Re: DEA Registration Number FP4684848

Dear Program Manager Hargroder:

This letter responds to your August 31, 2017 letter (the "Letter") regarding the August 15, 2017 administrative inspection of Pharmacy Consultants, LLC d/b/a Omnicare of Spartanburg, located at 111 Corporate Drive, Suite L, Spartanburg, South Carolina 29301. The Letter recounts the inspectors' conclusions that the Omnicare facility violated Title 21 CFR 1304.21(a) and Title 21 U.S.C. 827(b)(1) by failing to maintain complete and accurate records. At the closing meeting with the inspectors on September 28, 2017, the inspectors clarified that their conclusion was based on their understanding that they had identified recordkeeping discrepancies for some controlled substances.

In response to the inspectors' findings, the Omnicare facility is reviewing its recordkeeping procedures for accuracy. The facility is also evaluating ways in which its recordkeeping system can be improved for enhanced clarity and to help streamline future audits.

We believe that the corrective actions described above address the issues set forth in your Letter. Please do not hesitate to contact me if you should have any questions regarding this response.

Sincerely,

Justin Strochlic

Also referred to as a bulk drug substance. A conventionally manufactured drug product is not an API but is typically manufactured from an API(s).
Added Substance	An ingredient that is necessary to compound a preparation but is not intended or expected to cause a pharmacologic response if administered alone in the amount or concentration contained in a single dose of the compounded preparation. The term is used synonymously with inactive ingredient, excipient, and pharmaceutical ingredient.
Administration	The preparation of a nonsterile pharmacologic or other therapeutic agent for ingesting, inserting, applying, or otherwise providing a nonsterile medication in its final form to a single patient. This includes crushing a tablet(s) or opening a capsule(s) to mix with food or liquids to facilitate patient dosing.
Alcohol-based hand rub	An alcohol-containing preparation (liquid, gel, or foam) designed for application to the hands of health care personnel to inactivate microorganisms and/or temporarily suppress their growth. Such preparations may contain one or more types of alcohol, other active ingredients, excipients, and humectants.

Biological Safety Cabinet (BSC)	A ventilated cabinet that may be used for compounding. These cabinets are divided into three general classes (Class I, Class II, and Class III). Class II BSCs are further divided into types (Type A1, Type A2, Type B1, Type B2, and Type C1).
Bulk drug substance	See the entry for Active Pharmaceutical Ingredient.
Certificate of analysis (COA)	A report from the supplier of a component, container, or closure that accompanies the supplier's material and contains the specifications and results of all analyses and a description of the material.
Cleaning	The process of removing substances (eg, organic and inorganic material) from objects and surfaces, normally accomplished by manually or mechanically using water with detergents or enzymatic products.
Cleaning agent	An agent, usually containing a surfactant, used for the removal of substances (eg, dirt, debris, microbes, and residual drugs or chemicals) from surfaces.
Closed-system processing device	A device designed to reduce the potential exposure to personnel or contamination of the facility or CNSPs. Examples include CVEs, BSCs, or single-use containment glove bags.
Component	Any ingredient used in the compounding of a preparation, including any API, added substance, or conventionally manufactured product.
Compounded nonsterile preparation (CNSP)	A preparation not intended to be sterile that is created by combining, admixing, diluting, pooling, reconstituting other than as provided in the manufacturer's labeling, or otherwise altering a drug product or bulk drug substance.
Compounding	The process of combining, admixing, diluting, pooling, reconstituting other than as provided in the manufacturer's labeling, or otherwise altering a drug product or bulk drug substance to create a nonsterile preparation.

Sterile Compounding Personnel Records Review

Select personnel with compounding responsibilities for your records review; preferably select staff performing compounding duties at time of inspection or staff identified during CR review.
- Recommend also pulling supervising personnel file.
- Inspector can consider pulling non-compounder employee file ("Other") who cleans and stocks compounding area but who does not compound (Note: frequency of competency assessment will be defined by pharmacy SOPs).

Review five (5) personnel files and document your observations. (For applicants seeking a Class E-S Non-Resident Sterile Compounding Inspection (Texas Sampling), review a total of 10 personnel records.)
- *Note: long-term employees may not have initial training available, if this is the case, you may select an alternative file. If an alternate file is not available, document length of service of long-term employee.

Inspector Note: soybean casein digest medium and trypticase soy broth are the same media.

Inspector Instructions

1. Use the drop-down list and make the appropriate selection for the Employee Title, Personnel Function, and CSP Category Type for the files reviewed. *Do not record the employee name, only the title or position.
2. Review the selected files to verify that the required training and competency records are present in the personnel file and comply with USP <797> standards for training and demonstrated competency.
3. Select the appropriate response for each item reviewed.
-Select "Yes" if the document is present in the records and the competency evaluation was conducted in compliance USP <797> standards.
-Select "No" if the document is present but is not compliant with USP <797> standards (eg, incorrect frequency of test, GFT and surface sample was not conducted after media-fill, failed tests did not include a corrective action, etc). Document the area(s) of non-compliance in the notes column.
-Select "Missing" if the document is not present in the file.
-Select "N/A" if the training does not apply, eg, long-term employees may not have initial training available. Document further in the notes column.
4. Use the notes column to document any pertinent information.

Demonstrating Knowledge and Competency of Core Skills (Section 2.1)

USP requirements:
1. Personnel who perform or oversee compounding *or support activities* must be trained in the SOPs and trained on maintaining the quality of the environment (See Table 2).
2. Compounding personnel and supervising personnel must complete training needed to demonstrate knowledge of principles and competency of skills for performing sterile manipulations and achieving and maintaining appropriate environmental conditions (See Table 2 and Table 3). This must be completed initially and every 12 months in at least the following areas:

-Documentation of the compounding process (eg, master formulation and compounding records)
-Principles of high-efficiency particulate air (HEPA)-filtered unidirectional airflow within the ISO Class 5 area
-Proper use of PECs
-Principles of movement of materials and personnel within the compounding area
3. Personnel who only perform restocking or cleaning and disinfecting duties outside of the primary engineering control (PEC) must complete ongoing training as required by the facility's SOPs (See Table 3).
4. Personnel compounding only immediate-use CSPs must complete training as required by the facility's SOPs (See Table 3).

ACD: Automated compounding device.
ACPH: Air changes per hour.
Active pharmaceutical ingredient (API): Any substance or mixture of substances intended to be used in the compounding of a preparation, thereby becoming the active ingredient in that preparation and furnishing pharmacological activity or other direct effect in the diagnosis, cure, mitigation, treatment, or prevention of disease in humans and animals or affecting the structure and function of the body. Also referred to as *Bulk drug substance*. A conventionally manufactured drug product is not an API but is typically manufactured from an API(s).
Added substance: An ingredient that is necessary to compound a preparation but is not intended or expected to cause a pharmacologic response if administered alone in the amount or concentration contained in a single dose of the compounded preparation. The term is used synonymously with the terms *inactive ingredient, excipient, and pharmaceutical ingredient.*

Allergenic extract: A biological substance used for the diagnosis and/or treatment of allergic diseases such as allergic rhinitis, allergic sinusitis, allergic conjunctivitis, bee venom allergy, and food allergy.
Anteroom: An ISO Class 8 or cleaner room with fixed walls and doors where personnel hand hygiene, garbing procedures, and other activities that generate high particulate levels may be performed. The anteroom is the transition room between the unclassified area of the facility and the buffer room.
Aseptic processing: A method by which separate, sterile components (eg, drugs, containers, or closures) are brought together under conditions that maintain their sterility. The components can either be purchased as sterile or, when starting with nonsterile components, can be separately sterilized prior to combining (eg, by membrane filtration or by autoclave).
Aseptic technique: A set of methods used to keep objects and areas free of microorganisms and thereby minimize infection risk to the patient. It is accomplished through practices that maintain the microbe count at an irreducible minimum.

Oversight: The review, monitoring, and supervision of actions taken by personnel, bearing responsibility for those actions, and being available for consultation if and when needed, even if not physically present.
Pass-through chamber: An enclosure with sealed doors on both sides that should be interlocked. The pass-through chamber is positioned between two spaces for the purpose of minimizing particulate transfer while moving materials from one space to another.
Perimeter: A visible demarcation (such as a door, walls, or visible marking on the floor) that defines the SCA or AECA.
Pharmaceutical isolator: An enclosure that provides HEPA-filtered ISO Class 5 unidirectional air operated at a continuously higher pressure than its surrounding environment and is decontaminated using an automated system. It uses only decontaminated interfaces or rapid transfer ports for materials transfer. [Note—A CAI or CACI is not a pharmaceutical isolator.]

Detailed statement surrounding your having been disciplined by the Michigan Board of Pharmacy

After being investigated by the Board of Pharmacy, Detroit Police Department, Department of Health, USCIS (United States Immigration Services) then having the Macomb Police Department conduct a lie detector that I passed on two occasions everyone believed the facts of what happened and I had No wrong doing. Also, they spoke to all CVS employees and after viewing countless hours of all the video tapes of me working at the CVS stores they saw no wrong doing on my behalf or any theft of medications. The Board of Pharmacy had a sit-down meeting with me to go over what happened. After I explained my side and they saw my 100hr work weeks along with No material evidence other than my coerced confession they believed the allegations to be false. They dismissed the case but one of the board members felt that I should pay at least $500 for the investigation. So, I was fined $500, I could have fought the $500 fine but that means I would have had to go to trial which made no sense since my lawyer fees had already cost me over $60K to fight the criminal, immigration, and Board of Pharmacy cases.

Detailed statements surrounding the events that took place on August 29, 2006.

I was taken by CVS loss prevention and threatened that my H1B work visa would be revoked, and I would be fired if I did not sign a statement saying I had taken a list of medications they provided me. Over several hrs. of interrogation and refusing to sign anything and telling them I had never taken or stolen anything from CVS let alone any Rx medication, I was assured that I just needed to sign a list of medication taken and nothing would be reported to the Board of Pharmacy and my work visa would remain in place. The interrogation was over several hrs., and I gave in and signed the document. They then terminated my employment and reported these false accusations to the Michigan Board of Pharmacy and Detroit Police. In my own opinion I believe there was probably theft at this store that I was working as a floater at long before I had worked at the location in Detroit. I believe there was pressure on Loss Prevention to place blame on someone once they had discovered the theft to protect themselves for the significant loss. During this time in my life I was working over 100hrs per week for CVS as a floater due to Pharmacist shortages and being pressure that my work visa would be revoked if I did not work the hours as requested by my PDM. I was very young at the time and physically and mentally exhausted, I was an easy target, young and naïve and wanting to do whatever it took to get my Green Card sponsored by CVS.

Complaint No. 53-06-103199
CONSENT ORDER AND STIPULATION

CONSENT ORDER

An administrative complaint was filed with the Disciplinary Subcommittee of the Board of Pharmacy on April 5, 2007, charging Kenwaljit Singh Bains, R.Ph. (Respondent), with having violated sections 16221(a), (b)(i), (b)(vi), and (c)(iv) of the Public Health Code, 1978 PA 368, as amended, MCL 333.1101 *et seq.*

The parties have stipulated that the Disciplinary Subcommittee may enter this consent order. The Disciplinary Subcommittee has reviewed the stipulation contained in this document and agrees that the public interest is best served by resolution of the outstanding complaint. Therefore, the Disciplinary Subcommittee finds that the allegations of fact contained in Count I of the complaint are true and that Respondent has violated section 16221(a) of the Public Health Code.

Accordingly, for this violation, IT IS ORDERED:

Respondent is FINED $500.00 to be paid by check, money order or cashier's check made payable to the State of Michigan (with complaint number 53-06-103199 clearly indicated on the check or money order) within 120 days from the effective date of this order. The timely payment of the fine shall be Respondent's responsibility.

Counts II, III and IV, alleging a violation of sections 16221(b)(i), (b)(vi), and (c)(iv) of the Public Health Code, are DISMISSED.

This order shall be effective on the date signed by the Chairperson of the Disciplinary Subcommittee or the Disciplinary Subcommittee's authorized representative, as set forth below.

Signed on November 5, 2007.

MICHIGAN BOARD OF PHARMACY

By Melanie B Brum for
Chairperson, Disciplinary Subcommittee

STIPULATION

The parties stipulate as follows:

1. Respondent does not contest the allegations of fact and law contained in Count I of the complaint. Respondent understands that, by pleading no contest, he does not admit the truth of

the allegation but agrees that the Disciplinary Subcommittee may treat the allegation as true for resolution of the complaint and may enter an order treating the allegation as true.

2. Respondent understands and intends that, by signing this stipulation, he is waiving the right under the Public Health Code, rules promulgated under the Public Health Code, and the Administrative Procedures Act of 1969, 1969 PA 306, as amended, MCL 24.201 *et seq*, to require the Department to prove the charges set forth in the complaint by presentation of evidence and legal authority, and to present a defense to the charges before the Disciplinary Subcommittee or its authorized representative. Should the Disciplinary Subcommittee reject the proposed consent order, the parties reserve the right to proceed to hearing.

3. The Disciplinary Subcommittee may enter the above consent order, which Board conferee Laura Shaw, R. Ph. supports. Ms. Shaw, the Department's representative or the Assistant Attorney General from the Licensing and Regulation Division are free to discuss this matter with the Disciplinary Subcommittee in order to recommend acceptance of this resolution.

4. The Board Conferee and the parties considered the following factors in reaching this agreement:

A. Respondent has at all times vigorously denied he stole any drugs or anything else and, at all times, has insisted that the "confession" referenced in the complaint was coerced. He has agreed to enter into this consent order in order to finally resolve this matter.

B. But for this matter, Respondent otherwise has had an exemplary record as a pharmacist.

5. This consent order incorporates the conditions of a counteroffer made by the Disciplinary Subcommittee at its meeting held on October 10, 2007.

By signing this stipulation, the parties confirm that they have read, understand and agree with the terms of the consent order.

He also signed a promissory note for those medications, which had a total retail value of $10,250.00. Respondent was then terminated from his employment and the theft was reported to the Detroit (Michigan) Police Department.

8. On October 15, 2006, pursuant to section 20175(5)(a) of the Public Health Code, supra, the pharmacy notified Complainant of Respondent's termination.

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300 and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Paula Lynne Santos, RPh (Santos), Certificate of Registration No. 20578, and Respondent Nazokat Nigmatova, RPh (Nigmatova), Certificate of Registration No. 20601, were pharmacists registered with the Board, and Respondent Evergreen Pharmacy (Evergreen), Pharmacy License No. PH04174, was a pharmacy licensed by the Board.

FACTUAL ALLEGATIONS

2. Nigmatova was employed as managing pharmacist of Evergreen from January 12, 2022, to October 24, 2022, and Santos was employed as managing pharmacist of Evergreen from October 24, 2022, to August 25, 2023.

3. On January 5, 2023, a Board inspector conducting an annual inspection of Evergreen found multiple violations of law:

A. The biennial controlled substance inventory dated 12/31/21 contained white-out on both the CII and CIII-V sections, in violation of 21 CFR 1304.11.

B. There was no pharmacist signature on the CII invoices acknowledging receipt of the product, in violation of NRS 453.251, NAC 639.487 and NAC 639.523.

C. Santos was unable to electronically retrieve a record of on hand quantities for CII products; the manual CII log had not been updated since 6/2022; and the pharmacy had not performed back-counting on CII products, in violation of 21 CFR 1304.04, 21 CFR 1304.11, NRS 453.246 and NAC 639.485.

D. There was no manual sign-in log showing pharmacy personnel on duty nor an electronic log or records, in violation of NAC 639.245(1).

E. There was no change in managing pharmacist controlled substance inventory conducted on either January 12, 2022, or October 24, 2022, in violation of NAC 453.475.

F. In-service training records for pharmaceutical technician Valeria Tafoya, Certificate of Registration No. PT19598, were unavailable at the time of inspection, in violation of NAC 639.254(2).

G. The pharmaceutical technician in training logs for Karen Gonzalez, Certificate of Registration No. PT29263, and Arleth Valencia, Certificate of Registration No. PT28486, did not identify the year that training was done, only had the name of the technician on the first page, and had no signature or log by the pharmacist or technician, in violation of NAC 639.240(1) and NAC 639.247(1)(b).

H. During the inspection, 2 pharmacists and 7 technicians were observed working, in violation of the pharmacist/technician ration set forth in NAC 639.250(1).

I. Two refrigerators containing dispensed medications were outside the appropriate temperature range at the time of inspection: 49.3 and 48.2 degrees F; there was no temperature log to determine how long the refrigerators had been outside the temperature range; and the refrigerator storing inventory medications was reported to have an electronic temperature

monitoring system, yet staff were unable to provide an electronic history nor was there a manual log, constituting multiple violations of NAC 639.527.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **vs.** **EVERGREEN PHARMACY, INC.** **Pharmacy License No. PH04174,** **Respondent.**	**Case No. 23-007-PH-S** **ANSWER AND NOTICE OF DEFENSE**

Respondent above named, in answer to the Notice of Intended Action and Accusation filed in the above-entitled matter before the Nevada State Board of Pharmacy, declares:

1. That Evergreen Pharmacy, Inc. objects to the Notice of Intended Action and Accusation as being incomplete or failing to state clearly the charges, on the following grounds:

The allegations are not properly substantiated with reference materials and/or exhibits. The Notice of Intended Action and Accusation (the "NIAA") makes reference to various documents, including but not limited to:

A) Annual Inspection Report dated January 5, 2023;

B) Biennial Controlled Substance Inventory dated December 12, 2021; and

C) Manual CII Log dated June 2022;

but fails to provide copies of said documents as reference for verification.

Given the lack of reference provided in the NIAA, Evergreen Pharmacy, in preparation for the scheduled hearing on this matter, requests that all documents referenced in this NIAA, along with all previous communication from Evergreen sent to the Board of Pharmacy in response to said documents be sent to Evergreen at the following address:

c/o Paradise Law LLC; PO Box 96537, Las Vegas, NV 89193; EPI@paradiselaw.com

2. That, in answer to the Notice of Intended Action and Accusation, Evergreen Pharmacy, Inc. admits, denies, and alleges as follows:

A. Pamela Kalyan was employed as managing pharmacist of Evergreen from opening day until January 12, 2022 but remained employed as a pharmacist at Evergreen until she terminated her position at the close of business on Friday, December 30, 2022.

B. Nazokat Nigmatova was employed as managing pharmacist of Evergreen from January 12, 2022 to October 24, 2022 but, due to personal reasons, moved to New York in May of 2022. Between May – October 2022, Ms. Nigmatova traveled intermittently to Nevada to work with Ms. Kalyan performing her inventory and reporting duties as managing pharmacist while Evergreen sought out an alternate managing pharmacist.

C. Paula Santos was employed as managing pharmacist of Evergreen from on or about October 24, 2022 until around August 2023. During the first couple months of her employment as managing pharmacist, Ms. Santos also worked with Ms. Kalyan to learn and perform her inventory and reporting duties.

D. On or about January 3, 2023 (not January 5 as noted in the NIAA), the next business day after pharmacist Ms. Kalyan departed the company,[1] a Board inspector conducted an annual inspection of Evergreen. Following this inspection, a telephone call between the Board inspector and Mr. Molokhia (the President of Evergreen Pharmacy, Inc.), and subsequent inspection report, Evergreen submitted a response to the Board of Pharmacy (the "Response") that provided resolution to all matters that were raised during this inspection.

E. Biennial reports were performed by Ms. Kalyan, Ms. Nigmatova, and Ms. Santos, during their employment, as required. A biennial controlled substance inventory was performed annually,

[1] Ms. Kalyan terminated her position at the close of business on Friday, December 30, 2022; Evergreen Pharmacy was closed over the New Year weekend, and reopened on Tuesday, January 3, 2023. The Board inspector arrived at Evergreen at about 10am that day... the next business day after Ms. Kalyan's departure.

at the transition date from one managing pharmacist to the next, and there was an additional inventory taken in June 2022 by Ms. Nigmatova. During the inspection, however, due to Ms. Kalyan's recent and unexpected departure, some of these documents were not readily found. At the time of the inspection, Ms. Santos was in the process of finding and organizing the files and reports that Ms. Kalyan was previously responsible for maintaining. It is my understanding and belief that this information was later provided in the Response.

F. All CII products were recorded electronically. If, during the inspection, Ms. Santos was unable to access the electronic records, it is my understanding and belief that this information was later provided in the Response.

G. As noted in (E) above, at the time of the referenced inspection, due to Ms. Kalyan's recent and unexpected departure, Ms. Santos was in the process of finding and organizing the files and reports that Ms. Kalyan was previously responsible for maintaining. If the sign-in log information was not accessible at the time of the inspection, it is my understanding and belief that this information was later provided in the Response.

H. Valeria Tafoya was already licensed by the Board of Pharmacy as pharmaceutical technician—with no training requirement.

I. In regard to Karen Gonzalez and Arleth Valencia, adequate training logs were maintained in accordance with NAC 639.247(1)(b)("*Maintain a written record that includes: (1) Documentation of the completion of the orientation and training required for each pharmaceutical technician that demonstrates the competency of the pharmaceutical technician to perform the tasks assigned to him or her. (2) Evidence that each pharmaceutical technician has read and is familiar with the written policies of the pharmacy and state and federal laws relating to the practice of pharmacy.*"). The deficiencies alleged in the NIAA are not specific requirements under NAC 639.247(1)(b).

