You are hereby ordered pursuant to NRS 639.2895(1) to immediately CEASE and DESIST performing any duties as a pharmaceutical technician in training. This notice shall serve as a CITATION pursuant to NRS 639.2895(2) for this violation. You have the right to appeal this citation by submitting a written request for a hearing to the Board at the Board's Reno office no later than 30 days after receipt of this notice. *See* NRS 639.2895(2).

Regards,

Brett Kandt
General Counsel
Nevada State Board of Pharmacy

AFFIDAVIT OF SERVICE

I HEREBY certify on the 26th day of March, 2026, I personally served a copy of the Cease and Desist Order, Notice of Intended Action and Accusation, Statement to the Respondent and Notice of Hearing, and Answer and Notice of Defense in Case # 26-092-PTT-N upon Gezel Gonzalez

at Renown Regional Medical Center, Reno, NV in the presence of James Milner, Director of Pharmacy, and Jessica Wise, HRBP.
(address)

I declare under penalty of perjury under the law of the State of Nevada that the foregoing is true and correct.

I, Gezel Gonzalez, do attest and affirm that the following information is true:

I have been an employee of Renown Regional Medical Center since 2015. I was initially hired as a clerical employee. In 2023, I was transferred to the Pharmacy where I currently work as a Pharmacy Technician in Training. (PTT) .

I do not have a high school diploma from I Can Do Anything Charter School as noted on my PTT application, or any other high school. Nor do I have a GED equivalent.

I have been working on getting my GED Certificate since about 2023. Initially, I was enrolled in classes at Truckee Meadows Community College (TMCC). I am currently enrolled at Northern Nevada Literary Council (NNLC) in Reno, NV. and I have attended this school since about 2023. I am currently on track to receive my GED Certificate 30 days.

Subject: Case No. 25-470-O, Unlicensed Wholesaling of Medical Devices

Oxus America, Inc. acknowledges receipt of your letter **RE: CEASE & DESIST/CITATION & FINE: Case No. 25-470-O, Unlicensed Wholesaling of Medical Devices**, dated December 10, 2025. Oxus is submitting this written response to appeal this Cease & Desist, Citation, and Fine by request of a hearing with the Board's Reno Office.

Specifically, the State of Nevada Board of Pharmacy claim that *"Oxus sold and/or shipped Stationary Sieve Replacements in Reno, Nevada from its Michigan Facility. This device qualifies as a prescription only medical device under NRS 639.007 and 639.016 because it is restricted by federal law to sale by or on the order of a licensed healthcare provider."*

The US FDA has released the guidance document, *Remanufacturing of Medical Devices: Guidance for Industry, Entities That Perform Servicing or Remanufacturing, and Food and Drug Administration Staff*, dated May 10, 2024. Many medical devices are reusable and need preventive maintenance and repair during their useful life. For these devices, proper servicing is critical to their continued safe and effective use. Servicing is the repair and/or preventive or routine maintenance of one or more parts in a finished device, after distribution, for purposes of returning it to the safety and performance specifications established by the OEM and to meet its original intended use. Specific to oxygen concentrators, the Stationary Sieve Replacements are a standard service repair part and are not remanufacturing; therefore, they are not a prescription only medical device.

Oxus America, Inc. disagrees with the State of Nevada Board of Pharmacy claim that this product qualifies as a prescription only medical device under NRS 639.007. The subject product, supplied by Oxus America, Inc, is a repair part and not a finished medical device. The subject repair part is not intended for use in the diagnosis, cure, mitigation, treatment of prevention of a disease. The subject repair part does not require a prescription to be sold and is not shipped or sold to end user patients.

The subject repair part is shipped and sold to medical products providers that employ trained technicians to repair medical products. The subject repair part is equivalent to the replacement of any other defective or worn item to service the medical product (e.g. a

caster wheel replacement for one that is broken, replacement of a housing that has been cracked, etc.). The subject repair part is specifically intended to replace an identical component of the EverFlo oxygen concentrator that is defective or worn. Replacement of these parts restores the function of the device without changing its performance, safety characteristics, or intended use.

Oxus America, Inc. disagrees with the State of Nevada Board of Pharmacy claim that Oxus America, Inc. is a “wholesaler” as defined by NRS 639.016 or “Medical products wholesaler” as defined by NAC 639.6937. Oxus America, Inc. does not sell, lease or otherwise provide medical products to a health care facility, agency, practitioner or provider in the State of Nevada. The subject product does not meet the definition of the term “drug” under NRS 639.007; therefore, Oxus America Inc. does not distribute prescription drugs or devices into the State of Nevada. The subject product, supplied by Oxus America, Inc, is a repair part and not a finished medical device.

Oxus America, Inc. respectfully requests Case No. 25-470-O rescinded without undue delay. If an expedited withdrawal is not possible, please extend the 30-day payment of the fine until resolution can be reached. If further questions or clarifications are requested by the State of Nevada Board of Pharmacy, please contact me directly at rlenarcic@oxusamerica.com or 248-709-0490.

Thank you for your prompt response to this matter.

Ryan Lenarcic
Quality & Regulatory Affairs Manager

NEVADA STATE BOARD OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **OXUS AMERICA, INC,** **Respondent.**	**Case Nos. 25-470-O** **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING**

TO THE RESPONDENT ABOVE-NAMED, PLEASE TAKE NOTICE THAT:

On or about December 15, 2025, pursuant to NRS 639.2895, the Nevada State Board of Pharmacy (Board) issued a Cease-and-Desist/Citation-and-Fine (Citation) to Oxus America, Inc. (Oxus). On December 18, 2025, Oxus requested a hearing before the Board pursuant to NRS 639.2895(2). For purposes of the hearing, it is alleged that:

FACTUAL ALLEGATIONS

1. Oxus is a company that specializes in medical devices and gas separation technology. Oxus is located at 175 Kay Industrial Drive, Orion Township, Michigan.

2. Oxus is ISO 13485 certified. ISO 13485 is the internationally recognized standard for quality management systems in the design and manufacture of medical devices.

3. Oxus is also a U.S. Food and Drug Administration (FDA) registered manufacturer.

4. Oxus sold and/or shipped Stationary Sieve Replacements in Reno, Nevada from its Michigan facility.

5. Stationary Sieve Replacements incorporate molecular sieve technology and are intended to replace an identical component of an oxygen concentrator. Molecular sieve technology separates oxygen from carbon dioxide and nitrogen.

6. Stationary Sieve Replacements are shipped and sold only to medical products providers. A trained technician must install the Stationary Sieve Replacement.

7. Mui Lee, the Board's investigator, conducted a routine inspection of Bennett Medical Services, also known as Adapt Health. During her inspection, Inspector Lee discovered an invoice from Oxus for Stationary Sieve Replacements.

8. Inspector Lee attempted to contact Oxus to inquire about the invoice; however, no representatives responded to phone calls or emails.

9. Oxus received the Board's citation on or about December 15, 2025. The Board cited Oxus for engaging in the unlawful wholesale distribution of prescription only drugs without the required Nevada wholesale license.

10. On December 18, 2025, Oxus submitted an appeal arguing that the Stationary Sieve Replacements are not prescription devices as they are just a repair component of an oxygen concentrator. Oxus also disagreed that it is a wholesaler as defined by Nevada regulations.

APPLICABLE LAW

11. Any person, including a wholesaler or manufacturer, who engages in the business of wholesale distribution or furnishing controlled substances, poisons, drugs, devices or appliances that are restricted by federal law to sale by or on the order of a physician to any person located within this State shall obtain a license. NRS 639.233, NAC 639.6942.

12. Pursuant to NRS 639.016, a "wholesaler" includes any person or business that distributes drugs or devices that are restricted by federal law to sale by or on the order of a physician to a person other than the consumer or patient.

13. "Medical products wholesaler" means a person who sells, leases, or otherwise provides medical products to a health care facility, agency, practitioner or provider in Nevada. NAC 639.6937

14. The term "drug" includes "articles and *devices* intended for use in the diagnosis, cure, mitigation, treatment or prevention of disease" including "articles intended for use as a *component* of any article specified." (*italics* added). NRS 639.007. Similarly, 21 U.S.C. § 321(h)(1) defines a "device" to include any instrument, apparatus, or other similar or related

article, including any *component, part, or accessory,* that is intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease, or that is intended to affect the structure or any function of the body (emphasis added).

15. "Medical products" includes medical devices, equipment, supplies and gases intended for use in the diagnosis, cure, mitigation, treatment or prevention of disease. NAC 639.6935. It also includes "medical devices, equipment, supplies or gases" which are governed by any other board or agency other than the Board of Pharmacy.

16. The FDA is a U.S. government agency under the Department of Health and Human Services.

17. An oxygen concentrator is a "device" as that term is defined at 21 U.S.C. § 321(h). The product's purpose is for use in the diagnosis of disease or other conditions, or in the cure, mitigation, treatment, or prevention of disease, in man or other animals.

18. Oxygen concentrators are "prescription devices" within the meaning of 21 CFR § 801.109. Oxygen concentrators incorporate molecular sieve technology to separate oxygen from carbon dioxide and nitrogen.

19. Devices that use molecular sieve technology are categorized by the FDA as class II medical devices. *See* 21 CFR § 868.5440. This means that they may not be sold at retail except pursuant to a prescription. *See* 21 CFR § 860.3; 21 CFR § 801.109.

20. Under both state and federal law, the term "device" means and includes the component parts of the device. *See* NRS 639.007; 21 U.S.C. § 321(h)(1). By definition, if an oxygen concentrator may not be sold at retail without a prescription, its component parts may not be sold at retail without a prescription.

\\\

\\\

\\\

COUNT ONE

Violation of State Law: Wholesale Distribution in Nevada without a License

21. The Stationary Sieve Replacement is an FDA regulated component that is critical to the prescription-only oxygen concentrator. Because the component materially impacts physician-prescribed oxygen therapy and is not safe for use without professional installation, it is restricted to prescription use.

22. Respondent engaged in wholesale distribution into Nevada of an FDA regulated component device without first obtaining a license required by NRS 639.233 and NAC 639.593.

23. Because of these actions, Respondent unlawfully engaged in wholesale distribution within the state. NRS 639.100(1), 21 U.S.C. § 353(e)(l)(A) and/or 21 CFR Part 205.

24. Having engaged in unlawful conduct as alleged above, Respondent is subject to an administrative fine of $5,000. NRS 639.100(1); NRS 639.2895.

25. In addition to collecting the $5,000 fine as authorized by NRS 639.2895, the Board may recover its costs of investigation and prosecution pursuant to NRS 622.400.

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements. NRS 639.2895(2); NRS 233B.127(3). You have the right to a hearing before the Board to answer the allegations and present evidence and argument on all issues involved, either personally or through counsel. NRS 233B.127(3); NRS 622A.300(1) and (3). If you fail to appear at the hearing and the Board finds that you were given sufficient legal notice of the hearing, the Board may accept the allegations as true and may proceed to consider the case and render a decision. NRS 622A.350. A regulatory body may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as a part of its investigative, administrative, and disciplinary proceedings against the person if the regulatory body finds that the person has violated any provision of this title. NRS 622.400(1).

The Board has scheduled your hearing on this matter for March 4, 2026, at 9:00 a.m. or soon thereafter. The hearing will occur at the Hilton Garden Inn, 7830 South Las Vegas Boulevard, Las Vegas, Nevada 89123.

Pursuant to NRS 241.033 and 241.034, please be advised that the hearing is a public meeting, and the Board may, without further notice, take administrative action against you if the Board determines that such administrative action is warranted after considering your character, alleged misconduct, professional competence, or physical or mental health. You may request and the Board may at its discretion may go into closed session to consider your character, alleged misconduct, professional competence, or physical or mental health. You may attend any closed session, have an attorney or other representative of your choosing present during any closed session, and present written evidence, provide testimony, and present witnesses relating to your character, alleged misconduct, professional competence, or physical or mental health during any closed session. NRS 241.030 and NRS 241.033.

DATED this 7th day of January 2026.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

CERTIFICATE OF SERVICE

I certify that I am an employee of the Nevada State Board of Pharmacy, and that on this 8th day of January, 2026, I personally served a true and correct copy of the foregoing **STATEMENT TO THE RESPONDENT AND NOTICE OF HEARING** by placing a copy by Certified U.S. Mail and Standard U.S. mail to the following:

Reno, NV 89521

Re: Case No. 25-470-O (Oxus America, Inc.)

Dear Greg:

Thank you again for your time last week to discuss the above citation issued by the Board of Pharmacy to Oxus America, Inc. ("Oxus"), as well as your follow-up email dated February 18, 2026, indicating that the hearing in the above matter was continued to April 15, 2026. On behalf of Oxus, I am confirming the new date.

I also appreciate your willingness to discuss Oxus' position with the Executive Director. As an initial matter, Oxus is committed to operating in a compliant manner and takes its regulatory obligations very seriously. Oxus has been in operation for more than 16 years and is proud of its long-standing commitment to supply high-quality aftermarket components to customers that principally include service and repair technicians, medical part distributors and health systems that supply certain brands of oxygen concentrators to end users. As we discussed, Oxus does not manufacture, sell or distribute finished medical devices to customers or end users; instead, it supplies replacement service components (such as the sieve at issue here) that its customers then use to service finished products manufactured and distributed by third parties such as Invacare, Respironics and DeVilbiss.

Nor does Oxus currently manufacture or distribute any medical devices regulated by the FDA. All products in Oxus' current product portfolio are aftermarket replacement products that do not require a prescription. Further, the activities undertaken by Oxus to produce the replacement sieve at issue do not constitute "manufacturing" or "remanufacturing" of a finished device as would require a new 510(k) submission, clearance by FDA, and distribution to end users only with a prescription. In its final guidance document, Remanufacturing of Medical Devices: Guidance for Industry,

Entities That Perform Servicing or Remanufacturing, and Food and Drug Administration Staff, dated May 10, 2024, FDA provided examples of regulated remanufacturing of medical devices vs. servicing or reconditioning of components of medical devices.[1] One example provided by FDA is instructive and informs Oxus' view that (1) its activities do not constitute regulated remanufacturing; and (2) the replacement sieve product at issue does not require a prescription because the component is only for use within a regulated finished product and does not introduce new risks or functions that would require practitioner supervision:

> ***Activity****: The gradient coil of an MR system was damaged during an imaging session and needs to be replaced. It is replaced with a non-OEM gradient coil that has different dimensional specifications and coil design.*
>
> ***Relevant questions****:*
>
> *A2.1 Is there a significant change to device performance or safety specifications?*
>
> *No. The new gradient coil only differs by small changes in design and dimensional specifications. There are no significant changes to the performance and safety specifications (e.g., slew rate, peak gradient strength, power).*
>
> *A3. Is there a new or modified risk or is there a change in the performance or safety specifications?*
>
> *No. A risk-based assessment identified no new or modified risks or change in the performance or safety specifications due to this change because the non-OEM gradient coil has the same hardware performance specifications (e.g., slew rate), equivalent imaging performance, and meets the same safety and performance specifications (e.g., acoustic output) when compared to the OEM gradient coil.*
>
> ***Decision****: Not Remanufacturing*

Remanufacturing of Medical Devices: Guidance for Industry, Entities That Perform Servicing or Remanufacturing, and Food and Drug Administration Staff (May 10, 2024), p. 25.

Oxus' sieve product is very similar (if not identical) to replacement sieves distributed by various other aftermarket component suppliers and by the finished product manufacturers too. To Oxus' knowledge, none of those suppliers' replacement sieve

[1] See https://www.fda.gov/regulatory-information/search-fda-guidance-documents/remanufacturing-medical-devices.

products are subject to a 510(k) or require a prescription, principally because the sieve products are not intended to be sold and distributed directly to end users. Oxus is sensitive to this distinction, as prior to 2024 Oxus sold a sieve product covered by a 510(k) that was replaceable by end user patients. However, this particular product (510(k) K211056) was discontinued by Oxus in 2024 and is no longer commercially available.

We note that the Board's December 1, 2025 Inspection Violation Form indicates that the Board considered an "invoice showing that the entity shipped 'Rx Only' product into Nevada" and that the inspector was to secure "confirmation that the item sold are 'Rx Only' products by either taking a photo of the product indicating "Rx Only" or by confirming through the AccessGUDID database. However, Oxus' sieve product does not bear an "Rx Only" legend on its packaging (because it is a non-prescription product) and the GUDID database entry for the Oxus sieve product relates to the sieve product that was discontinued in 2024. Is it possible that the Board inspector believed that the product referred to in the GUDID entry was the same as the product described in the invoice? Those are two different products.

Because the Oxus replacement sieve product is not a prescription only product and is not sold directly to patient end users, Oxus respectfully submits:

1. That the replacement sieve product at issue is not a prescription only medical device under NRS 639.007 or 639.106;

2. It is not engaging in wholesaling activities as would require it to obtain licensure as a wholesaler under NRS 639.233.

******

On behalf of Oxus, we appreciate your attention to these matters and your consideration of the above information. If you have additional questions, please do not hesitate to contact me directly.

Respectfully submitted,

Mark A. McAndrew

*Is the business also a wholesaler? (NRS 639.016)	☐ Yes	☒ No

Wholesaler" means a wholesale distributor as defined by 21 C.F.R. § 205.3(g) who supplies or distributes drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician to a person **other than the consumer or patient**. The term includes a person who derives, produces, prepares or repackages drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician on sales orders for resale. The term does not include a nonprofit cooperative agricultural organization which supplies or distributes veterinary drugs and medicines only to its own members.

Non-Refundable $500 fee

Rev (05/12/2022)

Where is the facility located? ☒ Nevada ☐ Out-of-State

[a]Is the business also a wholesaler? (NRS 639.016) ☐ Yes ☒ No

Wholesaler" means a wholesale distributor as defined by 21 C.F.R. § 205.3(g) who supplies or distributes drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician to a person **other than the consumer or patient**. The term includes a person who derives, produces, prepares or repackages drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician on sales orders for resale. The term does not include a nonprofit cooperative agricultural organization which supplies or distributes veterinary drugs and medicines only to its own members.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✔
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		✔
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✔
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✔
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✔
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✔
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✔
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✔
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✔
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

Where is the facility located?	☑ Nevada	☐ Out-of-State
[a]Is the business also a wholesaler? (NRS 639.016)	☐ Yes	☑ No

Wholesaler" means a wholesale distributor as defined by 21 C.F.R. § 205.3(g) who supplies or distributes drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician to a person **other than the consumer or patient**. The term includes a person who derives, produces, prepares or repackages drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician on sales orders for resale. The term does not include a nonprofit cooperative agricultural organization which supplies or distributes veterinary drugs and medicines only to its own members.

Secretary of State
Certificate of Status

I, SHIRLEY N. WEBER, PH.D., California Secretary of State, hereby certify:

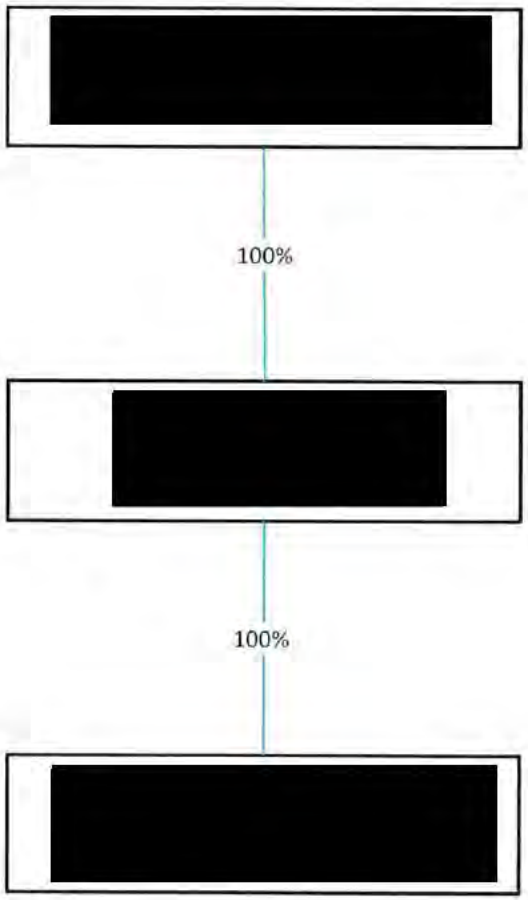
Entity Name:	SUPER CARE, LLC
Entity No.:	1294600
Registration Date:	12/20/1985
Entity Type:	Limited Liability Company - CA
Formed In:	CALIFORNIA
Status:	Active

The above referenced entity is active on the Secretary of State's records and is authorized to exercise all its powers, rights and privileges in California.

This certificate relates to the status of the entity on the Secretary of State's records as of the date of this certificate and does not reflect documents that are pending review or other events that may impact status.

No information is available from this office regarding the financial condition, status of licenses, if any, business activities or practices of the entity.

IN WITNESS WHEREOF, I execute this certificate and affix the Great Seal of the State of California this day of February 27, 2026.



SHIRLEY N. WEBER, PH.D.
Secretary of State

Certificate No.: 427657836

To verify the issuance of this Certificate, use the Certificate No. above with the Secretary of State Certification Verification Search available at **biz**fileOnline.sos.ca.gov.

CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY): 1/6/2026

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

I, Tracy Lee Thorpe, **certify that as the MDEG Administrator for**

SuperCare Health,

that I (initial that you have read and meet the following requirements):

1. T.T. Have a high school diploma or its equivalent;
2. T.T. Have
   a. At least 1,500 hours of verifiable work experience relating to the products provided by the medical products provider or medical products wholesaler; or
   b. An associate's degree or higher degree from an accredited college or university in a field of study that is directly related to patient health care;
3. T.T. Will be employed by the medical products provider or medical products wholesaler at the place of business or facility of the employer at least 40 hours per week or during all regular business hours if the business or facility is regularly open less than 40 hours per week; and
4. T.T. Will ensure that the operation of the business or facility complies with all applicable federal, state and local laws, regulations and rules.

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Name of Business/Industry/Entity
Super Care, Inc. dba SuperCare

Provide explanation below:

On February 4, 2015, SuperCare's pharmacy license number PHY 45943 was placed on probation by the California Board of Pharmacy for a period of five years as a result of the Stipulated Settlement and Disciplinary Order dated January 28, 2015, for:

1. Failure to Maintain Compounding Training Documentation;
2. Misbranded Drugs;
3. Failure to Complete Self-Assessment;
4. Failure to Maintain Records for Compounded Products;
5. Failure to Maintain Compounding Policies and Procedures;
6. Failure to Maintain Licensed Employee Policies and Procedures;
7. Failure to Maintain Facilities and Equipment Records;
8. Failure to Maintain Compounding Quality Assurance Plan;
9. Unprofessional Conduct: Act of Moral Turpitude, Dishonesty, Fraud, Deceit, Corruption;
10. Unprofessional Conduct: False Document/Misrepresentation;
11. Failure to Maintain Security of Dangerous Drugs;
12. Failure to Maintain Operational Standards and Security;
13. Failure to Maintain Operations Policy During Pharmacist Absence;
14. Failure to Maintain Proper Records of Compounded Drug Products/Supervision;
15. Failure to Ensure Compounding Limitations and Requirements;
16. Dispensing/Sale of Expired Drug;
17. Failure to Include Expiration Date on Labels;
18. Purchase of Dangerous Drugs from Unlicensed Entity;
19. Embargoed Misbranded Dangerous Drugs;
20. Failure to Maintain Facility and Equipment Standards; and
21. Drugs Lacking Quality and Strength.

The probation was successfully completed, effective February 7, 2020, and SuperCare's pharmacy license was fully restored.

INSTRUCTIONS

The wording of all Jurats completed in California after January 1, 2015 must be in the form as set forth within this Jurat. There are no exceptions. If a Jurat to be completed does not follow this form, the notary must correct the verbiage by using a jurat stamp containing the correct wording or attaching a separate jurat form such as this one with does contain the proper wording. In addition, the notary must require an oath or affirmation from the document signer regarding the truthfulness of the contents of the document. The document must be signed AFTER the oath or affirmation. If the document was previously signed, it must be re-signed in front of the notary public during the jurat process.

- State and county information must be the state and county where the document signer(s) personally appeared before the notary public.
- Date of notarization must be the date the signer(s) personally appeared which must also be the same date the jurat process is completed.
- Print the name(s) of the document signer(s) who personally appear at the time of notarization.
- Signature of the notary public must match the signature on file with the office of the county clerk.
- The notary seal impression must be clear and photographically reproducible. Impression must not cover text or lines. If seal impression smudges, re-seal if a sufficient area permits, otherwise complete a different jurat form.
  - Additional information Is not required but could help to ensure this jurat is not misused or attached to a different document.
  - Indicate title or type of attached document, number of pages and date.
- Securely attach this document to the signed document with a staple.

Disciplinary Questions, Statement of Explanation

Any lawsuit or arbitration, as either a claimant or respondent, that I have been party to as an individual, owner, director, or officer of a corporation, has not been in relation to the practice of pharmacy.

The following California Board of Pharmacy disciplinary action occurred while I was an officer of Super Care, Inc.

Super Care, Inc. dba SuperCare
16017 Valley Blvd
City of Industry, CA 91745

On February 4, 2015, SuperCare's pharmacy license number PHY 45943 was placed on probation by the California Board of Pharmacy for a period of five years as a result of the Stipulated Settlement and Disciplinary Order dated January 28, 2015, for:

1. Failure to Maintain Compounding Training Documentation;
2. Misbranded Drugs;
3. Failure to Complete Self-Assessment;
4. Failure to Maintain Records for Compounded Products;
5. Failure to Maintain Compounding Policies and Procedures;
6. Failure to Maintain Licensed Employee Policies and Procedures;
7. Failure to Maintain Facilities and Equipment Records;
8. Failure to Maintain Compounding Quality Assurance Plan;
9. Unprofessional Conduct: Act of Moral Turpitude, Dishonesty, Fraud, Deceit, Corruption;
10. Unprofessional Conduct: False Document/Misrepresentation;
11. Failure to Maintain Security of Dangerous Drugs;
12. Failure to Maintain Operational Standards and Security;
13. Failure to Maintain Operations Policy During Pharmacist Absence;
14. Failure to Maintain Proper Records of Compounded Drug Products/Supervision;
15. Failure to Ensure Compounding Limitations and Requirements;
16. Dispensing/Sale of Expired Drug;
17. Failure to Include Expiration Date on Labels;
18. Purchase of Dangerous Drugs from Unlicensed Entity;
19. Embargoed Misbranded Dangerous Drugs;
20. Failure to Maintain Facility and Equipment Standards; and
21. Drugs Lacking Quality and Strength.

The probation was successfully completed, effective February 7, 2020, and SuperCare's pharmacy license was fully restored.

I hereby affirm that the above information is true and correct to the best of my knowledge.

City of Industry, CA 91745
RE: AC 4566

Dear PIC:

This letter is in regard to the above referenced administrative case and the status of the pharmacy license for Supercare, PHY 45943. Effective February 4, 2015 the pharmacy license was placed on probation for a period of five years with certain terms and conditions.

The Board is pleased to inform you that, upon review of the terms and conditions of your probation, probation has been successfully completed, effective February 7, 2020. Therefore, the probationary period has been terminated and the pharmacy license has been fully restored.

Please be advised that this disciplinary action will remain as part of your license history, which is public information.

If you have any questions, please do not hesitate to contact your probation analyst at (916) 518-3026.

Sincerely,

ANNE SODERGREN
Executive Officer

Case No. 4566 OAH No. 2014030278 **STIPULATED SETTLEMENT AND DISCIPLINARY ORDER** **As to: SUPER CARE, INC. DBA SUPERCARE, Permit No. PHY 45943**

IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-entitled proceedings that the following matters are true:

PARTIES

1. Virginia Herold ("Complainant") is the Executive Officer of the Board of Pharmacy ("Board"). She brought this action solely in her official capacity and is represented in this matter by Kamala D. Harris, Attorney General of the State of California, by Linda L. Sun, Deputy Attorney General.

2. Respondent Super Care, Inc..dba Supercare; Gabriel Cassar, President; Micheline Cassar, Chief Executive Officer; John L. Cassar, Vice President; Michael Cassar, Shareholder; Katherine Le, Pharmacist-in-Charge (collectively "Respondent Pharmacy" or "Respondent") is represented in this proceeding by attorney Tony J. Park, Esq., whose address is: [redacted] Irvine, CA [redacted]

3. On or about July 23, 2002, the Board issued Permit Number PHY 45943 to Respondent Pharmacy. The Permit was in full force and effect at all times relevant to the charges brought herein and will expire on July 1, 2015, unless renewed.

JURISDICTION

4. Accusation No. 4566 was filed before the Board and is currently pending against Respondent Pharmacy. The Accusation and all other statutorily required documents were properly served on Respondent Pharmacy on January 29, 2014. Respondent Pharmacy timely filed its Notice of Defense contesting the Accusation.

5. A copy of Accusation No. 4566 is attached as Exhibit A and incorporated herein by reference.

ADVISEMENT AND WAIVERS

6. Respondent Pharmacy has carefully read, fully discussed with counsel, and understands the charges and allegations in Accusation No. 4566. Respondent Pharmacy has also carefully read, fully discussed with counsel, and understands the effects of this Stipulated Settlement and Disciplinary Order.

7. Respondent Pharmacy is fully aware of its legal rights in this matter, including the right to a hearing on the charges and allegations in the Accusation; the right to be represented by counsel at its own expense; the right to confront and cross-examine the witnesses against them; the right to present evidence and to testify on its own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Procedure Act and other applicable laws.

8. Respondent Pharmacy voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

CULPABILITY

9. Respondent Pharmacy admits the truth of each and every charge and allegation in Accusation No. 4566.

10. Respondent Pharmacy agrees that its Permit is subject to discipline and they agree to be bound by the Board's probationary terms as set forth in the Disciplinary Order below.

CONTINGENCY

11. This stipulation shall be subject to approval by the Board of Pharmacy. Respondent Pharmacy understands and agrees that counsel for Complainant and the staff of the Board of Pharmacy may communicate directly with the Board regarding this stipulation and settlement, without notice to or participation by Respondent or its counsel. By signing the stipulation, Respondent Pharmacy understands and agrees that they may not withdraw its agreement or seek to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal action between the parties, and the Board shall not be disqualified from further action by having considered this matter.

12. The parties understand and agree that Portable Document Format (PDF) and facsimile copies of this Stipulated Settlement and Disciplinary Order, including Portable Document Format (PDF) and facsimile signatures thereto, shall have the same force and effect as the originals.

13. This Stipulated Settlement and Disciplinary Order is intended by the parties to be an integrated writing representing the complete, final, and exclusive embodiment of their agreement. It supersedes any and all prior or contemporaneous agreements, understandings, discussions, negotiations, and commitments (written or oral). This Stipulated Settlement and Disciplinary Order may not be altered, amended, modified, supplemented, or otherwise changed except by a writing executed by an authorized representative of each of the parties.

14. In consideration of the foregoing admissions and stipulations, the parties agree that the Board may, without further notice or formal proceeding, issue and enter the following Disciplinary Order:

DISCIPLINARY ORDER

IT IS HEREBY ORDERED that Permit No. PHY 45943 issued to Respondent Pharmacy is revoked. However, the revocation is stayed and Respondent is placed on probation for five (5) years on the following terms and conditions.

1. **Obey All Laws**

Respondent Owner shall obey all state and federal laws and regulations.

Respondent Owner shall report any of the following occurrences to the Board, in writing, within seventy-two (72) hours of such occurrence:

- ☐ an arrest or issuance of a criminal complaint for violation of any provision of the Pharmacy Law, state and federal food and drug laws, or state and federal controlled substances laws
- ☐ a plea of guilty or nolo contendere in any state or federal criminal proceeding to any criminal complaint, information or indictment
- ☐ a conviction of any crime
- ☐ discipline, citation, or other administrative action filed by any state or federal agency which involves Respondent Pharmacy's permit or which is related to the practice of pharmacy or the manufacturing, obtaining, handling or distributing, billing, or charging for any drug, device or controlled substance.

Failure to timely report any such occurrence shall be considered a violation of probation.

2. **Report to the Board**

Respondent Owner shall report to the Board quarterly, on a schedule as directed by the Board or its designee. The report shall be made either in person or in writing, as directed. Among other requirements, Respondent Owner shall state in each report under penalty of perjury whether there has been compliance with all the terms and conditions of probation. Failure to submit timely reports in a form as directed shall be considered a violation of probation. Any period(s) of delinquency in submission of reports as directed may be added to the total period of probation. Moreover, if the final probation report is not made as directed, probation shall be automatically extended until such time as the final report is made and accepted by the Board.

3. **Interview with the Board**

Upon receipt of reasonable prior notice, Respondent Owner shall appear in person for interviews with the Board or its designee, at such intervals and locations as are determined by the Board or its designee. Failure to appear for any scheduled interview without prior notification to Board staff, or failure to appear for two (2) or more scheduled interviews with the Board or its designee during the period of probation, shall be considered a violation of probation.

4. **Cooperate with Board Staff**

Respondent Owner shall cooperate with the Board's inspection program and with the Board's monitoring and investigation of Respondent Pharmacy's compliance with the terms and conditions of their probation. Failure to cooperate shall be considered a violation of probation.

5. **Reimbursement of Board Costs**

As a condition precedent to successful completion of probation, Respondent Owner shall pay to the Board its costs of investigation and prosecution in the amount of $6,310.80 (six thousand three hundred ten dollars and eighty cents). The costs may be paid on a payment plan approved by the Board. There shall be no deviation from the payment plan schedule absent prior written approval by the Board or its designee. Failure to pay costs by the deadline(s) as directed shall be considered a violation of probation.

The filing of bankruptcy by Respondent Owner shall not relieve Respondent Pharmacy of their responsibility to reimburse the Board its costs of investigation and prosecution.

6. **Probation Monitoring Costs**

Respondent Owner shall pay any costs associated with probation monitoring as determined by the Board each and every year of probation. Such costs shall be payable to the Board on a schedule as directed by the Board or its designee. Failure to pay such costs by the deadline(s) as directed shall be considered a violation of probation.

7. **Status of License**

Respondent Owner shall, at all times while on probation, maintain current licensure with the Board. If Respondent Owner submits an application to the Board, and the application is approved, for a change of location, change of permit or change of ownership, the Board shall retain continuing jurisdiction over the license, and Respondent shall remain on probation as determined by the Board. Failure to maintain current licensure shall be considered a violation of probation.

If Respondent Owner's license expires or is cancelled by operation of law or otherwise at any time during the period of probation, including any extensions thereof or otherwise, upon renewal or reapplication Respondent Owner's license shall be subject to all terms and conditions of this probation not previously satisfied.

8. **License Surrender While on Probation/Suspension**

Following the effective date of this decision, should Respondent Owner discontinue business, Respondent Owner may tender the premise's license to the Board for surrender. The Board or its designee shall have the discretion whether to grant the request for surrender or take any other action it deems appropriate and reasonable. Upon formal acceptance of the surrender of the license, Respondent will no longer be subject to the terms and conditions of probation.

Upon acceptance of the surrender, Respondent Owner shall relinquish the premises wall and renewal license to the Board within ten (10) days of notification by the Board that the surrender is accepted. Respondent Owner shall further submit a completed Discontinuance of Business form according to Board guidelines and shall notify the Board of the records inventory transfer.

///

Respondent Owner shall also, by the effective date of this decision, arrange for the continuation of care for ongoing patients of the Respondent Pharmacy by, at minimum, providing a written notice to ongoing patients that specifies the anticipated closing date of the pharmacy and that identifies one or more area pharmacies capable of taking up the patients' care, and by cooperating as may be necessary in the transfer of records or prescriptions for ongoing patients. Within five days of its provision to the pharmacy's ongoing patients, Respondent Owner shall provide a copy of the written notice to the Board. For the purposes of this provision, "ongoing patients" means those patients for whom the pharmacy has on file a prescription with one or more refills outstanding, or for whom the pharmacy has filled a prescription within the preceding sixty (60) days.

Respondent Owner may not apply for any new licensure from the Board for three (3) years from the effective date of the surrender. Respondent Owner shall meet all requirements applicable to the license sought as of the date the application for that license is submitted to the Board.

Respondent Owner further stipulates that he or she shall reimburse the Board for its costs of investigation and prosecution prior to the acceptance of the surrender.

9. **Notice to Employees**

Respondent Owner shall, upon or before the effective date of this decision, ensure that all employees involved in permit operations are made aware of all the terms and conditions of probation, either by posting a notice of the terms and conditions, circulating such notice, or both. If the notice required by this provision is posted, it shall be posted in a prominent place and shall remain posted throughout the probation period. Respondent Owner shall ensure that any employees hired or used after the effective date of this decision are made aware of the terms and conditions of probation by posting a notice, circulating a notice, or both. Additionally, Respondent Owner shall submit written notification to the Board, within fifteen (15) days of the effective date of this decision, that this term has been satisfied. Failure to submit such notification to the Board shall be considered a violation of probation.

///

"Employees" as used in this provision includes all full-time, part-time, volunteer, temporary and relief employees and independent contractors employed or hired at any time during probation.

10. **Owners and Officers: Knowledge of the Law**

Respondent Owner shall provide, within thirty (30) days after the effective date of this decision, signed and dated statements from its owners, including any owner or holder of ten percent (10%) or more of the interest in Respondent Pharmacy or Respondent Pharmacy's stock, and any officer, stating under penalty of perjury that said individuals have read and are familiar with state and federal laws and regulations governing the practice of pharmacy. The failure to timely provide said statements under penalty of perjury shall be considered a violation of probation.

11. **Posted Notice of Probation**

Respondent Owner shall prominently post a probation notice provided by the Board in a place conspicuous and readable to the public. The probation notice shall remain posted during the entire period of probation.

Respondent Owner shall not, directly or indirectly, engage in any conduct or make any statement which is intended to mislead or is likely to have the effect of misleading any patient, customer, member of the public, or other person(s) as to the nature of and reason for the probation of the licensed entity.

Failure to post such notice shall be considered a violation of probation.

12. **Violation of Probation**

If Respondent Owner has not complied with any term or condition of probation, the Board shall have continuing jurisdiction over Respondent Pharmacy's license, and probation shall be automatically extended until all terms and conditions have been satisfied or the Board has taken other action as deemed appropriate to treat the failure to comply as a violation of probation, to terminate probation, and to impose the penalty that was stayed.

If Respondent Owner violates probation in any respect, the Board, after giving Respondent Owner notice and an opportunity to be heard, may revoke probation and carry out the disciplinary

order that was stayed. Notice and opportunity to be heard are not required for those provisions stating that a violation thereof may lead to automatic termination of the stay and/or revocation of the license. If a petition to revoke probation or an accusation is filed against Respondent Pharmacy during probation, the Board shall have continuing jurisdiction and the period of probation shall be automatically extended until the petition to revoke probation or accusation is heard and decided.

13. **Completion of Probation**

Upon written notice by the Board or its designee indicating successful completion of probation, Respondent Pharmacy's license will be fully restored.

14. **Community Services Program**

Within sixty (60) days of the effective date of this decision, Respondent Owner shall submit to the Board or its designee, for prior approval, a community service program in which Respondent shall provide free brown-bag events to the community for at least twenty (20) days per year for the first two (2) years of probation.

Within thirty (30) days of Board approval thereof, Respondent Owner shall submit documentation to the Board demonstrating commencement of the community service program. Respondent Owner shall report on progress with the community service program in the quarterly reports.

Failure to timely submit, commence, or comply with the program shall be considered a violation of probation.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✔
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✔
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)	✓	✔
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?	✓	✔
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?	✔	
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✔
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✔
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✔
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 4-6 . Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
N/A	2/3/2020	ME	Augusta	Kennebec
Case #		**Governing, licensing, Arresting Presiding Body/Agency/Court**		
2017-PHA-13671		Maine Board of Pharmacy

Rev (05/12/2022)

Where is the facility located?	☑ Nevada	☐ Out-of-State
[a]Is the business also a wholesaler? (NRS 639.016)	☐ Yes	☑ No

Wholesaler" means a wholesale distributor as defined by 21 C.F.R. § 205.3(g) who supplies or distributes drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician to a person **other than the consumer or patient**. The term includes a person who derives, produces, prepares or repackages drugs, medicines or chemicals or devices or appliances that are restricted by federal law to sale by or on the order of a physician on sales orders for resale. The term does not include a nonprofit cooperative agricultural organization which supplies or distributes veterinary drugs and medicines only to its own members.

CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY): 1/6/2026

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

I, Matthew Rotter, **certify that as the MDEG Administrator for**

SuperCare Health,

that I (initial that you have read and meet the following requirements):

1. M.R. Have a high school diploma or its equivalent;
2. M.R. Have
   a. At least 1,500 hours of verifiable work experience relating to the products provided by the medical products provider or medical products wholesaler; or
   b. An associate's degree or higher degree from an accredited college or university in a field of study that is directly related to patient health care;
3. M.R. Will be employed by the medical products provider or medical products wholesaler at the place of business or facility of the employer at least 40 hours per week or during all regular business hours if the business or facility is regularly open less than 40 hours per week; and
4. M.R. Will ensure that the operation of the business or facility complies with all applicable federal, state and local laws, regulations and rules.

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Provide explanation below:

On February 4, 2015, SuperCare's pharmacy license number PHY 45943 was placed on probation by the California Board of Pharmacy for a period of five years as a result of the Stipulated Settlement and Disciplinary Order dated January 28, 2015, for:

1. Failure to Maintain Compounding Training Documentation;
2. Misbranded Drugs;
3. Failure to Complete Self-Assessment;
4. Failure to Maintain Records for Compounded Products;
5. Failure to Maintain Compounding Policies and Procedures;
6. Failure to Maintain Licensed Employee Policies and Procedures;
7. Failure to Maintain Facilities and Equipment Records;
8. Failure to Maintain Compounding Quality Assurance Plan;
9. Unprofessional Conduct: Act of Moral Turpitude, Dishonesty, Fraud, Deceit, Corruption;
10. Unprofessional Conduct: False Document/Misrepresentation;
11. Failure to Maintain Security of Dangerous Drugs;
12. Failure to Maintain Operational Standards and Security;
13. Failure to Maintain Operations Policy During Pharmacist Absence;
14. Failure to Maintain Proper Records of Compounded Drug Products/Supervision;
15. Failure to Ensure Compounding Limitations and Requirements;
16. Dispensing/Sale of Expired Drug;
17. Failure to Include Expiration Date on Labels;
18. Purchase of Dangerous Drugs from Unlicensed Entity;
19. Embargoed Misbranded Dangerous Drugs;
20. Failure to Maintain Facility and Equipment Standards; and
21. Drugs Lacking Quality and Strength.

The probation was successfully completed, effective February 7, 2020, and SuperCare's pharmacy license was fully restored.

INSTRUCTIONS

The wording of all Jurats completed in California after January 1, 2015 must be in the form as set forth within this Jurat. There are no exceptions. If a Jurat to be completed does not follow this form, the notary must correct the verbiage by using a jurat stamp containing the correct wording or attaching a separate jurat form such as this one with does contain the proper wording. In addition, the notary must require an oath or affirmation from the document signer regarding the truthfulness of the contents of the document. The document must be signed AFTER the oath or affirmation. If the document was previously signed, it must be re-signed in front of the notary public during the jurat process.

- State and county information must be the state and county where the document signer(s) personally appeared before the notary public.
- Date of notarization must be the date the signer(s) personally appeared which must also be the same date the jurat process is completed.
- Print the name(s) of the document signer(s) who personally appear at the time of notarization.
- Signature of the notary public must match the signature on file with the office of the county clerk.
- The notary seal impression must be clear and photographically reproducible. Impression must not cover text or lines. If seal impression smudges, re-seal if a sufficient area permits, otherwise complete a different jurat form.
  - ❖ Additional information Is not required but could help to ensure this jurat is not misused or attached to a different document.
  - ❖ Indicate title or type of attached document, number of pages and date.
- Securely attach this document to the signed document with a staple.

Disciplinary Questions, Statement of Explanation

Any lawsuit or arbitration, as either a claimant or respondent, that I have been party to as an individual, owner, director, or officer of a corporation, has not been in relation to the practice of pharmacy.

The following California Board of Pharmacy disciplinary action occurred while I was an officer of Super Care, Inc.

Super Care, Inc. dba SuperCare
16017 Valley Blvd
City of Industry, CA 91745

On February 4, 2015, SuperCare's pharmacy license number PHY 45943 was placed on probation by the California Board of Pharmacy for a period of five years as a result of the Stipulated Settlement and Disciplinary Order dated January 28, 2015, for:

1. Failure to Maintain Compounding Training Documentation;
2. Misbranded Drugs;
3. Failure to Complete Self-Assessment;
4. Failure to Maintain Records for Compounded Products;
5. Failure to Maintain Compounding Policies and Procedures;
6. Failure to Maintain Licensed Employee Policies and Procedures;
7. Failure to Maintain Facilities and Equipment Records;
8. Failure to Maintain Compounding Quality Assurance Plan;
9. Unprofessional Conduct: Act of Moral Turpitude, Dishonesty, Fraud, Deceit, Corruption;
10. Unprofessional Conduct: False Document/Misrepresentation;
11. Failure to Maintain Security of Dangerous Drugs;
12. Failure to Maintain Operational Standards and Security;
13. Failure to Maintain Operations Policy During Pharmacist Absence;
14. Failure to Maintain Proper Records of Compounded Drug Products/Supervision;
15. Failure to Ensure Compounding Limitations and Requirements;
16. Dispensing/Sale of Expired Drug;
17. Failure to Include Expiration Date on Labels;
18. Purchase of Dangerous Drugs from Unlicensed Entity;
19. Embargoed Misbranded Dangerous Drugs;
20. Failure to Maintain Facility and Equipment Standards; and
21. Drugs Lacking Quality and Strength.

The probation was successfully completed, effective February 7, 2020, and SuperCare's pharmacy license was fully restored.

I hereby affirm that the above information is true and correct to the best of my knowledge.

City of Industry, CA 91745
RE: AC 4566

Dear PIC:

This letter is in regard to the above referenced administrative case and the status of the pharmacy license for Supercare, PHY 45943. Effective February 4, 2015 the pharmacy license was placed on probation for a period of five years with certain terms and conditions.

The Board is pleased to inform you that, upon review of the terms and conditions of your probation, probation has been successfully completed, effective February 7, 2020. Therefore, the probationary period has been terminated and the pharmacy license has been fully restored.

Please be advised that this disciplinary action will remain as part of your license history, which is public information.

If you have any questions, please do not hesitate to contact your probation analyst at (916) 518-3026.

Sincerely,

ANNE SODERGREN
Executive Officer

Case No. 4566 OAH No. 2014030278 **STIPULATED SETTLEMENT AND DISCIPLINARY ORDER** **As to: SUPER CARE, INC. DBA SUPERCARE, Permit No. PHY 45943**

IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-entitled proceedings that the following matters are true:

PARTIES

1. Virginia Herold ("Complainant") is the Executive Officer of the Board of Pharmacy ("Board"). She brought this action solely in her official capacity and is represented in this matter by Kamala D. Harris, Attorney General of the State of California, by Linda L. Sun, Deputy Attorney General.

2. Respondent Super Care, Inc..dba Supercare; Gabriel Cassar, President; Micheline Cassar, Chief Executive Officer; John L. Cassar, Vice President; Michael Cassar, Shareholder; Katherine Le, Pharmacist-in-Charge (collectively "Respondent Pharmacy" or "Respondent") is represented in this proceeding by attorney Tony J. Park, Esq., whose address is: [redacted] Irvine, CA [redacted]

3. On or about July 23, 2002, the Board issued Permit Number PHY 45943 to Respondent Pharmacy. The Permit was in full force and effect at all times relevant to the charges brought herein and will expire on July 1, 2015, unless renewed.

JURISDICTION

4. Accusation No. 4566 was filed before the Board and is currently pending against Respondent Pharmacy. The Accusation and all other statutorily required documents were properly served on Respondent Pharmacy on January 29, 2014. Respondent Pharmacy timely filed its Notice of Defense contesting the Accusation.

5. A copy of Accusation No. 4566 is attached as Exhibit A and incorporated herein by reference.

ADVISEMENT AND WAIVERS

6. Respondent Pharmacy has carefully read, fully discussed with counsel, and understands the charges and allegations in Accusation No. 4566. Respondent Pharmacy has also carefully read, fully discussed with counsel, and understands the effects of this Stipulated Settlement and Disciplinary Order.

7. Respondent Pharmacy is fully aware of its legal rights in this matter, including the right to a hearing on the charges and allegations in the Accusation; the right to be represented by counsel at its own expense; the right to confront and cross-examine the witnesses against them; the right to present evidence and to testify on its own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Procedure Act and other applicable laws.

8. Respondent Pharmacy voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

CULPABILITY

9. Respondent Pharmacy admits the truth of each and every charge and allegation in Accusation No. 4566.

10. Respondent Pharmacy agrees that its Permit is subject to discipline and they agree to be bound by the Board's probationary terms as set forth in the Disciplinary Order below.

CONTINGENCY

11. This stipulation shall be subject to approval by the Board of Pharmacy. Respondent Pharmacy understands and agrees that counsel for Complainant and the staff of the Board of Pharmacy may communicate directly with the Board regarding this stipulation and settlement, without notice to or participation by Respondent or its counsel. By signing the stipulation, Respondent Pharmacy understands and agrees that they may not withdraw its agreement or seek to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal action between the parties, and the Board shall not be disqualified from further action by having considered this matter.

12. The parties understand and agree that Portable Document Format (PDF) and facsimile copies of this Stipulated Settlement and Disciplinary Order, including Portable Document Format (PDF) and facsimile signatures thereto, shall have the same force and effect as the originals.

13. This Stipulated Settlement and Disciplinary Order is intended by the parties to be an integrated writing representing the complete, final, and exclusive embodiment of their agreement. It supersedes any and all prior or contemporaneous agreements, understandings, discussions, negotiations, and commitments (written or oral). This Stipulated Settlement and Disciplinary Order may not be altered, amended, modified, supplemented, or otherwise changed except by a writing executed by an authorized representative of each of the parties.

14. In consideration of the foregoing admissions and stipulations, the parties agree that the Board may, without further notice or formal proceeding, issue and enter the following Disciplinary Order:

DISCIPLINARY ORDER

IT IS HEREBY ORDERED that Permit No. PHY 45943 issued to Respondent Pharmacy is revoked. However, the revocation is stayed and Respondent is placed on probation for five (5) years on the following terms and conditions.

1. **Obey All Laws**

Respondent Owner shall obey all state and federal laws and regulations.

Respondent Owner shall report any of the following occurrences to the Board, in writing, within seventy-two (72) hours of such occurrence:

- ☐ an arrest or issuance of a criminal complaint for violation of any provision of the Pharmacy Law, state and federal food and drug laws, or state and federal controlled substances laws
- ☐ a plea of guilty or nolo contendere in any state or federal criminal proceeding to any criminal complaint, information or indictment
- ☐ a conviction of any crime
- ☐ discipline, citation, or other administrative action filed by any state or federal agency which involves Respondent Pharmacy's permit or which is related to the practice of pharmacy or the manufacturing, obtaining, handling or distributing, billing, or charging for any drug, device or controlled substance.

Failure to timely report any such occurrence shall be considered a violation of probation.

2. **Report to the Board**

Respondent Owner shall report to the Board quarterly, on a schedule as directed by the Board or its designee. The report shall be made either in person or in writing, as directed. Among other requirements, Respondent Owner shall state in each report under penalty of perjury whether there has been compliance with all the terms and conditions of probation. Failure to submit timely reports in a form as directed shall be considered a violation of probation. Any period(s) of delinquency in submission of reports as directed may be added to the total period of probation. Moreover, if the final probation report is not made as directed, probation shall be automatically extended until such time as the final report is made and accepted by the Board.

3. **Interview with the Board**

Upon receipt of reasonable prior notice, Respondent Owner shall appear in person for interviews with the Board or its designee, at such intervals and locations as are determined by the Board or its designee. Failure to appear for any scheduled interview without prior notification to Board staff, or failure to appear for two (2) or more scheduled interviews with the Board or its designee during the period of probation, shall be considered a violation of probation.

4. **Cooperate with Board Staff**

Respondent Owner shall cooperate with the Board's inspection program and with the Board's monitoring and investigation of Respondent Pharmacy's compliance with the terms and conditions of their probation. Failure to cooperate shall be considered a violation of probation.

5. **Reimbursement of Board Costs**

As a condition precedent to successful completion of probation, Respondent Owner shall pay to the Board its costs of investigation and prosecution in the amount of $6,310.80 (six thousand three hundred ten dollars and eighty cents). The costs may be paid on a payment plan approved by the Board. There shall be no deviation from the payment plan schedule absent prior written approval by the Board or its designee. Failure to pay costs by the deadline(s) as directed shall be considered a violation of probation.

The filing of bankruptcy by Respondent Owner shall not relieve Respondent Pharmacy of their responsibility to reimburse the Board its costs of investigation and prosecution.

6. **Probation Monitoring Costs**

Respondent Owner shall pay any costs associated with probation monitoring as determined by the Board each and every year of probation. Such costs shall be payable to the Board on a schedule as directed by the Board or its designee. Failure to pay such costs by the deadline(s) as directed shall be considered a violation of probation.

7. **Status of License**

Respondent Owner shall, at all times while on probation, maintain current licensure with the Board. If Respondent Owner submits an application to the Board, and the application is approved, for a change of location, change of permit or change of ownership, the Board shall retain continuing jurisdiction over the license, and Respondent shall remain on probation as determined by the Board. Failure to maintain current licensure shall be considered a violation of probation.

If Respondent Owner's license expires or is cancelled by operation of law or otherwise at any time during the period of probation, including any extensions thereof or otherwise, upon renewal or reapplication Respondent Owner's license shall be subject to all terms and conditions of this probation not previously satisfied.

8. **License Surrender While on Probation/Suspension**

Following the effective date of this decision, should Respondent Owner discontinue business, Respondent Owner may tender the premise's license to the Board for surrender. The Board or its designee shall have the discretion whether to grant the request for surrender or take any other action it deems appropriate and reasonable. Upon formal acceptance of the surrender of the license, Respondent will no longer be subject to the terms and conditions of probation.

Upon acceptance of the surrender, Respondent Owner shall relinquish the premises wall and renewal license to the Board within ten (10) days of notification by the Board that the surrender is accepted. Respondent Owner shall further submit a completed Discontinuance of Business form according to Board guidelines and shall notify the Board of the records inventory transfer.

///

Respondent Owner shall also, by the effective date of this decision, arrange for the continuation of care for ongoing patients of the Respondent Pharmacy by, at minimum, providing a written notice to ongoing patients that specifies the anticipated closing date of the pharmacy and that identifies one or more area pharmacies capable of taking up the patients' care, and by cooperating as may be necessary in the transfer of records or prescriptions for ongoing patients. Within five days of its provision to the pharmacy's ongoing patients, Respondent Owner shall provide a copy of the written notice to the Board. For the purposes of this provision, "ongoing patients" means those patients for whom the pharmacy has on file a prescription with one or more refills outstanding, or for whom the pharmacy has filled a prescription within the preceding sixty (60) days.

Respondent Owner may not apply for any new licensure from the Board for three (3) years from the effective date of the surrender. Respondent Owner shall meet all requirements applicable to the license sought as of the date the application for that license is submitted to the Board.

Respondent Owner further stipulates that he or she shall reimburse the Board for its costs of investigation and prosecution prior to the acceptance of the surrender.

9. **Notice to Employees**

Respondent Owner shall, upon or before the effective date of this decision, ensure that all employees involved in permit operations are made aware of all the terms and conditions of probation, either by posting a notice of the terms and conditions, circulating such notice, or both. If the notice required by this provision is posted, it shall be posted in a prominent place and shall remain posted throughout the probation period. Respondent Owner shall ensure that any employees hired or used after the effective date of this decision are made aware of the terms and conditions of probation by posting a notice, circulating a notice, or both. Additionally, Respondent Owner shall submit written notification to the Board, within fifteen (15) days of the effective date of this decision, that this term has been satisfied. Failure to submit such notification to the Board shall be considered a violation of probation.

///

"Employees" as used in this provision includes all full-time, part-time, volunteer, temporary and relief employees and independent contractors employed or hired at any time during probation.

10. **Owners and Officers: Knowledge of the Law**

Respondent Owner shall provide, within thirty (30) days after the effective date of this decision, signed and dated statements from its owners, including any owner or holder of ten percent (10%) or more of the interest in Respondent Pharmacy or Respondent Pharmacy's stock, and any officer, stating under penalty of perjury that said individuals have read and are familiar with state and federal laws and regulations governing the practice of pharmacy. The failure to timely provide said statements under penalty of perjury shall be considered a violation of probation.

11. **Posted Notice of Probation**

Respondent Owner shall prominently post a probation notice provided by the Board in a place conspicuous and readable to the public. The probation notice shall remain posted during the entire period of probation.

Respondent Owner shall not, directly or indirectly, engage in any conduct or make any statement which is intended to mislead or is likely to have the effect of misleading any patient, customer, member of the public, or other person(s) as to the nature of and reason for the probation of the licensed entity.

Failure to post such notice shall be considered a violation of probation.

12. **Violation of Probation**

If Respondent Owner has not complied with any term or condition of probation, the Board shall have continuing jurisdiction over Respondent Pharmacy's license, and probation shall be automatically extended until all terms and conditions have been satisfied or the Board has taken other action as deemed appropriate to treat the failure to comply as a violation of probation, to terminate probation, and to impose the penalty that was stayed.

If Respondent Owner violates probation in any respect, the Board, after giving Respondent Owner notice and an opportunity to be heard, may revoke probation and carry out the disciplinary

order that was stayed. Notice and opportunity to be heard are not required for those provisions stating that a violation thereof may lead to automatic termination of the stay and/or revocation of the license. If a petition to revoke probation or an accusation is filed against Respondent Pharmacy during probation, the Board shall have continuing jurisdiction and the period of probation shall be automatically extended until the petition to revoke probation or accusation is heard and decided.

13. **Completion of Probation**

Upon written notice by the Board or its designee indicating successful completion of probation, Respondent Pharmacy's license will be fully restored.

14. **Community Services Program**

Within sixty (60) days of the effective date of this decision, Respondent Owner shall submit to the Board or its designee, for prior approval, a community service program in which Respondent shall provide free brown-bag events to the community for at least twenty (20) days per year for the first two (2) years of probation.

Within thirty (30) days of Board approval thereof, Respondent Owner shall submit documentation to the Board demonstrating commencement of the community service program. Respondent Owner shall report on progress with the community service program in the quarterly reports.

Failure to timely submit, commence, or comply with the program shall be considered a violation of probation.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✔
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✔
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)	✓	✔
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?	✓	✔
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?	✔	
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✔
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✔
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✔
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 6 . Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
N/A	2/3/2020	ME	Augusta	Kennebec
Case #		**Governing, licensing, Arresting Presiding Body/Agency/Court**		
2017-PHA-13671		Maine Board of Pharmacy

Section 11: Managing Pharmacist Acknowledgement, Professional/Personal History – REQUIRED TO BE COMPLETED BY THE MANAGING PHARMACIST FOR NEVADA LOCATED PHARMACY APPLICANTS ONLY

Managing Pharmacist Name: Brandon Battis Pharmacist Registration #: 18763

Pharmacy Name: Carson Valley Health

Initial each statement below to indicate you have read and agree with the following:

BB I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

BB I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

BB I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

BB I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

BB I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

Personal and Professional History	Yes	No
1. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔
2. Have you been charged, arrested, or convicted of a felony or misdemeanor in <u>any</u> state?		✔
3. Have you been the subject of a board citation or an administrative action whether completed or pending in <u>any</u> state?		✔
4. Has your license been subjected to any discipline for violation of pharmacy or drug laws in <u>any</u> state?		✔

If you marked YES to any questions above, include the following information and provide a <u>signed statement of explanation</u>. <u>Copies of any documents that identify the circumstance or contain an order, agreement or other disposition is required.</u>

SECRETARY OF STATE

STATE OF NEVADA

CERTIFICATE OF EXISTENCE WITH STATUS IN GOOD STANDING

I, FRANCISCO V. AGUILAR, the duly qualified and elected Nevada Secretary of State, do hereby certify that I am, by the laws of said State, the custodian of the records relating to filings by corporations, non-profit corporations, corporations sole, limited-liability companies, limited partnerships, limited-liability partnerships and business trusts pursuant to Title 7 of the Nevada Revised Statutes which are either presently in a status of good standing or were in good standing for a time period subsequent of 1976 and am the proper officer to execute this certificate.

I further certify that the records of the Nevada Secretary of State, at the date of this certificate, evidence **WASHOE BARTON MEDICAL CLINIC, A NEVADA NONPROFIT CORPORATION** as a DOMESTIC NONPROFIT CORPORATION (82) duly organized or formed and existing, or duly qualified or registered, as applicable, under and by virtue of the laws of the State of Nevada since 05/13/1998, and in good standing in this State.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the Great Seal of this State, at my office on 02/06/2026.

FVAguilar

FRANCISCO V. AGUILAR
Secretary of State

Certificate Number: B202602066474208

NEVADA STATE BOARD OF PHARMACY

985 Damonte Ranch Parkway, Suite 206 – Reno, NV 89521 – 775-850-1440

Designated Representative Application

Rev (05/12/2022)

Section 1: Pharmacy/Wholesaler Information

Name of Pharmacy/Wholesaler: Carson Valley Health

Pharmacy/Wholesaler License # (if applicable): IB01888

Physical Address: 1107 Highway 395 N

City: Gardnerville State: Nevada Zip: 89410

Mailing Address (if different from physical address):

City: State: Zip:

Telephone: 775 782-1683 Website: www.carsonvalleyhealth.org

Licensing Company Email: bbattis@carsonvalleyhealth.org

Section 2: Personal Information

First: Brandon Middle: Robert Last: Battis

Alias(es, nicknames, name changes, etc.):

Date of Birth: [redacted] SSN or ITIN: [redacted] Sex: ☒ M ☐ F ☐ X

Mailing Address: [redacted]

City: [redacted] State: [redacted] Zip: [redacted]

Telephone: [redacted] Email: [redacted]

Are you a citizen of the United States? ☒ Yes ☐ No

Section 3: Military Service (NRS 622.120)	Yes	No
1. Have you ever served on active duty in the Armed Forces of the United States and separated from such service under conditions other than dishonorable? (Mark "Yes" if discharged honorably.)		✔
2. Have you ever been assigned to duty for a minimum of 6 continuous years in the National Guard or a reserve component of the Armed Forces of the United States and separated from such service under conditions other than dishonorable? (Mark "Yes" if discharged honorably.)		✔
3. Have you ever served the Commissioned Corps of the United States Public Health Service or the Commissioned Corps of the National Oceanic and Atmospheric Administration of the United States in the capacity of a commissioned officer while on active duty in defense of the United States and separated from such service under conditions other than dishonorable? (Mark "Yes" if discharged honorably.)		✔

Section 4: Federally Mandated Requirement (NRS 425.520, NRS 639.129)	Yes	No
1. Are you the subject of a court order for the support of a child? (If "yes", answer question 2.)		✔
2. Are you in compliance with the order or the plan approved by the district attorney or other public agency enforcing the order for the repayment of the amount owed pursuant to the order?		

Section 5: List your high school and college experience beginning with the most current. (Use a separate piece of paper if additional space is needed.)

Section 8: Arrests, Detentions, Litigations, Arbitrations	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✔
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✔
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✔
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✔
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✔
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✔
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✔
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✔
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔

I, Brandon Battis, **certify that as the designated representative for**

Carson Valley Health,

that I (initial that you have read and meet the following requirements) (NAC 639.5005, NAC 639.5935):

1. BB I am at least 21 years of age;
3. BB I have been employed for at least 6,000 hours in a pharmacy or with a wholesaler in a capacity related to the dispensing and distribution of, and recordkeeping related to, prescription drugs.
4. BB I will be actively involved in and aware of the actual daily operations of the pharmacy or wholesaler;
5. BB I will be employed full-time in a managerial level position with the pharmacy or wholesaler;
6. BB I will be physically present at site of the pharmacy or at the facility of the wholesaler during regular business hours, except when the absence of the representative is authorized, including sick leaves, vacation leaves and other authorized absences; and
7. BB I will serve in this representative capacity for only one pharmacy or wholesaler at a time.

Sterile Compounding Questionnaire

Rev (09/11/2024)

This application cannot be returned by fax or email.
We must have an original signature to process.

Approval of this completed questionnaire is required for an existing pharmacy, new pharmacy and/or out-sourcing facility applicant who wish to engage in preparing, compounding, dispensing, and furnishing sterile compounded products to Nevada patients or consumers.

Please provide a thorough response to the questions below and provide any necessary supporting documents.
-For a new pharmacy or out-sourcing facility applicant, submit this completed form with your application.
-For an existing pharmacy, send the completed form to the address indicated above.

Section 1: General Information

Pharmacy Name: Carson Valley Health

NV Pharmacy or Outsourcing facility license # (if applicable): IB01888

Physical Address: 1107 US Highway 395 N

City: Gardnerville State: NV Zip: 89410

Website: https://www.carsonvalleyhealth.org/

Nevada Business License # (if applicable)

Supervising/Managing Pharmacist Name (NRS 639.220): Brandon Battis

Supervising/Managing Pharmacist NV Pharmacist Registration #: 18763

Name of Designated Person(s) as defined by revised USP-797 guidelines: Brandon Battis

Email of Designated Person(s): bbattis@carsonvalleyhealth.org

Telephone of Designated Person(s): 775 783-3035

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)?

☐ Category 1 ■ Category 2 ☐ Category 3

If you marked **"Category 3"**, you must also complete **section 4**.

2. If compounding Category 2 products is the location performing sterility and endotoxin testing (if required) to obtain extended beyond-use dates? ☐ Yes ■ No

3. If compounding Category 2 products is the location performing aseptically processed CSPs or terminally sterilized CSPs? ■ Aseptic ☐ Terminal

4. Is the pharmacy following the new garbing requirements listed in the revised USP-797 guidelines? ■ Yes ☐ No

5. When was the most recent certification for the ISO classified areas? 09/18/2025

6. What is the frequency of the recertification for the ISO classified areas? every 6 months

7. Were there any follow-up items required from the most recent certification report? ■ Yes ☐ No

8. If preparing Category 2 or Category 3 CSPs from non-sterile starting components are the pre-sterilization procedures such as weighing and mixing completed in an ISO Class 8 or better environment? ☐ Yes ■ No

9. If compounding Category 1 CSPs and Category 2 CSPs how often is surface sampling of all classified areas and pass-through chambers conducted? monthly

10. Will you be performing sterile hazardous drug compounding? ■ Yes No

If you marked **"Yes"**, you must also complete **section 3**.

11. List the sterile compounded products that you will be compounding for Nevada patients or consumers:
Abatacept, Acyclovir, Aminophylline, Amiodarone, Ampicillin, Ampicillin/Sulbactam, Azacitidine, Belimumab, Bendamustine, Bevacizumab, Ceftazidime, Ceftriaxone, Calcium Gluconate, Cangrelor, Cefazolin, Cetuximab, Cefoxitin, Cephalexin, Cisplatin, Clindamycin, Crotalidae, Cyclophosphamide, Daptomycin, Decitabine, Desmopressin, Dexamethasone, Dexmedetomidine, Diltiazem, Dobutamine, Docetaxel, Diphenhydramine, Doxorubicin, Doxorubicin (liposomal), Doxycycline, Efgartigimod, Epinephrine, Ertapenem, Erythromycin, Famotidine, Ferric Carboxymaltose, Ferric Gluconate, Fluconazole, Fluorouracil, Furosemide, Gentamycin, Glucagon, Golimumab, Imipenem/Cilastatin, Infliximab, Ipilimumab, Irinotecan, Irinotecan (liposomal), Iron Sucrose, Ketamine, Labetalol, Leucovorin, Magnesium Sulfate, Methylprednisolone, Micafungin, Milrinone, Nafcillin, Naloxone, Natalizumab, Nicardipine, Nivolumab, Nitroprusside, Norepinephrine, Obinutuzumab, Ocrelizumab, Octreotide, Ondansetron, Oxytocin, Paclitaxel, Paclitaxel (liposomal), Pantoprazole, Pembrolizumab, Pemetrexed, Penicillin G, Pentamidine, Pertuzumab, Phenylephrine, Phenytoin, Piperacillin/Tazobactam, Potassium Chloride, Procainamide, Propofol, Remdesivir, Risankizumab, Rituximab, Sacituzumab Govitecan, Sulfamethoxazole/Trimethoprim, Tobramycin, Tocilizumab, TPN, Valproate Sodium, Vancomycin, Vasopressin, Vecuronium, Vedolizumab, Vincristine, Vinblastine, Voriconazole

12. What laboratory performs your sterility or endotoxin testing?

Name: N/A

Address: _____

City: _____ State: _____ Zip: _____

Telephone: _____

13. What is your procedure for visual inspection of compounded sterile products?
The pharmacist and compounding personnel will inspect the container for any leaks, defects, signs of tampering, particulate and unexpected color or odor in a well lite area against both a white and black background. The bag is gently squeezed to assess for leaks. The bag is visually inspected to ensure the seals and ports are intact and not leaking. If any unexpected findings are noted (particulates, gas, leaks, damage, tampering), the CSPs are quarantined so they are not inadvertently dispensed to patients. The pharmacy manager is notified immediately, and an investigation and proper disposal occurs.

14. How often do you perform glove fingertip and medial fill testing?
Both are performed before an individual can compound and then at least every 6 months.

15. Describe your initial and ongoing training program for all personnel performing sterile compounding:
Didactic knowledge and practical training are provided. Several online modules must be completed and each test at the end of each module must be completed with a passing grade. A test regarding calculations, measuring and mixing must be completed with a passing grade of >70%. All individuals must complete media-fill tests and glove fingertip sampling tests in accordance to policy. All individuals must demonstrate competency in preforming hand hygiene and garbing for both non-hazardous and hazardous drugs. All individuals must demonstrate proficiency in aseptic technique by performing aseptic manipulations in an ISO 5 environment and surface samples are taken. All individuals must demonstrate proper use of equipment including the primary engineering controls. They must display proper documentation of the compounding process. Furthermore, demonstrating proper cleaning and disinfection of the cleanrooms occurs. Hazardous drug training regarding garbing, transporting, handling, storing, and compounding using a closed system transfer device also occurs.

16. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:
Daily cleaning: inside surfaces of ISO Class 5 PECs, using PREempt then Peridox followed by sterile 70% isopropyl alcohol (sIPA) prior to beginning any compounding. Cleaning with sIPA in the PEC occurs at the beginning of shift, prior to each batch, when visibly soiled, after a spill and whenever contamination suspected. Counters, furniture, pass-throughs, easily cleanable work surfaces, and high touch surfaces in the buffer rooms are cleaned using PREempt daily and followed by sIPA. Floors in the non-hazardous buffer and anteroom are cleaned using PREempt daily. On Mondays, Peridox (sporocidial) is added to the daily cleaning. Dwell times are adhered to. PREempt then PeridoxRTU is utilized for monthly cleaning. During monthly cleaning, daily cleaning will occur with the addition of ceilings, walls, the outside of the PECs, refrigerators, carts, storage bins all surfaces. All cleaning procedures are repeated in the anteroom and the hazardous drug buffer room. In the HD buffer room, the same procedures occur except PeridoxRTU is used first for deactivation, then PREempt and sIPA. Decontamination occurs between different types of HDs, prior to performing any cleaning and in the event of a spill inside or outside the PEC. Decontamination, cleaning and disinfection of the surfaces under the work tray of the PEC will be performed monthly using a dual chamber respirator with p100 cartridges.

17. Who performs the sterile compounding process at your facility?

Battis,McCloskey15438,Long16340,Hagood24191,Buckley PT20697,Reinholz PT24029,RogersPT03855,TholenPT31442

18. Who is responsible and accountable for the sterile compounding process at your facility?
Brandon Battis, Pharmacy Manager

19. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?
No products are shipped. All compounded products are utilized within the facility.

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)		
1. What type of primary engineering controls will you be using in your facility? USP 800 compliant Class 2 Biological Safety Cabinet Type B2		
2. Are you complying with all USP 800 guidelines?	■ Yes	No
3. Have your employees who compound with hazardous drugs signed an acknowledgement that they understand the risks associated with this process?	■ Yes	No
4. Is your BSC or CACI vented 100% to the outside?	■ Yes	No
5. Do you have a negative pressure buffer room at your facility?	■ Yes	No
6. Will you be compounding with antineoplastic HDs or HD API?	■ Yes	No
7. If yes, are the drugs stored in an externally ventilated, negative pressure room?	■ Yes	No
8. Will you be utilizing a closed system transfer device?	■ Yes	No
9. If yes, list the name of the device: Equashield		

10. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers?

No medications are compounded for patient self-administration. Therefore, no patients will have the opportunity to handle or dispose of a hazardous medication that Carson Valley Health compounded. Patients are given information regarding the education of the medications that they are receiving and proper procedures to avoid exposing others to hazardous medications through bodily waste. All medications are handled by our chemotherapy certified nurses. All nurses must complete a hazardous drug education module and pass a test at the end of the module. The nurse must complete the module on a yearly basis. The module discussed the proper handling and disposal of hazardous drugs. Also, it discusses the proper procedures if a hazardous drug spill were to occur.

11. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?
Hazardous drugs training includes didactic knowledge and practical training. Several online modules must be completed and each test at the end of each module must be completed with a passing grade. The aforementioned modules provide education regarding HD overview, HD Primary and Secondary Engineering Controls, HD PPE, Decontamination and Spill Management, and the Receiving, Storage, Compounding, Labeling, Packaging, and Transport of HD. A test regarding calculations, measuring and mixing must be completed with a passing grade of >70%. All individuals must complete media-fill tests and glove fingertip sampling tests in accordance with policy. All individuals must demonstrate competency in preforming hand hygiene and garbing for hazardous drugs. All individuals must demonstrate proficiency in aseptic technique by performing aseptic manipulations in an ISO 5 environment. All individuals must demonstrate proper use of equipment including the primary engineering controls. They must display proper documentation of the compounding process. Furthermore, demonstration of proper deactivation, cleaning and disinfection of the HD buffer room occurs. Additional hazardous drug training includes transporting, handling, storing, and compounding using a closed system transfer device. Demonstration of the correct use of a closed system transfer device must occur. Education regarding how to address a hazardous drug spill is provided.

Section 4: Sterile Category 3 Compounding Questions (Complete this section ONLY if you will be performing Category 3 Compounding.)

1. List the specific Category 3 sterile products that your facility compounds:
N/A

2. What is the frequency for ongoing garbing, gloved fingertip and thumb sampling, and media fill testing for compounding personnel?
N/A

3. Is the pharmacy meeting all of the additional garbing requirements for compounding Category 3 CSPs as defined by the revised USP-797 guidelines? Yes No

4. What is the frequency for completing volumetric active air sampling?
N/A

5. What is the frequency for completing surface sampling? N/A		
6. What is the frequency for using sporicidal agents? N/A		
7. Is an endotoxin test performed for all products compounded from one or more nonsterile component?	Yes	No
8. Is the BUD assigned supported by stability data obtained using a stability-indicating analytical method?	Yes	No

I certify under penalty of perjury that the information contained in this form is accurate, true and complete in all material respects. I understand that making any false representation in this form is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire form and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event the form is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Phone: 775.782.1622

Dear Nevada State Board of Pharmacy,

I, Andrea Highfill, hereby authorize Brandon Battis to appear before the board on behalf of Carson Valley Health.

The authorization pertains to a new pharmacy application that is being submitted due to a change in ownership of Carson Valley Health from dual ownership, which was Renown Regional Medical Center and Barton Memorial Health, to sole ownership of Barton Memorial Health. It is still a non-publicly traded corporation.

Please contact me at 775.782.1622 if there are any questions regarding this authorization.

Sincerely,

Andrea Highfill DNP, RN

Chief Nursing Officer

Section 9: Statement of Responsibility - MUST BE COMPLETED by an Authorized Person (NAC 639.945)

Statement of Responsibility

1. I am the Managing Pharmacist (title) for Las Vegas Apothecary (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacy located inside the State of Nevada employ only pharmacists, intern pharmacists, pharmaceutical technicians, and technicians in training that are licensed by the Nevada State Board of Pharmacy. (NRS 639.100).
6. I further understand and acknowledge that Nevada law requires that each pharmacy located outside the State of Nevada engaged in providing pharmacy services into Nevada employs at least one pharmacist licensed by the Nevada State Board of Pharmacy who will be responsible for any prescription dispensed to a patient located in Nevada and responsible for any acts or omissions of pharmacy personnel who are not registered with the Board. (NRS 639.2328).

Section 11: Managing Pharmacist Acknowledgement, Professional/Personal History – REQUIRED TO BE COMPLETED BY THE MANAGING PHARMACIST FOR NEVADA LOCATED PHARMACY APPLICANTS ONLY

Managing Pharmacist Name: Desiree Roth Pharmacist Registration #: 18832

Pharmacy Name: Las Vegas Apothecary

Initial each statement below to indicate you have read and agree with the following:

DR I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

DR I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

DR I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

DR I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

DR I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

Personal and Professional History	Yes	No
1. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓
2. Have you been charged, arrested, or convicted of a felony or misdemeanor in any state?		✓
3. Have you been the subject of a board citation or an administrative action whether completed or pending in any state?	✓	
4. Has your license been subjected to any discipline for violation of pharmacy or drug laws in any state?	✓	

If you marked YES to any questions above, include the following information and provide a signed statement of explanation. Copies of any documents that identify the circumstance or contain an order, agreement or other disposition is required.

BOARD OF PHARMACY

985 Damonte Ranch Pkwy, Ste 206
Reno, NV 89521

January 20, 2026

Via Certified Mail and Email
RPh Desiree Roth, 18832
[redacted]

CITATION-AND-FINE ORDER, Case No. 25-421-RPH-S, Desiree Roth, Unlicensed Technician Activity

Desiree Roth:

The Nevada State Board of Pharmacy (Board) has determined that unlicensed technician activity occurred at ASPN Pharmacy 4, LLC (ASPN). Specifically, Romero Valdez Jr., under your supervision, engaged in technician level tasks at ASPN prior to obtaining registration from the Board. Although Mr. Valdez is a Patient Care Provider, the duties he performed went beyond that role and into the scope of pharmaceutical technician under Nevada law. *See* Nevada Administrative Code (NAC) 6398.245.

Pursuant to NAC 639.240(1), "No person may perform the duties of a pharmaceutical technician until the person has been issued a certificate of registration." A license or registration in another state does not authorize an individual to perform technician-level duties in Nevada without proper registration here.

As the Managing Pharmacist, you are responsible for ensuring that your pharmacy and its personnel comply with all applicable laws. NRS 639.220(1) requires each pharmacy to be managed by a registered pharmacist approved by the Board, who "is responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy." Accordingly, pursuant to NRS 639.2895(3), the Board has assessed an administrative fine against you in the amount of **Five Hundred and 00/100 Dollars ($500)** for failing to ensure compliance with Nevada law governing the scope of practice and permissible duties of pharmacy staff.

You have the right to appeal this citation by submitting a written request for a hearing to the Board at the Board's Reno office no later than 30 days after receipt of this citation. NRS 639.2895(2). Unless you submit a timely appeal, the above fine must be paid within the same time frame. Payment must be tendered in the form of a certified check, cashier's check or money

order made payable to "State of Nevada, Office of the Treasurer." Please remit payment to the Board's Reno office, located at 985 Damonte Ranch Parkway – Suite 206, Reno, NV 89521.

If you fail to timely pay the above fine or appeal this citation, as applicable, the Board may take further action, including reporting to the National Practitioner Data Bank and/or referral to the Nevada Controller's Office for collection. See NRS 353C.195; 45 CFR §§ 60.3, 60.5. If you have any questions concerning this citation or your right to appeal the above finding, you may contact the Board's Regulatory Compliance Officer Skylar Young at 702-486-6420, ext. 151, or *via* email at skylaryoung@pharmacy.nv.gov.
Sincerely,

The Nevada State Board of Pharmacy

Signed Statement of Explanation

Re: Personal and Professional History – Questions 3 and 4

I, Desiree Roth, RPh (Nevada License #18832), submit this statement in response to my "Yes" answers to Questions 3 and 4 regarding a board citation or administrative action.

On January 20, 2026, I was issued a Citation-and-Fine Order by the Nevada State Board of Pharmacy (Case No. 25-421-RPH-S) related to an allegation of unlicensed technician activity at ASPN Pharmacies 4, LLC.

At this time, the citation is paused and under formal review by the Nevada State Board of Pharmacy. Counsel for my current employer, ASPN Pharmacies, is actively engaged in communication with the Board regarding this matter. Based on these discussions, the compliance and payment deadlines associated with the citation have been paused, and the matter has not reached a final resolution.

I respectfully assert that the factual basis underlying the citation is inaccurate, and I am cooperating fully with the Board through counsel to clarify the circumstances and resolve the matter appropriately. No final disciplinary action has been imposed, and there has been no suspension, revocation, or restriction placed on my pharmacist license.

I submit this disclosure in the interest of full transparency and in compliance with application requirements, with the understanding that the matter remains pending and under review.

I certify that the information provided above is true and accurate to the best of my knowledge.

Desiree Roth

Desiree Roth, RPh

Las Vegas Apothecary LLC

Section 12 – Required Disclosures and Supporting Statements

(Non-Publicly Traded Pharmacy)

---

1. Officers and Directors

(NRS 639.231(2)(b), NAC 639.214(5)(a))

Las Vegas Apothecary LLC is a non-publicly traded limited liability company organized in the State of Nevada.

The following individual serves as the officer and managing member of the company:

- **Andrew Roth, PharmD**
  Managing Member / Officer
  Las Vegas Apothecary LLC

There are no additional officers or directors.

---

2. Top Stockholders / Ownership Interests

(NRS 639.231(3))

Las Vegas Apothecary LLC has one (1) owner.

- **Andrew Roth, PharmD** – 100% ownership interest

No other individuals or entities hold any ownership interest in Las Vegas Apothecary LLC.

---

3. Stockholders Holding 10% or More

(NAC 639.214(4)(b))

- **Andrew Roth, PharmD** – 100% ownership interest

No other stockholders exist.

---

4. Certificate of Good Standing

(Secretary of State Requirement)

A **Certificate of Good Standing** issued by the Nevada Secretary of State (SilverFlume), dated within the last six (6) months, is submitted separately with this application.

---

5. Designated Representative Form

(NAC 639.5005)

Pursuant to NAC 639.5005(c), this requirement **does not apply**, as a majority interest of the applicant is owned by a pharmacist who is:

1. Licensed by the Nevada State Board of Pharmacy; and
2. A resident of the State of Nevada.

---

6. Personal History Record Application

(Non-Publicly Traded Requirement)

A **Personal History Record Application** for the owner, **Andrew Roth, PharmD,** is completed and submitted separately with this application.

---

7. Sterile Compounding Questionnaire

(If Applicable)

Las Vegas Apothecary LLC **will perform sterile compounding.**
A completed **Sterile Compounding Questionnaire** is submitted separately as required.

---

8. Pharmacy Inspection, License Verification, DEA Registration

(Non-Nevada Pharmacies Only)

Not applicable.
Las Vegas Apothecary LLC is a **Nevada-located pharmacy.**

---

9. Internet Pharmacy Services Certification

(If Applicable)

Las Vegas Apothecary LLC does not provide internet pharmacy services at this time unless otherwise approved and documented.

---

10. Nevada Prescription Monitoring Program (PMP)

Las Vegas Apothecary LLC will comply with all Nevada Prescription Monitoring Program (PMP) reporting requirements for Schedule II–V controlled substances in accordance with NRS 453.162.

Certification

I certify that the information provided in this document is accurate and complete to the best of my knowledge.

Sterile Compounding Questionnaire

Rev (09/11/2024)

This application cannot be returned by fax or email.
We must have an original signature to process.

Approval of this completed questionnaire is required for an existing pharmacy, new pharmacy and/or out-sourcing facility applicant who wish to engage in preparing, compounding, dispensing, and furnishing sterile compounded products to Nevada patients or consumers.

Please provide a thorough response to the questions below and provide any necessary supporting documents.
-For a new pharmacy or out-sourcing facility applicant, submit this completed form with your application.
-For an existing pharmacy, send the completed form to the address indicated above.

Section 1: General Information

Pharmacy Name: Las Vegas Apothecary

NV Pharmacy or Outsourcing facility license # (if applicable): pending

Physical Address: 2578 Belcastro Street #104

City: Las Vegas State: NV Zip: 89117

Mailing Address (if different from physical address): 10366 Miners Gulch Ave

Supervising/Managing Pharmacist Name (NRS 639.220): Desiree Roth

Supervising/Managing Pharmacist NV Pharmacist Registration #: 18835

Name of Designated Person(s) as defined by revised USP-797 guidelines: Andrew Roth

Email of Designated Person(s): andrew.rx.roth@gmail.com

Telephone of Designated Person(s): 702-250-0177

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)?

