered for sale when determining if a dangerous drug was adulterated by the extreme heat, summarized in Table 3. For each one of the 72 dangerous drugs, the maximum temperature for storage was listed by the manufacturer as 77F or storage information was not listed. As there was no stability temperature for at least the 72 drugs in question and per USP<1079>, the MKT cannot be without the stability data, these drugs which were held and offered for sale were adulterated.

ORDER OF ABATEMENT

By the Abatement date/payment date submit to the Board the following:

- Either (1) full payment of the assessed fine(s) in the amount of $5,000.00; or payment in the amount of $1,000.00 and (2) provide proof of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations within ninety (90) days.

COPY

If you choose option (2), within 90 days of this citation, you shall submit proof of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations. Any failure to do so shall be deemed a failure to meet the abatement requirements of this citation.

If you timely submit proof of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations within 90 days from the date the citation was issued, this citation shall be reduced to $1,000.00 and proof of compliance of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations shall be considered satisfactory abatement of the citation.

If you fail to submit proof of compliance of new temperature control systems in addition to central HVAC systems installed throughout the pharmacy and 30 days of temperature log from the various drug storage locations within 90 days from the date the citation was issued, the stay shall be lifted and the fine(s) in the amount of $5,000.00 shall be due and owing from you within thirty (30) days of any such failure.

LETTER OF ADMONISHMENT

TRUEPILL
ATTN: MOHAMMAD UMAR AFRIDI, CEO
3121 DIABLO AVE
HAYWARD, CA 94545

RE: CI 2019 84877
TRUEPILL
PHY 56100

This LETTER OF ADMONISHMENT is being issued pursuant to Business and Professions Code section 4315 for failure to comply with the laws and regulations that govern the practice of pharmacy in California. (For exact language refer to the California Pharmacy Law and Index, located on the board's website at www.pharmacy.ca.gov, under Forms and Publications.)

The Board of Pharmacy has completed its investigation in the above referenced matter. All documentation and/or statements relating to the investigation have been accepted and included in an Investigation Report on file in this office. Facts contained in this report lead to the conclusion that the following violations of pharmacy laws or regulations have occurred:

JURISDICTION: Bus. & Prof. Code § 4315; 1764/56.10(a) - Unauthorized disclosure of prescription and medical information

Unauthorized disclosure of prescriptions: California Code of Regulations section 1764 states in pertinent part that no pharmacist shall exhibit, discuss, or reveal the contents of any prescription or any medical information furnished by the prescriber with any person other than the patient or his or her authorized representative and Civil Code section 56.10 subdivision (a) states, in pertinent part, no provider of health care shall disclose medical information regarding a patient of the provider of health care without first obtaining an authorization. Truepill Pharmacy was not in compliance with these regulations. Specifically, on 4/17/2019, Truepill Pharmacy (PHY56100) located at 3121 Diablo Avenue in Hayward, CA shipped prescription RX#1186395 to the wrong person. The prescription was intended for AR but was shipped to the address of MS in error. Also, Truepill Pharmacy shipped prescriptions to patients with a shipping label showing the return address of NuRx located at 6838 Ellicott Drive in East Syracuse, NY and from Apostrophe located at 330 2nd Street in Oakland, CA. NuRx and Apostrophe are not licensed pharmacies and prescription packages returned as undeliverable to these locations would cause the disclosure of medical information without authorization.

Shipping prescriptions to an unauthorized person violates California Code of Regulations section 1764 and Civil Code 56.10.

If you wish to contest this Letter of Admonishment, you may do so by submitting, within 30 days of the date of service of this Letter of Admonishment, namely February 22, 2020, the attached "Request for an Office Conference" form. If an office conference is not requested, compliance with the Letter of Admonishment shall not constitute an admission of the violations described in the Letter of Admonishment.

Unless it is dismissed following an office conference or you receive other instructions from the Board in writing, Pharmacy Law requires that you maintain and have readily available for inspection a copy of this Letter of Admonishment and any written corrective action plan, if any, for at least three years from the date of issuance at the top of this letter. The Letter of Admonishment will be considered a public record for purposes of disclosure for three years from issuance. The issuance of this Letter of Admonishment does not limit the board's ability to pursue other disciplinary or administrative action under Business and Professions Code section 4315, subdivision (f).

If you have any questions regarding this Letter of Admonishment, please contact Barbera Schleicher, Public Inquiry Analyst at (916) 518-3081.

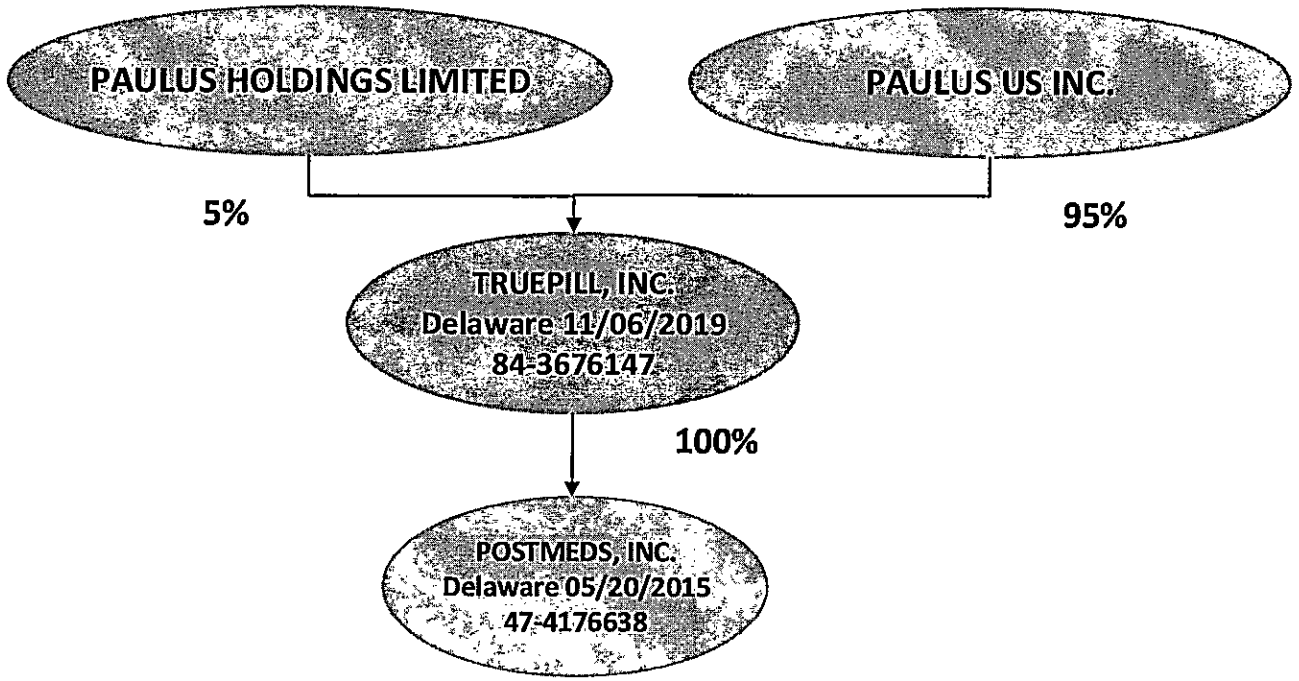
Bus. & Prof. Code § 4174	Dispensing on order of nurse practitioner or person of similar status.	Citation without a fine

CONDUCT:

Furnishing Dangerous Drugs or Devices Prohibited Without Prescription: Business and Professions Code 4059 (a) states in pertinent part a person may not furnish any dangerous drug, except upon the prescription of a physician, dentist, podiatrist, optometrist, veterinarian, or naturopathic doctor pursuant to Section 3640.7. A person may not furnish any dangerous device, except upon the prescription of a physician, dentist, podiatrist, optometrist, veterinarian, or naturopathic doctor pursuant to Section 3640.7. In conjunction with Business and Professions Code 4067 (a) which states no person or entity shall dispense or furnish, or cause to be dispensed or furnished, dangerous drugs or dangerous devices, as defined in Section 4022, on the Internet for delivery to any person in this state without a prescription issued pursuant to a good faith prior examination of a human or animal for whom the prescription is meant if the person or entity either knew or reasonably should have known that the prescription was not issued pursuant to a good faith prior examination of a human or animal, or if the person or entity did not act in accordance with Section 1761 of Title 16 of the California Code of Regulations and (f) for the purposes of this section, "good faith prior examination" includes the requirements for a physician and surgeon in Section 2242. In conjunction with Business and Professions Code 2290.5 (a) For purposes of this division, the following definitions shall apply: (3) "Health care provider" means either of the following: (A) a person who is licensed under this division. Between 4/1/2018 to 10/31/2018, Postmeds Inc. (PHY56100) located at 3121 Diablo Ave. Hayward, CA dispensed prescriptions issued by prescribers who were not licensed in California. Specifically, 2 prescriptions were issued by Nurse Practitioner Jenny Ingle; 9 prescriptions were issued by Dr. Brook Randal; 6 prescriptions were issued by Dr. Jessica Rubino and 4 prescriptions were issued by Dr. Sudhi Trye. These prescribers were not licensed in California at the time the prescriptions were initiated and shipped to a California resident. Postmeds pharmacy dispensed the prescriptions issued by unlicensed prescribers to



California residents in violation of Business and Professions Code 4059 (a) and Business and Professions Code 4067 (a).

Dispensing by Pharmacist Upon Order of Nurse Practitioner: Business and Professions Code 4174 states in pertinent part notwithstanding any other law, a pharmacist may dispense drugs or devices upon the drug order of a nurse practitioner functioning pursuant to Section 2836.1 or a certified nurse-midwife functioning pursuant to Section 2746.51, a drug order of a physician assistant functioning pursuant to Section 3502.1 or a naturopathic doctor functioning pursuant to Section 3640.5, or the order of a pharmacist acting under Section 4052.1, 4052.2, 4052.3, or 4052.6. Postmeds Inc. (PHY56100) located at 3121 Diablo Ave. Hayward, CA dispensed prescriptions issued by Nurse Practitioners and Physicians Assistants who had not yet entered into an established standardized procedure or protocol developed by a supervising physician. Between 4/1/2018 and 10/31/2018, the following prescribers issued prescriptions to Postmeds without an established protocol in place: Physician's Assistant Leanne Mays issued 8 prescriptions and Physician's Assistant Susan Owen issued 6 prescriptions. Between 4/1/2018 and 10/31/2018, the following prescribers issued prescriptions to Postmeds entering into a protocol after the prescriptions were issued: Nurse Practitioner Joni Gunzburger issued 4,782 prescriptions; Nurse Practitioner Cristin Hackel issued 10,819 prescriptions and Nurse Practitioner Jessica Horwitz issued 4,711 prescriptions. Postmeds Pharmacy dispensed the prescriptions issued by Nurse Practitioners and Physicians Assistants who had not yet entered into standardized procedures or protocols as required by Business and Professions Code 4174.

EDUCATION/DISCUSSION:

1. CCR 1714(c) - in that pharmacy sink drain was dirty. Ensure pharmacy kept in a clean and orderly condition, including sink.
2. At the time of inspection, found a large container with expired medications from a previous vendor, that was quarantined in the cage. Please ensure expired medications are returned to the reverse distributor.

EDUCATIONAL TOPIC FOR DISCUSSION

1. BPC 4052.04 – Pharmacist may furnish COVID-19 oral therapeutics following a positive test.
   - "COVID-19 oral therapeutics" means drugs that are approved or authorized by the FDA for the treatment of COVID-19 and administered orally.
   - Prior to furnishing COVID-19 oral therapeutics, a pharmacist shall utilize relevant and appropriate evidence-based clinical guidelines published by FDA in providing these patient care services.
   - A pharmacist who furnishes COVID-19 oral therapeutics shall notify patient's PCP or enter appropriate information into patient record system shared with PCP, as permitted by that PCP. If the patient does not have a PCP, the pharmacist shall provide the patient with a written record of the drugs furnished and advise the patient to consult a physician of the patient's choice.

INSPECTION REPORT

- Document the kind and amounts of COVID-19 oral therapeutics furnished, as well as any information regarding testing services provided, in the patient's record in the record system maintained by the pharmacy.
- Retain records for 3 years.

2. BPC 4113 – PIC authority to make staffing decisions
   - PIC may make staffing decisions to ensure sufficient personnel are present in the pharmacy to prevent fatigue, distraction, or other conditions that may interfere with a pharmacist's ability to practice competently and safely.
   - If PIC is not available, a pharmacist on duty may adjust staffing according to workload if needed.
   - PIC or pharmacist on duty shall immediately notify the store management of any conditions that present an immediate risk of death, illness, or irreparable harm to patients, personnel, or pharmacy staff. If the conditions are not resolved within 24 hours, the PIC or RPH on duty shall ensure the BOP is timely notified. Conditions that present an immediate risk of death, illness, or irreparable harm to patients, personnel, or pharmacy staff include, but are not limited to:
     - Workplace safety and health hazards that present an immediate risk of death, illness or irreparable harm to patients, personnel, or pharmacy staff.
     - Sustained temperatures that could impact ambient temperature drug stability according to manufacturer data on acceptable drug storage conditions.
     - Vermin infestation that poses a risk to the safety or efficacy of medicine.
3. BPC 4113.1 – Reporting medication errors within 14 days from discovery.
   - Applies to "community pharmacies" – *i.e.,* any pharmacy that dispenses medication to an outpatient (but not including facilities of CDCR).
   - Per the BOP's AB 1286 Implementation Statement, the reporting of medication errors under BPC 4113.1 will not be required until the BOP approves an entity to receive the reports.
4. BPC 4113.6 – Chain community pharmacy subject to BPC 4113.5 must be staffed at all times with at least one clerk or pharmacy technician fully dedicated to performing pharmacy-related services. The BOP will not take action against a pharmacy for violation of this staffing requirement if any of the following conditions apply:
   - RPH on duty waives the requirement in writing during specified hours based on workload need.
   - The pharmacy is open beyond normal business hours (*i.e.,* before 8am, after 7pm). During the hours before 8am and after 7pm, the staffing requirement shall not apply.
   - The pharmacy's prescription volume per day on average is less than 75 prescriptions per day based on the average daily prescription volume for the past calendar year. However, if the pharmacist is also expected to provide additional pharmacy services (such as immunizations or CLIA-waived tests) this exception does not apply.

   When staffing of pharmacist hours within a chain community pharmacy does not overlap sufficiently, scheduled closures for lunch time for all pharmacy staff shall be established and publicly posted, and included on the outgoing telephone message.
5. BPC 4115 – Pharmacy technician may, under the direct supervision and control of a pharmacy, prepare and administer influenza and COVID-19 vaccines via injection or intranasally, prepare and administer epinephrine, perform specimen collection for tests that are CLIA waived, receive prescription transfers, and accept clarification on prescriptions under certain specified conditions.
6. BPC 4231 – CE required for pharmacists to renew their pharmacist license must now include at least one hour of participation in a cultural competency course which meets specified requirements.
7. The Board has posted on its website the FAQ's to address the changes in pharmacy law related to AB1286, dated 12/21/2023. Here's the link: https://pharmacy.ca.gov/publications/ab1286_faqs.pdf

Notes

1. The "initial date of registration as an outsourcing facility" is the date the facility was first registered (i.e., the date FDA determined that the initial registration information submitted for the facility was complete, and the establishment fee was paid in full).

   Under section 503B(b) of the FD&C Act, after the initial registration, a facility that elects to continue to be registered with FDA as an outsourcing facility must re-register annually. A facility that elects to register (or re-register) with FDA as an outsourcing facility must pay an annual establishment fee. The "date of most recent registration as an outsourcing facility" reflects the date FDA determined the most recently submitted registration information was complete and the annual establishment fee for that fiscal year paid in full.

   Unless a previously registered outsourcing facility re-registers and pays the annual establishment fee in full during the registration period (between October 1 and December 31 of each calendar year), the facility will be removed from the list of registered outsourcing facilities on January 1 of the next calendar year.

2. Once an outsourcing facility is registered, the facility will be added to the list of facilities FDA intends to inspect according to a risk-based schedule. FDA plans to inspect outsourcing facilities within a reasonable period of time following initial registration, once it is confirmed that the facility has initiated drug production and distribution. However, the exact timing of the inspections can be affected by a number of variables, including the number of outsourcing facility registrants, other inspection priorities, and the operational status of the newly registered outsourcing facility.

   Inspections identified in this table are associated with the facility at the listed address. A company may own or operate more than one registered outsourcing facility. FDA's web page Compounding: Inspections, Recalls, and other Actions (/drugs/human-drug-compounding/compounding-inspections-recalls-and-other-actions) may contain information about compounding facilities under the same ownership as the listed registered outsourcing facility.

Inspections may take place over several days, weeks or longer. The date of the inspection is the date a Form FDA 483 listing the investigators' observations was issued. If no FDA Form 483 was issued, the date is the last day of the inspection.

3. A Form FDA 483 is issued when investigators observe any significant objectionable conditions. It does not constitute a final agency determination of whether any condition is in violation of the FD&C Act or any relevant regulations.
4. This table does not include State Board of Pharmacy actions, if any. To determine whether a registered outsourcing facility has been the subject of a state enforcement action, check with the State Board of Pharmacy for the state in which the facility is located. Some states post disciplinary or other actions on their web sites.
5. "Closed" means the inspection has been closed without further action. "Open" means FDA has not determined whether further action will be taken. If an action has been taken, it will be listed. Possible FDA actions include warning letter, seizure or injunction.
6. The information in this column was provided by the registered outsourcing facility at the time of registration and has not been verified by FDA. "N/A" indicates the registered outsourcing facility has not provided this information.
7. This outsourcing facility was the subject of at least one previous inspection relating to compounding that resulted in a Form FDA 483, warning letter or other action. For information about such inspections and resulting actions, visit Compounding: Inspections, Recalls, and other Actions (/drugs/human-drug-compounding/compounding-inspections-recalls-and-other-actions).
8. A remote regulatory assessment (RRA) is an examination of an FDA-regulated establishment and/or its records, conducted remotely, to evaluate compliance with applicable FDA requirements. These assessments assist in protecting human and animal health, inform regulatory decisions and verify certain information submitted to the agency.
9. Based on inspectional findings, the inspection revealed significant issues. As a result, the outsourcing facility may have either initiated a recall on their own following conversation(s) with the FDA investigator or FDA recommended a recall at the conclusion of the inspection or both. Additionally, the outsourcing facility may have conducted multiple recalls or recalled multiple drugs.

If you have any questions, please contact FDA at the phone number and address above.

DURING AN INSPECTION OF YOUR FIRM WE OBSERVED:

OBSERVATION 1

Procedures designed to prevent microbiological contamination of drug products purporting to be sterile are not established.

Specifically,

A. Your firm's sterile filling technicians was observed entering and leaving different ISO 7 classified areas (storage closet, hallway, Sampling/Weighing/Dispensing Room, Formulation, and Filling Rooms which contain the ISO 5 VanRx Filling along with C4 isolators performing tasks without adequately disinfecting their sterile gloves adequate frequency to prevent potential contamination as written in your firm's procedure, Aseptic Sterile Drug Processing (Aseptic Technique), DAL-SOP-0227, Rev. 1.0, section Glove Management, sub-sections 8.14 - 8.19.

B. Your firm sterile filling technician was observed utilizing poor technique putting on sterile gloves overtop the isolator gloves within ISO 5 C4 Isolator prior to the preparation of the RCA environmental monitoring strip into the holder during the production of Epinephrine Injection, USP 5mg/5mL (1mg/1mL), Lot # 10000081, Actual Qty. 1726 vials.

C. Your firm's procedure, DAL-SOP-0237, Cleaning and Disinfection of Cleanroom Areas, failed to ensure sporicidal agent, DeconSpore, which require 15 minute contact time is achieved during the cleaning and deactivation method of production equipment used for weighing of drug components within ISO 7 Formulation Room (RM 033).

D. Your firm sterile drug product technician failed to adequately disinfect sterile 70% IPA spray bottle prior to transfer from ISO 7 Filling Room into ISO 5 C4 Isolator for use in setup of RCA stripe into the rotary centrifugal air sampler (RCS) unit for air sampling inside the VanRx

Automated Filling System while in operation.

OBSERVATION 2

Buildings used in the manufacture, processing, packing, or holding of a drug product do not have the suitable construction to facilitate cleaning, maintenance, and proper operations.

Specifically, your firm's ISO 7 Filling Room (RM 034) containing your ISO 5 VanRx Automated Fill Isolator is designed with exposed sprinkler heads within the room ceiling preventing adequate cleaning and can be a source of contamination.

OBSERVATION 3

Equipment and utensils are not cleaned and sanitized at appropriate intervals to prevent contamination that would alter the safety, identity, strength, quality or purity of the drug product.

Specifically, your firm fail to clean and disinfect laptop computers and desktop computer keyboards used in the production of sterile drug products within your firm's ISO 7 classified cleanroom areas (Sampling/Weighing/Dispensing Room (RM 039); Formulation Room (RM 033); and Filling Room (RM 034)) to prevent possible contamination of drug products.

OBSERVATION 4

The responsibilities and procedures applicable to the quality control unit are not fully followed.

Specifically, your firm's quality unit fail to adequately implement your firm's procedure, DAL-SOP-0032, Deviation Procedure. For example, on 8/26/2024, after becoming aware of a power failure within your facility, your firm failed to initiate a deviation to document the event and conduct an impact assessment of facility equipment and finished drug products along with components: For example, during a review of the firm's BMS system data that control and monitors temperature, relate humidity, and differential pressure, we found differential pressures within the ISO 7 cleanrooms (Sampling/

The differential pressure was below the minimum of 0.02 wc for greater than 10 minutes. Your firm management reported an action limit specification of 10 minutes sustained below the documented specification. Your firm was unaware of this impact prior to this inspection.

OBSERVATION 5

Aseptic processing areas are deficient regarding the system for monitoring environmental conditions.

Specifically, your firm's environmental monitoring program fail to include viable air and surface monitoring sampling in areas of operations most prone to contamination within the ISO 7 Filling Room (RM 0034) that contain the ISO 5 VanRx Isolator. For example, firm fail to monitor ISO 5 C4 Isolator handles, table surface used to hold components for VanRx System, and 2 stainless-steel racks used to hold logbooks and VanRx/C4 Isolator components.

OBSERVATION 6

Labeling

1. The container of your outsourcing facility's miglustat suspension drug product did not include information required by section 503B(a)(10)(B). Specifically, your container did not include the following information:

    a. Information to facilitate adverse event reporting: ---www.fda.gov/medwatch and 1800FDA1088 <http://www.fda.gov/medwatch%20and%201800FDA1088>;

    b. Directions for use, including, as appropriate, dosage and administration.

2. The label of your outsourcing facility's miglustat suspension drug product does not include

The observations of objectionable conditions and practices listed on the front of this form are reported:

1. Pursuant to Section 704(b) of the Federal Food, Drug and Cosmetic Act, or
2. To assist firms inspected in complying with the Acts and regulations enforced by the Food and Drug Administration.

Section 704(b) of the Federal Food, Drug, and Cosmetic Act (21 USC 374(b)) provides:

"Upon completion of any such inspection of a factory, warehouse, consulting laboratory, or other establishment, and prior to leaving the premises, the officer or employee making the inspection shall give to the owner, operator, or agent in charge a report in writing setting forth any conditions or practices observed by him which, in his judgment, indicate that any food, drug, device, or cosmetic in such establishment (1) consists in whole or in part of any filthy, putrid, or decomposed substance, or (2) has been prepared, packed, or held under insanitary conditions whereby it may have become contaminated with filth, or whereby it may have been rendered injurious to health. A copy of such report shall be sent promptly to the Secretary."

MCCPMC received FDA Form 483 Inspectional Observations on 09/06/2024. Patient Safety and Regulatory Compliance are of the utmost importance to MCCPMC and have already acted on all items identified during the audit. Attached is a copy of the responses to the Form 483 Inspectional Observations that was submitted to the FDA on September 26th, 2024

Let me know if you have any questions or require any clarifications.

Observation 1: Description and Response

Description/Notes
Procedures designed to prevent microbiological contamination of drug products purporting to be sterile are not established. Specifically, A. Your firm's sterile filling technicians was observed entering and leaving different ISO 7 classified areas (storage closet, hallway, Sampling/Weighing/Dispensing Room, Formulation, and Filling Rooms which contain the ISO 5 VanRx Filling along with C4 isolators performing tasks without adequately disinfecting their sterile gloves adequate frequency to prevent potential contamination as written in your firm's procedure, Aseptic Sterile Drug Processing (Aseptic Technique), DAL-SOP-0227, Rev. 1.0, section Glove Management, sub-sections 8.14 - 8.19. B. Your firm sterile filling technician was observed utilizing poor technique putting on sterile gloves overtop the isolator gloves within ISO 5 C4 Isolator prior to the preparation of the RCA environmental monitoring strip into the holder during the production of Epinephrine Injection, USP 5mg/5mL (1mg/1mL), Lot # 10000081, Actual Qty. 1726 vials. C. Your firm's procedure, DAL-SOP-0237, Cleaning and Disinfection of Cleanroom Areas, failed to ensure sporicidal agent, DeconSpore, which require 15-minute contact time is achieved during the cleaning and deactivation method of production equipment used for weighing of drug components within ISO 7 Formulation Room (RM 033). D. Your firm sterile drug product technician failed to adequately disinfect sterile 70% IPA spray bottle prior to transfer from ISO 7 Filling Room into ISO 5 C4 Isolator for use in setup of RCA stripe into the rotary centrifugal air sampler (RCS) unit for air sampling inside the VanRx.
MCCPMC Response

Commitment: MCCPMC recognizes the importance of ensuring effective procedures are in place to prevent microbiological contamination of drug products to ensure patient safety. MCCPMC appreciates the auditor feedback and intends to implement the corrective actions listed below to further mitigate the risk of viable particulate presence in ISO 5 and ISO 7 areas.
 	
Note A Commentary:
Background and Root Cause: MCCPMC invested in a fully enclosed robotic Isolator that utilizes VHP decontamination and robust engineering controls. MCCPMC also utilizes sterile gowning in all Grade C rooms to ensure particulate presence adjacent to critical areas is minimized. Based on the engineering and gowning precautions taken, the frequency of glove disinfection specified was less than what is normally prescribed in 503b facilities with lower engineering controls in place. The Environmental Monitoring Performance Qualification, and initial Aseptic Processing Simulations (media), demonstrated the environment was in a state of control prior to the start of commercial manufacturing.
 	
Corrective (and Preventive) Actions taken:
DAL-SOP-0227, Aseptic Sterile Drug Processing (Aseptic Technique) was updated with additional glove disinfection best practices, for not only the processes observed but all MCCPMC processes that require sterile gloves:
• An operator must re-sanitize gloves with 70% IPA DIRECTLY BEFORE:
  • Making Grade C product pathway connections.
  • Handling components.
  • Placing gloves into the isolator sleeves.

Observation 1 Continued:

- Any operator using an electronic device shall, at minimum, re-sanitize gloves with 70% IPA before returning to processing operations.
- Entering from Grade C to Grade A environment.

- An operator must re-sanitize gloves with 70% IPA DIRECTLY AFTER:
  - Entering a Grade C room where manufacturing activities will occur unless sterile gloves are donned as part of the normal garbing process. Note: IPA addition is not required when exiting the room.
  - Completing documentation.
  - Work on Grade C work surfaces.

Reference Attachment 1-1: DAL-SOP-0227, Aseptic Sterile Drug Processing (Aseptic Technique) extract.

Note B (and D) Commentary:
Background and Root Cause: MCCPMC purchased a dedicated ISO 5 Isolator to prepare the VanRx Isolator filler environmental monitoring assembly (RCS). Utilization of the isolator reduces the risk of accidental environmental monitoring contamination during the handling process. Due to the isolators use (not used to conduct any preparation processing steps) the applicable procedures did not initially require the same frequency/technique of glove sanitization as an aseptic filling environment in a 503b Facility. It also did not require the operator to perform an exterior disinfection step with a sporicidal agent on the 70% IPA bottle prior to introduction.

Corrective (and Preventive) Action Taken:
While the Isolator is not used for aseptic processing MCCPMC recognizes using an exterior disinfection of the IPA bottle with a sporicidal agent, including a 15-minute dwell time, prior to transfer will enhance our compliance posture and further mitigate the risk of contamination of the environmental monitoring media or any downstream process. ***Reference Attachment 1-2: DAL-SOP-0297: Operation SOP for C4 Isolator extract.***

Furthermore, the enhanced glove management procedure steps listed in Note A will also apply to utilization of the C4, and any Isolator installed in the future, for consistency and to further mitigate any potential risk.

Note C Commentary:
Background and Root Cause: MCCPMC developed a robust cleaning and disinfectant program per DAL-SOP-0237 *Cleaning* and Disinfection *of Cleanroom Areas*. It utilizes proven cleaning agents, DeconSpore and DeconQuat, with a 15-minute dwell time. A disinfectant efficacy study was performed to ensure the cleaning agents selected were effective for the cleanroom materials of construction. The cleaning start and end times are included on the weekly and monthly cleaning logs for both DeconSpore and DeconQuat 200C. The cleaning and disinfectant program efficacy was confirmed in The Environmental Monitoring Performance Qualification, and initial Aseptic Processing Simulations (media).
Reference Attachment 1-3: DAL-FRM-0090: Daily/Weekly Non-HD Classified Area Cleaning Log extract.
and ***Attachment 1-4. DAL-FRM-0112: Monthly Cleanroom Area Cleaning Log extract***.

Observation 1 Continued:

While a location to document the start and end times was included in the Daily, and Monthly cleaning logs, DAL-SOP-0237 *Cleaning* and Disinfection *of Cleanroom Areas* did not mandate inclusion of the start and end times for all cleanroom activities as the 15 minutes requirement was included in the SOP and associates were trained on the requirement. The document reviewed in the audit was specific to a weighing process, and the start and times were not included in the document to minimize documentation handling while performing weighing operations.

Corrective Action Taken:

- The documents which did not include the start and end time documentation location, DAL-MMR-0004: Epinephrine Injection, USP 5 mg/5 mL (1 mg/1 mL) was updated to include the requirement. ***Reference Attachment 1-5: DAL-MMR-0004: Epinephrine Injection, USP 5 mg/5 mL (1 mg/1) extract.*** *And* ***Attachment 1-6: DAL-MMR-0003: Norepinephrine Bitartrate Injection, USP 8 mg/8 mL (1 mg/mL) 8 mL extract.***

Preventive Action Taken:

- DAL-SOP-0237: Cleaning and Disinfection of Cleanroom Areas was updated to require inclusion of the start and end time for any cleaning process which requires a dwell time. ***Reference Attachment 1-7: DAL-SOP-0237: Cleaning and Disinfection of Cleanroom Areas extract.***

Effectiveness Plan:

The routine environmental monitoring program will continue to evaluate environmental monitoring trends and propose CAPAs if required.

Impact Assessment:

MCCPMC is confident that the observations noted did not pose any significant risk to manufacturer product for the following reasons:

- Utilization of a fully enclosed isolator with VHP decontamination.
- Completed Environmental Monitoring Performance Qualification and Aseptic Processing Simulations which met acceptance criteria
- Routine environmental testing which demonstrated the cleanrooms were in a state of control.
- finished product testing results which met release criteria, including sterility testing.

MCCPMC Overall Conclusion:

The procedural changes will prevent recurrence of the audit observations. Furthermore, the actions taken are applicable to all controlled environments, thus they will prevent future occurrences as well.

Observation 2: Description and Response

Description/Notes
Buildings used in the manufacture, processing, packing, or holding of a drug product do not have the suitable construction to facilitate cleaning, maintenance, and proper operations. Specifically, your firm's ISO 7 Filling Room (RM 034) containing your ISO 5 VanRx Automated Fill Isolator is designed with exposed sprinkler heads within the room ceiling preventing adequate cleaning and can be a source of contamination.
Response
Commitment: Mark Cuban Cost Plus Manufacturing and Compounding recognizes the importance of selecting appropriate equipment and installing it in a manner to ensure patient safety. MCCPMC will implement the corrective action indicated below to ensure the VanRx filler resides in an environment that is not in close proximity to a water source. **Background and Root Cause:** MCCPMC invested in a fully enclosed robotic Isolator located in a greenfield site designed specifically for pharmaceutical manufacturing. While all facilities must include a fire protection system per local building codes, a different fire sprinkler head solution was not selected due to the purchasing of the fully enclosed isolator as opposed to an open processing environment. **Immediate Correction:** • A pre-filling check of the fire sprinkler head above the VanRx was added to ensure that no signs of water leaks are present. This check was added to the Batch Records as well. ***Reference Attachment 2-1: DAL-SOP-0132: Operation of the VanRx SA25 Cytiva Sterile Fill-Finish Workcell extract and Attachments 1-5 and 1-6: Epinephrine and Norepinephrine Batch Record extracts with the in-process check noted on the 2nd page of the attachments.*** **Corrective Action Completed:** • Purchase order #15221 was issued on 08/28/2024 to GFS Texas Fire Protection Contractors to modify and change out all exposed fire sprinkler heads with new recessed head fire sprinklers (approved cleanroom seals & covers) in the VanRx Fill suite. Furthermore, the purchase **also includes replacing any other exposed sprinkler head in the cleanroom environment, regardless of location.** Change Control DAL-CC-0016: Exposed fire sprinkler head replacement, will track the implementation. Due to the scope of work the replacement is scheduled to be completed during a planned shutdown period in early November with full turnover by 22NOV2024. **Preventive Action Completed:** • DAL-SOP-0081: General Facility Design and Construction was updated to require that sources of water must be designed and installed in a manner to prevent contamination of the aseptic processing environment. This includes utilizing cleanroom appropriate fire systems where required in areas where aseptic processing steps are conducted. ***Reference Attachment 2-2: DAL-SOP-0081: General Facility Design and Construction extract.***

Observation 2 Continued:

Effectiveness Plan:
Installation will be tracked via DAL-CC-0016 to ensure the risk of a leak is eliminated. No additional effectiveness check is required as the existing sprinkler heads will be removed.

Impact Assessment:
To date no fire sprinkler leaks have been observed at any cleanroom location and MCCPMC already completed the first pre-filling inspection for leaks during Epinephrine Batch 1000081 with no leaks present. Furthermore, the isolator is fully enclosed and compatible with a clean in place cycle (fully sealed in operation). Based on these factors this observation does not pose a product risk, however remediation will prevent future risks as the critical utility systems age.

MCCPMC Pending Actions and Conclusion:
MCCPMC will ensure the fire sprinkler head replacement corrective action is completed. In the interim the additional pre-startup check will ensure any leak, should one occur, is detected prior to filler use and filling will not proceed if presence of a leak is detected.

Observation 3: Description and Response

Description/Notes
Equipment and utensils are not cleaned and sanitized at appropriate intervals to prevent contamination that would alter the safety, identity, strength, quality or purity of the drug product. Specifically, your firm fail to clean and disinfect laptop computers and desktop computer keyboards used in the production of sterile drug products within your firm's ISO 7 classified cleanroom areas (Sampling/Weighing/Dispensing Room (RM 039); Formulation Room (RM 033); and Filling Room (RM 034)) to prevent possible contamination of drug products.
Response
Commitment: Mark Cuban Cost Plus Manufacturing and Compounding recognizes the importance of ensuring controlled environments are appropriately cleaned and disinfected, including all equipment, utensils and supporting electronics. MCCPMC will implement the corrective actions indicated below to ensure aseptic environments remain fit for use and any items which reside in ISO 7 areas are appropriate for the environment. **Background and Root Cause:** MCCPMC invested in a fully enclosed robotic Isolator that utilizes VHP decontamination and robust engineering controls. MCCPMC also utilizes sterile gowning in all Grade C rooms to ensure particulate presence adjacent to critical areas is minimized. Based on the engineering and gowning precautions taken the cleaning and disinfectant process only required an exterior disinfection of electronic devices with 70% IPA if they could not reside inside an enclosed bag. **Correction Completed:** • Work Orders GWO-000077-2024-DE and GWO-000077-2024-DE were completed to remove the computers from the clean room environment. **Corrective (and Preventive) Action Completed:** DAL-SOP-0227, Aseptic Sterile Drug Processing (Aseptic Technique) was updated with specific guidance for the use of electronic devices per the following: • When electronic devices are required for batch manufacturing, they must be easy to clean, or placed in an easy to clean sealed pouch, and cleaned appropriately per the Grade and transition. • Electronic devices with fans, open keyboards, difficult to clean area, etc. are not allowed in and Grade A or C environment. ***Reference Attachment 3-1: DAL-SOP-0227, Aseptic Sterile Drug Processing (Aseptic Technique) extract.*** These requirements eliminate recurrence of the observation noted but also remove the potential occurrence in future scenarios as well. **Effectiveness Plan:** The routine environmental monitoring program will continue to evaluate environmental monitoring trends and propose CAPAs if required.

Observation 3 Continued:

Impact Assessment:

MCCPMC is confident that the observations noted did not pose any significant risk to manufacturer product for the following reasons:

- Utilization of a fully enclosed isolator with VHP decontamination.
- Utilization of non-particulate generating sterile garb in all ISO 7 environments.
- Completed Environmental Monitoring Performance Qualification and Aseptic Processing Simulations which met acceptance criteria
- Routine environmental testing which demonstrated the cleanrooms were in a state of control.
- Finished product testing results which met release criteria, including sterility testing.

MCCPMC Conclusion:

The corrective actions completed have removed the potential risk of electronic devices introducing contamination in the MCCPMC ISO 7 environments. The actions will also ensure easy to clean electronic devices are used moving forward, regardless of the filling technology utilized.

Observation 4: Description and Response

Description/Notes
The responsibilities and procedures applicable to the quality control unit are not fully followed. Specifically, your firm's quality unit fail to adequately implement your firm's procedure, DAL-SOP-0032, Deviation Procedure. For example, on 8/26/2024, after becoming aware of a power failure within your facility, your firm failed to initiate a deviation to document the event and conduct an impact assessment of facility equipment and finished drug products along with components. For example, during a review of the firm's BMS system data that control and monitors temperature, relate humidity, and differential pressure, we found differential pressures within the ISO 7 cleanrooms (Sampling/ Weighing/ Dispensing Room, Formulation, and Filling Room) were impacted on the 8/26/2024 date between 7:58 am - 8:11 am. The differential pressure was below the minimum of 0.02 wc for greater than 10 minutes. Your firm management reported an action limit specification of 10 minutes sustained below the documented specification. Your firm was unaware of this impact prior to this inspection.
Response
Commitment: Mark Cuban Cost Plus Manufacturing and Compounding recognizes the importance of responding to unplanned events to ensure appropriate action is taken, even if no manufacturing activities are in progress. MCCPMC has implemented procedural updates to its Facility deviation handling process to ensure a holistic review is completed, including raising a deviation if required. **Background and Root Cause:** The MCCPMC 503b Outsourcing Facility utilizes both a Building Monitoring System (BMS) and Environmental Monitoring System (EMS) to ensure timely detection, and notification, of departures from the expected conditions in the facility. MCCPMC also utilizes DAL-SOP-0032: *Deviation Procedure* to ensure unplanned events which had a product/process impact are investigated with appropriate corrective action taken. MCCPMC began commercial manufacturing in March of 2024. In 2024 facility activities were primarily commissioning and qualification activities with minimal commercial operations. In 2024 during each BMS and EMS event the management team was notified. Upon notification each event was discussed with Engineering, Operations and Quality Assurance to assess if a deviation was required per DAL-SOP-0032. However, the scope of DAL-SOP-0032 did not include facility disruptions when no manufacturing activities were in progress, and there was no impact to the controlled environments. Regarding the power outage on 26AUG2024 a power outage due to inclement weather was detected by the Facilities Engineering team via the BMS system. Operations and Quality Management were notified immediately to assess the impact on the facility and determine if there was any product/process impact. The assessment determined there was no product impact as no commercial operations were in progress. However a deviation was not immediately raised to document the assessment. **Correction Competed:** Deviation DAL-DEV-0008 was raised on 27AUG2024 to document the inclement weather power outage assessment.

Observation 4 Continued:

Corrective (and Preventive) Action Completed:
DAL-SOP-0032: *Deviation Procedure* scope was updated to include following: *"Unplanned facility/infrastructure events, **regardless of if manufacturing is occurring during the outage**, as the events may affect the critical utilities, classified environments and controlled storage areas."*

- *Reference DAL-SOP-0088, Utilities Service Emergency Plan, for additional information regarding unplanned events that may warrant a deviation per this procedure.*
- *Reference DAL-SOP-0271, BPCS Alarm Management Standard Operating Procedure, for additional information regarding notifications through the Building Management System that may require a deviation per this procedure.*
- *Reference DAL-SOP-0315, Disaster Recovery Standard Operating Procedure, for additional information regarding disasters which may require a deviation per this procedure."*

Reference Attachment 4-1: **DAL-SOP-0032: *Deviation Procedure extract.***

These requirements eliminate recurrence of the observation noted specific to a power outage and eliminate potential future occurrences in other facility disruption scenarios as well.

Impact Assessment:
MCCPMC is confident that the observation noted did not pose any significant risk to manufacturer product for the following reasons:

- No commercial activities were in progress at the time of the event.
- A review of controlled environments and critical utilities by Facilities Engineering determined there was no impact to other controlled environments and critical utilities.
- MCCPMC has a dedicated generator to provide backup power which activated as expected.
- A holistic review of power outage event which occurred in 2024 was performed during the audit which demonstrated there was no product impact from previous events as well.

Effectiveness Plan:
By utilizing the BMS and EMS systems in place, and responding per the revised procedure, MCCPMC will prevent recurrence.

Conclusion:
While the power outage event did not have any product impact, the procedural update will ensure that the assessment after an unplanned facility event is documented, even when no commercial activities are in progress.

Observation 5: Description and Response

Description/Notes
Aseptic processing areas are deficient regarding the system for monitoring environmental conditions. Specifically, your firm's environmental monitoring program fail to include viable air and surface monitoring sampling in areas of operations most prone to contamination within the ISO 7 Filling Room (RM 0034) that contain the ISO 5 VanRx Isolator. For example, firm fail to monitor ISO 5 C4 Isolator handles, table surface used to hold components for VanRx System, and 2 stainless-steel racks used to hold logbooks and VanRx/C4 Isolator components.
Response
Commitment: MCCPMC recognizes the importance of ensuring controlled environments are appropriately cleaned and disinfected, and that critical sites are routinely sampled to detect departures from the validated state. MCCPMC will implement the corrective actions indicated below to ensure aseptic environments remain fit for use and departures from the validated state are detected. **Background and Root Cause:** MCCPMC executed a robust Environmental Monitoring Performance Qualification prior to the start of commercial manufacturing with a multi-factorial risk assessment to ensure critical areas were sampled. The EMPQ results, and initial Aseptic Processing Simulations (media), demonstrated the environment was in a state of control prior to the start of commercial manufacturing. After completion of the EMPQ, sampling of all EMPQ sites continued to gather additional data and characterize recovered flora. After routine environmental data reviews were completed, some surface sample sites were removed if they demonstrated consistently low growth recovery for the sample site and room classification. While the data supported the sample site revision, MCCPMC recognizes that additional sampling would provide valuable information to further reinforce the robust state of control at the facility. **Corrective Action Completed**: • The facility environmental sampling program per DAL-SOP-0047: Environmental Monitoring Program was revised to include increased sampling at high-risk locations. The locations noted in the observation were added as well as additional sites where data collection will further demonstrate the facilities state of control. **Preventive Action Completed**: • The established environmental monitoring review per DAL-SOP-0047: Environmental Monitoring Program was updated to include additional considerations for adding and removing sites to ensure it is risk-based and includes considerations for sites that pose the highest risk for product contamination. ***Reference Attachment 5-1: DAL-SOP-0047: Environmental Monitoring Program extract.*** **Effectiveness Plan:** The routine environmental monitoring program will continue to evaluate environmental monitoring trends and propose CAPAs if required.

Observation 5 Continued:

Impact Assessment:
MCCPMC is confident that rooms utilized for aseptic manufacturing were appropriate even though the locations noted in the observation were not sampled.

- Utilization of a fully enclosed isolator with VHP decontamination.
- Utilization of non-particulate generating sterile garb in all ISO 7 environments.
- Completed Environmental Monitoring Performance Qualification and Aseptic Processing Simulations which met acceptance criteria.
- Routine environmental testing which demonstrated the cleanrooms were in a state of control.
- Finished product testing results which met release criteria, including sterility testing.

Conclusion:
MCCPMC is confident that the Facility cleanroom environments will continue to operate in a manner which ensures patient safety, and that the increased environmental monitoring sites will provide additional data to demonstrate the state of control.

Observation 6: Description and Response

Description/Notes
Labeling: 1. The container of your outsourcing facility's miglustat suspension drug product did not include information required by section 503B(a)(10)(B). Specifically, your container did not include the following information: a. Information to facilitate adverse event reporting: ---www.fda.gov/medwatch and 1800FDA1088 <http://www.fda.gov/medwatch%20and%201800FDA1088>; b. Directions for use, including, as appropriate, dosage and administration. 2. The label of your outsourcing facility's miglustat suspension drug product does not include information required by section 503B(a)(10)(A). Specifically, the following information is not found on your miglustat suspension bottle label: a. A list of active and inactive ingredients, identified by established name and the quantity or proportion of each ingredient. Specifically, the Miglustat 100 mg/mL suspension bottle label is missing the "quantity or proportion" of the following ingredients: glyceryl distearate, polyglyceryl-3 oleate, medium-chain triglycerides.
Response
Commitment: Mark Cuban Cost Plus Manufacturing and Compounding recognizes the importance of including appropriate information on drug product labeling and has taken appropriate corrective action to improve the clarity and comprehensiveness of the Miglustat label. **Background and Root Cause:** The MCCPMC 503b Outsourcing Facility utilizes DAL-SOP-0012 to provide 503b labeling guidance to the Pharmacist in Charge when creating new labeling. The requirements listed align with the Text of Compounding Quality Act labeling requirements. MCCPMC was notified of a specific clinical need for a 100mg/ml Miglustat non-sterile oral suspension preparation. The product was planned for dispensation by a pharmacy who in conjunction with the physician would provide prescribing information for the patient. For the oral suspension component of the preparation an industry standard oral suspension was selected from an industry standard supplier. Along with the order the supplier provided their technical information. The supplier indicated the suspension exact concentrations was proprietary. Thus, MCCPMC utilized the technical literature provided by the oral suspension supplier to create the product label. As the frequency and quantity of dosing was at the discretion of the prescribing physician MCCPMC included the Directions for Use: "See Prescribing information". However, the label also included the product was "For Oral Use: 150mL multiple Dose Bottle" and "Miglustat Suspension 100mg/mL" to clearly indicate the strength and method of administration (Oral). Also, "To report suspected adverse events, contact MCCPMC or FDA at www.fda.gov/medwatch and 1-800-FDA-1088." was present on the label as well. ***Reference Attachment 6-1: DAL-LBL-0008 Miglustat Oral Suspension 100 mg/mL - 150 mL Original Bottle Label with adverse event contact information.*** Based on the background information noted above the label was approved for use for a single order of three units.

Observation 6 Continued:

Correction Competed:
The oral suspension manufacturer was notified that specificity regarding the ingredients was required to continue use per audit feedback. Based on the communicated need they agreed to provide additional information provided the manufacturer name was not supplied. The additional information was included in a new version of the label that also reformatted the content to provide additional clarity. ***Reference Attachment 6-2: DAL-LBL-0008 Miglustat Oral Suspension 100 mg/mL - 150 mL Bottle Label.***

Corrective (and Preventive) Actions Competed:
DAL-SOP-0012: Required Labeling of 503B Compounded Drug Preparations was updated to include If the provided technical literature from a drug component supplier lacks ingredient specificity, then appropriate follow up action must be taken to ensure labeling information is comprehensive. This action applies to not only the Miglustat label, but all future product labels. ***Reference Attachment 6-3: DAL-SOP-0012 Required Labeling of 503B Compounded Drug Preparations extract.***

Effectiveness Plan:
Each new label must meet the updated requirements of DAL-SOP-0012. Each label is reviewed and approved by the Pharmacist in Charge and the Quality Unit to ensure it meets the requirements. The procedure update, in conjunction with the required review and approval of each future label, will ensure the action taken is effective.

Impact Assessment:
As the product was prescribed by a physician for a specific patient, dispensed by a licensed pharmacy, and included contact information for adverse events, there is no impact due to the lack of inactive ingredient specificity and initial label formatting.

Conclusion:
The procedural update will ensure any future labels produced include the specificity of ingredients, even if the original information provided is insufficient. The Miglustat label was also updated per FDA and CDER feedback.

Observation 7: Description and Response

Description/Notes
PRODUCT REPORTING 1. Your outsourcing facility did not submit a report to FDA at the time of initial registration on November 2, 2022, as required for an outsourcing facility that registers with FDA under section 503b.
Response
Commitment: MCCPMC recognizes the importance of timely reporting to the FDA under section 503b and intends to fulfill its obligations for timely reporting as a 503b Outsourcing Facility. **Background and Root Cause:** The MCCPMC 503b Outsourcing Facility is a greenfield site that was undergoing commissioning in 2022. A certificate of occupancy by the City of Dallas was granted on 5/22/2023. However, as a proactive measure the Site Leadership submitted their initial 503b Registration which was approved on 11/2/2022. As the Facility was still undergoing commissioning, The Facility did not have an occupancy permit, and no batches were compounded in 2022, the associate responsible for reporting incorrectly did not submit an initial report. ***Reference Attachment 7-1: City of Dallas Certificate of Occupancy.*** MCCPMC submitted the required FDA 503b Outsourcing Facility Bi-Annual reports for both 2023 reporting periods after Facility occupancy was granted and the first 2024 reporting period. **Correction Note:** As the observation was from 2022, prior to building occupancy, there were no unreported batches to add to the MCCPMC 503b Facility compounded drug history. After commissioning was complete MCCPMC began bi-annual Reporting through the CDER portal in 2023. **Corrective (and Preventive) Action Completed**: • *The governing procedure DAL-SOP-0281: Biannual Product Reporting to the FDA* was updated to clearly state If the outsourcing facility has not compounded any drug products during the previous six-month period (including any initial report after registration), it is still required to submit a report to FDA indicating that it has not compounded any drug products during the period. ***Reference Attachment 7-2: DAL-SOP-0281: Biannual Product Reporting to the FDA extract.*** This action will apply not only to the existing MCCPMC Facility but any expansions as well. **Effectiveness Plan:** As bi-annual reports are required by the FDA and per MCCPMC procedures, and failure to complete the report will be detected, no additional effectiveness plan is required. **Impact Assessment:** As the facility was not occupied, and no drugs were compounded prior to the initial report, there is no risk of an absence of Facility history being accurately reported. Furthermore, there is no product risk as the observation was for report submittal only. **Conclusion:** The procedural update will ensure that future reports are submitted when no saleable drug products are manufactured, even if it is an Initial FDA Report at a new MCCPMC facility.

Sterile Compounding Questionnaire

Rev (09/11/2024)

This application cannot be returned by fax or email.
We must have an original signature to process.

Approval of this completed questionnaire is required for an existing pharmacy, new pharmacy and/or out-sourcing facility applicant who wish to engage in preparing, compounding, dispensing, and furnishing sterile compounded products to Nevada patients or consumers.

Please provide a thorough response to the questions below and provide any necessary supporting documents.
-For a new pharmacy or out-sourcing facility applicant, submit this completed form with your application.
-For an existing pharmacy, send the completed form to the address indicated above.

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)?

☐ Category 1 ☐ Category 2 ☐ Category 3 N/A

If you marked "**Category 3**", you must also complete **section 4.**

2. If compounding Category 2 products is the location performing sterility and endotoxin testing (if required) to obtain extended beyond-use dates? N/A ☐ Yes ☐ No

3. If compounding Category 2 products is the location performing aseptically processed CSPs or terminally sterilized CSPs? N/A ☐ Aseptic ☐ Terminal

4. Is the pharmacy following the new garbing requirements listed in the revised USP-797 guidelines? ■ Yes ☐ No

5. When was the most recent certification for the ISO classified areas? HEPA filters were last certified 11/2024

6. What is the frequency of the recertification for the ISO classified areas? Every 6 months

7. Were there any follow-up items required from the most recent certification report? ☐ Yes ■ No

8. If preparing Category 2 or Category 3 CSPs from non-sterile starting components are the pre-sterilization procedures such as weighing and mixing completed in an ISO Class 8 or better environment? ■ Yes ☐ No

9. If compounding Category 1 CSPs and Category 2 CSPs how often is surface sampling of all classified areas and pass-through chambers conducted? N/A

10. Will you be performing sterile hazardous drug compounding? ■ Yes No

If you marked "**Yes**", you must also complete **section 3.**

11. List the sterile compounded products that you will be compounding for Nevada patients or consumers:

Information as of January 28th, 2025

Norepinephrine Bitartrate Injection USP 8 mg/8 mL (1 mg/mL)
Oxytocin 30 USP Units/3 mL (10 USP Units/mL) Injection USP (Synthetic)

12. What laboratory performs your sterility or endotoxin testing?

Name: Eagle Analytical

Address: 11111 S Wilcrest Dr., S1000

City: Houston State: TX Zip: 77099

Telephone: (800) 745-8916

13. What is your procedure for visual inspection of compounded sterile products?
DAL-SOP-0222 Visual Inspection of Finished Drug Products and Preparations v5.1

7.0 PROCEDURE
GENERAL INFORMATION
7.1 Before being released for distribution, ALL CSPs must undergo 100% visual inspection for defects per this procedure per
USP and FDA requirements.
7.2 USP <1790> Visual Inspection of Injections provides guidelines for the visual inspection of sterile injectable products.

14. How often do you perform glove fingertip and medial fill testing?
DAL-SOP-0211 Gowning Qualification Initial and Quarterly Including Fingertip Sampling
DAL-SOP-0230 Aseptic Process Simulation (Media Fill) Program Initial and every 6 mo (process) 12 mo (personnel)

15. Describe your initial and ongoing training program for all personnel performing sterile compounding:
DAL-SOP-0016: GMP Training Management Program
7.0 PROCEDURE
GENERAL INFORMATION
7.1 In order to guarantee the quality, safety, and security of drug products or preparations, employees must possess a sufficient level of education, training, and experience, or any combination thereof.
7.2 Contract employees will be trained according to the scope of their contract responsibilities.
7.3 Employees returning from a leave of absence must complete any overdue required training prior to resuming the applicable work task.
New Employee Training, Periodic Retraining, Documentation of Training, Annual Review of JD, Event Training

16. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:
DAL-SOP-0237: Cleaning and Disinfection of Cleanroom Areas - 8.0 PROCEDURE
GENERAL INFORMATION
8.1 Qualified Cleaning Agents at the Facility are DeconQuat 200C, DeconSpore 200 Plus, IPA 70%, and WFI.
8.14 DAILY CLEANING
8.14.1 Daily Cleaning must be performed in the rooms that are utilized for that day8.15 WEEKLY CLEANING
8.15.1 WEEKLY CLEANING is performed once per week – a week is defined as starting on Monday and ending on Sunday.
8.16 MONTHLY CLEANING
8.16.1 Monthly Cleaning is performed once per calendar month.

17. Who performs the sterile compounding process at your facility?

Production Supervisors and Production Technicians

18. Who is responsible and accountable for the sterile compounding process at your facility?
Quality Department as well as the Pharmacist-in-Charge

19. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?
DAL-SOP-0188: Shipping and Distribution Procedure (Inspection of Outgoing Shipments)
7.13 The final packaging method is driven by the product requirements. The packaging method should be sufficient to ensure the package withstands reasonable and anticipated physical transportation conditions, including drop

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)

1. What type of primary engineering controls will you be using in your facility?

Open Restricted Access Barrier, C-8 Isolator

2. Are you complying with all USP 800 guidelines? To follow established FDA and cGMP requirements for hazardous compounding, as well as many of the USP 800 elements	■ Yes	No
3. Have your employees who compound with hazardous drugs signed an acknowledgement that they understand the risks associated with this process?	■ Yes	No
4. Is your BSC or CACI vented 100% to the outside?	■ Yes	No
5. Do you have a negative pressure buffer room at your facility?	■ Yes	No
6. Will you be compounding with antineoplastic HDs or HD API?	■ Yes	No
7. If yes, are the drugs stored in an externally ventilated, negative pressure room?	■ Yes	No
8. Will you be utilizing a closed system transfer device?	■ Yes	No

9. If yes, list the name of the device:

Within the C8 Isolator is an inherent material transfer processes that allows material transfer in/out of the compounding isolator without compromising worker exposure to undesirable levels of airborne drug or unwittingly compromising the sterility of the compounding environment. Bulk API is maintained in its original container but also placed permanently into a separate closed container for additional safety to personnel when transferring within the building.

10. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers?

MCCPMC only manufactures copies of current compendium products that already exist in the marketplace. We adhere to the 503B Outsourcing Facility FDA Guidance on what labeling and documentation that must accompany any product that we provide to customers. We do not directly dispense any products to patients.

11. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?

DAL-SOP-0016: GMP Training Management Program
NEW EMPLOYEE ONBOARDING
7.22 Before independently performing work in their designated area(s), new employees must complete New Hire Orientation, which consists of the following:
7.22.1 GMP training on DAL-SOP-0003, General Good Manufacturing Practices followed by an assessment/examination with passing results
7.22.2 An introduction into Mark Cuban Cost Plus MCCPMC
7.22.3 A hazardous drug (if currently manufactured) and safety training session
7.22.4 A HIPPA (Health Insurance Portability and accountability) training session

Section 4: Sterile Category 3 Compounding Questions (Complete this section ONLY if you will be performing Category 3 Compounding.)