J. As noted in (A) above, Ms. Kalyan terminated her position the previous business day prior to the referenced inspection. On the morning of January 3, 2023, Ms. Kalyan was scheduled to work. Had she not terminated her position, there would have been a 3:7 ratio of pharmacists to technicians—well above the requirements; and 4:7 ratio by the afternoon when the next pharmacist was scheduled. Due to Ms. Kalyan's absence, however, the next scheduled pharmacist was asked to come to work earlier than planned, and even arrived prior to the completion of the inspection. In fact, upon arrival, the third pharmacist met with and spoke to the Board inspector.

K. Pursuant to NAC 639.527(3)(c), all medications that were expired due to the refrigeration failure were properly disposed and recorded. It is my understanding and belief that this information was provided to the Board of Pharmacy in the Response.

3. Respondent concludes that:

In regard to COUNT ONE, Ms. Nigmatova and Ms. Santos neither violated, attempted to violate, assisted, or abetted in the violation of nor conspired to violate 21 CFR 1304.04; 1304.11. All inventory reporting requirements, during the times of their employment, were completed more often than that required. Due to Ms. Kalyan's sudden and unexpected departure from Evergreen, these documents were not readily accessible at the time of the noted inspection but were provided to the BOP in Evergreen's subsequent Response. Furthermore, Ms. Nigmatova was not responsible for any pharmacy activity or record keeping after her October 2022 termination. As such, this COUNT should not reflect negatively on either Ms. Nigmatova or Ms. Santos.

In regard to COUNT TWO, Ms. Nigmatova and Ms. Santos neither violated, attempted to violate, assisted, or abetted in the violation of nor conspired to violate **NRS 453.235**[2]; 251; **475**[3];

[2] Ms. Nigmatova and Ms. Santos did not violate NRS 453.235 specifically, as it does not appear to exist.
[3] Ms. Nigmatova and Ms. Santos did not violate NRS 453.475 specifically, as it does not appear to exist.

NAC 639.240(1); 245(1); 247(1)(b); 250(1); 254(2); 485; 487; 523; and/or 527. All actions performed during their employment were conducted in compliance with all regulations and codes. Furthermore, Ms. Nigmatova was not responsible for any pharmacy activity or record keeping after her October 2022 termination. As such, this COUNT should be dismissed.

In regard to COUNT THREE, Ms. Nigmatova and Ms. Santos have performed all of their duties as managing pharmacists in a competent, skillful, and professional manner. If any associate of Evergreen failed to perform in this manner, this would not be tolerated and the associate would have immediately been terminated. Furthermore, Ms. Nigmatova was not responsible for any pharmacy activity or record keeping after her October 2022 termination. As such, this COUNT should be dismissed.

I hereby declare, under penalty of perjury, that the foregoing Answer and Notice of Defense, and all facts therein stated, are true and correct to the best of my knowledge.

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300 and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Paula Lynne Santos, RPh (Santos), Certificate of Registration No. 20578, and Respondent Nazokat Nigmatova, RPh (Nigmatova), Certificate of Registration No. 20601, were pharmacists registered with the Board, and Respondent Evergreen Pharmacy (Evergreen), Pharmacy License No. PH04174, was a pharmacy licensed by the Board.

FACTUAL ALLEGATIONS

2. Nigmatova was employed as managing pharmacist of Evergreen from January 12, 2022, to October 24, 2022, and Santos was employed as managing pharmacist of Evergreen from October 24, 2022, to August 25, 2023.

3. On January 5, 2023, a Board inspector conducting an annual inspection of Evergreen found multiple violations of law:

A. The biennial controlled substance inventory dated 12/31/21 contained white-out on both the CII and CIII-V sections, in violation of 21 CFR 1304.11.

B. There was no pharmacist signature on the CII invoices acknowledging receipt of the product, in violation of NRS 453.251, NAC 639.487 and NAC 639.523.

C. Santos was unable to electronically retrieve a record of on hand quantities for CII products; the manual CII log had not been updated since 6/2022; and the pharmacy had not performed back-counting on CII products, in violation of 21 CFR 1304.04, 21 CFR 1304.11, NRS 453.246 and NAC 639.485.

D. There was no manual sign-in log showing pharmacy personnel on duty nor an electronic log or records, in violation of NAC 639.245(1).

E. There was no change in managing pharmacist controlled substance inventory conducted on either January 12, 2022, or October 24, 2022, in violation of NAC 453.475.

F. In-service training records for pharmaceutical technician Valeria Tafoya, Certificate of Registration No. PT19598, were unavailable at the time of inspection, in violation of NAC 639.254(2).

G. The pharmaceutical technician in training logs for Karen Gonzalez, Certificate of Registration No. PT29263, and Arleth Valencia, Certificate of Registration No. PT28486, did not identify the year that training was done, only had the name of the technician on the first page, and had no signature or log by the pharmacist or technician, in violation of NAC 639.240(1) and NAC 639.247(1)(b).

H. During the inspection, 2 pharmacists and 7 technicians were observed working, in violation of the pharmacist/technician ration set forth in NAC 639.250(1).

I. Two refrigerators containing dispensed medications were outside the appropriate temperature range at the time of inspection: 49.3 and 48.2 degrees F; there was no temperature log to determine how long the refrigerators had been outside the temperature range; and the refrigerator storing inventory medications was reported to have an electronic temperature

monitoring system, yet staff were unable to provide an electronic history nor was there a manual log, constituting multiple violations of NAC 639.527.

NEVADA STATE BOARD OF PHARMACY, Petitioner, vs. PAULA LYNNE SANTOS, RPH Certificate of Registration No. 20578, Respondent.	Case No. 23-007-RPH-A-S ANSWER AND NOTICE OF DEFENSE

Respondent above named, in answer to the Notice of Intended Action and Accusation filed in the above-entitled matter before the Nevada State Board of Pharmacy, declares:

1. **That her objection to the Notice of Intended Action and Accusation as being incomplete or failing to state clearly the charges against her, is hereby interposed on the following grounds:**

The allegations are vague and overbroad. There are three (3) Respondents and approximately ten (10) allegations listed on the Notice of Intended Action and Accusation (the "Notice"). The Notice, however, does not specify which allegations apply to which Respondent. The Notice does not clearly state which allegations pertain to me and, subsequently, without clear understanding of the allegations, the listed violations ("counts") do not clearly demonstrate how any of these apply to me. Regardless, I am providing answers below, to the best of my knowledge, as to those allegations that might pertain to my employment Evergreen Pharmacy.

2. That, in answer to the Notice of Intended Action and Accusation, she admits, denies, and alleges as follows:

A. I respectfully submit this Answer and Notice of Defense within 20 days or receipt of the Notice of Intended Action and Accusation (the "Notice"). I personally received the Notice on or around May 16, 2025.

B. I was employed as the managing pharmacist of Evergreen from October 24, 2022. During the first couple of months of my employment as managing pharmacist, I worked with Pamela Kalyan (one of the previous managing pharmacists who was, at that time, still employed at Evergreen) to learn and perform my inventory and reporting duties… until Pamela's sudden and unexpected termination on the last business day of 2022.

C. During my first couple of months as managing pharmacist, Pamela was showing/training me on every step of the reporting process. Only one or two business days after Pamela left the company, a Board inspector conducted an annual inspection. Following this inspection, discussion with the inspector, and subsequent inspection report, I reviewed all of the inspector's comments and suggestions and, within another day or two, submitted a response to the Board resolving all of the issues raised in the inspection.

D. On the day of the inspection, I could not access some of the electronic records but, while working with the inspector, didn't have time to contact the software support desk for help. Following the inspection, however, I compiled these records along with a full CII report—all the way back to the initial opening of the pharmacy—confirming complete inventory accuracy. This information was submitted to the Board in response to the inspection.

E. Although I don't specifically recall, I might not have been able to access some electronic personnel records as requested by the inspector. Following the inspection, however, all of this information would have been submitted to the Board within our response.

F. A biennial inventory was performed when I began as managing pharmacist. Since this was almost three years ago, I do not remember if the inventory information was provided to the inspector and I do not have a copy of this inventory. ALL inventory accuracy, however, was verified and provided to the Board within our inspection response. Specifically, I know that I went out of my way to make a FULL AUDIT of the controls to submit to the Board in our reply.

G. As the inspection occurred so long ago, I don't recall the training requirements or schedule of the pharmacists listed in the Notice but, if any records were required to be maintained as advised by the inspector, I began maintaining those records.

H. During the inspection, we were short one pharmacist because Pamela was scheduled to work that day. I recall that there were some technicians working only as clerks—so, the inspectors ratio calculations were a bit skewed. I also called in an additional pharmacist to come to work early to make up for this offset. This issue was quickly resolved that same day because the additional pharmacist arrived during the inspection, and the additional pharmacist even spoke with the inspector prior to the completion of his report.

I. On the day of the inspection, I remember that there was a fault with the refrigeration. The affected medications, however, were properly disposed of and recorded in compliance with regulations. This information was also included in our post-inspection response.

3. Respondent concludes that:

In summary, most of the pharmacy records were sorted and filed by Pamela Kalyan, a previous managing pharmacist. Since Pamela terminated her employment at Evergreen—within only one or two business days before the inspection, I was not readily able to find some documents that were requested by the inspector. Following the inspection, however, all this information was provided to the Board in response.

These allegations also occurred almost three years ago. Following my departure from Evergreen Pharmacy in 2023, I have had no control over the pharmacy's record keeping.

As such, in regard to COUNT ONE, I have neither violated, attempted to violate, assisted, or abetted in the violation of nor conspired to violate 21 CFR 1304.04; 1304.11 and, therefore, I must NOT be "subject to discipline pursuant to NRS 639.210(11), (12) and (15), NRS 639.220(1) and/or NAC 639.702."

In regard to COUNT TWO, I have neither violated, attempted to violate, assisted, or abetted in the violation of nor conspired to violate NRS 453.235; 251; 475; NAC 639.240(1); 245(1); 247(1)(b); 250(1); 254(2); 485; 487; 523; and/or 527 and, therefore, I must NOT be "subject to discipline pursuant to NRS 639.210(12); (15), NRS 639.220(1) and/or NAC 639.702."

In regard to COUNT THREE, the violations alleged in the Notice of Intended Action and Accusation demonstrate no justification to allege that I am "incompetent, unskillful or negligent" or "engaged in unprofessional conduct" during my employment as managing pharmacist of Evergreen. Therefore, I must NOT be "subject to discipline pursuant to NRS 639.210(4)."

Any attempt to penalize me based on these allegations must be denied and/or rejected.

I hereby declare, under penalty of perjury, that the foregoing Answer and Notice of Defense, and all facts therein stated, are true and correct to the best of my knowledge.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter because at the time of the events alleged herein, Respondent Paula Lynne Santos, RPh (Santos), Certificate of Registration No. 20578, and Respondent Nazokat Nigmatova, RPh (Nigmatova), Certificate of Registration No. 20601, were pharmacists registered with the Board, and Respondent Evergreen Pharmacy (Evergreen), Pharmacy License No. PH04174, was a pharmacy licensed by the Board.

FACTUAL ALLEGATIONS

2. Nigmatova was employed as managing pharmacist of Evergreen from January 12, 2022, to October 24, 2022, and Santos was employed as managing pharmacist of Evergreen from October 24, 2022, to August 25, 2023.

3. On January 5, 2023, a Board inspector conducting an annual inspection of Evergreen found multiple violations of law:

A. The biennial controlled substance inventory dated 12/31/21 contained white-out on both the CII and CIII-V sections, in violation of 21 CFR 1304.11.

B. There was no pharmacist signature on the CII invoices acknowledging receipt of the product, in violation of NRS 453.251, NAC 639.487 and NAC 639.523.

C. Santos was unable to electronically retrieve a record of on hand quantities for CII products; the manual CII log had not been updated since 6/2022; and the pharmacy had not performed back-counting on CII products, in violation of 21 CFR 1304.04, 21 CFR 1304.11, NRS 453.246 and NAC 639.485.

D. There was no manual sign-in log showing pharmacy personnel on duty nor an electronic log or records, in violation of NAC 639.245(1).

E. There was no change in managing pharmacist controlled substance inventory conducted on either January 12, 2022, or October 24, 2022, in violation of NAC 453.475.

F. In-service training records for pharmaceutical technician Valeria Tafoya, Certificate of Registration No. PT19598, were unavailable at the time of inspection, in violation of NAC 639.254(2).

G. The pharmaceutical technician in training logs for Karen Gonzalez, Certificate of Registration No. PT29263, and Arleth Valencia, Certificate of Registration No. PT28486, did not identify the year that training was done, only had the name of the technician on the first page, and had no signature or log by the pharmacist or technician, in violation of NAC 639.240(1) and NAC 639.247(1)(b).

H. During the inspection, 2 pharmacists and 7 technicians were observed working, in violation of the pharmacist/technician ration set forth in NAC 639.250(1).

I. Two refrigerators containing dispensed medications were outside the appropriate temperature range at the time of inspection: 49.3 and 48.2 degrees F; there was no temperature log to determine how long the refrigerators had been outside the temperature range; and the refrigerator storing inventory medications was reported to have an electronic temperature

monitoring system, yet staff were unable to provide an electronic history nor was there a manual log, constituting multiple violations of NAC 639.527.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **vs.** **NAZOKAT NIGMATOVA, RPH** **Certificate of Registration No. 20601,** **Respondent.**	**Case No. 23-007-RPH-B-S** **ANSWER AND NOTICE OF DEFENSE**

Respondent above named, in answer to the Notice of Intended Action and Accusation filed in the above-entitled matter before the Nevada State Board of Pharmacy, declares:

1. **That her objection to the Notice of Intended Action and Accusation as being incomplete or failing to state clearly the charges against her, is hereby interposed on the following grounds:**

The allegations are vague and overbroad. There are three (3) Respondents and approximately ten (10) allegations listed on the Notice of Intended Action and Accusation (the "NIAA"). The NIAA, however, does not specify which allegations apply to which Respondent. The NIAA does not clearly state which allegations pertain to me and, subsequently, without clear understanding of the allegations, the listed violations ("counts") do not clearly demonstrate why any of these apply to me.

The allegations listed in the NIAA appear to be the result of an annual inspection of Evergreen Pharmacy that was conducted on January 5, 2023, well beyond the time of my employment with Evergreen Pharmacy, and well beyond the time of my responsibility and control of the ongoing operations of Evergreen Pharmacy. As such, any attempt to penalize me based on these allegations must be denied and/or rejected.

2. **That, in answer to the Notice of Intended Action and Accusation, she admits, denies, and alleges as follows:**

A. I was employed as the PIC of Evergreen from January 12, 2022 until October 24, 2022. Prior to my employment, Evergreen's PCI was Pamela Kalyan. Following my employment, Pamela still remained as a pharmacist at Evergreen. In May 2022, however, due to significant personal matters, I moved to New York to live with my Mother. Between May and October 2022, I traveled back and forth to Evergreen to perform my responsibilities while they sought out a new PIC. All the while, Pamela helped to maintain all required records and documentation. As of October 24, 2022, my responsibilities as PIC of Evergreen Pharmacy had ended.

B. On January 5, 2023, I was neither employed by Evergreen Pharmacy, nor was I present at the annual inspection described in the Notice of Intended Action and Accusation.

C. I performed a biennial controlled substance inventory when I first began as PIC, in June 2022, and again in October 2022 upon my termination as PIC. After October 2022, I had no control over the maintenance and record keeping of these inventories. I also have no knowledge of how or when "white-out" appeared in any of the sections.

D. I maintained a manual CII log and electronic CII records during my employment as PIC of Evergreen. Following my termination, I have no knowledge of how or where these records were kept and/or maintained.

E. While employed as PIC, I maintained a log of pharmacy personnel on duty. Following my termination, I have no knowledge of how or where these records were kept and/or maintained.

F. As noted in (C) above, I performed a biennial controlled substance inventory when I first began as PIC, in June 2022, and again in October 2022 upon my termination as PIC. Following my termination, I have no knowledge of how or where these records were kept and/or maintained.

G. Following my October 2022 termination from Evergreen Pharmacy, I have no knowledge of how or where training records were kept and/or maintained.

H. As noted in (B) above, on January 5, 2023, I was neither employed by Evergreen Pharmacy, nor was I present at the annual inspection described in the Notice of Intended Action and Accusation. As such, I can neither admit nor deny as to the number of pharmacists to technicians working that day.

I. I monitored and maintained proper refrigeration temperatures while employed as PIC. As noted in (B) and (H) above, on January 5, 2023, I was neither employed by Evergreen Pharmacy, nor was I present at the annual inspection described in the Notice of Intended Action and Accusation. As such, I can neither admit nor deny as to the temperature and/or log of the medication refrigerators at Evergreen Pharmacy, and I have no knowledge of how or where these records were kept and/or maintained.

3. Respondent concludes that:

In regard to COUNT ONE, I have neither violated, attempted to violate, assisted, or abetted in the violation of nor conspired to violate 21 CFR 1304.04; 1304.11. The violations alleged in the Notice of Intended Action and Accusation are in January 2023—NOT while I was "a managing pharmacist of Evergreen" and, therefore, I must NOT be "subject to discipline pursuant to NRS 639.210(11), (12) and (15), NRS 639.220(1) and/or NAC 639.702."

In regard to COUNT TWO, I have neither violated, attempted to violate, assisted, or abetted in the violation of nor conspired to violate NRS 453.235; 251; 475; NAC 639.240(1); 245(1); 247(1)(b); 250(1); 254(2); 485; 487; 523; and/or 527. The violations alleged in the Notice of Intended Action and Accusation are in January 2023—NOT while I was "a managing

pharmacist of Evergreen" and, therefore, I must NOT be "subject to discipline pursuant to NRS 639.210(12) and (15), NRS 639.220(1) and/or NAC 639.702."

In regard to COUNT THREE, the violations alleged in the Notice of Intended Action and Accusation are in January 2023—NOT while I was performing my "duties as managing pharmacist[]" and, therefore, no justification to allege that I am "incompetent, unskillful or negligent" or "engaged in unprofessional conduct" during my employment as PIC of Evergreen. Therefore, I must NOT be "subject to discipline pursuant to NRS 639.210(4)."

Following my termination from Evergreen Pharmacy, my move to New York, and my subsequent return to Nevada, I have requested, been responsible for, and passed several pharmacy inspections without any noted violations of law. There is absolutely no evidence that any of these allegations pertain to me, or that they existed during my employment at Evergreen Pharmacy. As such, any attempt to penalize me based on these allegations must be denied and/or rejected.

I hereby declare, under penalty of perjury, that the foregoing Answer and Notice of Defense, and all facts therein stated, are true and correct to the best of my knowledge.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and these Respondents because at the time of the events alleged herein, Respondent Kerry Otero, RPh (Otero), Certificate of Registration No. 20516, and Respondent Kimberly Lai, RPh (Lai), Certificate of Registration No. 23211, were pharmacists registered with the Board, and Respondent Walgreens Pharmacy #3844, Pharmacy License No. PH01123, was a pharmacy licensed by the Board.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and these Respondents because at the time of the events alleged herein, Respondent Kerry Otero, RPh (Otero), Certificate of Registration No. 20516, and Respondent Kimberly Lai, RPh (Lai), Certificate of Registration No. 23211, were pharmacists registered with the Board, and Respondent Walgreens Pharmacy #3844, Pharmacy License No. PH01123, was a pharmacy licensed by the Board.

B. Pursuant to NRS 622.400, Respondent Walgreens Pharmacy #07841 shall pay One Thousand Dollars ($1,000.00) to partially reimburse the Board for recoverable attorney's fees and investigative costs.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and this Respondent because, at the time of the events alleged herein, Respondent Kristin A. Hestdalen, MD, held a Nevada controlled substance registration, Certificate of Registration No. CS38528, issued by the Board.

4. On or about September 5, 2024, Respondent appeared before the Board and her application for a controlled substance registration was conditionally approved under the terms previously ordered by the NBME.

5. On or about January 14, 2025, the NSBME entered an order in Case No. 25-25351-1, and summarily suspended Respondent's License No. 10215 to practice medicine for cause after Dr. Czerniski terminated his preceptorship on January 6 and reported his concerns about Respondent as she arrived at Lakes Crossing in an "altered" status, was disorganized and smelled of alcohol.

6. On or about January 21, 2025, Board staff served Respondent with notice that the suspension of her NSBME License No. 10215 to practice medicine operated as an immediate suspension of her Certificate of Registration No. CS38528 with the Board pursuant to NRS 639.2107.

Pursuant to NRS 622.400, Respondent shall pay One Thousand Dollars ($1,000.00) to partially reimburse the Board for reasonable attorney's fees and recoverable costs incurred in investigating and prosecuting this matter, by personal, business, certified or cashier's check or money order made payable to the "Nevada State Board of Pharmacy" to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, due and payable by April 1, 2026.

9. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by Respondent, the Board may impose additional discipline consistent with the provisions of NRS Chapter 639.

10. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on October 15, 2025. Respondent will appear in person or through counsel at the meeting to answer questions from the

The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

13. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release one another from any and all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

RE: Response to Notice of Intended Action and Accusation - Case No. 25-076-PH-S
Smith's Pharmacy #315 (License No. PH03897)

Dear Mr. Kandt:

This firm represents Smith's Pharmacy #315 (License No. PH03897) ("the Pharmacy"), located at 8525 W Warm Springs Road, in Las Vegas, Nevada. On or about June 12, 2025, the Pharmacy received the Nevada Board of Pharmacy's (the "Board") Notice of Intended Action and Accusation (the "Accusation") in Case No. 25-076-PH-S. Please accept this letter as the Pharmacy's Answer and Notice of Defense and request to negotiate a stipulated settlement agreement. As described below, the facts giving rise to the Accusation are the unfortunate result of now-terminated pharmacy personnels' departure from clear policies and procedures set forth by the Pharmacy. We respectfully ask that the Board consider the Pharmacy's prompt investigation and corrective action as the parties move forward with settlement discussions.