☐ Category 1 ■ Category 2 ☐ Category 3

If you marked "**Category 3**", you must also complete **section 4**.

2. If compounding Category 2 products is the location performing sterility and endotoxin testing (if required) to obtain extended beyond-use dates? ■ Yes ☐ No

3. If compounding Category 2 products is the location performing aseptically processed CSPs or terminally sterilized CSPs? ■ Aseptic ■ Terminal

4. Is the pharmacy following the new garbing requirements listed in the revised USP-797 guidelines? ■ Yes ☐ No

5. When was the most recent certification for the ISO classified areas? Not applicable – New pharmacy under construction.

6. What is the frequency of the recertification for the ISO classified areas? N/A– New pharmacy under construction.

7. Were there any follow-up items required from the most recent certification report? ☐ Yes ■ No

8. If preparing Category 2 or Category 3 CSPs from non-sterile starting components are the pre-sterilization procedures such as weighing and mixing completed in an ISO Class 8 or better environment? ■ Yes ☐ No

9. If compounding Category 1 CSPs and Category 2 CSPs how often is surface sampling of all classified areas and pass-through chambers conducted? Monthly

10. Will you be performing sterile hazardous drug compounding? ■ Yes ☐ No

If you marked "**Yes**", you must also complete **section 3**.

11. List the sterile compounded products that you will be compounding for Nevada patients or consumers:

Las Vegas Apothecary will compound patient-specific sterile preparations pursuant to valid prescriptions from Nevada-licensed prescribers, in accordance with Section 503A of the Federal Food, Drug, and Cosmetic Act, USP <797>, and Nevada Revised Statutes Chapter 639.Sterile compounded preparations will include, but are not limited to:

Injectable hormone formulations (including hormone replacement therapy); Injectable vitamins and micronutrient preparations; Pain management injections; Anti-infective and immunological preparations; Ophthalmic and otic preparations; Dermatological and aesthetic preparations; Other clinically indicated sterile compounded preparations as requested by prescribers and determined by patient-specific therapeutic need

All bulk drug substances will comply with Section 503A requirements, including current FDA guidance on bulk substance eligibility. The pharmacy will not engage in anticipatory manufacturing, bulk production for non-patient-specific distribution, or outsourcing facility (503B) activities. All preparations will be compounded by trained, qualified personnel under the supervision of Desiree Roth (Managing Pharmacist) and Andrew Roth (Designated Person), following documented standard operating procedures and USP <797> standards for sterile compounding.

12. What laboratory performs your sterility or endotoxin testing?

Name: ARL Bio Pharma

Address: 840 Research Parkway

City: Oklahoma City State: OK Zip: 73104

Telephone: 405-271-1144

13. What is your procedure for visual inspection of compounded sterile products?

All compounded sterile preparations will undergo documented visual inspection by a qualified pharmacist prior to release for dispensing. Inspection will be conducted under appropriate lighting conditions using both light and dark contrasting backgrounds to detect visible particulate matter, cloudiness, discoloration, and container closure defects. For clear solutions, inspection includes verification of clarity and absence of visible particles. For suspensions and opaque preparations, inspection confirms uniform appearance and absence of foreign matter. Additional verification includes proper labeling accuracy and accuracy of the final preparation. All inspections are performed in accordance with USP <797> standards and documented in the compounding record.

14. How often do you perform glove fingertip and medial fill testing?

Glove fingertip and medial fill testing is conducted every 6 months per USP <797> standards for Category 2.

15. Describe your initial and ongoing training program for all personnel performing sterile compounding:

Personnel performing Category 2 sterile compounding will complete initial didactic training on USP <797>, aseptic technique, contamination control, and pharmacy SOPs, followed by supervised hands-on training.
Initial qualification will include hand hygiene, garbing, and donning of sterile gloves three separate and complete times, with gloved fingertip and thumb sampling after each (no growth allowed), and a media fill test representative of the most complex compounding expected to be performed. Ongoing competency will include a single gloved fingertip/thumb sampling after hand hygiene, garbing, and donning of sterile gloves and a media fill test at least every six (6) months, with documentation maintained under Designated Person oversight.

16. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:

Primary Engineering Controls (PECs):PECs (LAFW or BSC) will be cleaned and disinfected using sterile products only. At the beginning of each shift, before each batch, after spills or contamination, and every 30 minutes during continuous compounding, surfaces will be cleaned using sterile water for injection (or sterile water) as needed to remove residue, followed by sterile 70% isopropyl alcohol (IPA).A sterile sporicidal agent will be applied to PEC surfaces at least monthly and after any known contamination event, in accordance with USP <797>. All cleaning within ISO-classified PEC environments will utilize sterile, low-lint wipes and sterile disinfectants.
Secondary Engineering Controls (SEC – Buffer and Ante Areas):Classified buffer and ante areas will be cleaned and disinfected daily using EPA-registered disinfectants. Floors will be cleaned daily; walls, ceilings, and storage shelving will be cleaned at least monthly. A sporicidal agent will be applied at least monthly and following contamination events.
We intend to utilize Contec cleaning products, including sterile 70% IPA, TB1-3300 disinfectant, Preempt disinfectant, and Peridox sporicidal agent.
All cleaning activities will follow a documented SOP outlining proper contact times, and cleaning sequences (clean to dirty, top to bottom), and will be documented as part of the pharmacy's quality assurance program in compliance with USP <797>. More details of entire cleaning procedures are explained in our SOP.

17. Who performs the sterile compounding process at your facility?

Only personnel who have successfully completed and maintained initial and ongoing USP 797 training and competency.

18. Who is responsible and accountable for the sterile compounding process at your facility?

Andrew Roth, PharmD, Designated Person, and Desiree Roth, PharmD, Managing Pharmacist, are responsible and accountable for oversight and compliance of the sterile compounding process in accordance with USP <797> and Nevada Board of Pharmacy requirements.

19. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?

All products that are shipped or mailed from Las Vegas Apothecary are packaged and transported in full compliance with USP <797> Section 19 (CSP Handling, Storage, Packaging, Shipping, and Transport) and the pharmacy's SOP - Packaging and Transporting Procedure. These procedures ensure that CSP quality, sterility, and stability are maintained.

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)		
1. What type of primary engineering controls will you be using in your facility? LAFWs, BSCs, and CVEs		
2. Are you complying with all USP 800 guidelines?	■ Yes	No
3. Have your employees who compound with hazardous drugs signed an acknowledgement that they understand the risks associated with this process?	■ Yes	No
4. Is your BSC or CACI vented 100% to the outside?	■ Yes	No
5. Do you have a negative pressure buffer room at your facility?	■ Yes	No
6. Will you be compounding with antineoplastic HDs or HD API?	■ Yes	No
7. If yes, are the drugs stored in an externally ventilated, negative pressure room?	■ Yes	No
8. Will you be utilizing a closed system transfer device?	■ Yes	No
9. If yes, list the name of the device: When applicable, we will use the OnGaurd CSTD system.		

10. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers?

Patients and caregivers are provided with clear instructions on the safe handling, storage, and disposal of hazardous drug products and containers at the time of dispensing.
Education includes verbal counseling and written instructions when applicable.
Specifically, patients are instructed to:
Handle hazardous drugs with care, avoiding exposure to others.
Wash hands before and after handling or applying hazardous drug products.
Prevent secondary exposure by keeping medications and used containers away from children, pregnant individuals, and pets.
Avoid crushing, opening, or manipulating dosage forms unless explicitly directed.
Not flush hazardous drugs or containers down the toilet or sink.
Dispose of empty or partially used containers (estrogen or testosterone gels/creams) by:
Replacing the cap,
Placing the container in a sealed plastic bag, and
Disposing of it in regular household trash (not recycling).
Avoid recycling hazardous drug containers due to potential residual contamination.
Patients are advised that even "empty" containers may contain residual drug and should be handled accordingly.
These instructions are consistent with the intent of United States Pharmacopeia USP <800>, which emphasizes minimizing exposure risk to patients, caregivers, and the public.

11. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?

All new employees are trained and qualified before independently compounding sterile hazardous drugs in accordance with USP <797> Section 2 (Personnel Training and Evaluation) and USP <800> Section 9 (Personnel Training). New personnel complete structured didactic training that establishes foundational knowledge prior to any hands-on compounding. Training includes: Principles of aseptic technique and sterile compounding; Review of hazardous drug risks, routes of exposure, and health effects; Familiarization with the facility's NIOSH hazardous drug list; Overview of engineering controls, including ISO Class 5 C-PECs and negative-pressure C-SECs; Personal protective equipment (PPE) requirements specific to sterile hazardous drug compounding; Spill management, waste handling, and exposure response procedures; Review of facility policies, procedures, and SOPs. Following didactic training, personnel receive hands-on instruction and direct observation by a qualified trainer or designated person. This includes: Proper hand hygiene and garbing techniques; Correct donning and doffing of chemotherapy gloves, gowns, and other required PPE; Cleaning, disinfecting, and workflow practices within the sterile hazardous drug compounding area; Safe use of externally vented ISO Class 5 C-PECs used for sterile HD compounding; Personnel are not permitted to compound independently during this phase. Before independent compounding, personnel must successfully complete all required initial competencies, including: Garbing competency, consisting of visual observation and gloved fingertip and thumb sampling; Aseptic manipulation competency, including: Media-fill testing simulating the most challenging sterile compounding processes performed; Post-media-fill gloved fingertip and thumb sampling, Surface sampling of the direct compounding area. Failures result in retraining and re-evaluation prior to authorization. In addition to sterile compounding competencies, personnel receive targeted hazardous drug training that includes: Safe handling and containment of sterile hazardous drugs. Proper PPE selection and use. Spill response procedures and spill kit use. Hazardous drug waste segregation and disposal. Decontamination, deactivation, cleaning, and disinfecting procedures. Medical surveillance and exposure reporting requirements.

Section 4: Sterile Category 3 Compounding Questions (Complete this section ONLY if you will be performing Category 3 Compounding.)

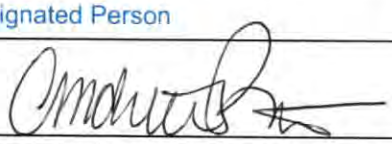
1. List the specific Category 3 sterile products that your facility compounds:

2. What is the frequency for ongoing garbing, gloved fingertip and thumb sampling, and media fill testing for compounding personnel?

3. Is the pharmacy meeting all of the additional garbing requirements for compounding Category 3 CSPs as defined by the revised USP-797 guidelines? Yes No

4. What is the frequency for completing volumetric active air sampling?

5. What is the frequency for completing surface sampling?		
6. What is the frequency for using sporicidal agents?		
7. Is an endotoxin test performed for all products compounded from one or more nonsterile component?	Yes	No
8. Is the BUD assigned supported by stability data obtained using a stability-indicating analytical method?	Yes	No



I certify under penalty of perjury that the information contained in this form is accurate, true and complete in all material respects. I understand that making any false representation in this form is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire form and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event the form is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Statement of Responsibility

1. I am the Chief Executive Officer (title) for Total Infusion Care LLC (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacy located inside the State of Nevada employ only pharmacists, intern pharmacists, pharmaceutical technicians, and technicians in training that are licensed by the Nevada State Board of Pharmacy. (NRS 639.100).
6. I further understand and acknowledge that Nevada law requires that each pharmacy located outside the State of Nevada engaged in providing pharmacy services into Nevada employs at least one pharmacist licensed by the Nevada State Board of Pharmacy who will be responsible for any prescription dispensed to a patient located in Nevada and responsible for any acts or omissions of pharmacy personnel who are not registered with the Board. (NRS 639.2328).

Section 11: Managing Pharmacist Acknowledgement, Professional/Personal History – REQUIRED TO BE COMPLETED BY THE MANAGING PHARMACIST FOR NEVADA LOCATED PHARMACY APPLICANTS ONLY

Managing Pharmacist Name: JONATHAN CHAN Pharmacist Registration #: 21072

Pharmacy Name: LUX Infusion 13

Initial each statement below to indicate you have read and agree with the following:

JC I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

JC I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

JC I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

JC I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

JC I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

Personal and Professional History	Yes	No
1. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓
2. Have you been charged, arrested, or convicted of a felony or misdemeanor in any state?		✓
3. Have you been the subject of a board citation or an administrative action whether completed or pending in any state?		✓
4. Has your license been subjected to any discipline for violation of pharmacy or drug laws in any state?		✓

If you marked YES to any questions above, include the following information and provide a signed statement of explanation. Copies of any documents that identify the circumstance or contain an order, agreement or other disposition is required.

SECTION 3.3.

ATTACHMENT

Edward P. Kramm
Chief Executive Officer

In July of 2018, Mr. Kramm renewed his Kansas Pharmacist license. The due date to complete CE and submit renewal was 6/30/2018. He was out of the country without access to his completed CE and so in July, upon his return to the states, he submitted his completed CE to the CE sponsors. The CE units were dated after the due date so Kansas did not recognize them in the license period which meant he had made an incorrect attestation on his renewal. Inasmuch as Mr. Kramm had not practiced pharmacy since 2008 and pursuant to his request, the Board agreed to retroactively place his license on inactive status beginning July 1, 2018. A Stipulation and Consent Order was executed. The Order included the requirements for changing his license to active status in the future, if desired. Mr. Kramm determined that he would not practice pharmacy at any time in the future so he let his license officially expire on 6/30/2022 and the matter was closed. It is important to note that Mr. Kramm did not practice without a license at any time. **SEE ATTACHED**

Filed By

KANSAS STATE
BOARD OF PHARMACY

BEFORE THE KANSAS STATE BOARD OF PHARMACY

In the Matter of the Renewal Application of Edward (Ted) Kramm License No.1-12056	))))))	Case No. 18-750

STIPULATION AND CONSENT ORDER

IT IS HEREBY STIPULATED AND AGREED by and between the Kansas Pharmacy Board (the "Board") and Edward (Ted) Kramm ("Respondent") as follows:

1. The Board is represented herein by its attorney, Randall J. Forbes of Frieden, Unrein & Forbes, 1414 SW Ashworth Place, Suite 201, Topeka, Kansas 66604. The Respondent is represented herein by attorney. N/A.

2. The Board is the Kansas agency vested with the authority to carry out and enforce the provisions of the Kansas Pharmacy Law, K.S.A. 65-1626 *et seq.*, (the "Act") including conducting hearings and proceedings to revoke, suspend, or otherwise discipline a Kansas license to practice pharmacy, including imposing an administrative fine or penalty.

3. The Respondent is presently entitled to engage in the practice of pharmacy in the State of Kansas by reason of the Board having issued Respondent Kansas license number 1-12056 ("Kansas License"). At all times relevant hereto, the Respondent has held a current license to engage in the practice of pharmacy in the State of Kansas.

4. Respondent hereby admits and waives any further proof in this or any other proceeding before or initiated by the Board, and upon motion duly made, seconded and passed, the Board finds as follows:

- On July 25, 2018, Respondent submitted a renewal application to engage in the practice of pharmacy in the State of Kansas.

- In the renewal application, Respondent requested to renew the license on active status.
- At the end of the renewal application, Respondent agreed to the following statement prior to submitting the completed renewal application: "I hereby attest that I have completed all continuing education hours required by law to renew my license."
- Respondent's renewal application was selected for an audit to provide proof of Respondent's continuing education certificates or a transcript of completion of required hours.
- Respondent provided proof of two hours of continuing education to renew Respondent's pharmacy license.
- On May 2, 2019, Respondent indicated he has not practiced pharmacy for several years and wants to retroactively renew his license on inactive status, which does not require continuing education.
- Pursuant to K.A.R. 68-1-1b, 30 hours of continuing education shall be required for renewal of a pharmacist license during each licensure period, which must be obtained in the two-year licensure period ending on the June 30 expiration date of each license.
- Respondent was required to provide proof of completion of 30 hours of continuing education earned between July 1, 2016 and June 30, 2018.

5. Upon motion duly made, seconded and passed, the Board finds and concludes that Respondent's conduct, as described above, violates the Act is therefore grounds for disciplinary action against Respondent's Kansas License pursuant to 65-1627(a)(1) and (a)(9).

6. The Respondent agrees and consents and the Board finds, concludes, and orders that the following disposition is just and appropriate under the circumstances:

A. Respondent's Kansas license to practice pharmacy is retroactively placed on inactive status beginning July 1, 2018.

B. If Respondent seeks to change the license to active status in the future, Respondent shall be required to pay a $2,800 fine and provide proof of an additional 112 hours of completed continuing education for failing to comply with K.S.A. 65-162(a)(1) and (a)(9), in addition to any other fees and requirements established by law. Completion of these hours shall not count toward any subsequent continuing education requirement for Respondent's Kansas license.

7. Respondent agrees that all information in the possession of the Board's Executive Secretary, its staff, its investigators and or its attorney regarding the investigation which lead to this disciplinary action and all information discovered during the pendency of the disciplinary action may be disclosed to and considered by the Board as part of the presentation and consideration of the proposal of settlement in the form of this Stipulation and Consent Order and the Final Order provided for herein, with or without the presence of the Respondent or its attorney. In the event that this Stipulation and Consent Order and the Final Order provided for herein are not accepted and approved by the Board, the Respondent further waives any objection to the Board members' consideration of this Stipulation and Consent Order or the information mentioned in the preceding sentence and further agrees to waive any claim of due process violation or the right to seek the disqualification of any Board member as a result of the Board member's consideration of said document and information.

8. The stipulations contained herein shall not become binding until this Stipulation and Consent Action is approved by the Board and the Final Order provided for herein is entered by the Board. The Respondent acknowledges that the approval of the Board's Executive Secretary or its attorney shall not constitute the approval of the Board or bind the Board to approve this Stipulation and Consent Action or the Final Order provided for herein.

9. The Respondent agrees that this Stipulation and Consent Order is in conformance with Kansas and federal law and the Board has jurisdiction to enter into it and enter the Final Order provided for herein. The Respondent further agrees, for purposes of this matter, that the Kansas Pharmacy Act, K.S.A. 65-1626 *et seq.* is constitutional on its face and as applied in this case.

10. This Stipulation constitutes the entire agreement of the parties and may only be modified by a subsequent writing signed by them. The agreement shall be interpreted in accordance with the laws of the State of Kansas.

11. The Respondent acknowledges that Respondent has the following rights:

(a) To have formal notice of charges served upon him;

(b) To file a response to the charges;

(c) To have notice of and participate in a formal adjudicative hearing with the Board or its designee making specific findings of facts and conclusions of law based only upon evidence admitted at such hearing; and

(d) To take advantage of all applicable provisions of the Kansas Administrative Procedure Act, K.S.A. 77-501 *et seq.* and the Kansas Judicial Review Act, K.S.A. 77-601 *et seq.*

The Respondent freely waives these rights and acknowledges that said waiver is made voluntarily and in consideration of the Board's limiting the disciplinary action taken against him to those provided for herein. The Respondent further waives the right to seek reconsideration or appeal or otherwise contest this Stipulation and Consent Order and the Final Order provided for herein.

12. The Respondent acknowledges that Respondent enters into this Stipulation and Consent Order freely and voluntarily after consultation with counsel of his choosing. The Respondent further acknowledges that Respondent has read this Stipulation and Consent order in its entirety, understands its legal consequences, and agrees that none of its terms are unconscionable, arbitrary, or capricious.

13. Time is of the essence to this Stipulation and Consent Order. Respondent acknowledges and agrees that any violation of this Stipulation and Consent Order shall constitute a willful violation of a lawful Board order and grounds for further disciplinary action against him. The pendency of any disciplinary action arising out of an alleged violation of this Stipulation and Consent Order shall not affect the obligation of Respondent to comply with all terms and conditions of this Stipulation and Consent Order.

14. This Stipulation and Consent Order constitutes the entire and final agreement of the parties. In the event any provision of this Stipulation and Consent Order is deemed invalid or unenforceable by a court of competent jurisdiction, it shall be severed and the remaining provisions of this Stipulation and Consent Order shall be given full force and effect.

15. Upon approval and entry of the Final Order by the Board, this Stipulation and Consent Order shall be a public record in the custody of the Board.

16. This Stipulation and Consent Order shall become effective on the day it is approved, accepted, and made an order of the Board by way of signature of the Board's authorized representative.

17. The Respondent acknowledges that Respondent has been advised by the Board that Respondent would have the right within 15 days after service of the Final Order provided for herein to file a petition for reconsideration with the Board and the right within 30 days after service of the Final Order provided for herein to file a petition for judicial review in the District Court of Shawnee County, Kansas in accordance with the Kansas Judicial Review Act, K.S.A. 77-601 *et seq.* and to serve such a petition for judicial review on the Kansas Board of Pharmacy by serving Alexandra Blasi, JD, MBA, Executive Director, at 800 SW Jackson St., Suite 1414, Topeka, KS 66612. The Respondent hereby waives those rights.

ENTERED AND EFFECTIVE this 10th day of June, 2019.

Mohammad A. Pourteymaur

CERTIFIED AND FIRST CLASS MAIL

RE: Case 2016-3681

Dear Mr. Pourteymaur:

At its November 17, 2016 meeting, the Colorado State Board of Pharmacy ("Board") reviewed the above-referenced complaint. After careful consideration of all the evidence before the Board, the Board determined that upon your initial application for pharmacist licensure in the State of Colorado, you did not attest that you had disciplinary action taken against your license or pending against you in any state when you should have attested to this fact.

The Board hereby admonishes the pharmacy for violation of the Pharmacists, Pharmacy Businesses, and Pharmaceuticals Act and Board Rules.

This admonishment shall be made a part of the permanent records of the Board and is reportable as a disciplinary action. It may also be considered as an aggravating factor if you incur future violations. You may request that a hearing be initiated by the Board if you wish to dispute the information in this letter. The purpose of such a proceeding would be to adjudicate the propriety of the conduct upon which this letter is based. The Board must receive such a request from you within 20 days after you receive this letter.

If you make a timely request, the letter of admonition shall be deemed vacated pending resolution of formal disciplinary proceedings. Those proceedings involve a hearing conducted in accordance with the State Administrative Procedures Act.

Sincerely,

FOR THE COLORADO STATE BOARD OF PHARMACY

Chris Gassen, R.Ph.
Pharmaceutical Inspector
Acting Program Director

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY,

Petitioner,

v.

MOHAMMAD A. POURTEYMAUR, R.Ph.,
Certificate of Registration #13759,

Respondent.

FINDINGS OF FACT, CONCLUSIONS OF LAW, AND ORDER

Case No. 08-032-RPH-S

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on October 29, 2008, in Las Vegas, Nevada. The Board was represented by Carolyn J. Cramer, General Counsel for the Board. Respondent Mohammad A. Pourteymaur appeared and represented himself. Based on the presentation of Mr. Pourteymaur, and the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. At hearing, Mr. Pourteymaur admitted the facts as plead in the Notice of Intended Action and Accusation were true and correct. At hearing, Mr. Pourteymaur testified by way of explanation and mitigation. Based upon the Respondent's admissions and the evidence presented at hearing, the following are found to be the facts of this matter.

2. Mr. Pourteymaur timely submitted the application for renewal of his pharmacist's license. On his renewal application he indicated that he had completed 30 hours of continuing education. Mr. Pourteymaur's renewal application was included in a random sample to be audited. The audit revealed that Mr. Pourteymaur had completed

zero hours of continuing education between November 1, 2005 and October 31, 2007.

3. At hearing, Mr. Pourteymaur testified that he has been in medical school since August of 2002 and has been taking some pharmacy related courses, but that the classes were not ACPE accredited classes. Additionally, Mr. Pourteymaur testified he had personal matters over the time in question such as deaths and births in his family that took his time. Mr. Pourteymaur also expressed regret that he had answered the question affirmatively stating that he had completed the course work when he knew that he had not and offered classes he took after the renewal period in mitigation to the Board.

CONCLUSIONS OF LAW

1. The Board has jurisdiction over this matter and this respondent because Mr. Pourteymaur is a pharmacist licensed by the Board.

2. In indicating on his renewal application that he had completed 30 hours of continuing education on his renewal application when he had taken zero hours of course work, Mr. Pourteymaur violated NRS 639.210(4) and (9) and 639.2174(2) and NAC 639.330 and 639.390.

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. For the renewal period of November 1, 2005 through October 31, 2007, Mr. Pourteymaur shall complete 30 hours of continuing education. Mr. Pourteymaur will not be given credit for any of the continuing education classes he completed prior to October 29, 2008.

2. For the renewal period of November 1, 2007 through October 31, 2009, Mr. Pourteymaur will complete 60 CE's. Mr. Pourteymaur' continuing education hours will

be audited to verify that he has completed the 60 hours of continuing education required by this Order.

3. Mr. Pourteymaur shall pay a fine of $1,000.00 by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 60 days of the effective date of this Order.

4. Mr. Pourteymaur will not be allowed to inactivate his license.

5. Mr. Pourteymaur must take and pass a written law examination provided by Board staff within 30 days of receipt of the examination.

6. The failure by Mr. Pourteymaur to comply with any term in this order shall result in the immediate suspension of his license and will also result in further discipline, up to and including revocation of the his license.

Signed and effective this 25th day of November, 2008.

Barry Boudreaux, President

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)?

   ☑ Category 1 ☑ Category 2 ☐ Category 3

   If you marked "**Category 3**", you must also complete **section 4**.

2. If compounding Category 2 products is the location performing sterility and endotoxin testing (if required) to obtain extended beyond-use dates? ☐ Yes ☑ No

3. If compounding Category 2 products is the location performing aseptically processed CSPs or terminally sterilized CSPs? ☑ Aseptic ☐ Terminal

4. Is the pharmacy following the new garbing requirements listed in the revised USP-797 guidelines? ☑ Yes ☐ No

5. When was the most recent certification for the ISO classified areas? 12/4/2025

6. What is the frequency of the recertification for the ISO classified areas? every 6 months

7. Were there any follow-up items required from the most recent certification report? ☐ Yes ☑ No

8. If preparing Category 2 or Category 3 CSPs from non-sterile starting components are the pre-sterilization procedures such as weighing and mixing completed in an ISO Class 8 or better environment? ☑ Yes ☐ No

9. If compounding Category 1 CSPs and Category 2 CSPs how often is surface sampling of all classified areas and pass-through chambers conducted? monthly

10. Will you be performing sterile hazardous drug compounding? ☐ Yes ☑ No

    If you marked "**Yes**", you must also complete **section 3**.

11. List the sterile compounded products that you will be compounding for Nevada patients or consumers:

--Antibiotics
--TPN
--Intravenous iron infusions
--Specialty Infusion

12. What laboratory performs your sterility or endotoxin testing?

Name: Technical Safety Services

Address: 4220 Executive Square, Suite 370

City: La Jolla State: CA Zip: 92037

Telephone: 800-877-7742

13. What is your procedure for visual inspection of compounded sterile products?
Visual inspections: components & final CSP, label (including BUD assignment & storage conditions), and container closure system are inspected.

14. How often do you perform glove fingertip and medial fill testing?
Compounding personnel--every 6 months
Overseeing pharmacists (non-compounding)--annually

15. Describe your initial and ongoing training program for all personnel performing sterile compounding:
See attached policy 797.16, Section 4.5 which outlines both initial and ongoing training for sterile compounding personnel.

16. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:
See attached policy 797.03 which outlines all cleaning frequencies (Sec. 4.1) and agents (Sec. 2.10) used.

17. Who performs the sterile compounding process at your facility?
Names of compounding personnel: Brianna Morris, Justin Estella, Kalvin Edquiban, and Michean Heffron

18. Who is responsible and accountable for the sterile compounding process at your facility?
Designated person: Brianna Morris
Responsible PIC: Mo Pourtemayer

19. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?
See attached policy 797.05 which outlines transport of CSPs and the required packaging utilized (Sec 4.3)

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)		
1. What type of primary engineering controls will you be using in your facility?		
2. Are you complying with all USP 800 guidelines?	Yes	No
3. Have your employees who compound with hazardous drugs signed an acknowledgement that they understand the risks associated with this process?	Yes	No
4. Is your BSC or CACI vented 100% to the outside?	Yes	No
5. Do you have a negative pressure buffer room at your facility?	Yes	No
6. Will you be compounding with antineoplastic HDs or HD API?	Yes	No
7. If yes, are the drugs stored in an externally ventilated, negative pressure room?	Yes	No
8. Will you be utilizing a closed system transfer device?	Yes	No
9. If yes, list the name of the device:		

10. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers?

11. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?

Section 4: Sterile Category 3 Compounding Questions (Complete this section ONLY if you will be performing Category 3 Compounding:)

1. List the specific Category 3 sterile products that your facility compounds:

2. What is the frequency for ongoing garbing, gloved fingertip and thumb sampling, and media fill testing for compounding personnel?

3. Is the pharmacy meeting all of the additional garbing requirements for compounding Category 3 CSPs as defined by the revised USP-797 guidelines? Yes No

4. What is the frequency for completing volumetric active air sampling?

5. What is the frequency for completing surface sampling?		
6. What is the frequency for using sporicidal agents?		
7. Is an endotoxin test performed for all products compounded from one or more nonsterile component?	Yes	No
8. Is the BUD assigned supported by stability data obtained using a stability-indicating analytical method?	Yes	No

I certify under penalty of perjury that the information contained in this form is accurate, true and complete in all material respects. I understand that making any false representation in this form is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire form and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event the form is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

[BIOMATRIX]

Policy Title: Quality Assurance & Quality Control Program – Sterile Compounding

Department: Pharmacy

Effective Date: 1/1/2026

Policy Number: 797.16

Applicability:

This policy applies to (1) BioMatrix and its wholly-owned subsidiaries and affiliates (each, an "Affiliate"); (2) any other entity or organization in which BioMatrix or an Affiliate owns a direct or indirect equity interest of greater than 50%; and (3) any entity in which an Affiliate either manages or controls the day to day operations of the facility each, a "BioMatrix Entity" (collectively, "BioMatrix" or "Company").

Purpose:

- This policy describes the Sterile Compounding Program quality assurance and quality control responsibilities and processes for BioMatrix Infusion Pharmacies where Compounded Sterile Preparations (CSPs) are compounded, verified, and stored prior to dispensing. The policy serves as BioMatrix Infusion Pharmacies' written Quality Assurance and Control Program ("Quality Program") consisting of:
  - **Quality Assurance (QA)**: The procedures, activities, and oversight that ensures the compounding process consistently meets quality standards
  - **Quality Control (QC):** The sampling, testing, and documentation of results that, when taken together, ensure CSP specifications have been met prior to release and dispensing
- The Quality Program is a comprehensive system that supports continual quality improvement within the Sterile Compounding Program and is designed to ensure:
  - Regulatory and statutory compliance
  - Adherence to policies and procedures
  - Prevention and detection of errors or other quality deficiencies
  - Evaluation and handling of complaints and adverse events
  - Appropriate investigations and corrective actions
- The Quality Program integrates information and data collected from patients, caregivers, and providers; compounding and support personnel; technical, mechanical, and scientific professionals; and supporting organizational and industry experts with the ultimate goal of ensuring patient safety through consistent and repeatable high quality CSPs prepared in a safe and controlled compounding environment.

Scope:

This policy applies to all clinical and administrative personnel involved in the provision, coordination, and support of services provided by BioMatrix Specialty Pharmacy.

Definition(s):

- **Cycle parameters**: A description of the unique sterilization or depyrogenation parameters used for a defined purpose or process including temperature, duration, and pressure (if appropriate).
- **Cycle validation indicators**: including biological indicators and endotoxin challenge vials (ECVs) used to validate the respective sterilization or depyrogenation cycles achieved the conditions necessary to achieve the desired result in the CSPs or items included in the cycle; is not absolute proof of sterility (or depyrogenation).
- **Load characteristics**: A description and visual representation/diagram of each sterilization or depyrogenation process such as maximum number of items loaded, configuration and placement of items inside the load, and wrapping, if any, of the loaded items
- **Oversight:** The review, monitoring, and supervision of actions taken by personnel, bearing responsibility for those actions, and being available for consultation if and when needed even if not physically present.
- **Quality assurance (QA):** A system of procedures, activities, and oversight that ensures that the compounding process consistently meets quality standards.
- **Quality control (QC)**: The sampling, testing, and documentation of results that, taken together, ensure that specifications have been met before release of the CSP.
- **Release inspection and testing:** Visual inspection and testing performed to ensure that a preparation meets appropriate quality characteristics.
- **Specification:** The tests, analytical methods, and acceptance criteria to which any component, CSP, container closure system, equipment, or other material used in compounding CSPs must conform to be considered acceptable for its intended use.
- **Verify:** To confirm that a method, process, system, or equipment will perform as expected under the conditions of actual use

Roles & Responsibilities:

1. The Designated Person(s) (DP):
   - Partner with Director of Clinical operations and Supervising Pharmacist to develop, implement, and manage the Sterile Compounding Quality Program
   - Educate Compounding Personnel on the Quality Program including individual and team quality related responsibilities, processes, documentation, and tools
   - Alert and engage the Director of Clinical Operations and Supervising Pharmacist of issues impacting quality or regulatory and/or statutory changes impacting the Quality Program
   - Ensure quality assurance audits of the Sterile Compounding Practice compliance and related documentation are conducted on a timely basis
   - Oversee remediation and documentation of any deficiencies found in QA audit process
2. Compounding Personnel:
   - Understand individual and compounding team role and responsibilities in supporting sterile practice quality assurance and control through compliance with all the Sterile Compounding Program policies and procedures (i.e., Standard Operating Procedures or SOPs)
   - Alert DP or compounding supervisor of any known or suspected deficiencies, failures, or out of specification results related to any aspect of sterile compounding operations and assist with remediation efforts if appropriate, including, but not limited to issues with:
     Facilities operations or certification

Engineering controls (e.g., PECs/SECs)
Environmental controls for compounding and drug storage locations (e.g., pressure differentials, temperatures, humidity; functioning of HVAC or airflow systems)
Equipment, supplies, components, containers
Cleaning, disinfecting, or application of sporicidal disinfectants
Materials movement and personnel conduct with controlled areas
Sterile compounding and release inspections and tests
Personnel training and competency evaluations
Documentation of compliance activities

3. Director of Policy and Supervising Pharmacist:

- Partner with DP to understand sterile practice regulatory and statutory requirements, how to locate and interpret compliance documentation, QA/QC audit parameters, and specifics of BioMatrix Infusion Pharmacies' sterile compounding Quality Program
- Conduct and document findings of independent sterile compounding QA audits per policy
- Communicate QA audit results to DP and pharmacy staff.

Partner with DP to resolve audit deficiencies; conduct follow up verification of corrective actions taken to resolve deficiencies

Policy:

1. [USP 1163] The Director of Clinical Operations is responsible to define, implement, and oversee BioMatrix Infusion Pharmacies' Quality Program and ensure it includes, at a minimum, the following integrated components:

   i. Compounding Personnel Training & Competency Evaluation
   ii. Standard Operating Procedures (SOPs)
   iii. Compliance Documentation Review & Audit
   iv. CSP Verification
   v. CSP Release Inspections & Testing
   vi. Controlled Area(s) Cleaning, Disinfecting, & Safety
   vii. CSP Containers, Packaging, Repackaging, Labeling, and Storage Practices
   viii. Responsible Personnel
   ix. [Compounding at outsourced vendors, suppliers & laboratories only] Outsourcing Documentation Supporting BUD Assignments and Release Testing Results

2. [USP 797] Sterile Compounding Program compliance related activities and documentation (e.g., inspection or analytical laboratory reports, competency forms and checklists, electronic and written records, and supporting documentation) are reviewed and audited at least once annually to ensure:

   i. All required regulatory and statutory sterile compounding requirements are successfully completed within the appropriate timeframe, memorialized with the appropriate documentation, and reviewed by the DP (if appropriate)
   ii. Out of specification findings, occurrences, and events are investigated and remediated
   iii. Corrective actions are fully documented, and data collected in response to corrective actions is reviewed to confirm action taken have been effective
   iv. Opportunities of continual process improvement are identified and initiated

3. [Best Practice] Sterile compounding personnel performance and technique are audited on a regular and ongoing basis to validate compliance with procedures, workflows, and conduct as defined in Sterile Compounding Program policies and procedures designed to maintain a state of control in the compounding environment and ensure patient safety through the preparation of sterile, accurate, and consistent CSPs.
4. The pharmacy will perform 2 separate sterility tests on compounded Total Parenteral Nutrition (TPN) every 6 months. These will be from separate days and are done to validate BioMatrix Infusion Pharmacy use of automated compounding device for compounding TPN therapy.
    a. From 01 MAY 2024 – Using QI Medical QuickTest System – QT3000 – per manufacturer instructions. Incubated at 20 to 25°C for 14 days per manufacturer.
    b. Prior to 01 MAY 2024 – Using QI Medical QT Junior System – TJ3100 – per manufacturer instructions. Previously incubated at 30 to 35C for 14 days; updated as of 2/20/2024 to incubate per manufacturer instructions at 20 to 25°C for 14 days. An 8mL sample of a TPN without lipid emulsion was aseptically extracted from a compounded TPN within the PEC and added to the QT Junior system.

Procedure:

[USP 797] **Sterile Program Quality Assurance Compliance Review & Audit**

1. [USP 797] Review Sterile Compounding Program compliance activities and audit at least once annually to ensure all regulatory and statutory requirements and supporting documentation are effectively and fully completed within the appropriate timeframe(s) and per policy. This audit also confirms DP and compounding personnel compliance with policies and procedures and allows for the detection and potential prevention of other quality deficiencies.
2. Confirm compliance documentation is retained in a readily retrievable electronic and/or written format and can be easily located with minimal instruction.
3. **Facilities and environmental controls QA audit parameters** follow criteria in the table below. Refer to the **Facilities & Environmental Controls policy** and **Certification & Recertification policy** for additional information regarding these regulatory requirements.

Requirement	Compliance Activity Frequency	Quality Assurance Parameter
FACILITIES & ENGINEERING CONTROLS		
Sterile facilities certification / recertification	Initially & every 6 months* *Performed by a qualified certification vendor*	• Formal sterile suite certification report & ISO classification certificate for each sterile suite/area; includes: ○ Total particle count testing under dynamic conditions (SECs only) ○ Airflow testing results demonstrating air velocity, room air exchange rate, and room pressure differentials at doorways (SECs only) ○ HEPA filter integrity testing (SECs & PECs) ○ Dynamic airflow smoke pattern test (PECs only) • Certificate of compliance posted on each PEC

[BIOMATRIX]

Requirement	Compliance Activity Frequency	Quality Assurance Parameter
Total particle counts / ISO classifications		• Sampling plan diagram • ISO Class 5 (PEC): < 3520/m^3 • ISO Class 7 (Buffer Room & Ante Room to a Hazardous Buffer Room): < 352,000/m^3
SEC air exchanges per hour (ACPH)		• ISO Class 7 Areas: ≥ 30 ACPH *(must show contribution of ACPH from HVAC system and PECs separately plus total ACPH)* • ISO Class 8 Areas: ≥ 20 ACPH
SEC pressure differentials (at doorways)		• Positive pressure to neutral areas (Ante to Non-classified Area): +0.02 in. w.c. • Positive pressure to positive pressure area (Ante to Buffer): +0.02 in. w.c. • Positive pressure to negative pressure area (Ante to Hazardous Ante/Drug Storage/Buffer): -0.01 to -0.03 in. w.c. • Negative pressure to negative pressure area (Hazardous Ante/Drug Storage to Hazardous Buffer): -0.01 to -0.03 in. w.c.
SEC & PEC HEPA filter integrity testing		• 99.97% efficacy documented for each HEPA filter • Description of patch size applied to HEPA filter *(PEC HEPA filters should not exceed 2% of filter surface area)*
PEC dynamic airflow smoke patter test & video		• Documented and video evidence of successful completion of airflow smoke pattern test performed *"under dynamic operating conductions demonstrating unidirectional airflow and sweeping action over and away from the preparation"*
OOS or Failure Investigation & Corrective Action Plans	As needed	• Documentation of facilities or engineering controls OOS or failures, investigation to determine root cause(s), corrective action plan, and review of remediation to confirm actions taken have been effective
ENVIRONMENTAL CONTOLS		
SEC pressure differentials (at doorways)	Measured by continuous monitoring device	• Daily review and documentation of pressure differentials every day compounding occurs (see above for required pressure differential values/ranges)
SEC and drug storage location temperatures	Measured by continuous monitoring device or recorded manually	• Daily review and documentation of compounding room and drug storage location temperatures every day compounding occurs ○ Compounding areas: ≤ 20°C *(recommended for compounder comfort; not a firm requirement)* ○ Ambient Drug Storage Areas (Controlled Room Temp): 20 - 25°C ○ Refrigerated Drug Storage Areas: 2 - 8°C ○ Frozen Drug Storage Areas: -25 to -10°C
SEC humidity		• Daily review and documentation of compounding room humidity every day compounding occurs ○ Compounding areas: ≤ 60% *(recommended for compounder comfort; not a firm requirement)*
Calibration, maintenance, and certification records	Every 12 months	For each continuous monitoring system, device, or gauge monitoring pressure differentials, temperatures (room and drug storage locations), and humidity: • Documentation of annual calibration and certification by a qualified technician • Documentation of maintenance as needed
OOS or Failure Investigation &	As needed	• Documentation of daily pressure differential, temperature, or humidity monitory OOS or failures results, investigation to

Requirement	Compliance Activity Frequency	Quality Assurance Parameter
Corrective Action Plans		determine root cause(s), corrective action plan, and review of remediation to confirm actions taken have been effective

*Facilities are also recertified after events impacting the quality of the environment including, but not limited to redesign, construction/major repairs, relocation or replacement of PEC, or room configuration/traffic pattern changes that could affect airflow or air quality.

4. **Microbial air and surface sampling QA audit parameters** follow criteria in the table below. Refer to the **Microbial Air & Surface Sampling policy** and **Out of Specification policy** for additional information regarding these regulatory requirements.

<table>
<tr><th>Requirement</th><th>Compliance Activity Frequency</th><th>Quality Assurance Parameter</th></tr>
<tr><td colspan="3">MICROBIAL AIR & SURFACE SAMPLING</td></tr>
<tr><td>Viable Air Sampling Results</td><td>Every 6 months</td><td rowspan="2">• Viable sampling diagram (including sites within PECs and SECs sufficient to adequately characterize the state of microbial control within area)
• Sampling results reports:
○ Date, time, & person performing sampling
○ Identification of sampling locations and person/entity who performed sampling
○ Media incubation dates and temperatures
○ Media used: manufacturer, lot number, expiration date, and validation of growth promotion (e.g., control plate results)
○ Sampling equipment used: manufacturer, model, certification
○ CFU enumeration per site (reported as a single number per site if only TSA media plates used; reported as 2 separate numbers if two types of media plates are used per site)
○ Microbial identification of CFUs to the genus level (not required unless action levels are exceeded)
<table><tr><th>ISO Class</th><th>Viable Air Sample
CFU/m³ of air per plate (1000L sample)</th><th>Viable Surface Sample
CFU per sampling plate</th></tr><tr><td>ISO 5</td><td>> 1</td><td>> 3</td></tr><tr><td>ISO 7</td><td>> 10</td><td>> 5</td></tr><tr><td>ISO 8</td><td>> 100</td><td>> 50</td></tr></table></td></tr>
<tr><td>Surface Sampling Results</td><td>Every Month</td></tr>
<tr><td>[Best Practice]
Sampling results after OOS events</td><td>As needed and for major air handling system maintenance</td><td>• OOS event written description including:
○ Date, time, and location (e.g., area(s) impacted)
○ Impact to environmental controls (e.g., pressure differentials, temperatures, and/or humidity)
○ Impact to operations of PECs, if applicable
○ Impact to compounding operations and immediate remediation steps taken (e.g., restricting compounding operations, temporarily reclassifying sterile suite as a SCA or Category 1 compounding with BUDs limited to a maximum of 12 hours room temp or 24 hours refrigerated, etc.)
○ Remedial cleaning after event, if applicable
○ Validation of restored state of microbial control (e.g., sampling results report)</td></tr>
<tr><td>OOS or Failure Investigation &</td><td>As needed</td><td>• Documentation of OOS results (e.g., CFUs exceeding action levels at any site, pathogenicity of microorganisms identified, or trends</td></tr>
</table>

Requirement	Compliance Activity Frequency	Quality Assurance Parameter
Corrective Action Plans		of actionable results, etc.), investigation to determine root cause(s), corrective action plan, and review of remediation to confirm actions taken were effective • Resampling report results confirming successful remediation
COAs for media used onsite	Media ordered for environmental sampling	For each lot of media used: • Manufacturer (or internal) lot number and expiration date • Manufacturer COA verifying media has been tested and meets expected microbial growth promotion, media pH within acceptable limits, and sterilization requirements

5. **Personnel training and competency QA audit parameters** follow criteria in the table below. Refer to the **Personnel Training & Evaluation policy** for additional information regarding these regulatory requirements.

Requirement	Compliance Activity Frequency	Quality Assurance Parameter
PERSONNEL TRAINING & COMPETENCY EVALUATIONS		
Compounding Personnel	Initially & every 6 or 12 months depending on evaluation	**For each employee:** • Competency documentation showing successful completion initially (prior to compounding) and <u>every 12 months</u> of: 1. **Foundational and job-related knowledge exam** – ▪ <u>Initially & Ongoing</u>: minimum 80% passing score 2. **Observed validation of core skills** in maintaining the quality of the sterile compounding environment (e.g., cleaning, materials movement, etc.) ▪ <u>Initially & Ongoing</u>: 100% observed skills assessment • Competency documentation showing successful completion initially (prior to compounding) and <u>every 6 months</u> of: 3. **Observed Hand Hygiene & Garbing Competency** including gloved fingertip (GFT) results – ▪ <u>Initially</u>: performed three (3) times with zero (0) CFUs detected & 100% passing score ▪ <u>Ongoing</u>: performed once with zero (0) CFUs detected & 100% observed skills assessment 4. **Observed Aseptic Technique Competency** including media fill (MF) and post media fill GFT and surface sample (SS) results ▪ Initial & Ongoing: no turbidity in MF, <u>≤</u> 3 CFU on GFT, & <u>≤</u> 3 CFU on SS & 100%% observed skills assessment • Documentation of media manufacturer, lot number, & expiration date plus incubation dates and temperatures for competencies using media (i.e., #3 & #4) • Evaluation date, time, and evaluator name for all observed competencies (i.e., #2, #3, & #4)
Personnel directly overseeing compounding	Initially & every 12 months	See above <u>Exception</u>: #3 & #4 competencies are performed initially and once every 12 months
Personnel performing	Initially & every 12 months	See above

Requirement	Compliance Activity Frequency	Quality Assurance Parameter
Allergenic Extract Compounding		Exception: #3 & #4 competencies are performed initially and once every 12 months. If employee does not compound AEs for > 6 consecutive months, employee successfully repeats all initial evaluations (#1 - #4) prior to compounding independently
Personnel performing Immediate Use Compounding	Initially & every 12 months	See above Exception: personnel who exclusively perform immediate use compounding are only perform job-related knowledge exam (#1) & observed core skills assessment (#2)
Personnel providing supporting roles	Initially & every 12 months	• Personnel who exclusively performing supporting roles located outside of controlled compounding areas (e.g., Pharmacy coordinators and drivers are evaluated on placing items onto the anteroom cart and removing items from the anteroom cart to ensure no outside packaging/corrugated cardboard and that only one cleanroom site door is open at a time.)
Compounding Personnel performing specialized roles	Initially and every 12 months	For each compounder performing a specialized role (e.g., Assigned Sterile Trainers and personnel performing air and/or surface sampling, managing incubation of media): • The DP observes and documents competency in the specific skills and knowledge needed to perform the specialized role
Competency Failure & Corrective Action Plans	As needed	• Documentation and description of failed results, investigation, prescribed remedial training and/or corrective action plan, and review of remediation to confirm actions taken were effective • Results of repeated competencies (required for failures, refer to policy for more information)
COAs for media used onsite	Media/media fill components ordered for personnel sampling	For each lot of media used: • Manufacturer (or internal) lot number and expiration date • Manufacturer COA verifying media has been tested and meets expected microbial growth promotion, media pH within acceptable limits, and sterilization requirements

6. **Cleaning of controlled compounding area QA audit parameters** follow criteria in the table below. Refer to the **Cleaning, Disinfecting, & Application of Sporicidal Agent policy** for additional information regarding these regulatory requirements.

<table>
<tr><th>Requirement</th><th>Compliance Activity Frequency</th><th>Quality Assurance Parameter</th></tr>
<tr><td colspan="3">CLEANING & DISINFECTING</td></tr>
<tr><td>Cleaning, Disinfecting, & Application of Sporicidal Agents</td><td>Per Policy</td><td>Refer to the policy for a detailed description of the cleaning tasks, frequency, and agents to be used; in general, the following occurs:
<table>
<tr><th>Minimum Frequency</th><th>Task/Area</th><th>Cleaning Agent</th></tr>
<tr><td>Daily</td><td>Cleaning & disinfecting:
• Interior of each PEC (including work tray)
• Equipment resident in PEC
• Pass Through(s)
• Work surfaces outside of PEC and with SECs (or SCA)</td><td>EPA registered one step disinfectant cleaner or separate agents</td></tr>
</table>
</td></tr>
</table>

Requirement	Compliance Activity Frequency	Quality Assurance Parameter		
			• Floors • Sinks	
		Monthly	• All daily tasks (above) • Underneath PEC work tray • Walls & Ceilings • All surfaces outside of PEC (not only high touch) • Storage bins & shelves • Equipment outside of PECs	Sporicidal Agent (with cleaning & disinfecting activity)
		Ad Hoc	As determined by the DP or per policy for Out of Specification (OOS) occurrences	
		• Timely and complete documentation of regularly scheduled and ad hoc cleaning tasks that occur including identification of person completing task		
OOS or Failure Investigation & Corrective Action Plans	As needed	• Documentation of OOS results (e.g., incomplete or undocumented cleaning tasks, cleaning agent defects, etc.), investigation to determine root cause(s), corrective action plan, and review of remediation to confirm actions taken were effective		

7. **Sterile supplies, components, and compounding equipment QA audit parameters** follow criteria in the table below. Refer to the **Equipment, Supplies, & Components for Sterile Compounding policy** for additional information regarding these regulatory requirements.

Requirement	Compliance Activity Frequency	Quality Assurance Parameter
STERILE SUPPLIES & COMPONENTS		
Verification of FDA Approved Manufacturer	Prior to initial order	Per new manufacturer used for nonsterile APIs (and recommended for components used in nonsterile compounding): • Verify manufacturing facility is FDA-registered
COAs for nonsterile APIs & components	Upon receipt of item(s)	Per component or Active Pharmaceutical Ingredient (API) received for use in nonsterile to sterile compounding: • Verify APIs and components conform with sterility, apyrogenicity, and physical and/or chemical specifications and conform with USP-NF monograph criteria (if monograph exists)
STERILE COMPOUNDING EQUIPMENT		
Sterile Equipment Calibration, Maintenance, & Certification	Per Manufacturer's Instructions	Per each piece of sterile compounding equipment (e.g., ACDs, analytical balances, incubators, autoclave, dry heat oven, etc.): • Documentation of calibration and certification by a qualified technician • Documentation of maintenance as needed
OOS or Failure Investigation & Corrective Action Plans	As needed	• Documentation of OOS results (e.g., substandard APIs, components, or supplies), investigation to determine root cause(s), corrective action plan, and review of remediation to confirm actions taken were effective

8. **Compounding records and CSP release inspection QA evaluation parameters** follow criteria in the table below. Refer to the **Master Formulation Record & Compounding Record policy, Release**

Inspections & Testing policy, CSP Sterilization & Equipment Depyrogenation policy, and **CSP Sterility and Bacterial Endotoxin Testing for Extended BUDs policy** for additional information regarding these regulatory requirements.

Requirement	Compliance Activity Frequency	Quality Assurance Parameter
Compounding Records		
Master Formula Record (MFR) & Compounding Record (CR) Creation; BUD/storage/stability reference	CR: For every CSP	For each Category 1 or 2 CSP: • CR: refer to policy for the required data included in each CR ○ *For CSPs not requiring a MFR*, the CR can be prescription or medication order or representation of the same stored in a workflow management system, ACD, or similar
Release Inspections & Tests		
Visual Inspections, Measurements, Physiochemical Tests, & Calculations	Every CSP	Results documented on CR or implied by RPh final verification: • Visual inspections: components & final CSP, label (including BUD assignment & storage conditions), and container closure system • Measurements: component and/or final CSP weights, volumes, etc. • Physiochemical Tests: CSP pH, osmolarity, refractive index, etc. if applicable • Calculations/Conversions: per formulation
OOS or Failure Investigation & Corrective Action Plans	As needed	• Documentation of OOS results (e.g., failed release inspections or tests, sterilization failures, etc.), investigation to determine root cause(s), corrective action plan, and review of remediation to confirm actions taken were effective

9. **Standard operating procedure, complaints and adverse drug reaction (ADR) handling, and CSP recalls QA evaluation parameters** follow criteria in the table below. Refer to the **Good Documentation policy** and **Complaints, Adverse Reactions, and CSP Recall Handling policy** for additional information regarding these regulatory requirements.

Requirement	Compliance Activity Frequency	Quality Assurance Parameter
SOPs, Complaint and ADR Handling, & Recalls		
Sterile Practice SOPs & Annual Review	Every 12 months	• SOPs meeting USP <797> documentation requirements • Annual review, revisions, updates by Designated Person • Staff communication regarding SOP updates
Complaints & Adverse Drug Reaction (ADR) Handling	As needed per reports by patients, providers, staff, public	For each compliant or ADR: • Reported, documented, and tracked per policy • Patient/public harm risk assessment including severity and response urgency determination • Root cause analysis and investigation description • Corrective action(s) description, timeline, and evaluation criteria if appropriate • Evaluation of data collected in response to corrective action; determination if corrective action was successful
Recalls	As needed	• Description of specific failures and impacted CSPs and/or CSP compounding processes (e.g., CSP sterility, strength, endotoxin burden, or other quality attribute)

Requirement	Compliance Activity Frequency	Quality Assurance Parameter
		• List of patients and prescribers effected (or potentially effected) • Description of recall process and timeline for unused dispensed CSPs • Communication to prescribers (and patients/caregivers) • Assessment of undispensed CSPs for inclusion in recall • Disposal documentation for recalled CSPs • Investigation, corrective action, and follow up to ensure failure has been remedied and recall process has been concluded • Reporting of ADR to appropriate regulatory bodies and required follow up

[Best Practice] **Personnel Compliance Audits**

10. Conduct compliance audits for compounding personnel and personnel performing supporting roles that require entry into controlled compounding areas to ensure adherence to policies and procedures, accountability for individual impacts on the state of control within controlled areas, and individual and team responsibility for patient safety.

    - Whenever possible, perform audits remotely or in a manner that is undetected by personnel to allow for observation of a more accurate representation of everyday behaviors and habits
    - Schedule audits to occur separately from competency assessments and, whenever possible, at intervals that occur between scheduled competencies

Personnel Category	Audit Topics	Audit Frequency
Compounding Personnel	• Hand hygiene & garbing including preparation prior to entering controlled areas • Materials movement into controlled areas • Aseptic manipulations & technique • Use of compounding equipment • CSP labeling and BUD/storage assignment • Cleaning, disinfecting, & applying sporicidal agents • Movement and conduct within controlled areas • Compounding and compliance documentation	Per individual compounder: Every 6 (six) months
Direct Compounding Supervisors	• Hand hygiene & garbing including personal preparation prior to entry into controlled areas • In process and final CSP verifications • Release inspections & tests • Compounding and compliance documentation • Oversight of controlled areas and entry of visitors	Per individual compounding supervisor: Every 6 (six) months
Compounders Performing Specialized Roles/Tasks:	Compliance with SOPs for: • Assigned Trainers • Viable air and/or surface sampling • Media incubation	Per individual: Every 6 (six) months

Document audit results in a level of detail that allows the DP and/or Pharmacy Management to effectively follow up with personnel to provide feedback, coaching, and corrective actions if needed. Retain audit

documentation in a readily retrievable format and review and trend individual and/or team results to identify quality improvement, educational, and training opportunities.

[USP 797] **Evaluation and Handling of Complaints and Adverse Events**

Refer to the **Complaint, Adverse Drug Reaction, & CSP Recall Handling** policy.

[USP 797] **Investigations and Corrective Actions**

When OOS, failures, complaints, or adverse drug reactions occur in any facet of the Sterile Compounding Program, perform an investigation that is consistent with the extent of the deviation and include an evaluation of historical trends for areas of concern.

Document the OOS, failure, complaint, or ADR per policy and ensure investigation findings, corrective action plans, and data collected to validate effectiveness of corrective actions is documented and retained in a readily accessible electronic or written format.

Investigations and immediate and longer-term corrective action plans may include but are not limited to the following: *[USP does not specify investigation and corrective actions. The following table is intended to be a starting point. Revise as appropriate.]*

Area of Compliance	Investigation	Potential Corrective Actions	
		Immediate	Longer Term
Facilities & Engineering Controls (PECs / SECs; HEPA Filters; airflow & exhaust systems)	• Verification of current certifications • Certification report review for deficiencies or discrepancies • Evaluation of engineering & technical systems, equipment, HEPA filters for needed repairs or replacement • Evaluation of external factors that could impact function (e.g., power surges) • Trends	• Risk assessment to current compounding operations & CSPs • Halt or limit compounding in effected PEC or SEC • If SEC, reclassify to SCA until resolved • Staff communication	• Repair or replacement of equipment or systems • Assessment of certification vendor, certification report, and OOS or potential OOS communication • Assessment of and revisions to certification report review and sign off process
Environmental Controls (HVAC-controlled Temperatures & Humidity; Pressure Differentials)	• Verification that maintenance, calibration, and certification of monitoring of airflow and monitoring systems and gauges are current • Evaluation of systems and gauges for needed repairs or replacements • Assessment of proper staff reading and documenting data • Trends	• Risk assessment to current compounding operations, CSPs, & compounding staff • Halt or limit compounding or drug storage in effected area • If pressure differential issue, reclassify to SCA until resolved • Staff communication	• Repair or replacement of equipment or systems • Placement of additional monitoring devices • Staff education about daily monitoring and maintenance of gauges • SOP changes & revised work instructions for vendors/personnel performing sampling
Personnel Competencies, Conduct, & Compounding Performance	• Review of training process and progress • Review of performance records and previous competency results (if applicable) • Interview of trainer and compounding supervisors • Interview with trainee • Live or video QA audits	• Risk assessment of previously compounded CSPs • Determine compounding status of individual (e.g., removal or limited work duties)	• Additional training, observed skill, and competency evaluations • QA live or video audits • Coaching or Performance improvement Plan • SOP changes & staff communication/training

[BIOMATRIX]

Area of Compliance	Investigation	Potential Corrective Actions	
		Immediate	Longer Term
	• CSP QC testing • Trends	• Immediate training & competency evaluations • Ad hoc QA audits • Staff communication	
Cleaning, Disinfecting, & Application of Sporicidal Agents	• Review of personnel training & competency records • Review of cleaning logs, agents, & dwell times used • Review of cleaning procedures • Live or video QA audits	• Risk assessment of previously compounded CSPs • Remedial cleaning with appropriate agent(s) • Coaching or training • Staff Communication	• Additional training, observed skill, and competency evaluations • QA live or video audits • Coaching or training • SOP changes & staff communication/training
Environmental Monitoring (Viable Air &/or Surface Sampling)	• Review operating conditions when samples taken (e.g., trainees or visitors present • Review of types of organisms, locations, CFU counts, & trends • Review personnel data (e.g., training records, visual observations, competencies) • Review of cleaning practices & documentation • Review of HEPA filter efficacy & ACPH as reported in cert. report • Review of materials movement • Review of media COAs, expiration, & proper storage • Confirmation of air sampler maintenance & certification • Review of sampler's training, competency, and technique	• Risk assessment to current compounding operations & CSPs • Remedial cleaning with appropriate agent(s) • Perform and/or reschedule retesting ASAP • Individual coaching or retraining if appropriate • Staff communication	• Staff education and retraining, if needed • Assessment of appropriateness of engineering & environmental controls for current conditions (e.g., volume, number of personnel, etc.) • Smoke studies to find airflow eddies, turbulence, and/or staled airflow • Consider redesigning workflows, traffic patterns, & personnel congestion points • SOP changes & staff communication/training
Sterile Equipment, Components, & Supplies	• Review of COAs and sign off upon receipt and/or before use • For equipment, confirmation of current maintenance, calibration, & certification • For ACDs, review of daily accuracy measurement records • Review of manufacturer information or recalls • Review of proper use or operation by compounding staff • Trends	• Risk assessment to current compounding operations & CSPs • Removal of equipment, components, supplies until issue resolved • Individual or team coaching or training • Staff communication	• Repair or replacement of equipment • Source components or supplies for alternative vendors • SOP changes & staff communication • Additional training, competency, and/or quality audits
CSP Quality and/or Release Testing Failures	• Review release test procedure & compliance with SOP • Review facilities, engineering and environmental controls certifications • Review compounding process including supplies, components, & equipment used	• Patient risk assessment & recall determination if CSPs dispensed prior to final results • Investigation for other CSPs potentially impacted by quality issue; CSP recall consideration	• SOP changes & staff communication • Additional training, competency, and/or quality audits

[BIOMATRIX]

Area of Compliance	Investigation	Potential Corrective Actions	
		Immediate	Longer Term
	• Review personnel records of compounder(s) & QA audits of compliance • Review of analytical laboratory credentials & protocols • Trends	• Individual or team coaching or training • Staff communication	
Complaints & Adverse Drug Reaction Reports	Review of all areas of sterile practice for possible contributory or causative factors; prioritize investigation by the most likely causes; ***see above***	• Risk assessment to current compounding operations & CSPs up to and including halting or restricting compounding operations, limiting BUDs to SCA or immediate use until issue resolved • Reassigning personnel involved pending investigation • Staff communication	Corrective actions appropriate to address the suspected or known root cause(s); ***see above*** • Enhanced QA/QC monitoring to ensure corrective actions have been effective • Staff communication

[BIOMATRIX]

Policy Title: Cleaning and Disinfecting Sterile Compounding Areas

Department: Pharmacy

Effective Date: 1/1/2026

Policy Number: 797.03

Applicability:

This policy applies to (1) BioMatrix and its wholly-owned subsidiaries and affiliates (each, an "Affiliate"); (2) any other entity or organization in which BioMatrix or an Affiliate owns a direct or indirect equity interest of greater than 50%; and (3) any entity in which an Affiliate either manages or controls the day to day operations of the facility each, a "BioMatrix Entity" (collectively, "BioMatrix" or "Company").

Purpose:

This policy describes the procedures for cleaning and disinfecting compounding areas where Compounded Preparations (CSP) are prepared within BMX pharmacies.

[USP 797] Surfaces in classified areas and segregated compounding areas are potential sources of microbial contamination. To reduce the risk of contact contamination, surfaces within classified areas used to prepare Category 1 and Category 2 are cleaned, disinfected, and have sporicidal disinfectants applied according to the processes and frequencies described in this procedure.

Cleaning involves removing organic and inorganic materials (e.g., dirt, debris, microbes, and residual drugs or chemicals) form surfaces with the use of a cleaning agent and manual or mechanical action.
Disinfecting involves using a chemical or physical agent on surfaces to destroy microorganisms including fungi, viruses, and bacteria.
Sporicidal disinfectants are chemical or physical agents that destroy all vegetative microorganisms including bacterial and fungal spores while applied at a sufficient concentration and for a specified contact time.

[USP 797] **Sterile 70% isopropyl alcohol (sIPA)** is a staple in day-to-day compounding activities and plays a critical role in sanitizing and reducing the bioburden on gloved hands, surfaces, and materials through both chemical application and physical wiping. sIPA, however, is not a cleaning or disinfecting agent. While it does have some disinfectant properties, it does not possess the broad-spectrum coverage of cleaning, disinfecting, or sporicidal agents and requires a lengthy (and impractical) contact time to truly convey bactericidal or fungicidal activity.

Scope:

This policy applies to all clinical and administrative personnel involved in the provision, coordination, and support of services provided by BioMatrix Specialty Pharmacy.

Definition(s):

- **Classified area**: An area that maintains an air quality classification based on the ISO standards (see also the definition for ISO class).

- **Cleaning agent**: An agent for the removal of residues (e.g., dirt, debris, microbes, and residual drugs or chemicals) from surfaces.
- **Compounding area:** The area where compounding is occurring (i.e., a cleanroom suite or inside the perimeter of the SCA).
- **Garb:** Items such as gloves, garments (e.g., gowns), shoe covers, head and facial hair covers, masks, and other items designed to reduce particle-shedding from personnel and minimize the risk of contamination of CSP(s).
- **IPA:** Isopropyl alcohol.
- **Low-lint wiper**: A wiper exhibiting few, if any, fibers or other contamination, visible without magnification, which is separate from, or easily removed from, the wiper material in a dry condition.
- **One-step disinfectant cleaner**: A product with an EPA-registered (or equivalent) claim that it can clean and disinfect a nonporous surface in the presence of light to moderate organic soiling without a separate cleaning step.
- **Pass-through**: An enclosure with sealed doors on both sides that should be interlocked. The pass-through is positioned between two spaces for the purpose of minimizing particulate transfer while moving materials from one space to another.
- **Primary engineering control (PEC):** A device or zone that provides an ISO Class 5 air quality environment for sterile compounding.
- **Secondary engineering control (SEC):** The area where the PEC is placed (e.g., a cleanroom suite or an SCA). It incorporates specific design and operational parameters required to minimize the risk of contamination within the compounding area.
- **Segregated compounding area (SCA):** A designated, unclassified space, area, or room with a defined perimeter that contains a PEC and is suitable for preparation of Category 1 CSPs only.
- **Sporicidal disinfectant**: A chemical or physical agent that destroys bacterial and fungal spores when used in sufficient concentration for a specified contact time. It is expected to kill all vegetative microorganisms
- **Triple clean:** consists of two separate and distinct applications of an approved one-step disinfectant cleaner (allowing for full contact time between applications) followed by a separate application of an approved sporicidal disinfectant; remove cleaning agent residue with sIPA.

Roles & Responsibilities:

[USP 797] The Designated Person(s) (DP):

- Ensures cleaning staff receives appropriate training and maintains current cleaning and related competencies.
- Oversees selection of appropriate EPA-registered cleaning, disinfecting, and sporicidal agents and ensures staff understands and adheres to appropriate contact times for each agent.
- Ensures the organization or facility maintains access to a current SDS for each cleaning agent and ensures cleaning personnel understand how to access and use the SDS in case of a spill or accident.
- Determines appropriate remedial cleaning requirements for ad hoc and out-of-specification occurrences up to and including a triple clean of affected compounding areas including the following circumstances:
  1. Actionable environmental findings from total particle counts, viable air sampling, or surface sampling results and/or trends.

2. Scheduled and unscheduled power and/or airflow disruptions directly impacting sterile compounding area(s).
3. Certification of sterile compounding area(s).
4. New or major construction or maintenance work performed within or adjacent to the sterile compounding area(s).

2. Compounding personnel:

- Undergo training and demonstrate competency initially and at least once annually in skills and competencies related to cleaning and disinfecting.
- Adhere to all cleaning procedures including cleaning agent selection, frequency, method, and sequence of cleaning activities (i.e., cleanest to dirtiest).
- Ensure appropriate use of sterile 70% IPA before, during, and after the compounding process.
- Complete timely documentation of all cleaning activities performed.

Policy:

1. [USP 797] Cleaning and disinfecting of all surfaces inside compounding areas, including sinks, as well as the application of a sporicidal disinfectant occur on a regular basis and at a minimum frequency as specified in *USP <797> Pharmacecutical Compounding – Sterile Preparations 2023* and according to this policy (see Section 4.1).
2. [USP 797] Surfaces in compounding areas are cleaned prior to being disinfected with an EPA-registered (or equivalent outside of the US) agent. An EPA-registered (or equivalent) one-step disinfectant cleaner is an appropriate alternative that allows both processes to occur in one step.
3. [USP 797] Sporicidal disinfecting agents are EPA-registered (or equivalent outside of the US) and allow for cleaning, disinfecting, and sporicidal activity concurrently in a single step.
4. [USP 797] Manufacturer's directions or published data for the minimum contact time is followed for each of the cleaning, disinfecting, and sporicidal agents used to ensure the agents have full microbial destroying action.
5. [USP 797] Cleaning and sanitizing is completed daily on each day that compounding occurs.
6. [USP 797] Cleaning and sanitizing is repeated when spills occur and when surfaces are visibly soiled.
7. [USP 797] All personnel involved in cleaning and disinfecting of classified compounding and segregated compounding areas receive training and demonstrate competency in Hand Hygiene and Garbing initially and at least annually. Refresher training is provided as needed and when changes in procedures or agents occur.
8. [USP 797] All cleaning and disinfecting activities are performed by appropriately garbed personnel using facility-approved agents and procedures including frequency, method, and location of cleaning activity.

9. [USP 797] Sterile cleaning agents are used to clean the interior of, and all equipment housed inside of PECs.

10. [Best Practice] Cleaning agents and supplies used in PECs and SECs are assigned an expiration (or "in-use") date once opened or prepared; expiration dates are clearly and permanently written on the bottle, container, or wrapping of the supply and do not exceed manufacturer expiration dates or recommended "in-use" dates.

Cleaning Agent or Supply	Location Used	Dwell Time	Expiration Date* (from initial puncture, use, or preparation)
Peridox RTU (Hydrogen Peroxide; Peroxyacetic Acid) One-step Cleaner, Disinfectant, *Sporicide*	**Sterile: Cleaning interior of PECs and equipment within PECs (when allowed by manufacturer)** Non-Sterile: All Surfaces of SECs; Exterior of PECs	**3 minutes for sporicidal and decontamination action; 2 minutes for bactericidal action**	**6 months or manufacturer expiration, whichever is sooner**
PREempt Plus (Accelerated Hydrogen Peroxide) One-step Cleaner, Disinfectant	All Surfaces of SECs; Exterior of PECs	**1 minute for bactericidal/virucidal action; 5 minutes for tuberculocidal; 10 minutes for fungicidal**	**3 years or manufacturer expiration date, whichever is sooner**
Contec Sterile IPA Sterile Isopropyl Alcohol 70%	All surfaces of PECs, equipment, and SECs	**10-15 seconds, or until dry**	**45 days or manufacturer expiration date, whichever is sooner**
Pharma-Hol Sterile Isopropyl Alcohol 70%	All surfaces of PECs, equipment, and SECs	**10-15 seconds, or until dry**	**45 days or manufacturer expiration date, whichever is sooner**
STERILE Low-Lint Dry Wipes	Inside PECs; Exterior of PECs; All surfaces in SECs	**N/A**	**15 days**
Sterile Cleaning Pads for EasyReach Cleaning Tools	Inside PECs	**N/A**	**15 days**

*Consult the manufacturer for dates for specified products in use at your facility or define a more conservative expiration date.

Safety Data Sheets (SDSs) are retained electronically for all cleaning supplies, included in training cleaning personnel, and are readily retrievable by all compounding staff members.

[BIOMATRIX]

Procedure:

1. Frequency of Cleaning, Disinfection, and Application of Sporicidal Disinfectants – Adapted from USP <797> 2023Table 10

	Cleaning and Disinfecting		Applying Sporicidal Disinfectant	
	Frequency	**Who**	**Frequency**	**Who**
Inside PECs – including all surfaces, direct compounding area and work tray, and equipment used inside the PEC	Daily on days when compounding occurs and when surface contamination is known or suspected	Compounding Pharmacy Technician or Compounding Pharmacist	Monthly	Compounding Pharmacy Technician or Compounding Pharmacist
Surfaces Underneath Removable PEC Work Tray *(if applicable)*	Monthly - surfaces under the tray	Compounding Pharmacy Technician or Compounding Pharmacist	Monthly	Compounding Pharmacy Technician or Compounding Pharmacist
Work Surfaces Outside of PEC	Daily on days when compounding occurs - all "high touch" surfaces daily	Compounding Pharmacy Technician or Compounding Pharmacist	Monthly – all surfaces including high touch and underneath of tables, chairs, and carts plus wheels.	Compounding Pharmacy Technician or Compounding Pharmacist
Floors	Daily on days when compounding occurs	Compounding Pharmacy Technician or Compounding Pharmacist	Monthly	Compounding Pharmacy Technician or Compounding Pharmacist
Sinks	Daily on days when compounding occurs	Compounding Pharmacy Technician or Compounding Pharmacist	Monthly	Compounding Pharmacy Technician or Compounding Pharmacist
Walls, Door(s), and Door Frame(s)	Monthly	Compounding Pharmacy Technician or Compounding Pharmacist	Monthly	Compounding Pharmacy Technician or Compounding Pharmacist
Ceilings of Sterile Suite	Monthly	Compounding Pharmacy Technician or Compounding Pharmacist	Monthly	Compounding Pharmacy Technician or Compounding Pharmacist
Storage Shelves and Bins	Monthly	Compounding Pharmacy Technician or	Monthly	Compounding Pharmacy Technician or

	Cleaning and Disinfecting		Applying Sporicidal Disinfectant	
	Frequency	Who	Frequency	Who
		Compounding Pharmacist		Compounding Pharmacist
Equipment Outside of the PEC(s)	Monthly	Compounding Pharmacy Technician or Compounding Pharmacist	Monthly	Compounding Pharmacy Technician or Compounding Pharmacist

- [USP 797] Cleaning activities occur from cleanest to dirtiest areas.
- [USP 797] If cleaning and disinfecting are performed as separate steps, cleaning is performed prior to disinfecting.
- [USP 797] After the application of a disinfectant, cleaning agent, or sporicidal disinfectant, the agent is allowed to dwell, or maintain a contact time, for the minimum duration specified by the manufacturer or published data to ensure full bactericidal, fungicidal, virucidal, and/or sporicidal action.
- [USP 797] Daily cleaning and disinfecting occurs on days when compounding occurs. If compounding does not occur for more than 24 hours (e.g., over a weekend or holiday):

a. Complete daily cleaning and disinfecting prior to the start of compounding on the day compounding resumes.

b. [Best Practice] [Conservative: If pharmacy or specific facility(ies) compounds Category 1 and/or 2 CSPs] Monthly cleaning and application of sporicidal disinfectants occurs at least every 30 days to ensure a regular and consistent cleaning schedule and is completed as one continuous process or, at a minimum, is completed with 72 hours to minimize the risk of cross-contaminating already cleaned areas.

- [Best Practice] Cleaning and disinfection of the inside of a PEC and any equipment housed and used inside a PEC occurs prior to and at the conclusion of daily and/or shift compounding.

2. Cleaning, Disinfecting, and Applying Sporicidal Disinfectants in the PEC

- [USP 797] If needed, remove visible particles, debris, or residue with an appropriate solution (e.g., Sterile Water for Injection or Sterile Water for Irrigation) using sterile, low-lint wipers.
- [USP 797] **For cleaning and disinfecting**: Use a sterile low-lint wiper and apply a sterile cleaning agent followed by a sterile disinfecting agent or apply an EPA-registered (or equivalent) one-step disinfectant cleaner to equipment and all interior surfaces of the PEC. Only sterile cleaning products shall be used to clean inside of ISO Class 5 spaces. Use easy-reach tools to minimize entry of personnel head or upper body inside the PEC. Change wiper or disposable cleaning product when changing cleaning agents (i.e., one easy reach tool cover for disinfectant, then new cover for sIPA.
- [USP 797] **For application of a sporicidal disinfectant**: After cleaning and disinfecting, apply a sterile sporicidal disinfectant using a sterile low-lint wiper to all equipment, interior surfaces, and the area underneath the work tray; if the sporicidal disinfectant is an EPA-registered (or equivalent) one-step disinfectant sporicidal cleaner, separate cleaning and disinfecting steps are not required.
- [USP 797] Ensure the contact time specified by the manufacturer is achieved.

- [USP 797] After the application of cleaning, disinfecting, and/or sporicidal agent inside PEC, apply sIPA to equipment and all interior surfaces to remove residue. sIPA should also be used elsewhere in the clean room suite following sporicidal agent use (glass windows, horizontal surfaces, floors, etc), to remove residue.
- [USP 797] Allow the surface to dry completely before beginning compounding.

3. Use of Sterile 70% IPA inside of a PEC

- Do not spray cleaning solutions, including sIPA, inside of a PEC to avoid deteriorating the integrity of the HEPA filter. Wet a sterile low-lint wiper with the sIPA and apply directly with mechanical/manual action to the interior hood surfaces and equipment.
- [USP 797] Apply sIPA to the horizontal work surface of each PEC and allow to dry before compounding:

a. Immediately before initiating compounding or a new compounding process
b. At least every 30 minutes if the compounding process takes 30 minutes or less
c. After completing a compounding process if the process takes more than 30 minutes

[BIOMATRIX]

4. Other Cleaning Considerations

1. Clean high touch surfaces outside of PECs on a daily basis and all other surfaces plus the high touch surfaces on a monthly frequency, including but not limited to:

High Touch Surfaces (Daily Clean)	Other Surfaces (Monthly Clean)
Horizontal work surfaces, tables, counters, or carts Chair seats, arms, and backs RF scanner, touch screen monitor, Pinnacle Compounder Repeater Pump Communication devices (Intercom and doorbell buttons) Light switches, door handles or hands- free activator Sink surfaces, drain, and faucet Gowning bench and garb storage handles EasyReach Cleaning Tools	Exterior of PECs Legs, underside of horizontal surfaces, and feet/wheels of work surfaces, tables, counters, carts, chairs, or benches Trash bins and hazardous waste disposal containers Doorframes, window ledges, and other irregular surfaces Vial Roller

[BEST PRACTICE] Cleaning, disinfecting, and the application of a sporicidal agent does not take place while active compounding is occurring.

[USP 797] Perform cleaning from cleaner to dirtier areas (e.g. ISO 5, ISO 7, and then ISO 8 areas).

For all sites, clean and disinfect as needed after spills and when surface contamination (e.g., splashes) is known or suspected.

Replace all garb after cleaning and prior to resuming compounding duties.

Use appropriate respiratory support, such as a full face respirator with eye protection when applying a sporicidal agent to surfaces within the compounding area, including the following cleaning tasks:

Inside PECs, including under the work tray of a Biological Safety Cabinet (BSC)

Walls, ceilings, floors

Surfaces outside of PECs

Refer to USP <800> and related policies for decontamination steps if hazardous drugs are used.

5. Remedial Cleaning for Out of Specification Conditions

a. As directed by the Designated Person or designee, perform and document remedial cleaning on an as needed basis. Remedial cleaning ranges from cleaning and disinfection to application of a sporicidal disinfectant to triple cleaning affected compounding areas.

b. A **triple clean** consists of two separate and distinct applications of an approved one-step disinfectant cleaner (allowing for full contact time between applications) followed by a separate application of an approved sporicidal disinfectant; remove cleaning agent residue with sIPA.

c. Triple Clean Key Techniques:

Order of cleaning: 'Top to bottom, back to front':

1.Ceiling

2. Walls

3. Horizontal Work Surfaces/Shelving/Exteriors of PECs/Pass-thrus

4. Floors; work starting from back of room furthest from anteroom door to finish at anteroom door with each step. Begin by mopping side edge, then utilize the S-curve method, using side-to-side, overlapping strokes while maintaining a clean leading edge.

a. Video demonstration here (YouTube Contec mopping training video; S-curve technique at 0:51): https://www.youtube.com/watch?v=9cKnnpshk5w

5. Finish full clean with designated agent per round in ISO 5 PEC space.
6. Use low-linting wipes.
7. Allow cleaning agent to sit per 'Dwell Time' recommendations according to package insert prior to residue removal
8. Use linear, overlapping strokes with wipers/cleaning agent
9. Common Reasons for need for a Triple Clean:

    a. Loss of Airflow/Positive Pressure/excessive temp/humidity excursions >30 min due to power outage or any other mechanical event.

    b. After any non-passing certification or environmental sampling results (surface sampling or air viable sampling).

    c. After any alterations or changes to clean room environment (ie welded floor repair, new hood added, old hood removed) which modify the SECs of the clean room suite.

    d. Any other scenario in which the DP deems a 3x cleaning is warranted (flooding, extended room pressure issues, etc

    e. At a minimum, document purpose, date, and cleaning agent(s) used when conducting remedial cleaning. Ensure remedial cleaning documentation is retained and readily retrievable.

6. Selection and Use of Cleaning Agents

- [USP 797] Select and use cleaning and disinfecting agents with careful consideration of compatibilities, effectiveness, and user safety including, but not limited to, antimicrobial activity, inactivation by organic matter, residue, shelf life, preparation requirements of the agent, and suitability for surfaces being disinfected.
- [Best Practice] Use of ready-to-use and one-step disinfectant cleaner solutions is preferred over those requiring dilution or separate cleaning and disinfection steps.
- [USP 797] Clean and disinfect sterile cleaning agent containers prior to introduction into the ISO 5 environment. Assembly of sterile agent bottles shall be conducted inside the ISO 5 area and bottles should remain closed when removing from the PEC.
- Sterile cleaning and disinfecting supplies (e.g., closed containers of sterile wipers, bottles of 70% sterile IPA) can be used for up to the time listed in the chart 2.10 once opened. Permanently and legibly write or label the expiration date on all cleaning supplies.
- [Best Practice] Store open packages of sterile wipes inside the PEC. If removed from a PEC once opened, they are no longer considered sterile and can only be used in ISO Class 7 and 8 areas. Disinfect sterile cleaning solution bottles stored outside of a PEC prior to introduction and use inside of the PEC with sIPA. Permanently and legibly write or label sterile cleaning agent bottles as "ISO 5 use".

7. Selection and Use of Cleaning Supplies and Tools

- [USP 797] Use sterile cleaning supplies and tools inside a PEC whenever possible; clean and disinfect prior to use (e.g., tool handles and holders). Store easy-reach tools inside the PEC

when not in use by hanging from IV bar via hook. Store mops not in use on hooks mounted on clean side of anteroom.

- [USP 797] Dedicate and do not remove reusable cleaning tools (e.g. mop frames and handles) to specific classified areas or segregated compounding areas.

- Use either dedicated mop frames in buffer and ante rooms or use the mop in the buffer room before using in the ante area.
- Dedicated mops and cleaning tools are used in hazardous areas.
- Dispose of cleaning tools in a method that minimizes the chance of dispersing contaminants in the air.
  - [USP 797] Cleaning and disinfecting supplies such as wipers, sponges, pads, and mop heads are made of low lint materials and, whenever possible, are disposable.
- Disposable cleaning supplies are discarded after use.
- Reusable cleaning tools are made of cleanable materials that are nonporous (excluding wood) are are cleaned and disinfected before and after each use.
  - [Best Practice] Use the dedicated sink for cleaning compounding equipment and supplies.

Documentation of Cleaning

[USP 797] Document all cleaning, disinfecting, and application of sporicidal disinfectants electronically after completion of the task by the personnel performing the work. Detailed cleaning records are retained and readily accessible

Pharma-Choice™
by: Acute Care Pharmaceuticals

Pharma-Hol sterile IPA "45 day in Use Expiration Dating"

Thank you for your inquiry about the "In Use Expiration" dating for our Pharma-Hol sterile alcohol products. We know that "In Use Expiration" dating is very important not just for your sterile alcohol but for all of the cleaning and disinfecting products used in the pharmacy environment.

Premise of Testing- To determine if the spray mechanism and the contents of the IPA in the spray bottle remain sterile up to 45 days.

Testing Facility-With our customer's needs in mind we have put our Pharma-Hol sterile alcohol products through some rigorous real time, real world sterility testing. We submitted several representative samples and lot #s of our 16 oz. and 32 oz. Pharma-Hol Sterile Alcohol (with trigger sprayers) to an independent analytical testing laboratory. Our analysis was performed by Aerobiology Laboratory Associates Inc. Certificate of Analysis AIHA-LAP EMLAP# 218951. They are a well- known national Laboratory group that has expertise in a wide variety of USP 797 surface, air, bacterial, fungal and water related testing services.

Testing Protocol-The environment the bottles are to be stored for use up to 45 days and sprayed in a known area of contamination **(Non-Sterile Non-ISO class)** working production area of an environmental microbiology laboratory. The representative bottles were used daily (sprayed several times per day) over a 45-day period. The contents of each bottle were then tested at regular intervals (day 0, day 14, day 30 and day 45) to determine if the contents had in fact remained sterile. Air samples for bacteria and fungi will be taken on the same days the product is challenged.

Conclusion-At the conclusion of the testing period of 45 days, our Pharma-Hol sterile IPA with trigger sprayers remained sterile and did not promote or sustain bacterial or fungal growth within the bottles. Based on normal use in the Pharmacy environment and since testing was conducted in a non-ISO area, we conclude that you can safely and confidently use a 45 day "In use expiration" on all your Pharma-Hol sterile IPA bottles. This 45-day timing of course commences only after the Pharma-Hol has been activated from first use.