1. List the specific Category 3 sterile products that your facility compounds:

Norepinephrine Bitartrate Injection USP 8 mg/8 mL (1 mg/mL)
Oxytocin 30 USP Units/3 mL (10 USP Units/mL) Injection USP (synthetic)

2. What is the frequency for ongoing garbing, gloved fingertip and thumb sampling, and media fill testing for compounding personnel?

DAL-SOP-0211 Gowning Qualification Initial and Quarterly Including Fingertip Sampling
DAL-SOP-0230 Aseptic Process Simulation (Media Fill) Program Initial and every 6 mo (process) 12 mo (personnel)

3. Is the pharmacy meeting all of the additional garbing requirements for compounding Category 3 CSPs as defined by the revised USP-797 guidelines? ■ Yes No

4. What is the frequency for completing volumetric active air sampling?

DAL-SOP-0047: Environmental Monitoring Program
Weekly
Pre and post batch viable for Class A compounding/filling areas. Continuous non-viable sampling for Class A during filling activities.

5. What is the frequency for completing surface sampling? DAL-SOP-0047: Environmental Monitoring Program Weekly Surface samples are taken weekly monthly for Class C and D rooms, and pre and post batch of Class A filling areas.		
6. What is the frequency for using sporicidal agents? DAL-SOP-0237: Cleaning and Disinfection of Cleanroom Areas Monthly		
7. Is an endotoxin test performed for all products compounded from one or more nonsterile component?	■ Yes	No
8. Is the BUD assigned supported by stability data obtained using a stability-indicating analytical method?	■ Yes	No

Regarding:
The following recently completed Texas Department of State Health Services (DSHS) on-site inspection:

Name	MARK CUBAN COST PLUS DRUG MANUFACTURING & COMPOUNDING LLC	**License Type**	Prescription Drugs
Address	3015 TAYLOR ST DALLAS TX 75226	**License Number**	1003649
Inspection Type	Periodic/Routine	**Inspection Number**	247014

MCCPMC received a Texas Department of State Health Services Notice of Inspectional Observations, on 09/06/2024. Patient Safety and Regulatory Compliance are of the utmost importance to MCCPMC and have already acted on all items identified during the audit. Attached is a copy of the responses which were submitted to the TX DSHS on September 20th, 2024

Let me know if you have any questions or require any clarifications.

Regards,

Matt Callesen

Observation 1: Description and Response

Description/Notes
The firm is not in conformance with 21 CFR, Part 205, Guidelines for State Licensing of Wholesale Prescription Drug Distributors. Notes: Specifically, the firm is in receipt of active pharmaceutical ingredients (API) from entities not licensed with the Texas Department of State Health Services as an Out-of-State Prescription Drug Wholesaler. Receiving records for API (epinephrine, norepinephrine, miglustat) were reviewed during the inspection. The receiving records show that the API was distributed by the unlicensed firm listed below: a.Gyma Laboratories of America, Inc. 210 Crossways Park Drive, Suite 100, Woodbury, NY 11797

MCCPMC Response

Commitment: MCCPMC recognizes the importance of meeting all Texas Department of State Health Services requirements and intends to comply with the requirement for API distributors to be licensed as Out-of-State Prescription Drug Wholesaler distributors in the State of Texas.

Background and Root Cause: MCCPMC has a thorough API supplier qualification program as defined in DAL-SOP-0194, Supplier Qualification Program for all APIs and Distributors of APIs for commercial manufacturing. The MCCPMC API distributor, GYMA, used to supply APIs for the launch products met the requirements for "Conditionally Approved". Specifically, they completed a supplier questionnaire, are FDA registered, provided DEA registration as a Distributor, provided products which met specifications and received a paper-based audit with an overall rating of "Satisfactory". GYMA also provided a State of New York Registered Wholesaler License. However, DAL-SOP-0194 did not specify that a specific State of Texas license as Out-of-State Prescription Drug Distributor was required when the procedure was drafted in 2023.

Corrective Actions Taken:

- DAL-SOP-0194, Supplier Qualification Program, was updated to clearly state that the API Distributors must be licensed in the state of Texas. ***Reference Attachment 1-1: DAL-SOP-0194 extract.***
- MCCPMC requested for GYMA to obtain licensure in the State of Texas, as an Out-of-State Wholesale Distributor of Prescription Drugs, in accordance with TAC Title 25, Part I, Chapter 229, Subchapter W. as of 18SEP2024 GYMA communicated the application was in process. ***Reference Attachment 1-2: GYMA Commitment.***

Interim Controls in Place:

- While the GYMA application is in process the following interim actions were taken to ensure no APIs are purchased by GYMA for commercial manufacturing:
  - GYMA was placed in a "Blocked" status in the MCCPMC ERP, SAP. ***Reference Attachment 1-3: SAP Supplier Status.***
  - GYMA status in the MCCPMC Quality Management System (ACE) was changed to "Not Approved". ***Reference Attachment 1-4: ACE QMS Supplier Status.***

MCCPMC Pending Actions and Conclusion:
Upon successfully obtaining a license in the State of Texas, as an Out-of-State Wholesale Distributor of Prescription Drugs utilization of GYMA for commercial purposes may resume. MCCPMC is confident that the actions identified will eliminate recurrence.

Observation 2: Description and Response

Description/Notes
Production personnel were not practicing good sanitation and health habits required by 21 CFR 211.28(b). Notes: Specifically, within the ISO7 fill room, personnel were observed touching various surfaces and objects but failed to re-sanitize gloves at adequate intervals. This occurred during pre-production preparation for aseptic fill operations. Personnel were also observed entering the ISO7 fill room and immediately performing tasks and touching surfaces, without first re-sanitizing their gloves.

Response

Commitment: MCCPMC recognizes the importance of practicing good sanitization and health habits to ensure patient safety. MCCPMC appreciates the auditor feedback and intends to implement the corrective actions listed below to further mitigate the risk of viable and non-viable particulate presence in ISO7 areas.

Background and Root Cause: MCCPMC invested in a fully enclosed robotic Isolator that utilizes VHP decontamination and robust engineering controls. MCCPMC also utilizes sterile gowning in all Grade C rooms to ensure particulate presence adjacent to critical areas is minimized. Based on the engineering and gowning precautions taken the frequency of glove disinfection specified was less than what is normally prescribed in 503b facilities with lower engineering controls in place. The Environmental Monitoring Performance Qualification, and initial Aseptic Processing Simulations (media), demonstrated the environment was in a state of control prior to the start of commercial manufacturing.

Corrective Actions Taken:

- DAL-SOP-0227, Aseptic Sterile Drug Processing (Aseptic Technique) was updated with additional glove disinfection best practices, regardless of the equipment utilized, including but limited to:
  - An operator must re-sanitize gloves with 70% IPA DIRECTLY BEFORE:
    - Making Grade C product pathway connections.
    - Handling components.
    - Placing gloves into the isolator sleeves.
    - Any operator using an electronic device shall, at minimum, re-sanitize gloves with 70% IPA before returning to processing operations.
    - Entering from Grade C to Grade A environment.
  - An operator must re-sanitize gloves with 70% IPA DIRECTLY AFTER:
    - Entering a Grade C room where manufacturing activities will occur unless sterile gloves are donned as part of the normal garbing process. Note: IPA addition is not required when exiting the room.
    - Completing documentation.
    - Work on Grade C work surfaces.

Reference Attachment 2-1: DAL-SOP-0227, Aseptic Sterile Drug Processing (Aseptic Technique) extract.

MCCPMC Pending Actions and Conclusion:
MCCPMC will continue to monitor the controlled environments after the addition of the aseptic best practices to ensure they remain appropriate for compounding preparations. MCCPMC is confident that the utilization of robust engineering controls and best practices, will continue to ensure patient

safety while compounding sterile preparations.

Observation 3: Description and Response

Description/Notes

The production or holding areas are not sufficiently separated or defined or implemented with control systems in place as necessary to prevent contamination or mix-ups as required by 21 CFR 211.42(c).

Notes:

1) Aseptic processing areas are deficient regarding the system for cleaning and disinfecting the room and equipment to produce aseptic conditions. Specifically, on 08/30/2024, the firm initiated aseptic fill operations within the ISO5 VanRx (Isolator) for a sterile drug product, Epinephrine (Lot #10000081). A pre-batch cleaning/wipe-down with IPA was not performed prior to starting (Step 8.4.3 of Batch Record states this should be performed).
2) Aseptic processing areas are deficient regarding the system for monitoring environmental conditions. Specifically, the firm is not adequately sampling the environment within the ISO7 fill room, where the ISO5 isolator is located and where aseptic fill operations occurs. Surface sampling is being performed but does not include areas that technicians are frequently contacting.
3) Personnel did not perform adequate sterile garbing technique within the ISO5 Isolator. 4) Introducing a non-sterile item that is difficult to clean into the ISO5 isolator (removing bag from Sterile IPA in the ISO7 then placing in the ISO5)

Response

Commitment: Mark Cuban Cost Plus Manufacturing and Compounding recognizes the importance of ensuring controlled environments are appropriately cleaned and disinfected, and that critical sites are routinely sampled to detect departures from the validated state. MCCPMC will implement the corrective actions indicated below to ensure aseptic environments remain fit for use and departures from the validated state are detected.

Note 1 Commentary: Due to the differential pressure deviation which occurred during batch manufacturing an additional pre-batch cleaning/wipe-down with IPA was performed. Both the first, and second, batch wipe downs were included as attachments in the Batch Production Record. ***Reference Attachment 3-1: Lot #10000081 pre-batch wipe down initial and repeat cleaning.***

Note 2 Commentary:

Background and Root Cause: MCCPMC executed a robust Environmental Monitoring Performance Qualification prior to the start of commercial manufacturing with a multi-factorial risk assessment to ensure critical areas were sampled. The EMPQ results, and initial Aseptic Processing Simulations (media), demonstrated the environment was in a state of control prior to the start of commercial manufacturing. After completion of the EMPQ, sampling of all EMPQ sites continued to gather additional data and characterize recovered flora. After routine environmental data reviews were completed, some surface sample sites were removed if they demonstrated consistently low growth recovery for the sample site and room classification. While the data supported the sample site revision, MCCPMC recognizes that additional sampling would provide valuable information to further reinforce the robust state of control at the facility.

Observation 3 Continued:

Corrective Action Taken:

- After auditor feedback a holistic review of surface sampling sites was performed by Quality and Operations personnel. The review resulted in an update to the routine surface samples site at the facility per the following:
  - Addition of worst-case location surface sample sites in the ISO5 isolator which is used for adding the environmental monitoring strip to the RCS air sampler assembly.
  - Additional surface sampling in critical ISO7 processing areas that are frequently contacted.

  Reference Attachment 3-2: DAL-SOP-0047: Environmental Monitoring Program extract.

Note 3 Commentary:
Background and Root Cause: MCCPMC purchased a dedicated ISO5 Isolator to prepare the VanRx Isolator filler environmental monitoring assembly (RCS). Utilization of the isolator reduces the risk of accidental environmental monitoring contamination during the handling process. As the isolator is not used to conduct any preparation processing steps the procedure to utilize it did not require exterior sanitization with a sporicidal agent, or a no touch transfer, of the 70% IPA disinfectant used during assembly of the RCS unit. While the Isolator is not used for aseptic processing MCCPMC recognizes using an exterior disinfection of the IPA bottle with a sporicidal agent, including a 15-minute dwell time, prior to transfer will enhance our compliance posture and further mitigate the risk of contamination of the environmental monitoring media. ***Reference Attachment 3-3: DAL-SOP-0297: Operation SOP for C4 Isolator extract.***

MCCPMC Pending Actions and Conclusion:
MCCPMC will continue to monitor the controlled environments after the revision to the sampling sites. MCCPMC is confident that the combination of best practices and robust engineering controls will continue to ensure patient safety.

Observation 4: Description and Response

Description/Notes
Equipment used in the manufacture, processing, packing or holding of drug products does not comply with the requirements in 21 CFR 211.63, Equipment design, size and location. Notes: Specifically, the firm's ISO5 isolator (VanRx), is positioned directly beneath a ceiling fire sprinkler. A water source should not be located in close proximity to an ISO5 area.

Response

Commitment: Mark Cuban Cost Plus Manufacturing and Compounding recognizes the importance of selecting appropriate equipment and installing it in a manner to ensure patient safety. MCCPMC will implement the corrective action indicated below to ensure the VanRx filler resides in an environment that is not in close proximity to a water source.

Background and Root Cause: MCCPMC invested in a fully enclosed robotic Isolator located in a greenfield site designed specifically for pharmaceutical manufacturing. Due to the selection of a fully enclosed, positively pressured and clean in place compatible Isolator the engineering firm specified an open sprinkler design which was subsequently installed. While all facilities must include a fire protection system per local building codes, a different solution was not selected due to the equipment selection.

Corrective Action Taken:

- Purchase order #15221 was issued on 08/28/2024 to GFS Texas Fire Protection Contractors to modify and change out all exposed fire sprinkler heads with new recessed head fire sprinklers (approved cleanroom seals & covers) in the VanRx Fill suite. Furthermore, the purchase also includes replacing any other exposed sprinkler head in the cleanroom environment, regardless of location. Change Control DAL-CC-0016: Exposed fire sprinkler head replacement, will track the implementation. Due to the scope of work the replacement is scheduled to be completed during a planned shutdown period in early November with full turnover by 22NOV2024. ***Reference Attachment 4-1: Change Control DAL-CC-0016: Exposed fire sprinkler head replacement extract.***

Interim Controls in Place:

- While the materials are procured, and prior to the completion of the fire sprinkler head replacement, a pre-filling check of the fire sprinkler head above the VanRx was added to ensure there are no signs of leaks prior to filling. ***Reference Attachment 4-2: DAL-SOP-0132: Operation of the VanRx SA25 Cytiva Sterile Fill-Finish Workcell extract for procedure update. Note:*** Attachment 5-4 and Attachment 5-5 include the applicable Batch Record page which documents confirmation of completion.

MCCPMC Pending Actions and Conclusion:
MCCPMC will ensure the fire sprinkler head replacement corrective action is completed. In the interim the additional pre-startup check will ensure any leak, should one occur, is detected prior to filler use and filling will not proceed if presence of a leak is detected. Furthermore, as the VanRx is a fully enclosed/sealed isolator in use there is no product/patient risk in the interim until the corrective action is implemented.

Observation 5: Description and Response

Description/Notes
Written procedures for equipment cleaning and maintenance are inadequate and do not conform to the requirements in 21 CFR 211.67(b). Notes: Specifically, the firm is using DeconQuat 200C as a deactivating, disinfecting, and cleaning solution, with an established dwell time of 15 minutes. Cleaning logs were reviewed during the inspection and it was noted that the firm is not documenting start and end times after applying the cleaning solution.
Response

Commitment: MCCPMC recognizes the importance of ensuring controlled environments are appropriately cleaned and disinfected. While our cleanroom procedure, DAL-SOP-0237 *Cleaning* and Disinfection *of Cleanroom Areas,* already includes the 15-minute dwell time requirement we have updated it to require documentation of start and end times when cleaning and disinfecting Cleanroom Areas.

Background and Root Cause: MCCPMC developed a robust cleaning and disinfectant program per DAL-SOP-0237 *Cleaning* and Disinfection *of Cleanroom Areas.* It utilizes proven cleaning agents, DeconSpore and DeconQuat, with a 15-minute dwell time. A disinfectant efficacy study was performed to ensure the cleaning agents selected were effective for the cleanroom materials of construction. The cleaning start and end times are included on the weekly and monthly cleaning logs for both DeconSpore and DeconQuat 200C. The cleaning and disinfectant program efficacy was confirmed in The Environmental Monitoring Performance Qualification, and initial Aseptic Processing Simulations (media).
Reference Attachment 5-1: DAL-FRM-0090: Daily/Weekly Non-HD Classified Area Cleaning Log extract.
and ***Attachment 5-2. DAL-FRM-0112: Monthly Cleanroom Area Cleaning Log extract***.

While a location to document the start and end times was included in the Daily, and Monthly cleaning logs, DAL-SOP-0237 *Cleaning* and Disinfection *of Cleanroom Areas* did not mandate inclusion of the start and end times for all cleanroom activities as the 15 minutes requirement was include in the SOP and associates were trained on the requirement. The document reviewed in the audit was specific to a weighing process, and the start and times were not included in the document to minimize documentation entries prior to entering the weighing station.

Corrective Actions Taken:

- DAL-SOP-0237: Cleaning and Disinfection of Cleanroom Areas was updated to require inclusion of the start and end time for any cleaning process which requires a dwell time. ***Reference Attachment 5-3: DAL-SOP-0237: Cleaning and Disinfection of Cleanroom Areas extract.***
- The documents which did not include the start and end time documentation location, DAL-MMR-0004: Epinephrine Injection, USP 5 mg/5 mL (1 mg/1 mL) was updated to include the requirement. ***Reference Attachment 5-4: DAL-MMR-0004: Epinephrine Injection, USP 5 mg/5 mL (1 mg/1) extract.*** *And* ***Attachment 5-5: DAL-MMR-0003: Norepinephrine Bitartrate Injection, USP 8 mg/8 mL (1 mg/mL) 8 mL extract.***

Conclusion:
The procedural update will ensure that future controlled area cleaning processes will include a location to document the cleaning start and end time if a dwell is required. While the existing cleaning regimen has proven effective, and the procedural requirement is in place, documenting

the times will improve visibility and our compliance posture.

Observation 6: Description and Response

Description/Notes

Records of the calibration checks and inspections of automatic, mechanical or electronic equipment, including computers or related systems are not maintained as required by 21 CFR 211.68(a). Notes: Specifically, the firm experienced a power outage early on 08/26/24, which caused the firm's laboratory incubators to incorrectly display time (by around 7 hours). There was no deviation or OOS investigation opened until after it was noted during the inspection.

Response

Commitment: Mark Cuban Cost Plus Manufacturing and Compounding recognizes the importance of responding to unplanned events to ensure appropriate action is taken, even if no manufacturing activities are in progress. MCCPMC has implemented procedural updates to its Facility deviation handling process to ensure a holistic review is completed, including raising a deviation if required.

Background and Root Cause: The MCCPMC 503b Outsourcing Facility utilizes both a Building Monitoring System (BMS) and Environmental Monitoring System (EMS) to ensure timely detection, and notification, of departures from the expected conditions in the facility. MCCPMC also utilizes DAL-SOP-0032: *Deviation Procedure* to ensure unplanned events which had a product/process impact are investigated with appropriate corrective action taken.

MCCPMC began commercial manufacturing in March of 2024. In 2024 facility activities were primarily commissioning and qualification activities with minimal commercial operations. In 2024 during each BMS and EMS event the management team was notified. Upon notification each event was discussed with Engineering, Operations and Quality Assurance to assess if a deviation was required per DAL-SOP-0032. However, the scope of DAL-SOP-0032 did not include facility disruptions when no manufacturing activities were in progress, and there was no impact to the controlled environments.

Note: The start time and end time (incubation duration) for media stored in the incubator was recorded using the internal Facility time system. The local display was not utilized to make any cGMP decisions.

Corrective Actions Taken:

- DAL-SOP-0032: *Deviation Procedure* scope was updated to include following: *"Unplanned facility/infrastructure events,* ***regardless of if manufacturing is occurring during the outage****, as the events may affect the critical utilities, classified environments and controlled storage areas.*
  - *Reference DAL-SOP-0088, Utilities Service Emergency Plan, for additional information regarding unplanned events that may warrant a deviation per this procedure.*
  - *Reference DAL-SOP-0271, BPCS Alarm Management Standard Operating Procedure, for additional information regarding notifications through the Building Management System that may require a deviation per this procedure.*
  - *Reference DAL-SOP-0315, Disaster Recovery Standard Operating Procedure, for additional information regarding disasters which may require a deviation per this procedure."*

Reference Attachment 6-1:* DAL-SOP-0032: *Deviation Procedure extract.

Observation 6 Continued:

- DAL-SOP-0269: *General Incubation Procedure* was updated to include a daily check to verify the date and time are correct as an enhancement to ensure the data is correct if it is needed. ***Reference Attachment 6-2:* DAL-SOP-0269: *General Incubation Procedure extract.***

Conclusion:
While the previous events did not have any product impact, the procedural update will ensure that the assessment after an unplanned facility event is documented, even when no commercial activities are in progress. By utilizing the BMS and EMS systems in place, and responding per the revised procedure, MCCPMC will prevent recurrence.

Observation 1: Description and Response

Description/Notes
Procedures designed to prevent microbiological contamination of drug products purporting to be sterile are not established. Specifically, A. Your firm's sterile filling technicians was observed entering and leaving different ISO 7 classified areas (storage closet, hallway, Sampling/Weighing/Dispensing Room, Formulation, and Filling Rooms which contain the ISO 5 VanRx Filling along with C4 isolators performing tasks without adequately disinfecting their sterile gloves adequate frequency to prevent potential contamination as written in your firm's procedure, Aseptic Sterile Drug Processing (Aseptic Technique), DAL-SOP-0227, Rev. 1.0, section Glove Management, sub-sections 8.14 - 8.19. B. Your firm sterile filling technician was observed utilizing poor technique putting on sterile gloves overtop the isolator gloves within ISO 5 C4 Isolator prior to the preparation of the RCA environmental monitoring strip into the holder during the production of Epinephrine Injection, USP 5mg/5mL (1mg/1mL), Lot # 10000081, Actual Qty. 1726 vials. C. Your firm's procedure, DAL-SOP-0237, Cleaning and Disinfection of Cleanroom Areas, failed to ensure sporicidal agent, DeconSpore, which require 15-minute contact time is achieved during the cleaning and deactivation method of production equipment used for weighing of drug components within ISO 7 Formulation Room (RM 033). D. Your firm sterile drug product technician failed to adequately disinfect sterile 70% IPA spray bottle prior to transfer from ISO 7 Filling Room into ISO 5 C4 Isolator for use in setup of RCA stripe into the rotary centrifugal air sampler (RCS) unit for air sampling inside the VanRx.
MCCPMC Response

Commitment: MCCPMC recognizes the importance of ensuring effective procedures are in place to prevent microbiological contamination of drug products to ensure patient safety. MCCPMC appreciates the auditor feedback and intends to implement the corrective actions listed below to further mitigate the risk of viable particulate presence in ISO 5 and ISO 7 areas.
 	
Note A Commentary:
Background and Root Cause: MCCPMC invested in a fully enclosed robotic Isolator that utilizes VHP decontamination and robust engineering controls. MCCPMC also utilizes sterile gowning in all Grade C rooms to ensure particulate presence adjacent to critical areas is minimized. Based on the engineering and gowning precautions taken, the frequency of glove disinfection specified was less than what is normally prescribed in 503b facilities with lower engineering controls in place. The Environmental Monitoring Performance Qualification, and initial Aseptic Processing Simulations (media), demonstrated the environment was in a state of control prior to the start of commercial manufacturing.
 	
Corrective (and Preventive) Actions taken:
DAL-SOP-0227, Aseptic Sterile Drug Processing (Aseptic Technique) was updated with additional glove disinfection best practices, for not only the processes observed but all MCCPMC processes that require sterile gloves:
• An operator must re-sanitize gloves with 70% IPA DIRECTLY BEFORE:
  • Making Grade C product pathway connections.
  • Handling components.
  • Placing gloves into the isolator sleeves.

Observation 1 Continued:

- Any operator using an electronic device shall, at minimum, re-sanitize gloves with 70% IPA before returning to processing operations.
- Entering from Grade C to Grade A environment.

- An operator must re-sanitize gloves with 70% IPA DIRECTLY AFTER:
  - Entering a Grade C room where manufacturing activities will occur unless sterile gloves are donned as part of the normal garbing process. Note: IPA addition is not required when exiting the room.
  - Completing documentation.
  - Work on Grade C work surfaces.

Reference Attachment 1-1: DAL-SOP-0227, Aseptic Sterile Drug Processing (Aseptic Technique) extract.

Note B (and D) Commentary:

Background and Root Cause: MCCPMC purchased a dedicated ISO 5 Isolator to prepare the VanRx Isolator filler environmental monitoring assembly (RCS). Utilization of the isolator reduces the risk of accidental environmental monitoring contamination during the handling process. Due to the isolators use (not used to conduct any preparation processing steps) the applicable procedures did not initially require the same frequency/technique of glove sanitization as an aseptic filling environment in a 503b Facility. It also did not require the operator to perform an exterior disinfection step with a sporicidal agent on the 70% IPA bottle prior to introduction.

Corrective (and Preventive) Action Taken:

While the Isolator is not used for aseptic processing MCCPMC recognizes using an exterior disinfection of the IPA bottle with a sporicidal agent, including a 15-minute dwell time, prior to transfer will enhance our compliance posture and further mitigate the risk of contamination of the environmental monitoring media or any downstream process. ***Reference Attachment 1-2: DAL-SOP-0297: Operation SOP for C4 Isolator extract.***

Furthermore, the enhanced glove management procedure steps listed in Note A will also apply to utilization of the C4, and any Isolator installed in the future, for consistency and to further mitigate any potential risk.

Note C Commentary:

Background and Root Cause: MCCPMC developed a robust cleaning and disinfectant program per DAL-SOP-0237 *Cleaning* and Disinfection *of Cleanroom Areas*. It utilizes proven cleaning agents, DeconSpore and DeconQuat, with a 15-minute dwell time. A disinfectant efficacy study was performed to ensure the cleaning agents selected were effective for the cleanroom materials of construction. The cleaning start and end times are included on the weekly and monthly cleaning logs for both DeconSpore and DeconQuat 200C. The cleaning and disinfectant program efficacy was confirmed in The Environmental Monitoring Performance Qualification, and initial Aseptic Processing Simulations (media).

Reference Attachment 1-3: DAL-FRM-0090: Daily/Weekly Non-HD Classified Area Cleaning Log extract.
and ***Attachment 1-4. DAL-FRM-0112: Monthly Cleanroom Area Cleaning Log extract.***

Observation 1 Continued:

While a location to document the start and end times was included in the Daily, and Monthly cleaning logs, DAL-SOP-0237 *Cleaning* and Disinfection *of Cleanroom Areas* did not mandate inclusion of the start and end times for all cleanroom activities as the 15 minutes requirement was included in the SOP and associates were trained on the requirement. The document reviewed in the audit was specific to a weighing process, and the start and times were not included in the document to minimize documentation handling while performing weighing operations.

Corrective Action Taken:

- The documents which did not include the start and end time documentation location, DAL-MMR-0004: Epinephrine Injection, USP 5 mg/5 mL (1 mg/1 mL) was updated to include the requirement. ***Reference Attachment 1-5: DAL-MMR-0004: Epinephrine Injection, USP 5 mg/5 mL (1 mg/1) extract.*** *And* ***Attachment 1-6: DAL-MMR-0003: Norepinephrine Bitartrate Injection, USP 8 mg/8 mL (1 mg/mL) 8 mL extract.***

Preventive Action Taken:

- DAL-SOP-0237: Cleaning and Disinfection of Cleanroom Areas was updated to require inclusion of the start and end time for any cleaning process which requires a dwell time. ***Reference Attachment 1-7: DAL-SOP-0237: Cleaning and Disinfection of Cleanroom Areas extract.***

Effectiveness Plan:

The routine environmental monitoring program will continue to evaluate environmental monitoring trends and propose CAPAs if required.

Impact Assessment:

MCCPMC is confident that the observations noted did not pose any significant risk to manufacturer product for the following reasons:

- Utilization of a fully enclosed isolator with VHP decontamination.
- Completed Environmental Monitoring Performance Qualification and Aseptic Processing Simulations which met acceptance criteria
- Routine environmental testing which demonstrated the cleanrooms were in a state of control.
- finished product testing results which met release criteria, including sterility testing.

MCCPMC Overall Conclusion:

The procedural changes will prevent recurrence of the audit observations. Furthermore, the actions taken are applicable to all controlled environments, thus they will prevent future occurrences as well.

Observation 2: Description and Response

Description/Notes
Buildings used in the manufacture, processing, packing, or holding of a drug product do not have the suitable construction to facilitate cleaning, maintenance, and proper operations. Specifically, your firm's ISO 7 Filling Room (RM 034) containing your ISO 5 VanRx Automated Fill Isolator is designed with exposed sprinkler heads within the room ceiling preventing adequate cleaning and can be a source of contamination.
Response
Commitment: Mark Cuban Cost Plus Manufacturing and Compounding recognizes the importance of selecting appropriate equipment and installing it in a manner to ensure patient safety. MCCPMC will implement the corrective action indicated below to ensure the VanRx filler resides in an environment that is not in close proximity to a water source. **Background and Root Cause:** MCCPMC invested in a fully enclosed robotic Isolator located in a greenfield site designed specifically for pharmaceutical manufacturing. While all facilities must include a fire protection system per local building codes, a different fire sprinkler head solution was not selected due to the purchasing of the fully enclosed isolator as opposed to an open processing environment. Immediate Correction: • A pre-filling check of the fire sprinkler head above the VanRx was added to ensure that no signs of water leaks are present. This check was added to the Batch Records as well. ***Reference Attachment 2-1: DAL-SOP-0132: Operation of the VanRx SA25 Cytiva Sterile Fill-Finish Workcell extract and Attachments 1-5 and 1-6: Epinephrine and Norepinephrine Batch Record extracts with the in-process check noted on the 2nd page of the attachments.*** Corrective Action Completed: • Purchase order #15221 was issued on 08/28/2024 to GFS Texas Fire Protection Contractors to modify and change out all exposed fire sprinkler heads with new recessed head fire sprinklers (approved cleanroom seals & covers) in the VanRx Fill suite. Furthermore, the purchase **also includes replacing any other exposed sprinkler head in the cleanroom environment, regardless of location.** Change Control DAL-CC-0016: Exposed fire sprinkler head replacement, will track the implementation. Due to the scope of work the replacement is scheduled to be completed during a planned shutdown period in early November with full turnover by 22NOV2024. Preventive Action Completed: • DAL-SOP-0081: General Facility Design and Construction was updated to require that sources of water must be designed and installed in a manner to prevent contamination of the aseptic processing environment. This includes utilizing cleanroom appropriate fire systems where required in areas where aseptic processing steps are conducted. ***Reference Attachment 2-2: DAL-SOP-0081: General Facility Design and Construction extract.***

Observation 2 Continued:

Effectiveness Plan:
Installation will be tracked via DAL-CC-0016 to ensure the risk of a leak is eliminated. No additional effectiveness check is required as the existing sprinkler heads will be removed.

Impact Assessment:
To date no fire sprinkler leaks have been observed at any cleanroom location and MCCPMC already completed the first pre-filling inspection for leaks during Epinephrine Batch 1000081 with no leaks present. Furthermore, the isolator is fully enclosed and compatible with a clean in place cycle (fully sealed in operation). Based on these factors this observation does not pose a product risk, however remediation will prevent future risks as the critical utility systems age.

MCCPMC Pending Actions and Conclusion:
MCCPMC will ensure the fire sprinkler head replacement corrective action is completed. In the interim the additional pre-startup check will ensure any leak, should one occur, is detected prior to filler use and filling will not proceed if presence of a leak is detected.

Observation 3: Description and Response

Description/Notes
Equipment and utensils are not cleaned and sanitized at appropriate intervals to prevent contamination that would alter the safety, identity, strength, quality or purity of the drug product. Specifically, your firm fail to clean and disinfect laptop computers and desktop computer keyboards used in the production of sterile drug products within your firm's ISO 7 classified cleanroom areas (Sampling/Weighing/Dispensing Room (RM 039); Formulation Room (RM 033); and Filling Room (RM 034)) to prevent possible contamination of drug products.
Response
Commitment: Mark Cuban Cost Plus Manufacturing and Compounding recognizes the importance of ensuring controlled environments are appropriately cleaned and disinfected, including all equipment, utensils and supporting electronics. MCCPMC will implement the corrective actions indicated below to ensure aseptic environments remain fit for use and any items which reside in ISO 7 areas are appropriate for the environment. **Background and Root Cause:** MCCPMC invested in a fully enclosed robotic Isolator that utilizes VHP decontamination and robust engineering controls. MCCPMC also utilizes sterile gowning in all Grade C rooms to ensure particulate presence adjacent to critical areas is minimized. Based on the engineering and gowning precautions taken the cleaning and disinfectant process only required an exterior disinfection of electronic devices with 70% IPA if they could not reside inside an enclosed bag. **Correction Completed:** • Work Orders GWO-000077-2024-DE and GWO-000077-2024-DE were completed to remove the computers from the clean room environment. **Corrective (and Preventive) Action Completed:** DAL-SOP-0227, Aseptic Sterile Drug Processing (Aseptic Technique) was updated with specific guidance for the use of electronic devices per the following: • When electronic devices are required for batch manufacturing, they must be easy to clean, or placed in an easy to clean sealed pouch, and cleaned appropriately per the Grade and transition. • Electronic devices with fans, open keyboards, difficult to clean area, etc. are not allowed in and Grade A or C environment. ***Reference Attachment 3-1: DAL-SOP-0227, Aseptic Sterile Drug Processing (Aseptic Technique) extract.*** These requirements eliminate recurrence of the observation noted but also remove the potential occurrence in future scenarios as well. **Effectiveness Plan:** The routine environmental monitoring program will continue to evaluate environmental monitoring trends and propose CAPAs if required.

Observation 3 Continued:

Impact Assessment:
MCCPMC is confident that the observations noted did not pose any significant risk to manufacturer product for the following reasons:

- Utilization of a fully enclosed isolator with VHP decontamination.
- Utilization of non-particulate generating sterile garb in all ISO 7 environments.
- Completed Environmental Monitoring Performance Qualification and Aseptic Processing Simulations which met acceptance criteria
- Routine environmental testing which demonstrated the cleanrooms were in a state of control.
- Finished product testing results which met release criteria, including sterility testing.

MCCPMC Conclusion:
The corrective actions completed have removed the potential risk of electronic devices introducing contamination in the MCCPMC ISO 7 environments. The actions will also ensure easy to clean electronic devices are used moving forward, regardless of the filling technology utilized.

Observation 4: Description and Response

Description/Notes
The responsibilities and procedures applicable to the quality control unit are not fully followed. Specifically, your firm's quality unit fail to adequately implement your firm's procedure, DAL-SOP-0032, Deviation Procedure. For example, on 8/26/2024, after becoming aware of a power failure within your facility, your firm failed to initiate a deviation to document the event and conduct an impact assessment of facility equipment and finished drug products along with components. For example, during a review of the firm's BMS system data that control and monitors temperature, relate humidity, and differential pressure, we found differential pressures within the ISO 7 cleanrooms (Sampling/ Weighing/ Dispensing Room, Formulation, and Filling Room) were impacted on the 8/26/2024 date between 7:58 am - 8:11 am. The differential pressure was below the minimum of 0.02 wc for greater than 10 minutes. Your firm management reported an action limit specification of 10 minutes sustained below the documented specification. Your firm was unaware of this impact prior to this inspection.
Response
Commitment: Mark Cuban Cost Plus Manufacturing and Compounding recognizes the importance of responding to unplanned events to ensure appropriate action is taken, even if no manufacturing activities are in progress. MCCPMC has implemented procedural updates to its Facility deviation handling process to ensure a holistic review is completed, including raising a deviation if required. **Background and Root Cause:** The MCCPMC 503b Outsourcing Facility utilizes both a Building Monitoring System (BMS) and Environmental Monitoring System (EMS) to ensure timely detection, and notification, of departures from the expected conditions in the facility. MCCPMC also utilizes DAL-SOP-0032: *Deviation Procedure* to ensure unplanned events which had a product/process impact are investigated with appropriate corrective action taken. MCCPMC began commercial manufacturing in March of 2024. In 2024 facility activities were primarily commissioning and qualification activities with minimal commercial operations. In 2024 during each BMS and EMS event the management team was notified. Upon notification each event was discussed with Engineering, Operations and Quality Assurance to assess if a deviation was required per DAL-SOP-0032. However, the scope of DAL-SOP-0032 did not include facility disruptions when no manufacturing activities were in progress, and there was no impact to the controlled environments. Regarding the power outage on 26AUG2024 a power outage due to inclement weather was detected by the Facilities Engineering team via the BMS system. Operations and Quality Management were notified immediately to assess the impact on the facility and determine if there was any product/process impact. The assessment determined there was no product impact as no commercial operations were in progress. However a deviation was not immediately raised to document the assessment. **Correction Competed:** Deviation DAL-DEV-0008 was raised on 27AUG2024 to document the inclement weather power outage assessment.

Observation 4 Continued:

Corrective (and Preventive) Action Completed:
DAL-SOP-0032: *Deviation Procedure* scope was updated to include following: *"Unplanned facility/infrastructure events, **regardless of if manufacturing is occurring during the outage**, as the events may affect the critical utilities, classified environments and controlled storage areas."*

- *Reference DAL-SOP-0088, Utilities Service Emergency Plan, for additional information regarding unplanned events that may warrant a deviation per this procedure.*
- *Reference DAL-SOP-0271, BPCS Alarm Management Standard Operating Procedure, for additional information regarding notifications through the Building Management System that may require a deviation per this procedure.*
- *Reference DAL-SOP-0315, Disaster Recovery Standard Operating Procedure, for additional information regarding disasters which may require a deviation per this procedure."*

Reference Attachment 4-1: DAL-SOP-0032: ***Deviation Procedure extract.***

These requirements eliminate recurrence of the observation noted specific to a power outage and eliminate potential future occurrences in other facility disruption scenarios as well.

Impact Assessment:
MCCPMC is confident that the observation noted did not pose any significant risk to manufacturer product for the following reasons:

- No commercial activities were in progress at the time of the event.
- A review of controlled environments and critical utilities by Facilities Engineering determined there was no impact to other controlled environments and critical utilities.
- MCCPMC has a dedicated generator to provide backup power which activated as expected.
- A holistic review of power outage event which occurred in 2024 was performed during the audit which demonstrated there was no product impact from previous events as well.

Effectiveness Plan:
By utilizing the BMS and EMS systems in place, and responding per the revised procedure, MCCPMC will prevent recurrence.

Conclusion:
While the power outage event did not have any product impact, the procedural update will ensure that the assessment after an unplanned facility event is documented, even when no commercial activities are in progress.

Observation 5: Description and Response

Description/Notes
Aseptic processing areas are deficient regarding the system for monitoring environmental conditions. Specifically, your firm's environmental monitoring program fail to include viable air and surface monitoring sampling in areas of operations most prone to contamination within the ISO 7 Filling Room (RM 0034) that contain the ISO 5 VanRx Isolator. For example, firm fail to monitor ISO 5 C4 Isolator handles, table surface used to hold components for VanRx System, and 2 stainless-steel racks used to hold logbooks and VanRx/C4 Isolator components.
Response
Commitment: MCCPMC recognizes the importance of ensuring controlled environments are appropriately cleaned and disinfected, and that critical sites are routinely sampled to detect departures from the validated state. MCCPMC will implement the corrective actions indicated below to ensure aseptic environments remain fit for use and departures from the validated state are detected. **Background and Root Cause:** MCCPMC executed a robust Environmental Monitoring Performance Qualification prior to the start of commercial manufacturing with a multi-factorial risk assessment to ensure critical areas were sampled. The EMPQ results, and initial Aseptic Processing Simulations (media), demonstrated the environment was in a state of control prior to the start of commercial manufacturing. After completion of the EMPQ, sampling of all EMPQ sites continued to gather additional data and characterize recovered flora. After routine environmental data reviews were completed, some surface sample sites were removed if they demonstrated consistently low growth recovery for the sample site and room classification. While the data supported the sample site revision, MCCPMC recognizes that additional sampling would provide valuable information to further reinforce the robust state of control at the facility. **Corrective Action Completed**: • The facility environmental sampling program per DAL-SOP-0047: Environmental Monitoring Program was revised to include increased sampling at high-risk locations. The locations noted in the observation were added as well as additional sites where data collection will further demonstrate the facilities state of control. **Preventive Action Completed**: • The established environmental monitoring review per DAL-SOP-0047: Environmental Monitoring Program was updated to include additional considerations for adding and removing sites to ensure it is risk-based and includes considerations for sites that pose the highest risk for product contamination. ***Reference Attachment 5-1: DAL-SOP-0047: Environmental Monitoring Program extract.*** **Effectiveness Plan:** The routine environmental monitoring program will continue to evaluate environmental monitoring trends and propose CAPAs if required.

Observation 5 Continued:

Impact Assessment:
MCCPMC is confident that rooms utilized for aseptic manufacturing were appropriate even though the locations noted in the observation were not sampled.

- Utilization of a fully enclosed isolator with VHP decontamination.
- Utilization of non-particulate generating sterile garb in all ISO 7 environments.
- Completed Environmental Monitoring Performance Qualification and Aseptic Processing Simulations which met acceptance criteria.
- Routine environmental testing which demonstrated the cleanrooms were in a state of control.
- Finished product testing results which met release criteria, including sterility testing.

Conclusion:
MCCPMC is confident that the Facility cleanroom environments will continue to operate in a manner which ensures patient safety, and that the increased environmental monitoring sites will provide additional data to demonstrate the state of control.

Observation 6: Description and Response

Description/Notes
Labeling: 1. The container of your outsourcing facility's miglustat suspension drug product did not include information required by section 503B(a)(10)(B). Specifically, your container did not include the following information: a. Information to facilitate adverse event reporting: ---www.fda.gov/medwatch and 1800FDA1088 <http://www.fda.gov/medwatch%20and%201800FDA1088>; b. Directions for use, including, as appropriate, dosage and administration. 2. The label of your outsourcing facility's miglustat suspension drug product does not include information required by section 503B(a)(10)(A). Specifically, the following information is not found on your miglustat suspension bottle label: a. A list of active and inactive ingredients, identified by established name and the quantity or proportion of each ingredient. Specifically, the Miglustat 100 mg/mL suspension bottle label is missing the "quantity or proportion" of the following ingredients: glyceryl distearate, polyglyceryl-3 oleate, medium-chain triglycerides.
Response
Commitment: Mark Cuban Cost Plus Manufacturing and Compounding recognizes the importance of including appropriate information on drug product labeling and has taken appropriate corrective action to improve the clarity and comprehensiveness of the Miglustat label. **Background and Root Cause:** The MCCPMC 503b Outsourcing Facility utilizes DAL-SOP-0012 to provide 503b labeling guidance to the Pharmacist in Charge when creating new labeling. The requirements listed align with the Text of Compounding Quality Act labeling requirements. MCCPMC was notified of a specific clinical need for a 100mg/ml Miglustat non-sterile oral suspension preparation. The product was planned for dispensation by a pharmacy who in conjunction with the physician would provide prescribing information for the patient. For the oral suspension component of the preparation an industry standard oral suspension was selected from an industry standard supplier. Along with the order the supplier provided their technical information. The supplier indicated the suspension exact concentrations was proprietary. Thus, MCCPMC utilized the technical literature provided by the oral suspension supplier to create the product label. As the frequency and quantity of dosing was at the discretion of the prescribing physician MCCPMC included the Directions for Use: "See Prescribing information". However, the label also included the product was "For Oral Use: 150mL multiple Dose Bottle" and "Miglustat Suspension 100mg/mL" to clearly indicate the strength and method of administration (Oral). Also, "To report suspected adverse events, contact MCCPMC or FDA at www.fda.gov/medwatch and 1-800-FDA-1088." was present on the label as well. ***Reference Attachment 6-1: DAL-LBL-0008 Miglustat Oral Suspension 100 mg/mL - 150 mL Original Bottle Label with adverse event contact information.*** Based on the background information noted above the label was approved for use for a single order of three units.

Observation 6 Continued:

Correction Competed:
The oral suspension manufacturer was notified that specificity regarding the ingredients was required to continue use per audit feedback. Based on the communicated need they agreed to provide additional information provided the manufacturer name was not supplied. The additional information was included in a new version of the label that also reformatted the content to provide additional clarity. ***Reference Attachment 6-2: DAL-LBL-0008 Miglustat Oral Suspension 100 mg/mL - 150 mL Bottle Label.***

Corrective (and Preventive) Actions Competed:
DAL-SOP-0012: Required Labeling of 503B Compounded Drug Preparations was updated to include If the provided technical literature from a drug component supplier lacks ingredient specificity, then appropriate follow up action must be taken to ensure labeling information is comprehensive. This action applies to not only the Miglustat label, but all future product labels. ***Reference Attachment 6-3: DAL-SOP-0012 Required Labeling of 503B Compounded Drug Preparations extract.***

Effectiveness Plan:
Each new label must meet the updated requirements of DAL-SOP-0012. Each label is reviewed and approved by the Pharmacist in Charge and the Quality Unit to ensure it meets the requirements. The procedure update, in conjunction with the required review and approval of each future label, will ensure the action taken is effective.

Impact Assessment:
As the product was prescribed by a physician for a specific patient, dispensed by a licensed pharmacy, and included contact information for adverse events, there is no impact due to the lack of inactive ingredient specificity and initial label formatting.

Conclusion:
The procedural update will ensure any future labels produced include the specificity of ingredients, even if the original information provided is insufficient. The Miglustat label was also updated per FDA and CDER feedback.

Observation 7: Description and Response

Description/Notes
PRODUCT REPORTING 1. Your outsourcing facility did not submit a report to FDA at the time of initial registration on November 2, 2022, as required for an outsourcing facility that registers with FDA under section 503b.
Response
Commitment: MCCPMC recognizes the importance of timely reporting to the FDA under section 503b and intends to fulfill its obligations for timely reporting as a 503b Outsourcing Facility. **Background and Root Cause:** The MCCPMC 503b Outsourcing Facility is a greenfield site that was undergoing commissioning in 2022. A certificate of occupancy by the City of Dallas was granted on 5/22/2023. However, as a proactive measure the Site Leadership submitted their initial 503b Registration which was approved on 11/2/2022. As the Facility was still undergoing commissioning, The Facility did not have an occupancy permit, and no batches were compounded in 2022, the associate responsible for reporting incorrectly did not submit an initial report. ***Reference Attachment 7-1: City of Dallas Certificate of Occupancy.*** MCCPMC submitted the required FDA 503b Outsourcing Facility Bi-Annual reports for both 2023 reporting periods after Facility occupancy was granted and the first 2024 reporting period. **Correction Note:** As the observation was from 2022, prior to building occupancy, there were no unreported batches to add to the MCCPMC 503b Facility compounded drug history. After commissioning was complete MCCPMC began bi-annual Reporting through the CDER portal in 2023. **Corrective (and Preventive) Action Completed**: • *The governing procedure DAL-SOP-0281: Biannual Product Reporting to the FDA* was updated to clearly state If the outsourcing facility has not compounded any drug products during the previous six-month period (including any initial report after registration), it is still required to submit a report to FDA indicating that it has not compounded any drug products during the period. ***Reference Attachment 7-2: DAL-SOP-0281: Biannual Product Reporting to the FDA extract.*** This action will apply not only to the existing MCCPMC Facility but any expansions as well. **Effectiveness Plan:** As bi-annual reports are required by the FDA and per MCCPMC procedures, and failure to complete the report will be detected, no additional effectiveness plan is required. **Impact Assessment:** As the facility was not occupied, and no drugs were compounded prior to the initial report, there is no risk of an absence of Facility history being accurately reported. Furthermore, there is no product risk as the observation was for report submittal only. **Conclusion:** The procedural update will ensure that future reports are submitted when no saleable drug products are manufactured, even if it is an Initial FDA Report at a new MCCPMC facility.

On March 23, 2024, the California State Board of Pharmacy adopted a Stipulated Settlement and Disciplinary Order ("Stipulated Settlement Agreement") that resolved an administration matter pending against this facility. Even though this facility is an FDA-registered 503B outsourcing facility, this facility was previously licensed and regulated as a non-resident pharmacy in California resulting in allegations that this facility failed to comply with California's unique sterile compounding requirements. The Stipulated Settlement Agreement imposed a reprimand on this facility and allowed this facility to cancel its non-resident pharmacy and non-resident sterile compounding permits to provide a pathway for licensure as an outsourcing facility in the future. Since the Stipulated Settlement Agreement was adopted, this facility has not applied for licensure in California.

Notes

1. The "initial date of registration as an outsourcing facility" is the date the facility was first registered (i.e., the date FDA determined that the initial registration information submitted for the facility was complete, and the establishment fee was paid in full).

   Under section 503B(b) of the FD&C Act, after the initial registration, a facility that elects to continue to be registered with FDA as an outsourcing facility must re-register annually. A facility that elects to register (or re-register) with FDA as an outsourcing facility must pay an annual establishment fee. The "date of most recent registration as an outsourcing facility" reflects the date FDA determined the most recently submitted registration information was complete and the annual establishment fee for that fiscal year paid in full.

   Unless a previously registered outsourcing facility re-registers and pays the annual establishment fee in full during the registration period (between October 1 and December 31 of each calendar year), the facility will be removed from the list of registered outsourcing facilities on January 1 of the next calendar year.

2. Once an outsourcing facility is registered, the facility will be added to the list of facilities FDA intends to inspect according to a risk-based schedule. FDA plans to inspect outsourcing facilities within a reasonable period of time following initial registration, once it is confirmed that the facility has initiated drug production and distribution. However, the exact timing of the inspections can be affected by a number of variables, including the number of outsourcing facility registrants, other inspection priorities, and the operational status of the newly registered outsourcing facility.

   Inspections identified in this table are associated with the facility at the listed address. A company may own or operate more than one registered outsourcing facility. FDA's web page Compounding: Inspections, Recalls, and other Actions (/drugs/human-drug-compounding/compounding-inspections-recalls-and-other-actions) may contain information about compounding facilities under the same ownership as the listed registered outsourcing facility.

   Inspections may take place over several days, weeks or longer. The date of the inspection is the date a Form FDA 483 listing the investigators' observations was issued. If no FDA Form 483 was issued, the date is the last day of the inspection.

3. A Form FDA 483 is issued when investigators observe any significant objectionable conditions. It does not constitute a final agency determination of whether any condition is in violation of the FD&C Act or any relevant regulations.

4. This table does not include State Board of Pharmacy actions, if any. To determine whether a registered outsourcing facility has been the subject of a state enforcement action, check with the State Board of Pharmacy for the state in which the facility is located. Some states post disciplinary or other actions on their web sites.
5. "Closed" means the inspection has been closed without further action. "Open" means FDA has not determined whether further action will be taken. If an action has been taken, it will be listed. Possible FDA actions include warning letter, seizure or injunction.
6. The information in this column was provided by the registered outsourcing facility at the time of registration and has not been verified by FDA. "N/A" indicates the registered outsourcing facility has not provided this information.
7. This outsourcing facility was the subject of at least one previous inspection relating to compounding that resulted in a Form FDA 483, warning letter or other action. For information about such inspections and resulting actions, visit Compounding: Inspections, Recalls, and other Actions (/drugs/human-drug-compounding/compounding-inspections-recalls-and-other-actions).
8. A remote regulatory assessment (RRA) is an examination of an FDA-regulated establishment and/or its records, conducted remotely, to evaluate compliance with applicable FDA requirements. These assessments assist in protecting human and animal health, inform regulatory decisions and verify certain information submitted to the agency.
9. Based on inspectional findings, the inspection revealed significant issues. As a result, the outsourcing facility may have either initiated a recall on their own following conversation(s) with the FDA investigator or FDA recommended a recall at the conclusion of the inspection or both. Additionally, the outsourcing facility may have conducted multiple recalls or recalled multiple drugs.

This document lists observations made by the FDA representative(s) during the inspection of your facility. They are inspectional observations, and do not represent a final Agency determination regarding your compliance. If you have an objection regarding an observation, or have implemented, or plan to implement, corrective action in response to an observation, you may discuss the objection or action with the FDA representative(s) during the inspection or submit this information to FDA at the address above. If you have any questions, please contact FDA at the phone number and address above.

DURING AN INSPECTION OF YOUR FIRM WE OBSERVED:

OBSERVATION 1

Drug products failing to meet established specifications are not rejected.

Specifically, your firm released and distributed drug product MICC (methionine 25mg, inositol 50mg, choline 50mg, cyanocobalamin 330 mcg) Lot#B66D07-23, BUD: 08 JUL 23 that failed finished product testing for low cyanocobalamin assay at 87.4%. On 03/24/2023 Lot#B66D07-23 was rejected and dispositioned to be destroyed by your quality unit but your firm already began distributing this lot 10 days prior on 03/14/2023. A total of 369 vials of lot#B66D07-23 were distributed from 03/14/2023 through 05/08/2023.

*****This is a repeated observation from the previous FDA Inspection dated 2/14-2/23/22.**

OBSERVATION 2

Your firm failed to establish written procedures for production and process controls designed to assure that the drug products have the identity, strength, purity, and quality that they are purported or represented to possess.

Specifically,

1. Your firm failed to conduct a Performance Qualification (PQ) where your firm establishes all filling parameters including but not limited to cap placement involving circular vibrator speed and the cap crimping station involving crimp time and adequate in-process sampling for all your drug products produced on the Flexicon Auto Filling Machines.

A. On 5/14/24, Flexicon Auto Filling Machine (AF2) faulted during the production of Vitamin D3 50,000 IU/mL lot #E13A03-24, BUD 09 NOV 24 due to issues with the crimping station. Deviation # D-2024-017 was opened and the investigation is on-going.

B. On 5/15/24, during the filling operation for Lysine lot #E16A05-24, BUD: 31 AUG 24 on the Flexicon Auto Filling Machine (AF3) the line was stopped numerous times for defective crimping. According to your firm you produced 452 vials in total prior to stopping production. Two hundred twenty-four (224) vials were discarded. Deviation # D-2024-022 was opened and the investigation is on-going.

C. On 5/15/24, I observed vials of Semaglutide 5mg/mL (3mL) lot # E06A02-24, CPD 06 May 24, BUD 03 SEP 24 that were visually inspected by your firm with fill weight discrepancies. Your firms in-process sampling (every 15-min.) for fill weight is inadequate as it fails to include measuring the volume with a calibrated instrument and instead you only conduct a visual check for the volume filled allowing for variability between operators.

2. Your firm failed to establish a procedure for the assembly/disassembly of the Flexicon Auto Filling Machines following cleaning operations. In addition, your firm's preventative maintenance conducted on an annual basis is inadequate as it fails to incorporate the inspection and potential replacement of the manual-seals, slide bearings and timing belts which are outlined in the Flexicon Auto Filling Machine manual.

OBSERVATION 3

Aseptic processing areas are deficient regarding the system for cleaning and disinfecting the room and equipment to produce aseptic conditions.

Specifically,

1. Your firm failed to validate your manual sterilization process which incorporates the use of SteraMist iHP (ionized Hydrogen Peroxide) utilizing biological indicators within the lyophilizer.

2. On 5/14/24 in preparation for lyophilizing a drug product the next day per SOP #P-806, Operation and Maintenance of the Lyophilizer, Section 8.6.5 your firm conducted a manual cleaning and sterilization of the interior chamber from 17:10pm until 17:30pm with Vest-Syde SQ128 RTU and SteraMist spraying the internal surfaces.

   On 5/15/24 at 11:31am (approximately 19 hours later with no established hold time) during visual inspection of the interior chamber of your lyophilizer I observed residual liquid on multiple product shelves. Your firm was unable to provide evidence on what the residual liquid was and that it does not introduce contamination to your lyophilization cycle.

3. Your firm failed to include the stopper chute (product contact surface) within your cleaning validation/sterilization of the Flexicon Auto filling machine therefore there is no documentation ensuring the residual detergent (Steris CIP 100 Alkaline, part number 1D1008) from your cleaning operation is adequately removed.

   *****This is a repeated observation from the previous FDA Inspection dated 2/14-2/23/22.**

4. On 5/15/24, during the production of Lysine, lot #E16A05-24, BUD: 31 AUG 24 within Cleanroom CR3 (ISO 7) we observed the wheel of a stainless-steel cart and the stainless-steel external base of your lyophilizer to contain an amber colored residue. Your firm opened Deviation # D-2024-019. In addition, within Cleanroom CR2 (ISO 7) where bulk sterilization occurs chipped/peeling caulking or paint was observed on the ceiling.

OBSERVATION 4

Aseptic processing areas are deficient regarding the system for monitoring environmental conditions.

Specifically, your firm failed to use a broth containing disinfectant neutralizers for your viable surface swab samples. Your firm conducts viable surface swab samples on the stopper bowl (product contact surface), filling needle (product contact surface) and tube transport port.

OBSERVATION 5

Procedures designed to prevent microbiological contamination of drug products purporting to be sterile did not include adequate validation of the aseptic process.

Specifically, your firm does not assure that worst-case processing conditions for line speed are met as outlined in "Verification Protocol for Process 1 by Aseptic Process Simulation". Per protocol, the 30mL size vial should be filled at the slowest speed of 14 vials per minute (vpm) and the 10mL size vial should be filled at the fastest speed of 21.8 vials per minute. Vials per minute is an output of all parameters set up on the auto filler. No vial per minute monitoring is performed during execution of aseptic processing simulations. In addition, on 5/14/2024, during observation of sterile filling for 30mL L-Lysine lot E16A05-24, the vials per minute was observed to be 13.3 vpm which is slower than the worst-case scenario outlined in the aseptic process simulation protocol.