The Factual Allegations

The Pharmacy does not dispute the factual allegations in the Accusation. This matter results from the diversion of controlled substances by Pharmacy Technician Alyssa Garcia ("Garcia") that was reported by the Pharmacy in February 2025 through submission of a DEA Form 106. As the Accusation notes, the Pharmacy promptly terminated Garcia upon discovery of the diversion and investigated Pharmacist-in-Charge Octavia Brooks ("PIC Brooks") for failure to adhere to the Pharmacy's policies and procedures. The Accusation lists five counts against Garcia for her diversion of Alprazolam and Tramadol tablets, one count against PIC Brooks for failure to comply with policies and procedures to safeguard against theft or misuse of controlled substances, and one count against the Pharmacy for the errors and omissions of Garcia and PIC Brooks as employees of the Pharmacy.

Corrective Actions Taken

As Garcia's and PIC Brooks' employer, the Pharmacy recognizes that it is responsible for any violation caused employee conduct. Notably, however, none of the counts relate specifically to the acts or omissions of the Pharmacy itself. Instead, as the factual allegations highlight, the Pharmacy fulfilled its duties to promptly investigate upon notification of a suspicious order and discipline its employees upon confirmation of diversion.

Specifically, on or about January 22, 2025, Mr. Paul Howse, the Pharmacy Practice Coordinator ("PPC"), was contacted by a supplier regarding a suspicious order placed by the Pharmacy for Alprazolam 1 mg. Upon notification, the PPC immediately opened an investigation into the Pharmacy's controlled substance inventory and submitted a covert count on January 22, 2025, the very same day he was notified of the suspicious order. The investigation revealed that between May 1, 2023, and January 22, 2025, 9,515 alprazolam 1 mg, 19,908 alprazolam 2 mg, and 1,018 tramadol 50 mg tablets were unaccounted for.

On January 27, 2025, just three business days after the suspicious order notification, the Pharmacy interviewed pharmacy associates, including Garcia and PIC Brooks. While Garcia did not admit to theft or diversion of the controlled substances, the Pharmacy confirmed that she was likely responsible after reviewing surveillance footage and determining that changes to the Balance on Hand ("BOH") count occurred while she was present in the Pharmacy. Garcia's actions were confirmed after an audit of the BOH changes revealed that Garcia had made multiple count changes between May 1, 2024 and January 22, 2025. During her interview, PIC Brooks admitted to not following the Pharmacy's policies for secure storage and monitoring of controlled substances as alleged in Count Six. While PIC Brooks' became aware of BOH changes during her weekly reviews, she failed to investigate these discrepancies beyond accepting Garcia's statement, without further inquiry, that a glitch in the pharmacy system required Garcia to manually adjust the BOH count. *See* Attachment 1. PIC Brooks' also failed to notify the PPC of unreconciled discrepancies as required by pharmacy policy which further prevented the Pharmacy's discovery of Garcia's diversion. *Id.* Both Garcia and PIC Brooks were suspended pending further investigation on January 27, 2025, the same day that interviews were completed.

Smith's Pharmacy's policies require pharmacy personnel to comply with all applicable federal and state laws, including the federal Controlled Substances Act and similar state laws, regulating the storage, distribution, possession and use of controlled substances. Relevant to this incident, the Pharmacy's Controlled Substance Policy and Procedures clearly establish the process for maintaining the security and distribution of controlled substances through the use of Balance on Hand change reviews by the PIC (SOP 501.4.4), the requirement for two associate check-in upon delivery of controlled substances (SOP 501.5), inventory discrepancy investigations (SOP 501.21), personal item storage near the pharmacy entrance (SOP 501.19.5), and the requirements to dispense a controlled substance only through a valid prescription from

a licensed practitioner. *See* Attachment 2. Further, all pharmacy associates are required to complete annual controlled substance training courses.

After the investigation concluded, the Pharmacy took prompt corrective action by terminating the individuals involved, retraining all pharmacy personnel on controlled substance policies and procedures, and implementing a Corrective Action/Preventive Action ("CAPA") on March 31, 2025. Garcia and PIC Brooks were terminated on February 4, 2025 and February 11, 2025, respectively, and a temporary PIC was appointed on February 12, 2025. The new PIC, Kevin So, was appointed on March 31, 2025. All pharmacy personnel, including the temporary PIC, were retrained immediately on policies related to the two-associate check in procedure for controlled substances, personal item storage, controlled substance inventory discrepancy and loss. Further, PIC So has continued to implement the corrective actions contained in the CAPA.

Offer to Settle

As demonstrated above, the Pharmacy takes compliance with state and federal controlled substance laws seriously. Robust policies and procedures are in place to guard against thefts and diversions and pharmacy personnel are continuously retrained on such procedures. However, even robust policies and procedures are only effective if employees choose to comply. Absent Garcia's illegal actions and PIC Brooks' noncompliance with established policies and procedures, the underlying diversion would not have occurred. Nonetheless, the Pharmacy understands the actions of its employees have a direct impact on its responsibilities and obligations as a licensed pharmacy. To that end, the Pharmacy has taken numerous steps to prevent similar incidents from reoccurring, including terminating the employees involved.

The Pharmacy respectfully requests that the Board consider the swift corrective action taken by the Pharmacy as the parties move forward with settlement negotiations.

Should you have any questions or matters that you wish to discuss regarding this offer, please do not hesitate to contact me at Nicholas.Meza@quarles.com or (602) 229-5439.

Very truly yours,

Nicholas H. Meza

Response provided via email to dmcclish@pharmacy.nv.gov on March 24, 2025

RE: Case #25-076

The following statement is being provided pursuant to a written request made by Dena McClish, dated March 10, 2025 and received by Paul Howse via email on March 10, 2025

Statement regarding Requests #1 & #4:

On 01/22/2025 our supplier's (Smith's Food and Drug Centers, Inc. dba Peyton's Phoenix) controlled substance order monitoring associate notified me about a suspicious order placed for alprazolam 1 mg at Smith's #315 based on their monthly tablet fill count versus how much had been ordered recently. Due to this finding, that controlled substance order was cancelled. Upon receiving this information, I went at end of day on 01/22/2025 to complete a covert count and open a review of the pharmacy's alprazolam 1 mg inventory. After the audit was completed on 01/24/2025, it was determined that Smiths #315 had 7,909 alprazolam 1 mg unaccounted for. Upon further review, it was determined that other controlled substances order receipt quantities appeared to have been altered including alprazolam 2 mg and tramadol 50 mg. In addition, I reviewed balance on hand changes between 05/01/2024-01/22/2025 and noticed technician Alyssa Garcia had made multiple count changes, which included, at times, receiving order quantities into the pharmacy system's inventory with lower quantities than what was shipped for alprazolam 1mg, alprazolam 2mg and tramadol 50mg. Further, I reviewed past Cardinal orders for alprazolam 1mg and found that multiple paper invoices were missing from the appropriate file in the pharmacy's controlled substance record's cabinet, despite verification that the orders were shipped in Cardinal's online portal.

On 01/25/2025, I submitted covert physical counts for alprazolam 1 mg, alprazolam 2 mg and tramadol 50 mg taken at the beginning of day on 01/25/2025, along with the annual controlled substance inventories conducted on 4/30/2023, and 5/1/2024 to the Corporate Pharmacy Asset Protection team. An audit using these counts revealed the following discrepancies between 04/30/2023-01/22/2025:

- -9,515 alprazolam 1 mg tablets
- -19,908 alprazolam 2 mg tablets
- -1,018 tramadol 50 mg tablets

During Asset Protection's initial surveillance review done 01/25/2025-01/26/2025 they were unable to affirmatively view any pharmacy staff remove drugs from the pharmacy but observed some behaviors not consistent with policy and procedures from Alyssa Garcia. This included not using the coat closet for personal items such as backpacks, carrying baskets with drug stock bottles to the side storage room, and consuming food/drink without purchase.

Based on the above findings, it was determined that we needed to interview and suspend Alyssa Garcia and pharmacy manager Octavia Brooks. On Monday, 01/27/2025 asset protection manager, Ron Simmons, and I interviewed both Alyssa Garcia and Octavia Brooks regarding the discrepancies (statements provided to the board). During the interview, neither associate admitted to removing the medications from the pharmacy. Both associates were suspended that day pending further investigation. On 02/04/2025 we terminated Alyssa Garcia for consumption of food items without purchase as seen on surveillance video and we terminated Octavia Brooks on 02/11/2025 for consumption of food items before purchase. During this time, we continued to review surveillance footage and discovered additional behaviors not consistent with policy and procedures.

During review of camera footage from 12/23/2024, I witnessed Alyssa Garcia pull two 500-count size bottles from a full Cardinal Health tote at the product dispensing station and put them in a drawer under the counter. She then placed the bottles back into the tote shortly thereafter and proceeded to put the order, including these bottles, away on the drug shelves. Then at approximately 10 am when pharmacy manager Octavia Brooks was in the counsel/vaccine room getting a vaccine ready, Alyssa Garcia checked to make sure Octavia was busy in the room and walked directly to the drug bay grabbing those two 500-count size bottles. She proceeded to walk the bottles to the side storage room in the pharmacy, which is out of camera view, and returned 10 seconds later with no bottles in her hands. When she left at 1 pm that day she grabbed her backpack from the side storage room. One 500 count bottle of alprazolam 1 mg and alprazolam 2 mg was shipped as verified by Cardinal's online portal, but the invoices were missing in the pharmacy's controlled substance records cabinet.

During review of camera footage from 01/02/2025, I observed behaviors from Alyssa Garcia not consistent with policy and procedure while receiving a Cardinal drug order. At 9:56 am Alyssa Garcia tossed an invoice from Cardinal Health in the thrash while receiving the order. At 9:57 am she placed a 500-count size bottle in an empty Cardinal tote and placed that tote on the bottom, stacking 3 empty totes on top of that tote. I was unable to see the drug label since it was placed face down in the tote. At 10:01 am she removed that bottle from the bottom tote and buried it under all the other drug products she had placed in a single Cardinal tote. She then proceeded to move that tote to the product dispensing counter at 10:07 am and immediately put the 500-count bottle on the drug shelf while leaving everything else in the tote on the counter for the next hour. I verified via Cardinal Health website Alprazolam 2 mg was ordered and delivered 01/02/2025, but there was no invoice filed in the pharmacy's controlled substance records cabinet.

Statement regarding Request #2:

We have policies and procedures in place to prevent and detect diversion as it pertains to inventory adjustments and discrepancies, order receiving and physical security. Relevant policies in matter include the following:

1) The Pharmacy Manager runs and reviews the balance on hand (BOH) manual changes report once a week to review for excessive, suspicious or unexplainable manual changes to balance on hands for controlled substances. The pharmacy manager initials and dates the report indicating they have reviewed the report. Excessive, suspicious, or questionable changes should be researched by the Pharmacy Manager and brought to the attention of the store's Pharmacy Coordinator. The BOH report is kept on file for the prior twelve weeks.
    a) Pharmacy Manager Octavia Brooks failed to maintain her BOH reports in a proper manner. When she did review and sign the BOH changes she either didn't question the BOH changes to do additional research or as she stated when I interviewed her, she trusted technician Alyssa Garcia when she told her there was glitch receiving the order in the pharmacy system which is why she had to adjust the BOH since they never actually received it.
2) Inventory discrepancies will be researched immediately by the pharmacist on duty when discovered and then brought to the attention of the Pharmacy Manager, as soon as possible for review and further research, if necessary, regardless of the outcome of the initial research. Inventory discrepancies will further be investigated by the Pharmacy Manager immediately upon discovery. If there is evidence of theft or unexplainable loss (loss of inventory that has no verifiable documentation), the information must be reported to the Pharmacy Coordinator and Division Health Leader.
    a) Pharmacy Manager Octavia Brooks never properly investigated her inventory discrepancies, and she never informed her Pharmacy Coordinator of unreconciled discrepancies.
3) Controlled substance orders must be checked in by two associates. If two Associates are on duty, then two will check-in the products and indicate as such on the receiving document. If only one (1) Associate (a pharmacist) is on duty at the time of receipt, this Associate will check in the receipt and indicate on the receiving document that there was only one individual on duty at the time of the receipt. A pharmacist must always be involved in checking-in the controlled substance product. The Associates checking in the controlled substances will sign and date the invoice/packing slip and document in a prominent location on the face of the invoice/packing slip document that all controlled substances have been received. If an invoice is available, the invoice will be used to document the receipt. If an invoice is not available, a packing slip will be used, the invoice/packing slip should be transferred to the Record Custodian as soon as possible for filing in the proper folder in the Controlled Substances Filing Cabinet.
    a) Technician Alyssa Garcia failed to properly check in controlled substances by tossing invoices in the trash, hiding controlled substance products that came in and never allowing the pharmacist to review and sign the invoices.

4) Personal items such as coats, purses and backpacks, are prohibited from being brought into the pharmacy drug storage areas. Personal items will be stored in lockers outside the pharmacy, if available. If lockers are unavailable, the Pharmacy Manager will designate an area for storing the items near the entrance of the pharmacy.
    a) Pharmacy Manager Octavia Brooks failed to designate the coat closet at the entrance of the pharmacy as a place for personal items. She allowed pharmacy staff to keep personal items in other areas of the pharmacy. Technician Alyssa Garcia failed to keep her personal items in the closet at the entrance of the pharmacy.

Statement regarding Request #3

I have submitted Balance on Hand Change reports including all received purchased orders (PO) for alprazolam 1 mg, alprazolam 2 mg and tramadol 50 mg. The reports show negative shelf count adjustments and PO's where the amount received was changed from what was delivered before accepting the whole order in the pharmacy system. Most shelf count changes were done by Alyssa Garcia, and all PO receiving changes were done by Alyssa Garcia. For example, looking at alprazolam 1 mg, Alyssa Garcia updated the balance on the shelf by -500 on 11/05/2024 and 11/17/2024. On 01/12/2025 when accepting the PO, she changed the received quantity from 2 bottles to 1 bottle as indicated by the adjustment note stating order quantity 2.0, received quantity 1.0. Most of her adjustments were the result of changing received bottle counts from what was shipped over this time frame.

SOP 501.4: Ordering Controlled Substances

501.4.4 Computer Assisted Ordering Systems – For Pharmacies Utilizing the EPRN Pharmacy System Review of "Balance on Hand" Changes

501.4.4.1 The Pharmacy Manager will run the "Balance on Hand ("BOH") Manual Changes" report once a week and review for excessive, suspicious or unexplainable manual changes to BOHs for controlled substances. The Pharmacy Manager will initial and date the report indicating that they have reviewed the report.

501.4.4.2 In retail pharmacies, excessive, suspicious, or questionable changes should be researched by the Pharmacy Manager and brought to the attention of the store's Coordinator.

501.4.4.3 The report will be maintained in a folder labeled *"Balance on Hand (BOH) Manual Change Report"* for the prior twelve (12) weeks, which is located in the Controlled Substance Filing Cabinet.

501.4.4.4 Orders and BOH changes will be managed from a computer terminal located in the pharmacy area unless approved by the Pharmacy Manager.

SOP 501.5: Checking in Controlled Substances at the Pharmacy

Purpose

The purpose of this procedure is to establish policies for checking in Schedule II through V controlled substances at the pharmacy.

General Information

Scope

This procedure includes all controlled substances received, physical and operational procedures, documentation and internal reporting requirements for shortages. It does not include filing the DEA Form 106 ("Form 106"), which is described in **SOP 501.21** or descriptions of required storage contained in **SOP 501.19**.

Responsibility

- The Pharmacy Manager is responsible for ensuring compliance with this procedure.

Procedure

501.5.1 Required Personnel

Controlled substances received from other DEA Registrants must be checked-in as described in **SOP 501.5.4**. If two Associates are on duty, then two will check-in the products and indicate as such on the receiving document. If only one (1) Associate (a pharmacist) is on duty at the time of receipt, this Associate will check in the receipt and indicate on the receiving document that there was only one individual on duty at the time of the receipt. **A pharmacist must always be involved in checking-in the controlled substance product.**

In retail pharmacies, this information will be displayed on the incoming documentation with a stamp provided to each pharmacy (see below for example).

CS Receipt / Check-In

1. _____
Signature of Pharmacist Date

2. _____
Signature of Witness Date

☐ Check here if only one person working in Pharmacy

501.5.2 Schedule II Controlled Substances

501.5.2.1 Schedule II controlled substances will be transferred to the secured storage area immediately after receipt, as described in **SOP 501.19.1.** All Schedule II products will be accounted for **by a pharmacist before** signing a release or manifest presented from the supplier/delivery personnel. If it is discovered that items may have been lost in-transit, procedures indicated in **SOP 501.21.5** will be followed.

501.5.2.3 A pharmacist must receive Electronic Orders in the Pharmacy System's inventory receiving application or, if necessary, the supplier's online CSOS application, within 12 hours or at the close of business, whichever occurs first.

If an Order Form is used to order Schedule II controlled substances, mandatory annotation and updates of the Order Form(s) and the Schedule II Perpetual Inventory, as described in **SOP 501.7,** will be completed within 12 hours or at the close of business, whichever occurs first.

501.5.3 Schedule III, IV and V Controlled Substances

Orders containing Schedule III, IV and V controlled substances must be immediately delivered to the pharmacy or another secure, locked area if the shipment is received when the pharmacy is closed. A secure area is an area that can be locked and for which there is limited access. Once the pharmacy is open, the controlled substances will be transferred to the pharmacy. The shipment may remain in the pharmacy area, provided that the tote is strapped or tied, for a period of 12 hours or until the close of business, whichever occurs first. By the close of business, the shipment will be checked-in, and the products dispersed throughout the stock of other legend drugs.

501.5.4 Documentation and Recordkeeping

501.5.4.1 The Associates checking in the controlled substances will sign and date the invoice/packing slip and document in a prominent location on the face of the invoice/packing slip document that all controlled substances have been received as described in **SOP 501.5.1**. If an invoice is available, the invoice will be used to document the receipt. If an invoice is not available, a packing slip will be used. If the Record Custodian or Alternate is not involved in the check-in process, the invoice/packing slip should be transferred to one of them as soon as possible for filing in the proper folder in the Controlled Substances Filing Cabinet.

501.5.4.2 In the case of Schedule III, IV and V controlled substances, the invoice (or if no invoice, the packing slip) will be filed chronologically by date received in the folder labeled *"CIII, CIV and CV Controlled Substances Records of Receipt (invoice/packing slip),"* which is in the Controlled Substance Filing Cabinet. The receiving document must show the date received as well as the name, address and DEA registration number of the supplier. If this information is not on the document, the Pharmacy Manager or other pharmacy staff must call the supplier to get the required information and annotate the invoice with the information.

501.5.4.3 Records of Schedule II controlled substances will be maintained as described in **SOP 501.3.8** and **SOP 501.3.16.**

501.5.5 Reporting Inventory Discrepancies

Inventory discrepancies will be reported per **SOP 501.21.**

SOP 501.21: Reporting Controlled Substance Thefts and Losses

Purpose

The purpose of this procedure is to establish requirements for reporting thefts and significant losses of controlled substances.

General Information

Responsibility

- All Associates are responsible for reporting thefts and/or unexplainable losses of controlled substances to their immediate supervisor, Pharmacy Manager or business unit leadership.
- For retail and high-volume pharmacies:
  - The Pharmacy Manager is responsible for compliance with this procedure, including the evaluation of initial information regarding thefts and significant losses, and notifying the Pharmacy Coordinator and/or the DHL of findings and making reports as required in this SOP.
  - The DHL is responsible for ensuring the Compliance Department has been advised of thefts and significant losses, which are reported to the DEA.

Procedure

501.21.1 Significant Loss

501.21.1.1 The Pharmacy Manager is responsible for reporting a significant loss. Pharmacy Managers will consult with their Pharmacy Coordinator, in deciding whether the loss is significant.

501.21.1.2 When determining whether a loss is significant, DEA Registrants are encouraged to consider the following factors:

- The actual quantity lost in relation to the type of business;
- Whether there has been a pattern of losses and the results of efforts to resolve them; and
- Local trends and other indicators of the potential of the missing drugs.

Specific questions a Registrant should ask are:

- Has a pattern of loss been identified and, if so, would the pattern result in a substantial loss of controlled substances over a period of time?;
- Are specific controlled substances lost or are they random?;
- Are specific controlled substances likely for diversion?; and
- Can losses be associated with specific individuals?

A worksheet that may be used in making this determination and maintained as documentation of this process is attached as **Exhibit 501.21A Significant Loss Determination Worksheet** .

501.21.1.3 If the loss is deemed significant, the worksheet should be filed chronologically with the completed DEA Form 106 in the "*Reports and Theft and Unexplainable Loss (DEA Form 106)"* folder, which is located in the Controlled Substance Record Cabinet.

If the loss is not deemed significant, the worksheet should be filed in *"Additional DEA Notes &, Records"* folder which is in the Controlled Substance Filing Cabinet.

501.21.1.4 If the Pharmacy Manager is still uncertain regarding whether to report the loss, they should consult with their Coordinator and/or DHL.

The Pharmacy Coordinator, DHL may consult with a diversion investigator in a local DEA office for guidance.