Disclaimer
Our stated "In Use Expiration" is solely a guideline and is not intended to change the written protocol within your facility. If the product is being used in a **Non-ISO** area of your facility "In Use Expiration" dating for your specific environment should be determined based on your facility's individual testing results. This is based on the fact that there are a multitude of factors that can influence the expiration date, i.e. foot traffic, size, ventilation, cleaning protocol, etc.

We hope you find this information helpful. Please do not hesitate to contact us if you need any additional information or copies of our independent study results.

12225 World Trade Dr., Suite A, San Diego, CA 92128 // 888-909-7700

[BIOMATRIX]

Policy Title: Handling, Storage, Packaging, Shipping, & Transport of CSPs

Department: Pharmacy

Effective Date: 1/1/2026

Policy Number: 797.05

Applicability:

This policy applies to (1) BioMatrix and its wholly-owned subsidiaries and affiliates (each, an "Affiliate"); (2) any other entity or organization in which BioMatrix or an Affiliate owns a direct or indirect equity interest of greater than 50%; and (3) any entity in which an Affiliate either manages or controls the day to day operations of the facility each, a "BioMatrix Entity" (collectively, "BioMatrix" or "Company").

Purpose:

1. This policy describes the handling, storage, packaging, shipping, and transportation requirements and procedures for Compounded Sterile Preparations (CSPs) prepared at Biomatrix Infusion Pharmacies.
2. CSP quality and integrity can be adversely affected by inappropriate handling, storage, packaging, shipping, & transport methods. Care and consideration are given to the determination and selection of these methods and personnel and/or vendors to carry out these duties. Proper training, processes, and quality assurance and control measures are integral to maintaining the quality of CSP during these processes.
3. Refer to **Label, Packaging, and Transport of Hazardous Drugs policy** for procedures to hazardous medication handling, storage, packaging, transporting, and shipping.

Scope:

This policy applies to all clinical and administrative personnel involved in the provision, coordination, and support of services provided by BioMatrix Specialty Pharmacy.

Definition(s):

- **Closure:** A material that seals an otherwise open space of a *Container* and provides protection for the contents. It also provides access to the contents of the *Container* (e.g., screw caps and stoppers).
- **Container:** A receptacle that holds an intermediate compound, API, excipient, or dosage form, and is in direct contact with the article (e.g., ampules, vials, bottles, syringes, and pen injectors).
- **Controlled room temperature:** The temperature maintained thermostatically that encompasses the usual and customary working environment of 20°–25° (68°–77° F).
- **Freezer:** A place in which the temperature is controlled between −25° and −10° (−13° and 14° F)

- **Room temperature** (also referred to as ambient temperature): The temperature prevailing in a working environment.
- **Tamper-evident packaging:** A *Packaging system* that may not be accessed without obvious destruction of the seal or some portion of the *Packaging system*

Roles & Responsibilities:

1. The Designated Person(s) (DP):
   - Provide appropriate training and competency evaluations for personnel performing CSP handling, storage, packaging, and transport
   - Ensure CSP storage locations are appropriately monitored, and temperature is recorded daily or readily accessible
   - Research CSP stability and integrity when drug storage temperature excursions occur and determine if CSPs have retained quality and can be dispensed or must be destroyed due to a lack of uncertainty in the available stability and sterility data in the event of an excursion
   - Ensure packaging procedures and materials are appropriate to help retain the quality of the CSP

2. Internal Personnel Handling, Storing, Packaging, & Transporting CSPs:
   - Personnel successfully complete and remain current on training and competency assessments required to perform job functions. Refer to **Sterile Compounding Personnel Training & Evaluation policy** for further information.

3. Third Party Delivery and Shipping Vendors:
   - Maintain appropriate CSP storage conditions during transit, per labeling and delivery or shipping instructions.

Policy:

1. [USP 797] Personnel handling, storing, packaging, and transporting CSPs are trained in the knowledge and skills needed to perform job-related responsibilities Refer to **Sterile Compounding Personnel Training & Evaluation policy** for further information.

2. [USP 797] CSPs are handled in a manner that maintains CSP quality and packaging integrity and are stored in temperature controlled designated storage areas to ensure storage temperatures remain within the appropriate range.

3. Designated CSP storage area temperatures are monitored and logged daily on days of operation by a continuous recording device.

4. [USP 797] Temperature monitoring systems are verified for accuracy at least every 12 months or as required by the manufacturer.

5. [USP 797] Temperature excursions above or below the required limits are investigated and CSPs are discarded if available literature or analytical testing does not verify the affected CSP(s) are expected to retain integrity or quality.

6. [USP 797] CSP packaging materials protect CSPs from damage, leakage, contamination, degradation, and adsorption as well as prevent accidental exposure to transport personnel.

7. [USP 797] Tamper evident closures are used for all controlled substance CSPs and all other CSPs shipped outside of Biomatrix Infusion Pharmacies.

8. [USP 797] Light-resistant packaging materials are used for light-sensitive CSPs.

9. [USP 797] Shipping and transportation methods and vendors are selected that reasonably and reliably deliver properly packaged CSPs in an undamaged, sterile, and stable condition.

10. [USP 797] CSPs delivered or shipped outside of Biomatrix Infusion Pharmacies bear the appropriate visible and legible labeling on the outer packaging or container conveying in-transit storage requirements, special handling instructions (if applicable), and immediate storage requirements (if appropriate) upon receipt. Refer to the **Labeling** of **CSPs policy** for further information.

Procedure:

1. [USP 797] CSP Handling and Storage

   - After CSPs have been compounded and transferred to final dispensing containers, minimize jostling, shaking, or inverting CSPs unless labeling or literature promotes these actions to maintain or reestablish homogeneity of mixture.
   - Transport CSPs to drug storage locations on carts or in sanitized bins to minimize the risk of jostling, dropping, or damaging packaging and container closure systems and, as result, potentially impacting CSP integrity.
   - Move CSPs to the designated storage areas within controlled compounding areas corresponding with the labeled storage conditions upon pharmacist final verification, when delays in final verification exceed 30 minutes from completion of compounding for CSPs requiring refrigerated or frozen storage or pending release testing results.
   - Move CSPs to designated storage areas within or outside of controlled areas when CSPs have been released for dispensing or administration, packaging, transport, or shipping.
   - Store CSPs in the following storage locations:

Storage Condition	Within Controlled Area(s)	Outside of Controlled Area(s)
Prior to Final Verification *(including CSPs that have not undergone final verification or pending release testing results)*		
Controlled Room Temperature: 20°C - 25°C	General Pharmacy	N/A
Refrigerated: 2°C - 8°C	Pharmacy Refrigerator 4 or 5	N/A
Frozen: -25°C to -10°C	Pharmacy Freezer 6	N/A
After Final Verification *(CSPs released for dispensing, delivery, or shipping)*		
Controlled Room Temperature: 20°C - 25°C	General Pharmacy	Pharmacy, Shipping Warehouse, or with CNYIS Nursing staff if properly packaged and labeled for delivery

Refrigerated: 2°C - 8°C	Pharmacy Refrigerator 4 or 5	Pharmacy, Shipping Warehouse, or with CNYIS Nursing staff if properly packaged and labeled for delivery
Frozen: -25°C to -10°C	Pharmacy Freezer 6	Pharmacy, Shipping Warehouse, or with CNYIS Nursing staff if properly packaged and labeled for delivery

2. [USP 797] CSP Packaging

- Select CSP container closure systems and packaging that do not interact physically or chemically (e.g., adsorption) with the CSP and that protect the CSP's sterility, identity, potency, purity, and similar quality criteria (e.g., light sensitivity).
  - Refer to the USP-NF drug monograph, manufacturer's packaging data, or similar literature to determine appropriate container closure systems and packaging.
  - Record container closure system and packaging requirements and references on the Master Formulation Record (MFR), if applicable, for future reference.
- Use tamper evident CSP containers or closure systems for the following:
  - Controlled substance CSPs
  - Ophthalmic and otic CSPs
  - CSPs for use via high-risk routes of administration (e.g., intrathecal, epidural, intravenous)
  - CSPs transported or shipped to an offsite administration site or directly to the patient
  - CSPs delivered, transported, or shipped by a third-party vendor
- Prior to transport outside of the pharmacy, package CSPs in packaging materials that minimize the risk of damage, leakage, or contamination and are designed to maintain the integrity of the requisite storage conditions for each CSP. Acceptable packaging includes, but is not limited to:
  - **Containers**: Hard-sided coolers, insulated containers, and/or refrigerated or frozen storage units
  - **Cooling Source**: Ice packs, refrigerant cooling blocks
- [Biomatrix Practice] Prior to use of packaging containers and/or cooling sources to transport and/or ship CSPs, perform a test of the materials to ensure they effectively and consistently maintain the desired storage conditions. Additionally, assess the duration of efficacy to determine the timeframe during which the materials and packaging method remain viable. Retain written records of the packaging material efficacy tests.

3. [USP 797] CSP Transport, Delivery, & Shipment

- Transport CSPs to drug storage locations within the immediate facility on well-organized carts to minimize the risk of jostling, dropping, or damaging packaging and container closure systems and potentially impacting CSP integrity.
  - If multiple CSP deliveries occur simultaneously, sort CSPs into sanitized and labeled bins or totes to reduce the risk of mix-up or missed delivery of time-sensitive medications.
  - Transport medications in appropriate packaging and storage conditions (see table below).
- For transport and delivery outside of the immediate facility, package CSPs individually in clear zippered bags to minimize the risk of contamination or spill exposure to transport personnel and use appropriate packaging and devices (e.g., insulated cooler) to maintain storage conditions during transport.

[BIOMATRIX]

Transport Scenario / Storage Conditions	Required Packaging Materials		
	Controlled Room Temp 20°C to 25°C	**Refrigerated: 2°C to 8°C**	**Frozen: -25°C to - 10**
Transport within immediate facility via cart	• CSP(s) placed in sanitized bins	• CSP(s) placed in clear zippered bag • Transported in cooler with ice packs	• CSP(s) placed in clear zippered bag • Transported in cooler with ice packs
Transport or delivery to locations outside of immediate facility	• **CSP(s) placed in clear zippered bag** • **Transported in cooler with ice packs if necessary, based on weather conditions**	• **CSP(s) placed in clear zippered bag** • **Transported in cooler with ice packs**	• **CSP(s) placed in clear zippered bag** • **Transported in cooler with ice packs**
Shipping via Common Courier	• **CSP(s) placed in clear zippered bag** • **Packaged in box (may be insulated) with ice packs if necessary, based on weather conditions**	• **CSP(s) placed in clear zippered bag** • **Packaged in insulated container with sufficient ice packs**	• **CSP(s) placed in clear zippered bag** • **Packaged in insulated container with sufficient ice packs**

- When transporting or shipping CSPs outside of the immediate facility, package CSPs in shipping containers designed to protect and maintain the quality of the contents and secured in a manner that allows for immediate detect of tampering or unauthorized entry into the shipping container.
- When shipping refrigerated CSPs outside of immediate facility, packages will include disposable temperature sensors. These sensors will determine if packaged CSP have maintained proper temperatures and will indicate if temperature excursions have occurred. For this purpose, the pharmacy will use **WarmMark ® Time-Temperature Sensors** produced by **SpotSee®.** These monitors will provide visible indication if packages exceed 8°C (with +/- 1°C sensitivity) for designated time windows. These time windows are as follows; brief (2 hours), moderate (12 hours) and prolonged (48 hours). *Additional information is provided in Appendix One of this policy.*
- [BEST PRACTICE] For temperature sensitive CSPs, package the CSP in a moisture resistant clear, zippered bag placed inside of an appropriate insulated shipping container. Transport or ship CSP with the necessary quantity of ice packs to reasonably ensure controlled storage conditions for 24 hours from packaging of shipping container until delivery to final recipient.
- Select transportation and shipping modes that reasonably and reliably allow for delivery of temperature sensitive CSPs within the timeframe that corresponds to the useable life of ice packages inserted into insulated storage containers for temperature control.
- [USP 797] Label external shipping containers special handling instructions, in-transit storage requirements and, immediate storage requirements upon receipt if appropriate. Refer to common courier policies and instructions on proper containing labeling.

4. [USP 797] Monitoring & Logging Storage Temperatures
   - Monitor and log temperatures of all drug storage locations and devices daily on days of operation or via continuous monitoring device.
   - Temperatures are recorded manually on temperature log in Simplifi 797 and continuously by iMonnit software, which is accessible via internet login from any computer.
   - Temperature monitoring devices are maintained, and accuracy validated at least once every 12 months or per manufacturer instructions.
   - Retain readily retrievable records of temperature logs and accuracy validations.

5. [USP 797] CSP Storage Location Temperature Excursions
   - Report out of range temperatures or continuous temperature monitoring system alarms immediately to the Designated Person, or Pharmacy Manager. Temperature deviations in drug storage locations are considered urgent maintenance events and are remediated as quickly as possible.
   - When deviations exceed **± 5°C** of the required storage conditions for *longer than 30 minutes,* quarantine CSPs located in the affected drug storage areas(s) in appropriate comparable storage conditions. Refer to the **Release Inspections & Testing policy** for CSP quarantine procedures.
   - As soon as possible, the DP or responsible party conducts necessary research to determine if the affected CSP quality and integrity has been compromised.
     - If CSPs are determined to have retained quality and integrity, move CSPs back to the appropriate storage location.
     - If CSP quality or integrity cannot be determined or has been compromised, log or remove CSPs from dispensable inventory and destroy and/or dispose of per facility drug disposal policy.
   - Investigate the temperature excursion to determine root cause(s) and implement corrective actions if appropriate. Consider historical trends in the investigation. Refer to the **Quality Assurance and Quality Control policy** for procedures related to conducting investigations and corrective actions.

6. CSPs Exposed to Temperature Deviation during Transport or Shipping
   - Provide delivery personnel and vendors transporting CSPs within and outside of the immediate facility with training and instructions regarding:
     - Monitoring CSP temperatures, packaging, and storage conditions before, during, and immediately after transit
     - Managing and reporting temperature deviations and excursions
   - Insert instructions in shipping containers or in labeling materials for the evaluation of CSP temperature upon receipt, if appropriate. Instructions should also include pharmacy contact information for further information.
   - When temperature excursions are reported to the Pharmacy, log the issue per the Complaints, Adverse Drug Reactions, & CSP Recall policy. May also considering checking with drug manufacturers and extended stability references as well to see if drug is

salvageable to prevent patient from going without therapy until a new drug shipment is made, depending on patient's location to pharmacy and other circumstances for a new delivery. Patient safety will be kept as top priority and out of specification medication would only be used when deemed necessary involving discussion between the DP/supervising pharmacist and Director of Clinical Operations or Chief Operating Officer

Third-Party Revenue Cycle Management Litigation Overview

The following is a summary of the litigation between Total Infusion Care Inc. ("TIC") and a third-party revenue cycle management provider (the "Provider"), which commenced on May 30, 2024, and was resolved and dismissed on October 15, 2024.

TIC is a small home infusion pharmacy owned by four individuals -- Ali Pourmola, Naghme "Nicki" Saedi, Mohammad Pourteymaur and Michael Houske. TIC provides, among other things, antibiotics, immune deficiency medications, iron supplements and nutrition that are administered to patients intravenously. The location where these infusions are provided is usually in a patient's home or in TIC's on-site infusion suite. To get reimbursed for its services, TIC bills either a patient's pharmacy benefits plan, e.g., Medicare Part D, CVS, ExpressScripts, OptumRx, or the patient's medical benefits plan such as United Healthcare, Health Plan Nevada, Aetna, Cigna and Anthem for the medication and other services like nursing and supplies depending on the patient's coverage. Based on its increasing volume of business in 2022, TIC decided to seek out an outside billing company to help meet its billing needs. The Provider was such a medical billing company. The Provider represented its people had thirty-one years of billing experience including billing for home infusion pharmacy services. TIC and the Provider entered into a contract effective November 1, 2022, for the Provider to provide billing services regarding some, but not all, of TIC's medical benefit claims for certain assigned payers. A dispute arose between TIC and the Provider in July 2023, based on the Provider's incompetent billing, and TIC terminated the contract. This dispute was not limited to a dispute regarding a contract alone, but the dispute also involved the Provider's misrepresentations that enticed TIC to enter into the contract with the Provider in the first place. The dispute also involved the Provider's extreme negligence in performing under the contract. The Provider's misrepresentations and negligence caused damage to TIC in lost revenue and lost profits.

Despite TIC's attempt to mediate this matter without incurring the expense of formal litigation and to allow the parties to part ways, the Provider commenced litigation in state court in Nevada on May 30, 2024, and TIC removed the matter to United State District Court in Nevada on June 7, 2024. The parties, however, continued to discuss settlement. On September 23, 2024, the parties reached an agreement for an undisclosed payment from TIC to the Provider. The matter was dismissed on October 15, 2024. Despite the validity and strength of its claims, TIC made a business decision to resolve the matter for far less than the potential legal fees that would have been incurred to litigate the matter to conclusion.

SETTLEMENT AGREEMENT AND RELEASE OF ALL CLAIMS

This Settlement Agreement and Release of all Claims (the "Agreement") is entered into this 10th day of September, 2024, by and between Plaintiff Med-Strategies, Inc. ("MSI") and Defendant Total Infusion Care, Inc. ("TIC"), and any of their affiliates, agents, servants, employees, parents, subsidiaries, and any person or entity acting by, through, under or in concert with each of them (collectively referred to as the "Parties" or "Settling Parties").

RECITALS

A. On September 27, 2022, MSI and TIC entered into a Services Agreement wherein MSI agreed to provide various management services to TIC, including, but not limited to, billing and collection services and as further described in the Services Agreement. Prior to the Lawsuit (defined below) being filed, TIC paid MSI $50,000 towards amounts owed under the Services Agreement (the "Initial Payment") which MSI agrees was received and deposited by MSI.

B. On May 30, 2024, MSI filed a Complaint in the Eighth Judicial District Court of Nevada, Case No. A-24-894368-B which was subsequently removed to the United States District Court for the District of Nevada, Case No. 2:24-cv-01060-GMN-MDC pertaining to the Services Agreement and alleging that TIC breached its obligations to MSI (the "Lawsuit"). The allegations pertaining MSI's claims are set forth in more detail in the MSI's Complaint in the Lawsuit. Therein, TIC planned to assert counterclaims against TIC in the Lawsuit, which shall be considered and defined as part of the Lawsuit.

C. Collectively all claims and causes of action that the Parties have against one another, whether alleged or otherwise, whether known, unknown, past, present, or future claims, demands, damages, causes of action, complaints, counterclaims, controversies, costs, debts, expenses, obligations, losses, promises, charges, and any liability whatsoever related to the Services Agreement, the Lawsuit, or otherwise are known as the "Dispute." The Dispute shall be broadly construed to fulfill the parties' intent that this Agreement resolve any and all issues between the Parties.

D. Without admitting liability as to any claim, counterclaim, allegation, or defense raised or asserted in the Lawsuit and the Dispute, the Parties desire to settle, resolve, and compromise all claims and potential claims, counterclaims, rights of action, and disputes that relate to the Lawsuit and the Dispute.

AGREEMENT

Based upon the foregoing, and in consideration of the terms set forth in this Agreement, and for other valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. Consideration. Upon execution by the Parties to this Agreement, and in consideration for each of the terms of this Agreement, the sufficiency of which is acknowledged by the Parties, the Parties agree as follows: 1) TIC shall make a payment to MSI in the amount of $450,000.00 (the "Settlement Payment"); 2) the Settlement Payment shall be paid by wire transfer to the The Law Offices of Timothy Elson, Inc. 3) the Settlement Payment shall be

transferred to The Law Offices of Timothy Elson within 20 days after the settlement agreement is fully executed, a W9 is provided by The Law Offices of Timothy Elson and TIC's receipt of wiring instructions; and 4) the funds shall not be released to MSI until dismissal has been entered. The Settlement Payment is in addition to the Initial Payment.

2. Mutual Release. For good and valuable consideration, the Settling Parties do hereby fully and finally settle, release, acquit, and forever discharge the other Settling Parties and their respective successors, predecessors, representatives, directors, members, officers, employees, servants, agents, partners, attorneys, insurers, and assigns, as to any and all claims in any way arising out of or related to the Services Agreement, the Lawsuit, and/or the Dispute. Such claims include, but are not limited to, any and all manner of action or actions, cause or causes of action, in law or in equity, suits, claims, controversies, demands, assignments, covenants, obligations, debts, liens, contracts, agreements, promises, judgments, orders, liability, damages, losses, attorney fees or costs, any and all costs or expenses, fixed or contingent of whatsoever kind or nature, at equity or otherwise, which have existed or may have existed, or which do exist, or which hereafter can, shall, or may exist with respect to the Settling Parties, the Services Agreement, the Lawsuit, the Dispute, and any and all claims that were or might have been, or which could have been, alleged against any of the Settling Parties by any of the Settling Parties.

3. Dismissal of the Action. Within five business days of receipt of the Settlement Payment, the Parties shall collectively work together to dismiss the Lawsuit in its entirety and with prejudice, each party to bear their own attorneys' fees and costs. The funds shall not be released to MSI from its attorney until dismissal has been entered. The Parties shall take no steps to have any orders entered in the action other than the order dismissing the action with prejudice.

4. Non-Assignment. The Parties warrant and represent that they have not pledged, sold, assigned, conveyed or otherwise transferred, in whole or in part, any claim or cause of action that they may have against each other.

5. Disputed Claims. This Agreement is the result of a compromise among the Settling Parties of disputed claims. This Agreement or any payment made pursuant to it shall never, at any time or for any purpose, be considered an admission of liability and/or responsibility on the part of any of the Settling Parties, as they continue to deny such liability and disclaim any responsibility.

6. Confidentiality. The Settling Parties and their counsel shall keep the terms of this settlement confidential. One thousand dollars of the settlement amount shall be allocated as consideration for this confidentiality. Notwithstanding the foregoing, the Settling Parties may disclose such terms of this Agreement as required to their respective attorneys, accountants, tax preparers, insurers, or insurance agents. In addition, the Settling Parties may disclose such terms of this Agreement as required by a valid court order or a validly issued subpoena provided that prior notice is provided to the non-disclosing party at least ten days before disclosure unless such notice is prohibited by law. The Settling Parties hereby state, warrant, and represent that they have not already disclosed the terms of this

settlement or the existence of this pending settlement of this matter to anyone or any entity or any agency other than their attorneys or insurer.

7. Non-Disparagement. The Settling Parties agree not to make negative or disparaging remarks maligning, ridiculing, defaming or otherwise speaking ill of each other and each other's principals to third parties, in any forum (including but not limited to orally, in writing, on social media, the Internet, to the media, persons engaged in radio, television or Internet broadcasting, or to persons or entities that gather or report information on trade and business practices). However, this provision does not apply to any communications that are protected by the litigation privilege. In addition, this provision does not apply when the parties are responding to a validly issued subpoena or court order provided that prior notice is provided to the non-disclosing party at least ten days before disclosure unless such notice is prohibited by law.

8. Indemnification. The Parties agree to indemnify and hold one another harmless from and against any and all loss, costs, damages, or expenses, including without limitation, attorney fees, arising out of any party's breach of this Agreement or the fact that any representation made herein was false when made and such false representation results in further litigation against or involving each Party.

9. Review by Parties and Counsel. The Parties acknowledge that each of them, and their respective counsel, has had the opportunity to review the Agreement, that the terms of the Agreement have been completely read by them and explained to them, that the terms are fully understood and voluntarily accepted by them, and that the Agreement will not be construed against any Party merely because such party prepared the Agreement. The Parties hereby represent to each other that they have reviewed this Agreement with competent legal counsel and that no Party shall deny the validity of this Agreement on the grounds that the Party did not understand the nature and consequences of this Agreement or did not have the opportunity to seek the advice of independent counsel prior to executing it.

10. Complete Agreement and Understanding. This Agreement contains the entire understanding between the Parties, and supersedes, if any, all prior and contemporaneous agreements and understandings, inducements or conditions, express or implied, oral or written, except as herein contained. The Parties agree that any purported reliance on oral representations would be unreasonable.

11. Binding Nature of Agreement. This Agreement shall be binding upon and inure to the benefit of the Parties hereto and their respective successors, heirs, representatives, and assigns.

12. Enforcement of Agreement. In any action brought to enforce, interpret, or determine the validity of the obligations, terms, covenants, or conditions of the Agreement, the prevailing Party shall be entitled to recover from the other party its costs (including but not limited to the costs incurred in connection with the use of any necessary expert witness) and reasonable attorney fees.

13. Attorney Fees and Costs. The Parties to the Agreement agree that, except as to an action to enforce the Agreement set forth above, each Party shall bear its own costs (including but not

limited to the cost incurred in connection with the use of any necessary expert witnesses), attorney fees and other expenses.

14. Captions. The paragraph captions set forth in the Agreement are for the convenience of the Parties and do not modify, limit, or otherwise affect the express provisions of the Agreement.

15. Governing Law. The Agreement and all questions relating to its validity, interpretation, performance and enforcement shall be governed by and construed in accordance with the laws of the State of Nevada.

16. Forum Selection Clause. In the event of any litigation that in any way relates to or arises out of the subject matter of this Agreement, the Parties hereby consent to the personal jurisdiction of the federal and state courts of Nevada, and further agree that the venue of any such litigation shall be exclusively limited to the state or federal courts located in Clark County, Nevada.

17. Severability. Should any provision of this Agreement be declared or determined by any court to be illegal or invalid, the validity of the remaining parts, terms or provisions shall not be affected thereby and said illegal or invalid part, term or provision shall be deemed not to be a part of this Agreement.

18. Modification. This Agreement may not be modified or amended other than by a written agreement signed by authorized representatives of all Parties.

19. Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original, and it shall not be necessary in making proof of this Agreement to produce or account for more than one such counterpart.

Mohammad A. Pourteymaur

CERTIFIED AND FIRST CLASS MAIL

RE: Case 2016-3681

Dear Mr. Pourteymaur:

At its November 17, 2016 meeting, the Colorado State Board of Pharmacy ("Board") reviewed the above-referenced complaint. After careful consideration of all the evidence before the Board, the Board determined that upon your initial application for pharmacist licensure in the State of Colorado, you did not attest that you had disciplinary action taken against your license or pending against you in any state when you should have attested to this fact.

The Board hereby admonishes the pharmacy for violation of the Pharmacists, Pharmacy Businesses, and Pharmaceuticals Act and Board Rules.

This admonishment shall be made a part of the permanent records of the Board and is reportable as a disciplinary action. It may also be considered as an aggravating factor if you incur future violations. You may request that a hearing be initiated by the Board if you wish to dispute the information in this letter. The purpose of such a proceeding would be to adjudicate the propriety of the conduct upon which this letter is based. The Board must receive such a request from you within 20 days after you receive this letter.

If you make a timely request, the letter of admonition shall be deemed vacated pending resolution of formal disciplinary proceedings. Those proceedings involve a hearing conducted in accordance with the State Administrative Procedures Act.

Sincerely,

FOR THE COLORADO STATE BOARD OF PHARMACY

Chris Gassen, R.Ph.
Pharmaceutical Inspector
Acting Program Director

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY,

Petitioner,

v.

MOHAMMAD A. POURTEYMAUR, R.Ph.,
Certificate of Registration #13759,

Respondent.

FINDINGS OF FACT, CONCLUSIONS OF LAW, AND ORDER

Case No. 08-032-RPH-S

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on October 29, 2008, in Las Vegas, Nevada. The Board was represented by Carolyn J. Cramer, General Counsel for the Board. Respondent Mohammad A. Pourteymaur appeared and represented himself. Based on the presentation of Mr. Pourteymaur, and the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. At hearing, Mr. Pourteymaur admitted the facts as plead in the Notice of Intended Action and Accusation were true and correct. At hearing, Mr. Pourteymaur testified by way of explanation and mitigation. Based upon the Respondent's admissions and the evidence presented at hearing; the following are found to be the facts of this matter.

2. Mr. Pourteymaur timely submitted the application for renewal of his pharmacist's license. On his renewal application he indicated that he had completed 30 hours of continuing education. Mr. Pourteymaur's renewal application was included in a random sample to be audited. The audit revealed that Mr. Pourteymaur had completed

zero hours of continuing education between November 1, 2005 and October 31, 2007.

3. At hearing, Mr. Pourteymaur testified that he has been in medical school since August of 2002 and has been taking some pharmacy related courses, but that the classes were not ACPE accredited classes. Additionally, Mr. Pourteymaur testified he had personal matters over the time in question such as deaths and births in his family that took his time. Mr. Pourteymaur also expressed regret that he had answered the question affirmatively stating that he had completed the course work when he knew that he had not and offered classes he took after the renewal period in mitigation to the Board.

CONCLUSIONS OF LAW

1. The Board has jurisdiction over this matter and this respondent because Mr. Pourteymaur is a pharmacist licensed by the Board.

2. In indicating on his renewal application that he had completed 30 hours of continuing education on his renewal application when he had taken zero hours of course work, Mr. Pourteymaur violated NRS 639.210(4) and (9) and 639.2174(2) and NAC 639.330 and 639.390.

ORDER

Based upon the foregoing, the Board hereby orders the following:

1. For the renewal period of November 1, 2005 through October 31, 2007, Mr. Pourteymaur shall complete 30 hours of continuing education. Mr. Pourteymaur will not be given credit for any of the continuing education classes he completed prior to October 29, 2008.

2. For the renewal period of November 1, 2007 through October 31, 2009, Mr. Pourteymaur will complete 60 CE's. Mr. Pourteymaur' continuing education hours will

be audited to verify that he has completed the 60 hours of continuing education required by this Order.

3. Mr. Pourteymaur shall pay a fine of $1,000.00 by cashier's or certified check or money order made payable to "State of Nevada, Office of the Treasurer" to be received by the Board's Reno office within 60 days of the effective date of this Order.

4. Mr. Pourteymaur will not be allowed to inactivate his license.

5. Mr. Pourteymaur must take and pass a written law examination provided by Board staff within 30 days of receipt of the examination.

6. The failure by Mr. Pourteymaur to comply with any term in this order shall result in the immediate suspension of his license and will also result in further discipline, up to and including revocation of the his license.

Signed and effective this 25th day of November, 2008.

Barry Boudreaux, President
Nevada State Board of Pharmacy

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✓
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✓
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✓
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✓
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✔
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order? See Note	* ✓	
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✔
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✔
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✔
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✔
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✔
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✔
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 3. Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
Unknown	Unknown	Kansas	Fairway	Johnson
Case #		**Governing, licensing, Arresting Presiding Body/Agency/Court**		
Possibly N/A		City, County or State Police		
Reason/Charge				
Pulled over for expired tag, failed sobriety test				
Plaintiff/Defendant/Claimant/Respondent			**Lawsuit/Arbitration/Bankruptcy**	
Name of Business/Industry/Entity				

Provide explanation below:

In approximately 1987 or 1988 I was pulled over in Fairway, Kansas for an expired tag. During the stop I was asked to do a sobriety test and the results were "just at the limit". I was taken to the police station and picked up by a friend. I was required to take a class on impaired driving, which I completed. I do not remember if any formal charges were made against me, if there were, the records were expunged. I have searched the court records and have not found any records related to the incident, nor does my FBI Background Report have any mention of the incident. I do not have access to any other information or documents regarding the incident.

This is in response to Question # 6 & 9. Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
07/25/2018	06/10/2019	Kansas	Topeka	Shawnee
Case #		**Governing, licensing, Arresting Presiding Body/Agency/Court**		
18-750		Kansas State Board of Pharmacy		
Reason/Charge				
Misrepresentation of CE obtained for renewal of Kansas Pharmacist License				
Plaintiff/Defendant/Claimant/Respondent		**Lawsuit/Arbitration/Bankruptcy**		
Name of Business/Industry/Entity				

Provide explanation below:

In June of 2018, I renewed my Kansas Pharmacist license. The due date to complete the required CE and sumbit the renewal was 6/30/2018. I was out of the country without access to my completed CE information at the time of the renewal. Upon my return in July, I submitted my completed CE to the CE sponsors. All CE units were dated after the due date of 6/30/2018 so the Kansas State Board of Pharmacy did not recognize them in the renewal license period so my attestation to obtaining all required CE was unintentionally incorrect. I was given the opportunity to renew my license, however, inasmuch as I had not practiced as a pharmacist since 2008, I requested that my Kansas pharmacist license not be renewed but rather be retroactively placed on inactive status. The Board executed a Stipulation and Consent Order which included placing my Kansas Pharmacist license on inactive status beginning 7/1/2018. I then reinstated my license effective 06/10/2019 and voluntarily surrendered it on 6/30/2022.

SECTION 8.6. & 9.

ATTACHMENT

Edward P. Kramm
Chief Executive Officer

In July of 2018, Mr. Kramm renewed his Kansas Pharmacist license. The due date to complete CE and submit renewal was 6/30/2018. He was out of the country without access to his completed CE and so in July, upon his return to the states, he submitted his completed CE to the CE sponsors. The CE units were dated after the due date so Kansas did not recognize them in the license period which meant he had made an incorrect attestation on his renewal. Inasmuch as Mr. Kramm had not practiced pharmacy since 2008 and pursuant to his request, the Board agreed to retroactively place his license on inactive status beginning July 1, 2018. A Stipulation and Consent Order was executed. The Order included the requirements for changing his license to active status in the future, if desired. Mr. Kramm determined that he would not practice pharmacy at any time in the future so he let his license officially expire on 6/30/2022 and the matter was closed. It is important to note that Mr. Kramm did not practice without a license at any time. **SEE ATTACHED**

Filed By

KANSAS STATE
BOARD OF PHARMACY

BEFORE THE KANSAS STATE BOARD OF PHARMACY

In the Matter of the Renewal Application of Edward (Ted) Kramm License No.1-12056	))))))	Case No. 18-750

STIPULATION AND CONSENT ORDER

IT IS HEREBY STIPULATED AND AGREED by and between the Kansas Pharmacy Board (the "Board") and Edward (Ted) Kramm ("Respondent") as follows:

1. The Board is represented herein by its attorney, Randall J. Forbes of Frieden, Unrein & Forbes, 1414 SW Ashworth Place, Suite 201, Topeka, Kansas 66604. The Respondent is represented herein by attorney. N/A.

2. The Board is the Kansas agency vested with the authority to carry out and enforce the provisions of the Kansas Pharmacy Law, K.S.A. 65-1626 *et seq.*, (the "Act") including conducting hearings and proceedings to revoke, suspend, or otherwise discipline a Kansas license to practice pharmacy, including imposing an administrative fine or penalty.

3. The Respondent is presently entitled to engage in the practice of pharmacy in the State of Kansas by reason of the Board having issued Respondent Kansas license number 1-12056 ("Kansas License"). At all times relevant hereto, the Respondent has held a current license to engage in the practice of pharmacy in the State of Kansas.

4. Respondent hereby admits and waives any further proof in this or any other proceeding before or initiated by the Board, and upon motion duly made, seconded and passed, the Board finds as follows:

- On July 25, 2018, Respondent submitted a renewal application to engage in the practice of pharmacy in the State of Kansas.

- In the renewal application, Respondent requested to renew the license on active status.
- At the end of the renewal application, Respondent agreed to the following statement prior to submitting the completed renewal application: "I hereby attest that I have completed all continuing education hours required by law to renew my license."
- Respondent's renewal application was selected for an audit to provide proof of Respondent's continuing education certificates or a transcript of completion of required hours.
- Respondent provided proof of two hours of continuing education to renew Respondent's pharmacy license.
- On May 2, 2019, Respondent indicated he has not practiced pharmacy for several years and wants to retroactively renew his license on inactive status, which does not require continuing education.
- Pursuant to K.A.R. 68-1-1b, 30 hours of continuing education shall be required for renewal of a pharmacist license during each licensure period, which must be obtained in the two-year licensure period ending on the June 30 expiration date of each license.
- Respondent was required to provide proof of completion of 30 hours of continuing education earned between July 1, 2016 and June 30, 2018.

5. Upon motion duly made, seconded and passed, the Board finds and concludes that Respondent's conduct, as described above, violates the Act is therefore grounds for disciplinary action against Respondent's Kansas License pursuant to 65-1627(a)(1) and (a)(9).

6. The Respondent agrees and consents and the Board finds, concludes, and orders that the following disposition is just and appropriate under the circumstances:

A. Respondent's Kansas license to practice pharmacy is retroactively placed on inactive status beginning July 1, 2018.

B. If Respondent seeks to change the license to active status in the future, Respondent shall be required to pay a $2,800 fine and provide proof of an additional 112 hours of completed continuing education for failing to comply with K.S.A. 65-162(a)(1) and (a)(9), in addition to any other fees and requirements established by law. Completion of these hours shall not count toward any subsequent continuing education requirement for Respondent's Kansas license.

7. Respondent agrees that all information in the possession of the Board's Executive Secretary, its staff, its investigators and or its attorney regarding the investigation which lead to this disciplinary action and all information discovered during the pendency of the disciplinary action may be disclosed to and considered by the Board as part of the presentation and consideration of the proposal of settlement in the form of this Stipulation and Consent Order and the Final Order provided for herein, with or without the presence of the Respondent or its attorney. In the event that this Stipulation and Consent Order and the Final Order provided for herein are not accepted and approved by the Board, the Respondent further waives any objection to the Board members' consideration of this Stipulation and Consent Order or the information mentioned in the preceding sentence and further agrees to waive any claim of due process violation or the right to seek the disqualification of any Board member as a result of the Board member's consideration of said document and information.

8. The stipulations contained herein shall not become binding until this Stipulation and Consent Action is approved by the Board and the Final Order provided for herein is entered by the Board. The Respondent acknowledges that the approval of the Board's Executive Secretary or its attorney shall not constitute the approval of the Board or bind the Board to approve this Stipulation and Consent Action or the Final Order provided for herein.

9. The Respondent agrees that this Stipulation and Consent Order is in conformance with Kansas and federal law and the Board has jurisdiction to enter into it and enter the Final Order provided for herein. The Respondent further agrees, for purposes of this matter, that the Kansas Pharmacy Act, K.S.A. 65-1626 *et seq.* is constitutional on its face and as applied in this case.

10. This Stipulation constitutes the entire agreement of the parties and may only be modified by a subsequent writing signed by them. The agreement shall be interpreted in accordance with the laws of the State of Kansas.

11. The Respondent acknowledges that Respondent has the following rights:

(a) To have formal notice of charges served upon him;

(b) To file a response to the charges;

(c) To have notice of and participate in a formal adjudicative hearing with the Board or its designee making specific findings of facts and conclusions of law based only upon evidence admitted at such hearing; and

(d) To take advantage of all applicable provisions of the Kansas Administrative Procedure Act, K.S.A. 77-501 *et seq.* and the Kansas Judicial Review Act, K.S.A. 77-601 *et seq.*

The Respondent freely waives these rights and acknowledges that said waiver is made voluntarily and in consideration of the Board's limiting the disciplinary action taken against him to those provided for herein. The Respondent further waives the right to seek reconsideration or appeal or otherwise contest this Stipulation and Consent Order and the Final Order provided for herein.

12. The Respondent acknowledges that Respondent enters into this Stipulation and Consent Order freely and voluntarily after consultation with counsel of his choosing. The Respondent further acknowledges that Respondent has read this Stipulation and Consent order in its entirety, understands its legal consequences, and agrees that none of its terms are unconscionable, arbitrary, or capricious.

13. Time is of the essence to this Stipulation and Consent Order. Respondent acknowledges and agrees that any violation of this Stipulation and Consent Order shall constitute a willful violation of a lawful Board order and grounds for further disciplinary action against him. The pendency of any disciplinary action arising out of an alleged violation of this Stipulation and Consent Order shall not affect the obligation of Respondent to comply with all terms and conditions of this Stipulation and Consent Order.

14. This Stipulation and Consent Order constitutes the entire and final agreement of the parties. In the event any provision of this Stipulation and Consent Order is deemed invalid or unenforceable by a court of competent jurisdiction, it shall be severed and the remaining provisions of this Stipulation and Consent Order shall be given full force and effect.

15. Upon approval and entry of the Final Order by the Board, this Stipulation and Consent Order shall be a public record in the custody of the Board.

16. This Stipulation and Consent Order shall become effective on the day it is approved, accepted, and made an order of the Board by way of signature of the Board's authorized representative.

17. The Respondent acknowledges that Respondent has been advised by the Board that Respondent would have the right within 15 days after service of the Final Order provided for herein to file a petition for reconsideration with the Board and the right within 30 days after service of the Final Order provided for herein to file a petition for judicial review in the District Court of Shawnee County, Kansas in accordance with the Kansas Judicial Review Act, K.S.A. 77-601 *et seq.* and to serve such a petition for judicial review on the Kansas Board of Pharmacy by serving Alexandra Blasi, JD, MBA, Executive Director, at 800 SW Jackson St., Suite 1414, Topeka, KS 66612. The Respondent hereby waives those rights.

ENTERED AND EFFECTIVE this 10th day of June, 2019.

Statement of Responsibility

1. I am the Pharmacist in Charge (title) for SAINT MARY Pharmacy (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacist engaged in providing pharmacy services into Nevada is licensed by the Nevada State Board of Pharmacy (NRS 639.100).

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, TEGEST TILAHUN hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the Pharmacist In Charge (PIC) (title) for Saint Mary Pharmacy (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

FURTHER YOUR AFFIANT SAYETH NAUGHT.

Section 11: Managing Pharmacist Acknowledgement, Professional/Personal History – REQUIRED TO BE COMPLETED BY THE MANAGING PHARMACIST FOR NEVADA LOCATED PHARMACY APPLICANTS ONLY

Managing Pharmacist Name: TEGEST TILAHUN Pharmacist Registration #: 20171

Pharmacy Name: SAINT MARY PHARMACY

Initial each statement below to indicate you have read and agree with the following:

T.T I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

T.T I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

T.T I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

T.T I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

T.T I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

2. I understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be responsible for any violations of pharmacy law that may occur in the Pharmacy owned by such owner(s), shareholder(s), member(s), or partner(s).
3. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) may be named in any action taken by the Nevada State Board of Pharmacy against the Pharmacy.
4. I further understand and acknowledge that any owner(s), shareholder(s), member(s), or partner(s) cannot require or permit the pharmacist(s) in said Pharmacy to violate any provision of local, state, or federal laws or regulations pertaining to the practice of pharmacy.
5. I further understand and acknowledge that Nevada law requires that each pharmacy located inside the State of Nevada employ only pharmacists, intern pharmacists, pharmaceutical technicians, and technicians in training that are licensed by the Nevada State Board of Pharmacy. (NRS 639.100).
6. I further understand and acknowledge that Nevada law requires that each pharmacy located outside the State of Nevada engaged in providing pharmacy services into Nevada employs at least one pharmacist licensed by the Nevada State Board of Pharmacy who will be responsible for any prescription dispensed to a patient located in Nevada and responsible for any acts or omissions of pharmacy personnel who are not registered with the Board. (NRS 639.2328).

Section 10: Affidavit for Pharmacies- MUST BE COMPLETED by pharmacies NOT CURRENTLY PERFORMING Sterile Compounding

Affidavit for Pharmacy License

I, Brenda Brown hereby certify that the assertions in this Affidavit are true and correct to the best of my knowledge and belief, and state as follows:

1. I am the Managing Member (title) for PBC LLC (name of Pharmacy) and in that capacity, I am authorized to speak on the Pharmacy's behalf.
2. I certify that upon licensure, the Pharmacy will not perform sterile compounding or ship sterile compounds into Nevada.
3. I understand and acknowledge that the Pharmacy and any of its staff members may be subject to discipline by the Board if the Pharmacy performs sterile compounding or ships any sterile compounds into Nevada without first obtaining written authorization from the Board to do so.
4. I certify that if the Pharmacy makes the decision to perform sterile compounding or to ship any sterile compounds into Nevada, the Pharmacy, through an authorized representative, will first notify the Board via a written request, and obtain written approval to perform sterile compounding or to ship any sterile compounds into Nevada.
5. I understand that if the Pharmacy seeks approval to perform sterile compounding or to ship any sterile compounds into Nevada, an authorized representative of the Pharmacy may be required to appear before the Board to answer questions before such approval is granted.

Managing Pharmacist Name: Kharen Lopez Pharmacist Registration #: 18439

Pharmacy Name: PBC LLC DBA Specialty Care Rx

Initial each statement below to indicate you have read and agree with the following:

KML I understand that as the managing pharmacist I am responsible for compliance by the pharmacy and its personnel with all state and federal laws and regulations relating to the operation of the pharmacy and the practice of pharmacy. I understand my license can be revoked or that I can be subject of disciplinary action if such laws or regulations are knowingly violated in the pharmacy in which I am the managing pharmacist.

KML I understand within 48 hours after I report for duty as the managing pharmacist, I shall complete an inventory of all controlled substances of the pharmacy pursuant to 21 CFR Part 1304 and maintain a copy of the inventory in the file at the pharmacy.

KML I understand that if I cease to be managing pharmacist of the above-named pharmacy, I will jointly, with the new managing pharmacist, take an inventory of all controlled substances.

KML I understand that as the managing pharmacist I must ensure that all loss or theft of controlled substances are reported on forms provided by the Nevada State Board of Pharmacy and Department of Public Safety within 10 days after the date of discovery of theft or loss. NRS 453.568. Federal regulations require that registrants notify the Field Division Office of the Administration in his area, in writing, of the theft or significant loss of any controlled substance, disposal receptacles or listed chemicals within one business day of discovery of such loss or theft. The registrant shall also complete and submit to the Field Division Office in his area, DEA Form 106 regarding the loss or theft (21 C.F.R. §1301.76(b) and 21 U.S.C. §830(b)(1)(C)).

KML I understand that as the managing pharmacist I must notify the Nevada State Board of Pharmacy of all employment changes of pharmacy staff within 10 days of the change. NAC 639.540

RE: Change of Ownership-PGBB LLC (License PH03634) and PBC LLC (License PH03749)

Dear Nevada Board of Pharmacy:

This is to further notify you of the change in ownership of our 2 locations specified above. The initial notification was given on December 12, 2025, when I spoke with Kristy at extension 131.

The change involves the current ownership being bought by a parent/holding company (BPJ LLC). However, the TIN, DBA and legal business name will not change. I have attached an organizational chart within the documents included and have summarized below the CHOW for your reference and convenience when reviewing our application.

Previous: Owner/License/DBA	**Change: New Parent Company**
PGBB LLC/ PH03634	BPJ LLC
Specialty Care Rx	All other information Same as previous

Previous: Owner/License/DBA	**Change: New Parent Company**
PBC LLC/ PH03749	BPJ LLC

SECRETARY OF STATE

CERTIFICATE OF EXISTENCE WITH STATUS IN GOOD STANDING

I, FRANCISCO V. AGUILAR, the duly qualified and elected Nevada Secretary of State, do hereby certify that I am, by the laws of said State, the custodian of the records relating to filings by corporations, non-profit corporations, corporation soles, limited-liability companies, limited partnerships, limited-liability partnerships and business trusts pursuant to Title 7 of the Nevada Revised Statutes which are either presently in a status of good standing or were in good standing for a time period subsequent of 1976 and am the proper officer to execute this certificate.

I further certify, that the following is a list of all organizational or qualification, as applicable, documents on file in this office for

PBC L.L.C.

Organizational Documents on File	Filing Date
Amendment	03/15/2017
Certificate of Revival	10/05/2015
Articles of Organization	08/22/2013

I further certify that the records of the Nevada Secretary of State, at the date of this certificate, evidence PBC L.L.C., as a DOMESTIC LIMITED-LIABILITY COMPANY (86) duly organized or formed and existing, or duly qualified or registered, as applicable, and by virtue of the laws of the State of Nevada since 08/22/2013, and is in good standing in this state.

Details for PBC L.L.C.

Doing Business As:

SPECIALTY CARE RX LV

This information is accurate as far as is contained in the Division's official records. It does not reflect whether an entity required to maintain a current registration with the Division of Corporations is current in that registration. You can verify such status at https://secure.utah.gov/bes/bes. Additionally, this verification does not show a complete license history or interruptions of licensure. Original issue dates listed as 01/01/1910 and 01/01/1911 were unknown at the time the Division implemented its first electronic licensing database.

*NOTE: The disciplinary documents linked to this website include final orders issued by DOPL, with the exception of citations. Click here for citations.

Make copies of this page OR use a separate piece of paper if additional space is needed.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✔
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✔
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✔
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✔
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✔
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✔
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✔
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✔
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

INSTRUCTIONS

The wording of all Jurats completed in California after January 1, 2015 must be in the form as set forth within this Jurat. There are no exceptions. If a Jurat to be completed does not follow this form, the notary must correct the verbiage by using a jurat stamp containing the correct wording or attaching a separate jurat form such as this one with does contain the proper wording. In addition, the notary must require an oath or affirmation from the document signer regarding the truthfulness of the contents of the document. The document must be signed AFTER the oath or affirmation. If the document was previously signed, it must be re-signed in front of the notary public during the jurat process.

- State and county information must be the state and county where the document signer(s) personally appeared before the notary public.
- Date of notarization must be the date the signer(s) personally appeared which must also be the same date the jurat process is completed.
- Print the name(s) of the document signer(s) who personally appear at the time of notarization.
- Signature of the notary public must match the signature on file with the office of the county clerk.
- The notary seal impression must be clear and photographically reproducible. Impression must not cover text or lines. If seal impression smudges, re-seal if a sufficient area permits, otherwise complete a different jurat form.
  - Additional information is not required but could help to ensure this jurat is not misused or attached to a different document.
  - Indicate title or type of attached document, number of pages and date.

Section 8: Arrests, Detentions, Litigations, Arbitrations	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		X
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		X
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		X
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		X
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		X
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		X
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		X
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		X
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		X
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		X

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

NORTH CAROLINA
Department of the Secretary of State

CERTIFICATE OF EXISTENCE

I, ELAINE F. MARSHALL, Secretary of State of the State of North Carolina, do hereby certify that

MEDSOLUTIONS COMPOUNDING PHARMACY, INC.

is a corporation duly incorporated under the laws of the State of North Carolina, having been incorporated on the 28th day of May, 2008, with its period of duration being Perpetual.

I FURTHER certify that, as of the date set forth hereunder, the said corporation's articles of incorporation are not suspended for failure to comply with the Revenue Act of the State of North Carolina; that the said corporation is not administratively dissolved for failure to comply with the provisions of the North Carolina Business Corporation Act; that its most recent annual report required by N.C.G.S. 55-16-22 has been delivered to the Secretary of State; and that the said corporation has not filed articles of dissolution as of the date of this certificate.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal at the City of Raleigh, this 28th day of May, 2025.

Elaine F. Marshall

Section 8: Arrests, Detentions, Litigations, Arbitrations:	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✔
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✔
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✔
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✔
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?		✔
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✔
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✔
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✔
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✔

I, Hytham Mouna, **certify that as the designated representative for**

Med Solutions Compounding Pharmacy,

that I (initial that you have read and meet the following requirements) (NAC 639.5005, NAC 639.5935):

1. HM I am at least 21 years of age;
3. HM I have been employed for at least 6,000 hours in a pharmacy or with a wholesaler in a capacity related to the dispensing and distribution of, and recordkeeping related to, prescription drugs.
4. HM I will be actively involved in and aware of the actual daily operations of the pharmacy or wholesaler;
5. HM I will be employed full-time in a managerial level position with the pharmacy or wholesaler;
6. HM I will be physically present at site of the pharmacy or at the facility of the wholesaler during regular business hours, except when the absence of the representative is authorized, including sick leaves, vacation leaves and other authorized absences; and
7. HM I will serve in this representative capacity for only one pharmacy or wholesaler at a time.

Sterile Compounding Questionnaire

Rev (09/11/2024)

This application cannot be returned by fax or email.
We must have an original signature to process.

Approval of this completed questionnaire is required for an existing pharmacy, new pharmacy and/or out-sourcing facility applicant who wish to engage in preparing, compounding, dispensing, and furnishing sterile compounded products to Nevada patients or consumers.

Please provide a thorough response to the questions below and provide any necessary supporting documents.
-For a new pharmacy or out-sourcing facility applicant, submit this completed form with your application.
-For an existing pharmacy, send the completed form to the address indicated above.

Section 1: General Information

Pharmacy Name: Med Solutions Compounding Pharmacy

NV Pharmacy or Outsourcing facility license # (if applicable): _____

Physical Address: 1365 Westgate Center Drive Suite F-2

City: Winston Salem State: NC Zip: 27103

Mailing Address (if different from physical address): Same as Physical Address

City: _____ State: _____ Zip: _____

Telephone: 336--765-4406 Toll Free # (NAC 639.708, NRS 639.23286): _____

Fax: 336-765-4489 Contact Email: Info@mscpharmacy.com

Website: mscpharmacy.com

Nevada Business License # (if applicable) _____

Supervising/Managing Pharmacist Name (NRS 639.220): Hytham Mouna

Supervising/Managing Pharmacist NV Pharmacist Registration #: _____

Name of Designated Person(s) as defined by revised USP-797 guidelines: Hytham Mouna

Email of Designated Person(s): lightningboxer@yahoo.com

Telephone of Designated Person(s): 336-406-6753

Section 2: Sterile Compounding Questions (Use a separate piece of paper if additional space is needed.)

1. What risk level sterile compounding will your facility be performing (check all that apply)?

   ■ Category 1 ■ Category 2 ☐ Category 3

   If you marked **"Category 3"**, you must also complete **section 4.**

2. If compounding Category 2 products is the location performing sterility and endotoxin testing (if required) to obtain extended beyond-use dates? ■ Yes ☐ No

3. If compounding Category 2 products is the location performing aseptically processed CSPs or terminally sterilized CSPs? ■ Aseptic ☐ Terminal

4. Is the pharmacy following the new garbing requirements listed in the revised USP-797 guidelines? ■ Yes ☐ No

5. When was the most recent certification for the ISO classified areas? 06/05/2025

6. What is the frequency of the recertification for the ISO classified areas? Every 6 months

7. Were there any follow-up items required from the most recent certification report? ☐ Yes ■ No

8. If preparing Category 2 or Category 3 CSPs from non-sterile starting components are the pre-sterilization procedures such as weighing and mixing completed in an ISO Class 8 or better environment? ■ Yes ☐ No

9. If compounding Category 1 CSPs and Category 2 CSPs how often is surface sampling of all classified areas and pass-through chambers conducted? _____

10. Will you be performing sterile hazardous drug compounding? Yes ■ No

    If you marked **"Yes"**, you must also complete **section 3.**

11. List the sterile compounded products that you will be compounding for Nevada patients or consumers:

Myres Cocktail
Vancomycin 25 mg eye drops
Vancomycin 10 mg/mL (1 mg/ 10.1 mL) Injection
Amikacin 4 mg/ mL (400 mg 10.1 mL) PF Injection
Immune Bag
Ceftazidime 2 mg/0.1 mL Inj
Dexamethasone 400 mcg/0.1 mL Inj
Voriconazole 100 mcg/0.1 ml Inj
Clindamycin 1 mg/0.1 mL inj
Intralipid Bag

12. What laboratory performs your sterility or endotoxin testing?

Name: Eagle Analytical

Address: 11111 S Wilcrest Drive S1000

City: Houston State: TX Zip: 77099

Telephone: 800-745-8916

13. What is your procedure for visual inspection of compounded sterile products?

Inspecting particulate matter against white/black background using magnifying glass.

14. How often do you perform glove fingertip and medial fill testing?

Every three months

15. Describe your initial and ongoing training program for all personnel performing sterile compounding:

Each person must have a good understanding of SOP which includes the following:
o Principles of microbial contamination and aseptic technique
o Cleaning and disinfection procedures
o Garbing and hand hygiene
o Measuring and mixing
o Documentation of compounding process
o Engineering controls (PECs, SECs)

16. Describe the cleaning procedure for your primary and secondary engineering controls, including the frequency of cleaning and the names of cleaning, disinfectant, sporicidal, and/or deactivation and decontamination agents used:

All cleaning steps should be documented along with date, the name of personnel performing the cleaning and the name of chemical used to clean , lot# and expiration date for each product
The daily cleaning procedure for the isolators hoods is as follows using 2 steps
After garbing according to USP797 cleaning can start
1)start with sterile TB 3300 (3 min contact) 2) sterile alcohol
The cleaning movement is perpendicular to the air flow using one shed free sterile paper disposable towel per one side
The weekly cleaning for the hoods using 4 steps with sterile shed free disposable towels
1)start with sterile TB 3300 disinfectant cleaner used for(3 minute contact) 2) sterile alcohol
3) Sterile Peridox (Sporicidal 7 min contact) 4) Sterile Alcohol
The cleaning movement is perpendicular to the air flow using one shed free sterile paper disposable towel per one side
Monthly cleaning for the clean room including ceiling, walls, surface, Isolators hoods, floors, trash collection using the following steps
Monthly cleaning for the clean room including ceiling, walls, surface, Isolators hoods, floors, trash collection using the following steps using the same 4 steps in the weekly cleaning

17. Who performs the sterile compounding process at your facility?

Only trained Technician and Pharmacist

18. Who is responsible and accountable for the sterile compounding process at your facility?

Pharmacist and Technician

19. If products are shipped/mailed, what shipping conditions are used to ensure product safety/efficacy?

We use Styrofoam coolers enclosed in cardboard boxes and packed with large ice blocks to ship refrigerated items. All shipments are sent via overnight delivery, and we closely track them to ensure they arrive on time. Our delivery system has been tested using temperature monitors that log hourly temperature readings until the package is delivered.

Section 3: Sterile Hazardous Compounding Questions (Complete this section ONLY if you be performing Sterile Hazardous Compounding.)		
1. What type of primary engineering controls will you be using in your facility? N/A		
2. Are you complying with all USP 800 guidelines?	■ Yes	No
3. Have your employees who compound with hazardous drugs signed an acknowledgement that they understand the risks associated with this process?	■ Yes	No
4. Is your BSC or CACI vented 100% to the outside?	■ Yes	No
5. Do you have a negative pressure buffer room at your facility?	■ Yes	No
6. Will you be compounding with antineoplastic HDs or HD API?	Yes	■ No
7. If yes, are the drugs stored in an externally ventilated, negative pressure room?	■ Yes	No
8. Will you be utilizing a closed system transfer device?	■ Yes	No
9. If yes, list the name of the device: N/A		

10. What information is provided to the patient or consumer on the proper handling and disposal of hazardous drugs products/containers?

N/A

11. Describe your initial process for training new employees prior to compounding sterile hazardous drugs?

N/A

Section 4: Sterile Category 3 Compounding Questions (Complete this section ONLY if you will be performing Category 3 Compounding.)

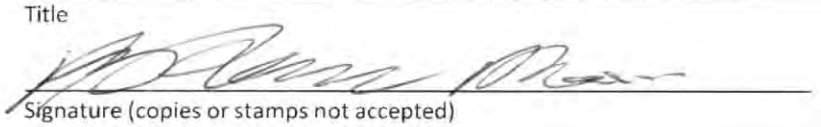
1. List the specific Category 3 sterile products that your facility compounds:
NA

2. What is the frequency for ongoing garbing, gloved fingertip and thumb sampling, and media fill testing for compounding personnel?
NA

3. Is the pharmacy meeting all of the additional garbing requirements for compounding Category 3 CSPs as defined by the revised USP-797 guidelines? Yes No

4. What is the frequency for completing volumetric active air sampling?
NA

5. What is the frequency for completing surface sampling? NA		
6. What is the frequency for using sporicidal agents? NA		
7. Is an endotoxin test performed for all products compounded from one or more nonsterile component?	Yes	No
8. Is the BUD assigned supported by stability data obtained using a stability-indicating analytical method?	Yes	No



I certify under penalty of perjury that the information contained in this form is accurate, true and complete in all material respects. I understand that making any false representation in this form is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire form and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event the form is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.

Non-Sterile Compounding

Non-Sterile	No
Does the pharmacy engage in Occasional Basic Non-Sterile Compounding?	Yes
Does facility engage in moderate or complex sterile compounding?	Yes
Does facility engage in Hazardous Drug Compounding?	Yes
Is there documented clinical indication for the approved medication?	

Sterile Compounding

Sterile Compounding	No
Does facility compound Immediate Use CSP?	No
Does facility compound Category 1 Sterile Compounding?	Yes
Does facility compound Category 2 Sterile Compounding?	Yes
Does facility compound Category 3 Sterile Compounding?	No
Does facility compound hazardous medications?	No
Does facility compound Allergenic Extracts?	No

Pharmacy Staffing

How many pharmacists are employed at the pharmacy: 3

How many technicians are employed at the pharmacy: 4

What is the P:T ratio at the time of inspection: 2:4

How often is there only one pharmacist on duty:

If ratio is above 1:2 at the time of inspection, how many certified technicians are on shift:
1

How many technicians are usually on shift at a time: 3

Are pharmacists asked to do any duties outside of the pharmacy :

What is the approved Pharmacist: Technician ratio? N/A

Pharmacy Volume

What is the average daily prescription volume of the pharmacy:
60

Does pharmacy conduct any point of care testing such as COVID:
No

Does pharmacy administer vaccines: No

What is the daily average of testing:

What is the daily average of vaccines:

What staff is responsible for administering test and what is testing procedure:

What staff members are administering vaccines and what type of vaccines:

Are administered vaccines reported to the appropriate vaccine registry:

How far behind is the pharmacy on filling and verifying prescriptions:
N

Please explain:

How long has this backlog persisted:

Comments

This pharmacy operated two (2) CAIs in a segregated compounding area. The SCA was certified, and the pharmacy required gowning and garbing before entry. The pharmacy shared the compounding area and CAIs with Carolina IV Solutions. Both pharmacies followed the same policies and procedures and conducted the same trainings. Carolina IV Solutions was owned and operated by RPh. Noma Mouna who was also an employee of Med Solutions Compounding Pharmacy.

General Pharmacy Regulations

	Answer	Question
1)	Satisfactory	NCGS 90-85.15A (a) - tech must register with the Board within 30 days after the date of completing the training program.
2)	Satisfactory	NCGS 90-85.15A (b) – Current registration of a pharmacy tech shall be readily available for inspection
3)	Satisfactory	NCGS 90-85.15A (c) - 2:1 ratio, if ratio above provide waiver documentation. Any technician above the 2:1 ratio must be certified.
4)	Unsatisfactory	NCGS 90-85.23- PM license, permit and current renewal shall be posted. Licenses and renewals of each RPh. are readily available for inspection.
		Comments: PM's reciprocity license was not posted at the time of inspection.
5)	Satisfactory	NCGS 90-85.25 (b) - PM shall report within 10 days any disaster, accident, theft.
6)	Satisfactory	NCGS 90-85.26 (a) - prescriptions preserved for 3 years. (b) - Documentation of alleged medication errors.
7)	Satisfactory	NCGS 90-85.29 (1) - prescription label shall contain a discard date that is earlier of 1 yr. from date dispensed or manuf's exp. date, whichever is earlier. (2) - not obscure exp. date and storage statement when product dispensed in manuf's original container.
8)	Satisfactory	NCGS 90-85.32 (a) - prescriptions marked PRN not refilled more than 1 yr. after issue date.
9)	Satisfactory	NCGS 90-85.47 - Quality Assurance Program
10)	Not Applicable	NCGS 90-93 (3)(d): Sch. V log book or record of disposition.
11)	Satisfactory	NCGS 90-106.1 (a) - documentation system of photo ID. Kept on premises or central location for 3 years.
12)	Not Applicable	NCGS 90-113.52 (b) - pseudoephedrine Products kept behind counter. (c) - record of every purchaser, amount of product in grams. (d) - records kept for two 2 years.
13)	Not Applicable	NCGS 90-113.54 - posting of sign prohibiting sale of more than 2 pkgs (3.6grams total) of pseudoeph. /day, no more than 3 pkgs (9grams total) within 30- day period.
14)	Satisfactory	NCGS 90-640 (b) - ID badge
15)	Satisfactory	21CFR 201.17- Misbranded drugs: Medications stored in pharmacy should be labeled with an expiration date and manufacturer lot number. Note: Return to stock prescription vial with the pharmacy's own label affixed will not be deemed misbranded
16)	Satisfactory	21 NCAC 46.106-134.1 (4)(b)- label lacks any requirement listed in the subsection. (px name, name/add. of pharmacy, disp. rph's name, rx #, fill date of rx, prescriber name, dir. for use, name & strength of drug.)
17)	Satisfactory	21 NCAC 46.1601 (a)(2)- posted Pharmacy hours. (4)(A-E)- reference library, hard copy or electronic. (5)- lavatory facilities w/ hot and cold running water; clean, orderly and sanitary. (b)(1)- records are readily retrievable. (b)(2)- toll free number on labels of dispensed medications. (e)- pharmacy permit is countersigned by rphmgr. as represented in the application.
18)	Satisfactory	21 NCAC 46.1802 (a) - refills limited to prescriber's orders.
19)	Satisfactory	21 NCAC 46.1803 - All records pertaining to the filling and refilling of prescriptions shall be available to designated employees of the Board during normal business hours.
20)	Satisfactory	21 NCAC 46.1806 - proper documentation and handling of transferred rxs
21)	Satisfactory	21 NCAC 46.1818 - label shall list generic name of drug, even if unavailable to dispense or generic is not authorized.
22)	Satisfactory	21 NCAC 46.2302 (a)(1-5) - records of dispensing shall be kept for 3 years.
23)	Satisfactory	21 NCAC 46.2303 - records of prescription filling and refilling shall be kept for 3 yrs.
24)	Satisfactory	21 NCAC 46.2304 (1) - produce sight-readable documents. (3) - RPh. responsible for completeness and accuracy of entries, provides documentation that prescription information entered is correct. (5) - pharmacy has auxiliary recordkeeping system. (7) - current version of drug interactions software is utilized
25)	Satisfactory	21 NCAC 46.2305 - To maintain the confidentiality of patients' prescription orders, there must be adequate safeguards or security of the records.
26)	Satisfactory	21 NCAC 46.2502 (a) - PM shall assure that rx meds & cs meds are safe/secure within the pharmacy. (b) - PM

General Pharmacy Regulations		
	Answer	**Question**
		is present one-half the hrs. the pharmacy is open or 32 hrs. /wk., whichever is less. (d) - system of inventory recordkeeping and control to detect any shortage or discrepancies of cs meds. (e) - control of all keys to pharmacy. (j) - written disaster plan. (k) - separate from the dispensing stock all drugs more than 6 months out of date.
27)	Satisfactory	21 NCAC 46.2504 (a) - effective communication of information to the patient(s). (b) - offer to counsel for all new and transfer prescriptions. (g) - Documentation of refusals.
28)	Satisfactory	21 NCAC 46.3001 (a) - policy/procedure for all out dated, improperly labeled, adulterated damaged or unwanted drugs or drug containers are destroyed or disposed.
29)	Satisfactory	21 NCAC 46.3301 (b) - Current registration of a pharmacy tech shall be readily available for inspection.
30)	Satisfactory	21CFR 1301.75 (b) - controlled substances listed in II, III, IV, and V shall be stored in a substantially constructed cabinet, or disbursed throughout the non-controlled substances
	Comments: Locked safe.	
31)	Satisfactory	21CFR 1304.04 (2)(h)(1) - inventories and records of Sch. I & II substances maintained separate from all other records (2)(h)(2)- paper prescriptions for Sch. II substances maintained in separate file.
32)	Satisfactory	21CFR 1304.11 (a) - complete/accurate inventory of all cs meds and maintained at the registered location. (c) - Biennial Inventory.
	Comments: Last biennial inventory completed on 7/1/24.	
33)	Not Applicable	21CFR 1305.05 (a) - power of attorney on file at registered location.
	Comments: PM is DEA registrant. The facility rarely orders C2s currently.	
34)	Not Applicable	21CFR 1305.12 (b) - purchaser shall record 1 item on each numbered line. (c) - name/address of supplier on form. Only 1 supplier on any form. (d)- DEA Form 222 properly signed and dated.
35)	Not Applicable	21CFR 1305.13 (e) - purchaser must record the number of commercial or bulk containers furnished on each item and dates on which the containers are received.
36)	Satisfactory	21CFR 1305.22 Procedure for filling electronic orders. (g) - purchaser receives shipment, purchaser must create a record of the quantity of each item received and date received. Record must be electronically linked to the original order and archived.
37)	Satisfactory	21CFR 1305.27 Preservation of electronic orders. (a) purchaser must, for each order filled, retain the original signed order and all linked records for that order for 2 years. Purchaser must also retain all copies of each unaccepted or defective order and each linked statement. (b) supplier must retain each original order filled and the linked records . (Note: 2yrs for Federal Law; 3yrs for NC Law) (c) If electronic order records are maintained on a central server, records must be readily retrievable at the registered location. (Note: 2yrs for Federal Law; 3yrs for NC Law)
38)	Satisfactory	21CFR 1306.05 (a) - all cs prescriptions shall bear full name and address of the patient along with date, drug, strength, dosage form, quantity, dirs. for use, and name, address and registration number of practitioner. (d) - computer generated prescription that is printed or faxed must be manually signed
39)	Satisfactory	21CFR 1306.08 (3)(b) - pharmacy may fill electronically transmitted prescription for a cs med provided the pharmacy complies with all requirements. A Sch. II order signed by the prac- titioner.
40)	Satisfactory	21CFR 1306.14 (a) - prescription vials labeled for Sch. II display pharmacy name and address, rx #, initial fill date, patient name, practitioner name, dirs. for use and any cautionary statements.
41)	Satisfactory	21CFR 1306.21 (a) - order for Sch. III, IV, or V that is a facsimile is signed by practitioner.
42)	Satisfactory	21CFR 1306.22 (b) - cs refills entered on a medication record or electronic record must be uniformly maintained and readily retrievable.
43)	Satisfactory	21CFR 1306.24 (a) - prescription vials labeled for Sch. III, IV, or V display pharmacy name and address, rx #, initial fill date, patient name, practitioner name, dirs. for use and any cautionary statements.
44)	Not Applicable	21CFR 1306.26 (b) - not more than 8oz. of any cs containing opium, nor more than 4oz. of any other cs; not more than 48 dosage units of any such cs containing opium, nor more than 24 dosage units of any other such cs to the same purchaser in any 48-hr. period. (c) - purchaser at least 18 yoa (d) - furnish suitable ID (e) - maintain log containing name and address of purchaser, name and qty. of cs, date of purchase, name or initials of RPh. who dispensed the substance.
45)	Satisfactory	21CFR 1311.10 Eligibility to obtain a CSOS digital certificate. (a) - person who signed the most recent DEA registration application or renewal application and a person authorized to sign a registration application (b)

General Pharmacy Regulations		
	Answer	**Question**
		person granted power of attorney by a DEA registrant to sign orders for one or more schedules of controlled substances.
46)	Satisfactory	21CFR 1311.30 Requirements for storing and using a private key for digitally signing orders. (a) - Only the certificate holder may access or use his or her digital certificate and private key. (b) - The certificate holder must provide FIPSapproved secure storage for the private key, as discussed by FIPS 140-2, 180-2, 186-2, and accompanying change notices and annexes, as incorporated by reference in §1311.08. (c) - A certificate holder must ensure that no one else uses the private key. While the private key is activated, the certificate holder must prevent unauthorized use of that private key.
47)	Satisfactory	21CFR 1311.35 Number of CSOS digital certificates needed. A purchaser of Schedule I and II controlled substances must obtain a separate CSOS certificate for each registered location for which the purchaser will order these controlled substances.
48)	Satisfactory	21CFR 1311.60 Recordkeeping. (a) - supplier and purchaser must maintain records of CSOS electronic orders and any linked records for 2 years. Records may be maintained electronically. Records regarding controlled substances that are maintained electronically must be readily retrievable from all other records. (Note: 2yrs for Federal Law; 3yrs for NC Law) (b) - Electronic records must be easily readable or easily rendered into a format that a person can read. Must be made available to the Administration upon request. (c) - CSOS certificate holders must maintain a copy of the subscriber agreement that the Certification Authority provides for the life of the certificate.

Section A: OCCASIONAL BASIC NON-STERILE COMPOUNDING:		
	Answer	**Question**
1)	Satisfactory	Occasional Basic Non-Sterile Compounding means combining one or more conventionally manufactured products pursuant to an individual prescription on an occasional basis. This includes but is not limited to: Magic Mouthwash, GI Cocktail, creams or ointments using only conventionally manufactured products. Documentation includes the following:
2)	Satisfactory	a) Official name, strength, and dosage of preparation.
3)	Satisfactory	b) Name and quantities of all components.
4)	Satisfactory	c) Sources, lot numbers, and expiration dates of components.
5)	Satisfactory	d) Name of the person who compounded and the person who verified the preparation.
6)	Satisfactory	e) Date preparation.
7)	Satisfactory	f) Assigned BUD.
8)	Satisfactory	g) Description of final preparation.
9)	Satisfactory	h) Description of Compounding Steps

Section B: PERSONNEL TRAINING AND EVALUATION:		
	Answer	**Question**
1)	Satisfactory	Facility has a written SOP for knowledge and competency of core skills.
2)	Satisfactory	Personnel are able to demonstrate knowledge of principles and competency of skills for performing non-sterile manipulations that include:
3)	Satisfactory	a) Hand hygiene
4)	Satisfactory	b) Garbing
5)	Satisfactory	c) Cleaning and sanitizing
6)	Satisfactory	d) Handling and transporting components and CNSPs
7)	Satisfactory	e) Measuring and mixing
8)	Satisfactory	f) Proper use of equipment and devices used to compound CNSPs
9)	Satisfactory	g) Documentation of the compounding process (e.g., master formulation and compounding records)
10)	Satisfactory	Steps in the training procedure must include:
11)	Satisfactory	a) Read and understand USP<795>, all referenced standards, and other relevant literature.
12)	Satisfactory	b) Understand and interpret Safety Data Sheets (SDSs) and Certificates of Analysis (COAs).

Section B: PERSONNEL TRAINING AND EVALUATION:

	Answer	Question
13)	Satisfactory	c) Read and understand facility compounding procedures related to staff duties.
14)	Satisfactory	All personnel who conduct compounding activities or have direct oversight must be trained in the facility's SOPs.
15)	Satisfactory	Initial and annual training documentation present for compounding personnel observed and verified by Designated Person(s) or Assigned Trainer(s).
16)	Satisfactory	Proficiency and competency demonstrated every twelve (12) months. Any deficiencies identified must be addressed, corrective actions applied, and documented.

Section B HD: USP <800> TRAINING PROGRAM

	Answer	Question
1)	Satisfactory	USP<800>: Facility has a written HD Training Program which includes:
2)	Satisfactory	a) Review of facility's HD list and their assessment of risks.
3)	Satisfactory	b) Review of facility's SOPs related to HDs. SOPs must be reviewed every twelve (12) months and must be documented in accordance with this chapter, OSHA standard (1910.120) and other applicable laws and regulations.
4)	Satisfactory	c) Proper receiving, handling, and storage of HDs.
5)	Satisfactory	d) Proper Use of PPE.
6)	Satisfactory	e) Proper use of equipment and devices (e.g. engineering controls).
7)	Satisfactory	f) Response to HD exposure – known or suspected.
8)	Satisfactory	g) Spill Management.
9)	Satisfactory	h) Proper disposal of HDs and trace-contaminated materials.
10)	Satisfactory	Initial and annual training documentation present for all personnel who handle HDs observed and verified by Designated Person or Assigned Trainer.
11)	Satisfactory	Proficiency and competency demonstrated every twelve (12) months.
12)	Satisfactory	Personnel of reproductive capability must confirm in writing that they understand the risk of handling HDs.
13)	Satisfactory	Qualified Personnel must be available for spill management at all times while HDs are handled.

Section C: PERSONAL HYGIENE AND GARBING:

	Answer	Question
1)	Satisfactory	Prior to entering a compounding area, staff:
2)	Satisfactory	a) Removes personal outer garments (e.g., bandanas, coats, hats, jackets, sweaters, vests).
3)	Satisfactory	b) Removes all hand, wrist, and other exposed jewelry including piercings.
4)	Satisfactory	c) Not wear earbuds or headphones.
5)	Satisfactory	Garbing requirements and order of donning and doffing must be documented in facility SOPs.
6)	Satisfactory	Hand Hygiene: wash hands and forearms up to the elbows, for at least 30 seconds, using soap and water.
7)	Satisfactory	Reusable garb (e.g. goggles) should be cleaned and sanitized with 70% IPA before each use.

Section C HD: USP <800>: Personal Protective Equipment:

	Answer	Question
1)	Satisfactory	Facility has written SOPs for PPE use based on risk of exposure and activities performed that include:
2)	Satisfactory	a) Receipt
3)	Satisfactory	b) Storage
4)	Satisfactory	c) Transport
5)	Satisfactory	d) Compounding (sterile and nonsterile)
6)	Satisfactory	e) Deactivation/decontamination, cleaning, and disinfecting
7)	Satisfactory	f) Spill control

Section C HD: USP <800> Personal Protective Equipment:		
	Answer	**Question**
8)	Satisfactory	g) Waste disposal
9)	Satisfactory	h) Contaminated clothing must not go home under any circumstances
10)	Satisfactory	Two pairs of powder free chemotherapy gloves (ASTM D6978 or successor) must be used when compounding.
11)	Satisfactory	Changed every thirty (30) minutes, according to manufacturer recommendation, torn, punctured, or suspected contamination.
12)	Satisfactory	Hands must be washed with soap and water after doffing gloves.
13)	Satisfactory	Coated disposable gowns that are impermeable to liquids.
14)	Satisfactory	a) Open in back.
15)	Satisfactory	b) Long sleeved with cuffs.
16)	Satisfactory	c) Changed per manufacturer's information or every two (2) to three (3) hours.
17)	Satisfactory	Head, hair and shoe covers that:
18)	Satisfactory	a) Protect against HDs.
19)	Satisfactory	b) Second pair of shoe covers donned before entering C-SEC and doffed before exiting C-SEC.
20)	Satisfactory	Goggles:
21)	Satisfactory	a) Worn when risk for spill or splashes outside of a C-PEC.
22)	Satisfactory	b) Best practice – goggles with face shield.
23)	Satisfactory	Respiratory protection:
24)	Satisfactory	a) Fit-tested NIOSH certified N-95 respirator – sufficient but offers not protection from gases and vapors or direct splash.
25)	Satisfactory	b) Evidence of fit testing for workers of N95 mask or other respirator by an occupational health practitioner.
26)	Satisfactory	c) Full face-piece chemical cartridge respirator or Powered Air-Purifying Respirator (PAPR) should be worn when there is a risk of respiratory exposure to HD.
27)	Satisfactory	Gloves and sleeve covers in C-PEC – removed and discarded in container or sealed bag before exiting C-PEC.
28)	Satisfactory	All waste disposed of accordance with local, state and federal regulation.

Section D: BUILDING AND FACILITIES:		
	Answer	**Question**
1)	Satisfactory	Area is specifically designated for non-sterile compounding & method of designation is identified in facility SOP.
2)	Satisfactory	Compounding space is well lighted.
3)	Satisfactory	Clean, orderly, sanitary, in good repair. It allows for orderly placement of equipment and minimizes cross-contamination.
4)	Satisfactory	Temperatures monitored daily and documented on temperature log. Documentation from electronic recording device must be retrievable.
5)	Satisfactory	Temperature monitoring equipment is calibrated or verified per manufacturer recommendation (or every 12 months if not specified).
6)	Satisfactory	Compounding components, equipment, and containers are stored off the floor to prevent contamination and promote cleaning.
7)	Satisfactory	Sink with hot and cold water is easily accessible.
8)	Satisfactory	Sink is emptied of all items not related to compounding & cleaned when visibly soiled.
9)	Satisfactory	Plumbing system free of defects that could contribute to the contamination of any CNSP.

Section D HD: USP <800> FACILITIES & ENGINEERING CONTROLS:		
	Answer	**Question**
10)	Satisfactory	HD Handling areas located away from breakrooms, refreshment areas for personnel, patients, or visitors.
11)	Satisfactory	Designated areas for: receipts & unpacking of HD in neutral or negative pressure relative to surrounding areas.

Section D HD: USP <800> FACILITIES & ENGINEERING CONTROLS:		
	Answer	**Question**
12)	Satisfactory	All HD API's and HDs requiring manipulation other than counting/repackaging of final dosage forms or reconstitution according to the manufacturer's directions in the FDA approved labeled stored in externally vented, negative pressure with 12ACPH (Non-antineoplastic, reproductive risk only, may be stored with other inventory if facility policy & Assessment of Risk allows).
13)	Satisfactory	HDs stored off the floor in a manner that prevents spillage or container breakage in negative pressure with 12 ACPH. (e.g low to the floor; use of resealable plastic bag if appropriate for small container, etc).
14)	Satisfactory	C-SEC where compounding activities occur and storage area for HDs is externally vented, physically separated, has minimum 12 ACPH, and negative pressure 0.01-0.03 in water column relative to adjacent areas.
15)	Satisfactory	Facility has signs and spill kits readily available to identify and contain spills.

Section E: CLEANING AND SANITIZING:		
	Answer	**Question**
1)	Satisfactory	Work surfaces and floors are cleaned and sanitized at the beginning of each shift on days compounding occurs, after spills, and when contamination is known or suspected.
2)	Satisfactory	Walls are visible soiled, after spills, and when contamination known or suspected.
3)	Satisfactory	Ceilings cleaned and sanitized when visibly soiled or contaminated.
4)	Satisfactory	Storage areas cleaned and sanitized quarterly.
5)	Satisfactory	Cleaning and sanitizing agents must be selected and used with consideration of compatibilities, effectiveness, and to minimize the potential to leave residues. If performed as separated steps, cleaning occurs prior to sanitizing.

Section E HD: USP <800> DEACTIVATING, DECONTAMINATING, CLEANING, DISINFECTING:		
	Answer	**Question**
1)	Satisfactory	Reusable equipment and areas are deactivated, decontaminated, and cleaned according to facility's written procedures.
2)	Satisfactory	Procedures include agents used, dilutions (if applicable), frequency, and documentation requirements.
3)	Satisfactory	Agents used are compatible with facility surfaces and appropriate for the documented task(s) (List Agents used).
5)	Satisfactory	C-PEC Deactivation, decontamination, and cleaning occurs daily and is documented.
5)	Satisfactory	Underside of C-PEC work tray is deactivated and decontaminated, cleaned at least monthly and is documented.

Section F: EQUIPMENT AND COMPONENTS:		
	Answer	**Question**
Equipment:		
1)	Satisfactory	Equipment and supplies are suitable for the specific compounding process. Must not be reactive, additive, sorptive, or alter quality of non-sterile preparations. Storage prevents risk of contamination
2)	Satisfactory	Equipment and devices used in compounding or testing compounded preparations are inspected before use and verified for accuracy per manufacturer recommendation or every 12 months, whichever is more frequent
3)	Satisfactory	Equipment is cleaned after each preparation to prevent cross-contamination
4)	Satisfactory	Weighing, measuring, and manipulating components that could generate airborne particles is assessed to determine if the activity requires closed system processing device (e.g. CVE, BSC, or single-use containment glove bag). Must be documented.
5)	Satisfactory	CVE or BSC is certified at least every 12 months
6)	Satisfactory	CVE is cleaned and sanitized at the beginning and end of each shift, between compounds with different components, after spills, and when contamination is suspected.
7)	Satisfactory	Equipment and devices are cleaned and sanitized before use, and between compounds using different components.
Components:		
8)	Satisfactory	Compounding personnel follow SOP that addresses the selection, receipt, evaluation, handling, storage, and documentation of all CNSP components, including ingredients, containers, and closures.
9)	Satisfactory	CNSP components meet the following criteria:

Section F: EQUIPMENT AND COMPONENTS:

	Answer	Question
10)	Satisfactory	a) An active ingredient in an FDA approved drug
11)	Satisfactory	b) Comply with an applicable USP-NF monograph if one exists:
12)	Satisfactory	c) Have a COA that includes specifications and testing results.
13)	Satisfactory	d) Obtained from a registered FDA facility or selected from a acceptable reliable source.
14)	Satisfactory	Certificates of Analysis (COA) are examined at the time of receipt of the API. Information from the COA is noted and used as appropriate in the compounding process to ensure quality compounds.
15)	Satisfactory	The receipt date, quantity received, supplier name, lot number, expiration date, and any in-house or third-party testing performed must be documented for all components.
16)	Satisfactory	Components are examined for deterioration and other aspects of unacceptable quality when received and re-inspected before use.
17)	Satisfactory	Unacceptable components are clearly labeled and segregated for disposal.
18)	Satisfactory	Date of receipt is marked or added on each API that lacks expiration date. An conservative expiration date that does not exceed 3 years is noted on API packaging.
19)	Satisfactory	Components stored under appropriate conditions according to manufacture requirements.
20)	Satisfactory	Facility maintains SDS and updates chemical hazard & disposal information every 12 months.
21)	Satisfactory	Waste is disposed in accordance with applicable laws & regulations (e.g. USP 800, EPA, OSHA, etc).