OBSERVATION 6

Procedures describing the handling of all written and oral complaints regarding a drug product are not followed.

Specifically, your firm failed to investigate complaints received by your complaint intake team, including complaints related to apparent adverse drug events. Currently, your firm has identified 167 received complaints from 3/13/2024 - 5/22/2024, and is working backwards by date to retrospectively capture all missed complaints.

In addition, these complaints were restored from a "Deleted Items" folder within the complaint intake

team's email folders. Additionally, your firm did not document all complaints as required by complaint procedure "Complaint Handling, Drug Safety, and Surveillance". Complaints not investigated include but are not limited to:

a. Glutathione 200mg/mL lot B13E01-24, BUD 5/13/2024 – this complainant stated that they had an adverse reaction and thought they were going into cardiac arrest.

b. B12 Methylcobalamin 5mg/mL lot B12D05-24, BUD 5/12/2024 – this complainant stated a patient came into the clinic and received an injection of B12 and had to be rushed to the hospital.

c. Sodium Bicarbonate 8.4% lot H23A03-23, BUD 2/19/2024 – this complainant stated that the sodium bicarbonate precipitated out when it was mixed with Lidocaine. They stated they have performed this many times with no issues.

d. Tri-Immune unknown lot number and unknown BUD – this complainant stated that the vial was warm when it was received. This product requires storage from 2-8 degrees C. Your firm responded from an Olympia Pharmacist email stating that the product was okay to use.

e. Semaglutide unknown lot and unknown BUD – complainant stated they've had a multitude of patients and staff members expressing dissatisfaction in the effectiveness of the firm's semaglutide.

f. Tirzepatide Injectable unknown lot and unknown BUD – complainant stated that the product was not controlling blood glucose effectively.

OBSERVATION 7

Your outsourcing facility has not submitted a report to FDA identifying a product compounded during the previous six months as required by section 503B(b)(2)(A) of the Federal Food, Drug, and Cosmetic Act (FD&C Act).

Specifically, drug products were compounded and not identified on your reports dated June 2023 and December 2023, including, but not limited to:

- PGE1 (alprostadil) 40 mcg/mL injection
- PGE3 (alprostadil) 150 mcg/mL injection
- Sodium tetradecyl sulfate 0.1% injection

Re: Olympia Compounding Pharmacy d/b/a Olympia Pharmacy (FEI 3009724085)

Dear Investigators McAlister, Sprague, Lugo, and Williams:

Olympia Compounding Pharmacy d/b/a Olympia Pharmacy ("*Olympia*") writes in response to the FDA Form 483 issued on May 29, 2024.[1] Form 483, attached as **Exhibit A**. Olympia trusts that the significant resources it invested and the comprehensive initiatives it undertook over the past two years were evident to FDA during this recent inspection. Olympia is confident that the improvements made to its control and evaluation of raw materials, facility design and equipment, expansion of its quality assurance department, standardization of personnel training, and implementation of team-based cross-department controls provide the necessary oversight to ensure the production of quality drug products.

While Olympia has dedicated significant time, effort, and resources over the past two years to establish a foundation for consistently producing high-quality preparations, Olympia remains committed to continual improvement. Toward that end, Olympia is constantly assessing and improving its operations to ensure it remains abreast of industry best practices and operates in accordance with current Good Manufacturing Practices ("*cGMP*"). Given Olympia's commitment to continuous quality improvement, Olympia appreciates the constructive discussion with FDA during its recent inspection. Olympia welcomes the opportunity to finetune, where necessary, the already extensive quality systems and compounding processes that Olympia has in place, as set forth below.

[1] Please note that FDA may not post the contents of this letter or the corresponding attachments to FDA's website without Olympia's express permission.

OBSERVATION 1
Drug products failing to meet established specifications are not rejected.

Specifically, your firm released and distributed drug product MICC (methionine 25 mg, inositol 50 mg, choline 50 mg, cyanocobalamin 330 mcg) Lot # B66D07-23, BUD: 08 JUL 23 that failed finished product testing for low cyanocobalamin assay at 87.4%. On 3/24/2023, Lot # B66D07-23 was rejected and dispositioned to be destroyed by your quality unit but your firm distributed this lot days prior on 3/14/2023. A total of 369 vials of lot # B66D07-23 were distributed from 03/14/2023 through 05/08/2023.

Response to Observation 1:

Olympia understands the importance of ensuring all released drug products are within the acceptable potency range. Toward that end, as FDA is aware, Olympia previously overhauled its batch review and finished product release procedures by increasing quality oversight and implementing team-based controls. As a result of these controls, contrary to the suggestion made in Observation 1, Olympia *did not* release any vials from Lot # B66D07-23 (the *"Lot"*). Rather, Olympia's extensive investigation determined that Lot # B66D07-23 was listed on the distribution report in error. Olympia has rectified the root cause of this error, as explained below.

(a) Olympia Promptly Identified the OOS, Investigated the Root Cause, and Destroyed the Lot

By way of background, Olympia compounded the Lot on February 7, 2023. There were 3,849 total vials in the Lot. Olympia sent 62 vials for end-product release testing. While third-party release testing was pending, the Lot was placed in a locked quarantine cage. P-214.8-SOP-011 Batch Release for Sterile Drug Products, attached as **Exhibit B**. Access to the quarantine cage was limited to a Quality Assurance (*"QA"*) Manager. On February 24, 2023, the third-party lab, ARL, released the certificates of analysis (*"COA"*). The QA Manager, with the key to the locked quarantine cage, reviewed the COAs. Because the ARL testing determined that the Lot was potentially OOS, the QA Manager immediately placed a sign in the locked quarantine cage indicating "do not use—under investigation."

Olympia promptly initiated a deviation investigation to determine whether the OOS was valid and to evaluate the root cause for the OOS if the ARL results were valid. Deviation D-2023-007, attached as **Exhibit C**. During the investigation, the QA Manager updated the quarantine cage sign to "Investigation D-2023-007" and the Lot remained in the locked quarantine cage to prevent distribution. Olympia's investigation was comprehensive and included interviewing personnel, analyzing component COAs to ensure all Active Pharmaceutical Ingredients (*"API"*) were within specifications, assessing API storage conditions, and reviewing prior compounded MICC lots to assess for trends. Ex. C, p. 3. The investigation confirmed that there was no lab error, and that the OOS lab result was valid. Ex. C, pp. 3-4. Ultimately, Olympia determined the root cause was an error in component mixing. Namely, a small quantity of Cyanocobalamin API spilled resulting in an insufficient quantity of Cyanocobalamin added thereby causing the sub-potent batch. Ex. C, p. 4. No other errors were found, and Olympia conducted technician training to address the identified root cause of the OOS. *Id.*

As the investigation determined that the OOS result was valid, QA dispositioned the Lot for destruction but retained six vials for sampling. Olympia's destruction log affirms that the *entire* Lot was destroyed on March 31, 2023. F-500.a-B66A07-23 Destruction Log, attached as **Exhibit D**. As demonstrated by the destruction log, 3,781 vials were destroyed—the complete number of vials that remained in the Lot after accounting for the 62 vials sent for testing and 6 vials retained for sampling.

$$3849\ vials\ produced - 62\ vials\ sent\ for\ testing\ - 3781\ vials\ destroyed - 6\ vials\ retained = 0\ vials\ remaining.$$

The Lot's destruction is further supported by the batch record. Specifically, the Lot's batch record demonstrates that the Lot *was never* labeled. MICC Batch Record Labeling Section, attached as **Exhibit E**. Only six labels were generated for this Lot—all were to label the six retained vials: two labels for B66B07-23, two labels for B66C07, and two labels for B66D07-23. MICC Sample Retention Log, attached as **Exhibit F**. Further, confirming that this Lot was not distributed.

Based on the above, Olympia is confident that all vials from the Lot were appropriately destroyed, that Olympia's production processes for MICC are appropriate, and that Olympia's comprehensive batch release controls work effectively. Nevertheless, in accordance with FDA's recommendations, Olympia modified its quarantine cage procedures and revised its SOP to reflect these changes. Ex. B. In addition to the washable quarantine placards identifying the status of lots, Olympia has also implemented a color-coded system. For example, QA will tag lots that are under investigation or OOS with a bright orange sign and QA will tag lots that it has authorized for release with a white sign. Ex. B, Section 7.3. A sample of the QA Quarantine Sign is attached as **Exhibit G**. Further, Olympia personnel were trained on this revised procedure. SOP 214.8 Training Logs, attached as **Exhibit H.**

While Olympia is confident that the Lot was not distributed, Olympia's investigation did identify an error on its distribution report that has been fully rectified as described below.

(b) There Was a Discrepancy on Olympia's Distribution Report and Olympia Implemented Remediations to Prevent Recurrence

While Olympia is confident that no vials from the Lot were released, Olympia's deviation investigation revealed an error on Olympia's distribution report. D-2024-020, attached as **Exhibit I**. Below Olympia provides context for how the error occurred and information demonstrating that the discrepancy cannot reoccur.

By way of background, Olympia's production team and dispensing team coordinate consistently to ensure that the dispensing team is aware of products being compounded to allow for appropriate order management. In this case, the production team notified the dispensing team that the Lot had been compounded. At that time, 10 mL MICC vials were running low in inventory. Therefore, a dispensing team pharmacist proactively created Lot # B66D07-23 in Olympia's software system, intending to use this Lot to fill pending orders after the Lot passed release testing. Once the Lot number was created in the dispensing system, the Lot number became active and selectable. Ex. I. Olympia's distribution report

is a function of this software system. Meaning that, the Lot number selected in Olympia's system is the Lot number listed in the distribution report.

Because the Lot was ultimately destroyed and not released (Ex. D), Olympia's inventory of 10 mL MICC vials was insufficient to fill pending orders. Therefore, as Olympia has done in the past, Olympia's dispensing pharmacist determined that customers with pending orders for 10 mL MICC vials would receive 30 mL MICC vials from existing inventory. In this case, as determined by Olympia's deviation investigation, 30 mL MICC vials from Lot # A24C09-23 were used to fill orders for 10 mL MICC vials. Ex. I.

The data confirms that Lot # A24C09-23 was the lot that was distributed. Specifically, Lot # A24C09-23 included 1,293 30 mL vials and 460 10 mL vials. Olympia's distribution log demonstrates that all 460 10 mL vials were distributed. However, the distribution log indicates that only 884 vials of the 30 mL vials were distributed, leaving 409 unaccounted vials. Olympia's investigation determined that 40 vials were destroyed when a dispensing basket was dropped. The remaining 369 vials are the vials that were inaccurately identified on the distribution report as being from Lot # B66D07-23. Because Lot #B66D07-23 was proactively created in the system, this Lot was available for selection and subsequently erroneously selected by the dispensing pharmacists when filling orders even though that Lot had been destroyed. Ex. I.

To prevent this error from reoccurring, Olympia implemented several new controls. First, dispensing pharmacists will no longer be allowed to create lot numbers in the system. Rather, QA will have sole control over the creation of lot numbers in the system. P-603.4-SOP-041 Verification of Prescriptions and Products for Dispensing, Section 7.6.5.2, attached as **Exhibit J**; *see also* Ex. B, Section 7.3.2. QA will only create lot numbers after the lot has been approved for release. By doing so, lots that are ultimately rejected and destroyed will not exist in the dispensing software and therefore, said lots cannot inadvertently be selected in the system. Further, Olympia trained its dispensing team on this revised process and retrained its dispensing team on verifying that the lot number on the label matches the lot number listed in the dispensing software. P-603-Training Logs, attached as **Exhibit K**. Finally, Olympia conducted an inventory reconciliation of 30 batches compounded in 2024. Olympia assessed quantities produced and amounts dispensed as reflected in Olympia's distribution report against current inventory, and confirmed that all numbers match. Moving forward, Olympia will include an inventory reconciliation in its monthly Management Review Team meetings to ensure Olympia's distribution log aligns with its inventory.

In conclusion, Olympia is confident that its distribution log is accurate but, as a result of this occurrence, Olympia recognized areas for improvement and implemented additional controls to prevent recurrence.

OBSERVATION 2

Your firm failed to establish written procedures for production and process controls designed to assure that the drug products have the identity, strength, purity, and quality that they are purported or represented to possess.

Specifically,

1. Your firm failed to conduct a Performance Qualification (PQ) where your firm establishes all filling parameters including but not limited to cap placement involving circular vibrator speed and the cap crimping station involving crimp time and adequate in-process sampling for all your drug products produced on the Flexicon Auto Filling Machines.

A. On 5/14/24, Flexicon Auto Filling Machine (AF2) faulted during the production of Vitamin D3 50,000 IU/mL lot #E13A03-24, BUD 09 NOV 24 due to issues with the crimping station. Deviation # D-2024-017 was opened and the investigation is on-going.

B. On 5/15/24, during the filling operation for Lysine lot #E16A05-24, BUD: 31 AUG 24 on the Flexicon Auto Filling Machine (AF3) the line was stopped numerous times for defective crimping. According to your firm you produced 452 vials in total prior to stopping production. Two hundred twenty-four (224) vials were discarded. Deviation # D-2024-022 was opened and the investigation is on-going.

C. On 5/15/24, I observed vials of Semaglutide 5mg/mL (3mL) lot # E06A02-24, CPD 06 May 24, BUD 03 SEP 24 that were visually inspected by your firm with fill weight discrepancies. Your firms in-process sampling (every 15-min.) for fill weight is inadequate as it fails to include measuring the volume with a calibrated instrument and instead you only conduct a visual check for the volume filled allowing for variability between operators.

2. Your firm failed to establish a procedure for the assembly/disassembly of the Flexicon Auto Filling Machines following cleaning operations. In addition, your firm's preventative maintenance conducted on an annual basis is inadequate as it fails to incorporate the inspection and potential replacement of the manual-seals, slide bearings and timing belts which are outlined in the Flexicon Auto Filling Machine manual.

Response to Observation 2:

Olympia is confident that the production and quality processes and controls that it has in place provide for the production of drug products with uniform identity, strength, purity, and quality.

2.1. As a threshold matter, in response to FDA's comments, Olympia conducted a comprehensive assessment of the last 100 batches produced using the Flexicon Auto Filling Machines. Batch Review Data, attached as **Exhibit L.** Olympia analyzed the batch record data for key indicators that would demonstrate an issue with the auto fillers' performance. Specifically, Olympia assessed for production yield discrepancies, truncated or extended filling times, and any operator notes indicating filling errors. The assessment confirmed that the prior filling sessions were uniform in run time and met assigned thresholds. Further, Olympia's batch yield is consistently in the 90th percentile, demonstrating uniformity and consistency in the production of Olympia's batches. As such, FDA's observations are not indicative of the auto fillers' prior performance. Regardless, Olympia understands the importance in conducting

Performance Qualifications (*"PQ"*) and has begun executing PQs for the filling lines and the lyophilizer. FPC50 PQ (VP-OCP-FLEX-PQ-01), attached as **Exhibit M**; FP50 PQ (VP-OCP-AF1-PQ-01), attached as **Exhibit N**.

2.1(a) & (b). Olympia reiterates that the past batch data demonstrates that the crimping station errors were a new occurrence. Regardless, Olympia conducted two deviation investigations to assess for root cause. D-2024-017, attached as **Exhibit O**; D-2024-022, attached as **Exhibit P**. Olympia's investigations were thorough and included flying Flexicon engineers from Denmark to Olympia's outsourcing facility in Florida, so that the Flexicon engineers could perform in-person evaluations of *all* Olympia's auto fillers—not just the two auto fillers at issue in this observation.

Ultimately, the Flexicon engineers, alongside Olympia's engineering staff, determined that the error was caused by the misalignment of the guide track resulting in vials being improperly positioned under the cap crimping station. The guide track's misalignment was caused by a loosening of the guide track screws due to continued use. The Flexicon engineers explained that the machine's vibrations can cause this occurrence over time and that this occurrence is not described in the Flexicon manual.

To address this root cause, Olympia implemented a more robust preventative maintenance plan for the Flexicon Auto Fillers. P-809.3-SOP-056 Operation of the Flexicon Auto Filler, attached as **Exhibit Q**; F-809.d.3 Maintenance Log Flexicon Auto Filler, attached as **Exhibit R**. The revised preventative maintenance plan is based on the Flexicon manual and the Flexicon engineers' recommendations. Now, in addition to the annual maintenance previously performed, Olympia will perform quarterly maintenance checks of the auto filler which will include a review of the guide track, screw connections, timing belt, and rotation bearings. Olympia trusts that these new measures will ensure the auto fillers remain in good working condition.

2.1(c). Olympia acknowledges FDA's comments relative to fill weight and has therefore implemented a process to accompany its in-process visual volume checks. Moving forward, Olympia will rely upon calibrated scales to assess the weight of filled vials to provide better consistency in fill volumes. Olympia has further created an appendix setting forth the acceptable fill volume ranges for each product. A-809.a- Fill Check Acceptance Ranges, attached as **Exhibit S**. Olympia's staff were trained on this new procedure including equipment calibration. A-809.a.1-Training Logs, attached as **Exhibit T**.

2.2. While Olympia is confident that its prior SOP and Flexicon Setup Form provided for consistent use, Olympia acknowledges that these materials could include more granularity. Toward that end, Olympia has rewritten its SOP and its Flexicon Setup Form. Ex. Q; F-809.a.4-Flexicon Setup, attached as **Exhibit U**. Olympia's revised SOP and the accompanying materials were rewritten with input from the Flexicon manual and the Flexicon engineers. As a result of Olympia's efforts, the revised SOP now includes a more thorough discussion of the auto filler set

up including a step-by-step discussion regarding how to attach the beam arm to the beam controller, install and adjust the capper bowl, and determine crimper height. Ex. Q, Sections 8.6, 8.7, 8.8, and 8.10. The SOP further discusses disassembly and cleaning, and preventative maintenance. Ex. Q, Sections 10 and 11. As discussed above in response to Observation 2.1(a) and (b), Olympia comprehensively rewrote the preventative maintenance plan. Not only does Olympia's preventative maintenance plan now fully align with the Flexicon manual but the plan goes above and beyond these processes as a result of the additional insights provided by the Flexicon engineers. Finally, Olympia created a competency assessment for the Flexicons to ensure technicians thoroughly understand how to set-up, clean, and run the auto fillers. F-809.g.1 Competency Assessment Flexicon Gen 3_4, attached as **Exhibit V.** Olympia's staff underwent training on the revised SOP. P-809.3-Training Logs, attached as **Exhibit W.**

OBSERVATION 3

Aseptic processing areas are deficient regarding the system for cleaning and disinfecting the room and equipment to produce aseptic conditions.

Specifically,

1. Your firm failed to validate your manual sterilization process which incorporates the use of SteraMist iHP (ionized Hydrogen Peroxide) utilizing biological indicators within the lyophilizer.

2. On 5/14/24 in preparation for lyophilizing a drug product the next day per SOP #P-806, Operation and Maintenance of the Lyophilizer, Section 8.6.5 your firm conducted a manual cleaning and sterilization of the interior chamber from 17:10 pm until 17:30 pm with Vest-Syde SQ128 RTU and SteraMist spraying the internal surfaces.

On 5/15/24 at 11:31 am (approximately 19 hours later with no established hold time) during visual inspection of the interior chamber of your lyophilizer I observed residual liquid on multiple product shelves. Your firm was unable to provide evidence on what the residual liquid was and that it does not introduce contamination to your lyophilization cycle.

3. Your firm failed to include the stopper chute (product contact surface) within your cleaning validation/sterilization of the Flexicon Auto filling machine therefore there is no documentation ensuring the residual detergent (Steris CIP 100 Alkaline, part number 1D1008) from your cleaning operation is adequately removed.

4. *On 5/15/24, during the production of Lysine, lot #E16A05-24, BUD: 31 AUG 24 within Cleanroom CR3 (ISO 7) we observed the wheel of a stainless-steel cart and the stainless-steel external base of your lyophilizer to contain an amber colored residue. Your firm opened Deviation # D-2024-019. In addition, within Cleanroom CR2 (ISO 7), where bulk sterilization occurs chipped/peeling caulking or paint was observed on the ceiling.*

Response to Observation 3:

Olympia is confident in the systems and processes it has in place relative to the cleaning and disinfecting of its room and equipment. Nevertheless, Olympia has implemented the additional measures described below to fmetune its processes.

3.1. With regard to Observation 3.1., Olympia conducted a two-step validation of its cleaning practices for the lyophilizer. First, Olympia simulated three runs of the lyophilizer to mimic normal use. After each use, Olympia conducted its normal cleaning procedures using the established hold times. Following each clean, Olympia obtained surface samples from the lyophilizer. Olympia then incubated all samples for 7 days. No growth occurred, confirming that Olympia's cleaning practices are appropriate. Cleaning Validation Protocol for Lyophilizer LYO-003, attached as **Exhibit X**. Further, Olympia placed inoculated spore strips in the lyophilizer and then TOMI conducted a sterilization using the SteraMist iHP (ionized Hydrogen Peroxide). Sterilization Validation Protocol for Lyophilizer LYO-003, attached as **Exhibit Y**. The Certificates of Analysis demonstrate that the SteraMist sufficiently removed the microbials present on the inoculated strips, confirming that Olympia's sterilization procedure is appropriate. Lyo Sterilization Validation COAs, attached as **Exhibit Z**. Olympia will supplement the full validation report upon completion.

3.2. Olympia is confident that the residual liquid observed on the lyophilizer product shelves did not—and would not—have introduced contamination into the lyophilizer. Olympia's procedures for using the lyophilizer confirm this fact. P-806.9 Operation and Maintenance of the Lyophilizer, attached as **Exhibit AA**. As set forth in Olympia's SOP, before the lyophilizer is used, the technician must conduct a fulsome assessment of the exterior and interior of the machine. Ex. AA, Section 8.6. Notably, this inspection includes an assessment for any spills, residual compounding components, or residual liquid. *Id.* Further, only certain technicians at Olympia are authorized to use the lyophilizer. These technicians are thoroughly trained on the manner in which to set up the lyophilizer, how to clean the lyophilizer, and how to inspect the lyophilizer before and after use. 2024 Lyophilizer Training Logs, attached as **Exhibit BB**. Based on Olympia's SOP and extensive technician training, Olympia is confident that this residual liquid would have been identified, and the liquid would have been cleaned using Olympia's validated lyophilizer cleaning procedures. Therefore, there has never been a risk of contamination to Olympia's drug products.

With regard to the etiology of the residual liquid, Olympia comprehensively assessed the entirety of the lyophilizer while FDA was onsite and confirmed that the residual liquid was not the result of any lyophilizer defect. The lyophilizer was operating appropriately. All parts were assessed and found to be in good working order. Notably, the interior chamber where the liquid was observed is not connected to any pump or line that could introduce liquid into the chamber. As such, Olympia is confident that the source of the residual liquid was the sterilization performed the prior day.

Namely, as FDA is aware, Olympia conducted a cleaning of the lyophilizer on the evening of May 14, 2024. When doing so, Olympia wets a sterile low-lint wipe with sterile Vesta-Syde SQ 128 RTU and wipes the internal surfaces. Olympia follows this process by spraying the interior of the machine with SteraMist and then the door to the lyophilizer is closed resulting in an air-tight, closed-system environment. The SteraMist is not wiped but rather evaporates over time. Importantly, the SteraMist should only be sprayed on each product shelf for 2 seconds to avoid saturation. Ex. AA, Section 8.6.5.9. If saturation occurs, given the air-tight environment, the SteraMist does not evaporate. In this case, based on Olympia's review of the evidence, Olympia is confident that the technician over-sprayed the SteraMist resulting in cleaning product saturation. Because the cleaning product became saturated, the cleaning product was unable to evaporate in the airtight environment resulting in the residual liquid observed by FDA.

Olympia developed an investigation protocol to confirm the source of the residual liquid was the SteraMist. Residual Liquid Protocol, attached as **Exhibit CC**. Specifically, Olympia will conduct a simulation using the SteraMist consistent with Olympia's procedure and another simulation in which the product is over-sprayed resulting in saturation. Olympia will assess the lyophilizer under controlled conditions to determine whether residual liquid remains when SteraMist becomes saturated inside the chamber. Olympia is confident that this process will confirm that the residual liquid resulted from the technician's technique. Toward that end, to prevent recurrence of this issue, Olympia conducted technician retraining to ensure technicians only apply SteraMist for 2 seconds. Ex. BB. Olympia reiterates, however, that its technicians would have identified the residual liquid prior to using the lyophilizer and performed the necessary cleaning. Therefore, Olympia is confident that the processes that it has in place ensure that the lyophilizer operates under aseptic conditions.

3.3. Olympia understands the importance of validating its cleaning procedures to ensure the adequate removal of residual detergents. As FDA is aware, Olympia completed a cleaning validation for the auto filler in May 2023. While Olympia acknowledges that its cleaning validation inadvertently did not include the stopper chute, Olympia is confident that the cleaning validation data demonstrates no product impact occurred.

Specifically, when Olympia conducted the cleaning validation, Olympia tested the stopper bowl and the filling needle. The stopper chute is the intermediary between these two parts, meaning stoppers are placed in the bowl and travel through the chute to reach the vial after the filling needle. Importantly, the same cleaning and disinfecting procedures are used to clean the stopper bowl and the stopper chute, with the filling needle remaining single-use. As such, the cleaning validation data from the stopper bowl supports the fact that Olympia's cleaning procedures adequately remove residual detergent. Regardless, Olympia has executed a new cleaning validation that includes the stopper chute as a test point. PRO-617-001.2 Autofiller Cleaning Validation Protocol JUN24, attached as **Exhibit DD**.

3.4. Olympia takes cleaning and disinfecting of the cleanroom very seriously. We wish to note that contrary to the suggestion made in Observation 3.4, Olympia *did not* compound Lysine lot #E16A05-24 for release. Rather, at FDA's behest, Olympia agreed to conduct a compounding

simulation to demonstrate aseptic technique. Prior to performing the simulation, Olympia informed FDA that any lot compounded would have to be destroyed due to there being unqualified personnel (the FDA inspectors) in the cleanroom.

With regard to FDA's observation related to the cartwheel and the lyophilizer, as Olympia explained prior to entering the cleanroom, Cleanroom CR3 was set up earlier that day for an aseptic process simulation (*"APS"*) or media fill. When FDA requested a simulation, Olympia offered the scheduled media fill, but FDA requested that Olympia simulate production of a drug product. Therefore, out of deference to FDA, Olympia's technicians removed the media fill vials that had been set up in the cleanroom. However, in the process of disposing of the vials in a red bin positioned near the lyophilizer, one of the technicians dropped a vial. While the technician conducted a spot clean of the area, she did not conduct a comprehensive clean nor was a comprehensive clean performed on the cleanroom prior to FDA entering because Lysine was *only* being compounded for simulation.

Regardless, following receipt of FDA's observation, Olympia conducted a thorough investigation. The investigation confirmed that the amber colored liquid was caused by the vial that the technician had dropped earlier that day. D-2024-019, attached as **Exhibit EE** Specifically, the soybean casein digest growth medium used for the media fill is an amber colored liquid—the same color as the substance FDA observed on the cartwheel and the base of the lyophilizer. Olympia stresses that under normal production processes, the cleanroom would have undergone either a post-simulation clean following the completed media fill or a comprehensive daily clean before the cleanroom was authorized to be used for actual production. P-304.16-Cleaning of the Compounding Facility, attached as **Exhibit FF**, Section 9.1. Olympia is confident the amber liquid would have been identified on the cart leg and the base of the lyophilizer because those areas are assessed and disinfected during each of those cleaning procedures. Ex. FF, Section 9.1.

Finally, with regard to FDA's observation related to Cleanroom CR2 (ISO 7), Olympia's investigation determined that the "chipped caulk" was aesthetic, was surface-level, and did not impact the aseptic environment. Ex. EE. Regardless, Olympia recaulked the entire area. Caulk Repair Photograph, attached as **Exhibit GG**. Olympia assures FDA that it is committed to assessing its facility to ensure appropriate operating conditions. Toward that end, Olympia had in place a cleanroom inspection procedure requiring production staff to assess all aspects of the cleanroom for discoloration, chipping or peeling paint, as well as the general integrity of the materials in the cleanroom. F-304.f Facility Inspection Form, attached as **Exhibit HH**. However, moving forward, this assessment will be performed by QA. Olympia believes that involving QA in the process will introduce a fresh set of eyes in the area and ensure that areas requiring improvement are timely identified and corrected. *See* Ex. EE, CAPA Summary, p.7.

OBSERVATION 4
Aseptic processing areas are deficient regarding the system for monitoring environmental conditions.

Specifically, your firm failed to use a broth containing disinfectant neutralizers for your viable surface swab samples. Your firm conducts viable surface swab samples on the stopper bowl (product contact surface), filling needle (product contact surface) and tube transport port.

Response to Observation 4:

Olympia respectfully disagrees that its processes for monitoring environmental conditions were deficient. Over the course of the past few years, Olympia's QA personnel have, in conjunction with a consulting microbiologist, developed a comprehensive system to assess environmental and personnel monitoring conditions, and Olympia is confident in the processes that it has in place. Olympia understands that disinfectant neutralizers should be used for viable surface swab samples to provide for an accurate assessment of the presence of potential microbials. Olympia's prior practice aligned with this requirement.

Previously, Olympia used BBL CultureSwabs. While the BBL CultureSwab's Broth did not themselves contain disinfectant neutralizer, the swabs were always transferred to contact plates that utilized neutralizers. In other words, disinfectant neutralizers were always introduced into the sampling process; however, Olympia did so through an additional step in the sampling process. Olympia's prior sampling method was validated. The data demonstrates that, if microbials were present, recovery was shown in the sampling results. CultureSwab Trend Report-2023-2024, attached as **Exhibit II**; EM Swab Statement GB 24 JUN 2024, attached as **Exhibit JJ**. Therefore, Olympia's prior sampling method was appropriate.

Nevertheless, in light of the productive conversation with FDA, Olympia has streamlined its practices. Namely, Olympia implemented a change control and moving forward, Olympia will use Millipore ICR-Swabs. CRM-2024-019, attached as **Exhibit KK**. The Millipore ICR-Swabs utilize Tryptic Soy Broth with disinfectant neutralizers to ensure that Olympia's viable surface samples accurately detect the presence or absence of microbials. Through this change control, Olympia has eliminated an additional step in its sampling process and aligned its process with FDA's preference. Olympia staff have been trained on the use of these new swabs. EM Swab Training Logs, attached as **Exhibit LL.**

In sum, while Olympia is confident that its prior method appropriately recorded the presence or absence of microbials, Olympia appreciates the feedback from FDA resulting in the streamlining of Olympia's processes.

OBSERVATION 5
Procedures designed to prevent microbiological contamination of drug products purporting to be sterile did not include adequate validation of the aseptic process.

Specifically, your firm does not assure that worst-case processing conditions for line speed are met as outlined in "Verification Protocol for Process 1 by Aseptic Process Simulation". Per protocol, the 30mL size vial should be filled at the slowest speed of 14 vials per minute (vpm) and the 10mL size vial should be filled at the fastest speed of 21.8 vials per minute. Vials per minute is an output of all parameters set up on the auto filler. No vial per minute monitoring is performed during execution of aseptic processing simulations. In addition, on 5/14/2024, during observation of sterile filling for 30mL L-Lysine lot E16A05-24, the vials per minute was observed to be 13.3 vpm which is slower than the worst-case scenario outlined in the aseptic process simulation protocol.

Response to Observation 5:

Olympia respectfully disagrees that vials per minute monitoring provides an accurate determination of actual vial output. Specifically, the total run time divided by the total vials filled does not equal vials filled per minute because vials are not being filled the entire time that the machine is running. Rather, Olympia believes that the pump and line speed are better indicators of worst-case processing conditions.

Toward that end, Olympia conducted a comprehensive assessment of historical data to determine the average fill and beam speed for the 10 mL size vial for the Gen 3 Auto Filler and the Gen 4 Auto Filler. Similarly, Olympia conducted the same assessment to determine the average fill and beam speed for the 30 mL size vial for the Gen 3 Auto Filler and the Gen 4 Auto Filler. In turn, Olympia updated its Aseptic Process Simulation Policy and its Verification Protocol for Process 1 APS to align with the historical data demonstrating worst-case processing conditions. P-700.4-SOP-048 Aseptic Process Simulation Policy, attached as **Exhibit MM**; VP-APS-P1.14-Verification Protocol for Process 1 by Aseptic Process Simulation, attached as **Exhibit NN.**

Olympia is confident that the fill and beam speed provide a better assessment of worst-case processing conditions. Regardless, as Olympia is performing its PQ for the auto filler, Olympia will revisit this analysis following the PQ's completion. Further, Olympia will use the Human Machine Interface (*"HMI"*) printouts from the auto filler to verify line speed and pump speed, and this data will be incorporated into every APS batch to confirm that Olympia's APS aligns with worst-case operating conditions.

OBSERVATION 6
Procedures describing the handling of all written and oral complaints regarding a drug product are not followed.

Specifically, your firm failed to investigate complaints received by your complaint intake team, including complaints related to apparent adverse drug events. Currently, your firm has identified 167

received complaints from 3/13/2024 - 5/22/2024, and is working backwards by date to retrospectively capture all missed complaints.

In addition, these complaints were restored from a "Deleted Items" folder within the complaint intake team's email folders. Additionally, your firm did not document all complaints as required by complaint Procedure "Complaint Handling, Drug Safety, and Surveillance". Complaints not investigated include but are not limited to:

a. Glutathione 200mg/mL lot B13E01-24, BUD 5/13/2024 – this complainant stated that they had an adverse reaction and thought they were going into cardiac arrest.

b. B12 Methylcobalamin 5mg/mL lot B12D05-24, BUD 5/12/2024 – this complainant stated a patient came into the clinic and received an injection of B12 and had to be rushed to the hospital.

c. Sodium Bicarbonate 8.4% lot H23A03-23, BUD 2/19/2024 – this complainant stated that the sodium bicarbonate precipitated out when it was mixed with Lidocaine. They stated they have performed this many times with no issues.

d. Tri-Immune unknown lot number and unknown BUD – this complainant stated that the vial was warm when it was received. This product requires storage from 2-8 degrees C. Your firm responded from an Olympia Pharmacist email stating that the product was okay to use.

e. Semaglutide unknown lot and unknown BUD – complainant stated they've had a multitude of patients and staff members expressing dissatisfaction in the effectiveness of the firm's semaglutide.

f. Tirzepatide Injectable unknown lot and unknown BUD -- complainant stated that the product was not controlling blood glucose effectively.

Response to Observation 6.

Olympia acknowledges the need to involve QA in all aspects of the investigation and evaluation of complaints to allow for a proper trend analysis. Toward that end, on May 13, 2024, prior to FDA's arrival onsite, Olympia transitioned a QA representative, Maritza Reyes, to a new role: QA complaints. Olympia did so because it identified the need to include QA at the complaint intake stage to ensure that complaints are assessed in accordance with Olympia's SOP. Complaint Flow Chart, attached as **Exhibit OO**. As a result of this reconfiguration, QA will be involved in complaint intake and will follow complaints through all the stages set forth in the Complaint Flow Chart. Therefore, QA will be aware of all complaints coming in, will be aware of the conduct at issue in all complaints, will be aware of the resolution of all complaints, and will be able to assess for potential adverse trends or adverse events. Olympia trusts that its reconfiguration of the complaint intake process addresses FDA's concerns and ensures that moving forward QA is thoroughly involved in the investigation of all complaints.

With the above in mind, Olympia also initiated two deviation investigations to address Observation 6. D-2024-023 assessed the root cause for the complaint handling oversight and performed a fulsome retrospective assessment of all complaints received in 2022, 2023, and 2024. D-2024-023, attached as **Exhibit PP**. By way of background, customer inquiries and complaints are submitted via email to customerservice@olympiapharmacy.com, a Microsoft Outlook account. Prior to May 13, 2024, Olympia's customer services team performed the initial step in the intake process. The customer service team reviewed the customer correspondence, identified the complaints, and then routed the complaints to the QA and the pharmacist team. However, the deviation investigation determined, that in certain circumstances, the customer service team only forwarded the complaints to the pharmacist team. In these instances, the customer service team believed that the pharmacist team was notifying QA. Please note, however, that the pharmacist team did properly investigate these complaints. The pharmacist team communicated with the patient or clinic, evaluated the root cause of the patients' or clinics' complaint, and resolved the complaints through the exercise of their professional judgment. While these complaints were investigated, evaluated, and resolved in accordance with the pharmacist teams' professional judgment, Olympia recognizes that a breakdown in communication occurred that caused QA to be excluded from certain complaint investigations. Thus, by incorporating QA directly into the intake process, as Olympia did prior to FDA's arrival, this oversight cannot reoccur.

Further, Olympia's investigation also assessed FDA's observations related to the "Deleted Items" folder. Specifically, as discussed above, customer inquiries and complaints are submitted via email to customerservice@olympiapharmacy.com. This email account is shared by the entire customer service team, has only 50GB of storage space, and receives a high volume of emails—meaning, that the shared account can quickly run out of memory if the inbox is not appropriately managed. Toward that end, the customer service team set up a number of "rules" to automatically transfer emails from the inbox to folders including the "Archive folder" and the "Deleted folder." To address this storage space issue, Olympia purchased a software system, HubSpot Customer Service, that will be used for complaint intake moving forward. HubSpot Purchase Order, attached as **Exhibit QQ**. HubSpot provides greater storage capacity and allows for more streamlined management of customer complaints. Notably, HubSpot includes an audit trail feature to track and trace all customer complaints, so that complaints cannot be deleted. Further, HubSpot has system controls to ensure all customer complaints are addressed. Specifically, if a customer inquiry is not responded to or opened within a certain amount of time, HubSpot automatically moves the complaint to the top of the queue, ensuring that all complaints are reviewed and investigated. Olympia anticipates HubSpot will be fully implemented within the next 45 days, as the system is currently undergoing testing.

In addition, Olympia has created a process to conduct cross-department complaint reviews on a monthly basis. P-231.1 Management Review, attached as **Exhibit RR**. Specifically, QA will meet with the pharmacist-in-charge, the production manager, and the customer service manager to review a summary of the monthly complaints received. The review will include a discussion regarding the types of complaints received that month and a discussion of the processes, controls, or trainings that could be implemented or performed to address any trends. Via this process, Olympia will ensure greater transparency across departments regarding complaint trends and will allow for greater collaboration regarding the implementation of corrective actions, when indicated.

Finally, D-2023-023 also included a fulsome evaluation by QA of all complaints received in 2022, 2023, and 2024. QA assessed all the complaints received during this time frame and categorized the complaints by type *i.e.*, a service-related or product-related complaint. Of the complaints that QA identified as product-related complaints that were within expiry, QA performed a comprehensive evaluation of each complaint to assess for adverse trends or adverse events. A thorough discussion of QA's evaluation of each of these complaints is set forth in D-2024-023. Ex. PP.

In addition, D-2024-021 addressed the complaints set forth in Observation 6 subparagraphs (a) through (f), as discussed below:

a. Glutathione 200mg/mL lot B13E01-24, BUD 5/13/2024. Olympia comprehensively assessed the batch record data associated with this complaint and also interacted with the patient to obtain more information. D-2024-021, attached as **Exhibit SS.** Lot B13E01-24 passed all end-product release testing and was within the acceptable potency range. Olympia received no other complaints related to this lot. As to Olympia's interactions with the patient, the patient indicated that he was seen by a practitioner at a clinic in Florida, where he was dispensed a vial of Olympia's Glutathione 200 mg/mL. The patient then returned to California and administered the medication consistent with his prior practices. However, the patient did not realize that Olympia's Glutathione is more potent than other products he has used in the past which were Glutathione 50 mg/mL. Therefore, when the patient administered his normal dose, he administered more Glutathione at once than was recommended by his practitioner. During Olympia's discussions with the patient, the patient indicated that he realized his error after the fact and further, that his symptoms resolved without medical intervention. Based on QA's investigation, Olympia determined that this was not a product-related complaint or an adverse event. Rather, the complaint arose from a dosing error.

b. B12 Methylcobalamin 5mg/mL lot B12D05-24, BUD 5/12/2024. Olympia comprehensively assessed the batch record data associated with this complaint and also interacted with the clinic to obtain more information. Ex. SS. Lot B12D05-24 passed all end-product release testing and was within the acceptable potency range. Olympia received no other complaints related to this lot. As to Olympia's interactions with the clinic, the clinic provided limited additional information. However, the clinic indicated that the patient received the injection after fasting and then proceeded to work out. The clinic is unaware whether the patient was taking other medications or supplements, and the patient would not provide this information. As such, Olympia is unable to determine whether the B12 injection was the cause of the patient's reaction. Regardless, out of an abundance of caution, Olympia will report this as an adverse event to FDA's portal.

c. Sodium Bicarbonate 8.4% lot H23A03-23, BUD 2/19/2024. Olympia comprehensively assessed the batch record data associated with this complaint and also interacted with the clinic to obtain more information. Ex. SS. Lot H23A03-23 passed all end-product release testing and was within the acceptable potency range. Olympia received no other complaints related to this lot. As to Olympia's interactions with the clinic, the clinic indicated that they were mixing the Sodium Bicarbonate with Lidocaine. When doing so, the solution precipitated out and had a

cloudy appearance. The clinic indicated that it was using the same needle to draw up both medications. Olympia determined that this process resulted in a cross contamination causing a reaction between the combination of Sodium Bicarbonate and the Lidocaine. Further, QA advised the clinic against combining the two products, as there is no data to support the combination's stability. Based on QA's investigation, Olympia determined that this was not a product-related complaint.

d. Tri-Immune lot B07C02-24, BUD 08/05/2024. Olympia comprehensively assessed the batch record data associated with this complaint and also interacted with the clinic to obtain more information. Ex. SS. Lot B07C02-24 passed all end-product release testing and was within the acceptable potency range. Olympia received no other complaints related to this lot. Olympia conducted a supplemental investigation of this complaint which included assessing associated shipping records and engaging in additional discussions with the clinic. Olympia's records confirmed that this product was packed in accordance with Olympia's validated shipping procedures. Further, the shipping records confirmed that the refrigerated product was shipped overnight and delivered to the clinic within the requisite timeframe. Because the product had been delivered in accordance with Olympia's validated shipping methods, the pharmacist assured the client that no product impact had occurred. Nevertheless, moving forward, when a complaint is received that a product feels warm, Olympia will instruct the customer not to use the product. Based on Olympia's investigation, Olympia determined that this was not a product-related complaint.

e. Semaglutide lot B15A01-24, BUD 06/13/2024. Olympia comprehensively assessed the batch record data associated with this complaint and also interacted with the clinic to obtain more information. Ex. SS. Lot B15A01-24 passed all end-product release testing and was within the acceptable potency range. Olympia received no other complaints related to this lot. QA conducted a thorough review of this complaint which included additional interaction with the clinic. The investigation determined that the clinic ordered Semaglutide 5mg/ml 3ml and Semaglutide 5mg/ml 3ml was entered into the dispensing system. However, Olympia did not have 5 mg/ml 3 ml in inventory and therefore, the clinic was notified that Olympia would send 2.5 mg/ml vials. The clinic agreed but did not adjust patients' dosing which caused the efficacy complaints. As such, Olympia's investigation determined that this was not a product-related complaint. Rather, the complaint was due to dosing miscalculations.

f. Tirzepatide Injectable lot D15A01-24, BUD 06/14/2024. Olympia comprehensively assessed the batch record data associated with this complaint and also interacted with the clinic to obtain more information. Ex. SS. Lot D15A01-24 passed all end-product release testing and was within the acceptable potency range. Olympia received no other complaints related to this lot. QA conducted a comprehensive assessment of this complaint through additional interactions with the clinic. Ultimately, based on the information provided by the clinic which included a copy of the patient's prescription, QA determined that the patient was not administering the correct amount of drug product prescribed by his practitioner. Specifically, the patient was prescribed a 7.5 mg/ml dose and the patient was only injecting a 5 mg/ml dose. Because the patient was taking less than the prescribed dose, the patient was experiencing the complained of symptoms

regarding the drug product allegedly being ineffective. Based on QA's comprehensive review, Olympia determined that this patient complaint was not due to Olympia's drug product. Rather, the complaint was due to dosing miscalculations.

OBSERVATION 7
Your outsourcing facility has not submitted a report to FDA identifying a product compounded during the previous six months as required by section 503B(b)(2)(A) of the Federal Food, Drug, and Cosmetic Act (FD&C Act).

Specifically, drug products were compounded and not identified on your reports dated June 2023 and December 2023, including, but not limited to:

PGE1 (alprostadil) 40 mcg/mL injection
PGE3 (alprostadil) 150 mcg/mL injection
Sodium tetradecyl sulfate 0.1% injection
Sodium tetradecyl sulfate 0.3% injection
Zinc sulfate 10 mg/mL injection

Response to Observation 7:

Through its constructive conversations with FDA, Olympia recognized room for improvement in the manner in which Olympia was verifying the accuracy of the six-month product report. Namely, Olympia determined that the process could benefit from a team-based approach relying on input from both pharmacists and QA to confirm all necessary product information is reported.

Olympia updated SOP-026 Electronic Drug Product Reporting to include team review of the six-month product report prior to submission. Electronic Drug Product Reporting - SOP-026, attached as **Exhibit TT**. Now, before a six-month product report is electronically submitted, QA and a team of pharmacists will review the electronic report to ensure all of the information including dosage forms, ingredients, strength, and quantities of compounded drugs is accurate. Ex. TT, Section 8.4. Prior to submitting the report, the review team will complete Form F-232.a, as an additional verification check. Electronic Drug Product Reporting Form-F-232.a.1, attached as **Exhibit UU**.

In addition, Olympia resubmitted its six-month product report from June 2023 through December 2023 to address the products listed in Observation 7. Reporting for Jun-Dec 2023 (Resubmission) SPL 2023-2 06-24-24, attached as **Exhibit VV**. Finally, Olympia submitted its most recent six-month report in June 2024. 6mo Reporting for Dec - Jun 2024, attached as **Exhibit WW.**

Conclusion

In closing, Olympia appreciated the opportunity to demonstrate the significant improvements that Olympia has made over the past few years. As a result of these efforts, Olympia is confident in its ability to provide consistent sterility assurance, reliable process performance, and excellent product

quality. Olympia trusts that the above actions have fully addressed FDA's observations, but Olympia welcomes a constructive dialogue with FDA should FDA have any additional questions.

Thank you for the opportunity to respond to this Form 483. If you have any questions or would like to discuss our responses to these observations, please feel free to reach out to us.

Very truly yours,

Mark Mikhael, PharmD, CEO

Sterile Compounding Questionnaire

Rev (09/11/2024)

This application cannot be returned by fax or email.
We must have an original signature to process.

Approval of this completed questionnaire is required for an existing pharmacy, new pharmacy and/or out-sourcing facility applicant who wish to engage in preparing, compounding, dispensing, and furnishing sterile compounded products to Nevada patients or consumers.

Please provide a thorough response to the questions below and provide any necessary supporting documents.
-For a new pharmacy or out-sourcing facility applicant, submit this completed form with your application.
-For an existing pharmacy, send the completed form to the address indicated above.

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)?

☐ Category 1 ☐ Category 2 ☒ Category 3

If you marked **"Category 3"**, you must also complete **section 4.**

2. If compounding Category 2 products is the location performing sterility and endotoxin testing (if required) to obtain extended beyond-use dates? N/A ☐ Yes ☐ No

3. If compounding Category 2 products is the location performing aseptically processed CSPs or terminally sterilized CSPs? N/A ☐ Aseptic ☐ Terminal

4. Is the pharmacy following the new garbing requirements listed in the revised USP-797 guidelines? ☒ Yes ☐ No

5. When was the most recent certification for the ISO classified areas? 1st flr: 28SEP24 2nd: 21DEC24

6. What is the frequency of the recertification for the ISO classified areas? 6 months

7. Were there any follow-up items required from the most recent certification report? ☐ Yes ☒ No

8. If preparing Category 2 or Category 3 CSPs from non-sterile starting components are the pre-sterilization procedures such as weighing and mixing completed in an ISO Class 8 or better environment? ☒ Yes ☐ No

9. If compounding Category 1 CSPs and Category 2 CSPs how often is surface sampling of all classified areas and pass-through chambers conducted? N/A

10. Will you be performing sterile hazardous drug compounding? Yes ☒ No

If you marked **"Yes"**, you must also complete **section 3.**

11. List the sterile compounded products that you will be compounding for Nevada patients or consumers:

see attatched - Drug list

12. What laboratory performs your sterility or endotoxin testing?

Name: ARL BIOPharma

Address: 840 Research pkwy #546

City: Oklahoma city State: OK Zip: 73104

Telephone: 405-271-1144

13. What is your procedure for visual inspection of compounded sterile products?

see attatched – P-203

14. How often do you perform glove fingertip and medial fill testing?

every 6 months

15. Describe your initial and ongoing training program for all personnel performing sterile compounding:

See attatched – P-110 P-213

16. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:

See attached – P-304

17. Who performs the sterile compounding process at your facility?

pharmacist & pharm techs

18. Who is responsible and accountable for the sterile compounding process at your facility?

Michael Rosen – PIC
Max Everett – Quality Director
Mike Farragalla – Sterile manager

19. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?

see attatched – P-502

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)			
1. What type of primary engineering controls will you be using in your facility? N/A			
2. Are you complying with all USP 800 guidelines?	N/A	Yes	No
3. Have your employees who compound with hazardous drugs signed an acknowledgement that they understand the risks associated with this process?	N/A	Yes	No
4. Is your BSC or CACI vented 100% to the outside?	N/A	Yes	No
5. Do you have a negative pressure buffer room at your facility?	N/A	Yes	No
6. Will you be compounding with antineoplastic HDs or HD API?	N/A	Yes	No
7. If yes, are the drugs stored in an externally ventilated, negative pressure room?	N/A	Yes	No
8. Will you be utilizing a closed system transfer device?	N/A	Yes	No
9. If yes, list the name of the device: N/A			

10. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers?

N/A

11. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?

N/A

Section 4: Sterile Category 3 Compounding Questions (Complete this section ONLY if you will be performing Category 3 Compounding.)

1. List the specific Category 3 sterile products that your facility compounds:

see attached – drug list

2. What is the frequency for ongoing garbing, gloved fingertip and thumb sampling, and media fill testing for compounding personnel?

6 months

3. Is the pharmacy meeting all of the additional garbing requirements for compounding Category 3 CSPs as defined by the revised USP-797 guidelines? X Yes No

4. What is the frequency for completing volumetric active air sampling?

see attatched – P-212

5. What is the frequency for completing surface sampling? see attatched – P2i2		
6. What is the frequency for using sporicidal agents? see attatched – P2i2		
7. Is an endotoxin test performed for all products compounded from one or more nonsterile component?	X Yes	No
8. Is the BUD assigned supported by stability data obtained using a stability-indicating analytical method?	X Yes	No

I certify under penalty of perjury that the information contained in this form is accurate, true and complete in all material respects. 6. Responsibilities

6.1 Pharmacy Front-End Staff

6.1.1 Provide all necessary and corresponding devices for each product that is to be shipped out to the patient's home, facility, or laboratory for testing.

6.2 Shipping Personnel

6.2.1 The shipping department shall ensure that the compounded preparation is delivered properly to the patient or health care facility without compromising the product's integrity, quality, safety, and efficacy.

6.2.2 Resolve any shipping errors, and questions regarding the shipment of products.

6.2.3 Work with the different pharmacy departments to ensure fastidious and efficient service for all products leaving the building.

6.3 Quality

6.3.1 Review shipping documentation and packaging practices as needed to ensure compliance with this SOP, and to ensure shipping labeling corresponds to the patient and product being shipped.

8. Procedure

8.1 General Shipping Requirements

8.1.1 All compounded preparations shall be shipped in appropriate containers that will protect products from wide variations in temperatures, structural damage, or unapproved light sources.

8.1.1.1 Logistics Technician in the shipping department should refer to **Table 9-1** in the Appendix for guidance on determining appropriate packing structure.

8.1.1.2 Technicians are encouraged to use their best judgment when assembling packing structures not listed within **Table 9-1**; packing structures that offer the best protection or restrict product movement are more appropriate.

8.1.2 Front end pharmacy technicians shall provide necessary devices or equipment that is to be included and corresponds with each product.

8.1.3 The location of the delivery shall be recorded in the patient profile.

8.1.4 If any issues, such as leakage or damage are reported by the recipient, they are documented and investigated according to *P-219/SOP-016 Complaint Handling, Drug Safety and Surveillance.*

8.1.5 Storage instructions shall be provided to the patient or caregiver to ensure that the product is stored appropriately at the patient's home or at the health care facility.

8.1.6 Guidance shall be provided to the patient or caregiver on how to contact the pharmacy for patient counseling or any questions regarding products received.

8.1.7 An electronic log of shipments that leaves the pharmacy will be maintained online for at least one year for records.

8.2 Packing Temperature Sensitive Compounded Preparations and Samples

8.2.1 Temperature sensitive compound preparations must be maintained at temperatures of 2°C to 8°C for refrigerated products, and -10 °C to -25°C for frozen products, during the entire duration of transit.

8.2.2 If shipping refrigerated products, the standard ice packs must be used.

- The standard ice packs are stored in dedicated shipping department freezers and are only to be used for products requiring refrigerated storage conditions.

8.2.3 If shipping frozen products, the PCM gel packs, meant for sub-zero storage conditions, must be used in conjunction with thermal foil liners.

- The PCM gel packs are stored in -30°C shipping deep freezers. They are only to be used for products requiring frozen storage conditions.

8.2.4 When storing boxes of cold packs in freezers, new unopened boxes are stacked no more than 3 boxes high and are not to be stacked on top of opened boxes to prevent stacks of boxes from falling over.

- Cold pack inventory is to be used for cold product shipment on a first in, first out basis. The oldest cold packs are to be used for shipments first with newer cold pack boxes to be opened once all older inventory has been used.

8.2.5 Cold preparations are to be placed in an appropriately sized cooler, based on the quantity and vial size of the product; the preparation cooler must be large enough to comfortably house the product and an appropriate number of cold packs. Cold packs are to be positioned along the base of the cooler and on either the sides or top of the drug product, depending on the size and positioning of product within the cooler.

8.2.5.1 If the number of cold products is less than nine 30 ml vials and less than eleven 10 ml vials, the small Cooler (6 x 5 x 4) and the small box (8 x 6.5 x 6) are the appropriate choices.

8.2.5.1.1 For 30 ml refrigerated vials, two ice packs and two bubble wrapped layers containing up to 4 vials per layer is sufficient to fit inside the small cooler.

8.2.5.1.2 For 10 ml refrigerated vials, two ice packs and a bubble wrapped layer of 10 vials is sufficient to fit inside the small cooler.

8.2.5.1.3 For 10 ml frozen vials, two PCM packs and a bubble wrapped layer containing up to 10 vials, are to be enclosed within a thermal foil liner pouch before placement inside the small cooler.

8.2.5.2 If the number of cold products ranges from 9-32 for 30 ml vials and 11-60 for 10 ml vials, the medium cooler (10 x 8 x 6) and a medium box (10 x 10 x 6) are the appropriate choices.

8.2.5.2.1 For 30 ml refrigerated vials, six ice packs and four layers of bubble wrap containing up to 8 vials per layer (32 vials total) is sufficient to fit inside the medium cooler.

8.2.5.2.2 For 10 ml refrigerated vials, six ice packs and three layers of bubble wrap containing up to 20 vials per layer (60 vials total) is sufficient to fit inside the medium cooler.

8.2.5.2.3 For 10 ml frozen vials, six PCM packs and three layers of bubble wrap containing up to 20 vials per layer (60 vials total) is sufficient to fit inside a medium cooler with an inserted thermal foil lining.

8.2.5.3 For large cold product orders containing 33-60 30 ml vials and 61-100 10 ml vials, a large cooler (12 x 8 x 7) and a large box (14 x 10 x 10) must be used to accommodate the larger quantities.

8.2.5.3.1 For 30 ml refrigerated vials, eight ice packs and six layers of bubble wrapped vials containing up to 10 vials per layer (60 vials total), is sufficient to fit inside the large cooler.

8.2.5.3.2 For 10 ml refrigerated vials, eight ice packs and five layers of bubble wrapped vials containing up to 20 vials per layer (100 vials total), is sufficient to fit inside a large cooler.

8.2.5.3.3 For 10 ml frozen vials, eight PCM packs and five layers of bubble wrapped vials containing up to 20 vials per layer (100 vials total), is sufficient to fit inside a large cooler with an inserted thermal foil lining.

8.2.5.4 **NOTE**: If the shipment contains samples for testing, the samples must be in laboratory-specified containers. Ensure the appropriate documentation that is provided by the Quality Manager is in the box prior to shipping.

8.2.6 Seal the cooler by applying a double layer of packing tape along the seam of the cooler's lid and place in an appropriately sized shipping box. Use brown packing paper and bubble wrap as needed to ensure the cooler is secure and stationary within the box.

8.2.7 Seal the box shut with packing tape and place two of each shipping sticker on the outside of the box: "Refrigerate Upon Arrival" and "Please Handle with Care - Glass". One of each sticker should be placed on the top of the box, with the additional pair of stickers being placed on opposite sides of the box.

8.2.7.1 For boxes larger than the 14 x 10 x 10 box size, use the large "Refrigerate Upon Arrival" sticker and large "Fragile – Glass Handle with Care" stickers.

8.2.8 Put a UPS label on top of the box and make sure there are no tears or creases near the barcode. Creases near the barcode may affect transit times as the barcode may not be easily scanned.