501.21.2 Inventory Discrepancies

The DEA does not intend to have registrants report breakage, spillage or unexplainable losses of small amounts in order to "balance their books." Inventory discrepancies will be researched immediately by the pharmacist on duty when discovered and brought to the attention of the Pharmacy Manager as soon as possible for review and further research if necessary, regardless of the outcome of the initial research.

501.21.2.1 Inventory discrepancies will be investigated by the Pharmacy Manager immediately upon discovery. This process includes discrepancies discovered during required inventories pursuant to the procedure in **SOP 501.6.** If the discrepancy is determined to be due to a theft or significant loss, it will be reported to the DEA, in writing, within one (1) business day of making said determination and pursuant to the procedure in **SOP 501.21.3**.

501.21.2.2 If the loss is attributed to breakage, spillage or accounting errors that can be explained, then the errors will be documented and filed chronologically in the *"Additional DEA Notes & Records"* folder, which is located in the Controlled Substance Filing cabinet. A copy of the documentation will also be forwarded to the Coordinator.

501.21.3 Reporting Theft and Significant Loss

If a theft, significant loss or in-transit loss (as described below in **SOP 501.21.5**) is discovered, the following must occur:

501.21.3.1 The information must be reported to the Coordinator and the DHL immediately

501.21.3.2 Notification to the DEA must be accomplished by written notice within one (1) business day of discovery of a theft or significant loss of controlled substance.

501.21.3.3

- For retail and high-volume pharmacies, the Coordinator and/or the DHL, as applicable, will initiate an internal review and, if necessary, report the circumstances regarding the potential theft or significant loss to the Company's Asset Protection Department for possible additional investigation and actions in conjunction with the company's controlled substance compliance program.

501.21.3.4 If it is not clear at the outset that there has been a theft or significant loss, the DEA may advise the Pharmacy Manager to complete the internal investigation prior to preparing a DEA Form 106.

501.21.3.4a

- For retail and high-volume pharmacies: The Pharmacy Manager will report this information to the Coordinator and the DHL, as applicable, and will follow up with an email or facsimile report to the DEA to confirm the instructions provided by the DEA, including the date of the initial telephone call and the name of the Diversion Investigator who provided the instructions.

501.21.3.4b

The local office of the DEA will be advised at least every thirty (30) calendar days (more often if required due to the receipt of additional relevant information) by the Pharmacy Manager, Coordinator or regarding the progress of the internal investigation. These status advisements may be done verbally; however, the name of the Diversion Investigator, date of the

telephone call and a summary of the conversation will be documented and maintained with all official documents relating to the significant loss.

501.21.3.4c

Regardless of the status of the investigation, the Pharmacy Manager must ensure a complete and accurate DEA Form 106 is filed with the Administration within **45 calendar days after discovery of the theft or loss**. This must be accomplished through the DEA Diversion Control Division secure network application as described in **SOP 501.21.4.**

501.21.3.5 If the loss should be resolved within 45 days of the date of discovery and no official reporting on a DEA Form 106 will be necessary, the local office of the DEA should be informed via an email or facsimile that the issue is closed. Paperwork and documentation pertaining to the internal investigation will be filed chronologically in the folder labeled *"Additional DEA Notes & Records,"* which is in the Controlled Substance Filing Cabinet. When applicable, Loss Prevention/Asset Protection will also be notified of the closure.

501.21.4 Use of DEA Form 106

501.21.4.1 If a DEA Form 106 is to be prepared, the Pharmacy Manager will complete and submit it to make the official report to the DEA with the assistance of the Coordinator and/or the DHL.

Electronic form submission is required and will be accomplished through the DEA's Diversion Drug Theft Loss ("DTL") system website: https://apps.deadiversion.usdoj.gov/TLR/. In the event of any technical issues involving the DEA system being down, the Pharmacy Manager can report the issues by calling the DEA Help Center at 1–800–882–9539. If there is a need to submit DEA Form 106 while the DEA system is down, the Pharmacy Manager will document the day and time of their attempted submission(s) and their successful submission and retain these records with other records related to the loss.

501.21.4.1a If, and to the extent required by applicable law, notification of loss will also be made to pertinent state agencies.

501.21.4.2 The date of loss reported on DEA Form 106 must correspond to the date the theft or significant loss was first discovered.

501.21.4.3 If thefts have occurred due to Associate pilferage over a period of time, the estimated beginning and ending dates of the thefts should be noted in the "remarks" section with a brief explanation.

501.21.4.4 For the "Purchase value to Registrant of controlled substances taken", enter the amount the pharmacy paid for the controlled substance(s), not the retail value.

501.21.4.5 Evidence of submission must be kept on file. A copy of the DEA Form 106 and all other information pertaining to the theft or unexplainable loss will be filed chronologically in the folder *"Reports of Theft and Unexplainable Loss (DEA Form 106),"* which is found in the Controlled Substance Filing Cabinet and will be retained in accordance with **SOP 501.2.**

A copy of the DEA Form 106 and any subsequent addendums, where necessary, will be provided to:

- the DHL; and
- the Compliance Department.

501.21.4.6 if required, a member of the Compliance Department will make additional required reports in accordance with relevant terms.

501.21.5 In-transit Losses

501.21.5.1 Reporting of in-transit losses to the DEA are generally the responsibility of the supplier. If the purchaser takes custody of the shipment, however, the shipment is considered to have been received in total and any shortages that are discovered after the transfer of custody are considered losses from the inventory of the recipient. As a result, the pharmacy is required to report the loss.

501.21.5.1a In this case, the supplier and its DEA registration number must be included in the "Loss in Transit" section on the DEA Form 106. When explaining how many losses occurred from the same carrier in the past, do not include the current loss.

501.21.5.2 Pharmacies should not take possession of Schedule II controlled substances until all the substances are checked in as required by **SOP 501.05**.

NOTICE OF DEFENSE/MITIGATING INFORMATION

Ms. Brooks worked as managing pharmacist at the Pharmacy between August 2021 and January 2025. Prior to becoming the managing pharmacist, Ms. Brooks worked as an intern pharmacist at the Pharmacy starting in October 2018 until she became the managing pharmacist.

Ms. Brooks was terminated from her position by the store manager in January 2025 after briefly being suspended from her position. No reason was given to her for the suspension and the

reasons provided to her for the termination were unrelated to the instant matter. Ms. Brooks was not advised of the diversion conducted by Ms. Garcia until after she was terminated from her position.

Ms. Brooks would note that no time frame has been provided as to when, or for how long Ms. Garcia had been diverting alprazolam and tramadol resulting in the ultimate number of pills noted in the Accusation as having been diverted and accordingly cannot comment on whether Ms. Garcia's diversion may have been on-going prior to Ms. Brooks becoming managing pharmacist.

Ms. Brooks cannot state with certainty as to how Ms. Garcia may have diverted the drugs in question. However, Ms. Brooks notes that the Electronic Prescription Reference Network (EPRN) used by pharmacies within the Kroger system, of which the Smith's Pharmacy was a part, was known to have occasional glitches which would then impact the quantities on hand; if these were adjusted, this would effect the Balance on Hand (BOH) weekly report. Ms. Brooks acknowledges that she recalls the alprazolam count was off on at least three occasions, but not by amounts that would have caused Ms. Brooks to believe that there was any issue other than an EPRN glitch.

Purchase orders for drugs dispensed by the Pharmacy would be transmitted by the EPRN which would then update the quantity of any one drug in the system based on the purchase order. When drugs were received, controlled substance invoices were signed by the pharmacist and the pharmacy tech and dated. If the drugs received did not match the amount purchased through the purchase order; those numbers would be modified in the EPRN upon acceptance of the drug order. For schedule II controlled substances, the pharmacist on duty would need to accept the drugs received in the system; all other drugs could be accepted into the system by the pharmacy tech.

Ms. Brooks believes it is possible that Ms. Garcia modified invoices at the time that drugs were received at the pharmacy before accepted non-schedule II substances in the system which would then result in a modification to the BOH reports as well. Ms. Brooks cannot be certain that this was the point in the drug acceptance process which Ms. Gracia may have made modifications to the Pharmacy records in an attempt to hide diversion, she believes this to be the most likely time that such modifications would have been made, thus making it difficult to identify discrepancies in the numbers that were attributable to diversion rather than EPRN errors or regular modifications made noting the number of pills received.

Ms. Brooks asserts that she did follow the policies and procedures of Smith's Pharmacy as they relate to this manner, but that she did not identify that possible diversion was taking place as she believes Ms. Garcia was modifying records in a manner that would have appeared consistent with policies related to the receipt and acceptance of drug orders. Ms. Brooks acknowledges that in hindsight she should have follow up more diligently on any and all discrepancies, regardless of the potential cause of that discrepancy.

Respectfully submitted this 18th day of July, 2025.

2. EBONKA owned and operated three Nevada companies (collectively, "the Ebonka Entities") enrolled in the Medicare program: Nevada Integrated Behavioral Services Inc.; Ebonny Behavioral Care Services Corporation; and CBH Wellness Clinic, Inc.

3. D.B., E.G., Ge.A., Gw.A., J.G., K.K., Mi.H., My.H., T.H., and Y.H. were Medicare beneficiaries residing in the District of Nevada.

4. E.H., J.L., and L.S. were former Medicare beneficiaries who were deceased.

The Medicare Program

5. The Medicare program ("Medicare") was a federal health care program, as defined in Title 18, United States Code, Section 24(b), that provided free or below cost health care benefits to certain eligible beneficiaries, primarily persons who were 65 years of age or older or disabled. The Centers for Medicare and Medicaid Services (CMS), a federal agency within the U.S. Department of Health and Human Services, administers the Medicare program.

6. Medicare was divided into four parts and covered specific benefits, items, and services: hospital insurance (Part A), medical insurance (Part B), Medicare Advantage (Part C), and prescription drug benefits (Part D).

7. Medicare Part B covered outpatient physician and non-physician practitioner services, durable medical equipment, and some preventive services.

8. Physicians, nurses, nurse practitioners, clinics, laboratories, and other health care providers that provided services to Medicare beneficiaries were able to apply for and obtain a "provider number." A health care provider that received a Medicare provider number was able to file claims with Medicare to obtain reimbursement for services provided to beneficiaries.

9. To receive Medicare reimbursement, providers had to fill out an application and execute a written provider agreement, known as CMS Form 855. The application contained certifications that the provider agreed to abide by Medicare laws and regulations, and that the provider "[would] not knowingly present or cause to be presented a false or

fraudulent claim for payment by Medicare, and [would] not submit claims with deliberate ignorance or reckless disregard of their truth or falsity." Medicare providers were given access to Medicare manuals and service bulletins describing procedures, rules, and regulations.

HCPCS Code L8679

10. CMS established the Healthcare Common Procedure and Coding System (HCPCS) Level II Code Set. The HCPCS Level II Code Set is a standardized five-digit alphanumeric coding system that is used by federal, state, and private health insurance entities primarily to identify products, supplies, and services provided by healthcare professionals. These codes are also used to bill and submit claims to federal, state, and private insurance entities for reimbursement of medical services provided to beneficiaries. The coding system adheres to the following format: the first digit is a letter that identifies the HCPCS code chapter and payment category that the service belongs to and group similar services together, while the last four digits are numeric characters. For example, codes beginning with an "L" belong to the prosthetics and orthotics services/payment category.

11. HCPCS code L8679 is used to bill for Medicare-covered neurostimulator devices that require surgical implantation. The use of a neurostimulator involves implantation of electrodes around a selected peripheral nerve. The stimulating electrode is connected by an insulated lead to a receiver which is implanted under the skin at a depth not greater than ½ inch. Stimulation is induced by a generator connected to an antenna unit which is attached to the skin surface over the receiver unit. Implantation of the stimulating electrodes requires a surgical process that takes at least one to two hours and usually necessitates an operating room.

The Stivax Device

12. Stivax is a medical device placed on the top of a patient's inner ear, has a battery, and stays on for about two weeks. The Food and Drug Administration describes Stivax as a single use, battery-powered, electrical nerve stimulator which is used for the stimulation of the vagus nerve through the ear. The stimulator is taped to the patient's ear. The FDA stated that the Stivax device is indicated for use as an electro-acupuncture device for use in the practice of acupuncture by qualified practitioners as determined by the states. Medicare does not provide reimbursement for acupuncture services, such as the provision and use of the Stivax device.

COUNTS ONE TO THIRTEEN
Health Care Fraud
(18 U.S.C. § 1347)

13. Beginning in or around March 2017, and continuing through in or around September 2018, within the State and Federal District of Nevada and elsewhere,

FESTUS ONYEMALIOSIA EBONKA,

defendant herein, knowingly and willfully executed, attempted to execute, and participated in a scheme and artifice to defraud a health care benefit program, namely Medicare, and to obtain, by means of materially false and fraudulent pretenses, representations, and promises, money and property owned by, and under the custody and control of, a health care benefit program, in connection with the delivery of, and payment for, health care benefits, items, and services, as described below.

14. The purpose of the scheme and artifice to defraud was for EBONKA to unlawfully enrich himself by causing the submission of materially false and fraudulent claims to Medicare through the Ebonka Entities.

15. It was part of the scheme that EBONKA submitted and caused to be submitted false and fraudulent claims requesting reimbursement under Procedure Code L8679 that were ineligible for Medicare reimbursement.

16. These claims were false and fraudulent in that EBONKA and the Ebonka Entities had not provided medical services that qualified for reimbursement under Procedure Code L8679, including, for example:

a. Claims in the name of beneficiaries who received services related to the Stivax device, which did not qualify for any Medicare reimbursement, on the date indicated on the claim.

b. Claims in the name of beneficiaries who received no services related to the Stivax device on the date indicated on the claim.

c. Claims in the names of beneficiaries who were deceased at the time EBONKA purportedly provided them with medical services.

17. From in or around March 2017 through in or around September 2018, EBONKA caused the submission to Medicare of at least 2,500 false and fraudulent claims requesting at least $25 million in reimbursement. Medicare paid the Ebonka Entities more than $10 million as a result of EBONKA's fraudulent claim submissions.

18. On or about the dates set forth below, within the State and Federal District of Nevada and elsewhere, EBONKA did knowingly and willfully execute, attempt to execute, and participate in the above-described scheme and artifice in that EBONKA caused the submission of the false and fraudulent claims described below to Medicare seeking reimbursement for the approximate amount of $10,000 per claim, each submission a separate violation of 18 U.S.C. § 1347:

UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF NEVADA

UNITED STATES OF AMERICA, Plaintiff, v. FESTUS ONYEMALIOSIA EBONKA, Defendant.	No. 2:22-cr-00156-CDS-NJK **Plea Agreement for Defendant Festus Onyemaliosia Ebonka Pursuant to Fed. R. Crim. P. 11(c)(1)(A) and (B)**

This plea agreement between Festus Onyemaliosia Ebonka ("defendant") and the United States Attorney's Office for the District of Nevada (the "USAO") sets forth the parties' agreement regarding the criminal charges referenced herein and the applicable sentences, fines, and restitution in the above-captioned case. This agreement binds only defendant and the USAO and does not bind the district court, the U.S. Probation Office, or any other federal, state, local, or foreign prosecuting, enforcement, administrative, or regulatory authorities. This agreement does not prohibit the USAO or any agency or third party from seeking any other civil or administrative remedies, including administrative forfeiture or civil forfeiture *in rem* actions, directly or indirectly against defendant or defendant's property.

This agreement becomes effective upon signature by defendant, defendant's counsel, and an Assistant United States Attorney.

I. DEFENDANT'S OBLIGATIONS

1. Defendant agrees to:

a. Give up the right to indictment by a grand jury and, at the earliest opportunity requested by the USAO and provided by the Court, appear and plead guilty to a one-count information in the form attached to this agreement as Exhibit A or a substantially similar form, which charges defendant with Conversion of Government Money, a Class A misdemeanor, in violation of 18 U.S.C. § 641.

b. Stipulate to the facts agreed to in this agreement;

c. Abide by all agreements regarding sentencing contained in this agreement;

d. Not seek to withdraw defendant's guilty pleas once it is entered;

e. Appear for all court appearances, surrender as ordered for service of sentence, obey all conditions of any bond, and obey any other ongoing court order in this matter;

f. Not commit any federal, state, or local crime;

g. Be truthful at all times with the U.S. Probation and Pretrial Services Offices and the Court;

h. Before and after sentencing, upon request by the Court, the USAO, or the Probation Office, provide accurate and complete financial information, submit sworn statements, and/or give depositions under oath concerning defendant's assets and defendant's ability to pay. As part of the required disclosure, defendant agrees to provide any and all financial information and authorizations requested by the Probation Office for preparation of the Presentence Report. Defendant further agrees that, upon filing of this agreement, the USAO is authorized to obtain defendant's credit report. Defendant will also complete a financial form

provided by the USAO, to include all supporting documentation, and return it to the USAO within ten (10) days from entry of the plea. Defendant agrees that the district court may enter any order necessary to effectuate or facilitate disclosure of defendant's financial information;

i. To facilitate payment of any fine, restitution, or assessment, surrender assets defendant obtained directly or indirectly as a result of defendant's crimes. Defendant agrees to voluntarily release funds and property under defendant's control or in which defendant has any property interest, before and after sentencing, to pay any fine or restitution identified in this agreement, agreed to by the parties, or ordered by the Court;

j. Defendant agrees that restitution shall be ordered due and payable in full immediately after the judgment is entered, and that the full amount of any restitution ordered is subject to immediate enforcement and collection by the USAO or defendant's victims, or both. Defendant agrees that any schedule of payments entered by the district court is a schedule of the minimum payment due and does not prohibit or limit the methods by which the USAO may immediately enforce and collect the judgment in full. Defendant acknowledges that restitution may not be discharged, in whole or in part, in any present or future bankruptcy proceeding.

II. THE USAO'S OBLIGATIONS

2. The USAO agrees to:

a. Stipulate to facts agreed to in this agreement;

b. Abide by all agreements regarding sentencing contained in this agreement;

c. At sentencing, provided that defendant demonstrates an acceptance of responsibility for the offenses up to and including the time of sentencing, recommend a two-level reduction in the applicable sentencing guidelines offense level, pursuant to USSG § 3E1.1;

d. At sentencing, move to dismiss the indictment against defendant. Defendant agrees, however, that the district court may consider any dismissed charges in

determining the applicable sentencing guidelines range, the propriety and extent of any departure from that range, and the sentence to be imposed; and

e. Not bring any additional charges against defendant arising out of the factual basis set forth in this agreement. However, the USAO reserves the right to prosecute defendant for (a) any crime of violence as defined by 18 U.S.C. § 16; and (b) any criminal tax violations (including conspiracy to commit such violations chargeable under 18 U.S.C. § 371). Defendant agrees that the district court at sentencing may consider any uncharged conduct in determining the applicable sentencing guidelines range, the propriety and extent of any departure from that range, and the sentence to be imposed after consideration of the sentencing guidelines and all other relevant factors under 18 U.S.C. § 3553(a).

III. ELEMENTS OF THE OFFENSE

3. Count One: The elements of Conversion of Government Money under 18 U.S.C. § 641 are as follows:

First: The defendant knowingly converted to the defendant's use money with the intention of depriving the owner of the use or benefit of the money; and

Second: the money belonged to the United States.

See Ninth Circuit Model Criminal Jury Instruction 23.1 (2022 ed.).

4. Deliberate Indifference: A defendant acts knowingly if:

First: The defendant was aware of a high probability that he was not entitled to reimbursement by Medicare, and

Second: the defendant deliberately avoided learning the truth.

See Ninth Circuit Model Criminal Jury Instruction 4.9 (2022 ed.).

IV. CONSEQUENCES OF CONVICTION

5. Maximum Statutory Penalties: Defendant understands that the statutory maximum sentence the district court can impose for a violation of 18 U.S.C. § 641 as charged in the Information, is: one year of imprisonment; a one-year period of supervised release; a fine of $250,000 or twice the gross gain or gross loss resulting from the offense, whichever is greatest; and a mandatory special assessment of $25.

6. Restitution: Defendant understands that defendant will be required to pay full restitution to the victim(s) of the offense to which defendant is pleading guilty. The parties currently believe that the applicable amount of restitution is approximately $6,519.69, but recognize and agree that this amount could change based on facts that come to the attention of the parties prior to sentencing.

7. Parole Abolished: Defendant acknowledges that defendant's prison sentence cannot be shortened by early release on parole because parole has been abolished.

8. Supervised Release: Defendant understands that supervised release is a period of time following imprisonment during which defendant will be subject to various restrictions and requirements. Defendant understands that if defendant violates one or more of the conditions of any supervised release imposed, defendant may be returned to prison for all or part of the term of supervised release authorized by statute for the offense that resulted in the term of supervised release, which could result in defendant serving a total term of imprisonment greater than the statutory maximum stated above.

9. Factors under 18 U.S.C. § 3553: Defendant understands that the district court must consider the factors set forth in 18 U.S.C. § 3553(a) in determining defendant's sentence. However, the statutory maximum sentence limits the district court's discretion in determining defendant's sentence.

10. Potential Collateral Consequences of Conviction: Defendant understands that, by pleading guilty, defendant may be giving up valuable government benefits and valuable civic rights. Defendant understands that the conviction in this case may subject defendant to various other collateral consequences, including but not limited to revocation of probation, parole, or supervised release in another case and suspension or revocation of a professional license. Defendant understands that unanticipated collateral consequences will not serve as grounds to withdraw defendant's guilty plea.