Section F HD: USP <800> EQUIPMENT AND COMPONENTS

	Answer	Question
1)	Satisfactory	USP <800>: C-PEC used for compounding HD CNSP is externally vented to the outside or has a redundant HEPA filter in series. The C-PEC is placed within the C-SEC under negative pressure.

Section G: MASTER FORMULATION AND COMPOUNDING RECORD:

	Answer	Question
Master Formulation Record:		
1)	Satisfactory	Master Formulation Record created for each unique formulation CNSP.
2)	Satisfactory	The Master formulation record includes name, strength, activity, and dosage form of CNSP.
3)	Satisfactory	Identities and amounts of all components.
4)	Satisfactory	Container Closure system
5)	Satisfactory	Complete instructions for preparing the CNSP, including:
6)	Satisfactory	Equipment
7)	Satisfactory	Supplies
8)	Satisfactory	Description of compounding steps
9)	Satisfactory	Physical description for expected appearance of final CNSP.
10)	Satisfactory	Assigned BUD and storage requirements with referenced sources.
11)	Satisfactory	Calculation to determine and verify quantities and/or concentration of components.
12)	Satisfactory	Labeling requirements
13)	Satisfactory	QC procedures and expected results (pH testing, visual inspection)
14)	Satisfactory	Other information needed to describe the compounding process (ie: adjusting pH and temperature, adjustment for assay, loss on drying of or waters of hydration of the API.)
15)	Satisfactory	Source for stability-indicating study or USP monograph that allows extension of BUDs beyond <795> defaults. Make sure they are performing all required tests in the USP Compounded Preparation Monograph. (e.g. pH).
16)	Satisfactory	Any changes or alterations to the MFR must be approved and documented according to facility's SOP.
Compounding Record:		
17)	Satisfactory	Compounding Record includes name, strength, activity, and dosage form of CNSP.

Section G: MASTER FORMULATION AND COMPOUNDING RECORD:

	Answer	Question
18)	Satisfactory	Date and time of preparation of the CNSP.
19)	Satisfactory	Assigned identification number (Rx number, Lot number, order number, etc).
20)	Satisfactory	Identity of personnel involved in compounding and verifying the CNSP.
21)	Satisfactory	Name, vendor or manufacturer, lot number, and expiration date of each component.
22)	Satisfactory	Weigh or measurement of each component.
23)	Satisfactory	Total quantity compounded.
24)	Satisfactory	Assigned BUD and storage requirements.
25)	Satisfactory	Physical description of appearance for final CNSP.
26)	Satisfactory	QC results (pH testing and visual inspection).
27)	Satisfactory	Master Formulation Reference.

Section H: RELEASE INSPECTION:

	Answer	Question
1)	Satisfactory	1. CNSP visually inspected to determine physical appearance meet expectations.
2)	Satisfactory	2. Checks, inspections, and test conducted in accordance to the Master Formulation Record.
3)	Satisfactory	3. Checks, inspections, and test documented in Compounding Record.
4)	Satisfactory	4. Pre-Release inspection includes visual inspection of container closure integrity (ie: check of leakage, cracks, or improper packaging).
5)	Satisfactory	5. Inspection confirm the CSNP and its label match Compounding Record and prescription order.

Section I: LABELING:

	Answer	Question
1)	Satisfactory	Labeling for each CNSP contains at minimum:
2)	Satisfactory	a) Identification number (ie: prescription number, lot number, barcode).
3)	Satisfactory	b) Active components, amounts, activities, or concentrations (no abbreviations).
4)	Satisfactory	c) Dosage form.
5)	Satisfactory	d) Amount or volume in each container.
6)	Satisfactory	e) Storage condition if other than controlled room temperature.
7)	Satisfactory	f) Beyond Use Date.
8)	Satisfactory	g) Route of administration.
9)	Satisfactory	h) Indication that the preparation is compounded.
10)	Satisfactory	i) Any special handling instructions.
11)	Satisfactory	j) Any warning statements if applicable.
12)	Satisfactory	k) Name, address, and contact information of the compounding facility if the CNSP is to be sent outside of a healthcare facility.
13)	Satisfactory	l) Compounded medications for Veterinary application labeled to indicate "Veterinary Use".
14)	Satisfactory	Labeling procedures followed as described in facility SOP to prevent mix-ups and errors.
15)	Satisfactory	Label verified to ensure it conforms to prescription/medication order, MFR, and compounding record.

Section I HD: USP <800>

	Answer	Question
1)	Satisfactory	HD handling precautions must be clearly labeled at all times during transport.
2)	Satisfactory	Personnel ensure that the labeling process for compounded preparation do not introduce contamination into the non-HD areas.

Section J: ESTABLISHING BEYOND USE DATING:

	Answer	Question
Parameters for Establishing a BUD:		
1)	Satisfactory	The chemical and physical stability properties of the API and any added substance in the preparation (e.g. if the API and added substance in the preparation are known to degrade over time and/or under certain storage conditions, which would reduce strength and/or produce harmful impurities).
2)	Satisfactory	The compatibility of the container closure system with the finished preparation (e.g. leachables, interactions, adsorption, and storage conditions.
3)	Satisfactory	Degradation of the container closure system, which can lead to reduction in integrity of the CNSP.
4)	Satisfactory	The potential for microbial proliferation in the CNSP.
BUD limits in absence of a USP-NF Compound monograph or specific stability information or BUDs that are known to be shorter due to instability:		
5)	Satisfactory	Non-preserved aqueous (water activity greater than 0.60) dosage form BUD is 14 days refrigerated.
6)	Satisfactory	Preserved aqueous dosage form BUD is 35 days at controlled room temperature or refrigerated.
7)	Satisfactory	Nonaqueous dosage form (water activity less than 0.6) BUD is 90 days at controlled room temperature or refrigerated.
8)	Satisfactory	Solid dosage forms BUD is 180 days at controlled room temperature or refrigerated.
Shorter Beyond Use Dates:		
9)	Satisfactory	If the API or any other components in the CNSP have an expiration date that is earlier than the BUD that could be assigned in the absence of a USP-NF compounded preparation monograph or CNSP- specific stability information., the expiration date supersedes the BUD and must be the assigned shortest date.
10)	Satisfactory	If the CNSP includes components from conventionally manufactured products, the BUD of the CNSP must not exceed the shortest remaining expiration date of any of those products.
11)	Satisfactory	If the CNSP includes components from other compounded preparations, the BUD of the final CNSP must not exceed the shortest remaining BUD of any of those compounded preparations.
12)	Satisfactory	If the formulation is known to require a shorter BUD.
Extended Beyond Use Dates:		
13)	Satisfactory	If there is a USP-NF compounded preparation monograph for the CNSP, the BUD must not exceed the BUD specified in the monograph.
14)	Satisfactory	The BUD for aqueous dosage forms and nonaqueous dosage forms may be extended up to a maximum of 180 days if there is a stability study (Stability indicating assay USP <1163> Potency over time not acceptable).
15)	Satisfactory	Aqueous formulations that are extended must be tested for antimicrobial effectiveness (USP<51>).
16)	Satisfactory	When using peered reviewed source compounding process must follow all aspects documented in source to include exact ingredients and container closures and tests performed.

Section K: QUALITY ASSURANCE AND QUALITY CONTROL

	Answer	Question
1)	Satisfactory	Facility has written SOP Quality Assurance and Quality Control Program for non-sterile compounding procedures. The Program must be able to identity the following:
2)	Satisfactory	a) That procedures were followed
3)	Satisfactory	b) Prevention and Detection of Errors and other quality problems.
4)	Satisfactory	c) Evaluation of Complaints and Adverse Events with documentation.
5)	Satisfactory	d) Appropriate Investigations and Corrective Actions
6)	Satisfactory	Facility has a designated person(s) responsible for QA and QC program for non-sterile compounding.
7)	Satisfactory	Designated QA and QC person has documented training for non-sterile compounding.
8)	Satisfactory	QA and QC program reviewed annually and documented.

Section L. CNSP PACKAGING AND TRANSPORTING

	Answer	Question
1)	Satisfactory	SOP for packaging CNSPs.
2)	Satisfactory	Materials used for packaging maintain physical and chemical integrity and stability of the CNSPs.

Section L. CNSP PACKAGING AND TRANSPORTING

	Answer	Question
3)	Satisfactory	Materials used for packaging protect the CNSPs from damage, leakage, contamination, and degradation.

Section L HD: USP <800>

	Answer	Question
1)	Satisfactory	Packaging materials must protect the healthcare worker from exposure.
2)	Satisfactory	Facility does not use pneumatic tubes to transport HDs.

Section M: COMPLAINT HANDLING AND ADVERSE EVENT REPORTING:

	Answer	Question
1)	Satisfactory	Facility has an SOP for Complaint handling and adverse Event reporting.
1)	Satisfactory	The compounding record permits traceability, and the facility can initiate recall.
2)	Satisfactory	Facility has a designated person who is responsible for reviewing complaints to determine if the complaint indicates a potential quality problem with CNSP.
3)	Satisfactory	Facility does an investigation into the complaint if a quality problem is identified.
4)	Satisfactory	Facility has a readily retrievable record-keeping system of all complaints with CNSPs that include
5)	Satisfactory	a) name of patient,
6)	Satisfactory	b) prescription number,
7)	Satisfactory	c) name and strength of CNSP,
8)	Satisfactory	d) date of complaint,
9)	Satisfactory	e) nature of complaint,
10)	Satisfactory	f) results of the investigation and follow up.

Section B: PERSONNEL TRAINING AND EVALUATION:

	Answer	Question
Demonstrate Knowledge and Competency of Core Skills		
1)	Satisfactory	Facility has a written SOP for knowledge and competency of core skills. Personnel are able to demonstrate knowledge of principles and competency of skills for performing sterile manipulations that include:
2)	Satisfactory	a) Hand hygiene
3)	Satisfactory	b) Garbing
4)	Satisfactory	c) Cleaning and disinfection
5)	Satisfactory	d) Calculations, measuring, and mixing
6)	Satisfactory	e) Aseptic technique
7)	Satisfactory	f) Achieving and/or maintaining sterility and apyrogenicity
8)	Satisfactory	g) Use of equipment
9)	Satisfactory	h) Documentation of the compounding process (e.g., master formulation and compounding records)
10)	Satisfactory	i) Principles of high-efficiency particulate air (HEPA)-filtered unidirectional airflow within the ISO Class 5 area
11)	Satisfactory	j) Proper use of primary engineering controls (PECs)
12)	Satisfactory	k) Principles of movement of materials and personnel within the compounding area
13)	Satisfactory	Documentation present for initial training and competency assessment of skills for compounding personnel or personnel who have direct oversight.
14)	Satisfactory	Documentation present for training and competency completed every 12 months.
15)	Satisfactory	Documentation present for training and competency for any other personnel accessing the compounding area (e.g cleaning staff/companies).
Garbing and Hand Hygiene Competency		
16)	Satisfactory	Facility has SOP for Garbing and Hand Hygiene Competency which includes procedures, documentation,

Section B: PERSONNEL TRAINING AND EVALUATION:		
	Answer	**Question**
		incubation, and interpreting results.
17)	Satisfactory	Garbing and Hand Hygiene Competency (Gloved Fingertip Testing) observed and documented for compounding personnel or personnel who have direct oversight initially in the classified area or Segregated Compounding Area (SCA).
18)	Satisfactory	Hand Hygiene, Garbing, and Gloved Fingertip Testing is completed three (3) separate times in succession.
19)	Satisfactory	All failures of Gloved Fingertip Testing documented along with corrective action taken that includes retesting the entire process.
20)	Satisfactory	Documentation must include:
21)	Satisfactory	a) Name of the person evaluated.
22)	Satisfactory	b) Evaluation date/time.
23)	Satisfactory	c) Manufacturer, lot, and expiration numbers of media and components used.
24)	Satisfactory	d) Incubation temperature intervals (30-35 degrees C for first 48 hours 20-25 degrees C for no less than 5 days) .
25)	Satisfactory	e) Dates of incubation.
26)	Satisfactory	f) Results.
27)	Satisfactory	g) Name of observer and the person who reads/documents the results.
28)	Satisfactory	All failures of Gloved Fingertip Testing documented along with corrective action taken that includes retesting the entire process.
29)	Satisfactory	Garbing and Gloved Fingertip observations and testing are completed every six (6) months in the classified areas or SCA.
Aseptic Manipulation Competency Testing		
31)	Satisfactory	Facility has SOP for Aseptic Manipulation Competency Testing which includes procedures, documentation, incubation, and interpreting results.
32)	Satisfactory	Aseptic Manipulation Competency which included observation, media fill testing, gloved fingertip testing, and surface sampling performed initially for compounding personnel or personnel who have direct oversight.
33)	Satisfactory	Testing simulates the most challenging compounding procedures.
34)	Satisfactory	Documentation includes:
35)	Satisfactory	a) Name of the person evaluated.
36)	Satisfactory	b) Evaluation date/time.
37)	Satisfactory	c) Manufacturer, lot, and expiration numbers of media and components used.
38)	Satisfactory	d) Incubation temperature intervals (20-25 degrees C for 7 days then 30-35 degrees C for 7 days).
39)	Satisfactory	e) Dates of incubation.
40)	Satisfactory	f) Results.
41)	Satisfactory	g) Name of observer and the person who reads/documents the results.
42)	Satisfactory	All failures of the Aseptic Manipulation Competency Testing documented along with corrective action taken that includes retesting the entire process.
43)	Satisfactory	Certificate of Analysis is present for commercial growth media.
44)	Satisfactory	In-house media demonstrates growth promotion in accordance with USP<71>.
45)	Satisfactory	Aseptic Manipulation Competency is completed every 6 months.

Section C: PERSONAL HYGIENE AND GARBING:		
	Answer	**Question**
1)	Satisfactory	Facility has written SOP on personal hygiene and garbing procedure logically based on location of hand hygiene sink (e.g. outside of ante room, dirty side of ante room, clean side of ante room).
2)	Satisfactory	Prior to entering a compounding area, staff:
3)	Satisfactory	a. Removes personal outer garments (e.g., bandanas, coats, hats, jackets, sweaters, vests).
4)	Satisfactory	b. Removes all cosmetics because they shed flakes and particles.

Section C: PERSONAL HYGIENE AND GARBING:

	Answer	Question
5)	Satisfactory	c. Removes all hand, wrist, and other exposed jewelry including piercings. Cover any jewelry that cannot be removed.
6)	Satisfactory	d. Not wear earbuds or headphones.
7)	Satisfactory	e. Not bring electronic devices that are not necessary for compounding or other required tasks into the compounding area.
8)	Satisfactory	f. Keep nails clean and neatly trimmed to minimize particle shedding and avoid glove punctures. Nail products (e.g. polish, artificial nails, and extenders) must not be worn.
9)	Satisfactory	g. Wipe eyeglasses, if worn
10)	Satisfactory	h. Documentation by designated person for any permissible excursion that do not compromise the quality of the classified environment.
11)	Satisfactory	Hand Hygiene:
12)	Satisfactory	a. Wash hands and forearms up to the elbows, for at least 30 seconds, using soap containers that cannot be refilled.
13)	Satisfactory	b. Use of nail picks.
14)	Satisfactory	c. No scrub brush used in hand hygiene.
15)	Satisfactory	d. Dry hands and elbows using low-lint towels or wipes (no hand dryers).
16)	Satisfactory	e. Hands sanitized with alcohol based hand rub.
17)	Satisfactory	Facility SOPs for hand hygiene/garbing address cleanroom suite sink placement
18)	Satisfactory	Facility has SOP for garbing order and garbing materials.
19)	Satisfactory	Garbing materials if Category 1 or 2 include
20)	Satisfactory	a. Face mask and Beard cover, if applicable.
21)	Satisfactory	b. Low-lint garb such as gowns/coveralls, disposable covers for shoes, head, and facial hair.
26)	Satisfactory	Gloves must be powder free and sterile, donned inside SCA or Classified area.
27)	Satisfactory	a. Sterile 70% IPA applied regularly throughout the compounding process.
28)	Satisfactory	RABS (CACI and CAI) – Disposable gloves worn inside gloves attached to RABS sleeves, and sterile gloves donned over gloves attached to RABS.
29)	Satisfactory	RABS sleeves changed per manufacturers' recommendations/SOPs.

Section D: FACILITIES AND ENGINEERING CONTROLS:

	Answer	Question
Segregated Compounding Area (SCA)		
1)	Satisfactory	The SCA and all surfaces in the SCA are clean, uncluttered, and dedicated to compounding.
2)	Satisfactory	Surfaces are smooth, impervious, free from cracks and crevices, easily cleanable, and resistant to damage from cleaning and disinfecting agents.
3)	Satisfactory	SCA is located away from unsealed windows and doors that connect to the outside and away from high-traffic flow areas. Must not be near restrooms, warehouses, or food preparation areas.
4)	Satisfactory	SCA has a visible perimeter.
5)	Satisfactory	SCA is clear of free-standing humidifiers/dehumidifiers or air conditioners .
6)	Satisfactory	Sink located more than 1 meter from PEC .
Cleanroom Suite (Buffer and Ante Rooms)		
7)	Not Applicable	ISO-classified Anterooms and buffer rooms are separated from unclassified areas by fixed walls, doors, etc.
8)	Not Applicable	Buffer room maintains at least ISO 7 air quality.
9)	Not Applicable	Anteroom providing access to a positive pressure ISO 7 buffer room maintains at least ISO 8.
10)	Not Applicable	Anteroom providing access to a negative pressure ISO 7 buffer room maintains at least ISO 7.
11)	Not Applicable	Primary Engineering Control (PEC) is located within ISO 7 positive pressure, provides unidirectional HEPA-filtered airflow, and maintains ISO 5 or better air quality during dynamic operating conditions.

Section D: FACILITIES AND ENGINEERING CONTROLS:		
	Answer	**Question**
12)	Not Applicable	Sterile compounding facilities are well-light and comfortable (USP<166>)
13)	Not Applicable	Temperature and Humidity are monitored and documented in each room of the cleanroom suite each day compounding is performed (should maintain 20 degrees C or cooler and relative humidity below 60% to provide comfortable conditions for personnel who are garbed).
14)	Not Applicable	Electronic documentation of Temperature and Humidity must be retrievable.
15)	Not Applicable	Temperature and Humidity readings reviewed per facility SOPs.
16)	Not Applicable	ISO-classified areas are clear of free-standing humidifiers/dehumidifiers or air conditioners
17)	Not Applicable	Air supplied to the cleanroom suite is introduced by HEPA filters located in the ceilings of ante and buffer rooms.
18)	Not Applicable	Air returns are located low on wall.
19)	Not Applicable	a. Visual smoke study demonstrates no stagnant airflow if returns are not located low on walls.
20)	Not Applicable	b. Visual smoke study and environmental monitoring is repeated when equipment placement is changed, HVAC alterations are made, or HEPA filters are changed .
21)	Not Applicable	All ISO classified rooms are equipped with pressure-differential monitoring, and electronic records are readily retrievable.
22)	Not Applicable	Room pressures are documented at least daily.
23)	Not Applicable	Room pressures are reviewed at least daily.
24)	Not Applicable	Minimum 0.02-inch water column positive pressure differential between buffer room and anteroom.
25)	Not Applicable	Pressure differential between anteroom and unclassified area not less than 0.02-inch water column .
26)	Not Applicable	Anteroom has a line of demarcation that indicates a clean side for garbing.
27)	Not Applicable	Procedures are in place to minimize the influx of lower-quality air ISO-classified areas.
28)	Not Applicable	Both doors of pass-throughs are not opened at the same time.
29)	Not Applicable	No tacky mats in ISO-classified areas.
30)	Not Applicable	If compounding both sterile and nonsterile preparations (e.g weighing and mixing):
32)	Not Applicable	a. PECs must be placed in separate rooms unless ISO 7 can be continuously maintained.
33)	Not Applicable	b. If in the same room, respective PECs for sterile and nonsterile must be 1 meter apart and no particle-generating activities occur during sterile compounding.
34)	Not Applicable	Surfaces of ceilings, walls, floors, doors, door frames, fixtures, shelving, worksurfaces, counters, and cabinets in classified areas are smooth, impervious, free from cracks and crevices, and non-shedding.
35)	Not Applicable	Anteroom does not contain a floor drain.
36)	Not Applicable	Buffer room does not include plumbed water sources (sinks, eye washes, showers or floor drains)
37)	Not Applicable	All surfaces are resistant to damage by cleaning agents, disinfectants, sporicidal agents, and tools used for cleaning.
38)	Not Applicable	Walls are constructed of or covered with durable material (e.g. epoxy painted walls, heavy-gauge polymers)
39)	Not Applicable	Junctures between ceilings and walls, and walls and floors are sealed to eliminate cracks and crevices.
40)	Not Applicable	Floors include coving to the sidewall or juncture between floor and wall is caulked
41)	Not Applicable	Ceiling panels caulked on all sides.
42)	Not Applicable	Dust-collecting overhangs, pipes, and/or ledges are minimized. All such areas are easily cleanable, and cleaning is documented.
Facilities Preparing CSPs from Nonsterile Ingredients/Components:		
43)	Satisfactory	Weighing and mixing before sterilization completed in ISO 8 or better environment (e.g. anteroom or buffer room) and in a single-use containment glove bag, containment ventilated enclosure (CVE), BSC, or CACI.
44)	Satisfactory	CVE, BSC, CACI used for weighing and mixing must be certified at least every six months.
45)	Satisfactory	Secondary engineering control used for weighing and mixing is certified under dynamic conditions.
Placement and Movement of Materials.		
46)	Satisfactory	Classified area or SCA contain only furniture, equipment, and materials necessary for compounding which are

Section D: FACILITIES AND ENGINEERING CONTROLS:		
	Answer	**Question**
		low-shedding, promote easy cleaning & disinfecting, and do not impact environmental air quality
47)	Satisfactory	Equipment removed from the classified area or SCA is cleaned and wiped with SIPA (or appropriate disinfectant) before returning to the area. (Should not be removed except for calibration, servicing, or required maintenance activity).
48)	Satisfactory	No cartons, corrugated cardboard, or uncoated cardboard in classified areas or SCA
49)	Satisfactory	Carts or equipment in classified areas are non-porous with cleanable casters and wheels. Carts do not cross to the opposite side of the line of demarcation unless the entire cart is cleaned and disinfected.
50)	Satisfactory	Only equipment necessary for compounding is located in the PEC. Placement is verified by a dynamic airflow smoke pattern test initially and repeated if the equipment is moved.

Section E: CERTIFICATION AND RECERTIFICATION:		
	Answer	**Question**
1)	Satisfactory	PEC is certified initially and every six months under dynamic conditions.
2)	Satisfactory	Certification report contains Airflow Testing, HEPA Filter Integrity Testing, Total Particle Count Testing, and Dynamic Airflow Smoke Pattern Test
3)	Satisfactory	Certification report contains Airflow Testing, HEPA Filter Integrity Testing, Total Particle Count Testing, Dynamic Airflow Smoke Pattern Test, and when applicable, manufacturer specifications.
4)	Satisfactory	All ISO Classified rooms and PECs are certified initially, at least every six months, and when changes occur (e.g. redesign, construction, relocation and/or replacement of PECs and any changes affecting airflow or air quality).
5)	Satisfactory	Airflow testing is performed and documented under dynamic operating conditions.
6)	Unsatisfactory	ISO 7 rooms maintain 30 ACPH or more during dynamic operating conditions.
		Comments: [illegible]
7)	Not Applicable	Minimum of 15 ACPH are supplied by HVAC via ceiling HEPA filters.
8)	Satisfactory	PEC used to meet minimum ACPH is not turned off except for maintenance (rooms & PEC must be recertified following maintenance).
9)	Not Applicable	Total ACPH, ACPH contributed from PEC, and ACPH from HVAC are documented in the certification report
10)	Not Applicable	ISO 8 rooms maintain 20 ACPH or more during dynamic operating conditions.
11)	Satisfactory	HEPA filter integrity testing is performed after installation and as part of recertification.
12)	Satisfactory	Total Particle Count Testing is performed under dynamic conditions using calibrated equipment.
13)	Not Applicable	ISO 8 less than or equal to 3,520,000
14)	Unsatisfactory	ISO 7 less than or equal to 352,000
		Comments: See #6.
15)	Satisfactory	ISO 5 less than or equal to 3,520
16)	Satisfactory	All sampling sites and procedures are documented in facility SOPs
17)	Satisfactory	Dynamic airflow smoke pattern tests performed in each PEC and demonstrated unidirectional airflow and sweeping action over & away from preparations (Video documentation required).
18)	Satisfactory	Number of personnel in PECs and SECs during total particle counts & dynamic smoke pattern tests are documented.
19)	Satisfactory	Certification and recertifications are reviewed by the designated person(s).
20)	Satisfactory	Corrective Action Plan is documented in response for out-of-range results. Corrective Actions are reviewed for effectiveness and documented.

Section F: MICROBIAL AIR AND SURFACE MONITORING:		
	Answer	**Question**

Section F: MICROBIAL AIR AND SURFACE MONITORING:		
	Answer	**Question**
1)	Satisfactory	Facility has developed and implemented written SOPs for microbiological air and surface monitoring
2)	Satisfactory	A diagram of sampling locations is included in SOP
3)	Satisfactory	Procedures for collecting samples included in SOP
4)	Satisfactory	Size of samples (e.g. surface area, volume of air) is defined in SOP
5)	Satisfactory	Time of day of sampling is included in SOP
6)	Satisfactory	CFUs are documented
7)	Satisfactory	Action limits are documented
8)	Satisfactory	The facility documents all microbiological air and surface monitoring test results
9)	Satisfactory	Results are reviewed along with personnel data to assess state of control and identify potential risks for contamination
10)	Satisfactory	Corrective action taken is documented in response to out-of-range results.
11)	Satisfactory	Corrective actions are reviewed for effectiveness when completed and documented.
12)	Satisfactory	Impaction samplers are serviced and calibrated as recommended by the manufacturer.
13)	Satisfactory	Facility has access to C of A for media used during sampling.
14)	Satisfactory	Facility personnel who perform sampling are trained and demonstrate competency in air and surface sampling .
Monitoring Air Quality for Viable Airborne Particles:		
15)	Satisfactory	Volumetric active air sampling is performed at least every six months in all classified areas (ISO 5 PEC, ISO 7 and 8 rooms) during dynamic operating conditions.
	[redacted]	
17)	Satisfactory	Volume of air sampled is 1 cubic meter (1000 L) for each sample location.
18)	Satisfactory	Action levels for Viable Airborne Particles Sampling:
19)	Satisfactory	a. greater than 1 CFU for ISO 5 PECs;
20)	Not Applicable	b. greater than 10 CFU for ISO 7 rooms;
21)	Not Applicable	c. greater than 100 CFU for ISO 8 rooms
22)	Satisfactory	CFUs exceeding action levels are identified to the genus level (USP <1113>) and corrective actions documented.
23)	Satisfactory	Results are reviewed and documented as described in facility SOPs.
24)	No	Does Facility Perform its own Viable Air Samples?
Monitoring Surfaces for Viable Particles.		
34)	Unsatisfactory	Surface sampling is performed at least monthly for all classified areas (ISO 5 PECs, ISO 7 and 8 rooms) and pass-throughs.
	[redacted]	
39)	Satisfactory	All sampling sites and procedures are described in facility SOPs.
40)	Satisfactory	Action Levels for Surface Sampling:
41)	Satisfactory	a. greater than 3 CFU for ISO 5 PECs;
42)	Not Applicable	b. greater than 5 CFU for ISO 7 rooms;
43)	Not Applicable	c. greater than 50 CFU for ISO 8 rooms.
44)	Satisfactory	CFU exceeding action levels are identified to the genus level (USP <1113>) and corrective action is documented.
45)	Satisfactory	Results are reviewed and documented as described in facility SOPs
46)	No	Does perform its own Viable Surface Sampling?

NORTH CAROLINA BOARD OF PHARMACY

Facility: Med Solutions Compounding Pharmacy
Address: 1365 Westgate Center Dr, F2
Winston-Salem, NC 27103
Permit Type: Pharmacy
Permit #: 10078
Re-Issue Date: 11/05/2025
Expiration Date: 12/31/2026
Pharmacy Manager: Hytham Mouna (#10340)

NC Law requires notification of address change within 30 days.

PLEASE NOTIFY BOARD OF NAME AND/OR ADDRESS CHANGE

Permit #: 10078

NORTH CAROLINA BOARD OF PHARMACY

2026 Pharmacy

This is to certify that

Med Solutions Compounding Pharmacy

doing business as

Med Solutions Compounding Pharmacy

1365 Westgate Center Dr, F2 Winston-Salem, NC 27103 Forsyth

Has been renewed for the year ending December 31st 2026, as required by law and is issued to the pharmacist-manager pursuant to the representations made in application therefore. The issuance of this renewal permit is not complete and the permit is not valid until countersigned in the space indicated below by the pharmacist-manager as represented in the application. THIS PERMIT CERTIFICATE MUST BE CONSPICUOUSLY DISPLAYED IN THE PHARMACY TO WHICH IT APPLIES. Pharmacy permits are not transferable and may be revoked for the causes specified in the Law and the Rules and Regulations of the Board.

Hytham Mouna (#10340)

RE: PHARMACY PERMIT VERIFICATION

This is to certify that the following was permitted in the state of North Carolina as a pharmacy:

Med Solutions Compounding Pharmacy

Permit Number: 10078

Issue Date: 05/05/2008

Expires: 12/31/2025

Registration Status: Active

Our files show no disciplinary action against this permit.

Wholesaler Application

Non-Refundable $1,000 Fee

Rev (08/17/2022)

Where is the facility located?	☑ Nevada ☐ Out-of-State

Type of Application (check applicable box)		Wholesaler Business Type (check applicable box)
☑ New Wholesaler ☐ Ownership Change* ☐ Name Change* ☐ Location Change* (in-state only)	* If making a change, provide current license number: WH _____	☐ Publicly Traded (complete sections 1, 2, 3, 4, 8, 9) ☐ Non-Publicly Traded (complete sections 1, 2, 3, 5, 8, 9) ☐ Partnership (complete sections 1, 2, 3, 6, 8, 9) ☑ Sole Owner (complete sections 1, 2, 3, 7, 8, 9)

Section 1: General Information

Facility Name: Elizbiz Limited Liability Company

Physical Address: [redacted]

City: Henderson State: NV Zip: [redacted]

Mailing Address (if different from physical address): _____

City: _____ State: _____ Zip: _____

Telephone: [redacted] Website: Elizbiz.com

Name of Designated Representative (DR): Elizabeth Gichanga

Licensing Company Email: gichangae@elizbiz.com DR Email: gichangae@gmail.com

Entities the Wholesaler will Serve (✓ all applicable)	Products to be Handled or Wholesaled (✓ all applicable)	Type of Wholesaling (✓ all applicable)
☐ Pharmacies	☐ Dangerous Drugs	☐ Manufacturer
☐ Practitioners	☐ Controlled Substances	☐ Repacker
☐ Hospitals	☑ Medical devices, equipment, supplies, gases	☐ Reverse Distributor
☑ Wholesalers	☐ Others:	☐ Warehouse
☐ Veterinarians		☐ Retail pharmacy wholesale distributor
☑ Others: government agencies, schools		☑ Others: government contracts

Section 2: History of Company	Yes	No
1. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been charged, or convicted of a felony or gross misdemeanor (including by way of a guilty plea or no contest plea)?		✓
2. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been denied a license, permit or certificate of registration?		✓
3. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been subject of an administrative action or proceeding relating to the pharmaceutical industry?		✓
4. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever been found guilty, pled guilty or entered a plea of nolo contendere to any offense federal or state, related to controlled substances?		✓
5. Has the corporation, any owner(s), shareholder(s) or partner(s) with at least 10% interest or partners with any interest, ever surrendered a license, permit or certificate of registration voluntarily or otherwise (other than upon voluntary close of a facility)?		✓

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-5, you have marked "YES" to in section 2 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # _____. Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
				N/A
Case #		Governing, licensing, Arresting Presiding Body/Agency/Court		
Reason/Charge				
Plaintiff/Defendant/Claimant/Respondent			Lawsuit/Arbitration/Bankruptcy	
Name of Business/Industry/Entity				

Provide explanation below:

Section 8: NABP Accreditation/FDA Registration	Yes	No
Is your company Drug Distributor or VAWD Accredited by NABP? If yes, provide:		✓
1. Copy of Certification 2. Copy of a bond in an amount of $25,000 made payable to the state of Nevada. This must be current to maintain a Nevada wholesaler registration. Complete the **Surety Bond form** at http://bop.nv.gov/Services/newapps/Business/.		
Is your company licensed as a Manufacturer by the FDA? If yes, provide:		✓
1. Copy of FDA registration 2. Copy of a bond in an amount of $25,000 made payable to the state of Nevada. This must be current to maintain a Nevada wholesaler registration. Complete the **Surety Bond form** at http://bop.nv.gov/Services/newapps/Business/.		

Section 9: Provide the following documents with your application based on your Business Type. Required documents are indicated by an "✓" on the right.	Publicly Traded	Non-publicly Traded	Partner-ship	Sole Owner
• **List of all Officers and Directors.**	✓	✓		
• **List the top four corporation shareholders and their percent ownership.**	✓			
• **List of all corporation shareholders and their percent ownership.**		✓		
• **List of all partners and their percent ownership.**			✓	
• **Certificate of Corporate Status or Certificate of Good Standing** obtained from the Secretary of State's Office in the State where the business is domiciled, dated within the last **12 months**.	✓	✓	✓	✓
• **Designated Representative form** must be completed by the Designated Representative. Access form at http://bop.nv.gov/Services/newapps/Business/		✓	✓	✓
• **Personal History Record Application** must be completed by each shareholder/stockholder/partner/owner owning more than 10% of the business stocks/shares. Access form at http://bop.nv.gov/Services/newapps/Business/		✓	✓	✓
• **Copy of DEA certificate if handling controlled substances** NA	✓	✓	✓	✓
• **Copy of current SEC 10K or 8K** (First 15 pages only)	✓			
• **List containing each employee, agent, independent contractor, consultant, guardian, personal representative, lender or holder of indebtedness of the applicant.**	✓	✓	✓	✓
• **Copy of your license, certification, permit or registration issued to your wholesaler business** from the regulatory board or licensing authority of the state or territory in which the wholesaler is located. **(REQUIRED FOR OUT-OF-STATE WHOLESALERS, if applicable)** NA	✓	✓	✓	✓
• [a]**Medical Devices, Equipment and Gases (MDEG) Administrator form** must be completed if the business will wholesale medical devices, equipment, supplies, gases, including hypodermic devices. (NAC 639.6957). Access form at https://bop.nv.gov/Services/newapps/Business/	✓	✓	✓	✓
• **If providing [a]Medical Devices, Equipment and Gases (MDEG), supply a copy of proof of insurance (NAC 639.6957).** The MDEG wholesaler shall maintain liability insurance of at least one million dollars ($1,000,000.00).	✓	✓	✓	✓

SECRETARY OF STATE

STATE OF NEVADA

CERTIFICATE OF EXISTENCE WITH STATUS IN GOOD STANDING

I, FRANCISCO V. AGUILAR, the duly qualified and elected Nevada Secretary of State, do hereby certify that I am, by the laws of said State, the custodian of the records relating to filings by corporations, non-profit corporations, corporations sole, limited-liability companies, limited partnerships, limited-liability partnerships and business trusts pursuant to Title 7 of the Nevada Revised Statutes which are either presently in a status of good standing or were in good standing for a time period subsequent of 1976 and am the proper officer to execute this certificate

I further certify that the records of the Nevada Secretary of State, at the date of this certificate, evidence **Elizbiz Limited Liability Company** as a DOMESTIC LIMITED-LIABILITY COMPANY (86) duly organized or formed and existing, or duly qualified or registered, as applicable, under and by virtue of the laws of the State of Nevada since 02/06/2023, and in good standing in this State.

I further certify that the above DOMESTIC LIMITED-LIABILITY COMPANY (86) has its formation or qualification document and no amendments on file in this office as of the date of this certificate.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the Great Seal of this State, at my office on 10/13/2025.

FRANCISCO V. AGUILAR
Secretary of State

SECRETARY OF STATE

STATE OF NEVADA

NEVADA STATE BUSINESS LICENSE

Elizbiz Limited Liability Company

Nevada Business Identification # NV20232691504
Expiration Date: 02/28/2026

In accordance with Title 7 of Nevada Revised Statutes, pursuant to proper application duly filed and payment of appropriate prescribed fees, the above named is hereby granted a Nevada State Business License for business activities conducted within the State of Nevada.
Valid until the expiration date listed unless suspended, revoked or cancelled in accordance with the provisions in Nevada Revised Statutes. License is not transferable and is not in lieu of any local business license, permit or registration.
License must be cancelled on or before its expiration date if business activity ceases. Failure to do so will result in late fees or penalties which, by law, cannot be waived.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the Great Seal of State, at my office on 01/22/2025.

PHARMACEUTICAL WHOLESALER SURETY BOND

Bond No. PB12409400386

Application/License No. _____

ELIZBIZ LIMITED LIABILITY COMPANY (Applicant/Principal), doing or intending to do business as a pharmaceutical wholesaler, whose address for purposes of service is [redacted] HENDERSON, NV [redacted] (Address of Applicant/Principal), as PRINCIPAL, and PHILADELPHIA INDEMNITY INSURANCE COMPANY (Surety Company), a corporation organized under the laws of the state of PENNSYLVANIA (State of Incorporation) and authorized to transact a general surety business in the State of Nevada, whose address for purposes of service is ONE BALA PLAZA SUITE 100 BALA CYNWYD, PA 19004-0950 (Address of Surety) as SURETY, are held and firmly bound unto the State of Nevada and to the Nevada State Board of Pharmacy for the penal sum of ONE HUNDRED THOUSAND DOLLARS ($100,000.00), for which payment we bind ourselves, our heirs, executors, administrators, successors and assigns jointly and severally, by these presents. This bond term shall become effective on NOVEMBER 7, 2025 (Effective Date).

WHEREAS, the provisions of Nevada Revised Statutes (NRS) 639.515 require that the Applicant/Principal file or have on file with the Nevada State Board of Pharmacy (Board) a bond in the sum of $100,000.00 payable to the Nevada State Board of Pharmacy and this bond is executed and tendered in accordance therewith. This bond secures payment of any administrative fines imposed by the Board pursuant to NRS 639.255 and any costs incurred by the Board regarding the license of Applicant/Principal that are impose pursuant to NRS 622.400 or 622.410 which the Applicant/Principal fails to pay.

THIS BOND is subject to the following conditions:

(1) This bond shall be deemed continuous in form and shall remain in full force and effect and shall run concurrently with the license period for which the license is granted and each and every succeeding license period or periods for which said Applicant/Principal may be licensed, after which liability hereunder shall cease except as to any liability or indebtedness therefore incurred or accrued hereunder.
(2) This bond is executed by the Applicant/Principal and the Surety to comply with the provisions of NRS 639.515 and said bond shall be subject to all of the terms and provisions thereof.
(3) The Surety, its successors and assigns, are jointly and severally liable on the obligations of the bond.
(4) The limitations of the liability of the Surety and the conditions of the bond are set forth in NRS
639.515. Any claim by the Board may be made directly to the Surety and need not be preceded by the filing of any action in a proper court. Payment of any such claim shall be payable to the Nevada State Board of Pharmacy.
(5) The aggregate liability of the Surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.
(6) This bond may not be cancelled by the Surety without first giving the Board written notice at least thirty days in advance of any intent to cancel the bond.
(7) The Applicant/Principal and Surety may be served with notices, papers and other documents at the addresses given above.

I certify or declare under penalty of perjury, under the laws of the State of Nevada, that I have executed the foregoing bond on behalf of the Surety under an unrevoked power of attorney.

In witness whereof, each party to this bond has caused it to be executed on this 10TH day of NOVEMBER, 2025.

Section 8: Personal and Professional History	Yes	No
1. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓
2. Have you been charged, arrested or convicted of a felony or misdemeanor in any state?		✓
3. Have you been the subject of a board citation or an administrative action whether completed or pending in any state? Include all public or private actions against a professional license, not limited to a suspension, revocation, surrender or other discipline.	✓	

Please use and make copies of this page (if necessary) to provide information as requested below regarding any questions, 1-3, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 3 **Provide all the following *where applicable*:**

Date of Event/Arrest	Disposition Date	State	City	County
9/02/2020	3/24/2021	NV	Henderson	Clark
Case #		**Governing, licensing, Arresting Presiding Body/Agency/Court**		
202009037		Nevada State Board of Nursing		
Reason/Charge				
Allegations stated that I may have violated nursing statutes and/or regulations.				
Plaintiff/Defendant/Claimant/Respondent		**Lawsuit/Arbitration/Bankruptcy**		
Nevada State Board of Nursing / Elizabeth Gichanga				
Name of Business/Industry/Entity				
Henderson Hospital				

Provide explanation below:

The Henderson Hospital in Henderson, Nevada, submitted a complaint against me to the Nevada State Board of Nursing. The complaint was regarding my nursing practice related to an incident where a patient was found unresponsive while I was working at the hospital on September 2nd 2020. The allegations stated that I may have violated statutes and/or regulations including but not limited to unprofessional conduct, and/or failing to observe/report, customary stands of practice, and /or causing harm to a patient. Following the investigation, the board said that there was a potential for possible action against my license in Nevada if it was determined that there had been a violation of the Nurse Practice Act. My attorney responded to the Board and after investigation I entered into an agreement for reprimand and continuing education with the board . I completed the continuing education as agreed and in April 2021 received a letter from the board stating that I had complied with the agreement. My license remained active and I was able to continue practicing as a Registered Nurse.

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✓
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		✓
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)	✓	
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?	✓	
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?	✓	
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 4,5,6 **Provide all the following *where applicable*:**

Date of Event/Arrest	Disposition Date	State	City	County
09/02/2020	03/24/2021	NV	Henderson	Clark
Case #		**Governing, licensing, Arresting Presiding Body/Agency/Court**		
202009037		Nevada State Board of Nursing		
Reason/Charge				
Allegations stated that I may have violated nursing statutes and / or regulations.				
Plaintiff/Defendant/Claimant/Respondent		**Lawsuit/Arbitration/Bankruptcy**		
NV State Board of Nursing / Elizabeth Gichanga				
Name of Business/Industry/Entity				
Henderson Hospital				

Provide explanation below:

The Henderson Hospital in Henderson, Nevada, submitted a complaint against me to the Nevada State Board of Nursing. The complaint was regarding my nursing practice related to an incident where a patient was found unresponsive while I was working at the hospital on September 2nd 2020. The allegations stated that I may have violated statutes and/or regulations including but not limited to unprofessional conduct, and/or failing to observe/report, customary stands of practice, and /or causing harm to a patient. Following the investigation, the board said that there was a potential for possible action against my license in Nevada if it was determined that there had been a violation of the Nurse Practice Act. My attorney responded to the Board and after investigation I entered into an agreement for reprimand and continuing education with the board . I completed the continuing education as agreed and in April 2021 received a letter from the board stating that I had complied with the agreement. My license remained active and I was able to continue practicing as a Registered Nurse.

Re: Designated Representative Experience Narrative – Elizabeth Gichanga, RN

I am a Registered Nurse with over 25 years of healthcare experience, including 20 years in hospital medical-surgical care and 5 years in home health. Throughout my career, I have worked extensively with medical supplies and durable medical equipment (DME) essential to patient safety and infection control.
I have used and overseen PPE (gloves, masks, gowns, face shields), mobility aids (wheelchairs, walkers, canes), daily living aids (shower chairs, commodes), and diagnostic kits (blood pressure monitors, glucose meters, COVID-19 tests). I have also managed first aid supplies, oxygen equipment, IV kits, and sharps containers, ensuring proper storage, labeling, and compliance with healthcare regulations.
My hands-on experience with these products has given me a strong understanding of quality assurance, regulatory compliance, and safe handling practices. I am fully qualified to serve as the Designated Representative for Elizbiz LLC, ensuring the compliant distribution of reliable medical and safety supplies.
Sincerely,
Elizabeth Gichanga, RN,Owner & Designated Representative Applicant - Elizbiz LLC

ORIGINAL

BEFORE THE NEVADA STATE BOARD OF NURSING

IN THE MATTER OF ELIZABETH GICHANGA LICENSED PROFESSIONAL NURSE NEVADA LICENSE NO. RN87793 RESPONDENT	AGREEMENT FOR REPRIMAND AND CONTINUING EDUCATION CASE NO. 202009037

This Agreement is hereby entered into between ELIZABETH GICHANGA, (RESPONDENT) and the NEVADA STATE BOARD OF NURSING, (BOARD).

It is hereby stipulated and agreed, by and between the parties to the above-entitled matter, that the following statements are true:

1. Respondent is aware of, understands, and has been advised of the effect of this Agreement, which Respondent herein has carefully read and fully acknowledges. No coercion has been exerted on the Respondent. Respondent acknowledges her right to an attorney at her own expense. The Respondent has had the benefit at all times of obtaining advice from competent counsel of her choice.

2. Respondent understands the nature of the allegations under investigation by the Nevada State Board of Nursing. Respondent freely admits that on September 2, 2020, while licensed and working as a Registered Nurse at a hospital in Henderson, Nevada she failed to document a nursing assessment and glucose monitoring results on a patient assigned to her care. The Respondent further admits she failed to ensure the patient was connected to telemetry monitoring as ordered by the physician. Respondent acknowledges this conduct constitutes a violation of the Nevada Revised Statutes 632.347 (1)(g) unprofessional conduct, and Nevada Administrative Code 632.890 (20) inaccurate recording, falsifying, or otherwise altering or destroying records and (25) failing to observe the conditions, signs and symptoms of a patient, to record the information or to report significant changes to the appropriate persons. Respondent

further acknowledges that such acts and admissions subject her to disciplinary action by the Board.

3. Respondent is aware of the Respondent's rights, including the right to a hearing on any charges and allegations, the right to an attorney at her own expense, the right to examine witnesses who would testify against her, the right to present evidence in her favor and call witnesses on her behalf, or to testify herself, the right to contest the charges and allegations, the right to reconsideration, appeal or any other type of formal judicial review of this matter, and any other rights which may be accorded to her pursuant to the Nevada Administrative Procedures Act and the provisions of Chapter 632 of the Nevada Revised Statutes and the Nevada Administrative Code. Respondent agrees to waive the foregoing rights upon acceptance of this Agreement by the Board.

4. Respondent understands that the Board is free to accept or reject this Agreement, and if rejected by the Board, a disciplinary proceeding may be commenced.

5. Should the Agreement be rejected by the Board, it is agreed that presentation to and consideration by the Board of such proposed Agreement, shall not disqualify the Board, or any of its members, from further participation, consideration, adjudication or resolution of these proceedings, and that no Board member shall be disqualified or challenged for bias therefore.

6. This Agreement shall only become effective when both parties have duly executed it and unless so executed, this Agreement will not be construed as an admission.

7. This Agreement shall not be construed as excluding or reducing any criminal or civil penalties or sanction or other remedies that may be applicable under federal, state or local laws.

8. This Agreement shall cover any nursing license and/or certificate issued by the State of Nevada.

9. Based upon the foregoing stipulations and recitals, it is hereby agreed that the Board may issue the following decision and order:

DECISION AND ORDER

Based on the foregoing, and good cause appearing therefore, it is hereby ordered that:

1. Respondent be publicly reprimanded.

2. As a condition of licensure Respondent, within the first ninety (90) days of this Agreement, shall take, and successfully complete the following courses:

   a. Documentation: A Critical Aspect of Client Care; and

   b. Righting a Wrong, Ethics and Professionalism in Nursing; and

   c. The Nevada Nurse Practice Act web based course.

The courses must be pre-approved by the Executive Director, or the Director of Nursing Practice. Documentation of successful course completion must be submitted to the Board within ninety (90) days of the execution of this Agreement or the license is automatically suspended without further proceedings until all requirements are completed.

This Agreement will become part of the Respondent's permanent record, will become public information, will be published with the list of disciplinary actions the Board has taken, and may be reported to any national repository which records disciplinary action taken against licensees or holders of certificates; or any agency or another state which regulates the practice of nursing.

///

///

///

The Agreement may be used in any subsequent hearings by the Board. In the event other misconduct is reported to the Board, this Agreement may be used as evidence against the Respondent to establish a pattern of behavior and for the purpose of proving additional acts of misconduct.

Dated this 3rd day of March, 2021

RESPONDENT
ELIZABETH GICHANGA

Dated this 3rd day of March, 2021

HEATHER HALL, ESQ.

Accepted and approved this 24 day of March, 2021

NEVADA STATE BOARD OF NURSING

By:

Susan S. VanBeuge, DNP, APRN, FNP-BC, FAANP
Board President

BEFORE THE
BOARD OF REGISTERED NURSING
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

In the Matter of the Accusation Against: **ELIZABETH WANJIRU GICHANGA** [redacted] **Henderson, NV** [redacted] **Registered Nurse License No. 831862** Respondent.	Case No. 4002021006387 **DEFAULT DECISION AND ORDER** [Gov. Code, §11520]

FINDINGS OF FACT

1. On or about October 27, 2021, Complainant Loretta Melby, R.N., M.S.N., in her official capacity as the Executive Officer of the Board of Registered Nursing (Board), Department of Consumer Affairs, filed Accusation No. 4002021006387 against Elizabeth Wanjiru Gichanga (Respondent) before the Board. (Accusation attached as Exhibit A.)

2. On or about October 31, 2012, the Board issued Registered Nurse License No. 831862 to Respondent. The Registered Nurse License expired on December 31, 2017, and has not been renewed.

3. On or about November 1, 2021, Respondent was served by Certified and First Class Mail copies of the Accusation No. 4002021006387, Statement to Respondent, Notice of Defense, Request for Discovery, and Discovery Statutes (Government Code sections 11507.5, 11507.6,

and 11507.7) at Respondent's address of record which, pursuant to California Code of Regulations, title 16, section 1409.1, is required to be reported and maintained with the Board. Respondent's address of record was and is [redacted], Henderson, NV [redacted]

4. Service of the Accusation was effective as a matter of law under the provisions of Government Code section 11505, subdivision (c) and/or Business and Professions Code section 124.

5. Government Code section 11506, subdivision (c) states, in pertinent part:

> The respondent shall be entitled to a hearing on the merits if the respondent files a notice of defense . . . and the notice shall be deemed a specific denial of all parts of the accusation . . . not expressly admitted. Failure to file a notice of defense . . . shall constitute a waiver of respondent's right to a hearing, but the agency in its discretion may nevertheless grant a hearing.

6. The Board takes official notice of its records and the fact that Respondent failed to file a Notice of Defense within 15 days after service upon her of the Accusation, and therefore waived her right to a hearing on the merits of Accusation No. 4002021006387.

7. California Government Code section 11520, subdivision (a) states, in pertinent part:

> (a) If the respondent either fails to file a notice of defense . . . or to appear at the hearing, the agency may take action based upon the respondent's express admissions or upon other evidence and affidavits may be used as evidence without any notice to respondent . . . .

8. Pursuant to its authority under Government Code section 11520, the Board finds Respondent is in default. The Board will take action without further hearing and, based on the relevant evidence contained in the Default Decision Investigatory Evidence Packet in this matter, as well as taking official notice of all the investigatory reports, exhibits and statements contained therein on file at the Board's offices regarding the allegations contained in Accusation No. 4002021006387, finds that the charges and allegations in Accusation No. 4002021006387, are separately and severally, found to be true and correct by clear and convincing evidence.

DETERMINATION OF ISSUES

1. Based on the foregoing findings of fact, Respondent Elizabeth Wanjiru Gichanga has subjected her Registered Nurse License No. 831862 to discipline.

2. The agency has jurisdiction to adjudicate this case by default.

3. The Board is authorized to revoke Respondent's Registered Nurse License based upon the following violations alleged in the Accusation which are supported by the evidence contained in the Default Decision Investigatory Evidence Packet in this case:

a. Respondent has subjected her registered nurse license to disciplinary action under Code section 2761, subdivision (a)(4), in that her Nevada registered license was disciplined by the Nevada Board of Nursing.

ORDER

IT IS SO ORDERED that Registered Nurse License No. 831862, issued to Respondent Elizabeth Wanjiru Gichanga, is revoked.

Pursuant to Government Code section 11520, subdivision (c), Respondent may serve a written motion requesting that the Decision be vacated and stating the grounds relied on within seven (7) days after service of the Decision on Respondent. The agency in its discretion may vacate the Decision and grant a hearing on a showing of good cause, as defined in the statute.

This Decision shall become effective on April 1, 2022.

It is so ORDERED March 2, 2022

Sharon Johnson

JURISDICTION

3. This Accusation is brought before the Board under the authority of the following laws. All section references are to the Business and Professions Code (Code) unless otherwise indicated.

4. Section 2750 of the Code provides, in pertinent part, that the Board may discipline any licensee, including a licensee holding a temporary or an inactive license, for any reason provided in Article 3 (commencing with section 2750) of the Nursing Practice Act.

5. Section 2764 of the Code provides, in pertinent part, that the expiration of a license shall not deprive the Board of jurisdiction to proceed with a disciplinary proceeding against the licensee or to render a decision imposing discipline on the license.

STATUTORY PROVISIONS

6. Section 2761 of the Code states:

> The board may take disciplinary action against a certified or licensed nurse or deny an application for a certificate or license for any of the following:
>
> (a) Unprofessional conduct, which includes, but is not limited to, the following:
>
> ...
>
> (4) Denial of licensure, revocation, suspension, restriction, or any other disciplinary action against a health care professional license or certificate by another state or territory of the United States, by any other government agency, or by another California health care professional licensing board. A certified copy of the decision or judgment shall be conclusive evidence of that action.
>
> ....

COST RECOVERY

7. Section 125.3 of the Code provides, in pertinent part, that the Board may request the administrative law judge to direct a licensee found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case, with failure of the licensee to comply subjecting the license to not being renewed or reinstated. If a case settles, recovery of investigation and enforcement costs may be included in a stipulated settlement.

///

CAUSE FOR DISCIPLINE

(Disciplinary Action Against Licentiate by the Nevada Board of Nursing)

8. Respondent has subjected her registered nurse license to disciplinary action under Code section 2761, subdivision (a)(4), in that her Nevada registered license was disciplined by the Nevada Board of Nursing (Nevada Board). Effective March 24, 2021, in a disciplinary matter entitled, "*In the Matter of Elizabeth Gichanga Licensed Professional Nurse Nevada License No. RN87793*," Respondent entered into an Agreement for Reprimand and Continuing Education with the Nevada Board. The Nevada Board issued an Order that Respondent be publicly reprimanded, and that as a condition of licensure, Respondent take and successfully complete the following courses: Documentation: A Critical Aspect of Client Care; Righting a Wrong, Ethics and Professionalism in Nursing; and the Nevada Nurse Practice Act web based course, with submission of successful completion of these course due within 90 days of the execution of the Agreement or the license would to be automatically suspended without further proceedings until all requirements were completed.

9. The circumstances that led to the Nevada Board's discipline, as stated in the formal charges adopted by the Nevada Board, and pursuant to Respondent's admissions, are that on September 2, 2020, while licensed and working as a Registered Nurse at a hospital in Henderson, Nevada, Respondent failed to document a nursing assessment and glucose monitoring results on a patient assigned to her care, and failed to ensure the patient was connected to telemetry monitoring as ordered by the physician. The Nevada Board concluded that Respondent's actions constituted grounds for disciplinary action under Nevada Revised Statues 632.347 (1)(g) (unprofessional conduct), and Nevada Administrative Code sections 632.890 (20) (inaccurate recording, falsifying or otherwise altering or destroying records), and (25) (failing to observe the conditions, signs, and symptoms of a patient, to record the information or to report significant changes to the appropriate persons).

PRAYER

WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged, and that following the hearing, the Board of Registered Nursing issue a decision:

1. Revoking or suspending Registered Nurse License Number 831862 issued to Elizabeth Wanjiru Gichanga;

2. Ordering Elizabeth Wanjiru Gichanga to pay the Board of Registered Nursing the reasonable costs of the investigation and enforcement of this case, pursuant to Business and Professions Code section 125.3; and,

3. Taking such other and further action as deemed necessary and proper.

DATED: October 27, 2021

for LORETTA MELBY, R.N., M.S.N.
Executive Officer
Board of Registered Nursing
Department of Consumer Affairs
State of California
Complainant

Section 8: Arrests, Detentions, Litigations, Arbitrations.	Yes	No
1. Have you ever been convicted of, or entered, a plea of guilty, guilty by mentally ill or nolo contendere to any criminal offense or civil violation, federal or state, for any reason whatsoever, regardless of the disposition of the event? (Except minor traffic citations.)		✓
2. If you answered "yes" to question 1, was the offense or violation related to drugs, including prescription drugs and/or controlled substances, the manufacturer or distribution of drugs or the practice of pharmacy?		
3. Have you ever had a civil or criminal record expunged or sealed by a court order?		✓
4. Have you, as an individual, member or a company, partner, or owner, director or officer of a corporation, ever been a party to a lawsuit as either a plaintiff or defendant (including any administrative proceedings before a licensing board) or of an arbitration as either a claimant or respondent? (Other than divorces.)		✓
5. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) been a party to a lawsuit (including any administrative proceedings before a licensing board), arbitration or bankruptcy?		✓
6. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer or director) ever appeared before any licensing agency or similar authority in or outside the State of Nevada for any reason whatsoever (including any disciplinary or board citation)?	✓	
7. Have you ever been denied a personal license, permit, certificate or registration for a privileged, occupational or professional activity?		✓
8. Has any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner member, officer or director) ever been refused a business license.		✓
9. Have you or any general or limited partnership, company or limited liability company, business venture, sole proprietorship or closely held corporation, corporation (while you were associated with it as an owner, partner, member, officer, or director) ever surrendered a license, permit, certificate or registration relating to the pharmaceutical industry voluntarily or otherwise (other than upon voluntary closure of a manufacturer).		✓
10. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		✓

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-10, you have marked "YES" to in section 8 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # 6 **Provide all the following *where applicable*:**

Date of Event/Arrest	Disposition Date	State	City	County
9/02/2020	3/24/2021	NV	Henderson	Clark
Case #		**Governing, licensing, Arresting Presiding Body/Agency/Court**		
202009037		Nevada State Board of Nursing		
Reason/Charge				
Allegations stated that I may have violated nursing statutes and/or regulations.				
Plaintiff/Defendant/Claimant/Respondent			**Lawsuit/Arbitration/Bankruptcy**	
Nevada State Board of Nursing / Elizabeth Gichanga				
Name of Business/Industry/Entity				
Henderson Hospital				

Provide explanation below:

The Henderson Hospital in Henderson, Nevada, submitted a complaint against me to the Nevada State Board of Nursing. The complaint was regarding my nursing practice related to an incident where a patient was found unresponsive while I was working at the hospital on September 2nd 2020. The allegations stated that I may have violated statutes and/or regulations including but not limited to unprofessional conduct, and/or failing to observe/report, customary stands of practice, and /or causing harm to a patient. Following the investigation, the board said that there was a potential for possible action against my license in Nevada if it was determined that there had been a violation of the Nurse Practice Act. My attorney responded to the Board and after investigation I entered into an agreement for reprimand and continuing education with the board . I completed the continuing education as agreed and in April 2021 received a letter from the board stating that I had complied with the agreement. My license remained active and I was able to continue practicing as a Registered Nurse.

BEFORE THE NEVADA STATE BOARD OF NURSING

IN THE MATTER OF ELIZABETH GICHANGA LICENSED PROFESSIONAL NURSE NEVADA LICENSE NO. RN87793 RESPONDENT	AGREEMENT FOR REPRIMAND AND CONTINUING EDUCATION CASE NO. 202009037

This Agreement is hereby entered into between ELIZABETH GICHANGA, (RESPONDENT) and the NEVADA STATE BOARD OF NURSING, (BOARD).

It is hereby stipulated and agreed, by and between the parties to the above-entitled matter, that the following statements are true:

1. Respondent is aware of, understands, and has been advised of the effect of this Agreement, which Respondent herein has carefully read and fully acknowledges. No coercion has been exerted on the Respondent. Respondent acknowledges her right to an attorney at her own expense. The Respondent has had the benefit at all times of obtaining advice from competent counsel of her choice.

2. Respondent understands the nature of the allegations under investigation by the Nevada State Board of Nursing. Respondent freely admits that on September 2, 2020, while licensed and working as a Registered Nurse at a hospital in Henderson, Nevada she failed to document a nursing assessment and glucose monitoring results on a patient assigned to her care. The Respondent further admits she failed to ensure the patient was connected to telemetry monitoring as ordered by the physician. Respondent acknowledges this conduct constitutes a violation of the Nevada Revised Statutes 632.347 (1)(g) unprofessional conduct, and Nevada Administrative Code 632.890 (20) inaccurate recording, falsifying, or otherwise altering or destroying records and (25) failing to observe the conditions, signs and symptoms of a patient, to record the information or to report significant changes to the appropriate persons. Respondent

further acknowledges that such acts and admissions subject her to disciplinary action by the Board.

3. Respondent is aware of the Respondent's rights, including the right to a hearing on any charges and allegations, the right to an attorney at her own expense, the right to examine witnesses who would testify against her, the right to present evidence in her favor and call witnesses on her behalf, or to testify herself, the right to contest the charges and allegations, the right to reconsideration, appeal or any other type of formal judicial review of this matter, and any other rights which may be accorded to her pursuant to the Nevada Administrative Procedures Act and the provisions of Chapter 632 of the Nevada Revised Statutes and the Nevada Administrative Code. Respondent agrees to waive the foregoing rights upon acceptance of this Agreement by the Board.

4. Respondent understands that the Board is free to accept or reject this Agreement, and if rejected by the Board, a disciplinary proceeding may be commenced.

5. Should the Agreement be rejected by the Board, it is agreed that presentation to and consideration by the Board of such proposed Agreement, shall not disqualify the Board, or any of its members, from further participation, consideration, adjudication or resolution of these proceedings, and that no Board member shall be disqualified or challenged for bias therefore.

6. This Agreement shall only become effective when both parties have duly executed it and unless so executed, this Agreement will not be construed as an admission.

7. This Agreement shall not be construed as excluding or reducing any criminal or civil penalties or sanction or other remedies that may be applicable under federal, state or local laws.

8. This Agreement shall cover any nursing license and/or certificate issued by the State of Nevada.

9. Based upon the foregoing stipulations and recitals, it is hereby agreed that the Board may issue the following decision and order:

DECISION AND ORDER

Based on the foregoing, and good cause appearing therefore, it is hereby ordered that:

1. Respondent be publicly reprimanded.

2. As a condition of licensure Respondent, within the first ninety (90) days of this Agreement, shall take, and successfully complete the following courses:

   a. Documentation: A Critical Aspect of Client Care; and

   b. Righting a Wrong, Ethics and Professionalism in Nursing; and

   c. The Nevada Nurse Practice Act web based course.

The courses must be pre-approved by the Executive Director, or the Director of Nursing Practice. Documentation of successful course completion must be submitted to the Board within ninety (90) days of the execution of this Agreement or the license is automatically suspended without further proceedings until all requirements are completed.

This Agreement will become part of the Respondent's permanent record, will become public information, will be published with the list of disciplinary actions the Board has taken, and may be reported to any national repository which records disciplinary action taken against licensees or holders of certificates; or any agency or another state which regulates the practice of nursing.

///

///

///

The Agreement may be used in any subsequent hearings by the Board. In the event other misconduct is reported to the Board, this Agreement may be used as evidence against the Respondent to establish a pattern of behavior and for the purpose of proving additional acts of misconduct.

Dated this 3rd day of March, 2021

BEFORE THE
BOARD OF REGISTERED NURSING
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

In the Matter of the Accusation Against: **ELIZABETH WANJIRU GICHANGA** [redacted] **Henderson, NV** [redacted] **Registered Nurse License No. 831862** Respondent.	Case No. 4002021006387 **DEFAULT DECISION AND ORDER** [Gov. Code, §11520]

FINDINGS OF FACT

1. On or about October 27, 2021, Complainant Loretta Melby, R.N., M.S.N., in her official capacity as the Executive Officer of the Board of Registered Nursing (Board), Department of Consumer Affairs, filed Accusation No. 4002021006387 against Elizabeth Wanjiru Gichanga (Respondent) before the Board. (Accusation attached as Exhibit A.)

2. On or about October 31, 2012, the Board issued Registered Nurse License No. 831862 to Respondent. The Registered Nurse License expired on December 31, 2017, and has not been renewed.

3. On or about November 1, 2021, Respondent was served by Certified and First Class Mail copies of the Accusation No. 4002021006387, Statement to Respondent, Notice of Defense, Request for Discovery, and Discovery Statutes (Government Code sections 11507.5, 11507.6,

and 11507.7) at Respondent's address of record which, pursuant to California Code of Regulations, title 16, section 1409.1, is required to be reported and maintained with the Board. Respondent's address of record was and is: [redacted] Henderson, NV [redacted]

4. Service of the Accusation was effective as a matter of law under the provisions of Government Code section 11505, subdivision (c) and/or Business and Professions Code section 124.

5. Government Code section 11506, subdivision (c) states, in pertinent part:

> The respondent shall be entitled to a hearing on the merits if the respondent files a notice of defense . . . and the notice shall be deemed a specific denial of all parts of the accusation . . . not expressly admitted. Failure to file a notice of defense . . . shall constitute a waiver of respondent's right to a hearing, but the agency in its discretion may nevertheless grant a hearing.

6. The Board takes official notice of its records and the fact that Respondent failed to file a Notice of Defense within 15 days after service upon her of the Accusation, and therefore waived her right to a hearing on the merits of Accusation No. 4002021006387.

7. California Government Code section 11520, subdivision (a) states, in pertinent part:

> (a) If the respondent either fails to file a notice of defense . . . or to appear at the hearing, the agency may take action based upon the respondent's express admissions or upon other evidence and affidavits may be used as evidence without any notice to respondent . . . .

8. Pursuant to its authority under Government Code section 11520, the Board finds Respondent is in default. The Board will take action without further hearing and, based on the relevant evidence contained in the Default Decision Investigatory Evidence Packet in this matter, as well as taking official notice of all the investigatory reports, exhibits and statements contained therein on file at the Board's offices regarding the allegations contained in Accusation No. 4002021006387, finds that the charges and allegations in Accusation No. 4002021006387, are separately and severally, found to be true and correct by clear and convincing evidence.

DETERMINATION OF ISSUES

1. Based on the foregoing findings of fact, Respondent Elizabeth Wanjiru Gichanga has subjected her Registered Nurse License No. 831862 to discipline.

2. The agency has jurisdiction to adjudicate this case by default.

3. The Board is authorized to revoke Respondent's Registered Nurse License based upon the following violations alleged in the Accusation which are supported by the evidence contained in the Default Decision Investigatory Evidence Packet in this case:

a. Respondent has subjected her registered nurse license to disciplinary action under Code section 2761, subdivision (a)(4), in that her Nevada registered license was disciplined by the Nevada Board of Nursing.

ORDER

IT IS SO ORDERED that Registered Nurse License No. 831862, issued to Respondent Elizabeth Wanjiru Gichanga, is revoked.

Pursuant to Government Code section 11520, subdivision (c), Respondent may serve a written motion requesting that the Decision be vacated and stating the grounds relied on within seven (7) days after service of the Decision on Respondent. The agency in its discretion may vacate the Decision and grant a hearing on a showing of good cause, as defined in the statute.

This Decision shall become effective on April 1, 2022.

It is so ORDERED March 2, 2022

In the Matter of the Accusation Against: **ELIZABETH WANJIRU GICHANGA** [redacted] **Henderson, NV** [redacted] **Registered Nurse License No. 831862** Respondent.	Case No. 4002021006387 **ACCUSATION**

PARTIES

1. Loretta Melby, R.N., M.S.N. (Complainant) brings this Accusation solely in her official capacity as the Executive Officer of the Board of Registered Nursing (Board), Department of Consumer Affairs.

2. On or about October 31, 2012, the Board issued Registered Nurse License No. 831862 to Elizabeth Wanjiru Gichanga (Respondent). The Registered Nurse License expired on December 31, 2017, and has not been renewed.

///

///

///

JURISDICTION

3. This Accusation is brought before the Board under the authority of the following laws. All section references are to the Business and Professions Code (Code) unless otherwise indicated.

4. Section 2750 of the Code provides, in pertinent part, that the Board may discipline any licensee, including a licensee holding a temporary or an inactive license, for any reason provided in Article 3 (commencing with section 2750) of the Nursing Practice Act.

5. Section 2764 of the Code provides, in pertinent part, that the expiration of a license shall not deprive the Board of jurisdiction to proceed with a disciplinary proceeding against the licensee or to render a decision imposing discipline on the license.

STATUTORY PROVISIONS

6. Section 2761 of the Code states:

> The board may take disciplinary action against a certified or licensed nurse or deny an application for a certificate or license for any of the following:
>
> (a) Unprofessional conduct, which includes, but is not limited to, the following:
>
> ...
>
> (4) Denial of licensure, revocation, suspension, restriction, or any other disciplinary action against a health care professional license or certificate by another state or territory of the United States, by any other government agency, or by another California health care professional licensing board. A certified copy of the decision or judgment shall be conclusive evidence of that action.
>
> ...

COST RECOVERY

7. Section 125.3 of the Code provides, in pertinent part, that the Board may request the administrative law judge to direct a licensee found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case, with failure of the licensee to comply subjecting the license to not being renewed or reinstated. If a case settles, recovery of investigation and enforcement costs may be included in a stipulated settlement.

///

CAUSE FOR DISCIPLINE

(Disciplinary Action Against Licentiate by the Nevada Board of Nursing)

8. Respondent has subjected her registered nurse license to disciplinary action under Code section 2761, subdivision (a)(4), in that her Nevada registered license was disciplined by the Nevada Board of Nursing (Nevada Board). Effective March 24, 2021, in a disciplinary matter entitled, "*In the Matter of Elizabeth Gichanga Licensed Professional Nurse Nevada License No. RN87793*," Respondent entered into an Agreement for Reprimand and Continuing Education with the Nevada Board. The Nevada Board issued an Order that Respondent be publicly reprimanded, and that as a condition of licensure, Respondent take and successfully complete the following courses: Documentation: A Critical Aspect of Client Care; Righting a Wrong, Ethics and Professionalism in Nursing; and the Nevada Nurse Practice Act web based course, with submission of successful completion of these course due within 90 days of the execution of the Agreement or the license would to be automatically suspended without further proceedings until all requirements were completed.

9. The circumstances that led to the Nevada Board's discipline, as stated in the formal charges adopted by the Nevada Board, and pursuant to Respondent's admissions, are that on September 2, 2020, while licensed and working as a Registered Nurse at a hospital in Henderson, Nevada, Respondent failed to document a nursing assessment and glucose monitoring results on a patient assigned to her care, and failed to ensure the patient was connected to telemetry monitoring as ordered by the physician. The Nevada Board concluded that Respondent's actions constituted grounds for disciplinary action under Nevada Revised Statues 632.347 (1)(g) (unprofessional conduct), and Nevada Administrative Code sections 632.890 (20) (inaccurate recording, falsifying or otherwise altering or destroying records), and (25) (failing to observe the conditions, signs, and symptoms of a patient, to record the information or to report significant changes to the appropriate persons).

PRAYER

WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged, and that following the hearing, the Board of Registered Nursing issue a decision:

1. Revoking or suspending Registered Nurse License Number 831862 issued to Elizabeth Wanjiru Gichanga;

2. Ordering Elizabeth Wanjiru Gichanga to pay the Board of Registered Nursing the reasonable costs of the investigation and enforcement of this case, pursuant to Business and Professions Code section 125.3; and,

3. Taking such other and further action as deemed necessary and proper.

DATED: October 27, 2021

BEFORE THE
BOARD OF PHARMACY
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

In the Matter of the Accusation Against: **MARK MEINRAD MULLINS** [redacted] **Pharmacist License No. RPH 56060** Respondent.	Case No. 6331 OAH No. 2018060906 **STIPULATED SETTLEMENT AND DISCIPLINARY ORDER**

IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-entitled proceedings that the following matters are true:

PARTIES

1. Virginia Herold (Complainant) is the Executive Officer of the Board of Pharmacy (Board). She brought this action solely in her official capacity and is represented in this matter by Xavier Becerra, Attorney General of the State of California, by Carra L. Rhamy, Deputy Attorney General.

2. Respondent Mark Meinrad Mullins (Respondent) is represented in this proceeding by attorney Tony J. Park, whose address is: 49 Discovery, Suite 240, Irvine, CA 92618-6713.

3. On or about September 1, 2004, the Board issued Pharmacist License No. RPH 56060 to Mark Meinrad Mullins (Respondent). The Pharmacist License was in full force and effect at all times relevant to the charges brought in Accusation No. 6331 and was set to expire on August 31, 2018. On or about March 14, 2018, the Office of Administrative Hearings issued an Amended Interim Suspension Order suspending Respondent's Pharmacist License pursuant to Business and Professions Code section 494. The license currently remains under suspension.

JURISDICTION

4. Accusation No. 6331 was filed before the Board, and is currently pending against Respondent. The Accusation and all other statutorily required documents were properly served on Respondent on March 14, 2018. Respondent timely filed his Notice of Defense contesting the Accusation.

5. A copy of Accusation No. 6331 is attached as exhibit A and incorporated herein by reference.

ADVISEMENT AND WAIVERS

6. Respondent has carefully read, fully discussed with counsel, and understands the charges and allegations in Accusation No. 6331. Respondent has also carefully read, fully discussed with counsel, and understands the effects of this Stipulated Settlement and Disciplinary Order.

7. Respondent is fully aware of his legal rights in this matter, including the right to a hearing on the charges and allegations in the Accusation; the right to confront and cross-examine the witnesses against him; the right to present evidence and to testify on his own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Procedure Act and other applicable laws.

8. Respondent voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

CULPABILITY

9. Respondent admits the truth of each and every charge and allegation in Accusation No. 6331.

10. Respondent agrees that his Pharmacist License is subject to discipline and he agrees to be bound by the Board's probationary terms as set forth in the Disciplinary Order below.

CONTINGENCY

11. This stipulation shall be subject to approval by the Board of Pharmacy. Respondent understands and agrees that counsel for Complainant and the staff of the Board of Pharmacy may communicate directly with the Board regarding this stipulation and settlement, without notice to or participation by Respondent or his counsel. By signing the stipulation, Respondent understands and agrees that he may not withdraw his agreement or seek to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal action between the parties, and the Board shall not be disqualified from further action by having considered this matter.

12. The parties understand and agree that Portable Document Format (PDF) and facsimile copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile signatures thereto, shall have the same force and effect as the originals.

13. This Stipulated Settlement and Disciplinary Order is intended by the parties to be an integrated writing representing the complete, final, and exclusive embodiment of their agreement. It supersedes any and all prior or contemporaneous agreements, understandings, discussions, negotiations, and commitments (written or oral). This Stipulated Settlement and Disciplinary Order may not be altered, amended, modified, supplemented, or otherwise changed except by a writing executed by an authorized representative of each of the parties.

14. In consideration of the foregoing admissions and stipulations, the parties agree that the Board may, without further notice or formal proceeding, issue and enter the following Disciplinary Order:

///

DISCIPLINARY ORDER

IT IS HEREBY ORDERED that Pharmacist License No. RPH 56060 issued to Respondent Mark Meinrad Mullins is revoked. However, the revocation is stayed and Respondent is placed on probation for five (5) years on the following terms and conditions.

1. **Obey All Laws**

Respondent shall obey all state and federal laws and regulations.

Respondent shall report any of the following occurrences to the board, in writing, within seventy- two (72) hours of such occurrence:

- an arrest or issuance of a criminal complaint for violation of any provision of the Pharmacy Law, state and federal food and drug laws, or state and federal controlled substances laws
- a plea of guilty, or nolo contendere, no contest, or similar, in any state or federal criminal proceeding to any criminal complaint, information or indictment
- a conviction of any crime
- the filing of a disciplinary pleading, issuance of a citation, or initiation of another administrative action filed by any state or federal agency which involves respondent's license or which is related to the practice of pharmacy or the manufacturing, obtaining, handling, distributing, billing, or charging for any drug, device or controlled substance.

Failure to timely report such occurrence shall be considered a violation of probation.

2. **Report to the Board**

Respondent shall report to the board quarterly, on a schedule as directed by the board or its designee. The report shall be made either in person or in writing, as directed. Among other requirements, respondent shall state in each report under penalty of perjury whether there has been compliance with all the terms and conditions of probation.

Failure to submit timely reports in a form as directed shall be considered a violation of probation. Any period(s) of delinquency in submission of reports as directed may be added to the total period of probation. Moreover, if the final probation report is not made as directed,

probation shall be automatically extended until such time as the final report is made and accepted by the board.

3. **Interview with the Board**

Upon receipt of reasonable prior notice, respondent shall appear in person for interviews with the board or its designee, at such intervals and locations as are determined by the board or its designee. Failure to appear for any scheduled interview without prior notification to board staff, or failure to appear for two (2) or more scheduled interviews with the board or its designee during the period of probation, shall be considered a violation of probation.

4. **Cooperate with Board Staff**

Respondent shall timely cooperate with the board's inspection program and with the board's monitoring and investigation of respondent's compliance with the terms and conditions of his probation, including but not limited to: timely responses to requests for information by board staff; timely compliance with directives from board staff regarding requirements of any term or condition of probation; and timely completion of documentation pertaining to a term or condition of probation. Failure to timely cooperate shall be considered a violation of probation.

5. **Continuing Education**

Respondent shall provide evidence of efforts to maintain skill and knowledge as a pharmacist as directed by the board or its designee.

6. **Reporting of Employment and Notice to Employers**

During the period of probation, respondent shall notify all present and prospective employers of the decision in case number 6331 and the terms, conditions and restrictions imposed on respondent by the decision, as follows:

Within thirty (30) days of the effective date of this decision, and within ten (10) days of undertaking any new employment, respondent shall report to the board in writing the name, physical address, and mailing address of each of his employer(s), and the name(s) and telephone number(s) of all of his direct supervisor(s), as well as any pharmacist(s)-in- charge, designated representative(s)-in-charge, responsible manager, or other compliance supervisor(s) and the work schedule, if known. Respondent shall also include the reason(s) for leaving the prior

employment. Respondent shall sign and return to the board a written consent authorizing the board or its designee to communicate with all of respondent's employer(s) and supervisor(s), and authorizing those employer(s) or supervisor(s) to communicate with the board or its designee, concerning respondent's work status, performance, and monitoring. Failure to comply with the requirements or deadlines of this condition shall be considered a violation of probation.

Within thirty (30) days of the effective date of this decision, and within fifteen (15) days of respondent undertaking any new employment, respondent shall cause (a) his direct supervisor, (b) his pharmacist-in-charge, designated representative-in-charge, responsible manager, or other compliance supervisor, and (c) the owner or owner representative of his employer, to report to the board in writing acknowledging that the listed individual(s) has/have read the decision in case number 6331, and terms and conditions imposed thereby. If one person serves in more than one role described in (a), (b), or (c), the acknowledgment shall so state. It shall be the respondent's responsibility to ensure that these acknowledgment(s) are timely submitted to the board. In the event of a change in the person(s) serving the role(s) described in (a), (b), or (c) during the term of probation, respondent shall cause the person(s) taking over the role(s) to report to the board in writing within fifteen (15) days of the change acknowledging that he or she has read the decision in case number 6331, and the terms and conditions imposed thereby.

If respondent works for or is employed by or through an employment service, respondent must notify the person(s) described in (a), (b), and (c) above at every entity licensed by the board of the decision in case number 6331, and the terms and conditions imposed thereby in advance of respondent commencing work at such licensed entity. A record of this notification must be provided to the board upon request.

Furthermore, within thirty (30) days of the effective date of this decision, and within fifteen (15) days of respondent undertaking any new employment by or through an employment service, respondent shall cause the person(s) described in (a), (b), and (c) above at the employment service to report to the board in writing acknowledging that he or she has read the decision in case number, and the terms and conditions imposed thereby. It shall be respondent's responsibility to ensure that these acknowledgment(s) are timely submitted to the board.

Failure to timely notify present or prospective employer(s) or failure to cause the identified person(s) with that/those employer(s) to submit timely written acknowledgments to the board shall be considered a violation of probation.

"Employment" within the meaning of this provision includes any full-time, part-time, temporary, relief, or employment/management service position as a Pharmacist, or any position for which a Pharmacist is a requirement or criterion for employment, whether the respondent is an employee, independent contractor or volunteer.

7. **Notification of Change(s) in Name, Address(es), or Phone Number(s)**

Respondent shall further notify the board in writing within ten (10) days of any change in name, residence address, mailing address, e-mail address or phone number. Failure to timely notify the board of any change in employer, name, address, or phone number shall be considered a violation of probation.

8. **Restrictions on Supervision and Oversight of Licensed Facilities**

During the period of probation, respondent shall not supervise any intern pharmacist, be the pharmacist-in-charge, designated representative-in-charge, responsible manager or other compliance supervisor of any entity licensed by the board, nor serve as a consultant. Assumption of any such unauthorized supervision responsibilities shall be considered a violation of probation.

9. **Reimbursement of Board Costs**

As a condition precedent to successful completion of probation, respondent shall pay to the board its costs of investigation and prosecution in the amount of $6,252.50. Respondent shall be permitted to pay these costs in a payment plan approved by the board or its designee, so long as full payment is completed no later than one (1) year prior to the end date of probation.

There shall be no deviation from the schedule absent prior written approval by the board or its designee. Failure to pay costs by the deadline(s) as directed shall be considered a violation of probation.

///

///

///

10. **Probation Monitoring Costs**

Respondent shall pay any costs associated with probation monitoring as determined by the board each and every year of probation. Such costs shall be payable to the board on a schedule as directed by the board or its designee. Failure to pay such costs by the deadline(s) as directed shall be considered a violation of probation.

11. **Status of License**

Respondent shall, at all times while on probation, maintain an active, current Pharmacist License with the board, including any period during which suspension or probation is tolled. Failure to maintain an active, current Pharmacist License shall be considered a violation of probation.

If respondent's Pharmacist License expires or is cancelled by operation of law or otherwise at any time during the period of probation, including any extensions thereof due to tolling or otherwise, upon renewal or reapplication respondent's license shall be subject to all terms and conditions of this probation not previously satisfied.

12. **License Surrender While on Probation/Suspension**

Following the effective date of this decision, should respondent cease practice due to retirement or health, or be otherwise unable to satisfy the terms and conditions of probation, respondent may relinquish his license, including any indicia of licensure issued by the board, along with a request to surrender the license. The board or its designee shall have the discretion whether to accept the surrender or take any other action it deems appropriate and reasonable. Upon formal acceptance of the surrender of the license, respondent will no longer be subject to the terms and conditions of probation. This surrender constitutes a record of discipline and shall become a part of the respondent's license history with the board.

Upon acceptance of the surrender, respondent shall relinquish his pocket and/or wall license, including any indicia of licensure not previously provided to the board within ten (10) days of notification by the board that the surrender is accepted if not already provided. Respondent may not reapply for any license from the board for three (3) years from the effective date of the surrender. Respondent shall meet all requirements applicable to the license sought as

of the date the application for that license is submitted to the board, including any outstanding costs.

13. **Practice Requirement – Extension of Probation**

Except during periods of suspension, respondent shall, at all times while on probation, be employed as a Pharmacist in California for a minimum of 32 hours per calendar month. Any month during which this minimum is not met shall extend the period of probation by one month. During any such period of insufficient employment, respondent must nonetheless comply with all terms and conditions of probation, unless respondent receives a waiver in writing from the board or its designee.

If respondent does not practice as a Pharmacist in California for the minimum number of hours in any calendar month, for any reason (including vacation), respondent shall notify the board in writing within ten (10) days of the conclusion of that calendar month. This notification shall include at least: the date(s), location(s), and hours of last practice; the reason(s) for the interruption or reduction in practice; and the anticipated date(s) on which respondent will resume practice at the required level. Respondent shall further notify the board in writing within ten (10) days following the next calendar month during which respondent practices as a Pharmacist in California for the minimum of hours. Any failure to timely provide such notification(s) shall be considered a violation of probation.

It is a violation of probation for respondent's probation to be extended pursuant to the provisions of this condition for a total period, counting consecutive and non-consecutive months, exceeding thirty-six (36) months. The board or its designee may post a notice of the extended probation period on its website.

14. **Violation of Probation**

If respondent has not complied with any term or condition of probation, the board shall have continuing jurisdiction over respondent, and the board shall provide notice to respondent that probation shall automatically be extended, until all terms and conditions have been satisfied or the board has taken other action as deemed appropriate to treat the failure to comply as a

violation of probation, to terminate probation, and to impose the penalty that was stayed. The board or its designee may post a notice of the extended probation period on its website.

If respondent violates probation in any respect, the board, after giving respondent notice and an opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. If a petition to revoke probation or an accusation is filed against respondent during probation, or the preparation of an accusation or petition to revoke probation is requested from the Office of the Attorney General, the board shall have continuing jurisdiction and the period of probation shall be automatically extended until the petition to revoke probation or accusation is heard and decided.