8.2.8.1 UPS labels are generated and printed from the 'World Ship Application Software' as sticker labels that are adhered to the appropriately sized UPS box/envelope or brown shipping box.

8.3 Packing Non-Temperature Sensitive Preparations

8.3.1 If the preparation is stored in a glass container or vial, it must be bubble wrapped first before it is placed into a box dependent on the number of vials.

8.3.1.1 If the number of ambient 30 ml vials is less than 9 or if the number of 10 ml vials is less than 11, the small self-sealing UPS Mini Express box (8 x 6 x 3) is suitable for use.

8.3.1.2 If the number of 30 ml ambient vials exceeds 8, they are placed within a Medi box. If the number of 10 ml ambient vials exceeds 10, they are placed within a Small Medi box. Each Medi box is placed in a UPS Express Pak Envelope; they're shipped by using a Medium Security box for a single Medi box and a Small Security for a single Small Medi box.

8.3.1.2.1 At least 4 Medi boxes can be placed in a (12 x 10 x 10) box for shipping.

8.3.1.2.2 At least 6 Medi boxes can be placed in a (18 x 10 x 10) box for shipping.

8.3.1.2.3 Counts of Medis beyond 6 will require either multiple shipping boxes or use of a larger box; however, with use of larger boxes additional packing paper and bubble wrap are required for added protection.

8.3.1.2.4 Two Small Medi boxes can be placed within a (8 x 6.5 x 6) box, while Small Medi counts greater than 2 require use of a (12 x 10 x 8) box with additional packing paper.

8.3.1.3 **NOTE**: If the shipment contains samples for testing, the samples must be in laboratory-specified containers. Ensure the appropriate documentation that is provided by the Quality Manager is in the box prior to shipping.

8.3.2 Place compounded preparation in the appropriate shipping box using bubble wrap and brown packing paper as needed to immobilize the prepared product within the shipping box.

8.3.3 Seal the box shut with tape.

8.3.4 Place two "Please Handle with Care Glass" stickers on the outside of the box, one on top and one on the side if preparations are in glass containers.

8.3.5 Put UPS label on top of the box and make sure there are no tears or creases near the barcode. Creases near the barcode may affect transit times as the barcode may not be easily scanned.

8.3.5.1 UPS labels are generated and printed from the 'World Ship Application Software' as sticker labels that are adhered on the appropriately sized UPS box/envelope or brown shipping box.

8.4 Delivery Standards

8.4.1 Timely delivery: Olympia Pharmaceuticals' standard is for all deliveries to be made within the parameters shipping option chosen by the provider or patient.

8.4.1.1 If the prescription is a refill requested by the patient, the pharmacy will suggest the best type of shipping so the prescription will arrive a day before the initial dose or the next dosing schedule.

8.4.1.1.1 Ambient products have the option of being shipped: Saturday Next Day, Next Day Air Early, Next Day Air, and 2nd Day Air.

8.4.1.1.2 All cold products are shipped using UPS next day services: Saturday Next Day, Next Day Air Early, and Next Day Air.

8.4.2 Failure of delivery contingencies:

8.4.2.1 If delivery fails (i.e., lost, stolen) or is delayed and the patient, patient's agent or provider does not take possession of the package, the pharmacy will do their best to track the package and make the decision to resend the packaged product.

8.4.2.2 If the failure is due to actions of the pharmacy, the prescriptions will be reshipped at the cost of the pharmacy.

8.4.2.3 If failure is due to circumstances (i.e., weather events) outside of normal control of the pharmacy, the pharmacy will contact the courier (UPS or USPS) to verify the timeline on when the package will be delivered.

8.4.3 Upon receipt of a prescription for an acute illness, the pharmacy shall:

8.4.3.1 Contact the patient and give the patient an option for Next Day Early morning shipment, Next Day, or Saturday Next Day shipment if the prescription was received on a Friday.

8.4.3.2 If Olympia Pharmaceuticals does not carry the medication, the pharmacy will contact the provider or the patient to inform them of the situation and to provide the option to transfer the prescription to a local pharmacy that carries the medication written for the patient.

8.4.4 In the event the pharmacy is advised that the patient's medication has not been received within the normal delivery time and that the patient is out of medication and requires interim dosage until mailed prescription drugs become available, the pharmacy shall:

8.4.4.1 Contact the patient to inform them of the option to have the prescription transferred to their local pharmacy.

8.4.4.2 Contact the provider to inform them of the delay and to give them an option to fill the prescription with Olympia Pharmaceuticals to be sent USP Next Day or to fill the prescription locally.

14	15AUG2022	• Updated Format • Abridged Version History more than 3 years old • As per DCR-22-033: Revised Cleaning Forms and created new Forms. Therefore, Form references in this main SOP were updated. (Table 6-1) • Deleted Section 9 "Attachments". Forms are no longer attached to the Parent SOP and may be revised independently. • Form F-304.c "Cleaning Log for the General Pharmacy Prep Area" will be made obsolete because the Purpose & Scope of this SOP has changed so that the form is no longer applicable to this document.
15	18MAY2023	• Revised SOP to include the addition of the new cleanroom suite on the second floor. Cleanroom 300's. • Addition of cleaning forms for new second floor cleanroom suite. New cleaning logs include daily, weekly, monthly, and quarterly for the ISO 7 and ISO 8 rooms. • Section 7.1: Added descriptions for cleaning agents Vesta-Syde SQ 128 RTU and Spor-Klenz RTU. • Section 9: Added cleaning procedure for the cleanroom suite on the second floor utilizing the Vesta-Syde SQ 128 RTU and Spor-Klenz RTU cleaning agents. • Section 10: Addition of procedure to use the Vileda mopping system for the new cleanroom suite located on the second floor. Description of how to use and detail in using the mopping system was added.
16	02OCT2023	• Revised SOP to remove all references to use of 0.525% Sodium Hypochlorite (bleach). • Revised Section 5 Form names to match new ISO classifications of all facility cleanrooms. • Revised entire document for continuity of the cleaning procedure for the entire facility. • Section 8.3. revised to remove cleaning of the inside chamber and exterior condensing unit of the lyophilizer. This is now located in P-806 "Operation & Maintenance of the VirTis Ultra 35L Lyophilizer". • Addition of quarterly cleaning logs for the first-floor cleanrooms: F-304.b-15 and F-304.b-16. • Section 9.2: Addition of CNC cleaning requirements and CNC cleaning log F-304.b-17.

Version No.	Effective Date	Changes
		• Removed references to HD and Non-HD areas, as the entire facility is now "non-HD", the HD areas were removed. Retired forms F-304.d-1, F-304.d-2, F-304.d-3. • Clarification of cleaning schedule, including frequency for ceilings. • Retired forms F-304.e-1, F-304.e-2, and F-304.e-3 because those rooms were decommissioned. • Change in terminology on the log forms: "glass panes" changed to "windows". • Removed Section 10 instructions for Vileda mops to separate Appendix: A-304.a

2. Purpose

This Standard Operating Procedure (SOP) defines the process by which the Sterile Compounding Facility is cleaned and disinfected in a manner that ensures a suitable environment for producing compounded sterile drug products (SDPs).

3. Scope

This SOP applies to all Controlled Areas, including ISO-classified cleanrooms, controlled-not-classified (CNC) rooms, laminar air flow workbenches (LAFWs), lyophilizers, and other equipment located in the controlled areas.

4. Abbreviations and Definitions

Table 4-1: Abbreviations

Abbreviation	Description
HEPA	High Efficiency Particulate Air
IPA	Isopropyl Alcohol
LAFW	Laminar Air Flow Workbench
LYO	Lyophilizer or Lyophilized
CNC	Controlled, but not Classified

Table 4-2: Definitions

Term	Definition
Cleanroom	A room in which the concentration of airborne particles is controlled, and which is constructed and used in a manner to minimize the introduction, generation, and retention of particles inside the room, and in which other relevant parameters, i.e. temperature, humidity, and pressure, are controlled as necessary.
Cleaning Agent	An agent for the removal from facility and equipment surfaces of product residues that may inactivate sanitizing agents or harbor microorganisms.
Decontamination	The removal of microorganisms by disinfection or cleaning.
Disinfectant	A chemical or physical agent that destroys or removes vegetative forms of harmful microorganisms when applied to a surface.
Sanitizing agent	An agent for reducing, on inanimate surfaces, the number of all forms of microbial life including fungi, viruses, and bacteria.
Sporicidal Agent	An agent that destroys bacterial and fungal spores when used in sufficient concentration for a specified contact time. It is expected to kill all vegetative microorganisms.
Compounding	A process wherein bulk substance is combined with another bulk drug substance and/or one or more excipients to produce a drug product.

6. Responsibilities

6.1. Quality Unit

6.1.1. Create, manage, and monitor compliance and execution of this SOP with all relevant policies and related SOPs.

6.1.2. Manage and monitor all records of cleaning and disinfecting activities.

COPY

6.2. Operations Personnel (Technicians & Cleaning Custodians)

6.2.1. Execution of sterilizing, disinfecting, and cleaning activities.

6.2.2. Manage all equipment and supplies required for cleaning and disinfecting.

7. Safety, Materials, and Equipment

7.1. Safety

7.1.1. Since cleaning and disinfecting agents are irritants with the potential to harm the skin and eyes, appropriate personal protective equipment (i.e., safety glasses, face mask or shield, coat or gown, and gloves) must be worn.

7.1.2. Material Safety Data Sheets must be readily available for reference in the pharmacy for all cleaning and disinfecting agents used.

7.2. Disinfecting and Cleaning Agents

7.2.1. PeridoxRTU® – Ready to Use

- PeridoxRTU® is a broad-spectrum EPA-registered sporicidal, bactericide, virucide, tuberculocidal and fungicide one-step disinfectant and hard surface cleaner.
- PeridoxRTU® contains no alcohol or bleach and, unlike most other disinfectants, leaves minimal residue on surfaces.
- Effective for hazardous drug decontamination on stainless steel surfaces.
- Specific to Olympia's microbial cleaning efficacy study for the cleanroom surfaces described above, the cleanroom surfaces shall be cleaned with PeridoxRTU® weekly & monthly, for a minimum contact time of 2-minutes.

⚠ PeridoxRTU® is a transparent with light gray tinge liquid that causes severe skin burns and eye damage and is harmful if swallowed.

7.2.2. Sterile 70% Isopropyl Alcohol (IPA)

- All sterile alcohols used at Olympia Pharmacy contains 70% by volume USP-grade Isopropanol (IPA) and 30% USP-purified water.
- 70% IPA is filtered to 0.2µm and induction sealed to assure sterility, the bottles are double-bagged, and gamma irradiated. Each bottle is lot coded and has an expiration date for easy record keeping
- For use in critical environments, cleanrooms areas and equipment
- Hard Surface Disinfectant
- Gamma Irradiated
- Filtered at 0.2 microns
- Pyrogen Free

⚠ Isopropyl Alcohol 70% (IPA) is a flammable clear liquid that is irritating to eyes, is a mild skin irritant, and may cause headache / dizziness if inhaled and harmful if swallowed.

7.2.3. Spor-Klenz RTU by Steris Life Sciences

- Spor-Klenz Ready-To-Use (RTU) cold sterilant is an environmental protection agency (EPA) registered product designed to be used as a sterilant, sporicide or as a disinfectant for cleanroom environmental surfaces and equipment.
- Spor-Klenz RTU is EPA registered, pre-mixed, stable solution.
- Use on hard, non-porous surfaces.
- Contains peracetic acid and hydrogen peroxide.

COPY

- The minimum wet contact time is 2-minutes.

7.2.4. Vesta-Syde SQ 128 RTU

- Vesta-Syde SQ Quaternary Ammonium Disinfectant Ready-To-Use is a phosphate-free one-step cleaner and disinfectant. It is a liquid concentrate consisting of quaternary ammonium active ingredient formulated with a compatible biodegradable detergent system.
- Disinfectant is intended for use as a disinfectant on washable hard, non-porous environmental surfaces such as floors, walls, counters, tools, carts, and other equipment.
- Formulated with surfactants.
- The minimum wet contact time is 2-minutes.

7.3. Equipment and Materials

7.3.1. Pharma™-Sat Plus (sterile wipes saturated with sterile 70%IPA)

7.3.2. Sterile lint-free wipes

7.3.3. Vileda Mopping System:

- Pole handles + Frames
- Mopheads
- Box (Bucket) with disposable Liner
- Graduated Cylinder(s)
- Box Lid with Sieve

7.3.4. Storage and Use Requirements:

- All cleaning equipment and supplies must be stored in a designated area to ensure segregation from compounding equipment supplies.
- If spray bottles are used, they must be of appropriate size to allow for cleaning the area without the need for re-gowning and used within their labeled use-by date.

8. Procedure

8.1. General Cleaning Standards and Principles

8.1.1. Do not perform cleaning and disinfecting of the cleanrooms while compounding is taking place. Equipment surfaces may be wiped down with sterile wipes wetted with sterile 70% IPA as required during compounding, however spray bottles are not to be used in the LAFW while in the presence of exposed containers, closures, or product.

8.1.2. Perform necessary restocking or other activities prior to cleaning and floor washing so that the cleanroom may be exited and allowed to dry until the next shift.

8.1.3. If cleaning and disinfection occurs at the start of the compounding day, adequate time (at least 30 minutes) must be given to allow all cleaned surfaces to dry prior to starting any compounding activity.

8.1.4. Properly gown and glove in accordance with SOP P-404 *Hand Hygiene and Garbing* prior to entering the cleanrooms to perform cleaning and disinfection.

8.1.5. Tasks performed must be documented onto the appropriate area cleaning forms.

8.1.6. If any equipment or device used during compounding is removed from an ISO 7 cleanroom, it must be properly cleaned and disinfected prior to being placed back into service within that environment. This consists of the same cleaning as for an ISO 5 work area or a monthly cleaning.

8.1.7. Before use, ensure all materials to be used for cleaning and disinfection are within their labeled expiration date. Once opened, containers of 70% IPA, Vesta-Syde SQ 128 RTU,

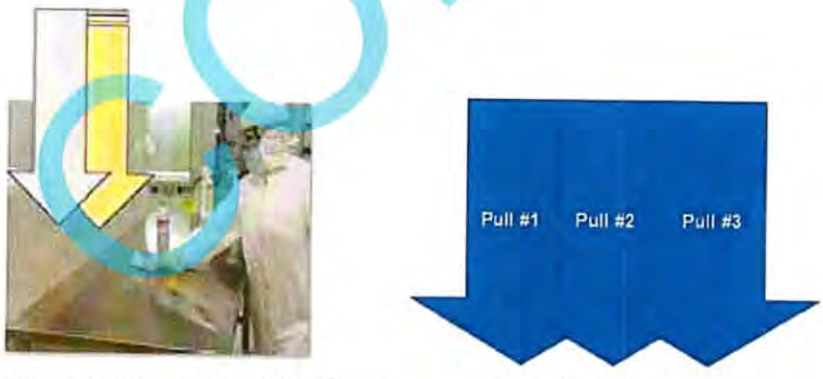
COPY

PeridoxRTU® and Spor-Klenz RTU must be used within seven (7) days. Record the date opened and use-by date onto the container.

8.1.8. All areas being cleaned with Vesta-Syde 128, Spor-Klenz and Peridox RTU require a minimum 2-minute wet contact time. The surface being cleaned should have a sheen-like appearance once cleaned with the cleaning agent.

8.1.9. Never allow any cleaning agents to wet the HEPA filters; and be careful when cleaning the HEPA filter grilles.

8.1.10. Ensure no tools or equipment in the area show signs of corrosion or rust. If signs of corrosion or rust are observed on any room or equipment surfaces, contact the supervisor.



8.1.11. Cleaning of the floors and walls must begin at the farthest point from the entrance and work towards the exit. Avoid tracking over cleaned surfaces. Move any wheeled carts, shelving and chairs as cleaning is accomplished. Cleaning should always start from the highest point first.

8.1.12. Cleaning and disinfection shall be in order from the highest to lowest classified area (i.e., ISO 5, then ISO 7, then ISO 8, then non-classified area).

8.2. Using Wipes and Wipers

8.2.1. Cleaning / disinfection with wipes and wipers should be performed with overlapping strokes applied to the surface using the "Pull and Lift" technique.

Figure 1: Pull and Lift Technique

8.2.2. When using pre-saturated 70% IPA wipes, ensure the wipes are not dry. If wipes are dry, dispose of pack and open a new pack.

8.2.3. Make sure the wipes are folded in half or in quarter folds to produce multiple clean surface areas and allow better contact time. Change to a new (clean) portion of the wipe after two 2-3ft strokes. When re-wiping an area, always use a clean portion of the wipe. If disinfectant is applied to wipes with a spray bottle, wet each portion of the wipe before wiping.

8.2.4. When wiping, hold the wipe so that the folded edge is facing toward the area to be wiped and wipe in one direction with overlapping strokes.

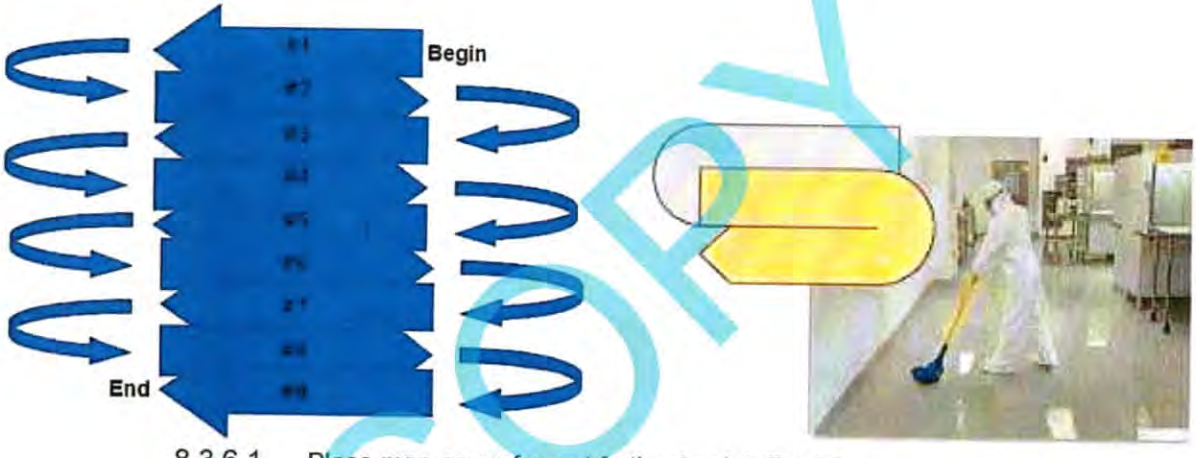
8.2.5. Wipe from the cleanest to the least clean surfaces systematically, e.g. either from top to bottom or back to front.

8.3. Using Mops

8.3.1. Refer to **Appendix A-304.a** for how to assemble and prepare the Vileda mops for use.

COPY

8.3.2. New mop heads are to be flipped over after cleaning 200 square feet of surface, and then discarded after the second 200 square feet.



8.3.3. For walls and ceilings, the mop should be as saturated as possible without dripping. For floors, apply sufficient quantity of the cleaning / disinfecting agent directly onto the floor prior to mopping.

8.3.4. Clean from top of room to bottom of room: ceilings first, then walls, then floors last.

8.3.5. Cleaning of floors must begin at the farthest point from the entrance and work towards the exit. Avoid tracking over cleaned surfaces. Move any wheeled carts, shelving and chairs as cleaning is accomplished.

8.3.6. Use the "Overlapping S" method (Figure 2) for most areas whenever possible.

Figure 2: Overlapping S Technique

8.3.6.1. Place mop on surface at farthest point (Begin).

8.3.6.2. Keeping the mop between your body and the surface, move mop horizontally. Pivot mop in opposite direction maintaining contact with the surface. Overlap strokes by 2-4 inches. Always move the mop in one direction (see arrow).

8.3.6.3. Continue this back-and-forth "S" motion until 150-200 sq. ft. has been mopped.

8.3.6.4. Flip mop to opposite "clean" side for fresh disinfectant and continue the motion for another 150-200 sq. ft. Then remove the mop.

8.3.7. Use the "Pull and Lift" method (Figure 1) when the Overlapping S cannot be performed.

8.3.7.1. Place mop no more than 3 feet in front of the body. Place mop on surface and pull straight back towards body.

8.3.7.2. Lift the mop and replace it on the surface slightly to the side, again 3 feet in front of the body. Strokes should overlap by at least 3 inches.

8.3.7.3. Continue this motion until 150-200 sq. ft. has been mopped.

8.3.7.4. Flip mop to the opposite "clean" side for fresh disinfectant and continue the motion for another 150-200 sq. ft. Then remove the mop.

8.4. Cleaning and Disinfection of the ISO 5 LAFWs

8.4.1. Ensure that the LAFW is on and that it has been running continuously for a minimum of 30 minutes prior to cleaning and disinfection.

8.4.2. Roll the Auto-Filler out of the LAFW before cleaning the LAFW.

8.4.3. Inspect for any spills or residual compounding residue. Clean the spills with wipes prior to proceeding with the routine cleaning procedure.

COPY

8.4.4. If Daily cleaning was performed the night before, at the start of compounding for each new workday, the surfaces within the LAFW must be wiped down with sterile 70% isopropyl alcohol (IPA) prior to startup.

8.4.5. Cleaning of the LAFW should follow the order of: Top, Back, Sides, and Center.

8.4.6. LAFW surfaces to be cleaned inside the workstation include the exposed surfaces of the filling, stoppering and capping equipment.

8.4.7. Carefully clean the HEPA grilles with wipes that are pre-wetted with the required cleaning or decontamination solution.
Note: Do not splash or spray the HEPA filter with cleaning and disinfectant solutions.

8.5. Cleaning and Disinfection of the Lyophilizer

8.5.1. When the Lyophilizer is running, the front door panel, HMI, hinges, and handle (everything on the wall of the ISO-classified room) are to be wiped down with a wiper pre-saturated with sterile 70% IPA.

8.5.2. When the Lyophilizer is between cycles, cleaning of the interior of the chamber and the condensing unit (everything outside the ISO-classified room) is to be performed according to the instructions in P-806.

8.6. Cleaning and Disinfection of the Auto Filler

8.6.1. The auto-filler is to be cleaned between batches as per P-809.

8.6.2. Roll the auto-filler out of the LAFW for cleaning of both the filler and the LAFW. After cleaning, return the cleaned auto-filler to the cleaned LAFW before continuing on to the rest of the room cleaning.

9. Cleaning Sequence and Frequency

Each area of the Compounding Facility is to be cleaned every normal business day, and the proper form filled out to document the task. (See Table 5-1.) If any individual room is not cleaned on a normal business day, the form is to be completed, with an explanation in the Comments section as to why cleaning was not done. (I.e., out-of-service for maintenance, closed due to weather emergency, etc.)

9.1. DAILY Cleaning and Disinfection of Cleanrooms

9.1.1. Remove any trash and re-stock the rooms with any necessary components, if applicable. Remove portable equipment that is not room-dedicated, such as Viable Air Samplers.

9.1.2. Roll the Auto-Fillers out of the LAFWs.

9.1.3. Using sterile wipes wetted with sterile Vesta-Syde SQ 128 RTU, clean / disinfect the following surfaces and areas in order:

- 9.1.3.1. All LAFW surfaces; first the inside and then the outside, as per Section 8.4.
- 9.1.3.2. The Auto-Fillers. Return to inside the LAFW enclosure after cleaning.
- 9.1.3.3. All other compounding equipment, including mixers, scales, HMI screens, keyboards, and pumps.
- 9.1.3.4. All counters, benches, tables, carts, stools, storage bins, and other cleanable surfaces.
- 9.1.3.5. Vent grilles where present.
- 9.1.3.6. All surfaces of the Pass-Through areas.
- 9.1.3.7. Door handles and Door Sensors.

9.1.4. Allow surfaces to completely dry.

9.1.5. Using sterile Vileda mops wetted with sterile Vesta-Syde SQ 128 RTU, clean / disinfect the cleanroom floors. Allow surfaces to completely dry.

9.1.6. At the cleaner's discretion, residues left by the cleaning agents may be removed using sterile wipes wetted with sterile 70% IPA. This step is optional.

COPY

9.2. DAILY Cleaning of Controlled Non-Classified Lab Area

9.2.1. Remove any trash and re-stock the rooms with any necessary components, if applicable.

9.2.2. Using sterile wipes wetted with sterile 70% IPA, clean the following surfaces and areas:

- Tabletops, counters, equipment exterior cabinets, and storage shelving.
- Glass windows, windowsills, walls and doors, vent grilles, door handles and sensors.
- Hand-washing Sink. (Dish-washing sink is discussed in P-617.)

9.2.3. Using Vileda mops wetted with sterile Vesta-Syde SQ 128 RTU, clean / disinfect the CNC area floors. Allow surfaces to completely dry.

9.2.4. At the cleaner's discretion, residues left by the cleaning agents may be removed using sterile 70% IPA. This step is optional.

9.3. WEEKLY Cleaning and Disinfection of Cleanrooms

- Weekly cleaning is to be done on the last business day of the week. This is usually Friday, but may be adjusted for holidays.
- The weekly cleaning and disinfection of the cleanrooms includes all the elements of the daily procedure with the addition of Spor-Klenz RTU prior to the Vesta-Syde.

9.3.1. Using sterile wipes and mops wetted with sterile Spor-Klenz RTU, clean / disinfect the same surfaces, areas, and floors as the DAILY cleaning, in the order listed in steps 9.1.1 through 9.1.5.

9.3.2. Repeat using sterile Vesta-Syde SQ 128 RTU. Allow surfaces to completely dry.

9.3.3. At the cleaner's discretion, residues left by the cleaning agents may be removed using sterile wipes wetted with sterile 70% IPA. This step is optional.

9.4. WEEKLY Facility Inspection

9.4.1. At least once per week, perform an inspection of all classified clean rooms and controlled (not classified) Areas and document on form F-304.f.

9.4.2. If any results are "unacceptable", immediately notify the sterile pharmacy manager and the quality unit.

9.5. MONTHLY Cleaning and Disinfection of Cleanrooms

- Monthly cleaning is to be done on the last Friday of the month, or the last business day of the last FULL week of the month. This may mean more than 12 monthly cleanings per year.
- In addition to the normal schedule, monthly cleaning is to be done after shutdowns, maintenance work performed in the cleanrooms, loss of room pressurization or HEPA filter integrity, or other activity that could compromise environmental integrity.
- Monthly cleaning includes all the elements of the daily and weekly cleaning plus the walls.

9.5.1. Remove any trash and re-stock the rooms with any necessary components, if applicable. Remove portable equipment that is not room-dedicated, such as Viable Air Samplers.

9.5.2. Roll the Auto-Fillers out of the LAFWs.

9.5.3. Using sterile wipes wetted with sterile Spor-Klenz RTU, clean / disinfect the LAFWs and the Auto-Fillers, as per the DAILY cleaning steps 9.1.3.1 and 9.1.3.2.

9.5.4. Using sterile Vileda mops wetted with sterile Spor-Klenz RTU, clean / disinfect the cleanroom Walls. Mop in order: Back wall, Side walls, Front wall.

9.5.5. Using sterile wipes wetted with sterile Spor-Klenz RTU, clean / disinfect the rest of the room as per the DAILY cleaning steps 9.1.3.4 through 9.1.3.7.

9.5.6. Using sterile Vileda mops wetted with sterile Spor-Klenz RTU, clean / disinfect the cleanroom floors.

COPY

9.5.7. Allow surfaces to completely dry; all Spor-Klenz RTU must be dry before proceeding.

9.5.8. Repeat the above steps 9.5.1 through 9.5.6 using Vesta-Syde SQ 128 RTU, in the same order: LAFWs and Auto-fillers, back wall, side walls, front wall, other equipment and surfaces, then the floor.

9.5.9. Allow surfaces to completely dry.

9.5.10. At the cleaner's discretion, residues left by the cleaning agents may be removed using sterile wipes wetted with sterile 70% IPA. This step is optional.

9.6. QUARTERLY Cleaning and Disinfection of Cleanrooms

- Quarterly cleaning will be done *instead of* a monthly cleaning every three months. This does not have to correspond to calendar quarters, but rather starting the third month after the area was brought on-line or this procedure was first implemented.
- Quarterly cleaning includes all the elements of monthly cleaning plus the ceilings and the use of Peridox RTU.

9.6.1. Remove any trash and re-stock the rooms with any necessary components, if applicable. Remove portable equipment that is not room-dedicated, such as Viable Air Samplers.

9.6.2. Roll the Auto-Fillers out of the LAFWs.

9.6.3. Using sterile wipes wetted with sterile Peridox RTU, clean / disinfect the LAFWs and the Auto-Fillers, as per the DAILY cleaning steps 9.1.3.1 and 9.1.3.2.

9.6.4. Using sterile Vileda mops wetted with sterile Peridox RTU, clean / disinfect the cleanroom Ceiling and Walls. Mop in order: Ceiling, Back wall, Side walls, Front wall.

9.6.5. Using sterile wipes wetted with sterile Peridox RTU, clean / disinfect the rest of the room as per the DAILY cleaning steps 9.1.3.4 through 9.1.3.7.

9.6.6. Using sterile Vileda mops wetted with sterile Peridox RTU, clean / disinfect the cleanroom Floors.

9.6.7. Allow surfaces to completely dry; all Peridox RTU must be dry before proceeding.

9.6.8. Repeat the above steps 9.6.2 through 9.6.6 using Spor-Klenz RTU in the same order: LAFWs and Auto-fillers, Ceiling, Back Wall, Side Walls, Front Wall, other equipment and surfaces, then the Floor.

9.6.9. Allow surfaces to completely dry; all Spor-Klenz RTU must be dry before proceeding.

9.6.10. Repeat the above steps 9.6.2 through 9.6.6 using Vesta-Syde SQ 128 RTU, in the same order: LAFWs and Auto-fillers, Ceiling, Back Wall, Side Walls, Front Wall, other equipment and surfaces, then the Floor.

9.6.11. Allow all surfaces to completely dry.

9.6.12. At the cleaner's discretion, residues left by the cleaning agents may be removed using sterile wipes wetted with sterile 70% IPA. This step is optional.

9.7. BETWEEN BATCH Cleaning and Disinfection of Cleanrooms

9.7.1. Clean / disinfect the LAFW surfaces inside the workstation using sterile wipes wetted with sterile 70% IPA.

9.7.2. Clean / disinfect the carts and associated equipment in the mixing room using sterile wipes wetted with sterile 70% IPA upon completion of mixing operations and before bringing materials into the room for the next batch.

9.7.3. All materials going into the cleanroom are to be wiped down with sterile 70% IPA before going into the pass through.

17	18MAR2024	• Updated SOP title from "Environmental Monitoring for the Positive Pressure Cleanrooms" to "Environmental Monitoring of the Controlled Production Areas".
		• Changes throughout the document as per CRM-2023-043:
		  ○ Replaced RCS equipment with MAS-100 Eco
		  ○ Removed references to TC-γ and YM.
		• Updated Responsibilities Section 6 to align with P-213 Personnel Monitoring.
		• Updated both equipment and method for Non-Viable Particle sampling. (Sec. 7.2 and 8.5)
		• Revised Section 8 to make current with site practices. Removed references to ISO 5 Cleanrooms and the General Sampling Procedure. Added Certification requirement and position of Runner. Replaced "Lint-free" with "Low-lint". Regrouped and re-arranged steps for better flow and understanding.
		• Updated Appendices:
		  ○ Appendices 1 and 2 merged and retitled. A-212.b now obsolete
		  ○ Appendix 3 removed as per CRM-2023-037. A-212.c is now obsolete.

Version No.	Effective Date	Changes
18	19JUN2024	• Updated document number from P-212 to SOP-009 for implementation of MasterControl System. • As per CRM 2024-019 replaced BBL™ CultureSwab™ with Millipore™ ICR-Swab,™ Section 7.1.5. • Section 8.2 Added Sterile Technicians to the Environmental Monitoring Certification. • Section 8.4.3 Removed process of using CultureSwab and updated with process for using ICR-Swab • Section 8.9.2 Added ICR-Swab™ incubation temperature and time

2. Purpose

This Standard Operating Procedure (SOP) describes the activities for carrying out Environmental Monitoring (EM) sampling and testing at Olympia Pharmacy.

3. Scope

This SOP applies to all Sterile Pharmacy Technicians, Sterile Pharmacists, Quality Unit personnel, and Sterile Compounding Controlled Areas at Olympia Pharmacy's 503B facility on Conroy Road.

4. Abbreviations and Definitions

Table 4-1: Abbreviations and Definitions

Abbreviation	Description
EM	Environmental Monitoring
CFU	Colony Forming Units
IPA	Isopropyl Alcohol
LAFW	Laminar Airflow Workbench
TSA	Tryptic Soy Agar
SDA	Sabouraud Dextrose Agar
TSB	Tryptic Soy Broth
Term	**Definition**
Action Levels	Established criteria (e.g., microbiological, or particulate levels) that when exceeded, require immediate investigation, including impact to product quality, and corrective action.
Alert Levels	A level that when exceeded indicates when a process might have drifted from normal operating conditions (e.g., microbiological, or particulate levels). An investigation may be performed, and corrective action may be implemented, but no action is required. It can be assumed that repetitive excursions above the alert level may be addressed as if it were an action level.
Aseptic Processing	Handling sterile materials in a controlled environment, in which the air supply, materials, equipment, and personnel are regulated to control microbiological and particulate contamination to specified levels.
Compounding	The process of combining active ingredients, excipients, and solvent components into a homogenous mixture.
Daily	Daily during or after compounding activities are completed, but prior to cleaning.
Environmental Monitoring Program	Defined, documented program that describes the routine particulate and microbiological monitoring of processing areas and includes a corrective action plan when action levels are exceeded.

Abbreviation	Description
Growth Promotion Test	Test performed to demonstrate that media will support microbiological growth.
In-Process	During Compounding Activities of each batch.
Runner	The technician performing material transfer into the filling room.
Sampling Frequency	Established period for collecting samples.
Sterile	Free of any detectable viable organisms. Note: In practice, no such absolute statement regarding the absence of microorganisms can be proven.
Sterilization	Validated process used to render a product free of viable organisms. Note: In a sterilization process, the nature of microbiological death or reduction is described by an exponential function. Therefore, the number of microorganisms which survive a sterilization process, can be expressed in terms of probability. While the probability may be reduced to a very low number, it can never be reduced to zero.
Sterility Test	Test performed to determine if viable microorganisms are present in a specified sample size of a compounded sterile preparation or sterile drug product.

6. Responsibilities

6.1. Sterile Compounding Technicians

6.1.1. Perform and document all sampling activities as assigned in this procedure.

6.2. Quality Unit

6.2.1. Manage execution of all sampling activities.
6.2.2. Manage equipment and supplies necessary for sampling and testing.
6.2.3. If assigned to read and evaluate plates or perform any tasks in the cleanrooms, complete training program as described in Section 8.2.
6.2.4. Initiate a Deviation and determine batch disposition as per P-224, Deviation Management for any Action Level results obtained during the processing of a lot intended for distribution to patients.
6.2.5. Perform trending of EM data and generate corresponding reports.
6.2.6. Monitor compliance of this SOP with all relevant policies and related SOPs.

7. Materials and Equipment

7.1. Materials

7.1.1. Triple-wrapped, sterile 55mm Tryptic Soy Agar (TSA) *with lecithin and Tween® 80* Contact Plates (EMD Millipore 1465520200 or equivalent)
7.1.2. Triple-wrapped, sterile 55mm Sabouraud Dextrose Agar (SDA) *with lecithin, Tween® 80, histidin, and thiosulfate* Contact Plates (EMD Millipore 1465010200 or equivalent)
7.1.3. Triple-wrapped, sterile 90mm TSA Plates (EMD Millipore 1460500120 or equivalent)
7.1.4. Triple-wrapped, sterile 90mm SDA Plates (EMD Millipore 1460050120 or equivalent)
7.1.5. Sterile swabs (Millipore™ ICR-Swab™ 1465290100 or equivalent).
7.1.6. Perforated lid for MAS-100 Eco®
7.1.7. Dust-cover for MAS-100 Eco®

7.2. Equipment

7.2.1. Incubators
  7.2.1.1. Chamber incubator (reach-in or walk-in) capable of maintaining 32.5 ± 2.5°C.
  7.2.1.2. Chamber incubator (reach-in or walk-in) capable of maintaining 22.5 ± 2.5°C.
7.2.2. Portable Viable-Particle Air Sampler (MAS-100 Eco® or similar)
7.2.3. Portable Non-Viable-Particle Air Sampler (Lighthouse 3016-series, Lighthouse Apex Z50, or similar)
7.2.4. Fixed Non-Viable Airborne particle counter (Setra 5000 Series or similar.)
7.2.5. Wireless chamber-temperature monitoring system (Senso-Scientific or similar.)
7.2.6. Wireless Differential Air Pressure Sensor system (Clean Room Design or similar).

8. Procedure

8.1. Quality Control of Growth Media

Prior to utilizing media for environmental monitoring, confirm that each plate meets the quality standards as stated in P-211, Policy on the Environmental and Personnel Monitoring Program.

8.2. Environmental Monitoring Certification

All Quality Unit members and Sterile Technicians involved in the Environmental Monitoring quality system must obtain an Environmental Monitoring Certification.

8.2.1. The Quality Unit EM Certification program includes

8.2.1.1. Classroom lecture presentations and quiz on the following topics:

- Environmental Monitoring Fundamentals
- Environmental/Personnel Monitoring
- Fundamentals of Reading Environmental Monitoring Plates

8.2.1.2. An annual eye examination.

8.2.1.3. The Certification must be renewed annually; if any changes to the Environmental or Personnel monitoring procedure occur within a year, quality must update and complete the Certification.

8.2.2. The Sterile Technician EM Certification program includes

8.2.2.1. Classroom lecture presentations and quiz on the following topics:

- Environmental Monitoring SOP
- Appendix 1 (A-212.a) and Appendix 5 (A-212.e)

8.2.2.2. On-the-job training by Quality Control on The Operation and Maintenance of Air samplers (P-815) and sampling techniques.

8.2.2.3. Environmental Monitoring Competency Assessment.

8.2.2.4. An annual eye examination.

8.2.2.5. The Certification must be renewed semi-annually; if any changes to the Environmental Monitoring procedure occur within 6 months, quality must update and complete the Certification.

8.3. Viable Surface Sampling: Contact Plates

8.3.1. Flat equipment surfaces and room surfaces are sampled using sterile 55mm TSA and SDA Contact plates (triple-wrapped).

8.3.2. **Schedule:** Collect viable surface samples from the ISO Class 5 laminar airflow workbenches (LAFWs), ISO 7 and ISO 8 cleanrooms once daily at the end of all compounding / filling activities but prior to cleaning.

8.3.3. Spray the outer surface of the media plate wrapping with sterile 70% IPA.

8.3.4. Remove the plates from the wrapping and label the outside of all contact plates (plastic side containing the agar) with a sterilized permanent marker OR disinfected pre-printed plastic labels indicating: the sampling date, sample ID, and sampling location.

8.3.5. Remove the lid from each contact plate with one hand. With the other hand, hold the base with two fingers and gently press the plate with a third finger to the surface using a gentle rolling motion. Do not move the plate laterally while sampling.

8.3.6. Sample each location with a contact plate as indicated in Appendices 1 and 5. Replace the lid after sampling, being careful not to touch the agar surface while sampling.

8.3.7. Immediately after sampling, clean any agar residue from the sampled surface with a sterile low-lint wipe and sterile 70% IPA.

8.3.8. The Runner or Quality Specialist must record all viable surface sampling data, including date, media lot, media expiration, incubator ID, and calibration due date. The Sampling technician will sign and date any paper forms indicating the completion of sampling.

8.3.9. Incubate plates and record results as per section 8.9.

8.4. Viable Surface Sampling: Swabs

8.4.1. Irregular (not flat) equipment surfaces are sampled using sterile single-use Swabs.

8.4.2. **Schedule:** Collect viable surface samples from the Filling Needle at the end of every batch filling operation. Collect samples from the Stopper Bowl and Tube Transfer Port once daily at the end of all compounding / filling activities but prior to cleaning.

8.4.3. Tear open the Millipore™ ICR-Swab™ sterile pouch from the slit located on both sides of the pouch.

8.4.4. Stopper Bowl:

8.4.4.1. Twist the blue section directly under the TSB to remove the Swab from the transport tube. Take care not to touch the swab tip.

8.4.4.2. Swab the interior surfaces of the sides of the Stopper Bowl for 3 seconds while rotating the swab. Insert the Swab back into the tube.

8.4.4.3. Snap the reservoir at the top of the Swab containing the culture broth. Squeeze the reservoir until the broth has fully saturated the swab.

8.4.5. Filling Needle:

8.4.5.1. Twist the blue section directly under the TSB to remove the Swab from the transport tube. Take care not to touch the swab tip.

8.4.5.2. Swab the exterior surfaces of the bottom inch of the filling needle for 3 seconds while rotating the swab. The sides of the swab, not the tip, should contact the needle. Insert the Swab back into the tube.

8.4.5.3. Snap the reservoir at the top of the Swab containing the culture broth. Squeeze the reservoir until the broth has fully saturated the swab.

8.4.6. Tube Transfer Port:

8.4.6.1. Snap the reservoir at the top of the Swab containing the culture broth. Squeeze the reservoir until the broth has fully saturated the Swab.

8.4.6.2. Swab the interior surface of the Transfer port, about 2-4 inches from the opening of port for 3 seconds while rotating the swab.

8.4.6.3. Gently press the sides of the swab to the surface of a TSA Contact Plate. Swab the entire surface of the plate using overlapping strokes while rotating the swab. Rotate the plate approximately 90° degrees and repeat the swabbing process.

8.4.6.4. Repeat steps 8.4.6.1– 8.4.6.3 with an SDA Contact Plate.

8.4.7. The Runner or Quality Specialist must record all viable surface sampling data, including date, media lot, media expiration, incubator ID, and calibration due date. The Sampling technician will sign and date any paper forms indicating the completion of sampling.

8.4.8. Incubate plates and record results as per section 8.9.

8.5. Viable Active Air Sampling

8.5.1. Active Viable air sampling uses sterile TSA and SDA 90mm plates (triple-wrapped) and the MAS-100 Eco® sampler. Reference "Operation and Maintenance of Air Samplers", P-815, for operating instructions.

8.5.2. **Schedule:** Collect viable active air samples from each of the ISO Class 5 LAFWs during filling of each batch. If no batch is filled that day, collect a sample from each LAFW once daily. Collect viable active air samples from the ISO 7 and ISO 8 cleanrooms once daily during normal operations.

8.5.2.1. If used in more than one room during the day, the MAS unit must be used beginning with the cleanest room or area classification first and working progressively toward the less-clean room or area classifications.

8.5.2.2. MAS perforated lid and dust cover must be sterilized prior to the first use of the day.

8.5.3. Set the MAS-100 Eco® to take 1000L ($1m^3$) per sample.

8.5.4. Remove the appropriate TSA or SDA 90mm plates from the wrapping. Label all the plates (outside "bottom" half containing the agar) with the sampling date, Sample ID, time, and sampler's initials. Use either a sterilized permanent marker OR disinfected pre-printed plastic labels.

8.5.5. Wipe the outer surface of the MAS-100 Eco® Air sampling unit with a low-lint wipe saturated with sterile 70% IPA.

8.5.6. Place a TSA or SDA 90mm plate on the MAS unit dish support and remove the plate lid.

8.5.7. Remove the sterilized MAS perforated lid and dust cover from the wrapping. Place the plate lid over dust cover to prevent contamination while sampling.

8.5.8. Attach the perforated lid to the MAS unit, and close it by rotating to the right.

8.5.9. Turn on the MAS unit to collect a 1000L sample at each location as indicated in Appendices 1 and 5.

8.5.10. After the sample cycle has completed, remove the plate, and replace the plate cover. Replace the perforated lid and the dust cover on the MAS unit until it is next used.

8.5.11. The Runner or Quality Specialist must record all viable active air sampling data, including date, media lot, media expiration, incubator ID, and calibration due date. The Sampling technician will sign and date forms indicating the completion of sampling.

8.5.12. Incubate plates and record results as per section 8.9.

8.6. Viable Passive Air Sampling

8.6.1. Viable Passive air sampling uses sterile TSA and SDA 90mm plates (triple-wrapped).

8.6.2. **Schedule:** Collect a continuous viable passive air sample from the ISO 5 Filling LAFWs throughout the entire aseptic filling operation. Change the plate every 4 hours as needed to ensure passive air sampling occurs during the full duration of the filling operation. Collect viable passive air samples from the ISO 5 filtering LAFWs and ISO 7 Passthrough during normal operations: including the aseptic setup connections, filtering, and filling of each batch. Change plate(s) every 4 hours as needed.

8.6.3. Spray the outer surface of the media plate wrapping with sterile 70% IPA.

8.6.4. Remove the TSA and/or SDA 90mm plates from the wrapper. Label all the plates (outside "bottom" half containing the agar) with the sampling date, Sample ID, time, and sampler's initials. Use either a sterilized permanent marker OR disinfected pre-printed plastic labels.

8.6.5. Sample each location as indicated in Appendices 1 and 5.

8.6.5.1. **Filter LAFWs and Passthroughs:** Place both of the 90mm plates (TSA and SDA) on the surface, agar side down and remove the lid, placing the lid with the open side down alongside the exposed plate during exposure.

8.6.5.2. **Filling LAFWs:** Place the TSA 90mm plate on the surface, agar side down and remove the lid, placing the lid under the 90mm plate during exposure.

8.6.6. Remove the plate after 4 hours or when operation ends, whichever occurs first, by inverting the lid, so it is facing up, placing the exposed plate onto the lid, agar side up and recording the time the plate is closed.

8.6.7. The Runner or Quality Specialist must record all Passive viable air sampling data, including date, media lot, media expiration, incubator ID, and calibration due date. The Sampling technician will sign and date forms indicating the completion of sampling.

8.6.8. Incubate plates and record results as per section 8.9.

8.7. Non-Viable Active Air Sampling

8.7.1. Non-Viable Active air sampling uses the Setra 5000 Series Airborne Particle Counters, both fixed and portable. If a Setra unit is not available, the portable Lighthouse Handheld 3016 or Lighthouse Apex Z 50 may be used instead.

8.7.2. **Schedule:** Collect Non-Viable Active air samples continuously from the ISO 5 LAFWs during filtering and filling operations. Collect Non-Viable Active air samples daily from the ISO 7 and 8 cleanrooms during filtering and filling operations. Do not collect samples during cleaning.

8.7.3. For In-Process sampling in the ISO 5 LAFWs:

8.7.3.1. Place the sampling device in the upright position.

8.7.3.2. Set the sampling device to record counts in the cumulative mode, which represents the total number of particles that the sampling device counted for particle sizes of either 0.5 particles/m3 and greater, or 5.0 particles/m3 and greater per cycle.

8.7.3.3. Set the sample device to run 1 continuous cycle during the filtering or batching process. Set a 30-second delay to allow placement of the device. Devices are pre-set with the correct flow rate.

8.7.4. For Routine EM Sampling in the ISO 5 LAFW, ISO 7 and ISO 8 areas:

8.7.4.1. Confirm that the fixed Setra unit is operational. If it is, proceed to Step 8.6.5. If it is not, notify Quality immediately and proceed to Step 8.6.4.2.

8.7.4.2. Obtain a portable sampler unit. Place the sampler in the slanted position at sample locations located in Appendices 1 and 5.

8.7.4.3. For routine sampling, set the sample device to run 1 ten-minute cycle at each location. Set a 30-second delay to allow placement of the device. Devices are pre-set with the correct flow rate.

8.7.5. Recording Non-Viable Air Sample Data

8.7.5.1. Setra 5000 series devices: download the data to a USB drive, then display the data on a computer screen.

8.7.5.2. Lighthouse devices: Read the data directly from the screen on the device.

8.7.5.3. For electronic batch records, process-specific EM data is recorded in Section 8.2 of the MasterControl electronic production batch record.

8.7.5.4. For paper batch records, refer to Appendix 6 (A-212.f) for the list of paper forms to be used for recording process-specific EM data results.

8.7.5.5. For routine EM (non-process-specific), first check to see if a MasterControl record option has been enabled. If it has, record the data in MasterControl. If no electronic record option is available, refer to Appendix 6 (A-212.f) for the list of paper forms to be used for recording EM data results.

8.7.5.6. The Sampling technician will either make the MasterControl entries, or sign and date the forms indicating the completion of sampling.

8.7.5.7. The results recorded onto the forms are independently reviewed and verified against the results on the Lighthouse or Setra readout and approved by the Quality Unit.

8.7.5.8. A Quality Unit Specialist must also download the particle counts data from device Weekly to correspond with written documentation.

8.7.5.9. In case of any Action Level results within the laminar air flow work benches (LAFWs) and ISO 7 filling cleanrooms, stop all compounding activities and notify Quality Unit Manager or designee for instructions and investigation.

8.8. Room Condition Monitoring

8.8.1. Continuous monitoring of the Controlled Production Areas for temperature and humidity, and the ISO-classified cleanrooms for differential pressure is performed by the fixed Continuous Monitoring systems described in SOP# P-225.

8.8.2. Throughout the day, the room conditions are visually observed for any excursions from set specifications.

8.8.3. If any out-of-specification is observed during compounding activities in the mixing room, ISO 7 cleanrooms, and/or LAFWs, proceed as follows:

8.8.3.1. Notify Quality Unit personnel immediately.

8.8.3.2. Quality will make an assessment for impact to compounding and notify technicians on how to proceed.

8.8.4. For requirements for continuous monitoring system documentation and review, refer to P-225, Continuous Monitoring Systems.

8.9. Incubating Plates & Reading Test Results

8.9.1. Put plates into the incubator on their lids, with the agar-half of the plate on top, surface facing down. Organize the plate location by sampling date to minimize the time the incubator door is kept open when the plates are removed.

8.9.2. Incubate TSA media plates at 30 to 35°C for 3 to 5 days and the SDA media plates at 20 to 25°C for 5 to 7 days. Incubate Millipore™ ICR-Swab ™ at 30 to 35°C for 3 to 5 days and monitor for turbidity. In case of a Holiday that affects the incubation schedule, the media validation VSR-PRO-212-002 report states that exposed TSA media plates may be incubated for a maximum of 10 days at 30 to 35°C. If after the extended incubation, any of the TSA plates exhibit desiccation, Quality will treat those plates like an action level.

8.9.3. Read the plates on a stainless steel surface in the Controlled-Not-Classified Area. The 2nd floor is preferred, but the 1st floor is acceptable if the 2nd floor is not available.

8.9.4. Count the number of discrete colonies on each plate sampled from the LAFWs and report as CFU per plate on the appropriate Environmental Monitoring record.

8.9.4.1. For electronic batch records, process-specific EM data is recorded in Section 8.2 of the MasterControl electronic production batch record.

8.9.4.2. For paper batch records, refer to Appendix 6 (A-212.f) for the list of paper forms to be used for recording EM data results.

8.9.4.3. For routine EM (non-process-specific), first check to see if a MasterControl record option has been enabled. If it has, record the data in MasterControl. If no electronic record option is available, refer to Appendix 6 (A-212.f) for the list of paper forms to be used for recording EM data results.

8.9.5. All plates, whether positive or negative for growth, must be reviewed and verified against the results recorded onto the sampling form or in MasterControl by a member of the Quality Unit.

8.9.6. In the unlikely event that the verifying Quality Unit member is not immediately available, plates awaiting verification will be returned to the incubator on the bottom-most shelf. Plates are allowed to be held in the incubator for a maximum of 4 hours.

8.9.7. Clean Stainless-Steel surface with sterile 70% IPA and a low-lint wipe after recording the information.

8.10. Results / Excursions:

8.10.1. Evaluate each individual sampling result from the monitoring for its significance by comparison to the alert and action levels specified in Appendix 4 (A-212.d).

8.10.2. Identify samples suspected or known of contamination after initial sampling with an X across plates. The Quality Unit will then be notified by Production of contamination. A Quality Unit representative and Production Pharmacist will initial the sample before placing it in the incubator. A note on the form will document any suspected or known contamination after sampling. These samples will be sent to Analytical Research Lab (ARL) for bacterial identification at the species level.

8.10.3. Report action level excursions to the Quality Unit Manager immediately. Excursions must be recorded, investigated, and documented in a Deviation report, including a product impact assessment according to SOP P-224 Deviation Management.

8.10.4. The observance of two consecutive alert level excursions recovered from a given sample site is considered an action level.

8.10.5. Send plates with growth exceeding alert or action levels including all plates with any growth recovered from the ISO 5 LAFW for identification to species level.

8.10.6. The results of the identification must be included in the investigation with special attention paid to the repeated recovery of molds, gram-positive spore-forming and gram-negative organisms.

8.11. Environmental Monitoring Data Trending

8.11.1. Generate trend reports monthly, quarterly, and annually to assess the general state of environmental control, normally organized by room classification.

8.11.2. The environmental monitoring data may be further organized by room, sampling location, personnel, or other parameters of significance as required, e.g., when trends are detected.

8.11.3. Monthly trend reports include, but are not limited to:

- A tally of the total numbers of samples taken and the number of alert and action level excursions that occurred during the month, along with a description of the excursions that occurred.
- A summary of any investigations performed in response to action level excursions and corrective / preventive action taken as applicable.

8.11.4. Quarterly trend reports include, but are not limited to:

- All aspects of the monthly trend report
- A data comparison to the previous quarter with respect to frequencies of alert and action level excursions, recovery rates, and microbiological identification profile with conclusions made regarding the presence or absence of any differences or trends
- Control charts plotting the results with lines indicating the alert and action levels
- Contamination recovery rates for each classified area
- Microorganism identification profile for the quarter
- Identification of any potential CAPA to address adverse trends
- Root cause of any deviation mentioned in the Monthly report

8.11.5. Annual trend reports include, but are not limited to:

- All aspects of the quarterly report
- An overall evaluation and conclusions of the environmental monitoring results for the year including the frequencies of alert and action levels, the relative recovery rates, and microbiological identification profile
- Alert levels in the ISO 7 or ISO 8 areas may be adjusted down, based on the data to make these levels more sensitive for detecting developing trends

1.2 Version History

Version No.	Effective Date	Changes
1	10MAR17	Initial release.
2	19MAR18	Refer to Version 6 for complete version history
3	12OCT20	
4	07SEP21	
5	12OCT21	
6	07JAN22	
7	16JAN2023	• Reformatted entire SOP. • Added detail in Section 5 Definitions. • Added detail in Section 8 describing when a second 100% visual inspection is appropriate. • Section 8.3 added to provide more detail in qualifying technicians for visual inspection. • Section 8.5 added detail for supplemental inspection of lyophilized vials. • Forms removed as attachments, are now separate documents. Also: o F-203.a reformatted to incorporate -b, -c, and -d. Those forms are now obsolete. o F-203.e reformatted for improved ease-of-use. o F-203.f split into two forms. Part A remains -f, Part B is now F-203.j. o F-203.g and -h are obsolete. o F-203.k is for AQL inspections. o F-203.m is supplemental inspection for lyophilized products only.
8	06FEB2023	• Section 8.7.2: changed rest period interval and the documentation requirement. • Forms F-203.f, F-203.k, and F-203.m revised to maintain alignment with parent SOP. • Adding F-203.p for additional inspection stations being brought on-line.
9	17MAR2023	• Revised section 8.7 to include the documentation of rest period intervals.
10	02JUN2023	• Sections 7.1 and 8.5.2: Changed equipment specification to include any model that is functionally equivalent to the listed model.

Version No.	Effective Date	Changes
11	19APR2024	• Regrouped and re-arranged sections for better flow and understanding. • Sec. 8.1: Added information on certification program • Sec. 8.4: Revised Test Kit ID's • Sec. 8.5: Edited to remove impertinent or redundant text. • Sec. 8.10: Added more detail in Visual Inspection of lyophilized vials. • Removed requirement for tracking and trending • Sec. 9 Appendices 1, 2 and 3 removed and re-named. Appendix 1, renamed to Figure 1 Section 8.11.8, Appendix 2 renamed to Figure 2 Section 8.11.9, Appendix 3 renamed Section 8.4.8 Note.
12	13SEP2024	• Updated document number from P-203 to SOP-007 for implementation of MasterControl System. • Section 9.2.7 added more detail in qualifying technicians for visual inspection. • Section 9.4.4 updated Table 9-1 cap colors: Test Kit IDS: CCS-2.5 from Red to Ochre; CLP-3 from Brown to Red and CLP-2 from Pumpkin to Brown.

2. Purpose

The purpose of this procedure is to describe the requirements for the 100% Visual Inspection process for sterile injectable products produced at Olympia Pharmaceuticals (Olympia).

3. Scope

This procedure applies to the visual inspection of all sterile injectable products produced at Olympia's 503B Outsourcing facility on Conroy Road.