11. Potential Removal/Deportation Consequences of Conviction: Defendant understands that, if defendant is not a United States citizen, the conviction in this case may subject defendant to removal, also known as deportation, which may, under some circumstances, be mandatory; denial of citizenship; and denial of admission to the United States in the future. The district court cannot advise defendant fully regarding the immigration consequences of the conviction in this case, but defendant's attorney has advised him about the deportation risks of his guilty plea. Defendant understands that unexpected immigration consequences will not serve as grounds to withdraw defendant's guilty plea.

V. FACTUAL BASIS

12. Defendant admits that defendant is, in fact, guilty of the offense to which defendant is agreeing to plead guilty. Defendant acknowledges that if defendant elected to go to trial instead of pleading guilty, the USAO could prove defendant's guilt beyond a reasonable doubt. Defendant further acknowledges that defendant's admissions and declarations of fact set forth below satisfy every element of the charged offense. Defendant waives any potential future claim that the facts defendant admitted below are insufficient to satisfy the elements of the charged offense. Defendant admits and declares under penalty of perjury that the facts set forth below are true and correct:

a. At all relevant times, defendant Festus Onyemaliosia Ebonka, a resident of Las Vegas, Nevada, was a registered nurse and a certified nurse practitioner licensed to practice in Nevada. Ebonka was a provider enrolled in Medicare and was required to abide by all Medicare rules and regulations.

b. From in or around March 2017 through in or around September 2018, Ebonka, through businesses under his control, caused the submission to Medicare of claims requesting reimbursement under Procedure Code L8679.

c. Ebonka submitted those claims based on the purported application of a device called Stivax to patients covered by Medicare.

d. However, these claims were false because Procedure Code L8679 does not cover the application of the Stivax device, which Medicare considers a non-reimbursement acupuncture treatment.

e. On September 13, 2018, Ebonka caused the submission to Medicare of a request for $10,000 of reimbursement under Procedure Code L8679 for services rendered to B.A., a patient of Ebonka. The claim was false because the services provide to B.A. – the application of the Stivax device – were not covered by Procedure Code L8679. Based on this clam, Medicare, a federal agency, reimbursed Ebonka $6,519.69, which he converted to his own use.

f. At the time Ebonka caused the above submission for services provided to B.A., he was deliberately ignorant to the false nature of this claim, that is, he was aware of a high probability that Procedure Code L8679 did not cover the application of the Stivax device and deliberately avoided learning the truth.

g. All of the above occurred in the District of Nevada and elsewhere.

VI. SENTENCING FACTORS

13. Discretionary Nature of Sentencing Guidelines: Defendant understands that in determining defendant's sentence, the district court is required to calculate the applicable sentencing guidelines range and to consider that range, possible departures under the sentencing guidelines, and the other sentencing factors set forth in 18 U.S.C. § 3553(a). Defendant understands that the sentencing guidelines are advisory only, that defendant cannot have any expectation of receiving a sentence within the calculated sentencing guidelines range, and that after considering the sentencing guidelines and the other § 3553(a) factors, the district court will be free to exercise its discretion to impose any sentence it finds appropriate up to the maximum set by statute for the crime of conviction.

14. Offense Level Calculations: The parties jointly agree and stipulate that, in calculating defendant's advisory guidelines sentencing range, the district court should use the following base offense level and adjustments; acknowledge that these stipulations do not bind the district court; and agree that they will not seek to apply or advocate for the use of any other base offense level(s) or any other specific offense characteristics, enhancements, or reductions in calculating the advisory guidelines range:

Base Offense Level [USSG § 2B1.1(a)(2)]:	6
Loss Exceeds $6,500 [USSG § 2B1.1(b)(1)(B)]:	+2
Adjusted Offense Level:	8

The parties further agree that, if, at the time of sentencing, the district court determines that defendant has not received any criminal history points from Chapter Four, Part A, the parties will jointly recommend that defendant receive a two-level reduction pursuant to § 4C1.1(a).

15. Reduction for Acceptance of Responsibility: Under USSG § 3E1.1(a), the USAO will recommend that defendant receive a two-level downward adjustment for acceptance of

responsibility unless defendant (a) fails to truthfully admit facts establishing a factual basis for the guilty plea when defendant enters the plea; (b) fails to truthfully admit facts establishing the amount of restitution owed when defendant enters the guilty plea; (c) fails to truthfully admit facts establishing the forfeiture allegations when defendant enters the guilty plea; (d) provides false or misleading information to the USAO, the Court, Pretrial Services, or the Probation Office; (e) denies involvement in the offense or provides conflicting statements regarding defendant's involvement or falsely denies or frivolously contests conduct relevant to the offense; (f) attempts to withdraw defendant's guilty plea; (g) commits or attempts to commit any crime; (h) fails to appear in court; or (i) violates the conditions of pretrial release.

16. Criminal History Category: Defendant acknowledges that the district court may base defendant's sentence in part on defendant's criminal record or criminal history. The district court will determine defendant's criminal history category under the sentencing guidelines.

17. Additional Sentencing Information: The stipulated sentencing guidelines calculations are based on information now known to the parties. Defendant understands that both defendant and the USAO are free to (a) supplement the facts in this agreement by supplying relevant information to the U.S. Probation and Pretrial Services Offices and the district court regarding the nature, scope, and extent of defendant's criminal conduct and any aggravating or mitigating facts or circumstances; and (b) correct any and all factual misstatements relating to the district court's sentencing guidelines calculations and determination of sentence. While this paragraph permits both the USAO and defendant to submit full and complete factual information to the U.S. Probation and Pretrial Services Offices and the district court, even if that factual information may be viewed as inconsistent with the facts agreed to in this agreement, this paragraph does not affect defendant's and the USAO's obligations not to contest the facts agreed

to in this agreement. Good faith efforts to provide truthful information or to correct factual misstatements shall not be grounds for defendant to withdraw defendant's guilty plea.

18. Defendant acknowledges that the U.S. Probation Office may calculate the sentencing guidelines differently and may rely on additional information it obtains through its investigation. Defendant also acknowledges that the district court may rely on this and other additional information as it calculates the sentencing guidelines range and makes other sentencing determinations, and the district court's reliance on such information shall not be grounds for defendant to withdraw defendant's guilty plea.

VII. POSITIONS REGARDING SENTENCING

19. The parties will jointly recommend that the district court sentence defendant to sentence of three years of probation. In the event that a sentence of three years of probation is outside defendant's advisory Guideline range as determined by the district court, the parties will jointly request a variance to three years of probation.

20. Defendant acknowledges that the district court does not have to follow the recommendation of either party.

21. Notwithstanding its agreement to recommend a sentence as described above, the USAO reserves its right to defend any lawfully imposed sentence on appeal or in any post-conviction litigation.

22. If defendant commits any act that results in the district court finding that defendant is not entitled to a downward adjustment for acceptance of responsibility, the USAO is entitled to argue for any sentence it deems appropriate under 18 U.S.C. § 3553(a). In any such event, Defendant remains bound by the provisions of this agreement and shall not have the right to withdraw defendant's guilty plea.

VIII. WAIVER OF CONSTITUTIONAL RIGHTS

23. Defendant understands that by pleading guilty, defendant gives up the following rights:

a. The right to persist in a plea of not guilty;

b. The right to a speedy and public trial by jury;

c. The right to be represented by counsel—and if necessary have the court appoint counsel—at trial. Defendant understands, however, that, defendant retains the right to be represented by counsel—and if necessary have the court appoint counsel—at every other stage of the proceeding;

d. The right to be presumed innocent and to have the burden of proof placed on the USAO to prove defendant guilty beyond a reasonable doubt;

e. The right to confront and cross-examine witnesses against defendant;

f. The right to testify and to present evidence in opposition to the charges, including the right to compel the attendance of witnesses to testify;

g. The right not to be compelled to testify, and, if defendant chose not to testify or present evidence, to have that choice not be used against defendant; and

h. The right to pursue any affirmative defenses; Fourth Amendment or Fifth Amendment claims; any other pretrial motions that have been or could have been filed; and challenges to any adverse pre-trial rulings (unless specifically reserved in the following section).

24. Having been fully advised by defendant's attorney regarding application of the statute of limitations to the offense to which defendant is pleading guilty, defendant hereby knowingly, voluntarily, and intelligently waives, relinquishes, and gives up: (a) any right that defendant might have not to be prosecuted for the offense to which defendant is pleading guilty because of the expiration of the statute of limitations for that offense prior to the filing of the

information alleging that offense; and (b) any defense, claim, or argument defendant could raise or assert that prosecution of the offense to which defendant is pleading guilty is barred by the expiration of the applicable statute of limitations, pre-indictment delay, or any speedy trial violation.

IX. WAIVER OF APPELLATE RIGHTS

25. Waiver of Appellate Rights: Defendant knowingly and expressly waives the right to appeal: (a) any sentence imposed within or below the applicable Sentencing Guideline range as determined by the district court; (b) the manner in which the district court determined that sentence on the grounds set forth in 18 U.S.C. § 3742; (c) any other aspect of the conviction, including but not limited to the constitutionality of the statutes of conviction; and (d) any other aspect of the sentence, including but not limited to the constitutionality of any mandatory or standard conditions of supervised release; the denial of any motion for early termination of supervised release; and any order of restitution or forfeiture.

26. Defendant reserves only the right to appeal any portion of the sentence that is an upward departure or variance from the applicable Sentencing Guideline range as determined by the district court.

27. Waiver of Post-Conviction Rights: Defendant also knowingly and expressly waives all collateral challenges, including any claims under 28 U.S.C. § 2255, to defendant's conviction, sentence, and the procedure by which the district court adjudicated guilt and imposed sentence, except non-waivable claims of ineffective assistance of counsel.

28. Preservation of Evidence: Defendant acknowledges that the USAO and the agencies investigating this case are not obligated or required to preserve any evidence obtained in the investigation of this case.

X. RESULT OF WITHDRAWAL OF GUILTY PLEA OR VACATUR/REVERSAL/SET-ASIDE OF CONVICTION

29. Consequence of Withdrawal of Guilty Plea: Defendant agrees that if, after entering a guilty plea pursuant to this agreement, defendant seeks to withdraw and succeeds in withdrawing defendant's guilty plea on any basis other than a claim and finding that entry into this agreement was involuntary, then (a) the USAO will be relieved of all of its obligations under this agreement and (b) should the USAO choose to pursue any that was either dismissed or not filed as a result of this agreement, or that the government agreed to move to dismiss at sentencing as part of this agreement, or that the government agreed to move to dismiss at sentencing as part of this agreement, then (i) any applicable statute of limitations will be tolled between the date of defendant's signing of this agreement and the filing commencing any such action; and (ii) defendant waives and gives up all defenses based on the statute of limitations, any claim of pre-indictment delay, or any speedy trial claim with respect to any such action, except to the extent that such defenses existed as of the date of defendant's signing this agreement.

30. Consequence of Vacatur, Reversal, or Set-aside: Defendant agrees that if defendant's conviction is vacated, reversed, or set aside, both the USAO and defendant will be released from all their obligations under this agreement, except that, should the USAO choose to pursue any charge that was either dismissed or not filed as a result of this agreement, then (i) any applicable statute of limitations will be tolled between the date of defendant's signing of this agreement and the filing commencing any such action; and (ii) defendant waives and gives up all defenses based on the statute of limitations, any claim of pre-indictment delay, or any speedy trial claim with respect to any such action, except to the extent that such defenses existed as of the date of defendant's signing this agreement.

XI. BREACH OF AGREEMENT

31. Defendant agrees that if, at any time after this agreement becomes effective, defendant knowingly violates or fails to perform any of defendant's obligations under this agreement ("a breach"), the USAO may declare this agreement breached. All of defendant's obligations are material, a single breach of this agreement is sufficient for the USAO to declare a breach, and defendant shall not be deemed to have cured a breach without the express agreement of the USAO in writing. If the USAO declares this agreement breached, and the district court finds such a breach to have occurred, then: (a) if defendant has previously entered a guilty plea pursuant to this agreement, defendant will remain bound by the provisions of this agreement and will not be able to withdraw the guilty plea; and (b) the USAO will be relieved of all its obligations under this agreement.

32. Following the Court's finding of a knowing breach of this agreement by defendant, should the USAO choose to pursue any charge that was either dismissed or not filed as a result of this agreement, or that the government agreed to move to dismiss at sentencing as part of this agreement, then:

a. Defendant agrees that any applicable statute of limitations is tolled between the date of defendant's signing of this agreement and the filing commencing any such action.

b. Defendant waives and gives up all defenses based on the statute of limitations, any claim of pre-indictment delay, or any speedy trial claim with respect to any such action, except to the extent that such defenses existed as of the date of defendant's signing this agreement.

c. Defendant agrees that: (i) any statements made by defendant, under oath, at the guilty plea hearing (if such a hearing occurred prior to the breach); (ii) the agreed to factual basis statement in this agreement; and (iii) any evidence derived from such statements, shall be

admissible against defendant in any such action against defendant, and defendant waives and gives up any claim under the United States Constitution, any statute, Federal Rule of Evidence 410, Federal Rule of Criminal Procedure 11(f), or any other federal rule, that the statements or any evidence derived from the statements should be suppressed or are inadmissible.

XII. COURT AND UNITED STATES PROBATION AND PRETRIAL SERVICES OFFICE NOT PARTIES

33. Defendant understands that the Court and the U.S. Probation and Pretrial Services Office are not parties to this agreement and need not accept any of the USAO's sentencing recommendations or the parties' agreements to facts or sentencing factors.

34. Defendant understands that both defendant and the USAO are free to argue on appeal and collateral review that the district court's sentencing guidelines calculations and the sentence it chooses to impose are not error.

35. Defendant understands that even if the district court ignores any sentencing recommendation, finds facts or reaches conclusions different from those agreed to by the parties, or imposes any sentence up to the maximum established by statute, defendant cannot, for that reason, withdraw defendant's guilty plea[s], and defendant will remain bound to fulfill all defendant's obligations under this agreement. Defendant understands that no one—not the prosecutor, defendant's attorney, or the Court—can make a binding prediction or promise regarding the sentence defendant will receive, except that it will be within the statutory maximum.

XIII. ADDITIONAL ACKNOWLEDGMENTS

36. Defendant acknowledges that:

a. Defendant read this agreement, and defendant understands its terms and conditions.

b. Defendant had adequate time to discuss this case, the evidence, and this agreement with defendant's attorney.

c. Defendant carefully and thoroughly discussed all terms of this agreement with defendant's attorney.

d. Defendant understands the terms of this agreement and voluntarily agrees to those terms.

e. Defendant has discussed with defendant's attorney the following: the evidence; defendant's rights; possible pretrial motions that might be filed; possible defenses that might be asserted either prior to or at trial; the sentencing factors set forth in 18 U.S.C. § 3553(a); the relevant sentencing guidelines provisions; and consequences of entering into this agreement.

f. The representations contained in this agreement are true and correct, including the factual basis for defendant's offense set forth in this agreement.

g. Defendant was not under the influence of any alcohol, drug, or medicine that would impair defendant's ability to understand the agreement when defendant considered signing this agreement and when defendant signed it.

37. DISTRICT COURT OF

CLARK COUNTY, NEVADA

FESTUS EBONKA, APRN, Petitioner, vs. NEVADA STATE BOARD OF PHARMACY, Respondent.	Case No. A-24-902608-J Dept. No. 29

ORDER DENYING PETITION FOR JUDICIAL REVIEW

This matter having come before this court on September 11, 2025, on Petitioner's Petition for Judicial Review; Liborius Agwara, Esq., appearing on behalf of Petitioner Festus Ebonka, APRN ("Ebonka") and Brett Kandt, Esq. appearing on behalf of the Respondent Nevada State Board of Pharmacy ("Board"); the Court having reviewed the papers and pleadings on file herein, having heard the arguments of counsel, and with good cause appearing, the Court hereby finds, concludes, and orders as follows:

Case Number: A-24-902608-J

FINDINGS OF FACT

The Notice of Intended Action and Accusation together with the Statement to Respondent and Notice of Hearing was filed and served on Ebonka on or about January 25, 2024, and originally noticed for a hearing on March 6, 2024. AR[1] 0001-0009. Ebonka filed an Answer and Notice of Defense on or about February 21, 2024. AR 0010-0011.

The Board held an evidentiary hearing on September 4, 2024. *See* Reporter's Transcript on file herein, AR 0377-0518. As stipulated by the parties, the entire case file was admitted into evidence. AR 0012-0369; AR 0381:20-0383:5. Based on the evidence presented, the Board after extensive deliberation made findings of fact, conclusions of law, and entered an order on September 4, 2024, imposing discipline on Ebonka, including a stayed revocation of his controlled substance registration, Certificate of Registration No. CS23430 (Order). AR 0370-0376; AR 0483:18-0517:14.

CONCLUSIONS OF LAW

The standard for judicial review is set forth in NRS 223B.135(3):

> The court shall not substitute its judgment for that of the agency as to the weight of evidence on a question of fact. The court may remand or affirm the final decision or set it aside in whole or in part if substantial rights of the petitioner have been prejudiced because the final decision of the agency is:
>
> (a) In violation of constitutional or statutory provisions;
> (b) In excess of the statutory authority of the agency;
> (c) Made upon unlawful procedure;
> (d) Affected by other error of law;
> (e) Clearly erroneous in view of the reliable, probative and substantial evidence on the whole record; or
> (f) Arbitrary or capricious or characterized by abuse of discretion.

See Nassiri v. Chiropractic Physicians' Bd., 130 Nev. 245, 249, 327 P.3d 487, 490 (2014).

[1] "AR" refers to the Administrative Record on file herein.

Ebonka only addresses questions of fact in the Memorandum of Points and Authorities in Support of Petition for Judicial Review. Specifically, Ebonka only focused on one issue for the Petition:

> 1. The Board's finding that Petitioner pre-signed two prescription scripts prior to his overseas trips was clearly erroneous in light of the reliable, probative and substantial evidence on the whole record, and therefore, was arbitrary, capricious and constitute[s] an abuse of discretion.

(Pet. at 5:15-20.)

This is fact specific. And as stated above, the Nevada Supreme Court, and the relevant statute are clear:

> The court shall not substitute its judgment for that of the agency as to the weight of evidence on a question of fact.

See Nassiri, 130 Nev. at 249, 327 P.3d at 490 (quoting 223B.135).

The Controlled Substances Act imposes strict liability on registrants to provide effective controls and procedures to guard against theft and diversion, which includes the duty to safeguard prescribing credentials from unauthorized use. *See* 21 CFR 1301.71(a).

There was substantial evidence elicited which supports the Board's finding that Ebonka pre-signed controlled substance prescriptions that were issued to two (2) patients while he was engaged in overseas travel, in violation of 21 CFR § 1306.05(a).

The Board's determination was based on uncontroverted direct evidence in the form of the two written prescriptions together with Ebonka's own admissions, which conclusively established that the prescriptions were issued under his name and DEA registration number, on prescriptions pads from his office, while he was out of the country, to patients for whom he had previously prescribed the same schedule II controlled substances.

The only claims Ebonka made in his defense were that he did not sign the prescriptions, would never pre-sign a controlled substance prescription, and that they must be forgeries. The Board did not find Ebonka's alibi credible, and upon comparing the four samples of his signature on his written responses to the Board investigation with the signatures on the prescriptions, reasonably concluded that the signatures were in fact his.

This Court cannot overturn the Board's decision solely based upon Ebonka's dispute of the Board's findings. The Board had two versions of a story before it and did not believe Ebonka's version. This Court cannot overturn the Board's decision on this basis.

Ebonka raises several arguments for the first time in reply. This is inappropriate. Arguments may not be raised for the first time in a reply brief. *See Weaver v. State, Dep't of Motor Vehicles*, 121 Nev. 494, 502, 117 P.3d 193, 198-99 (2005) (arguments raised for the first time in an appellant's reply brief need not be considered); *see also Francis v. Wynn Las Vegas, LLC*, 127 Nev. 657, 671 n.7, 262 P.3d 705, 715 n.7 (2011) (same); *see also Khoury v. Seastrand*, 132 Nev. 520, 530 n.2, 377 P.3d 81, 88 n.2 (2016) (citing NRAP 28(c) and concluding that an issue raised for the first time in a reply brief was waived); *Hung v. Berhad*, 138 Nev. 547, 550 n.2, 513 P.3d 1285, 1288 n.2 (Nev. App. 2022) (the general rule [is] that arguments raised for the first time in [a] reply brief are deemed waived). As the factual arguments were the only focus of the opening brief that is all that is considered by the Court. The remaining arguments on other issues are waived.

ORDER

The Petition for Judicial Review is DENIED.

The Judgment of the Board is AFFIRMED.

IT IS SO ORDERED ~~this ___ day of _____, 2025.~~

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and these respondents because at the time of the events alleged herein, Respondent Robert Seik (Seik), Certificate of Registration No. 13574, and Respondent David Whitehouse (Whitehouse), Certificate of Registration No. 13635, were pharmacists registered with the Board, and Respondent Partell Pharmacy (Partell Pharmacy), Pharmacy License No. PH02028, was a pharmacy licensed by the Board.

FACTUAL ALLEGATIONS

2. Seik owns Partell Pharmacy and served as the managing pharmacist of Partell Pharmacy from August 21, 2023, to September 19, 2023, and from January 6, 2024, to present.

3. Whitehouse served as the managing pharmacist of Partell Pharmacy from September 20, 2023, to January 5, 2024.

4. Partell Pharmacy contracted with The Wellness Company (TWC), based in Boca Raton, Florida, to dispense various prescription drug products to TWC patients.