15. **Completion of Probation**

Upon written notice by the board or its designee indicating successful completion of probation, respondent's license will be fully restored.

16. **Pharmacists Recovery Program (PRP)**

By no later than ten (10) days after the effective date of this decision, respondent shall have contacted the Pharmacists Recovery Program (PRP) for evaluation only. If deemed appropriate following the evaluation by PRP clinical staff, Respondent shall immediately enroll in the PRP; complete, sign, and return the treatment contract as well as any addendums required or suggested by the PRP; successfully complete registration for any drug or alcohol testing mandated by the treatment contract and/or by enrollment in the PRP; and begin compliance with the drug or alcohol testing protocol(s). Respondent shall successfully participate in the PRP and complete the treatment contract and any addendums required or suggested by the PRP. The costs for PRP participation shall be borne by the respondent.

If respondent is currently enrolled in the PRP, said participation is now mandatory and as of the effective date of this decision is no longer considered a self-referral under Business and Professions Code section 4362 (a)(2). Respondent shall successfully participate in and complete his or her current contract and any subsequent addendums with the PRP.

///

///

Respondent shall pay administrative fees as invoiced by the PRP or its designee. Fees not timely paid to the PRP shall constitute a violation of probation. The board will collect unpaid administrative fees as part of the annual probation monitoring costs if not submitted to the PRP.

Any of the following shall result in the automatic suspension of practice by respondent and shall be considered a violation of probation:

Failure to contact the PRP within ten (10) days of the effective date of the decision;

Failure to, if deemed appropriate after evaluation, immediately complete enrollment, and execute and return the treatment contract with the PRP, including any addendum(s), as directed by the PRP;

Failure to immediately complete registration for any drug or alcohol testing mandated by the treatment contract and/or by the PRP, and begin compliance with the testing protocol(s), as directed by the PRP;

Failure to comply with testing protocols regarding daily check-in and/or failure to complete a mandated test as directed by the PRP;

Any report from the PRP of material non-compliance with the terms and conditions of the treatment contract and/or any addendum(s); or

Termination by the PRP for non-compliance, failure to derive benefit, or as a public risk.

Respondent may not resume the practice of pharmacy until notified by the board in writing.

Probation shall be automatically extended until respondent successfully completes the PRP. The board will provide notice of any such suspension or extension of probation.

During any suspension, respondent shall not enter any pharmacy area or any portion of the licensed premises of a wholesaler, third-party logistics provider, veterinary food-animal drug retailer, or any other distributor of drugs which is licensed by the board, or any manufacturer, or any area where dangerous drugs and/or dangerous devices or controlled substances are maintained. Respondent shall not practice as a Pharmacist nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing or patient consultation; nor shall respondent manage, administer, or be a consultant to any licensee of the board, or have

access to or control the ordering, distributing, manufacturing or dispensing of dangerous drugs and/or dangerous devices or controlled substances.

During any suspension, respondent shall not engage in any activity that requires the professional judgment of and/or licensure as a Pharmacist. Respondent shall not direct or control any aspect of the practice of pharmacy, or of the manufacturing, distributing, wholesaling, or retailing of dangerous drugs and/or dangerous devices or controlled substances.

Failure to comply with any requirement or deadline stated by this term shall be considered a violation of probation.

17. **Drug and Alcohol Testing**

Respondent, at his own expense, shall participate in testing as directed by the board or its designee for the detection of alcohol, controlled substances, and dangerous drugs and/or dangerous devices. Testing protocols may include biological fluid testing (urine, blood), breathalyzer, hair follicle testing, or other testing protocols as directed by the board or its designee. All testing must be pursuant to an observed testing protocol, unless respondent is informed otherwise in writing by the board or its designee. Respondent may be required to participate in testing for the entire probation period and frequency of testing will be determined by the board or its designee.

By no later than thirty (30) days after the effective date of this decision, respondent shall have completed all of the following tasks: enrolled and registered with an approved drug and alcohol testing vendor; provided that vendor with any documentation, and any information necessary for payment by respondent; commenced testing protocols, including all required contacts with the testing vendor to determine testing date(s); and begun testing. At all times, respondent shall fully cooperate with the testing vendor, and with the board or its designee, with regard to enrollment, registration, and payment for, and compliance with, testing. Any failure to cooperate timely shall be considered a violation of probation.

Respondent may be required to test on any day, including weekends and holidays. Respondent is required to make daily contact with the testing vendor to determine if a test is required, and if a test is required must submit to testing on the same day.

Prior to any vacation or other period of absence from the area where the approved testing vendor provides services, respondent shall seek and receive approval from the board or its designee to use an alternate testing vendor to ensure testing can occur. Upon approval, respondent shall enroll and register with the approved alternate drug testing vendor, provide to that alternate vendor any documentation required by the vendor, including any necessary payment by respondent. During the period of absence of the area, respondent shall commence testing protocols with the alternate vendor, including required daily contacts with the testing vendor to determine if testing is required, and required testing. Any failure to timely seek or receive approval from the board or its designee, or to timely enroll and register with, timely commence testing protocols with, or timely undergo testing with, the alternate testing vendor, shall be considered a violation of probation.

Upon detection of an illicit drug, controlled substance or dangerous drug, the board or its designee may require respondent to timely provide documentation from a licensed practitioner authorized to prescribe the detected substance demonstrating that the substance was administered or ingested pursuant to a legitimate prescription issued as a necessary part of treatment. All such documentation shall be provided by respondent within ten (10) days of being requested.

Any of the following shall be considered a violation of probation and shall result in respondent being immediately suspended from practice as a Pharmacist until notified by the board in writing that he may resume practice: failure to timely complete all of the steps required for enrollment/registration with the drug testing vendor, including making arrangements for payment; failure to timely commence drug testing protocols; failure to contact the drug testing vendor as required to determine testing date(s); failure to test as required; failure to timely supply documentation demonstrating that a detected substance was taken pursuant to a legitimate prescription issued as a necessary part of treatment; and/or detection through testing of alcohol, or of an illicit drug, or of a controlled substance or dangerous drug absent documentation that the detected substance was taken pursuant to a legitimate prescription and a necessary treatment. In the event of a suspension ordered after detection through testing of alcohol, an illicit drug, or of a controlled substance or dangerous drug absent documentation that the detected substance was

taken pursuant to a legitimate prescription and a necessary treatment, the board or its designee shall inform respondent of the suspension and inform him to immediately leave work, and shall notify respondent's employer(s) and work site monitor(s) of the suspension.

During any such suspension, respondent shall not enter any pharmacy area or any portion of the licensed premises of a wholesaler, third-party-logistics provider, veterinary food-animal drug retailer, or any other distributor of drugs which is licensed by the board, or any manufacturer, or any area where dangerous drugs and/or dangerous devices or controlled substances are maintained. Respondent shall not practice pharmacy nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing or patient consultation; nor shall respondent manage, administer, or be a consultant to any licensee of the board, or have access to or control the ordering, distributing, manufacturing or dispensing of dangerous drugs and/or dangerous devices and controlled substances.

During any such suspension, respondent shall not engage in any activity that requires the professional judgment of and/or licensure as a Pharmacist. Respondent shall not direct or control any aspect of the practice of pharmacy, or of the manufacturing, distributing, wholesaling, or retailing of dangerous drugs and/or dangerous devices.

Failure to comply with any such suspension shall be considered a violation of probation. Failure to comply with any requirement or deadline stated by this term shall be considered a violation of probation.

18. **Notification of Departure**

Prior to leaving the probationary geographic area designated by the board or its designee for a period greater than twenty-four (24) hours, respondent shall notify the board verbally and in writing of the dates of departure and return. Failure to comply with this provision shall be considered a violation of probation.

19. **Abstain from Drugs and Alcohol**

Respondent shall completely abstain from the possession or use of alcohol, controlled substances, illicit drugs, dangerous drugs and/or dangerous devices, or their associated paraphernalia, except when possessed or used pursuant to a legitimate prescription issued as a

necessary part of treatment. Respondent shall ensure that he is not in the same physical location as individuals who are using illicit substances even if respondent is not personally ingesting the drugs. Any possession or use of alcohol, dangerous drugs and/or dangerous devices or controlled substances, or their associated paraphernalia for which a legitimate prescription has not been issued as a necessary part of treatment, or any physical proximity to persons using illicit substances, shall be considered a violation of probation.

20. **Prescription Coordination and Monitoring of Prescription Use**

Within thirty (30) days of the effective date of this decision, respondent shall submit to the board, for its prior approval, the name and qualifications of a single physician, nurse practitioner, physician assistant, or psychiatrist of respondent's choice, who shall be aware of the respondent's history with the use of controlled substances, and who will coordinate and monitor any prescriptions for respondent for dangerous drugs and/or dangerous devices, controlled substances or mood-altering drugs. The approved practitioner shall be provided with a copy of the board's Accusation and decision. A record of this notification must be provided to the board or its designee upon request. Respondent shall sign a release authorizing the practitioner to communicate with the board or its designee about respondent's treatment(s). The coordinating physician, nurse practitioner, physician assistant, or psychiatrist shall report to the board on a quarterly basis for the duration of probation regarding respondent's compliance with this condition. If any substances considered addictive have been prescribed, the report shall identify a program for the time limited use of any such substances. The board or its designee may require that the single coordinating physician, nurse practitioner, physician assistant or psychiatrist be a specialist in addictive medicine, or consult a specialist in addictive medicine. Should respondent, for any reason, cease supervision by the approved practitioner, respondent shall notify the board or its designee immediately and, within thirty (30) days of ceasing supervision, submit the name of a replacement physician, nurse practitioner, physician assistant, or psychiatrist of respondent's choice to the board or its designee for its prior approval. Failure to timely submit the selected practitioner or replacement practitioner to the board or its designee for approval, or to ensure the required quarterly reporting thereby, shall be considered a violation of probation.

If at any time an approved practitioner determines that respondent is unable to practice safely or independently as a Pharmacist, the practitioner shall notify the board or its designee immediately by telephone and follow up by written letter within three (3) working days. Upon notification from the board or its designee of this determination, respondent shall be automatically suspended and shall not resume practice as a Pharmacist until notified by the board or its designee that practice may be resumed.

During any suspension, respondent shall not enter any pharmacy area or any portion of the licensed premises of a wholesaler, third-party logistics provider, veterinary food-animal drug retailer, or any other distributor of drugs which is licensed by the board, or any manufacturer, or any area where dangerous drugs and/or dangerous devices or controlled substances are maintained. Respondent shall not practice pharmacy nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing or patient consultation; nor shall respondent manage, administer, or be a consultant to any licensee of the board, or have access to or control the ordering, distributing, manufacturing or dispensing of dangerous drugs and/or dangerous devices and controlled substances. Respondent shall not resume practice until notified by the board.

During any suspension, respondent shall not engage in any activity that requires the professional judgment and/or licensure as a Pharmacist. Respondent shall not direct or control any aspect of the practice of pharmacy or of the manufacturing, distributing, wholesaling, or retailing of dangerous drugs and/or dangerous devices or controlled substances.

Failure to comply with any requirement or deadline stated by this term shall be considered a violation of probation.

21. **Work Site Monitor**

Within ten (10) days of the effective date of this decision, respondent shall identify a work site monitor, for prior approval by the board or its designee, who shall be responsible for supervising respondent during working hours. Respondent shall be responsible for ensuring that the work site monitor reports in writing to the board monthly or on another schedule as directed by the board or its designee. Should the designated work site monitor suspect at any time during

the probationary period that respondent has abused alcohol or drugs, he or she shall notify the board immediately.

In the event of suspected abuse, the monitor shall make at least oral notification within one (1) business day of the occurrence, and shall be followed by written notification within two (2) business days of the occurrence. If, for any reason, including change of employment, respondent is no longer able to be monitored by the approved work site monitor, within ten (10) days respondent shall designate a new work site monitor for approval by the board or its designee. Failure to timely identify an acceptable initial or replacement work site monitor, or to ensure monthly reports are submitted to the board by the monitor, shall be considered a violation of probation.

Within thirty (30) days of being approved by the board or its designee, the work site monitor shall sign an affirmation that he or she has reviewed the terms and conditions of respondent's disciplinary order and agrees to monitor respondent. The work site monitor shall at least:

1) Have regular face-to-face contact with respondent in the work environment, at least once per week or with greater frequency if required by the board or its designee;

2) Interview other staff in the office regarding respondent's behavior, if applicable; and

3) Review respondent's work attendance.

The written reports submitted to the board or its designee by the work site monitor shall include at least the following information: respondent's name and license number; the monitor's name, license number (if applicable) and work site location; the date(s) the monitor had face-to-face contact with respondent; the staff interviewed, if applicable; an attendance report; notes on any changes in respondent's behavior or personal habits; notes on any indicators that may lead to substance abuse; and the work site monitor's signature.

Respondent shall complete the required consent forms and sign an agreement with the work site monitor and the board to allow the board to communicate with the work site monitor.

///

///

22. **Ethics Course**

Within sixty (60) calendar days of the effective date of this decision, respondent shall enroll in a course in ethics, at respondent's expense, approved in advance by the board or its designee that complies with Title 16 California Code of Regulations section 1773.5. Respondent shall provide proof of enrollment upon request. Within five (5) days of completion, respondent shall submit a copy of the certificate of completion to the board or its designee. Failure to timely enroll in an approved ethics course, to initiate the course during the first year of probation, to successfully complete it before the end of the second year of probation, or to timely submit proof of completion to the board or its designee, shall be considered a violation of probation.

23. **No Ownership or Management of Licensed Premises**

Respondent shall not own, have any legal or beneficial interest in, nor serve as a manager, administrator, member, officer, director, trustee, associate, or partner of any business, firm, partnership, or corporation currently or hereinafter licensed by the board. Respondent shall sell or transfer any legal or beneficial interest in any entity licensed by the board within ninety (90) days following the effective date of this decision and shall immediately thereafter provide written proof thereof to the board. Failure to timely divest any legal or beneficial interest(s) or provide documentation thereof shall be considered a violation of probation.

ACCEPTANCE

I have carefully read the above Stipulated Settlement and Disciplinary Order and have fully discussed it with my attorney. I understand the stipulation and the effect it will have on my Pharmacist License. I enter into this Stipulated Settlement and Disciplinary Order voluntarily, knowingly, and intelligently, and agree to be bound by the Decision and Order of the Board of Pharmacy.

DATED: 11-28-18

MARK MEINRAD MULLINS
Respondent

///

BEFORE THE
BOARD OF PHARMACY
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

In the Matter of the Accusation Against: **MARK MEINRAD MULLINS** [redacted] **Pharmacist License No. RPH 56060** Respondent.	Case No. 6331 **ACCUSATION**

Complainant alleges:

PARTIES

1. Virginia Herold (Complainant) brings this Accusation solely in her official capacity as the Executive Officer of the Board of Pharmacy (Board), Department of Consumer Affairs.

2. On or about September 1, 2004, the Board issued Pharmacist License Number RPH 56060 to Mark Meinrad Mullins (Respondent). The Pharmacist License was in full force and effect at all times relevant to the charges brought herein and will expire on August 31, 2018, unless renewed.

JURISDICTION

3. This Accusation is brought before the Board, under the authority of the following laws. All section references are to the Business and Professions Code unless otherwise indicated.

4. Section 4300, subdivision (a) of the Code states "Every license issued may be suspended or revoked."

5. Section 4300.1 of the Code states:

> The expiration, cancellation, forfeiture, or suspension of a board-issued license by operation of law or by order or decision of the board or a court of law, the placement of a license on a retired status, or the voluntary surrender of a license by a licensee shall not deprive the board of jurisdiction to commence or proceed with any investigation of, or action or disciplinary proceeding against, the licensee or to render a decision suspending or revoking the license.

STATUTORY PROVISIONS

6. Section 4301 of the Code states:

> The board shall take action against any holder of a license who is guilty of unprofessional conduct or whose license has been procured by fraud or misrepresentation or issued by mistake. Unprofessional conduct shall include, but is not limited to, any of the following:
>
> . . . .
>
> (f) The commission of any act involving moral turpitude, dishonesty, fraud, deceit, or corruption, whether the act is committed in the course of relations as a licensee or otherwise, and whether the act is a felony or misdemeanor or not.
>
> (g) Knowingly making or signing any certificate or other document that falsely represents the existence or nonexistence of a state of facts.
>
> (h) The administering to oneself, of any controlled substance, or the use of any dangerous drug or of alcoholic beverages to the extent or in a manner as to be dangerous or injurious to oneself, to a person holding a license under this chapter, or to any other person or to the public, or to the extent that the use impairs the ability of the person to conduct with safety to the public the practice authorized by the license.
>
> . . . .
>
> (j) The violation of any of the statutes of this state, of any other state, or of the United States regulating controlled substances and dangerous drugs.
>
> . . . .
>
> (o) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of or conspiring to violate any provision or term of this chapter or of the applicable federal and state laws and regulations governing pharmacy, including regulations established by the board or by any other state or federal regulatory agency.

7. Section 4059 of the Code states:

(a) A person may not furnish any dangerous drug, except upon the prescription of a physician, dentist, podiatrist, optometrist, veterinarian, or naturopathic doctor pursuant to Section 3640.7. A person may not furnish any dangerous device, except upon the prescription of a physician, dentist, podiatrist, optometrist, veterinarian, or naturopathic doctor pursuant to Section 3640.7.

. . . .

8. Section 4060 of the Code states:

No person shall possess any controlled substance, except that furnished to a person upon the prescription of a physician, dentist, podiatrist, optometrist, veterinarian, or naturopathic doctor pursuant to Section 3640.7, or furnished pursuant to a drug order issued by a certified nurse-midwife pursuant to Section 2746.51, a nurse practitioner pursuant to Section 2836.1, or a physician assistant pursuant to Section 3502.1, or naturopathic doctor pursuant to Section 3640.5, or a pharmacist pursuant to either subparagraph (D) of paragraph (4) of, or clause (iv) of subparagraph (A) of paragraph (5) of, subdivision (a) of Section 4052. This section shall not apply to the possession of any controlled substance by a manufacturer, wholesaler, pharmacy, pharmacist, physician, podiatrist, dentist, optometrist, veterinarian, naturopathic doctor, certified nurse-midwife, nurse practitioner, or physician assistant, when in stock in containers correctly labeled with the name and address of the supplier or producer.

Nothing in this section authorizes a certified nurse-midwife, a nurse practitioner, a physician assistant, or a naturopathic doctor, to order his or her own stock of dangerous drugs and devices.

9. Section 4113, subdivision (c) of the Code states: "The pharmacist-in-charge shall be responsible for a pharmacy's compliance with all state and federal laws and regulations pertaining to the practice of pharmacy."

10. Health and Safety Code section 11170 states that no person shall prescribe, administer, or furnish a controlled substance for himself.

COST RECOVERY

11. Section 125.3 of the Code provides, in pertinent part, that the Board may request the administrative law judge to direct a licentiate found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case.

DRUGS

12. Tramadol is a Schedule IV controlled substance pursuant to Code of Federal Regulations, title 21, section 1308.14(b)(3), and a dangerous drug pursuant to Business and Professions Code section 4022

13. Zolpidem is a Schedule IV controlled substance pursuant to Health and Safety Code section 11057, subdivision (d), and a dangerous drug pursuant to Business and Professions Code section 4022

FACTUAL ALLEGATIONS

14. Respondent was employed as the PIC at Rite Aid Pharmacy store 5728 located in Murrieta, California. In September 2017, a Rite Aid Pharmacy District Manager was notified by Rite Aid Pharmacy Headquarters that there were discrepancies concerning tramadol drug counts in reports generated from Rite Aid Pharmacy store 5728. Based on that information, on October 4, 2017, the Pharmacy District Manager and a loss prevention officer conducted a covert count (where loss prevention officers go to the pharmacy after hours without anyone's knowledge and perform a count on a specific narcotic) of tramadol. After conducting a covert count, they determined that there was a difference between the current on-hand inventory of pills at the pharmacy versus what had been reported to Rite Aid Corporate by Respondent. On October 11, 2017, another covert count was completed at Rite Aid Pharmacy store 5728 and additional losses of tramadol were discovered. Another covert count was conducted on October 26, 2017 and the Pharmacy District Manager and loss prevention officer discovered a shortage of zolpidem. In total, Rite Aid Pharmacy store 5728 reported a loss of 667 tablets of tramadol 50 mg and 178 tablets of zolpidem.

15. On November 6, 2017, Respondent was interviewed by a Senior Manager of Investigations at Rite Aid about the drug losses in the pharmacy. During the interview, Respondent admitted that he diverted tramadol and zolpidem from the pharmacy without a valid prescription for self-use. Respondent stated that he started taking the drugs from the pharmacy approximately eight months prior, following the passing of his father. He stated that the drugs helped take away some of the depression he was feeling while he mourned the loss of his father.

Respondent stated that he did not have a substance abuse problem. He admitted that he would take a few pills during formal and routine audits every few weeks. At the conclusion of the interview, Respondent signed a written statement admitting to diverting drugs from the pharmacy. Respondent was terminated from his position and Rite Aid notified the Board, who initiated their own investigation which included an interview with Respondent by a Board Inspector.

16. During the interview with the Board Inspector, Respondent admitted that he began diverting tramadol and zolpidem from the pharmacy inventory in or around March or April 2017. He stated that he took tramadol to take away the "anger and pain" and that he took zolpidem to help him sleep. He admitted that he never attempted to obtain a legitimate prescription from a prescriber and that he wanted to "fix himself." Respondent also admitted that as PIC, he was required by Rite Aid Corporate to periodically take a physical count of the drug inventory. He stated that he adjusted the on-hand count inventory records to match what corporate reported the pharmacy should have.

17. The controlled substances that Respondent stole from the pharmacy require a legitimate prescription following a good faith exam by the prescriber. However, Respondent never obtained a legitimate prescription from a prescriber.

FIRST CAUSE FOR DISCIPLINE

(Dishonest Act)

18. Respondent has subjected his license to disciplinary action under section 4301, subdivision (f) of the Code in that Respondent committed acts involving dishonesty, fraud, deceit, or corruption, as detailed in paragraphs 14 through 17 which are incorporated herein by reference, when he stole controlled substances from the pharmacy's inventory and attempted to cover-up his dishonest activities by adjusting on-hand count inventory records to match corporate's records, thereby inaccurately reporting information to Rite Aid corporate.

SECOND CAUSE FOR DISCIPLINE

(Use of Controlled Substances in Dangerous Manner)

19. Respondent has subjected his license to disciplinary action under section 4301, subdivision (h) of the Code in that Respondent illegally administered to himself controlled

substances to the extent or in a manner as to be dangerous or injurious to himself or the public, as evidenced by Respondent's admissions that he consumed tramadol and zolpidem, without a legitimate prescription from a prescriber, as detailed in paragraphs 14 through 17, above, and which are incorporated herein by reference.

THIRD CAUSE FOR DISCIPLINE

(Violating Statutes Regulating Controlled Substances)

20. Respondent has subjected his license to disciplinary action under section 4301, subdivision (j) of the Code for violation of Health and Safety Code section 11170 in that Respondent illegally obtained and administered to himself controlled substances, as detailed in paragraphs 14 through 17, above, and which are incorporated herein by reference.

FOURTH CAUSE FOR DISCIPLINE

(Violating Laws Governing Pharmacy)

21. Respondent has subjected his license to disciplinary action under section 4301, subdivision (o) of the Code for violation of Code sections 4059 and 4060 in that Respondent furnished controlled substances to himself without a valid prescription and he illegally possessed controlled substances without a prescription, as detailed in paragraphs 14 through 17, above, and which are incorporated herein by reference.

FIFTH CAUSE FOR DISCIPLINE

(Making a Document that Falsely Represents Facts)

22. Respondent has subjected his license to disciplinary action under section 4301, subdivisions (g) of the Code in that Respondent knowingly made or signed a document that falsely represented a state of facts, when Respondent purposefully and intentionally adjusted the pharmacy's on-hand count inventory records as detailed in paragraphs 14 through 17, above, and which are incorporated herein by reference.

DISCIPLINE CONSIDERATIONS

23. To determine the degree of discipline, if any, to be imposed on Respondent, Complainant alleges the following:

///

A. On or about September 16, 2016, in a prior action, the Board of Pharmacy issued Citation Number CI 2016 72100 and ordered Respondent to pay the total of $1,500.00. That Citation is now final and is incorporated by reference as if fully set forth.

B. On or about January 4, 2017, in a prior action, the Board of Pharmacy issued Citation Number CI 2016 73422 and ordered Respondent to pay the total of $500.00. That Citation is now final and is incorporated by reference as if fully set forth.

PRAYER

WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged, and that following the hearing, the Board of Pharmacy issue a decision:

1. Revoking or suspending Pharmacist License Number RPH 56060, issued to Mark Meinrad Mullins;

2. Ordering Mark Meinrad Mullins to pay the Board of Pharmacy the reasonable costs of the investigation and enforcement of this case, pursuant to Business and Professions Code section 125.3; and,

3. Taking such other and further action as deemed necessary and proper.

DATED: 3/6/18

Reason/Charge	
Minor in Possession of Alcoholic beverage in Public	
Plaintiff/Defendant/Claimant/Respondent	**Lawsuit/Arbitration/Bankruptcy**
City of Reno / Camila Gonzalez-Marquez	
Name of Business/Industry/Entity	
City of Reno	

Provide explanation below:

On April 17th, 2024, I received a misdemeanor citation in Reno, Nevada, for possession of an alcoholic beverage in public. The matter did not involve violence, drugs, theft, or any risk to public safety. I complied with all instructions from law enforcement & resolved the citation through Reno Municipal Court as required.

This was an isolated incident. I accepted responsibility and have since remained in full compliance with all laws & regulations. I understand the importance of professionalism, sound judgment, and adherence to legal & ethical standards, and I am committed to upholding these principles in my training & future practice.

This is in response to Question # 2. Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
12/23/24	04/29/25	Nv	Reno	Washoe County
Case # [redacted]		Governing, licensing, Arresting Presiding Body/Agency/Court: Reno Municipal Court		
Reason/Charge: DUI 1st				
Plaintiff/Defendant/Claimant/Respondent: City of Reno - Camila Gonzalez		Lawsuit/Arbitration/Bankruptcy		
Name of Business/Industry/Entity: City Of Reno				

Provide explanation below:

On December 23, 2024, I was cited in Reno, Nevada, for a first offense DUI. There was no accident, no injury, and no involvement of controlled substances. I cooperated fully with law enforcement The matter was resolved through Reno Municipal Court, and all court requirements were completed as ordered.

This incident was an isolated lapse in judgment. I accepted responsibility for my actions and have taken this experience seriously. Since that time, I have remained compliant with all laws & understand the importance of sound judgment, responsibility, and adherence to legal & professional standards, particularly in a healthcare setting.

Executive Director of the Board

BEFORE THE TEXAS BOARD OF NURSING

****

In the Matter of	§	AGREED ORDER
Registered Nurse License Number 906359	§	
issued to FRANCES ANNE GARCES PUESTA	§	FOR DEFERRED DISCIPLINE

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of FRANCES ANNE GARCES PUESTA, Registered Nurse License Number 906359, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived notice and hearing and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on March 1, 2018.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).

2. Respondent waived notice and hearing, and agreed to the entry of this Order.

3. Respondent's license to practice as a professional nurse in the State of Texas is in current status.

4. Respondent received a Baccalaureate Degree in Nursing from Manila Tytana College, Pasay, Philippines, on March 1, 2009. Respondent was licensed to practice professional nursing in the State of Texas on August 8, 2016.

5. Respondent's nursing employment history includes:

08/16 - Present	Registered Nurse	APEX Health Care Professionals Las Vegas, NV

01/17 - 05/17	Staff Nurse	Medical City Alliance Fort Worth, Texas
05/17 - Present	Unknown	

6. At the time of the incident, Respondent was employed as a Staff Nurse with Apex Healthcare, Irving, Texas, and on assignment at Medical City Alliance, Fort Worth, Texas, and had been in that position for two (2) months.

7. On or about March 23, 2017, through March 24, 2017, while employed as a Staff Nurse with Apex Healthcare, Irving, Texas, and on assignment at Medical City Alliance, Fort Worth, Texas, Respondent withdrew one (1) tablet of Xanax 0.25mg from the medication dispensing system for patient medical record number [redacted] but failed to document the administration or wastage of the medication in the patient's medical record. Furthermore, in failing to document withdrawal, administration, and wastage of the one (1) tablet of Xanax 0.25mg from the medication dispensing system, Respondent failed to take precautions to prevent misappropriation of one (1) tablet of Xanax 0.25mg belonging to the facility or patients thereof. Respondent's conduct created an incomplete medical record.

8. On or about May 3, 2017, while employed as a Staff Nurse with Apex Healthcare, Irving, Texas, and on assignment at Medical City Alliance, Fort Worth, Texas, Respondent failed to clarify a physician's order for Oxycodone 5/325mg PO 5 tablets Q4hrs for Patient Medical Record Number [redacted] Subsequently, Respondent administered five (5) tablets of Oxycodone 5/325mg to the patient and patient became confused and disoriented. The physician's order has been verified by another Registered Nurse (RN) and pharmacy prior to Respondents 'administration of the Oxycodone. Respondent's conduct was likely to injure the patient in that failure to administer medication as ordered by a physician could have resulted in non-efficacious treatment.

9. In response to Findings of Facts Number Seven (7), through Eight (8), Respondent states she gave the medication without scanning patient's ID and Xanax. Respondent states she was distracted and forgot to scan the medication administration. Respondent recognized 5 tablets were an unusual dose which is why she checked everything prior to administration including telling her co-workers and checking records so this is not a case of incompetence. Respondent took immediate actions to rectify any deficiencies in her nursing practice.

10. On or about May 16, 2018, Respondent successfully completed an Understanding Board Orders course, which would have been a requirement of this order.

11. On or about May 16, 2018, Respondent successfully completed a Sharpening Critical Thinking Skills course, which would have been a requirement of this order.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555 , the Board has jurisdiction over this matter.

2. Notice was served in accordance with law.

3. The evidence received is sufficient to prove violation(s) of 22 TEX. ADMIN. CODE §217.11(1)(A),(1)(B),(1)(C),(1)(D)&(1)(N) and 22 TEX. ADMIN. CODE §217.12(1)(A),(1)(B),(1)(C),(4),(6)(G)&(10)(C).

4. The evidence received is sufficient cause pursuant to Section 301.452(b)(10)&(13), Texas Occupations Code, to take disciplinary action against Registered Nurse License Number 906359, heretofore issued to FRANCES ANNE GARCES PUESTA.

5. Pursuant to Section 301.463(d), Texas Occupations Code, this Agreed Order is a settlement agreement under Rule 408, Texas Rules of Evidence, in civil or criminal litigation.

TERMS OF ORDER

I. SANCTION AND APPLICABILITY

IT IS THEREFORE AGREED and ORDERED, subject to ratification by the Texas Board of Nursing, that RESPONDENT SHALL receive the sanction of **REMEDIAL EDUCATION, DEFERRED,** in accordance with the terms of this Order.

A. This Order SHALL apply to any and all future licenses issued to Respondent to practice nursing in the State of Texas.

B. This Order SHALL be applicable to Respondent's nurse licensure compact privileges, if any, to practice nursing in the State of Texas.

C. As a result of this Order, Respondent's license(s) will be designated "single state" and Respondent may not work outside the State of Texas in another nurse licensure compact party state.

II. COMPLIANCE WITH LAW

While under the terms of this Order, RESPONDENT agrees to comply in all respects with the Nursing Practice Act, Texas Occupations Code, §§301.001 *et seq.*, the Rules and

Regulations Relating to Nurse Education, Licensure and Practice, 22 TEX. ADMIN. CODE §§211.1 *et seq.*, and this Order.

Further, RESPONDENT SHALL not commit any violation of the Nursing Practice Act, Texas Occupations Code, §§301.001 et seq., the Rules and Regulations Relating to Nurse Education, Licensure and Practice, 22 TEX. ADMIN. CODE §211.1 et seq. **for a period of three (3) years from the date of this Order.**

III. REMEDIAL EDUCATION COURSE(S)

In addition to any continuing education requirements the Board may require for licensure renewal, RESPONDENT SHALL successfully complete the following remedial education course(s) **within one (1) year of the effective date of this Order, unless otherwise specifically indicated**:

A. **A Board-approved course in Texas nursing jurisprudence and ethics** that shall be a minimum of six (6) hours in length. The course's content shall include the Nursing Practice Act, standards of practice, documentation of care, principles of nursing ethics, confidentiality, professional boundaries, and the Board's Disciplinary Sanction Policies regarding: Sexual Misconduct; Fraud, Theft and Deception; Nurses with Substance Abuse, Misuse, Substance Dependency, or other Substance Use Disorder; and Lying and Falsification. Courses focusing on malpractice issues will not be accepted. Home study courses and video programs will not be approved.

B. **A Board-approved course in medication administration** with a didactic portion of not less than six (6) hours and a clinical component of not less than twenty-four (24) hours. Both the didactic and clinical components must be provided by the same Registered Nurse. The course's content shall include: a review of proper administration procedures for all standard routes; computation of drug dosages; the six (6) rights of medication administration; factors influencing the choice of route; and possible adverse effects resulting from improper administration. The clinical component SHALL focus on tasks of medication administration only. The course description shall indicate goals and objectives for the course, resources to be utilized, and the methods to be used to determine successful completion of the course. Successful completion of this course requires RESPONDENT to successfully complete

both the didactic and clinical portions of the course.

C. **A Board-approved course in nursing documentation** that shall be a minimum of six (6) hours in length. The course's content shall include: nursing standards related to accurate and complete documentation; legal guidelines for recording; methods and processes of recording; methods of alternative record-keeping; and computerized documentation. Home study courses and video programs will not be approved.

In order to receive credit for completion of this/these course(s), RESPONDENT SHALL CAUSE the instructor to submit a Verification of Course Completion form or SHALL submit the continuing education certificate, as applicable, to the attention of Monitoring at the Board's office. RESPONDENT SHALL first obtain Board approval of any course prior to enrollment if the course is not being offered by a pre-approved provider. *Information about Board-approved courses and Verification of Course Completion forms are available from the Board at www.bon.texas.gov/compliance.*

IV. EFFECT OF DEFERRED DISCIPLINE

Upon successful completion of the stipulated requirements of this Order, all encumbrances will be removed from Respondent's license(s) to practice nursing in the State of Texas and, subject to meeting all existing eligibility requirements in Texas Occupations Code Chapter 304, Article III, RESPONDENT may be eligible for nurse licensure compact privileges, if any.

Upon the successful completion of the required three (3) year period of deferral, the complaint or complaints which formed the basis for this action will be dismissed and this Order will be made confidential to the same extent as a complaint filed under Section 301.466, Texas Occupations Code.

Until such time that this Order is made confidential, this Order is subject to disclosure in accordance with applicable law.

Should an additional allegation, complaint, accusation, or petition be reported or filed against Respondent prior to the time this Order is made confidential, the deferral period shall be extended until the allegation, accusation, or petition has been finally acted upon by the Board.

Should RESPONDENT commit a subsequent violation of the Nursing Practice Act or Board Rules, this Order shall be treated as prior disciplinary action.

BALANCE OF THIS PAGE INTENTIONALLY LEFT BLANK.

CONTINUED ON NEXT PAGE.

RESPONDENT'S CERTIFICATION

I understand that I have the right to legal counsel prior to signing this Agreed Order. I have reviewed this Order. I neither admit nor deny the violation(s) alleged herein. By my signature on this Order, I agree to the entry of this Order, and any conditions of said Order, to avoid further disciplinary action in this matter. I waive judicial review of this Order. I understand that when this Order becomes final and the terms of this Order become effective, a copy will be mailed to me. I understand that if I fail to comply with all terms and conditions of this Order, I will be subject to investigation and disciplinary sanction, including possible revocation of my license(s) to practice nursing in the State of Texas, as a consequence of my noncompliance.

Signed this 27th day of June, 2018.

FRANCES ANNE GARCES PUESTA, Respondent

Sworn to and subscribed before me this 27th day of June, 2018.

Dear Ms. Puesta:

Except for the required period of deferral, our file reflects that all other requirements of the Deferred Agreed Order entered on July 17, 2018, have been met.

Please be aware, however, that until you successfully complete the required period of deferral and the order is made confidential, the Deferred Agreed Order will remain in the public record and will be subject to disclosure pursuant to any public information act request.

Upon successfully completing the required period of deferral, the complaint filed against you and the Deferred Agreed Order will be made confidential to the same extent that a complaint is confidential under Section 301.466, TEX. OCC. CODE. Also be aware that although the National Council State Boards of Nursing, Inc., and the National Practitioner Data Bank (NPDB) will be notified of your successful completion of the terms of the Deferred Agreed Order, this disciplinary history may remain accessible to other state boards of nursing and certain members of the public through these databases.

Although having an unencumbered license is no longer a disqualifying event for multistate nurse licensure privileges, your eligibility for multistate nurse licensure privileges may be further affected by any disqualifying event specified in Texas Occupations Code Chapter 304, Article III. You will receive one or more additional letters under separate cover addressing your eligibility for multistate nurse licensure compact privileges. Additional information regarding the uniform licensing requirements may be found at www.bon.texas.gov/enlcnotice.asp.

Good luck in any future endeavors and should you have any questions, please contact me at (512) 305-6827.

Sincerely,

Diane Burell
Compliance Supervisor

Re: RN License Number 906359

Dear Frances Anne Garces Puesta:

Our records indicate that your prior disqualifying event(s) is/are no longer adversely affecting your eligibility to hold a multistate licensure privilege.

Our records further indicate that you may now be eligible to hold a multistate licensure privilege. In order to reinstate your nurse licensure compact privilege(s), you will need to complete and return the enclosed Declaration of Primary State of Residence Form.

Should you have any questions regarding this matter, please contact the customer service department at (512) 305-7400.

Sincerely,

Katherine A. Thomas

WARNING - This email originated from outside the State of Nevada. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good day, Ms. Mora,

Thank you for taking the time to assist me with my questions regarding the NPDB report related to my Texas RN license. I would like to begin by apologizing for the misunderstanding that occurred when I answered "no" to the question regarding any completed board citation. Both of my previous attorneys in Nevada and Texas had advised me that, because the Deferred Agreed Order from the Texas Board of Nursing had been fully completed, I could appropriately answer "no" to those items. I appreciate the opportunity you have given me to clarify this matter.

For reference, I entered into a Deferred Agreed Order with the Texas Board of Nursing on July 17, 2018. This represents the lowest level of board action in Texas. Details of this are outlined in the attached document titled "TX BON Board Order." I have also included the official correspondence from the Texas Board of Nursing dated August 2, 2018, confirming that I successfully completed all requirements and remained eligible to hold multistate licensure privileges.

Additionally, regarding the date of July 19, 2021, I received a letter from the Texas Board of Nursing on July 22, 2021, stating that I had satisfied all conditions of the three-year Deferred Agreed Order. The letter also confirms that the complaint against me was formally dismissed. This document is also attached for your review.

Please confirm receipt of all attachments at your earliest convenience.

Thank you again for allowing me to provide this explanation. Should you have any additional questions or require further information, please feel free to contact me. I look forward to your response.

Sincerely,
Frances Anne G. Puesta, FNP-C

akas: None

JUDGMENT AND PROBATION/COMMITMENT ORDER

MONTH	DAY	YEAR
MAY	21	2021

In the presence of the attorney for the government, the defendant appeared in person on this date.

COUNSEL Hamilton Arendsen (Rtd); Mark Mermelstein (Rtd)
(Name of Counsel)

PLEA [X] **GUILTY,** and the court being satisfied that there is a factual basis for the plea. [ ] **NOLO CONTENDERE** [ ] **NOT GUILTY**

FINDING There being a finding/verdict of **GUILTY,** defendant has been convicted as charged of the offense(s) of: Conspiracy in violation of 18 U.S.C. § 371 as charged in Count 1 of the Indictment.

JUDGMENT AND PROB/ COMM ORDER The Court asked whether there was any reason why judgment should not be pronounced. Because no sufficient cause to the contrary was shown, or appeared to the Court, the Court adjudged the defendant guilty as charged and convicted and ordered that: Pursuant to the Sentencing Reform Act of 1984, it is the judgment of the Court that the defendant is hereby committed to the custody of the Bureau of Prisons to be imprisoned for a term of **15 MONTHS:**

It is ordered that the defendant shall pay to the United States a special assessment of $100, which is due immediately. Any unpaid balance shall be due during the period of imprisonment, at the rate of not less than $25 per quarter, and pursuant to the Bureau of Prisons' Inmate Financial Responsibility Program.

Pursuant to Guideline §5E1.2(a), all fines are waived as the Court finds that the defendant has established that he is unable to pay and is not likely to become able to pay any fine.

The Court has entered a money judgment of forfeiture against the defendant, which is hereby incorporated by reference into this judgment and is final.

It is ordered that the defendant shall pay restitution pursuant to 18 U.S.C. § 3663A in the amount of $45,000.

The Court recommends that the Bureau of Prisons conduct a mental health evaluation of the defendant and provide all necessary treatment.

Pursuant to the Sentencing Reform Act of 1984, it is the judgment of the Court that the defendant, Jeffrey David Gross, is hereby committed on Count 1 of the 14-Count Indictment to the custody of the Bureau of Prisons for a term of **15 MONTHS.**

Upon release from imprisonment, the defendant shall be placed on supervised release for a term of three years under the following terms and conditions:

1. The defendant shall comply with the rules and regulations of the United States Probation & Pretrial Services Office and Second Amended General Order 20-04;

2. During the period of community supervision, the defendant shall pay the special assessment in accordance with this judgment's orders pertaining to such payment;

3. The defendant shall cooperate in the collection of a DNA sample from the defendant;

4. The defendant shall participate in mental health treatment, which may include evaluation and counseling, until discharged from the program by the treatment provider, with the approval of the Probation Officer;

5. As directed by the Probation Officer, the defendant shall pay all or part of the costs of the Court-ordered treatment to the aftercare contractors during the period of community supervision. The defendant shall provide payment and proof of payment as directed by the Probation Officer. If the defendant has no ability to pay, no payment shall be required;

6. The defendant shall report this conviction to the Medical Board of California, and to any other state in which the defendant has been licensed as a physician, and thereafter comply with any orders, including any employment or business restrictions. Further, the defendant shall show proof to the Probation Officer of compliance with this order; and

7. As directed by the Probation Officer, the defendant shall provide to the Probation Officer: (1) a signed release authorizing credit report inquiries; (2) federal and state income tax returns and a signed release authorizing their disclosure and (3) an accurate financial statement, with supporting documentation as to all assets, income, expenses, and liabilities of the defendant.

The drug testing condition mandated by statute is suspended based on the Court's determination that the defendant poses a low risk of future substance abuse.

The Court authorizes the Probation Office to disclose the Presentence Report and any previous mental health evaluations or reports to the mental health treatment provider. The treatment provider may provide information, excluding the Presentence Report, to State or local social service agencies for the purpose of the client's rehabilitation.

It is further ordered that the defendant surrender herself to the institution designated by the Bureau of Prisons on or before 12 noon on **August 16, 2021.** In the absence of such designation, the defendant shall report on or before the same date and time to the United States Marshal located at United States Court House, 411 W. Fourth Street, Santa Ana, CA 92701.

//

//

//

//

The Court strongly recommends that the defendant be housed at FCI Lompoc in Southern California to facilitate visitation with family, friends, and loved ones.

USA vs. Jeffrey David Gross Docket No.: SACR 18-00014-JLS

On government's motion, all remaining counts dismissed.

Bond is exonerated upon surrender.

The Court advised the defendant of his right to appeal.

In addition to the special conditions of supervision imposed above, it is hereby ordered that the Standard Conditions of Probation and Supervised Release within this judgment be imposed. The Court may change the conditions of supervision, reduce or extend the period of supervision, and at any time during the supervision period or within the maximum period permitted by law, may issue a warrant and revoke supervision for a violation occurring during the supervision period.

USA vs. Jeffrey David Gross Docket No.: SACR 18-00014-JLS

The defendant must comply with the standard conditions that have been adopted by this court (set forth below).

STANDARD CONDITIONS OF PROBATION AND SUPERVISED RELEASE

While the defendant is on probation or supervised release pursuant to this judgment:

1. The defendant must not commit another federal, state, or local crime;
2. The defendant must report to the probation office in the federal judicial district of residence within 72 hours of imposition of a sentence of probation or release from imprisonment, unless otherwise directed by the probation officer;
3. The defendant must report to the probation office as instructed by the court or probation officer;
4. The defendant must not knowingly leave the judicial district without first receiving the permission of the court or probation officer;
5. The defendant must answer truthfully the inquiries of the probation officer, unless legitimately asserting his or her Fifth Amendment right against self-incrimination as to new criminal conduct;
6. The defendant must reside at a location approved by the probation officer and must notify the probation officer at least 10 days before any anticipated change or within 72 hours of an unanticipated change in residence or persons living in defendant's residence;
7. The defendant must permit the probation officer to contact him or her at any time at home or elsewhere and must permit confiscation of any contraband prohibited by law or the terms of supervision and observed in plain view by the probation officer;
8. The defendant must work at a lawful occupation unless excused by the probation officer for schooling, training, or other acceptable reasons and must notify the probation officer at least ten days before any change in employment or within 72 hours of an unanticipated change;
9. The defendant must not knowingly associate with any persons engaged in criminal activity and must not knowingly associate with any person convicted of a felony unless granted permission to do so by the probation officer. This condition will not apply to intimate family members, unless the court has completed an individualized review and has determined that the restriction is necessary for protection of the community or rehabilitation;
10. The defendant must refrain from excessive use of alcohol and must not purchase, possess, use, distribute, or administer any narcotic or other controlled substance, or any paraphernalia related to such substances, except as prescribed by a physician;
11. The defendant must notify the probation officer within 72 hours of being arrested or questioned by a law enforcement officer;
12. For felony cases, the defendant must not possess a firearm, ammunition, destructive device, or any other dangerous weapon;
13. The defendant must not act or enter into any agreement with a law enforcement agency to act as an informant or source without the permission of the court;
14. As directed by the probation officer, the defendant must notify specific persons and organizations of specific risks posed by the defendant to those persons and organizations and must permit the probation officer to confirm the defendant's compliance with such requirement and to make such notifications;
15. The defendant must follow the instructions of the probation officer to implement the orders of the court, afford adequate deterrence from criminal conduct, protect the public from further crimes of the defendant; and provide the defendant with needed educational or vocational training, medical care, or other correctional treatment in the most effective manner.

USA vs. Jeffrey David Gross Docket No.: SACR 18-00014-JLS

[X] The defendant must also comply with the following special conditions (set forth below).

STATUTORY PROVISIONS PERTAINING TO PAYMENT AND COLLECTION OF FINANCIAL SANCTIONS

The defendant must pay interest on a fine or restitution of more than $2,500, unless the court waives interest or unless the fine or restitution is paid in full before the fifteenth (15th) day after the date of the judgment under 18 U.S.C. § 3612(f)(1). Payments may be subject to penalties for default and delinquency under 18 U.S.C. § 3612(g). Interest and penalties pertaining to restitution, however, are not applicable for offenses completed before April 24, 1996.

If all or any portion of a fine or restitution ordered remains unpaid after the termination of supervision, the defendant must pay the balance as directed by the United States Attorney's Office. 18 U.S.C. § 3613.

The defendant must notify the United States Attorney within thirty (30) days of any change in the defendant's mailing address or residence address until all fines, restitution, costs, and special assessments are paid in full. 18 U.S.C. § 3612(b)(l)(F).

The defendant must notify the Court (through the Probation Office) and the United States Attorney of any material change in the defendant's economic circumstances that might affect the defendant's ability to pay a fine or restitution, as required by 18 U.S.C. § 3664(k). The Court may also accept such notification from the government or the victim, and may, on its own motion or that of a party or the victim, adjust the manner of payment of a fine or restitution under 18 U.S.C. § 3664(k). See also 18 U.S.C. § 3572(d)(3) and for probation 18 U.S.C. § 3563(a)(7).

Payments will be applied in the following order:

1. Special assessments under 18 U.S.C. § 3013;
2. Restitution, in this sequence (under 18 U.S.C. § 3664(i), all non-federal victims must be paid before the United States is paid):
   Non-federal victims (individual and corporate),
   Providers of compensation to non-federal victims,
   The United States as victim;
3. Fine;
4. Community restitution, under 18 U.S.C. § 3663(c); and
5. Other penalties and costs.

CONDITIONS OF PROBATION AND SUPERVISED RELEASE PERTAINING TO FINANCIAL SANCTIONS

As directed by the Probation Officer, the defendant must provide to the Probation Officer: (1) a signed release authorizing credit report inquiries; (2) federal and state income tax returns or a signed release authorizing their disclosure and (3) an accurate financial statement, with supporting documentation as to all assets, income and expenses of the defendant. In addition, the defendant must not apply for any loan or open any line of credit without prior approval of the Probation Officer.

When supervision begins, and at any time thereafter upon request of the Probation Officer, the defendant must produce to the Probation and Pretrial Services Office records of all bank or investments accounts to which the defendant has access, including any business or trust accounts. Thereafter, for the term of supervision, the defendant must notify and receive approval of the Probation Office in advance of opening a new account or modifying or closing an existing one, including adding or deleting signatories; changing the account number or name, address, or other identifying information affiliated with the account; or any other modification. If the Probation Office approves the new account, modification or closing, the defendant must give the Probation Officer all related account records within 10 days of opening, modifying or closing the account. The defendant must not direct or ask anyone else to open or maintain any account on the defendant's behalf.

The defendant must not transfer, sell, give away, or otherwise convey any asset with a fair market value in excess of $500 without approval of the Probation Officer until all financial obligations imposed by the Court have been satisfied in full.

These conditions are in addition to any other conditions imposed by this judgment.

Summary

FORMAL COMPLAINT Case No. 22-38073-1 April 12, 2022

The Investigative Committee of the Nevada State Board of Medical Examiners filed a formal Complaint against Jeffrey David Gross, M.D. alleging four (4) violations of Nevada Revised Statutes (NRS) Chapter 630. Count I: Alleges a violation of NRS 630.301(1) Conviction of a Felony Relating to the Practice of Medicine. Count II: Alleges a violation of NRS 630.301(9) Disreputable Conduct. Count III: Alleges a violation of NRS 630.301(11)(g) Conviction of an Offense Involving Moral Turpitude. Count IV: Alleges a violation of NRS 630.306(a)(b)(1) Engaging in Conduct Which is Intended to Deceive.

Complaint: five (5) pages.

COMPLIANCE Case No. 22-38073-1 June 18, 2024

Completed all terms of the settlement agreement for the above case as of June 7, 2024.

****

SETTLEMENT AGREEMENT Case No. 22-38073-1 September 16, 2022

On September 16, 2022, the Nevada State Board of Medical Examiners (Board) accepted and approved a Settlement Agreement which allowed for an order to be entered finding that Dr. Gross violated NRS 630.301(9) and NRS 630.301(11)(g), as set forth in Counts II and III of the Complaint, and ordering the following: that his license to practice medicine in the State of Nevada be suspended, with the suspension immediately stayed and his license placed on probation for a period of 48months from the date of the Board's acceptance, adoption and approval of the Agreement, subject to various terms and conditions, including the following: he shall receive a public reprimand; pay a total fine in the amount of $5,000; complete 20 hours of Continuing Medical Education (CME), in addition to his statutory CME requirements for licensure; he shall perform 300 hours of community service without compensation; he shall successfully complete all requirements as established by the U.S. District Court Central District of California in Case No. 8:18-cr-00014-JLS and the rules and regulations of the U.S. Probation and Pretrial Services Office, and the Second Amended General Order 20-04; he shall submit to the Board documentation regarding the terms, requirements and compliance of his supervised release; he shall submit to and pass all 5 sections of the Ethics and Boundaries Assessment Services (EBAS) examination, at his own expense; and he shall reimburse the Board's fees and costs incurred in the investigation and prosecution of the case against him. Counts I and IV of the Complaint were dismissed with prejudice.

Settlement Agreement: ten (10) pages

Laurie Rose Lubiano, J.D., Chair
Panel A

BEFORE THE
MEDICAL BOARD OF CALIFORNIA
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

In the Matter of the Accusation Against:

JEFFREY DAVID GROSS, M.D.

Physician's and Surgeon's Certificate No. G 79394,

Respondent.

Agency Case No. 800-2018-045045

OAH No. 2022080683

PROPOSED DECISION

Thomas Heller, Administrative Law Judge, Office of Administrative Hearings (OAH), State of California, heard this matter by videoconference on May 8, 2023.

Peggy Bradford Tarwater, Deputy Attorney General, represented complainant Regi Varghese, Interim Executive Director, Medical Board of California (Board), Department of Consumer Affairs.

Craig B. Garner, Esq., Garner Health Law Corporation, represented respondent Jeffrey David Gross, M.D.

Oral and documentary evidence was received, and the parties also stipulated to certain facts. On May 15, 2023, respondent requested official notice of a United States Supreme Court decision issued after the hearing, and complainant objected to the request. In an order dated June 6, 2023, the administrative law judge overruled the objection, reopened the record to take official notice of the decision, and took the matter under submission.

SUMMARY

Complainant requests that the Board revoke respondent's physician's and surgeon's certificate due to his federal criminal conviction in 2021 of conspiring to commit honest-services mail and wire fraud. The conviction arose from a scheme in which respondent accepted bribes and kickbacks that were paid to induce him to refer patients to a hospital for spinal surgeries and other medical procedures between 2008 and 2013. Complainant argues respondent's conduct and criminal conviction are grounds for revocation because they are substantially related to the qualifications, functions, or duties of a physician and surgeon, and revocation is necessary to protect the public due to the dishonest and corrupt nature of the crime and respondent's alleged lack of rehabilitation.

Respondent argues that any disciplinary action against his certificate should be limited to a stayed revocation with probation rather than an outright revocation. Respondent has complied with the terms of his criminal sentence, and he accepted responsibility for his crime by pleading guilty to it. Furthermore, respondent contends his criminal conduct did not arise from or occur during patient care, treatment, management, or billing, and it is therefore less serious for disciplinary purposes than a

crime that did. According to respondent, the crime never affected patient care or influenced respondent's medical decision making.

Complainant proved respondent's conduct and criminal conviction are grounds for disciplinary action against respondent's certificate. Respondent's years-long conspiracy to commit honest-services fraud was serious, dishonest, and substantially related to the qualifications, functions, and duties of a physician and surgeon. Furthermore, the conspiracy arose from patient care, treatment, management, or billing, despite respondent's contention to the contrary. Respondent conspired to defraud patients of their right to honest services by accepting bribes and kickbacks intended to influence their care and treatment.

In addition, respondent's evidence does not show he is rehabilitated. While respondent's criminal conduct ended in 2013, the criminal conviction itself is recent, and respondent was released from prison just last year, leaving only a limited time in which to assess his rehabilitation. Respondent is also still on supervised release, and his good behavior while under supervision is accorded little weight in analyzing his rehabilitation because he is required to behave in exemplary fashion while under supervision. In addition, respondent's testimony does not show he has had a substantial change in attitude from that which existed at the time of the conspiracy. Instead, respondent downplayed the gravity of his criminal conduct, at times appearing to challenge the factual basis for his criminal conviction.

Considering the entire record, revocation of respondent's certificate is warranted. Complainant also requests an order directing respondent to pay the Board's investigative and enforcement costs; that request will be granted in part.

///

FACTUAL FINDINGS

Background

1. On July 6, 1994, the Board issued respondent physician's and surgeon's certificate number G 79394. The certificate is renewed and current with an expiration date of November 30, 2023.

2. Respondent is a neurosurgeon who formerly operated Oasis Medical Providers, Inc. (Oasis), a medical practice based in Laguna Niguel, California. He is also a licensed physician in Nevada and Utah; he became licensed in those states in February 2011 and September 2021, respectively. Respondent earned his medical degree from George Washington University in Washington, D.C., and he started his private practice in Laguna Niguel in 1999. From 2005 through 2013, respondent performed surgeries and other medical procedures on some of his patients at Pacific Hospital of Long Beach, California (Pacific Hospital).

Criminal Conviction

3. Pacific Hospital closed in the fall of 2013 following a raid by federal authorities in a criminal investigation of alleged healthcare fraud. On January 23, 2018, an Indictment was filed against respondent in the United States District Court, Central District of California, Case No. SA CR 18-00014-CJC. Count One of the Indictment charged respondent with conspiring with Pacific Hospital's owner, Michael D. Drobot, and others to defraud patients of their right to honest services by accepting bribes and kickbacks that were paid to induce respondent to refer patients to Pacific Hospital for spinal surgeries and other medical services.

4. On July 16, 2020, respondent agreed to plead guilty to Count One of the Indictment. In his plea agreement, respondent admitted he conspired to commit honest-services mail and wire fraud in violation of 18 U.S.C. section 371, a felony, by receiving bribes and kickbacks disguised as legitimate payments under three agreements with Pacific Hospital and Pacific Specialty Physician Management, Inc. (PSPM), an affiliated company that Drobot also controlled. First, in February 2008, respondent agreed to sublease Oasis's medical office space to PSPM in return for monthly payments of $15,000. Second, in November 2008, respondent agreed to an option contract under which PSPM promised to pay $15,000 per month to Oasis for the option to purchase the accounts receivable and all other tangible assets of Oasis. Respondent knew that one unstated purpose of both agreements was to induce him to bring certain spinal surgery patients to Pacific Hospital, but respondent did not disclose that information to patients. PSPM paid Oasis $145,000 under the sublease agreement and $105,000 under the option agreement.

5. Third, in April 2009, respondent entered into an outsourced collections agreement with Pacific Hospital in which he agreed to assist with collections on some of the spinal surgery cases he performed at the hospital in exchange for 15 percent of any amounts the hospital collected for those surgeries. The agreement, later amended, also called for respondent to be paid 10 percent of the collected amount on other outpatient surgeries. During surgeries, if respondent used hardware from International Implants, a Drobot-formed hardware distribution company, he was advanced $5,000 regardless of subsequent collections. Once again, respondent knew that one purpose of the agreement was to induce him to bring certain spinal surgery patients to Pacific Hospital, and he did not disclose this information to his patients. Pacific Hospital paid Oasis $372,936 under this agreement.

6. As part of his guilty plea, respondent admitted Drobot paid him a total of $622,936 under the agreements between April 2008 and May 2013. During that time, respondent referred dozens of patients to Pacific Hospital for spinal surgeries based in part on payments made to him under those agreements. Respondent admitted he understood the amounts paid to him by Drobot constituted bribes and kickbacks to induce him to refer his patients to Pacific Hospital. Respondent also admitted that in furtherance of the scheme, he and his co-conspirators transmitted items by mail and interstate wire communications.

7. On May 21, 2021, the court accepted the plea agreement as to Count One, dismissed the other charges in the Indictment, and sentenced respondent to 15 months in federal prison to be followed by three years of supervised release. The court also ordered respondent to forfeit $622,936 to the government, to pay a fine of $100, and to report the conviction to the Board. On July 21, 2021, the court ordered respondent to pay a total of $45,000 in victim restitution to three patients who received implant hardware for which respondent received kickbacks from Drobot, with payments to be credited against the amount of the forfeiture order.

8. In August 2021, respondent surrendered to federal correctional authorities to begin his prison sentence. He was released in January 2022 to a halfway house in Las Vegas, Nevada, which was followed by a period of home confinement. On July 5, 2022, respondent was released from home confinement and placed on supervised release.

Procedural History

9. In late April 2022, the Board notified respondent that his physician's and surgeon's certificate was automatically suspended due to his incarceration on the

criminal conviction. On May 2, 2022, respondent objected to the suspension because he had already been released from prison to the halfway house in Las Vegas. On the same day, William Prasifka, complainant's predecessor as the Board's executive director, filed the accusation in his official capacity charging respondent with four causes for disciplinary action: (1) conviction of a crime; (2) dishonest or corrupt acts/healthcare fraud; (3) unprofessional conduct; and (4) fraudulent/false claims and statements. Respondent timely filed a notice of defense. On July 13, 2022, the Board notified respondent that the automatic suspension was dissolved, allowing respondent to resume practice within the state. Complainant served a notice of hearing on respondent in late August 2022.

Hearing

COMPLAINANT'S CASE

10. At the hearing, complainant amended the accusation to delete the fourth cause for discipline for fraudulent/false claims and statements. As to the three remaining causes for discipline, complainant presented court records of respondent's plea, his criminal conviction, and his sentencing hearing to support the disciplinary charges. At the sentencing hearing, respondent expressed regret for making a "grand mistake," while stating the bribes and kickbacks did not affect the quality of patient care. (Exhibit 9, p. A196.) But when stating the reasons for the sentence, the court noted that "[p]atients who are undergoing serious and potentially life-threatening procedures are entitled to the peace of mind that comes from knowing that their doctor is considering only their best interest in deciding that surgery is called for and in selecting a facility and in selecting the hardware to be used in that surgery." (*Id.* at pp. A223-224.) Respondent nonetheless "picked the facility [i.e., Pacific Hospital] and the physical hardware that earned him upfront payments. He participated in trading

patient referrals for regular substantial kickbacks and that robbed his patients . . . of the peace of mind that they need when going through a procedure like this. And it was for money. There's no other reason to have engaged in this conduct." (*Id.* at p. A224.) "Quite simply, this scheme introduced greed into the physician-patient relationship." (*Id.* at p. A223.)

11. Complainant also presented a cost certification stating that the Department of Justice billed the Board for $23,327.50 in case-related costs through April 18, 2023, and the Department of Justice expected to bill the Board another $1,730 in costs up to the start of the hearing. The costs are attributable to 107 hours of attorney and paralegal work, plus eight hours of anticipated additional work. Based on the cost certification, complainant requests an order directing respondent to pay costs totaling $25,057.50 to the Board.

RESPONDENT'S CASE

12. Respondent testified that when he first read the Indictment, he did not believe he had done anything wrong. An attorney for the hospital, Michael Tichon, drafted and negotiated the agreements between respondent and Pacific Hospital and PSPM. Respondent trusted Tichon to provide good advice, and respondent had no reason to believe the agreements were unlawful. Tichon died before respondent was indicted.

13. In addition, respondent testified he never let the agreements affect his medical decision making for any patients. According to respondent, he always considered surgery to be a last resort for his patients, and the agreements with Pacific Hospital and PSPM did not change that conservative approach. Respondent's plea agreement includes a statement that it is "not meant to indicate that [respondent]

provided any patients with substandard medical or surgical care or that any treatment he recommended, prescribed, and/or delivered was not medically necessary." (Exhibit 3, pp. A144-145.) Respondent testified he never did. Respondent also noted he had a sign posted in his office between approximately 2007 until 2016 disclosing to patients that Oasis provided "contract/billing/collections/negotiations services for a number of professionals and entities, including . . . health care facilities where you may have had or are recommended to have treatment." (Exhibit Q.) According to respondent, the disclosure pertained to Oasis' agreements with PSPM and Pacific Hospital, among others.

14. Respondent fought the criminal charges for about two years before agreeing to plead guilty. Respondent testified that during plea negotiations, he became aware of "certain challenges" in the case and of a jury instruction for honest-services fraud that led him to believe he faced a "very uphill battle" for an acquittal at trial. Therefore, he admitted to conspiring with Drobot and others to commit honest-services mail and wire fraud. Drobot and other physicians have also been convicted of crimes related to the conspiracy, but respondent testified he did not know other physicians were involved in the conspiracy at the time.

15. Respondent explained that the surgeries he performed at Pacific Hospital were on personal injury lien patients, i.e., patients with injury claims against third parties. For such patients, respondent would operate on the patient in return for a lien on any recovery in the patient's personal injury case. Pacific Hospital also received a lien for its costs on the patient's personal injury recovery. If the patient lost the personal injury case, respondent had the right to pursue payment from the patient, but respondent testified he never did.

///

16. Respondent treated personal injury lien patients at Pacific Hospital because his primary hospital, Hoag Hospital in Newport Beach, California, would not admit those patients, who were often uninsured and unable to pay out of pocket for their care. According to respondent, his staff privileges at Pacific Hospital allowed him to provide surgical care to persons who otherwise may not have received it. Furthermore, respondent testified he generally was not paid his entire bill for a surgery on a personal injury lien patient. Respondent estimates he discounted over two million dollars from his usual and customary charges for surgeries on such patients at Pacific Hospital.

17. Respondent is current on payments on the criminal court's restitution and forfeiture orders, although "some amount" is still owing. Respondent currently resides and practices in Nevada. He is in solo practice and primarily treats patients with private insurance, although he still treats some personal injury lien patients. He also treats Medicare and Medicaid patients without charge, something he testified he has done since 2005 as a way of giving back to the community. Before the criminal conviction, he could have billed the government but never did; after the criminal conviction, he has been excluded from billing federal entities for 10 years.

18. In September 2022, the Nevada State Board of Medical Examiners suspended respondent's medical license in that state, stayed the suspension, and placed respondent on probation for four years. Similarly, in early November 2022, the Division of Licensing of the Department of Commerce of the State of Utah revoked respondent's license in that state, stayed the revocation, and placed respondent on probation for three years. Both orders were stipulated resolutions of disciplinary charges based on the same criminal conviction and underlying conduct at issue in this

case. There have been no allegations of other misconduct against respondent since the criminal conviction.

19. Respondent testified he is in compliance with the terms of conditions of the probation orders in Nevada and Utah. Among other requirements, the Nevada order required him to pass an Ethics and Boundary Assessment examination. The Utah order also required respondent to take up to six additional hours of continuing education over and above the minimum continuing education requirements. In mid-November 2022, respondent completed a two-day continuing education course in medical ethics and professionalism.

20. Supplementing his testimony, respondent presented letters from patients, two attorneys for personal injury lien patients, the landlord for Oasis, and a treating psychotherapist attesting to respondent's exemplary medical care and good character. The letters are from 2021 and pertain to his sentencing in the criminal case. The patients and attorneys describe respondent as a highly skilled and professional surgeon who went above and beyond what was expected in providing medical care. The landlord for Oasis describes respondent as a dedicated and caring physician and human being. Respondent's psychotherapist wrote that through their work together, respondent has "realized a long history of over-compliance with requests and demands of others" and now knows that "escaping discomfort and trying to meet the demands of financial pressure" caused a major lapse in judgment. (Exhibit J.)

21. Regarding the Board's costs, two Deputy Attorneys General worked on the case, and respondent argues the work of the first Deputy Attorney General was unnecessary and duplicative of the work of the second Deputy Attorney General who represented complainant at the hearing. The costs attributable to the first Deputy Attorney General total $14,225 for 64.75 hours billed between April and August 2022.

Analysis of Evidence

22. Respondent contends his criminal conduct did not arise from or occur during patient care, treatment, management, or billing, making it less serious for disciplinary purposes than a crime that did. But respondent conspired to defraud patients of their right to honest services in their medical care and treatment by accepting bribes and kickbacks intended to influence their care. In the words of the judge in his criminal case, respondent "participated in trading patient referrals for regular substantial kickbacks," which "introduced greed into the physician/patient relationship" and "robbed his patients . . . of the peace of mind that they need when going through a [surgical] procedure." (Exhibit 9, pp. A223-224.) Therefore, respondent's crime arose from patient care, management, treatment, or billing for purposes of assessing the appropriate disciplinary action.

23. In his testimony, respondent also downplayed the gravity of his crime, at times appearing to challenge the facts underlying his guilty plea and conviction. Respondent portrayed his plea agreement as borne of necessity due to an unfavorable jury instruction about honest-services fraud, rather than due to a realization of wrongdoing. Respondent also emphasized the role of the attorney for Pacific Hospital in drafting and negotiating the sham agreements, seeming to imply the attorney was at fault for respondent's unwitting participation in a crime. But in his plea agreement, respondent admitted he understood the amounts paid to him by Drobot constituted bribes and kickbacks to induce him to refer his patients to Pacific Hospital. Similarly, respondent's emphasis on the sign in his office stating that Oasis provided "contract/billing/collections/negotiations services for a number of professionals and entities" appeared to imply that respondent believes he adequately notified patients about the agreements with Pacific Hospital and PSPM. But in his plea agreement,

respondent admitted he did not disclose to patients that an unstated purpose of the agreements was to induce respondent to refer patients to Pacific Hospital.

24. Furthermore, respondent did not acknowledge that the bribery and kickback scheme "robbed his patients . . . of the peace of mind that they need when going through a [surgical] procedure." (Exhibit 9, p. A223.) Instead, respondent claimed there was no harm to patients because the agreements with Pacific Hospital and PSPM never affected respondent's medical decision making. The court's award of $45,000 in victim restitution to three patients who received implant hardware for which respondent received kickbacks is inconsistent with respondent's claim. Furthermore, respondent's belief that his crime was technical and victimless is not much different than his original belief when he first learned of the Indictment that he had done nothing wrong. This weighs against a finding that he has had a substantial change in attitude from that which existed at the time of the conspiracy.

25. As to costs, complainant's certification lacks sufficient detail to support a finding that the full amount of the original Deputy Attorney General's costs is reasonable. The hours (64.75) and costs ($14,225) of the work of the original Deputy Attorney General are more than half of the costs and hours described in the certification. This seems disproportionate to what occurred in the case during the time period of the work (April through August 2022), which was complainant's filing of the accusation, a request to OAH to schedule a hearing, and a notice of hearing. Complainant's cost certification does not explain why the hours and costs for the period are higher than expected for what occurred during that time.

///

///

LEGAL CONCLUSIONS

Legal Standards

1. "The board shall take action against any licensee who is charged with unprofessional conduct." (Bus. & Prof. Code, § 2234; undesignated statutory references are to this code.) For criminal offenses of a licensee, "[t]he conviction of any offense substantially related to the qualifications, functions, or duties of a physician and surgeon constitutes unprofessional conduct. . . ." (§ 2236, subd. (a); see also § 490, subd. (a).) Unprofessional conduct also "includes, but is not limited to," "[t]he commission of any act involving dishonesty or corruption that is substantially related to the qualifications, functions, or duties of a physician and surgeon." (§ 2234, subd. (e).)

2. A plea of guilty is deemed to be a conviction within the meaning of section 2236. (§ 2236, subd. (d); see also § 490.) A crime, professional misconduct, or act is considered substantially related to the qualifications, functions, or duties of a licensee "if to a substantial degree it evidences present or potential unfitness of a person holding a license to perform the functions authorized by the license in a manner consistent with the public health, safety or welfare." (Cal. Code Regs., tit. 16, § 1360, subd (a).) "Such crimes, professional misconduct, or acts shall include but not be limited to the following: Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate any provision of state or federal law governing the applicant's or licensee's professional practice." (*Ibid.*) "In making the substantial relationship determination required under subdivision (a) for a crime, the board shall consider the following criteria: [¶] (1) The nature and gravity of the crime; [¶] (2) The number of years elapsed since the date of the crime; and [¶] (3)

The nature and duties of the profession." (Cal. Code Regs., tit. 16, § 1360, subd. (b); see also § 493, subd. (b)(1).)

3. "A licensee whose matter has been heard by an administrative law judge of the Medical Quality Hearing Panel as designated in Section 11371 of the Government Code . . . and who is found guilty, . . . may, in accordance with the provisions of this chapter: [¶] (1) Have his or her license revoked . . . . [¶] (2) Have his or her right to practice suspended for a period not to exceed one year . . . . [¶] (3) Be placed on probation and be required to pay the costs of probation monitoring . . . . [¶] (4) Be publicly reprimanded . . . . [¶] (5) Have any other action taken in relation to discipline as part of an order of probation, as the board or an administrative law judge may deem proper." (§ 2227, subd. (a).)

4. Complainant bears the burden of proving the alleged grounds for disciplinary action by clear and convincing evidence to a reasonable certainty. (*Ettinger v. Board of Medical Quality Assurance* (1982) 135 Cal.App.3d 853, 856.) Clear and convincing evidence "requires a finding of high probability," and has been described as "requiring that the evidence be '"so clear as to leave no substantial doubt"; "sufficiently strong to command the unhesitating assent of every reasonable mind."' [Citation.]" (*In re Angelia P.* (1981) 28 Cal.3d 908, 919.) "Evidence of a charge is clear and convincing so long as there is a 'high probability' that the charge is true. [Citations.] The evidence need not establish the fact beyond a reasonable doubt." (*Broadman v. Commission on Judicial Performance* (1998) 18 Cal.4th 1079, 1090.)

Analysis

CAUSES FOR DISCIPLINE

First Cause for Discipline – Criminal Conviction

5. In the first cause for discipline, complainant alleges respondent is subject to disciplinary action because he was convicted of a crime substantially related to the qualifications, functions, or duties of a physician and surgeon. (§ 2236, subd. (a).)

6. Complainant proved this cause for discipline by clear and convincing evidence. Respondent's criminal conviction for conspiracy to commit honest-services mail and wire fraud is substantially related to the qualifications, functions, or duties of a physician and surgeon considering the nature and gravity of the crime, the time elapsed since the crime, and the nature and duties of the profession. (Cal. Code Regs., tit. 16, § 1360, subd. (b.) With respect to the nature of the crime, respondent accepted bribes and kickbacks that were paid to induce him to refer patients to Pacific Hospital for spinal surgeries and other medical procedures. While accepting the bribes and kickbacks, respondent referred dozens of patients to Pacific Hospital for spinal surgeries based in part on the payments. Given these facts, the crime bore a direct and substantial relationship to respondent's medical practice.

7. With respect to the gravity of respondent's crime, it was a felony that resulted in a 15-month federal prison sentence and three years of supervised release. Respondent committed the crime between April 2008 and May 2013, and respondent admitted he received a total of $622,936 in bribes and kickbacks during that time. While considerable time has elapsed since then, respondent was not convicted of the crime until 2021, and complainant could not proceed with disciplinary charges based on the criminal conviction until it became final. (§§ 490, subd. (c), 2236.1, subd. (d).)

Under these circumstances, the time elapsed since respondent committed the crime does not preclude disciplinary action for the criminal conviction.

8. The nature and duties of the profession also support the conclusion that respondent's criminal conviction is substantially related to the qualifications, functions, or duties of a physician and surgeon. The doctor-patient relationship "is based on utmost trust and confidence in the doctor's honesty and integrity." (*Windham v. Board of Medical Quality Assurance* (1980) 104 Cal.App.3d 461, 470.) "Although referring to a real estate license, the following quotation applies with even greater force to a medical license: '[T]here is more to being a licensed professional than mere knowledge and ability. Honesty and integrity are deeply and daily involved in various aspects of the practice.' [Citation.]" (*Griffiths v. Superior Court* (2002) 96 Cal.App.4th 757, 772.) Respondent demonstrated a lack of honesty and integrity by "participat[ing] in trading patient referrals for regular substantial kickbacks and that robbed his patients . . . of the peace of mind that they need when going through a [surgical] procedure . . . . And it was for money. There's no other reason to have engaged in this conduct." (Exhibit 9, p. A224.)

9. After the hearing, the United States Supreme Court decided *Percoco v. United States* (May 11, 2023) 598 U.S. ---, 143 S.Ct. 1130 (*Percoco*), which concerns the correct legal standard for finding that a private citizen owes the government a duty of honest services. Before the hearing, respondent argued the decision in *Percoco* could "potentially eliminate[] the only basis by which Complainant brought the Accusation." (Respondent's Trial Brief, p. 9, fn. 6.) After the hearing, respondent requested official notice of the decision, and the administrative law judge granted the request. But the decision does not eliminate the criminal conviction that is the basis for the accusation, and respondent may not challenge that conviction in this administrative case.

(*Matanky v. Board of Medical Examiners* (1978) 79 Cal.App.3d 293, 302 (*Matanky*); see also *Arneson v. Fox* (1980) 28 Cal.3d 440, 452.) The specific legal issue decided in *Percoco* is also irrelevant to this case.

Second Cause for Discipline – Dishonest and Corrupt Acts

10. In the second cause for discipline, complainant charges respondent with committing acts involving dishonesty and corruption that are substantially related to the qualifications, functions or duties of a physician and surgeon. (§ 2234, subd. (e).) The alleged acts involving dishonesty and corruption are respondent's acts in furtherance of the conspiracy to commit honest-service mail and wire fraud. Complainant also charges respondent with committing healthcare fraud under Welfare and Institutions Code section 14107, but complainant did not present any legal argument about that additional charge at the hearing.

11. . Complainant proved the charge of dishonest and corrupt acts under section 2234, subdivision (e) by clear and convincing evidence. Respondent's participation in the conspiracy was a dishonest and corrupt course of conduct that related directly and substantially to respondent's qualifications, functions, and duties as a physician and surgeon, for the reasons stated in the analysis of the first cause for discipline above.

Third Cause for Discipline – Unprofessional Conduct

12. In the third cause for discipline, complainant charges respondent with general unprofessional conduct based on the same allegations as in the first and second causes for discipline. (§ 2234, subd. (a).)

///

13. Complainant proved by clear and convincing evidence that respondent committed specific forms of unprofessional conduct as charged in the first and second causes for discipline. That proof also proves the charge of general unprofessional conduct in the third cause for discipline to the same extent.

DISCIPLINARY ACTION

14. With causes for disciplinary action established, the Board has discretion to determine the suitable discipline, "subject to the Legislative mandate that the Board's highest priority be protection of the public; and, secondarily, discipline should 'aid in the rehabilitation of the licensee.' (§ 2229, subds. (a) & (b).)" (*Pirouzian v. Superior Court* (2016) 1 Cal.App.5th 438, 448.) In exercising its discretion, the Board considers the Manual of Model Disciplinary Orders and Disciplinary Guidelines (12th Edition 2016) (Guidelines) that it has adopted. (Cal. Code Regs., tit. 16, § 1361, subd. (a).) "Deviation from these orders and guidelines, including the standard terms of probation, is appropriate where the Board in its sole discretion determines by adoption of a proposed decision or stipulation that the facts of the particular case warrant such a deviation – for example: the presence of mitigating factors; the age of the case; evidentiary problems." (*Ibid.*)

15. If a physician's criminal conviction or dishonest act is substantially related to the qualifications, functions, or duties of a physician and surgeon and "arises from or occurs during patient care, treatment, management, or billing," the Guidelines recommend a minimum disciplinary action of stayed revocation, a one-year suspension, and at least seven years' probation. For a felony criminal conviction not arising from or occurring during patient care, treatment, management, or billing, the Guidelines recommend a minimum disciplinary action of stayed revocation and at least seven years' probation without a suspension. If the dishonest act does not arise from

or occur during patient care, treatment, management, or billing, the Guidelines recommend a minimum disciplinary action of stayed revocation and five years' probation. The maximum disciplinary action for all of these forms of unprofessional conduct is license revocation. (Guidelines, pp. 24-25.)

16. In assessing the disciplinary action to take, the Board must also consider whether respondent made a showing of rehabilitation. "When considering the suspension or revocation of a license under Section 490 of the code on the ground that a person holding a license has been convicted of a crime, the board shall consider whether the licensee made a showing of rehabilitation," by applying criteria that differ depending on whether "the licensee completed the criminal sentence at issue without a violation of parole or probation." (Cal. Code Regs., tit. 16, § 1360.1.) The Accusation does not reference section 490, but the charge of unprofessional conduct under section 2236 based on a criminal conviction is analogous to a disciplinary charge under section 490. Therefore, the Board applies these criteria to respondent's showing of rehabilitation.

17. Respondent's crime arose from patient care, management, treatment, or billing for purposes of assessing the appropriate disciplinary action, despite respondent's argument to the contrary. Respondent dishonestly "participated in trading patient referrals for regular substantial kickbacks," which "introduced greed into the physician/patient relationship" and "robbed his patients . . . of the peace of mind that they need when going through a [surgical] procedure." (Exhibit 9, pp. A223-224.) In addition, respondent remains on supervised release, meaning he has not completed the criminal sentence at issue. Therefore, the Board must apply the rehabilitation criteria in California Code of Regulations, title 16, section 1360.1, subdivision (b). The evidence about those criteria is as follows:

(1) The nature and gravity of the act(s), professional misconduct, or crime(s). Respondent's crime was a serious felony involving dishonest and corrupt acts in respondent's medical practice. It resulted in a 15-month federal prison sentence and three years of supervised release.

(2) The total criminal record, or record of professional misconduct. Respondent has no other criminal record or prior record of professional misconduct.

(3) The time that has elapsed since commission of the act(s), professional misconduct, or crime(s). Respondent committed the crime between April 2008 and May 2013. Over 10 years have elapsed since then.

(4) Whether the licensee has complied with any terms of parole, probation, restitution, or any other sanctions lawfully imposed against such person. Respondent is on supervised release. Complainant did not contend or prove respondent has violated any terms of that release. He is current on payments on the forfeiture and restitution orders against him, but an unspecified amount is still owing.

(5) The criteria in subdivisions (a)(1)-(5), as applicable. Subdivision (a)(1) of the regulation concerns the nature and gravity of the crime, which is addressed above. Subdivisions (a)(2)-(5) concern parole or probation and any modification of terms of parole or probation. There was no showing of any modification of the terms of respondent's supervised release.

(6) If applicable, evidence of dismissal proceedings pursuant to section 1203.4 of the Penal Code. This criterion is inapplicable since respondent's federal criminal conviction is not subject to dismissal under Penal Code section 1203.4.

(7) Evidence, if any, of rehabilitation submitted by the licensee. Respondent agreed to plead guilty and completed his prison sentence on the conviction. He has

not committed any similar misconduct since his criminal conviction, and he is gainfully employed in private medical practice in Nevada. Respondent has also completed ethics and continuing education training in relation to the probation orders for his medical licenses in Nevada and Utah.

18. Considering these criteria, respondent has not made a showing of rehabilitation. Respondent abused his position of trust as a physician and surgeon to profit illegally in a sophisticated and years-long conspiracy to commit honest-services mail and wire fraud. His criminal conviction and misconduct are serious and evidence bad character, and "the more serious the misconduct and the bad character evidence, the stronger the applicant's showing of rehabilitation must be. [Citations.]" (*In re Gossage* (2000) 23 Cal.4th 1080, 1096.) While respondent's criminal conduct ended in 2013, the criminal conviction itself is much more recent, and respondent was released from prison just last year, leaving only a limited time in which to assess his rehabilitation. Respondent is also still on supervised release, and his good behavior while under supervision is accorded "little weight" in proving rehabilitation because a person under supervised release is "required to behave in exemplary fashion." (*Id.* at p. 1099.) In addition, respondent's testimony does not demonstrate he has had a substantial change in attitude from that which existed at the time of the conspiracy. Instead, respondent downplayed the gravity of his criminal conduct, at times appearing to challenge the factual basis for his criminal conviction.

19. License revocation is a "drastic penalty." (*Cooper v. State Board of Medical Examiners* (1950) 35 Cal.2d 242, 252.) But with serious misconduct and limited evidence of rehabilitation, allowing respondent to continue practicing would not be protective of the public, which is the highest priority for the Board in exercising its licensing, regulatory, and disciplinary functions. Under these circumstances, revocation

is the appropriate disciplinary action and is within the Board's discretion. (See *Matanky, supra*, 79 Cal.App.3d at pp. 297-298 [revoking license of a physician convicted of submitting fraudulent Medicare claims for convalescent hospital patient services].)

COSTS

20. Complainant also requests an award of $25,057.50 for the Board's costs of investigation and enforcement of the case. Unless otherwise provided by law, "in any order issued in resolution of a disciplinary proceeding before any board within the [Department of Consumer Affairs] . . . upon request of the entity bringing the proceeding, the administrative law judge may direct a licentiate found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case." (§ 125.3, subd. (a).)

21. In evaluating a request for costs, the administrative law judge must consider whether complainant's investigation was "disproportionately large" compared to the violation, and whether the licensee: (1) committed some misconduct but "used the hearing process to obtain dismissal of other charges or a reduction in the severity of the discipline imposed;" (2) had a "'subjective good faith belief in the merits of his or her position;'" (3) raised a "'colorable challenge'" to the proposed discipline; and (4) "will be financially able to make later payments." (*Zuckerman v. State Board of Chiropractic Examiners* (2002) 29 Cal.4th 32, 45 [quoting *California Teachers Assn. v. State of California* (1999) 20 Cal.4th 327, 342, 345].)

22. Complainant's counsel offered certifications of the Board's investigation and enforcement costs, which are prima facie evidence that those costs are reasonable. (§ 125.3, subd. (c).) Complainant's investigation was not disproportionately

large compared to the violations, and respondent did not obtain a reduction in the severity of the discipline imposed. Respondents' subjective belief in the merits of his position does not justify a reduction, and respondent did not argue he will be financially unable to pay the Board's costs.

23. However, complainant's certification of costs lacks sufficient detail to support a finding that the full amount of the original Deputy Attorney General's costs is reasonable. The hours and costs of the work of the original Deputy Attorney General seem disproportionate to what occurred in the case during the time period of the work (April through August 2022). (Factual Finding 25.) Considering what occurred during that time, $5,000 will be awarded for the work of the original Deputy Attorney General. The remaining $9,225 in costs claimed for that work are disallowed. With this reduction, the costs claimed are reasonable. Therefore, the total costs awarded to the Board are $15,832.50.