4. Acronyms and Definitions

Table 4-1: Acronyms and Definitions

Acronym	Description
ANSI	American National Standard Institute
AQL	Acceptable Quality Limit
ASQ	American Society for Quality
IPA	Isopropyl Alcohol
Refer to *Policy on Document Control* (P-215) for common abbreviations and acronyms.	
Term	**Definition**
Acceptable Quality Limit (AQL)	The maximum number of defective units considered acceptable in a particular sample size.
Essentially Free of Visible Particulates	When injectable drug products are inspected as described herein, no more than the specified number of units may be observed to contain visible particulates
Acceptance Sampling and Testing	Inspection of a statistically significant sample set pulled from the acceptable units of a batch from the 100% visual inspection.
Particulate Matter	Extraneous mobile undissolved particles, other than gas bubbles, unintentionally present in the solutions.
Extrinsic Particles	Particles that are not associated with the manufacturing process, e.g. hair, insect parts, dust, or other inorganic or organic materials.
Intrinsic Particles	Particles that are associated with the process, e.g. from processing equipment, primary packaging materials, foil, steel, glass, etc.
Inherent Particles	Particles directly from the associated product but not included in the product description, e.g. precipitation.

Critical Defect	Those defects that may cause serious adverse reaction or death of the patient if the product is used.
Major Defect	Those defects that carry the risk of a temporary impairment or medically reversible reaction or involve a remote probability of a serious adverse reaction.
Minor Defect	Those defects that do not impact product performance or compliance; they are often cosmetic in nature, affecting only product appearance or pharmaceutical elegance.
Manual Visual Inspection	Method where the units to be inspected are handled by a technician without any help of a transportation or vision system other than an appropriate light source and a white and black inspection background.

6. Responsibilities

6.1 Quality Assurance (QA)

Select members of the Quality Unit will be chosen for the Visual Inspection Team. These personnel will:

6.1.1 Provide Quality oversight over the training and qualification of the visual inspection technicians and ensure compliance with this procedure.
6.1.2 Be qualified to perform the 100% inspection (initial and annual qualification)
6.1.3 Monitor the effectiveness of each 100% visual inspection process by performing AQL acceptance sampling and inspection.
6.1.4 Pass a visual acuity exam on an annual basis to support performing the AQL inspection.
6.1.5 Investigate and document non-conforming results post review of the visual inspection of finished drug products.
6.1.6 Institute a Corrective Action and Preventive Action (CAPA) plan when necessary.

7. Inspection Technician

Inspection Technicians will generally be chosen from the pool of Sterile Pharmacy Technicians. Additionally, Front-End Pharmacy Technicians and Sterile Production Pharmacists can be trained as Visual Inspection Technicians. These personnel will:

7.1.1 Pass a visual acuity exam on an annual basis to support performing the 100% visual inspection.

7.1.2 Complete the training and qualification to perform the 100% inspection (initial and annual qualification)

7.1.3 Perform 100% Visual Inspections on products following this procedure.

8. Materials and Equipment

8.1 Visual Inspection Booth, Bosch MIH-LX Light Station or equivalent. Must have:

- Non-glare white and matte-black backgrounds
- Two non-flickering lamps above the inspection area able to provide light intensity at each inspection point in the range of 2000 to 3750 Lux.

8.2 Dedicated Inspection Workstation. Must have:

- Booth equipment described above
- Sufficient space to maintain separation between inspected, uninspected, and rejected product.
- Sufficient separation (e.g., mobile walls, separate tables) between different workstations to reduce distraction and maintain separation between different lots of products.

8.3 Light Meter with NIST-Traceable Calibration, Digi-Sense Data Logging (or equivalent)

8.4 70% IPA or 70% IPA saturated wipes

8.5 Low-lint wipes

9. Procedure

9.1 Visual Inspection Certification Program

The program includes a combination of training materials, SOPs, on-the-job training, and testing. Inspector candidates are trained in relevant cGMP requirements.

9.1.1 The Certification program includes:

- Classroom lecture presentation. Discuss any questions with the trainer
- Quiz (F-203.q) on P-203, with a passing score of 80%
- An eye exam within the previous 12 months showing 20/20 vision (with correction if needed).
- No impairment of color vision exam
- On-the-Job training with QA trainer.
  - Technician must view both clear and amber glass vials containing each type of defect relevant to Olympia products to learn how to detect and categorize them.
- Successfully inspect each visual qualification test kit three (3) times.

9.2 Technician Qualification

9.2.1 Once the trainer has confirmed initial training has been successfully completed, the technician is ready for initial qualification.

9.2.2 If corrective lenses are required to achieve 20/20 vision, they must be worn during qualification.

9.2.3 Technician records test answers on the Visual Inspection Qualification Form, F-203.a.

9.2.4 The acceptance criteria for detecting true defects is ≥ 80%.

9.2.5 The acceptance criteria for false rejects is ≤ 5%.

9.2.6 Trainer scores the tests and records the results on F-203.a.

9.2.7 Technician must be qualified on all eleven test kits prior to performing Visual Inspection for any product. All eleven test kits must be completed in one working day to simulate worse-case conditions.

9.2.8 If a technician fails any test kit (initial or re-qualification):

9.2.8.1 Trainer must examine any defect missed by the trainee to verify adequacy of the unit, i.e. ensure the defect is still present and observable.

9.2.8.2 Trainer must examine any false reject to verify that the unit has not been damaged or degraded and is now exhibiting a defect not previously present.

9.2.8.3 Retraining should be initiated to allow the technician to receive additional instruction prior to attempting to repeat the qualification.

9.2.8.4 If qualification is not achieved after 3 attempts (for any of the test kits), the technician must wait 3 months before the next attempt.

9.3 Requalification:

9.3.1 All visual inspection technicians, including those in QA, must requalify at least annually.

9.3.2 More frequent requalification may be required if determined by the supervisor or QA.

9.3.3 Personnel are considered requalified upon completing a single successful inspection of each qualification test kit using the same acceptance criteria as used for initial qualification.

9.3.4 Annual visual acuity exam.

9.4 Visual Inspection Test Kits

9.4.1 Each kit is prepared and approved by a Quality Unit visual inspector team member.

9.4.2 Visual inspection test kits are composed of common production defects that range from cosmetic abrasions to the presence of particulate matter.

9.4.3 Particulate defects in the test kits should be detectable but small enough to provide a suitable challenge during qualification.

9.4.4 There are separate test kits for each product type (e.g. aqueous, oil based, colored solution, lyophilized product), container type (e.g. clear or amber glass) and size, using the lowest and highest production fill volume for each selected container. Test kits are coded as follows:

Table 9-1: Test Kit Contents

Test Kit ID	Appearance & Contents					
	Vial Size	Fill Volume	Glass Color	Cap Color	Product Appearance	Product Form
ADS-30	30 mL	30 mL	Amber	Pumpkin	Dark	Liquid
AOS-30	30 mL	30 mL	Amber	Black	Oil	Liquid
ACS-30	30 mL	30 mL	Amber	Lilac	Clear	Liquid
ADS-10	10 mL	10 mL	Amber	Blue	Dark	Liquid
CCS-10	10 mL	10 mL	Clear	Turquoise	Clear	Liquid
ACS-10	10 mL	10 mL	Amber	Light Blue	Clear	Liquid
ACS-5	10 mL	5 mL	Amber	Black Stripe	Clear	Liquid
CCS-3	10 mL	3 mL	Clear	Green Stripe	Clear	Liquid
CCS-2.5	10 mL	2.5 mL	Clear	Ochre	Clear	Liquid
CLP-3	10 mL	3 mL	Clear	Red	Lyophilized	Powder: Cake
CLP-2	10 mL	2mL	Clear	Brown	Lyophilized	Powder: Cake

9.4.5 Each test kit has between 10% and 20% of the units containing defects, with the rest of the kit containing units that have been verified to have no defects.

9.4.6 Test kits used for training or qualification must be verified and documented on a periodic basis semi-annually to include at least the following:

- The known defects are still visible and unchanged.
- No new defects have been inadvertently introduced (e.g. container-closure defect).

9.4.7 The test kits must be updated, as required based on their verification results.

9.4.8 Each unit in the test kit should be marked with a unique code (e.g. number or alpha-numeric) that identifies if the unit has a defect of not, and defect type as applicable. Only the trainer or other designated personnel should have access to the Defect Code Key that is used to score each test.

Note: The test kit answer keys are limited-access documents and are not available for general viewing. They will be maintained and updated as needed by the Quality Department. In order to facilitate independent revision, they will be assigned document number F-203.n.

9.4.9 Each test kit must be evaluated using F-203.a, Visual Inspection Qualification Form.

9.4.10 Upon introduction of a new product to be compounded at Olympia the following is required:

- Evaluate the new product (e.g. appearance, fill volume, container-closure type and size) and determine if the product falls into an existing group.
- If the new product is considered significantly different, a new test kit representing this product will be required. All technicians must be qualified with this new kit.

9.5 Inspection Process Overview

9.5.1 Injectable products undergo a 100% Inspection for manufacturing and primary packaging defects and the presence of particulate matter. They must be inspected after the containers are sealed, but prior to labeling and secondary packaging. Refer to form F-203.f for the complete list and descriptions of defects.

9.5.2 After 100% Inspection, a statistically valid representative sample (as per ANSI / ASQ Z1.4) is taken from the acceptable vials and re-inspected by QA. This ensures that the number of any remaining defects does not exceed established Acceptable Quality Limits (AQLs).

9.5.3 For lyophilized products, supplemental destructive testing (reconstitution) and inspection will be performed on a representative sample to enable the detection of particulates.

9.5.4 If the acceptance criteria of the sampling plan are not met, a Deviation will be opened as per P-224 *Deviation Management*.

9.5.5 The investigation will include forensic characterization of the particles or other defect, as well as examinations of the entire production lifecycle including the 100% inspection process.

9.5.6 If after investigation, the inspection process is deemed capable of detecting the defect(s) in question, the batch may be reinspected.

9.5.7 After the 100% reinspection, a new AQL inspection is performed.

9.6 Preparation of Inspection Area

9.6.1 Before using each inspection station, inspect the area to ensure that all product and other materials from the previous inspection have been removed. Wipe down the inspection station with 70% IPA and document onto F-203.f Visual Inspection Form.

9.6.2 Turn on the Bosch MIH-LX or equivalent inspection hood by turning the power entry module off/on switch at the back of the hood.

9.6.3 Test the light intensity within the inspection area of the hood with the calibrated data logging light meter prior to the first inspection of the day.

9.6.3.1 The light intensity must be between 2000 and 3750 LUX.

9.6.3.2 If the light intensity does not meet the specification the booth must be tagged out of service and repaired prior to any further use.

9.6.3.3 Document the results of the light intensity test on F-203.e and F-203.p, Daily Light Check Log.

Note: It is recommended to have spare bulbs on hand to ensure continuity of operations.

9.6.4 Ensure the light intensity is verified by a second person and documented onto F-203.e.

9.7 Delivery of Product and Preparation for Inspection

9.7.1 Receive delivery of the finished product to be inspected to the inspection area. Allow only one lot of product in the inspection area at any time of use.

9.7.2 Record the following information onto F-203.f for the product type being inspected:

- Product Name
- Lot Number
- Station / Table Number

9.7.3 Attach in-process product identification labels on separate containers in the inspection area to receive inspected vials that are further identified as "Inspected – Acceptable" for those vials that passed inspection with no defects, or "Inspected – Defects", for those vials that failed inspection with defects detected. Maintain segregation of the "Acceptable" vials and "Defects" vials throughout the inspection process.

9.8 100% Visual Inspection

9.8.1 Make sure the product is at room temperature prior to the inspection so that condensation does not form on the exterior of the vials.

9.8.2 Each technician must take, at a minimum, a five to eight-minute break after each 60 minutes of inspection to avoid eye fatigue. Record the time at which an eye break is taken onto form F-203.f.

9.8.3 Examine the exterior surface of the glass vial for residue or stains. Clean with a non-shedding wipe and 70% IPA to clean out any stain or residues, as necessary.

9.8.4 Place each vial next to a designated sterile water-filled glass vial of the same size and fill volume whose volume has been verified by measurement (control vial) and compare the fill level in both vials. Compare the fill level in both vials to detect overfills and underfills.

Note: The control vial MUST have a different cap that is a different color than the vials being inspected, be appropriately labeled indicating its contents and accounted for and documented as part of the final line clearance.

9.8.5 Ensure that the "Begin Inspection" is shown on the LED display of the inspection station.

9.8.6 Place vial into the visual inspection zone as close to the light source as possible, to inspect for particles.

9.8.6.1 Location of vial for white background: Approximately 9 inches from the right side of the station and 5 inches forward from the background.

9.8.6.2 Location of vial for black background: Approximately 10 inches from the left side of the station and 5 inches forward from the background.

9.8.7 Hold the vial by the neck and invert the vial 180° two to four times to mix the contents and ensure contact with the closure. Do not shake the vial.

9.8.8 Gently swirl the vial so that the liquid inside is in motion and inspect for 5 seconds taking care not to create bubbles.

Notes:

(1) There is a photoelectric sensor mounted over both the white and black backgrounds of the machine. When the glass vial is presented to the white background, the system will confirm with an audible tone and a yellow LED indicator lamp will illuminate. Observe the vial for 5 seconds in front of white background, then repeat in front of the black background. The MIH-LX system has a timer and sensor to notify the technician if the vial is removed from the background in less than 5 seconds.

(2) During the "white background" inspection, if the technician's hand or any object triggers the "black background" sensor, the system will alarm with the message "container expected at white background". The alarm is silenced by removing the hand or object from the "black background" area and returning it to the "white background" area. When the container is presented to the white background, the inspection timer will continue.

(3) The MIH-LX is equipped with a "Timer Reset" button. Pressing the reset button at any point in the inspection sequence restarts the sequence at the "Begin Inspection" screen so the technician can restart their inspection.

9.8.9 Move the vial to the black background after the white background timer has completed and the message "move to black" appears on the LED screen. Repeat the inspection process.

Note: Once the vial is presented to the black background, the inspection hood will confirm the photoelectric sensor was activated by emitting an audible tone and the "Green" indicator lamp will illuminate.

9.8.10 Inspect vial against the black background until the station emits an audible tone to signal "end of inspection" on the LED screen.

9.8.11 During inspection, immediately report any uncommon critical characteristics, e.g. discrepancy in product appearance, wrong component, etc. to the supervisor and Quality Assurance.

9.8.12 Document the occurrence of each observed defect onto F-203.f.

Note: If a vial has multiple defects record the defect of the highest criticality onto the form.

9.8.13 Place each inspected vial with a defect(s) into containers and label each with the lot number and defect type.

9.8.14 Place the containers with the defective vials identified as defects and with the in-process label and store in the defective product cabinet.

9.8.15 Place the inspected vials that do not have defects into containers identified with the in-process label plus "Visually Inspected Product" signage.

9.8.16 At the completion of inspection, each inspector must record the following total quantities onto F-203.f

- Number of vials inspected
- Number of passing vials with no observable defects.
- Number of vials with defects
- Number of defects classified by defect type.

9.8.17 Tabulate the inspection results from each inspector for the batch onto F-203.j Quality Assurance Post-Inspection Review Form recording the following:

- Total number of vials inspected
- Total number of passing vials with no observable defects
- Total number of vials with defects
- Total numbers of defects classified by defect type
- Total numbers and reject rates (%) of vials with Critical, Major, and Minor defects

9.8.18 Compare the reject rates to the below Alert and Action levels.

- Critical Defects: Alert = N/A / Action = 1%
- Major Defects: Alert = 1% / Action = 2%
- Minor Defects: Alert = 2% / Action = 3%

9.8.19 Contact the supervisor and Quality Assurance if any of the Alert or Action levels are exceeded. If an Alert or Action level is exceeded, the "defective" vials must be re-inspected by a second, qualified inspector from Quality Assurance to verify the defects. Document the results of the defect verification onto F-203.j.

9.8.20 Document any occurrences where the re-calculated reject rates no longer exceed the Action levels based on the re-inspection of the defects by a second inspector including the justification (e.g. defects originally identified as "particles" were verified to actually be bubbles and therefore are considered acceptable).

9.8.20.1 Discuss any discrepancies with the technician who performed the initial 100% inspection and re-train and/or re-qualify if deemed necessary.

9.8.20.2 Re-calculate the reject rates, if required based on the results of the defect verification of the "defective" vials.

Note: Frequent invalidation of vials initially determined to have defects may be an indication of a problem with the inspection process and/or the technicians and may need to be investigated.

9.8.21 Open an investigation following P-224, *Deviation Management* and this procedure for any batches that still exceed Action levels after the re-inspection of the "defective" vials.

9.8.22 Based on the outcome of the investigation, a second 100% inspection may be performed following the initial 100% inspection exceeding an Action level incorporating any CAPA identified in the investigation, as applicable. The decision to perform a second 100% inspection must be approved by Quality Assurance.

9.8.23 Investigate the batch further if an Action level is exceeded after the second 100% inspection.

9.8.24 Sign and date the form once it is completed, which is also signed and dated by the reviewer.

9.8.25 Store the non-rejected "Good" vials in Quarantine status in the designated in-process storage area.

9.8.26 Complete the visual inspection form for batch that has been 100% inspected.

9.9 Physical Visual Inspection of Lyophilized Products

9.9.1 Invert vial 180 degrees so that the base of the cake is facing up for inspection of the bottom of the vial

9.9.2 Inspection entails checking for the vial integrity as well as the cake integrity.

9.9.3 Spin vial around to ensure no particles are present.

9.9.4 Ensure the product is airtight sealed with a stopper and cap

9.9.5 After physical visual inspection, refer to section 8.10 Supplemental Inspection (for lyophilized products only)

9.10 Supplemental Inspection (for lyophilized products only)

9.10.1 Upon successful completion of the 100% visual inspection, representatively sample 20 vials from the non-rejected "Good" vials.

Note: The sample size of 20 vials is based on ANSI/ASQ Z1.4 Special Inspection Level 4 and an AQL = 0.65%, which corresponds to "Accept" = 0 defects and "Reject" = 1 defect.

9.10.2 Reconstitute each of the 20 vials with 0.2µm-filtered, particle-free Water for Injection to the specified fill volume in a clean environment with appropriate particle-control measure, taking care to avoid contamination during reconstitution that can lead to false-positive results.

9.10.3 Visually inspect each reconstituted vial following the same procedure as used for the 100% inspection and record the results onto F-203.m.

9.10.4 The supplemental inspection meets requirements if no visible particles are detected.

9.10.5 Contact the supervisor and Quality Assurance if particles are detected in one (1) or more of the 20 reconstituted vials. The "defective" vial(s) must be re-inspected by a second, qualified inspector from Quality Assurance to verify the defect. Document the results of the defect verification onto F-203.m.

9.10.6 Open an investigation following P-224 and this procedure. The investigation should consider the potential of the particle being from the batch or inadvertently added during reconstitution.

9.10.7 Based on the outcome of the investigation, a second supplemental inspection may be performed incorporating any CAPA identified in the investigation, as applicable. The decision to perform a second supplemental inspection must be approved by Quality Assurance.

9.11 AQL Inspection

9.11.1 Determine the required Sample Size Code from Figure 1 by lining up the batch size with ANSI/ASQ Z1.4 General Inspection Level II. The sample size and acceptance / rejection values next determined based on the AQLs assigned to each defect category as follows:

- Critical Defect AQL = 0.10%
- Major Defect AQL = 0.65%
- Minor Defect AQL = 1.5%

9.11.2 Determine the required sample size from Figure 2 by lining up the Sample Size Code with the Critical defect AQL to find the correct row on the table. If needed, follow the down arrows in the appropriate column until reaching the first row with "Ac / Re" numbers indicated. Obtain the sample size associated with the row.

9.11.3 Sample the required number of vials randomly from the 100% inspected "Good" vials.

9.11.4 Inspect the sampled vials following the same inspection process used for the 100% inspection process and record the results onto F-203.k, AQL Inspection Form:

- Total numbers of defects classified by defect category (Critical, Major, or Minor)
- Total numbers of defects within each category subclassified by defect type.

9.11.5 Open an investigation for any batches where the number of defective vials observed exceeds the AQL inspection criteria following P-224 and this procedure.

9.11.6 Based on the outcome of the investigation, a second 100% inspection may be performed following the failed AQL inspection incorporating any CAPA identified in the investigation, as applicable. The decision to perform a second 100% inspection must be approved by Quality Assurance.

9.11.7 Repeat the AQL inspection following any second 100% inspection.

9.12 Investigations and Batch Release

9.12.1 Open an investigation following P-224 if any of the following events occur:.

- A reject level during the 100% or supplemental inspection exceeds the Action level.
- The number of defective vials exceeds the AQL inspection criteria.
- Any other reasons that inspection results are considered atypical, or there are concerns about the suitability of the product.

9.12.2 Examine all potential factors that could contribute to the occurrence of exceeding the inspection action levels or a failed AQL inspection including the adequacy of the 100% inspection process and the inspection technicians.

9.12.3 Review past 100% inspection and AQL performance history for the same product, container-closure type, and/or process.

9.12.4 Identify a Corrective Action and Preventive Action (CAPA) based on the identified root cause or most probable root case, as appropriate to eliminate its occurrence or recurrence following P-218, *Corrective Action and Preventive Action (CAPA) System*. If the investigation results in a recommendation that no CAPA is warranted, the justification for no CAPA must be documented.

9.12.5 Recommend batch disposition based on the results of the investigation including the results of the 100% and AQL inspections and re-inspections.

9.12.6 All supporting documentation must be attached to the Investigation form.

Section 7: Laws pertaining to engaging in the practice of pharmacy at a location other than the site of a licensed pharmacy. Please read Section 7 in its entirety. By signing this application, you attest you have read and understood the components in this section.

A. NAC 639 - For all registered pharmacists engaging in the practice of pharmacy at a location other than the site of a licensed pharmacy

1. While engaging in the practice of pharmacy at a location other than the site of a licensed pharmacy, a registered pharmacist may perform only:
    a. The functions described in paragraphs (b), (c), (d) and (g) to (j), inclusive, of subsection 1 or NRS 639.0124, except for dispensing or administering drugs;
    b. The functions described in section 4 of LCB File No. R036.21, except for dispensing a self-administered hormonal contraceptive; and
    c. The administration of immunizations pursuant to a written protocol established in accordance with NAC 639.297 to 639.2978, inclusive.
2. A registered pharmacist who engages in the practice of pharmacy at a location other than the site of a licensed pharmacy shall:
    a. Provide written notice of the site of practice to the Executive Secretary in accordance with NAC 639.225 on this application; (NAC 639.225 states that a Nevada pharmacist, within 10 days after changing residence or place of practice, must give written notice of the change to the Board.)
    b. Ensure that the records of the registered pharmacist are made readily accessible to members of the Board and employees, agents and designees of the Board; and
    c. Comply with all applicable federal and state laws and regulations, including, without limitation:
        i. The Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, and the regulations adopted pursuant thereto, and any other applicable federal or state law concerning the privacy of information regarding health care; and
        ii. Requirements relating to the maintenance or records.
3. A registered pharmacist who engages in the practice of pharmacy at a location other than the site of a licensed pharmacy shall not maintain an inventory of drugs at that location.
4. A registered pharmacist shall not engage in the practice of pharmacy at a location other than the site of a licensed pharmacy if he or she:
    a. Serves as a managing pharmacist; or
    b. Provides pharmaceutical services at:
        i. A facility for modified medical detoxification, as defined in NRS 449.00385;
        ii. An independent center for emergency medical care, as defined in NRS 449.013;
        iii. A facility for intermediate care, as defined in NRS 449.0038;
        iv. A facility for skilled nursing, as defined in NRS 449.0039; or
        v. A surgical center for ambulatory patients, as defined in NRS 449.019.

B. NAC 639 - For a registered pharmacist who is employed by or under contract with a Nevada licensed pharmacy or a Nevada State Government entity.

For a registered pharmacist who is employed by or under contract with a pharmacy or who is an employee of the State Government may engage in the practice of pharmacy at a location other than the site of a licensed pharmacy shall not engage in the practice of pharmacy at a location other than the site of a licensed pharmacy unless he or she is provided with the same computerized system and access to data regarding a patient for whom a prescription has been submitted that is available to a registered pharmacist in the pharmacy. Such data must include, without limitation:

a. A legible copy of the prescription that is available as an electronic copy or a scanned image in the computerized system of the pharmacy or by facsimile machine; and
b. Any information that is available in the computerized system of the pharmacy that is relevant or necessary for the registered pharmacist to provide pharmaceutical services.

C. NAC 639.403 - For a registered pharmacist who is NOT employed by or under contract with a Nevada licensed pharmacy or a Nevada State Government entity.

For a registered pharmacist who is NOT employed by or under contract with a pharmacy or who is an employee of the State Government shall not engage in the practice of pharmacy at a site other than the site of a licensed pharmacy unless he or she obtains the approval of the Board to engage in the practice of pharmacy at a site other than the site of a licensed pharmacy. To request such approval, the registered pharmacist must submit this application. The application must be approved before a registered pharmacist may commence any practice.

D. NAC 639.4916 - For a registered pharmacist who is employed by or under contract with a Nevada licensed pharmacy located within a hospital or correctional institution.

1. A registered pharmacist who is employed by or under contract with a pharmacy located within a hospital or correctional institution to provide the remote chart order processing services to the hospital or correctional institution that the pharmacy is required by NAC 639.4915 to provide must:
    a. Be trained in the policies and procedures of the hospital or correctional institution regarding all policies and procedures of the hospital or correctional institution with which the registered pharmacist must comply, including, without limitation, the provisions of pharmaceutical services, security, and confidentiality of patient records; and
    b. Be provided with the same computerized system and access to data regarding a patient for whom a chart order has been submitted that would be available to a registered pharmacist employe by the pharmacy located within the hospital or correctional institution, including, without limitation:
        i. The height, weight and age of the patient and any allergies that the patient may have;
        ii. The medical records regarding any medications prescribed to the patient;
        iii. The results of any relevant laboratory tests;
        iv. The health history and notes regarding physical examinations, to the extent that the information is available in the computerized system of the hospital or correctional institution;
        v. Any notes provided by a physician, nurse or other medical staff of the institution, to the extent that those notes are available in the computerized system of the hospital or correctional institution;
        vi. A legible copy of the chart order that is available through a scanned image in the computerized system of the hospital or correctional institution or by facsimile machine; and
        vii. Any other information that is available in the computerized system of the hospital or correctional institution that is relevant or necessary for the registered pharmacist to provide pharmaceutical services.
2. Before a registered pharmacist who is employed by or under contract with a pharmacy located within a hospital or correctional institution provides remote chart order processing services to the hospital or correctional institution, the registered pharmacist must review any relevant information regarding the patient for whom a chart order has been submitted. The registered pharmacist must, before approving a chart order to be filled, evaluate:
    a. The overutilization or underutilization of a medication;
    b. Therapeutic duplication;
    c. The appropriateness of the prescribed dosage and route of administration;
    d. The appropriateness of the directions for use of the medication;
    e. The appropriateness of the duration of the treatment with the prescribed medication;
    f. Any contraindication of the medication and a particular disease, ailment or allergy of the patient;
    g. Any contraindication or interactions between multiple medications prescribed for the patient; and
    h. The potential abuse or misuse of a medication.
3. A registered pharmacist who is employed by or under contract with a pharmacy located within a hospital or correctional institution provides remote chart order processing services to the hospital or correctional institution shall comply with the requirements of Section 7 (A) to the same extent as a registered pharmacist engaging in the practice of pharmacy at a location other than the site of a licensed pharmacy pursuant to the provisions in Section 7 (B) and Section 7 (C).
4. In an emergency, a registered pharmacist who is employed by or under contract with a pharmacy located within a hospital or correctional institution to provide remote chart order processing services to the hospital or correctional institution may render remote chart order processing services without being provided with all the information required by paragraph (b) of subsection 1 of Section 7 (D) if the registered pharmacist believes, in his or her professional judgement, that he or she has received sufficient information from the staff of the hospital or correctional institution to render the services.
5. A registered pharmacist who is employed by or under contract with a pharmacy located within a hospital or correctional institution to provide remote chart order processing services to the hospital or correctional institution may refuse to approve the filling of a chart order if, in the judgement of the registered pharmacist, the chart order is not safe or reasonable for the patient. A registered pharmacist who refuses to approve the filling of a chart order pursuant to this subsection must notify the hospital or correctional institution as soon as practicable that he or she has refused to approve the filling of the chart order.
6. Each time that a registered pharmacist who is employed by or under contract with a pharmacy located within a hospital or correctional institution to provide remote chart order processing services to the hospital or correctional institution

provides remote chart order processing services pursuant to this section, the registered pharmacist shall make a notation in the computerized system of the hospital or correctional institution that indicates:

a. The name or identifier of the registered pharmacist;
b. The date and time that the registered pharmacist provided the services and, if applicable, approved the filling of a chart order; and
c. The specific services provided by the registered pharmacist.

7. The managing pharmacist of a pharmacy located within a hospital or a correctional institution may limit the remote chart order processing services provided pursuant to this section (Section 7 (D)).

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

I attest to the knowledge of and compliance with the guidelines of the Centers for Disease Control and Prevention concerning the prevention of transmission of infectious agents through safe and appropriate injection practices. NRS 639.132

I understand that Nevada law requires a registered pharmacist who, in their professional or occupational capacity, knows or has reasonable cause to believe a child has been abused/neglected to report the abuse/neglect to an agency which provides child welfare services or to a local law enforcement agency, and make such a report as soon as reasonably practicable but not later than 24 hours after the person knows or has reasonable cause to believe that the child has been abused/neglected. NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **CVS PHARMACY #8824,** **Pharmacy License No. PH00947, and** **KARLO NIKKO ARCEO, RPH,** **Certificate of Registration No. 19679,** **Respondents.**	**CASE NOS. 22-509-PH-S** **22-509-RPH-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and these Respondents because at the time of the events alleged herein, Respondent Karlo Nikko Arceo, RPh (Arceo), Certificate of Registration No. 19679, was a pharmacist registered with the Board, and Respondent CVS Pharmacy #8824, Pharmacy License No. PH00947, was a pharmacy licensed by the Board.

FACTUAL ALLEGATIONS

2. Arceo was employed as a staff pharmacist by CVS Pharmacy #8824 at the time of the events alleged herein.

3. On or about November 27, 2022, patient K.M. requested that two existing prescriptions for cephalexin 500mg capsules and ondansetron 4mg tablets be transferred to CVS Pharmacy #8824. The pharmacy instead erroneously transferred one prescription for cephalexin 500mg capsules, designated prescription no. 2554970, and one prescription for misoprostol 200mcg tablets, designated prescription no. 2554971.

4. On or about November 27, 2022, Arceo filled and dispensed both prescription no. 2554970 and prescription no. 2554971 from CVS Pharmacy #8824; no counseling was performed for either prescription although neither prescription had previously been dispensed from CVS Pharmacy #8824.

5. Misoprostol may be prescribed off-label to induce a medical abortion. K.M. was pregnant at the time and after ingesting one misoprostol tablet orally experienced discomfort but did not require intervention or treatment.

COUNT ONE

Failure to Provide Medication Counseling to Patient/Unprofessional Conduct
(Respondent Arceo)

6. A pharmacist shall provide medication counseling to a patient when dispensing a prescription that has not been previously dispensed to the patient from that pharmacy and shall review a patient's record before dispensing a prescription to determine its therapeutic appropriateness. NRS 639.266; NAC 639.707(1) and (4).

7. Unprofessional conduct includes a registrant performing his or her duties in an "incompetent, unskillful, or negligent manner." NAC 639.945(1)(i).

8. Respondent Arceo violated NRS 639.266 and/or NAC 639.707(1) and/or (4) and/or engaged in unprofessional conduct as defined in NAC 639.945(1)(i) when he failed to provide medication counseling to K.M. for prescription nos. 2554970 and 2554971, neither of which had previously been dispensed from CVS Pharmacy #8824, and is therefore subject to discipline pursuant to NRS 639.210(4) and (12).

COUNT TWO

Pharmacy/Pharmacy Owner Responsibility
(Respondent CVS Pharmacy #8824)

9. Any violation of any of the provisions of NRS Chapter 639 by a managing pharmacist or by personnel of the pharmacy is cause for the suspension or revocation of the license of the pharmacy by the Board. NRS 639.230(5); NAC 639.702. Further, the owner of any business

or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(3).

10. As the pharmacy/pharmacy owner at which the violations of law alleged herein occurred, Respondent CVS Pharmacy #8824 is responsible for those violations, including all errors and omissions of Respondent Arceo, pursuant to NRS 639.230(5), NAC 639.702 and/or NAC 639.945(3).

WHEREFORE, it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the pharmacy license and certificate of registration of these Respondents.

5. No person may possess, furnish or administer a dangerous drug in Nevada without specific statutory authority to do so. NRS 454.213, NRS 454.217, NRS 454.221, NRS 454.316, NRS 454.321; NRS 454.356; NRS 639.100(1).

6. A practitioner may give an RN limited authority to possess and administer dangerous drugs pursuant to NRS 454.213(1)(c), which states in relevant part:

> A drug or medicine referred to in NRS 454.181 to 454.371, inclusive, may be possessed and administered by . . . a registered nurse licensed to practice professional nursing or licensed practical nurse, at the direction of a prescribing physician, physician assistant licensed pursuant to chapter 630 or 633 of NRS, dentist, podiatric physician or advanced practice registered nurse, or pursuant to a chart order, for administration to a patient at another location.

Chart orders are patient-specific and medication-specific. *See* NRS 454.0041; NRS 639.004.

7. All controlled substances and dangerous drugs in the possession of an advanced practice registered nurse must be kept in a locked storage area with access restricted to authorized persons. NAC 639.898(1).

8. The Board may suspend or revoke the certificate of registration of an advanced practice registered nurse that has failed to maintain the security of his or her drug supply. NAC 639.900(12).

9. Performing any duties as the holder of a controlled substance registration in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4); NAC 639.900(4).

10. Aiding or abetting a person in unlicensed practice constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(j) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4); NAC 639.900(4).

11. Dispensing a drug to any patient with whom the practitioner does not have a bona fide therapeutic relationship constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(n) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4); NAC 639.900(4).

12. Violating, attempting to violate, assisting or abetting in the violation of or conspiring to violate any law or regulation relating to drugs, including, without limitation, any provision of chapter 453, 454,585 or 639 of NRS or any regulation pertaining thereto, is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(12); NAC 639.900(14).

13. The Board may suspend or revoke a registration issued pursuant to NRS 453.226 to prescribe or otherwise dispense a controlled substance upon a finding that the registrant has committed an act that would render registration inconsistent with the public interest. NRS 453.236(1)(e) and NRS 453.241(1).

COUNT ONE

Violations of State Law - Failure to Maintain Security of Dangerous Drugs

14. By permitting Pernsteiner and RNs to have unrestricted access to her inventory of dangerous drugs at Natural Beauty as alleged in paragraph 3 herein, Respondent violated, attempted to violate, assisted or abetted in the violation of or conspired to violate NAC 639.898(1), and is subject to discipline pursuant to NRS 453.236(1)(e), NRS 453.241(1), NAC 639.900(12) and (14) and/or NRS 639.210(12).

COUNT TWO

Violations of State Law - Unlawful Possession & Administration of Dangerous Drugs

15. By permitting RNs at Natural Beauty to independently access, possess, furnish and administer dangerous drugs without direct practitioner supervision, to patients with whom Respondent had not established a bona fide therapeutic relationship, and for whom Respondent had neither diagnosed nor determined that a dangerous drug medically was medically necessary, as alleged in paragraph 4 herein, Respondent violated, attempted to violate, assisted or abetted in the violation of or conspired to violate NRS 454.213, NRS 454.217, NRS 454.221, NRS 454.316, NRS 454.321, NRS 454.356 and/or NRS 639.100(1), and is subject to discipline pursuant to NAC 639.900(14) and/or NRS 639.210(12).

\\\

\\\

COUNT THREE

Unprofessional Conduct - Unlawful Possession & Administration of Dangerous Drugs

16. By her conduct as alleged in paragraphs 3-4 herein, Respondent performed her duties as the holder of a controlled substance registrations in an incompetent, unskillful or negligent manner, aided and abetted unlicensed practice, and engaged in, or aided and abetted others to engage in, unprofessional conduct as defined in NAC 639.945(i), (j) and (n), and is subject to discipline pursuant to NRS 639.210(4) and/or NAC 639.900(4).

COUNT FOUR

Commission of Acts that Render Registration Inconsistent with the Public Interest

17. By her conduct as alleged in paragraphs 3-4 herein, Respondent has committed acts that render registration inconsistent with the public interest and is subject to discipline pursuant to NRS 453.236(1) and NRS 453.241(1).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this Respondent.

Signed this 22nd day of APRIL 2025.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **HILL-ROM COMPANY, INC.,** **License No. MP00038,** **Respondent.**	**CASE NOS. 24-500-MP-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300 and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Hill-Rom Company, Inc., License No. MP00038, was a medical products provider licensed by the Board.

FACTUAL ALLEGATIONS

2. On or about November 8, 2023, the Board conducted an inspection of Respondent's facility and determined that Respondent was engaged in the business of selling, leasing, supplying and/or distributing medical devices to hospitals and other licensed care facilities in this State without a license to engage in business as a wholesaler.

3. On or about November 26, 2024, the Board conducted an inspection of Respondent's facility and determined that Respondent continued to engage in the business of selling, leasing, supplying and/or distributing medical devices to hospitals and other licensed care facilities in this State without a license to engage in business as a wholesaler.

4. On or about February 13, 2025, Board staff issued a cease-and-desist order with a citation and $5000 fine against Respondent pursuant to NRS 639.2895 for Respondent engaging in the business of selling, leasing, supplying and/or distributing medical devices to hospitals and

other licensed care facilities in this State without a license to engage in business as a wholesaler in violation of NRS 639.100(1), NRS 639.233 and NAC 639.593.

APPLICABLE LAW

5. Any person who engages in the business of selling, leasing, supplying and/or distributing medical devices, that are restricted by federal law to sale by or on the order of a physician, to any health care facility, agency, practitioner or provider in this State must be licensed as a wholesaler pursuant to NRS 639.100(1), NRS 639.233 and NAC 639.593. *See also* NAC 639.6937 ("medical products wholesaler" defined).

6. Performing any duties as the owner of a business or an entity licensed by the Board or as the employee of any such business in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license issued by the Board. NRS 639.210(4).

7. Performing any act, task or operation for which licensure, certification or registration is required without the required license, certificate or registration constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(k) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

8. Violating any law or regulation relating to the practices of a medical products provider constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.6941(1)(a) and is grounds for suspension or revocation of any license issued by the Board. NRS 639.210(4).

9. The Board may suspend or revoke a license if the holder has violated, attempted to violate, assisted or abetted in the violation of or conspired to violate any provision of Chapter 639 of the Nevada Revised Statutes. NRS 639.210(12).

10. The owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ. NAC 639.945(3). A medical

products provider is responsible for the acts of his or her business administrator and employees. NAC 639.6941(2).

COUNT ONE

Violation of State Law – Unlicensed Wholesale Distribution of Medical Products

11. By engaging in the business of selling, leasing, supplying and/or distributing medical devices to hospitals and other licensed care facilities in this State without a license to engage in business as a wholesaler, as alleged herein, Respondent, Respondent's owner(s), and/or Respondent's personnel violated NRS 639.100(1), NRS 639.233 and/or NAC 639.593, and Respondent therefore subject to discipline pursuant to NAC 639.6941(2), NAC 639.945(3) and NRS 639.210(12).

COUNT TWO

Unprofessional Conduct

2. By engaging in the business of selling, leasing, supplying and/or distributing medical devices to hospitals and other licensed care facilities in this State without a license to engage in business as a wholesaler, as alleged herein, Respondent engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.6941(1)(a), NAC 639.945(1)(i) and/or NAC 639.945(1)(k) and is subject to discipline pursuant to NRS 639.210(4).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the license of this respondent.

Signed this 21st day of APRIL 2025.

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over Respondent Christopher Peters ("Respondent Peters") because the Board has issued to Respondent Peters a certificate of registration authorizing him to engage in the practice of pharmacy.

2. The Board has jurisdiction over Respondent Partell Specialty Pharmacy ("Respondent Partell") because the Board has licensed Respondent Partell to operate a pharmacy at 5835 South Eastern Avenue #101, in Las Vegas, Nevada.

FACTUAL ALLEGATIONS

3. Respondent Partell dispenses nonsterile compounded drug products among other prescription drugs.

4. In 2023, Respondent Peters was a registered pharmacist employed by Respondent Partell at its pharmacy location on South Eastern Avenue in Las Vegas, Nevada.

5. In April 2023, Respondent Partell received a prescription for 0.1% retinoic acid cream, written by Nilofar Kuraishi, M.D., a Las Vegas physician.

6. Respondent Peters advised Dr. Kuraishi that the pharmacy was unable to lawfully compound the prescription as written because the 0.1% concentration of retinoic acid was commercially available.

7. After speaking with Respondent Peters, Dr. Kuraishi reissued the prescription for 0.11% retinoic acid cream. Dr. Kuraishi authorized one refill.

8. In April 2023, Respondent Partell filled and dispensed the prescription for 0.11% retinoic acid cream. However, in May 2023, the patient requested that the refill be transferred to the National Specialty Pharmacy, a licensed pharmacy located at 3022 West Post Road in Las Vegas, Nevada.

9. On May 12, 2023, Brian Ford, a registered pharmacist with the National Specialty Pharmacy, called Respondent Peters to tell him that the patient wished to transfer the prescription to the National Specialty Pharmacy. Respondent Peters refused to transfer the prescription, telling Pharmacist Ford to call Dr. Kuraishi to obtain the prescription.

10. Respondent Peters refused to transfer the prescription to the National Specialty Pharmacy based on his belief that Dr. Kuraishi had given Respondent Partell the exclusive right to compound 0.11% retinoic acid cream.

APPLICABLE LAW

11. The Board may revoke or suspend the registration of any pharmacist who has been guilty of unprofessional conduct or conduct contrary to the public interest. NRS 639.210(4); NRS 639.255.

12. The Board may revoke or suspend the registration of any pharmacist who has violated Nevada law relating to prescription drugs. NRS 639.210(12); NRS 639.255.

13. Aside from revoking or suspending a pharmacist's registration, the Board may impose fines and/or a public reprimand as a disciplinary measure. NRS 639.255; NAC 639.955.

14. A pharmacist's conduct is deemed unprofessional if the pharmacist uses secret formulas. NAC 639.945(1)(c).

15. At the request of a patient, a pharmacist must transfer a prescription to another registered pharmacist. NRS 639.2357(1). The Board has adopted regulations that set forth the procedures and methods that a pharmacy must follow when transferring a prescription. *See* NAC 639.713 to 639.7145.

16. A pharmacy is responsible for the acts and/or omissions of its pharmacists. NRS 639.230(5); NAC 639.707; NAC 639.945(3).

COUNT ONE
Unprofessional Conduct
(Respondent Peters and Respondent Partell)

17. As alleged above, Respondent Peters refused to transfer a prescription at the request of a patient. Respondent Peters refused to transfer the prescription because he mistakenly believed that the prescribing practitioner, Dr. Kuraishi, had given his employer, Respondent Partell, the exclusive right to compound 0.11% retinoic acid cream.

18. By asserting the pharmacy's exclusive right to compound 0.11% retinoic acid cream, Respondent Peters attributed "secret formula" status to 0.11% retinoic acid cream.

19. Because it is unprofessional to use secret formulas, *see* NAC 639.945(1)(c), Respondent Peters engaged in unprofessional conduct when he refused to transfer Dr. Kuraishi's prescription for 0.11% retinoic acid cream. Therefore, Respondent Peters is subject to discipline pursuant to NRS 629.210(4) and NAC 639.945(1)(c).

20. As the owner/operator of the pharmacy at which Respondent Peters was employed, Respondent Partell is responsible for Respondent Peters' conduct as alleged above. Accordingly, the Board may discipline Respondent Partell pursuant to NRS 639.230(5) and NAC 639.945(3).

COUNT TWO
Violation of NRS 639.2357(1)
(Respondent Peters and Respondent Partell)

21. As alleged above, Respondent Peters refused to transfer a prescription at the request of a patient. By refusing to transfer the prescription, Respondent Peters violated NRS 639.2357(1).

22. Having violated NRS 639.2357(1), Respondent Peters is subject to discipline pursuant to NRS 639.210(12), NRS 639.255.

23. As the owner/operator of the pharmacy at which Respondent Peters was employed, Respondent Partell is responsible for Respondent Peters' conduct as alleged above. Accordingly, the Board may discipline Respondent Partell pursuant to NRS 639.230(5), NRS 639.255, NAC 639.945(3), and NAC 639.955.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **PARTELL SPECIALTY PHARMACY, License No. PH02028** **-and-** **JEFFREY LANG, RPH, Registration No. 17503.** **Respondents.**	**Case Nos. 23-239-PH-S** **23-239-RPH-S** **SECOND AMENDED NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Partell Specialty Pharmacy (Respondent Pharmacy), because the Board has licensed Respondent Pharmacy to operate a pharmacy on South Eastern Avenue in Las Vegas, Nevada.

2. The Board has personal jurisdiction over Respondent Jeffrey Lang, RPh, (Respondent Lang), because the Board has issued Respondent Lang a certificate of registration authorizing him to engage in the practice of pharmacy in Nevada.

3. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the dispensing of poisons, drugs, chemicals and medicines and the regulation of the practice of pharmacy. NRS 639.070.

FACTUAL ALLEGATIONS

4. On or about February 28, 2023, Respondent Pharmacy and Respondent Lang (Respondents) dispensed Nutlin to patient T.S. with directions to mix Nutlin with 2mL DMSO and

administer .5mL up to 1mL intramuscularly or IV per administration protocol. This prescription was given prescription number 0090060591.

5. Respondents also dispensed Thymulin to patient T.S. with instructions to mix with 2mL saline and administer 6.25mg intramuscularly or IV per administration protocol. This prescription was given prescription number 0090060592.

6. Respondents also dispensed Pooled Peptides to patient T.S. with instructions to inject 1mL daily per administration protocol. This prescription was given prescription number 0090060593.

7. Respondents purchased the drugs used for these prescriptions from Biopeptek Pharmaceuticals, a drug manufacturer based in Malvern, Pennsylvania.

8. Biopeptek Pharmaceuticals was then registered with the Food and Drug Administration (FDA) as a manufacturer. *See* 21 U.S.C. § 360.

9. Registration with the FDA does not suggest or imply that Biopeptek's drug products are approved by the FDA for distribution in the United States. *See* 21 U.S.C. § 355 (concerning the approval of new drugs under new drug applications or abbreviated new drug applications).

10. Biopeptek Pharmaceuticals has never been licensed or registered by the Board to distribute or dispense drugs in Nevada.

11. Neither Nutlin, Thymulin, nor Pooled Peptides has a *United States Pharmacopeia – National Formulary* Monograph.

12. Neither Nutlin, Thymulin, nor Pooled Peptides contains components of drugs approved by the FDA.

13. Neither Nutlin, Thymulin, nor Pooled Peptides appears on a list developed by the FDA through regulations issued pursuant to 503A of the federal Food, Drug and Cosmetic Act.

14. Nutlin, Thymulin and Pooled Peptides were prescribed in this instance to cure, mitigate, and/or treat cancer.

15. Neither Nutlin, Thymulin, nor Pooled Peptides is considered an investigational drug under Nevada law.

16. Biopeptek Pharmaceuticals delivered Nutlin, Thymulin, and/or Pooled Peptides to Respondents with labels and/or package inserts indicating that the drugs were experimental, potentially dangerous, and/or not approved by the FDA.

17. Biopeptek Pharmaceuticals delivered Nutlin, Thymulin, and/or Pooled Peptides to Respondents with labels and/or package inserts indicating that they were bulk drug substances or active pharmaceutical ingredients intended to be compounded and then administered intravenously, or by way of intramuscular injection.

18. Respondents dispensed these bulk drug substances to patient T.S. in their solid state.

19. Respondents were not approved by the Board to perform sterile compounding.

20. Respondents did not seek nor obtain the Board's approval to compound drugs products using bulk drug substances described in NAC 639.757(2).

21. On information and belief, neither patient T.S. nor her practitioner was qualified or competent to perform sterile compounding.

22. Respondents dispensed bulk drug substances to patient T.S. when they knew or should have known that an injectable drug product or parenteral solution could not be safely administered to patient T.S. unless those bulk drug substances were compounded with other active pharmaceutical ingredients using sterile compounding methods and protocols.

23. Respondent Pharmacy received both prescriptions at issue in this case via prescription blanks that contained the name of Respondent Pharmacy.

APPLICABLE LAW

24. The term "drug" includes "[a]rticles and devices intended for use in the diagnosis, cure, mitigation, treatment or prevention of disease in humans or other animals." NRS 639.007(2).

25. "'Dispense' means to deliver a controlled substance or dangerous drug to an ultimate user, patient or subject of research by or pursuant to the lawful order of a practitioner, including the prescribing by a practitioner, administering, packaging, labeling or compounding necessary to prepare the substance for that delivery." NRS 639.0065.

26. "'Compounding' includes, without limitation, the combining, admixing, mixing, pooling, reconstituting or other altering of a drug or bulk drug substance, as defined in 21 C.F.R. § 207.3, to create a drug." NAC 639.6911.

27. The terms "bulk drug substance' and "active pharmaceutical ingredient" are synonymous. These terms refer to any "substance that is intended for incorporation into a finished drug product and is intended to furnish pharmacological activity or other direct effect in the diagnosis, cure, mitigation, treatment, or prevention of disease, or to affect the structure or any function of the body." 21 C.F.R. § 207.1. *See also* NAC 639.6611 (defining "active ingredient").

28. "'Investigational drug, biological product or device' means a drug, biological product or device that: . . . (1) Has successfully completed Phase 1 of a clinical trial; . . . (2) Has not been approved by the United States Food and Drug Administration; and . . . (3) Is currently being tested in a clinical trial that has been approved by the United States Food and Drug Administration." NRS 454.690(10)(c).

29. A person may not engage in the wholesale distribution of drugs in Nevada unless the person is properly licensed pursuant to NRS 639.233 and the regulations promulgated thereunder.

30. It is unlawful for any person to engage in or permit the wholesale distribution of drugs unless that person holds a wholesaler license issued by the Board. NRS 639.100(1); NRS 639.233; NAC 639.593.

31. It is unlawful for the licensed proprietor of a pharmacy to permit the compounding or dispensing of drugs or prescriptions by any person other than a registered pharmacist or intern pharmacist. NRS 639.284(1).

32. To perform sterile compounding in Nevada, a pharmacy and/or its pharmacists must demonstrate competency in the practice of sterile compounding. NAC 639.67013.

33. Under both state and federal law, except as provided in NAC 639.757(2), a compounded drug product cannot be dispensed by a pharmacy or pharmacist unless it is compounded using bulk drug substances that: (1) comply with the standards of an applicable United States Pharmacopeia (USP)

or National Formulary (NF) monograph, if a monograph exists, and the USP chapter on pharmacy compounding; (2) if such a monograph does not exist, are drug substances that are components of drugs approved by the FDA; or (3) if such a monograph does not exist and the drug substance is not a component of a drug approved by the FDA, appears on a list developed by the FDA through regulations issued pursuant to 503A of the federal Food, Drug and Cosmetic Act. *See* 21 U.S.C. 353a(b)(1); NAC 639.757(1).

34. Under NAC 639.757(2), a pharmacist may compound drug products using an active pharmaceutical ingredient that does not meet the criteria set forth in paragraph 33 above if the pharmacist establishes the purity and safety of the ingredient by reasonable means, satisfactory to the Board, which include, without limitation, analysis of the lot in which the ingredient was packaged, the reputation of the manufacturer of the ingredient and the reliability of the source of the ingredient.

35. The furnishing of prescription blanks that bear the name or name and address of a pharmacy is prohibited by Nevada law. NRS 639.264(2).

36. The Board may discipline the holder of a license or registration if the holder of said license or registration assists or abets in the violation of any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

37. The Board may discipline the holder of a license or registration if the holder of said license or registration violates any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs. NRS 639.210(11).

38. The Board may discipline the holder of a license or registration if the holder of said license or registration "is guilty of unprofessional conduct or conduct contrary to the public interest." NRS 639.210(4).

39. Unprofessional conduct includes "[p]erforming any...duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner." NAC 639.945(1)(i).

40. Unprofessional conduct includes "[m]anufacturing, compounding, selling, dispensing or permitting to be manufactured, compounded, sold or dispensed substandard drugs or preparations." NAC 639.945(1)(a).

41. "The owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ." NAC 639.945(3).

COUNT ONE
Purchasing Drugs from an Unlicensed Wholesaler
(Respondent Pharmacy & Respondent Lang)

42. As alleged above, Respondents purchased bulk drug substances from Biopeptek Pharmaceuticals.

43. Biopeptek Pharmaceuticals was engaged in "wholesale distribution" as that term is defined at NRS 639.0155.

44. Biopeptek Pharmaceuticals was not licensed by the Board to engage in wholesale distribution in Nevada.

45. A pharmacy or pharmacist may be disciplined for assisting or abetting in a violation of Nevada law involving the unlicensed wholesale distribution of drugs or bulk drug substances. NRS 639.210(12); NRS 639.100.

46. Respondents knew or should have known, based upon the facts and circumstances surrounding their dealings with Biopeptek Pharmaceuticals, that the company was not licensed to engage in the wholesale distribution of drugs or bulk drug substances in Nevada.

47. Respondents performed their duties as the holder of a license or registration issued by the Board in an incompetent, unskillful or negligent manner because they purchased bulk drug substances from an unlicensed wholesaler under the circumstances described above. NRS 639.210(4); NAC 639.945(1)(i).

48. Respondents assisted or abetted in a violation by Biopeptek Pharmaceuticals of Nevada's prohibition against engaging in the unlicensed wholesale distribution of drugs or bulk drug substances. NRS 639.210(12); NRS 639.100.

49. Having engaged in the conduct described above, Respondents are subject to discipline by the Board. NRS 639.210(4); NRS 639.210(12); NRS 639.255; NAC 639.945; and NAC 639.955.

50. Respondent Pharmacy is responsible for the acts of all personnel in the company's employ. NAC 639.945(3).

COUNT TWO
Dispensing a Substandard Drug Product
(Respondent Pharmacy and Respondent Lang)

51. As alleged above, Respondents dispensed Nutlin to patient T.S., listed as prescription number 0090060591.

52. Nutlin does not have a *United States Pharmacopeia – National Formulary* Monograph, nor have its components been approved by the FDA.

53. Nutlin does not appear on a list developed by the FDA through a regulation issued pursuant to 503A of the federal Food, Drug and Cosmetic Act.

54. Nutlin has not been approved by the Board for use in compounding pursuant to NAC 639.757(2).

55. Respondents have not demonstrated their competency to perform sterile compounding.

56. For any one or more of the reasons noted above, Nutlin cannot lawfully be compounded by Respondents under state or federal law.

57. Instead of compounding Nutlin for patient T.S., Respondents dispensed Nutlin to patient T.S. with directions to compound it herself.

58. Because Nutlin cannot be safely compounded by Respondents, it cannot safely be compounded by patient T.S. or her practitioner.

59. By dispensing a bulk drug substance to patient T.S. under the circumstances described above, Respondents delivered a substandard drug product to patient T.S. This amounted to a breach of their duty to treat their patients with competence and professionalism. NRS 639.210(4); NAC 639.945(1)(a) and 639.945(1)(i).

60. Having engaged in unprofessional conduct as alleged above, Respondents are subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; and NAC 639.955.

61. Respondent Pharmacy is responsible for the acts of all personnel in the company's employ. NAC 639.945(3).

COUNT THREE
Dispensing Substandard Drug Product
(Respondent Pharmacy and Respondent Lang)

62. As alleged above, Respondents dispensed Thymulin to patient T.S., listed as prescription number 0090060592.

63. Thymulin does not have a *United States Pharmacopeia – National Formulary* Monograph, nor have its components been approved by the FDA.

64. Thymulin does not appear on a list developed by the FDA through a regulation issued pursuant to 503A of the federal Food, Drug and Cosmetic Act.

65. Thymulin has not been approved by the Board for use in compounding pursuant to NAC 639.757(2).

66. Respondents have not demonstrated their competency to perform sterile compounding.

67. For any one or more of the reasons noted above, Thymulin cannot lawfully be compounded by Respondents under state or federal law.

68. Instead of compounding Thymulin for patient T.S., Respondents dispensed Thymulin to patient T.S. with directions to compound it herself.

69. Because Thymulin cannot be safely compounded by Respondents, it cannot safely be compounded by patient T.S. or her practitioner.

70. By dispensing a bulk drug substance to patient T.S. under the circumstances described above, Respondents delivered a substandard drug product to patient T.S. This amounted to a breach of their duty to treat their patients with competence and professionalism. NRS 639.210(4); NAC 639.945(1)(a) and 639.945(1)(i).

71. Having engaged in unprofessional conduct as alleged above, Respondents are subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; and NAC 639.955.

72. Respondent Pharmacy is responsible for the acts of all personnel in the company's employ. NAC 639.945(3).

COUNT FOUR
Dispensing Substandard Drug Product
(Respondent Pharmacy and Respondent Lang)

73. As alleged above, Respondents dispensed Pooled Peptides to patient T.S., listed as prescription number 0090060593.

74. Pooled Peptides does not have a *United States Pharmacopeia – National Formulary* Monograph, nor have its components been approved by the FDA.

75. Pooled Peptides does not appear on a list developed by the FDA through a regulation issued pursuant to 503A of the federal Food, Drug and Cosmetic Act.

76. Pooled Peptides has not been approved by the Board for use in compounding pursuant to NAC 639.757(2).

77. Respondents have not demonstrated their competency to perform sterile compounding.

78. For any one or more of the reasons noted above, Pooled Peptides cannot lawfully be compounded by Respondents under state or federal law.