5. One product was an "Emergency Kit" including: 1) Amoxicillin-Clavulanate 875-125mg (28 tablets); 2) Azithromycin 250mg (12 tablets); 3) Bactrim DS 800mg-160mg (28 tablets); 4) Doxycycline Hyclate 100mg (60 capsules); 5) Fluconazole 150mg (2 tablets); 6) Ivermectin 18mg (7 capsules); 7) Metronidazole 500mg (30 tablets); and 8) Ondansetron 4mg (6 tablets).

8. When a practitioner associated with TWC prescribed either of the two kits, Partell Pharmacy staff used a mutually agreed upon "pharmacy script" template that specified the drugs to be included in each kit.

9. Partell Pharmacy dispensed at least 512 prescriptions issued for an "Emergency Kit" or "COVID Kit" under this scheme.

10. Partell Pharmacy regularly substituted Budesonide in the "COVID Kit" with a Medrol DosePak and Albuterol without consulting the prescribing practitioner, and continued billing TWC for the cost of Budesonide while substituting cheaper medications.

11. None of the counseling materials for each kit included any information on Medrol DosePaks or Albuterol. No further action was taken by Partell Pharmacy, Seik or Whitehouse to correct the counseling materials or provide any information regarding the substituted medications.

7830 S. Las Vegas Boulevard

Exhibit 1

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **DAVID WHITEHOUSE, RPH,** **Certificate of Registration No. PT13635,** **Respondent.**	**Case No. 23-429-RPH-B-S** **DECLARATION OF GREGORY ZUNINO**

I, Gregory Zunino, hereby state the following:

1. I am an employee of the Nevada State Board of Pharmacy ("Board"). Pursuant to NRS 53.045, I have made this declaration for use in the above-entitled administrative action.

2. I am responsible for prosecuting administrative cases before the Board. I am knowledgeable about the Board's business processes and information systems as they pertain to filing, mailing, document management, and records retention.

3. I have examined the mailings and email correspondence on file related to the above-captioned case. Paragraphs 4 through 12 below contain a relevant summary of those mailings and correspondence.

4. On February 3, 2025, Board staff served upon Respondent David Whitehouse (Whitehouse) a copy of the Accusation and Notice of Defense in Case No. 23-429-RPH-S. Service was made by mailing true and correct copies of the Accusation and Notice of Defense, via both Certified U.S. Mail and Standard U.S. Mail, to Whitehouse at his last-know residential and work addresses.

5. On June 21, 2025, Whitehouse contacted Board staff via email. He stated that he had not received the Accusation and Notice of Defense through the normal process, but he acknowledged that someone had forwarded it to him via WhatsApp. Whitehouse complained that Board staff had mailed the Accusation and Notice of Defense to Partell Pharmacy without his knowledge. Whitehouse further alleged, without documentary proof, that he had previously given the Board his current address. in Miami, Florida. Whitehouse listed the address as 1065 SW 8th Street #101, Miami, Florida 33130.

6. On June 26, 2025, I sent an email to Whitehouse requesting that he confirm the identity of his attorney and his current mailing address.

7. On June 30, 2025, Whitehouse sent me a message via email in which he indicated that Joey Gilbert was not authorized to represent him. Whitehouse further stated, "I honestly lack the time at this moment to review the 5 page complaint from an incident that occurred over a year and a half ago, which I have no involvement or participation in. . . . As I stated earlier, this seems to be a case of guilt by association and a little digging will prove that out. Hopefully, as a result, the case against me would be dropped."

8. On July 8, 2025, Whitehouse sent me a second message via email in which he emphasized that Joey Gilbert was not authorized to represent him. On that same day, I responded: "Thank you for confirming for me that you are you not represented by Attorney Joey Gilbert. If you advise me that you have engaged some other attorney to represent you, I will correspond with that person. In the meantime, I will correspond with you directly."

9. On August 31, 2025, Whitehouse sent me a third message via email in which complained that he had not yet received a copy of Accusation and Notice of Defense via Certified U.S. Mail as required by statute.

10. In his email dated August 31, 2025, Whitehouse further stated, "It is now September and I most likely will not have time to retain an attorney for the next meeting as is required per said statutorial (sic) procedures, so I ask for another extension until I can retain the services of an attorney who can review the official written case document once it is finally received." Additionally, Whitehouse included a 10-page, single-spaced exposition of the reasons why the Board had violated his rights under state and federal law and the U.S. Constitution.

11. On September 2, 2025, I responded to Whitehouse as follows: "Let me know when you hire an attorney. I will keep this on the agenda for the October meeting. Your attorney can request a continuance."

12. On September 2, 2025, Board staff served upon Whitehouse a copy of the Accusation and Notice of Defense in Case No. 23-429-RPH-S. Service was made by mailing true and correct copies of the Accusation and Notice of Defense, via both Certified U.S. Mail and Standard U.S. Mail, to Whitehouse at [redacted] Miami, Florida [redacted]

13. As of September 18, 2025, no attorney had contacted me or otherwise filed a notice of appearance on behalf of Whitehouse.

14. Based upon my correspondence with Whitehouse, as described above, I have reason to believe that Whitehouse will not appear for the hearing in this matter, as currently scheduled for October 15, 2025. Therefore, it my intention to apply for a Decision by Default.

I, Gregory L. Zunino, hereby declare under penalty of perjury that the foregoing is true and correct.

DATED: September 18, 2025.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **KAVEH KASHANI, DO,** **Certificate of Registration No. CS25528,** **Respondent.**	**Case No. 23-104-CS-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because, at the time of the events alleged herein, Kaveh Kashani, DO ("Respondent") held a registration issued by the Board, Certificate of Registration No. CS25528.

FACTUAL ALLEGATIONS

2. Respondent is licensed by the Nevada State Board of Osteopathic Medicine ("Osteopathic Board') to practice family medicine. At the time of the violations alleged herein, Respondent was a "practitioner" as that term is defined at NRS 453.126(1) and 639.0125(1).

3. Since February 2, 2017 through present, Respondent has held a certificate of registration issued by the Board pursuant to NRS 453.226. This certificate of registration authorized Respondent to prescribe controlled substances. Since then, Respondent has renewed his certification with the Board biennially, and he holds current active certification.

4. On February 19, 2021, Respondent entered into a signed settlement agreement with the Osteopathic Board to resolve an administrative action it had brought against Respondent for

violating the terms and conditions of a previously agreed-upon consent decree. The Osteopathic Board finalized the settlement agreement through a signed order on March 9, 2021.

5. According to Board records, on September 1, 2022, Respondent renewed his certificate of registration with the Board for the licensing period of November 1, 2022 to October 31, 2024. The renewal period is the first time Respondent would have had to renew his registration since the resolution of his administrative action with the Osteopathic Board.

6. The renewal form requires applicants to answer a series of questions to complete the application, including a set of questions entitled "Legal Information." Question 3 reads: "Since your last renewal or recent licensure have you been the subject of a board citation or an administrative action whether completed or pending in any state?" Respondent selected the answer "No" and failed to disclose his administrative action before the Osteopathic Board.

7. The renewal form requires applicants to certify that the statements made are true and correct and that it is a "violation of Nevada Statute to falsify this application and sanctions will be imposed for misrepresentation." Respondent signed and dated the application, acknowledging that his application was true and correct.

8. The Board's staff approved Respondent's certificate of registration authorizing Respondent to dispense controlled substances based upon his representations in the application.

9. On March 17, 2023, Respondent submitted his Dispensing Practitioner application for a new location with the Board. In his application, Respondent disclosed that he had been subject to a board citation or administrative action since his last renewal or licensure. At the time, the Board became aware of Respondent's settlement with the Osteopathic Board.

NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. KAVEH KASHANI, D.O. Certificate of Registration No. CS25528, Respondent.	Case No. 23-104-CS-S **ANSWER AND NOTICE OF DEFENSE**

Pursuant to NRS 622A.320 and NRS 639.243, Respondent Dr. Kaveh Kashani, DO, through undersigned counsel, submits this Answer and Notice of Defense. Dr. Kashani respectfully requests that the Board consider the full legal and evidentiary context before making any disciplinary determination.

1. Dr. Kashani denies that he knowingly made a false statement on his controlled substance renewal application dated September 1, 2022. He understood the question regarding administrative actions to refer to new or separate matters initiated since his last renewal. At the time of submission, he remained subject to a previously disclosed probation that originated before his 2017 pharmacy registration, which he believed remained on file with the Board. Dr. Kashani submits this Answer in full respect for the Board's role in protecting public health and safety through fair and consistent enforcement of Nevada law.

2. The administrative action referenced in the Accusation was finalized by the Nevada State Board of Osteopathic Medicine on March 9, 2021. It did not result from new misconduct but instead modified the terms of an existing probation previously disclosed to the Pharmacy Board during Dr. Kashani's 2017 initial registration. Subsequent filings, including the 2023 dispensing practitioner application and the 2024 controlled substance renewal, affirmatively referenced the same underlying matter and reflect his ongoing intent to remain transparent.

3. Dr. Kashani had no motive to conceal the matter. He received no advantage from answering "No" to Question 3, as the Board had previously issued his license while aware of his probationary status. His response was based on a reasonable, good-faith interpretation of the question's temporal scope, which he understood to refer only to new disciplinary matters arising since his last renewal. The Board's subsequent approval of his renewal without condition confirms that the response had no material bearing on its licensing decision or on the public's protection.

4. NAC 639.229 requires licensees to report final administrative actions taken by other boards within thirty days. While the regulation mandates reporting, it does not specify a penalty for noncompliance. Nothing in the text of NAC 639.229 or its enabling statute, NRS 639.210, expressly imposes strict liability for inadvertent or good-faith omissions. In the absence of willful concealment or other aggravating conduct, such reporting oversights have not been treated as presumptive grounds for formal discipline under the regulation's structure and the Board's historical enforcement approach.

5. NRS 639.210 subsections 9 and 10 authorize discipline for false or fraudulent statements made on an application. Subsection 9 applies when a material falsehood is made willfully. Subsection 10 does not include an express intent requirement but refers generally to false or fraudulent submissions. Other subsections, including 12 and 15, use a knowledge standard when imposing discipline in related contexts. In matters involving administrative errors, the absence of intent to mislead remains relevant to the Board's discretionary authority and the proportionality principles reflected in its enforcement practices.

6. NRS 639.210(4) authorizes discipline for unprofessional conduct or conduct contrary to the public interest. While the statute does not define these terms, publicly available enforcement actions suggest that the Board has invoked this provision in matters involving conduct that compromises public trust, regulatory integrity, or patient safety. Dr. Kashani's clerical error caused no such harm and does not appear to meet the threshold for formal discipline under this standard.

7. The investigative file contains no evidence of patient harm, diversion, improper prescribing, or misuse of Dr. Kashani's controlled substance registration. Since obtaining licensure in Nevada, Dr. Kashani has remained in good standing with both the Pharmacy Board and the Board of Osteopathic Medicine. He has maintained a valid DEA registration and has continued to practice without restriction.

8. The September 2022 renewal error occurred during the final phase of a five-year probation that had been extended by agreement with the Osteopathic Board. Dr. Kashani was under the impression that the Board was already aware of the administrative status from prior disclosures. His continued disclosure of the same matter in later filings supports the conclusion that the error was isolated and unintentional.

9. NRS 622A.360 permits informal disposition of a contested case by stipulation, settlement, consent order, or default. Where no ongoing public safety concern exists, such resolution may be appropriate. Dr. Kashani's record, combined with the absence of aggravating factors, supports closure of this matter through discretionary enforcement without formal discipline. This outcome would align with prior Board practice and the remedial purpose of Chapter 622A.

10. Under NRS 622A.300 and 233B.127, a licensee facing disciplinary action is entitled to notice, a hearing, and the opportunity to respond to the allegations presented. Dr. Kashani invokes those rights through this Answer and reserves the opportunity to present evidence, legal argument, and testimony should this matter proceed to hearing.

11. In light of the above, Dr. Kashani respectfully requests that the Board dismiss the Accusation and close the matter without discipline. Alternatively, Respondent may consider resolution through a stipulated agreement if appropriate, subject to review and authorization.

12. Should a stipulated agreement be reached, Respondent respectfully requests that it clarify no adverse report will be submitted to the National Practitioner Data Bank under 45 C.F.R. § 60.12(a), which limits reporting to actions that impose restrictions on licensure or are based on findings of professional incompetence or misconduct. Dr. Kashani's conduct does not meet that threshold.

13. The request for resolution is further supported by the absence of disciplinary history with the Board of Pharmacy and the consistent disclosure of the underlying administrative matter in other Board filings. No evidence exists that Dr. Kashani sought to circumvent Board oversight or to obtain licensure by deceit.

14. If the Board elects to impose any sanction, it should be limited to a non-disciplinary administrative fine or advisory letter, and it should expressly disclaim any finding of intent to deceive or falsify. Such a resolution would comport with the Board's mandate to ensure fairness and proportionality in licensing decisions.

15. Any disciplinary sanction disproportionate to the underlying conduct may be subject to judicial review under NRS 233B.135 if found arbitrary, capricious, or unsupported by substantial evidence. Dr. Kashani reserves all rights to challenge such action in accordance with Nevada law.

16. This Answer is supported by verified documentation, including prior Board applications and declarations submitted under penalty of perjury. Additional evidence will be offered as appropriate at the time of hearing or stipulation.

17. Dr. Kashani reserves the right to amend this Answer and submit additional affirmative defenses as facts develop. If the Stipulated Resolution Proposal is rejected, Dr. Kashani requests that the Board set the matter for hearing on October 15, 2025, as noticed, and that it provide the Respondent with full opportunity to present testimony, documentary evidence, legal argument, and expert support, if necessary. All factual representations are made by undersigned counsel based on the administrative record and prior Board filings. Respondent reserves the right to supplement, correct, or clarify the record upon review.

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **KAVEH KASHANI, DO,** **Certificate of Registration No. CS25528,** **Respondent.**	**Case No. 23-104-CS-S** **STIPULATION AND ORDER**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, by and through counsel, Laura M. Tucker, Esq., and Kaveh Kashani, DO, ("Respondent"), by and through counsel, Ayeshi Mehdi, Esq., hereby stipulate and agree as follows:

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over Respondent and this matter.

2. The Board's staff properly served Respondent with the Notice of Intended Action and Accusation ("Accusation") on file in this matter, together with the Statement to Respondent and Notice of Hearing.

3. Respondent acknowledges that he understands the terms of this Stipulation and Proposed Order ("Stipulation"), and that he has executed it knowingly and voluntarily.

4. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration of a Board determination in a contested case, the right to appeal a Board determination in a contested case, and all other rights afforded to Respondent under NRS Chapter 233B, the Nevada Administrative Procedure Act, NRS Chapter 622A, which governs administrative procedure before the Board, NRS Chapter 639, the Nevada Pharmacy Act, and NRS Chapter 453, the Nevada Uniform Controlled Substances Act.

5. Conditioned on the acceptance of this Stipulation by the Board, and excluding the right to challenge any determination that Respondent has failed to comply with the provisions of this Stipulation, Respondent hereby freely and voluntarily waives his right to a hearing, reconsideration, appeal, and other rights related to this action as identified above.

6. Respondent admits that evidence exists, and that Board staff prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violation alleged in Count One of the Accusation, to wit:

A. Respondent did not disclose on his 2022 renewal application that he had been the subject of an administrative action before the Nevada State Board of Osteopathic Medicine. Respondent later disclosed this action in subsequent filings. The Board concludes this constitutes a violation of its reporting and application requirements.

7. Now, therefore, to resolve this matter without incurring any further costs or the expenses associated with a hearing, the Board and Respondent agrees to the imposition of the following penalties:

A. Respondent accepts the Stipulation as a public reprimand imposed pursuant to NRS 639.255(1)(e).

B. Respondent shall pay an administrative fine of **One Thousand and 00/100 Dollars ($1,000.00)**, payable by *cashier's check, certified check,* or *money order* written to the "**State of Nevada, Office of the Treasurer.**" Respondent shall remit payment in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, on or before November 14, 2025.

C. Respondent shall pay the sum of **Five Hundred and 00/100 Dollars ($500.00)** to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter. This sum shall be payable by *cashier's check, certified check,* or *money order* written to the "**Nevada State Board of Pharmacy.**" Respondent shall remit payment in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, on or before November 14, 2025.

8. This Stipulation constitutes a full and final resolution of the Accusation in Case No. 23-104-CS-S. However, Respondent understands and acknowledges that his failure to comply with the terms stated herein may result in issuance by the Executive Secretary of an order to show cause, pursuant to NAC 639.965, directing Respondent to appear before the Board at the next regularly

scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation by Respondent, the Board may impose additional discipline not inconsistent with the provisions of NRS Chapter 639.

9. The Board's General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on October 15, 2025, in Las Vegas, Nevada. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent fails to appear for the meeting.

10. The Board may accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60.

11. If the Board rejects any part or all this Stipulation, and unless the parties reach an alternative agreement on the record during the hearing, the parties agree that the Board may hear a full contested hearing on the merits of all alleged violations as stated in the Accusation. The terms and admissions herein may not be used, relied upon, or referred to by any party during any such hearing.

12. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release each other from any or all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have been asserted by the Board on or before the effective date of this Order.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **ALEX SPINOSO, MD.,** **Certificate of Registration No. CS36319,** **Respondent.**	**Case No. 24-332-CS-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because, at the time of the events alleged herein, Alex Spinoso, M.D. (Respondent) held a license issued by the Board, CS36319, authorizing him to prescribe controlled substances.

FACTUAL ALLEGATIONS

2. Respondent owns Genesis Lifestyle Medicine, located at 7455 W. Washington Ave., Suite 140, in Las Vegas, Nevada, and 3037 W. Horizon Ridge Parkway, Suite 110, in Henderson, Nevada.

3. From at least August 1, 2022 until October 1, 2023, Respondent's credentials were used to issue some electronic prescriptions for patients with whom Respondent had not established a bona fide therapeutic relationship, before Respondent had examined the patients, and whom Respondent had neither diagnosed nor determined that a controlled substance was medically necessary.

4. According to a Board investigation, several Nevada patients to whom Respondent prescribed controlled substances stated that they never had any contact with Respondent, either in

person, via telephone, or electronically. While Genesis Lifestyle Medicine employed three nurse practitioners who met with patients at its two Las Vegas-area locations, only Respondent's credentials were used to issue prescriptions for controlled substances.

5. From at least August 1, 2022 until October 1, 2023, in some instances, Respondent's credentials were used to issue electronic prescriptions for patients from a Las Vegas-based IP address, at a time when Respondent was physically not located in Las Vegas. According to a Board investigation, several employees stated that the Respondent rarely physically came into the Nevada clinics.

6. According to Board records, Respondent issued 351 controlled substances prescriptions, primarily for testosterone cypionate, for 173 unique Nevada patients, from August 1, 2022 until October 1, 2023. During this time period, Genesis Lifestyle Medicine employees stated that Respondent was rarely, if ever, physically present at either the Las Vegas or Henderson locations. Furthermore, during this time period, Board records show that Respondent ran PMP reports for only 36 patients. Since September 22, 2022, Board records show that Respondent has not run any PMP reports on patients to whom he prescribed controlled substances.

APPLICABLE LAW

7. A prescription for a controlled substance may be issued only for a legitimate medical purpose and in the usual course of his or her professional practice by an individual practitioner who holds a DEA registration and is authorized to prescribe controlled substances by the jurisdiction in which he is licensed to practice his profession, to a patient with whom the practitioner has established a bona fide therapeutic relationship. NRS 453.381(1); NRS 639.235.

8. An electronic prescription for a controlled substance must be issued in compliance with 21 CFR § 1311.100, NRS 453.385, NRS 639.23535 and NAC 639.7105(2), and a practitioner must retain sole possession of the hard token, where applicable, and must not share the password or other knowledge factor, or biometric information, with any other person, and

must not allow any other person to use the token or enter the knowledge factor or other identification means to sign prescriptions for controlled substances. 21 CFR § 1311.102.

9. Performing or in any way being a party to any deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(h) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 453.236(1) and NRS 639.210(4).

10. Performing any duties as the holder of a registration in an incompetent, unskillful or negligent manner constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(i) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 453.236(1) and NRS 639.210(4).

11. Prescribing a drug to any patient with whom the prescribing practitioner does not have a bona fide therapeutic relationship deems the prescription illegal pursuant to NRS 639.235(1) and constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(n)(2) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

12. Violating or attempting to violate any law or regulation relating to drugs is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(12).

13. The Board may suspend or revoke a registration issued pursuant to NRS 453.231 upon a finding that the registrant has committed an act that renders registration inconsistent with the public interest. NRS 453.236(1)(e) and NRS 453.241(1).

COUNT ONE

Unlawfully Issuing Electronic Prescriptions for Controlled Substances

14. By permitting unauthorized employees to use his credentials and act under his authority to issue electronic prescriptions for controlled substances, as alleged above, Respondent violated or attempted to violate, or knowingly permitted, allowed, or condoned a

violation of NRS 639.235(1), NRS 639.23535, and/or NAC 639.7105, and is subject to discipline pursuant to NRS 453.236(1)(e), NRS 453.241(1), NRS 639.210(12) and/or NRS 639.23916(3)(b).

COUNT TWO

Unprofessional Conduct -Party to Deceitful Practice or Transaction by Permitting Use of Credentials

15. As alleged above, by permitting employees to use his credentials and act under his authority to issue prescriptions for controlled substances, Respondent was party to a deceitful practice or transaction and engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(h), and is subject to discipline pursuant to NRS 453.236(l)(e), NRS 453.241(1) and/or NRS 639.210(4).