ORDER

Physician's and Surgeon's Certificate No. G 79394 issued to respondent Jeffrey David Gross, M.D., is revoked.

Respondent shall pay the Board $15,832.50 in costs within 30 days of the effective date of this order.

BEFORE THE BOARD OF MEDICAL EXAMINERS OF THE STATE OF NEVADA

* * * * *

In the Matter of Charges and Complaint Against: **JEFFREY DAVID GROSS, M.D., Respondent.**	**Case No. 22-38073-1**

FILED
SEP 16 2022
NEVADA STATE BOARD OF MEDICAL EXAMINERS
By:

SETTLEMENT AGREEMENT

The Investigative Committee (IC) of the Nevada State Board of Medical Examiners (Board), by and through Donald K. White, J.D., Senior Deputy General Counsel for the Board and attorney for the IC, and Jeffrey David Gross, M.D. (Respondent), a licensed physician in Nevada, assisted by his attorney, Kathleen T. Janssen, Esq., of the Law Offices of Cook & Kelesis, LTD., hereby enter into this Settlement Agreement (Agreement) based on the following:[1]

A. BACKGROUND

1. Respondent is a medical doctor currently licensed in active status by the Board pursuant to Chapter 630 of the Nevada Revised Statutes (NRS) and Chapter 630 of the Nevada Administrative Code (NAC) (collectively, the Medical Practice Act) to practice medicine in Nevada. His license was originally issued on February 1, 2011 (License No. 13807).

2. On April 12, 2022, in Case No. 22-38073-1, the IC filed a formal Complaint (Complaint) charging Respondent with violating the Medical Practice Act. The Complaint alleges one (1) violation of NRS 630.301(1) – Conviction of a Felony Relating to the Practice of Medicine (Count I), one (1) violation of NRS 630.301(9) – Disreputable Conduct (Count II), one (1) violation NRS 630.301(11)(g) – Conviction of an Offense Involving Moral Turpitude (Count

[1] All agreements and admissions made by Respondent are solely for final disposition of this matter and any subsequent related administrative proceedings or civil litigation involving the Board and Respondent. Therefore, Respondent's agreements and admissions are not intended or made for any other use, such as in the context of another state or federal government regulatory agency proceeding, state or federal civil or criminal proceeding, any state or federal court proceeding, or any credentialing or privileges matter.

OFFICE OF THE GENERAL COUNSEL

III), and one (1) violation of NRS 630.306(1)(b)(1) – Engaging in Conduct Which is Intended to Deceive (Count IV). By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352. Respondent was properly served with a copy of this Complaint, has reviewed and understands this Complaint, and has had the opportunity to consult with competent counsel concerning the nature and significance of this Complaint.

3. Respondent is hereby advised of his rights regarding this administrative matter, and of his opportunity to defend against the allegations in the Complaint. Specifically, Respondent has certain rights in this administrative matter as set out by the United States Constitution, the Nevada Constitution, the Medical Practice Act, the Nevada Open Meeting Law (OML), which is contained in NRS Chapter 241, and the Nevada Administrative Procedure Act (APA), which is contained in NRS Chapter 233B and 622A. These rights include the right to a formal hearing on the allegations in the Complaint, the right to representation by counsel, at his own expense, in the preparation and presentation of his defense, the right to confront and cross-examine the witnesses and evidence against him, the right to written findings of fact, conclusions of law and order reflecting the final decision of the Board, and the right to judicial review of the Board's order, if the decision is adverse to him.

4. Respondent understands that, under the Board's charge to protect the public by regulating the practice of medicine, the Board may take disciplinary action against Respondent's license, including license probation, license suspension, license revocation and imposition of administrative fines, as well as any other reasonable requirement or limitation, if the Board concludes that Respondent violated one or more provisions of the Medical Practice Act.

5. Respondent understands and agrees that this Agreement, by and between Respondent and the IC, is not with the Board, and that the IC will present this Agreement to the Board for consideration in open session at a duly noticed and scheduled meeting. Respondent understands that the IC shall advocate for the Board's approval of this Agreement, but that the Board has the right to decide in its own discretion whether or not to approve this Agreement. Respondent

///

Reno, Nevada 89521
(775) 688-2559

further understands and agrees that if the Board approves this Agreement, then the terms and conditions enumerated below shall be binding and enforceable upon him and the Board.

B. TERMS & CONDITIONS

NOW, THEREFORE, in order to resolve the matters addressed herein, i.e., the matters with regard to the Complaint, Respondent and the IC hereby agree to the following terms and conditions:

1. **Jurisdiction**. Respondent is, and at all times relevant to the Complaint has been, a physician licensed to practice medicine in Nevada subject to the jurisdiction of the Board as set forth in the Medical Practice Act.

2. **Representation by Counsel/Knowing, Willing and Intelligent Agreement**. Respondent acknowledges he is represented by counsel, and wishes to resolve the matters addressed herein with said counsel. Respondent agrees that if representation by counsel in this matter materially changes prior to entering into this Agreement and for the duration of this Agreement, that counsel for the IC will be timely notified of the material change. Respondent agrees that he knowingly, willingly and intelligently enters into this Agreement after deciding to have a full consultation with and upon the advice of legal counsel.

3. **Waiver of Rights**. In connection with this Agreement, and the associated terms and conditions, Respondent knowingly, willingly and intelligently waives all rights in connection with this administrative matter. Respondent hereby knowingly, willingly and intelligently waives all rights arising under the United States Constitution, the Nevada Constitution, the Medical Practice Act, the OML, the APA, and any other legal rights that may be available to him or that may apply to him in connection with the administrative proceedings resulting from the Complaint filed in this matter, including defense of the Complaint, adjudication of the allegations set forth in the Complaint, and imposition of any disciplinary actions or sanctions ordered by the Board. Respondent agrees to settle and resolve the allegations of the Complaint as set out by this Agreement, without a hearing or any further proceedings and without the right to judicial review.

4. **Acknowledgement of Reasonable Basis to Proceed**. As of the time of entering into this Settlement Agreement, the allegations of the Complaint remain unproven. Respondent

OFFICE OF THE GENERAL COUNSEL
Nevada State Board of Medical Examiners
9600 Gateway Drive
Reno, Nevada 89521
(775) 688-2559

acknowledges that the IC believes it has a reasonable basis to allege that Respondent engaged in conduct that is grounds for discipline pursuant to the Medical Practice Act. The IC acknowledges Respondent is not admitting that the IC's claims/counts as alleged in the Complaint have merit and Respondent is agreeing to resolve this matter to avoid the costs of hearing and potential subsequent litigation. Respondent asserts if this matter were to proceed to hearing, he has evidence, witnesses, expert witness(es) and defenses to the counts/claims alleged in the Complaint, but for the purposes of resolving the matter and for no other purpose, Respondent waives the presentation of evidence, witnesses, expert witnesses, and defenses in order to effectuate this Agreement. Notably, the events underlying the formal Complaint and this subsequent agreement do not indicate any patient harm occurred.

5. **Consent to Entry of Order**. In order to resolve this Complaint pending against Respondent, Respondent hereby agrees that the Board may issue an order finding that Respondent engaged in conduct that is grounds for discipline pursuant to the Medical Practice Act. Accordingly, the following terms and conditions are hereby agreed upon:

a. For the purposes of this Settlement Agreement, Respondent admits that sufficient evidence exists to prove Count II, one (1) violation of NRS 630.301(9) – Disreputable Conduct and Count III, one (1) violation NRS 630.301(11)(g) – Conviction of an Offense Involving Moral Turpitude and agrees that the Board may enter a finding that he violated Counts II and III.

b. Respondent's license to practice medicine in the State of Nevada shall be suspended with the suspension to be immediately stayed. Respondent's license shall be subject to suspension upon a term of probation for a period of forty-eight (48) months from the date of the Board's acceptance, adoption, and approval of this Agreement (Probationary Period). Respondent must complete the following terms and conditions within the Probationary Period and demonstrate compliance to the good faith satisfaction of the Board before or within forty-eight (48) months, including but not limited to, payment in full of costs and fees imposed, and at that time he may petition the Board to lift the probationary status of his license. If Respondent fails to demonstrate compliance with the terms and conditions of this Agreement, or otherwise violates the terms of

this Agreement or the Medical Practice Act, the IC shall be authorized to immediately suspend Respondent's license to practice medicine in Nevada pending an Order to Show Cause Hearing on immediate suspension of his license, which hearing will be duly noticed.

c. Respondent shall successfully complete all requirements as established by the United States District Court Central District of California in Case No. 8:18-cr-00014-JLS and the rules and regulations of the United States Probation & Pretrial Services Office and the Second Amended General Order 20-04. Respondent agrees he shall submit to the Board any and all documentation (of which he has the legal ability to obtain) regarding the terms, requirements and compliance of his supervised release, including but not limited to, reports from the United States Probation & Pretrial Services Office. Respondent agrees that if he fails to complete his supervised release in his criminal matter or is dishonorably discharged from his supervised release, the IC shall be authorized to immediately suspend Respondent's license to practice medicine in Nevada pending an Order to Show Cause Hearing, which will be duly noticed.

d. Respondent shall submit to and pass all five (5) sections of the Ethics and Boundaries Assessment Services (EBAS) examination within one hundred twenty (120) days of the Board's approval of this agreement, which examination shall be paid for at the expense of the Respondent.

e. Respondent shall pay the costs and expenses incurred in the investigation and prosecution of the above-referenced matter within sixty (60) days of the Board's acceptance, adoption and approval of this Agreement, the current amount being seven hundred two dollars and seventy-three cents ($702.73).

f. Respondent shall pay a fine of two thousand five hundred dollars ($2,500.00) for Count II and two thousand five hundred dollars ($2,500.00) for Count III, for a total fine of five thousand dollars ($5,000.00) to be paid in five (5) equal payments of one thousand dollars ($1,000.00). The first payment is due on or before December 1, 2022, with each successive payment due on or before the first of each month thereafter, and must be paid in full on or before April 1, 2023, upon the Board's acceptance, adoption and approval of this Agreement.

g. Respondent shall perform twenty (20) hours of Continuing Medical Education (CME), related to the subject matter of ethics, in addition to the required CMEs for licensure. These CME hours must be completed within six (6) months of the Board's acceptance, adoption and approval of this Agreement.

h. Respondent shall perform three hundred (300) hours of community service without compensation pursuant to the terms and conditions set forth in the attached community service proposal. The 300 hours must be completed within the probationary period of 48 months upon the Board's acceptance, adoption and approval of this Agreement.

i. This Agreement shall be reported to the appropriate entities and parties as required by law, including, but not limited to, the National Practitioner Data Bank.

j. Respondent shall receive a Public Letter of Reprimand.

k. Counts I and IV, and any other claims arising from the Board's corresponding investigative case file, shall be dismissed with prejudice.

6. **Release from Liability**. In execution of this Agreement, Respondent understands and agrees that the State of Nevada, the Board, and each of its members, staff, counsel, investigators, experts, peer reviewers, committees, panels, hearing officers, consultants and agents are immune from civil liability for any decision or action taken in good faith in response to information acquired by the Board. NRS 630.364(2)(a). Respondent agrees to release the State of Nevada, the Board, and each of its members, staff, counsel, investigators, experts, peer reviewers, committees, panels, hearing officers, consultants and agents from any and all manner of actions, causes of action, suits, debts, judgments, executions, claims and demands whatsoever, known and unknown, in law or equity, that Respondent ever had, now has, may have or claim to have, against any or all of the persons, government agencies or entities named in this paragraph arising out of, or by reason of, this investigation, this Agreement or the administration of the case referenced herein.

7. **Procedure for Adoption of Agreement**. The IC and counsel for the IC shall recommend approval and adoption of the terms and conditions of this Agreement by the Board in resolution of this Complaint. In the course of seeking Board acceptance, approval and adoption of

this Agreement, counsel for the IC may communicate directly with the Board staff and the adjudicating members of the Board.

Respondent acknowledges that such contacts and communications may be made or conducted ex-parté, without notice or opportunity to be heard on his part until the public Board meeting where this Agreement is discussed, and that such contacts and communications may include, but may not be limited to, matters concerning this Agreement, the Complaint and any and all information of every nature whatsoever related to this matter. The IC and its counsel agree that Respondent and/or Counsel for the Respondent may appear at the Board meeting where this Agreement is discussed and, if requested, respond to any questions that may be addressed to the IC or the IC's counsel.

8. **Effect of Acceptance of Agreement by Board**. In the event the Board accepts, approves and adopts this Agreement, the Board shall issue a final order, making this Agreement an order of the Board, and, pending full compliance with the terms herein, the case shall be closed and all remaining claims arising out of the Complaint shall be dismissed with prejudice.

9. **Effect of Rejection of Agreement by Board**. In the event the Board does not accept, approve and adopt this Agreement, this Agreement shall be null, void and of no force and effect except as to the following agreement regarding adjudications: (1) Respondent agrees that, notwithstanding rejection of this Agreement by the Board, nothing contained in this Agreement and nothing that occurs pursuant to efforts of the IC to seek the Board's acceptance of this Agreement shall disqualify any member of the adjudicating panel of the Board from considering this Complaint and from participating in disciplinary proceedings against Respondent, including adjudication of this case; and (2) Respondent further agrees that he shall not seek to disqualify any such member absent evidence of bad faith.

10. **Binding Effect**. If approved by the Board, Respondent understands that this Agreement is a binding and enforceable contract upon Respondent and the Board.

11. **Forum Selection Clause**. The parties agree that in the event either party is required to seek enforcement of this Agreement in district court, the party's consent to such

///

jurisdiction and agree that exclusive jurisdiction shall be in the Second Judicial District Court, State of Nevada, Washoe County.

12. **Attorneys' Fees and Costs**. The parties agree that in the event an action is commenced in district court to enforce any provision of this Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees and costs.

13. **Failure to Comply with Terms**. Should Respondent fail to comply with any term or condition of this Agreement once the Agreement has been accepted, approved and adopted by the Board, the IC shall be authorized to immediately suspend Respondent's license to practice medicine in Nevada pending an Order to Show Cause Hearing, which will be duly noticed. Failure to comply with the terms of this Agreement, including failure to pay any fines, costs, expenses or fees owed to the Board, is a failure to comply with an order of the Board, which may result in additional disciplinary action being taken against Respondent. NRS 630.3065(2)(a). Further, Respondent's failure to remit payment to the Board for monies agreed to be paid as a condition of this Agreement may subject Respondent to civil collection efforts.

COMMUNITY SERVICE PROPOSAL
(required hours: 240)

Jeffrey D. Gross, M.D.
NSBME Case No. 22-38073-1

The following is a non-exhaustive list of the types of community service that may be provided by Dr. Gross to satisfy the 300 hours of community service requirement which is referenced at paragraph 5.h. of page 6 to the *Settlement Agreement* in Case No. 22-38073-1:

1. Provide free lecture to physician groups and other health care specialists regarding spine surgery or general surgery matters.

2. Provide surgical or non-surgical clinical patient care to indigent patients throughout the State of Nevada, at no cost.

3. Assist rural hospitals to develop new spine surgery or general surgery-based services.

4. Provide free public seminars to citizen groups on spine surgery or general surgery related topics.

5. Provide free lectures on spine surgery or general surgical issues to hospitals, clinics, and/or nursing home staff and/or patients.

6. Attend local health fairs, public television or radio shows, telethons, or other similar gathering, events, or shows and provide free lectures, discussions, question and answer sessions, or facilitate discussions on spine surgery, general surgery, or other medical related topics.

7. Provide no cost "case review" for local physicians who are treating indigent patients.

8. Provide surgical and non-surgical patient care to indigent patients in the rural areas of Nevada.

9. Provide second opinions and assistance, without compensation, to other physicians providing free services or services at reduced fees.

10. Provide surgical and non-surgical patient care, without compensation, in disaster relief / emergency situations in Nevada.

11. Volunteering to provide medical/surgical related services with religious/charitable organizations in Nevada.

12. Volunteering for a nonprofit of his choice.

NOTICE OF INTENT TO PROVIDE AND PROOF OF COMPLIANCE WITH COMMUNITY SERVICE REQUIREMENTS

Except as otherwise provided herein, Dr. Gross agrees to submit written notification, via email, to Johnna LaRue, Compliance Officer, for the NSBME of any community service that he desires to perform to complete his 300 hours of community service. Ms. LaRue then has three (3) calendar days to provide any written comment or concerns, via email, to Dr. Gross pertaining to the proposed community service. If Dr. Gross does not receive any such written comments or concerns from Ms. LaRue, Dr. Gross may proceed to perform the proposed community service.

With regards to the community service referenced in paragraphs 2, 7, 8, 9, 10, and 11 above, prior written notification and pre-approval of the same is not required where time constraints are an issue or prohibit the same, including, but not limited to, emergency care being provided by Dr. Gross.

With regards to the community service referenced in paragraph 3 ("Assist rural hospitals to develop new spine surgery or general surgery-based services"), Dr. Gross agrees to submit written notification, via email, to Ms. LaRue of the proposed itinerary/schedule with regards to providing rural hospitals to develop new spine surgery or general surgery based services.

Proof of compliance of any community service required under this community service proposal shall be submitted in writing (can be scanned and emailed) directly to Ms. LaRue of the NSBME. Such written proof shall contain the following information: a description of what the community service consisted of; identify any organization, group, or individual that was the recipient of the community service; identify when and where the community service was performed; and describe the number of hours provided.

NEVADA STATE BOARD OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, Petitioner, v. JEFFREY D. GROSS, MD, Certificate of Registration No. CS20182, Respondent.	CASE NO. 22-417-CS-S STIPULATION AND ORDER

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy (Board), by and through General Counsel Brett Kandt, and Respondent Jeffrey D. Gross, MD, Certificate of Registration No. CS20182, by and through counsel, Ilene Albala, Esq., **HEREBY STIPULATE AND AGREE THAT:**

1. The Board has jurisdiction over Respondent and this matter.

2. On October 22, 2024, Respondent was served with the Notice of Intended Action and Accusation (Accusation) on file in this matter together with the Statement to Respondent and Notice of Hearing by certified mail addressed to Respondent at his last address of record in conformance with NRS 639.242(2).

3. Respondent timely filed an Answer and Notice of Defense to the Accusation on November 14, 2024.

4. Respondent is aware of the right to seek the advice of counsel in this matter and obtained the advice of counsel prior to entering into this Stipulation.

5. Respondent is aware of the right to a hearing on the matters alleged in the Accusation, the right to reconsideration, the right to appeal and any and all other rights which may be accorded to him pursuant to NRS Chapter 233B (Nevada Administrative Procedure Act),

NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

6. Conditioned on the acceptance of this Stipulation by the Board, and with the exception of the right to challenge any determination that Respondent has failed to comply with the provisions of this Stipulation, Respondent hereby freely and voluntarily waives his rights to a hearing, reconsideration, appeal and any and all other rights related to this action that may be accorded to him by NRS Chapter 233B (Nevada Administrative Procedure Act), NRS Chapter 622A (Administrative Procedure Before Certain Regulatory Bodies), and NRS Chapter 639 (Nevada Pharmacy Act).

7. Respondent contests the allegations in the Accusation, but acknowledges that Board staff prosecuting this case could present such evidence at an administrative hearing, to establish a factual basis for the violations alleged in the Accusation, *to wit*:

A. On or about August 7, 2020, in *United States of America v. Jeffrey David Gross*, United States District Court for the Central District of California, Case 8:18-cr-00014-JLS, Respondent pled guilty pursuant to a plea agreement and was convicted on one felony count of conspiracy, in violation of 18 U.S. Code § 371; and

B. By his conviction, Respondent engaged in unprofessional conduct as defined in NAC 639.945(1)(h), has committed acts that would render his Nevada controlled substance registration inconsistent with the public interest, and is therefore subject to discipline pursuant to NRS 453.236(1)(e) and NRS 453.241(1).

8. The alleged violations described in Paragraph 7(B) are pled with particularity in the Accusation, and are grounds for action pursuant to NRS 453.236(1)(e), NRS 453.241(1), and/or NRS 639.255.

9. On or about October 18, 2024, and subsequent to the filing and service of the Accusation, Respondent surrendered his DEA Registration No. [redacted] by executing a DEA Form 104, entitled "Surrender for Cause," consistent with the terms of a Memorandum of Agreement with the DEA executed on October 17, 2024. Pursuant to NRS 639.2107, the surrender of DEA Registration No. [redacted] operated as an immediate suspension of his Certificate of Registration No. CS20182 with the Board, and Respondent is no longer authorized by federal law to dispense controlled substances and is subject to discipline pursuant to NRS 453.236(1) and NRS 453.241(1).

10. In order to resolve this matter without incurring any further costs or the expense associated with a hearing, the Board and Respondent Jeffrey D. Gross, MD, Certificate of Registration No. CS20182, stipulate to the following penalties:

A. The certificate of registration of Respondent Jeffrey D. Gross, MD, Certificate of Registration No. CS20182, is revoked pursuant to NRS 453.241(1)(b);

B. Respondent may not possess (except pursuant to the lawful order of a practitioner), administer, prescribe or dispense a controlled substance in Nevada until he has petitioned the Board for reinstatement pursuant to NRS 639.257 and the Board reinstates his certificate of registration;

C. Pursuant to NRS 622A.410(1) and 639.257(1), Respondent may not petition for reinstatement of his certificate of registration for a period of one (1) year from the effective date of this Order;

D. In the event Respondent applies for reinstatement of his certificate of registration, or applies for any other certificate, license or permit with the Board, he shall appear

before the Board to answer questions and give testimony regarding his application, his compliance with this Order, and the facts and circumstances underlying this matter;

E. Pursuant to NRS 639.255(1)(f), Respondent shall pay a fine of Five Thousand Dollars ($5,000.00), by personal, business, certified or cashier's check or money order made payable to "State of Nevada, Office of the Treasurer," to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, due and payable by July 1, 2025; and

F. Pursuant to NRS 622.400, Respondent shall pay One Thousand Dollars ($1000.00) to partially reimburse the Board for reasonable attorney's fees and recoverable costs incurred in investigating and prosecuting this matter, by personal, business, certified or cashier's check or money order made payable to the "Nevada State Board of Pharmacy" to be received by the Board's Reno office located at 985 Damonte Ranch Parkway – Suite 206, Reno, Nevada 89521, due and payable by July 1, 2025.

11. Any failure by Respondent to comply with the terms of this Order may result in issuance by the Executive Secretary of an order to show cause pursuant to NAC 639.965 directing Respondent to appear before the Board at the next regularly scheduled meeting for a show cause hearing. If such a hearing results in a finding of a violation of this Order by Respondent, the Board may impose additional discipline upon Respondent not inconsistent with the provisions of NRS Chapters 453 and 639.

12. General Counsel will present this Stipulation to the Board for approval pursuant to NRS 622.330 at the Board's regularly scheduled public meeting on January 15, 2025. Respondent will appear at the meeting to answer questions from the Board Members and/or

Board Staff. The Board Members and Staff may discuss and deliberate regarding this Stipulation, even if Respondent is not present at the meeting.

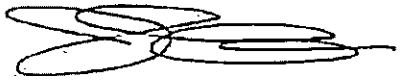
13. The Board has discretion to accept this Stipulation, but it is not obligated to do so. If this Stipulation is approved by the Board, it shall be a public record pursuant to NRS 622.330 and shall be reported to the National Practitioner Data Bank pursuant to 42 U.S.C. § 1396r–2 and 45 CFR Part 60.

14. If the Board rejects any part or all of this Stipulation, and unless they reach an alternative agreement on the record during the hearing, the parties agree that a full hearing on the merits of this matter may be heard by the Board. The terms and admissions herein may not be used or referred to in a full hearing on the merits of this matter.

15. Subject to the approval of this Stipulation by the Board, the Board and Respondent agree to release each other from any and all additional claims arising from the facts set forth in the Accusation on file herein and/or the Notice of Suspension dated November 6, 2024, whether known or unknown that might otherwise have existed on or before the effective date of this Order.

Respondent has fully considered the charges and allegations contained in the *Notice of Intended Action and Accusation* in this matter, and the terms of this Stipulation, and has knowingly and voluntarily agreed to the terms set forth herein, and waived certain rights, as stated herein.

AGREED:



Signed this 30th **day of** December, **2024**

DECISION AND ORDER

The Nevada State Board of Pharmacy hereby adopts the foregoing Stipulation as its decision as to Respondent Jeffrey D. Gross, MD, Certificate of Registration No. CS20182, in Case No. 22-417-CS-S and hereby orders that the terms of the foregoing Stipulation be made effective upon execution below.

IT IS SO ORDERED.

Entered this 15th day of January 2025.

Helen Park, Pharm.D.
President
Nevada State Board of Pharmacy

FILED

NEVADA STATE BOARD OF PHARMACY

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY, **Petitioner,** **v.** **JEFFREY D. GROSS, MD,** **Certificate of Registration No. CS20182,** **Respondent.**	**Case No. 22-417-CS-S** **NOTICE OF INTENDED ACTION AND ACCUSATION**

J. David Wuest, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, makes the following that will serve as both a notice of intended action under NRS 233B.127(3) and as an accusation under NRS 622A.300(1) and NRS 639.241.

JURISDICTION

1. The Nevada State Board of Pharmacy (Board) has jurisdiction over this matter and this respondent because at the time of the alleged events, Respondent Jeffrey D. Gross, MD, held a Nevada controlled substance registration, Certificate of Registration No. CS20182, issued by the Board.

FACTUAL ALLEGATIONS

2. On or about July 21, 2021, in *United States of America v. Jeffrey David Gross*, United States District Court for the Central District of California, Case 8:18-cr-00014-JLS, Respondent pled guilty to and was convicted on one felony count of conspiracy to violate patients' rights to honest services, in violation of 18 U.S. Code § 371. The conviction resulted from Respondent accepting bribes and/or kickbacks for patient referrals to specific entities for medical care.

APPLICABLE LAW

3. The Board may suspend or revoke a registration issued pursuant to NRS 453.231 upon a finding that the registrant has committed an act that would render registration inconsistent with the public interest. NRS 453.236(1)(e) and NRS 453.241(1).

4. Performing or in any way being a party to any fraudulent or deceitful practice or transaction constitutes unprofessional conduct or conduct contrary to the public interest pursuant to NAC 639.945(1)(h) and is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(4).

5. Conviction of a felony related to holding a controlled substance registration or any other crime involving moral turpitude, dishonesty or corruption is grounds for suspension or revocation of any license or registration issued by the Board. NRS 639.210(7)(a) and (c).

COUNT ONE

Unprofessional Conduct - Fraudulent/Deceitful Practice/Transaction

6. By his conviction on one felony count of conspiracy to violate patients' rights to honest services, Respondent was party to a fraudulent or deceitful practice or transaction and engaged in unprofessional conduct and conduct contrary to the public interest in violation of NAC 639.945(1)(h) and is therefore subject to discipline pursuant to NRS 453.236(1)(e), NRS 453.241(1) and/or NRS 639.210(4).

COUNT TWO

Felony Convictions for Conspiracy to Violate Patients' Rights to Honest Services

7. By his conviction on one felony count of conspiracy to violate patients' rights to honest services, Respondent is subject to discipline pursuant to NRS 453.236(1)(e), NRS 453.241(1) and/or 639.210(7)(a) and (c).

COUNT THREE

Commission of Acts that Render Registration Inconsistent with the Public Interest

8. By his conviction on one felony count of conspiracy to violate patients' rights to honest services, Respondent has committed acts that render his Nevada controlled substance

registration inconsistent with the public interest and is therefore subject to discipline pursuant to NRS 453.236(1)(e) and NRS 453.241(1).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of this Respondent.

Signed this 16 day of October 2024.

J. David Wuest, R.Ph., Executive Secretary
Nevada State Board of Pharmacy

4. Respondent understands that by signing this document Respondent hereby waives the right to a hearing, the right to present evidence on Respondent's own behalf, the right to call witnesses, the right to confront adverse witnesses, and any other rights to which Respondent may be entitled in connection with said hearing. Respondent understands that by signing this document Respondent waives all rights to any administrative and judicial review as set forth in Utah Code Ann. §§ 63G-4-301 through 63G-4-405 and Utah Administrative Code R151-4-901 through R151-4-902. Respondent and the Division hereby express their intent that this matter be resolved expeditiously through stipulation as contemplated in Utah Code Ann. § 63G-4-102(4).

5. Respondent and the Division hereby express their intent that this matter be resolved expeditiously through stipulation as contemplated in Utah Code Ann. § 63G-4-102(4).

6. Respondent understands that this Stipulation and Order, if adopted by the Director of the Division, will be classified as a public document. The Division may release this Stipulation and Order, and will release other information about this action against Respondent's license, to other persons and entities.

7. Respondent neither admits nor denies the following, but agrees that the Division shall make the following findings of fact:

a. On or about September 16, 2021, Respondent was first licensed to practice as physician/surgeon and to administer and prescribe controlled substances in the State of Utah.

b. Respondent pled guilty to one count of the indictment, which charged Respondent with conspiracy in violation of 18 U.S.C. § 371, and specifically to violate honest services by mail and/or wire fraud (the "Plea Agreement") in the matter *United States of America v. Jeffrey David Gross*, Case No. SA Cr 18-00014-CJC. The Plea Agreement, originally filed under seal, was unsealed in in and around April 2022.

8. Respondent admits that Respondent's conduct described above is unprofessional conduct as defined in Utah Code Ann. § 58-1-501(2)(a), (b), and (c). Respondent agrees that by engaging in such conduct the Division is justified in taking disciplinary action against Respondent's licenses pursuant to Utah Code Ann. § 58-1-401(2)(a). Respondent agrees that an Order, which constitutes disciplinary action against Respondent's licenses by the Division pursuant to Utah Administrative Code R156-1-102(7) and Utah Code Ann. § 58-1-401(2), may be issued in this matter providing for the following action against Respondent's licenses:

(1) Respondent's license shall be revoked. That revocation shall be immediately stayed. Respondent's license shall be subject to a term of probation for a period of three years. The period of probation shall commence when the Division Director signs the attached Order. During the period of probation Respondent's licenses shall be subject to all of the following terms and conditions. If the Board or Division later deems any of the conditions are unnecessary such deletions may be made by an amended order issued unilaterally by the Division. Respondent acknowledges that Respondent has no right to modification of this Stipulation and Order, but Respondent may make a request to terminate the probation and/or Stipulation and Order early if certain conditions are met. Respondent agrees that if Respondent requests modification, the Division or Board, within their sole discretion, may agree or refuse to modify this Stipulation and Order or Respondent's request.

a. **Meeting with Board and Compliance Specialist.** Respondent shall meet with Division Compliance Specialist Jenny Johnson within two weeks of the signing of this Stipulation and Order and prior to Respondent's first meeting with the Board to review this agreement. Ms. Johnson may be reached at (801) 530-6740, or by

email at jennyajohnson@utah.gov. For the remainder of the duration of probation, Respondent shall meet with the Board or with the Division, as directed by the Division, quarterly or at such other greater or lesser frequency as the Division may direct.

b. **Completion of Criminal Sanctions.** Respondent shall complete all terms and conditions of any criminal sanctions, incurred before or during the period of this agreement, including probation or parole. If Respondent has not successfully completed all the terms and conditions of Respondent's criminal probation at the time Respondent's administrative probationary period ends, the period of Respondent's administrative probation shall be extended until all the conditions of Respondent's criminal probation have been successfully completed.

c. **Additional Continuing Education.** Respondent shall successfully complete up to six additional hours of continuing education, pre-approved by the Division and Board, focusing upon areas determined by the Board. The additional continuing education courses shall be completed within one year of the effective date of this Stipulation and Order. The additional continuing education courses shall not count toward Respondent's regular continuing education requirement and shall include ethics and boundaries.

d. **Notify Division if Further Criminal Arrest, Charge, Conviction or Mental or Substance Abuse Treatment.** If Respondent is arrested or charged with a criminal offense by any law enforcement agency, in any jurisdiction, inside or outside the State of Utah, for any reason, or should Respondent be admitted as a patient to any institution in this state or elsewhere for treatment regarding the abuse of or dependence on any chemical substance, or for treatment for any emotional or psychological disorder, Respondent agrees to cause the Division and Board to be notified immediately. If Respondent at any time during the period of this agreement is convicted of a criminal offense of any kind, or enters a plea in abeyance to a criminal offense of any kind, including a pending criminal charge, the Division may take appropriate action against Respondent, including imposing appropriate sanctions, after notice and opportunity for hearing. Such sanctions may include revocation or suspension of Respondent's license, or other appropriate sanctions.

e. **Maintain Active License.** Respondent shall maintain an active license at all times during the period of this agreement.

f. **Change of Address.** Respondent shall immediately notify the Division in writing of any change in Respondent's residential or business address.

g. **Timely Submission of Reports.** Respondent shall submit reports on the date they are due and shall appear at scheduled meetings with the Division and Board promptly. Failure to do so shall be considered a violation of this Stipulation and Order.

9. Upon approval by the Director of the Division, this Stipulation and Order shall be the final compromise and settlement of this non-criminal administrative matter. Respondent acknowledges that the Director is not required to accept the terms of this Stipulation and Order and that if the Director does not do so, this Stipulation and the representations contained therein shall be null and void, except that the Division and the Respondent waive any claim of bias or prejudgment they might otherwise have with regard to the Director by virtue of his having reviewed this Stipulation, and this waiver shall survive such nullification.

10. Respondent shall abide by and comply with all applicable federal and state laws, regulations, rules and orders related to the Respondent's licensed practice. If the Division files a Petition alleging that Respondent has engaged in new misconduct or files an Order to Show Cause Petition alleging that Respondent has violated any of the terms and conditions contained in this Stipulation and Order, the period of Respondent's probation shall be tolled during the period that the Petition or Order to Show Cause Petition has been filed and is unresolved.

11. This document constitutes the entire agreement between the parties and supersedes and cancels any and all prior negotiations, representations, understandings or agreements between the parties regarding the subject of this Stipulation and Order. There are no verbal agreements that modify, interpret, construe or affect this Stipulation. Respondent agrees not to take any action or make any public statement, that creates, or tends to create, the impression that any of the matters set forth in this Stipulation and Order are without factual basis. A public statement

includes statements to one or more Board members during a meeting of the Board. Any such action or statement shall be considered a violation of this Stipulation and Order.

12. The accompanying Order becomes effective immediately upon the approval of this Stipulation and signing of the Order by the Division Director. Respondent shall comply with all the terms and conditions of this Stipulation immediately following the Division Director's signing of the Order page of this Stipulation and Order. Respondent shall comply with and timely complete all the terms and conditions of probation. If a time period for completion of a term or condition is not specifically set forth in the Stipulation and Order, Respondent agrees that the time period for completion of that term or condition shall be set by the Board or Division. Failure to comply with and timely complete a term or condition shall constitute a violation of the Stipulation and Order and may subject Respondent to revocation or other sanctions. If Respondent violates any term or condition of this Stipulation and Order, the Division may take action against Respondent, including imposing appropriate sanction, in the manner provided by law. Such sanction may include revocation or suspension of Respondent's license, or other appropriate sanction.

13. Respondent understands that the disciplinary action taken by the Division in this Stipulation and Order may adversely affect any license that Respondent may possess in another state or any application for licensure Respondent may submit in another state.

14. Respondent has read each and every paragraph contained in this Stipulation and Order. Respondent understands each and every paragraph contained in this Stipulation and Order. Respondent has no questions about any paragraph or provision contained in this Stipulation and

Order.

Notice of Decision on Application

December 12, 2022

Jeffrey David Gross
[redacted]

Application Number: MD.MD.61173267

Dear Dr. Gross:

Thank you for your application for a license to practice as a physician in the State of Washington. Following review of your application file, the Washington Medical Commission (Commission) has decided to deny your application.

Basis for this Decision.
The Commission based its decision on a 2020 plea agreement involving conspiracy and fraud. The factual basis for the decision is noted below.

> Your application file contains your original license application received on or about April 18, 2021 and includes the Addendum 4 -- Applicant's Attestation which, by your signature dated on or about March 8, 2021, attests that answers to your application questions are truthful and complete, and that documentation provided in support of your application is accurate to the best of your knowledge.
>
> In your license application, you answered "Yes" to question #3 ("*Have you* ***ever*** *been convicted, entered a plea of guilty, no contest, or a similar plea, or had prosecution or a sentence deferred or suspended as an adult or juvenile in any state or jurisdiction?*).
>
> Your application file includes reports from the Federation of State Medical Boards and the National Practitioner Data Bank which each state that on or about January 19, 2022, the Department of Health and Human Services took action to exclude you from Medicaid and Medicare based on felony conviction related to health care fraud.
>
> Your application file includes PLEA AGREEMENT FOR DEFENDANT JEFFREY DAVID GROSS from the United States District Court for the Central District of

California, No. SA CR 18-014-JLS, in the matter of *United States of America, Plaintiff, v. Jeffrey David Gross, Defendant.* That plea agreement was accepted by United States Attorney Nicola T. Hanna and was signed by you and your attorney on or about July 12, 2020 and signed by an Assistant United States Attorney on or about July 13, 2020. That plea agreement became effective upon signature and execution of all required certifications by defendant, defendant's counsel, and an Assistant United States Attorney. The following was included in the plea agreement.

> Defendant understands that for defendant to be guilty of the crime charged in count one of the indictment, that is, conspiracy, in violation of Title 18, United States Code, Section 371, the following must be true: (1) between in or about February 2008 and in or about May 2013, there was an agreement between two or more persons to commit violations of Title 18, United States Code, Section 1341, 1343, and 1346 (Honest Services Mail and Wire Fraud); (2) the defendant became a member of the conspiracy knowing of at least one of its objects and intending to help accomplish it; and (3) one of the members of the conspiracy performed at least one overt act for the purpose of carrying out the conspiracy.
>
> Defendant understands that Honest Services Mail and Wire Fraud, in violation of Title 18, United States Code, Sections 1341 and 1346, and 1343, and 1346, the objects of the conspiracy, has the following elements: (1) the defendant devised or participated in a scheme or plan to deprive a patient of his or her right to honest services; (2) the scheme or plan included payments of bribes or kickbacks to a medical professional in exchange for medical services or items; (3) the defendant owed a fiduciary duty to his patients; (4) the defendant acted with the intent to defraud by depriving the patients of their right of honest services of the medical profession; (5) the defendant's act was material, that is, it had a natural tendency to influence, or was capable of influencing, a patient's acts; and (6) the defendant used, or caused someone to use, the mails and/or an interstate wire communication to carry out or attempt to carry out the scheme or plan.

You and the United States Attorney's Office for the Central District of California agreed that the statement of facts stated in that plea agreement were sufficient to support a plea of guilty to the charge described in the agreement.

You agreed in the plea agreement that you were, indeed, guilty of the charge described in the plea agreement.

The legal basis for this decision is Section 18.130.055(1)(c) of the Revised Code of Washington (RCW) because you have been convicted of a crime involving moral turpitude as a result of the plea of guilty described above.

RCW 18.130.055 Authority of disciplining authority—Denial of applications.

(1) The disciplining authority may deny an application for licensure ...if the applicant:

...

(c) Has been convicted or is subject to current prosecution or pending charges of a crime involving moral turpitude .... For purposes of this section, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for the conviction and all proceedings in which the prosecution or sentence has been deferred or suspended....

Alternative legal bases for this decision include Section 18.130.055(1)(b) of the Revised Code of Washington (RCW) with RCW 18.130.180(1), (13), and (17) based on unprofessional conduct involving moral turpitude, dishonesty, or corruption relating to the practice of your profession in violation of federal law involving fraud in the conduct of the profession.

RCW 18.130.055 Authority of disciplining authority—Denial of applications.

(1) The disciplining authority may deny an application for licensure ...if the applicant:

...

(b) Has committed any act defined as unprofessional conduct for a license holder under RCW 18.130.180....

RCW 18.130.180 Unprofessional Conduct.

The following conduct, acts, or conditions constitute unprofessional conduct for any license holder under the jurisdiction of this chapter:

(1) The commission of any act involving moral turpitude, dishonesty, or corruption relating to the practice of the person's profession, whether the act constitutes a crime or not. If the act constitutes a crime, conviction in a criminal proceeding is not a condition precedent to disciplinary action. Upon such a conviction, however, the judgment and sentence is conclusive evidence at the ensuing disciplinary hearing of the guilt of the license holder of the crime described in the indictment or information, and of the person's violation of the statute on which it is based. For the purposes of this section, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for the conviction and all proceedings in which the sentence has been deferred or suspended....

...

(13) Misrepresentation or fraud in any aspect of the conduct of the business or profession;

...

(17) Conviction of any gross misdemeanor or felony relating to the practice of the person's profession. For the purposes of this subsection, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for conviction and all proceedings in which the sentence has been deferred or suspended....

....

Your Right to a Hearing. If you disagree with this decision, you may request a hearing by completing the enclosed Request for Hearing form and sending it to the Department of Health, Adjudicative Clerk Office, at the following address:

Adjudicative Clerk Office
Department Of Health
P.O. Box 47879
Olympia, WA 98504-7879

Your request must be in writing, stating your basis for contesting the decision, and include a copy of this Notice of Decision on Application.

The Adjudicative Clerk Office must receive your completed Request for Hearing within 28 days of the date this Notice was sent to you or your Request for Hearing will not be considered and you will not be entitled to a hearing. If the Adjudicative Clerk Office

does not receive your Request for Hearing within 28 days of the date this Notice was sent to you, the decision to deny your application will be final.

What Happens at a Hearing? If you decide to present your application to a hearing panel, you will have the burden of proving, more probably than not, that you are qualified for licensure under the Uniform Disciplinary Act (RCW 18.130), Chapter 18.71 RCW, and the rules adopted by the Commission.

Your Right to an Interpreter at Hearing. You may request an interpreter to translate at the hearing if English is not your primary language or the primary language of any of any witness who will testify at hearing. You may also request interpretive assistance if you or any witness has a hearing or speech impairment.

Questions? If you have questions, please contact Staff Attorney Dr. Pamela Kohlmeier by email at Pamela.Kohlmeier@wmc.wa.gov. If Dr. Kohlmeier is unavailable, please contact the Licensing Manager Marisa Courtney at Marisa.Courtney@wmc.wa.gov.

Sincerely,

Melanie de Leon

Provide explanation below:

On 10/17/24, I entered into a Memorandum of Agreement with the DEA where I surrendered my DEA registration for CA and NV with the ability to reapply in one year.

Original Signature (electronic, copies or stamps not accepted)

2/21/26
Date

MEMORANDUM OF AGREEMENT

This Memorandum of Agreement ("Agreement") is entered into by and between the U.S. Department of Justice, Drug Enforcement Administration ("DEA"), on the one hand, and Jeffrey D. Gross, M.D. ("Dr. Gross"), on the other hand (each a "Party" and collectively, the "Parties").

I. BACKGROUND

WHEREAS on July 11, 2024, DEA, by Assistant Administrator Thomas W. Prevoznik, issued an Order to Show Cause ("OSC") directing Dr. Gross to show cause why DEA should not revoke DEA Certificate of Registration ("COR") No. [redacted] (the "California COR"), pursuant to 21 U.S.C. § 824(a)(3), and deny any applications for renewal or modification of such registrations and any applications for any other DEA registrations, pursuant to 21 U.S.C. § 824(a)(3), because Dr. Gross has no state authority to handle controlled substances (the "California OSC");

WHEREAS on July 11, 2024, DEA, by Assistant Administrator Prevoznik, issued an OSC directing Dr. Gross to show cause why DEA should not revoke DEA COR No. [redacted] (the "Nevada COR"), pursuant to 21 U.S.C. § 824(a)(5), and deny any applications for renewal or modification of such registrations and any applications for any other DEA registrations, pursuant to 21 U.S.C. § 824(a)(5), because Dr. Gross has been excluded from participation in all Federal health care programs pursuant to 42 U.S.C. § 1320a-7(a) (the "Nevada OSC");

WHEREAS, DEA served the California OSC and the Nevada OSC on Dr. Gross on or about July 19, 2024;

WHEREAS, on August 9, 2024, Dr. Gross timely requested an administrative hearing on the California OSC and the Nevada OSC;

WHEREAS, the DEA Office of Administrative Law Judges assigned both matters to DEA Administrative Law Judge Teresa A. Wallbaum, who consolidated the administrative proceedings as Docket Nos. 24-59 and 24-60;

WHEREAS, on September 13, 2024, DEA filed a Prehearing Statement in the Nevada administrative proceeding (Docket No. 24-60) (the "DEA Prehearing Statement"), which included new allegations that the Nevada COR should be revoked pursuant to 21 U.S.C. § 824(a)(1);

WHEREAS, on September 27, 2024, the Parties finalized an agreement-in-principle to settle this matter after extensive arm's length negotiations;

WHEREAS, on September 30, 2024, Dr. Gross surrendered the California COR as a gesture of good faith in anticipation of the execution of this Agreement;

WHEREAS, the Parties believe that continued cooperation between the Parties, including, but not limited to, the sharing of information relating to the dispensing of controlled substances, is in the public interest;

WHEREAS, the Parties believe that a settlement in this matter is in the public interest and desire to settle and resolve all outstanding claims and/or issues with respect to Dr. Gross's eligibility to hold a DEA registration to manufacture, distribute, or dispense controlled substances;

WHEREAS, DEA believes that Dr. Gross's agreement to, and compliance with, the terms and conditions of this Agreement alleviate the need for the current administrative action pursuant to 21 U.S.C. § 824; and

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained herein, and for good and valuable consideration, the adequacy of which the Parties hereby expressly acknowledge, and intending to be legally bound by, the Parties hereby agree as follows:

II. GENERAL TERMS

1. Intention of Parties to Effect Settlement. To avoid the uncertainty and expense of litigation, the Parties agree to resolve this matter according to the Terms and Conditions below.

2. Stipulations of Fact. The Parties stipulate to, and Dr. Gross accepts responsibility for, the following facts:

a. On August 7, 2020, in the U.S. District Court for the Central District of California, under docket number 8:18-CR-00014, Dr. Gross pleaded guilty to one count of conspiracy to commit honest services mail fraud and honest services wire fraud.

b. Effective twenty (20) days from December 30, 2021, the U.S. Department of Health and Human Services, Office of Inspector General, pursuant to Section 1128(a)(3) of the Social Security Act, excluded Dr. Gross from participation in all Federal health care programs, as defined in Section 1128B(f) of the Social Security Act, for a minimum period of 10 years.

c. On August 9, 2022, Dr. Gross submitted a renewal application for the California COR. Dr. Gross's response to the first liability question disclosed Dr. Gross's 2020 guilty plea. It did not disclose that he also had been excluded from participation in all Federal health care programs.

d. Dr. Gross's response to the third liability question on the August 9, 2022 renewal application for the California COR did not also disclose that the Board of Medical Examiners of the State of Nevada (April 12, 2022), the Medical Board of California (May 2, 2022), and the Utah Department of Commerce, Division of Professional Licensing (June 22, 2022), had each filed disciplinary actions against his respective state medical licenses, which actions were then pending and subjected those licenses to potential revocation, suspension, restriction, or probation.

e. Based on Dr. Gross's conviction, the Medical Board of California revoked Dr. Gross's Physician's and Surgeon's Certificate Number G 79394 effective September 8, 2023.

3. Covered Conduct. For purposes of this Agreement, "Covered Conduct" shall mean the following:

a. the conduct alleged in the California OSC;

b. the conduct alleged in the Nevada OSC;

c. the conduct alleged in the DEA Prehearing Statement;

d. the conduct in the Stipulations of Fact; and

e. all other conduct or information concerning or relating to Dr. Gross that is or was known to DEA on or before the Effective Date.

III. TERMS AND CONDITIONS

1. Obligations of Dr. Gross.

a. When DEA sends the executed Agreement to Dr. Gross in accordance with Paragraph IV(7), Dr. Gross will surrender the Nevada COR by 5:00 p.m. Pacific Time on the next business day.

b. Dr. Gross may apply for DEA registration to manufacture, distribute, or dispense controlled substances no earlier than one (1) year from the Effective Date.

c. Dr. Gross acknowledges that when he applies for DEA registration to manufacture, distribute, or dispense controlled substances, he must disclose all information required by the Liability Questions on the Form DEA 224 or Form DEA 224A, including, but not necessarily limited to:

i. The surrender of the California COR and the Nevada COR in response to any question whether he has "ever surrendered (for cause) or had a federal controlled substance registration revoked, suspended, restricted or denied";

ii. The HHS-OIG exclusion referenced in Paragraph II(2)(b) in response to any question regarding whether he has "been excluded or directed to be excluded from participation in a medicare or state health care program";

iii. The California, Nevada, and Utah disciplinary proceedings referenced in Paragraph II(2)(d), and the decision of the Washington Medical Commission denying Dr. Gross's Application No. MD.61173267, dated December 12, 2022, in response to any question whether he has "ever surrendered (for cause) or had a state professional license or controlled substance registration revoked, suspended, denied, restricted, or placed on probation."

d. Dr. Gross agrees that, when DEA again registers Dr. Gross to manufacture, distribute, or dispense controlled substances:

i. Any DEA registration held by Dr. Gross shall be limited to prescribing controlled substances in Schedules III through V (i.e., no Schedule II or IIN);

ii. Dr. Gross will maintain electronic medical charts, with automated timestamping, for any patients to whom he prescribes controlled substances;

iii. Dr. Gross will not prescribe any controlled substances to (A) his family members, (B) a romantic partner of his or the family members of any such romantic partner, or (C) any friends who are not bona fide patients; and

iv. Dr. Gross will provide to DEA every 90 days a list of all controlled substances prescriptions that he has issued in that reporting period.

e. For purpose of this Agreement, the term "family members" shall mean persons related by birth, adoption, marriage, or legal custody, including spouse, offspring, dependent, mother, father, sibling, aunt, uncle, niece, nephew, and first cousin.

f. For purpose of this Agreement, the term "friends" shall include any person with whom Dr. Gross holds a bond of attachment by feelings of affection or personal regard.

g. For purpose of this Agreement, the term "bona fide patients" shall include persons with whom Dr. Gross has a physician-patient relationship and for whom Dr. Gross maintains medical records in the due course of treatment.

h. The obligations imposed on Dr. Gross by this Agreement shall be in addition to, not in derogation of, all other requirements set forth in any applicable federal, state, and local laws and regulations. This includes, but is not limited to, the requirements set forth in Title 21 of the United States Code, the Comprehensive Drug Abuse Prevention and Control Act of 1970, and any implementing regulations promulgated by DEA.

i. Any material breach by Dr. Gross of Paragraph III(1) after the Effective Date may be a basis upon which the DEA can issue an Order to Show Cause seeking the revocation of Dr. Gross's DEA certificate(s) of registration.

j. Nothing in this Agreement shall be construed as precluding DEA from referring to any of the matters referenced herein for the purpose of establishing Dr. Gross's past conduct in the event of a future administrative action to deny, revoke, or suspend a controlled substances registration based on non-Covered Conduct. DEA is not precluded from introducing in any such administrative proceeding this Agreement, any breach of this Agreement, and any other relevant allegations during or after the term of this Agreement.

2. Obligations of DEA.

a. DEA represents that it has reviewed its records for investigations or inspections initiated or conducted prior to the Effective Date, which may allege, among other

things, that Dr. Gross was excluded from a Federal healthcare program and that he lacks authority under California law to engage in the manufacturing, distribution, or dispensing of controlled substances. DEA has not referred and agrees not to refer any conduct occurring before the Effective Date for civil penalty proceedings under 21 U.S.C. § 842 that would be based on the Covered Conduct to any other agency within the Department of Justice.

b. DEA agrees that, upon expiration of this Agreement, Dr. Gross will be eligible to apply for a modification to any registration(s) then held by Dr. Gross to include the handling of Schedule II and IIN controlled substances. DEA agrees that such modification will be granted absent any breaches of this Agreement, any violations of law or regulation relating to controlled substances identified after the Effective Date, or any pending actions against Dr. Gross by any other state or federal agency relating to authority to manufacture, dispense, or distribute controlled substances.

3. Joint Obligations of the Parties.

a. Dr. Gross and DEA agree that, upon execution of this Agreement, Dr. Gross and DEA shall file a joint motion with the DEA Administrative Law Judge to terminate the pending administrative proceeding against the Nevada COR, and DEA will deem the Nevada OSC to be a disposed of matter.

4. Release by DEA.

a. In consideration of the fulfillment of the obligations of Dr. Gross under this Agreement, DEA agrees:

i. To fully, finally, and forever release Dr. Gross from any administrative or civil claims within DEA's enforcement authority for the Covered Conduct, except as outlined in this Agreement;

ii. To refrain from filing any administrative or civil claims against Dr. Gross within DEA's enforcement authority based, in whole or in part, on the Covered Conduct or any other conduct that was or could have been discovered by DEA through the exercise of due diligence through the examination of open investigations and inspections in existence as of the Effective Date, and the review of the reports and records Dr. Gross submitted to DEA prior to that date, except as outlined in this Agreement;

iii. That DEA will not deny any future DEA registration application filed by or on behalf of Dr. Gross, or limit, suspend, revoke, or modify any DEA certificate(s) of registration held by Dr. Gross, or attempt or seek to do any of the foregoing, based, in whole or in part, on the Covered Conduct or any other conduct that was or could have been discovered by DEA through the exercise of due diligence through the examination of open investigations and inspections in existence as of the Effective Date, and the review of the reports and records Dr. Gross submitted to DEA prior to that date, except as outlined in this Agreement; and

iv. That DEA will not seek to admit evidence of the Covered Conduct in any other civil or administrative proceeding against Dr. Gross for non-Covered conduct, except as outlined in this Agreement.

b. Nothing in this Agreement shall prohibit any other agency within the Department of Justice, any State attorney general, or any other law enforcement, administrative, or regulatory agency of the United States or any State thereof ("law enforcement agency"), from initiating administrative, civil, or criminal proceedings with respect to the Covered Conduct and DEA shall, as obligated in fulfilling its statutory duties, assist and cooperate with any law enforcement agency that initiates an investigation, action, or proceeding involving the Covered Conduct.

5. Release by Dr. Gross. Dr. Gross fully and finally releases DEA, its agencies, employees, servants, and agents (the "DEA Released Parties") from any claims (including attorney's fees, costs, and expenses of every kind and however denominated) which Dr. Gross has asserted, could have asserted, or may assert in the future against the DEA Released Parties related to the Covered Conduct and DEA's investigation and prosecution thereof.

6. Reservation of Claims. Notwithstanding any term of this Agreement, specifically reserved and excluded from the scope and terms of the Agreement as to any entity or person (including Dr. Gross) are the following:

   a. Any potential criminal liability;

   b. Any civil, criminal, or administrative liability arising under Title 26, U.S. Code (Internal Revenue Code); or

   c. Any claims based upon such obligations as are created by this Agreement.

IV. MISCELLANEOUS

1. Costs. Each Party to this Agreement shall bear its own legal and other costs incurred in connection with this matter, including the preparation and performance of this Agreement.

2. No Additional Releases. This Agreement is intended to be for the benefit of the Parties only, and by this instrument, the Parties do not release any claims against any other person or entity.

3. Complete Agreement. This Agreement constitutes the complete agreement between the Parties. All material representations, understandings, and promises of the Parties are contained in this Agreement, and each of the Parties expressly agrees and acknowledges that, other than those statements expressly set forth in this Agreement, it is not relying on any statement, whether oral or written, of any person or entity with respect to its entry into this Agreement or to the consummation of the transactions contemplated by this Agreement.

4. Modifications. Any modifications to this Agreement shall be set forth in writing and signed by all Parties.

5. Advice of Counsel. The Parties represent that they enter into this Agreement with advice of counsel and knowledge of the events described herein.

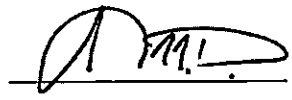
6. Voluntary Agreement. The Parties represent that they enter into this Agreement voluntarily in order to avoid litigation, without any degree of duress or compulsion.

7. Execution of Agreement. This Agreement shall become effective (i.e., final and binding) on the date of signing by the last signatory ("Effective Date"). DEA agrees to send the executed Agreement to Dr. Gross immediately upon its execution by the final DEA signatory.

8. Execution in Counterparts. This Agreement may be executed in counterparts, each of which constitutes an original, and all of which shall constitute one and the same agreement.

9. Term. This Agreement and the obligations created by this Agreement, including, but not limited to, the obligations and limitations in Paragraph III(1), shall expire five (5) years from the Effective Date, except that the covenants and releases described in Paragraphs III(2), III(4)(a), and III(5) shall continue *ad infinitum*.

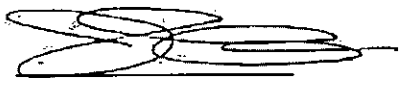
10. Authorizations. The individual(s) signing this Agreement on behalf of DEA represent and warrant that they are signing this Agreement in their official capacities and that they are authorized by DEA to execute this Agreement and bind DEA to the terms herein.



11. Disclosure. Dr. Gross and DEA may each disclose the existence of this Agreement and information about this Agreement to the public.

12. Choice of Law. This Agreement shall be construed in accordance with the laws of the United States, and either Party may seek judicial enforcement of this Agreement upon a material breach by the other Party.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]



IN WITNESS WHEREOF, the Parties hereto have duly executed this Memorandum of Agreement as of the dates written below.

SETTLEMENT AGREEMENT AND ORDER Case No. 21-47802-1 March 4, 2022 On March 4, 2022, the Nevada State Board of Medical Examiners accepted and approved a Settlement Agreement which allowed for an order to be entered finding that Dr. Turner violated NRS 630.301(3), as set forth in the Complaint, and ordering that he receive a public reprimand; he shall pay a fine in the amount of five hundred dollars ($500.00); and he is to reimburse the Board's fees and costs incurred in the investigation and prosecution of the case against him. Dr. Turner's license to practice medicine in the State of Nevada is currently in inactive status. Prior to requesting to change his licensure status from "inactive" to "active," Dr. Turner agrees to complete a "fitness for duty" evaluation to address his competence to practice medicine, as well as his possible substance abuse issues. If his request to change licensure status is granted by the Board, from the date that his licensure status is changed to "active," his license shall be subject to a term of probation for a period not to exceed thirty-six (36) months from the date of the Board's acceptance, adoption and approval of the Agreement. During the probationary period, Dr. Turner shall successfully complete all requirements and comply with all orders, past or future, of the Texas Medical Board, and shall not supervise any physician assistant or collaborate with any advanced practice registered nurse in the State of Nevada. Settlement Agreement and Order: ten (10) pages. BEFORE THE BOARD OF MEDICAL EXAMINERS OF THE STATE OF NEVADA

* * * * *

In the Matter of Charges and Complaint Against: **KELLY JAMES TURNER, M.D.,** **Respondent.**	**Case No. 21-47802-1** **FILED** MAR 0 4 2022 NEVADA STATE BOARD OF MEDICAL EXAMINERS By:

SETTLEMENT AGREEMENT

The Investigative Committee (IC) of the Nevada State Board of Medical Examiners (Board), by and through Sarah A. Bradley, J.D., MBA, Deputy Executive Director and Robert G. Kilroy, J.D., Senior Deputy General Counsel for the Board and attorney for the IC, and Kelly James Turner, M.D. (Respondent), a licensed physician in Nevada, hereby enter into this Settlement Agreement (Agreement) based on the following.[1]

A. BACKGROUND

1. Respondent is a medical doctor currently licensed in inactive status by the Board pursuant to Chapter 630 of the Nevada Revised Statutes (NRS) and Chapter 630 of the Nevada Administrative Code (NAC), collectively, the Medical Practice Act (MPA), to practice medicine in Nevada. His license was originally issued on January 25, 2018 (License No. 17670).

2. On October 26, 2021, in Case No. 21-47802-1, the IC filed a formal Complaint (Complaint) charging Respondent with violating the MPA. Specifically, the Complaint alleges one (1) violation of NRS 630.301(3), Out of State Discipline (Count I). By reason of the foregoing, Respondent is subject to discipline by the Board as provided in NRS 630.352.

//

[1] All agreements and admissions made by Respondent are solely for final disposition of this matter and any subsequent related administrative proceedings or civil litigation involving the Board and Respondent. Therefore, Respondent's agreements and admissions are not intended or made for any other use, such as in the context of another state or federal government regulatory agency proceeding, state or federal civil or criminal proceeding, any state or federal court proceeding, or any credentialing or privileges matter.

3. Respondent was properly served with a copy of this Complaint, has reviewed and understands this Complaint, and has had the opportunity to consult with competent counsel concerning the nature and significance of this Complaint.

4. Respondent is hereby advised of his rights regarding this administrative matter, and of his opportunity to defend against the allegations in the Complaint. Specifically, Respondent has certain rights in this administrative matter as set out by the United States Constitution, the Nevada Constitution, the MPA, the Nevada Open Meeting Law (OML), which is contained in NRS Chapter 241, and the Nevada Administrative Procedure Act (APA), which is contained in NRS Chapter 233B and 622A. These rights include the right to a formal hearing on the allegations in the complaint, the right to representation by counsel, at his own expense, in the preparation and presentation of his defense, the right to confront and cross-examine the witnesses and evidence against him, the right to written findings of fact, conclusions of law and order reflecting the final decision of the Board, and the right to judicial review of the Board's order, if the decision is averse to him.

5. Respondent understands that, under the Board's charge to protect the public by regulating the practice of medicine, the Board may take disciplinary action against Respondent's license, including license probation, license suspension, license revocation and imposition of administrative fines, as well as any other reasonable requirement or limitation, if the Board concludes that Respondent violated one or more provisions of the MPA.

6. Respondent understands and agrees that this Agreement, by and between Respondent and the IC, is not with the Board, and that the IC will present this Agreement to the Board for consideration in open session at a duly noticed and scheduled meeting. Respondent understands that the IC shall advocate for the Board's approval of this Agreement, but that the Board has the right to decide in its own discretion whether to approve this Agreement. Respondent further understands and agrees that if the Board approves this Agreement, then the terms and conditions enumerated below shall be binding and enforceable upon him and the Board.

///

///

///

B. TERMS & CONDITIONS

NOW, THEREFORE, to resolve the matters addressed herein, i.e., the matters about the Complaint, Respondent and the IC hereby agree to the following terms and conditions:

1. **Jurisdiction**. Respondent is, and always relevant to the Complaint has been, a physician licensed to practice medicine in Nevada subject to the jurisdiction of the Board as set forth in the Medical Practice Act.

2. **Representation by Counsel/Knowing, Willing and Intelligent Agreement**. Respondent acknowledges he is represented by counsel and wishes to resolve the matters addressed herein with said counsel. Respondent agrees that if representation by counsel in this matter materially changes prior to entering into this Agreement and for the duration of this Agreement, that counsel for the IC will be timely notified of the material change. Respondent agrees that he knowingly, willingly, and intelligently enters into this Agreement after deciding to have a full consultation with and upon the advice of legal counsel.

3. **Waiver of Rights**. In connection with this Agreement, and the associated terms and conditions, Respondent knowingly, willingly, and intelligently waives all rights in connection with this administrative matter. Respondent hereby knowingly, willingly and intelligently waives all rights arising under the United States Constitution, the Nevada Constitution, the MPA, the OML, the APA, and any other legal rights that may be available to him or that may apply to him in connection with the administrative proceedings resulting from the Complaint filed in this matter, including defense of the Complaint, adjudication of the allegations set forth in the Complaint, and imposition of any disciplinary actions or sanctions ordered by the Board. Respondent agrees to settle and resolve the allegations of the Complaint as set out by this Agreement, without a hearing or any further proceedings and without the right to judicial review.

4. **Acknowledgement of Reasonable Basis to Proceed**. As of the time of entering into this Settlement Agreement, the allegations of the Complaint remain unproven. Respondent acknowledges that the IC believes it has a reasonable basis to allege that Respondent engaged in conduct that is grounds for discipline pursuant to the MPA. The IC acknowledges Respondent is not admitting that the IC's claims/counts as alleged in the Complaint have merit and Respondent

is agreeing to resolve this matter to avoid the costs of hearing and potential subsequent litigation. Respondent asserts if this matter were to proceed to hearing, he has evidence, witnesses, expert witness(es) and defenses to the counts/claims alleged in the Complaint, but for the purposes of resolving the matter and for no other purpose, Respondent waives the presentation of evidence, witnesses, expert witnesses, and defenses to effectuate this Agreement.

5. **Consent to Entry of Order**. To resolve this Complaint pending against Respondent, Respondent hereby agrees that the Board may issue an order finding that Respondent engaged in conduct that is grounds for discipline pursuant to the MPA. Accordingly, the following terms and conditions are hereby agreed upon:

a. Respondent admits to Count I of the Complaint, violation of NRS 630.301(3), Out of State Discipline.

b. Respondent will pay the costs and expenses incurred in the investigation and prosecution of the above-referenced matter within sixty (60) days of the Board's acceptance, adoption, and approval of this Agreement in the amount of five hundred sixty-eight dollars and four cents ($568.04).

c. Respondent shall pay a fine of $500 within sixty (60) days of the Board's acceptance, adoption, and approval of this Agreement.

d. This Agreement shall be reported to the appropriate entities and parties as required by law, including, but not limited to, the National Practitioner Data Bank.

e. Respondent shall receive a Public Letter of Reprimand.

f. From the date that Respondent's license is changed to "active" status, Respondent's license shall be subject to a term of probation for a period not to exceed thirty-six (36) months from the date of the Board's acceptance, adoption, and approval of this Agreement (Probationary Period).

g. During the Probationary Period, Respondent shall successfully complete all requirements and comply with all Orders, past or future, of the Texas Medical Board, specifically including, but not limited to, the Texas Medical Board's Order Granting Modification issued on October 15, 2021, in its Case No. L-4152.

h. During the Probationary Period, Respondent shall not supervise any Physician Assistant, or collaborate with any Advanced Practice Registered Nurse in the State of Nevada.

i. At the time of the execution of this Agreement, Respondent's license is in an "inactive" status. Prior to changing his licensure status in Nevada from "inactive" to "active," Respondent agrees to complete a 'fitness for duty' evaluation which addresses his competence to practice medicine, as well as his possible substance abuse issues. If this evaluation results in any recommendations, then before Respondent's license may be changed from "inactive" to "active," Respondent will come before the Board at a public Board meeting for the Board to review these recommendations and potentially order Respondent to complete those recommendations, which may result in the Board placing conditions, limitations, or other requirements upon Respondent's license.

6. **Release from Liability**. In execution of this Agreement, Respondent understands and agrees that the State of Nevada, the Board, and each of its members, staff, counsel, investigators, experts, peer reviewers, committees, panels, hearing officers, consultants and agents are immune from civil liability for any decision or action taken in good faith in response to information acquired by the Board. NRS 630.364(2)(a). Respondent agrees to release the State of Nevada, the Board, and each of its members, staff, counsel, investigators, experts, peer reviewers, committees, panels, hearing officers, consultants and agents from any and all manner of actions, causes of action, suits, debts, judgments, executions, claims and demands whatsoever, known and unknown, in law or equity, that Respondent ever had, now has, may have or claim to have, against any or all of the persons, government agencies or entities named in this paragraph arising out of, or by reason of, this investigation, this Agreement or the administration of the case referenced herein.

7. **Procedure for Adoption of Agreement**. The IC and counsel for the IC shall recommend approval and adoption of the terms and conditions of this Agreement by the Board in resolution of this Complaint. While seeking Board acceptance, approval, and adoption of this

///

Agreement, counsel for the IC may communicate directly with the Board staff and the adjudicating members of the Board.

Respondent acknowledges that such contacts and communications may be made or conducted ex-parté, without notice or opportunity to be heard on his part until the public Board meeting where this Agreement is discussed, and that such contacts and communications may include, but may not be limited to, matters concerning this Agreement, the Complaint and all information of every nature whatsoever related to this matter. The IC and its counsel agree that Respondent and/or Counsel for the Respondent may appear at the Board meeting where this Agreement is discussed and, if requested, respond to any questions that may be addressed to the IC or the IC's counsel.

8. **Effect of Acceptance of Agreement by Board**. In the event the Board accepts, approves, and adopts this Agreement, the Board shall issue a final order, making this Agreement an order of the Board, and, pending full compliance with the terms herein, the case shall be closed and all remaining claims arising out of the Complaint shall be dismissed with prejudice.

9. **Effect of Rejection of Agreement by Board**. In the event the Board does not accept, approve and adopt this Agreement, this Agreement shall be null, void and of no force and effect except as to the following agreement regarding adjudications: (1) Respondent agrees that, notwithstanding rejection of this Agreement by the Board, nothing contained in this Agreement and nothing that occurs pursuant to efforts of the IC to seek the Board's acceptance of this Agreement shall disqualify any member of the adjudicating panel of the Board from considering this Complaint and from participating in disciplinary proceedings against Respondent, including adjudication of this case; and (2) Respondent further agrees that he shall not seek to disqualify any such member absent evidence of bad faith.

10. **Binding Effect**. If approved by the Board, Respondent understands that this Agreement is a binding and enforceable contract upon Respondent and the Board.

11. **Forum Selection Clause**. The parties agree that in the event either party is required to seek enforcement of this Agrcement in district court, the party's consent to such

///

jurisdiction and agree that exclusive jurisdiction shall be in the Second Judicial District Court, State of Nevada, Washoe County.

12. **Attorneys' Fees and Costs**. The parties agree that in the event an action is commenced in district court to enforce any provision of this Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees and costs.

13. **Failure to Comply with Terms**. Should Respondent fail to comply with any term or condition of this Agreement after the Agreement has been accepted, approved, and adopted by the Board, the IC shall be authorized to immediately suspend Respondent's license to practice medicine in Nevada pending an Order to Show Cause Hearing, which will be duly noticed. Failure to comply with the terms of this Agreement, including failure to pay any fines, costs, expenses, or fees owed to the Board, is a failure to comply with an order of the Board, which may result in additional disciplinary action being taken against Respondent. *See* NRS 630.3065(2)(a). Further, Respondent's failure to remit payment to the Board for monies agreed to be paid as a condition of this Agreement may subject Respondent to civil collection efforts.

Explanation to Question #7

On 04 August 2018, I was involved in a minor accident in the 200 block of Grand Ave, Southlake, TX. The area in question is an outdoor mall parking lot and I had backed into another vehicle while trying to park my truck. After the attempt at parking, it was obvious I couldn't park my truck in the small space and I drove around the corner, parked, and then walked back to contact the owner of the vehicle. The police had responded to the scene as bystanders initially thought this was a hit and run. As I was sharing the auto insurance and driver info with the other owner, the police contacted me. I did have the odor of alcohol on my breath and after their investigation, I was arrested for DUI. I was not charged with Leaving the scene of the accident however. My BAC was 0.02 well under the legal limit, but also positive for Benzodiazepines. I ultimately was charged with DUI. I pled guilty to the offense in October, 2019, and received a 15 month probationary sentence and as of January 2021, the probationary period has ended without further issues.

NARRATIVE AND DIAGRAM

Investigator's Narrative Opinion of What Happened (Attach Additional Sheets If Necessary)

UNIT 1 WAS TRAVELING NORTHBOUND IN THE 200 BLOCK OF GRAND AVENUE. THE DRIVER OF UNIT 1 ATTEMPTED TO PARALLEL PARK IN FRONT OF 257 GRAND AVENUE. WHILE BACKING, UNIT 1 REAR BUMPER STRUCK UNIT 2 FRONT BUMPER CAUSING DAMAGE. DRIVER OF UNIT 1 THEN FLED THE SCENE AND PARKED IN A PARKING GARAGE AT 1451 FEDERAL WAY. DRIVER OF UNIT 1 WAS SUBSEQUENTLY ARRESTED FOR DRIVING WHILE INTOXICATED AND DUTY UPON OR STRIKING AN UNATTENDED VEHICLE. FRESH DAMAGE WAS LOCATED ON ALL 4 CORNERS OF UNIT 1. SOME OF THE DEBRIS ON THE FRONT BUMPER APPEARED TO POSSIBLY BE CONCRETE DUST FROM STRIKING A WALL. THE DRIVER ADMITTED TO DRINKING ALCOHOLIC.

The age of the victim at the time of the offense was N/A.

Time Credited: If Defendant is to serve sentence in county jail or is given credit toward fine and costs, enter days credited below. 3 DAYS NOTES: N/A

All pertinent information, names and assessments indicated above are incorporated into the language of the judgment below by reference.

This cause was called for trial in Tarrant County, Texas. The State appeared by her District Attorney.

Counsel / Waiver of Counsel (select one)

☒ Defendant appeared in person with Counsel.
☐ Defendant knowingly, intelligently, and voluntarily waived the right to representation by counsel in writing in open court.

Both parties announced ready for trial. Defendant waived the right of trial by jury and entered the plea indicated above. The Court then admonished Defendant as required by law. It appeared to the Court that Defendant was mentally competent to stand trial, made the plea freely and voluntarily, and was aware of the consequences of this plea. The Court received the plea and entered it of record. Having heard the evidence submitted, the Court found Defendant guilty of the offense indicated above. In the presence of Defendant, the Court pronounced sentence against Defendant.

The Court FINDS Defendant committed the above offense and ORDERS, ADJUDGES AND DECREES that Defendant is GUILTY of the above offense. The Court FINDS the Presentence Investigation, if so ordered, was done according to the applicable provisions of TEX. CODE CRIM. PROC. art. 42A, Subchaptor F.

CASE NO. 1594484

The Court ORDERS Defendant punished as indicated above. The Court ORDERS Defendant to pay all fines, court costs, and restitution as indicated above.

Punishment Options (select one)

☒ **County Jail—Confinement / Confinement in Lieu of Payment.** The Court ORDERS Defendant immediately committed to the custody of the Sheriff of Tarrant County, Texas on the date the sentence is to commence. Defendant shall be confined in the Tarrant County Jail for the period indicated above. The Court ORDERS that upon release from confinement, Defendant shall proceed immediately to the Office of the Tarrant County Clerk. Once there, the Court ORDERS Defendant to pay, or make arrangements to pay, any remaining unpaid fines, court costs, and restitution as ordered by the Court above.

☐ **Fine Only Payment.** The punishment assessed against Defendant is for a FINE ONLY. The Court ORDERS Defendant to proceed immediately to the Office of the Tarrant County Clerk. Once there, the Court ORDERS Defendant to pay or make arrangements to pay all fines and court costs as ordered by the Court in this cause.

Execution / Suspension of Sentence (select one)

☐ The Court ORDERS Defendant's sentence EXECUTED.

☒ The Court ORDERS Defendant's sentence of confinement SUSPENDED. The Court ORDERS Defendant placed on community supervision for the adjudged period (above) so long as Defendant abides by and does not violate the terms and conditions of community supervision. The order setting forth the terms and conditions of community supervision is incorporated into this judgment by reference.

The Court ORDERS that Defendant is given credit noted above on this sentence for the time spent incarcerated.

Furthermore, the following special findings or orders apply:

PROPOSED REGULATION OF THE STATE BOARD OF PHARMACY

Workshop – April 16, 2026

EXPLANATION – Matter in ***italics*** is new; matter in brackets **[~~omitted material~~]** is material to be omitted. and language in ***green text*** indicates prior Board-approved amendments that are in the process of being codified.

AUTHORITY: § 1, NRS 639.070

A REGULATION relating to pharmacy; establishing record keeping requirements of controlled substances by a pharmacy; and providing other matters properly relating thereto.

Section 1. Chapter 639 of NAC is hereby amended by adding thereto a new section to read as follows:

1. In addition to any other requirements for keeping records, a pharmacy shall maintain the following records on paper or in a computer system used by the pharmacy:

a. A copy of the order placed on an order form approved by the Drug Enforcement Administration (DEA) or a copy of the electronic order through the Controlled Substance Ordering System (CSOS), properly dated and initialed, copies of each unaccepted or defective order form, and any attached statements or other documents.

i. If the copy of the electronic order through CSOS is maintained in a computer system used by the pharmacy, then an electronic initial is acceptable.

b. Suppliers' invoices of controlled substances and dangerous drugs.

i. A pharmacist of the pharmacy shall clearly record on each invoice or make a paper or electronic record of the actual date on which the controlled substance was received.

ii. A pharmacist or other personnel of the pharmacy shall clearly record on each invoice or make a paper or electronic record of the actual date on which the dangerous drug was received.

c. Suppliers' credit memos for controlled substances and dangerous drugs.

d. The biennial inventory of controlled substances required by the DEA.

a. Any reports of theft or significant loss of controlled substances submitted to the DEA and the Board pursuant to 21 CFR 1301.74(c) and NRS 453.568, respectively.

b. Reports of the surrender or destruction of controlled substances to an appropriate state or federal agency.

2. *In addition to the requirements pursuant to NRS 453.568, a pharmacy shall:*

a. Maintain an electronic or paper perpetual inventory of any controlled substance listed in schedules II through IV, which must be maintained and can only be modified or changed by a registered pharmacist;

b. Initiate an investigation within 72 hours to determine cause of discrepancy or loss or theft of any controlled substance and determine the cause within 30 days.

3. *A pharmacy shall maintain the records as required in subsection 1 and 2:*

a. In a readily retrievable manner; and

b. In a manner that establishes the receipt, distribution, destruction, loss, or theft of all controlled substances handled by the pharmacy.

4. *As used in this chapter, "perpetual inventory" means a system of accounting used to track and record stock levels, in which every purchase, dispensation, administration, loss, theft, return and sale of stock is logged immediately.*

15B

Proposed Regulation of the Nevada State Board of Pharmacy

April 16, 2026

Explanation – Language in ***blue italics*** is new; language in ***red text*** [~~*omitted material*~~] is language to be omitted, and language in ***green text*** indicates prior Board-approved amendments that are in the process of being codified.

AUTHORITY: NRS 453.146; NRS 453.221; NRS 639.070

A REGULATION relating to controlled substances adding mitragynine, hydroxymitragynine and mitragynine pseudoindoxyl to the controlled substances listed in Schedule I; and providing other matters properly relating thereto.

NAC 453.510 is hereby amended to read as follows:

1. Schedule I consists of the drugs and other substances listed in this section by whatever official, common, usual, chemical or trade name designated

2. Unless specifically excepted or unless listed in another schedule, any of the following opiates, including, without limitation, their isomers, esters, ethers, salts and salts of isomers, esters and ethers, whenever the existence of such isomers, esters, ethers and salts is possible within the specific chemical designation:

Acetyl-alpha-methylfentanyl (N-[1-(1-methyl-2-phenethyl)-4-piperidinyl]-N-phenylacetamide);

Acetylmethadol;

Acryl fentanyl (N-(1-phenethylpiperidin-4-yl)-N-phenylacrylamide) (some trade or other names: acryloylfentanyl);

Allylprodine;

Alpha' -methyl butyryl fentanyl (2-methyl-N-(1-phenethylpiperidin-4-yl)-phenylbutanamide);

Alphacetylmethadol (except levo-alphacetylmethadol, commonly referred to as levo-alpha-

acetylmethadol, levomethadyl acetate or “LAAM”);

Alphameprodine;

Alphamethadol;

Alphamethylfentanyl (N-[1-(alpha-methyl-beta-phenyl)ethyl-4-piperidyl] propionanilide; 1-(1-methyl-2-phenylethyl)-4-(N-propanilido) piperidine);

Alpha-methylthiofentanyl (N-[1-methyl-2-(2-thienyl)ethyl-4-piperidinyl]-N-phenylpropanamide);

Benzethidine;

Betacetylmethdol;

Beta-hydroxyfentanyl (N-[1-(2-hydroxy-2-phenethyl)-4-piperidinyl]-N-phenylpropanamide);

Beta-hydroxy-3-methylfentanyl (other name: N-[1-(2-hydroxy-2-phenethyl)-3-methyl-4-piperidinyl]-N-phenylpropanamide);

Beta-hydroxythiofentanyl (trade or other names: N-[1-[2-hydroxy-2-(thiophen-2-yl)ethyl]piperidin-4-yl]-N-phenylpropionamide; N-[1-[2-hydroxy-2-(2-thienyl)ethyl]-4-piperidinyl]-N-phenylpropanamide);

Betameprodine;

Beta-methylacetyl fentanyl (N-phenyl-N-(1-(2-phenylpropyl)piperidin-4-yl)acetamide);

Betamethadol;

Betaprodine;

Butyryl fentanyl (trade or other names: N-(1-phenethylpiperidin-4-yl)-N-phenylbutyramide; N-(1-phenethylpiperidin-4-yl)-N-phenylbutanamide);

Clonitazene;

Cyclopentylfentanyl(N-(1-phenethylpiperidin-4-yl)-N-phenylcyclopentanecarboxamide);

Cyclopropylfentanyl(N-(1-phenethylpiperidin-4-yl)-N-phenylcyclopropanecarboxamide);

Dextromoramide;

Diampromide;

*2',5'-dimethoxyfentanyl (*N *-(1-(2,5 dimethoxyphenethyl)piperidin-4-yl)* N*-phenylpropionamide);*

Diethylthiambutene;

Difenoxin;

Dimenoxadol;

Dimepheptanol;

Dimethylthiambuten;

Dioxaphetyl butyrate;

Dipipanone;

Ethylmethylthiambutene;

Etonitazene;

Etoxeridine;

Eutylone (bk-EBDB, 1-(1,3-Benzodioxol-5-yl)-2-(ethylamino)butan-1-one, b-keto-ethylbenzodioxolylbutanamine);

Fentanyl carbamate (Ethyl-(1-phenethylpiperidin-4-yl)(phenyl)carbamate);

Fluoro furanyl fentanyl;

Fluoroacryl fentanyl;

Fluorobutyryl fentanyl;

Fluorofentanyl (N-(4-fluorophenyl)-N-[1-(2-phenethyl)-4-piperidinyl]propanamide);

Fluoroisobutyryl fentanyl (N-(4-fluorophenyl)-N-(1-phenethylpiperidin-4-yl)isobutyramide);

Furanyl fentanyl (N-(1-phenethylpiperidin-4-yl)-N-phenylfuran-2-carboxamide);

3-furanyl fentanyl (N-(1-phenethylpiperidin-4-yl)-N-phenylfuran-3-carboxamide);

Furethidine;

Hydroxymitragynine (some trade or other names: 7-hydroxymitragynine; 7-HMG (αE,2S,3S,7aS,12bS)-3-ethyl-1,2,3,4,6,7,7a,12b-octahydro-7a-hydroxy-8-methoxy-α-(methoxymethylene)-indolo[2,3-a]quinolizine-2-acetic acid, methyl ester; 9-methoxy Corynantheidine hydroxyindolenine; mitragynine hydroxyindolenine);

Hydroxypethidine;

Isobutyryl fentanyl (N-(1-phenethylpiperidin-4-yl)-N-phenylisobutyramide);

Isovaleryl fentanyl (3-methyl-N-(1-phenethylpiperidin-4-yl)-N-phenylbutanamide);

Isotonitazene;

Ketobemidone;

Levomoramide;

Levophenacylmorphan;

Meta -fluorofentanyl (N-(3-fluorophenyl)-N-(1-phenethylpiperidin-4-yl)propionamide);

Meta-fluorofuranyl fentanyl (N-(3-fluorophenyl)-N-(1-phenethylpiperidin-4-yl)furan-2-carboxamide);

Meta -fluoroisobutyryl fentanyl (N-(3-fluorophenyl)- N-(1-phenethylpiperidin-4-yl) isobutyramide);

Methoxyacetyl fentanyl;

Methyl acetyl fentanyl;

2-Methyl-AP-237 (some trade or other names: 1-(2-methyl-4-(3- phenyl-2-propen-1-yl)-1-piperazinyl)-1-butanone; 2-MAP);

Methyl methoxyacetyl fentanyl (some trade or other names: 2-methoxy-N-(2-methylphenyl)-N-(1-phenethylpiperidin-4-yl)acetamide (ortho-methyl methoxyacetylfentanyl; 2-methyl methoxyacetyl fentanyl));

Methylfentanyl;

Methylthiofentanyl;

Mitragynine (some trade or other names: methyl (E)-2-[(2s,3s,12bs)-3-ethyl-8-methoxy-1,2,3,4,6,7,12,12b-octahydroindolo[2,3-a]quinolizin-2-yl]-3-methoxyprop-2-enoate; (αE,2S,3S,12bS)-3-ethyl-1,2,3,4,6,7,12,12b-octahydro-8-methoxy-α-(methoxymethylene)-indolo[2,3-a]quinolizine-2-acetic acid, methyl ester; (E)-16,17-Didehydro-9,17-dimethoxy-17,18-seco-20α-yohimban-16-carboxylic acid methyl ester; 9-methoxy Corynantheidine);

Mitragynine pseudoindoxyl (some trade or other names: (αE,6'S,7'S,8'aS)-6'-ethyl 1,2',3,3',6',7',8',8'a-octahydro-4-methoxy-α-(methoxymethylene)-3-oxo-spiro[2H-indole-2,1'(5'H)-indolizine]-7'-acetic acid, methyl ester; methyl (2E)-2-[(1'S,4'R,6'S,7'S,8'aS)-6'-ethyl-4-methoxy-3-oxo-1,2',3,3',6',7',8',8'a-octahydro-5'H-spiro[indole-2,1'-indolizin]-7'-yl]-3-methoxyprop-2-enoate; MP);

Morpheridine;

MPPP (1-methyl-4-phenyl-4-propionoxypiperidine);

Noracymethadol;

Norlevorphanol;

Normethadone;

N-(1-(2-fluorophenethyl)piperidin-4-yl)-N-(2-fluorophenyl)propionamide (2'-fluoro ortho-fluorofentanyl; 2'-fluro 2'-fluorofentanyl);

N-pyrrolidino metonitazene (some trade or other names: metonitazepyne or 2-(4-methoxybenzyl)-5-nitro-1-(2-(pyrrolidin-1-yl)ethyl)-1H-benzo[d]imidazole, 2-hydroxy-1,2,3-propanetricarboxylate)

N-pyrrolidino protonitazene (some trade or other names: protonitazepyne or 5-nitro-2-(4-propoxybenzyl)-1-(2-(pyrrolidin-1-yl)ethyl)-1H-benzo[d]imidazole)

Norpipanone;

Ocfentanil (N-(2-fluorophenyl)-2-methoxy-N-(1-phenethylpiperidin-4-yl)acetamide;

Ortho-chlorofentanyl (N-(2-chlorophenyl)-N-(1-phenethylpiperidin-4-yl)propionamide);

Ortho-fluorofuranyl fentanyl (N-(2-fluorophenyl)- N-(1-phenethylpiperidin-4-yl)furan-2-carboxamide);

Ortho-methylcyclopropyl fentanyl (N-(2-methylphenyl)-N-(1-phenethylpiperidin-4-yl)cyclopropanecarboxamide);

Para chlorofentanyl (N-(4-chlorophenyl)-N-(1-phenethylpiperidin-4-yl)propionamide);

Para-chloroisobutyryl fentanyl (N-(4-chlorophenyl)-N-(1-phenethylpiperidin-4-yl)isobutyramide);

Para-fluorobutyryl fentanyl (N-(4-fluorophenyl)-N-(1-phenethylpiperidin-4-yl)butyramide);

Para-fluoro valeryl fentanyl (N-(4-fluorophenyl)-N-(1-phenethylpiperidin-4-yl)pentanamide);

Para-methoxybutyryl fentanyl (N-(4-methoxyphenyl)-N-(1-phenethylpiperidin-4-yl)butyramide);

Para-methoxyfuranyl fentanyl (N-(4-methoxyphenyl)-N-(1-phenethylpiperidin-4-yl)furan-2-carboxamide);

Para-methylcyclopropyl fentanyl (N-(4-methylphenyl)-N-(1-phenethylpiperidin-4-

yl)cyclopropanecarboxamide);

PEPAP (1-(-2-phenethyl)-4-phenyl-4-acetoxypiperidine);

Phenadoxone;

Phenampromide;

Phenomorphan;

Phenoperidine;

Phenyl fentanyl (some trade or other names: benzoyl fentanyl);

Phenylpropanoyl fentanyl;

Piritramide;

Proheptazine;

Properidine;

Propiram;

Racemoramide;

Tetrahydrofuranyl fentanyl (N-(1-phenethylpiperidin-4-yl)-N-phenyltetrahydrofuran-2-carboxamide);

Tetrahydrothiofuranyl fentanyl (N-(1-phenethylpiperidin-4-yl)-N-phenyltetrahydrothiophene-2-carboxamide);

Tianeptine;

Thiofentanyl (N-phenyl-N-[1-(2-thienyl)ethyl-4-piperidinyl]-propanamide);

Thiofuranyl fentanyl (some trade or other names: thiophene fentanyl);

Tilidine;

Trimeperidine; or

Valeryl fentanyl (N-(1-phenethylpiperidin-4-yl)-N-phenylpentanamide).