79. Instead of compounding Pooled Peptides for patient T.S., Respondents dispensed Pooled Peptides to patient T.S. with directions to compound it herself.

80. Because Pooled Peptides cannot be safely compounded by Respondents, it cannot safely be compounded by patient T.S. or her practitioner.

81. By dispensing a bulk drug substance to patient T.S. under the circumstances described above, Respondents delivered a substandard drug product to patient T.S. in breach of their duty to treat their patients with competence and professionalism. NRS 639.210(4); NAC 639.945(1)(a) and 639.945(1)(i).

82. Having engaged in conduct contrary to the public interest as alleged above, Respondents are subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; and NAC 639.955.

83. Respondent Pharmacy is responsible for the acts of all personnel in the company's employ. NAC 639.945(3).

COUNT FIVE
Permitting Drugs to be Compounded by a Non-Pharmacist
(Respondent Pharmacy and Respondent Lang)

84. As alleged above, Respondents dispensed bulk drug substances to patient T.S. with instructions to compound them herself.

85. Respondent Pharmacy is the licensed proprietor of a pharmacy that is not approved by the Board to perform sterile compounding.

86. It is unlawful for the licensed proprietor of a pharmacy to permit the compounding or dispensing of drugs or prescriptions by any person other than a registered pharmacist or intern pharmacist. NRS 639.284.

87. By dispensing bulk drug substances to patient T.S. with instructions to compound them herself, Respondent Pharmacy permitted the compounding of drugs or prescriptions by a person other than a registered pharmacist or intern pharmacist in violation of NRS 639.284.

88. By dispensing bulk drug substances to patient T.S. under the circumstances described above, Respondent Lang assisted or abetted in the violation by Respondent Pharmacy of NRS 639.284.

89. By dispensing bulk drug substances to patient T.S. under the circumstances described above, Respondents performed their duties as the holder of a license or registration issued by the Board in an incompetent, unskillful or negligent manner.

90. Having engaged in the conduct described above, Respondents are subject to discipline by the Board. NRS 639.210(4); NRS 639.210(12); NRS 639.255; NAC 639.945; and NAC 639.955.

COUNT SIX
Furnishing Preprinted Prescription Blanks
(Respondent Pharmacy)

91. Respondent Pharmacy received both prescriptions at issue in this case via prescription blanks bearing the name of Respondent Pharmacy. This indicates that Respondent Pharmacy, or its agent, furnished patient T.S.'s practitioner with prescription blanks bearing the name of Respondent Pharmacy.

92. It is unlawful for a pharmacy to furnish a practitioner with prescription blanks bearing the name or name and address of the pharmacy. NRS 639.264(2).

93. By furnishing prescription blanks as described above, Respondent Pharmacy violated NRS 639.264.

94. Having engaged in the conduct described above, Respondent Pharmacy is subject to discipline by the Board. NRS 639.210(12); NRS 639.255; NAC 639.955.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the pharmacy license of Respondent Pharmacy and the certificate of registration of Respondent Lang.

DATED this 11th day of March 2025.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

Alternatively, you may file your Answer and Notice of Defense by mailing two (2) copies to Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. Upon receipt of your Answer and Notice of Defense, a file stamped copy will be returned to you.

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **PARTELL SPECIALTY PHARMACY, License No. PH02028** **-and-** **JEFFREY LANG, RPH, Certificate of Registration No. 17503.** **Respondents.**	**Case Nos. 23-239-PH-S** **23-239-RPH-S** **FIRST AMENDED NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Partell Specialty Pharmacy (Respondent Pharmacy), because the Board has licensed Respondent Pharmacy to operate a pharmacy on South Eastern Avenue in Las Vegas, Nevada.

2. The Board has personal jurisdiction over Respondent Jeffrey Lang, RPh, (Respondent Lang), because the Board has issued Respondent Lang a certificate of registration authorizing him to engage in the practice of pharmacy in Nevada.

3. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the dispensing of poisons, drugs, chemicals and medicines and the regulation of the practice of pharmacy. NRS 639.070.

FACTUAL ALLEGATIONS

4. On or about February 28, 2023, Respondent Pharmacy and Respondent Lang (Respondents) dispensed Nutlin to patient T.S. with directions to mix Nutlin with 2mL DMSO and

administer .5mL up to 1mL intramuscularly or IV per administration protocol. This prescription was given prescription number 0090060591.

5. Respondents also dispensed Pooled Peptides to patient T.S. with instructions to inject 1mL daily per administration protocol. This prescription was given prescription number 0090060593.

6. Respondents purchased the drugs used for these prescriptions from Biopeptek Pharmaceuticals, a drug manufacturer based in Malvern, Pennsylvania.

7. Biopeptek Pharmaceuticals was then registered with the Food and Drug Administration (FDA) as a manufacturer. *See* 21 U.S.C. § 360.

8. Registration with the FDA does not suggest or imply that Biopeptek's drug products are approved by the FDA for distribution in the United States. *See* 21 U.S.C. § 355 (concerning the approval of new drugs under new drug applications or abbreviated new drug applications).

9. Biopeptek Pharmaceuticals has never been licensed or registered by the Board to distribute or dispense drugs in Nevada.

10. Neither Nutlin nor Pooled Peptides have a *United States Pharmacopeia – National Formulary* Monograph.

11. Neither Nutlin nor Pooled Peptides contain components of drugs approved by the FDA.

12. Neither Nutlin nor Pooled Peptides appears on a list developed by the FDA through regulations issued pursuant to 503A of the federal Food, Drug and Cosmetic Act.

13. Both Nutlin and Pooled Peptides were prescribed in this instance to cure, mitigate, and/or treat cancer.

14. Neither Nutlin nor Pooled Peptides are considered investigational drugs under Nevada law.

15. Biopeptek Pharmaceuticals delivered Nutlin and/or Pooled Peptides to Respondents with labels and/or package inserts indicating that the drugs were experimental, potentially dangerous, and/or not approved by the FDA.

16. Biopeptek Pharmaceuticals delivered Nutlin and/or Pooled Peptides to Respondents with labels and/or package inserts indicating that they were bulk drug substances or active pharmaceutical ingredients intended to be compounded and then administered intravenously, or by way of intramuscular injection.

17. Respondents dispensed these bulk drug substances to patient T.S. in their solid state.

18. Respondents were not approved by the Board to perform sterile compounding.

19. Neither patient T.S. nor her practitioner were qualified or competent to perform sterile compounding.

20. Respondents dispensed bulk drug substances to patient T.S. when they knew or should have known that an injectable drug product or parenteral solution could not be safely administered to patient T.S. unless those bulk drug substances were compounded with other active pharmaceutical ingredients using sterile compounding methods and protocols.

21. Respondent Pharmacy received both prescriptions at issue in this case via prescription blanks that contained the name of Respondent Pharmacy.

APPLICABLE LAW

22. The term "drug" includes "[a]rticles and devices intended for use in the diagnosis, cure, mitigation, treatment or prevention of disease in humans or other animals." NRS 639.007(2).

23. "'Dispense' means to deliver a controlled substance or dangerous drug to an ultimate user, patient or subject of research by or pursuant to the lawful order of a practitioner, including the prescribing by a practitioner, administering, packaging, labeling or compounding necessary to prepare the substance for that delivery." NRS 639.0065.

24. "'Compounding' includes, without limitation, the combining, admixing, mixing, pooling, reconstituting or other altering of a drug or bulk drug substance, as defined in 21 C.F.R. § 207.3, to create a drug." NAC 639.6911.

25. The terms "bulk drug substance' and "active pharmaceutical ingredient" are synonymous. These terms refer to any "substance that is intended for incorporation into a finished drug

product and is intended to furnish pharmacological activity or other direct effect in the diagnosis, cure, mitigation, treatment, or prevention of disease, or to affect the structure or any function of the body." 21 C.F.R. § 207.1. *See also* NAC 639.6611 (defining "active ingredient").

26. "'Investigational drug, biological product or device' means a drug, biological product or device that: . . . (1) Has successfully completed Phase 1 of a clinical trial; . . . (2) Has not been approved by the United States Food and Drug Administration; and . . . (3) Is currently being tested in a clinical trial that has been approved by the United States Food and Drug Administration." NRS 454.690(10)(c).

27. A person may not engage in the wholesale distribution of drugs in Nevada unless the person is properly licensed pursuant to NRS 639.233 and the regulations promulgated thereunder.

28. It is unlawful for any person to engage in or permit the wholesale distribution of drugs unless that person holds a wholesaler license issued by the Board. NRS 639.100(1); NRS 639.233; NAC 639.593.

29. It is unlawful for the licensed proprietor of a pharmacy to permit the compounding or dispensing of drugs or prescriptions by any person other than a registered pharmacist or intern pharmacist. NRS 639.284(1).

30. To perform sterile compounding in Nevada, a pharmacy and/or its pharmacists must demonstrate competency in the practice of sterile compounding. NAC 639.67013.

31. Under both state and federal law, a compounded drug product cannot be dispensed by a pharmacy or pharmacist unless it is compounded using bulk drug substances that: (1) comply with the standards of an applicable United States Pharmacopeia (USP) or National Formulary (NF) monograph, if a monograph exists, and the USP chapter on pharmacy compounding; (2) if such a monograph does not exist, are drug substances that are components of drugs approved by the FDA; or (3) if such a monograph does not exist and the drug substance is not a component of a drug approved by the FDA, appears on a list developed by the FDA through regulations issued pursuant to 503A of the federal Food, Drug and Cosmetic Act. *See* 21 U.S.C. 353a(b)(1); NAC 639.757(1).

32. The furnishing of prescription blanks that bear the name or name and address of a pharmacy is prohibited by Nevada law. NRS 639.264(2)..

33. The Board may discipline the holder of a license or registration if the holder of said license or registration assists or abets in the violation of any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

34. The Board may discipline the holder of a license or registration if the holder of said license or registration violates any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs. NRS 639.210(11).

35. The Board may discipline the holder of a license or registration if the holder of said license or registration "is guilty of unprofessional conduct or conduct contrary to the public interest." NRS 639.210(4).

36. Unprofessional conduct includes "[p]erforming any…duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner." NAC 639.945(1)(i).

37. Unprofessional conduct includes "[m]anufacturing, compounding, selling, dispensing or permitting to be manufactured, compounded, sold or dispensed substandard drugs or preparations." NAC 639.945(1)(a).

38. "The owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ." NAC 639.945(3).

COUNT ONE

Purchasing Drugs from an Unlicensed Wholesaler
(Respondent Pharmacy & Respondent Lang)

39. As alleged above, Respondents purchased bulk drug substances from Biopeptek Pharmaceuticals.

40. Biopeptek Pharmaceuticals was engaged in "wholesale distribution" as that term is defined at NRS 639.0155.

41. Biopeptek Pharmaceuticals was not licensed by the Board to engage in wholesale distribution in Nevada.

42. A pharmacy or pharmacist may be disciplined for assisting or abetting in a violation of Nevada law involving the unlicensed wholesale distribution of drugs or bulk drug substances. NRS 639.210(12); NRS 639.100.

43. Respondents knew or should have known, based upon the facts and circumstances surrounding their dealings with Biopeptek Pharmaceuticals, that the company was not licensed to engage in the wholesale distribution of drugs or bulk drug substances in Nevada.

44. Respondents performed their duties as the holder of a license or registration issued by the Board in an incompetent, unskillful or negligent manner because they purchased bulk drug substances from an unlicensed wholesaler under the circumstances described above. NRS 639.210(4); NAC 639.945(1)(i).

45. Respondents assisted or abetted in a violation by Biopeptek Pharmaceuticals of Nevada's prohibition against engaging in the unlicensed wholesale distribution of drugs or bulk drug substances. NRS 639.210(12); NRS 639.100.

46. Having engaged in the conduct described above, Respondents are subject to discipline by the Board. NRS 639.210(4); NRS 639.210(12); NRS 639.255; NAC 639.945; and NAC 639.955.

47. Respondent Pharmacy is responsible for the acts of all personnel in the company's employ. NAC 639.945(3).

COUNT TWO
Dispensing a Substandard Drug Product
(Respondent Pharmacy and Respondent Lang)

48. As alleged above, Respondents dispensed Nutlin to patient T.S., listed as prescription number 0090060591.

49. Nutlin does not have a *United States Pharmacopeia – National Formulary* Monograph, nor have its components been approved by the FDA.

50. Nutlin does not appear on a list developed by the FDA through a regulation issued pursuant to 503A of the federal Food, Drug and Cosmetic Act.

51. Respondents have not demonstrated their competency to perform sterile compounding.

52. For any one or more of the reasons noted above, Nutlin cannot lawfully be compounded by Respondents under state or federal law.

53. Instead of compounding Nutlin for patient T.S., Respondents dispensed Nutlin to patient T.S. with directions to compound it herself.

54. Because Nutlin cannot be safely compounded by Respondents, it cannot safely be compounded by patient T.S. or her practitioner.

55. By dispensing a bulk drug substance to patient T.S. under the circumstances described above, Respondents delivered a substandard drug product to patient T.S. This amounted to a breach of their duty to treat their patients with competence and professionalism. NRS 639.210(4); NAC 639.945(1)(a) and 639.945(1)(i).

56. Having engaged in unprofessional conduct as alleged above, Respondents are subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; and NAC 639.955.

57. Respondent Pharmacy is responsible for the acts of all personnel in the company's employ. NAC 639.945(3).

\\\

COUNT THREE
Dispensing Substandard Drug Product
(Respondent Pharmacy and Respondent Lang)

58. As alleged above, Respondents dispensed Pooled Peptides to patient T.S., listed as prescription number 0090060593.

59. Pooled Peptides does not have a *United States Pharmacopeia – National Formulary* Monograph, nor have its components been approved by the FDA.

60. Pooled Peptides does not appear on a list developed by the FDA through a regulation issued pursuant to 503A of the federal Food, Drug and Cosmetic Act.

61. Respondents have not demonstrated their competency to perform sterile compounding.

62. For any one or more of the reasons noted above, Pooled Peptides cannot lawfully be compounded by Respondents under state or federal law.

63. Instead of compounding Pooled Peptides for patient T.S., Respondents dispensed Pooled Peptides to patient T.S. with directions to compound it herself.

64. Because Pooled Peptides cannot be safely compounded by Respondents, it cannot safely be compounded by patient T.S. or her practitioner.

65. By dispensing a bulk drug substance to patient T.S. under the circumstances described above, Respondents delivered a substandard drug product to patient T.S. in breach of their duty to treat their patients with competence and professionalism. NRS 639.210(4); NAC 639.945(1)(a) and 639.945(1)(i).

66. Having engaged in conduct contrary to the public interest as alleged above, Respondents are subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; and NAC 639.955.

67. Respondent Pharmacy is responsible for the acts of all personnel in the company's employ. NAC 639.945(3).

COUNT FOUR
Permitting Drugs to be Compounded by a Non-Pharmacist
(Respondent Pharmacy and Respondent Lang)

68. As alleged above, Respondents dispensed bulk drug substances to patient T.S. with instructions to compound them herself.

69. Respondent Pharmacy is the licensed proprietor of a pharmacy that is not approved by the Board to perform sterile compounding.

70. It is unlawful for the licensed proprietor of a pharmacy to permit the compounding or dispensing of drugs or prescriptions by any person other than a registered pharmacist or intern pharmacist. NRS 639.284.

71. By dispensing bulk drug substances to patient T.S. with instructions to compound them herself, Respondent Pharmacy permitted the compounding of drugs or prescriptions by a person other than a registered pharmacist or intern pharmacist in violation of NRS 639.284.

72. By dispensing bulk drug substances to patient T.S. under the circumstances described above, Respondent Lang assisted or abetted in the violation by Respondent Pharmacy of NRS 639.284.

73. By dispensing bulk drug substances to patient T.S. under the circumstances described above, Respondents performed their duties as the holder of a license or registration issued by the Board in an incompetent, unskillful or negligent manner.

74. Having engaged in the conduct described above, Respondents are subject to discipline by the Board. NRS 639.210(4); NRS 639.210(12); NRS 639.255; NAC 639.945; and NAC 639.955.

\\\

COUNT FIVE
Furnishing Preprinted Prescription Blanks
(Respondent Pharmacy)

75. Respondent Pharmacy received both prescriptions at issue in this case via prescription blanks bearing the name of Respondent Pharmacy. This indicates that Respondent Pharmacy, or its agent, furnished patient T.S.'s practitioner with prescription blanks bearing the name of Respondent Pharmacy.

76. It is unlawful for a pharmacy to furnish a practitioner with prescription blanks bearing the name or name and address of the pharmacy. NRS 639.264(2).

77. By furnishing prescription blanks as described above, Respondent Pharmacy violated NRS 639.264.

78. Having engaged in the conduct described above, Respondent Pharmacy is subject to discipline by the Board. NRS 639.210(12); NRS 639.255; NAC 639.955.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the pharmacy license of Respondent Pharmacy and the certificate of registration of Respondent Lang.

DATED this 23rd day of January 2025.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. WHEREFORE, Respondent respectfully submits this response to the Notice of Intended Action and Accusation. Respondents, Partell Specialty Pharmacy and Jeffrey Lang, RPH, by and through their counsel of record, Joseph S. Gilbert, Esq. of Joey Gilbert Law, assert that they have consistently met their professional obligations, including full cooperation with the NVBOP's inquiries, transparency regarding their relabeling practices, and adherence to applicable regulations. Respondents further state that during a 2023 visit by Joe Dodge and a male investigator from the NVBOP, they received no indication that their practices were non-compliant or improper. When asked if the pharmacy was compounding these items, Respondents explained the relabeling process, clarifying that the items were not compounded at Partell but were manufactured by the FDA-registered Biopeptek. Respondents' staff also proactively inquired whether there was any issue with this process or if relabeling should be discontinued. The investigator did not suggest any changes or raise any compliance concerns. Respondents remain fully committed to maintaining the highest standards of professional conduct and strict compliance with all relevant laws and regulations.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **PARTELL SPECIALTY PHARMACY, License No. PH02028** **-and-** **JEFFREY LANG, RPH, Registration No. 17503.** **Respondents.**	**Case Nos. 23-239-PH-S** **23-239-RPH-S** **SECOND AMENDED NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Partell Specialty Pharmacy (Respondent Pharmacy), because the Board has licensed Respondent Pharmacy to operate a pharmacy on South Eastern Avenue in Las Vegas, Nevada.

2. The Board has personal jurisdiction over Respondent Jeffrey Lang, RPh, (Respondent Lang), because the Board has issued Respondent Lang a certificate of registration authorizing him to engage in the practice of pharmacy in Nevada.

3. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the dispensing of poisons, drugs, chemicals and medicines and the regulation of the practice of pharmacy. NRS 639.070.

FACTUAL ALLEGATIONS

4. On or about February 28, 2023, Respondent Pharmacy and Respondent Lang (Respondents) dispensed Nutlin to patient T.S. with directions to mix Nutlin with 2mL DMSO and

administer .5mL up to 1mL intramuscularly or IV per administration protocol. This prescription was given prescription number 0090060591.

5. Respondents also dispensed Thymulin to patient T.S. with instructions to mix with 2mL saline and administer 6.25mg intramuscularly or IV per administration protocol. This prescription was given prescription number 0090060592.

6. Respondents also dispensed Pooled Peptides to patient T.S. with instructions to inject 1mL daily per administration protocol. This prescription was given prescription number 0090060593.

7. Respondents purchased the drugs used for these prescriptions from Biopeptek Pharmaceuticals, a drug manufacturer based in Malvern, Pennsylvania.

8. Biopeptek Pharmaceuticals was then registered with the Food and Drug Administration (FDA) as a manufacturer. *See* 21 U.S.C. § 360.

9. Registration with the FDA does not suggest or imply that Biopeptek's drug products are approved by the FDA for distribution in the United States. *See* 21 U.S.C. § 355 (concerning the approval of new drugs under new drug applications or abbreviated new drug applications).

10. Biopeptek Pharmaceuticals has never been licensed or registered by the Board to distribute or dispense drugs in Nevada.

11. Neither Nutlin, Thymulin, nor Pooled Peptides has a *United States Pharmacopeia – National Formulary* Monograph.

12. Neither Nutlin, Thymulin, nor Pooled Peptides contains components of drugs approved by the FDA.

13. Neither Nutlin, Thymulin, nor Pooled Peptides appears on a list developed by the FDA through regulations issued pursuant to 503A of the federal Food, Drug and Cosmetic Act.

14. Nutlin, Thymulin and Pooled Peptides were prescribed in this instance to cure, mitigate, and/or treat cancer.

15. Neither Nutlin, Thymulin, nor Pooled Peptides is considered an investigational drug under Nevada law.

16. Biopeptek Pharmaceuticals delivered Nutlin, Thymulin, and/or Pooled Peptides to Respondents with labels and/or package inserts indicating that the drugs were experimental, potentially dangerous, and/or not approved by the FDA.

17. Biopeptek Pharmaceuticals delivered Nutlin, Thymulin, and/or Pooled Peptides to Respondents with labels and/or package inserts indicating that they were bulk drug substances or active pharmaceutical ingredients intended to be compounded and then administered intravenously, or by way of intramuscular injection.

18. Respondents dispensed these bulk drug substances to patient T.S. in their solid state.

19. Respondents were not approved by the Board to perform sterile compounding.

20. Respondents did not seek nor obtain the Board's approval to compound drugs products using bulk drug substances described in NAC 639.757(2).

21. On information and belief, neither patient T.S. nor her practitioner was qualified or competent to perform sterile compounding.

22. Respondents dispensed bulk drug substances to patient T.S. when they knew or should have known that an injectable drug product or parenteral solution could not be safely administered to patient T.S. unless those bulk drug substances were compounded with other active pharmaceutical ingredients using sterile compounding methods and protocols.

23. Respondent Pharmacy received both prescriptions at issue in this case via prescription blanks that contained the name of Respondent Pharmacy.

APPLICABLE LAW

24. The term "drug" includes "[a]rticles and devices intended for use in the diagnosis, cure, mitigation, treatment or prevention of disease in humans or other animals." NRS 639.007(2).

25. "'Dispense' means to deliver a controlled substance or dangerous drug to an ultimate user, patient or subject of research by or pursuant to the lawful order of a practitioner, including the prescribing by a practitioner, administering, packaging, labeling or compounding necessary to prepare the substance for that delivery." NRS 639.0065.

26. "'Compounding' includes, without limitation, the combining, admixing, mixing, pooling, reconstituting or other altering of a drug or bulk drug substance, as defined in 21 C.F.R. § 207.3, to create a drug." NAC 639.6911.

27. The terms "bulk drug substance' and "active pharmaceutical ingredient" are synonymous. These terms refer to any "substance that is intended for incorporation into a finished drug product and is intended to furnish pharmacological activity or other direct effect in the diagnosis, cure, mitigation, treatment, or prevention of disease, or to affect the structure or any function of the body." 21 C.F.R. § 207.1. *See also* NAC 639.6611 (defining "active ingredient").

28. "'Investigational drug, biological product or device' means a drug, biological product or device that: . . . (1) Has successfully completed Phase 1 of a clinical trial; . . . (2) Has not been approved by the United States Food and Drug Administration; and . . . (3) Is currently being tested in a clinical trial that has been approved by the United States Food and Drug Administration." NRS 454.690(10)(c).

29. A person may not engage in the wholesale distribution of drugs in Nevada unless the person is properly licensed pursuant to NRS 639.233 and the regulations promulgated thereunder.

30. It is unlawful for any person to engage in or permit the wholesale distribution of drugs unless that person holds a wholesaler license issued by the Board. NRS 639.100(1); NRS 639.233; NAC 639.593.

31. It is unlawful for the licensed proprietor of a pharmacy to permit the compounding or dispensing of drugs or prescriptions by any person other than a registered pharmacist or intern pharmacist. NRS 639.284(1).

32. To perform sterile compounding in Nevada, a pharmacy and/or its pharmacists must demonstrate competency in the practice of sterile compounding. NAC 639.67013.

33. Under both state and federal law, except as provided in NAC 639.757(2), a compounded drug product cannot be dispensed by a pharmacy or pharmacist unless it is compounded using bulk drug substances that: (1) comply with the standards of an applicable United States Pharmacopeia (USP)

or National Formulary (NF) monograph, if a monograph exists, and the USP chapter on pharmacy compounding; (2) if such a monograph does not exist, are drug substances that are components of drugs approved by the FDA; or (3) if such a monograph does not exist and the drug substance is not a component of a drug approved by the FDA, appears on a list developed by the FDA through regulations issued pursuant to 503A of the federal Food, Drug and Cosmetic Act. *See* 21 U.S.C. 353a(b)(1); NAC 639.757(1).

34. Under NAC 639.757(2), a pharmacist may compound drug products using an active pharmaceutical ingredient that does not meet the criteria set forth in paragraph 33 above if the pharmacist establishes the purity and safety of the ingredient by reasonable means, satisfactory to the Board, which include, without limitation, analysis of the lot in which the ingredient was packaged, the reputation of the manufacturer of the ingredient and the reliability of the source of the ingredient.

35. The furnishing of prescription blanks that bear the name or name and address of a pharmacy is prohibited by Nevada law. NRS 639.264(2).

36. The Board may discipline the holder of a license or registration if the holder of said license or registration assists or abets in the violation of any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

37. The Board may discipline the holder of a license or registration if the holder of said license or registration violates any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs. NRS 639.210(11).

38. The Board may discipline the holder of a license or registration if the holder of said license or registration "is guilty of unprofessional conduct or conduct contrary to the public interest." NRS 639.210(4).

39. Unprofessional conduct includes "[p]erforming any…duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner." NAC 639.945(1)(i).

40. Unprofessional conduct includes "[m]anufacturing, compounding, selling, dispensing or permitting to be manufactured, compounded, sold or dispensed substandard drugs or preparations." NAC 639.945(1)(a).

41. "The owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ." NAC 639.945(3).

COUNT ONE
Purchasing Drugs from an Unlicensed Wholesaler
(Respondent Pharmacy & Respondent Lang)

42. As alleged above, Respondents purchased bulk drug substances from Biopeptek Pharmaceuticals.

43. Biopeptek Pharmaceuticals was engaged in "wholesale distribution" as that term is defined at NRS 639.0155.

44. Biopeptek Pharmaceuticals was not licensed by the Board to engage in wholesale distribution in Nevada.

45. A pharmacy or pharmacist may be disciplined for assisting or abetting in a violation of Nevada law involving the unlicensed wholesale distribution of drugs or bulk drug substances. NRS 639.210(12); NRS 639.100.

46. Respondents knew or should have known, based upon the facts and circumstances surrounding their dealings with Biopeptek Pharmaceuticals, that the company was not licensed to engage in the wholesale distribution of drugs or bulk drug substances in Nevada.

47. Respondents performed their duties as the holder of a license or registration issued by the Board in an incompetent, unskillful or negligent manner because they purchased bulk drug substances from an unlicensed wholesaler under the circumstances described above. NRS 639.210(4); NAC 639.945(1)(i).

48. Respondents assisted or abetted in a violation by Biopeptek Pharmaceuticals of Nevada's prohibition against engaging in the unlicensed wholesale distribution of drugs or bulk drug substances. NRS 639.210(12); NRS 639.100.

49. Having engaged in the conduct described above, Respondents are subject to discipline by the Board. NRS 639.210(4); NRS 639.210(12); NRS 639.255; NAC 639.945; and NAC 639.955.

50. Respondent Pharmacy is responsible for the acts of all personnel in the company's employ. NAC 639.945(3).

COUNT TWO
Dispensing a Substandard Drug Product
(Respondent Pharmacy and Respondent Lang)

51. As alleged above, Respondents dispensed Nutlin to patient T.S., listed as prescription number 0090060591.

52. Nutlin does not have a *United States Pharmacopeia – National Formulary* Monograph, nor have its components been approved by the FDA.

53. Nutlin does not appear on a list developed by the FDA through a regulation issued pursuant to 503A of the federal Food, Drug and Cosmetic Act.

54. Nutlin has not been approved by the Board for use in compounding pursuant to NAC 639.757(2).

55. Respondents have not demonstrated their competency to perform sterile compounding.

56. For any one or more of the reasons noted above, Nutlin cannot lawfully be compounded by Respondents under state or federal law.

57. Instead of compounding Nutlin for patient T.S., Respondents dispensed Nutlin to patient T.S. with directions to compound it herself.

58. Because Nutlin cannot be safely compounded by Respondents, it cannot safely be compounded by patient T.S. or her practitioner.

59. By dispensing a bulk drug substance to patient T.S. under the circumstances described above, Respondents delivered a substandard drug product to patient T.S. This amounted to a breach of their duty to treat their patients with competence and professionalism. NRS 639.210(4); NAC 639.945(1)(a) and 639.945(1)(i).

60. Having engaged in unprofessional conduct as alleged above, Respondents are subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; and NAC 639.955.

61. Respondent Pharmacy is responsible for the acts of all personnel in the company's employ. NAC 639.945(3).

COUNT THREE
Dispensing Substandard Drug Product
(Respondent Pharmacy and Respondent Lang)

62. As alleged above, Respondents dispensed Thymulin to patient T.S., listed as prescription number 0090060592.

63. Thymulin does not have a *United States Pharmacopeia – National Formulary* Monograph, nor have its components been approved by the FDA.

64. Thymulin does not appear on a list developed by the FDA through a regulation issued pursuant to 503A of the federal Food, Drug and Cosmetic Act.

65. Thymulin has not been approved by the Board for use in compounding pursuant to NAC 639.757(2).

66. Respondents have not demonstrated their competency to perform sterile compounding.

67. For any one or more of the reasons noted above, Thymulin cannot lawfully be compounded by Respondents under state or federal law.

68. Instead of compounding Thymulin for patient T.S., Respondents dispensed Thymulin to patient T.S. with directions to compound it herself.

69. Because Thymulin cannot be safely compounded by Respondents, it cannot safely be compounded by patient T.S. or her practitioner.

70. By dispensing a bulk drug substance to patient T.S. under the circumstances described above, Respondents delivered a substandard drug product to patient T.S. This amounted to a breach of their duty to treat their patients with competence and professionalism. NRS 639.210(4); NAC 639.945(1)(a) and 639.945(1)(i).

71. Having engaged in unprofessional conduct as alleged above, Respondents are subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; and NAC 639.955.

72. Respondent Pharmacy is responsible for the acts of all personnel in the company's employ. NAC 639.945(3).

COUNT FOUR
Dispensing Substandard Drug Product
(Respondent Pharmacy and Respondent Lang)

73. As alleged above, Respondents dispensed Pooled Peptides to patient T.S., listed as prescription number 0090060593.

74. Pooled Peptides does not have a *United States Pharmacopeia – National Formulary* Monograph, nor have its components been approved by the FDA.

75. Pooled Peptides does not appear on a list developed by the FDA through a regulation issued pursuant to 503A of the federal Food, Drug and Cosmetic Act.

76. Pooled Peptides has not been approved by the Board for use in compounding pursuant to NAC 639.757(2).

77. Respondents have not demonstrated their competency to perform sterile compounding.

78. For any one or more of the reasons noted above, Pooled Peptides cannot lawfully be compounded by Respondents under state or federal law.

79. Instead of compounding Pooled Peptides for patient T.S., Respondents dispensed Pooled Peptides to patient T.S. with directions to compound it herself.

80. Because Pooled Peptides cannot be safely compounded by Respondents, it cannot safely be compounded by patient T.S. or her practitioner.

81. By dispensing a bulk drug substance to patient T.S. under the circumstances described above, Respondents delivered a substandard drug product to patient T.S. in breach of their duty to treat their patients with competence and professionalism. NRS 639.210(4); NAC 639.945(1)(a) and 639.945(1)(i).

82. Having engaged in conduct contrary to the public interest as alleged above, Respondents are subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; and NAC 639.955.

83. Respondent Pharmacy is responsible for the acts of all personnel in the company's employ. NAC 639.945(3).

COUNT FIVE
Permitting Drugs to be Compounded by a Non-Pharmacist
(Respondent Pharmacy and Respondent Lang)

84. As alleged above, Respondents dispensed bulk drug substances to patient T.S. with instructions to compound them herself.

85. Respondent Pharmacy is the licensed proprietor of a pharmacy that is not approved by the Board to perform sterile compounding.

86. It is unlawful for the licensed proprietor of a pharmacy to permit the compounding or dispensing of drugs or prescriptions by any person other than a registered pharmacist or intern pharmacist. NRS 639.284.

87. By dispensing bulk drug substances to patient T.S. with instructions to compound them herself, Respondent Pharmacy permitted the compounding of drugs or prescriptions by a person other than a registered pharmacist or intern pharmacist in violation of NRS 639.284.

88. By dispensing bulk drug substances to patient T.S. under the circumstances described above, Respondent Lang assisted or abetted in the violation by Respondent Pharmacy of NRS 639.284.

89. By dispensing bulk drug substances to patient T.S. under the circumstances described above, Respondents performed their duties as the holder of a license or registration issued by the Board in an incompetent, unskillful or negligent manner.

90. Having engaged in the conduct described above, Respondents are subject to discipline by the Board. NRS 639.210(4); NRS 639.210(12); NRS 639.255; NAC 639.945; and NAC 639.955.

COUNT SIX
Furnishing Preprinted Prescription Blanks
(Respondent Pharmacy)

91. Respondent Pharmacy received both prescriptions at issue in this case via prescription blanks bearing the name of Respondent Pharmacy. This indicates that Respondent Pharmacy, or its agent, furnished patient T.S.'s practitioner with prescription blanks bearing the name of Respondent Pharmacy.

92. It is unlawful for a pharmacy to furnish a practitioner with prescription blanks bearing the name or name and address of the pharmacy. NRS 639.264(2).

93. By furnishing prescription blanks as described above, Respondent Pharmacy violated NRS 639.264.

94. Having engaged in the conduct described above, Respondent Pharmacy is subject to discipline by the Board. NRS 639.210(12); NRS 639.255; NAC 639.955.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the pharmacy license of Respondent Pharmacy and the certificate of registration of Respondent Lang.

DATED this 11th day of March 2025.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **PARTELL SPECIALTY PHARMACY, License No. PH02028** **-and-** **JEFFREY LANG, RPH, Certificate of Registration No. 17503.** **Respondents.**	**Case Nos. 23-239-PH-S** **23-239-RPH-S** **FIRST AMENDED NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Partell Specialty Pharmacy (Respondent Pharmacy), because the Board has licensed Respondent Pharmacy to operate a pharmacy on South Eastern Avenue in Las Vegas, Nevada.

2. The Board has personal jurisdiction over Respondent Jeffrey Lang, RPh, (Respondent Lang), because the Board has issued Respondent Lang a certificate of registration authorizing him to engage in the practice of pharmacy in Nevada.

3. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the dispensing of poisons, drugs, chemicals and medicines and the regulation of the practice of pharmacy. NRS 639.070.

FACTUAL ALLEGATIONS

4. On or about February 28, 2023, Respondent Pharmacy and Respondent Lang (Respondents) dispensed Nutlin to patient T.S. with directions to mix Nutlin with 2mL DMSO and

administer .5mL up to 1mL intramuscularly or IV per administration protocol. This prescription was given prescription number 0090060591.

5. Respondents also dispensed Pooled Peptides to patient T.S. with instructions to inject 1mL daily per administration protocol. This prescription was given prescription number 0090060593.

6. Respondents purchased the drugs used for these prescriptions from Biopeptek Pharmaceuticals, a drug manufacturer based in Malvern, Pennsylvania.

7. Biopeptek Pharmaceuticals was then registered with the Food and Drug Administration (FDA) as a manufacturer. *See* 21 U.S.C. § 360.

8. Registration with the FDA does not suggest or imply that Biopeptek's drug products are approved by the FDA for distribution in the United States. *See* 21 U.S.C. § 355 (concerning the approval of new drugs under new drug applications or abbreviated new drug applications).

9. Biopeptek Pharmaceuticals has never been licensed or registered by the Board to distribute or dispense drugs in Nevada.

10. Neither Nutlin nor Pooled Peptides have a *United States Pharmacopeia – National Formulary* Monograph.

11. Neither Nutlin nor Pooled Peptides contain components of drugs approved by the FDA.

12. Neither Nutlin nor Pooled Peptides appears on a list developed by the FDA through regulations issued pursuant to 503A of the federal Food, Drug and Cosmetic Act.

13. Both Nutlin and Pooled Peptides were prescribed in this instance to cure, mitigate, and/or treat cancer.

14. Neither Nutlin nor Pooled Peptides are considered investigational drugs under Nevada law.

15. Biopeptek Pharmaceuticals delivered Nutlin and/or Pooled Peptides to Respondents with labels and/or package inserts indicating that the drugs were experimental, potentially dangerous, and/or not approved by the FDA.

16. Biopeptek Pharmaceuticals delivered Nutlin and/or Pooled Peptides to Respondents with labels and/or package inserts indicating that they were bulk drug substances or active pharmaceutical ingredients intended to be compounded and then administered intravenously, or by way of intramuscular injection.

17. Respondents dispensed these bulk drug substances to patient T.S. in their solid state.

18. Respondents were not approved by the Board to perform sterile compounding.

19. Neither patient T.S. nor her practitioner were qualified or competent to perform sterile compounding.

20. Respondents dispensed bulk drug substances to patient T.S. when they knew or should have known that an injectable drug product or parenteral solution could not be safely administered to patient T.S. unless those bulk drug substances were compounded with other active pharmaceutical ingredients using sterile compounding methods and protocols.

21. Respondent Pharmacy received both prescriptions at issue in this case via prescription blanks that contained the name of Respondent Pharmacy.

APPLICABLE LAW

22. The term "drug" includes "[a]rticles and devices intended for use in the diagnosis, cure, mitigation, treatment or prevention of disease in humans or other animals." NRS 639.007(2).

23. "'Dispense' means to deliver a controlled substance or dangerous drug to an ultimate user, patient or subject of research by or pursuant to the lawful order of a practitioner, including the prescribing by a practitioner, administering, packaging, labeling or compounding necessary to prepare the substance for that delivery." NRS 639.0065.

24. "'Compounding' includes, without limitation, the combining, admixing, mixing, pooling, reconstituting or other altering of a drug or bulk drug substance, as defined in 21 C.F.R. § 207.3, to create a drug." NAC 639.6911.

25. The terms "bulk drug substance' and "active pharmaceutical ingredient" are synonymous. These terms refer to any "substance that is intended for incorporation into a finished drug

product and is intended to furnish pharmacological activity or other direct effect in the diagnosis, cure, mitigation, treatment, or prevention of disease, or to affect the structure or any function of the body." 21 C.F.R. § 207.1. *See also* NAC 639.6611 (defining "active ingredient").

26. "'Investigational drug, biological product or device' means a drug, biological product or device that: . . . (1) Has successfully completed Phase 1 of a clinical trial; . . . (2) Has not been approved by the United States Food and Drug Administration; and . . . (3) Is currently being tested in a clinical trial that has been approved by the United States Food and Drug Administration." NRS 454.690(10)(c).

27. A person may not engage in the wholesale distribution of drugs in Nevada unless the person is properly licensed pursuant to NRS 639.233 and the regulations promulgated thereunder.

28. It is unlawful for any person to engage in or permit the wholesale distribution of drugs unless that person holds a wholesaler license issued by the Board. NRS 639.100(1); NRS 639.233; NAC 639.593.

29. It is unlawful for the licensed proprietor of a pharmacy to permit the compounding or dispensing of drugs or prescriptions by any person other than a registered pharmacist or intern pharmacist. NRS 639.284(1).

30. To perform sterile compounding in Nevada, a pharmacy and/or its pharmacists must demonstrate competency in the practice of sterile compounding. NAC 639.67013.

31. Under both state and federal law, a compounded drug product cannot be dispensed by a pharmacy or pharmacist unless it is compounded using bulk drug substances that: (1) comply with the standards of an applicable United States Pharmacopeia (USP) or National Formulary (NF) monograph, if a monograph exists, and the USP chapter on pharmacy compounding; (2) if such a monograph does not exist, are drug substances that are components of drugs approved by the FDA; or (3) if such a monograph does not exist and the drug substance is not a component of a drug approved by the FDA, appears on a list developed by the FDA through regulations issued pursuant to 503A of the federal Food, Drug and Cosmetic Act. *See* 21 U.S.C. 353a(b)(1); NAC 639.757(1).

32. The furnishing of prescription blanks that bear the name or name and address of a pharmacy is prohibited by Nevada law. NRS 639.264(2).

33. The Board may discipline the holder of a license or registration if the holder of said license or registration assists or abets in the violation of any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

34. The Board may discipline the holder of a license or registration if the holder of said license or registration violates any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs. NRS 639.210(11).

35. The Board may discipline the holder of a license or registration if the holder of said license or registration "is guilty of unprofessional conduct or conduct contrary to the public interest." NRS 639.210(4).

36. Unprofessional conduct includes "[p]erforming any...duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner." NAC 639.945(1)(i).

COUNT ONE
Purchasing Drugs from an Unlicensed Wholesaler
(Respondent Pharmacy & Respondent Lang)

39. As alleged above, Respondents purchased bulk drug substances from Biopeptek Pharmaceuticals.

40. Biopeptek Pharmaceuticals was engaged in "wholesale distribution" as that term is defined at NRS 639.0155.

41. Biopeptek Pharmaceuticals was not licensed by the Board to engage in wholesale distribution in Nevada.

42. A pharmacy or pharmacist may be disciplined for assisting or abetting in a violation of Nevada law involving the unlicensed wholesale distribution of drugs or bulk drug substances. NRS 639.210(12); NRS 639.100.

43. Respondents knew or should have known, based upon the facts and circumstances surrounding their dealings with Biopeptek Pharmaceuticals, that the company was not licensed to engage in the wholesale distribution of drugs or bulk drug substances in Nevada.

44. Respondents performed their duties as the holder of a license or registration issued by the Board in an incompetent, unskillful or negligent manner because they purchased bulk drug substances from an unlicensed wholesaler under the circumstances described above. NRS 639.210(4); NAC 639.945(1)(i).

45. Respondents assisted or abetted in a violation by Biopeptek Pharmaceuticals of Nevada's prohibition against engaging in the unlicensed wholesale distribution of drugs or bulk drug substances. NRS 639.210(12); NRS 639.100.

46. Having engaged in the conduct described above, Respondents are subject to discipline by the Board. NRS 639.210(4); NRS 639.210(12); NRS 639.255; NAC 639.945; and NAC 639.955.

47. Respondent Pharmacy is responsible for the acts of all personnel in the company's employ. NAC 639.945(3).

COUNT TWO
Dispensing a Substandard Drug Product
(Respondent Pharmacy and Respondent Lang)

48. As alleged above, Respondents dispensed Nutlin to patient T.S., listed as prescription number 0090060591.

49. Nutlin does not have a *United States Pharmacopeia – National Formulary* Monograph, nor have its components been approved by the FDA.

50. Nutlin does not appear on a list developed by the FDA through a regulation issued pursuant to 503A of the federal Food, Drug and Cosmetic Act.

51. Respondents have not demonstrated their competency to perform sterile compounding.

52. For any one or more of the reasons noted above, Nutlin cannot lawfully be compounded by Respondents under state or federal law.

53. Instead of compounding Nutlin for patient T.S., Respondents dispensed Nutlin to patient T.S. with directions to compound it herself.

54. Because Nutlin cannot be safely compounded by Respondents, it cannot safely be compounded by patient T.S. or her practitioner.

55. By dispensing a bulk drug substance to patient T.S. under the circumstances described above, Respondents delivered a substandard drug product to patient T.S. This amounted to a breach of their duty to treat their patients with competence and professionalism. NRS 639.210(4); NAC 639.945(1)(a) and 639.945(1)(i).

56. Having engaged in unprofessional conduct as alleged above, Respondents are subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; and NAC 639.955.

57. Respondent Pharmacy is responsible for the acts of all personnel in the company's employ. NAC 639.945(3).

\\\

COUNT THREE

Dispensing Substandard Drug Product
(Respondent Pharmacy and Respondent Lang)

58. As alleged above, Respondents dispensed Pooled Peptides to patient T.S., listed as prescription number 0090060593.

59. Pooled Peptides does not have a *United States Pharmacopeia – National Formulary* Monograph, nor have its components been approved by the FDA.

60. Pooled Peptides does not appear on a list developed by the FDA through a regulation issued pursuant to 503A of the federal Food, Drug and Cosmetic Act.

61. Respondents have not demonstrated their competency to perform sterile compounding.

62. For any one or more of the reasons noted above, Pooled Peptides cannot lawfully be compounded by Respondents under state or federal law.

63. Instead of compounding Pooled Peptides for patient T.S., Respondents dispensed Pooled Peptides to patient T.S. with directions to compound it herself.

64. Because Pooled Peptides cannot be safely compounded by Respondents, it cannot safely be compounded by patient T.S. or her practitioner.

65. By dispensing a bulk drug substance to patient T.S. under the circumstances described above, Respondents delivered a substandard drug product to patient T.S. in breach of their duty to treat their patients with competence and professionalism. NRS 639.210(4); NAC 639.945(1)(a) and 639.945(1)(i).

66. Having engaged in conduct contrary to the public interest as alleged above, Respondents are subject to discipline by the Board. NRS 639.210(4); NRS 639.255; NAC 639.945; and NAC 639.955.

67. Respondent Pharmacy is responsible for the acts of all personnel in the company's employ. NAC 639.945(3).

COUNT FOUR
Permitting Drugs to be Compounded by a Non-Pharmacist
(Respondent Pharmacy and Respondent Lang)

68. As alleged above, Respondents dispensed bulk drug substances to patient T.S. with instructions to compound them herself.

69. Respondent Pharmacy is the licensed proprietor of a pharmacy that is not approved by the Board to perform sterile compounding.

70. It is unlawful for the licensed proprietor of a pharmacy to permit the compounding or dispensing of drugs or prescriptions by any person other than a registered pharmacist or intern pharmacist. NRS 639.284.

71. By dispensing bulk drug substances to patient T.S. with instructions to compound them herself, Respondent Pharmacy permitted the compounding of drugs or prescriptions by a person other than a registered pharmacist or intern pharmacist in violation of NRS 639.284.

72. By dispensing bulk drug substances to patient T.S. under the circumstances described above, Respondent Lang assisted or abetted in the violation by Respondent Pharmacy of NRS 639.284.

73. By dispensing bulk drug substances to patient T.S. under the circumstances described above, Respondents performed their duties as the holder of a license or registration issued by the Board in an incompetent, unskillful or negligent manner.

74. Having engaged in the conduct described above, Respondents are subject to discipline by the Board. NRS 639.210(4); NRS 639.210(12); NRS 639.255; NAC 639.945; and NAC 639.955.

\\\

COUNT FIVE
Furnishing Preprinted Prescription Blanks
(Respondent Pharmacy)

75. Respondent Pharmacy received both prescriptions at issue in this case via prescription blanks bearing the name of Respondent Pharmacy. This indicates that Respondent Pharmacy, or its agent, furnished patient T.S.'s practitioner with prescription blanks bearing the name of Respondent Pharmacy.

76. It is unlawful for a pharmacy to furnish a practitioner with prescription blanks bearing the name or name and address of the pharmacy. NRS 639.264(2).

77. By furnishing prescription blanks as described above, Respondent Pharmacy violated NRS 639.264.

78. Having engaged in the conduct described above, Respondent Pharmacy is subject to discipline by the Board. NRS 639.210(12); NRS 639.255; NAC 639.955.

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the pharmacy license of Respondent Pharmacy and the certificate of registration of Respondent Lang.

DATED this 23rd day of January 2025.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has personal jurisdiction over Respondent Partell Specialty Pharmacy (Respondent Pharmacy), because Respondent Pharmacy, at the time of the violations alleged herein, held License No. PH02028 issued by the Board pursuant to NRS 639.230, authorizing the business to operate as a pharmacy. Since June 29, 2007, Respondent Pharmacy has held this license to operate a pharmacy issued by the Board pursuant to NRS 639.230.

2. The Board has personal jurisdiction over Respondent Jeffrey Lang, RPh, (Respondent Lang), because Respondent Lang, at the time of the violations alleged herein, held Certificate of Registration No. 17503 issued by the Board pursuant to NRS 639.127, authorizing Respondent to engage in the practice of pharmacy. Since November 6, 2008, Respondent Lang has held this registration to practice pharmacy issued by the Board pursuant to NRS 639.127.

3. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the dispensing of poisons, drugs, chemicals and medicines and the regulation of the practice of pharmacy. NRS 639.070.

3. The Board has jurisdiction over the subject matter of this accusation because the alleged violations involve the dispensing of poisons, drugs, chemicals and medicines and the regulation of the practice of pharmacy. NRS 639.070.

FACTUAL ALLEGATIONS

4. On or about February 28, 2023, Respondent Pharmacy and Respondent Lang dispensed Nutlin to patient T.S. with direction to mix Nutlin with 2mL DMSO and administer .5mL up to 1mL intramuscularly or IV per administration protocol. This prescription was given prescription number 0090060591.

5. Respondent Pharmacy and Respondent Lang also dispensed Pooled Peptides to patient T.S. with instructions to inject 1mL daily per administration protocol. This prescription was given prescription number 0090060593.

6. Respondent Pharmacy and Respondent Lang purchased the drugs used for these prescriptions from an unlicensed wholesaler/manufacturer called Biopeptek Pharmaceuticals.

7. Neither Nutlin nor Pooled Peptides have a *United States Pharmacopeia – National Formulary* Monograph.

8. Neither Nutlin nor Pooled Peptides have components of drugs approved by the Food and Drug Administration.

9. Both Nutlin and Pooled Peptides were prescribed in this instance to cure, mitigate, and/or treat cancer.

10. Neither Nutlin nor Pooled Peptides are considered investigational drugs under Nevada law.

APPLICABLE LAW

11. The definition of drug includes, "[a]rticles and devices intended for use in the diagnosis, cure, mitigation, treatment or prevention of disease in humans or other animals." NRS 639.007(2).

12. "Investigational drug, biological product or device" means a drug, biological product or device that: (1) [h]as successfully completed Phase 1 of a clinical trial; (2) [h]as not been approved by

the United States Food and Drug Administration; and (3) [i]s currently being tested in a clinical trial that has been approved by the United States Food and Drug Administration." NRS 454.690(10)(c).

13. The Board may discipline the holder of a license or registration if the holder of said license or registration, "is guilty of unprofessional conduct or conduct contrary to the public interest." NRS 639.210(4).

14. "Any person, including a wholesaler or manufacturer, who engages in the business of wholesale distribution or furnishing controlled substances, poisons, drugs, devices or appliances that are restricted by federal law to sale by or on the order of a physician to any person located within this State shall obtain a license pursuant to the provisions of this chapter." NRS 639.233(1).

15. "For the purpose of this section, a person is "engaged in the business of furnishing" if the person: (a) Solicits or accepts orders for drugs or devices whose sale in this State is restricted by this chapter or chapter 453 or 454 of NRS; or (b) Receives, stores or ships such drugs or devices." NRS 639.233(2).

16. "The furnishing to a practitioner by a pharmacist or a pharmacy of prescription blanks bearing the name or name and address of any pharmacy is an unearned rebate and an inducement to refer patients to such pharmacist or pharmacy." NRS 639.264(2).

17. Prescription drugs may only be sold if the sale is a bona fide transaction. NRS 639.595(1).

18. A transaction is not a bona fide transaction if the circumstances of the purchase do not reasonably indicate that the drug was purchased from a source prohibited by law. NRS 639.595(5)(a)(2).

19. "A pharmacy or pharmacist is not required to obtain a license as a manufacturer to compound drugs if... the active ingredients used to compound the drugs: (1) [h]ave a monograph in and meet or exceed the standards of the United States Pharmacopoeia - National Formulary, as adopted by reference in paragraph (c) of subsection 1 of NAC 639.670; (2) [h]ave been components of drugs approved by the Food and Drug Administration; or (3) [a]re authorized to be used in pharmacy

compounding pursuant to 21 U.S.C. § 353a(b)(1) or the regulations adopted pursuant thereto." NAC 639.757(1).

20. Unprofessional conduct includes, "[p]erforming any…duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner." NAC 639.945(1)(i).

21. "The owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employ." NAC 639.945(3).

22. In lieu of a suspension or revocation, the Board may impose a fine of up to $10,000 for each violation committed. NRS 639.255(1)(f) and (3).

COUNT ONE

3. At the hearing, you have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). At the hearing, you are entitled to present argument and evidence including witness testimony on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3); NRS 639.241; NRS 639.246. To do so, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, within twenty (20) days of your receipt of this Statement and Notice, and the Accusation. NRS 622A.320; NRS 639.243.

You may file your answer electronically by emailing a copy of your Answer and Notice of Defense to the Board's coordinating staff and its prosecuting attorney at the email addresses below:

TeamBC@Pharmacy.nv.gov **and** **gvanderdonck@pharmacy.nv.gov**

Alternatively, you may file your Answer and Notice of Defense by mailing two (2) copies to Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521. Upon receipt of your Answer and Notice of Defense, a file stamped copy will be returned to you.

4. Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. The Board at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session.

5. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. WHEREFORE, Respondent respectfully submits this response to the Notice of Intended Action and Accusation. Respondents, Partell Specialty Pharmacy and Jeffrey Lang, RPH, by and through their counsel of record, Joseph S. Gilbert, Esq. of Joey Gilbert Law, assert that they have consistently met their professional obligations, including full cooperation with the NVBOP's inquiries, transparency regarding their relabeling practices, and adherence to applicable regulations. Respondents further state that during a 2023 visit by Joe Dodge and a male investigator from the NVBOP, they received no indication that their practices were non-compliant or improper. When asked if the pharmacy was compounding these items, Respondents explained the relabeling process, clarifying that the items were not compounded at Partell but were manufactured by the FDA-registered Biopeptek. Respondents' staff also proactively inquired whether there was any issue with this process or if relabeling should be discontinued. The investigator did not suggest any changes or raise any compliance concerns. Respondents remain fully committed to maintaining the highest standards of professional conduct and strict compliance with all relevant laws and regulations.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **PARTELL SPECIALTY PHARMACY, Pharmacy License No. PH02028,** **v.** **ROBERT SEIK, RPH, Certificate of Registration No. 13574, and** **DAVID WHITEHOUSE, RPH, Certificate of Registration No. 13635,** **Respondents.**	**Case Nos. 23-429-PH-S** **23-429-RPH-A-S** **23-429-RPH-B-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and these respondents because at the time of the events alleged herein, Respondent Robert Seik (Seik), Certificate of Registration No. 13574, and Respondent David Whitehouse (Whitehouse), Certificate of Registration No. 13635, were pharmacists registered with the Board, and Respondent Partell Pharmacy (Partell Pharmacy), Pharmacy License No. PH02028, was a pharmacy licensed by the Board.

FACTUAL ALLEGATIONS

2. Seik owns Partell Pharmacy and served as the managing pharmacist of Partell Pharmacy from August 21, 2023, to September 19, 2023, and from January 6, 2024, to present.

3. Whitehouse served as the managing pharmacist of Partell Pharmacy from September 20, 2023, to January 5, 2024.

4. Partell Pharmacy contracted with The Wellness Company (TWC), based in Boca Raton, Florida, to dispense various prescription drug products to TWC patients.

5. One product was an "Emergency Kit" including: 1) Amoxicillin-Clavulanate 875-125mg (28 tablets); 2) Azithromycin 250mg (12 tablets); 3) Bactrim DS 800mg-160mg (28 tablets); 4) Doxycycline Hyclate 100mg (60 capsules); 5) Fluconazole 150mg (2 tablets); 6) Ivermectin 18mg (7 capsules); 7) Metronidazole 500mg (30 tablets); and 8) Ondansetron 4mg (6 tablets).

6. Another product was a "COVID Kit" including: 1) Hydroxychloroquine 200mg (20 tablets); 2) Azithromycin 250mg (12 tablets); 3) Budesonide .5mg (10 vials); and 4) Ivermectin 12mg (25 capsules).

7. Each prescription transmitted to Partell Pharmacy only indicated that the pharmacy was to dispense an "Emergency Kit" or "COVID Kit" to the patient – the drugs in each kit were not identified on the prescription.

8. When a practitioner associated with TWC prescribed either of the two kits, Partell Pharmacy staff used a mutually agreed upon "pharmacy script" template that specified the drugs to be included in each kit.

9. Partell Pharmacy dispensed at least 512 prescriptions issued for an "Emergency Kit" or "COVID Kit" under this scheme.

10. Partell Pharmacy regularly substituted Budesonide in the "COVID Kit" with a Medrol DosePak and Albuterol without consulting the prescribing practitioner, and continued billing TWC for the cost of Budesonide while substituting cheaper medications.

11. None of the counseling materials for each kit included any information on Medrol DosePaks or Albuterol. No further action was taken by Partell Pharmacy, Seik or Whitehouse to correct the counseling materials or provide any information regarding the substituted medications.

APPLICABLE LAW

12. A prescription must contain in pertinent part "[t]he name, strength and quantity of the drug prescribed and the number of days that the drug is to be used, beginning on the day on which the prescription is filled." NRS 639.2353(2)(d). A prescription must be written in such a manner that any registered pharmacist would be able to dispense it. NRS 639.2353(4).

13. Billing for the cost of a prescription drug while substituting cheaper medications constitutes fraud and is a felony offense. 18 U.S.C. § 1347; NRS 629.071; NRS 686A.2815.