COUNT THREE

Unprofessional Conduct -Incompetent, Unskillful or Negligent Performance of Duties by Allowing Prescribing Credentials to be Used by Unauthorized Employees

16. By engaging in the unauthorized use of his credentials and authority to issue electronic prescriptions for controlled substances, as alleged above, Respondent failed to comply with 21 CFR § 1311.102, NRS 453.164(7) and NAC 639.7105(2)(b), and performed his duties as the holder of a Nevada controlled substance registration in an incompetent, unskillful or negligent manner and engaged in unprofessional conduct as defined in NAC 639.945(1)(i), and is subject to discipline pursuant to NRS 453.236(1)(e), NRS 453.241(1) and NRS 639.210(4).

COUNT FOUR

Unprofessional Conduct – Prescribing/Dispensing Without Bona Fide Therapeutic Relationship

17. By issuing electronic prescriptions for controlled substances to patients with whom he did not have a bona fide therapeutic relationship as alleged above, Respondent issued an illegal prescription pursuant to NRS 639.235, has violated or attempted to violate NRS 453.381(1) and NRS 453.385, and engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(n)(2). As such, Respondent is subject to discipline pursuant to NRS 453.236(1)(e), NRS 453.241(1) and/or NRS 639.210(4).

COUNT FIVE

Noncompliance with Prescription Monitoring Program

18. As alleged above, Respondent queried the PMP database regarding his patients' histories of using controlled substances only 36 times from August 1, 2022 to October 1, 2023 and has not run a patient report since September 22, 2022.

19. By failing to query the PMP database to review his patients' utilization report prior to issuing a prescription for a controlled substance, Respondent violated NRS 453.164(7) and NRS 639.23507. These are violations of state law and acts that render Respondent's Nevada controlled substance registration inconsistent with the public interest. Therefore, the Board may impose administrative discipline. NRS 639.210(4) and (12); NRS 639.255(3), NRS 453.236(1)(d) and (e), and NRS 453.241(1).

COUNT SIX

21. By failing to query the PMP database to review his patients' utilization report prior to issuing a prescription for a controlled substance, Respondent performed his duties as the holder of a certificate issued by the Board in an incompetent, unskillful or negligent manner.

22. As alleged above, Respondent's conduct constitutes unprofessional conduct for which the Board may impose administrative discipline. NRS 639.210(4); NAC 639.945(1)(i).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of Respondent Alex Spinoso.

16. Answering Paragraph 22 of the Accusation, this paragraph contains statements of law, summaries of statutes and regulations, and other legal conclusions to which no response is required or can be fairly made by Respondent; however, for the purposes of non-waiver, and to the extent this paragraph contains any factual allegations to which a response is required, Respondent denies the allegations within Paragraph 22 of the Accusation, and specifically denies any allegation of misconduct, wrongdoing, or violation of any statute or regulation identified therein.

RESPONSE TO ACCUSATION'S REQUEST FOR RELIEF

In response to the Board's request for relief, Respondent denies that the Board should take any disciplinary action with respect to his Certificate.

AFFIRMATIVE DEFENSES

Respondent asserts and raises the following affirmative defenses to the Board's allegations contained within the Accusation:

1. The Board's Accusation, in whole or in part, fails to state a claim upon which relief may be granted.

2. Respondent's prescriptions identified in the Accusation were validly issued to patients with which Respondent established a *bona fide* treatment relationship.

3. Respondent's prescriptions identified within the Accusation were issued for medically necessary purposes in the course of patient treatment.

4. Respondent's prescriptions to the patients identified in the Accusation were issued in material conformity with all applicable state and federal laws and regulations.

5. Respondent had conducted an appropriate medical background and examination of the patients identified within the Accusations.

6. Respondent's conduct and discharge of the activities identified within the Accusation were each, at all relevant times, undertaken honestly, competently, and in a manner consistent with the appropriate standard of care.

7. Respondent exercised appropriate supervision over duly licensed advanced practice registered nurses involved in the evaluation and treatment of patients identified within the Accusation.

Respondent exercised due care and good faith towards the Board, Respondent's patients referenced within the Accusation, and/or made a good faith effort to comply with all statutes and administrative code provisions governing his Certificate, and all other statutes and administrative code provisions concerning the prescription and ordering of drugs and controlled substances.

12. All possible affirmative defenses may not have been alleged herein insofar as sufficient facts were not available after reasonable inquiry upon the filing of Respondent's Answer and insofar as the Accusation is couched in conclusory and vague terms, and therefore Respondent hereby reserves the right to assert additional affirmative defenses.

RESPONDENT'S PRAYER FOR RELIEF

WHEREFORE, Respondent respectfully requests the following relief be granted by the Board:

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **ALEX SPINOSO, M.D.,** **Certificate of Registration No. CS36319,** **Respondent.**	**Case No. 24-332-S** **STIPULATION AND ORDER**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, by and through counsel, Laura M. Tucker, Esq., and Alex Spinoso, M.D., ("Respondent"), by and through counsel, Courtney M. Sullivan, Esq., hereby stipulate and agree as follows:

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over Respondent and this matter.

2. The Board's staff properly served Respondent with the Notice of Intended Action and Accusation ("Accusation") on file in this matter, together with the Statement to Respondent and Notice of Hearing.

3. Respondent acknowledges that he understands the terms of this Stipulation and Proposed Order ("Stipulation"), and that he has executed it knowingly and voluntarily.

4. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration of a Board determination in a contested case, the right to appeal a Board determination in a contested case, and all other rights afforded to Respondent under NRS Chapter 233B, the Nevada Administrative Procedure Act, NRS Chapter 622A, which governs administrative procedure before the Board, NRS Chapter 639, the Nevada Pharmacy Act, and NRS Chapter 453, the Nevada Uniform Controlled Substances Act.

5. Conditioned on the acceptance of this Stipulation by the Board, and excluding the right to challenge any determination that Respondent has failed to comply with the provisions of this Stipulation, Respondent hereby freely and voluntarily waives his right to a hearing, reconsideration, appeal, and other rights related to this action as identified above.

6. Respondent admits that evidence exists, and that Board staff prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violations alleged in Counts Four, Five, and Six of the Accusation, to wit:

A. Between August 2022 to October 1, 2023, Respondent did not access the prescription monitoring program database for the purpose of reviewing his prescribing activity, as required by NRS 453.164(7), for at least some of the controlled substances he prescribed, and he did not review patient utilization reports in at least some instances where such review was required pursuant to NRS 639.23507.

B. Respondent did not personally evaluate certain patients for whom he issued prescriptions for controlled substances. Although these patients were personally evaluated by other credentialed practitioners working within the same medical practice as Respondent and Respondent assertedly relied upon the impressions, notes, and evaluations prepared by those practitioners, those practitioners did not issue the prescriptions in question.

7. The parties agree that there is no direct evidence to establish that Respondent knowingly authorized or directed non-credentialed persons to access the prescription monitoring program database on Respondent's behalf. Therefore, in the interest of compromise, Counts One, Two, and Three of the Accusation shall be dismissed upon approval of this Stipulation by the Board.

8. Now, therefore, to resolve this matter without incurring any further costs or the expenses associated with a hearing, the Board and Respondent agree that Respondent's Certificate of Registration No. CS36319 is REVOKED, effective immediately; however the revocation is stayed, and Respondent is placed on probation for a period of one (1) year, subject to the following conditions:

A. Respondent shall pay an administrative fine of **Five Thousand and 00/100 Dollars ($5,000.00)**, payable by *cashier's check, certified check,* or *money order* written to the "**State of Nevada, Office of the Treasurer.**" Respondent shall remit payment in full to the

Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, on or before November 14, 2025.

B. Respondent shall pay the sum of **One Thousand Two Hundred Fifty and 00/100 Dollars ($1,250.00)** to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter. This sum shall be payable by *cashier's check, certified check,* or *money order* written to the "**Nevada State Board of Pharmacy.**" Respondent shall remit payment in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, on or before November 14, 2025.

C. Respondent agrees to **continue to comply with all PMP-related laws and regulations**, including but not limited to, NRS 453.164(7) and NRS 639.23507, and to contact the Board of Pharmacy in the future if he has any problems or questions;

D. Respondent agrees to **participate in training with Board staff on use of the PMP system** within sixty (60) days of the effective date of this order;

E. As a condition of probation, Respondent shall not engage in any conduct for which disciplinary action may be imposed pursuant to the provisions of NRS 639.210, NRS 453.236, and/or associated regulations.

9. This Stipulation constitutes a full and final resolution of the Accusation in Case No. 24-332-S. However, Respondent understands and acknowledges that his failure to comply with the terms stated herein may result in issuance by the Executive Secretary of an order to show cause, pursuant to NAC 639.965, directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation by Respondent, the Board may impose additional discipline not inconsistent with the provisions of NRS Chapter 639. For the avoidance of doubt, such hearing must occur and further or additional discipline must be imposed to change or modify the discipline set forth in this Stipulation, including the dissolution or termination of the stay of revocation for Respondent's Certificate.

10. The Board's General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on October 15, 2025, in

Las Vegas, Nevada. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent fails to appear for the meeting.

11. The Board may accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60.

12. If the Board rejects any part or all of this Stipulation, and unless the parties reach an alternative agreement on the record during the hearing, the parties agree that the Board may hear a full contested hearing on the merits of all alleged violations as stated in the Accusation. The terms and admissions herein may not be used, relied upon, or referred to by any party during any such hearing.

13. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release each other from any or all additional claims arising from the facts set forth in the Accusation on file herein, whether known or unknown that might otherwise have been asserted by the Board on or before the effective date of this Order.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and has freely and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **MICHAEL J. STELLMACHER, PA,** **Certificate of Registration No. CS21884,** **Respondent.**	**Case No. 24-364-CS-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because, at the time of the events alleged herein, Respondent Michael J. Stellmacher, PA ("Respondent") held a registration issued by the Board, Certificate of Registration No. CS21884.

FACTUAL ALLEGATIONS

2. At all times relevant to this accusation, Respondent has been employed as the medical director of Premier Beauty, LLC, also known as Channel Pro, (Premier Beauty), located at 4555 S. Fort Apache Road, Suite 104, in Las Vegas, Nevada.

3. Since at least December 28, 2023 until present, Joseph Gillis ("Gillis") owned and/or operated Premier Beauty. Since at least May 9, 2024 until present, Betty Dare ("Dare") was listed as the director of Premier Beauty. Gillis and Dare are not Nevada-licensed practitioners as that term is defined in NRS 639.0125 and NRS 453.126.

4. A Board investigation on August 29, 2024 revealed that Respondent permitted Gillis and Dare to have independent access to the medication storage containing dangerous drugs, and to access those medications outside Respondent's presence without Respondent's supervision.

5. Respondent admitted that he was the medical director of Premier Beauty, but that he rarely was on site and stated that he had no patient records. Respondent was not physically on-site at Premier Beauty while Board investigators were there.

6. Respondent permitted Dare to independently access, possess, furnish, and administer dangerous drugs to patients, to provide on-site medical treatment, including the administration of dangerous drugs through injection, specifically tirzepatide, semaglutide powders, and nicotinamide adenine dinucleotide (NAD), without direct practitioner supervision, to patients with whom Respondent had not established a bona fide therapeutic relationship, and for whom Respondent had neither diagnosed nor determined that a dangerous drug was medically necessary.

7. Furthermore, the investigation revealed that these dangerous drugs were purchased from OUISA Pharmacy Corp. (OUISA), located in Spring Hill, Florida; OUISA not licensed as a wholesaler by the Board. The dangerous drugs were labeled as not for patient use.

8. Respondent permitted Gillis to purchase the drug products using the National Provider Identifier (NPI) number of Dr. Jayendrakumar Amin (Amin) and had the products shipped to California. Amin is located in California and does not hold any license or registration with the Board.

9. Premier Beauty's inventory included multiple vials of various injectable drugs intended for distribution in foreign markets and not approved for distribution or use in the United States, including medytox and other forms of botulinum toxins, multivitamin injections, and glutathione injections.

10. In at least one instance, Respondent's failure to supervise Dare while she administered tirzepatide to a patient resulted in patient harm. On June 7, 2024, Dare injected patient D.S. with tirzepatide and gave D.S. three more shots to take home with her. D.S. went to the emergency room with injuries from the injection. Respondent was not on site during the injection.

11. On or about February 19, 2025, the Board issued a cease-and-desist order with a citation and fine against Premier Beauty, Gillis, and Dare for unlicensed activity. On or about February 25, 2025, the Board issued a cease-and-desist order with a citation and fine against Amin for unlicensed wholesale activity.

NEVADA STATE BOARD OF PHARMACY,

Petitioner,

v.

GREENBAY SPECIALTY PHARMACY, License No. PH04393,

Respondent.

Case No. 24-384-PH-S

NOTICE OF INTENDED ACTION AND ACCUSATION

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, files the following document that will serve as both a notice of intended action under NRS 233B.127(3) and an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over this matter because, at the time of the events alleged herein, Greenbay Specialty Pharmacy (Respondent) held a license issued by the Board pursuant to NRS 639.230, authorizing the business to operate as a pharmacy.

FACTUAL ALLEGATIONS

2. Respondent, located at 3483 S. Eastern Avenue, Suite 100 in Las Vegas, Nevada, was licensed by the Board under License No. PH04393 to operate as a pharmacy from December 8, 2021 through the present.

3. Jose Ferran (Ferran), License No. 16283, was the managing pharmacist during all relevant times.

4. On or about September 18, 2024, the Board received a complaint from pharmacy benefits manager Caremark stating that, during its review of Respondent's invoices, Caremark discovered that Respondent provided counterfeit invoices from HIV medications from MDR

Specialty Distribution Corporation (MDR Specialty), a company that does not provide HIV medications.

5. MDR Specialty is not licensed as a wholesaler with the Board to wholesale in Nevada.

6. In a statement, Ferran stated that a representative from MDR Specialty approached Respondent in 2023 offering prices for HIV medication that were $100 to $200 less than the wholesale acquisition cost.

7. Respondent asked for a copy of MDR Specialty's license, and MDR Specialty provided a license with the Virginia Board of Pharmacy and the National Association of Boards of Pharmacy. MDR Specialty did not provide a license to wholesale in Nevada.

8. A Board investigation determined that MDR Specialty provided Respondent with another company's legitimate licenses in Virginia and with the National Association of Boards of Pharmacy as its own.

9. On or about August 2023, Respondent began ordering HIV medications from MDR Specialty and received an email from MDR Specialty with a copy of the pedigree for each shipped medication.

10. A Board investigation later determined that MDR Specialty falsified the pedigrees for the HIV medications and that MDR Specialty never purchased HIV medications from the manufacturer as it claimed.

11. Respondent dispensed the drugs it purchased from MDR Specialty to Nevada patients.

12. On or about January 2024, during a routine inspection of Respondent's invoices, a Board inspector informed Respondent that it appeared MDR Specialty was not licensed by the Board to wholesale in Nevada.

13. Ferran stated that he did not ask MDR Specialty for a copy of its Nevada license following the Board's inspection.

14. After Caremark identified the counterfeit invoices and notified Respondent in September 2024, Respondent asked for MDR Specialty's Nevada license. At that time, MDR Specialty disconnected its phones, did not respond to emails, and shut down operations.

APPLICABLE LAW

15. Nevada law defines a purchaser as a pharmacy or practitioner that purchases a prescription drug *from a wholesaler licensed pursuant to NRS 639.233*. Any person, including a wholesaler or manufacturer, who engages in the business of wholesale distribution or furnishing controlled substances, poisons, drugs, devices or appliances that are restricted by federal law to sale by or on the order of a physician to any person located within this State shall obtain a license from the Board. NRS 639.233(1).

16. A wholesaler may sell a prescription drug only if the sale is a bona fide transaction. NRS 639.595(1). A purchase shall be deemed a bona fide transaction if the wholesaler purchased the drug directly from the manufacturer of the drug or with a reasonable belief that the drug was originally purchased directly from the manufacturer of the drug. NRS 639.595(5)(a).

17. Pursuant to 21 U.S.C. § 331(a), (b) and (c) it is unlawful to engage in the sale and/or distribution of an adulterated or misbranded drug in interstate commerce.

18. Pursuant to NRS 585.520(1) and (2) it is unlawful to sell or distribute an adulterated or misbranded drug. A drug is misbranded if it is an imitation of another drug or offered for sale under the name of another drug. NRS 585.460.

19. A pharmacist has a duty to exercise reasonable care when purchasing drugs from a wholesaler for resale to the public. Pursuant to NRS 639.100(1), it is unlawful for any person to permit to be manufactured, distributed at wholesale, sold or dispensed, any drug, poison, medicine or chemical, or to dispense, or permit to be dispensed, any prescription of a practitioner, unless the person holds the appropriate certificate, license or permit and complies with the regulations adopted by the Board. *See also* NAC 639.601 (misbranded drug must be destroyed or returned to the supplier).

20. The Board may suspend or revoke a license if the holder has violated any provision of the Federal Food, Drug and Cosmetic Act or any other federal law or regulation relating to prescription drugs. NRS 639.210(11). The Board may revoke or suspend the registration of any practitioner who has violated, attempted to violate, assisted, or abetted in the violation of, or conspired to violate any of the provisions of NRS chapter 639 or any state or federal law or regulation relating to drugs, the manufacture or distribution of drugs, or the practice of pharmacy. NRS 639.210(12).

21. Performing or in any way being a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(h). The holder of any license who performs their duties as an entity licensed by the Board in an incompetent, unskillful or negligent manner acts in a manner declared to be unprofessional conduct or contrary to the public interest pursuant to NAC 639.945(1)(i).

22. The Board may revoke or suspend the registration of any license holder who is guilty of unprofessional conduct or conduct contrary to the public interest. *See* NRS 639.210(4).

23. In lieu of, or in addition to revoking or suspending a license holder's registration for violating the law or engaging in unprofessional conduct, the Board may impose fines as a disciplinary measure. *See* NRS 639.255; NAC 639.955.

COUNT ONE

Unprofessional Conduct -Performing Duties in an Incompetent, Unskillful, or Negligent Manner

24. As alleged above, between August of 2023 and September of 2024, Respondent purchased counterfeit HIV medication from MDR Specialty. Respondent dispensed the medication to patients in Nevada.

25. During the relevant time period, MDR Specialty did not hold a license with the Board to engage in the business of wholesale distribution in Nevada.

26. At no time between August of 2023 and September 2024 did Respondent request proof that MDR Specialty was a licensed wholesaler in Nevada pursuant to NRS 639.233.

27. Because Respondent did not request proof that MDR Specialty was a licensed wholesaler, Respondent allowed counterfeit HIV medication to be dispensed to patients in Nevada.

28. Because it is unlawful to sell counterfeit drugs, Respondent had a duty to exercise reasonable care when purchasing drugs from a wholesaler for resale to the public. *See* NRS 639.100(1). By failing to verify that MDR Specialty was a licensed wholesaler in Nevada, Respondent performed its duties as a purchaser and as the holder of a certificate of registration issued by the Board in an incompetent, unskillful, or negligent manner.

29. Respondent's conduct as alleged above amounts to unprofessional conduct for which the Board may impose administrative discipline. *See* NRS 639.210(4); NAC 639.945(1)(i).

COUNT TWO

Unprofessional Conduct -Being Party to a Fraudulent or Deceitful Practice

30. As alleged above, between August of 2023 and September of 2024, Respondent purchased fraudulent HIV medication from MDR Specialty. Respondent dispensed the counterfeit HIV medication to patients in Nevada.

31. During the relevant time period, MDR Specialty did not hold a license with the Board to engage in the business of wholesale distribution in Nevada.

32. Respondent knew or should have known that MDR Specialty was not licensed with the Board to engage in the business of wholesale distribution in Nevada.

33. By dispensing counterfeit medications to Nevada patients through the use of an unlicensed wholesaler, Respondent was a party to a fraudulent or deceitful practice or transaction and engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(h). By performing these acts, Respondent engaged in unprofessional conduct and conduct contrary to the public interest. NAC 639.945(1)(k). This is a violation of law for which the Board may impose administrative discipline. *See* NRS 639.210(4).

COUNT THREE

Aiding or Abetting Violation of a State Law or Regulation

34. Between August of 2023 and September of 2024, Respondent purchased counterfeit HIV medication from MDR Specialty.

35. During the relevant time period, MDR Specialty did not hold a license with the Board to engage in the business of wholesale distribution in Nevada.

36. At no time between August of 2023 and September 2024 did Respondent request proof that MDR Specialty was a licensed wholesaler in Nevada pursuant to NRS 639.233.

37. As alleged above, MDR Specialty falsified the pedigrees for the HIV medications, and MDR Specialty never purchased HIV medications from the manufacturer as it claimed.

38. Upon the medications' delivery, Respondent dispensed the counterfeit HIV medications to patients in Nevada.

39. By selling medication that was not purchased directly from the manufacturer, MDR Specialty did not engage in a bona fide transaction as defined in NRS 639.595.

40. Respondent knew or should have known that MDR Specialty was not licensed by the Board to engage in the business of wholesale distribution in Nevada.

41. By dispensing counterfeit drugs with actual or constructive knowledge of MDR Specialty's unlicensed activity as alleged above, Respondent permitted MDR Specialty to engage in, or assisted or abetted MDR Specialty in, the unlicensed practice of wholesaling.