3. Unless specifically excepted or unless listed in another schedule, any of the following opium derivatives, including, without limitation, their salts, isomers and salts of isomers, whenever the existence of such salts, isomers and salts of isomers is possible within the specific chemical designation:

Acetorphine;

Acetyl fentanyl;

Acetyldihydrocodeine;

Benzylmorphine;

Codeine methylbromide;

Codeine-N-Oxide;

Cyprenorphine;

Desomorphine;

Dihydromorphine;

Drotebanol;

Etorphine (except hydrochloride salt);

Heroin;

Hydromorphinol;

Methyldesorphine;

Methyldihydromorphine;

Morphine methylbromide;

Morphine methylsulfonate;

Morphine-N-Oxide;

Myrophine;

Nicocodeine;

Nicomorphine;

Normorphine;

Pholcodine; or

Thebacon.

4. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture or preparation which contains any quantity of the following hallucinogenic substances, including, without limitation, their salts, isomers and salts of isomers, whenever the existence of such salts, isomers and salts of isomers is possible within the specific chemical designation:

ADB–BUTINACA (some trade or other names: N -(1-amino-3,3-dimethyl-1-oxobutan-2-yl)-1-butyl-1 H -indazole-3-carboxamide

ADB-4en-PINACA (some trade or other names: N-(1-amino-3,3-dimethyl-1-oxobutan-2-yl)-1-(pent-4-en-1-yl)-1H-indazole-3-carboxamide)

Adinazolam (some trade or other names: 8-chloro-1-((dimethylamino)methyl)-6-phenyl-4H-s-triazlo(4,3-a)(1,4)benzodiazepine; adinazolamum; Deracyn);

Alpha-ethyltryptamine (some trade or other names: ET, Trip);

Alpha-methyltryptamine (some trade or other names: AMT);

Alpha -PiHP (some trade or other names: 4-methyl-1-phenyl-2-(pyrrolidin-1-yl)pentan-1-one)

Bromazolam (some trade or other name: 8-bromo-1-methyl-6-phenyl H[1,2,4]triazolo[4,3a][1,4]benzodiazepine; XLI-268);

1,4-Butanediol (some trade or other names: 1,4-butyleneglycol, dihydroxybutane, tetramethylene glycol, butane 1,4-diol, SomatoPro, Soma Solutions, Zen);

~~3~~-bromo-2,5-dimethoxyamphetamine (some trade or other names: 4-bromo-2,5-

dimethoxy-alpha-methylphenethylamine; 4-bromo-2,5-DMA);

4-bromo-2,5-dimethoxyphenethylamine (some trade or other names: Nexus, 2C-B);

1-Butyl-3-(1-naphthoyl)indole-7173 (some trade or other names: JWH-073);

2-(4-Chloro-2,5-dimethoxyphenyl)ethanamine (some trade or other names: 2C-C);

4-(2-chlorophenyl)-2-ethyl-9-methyl-6H-thieno[3,2-f][1,2,4]triazolo[4,3-a][1,4]diazepine (some trade or other names: Etizolam);

Clonazolam (some trade or other names: 6-(2-chlorophenyl)-1-methyl-8-nitro-4H-[1,2,4]triazolo[4,3-a][1,4]benzodiazepine; clonitrazolam);

1-cyclohexylethyl-3-(2-methoxyphenylacetyl)indole (some trade or other names: SR-18; BTM-8; RCS-8);

CUMYL-PEGACLONE (some trade or other names: SGT-151; 5-Pentyl-2-(2-phenylpropan-2-yl)pyrido[4,3-b]indol-1-one; 2,5-dihydro-2-(1-methyl-1-phenylethyl)-5-pentyl-1H-pyrido[4,3-b]indol-1-one)

Diclazepam (some trade or other names: 7-chloro-5-(2-chlorophenyl)-1,3-dihydro-1-methyl-2H-1,4-benzodiazepine-2-one; 7-chloro-5-(2-chlorophenyl)-1-methyl-1,3-dihydro-2H-benzo[e][1,4]diazepin-2-one; 2'-chlorodiazepam; Chlorodiazepam; Ro 5-3448);

2,5-dimethoxyamphetamine (some trade or other names: 2,5-dimethoxy-alpha-methylphenethylamine; 2,5-DMA);

2,5-dimethoxy-4-ethylamphet-amine (some trade or other names: DOET);

2-(2,5-Dimethoxy-4-ethylphenyl)ethanamine (some trade or other names: 2C-E);

2-(2,5-Dimethoxy-4-methylphenyl)ethanamine (some trade or other names: 2C-D);

2-(2,5-Dimethoxy-4-nitro-phenyl)ethanamine (some trade or other names: 2C-N);

2,5-Dimethoxy-N-(2-methoxybenzyl) phenethylamine (NBOMe) and any derivative thereof

(some trade or other names: 2C-X-NBOMe; N-benzylated phenethylamines; N- o-methoxybenzyl analogs; NBOMe; 25H-NBOMe; 25B-NBOMe; 25C-NBOMe; 25D-NBOMe; 25E-NBOMe; 25I-NBOMe; 25N-NBOMe; 25P-NBOMe; 25T2-NBOMe; 25T4-NBOMe; 25T7-NBOMe);

2-(2,5-Dimethoxy-4-(n)-propylphenyl)ethanamine (some trade or other names: 2C-P);

2,5-dimethoxy-4-(n)-propylthiophenethylamine (some trade or other names: 2C-T-7);

2-(2,5-Dimethoxyphenyl)ethanamine (some trade or other names: 2C-H);

3-[(2-Dimethylamino)ethyl]-1H-indol-4-yl acetate (some trade or other names: 4-acetoxy- N, N-dimethyltryptamine;4-AcO-DMT; psilacetin; O-acetylpsilocin; 4-acetoxy-DMT);

5-(1,1-Dimethylheptyl)-2-[(1R,3S)-3-hydroxycyclohexyl]-phenol-7297 (some trade or other names: CP-47,497);

5-(1,1-Dimethyloctyl)-2-[(1R,3S)-3-hydroxycyclohexyl]-phenol-7298 (some trade or other names: cannabicyclohexanol; CP-47,497 C8 homologue);

Ethyl 2-(1-(5-fluoropentyl)-1H-indazole-3-carboxamido)-3,3-dimethylbutanoate (some trade or other names: 5F-EDMB-PINACA);

4-ethylnaphthalen-1-yl-(1-pentylindol-3-yl)methanone (some trade or other names: (4- ethyl-1-naphthalenyl)(1-pentyl-1H-indol-3-yl)-methanone; JWH-210);

2-[4-(Ethylthio)-2,5-dimethoxyphenyl]ethanamine (some trade or other names: 2C-T-2);

4F-MDMB-BUTICA (some trade or other names: 4F-MDMB-BICA; Methyl 2-[[1-(4-fluorobutyl)indole-3-carbonyl]amino]-3,3-dimethyl-butanoate; N-[[1-(4-fluorobutyl)-1H-indol-3-yl]carbonyl]-3-methyl-L-valine, methyl)

5F-EDMB-PICA (some trade or other names: 5F-EDMB-2201; Ethyl 2-[[1-(5-fluoropentyl)indole-3-carbonyl]amino]-3,3-dimethyl-butanoate; N-[[1-(5-fluoropentyl)-

1H-indol-3-yl]carbonyl]-3-methyl-L-valine, ethyl ester)

Flualprazolam (some trade or other names: 8-chloro-6-(2-fluorophenyl)-1-methyl-4H-[1,2,4]triazolo[4,3-a][1,4]benzodiazepine; 8-chloro-6-(2-fluoro-phenyl)-1-methyl-4H-benzo[f][1,2,4]triazolo[4,3-a][1,4]diazepine; 2'-fluoro alprazolam; ortho-fluoro alprazolam);

Flubromazepam (some trade or other names: 7-bromo-5-(2-fluorophenyl)-1,3-dihydro-2H-1,4-benzodiazepin-2-one; 7-Bromo-5-(2-fluorophenyl)-1H-benzo[e][1,4]diazepin- 2(3H)-one; 7-bromo-5-(2-fluorophenyl)-1,3-dihydro-1,4-benzodiazepin-2-one);

Flubromazolam (some trade or other names: 8-bromo-6-(2-fluorophenyl)-1-methyl-4H-(1,2,4)triazolo(4,3-a)(1,4)benzodiazepine);

Flunitrazolam (some trade or other names: 6-(2-fluorophenyl)-1-methyl-8-nitro-4H-benzo[f][1,2,4]triazolo[4,3-a][1,4]diazepine);

(1-(4-fluorobenzyl)-1H-indol-3-yl)(2,2,3,3-tetramethylcyclopropyl)methanone (some trade or other names: FUB-144);

2-(1-(4-fluorobenzyl)-1H-indazole-3-carboxamido)-3-methylbutanoate (Some trade or other names: FUB-AMB; MMB-FUBINACA);

[1-(5-fluoropentyl)-1H-indazol-3-yl](naphthalen-1-yl)methanone (some trade or other names: THJ-2201; 5-fluoro THJ 018; AM2201 indazole analog; fluorpentyl JWH-018 indazole);

[1-(5-fluoropentyl)-1H-indol-3-yl]-1-naphthalenyl-methanone (some trade or other names: 1-(5-fluoropentyl)-3-(1-naphthoyl)indole; AM-2201);

[1-(5-fluoropentyl)-1H-indol-3-yl]-(2-iodophyenyl)-methanone (some trade or other names: 1-(5-fluoropentyl)-3-(2-iodobenzoyl)indole; AM-694);

(1-(5-fluoropentyl)-1H-indol-3-yl)(2,2,3,3-tetramethylcyclopropyl)methanone (some trade or other names: XLR-11);

1-(5-fluoropentyl)-N-(2-phenylpropan-2-yl)-1H-indazole-3-carboxamide (some trade or other names: 5F-CUMYL-PINACA; SGT-25);

1-(5-fluoropentyl)-N-(tricyclo[3.3.1.13,7]dec-1-yl)-1H-indazole-3-carboxamide (some trade or other names: N-((3s,5s,7s)-adamantan-1-yl)-1-(5-fluoropentyl)-1H-indazole-3-carboxamide; APINACA 5-fluoropentyl analog; 5F-AKB48; 5-Fluoro-AKB48; 5F-APINACA; 5-Fluoro-APINACA;

1-(5-fluoropentyl)-8-quinolinyl ester-1H-indole-3-carboxylic acid (some trade or other names: 1-(5-fluoropentyl)-1H-indole-3-carboxylic acid 8-quinolinyl ester; 5-Fluoro-PB-22; 5F-PB-22);

Flutoprazepam (some trade or other names: 7-chloro-1-(cyclopropylmethyl)-5-(2-fluorophenyl)-1,3-dihydro-2H-1,4-benzodiazepin-2-one);

2-(4-Iodo-2,5-dimethoxyphenyl)ethanamine (some trade or other names: 2C-I);

2-[4-(Isopropylthio)-2,5-dimethoxyphenyl]ethanamine (some trade or other names: 2C-T-4);

1-hexyl-3-(1-naphthoyl)indole (some trade or other names: JWH-019);

MDMB-4en-PINACA (some trade or other names: Methyl 3,3-dimethyl-2-(1-(pent-4-en-1-yl)-1H-indazole-3-carboxamido)butanoate)

Meclonazepam (some trade or other names: (3S)-5-(2-chlorophenyl)-1,3-dihydro-3-methyl-7-nitro-2H-1,4-benzodiazepin-2-one; Ro 11-3128);

Methoxetamine (some trade or other names: MXE; 2-(3-methoxyphenyl)-2-(ethylamino)cyclohexanone)

3–MMC (some trade or other names: 3-methylmethcathinone; 2-(methylamino)-1-(3-methylphenyl)propan-1-one)

4-methoxyamphetamine (some trade or other names: 4-methoxy-alpha-methylphenethylamine; para-methoxyamphetamine; PMA);

(4-methoxy-1-naphthalenyl)(1-pentyl-1H-indol-3-yl)-methanone (some trade or other names: JWH-081);

5-methoxy-3,4-methylenedioxyamphetamine (some trade or other names: MMDA);

5-methoxy-N, N-diisopropyltryptamine (some trade or other names: 5-meO-DIPT);

4-methyl-2,5-dimethoxyamphetamine (some trade or other names: 4-methyl-2,5-dimethoxy-alpha-methylphenethylamine; “DOM”; “STP”);

(4-methyl-1-naphthalenyl)(1-pentyl-1H-indol-3-yl)-methanone (some trade or other names: JWH-122);

Methyl 2-(1-(5-fluoropentyl)-1H-indazole-3-carboxamido)-3,3-dimethylbutanoate (some trade or other names: 5F-ADB; 5F-MDMB-PINACA);

Methyl 2-(1-(5-fluoropentyl)-1H-indole-3-carboxamido)-3,3-dimethylbutanoate (some trade or other names: 5F-MDMB-PICA);

Methylenedioxyamphetamine (some trade or other names: MDA);

Methylenedioxymethamphetamine (MDMA);

Methylenedioxy-N-ethylamphetamine (commonly referred to as N-ethyl-alpha-methyl-3,4(methylenedioxy) phenethylamine, N-ethyl MDA, MDE, MDEA);

1-[2-(4-Morpholinyl)ethyl]-3-(1-naphthoyl)indole-7200 (some trade or other names: JWH-200);

MMB-FUBICA ester (some trade or other names: Methyl 2-(1-(4-fluorobenzyl)-1H-indole-3-

carboxamido)-3-methyl butanoate; N-[[1-[(4-fluorophenyl)methyl]-1H-indol-3-yl]carbonyl]-L-valine, methyl ester

N-(adamantan-1-yl)-1-(4-fluorobenzyl)-1H-indazole-3-carboxamide (some trade or other names: FUB-AKB48; FUB-APINACA; AKB48 N-(4-fluorobenzyl);

N-(1-adamantyl)-1-pentyl-1H-indazole-3-carboxamide (some trade or other names: 1-pentyl-N-tricyclo[3.3.1.13,7]dec-1-yl-1H-indazole-3-carboxamide; APINACA; AKB48);

N-(1-amino-3,3-dimethyl-1-oxobutan-2-yl)-1-(cyclohexylmethyl)-1H-indazole-3-carboxamide (trade or other names: ADB-CHMINACA; MAB-CHMINACA);

N-(1-amino-3,3-dimethyl-1-oxobutan-2-yl)-1-pentyl-1H-indazole-3-carboxamide (trade or other name: ADB-PINACA);

N-(1-amino-3-methyl-1-oxobutan-2-yl)-1-pentyl-1H-indazole-3-carboxamide (some trade or other names: AB-PINACA);

N-(1-amino-3-methyl-1-oxobutan-2-yl)-1-(4-fluorobenzyl)-1H-indazole-3-carboxamide (trade or other name: AB-FUBINACA);

N-[(1S)-1-(aminocarbonyl)-2-methylpropyl]-1-(cyclohexylmethyl)-1H-indazole-3-carboxamide (trade or other name: AB-CHMINACA);

N-hydroxy-3,4-methylenedioxyamphetamine (commonly referred to as N-hydroxy-alpha-methyl-3,4(methylenedioxy) phenethylamine, N-hydroxy MDA);

2-(2-methoxyphenyl)-1-(1-pentylindol-3-yl)ethanone (some trade or other names: 1-(1-pentyl-1H-indol-3-yl)-2-(2-methoxyphenyl)-ethanone; 1-pentyl-3-(2-methoxyphenylacetyl)indole; JWH-250);

Nifoxipam (some trade or other names: 5-(2-fluorophenyl)-1,3-dihydro-3-hydroxy-7- nitro-2H-1,4-benzodiazepin-2-one; 1,3-Dihydro-5-(2-fluorophenyl)-3-hydroxy-7-nitro- 2H-1,4-

benzodiazepin-2-one; 3-hydroxydesmethylflunitrazepam; DP 370);

Nitrazolam (some trade or other names: 1-methyl-8-nitro-6-phenyl-4H-[1,2,4]triazolo[4,3-a][1,4]benzodiazepine);

Norflurazepam (some trade or other names: 7-chloro-5-(2-fluorophenyl)-1,3-dihydro-2H-1,4-benzodiazepin-2-one; nor-Flurazepam; N-Desalkylflurazepam; Desalkylflurazepam; Ro 5-3367);

1-Pentyl-3-(2-chlorophenylacetyl)indole (some trade or other names: JWH-203);

1-Pentyl-3-(4-cholor-1-naphthoyl)indole (some trade or other names: JWH-398);

1-Pentyl-3-[(4-methoxy)-benzoyl]indole (some trade or other names: SR-19; BTM-4; RCS-4);

1-Pentyl-3-(1-naphthoyl)indole-7118 (some trade or other names: JWH-018; AM678);

(1-pentylindol-3-yl)-(2,2,3,3-tetramethylcyclopropyl)methanone (some trade or other names: UR-144);

1-pentyl-N-(tricyclo[3.3.1.$1^{3,7}$]dec-1-yl-1H-indole-3 carboxamide (some trade or other names: APICA; JWH-018 adamantyl carboxamide; 2NE1; SDB-001);

1-pentyl-8-quinolinyl ester-1H-indole-3-carboxylic acid (some trade or other names: 1-pentyl-1H-indole-3-carboxylic acid 8-quinolinyl ester; PB-22; QUPIC);

Phenazepam (some trade or other names: 7-bromo-5-(2-chlorophenyl)-1,3-dihydro-2H-1,4-benzodiazepin-2-one; 7-bromo-5-(2-chlorophenyl)-1,2-dihydro-3H-1,4-benzodiazepin- 2-one; BD 98; Fenazepam; Elzepam; Phezipam; Phenorelaxan; Phenzitat);

Pyrazolam (some trade or other names: 8-bromo-1-methyl-6-(2-pyridinyl)-4H-(1,2,4)triazolo(4,3-a)(1,4)benzodiazepine; 8-bromo-1-methyl-6-(pyridin-2-yl)-4H-benzo[f][1,2,4]triazolo[4,3-a][1,4]diazepine; Pirazolam);

3,4,5-trimethoxyamphetamine;

Bufotenine (some trade or other names: 3-(beta-dimethylaminoethyl)-5-hydroxyindole; 3-(2-dimethyl-aminoethyl)-5-indolol; N, N-dimethylserotonin; 5-hydroxy-N, N-dimethyltryptamine; mappine);

Diethyltryptamine (some trade or other names: DET; N,N-Diethyltryptamine);

Dimethyltryptamine (some trade or other names: DMT; N,N-DMT; N,N-Dimethyltryptamine);

Fluorophenylpiperazine (some trade or other names: FPP, pFPP, 2-fluorophenylpiperazine, 3-fluorophenylpiperazine, 4-fluorophenylpiperazine);

Gamma butyrolactone (some trade or other names: GBL, Gamma Buty Lactone, 4-butyrolactone, dihydro-2(3H)-furanone, tetrahydro-2-furanone, Gamma G, GH Gold);

Gamma hydroxy butyric acid (some trade or other names: GHB);

Ibogaine (some trade or other names: 7-ethyl-6, 6 beta, 7, 8, 9, 10, 12, 13-octahydro-2-methoxy-6, 9-methano-5H-pyrido (1',2':1,2) azepino (5,4-b) indole; *Tabernanthe iboga*);

Lysergic acid diethylamide;

Marijuana;

Mescaline;

Methoxyphenylpiperazine (some trade or other names: MeOPP, pMPP, 4-MPP, 2-MeOPP, 3-MeOPP, 4-MeOPP);

Parahexyl (some trade or other names: 3-Hexyl-1-hydroxy-7, 8, 9, 10-tetrahydro-6,6,9-trimethyl-6H-dibenzo[b,d]pyran; Synhexyl);

Peyote (meaning all parts of the plant presently classified botanically as *Lophophora williamsii Lemaire*, whether growing or not, the seeds thereof, any extract from any part of such plant, and every compound, manufacture, salts, derivative, mixture, or preparation of

such plant, its seeds or extracts);

N-benzylpiperazine (some trade or other names: BZP, 1-benzylpiperazine);

N-ethyl-3-piperidyl benzilate;

N-methyl-3-piperidyl benzilate;

Psilocybin;

Psilocin;

Salvinorin A (some trade or other names: Divinorin A; Methyl (2S,4aR,6aR,7R,9S,10aS,10bR)-9-(acetyloxy)-2-(furan-3-yl)-6a,10b-dimethyl-4,10-dioxododecahydro-2H-benzofisochromene-7-carboxylate);

Ethylamine analog of phencyclidine (some trade or other names: N-ethyl-1-phenylcyclohexylamine; (1-phenylcyclohexyl) ethylamine; N-(1-phenylcyclohexyl) ethylamine; cyclohexamine; PCE);

Pyrrolidine analog of phencyclidine (some trade or other names: 1-(1-phenylcyclohexyl)-pyrrolidine; PCPy; PHP);

1-(1-(2-thienyl)-cyclohexyl)-pyrrolidine (some trade or other names: TCPy);

Thiophene analog of phencyclidine (some trade or other names: 1-(1-(2-thienyl)-cyclohexyl)-piperidine; 2-thienyl analog of phencyclidine; TPCP; TCP); or

Trifluoromethylphenylpiperazine (some trade or other names: 1-(3-trifluoromethylphenyl)piperazine; 3-trifluoromethylphenylpiperazine; TFMPP).

 For the purposes of this subsection, “isomer” includes, without limitation, the optical, position or geometric isomer.

5. All parts of the plant presently classified botanically as Datura, whether growing or not, the seeds thereof, any extract from any part of such plant or plants, and every compound,

manufacture, salt derivative, mixture or preparation of such plant or plants, its seeds or extracts, unless substances consistent with those found in such plants are present in formulations that the Food and Drug Administration of the United States Department of Health and Human Services has approved for distribution.

6. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture or preparation which contains any quantity of phencyclidine, mecloqualone or methaqualone having a depressant effect on the central nervous system, including, without limitation, their salts, isomers and salts of isomers, whenever the existence of such salts, isomers and salts of isomers is possible within the specific chemical designation.

7. Unless specifically excepted or unless listed in another schedule, any material, compound, mixture or preparation which contains any quantity of the following substances having a stimulant effect on the central nervous system, including, without limitation, their salts, isomers and salts of isomers:

Alpha-PBP (some trade or other names: 1-phenyl-2-(pyrrolidin-1-yl)butan-1-one, alpha- pyrrolidinobutiophenone);

Alpha-PVP (some trade or other names: 1-phenyl-2-(1-pyrrolidinyl)-1-pentanone, alpha- pyrrolidinopentiophenone, alpha-pyrrolidinovalerophenone, O-2387);

Alpha-pyrrolidinoheptaphenone (some trade or other names: PV8);

Alpha-pyrrolidinohexanophenone (some trade or other names: alpha-PHP);

Aminorex;

Butylone (some trade or other names: 1-(1,3-benzodioxol-5-yl)-2-(methylamino)butan-1- one, β-keto-N-methylbenzodioxolylpropylamine, bk-MBDB);

Cathinone (some trade or other names: 2-amino-1-phenyl-1-propanone; alpha- aminopropiophenone; 2-aminopropiophenone; norephedrone);

4-chloro-alpha-pyrrolidinovalerophenone (some trade or other names: 4-chloro-a-PVP);

Dimethylone (some trade or other names: 3,4-methylenedioxy-N,Ndimethylcathinone; N,N-dimethyl MDCATH; N,N-dimethyl-3,4- methylenedioxycathinone; N,N-dimethylβ-keto-3,4-methylenedioxyamphetamine; 1-(1,3-benzodioxol-5-yl)-2-(dimethylamino)propan-1-one; bk-MDDMA);

Dipentylone (some trade or other names: 1-(1,3-benzodioxol-5-yl)-2 (dimethylamino)pentan-1-one and N,N -dimethylpentylone)N-ethylhexedrone;

Ethylone (some trade or other names: N-ethyl-3,4-methylenedioxycathinone; 1-(1,3- benzodioxol-5-yl)-2-(ethylamino)propan-1-one; MDEC; bk-MDEA);

N-ethylpentylone (1-(1,3-benzodioxol-5-yl)-2-ethylamino)-pentan-1-one) (some trade or other names: ephylone);

Ethylphenidate (some trade or other names: ethyl 2-phenyl-2-(piperidin-2-yl)acetate);

Fenethylline;

Fluoroamphetamine (some trade or other names: 2-fluoroamphetamine, 3-fluoroamphetamine, 4-fluoroamphetamine, 2-FA, 3-FA, 4-FA, PFA);

Fluoromethcathinone (some trade or other names: 4-Fluoro-N-methylcathinone, 1-(4-fluorophenyl)-2-(methylamino)propan-1-one, 4-Fluoromethcathinone (Flephedrone), 4- FMC, 3-Fluoro-N-methylcathinone, 1-(3-fluorophenyl)-2-2(methylamino)propan-1- one, 3-Fluoromethcathinone, 3-FMC, 2-Fluoro-N-methylcathinone, 1-(2-fluorophenyl)- 2-(methylamino)propan-1-one, 2-FMC);

Mephedrone (some trade or other names: Methylmethcathinone, 4-Methylmethcathinone,

4-MMC, 4-Methylephedrone);

Methamphetamine;

Methcathinone (some trade or other names: N Methylcathinone,cat);

Methedrone (some trade or other names: Methoxymethcathinone, 4-Methoxymethcathinone, bk-PMMA, methoxyphedrine);

4-methyl-alpha-ethylaminopentiophenone (some trade or other names: 4-MEAP);

4'-methyl-alpha-pyrrolidinohexiophenone (some trade or other names: MPHP);

4-methyl-alpha-pyrrolidinopropiophenone (some trade or other names: 1-(4-methylphenyl)-2-(pyrrolidin-1-yl)-propan-1-one, 4-MePPP);

(±)cis-4-methylaminorex ((+)cis-4,5-dihydro-4-methyl-5-phenyl-2-oxazolamine);

Methylenedioxypyrovalerone (some trade or other names: 3,4-Methylenedioxypyrovalerone, MDPV);

Methylethcathinone (some trade or other names: 2-(ethylamino)-1-(4-methylphenyl)propan-1-one, 4-MEC, 4-methyl-N-ethylcathinone);

Methylone (some trade or other names: Methylenedioxy-N-methylcathinone, Methylenedioxymethcathinone, 3,4-Methylenedioxy-N-methylcathinone, bk-MDMA);

N,N-dimethylamphetamine (commonly referred to as N,N-alpha-trimethyl-benzeneethanamine; N,N-alpha-trimethylphenethylamine);

N-ethylamphetamine;

Naphyrone (some trade or other names: 1-(naphthalen-2-yl)-2(pyrrolidin-1-yl)pentan-1-one, naphthylpyrovalerone, naphpyrovalerone, NRG-1, O-2482);

Pentedrone (some trade or other names: 2-(methylamino)-1-phenylpentan-1-one,

α- methylaminovalerophenone); or

Pentylone (trade or other names: 1-(1,3-benzodioxol-5-yl)-2-(methylamino)pentan-1-one; beta-keto-methylbenzodioxolylpentanamine; bk-MBDP; bk-methyl-K).

8. Unless specifically listed in another schedule, coca leaves, cocaine base or free base, or a salt, compound, derivative, isomer or preparation thereof which is chemically equivalent or identical to such substances, and any quantity of material, compound, mixture or preparation which contains coca leaves, cocaine base or cocaine free base or its isomers or any of the salts of cocaine, except decocainized coca leaves or extractions which do not contain cocaine or ecgonine.

9. Unless specifically listed in another schedule, Tetrahydrocannabinols (natural or synthetic equivalents of substances contained in the plant, or in the resinous extractives of Cannabis, sp. or synthetic substances, derivatives and their isomers with similar chemical structure and pharmacological activity such as the following:

Delta 9 cis or trans tetrahydrocannabinol, and their optical isomers, also known as Delta 1 cis or trans tetrahydrocannabinol, and their optical isomers;

Delta 8 cis or trans tetrahydrocannabinol, and their optical isomers, also known as Delta 6 cis or trans tetrahydrocannabinol, and their optical isomers;

Delta 3, 4 cis or trans tetrahydrocannabinol, and its optical isomers;

Tetrahydrocannabinols contained in the genus Cannabis or in the resinous extractives of the genus Cannabis;

Synthetic equivalents of tetrahydrocannabinol substances or synthetic substances, derivatives and their isomers with a similar chemical structure; and

Since nomenclature of these substances is not internationally standardized, compounds of

these structures, regardless of numerical designation of atomic positions covered).

10. Unless specifically listed in another schedule and except as otherwise provided in subsection 11, any material, compound, mixture or preparation which contains any quantity of CBD (natural or synthetic equivalents of the substances contained in the plant or in the resinous extractives of Cannabis sp. or synthetic substances, derivatives and their isomers with similar chemical structure and pharmacological activity).

11. A drug product which:

(a) Has been approved by the United States Food and Drug Administration;

(b) Contains CBD derived from any plant in the genus Cannabis or the resinous extractives thereof; and

(c) Contains not more than 0.1 percent residual THC by weight,

➥ is not a controlled substance.

STATE OF NEVADA

BOARD OF PHARMACY

985 Damonte Ranch Pkwy, Ste 206
Reno, NV 89521

Proposed Scheduling: Adding mitragynine, 7-hydroxymitragynine (7-OH), and mitragynine pseudoindoxyl to Schedule I

Section 1: Summary

The Nevada State Board of Pharmacy, pursuant to NRS 453.146, proposes the placement of mitragynine, 7-hydroxymitragynine (7-OH) and mitragynine pseudoindoxyl to Schedule I.

Section 2: Background

NRS 453.146 Powers and duties of Board.
The Board shall administer the provisions of NRS 453.011 to 453.552, inclusive, and may add substances to or delete or reschedule all substances enumerated in schedules I, II, III, IV and V by regulation.

In making a determination regarding a substance, the Board shall consider the following:

1. The actual or relative potential for abuse;
2. The scientific evidence of its pharmacological effect, if known;
3. The state of current scientific knowledge regarding the substance;
4. The history and current pattern of abuse;
5. The scope, duration and significance of abuse;
6. The risk to the public health;
7. The potential of the substance to produce psychic or physiological dependence liability; and
8. Whether the substance is an immediate precursor of a controlled substance.

Section 3: Evaluation of the Scheduling Criteria

1. The actual or relative potential for abuse;

Mitragynine is the primary psychoactive alkaloid found in the Mitragyna speciosa plant, commonly known as kratom. Mitragynine accounts for up to 66 percent of the alkaloid content in kratom.[1] Manufacturers of natural kratom products profess that minor alkaloids in natural kratom are undetectable.[2] Kratom has a long history of traditional use in Southeast Asia with the use of its leaf or extracts typically ingested orally for the treatment of pain and to aid in the performance of agricultural labor.[3] These effects have been attributed to mitragynine, which acts as a partial agonist at the human μ-opioid receptor.[4] The effects of

kratom in humans are dose-dependent, with small doses producing a 'cocaine-like' stimulation while larger amounts cause 'morphine-like' sedative-narcotic effects.[5]

Although mitragynine is the most abundant alkaloid in kratom and credited for its effects, the plant contains over 40 naturally occurring known alkaloids. One study examined the likely effects of 25 of those compounds. The study concluded that all the compounds share the most structural similarities with controlled opioid analgesics, such as morphine derivatives. Further analysis determined that 22 (including mitragynine) of the 25 compounds in kratom bind to μ-opioid receptors. The authors further noted:

> The data from the PHASE model shows us that kratom compounds are predicted to affect the body just like opioids. Based on scientific information in the literature and further supported by our computational modeling and the reports of its adverse effects in humans, we feel confident in calling compounds found in kratom, opioids.[6]

The FDA confirms that no marketer has sought to develop a drug that includes kratom in the US.[7] Further, the World Health Organization verifies that kratom and its alkaloids have never been licensed for therapeutic use.[8] Mitragynine has not been approved for medical use as a drug, nor is it generally recognized as safe by the FDA.[9]

Kratom is illegal in 33 countries, including Malaysia where it is found naturally.[10] It is also banned in several states, including Alabama, Arkansas, Indiana, Vermont, Rhode Island, Louisiana, and Wisconsin.[11,12] A new law in Connecticut, effective October 1, 2025, requires the state's Department of Consumer Protection (DCP) to designate kratom and 7-hydroxymitragynie as Schedule I controlled substances.[13] On December 10, 2025, Connecticut's DCP issued a notice of decision to move forward with the scheduling action.[14] Kratom has also been identified as a Drug of Concern by the US Drug Enforcement Administration (DEA).[15]

According to a recent news report, "many people who descended into kratom addiction say gas station products sucked them in. The 'Quitting Kratom' subreddit has 52,000 members and several posts a day from people documenting their journeys trying to quit kratom and 7- OH."[16] Medications approved by the FDA to treat opioid-use disorder have been used to treat individuals experiencing substance-use disorder associated with kratom.[17] For example, a case report of a male in his 40s with a history of kratom use was successfully treated with buprenorphine/naloxone, which helped alleviate his withdrawal symptoms and allowed him to abstain from kratom. Other case examples have been cited throughout medical literature to support the use of buprenorphine/naloxone to treat kratom-use disorder.[18,19]

Another study conducted interviews with 395 kratom users and classified users into four distinct categories. Two classes included people using kratom for the self-treatment of chronic pain or substance use disorder and comprised approximately 52 percent of respondents. The other two classes, about 48 percent of respondents, reported using kratom to "get high." The study also notes that individuals who reported using kratom to "get high" and who had the highest probability of kratom-use disorder were more likely to characterize kratom as "habit-forming, addictive, problematic, and inconsistent in its effects."[20]

2. The scientific evidence of its pharmacological effect, if known;

The European Monitoring Centre for Drugs and Drug Addiction (EMCDDA) notes that kratom and its related compounds are selective and full agonists of the μ-opioid receptor. The effects of kratom in humans are dose-dependent, with small doses producing a 'cocaine-like' stimulation while larger amounts cause 'morphine-like' sedative-narcotic effects.[21]

A review published in 2024 notes that "mitragynine intake may be beneficial according to previous scientific data that presents its characteristics in antinociception, antiinflammation, antidepressant, stimulant

activity, sedative activity, anxiolytic activity, cognitive effects, and management of opioid withdrawal, which might be used as natural 6 remedies for various illnesses." However, the authors noted that uncontrolled use of mitragynine may promote tolerance development and produce withdrawal symptoms upon abstinence."[22]

One study conducted of kratom users in Malaysia found high rates of severe kratom dependence among regular users. More than half of regular users (those using for more than 6 months) reported severe kratom dependence, while 45% showed moderate kratom dependence. Physical withdrawal symptoms commonly experienced include muscle spasms and pain, sleeping difficulty, watery eyes/nose, hot flashes, fever, decreased appetite, and diarrhea. Psychological withdrawal symptoms commonly reported were restlessness, tension, anger, sadness, and nervousness. The study authors also noted that regular users who consumed 3 or more glasses of kratom per day had "higher odds of developing severe Kratom dependence, withdrawal symptoms, and inability to control Kratom craving.[23]

Medications approved by the FDA to treat opioid-use disorder have been used to treat individuals experiencing kratom-use disorder. Case examples have been cited throughout medical literature to support the use of buprenorphine/naloxone to treat kratom-use disorder.[24,25] There are also examples of treating kratom withdrawal symptoms with medications such as clonidine and hydroxyzine that are often used off-label to manage opioid withdrawal.[26,27,28]

3. The state of current scientific knowledge regarding the substance;

Of the limited pharmacokinetic research available, one study of twelve enrolled subjects monitored plasma levels of mitragynine and one of its metabolites, 7-hydroxymitragynine (7- OH), at various doses. The study found that 7-OH in plasma increased in a dose proportional manner after subjects consumed mitragynine contained in botanical kratom. The study also concluded that 7-OH steady state is reached after seven days of continuous dosing.[29]

An increasing amount of 7-OH in plasma that is proportional with an individual's dose of mitragynine is important for two reasons. First, mitragynine found in consumer products today is often several times more potent than traditional leaf products. Second, 7-OH is approximately 10 times more potent than mitragynine.[30] At just 10 times the potency of mitragynine, the effects and actual abuse of 7- OH prompted Food and Drug Administration (FDA) Commissioner Dr. Martin Makary to warn that it could be the next wave of the opioid crisis.[31]

Mitragynine has not undergone randomized, placebo-controlled studies necessary to demonstrate efficacy for any condition while minimizing the significant risks associated with it.[32] "FDA has warned consumers not to use kratom because of the risk of serious adverse events, including liver toxicity, seizures, and substance use disorder (SUD). In rare cases, deaths have been associated with kratom use, as confirmed by a medical examiner or toxicology reports.

4. The history and current pattern of abuse;

Kratom has been used for centuries in Southeast Asia by laborers for its stimulant and analgesic effects.[33] As previously discussed, kratom and its primary alkaloid, mitragynine, have been used to self-treat conditions such as chronic pain, fatigue, and psychiatric disorders (including substance use disorder and attention deficit hyperactivity disorder). Still others begin using kratom for relaxation, euphoria, or to enhance performance.[34]

Despite a long history of use originating from Southeast Asia, the widespread commercialization of kratom and its primary alkaloid, mitragynine, is a recent development. Both products sold as vegetation and those

labeled as ground vegetation have been found to contain several times the amount of mitragynine than actual kratom leaf material.[35] Indeed, manufacturers of products marketed as "all natural and unadulterated" acknowledge that extracts are several times greater than the plant from which they start.[36] Postmortem toxicology findings from patients who used kratom had concentrations "higher than those reported in Thai individuals consuming traditional kratom tea without adverse effects."[37]

As kratom commercialization has grown, so too have the number of adverse events reported to poison control centers. From January 1 to July 31, 2025, poison control centers in the United States (US) received 1,690 reports of exposure cases involving kratom, a number that already surpasses the total for all of 2024.[38] Notably, adverse events associated with items that can be categorized as supplements are underreported. At least one source estimates the reporting rate for adverse events related to supplements to be approximately 2 percent.[39] Reports of kratom exposure have been associated with opioid toxicities including seizures, agitation, and death.[40]

5. The scope, duration and significance of abuse;

Although there is apparent consensus that the number of Americans who use kratom is in the millions, the precise number of those who use it is more nebulous. The Substance Abuse and Mental Health Services Administration estimated that in 2021, 1.7 million Americans aged 12 and older used kratom.[41] More recently, Harvard Medical School estimated that between 2 and 15 million Americans may be using kratom.[42]

Kratom is desirable to some because it is not always included on drug screens. Treatment providers observed, "Kratom is still one of those things that's out there that's being abused, that's not being caught [through drug screening]; I spoke to our nurse practitioner, and in small doses [kratom] doesn't show up on the [drug] screen. It's because people are taking way high doses that are detectable [on drug screens] that are not good for you, you know, addiction wise; A lot of places don't test for it [on drug screens]. So, until we started testing for it, I didn't hear that much about it, but now our lab tests routinely include kratom."[43]

6. The risk to the public health;

"FDA has warned consumers not to use kratom because of the risk of serious adverse events, including liver toxicity, seizures, and substance use disorder (SUD). In rare cases, deaths have been associated with kratom use, as confirmed by a medical examiner or toxicology reports."[44]

Evidence supports the position that the ingredients in kratom available to consumers are void of robust quality control. In 2019, FDA conducted laboratory testing on 30 different kratom products from a variety of sources. The analysis found "significant levels of lead and nickel at concentrations that exceed safe exposure for oral daily drug intake."[45] A third-party analysis of kratom products also found samples that exceeded daily exposure limits for lead. The authors noted that "non-extract products (powders, capsules, tablets) generally contain greater concentrations of elemental impurities than extract products or the soda preparation."[46]

According to the World Health Organization, chronic kratom use has been associated with at least 92 cases of liver toxicity. They note that common presenting signs and symptoms include abdominal discomfort, jaundice, pruritus, and dark-colored urine. These typically start about 3 weeks after initiation of kratom use and resolve within one month of stopping kratom use.[47]

Additionally, there are no age verification requirements to prevent the sale of kratom products to children. This raises serious concerns about the impact of these compounds on the developing brain. The 2021 National Survey on Drug Use estimates that at least 45,000 adolescents in the US (ages 12-17) used kratom

in the past year. This presents public health risks to adolescents given studies showing "adolescent kratom exposure particularly mitragynine and LKD [lyophilised kratom decoction] may cause selective cognitive and behavioral deficits. The brain metabolite profiles further suggest that the altered metabolic pathway (i.e., arachidonic acid, pantothenate and CoA, and tryptophan) may underlie the kratom-induced cognitive and behavioural deficits. Together, these findings demonstrate that adolescents' brain is sensitive to the impact of early kratom exposure during this critical development period."[48]

7. The potential of the substance to produce psychic or physiological dependence liability; and

Cases of dependence to kratom have been documented for the last several decades.[49] Mitragynine has agonist activity at μ-opioid receptors and may lead to dependence and addiction.[50] Further, the European Union Drug Agency, FDA, DEA, Mayo Clinic, and others agree that individuals can develop a dependence to kratom.[51] According to the FDA, "[c]ases of kratom-related SUD have also been observed. In these cases, individuals met certain criteria for SUD, including using kratom for longer than intended, using more kratom than intended, having cravings for kratom, continuing to use kratom despite adverse consequences (either physically or in their personal life), increasing the amount of kratom used to produce the same effect (tolerance), and experiencing withdrawal symptoms when kratom use was stopped (physical dependence)."[52]

In-person interviews with convenience samples of long-term daily oral kratom users in Southeast Asia find up to three-quarters reporting withdrawal symptoms after cessation of use. Typical withdrawal symptoms include irritability, anxiety, depression, sleep disturbance, lacrimation, rhinorrhea, muscle and bone pain, muscle spasm, diarrhea, and decreased appetite. The likelihood and severity of withdrawal are positively associated with duration, frequency, and intensity of kratom use.[53]

Another news report demonstrates the danger of having these products readily accessible. An individual using a popular kratom-based drink available at local gas stations reported spending about $2,000 per month (consuming about 10 to 12 bottles per day). According to the report, he "…soon found that after the immediate euphoria from the shot, he would be hit with a cycle of unpleasant symptoms, including a runny nose and achy body." The individual closed down their business and had to seek in-patient treatment.[54]

8. Whether the substance is an immediate precursor of a controlled substance.

Mitragynine is a known precursor to mitragynine-related compounds. According to the European Union Drug Agency, "[t]he chemical total syntheses reported for several kratom alkaloids are too complex to be used for economic production of any [of] these compounds. However, mitragynine can serve as a chemical precursor to the more potent 7-hydroxymitragynine."[55]

Mitragynine is highly likely to follow the same pattern seen with other drug classes like bath salts. Bath salts were created by modifying cathinones, a primary active ingredient found in a plant called khat.[56] As soon as one of those modifications was identified and scheduled, a new cathinone-like compound was developed to evade the law.

Looking to past illicit drug patterns, unexpected ways to synthesize mitragynine-related compounds will be established. At least one pathway would use mitragynine to make 7-OH and then MGM-15, which is a semi-synthetic derivative of 7-hydroxymitragynine, already identified in commercially available tablets.[57] Should unfettered access to mitragynine remain, we can anticipate the creation of additional potent novel compounds that are marketed to the general public, including children.

EXECUTIVE SUMMARY

Recent reports indicate increased availability and marketing of 7-hydroxymitragynine (7-OH) in the U.S., raising public health concerns due to its pharmacology. This report provides an overview on the chemical, pharmacological, and epidemiological data on 7-OH. It focuses on the characterization of 7-OH-containing products in the marketplace, the evidence of increasing human exposures, and the extensive body of preclinical studies in the scientific literature that indicate the predominant mu opioid agonist pharmacology of 7-OH. These data sources indicate that 7-OH is a potent opioid that poses an emerging public health threat, especially when considering the increasing availability of enhanced or concentrated 7-OH products in the marketplace.

7-OH is a naturally occurring substance in the kratom plant (*Mitragyna speciosa*), but only a minor constituent that comprises less than 2% of the total alkaloid content in natural kratom leaves. However, 7-OH demonstrates substantially greater mu-opioid receptor potency than kratom's primary alkaloid constituent mitragynine, as well as other classical opioids such as morphine. In vitro studies reveal 7-OH exhibits high binding affinity for mu-opioid receptors (Ki = 7.2-70 nM), with functional activity as a mu agonist. Animal behavioral studies demonstrate its rewarding effects from self-administration and conditioned place preference methods, consistent with its opioid properties. Critically, 7-OH produces respiratory depression, physical dependence, and withdrawal symptoms characteristic of classical opioids, such as morphine, fentanyl, oxycodone, and hydrocodone.

Recently, there has been a concerning proliferation of concentrated 7-OH products that are sold over the counter and online. The enhanced amount of 7-OH in these products is likely synthetically derived through oxidate chemical conversion of mitragynine isolates or kratom extracts. Given the trace amounts of 7-OH that are naturally present in kratom, direct extraction of 7-OH from plant material would simply be unfeasible economically.

Surveillance data from multiple sources, including America's Poison Centers National Poison Data System (NPDS), Drug Enforcement Administration toxicology testing programs, and social media monitoring, suggest increasing human exposure to these concentrated 7-OH products. Clinical presentations include euphoria, sedation, respiratory depression, and opioid-like withdrawal syndromes, with users acknowledging its significant addiction potential.

The pharmacological profile, abuse liability, and emerging patterns of non-medical use establish 7-OH as a dangerous substance. Current regulatory gaps have enabled widespread availability of these products despite their opioid-like properties and necessitate immediate policy intervention to address this emerging threat to American public health.

INTRODUCTION

The Context for 7-OH Concerns

7-Hydroxymitragynine (7-OH) is a component of the plant kratom (*Mitragyna speciosa*), a tropical evergreen tree in the Rubiaceae family that grows in the wetlands of Southeast Asia (Brown et al., 2017). Kratom leaves contain over 50 alkaloids, with mitragynine and 7-OH being the primary psychoactive constituents (Warner et al., 2016). Its leaves, consumed as a tea or in dry leaf form, have been used for centuries in both medicinal and recreational settings, largely due the properties of its alkaloids mitragynine and 7-OH. Typically, 7-OH occurs in botanical kratom in amounts no more than ~.01-.04 percent by dry weight (Heywood et al., 2024). Medicinally, kratom has been used to treat headaches, diarrhea, insomnia, anxiety, opioid use withdrawal, and more, while in recreational use cases, it has been associated with feelings of euphoria (Hill et al., 2025). Currently, there are no FDA-approved drugs containing kratom or kratom-derived drug substances such as 7-OH for any therapeutic indications.

Kratom products have grown in popularity since the mid-2000's; however, kratom, mitragynine, and 7-OH have faced regulatory scrutiny in the United States due to concerns about their safety and potential for abuse. None of these substances are lawful when added to conventional foods, as dietary supplements, or as ingredients in any FDA-approved drug, and yet, these substances are still sold in various markets. At the state level, some jurisdictions have implemented restrictions on their sale and use. Until now, 7-OH has not been the sole target of a regulatory response but has always been addressed alongside the kratom plant and mitragynine.

FDA issued its first import alert for kratom in 2012. At the time, kratom was being marketed in various forms for human consumption despite a lack of approved drug uses or established safety as a dietary ingredient. In the years since, additional import alerts have been issued by the Agency. The Drug Enforcement Administration (DEA) and the Department of Health and Human Services (HHS) had given consideration to kratom, as well as its constituents, mitragynine and 7-OH, to determine whether these substances should be recommended for control under the Controlled Substances Act (CSA). Those actions were ultimately suspended in 2018, with the Assistant Secretary for Health at that time stating that the science was incomplete, and the available data were not adequate to support a recommendation to control these substances under the CSA.

Contemporary Outlook

Given the concerning trends with 7-OH and other kratom-related products, FDA has now determined that a more comprehensive assessment of available scientific and medical data on 7-OH is warranted. Many of the products available today, which are often associated with or advertised as kratom, no longer resemble botanical kratom. Instead, they contain "enhanced" or concentrated amounts of 7-OH and are formulated as powders, capsules, and liquid extracts designed to generate a stronger effect on users. Other products are explicitly advertised as 7-OH-containing products. One analysis of websites selling 7-OH products found that most (82.2 %) were formulated as chewable/sublingual tablets, shots, or gummies and marketed specifically as 7-OH only products (92%). The mean cost per recommended dose/serving was $3.97 (Hill et al., 2025).

As described below, research has shown that 7-OH is a potent mu-opioid receptor agonist, demonstrating pharmacological characteristics that define classical opioids like morphine and fentanyl. Based on its opioid pharmacology, there is significant potential for abuse of 7-OH. In fact, in various preclinical studies it has demonstrated greater potency than classical opioids. For example, 7-OH produces respiratory depression with more than 3-fold greater potency than morphine. Since the substance's therapeutic and psychoactive effects are mediated through the same mu-opioid receptor pathways as classical opioids, it can be considered to have opioid properties warranting similar regulatory consideration (Hill et al., 2025; Obeng et al., 2021).

In this report, FDA presents its new assessment of the available scientific data and literature on 7-OH, as well as more recent law enforcement data and the rapidly evolving trends in kratom-related products. FDA still has concerns about the safety of kratom products more broadly and the unlawful marketing of them under several regulated product categories in the Federal Food, Drug, and Cosmetic Act. However, there is a recognized need for more immediate action to address 7-OH because it is a substance with potent mu opioid agonist properties and significant abuse liability.

ANALYSIS OF DATA ON 7-HYDROXYMITRAGYNINE (7-OH)

7-OH Sources and Products vs. Kratom

The alkaloid 7-hydroxymitragynine (7-OH) is a naturally occurring substance in the kratom plant (*Mitragyna speciosa*), but only a minor constituent, described as early as 1994, when it was reported to comprise about 1.6% of the total alkaloid content of kratom leaves (Ponglux et al., 1994). This early reported value is in agreement with more recent assessments that have consistently demonstrated 7-OH as comprising less than 2% of the total alkaloid content in natural kratom as noted below.

7-OH has the chemical structure shown in Figure 1. Its IUPAC name is methyl (E)-2-[(2S,3S,7aS,12bS)-3-ethyl-7a-hydroxy-8-methoxy-2,3,4,6,7,12b-hexahydro-1H-indolo[2,3-a]quinolizin-2-yl]-3-methoxyprop-2-enoate, and it has the molecular formular $C_{23}H_{30}N_2O_5$, with a molecular weight of 414.40 amu.

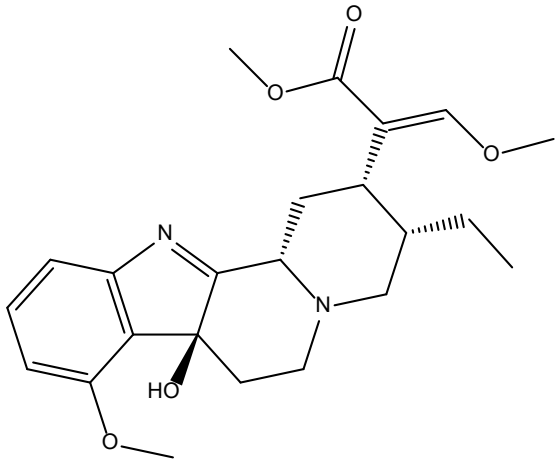

Figure 1. 7-Hydroxymitragynine Chemical Structure

Although details are not well-known, 7-OH is present in some products in amounts far exceeding its natural levels in the kratom plant. The 7-OH in these products is likely derived from the kratom plant. These 7-OH-enhanced products likely involve additional chemical synthetic steps by the producers of these products, converting the more abundant plant alkaloid mitragynine into 7-OH via chemical oxidation.

Data are available regarding 7-OH as a percentage of the total alkaloid content in kratom, and also as a percentage of dried botanical kratom leaf material and other kratom-derived products in the U.S. marketplace. One recent review reports 7-OH as comprising 2% of the total alkaloid content in kratom (Hossain et al., 2023) and this result can be extended to samples of kratom grown in the U.S. (Leon et al., 2009). In another analysis of 13 commercial products purported to contain kratom, the 7-OH content by weight ranged from 0.01-0.04% (Kikura-Hanajiri et al., 2009) a finding in agreement with others that have reported 7-OH to account for less than 0.05% by weight, substantially lower than reported mitragynine amounts (Kruegel et al., 2019). A more

recent study used ecological momentary assessment to evaluate the motivations and patterns of use of adult U.S. kratom consumers (Smith, Panlilio, Feldman, et al., 2024; Smith, Panlilio, Sharma, et al., 2024). As part of the study, subjects provided samples for quantitative testing of their own kratom products that they obtained and were self-administering. Across the 341 samples, the 7-OH content (expressed as a percentage by weight/weight or weight/volume, as indicated) ranged from below the limit of quantitation (< 0.005%) to a maximum of 0.21% with a mean of 0.01% (Sharma et al., 2025). These data suggest 7-OH is present in botanical kratom (i.e., leaf) at relatively low or trace amounts and may be a postharvest oxidative derivative of mitragynine (Karunakaran et al., 2024).

Common forms of kratom sold online include powders, capsules, resin extracts, crushed leaves, and tablets, although loose powder and prepared capsules have been reported to be the most frequently used formulations (Garcia-Romeu et al., 2020; Smith, Panlilio, et al., 2024). While kratom use characteristics are complicated by the diversity of products in the marketplace, survey studies have reported on consumption patterns. Garcia-Romeu collected data from regular kratom users and found that most users reported using 1-3g (49%) or 4-6g (33.4%) of botanical kratom per consumption (Garcia-Romeu et al., 2020). In other survey studies, the self-reported average consumption of kratom powder was 4-5 g per serving with serving sizes ranging between 2.6- 7.5 g (Rogers et al., 2024; Smith et al., 2022). When quantifying the amount of mitragynine consumed through the use of kratom, individuals self-reported consuming an average of 31.3 mg of mitragynine/serving and a range of 78.3 – 134.6 mg of mitragynine per day (Sharma et al., 2025).

Mitragynine, as the most abundant alkaloid in kratom, accounts for about 66% of the *total alkaloid content* of kratom and less than 2% of dried leaf content *by weight*, although there are reports of regional and seasonal variability in the tree's alkaloid composition (Arndt et al., 2011; Leon et al., 2009; Sengnon et al., 2023). For example, Chear and colleagues collected fresh kratom leaves from different locations in Peninsular Malaysia and determined their alkaloid profiles. The mitragynine concentration ranged from 9.38 to 18.85 mg/g or 0.38% to 1.89% of dried leaf weight while the 7-OH concentration ranged from 0.05 to 0.15 mg/g or 0.005% to 0.015% (Chear et al., 2021).

Despite the low amounts of 7-OH in botanical kratom, there are reports of its more-enhanced presence in commercial kratom-related products (Grundmann et al., 2024), although some products have been identified in reports from nearly a decade ago. For example, Lydecker and colleagues tested eight commercially available kratom products for their alkaloid content(s). In seven of the eight products tested, they found levels of 7-OH to be 109-509% higher than expected, based on naturally occurring levels of 7-OH reported in the kratom plant (Lydecker et al., 2016). More recently, the Tampa Bay Times purchased twenty kratom-derived products from local stores. One of those products consisted of pressed pills and contained 15 mg/pill of 7-OH, an amount far greater than observed in any botanical kratom preparation to date (Ogozalek, 2023). In addition to the verified amounts of 7-OH in the products obtained by Lydecker et al. and the Tampa Bay Times, other products *labeled* and/or *purported* to have high levels of 7-OH appear to be readily available for purchase online.

In summary, the low amounts of 7-OH in natural botanical kratom products is well-established as a percentage of alkaloid content, as a percentage of dried kratom leaf material, and in products representing other dosage forms made from natural kratom and consistent with its natural

composition. However, there are also a concerning and increasing number of products being sold that have unexpectedly and unnaturally high levels of 7-OH. This poses a threat to public health that is more clearly understood based on the pharmacological properties and effects of 7-OH, discussed in the preclinical data section below, and also in the limited information available on known patterns of human use and resulting harms discussed below. These sections will present and discuss the evidence in the available data that establishes the mu opioid agonist pharmacology associated with 7-OH in particular.

Patterns of 7-OH Use, Human Exposures, and Law Enforcement Data

There are several sources of information to characterize the current patterns of 7-OH use and the resulting harms to individuals who knowingly or unknowingly are exposed to 7-OH at significant doses from 7-OH-enhanced products, as described in the subsections below.

National Drug Early Warning System (NDEWS)

The National Drug Early Warning System (NDEWS) provides real-time surveillance from sentinel sites across U.S. to detect early signals of potential drug epidemics using novel (e.g., street reporting, web monitoring) and traditional data sources (e.g., OD deaths, treatment admissions).

NDEWS analyzed Reddit posts mentioning 7-OH during January to September 2024 and found that posts increased over this time. These posts are broad and can vary in content but have included warnings from Reddit users about respiratory depression, potency, dependence and long-lasting withdrawal (NDEWS, 2024).

Social Media

A variety of social media outlets were assessed for mentions and/or discussions of 7-OH. Websites included:

- erowid.org - a member-supported organization providing access to information about psychoactive plants, chemicals, and related issues;
- bluelight.org - an international message board that educates the public about responsible drug use by promoting free discussion, advocating harm reduction, and attempting to eliminate misinformation;
- reddit.com - online forum that functions as a vast collection of user-driven communities, known as sub-Reddits, each centered around specific topics.

It is important to note that all considerations of these social media sources are, at best, anecdotal in considering the risks and abuse potential associated with 7-OH products. However, it is clear that there is fairly widespread understanding of the availability of products specifically targeting high levels of the substance 7-OH, distinct from kratom products generally. In analyzing these social media posts, some relevant themes have been identified and include mention of the following: euphoria and an opioid-like “buzz”/high as motivation for consuming 7-OH; availability of “candy-like” formulations which users acknowledge as having a risk of overconsumption to their own detriment; perceptions of therapeutic value of 7-OH in self-treating pain and anxiety; concerns over loss of access to these products if they were to be banned; acknowledgement that use of these products could lead to overdose and serious

outcomes including death; and acknowledgement that use could lead to addiction and has caused users to experience withdrawal symptomology much like that produced by other commonly abused opioids.

Drug Enforcement Administration Toxicology Testing Program (DEA TOX)

The Drug Enforcement Administration Toxicology Testing program (DEA TOX) conducts analyses of voluntarily submitted leftover or previously collected biological samples from drug overdose victims to identify novel psychoactive substances (NPS) and other drugs of abuse in subjects with fatal and nonfatal overdose. The DEA TOX database was queried for reports of mitragynine, 7-OH, or mitragynine pseudoindoxyl from 2019-2025. A total of 103 cases, some fatal and some non-fatal, were identified in this selected sample; this database does not include all overdose cases, and the number of samples voluntarily submitted for analysis may vary year to year based on unknown factors.

It is notable that the utility of the DEA TOX data is limited because it generally cannot be discerned whether deaths are related to mitragynine, 7-OH, or mitragynine pseudoindoxyl, or some combination thereof. In addition, although 7-OH and mitragynine pseudoindoxyl are not typically found in appreciable amounts in fresh kratom leaves (Hill et al., 2025), both are metabolites of mitragynine, complicating forensic assessments of causality (Kamble et al., 2020). These are significant limitations in making inferences from these data; however, the number of fatal overdose cases in which one or more of these substances were detected for 2023 to 2025 are approximately three-fold higher than for the years 2019 through 2022, coinciding with the more recent entry of more-concerning kratom-related products in the marketplace, such as 7-OH.

Human Exposures in Pharmacokinetic Studies

Pharmacokinetic (PK) data for 7-OH are sparse, as to our knowledge, no clinical studies have been performed using isolated or purified 7-OH. Nonetheless, there are 7-OH PK data derived from a small number of studies using botanical kratom. Most available clinical PK data for 7-OH are variable, which may be for several reasons such as genetic differences in kratom plants, different formulations (e.g., teas, capsules, etc.), and methods of analysis. Much of the data is also from non-controlled studies making it difficult to interpret the results. Huestis and colleagues conducted a randomized, between-subject, double-blind, placebo-controlled dose escalation study of 500-4000 mg encapsulated dried kratom leaf powder corresponding to mitragynine doses of 6.65-53.2 mg. Twelve subjects enrolled in the study (n=12). Blood plasma levels of mitragynine and 7-OH were assessed after a single dose, and then again after 15 days of continuous dosing. According to the study authors, peak plasma levels of 7-OH (i.e., C_{max}values) and exposure (i.e., area under the curve, (AUC)) were lower than mitragynine but increased in a dose proportional manner and ranged from 3.6 to 22.7 ng/mL while the time to peak plasma levels (i.e.,T_{max} values) ranged from 1.2 – 1.8 h. The half-life of 7-OH increased with increasing dose and ranged from a mean of 1.7 to 4.7 hours. During the multiple dose phase of the study, 7-OH steady state was reached in about 7 days (Huestis et al., 2024).

In another study examining the PK properties of 7-OH, sixteen healthy subjects (n=16) received kratom tea containing 23.6 mg of mitragynine. Subjects were administered tea in two sessions: once with tea alone, and in a second session following pretreatment with itraconazole, a

CYP3A4 inhibitor. The 7-OH C_{max} was 12.81±3.39 ng/mL which occurred 1.7 h after administration (T_{max}). In the second session after pretreatment with itraconazole (200 mg), the C_{max} decreased 56% with a concomitant 43% decrease in AUC. These data describe the PK of 7-OH and demonstrate that the metabolism of mitragynine to 7-OH is heavily dependent on CYP3A4 (Mongar et al., 2024).

Tanna et. al., assessed the PK of a single orally administered dose of kratom (2 g), in the form of a tea, to healthy adult subjects (n = 5 completers). According to the authors, there were only trace amounts of 7-OH (< LOQ) in the starting product, therefore, the assumption was made that 7-OH was generated from the metabolism of mitragynine *in vivo.* The authors identified a PK difference between enantiomers of kratom alkaloids in either the 3S or 3R configuration. 7-OH has a 3S configuration which, according to the authors, leads to a shorter T_{max}, lower exposure (AUC), longer terminal half-life, and a higher volume of distribution during the terminal phase compared to the 3R alkaloids. Measured 7-OH in plasma samples demonstrated that 7-OH had a C_{max} = 16.1 nM, T_{max} = 1h, half-life = 5.67h, and an AUC0-120h = 103nM x h.(Tanna et al., 2022).

Epidemiological Data Sources

Limitations with the Epidemiological Data Sources

Because 7-OH appears to be a novel, emerging public health threat, the ability of public health surveillance systems to monitor 7-OH specific risks may be limited. For example, large national surveys such as the National Survey on Drug Use and Health include questions about use of kratom, but not 7-OH. Additionally, there may be a lack of awareness among consumers of kratom-related products that they are obtaining 7-OH enhanced products, and thus use of 7-OH would likely be underreported in data collected using self-report. Many forensic laboratories test for mitragynine as a marker of kratom use. In these cases, 7-OH overdose cases and fatalities may incorrectly be classified as kratom and/or mitragynine-related (Smith, Boyer, et al., 2024). Furthermore, toxicology reports documenting presence of 7-OH are difficult to interpret, because 7-OH is a known metabolite of mitragynine in humans. All of these issues complicate the real-world assessment of risks associated with use of 7-OH containing products as distinct from risks associated with kratom and other mitragynine-containing products.

FDA's Adverse Event Reporting System

Although FDA's Adverse Event Reporting System (FAERS) has documented cases reporting adverse events (13 cases, including 2 deaths) suspected to involve 7-OH, ambiguity about the contributory role of 7-OH from uncharacterized products or concomitant medications and underlying disease limits interpretation. Therefore, we do not include further analysis of these FAERS cases here.

America's Poison Centers, National Poison Data System

National Poison Data System (NPDS) receives near real-time data from the nation's poison centers (PC), providing information and assistance to callers on exposures to prescription drugs, over-the-counter medications, unapproved products, and other substances. PC healthcare professionals systematically follow up on exposure cases to document medical and clinical effects. Quality control measures are used to ensure data accuracy and completeness. Notably, 7-OH specific NPDS codes were only recently added (Feb-May 2025), and therefore the NPDS reporting period is limited to 2/1/2025-4/30/2025. As shown below, there were a total of 53 exposure cases involving 7-OH during this time period, the majority of which involved abuse-related reasons for use (i.e., "intentional abuse"). Most single-substance 7-OH exposure cases resulted in minor or moderate clinical outcomes, with several documented has having major clinical outcomes.

Table 1. National Poison Data System Closed Human Exposure Cases*, 2/1/2025-4/30/2025

	Number of exposure cases**	Number of abuse cases**	Single substance exposure cases	Single substance abuse cases
Total cases involving 7-OH	53	24	37	16
Reason				
Adverse drug reaction	4		2	
Intentional- abuse	24		16	
Intentional- misuse	4		3	
Intentional - Suspected suicide	2		0	
Other – Withdrawal	8		6	
Unintentional – general	4		4	
Unintentional- misuse	1		1	
Unintentional therapeutic error	4		3	
Unknown reason	2		2	
Related clinical outcomes				
Minor			6	3
Moderate			13	6
Major			3	1
Not followed, minimal clinical effects possible			5	3
Unable to follow, judged as potentially toxic exposure			1	0
Age				
<18 years	6	1	5	0
≥ 18 years	46	23	32	16
Unknown age	1	0	0	0

*Excludes cases classified as 'confirmed non-exposure'
**Cases may involve other substances, besides 7-OH
Related clinical outcomes include cases with clinical effects deemed "related" to exposure based on timing, severity, and assessment of clinical effects by Poison Center Specialists. Definitions available from America's Poison Centers: NPDS Full Report 2023. Page 235.

Note: This analysis used the case listing data in NPDS to identify and characterize cases documented as involving 7-OH. As of July 2025, an in-depth review NPDS case narrative data was ongoing; this further review may yield different numbers from those presented here.

Summary of Epidemiological Data and 7-OH Concerns

Available surveillance data indicate that abuse of 7-OH is occurring and is associated with serious harms; however, as noted previously, it is difficult to quantify the public health burden because surveillance systems do not provide estimates for the prevalence of 7-OH use and are only beginning to track the specific involvement of 7-OH enhanced products in exposure cases and overdoses. The current epidemiologic data on 7-OH exposures often lack sufficient detail to distinguish with confidence involvement of botanical kratom products from 7-OH enhanced products.

Preclinical Data Characterizing 7-OH Pharmacology

Although there are limited data from human studies to characterize effects of 7-OH in humans, as noted above, there is a large body of in vitro and animal studies that provide extensive evidence of 7-OH as a potent mu opioid agonist, as described in below subsections.

In Vitro Data

Receptor Binding Studies

7-OH has been shown to have affinity and activity at mu opioid receptors. In a study using human embryonic kidney (HEK) cells with cloned, human opioid receptors, 7-OH demonstrated high affinity for the mu opioid receptor (Ki = 47 nM) relative to kappa (Ki = 188 nM) and delta opioid receptors (Ki = 219 nM) (Kruegel et al., 2016). In a second study using HEK 293 cells expressing human mu and other opioid receptors, 7-OH demonstrated high affinity for mu opioid receptors (Ki = 16 ± 1 nM) and its affinity was greater than mitragynine (Ki = 238 ± 28 nM) and lower than morphine (Ki = 1.50 ± 0.04 nM) (Todd et al., 2020). Using an in vitro radioligand binding assay with CHO cells expressing murine-derived opioid receptors, 7-OH demonstrated relatively high affinity for mu-opioid receptors (Ki = 37 ± 4 nM), relative to mitragynine (Ki = 230 ± 47 nM), although its affinity was lower than morphine (Ki = 4.6 ± 1.8 nM) (Varadi et al., 2016). Other studies conducted using whole brain homogenates of guinea pig brain tissue have also demonstrated that 7-OH has high affinity at mu opioid receptors (Ki = 8.0 nM) relative to kappa (Ki = 6.7 nM) and delta opioid receptors (Ki = 6.8 nM) (Matsumoto et al., 2004). Obeng and colleagues evaluated the binding affinity of 7-OH using human recombinant HEK 293 cells expressing mu opioid receptors. Their results are in agreement with the data presented above where the authors found that 7-OH binds with high affinity (Ki = 7.2 nM) to mu opioid receptors relative to delta (Ki = 236 nM) and kappa (Ki = 74.1 nM) receptor subtypes (Obeng et al., 2020). A number of additional binding studies are in keeping with the data described above, demonstrating the affinity of 7-OH for mu opioid receptors across a variety of binding assays (Chakraborty et al., 2021; Matsumoto et al., 2008; Obeng et al., 2021; Takayama et al., 2002).

The results of the receptor binding studies with 7-OH are in keeping with *in silico* receptor binding models that suggest 7-OH has high affinity for the mu opioid receptor. The *in silico* modeling results were subsequently confirmed with a radioligand binding assay where 7-OH demonstrated high affinity for cloned, human mu opioid receptors (K_i = 70 nM). (Ellis et al.,

2020). Collectively, the available receptor binding data demonstrate the affinity and binding of 7-OH to mu opioid receptors.

Functional Studies

Many of the studies referenced above performed additional assessments of 7-OH to determine its functional activity after binding (i.e., agonist or antagonist effects). These studies have consistently demonstrated that 7-OH produces mu-opioid agonist effects. For example, Kruegel and colleagues examined the functional activity of 7-OH and mitragynine in HEK cells expressing opioid receptors using a bioluminescence resonance energy transfer (BRET) assay. Both mitragynine and 7-OH functioned as partial agonists, producing Emax values of 34% and 47% respectively and EC_{50} values of 339 ± 178 nM and 34.5 ± 4.5 nM (Kruegel et al., 2016). Activation of the mu opioid receptor pathway was also investigated using forskolin-stimulated cyclic adenosine monophosphate (cAMP) accumulation in Chinese Hamster Ovary (CHO) cells expressing mu opioid receptors. In this assay, 7-OH produced a maximal activation (Emax) of 85.9%, a value similar to that produced by the positive control comparators DAMGO (86.2%) and morphine (86.9%). These data suggest 7-OH acts a full mu opioid agonist (Todd et al., 2020). Similarly, Matsumoto and colleagues concluded that 7-OH was "found to have an opioid agonist property on μ- and/or κ-opioid receptors" based on its ability to inhibit contraction of isolated guinea pig ileum. In this assay, 7-OH displayed approximately 13-fold greater potency than morphine and 46-fold greater potency than mitragynine. The inhibition was reversed by naloxone, suggesting the effects are mediated via mu opioid receptors (Matsumoto et al., 2004). Other functional assays produced results that are aligned with Matsumoto and colleagues. For example, using a cAMP mobilization assay as a measure of functional effects, 7-OH acted as a full agonist with an EC_{50} of 7.6 nM, and was more potent than mitragynine (EC_{50} 307.5 nM) (Obeng et al., 2020). Likewise, when evaluating the agonist activity of 7-OH in an electrically stimulated guinea pig ileum, 7-OH acted as a full agonist and was more potent than morphine (Takayama et al., 2002). Finally, using a [^{35}S] GTPγS functional assay, 7-OH produced an Emax of 77% with an EC_{50} of 53.4 nM, further demonstrating its agonist effects (Varadi et al., 2016).

<u>Animal Data on Behavioral and Physiological Effects</u>

Conditioned Place Preference

Conditioned place preference (CPP) is a commonly utilized animal model to study the rewarding effects of drugs. In this paradigm, an animal is conditioned to associate a particular environment with a drug treatment, and an alternative environment with a non-drug condition. After repeated sessions, the animal is then observed under non-drug conditions to determine which environment the animal prefers. CPP is established if the animal spends more time in the drug-paired compartment vs. the vehicle-paired compartment (Mombelli, 2022; Prus et al., 2009). Many drugs of abuse produce CPP, though notably, it is not a direct measure of reinforcing effects.

Using the CPP paradigm, several studies have demonstrated the ability of 7-OH to produce rewarding effects and that it does so more potently than morphine. Gutridge and colleagues employed C57BL/6 mice and demonstrated the development of CPP after 3 mg/kg 7-OH. CPP was observed after both doses although 7-OH required more sessions (4 sessions) whereas morphine (6 mg/kg) was able to establish CPP in two sessions (Gutridge et al., 2020). Similarly,

other studies have demonstrated the ability of 7-OH (2 mg/kg) to produce CPP, and that it does so with greater potency than morphine (Matsumoto et al., 2008).

Drug Discrimination

Drug discrimination is an experimental method in which animals identify whether a test drug produces interoceptive effects similar to those produced by a drug to which the animals are trained to differentiate from placebo, and which has known pharmacological properties. If the known drug is one with abuse potential, drug discrimination methods can be used to predict if a test drug will have abuse potential in humans (Balster & Bigelow, 2003; Solinas et al., 2006).

For abuse assessment purposes, an animal is trained to press one bar when it receives a known drug of abuse (the training drug) and another bar when it receives placebo. A challenge session with the test drug determines which of the two bars the animal presses more often as an indicator of whether the test drug is more like the known drug of abuse or more like placebo. A test drug is said to have "full generalization" to the training drug when the test drug produces bar pressing >80% on the bar associated with the training drug (Ator & Griffiths, 2003; Swedberg, 2016; Walker, 2018; Young, 2009). A test drug that generalizes to a known drug of abuse will likely be abused by humans (Balster and Bigelow, 2003).

Male Sprague Dawley rats were trained to discriminate morphine (5.0 mg/kg i.p.) from saline using a 30 min pretreatment time and FR10 schedule of reinforcement. After successful training, substitution tests with 7-OH (0.3, 1.0 and 3.0 mg/kg) were performed. The highest dose of 7-OH (3.0 mg/kg) produced complete substitution for the morphine stimulus cue. Moreover, pretreatment with naloxone significantly reversed the 7-OH substitution and resulted in saline-like responding. Notably, in this study, 7-OH was more potent than morphine (Harun et al., 2015).

In a second study, the discriminative stimulus effects of 7-OH were examined in separate groups of rats trained to discriminate either morphine (3.2 mg/kg i.p., 15 min pretreatment) or mitragynine (32 mg/kg i.p., 30 min pretreatment) from saline. After successful acquisition of discrimination training 7-OH was administered in substitution tests. 7-OH was administered i.p., with a 15 min pretreatment time in a dose range of 0.1-17.8 mg/kg. In the morphine-trained rats, 7-OH produced complete substitution at doses above 0.56 mg/kg, with the 1.0 mg/kg dose producing 100% drug-lever-appropriate responding and a resultant ED_{50} of 0.28 mg/kg. Notably, the dose-response curve was shifted to the left, demonstrating an increased potency of 7-OH relative to morphine. In addition, pretreatment with 0.032 mg/kg naltrexone shifted the dose-response curve to the right suggesting substitution was mediated via mu-opioid receptors (Obeng et al., 2021). Taken together, the drug discrimination data demonstrate the ability of 7-OH to substitute and mimic the stimulus effects of morphine, and that 7-OH is more potent in doing so. These data are a strong indication that 7-OH produces subjective effects in humans that are similar to opioids, along with an associated abuse potential.

Self-Administration

Self-administration is a method that assesses whether a drug produces reinforcing effects that increase the likelihood of behavioral responses in order to obtain additional drug (i.e., whether an animal will press a lever for a drug injection). Drugs that are self-administered by animals are

likely to produce rewarding effects in humans, which is indicative of abuse potential. Generally, a good correlation exists between those drugs that are self-administered by animals and those that are abused by humans (Balster & Bigelow, 2003; Brady et al., 1987; Johanson & Schuster, 1981; Panlilio & Goldberg, 2007). It is notable that self-administration is a behavior that is produced by drugs that have been placed into every schedule of the CSA. Additionally, rates of self-administration for a particular drug will go up or down if the available drug dose or the work requirement (bar pressing for drug) is altered. Positive results from a self-administration study provide an abuse potential signal, suggesting that a drug has rewarding properties, but not necessarily that it produces more rewarding effects than another drug in humans.

7-OH produces reinforcing effects and is self-administered by rodents. In the study, rodents were trained to self-administer morphine (100 µg/infusion) and faded to 50 µg/infusion once stable responding was achieved. Thereafter, extinction sessions were performed to confirm acquisition of the self-administration training prior to substitution tests. Substitution tests were performed with 7-OH doses of 2.5, 5, 10 and 20 µg/infusion. In the substitution tests, 7-OH produced an inverted U-shaped curve and the number of infusions for 5 and 10 µg/infusion of 7-OH were significantly greater than vehicle, demonstrating the reinforcing effects of 7-OH (Hemby et al., 2019).

The self-administration of 7-OH was blocked by both a mu opioid antagonist (naloxonazine) and a delta opioid antagonist (naltrindole), suggesting its reinforcing effects are mediated via opioid receptors. In addition, peak morphine self-administration occurred at 50 µg/infusion while peak 7-OH infusions occurred at 5 µg/infusion, demonstrating a substantially increased potency of 7-OH relative to morphine.

There are some pharmacokinetic (PK) data available from animal studies involving the administration of isolated, i.e., single entity, 7-OH. Following a single oral dose (1 mg/kg 7-OH) to beagle dogs, absorption was rapid, with a peak plasma concentration (i.e., Cmax) of 56 ± 1.6 ng/mL 15 minutes post-dose. The elimination half-life was slower, producing a mean of 3.6 ± 0.5 h. No AEs were observed, and no abnormal laboratory findings were reported (Maxwell et al., 2021). In adult male and female mice, the PK parameters of 7-OH were investigated after a single oral dose of 50 mg/kg 7-OH. The tissue distribution of 7-OH was observed in descending order: liver > kidney > spleen > lung > brain. Plasme C_{max} values were 0.6 and 09 µg/mL in males and females with a T max value of 0.5 hr. Area under the curve (AUC) values over 48 hours (AUC_{0-48} hr* µg/mL) were 1.4 and 2.9 in male and female mice (Berthold et al., 2022).

Antinociceptive Effects

The antinociceptive effects of 7-OH were investigated in mice using the tail flick and hot plate tests. These tests are commonly used to examine pain and analgesic effects in rodents (D'Amour & Smith, 1941). In these tests, rodents are subject to a heat stimulus and timed for the duration it takes to move their tail (i.e., tail flick) or produce a response such as jumping, licking, or shaking of limbs (i.e., hot plate).

In the tail flick test, subcutaneous administration of 7-OH (2.5 – 10 mg/kg) produced both time and dose-related antinociceptive effects. Notably, the dose-effect curve for 7-OH was shifted to the left, indicating a greater potency than the positive control comparator, morphine. Similar results were observed in the hot plate test, and when morphine and 7-OH were administered

orally. Naloxone (2 mg/kg s.c.) inhibited the effects of 7-OH and morphine in both tests (Matsumoto et al., 2004; Matsumoto et al., 2008). Concurrent results were observed by Obeng and colleagues using the hot plate test. In their study, 7-OH (0.0032 – 3.2 mg/kg, i.v.) produced maximum antinociceptive effects and was more potent morphine but less potent than fentanyl when administered intravenously. Likewise, naltrexone (0.1 mg/kg) reversed the antinociceptive effects of 7-OH suggesting the antinociception was mediated via mu opioid receptors (Obeng et al., 2020).

Respiratory Depression

A major risk of opioid exposure and cause of opioid-induced death is respiratory depression (Baldo & Rose, 2022; Bateman et al., 2023). To examine the respiratory effects of 7-OH in rodents, whole body plethysmography was used in freely moving, awake rats. Both morphine (10 and 32 mg/kg, i.v.) and 7-OH (1, 3.2, and 10 mg/kg, i.v.) induced significant respiratory depression as assessed by minute volume, tidal volume, and breathing frequency. The mu-opioid agonist naloxone (1.0 mg/kg i.v.) reversed these effects, a finding consistent with the mu opioid effects of 7-OH (Zuarth Gonzalez et al., 2025). These data highlight a potential risk factor of 7-OH exposure and suggest 7-OH may expose individuals to similar risks as classic opioids, including respiratory depression.

Physical Dependence and Withdrawal

It is well-established that chronic administration of opioids leads to the development of tolerance and physical dependence that may culminate into a withdrawal syndrome. In parallel with some of the hot plate tests described above, the ability of 7-OH to produce physical dependence and withdrawal was examined. Mice were treated with subcutaneous 7-OH (10 mg/kg b.i.d.) or morphine (10 mg/kg b.i.d.) for five days. Tolerance was assessed as a reduction of analgesia in the hot plate test. After five days of treatment, both morphine and 7-OH showed a decreased analgesic response on the hot plate test, demonstrating the development of tolerance. In addition, cross-tolerance was also observed between morphine and 7-OH suggesting a similar mechanism of action between the drugs. Finally, after five days of escalating doses of 7-OH and morphine (8-45 mg/kg b.i.d.) the development of withdrawal was assessed with a 3 mg/kg s.c., dose of naloxone injected two hours after 7-OH administration. Both morphine and 7-OH treatment produced signs of withdrawal such as jumping, rearing, urination, ptosis, forepaw tremor, and diarrhea (Matsumoto et al., 2005).

Summary of Preclinical Data

From the studies described above, 7-OH has high affinity for mu opioid receptors and functional activity as an agonist at these receptors. Consistent with this pharmacological activity, 7-OH is self-administered by animals, substitutes for morphine in drug discrimination studies, produces antinociception, and physical dependence leading to withdrawal when administered to rodents. Moreover, 7-OH has consistently demonstrated an increased potency relative to morphine in preclinical rodent studies. These observations suggest 7-OH has pharmacological properties representative of a full mu opioid agonist and an associated high potential for abuse.