14. A pharmacist shall provide medication counseling to a patient when dispensing a prescription and a pharmacy shall maintain documentation of medication counseling in conformance with NRS 639.266, NAC 639.707 and NAC 639.708.

15. Dispensing or causing to be dispensed a different drug or brand of drug in place of the drug or brand of drug prescribed, unless the express permission of the prescriber is obtained, constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(b) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

16. Performing or in any way being a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(h) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

17. Performing any duties as the holder of a registration in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license issued by the Board. NRS 639.210(4).

18. The Board may suspend or revoke a license if the holder has violated any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs. NRS 639.210(11).

19. The Board may suspend or revoke a license if the holder has violated any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

20. A managing pharmacist is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. NRS 639.210(15); NRS 639.220(1).

21. Any violation of any of the provisions of NRS Chapter 639 or NAC Chapter 639 by personnel of the pharmacy is cause for the suspension or revocation of the license of the pharmacy by the Board. NRS 639.230(5). Further, the owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employment. NAC 639.945(3).

COUNT ONE
Violations of State Law – Dispensing Invalid Prescriptions

22. By dispensing at least 512 invalid prescriptions issued for an "Emergency Kit" or "COVID Kit" for which the drugs in each kit were not identified on the prescription, as alleged herein, Respondents Partell Pharmacy, Seik and Whitehouse violated, attempted to violate, assisted or abetted in the violation of or conspired to violate NRS 639.2353(2)(d) and (4), and are subject to discipline pursuant to NRS 639.210(12) and/or (15), NRS 639.220(1) and/or NRS 639.230(5).

COUNT TWO
Unprofessional Conduct - Dispensing a Different Drug Without Permission

23. By substituting Budesonide in the "COVID Kit" with a Medrol DosePak and Albuterol without the knowledge or consent of the prescribing practitioner, as alleged in Paragraph 9 herein, Respondents Partell Pharmacy, Seik and Whitehouse engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(b), and are subject to discipline pursuant to NRS 639.210(4), NRS 639.230(5) and/or NAC 639.945(3).

COUNT THREE
Unprofessional Conduct - Fraudulent/Deceitful Practice/Transaction

24. By substituting Budesonide in the "COVID Kit" with a Medrol DosePak and Albuterol without the knowledge or consent of the prescribing practitioner, as alleged in Paragraph 10 herein, Respondents Partell Pharmacy, Seik and Whitehouse were party to a fraudulent or deceitful practice or transaction and engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(h), and are subject to discipline pursuant to NRS 639.210(4), NRS 639.230(5) and/or NAC 639.945(3).

COUNT FOUR
Unprofessional Conduct – Incompetent, Unskillful or Negligent Performance of Duties

25. By their conduct as alleged herein, Respondents Partell Pharmacy, Seik and Whitehouse have performed their duties as licensees/registrants in an incompetent, unskillful or negligent manner and engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(i), and are subject to discipline pursuant to NRS 639.210(4), NRS 639.230(5) and/or NAC 639.945(3).

COUNT FIVE
Violations of State Law – Failure to Provide Counseling to Patient for Substituted Medications

26. By failing to correct the counseling materials for each kit to include the necessary information on Medrol DosePaks or Albuterol or to otherwise provide any counseling regarding the substituted medications, as alleged in Paragraph 11 herein, Respondents Partell Pharmacy, Seik and Whitehouse violated, attempted to violate, assisted or abetted in the violation of or conspired to violate NRS 639.266, NAC 639.707 and/or NAC 639.708, and are subject to discipline pursuant to NRS 639.210(12) and/or (15), NRS 639.220(1) and/or NRS 639.230(5).

COUNT SIX
Violations of State Law – Fraudulent Billing Practices

27. By billing TWC for the cost of Budesonide while substituting cheaper medications, as alleged in Paragraph 10 herein, Respondents Partell Pharmacy, Seik and Whitehouse engaged in fraudulent billing practices and violated, attempted to violate, assisted or abetted in the violation of or conspired to violate 18 U.S.C. § 1347, NRS 629.071 and/or NRS 686A.2815, and are subject to discipline pursuant to NRS 639.210(11), (12) and/or (15), NRS 639.220(1) and/or NRS 639.230(5).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration and licenses of these Respondents.

DATED this 3rd day of February 2025.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **PARTELL SPECIALTY PHARMACY, Pharmacy License No. PH02028,** **v.** **ROBERT SEIK, RPH, Certificate of Registration No. 13574, and** **DAVID WHITEHOUSE, RPH, Certificate of Registration No. 13635,** **Respondents.**	**Case Nos. 23-429-PH-S** **23-429-RPH-A-S** **23-429-RPH-B-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and these respondents because at the time of the events alleged herein, Respondent Robert Seik (Seik), Certificate of Registration No. 13574, and Respondent David Whitehouse (Whitehouse), Certificate of Registration No. 13635, were pharmacists registered with the Board, and Respondent Partell Pharmacy (Partell Pharmacy), Pharmacy License No. PH02028, was a pharmacy licensed by the Board.

FACTUAL ALLEGATIONS

2. Seik owns Partell Pharmacy and served as the managing pharmacist of Partell Pharmacy from August 21, 2023, to September 19, 2023, and from January 6, 2024, to present.

3. Whitehouse served as the managing pharmacist of Partell Pharmacy from September 20, 2023, to January 5, 2024.

4. Partell Pharmacy contracted with The Wellness Company (TWC), based in Boca Raton, Florida, to dispense various prescription drug products to TWC patients.

5. One product was an "Emergency Kit" including: 1) Amoxicillin-Clavulanate 875-125mg (28 tablets); 2) Azithromycin 250mg (12 tablets); 3) Bactrim DS 800mg-160mg (28 tablets); 4) Doxycycline Hyclate 100mg (60 capsules); 5) Fluconazole 150mg (2 tablets); 6) Ivermectin 18mg (7 capsules); 7) Metronidazole 500mg (30 tablets); and 8) Ondansetron 4mg (6 tablets).

6. Another product was a "COVID Kit" including: 1) Hydroxychloroquine 200mg (20 tablets); 2) Azithromycin 250mg (12 tablets); 3) Budesonide .5mg (10 vials); and 4) Ivermectin 12mg (25 capsules).

7. Each prescription transmitted to Partell Pharmacy only indicated that the pharmacy was to dispense an "Emergency Kit" or "COVID Kit" to the patient – the drugs in each kit were not identified on the prescription.

8. When a practitioner associated with TWC prescribed either of the two kits, Partell Pharmacy staff used a mutually agreed upon "pharmacy script" template that specified the drugs to be included in each kit.

9. Partell Pharmacy dispensed at least 512 prescriptions issued for an "Emergency Kit" or "COVID Kit" under this scheme.

10. Partell Pharmacy regularly substituted Budesonide in the "COVID Kit" with a Medrol DosePak and Albuterol without consulting the prescribing practitioner, and continued billing TWC for the cost of Budesonide while substituting cheaper medications.

11. None of the counseling materials for each kit included any information on Medrol DosePaks or Albuterol. No further action was taken by Partell Pharmacy, Seik or Whitehouse to correct the counseling materials or provide any information regarding the substituted medications.

APPLICABLE LAW

12. A prescription must contain in pertinent part "[t]he name, strength and quantity of the drug prescribed and the number of days that the drug is to be used, beginning on the day on which the prescription is filled." NRS 639.2353(2)(d). A prescription must be written in such a manner that any registered pharmacist would be able to dispense it. NRS 639.2353(4).

13. Billing for the cost of a prescription drug while substituting cheaper medications constitutes fraud and is a felony offense. 18 U.S.C. § 1347; NRS 629.071; NRS 686A.2815.

14. A pharmacist shall provide medication counseling to a patient when dispensing a prescription and a pharmacy shall maintain documentation of medication counseling in conformance with NRS 639.266, NAC 639.707 and NAC 639.708.

15. Dispensing or causing to be dispensed a different drug or brand of drug in place of the drug or brand of drug prescribed, unless the express permission of the prescriber is obtained, constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(b) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

16. Performing or in any way being a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(h) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

17. Performing any duties as the holder of a registration in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license issued by the Board. NRS 639.210(4).

18. The Board may suspend or revoke a license if the holder has violated any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs. NRS 639.210(11).

19. The Board may suspend or revoke a license if the holder has violated any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

20. A managing pharmacist is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. NRS 639.210(15); NRS 639.220(1).

21. Any violation of any of the provisions of NRS Chapter 639 or NAC Chapter 639 by personnel of the pharmacy is cause for the suspension or revocation of the license of the pharmacy by the Board. NRS 639.230(5). Further, the owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employment. NAC 639.945(3).

COUNT ONE
Violations of State Law – Dispensing Invalid Prescriptions

22. By dispensing at least 512 invalid prescriptions issued for an "Emergency Kit" or "COVID Kit" for which the drugs in each kit were not identified on the prescription, as alleged herein, Respondents Partell Pharmacy, Seik and Whitehouse violated, attempted to violate, assisted or abetted in the violation of or conspired to violate NRS 639.2353(2)(d) and (4), and are subject to discipline pursuant to NRS 639.210(12) and/or (15), NRS 639.220(1) and/or NRS 639.230(5).

COUNT TWO
Unprofessional Conduct - Dispensing a Different Drug Without Permission

23. By substituting Budesonide in the "COVID Kit" with a Medrol DosePak and Albuterol without the knowledge or consent of the prescribing practitioner, as alleged in Paragraph 9 herein, Respondents Partell Pharmacy, Seik and Whitehouse engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(b), and are subject to discipline pursuant to NRS 639.210(4), NRS 639.230(5) and/or NAC 639.945(3).

COUNT THREE
Unprofessional Conduct - Fraudulent/Deceitful Practice/Transaction

24. By substituting Budesonide in the "COVID Kit" with a Medrol DosePak and Albuterol without the knowledge or consent of the prescribing practitioner, as alleged in Paragraph 10 herein, Respondents Partell Pharmacy, Seik and Whitehouse were party to a fraudulent or deceitful practice or transaction and engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(h), and are subject to discipline pursuant to NRS 639.210(4), NRS 639.230(5) and/or NAC 639.945(3).

COUNT FOUR
Unprofessional Conduct – Incompetent, Unskillful or Negligent Performance of Duties

25. By their conduct as alleged herein, Respondents Partell Pharmacy, Seik and Whitehouse have performed their duties as licensees/registrants in an incompetent, unskillful or negligent manner and engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(i), and are subject to discipline pursuant to NRS 639.210(4), NRS 639.230(5) and/or NAC 639.945(3).

COUNT FIVE
Violations of State Law – Failure to Provide Counseling to Patient for Substituted Medications

26. By failing to correct the counseling materials for each kit to include the necessary information on Medrol DosePaks or Albuterol or to otherwise provide any counseling regarding the substituted medications, as alleged in Paragraph 11 herein, Respondents Partell Pharmacy, Seik and Whitehouse violated, attempted to violate, assisted or abetted in the violation of or conspired to violate NRS 639.266, NAC 639.707 and/or NAC 639.708, and are subject to discipline pursuant to NRS 639.210(12) and/or (15), NRS 639.220(1) and/or NRS 639.230(5).

COUNT SIX
Violations of State Law – Fraudulent Billing Practices

27. By billing TWC for the cost of Budesonide while substituting cheaper medications, as alleged in Paragraph 10 herein, Respondents Partell Pharmacy, Seik and Whitehouse engaged in fraudulent billing practices and violated, attempted to violate, assisted or abetted in the violation of or conspired to violate 18 U.S.C. § 1347, NRS 629.071 and/or NRS 686A.2815, and are subject to discipline pursuant to NRS 639.210(11), (12) and/or (15), NRS 639.220(1) and/or NRS 639.230(5).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration and licenses of these Respondents.

DATED this 3rd day of February 2025.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 233B.127(3). You have the right to a hearing before the Board to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.121; NRS 233B.127(3); NRS 622A.300(1) and (3). The hearing shall be conducted pursuant to NRS 639.241 through NRS 639.258. To be entitled to a hearing, you must complete, and file two (2) copies of the Answer and Notice of Defense served herewith, to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, within twenty (20) days of your receipt of this Notice of Intended Action and Accusation. NRS 622A.320; NRS 639.243. Your failure to timely file an Answer and Notice of Defense constitutes an admission of the charges and waiver of the right to a hearing. NRS 639.244. If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

21. Any violation of any of the provisions of NRS Chapter 639 or NAC Chapter 639 by personnel of the pharmacy is cause for the suspension or revocation of the license of the pharmacy by the Board. NRS 639.230(5). Further, the owner of any business or facility licensed, certified or registered by the Board is responsible for the acts of all personnel in his or her employment. NAC 639.945(3).

COUNT ONE
Violations of State Law – Dispensing Invalid Prescriptions

22. By dispensing at least 512 invalid prescriptions issued for an "Emergency Kit" or "COVID Kit" for which the drugs in each kit were not identified on the prescription, as alleged herein, Respondents Partell Pharmacy, Seik and Whitehouse violated, attempted to violate, assisted or abetted in the violation of or conspired to violate NRS 639.2353(2)(d) and (4), and are subject to discipline pursuant to NRS 639.210(12) and/or (15), NRS 639.220(1) and/or NRS 639.230(5).

COUNT TWO
Unprofessional Conduct - Dispensing a Different Drug Without Permission

23. By substituting Budesonide in the "COVID Kit" with a Medrol DosePak and Albuterol without the knowledge or consent of the prescribing practitioner, as alleged in Paragraph 9 herein, Respondents Partell Pharmacy, Seik and Whitehouse engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(b), and are subject to discipline pursuant to NRS 639.210(4), NRS 639.230(5) and/or NAC 639.945(3).

COUNT THREE
Unprofessional Conduct - Fraudulent/Deceitful Practice/Transaction

24. By substituting Budesonide in the "COVID Kit" with a Medrol DosePak and Albuterol without the knowledge or consent of the prescribing practitioner, as alleged in Paragraph 10 herein, Respondents Partell Pharmacy, Seik and Whitehouse were party to a fraudulent or deceitful practice or transaction and engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(h), and are subject to discipline pursuant to NRS 639.210(4), NRS 639.230(5) and/or NAC 639.945(3).

COUNT FOUR
Unprofessional Conduct – Incompetent, Unskillful or Negligent Performance of Duties

25. By their conduct as alleged herein, Respondents Partell Pharmacy, Seik and Whitehouse have performed their duties as licensees/registrants in an incompetent, unskillful or negligent manner and engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(i), and are subject to discipline pursuant to NRS 639.210(4), NRS 639.230(5) and/or NAC 639.945(3).

COUNT FIVE
Violations of State Law – Failure to Provide Counseling to Patient for Substituted Medications

26. By failing to correct the counseling materials for each kit to include the necessary information on Medrol DosePaks or Albuterol or to otherwise provide any counseling regarding the substituted medications, as alleged in Paragraph 11 herein, Respondents Partell Pharmacy, Seik and Whitehouse violated, attempted to violate, assisted or abetted in the violation of or conspired to violate NRS 639.266, NAC 639.707 and/or NAC 639.708, and are subject to discipline pursuant to NRS 639.210(12) and/or (15), NRS 639.220(1) and/or NRS 639.230(5).

COUNT SIX
Violations of State Law – Fraudulent Billing Practices

27. By billing TWC for the cost of Budesonide while substituting cheaper medications, as alleged in Paragraph 10 herein, Respondents Partell Pharmacy, Seik and Whitehouse engaged in fraudulent billing practices and violated, attempted to violate, assisted or abetted in the violation of or conspired to violate 18 U.S.C. § 1347, NRS 629.071 and/or NRS 686A.2815, and are subject to discipline pursuant to NRS 639.210(11), (12) and/or (15), NRS 639.220(1) and/or NRS 639.230(5).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration and licenses of these Respondents.

DATED this 3rd day of February 2025.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **MICHAEL BROGAN, RPh,** **Certificate of Registration No. 18710,** **Respondent.**	**Case No. 23-183-RPH-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because, at the time of the events alleged herein, Respondent Michael Brogan, RPh ("Respondent") Certificate of Registration No. 18710, was a pharmacist registered with the Board.

FACTUAL ALLEGATIONS

2. Respondent failed to submit the 30 required continuing education (CE) hours required by Nevada law by both the October 31, 2019, and October 31, 2021, biennial registration renewal deadlines.

3. The Board performed an audit on Respondent's continuing education requirements and found that he failed his 2019 and 2021 audits. For 2019, Respondent was 3 credits short and had not completed his law CE requirement. For 2021, Respondent was 0.5 credits short and had not completed all his general CE requirement.

4. The Board alerted Respondent via email on September 2, 2022, that he had failed his CE audits. Respondent replied on September 30, 2022, and admitted that he was short 0.5 credits for the November 1, 2019, to October 31, 2021, biennial registration period. Respondent

failed to submit the full required 30 CE hours for each deficient audit cycle by the September 31, 2022 deadline.

APPLICABLE LAW

5. Performing any duties as a license or registration holder in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license issued by the Board. NRS 639.210(4).

6. The Board may suspend or revoke a license or registration if the holder has violated any law or regulation relating to drugs, the manufacture or distribution of drugs or the practice of pharmacy. NRS 639.210(12).

7. "The Board shall adopt regulations necessary to carry out the purposes of NRS 639.2171 to 639.2176, inclusive, which must include the methods of determining accredited programs, the number of hours of continuing professional education necessary to constitute a continuing education unit, the number of units required of each pharmacist during the period for which a certificate is issued and such other regulations consistent with NRS 639.2171 to 639.2176, inclusive, as the Board may determine to be necessary." NRS 639.2176.

8. "The Board will not issue a certificate as a registered pharmacist to any person pursuant to NRS 639 .127, or renew the certificate of any registered pharmacist, until the applicant submits proof to the Board of receipt of 30 continuing education units within the biennium immediately preceding the current renewal period." NAC 639.330(1).

\\\

\\\

\\\

\\\

\\\

\\\

COUNT ONE

Unprofessional Conduct – Failure to Comply with Continuing Education Requirements

9. Respondent failed to provide proof to the Board that he completed his CE hours for two audit cycles/biennial registration renewal periods. NRS 639.2174; NAC 639.330(1); NRS 639.100(1)(b).

10. By these actions, Respondent performed his duties as the holder of a pharmacist registration in an incompetent, unskillful or negligent manner and engaged in unprofessional conduct as defined in NAC 639.945(i) and is subject to discipline pursuant to NRS 639.210(4).

COUNT TWO

Violations of State Law – Failure to Comply with Continuing Education Requirements

11. By failing to provide proof to the Board that he completed his CE hours for two audit cycles/biennial registration renewal periods, Respondent violated NRS 639.100(1)(b), NRS 639.2174 and/or NAC 639.330(1) and is subject to discipline pursuant to NRS 639.210(12).

WHEREFORE it is requested that the Nevada State Board of Pharmacy impose appropriate discipline with respect to Respondent's Certificate of Registration No. 18710.

Signed this 29th day of April 2025.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because, at the time of the events alleged herein, Robert DeShazo, DO ("Respondent") held a registration issued by the Board, Certificate of Registration No. CS03830.

FACTUAL ALLEGATIONS

2. Respondent was licensed by the Nevada State Board of Osteopathic Medicine (Osteopathic Board) as an osteopathic physician and surgeon until April 11, 2023.

3. Pursuant to a Settlement Agreement and Order in the Osteopathic Board's Case No. PB1407002 (Order), approved on April 11, 2023, Respondent voluntarily surrendered his license with the Osteopathic Board. The Order included a provision that Respondent shall not apply for a new license or reinstatement until at least five years from the effective date of the Order.

4. On or about November 8, 2023, after learning that Respondent had voluntarily suspended his license, the Board placed Respondent's certificate of registration to prescribe controlled substances on inactive status. That Board did so pursuant to pursuant to NRS 639.2107.

5. According to the terms of the Order, Respondent admitted that his prescribing of controlled substances was in violation of NRS 639.2391-639.23914 and was below the standard of care either for a family medicine and general practice physician or for a pain management physician, thus constituting violations of NRS 633.511(a) and NRS 633.511(1)(w) and NRS 633.131(1)(f)(2) and NRS 633.131.(1)(g).

6. Furthermore, the Order stated that expert physicians reviewed documents provided by Osteopathic Board staff and indicated concerns that Respondent was prescribing opioids without compliance with NRS 639.2391-639.23914, that Respondent was prescribing opioids in conjunction with benzodiazepines, and that Respondent's prescribing was below the standard of care for a reasonably prudent osteopathic physician practicing either family medicine and general practice physician and practicing pain management.

7. The Order was supported by documentation, including the expert opinions, PMP reports, and patient treatment agreements.

APPLICABLE LAW

8. The Board may revoke or suspend the registration of any practitioner who has violated, attempted to violate, assisted, or abetted in the violation of, or conspired to violate any of the provisions of NRS chapter 639 or any state or federal law or regulation relating to drugs, the manufacture or distribution of drugs, or the practice of pharmacy. *See* NRS 639.210(12); NRS 453.231(1)(b); NRS 453.236(1)(e).

9. A prescription for a controlled substance may be issued only for a legitimate medical purpose and in conformance with the requirements of NRS 639.2391-.23914, *inclusive*.

10. .. The Board may revoke or suspend the registration of any practitioner who is guilty of unprofessional conduct or conduct contrary to the public interest. *See* NRS 639.210(4); NRS 453.231(1)(h).

11. A practitioner's conduct is deemed to be unprofessional and contrary to the public interest if the practitioner performs "any of his or her duties as the holder of a license, certificate

or registration issued by the Board . . . in an incompetent, unskillful or negligent manner." NAC 639.945(1)(i).

12. The Board may revoke or suspend the registration of any practitioner who "[h]as had a certificate, license or permit suspended or revoked in another state on grounds which would cause suspension or revocation of a certificate, license or permit in this State." NRS 639.210(14).

COUNT ONE

Violations of State Law relating to Prescriptions for Certain Controlled Substances

13. As alleged above, by violating NRS Chapter 633 as detailed in the Osteopathic Board's Order in Case No. PB1407002, Respondent violated, attempted to violate, assisted or abetted in the violation of or conspired to violate NRS 639.2391-.23914, *inclusive*, and is subject to discipline pursuant to NRS 639.210(12) and/or NRS 639.23916(3)(b).

COUNT TWO

Unprofessional Conduct – Incompetent, Unskillful or Negligent Performance of Duties

14. As alleged above, by violating NRS Chapter 633 as detailed in the Osteopathic Board's Order in Case No. PB14070021, and by violating NRS 639.2391-.23914, *inclusive*, Respondent has performed his duties as the holder of a controlled substance registration in an incompetent, unskillful or negligent manner and engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(i), and is subject to discipline pursuant to NRS 453.236(1), NRS 453.241(1)(e), NRS 639.210(4) and/or NRS 639.23916(3)(b).

COUNT THREE

Commission of Acts that Render Registration Inconsistent with the Public Interest

15. As alleged above, by violating NRS Chapter 633 as detailed in the Osteopathic Board's Order in Case No. PB14070021, and by violating NRS 639.2391-.23914, *inclusive*, Respondent has committed acts that render his registration inconsistent with the public interest and is subject to discipline pursuant to NRS 453.236(1) and NRS 453.241(1)(e).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of Gary DeShazo.

DATED this 23rd day of APRIL 2025.

WARNING - This email originated from outside the State of Nevada. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Laura Tucker:

I appreciate you reaching out to me and for the opportunity to submit my response and concerns to you. I am not physically able to travel 1500 miles from Missouri to Las Vegas on June 4. I suffered a left brain infarction on August 15, 2024, that left me with speech impairment (dysarthria) and right sided weakness (hemiparesis). I also was diagnoses with an aggressive form of prostate cancer in November 2024.Please allow me to submit my Answer and Notice of Defense:

1. J. David Wuest, R.Ph., executive secretary Nevada State Board of Pharmacy,listed charges of prosecution similar to those disciplined by the Nevada State Board of Osteopathic Medicine-case number PB1407002 that was settled on April 11, 2023. This disciplinary action was reported to the National Practitioner Data Bank in April of 2023. Therefore, counts one, two, and three listed in the charging document were already adjudicated over two years ago. I voluntarily surrender my Federal DEA license and Nevada Controlled registration followed on November 8, 2023, I have not had an active license in Nevada since.

2. The investigation resulting in the Settlement Agreement Order PB 1407002 was prompted by a referral from the Nevada Board of Pharmacy to the Osteopathic Board. I was informed by Richard Dreitzer, general counsel for the Osteopathic Board, that the Pharmacy Board's "High Prescriber List" program surveyed my PMP and reported to the Osteopathic Board that I was in the "top ten" of prescribers of benzodiazepines in the state. This was the only reason the Osteopathic Board opened the investigation into my license. There were no patient complaints, reported adverse reactions, or malpractice issues to initiate an investigation.

3. Timeline: The Osteopathic Board began the investigation into my license during Covid in 2021 and finished in June, 2022, when Sandra Reed, ex.dir., notified me of the result and offered the Settlement Agreement. On September 23, 2022, I lost my 25 year old son to Fentanyl poisoning. I took an extended bereavement leave of absence until after Thanksgiving of 2022. Due to persistent sorrow I decided to surrender my license and retire on January 26, 2023 and moved to Missouri where all my family lives.

4. Attributes of moral character and professional competency: I served two years 1990-1992 as president of the Nevada Osteopathic Medical Association arranging continuing medical educational events and promoting osteopathic medicine in the state. I also served as a preceptor in training to numerous nurse practitioner students. Before retirement I donated my clinic to a nonprofit, Safe Harbor Medical, in order that my patients had affordable medical care in the future.

In summary, I respectfully request that the charges be dropped against me with prejudice because of the reasons listed above. To continue to prosecute me for charges listed in the charging document would be akin to Double Jeopardy. It isn't reasonable to bring these charges two years after resolution of the Settlement Agreement Order of April 11, 2023. There is no further risk to the public in that I have no license to practice or prescribe controlled substances in the state and will never again seek status to do so in Nevada. I am retired and physically disabled.

Thank you for this opportunity to defend myself:

Gary DeShazo

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **MASHAYLA COLEMAN, PT,** **Certificate of Registration No. PT16852,** **Respondent.**	**Case No. 23-505-PT-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter and this Respondent because, at the time of the events alleged herein, Respondent Mashayla Coleman ("Respondent"), Certificate of Registration No. PT16852, was registered with the Board.

FACTUAL ALLEGATIONS

2. For approximately one and a half years until December 2020, Respondent was employed as a pharmaceutical technician at CVS Pharmacy #5144, located at 1425 W. Lake Mead Boulevard, Las Vegas, NV 89108. CVS Pharmacy #5144 has since closed.

3. On or around February 4, 2021, CVS Pharmacy #5144 sent documentation notifying the Board of the significant loss or theft of a controlled substance after an investigation produced evidence that Respondent diverted 863 Alprazolam tablets and 2,057 mg of promethazine with codeine syrup.

4. On or around December 2020, following an investigation into the theft, CVS terminated Respondent's employment and filed a police report with the Las Vegas Metropolitan Police Department against Respondent.

5. On or around November 10, 2020, CVS opened in investigation when the pharmacy manager of CVS Pharmacy #5144 discovered that the pharmacy's counts of alprazolam 2mg tablets appeared to be inconsistent.

6. On or around December 28, 2020, during an interview with CVS related to the investigation, Respondent admitted to having removed alprazolam and promethazine with codeine from the pharmacy about once or twice a month by placing the bottles of promethazine with codeine and loose tablets of alprazolam in her pocket. Respondent said that she took the bottles and tablets during her shifts on or around August 2020 until November 2020 for the purpose of selling them to pay her past due bills. Respondent provided a written statement to CVS confirming the information from the interview.

7. On December 20, 2023, during a Board investigation, Respondent confirmed the information contained in her written statement to CVS.

APPLICABLE LAW

8. The Board may revoke or suspend the registration of a registrant who has violated any provision of state or federal law relating to prescription drugs or controlled substances. NRS 639.210(12).

9. The Board may revoke or suspend the registration of a registrant who has engaged in unprofessional conduct. NRS 639.210(4). "Unprofessional conduct" includes performing or in any way being a party to any fraudulent or deceitful practice or transaction. NAC 639.945(1)(h).

10. Under Nevada law, it is unlawful for a person knowingly or intentionally to acquire or obtain or attempt to acquire or obtain possession of a dangerous drug by misrepresentation, fraud, forgery, deception, subterfuge, or alteration. NRS 454.311.

11. Under federal law, it is unlawful for a person to knowingly or intentionally possess a controlled substance unless such substance was obtained directly, or pursuant to a valid prescription or order, from a practitioner, while acting in the course of his professional practice. 21 U.S.C. § 844.

12. Supplying or diverting drugs which are legally sold in pharmacies constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(g) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

13. Performing or in any way being a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(h) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

14. Violating any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(11).

15. Violating, attempting to violate, assisting or abetting in the violation of or conspiring to violate any law or regulation relating to drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(12).

16. It is a felony offense to acquire a controlled substance except as authorized by law. 21 U.S.C. § 841(a); 21 U.S.C. § 843(a)(3); 21 U.S.C. § 846; NRS 453.331(1)(d); NRS 453.391(1).

17. It is a felony offense to possess a controlled substance except as authorized by law. 21 U.S.C. § 841(a); 21 U.S.C. § 844; 21 U.S.C. § 846; NRS 453.336(1); NRS 453.381(8)

18. It is a criminal offense to use a controlled substance except as authorized by law. 42 U.S.C. § 12210; NRS 453.411(1).

19. The Drug Enforcement Agency lists alprazolam as a Schedule IV controlled substance. 21 U.S.C. § 1308.14(c)(2). The Board also recognizes alprazolam as a Schedule IV controlled substance under Nevada law. NAC 453.540.

20. Because promethazine with codeine contains codeine in combination with one or more active, nonnarcotic ingredients in sufficient proportion to confer upon the compound, mixture, or preparation valuable medicinal qualities other than those possessed by narcotic drugs alone, the Drug Enforcement Divisions lists promethazine with codeine as a Schedule V controlled substance. 21 U.S.C. § 1308.15(c). The Board also recognizes promethazine with codeine as a Schedule V controlled substance under Nevada law because it contains codeine and one or more nonnarcotic active medicinal ingredients in sufficient proportion to confer upon the compound, mixture or preparation valuable medicinal qualities other than those possessed by the narcotic drug alone. NAC 453.550(2).

COUNT ONE
Unlawful Obtaining of Controlled Substances

21. Between August and November 2020, by diverting and acquiring controlled substances as alleged herein, Respondent violated or attempted to violate 21 U.S.C. § 841(a), 21 U.S.C. § 843(a)(3), 21 U.S.C. § 846, NRS 453.331(1)(d) and/or NRS 453.391(1), and is subject to discipline pursuant to NRS 639.210(11) and/or (12).

COUNT THREE
Unlawful Use of Controlled Substances

23. Between August and November 2020, by diverting and using controlled substances as alleged herein, Respondent violated or attempted to violate 42 U.S.C. § 12210 and/or NRS 453.411(1), and is subject to discipline pursuant to NRS 639.210(11) and/or (12).

COUNT FOUR
Unprofessional Conduct – Diversion

24. Between August and November 2020, by diverting controlled substances as alleged herein, Respondent engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(g) and is subject to discipline pursuant to NRS 639.210(4).

COUNT FIVE
Unprofessional (Deceitful) Conduct

Between August and November 2020, by diverting controlled substances as alleged herein, Respondent was a party to a fraudulent or deceitful practice or transaction, engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(h), and is subject to discipline pursuant to NRS 639.210(4).WHEREFORE it is requested that the Nevada State Board of Pharmacy impose appropriate discipline with respect to Respondent's Certificate of Registration No. PT16852.

WHEREFORE it is requested that the Nevada State Board of Pharmacy impose appropriate discipline with respect to Respondent's Certificate of Registration No. PT16852.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **JULIO A. OROZCO,** **Respondent.**	**Case No. 24-375-MP-S** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED, PLEASE TAKE NOTICE THAT:

On or about December 27, 2024, pursuant to NRS 639.2895, the Nevada State Board of Pharmacy (the "Board") imposed upon the above-named Respondent, Julio A. Orozco ("Respondent"), a fine of One Thousand and No/100s Dollars ($1,000.00). By letter received February 10, 2025, Respondent requested a hearing before the Board. For purposes of said hearing, it is alleged that:

FACTUAL ALLEGATIONS

1. At all times mentioned herein, Respondent was the owner and manager of LV Med Brace, LLC, a Nevada limited-liability company doing business as FutureCare ("FutureCare").

2. In May 2023, on behalf of Future Care, Respondent applied to the Board for a license to conduct business as a medical products provider.

3. Respondent applied to the Board to serve as FutureCare's administrator.

4. On August 3, 2023, the Board approved the above applications, thereby authorizing FutureCare to conduct business as a medical products provider with Respondent as its administrator.

5. From and after August 3, 2023, Respondent served as FutureCare's administrator. As used herein, "administrator" refers to a person described in NAC 639.694.

6. On November 11, 2024, Board Inspector Leo Basch contacted Respondent in anticipation of performing an inspection of FutureCare's facility, located at 222 S. Rainbow Road #216 in Las Vegas, Nevada.

7. Respondent informed Inspector Basch that he had sold the business of FutureCare in November 2023.

8. Respondent refused to produce records for Inspector Basch related to the operation and alleged sale of the business of FutureCare.

9. Respondent refused to speak with Board Investigator Kenneth Scheuber regarding the operation and alleged sale of the business of FutureCare.

10. During a telephone conversation, Respondent told Investigator Scheuber to speak with his attorney, but then he hung up the telephone without providing the alleged attorney's name or contact information.

11. Respondent refused to return telephone calls and respond to email correspondence from the Board's representatives.

12. Respondent refused to provide credible information regarding the identity and whereabouts of the person to whom he allegedly sold the business of FutureCare.

13. Respondent refused to provide credible information regarding the identity and whereabouts of his alleged attorney.

14. Respondent failed to maintain the records described in NAC 639.6949.

15. In light of the foregoing, Board staff cited Respondent for having violated NAC 639.695 and NAC 639.6947.

16. By letter received February 10, 2025, Respondent requested a hearing before the Board. Respondent's request was not timely submitted to the Board.

17. To date, Respondent has not provided the Board's representatives with information or records concerning the operation and alleged sale of FutureCare.

APPLICABLE LAW

18. Any person who engages in business as a medical products provider must obtain a license from the Board. NRS 639.233; NAC 639.6942. Such a license is non-transferable. NAC 639.6942(4).

19. "Medical products provider" means a person licensed pursuant to NAC 639.693 to 639.6958, inclusive, to sell, lease or otherwise provide medical products to a consumer in Nevada.

20. "Medical products" includes medical devices, equipment, supplies and gases intended for use in the diagnosis, cure, mitigation, treatment or prevention of disease. NAC 639.6935.

21. A medical products provider must employ an administrator who has the qualifications set forth at NAC 639.694.

22. The owner of a medical products provider is responsible for the acts of his or her administrator and employees.

23. A medical products provider must "ensure that the operation of the business or facility complies with all applicable federal, state and local laws, regulations and rules." NAC 639.694(2); NAC 639.6941(2).

24. A medical products provider must maintain records related to the operation of the business and must produce such records at the request of any person conducting an inspection or investigation on behalf of the Board. NAC 639.695.

25. A medical products provider is subject to discipline for having performed his or her duties in an incompetent, unskillful or negligent manner. NRS 639.210(4); NAC 639.945(1)(i).

26. A medical products provider is subject to discipline for having failed to comply with any regulation adopted by the Board. NRS 639.2895; NRS 639.100(1)(b).

27. To appeal a citation, the recipient must submit a written request for a hearing to the Board not later than 30 days after the date of issuance of the citation. NRS 639.2895(2).

COUNT ONE
(Failure to Maintain and/or Produce Records)

28. As alleged above, Respondent refused to produce records and to answer questions concerning the operation and alleged sale of FutureCare.

29. Respondent failed to maintain the records described in NAC 639.6949.

30. As the owner, manager, and administrator of FutureCare, Respondent had a duty to maintain and produce records, and to answer questions concerning the operation and alleged sale of FutureCare.

31. By refusing to produce records and answer questions, Respondent violated NAC 639.695.

32. By failing to maintain the records described in NAC 639.6949, Respondent performed his duties in an incompetent, unskillful or negligent manner.

33. For any one or more of the acts or omissions stated above, Respondent is subject to an administrative fine not to exceed $5,000.00. NRS 639.2895.

NOTICE TO RESPONDENT

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **RXEED,** **Respondent.**	**Case No. 24-118-WH-O** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy (Board) by NRS 639.2895 and NRS 233B.121-.126, *inclusive*, on or about October 10, 2024, an Order to Cease-and-Desist/Citation and Fine was served upon Respondent Rxeed, alleging violations of Nevada law as set forth herein.

FACTUAL ALLEGATIONS

1. On or about April 10, 2024, during an annual inspection of First Choice Pharmacy, License No. PH04395, located in Las Vegas, a Board Inspector found supplier invoices and shipping confirmations demonstrating that Rxeed is soliciting and brokering the sales of prescription drug products between pharmacies in Nevada.

2. Rxeed, located in Illinois, is not licensed to engage in business as a wholesaler in Nevada.

3. Rxeed's website, located at www.rxeed.com, represents in pertinent part that:

> Rxeed is a secure online marketplace that brings together independent pharmacies, healthcare providers, and drug wholesalers. . . . Our platform provides a DSCSA compliant method for buying and selling small quantities of non-controlled, non-expired, FDA-approved prescription medications. We also offer a discounted wholesale marketplace . . .

4. On or about November 10, 2024, Rxeed appealed the Citation and Fine and requested a hearing before the Board.

APPLICABLE LAW

5. Any person who engages in the business of wholesale distribution or furnishing controlled substances, poisons, drugs, devices or appliances that are restricted by federal law to sale by or on the order of a physician to any person located within this State shall obtain a license pursuant to the provisions of NRS Chapter 639. NRS 639.100(3); NRS 639.233(1).

6. Every wholesale distributor who engages in wholesale distributions of prescription drugs in interstate commerce must be licensed by the state into which the drug is distributed. 21 U.S.C. § 353(e)(1)(A); 21 CFR § 205.4.

7. A person is "engaged in the business of furnishing" if the person solicits or accepts orders for drugs or devices whose sale in this State are restricted by chapters 453, 454 and/or 639 of the Nevada Revised Statutes. NRS 639.233(2).

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **FESTUS EBONKA, APRN,** **Certificate of Registration No. CS23430,** **Respondent.**	**Case No. 19-012-CS-S** **FINDINGS OF FACT, CONCLUSIONS OF LAW AND ORDER**

This matter came before the Nevada State Board of Pharmacy (Board) at its regularly scheduled meeting on Wednesday, September 4, 2024. Brett Kandt, Esq., prosecuted the case before the Board. Respondent Festus Ebonka, APRN, Certificate of Registration No. CS23430, was represented by counsel, Libo Agwara, Esq. The Board heard the case and, based on the evidence presented, the Board makes the following Findings of Fact, Conclusions of Law and Order.

FINDINGS OF FACT

The Board finds that probative evidence exists in the record to establish each of the following facts by a preponderance of the evidence:

1. The Board has jurisdiction over this matter and this Respondent because, at the time of the events herein, Respondent Festus Ebonka, APRN, held a controlled substance registration, Certificate of Registration No. CS23430, issued by the Board.

2. Respondent pre-signed two (2) controlled substance prescriptions that were issued to patients by his staff - on February 28, 2017, for patient J.J., and on March 2, 2017, for patient D.R. - while he was engaged in overseas travel outside of the United States from February 25 to March 11, 2017.

3. Board staff incurred at least $4,268.097 in attorney's fees and recoverable costs investigating and prosecuting this administrative action. The attorney's fees are reasonable based upon legal counsel's professional qualities, the nature of this administrative enforcement action, the work performed, and the result as evidenced by this Order.

CONCLUSIONS OF LAW

Based on the forgoing findings of fact, the Board concludes as a matter of law:

1. The Board has jurisdiction over this matter and Respondent because, at the time of the events herein, Respondent held a controlled substance registration issued by the Board.

2. The applicable law in this matter is as follows:

A. It is unlawful for a practitioner to prescribe a controlled substance except as authorized by law. 21 U.S.C. § 822(a)(2); 21 U.S.C. § 823(f); 21 CFR §§ 1306.03-1306.05; NRS 453.226(1); NRS 453.321(1)(a); NRS 453.381(1); NRS 639.100(1); NRS 639.235(1); NRS 639.2353.

B. Falsifying a prescription for a controlled substance and the possession of signed prescription blanks are felony offenses. 21 U.S.C. § 841(a); 21 U.S.C. § 842(a); NRS 453.331(1)(f), (h) and (i).

C. Conspiring to violate the Controlled Substances Act is a felony offense. 21 U.S.C. § 846; NRS 453.401(l)(a).

D. Performing or in any way being a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(h) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 453.236(1) and NRS 639.210(4).

E. Performing any duties as the holder of a controlled substance registration in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or

revocation of any license or registration issued by the Board. NRS 453.236(1) and NRS 639.210(4).

F. Violating any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 453.236(1) and NRS 639.210(11).

G. Violating, attempting to violate, assisting or abetting in the violation of or conspiring to violate any law or regulation relating to drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 453.236(1) and NRS 639.210(12).

H. The Board may suspend or revoke a registration issued pursuant to NRS 453.231 to prescribe or otherwise dispense a controlled substance upon a finding that the registrant has committed an act that would render registration inconsistent with the public interest. NRS 453.236(1)(e) and NRS 453.241(1).

3. Respondent is GUILTY on Count One of the Accusation: By pre-signing controlled substance prescriptions that were issued to two (2) patients while he was engaged in overseas travel, Respondent violated, attempted to violate, assisted or abetted in the violation of or conspired to violate 21 U.S.C. § 822(a)(2), 21 U.S.C. § 823(f), 21 U.S.C. § 841(a), 21 U.S.C. § 842(a), 21 U.S.C. § 846, 21 CFR § 1306.03(a)(1), 21 CFR § 1306.04(a) and/or 21 CFR § 1306.05(a), and is subject to discipline pursuant to NRS 453.236(1)(e), NRS 453.241(1) and/or NRS 639.210(11).

4. Respondent is GUILTY on Count Two of the Accusation: By pre-signing controlled substance prescriptions that were issued to two (2) patients while he was engaged in overseas travel, Respondent violated, attempted to violate, assisted or abetted in the violation of or conspired to violate NRS 453.226(1), NRS 453.321(1)(a), NRS 453.331(1) (f), (h) and (i), NRS 453.381(1), NRS 453.401(l)(a), NRS 639.100(1), NRS 639.235(1) and/or NRS 639.2353, and is subject to discipline pursuant to NRS 453.236(1), NRS 453.241(1) and/or NRS 639.210(12).

5. Respondent is NOT GUILTY on Count Three of the Accusation.

6. Respondent is GUILTY on Count Four of the Accusation: By pre-signing controlled substance prescriptions that were issued to two (2) patients while he was engaged in overseas travel, Respondent was party to a fraudulent or deceitful practice or transaction and engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(h), and is subject to discipline pursuant to NRS 453.236(1)(e), NRS 453.241(1) and/or NRS 639.210(4).

7. Respondent is GUILTY on Count Five of the Accusation: By pre-signing controlled substance prescriptions that were issued to two (2) patients while he was engaged in overseas travel, Respondent has performed his duties as the holder of a controlled substance registration in an incompetent, unskillful or negligent manner and engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(i), and is subject to discipline pursuant to NRS 453.236(1)(e), NRS 453.241(1), and/or NRS 639.210(4).

8. Respondent is GUILTY on Count Six of the Accusation: By pre-signing controlled substance prescriptions that were issued to two (2) patients while he was engaged in overseas travel, Respondent has committed acts that render his registration inconsistent with the public interest and is subject to discipline pursuant to NRS 453.236(1) and NRS 453.241(1).

ORDER

THEREFORE, THE BOARD HEREBY ORDERS AS FOLLOWS:

1. The certificate of registration of Respondent Festus Ebonka, APRN, Certificate of Registration No. CS23430, is revoked pursuant to NRS 453.241(1)(b). The revocation is stayed, and Respondent is placed on probation for a period of three (3) years pursuant to NRS 639.255(1)(b) subject to the following conditions:

A. Pursuant to NRS 622.400, Respondent shall pay Four Thousand Two Hundred Sixty-Eight Dollars and Ninety-Seven Cents ($4,268.97) to partially reimburse the Board

for reasonable attorney's fees and recoverable costs incurred in investigating and prosecuting this matter, by personal, business, certified or cashier's check or money order made payable to the "Nevada State Board of Pharmacy" to be received by due and payable by September 4, 2025;

B. Respondent shall complete two (2) hours of training from Board staff on Nevada Prescription Monitoring Program (PMP) compliance by September 4, 2025;

C. Respondent shall complete two (2) hours of continuing education (CE) on ethics by September 4, 2025; and

D. Respondent shall comply with all federal and state statutes and regulations regarding controlled substances and dangerous drugs, and have no additional charges filed against him while on probation.

Upon successful completion of probation, Respondent's Certificate of Registration No. CS23430 will be fully restored.

2. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by Respondent, the Board may lift the stay and immediately revoke Respondent's Certificate of Registration No. CS23430, and impose additional discipline upon Respondent not inconsistent with the provisions of NRS Chapters 453 and 639.

3. This Order constitutes a final decision in a contested case and a public record pursuant to NRS 639.255(5), and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60.

4. This Order is effective immediately.

IT IS SO ORDERED.

Entered this 4th day of September, 2024.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **FESTUS EBONKA, APRN,** **Certificate of Registration No. CS23430,** **Respondent.**	**Case No. 19-012-CS-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Festus Ebonka, APRN, held a controlled substance registration, Certificate of Registration No. CS23430, issued by the Board.

FACTUAL ALLEGATIONS

2. Respondent pre-signed controlled substance prescriptions that were issued to patients by his staff while he was engaged in overseas travel. Respondent traveled outside of the United States on the following dates: July 14, 2016 – July 25, 2016; February 25, 2017 – March 11, 2017; September 27, 2017 – October 2, 2017; December 22, 2017 – December 28, 2017; and November 9, 2018 – November 30, 2018. Prescriber records and prescriptions document one-hundred and twenty-six (126) controlled substance prescriptions authorized by Respondent during these periods.

3. Respondent caused other practitioners who treated his patients to use his National Provider Identifier (NPI) while he was outside of the country to falsely bill Medicaid and other

commercial health insurance plans for services that Respondent did not personally provide, and received reimbursement for those services.

APPLICABLE LAW

4. It is unlawful for a practitioner to prescribe a controlled substance except as authorized by law. 21 U.S.C. § 822(a)(2); 21 U.S.C. § 823(f); 21 CFR §§ 1306.03-1306.05; NRS 453.226(1); NRS 453.321(1)(a); NRS 453.381(1); NRS 639.100(1); NRS 639.235(1); NRS 639.2355.

5. Falsifying a prescription for a controlled substance and the possession of signed prescription blanks are felony offenses. 21 U.S.C. § 841(a); 21 U.S.C. § 842(a); NRS 453.331(1)(f), (h) and (i).

6. Conspiring to violate the Controlled Substances Act is a felony offense. 21 U.S.C. § 846; NRS 453.401(l)(a).

7. Medicaid fraud is a felony offense. 18 U.S.C. § 1347; 42 U.S.C.A. § 1320a-7b; NRS 422.540(1).

8. Insurance fraud is a felony offense. NRS 686A.2815; NRS 686A.291.

9. Performing or in any way being a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(h) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 453.236(1) and NRS 639.210(4).

10. Performing any duties as the holder of a controlled substance registration in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 453.236(1) and NRS 639.210(4).

11. Violating any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 453.236(1) and NRS 639.210(11).

12. Violating, attempting to violate, assisting or abetting in the violation of or conspiring to violate any law or regulation relating to drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 453.236(1) and NRS 639.210(12).

13. The Board may suspend or revoke a registration issued pursuant to NRS 453.231 to prescribe or otherwise dispense a controlled substance upon a finding that the registrant has committed an act that would render registration inconsistent with the public interest. NRS 453.236(1)(e) and NRS 453.241(1).

Reno, NV 89509

Dear Members of the Nevada State Board of Pharmacy,

I am writing to provide an explanation of the charges listed on my arrest records from both the Las Vegas Metropolitan Police Department and the Henderson Police Department, as part of my application for a pharmacy license to open an orthotics and prosthetics clinic.

Henderson Police Department Records:

1. Arrest Date: December 19, 2010
    - Charge: Domestic Battery
    - Disposition: Fined, jail time, counseling, community service.
    - Additional Details: Due to the age of the case, I was only able to obtain a minimal amount of information from the Henderson Police Department. However, I do remember that all court requirements were met, including domestic violence classes and counseling.
2. Arrest Date: November 16, 2011
    - Charge: Domestic Battery (warrant)
    - Disposition: No further action taken.
    - Additional Details: This arrest, along with the arrests on May 18, 2012, and October 18, 2012, were all related to the same charge. Initially, I faced challenges in completing all the requirements set forth by the judge, but I eventually fulfilled all obligations.
3. Arrest Date: May 18, 2012
    - Charge: Domestic Battery (warrant)

- Disposition: No further action taken.
- Additional Details: This arrest was related to the same charge as the November 16, 2011, and October 18, 2012, arrests. The warrant was issued as a result of the challenges I faced with completing all the requirements set forth in a timely manner.

4. Arrest Date: October 18, 2012
    - Charge: Domestic Battery (warrant)
    - Disposition: No further action taken.
    - Additional Details: This arrest was related to the same charge as the November 16, 2011, and May 18, 2012, arrests. . The warrant was issued as a result of the challenges I faced with completing all the requirements set forth in a timely manner.

Las Vegas Metropolitan Police Department Records:

1. Arrest Date: November 12, 2011
    - Charge: Failure to Appear (Bench Warrant)
    - Offense: Expired License Plates
    - Disposition: No further action taken.
    - Additional Details: This arrest was due to my inability to pay a traffic ticket, which resulted in the ticket going into bench warrant status. Ultimately, this resulted in time served, and I was released.
2. Arrest Date: December 17, 2014
    - Charge 1: Carrying a Concealed Weapon Without a Permit (misdemeanor)
    - Disposition: Found guilty, fined $400.
    - Additional Details: The case (No. 14F19533X) was handled by the Las Vegas Justice Court. This charge was due to a folding pocket knife I had. I was sentenced to a suspended jail sentence of 30 days, required to stay out of trouble, complete 40 hours of community service, and forfeit the knife seized during the arrest. I successfully completed all requirements by December 8, 2015.

- Charge 2: Use/Possession of Drug Paraphernalia (misdemeanor)
- Disposition: Denied by the district attorney, and no charges were pursued.

3. Arrest Date: December 6, 2015
    - Charge: Failure to Appear (Bench Warrant)
    - Offense: Domestic Battery (1st offense, misdemeanor)
    - Disposition: Found guilty, sentenced to a fine and community service.
    - Additional Details: The case (No. 15M22413X) was handled by the Las Vegas Justice Court. I entered a plea of nolo contendere and was found guilty as charged. I was sentenced to a suspended jail sentence of 90 days, required to stay out of trouble, complete 26 domestic violence counseling sessions, and perform community service. I successfully completed all requirements by March 15, 2017.

The most recent of these arrests occurred ten years ago, demonstrating my rehabilitation and successful integration into the community. Since these incidents, I have been successful in turning my life around. I deeply regret these past incidents and have taken significant steps to address and rectify my behavior. I have completed all court-mandated requirements, including fines, community service, and counseling. Since these incidents, I have committed myself to personal growth and professional development.

I am passionate about opening an orthotics and prosthetics clinic to serve our community and provide essential healthcare services. I assure you that I have learned from my past mistakes and am dedicated to upholding the highest standards of professionalism and ethical conduct in my practice.

Thank you for considering my application. I am available to provide any additional information or clarification needed.

Sincerely,

Chante Henry-Pottinger

Provide explanation below:

Because this case is sealed, I am unable to provide further details about it. Please note, however, that it was never related to patient care or to the medical industry in any way.

On the other hand, my personal integrity reflects the highest ethical and moral standards of accountability: demonstrated by the most responsible members of the community I seek to serve.

In addition to those professional standards, my commitment to "giving back" to the community is reflected in my active volunteer efforts to support the unsheltered, and often overlooked, individuals of our society. My passion to make a meaningful impact on those, who are in need, reiterates my belief in second chances, and the importance of uplifting each other.

Nevada State Board of Pharmacy

Reno, NV 89509

Dear Members of the Nevada State Board of Pharmacy,

I am writing to provide an explanation regarding a matter from my past. Although the case is sealed and there is no public record on file, I believe in being fully transparent. I understand the importance of accountability in the healthcare profession and would like to offer a detailed account of the circumstances surrounding this incident.

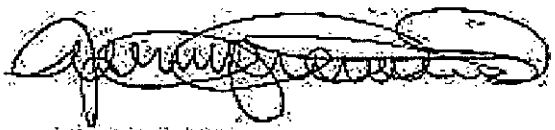
During the financial crisis of 2008, I was affiliated with a mortgage company that, following an FBI investigation, was found to have engaged in wire fraud, bank fraud, and mail fraud. Due to my association with the company, I was among those convicted in connection with these charges. While I did not plan or direct the fraudulent activities, I fully acknowledge my involvement and take complete responsibility for my actions during that time.

As part of the legal proceedings, I cooperated with federal prosecutors, providing assistance in their case against the company's owners and other involved parties, and ultimately entered into a plea agreement.

In 2013, I was charged with conspiracy to commit bank fraud, mail fraud, and wire fraud (Case No. 2:13-cr-00203-JCM-CWH). The charge was based on allegations that, between August 2003 and February 2006, I conspired with others to defraud financial institutions by submitting false information on mortgage loan applications.

The specific allegations included:

1. Submitting loan applications with materially false information about borrowers' income and intent to occupy the homes as their primary residences.
2. Using the United States Postal Service and interstate wire communications to transmit fraudulent loan applications and supporting documents.
3. Causing financial institutions to disburse mortgage loan funds based on the false information provided.



On October 30, 2017, I was sentenced to time served and two years of supervised release. I, along with the other defendants, were ordered to pay restitution totaling $19,356,074.00 to various financial institutions affected by the fraud. I have complied with all the conditions of my supervised release, including participating in a mental health treatment program (if needed) and providing financial information to the probation officer.

I deeply regret my involvement in this matter and have taken significant steps to ensure that such an event does not occur again. This experience has taught me valuable lessons, and I have made positive changes in my life to prevent any future occurrences. I am committed to maintaining the highest standards of conduct and professionalism in my career.

I respectfully request that the Board consider this explanation and the steps I have taken to address the situation. I am dedicated to upholding the integrity of the healthcare profession and am fully committed to serving the community with the utmost responsibility and care.

Thank you for your understanding and consideration.

Sincerely,

Jennifer Daniels

UNITED STATES OF AMERICA, Plaintiff, vs. JENNIFER DANIELS, Defendant.	Case No.: 2:13-CR-0203-GMN-CWH **CRIMINAL INFORMATION** **VIOLATION:** 18 U.S.C. § 1349 – Conspiracy To Commit Bank Fraud, Mail Fraud, and Wire Fraud

THE UNITED STATES ATTORNEY CHARGES THAT:

INTRODUCTION

At all times relevant to this Information:

1. Purchasers of homes typically finance their purchases by submitting loan applications to lending institutions to obtain mortgages. Loan applications require borrowers to truthfully disclose certain information for the lender to decide whether the borrower will be willing and able to repay the loan. This information includes, but is not limited to, such information as the borrower's income and whether the home to be purchased will be the borrower's primary residence. This information is material to the decision of the financial

institution to loan money to the borrower, the amount of any such loan, and the terms of the loan, such as the interest rate the borrower will pay.

COUNT ONE
Conspiracy To Commit Bank Fraud, Mail Fraud, and Wire Fraud

2. From in or about August 2003, to in or about February 2006, in the State and Federal District of Nevada,

JENNIFER DANIELS,

defendant herein, did knowingly and willfully combine, conspire, and agree with Derrick Phelps, Cynthia Phelps, Linda Mack, and others known and unknown to the grand jury:

a. To devise a scheme and artifice to defraud and to obtain money and property under the custody and control of federally insured financial institutions, by means of materially false and fraudulent pretenses, representations and promises that would cause a bank to part with money and property, in violation of Title 18, United States Code, Section 1344;

b. To use the United States Postal Service and commercial interstate carriers to send and deliver mortgage loan applications and other supporting documentation, for purposes of executing a scheme and artifice to defraud and for obtaining money and property by means of materially false and fraudulent pretenses, representations, and promises, in violation of Title 18, United States Code, Section 1341; and

c. To transmit and cause to be transmitted by means of wire communications in interstate commerce, funds and documents, for purposes of executing a scheme and artifice to defraud and for obtaining money and property by means of materially false and fraudulent pretenses, representations, and promises, in violation of Title 18, United States Code, Section 1343.

///

The Objectives of the Conspiracy and Scheme to Defraud

3. The objective of the conspiracy and scheme was to obtain mortgage loans from financial institutions by causing materially false information to be placed in the buyers' mortgage loan applications and supporting documentation. Defendant and her coconspirators obtained money and property from financial institutions by causing money from the mortgage loans to be disbursed to their own use and benefit and the use and benefit of their coconspirators.