42. Respondent's conduct as alleged above amounts to unprofessional conduct for which the Board may impose administrative discipline. *See* NRS 639.210(4); NAC 639.945(1)(j).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of Respondent.

Attorney for Respondent
Greenbay Specialty Pharmacy

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **GREENBAY SPECIALTY PHARMACY, License No. PH04393,** **Respondent.**	**CASE NO. 24-384-PH-S** **ANSWER TO NOTICE OF INTENDED ACTION AND ACCUSATION; AND NOTICE OF DEFENSE**

Respondent, above named, by and through her attorney, Craig K. Perry of the law firm of Craig K. Perry & Associates, that in answer to the Notice of Intended Action and Accusation filed in the above-entitled matter before the Nevada State Board of Pharmacy, and on advice of counsel, Respondent answers as follows:

1. Respondent admits, denies and alleges, with respect to each paragraph, as follows:

Respondent admits paragraphs 1, 2, 3, 6, 7, 9, 10, 11, 15, 16, 17, 18, 19, 20, 21, 22, 23, 25, 31, 35, and 36.

As to paragraph 24, Respondent admits that it purchased what it reasonably believed were valid HIV medications from MDR Specialty, and because it is without sufficient knowledge as to the remainder of the allegations, denies the rest.

As to paragraph 34, Respondent admits that it purchased what it reasonably believed were valid HIV medications from MDR Specialty, and because it is without sufficient knowledge as to the remainder of the allegations, denies the rest.

As to paragraph 38, Respondent admits that it dispensed what it reasonably believed were valid HIV medications from MDR Specialty, and because it is without sufficient knowledge as to the remainder of the allegations, denies the rest.

Respondent is without sufficient knowledge and therefore denies paragraphs 4, 5, 8, 12, 13, 14, 26, 27, 28, 30, 37, and 39.

Respondent denies paragraphs 29, 32, 33, 40, 41, and 42.

Respondent alleges that some of the interpretations of the statutes cited are either not properly cited to or are subject to interpretation wherein reasonable minds can differ as to their meaning or application, specifically, with reference to (1) the definition of "counterfeit drugs" or "fraudulent HIV medication" as opposed to drugs obtained from non-licensed distributors or wholesalers, (2) grounds for discipline with specific reference to statutory provisions.

Respondent alleges it acted in good faith with respect to the purchase of these medications from a company that stole the identity of another legitimate company.

Respondent alleges it checked the licensing of MDR Specialty as a licensed wholesaler in other states, therefore there was no reason to believe the MDR Specialty was not a legitimate wholesaler.

Respondent alleges that it was never asked by the Board of Pharmacy, after MDR Specialty was inspected by the Board of Pharmacy, to take any additional steps to investigate its legitimacy. Had any concerns been raised about its legitimacy, or had it been asked to investigate further, it would have done so.

2. The defenses of the Notice of Intended Action and Accusation are hereby interposed on the following grounds:

a) At all stated times, Respondent acted in good faith and took reasonable precautions to ensure that MDS Specialty was a legitimate wholesaler, including checking on its licensure in Virginia and with the National Association of Boards of Pharmacy, and complying with all inspections and requests made by the Nevada State Board of Nursing. In addition, all packaging of the drugs appeared to come from the original drug companies, without any sign of counterfeiting or fraudulent packaging. After the fraud was discovered, Respondent immediately contacted the doctor who administered said medications, and no side effects or problems with any patient was found.

b) Fraudster used the name of another legitimate wholesaler, namely MDR Specialty making discovery of the fraud difficult to detect

c) Leo, the investigator for the Nevada State Board of Pharmacy, at the time of inspection expressed his belief that MDR Specialty was probably operating under and d/b/a, appeared unconcerned, and did not make any recommendations to Respondent to take any additional steps to determine whether MDR Specialty were a bona fide wholesaler. Indeed, no red flags were apparent either to Respondent or the Board's investigator. Had there been any concerns, Respondent would have acted immediately to rectify the situation.

d) Respondent believes it exercises reasonable care as required by in its purchase of drugs from this wholesaler for resale to the public. Due diligence of respondent included obtaining copies of MDR Specialty's license from both Virginia Board of Pharmacy and the National Association of Boards of Pharmacy. Reliance on these results was reasonable in determining whether the wholesaler was legitimate, apart from whether it was licensed to do business in Nevada.

e) After the Nevada State Board of Pharmacy's investigation, it did not ask for MDR licensure and, therefore, as a result, no follow-up investigation was carried out by Respondent.

f) It is not clear whether the medication was counterfeit, contraband, or fraudulent. Every indication is that the medication was legitimate, although it was also wholesaled illegally by a sham operation set up to sell meds as if it were MDR Specialty.

g) As soon as Respondent learned of the fraud being perpetrated by the so-called MDR Specialty, it immediately notified the doctor. *See* letter from Dr. XXX, attached hereto.

h) Out of the 20 or so persons who utilize these medications, there are no reports of any adverse results, lending credence to the possibility and likelihood that the medications were not counterfeit or fraudulent, but legitimate.

i) Respondent operated its business in good faith and did not know that MDR Specialty was not licensed with the Board, nor did the Board advise them of this fact during or after its investigation.

j) Respondent was ready, willing, and able to do anything the Board of Pharmacy requested with respect to investigating the legitimacy of MDR Specialty, but nothing was asked of it.

I hereby declare, under penalty of perjury, that the foregoing answer and notice of defense, and all facts therein stated, are true and correct to the best of my knowledge.

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **GREENBAY SPECIALTY PHARMACY, License No. PH04393,** **Respondent.**	**Case No. 24-384-PH-S** **STIPULATION AND ORDER**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, by and through counsel, Laura M. Tucker, Esq., and Greenbay Specialty Pharmacy, ("Respondent"), by and through counsel, Craig K. Perry, Esq., hereby stipulate and agree as follows:

1. The Nevada State Board of Pharmacy ("Board") has jurisdiction over Respondent and this matter.

2. The Board's staff properly served Respondent with the Notice of Intended Action and Accusation ("Accusation") on file in this matter, together with the Statement to Respondent and Notice of Hearing.

3. Respondent acknowledges that it understands the terms of this Stipulation and Proposed Order ("Stipulation"), and that it has been executed knowingly and voluntarily in consultation with an attorney.

4. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration of a Board determination in a contested case, the right to appeal a Board determination in a contested case, and all other rights afforded to Respondent under NRS Chapter 233B, the Nevada Administrative Procedure Act, NRS Chapter 622A, which governs administrative procedure before the Board, NRS Chapter 639, the Nevada Pharmacy Act, and NRS Chapter 453, the Nevada Uniform Controlled Substances Act.

5. Conditioned on the acceptance of this Stipulation by the Board, and excluding the right to challenge any determination that Respondent has failed to comply with the provisions of this

Stipulation, Respondent hereby freely and voluntarily waives the right to a hearing, reconsideration, appeal, and other rights related to this action as identified above.

6. Respondent admits that evidence exists, and that Board staff prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violation alleged in Count One, Count Two, and Count Three of the Accusation, to wit:

A. On or about September 18, 2024, the Board received a complaint from pharmacy benefits manager Caremark stating that, during its review of Respondent's invoices, Caremark discovered that Respondent provided potentially counterfeit invoices from HIV medications from MDR Specialty Distribution Corporation (MDR Specialty), a company that does not provide HIV medications.

B. MDR Specialty is not licensed as a wholesaler with the Board to wholesale in Nevada. Respondent asked for a copy of MDR Specialty's license, and MDR Specialty provided a license with the Virginia Board of Pharmacy and the National Association of Boards of Pharmacy. MDR Specialty did not provide a license to wholesale in Nevada.

C. On or about August 2023, Respondent began ordering HIV medications from MDR Specialty and received an email from MDR Specialty with a copy of the pedigree for each shipped medication.

D. A Board investigation later determined that MDR Specialty falsified the pedigrees for the HIV medications and that MDR Specialty never purchased HIV medications from the manufacturer as it claimed.

E. Respondent dispensed the drugs it purchased from MDR Specialty to Nevada patients.

F. On or about January 2024, during a routine inspection of Respondent's invoices, a Board inspector informed Respondent that it appeared MDR Specialty was not licensed by the Board to wholesale in Nevada.

G. In September 2024, after being informed by Caremark that Respondent had provided potentially counterfeit invoices from HIV medications from MDR Specialty,

Respondent asked for MDR Specialty's Nevada license. At that time, MDR Specialty disconnected its phones, did not respond to emails, and shut down operations.

H. Because Respondent did not request proof that MDR Specialty was a licensed wholesaler, Respondent allowed potentially counterfeit HIV medication to be dispensed to patients in Nevada. Respondent had a duty to exercise reasonable care when purchasing drugs from a wholesaler for resale to the public. *See* NRS 639.100(1). By failing to verify that MDR Specialty was a licensed wholesaler in Nevada, Respondent performed its duties as a purchaser and as the holder of a certificate of registration issued by the Board in an incompetent, unskillful, or negligent manner.

I. Furthermore, Respondent knew or should have known that MDR Specialty was not licensed with the Board to engage in the business of wholesale distribution in Nevada. By dispensing potentially counterfeit medications to Nevada patients through the use of an unlicensed wholesaler, Respondent was a party to a fraudulent or deceitful practice or transaction and engaged in unprofessional conduct and conduct contrary to the public interest as defined in NAC 639.945(1)(h) and (k).

J. By selling medication that was not purchased directly from the manufacturer, MDR Specialty did not engage in a bona fide transaction as defined in NRS 639.595. Respondent knew or should have known that MDR Specialty was not licensed by the Board to engage in the business of wholesale distribution in Nevada because it should have requested proof that MDR Specialty was a licensed wholesaler in Nevada pursuant to NRS 639.233.

K. MDR Specialty falsified the pedigrees for the HIV medications, and MDR Specialty never purchased HIV medications from the manufacturer as it claimed. Upon the medications' delivery, Respondent dispensed the potentially counterfeit HIV medications to patients in Nevada. By selling medication that was not purchased directly from the manufacturer, MDR Specialty did not engage in a bona fide transaction as defined in NRS 639.595.

L. By dispensing potentially counterfeit drugs with actual or constructive knowledge of MDR Specialty's unlicensed activity as alleged above, Respondent permitted MDR Specialty to engage in, or assisted or abetted MDR Specialty in, the unlicensed practice of wholesaling.

M. Respondent's conduct as alleged above amounts to unprofessional conduct or conduct contrary to the public interest for which the Board may impose administrative discipline pursuant to NRS 639.210(4), NAC 639.945(1)(i), and NAC 639.945(1)(j).

7. Now, therefore, to resolve this matter without incurring any further costs or the expenses associated with a hearing, the Board and Respondent agrees to the imposition of the following penalties:

A. Respondent accepts the Stipulation as a public reprimand imposed pursuant to NRS 639.255(1)(e).

B. Respondent shall pay an administrative fine of **Ten Thousand and 00/100 Dollars ($10,000.00)**, payable by *cashier's check, certified check,* or *money order* written to the "**State of Nevada, Office of the Treasurer.**" Respondent shall remit payment in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, on or before November 14, 2025.

C. Respondent shall pay the sum of **One Thousand and 00/100 Dollars ($1,000.00)** to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter. This sum shall be payable by *cashier's check, certified check,* or *money order* written to the "**Nevada State Board of Pharmacy.**" Respondent shall remit payment in full to the Board's Reno office, located at 985 Damonte Ranch Parkway, Suite 206, Reno, Nevada 89521, on or before November 14, 2025.

8. This Stipulation constitutes a full and final resolution of the Accusation in Case No. 24-384-PH-S. However, Respondent understands and acknowledges that its failure to comply with the terms stated herein may result in issuance by the Executive Secretary of an order to show cause, pursuant to NAC 639.965, directing Respondent to appear before the Board at the next regularly

scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation by Respondent, the Board may impose additional discipline not inconsistent with the provisions of NRS Chapter 639.

9. The Board's General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on October 15, 2025, in Las Vegas, Nevada. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent fails to appear for the meeting.

10. The Board may accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60.

11. If the Board rejects any part or all this Stipulation, and unless the parties reach an alternative agreement on the record during the hearing, the parties agree that the Board may hear a full contested hearing on the merits of all alleged violations as stated in the Accusation. STATEMENT OF REASONS

☒ The court adopts the factual findings and guideline application in the presentence report.

OR

☐ The court adopts the factual findings and guideline application in the presentence report except (see attachment, if necessary):

Guideline Range Determined by the Court:

Total Offense Level: 28

Criminal History Category: I

Imprisonment Range: 78 to 97 months

Supervised Release Range: 3 to 3 years

Fine Range: $ 12,500.00 to $ 1,500,000.00

☒ Fine waived or below the guideline range because of inability to pay.

Total Amount of Restitution: $

☒ Restitution is not ordered because the complication and prolongation of the sentencing process resulting from the fashioning of a restitution order outweighs the need to provide restitution to any victims, pursuant to 18 U.S.C. § 3663(d).

☐ For offenses that require the total amount of loss to be stated, pursuant to Chapters 109A, 110, 110A, and 113A of Title 18, restitution is not ordered because the economic circumstances of the defendant do not allow for the payment of any amount of a restitution order, and do not allow for the payment of any or some portion of a restitution order in the foreseeable future under any reasonable schedule of payments.

☒ Partial restitution is ordered for the following reason(s):

☐ The sentence is within the guideline range, that range does not exceed 24 months, and the court finds no reason to depart from the sentence called for by the application of the guidelines.

OR

☐ The sentence is within the guideline range, that range exceeds 24 months, and the sentence is imposed for the following reason(s):

OR

☒ The sentence departs from the guideline range:

☒ upon motion of the government, as a result of defendant's substantial assistance.

RE: Warehouse License for Novum Pharmaceutical Research Services

To Whom It May Concern:

Novum Pharmaceutical Research Services (Novum PRS) is a Contract Research Organization (CRO) that has been in business since 1972. The company currently operates in the United States and Canada. The US facility is in Las Vegas, NV and is an Early Phase clinical research site which began operations in 2004. The site conducts clinical research studies on human subjects (mostly healthy volunteers) to determine bioavailability and/or bioequivalence for various pharmaceutical products. The site also conducts safety and tolerability studies on new chemical entities and/or drug formulations.

The site is equipped with housing units and secured pharmacy areas used for dispensing (for dose administration to study subjects) and storage of Investigational Products (IP). Currently, all IP received and stored at the facility are for use on the studies conducted at that location.

Novum would like to expand its services to include receiving, storing, and distributing IP to Investigator sites across the US for use in Late Phase (Phase II/III) clinical endpoint trials. Under this model, Novum will contract with study Sponsors as a drug depot (warehouse) whereby the study IP is shipped to Novum's Las Vegas facility for storage and distribution to participating Investigator sites.

- Only pharmaceutical products for use in a clinical trial will be stored at the Novum facility.
- No products for sale will be stored or distributed.
- All IP will come to Novum already labeled as required for use in a clinical investigation. Novum would not perform any labeling activities.
- The drug depot IP will have its own storage area separate from the IP used in the clinical studies conducted at Novum's Las Vegas clinical site.

Should there be any questions, please reach out via email at drbell-pruitt@novumprs.com or via phone at [redacted]

David Bell-Pruitt

Respondent Pharmacy acknowledges and agrees that any violation of this Final Agency Order may be sanctioned as provided under section 12-22-125.2(4), C.R.S., and may be sufficient grounds for additional discipline, including but not limited to revocation of its registration. The pendency of any suspension or disciplinary action arising out of an alleged violation of this Final Agency Order shall not affect the obligation of Respondent Pharmacy to comply with all terms and conditions of this Final Agency Order.

13. **Integration and Severability**. Upon execution by all parties, this Final Agency Order shall represent the entire and final agreement of and between the parties in this case. In the event any provision of this Final Agency Order is deemed invalid or unenforceable by a court of law, it shall be severed and the remaining provisions of this Final Agency Order shall be given full force and effect.

STIPULATION AND FINAL AGENCY ORDER

IN THE MATTER OF THE DISCIPLINARY PROCEEDING REGARDING THE NON-RESIDENT PRESCRIPTION DRUG OUTLET REGISTRATION OF WALGREENS SPECIALTY PHARMACY, LLC, REGISTRATION NO. OSP 5737,

RESPONDENT PHARMACY.

IT IS HEREBY STIPULATED by and between the Colorado State Board of Pharmacy ("Board") and Walgreen Specialty Pharmacy, LLC ("Respondent Pharmacy"), to resolve all matters pertaining to Board Case Number 2011-000522 as follows:

1. On February 19, 2008, Respondent Pharmacy became registered by the Board as a non-resident prescription drug outlet in the State of Colorado and was issued Registration No. OSP 5737 ("Colorado Registration").

2. The Board has jurisdiction over Respondent Pharmacy, its Colorado Registration, and the subject matter of this Stipulation and Final Agency Order ("Final Agency Order") pursuant to the provisions of title 12, article 22, C.R.S. (2009), otherwise known as the Pharmaceuticals and Pharmacists Act.

3. Respondent Pharmacy's address of record with the Board and current location is 9775 SW Gemini Dr., Ste. 1, Beaverton, OR 97008.

4. Respondent Pharmacy neither admits nor denies these findings, but does not contest that the Board alleges these findings. Respondent Pharmacy hereby waives any further proof in this proceeding before the Board regarding the following facts.

5. On April 14, 2010, Board staff initiated a Complaint against Respondent Pharmacy because it failed to comply with the data submission requirements of Colorado's Electronic Prescription Drug Monitoring Program ("PDMP") for the reporting period(s) of April 1 through April 10, 2010.

6. Respondent Pharmacy subsequently failed to submit the required data to the PDMP reporting dispensing transactions of controlled substances in the State of Colorado for the reporting period(s) of July 1 through July 10, 2010, and did not submit a "zero" report indicating no dispensing transactions for said reporting period(s) as required by Board rule.

EXHIBIT 4

7. Respondent Pharmacy does not contest that the conduct described above may constitute a violation of §§12-22-125(1)(c) and 12-22-708, C.R.S. and that such conduct provides grounds for disciplinary action against Respondent Pharmacy's Colorado Registration pursuant to Board Policy 30-8.

DISPOSITION

$5,000.00 Fine with 10% Surcharge and Terms

8. **Fine with Surcharge.** Respondent Pharmacy accepts the following discipline: Pursuant to §12-22-125.2(5), C.R.S. Respondent Pharmacy shall pay a fine of **Five Thousand Dollars and No Cents ($5,000.00).** Respondent Pharmacy understands and acknowledges that, pursuant to §24-34-108, C.R.S., the Executive Director of the Department of Regulatory Agencies shall impose an additional surcharge of 10% of this fine. Respondent Pharmacy shall therefore pay a total amount of **Five Thousand, Five Hundred Dollars and No Cents ($5,500.00).** The total amount shall be payable to the State of Colorado and shall be remitted in one lump sum to be included when Respondent Pharmacy submits this signed Final Agency Order to the Board.

9. **Compliance with PDMP.** At all times Respondent Pharmacy is registered with the Colorado State Board of Pharmacy, it shall comply with the data submission requirements of the PDMP. Respondent Pharmacy understands and acknowledges that future violations of PDMP reporting requirements, including failure to submit a "zero" report in the event of no dispensing transactions in Colorado during the relevant reporting period, shall lead to additional penalties pursuant to Board Policy 30-8.

10. **Advisements and Waivers.** Respondent Pharmacy enters into this Final Agency Order freely and voluntarily, after having had the opportunity to consult with its own legal counsel and/or choosing not to do so. Respondent Pharmacy acknowledges its understanding that it has the following rights:

    a. To have a formal notice of hearing and charges served upon it;

    b. To respond to said formal notice of charges;

    c. To have a formal disciplinary hearing pursuant to §12-22-125, C.R.S.; and

    d. To appeal this Board order.

    Respondent Pharmacy freely **waives** these rights, and acknowledges that such waiver is made voluntarily in consideration for the Board's limiting the action taken against it to the sanctions imposed herein.

11. **Acknowledgments.** The undersigned authorized agent of Respondent Pharmacy has read this Final Agency Order in its entirety and acknowledges, after having had the opportunity to consult with its own legal counsel and/or choosing not to do so, that Respondent Pharmacy understands the legal consequences and agrees that none of the terms or conditions herein is unconscionable. Respondent Pharmacy is not relying on any statements, promises or representations from the Board other than as may be contained in this Final Agency Order. Respondent Pharmacy further acknowledges that it is not entering into this Final Agency Order under any duress.

12. **Violations.** Time is of the essence to this Final Agency Order. It is the responsibility of Respondent Pharmacy to take all appropriate steps to comply fully with this Final Agency Order. Respondent Pharmacy acknowledges and agrees that any violation of this Final Agency Order may be sanctioned as provided under §12-22-125.2(4), C.R.S., and may be sufficient grounds for additional discipline, including but not limited to revocation of its registration. The pendency of any suspension or disciplinary action arising out of an alleged violation of this Final Agency Order shall not affect the obligation of Respondent Pharmacy to comply with all terms and conditions of this Final Agency Order.

13. **Integration and Severability.** Upon execution by all parties, this Final Agency Order shall represent the entire and final agreement of and between the parties in this case. In the event any provision of this Final Agency Order is deemed invalid or unenforceable by a court of law, it shall be severed and the remaining provisions of this Final Agency Order shall be given full force and effect.

14. **Public Record.** Upon execution by all parties, this Final Agency Order shall be a public record, maintained in the custody of the Board.

15. **Effective Date.** This Final Agency Order shall become effective upon signature of a Board member or representative.