CONCLUSIONS

The data described in this report indicate that 7-OH has a significant potential for abuse and associated harms. Conclusively, 7-OH has high affinity and agonist activity at mu opioid receptors. Consistent with this pharmacological mechanism of action, 7-OH demonstrates rewarding effects in that it is self-administered by animals and also produces conditioned place preference, two well-established animal behavioral models measuring rewarding effects as a predictor of abuse potential in humans. In animal drug discrimination studies, 7-OH substitutes for morphine with full generalization. 7-OH is also demonstrated to produce antinociception consistent with opioid pharmacology, and to produce physical dependence when administered to rodents, as evidenced by a classic set of withdrawal signs associated with opioid withdrawal upon discontinuation of opioid administration. Moreover, 7-OH in all above models has consistently demonstrated an increased potency relative to morphine.

Due to the fact that 7-OH is both a metabolite of mitragynine and naturally present in low amounts in botanical kratom, using toxicology results to identify 7-OH as a primary or sole contributor in human exposures is challenging. There is also a need for improved clinical awareness and population surveillance to better characterize patterns of 7-OH use, the products that people are obtaining, and individual treatment needs following 7-OH exposure. Additionally, questions on 7-OH are not generally included in national surveys, and other data sources that rely on self-reported use of 7-OH likely underestimate the number of 7-OH exposure cases, as individuals may be unaware of the distinction from kratom products. Nonetheless, since specific codes were added earlier this year to document 7-OH exposure cases, U.S. poison centers have identified multiple single-substance cases of 7-OH exposure resulting in serious adverse clinical outcomes. Also, although anecdotal, social media and online forums indicate growing awareness and use of 7-OH, and many testimonials of the negative opioid-mediated effects users have experienced, including 7-OH dependence, associated withdrawal syndrome, and addiction.

In the current marketplace in the U.S., 7-OH is increasingly being marketed over-the-counter and online, in concentrated forms or sufficient doses to cause harms to those individuals engaging, knowingly or unknowingly, in use of 7-OH. Based on demonstrated pharmacology, repeated or prolonged use of 7-OH would lead to tolerance, physical dependence, and potentially to opioid addiction— typical of mu opioid agonist drugs of abuse. This public health threat is troubling and requires immediate and impactful policies to educate consumers and take regulatory action that limits access to 7-OH containing products.

Kratom

WHAT IS KRATOM?

Kratom is a tropical tree native to Southeast Asia. Consumption of its leaves produces both stimulant effects (in low doses) and sedative effects (in high doses), and can lead to psychotic symptoms, and psychological and physiological dependence. Kratom leaves contain two major psychoactive ingredients (mitragynine and 7-hydroxymytragynine). These leaves are crushed and then smoked, brewed with tea, or placed into gel capsules. Kratom has a long history of use in Southeast Asia, where it is commonly known as thang, kakuam, thom, ketum, and biak. In the U.S., the abuse of kratom has increased markedly in recent years.

Kratom tree

How is it abused?

Mostly abused by oral ingestion in the form of a tablet, capsule, or extract. Kratom leaves may also be dried or powdered and ingested as a tea, or the kratom leaf may be chewed.

Leaf of kratom tree

What are the effects?

At low doses, kratom produces stimulant effects with users reporting increased alertness, physical energy, and talkativeness. At high doses, users experience sedative effects. Kratom consumption can lead to addiction.

Several cases of psychosis resulting from use of kratom have been reported, where individuals addicted to kratom exhibited psychotic symptoms, including hallucinations, delusion, and confusion.

Kratom capsules

What does it do to the body?

Kratom's effects on the body include nausea, itching, sweating, dry mouth, constipation, increased urination, tachycardia, vomiting, drowsiness, and loss of appetite. Users of kratom have also experienced anorexia, weight loss, insomnia, hepatotoxicity, seizure, and hallucinations.

What is its legal status?

Kratom is not controlled under the Controlled Substances Act; however, there may be some state regulations or prohibitions against the possession and use of kratom. The FDA has not approved Kratom for any medical use. In addition, DEA has listed kratom as a Drug and Chemical of Concern.

ACCESS | Metrics & More | Article Recommendations | Supporting Information

ABSTRACT: Kratom is widely consumed in the United States for self-treatment of pain and opioid withdrawal symptoms. Mitragynine is the most abundant alkaloid in kratom and is a μ-opioid receptor agonist. 7-Hydroxymitragynine (7-HMG) is a mitragynine metabolite that is a more potent and efficacious opioid than its parent mitragynine. 7-HMG contributes to mitragynine's antinociceptive effects in mice, but evidence suggests it may also have a higher abuse potential. This *in vitro* study demonstrates that 7-HMG is stable in rodent and monkey plasma but is unstable in human plasma. Surprisingly, in human plasma 7-HMG is converted to mitragynine pseudoindoxyl, an opioid that is even more potent than either mitragynine or 7-HMG. This novel metabolite is formed in human plasma to a much greater extent than in the preclinical species tested (mouse, rat, dog, and cynomolgus monkey) and due to its μ-opioid potency may substantially contribute to the pharmacology of kratom in humans to a greater extent than in other tested species.

KEYWORDS: *mitragynine, 7-hydroxymitragynine, Mitragyna speciosa, mitragynine pseudoindoxyl, plasma stability, metabolism*

Mitragynine is the most abundant and pharmacologically well-characterized alkaloid (~ 66% of total alkaloidal content)[1,2] contained in the psychoactive substance kratom (*Mitragyna speciosa* Korth.). Mitragynine interacts with several receptors[3] including weak activity as a μ-opioid receptor agonist.[4] 7-Hydroxymitragynine (7-HMG) is a major mitragynine metabolite that in rodent models significantly contributes to mitragynine's analgesic and behavioral pharmacology.[5] 7-HMG is 22-fold more potent than mitragynine as a μ-opioid receptor agonist,[6] and in the electrically stimulated guinea pig ileum twitch assay, it is 13- fold more potent than morphine (46-fold greater than mitragynine).[7] In mice, mitragynine's antinociceptive properties can mostly be largely accounted for by its conversion to 7-HMG,[8] and while rats do not self-administer mitragynine, they will self-administer 7-HMG.[9] If rodent and human mitragynine metabolism is similar, then these data would suggest that 7-HMG may have a significantly higher abuse potential than that of mitragynine. However, different species often show significant quantitative and/or qualitative differences in drug metabolism, so following mitragynine/kratom consumption human exposure to 7-HMG may differ from that of rodents. One example of the differences between species is how rodents predominantly metabolize morphine to its inactive morphine 3-*O*-glucuronide, while humans also form morphine 6-*O*-glucuronide, a metabolite that is a more potent opioid agonist than its parent morphine.[10]

The current study aims to increase understanding of human systemic exposure to opioidergic mitragynine metabolites by comparing the plasma stability of 7-HMG in human and model animal species and elucidating the structures and activity resulting from 7-HMG metabolism.

RESULT AND DISCUSSION

Plasma Stability of 7-HMG. To determine which nonhuman animal model best predicts human exposure to 7-HMG, we evaluated the stability of 7-HMG in pooled mouse, rat, dog, monkey, and human plasma (Figure 1) under standard *in vitro* conditions (incubation of 1 μM 7-HMG in respective species plasma for 120 min at 37 °C). 7-HMG stability varied markedly across species, with high stability observed in mouse, rat, and monkey plasma (>80% 7-HMG

remaining after 120 min incubation) and intermediate stability in dog plasma (>61% 7-HMG remaining after 120 min). 7-HMG was the least stable in human plasma (~40% 7-HMG remaining after 120 min) with a half-life ($T_{1/2}$) of 98.7 min as shown in Figure 1.

Plasma is known to catalyze numerous hydrolytic drug metabolizing reactions, particularly ester cleavage, such as the β-methoxyacrylate moiety found in 7-HMG. Therefore, we next evaluated the stability of 7-HMG in human plasma in the presence and absence of a protease inhibitor cocktail comprised of 4-(2-aminoethyl)benzenesulfonyl fluoride hydrochloride, aprotinin, bestatin, E-64, EDTA, leupeptin, and pepstatin A. Together this cocktail is sufficient to inhibit most serine proteases, cysteine proteases, metalloproteases, and calpain proteases. The chemical degradation of 7-HMG was also assessed in a 50 mM phosphate buffer (pH 7.4) as a control. In phosphate buffer alone, 7-HMG was stable, and in human plasma, the protease inhibitors somewhat reduced the rate of 7-HMG degradation (68% remaining at 120 min vs 46% in untreated human plasma; Figure 2). These data

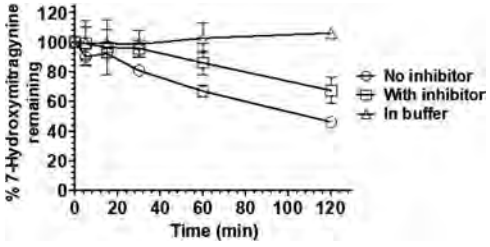

Figure 2. Stability of 7-HMG in human plasma in the presence and absence of protease cocktail inhibitor and 50 mM phosphate buffer pH 7.4 control. The data are represented as a percentage of 7-HMG remaining versus time in either human plasma with or without protease cocktail inhibitor treatment and blank phosphate buffer pH 7.4. All values are plotted as mean ± SD (n = 3).

suggested that 7-HMG was being enzymatically degraded. However, the liquid chromatography high-resolution mass spectrometry (LC-HRMS) analysis failed to identify a plasma metabolite that corresponds to a 7-HMG hydrolysis product with an expected m/z of 401.2071 (Figure S1).

Following incubation of 7-HMG with human plasma, two unknown peaks (unknown-1 and -2) with the same nominal mass (m/z 415.2227) and same daughter ions peaks (m/z 190.0863 and 226.1438) were observed. The abundance of these metabolites increased in a manner proportional to the incubation time of 7-HMG in human plasma (Figure 3). Relative to the conversion in human plasma, the percent

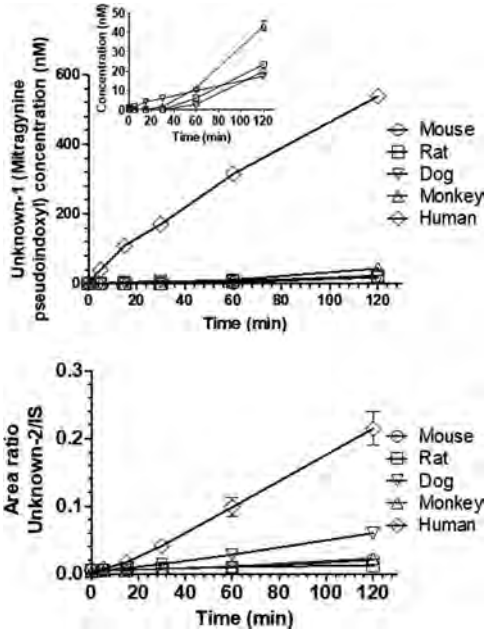

Figure 3. Unknown-1 (mitragynine pseudoindoxyl) and unknown-2 formation upon 7-HMG incubation with the mouse, rat, dog, cynomolgus monkey, and human plasma. Two unknown peaks (Unknown-1 and -2) were detected having mass transitions similar to that of 7-HMG. These are represented as the concentration of unknown-1 (mitragynine pseudoindoxyl, top) and ratio of unknown-2 to internal standard (IS) peak area (bottom) versus time. The inset in the top panel represents the concentration of unknown-1 (mitragynine pseudoindoxyl) in species other than human. All values are plotted as mean ± SD (n = 3).

conversion values of 7-HMG to unknown-1 in mouse, rat, dog, and monkey plasma were 3.7 ± 0.0, 4.4 ± 0.3, 3.2 ± 0.0, and 8 ± 0.0% (mean ± SD), respectively.

Similarly, relative to the conversion in human plasma, the percent conversion values of 7-HMG to unknown-2 in mouse, rat, and monkey plasma were 9.5 ± 0.7, 5.9 ± 0.3, and 10.6 ± 1%, respectively, and 28.0 ± 2.1% in dog plasma. These data demonstrate that human plasma predominantly metabolized 7-HMG to unknown-1. The degradation of 7-HMG in dog plasma to unknown-1 and -2 explains somewhat the contribution toward the total degradation, while other degradation products in dog plasma remain to be identified. Likewise, whether the conversion of 7-HMG in human plasma was exclusively to unknown-1 and -2 remains to be identified. A similar MS2 fragmentation pattern (Figure S2) was observed for unknowns-1 and -2 and 7-HMG suggesting the same molecular structure, i.e., unknown--1 and -2 are structural isomers of 7-HMG.

Isolation, Purification, and Structure Elucidation of Unknown-1 Metabolite. Multiple incubations of 7-HMG with human plasma were necessary to obtain a sufficient amount of unknown-1 for analysis using fractionation, preparative thin-layer chromatography (TLC), and high-performance liquid chromatography (HPLC) techniques. The relative abundance of unknown-2 was almost 10-fold lower than that of unknown-1 in human plasma, so it was not further evaluated due to the challenges in obtaining enough compound for further characterization. The ^{1}H NMR spectrum of unknown-1 (Figure S3) showed an unusual aromatic first-order (large chemical shift separations and clear

https://dx.doi.org/10.1021/acsptsci.0c00075
ACS Pharmacol. Transl. Sci. 2020, 3, 1063−1068

coupling pattern) spin-system AMX, where the aromatic protons at δ_H 6.42 ppm (d, J = 8.1 Hz, 1H) and 6.15 ppm (d, J = 8.0 Hz, 1H) were low-shifted in comparison with those of 7-HMG at δ_H 7.20 ppm (d, J = 7.8 Hz, 1H), and 6.73 ppm (d, J = 7.8 Hz, 1H). Additional ^{1}H NMR signals of unknown-1 revealed the presence of one aromatic methoxy substituent, the typical signals for the β-methoxy acrylate group, and aliphatic protons, similar to those for 7-HMG (Figure S4), suggesting that the structural changes are located in the ring B of the corynanthe skeleton (Figure S4). The main differences between unknown-1 and 7-HMG were the absence of a quaternary carbon on 7-HMG at δ_C 81.0 ppm (Figure S5) and the presence of the highly deshielded carbon on unknown-1 at δ_C 199.5 ppm (Figure S6), suggesting conversion of the quaternary hydroxylated carbon to a carbonyl carbon. The presence of the quaternary carbon at δ_C 75.0 ppm is consistent with a ring B rearrangement, resulting in a spiro linkage between rings B and C of the corynanthe core (Figure S4). Analysis of the ^{1}H−^{1}H correlation spectroscopy (COSY), heteronuclear single quantum coherence spectroscopy (HSQC), heteronuclear multiple bond coherence (HMBC), and selective nuclear Overhauser effect (NOE) data (Figures S7−S10) confirmed the difference between ring B of unknown-1 and 7-HMG. Taken together, these data suggest a semipinacol−pinacolone rearrangement, similar to the biosynthetic pathway for oxindoles on corynanthe skeletons.[11] By comparing the NMR data for unknown-1 with those of reported corynanthe alkaloids, we concluded that unknown-1 was likely to be mitragynine pseudoindoxyl. We then synthesized a mitragynine pseudoindoxyl standard using the Varadi et al. procedure[12] and demonstrated that the standard and unknown-1 exhibited identical NMR spectra, UPLC (retention times), and HRMS data (Figures S11−S13). Therefore, we conclude that unknown-1 is mitragynine pseudoindoxyl (Figure 4). Furthermore, we used the synthetic

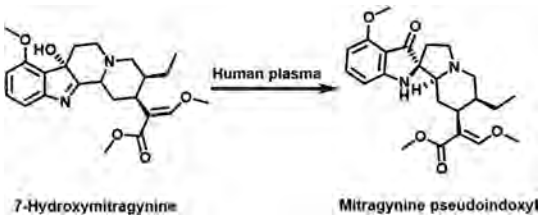

Figure 4. Novel metabolic conversion of 7-HMG to mitragynine pseudoindoxyl in human plasma. The incubation of 7-HMG in human plasma at 37 °C in 5% CO_2 incubator at 100 rpm for 2 h resulted in the metabolic conversion of 7-HMG to mitragynine pseudoindoxyl.

standard of mitragynine pseudoindoxyl to quantify the percentage of mitragynine pseudoindoxyl formed via the plasma incubation of 7-HMG. The percentages of mitragynine pseudoindoxyl formed at the end of 120 min of incubation of 7-HMG in mouse, rat, dog, monkey, and human plasma were 2.0 ± 0.0, 2.4 ± 0.2, 1.7 ± 0.0, 4.3 ± 0.2, and 53.8 ± 1.6%, respectively. Also, we evaluated the stability of mitragynine pseudoindoxyl in the plasma of each tested species using experimental conditions similar to those used for 7-HMG. Mitragynine pseudoindoxyl was found to be stable in the plasma of each species, confirming that the conversion of 7-HMG to mitragynine pseudoindoxyl is irreversible (Figure S14).

Plasma enzymes are known to catalyze hydrolytic and chiral inversion reactions, but to the best of our knowledge semipinacol rearrangement reactions such as those observed here have not been previously described to occur in mammalian plasma. Furthermore, mitragynine pseudoindoxyl biosynthesis has not even been reported in *Mitragyna speciosa*,[1] although Zarembo et al. have reported that some fungi can catalyze the semipinacol rearrangement of mitragynine into mitragynine pseudoindoxyl.[13]

The discovery that 7-HMG is converted in mitragynine pseudoindoxyl in human but not rodent plasma not only is unexpected but also may significantly alter our conclusions about the translatability of mitragynine findings using rodent models to the human condition.[8,9,14] While 7-HMG is more potent and efficacious than mitragynine in its ability to activate μ-opioid receptors, mitragynine pseudoindoxyl is yet more potent and at least as efficacious as 7-HMG. In GTPγS functional assays of μ-opioid activation, mitragynine pseudoindoxyl has been reported to be 31-fold more potent than 7-HMG and 119-fold greater than mitragynine (EC_{50} 1.7 ± 0.1 nM, E_{max} 84 ± 5%).[12] In the electrically stimulated contraction of guinea pig ileum model, mitragynine pseudoindoxyl is 20-fold more potent than morphine at inhibiting contractions and 100-fold more potent than mitragynine.[15] Previously, questions have been raised about whether the observed pharmacological activity in humans following kratom administration is due to mitragynine or mediated by the metabolite, 7-HMG. The systemic exposure of 7-HMG when calculated as percentage ratio of area under the curve of 7-HMG to mitragynine following mitragynine oral dosing of female beagle dogs[16] was found to be 12.6 ± 1.6%. This suggests that a reasonable amount of 7-HMG is present in systemic circulation which could be further metabolized to mitragynine pseudoindoxyl in plasma; however, the absolute conversion rate of 7-HMG to mitragynine pseudoindoxyl is unknown. These findings raise the possibility that opioid-like effects may be mediated by a combination of mitragynine, 7-HMG, and mitragynine pseudoindoxyl. The abuse potential of mitragynine pseudoindoxyl has not been well characterized. However, 7-HMG has been reported to have high abuse potential, and given that mitragynine pseudoindoxyl is an even more potent opioid agonist, it is likely to also be highly abusable.[9]

The metabolism of mitragynine to 7-HMG in humans is known to be catalyzed by the enzyme CYP3A4,[2,8] but the mechanism of this newly discovered conversion into mitragynine pseudoindoxyl in plasma is unknown. Additionally, microsomal metabolism of mitragynine did not result in the formation of mitragynine pseudoindoxyl in mouse, rat, dog, monkey, or human liver microsomes. It is possible that this plasma metabolism may be catalyzed by a genetically polymorphic enzyme or enzymes, which would potentially lead to substantial variability in an individual's relative exposure to 7-HMG and mitragynine pseudoindoxyl following administration of a defined kratom dose. Given the difference in potency between these two metabolites, such differential exposure could result in population variability in the pharmacological and adverse effects of kratom consumption. In the present study, conversion of 7-HMG to mitragynine pseudoindoxyl has been identified, but the extent of systemic exposure will depend on the rates of 7-HMG biosynthesis and its further conversion to mitragynine pseudoindoxyl, which remain to be defined. Assuming similar rates of 7-HMG formation across species, our *in vitro* plasma stability data

https://dx.doi.org/10.1021/acsptsci.0c00075
ACS Pharmacol. Transl. Sci. 2020, 3, 1063−1068

suggest that systemic human exposure to 7-HMG in humans may be lower than that in nonhuman species tested.

7-HMG is substantially metabolized by rat and monkey liver microsomes ($T_{1/2}$ = 15 and 26 min, respectively, Figure S15), but metabolism in mouse, dog, and human liver microsomes was much slower ($T_{1/2}$ > 60 min, Figure S15). These systems only establish the phase I metabolism of 7-HMG, but the data suggest that liver metabolism of 7-HMG in rats and monkeys is much greater than that in plasma. Furthermore, comparing the 7-HMG rate of metabolism in humans (plasma and liver microsomes), the plasma metabolism of 7-HMG could form substantial amounts of mitragynine pseudoindoxyl. Studies comparing the intrinsic clearance of 7-HMG in plasma and hepatocytes (phases I and II metabolic systems present) would help us to gauge the relevance of plasma metabolism of 7-HMG in the respective species and could be used to identify species having a metabolic profile similar to humans for further translational characterization.

CONCLUSION

This study has demonstrated the potential for human plasma to form mitragynine pseudoindoxyl. Further research is required to elucidate whether the same mechanisms also reside in other tissue types, potentially resulting in significant local exposure to this highly potent opioid.

EXPERIMENTAL SECTION

Plasma Stability of 7-HMG. The plasma stability of 7-HMG (synthesized in-house from mitragynine) was performed using heparinized pooled non-Swiss albino mouse (Innovative Research, Novi, MI), Sprague−Dawley rat (GeneTex, Irvine, CA), beagle dog (BioIVT, Hicksville, NY), cynomolgus monkey (BioIVT, Hicksville, NY), and human plasma (with sodium citrate as an anticoagulant; Innovative Research, Novi, MI). 7-HMG was spiked in a respective species preincubated plasma sample (n = 3) at a final concentration of 1 μM and kept in a 5% CO_2 incubator shaker (100 rpm) maintained at 37 °C. The concentration of organic solvents was kept below 0.5% (v/v).[17,18] The aliquots (25 μL) were withdrawn at 0, 5, 15, 30, 60, and 120 min. The reaction was quenched by mixing the aliquots with 4 volumes acetonitrile containing 10 ng/mL phenacetin as IS. The quenched samples were vortex-mixed for 5 min, and these samples were then filtered through 0.45 μm pore size 96-well filtration plate. The filtrate was then subjected to ultraperformance liquid chromatography tandem mass spectrometry analysis (UPLC-MS/MS). The sample analysis was performed using a Waters Acquity UPLC system coupled with Waters Xevo TQ-S micro mass spectrometer (Waters, Milford, MA) using MassLynx V4.1 software (Waters, Milford, MA). Chromatographic separations were performed on a UPLC column Acquity, BEH, C18, 1.7 μm, 2.1 × 50 mm; maintained at 50 °C temperature. The mobile phase consisted of solvent A (10 mM ammonium acetate with 1% acetic acid in water) and solvent B (acetonitrile) delivered at a flow rate of 0.35 mL/min with a linear gradient as follows: 25% B until 3 min, 25−40% B over 3.9 min, 40−70% B from 3.9 to 4 min, decreased to 25% B from 4 to 4.6 min, and maintained at 25% B until 5.5 min. The MS was operated in the positive electrospray mode at a capillary temperature of 450 °C, source temperature of 150 °C, capillary voltage of 0.5 kV, desolvation gas flow of 900 L/h, and cone gas flow of 50 L/h. The analysis was conducted in multiple reaction monitoring modes (MRM, m/z 415.2 > 190.1). Enalapril for rodents and procaine or disulfiram for nonrodent plasma were used as positive controls to assess the enzyme activity. The positive control results were comparable to published reports.[19,20]

Human Plasma Stability of 7-HMG with or without Protease Inhibitors. 7-HMG at 1 μM was incubated with or without a protease inhibitor cocktail treatment and in 50 mM phosphate buffer pH 7.4 for 120 min at 37 °C in a CO_2 incubator. Aliquots (25 μL) were withdrawn at 0, 5, 15, 30, 60, and 120 min and mixed with 4 volumes of acetonitrile containing IS. The quenched reaction mixtures were vortex-mixed for 5 min and then filtered through a 0.45 μm 96-well filtration plate. The filtrate was subjected to UPLC-MS/MS analysis as described above. Procaine was used as a positive control to assess esterases enzyme activity. The percentage of parent compound remaining was calculated as the percentage ratio of analyte peak to the IS peak area ratio at time t to that at 0 min.

Isolation, Purification, and Structure Elucidation of Unknown-1 Metabolite. To identify the chemical structure of the unknown-1 metabolite, multiple incubations of 7-HMG (1 mM) with undiluted human plasma (1 mL) for 24 h at 37 °C were performed to obtain enough amount of metabolite unknown-1. These incubation reactions were mixed and quenched with 4 volumes of acetonitrile. The metabolite unknown-1 was then isolated, purified using several chromatographic techniques, and chemical structure elucidation was performed by 1D and 2D NMR analyses. The details of isolation, purification, and structural elucidation of unknown-1 (mitragynine pseudoindoxyl) and its chemical synthesis are described in the Supporting Information.

Subject: Public Comment for April 16 Board Meeting Re: 7-hydroxymitragynine

WARNING - This email originated from outside the State of Nevada. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Public Comment for April 16 Board Meeting regarding the proposed regulation of 7-hydroxymitragynine for which I am deeply in support of:

"To members of the Board,

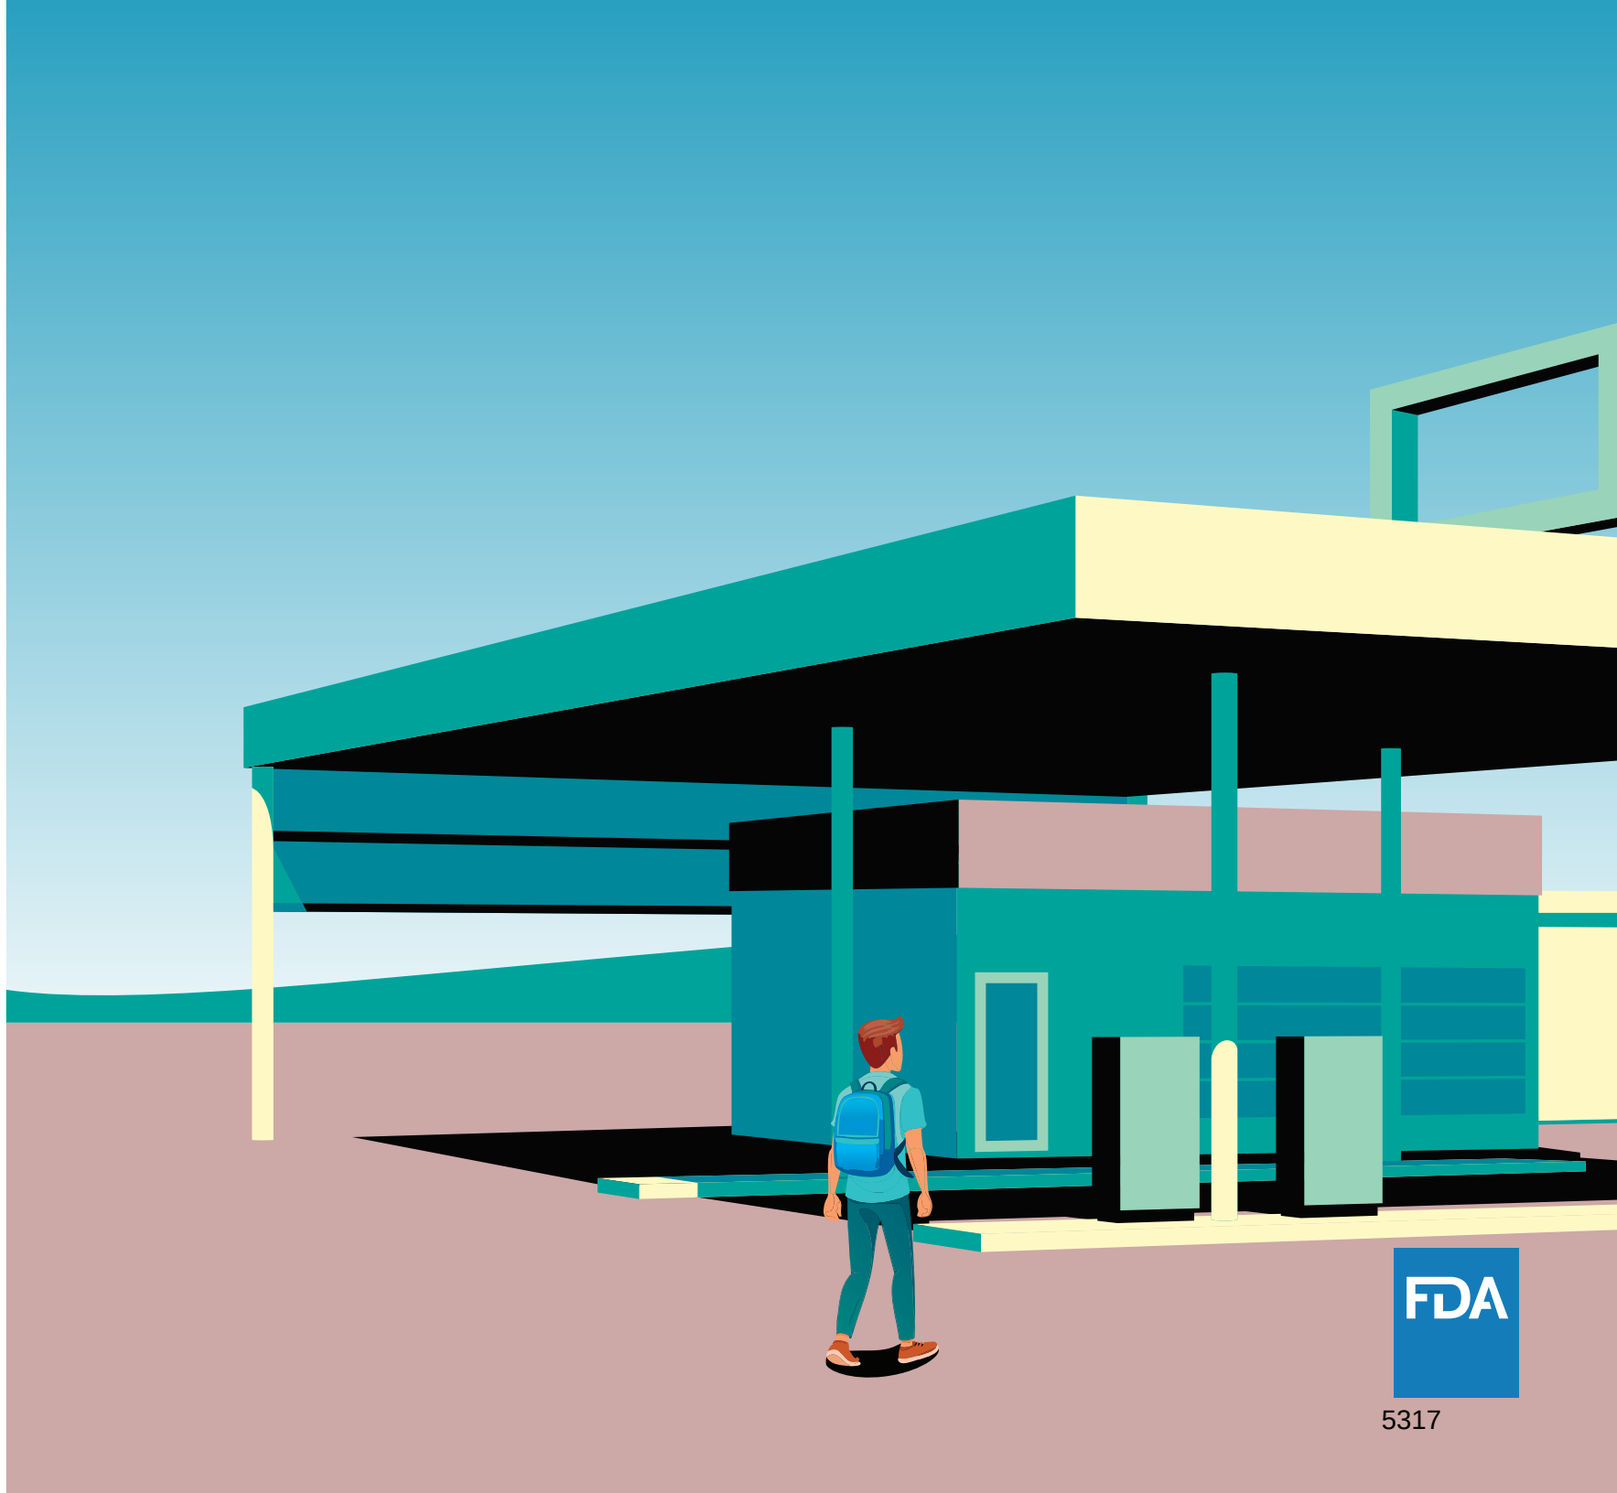
My name is Tess Souray. I am a Nevada resident, a parent, and an individual with nine years of sobriety. I am here to speak in deep support of scheduling 7-hydroxymitragynine, also known as 7-OH.

This issue is not theoretical to me. I have directly observed how 7-OH affects individuals, including how quickly use can escalate and how closely its effects mirror those of opioid- type substances. I have seen clear and concerning changes in behavior, mood and overall functioning that is consistent with substances we already recognize as Schedule I. What is particularly concerning is the pharmacological profile of 7-OH itself. It acts directly on mu-opiod receptors in the brain and has been shown to produce opioid-like effects and dependence. The FDA states that “7-OH is 13x more potent than morphine.” *(FDA SOURCE ATTACHED)*.

What is very concerning is the disconnect between the known pharmacological profile of 7-OH and the way it is being sold. The U.S. Food and Drug Administration has explicitly warned that "7-hydroxymitragynine is a potent opioid, is not approved for any use and should be avoided by consumers." The FDA has also recommended that it be evaluated for Class I scheduling due to its abuse potential and associated safety risks.

Despite this, products containing 7-OH remain available in smoke shops and gas stations throughout Nevada. This form of access creates a misleading perception of safety that is not consistent with the substance’s actual risk profile. By way of example, I recently stopped at a gas station with my young toddler and observed 7-OH products displayed at the counter alongside everyday retail items. These products were presented in a manner that made them easily accessible and indistinguishable from everyday consumer goods. This type of exposure underscores the broader public health concern — particularly families and communities who may not be aware of the substance’s potency or effects.

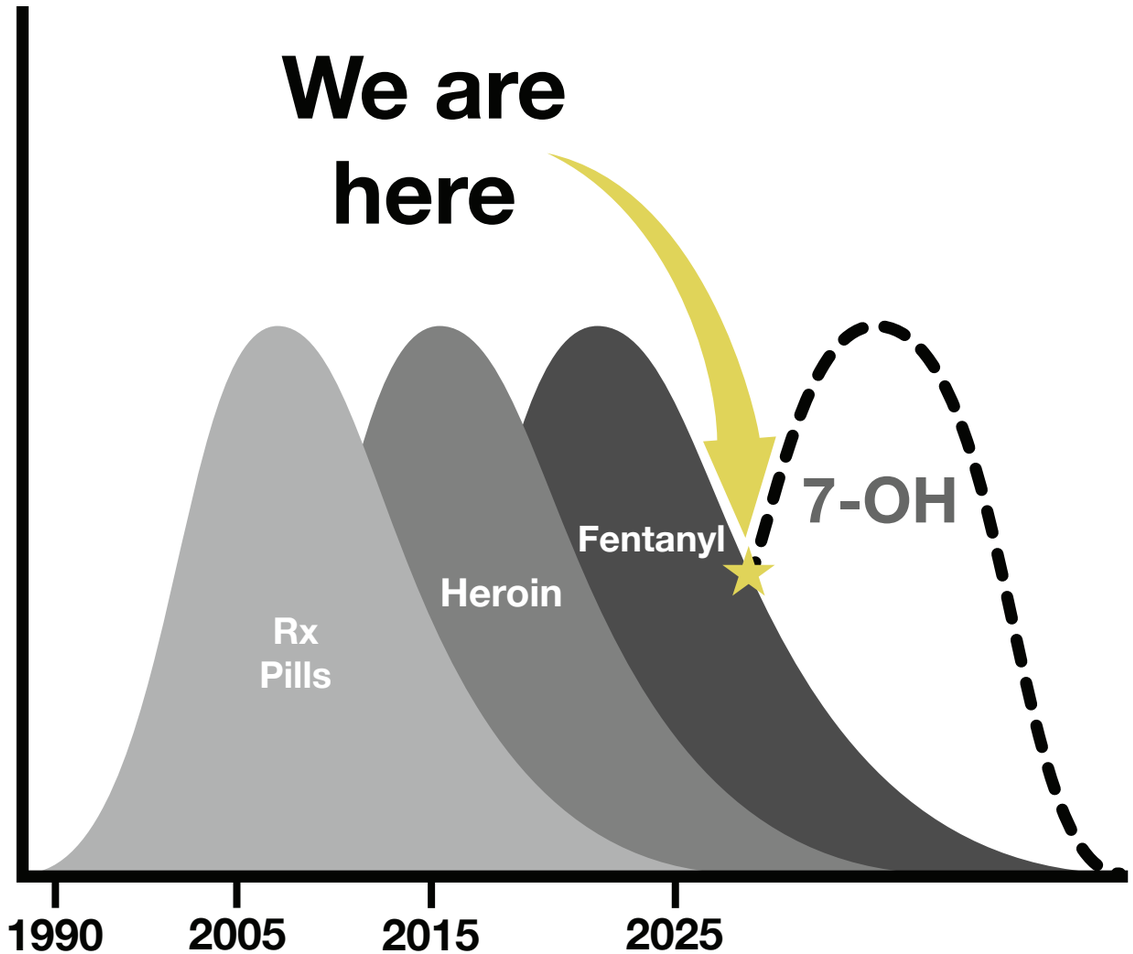
As someone who has nine years of sobriety and an active member of my recovery community, I find it deeply concerning that a compound with known opioid activity is being normalized through casual retail availability.



I respectfully urge the Board to move forward with scheduling 7-hydroxymitragynine as a Schedule I substance in Nevada as a necessary and appropriate step to protect public health and safety for all Nevadans.

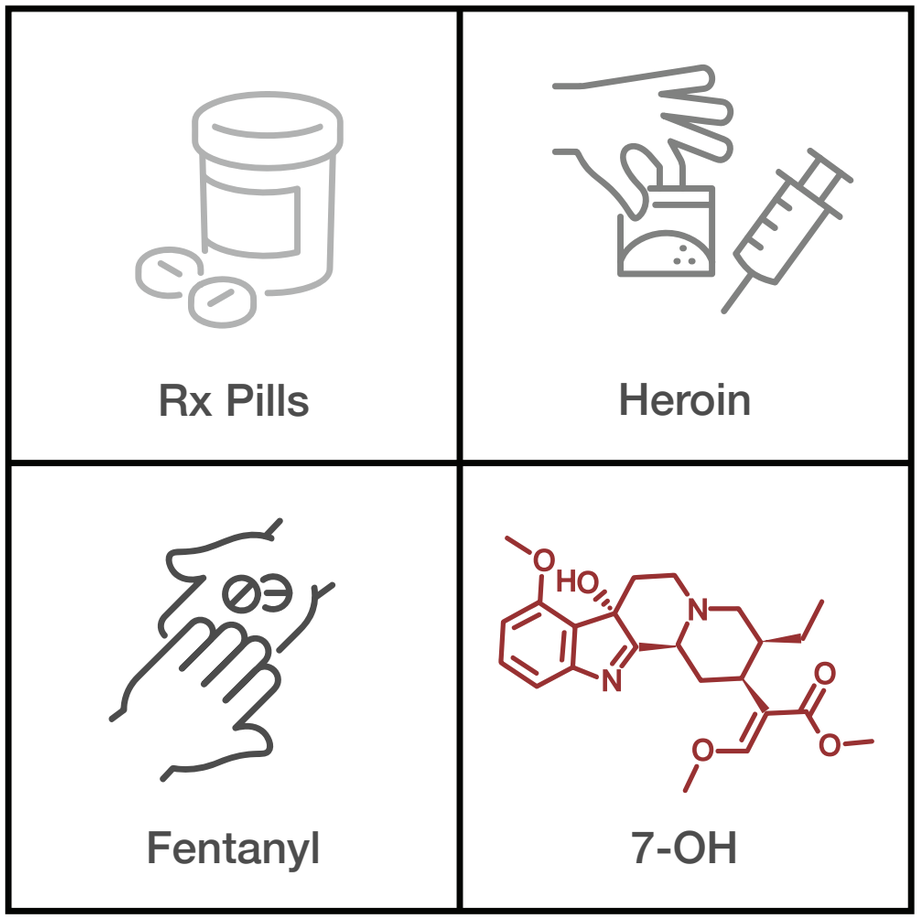
Respectfully,

Tess Souray
Las Vegas, NV 89148



Preventing The Next Wave of the Opioid Epidemic:

What You Need to Know About 7-OH



5317

The Opioid Epidemic is Evolving with 7-OH. We Can and Must Act Now to Prevent a New Wave.

Note: The next potential phase of the opioid crisis may be defined by the emergence of novel synthetic opioids like 7-OH, combined with an increasing prevalance of concurrent use of opioids and other controlled substances.

7-OH is Engineered to be Addictive. It is a Potent Opioid by Design.

7-OH (formally known as 7-Hydroxymitragynine) is a powerful psychoactive compound that occurs naturally in very small amounts in the Kratom plant.

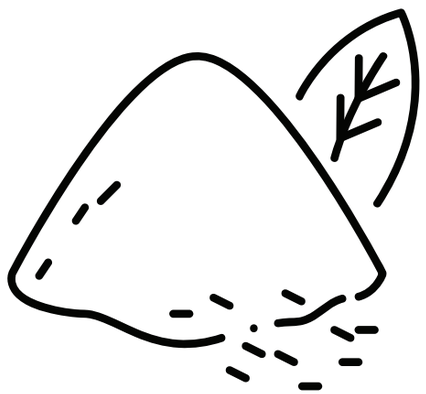
7-OH products are concentrated derivatives often falsely marketed as Kratom.

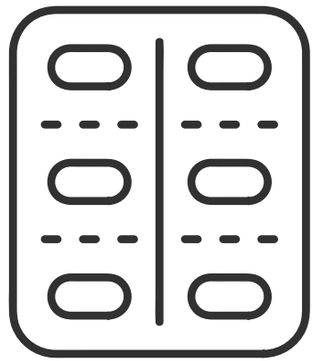
Street names include 7-Hydroxy, 7-OHMG and ‘7’.

This Opioid is not Prescribed or Purchased on the Street - It's Sold like Candy at Retail Stores and Online.

What began as doctor-prescribed painkillers migrated to back-alley dealers when prescriptions dried up. Opioids have disturbingly gone mainstream with 7-OH—no prescription needed, no dealer required. This dangerous opioid is sitting on store shelves, making gas stations and convenience stores risky places where kids can purchase these drugs as easily as buying candy.

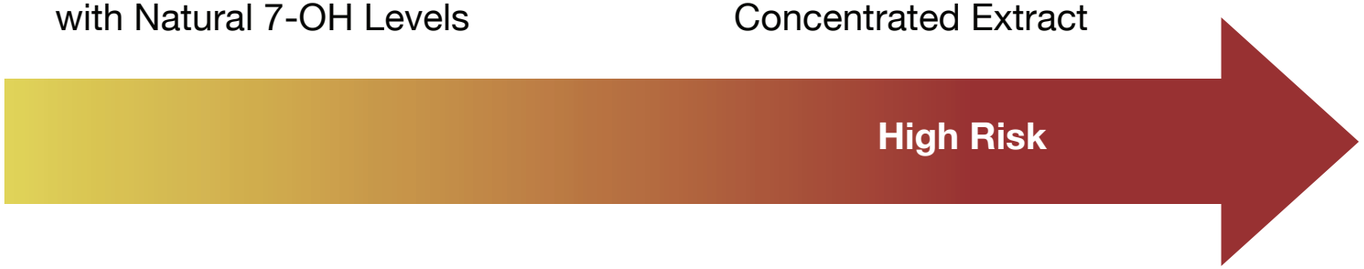
Hiding in Plain Sight: 7-OH Products are Designed to Look Like Everyday Treats Like Gummies, Candies and Ice Cream.





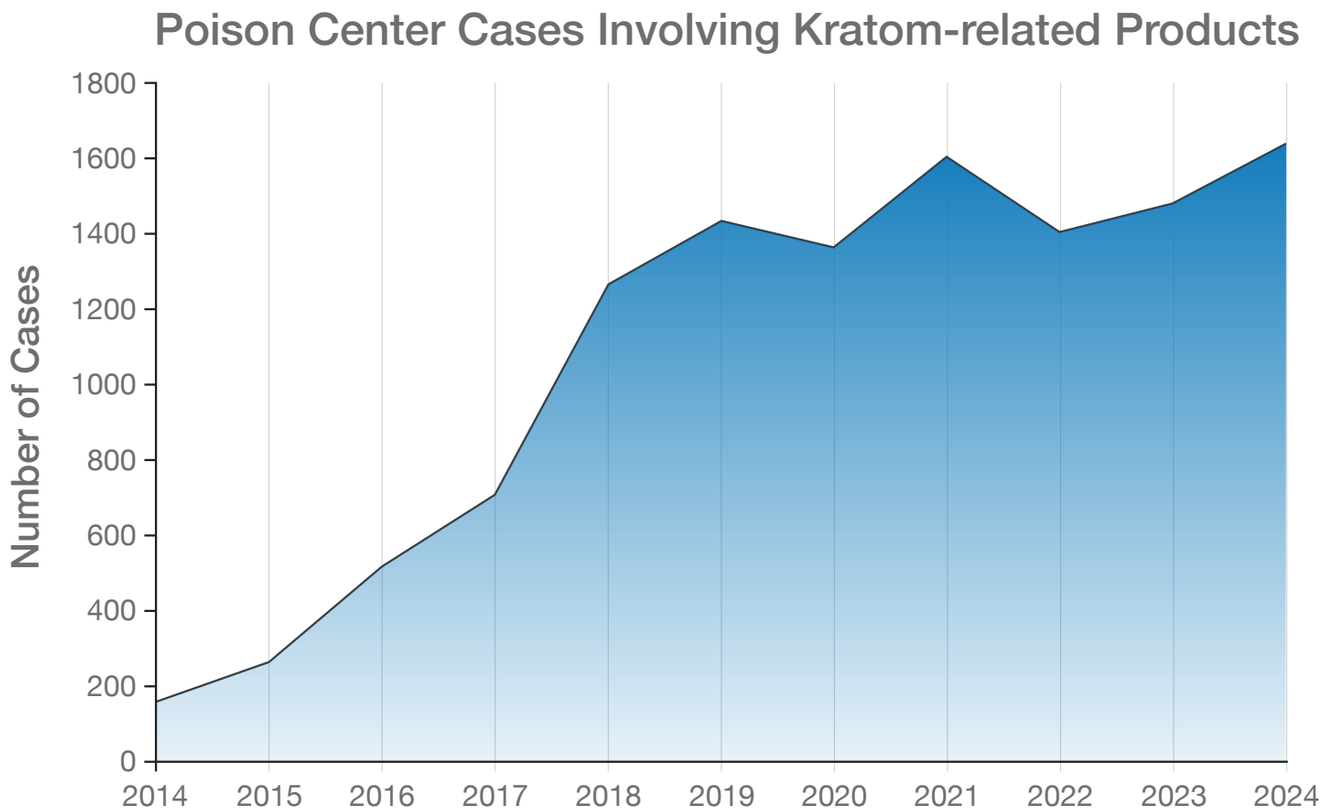
Note: These images are select illustrative examples and do not represent the full scope of 7-OH products on the market. Consumers should read packaging and labels carefully to determine whether a product contains 7-OH.

While Some 7-OH Products are Marketed as Natural Kratom, They are Not the Same. 7-OH Presents Significant Risks.



Crushed/Powdered Leaves with Natural 7-OH Levels

Kratom 7-OH Significantly Concentrated Extract



7-OH is 13x more potent than morphine.

"Enhanced" or "spiked" kratom products may appear to be natural leaf, but actually contain as much as 500% more 7-OH than would be expected naturally.

Poison Control is Sounding the Alarm on 7-OH.

American families are reporting side effects such as dependency, withdrawals, overdose and even death.

In 2025*, approximately 40% of 7-OH reports were among individuals abusing the drug.

Note: Kratom-related products refers to a broad category of botanical kratom products and other kratom-derived products, including an unknown number of 7-OH involved cases; ***a classification code for 7-OH products was added to the National Poison Data System only in February, 2025.***

**Data reflect partial year.*

There is No Safe Swap. 7-OH is an Opioid, Not an Alternative for Approved Treatments.

Kratom-related products, including 7-OH, are not safe or approved treatments for opioid or SSRI (selective serotonin reuptake inhibitors) withdrawal symptoms, chronic pain, or to treat depression, anxiety and other mood disorders.

KRATOM

7-OH

FDA APPROVED THERAPIES

Protect You and Your Family

If you believe someone is experiencing an adverse event from a 7-OH product, contact the Poison Help Line (1-800-222-1222) or visit **www.poisonhelp.org** for help.

If someone is unresponsive, dial **911** immediately!

- Avoid buying any products with 7-OH.
- When buying candy or other treats for you or your family, examine the packaging and label so you don't accidentally buy a treat containing 7-OH.
- Talk to your health care professional if you need help with opioid addiction, anxiety, mood disorders, pain, or other ailments.

“Even better than rolling back a public health crisis would be never having one in the first place: Let’s not allow 7-OH to drive the next wave of the U.S. opioid epidemic.”

– Marty Makary, M.D., M.P.H., FDA Commissioner

Proposed Regulation of the Nevada State Board of Pharmacy

Workshop

April 16th, 2026

Explanation – Language in ***blue italics*** is new; language in ***red text*** [~~*omitted material*~~] is language to be omitted, and language in ***green text*** indicates prior Board-approved amendments that are in the process of being codified.

AUTHORITY: §1, NRS 639.070

A. A REGULATION relating to authorizing the delivery of a commercially manufactured prescription drug product to a practitioner.

Section 1. NAC 639.

a. A prescription for a commercially manufactured prescription drug product, other than a controlled substance, to be dispensed to an ultimate user may be furnished to a practitioner other than a hospital, pharmacy, or other institution.

b. The pharmacy must process the prescription in a manner that is consistent with dispensing to the ultimate user.

c. The pharmacy must obtain written permission from the patient to send the medication directly to the practitioner.

d. Before furnishing the commercially manufactured prescription drug product to be administered to an ultimate user to a practitioner, the pharmacy must:

1. Ensure the practitioner is licensed as required by both State and Federal Law to possess the medication.

2. Obtain written acknowledgement from the practitioner that the practitioner agrees to comply with subparagraphs i through iv of subsection d.

d. The practitioner who receives the furnished commercially manufactured prescription drug product to be administered to the ultimate user shall:

i. Comply with all State and Federal Laws regarding the handling of the medication.

ii. Store the medication separately from the practitioner's stock of medication.

iii. Administered the medication to only the patient named on the prescription not later than 30 days after the receipt of the medication. If the medication is not administered within 30 days, it must be destroyed or donated in compliance with NRS 453B.

iv. Maintain records of the administration or the destruction of the prescription drug.

e. The pharmacy must maintain records of the prescriptions drug furnished to a practitioner.

Reference.

NAC 639.6631 "Drug product" defined. (NRS 639.070) "Drug product" means a commercially manufactured drug or nutrient that has been evaluated for safety and efficacy by the Food and Drug Administration.
(Added to NAC by Bd. of Pharmacy by R035-06, eff. 9-18-2008)

Draft

NRS 639.0125 "Practitioner" defined. "Practitioner" means:

1. A physician, dentist, veterinarian or podiatric physician who holds a license to practice his or her profession in this State;

2. A hospital, pharmacy or other institution licensed, registered or otherwise permitted to distribute, dispense, conduct research with respect to or administer drugs in the course of professional practice or research in this State;

3. An advanced practice registered nurse who has been authorized to prescribe controlled substances, poisons, dangerous drugs and devices;

4. A physician assistant who:

(a) Holds a license issued by the Board of Medical Examiners; and

(b) Is authorized by the Board to possess, administer, prescribe or dispense controlled substances, poisons, dangerous drugs or devices under the supervision of a physician as required by chapter 630 of NRS;

5. A physician assistant who:

(a) Holds a license issued by the State Board of Osteopathic Medicine; and

(b) Is authorized by the Board to possess, administer, prescribe or dispense controlled substances, poisons, dangerous drugs or devices under the supervision of an osteopathic physician as required by chapter 633 of NRS;

6. An optometrist who is certified by the Nevada State Board of Optometry to prescribe and administer pharmaceutical agents pursuant to NRS 636.288, when the optometrist prescribes or administers pharmaceutical agents within the scope of his or her certification;

7. A dental hygienist who:

(a) Holds a valid license to practice dental hygiene in this State;

(b) Is authorized to prescribe and dispense the dangerous drugs and devices listed in NRS 631.3105 in accordance with the provisions of that section and the regulations adopted pursuant thereto; and

(c) Holds a certificate issued pursuant to NRS 639.1374 by the State Board of Pharmacy authorizing him or her to so prescribe;

8. A pharmacist who is registered pursuant to NRS 639.28079 to prescribe and dispense drugs for medication-assisted treatment; or

9. A certified registered nurse anesthetist who orders, prescribes, possesses or administers controlled substances, poisons, dangerous drugs or devices in accordance with NRS 632.2397.

(Added to NRS by 1979, 1696; A 1985, 876; 1989, 1121; 1991, 791; 1993, 2224; 1995, 1711; 1997, 687; 2001, 408, 775, 1631, 1635; 2007, 1844; 2013, 2077; 2019, 3656; 2023, 1446, 2368, 3429)

Reno, NV 89521

Posted: March 17, 2026

NOTICE OF INTENT TO ACT UPON A REGULATION

Notice of Hearing for the Adoption and Amendment of
Regulations of the Nevada State Board of Pharmacy

The Nevada State Board of Pharmacy will hold a Public Hearing at 9:00 a.m. on Thursday, April 16, 2026.

Pursuant to NRS 241.023(1)(c) the meeting is being conducted by means of remote technology. The public may attend the meeting via live stream remotely or at the following location:

Hyatt Place
1790 E Plumb Lane
Reno, NV

Via Videoconference at Zoom: https://zoom.us/j/5886256671
or
Via Teleconference at 1 (669) 900-6833
Meeting ID: 588 625 6671

The purpose of the hearing is to receive comments from all interested persons regarding the adoption and amendment of regulations that pertain to Chapter 639 and/or 453 of the Nevada Administrative Code.

The following information is provided pursuant to the requirements of NRS 233B.060:

A REGULATION relating to the authority of a homeopathic physician who is not licensed as an allopathic or osteopathic physician in Nevada to possess, administer, prescribe and dispense controlled substances and dangerous drugs; and providing other matters properly relating thereto. (LCB FILE NO. R106-25)

1. The need for and the purpose of the proposed regulation or amendment.

This regulation is necessary to clearly define and appropriately limit the authority of homeopathic physicians who are not licensed as allopathic or osteopathic physicians in Nevada to handle controlled substances and dangerous drugs, ensuring public safety and regulatory consistency.

2. Either the terms or the substance of the regulations to be adopted and amended.

A copy of the proposed regulation is attached to this notice.

3. The estimated economic effect of the regulation on the business which it is to regulate and on the public:

(a) Both adverse and beneficial effects.

There should be no economic impact from this regulation amendment on the regulated entities or on the public. The regulation amendment will have a beneficial effect on the regulated entities and on the public by enhancing public safety by ensuring that only appropriately qualified practitioners may handle controlled substances and dangerous drugs within the scope of homeopathic practice.

(b) Both immediate and long-term effects.

Both the immediate and long-term economic effects on regulated entities and on the public will be beneficial by ensuring that only appropriately qualified practitioners may handle controlled substances and dangerous drugs within the scope of homeopathic practice.

4. The estimated cost to the agency for enforcement of the proposed regulation.

The cost to the Board for enforcement of the proposed regulation cannot be determined at this time since it will be dependent upon the number of applicants for registration/licensure.

5. A description of and citation to any regulations of other state or local governmental agencies which the proposed regulation overlaps or duplicates and a statement explaining why the duplication or overlapping is necessary. If the proposed regulation overlaps or duplicates a federal regulation, the notice must include the name of the regulating federal agency.

The Board of Pharmacy is not aware of any similar regulations of any

other state or local governmental agency that the proposed regulation amendment overlaps or duplicates.

6. If the regulation is required pursuant to federal law, a citation and description of the federal law.

The regulation is not required by federal law.

7. If the regulation includes provisions which are more stringent than a federal regulation that regulates the same activity, a summary of such provisions.

The Board of Pharmacy is not aware of any similar federal regulation of the same activity in which the state regulation is more stringent.

8. Whether the proposed regulation establishes a new fee or increases an existing fee.

This regulation does not provide a new or increase of fees.

Persons wishing to comment upon the proposed action of the Board may appear at the scheduled public hearing or may address their comments, data, views, or arguments, in written form, to the Board at teambc@pharmacy.nv.gov or to the Nevada State Board of Pharmacy, 985 Damonte Ranch Parkway, Suite 206 – Reno, NV 89521. Written submissions must be received by the Board on or before April 16, 2026. If no person who is directly affected by the proposed action appears to request time to make an oral presentation, the Board may proceed immediately to act upon any written submissions.

Members of the public who are disabled and require special accommodations or assistance at the meeting are requested to notify the Nevada State Board of Pharmacy in writing at 985 Damonte Ranch Pkwy., #206, Reno, Nevada 89521, or by calling (775) 850-1440. Please notify us at least one (1) week prior to the scheduled meeting date to allow time to secure any necessary equipment or provisions prior to the meeting.

This notice and the text of the proposed regulation are also available in the State of Nevada Register of Administrative Regulations which is prepared and published monthly by the Legislative Counsel Bureau pursuant to NRS 233B.0653, and on the Internet at http://www.leg.state.nv.us. Copies of this notice and the proposed regulation will also be mailed to members of the public upon request.

Pursuant to NRS 233B.064(1), upon adoption of any regulation, the Board, if requested to do so by an interested person, either before adoption or within 30 days thereafter, will issue a concise statement of the principal reasons for and against its adoption, and incorporate therein its reason for overruling the consideration urged against its adoption.

This notice of hearing has been posted at:

PROPOSED REGULATION OF THE

STATE BOARD OF PHARMACY

LCB File No. R106-25

January 21, 2026

EXPLANATION – Matter in ***italics*** is new; matter in brackets **[**~~omitted material~~**]** is material to be omitted.

AUTHORITY: § 1, NRS 453.221, 454.371 and 639.070.

A REGULATION relating to pharmacy; prohibiting a pharmacist or dispensing practitioner from dispensing a controlled substance or dangerous drug pursuant to a prescription issued by certain homeopathic physicians except under certain circumstances; prohibiting certain homeopathic physicians from possessing, administering, prescribing or dispensing a controlled substance or dangerous drug except under certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes the State Board of Pharmacy to adopt regulations: (1) relating to the registration and control of the dispensing of controlled substances within this State; (2) limiting or restricting the furnishing or dispensing of any drug which the Board finds to be dangerous to the public health or safety; and (3) governing the practice of pharmacy. (NRS 453.221, 454.371, 639.070)

This regulation adopts by reference the *Homeopathic Pharmacopoeia of the United States* published by the Homeopathic Pharmacopeia Convention of the United States. This regulation prohibits a pharmacist or dispensing practitioner from dispensing a controlled substance or dangerous drug pursuant to a prescription issued by a homeopathic physician who is not licensed in this State as an allopathic physician or osteopathic physician or otherwise authorized by the Board to prescribe a controlled substance or a dangerous drug, as applicable, except in dosages authorized by the *Homeopathic Pharmacopoeia*. This regulation also prohibits: (1) a homeopathic physician who is registered by the Board to possess, dispense or conduct research with controlled substances but who is not licensed in this State as an allopathic physician or osteopathic physician or otherwise authorized by the Board to possess, administer, prescribe and dispense controlled substances from possessing, administering, prescribing or dispensing controlled substances except in conformance with the practice of homeopathic medicine and in the dosages authorized by the *Homeopathic Pharmacopoeia*; and (2) a homeopathic physician who is not licensed in this State as an allopathic physician or osteopathic physician or otherwise authorized by the Board to possess, administer, prescribe and dispense dangerous drugs from possessing, administering, prescribing or dispensing dangerous drugs except in conformance with the practice of homeopathic medicine and in the dosages authorized by the *Homeopathic Pharmacopoeia*.

Section 1. Chapter 639 of NAC is hereby amended by adding thereto a new section to read as follows:

1. The Board hereby adopts by reference the Homeopathic Pharmacopoeia of the United States, published by the Homeopathic Pharmacopeia Convention of the United States. A copy of this publication may be obtained at the Internet address https://www.hpus.com/become-a-subscriber/ through an online subscription for the price of $2,000.

2. The Board will periodically review the publication adopted by reference pursuant to subsection 1 and determine within 120 days after the review whether any change made to those standards or publications is appropriate for application in this State. If the Board does not disapprove a change to that publication within 120 days after the review, the change is deemed to be approved by the Board.

3. A pharmacist or dispensing practitioner shall not dispense a controlled substance or a dangerous drug pursuant to a prescription issued by a homeopathic physician who is not licensed in this State as an allopathic physician or osteopathic physician or otherwise authorized by the Board to prescribe a controlled substance or dangerous drug, as applicable, except in dosages authorized by the Homeopathic Pharmacopoeia of the United States.

4. A homeopathic physician who is registered pursuant to subsection 1 of NRS 453.226 but is not licensed in this State as an allopathic physician or osteopathic physician or otherwise authorized by the Board to possess, administer, prescribe and dispense controlled substances may not possess, administer, prescribe or dispense controlled substances except in conformance with the practice of homeopathic medicine and in the dosages authorized by the Homeopathic Pharmacopoeia of the United States.

5. A homeopathic physician who is not licensed in this State as an allopathic physician or osteopathic physician or otherwise authorized by the Board to possess, administer, prescribe and dispense controlled substances may not possess, administer, prescribe or dispense dangerous drugs except in conformance with the practice of homeopathic medicine and in the dosages authorized by the Homeopathic Pharmacopoeia of the United States.

6. As used in this section:

(a) "Allopathic physician" means a person who is licensed to practice medicine pursuant to chapter 630 of NRS.

(b) "Homeopathic medicine" has the meaning ascribed to it in NRS 630A.040.

(c) "Homeopathic physician" has the meaning ascribed to it in NRS 630A.050.

(d) "Osteopathic physician" has the meaning ascribed to it in NRS 633.091.

Proposed Regulation of the Nevada State Board of Pharmacy

Workshop – December 4, 2025

Explanation – Language in ***blue italics*** is new; language in ***red text*** [~~*omitted material*~~] is language to be omitted, and language in ***green text*** indicates prior Board-approved amendments that are in the process of being codified.

AUTHORITY: NRS 453.221, NRS 454.371, NRS 639.070, NRS 639.0727

A REGULATION relating to the authority of a homeopathic physician who is not licensed as an allopathic or osteopathic physician in Nevada, or otherwise authorized by the Board to possess, administer, prescribe and dispense controlled substances and dangerous drugs; and providing other matters properly relating thereto.

Section 1. Chapter 639 of NAC is hereby amended by adding thereto a new section to read as follows:

1. A homeopathic physician who is not licensed as an allopathic or osteopathic physician in Nevada, or otherwise authorized by the Board to possess, administer, prescribe and dispense dangerous drugs, may only possess, administer, prescribe and dispense dangerous drugs in conformance with homeopathic pharmacology as defined in NRS 630A.040 and in the dosages permitted in the Homeopathic Pharmacopoeia of the United States.

2. A homeopathic physician registered pursuant to NRS 453.226(1) who is not licensed as an allopathic or osteopathic physician in Nevada, or otherwise authorized by the Board to possess, administer, prescribe and dispense controlled substances, may only possess, administer, prescribe and dispense controlled substances in conformance with homeopathic pharmacology as defined in NRS 630A.040 and in the dosages permitted in the Homeopathic Pharmacopoeia of the United States.

3. The Board hereby adopts by reference the Homeopathic Pharmacopoeia of the United States, promulgated by the Homeopathic Pharmacopoeia Convention of the United States.

3. As used in this section:

(a) "Homeopathic physician" has the meaning ascribed to it in NRS 630A.050.

(b) "Allopathic physician" means a person licensed to practice medicine pursuant to NRS 630.160.

DRAFT

(c) "Osteopathic physician" has the meaning ascribed to it in NRS 633.091.

Section 2. Chapter 639 of NAC is hereby amended by adding thereto a new section to read as follows:

A pharmacist or dispensing practitioner shall not fill a prescription or dispense a dangerous drug or a controlled substance pursuant to a prescription issued by a homeopathic physician who is not licensed as an allopathic or osteopathic physician, or otherwise authorized by the Board to prescribe, except in dosages permitted in the Homeopathic Pharmacopoeia of the United States.

NOTICE OF INTENT TO ACT UPON A REGULATION

Notice of Hearing for the Adoption and Amendment of
Regulations of the Nevada State Board of Pharmacy

The Nevada State Board of Pharmacy will hold a Public Hearing at 9:00 a.m. on Thursday, April 16, 2026.

Pursuant to NRS 241.023(1)(c) the meeting is being conducted by means of remote technology. The public may attend the meeting via live stream remotely or at the following location:

Hyatt Place
1790 E Plumb Lane
Reno, NV

Via Videoconference at Zoom: https://zoom.us/j/5886256671
or
Via Teleconference at 1 (669) 900-6833
Meeting ID: 588 625 6671

The purpose of the hearing is to receive comments from all interested persons regarding the adoption and amendment of regulations that pertain to Chapter 639 and/or 453 of the Nevada Administrative Code.

The following information is provided pursuant to the requirements of NRS 233B.060:

Amendment to Chapter 639 of the Nevada Administrative Code. The proposed amendments reduce the minimum age to register to become a pharmaceutical technician in training along with modify certain requirements to become a pharmaceutical technician in training. (LCB FILE NO. R010-26)

1. The need for and the purpose of the proposed regulation or amendment.

This change will lower the minimum age and educational requirements for pharmaceutical technicians in training, expanding opportunities for a broader range of applicants.

2. Either the terms or the substance of the regulations to be adopted and amended.

A copy of the proposed regulation is attached to this notice.

3. The estimated economic effect of the regulation on the business which it is to regulate and on the public:

(a) Both adverse and beneficial effects.

There should be no economic impact from this regulation amendment on the regulated entities or on the public. The regulation amendment will have a beneficial effect on the regulated entities and on the public by expanding the workforce, improving service availability, and reducing wait times.

(b) Both immediate and long-term effects.

Both the immediate and long-term economic effects on regulated entities and on the public will be beneficial by expanding the workforce, improving service availability, and reducing wait times.

4. The estimated cost to the agency for enforcement of the proposed regulation.

The cost to the Board for enforcement of the proposed regulation cannot be determined at this time since it will be dependent upon the number of applicants for registration/licensure.

5. A description of and citation to any regulations of other state or local governmental agencies which the proposed regulation overlaps or duplicates and a statement explaining why the duplication or overlapping is necessary. If the proposed regulation overlaps or duplicates a federal regulation, the notice must include the name of the regulating federal agency.

The Board of Pharmacy is not aware of any similar regulations of any other state or local governmental agency that the proposed regulation amendment overlaps or duplicates.

6. If the regulation is required pursuant to federal law, a citation and description of the federal law.

The regulation is not required by federal law.

7. If the regulation includes provisions which are more stringent than a federal regulation that regulates the same activity, a summary of such provisions.

The Board of Pharmacy is not aware of any similar federal regulation of the same activity in which the state regulation is more stringent.

8. Whether the proposed regulation establishes a new fee or increases an existing fee.

This regulation does not provide a new or increase of fees.

Persons wishing to comment upon the proposed action of the Board may appear at the scheduled public hearing or may address their comments, data, views, or arguments, in written form, to the Board at teambc@pharmacy.nv.gov or to the Nevada State Board of Pharmacy, 985 Damonte Ranch Parkway, Suite 206 – Reno, NV 89521. Written submissions must be received by the Board on or before April 16, 2026. If no person who is directly affected by the proposed action appears to request time to make an oral presentation, the Board may proceed immediately to act upon any written submissions.

Members of the public who are disabled and require special accommodations or assistance at the meeting are requested to notify the Nevada State Board of Pharmacy in writing at 985 Damonte Ranch Pkwy., #206, Reno, Nevada 89521, or by calling (775) 850-1440. Please notify us at least one (1) week prior to the scheduled meeting date to allow time to secure any necessary equipment or provisions prior to the meeting.

This notice and the text of the proposed regulation are also available in the State of Nevada Register of Administrative Regulations which is prepared and published monthly by the Legislative Counsel Bureau pursuant to NRS 233B.0653, and on the Internet at http://www.leg.state.nv.us. Copies of this notice and the proposed regulation will also be mailed to members of the public upon request.

Pursuant to NRS 233B.064(1), upon adoption of any regulation, the Board, if requested to do so by an interested person, either before adoption or within 30 days thereafter, will issue a concise statement of the principal reasons for and against its adoption, and incorporate therein its reason for overruling the consideration urged against its adoption.

This notice of hearing has been posted at:

PROPOSED REGULATION OF THE

STATE BOARD OF PHARMACY

LCB File No. R010-26

February 11, 2026

EXPLANATION – Matter in ***italics*** is new; matter in brackets [~~omitted material~~] is material to be omitted.

AUTHORITY: § 1, NRS 639.070 and 639.1371.

A REGULATION relating to pharmaceutical technicians in training; revising provisions governing the registration of pharmaceutical technicians in training; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes the State Board of Pharmacy to adopt regulations necessary for the protection of the public regarding the practice of pharmacy and the lawful performance of its duties. (NRS 639.070) Existing law requires the State Board of Pharmacy to adopt regulations establishing the qualifications for registration as a pharmaceutical technician, including certain training and experience. (NRS 639.1371) Existing law provides for registration as a pharmaceutical technician in training in order for a person to obtain the training and experience required to be a pharmaceutical technician. (NRS 639.0115, 639.1371) Existing regulations establish the qualifications for registration as a pharmaceutical technician in training, which include a minimum age of 18 years and a minimum educational level of graduation from high school or its equivalent. (NAC 639.242) This regulation: (1) reduces the minimum age requirement for an applicant for registration as a pharmaceutical technician in training to 16 years of age; and (2) revises the minimum education level for such registration to include enrollment in a program of instruction leading to graduation from high school or its equivalent.

Section 1. NAC 639.242 is hereby amended to read as follows:

639.242 1. An applicant for registration as a pharmaceutical technician in training must:

(a) Be [~~18~~] ***16*** years of age or older;

(b) Be a high school graduate or the equivalent [~~;~~] ***or enrolled in a program of instruction leading to such;*** and

(c) Participate in training while on the job and acquire experience that is commensurate with the duties of his or her employment.

2. The Board may deny an application for registration as a pharmaceutical technician in training if the applicant has:

(a) Been convicted of any felony or a misdemeanor involving moral turpitude, dishonesty or the unlawful possession, sale or use of drugs; or

(b) A history of drug misuse.

3. A person may perform the duties of a pharmaceutical technician while the person is receiving the training and experience required by paragraph (c) of subsection 1 if he or she is registered with the Board.

4. If the Board does not deny the application pursuant to subsection 2 and determines that the applicant meets the requirements of this chapter and chapter 639 of NRS for registration as a pharmaceutical technician in training, the Board will issue a certificate of registration as a pharmaceutical technician in training to the applicant.

5. Registration as a pharmaceutical technician in training expires on October 31 of each even-numbered year unless renewed before that date.

6. The managing pharmacist of the pharmacy where a pharmaceutical technician in training is employed to receive the training and experience required by paragraph (c) of subsection 1 shall file with the Board a completed form prescribed by the Board certifying:

(a) The number of hours of training and experience the trainee has successfully completed;

(b) The specific training and experience the trainee has completed; and

(c) That the trainee is competent to perform the duties of a pharmaceutical technician.

Proposed Regulation of the Nevada State Board of Pharmacy

Workshop – January 15th, 2026

Explanation – Language in ***blue italics*** is new; language in ***red text*** [~~*omitted material*~~] is language to be omitted, and language in ***green text*** indicates prior Board-approved amendments that are in the process of being codified.

AUTHORITY: NRS 453.162; NRS 453.163; NRS 639.070; NRS 639.23916

A REGULATION relating to the registration of pharmaceutical technician in training and other matters properly relating thereto.

NAC 639.242 Registration of pharmaceutical technician in training; grounds for denial of application for registration; expiration of registration; certification by managing pharmacist. (NRS 639.070, 639.1371)

1. An applicant for registration as a pharmaceutical technician in training must:

(a) Be ~~18~~ *16* years of age or older;

(b) Be a high school graduate or the equivalent or be *enrolled in a high school or equivalent*; and

(c) Participate in training while on the job and acquire experience that is commensurate with the duties of his or her employment.

2. The Board may deny an application for registration as a pharmaceutical technician in training if the applicant has:

(a) Been convicted of any felony or a misdemeanor involving moral turpitude, dishonesty or the unlawful possession, sale or use of drugs; or

(b) A history of drug misuse.

3. A person may perform the duties of a pharmaceutical technician while the person is receiving the training and experience required by paragraph (c) of subsection 1 if he or she is registered with the Board.

4. If the Board does not deny the application pursuant to subsection 2 and determines that the applicant meets the requirements of this chapter and chapter 639 of NRS for registration as a pharmaceutical technician in training, the Board will issue a certificate of registration as a pharmaceutical technician in training to the applicant.

5. Registration as a pharmaceutical technician in training expires on October 31 of each even-numbered year unless renewed before that date.

6. The managing pharmacist of the pharmacy where a pharmaceutical technician in training is employed to receive the training and experience required by paragraph (c) of subsection 1 shall file with the Board a completed form prescribed by the Board certifying:

(a) The number of hours of training and experience the trainee has successfully completed;

(b) The specific training and experience the trainee has completed; and

(c) That the trainee is competent to perform the duties of a pharmaceutical technician.

NEVADA STATE BOARD OF PHARMACY

985 Damonte Ranch Parkway, Suite 206 - Reno, NV 89521 - (775) 850-1440

PHARMACIST - CONTROLLED SUBSTANCE REGISTRATION APPLICATION

Non-Refundable $200 fee

This application cannot be returned by fax or email. An original signature and fee are required to process.

NRS 639.28079 authorizes Nevada licensed pharmacists to apply for a Nevada Controlled Substance (CS) and DEA registration to prescribe and dispense dangerous drugs and certain Schedule III controlled substances (FDA-approved buprenorphine and buprenorphine combination products) for the treatment of Opioid Use Disorder (OUD). A pharmacist who has obtained the required registrations must comply with NRS 639.28079, the regulations promulgated (R059-23AP), and federal law as it pertains to the prescribing and dispensing of dangerous drugs and FDA-approved buprenorphine and buprenorphine combination products for the treatment of OUD, including, but not limited to, completing federally mandated training prior to prescribing. Additional information can be found by reviewing NRS 639, NRS 453, NRS 454, NAC 639, NAC 453, and 21 CFR part 1306.

NRS 453.232 A person who dispenses, prescribes, or administers a controlled substance without being registered by the Nevada State Board of Pharmacy (Board) is guilty of a CATEGORY D FELONY and shall be punished as provided in NRS 193.130.

Medication-assisted treatment – means treatment for an OUD using medication approved by the United States Food and Drug Administration for that purpose.

Please COMPLETE in SEQUENTIAL ORDER the following to obtain a controlled substance registration.

Step 1: Obtain your Nevada Prescription Monitoring Program (PMP) account

A. Visit nevada.pmpaware.net, click “Create an Account”, and follow the instructions on the webpage to complete your registration. For assistance contact the PMP at 775-687-5694 or pmp@pharmacy.nv.gov.
B. If your PMP registration is approved, you will receive an automated email confirmation from "No Reply PMP Aware". It is a system-generated email so it may go into your spam or junk file. Once you receive this email proceed to **Step 2**.

Step 2: Submit your Controlled Substance (CS) Application

A. Complete and mail the application that is **attached** to these instructions to the address indicated above with the required **non-refundable fee** of **$200.00**. Fees can be paid for by credit card, debit card, personal check, cashier’s check, or money order made payable to the **Nevada State Board of Pharmacy**. Credit and debit card payments are charged a **5% processing fee**.
B. If your application is approved, you will receive an email with your CS registration. Proceed to **Step 3**.

Step 3: Obtain your Drug Enforcement Administration (DEA) Registration

NOTE: An active CS registration is required to complete this application.

A. Complete the on-line DEA application at deadiversion.usdoj.gov. If you have a DEA number from another state, and want to transfer that DEA number to Nevada, you will need to complete the DEA Registration Change Requests form.
B. If your application or form is approved by the DEA, you will receive your DEA certificate in the mail.
C. You **MUST** email (pharmacylicensing@pharmacy.nv.gov) or fax (775-850-1444) a copy of your DEA certificate to the Board.

You are NOT AUTHORIZED to prescribe dangerous drugs or FDA-approved buprenorphine and buprenorphine combination products, for the treatment of OUD unless you have an active PMP account, an active CS registration, AND an active DEA registration (in which a copy of the certificate has been provided to the Board).

A CS registration expires OCTOBER 31, OF EVEN NUMBERED YEARS, despite when the registration is issued. You MUST notify the Board in writing of any changes to the location of your practice. NAC 453.280.

PHARMACIST - CONTROLLED SUBSTANCE REGISTRATION APPLICATION

Non-Refundable $200 fee

Approval of this application and obtaining all the required registrations authorizes a pharmacist to prescribe and dispense dangerous drugs and certain Schedule III controlled substances (**FDA-approved buprenorphine and buprenorphine combination products**) for the treatment of OUD.

Section 1: Personal Information

First: _____ Middle: _____ Last: _____

Date of Birth: _____ SSN or ITIN:_____ Sex: ☐ M ☐ F ☐ X

Home Address: _____

City: _____ State: _____ Zip: _____

Telephone: _____ Email: _____

NV Pharmacist Registration #: _____

Section 2: Practice Information (A practice address is required for processing of your application.) Where will you be prescribing controlled substances and dangerous drugs for medication-assisted treatment?

Practice Name (if any): _____ Pharmacy license # (if applicable): _____

Practice Address: _____ Suite #: _____

City: _____ State: _____ Zip: _____

Telephone: _____ Fax: _____ Email: _____

Section 3: Military Service (NRS 622.120)	Yes	No
1. Have you ever served on active duty in the Armed Forces of the United States and separated from such service under conditions other than dishonorable? (Mark "Yes" if discharged honorably.)		
2. Have you ever been assigned to duty for a minimum of 6 continuous years in the National Guard or a reserve component of the Armed Forces of the United States and separated from such service under conditions other than dishonorable? (Mark "Yes" if discharged honorably.)		
3. Have you ever served the Commissioned Corps of the United States Public Health Service or the Commissioned Corps of the National Oceanic and Atmospheric Administration of the United States in the capacity of a commissioned officer while on active duty in defense of the United States and separated from such service under conditions other than dishonorable? (Mark "Yes" if discharged honorably.)		

Section 4: Federally Mandated Requirement (NRS 425.520, NRS 639.129)	Yes	No
1. Are you the subject of a court order for the support of a child? (If "yes", answer question 2.)		
2. Are you in compliance with the order or the plan approved by the district attorney or other public agency enforcing the order for the repayment of the amount owed pursuant to the order?		

Section 5: Personal and Professional History	Yes	No
1. Have you been diagnosed or treated for any mental illness, including alcohol or substance abuse, or physical condition that would impair your ability to perform the essential functions of your license?		
2. Have you been charged, arrested or convicted of a felony or misdemeanor in <u>any</u> state?		
3. Have you been the subject of a board citation or an administrative action whether completed or pending in <u>any</u> state?		
4. Has your license been subjected to any discipline for violation of pharmacy or drug laws in <u>any</u> state?		

Please use and make copies of this page (if necessary) to provide information regarding any questions, 1-4, you have marked "YES" to in section 5 of the application. A signed statement of explanation for each event and a copy of all documents that identify the circumstance or contain an order, agreement or other disposition for the event must be provided.

This is in response to Question # _____. Provide all the following *where applicable*:

Date of Event/Arrest	Disposition Date	State	City	County
Case #		**Governing, licensing, Arresting Presiding Body/Agency/Court**		
Reason/Charge				
Plaintiff/Defendant/Claimant/Respondent			**Lawsuit/Arbitration/Bankruptcy**	
Name of Business/Industry/Entity				

Provide explanation below:

_____ _____

Original Signature (electronic, copies or stamps not accepted) Date

Section 6: Acknowledgement and Attestation

I _____ (your name) attest that I have read, understand, and agree to the following **(initial each statement below to indicate you have read, understand, and agree with the following):**

_____ I understand that I am not authorized to prescribe any dangerous drugs or **FDA-approved buprenorphine and buprenorphine combination products** for medication-assisted treatment unless I have an active PMP account, an active CS registration, AND an active DEA registration (in which a copy of the certificate has been provided to the Board).

_____ I understand that by obtaining a CS registration to prescribe dangerous drugs and **FDA-approved buprenorphine and buprenorphine combination products** for medication-assisted treatment, I now fall under the definition of "practitioner" in NRS 453.126, NRS 639.0125, and NRS 454.00958 and must comply with all federal and state laws pertaining to the prescribing of dangerous drugs and controlled substances for a "practitioner" in NRS 639, NRS 453, NRS 454, NAC 639, NAC 453, NAC 454, and 21 CFR part 1306.

_____ I understand that, if I am granted a CS registration, I am only permitted to prescribe dangerous drugs and **FDA-approved buprenorphine and buprenorphine combination products** for the treatment of a patient with an OUD. The dangerous drugs and **buprenorphine and buprenorphine combination products** I prescribe must be approved by the United States Food and Drug Administration.

_____ I understand that, if I am granted a CS registration, I am only permitted to ***prescribe*** dangerous drugs and **FDA-approved buprenorphine and buprenorphine combination products** for medication-assisted treatment, and I am ***NOT permitted*** to ***possess, dispense or administer*** medication-assisted treatment unless I work for a Nevada licensed pharmacy and the dispensing and administration of these medications occur in a Nevada licensed pharmacy (certain exclusions apply).

_____ I understand that, if I am granted a CS registration, before counseling and providing information to a patient concerning evidence-based treatment for OUD, including, without limitation, medication-assisted treatment; and prescribing a drug for medication-assisted treatment, I must:

1. Assess the patient to determine whether:
    a. The patient has an OUD; and
    b. Medication-assisted treatment would be appropriate for the patient
2. Document the assessment in the record of the patient.

_____ I understand that, if I am granted a CS registration, before I offer medication-assisted treatment to a patient, I shall establish a documented treatment plan tailored to the needs of the patient. The documented treatment plan must include, without limitation:

1. A procedure for evaluating the progress or success of the treatment with stated objectives, including, without limitation, improved physical or psychosocial function; and
2. Consideration of pertinent medical history, previous medical records and physical examination and the need for further testing, consultations, referrals, or the use of other treatment modalities.

I further understand that I may only provide medication-assisted treatment in accordance with the documented treatment plan established.

_____ I understand that, if I am granted a CS registration, and provide medication-assisted treatment to a patient, I shall document and conduct periodic reviews of the care of the patient. The periodic reviews must be conducted at reasonable intervals in consideration of the individual circumstances of the patient and include, without limitation:

1. Consideration of the individual circumstances of the patient;
2. Any progress in reaching the objectives of the treatment; and
3. Consideration of the treatment prescribed, ordered, or administered, as well as any new information about the etiology of the OUD of the patient.

_____ I understand that, if I am granted a CS registration, and provide medication-assisted treatment to a patient, I shall maintain complete and accurate records of the medication-assisted treatment provided to a patient, including, without limitation, any records required pursuant to chapter 639 of NRS and the regulations adopted pursuant thereto. I must make all records maintained available for review upon request of the Board.

_____ I attest I have completed the federally required training to prescribe controlled substances and dangerous drugs for medication-assisted treatment.

I certify under penalty of perjury that the information contained in this application is accurate, true and complete in all material respects. I understand that making any false representation in this application is a crime under NRS 639.281. I understand that, pursuant to NRS 239.010, this entire application and any portion thereof is a public record unless otherwise declared confidential by law, and will be considered by the Nevada State Board of Pharmacy at a public meeting pursuant to NRS 241.020. In the event this application is approved I agree to comply with all applicable federal and state statutes and regulations governing this license or registration and understand that any violation may result in discipline.