Manner and Means

4. The manner and means by which the objectives of the conspiracy were accomplished include, but were not limited to, the following:

a. Defendant's coconspirators solicited persons with good credit ratings to purchase real estate. In some instances, defendant caused buyers to purchase multiple houses at or about the same time. By purchasing multiple houses in a short period of time, the prior purchases would not show up on the buyer's credit report and lenders would not be aware of the other purchases.

b. Defendant's coconspirators made offers to purchase properties above the sellers' asking prices.

c. Defendant caused buyers to apply for mortgage loans from financial institutions to purchase properties. Through these transactions, defendant and her coconspirators obtained money from financial institutions by causing money from the mortgage loans to be paid to defendant's coconspirators' companies in the form of commissions and fees.

d. Defendant placed in buyers' loan applications and supporting documentation material false and fraudulent representations about buyers' qualifications, including but not limited to one or more of the following: the buyers' income and intent to

occupy the homes as their primary residences, when defendant then and there well knew that the representations were false and fraudulent.

e. Defendant's coconspirators caused the sellers to agree that part of the excess funds be redirected to the buyers under the pretense of making upgrades and repairs to the properties. Defendant and her coconspirators knowingly and intentionally concealed from financial institutions the identities of the recipients of these disbursements and the true purpose of the disbursements, when defendant and her coconspirators then and there well knew that the representations made to financial institutions were false and fraudulent.

f. Defendant caused lenders and escrow companies to transmit money and documents by means of U.S. mail, interstate commercial carriers, and interstate wire communications to complete the transactions.

g. Defendant and her coconspirators defaulted on the mortgage loans which caused the properties to go into foreclosure.

h. Defendants' conspiracy to violate Title 18, United States Code, Sections 1341 and 1343 affected a federally insured financial institution.

Overt Acts

5. On or about the dates identified below, in the State and Federal District of Nevada, for the purpose of executing and attempting to execute the scheme to defraud and to obtain money and property, defendant did knowingly cause to be submitted to the federally insured financial institutions identified below, loan applications and supporting documents containing materially false and fraudulent pretenses, representations and promises in order to cause the financial institutions to loan money to fund the purchase of the properties identified below:

Dates	Property	Financial Institution
5/10/04 to 6/2/04	355 Pure April Ave. Las Vegas, Nevada	Fremont Investment and Loan
11/17/04 to 12/15/04	7800 License St. Las Vegas, Nevada	Pacific Mercantile Bank
11/18/04 to 12/22/04	11131 Tuscolana St. Las Vegas, Nevada	Pacific Mercantile Bank
3/8/05 to 4/6/05	7224 Rustic Meadow St. Las Vegas, Nevada	Fremont Investment and Loan
3/8/05 to 4/2/05	5600 Windy Gorge St. Las Vegas, Nevada	Pacific Mercantile Bank
5/5/05 to 6/3/05	9221 Steel Tree St. Las Vegas, Nevada	Fremont Investment and Loan

All in violation of Title 18, United States Code, Section 1349.

Sheet 3 — Supervised Release

DEFENDANT: JENNIFER DANIELS
CASE NUMBER: 2:13-CR-0203-JCM-CWH **SEALED**

SUPERVISED RELEASE

Upon release from imprisonment, you will be on supervised release for a term of: 2 YEARS.

MANDATORY CONDITIONS

1. You must not commit another federal, state or local crime.
2. You must not unlawfully possess a controlled substance.
3. You must refrain from any unlawful use of a controlled substance. You must submit to one drug test within 15 days of release from imprisonment and at least two periodic drug tests thereafter, as determined by the court, not to exceed 104 tests annually.
   ☑ The above drug testing condition is suspended, based on the court's determination that you pose a low risk of future substance abuse. *(check if applicable)*
4. ☑ You must make restitution in accordance with 18 U.S.C. §§ 3663 and 3663A or any other statute authorizing a sentence of restitution. *(check if applicable)*
5. ☑ You must cooperate in the collection of DNA as directed by the probation officer. *(check if applicable)*
6. ☐ You must comply with the requirements of the Sex Offender Registration and Notification Act (42 U.S.C. § 16901, *et seq.*) as directed by the probation officer, the Bureau of Prisons, or any state sex offender registration agency in the location where you reside, work, are a student, or were convicted of a qualifying offense. *(check if applicable)*
7. ☐ You must participate in an approved program for domestic violence. *(check if applicable)*

You must comply with the standard conditions that have been adopted by this court as well as with any other conditions on the attached page.

DEFENDANT: JENNIFER DANIELS
CASE NUMBER: 2:13-CR-0203-JCM-CWH **SEALED**

STANDARD CONDITIONS OF SUPERVISION

As part of your supervised release, you must comply with the following standard conditions of supervision. These conditions are imposed because they establish the basic expectations for your behavior while on supervision and identify the minimum tools needed by probation officers to keep informed, report to the court about, and bring about improvements in your conduct and condition.

1. You must report to the probation office in the federal judicial district where you are authorized to reside within 72 hours of your release from imprisonment, unless the probation officer instructs you to report to a different probation office or within a different time frame.
2. After initially reporting to the probation office, you will receive instructions from the court or the probation officer about how and when you must report to the probation officer, and you must report to the probation officer as instructed.
3. You must not knowingly leave the federal judicial district where you are authorized to reside without first getting permission from the court or the probation officer.
4. You must answer truthfully the questions asked by your probation officer.
5. You must live at a place approved by the probation officer. If you plan to change where you live or anything about your living arrangements (such as the people you live with), you must notify the probation officer at least 10 days before the change. If notifying the probation officer in advance is not possible due to unanticipated circumstances, you must notify the probation officer within 72 hours of becoming aware of a change or expected change.
6. You must allow the probation officer to visit you at any time at your home or elsewhere, and you must permit the probation officer to take any items prohibited by the conditions of your supervision that he or she observes in plain view.
7. You must work full time (at least 30 hours per week) at a lawful type of employment, unless the probation officer excuses you from doing so. If you do not have full-time employment you must try to find full-time employment, unless the probation officer excuses you from doing so. If you plan to change where you work or anything about your work (such as your position or your job responsibilities), you must notify the probation officer at least 10 days before the change. If notifying the probation officer at least 10 days in advance is not possible due to unanticipated circumstances, you must notify the probation officer within 72 hours of becoming aware of a change or expected change.
8. You must not communicate or interact with someone you know is engaged in criminal activity. If you know someone has been convicted of a felony, you must not knowingly communicate or interact with that person without first getting the permission of the probation officer.
9. If you are arrested or questioned by a law enforcement officer, you must notify the probation officer within 72 hours.
10. You must not own, possess, or have access to a firearm, ammunition, destructive device, or dangerous weapon (i.e., anything that was designed, or was modified for, the specific purpose of causing bodily injury or death to another person such as nunchakus or tasers).
11. You must not act or make any agreement with a law enforcement agency to act as a confidential human source or informant without first getting the permission of the court.
12. If the probation officer determines that you pose a risk to another person (including an organization), the probation officer may require you to notify the person about the risk and you must comply with that instruction. The probation officer may contact the person and confirm that you have notified the person about the risk.
13. You must follow the instructions of the probation officer related to the conditions of supervision.

U.S. Probation Office Use Only

A U.S. probation officer has instructed me on the conditions specified by the court and has provided me with a written copy of this judgment containing these conditions. For further information regarding these conditions, see *Overview of Probation and Supervised Release Conditions*, available at: www.uscourts.gov.

DEFENDANT: JENNIFER DANIELS
CASE NUMBER: 2:13-CR-0203-JCM-CWH **SEALED**

ADDITIONAL STANDARD CONDITIONS OF SUPERVISION

1. You must notify the court of any material change in your economic circumstances that might affect your ability to pay restitution, fines, or special assessments.

DEFENDANT: JENNIFER DANIELS
CASE NUMBER: 2:13-CR-0203-JCM-CWH **SEALED**

SPECIAL CONDITIONS OF SUPERVISION

1. Search and Seizure – You must submit your person, property, house, residence, vehicle, papers, computers (as defined in 18 U.S.C. § 1030(e)(1)), other electronic communications or data storage devices or media, or office, to a search conducted by a United States Probation Officer. Failure to submit to a search may be grounds for revocation of release. You must warn any other occupants that the premises may be subject to searches pursuant to this condition.

The probation officer may conduct a search under this condition only when reasonable suspicion exists that you have violated a condition of supervision and that the areas to be searched contain evidence of this violation. Any search must be conducted at a reasonable time and in a reasonable manner.

2. Mental Health Treatment – You must participate in a mental health treatment program and follow the rules and regulations of that program at the discretion of the probation officer.

3. Access to Financial Information – You must provide the probation officer access to any requested financial information and authorize the release of any financial information. The probation office will share financial information with the U.S. Attorney's Office.

Nevada State Board of Pharmacy
431 W Plumb Ln
Reno, NV 89509

Dear Members of the Nevada State Board of Pharmacy,

I am writing to address two charges that appear on my record. I believe in the importance of transparency and wish to provide a clear account of these incidents.

1. DUI Charge

On October 13, 2010, I was arrested for driving under the influence of alcohol (Case No. 10M32430X). This offense was classified as a misdemeanor under statute 484.379. On July 19, 2011, I entered a plea of nolo contendere (no contest) and was found guilty.

The court mandated several conditions as part of my sentence, which included:

- Attending DUI school and a victim impact panel.
- Paying fines and fees amounting to $585.

I diligently completed all the required conditions, including attending the DUI school and the victim impact panel. The case was officially closed on December 15, 2011, after I fulfilled all the court's requirements.

2. Domestic Battery Charge

On November 30, 2006, I was involved in an incident that led to my arrest for domestic battery (Case No. PC06M29113X). The charge was classified as a misdemeanor under statute 200.481. I was required to post bail and ultimately, the charges were dropped.

At the time of the incident, I was in a very toxic marriage that significantly impacted my emotional and mental well-being. The relationship was fraught with conflict and stress, which culminated in the unfortunate event leading to my arrest. Shortly after this incident, the marriage ended, and I have not been in contact with my ex-wife since then.

I am now in a healthy and loving relationship that has lasted almost 20 years. This relationship has been a tremendous benefit to my life, providing stability, support, and happiness. The positive changes in my personal life have greatly contributed to my ability to maintain high standards of conduct and professionalism in my career.

In addition to these personal changes, I have had a very successful career as a radiology technician for 40 years. My extensive experience in the medical field has equipped me with the skills and knowledge necessary to excel in running my own orthotics and prosthetics clinic. Furthermore, I spent time in the army as a young adult, which instilled in me a strong sense of discipline, responsibility, and commitment to serving others.

I deeply regret my involvement in these matters and have proactively taken substantial measures to ensure that such events do not recur. These experiences have imparted invaluable lessons, prompting significant positive changes in my life to prevent any future occurrences. I am steadfastly committed to upholding the highest standards of conduct and professionalism in my career.

I respectfully request that the Board consider this explanation and the steps I have taken to address these situations. I am dedicated to upholding the integrity of the orthotics and prosthetics profession and am fully committed to serving the community with the utmost responsibility and care.

Thank you for your understanding and consideration.

Sincerely,

Wilfredo A. Christie

In consideration of the premium paid, and subject to the applicable limits of liability shown on the **certificate of insurance,** it is agreed as follows:

1. The following subsidiaries (hereafter referred to as **"subsidiary"**) are provided coverage under the Policy:

   Name(s) of Subsidiaries: Optimal Embrace
   6050 S Fort Apache Rd #120
   Las Vegas, NV 89148

2. Solely for the purposes of the coverage provided by this Endorsement, the definition of **You** in the Professional Liability Coverage Part is deleted in its entirety and replaced with the following:

   "You" or **"Your"** means the **named insured**, the Subsidiaries named above, and,

   1. any individual who, during the **policy period,** is or becomes a partner, officer, director, stockholder-employee, manager, member or an **employee** of the **named insured** or any **subsidiary,** but only while acting within the scope of their **professional services**; or
   2. any individual who, during the **policy period**, is or becomes a substitute health care provider that the **named insured** or any **subsidiary** contracts with, but only while acting within the scope of their **professional services.**
   3. any individual previously affiliated with the **named insured,** or any subsidiary named above, as its partner, officer, director, stockholder-employee, manager, member or **employee** but only for **professional services** performed on behalf of the **named insured** or any **subsidiary** during the course of such employment.

3. Solely for the purposes of the coverage provided by this Endorsement, the definition of **you** in the General Liability Coverage Part, or the Workplace Liability Coverage Part, as applicable, is deleted in its entirety and replaced with the following:

   "You" or **"Your"** means the **named insured** or any **subsidiary** and:

   1. any individual who, during the **policy period,** is or becomes an **employee** of the **named insured** or any **subsidiary,** but only while acting within the scope of their employment by the **named insured** or any **subsidiary**; or
   2. any individual who, during the **policy period**, is or becomes a substitute health care provider, other than a physician, dentist, nurse anesthetist, nurse mid-wife, chiropractor, self-employed perfusionist, or podiatrist, that the **named insured** or any **subsidiary** contracts with, but only while acting within the scope of their employment by the **named insured** or any **subsidiary;** or
   3. any individual previously affiliated with the **named insured** or any **subsidiary** as its **employee** but only while acting within the scope of their employment by the **named insured** or any **subsidiary,** during the course of such employment.

CEASE AND DESIST and CITATION AND FINE ORDER, Case No. 24-0067-O
Unlicensed Furnishing of Medical Products

Greetings:

The Nevada State Board of Pharmacy (Board) has determined that The CPAP Shop was/is engaged in the business of furnishing prescription medical devices in Nevada without having secured a license as required by Nevada Revised Statute (NRS) 639.233. Pursuant to NRS 639.233, any person, including a wholesaler or manufacturer of prescription medical devices must secure a license from the Board before it sells, delivers, or accepts orders for drugs or devices which are to be sold in this State or delivered, distributed, or accepted for delivery in this State, unless such sale is restricted by law or by regulation of the Board. Under Nevada law, the term "drug" is defined to include "[a]rticles and devices intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in humans." See NRS 639.007. The terms "manufacturer" and "wholesaler" are defined at NRS 639.009 and NRS 639.015, respectively. The term "medical products provider" is defined at Nevada Administrative Code (NAC) 639.693. Nevada licensure is required of any person, including a medical products provider, who sells or ships drugs or medical devices that are restricted by federal law to sale by or on the order of a physician to any person located within this State. See NRS 639.233(1) and (2); NAC 639.694.

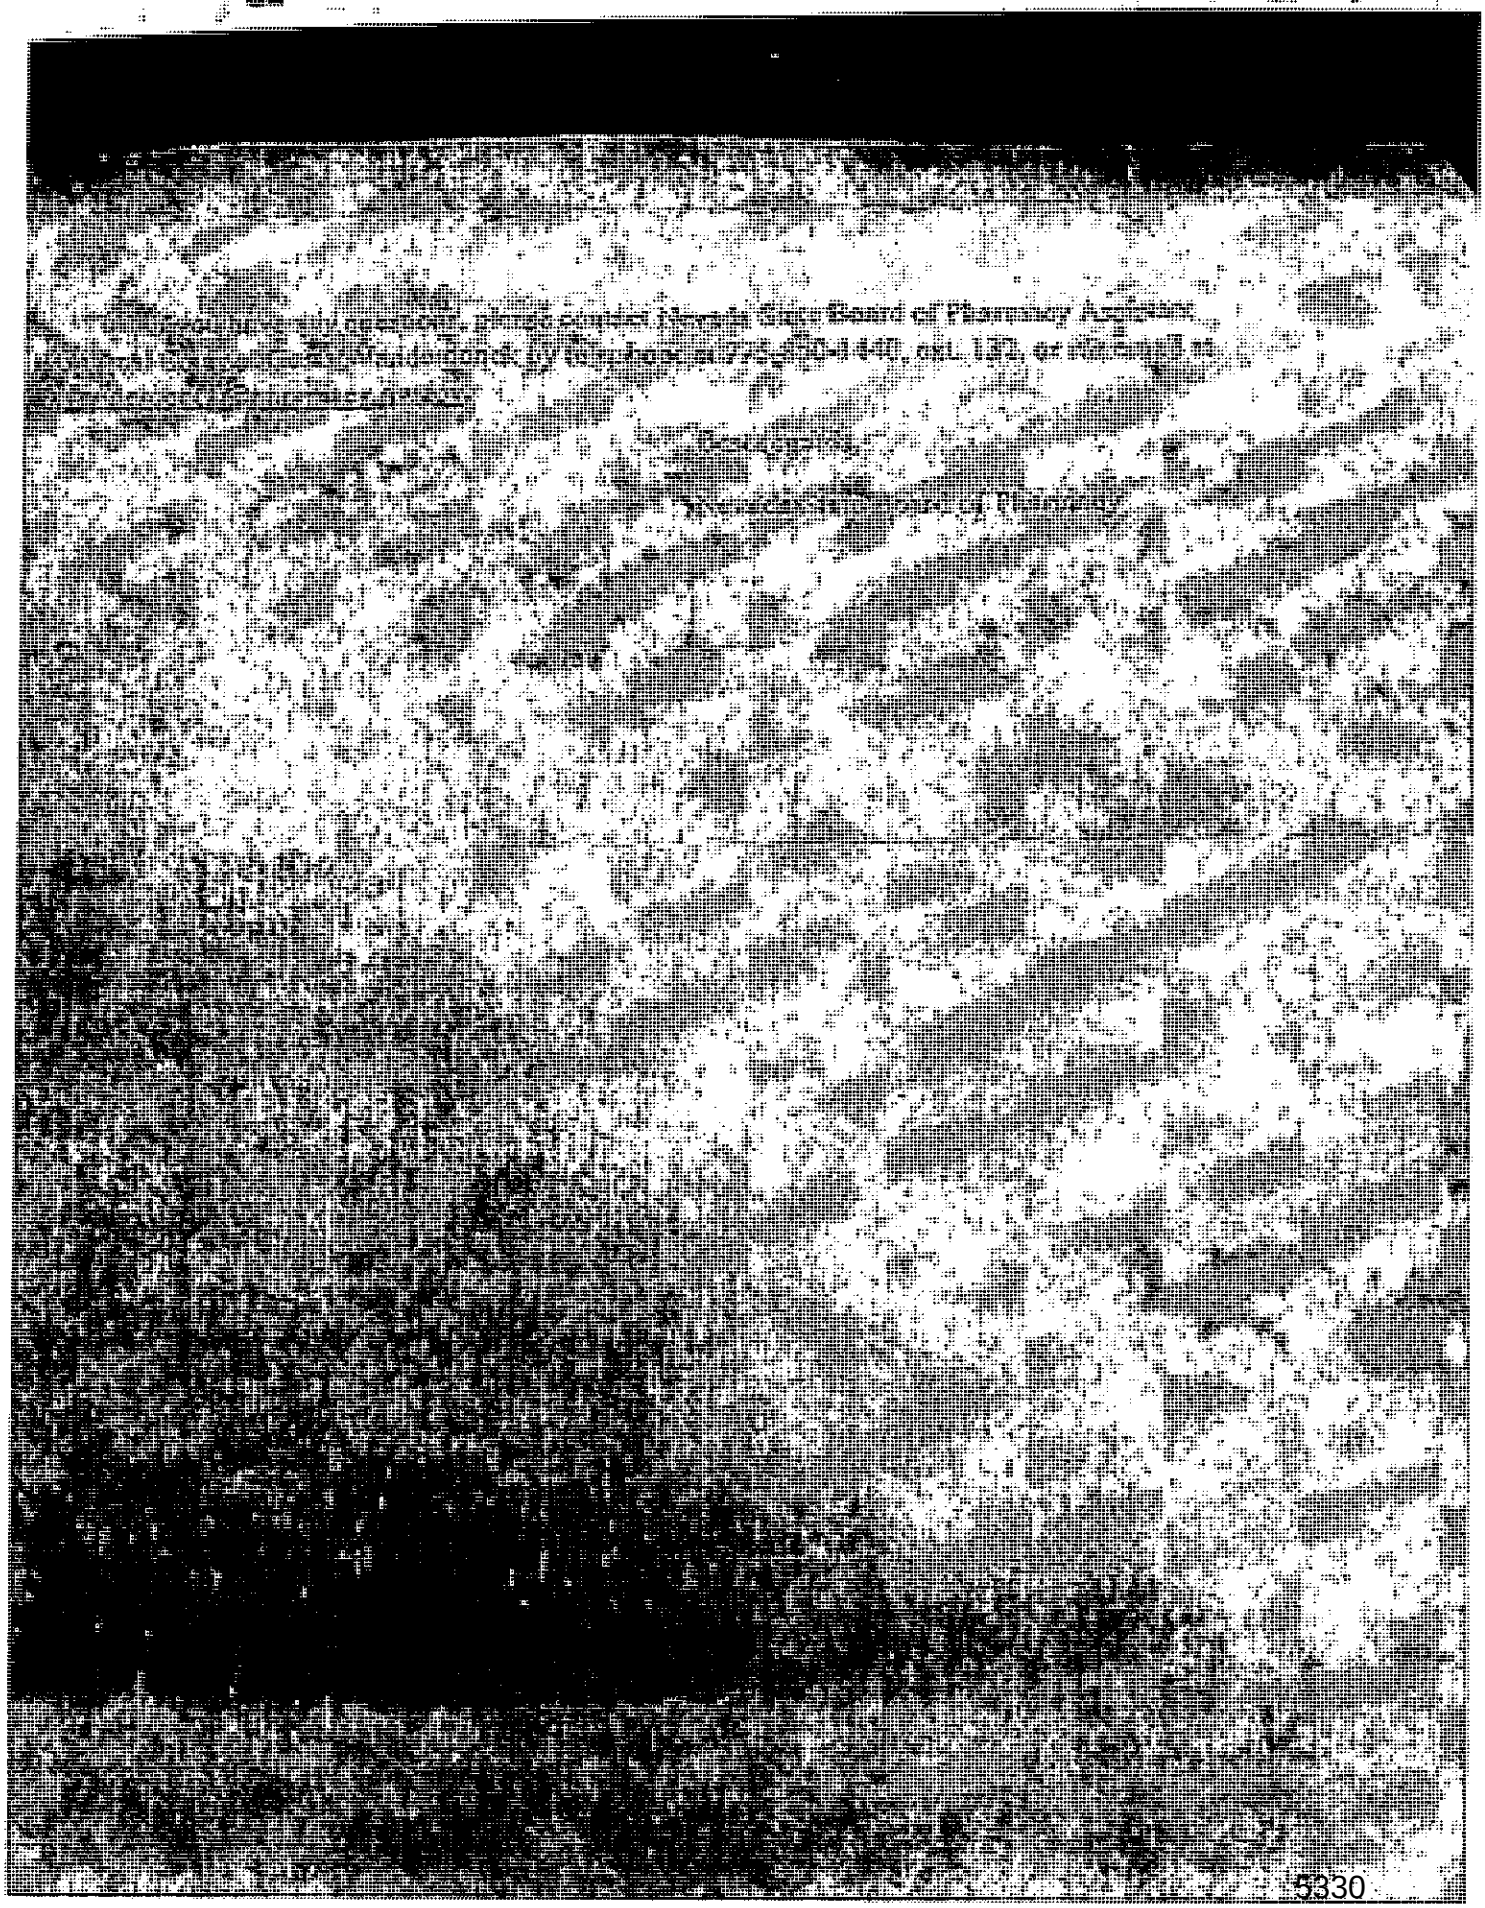
The CPAP Shop is engaged in the business of selling devices as that term is defined at 21 U.S.C. § 321(h). The product's purpose is for use in the diagnosis of disease or other conditions, or in the cure, mitigation, treatment, or prevention of disease, in man or other animals. Accordingly, at least some of the devices are "prescription devices" within the meaning of 21 CFR § 801.109. One of these devices is a ResMed AirSense 11 AutoSet CPAP Machine with Bluetooth, Humidifier and ClimateLineAir. ResMed's AirSense 11 User Guide explicitly states that in the United States, Federal law restricts the device to sale by or on the order of a physician.

Because these devices are not safe to use for their intended purpose except under the supervision of a qualified medical practitioner, they must bear a label indicating that they are prescription-only devices. See 21 CFR § 801.109(b). The relevant facts are as follows:

1

- During a routine inspection of Oxytech, located at 1544 Pittman Ave., Suite B, Sparks, NV 89431, Board Inspector Mui Lee located an invoice from The CPAP shop. The invoice was dated 12/21/2003 and was given order # 100485951. The invoice states that one ResMed AirSense 10 AutoSet CPAP Machine with Bluetooth, HumidAir and ClimateLineAir was sold and shipped by The CPAP Shop to Oxytech. ResMed's AirSense 10 User Guide explicitly states that in the United States, federal law restricts the device to sale by or on the order of a physician.

- Board Investigator Marilen S. Segedy attempted at least four (4) times to get in contact with The CPAP Shop's compliance personnel. They have yet to get back to her.



- Under Nevada law, the fact that there is a federal restriction on sale of the drug or device by or on the order of a physician requires any person to obtain a license with the Nevada Board of Pharmacy if they 1) solicit or accept orders for drugs or devices whose sale in this State is restricted; or 2) receive, store, or ship such drugs or devices. See 21 U.S.C. § 353(b)(1); 21 C.F.R. § 201.100(b)(1); 21 CFR § 801.109 and NRS 639.233.

- The Board has documentary evidence that The CPAP Shop solicited and/or accepted orders and shipped a prescription only medical device into Nevada without the required license to do so.

Accordingly, the Board hereby orders The CPAP Shop to immediately **CEASE and DESIST** furnishing to persons in Nevada any medical products, including drugs and/or devices that are restricted by federal law to sale by or on the order of a physician. Further, this notice shall serve as a **CITATION** pursuant to NRS 639.2895(2) for the unlicensed furnishing of medical devices to persons in Nevada. Pursuant to NRS 639.2895(3), the Board has assessed an **administrative fine** against The CPAP Shop in the amount of **Five Thousand and 00/100 Dollars ($5,000.00).**

If you do not intend to contest the above fine, please pay the fine within 30 days of receipt of this citation, or otherwise contact Board staff to request an alternative payment plan. Payment must be by *cashier's check, certified check* or *money order* made payable to "State of Nevada, Office of the Treasurer," to be received at the Board's Reno office, located at 985 Damonte Ranch Parkway – Suite 206, Reno, NV 89521. Additionally, please be advised that should you fail to comply with the terms of this citation and order, your noncompliance will be reported to the National Practitioner Data Bank and referred to the Nevada Controller's Office for collection pursuant to NRS 353C.195. *See* 45 C.F.R. §§ 60.3 and 60.5.

You may contest this citation by submitting to the Board, at the Reno address listed above, a written request for a public hearing. You must submit any such request not later than 30 days after receipt of this notice. *See* NRS 639.2895(2). Additionally, please be aware that issuance of the foregoing letter does not preclude the filing of an administrative disciplinary complaint, a civil suit, or criminal charges, if deemed appropriate based upon evidence not currently available to the Board's investigative staff.

Re: Oversight of durable medical equipment providers

The New Jersey Department of Health, Wholesale Drug Project, does not register and/or license direct-to-patient durable medical equipment providers.

Sincerely,
Eric B. Lieberman, Esq.
Project Coordinator, Wholesale Drug Project
Public Health and Food Protection Program

The New Jersey Department of Health offers only a Wholesale Drug and Medical Device Registration option for which our business of providing durable medical equipment direct to patients does not qualify as stated in the Wholesale Drug or Medical Device Business Registration - Frequently Asked Questions noted below.

https://www.nj.gov/health/ceohs/phfpp/dmd/faq.shtml

APPLICATIONS FOR NEW REGISTRATIONS

Q: Does my business need to be registered with the Department?
This office is unable to offer legal advice to businesses and cannot evaluate for licensure without submission of application. Requirements for registration are based on the definitions and exemptions provided in NJAC 8:21-3A.3, NJSA 24:1-1 and NJSA 24:6B-14.

Q: Is this the correct registration for a Durable Medical Equipment provider?
The Drug and Medical Device Registration is not applicable to direct-to-patient equipment providers.

Durable Medical Equipment Provider means an entity that delivers durable medical equipment directly to the consumer or patient. Durable Medical Equipment Providers which do not conduct wholesale distribution business may not register. Licensure for Durable Medical Equipment Providers is not available through this office. Consult your local Medicare/Medicaid office for further guidance.

Wholesale Drug Rules (N.J.A.C. 8:21-3A and N.J.S.A. 24:6B):
https://www.nj.gov/health/ceohs/documents/food-drug-safety/Wholesale%20Drug%20Regulations.pdf

§ 8:21-3A.3 Definitions:

"Wholesale distribution" means the distribution of drugs or devices to persons other than a consumer or patient, but does not include:

1. Intracompany sales;
2. The purchase or other acquisition by a hospital or other health care entity that is a member of a group purchasing organization, of a drug or device for its own use from the group purchasing organization or from other hospitals or health care entities that are members of such organizations;
3. The sale, purchase, or trade of a drug or device or an offer to sell, purchase, or trade a drug or device by a charitable organization described in section 501(c)(3) of the Internal Revenue Code of 1954 to a nonprofit affiliate of the organization to the extent otherwise permitted by law;
4. The sale, purchase, or trade of a drug or device or an offer to sell, purchase, or trade a drug or device among hospitals or other health care entities that are under common control; for purposes of this definition "common control" means the power to direct or cause the direction of the management and policies of a person or an organization, whether by ownership of stock, voting rights, by contract, or otherwise;
5. The sale, purchase or trade of a drug or device or an offer to sell, purchase, or trade a drug or device for emergency medical reasons; for purposes of this definition, "emergency medical reasons" includes transfers of prescription drugs by a retail pharmacy to another retail pharmacy to alleviate a temporary shortage;
6. The sale, purchase, or trade of a drug, an offer to sell, purchase, or trade a drug, or the dispensing of a drug pursuant to a prescription;
7. The distribution of drug or device samples by manufacturers' representatives or distributors' representatives; or
8. The sale, purchase, or trade of blood and blood components intended for transfusion.

"Wholesale distributor" means anyone engaged in wholesale distribution of drugs including, but not limited to, manufacturers; repackagers; own-label distributors; private label distributors; jobbers; brokers; warehouses, including manufacturers' and distributors' warehouses, chain drug warehouses, and wholesale drug warehouses; and independent wholesale drug traders, but does not include a retail pharmacy whose sales of prescription drugs to other than the ultimate user, including physicians for office use, nursing homes, institutions, etc. does not exceed five percent of the total gross annual sales of prescription drugs of the pharmacy.

As the employed/contracted pharmacist, for (ASC/RC Name): Coronado Surgery Center :

I understand that I am responsible for establishing policies and procedures which (NAC 639.4996):

a) Are consistent with the policies and procedures developed pursuant to NAC 639.447;
b) Require to maintain records in accordance with the provisions of NAC 639.485 and 639.485;
c) Address the purchase, storage, maintenance of records and dispensing of drugs and investigational drugs;
d) Require maintenance of a perpetual inventory of all controlled substances;
e) Prescribe the procedure for quarantining and destroying drugs and investigational drugs that are expired, adulterated, mislabeled or otherwise unsafe for human use;
f) Require the storage of drugs and investigational drugs in accordance with the specifications of the manufacturer;
g) Ensure that the ASC and RC dispenses drugs and investigational drugs pursuant to chart orders and in accordance with applicable state and federal laws; and
h) Ensure that all compounding is
    a. Performed by a registered pharmacist in accordance with the provisions of NRS and NAC 639; or
    b. If performed by an employee of the ASC or RC, other than a registered pharmacist, performed:
        i. In accordance with the provisions of NRS and NAC 639;
        ii. In a location designated for compounding that is clean and disinfected before each act of compounding; and
        iii. By a person who has completed training for the type of compounding that will be performed.

I understand that I shall (NAC 639.4998):

a) Visit the ASC or RC at least once each month to:
    a. Evaluate the effectiveness of the policies and procedures established pursuant to NAC 693.4996; and
    b. Confirm that the ASC or RC is complying with those policies and procedures, the below provisions.
b) Maintain documentation of each visit that the pharmacist makes;
c) Conduct an audit at least once each month using a sufficient number of records of the ASC or RC, including, without limitation, records of patients and records relating to the purchasing, storing and dispensing of drugs and investigational drugs, which must be randomly selected, to determine whether:
    a. The records indicate that the drugs and investigational drugs are dispensed in a safe and effective manner in accordance with accepted standards of practice and the specifications of the manufacturer;
    b. Drugs and investigational drugs are diluted in accordance with accepted standards of practice or pursuant to the specifications of the manufacturer;
    c. The records demonstrate:
        i. That a discrepancy does not exist in the number of drugs and investigational drugs that are in vials designated by the manufacturer for a single use which are dispensed and the number of patients who receive such drugs and investigational drugs; and
        ii. That drugs, not including investigational drugs, which are in vials designated by the manufacturer for a single use and any remaining medication in those vials are discarded after use;
    d. The records demonstrate that drugs, not including investigational drugs, which are in vials designated by the manufacturer for more than one use are discarded when the medication in the vials has expired or not more than 28 days after the initial breach of the vial;
    e. The employees of the ASC or RC properly maintain accurate records relating to drugs and investigational drugs; and
    f. The employees of the ASC or RC properly monitor and maintain the perpetual inventory required pursuant to paragraph (d) of subsection 1 of NAC 639.4996; and
d) Submit a written report, including, without limitation, a written explanation, to the Board not later than 5 business days after the pharmacist determines that:
    a. The ASC or RC is violating a state or federal law which affects the care and safety of a patient;
    b. There is a discrepancy of 5 percent or more between the actual quantity of a controlled substance in the possession of the ASC or RC and the amount of the controlled substance that should be in the possession of the ASC or RC according to the records of the ASC or RC, including, without limitation:
        i. Purchase orders and invoices for the controlled substance;
        ii. Records which indicate the removal of the controlled substance from the storage area;
        iii. Patient records;
        iv. Records which indicate the return of the controlled substance to the manufacturer;
        v. Records which indicate that the controlled substance was destroyed; and
        vi. Any other record for the controlled substance;
    c. The recovery center or surgical center has intentionally or recklessly failed to create or maintain a record required by the policies and procedures established pursuant to NAC 639.4996;
    d. The recovery center or surgical center is administering a drug or an investigational drug in violation of accepted standards of practice or the specifications of the manufacturer; or

As the employed/contracted pharmacist, for (ASC/RC Name): Coronado Surgical Recovery Suites :

I understand that I am responsible for establishing policies and procedures which (NAC 639.4996):

a) Are consistent with the policies and procedures developed pursuant to NAC 639.447;
b) Require to maintain records in accordance with the provisions of NAC 639.485 and 639.485;
c) Address the purchase, storage, maintenance of records and dispensing of drugs and investigational drugs;
d) Require maintenance of a perpetual inventory of all controlled substances;
e) Prescribe the procedure for quarantining and destroying drugs and investigational drugs that are expired, adulterated, mislabeled or otherwise unsafe for human use;
f) Require the storage of drugs and investigational drugs in accordance with the specifications of the manufacturer;
g) Ensure that the ASC and RC dispenses drugs and investigational drugs pursuant to chart orders and in accordance with applicable state and federal laws; and
h) Ensure that all compounding is
    a. Performed by a registered pharmacist in accordance with the provisions of NRS and NAC 639; or
    b. If performed by an employee of the ASC or RC, other than a registered pharmacist, performed:
        i. In accordance with the provisions of NRS and NAC 639;
        ii. In a location designated for compounding that is clean and disinfected before each act of compounding; and
        iii. By a person who has completed training for the type of compounding that will be performed.

I understand that I shall (NAC 639.4998):

a) Visit the ASC or RC at least once each month to:
    a. Evaluate the effectiveness of the policies and procedures established pursuant to NAC 693.4996; and
    b. Confirm that the ASC or RC is complying with those policies and procedures, the below provisions.
b) Maintain documentation of each visit that the pharmacist makes;
c) Conduct an audit at least once each month using a sufficient number of records of the ASC or RC, including, without limitation, records of patients and records relating to the purchasing, storing and dispensing of drugs and investigational drugs, which must be randomly selected, to determine whether:
    a. The records indicate that the drugs and investigational drugs are dispensed in a safe and effective manner in accordance with accepted standards of practice and the specifications of the manufacturer;
    b. Drugs and investigational drugs are diluted in accordance with accepted standards of practice or pursuant to the specifications of the manufacturer;
    c. The records demonstrate:
        i. That a discrepancy does not exist in the number of drugs and investigational drugs that are in vials designated by the manufacturer for a single use which are dispensed and the number of patients who receive such drugs and investigational drugs; and
        ii. That drugs, not including investigational drugs, which are in vials designated by the manufacturer for a single use and any remaining medication in those vials are discarded after use;
    d. The records demonstrate that drugs, not including investigational drugs, which are in vials designated by the manufacturer for more than one use are discarded when the medication in the vials has expired or not more than 28 days after the initial breach of the vial;
    e. The employees of the ASC or RC properly maintain accurate records relating to drugs and investigational drugs; and
    f. The employees of the ASC or RC properly monitor and maintain the perpetual inventory required pursuant to paragraph (d) of subsection 1 of NAC 639.4996; and
d) Submit a written report, including, without limitation, a written explanation, to the Board not later than 5 business days after the pharmacist determines that:
    a. The ASC or RC is violating a state or federal law which affects the care and safety of a patient;
    b. There is a discrepancy of 5 percent or more between the actual quantity of a controlled substance in the possession of the ASC or RC and the amount of the controlled substance that should be in the possession of the ASC or RC according to the records of the ASC or RC, including, without limitation:
        i. Purchase orders and invoices for the controlled substance;

As the employed/contracted pharmacist, for (ASC/RC Name): Elkhorn Surgery Center :

I understand that I am responsible for establishing policies and procedures which (NAC 639.4996):

a) Are consistent with the policies and procedures developed pursuant to NAC 639.447;
b) Require to maintain records in accordance with the provisions of NAC 639.485 and 639.485;
c) Address the purchase, storage, maintenance of records and dispensing of drugs and investigational drugs;
d) Require maintenance of a perpetual inventory of all controlled substances;
e) Prescribe the procedure for quarantining and destroying drugs and investigational drugs that are expired, adulterated, mislabeled or otherwise unsafe for human use;
f) Require the storage of drugs and investigational drugs in accordance with the specifications of the manufacturer;
g) Ensure that the ASC and RC dispenses drugs and investigational drugs pursuant to chart orders and in accordance with applicable state and federal laws; and
h) Ensure that all compounding is
    a. Performed by a registered pharmacist in accordance with the provisions of NRS and NAC 639; or
    b. If performed by an employee of the ASC or RC, other than a registered pharmacist, performed:
        i. In accordance with the provisions of NRS and NAC 639;
        ii. In a location designated for compounding that is clean and disinfected before each act of compounding; and
        iii. By a person who has completed training for the type of compounding that will be performed.

I understand that I shall (NAC 639.4998):

a) Visit the ASC or RC at least once each month to:
    a. Evaluate the effectiveness of the policies and procedures established pursuant to NAC 693.4996; and
    b. Confirm that the ASC or RC is complying with those policies and procedures, the below provisions.
b) Maintain documentation of each visit that the pharmacist makes;
c) Conduct an audit at least once each month using a sufficient number of records of the ASC or RC, including, without limitation, records of patients and records relating to the purchasing, storing and dispensing of drugs and investigational drugs, which must be randomly selected, to determine whether:
    a. The records indicate that the drugs and investigational drugs are dispensed in a safe and effective manner in accordance with accepted standards of practice and the specifications of the manufacturer;
    b. Drugs and investigational drugs are diluted in accordance with accepted standards of practice or pursuant to the specifications of the manufacturer;
    c. The records demonstrate:
        i. That a discrepancy does not exist in the number of drugs and investigational drugs that are in vials designated by the manufacturer for a single use which are dispensed and the number of patients who receive such drugs and investigational drugs; and
        ii. That drugs, not including investigational drugs, which are in vials designated by the manufacturer for a single use and any remaining medication in those vials are discarded after use;
    d. The records demonstrate that drugs, not including investigational drugs, which are in vials designated by the manufacturer for more than one use are discarded when the medication in the vials has expired or not more than 28 days after the initial breach of the vial;
    e. The employees of the ASC or RC properly maintain accurate records relating to drugs and investigational drugs; and
    f. The employees of the ASC or RC properly monitor and maintain the perpetual inventory required pursuant to paragraph (d) of subsection 1 of NAC 639.4996; and
d) Submit a written report, including, without limitation, a written explanation, to the Board not later than 5 business days after the pharmacist determines that:
    a. The ASC or RC is violating a state or federal law which affects the care and safety of a patient;
    b. There is a discrepancy of 5 percent or more between the actual quantity of a controlled substance in the possession of the ASC or RC and the amount of the controlled substance that should be in the possession of the ASC or RC according to the records of the ASC or RC, including, without limitation:
        i. Purchase orders and invoices for the controlled substance;
        ii. Records which indicate the removal of the controlled substance from the storage area;
        iii. Patient records;
        iv. Records which indicate the return of the controlled substance to the manufacturer;
        v. Records which indicate that the controlled substance was destroyed; and
        vi. Any other record for the controlled substance;
    c. The recovery center or surgical center has intentionally or recklessly failed to create or maintain a record required by the policies and procedures established pursuant to NAC 639.4996;
    d. The recovery center or surgical center is administering a drug or an investigational drug in violation of accepted standards of practice or the specifications of the manufacturer; or
    e. The recovery center or surgical center is engaged in a practice which endangers the health, safety or welfare of a patient or employee of the recovery center or surgical center.

As the employed/contracted pharmacist, for (ASC/RC Name): Fort Apache Surgery Center, LLC :

I understand that I am responsible for establishing policies and procedures which (NAC 639.4996):

a) Are consistent with the policies and procedures developed pursuant to NAC 639.447;
b) Require to maintain records in accordance with the provisions of NAC 639.485 and 639.485;
c) Address the purchase, storage, maintenance of records and dispensing of drugs and investigational drugs;
d) Require maintenance of a perpetual inventory of all controlled substances;
e) Prescribe the procedure for quarantining and destroying drugs and investigational drugs that are expired, adulterated, mislabeled or otherwise unsafe for human use;
f) Require the storage of drugs and investigational drugs in accordance with the specifications of the manufacturer;
g) Ensure that the ASC and RC dispenses drugs and investigational drugs pursuant to chart orders and in accordance with applicable state and federal laws; and
h) Ensure that all compounding is
    a. Performed by a registered pharmacist in accordance with the provisions of NRS and NAC 639; or
    b. If performed by an employee of the ASC or RC, other than a registered pharmacist, performed:
        i. In accordance with the provisions of NRS and NAC 639;
        ii. In a location designated for compounding that is clean and disinfected before each act of compounding; and
        iii. By a person who has completed training for the type of compounding that will be performed.

I understand that I shall (NAC 639.4998):

a) Visit the ASC or RC at least once each month to:
    a. Evaluate the effectiveness of the policies and procedures established pursuant to NAC 693.4996; and
    b. Confirm that the ASC or RC is complying with those policies and procedures, the below provisions.
b) Maintain documentation of each visit that the pharmacist makes;
c) Conduct an audit at least once each month using a sufficient number of records of the ASC or RC, including, without limitation, records of patients and records relating to the purchasing, storing and dispensing of drugs and investigational drugs, which must be randomly selected, to determine whether:
    a. The records indicate that the drugs and investigational drugs are dispensed in a safe and effective manner in accordance with accepted standards of practice and the specifications of the manufacturer;
    b. Drugs and investigational drugs are diluted in accordance with accepted standards of practice or pursuant to the specifications of the manufacturer;
    c. The records demonstrate:
        i. That a discrepancy does not exist in the number of drugs and investigational drugs that are in vials designated by the manufacturer for a single use which are dispensed and the number of patients who receive such drugs and investigational drugs; and
        ii. That drugs, not including investigational drugs, which are in vials designated by the manufacturer for a single use and any remaining medication in those vials are discarded after use;
    d. The records demonstrate that drugs, not including investigational drugs, which are in vials designated by the manufacturer for more than one use are discarded when the medication in the vials has expired or not more than 28 days after the initial breach of the vial;
    e. The employees of the ASC or RC properly maintain accurate records relating to drugs and investigational drugs; and
    f. The employees of the ASC or RC properly monitor and maintain the perpetual inventory required pursuant to paragraph (d) of subsection 1 of NAC 639.4996; and
d) Submit a written report, including, without limitation, a written explanation, to the Board not later than 5 business days after the pharmacist determines that:
    a. The ASC or RC is violating a state or federal law which affects the care and safety of a patient;
    b. There is a discrepancy of 5 percent or more between the actual quantity of a controlled substance in the possession of the ASC or RC and the amount of the controlled substance that should be in the possession of the ASC or RC according to the records of the ASC or RC, including, without limitation:
        i. Purchase orders and invoices for the controlled substance;
        ii. Records which indicate the removal of the controlled substance from the storage area;
        iii. Patient records;
        iv. Records which indicate the return of the controlled substance to the manufacturer;
        v. Records which indicate that the controlled substance was destroyed; and
        vi. Any other record for the controlled substance;
    c. The recovery center or surgical center has intentionally or recklessly failed to create or maintain a record required by the policies and procedures established pursuant to NAC 639.4996;
    d. The recovery center or surgical center is administering a drug or an investigational drug in violation of accepted standards of practice or the specifications of the manufacturer; or
    e. The recovery center or surgical center is engaged in a practice which endangers the health, safety or welfare of a patient or employee of the recovery center or surgical center.

Plaintiffs Andrew Hall M.D., PLLC ("Relevium"), and Andrew Hall M.D. ("Dr. Hall," along with Relevium, "Plaintiffs"), by and through their attorneys of record, John C. Courtney, Esq. and Andrew P. Dunning, Esq. of LBC Law Group, allege and complain as follows:

PARTIES

1. Plaintiff Andrew Hall M.D., PLLC is, and was at all times relevant herein, a Nevada professional limited-liability company duly authorized to do business in Clark County, Nevada.

2. Plaintiff Andrew Hall M.D. is, and was at all times relevant herein, an individual residing in Clark County, Nevada.

3. Defendant Lewel, LLC ("Defendant") is, and was at all times relevant herein, a Nevada limited-liability company duly authorized to do business in Clark County, Nevada.

///

4. Plaintiffs are ignorant of the true names and capacities of Defendants sued herein as DOES I through X, inclusive, and ROE CORPORATIONS XI through XX, inclusive, and therefore sue these Defendants by such fictitious names (collectively with Defendant Lewel, LLC, the "Defendants"). Plaintiffs will amend their complaint to allege their true names and capacities when such are ascertained. Plaintiffs are informed and believe and thereon allege that each of the fictitiously named Defendants is responsible in some manner for the occurrences alleged in this complaint, and the Plaintiffs' damages as alleged were proximately caused by each Defendant's conduct.

5. At all relevant times, Defendants were agents, servants, employees or joint venturers of every other Defendant herein, and at all times mentioned herein were acting within the course and scope of said agency, employment, or joint venture, with knowledge and permission and consent of all other named Defendants.

JURISDICTION AND VENUE

6. The Eighth Judicial District Court of the State of Nevada has subject jurisdiction over this matter because:

a. The amount in controversy exceeds the jurisdictional minimum of $15,000.00; and

b. The events described herein, unless otherwise indicated, occurred in Clark County, Nevada.

7. The Eighth Judicial District Court of the State of Nevada is the appropriate venue for resolution of this matter because:

a. Plaintiffs and Defendant are individuals and/or entities located and domiciled in Clark County, Nevada; and

b. The events described herein, unless otherwise indicated, occurred in Clark County, Nevada.

c. The underlying agreements require that any related litigation be initiated in a state court of competent jurisdiction in the county where the subject leased premises are located.

GENERAL STATEMENT OF FACTS

8. On or about March 6, 2019, Relevium entered into a Standard Industrial/Commercial Multi-Tenant Lease with Defendant (the "Lease").

9. That Lease contemplated Relevium's use of certain real property located at 3975 South Durango Drive, Suite 107, Las Vegas, Nevada, 89147 (the "Property").

10. Section 1.8 of the Lease defined the "Agreed Use" of the Property as being "[g]eneral office use for a pain management clinic and other related lawful uses."

11. On or about March 6, 2019, Dr. Hall executed a Guaranty of Lease, which provided that Dr. Hall "shall guarantee the lease for the first 36 months of the lease term" (the "Guaranty").

12. The Lease identifies MDL Group, LLC, a domestic limited-liability company ("MDL") as the lessor's broker.

13. MDL operated as a property manager and tenant liaison for Plaintiffs for issues relating to the Lease.

14. The Property shares a wall with an adjoining Unit, 3975 South Durango Drive., Suite 104, Las Vegas, Nevada 89147 (the "Neighbor Unit").

15. Kraft-Sussman Funeral & Cremation Services ("KS") operates out of the Neighbor Unit; KS is a registered fictitious firm name of Kraft-Sussman Funeral Service, Inc., a dissolved and inactive domestic corporation owned and operated by Laura Sussman.

16. Defendant Lewel is also owned and operated by Laura Sussman, who is identified as its Managing Member in Nevada Secretary of State records.

17. Defendant Lewel, Laura Sussman, and KS all identify the Neighbor Unit as their respective addresses in Nevada Secretary of State records.

18. Shortly after entering into the Lease, Relevium took possession of the Property as agreed.

19. At all times relevant herein, Relevium performed under the Lease as agreed, and made timely rent payments as contemplated under the Lease.

20. At all times relevant herein, Dr. Hall performed under the Guaranty as agreed, and Relevium never defaulted under any of the Lease terms.

21. Section 38 of the Lease guarantees Relevium "quiet possession and quiet enjoyment of the [Property] during the term" of the Lease.

22. Section 6.1 of the Lease prevents tenants from creating a nuisance or using premises in a way that "disturbs occupants of or causes damage to neighboring premises or properties."

23. Beginning in June of 2020, Relevium experienced numerous disturbances, including sound intrusions, onto the Property from the Neighbor Unit.

24. Specifically, KS operated different funeral and memorial services from the Neighbor Unit during ordinary business hours, and those services often included loud chanting, ringing bells, live music, recorded music played over speaker systems, eulogies and spoken ceremonies on loudspeaker, and other noises (the "Disturbances").

25. These Disturbances were irregular and disruptive, permeating from the Neighbor Unit into the Property for Relevium's treaters, patients, and staff to hear.

26. Relevium immediately and repeatedly informed Defendant as well as its agent, Lewel, of these Disturbances, which would either remain unchanged or only superficially (and ultimately temporarily) addressed.

27. These Disturbances upset and distressed Relevium's patients, including those recovering from debilitating physical injuries and incapacitating pain, and disrupted appointments, forcing rescheduling and cancellation in some instances.

28. These Disturbances reflected poorly on Relevium and Dr. Hall's pain management practice, rendering their primary place of business unsuitable for the basic purposes for which the Property was leased.

29. Defendant underwent construction for "soundproofing" nearly a year after the Disturbances began, but these actions only compounded the interference with Relevium's business.

30. In March of 2021, and without any advanced notice to Relevium, Defendant had contractors begin work at the Neighbor Unit, resulting in loud drilling, hammering, and shouting during business hours.

31. The March 2021 construction did not resolve the Disturbances which remained ongoing from at least June of 2020.

32. In April of 2021, again without advanced notice to (or coordination with) Relevium, Defendant undertook additional construction at the Neighbor Unit during business hours, causing even further disruption.

33. Even after Defendant underwent the self-described "soundproofing" in March and April of 2021, KS continued with the Disturbances from the Neighbor Unit, unimpeded.

34. At or about the same time, Relevium began searching for property suitable for its business and which Relevium could reasonably use and enjoy without the Disturbances.

35. Defendant refused to discontinue these Disturbances, reduce volume to reduce the impact of these Disturbances, or modify the timing of these Disturbances so as to no impede Plaintiff's medical practice.

36. Despite Relevium's notice to Defendant and repeated communications regarding the disruptive and intrusive noises, these Disturbances continued.

37. Section 6.4 of the Lease permits Defendant and its agent MDL to enter the Property "at reasonable times" and "after reasonable notice" for the limited purpose of inspecting the conditions and ensuring Relevium's compliance with the terms of the Lease.

38. Beginning in the Spring of 2021, Relevium experienced numerous unauthorized intrusions on to the Property by Defendant's agent, MDL.

39. On multiple occasions, MDL employees arrived at the Property without prior notice to or consent from Relevium (the "Unauthorized Entries").

40. During these Unauthorized Entries, MDL employees would walk through the Property without regard to patient presence and/or treatment, and enter the private back offices maintained by Relevium's principals and treaters.

41. Relevium explained the importance of patient privacy and record confidentiality to Defendant and its agent MDL, as well as the Lease's restrictions against "drop-in" entries onto the Property.

42. Despite these communications, as well as a discussion of medical providers' HIPAA obligations, multiple Unauthorized Entries occurred.

///

43. Sections 9.2, 9.6, and 36 concern Property destruction and loss, Property damage/use impairment, and certain hazardous substance conditions, and imposes certain repair, abatement, and liability obligations on the Defendant lessor.

44. Beginning in the Summer of 2021, Relevium experienced numerous noxious chemical and unpleasant scent intrusions onto the Property from the Neighbor Unit (the "Chemical Spills").

45. In August of 2021, rancid and pungent smells emanated from the Neighbor Unit and throughout the Property, causing queasiness, headaches, and unease in Relevium's staff and patients.

46. Upon information and belief, these Chemical Spills were caused by KS and/or Aquamation of Southern Nevada, LLC.

47. Relevium immediately informed Defendant and MDL of these Chemical Spills, unsure whether there were health concerns associated with biological and chemical agents used by KS in the Neighbor Unit.

48. MDL agreed to visit the property, only to show up hours later than promised with no information and no meaningful way to resolve the Chemical Spill; instead, a sole MDL employee showed up hours into the episode with only a "Febreze" brand air freshener spray.

49. The first instance of these Chemical Spills forced Relevium to close its business and relieve its patients and staff.

50. Specifically, Relevium was forced to reschedule certain patients following the Chemical Spill, and had to follow up with patients as well as staff about the nature of the incident and concerns relating to the same.

51. In November of 2021, Relevium again informed Defendant that the conditions at the Property were unresolved and unsustainable, and advised Defendant that Relevium would be vacating the Property in December of 2021.

52. That same month, Defendant responded by indicating that there were no breaches of the lease, that any such Disturbances, Unauthorized Entries, and Chemical Spills were cured, and

demanding over $80,000 in "termination fees" from Relevium as Relevium was being forced out of the Property.

53. Within days of that communication, Relevium experienced yet another one of KS's Chemical Spills; around that same time, Relevium learned that KS and its shared principal with Defendant, Laura Sussman, were subject to multiple ongoing compliance investigations by the Nevada State Funeral Board.

54. Despite notice from Relevium regarding the severity of these Chemical Spills, and despite scrutiny from the Nevada State Funeral Board regarding this issue, Defendant failed to prevent or resolve these conditions, and KS continued these intrusions from the Neighbor Unit into the Property.

55. In December of 2021, as soon as Relevium was able to transition to new premises from which to conduct its medical practice, Relevium vacated the Property.

56. At the time Relevium vacated the Property, Defendant had not cured its many prior breaches under the Lease, had not credited Relevium for the many impediments to Relevium's use and enjoyment of the Property, had not reimbursed Relevium for the many interruptions to Relevium's business, and had not abated their continuing breaches under the Lease.

57. Relevium continued to pay rents under the lease through December of 2021, even paying rent for weeks after Relevium vacated and cleaned the Property.

CAUSES OF ACTION

FIRST CAUSE OF ACTION
[Breach of Contract]

58. Plaintiffs repeat and reallege the allegations contained in preceding paragraphs as if fully restated herein.

59. The Lease and Guaranty are valid and enforceable contracts.

60. At all times relevant herein, Relevium performed all duties and conditions precedent required under the terms of the Lease.

61. At all times relevant herein, Dr. Hall performed all duties and conditions precedent required under the terms of the Guaranty.

62. Defendant repeatedly violated Relevium's contractual and common law entitlements to quiet possession and quiet enjoyment of the Property.

63. Defendant repeatedly refused to cure its violations of the Lease or address its continued intrusions onto the Property.

64. Defendant repeatedly violated the Lease's prohibition against unauthorized landlord access to the Property during the term of the Lease.

65. Defendant and its agent MDL refused to enforce the Lease terms against KS, which shares common ownership with Defendant.

66. Defendant refused to prevent and reasonably resolve spills involving noxious chemicals and biological agents, despite the Lease's many requirements that the Defendant lessor do so.

67. Defendant refused to afford rent credits, abatement, and/or damages payments for these Disturbances, Unauthorized Entries, and Chemical Spills.

68. As a result of Defendant's unlawful conduct, Plaintiffs have suffered damages in excess of $15,000.

69. As a result of Defendant's unlawful conduct, Plaintiffs have been forced to retain counsel and are entitled to an award of reasonable attorney's fees and costs in their favor.

SECOND CAUSE OF ACTION
[Breach of the Implied Covenant of Good Faith and Fair Dealing]

70. Plaintiffs repeat and reallege the allegations contained in preceding paragraphs as if fully restated herein.

71. Every contract in the State of Nevada contains an implied covenant to act in good faith and to engage in fair dealing in the performance and execution of that contract.

72. Because the Lease and the Guaranty are valid and enforceable contracts, each is bears the implied covenant of good faith and fair dealing.

73. Defendant's failure to perform under the agreements as promised, as well as Defendant's affirmative actions which deprived Plaintiffs of the benefit of their respective bargains, constitute breaches of the implied covenant of good faith and fair dealing.
